

A close-up photograph of Tom DeLonge looking towards a hole in a wall. The hole is a jagged, circular opening in a grey, textured wall. The lighting is dramatic, with strong highlights and shadows. The overall mood is one of mystery and suspense.

**TOM  
DELONGE**

**THEY NEVER  
LEFT US...**

1  
00:00:05,110 --> 00:00:02,230  
yeah now are you is there anything off

2  
00:00:07,269 --> 00:00:05,120  
limits uh jim like luella zondo is that

3  
00:00:10,310 --> 00:00:07,279  
okay to talk about or

4  
00:00:12,310 --> 00:00:10,320  
oh no losing a great guy we we lou chris

5  
00:00:13,589 --> 00:00:12,320  
we're all buddies and and we we talk a

6  
00:00:15,669 --> 00:00:13,599  
lot i haven't talked to lou though in

7  
00:00:17,189 --> 00:00:15,679  
about a month chris smelling and i

8  
00:00:20,070 --> 00:00:17,199  
probably every every few days we're

9  
00:00:23,109 --> 00:00:20,080  
exchanging emails so uh-huh okay

10  
00:00:25,670 --> 00:00:23,119  
the only thing i can get into is um

11  
00:00:27,189 --> 00:00:25,680  
any any detailed questions on cia what

12  
00:00:28,070 --> 00:00:27,199  
cia is doing

13  
00:00:30,470 --> 00:00:28,080

sure

14

00:00:32,229 --> 00:00:30,480

half my questions man

15

00:00:34,549 --> 00:00:32,239

yeah right i mean i mean that's why i

16

00:00:36,950 --> 00:00:34,559

have it on a lot of these shows i i mean

17

00:00:38,790 --> 00:00:36,960

i don't i don't like saying things like

18

00:00:41,990 --> 00:00:38,800

i can't talk about it i can't tell you

19

00:00:44,790 --> 00:00:42,000

it just sounds so awful right and uh

20

00:00:48,229 --> 00:00:44,800

so i've tried to avoid it but

21

00:00:50,549 --> 00:00:48,239

and as much as possible

22

00:00:51,350 --> 00:00:50,559

jim you also mentioned that

23

00:00:54,229 --> 00:00:51,360

both

24

00:00:57,270 --> 00:00:54,239

brian and myself come recommended

25

00:01:02,069 --> 00:01:00,470

just friends of mine in the community uh

26

00:01:03,670 --> 00:01:02,079

i mean you know i'm not talking any

27

00:01:05,429 --> 00:01:03,680

senior government officials saying let's

28

00:01:06,950 --> 00:01:05,439

listen to these guys but now just

29

00:01:08,310 --> 00:01:06,960

friends in the community it's they said

30

00:01:09,990 --> 00:01:08,320

that you know if you're going to get on

31

00:01:12,070 --> 00:01:10,000

something you want to do something with

32

00:01:14,710 --> 00:01:12,080

uh you know credibility and good

33

00:01:17,109 --> 00:01:14,720

reputation this is where you want to go

34

00:01:18,630 --> 00:01:17,119

wow wow wow that's a huge huge

35

00:01:19,429 --> 00:01:18,640

compliment

36

00:01:21,830 --> 00:01:19,439

but

37

00:01:23,910 --> 00:01:21,840

you know it's i think it's true so yeah

38

00:01:26,230 --> 00:01:23,920

and now it's it and brian i i heard of

39

00:01:28,469 --> 00:01:26,240

you too a long time ago you know i

40

00:01:30,310 --> 00:01:28,479

actually did a recruiting uh session out

41

00:01:31,350 --> 00:01:30,320

at university of california san diego

42

00:01:33,429 --> 00:01:31,360

back in

43

00:01:36,230 --> 00:01:33,439

i think 2 000 and

44

00:01:37,270 --> 00:01:36,240

gosh one or two

45

00:01:40,149 --> 00:01:37,280

yeah

46

00:01:41,749 --> 00:01:40,159

oh cool i was under a name i was using a

47

00:01:43,109 --> 00:01:41,759

fake name

48

00:01:45,030 --> 00:01:43,119

you know and

49

00:01:47,109 --> 00:01:45,040

i was recruiting for the clandestine

50

00:01:48,950 --> 00:01:47,119

service and uh what a great group of

51  
00:01:50,630 --> 00:01:48,960  
students you had though yeah we have

52  
00:01:53,670 --> 00:01:50,640  
some great students and good patriots

53  
00:01:55,429 --> 00:01:53,680  
there yeah that's really great i'm glad

54  
00:01:57,190 --> 00:01:55,439  
to glad to hear that next time you're in

55  
00:02:01,030 --> 00:01:57,200  
town let me know or next time i come out

56  
00:02:03,190 --> 00:02:02,230  
we'll be ready to go so what we're going

57  
00:02:05,270 --> 00:02:03,200  
to do

58  
00:02:07,270 --> 00:02:05,280  
is uh we're going to introduce ourselves

59  
00:02:09,669 --> 00:02:07,280  
we're going to talk a little philosophy

60  
00:02:11,750 --> 00:02:09,679  
uh so i'll start first kurt will go next

61  
00:02:13,670 --> 00:02:11,760  
jim will go next and then you go

62  
00:02:15,190 --> 00:02:13,680  
and like kind of what your mission is in

63  
00:02:17,350 --> 00:02:15,200

life and kind of description how you got

64

00:02:19,750 --> 00:02:17,360

involved in this i'll say some words of

65

00:02:21,589 --> 00:02:19,760

platitudes in the beginning and you know

66

00:02:23,270 --> 00:02:21,599

our goal is to be discuss things not

67

00:02:25,670 --> 00:02:23,280

debate i think debate is pointless

68

00:02:26,949 --> 00:02:25,680

people get all admired in in accusations

69

00:02:29,350 --> 00:02:26,959

and whatever so i just want to have it

70

00:02:31,190 --> 00:02:29,360

be high level discussion for the benefit

71

00:02:32,229 --> 00:02:31,200

of humanity okay

72

00:02:33,910 --> 00:02:32,239

okay

73

00:02:36,710 --> 00:02:33,920

all right man so we're going to go live

74

00:02:38,470 --> 00:02:36,720

if i can get this all set up

75

00:02:40,630 --> 00:02:38,480

preparing this meeting as being live

76

00:02:42,550 --> 00:02:40,640

stream got it yep

77

00:02:44,390 --> 00:02:42,560

hopefully this will work

78

00:02:46,630 --> 00:02:44,400

and we'll shoot out to the internet kirk

79

00:02:50,150 --> 00:02:46,640

can you check the live stream is working

80

00:02:56,309 --> 00:02:52,790

it'll take approximately 15 seconds

81

00:02:58,790 --> 00:02:56,319

welcome everybody to a very special

82

00:03:00,390 --> 00:02:58,800

conversation between

83

00:03:01,430 --> 00:03:00,400

three of my friends

84

00:03:04,309 --> 00:03:01,440

some more

85

00:03:05,190 --> 00:03:04,319

uh older friends than uh than others but

86

00:03:07,270 --> 00:03:05,200

we are

87

00:03:09,030 --> 00:03:07,280

undergoing a debate a conversation

88

00:03:11,509 --> 00:03:09,040

rather not a debate i think most debates

89

00:03:12,550 --> 00:03:11,519

are pointless uh but discussion is very

90

00:03:14,470 --> 00:03:12,560

valuable

91

00:03:16,630 --> 00:03:14,480

and we've had a lot of interest in

92

00:03:18,070 --> 00:03:16,640

getting together members

93

00:03:20,390 --> 00:03:18,080

of different communities communities

94

00:03:22,470 --> 00:03:20,400

from academia represented by me from the

95

00:03:25,190 --> 00:03:22,480

military represented by jim or the the

96

00:03:27,030 --> 00:03:25,200

government from by jim and from lay

97

00:03:29,430 --> 00:03:27,040

people who have really been responsible

98

00:03:31,910 --> 00:03:29,440

for getting this excitement this

99

00:03:33,270 --> 00:03:31,920

attention that this subject needs out to

100

00:03:35,589 --> 00:03:33,280

the public and of course that's speaking

101  
00:03:37,670 --> 00:03:35,599  
of tom delong who's joining us from to

102  
00:03:39,270 --> 00:03:37,680  
the stars academy

103  
00:03:42,149 --> 00:03:39,280  
now jim is joining us from the east

104  
00:03:43,830 --> 00:03:42,159  
coast jim uh seven and my friend kurt

105  
00:03:45,670 --> 00:03:43,840  
jaymungal who runs a wonderful channel

106  
00:03:47,430 --> 00:03:45,680  
which you should all subscribe to call

107  
00:03:49,430 --> 00:03:47,440  
theories of everything i've been a guest

108  
00:03:51,589 --> 00:03:49,440  
many other guests had on people from

109  
00:03:54,070 --> 00:03:51,599  
louie elizondo to many others in this

110  
00:03:55,990 --> 00:03:54,080  
community i'm more of a neophyte novice

111  
00:03:58,149 --> 00:03:56,000  
and i'm more interested in

112  
00:03:59,509 --> 00:03:58,159  
doing what galileo said so my hero as

113  
00:04:01,670 --> 00:03:59,519

everybody knows who subscribes to my

114

00:04:03,750 --> 00:04:01,680

channel is galileo galilei here's a

115

00:04:05,270 --> 00:04:03,760

finger puppet we're gonna get one of tom

116

00:04:07,830 --> 00:04:05,280

and jim at some point

117

00:04:10,390 --> 00:04:07,840

galileo said uh let us measure what is

118

00:04:12,390 --> 00:04:10,400

measurable and make measurable what is

119

00:04:14,309 --> 00:04:12,400

not and i'm pleased to say i have become

120

00:04:17,189 --> 00:04:14,319

a member of the galileo project at

121

00:04:19,110 --> 00:04:17,199

harvard university which just started

122

00:04:20,870 --> 00:04:19,120

just about a couple weeks ago i'm on

123

00:04:22,310 --> 00:04:20,880

their scientific advisory board and i

124

00:04:24,790 --> 00:04:22,320

joined that not because i have so much

125

00:04:26,550 --> 00:04:24,800

free time as the chancellor's professor

126

00:04:27,990 --> 00:04:26,560

of physics at uc san diego and the

127

00:04:29,670 --> 00:04:28,000

co-director of the arthur c clarke

128

00:04:31,590 --> 00:04:29,680

center for human imagination but because

129

00:04:33,510 --> 00:04:31,600

i think this is a very very important

130

00:04:35,110 --> 00:04:33,520

subject not the least of which because i

131

00:04:37,590 --> 00:04:35,120

hope to learn some of the physics of the

132

00:04:39,749 --> 00:04:37,600

advanced future if indeed we are being

133

00:04:42,230 --> 00:04:39,759

visited by a an advanced

134

00:04:45,189 --> 00:04:42,240

extraterrestrial civilization or perhaps

135

00:04:46,790 --> 00:04:45,199

as tom calls them threats in either case

136

00:04:48,230 --> 00:04:46,800

i think it's fascinating so i'd love to

137

00:04:51,749 --> 00:04:48,240

introduce today

138

00:04:53,830 --> 00:04:51,759

my guest and uh first to confirm that uh

139

00:04:54,790 --> 00:04:53,840

my friend kurt is out there and he can

140

00:04:57,189 --> 00:04:54,800

hear us

141

00:04:59,430 --> 00:04:57,199

kurt can you please uh can you please

142

00:05:01,110 --> 00:04:59,440

introduce yourself in your channel

143

00:05:03,510 --> 00:05:01,120

sure my name is kurt jaimungle i'm a

144

00:05:05,350 --> 00:05:03,520

filmmaker with a background in math and

145

00:05:06,710 --> 00:05:05,360

physics i'm particularly interested in

146

00:05:09,029 --> 00:05:06,720

the theoretical ends of physics

147

00:05:10,629 --> 00:05:09,039

something called theories of everything

148

00:05:13,189 --> 00:05:10,639

the channel that i host podcasts on is

149

00:05:14,790 --> 00:05:13,199

called theories of everything

150

00:05:17,110 --> 00:05:14,800

essentially what are the fundamental

151

00:05:18,790 --> 00:05:17,120

laws of the universe investigating that

152

00:05:20,950 --> 00:05:18,800

as well as the possible connection those

153

00:05:22,230 --> 00:05:20,960

laws have to consciousness and free will

154

00:05:24,150 --> 00:05:22,240

and even god

155

00:05:25,990 --> 00:05:24,160

my interest in ufos is because there

156

00:05:29,110 --> 00:05:26,000

seems to be an intimate tie between ufos

157

00:05:31,189 --> 00:05:29,120

and consciousness there's almost a

158

00:05:32,790 --> 00:05:31,199

direct tie between physics and ufos

159

00:05:35,029 --> 00:05:32,800

because they defy

160

00:05:36,629 --> 00:05:35,039

our known laws and i'm interested in it

161

00:05:39,029 --> 00:05:36,639

i happen to think that innovation will

162

00:05:40,629 --> 00:05:39,039

come from the fringes rather than the

163

00:05:42,150 --> 00:05:40,639

the center or at least be informed by

164

00:05:44,070 --> 00:05:42,160

the fringes

165

00:05:45,990 --> 00:05:44,080

yeah thank you kurt and i want to remind

166

00:05:47,590 --> 00:05:46,000

people who want to leave questions

167

00:05:49,350 --> 00:05:47,600

please put it in the live chat we are

168

00:05:52,629 --> 00:05:49,360

live it is thursday

169

00:05:55,110 --> 00:05:52,639

2 38 p.m in the pacific time zone

170

00:05:57,590 --> 00:05:55,120

next up is jim a semi-van who has a very

171

00:05:59,909 --> 00:05:57,600

very impressive biography but i thought

172

00:06:01,670 --> 00:05:59,919

maybe he could introduce himself and

173

00:06:03,510 --> 00:06:01,680

talk about maybe how he came to come to

174

00:06:05,110 --> 00:06:03,520

know tom

175

00:06:06,469 --> 00:06:05,120

oh well thank you very much and thank

176

00:06:09,110 --> 00:06:06,479

you very much for having me on your

177

00:06:11,029 --> 00:06:09,120

program um i've heard about you and uh

178

00:06:11,909 --> 00:06:11,039

i'm really happy to be here

179

00:06:14,629 --> 00:06:11,919

um

180

00:06:17,909 --> 00:06:14,639

i i met tom gosh what it was about five

181

00:06:19,110 --> 00:06:17,919

years ago tom um

182

00:06:21,270 --> 00:06:19,120

yeah

183

00:06:23,110 --> 00:06:21,280

there was a group of uh

184

00:06:25,350 --> 00:06:23,120

uh

185

00:06:27,029 --> 00:06:25,360

i'd say intelligence community defense

186

00:06:28,950 --> 00:06:27,039

department people that studied this

187

00:06:32,950 --> 00:06:28,960

topic for a long time

188

00:06:35,510 --> 00:06:32,960

uh very informally and unofficially um

189

00:06:37,270 --> 00:06:35,520

and uh we had got together i got a phone

190

00:06:39,189 --> 00:06:37,280

call from one of them one day and he

191

00:06:41,830 --> 00:06:39,199

said uh do you know this fella named tom

192

00:06:43,909 --> 00:06:41,840

delong and i said no he said blink 182 i

193

00:06:46,070 --> 00:06:43,919

said no doesn't ring any bells

194

00:06:47,909 --> 00:06:46,080

he said well he wrote a book called

195

00:06:49,270 --> 00:06:47,919

secret machines chasing shadows and

196

00:06:50,469 --> 00:06:49,280

there's a lot of information in that

197

00:06:51,590 --> 00:06:50,479

book

198

00:06:52,550 --> 00:06:51,600

um

199

00:06:55,110 --> 00:06:52,560

that

200

00:06:57,590 --> 00:06:55,120

well

201  
00:06:58,870 --> 00:06:57,600  
running true to form and and it we don't

202  
00:07:00,870 --> 00:06:58,880  
know whether or not some of the

203  
00:07:02,230 --> 00:07:00,880  
information on

204  
00:07:03,830 --> 00:07:02,240  
some of the programs that the us

205  
00:07:06,070 --> 00:07:03,840  
government had was being leaked or not

206  
00:07:07,830 --> 00:07:06,080  
and we knew that tom

207  
00:07:09,189 --> 00:07:07,840  
well at least i was told that tom had a

208  
00:07:11,830 --> 00:07:09,199  
lot of senior

209  
00:07:14,070 --> 00:07:11,840  
uh government officials that he was in

210  
00:07:17,670 --> 00:07:14,080  
touch with his his advisors

211  
00:07:19,350 --> 00:07:17,680  
uh so uh i i i we took it upon ourselves

212  
00:07:20,870 --> 00:07:19,360  
to go talk to mr

213  
00:07:23,189 --> 00:07:20,880

mr long

214

00:07:24,950 --> 00:07:23,199

and uh and i was the one basically uh

215

00:07:26,150 --> 00:07:24,960

asked why don't you figure it out you

216

00:07:27,830 --> 00:07:26,160

know you're you're the you're the

217

00:07:30,150 --> 00:07:27,840

operations officer you know you did this

218

00:07:31,749 --> 00:07:30,160

for a living so i had a really nice i

219

00:07:34,150 --> 00:07:31,759

flew out to san diego and had a very

220

00:07:37,029 --> 00:07:34,160

very nice chat with tom and it became

221

00:07:38,870 --> 00:07:37,039

apparent right away that uh tom um not

222

00:07:41,589 --> 00:07:38,880

only being a very nice guy but extremely

223

00:07:43,270 --> 00:07:41,599

bright guy but he had put together

224

00:07:45,830 --> 00:07:43,280

all this data that he had been hearing

225

00:07:48,550 --> 00:07:45,840

and listening to and actually two and

226

00:07:50,790 --> 00:07:48,560

two came out to four i was rather

227

00:07:52,550 --> 00:07:50,800

surprised clearly there was no leak of

228

00:07:54,390 --> 00:07:52,560

that classified information as far as i

229

00:07:56,070 --> 00:07:54,400

was concerned but tom sort of hit the

230

00:07:58,469 --> 00:07:56,080

nail on the head

231

00:08:01,110 --> 00:07:58,479

so i then we had i think breakfast the

232

00:08:02,150 --> 00:08:01,120

next day with uh some other people dr

233

00:08:03,749 --> 00:08:02,160

put off

234

00:08:05,749 --> 00:08:03,759

and i won't name the other people that

235

00:08:09,990 --> 00:08:05,759

were there they may not want their names

236

00:08:12,469 --> 00:08:10,000

known but uh luminaries in the field um

237

00:08:14,230 --> 00:08:12,479

and that's when we started uh tom asked

238

00:08:15,110 --> 00:08:14,240

me if we could

239

00:08:16,950 --> 00:08:15,120

maybe

240

00:08:18,469 --> 00:08:16,960

work with him on to the stars and we

241

00:08:20,150 --> 00:08:18,479

agreed to do that and then i think tom

242

00:08:22,790 --> 00:08:20,160

we sketched out a uh

243

00:08:25,350 --> 00:08:22,800

uh what to the stars uh would look like

244

00:08:27,589 --> 00:08:25,360

on a cocktail napkin there and uh and

245

00:08:30,390 --> 00:08:27,599

that was it we shook hands and uh

246

00:08:33,430 --> 00:08:30,400

we've been uh friends ever since uh uh

247

00:08:35,190 --> 00:08:33,440

and uh so it was a lot of fun

248

00:08:36,870 --> 00:08:35,200

great uh that's great to hear and

249

00:08:39,509 --> 00:08:36,880

actually jim i'm sorry tom this will

250

00:08:41,589 --> 00:08:39,519

probably hurt your ego a lot uh but uh

251

00:08:42,870 --> 00:08:41,599

but they they my audience and kurt's

252

00:08:44,389 --> 00:08:42,880

audience are really like they're

253

00:08:46,550 --> 00:08:44,399

impressed that you're on tom but they're

254

00:08:49,509 --> 00:08:46,560

like we really want to hear from jim so

255

00:08:53,030 --> 00:08:51,110

all of us are the same way it's the

256

00:08:55,269 --> 00:08:53,040

first time in my life anybody wanted to

257

00:08:57,590 --> 00:08:55,279

hear from me but all right yeah so tom

258

00:08:59,110 --> 00:08:57,600

you uh have many distinctions of course

259

00:09:00,470 --> 00:08:59,120

your guitarist and and you could

260

00:09:02,470 --> 00:09:00,480

probably be on the beach here in san

261

00:09:04,630 --> 00:09:02,480

diego and next time we got to do this in

262

00:09:05,910 --> 00:09:04,640

person down up in encinitas or wherever

263

00:09:07,590 --> 00:09:05,920

but uh but you could spend your whole

264

00:09:09,750 --> 00:09:07,600

days you know cashing royalty checks

265

00:09:11,750 --> 00:09:09,760

from your awesome musical career and yet

266

00:09:13,670 --> 00:09:11,760

you don't do that you don't rest on your

267

00:09:15,910 --> 00:09:13,680

laureate laurel so to speak and you've

268

00:09:18,150 --> 00:09:15,920

taken on this new mission and really you

269

00:09:19,269 --> 00:09:18,160

know i have to confess um you know in

270

00:09:20,630 --> 00:09:19,279

the beginning when i first heard i was

271

00:09:23,110 --> 00:09:20,640

like why is this guy interested he's not

272

00:09:25,590 --> 00:09:23,120

a scientist he's not a military pilot uh

273

00:09:26,790 --> 00:09:25,600

but you actually made this into an issue

274

00:09:28,710 --> 00:09:26,800

i don't have to say more than almost

275

00:09:30,230 --> 00:09:28,720

anyone in popular culture you've made

276

00:09:31,350 --> 00:09:30,240

this an issue why is this so important

277

00:09:32,949 --> 00:09:31,360

to you

278

00:09:35,590 --> 00:09:32,959

you know i've always been fascinated

279

00:09:38,150 --> 00:09:35,600

with like kind of why we're here and

280

00:09:40,870 --> 00:09:38,160

what this is all about anybody

281

00:09:43,590 --> 00:09:40,880

uh that has any kind of similar wiring

282

00:09:46,310 --> 00:09:43,600

to me um who would understand you know

283

00:09:48,310 --> 00:09:46,320

growing up in a broken family and like

284

00:09:50,710 --> 00:09:48,320

i got kicked out of high school you know

285

00:09:52,550 --> 00:09:50,720

i just read a lot of bad tough kids and

286

00:09:54,070 --> 00:09:52,560

and i and my parents didn't get along

287

00:09:55,829 --> 00:09:54,080

you know and i just looked around a lot

288

00:09:57,750 --> 00:09:55,839

and i said this doesn't make any sense

289

00:10:00,630 --> 00:09:57,760

to me like really like somehow by

290

00:10:02,470 --> 00:10:00,640

accident or some weird design like i'm

291

00:10:05,190 --> 00:10:02,480

just supposed to only care about my

292

00:10:07,509 --> 00:10:05,200

bickering family and my my school that i

293

00:10:09,910 --> 00:10:07,519

didn't really fit into and go and get a

294

00:10:12,630 --> 00:10:09,920

job that i hate so i kind of started

295

00:10:14,949 --> 00:10:12,640

early on on a quest of like not being

296

00:10:17,590 --> 00:10:14,959

like my parents you know and and working

297

00:10:19,910 --> 00:10:17,600

for myself and i was i was an artist i

298

00:10:20,790 --> 00:10:19,920

wanted to create things but as an artist

299

00:10:23,350 --> 00:10:20,800

you know

300

00:10:24,630 --> 00:10:23,360

you want people to emotionally get moved

301  
00:10:27,590 --> 00:10:24,640  
by the art that you're creating the

302  
00:10:28,710 --> 00:10:27,600  
whole good job of an artist is to digest

303  
00:10:30,710 --> 00:10:28,720  
the world

304  
00:10:32,550 --> 00:10:30,720  
and with your point of view you kind of

305  
00:10:35,190 --> 00:10:32,560  
regurgitate it back to somebody then

306  
00:10:36,790 --> 00:10:35,200  
they get to digest it and hopefully they

307  
00:10:38,150 --> 00:10:36,800  
they see other points of view i mean

308  
00:10:40,389 --> 00:10:38,160  
that's what we do that is our job

309  
00:10:42,389 --> 00:10:40,399  
description so when i looked around i

310  
00:10:45,110 --> 00:10:42,399  
was like none of this makes sense you

311  
00:10:47,110 --> 00:10:45,120  
know what what really moves me would be

312  
00:10:49,590 --> 00:10:47,120  
like what's the layer deeper than all

313  
00:10:51,110 --> 00:10:49,600

this and that's when i started realizing

314

00:10:52,949 --> 00:10:51,120

that there's an entire like kind of

315

00:10:55,430 --> 00:10:52,959

esoteric study out there that deals with

316

00:10:57,350 --> 00:10:55,440

consciousness and ufos and you know

317

00:10:58,790 --> 00:10:57,360

cosmology and all these different things

318

00:11:00,870 --> 00:10:58,800

but really when you when you get into

319

00:11:02,710 --> 00:11:00,880

ufos at first it's fascinating at first

320

00:11:04,630 --> 00:11:02,720

it's like oh my god conspiracy theory

321

00:11:06,790 --> 00:11:04,640

you know this is fun and then you start

322

00:11:08,470 --> 00:11:06,800

kind of going wait some of this is

323

00:11:10,470 --> 00:11:08,480

like real there's no way there's an

324

00:11:12,310 --> 00:11:10,480

astronaut here there's like a president

325

00:11:14,470 --> 00:11:12,320

there's like you know director of the

326

00:11:15,509 --> 00:11:14,480

cia or some admiral and you're kind of

327

00:11:17,670 --> 00:11:15,519

going

328

00:11:19,509 --> 00:11:17,680

wait a second and then you start diving

329

00:11:20,949 --> 00:11:19,519

deeper and then when you dive deeper i

330

00:11:23,430 --> 00:11:20,959

always tell people it's

331

00:11:24,790 --> 00:11:23,440

you're not studying like events really i

332

00:11:27,030 --> 00:11:24,800

mean those are fun and you get into

333

00:11:28,710 --> 00:11:27,040

those the first few years but really if

334

00:11:30,230 --> 00:11:28,720

you study this subject you're you're

335

00:11:31,509 --> 00:11:30,240

like jim said it's like you know you're

336

00:11:33,269 --> 00:11:31,519

getting into quantum mechanics and

337

00:11:34,949 --> 00:11:33,279

you're getting into consciousness and

338

00:11:36,710 --> 00:11:34,959

you're looking at archaeology

339

00:11:38,230 --> 00:11:36,720

differently and petroglyphs and stuff

340

00:11:41,030 --> 00:11:38,240

and you're starting to really soak in

341

00:11:42,630 --> 00:11:41,040

all the branches of the tree um and it

342

00:11:45,829 --> 00:11:42,640

seemed to me

343

00:11:47,670 --> 00:11:45,839

that all those things combined it really

344

00:11:50,949 --> 00:11:47,680

created a glue

345

00:11:54,310 --> 00:11:50,959

in my mind at least that tied together

346

00:11:56,630 --> 00:11:54,320

so many disparate ends of what mankind

347

00:11:59,030 --> 00:11:56,640

is all about and what's been going on it

348

00:12:00,790 --> 00:11:59,040

almost fit like a perfect puzzle piece

349

00:12:02,710 --> 00:12:00,800

not that i know

350

00:12:06,230 --> 00:12:02,720

everything i don't know if anyone does

351

00:12:08,389 --> 00:12:06,240

but for me and and it just became very

352

00:12:10,550 --> 00:12:08,399

um evident that this was like oh my this

353

00:12:12,790 --> 00:12:10,560

is a puzzle piece that fits it fits

354

00:12:15,350 --> 00:12:12,800

in all these things that i grew up you

355

00:12:17,430 --> 00:12:15,360

know um having interactions with from

356

00:12:19,990 --> 00:12:17,440

like religion to

357

00:12:22,790 --> 00:12:20,000

government national security stuff to

358

00:12:25,030 --> 00:12:22,800

advance technology stuff to the history

359

00:12:27,910 --> 00:12:25,040

of mankind and so on and i'm still on

360

00:12:29,509 --> 00:12:27,920

that quest but um

361

00:12:31,590 --> 00:12:29,519

on another note it's the only thing that

362

00:12:33,030 --> 00:12:31,600

ever took me out of the maddening kind

363

00:12:35,269 --> 00:12:33,040

of obsession of trying to write a better

364

00:12:36,870 --> 00:12:35,279

song like when you're in a band it's

365

00:12:38,230 --> 00:12:36,880

or you're painting a painting any kind

366

00:12:40,949 --> 00:12:38,240

of art it's only going to be as good as

367

00:12:42,389 --> 00:12:40,959

how much time you can put into it and um

368

00:12:43,670 --> 00:12:42,399

so what you end up doing is putting all

369

00:12:45,509 --> 00:12:43,680

your time into it especially if you work

370

00:12:47,030 --> 00:12:45,519

for yourself it's like your wife's like

371

00:12:48,710 --> 00:12:47,040

joining the family and you're at playing

372

00:12:50,550 --> 00:12:48,720

guitar at one in the morning go no i got

373

00:12:52,230 --> 00:12:50,560

to figure out this melody well this is

374

00:12:55,269 --> 00:12:52,240

like the one thing that got me out of

375

00:12:56,470 --> 00:12:55,279

that because i i need to learn all the

376

00:12:57,829 --> 00:12:56,480

time

377

00:12:59,829 --> 00:12:57,839

i don't really like

378

00:13:01,910 --> 00:12:59,839

like predictable movies i don't like

379

00:13:04,150 --> 00:13:01,920

normal fiction books and stuff but this

380

00:13:06,150 --> 00:13:04,160

was like a fiction story

381

00:13:08,550 --> 00:13:06,160

but that has a bunch of things you can

382

00:13:10,629 --> 00:13:08,560

learn it's like it's just as fascinating

383

00:13:13,190 --> 00:13:10,639

but you can really enrich your mind and

384

00:13:15,590 --> 00:13:13,200

soul by diving into some of these

385

00:13:18,949 --> 00:13:15,600

branches of the tree you know so

386

00:13:21,110 --> 00:13:18,959

here i am 20 years later i put some good

387

00:13:21,910 --> 00:13:21,120

pieces together um

388

00:13:23,350 --> 00:13:21,920

but

389

00:13:25,110 --> 00:13:23,360

as jim will tell you the first day i met

390

00:13:25,910 --> 00:13:25,120

jim i was like thank god you know he's

391

00:13:27,430 --> 00:13:25,920

like

392

00:13:29,430 --> 00:13:27,440

who are you what are you doing and i'm

393

00:13:31,110 --> 00:13:29,440

like i'm looking for somebody to work

394

00:13:32,629 --> 00:13:31,120

with me i i think we can do something

395

00:13:34,949 --> 00:13:32,639

great for the world i just don't really

396

00:13:37,590 --> 00:13:34,959

know how to do it by myself i need i

397

00:13:39,269 --> 00:13:37,600

need some help and and thankfully

398

00:13:40,949 --> 00:13:39,279

jim and a bunch of the people that he

399

00:13:41,990 --> 00:13:40,959

knew and was working with felt the same

400

00:13:44,470 --> 00:13:42,000

way it's

401  
00:13:46,790 --> 00:13:44,480  
it was just a good time to come together

402  
00:13:49,430 --> 00:13:46,800  
do you ever get um you know kind of the

403  
00:13:51,350 --> 00:13:49,440  
i'm sure you've had your share of of

404  
00:13:53,269 --> 00:13:51,360  
negative influences maybe people that

405  
00:13:55,509 --> 00:13:53,279  
don't like you in some way for your

406  
00:13:57,350 --> 00:13:55,519  
music or your or this research do you

407  
00:13:59,509 --> 00:13:57,360  
find any commonalities though in kinds

408  
00:14:01,509 --> 00:13:59,519  
of the support or maybe the negative

409  
00:14:03,269 --> 00:14:01,519  
attention that you get uh because you

410  
00:14:05,590 --> 00:14:03,279  
know on the face of it yes there are

411  
00:14:08,069 --> 00:14:05,600  
aspects of it but i would think naively

412  
00:14:09,189 --> 00:14:08,079  
scientists pilots etc we'd be the most

413  
00:14:11,189 --> 00:14:09,199

interested but you made the interesting

414

00:14:12,710 --> 00:14:11,199

point that it's part of culture and

415

00:14:15,350 --> 00:14:12,720

people don't appreciate that science is

416

00:14:17,990 --> 00:14:15,360

a form of culture too uh equal in every

417

00:14:19,670 --> 00:14:18,000

respect in my opinion uh to arts and you

418

00:14:21,670 --> 00:14:19,680

know and letters and so forth so do you

419

00:14:24,470 --> 00:14:21,680

find commonality there tom just from the

420

00:14:26,629 --> 00:14:24,480

two different careers that you've had

421

00:14:28,150 --> 00:14:26,639

um i do i mean

422

00:14:30,710 --> 00:14:28,160

you know it's funny like one of the one

423

00:14:32,470 --> 00:14:30,720

of the when i was working with um

424

00:14:34,949 --> 00:14:32,480

and when i was building relationships

425

00:14:37,189 --> 00:14:34,959

with people before i knew jim that were

426  
00:14:39,590 --> 00:14:37,199  
you know high-ranking former government

427  
00:14:42,150 --> 00:14:39,600  
officials or military people and stuff i

428  
00:14:44,310 --> 00:14:42,160  
remember i wanted to thank them um for

429  
00:14:45,269 --> 00:14:44,320  
their time listening to me you know and

430  
00:14:47,110 --> 00:14:45,279  
so

431  
00:14:49,269 --> 00:14:47,120  
one way to thank them that i came up

432  
00:14:51,590 --> 00:14:49,279  
with was in

433  
00:14:53,509 --> 00:14:51,600  
the government kind of military

434  
00:14:55,110 --> 00:14:53,519  
industrial complex world they all create

435  
00:14:56,629 --> 00:14:55,120  
these challenge coins have you ever seen

436  
00:14:58,150 --> 00:14:56,639  
the challenge coins where you got one

437  
00:15:00,150 --> 00:14:58,160  
here yeah i've got it you got one there

438  
00:15:01,670 --> 00:15:00,160

well for the people watching it's like

439

00:15:03,670 --> 00:15:01,680

you know these little coins that have

440

00:15:05,350 --> 00:15:03,680

like your platoon name on there maybe

441

00:15:07,670 --> 00:15:05,360

the things you believe in maybe it's the

442

00:15:10,150 --> 00:15:07,680

operation you're a part of yeah here's

443

00:15:12,790 --> 00:15:10,160

one from my buddy in afghanistan yeah

444

00:15:14,230 --> 00:15:12,800

they all make um um there you go

445

00:15:16,069 --> 00:15:14,240

so these little coins you bring them out

446

00:15:17,670 --> 00:15:16,079

of bars and you owe each other drinks

447

00:15:19,350 --> 00:15:17,680

depending on who's got a better coin or

448

00:15:20,870 --> 00:15:19,360

whatever so i decided to make a

449

00:15:24,230 --> 00:15:20,880

challenge point and i put on the

450

00:15:25,509 --> 00:15:24,240

vitruvian man which was uh da vinci's

451  
00:15:29,110 --> 00:15:25,519  
you know

452  
00:15:30,790 --> 00:15:29,120  
legs kind of thing but what that stood

453  
00:15:32,230 --> 00:15:30,800  
for was art and science and what i

454  
00:15:33,990 --> 00:15:32,240  
really liked about that and this all

455  
00:15:36,230 --> 00:15:34,000  
comes full circle to your question was

456  
00:15:37,350 --> 00:15:36,240  
um art and science to me was something

457  
00:15:39,750 --> 00:15:37,360  
measurable with something that's

458  
00:15:41,750 --> 00:15:39,760  
infinite you know it's consciousness and

459  
00:15:43,990 --> 00:15:41,760  
zeros and ones to some degree but when

460  
00:15:45,590 --> 00:15:44,000  
they come together um i think for the

461  
00:15:46,949 --> 00:15:45,600  
longest time we've always separated

462  
00:15:48,069 --> 00:15:46,959  
consciousness and things that we don't

463  
00:15:49,590 --> 00:15:48,079

understand

464

00:15:52,310 --> 00:15:49,600

and we put it in religion we just go

465

00:15:54,470 --> 00:15:52,320

that's god's world so we can't know that

466

00:15:57,189 --> 00:15:54,480

we can't measure that um yeah there you

467

00:15:59,030 --> 00:15:57,199

go and um and so consciousness in

468

00:16:01,910 --> 00:15:59,040

metaphysics and things we don't

469

00:16:03,670 --> 00:16:01,920

understand was supernatural paranormal

470

00:16:05,590 --> 00:16:03,680

um and it was in the realm of the old

471

00:16:08,150 --> 00:16:05,600

testament or something you know um or

472

00:16:09,990 --> 00:16:08,160

other religions um but the vitruvian man

473

00:16:11,430 --> 00:16:10,000

this idea of bringing consciousness and

474

00:16:13,110 --> 00:16:11,440

science or art and science together

475

00:16:14,790 --> 00:16:13,120

because art is really just a stream of

476

00:16:16,150 --> 00:16:14,800

consciousness you're making things up so

477

00:16:18,069 --> 00:16:16,160

the question is is where are you getting

478

00:16:19,990 --> 00:16:18,079

that you know you're you're some type of

479

00:16:22,389 --> 00:16:20,000

antenna and you're pulling it from

480

00:16:23,990 --> 00:16:22,399

consciousness in my view um so i use

481

00:16:26,069 --> 00:16:24,000

this on the challenge point to say look

482

00:16:27,829 --> 00:16:26,079

as an artist and as something that's

483

00:16:29,269 --> 00:16:27,839

scientifically based here if we can

484

00:16:30,870 --> 00:16:29,279

merge these together the future of

485

00:16:33,430 --> 00:16:30,880

science i think is going to be once we

486

00:16:35,590 --> 00:16:33,440

understand consciousness we take the the

487

00:16:37,509 --> 00:16:35,600

realm of what used to be all religion or

488

00:16:38,949 --> 00:16:37,519

something and we merge it with science

489

00:16:42,230 --> 00:16:38,959

and now we got like this theory of

490

00:16:43,749 --> 00:16:42,240

everything um so i wanted to say that my

491

00:16:45,749 --> 00:16:43,759

my um

492

00:16:47,590 --> 00:16:45,759

project was that it was an artist

493

00:16:49,590 --> 00:16:47,600

working with things that are tangible

494

00:16:50,949 --> 00:16:49,600

tangible and measurable and so i made

495

00:16:52,710 --> 00:16:50,959

these challenge coins i put the

496

00:16:55,430 --> 00:16:52,720

vitruvian man on there

497

00:16:57,749 --> 00:16:55,440

and i gave them to everybody and and um

498

00:16:59,430 --> 00:16:57,759

for me i got the same rush

499

00:17:01,590 --> 00:16:59,440

as being an artist but with this because

500

00:17:02,629 --> 00:17:01,600

i really felt that i was

501  
00:17:04,949 --> 00:17:02,639  
i was

502  
00:17:06,549 --> 00:17:04,959  
putting something together with a point

503  
00:17:09,029 --> 00:17:06,559  
of view that people

504  
00:17:11,669 --> 00:17:09,039  
really haven't been able to spend time

505  
00:17:12,470 --> 00:17:11,679  
with or study or look at or notice

506  
00:17:14,870 --> 00:17:12,480  
um

507  
00:17:17,110 --> 00:17:14,880  
and it became kind of like the guiding

508  
00:17:19,510 --> 00:17:17,120  
north star the light you know was the

509  
00:17:21,110 --> 00:17:19,520  
merging of these two things um and it's

510  
00:17:23,750 --> 00:17:21,120  
just been a hell of a lot of fun along

511  
00:17:25,350 --> 00:17:23,760  
the way i believe it kurt uh would you

512  
00:17:27,029 --> 00:17:25,360  
like to ask uh you had some comments and

513  
00:17:29,110 --> 00:17:27,039

questions for jim do you want to take it

514

00:17:30,630 --> 00:17:29,120

from here yeah

515

00:17:32,390 --> 00:17:30,640

first i want you

516

00:17:34,630 --> 00:17:32,400

tom and jim and the audience to know

517

00:17:37,029 --> 00:17:34,640

that i'm not a skeptic nor a debunker

518

00:17:39,110 --> 00:17:37,039

i'm more of a

519

00:17:41,190 --> 00:17:39,120

i'm curious and i'm clueless

520

00:17:43,270 --> 00:17:41,200

when i research this topic i'm just

521

00:17:45,110 --> 00:17:43,280

baffled and bewildered constantly i

522

00:17:47,669 --> 00:17:45,120

don't know what to think

523

00:17:49,350 --> 00:17:47,679

so when i spoke to travis walton

524

00:17:51,830 --> 00:17:49,360

recently some people thought that i was

525

00:17:53,510 --> 00:17:51,840

a skeptic that's actually not true i i'm

526  
00:17:54,950 --> 00:17:53,520  
asking detailed questions because i want

527  
00:17:56,789 --> 00:17:54,960  
to know what was the air like on this

528  
00:17:58,470 --> 00:17:56,799  
alien ship i want to know what did the

529  
00:18:00,230 --> 00:17:58,480  
glass rod feel like was it heavy was

530  
00:18:02,230 --> 00:18:00,240  
gravity the same and so on so if i ask

531  
00:18:03,590 --> 00:18:02,240  
you detailed questions please it's out

532  
00:18:08,470 --> 00:18:03,600  
of a place of love

533  
00:18:15,190 --> 00:18:10,390  
because you're asking jim right

534  
00:18:16,870 --> 00:18:15,200  
i can ask you whoever wants to answer

535  
00:18:18,630 --> 00:18:16,880  
what's going on at skinwalker and what's

536  
00:18:21,510 --> 00:18:18,640  
its connections to

537  
00:18:22,870 --> 00:18:21,520  
what's its connection to ufos

538  
00:18:25,669 --> 00:18:22,880

uh

539

00:18:28,710 --> 00:18:25,679

well i am by no means an ex expert on

540

00:18:30,470 --> 00:18:28,720

skinwalker ranch uh tom and i know

541

00:18:33,909 --> 00:18:30,480

uh all the people that are involved

542

00:18:35,590 --> 00:18:33,919

george uh calm uh kelleher and george

543

00:18:37,510 --> 00:18:35,600

knapp keller her

544

00:18:38,950 --> 00:18:37,520

uh i've never met mr bigelow i was

545

00:18:40,710 --> 00:18:38,960

supposed to at one point but it never

546

00:18:43,430 --> 00:18:40,720

never happened but um

547

00:18:45,590 --> 00:18:43,440

uh there's

548

00:18:47,190 --> 00:18:45,600

i think that that's a fascinating case

549

00:18:49,430 --> 00:18:47,200

uh the

550

00:18:51,190 --> 00:18:49,440

uh i think but i don't know whether i

551  
00:18:52,710 --> 00:18:51,200  
can actually discuss that in any kind of

552  
00:18:54,070 --> 00:18:52,720  
meaningful way because i wasn't there

553  
00:18:56,390 --> 00:18:54,080  
and i wasn't part of it i read the book

554  
00:18:57,990 --> 00:18:56,400  
like everybody else i john alexander's a

555  
00:19:00,310 --> 00:18:58,000  
dear friend of mine and you know he was

556  
00:19:03,909 --> 00:19:00,320  
there and we talk about it quite a bit

557  
00:19:06,310 --> 00:19:03,919  
um i think uh what had happened there uh

558  
00:19:09,669 --> 00:19:06,320  
was true and accurate and real

559  
00:19:11,669 --> 00:19:09,679  
uh but i also believe that when you go

560  
00:19:13,270 --> 00:19:11,679  
looking

561  
00:19:16,070 --> 00:19:13,280  
for the phenomenon

562  
00:19:19,029 --> 00:19:16,080  
uh it basically doesn't show itself uh

563  
00:19:20,950 --> 00:19:19,039

it doesn't like to do that and after 40

564

00:19:22,390 --> 00:19:20,960

years of studying that

565

00:19:24,310 --> 00:19:22,400

you know it's it's that low

566

00:19:25,830 --> 00:19:24,320

observability thing going on you know

567

00:19:28,789 --> 00:19:25,840

why we can never get a good picture of

568

00:19:30,789 --> 00:19:28,799

uap for some strange reason it doesn't

569

00:19:32,870 --> 00:19:30,799

want to go there so you mentioned

570

00:19:34,789 --> 00:19:32,880

earlier you're dazed and confused well

571

00:19:36,549 --> 00:19:34,799

yeah i'm about as days as confused as

572

00:19:38,870 --> 00:19:36,559

you are by the whole thing i have my own

573

00:19:41,029 --> 00:19:38,880

opinions based on what i know and based

574

00:19:42,950 --> 00:19:41,039

on what i've read but um

575

00:19:45,270 --> 00:19:42,960

skinwalker is fascinating i i you know

576  
00:19:47,110 --> 00:19:45,280  
from everybody i know that been there

577  
00:19:48,549 --> 00:19:47,120  
and done that including

578  
00:19:50,549 --> 00:19:48,559  
some people that were not mentioned in

579  
00:19:53,029 --> 00:19:50,559  
the book which i don't want to get into

580  
00:19:55,909 --> 00:19:53,039  
but uh it's uh

581  
00:19:57,990 --> 00:19:55,919  
it's a pretty serious place and a lot of

582  
00:19:59,110 --> 00:19:58,000  
serious things happen there

583  
00:20:00,870 --> 00:19:59,120  
um

584  
00:20:03,029 --> 00:20:00,880  
but i'll let tom go

585  
00:20:04,870 --> 00:20:03,039  
go and talk more about that

586  
00:20:07,350 --> 00:20:04,880  
sure you know i what i find fascinating

587  
00:20:09,669 --> 00:20:07,360  
about skinwalker is that um you

588  
00:20:10,870 --> 00:20:09,679

basically have the convergence of

589

00:20:11,830 --> 00:20:10,880

multiple

590

00:20:17,110 --> 00:20:11,840

you know

591

00:20:19,430 --> 00:20:17,120

look at ufos you can find stories where

592

00:20:20,870 --> 00:20:19,440

somebody might come out and their cattle

593

00:20:22,070 --> 00:20:20,880

are missing or

594

00:20:24,230 --> 00:20:22,080

there's um

595

00:20:25,990 --> 00:20:24,240

you know a cattle mutilation where blood

596

00:20:27,909 --> 00:20:26,000

is gone or parts of the jar are

597

00:20:30,149 --> 00:20:27,919

dissected maybe an eyeball's gone maybe

598

00:20:31,350 --> 00:20:30,159

the reproductive reproductive organs are

599

00:20:34,630 --> 00:20:31,360

gone or whatever

600

00:20:36,630 --> 00:20:34,640

um and a lot of like really weird things

601  
00:20:38,870 --> 00:20:36,640  
about it like maybe the cuts are in

602  
00:20:40,789 --> 00:20:38,880  
between cells maybe there's no vascular

603  
00:20:43,110 --> 00:20:40,799  
collapse maybe it happened within 10

604  
00:20:45,669 --> 00:20:43,120  
minutes when the farmer turned around or

605  
00:20:47,510 --> 00:20:45,679  
something then you have um people that

606  
00:20:49,830 --> 00:20:47,520  
might have seen lights in the sky the

607  
00:20:51,350 --> 00:20:49,840  
day the night before when it happened or

608  
00:20:54,470 --> 00:20:51,360  
you know then there's people that have

609  
00:20:57,350 --> 00:20:54,480  
paranormal feelings they might have seen

610  
00:20:59,190 --> 00:20:57,360  
like you know some type of entity that's

611  
00:21:01,590 --> 00:20:59,200  
invisible or something they weren't

612  
00:21:03,350 --> 00:21:01,600  
quite sure then you have poltergeist

613  
00:21:04,950 --> 00:21:03,360

events and other houses whatever but

614

00:21:06,630 --> 00:21:04,960

what's weird about skinwalkers they were

615

00:21:08,070 --> 00:21:06,640

all happening there you know so you have

616

00:21:09,110 --> 00:21:08,080

all these things happening in one

617

00:21:11,270 --> 00:21:09,120

location

618

00:21:14,470 --> 00:21:11,280

but as jim said it's like

619

00:21:16,789 --> 00:21:14,480

super elusive um it's almost like it'll

620

00:21:18,950 --> 00:21:16,799

watch you be there for a week and then

621

00:21:20,149 --> 00:21:18,960

the night you're driving away to go home

622

00:21:21,430 --> 00:21:20,159

it's like you look in your rear-view

623

00:21:23,510 --> 00:21:21,440

mirror and there's something crazy you

624

00:21:24,950 --> 00:21:23,520

know and it almost toys with you that

625

00:21:26,789 --> 00:21:24,960

was something that they all seem to say

626

00:21:28,390 --> 00:21:26,799

like it seemed like it knew

627

00:21:30,070 --> 00:21:28,400

that you wanted to see something you

628

00:21:32,230 --> 00:21:30,080

want to do something whatever what i

629

00:21:34,070 --> 00:21:32,240

find fascinating is that you have this

630

00:21:36,710 --> 00:21:34,080

one location where so many things are

631

00:21:38,390 --> 00:21:36,720

happening and it's documented by a bunch

632

00:21:39,590 --> 00:21:38,400

of government people a bunch of phd

633

00:21:42,149 --> 00:21:39,600

scientists a bunch of people that have

634

00:21:43,669 --> 00:21:42,159

lived there and um and not only

635

00:21:46,870 --> 00:21:43,679

documented over like a few months we're

636

00:21:48,789 --> 00:21:46,880

talking like decades you know and it's

637

00:21:50,470 --> 00:21:48,799

kind of a hot spot where you can kind of

638

00:21:52,070 --> 00:21:50,480

dig into

639

00:21:54,549 --> 00:21:52,080

trying to find why are they all

640

00:21:56,630 --> 00:21:54,559

happening at this one location and and

641

00:22:01,110 --> 00:21:56,640

what interests me is that i think it

642

00:22:02,390 --> 00:22:01,120

gives us a potential pathway to discuss

643

00:22:04,230 --> 00:22:02,400

some

644

00:22:06,710 --> 00:22:04,240

alternate um

645

00:22:08,789 --> 00:22:06,720

candidates for where they're from or

646

00:22:10,310 --> 00:22:08,799

what they're doing or how it all works

647

00:22:12,549 --> 00:22:10,320

like i think most people like to think

648

00:22:14,310 --> 00:22:12,559

of ufos is they're coming from another

649

00:22:15,750 --> 00:22:14,320

planet you know we found an exoplanet

650

00:22:17,430 --> 00:22:15,760

and it's coming there and how do they

651  
00:22:19,510 --> 00:22:17,440  
travel well they could do it in 30 years

652  
00:22:22,070 --> 00:22:19,520  
and they go fast well the data doesn't

653  
00:22:23,669 --> 00:22:22,080  
seem to suggest that really it it it's

654  
00:22:25,350 --> 00:22:23,679  
more what's happening at skinwalker

655  
00:22:27,029 --> 00:22:25,360  
where it seems like

656  
00:22:28,630 --> 00:22:27,039  
it's more about frequencies and

657  
00:22:30,750 --> 00:22:28,640  
dimensional or

658  
00:22:33,750 --> 00:22:30,760  
they materialize it's almost like their

659  
00:22:37,029 --> 00:22:33,760  
displacement craft that displaces our

660  
00:22:39,190 --> 00:22:37,039  
time like a submarine would in the ocean

661  
00:22:41,510 --> 00:22:39,200  
um and that was a lot of what dr

662  
00:22:43,590 --> 00:22:41,520  
halpudoff worked on on atip was

663  
00:22:45,350 --> 00:22:43,600

understanding the attributes of the

664

00:22:47,750 --> 00:22:45,360

propulsion and the science that they're

665

00:22:51,750 --> 00:22:47,760

using and i think once you think about

666

00:22:53,669 --> 00:22:51,760

ufos using that kind of a technology

667

00:22:56,310 --> 00:22:53,679

then it's kind of like well if they do

668

00:22:58,630 --> 00:22:56,320

that if they use that that means there's

669

00:23:01,830 --> 00:22:58,640

things that are adjacent to us

670

00:23:03,830 --> 00:23:01,840

that we don't see we don't understand

671

00:23:06,310 --> 00:23:03,840

but are like right here and every once

672

00:23:08,310 --> 00:23:06,320

in a while they can kind of cross over

673

00:23:10,470 --> 00:23:08,320

is it because we're aware of it and can

674

00:23:13,430 --> 00:23:10,480

see it and that opens it or is it

675

00:23:16,070 --> 00:23:13,440

because it's a geomagnetic

676

00:23:18,390 --> 00:23:16,080

area where where those types of things

677

00:23:20,470 --> 00:23:18,400

are have an easier time coming through

678

00:23:22,789 --> 00:23:20,480

um or is it everywhere and we just think

679

00:23:24,470 --> 00:23:22,799

it's in one location i don't know i mean

680

00:23:26,630 --> 00:23:24,480

there's a story that even happened there

681

00:23:27,990 --> 00:23:26,640

where they like you know they were there

682

00:23:29,190 --> 00:23:28,000

and they and you're talking about

683

00:23:31,590 --> 00:23:29,200

government

684

00:23:33,350 --> 00:23:31,600

grade phds where they watch

685

00:23:35,110 --> 00:23:33,360

you know something in the atmosphere

686

00:23:36,549 --> 00:23:35,120

open up and something come through not

687

00:23:38,870 --> 00:23:36,559

sure what it is

688

00:23:40,710 --> 00:23:38,880

and and it was a huge event so they run

689

00:23:42,149 --> 00:23:40,720

down to grab the cameras and see what

690

00:23:44,070 --> 00:23:42,159

was on the cameras they open up these

691

00:23:45,909 --> 00:23:44,080

lock boxes and then like all the

692

00:23:47,270 --> 00:23:45,919

electronics are missing and the cameras

693

00:23:49,350 --> 00:23:47,280

and they're like wait what like these

694

00:23:51,510 --> 00:23:49,360

were locked up and who took it's like a

695

00:23:52,710 --> 00:23:51,520

game and so it gets really interesting

696

00:23:54,470 --> 00:23:52,720

where

697

00:23:57,110 --> 00:23:54,480

is it a game i don't know but it might

698

00:23:59,669 --> 00:23:57,120

be a consciousness thing and so

699

00:24:01,590 --> 00:23:59,679

i get passionate about a place like that

700

00:24:03,350 --> 00:24:01,600

because it gives you the ability

701  
00:24:05,590 --> 00:24:03,360  
to do to really jump into some wild

702  
00:24:08,549 --> 00:24:05,600  
stuff i mean one of the scientists there

703  
00:24:11,269 --> 00:24:08,559  
was walking through a field and they

704  
00:24:13,190 --> 00:24:11,279  
basically saw um you know they saw they

705  
00:24:15,750 --> 00:24:13,200  
walked past um

706  
00:24:17,430 --> 00:24:15,760  
like a cow or something and then they

707  
00:24:19,269 --> 00:24:17,440  
turned around it was gone

708  
00:24:21,350 --> 00:24:19,279  
and then like 10 minutes later they're

709  
00:24:22,630 --> 00:24:21,360  
like where is it they turn back around

710  
00:24:24,630 --> 00:24:22,640  
and there it is on the ground just out

711  
00:24:27,190 --> 00:24:24,640  
of nowhere with like two broken legs so

712  
00:24:29,190 --> 00:24:27,200  
they run in the ground

713  
00:24:30,870 --> 00:24:29,200

it was no it was alive you know and then

714

00:24:33,029 --> 00:24:30,880

they run back into

715

00:24:34,390 --> 00:24:33,039

the the house to go grab a gun or

716

00:24:35,669 --> 00:24:34,400

something to take care of it and when

717

00:24:37,909 --> 00:24:35,679

they come out now it has four broken

718

00:24:41,669 --> 00:24:37,919

legs you know or something it's like

719

00:24:43,269 --> 00:24:41,679

creepy and and and like causing

720

00:24:45,350 --> 00:24:43,279

alarm because

721

00:24:47,430 --> 00:24:45,360

number one it makes no sense number two

722

00:24:49,430 --> 00:24:47,440

it's like it's happening so quick that

723

00:24:50,710 --> 00:24:49,440

they can't even um and i got family

724

00:24:52,630 --> 00:24:50,720

showing up from the beach you know you

725

00:24:54,070 --> 00:24:52,640

see people behind me but um you

726  
00:24:56,230 --> 00:24:54,080  
mentioned the beach they all went to the

727  
00:24:59,269 --> 00:24:56,240  
beach earlier but um

728  
00:25:01,590 --> 00:24:59,279  
what it seems to be is that it's it's

729  
00:25:02,549 --> 00:25:01,600  
you know an issue with

730  
00:25:04,470 --> 00:25:02,559  
time

731  
00:25:07,190 --> 00:25:04,480  
um and an issue with

732  
00:25:09,430 --> 00:25:07,200  
moving it like from here to here where

733  
00:25:12,470 --> 00:25:09,440  
we can't see it and back and then people

734  
00:25:14,870 --> 00:25:12,480  
will see crap and then i don't know it's

735  
00:25:16,470 --> 00:25:14,880  
it's just wild and it and it's so

736  
00:25:17,750 --> 00:25:16,480  
fascinating and i always tell people in

737  
00:25:19,590 --> 00:25:17,760  
hollywood because you know to the stars

738  
00:25:21,510 --> 00:25:19,600

is getting into making like

739

00:25:22,630 --> 00:25:21,520

movies and tv series and documentaries

740

00:25:24,470 --> 00:25:22,640

and stuff and i just you don't need to

741

00:25:25,750 --> 00:25:24,480

sensationalize this stuff you don't need

742

00:25:27,269 --> 00:25:25,760

to come up with

743

00:25:32,950 --> 00:25:27,279

um

744

00:25:35,510 --> 00:25:32,960

you know ideas to make it intriguing i

745

00:25:37,990 --> 00:25:35,520

mean it's it is it's it's wild the way

746

00:25:39,750 --> 00:25:38,000

it is you don't have to do much to it

747

00:25:42,470 --> 00:25:39,760

have you come up with any theories as to

748

00:25:44,230 --> 00:25:42,480

why cattle mutilations occur

749

00:25:46,230 --> 00:25:44,240

me personally

750

00:25:47,909 --> 00:25:46,240

or heard any that you found to be

751

00:25:50,230 --> 00:25:47,919

interesting

752

00:25:51,830 --> 00:25:50,240

well i wouldn't have any science to back

753

00:25:54,470 --> 00:25:51,840

anything up so i could tell you i'm a

754

00:25:56,630 --> 00:25:54,480

dreamer you know so i can come up with a

755

00:25:59,350 --> 00:25:56,640

bunch of ideas i have some

756

00:26:00,549 --> 00:25:59,360

um you know i've heard scientists

757

00:26:02,710 --> 00:26:00,559

discuss

758

00:26:04,789 --> 00:26:02,720

you know tracking our food supply you

759

00:26:06,870 --> 00:26:04,799

know trying to see if there's

760

00:26:08,710 --> 00:26:06,880

things that are in our food supply that

761

00:26:10,470 --> 00:26:08,720

are affecting kind of how we evolve okay

762

00:26:11,909 --> 00:26:10,480

that that was an interesting and there's

763

00:26:13,830 --> 00:26:11,919

a lot more to it but it's not my place

764

00:26:15,830 --> 00:26:13,840

to get into that um i've heard people

765

00:26:18,549 --> 00:26:15,840

discuss that you know it's genetics or

766

00:26:20,870 --> 00:26:18,559

something it's it's understanding um a

767

00:26:22,470 --> 00:26:20,880

bit more about you know the life here on

768

00:26:24,390 --> 00:26:22,480

earth or whatever then you get into way

769

00:26:26,149 --> 00:26:24,400

more far out stuff is maybe it has

770

00:26:29,430 --> 00:26:26,159

something to do with genetics with man

771

00:26:31,669 --> 00:26:29,440

because maybe bovine type samples deal

772

00:26:33,909 --> 00:26:31,679

with you know the blood or the i don't

773

00:26:35,830 --> 00:26:33,919

know like the glands or something have

774

00:26:37,430 --> 00:26:35,840

to do with you know people want to go

775

00:26:40,390 --> 00:26:37,440

way out and be science fiction about it

776

00:26:42,870 --> 00:26:40,400

but i i just don't know and i think

777

00:26:43,750 --> 00:26:42,880

i just think that what we are hearing is

778

00:26:45,350 --> 00:26:43,760

that

779

00:26:47,350 --> 00:26:45,360

people are seeing lights and craft in

780

00:26:48,870 --> 00:26:47,360

the sky in areas where they find these

781

00:26:50,149 --> 00:26:48,880

things we know they're happening and

782

00:26:52,310 --> 00:26:50,159

have been happening for decades and

783

00:26:54,870 --> 00:26:52,320

decades like not just like a few like

784

00:26:57,110 --> 00:26:54,880

thousands you know um but no one really

785

00:26:59,190 --> 00:26:57,120

knows the reason why

786

00:27:01,110 --> 00:26:59,200

maybe someone somewhere in some basement

787

00:27:03,029 --> 00:27:01,120

knows but i i don't want to pretend that

788

00:27:04,950 --> 00:27:03,039

i know because i don't but i do know

789

00:27:07,190 --> 00:27:04,960

people been studying this for like 30

790

00:27:08,710 --> 00:27:07,200

years and and um

791

00:27:10,870 --> 00:27:08,720

and they all tend to say the same thing

792

00:27:13,190 --> 00:27:10,880

it's like it's happening in a way

793

00:27:15,190 --> 00:27:13,200

that doesn't look like we can pull off

794

00:27:17,510 --> 00:27:15,200

what we're finding it just looks way i

795

00:27:19,510 --> 00:27:17,520

mean they found cattle with organs like

796

00:27:21,029 --> 00:27:19,520

their heart missing but no incisions

797

00:27:22,950 --> 00:27:21,039

anywhere like somehow they reached in

798

00:27:24,950 --> 00:27:22,960

and just grabbed it and pulled it out

799

00:27:26,710 --> 00:27:24,960

you know so it's like what does that

800

00:27:29,190 --> 00:27:26,720

mean what is it i don't know but it's

801

00:27:31,269 --> 00:27:29,200

it's it's wild for sure how do you take

802

00:27:33,590 --> 00:27:31,279

the reaction in terms of you know people

803

00:27:35,269 --> 00:27:33,600

coming um and saying

804

00:27:37,909 --> 00:27:35,279

you are basically a repository for

805

00:27:40,470 --> 00:27:37,919

people to come forward to come out etc

806

00:27:43,350 --> 00:27:40,480

uh that you know is sort of a unique

807

00:27:44,549 --> 00:27:43,360

role for you tom right uh it's it's now

808

00:27:46,470 --> 00:27:44,559

you're almost like a priest and

809

00:27:49,430 --> 00:27:46,480

confessional and and people coming

810

00:27:52,870 --> 00:27:50,950

how is that how do you deal with that

811

00:27:54,950 --> 00:27:52,880

pressure how do you deal with the with

812

00:27:56,950 --> 00:27:54,960

the notion of you know kind of this this

813

00:27:58,630 --> 00:27:56,960

you become the face and symbolizing a

814

00:28:00,470 --> 00:27:58,640

lot of this and and there's a wonderful

815

00:28:02,389 --> 00:28:00,480

clip that one of your fans put out on

816

00:28:03,830 --> 00:28:02,399

twitter i saw yesterday or a couple days

817

00:28:06,630 --> 00:28:03,840

you know it was like what you said in

818

00:28:09,510 --> 00:28:06,640

2017 on you know joe rogan show and then

819

00:28:12,389 --> 00:28:09,520

like slowly as they say you know first

820

00:28:13,350 --> 00:28:12,399

creative ideas are dismissed as lunacy

821

00:28:15,190 --> 00:28:13,360

then they're mocked then they're

822

00:28:17,669 --> 00:28:15,200

ridiculed then they're accepted as

823

00:28:19,430 --> 00:28:17,679

trivial and known all along so now that

824

00:28:21,110 --> 00:28:19,440

these you know pentagon report which we

825

00:28:24,230 --> 00:28:21,120

have to get into and maybe i'd love to

826

00:28:26,710 --> 00:28:24,240

hear get jim's take first on that um jim

827

00:28:28,549 --> 00:28:26,720

when this came out did you feel like uh

828

00:28:29,669 --> 00:28:28,559

it answered more questions for me if i

829

00:28:31,669 --> 00:28:29,679

felt like it answered more questions i

830

00:28:34,070 --> 00:28:31,679

mean honestly i am a skeptic i have to

831

00:28:35,669 --> 00:28:34,080

say as a scientist there's no one tom

832

00:28:38,149 --> 00:28:35,679

and jim kurt already knows this that

833

00:28:40,070 --> 00:28:38,159

would be more kind of thrilled delighted

834

00:28:42,830 --> 00:28:40,080

to skip the line as my friend james

835

00:28:46,110 --> 00:28:42,840

altitude says and go from the physics of

836

00:28:49,110 --> 00:28:46,120

2021 to the physics required maybe

837

00:28:50,710 --> 00:28:49,120

2121 or beyond i would love to do that

838

00:28:52,710 --> 00:28:50,720

first of all i'd get you know multiple

839

00:28:55,029 --> 00:28:52,720

nobel prizes second of all

840

00:28:56,950 --> 00:28:55,039

i would satisfy the personal curiosity

841

00:28:59,350 --> 00:28:56,960

that sounds like tom and jim and kurt we

842

00:29:00,950 --> 00:28:59,360

all have to understand the nature of

843

00:29:02,710 --> 00:29:00,960

reality because let's face it guys we're

844

00:29:04,630 --> 00:29:02,720

only here for a short amount of time

845

00:29:07,909 --> 00:29:04,640

we're given maybe the biblical age of

846

00:29:10,230 --> 00:29:07,919

120 that's about it um but uh but if we

847

00:29:12,230 --> 00:29:10,240

could skip that line avoid death avoid

848

00:29:14,070 --> 00:29:12,240

you know interstellar uh you know kind

849

00:29:16,549 --> 00:29:14,080

of have the secrets to this to these to

850

00:29:18,470 --> 00:29:16,559

these advanced uh technologies and to

851

00:29:20,470 --> 00:29:18,480

advance knowledge that to me is the

852

00:29:22,789 --> 00:29:20,480

pinnacle of what homo sapiens could

853

00:29:23,909 --> 00:29:22,799

achieve jim when you look at this when

854

00:29:25,590 --> 00:29:23,919

you hear

855

00:29:27,269 --> 00:29:25,600

uh these complaints and and so forth

856

00:29:29,510 --> 00:29:27,279

people being skeptic do you feel like

857

00:29:31,269 --> 00:29:29,520

skeptics have a point i mean are we just

858

00:29:33,110 --> 00:29:31,279

like kind of curmudgeons and we're just

859

00:29:34,870 --> 00:29:33,120

not hearing the truth uh that you guys

860

00:29:36,549 --> 00:29:34,880

are telling or you know

861

00:29:38,389 --> 00:29:36,559

you have feet in both worlds you're in

862

00:29:39,830 --> 00:29:38,399

the military and the you know government

863

00:29:42,710 --> 00:29:39,840

uh but you're also in the in the

864

00:29:44,789 --> 00:29:42,720

community that tom's in what do you feel

865

00:29:46,470 --> 00:29:44,799

is the right approach here believe

866

00:29:49,430 --> 00:29:46,480

everything believe nothing how do you

867

00:29:51,269 --> 00:29:49,440

split those uh those atoms yeah i mean i

868

00:29:53,350 --> 00:29:51,279

yeah that's an excellent question and

869

00:29:54,630 --> 00:29:53,360

and i think i think you just said it uh

870

00:29:57,590 --> 00:29:54,640

you know believe everything believe

871

00:29:59,990 --> 00:29:57,600

nothing uh i'm i'm not a skeptic uh by

872

00:30:01,190 --> 00:30:00,000

any stretch of the imagination um and

873

00:30:07,350 --> 00:30:01,200

when the

874

00:30:10,870 --> 00:30:07,360

out i i understood what it was going to

875

00:30:13,510 --> 00:30:10,880

be uh it's just an adam bration it was

876

00:30:15,590 --> 00:30:13,520

an outline uh of what they're planning

877

00:30:16,710 --> 00:30:15,600

on doing there was no way they could put

878

00:30:18,950 --> 00:30:16,720

together

879

00:30:21,029 --> 00:30:18,960

any kind of substantive report any kind

880

00:30:22,389 --> 00:30:21,039

of intelligence assessment based on this

881

00:30:25,830 --> 00:30:22,399

in the short amount of time that they

882

00:30:27,909 --> 00:30:25,840

had and they only took you know 144

883

00:30:30,230 --> 00:30:27,919

incidents my god i mean that's and just

884

00:30:32,230 --> 00:30:30,240

from the navy i

885

00:30:33,990 --> 00:30:32,240

i mean there are hundreds of thousands

886

00:30:36,470 --> 00:30:34,000

of incidents that have happened that

887

00:30:39,110 --> 00:30:36,480

credible witnesses have seen so i i

888

00:30:41,110 --> 00:30:39,120

wasn't surprised

889

00:30:43,590 --> 00:30:41,120

i thought the the the writing in there

890

00:30:44,710 --> 00:30:43,600

was obviously done by the dni it was

891

00:30:49,269 --> 00:30:44,720

very

892

00:30:51,510 --> 00:30:49,279

think they took some pot shots at the

893

00:30:52,630 --> 00:30:51,520

air force which i'm glad they did

894

00:30:55,029 --> 00:30:52,640

because i don't know where the hell the

895

00:30:57,269 --> 00:30:55,039

air force has been in all this

896

00:30:58,230 --> 00:30:57,279

actually i sort of do but

897

00:31:01,750 --> 00:30:58,240

um

898

00:31:03,909 --> 00:31:01,760

but the most important piece i felt uh

899

00:31:05,590 --> 00:31:03,919

was the deputy secretary of defense memo

900

00:31:07,669 --> 00:31:05,600

they came out at the same time that was

901  
00:31:09,669 --> 00:31:07,679  
issued on july 25th

902  
00:31:11,269 --> 00:31:09,679  
that memo came out and said

903  
00:31:12,870 --> 00:31:11,279  
knock it off

904  
00:31:14,630 --> 00:31:12,880  
cat's out of the bag

905  
00:31:16,310 --> 00:31:14,640  
we are gonna go after this we're gonna

906  
00:31:17,830 --> 00:31:16,320  
we're gonna develop requirements and

907  
00:31:20,070 --> 00:31:17,840  
requirements that basically means that

908  
00:31:21,510 --> 00:31:20,080  
it's an intelligence term for uh for

909  
00:31:23,590 --> 00:31:21,520  
questions we're gonna develop these

910  
00:31:25,990 --> 00:31:23,600  
questions everybody's gonna have to

911  
00:31:27,430 --> 00:31:26,000  
answer them and and and and we're gonna

912  
00:31:29,990 --> 00:31:27,440  
put money towards this we're gonna put

913  
00:31:33,190 --> 00:31:30,000

people towards this that's huge

914

00:31:35,590 --> 00:31:33,200

that's absolutely huge and um and uh so

915

00:31:37,269 --> 00:31:35,600

i thought i was very very happy when

916

00:31:38,549 --> 00:31:37,279

when i saw that

917

00:31:41,350 --> 00:31:38,559

now

918

00:31:43,430 --> 00:31:41,360

when they talked about in the report you

919

00:31:45,110 --> 00:31:43,440

know they have these these areas these

920

00:31:47,430 --> 00:31:45,120

categories you know about what they

921

00:31:49,590 --> 00:31:47,440

think it could be you know

922

00:31:51,190 --> 00:31:49,600

air clutter and and what have you and

923

00:31:52,549 --> 00:31:51,200

then going down it could be this it

924

00:31:53,750 --> 00:31:52,559

could be that it could be the russians

925

00:31:56,310 --> 00:31:53,760

of chinese

926  
00:31:58,230 --> 00:31:56,320  
uh look i i've i've studied russian and

927  
00:32:01,590 --> 00:31:58,240  
chinese high technology

928  
00:32:03,669 --> 00:32:01,600  
for my whole career

929  
00:32:05,430 --> 00:32:03,679  
this these uaps

930  
00:32:07,029 --> 00:32:05,440  
or whatever the hell they are i mean we

931  
00:32:08,310 --> 00:32:07,039  
call them uaps we really don't know what

932  
00:32:10,630 --> 00:32:08,320  
they are

933  
00:32:14,310 --> 00:32:10,640  
um they're not russian and they're not

934  
00:32:15,669 --> 00:32:14,320  
chinese and they're definitely not ours

935  
00:32:18,070 --> 00:32:15,679  
they're just not

936  
00:32:21,029 --> 00:32:18,080  
that leaves nothing

937  
00:32:22,549 --> 00:32:21,039  
left except they're something else and

938  
00:32:25,110 --> 00:32:22,559

what that's something else is i don't

939

00:32:27,269 --> 00:32:25,120

know i i i was on tv a couple weeks ago

940

00:32:29,350 --> 00:32:27,279

when i called it

941

00:32:31,350 --> 00:32:29,360

i was prodded by the producer i said say

942

00:32:35,190 --> 00:32:31,360

something say something

943

00:32:38,950 --> 00:32:35,200

and i i called it a i called it a a

944

00:32:41,990 --> 00:32:38,960

non-human technology and i and i guess

945

00:32:45,269 --> 00:32:42,000

that's the best way i can go

946

00:32:46,630 --> 00:32:45,279

but i don't think science

947

00:32:49,750 --> 00:32:46,640

right now

948

00:32:51,909 --> 00:32:49,760

has the ability to look at this

949

00:32:54,149 --> 00:32:51,919

in a way that they want to look at it

950

00:32:56,149 --> 00:32:54,159

and it's not their fault and i i it's

951  
00:32:59,110 --> 00:32:56,159  
because you know there's no reliability

952  
00:33:01,669 --> 00:32:59,120  
here there's no predictability here uh

953  
00:33:03,190 --> 00:33:01,679  
this this phenomenon

954  
00:33:06,789 --> 00:33:03,200  
plays with us

955  
00:33:09,669 --> 00:33:06,799  
it teases us it cajoles us it gets close

956  
00:33:11,750 --> 00:33:09,679  
but you can't get too close to it uh and

957  
00:33:14,310 --> 00:33:11,760  
sometimes it appears to people up close

958  
00:33:15,990 --> 00:33:14,320  
and personal other times it doesn't but

959  
00:33:17,990 --> 00:33:16,000  
if you notice with the navy i mean you

960  
00:33:20,070 --> 00:33:18,000  
know what is it actually saying i mean

961  
00:33:21,669 --> 00:33:20,080  
you know are they trying to communicate

962  
00:33:25,110 --> 00:33:21,679  
with us or are they basically just

963  
00:33:27,430 --> 00:33:25,120

trying to affect us socioculturally

964

00:33:29,269 --> 00:33:27,440

when you talked earlier about

965

00:33:31,509 --> 00:33:29,279

cattle mutilations hell yeah cattle

966

00:33:33,269 --> 00:33:31,519

mutilations are real don't really know

967

00:33:34,710 --> 00:33:33,279

what's happening with them

968

00:33:36,230 --> 00:33:34,720

but when you look at what the real

969

00:33:40,230 --> 00:33:36,240

effect of that is

970

00:33:42,549 --> 00:33:40,240

us sitting here and looking at that

971

00:33:45,190 --> 00:33:42,559

and all of a sudden our cultural norms

972

00:33:46,630 --> 00:33:45,200

and social media if things change and

973

00:33:48,389 --> 00:33:46,640

things change but i know jack valet

974

00:33:51,269 --> 00:33:48,399

talks about this quite a bit and i'm a

975

00:33:53,590 --> 00:33:51,279

huge fan of his um

976  
00:33:56,630 --> 00:33:53,600  
are they here to basically change us are

977  
00:33:57,590 --> 00:33:56,640  
they more of a control mechanism and it

978  
00:34:01,190 --> 00:33:57,600  
you know

979  
00:34:03,830 --> 00:34:01,200  
we we don't know we have tons of

980  
00:34:06,230 --> 00:34:03,840  
questions zero answers i think science

981  
00:34:08,149 --> 00:34:06,240  
has a huge huge way ahead of them i mean

982  
00:34:10,629 --> 00:34:08,159  
it's going to be very very difficult

983  
00:34:13,270 --> 00:34:10,639  
um but i don't think we have any uh you

984  
00:34:14,869 --> 00:34:13,280  
know options except to investigate this

985  
00:34:16,550 --> 00:34:14,879  
but it's clearly

986  
00:34:19,109 --> 00:34:16,560  
not human

987  
00:34:20,869 --> 00:34:19,119  
not it not even as we know it yes

988  
00:34:22,790 --> 00:34:20,879

kurt you've had jock on what what are

989

00:34:24,230 --> 00:34:22,800

your takes and also kevin knew who's a

990

00:34:26,629 --> 00:34:24,240

physics professor

991

00:34:28,790 --> 00:34:26,639

new york state uh talk about your

992

00:34:31,349 --> 00:34:28,800

peregrinations your explorations of this

993

00:34:33,669 --> 00:34:31,359

phenomenon kurt what have you uh kind of

994

00:34:35,669 --> 00:34:33,679

surmised as a physicist as a scientist

995

00:34:37,190 --> 00:34:35,679

what what kinds of uh thoughts do you

996

00:34:38,950 --> 00:34:37,200

have about

997

00:34:40,550 --> 00:34:38,960

approaching this from the colleague of

998

00:34:42,629 --> 00:34:40,560

as you know our colleagues are very

999

00:34:43,909 --> 00:34:42,639

skeptical of some of these claims cattle

1000

00:34:45,030 --> 00:34:43,919

mutilation what does that have to do

1001  
00:34:46,550 --> 00:34:45,040  
with physics what does that have to do

1002  
00:34:47,589 --> 00:34:46,560  
with aliens and other planets and where

1003  
00:34:49,430 --> 00:34:47,599  
would they come from how would they get

1004  
00:34:50,230 --> 00:34:49,440  
here how could these are anyway

1005  
00:34:52,790 --> 00:34:50,240  
kurt

1006  
00:34:56,149 --> 00:34:52,800  
my brother tell me what do you make of

1007  
00:34:58,870 --> 00:34:56,159  
your explorations of this as a topic how

1008  
00:35:01,030 --> 00:34:58,880  
have you been influenced changed perhaps

1009  
00:35:03,190 --> 00:35:01,040  
not mutilated but how has your mind got

1010  
00:35:04,790 --> 00:35:03,200  
mutilated in a certain sense where do

1011  
00:35:07,510 --> 00:35:04,800  
you stand now

1012  
00:35:10,150 --> 00:35:07,520  
well i'm probably much like most people

1013  
00:35:11,990 --> 00:35:10,160

here used to be a staunch skeptic an

1014

00:35:13,510 --> 00:35:12,000

ardent one an arrogant one not saying

1015

00:35:15,829 --> 00:35:13,520

that you're one you're not arrogant at

1016

00:35:17,589 --> 00:35:15,839

all brian but most are let's say that's

1017

00:35:18,870 --> 00:35:17,599

not true that's not true

1018

00:35:21,589 --> 00:35:18,880

and

1019

00:35:23,430 --> 00:35:21,599

don't know if you've played this game

1020

00:35:25,109 --> 00:35:23,440

called metal gear solid but at some

1021

00:35:26,710 --> 00:35:25,119

points you get when you get spotted

1022

00:35:29,109 --> 00:35:26,720

there's a exclamation point that goes

1023

00:35:30,950 --> 00:35:29,119

over the guard's head

1024

00:35:32,310 --> 00:35:30,960

i feel like that all the time just

1025

00:35:33,349 --> 00:35:32,320

constantly what the heck is happening

1026

00:35:36,950 --> 00:35:33,359

what the heck is this what does this

1027

00:35:40,630 --> 00:35:38,550

so i don't know i don't even know if

1028

00:35:42,630 --> 00:35:40,640

there's one alien species if it's a

1029

00:35:45,190 --> 00:35:42,640

subspecies if there are aliens to begin

1030

00:35:46,390 --> 00:35:45,200

with if it's multiple races if it's

1031

00:35:49,589 --> 00:35:46,400

factions

1032

00:35:53,349 --> 00:35:50,950

can i add something

1033

00:35:55,270 --> 00:35:53,359

to this conversation let me let me give

1034

00:35:57,910 --> 00:35:55,280

you the government perspective on this

1035

00:35:59,990 --> 00:35:57,920

um as an intelligence officer for a long

1036

00:36:03,430 --> 00:36:00,000

long time i will tell you

1037

00:36:04,710 --> 00:36:03,440

that back in 1945 actually you know this

1038

00:36:06,390 --> 00:36:04,720

phenomenon has been seen since the

1039

00:36:07,829 --> 00:36:06,400

beginning of time all major religions

1040

00:36:09,829 --> 00:36:07,839

have talked about it

1041

00:36:11,829 --> 00:36:09,839

uh we started seeing more of it in the

1042

00:36:15,109 --> 00:36:11,839

40s actually during world war ii and

1043

00:36:18,069 --> 00:36:15,119

then later on afterwards um when general

1044

00:36:20,150 --> 00:36:18,079

twining came out in 1947 and basically

1045

00:36:21,829 --> 00:36:20,160

said look these are real these are

1046

00:36:23,750 --> 00:36:21,839

serious we're gonna have to look at it

1047

00:36:26,230 --> 00:36:23,760

and then we had project sign project

1048

00:36:28,150 --> 00:36:26,240

grudge and then you know the um and you

1049

00:36:29,750 --> 00:36:28,160

know blue book and then

1050

00:36:31,670 --> 00:36:29,760

we had all these other things the uh

1051

00:36:33,430 --> 00:36:31,680

condom report and what have you

1052

00:36:35,670 --> 00:36:33,440

where they basically came out and said

1053

00:36:38,310 --> 00:36:35,680

screw it we're not gonna do this anymore

1054

00:36:40,230 --> 00:36:38,320

absolute nonsense there's no way that

1055

00:36:41,910 --> 00:36:40,240

the air force or the intelligence

1056

00:36:44,710 --> 00:36:41,920

community is going to give up on

1057

00:36:47,030 --> 00:36:44,720

something like this that is that is a

1058

00:36:49,270 --> 00:36:47,040

very very real

1059

00:36:50,550 --> 00:36:49,280

phenomenon that we don't i don't think

1060

00:36:52,230 --> 00:36:50,560

it's a threat at all to be honest with

1061

00:36:53,990 --> 00:36:52,240

you i just i think it's totally

1062

00:36:56,069 --> 00:36:54,000

indifferent to who the hell we are but

1063

00:36:57,589 --> 00:36:56,079

but nevertheless it has to be looked at

1064

00:36:59,829 --> 00:36:57,599

the military in the intelligence

1065

00:37:02,150 --> 00:36:59,839

community does not

1066

00:37:04,390 --> 00:37:02,160

ignore that they will not ignore that

1067

00:37:05,670 --> 00:37:04,400

and you know and and and this it's

1068

00:37:07,829 --> 00:37:05,680

always going to be bubbling up in the

1069

00:37:10,230 --> 00:37:07,839

background it may be in some deep black

1070

00:37:13,030 --> 00:37:10,240

program some hidden someplace but i

1071

00:37:14,550 --> 00:37:13,040

would be shocked and surprised if that

1072

00:37:16,950 --> 00:37:14,560

isn't what's going on that we haven't

1073

00:37:18,790 --> 00:37:16,960

been seriously studying this

1074

00:37:20,630 --> 00:37:18,800

for the last 70 or 80 years yeah i have

1075

00:37:21,990 --> 00:37:20,640

nothing just there's no way there's no

1076

00:37:23,030 --> 00:37:22,000

way when you look at the stargate

1077

00:37:26,069 --> 00:37:23,040

program

1078

00:37:29,349 --> 00:37:26,079

that was a direct reaction to

1079

00:37:30,550 --> 00:37:29,359

soviet uh experiments in in psychic

1080

00:37:32,630 --> 00:37:30,560

phenomena

1081

00:37:34,390 --> 00:37:32,640

they were doing that we had to figure

1082

00:37:36,950 --> 00:37:34,400

out why they were doing that and what

1083

00:37:38,230 --> 00:37:36,960

they found out and i can tell you other

1084

00:37:40,390 --> 00:37:38,240

stories

1085

00:37:44,069 --> 00:37:40,400

i mean crazy technologies you think

1086

00:37:45,829 --> 00:37:44,079

didn't know exist but actually do exist

1087

00:37:47,190 --> 00:37:45,839

and and you you find out that other

1088

00:37:49,349 --> 00:37:47,200

other countries are working on them or

1089

00:37:50,150 --> 00:37:49,359

trying them and what have look there's a

1090

00:37:51,750 --> 00:37:50,160

huge

1091

00:37:53,829 --> 00:37:51,760

national security element in all this

1092

00:37:56,230 --> 00:37:53,839

too so i mean you know nobody wants to

1093

00:37:57,670 --> 00:37:56,240

share this data publicly because as they

1094

00:37:59,829 --> 00:37:57,680

say you know you tell your friends you

1095

00:38:01,270 --> 00:37:59,839

tell your enemy so a lot of that stuff

1096

00:38:02,710 --> 00:38:01,280

is hidden and i don't blame the

1097

00:38:04,790 --> 00:38:02,720

government for hiding a lot of this

1098

00:38:07,670 --> 00:38:04,800

stuff either if there is a true and

1099

00:38:10,310 --> 00:38:07,680

honest national security uh uh problem

1100

00:38:13,270 --> 00:38:10,320

associated with this but you know i i i

1101

00:38:16,390 --> 00:38:13,280

just find it extremely difficult uh

1102

00:38:17,829 --> 00:38:16,400

with skeptics who who who tell me like

1103

00:38:19,270 --> 00:38:17,839

when they see this stuff and they go

1104

00:38:21,030 --> 00:38:19,280

well i don't know what it is look at

1105

00:38:23,990 --> 00:38:21,040

that's agreeable i mean i i don't know

1106

00:38:26,470 --> 00:38:24,000

what it is either but it is there

1107

00:38:28,550 --> 00:38:26,480

and no one has an answer to it and and

1108

00:38:30,310 --> 00:38:28,560

please don't tell me it belongs to you

1109

00:38:32,150 --> 00:38:30,320

know china or russia or some other

1110

00:38:34,790 --> 00:38:32,160

that's just nonsense i think that was an

1111

00:38:36,630 --> 00:38:34,800

out that the uap task force had to use

1112

00:38:37,910 --> 00:38:36,640

um um i mean once you've read the

1113

00:38:39,190 --> 00:38:37,920

literature once you've been read on it

1114

00:38:42,150 --> 00:38:39,200

it's read in on some of these programs

1115

00:38:43,829 --> 00:38:42,160

it's just i'm sorry it just i'm not a

1116

00:38:46,069 --> 00:38:43,839

skeptic that did exist i just don't know

1117

00:38:47,750 --> 00:38:46,079

what the hell it is you know when i when

1118

00:38:49,750 --> 00:38:47,760

i look at that data and you know i'm

1119

00:38:51,910 --> 00:38:49,760

going to ask each of you to steel man

1120

00:38:53,430 --> 00:38:51,920

your quote opponent's perspective in

1121

00:38:55,349 --> 00:38:53,440

other words what's the best argument

1122

00:38:57,750 --> 00:38:55,359

you've heard counter to your own

1123

00:38:59,750 --> 00:38:57,760

position jim and tom especially but

1124

00:39:01,510 --> 00:38:59,760

before i do that i want to just make

1125

00:39:03,430 --> 00:39:01,520

take a reset and tell everybody who

1126

00:39:05,270 --> 00:39:03,440

we're talking to tom delong of course

1127

00:39:08,150 --> 00:39:05,280

the to the stars academy and also jim

1128

00:39:10,950 --> 00:39:08,160

simvan of to the stars academy former uh

1129

00:39:12,870 --> 00:39:10,960

cia play and kertje mungle host of the

1130

00:39:14,470 --> 00:39:12,880

theories of everything channel which has

1131

00:39:16,390 --> 00:39:14,480

done yeoman's work kurt you're you're

1132

00:39:18,230 --> 00:39:16,400

really a role model in many ways to many

1133

00:39:20,150 --> 00:39:18,240

youtubers we've got a lot of people

1134

00:39:21,990 --> 00:39:20,160

listening jeremy reese in the in the

1135

00:39:23,990 --> 00:39:22,000

chat room and many other people but tom

1136

00:39:25,750 --> 00:39:24,000

i want to ask you when i hear talk to my

1137

00:39:27,270 --> 00:39:25,760

fellow scientists about this and i talk

1138

00:39:28,069 --> 00:39:27,280

to somebody who's a member of i don't

1139

00:39:30,069 --> 00:39:28,079

know if you're familiar with this

1140

00:39:31,430 --> 00:39:30,079

organization called the jason's jason's

1141

00:39:33,829 --> 00:39:31,440

are a secret i'm sure jim knows about

1142

00:39:35,750 --> 00:39:33,839

them too so they actually meet here in

1143

00:39:37,910 --> 00:39:35,760

in san diego uh once a year at least

1144

00:39:40,069 --> 00:39:37,920

they did before covet and they tell me i

1145

00:39:41,510 --> 00:39:40,079

said wouldn't you think like the best

1146

00:39:42,950 --> 00:39:41,520

and brightest would be at least

1147

00:39:44,630 --> 00:39:42,960

interested involved in this and they

1148

00:39:46,069 --> 00:39:44,640

said no i'm not we're not they haven't

1149

00:39:47,430 --> 00:39:46,079

asked us the government hasn't asked us

1150

00:39:49,030 --> 00:39:47,440

to investigate it we're not just going

1151

00:39:51,910 --> 00:39:49,040

to go off and investigate stuff on our

1152

00:39:53,349 --> 00:39:51,920

own um why would this organization

1153

00:39:54,870 --> 00:39:53,359

assuming he's telling me the truth and

1154

00:39:56,069 --> 00:39:54,880

she there's actually multiple people

1155

00:39:57,750 --> 00:39:56,079

members of the jason's have told me the

1156

00:39:59,990 --> 00:39:57,760

same thing no we're not investigating

1157

00:40:01,910 --> 00:40:00,000

these phenomena uh is that insulting to

1158

00:40:05,190 --> 00:40:01,920

you how do you take that is that proper

1159

00:40:08,069 --> 00:40:05,200

skepticism is that um

1160

00:40:09,910 --> 00:40:08,079

in my experience um

1161

00:40:11,910 --> 00:40:09,920

in my experience even the people that

1162

00:40:14,150 --> 00:40:11,920

are very much involved on this stuff

1163

00:40:16,630 --> 00:40:14,160

would tell you that exact same answer

1164

00:40:18,390 --> 00:40:16,640

you know jim can explain

1165

00:40:21,030 --> 00:40:18,400

security clearances and national

1166

00:40:22,230 --> 00:40:21,040

security stuff i i can't i i'm not

1167

00:40:24,390 --> 00:40:22,240

i don't know that kind of stuff i just

1168

00:40:26,550 --> 00:40:24,400

know through osmosis kind of how it's

1169

00:40:28,310 --> 00:40:26,560

treated but um

1170

00:40:30,150 --> 00:40:28,320

i when i first met a bunch of people

1171

00:40:32,790 --> 00:40:30,160

that were involved on this subject

1172

00:40:34,230 --> 00:40:32,800

before i even knew jim i remember

1173

00:40:36,790 --> 00:40:34,240

specifically

1174

00:40:39,349 --> 00:40:36,800

you know i was in uh one place and you

1175

00:40:41,190 --> 00:40:39,359

know there's a big big wig i was talking

1176

00:40:43,190 --> 00:40:41,200

to and he goes you know

1177

00:40:45,270 --> 00:40:43,200

um you know we don't

1178

00:40:47,030 --> 00:40:45,280

ever look at that subject we don't care

1179

00:40:48,870 --> 00:40:47,040

about that subject there's absolutely no

1180

00:40:49,990 --> 00:40:48,880

evidence whatsoever that any of that is

1181

00:40:52,630 --> 00:40:50,000

even real

1182

00:40:55,510 --> 00:40:52,640

yada yada and i was like okay um thanks

1183

00:40:58,309 --> 00:40:55,520

and then i left that person's company

1184

00:40:59,990 --> 00:40:58,319

uh or that that person's table and went

1185

00:41:01,589 --> 00:41:00,000

right outside the door and there's these

1186

00:41:03,190 --> 00:41:01,599

other two guys that work directly under

1187

00:41:04,309 --> 00:41:03,200

them that said we want to talk about

1188

00:41:06,550 --> 00:41:04,319

this and they talked about it for an

1189

00:41:08,069 --> 00:41:06,560

hour you know and it was like nothing

1190

00:41:09,990 --> 00:41:08,079

classified they can't go there but it

1191

00:41:12,630 --> 00:41:10,000

was just like some people are more open

1192

00:41:13,750 --> 00:41:12,640

to it and some people aren't but the

1193

00:41:14,710 --> 00:41:13,760

people that are

1194

00:41:16,790 --> 00:41:14,720

dealing

1195

00:41:18,630 --> 00:41:16,800

directly with something that's

1196

00:41:20,470 --> 00:41:18,640

classified they're never going to even

1197

00:41:22,470 --> 00:41:20,480

talk about it you know

1198

00:41:24,790 --> 00:41:22,480

um as far as the best and the brightest

1199

00:41:26,550 --> 00:41:24,800

i guess that's subjective because

1200

00:41:28,150 --> 00:41:26,560

you know who knows if the jason's really

1201  
00:41:30,390 --> 00:41:28,160  
are or not i've always heard that they

1202  
00:41:32,230 --> 00:41:30,400  
kind of were you know but i think that

1203  
00:41:33,670 --> 00:41:32,240  
you know you have incredible people at

1204  
00:41:34,950 --> 00:41:33,680  
the national academy of sciences you

1205  
00:41:36,550 --> 00:41:34,960  
have incredible people at the national

1206  
00:41:38,870 --> 00:41:36,560  
laboratories you have incredible people

1207  
00:41:41,349 --> 00:41:38,880  
at the the lockheed martins and the

1208  
00:41:43,109 --> 00:41:41,359  
boeings and uh they're everywhere and i

1209  
00:41:45,190 --> 00:41:43,119  
think that um

1210  
00:41:46,950 --> 00:41:45,200  
it's not exclusive that we need this one

1211  
00:41:48,790 --> 00:41:46,960  
group of scientists or whatever who

1212  
00:41:50,630 --> 00:41:48,800  
knows if something's been studied for

1213  
00:41:53,109 --> 00:41:50,640

decades and decades they're going to

1214

00:41:54,630 --> 00:41:53,119

choose people that are the best and the

1215

00:41:56,470 --> 00:41:54,640

brightest that can keep their mouths

1216

00:41:57,750 --> 00:41:56,480

shut because it probably has these big

1217

00:41:59,510 --> 00:41:57,760

national security elements that come

1218

00:42:00,470 --> 00:41:59,520

with it um and they're going to find

1219

00:42:03,430 --> 00:42:00,480

people

1220

00:42:05,190 --> 00:42:03,440

that bring value in ways that they need

1221

00:42:06,630 --> 00:42:05,200

it's not just like a blanket like you're

1222

00:42:08,470 --> 00:42:06,640

a great scientist we're going to bring

1223

00:42:09,829 --> 00:42:08,480

you in i mean i as far as i know and

1224

00:42:11,430 --> 00:42:09,839

what i've learned

1225

00:42:13,910 --> 00:42:11,440

you know black programs don't really

1226

00:42:16,710 --> 00:42:13,920

work that way but i'll tell you directly

1227

00:42:17,990 --> 00:42:16,720

directly direct experience

1228

00:42:20,550 --> 00:42:18,000

that

1229

00:42:22,630 --> 00:42:20,560

um in the very beginning everyone said

1230

00:42:24,309 --> 00:42:22,640

that to me and and because they don't

1231

00:42:25,510 --> 00:42:24,319

need to open up a conversation with me

1232

00:42:27,270 --> 00:42:25,520

they don't need to talk about it they're

1233

00:42:28,230 --> 00:42:27,280

not going to get anything out of it if

1234

00:42:29,910 --> 00:42:28,240

anything and they're just going to get

1235

00:42:31,589 --> 00:42:29,920

in trouble or make them feel like they

1236

00:42:33,589 --> 00:42:31,599

need to go back and report a

1237

00:42:35,510 --> 00:42:33,599

conversation where something slipped or

1238

00:42:36,710 --> 00:42:35,520

something so i just don't think that's

1239

00:42:40,069 --> 00:42:36,720

the right

1240

00:42:41,990 --> 00:42:40,079

route but what to but what i will say is

1241

00:42:44,630 --> 00:42:42,000

i talk to the former head of the task

1242

00:42:46,550 --> 00:42:44,640

force uh before it's in its current form

1243

00:42:48,790 --> 00:42:46,560

however that works and i asked him i

1244

00:42:49,670 --> 00:42:48,800

said what's the biggest change

1245

00:42:51,670 --> 00:42:49,680

uh

1246

00:42:53,670 --> 00:42:51,680

now that we we were able to bring the

1247

00:42:56,309 --> 00:42:53,680

ufo subject out into the mainstream and

1248

00:42:57,910 --> 00:42:56,319

he told me he said for the first time

1249

00:43:00,470 --> 00:42:57,920

ever we can talk about this in the halls

1250

00:43:01,990 --> 00:43:00,480

of the pentagon up until this point you

1251

00:43:04,069 --> 00:43:02,000

know it was always in a skiff

1252

00:43:06,069 --> 00:43:04,079

underground somewhere you know

1253

00:43:07,990 --> 00:43:06,079

i heard similar things from alex andy

1254

00:43:10,630 --> 00:43:08,000

tritch who's a renowned fighter pilot

1255

00:43:12,390 --> 00:43:10,640

who was involved along with uh with

1256

00:43:14,870 --> 00:43:12,400

commander fraver and the so-called tic

1257

00:43:17,829 --> 00:43:14,880

tac incident and one very valuable thing

1258

00:43:19,829 --> 00:43:17,839

that this is elucidated is the um

1259

00:43:22,710 --> 00:43:19,839

breaking down those barriers the the the

1260

00:43:25,270 --> 00:43:22,720

insecurity the you know humiliation the

1261

00:43:27,510 --> 00:43:25,280

the kind of taboo for military pilots

1262

00:43:28,950 --> 00:43:27,520

who are you know heroes far beyond what

1263

00:43:30,550 --> 00:43:28,960

i'm capable of doing

1264

00:43:32,630 --> 00:43:30,560

and uh and they volunteer to put their

1265

00:43:34,309 --> 00:43:32,640

lives on the line if these are military

1266

00:43:36,870 --> 00:43:34,319

threats or even weather balloons or

1267

00:43:38,309 --> 00:43:36,880

whatever uh that we owe it to our war

1268

00:43:40,550 --> 00:43:38,319

fighters to to make sure that they're

1269

00:43:42,150 --> 00:43:40,560

safe and secure so taking taking away

1270

00:43:43,829 --> 00:43:42,160

the taboo has been incredibly important

1271

00:43:45,349 --> 00:43:43,839

for me kurt do you have some questions

1272

00:43:47,589 --> 00:43:45,359

uh from your audience or from you that

1273

00:43:49,349 --> 00:43:47,599

you want to pose because these gentlemen

1274

00:43:51,270 --> 00:43:49,359

have a hard cut out in about 40 minutes

1275

00:43:53,430 --> 00:43:51,280

30 40 minutes yeah there's this person

1276

00:43:55,510 --> 00:43:53,440

named red panda koala tom have you seen

1277

00:43:56,790 --> 00:43:55,520

the documentary on yourself

1278

00:43:59,270 --> 00:43:56,800

i have not

1279

00:44:01,589 --> 00:43:59,280

no a wonderful concise 60-minute

1280

00:44:05,589 --> 00:44:01,599

summation of your work in

1281

00:44:07,670 --> 00:44:05,599

this ufo topic and he or she

1282

00:44:10,069 --> 00:44:07,680

asks what was it that tom was told that

1283

00:44:11,510 --> 00:44:10,079

kept him up for three days

1284

00:44:13,270 --> 00:44:11,520

oh well i don't talk about that but

1285

00:44:15,349 --> 00:44:13,280

there was i remember

1286

00:44:17,670 --> 00:44:15,359

um

1287

00:44:19,349 --> 00:44:17,680

i remember having discussions

1288

00:44:20,710 --> 00:44:19,359

the the company that i keep with people

1289

00:44:22,550 --> 00:44:20,720

like jim they just

1290

00:44:24,630 --> 00:44:22,560

you know in how and

1291

00:44:26,309 --> 00:44:24,640

the the the way their minds what's

1292

00:44:29,030 --> 00:44:26,319

really cool about jim by the way is that

1293

00:44:30,870 --> 00:44:29,040

i've learned how to parse information a

1294

00:44:31,670 --> 00:44:30,880

lot better i'm not going to ever be you

1295

00:44:38,470 --> 00:44:31,680

know

1296

00:44:40,150 --> 00:44:38,480

lot like i like

1297

00:44:42,230 --> 00:44:40,160

learning how to

1298

00:44:43,510 --> 00:44:42,240

be a little bit more i'm skeptical with

1299

00:44:44,950 --> 00:44:43,520

information being able to put these

1300

00:44:46,870 --> 00:44:44,960

things together and think differently

1301

00:44:48,150 --> 00:44:46,880

but they're all such

1302

00:44:50,790 --> 00:44:48,160

um

1303

00:44:52,470 --> 00:44:50,800

really big thinkers and they don't just

1304

00:44:54,150 --> 00:44:52,480

grab on to a piece of data because it

1305

00:44:55,910 --> 00:44:54,160

exists and says oh this matters and this

1306

00:44:58,390 --> 00:44:55,920

means everything it's very much like

1307

00:45:00,309 --> 00:44:58,400

forming patterns and analyzing over time

1308

00:45:02,550 --> 00:45:00,319

so i remember like hanging out with all

1309

00:45:05,030 --> 00:45:02,560

these guys in the beginning and and i

1310

00:45:06,710 --> 00:45:05,040

and one of the bigger things um

1311

00:45:08,710 --> 00:45:06,720

was just about me understanding the

1312

00:45:10,710 --> 00:45:08,720

stakes of this because you come into

1313

00:45:12,550 --> 00:45:10,720

this as a and this kind of answers your

1314

00:45:13,990 --> 00:45:12,560

question about like what keeps me up at

1315

00:45:16,309 --> 00:45:14,000

night or what kept me up when i was

1316

00:45:18,710 --> 00:45:16,319

discussing things was not understanding

1317

00:45:21,510 --> 00:45:18,720

the stakes not really coming to grips

1318

00:45:23,349 --> 00:45:21,520

with this being real like it's one thing

1319

00:45:24,550 --> 00:45:23,359

when you when you see a video or you

1320

00:45:25,990 --> 00:45:24,560

read it in a book you know and you're

1321

00:45:27,349 --> 00:45:26,000

like whoa this is all you know but you

1322

00:45:28,870 --> 00:45:27,359

don't know if the video is real that's

1323

00:45:30,950 --> 00:45:28,880

why it was so important with the ones we

1324

00:45:32,870 --> 00:45:30,960

brought out had chain a title all the

1325

00:45:34,390 --> 00:45:32,880

way back to the dod so we knew those

1326

00:45:36,470 --> 00:45:34,400

were real it wasn't just like it was on

1327

00:45:38,470 --> 00:45:36,480

youtube and leaked um

1328

00:45:40,150 --> 00:45:38,480

so it's it's the idea of bringing forth

1329

00:45:43,430 --> 00:45:40,160

things that you know

1330

00:45:45,829 --> 00:45:43,440

where they come from and and you really

1331

00:45:48,150 --> 00:45:45,839

take it from that point forward and

1332

00:45:50,390 --> 00:45:48,160

start um getting really good data and

1333

00:45:52,470 --> 00:45:50,400

evidence on people's encounters and the

1334

00:45:54,309 --> 00:45:52,480

stakes that come with that and that when

1335

00:45:56,390 --> 00:45:54,319

when i've talked about this

1336

00:45:58,470 --> 00:45:56,400

as a threat you know this is that's just

1337

00:46:00,870 --> 00:45:58,480

my words right i mean i would never know

1338

00:46:03,349 --> 00:46:00,880

the way the government treats that

1339

00:46:05,990 --> 00:46:03,359

that's not my zone obviously

1340

00:46:07,589 --> 00:46:06,000

but for me in my own personal research

1341

00:46:09,829 --> 00:46:07,599

if something's been here for a long

1342

00:46:11,430 --> 00:46:09,839

period of time and it really is showing

1343

00:46:14,870 --> 00:46:11,440

up in people's bedrooms or in front of

1344

00:46:16,870 --> 00:46:14,880

an f-18 or on a petroglyph wall or in an

1345

00:46:18,870 --> 00:46:16,880

ancient text down in the archives of the

1346

00:46:20,710 --> 00:46:18,880

vatican or whatever it might be

1347

00:46:22,230 --> 00:46:20,720

it's obviously doing something and it's

1348

00:46:23,910 --> 00:46:22,240

obviously having an influence and it

1349

00:46:25,829 --> 00:46:23,920

might only be an influence on where we

1350

00:46:29,349 --> 00:46:25,839

end up as mankind or it might be an

1351

00:46:31,109 --> 00:46:29,359

influence to keep us suppressed in a

1352

00:46:33,990 --> 00:46:31,119

weird way to where they can take

1353

00:46:35,910 --> 00:46:34,000

advantage of something who knows um but

1354

00:46:38,309 --> 00:46:35,920

it's here for a reason and it's not

1355

00:46:40,870 --> 00:46:38,319

really being you know forward about its

1356

00:46:42,470 --> 00:46:40,880

intent but we do know that we've been

1357

00:46:44,630 --> 00:46:42,480

dealing with it for a long period of

1358

00:46:46,390 --> 00:46:44,640

time and so when you start coming to

1359

00:46:48,950 --> 00:46:46,400

like the way they think and the stakes

1360

00:46:50,710 --> 00:46:48,960

involved in the reality of it um and you

1361

00:46:53,109 --> 00:46:50,720

and i start hearing about these

1362

00:46:54,230 --> 00:46:53,119

encounters from the people that were

1363

00:46:55,109 --> 00:46:54,240

there

1364

00:46:57,030 --> 00:46:55,119

um

1365

00:46:58,230 --> 00:46:57,040

i remember in regards to the question

1366

00:47:00,230 --> 00:46:58,240

you asked

1367

00:47:02,470 --> 00:47:00,240

i was out in colorado springs and i had

1368

00:47:04,550 --> 00:47:02,480

a meeting with a couple generals

1369

00:47:07,589 --> 00:47:04,560

and we were just shooting the about

1370

00:47:09,430 --> 00:47:07,599

all this stuff um and something was

1371

00:47:11,430 --> 00:47:09,440

discussed that

1372

00:47:13,670 --> 00:47:11,440

you know it wasn't some big classified

1373

00:47:15,750 --> 00:47:13,680

thing it was more like

1374

00:47:17,510 --> 00:47:15,760

things that people are are having happen

1375

00:47:19,670 --> 00:47:17,520

to them or witnessing

1376

00:47:21,349 --> 00:47:19,680

and it's an issue and i remember waking

1377

00:47:23,109 --> 00:47:21,359

up in the middle of night just go i i

1378

00:47:25,030 --> 00:47:23,119

was like you start to look around you

1379

00:47:27,589 --> 00:47:25,040

and not really trust your environment

1380

00:47:29,829 --> 00:47:27,599

you know it's like whoa like really like

1381

00:47:32,069 --> 00:47:29,839

this is real like my mom is a is really

1382

00:47:34,950 --> 00:47:32,079

religious like she's like a born again

1383

00:47:37,109 --> 00:47:34,960

christian and and hardcore fanatic you

1384

00:47:38,870 --> 00:47:37,119

know religious woman and

1385

00:47:40,390 --> 00:47:38,880

and and i grew up in a household my dad

1386

00:47:42,150 --> 00:47:40,400

wasn't so that's part of like the big

1387

00:47:44,630 --> 00:47:42,160

budding of the heads and uh it was a

1388

00:47:47,670 --> 00:47:44,640

broken home but i remember thinking at

1389

00:47:49,109 --> 00:47:47,680

that time frame when i was um

1390

00:47:50,950 --> 00:47:49,119

talking about some of these things that

1391

00:47:52,790 --> 00:47:50,960

i just want to discuss uh where i was

1392

00:47:55,990 --> 00:47:52,800

where i couldn't sleep very well was i

1393

00:47:57,430 --> 00:47:56,000

was like if my mom really believed that

1394

00:47:59,910 --> 00:47:57,440

jesus

1395

00:48:01,750 --> 00:47:59,920

is real and would show up in her room

1396

00:48:03,109 --> 00:48:01,760

and float towards her with a crown of

1397

00:48:05,270 --> 00:48:03,119

thorns i mean she would freak she would

1398

00:48:07,109 --> 00:48:05,280

have a heart attack that would scare her

1399

00:48:09,190 --> 00:48:07,119

even though she bases her whole life on

1400

00:48:11,030 --> 00:48:09,200

it like who she hangs out with where she

1401

00:48:13,910 --> 00:48:11,040

goes on weekends and weeknights who she

1402

00:48:16,390 --> 00:48:13,920

might date or marry again um every call

1403

00:48:18,630 --> 00:48:16,400

she calls me she's praying but if she so

1404

00:48:20,710 --> 00:48:18,640

she believes this viscerally but if she

1405

00:48:22,309 --> 00:48:20,720

saw something like that

1406

00:48:23,670 --> 00:48:22,319

it's a different deal once it's like

1407

00:48:24,950 --> 00:48:23,680

really real it's not just reading in a

1408

00:48:27,109 --> 00:48:24,960

book and believing in it and that's kind

1409

00:48:28,630 --> 00:48:27,119

of what i came to with the whole ufo

1410

00:48:31,349 --> 00:48:28,640

thing it wasn't just like believing it

1411

00:48:33,589 --> 00:48:31,359

it was like oh my god this is real this

1412

00:48:35,270 --> 00:48:33,599

is like real not just that we're talking

1413

00:48:37,109 --> 00:48:35,280

about it and we saw it on the news or we

1414

00:48:38,549 --> 00:48:37,119

saw it on youtube it's like when you're

1415

00:48:41,910 --> 00:48:38,559

alone in your bedroom in the middle of

1416

00:48:44,309 --> 00:48:41,920

the night you got to look around and go

1417

00:48:45,829 --> 00:48:44,319

who knows what can happen and

1418

00:48:48,549 --> 00:48:45,839

that's kind of where i've landed over

1419

00:48:50,230 --> 00:48:48,559

the past few years it's just like going

1420

00:48:51,829 --> 00:48:50,240

anything is possible

1421

00:48:53,910 --> 00:48:51,839

does your mom think that what you're

1422

00:48:55,589 --> 00:48:53,920

doing is an act of evil or you're

1423

00:48:57,510 --> 00:48:55,599

studying evil that you shouldn't be

1424

00:48:59,430 --> 00:48:57,520

doing what you're doing she she loves me

1425

00:49:00,950 --> 00:48:59,440

too much and is too supportive to have

1426

00:49:03,349 --> 00:49:00,960

that thought so in her head it's like

1427

00:49:05,190 --> 00:49:03,359

this it's probably a crisis of

1428

00:49:07,349 --> 00:49:05,200

conscience you know where it's like

1429

00:49:10,150 --> 00:49:07,359

these don't all map up you know but this

1430

00:49:12,150 --> 00:49:10,160

is what i i tell people um and and i

1431

00:49:13,670 --> 00:49:12,160

really believe this i'm not speaking for

1432

00:49:14,870 --> 00:49:13,680

gem or the company this is my own

1433

00:49:17,190 --> 00:49:14,880

personal thing

1434

00:49:19,910 --> 00:49:17,200

i i have a feeling

1435

00:49:21,990 --> 00:49:19,920

that when we when we really learn about

1436

00:49:24,230 --> 00:49:22,000

consciousness and we really learn

1437

00:49:26,549 --> 00:49:24,240

kind of what these these things are this

1438

00:49:27,910 --> 00:49:26,559

phenomena is i think we're going to like

1439

00:49:29,589 --> 00:49:27,920

i said earlier we're going to merge

1440

00:49:31,670 --> 00:49:29,599

these this metaphysical consciousness

1441

00:49:34,069 --> 00:49:31,680

type of science with normal science and

1442

00:49:36,309 --> 00:49:34,079

once it becomes all one we're gonna look

1443

00:49:37,670 --> 00:49:36,319

at we might look at uh religions

1444

00:49:39,589 --> 00:49:37,680

differently but i think everyone's gonna

1445

00:49:41,270 --> 00:49:39,599

be able to keep the things they love

1446

00:49:42,950 --> 00:49:41,280

which is really not all the dogma and

1447

00:49:44,630 --> 00:49:42,960

the stories that we argue about but when

1448

00:49:46,710 --> 00:49:44,640

it comes down to

1449

00:49:49,430 --> 00:49:46,720

you know the father the son the holy

1450

00:49:51,270 --> 00:49:49,440

spirit or godhead um

1451  
00:49:53,030 --> 00:49:51,280  
your soul and the physical body it's all

1452  
00:49:54,230 --> 00:49:53,040  
the same three things that trinity thing

1453  
00:49:55,109 --> 00:49:54,240  
it's like kind of everywhere it's all

1454  
00:49:57,349 --> 00:49:55,119  
about

1455  
00:49:59,510 --> 00:49:57,359  
you as a person with your connection to

1456  
00:50:01,589 --> 00:49:59,520  
consciousness you know the father the

1457  
00:50:03,109 --> 00:50:01,599  
son the holy spirit kind of thing so i

1458  
00:50:05,270 --> 00:50:03,119  
think what will happen is everyone's so

1459  
00:50:06,630 --> 00:50:05,280  
scared that religions will crumble and

1460  
00:50:08,470 --> 00:50:06,640  
i'm kind of like no it's going to be the

1461  
00:50:09,990 --> 00:50:08,480  
great equalizer that the only three

1462  
00:50:11,270 --> 00:50:10,000  
things that matter in all of these

1463  
00:50:12,870 --> 00:50:11,280

things is

1464

00:50:15,589 --> 00:50:12,880

us as a physical person with our

1465

00:50:17,030 --> 00:50:15,599

connection to something bigger and um

1466

00:50:19,190 --> 00:50:17,040

and i and so i don't think people are

1467

00:50:21,829 --> 00:50:19,200

going to be alienated i don't think they

1468

00:50:24,390 --> 00:50:21,839

might you know be bummed that the story

1469

00:50:26,309 --> 00:50:24,400

of the locusts coming out didn't apply

1470

00:50:28,710 --> 00:50:26,319

you know or something but i think that

1471

00:50:30,630 --> 00:50:28,720

the things that matter stay

1472

00:50:32,710 --> 00:50:30,640

which is you know i used to go to my mom

1473

00:50:34,790 --> 00:50:32,720

and say like you know i'll go why are

1474

00:50:37,270 --> 00:50:34,800

you a christian like why like what is it

1475

00:50:39,349 --> 00:50:37,280

show i i know it i've seen things i've

1476

00:50:41,270 --> 00:50:39,359

felt things i just know in my heart but

1477

00:50:43,109 --> 00:50:41,280

then you know and she goes and we've

1478

00:50:44,390 --> 00:50:43,119

healed the blind we prayed and they can

1479

00:50:46,470 --> 00:50:44,400

heal the blind that's happened i'm all

1480

00:50:48,390 --> 00:50:46,480

but that's happened in islam too

1481

00:50:50,950 --> 00:50:48,400

it has so why is it happening in other

1482

00:50:53,349 --> 00:50:50,960

religions and here and my whole point

1483

00:50:54,390 --> 00:50:53,359

was it's not about the stories it's it's

1484

00:50:56,150 --> 00:50:54,400

it's physics

1485

00:50:57,589 --> 00:50:56,160

and um and people like yourself are

1486

00:50:59,829 --> 00:50:57,599

going to help us all understand that

1487

00:51:02,950 --> 00:50:59,839

here in the future you know yeah

1488

00:51:04,309 --> 00:51:02,960

so uh so jim antom a question from sarah

1489

00:51:07,349 --> 00:51:04,319

scholes who's a friend of mine who wrote

1490

00:51:09,430 --> 00:51:07,359

a book they are already here uh about in

1491

00:51:11,750 --> 00:51:09,440

part about tom uh she's a she's a

1492

00:51:13,750 --> 00:51:11,760

wonderful soul uh she asks about you

1493

00:51:16,710 --> 00:51:13,760

know where do things go from now uh and

1494

00:51:18,230 --> 00:51:16,720

here maybe uh now that elizondo luis

1495

00:51:21,030 --> 00:51:18,240

elizondo and chris mellen aren't part of

1496

00:51:23,030 --> 00:51:21,040

ttsa um how does that affect your

1497

00:51:23,990 --> 00:51:23,040

mission guys is that is that you know

1498

00:51:25,750 --> 00:51:24,000

should that how should that be

1499

00:51:27,750 --> 00:51:25,760

interpreted you know if you were not

1500

00:51:29,270 --> 00:51:27,760

being you know uh charitable you might

1501

00:51:31,270 --> 00:51:29,280

say oh that's a you know that's a sign

1502

00:51:33,270 --> 00:51:31,280

they have internal strife and you know

1503

00:51:34,950 --> 00:51:33,280

what what but is there some other

1504

00:51:36,630 --> 00:51:34,960

explanation or you know where do you see

1505

00:51:38,390 --> 00:51:36,640

things going now that these two very

1506

00:51:40,549 --> 00:51:38,400

prominent you know supporters of the

1507

00:51:43,030 --> 00:51:40,559

narrative uh that you guys are also you

1508

00:51:44,309 --> 00:51:43,040

know supporting have departed from tsa

1509

00:51:46,069 --> 00:51:44,319

at least i understand from jim that you

1510

00:51:48,069 --> 00:51:46,079

guys are on good terms but where do you

1511

00:51:49,510 --> 00:51:48,079

go from here well i mean

1512

00:51:51,030 --> 00:51:49,520

a lot there's so much going on number

1513

00:51:53,270 --> 00:51:51,040

one the pandemic we're a startup so

1514

00:51:54,790 --> 00:51:53,280

we're not giant you know we have we have

1515

00:51:56,230 --> 00:51:54,800

more people from the government that

1516

00:51:58,950 --> 00:51:56,240

want to be a part of what we're doing

1517

00:52:00,870 --> 00:51:58,960

than we have space for so that's not the

1518

00:52:03,190 --> 00:52:00,880

issue with those people in particular

1519

00:52:05,190 --> 00:52:03,200

when the pandemic hit it really

1520

00:52:06,710 --> 00:52:05,200

caused us as a young company to choose

1521

00:52:09,670 --> 00:52:06,720

one lane rather than trying to do

1522

00:52:11,430 --> 00:52:09,680

multiple lanes and during the pandemic

1523

00:52:13,190 --> 00:52:11,440

the defense authorization act they they

1524

00:52:15,349 --> 00:52:13,200

didn't they couldn't get it passed they

1525

00:52:17,829 --> 00:52:15,359

couldn't fund any more

1526

00:52:19,990 --> 00:52:17,839

research projects with new companies new

1527

00:52:22,630 --> 00:52:20,000

programs and we were a new company with

1528

00:52:25,670 --> 00:52:22,640

a new program um so we were kind of

1529

00:52:27,190 --> 00:52:25,680

stuck in this like quicksand of waiting

1530

00:52:29,510 --> 00:52:27,200

and waiting to try to get some things

1531

00:52:32,150 --> 00:52:29,520

off the ground but where we had a you

1532

00:52:33,750 --> 00:52:32,160

know a ton of traction was in the

1533

00:52:35,430 --> 00:52:33,760

entertainment part where we already had

1534

00:52:37,670 --> 00:52:35,440

product selling we had movies coming we

1535

00:52:40,710 --> 00:52:37,680

had tv series coming and so it just

1536

00:52:43,109 --> 00:52:40,720

created um an opportunity to focus the

1537

00:52:44,950 --> 00:52:43,119

company and get everything really

1538

00:52:46,549 --> 00:52:44,960

streamlined to grow quickly without

1539

00:52:48,150 --> 00:52:46,559

trying to dilute ourselves in places

1540

00:52:50,150 --> 00:52:48,160

where we can't compete with a lockheed

1541

00:52:51,990 --> 00:52:50,160

martin or whatever but we really wanted

1542

00:52:53,750 --> 00:52:52,000

to get these things off the ground some

1543

00:52:54,710 --> 00:52:53,760

of these early programs some of which

1544

00:52:56,470 --> 00:52:54,720

hal

1545

00:52:57,910 --> 00:52:56,480

is still chasing some of which like we

1546

00:52:59,190 --> 00:52:57,920

still have an open contract with the

1547

00:53:01,829 --> 00:52:59,200

government on some of the material that

1548

00:53:03,270 --> 00:53:01,839

we got but chris mellon without i don't

1549

00:53:05,670 --> 00:53:03,280

want to speak for him but i do know

1550

00:53:07,750 --> 00:53:05,680

chris is involved in a lot of things

1551

00:53:09,430 --> 00:53:07,760

back in dc specifically with trying to

1552

00:53:11,190 --> 00:53:09,440

get this thing pressed through congress

1553

00:53:14,390 --> 00:53:11,200

and with oversight and the task force

1554

00:53:17,670 --> 00:53:14,400

and he's so deep in it that um i think

1555

00:53:18,549 --> 00:53:17,680

it frees up a lot of time and gets him

1556

00:53:21,270 --> 00:53:18,559

kind of

1557

00:53:22,950 --> 00:53:21,280

away from the entertainment part which

1558

00:53:24,470 --> 00:53:22,960

you don't really it doesn't mix well

1559

00:53:25,670 --> 00:53:24,480

with the government stuff and jim it'll

1560

00:53:27,750 --> 00:53:25,680

be better for you to talk about some of

1561

00:53:30,230 --> 00:53:27,760

this stuff but that was what we kind of

1562

00:53:30,950 --> 00:53:30,240

found was some of those issues i guess

1563

00:53:33,030 --> 00:53:30,960

yeah

1564

00:53:35,829 --> 00:53:33,040

that's pretty much it and and um you

1565

00:53:37,829 --> 00:53:35,839

know i think i think chris needed to go

1566

00:53:39,670 --> 00:53:37,839

uh his own way as with lou uh they

1567

00:53:40,630 --> 00:53:39,680

wanted to pursue other things that that

1568

00:53:42,630 --> 00:53:40,640

weren't

1569

00:53:45,030 --> 00:53:42,640

quote entertainment focus

1570

00:53:46,309 --> 00:53:45,040

i get that completely and they are they

1571

00:53:49,190 --> 00:53:46,319

are doing i think it's just an

1572

00:53:50,470 --> 00:53:49,200

outstanding job uh both of them you know

1573

00:53:53,270 --> 00:53:50,480

i'm just

1574

00:53:55,349 --> 00:53:53,280

huge fans we're all huge fans of them

1575

00:53:56,390 --> 00:53:55,359

they they were really courageous to do

1576

00:53:59,190 --> 00:53:56,400

what they did

1577

00:54:01,589 --> 00:53:59,200

they had their reputations and you know

1578

00:54:03,990 --> 00:54:01,599

lou i had met with before while he was

1579

00:54:06,390 --> 00:54:04,000

the head of atip and i sort of done some

1580

00:54:09,190 --> 00:54:06,400

unofficial consulting with him uh early

1581

00:54:11,670 --> 00:54:09,200

on and um i just my hats off to him it's

1582

00:54:13,430 --> 00:54:11,680

just a great great man as with chris so

1583

00:54:15,109 --> 00:54:13,440

they're they're doing i think they're

1584

00:54:16,950 --> 00:54:15,119

doing god's work you know so i we're

1585

00:54:18,790 --> 00:54:16,960

we're huge fans any way we can help them

1586

00:54:20,870 --> 00:54:18,800

we certainly will in terms of the

1587

00:54:22,950 --> 00:54:20,880

partnership between ttsa and the

1588

00:54:24,950 --> 00:54:22,960

government there was i didn't actually

1589

00:54:27,510 --> 00:54:24,960

see this but according to my friend mick

1590

00:54:30,950 --> 00:54:27,520

west he says jj abrams ufo documentary

1591

00:54:33,670 --> 00:54:30,960

episode 3 suggests ttsa might be part of

1592

00:54:35,109 --> 00:54:33,680

a government disinformation program

1593

00:54:38,390 --> 00:54:35,119

that's what i signed up for i was like

1594

00:54:40,309 --> 00:54:38,400

how do i lie to my friends and my family

1595

00:54:42,549 --> 00:54:40,319

can i just comment on that first of all

1596

00:54:44,790 --> 00:54:42,559

you know that's that's rather insulting

1597

00:54:46,309 --> 00:54:44,800

it's insulting you know not only to me

1598

00:54:48,069 --> 00:54:46,319

and you know and all the people that

1599

00:54:50,710 --> 00:54:48,079

work for the government what have you

1600

00:54:54,069 --> 00:54:50,720

you can't have a disinformation program

1601  
00:54:55,270 --> 00:54:54,079  
in the government it it's it's illegal

1602  
00:54:57,430 --> 00:54:55,280  
can't do that

1603  
00:54:59,829 --> 00:54:57,440  
um i wouldn't do that personally i mean

1604  
00:55:01,990 --> 00:54:59,839  
i i that's just that's terrible and and

1605  
00:55:04,150 --> 00:55:02,000  
you know you cannot influence the

1606  
00:55:06,309 --> 00:55:04,160  
population of the united states you

1607  
00:55:08,150 --> 00:55:06,319  
government governments can't do that

1608  
00:55:10,870 --> 00:55:08,160  
it's called an operation and you can't

1609  
00:55:13,430 --> 00:55:10,880  
have that uh it's it's not we we don't

1610  
00:55:15,030 --> 00:55:13,440  
do that and um uh as a matter of fact

1611  
00:55:17,109 --> 00:55:15,040  
you know it's one of the reasons i don't

1612  
00:55:18,630 --> 00:55:17,119  
like going on shows

1613  
00:55:19,990 --> 00:55:18,640

uh because when people come up with

1614

00:55:21,030 --> 00:55:20,000

these questions you know you sort of sit

1615

00:55:22,230 --> 00:55:21,040

there and you look at them and say well

1616

00:55:23,270 --> 00:55:22,240

if you really knew how the government

1617

00:55:25,910 --> 00:55:23,280

worked

1618

00:55:27,510 --> 00:55:25,920

um you know when i was in cia i mean you

1619

00:55:28,790 --> 00:55:27,520

know when i was in the senior service at

1620

00:55:29,990 --> 00:55:28,800

one point i was running rather large

1621

00:55:32,230 --> 00:55:30,000

programs

1622

00:55:34,150 --> 00:55:32,240

i had lawyers all around me i mean you

1623

00:55:35,510 --> 00:55:34,160

couldn't make a decision without making

1624

00:55:36,390 --> 00:55:35,520

sure that you were right on the money

1625

00:55:38,069 --> 00:55:36,400

and we

1626

00:55:39,670 --> 00:55:38,079

say i in particular it's a great

1627

00:55:41,589 --> 00:55:39,680

organization i mean they made a lot of

1628

00:55:43,030 --> 00:55:41,599

mistakes in the past but by and large

1629

00:55:45,910 --> 00:55:43,040

it's a very very straight-laced

1630

00:55:47,750 --> 00:55:45,920

organization you do not do anything

1631

00:55:51,349 --> 00:55:47,760

uh that would in any way harm a u.s

1632

00:55:53,990 --> 00:55:51,359

citizen or uh or uh or the population in

1633

00:55:55,750 --> 00:55:54,000

general so that's just uh that's bogus

1634

00:55:57,589 --> 00:55:55,760

yeah i know okay i i appreciate that so

1635

00:55:59,270 --> 00:55:57,599

much and and believe me you know and no

1636

00:56:04,150 --> 00:55:59,280

one has more respect that didn't serve

1637

00:56:07,589 --> 00:56:05,510

you know i mean one thing just to

1638

00:56:08,950 --> 00:56:07,599

criticize um the government that i do

1639

00:56:11,030 --> 00:56:08,960

love and support and that's the best

1640

00:56:12,870 --> 00:56:11,040

country on earth i'll say that uh uh

1641

00:56:15,430 --> 00:56:12,880

except maybe canada kurt's gonna speak

1642

00:56:17,750 --> 00:56:15,440

up about the 51st state to the north up

1643

00:56:20,470 --> 00:56:17,760

there but anyway in all seriousness you

1644

00:56:22,230 --> 00:56:20,480

know i look at kova 19 and i look at you

1645

00:56:24,789 --> 00:56:22,240

know the trillions of dollars that go

1646

00:56:28,309 --> 00:56:24,799

from our 16 of our entire budget goes to

1647

00:56:29,829 --> 00:56:28,319

the military cia fbi all these nsa we

1648

00:56:32,950 --> 00:56:29,839

didn't i remember going to dinner in

1649

00:56:34,390 --> 00:56:32,960

2020 in january 2020 my friend told me

1650

00:56:35,670 --> 00:56:34,400

you just got an invitation to go to

1651

00:56:37,030 --> 00:56:35,680

china are you going to go brian i said i

1652

00:56:38,549 --> 00:56:37,040

don't know and he said you shouldn't go

1653

00:56:40,069 --> 00:56:38,559

because china's building this hospital

1654

00:56:41,270 --> 00:56:40,079

slash prison they're going to start

1655

00:56:43,109 --> 00:56:41,280

locking people in because this thing

1656

00:56:44,549 --> 00:56:43,119

called covet i said okay well i'll keep

1657

00:56:46,390 --> 00:56:44,559

my eye on it i'm not going to go to not

1658

00:56:49,030 --> 00:56:46,400

not rush to go to tibet anyway i'd love

1659

00:56:50,789 --> 00:56:49,040

to go someday but uh but they knew about

1660

00:56:53,510 --> 00:56:50,799

it my friend at dinner knew about it in

1661

00:56:55,670 --> 00:56:53,520

other words jim and trillions of dollars

1662

00:56:58,150 --> 00:56:55,680

of of and the countless lives that were

1663

00:57:00,150 --> 00:56:58,160

lost precious individual lives lost in

1664

00:57:02,549 --> 00:57:00,160

america because you know and you think

1665

00:57:04,630 --> 00:57:02,559

with this huge apparatus uh that they'd

1666

00:57:05,829 --> 00:57:04,640

be capable of doing something preventing

1667

00:57:07,670 --> 00:57:05,839

something and i don't want to get into

1668

00:57:09,109 --> 00:57:07,680

politics i i hate politics and that's

1669

00:57:11,349 --> 00:57:09,119

why i'm an astronomer because there's no

1670

00:57:13,030 --> 00:57:11,359

democratic comet there's no republican

1671

00:57:15,030 --> 00:57:13,040

asteroid right so talk about the

1672

00:57:17,030 --> 00:57:15,040

government like could they do could they

1673

00:57:19,109 --> 00:57:17,040

cover up something like this could they

1674

00:57:21,030 --> 00:57:19,119

do it malevolently as you're saying the

1675

00:57:22,309 --> 00:57:21,040

cia's basically let's just call it what

1676

00:57:23,990 --> 00:57:22,319

it is you're saying they're comprised of

1677

00:57:26,390 --> 00:57:24,000

good people good men and women honest

1678

00:57:27,990 --> 00:57:26,400

patriots um how come they weren't on top

1679

00:57:30,309 --> 00:57:28,000

of something like covid which was you

1680

00:57:31,670 --> 00:57:30,319

know known to my dinner party guests

1681

00:57:34,150 --> 00:57:31,680

well you know

1682

00:57:35,750 --> 00:57:34,160

let me just say this uh the last 10

1683

00:57:37,270 --> 00:57:35,760

years

1684

00:57:39,910 --> 00:57:37,280

i consulted with the intelligence

1685

00:57:41,750 --> 00:57:39,920

community and i was working on a counter

1686

00:57:44,549 --> 00:57:41,760

biological weapons

1687

00:57:46,150 --> 00:57:44,559

and one of the corollaries of that was

1688

00:57:48,470 --> 00:57:46,160

you know working on pandemics and

1689

00:57:50,069 --> 00:57:48,480

talking about pandemics i can't tell you

1690

00:57:52,470 --> 00:57:50,079

how many meetings i sat in with the

1691

00:57:54,870 --> 00:57:52,480

government from people that did nothing

1692

00:57:56,710 --> 00:57:54,880

but talk about the coming pandemic cia

1693

00:57:59,829 --> 00:57:56,720

has written intelligence assessments on

1694

00:58:01,589 --> 00:57:59,839

it so has dia i mean almost every

1695

00:58:02,470 --> 00:58:01,599

government agency has come out and

1696

00:58:03,670 --> 00:58:02,480

warned

1697

00:58:05,589 --> 00:58:03,680

people that this is going to be

1698

00:58:06,630 --> 00:58:05,599

happening down the road and it's just a

1699

00:58:09,670 --> 00:58:06,640

question of

1700

00:58:11,829 --> 00:58:09,680

when but the problem with this is um

1701

00:58:13,750 --> 00:58:11,839

nobody listens the government does not

1702

00:58:15,990 --> 00:58:13,760

listen the congress doesn't listen and

1703

00:58:18,150 --> 00:58:16,000

the senate doesn't listen until it

1704

00:58:20,549 --> 00:58:18,160

happens and when it happens they jump up

1705

00:58:22,789 --> 00:58:20,559

in the air start pointing fingers it's a

1706

00:58:24,150 --> 00:58:22,799

shame it really truly is 9 11 was the

1707

00:58:26,069 --> 00:58:24,160

same way we were screaming you know

1708

00:58:27,750 --> 00:58:26,079

bloody murder about uh you know about

1709

00:58:29,430 --> 00:58:27,760

osama bin laden this is this is what's

1710

00:58:31,510 --> 00:58:29,440

going to happen and we think this is

1711

00:58:33,750 --> 00:58:31,520

going to happen soon and people just

1712

00:58:35,910 --> 00:58:33,760

look at it and you know say well i don't

1713

00:58:38,150 --> 00:58:35,920

really believe it could happen right but

1714

00:58:39,670 --> 00:58:38,160

um now in many i mean there are a lot of

1715

00:58:42,230 --> 00:58:39,680

times where the intelligence community

1716

00:58:44,069 --> 00:58:42,240

fails but but a lot of these no we were

1717

00:58:45,270 --> 00:58:44,079

not we were right on top of all this

1718

00:58:47,670 --> 00:58:45,280

early on

1719

00:58:50,789 --> 00:58:47,680

but nobody wanted to spend money

1720

00:58:54,470 --> 00:58:50,799

billions of dollars creating

1721

00:58:56,390 --> 00:58:54,480

uh say a a a you know a a vaccine that

1722

00:58:58,069 --> 00:58:56,400

that could you know help you know

1723

00:58:59,589 --> 00:58:58,079

something when when there wasn't one

1724

00:59:01,670 --> 00:58:59,599

where there wasn't a when there wasn't a

1725

00:59:03,270 --> 00:59:01,680

pathogen out there yet so

1726

00:59:04,870 --> 00:59:03,280

and you know the government budgets i

1727

00:59:06,470 --> 00:59:04,880

mean like we can have a whole program on

1728

00:59:08,390 --> 00:59:06,480

on government budgets and how money is

1729

00:59:10,069 --> 00:59:08,400

spent and it's usually spent on

1730

00:59:11,829 --> 00:59:10,079

quarterly things the things that you

1731

00:59:14,470 --> 00:59:11,839

absolutely have to do so anything that's

1732

00:59:15,990 --> 00:59:14,480

looking in the future like uaps by the

1733

00:59:18,309 --> 00:59:16,000

way you know

1734

00:59:20,789 --> 00:59:18,319

low probability high impact events like

1735

00:59:22,630 --> 00:59:20,799

that they don't get the kind of

1736

00:59:24,710 --> 00:59:22,640

attention they deserve

1737

00:59:25,910 --> 00:59:24,720

but you're right i agree with you

1738

00:59:28,069 --> 00:59:25,920

you want to ask

1739

00:59:30,309 --> 00:59:28,079

some of your viewers questions yeah well

1740

00:59:32,069 --> 00:59:30,319

about the government not

1741

00:59:33,829 --> 00:59:32,079

participating in disinformation i'm

1742

00:59:35,750 --> 00:59:33,839

curious there's

1743

00:59:37,670 --> 00:59:35,760

mk ultra project mockingbird or

1744

00:59:39,030 --> 00:59:37,680

operation mockingbird and project blue

1745

00:59:41,750 --> 00:59:39,040

book and quite a few others so what do

1746

00:59:42,710 --> 00:59:41,760

you make of that and also even if it is

1747

00:59:44,069 --> 00:59:42,720

illegal

1748

00:59:46,710 --> 00:59:44,079

it's not as if the government hasn't

1749

00:59:48,390 --> 00:59:46,720

done what's illegal before oh no no the

1750

00:59:50,950 --> 00:59:48,400

government has

1751

00:59:52,789 --> 00:59:50,960

oh absolutely i'm not making excuses for

1752

00:59:54,950 --> 00:59:52,799

the government i mean the government

1753

00:59:55,950 --> 00:59:54,960

has done some terrible things it wasn't

1754

00:59:59,349 --> 00:59:55,960

until

1755

01:00:01,510 --> 00:59:59,359

1976 for instance when the cia was was

1756

01:00:04,390 --> 01:00:01,520

held held accountable is really when all

1757

01:00:06,549 --> 01:00:04,400

that stopped when mk ultra came out and

1758

01:00:08,470 --> 01:00:06,559

and and um i can't remember the name of

1759

01:00:12,150 --> 01:00:08,480

the commission but it was uh gerald ford

1760

01:00:15,109 --> 01:00:13,910

actually gave presentations on it i

1761

01:00:17,589 --> 01:00:15,119

don't know why it's slipping my mind

1762

01:00:19,349 --> 01:00:17,599

right now but but essentially a ramparts

1763

01:00:21,109 --> 01:00:19,359

magazine had a big article on this and

1764

01:00:23,190 --> 01:00:21,119

and the and the intelligence community

1765

01:00:25,910 --> 01:00:23,200

just changed right there i mean as mk

1766

01:00:27,670 --> 01:00:25,920

ultra was a program

1767

01:00:29,990 --> 01:00:27,680

you know they were experimenting with

1768

01:00:31,270 --> 01:00:30,000

you know with with hallucinogenics

1769

01:00:32,630 --> 01:00:31,280

because they thought that to control

1770

01:00:33,990 --> 01:00:32,640

people's minds because they knew that

1771

01:00:35,510 --> 01:00:34,000

the russians were experimenting with it

1772

01:00:37,990 --> 01:00:35,520

so they were doing it

1773

01:00:41,190 --> 01:00:38,000

it was a terrible terrible program um

1774

01:00:42,470 --> 01:00:41,200

and it was an awful program people died

1775

01:00:43,750 --> 01:00:42,480

but you know and then they burned all

1776

01:00:46,150 --> 01:00:43,760

the files so we don't know what the hell

1777

01:00:48,390 --> 01:00:46,160

happened um uh and and this this has

1778

01:00:49,670 --> 01:00:48,400

gone on through you know

1779

01:00:51,430 --> 01:00:49,680

throughout the government and very

1780

01:00:53,109 --> 01:00:51,440

beginnings but as the government gets

1781

01:00:56,549 --> 01:00:53,119

older and as we learn from these

1782

01:00:58,470 --> 01:00:56,559

mistakes things really do get better um

1783

01:01:00,309 --> 01:00:58,480

uh so yeah i mean when you look at like

1784

01:01:01,990 --> 01:01:00,319

the condon report that was a it was a

1785

01:01:04,390 --> 01:01:02,000

total whitewash

1786

01:01:07,510 --> 01:01:04,400

and

1787

01:01:09,829 --> 01:01:07,520

know we're just gonna we're just gonna

1788

01:01:11,750 --> 01:01:09,839

make fun of people who believe in uaps

1789

01:01:13,030 --> 01:01:11,760

and ufos and all this kind of stuff and

1790

01:01:14,150 --> 01:01:13,040

that was awesome they shouldn't have

1791

01:01:16,230 --> 01:01:14,160

done that

1792

01:01:17,750 --> 01:01:16,240

uh and it was actually one of the

1793

01:01:19,670 --> 01:01:17,760

reasons why

1794

01:01:21,109 --> 01:01:19,680

a lot of us and this

1795

01:01:22,630 --> 01:01:21,119

these unofficial government workers

1796

01:01:25,109 --> 01:01:22,640

decided we're going to go out we're

1797

01:01:26,390 --> 01:01:25,119

going to take this private and i we told

1798

01:01:28,309 --> 01:01:26,400

the highest levels of government that's

1799

01:01:30,950 --> 01:01:28,319

what we're going to be doing

1800

01:01:33,270 --> 01:01:30,960

because they can't seem to get this out

1801

01:01:35,349 --> 01:01:33,280

i don't know why i've had talks with

1802

01:01:37,109 --> 01:01:35,359

them but they can't get it out and none

1803

01:01:38,789 --> 01:01:37,119

of them had any issues with us doing

1804

01:01:41,430 --> 01:01:38,799

this they didn't have any issues with

1805

01:01:42,950 --> 01:01:41,440

tom i mean it was just go ahead go ahead

1806

01:01:45,430 --> 01:01:42,960

and keep us posted

1807

01:01:47,349 --> 01:01:45,440

if you want you know and we do

1808

01:01:49,109 --> 01:01:47,359

we do and if we ever come across

1809

01:01:50,309 --> 01:01:49,119

information we'll share it with them um

1810

01:01:51,750 --> 01:01:50,319

you know we're not

1811

01:01:53,430 --> 01:01:51,760

anti-government by any stretch of the

1812

01:01:55,349 --> 01:01:53,440

imagination but we certainly don't show

1813

01:01:56,150 --> 01:01:55,359

for them and we certainly don't work for

1814

01:01:58,309 --> 01:01:56,160

them

1815

01:02:00,789 --> 01:01:58,319

i have a quick question

1816

01:02:03,910 --> 01:02:00,799

are you aware of any government whether

1817

01:02:07,589 --> 01:02:03,920

it's our own having possession of

1818

01:02:11,349 --> 01:02:10,069

are you asking me any

1819

01:02:13,510 --> 01:02:11,359

jim or tom

1820

01:02:15,270 --> 01:02:13,520

i'm not going to comment on them yeah

1821

01:02:17,030 --> 01:02:15,280

i'm not you know i think there's no way

1822

01:02:18,870 --> 01:02:17,040

for us to be aware i mean we all hear

1823

01:02:20,789 --> 01:02:18,880

the stories we all talk about it online

1824

01:02:22,549 --> 01:02:20,799

or read about it online

1825

01:02:23,829 --> 01:02:22,559

um you know we're that's one of the

1826  
01:02:26,309 --> 01:02:23,839  
reasons why we're trying to figure out

1827  
01:02:28,789 --> 01:02:26,319  
about the material that we got so

1828  
01:02:30,390 --> 01:02:28,799  
we have material from a purported crash

1829  
01:02:31,990 --> 01:02:30,400  
in the late 40s we don't really have a

1830  
01:02:34,390 --> 01:02:32,000  
chain of title all the way back then we

1831  
01:02:36,390 --> 01:02:34,400  
do for like 20 years or something we

1832  
01:02:38,390 --> 01:02:36,400  
know there's a lot of anomalies about

1833  
01:02:39,829 --> 01:02:38,400  
the way it's engineered we have some

1834  
01:02:41,270 --> 01:02:39,839  
theories of what it can do there's been

1835  
01:02:42,950 --> 01:02:41,280  
a lot of studies on it the government's

1836  
01:02:44,630 --> 01:02:42,960  
very interested in this piece but if

1837  
01:02:46,789 --> 01:02:44,640  
that piece ended up being real then it's

1838  
01:02:48,309 --> 01:02:46,799

like well what else was it a part of and

1839

01:02:51,349 --> 01:02:48,319

who was piloting this thing was it a

1840

01:02:54,390 --> 01:02:51,359

drone was it not i think it kind of

1841

01:02:56,549 --> 01:02:54,400

gets us to ask a lot of questions um

1842

01:02:58,950 --> 01:02:56,559

i have you know i'm i'm under the

1843

01:03:00,470 --> 01:02:58,960

thinking that you know if there's things

1844

01:03:02,630 --> 01:03:00,480

that have been around here for thousands

1845

01:03:04,390 --> 01:03:02,640

of years then there's absolutely the

1846

01:03:06,789 --> 01:03:04,400

potential for some of these stories to

1847

01:03:08,309 --> 01:03:06,799

be real the problem is is like

1848

01:03:09,109 --> 01:03:08,319

you're not going to get anybody to come

1849

01:03:11,910 --> 01:03:09,119

out

1850

01:03:14,309 --> 01:03:11,920

and just say that um

1851  
01:03:15,990 --> 01:03:14,319  
so easily i i think that there's steps

1852  
01:03:17,670 --> 01:03:16,000  
to this you know i look at the task

1853  
01:03:18,950 --> 01:03:17,680  
force report and i look at what's going

1854  
01:03:20,069 --> 01:03:18,960  
on now and

1855  
01:03:22,150 --> 01:03:20,079  
and if i

1856  
01:03:23,670 --> 01:03:22,160  
if there was such a thing like bodies or

1857  
01:03:24,470 --> 01:03:23,680  
craft or whatever

1858  
01:03:26,870 --> 01:03:24,480  
um

1859  
01:03:27,520 --> 01:03:26,880  
and they're so advanced and they're

1860  
01:03:28,829 --> 01:03:27,530  
somehow

1861  
01:03:31,670 --> 01:03:28,839  
[Music]

1862  
01:03:34,390 --> 01:03:31,680  
influencing the you know mankind and the

1863  
01:03:36,069 --> 01:03:34,400

way we are engineered to evolve or

1864

01:03:37,990 --> 01:03:36,079

something crazy i mean because i look at

1865

01:03:39,430 --> 01:03:38,000

us now it's like first we we got into

1866

01:03:41,589 --> 01:03:39,440

the biology of our bodies and then we

1867

01:03:44,150 --> 01:03:41,599

got deeper and we got into like you know

1868

01:03:45,910 --> 01:03:44,160

um dna and what that's doing and every

1869

01:03:48,230 --> 01:03:45,920

time we master parts of the body and

1870

01:03:50,390 --> 01:03:48,240

parts of you know the world we see and

1871

01:03:52,069 --> 01:03:50,400

touch and feel like what's the next

1872

01:03:53,349 --> 01:03:52,079

thing well i think the next thing is

1873

01:03:54,309 --> 01:03:53,359

going to be discovering consciousness

1874

01:03:55,990 --> 01:03:54,319

and then we're going to go how do we

1875

01:03:57,910 --> 01:03:56,000

manipulate consciousness and how do we

1876

01:03:59,750 --> 01:03:57,920

capture it and how do we are you know so

1877

01:04:01,910 --> 01:03:59,760

i'm kind of thinking if this these

1878

01:04:04,950 --> 01:04:01,920

beings have been around for so long they

1879

01:04:06,870 --> 01:04:04,960

must be in they must be so far beyond

1880

01:04:08,789 --> 01:04:06,880

like wondering about our dna or

1881

01:04:11,430 --> 01:04:08,799

wondering about like what our spleen

1882

01:04:12,630 --> 01:04:11,440

does i think it's going to be

1883

01:04:17,990 --> 01:04:12,640

probably

1884

01:04:19,109 --> 01:04:18,000

a lot that we don't know and so the idea

1885

01:04:21,270 --> 01:04:19,119

of the government just coming out and

1886

01:04:23,670 --> 01:04:21,280

saying hey look what we got before they

1887

01:04:25,589 --> 01:04:23,680

know what it is doesn't make any sense

1888

01:04:27,430 --> 01:04:25,599

to me and i tell my friends this i go if

1889

01:04:29,270 --> 01:04:27,440

someone like jim

1890

01:04:32,069 --> 01:04:29,280

caught some dude sneaking a nuclear

1891

01:04:34,390 --> 01:04:32,079

weapon you know through the border uh of

1892

01:04:36,870 --> 01:04:34,400

canada somewhere into the states you

1893

01:04:38,950 --> 01:04:36,880

know are they gonna stop and tell us all

1894

01:04:40,309 --> 01:04:38,960

about it and really just talk about it

1895

01:04:42,549 --> 01:04:40,319

or are they going to go and try and

1896

01:04:44,309 --> 01:04:42,559

track down the guy who he was working

1897

01:04:46,710 --> 01:04:44,319

with where he got the parts where the

1898

01:04:48,630 --> 01:04:46,720

device is got it goes on and it might

1899

01:04:51,190 --> 01:04:48,640

take some time now imagine if that

1900

01:04:52,870 --> 01:04:51,200

device was like handing an iphone to a

1901  
01:04:55,029 --> 01:04:52,880  
cow and the cow was like i gotta figure

1902  
01:04:58,230 --> 01:04:55,039  
out what this iphone is so i think that

1903  
01:05:00,150 --> 01:04:58,240  
the logical steps that one would take

1904  
01:05:01,430 --> 01:05:00,160  
are exactly kind of what's happening

1905  
01:05:03,829 --> 01:05:01,440  
which was

1906  
01:05:05,990 --> 01:05:03,839  
a number of years trying to figure out

1907  
01:05:08,789 --> 01:05:06,000  
something trying to come up with a plan

1908  
01:05:11,510 --> 01:05:08,799  
that helped understand it or whatever

1909  
01:05:13,510 --> 01:05:11,520  
and then it's like okay now let's create

1910  
01:05:15,990 --> 01:05:13,520  
a proper organization to start getting

1911  
01:05:17,510 --> 01:05:16,000  
more data and letting people know that

1912  
01:05:19,990 --> 01:05:17,520  
the data is real and that we need to

1913  
01:05:21,510 --> 01:05:20,000

study this and then over time being able

1914

01:05:23,109 --> 01:05:21,520

to say this is what we learned you know

1915

01:05:25,510 --> 01:05:23,119

it's real and now we're studying it and

1916

01:05:26,950 --> 01:05:25,520

this is how they fly and it looks like

1917

01:05:28,870 --> 01:05:26,960

they might be doing this and that you

1918

01:05:31,109 --> 01:05:28,880

know and so i think we're doing the

1919

01:05:32,230 --> 01:05:31,119

logical steps now that might one day

1920

01:05:34,870 --> 01:05:32,240

lead to

1921

01:05:36,950 --> 01:05:34,880

we've collected some stuff you know but

1922

01:05:38,230 --> 01:05:36,960

i don't think that if they even if they

1923

01:05:40,150 --> 01:05:38,240

did

1924

01:05:42,230 --> 01:05:40,160

i wouldn't knowing what i know about

1925

01:05:44,630 --> 01:05:42,240

this subject which isn't like a lot i

1926

01:05:46,710 --> 01:05:44,640

feel like it's a lot but but who knows

1927

01:05:48,309 --> 01:05:46,720

um because they say like studying space

1928

01:05:50,150 --> 01:05:48,319

is like if we were to study the oceans

1929

01:05:51,829 --> 01:05:50,160

it's like we know a half a cup of water

1930

01:05:54,150 --> 01:05:51,839

of the oceans that's how much we know

1931

01:05:56,150 --> 01:05:54,160

about states yeah so i just i think this

1932

01:05:58,390 --> 01:05:56,160

is i think you're seeing

1933

01:06:01,349 --> 01:05:58,400

a rational logical progression of

1934

01:06:04,470 --> 01:06:01,359

something extremely complicated starting

1935

01:06:06,870 --> 01:06:04,480

to be formed to come out after a long

1936

01:06:08,710 --> 01:06:06,880

period of time of digging in and trying

1937

01:06:10,470 --> 01:06:08,720

to wrap their heads around it that's

1938

01:06:13,190 --> 01:06:10,480

what it looks like to me taboo and a

1939

01:06:15,190 --> 01:06:13,200

baby and you in particular tom you know

1940

01:06:16,829 --> 01:06:15,200

doing yeoman's work to make this less

1941

01:06:19,109 --> 01:06:16,839

taboo to make it into the public

1942

01:06:21,670 --> 01:06:19,119

consciousness um and yet i'm curious how

1943

01:06:24,309 --> 01:06:21,680

you react to my colleagues professors

1944

01:06:26,630 --> 01:06:24,319

astronomers who spend our days you know

1945

01:06:28,230 --> 01:06:26,640

i heard um i heard commander fravor

1946

01:06:30,230 --> 01:06:28,240

saying on lex friedman's podcast you

1947

01:06:32,069 --> 01:06:30,240

know we are trained pilots we're trained

1948

01:06:33,670 --> 01:06:32,079

to use our senses our eyes and our tools

1949

01:06:35,190 --> 01:06:33,680

and our technology well so are

1950

01:06:37,510 --> 01:06:35,200

astronomers we're pretty good at looking

1951

01:06:39,029 --> 01:06:37,520

up and things in space we survey the sky

1952

01:06:40,870 --> 01:06:39,039

with high cadence with quite great

1953

01:06:42,549 --> 01:06:40,880

frequency some right here in southern

1954

01:06:44,470 --> 01:06:42,559

california as you know look out your

1955

01:06:46,230 --> 01:06:44,480

window and see mount palomar

1956

01:06:47,910 --> 01:06:46,240

but i want to ask you how do you react

1957

01:06:49,589 --> 01:06:47,920

to those that say well astronomers would

1958

01:06:52,150 --> 01:06:49,599

like nothing better than for these craft

1959

01:06:53,990 --> 01:06:52,160

to be real again so that we could bypass

1960

01:06:56,950 --> 01:06:54,000

the the line and skip from the

1961

01:06:59,349 --> 01:06:56,960

equivalent of euclid 2 000 years ago to

1962

01:07:01,589 --> 01:06:59,359

uh to einstein you know uh that would be

1963

01:07:03,270 --> 01:07:01,599

a tremendous boost towards humanity and

1964

01:07:04,950 --> 01:07:03,280

no one would have a negative state in

1965

01:07:07,270 --> 01:07:04,960

that in the astronomical community you

1966

01:07:08,630 --> 01:07:07,280

might say the government does uh and

1967

01:07:09,829 --> 01:07:08,640

that they want to keep us you know

1968

01:07:12,390 --> 01:07:09,839

comfortable and happy and not in

1969

01:07:14,309 --> 01:07:12,400

revolution but big astronomy doesn't

1970

01:07:15,589 --> 01:07:14,319

exist so how do you react to that that

1971

01:07:17,190 --> 01:07:15,599

astronomers would like nothing more for

1972

01:07:19,510 --> 01:07:17,200

these to be real we don't have credible

1973

01:07:21,990 --> 01:07:19,520

reports in any sensor and any wavelength

1974

01:07:23,750 --> 01:07:22,000

any frequency any uh polarization time

1975

01:07:25,910 --> 01:07:23,760

of day year that where it's really

1976

01:07:27,430 --> 01:07:25,920

credibly come out and been verified

1977

01:07:29,349 --> 01:07:27,440

peer-reviewed however you like to say it

1978

01:07:32,150 --> 01:07:29,359

how do you react to those kinds of

1979

01:07:33,750 --> 01:07:32,160

of assertions um well two two things for

1980

01:07:36,870 --> 01:07:33,760

me and i think jim will have some really

1981

01:07:38,470 --> 01:07:36,880

great insight on this um as usual but i

1982

01:07:40,470 --> 01:07:38,480

the two things for me are number one

1983

01:07:42,390 --> 01:07:40,480

there has been that stuff it has been

1984

01:07:44,069 --> 01:07:42,400

picked up that was one of chris mellon's

1985

01:07:45,670 --> 01:07:44,079

big pushes is that all of these

1986

01:07:47,829 --> 01:07:45,680

satellites that are doing thermal

1987

01:07:50,710 --> 01:07:47,839

imaging watching animal migrations

1988

01:07:53,270 --> 01:07:50,720

weather satellites spy satellites it

1989

01:07:55,589 --> 01:07:53,280

collects data all day long and he's like

1990

01:07:57,670 --> 01:07:55,599

we need to scan that data and we need to

1991

01:07:59,910 --> 01:07:57,680

find out you know if this weather

1992

01:08:01,109 --> 01:07:59,920

satellite picked up um

1993

01:08:02,789 --> 01:08:01,119

you know uh

1994

01:08:04,390 --> 01:08:02,799

there's a little roman right there you

1995

01:08:05,750 --> 01:08:04,400

need sound you need to send this weather

1996

01:08:06,950 --> 01:08:05,760

satellite picked up something flying

1997

01:08:08,789 --> 01:08:06,960

through but these satellites aren't

1998

01:08:10,390 --> 01:08:08,799

really geared to pick up things moving

1999

01:08:12,150 --> 01:08:10,400

20 000 miles an hour and doing a 90

2000

01:08:13,589 --> 01:08:12,160

degree turn but it still might be in

2001  
01:08:15,430 --> 01:08:13,599  
there but we have to do some software to

2002  
01:08:17,110 --> 01:08:15,440  
kind of pull it out but then we have the

2003  
01:08:18,709 --> 01:08:17,120  
videos that come out there's so many

2004  
01:08:20,309 --> 01:08:18,719  
more videos that we know that are

2005  
01:08:21,749 --> 01:08:20,319  
probably classified not so much because

2006  
01:08:23,829 --> 01:08:21,759  
of what's on it but maybe where they

2007  
01:08:25,990 --> 01:08:23,839  
filmed it or how good the resolution is

2008  
01:08:27,990 --> 01:08:26,000  
or whatever those things are but those

2009  
01:08:29,510 --> 01:08:28,000  
things do exist we have filmed these

2010  
01:08:31,269 --> 01:08:29,520  
things the military has them the

2011  
01:08:32,550 --> 01:08:31,279  
government has them on the best systems

2012  
01:08:34,870 --> 01:08:32,560  
that have ever been created in the

2013  
01:08:37,030 --> 01:08:34,880

history of man on the spy one radar the

2014

01:08:39,110 --> 01:08:37,040

uss princeton and these top gun pilots

2015

01:08:41,669 --> 01:08:39,120

and top gun radar controllers capturing

2016

01:08:43,590 --> 01:08:41,679

the stuff with with their eyeballs with

2017

01:08:45,749 --> 01:08:43,600

the sensors with the people in the

2018

01:08:48,709 --> 01:08:45,759

planes all that stuff is there the

2019

01:08:50,550 --> 01:08:48,719

second thing is is i don't personally

2020

01:08:52,070 --> 01:08:50,560

and i don't know this but i don't think

2021

01:08:53,669 --> 01:08:52,080

these are coming from space i don't

2022

01:08:54,950 --> 01:08:53,679

think they're coming from deep space so

2023

01:08:56,550 --> 01:08:54,960

we're looking

2024

01:08:58,229 --> 01:08:56,560

at the oceans but we're wondering where

2025

01:08:59,430 --> 01:08:58,239

we're going to find a planet

2026

01:09:01,510 --> 01:08:59,440

you know you're not going to find one

2027

01:09:03,510 --> 01:09:01,520

there you know so i think

2028

01:09:04,789 --> 01:09:03,520

it's better that we're

2029

01:09:07,349 --> 01:09:04,799

monitoring

2030

01:09:10,070 --> 01:09:07,359

you know the area around our planet and

2031

01:09:11,990 --> 01:09:10,080

and what things are materializing in

2032

01:09:14,390 --> 01:09:12,000

this realm and that so i think

2033

01:09:16,630 --> 01:09:14,400

astronomers are looking far out and i'm

2034

01:09:18,070 --> 01:09:16,640

not exclu i'm not saying that there

2035

01:09:19,510 --> 01:09:18,080

aren't there isn't other life out there

2036

01:09:20,950 --> 01:09:19,520

and they're not sending drones out or

2037

01:09:23,110 --> 01:09:20,960

maybe they're got advanced enough to

2038

01:09:25,269 --> 01:09:23,120

travel i'm not saying that i just have

2039

01:09:27,430 --> 01:09:25,279

this feeling that the universe

2040

01:09:30,070 --> 01:09:27,440

is more of a duality structure where

2041

01:09:32,390 --> 01:09:30,080

time can extend in two directions in the

2042

01:09:34,950 --> 01:09:32,400

exact same moment in the exact same

2043

01:09:36,229 --> 01:09:34,960

place which means people that are very

2044

01:09:38,789 --> 01:09:36,239

advanced or things that are very

2045

01:09:41,110 --> 01:09:38,799

advanced can just pop over

2046

01:09:43,030 --> 01:09:41,120

like a radio station and

2047

01:09:44,470 --> 01:09:43,040

that's why we're not seeing them because

2048

01:09:46,149 --> 01:09:44,480

we're looking out at mars or we're

2049

01:09:47,829 --> 01:09:46,159

looking out at like alpha centauri and

2050

01:09:49,910 --> 01:09:47,839

we're like where's it coming from you

2051

01:09:52,229 --> 01:09:49,920

know it's like no it's it's in utah it's

2052

01:09:54,709 --> 01:09:52,239

just in the future or something and um

2053

01:09:56,149 --> 01:09:54,719

so i think i think we're gonna learn and

2054

01:09:58,310 --> 01:09:56,159

think around

2055

01:10:00,470 --> 01:09:58,320

those lines um and and i think

2056

01:10:01,750 --> 01:10:00,480

astronomers are totally capable i mean

2057

01:10:04,709 --> 01:10:01,760

these are some of the smartest people in

2058

01:10:05,590 --> 01:10:04,719

the world i think maybe it's like adding

2059

01:10:09,590 --> 01:10:05,600

to

2060

01:10:11,750 --> 01:10:09,600

they look for and look at and where they

2061

01:10:13,990 --> 01:10:11,760

look would be kind of cool you know

2062

01:10:16,709 --> 01:10:14,000

getting you guys to look at

2063

01:10:19,110 --> 01:10:16,719

you know frequency and duality theory

2064

01:10:21,510 --> 01:10:19,120

and time existing at one moment in the

2065

01:10:23,270 --> 01:10:21,520

same location and you know so it's not

2066

01:10:24,950 --> 01:10:23,280

just looking at stars it's kind of how

2067

01:10:26,870 --> 01:10:24,960

do you react to the new uh project

2068

01:10:29,189 --> 01:10:26,880

galileo professor gavi loeb who's the

2069

01:10:31,270 --> 01:10:29,199

chairman of the harvard astronomy uh

2070

01:10:33,750 --> 01:10:31,280

department for longer than any other

2071

01:10:35,830 --> 01:10:33,760

person you feel like that's a sign of

2072

01:10:37,430 --> 01:10:35,840

progress that that's being made and

2073

01:10:39,990 --> 01:10:37,440

mainstreaming it

2074

01:10:41,590 --> 01:10:40,000

um any anybody that's interested in

2075

01:10:43,910 --> 01:10:41,600

looking for these things and treating

2076

01:10:46,310 --> 01:10:43,920

them as real is is really good for the

2077

01:10:48,709 --> 01:10:46,320

scientific community um that's why our

2078

01:10:51,510 --> 01:10:48,719

company exists is to like create that

2079

01:10:52,390 --> 01:10:51,520

opportunity where the stigma is gone

2080

01:10:54,310 --> 01:10:52,400

um

2081

01:10:55,270 --> 01:10:54,320

i'll tell you like

2082

01:11:12,709 --> 01:10:55,280

i

2083

01:11:14,470 --> 01:11:12,719

all of a sudden someone else says one

2084

01:11:15,830 --> 01:11:14,480

more thing and it changes everything i

2085

01:11:18,149 --> 01:11:15,840

thought i knew and i was like oh my god

2086

01:11:20,070 --> 01:11:18,159

i got it so wrong and then you know it's

2087

01:11:21,270 --> 01:11:20,080

it it's difficult to comprehend

2088

01:11:23,430 --> 01:11:21,280

especially for a guy like me i'm not

2089

01:11:26,149 --> 01:11:23,440

like you i don't i didn't go to college

2090

01:11:27,990 --> 01:11:26,159

i didn't study science i don't have but

2091

01:11:29,590 --> 01:11:28,000

i that ability but i'm a pretty clever

2092

01:11:32,470 --> 01:11:29,600

guy and i could find patterns pretty

2093

01:11:34,070 --> 01:11:32,480

easily um and uh and i'm constantly

2094

01:11:36,229 --> 01:11:34,080

learning i'm constantly open to learning

2095

01:11:38,229 --> 01:11:36,239

um but i just think that

2096

01:11:39,910 --> 01:11:38,239

that these scientists and

2097

01:11:41,110 --> 01:11:39,920

i'll give you an example i mean i won't

2098

01:11:43,110 --> 01:11:41,120

go into too much detail because i don't

2099

01:11:45,189 --> 01:11:43,120

feel comfortable doing it but i i there

2100

01:11:46,709 --> 01:11:45,199

was a very important person

2101

01:11:47,510 --> 01:11:46,719

that i met early on long before i knew

2102

01:11:50,229 --> 01:11:47,520

jim

2103

01:11:52,390 --> 01:11:50,239

and i and i remember that somebody that

2104

01:11:53,910 --> 01:11:52,400

was a very high-ranking person at a very

2105

01:11:55,590 --> 01:11:53,920

important government place said you

2106

01:11:56,630 --> 01:11:55,600

should meet this person he's a very

2107

01:11:59,189 --> 01:11:56,640

interesting

2108

01:12:00,709 --> 01:11:59,199

person very high ranking person and uh

2109

01:12:02,470 --> 01:12:00,719

and i said because i pitched this idea

2110

01:12:04,229 --> 01:12:02,480

of what to the stars could be and so

2111

01:12:05,990 --> 01:12:04,239

this person comes to san diego they put

2112

01:12:07,590 --> 01:12:06,000

me on the phone with this other person

2113

01:12:09,350 --> 01:12:07,600

and said hey this is tom and he's got

2114

01:12:11,350 --> 01:12:09,360

some great ideas about how to talk to

2115

01:12:13,510 --> 01:12:11,360

the youth about you know life in the

2116

01:12:15,990 --> 01:12:13,520

universe and so on this person on the

2117

01:12:18,070 --> 01:12:16,000

phone was like well there's no evidence

2118

01:12:20,470 --> 01:12:18,080

for that i don't believe in any of that

2119

01:12:22,870 --> 01:12:20,480

um it's just not my thing but why don't

2120

01:12:24,630 --> 01:12:22,880

you fly up tomorrow and come meet me you

2121

01:12:26,149 --> 01:12:24,640

know and i was like to talk about what

2122

01:12:28,390 --> 01:12:26,159

something that doesn't exist so i

2123

01:12:31,590 --> 01:12:28,400

remember this person was putting a visit

2124

01:12:33,270 --> 01:12:31,600

that you talked about on rogan

2125

01:12:35,910 --> 01:12:33,280

no this is something different

2126

01:12:37,270 --> 01:12:35,920

but it led to that and so this person

2127

01:12:39,270 --> 01:12:37,280

was just like it was a two-hour

2128

01:12:40,950 --> 01:12:39,280

conversation none of it's real none of

2129

01:12:42,709 --> 01:12:40,960

it exists but i want to hear what your

2130

01:12:45,590 --> 01:12:42,719

plan is or what you're trying to achieve

2131

01:12:48,630 --> 01:12:45,600

you know and i remember this person was

2132

01:12:50,470 --> 01:12:48,640

setting up a venture to look for life in

2133

01:12:53,270 --> 01:12:50,480

the universe somewhere with some really

2134

01:12:55,430 --> 01:12:53,280

cool technology and a lot of money um i

2135

01:12:58,470 --> 01:12:55,440

don't want to say too much um

2136

01:13:00,630 --> 01:12:58,480

and i was like you know sir you're

2137

01:13:02,630 --> 01:13:00,640

you're looking for life out there you

2138

01:13:04,709 --> 01:13:02,640

are raising all this money and you're

2139

01:13:07,750 --> 01:13:04,719

doing this great thing for humanity and

2140

01:13:09,270 --> 01:13:07,760

i believe it's out there i'm all but i

2141

01:13:11,430 --> 01:13:09,280

i want to talk about the ones that are

2142

01:13:13,030 --> 01:13:11,440

here i think young people need to know

2143

01:13:14,790 --> 01:13:13,040

about the ones that are here and i

2144

01:13:16,229 --> 01:13:14,800

remember banging on the table you know

2145

01:13:18,310 --> 01:13:16,239

because i knew that the meeting was kind

2146

01:13:19,590 --> 01:13:18,320

of varying after two hours like you know

2147

01:13:21,669 --> 01:13:19,600

it was gonna get shut down i was gonna

2148

01:13:23,830 --> 01:13:21,679

get anywhere so i got really full of

2149

01:13:26,390 --> 01:13:23,840

passion and i was like you want to look

2150

01:13:28,470 --> 01:13:26,400

out there great i need your help because

2151

01:13:30,550 --> 01:13:28,480

i want to discuss what's here the ones

2152

01:13:31,510 --> 01:13:30,560

here you know and then he took a deep

2153

01:13:32,950 --> 01:13:31,520

breath

2154

01:13:34,229 --> 01:13:32,960

and then he just looked at me and then

2155

01:13:36,229 --> 01:13:34,239

he and then he said he goes let's

2156

01:13:37,669 --> 01:13:36,239

introduce him to so-and-so and then the

2157

01:13:39,030 --> 01:13:37,679

other guy next to him turns his head and

2158

01:13:41,270 --> 01:13:39,040

he goes are you sure he goes yeah i'm

2159

01:13:42,390 --> 01:13:41,280

sure and that's how it led to that other

2160

01:13:44,550 --> 01:13:42,400

meeting and the next thing you know you

2161

01:13:45,990 --> 01:13:44,560

got these people gathering around that

2162

01:13:47,510 --> 01:13:46,000

want to talk about what's here but

2163

01:13:49,590 --> 01:13:47,520

they're very very limited on what they

2164

01:13:51,430 --> 01:13:49,600

can say so i have to like

2165

01:13:53,270 --> 01:13:51,440

kind of put things together and then

2166

01:13:55,910 --> 01:13:53,280

fortunately i meet jim and jim teaches

2167

01:13:57,830 --> 01:13:55,920

me a lot about how to absorb information

2168

01:13:59,510 --> 01:13:57,840

and how to digest it and how to hold

2169

01:14:01,030 --> 01:13:59,520

onto it even if it doesn't because it

2170

01:14:02,550 --> 01:14:01,040

doesn't have enough about it that means

2171

01:14:06,149 --> 01:14:02,560

anything yet but it might be important

2172

01:14:09,189 --> 01:14:06,159

later um i'm not him but i i'm trying to

2173

01:14:11,669 --> 01:14:09,199

learn as much as i can from him and so

2174

01:14:13,350 --> 01:14:11,679

it it the whole thing is just wild like

2175

01:14:15,189 --> 01:14:13,360

it it's very real and there's a

2176

01:14:17,830 --> 01:14:15,199

difference between what's out there and

2177

01:14:19,189 --> 01:14:17,840

what's here and it might be

2178

01:14:20,790 --> 01:14:19,199

there might be a lot more than that too

2179

01:14:23,270 --> 01:14:20,800

the universe is big you know there could

2180

01:14:24,229 --> 01:14:23,280

be infinite possibility out there

2181

01:14:29,430 --> 01:14:24,239

yeah

2182

01:14:31,750 --> 01:14:29,440

science and scientists in general

2183

01:14:33,350 --> 01:14:31,760

regarding this uap phenomenon

2184

01:14:35,990 --> 01:14:33,360

i feel so sorry for them in many

2185

01:14:37,990 --> 01:14:36,000

respects i am a huge fan of of the

2186

01:14:39,669 --> 01:14:38,000

galileo project i i just think it's

2187

01:14:41,110 --> 01:14:39,679

wonderful and i think

2188

01:14:42,550 --> 01:14:41,120

what he's going to be doing and what you

2189

01:14:44,709 --> 01:14:42,560

guys are all going to be doing with that

2190

01:14:46,950 --> 01:14:44,719

is is is really necessary i just

2191

01:14:49,110 --> 01:14:46,960

deployed how courageous you guys are

2192

01:14:51,189 --> 01:14:49,120

going out and doing that and and dr loeb

2193

01:14:53,510 --> 01:14:51,199

is doing that um

2194

01:14:56,149 --> 01:14:53,520

i i will say

2195

01:14:57,990 --> 01:14:56,159

i haven't met very many scientists uh

2196

01:14:59,669 --> 01:14:58,000

that are in that are doing something

2197

01:15:02,229 --> 01:14:59,679

like this or whether they're skeptics or

2198

01:15:04,149 --> 01:15:02,239

what have you that have a really

2199

01:15:05,830 --> 01:15:04,159

sound understanding of the literature

2200

01:15:08,149 --> 01:15:05,840

and the research that has been done over

2201

01:15:09,430 --> 01:15:08,159

the last 70 years on this topic i think

2202

01:15:10,630 --> 01:15:09,440

if they did they'd have a better

2203

01:15:12,229 --> 01:15:10,640

appreciation

2204

01:15:15,270 --> 01:15:12,239

uh for what they're going against or

2205

01:15:16,709 --> 01:15:15,280

what they're trying to figure out um

2206

01:15:18,310 --> 01:15:16,719

personally

2207

01:15:20,470 --> 01:15:18,320

based on my knowledge and based on what

2208

01:15:23,189 --> 01:15:20,480

i know i don't think we're ever going to

2209

01:15:24,950 --> 01:15:23,199

come to at least not in my lifetime i'm

2210

01:15:26,229 --> 01:15:24,960

an older guy now but

2211

01:15:27,910 --> 01:15:26,239

in my lifetime we're ever going to come

2212

01:15:30,310 --> 01:15:27,920

to any kind of conclusion about what

2213

01:15:32,950 --> 01:15:30,320

this phenomenon actually is i think it

2214

01:15:34,950 --> 01:15:32,960

encompasses a lot more than uaps

2215

01:15:35,830 --> 01:15:34,960

i think there's a huge trickster element

2216

01:15:37,110 --> 01:15:35,840

to it

2217

01:15:39,510 --> 01:15:37,120

um

2218

01:15:41,990 --> 01:15:39,520

i could go on uh you know but but i'll

2219

01:15:43,750 --> 01:15:42,000

just i'll just say that i i appreciate

2220

01:15:45,990 --> 01:15:43,760

the fact that science is doing this i

2221

01:15:48,470 --> 01:15:46,000

think eventually

2222

01:15:50,630 --> 01:15:48,480

science is going to have to

2223

01:15:51,830 --> 01:15:50,640

figure out another way to approach this

2224

01:15:53,750 --> 01:15:51,840

um

2225

01:15:55,990 --> 01:15:53,760

because as tom keeps mentioning

2226

01:15:58,470 --> 01:15:56,000

consciousness and what have you i i

2227

01:15:59,910 --> 01:15:58,480

spoke to a scientist once and and uh who

2228

01:16:01,669 --> 01:15:59,920

was very involved in this and i asked

2229

01:16:03,830 --> 01:16:01,679

him i said what do you think's behind

2230

01:16:05,030 --> 01:16:03,840

all this this this phenomenon and he

2231

01:16:06,870 --> 01:16:05,040

said it's somewhere in between

2232

01:16:08,630 --> 01:16:06,880

consciousness and you know a nexus of

2233

01:16:10,630 --> 01:16:08,640

consciousness and you know quantum

2234

01:16:11,590 --> 01:16:10,640

quantum theory quantum mechanics but

2235

01:16:13,030 --> 01:16:11,600

when you're talking about quantum

2236

01:16:15,510 --> 01:16:13,040

mechanics and you know when i ask you

2237

01:16:17,189 --> 01:16:15,520

about superpositioning or asking about

2238

01:16:19,030 --> 01:16:17,199

quantum entanglement or the particle

2239

01:16:20,470 --> 01:16:19,040

wave theory and what have you you can't

2240

01:16:22,709 --> 01:16:20,480

explain it scientists can't really

2241

01:16:24,310 --> 01:16:22,719

explain it but it's in a box it's in the

2242

01:16:25,910 --> 01:16:24,320

quantum theory box and it's a it's a

2243

01:16:27,510 --> 01:16:25,920

place they can put it and there's

2244

01:16:30,310 --> 01:16:27,520

something there but when you talk about

2245

01:16:33,590 --> 01:16:30,320

uaps there is no ontology there's

2246

01:16:35,750 --> 01:16:33,600

there's no right way there's no lexicon

2247

01:16:38,070 --> 01:16:35,760

that you can actually use to even begin

2248

01:16:40,310 --> 01:16:38,080

the discussion we can't even figure out

2249

01:16:42,070 --> 01:16:40,320

what questions to ask about this because

2250

01:16:44,950 --> 01:16:42,080

we don't know what it is there's no

2251

01:16:46,790 --> 01:16:44,960

there there as i said before and that's

2252

01:16:48,310 --> 01:16:46,800

what makes this extremely difficult and

2253

01:16:50,149 --> 01:16:48,320

i think that's why scientists many

2254

01:16:52,630 --> 01:16:50,159

scientists are extremely frustrated over

2255

01:16:53,990 --> 01:16:52,640

this the evidence there is some heart

2256

01:16:55,750 --> 01:16:54,000

evidence that i feel that's hard

2257

01:16:58,229 --> 01:16:55,760

evidence science some scientists don't

2258

01:16:59,830 --> 01:16:58,239

believe that's true but a lot of the a

2259

01:17:01,590 --> 01:16:59,840

lot of what we have is anecdotal and

2260

01:17:04,310 --> 01:17:01,600

they might call soft evidence but

2261

01:17:06,709 --> 01:17:04,320

nevertheless it's there as i said before

2262

01:17:07,990 --> 01:17:06,719

these tic tacs that were flying over the

2263

01:17:11,030 --> 01:17:08,000

nimitz

2264

01:17:12,630 --> 01:17:11,040

they're real they were absolutely 100

2265

01:17:14,229 --> 01:17:12,640

real and please don't tell me there are

2266

01:17:16,630 --> 01:17:14,239

sensor anomalies i know they weren't

2267

01:17:19,350 --> 01:17:16,640

sensor anomalies they were absolutely

2268

01:17:21,110 --> 01:17:19,360

real so what do you do with that

2269

01:17:23,430 --> 01:17:21,120

and so if you're a scientist you say

2270

01:17:25,189 --> 01:17:23,440

well show me you know i got to see them

2271

01:17:27,189 --> 01:17:25,199

again i got to take this is what i love

2272

01:17:29,030 --> 01:17:27,199

about the galileo project i want to take

2273

01:17:31,430 --> 01:17:29,040

a good picture

2274

01:17:33,830 --> 01:17:31,440

that is the perfect thing to say because

2275

01:17:35,669 --> 01:17:33,840

that's exactly what we need we need a

2276

01:17:37,590 --> 01:17:35,679

good picture first

2277

01:17:39,189 --> 01:17:37,600

and um there are some out there by the

2278

01:17:41,669 --> 01:17:39,199

way but um i don't know if we'll ever

2279

01:17:42,630 --> 01:17:41,679

see it are they classified they're great

2280

01:17:44,709 --> 01:17:42,640

pictures

2281

01:17:47,110 --> 01:17:44,719

and i think lou's even mentioned this a

2282

01:17:48,709 --> 01:17:47,120

couple times that

2283

01:17:51,189 --> 01:17:48,719

some of the evidence that we do have is

2284

01:17:53,189 --> 01:17:51,199

rather compelling and and uh but there

2285

01:17:55,750 --> 01:17:53,199

is um there's a problem with releasing

2286

01:17:57,189 --> 01:17:55,760

them uh regarding some of the uh uh

2287

01:17:58,950 --> 01:17:57,199

sensor systems that we have and you

2288

01:18:00,550 --> 01:17:58,960

can't give away

2289

01:18:02,149 --> 01:18:00,560

you know

2290

01:18:03,669 --> 01:18:02,159

yeah i have a question a quick question

2291

01:18:05,110 --> 01:18:03,679

about consciousness and this and then i

2292

01:18:06,470 --> 01:18:05,120

have to leave pretty soon or my wife

2293

01:18:08,470 --> 01:18:06,480

will kill okay okay so consciousness

2294

01:18:09,910 --> 01:18:08,480

this trickster element you mentioned now

2295

01:18:12,149 --> 01:18:09,920

at the same time there's also steve

2296

01:18:14,070 --> 01:18:12,159

greer i believe it's greer who said that

2297

01:18:16,470 --> 01:18:14,080

there's a project called ce5 or at least

2298

01:18:22,070 --> 01:18:19,590

technique of ce5 of connecting yourself

2299

01:18:23,990 --> 01:18:22,080

with an alien via some meditative

2300

01:18:25,990 --> 01:18:24,000

technique or perhaps even psychedelic

2301

01:18:28,149 --> 01:18:26,000

some trans state some abnormal

2302

01:18:32,870 --> 01:18:28,159

consciousness state altered state

2303

01:18:36,550 --> 01:18:34,790

well i think one thing about well let me

2304

01:18:39,350 --> 01:18:36,560

say one thing about stephen greer i i've

2305

01:18:40,790 --> 01:18:39,360

never met the man um i do take my hat

2306

01:18:42,149 --> 01:18:40,800

off to him he's done some incredible

2307

01:18:44,310 --> 01:18:42,159

work early on

2308

01:18:46,470 --> 01:18:44,320

uh he's not a big fan of our

2309

01:18:49,270 --> 01:18:46,480

organization at all and i'm not quite

2310

01:18:51,430 --> 01:18:49,280

sure why uh but he isn't

2311

01:18:52,709 --> 01:18:51,440

but as far as what he's doing with ce5

2312

01:18:55,750 --> 01:18:52,719

and what have you i

2313

01:18:57,990 --> 01:18:55,760

i don't have any comment on that i i i

2314

01:19:01,350 --> 01:18:58,000

don't go that far i mean it's

2315

01:19:04,070 --> 01:19:01,360

tom you wanna yeah my feeling um

2316

01:19:05,750 --> 01:19:04,080

is that you know again if you look at

2317

01:19:07,030 --> 01:19:05,760

just what we've done as human beings

2318

01:19:08,390 --> 01:19:07,040

over the past hundred years where it's

2319

01:19:10,630 --> 01:19:08,400

like we first you know we invent the

2320

01:19:12,630 --> 01:19:10,640

telephone and then radio waves and

2321

01:19:15,110 --> 01:19:12,640

communicating over different frequencies

2322

01:19:16,950 --> 01:19:15,120

and then we're able to tap phones and

2323

01:19:18,470 --> 01:19:16,960

we're able to tap you know hack into

2324

01:19:20,070 --> 01:19:18,480

radio whatever like you just look at the

2325

01:19:23,350 --> 01:19:20,080

progression that we're doing

2326

01:19:25,030 --> 01:19:23,360

i would bet money that down the line

2327

01:19:26,630 --> 01:19:25,040

when we're technologically advanced

2328

01:19:28,310 --> 01:19:26,640

we're going to not be hacking radio

2329

01:19:29,910 --> 01:19:28,320

waves we're going to be hacking minds

2330

01:19:32,550 --> 01:19:29,920

we're going to be listening in to what

2331

01:19:34,630 --> 01:19:32,560

people are thinking and

2332

01:19:36,229 --> 01:19:34,640

what is the loudest that someone can be

2333

01:19:38,310 --> 01:19:36,239

when they're thinking i would imagine

2334

01:19:40,310 --> 01:19:38,320

it's a group of people that are that are

2335

01:19:41,910 --> 01:19:40,320

meditating together they're all thinking

2336

01:19:42,950 --> 01:19:41,920

the same thing at the same moment you

2337

01:19:44,950 --> 01:19:42,960

know so it's almost like if you're

2338

01:19:47,910 --> 01:19:44,960

searching around for a light in the dark

2339

01:19:50,790 --> 01:19:47,920

that's a brighter light so part of me

2340

01:19:53,990 --> 01:19:50,800

really does subscribe to

2341

01:19:56,950 --> 01:19:54,000

um you know consciousness and meditation

2342

01:19:58,709 --> 01:19:56,960

and the focusing of one's mind on is

2343

01:20:01,669 --> 01:19:58,719

being something that

2344

01:20:03,270 --> 01:20:01,679

that something advanced could easily get

2345

01:20:04,950 --> 01:20:03,280

into i mean you when you look at the

2346

01:20:06,709 --> 01:20:04,960

evidence or you look at the data of the

2347

01:20:08,630 --> 01:20:06,719

people involved it's you know you can be

2348

01:20:10,550 --> 01:20:08,640

paralyzed or you hear voices in your

2349

01:20:11,910 --> 01:20:10,560

head or you know there's it's always

2350

01:20:13,990 --> 01:20:11,920

something to do

2351

01:20:17,189 --> 01:20:14,000

with you know kind of hacking the system

2352

01:20:19,830 --> 01:20:17,199

to a degree um so i i think that that's

2353

01:20:21,910 --> 01:20:19,840

all play is a big part of it and uh and

2354

01:20:22,950 --> 01:20:21,920

i definitely believe it you know i just

2355

01:20:24,229 --> 01:20:22,960

think that it needs to be studied

2356

01:20:26,310 --> 01:20:24,239

scientifically

2357

01:20:29,030 --> 01:20:26,320

yeah i agree i i don't discount what

2358

01:20:31,510 --> 01:20:29,040

stephen grier is saying i i i you know

2359

01:20:33,830 --> 01:20:31,520

it could possibly be true i just don't

2360

01:20:35,990 --> 01:20:33,840

know enough about it uh um

2361

01:20:41,590 --> 01:20:36,000

but

2362

01:20:43,030 --> 01:20:41,600

now when you uh we do have some

2363

01:20:44,550 --> 01:20:43,040

questions in the audience you want to

2364

01:20:45,430 --> 01:20:44,560

know how they can be involved what can

2365

01:20:47,270 --> 01:20:45,440

they do

2366

01:20:49,669 --> 01:20:47,280

obviously project galileo is privately

2367

01:20:51,990 --> 01:20:49,679

funded that's at harvard uh what what

2368

01:20:54,709 --> 01:20:52,000

about your endeavors guys what would you

2369

01:20:56,390 --> 01:20:54,719

like to turn to people to attention to

2370

01:20:58,470 --> 01:20:56,400

to get involved if they're interested in

2371

01:21:00,709 --> 01:20:58,480

joining this mission well we created a

2372

01:21:02,950 --> 01:21:00,719

public company a public benefit company

2373

01:21:04,630 --> 01:21:02,960

because a company so our goal was like

2374

01:21:06,229 --> 01:21:04,640

if we're going to do this we can't do

2375

01:21:08,229 --> 01:21:06,239

this where just a few people own it you

2376

01:21:10,630 --> 01:21:08,239

know so we have up for somewhere between

2377

01:21:13,189 --> 01:21:10,640

3 500 4 000 investors

2378

01:21:14,630 --> 01:21:13,199

where we let people come and be a part

2379

01:21:16,149 --> 01:21:14,640

of this and help grow the company so we

2380

01:21:17,590 --> 01:21:16,159

can do exactly this we can tell the

2381

01:21:19,350 --> 01:21:17,600

stories we can do the research we can

2382

01:21:21,510 --> 01:21:19,360

help push the government we can kind of

2383

01:21:25,669 --> 01:21:21,520

become a credible place to discuss this

2384

01:21:28,550 --> 01:21:25,679

stuff so that's one avenue support tsa

2385

01:21:30,550 --> 01:21:28,560

you know be an owner of it with us um

2386

01:21:32,470 --> 01:21:30,560

and help us get the job done look what

2387

01:21:35,030 --> 01:21:32,480

we've done so far on very little the

2388

01:21:36,950 --> 01:21:35,040

second thing is i say this this is just

2389

01:21:38,870 --> 01:21:36,960

me talking this isn't a to the stars

2390

01:21:40,870 --> 01:21:38,880

position or anything don't let the

2391

01:21:44,310 --> 01:21:40,880

government um

2392

01:21:46,149 --> 01:21:44,320

sit quietly and and just go off and they

2393

01:21:47,510 --> 01:21:46,159

say one thing and then we just trust it

2394

01:21:49,910 --> 01:21:47,520

it's fine these are human beings that

2395

01:21:51,910 --> 01:21:49,920

work there that get distracted that get

2396

01:21:54,149 --> 01:21:51,920

overburdened with other jobs they got to

2397

01:21:55,430 --> 01:21:54,159

do that really there's not much in it

2398

01:21:56,709 --> 01:21:55,440

for these guys

2399

01:21:58,149 --> 01:21:56,719

you know that are working some of these

2400

01:21:59,510 --> 01:21:58,159

difficult issues to come out to start

2401

01:22:00,950 --> 01:21:59,520

talking about it and have everyone start

2402

01:22:02,229 --> 01:22:00,960

calling their office and like bugging

2403

01:22:03,430 --> 01:22:02,239

them and now they can't get their job

2404

01:22:05,189 --> 01:22:03,440

done and now they got to go brief a

2405

01:22:08,550 --> 01:22:05,199

bunch of senators that just want to be

2406

01:22:11,750 --> 01:22:08,560

on tv and get more votes but so you know

2407

01:22:13,830 --> 01:22:11,760

but i think that people need to not

2408

01:22:15,590 --> 01:22:13,840

let them live this down you know you got

2409

01:22:17,030 --> 01:22:15,600

to bring this up when they're

2410

01:22:18,870 --> 01:22:17,040

interviewing the president you got to

2411

01:22:20,310 --> 01:22:18,880

bring this up when they're when the

2412

01:22:21,590 --> 01:22:20,320

congressmen are having debates the

2413

01:22:23,669 --> 01:22:21,600

senators are having debates to get

2414

01:22:25,669 --> 01:22:23,679

reelected you got to bring this up in

2415

01:22:27,669 --> 01:22:25,679

the press environment you know when the

2416

01:22:29,669 --> 01:22:27,679

when the the pr person is talking for

2417

01:22:31,030 --> 01:22:29,679

the dod or talking for the cia or

2418

01:22:33,590 --> 01:22:31,040

talking for

2419

01:22:36,229 --> 01:22:33,600

uh any place that might have stakes in

2420

01:22:37,990 --> 01:22:36,239

this but when we're quiet and complacent

2421

01:22:40,310 --> 01:22:38,000

and just read a report that it's all

2422

01:22:42,870 --> 01:22:40,320

real but we don't really like follow up

2423

01:22:45,110 --> 01:22:42,880

blows my mind i mean it blows my mind

2424

01:22:47,669 --> 01:22:45,120

that people are not beating down the

2425

01:22:49,990 --> 01:22:47,679

door right now going wait what this is

2426

01:22:52,629 --> 01:22:50,000

real how much do you really know that

2427

01:22:54,070 --> 01:22:52,639

you're not telling us well in my own

2428

01:22:56,070 --> 01:22:54,080

personal opinion i think they know a

2429

01:22:57,430 --> 01:22:56,080

hell of a lot more than we know and i

2430

01:22:59,830 --> 01:22:57,440

think they have a hell of a good reason

2431

01:23:02,790 --> 01:22:59,840

probably for not talking about all of it

2432

01:23:04,629 --> 01:23:02,800

i i i because in my experience

2433

01:23:07,590 --> 01:23:04,639

with all these government guys they're

2434

01:23:09,830 --> 01:23:07,600

all really good people and they're smart

2435

01:23:12,310 --> 01:23:09,840

and they're ethical they're humans and

2436

01:23:14,310 --> 01:23:12,320

make mistakes uh and new laws get

2437

01:23:16,149 --> 01:23:14,320

created for more oversight and so on so

2438

01:23:18,790 --> 01:23:16,159

we don't have a repeat of the mk ultra

2439

01:23:20,790 --> 01:23:18,800

stuff or whatever but i've met a lot of

2440

01:23:23,350 --> 01:23:20,800

these people and a lot of them are just

2441

01:23:25,110 --> 01:23:23,360

bound by the the by the ethics or the

2442

01:23:27,110 --> 01:23:25,120

rules of how it works it's like they

2443

01:23:29,590 --> 01:23:27,120

create a black program but there's no

2444

01:23:31,189 --> 01:23:29,600

part of a classified program that i know

2445

01:23:32,870 --> 01:23:31,199

of that's ever been spoken of where it's

2446

01:23:34,709 --> 01:23:32,880

kind of like okay now comes the part

2447

01:23:36,629 --> 01:23:34,719

where we tell everybody about it it just

2448

01:23:38,310 --> 01:23:36,639

doesn't exist so then how do you tell

2449

01:23:40,070 --> 01:23:38,320

everybody about it i mean jim can talk

2450

01:23:41,430 --> 01:23:40,080

about it better than i can but the only

2451

01:23:43,910 --> 01:23:41,440

way is pressure pressure pressure

2452

01:23:45,350 --> 01:23:43,920

pressure pressure and then finally they

2453

01:23:47,189 --> 01:23:45,360

they have to act for the will of the

2454

01:23:48,709 --> 01:23:47,199

people and so

2455

01:23:51,030 --> 01:23:48,719

yeah that's what you need to do don't

2456

01:23:52,229 --> 01:23:51,040

let them down don't let it go quietly

2457

01:23:54,070 --> 01:23:52,239

no no and

2458

01:23:55,750 --> 01:23:54,080

i couldn't agree with tom anymore i mean

2459

01:23:57,830 --> 01:23:55,760

it's he's absolutely right in what he

2460

01:24:00,390 --> 01:23:57,840

just said and uh you know this is one of

2461

01:24:02,709 --> 01:24:00,400

the reasons we we formed tsa i remember

2462

01:24:04,629 --> 01:24:02,719

i remember talking with lou uh when he

2463

01:24:06,229 --> 01:24:04,639

was on the task force and being in the

2464

01:24:07,910 --> 01:24:06,239

pentagon and talking to some of the

2465

01:24:09,590 --> 01:24:07,920

officers there uh they were very

2466

01:24:11,030 --> 01:24:09,600

concerned about this phenomenon they you

2467

01:24:12,709 --> 01:24:11,040

know they knew it was real they just

2468

01:24:15,110 --> 01:24:12,719

didn't know what to do about it and i

2469

01:24:16,629 --> 01:24:15,120

kept telling them you know look you know

2470

01:24:18,870 --> 01:24:16,639

you got to go you got to go public with

2471

01:24:21,270 --> 01:24:18,880

this and if you can't go public

2472

01:24:22,790 --> 01:24:21,280

you know you know we i just formed a

2473

01:24:24,070 --> 01:24:22,800

company with tom delong and i said we're

2474

01:24:25,669 --> 01:24:24,080

going to take this private we're going

2475

01:24:28,390 --> 01:24:25,679

to go to the private sector because the

2476

01:24:31,030 --> 01:24:28,400

government does not own this data the

2477

01:24:33,110 --> 01:24:31,040

government doesn't own uaps or the study

2478

01:24:35,270 --> 01:24:33,120

of uaps or the research it belongs to

2479

01:24:37,189 --> 01:24:35,280

everybody it doesn't just appear to

2480

01:24:38,950 --> 01:24:37,199

carry your strike groups it appears

2481

01:24:41,350 --> 01:24:38,960

everywhere to all people around the

2482

01:24:44,390 --> 01:24:41,360

world it's appearing in argentina and

2483

01:24:47,189 --> 01:24:44,400

china you know in bangladesh so

2484

01:24:48,629 --> 01:24:47,199

we really as as human beings have to get

2485

01:24:50,709 --> 01:24:48,639

together and that's when we said we're

2486

01:24:52,790 --> 01:24:50,719

taking this private and and we will we

2487

01:24:54,629 --> 01:24:52,800

won't discuss classified information but

2488

01:24:56,470 --> 01:24:54,639

we are going private the public has to

2489

01:24:58,870 --> 01:24:56,480

be more informed about this and let them

2490

01:25:00,790 --> 01:24:58,880

know that their consensus reality the

2491

01:25:02,149 --> 01:25:00,800

reality we all agree on

2492

01:25:04,310 --> 01:25:02,159

isn't

2493

01:25:06,310 --> 01:25:04,320

quite right um there's something else

2494

01:25:08,310 --> 01:25:06,320

going on and we really truly have to

2495

01:25:10,470 --> 01:25:08,320

figure that out because that's what we

2496

01:25:12,149 --> 01:25:10,480

do as human beings

2497

01:25:13,990 --> 01:25:12,159

well guys thank you so much i'll let it

2498

01:25:16,149 --> 01:25:14,000

go with that and i really do have to

2499

01:25:18,709 --> 01:25:16,159

leave and i i really enjoying this very

2500

01:25:20,709 --> 01:25:18,719

very much and i'm enjoying it as well

2501

01:25:22,070 --> 01:25:20,719

yeah let's do a part two jim let's do it

2502

01:25:24,149 --> 01:25:22,080

again i'll be more than happy to do it

2503

01:25:26,870 --> 01:25:24,159

again with you guys yeah it would be fun

2504

01:25:28,709 --> 01:25:26,880

in doing doing and doing another one um

2505

01:25:31,030 --> 01:25:28,719

but digging into

2506

01:25:32,390 --> 01:25:31,040

not so much you know is it real and what

2507

01:25:34,070 --> 01:25:32,400

the government's doing or not but really

2508

01:25:35,510 --> 01:25:34,080

just let's dig into

2509

01:25:37,270 --> 01:25:35,520

you know what it's

2510

01:25:38,950 --> 01:25:37,280

you know something more about what it's

2511

01:25:40,390 --> 01:25:38,960

about what it's doing or like something

2512

01:25:42,390 --> 01:25:40,400

that's not just government because jim

2513

01:25:43,990 --> 01:25:42,400

has a lot of knowledge that's right yeah

2514

01:25:45,910 --> 01:25:44,000

that would be a really

2515

01:25:48,790 --> 01:25:45,920

yeah the physics implication yeah young

2516

01:25:50,870 --> 01:25:48,800

people interested in thinking big look

2517

01:25:52,950 --> 01:25:50,880

sometimes it borders on sci-fi sometimes

2518

01:25:55,590 --> 01:25:52,960

it has a stigma but nevertheless if we

2519

01:25:57,590 --> 01:25:55,600

can inspire just one mind as they say to

2520

01:26:00,550 --> 01:25:57,600

take physics seriously to learn and with

2521

01:26:02,790 --> 01:26:00,560

the artist eye of tom with the patriotic

2522

01:26:04,470 --> 01:26:02,800

eye of jim with the inquisitive nature

2523

01:26:06,070 --> 01:26:04,480

of kurt and maybe with the scientists

2524

01:26:07,669 --> 01:26:06,080

perspective that i'm trying to bring i

2525

01:26:10,149 --> 01:26:07,679

think we're doing a good service so i'd

2526

01:26:11,750 --> 01:26:10,159

love to do that again guys uh tom thank

2527

01:26:13,590 --> 01:26:11,760

guitar and you'll teach thompson's

2531

01:26:19,350 --> 01:26:17,760

chords or something man that would be

2532

01:26:20,950 --> 01:26:19,360

dude i only know three chords i'm in a

2533

01:26:23,030 --> 01:26:20,960

punk band i mean we don't know any more

2534

01:26:24,790 --> 01:26:23,040

than three so that's what we do oh we

2535

01:26:26,709 --> 01:26:24,800
