But that's not the star

1  
00:00:04,910 --> 00:00:02,389  
and I was cracking my head about you

2  
00:00:06,349 --> 00:00:04,920  
know how to make a computer sentient I

3  
00:00:08,030 --> 00:00:06,359  
was starting from wrong assumptions

4  
00:00:10,250 --> 00:00:08,040  
Consciousness is not something you

5  
00:00:13,009 --> 00:00:10,260  
create it's that within which every

6  
00:00:14,509 --> 00:00:13,019  
creation happens in the stages of the

7  
00:00:17,210 --> 00:00:14,519  
Hindus Valley three and a half thousand

8  
00:00:18,650 --> 00:00:17,220  
years ago had come to the same answer so

9  
00:00:21,230 --> 00:00:18,660  
what are your conclusions the inner

10  
00:00:23,750 --> 00:00:21,240  
surface of your skull is beyond the

11  
00:00:26,810 --> 00:00:23,760  
stars as you experience them under

12  
00:00:27,950 --> 00:00:26,820  
materialism there is a real star beyond

13  
00:00:30,769 --> 00:00:27,960

your skull

14

00:00:33,410 --> 00:00:30,779

but that's not the star you see it's the

15

00:00:35,810 --> 00:00:33,420

thing that somehow modulates the star

16

00:00:37,549 --> 00:00:35,820

you see so that's materialism and its

17

00:00:40,369 --> 00:00:37,559

main problem is that nobody can provide
