what happened?

1
00:00:04,850 --> 00:00:02,270
Richard Dolan is one of the world's most

2
00:00:07,369 --> 00:00:04,860
lauded UFO researchers and historians

3
00:00:09,350 --> 00:00:07,379
firstly you said around 1962 there was

4
00:00:10,910 --> 00:00:09,360
an explosion of nuclear bombs off the

5
00:00:13,549 --> 00:00:10,920
coast of Hawaii

6
00:00:15,589 --> 00:00:13,559
and I think it was 36 nuclear bombs and

7
00:00:18,470 --> 00:00:15,599
there was a UFO there that got shot down

8
00:00:20,269 --> 00:00:18,480
if I heard correctly

9
00:00:22,189 --> 00:00:20,279
can you explain what happened

10
00:00:25,550 --> 00:00:22,199
yeah that was part of something known as

11
00:00:26,650 --> 00:00:25,560
operation Dominic from I think 1945 till

12
00:00:33,889 --> 00:00:26,660
the

13
00:00:36,410 --> 00:00:33,899

world experienced I think 2050 nuclear

14

00:00:38,690 --> 00:00:36,420

detonations second to last Dominic uh

15

00:00:42,590 --> 00:00:38,700

detonation and this man saw and

16

00:00:44,569 --> 00:00:42,600

the UFO like Zoom by and presumably he

17

00:00:46,250 --> 00:00:44,579

thought it was it went into the ocean

18

00:00:48,650 --> 00:00:46,260

he learned later he's doing cross-train

19

00:00:49,610 --> 00:00:48,660

with radar operators later that day and

20

00:00:53,270 --> 00:00:49,620

he

21

00:00:55,490 --> 00:00:53,280

were tracking
