

1
00:00:04,190 --> 00:00:01,309
foreign

2
00:00:06,010 --> 00:00:04,200
this is David Marler UFO researcher and

3
00:00:09,890 --> 00:00:06,020
you're listening to that UFO podcast

4
00:00:12,290 --> 00:00:09,900
[Music]

5
00:00:14,629 --> 00:00:12,300
hi everyone and welcome back to that UFO

6
00:00:17,330 --> 00:00:14,639
podcast my name is Andy and we're into

7
00:00:19,730 --> 00:00:17,340
the breakdown part 2 or grush Hour part

8
00:00:20,870 --> 00:00:19,740
two as I'm affectionately calling this

9
00:00:23,929 --> 00:00:20,880
yeah

10
00:00:25,250 --> 00:00:23,939
um Dan welcome for this part I am going

11
00:00:28,370 --> 00:00:25,260
to sound like I'm all over the place

12
00:00:30,170 --> 00:00:28,380
here because it's incredibly hot the UK

13
00:00:34,130 --> 00:00:30,180

is in the midst of the worst Heat Wave

14

00:00:36,530 --> 00:00:34,140

since the last one and yeah yeah since

15

00:00:39,290 --> 00:00:36,540

the last Heatwave we had it's uh 25

16

00:00:40,790 --> 00:00:39,300

degrees but in the shed I think I'm not

17

00:00:43,190 --> 00:00:40,800

exaggerating when I say it's closer at

18

00:00:45,470 --> 00:00:43,200

35 probably

19

00:00:47,690 --> 00:00:45,480

um I have for the YouTube viewers hi a

20

00:00:49,850 --> 00:00:47,700

frozen bottle of water down my back and

21

00:00:51,410 --> 00:00:49,860

I won't scar you with it but I have a

22

00:00:53,270 --> 00:00:51,420

hot water bottle filled with cold water

23

00:00:55,010 --> 00:00:53,280

which has been partially frozen up my

24

00:00:57,770 --> 00:00:55,020

t-shirt so there is there for YouTube

25

00:00:59,869 --> 00:00:57,780

viewers if I sound a bit rambly it's

26

00:01:01,850 --> 00:00:59,879

just the Heat and lack of oxygen so yeah

27

00:01:03,470 --> 00:01:01,860

this is the big books from the podcast

28

00:01:06,050 --> 00:01:03,480

giving you like good aircon and stuff

29

00:01:08,450 --> 00:01:06,060

right 100 I may have to invest in an air

30

00:01:12,850 --> 00:01:08,460

conditioning unit folks yeah so um I'm

31

00:01:16,969 --> 00:01:14,750

they're very loud

32

00:01:19,130 --> 00:01:16,979

yeah oh yeah I worry that if I plugged

33

00:01:21,350 --> 00:01:19,140

one in I don't have a Mains unit in this

34

00:01:23,210 --> 00:01:21,360

room either it's a uh extension from the

35

00:01:25,850 --> 00:01:23,220

house so it might blow up

36

00:01:27,350 --> 00:01:25,860

um yeah and yeah so it would be very

37

00:01:29,630 --> 00:01:27,360

useful though because it's incredibly

38

00:01:31,249 --> 00:01:29,640

warm but anyway for the couple of weeks

39

00:01:32,749 --> 00:01:31,259

of the year that it's too hot it then

40

00:01:33,710 --> 00:01:32,759

gets too cold and people are seeing

41

00:01:35,270 --> 00:01:33,720

they've got hot water bottles and

42

00:01:37,249 --> 00:01:35,280

everything so here we are

43

00:01:40,370 --> 00:01:37,259

um breaking news first hot off the press

44

00:01:42,530 --> 00:01:40,380

as we talk no pun intended Avila web

45

00:01:44,270 --> 00:01:42,540

done you've just seen uh and the Galileo

46

00:01:47,569 --> 00:01:44,280

project which I've just realized sounds

47

00:01:49,429 --> 00:01:47,579

like an incredible 80s synth band and

48

00:01:51,889 --> 00:01:49,439

the Galileo project Brian Cox can play

49

00:01:53,510 --> 00:01:51,899

keyboard yeah with their Interstellar

50

00:01:55,010 --> 00:01:53,520

dregs

51
00:01:57,050 --> 00:01:55,020
um because they have been dredging the

52
00:01:58,370 --> 00:01:57,060
bottom of the Pacific Ocean and where

53
00:02:00,109 --> 00:01:58,380
they believe they've found the site of

54
00:02:02,090 --> 00:02:00,119
the first Interstellar meteor that was

55
00:02:04,130 --> 00:02:02,100
in the news quite a while ago Avi was

56
00:02:06,850 --> 00:02:04,140
very keen to get a team there to say can

57
00:02:08,930 --> 00:02:06,860
we recover this because if we know this

58
00:02:10,910 --> 00:02:08,940
extraterrestrial object we're not saying

59
00:02:12,830 --> 00:02:10,920
alien although it literally as alien in

60
00:02:14,330 --> 00:02:12,840
that sense yeah and has crashed them

61
00:02:16,309 --> 00:02:14,340
into the ocean has hit there we should

62
00:02:18,410 --> 00:02:16,319
go and get that you know it's got

63
00:02:20,330 --> 00:02:18,420

incredible minerals you know a potential

64

00:02:22,430 --> 00:02:20,340

different properties we should study

65

00:02:24,949 --> 00:02:22,440

from a scientific point of view

66

00:02:27,470 --> 00:02:24,959

um and Avia put on a Blog today the link

67

00:02:30,229 --> 00:02:27,480

will be in the the chat that uh today

68

00:02:32,330 --> 00:02:30,239

and I'll quote Ryan wheat and Jeff Wynn

69

00:02:34,490 --> 00:02:32,340

analyzed in detail this unexpected wire

70

00:02:36,710 --> 00:02:34,500

and concluded that its composition is

71

00:02:38,990 --> 00:02:36,720

anomalous Cooper had a human-made Alloys

72

00:02:41,509 --> 00:02:39,000

for the composition analysis Ryan used

73

00:02:43,850 --> 00:02:41,519

the X-ray fluorescence analyzer uh

74

00:02:46,490 --> 00:02:43,860

manufactured by Brooker who's CEO Frank

75

00:02:49,790 --> 00:02:46,500

lokian is co-founded with me the Galileo

76

00:02:52,430 --> 00:02:49,800

project Ryan concluded that isi 2 which

77

00:02:54,589 --> 00:02:52,440

I think is Interstellar or so is one two

78

00:02:56,809 --> 00:02:54,599

Interstellar one two has two composition

79

00:02:58,430 --> 00:02:56,819

Peaks at magnesium and platinum

80

00:03:00,110 --> 00:02:58,440

yeah I think people have probably

81

00:03:02,390 --> 00:03:00,120

switched off at that point essentially

82

00:03:04,490 --> 00:03:02,400

they found a little wire in the the

83

00:03:06,229 --> 00:03:04,500

dredging of the bottom of the ocean that

84

00:03:09,050 --> 00:03:06,239

they believe is anomalous in the way

85

00:03:11,149 --> 00:03:09,060

it's made up and its properties Dan to

86

00:03:12,470 --> 00:03:11,159

make this very unscientific for the

87

00:03:15,110 --> 00:03:12,480

majority of folks who are listening to

88

00:03:17,089 --> 00:03:15,120

this like me who would understand this

89

00:03:18,229 --> 00:03:17,099

um is reported it's a sample it's a

90

00:03:20,030 --> 00:03:18,239

little bit of something they believe

91

00:03:21,890 --> 00:03:20,040

it's from the meteor it's like a little

92

00:03:24,170 --> 00:03:21,900

wire that's only it's eight millimeters

93

00:03:26,390 --> 00:03:24,180

in in size Etc eight millimeters yeah

94

00:03:29,690 --> 00:03:26,400

pretty small and uh we hear about

95

00:03:32,270 --> 00:03:29,700

isotopic ratios and metals are proper

96

00:03:35,930 --> 00:03:32,280

Metals with various properties recovered

97

00:03:38,030 --> 00:03:35,940

from potential crashed craft you know at

98

00:03:39,410 --> 00:03:38,040

craft and and they're layered in a

99

00:03:41,149 --> 00:03:39,420

certain way that doesn't make sense to

100

00:03:43,130 --> 00:03:41,159

us or it's very hard to do here on Earth

101
00:03:45,289 --> 00:03:43,140
if not impossible

102
00:03:47,690 --> 00:03:45,299
um what what do you see from your second

103
00:03:50,030 --> 00:03:47,700
scientific mindset when you look at this

104
00:03:51,949 --> 00:03:50,040
report from Avi it's really interesting

105
00:03:53,509 --> 00:03:51,959
for one just that you know they're on

106
00:03:55,490 --> 00:03:53,519
site and they're being so transparent

107
00:03:57,350 --> 00:03:55,500
about this already people were worried

108
00:03:59,270 --> 00:03:57,360
about how transparent they are going to

109
00:04:00,649 --> 00:03:59,280
be as a project and in the past week

110
00:04:01,970 --> 00:04:00,659
we've seen they have a Times Square

111
00:04:03,589 --> 00:04:01,980
billboard that they're just going to put

112
00:04:05,390 --> 00:04:03,599
all the results up so this piece has

113
00:04:06,710 --> 00:04:05,400

probably been shown off on there and

114

00:04:08,390 --> 00:04:06,720

they're really coming out swinging after

115

00:04:10,429 --> 00:04:08,400

after Arrow you know is kind of holding

116

00:04:11,750 --> 00:04:10,439

its card close to his chest Galilei was

117

00:04:13,070 --> 00:04:11,760

kind of going hey this is what we found

118

00:04:15,589 --> 00:04:13,080

we don't know where it is yet but here

119

00:04:17,090 --> 00:04:15,599

it is you know Workforce coming it's

120

00:04:19,550 --> 00:04:17,100

going to be amazing seeing the analysis

121

00:04:21,890 --> 00:04:19,560

of stuff like this because Abby his idea

122

00:04:24,350 --> 00:04:21,900

was that these objects from outside of

123

00:04:26,150 --> 00:04:24,360

our solar system could very well be you

124

00:04:28,550 --> 00:04:26,160

know derelict machines or technology

125

00:04:29,810 --> 00:04:28,560

From Another World so it's really

126

00:04:31,670 --> 00:04:29,820

intriguing that they found a wire

127

00:04:33,710 --> 00:04:31,680

because that's you know in one way

128

00:04:35,330 --> 00:04:33,720

that's a very human construct right we

129

00:04:37,550 --> 00:04:35,340

would expect that that to be a human piece of

130

00:04:39,590 --> 00:04:37,560

technology but again we don't know what

131

00:04:41,150 --> 00:04:39,600

a UFO is going to look like inside and

132

00:04:43,790 --> 00:04:41,160

that's what we do we kind of have to

133

00:04:45,110 --> 00:04:43,800

take these things seriously what they're

134

00:04:47,270 --> 00:04:45,120

doing is essentially dragging a big

135

00:04:50,270 --> 00:04:47,280

Magna across the ocean floor then

136

00:04:52,730 --> 00:04:50,280

meteorite is magnetic so it should stick

137

00:04:55,430 --> 00:04:52,740

to the plate that's the idea but instead

138

00:04:56,749 --> 00:04:55,440

of you know the bits of rocks and stuff

139

00:04:58,670 --> 00:04:56,759

like that they've dragged up this bit of

140

00:05:00,409 --> 00:04:58,680

wire so it's really intriguing there

141

00:05:02,090 --> 00:05:00,419

could be something down there right we

142

00:05:03,830 --> 00:05:02,100

could essentially

143

00:05:05,810 --> 00:05:03,840

probably get another show like

144

00:05:07,909 --> 00:05:05,820

Skinwalker Ranch out of this if they if

145

00:05:09,650 --> 00:05:07,919

they were you know so fit but I I would

146

00:05:11,270 --> 00:05:09,660

hope for like a you know a one hour

147

00:05:12,770 --> 00:05:11,280

special kind of detailing everything

148

00:05:14,030 --> 00:05:12,780

that he's doing and really going in

149

00:05:15,890 --> 00:05:14,040

depth I think that would be the way to

150

00:05:17,930 --> 00:05:15,900

go yeah and and just before I go on I

151
00:05:19,670 --> 00:05:17,940
just want to say so I'm currently in

152
00:05:21,230 --> 00:05:19,680
Asheville really near the Brown Mountain

153
00:05:22,430 --> 00:05:21,240
Lights and I had the pleasure of filming

154
00:05:24,230 --> 00:05:22,440
them the other day they were spectacular

155
00:05:25,610 --> 00:05:24,240
I'll show you that video but there were

156
00:05:27,950 --> 00:05:25,620
a few people there that I met but I just

157
00:05:30,110 --> 00:05:27,960
wanted to give a little shout out to

158
00:05:31,670 --> 00:05:30,120
um so firstly chat to Willow Meadow on

159
00:05:33,050 --> 00:05:31,680
the east coast thank you for you know

160
00:05:34,070 --> 00:05:33,060
taking up the mantle of the googly eyes

161
00:05:35,629 --> 00:05:34,080
and sticking them everywhere their

162
00:05:37,850 --> 00:05:35,639
parents hate me now

163
00:05:40,189 --> 00:05:37,860

um and uh Jill and Selena from the Black

164

00:05:42,469 --> 00:05:40,199

Cat report they cover things like uh

165

00:05:44,450 --> 00:05:42,479

historic UFO cases and they do a really

166

00:05:46,070 --> 00:05:44,460

good job of it like lesser known ones so

167

00:05:48,290 --> 00:05:46,080

I'd recommend everyone kind of go go

168

00:05:50,450 --> 00:05:48,300

check those out and also a big shout out

169

00:05:52,070 --> 00:05:50,460

to Elaine who the the elderly lady I met

170

00:05:54,350 --> 00:05:52,080

there who shared her her story about

171

00:05:56,510 --> 00:05:54,360

seeing a saucer an orange glowing saucer

172

00:05:57,710 --> 00:05:56,520

up close about 60 years ago so I just

173

00:05:59,689 --> 00:05:57,720

wanted to say hi

174

00:06:01,430 --> 00:05:59,699

and all of you have contributed to me

175

00:06:03,770 --> 00:06:01,440

feeling much more uncomfortable as the

176

00:06:04,790 --> 00:06:03,780

air flow reduces in the shed so thanks

177

00:06:06,950 --> 00:06:04,800

for that

178

00:06:08,870 --> 00:06:06,960

um hi if you are listening you better be

179

00:06:09,830 --> 00:06:08,880

after they shouted Joe and I'm going to

180

00:06:12,350 --> 00:06:09,840

breathe

181

00:06:14,150 --> 00:06:12,360

um but then on to the beginners then so

182

00:06:15,350 --> 00:06:14,160

um we said last week on the breakdown

183

00:06:17,450 --> 00:06:15,360

and thanks to everyone who listened

184

00:06:18,710 --> 00:06:17,460

viewed shared All That Jazz and I know

185

00:06:20,570 --> 00:06:18,720

there'll be some new folks listening

186

00:06:22,490 --> 00:06:20,580

from a few big BBC interviewers I've

187

00:06:25,129 --> 00:06:22,500

managed to get on last week on radio and

188

00:06:28,370 --> 00:06:25,139

a few people have been in touch so hello

189

00:06:30,770 --> 00:06:28,380

um David grush had his

190

00:06:33,110 --> 00:06:30,780

home not at homecoming Christ that's the

191

00:06:34,870 --> 00:06:33,120

wrong word has has coming out that's

192

00:06:38,150 --> 00:06:34,880

probably also the wrong word

193

00:06:39,770 --> 00:06:38,160

yeah his special yeah but um he made

194

00:06:41,749 --> 00:06:39,780

himself known to the world didn't end

195

00:06:43,189 --> 00:06:41,759

quite a spectacular way through Ross

196

00:06:44,809 --> 00:06:43,199

Colter Leslie Kane Ralph Plumbing

197

00:06:46,670 --> 00:06:44,819

followed the debrief

198

00:06:50,270 --> 00:06:46,680

um and need to know podcast and news

199

00:06:51,830 --> 00:06:50,280

Nation who showed his uh his story we

200

00:06:53,629 --> 00:06:51,840

said at the time we would cover it but

201
00:06:55,790 --> 00:06:53,639
then come back this week and look at

202
00:06:57,409 --> 00:06:55,800
things a few days on from the one hour

203
00:06:58,490 --> 00:06:57,419
special that was going to be filmed on

204
00:07:00,469 --> 00:06:58,500
those Nations so we're going to jump

205
00:07:02,510 --> 00:07:00,479
around some of those comments I wonder

206
00:07:03,950 --> 00:07:02,520
how much has happened yeah yeah it's

207
00:07:05,510 --> 00:07:03,960
been good that we've left it as much as

208
00:07:07,550 --> 00:07:05,520
it's nice to record at the time and I do

209
00:07:09,590 --> 00:07:07,560
like doing that it does give us a kind

210
00:07:11,629 --> 00:07:09,600
of a bit of a view um if I had more time

211
00:07:13,490 --> 00:07:11,639
we would have done this and the one

212
00:07:15,650 --> 00:07:13,500
earlier in the week anyway first thing

213
00:07:17,749 --> 00:07:15,660

to First up um this seven hours of

214

00:07:19,790 --> 00:07:17,759

material that has kind of been floating

215

00:07:21,950 --> 00:07:19,800

about people have heard that Roscoe

216

00:07:24,890 --> 00:07:21,960

third filmed he did film for seven hours

217

00:07:26,809 --> 00:07:24,900

with David grush back in May

218

00:07:28,670 --> 00:07:26,819

um however it's been cleared up it was

219

00:07:31,430 --> 00:07:28,680

two settings like in a three hour and

220

00:07:33,110 --> 00:07:31,440

four hour session much of the sessions

221

00:07:34,909 --> 00:07:33,120

kind of overlapped and they covered the

222

00:07:37,129 --> 00:07:34,919

same things they went back over things

223

00:07:39,170 --> 00:07:37,139

so from what they've said you've had the

224

00:07:41,990 --> 00:07:39,180

one hour special from that material on

225

00:07:44,809 --> 00:07:42,000

those Nation Ross and Bryce from what I

226

00:07:47,749 --> 00:07:44,819

gather from what they said as around 90

227

00:07:50,029 --> 00:07:47,759

minutes to 120 minutes left of footage

228

00:07:52,249 --> 00:07:50,039

that would be worth showing because that

229

00:07:53,870 --> 00:07:52,259

seven hours included posies redoing

230

00:07:55,909 --> 00:07:53,880

things going back over the same story

231

00:07:57,050 --> 00:07:55,919

that was told previously

232

00:07:59,629 --> 00:07:57,060

um that wouldn't be worth showing again

233

00:08:01,430 --> 00:07:59,639

so Ross has said there's going to be

234

00:08:03,950 --> 00:08:01,440

um somewhere they're going to get that

235

00:08:05,089 --> 00:08:03,960

90 minutes to 120 Minutes put out

236

00:08:07,670 --> 00:08:05,099

um I I think they're going to probably

237

00:08:09,950 --> 00:08:07,680

go for a streaming service if not that

238

00:08:11,809 --> 00:08:09,960

um maybe another news partner for it

239

00:08:14,809 --> 00:08:11,819

maybe one of the ones who didn't take up

240

00:08:17,689 --> 00:08:14,819

first option however fair play to news

241

00:08:20,029 --> 00:08:17,699

Nation never had the first one but as a

242

00:08:22,309 --> 00:08:20,039

you know is it fair to give them the

243

00:08:23,210 --> 00:08:22,319

second lot if they wanted it or should

244

00:08:24,830 --> 00:08:23,220

you try and get it on the biggest

245

00:08:27,529 --> 00:08:24,840

platform possible that's that's up to

246

00:08:29,689 --> 00:08:27,539

Ross uh of course along with Bryce who

247

00:08:31,189 --> 00:08:29,699

has taken partner that's kind of the arm

248

00:08:32,329 --> 00:08:31,199

wrestle here as well isn't it like they

249

00:08:34,310 --> 00:08:32,339

could just put her out on the YouTube

250

00:08:36,290 --> 00:08:34,320

channel you know four or hours of

251

00:08:37,909 --> 00:08:36,300

material or whatever but how many people

252

00:08:39,350 --> 00:08:37,919

are going to see that versus getting it

253

00:08:40,909 --> 00:08:39,360

somewhere like the Washington Post or

254

00:08:43,130 --> 00:08:40,919

even news Nation you know like it's such

255

00:08:45,290 --> 00:08:43,140

a good job covering it that you know I I

256

00:08:48,350 --> 00:08:45,300

know it's not mainstream media but they

257

00:08:49,790 --> 00:08:48,360

they covered it in a serious way and I

258

00:08:51,530 --> 00:08:49,800

couldn't fault them so if for us decided

259

00:08:53,030 --> 00:08:51,540

to go with them again hats off to him

260

00:08:55,250 --> 00:08:53,040

you know it's going to get a lot more

261

00:08:57,650 --> 00:08:55,260

views but it's the same as an interview

262

00:08:59,509 --> 00:08:57,660

say Lou Alexander goes to do his first

263

00:09:01,190 --> 00:08:59,519

book interview when it comes out and

264

00:09:03,110 --> 00:09:01,200

everyone's going to be very excited for

265

00:09:04,910 --> 00:09:03,120

it whether they're looking forward to or

266

00:09:06,230 --> 00:09:04,920

ready to bashler or whatever it might

267

00:09:08,150 --> 00:09:06,240

contain

268

00:09:09,889 --> 00:09:08,160

there will be some people who would be

269

00:09:11,269 --> 00:09:09,899

like oh we can't wait to hear them on

270

00:09:12,949 --> 00:09:11,279

your show Andy you should get it first

271

00:09:14,930 --> 00:09:12,959

some folks will want to hear them was

272

00:09:17,810 --> 00:09:14,940

Ross kiltart some folks will want to

273

00:09:19,190 --> 00:09:17,820

hear them you know Kelly Chase but it

274

00:09:21,230 --> 00:09:19,200

makes the most sense that you should

275

00:09:24,350 --> 00:09:21,240

probably go on Joe Rogan because Joe

276

00:09:25,910 --> 00:09:24,360

Rogan has that audience of millions not

277

00:09:27,710 --> 00:09:25,920

tens of thousands not hundreds of

278

00:09:29,870 --> 00:09:27,720

thousands like corbel and nap have as

279

00:09:31,910 --> 00:09:29,880

well big platform go on the one with

280

00:09:33,829 --> 00:09:31,920

Millions get it out there to the masses

281

00:09:35,690 --> 00:09:33,839

in the public first then let the

282

00:09:37,130 --> 00:09:35,700

Specialists kind of dig into the nitty

283

00:09:39,410 --> 00:09:37,140

gritty and speak to people who are more

284

00:09:41,630 --> 00:09:39,420

involved in the topic but yeah I totally

285

00:09:43,430 --> 00:09:41,640

understand why someone like that wants

286

00:09:45,110 --> 00:09:43,440

to get on that big platform first and

287

00:09:47,990 --> 00:09:45,120

can totally respect that and the same

288

00:09:50,269 --> 00:09:48,000

with the David grish conversation why

289

00:09:51,889 --> 00:09:50,279

Leslie Kane and Ralph Blumenthal wanted

290

00:09:53,930 --> 00:09:51,899

this out on the biggest platform

291

00:09:55,790 --> 00:09:53,940

possible and even Ross like he said

292

00:09:57,829 --> 00:09:55,800

himself no disrespect to the debrief

293

00:09:59,930 --> 00:09:57,839

it's a relatively small platform

294

00:10:01,610 --> 00:09:59,940

compared to those bigger news

295

00:10:03,410 --> 00:10:01,620

conglomerates and that's that's just

296

00:10:04,850 --> 00:10:03,420

facts and the deep breath know that

297

00:10:06,650 --> 00:10:04,860

themselves but they've done a hell of a

298

00:10:08,449 --> 00:10:06,660

job and that's a great place to put that

299

00:10:09,889 --> 00:10:08,459

kind of stuff out as well so so well

300

00:10:11,870 --> 00:10:09,899

done to them

301
00:10:14,150 --> 00:10:11,880
um Dan so David grishton is one hour

302
00:10:16,250 --> 00:10:14,160
interview with Ross kiltart and what

303
00:10:18,769 --> 00:10:16,260
were your overall thoughts

304
00:10:20,570 --> 00:10:18,779
I mean it was essentially an extended

305
00:10:22,190 --> 00:10:20,580
version of what we'd seen previously

306
00:10:24,110 --> 00:10:22,200
right like a little one you want so you

307
00:10:25,670 --> 00:10:24,120
got to see David kind of and his body

308
00:10:27,230 --> 00:10:25,680
language and kind of what he was saying

309
00:10:28,850 --> 00:10:27,240
and a lot of people have taken different

310
00:10:30,230 --> 00:10:28,860
things from how he was

311
00:10:32,090 --> 00:10:30,240
um but we gotta remember that this is

312
00:10:33,769 --> 00:10:32,100
this is a person that dedicated their

313
00:10:36,710 --> 00:10:33,779

lives being a patriot so holding that

314

00:10:38,389 --> 00:10:36,720

line and so keeping that information you

315

00:10:40,670 --> 00:10:38,399

know within the bounds of what the

316

00:10:42,050 --> 00:10:40,680

government set out and David's done a

317

00:10:43,610 --> 00:10:42,060

really good job in terms of following

318

00:10:45,710 --> 00:10:43,620

the tracks and balances that were set

319

00:10:47,210 --> 00:10:45,720

out and it seems to have gotten to a

320

00:10:49,370 --> 00:10:47,220

point where like you said in the

321

00:10:50,750 --> 00:10:49,380

interview somebody leaked his name and

322

00:10:52,190 --> 00:10:50,760

that's why he had to come out as quickly

323

00:10:54,889 --> 00:10:52,200

as possible because he wanted to get in

324

00:10:56,210 --> 00:10:54,899

front of it so all of these things kind

325

00:10:57,590 --> 00:10:56,220

of happening around the same time have

326

00:10:59,990 --> 00:10:57,600

been really interesting you know very

327

00:11:01,550 --> 00:11:00,000

very serendipitous but some of the

328

00:11:04,310 --> 00:11:01,560

things that he was saying like for me

329

00:11:06,110 --> 00:11:04,320

the the biggest takeaway was that you

330

00:11:07,370 --> 00:11:06,120

know people have testified to Congress

331

00:11:08,750 --> 00:11:07,380

and this is backed up with some

332

00:11:10,970 --> 00:11:08,760

statements that officials have come out

333

00:11:14,150 --> 00:11:10,980

this week

334

00:11:15,829 --> 00:11:14,160

he had Direct Witnesses and evidence to

335

00:11:17,449 --> 00:11:15,839

pass them like paperwork and things like

336

00:11:18,949 --> 00:11:17,459

that and that's all with the idea now

337

00:11:20,630 --> 00:11:18,959

just before we get there right we'll

338

00:11:21,829 --> 00:11:20,640

we'll go through some of the main points

339

00:11:24,110 --> 00:11:21,839

like that I want to ask you first

340

00:11:26,090 --> 00:11:24,120

because this is something that was

341

00:11:28,130 --> 00:11:26,100

called out by a lot of people who were

342

00:11:29,329 --> 00:11:28,140

very skeptical and rightly so with this

343

00:11:31,130 --> 00:11:29,339

sort of thing when it comes out it's

344

00:11:32,449 --> 00:11:31,140

always going to happen in the UFO topic

345

00:11:34,370 --> 00:11:32,459

regardless

346

00:11:36,350 --> 00:11:34,380

um the idea that the dod gave him

347

00:11:39,530 --> 00:11:36,360

permission to say this

348

00:11:42,230 --> 00:11:39,540

why don't the dod just say no

349

00:11:44,030 --> 00:11:42,240

I mean essentially they're there for a

350

00:11:45,470 --> 00:11:44,040

very specific reason they don't get to

351

00:11:46,850 --> 00:11:45,480

say whether something's true or not

352

00:11:49,310 --> 00:11:46,860

they're just there to check if something

353

00:11:50,930 --> 00:11:49,320

is classified or unclassified in this

354

00:11:53,090 --> 00:11:50,940

instance the things that David is saying

355

00:11:54,530 --> 00:11:53,100

are unclassified and what's interesting

356

00:11:56,090 --> 00:11:54,540

is there's been a few moments in the

357

00:11:57,410 --> 00:11:56,100

interview where you know he was asked

358

00:11:59,870 --> 00:11:57,420

about Roswell and he said I'm not clear

359

00:12:01,310 --> 00:11:59,880

to talk about that yet so it implies

360

00:12:03,230 --> 00:12:01,320

there's something classified about

361

00:12:04,910 --> 00:12:03,240

Roswell that he was told you can't talk

362

00:12:07,069 --> 00:12:04,920

about this and that's really interesting

363

00:12:08,750 --> 00:12:07,079

I want to hear that stuff and that might

364

00:12:10,910 --> 00:12:08,760

just be one thing though isn't it that's

365

00:12:13,550 --> 00:12:10,920

not this or I can blow the Roswell story

366

00:12:15,470 --> 00:12:13,560

wide open that could just be he knows a

367

00:12:17,750 --> 00:12:15,480

very particular thing such as and this

368

00:12:20,449 --> 00:12:17,760

is just me guessing

369

00:12:23,210 --> 00:12:20,459

um he knows the exact location of where

370

00:12:25,250 --> 00:12:23,220

a piece of The Craft is now that that

371

00:12:27,650 --> 00:12:25,260

could be just a piece of it he knows is

372

00:12:29,509 --> 00:12:27,660

with Lockheed Martin for example and

373

00:12:31,850 --> 00:12:29,519

that could but he can't tell you that

374

00:12:33,470 --> 00:12:31,860

because he can't name a private

375

00:12:35,150 --> 00:12:33,480

contractor he's not allowed and that

376

00:12:37,069 --> 00:12:35,160

could be all he's getting at so it's not

377

00:12:38,630 --> 00:12:37,079

a case of I can't talk about Roseville

378

00:12:39,829 --> 00:12:38,640

because of his bodies there was aliens

379

00:12:42,410 --> 00:12:39,839

there was a spacecraft

380

00:12:43,850 --> 00:12:42,420

that's just what this could be so just

381

00:12:45,230 --> 00:12:43,860

to clear that up that's a really good

382

00:12:46,790 --> 00:12:45,240

point and to play Devil's Advocate there

383

00:12:48,230 --> 00:12:46,800

as well it could just be that he knows

384

00:12:49,790 --> 00:12:48,240

that it's not a real case and he knows

385

00:12:52,009 --> 00:12:49,800

because they had a specific classified

386

00:12:53,269 --> 00:12:52,019

sensor point of the area at that time so

387

00:12:55,430 --> 00:12:53,279

he wouldn't be able to talk about that

388

00:12:57,170 --> 00:12:55,440

either so we we have to you know keep

389

00:12:59,030 --> 00:12:57,180

these things balanced and talk down the

390

00:13:00,530 --> 00:12:59,040

middle but um but yeah it's been really

391

00:13:01,670 --> 00:13:00,540

interesting seeing what he's allowed to

392

00:13:03,829 --> 00:13:01,680

talk about a lot of people I've seen

393

00:13:06,710 --> 00:13:03,839

have made the point well if this UFO

394

00:13:08,329 --> 00:13:06,720

program is so Uber classified then how

395

00:13:10,850 --> 00:13:08,339

come he can talk about it that should be

396

00:13:13,009 --> 00:13:10,860

classified but in that instance I just

397

00:13:14,810 --> 00:13:13,019

remind people that you know this this

398

00:13:16,910 --> 00:13:14,820

program this Legacy program that we're

399

00:13:18,829 --> 00:13:16,920

alluding to here it seems to be outside

400

00:13:20,629 --> 00:13:18,839

the purview of the law and therefore

401
00:13:23,870 --> 00:13:20,639
that the whole classified unclassified

402
00:13:25,129 --> 00:13:23,880
thing is really shaky when it comes to

403
00:13:27,590 --> 00:13:25,139
classified stuff you know he's not

404
00:13:29,329 --> 00:13:27,600
allowed to mention sources method senses

405
00:13:31,069 --> 00:13:29,339
that kind of stuff and he hasn't he's

406
00:13:32,449 --> 00:13:31,079
been really good with this

407
00:13:33,889 --> 00:13:32,459
um and that's why I really appreciate

408
00:13:34,910 --> 00:13:33,899
the debrief kind of including those

409
00:13:36,590 --> 00:13:34,920
other statements from other

410
00:13:38,150 --> 00:13:36,600
whistleblowers like Jonathan gray you

411
00:13:40,370 --> 00:13:38,160
know the pseudonym that's still working

412
00:13:42,110 --> 00:13:40,380
for for the government

413
00:13:43,670 --> 00:13:42,120

um and also there were a few others that

414

00:13:45,350 --> 00:13:43,680

would be mentioned kind of namelessly

415

00:13:47,509 --> 00:13:45,360

that have come forward and you know

416

00:13:50,389 --> 00:13:47,519

given depositions under oath about this

417

00:13:52,550 --> 00:13:50,399

direct evidence I'm really excited to

418

00:13:54,230 --> 00:13:52,560

see what the future hearings would look

419

00:13:56,629 --> 00:13:54,240

like because I don't think there will be

420

00:13:58,670 --> 00:13:56,639

many faces that we know in that hearing

421

00:14:00,590 --> 00:13:58,680

it would be people kind of saying no I

422

00:14:02,150 --> 00:14:00,600

worked on this bit of you know metal in

423

00:14:03,470 --> 00:14:02,160

my line of work and it was anomalous and

424

00:14:05,930 --> 00:14:03,480

I didn't know it was for the UAP program

425

00:14:07,250 --> 00:14:05,940

and all that kind of stuff I I would

426

00:14:09,949 --> 00:14:07,260

love for the American people to hear

427

00:14:12,170 --> 00:14:09,959

Dave fraver's story again but it's been

428

00:14:14,269 --> 00:14:12,180

documented to high hell here

429

00:14:17,990 --> 00:14:14,279

um there was like a really nice

430

00:14:20,329 --> 00:14:18,000

line the Jeremy cobal uh repeated from

431

00:14:21,949 --> 00:14:20,339

Dave fraver and Dave basically text him

432

00:14:24,170 --> 00:14:21,959

this week and said the the US government

433

00:14:25,910 --> 00:14:24,180

is like a is like an alcoholic when it

434

00:14:27,590 --> 00:14:25,920

comes to UFOs you need to admit there's

435

00:14:28,490 --> 00:14:27,600

a problem before you can tackle it I

436

00:14:30,470 --> 00:14:28,500

just thought that was a really nice

437

00:14:32,449 --> 00:14:30,480

analogy

438

00:14:34,069 --> 00:14:32,459

a question for you Dan and I've still

439

00:14:35,990 --> 00:14:34,079

been forming it okay I wrote this down a

440

00:14:37,129 --> 00:14:36,000

few days ago and hopefully it makes

441

00:14:40,069 --> 00:14:37,139

sense right

442

00:14:42,710 --> 00:14:40,079

you're the head engineer in the engine

443

00:14:44,750 --> 00:14:42,720

room okay whatever that may be called of

444

00:14:46,790 --> 00:14:44,760

a massive cruise ship okay

445

00:14:49,550 --> 00:14:46,800

and you are out in the middle of the

446

00:14:51,290 --> 00:14:49,560

ocean and you and one or two of your

447

00:14:53,269 --> 00:14:51,300

fellow Engineers who are working the

448

00:14:55,610 --> 00:14:53,279

propulsion system find out that just

449

00:14:59,389 --> 00:14:55,620

because of a reason

450

00:15:01,550 --> 00:14:59,399

that ship could blow up at any time

451

00:15:04,730 --> 00:15:01,560

you can't call for help okay I'm not

452

00:15:08,210 --> 00:15:04,740

allowing you that in this situation but

453

00:15:09,769 --> 00:15:08,220

would you knowing that you could keep an

454

00:15:12,710 --> 00:15:09,779

eye on it and there's every chance it

455

00:15:14,990 --> 00:15:12,720

won't and just keep doing your job you

456

00:15:16,730 --> 00:15:15,000

make your destination would you tell the

457

00:15:19,730 --> 00:15:16,740

captain would you tell the people on

458

00:15:21,710 --> 00:15:19,740

board would you panic everyone or would

459

00:15:24,290 --> 00:15:21,720

you just keep it amongst your small

460

00:15:26,150 --> 00:15:24,300

isolated engine room and let it carry on

461

00:15:28,129 --> 00:15:26,160

to its destination with your kind of

462

00:15:29,509 --> 00:15:28,139

fingers crossed I like that question

463

00:15:31,189 --> 00:15:29,519

because it kind of highlights the gray

464

00:15:33,050 --> 00:15:31,199

area and all this stuff right like you

465

00:15:34,490 --> 00:15:33,060

can you can be positive and mean the

466

00:15:35,990 --> 00:15:34,500

best whilst also doing the thing that's

467

00:15:36,949 --> 00:15:36,000

worse for people and they will have your

468

00:15:39,050 --> 00:15:36,959

head for

469

00:15:41,030 --> 00:15:39,060

I would probably try and keep Panic to a

470

00:15:42,470 --> 00:15:41,040

minimum and you know deal with it within

471

00:15:43,850 --> 00:15:42,480

the engine room if the captain had to be

472

00:15:45,410 --> 00:15:43,860

involved he would be but I imagine the

473

00:15:47,090 --> 00:15:45,420

captain would keep them you know Panic

474

00:15:48,650 --> 00:15:47,100

to a minimum as well

475

00:15:50,629 --> 00:15:48,660

um a real life version of that I guess

476
00:15:52,069 --> 00:15:50,639
is Titanic right like they saw the

477
00:15:53,569 --> 00:15:52,079
iceberg a number of people reported it

478
00:15:55,250 --> 00:15:53,579
it didn't get where it needed to go and

479
00:15:57,470 --> 00:15:55,260
and you know it was kept last minute

480
00:15:58,370 --> 00:15:57,480
until it was you know the ship was

481
00:15:59,990 --> 00:15:58,380
sinking and everyone was trying to get

482
00:16:01,490 --> 00:16:00,000
on my lifeboats

483
00:16:02,810 --> 00:16:01,500
um yeah you you kind of have to make the

484
00:16:04,550 --> 00:16:02,820
best decisions along the way and

485
00:16:06,230 --> 00:16:04,560
minimizing panic and therefore

486
00:16:07,550 --> 00:16:06,240
minimizing distraction and anything else

487
00:16:10,129 --> 00:16:07,560
going wrong and making the situation

488
00:16:12,110 --> 00:16:10,139

worse would be the ideal situation

489

00:16:14,389 --> 00:16:12,120

yeah it's just something that came in my

490

00:16:15,889 --> 00:16:14,399

head thinking about the why keep this a

491

00:16:18,170 --> 00:16:15,899

secret and with people like this coming

492

00:16:20,810 --> 00:16:18,180

forward is there a very small group

493

00:16:22,610 --> 00:16:20,820

sitting there or maybe not there now but

494

00:16:24,590 --> 00:16:22,620

from the beginning who thought

495

00:16:26,269 --> 00:16:24,600

we know things we shouldn't or we are

496

00:16:28,129 --> 00:16:26,279

just discovering things that we don't

497

00:16:30,170 --> 00:16:28,139

want other folks to know for for various

498

00:16:32,269 --> 00:16:30,180

reasons forgetting that some people are

499

00:16:33,769 --> 00:16:32,279

very a vocal minority you know we

500

00:16:35,750 --> 00:16:33,779

deserve to know the truth and whenever

501
00:16:38,689 --> 00:16:35,760
you sit on that argument is is valid

502
00:16:40,069 --> 00:16:38,699
regardless but maybe there are reasons

503
00:16:42,410 --> 00:16:40,079
that some of this stuff doesn't come out

504
00:16:44,329 --> 00:16:42,420
and that sort of gets touched on a

505
00:16:45,530 --> 00:16:44,339
little bit within some of David grisha's

506
00:16:48,050 --> 00:16:45,540
comments

507
00:16:50,569 --> 00:16:48,060
um particularly being that some species

508
00:16:53,150 --> 00:16:50,579
are non-human intelligencies are not so

509
00:16:56,329 --> 00:16:53,160
good and others are nicer and that's not

510
00:16:59,090 --> 00:16:56,339
a no a new thing and to be fair has

511
00:17:01,790 --> 00:16:59,100
David grish said anything really that

512
00:17:04,549 --> 00:17:01,800
was brand new

513
00:17:06,230 --> 00:17:04,559

a wow claim a lot of it was things and

514

00:17:07,970 --> 00:17:06,240

this isn't a detrimental comment that we

515

00:17:10,069 --> 00:17:07,980

have heard before in the UFO Topic in

516

00:17:11,689 --> 00:17:10,079

conversation some folks use that against

517

00:17:13,069 --> 00:17:11,699

David grush as a way to kind of

518

00:17:15,350 --> 00:17:13,079

invalidate his claims which I don't

519

00:17:17,569 --> 00:17:15,360

believe is fair because he's saying that

520

00:17:20,210 --> 00:17:17,579

he has seen direct evidence of this

521

00:17:21,890 --> 00:17:20,220

within the documents he's he's reading

522

00:17:23,870 --> 00:17:21,900

and and they were they were friends of

523

00:17:25,189 --> 00:17:23,880

his as well that he knew for decades

524

00:17:26,870 --> 00:17:25,199

that come forward to him and said hey

525

00:17:28,370 --> 00:17:26,880

now you're doing this I kind of have to

526

00:17:30,470 --> 00:17:28,380

share this with you and that must have

527

00:17:32,810 --> 00:17:30,480

been shattering for him as a person to

528

00:17:34,850 --> 00:17:32,820

realize that friends had you know a

529

00:17:35,930 --> 00:17:34,860

secret this big that wasn't being spoken

530

00:17:38,150 --> 00:17:35,940

about

531

00:17:39,950 --> 00:17:38,160

um David at one point said that he is

532

00:17:41,870 --> 00:17:39,960

one of tens of hundreds who wants this

533

00:17:43,730 --> 00:17:41,880

out and that is so encouraging because

534

00:17:45,650 --> 00:17:43,740

that number's just growing every day and

535

00:17:47,990 --> 00:17:45,660

we we hear about that Collins Elite you

536

00:17:49,730 --> 00:17:48,000

you know that kind of religious slant on

537

00:17:52,310 --> 00:17:49,740

this whole thing that some kind of

538

00:17:53,870 --> 00:17:52,320

religious I'm gonna say extremist but I

539

00:17:55,430 --> 00:17:53,880

don't really mean extremists and it just

540

00:17:58,070 --> 00:17:55,440

you know really heavily religious folk

541

00:17:59,390 --> 00:17:58,080

yeah um devout folk I'll say

542

00:18:00,590 --> 00:17:59,400

um that they didn't want this out

543

00:18:01,970 --> 00:18:00,600

because they thought it demonic and

544

00:18:03,350 --> 00:18:01,980

things like that I like that we're

545

00:18:05,270 --> 00:18:03,360

getting past that Superstition now

546

00:18:07,430 --> 00:18:05,280

because Superstition has no place in

547

00:18:09,590 --> 00:18:07,440

science you know there's no magic

548

00:18:11,690 --> 00:18:09,600

qualities like when we talk about how

549

00:18:13,549 --> 00:18:11,700

magical vinyl sounds compared to CDs

550

00:18:15,350 --> 00:18:13,559

that's there's an effect there you can

551
00:18:16,730 --> 00:18:15,360
replicate that it's not magic

552
00:18:18,529 --> 00:18:16,740
um you just have to apply the science to

553
00:18:19,970 --> 00:18:18,539
it and you can do that so I'm excited

554
00:18:21,409 --> 00:18:19,980
that we get into that point you know the

555
00:18:23,570 --> 00:18:21,419
Snowballs building

556
00:18:26,870 --> 00:18:23,580
so to fire through some of the comments

557
00:18:28,789 --> 00:18:26,880
at the 1933 crash recovery and which was

558
00:18:30,770 --> 00:18:28,799
in Italy Mussolini's government it

559
00:18:32,930 --> 00:18:30,780
wasn't a new case people some people

560
00:18:34,549 --> 00:18:32,940
have heard about this one before so this

561
00:18:36,590 --> 00:18:34,559
wasn't one that was hidden away in the

562
00:18:39,529 --> 00:18:36,600
archives anywhere but he confirmed that

563
00:18:42,529 --> 00:18:39,539

was the first known case of a crashed

564

00:18:44,930 --> 00:18:42,539

craft that was eventually recovered in

565

00:18:46,730 --> 00:18:44,940

part by the US after the war I'm right

566

00:18:47,870 --> 00:18:46,740

in the said yeah yeah it's kind of

567

00:18:50,090 --> 00:18:47,880

between the two because a lot of people

568

00:18:51,830 --> 00:18:50,100

attributed to the the Nazis but we're

569

00:18:53,690 --> 00:18:51,840

kind of a bit before that then right

570

00:18:55,730 --> 00:18:53,700

like it's not kicked off in the way that

571

00:18:58,730 --> 00:18:55,740

we we think of when we think of Nazis so

572

00:19:00,289 --> 00:18:58,740

uh yeah and loot spoke about the 1933

573

00:19:01,430 --> 00:19:00,299

case as well so it's interesting that

574

00:19:03,409 --> 00:19:01,440

that's kind of you know being

575

00:19:05,510 --> 00:19:03,419

essentially backed up I I've started

576

00:19:07,970 --> 00:19:05,520

over the past week to look at grush not

577

00:19:10,549 --> 00:19:07,980

as the 2023 Lou but he's essentially

578

00:19:11,870 --> 00:19:10,559

because he has access to over 2 000 saps

579

00:19:13,789 --> 00:19:11,880

he's the guy that looks after them

580

00:19:17,510 --> 00:19:13,799

essentially what we're looking at is

581

00:19:18,830 --> 00:19:17,520

Wilson instead of it you know the guy in

582

00:19:20,330 --> 00:19:18,840

the backseat talking this is Wilson

583

00:19:22,490 --> 00:19:20,340

saying yeah we tried we didn't get

584

00:19:23,810 --> 00:19:22,500

access so we we really don't need to

585

00:19:25,610 --> 00:19:23,820

hold on to those Wilson notes as

586

00:19:27,590 --> 00:19:25,620

preciously now because we have someone

587

00:19:28,490 --> 00:19:27,600

willing to talk who has that kind of

588

00:19:30,890 --> 00:19:28,500

access

589

00:19:33,230 --> 00:19:30,900

yeah you would hope that Wilson mammal

590

00:19:34,970 --> 00:19:33,240

would just end up being another document

591

00:19:37,250 --> 00:19:34,980

in amongst hundreds of other documents

592

00:19:38,870 --> 00:19:37,260

but you still need the additional to go

593

00:19:41,390 --> 00:19:38,880

along with it the photos of the videos

594

00:19:43,630 --> 00:19:41,400

the physical evidence as well

595

00:19:46,490 --> 00:19:43,640

um you mentioned that there were

596

00:19:49,010 --> 00:19:46,500

agreements between the US and non-human

597

00:19:51,350 --> 00:19:49,020

intelligencies that he had had seen

598

00:19:53,930 --> 00:19:51,360

evidence of this again is something that

599

00:19:56,270 --> 00:19:53,940

isn't new but was interesting to hear in

600

00:19:59,570 --> 00:19:56,280

that sort of setting at this point I

601
00:20:01,909 --> 00:19:59,580
remember watching it and obviously it's

602
00:20:04,669 --> 00:20:01,919
a a lot of Clips put together from a

603
00:20:07,130 --> 00:20:04,679
larger body like we said of recording

604
00:20:08,510 --> 00:20:07,140
this is something that I thought and I

605
00:20:11,090 --> 00:20:08,520
was on the bus to work when I watched it

606
00:20:12,470 --> 00:20:11,100
I was like I'm loving hearing this I'm

607
00:20:14,150 --> 00:20:12,480
loving what I'm getting I love the the

608
00:20:16,130 --> 00:20:14,160
way it's been presented I love that kind

609
00:20:18,350 --> 00:20:16,140
of bang bang bang this is great sound

610
00:20:19,970 --> 00:20:18,360
bites for people like us to discuss and

611
00:20:21,409 --> 00:20:19,980
people listening or watching this to

612
00:20:24,350 --> 00:20:21,419
pour over

613
00:20:27,169 --> 00:20:24,360

but I think of the mainstream public is

614

00:20:30,950 --> 00:20:27,179

that a point it gets too much and people

615

00:20:32,690 --> 00:20:30,960

go nah not for me because it suddenly

616

00:20:34,310 --> 00:20:32,700

becomes ah they might have found some

617

00:20:35,150 --> 00:20:34,320

crash stuff and you know they're talking

618

00:20:37,130 --> 00:20:35,160

about

619

00:20:39,110 --> 00:20:37,140

maybe that has aliens to all of a sudden

620

00:20:40,970 --> 00:20:39,120

uh the government's got agreements with

621

00:20:43,190 --> 00:20:40,980

them and I'm not saying that's not true

622

00:20:45,169 --> 00:20:43,200

and that's not happened but is it still

623

00:20:46,789 --> 00:20:45,179

a point that it can be a tipping for

624

00:20:49,130 --> 00:20:46,799

many people to kind of get off the

625

00:20:50,510 --> 00:20:49,140

conversation regardless of the what's

626
00:20:52,549 --> 00:20:50,520
being presented or how it's being

627
00:20:55,070 --> 00:20:52,559
presented which I thought was great

628
00:20:56,150 --> 00:20:55,080
it was just that moment I was like um is

629
00:20:58,730 --> 00:20:56,160
that the point if you could get the

630
00:21:00,650 --> 00:20:58,740
Nielsen ratings you see a drop off

631
00:21:02,390 --> 00:21:00,660
yeah you know when you talk to people

632
00:21:04,310 --> 00:21:02,400
about this stuff there's a moment right

633
00:21:05,870 --> 00:21:04,320
where you you know they'll ask you like

634
00:21:07,010 --> 00:21:05,880
do you believe there are aliens here

635
00:21:08,990 --> 00:21:07,020
that kind of stuff and you have that

636
00:21:10,610 --> 00:21:09,000
conversation and you can recognize when

637
00:21:11,930 --> 00:21:10,620
you've gone too far because that glaze

638
00:21:13,070 --> 00:21:11,940

kind of appears over people's eyes and

639

00:21:15,710 --> 00:21:13,080

that's where you know some people have

640

00:21:17,090 --> 00:21:15,720

done it down yeah but over time like

641

00:21:18,590 --> 00:21:17,100

I've learned that you know when that

642

00:21:19,970 --> 00:21:18,600

happens just step away the seeds in

643

00:21:22,430 --> 00:21:19,980

there they're interested you know like

644

00:21:24,169 --> 00:21:22,440

let it sit and simmer you're totally

645

00:21:26,029 --> 00:21:24,179

right I think the kind of you know the

646

00:21:27,650 --> 00:21:26,039

body's stuff would be where people's

647

00:21:30,169 --> 00:21:27,660

eyes glaze over a little bit not because

648

00:21:33,770 --> 00:21:30,179

they think it's you know nonsense but

649

00:21:35,990 --> 00:21:33,780

just because it's so much to go from not

650

00:21:38,090 --> 00:21:36,000

talking about this stuff to oh God the

651
00:21:40,010 --> 00:21:38,100
government has bodies and agreements it

652
00:21:41,930 --> 00:21:40,020
sounds too sci-fi but it doesn't mean

653
00:21:43,730 --> 00:21:41,940
that it is you know these are rumors

654
00:21:46,669 --> 00:21:43,740
that we've heard Time and Time and Time

655
00:21:49,070 --> 00:21:46,679
and Time Again in the community and now

656
00:21:51,289 --> 00:21:49,080
we're seeing someone who testified under

657
00:21:54,230 --> 00:21:51,299
oath with direct evidence about these

658
00:21:56,270 --> 00:21:54,240
things so it's almost like we talked

659
00:21:57,470 --> 00:21:56,280
about before the the slow roll of

660
00:22:00,110 --> 00:21:57,480
disclosure you know this kind of

661
00:22:02,210 --> 00:22:00,120
narrative unfolding slowly it's almost

662
00:22:03,890 --> 00:22:02,220
like David's pushed it a little bit

663
00:22:04,850 --> 00:22:03,900

further so then next time we have the

664

00:22:06,529 --> 00:22:04,860

conversation and there might be

665

00:22:07,909 --> 00:22:06,539

something even loftier people will kind

666

00:22:09,470 --> 00:22:07,919

of go oh yeah bodies I heard about that

667

00:22:11,690 --> 00:22:09,480

agreements okay that's fine let's carry

668

00:22:13,909 --> 00:22:11,700

on and another thing will be that glaze

669

00:22:15,770 --> 00:22:13,919

you know it's why I still think that a

670

00:22:17,510 --> 00:22:15,780

way a way way off

671

00:22:20,330 --> 00:22:17,520

and that's this is the thing that upsets

672

00:22:24,190 --> 00:22:20,340

some experiences that conversation

673

00:22:27,289 --> 00:22:24,200

around abductions abductees what happens

674

00:22:28,490 --> 00:22:27,299

and again that's just way down the line

675

00:22:30,350 --> 00:22:28,500

and when people say we need these

676

00:22:31,730 --> 00:22:30,360

conversations happening now it's just

677

00:22:33,950 --> 00:22:31,740

not turning off for too many people

678

00:22:35,450 --> 00:22:33,960

because it's too that you're writing at

679

00:22:36,830 --> 00:22:35,460

the deep end you should still be in the

680

00:22:38,090 --> 00:22:36,840

you know the paddling pool where you can

681

00:22:39,770 --> 00:22:38,100

stand up

682

00:22:41,630 --> 00:22:39,780

um exactly it's kind of like No Child

683

00:22:43,190 --> 00:22:41,640

Left Behind right like everyone needs to

684

00:22:44,810 --> 00:22:43,200

be on this boat it needs to be explained

685

00:22:47,390 --> 00:22:44,820

simply so that when it happens there's

686

00:22:48,830 --> 00:22:47,400

no Panic and riots in the streets and

687

00:22:51,049 --> 00:22:48,840

things like that

688

00:22:53,210 --> 00:22:51,059

um though maybe they will be inevitably

689

00:22:55,549 --> 00:22:53,220

I don't know but it's exciting to see it

690

00:22:57,710 --> 00:22:55,559

going well um unfortunately we heard

691

00:22:59,270 --> 00:22:57,720

David grish has been harassed and also

692

00:23:01,130 --> 00:22:59,280

had his house broken into that was in

693

00:23:03,470 --> 00:23:01,140

the follow-up done or need to know with

694

00:23:05,029 --> 00:23:03,480

Ross Coulter and Bryce Sable

695

00:23:06,950 --> 00:23:05,039

um very much worth checking out their

696

00:23:09,590 --> 00:23:06,960

kind of post analysis of the interview

697

00:23:11,930 --> 00:23:09,600

as well given it was it was their work I

698

00:23:13,669 --> 00:23:11,940

think it's fair to say mainly Ross's

699

00:23:15,770 --> 00:23:13,679

work but Bryce was involved so that's

700

00:23:18,529 --> 00:23:15,780

you know Ross's Ross's piece obviously

701
00:23:19,330 --> 00:23:18,539
on the back of the article that was done

702
00:23:23,750 --> 00:23:19,340
um

703
00:23:25,070 --> 00:23:23,760
like Bryce is currently like the reason

704
00:23:26,570 --> 00:23:25,080
he's probably not that involved is

705
00:23:27,830 --> 00:23:26,580
because he's got a few things kind of on

706
00:23:29,450 --> 00:23:27,840
the burner you know Betty and Bonnie

707
00:23:31,250 --> 00:23:29,460
Hill project and things but also there's

708
00:23:32,930 --> 00:23:31,260
the writer strike in Hollywood which he

709
00:23:34,610 --> 00:23:32,940
is a writer so he's supporting that and

710
00:23:35,930 --> 00:23:34,620
empowered to him anyone that's listening

711
00:23:37,490 --> 00:23:35,940
who's a writer keeps standing your

712
00:23:39,830 --> 00:23:37,500
ground you'll get there

713
00:23:42,770 --> 00:23:39,840

you'll get the millions and um yeah

714

00:23:45,049 --> 00:23:42,780

David grush interview uh sorry after

715

00:23:47,510 --> 00:23:45,059

that or before it he's been harassed his

716

00:23:49,789 --> 00:23:47,520

house is broken into and they alluded to

717

00:23:51,890 --> 00:23:49,799

the fact that it wasn't necessarily the

718

00:23:54,110 --> 00:23:51,900

government and was most likely a private

719

00:23:55,669 --> 00:23:54,120

contractor that was unhappy with him

720

00:23:57,230 --> 00:23:55,679

coming forward and

721

00:23:58,909 --> 00:23:57,240

um but they said he's safe because he's

722

00:24:00,770 --> 00:23:58,919

made his stand so public an argument

723

00:24:02,330 --> 00:24:00,780

many had with the Bob Lazar story yeah

724

00:24:05,330 --> 00:24:02,340

that's right that by going out and

725

00:24:07,190 --> 00:24:05,340

becoming public you you secure your

726

00:24:08,990 --> 00:24:07,200

safety and I think I mentioned before

727

00:24:10,370 --> 00:24:09,000

and and you know touch with God forbid

728

00:24:12,470 --> 00:24:10,380

something that happened to David grish

729

00:24:14,870 --> 00:24:12,480

even in an accidental form you know got

730

00:24:17,149 --> 00:24:14,880

struck by lightning that would look so

731

00:24:18,830 --> 00:24:17,159

suspicious now because he's put himself

732

00:24:20,390 --> 00:24:18,840

out there that you know people would

733

00:24:23,149 --> 00:24:20,400

immediately jump on the conspiracy

734

00:24:25,250 --> 00:24:23,159

theory bandwagon like with JFK you know

735

00:24:27,529 --> 00:24:25,260

oh yeah so it was a lone gunman but yeah

736

00:24:28,789 --> 00:24:27,539

imagine it was but all the other stuff

737

00:24:31,430 --> 00:24:28,799

was happening in the background anyway

738

00:24:32,990 --> 00:24:31,440

yeah and that's it's uh yeah so I think

739

00:24:34,610 --> 00:24:33,000

he's it has kind of security safety

740

00:24:36,350 --> 00:24:34,620

putting himself out there like that if

741

00:24:39,190 --> 00:24:36,360

indeed there was a chance of anything

742

00:24:41,930 --> 00:24:39,200

happening in the background

743

00:24:45,049 --> 00:24:41,940

that that goes on I think that's just

744

00:24:46,549 --> 00:24:45,059

standard that we know yeah exactly and

745

00:24:47,870 --> 00:24:46,559

we've heard some names for who these

746

00:24:49,010 --> 00:24:47,880

private contractors might be you know

747

00:24:50,810 --> 00:24:49,020

we're less talking about people like

748

00:24:53,149 --> 00:24:50,820

Bigelow we're talking more about people

749

00:24:55,190 --> 00:24:53,159

like Lockheed Martin and you know

750

00:24:56,870 --> 00:24:55,200

companies like that that go way back and

751
00:24:58,250 --> 00:24:56,880
actually conglomerates of loads of

752
00:25:00,470 --> 00:24:58,260
different companies who that were kind

753
00:25:02,630 --> 00:25:00,480
of established roundabouts the Roswell

754
00:25:03,950 --> 00:25:02,640
crash so it's really intriguing that all

755
00:25:05,810 --> 00:25:03,960
of this kind of lines up you know

756
00:25:07,549 --> 00:25:05,820
there's there's a neat narrative and you

757
00:25:09,529 --> 00:25:07,559
know what they say you know uh what is

758
00:25:10,610 --> 00:25:09,539
it Occam's razor you know the the thing

759
00:25:12,409 --> 00:25:10,620
with the least amount of assumptions

760
00:25:13,909 --> 00:25:12,419
usually turns out to be right and it

761
00:25:15,470 --> 00:25:13,919
certainly for me at least kind of

762
00:25:18,409 --> 00:25:15,480
starting to get towards a timeline where

763
00:25:20,090 --> 00:25:18,419

the simple the simple answer is that

764

00:25:22,130 --> 00:25:20,100

it's something that they've tried to

765

00:25:24,470 --> 00:25:22,140

hide that is spectacular

766

00:25:26,450 --> 00:25:24,480

and just want to point out I never named

767

00:25:29,450 --> 00:25:26,460

any contractors in that alleged business

768

00:25:31,250 --> 00:25:29,460

and uh Dan is much closer to you than I

769

00:25:32,029 --> 00:25:31,260

am he's based in the US right now so you

770

00:25:34,070 --> 00:25:32,039

know

771

00:25:35,630 --> 00:25:34,080

I'm confident I'm on the road so my

772

00:25:37,789 --> 00:25:35,640

address is constantly changing you know

773

00:25:39,409 --> 00:25:37,799

they can track your phone

774

00:25:42,049 --> 00:25:39,419

um I'll give out Dan's number that's

775

00:25:43,549 --> 00:25:42,059

fine keep myself safe and um a few other

776

00:25:45,169 --> 00:25:43,559

things that came out of this or just

777

00:25:47,630 --> 00:25:45,179

before it sorry I was followed up on

778

00:25:49,190 --> 00:25:47,640

that David grush's legal team had ended

779

00:25:51,350 --> 00:25:49,200

their working relationship that was the

780

00:25:53,990 --> 00:25:51,360

compass rose Legal Group

781

00:25:55,549 --> 00:25:54,000

um Ross was very quick to offset this by

782

00:25:57,710 --> 00:25:55,559

saying and I think it was fair like many

783

00:26:01,130 --> 00:25:57,720

of us did the fact they had ended their

784

00:26:03,830 --> 00:26:01,140

relationship wasn't a slight on David

785

00:26:05,750 --> 00:26:03,840

grush and the whole situation it seemed

786

00:26:08,330 --> 00:26:05,760

that one their their work had been done

787

00:26:09,649 --> 00:26:08,340

but two I I imagine their feet were

788

00:26:12,289 --> 00:26:09,659

getting a little bit

789

00:26:14,990 --> 00:26:12,299

cold given they were being associated as

790

00:26:17,690 --> 00:26:15,000

a major legal firm with the UFO topic

791

00:26:19,789 --> 00:26:17,700

and all of a sudden it became bodies and

792

00:26:20,990 --> 00:26:19,799

spacecraft and it probably got to the

793

00:26:22,430 --> 00:26:21,000

point they were like look can we end

794

00:26:23,570 --> 00:26:22,440

this working relationship because this

795

00:26:25,549 --> 00:26:23,580

might not be good for future business

796

00:26:27,409 --> 00:26:25,559

for us and you can understand that

797

00:26:29,570 --> 00:26:27,419

that's that's got to be fair

798

00:26:31,789 --> 00:26:29,580

um Ross Coulter did say that the IG

799

00:26:33,710 --> 00:26:31,799

Inspector General involvement really

800

00:26:35,269 --> 00:26:33,720

does offset any suspicion about the

801
00:26:37,730 --> 00:26:35,279
legal team walking away because that

802
00:26:39,890 --> 00:26:37,740
largely confirms the authenticity and

803
00:26:41,930 --> 00:26:39,900
validity of David grisha's claims that

804
00:26:44,149 --> 00:26:41,940
he's not just making this up you know

805
00:26:46,549 --> 00:26:44,159
this is this is legit what he's saying

806
00:26:49,610 --> 00:26:46,559
and there are others that can back that

807
00:26:50,750 --> 00:26:49,620
up too yeah yeah 100 uh the thing with

808
00:26:52,010 --> 00:26:50,760
the legal group

809
00:26:53,450 --> 00:26:52,020
um I think a lot of people were holding

810
00:26:55,610 --> 00:26:53,460
on to it because it was such a heavy

811
00:26:58,070 --> 00:26:55,620
hitter in terms of legal groups

812
00:27:00,169 --> 00:26:58,080
um that they were taking it as their

813
00:27:01,370 --> 00:27:00,179

involvement you know credible that they

814

00:27:03,230 --> 00:27:01,380

were confirm in the bodies and things

815

00:27:05,029 --> 00:27:03,240

like that but the one thing that's kind

816

00:27:07,430 --> 00:27:05,039

of you know come come to light for me is

817

00:27:09,230 --> 00:27:07,440

that this Legal Group represents

818

00:27:10,909 --> 00:27:09,240

government employees David is no longer

819

00:27:12,230 --> 00:27:10,919

a government employee so it makes

820

00:27:14,149 --> 00:27:12,240

complete sense for them to end their

821

00:27:17,269 --> 00:27:14,159

relationship once that IG complaint has

822

00:27:19,909 --> 00:27:17,279

been submitted but the gentleman in the

823

00:27:21,890 --> 00:27:19,919

legal group who was helping David uh he

824

00:27:23,269 --> 00:27:21,900

used to be the IG himself and he's

825

00:27:24,769 --> 00:27:23,279

actually stepped away from the legal

826

00:27:26,690 --> 00:27:24,779

firm to carry on representing David

827

00:27:28,909 --> 00:27:26,700

which I think that does lend a certain

828

00:27:30,230 --> 00:27:28,919

Credence to to you know what what

829

00:27:31,549 --> 00:27:30,240

David's saying and the protection that

830

00:27:34,130 --> 00:27:31,559

he needs and the kind of representation

831

00:27:37,190 --> 00:27:34,140

that he needs this is really serious

832

00:27:38,990 --> 00:27:37,200

this is not just you know some random

833

00:27:41,450 --> 00:27:39,000

dude coming out and kind of saying like

834

00:27:43,789 --> 00:27:41,460

oh I got you know bodies and things that

835

00:27:46,490 --> 00:27:43,799

we don't really know about this guy is a

836

00:27:48,830 --> 00:27:46,500

very very qualified individual with a

837

00:27:51,230 --> 00:27:48,840

lot of access and you know if this

838

00:27:53,450 --> 00:27:51,240

former IG is taking it seriously I I

839

00:27:55,130 --> 00:27:53,460

suggest we you know as I always say hold

840

00:27:56,390 --> 00:27:55,140

it lightly but just take it very

841

00:27:58,490 --> 00:27:56,400

seriously

842

00:28:00,470 --> 00:27:58,500

how have you viewed the media reporting

843

00:28:03,710 --> 00:28:00,480

of this case I know a lot of listeners

844

00:28:05,390 --> 00:28:03,720

in the UK have been in touch to say

845

00:28:07,549 --> 00:28:05,400

you know still nothing about this in the

846

00:28:09,350 --> 00:28:07,559

UK really I know like I said I was on a

847

00:28:11,330 --> 00:28:09,360

couple of BBC Radio Stations discussing

848

00:28:13,669 --> 00:28:11,340

it and I know a few others have been as

849

00:28:16,610 --> 00:28:13,679

well and it's touched a few

850

00:28:19,010 --> 00:28:16,620

media Outlets but not in a big big way

851

00:28:21,110 --> 00:28:19,020

but again I'm still not surprised at

852

00:28:24,470 --> 00:28:21,120

that that it's not made BBC News at 10

853

00:28:28,850 --> 00:28:24,480

it's not made Sky News ITN ITV News

854

00:28:32,390 --> 00:28:28,860

um Ross Coulter made the point uh about

855

00:28:35,810 --> 00:28:32,400

Anonymous sources being a No-No in the

856

00:28:38,029 --> 00:28:35,820

media world as being a put off for sorry

857

00:28:40,130 --> 00:28:38,039

that's the heat getting to me now being

858

00:28:41,990 --> 00:28:40,140

detrimental to a big story when you have

859

00:28:45,549 --> 00:28:42,000

to just cite Anonymous sources but he

860

00:28:49,250 --> 00:28:45,559

controversially to some used the talk of

861

00:28:51,409 --> 00:28:49,260

wmds in Iraq ahead of the Iraq War I

862

00:28:53,149 --> 00:28:51,419

like this yeah he made the point I know

863

00:28:55,250 --> 00:28:53,159

some people didn't like it uh he made

864

00:28:56,930 --> 00:28:55,260

the point and but it's fair that media

865

00:28:59,390 --> 00:28:56,940

Outlets were happy to use anonymous

866

00:29:01,310 --> 00:28:59,400

sources then to push an agenda which

867

00:29:02,330 --> 00:29:01,320

ultimately led to a war and I'm not

868

00:29:04,490 --> 00:29:02,340

going to get into that that's not what

869

00:29:06,169 --> 00:29:04,500

this is about yeah sure but it seems to

870

00:29:08,510 --> 00:29:06,179

be because this time it's about aliens

871

00:29:10,549 --> 00:29:08,520

and I'm using that very crudely but it

872

00:29:12,470 --> 00:29:10,559

is and that's the way the media will

873

00:29:14,330 --> 00:29:12,480

look at it aliens really this is what

874

00:29:17,210 --> 00:29:14,340

you're bringing me regardless of the

875

00:29:18,889 --> 00:29:17,220

backing up of it then the anonymous

876

00:29:20,990 --> 00:29:18,899

sources Aren't Enough

877

00:29:22,430 --> 00:29:21,000

um I think Ross has got a fair point

878

00:29:24,889 --> 00:29:22,440

there and I think you do too but the

879

00:29:27,470 --> 00:29:24,899

signs of it yeah yeah absolutely 100

880

00:29:30,649 --> 00:29:27,480

um you know if we can accept these kind

881

00:29:32,450 --> 00:29:30,659

of anonymous Witnesses and and Intel uh

882

00:29:33,830 --> 00:29:32,460

for something like that that was world

883

00:29:35,810 --> 00:29:33,840

changing and it changed the world for

884

00:29:37,250 --> 00:29:35,820

you know a solid 10 15 years there and

885

00:29:40,970 --> 00:29:37,260

we're still seeing effects of it now

886

00:29:43,850 --> 00:29:40,980

then why not for this one it's it's just

887

00:29:47,210 --> 00:29:43,860

as explosive uh no pun intended

888

00:29:49,190 --> 00:29:47,220

um and the the statements from officials

889

00:29:50,930 --> 00:29:49,200

this week are certainly kind of laying

890

00:29:52,549 --> 00:29:50,940

into to the right vibe that they're

891

00:29:55,430 --> 00:29:52,559

going to look into this and this isn't

892

00:29:56,690 --> 00:29:55,440

the first time they've heard it uh so at

893

00:29:58,190 --> 00:29:56,700

the very least we have some officials

894

00:29:59,930 --> 00:29:58,200

taking it in that way but mainstream

895

00:30:01,730 --> 00:29:59,940

media has a big responsibility to just

896

00:30:03,350 --> 00:30:01,740

report on this properly you know they

897

00:30:05,210 --> 00:30:03,360

don't have to say they believe it they

898

00:30:06,710 --> 00:30:05,220

just have to present the facts and and

899

00:30:08,810 --> 00:30:06,720

certainly over the last few years the

900

00:30:10,490 --> 00:30:08,820

media has had trouble presenting facts

901
00:30:12,230 --> 00:30:10,500
without bias

902
00:30:14,389 --> 00:30:12,240
speaking of presenting facts without

903
00:30:16,730 --> 00:30:14,399
Bayer stand the Vatican were then cited

904
00:30:18,889 --> 00:30:16,740
as having an involvement in the UFO

905
00:30:21,049 --> 00:30:18,899
topic not unsurprising I would say to

906
00:30:23,510 --> 00:30:21,059
many who have an interest in the UFO

907
00:30:25,610 --> 00:30:23,520
topic um Diana pasulka was on the Jay

908
00:30:26,990 --> 00:30:25,620
from Project Unity and she said look

909
00:30:28,909 --> 00:30:27,000
there's going to be different types of

910
00:30:30,289 --> 00:30:28,919
disclosure and I like the point she made

911
00:30:33,769 --> 00:30:30,299
that disclosure will take different

912
00:30:35,330 --> 00:30:33,779
forms it's not just that uh one body or

913
00:30:37,190 --> 00:30:35,340

governing body is likely to come out and

914

00:30:39,049 --> 00:30:37,200

say we have an at Presence on the planet

915

00:30:40,430 --> 00:30:39,059

we've known about it for years she's

916

00:30:42,409 --> 00:30:40,440

making the point that we're seeing

917

00:30:43,669 --> 00:30:42,419

various disclosures now there's a

918

00:30:45,889 --> 00:30:43,679

military disclosure there'll be

919

00:30:48,710 --> 00:30:45,899

governmental disclosure there'll be that

920

00:30:50,389 --> 00:30:48,720

religious disclosure and that's with um

921

00:30:52,730 --> 00:30:50,399

she said she'd been in the Vatican

922

00:30:56,389 --> 00:30:52,740

archives and there are tons and tons of

923

00:30:58,850 --> 00:30:56,399

archives going back Millennia showing

924

00:31:02,149 --> 00:30:58,860

a presence of whatever this phenomenon

925

00:31:05,630 --> 00:31:02,159

could be and that the Vatican knows and

926
00:31:08,090 --> 00:31:05,640
have done particularly since 1933 with

927
00:31:09,529 --> 00:31:08,100
the the crash in Italy which makes sense

928
00:31:10,789 --> 00:31:09,539
with the crash being in Italy right

929
00:31:12,230 --> 00:31:10,799
they're the big Power there it would

930
00:31:14,570 --> 00:31:12,240
make sense that it's a religious lens

931
00:31:15,889 --> 00:31:14,580
and they go that way but the Vatican

932
00:31:17,750 --> 00:31:15,899
goes way back you know we have all this

933
00:31:19,549 --> 00:31:17,760
religious art with these little you know

934
00:31:22,850 --> 00:31:19,559
ships in the sky put in beams of light

935
00:31:24,289 --> 00:31:22,860
on people and things like that so we we

936
00:31:26,690 --> 00:31:24,299
can't assume that we're the only ones to

937
00:31:28,250 --> 00:31:26,700
ever noticed that right and we've spoken

938
00:31:30,049 --> 00:31:28,260

before about you know Britain and they

939

00:31:31,610 --> 00:31:30,059

kind of Conquest over the world that

940

00:31:32,810 --> 00:31:31,620

surely they came across something about

941

00:31:35,690 --> 00:31:32,820

this

942

00:31:37,070 --> 00:31:35,700

um so all of these things point to uh

943

00:31:38,870 --> 00:31:37,080

you know I like what Diana said about

944

00:31:40,850 --> 00:31:38,880

that needing to be separate disclosures

945

00:31:42,950 --> 00:31:40,860

because we've spoken before about who

946

00:31:44,389 --> 00:31:42,960

would be trusted as the de facto person

947

00:31:47,090 --> 00:31:44,399

to kind of say yeah they're here and

948

00:31:48,590 --> 00:31:47,100

this is alien craft not one person so we

949

00:31:50,269 --> 00:31:48,600

need these different areas to come out

950

00:31:52,909 --> 00:31:50,279

and essentially all agree and you know

951
00:31:54,230 --> 00:31:52,919
make people go oh crap this isn't you

952
00:31:56,210 --> 00:31:54,240
know we're not in Kansas anymore

953
00:31:58,070 --> 00:31:56,220
everyone is saying the same thing no

954
00:31:59,870 --> 00:31:58,080
matter where you look and the church did

955
00:32:01,850 --> 00:31:59,880
come out a few years ago

956
00:32:03,710 --> 00:32:01,860
um I I want to say the gentleman's name

957
00:32:06,169 --> 00:32:03,720
was guy castigliano I think it was he

958
00:32:08,690 --> 00:32:06,179
runs an observatory for the Vatican and

959
00:32:10,250 --> 00:32:08,700
they had a big Forum meeting essentially

960
00:32:11,990 --> 00:32:10,260
about life outside of the planet and

961
00:32:14,389 --> 00:32:12,000
they came down on deciding that you know

962
00:32:16,010 --> 00:32:14,399
we're all God's children and life

963
00:32:18,889 --> 00:32:16,020

elsewhere would also be God's children

964

00:32:21,230 --> 00:32:18,899

so essentially it's not a problem for

965

00:32:22,909 --> 00:32:21,240

for Catholicism if there is life

966

00:32:24,529 --> 00:32:22,919

elsewhere and it gets talked about a lot

967

00:32:26,990 --> 00:32:24,539

that it would be but you know that's the

968

00:32:28,190 --> 00:32:27,000

church's position it shouldn't be we I

969

00:32:29,630 --> 00:32:28,200

think we talked about that at the time

970

00:32:31,669 --> 00:32:29,640

didn't we if that sounds familiar the

971

00:32:35,330 --> 00:32:31,679

name the name at least does yeah

972

00:32:37,430 --> 00:32:35,340

um and to be fair Ross uh his last big

973

00:32:39,950 --> 00:32:37,440

statement for me along with Bryce on the

974

00:32:41,630 --> 00:32:39,960

analysis mentioned that there are other

975

00:32:43,310 --> 00:32:41,640

first-hand Witnesses who will be coming

976

00:32:45,529 --> 00:32:43,320

forward who have worked on Crash

977

00:32:47,029 --> 00:32:45,539

retrieval programs Bryce himself said

978

00:32:49,010 --> 00:32:47,039

we'll leave it at that because we can't

979

00:32:50,810 --> 00:32:49,020

go into it too much more big statement

980

00:32:53,389 --> 00:32:50,820

but for me that's uh yep fair enough

981

00:32:55,070 --> 00:32:53,399

Ross has put his reputation uh on the

982

00:32:58,370 --> 00:32:55,080

line with this one and he is delivering

983

00:33:00,830 --> 00:32:58,380

to be fair to him so I'll I've got no

984

00:33:02,750 --> 00:33:00,840

issue with Ross saying that and yep okay

985

00:33:04,669 --> 00:33:02,760

I'll I'll wait on those Witnesses coming

986

00:33:05,810 --> 00:33:04,679

forward and hopefully that's sooner than

987

00:33:07,549 --> 00:33:05,820

later

988

00:33:10,010 --> 00:33:07,559

um yeah anything else from you that

989

00:33:11,810 --> 00:33:10,020

stood out on that it seems that like you

990

00:33:13,970 --> 00:33:11,820

know sometimes

991

00:33:15,710 --> 00:33:13,980

like if you're watching a movie and you

992

00:33:17,269 --> 00:33:15,720

see a certain scene and it'll make you

993

00:33:19,370 --> 00:33:17,279

kind of ask the question oh well why did

994

00:33:20,750 --> 00:33:19,380

this character do that usually the scene

995

00:33:22,430 --> 00:33:20,760

following it will explain why the

996

00:33:24,289 --> 00:33:22,440

character did that you know it's very

997

00:33:26,149 --> 00:33:24,299

ABC kind of thing I feel like the

998

00:33:28,430 --> 00:33:26,159

questions will be in us now we're being

999

00:33:29,870 --> 00:33:28,440

set up to ask so they will be satisfied

1000

00:33:31,310 --> 00:33:29,880

by the next people that come forward

1001

00:33:33,409 --> 00:33:31,320

we'll start hearing from these direct

1002

00:33:35,210 --> 00:33:33,419

Witnesses and Ross isn't the only person

1003

00:33:37,070 --> 00:33:35,220

I've heard this from as well

1004

00:33:38,690 --> 00:33:37,080

um you know I've heard Whispers

1005

00:33:41,389 --> 00:33:38,700

um of people being queued up essentially

1006

00:33:42,590 --> 00:33:41,399

to come forward like a you know a I was

1007

00:33:44,509 --> 00:33:42,600

going to say a house of dominoes then

1008

00:33:46,190 --> 00:33:44,519

but that's not the right analogy

1009

00:33:47,930 --> 00:33:46,200

um but essentially to just you know

1010

00:33:49,669 --> 00:33:47,940

address these questions one by one and

1011

00:33:51,110 --> 00:33:49,679

and just Shore up the case essentially

1012

00:33:53,450 --> 00:33:51,120

that there is a preponderance of

1013

00:33:54,950 --> 00:33:53,460

evidence that they're just showing we we

1014

00:33:56,509 --> 00:33:54,960

have uh

1015

00:33:58,250 --> 00:33:56,519

a journalist a heavy hits a journalist

1016

00:34:00,590 --> 00:33:58,260

Michael schallenberger he's been

1017

00:34:02,570 --> 00:34:00,600

covering this as well and he's spoken to

1018

00:34:04,909 --> 00:34:02,580

Witnesses separately from grush and you

1019

00:34:06,830 --> 00:34:04,919

know from Ross and Leslie and he's very

1020

00:34:08,750 --> 00:34:06,840

much coming to the same conclusions and

1021

00:34:10,790 --> 00:34:08,760

he said publicly that he has the program

1022

00:34:13,129 --> 00:34:10,800

names he's been told them but he can't

1023

00:34:16,070 --> 00:34:13,139

reveal them so we're starting to get

1024

00:34:18,169 --> 00:34:16,080

some more mainstream journalistic uh you

1025

00:34:20,210 --> 00:34:18,179

know interest in this uh but I think

1026
00:34:22,190 --> 00:34:20,220
something like you know grush going on

1027
00:34:23,510 --> 00:34:22,200
Joe Rogan and just taking audience

1028
00:34:25,609 --> 00:34:23,520
questions and you know really being

1029
00:34:28,190 --> 00:34:25,619
drilled on this for four hours I I think

1030
00:34:30,649 --> 00:34:28,200
that could be a very nice next step

1031
00:34:32,270 --> 00:34:30,659
yeah absolutely um I want to just get to

1032
00:34:33,950 --> 00:34:32,280
a couple of listener thoughts on this

1033
00:34:34,970 --> 00:34:33,960
and loads of people gave us stuff so

1034
00:34:37,310 --> 00:34:34,980
thank you

1035
00:34:38,629 --> 00:34:37,320
um dalamar put an interesting idea that

1036
00:34:40,970 --> 00:34:38,639
we're at the point where criticism

1037
00:34:42,230 --> 00:34:40,980
against David grush isn't personal in

1038
00:34:44,869 --> 00:34:42,240

other words they're not calling him a

1039

00:34:46,970 --> 00:34:44,879

liar but uh he's a decorated public

1040

00:34:49,310 --> 00:34:46,980

servant and that's why sorry so instead

1041

00:34:51,290 --> 00:34:49,320

he's supposedly being fertilized by

1042

00:34:52,669 --> 00:34:51,300

other people unbeknownst to him who are

1043

00:34:54,589 --> 00:34:52,679

presumably all very high level

1044

00:34:56,570 --> 00:34:54,599

government officials so he's getting to

1045

00:34:57,950 --> 00:34:56,580

the idea that the debunking and this

1046

00:35:00,530 --> 00:34:57,960

information is getting to the point

1047

00:35:02,390 --> 00:35:00,540

because it's so credible he thinks

1048

00:35:04,190 --> 00:35:02,400

they're having to basically feed lies to

1049

00:35:05,570 --> 00:35:04,200

the people who could be credible to get

1050

00:35:07,190 --> 00:35:05,580

them to come out and see it and that's

1051

00:35:09,470 --> 00:35:07,200

the only way this could be

1052

00:35:10,849 --> 00:35:09,480

true or you know that he's lying so they

1053

00:35:12,530 --> 00:35:10,859

are interesting

1054

00:35:14,150 --> 00:35:12,540

um Cameron Jay thinks it's a

1055

00:35:16,010 --> 00:35:14,160

well-managed hearsay until we've got

1056

00:35:18,589 --> 00:35:16,020

tangible witness evidence it's only ever

1057

00:35:20,210 --> 00:35:18,599

going to be a spooky story uh Brennan

1058

00:35:21,950 --> 00:35:20,220

said he is stunned at the lack of

1059

00:35:23,690 --> 00:35:21,960

mainstream media picking this up neither

1060

00:35:26,109 --> 00:35:23,700

Congressional open hearings to be public

1061

00:35:29,030 --> 00:35:26,119

and include firsthand what uh first hand

1062

00:35:30,710 --> 00:35:29,040

Witnesses uh dog Outlaw said

1063

00:35:32,870 --> 00:35:30,720

disappointed but hopeful

1064

00:35:34,069 --> 00:35:32,880

move on over Great Name by the way my

1065

00:35:35,930 --> 00:35:34,079

phone over

1066

00:35:37,430 --> 00:35:35,940

um my mind is still on agreements I want

1067

00:35:38,990 --> 00:35:37,440

to know about the agreements I need to

1068

00:35:42,589 --> 00:35:39,000

know about the agreements I'm ready to

1069

00:35:44,089 --> 00:35:42,599

unpack it all and uh yeah lots of other

1070

00:35:45,890 --> 00:35:44,099

cool comments on there I'm going to keep

1071

00:35:47,329 --> 00:35:45,900

some of those far down the line but we

1072

00:35:49,730 --> 00:35:47,339

will get to them

1073

00:35:51,890 --> 00:35:49,740

um they'll be a part of three for sure

1074

00:35:53,510 --> 00:35:51,900

well uh yeah kinda because I want to

1075

00:35:55,790 --> 00:35:53,520

move on to something

1076
00:35:57,650 --> 00:35:55,800
just quickly to touch on at one because

1077
00:35:59,329 --> 00:35:57,660
I've not managed to watch at all yet but

1078
00:36:00,950 --> 00:35:59,339
two I'd like to do it as a separate

1079
00:36:02,510 --> 00:36:00,960
recovering because I think it probably

1080
00:36:05,510 --> 00:36:02,520
deserves that

1081
00:36:07,490 --> 00:36:05,520
um Stephen Greer had his disclosure 2.0

1082
00:36:08,930 --> 00:36:07,500
conference on June 12th

1083
00:36:10,970 --> 00:36:08,940
um it was about three hours long I've

1084
00:36:12,770 --> 00:36:10,980
not managed to cover it yet Dan if you

1085
00:36:14,089 --> 00:36:12,780
managed to watch it all so I've watched

1086
00:36:15,530 --> 00:36:14,099
some of it but I do have a list of

1087
00:36:16,250 --> 00:36:15,540
highlights that I've kind of pulled

1088
00:36:17,510 --> 00:36:16,260

together

1089

00:36:18,890 --> 00:36:17,520

um okay if you just you know if someone

1090

00:36:20,630 --> 00:36:18,900

doesn't have three odd hours to watch it

1091

00:36:21,829 --> 00:36:20,640

these are kind of the main points we'll

1092

00:36:23,210 --> 00:36:21,839

touch on it because I'm going to cover

1093

00:36:24,890 --> 00:36:23,220

it properly

1094

00:36:26,569 --> 00:36:24,900

um so I want to make sure that we do

1095

00:36:28,250 --> 00:36:26,579

that but um I just wanted to say that it

1096

00:36:30,710 --> 00:36:28,260

was interesting to see Richard Dolan

1097

00:36:33,650 --> 00:36:30,720

went off on Steven Greer on Jimmy church

1098

00:36:36,349 --> 00:36:33,660

and his own show saying that we need to

1099

00:36:38,150 --> 00:36:36,359

call out Stephen Greer's BS

1100

00:36:39,530 --> 00:36:38,160

um and it was quite funny to see Jimmy

1101
00:36:41,810 --> 00:36:39,540
Church looking really uncomfortable

1102
00:36:44,870 --> 00:36:41,820
because as someone who caught Stephen

1103
00:36:46,790 --> 00:36:44,880
Greer's BS uh for

1104
00:36:48,770 --> 00:36:46,800
for his reasons

1105
00:36:50,150 --> 00:36:48,780
um so yeah that was that was quite funny

1106
00:36:51,589 --> 00:36:50,160
to see Jimmy Church kind of still

1107
00:36:53,510 --> 00:36:51,599
kicking back into his chair is Richard

1108
00:36:56,210 --> 00:36:53,520
dolomit no this is nonsense and he has

1109
00:36:58,190 --> 00:36:56,220
to stop being able to get away with it

1110
00:36:59,750 --> 00:36:58,200
um yeah what surprised me though with

1111
00:37:02,150 --> 00:36:59,760
the whole Stephen Curry conference

1112
00:37:03,710 --> 00:37:02,160
everyone said including myself you know

1113
00:37:06,050 --> 00:37:03,720

this is Stephen Curry jumping on the

1114

00:37:08,150 --> 00:37:06,060

bandwagon attaching his name to a big

1115

00:37:10,970 --> 00:37:08,160

situation the David grish story trying

1116

00:37:13,370 --> 00:37:10,980

to get on board the the Kane Blumenthal

1117

00:37:14,930 --> 00:37:13,380

cool talk Wick not that he's part of

1118

00:37:17,170 --> 00:37:14,940

that but he's very much attaching

1119

00:37:20,750 --> 00:37:17,180

himself to it to amplify his story

1120

00:37:23,510 --> 00:37:20,760

however the the reaction was pretty

1121

00:37:25,910 --> 00:37:23,520

positive from what more positive than I

1122

00:37:27,829 --> 00:37:25,920

expected shall I say online

1123

00:37:30,109 --> 00:37:27,839

um a lot of folks who are ready to be

1124

00:37:31,609 --> 00:37:30,119

negative with it you know listeners and

1125

00:37:33,710 --> 00:37:31,619

commentators online that I would respect

1126

00:37:36,050 --> 00:37:33,720

their opinions came forward I mean

1127

00:37:38,510 --> 00:37:36,060

actually it wasn't bad from what they

1128

00:37:41,390 --> 00:37:38,520

saw and that was down to the still a

1129

00:37:44,870 --> 00:37:41,400

distrust of Greer but the witnesses

1130

00:37:47,210 --> 00:37:44,880

themselves being being pretty credible

1131

00:37:49,069 --> 00:37:47,220

and telling their stories in a very

1132

00:37:51,050 --> 00:37:49,079

credible way as well do you want to just

1133

00:37:52,670 --> 00:37:51,060

touch on some highlights and then we'll

1134

00:37:54,650 --> 00:37:52,680

cover it properly for sure I won't go

1135

00:37:56,390 --> 00:37:54,660

too in depth but you know by and large

1136

00:37:58,849 --> 00:37:56,400

the the claims are the same as we're

1137

00:37:59,690 --> 00:37:58,859

hearing from elsewhere so uh you know

1138

00:38:01,370 --> 00:37:59,700

we're looking at many different

1139

00:38:03,530 --> 00:38:01,380

civilizations from many different

1140

00:38:05,630 --> 00:38:03,540

planets not just one

1141

00:38:07,370 --> 00:38:05,640

um the the one controversial thing was

1142

00:38:08,930 --> 00:38:07,380

that uh it was presented that all

1143

00:38:10,670 --> 00:38:08,940

extraterrestrial civilizations are

1144

00:38:12,050 --> 00:38:10,680

non-hostile to humans which you know

1145

00:38:13,609 --> 00:38:12,060

again that kind of goes against and

1146

00:38:15,530 --> 00:38:13,619

we've spoken about that before you know

1147

00:38:17,150 --> 00:38:15,540

being a generalization

1148

00:38:19,010 --> 00:38:17,160

um that extra threshold Tech has been

1149

00:38:20,810 --> 00:38:19,020

studied by humans and reverse engineered

1150

00:38:22,190 --> 00:38:20,820

and that the breakthroughs in energy and

1151
00:38:24,650 --> 00:38:22,200
things like that from those reverse

1152
00:38:27,589 --> 00:38:24,660
engineerings are being held back

1153
00:38:28,609 --> 00:38:27,599
um the many different types of UAP are

1154
00:38:30,050 --> 00:38:28,619
human made

1155
00:38:32,450 --> 00:38:30,060
um you know the EM field or

1156
00:38:34,790 --> 00:38:32,460
electromagnetic field propulsion engines

1157
00:38:36,530 --> 00:38:34,800
that there exists a shadowy group within

1158
00:38:38,390 --> 00:38:36,540
the US government established in the 50s

1159
00:38:40,370 --> 00:38:38,400
which has its own Air Force Navy on

1160
00:38:43,069 --> 00:38:40,380
fundraiser mechanism

1161
00:38:44,450 --> 00:38:43,079
um that kind of controls this this group

1162
00:38:46,069 --> 00:38:44,460
has overseeing in legal projects which

1163
00:38:48,730 --> 00:38:46,079

constitute grave threat to National

1164

00:38:52,849 --> 00:38:48,740

Security World security and peace

1165

00:38:54,770 --> 00:38:52,859

concealing technology and at least one

1166

00:38:57,050 --> 00:38:54,780

of these covert projects has been

1167

00:38:59,630 --> 00:38:57,060

targeted and has targeted and

1168

00:39:01,329 --> 00:38:59,640

successfully downed an ET vehicle and

1169

00:39:04,130 --> 00:39:01,339

that there's a lot in that right because

1170

00:39:06,829 --> 00:39:04,140

do we want if you know assume it's true

1171

00:39:08,810 --> 00:39:06,839

do we want these vehicles being shot at

1172

00:39:10,550 --> 00:39:08,820

like is that the first foot we want to

1173

00:39:12,170 --> 00:39:10,560

put out as a civilization or do we want

1174

00:39:13,670 --> 00:39:12,180

to you know roll out the red carpet and

1175

00:39:15,230 --> 00:39:13,680

make some cakes and have a party you

1176

00:39:17,750 --> 00:39:15,240

know sure um

1177

00:39:19,370 --> 00:39:17,760

and that that shadowy group um have

1178

00:39:21,410 --> 00:39:19,380

committed major crimes against humanity

1179

00:39:23,270 --> 00:39:21,420

worldwide including robbery trees and

1180

00:39:25,550 --> 00:39:23,280

mass murder torture kidnapping abduction

1181

00:39:28,130 --> 00:39:25,560

embezzlement laundry funds surveillance

1182

00:39:30,290 --> 00:39:28,140

false imprisonment so a lot of it is

1183

00:39:31,790 --> 00:39:30,300

stuff that we've heard before

1184

00:39:34,430 --> 00:39:31,800

and it's stuff that kind of backs what

1185

00:39:35,750 --> 00:39:34,440

someone like grush is saying as well

1186

00:39:37,310 --> 00:39:35,760

um you know there was nothing really

1187

00:39:38,930 --> 00:39:37,320

there for me that kind of rocked the

1188

00:39:40,970 --> 00:39:38,940

boat in a big way except for that one

1189

00:39:42,650 --> 00:39:40,980

that says they're all non-hostile to

1190

00:39:45,109 --> 00:39:42,660

humans which

1191

00:39:46,910 --> 00:39:45,119

just just by statistics alone is just

1192

00:39:49,250 --> 00:39:46,920

not going to be true right yeah it's a

1193

00:39:51,050 --> 00:39:49,260

sweeping statement but uh as much to say

1194

00:39:52,670 --> 00:39:51,060

that they would all be hostile again you

1195

00:39:55,310 --> 00:39:52,680

couldn't say either way could you that's

1196

00:39:56,750 --> 00:39:55,320

exactly yeah and like with humans some

1197

00:39:59,030 --> 00:39:56,760

of us are hostile and some of us are

1198

00:40:02,870 --> 00:39:59,040

nice you know it's even within the the

1199

00:40:04,310 --> 00:40:02,880

species there there's a variation sure

1200

00:40:06,470 --> 00:40:04,320

um so yeah that'll be one I think that's

1201
00:40:08,390 --> 00:40:06,480
best to cover hopefully next week in in

1202
00:40:10,069 --> 00:40:08,400
proper form and we'll dig into the the

1203
00:40:12,410 --> 00:40:10,079
witnesses stories as well for example

1204
00:40:14,810 --> 00:40:12,420
Michael Herrera talks about an instant

1205
00:40:17,150 --> 00:40:14,820
in Indonesia 2009 but he says he saw

1206
00:40:19,550 --> 00:40:17,160
ammunition and guns being loaded onto

1207
00:40:21,050 --> 00:40:19,560
Flying Saucer essentially Stephen Greer

1208
00:40:23,210 --> 00:40:21,060
presented this as

1209
00:40:24,349 --> 00:40:23,220
quite flippantly I thought and this is

1210
00:40:25,430 --> 00:40:24,359
something we'll go into when we look at

1211
00:40:26,690 --> 00:40:25,440
it properly

1212
00:40:29,329 --> 00:40:26,700
um you know oh one of our back

1213
00:40:31,010 --> 00:40:29,339

engineered objects as if like oh yeah I

1214

00:40:34,550 --> 00:40:31,020

know this for a fact and that kind of

1215

00:40:36,770 --> 00:40:34,560

stuff I was like ah shush it's also

1216

00:40:38,569 --> 00:40:36,780

funny to kind of use uh you know an F-18

1217

00:40:41,270 --> 00:40:38,579

to transport bow and arrows there's an

1218

00:40:42,770 --> 00:40:41,280

eye really there right 100 like when

1219

00:40:46,670 --> 00:40:42,780

people point at a light in the sky and

1220

00:40:47,990 --> 00:40:46,680

go oh tr3b from the Palladium Galaxy you

1221

00:40:50,030 --> 00:40:48,000

don't know that

1222

00:40:51,589 --> 00:40:50,040

um something a few people ask this Dan

1223

00:40:53,690 --> 00:40:51,599

to touch on because we hadn't and it

1224

00:40:55,790 --> 00:40:53,700

wasn't through any kind of

1225

00:40:57,770 --> 00:40:55,800

I don't know not liking the story as

1226
00:40:59,930 --> 00:40:57,780
such but was the Las Vegas UFO thing

1227
00:41:01,190 --> 00:40:59,940
that kind of took the World by storm

1228
00:41:03,349 --> 00:41:01,200
last week

1229
00:41:06,530 --> 00:41:03,359
um if people haven't seen this story I'm

1230
00:41:08,569 --> 00:41:06,540
sure many of you have the cops were

1231
00:41:09,770 --> 00:41:08,579
called sorry the police and cops it's

1232
00:41:11,870 --> 00:41:09,780
just I'm reading the article here as I

1233
00:41:13,430 --> 00:41:11,880
say this um but potentially yeah the

1234
00:41:14,810 --> 00:41:13,440
poor poor the fuzz depending on where

1235
00:41:17,210 --> 00:41:14,820
you are in the world yeah the police

1236
00:41:18,170 --> 00:41:17,220
Service as affectionately known in many

1237
00:41:20,270 --> 00:41:18,180
areas

1238
00:41:21,410 --> 00:41:20,280

um hi to any serving officers

1239

00:41:23,930 --> 00:41:21,420

um could you make a listening to this on

1240

00:41:26,510 --> 00:41:23,940

duty who knows maybe yeah but um anyway

1241

00:41:29,089 --> 00:41:26,520

so uh a family basically called the

1242

00:41:31,310 --> 00:41:29,099

police to say we have um two aliens in

1243

00:41:32,870 --> 00:41:31,320

our back Garden the dispatch calls

1244

00:41:36,589 --> 00:41:32,880

available online and they're very much

1245

00:41:37,849 --> 00:41:36,599

like yeah sure you know like um but

1246

00:41:39,230 --> 00:41:37,859

they're like no no this isn't a joke

1247

00:41:41,030 --> 00:41:39,240

seriously we've got like kind of eight

1248

00:41:43,609 --> 00:41:41,040

foot ten foot tall beings big black eyes

1249

00:41:45,589 --> 00:41:43,619

as you would expect and so they sent a

1250

00:41:48,770 --> 00:41:45,599

couple of police officers out

1251
00:41:52,130 --> 00:41:48,780
um who couldn't find any evidence of

1252
00:41:54,950 --> 00:41:52,140
aliens but there then was uh a screen

1253
00:41:57,530 --> 00:41:54,960
capture as a civil online but also the

1254
00:42:00,230 --> 00:41:57,540
video of a flash in the sky going past

1255
00:42:01,730 --> 00:42:00,240
later on they talked about that uh an

1256
00:42:04,250 --> 00:42:01,740
object to crash in their back Garden

1257
00:42:06,770 --> 00:42:04,260
there's a you know a picture of the kid

1258
00:42:09,290 --> 00:42:06,780
who reported this standing next to this

1259
00:42:10,490 --> 00:42:09,300
kind of circle but I know many folks

1260
00:42:12,170 --> 00:42:10,500
have said he literally looks like he's

1261
00:42:13,910 --> 00:42:12,180
made it with his foot and traced it

1262
00:42:16,790 --> 00:42:13,920
round in a circle

1263
00:42:19,490 --> 00:42:16,800

for me the story was interesting it came

1264

00:42:21,470 --> 00:42:19,500

at a convenient time again though

1265

00:42:24,589 --> 00:42:21,480

but I I think that's me being skeptical

1266

00:42:27,050 --> 00:42:24,599

to be honest which is you know unlike me

1267

00:42:28,970 --> 00:42:27,060

um Gavin what was being talked about in

1268

00:42:30,410 --> 00:42:28,980

the mainstream media that oh look our

1269

00:42:32,630 --> 00:42:30,420

families had aliens land in our back

1270

00:42:34,010 --> 00:42:32,640

Garden in Vegas so either like I said

1271

00:42:36,069 --> 00:42:34,020

online it was the start of the movie

1272

00:42:40,190 --> 00:42:36,079

Signs actually happening

1273

00:42:42,109 --> 00:42:40,200

too yeah or it was someone maybe taking

1274

00:42:44,030 --> 00:42:42,119

advantage of the situation

1275

00:42:46,010 --> 00:42:44,040

and maybe I'm being a little bit biased

1276

00:42:48,710 --> 00:42:46,020

but I did read at the time quite quickly

1277

00:42:50,990 --> 00:42:48,720

that the kid had a kind of uh defunct

1278

00:42:53,930 --> 00:42:51,000

YouTube channel that talked about aliens

1279

00:42:56,450 --> 00:42:53,940

and nfts which suddenly when he put out

1280

00:42:59,270 --> 00:42:56,460

his own piece on that got loads of views

1281

00:43:00,650 --> 00:42:59,280

so great piece of idle marketing if

1282

00:43:03,170 --> 00:43:00,660

that's the case

1283

00:43:06,170 --> 00:43:03,180

um but I just don't think there was

1284

00:43:08,089 --> 00:43:06,180

enough to this

1285

00:43:08,990 --> 00:43:08,099

either way for me to really land on

1286

00:43:09,589 --> 00:43:09,000

anything

1287

00:43:11,450 --> 00:43:09,599

um

1288

00:43:12,829 --> 00:43:11,460

I don't know people like James Fox came

1289

00:43:15,109 --> 00:43:12,839

out and said no this is almost

1290

00:43:17,030 --> 00:43:15,119

definitely a hoax when you look at it

1291

00:43:18,349 --> 00:43:17,040

um I really struggled in the body cam

1292

00:43:20,210 --> 00:43:18,359

footage would have been a big thing for

1293

00:43:22,730 --> 00:43:20,220

me not the body cam footage surely they

1294

00:43:24,170 --> 00:43:22,740

they said they had filmed the aliens as

1295

00:43:25,670 --> 00:43:24,180

they were in the back Garden so you see

1296

00:43:27,109 --> 00:43:25,680

some of the adults that go with it going

1297

00:43:31,069 --> 00:43:27,119

yeah they're there behind the forklift

1298

00:43:33,470 --> 00:43:31,079

and and such I couldn't see anything on

1299

00:43:35,089 --> 00:43:33,480

those cameras even when they're circling

1300

00:43:37,190 --> 00:43:35,099

the points I'm meant to be looking at

1301
00:43:39,829 --> 00:43:37,200
Dan I don't know about you I could make

1302
00:43:41,089 --> 00:43:39,839
out nothing yeah same and and many

1303
00:43:42,770 --> 00:43:41,099
people will look at it and kind of you

1304
00:43:44,930 --> 00:43:42,780
know adjust the video and get some

1305
00:43:46,670 --> 00:43:44,940
shadows and say that that the shadow is

1306
00:43:48,410 --> 00:43:46,680
you know the the aliens

1307
00:43:50,150 --> 00:43:48,420
um being in this part of the world I've

1308
00:43:51,890 --> 00:43:50,160
seen a whole bunch of bears and I've

1309
00:43:53,329 --> 00:43:51,900
only managed to capture one on film and

1310
00:43:54,829 --> 00:43:53,339
it was very briefly and you kind of see

1311
00:43:56,450 --> 00:43:54,839
him in the woods but I manage the

1312
00:43:59,089 --> 00:43:56,460
bathroom you know he's clearly there you

1313
00:44:01,309 --> 00:43:59,099

can see him so you know there's no real

1314

00:44:02,690 --> 00:44:01,319

reason that uh you know an alien will be

1315

00:44:04,490 --> 00:44:02,700

more skittish than a bear that wants to

1316

00:44:06,530 --> 00:44:04,500

get out of your way and hide

1317

00:44:07,730 --> 00:44:06,540

um so yeah it was strange I've seen a

1318

00:44:09,589 --> 00:44:07,740

number of people have sent me like a

1319

00:44:11,510 --> 00:44:09,599

fake video of like this

1320

00:44:14,210 --> 00:44:11,520

gangly being crawling around a back

1321

00:44:15,410 --> 00:44:14,220

garden with the audio attached um so you

1322

00:44:17,510 --> 00:44:15,420

know the footage is getting out there is

1323

00:44:19,430 --> 00:44:17,520

like this legit thing and that that is a

1324

00:44:21,109 --> 00:44:19,440

construct you know the the being with

1325

00:44:22,430 --> 00:44:21,119

the audio over the top that that's not a

1326

00:44:23,329 --> 00:44:22,440

real video

1327

00:44:25,430 --> 00:44:23,339

um

1328

00:44:26,870 --> 00:44:25,440

I was traveling as all this came out so

1329

00:44:28,490 --> 00:44:26,880

I kind of literally saw the initial

1330

00:44:31,069 --> 00:44:28,500

thing and the end thing with James fox

1331

00:44:33,050 --> 00:44:31,079

saying you know that's probably a hoax

1332

00:44:35,390 --> 00:44:33,060

um but it's being followed up I'm pretty

1333

00:44:36,950 --> 00:44:35,400

sure I read the the police are putting

1334

00:44:38,270 --> 00:44:36,960

cameras in the people's Gardens who

1335

00:44:39,890 --> 00:44:38,280

reported it just in case these things

1336

00:44:41,569 --> 00:44:39,900

come back reminded me a lot of the

1337

00:44:42,710 --> 00:44:41,579

Virginia case you know this is what it

1338

00:44:44,510 --> 00:44:42,720

would look like if it happened in

1339

00:44:47,270 --> 00:44:44,520

somewhere like La

1340

00:44:49,250 --> 00:44:47,280

um you know pick up that way but NASA

1341

00:44:50,990 --> 00:44:49,260

said the The Flash that the kids saw in

1342

00:44:52,550 --> 00:44:51,000

the sky and film that that's actually a

1343

00:44:54,470 --> 00:44:52,560

meteor and it looks like a meteor as

1344

00:44:56,329 --> 00:44:54,480

well and the two things coincided so you

1345

00:44:58,309 --> 00:44:56,339

know people have conflated especially

1346

00:45:00,050 --> 00:44:58,319

the witness has conflated the two the

1347

00:45:01,309 --> 00:45:00,060

thing about the circle people have gone

1348

00:45:03,230 --> 00:45:01,319

onto Google Maps and found that that

1349

00:45:05,150 --> 00:45:03,240

Circle was there going way back so you

1350

00:45:08,990 --> 00:45:05,160

know the kid can't kind of blame that on

1351

00:45:11,270 --> 00:45:09,000

yeah whatever came down and yeah I mean

1352

00:45:13,309 --> 00:45:11,280

it's interesting timing I've seen people

1353

00:45:15,349 --> 00:45:13,319

say that it kind of undercuts David

1354

00:45:16,130 --> 00:45:15,359

Rush's claims and distracts from it you

1355

00:45:17,690 --> 00:45:16,140

know

1356

00:45:20,450 --> 00:45:17,700

um but also at the same time I don't

1357

00:45:22,069 --> 00:45:20,460

really see how Saiyan aliens are here is

1358

00:45:23,569 --> 00:45:22,079

a distraction from what grush was saying

1359

00:45:25,730 --> 00:45:23,579

it's kind of bolstering his story in a

1360

00:45:27,410 --> 00:45:25,740

lot of ways you know so yeah that can

1361

00:45:28,730 --> 00:45:27,420

kind of sit on the back burner

1362

00:45:30,470 --> 00:45:28,740

um it's just another one of these cases

1363

00:45:32,390 --> 00:45:30,480

that we probably will never get solved

1364

00:45:33,890 --> 00:45:32,400

right um and it's unfortunate but this

1365

00:45:35,150 --> 00:45:33,900

is why we have a number of tendrils

1366

00:45:35,930 --> 00:45:35,160

going in different directions at the

1367

00:45:37,970 --> 00:45:35,940

moment

1368

00:45:40,490 --> 00:45:37,980

um with people like project Galileo

1369

00:45:41,809 --> 00:45:40,500

doing their work and and arrow and NASA

1370

00:45:44,270 --> 00:45:41,819

doing theirs

1371

00:45:45,890 --> 00:45:44,280

um we we need multiple sources and what

1372

00:45:47,630 --> 00:45:45,900

Diana said about multiple places for

1373

00:45:50,030 --> 00:45:47,640

disclosure Rings kind of true you know

1374

00:45:51,950 --> 00:45:50,040

they will make sense yeah so ahead of

1375

00:45:53,569 --> 00:45:51,960

that being followed up on next week uh

1376
00:45:55,670 --> 00:45:53,579
sorry the Stephen Curry conference in

1377
00:45:57,589 --> 00:45:55,680
full if you've got any thoughts opinions

1378
00:45:59,089 --> 00:45:57,599
on any of the the stories told the

1379
00:46:00,470 --> 00:45:59,099
anecdotes or just a conference in

1380
00:46:02,329 --> 00:46:00,480
general let us know if that'd be great

1381
00:46:04,370 --> 00:46:02,339
we'll cover off any other stories that

1382
00:46:06,710 --> 00:46:04,380
happen within that week given the pace

1383
00:46:08,270 --> 00:46:06,720
of news breaking at the moment it'll

1384
00:46:10,430 --> 00:46:08,280
certainly be worth a few other things

1385
00:46:12,890 --> 00:46:10,440
worth talking about anyway as well sorry

1386
00:46:14,690 --> 00:46:12,900
Dan yeah absolutely I wanted to say to

1387
00:46:16,130 --> 00:46:14,700
you like we always talk about how the

1388
00:46:17,569 --> 00:46:16,140

mainstream media kind of there's so much

1389

00:46:19,250 --> 00:46:17,579

going on in politics that they'll often

1390

00:46:21,109 --> 00:46:19,260

use stories to almost distract from

1391

00:46:23,630 --> 00:46:21,119

certain things whereas this week we had

1392

00:46:25,430 --> 00:46:23,640

Trump's second indictment and gracious

1393

00:46:26,870 --> 00:46:25,440

story is still kind of stayed at the

1394

00:46:28,550 --> 00:46:26,880

Forefront and and I thought that was an

1395

00:46:30,230 --> 00:46:28,560

interesting change you know it's almost

1396

00:46:31,670 --> 00:46:30,240

getting to the point where Johnny and

1397

00:46:33,349 --> 00:46:31,680

Amber would have their work out in court

1398

00:46:34,730 --> 00:46:33,359

to keep those ratings as high as they

1399

00:46:36,530 --> 00:46:34,740

did

1400

00:46:39,470 --> 00:46:36,540

um depending on what part of the world

1401
00:46:41,270 --> 00:46:39,480
you're in yeah sure that's fair and the

1402
00:46:42,890 --> 00:46:41,280
UK we have still got an infinite number

1403
00:46:45,470 --> 00:46:42,900
of things that have taken over the the

1404
00:46:46,670 --> 00:46:45,480
news cycle from that but it's it's still

1405
00:46:49,730 --> 00:46:46,680
progress It's still been better than

1406
00:46:50,690 --> 00:46:49,740
what it was and for me it still stands

1407
00:46:52,970 --> 00:46:50,700
to reason

1408
00:46:54,470 --> 00:46:52,980
the the strength of what David grush has

1409
00:46:56,030 --> 00:46:54,480
done and those have helped him get his

1410
00:46:58,730 --> 00:46:56,040
story out there will be what happens

1411
00:47:01,250 --> 00:46:58,740
next and not necessarily from him at all

1412
00:47:02,870 --> 00:47:01,260
his part in this could almost be be done

1413
00:47:04,309 --> 00:47:02,880

and finished now yeah that's what

1414

00:47:06,170 --> 00:47:04,319

happens with what he's handed on to

1415

00:47:08,390 --> 00:47:06,180

Congress and then going into the summer

1416

00:47:10,609 --> 00:47:08,400

the The Whistleblower

1417

00:47:13,370 --> 00:47:10,619

um the whistleblowers or Witnesses for

1418

00:47:16,430 --> 00:47:13,380

Stephen Bassett coming forward and uh I

1419

00:47:18,349 --> 00:47:16,440

only hope and pray that the Congress is

1420

00:47:20,569 --> 00:47:18,359

air conditioned for them

1421

00:47:21,349 --> 00:47:20,579

um or may God have mercy on their souls

1422

00:47:23,270 --> 00:47:21,359

then

1423

00:47:25,790 --> 00:47:23,280

yeah absolutely

1424

00:47:27,050 --> 00:47:25,800

um would you like a chat GPT joke I saw

1425

00:47:28,730 --> 00:47:27,060

someone complain that I didn't include

1426

00:47:31,270 --> 00:47:28,740

one last time so just just one person

1427

00:47:34,970 --> 00:47:31,280

though yeah you can finish

1428

00:47:39,109 --> 00:47:34,980

chat GPT job yeah

1429

00:47:41,450 --> 00:47:40,250

um

1430

00:47:44,089 --> 00:47:41,460

don't know

1431

00:47:46,130 --> 00:47:44,099

to get to the other Starbucks

1432

00:47:48,170 --> 00:47:46,140

oh I like that one yeah I thought you

1433

00:47:51,230 --> 00:47:48,180

would yeah okay I'm happy with that

1434

00:47:52,849 --> 00:47:51,240

thanks folks that is all for this week's

1435

00:47:55,130 --> 00:47:52,859

show thank you very much for listening

keep looking up you never know what you

1449

00:48:31,130 --> 00:48:24,380

might see

1450

00:49:25,270 --> 00:48:31,140

[Music]

1451

00:49:25,280 --> 00:49:39,920

they thought this was noise
