

1

00:00:00,000 --> 00:00:19,000

in the light of new facts published about the UFO phenomenon.

2

00:00:19,000 --> 00:00:25,920

The world is only a small step away from accepting a hitherto concealed truth that we are not

3

00:00:25,920 --> 00:00:28,720

alone in the universe.

4

00:00:28,720 --> 00:00:33,280

It may be just a matter of months before the highest authorities have to look at the available

5

00:00:33,280 --> 00:00:37,520

options to communicate this momentous message.

6

00:00:37,520 --> 00:00:39,360

It won't be easy.

7

00:00:39,360 --> 00:00:46,280

For 6,000 years, the preeminent life form in the universe has been humanity.

8

00:00:46,280 --> 00:00:52,480

But what will the world face after disclosure of the truth about UFOs?

9

00:00:52,480 --> 00:00:58,560

What will the investigations, which will undoubtedly follow, uncover?

10

00:00:58,560 --> 00:01:01,960

All the big questions, the biggest of all, who are they?

11

00:01:01,960 --> 00:01:02,960

Where are they from?

12

00:01:02,960 --> 00:01:03,960

Why are they here?

13

00:01:03,960 --> 00:01:04,960

What's their interest in us?

14

00:01:04,960 --> 00:01:07,040

No one I know has those answers.

15

00:01:07,040 --> 00:01:11,360

But I think it's a noble pursuit to try to figure out why, because they clearly are interested

16

00:01:11,360 --> 00:01:12,360

in us.

17

00:01:12,360 --> 00:01:19,920

We haven't, to my belief, have any overt hostile activity from any of these crafts.

18

00:01:19,920 --> 00:01:22,960

So they could be observing.

19

00:01:22,960 --> 00:01:25,240

It could be that they're here to help us evolve.

20

00:01:25,240 --> 00:01:28,840

I think that there's numerous possibilities.

21

00:01:28,840 --> 00:01:31,080

What we can do is judge their actions.

22

00:01:31,080 --> 00:01:33,480

They are secretive.

23

00:01:33,480 --> 00:01:34,480

They're covert.

24

00:01:34,480 --> 00:01:36,200

They don't want to be known.

25

00:01:36,200 --> 00:01:41,240

So that's something that would make me wonder why are they secretive?

26

00:01:41,240 --> 00:01:45,360

They interact with humans on multiple levels and they have done so for centuries.

27

00:01:45,360 --> 00:01:47,240

Do they want to help us?

28

00:01:47,240 --> 00:01:48,840

Do they want to harvest us?

29

00:01:48,840 --> 00:01:50,520

The big question is intent.

30

00:01:50,520 --> 00:01:53,600

Who they are, why they're here, why they stick around with us.

31

00:01:56,160 --> 00:02:00,800

With the release via the New York Times of the now well-known three videos taken by the

32

00:02:00,800 --> 00:02:07,720

U.S. military, there has been a fundamental shift in the approach of U.S. government agencies

33

00:02:07,720 --> 00:02:10,080

to the UFO phenomenon.

34

00:02:10,080 --> 00:02:15,360

In August 2020, the United States Department of Defense announced the creation of a task

35

00:02:15,360 --> 00:02:23,120

force to analyze and understand the nature and origins of unidentified aerial phenomena.

36

00:02:45,360 --> 00:02:55,000

Top Secret.

37

00:02:55,000 --> 00:02:58,400

UFO projects declassified.

38

00:02:58,400 --> 00:03:05,000

After disclosure.

39

00:03:05,000 --> 00:03:11,400

They've been with us throughout human history, recorded history and different guises on every

40

00:03:11,400 --> 00:03:14,440

continent in every culture throughout human civilization.

41

00:03:14,440 --> 00:03:20,000

They've been here in different guises and I'm not sure we can call them extraterrestrials.

42

00:03:20,000 --> 00:03:22,080

Maybe we came from somewhere else.

43

00:03:22,080 --> 00:03:24,240

We're extraterrestrials, but they live here.

44

00:03:24,240 --> 00:03:28,760

They've probably been monitoring the planet, at least checking in, going back, pick a number.

45

00:03:28,760 --> 00:03:31,120

100,000, 200,000, half a million.

46

00:03:31,120 --> 00:03:33,560

I personally believe that they've always been here.

47

00:03:33,560 --> 00:03:35,680

I do believe that they're ancient.

48

00:03:35,680 --> 00:03:38,360

I believe that they protect the planet.

49

00:03:38,360 --> 00:03:43,240

During the event of confirmation and official recognition of the existence of extraterrestrial

50

00:03:43,240 --> 00:03:49,440

intelligence, historians have been faced with a fundamental revision of many areas of our

51

00:03:49,440 --> 00:03:53,040

history, ancient and modern.

52

00:03:53,040 --> 00:03:58,760

One of them concerns the reinterpretation of the mythologies, beliefs and faiths of

53

00:03:58,760 --> 00:04:02,200

indigenous peoples the world over.

54

00:04:02,200 --> 00:04:04,080

My tribe is a Zuni tribe.

55

00:04:04,080 --> 00:04:10,120

We believe that we were connected with the extraterrestrials from the beginning of what

56

00:04:10,120 --> 00:04:14,000

we call the beginning of the fourth world.

57

00:04:14,000 --> 00:04:21,320

The extraterrestrials are the ones that are related to us, not only in where they came

58

00:04:21,320 --> 00:04:29,240

from, but we also are aware that they gave us the connection to the different systems

59

00:04:29,240 --> 00:04:31,320

like the star systems.

60

00:04:31,320 --> 00:04:35,240

And they're actually our teachers.

61

00:04:35,240 --> 00:04:41,400

The Hopi, Zuni, Kri, Lakota and other Native American tribes of North America have worshipped

62

00:04:41,400 --> 00:04:44,080

cosmic beings for centuries.

63

00:04:44,080 --> 00:04:50,360

For them, these are spiritual beings, ancestors who arrived from different galaxies.

64

00:04:50,360 --> 00:04:55,680

The Hopi call them Kachinas and dedicate their ceremonies to them in underground chambers

65

00:04:55,680 --> 00:04:58,000

called Kiva.

66

00:04:58,000 --> 00:05:07,880

The Lakota and the Cherokee call them Star People, while the Inuit call them Sky Gods.

67

00:05:07,880 --> 00:05:14,080

Rosebud Indian Reservation, South Dakota, USA.

68

00:05:14,080 --> 00:05:20,600

In his celebrated book, Black Elk, The Sacred Ways of a Lakota, a shaman of the Oglala Lakota

69

00:05:20,600 --> 00:05:27,480

tribe called Wallace Black Elk tells his remarkable story of how a flying disk descended

70

00:05:27,480 --> 00:05:43,720

onto the open plain in front of him during a spiritual reverie known as a vision quest.

71

00:05:43,720 --> 00:05:46,360

It was concave in shape.

72

00:05:46,360 --> 00:06:01,760

It was silent, but that it lit and luminous like a neon light.

73

00:06:01,760 --> 00:06:08,440

These little people emerged from it, but each little group spoke a different language.

74

00:06:08,440 --> 00:06:11,600

They could read minds and I could read their minds.

75

00:06:11,600 --> 00:06:13,800

I could read them.

76

00:06:13,800 --> 00:06:16,520

So there was silent communication.

77

00:06:16,520 --> 00:06:21,320

You could read it like when you read silent symbols in a book.

78

00:06:21,320 --> 00:06:23,520

So we were able to communicate.

79

00:06:23,520 --> 00:06:25,560

So I welcomed them.

80

00:06:25,560 --> 00:06:35,360

I said, welcome, welcome.

81

00:06:35,360 --> 00:06:45,160

They're actually our ancestors because we took their DNA and when they upgraded us.

82

00:06:45,160 --> 00:06:52,600

American Indians believe that we all are connected with the Star People as our distant relatives.

83

00:06:52,600 --> 00:07:01,840

Although we were on the planet, we were took their teachings and they upgraded us through

84

00:07:01,920 --> 00:07:10,080

their efforts using the particular, probably the DNA upgrades.

85

00:07:10,080 --> 00:07:14,680

And so we're in a long run with Port Alien.

86

00:07:14,680 --> 00:07:20,120

The Lakota are by no means the only Native American tribe to have reported such encounters

87

00:07:20,120 --> 00:07:25,640

and to believe in the Star Gods and their relationship to humanity.

88

00:07:25,640 --> 00:07:30,720

In some folklore related to the culture of the Zuni and Kree tribes, extraterrestrial

89

00:07:30,720 --> 00:07:36,120

beings appear not only as teachers and ancient ancestors, but also as those who take humans

90

00:07:36,120 --> 00:07:39,240

back with them into the cosmos.

91

00:07:39,240 --> 00:07:45,440

We can see from this the recent phenomenon of alien abductions can be connected to the

92

00:07:45,440 --> 00:07:51,280

ancient past.

93

00:07:51,280 --> 00:07:56,920

October 11th, 1973, Pascagoula, Mississippi, USA.

94

00:08:01,720 --> 00:08:10,160

19-year-old Calvin Parker and 40-year-old Charles Hixon shared a passion for fishing.

95

00:08:10,160 --> 00:08:14,960

And on that fateful October day, they were fishing from the pier of an old abandoned

96

00:08:14,960 --> 00:08:19,360

shipyard.

97

00:08:19,360 --> 00:08:25,000

After a while, they were disturbed by bluish flashes of light coming from behind them,

98

00:08:25,000 --> 00:08:30,120

which Calvin took to be a police car.

99

00:08:30,520 --> 00:08:34,400

But soon, they found out that it was something else.

100

00:08:34,400 --> 00:08:41,280

As they looked up, frozen in surprise, hovering above them was an elliptical vessel the size

101

00:08:41,280 --> 00:08:44,720

of a football stadium.

102

00:08:44,720 --> 00:08:51,480

The men were transfixed with fear as three robotic creatures descended silently to them

103

00:08:51,480 --> 00:08:57,120

and abducted them, taking them back to their vessel where they were examined.

104

00:08:58,120 --> 00:09:07,120

Well, I was just amazed about where that light was coming from.

105

00:09:07,120 --> 00:09:13,880

Well, I was scared too before we got there, but, you know, I couldn't move for some reason.

106

00:09:13,880 --> 00:09:20,800

It found out later on that he had injected us with some kind of a shot or drug or something.

107

00:09:20,800 --> 00:09:25,520

They found us at the hospital.

108

00:09:25,520 --> 00:09:32,640

They laid me on a table, examination table, at about a 16 to 45-degree angle, and I was

109

00:09:32,640 --> 00:09:36,160

looking straight up at the ceiling.

110

00:09:36,160 --> 00:09:40,560

The creatures who transported them to the ship seemed artificial.

111

00:09:40,560 --> 00:09:45,640

Their somewhat jerky movements are more indicative of artificial intelligence.

112

00:09:45,640 --> 00:09:51,320

But then another member of the crew appears on the scene, a being who moves differently

113

00:09:51,320 --> 00:09:54,080

and looks different approaches Calvin Parker.

114

00:09:54,080 --> 00:09:59,920

To this day, Parker is convinced that this was the female of the species.

115

00:09:59,920 --> 00:10:03,960

She had normal-looking hands and her two middle fingers was the only thing off.

116

00:10:03,960 --> 00:10:07,560

They was a little bit longer than the rest of her hand.

117

00:10:07,560 --> 00:10:12,720

She had a normal-looking face, eyes, nose, ears.

118

00:10:12,720 --> 00:10:19,280

She'd come up and she'd grab me by the cheek and kinda pinch my cheek like somebody's grandmother

119

00:10:19,280 --> 00:10:20,280

would rub their cheek.

120

00:10:20,280 --> 00:10:22,280

It didn't have no feelings.

121

00:10:22,280 --> 00:10:24,160

Her fingers, no warmth from nothing.

122

00:10:24,160 --> 00:10:25,640

I couldn't feel anything.

123

00:10:25,640 --> 00:10:33,520

Then she took her left hand and she took me by the jaw and pushed my jaw down and took

124

00:10:33,520 --> 00:10:38,440

him over the two fingers and run down my throat and tried to come up behind that little thing

125

00:10:38,440 --> 00:10:42,680

that hangs down the back of your throat.

126

00:10:42,680 --> 00:10:44,120

My nose started bleeding.

127

00:10:44,120 --> 00:10:45,120

I was choking.

128

00:10:45,120 --> 00:10:47,120

I couldn't breathe.

129

00:10:47,120 --> 00:10:54,120

Then it was getting scary by then because it was being inducted what it was.

130

00:10:54,120 --> 00:10:58,440

She pulled it out mentally.

131

00:10:58,440 --> 00:11:05,280

She told me she said, we don't mean you no harm, just like she was sitting there talking

132

00:11:05,280 --> 00:11:09,360

except it was in a female's voice and it was in English.

133

00:11:09,360 --> 00:11:14,920

She backed up and then she made a little mumbling noise and she summons this big ugly creature

134

00:11:14,920 --> 00:11:16,840

that brought me in there.

135

00:11:16,840 --> 00:11:21,600

He'd come by and he'd grabbed me by the arm and that's when I felt another injection

136

00:11:21,600 --> 00:11:27,520

going into my arm and I felt pretty well at ease then.

137

00:11:27,520 --> 00:11:31,520

So he took me back out to the river bank.

138

00:11:31,520 --> 00:11:36,680

Parker's account, confirmed by the testimony of Charles Hixon, suggests that in the vast

139

00:11:36,680 --> 00:11:43,080

majority of alien abductions it is a matter of scientific interest rather than an intention

140

00:11:43,080 --> 00:11:45,240

to harm the abductees.

141

00:11:45,240 --> 00:11:51,280

Understandably, the abductees are terrified by these confrontations, much as wild animals

142

00:11:51,280 --> 00:11:54,520

react when confronted by humans.

143

00:11:54,520 --> 00:11:59,480

Soon after their encounter, Parker and Hixon were picked up by the local sheriff and taken

144

00:11:59,480 --> 00:12:04,960

downtown for questioning about their remarkable and terrifying experience.

145

00:12:04,960 --> 00:12:10,600

Took them down and put them in a room with a voice activated mic and it's hidden in the

146

00:12:10,600 --> 00:12:11,600

desk.

147

00:12:11,600 --> 00:12:19,160

To see what they'd say, well, me and the other investigator got up and left to let them talk

148

00:12:19,160 --> 00:12:22,200

to see if they were going to say, well, we got them fooled and all.

149

00:12:22,200 --> 00:12:23,200

They didn't.

150

00:12:23,200 --> 00:12:24,200

They were really concerned.

151

00:12:24,200 --> 00:12:28,640

The boys kept telling Charles to don't talk to them and people's going to come back and

152

00:12:28,640 --> 00:12:29,640

get us.

153

00:12:29,640 --> 00:12:36,640

Jesus Christ, I'm sorry, I'm sorry, I'm sorry, I'm sorry, I'm sorry.

154

00:12:36,640 --> 00:12:43,640

I'm sorry.

155

00:12:43,640 --> 00:12:46,640

I'm sorry.

156

00:12:46,640 --> 00:12:51,640

I'm sorry.

157

00:12:51,640 --> 00:12:57,120

Just by listening to the recording in the police department and they were just talking

158

00:12:57,120 --> 00:12:59,720

to each other, they were terrified.

159

00:12:59,720 --> 00:13:05,160

And then listening to Calvin speaking, and I've never heard him speak before, he's just

160

00:13:05,160 --> 00:13:13,520

a very normal person and this extraordinary thing happened to him and nobody asks for

161

00:13:13,520 --> 00:13:14,520

it.

162

00:13:14,520 --> 00:13:17,920

I do believe that their case is very credible.

163

00:13:17,920 --> 00:13:23,600

A number of theories have already been put forward as to why extraterrestrial civilizations

164

00:13:23,600 --> 00:13:25,880

might find us interesting.

165

00:13:25,880 --> 00:13:31,160

Why would alien beings be willing to risk detection and violate the unwritten rule of

166

00:13:31,160 --> 00:13:37,000

non-interference in human affairs to appear before us when they could so easily influence

167

00:13:37,000 --> 00:13:41,640

human affairs from behind the scenes?

168

00:13:41,640 --> 00:13:45,760

I think perhaps there are some species that are very worried about what we're doing on

169

00:13:45,760 --> 00:13:50,240

this planet now, but there are others that want to help us clean it up.

170

00:13:50,240 --> 00:13:53,520

Earth is the Disneyland of the universe.

171

00:13:53,520 --> 00:14:01,360

We're very unique and the diversity and the beauty of this planet is known throughout

172

00:14:01,360 --> 00:14:09,840

the universe as a place that you should have on your bucket list to visit and to examine

173

00:14:09,840 --> 00:14:11,200

and research.

174

00:14:11,200 --> 00:14:16,560

We have cases where they're called alien editorials where they will take an abductee

175

00:14:16,560 --> 00:14:20,480

on a craft and tell them you need to take care of your planet.

176

00:14:20,480 --> 00:14:24,120

And the more people that come forward and provide evidence of close encounters of the

177

00:14:24,120 --> 00:14:29,000

third kind, the more convincing the testimonies are.

178

00:14:29,000 --> 00:14:34,680

One such case is that of the pupils of the Ariel School in Zimbabwe, Southern Africa,

179

00:14:34,680 --> 00:14:40,760

a little over 25 years ago.

180

00:14:40,760 --> 00:14:44,640

September 16th, 1994.

181

00:14:44,640 --> 00:14:48,720

Ariel School, Rua, Zimbabwe.

182

00:14:48,720 --> 00:14:54,760

Around that September day, 62 children are playing in the schoolyard about 22 kilometers

183

00:14:54,760 --> 00:14:58,640

from Harare, the capital of Zimbabwe.

184

00:14:58,640 --> 00:15:05,160

What happens next will be remembered by all of them for a long time and for some of them

185

00:15:05,160 --> 00:15:11,400

it will be more profound than others.

186

00:15:11,400 --> 00:15:17,080

According to later testimonies, the aliens telepathically pass on information about dangerous

187

00:15:17,080 --> 00:15:23,600

developments on our planet, about the threat of the end of life on Earth.

188

00:15:23,600 --> 00:15:27,040

Some children remember being invited into the unknown vessel.

189

00:15:27,040 --> 00:15:31,520

The encounter lasts no more than 10 minutes.

190

00:15:31,520 --> 00:15:35,960

When the children report their experience to the school staff, the adults immediately

191

00:15:35,960 --> 00:15:41,760

check the scene of the incident, but the UFO is gone, vanished.

192

00:15:41,760 --> 00:15:45,520

The children then describe the encounter in detail.

193

00:15:45,520 --> 00:15:51,480

For this day, the audio-visual record testifies to a momentous experience, an encounter witnessed

194

00:15:51,480 --> 00:15:57,200

by several of the children, all of whom who were remarkably consistent in their descriptions

195

00:15:57,200 --> 00:15:58,800

of what they'd seen.

196

00:15:58,800 --> 00:16:03,840

What the witnesses claimed, the method for communication was telepathic.

197

00:16:03,840 --> 00:16:08,880

The object, the beans would make eye contact and there was a transfer of information using

198

00:16:08,880 --> 00:16:09,880

their eyes.

199

00:16:09,880 --> 00:16:15,480

Such a weight of evidence respected Harvard psychiatrist Dr. John E. Mack, as well as

200

00:16:15,480 --> 00:16:21,240

other scientists concluded that the incident in Zimbabwe was an authentic close encounter

201

00:16:21,240 --> 00:16:23,040

of the third kind.

202

00:16:23,040 --> 00:16:28,160

It is perhaps significant that this encounter occurred at a time when the environmental

203

00:16:28,160 --> 00:16:33,520

lobby in the region was trying to draw attention to the damage being done to planet Earth,

204

00:16:33,520 --> 00:16:38,520

Iran's draining of natural resources.

205

00:16:38,520 --> 00:16:43,600

Another significant factor which has emerged in UFO and alien encounters is that many of

206

00:16:43,600 --> 00:16:47,400

them have occurred close to military installations and bases.

207

00:16:47,400 --> 00:16:55,920

Could there be a more sinister motivation for alien interest in our planet?

208

00:16:55,920 --> 00:16:56,920

They don't know what it is.

209

00:16:56,920 --> 00:16:59,080

It has to be a threat.

210

00:16:59,080 --> 00:17:03,560

They don't consider it hostile yet because it's only an engagement, but of course they're

211

00:17:03,560 --> 00:17:04,840

going to see that as a threat.

212

00:17:04,840 --> 00:17:07,320

We don't know what their intentions are.

213

00:17:07,320 --> 00:17:10,960

We don't even know where they come from.

214

00:17:10,960 --> 00:17:18,280

We haven't to my belief haven't any overt hostile activity from any of these crafts.

215

00:17:18,280 --> 00:17:21,280

So they could be observing.

216

00:17:21,280 --> 00:17:23,760

It could be that they're here to help us evolve.

217

00:17:23,760 --> 00:17:28,560

Maybe if the Roswell crash did happen that they were seeding us with technology so we

218

00:17:28,560 --> 00:17:30,560

could develop it.

219

00:17:30,560 --> 00:17:33,280

I think that there's numerous possibilities.

220

00:17:33,280 --> 00:17:37,760

Of course the government will always want to say, hey this is the situation and here's

221

00:17:37,760 --> 00:17:41,920

the solution, you know, because they want to be the ones who are elected.

222

00:17:41,920 --> 00:17:48,920

You make yourself really attackable if you step up yourself and say we have unidentified

223

00:17:48,920 --> 00:17:53,560

flying objects flying around in areas and we can't do anything about it.

224

00:17:53,560 --> 00:17:59,120

You need someone else to release those materials.

225

00:17:59,120 --> 00:18:03,280

Despite the potential threat, there is no desire on the part of the general public to

226

00:18:03,280 --> 00:18:06,880

stop or prevent alien encounters.

227

00:18:06,880 --> 00:18:14,800

On balance they want them to continue as researched by Dr. Ray Hernandez and his team has shown.

228

00:18:14,800 --> 00:18:19,560

For many of these beings once they notice that you're scared they phase out.

229

00:18:19,560 --> 00:18:26,120

So then we ask the question would you stop your ET contact if you could?

230

00:18:26,120 --> 00:18:30,840

No, 84% said no, keep it coming, keep it coming.

231

00:18:30,840 --> 00:18:32,200

84%.

232

00:18:32,200 --> 00:18:36,480

So that was the first experience, that these experiences were overwhelmingly positive.

233

00:18:36,480 --> 00:18:41,160

In the beginning 30% viewed it as negative but then over time the more experiences you

234

00:18:41,160 --> 00:18:42,360

have it becomes positive.

235

00:18:42,360 --> 00:18:49,320

Now the second major finding is that these experiences were overwhelmingly not physical.

236

00:18:49,320 --> 00:18:51,280

They were paranormal.

237

00:18:51,280 --> 00:18:56,200

This positive perception and growing public clamor for answers has been fueled in part

238

00:18:56,200 --> 00:19:03,400

by privately funded organizations such as the To The Stars Academy, fronted by Tom DeLong

239

00:19:03,400 --> 00:19:09,760

and former U.S. government advisor Luis Elizondo, which is pushing for the government's acknowledgement

240

00:19:09,760 --> 00:19:15,960

of the likely existence of extraterrestrial activity in our solar system.

241

00:19:15,960 --> 00:19:21,040

Have you ever had the desire to look outward to the edge of what is known and unknown?

242

00:19:21,040 --> 00:19:25,680

We have the chance to do something revolutionary, something that I think has never been attempted

243

00:19:25,680 --> 00:19:26,680

before.

244

00:19:26,680 --> 00:19:31,200

What if I told you I found a group of like-minded people who held senior positions in the U.S.

245

00:19:31,200 --> 00:19:35,320

government, from the CIA to the Department of Defense to the most advanced aerospace

246

00:19:35,320 --> 00:19:38,620

engineering groups within our national security establishment.

247

00:19:38,620 --> 00:19:42,640

People who have life skills in collecting and decoding elusive information and they

248

00:19:42,640 --> 00:19:47,120

all wanted to do something ambitious, something that could help change the conversation about

249

00:19:47,120 --> 00:19:53,280

who we are through an unparalleled search for answers that can propel humanity forward.

250

00:19:53,280 --> 00:19:59,920

When they made their first public announcement in October 2017, they made a very powerful

251

00:19:59,920 --> 00:20:08,720

statement which was the U.S. military is continuing to investigate these UFOs.

252

00:20:08,720 --> 00:20:11,800

That was a very significant and new thing to hear at the time.

253

00:20:11,800 --> 00:20:16,480

They work for different agencies, but not surprisingly they have not revealed any of

254

00:20:16,480 --> 00:20:22,400

the details of how this came together and we're not going to know probably until after

255

00:20:22,400 --> 00:20:23,400

disclosure.

256

00:20:23,400 --> 00:20:30,640

There is an inevitability of the end of UFO secrecy and we are now seeing an attempt to

257

00:20:30,640 --> 00:20:34,280

end that secrecy but under very controlled circumstances.

258

00:20:34,280 --> 00:20:39,560

So I think they're being forced to start making some disclosure, not because they want to but

259

00:20:39,560 --> 00:20:41,320

because they're forced to.

260

00:20:41,320 --> 00:20:46,400

One important thing is clearly emerged from the so far short existence of the To The Stars

261

00:20:46,400 --> 00:20:47,680

Academy.

262

00:20:47,680 --> 00:20:55,080

The government is not in any way casting doubt on the actions or motivations of the organization.

263

00:20:55,080 --> 00:21:00,840

The fact that the UFO or UAP phenomenon is being presented by the academy as a potential

264

00:21:00,840 --> 00:21:04,920

threat evidently suits the U.S. government.

265

00:21:04,920 --> 00:21:08,000

We're trying to protect people from the dangerous aliens.

266

00:21:08,000 --> 00:21:13,160

Now that's a certain amount of spin and we've got to be very careful before we believe that

267

00:21:13,160 --> 00:21:15,480

in its entirety.

268

00:21:15,480 --> 00:21:17,280

It doesn't mean that they're wrong.

269

00:21:17,280 --> 00:21:18,680

It doesn't mean that they're right.

270

00:21:18,680 --> 00:21:23,480

It means they have their own perspective and we should expect them to have a perspective,

271

00:21:23,480 --> 00:21:24,480

right?

272

00:21:24,480 --> 00:21:27,360

If you want to move something it has to be related with national security.

273

00:21:27,360 --> 00:21:34,880

It has to be something that puts the nation in danger so that you can justify to spend

274

00:21:34,880 --> 00:21:35,880

money on it.

275

00:21:35,880 --> 00:21:40,000

I think we have to look this situation very carefully in the future and see how this is

276

00:21:40,000 --> 00:21:41,480

going to evolve.

277

00:21:41,480 --> 00:21:45,640

Just the fact that someone has something that we don't have and we don't even understand

278

00:21:45,640 --> 00:21:49,800

must be a threat to the national security of the United States.

279

00:21:49,800 --> 00:21:52,960

That's their thinking.

280

00:21:52,960 --> 00:21:58,360

The COVID-19 pandemic has dominated the world in 2021.

281

00:21:58,360 --> 00:22:04,160

Despite this, the To The Stars Academy is not letting up pressure on politicians to take

282

00:22:04,160 --> 00:22:08,280

the phenomenon seriously and acknowledge it publicly.

283

00:22:08,280 --> 00:22:14,200

But the more that is disclosed, the more questions are raised.

284

00:22:14,200 --> 00:22:21,280

What would be the advantage for the government or the military to have the public knowing

285

00:22:21,280 --> 00:22:22,800

about this?

286

00:22:22,800 --> 00:22:27,560

In fact, if you want to have a real advantage, you need no one to know about this.

287

00:22:27,560 --> 00:22:34,880

It would be even better to research this kind of technology in secret.

288

00:22:34,880 --> 00:22:39,960

These beings, wherever they come from, and I believe they're many different species,

289

00:22:39,960 --> 00:22:43,600

they are 500 rungs minimum up the evolutionary ladder.

290

00:22:43,600 --> 00:22:49,240

They are so far above us that I don't think they'll ever sit down with us and communicate

291

00:22:49,240 --> 00:22:53,200

with us on a one-on-one basis like I'd like to have.

292

00:22:53,200 --> 00:22:58,320

The reluctance of the U.S. government to make public pronouncements on its research of UFOs

293

00:22:58,320 --> 00:23:04,720

means that conjecture and speculation continue to run wild and makes it difficult to understand

294

00:23:04,720 --> 00:23:12,680

exactly why UFO encounters seem to proliferate at particular locations on planet Earth and

295

00:23:12,680 --> 00:23:14,640

to particular peoples.

296

00:23:14,640 --> 00:23:21,080

An example is the story from the area of Pisco, Peru, where an investigative journalist,

297

00:23:21,080 --> 00:23:25,320

Chase Klotsky, happened to be filming.

298

00:23:25,320 --> 00:23:35,640

January 2015, near Pisco, Peru, South America.

299

00:23:35,640 --> 00:23:41,400

Like the natives of North America, the aboriginals of South America do not regard unidentified

300

00:23:41,400 --> 00:23:45,440

flying objects as anything out of the ordinary.

301

00:23:45,440 --> 00:23:50,880

They have been encountering the star people and star gods for centuries.

302

00:23:50,880 --> 00:23:59,200

In January 2015, Klotsky was filming a news report near Pisco about the discovery of previously

303

00:23:59,200 --> 00:24:01,480

unknown pyramids.

304

00:24:01,480 --> 00:24:08,360

Her team was accompanied by the mayor of Pisco, Juan Mendoza Uribe, who took Chase to a dried

305

00:24:08,360 --> 00:24:13,440

out lake known as a hotspot for UFO encounters.

306

00:24:13,440 --> 00:24:17,800

They told me that there used to be a grand lake there, but the UFOs kept coming down

307

00:24:17,800 --> 00:24:20,040

and they steal all their water.

308

00:24:20,040 --> 00:24:24,320

And he's really upset about it because the farmers need it, they need it for agriculture

309

00:24:24,320 --> 00:24:29,480

and their cattle and their animals.

310

00:24:29,480 --> 00:24:34,520

Chase saw that the mayor was deadly serious and realized that he was genuinely hoping

311

00:24:34,520 --> 00:24:39,920

as an investigative journalist, she might help him get to the bottom of the matter and

312

00:24:39,920 --> 00:24:42,240

find a solution.

313

00:24:42,240 --> 00:24:47,240

I just looked at him like, and then when I told him that I was an investigator and that's

314

00:24:47,240 --> 00:24:54,080

not really what I do, he asked me, well, you came down here to talk about UFOs.

315

00:24:54,080 --> 00:24:55,760

Yes, sir, I did.

316

00:24:55,760 --> 00:24:57,960

Do you not have them in the United States?

317

00:24:57,960 --> 00:25:03,240

He was so baffled by my job as an investigator because they already know they're real.

318

00:25:03,240 --> 00:25:08,680

They don't need that physical evidence because they've seen it or they've experienced a lot

319

00:25:08,680 --> 00:25:11,880

of this.

320

00:25:11,880 --> 00:25:17,640

It was clear to Chase that while she couldn't solve the problem, it was only polite to try

321

00:25:17,640 --> 00:25:19,920

to lend a helping hand.

322

00:25:19,920 --> 00:25:24,920

It occurred to her that she could take samples from the dry lake and try to analyze them

323

00:25:24,920 --> 00:25:28,280

to find out how the water had been removed.

324

00:25:28,280 --> 00:25:32,680

But the mayor wanted a more immediate solution.

325

00:25:32,680 --> 00:25:41,160

He was so confused and he says, no, I want you to help me tell them to stop taking our

326

00:25:41,240 --> 00:25:42,360

water.

327

00:25:42,360 --> 00:25:47,920

It just struck me that he was so open with this UFO came down and just took their water

328

00:25:47,920 --> 00:25:54,280

and he was angry about that and he wanted someone to communicate that.

329

00:25:54,280 --> 00:25:58,880

UFOlogists the world over recount similar stories.

330

00:25:58,880 --> 00:26:04,160

So consistent are these accounts that for many, the question of the existence of alien

331

00:26:04,160 --> 00:26:07,800

life is no longer in any doubt.

332

00:26:07,960 --> 00:26:16,120

The bigger, more pressing question is how we communicate with them.

333

00:26:16,120 --> 00:26:21,400

Disclosure of the secrets concerning the activities of aliens on Earth and declassification by

334

00:26:21,400 --> 00:26:27,760

the military and intelligence agencies about UFO encounters will undoubtedly be a revolutionary

335

00:26:27,760 --> 00:26:31,240

turning point in human history.

336

00:26:31,240 --> 00:26:35,920

Although it may unleash profound questions about the nature of human existence and belief

337

00:26:35,960 --> 00:26:42,240

systems, it may also provide a source of new thinking on fundamental global problems of

338

00:26:42,240 --> 00:26:48,480

conservation, social inequality and advances in cutting edge technologies.

339

00:26:48,480 --> 00:26:53,960

But if such a turning point does come to pass, are we ready for it?

340

00:26:53,960 --> 00:26:59,640

I think that it's going to be a very big shock to a lot of people, particularly if they're

341

00:26:59,640 --> 00:27:07,200

very entrenched in the paradigm of today, even with their particularly with religion.

342

00:27:07,200 --> 00:27:11,480

It could cause political instability.

343

00:27:11,480 --> 00:27:16,800

Instantly if there was this entity that was far more advanced than us, all of our struggles,

344

00:27:16,800 --> 00:27:22,520

our arms race, trying to keep up with what everyone else is doing, all of those things

345

00:27:22,520 --> 00:27:26,120

now sit below a technology that exists in our future.

346

00:27:27,080 --> 00:27:30,080

And they might even give us some technologies.

347

00:27:30,080 --> 00:27:34,040

Not weapons technologies, but I think the plan is healing technologies, which they are

348

00:27:34,040 --> 00:27:36,920

the master of and master of genetics.

349

00:27:36,920 --> 00:27:42,440

Technologies that would allow us in short order to eliminate a major proportion of all

350

00:27:42,440 --> 00:27:44,280

of our diseases.

351

00:27:44,280 --> 00:27:48,880

Hidden technologies that could have helped us, we wouldn't be polluting the planet as

352

00:27:48,880 --> 00:27:54,480

we're doing because of the technology they've got that we didn't need to pollute the planet.

353

00:27:54,480 --> 00:27:58,680

Healing procedures, healing technology would have been available.

354

00:27:58,680 --> 00:28:02,960

People are going to be very angry when they realize what's happened.

355

00:28:02,960 --> 00:28:09,200

And that's part of the reason they're reluctant to release this, I think, because of the backlash

356

00:28:09,200 --> 00:28:11,240

that they're going to get from society.

357

00:28:11,240 --> 00:28:17,880

So, I think at some point we will have a broad awareness of who they are, what they're doing,

358

00:28:17,880 --> 00:28:20,960

why they're doing it.

359

00:28:20,960 --> 00:28:27,840

For some, the very fact that UFOs are unidentifiable means they therefore pose a potential threat

360

00:28:27,840 --> 00:28:31,240

and should be confronted rather than welcomed.

361

00:28:31,240 --> 00:28:37,480

On the other hand, there is also a strong opposing view based on long term studies of the phenomenon

362

00:28:37,480 --> 00:28:43,480

that arrive at the opposite premise, that the aliens do not pose a threat.

363

00:28:43,480 --> 00:28:49,360

On the contrary, if they do exist, they are undoubtedly many thousand years ahead of us

364

00:28:49,440 --> 00:28:55,440

and contact with them will accelerate human evolution and human consciousness.

365

00:28:55,440 --> 00:29:01,360

What they are doing is preparing us through higher consciousness to look at the way that

366

00:29:01,360 --> 00:29:02,720

we live in a different way.

367

00:29:02,720 --> 00:29:07,280

So, it isn't about they're going to come down and say, well, we're taking over, we're going

368

00:29:07,280 --> 00:29:09,920

to, you know, kill anyone who disagrees with us.

369

00:29:09,920 --> 00:29:11,960

That is not the way that they work.

370

00:29:11,960 --> 00:29:18,160

The way that they work is through human consciousness, raising our awareness to a point where we

371

00:29:18,160 --> 00:29:23,520

want to be a more peaceful, loving, caring society.

372

00:29:23,520 --> 00:29:28,480

So I think if consciousness isn't bound by space-time, there could be some aspect of

373

00:29:28,480 --> 00:29:34,080

that as it relates to this phenomenon, that there could be some communication across different

374

00:29:34,080 --> 00:29:35,800

points in time.

375

00:29:35,800 --> 00:29:41,120

Information exchange amongst those that are more open to it or aware of it or have those

376

00:29:41,120 --> 00:29:42,120

abilities.

377

00:29:42,880 --> 00:29:49,280

A lot of UFO sightings seem to be connected with our own consciousness, our own mind.

378

00:29:49,280 --> 00:29:52,040

And I will never be able to get rid of that idea.

379

00:29:52,040 --> 00:29:53,760

I think that there is a connection.

380

00:29:53,760 --> 00:29:57,960

I don't know exactly what that connection is, but I believe that there is something there.

381

00:29:57,960 --> 00:30:02,360

It's this huge consciousness that we are talking about.

382

00:30:02,360 --> 00:30:04,240

Is this possibly the universe itself?

383

00:30:04,240 --> 00:30:06,600

Is this God and we are all part of it?

384

00:30:06,600 --> 00:30:09,120

Those are very profound questions.

385

00:30:09,120 --> 00:30:18,040

And I think that once the UFO subject has been freed by this ridicule factor, scientists

386

00:30:18,040 --> 00:30:26,160

and philosophers will be able to start to tackle those questions.

387

00:30:26,160 --> 00:30:30,840

One of the remarkable aspects of the incident with US Navy pilots in the Pacific waters

388

00:30:30,840 --> 00:30:38,560

near carrier strike group 11 in 2004 was the mysterious decoding of secret information.

389

00:30:38,560 --> 00:30:47,840

The event is more accurately described by then air intercept controller Kevin Day.

390

00:30:47,840 --> 00:30:51,720

I got the impression they could read our minds because what happened during that intercept

391

00:30:51,720 --> 00:30:57,200

at one point this object went from where Commander Fravers' intercept point was back

392

00:30:57,200 --> 00:31:02,880

over to the combat air patrol station we call it a cap station like that.

393

00:31:02,880 --> 00:31:05,480

And how did it know to go to that point in sky?

394

00:31:05,480 --> 00:31:11,040

The cap station, everyone, all the personnel in the strike group know about it, but it's

395

00:31:11,040 --> 00:31:12,040

secret.

396

00:31:12,040 --> 00:31:13,520

How would this object know where that was?

397

00:31:13,520 --> 00:31:19,640

It went exactly to that point and just under a second it was maybe 60 miles away.

398

00:31:19,640 --> 00:31:22,280

But it was my impression that they could read our intentions.

399

00:31:22,280 --> 00:31:24,120

They somehow they knew what our intentions were.

400

00:31:24,120 --> 00:31:29,200

And I think that's the key to preventing hostilities is when you encounter these things, have the

401

00:31:29,200 --> 00:31:31,120

right frame of mind about it.

402

00:31:31,120 --> 00:31:32,440

Don't be hostile to them.

403

00:31:32,440 --> 00:31:34,440

Leave them alone.

404

00:31:35,400 --> 00:31:41,480

Acknowledgement of the potential for extrasensory perception, telepathy and other abilities

405

00:31:41,480 --> 00:31:46,640

would constitute a radical turnaround by the scientific world.

406

00:31:46,640 --> 00:31:52,400

For the moment, however, this world is unwilling to listen to accept that these abilities may

407

00:31:52,400 --> 00:31:57,040

have emerged as a result of extraterrestrial encounters.

408

00:31:57,040 --> 00:32:02,760

They prefer to think of it as something more naturally occurring from within planet Earth.

409

00:32:02,760 --> 00:32:09,280

Every animal on this planet has one characteristic that's undeniable, and that is curiosity.

410

00:32:09,280 --> 00:32:17,560

It's built in through the deoxyribonucleic acid, the DNA within each animal, built in.

411

00:32:17,560 --> 00:32:24,680

So because DNA is likely a template that the universe provides based on the carbon atom,

412

00:32:24,680 --> 00:32:31,320

I think that curiosity will exist amongst all the other creatures in the cosmos.

413

00:32:31,320 --> 00:32:36,920

So they would also want to look for other beings like themselves.

414

00:32:36,920 --> 00:32:41,680

Well my research with over three and a half thousand individuals and what have you, what

415

00:32:41,680 --> 00:32:47,840

I'm understanding is that we have their DNA, that we are, if you like, an intelligently

416

00:32:47,840 --> 00:32:54,040

designed species with perhaps as many as 12 different species of non-human intelligences

417

00:32:54,040 --> 00:32:55,400

with their DNA.

418

00:32:55,400 --> 00:32:59,520

So the reason that they're so interested in us, because we're part of them, and what

419

00:32:59,520 --> 00:33:04,840

I believe now because of our technology and what's happening with it, where we could destroy

420

00:33:04,840 --> 00:33:05,960

our planet.

421

00:33:05,960 --> 00:33:11,760

I honestly would not expect alien DNA to be much different than ours, because what we're

422

00:33:11,760 --> 00:33:14,880

finding in the universe is all the materials are the same.

423

00:33:14,880 --> 00:33:20,400

So we believe the universe is kind of made up of the same stuff, at least our universe is.

424

00:33:20,400 --> 00:33:22,900

This is a very old galaxy.

425

00:33:22,900 --> 00:33:28,080

There have been civilizations in this galaxy for millions and millions of years.

426

00:33:28,080 --> 00:33:33,600

Inner stellar craft filled with ETs have been moving around and interacting in this

427

00:33:33,600 --> 00:33:37,560

galaxy and the number one thing they're interested in is life.

428

00:33:37,560 --> 00:33:42,200

And they go to these biospheres and they monitor them and they check and they take DNA or work

429

00:33:42,200 --> 00:33:43,360

with DNA.

430

00:33:43,360 --> 00:33:51,160

So what that means is for millions of years DNA from biospheres has been transferred and

431

00:33:51,160 --> 00:33:54,360

maneuvered around the entire galaxy.

432

00:33:54,360 --> 00:34:00,080

If one accepts this premise of common DNA between interplanetary beings, much as humans

433

00:34:00,080 --> 00:34:05,640

and animals share the vast majority of their DNA, the number and nature of UFO and alien

434

00:34:05,640 --> 00:34:12,640

encounters becomes much more understandable and credible, as does the fact that they have

435

00:34:12,640 --> 00:34:16,480

increased in number in recent years.

436

00:34:16,480 --> 00:34:22,200

Whether one accepts the many eyewitness accounts or not, what cannot be denied is that the

437

00:34:22,200 --> 00:34:33,360

witnesses themselves are sincere in their beliefs about what they saw.

438

00:34:33,360 --> 00:34:42,800

Summer 2017 Schumovah Mountains, Southern Bohemia, Czech Republic.

439

00:34:42,800 --> 00:34:49,520

On a sunny summer day in 2017, a group of about 15 people set out for a walk in the

440

00:34:49,520 --> 00:34:54,440

Schumovah region in the southern part of the Czech Republic.

441

00:34:54,440 --> 00:34:58,880

As they approached a meadow, everyone was surprised that all the cows from the vast

442

00:34:58,880 --> 00:35:03,800

pastures had assembled in one place next to the road.

443

00:35:03,800 --> 00:35:08,960

I was standing here and I said the sentence before we saw the UFO.

444

00:35:08,960 --> 00:35:15,520

It was fast and intuitive and I said, it's obvious, if there are a lot of cows huddling

445

00:35:15,520 --> 00:35:20,920

together in one place, there must be also a UFO around.

446

00:35:20,920 --> 00:35:26,400

I don't know what I am saying in this moment and my hand goes in this direction and there

447

00:35:26,400 --> 00:35:31,520

was really a UFO, a black one.

448

00:35:31,520 --> 00:35:40,000

So I saw this big black object, it looked like diamonds, maybe 7 meters high.

449

00:35:40,000 --> 00:35:44,640

But the shapes, I cannot see exact line, it was straight.

450

00:35:44,640 --> 00:35:51,480

I could see that the lines were not very straight and clear.

451

00:35:51,480 --> 00:35:56,040

It was not far away from us, let's say 50 meters.

452

00:35:56,040 --> 00:36:01,240

No noise, it goes slowly up and right and it disappeared behind the trees.

453

00:36:01,240 --> 00:36:03,480

There was no time to take a picture of it.

454

00:36:03,480 --> 00:36:09,800

To this day, none of the eyewitnesses have any explanation for what they saw.

455

00:36:09,800 --> 00:36:16,280

It was unlike any of them had ever seen before and this is the first time they have spoken

456

00:36:16,280 --> 00:36:19,680

about it publicly.

457

00:36:19,680 --> 00:36:28,840

I don't tell the story to my friends or to other people because I don't believe in UFO.

458

00:36:28,840 --> 00:36:37,120

I was very quiet inside and it was very, it was not stretch feeling, it was very good

459

00:36:37,120 --> 00:36:38,120

for me.

460

00:36:38,120 --> 00:36:48,520

It was very strange because you saw something that doesn't appear every day.

461

00:36:48,520 --> 00:36:53,760

And I didn't even say to my friends that I've seen it, so that was surprising because I

462

00:36:53,760 --> 00:36:54,760

don't want to look stupid.

463

00:36:54,760 --> 00:37:00,280

I don't want to tell them I've seen UFO and you know, I just keep it to myself.

464

00:37:00,280 --> 00:37:03,240

I thought it was not from you.

465

00:37:03,240 --> 00:37:09,240

There was no engine noise, there was no smoke from the engine.

466

00:37:09,240 --> 00:37:15,560

How can it be from the air?

467

00:37:15,560 --> 00:37:21,640

But communication can also take place in altered state of consciousness.

468

00:37:21,640 --> 00:37:26,360

On a different vibration level, I experience it.

469

00:37:26,360 --> 00:37:29,360

They showed me why they are here.

470

00:37:29,360 --> 00:37:36,160

It's an important form of communication which the Indians, natives, shamans and other people

471

00:37:36,160 --> 00:37:40,440

used and still do.

472

00:37:40,440 --> 00:37:48,120

Let's say that according to them, we've been given a little extra time, more time to change

473

00:37:48,120 --> 00:37:49,680

our cells.

474

00:37:49,680 --> 00:37:57,000

Unless we change radically, they will intervene one day to save themselves too.

475

00:37:57,000 --> 00:37:58,800

And I'm not speaking about them.

476

00:37:58,800 --> 00:38:03,840

I'm speaking also about us, about animals, about nature, about everything.

477

00:38:03,840 --> 00:38:07,400

Because we are really close to destroy everything.

478

00:38:07,400 --> 00:38:24,280

DETs are making sure we don't destroy ourselves, meaning the whole planet, which they consider

479

00:38:24,280 --> 00:38:30,320

exceptional and directly dependent on the universe.

480

00:38:30,320 --> 00:38:36,000

It's up to us whether they intervene to rescue the planet or not.

481

00:38:36,000 --> 00:38:38,560

So it's a question for us, not for them.

482

00:38:38,560 --> 00:38:39,760

So it's our life.

483

00:38:39,760 --> 00:38:46,000

So let's change it or they try maybe to save us and they try to save the universe.

484

00:38:47,000 --> 00:38:58,120

We should think about this, why they are here and why they are interested in these themes.

485

00:38:58,120 --> 00:39:04,640

As we are now on the verge of government disclosure of UFO monitoring programs, what will be the

486

00:39:04,640 --> 00:39:08,800

next stage of exploration of the UFO phenomenon?

487

00:39:08,800 --> 00:39:14,520

Will governments truly allow scrutiny of such sensitive and secretive programs?

488

00:39:14,520 --> 00:39:20,000

Or will they continue to use these programs to cover up the development of advanced military

489

00:39:20,000 --> 00:39:21,400

systems?

490

00:39:21,400 --> 00:39:26,520

Systems which continue to threaten Earth's existence.

491

00:39:26,520 --> 00:39:32,720

What is dotted out is that the next phase of UFO research is likely to be more important

492

00:39:32,720 --> 00:39:36,840

and groundbreaking than ever before.

493

00:39:36,840 --> 00:39:43,120

With our planet facing an unparalleled array of threats, we can no longer afford to ignore

494

00:39:43,120 --> 00:39:46,360

the existence of UFOs.

495

00:39:46,360 --> 00:39:49,960

There is simply too much at stake.

496

00:39:49,960 --> 00:39:56,160

I personally feel that we are dealing with something that deserves scientific and academic

497

00:39:56,160 --> 00:39:57,160

attention.

498

00:39:57,160 --> 00:40:03,760

When in fact, in my view, the military and intelligence agencies of the United States

499

00:40:03,760 --> 00:40:07,640

have known for a very long time exactly what they are dealing with.

500

00:40:07,640 --> 00:40:11,840

What we need to be doing is there is something that is very important.

501

00:40:11,840 --> 00:40:19,000

It's really important and it represents intelligence and technology vastly beyond anything that

502

00:40:19,000 --> 00:40:20,760

we are aware of here on Earth.

503

00:40:20,760 --> 00:40:23,080

And we damn well better be talking about it.

504

00:40:23,080 --> 00:40:26,280

I feel like we're in a different age.

505

00:40:26,280 --> 00:40:30,000

I feel like disclosure is happening.

506

00:40:30,000 --> 00:40:34,160

I think there's a sense of that among most people that have studied this phenomenon for

507

00:40:34,160 --> 00:40:35,160

a while.

508

00:40:35,160 --> 00:40:38,440

I hope it continues and I hope to see where it goes.

509

00:40:38,520 --> 00:40:41,840

It does feel like something is different now compared to the past.

510

00:40:41,840 --> 00:40:47,720

I think there's a lot of knowledge we could potentially get and it goes beyond just technology.

511

00:40:47,720 --> 00:40:52,960

Of course there are benefits to technology but one of the issues with technology is it's

512

00:40:52,960 --> 00:40:54,880

also very dangerous.

513

00:40:54,880 --> 00:41:01,920

The government doesn't have any interest in disclosing what they know about extraterrestrial

514

00:41:01,920 --> 00:41:07,400

beings because first of all, I'm not even sure if they know a lot about it and secondly,

515

00:41:07,400 --> 00:41:13,360

it would undermine their work as a government because people would start to ask interesting

516

00:41:13,360 --> 00:41:14,360

questions.

517

00:41:14,360 --> 00:41:19,920

You know, somebody who makes films and as a journalist I'm sure that idea of what are

518

00:41:19,920 --> 00:41:24,000

we going to learn tomorrow that we don't know today and you can see it.

519

00:41:24,000 --> 00:41:25,000

It's right there.

520

00:41:25,000 --> 00:41:27,280

There's going to be something next and I'm excited to see what that is.

521

00:42:37,400 --> 00:42:38,400

Thank you.

522

00:42:38,400 --> 00:42:39,400

Thank you.

523

00:42:39,400 --> 00:42:40,400

Thank you.

524

00:42:40,400 --> 00:42:41,400

Thank you.

525

00:42:41,400 --> 00:42:42,400

Thank you.

526

00:42:42,400 --> 00:42:43,400

Thank you.

527

00:42:43,400 --> 00:42:44,400

Thank you.

528

00:42:44,400 --> 00:42:45,400

Thank you.

529

00:42:45,400 --> 00:42:46,400

Thank you.

530

00:42:46,400 --> 00:42:47,400

Thank you.

531

00:42:47,400 --> 00:42:48,400

Thank you.

532

00:42:48,400 --> 00:42:49,400

Thank you.

533

00:42:49,400 --> 00:42:50,400

Thank you.

534

00:42:50,400 --> 00:42:51,400

Thank you.

535

00:42:51,400 --> 00:42:52,400

Thank you.

536

00:42:52,400 --> 00:42:53,400

Thank you.

537

00:42:53,400 --> 00:42:54,400

Thank you.

538

00:42:54,400 --> 00:42:55,400

Thank you.

539

00:42:55,400 --> 00:42:56,400

Thank you.

540

00:42:56,400 --> 00:42:57,400

Thank you.

541

00:42:57,400 --> 00:42:58,400

Thank you.

542

00:42:58,400 --> 00:42:59,400

Thank you.

543

00:42:59,400 --> 00:43:00,400

Thank you.

544

00:43:00,400 --> 00:43:01,400

Thank you.

545

00:43:01,400 --> 00:43:02,400

Thank you.

546

00:43:02,400 --> 00:43:03,400

Thank you.

547

00:43:03,400 --> 00:43:04,400

Thank you.

548

00:43:04,400 --> 00:43:05,400

Thank you.

549

00:43:05,400 --> 00:43:06,400

Thank you.
