

1

00:00:00,000 --> 00:00:12,080

Late at night, when you can't sleep, have you ever looked up at the sky and wondered,

2

00:00:12,080 --> 00:00:15,000

are we alone in the universe?

3

00:00:15,000 --> 00:00:21,320

In 1947, some people thought that they'd found out the answer.

4

00:00:21,320 --> 00:00:26,240

And it told us aliens might be right here.

5

00:00:26,240 --> 00:00:32,760

Could flying saucers full of real, live aliens have actually crashed into the Earth?

6

00:00:32,760 --> 00:00:38,840

Are they secretly being studied right now in this top secret location?

7

00:00:38,840 --> 00:00:42,160

Have UFO believers lost their minds?

8

00:00:42,160 --> 00:00:47,080

Or have they discovered the truth?

9

00:00:47,080 --> 00:00:51,320

We're going on a tour of America's UFO hotspots.

10

00:00:51,320 --> 00:00:53,320

And who knows what we might find?

11

00:00:53,320 --> 00:00:55,320

Today on Truth or Scare.

12

00:01:23,320 --> 00:01:35,400

Throughout history, people have wondered if there are other beings in the universe.

13

00:01:35,400 --> 00:01:38,600

First it was demons, then ghosts.

14

00:01:38,600 --> 00:01:44,240

In the 20th century, our fascination focused on aliens.

15

00:01:44,240 --> 00:01:49,280

In 1938, many people thought Orson Welles' radio broadcast of War of the Worlds was a

16

00:01:49,280 --> 00:01:54,000

real news bulletin reporting an alien invasion of planet Earth.

17

00:01:54,000 --> 00:01:58,280

At first people were terrified, but the panic didn't last long.

18

00:01:58,280 --> 00:02:02,200

Obviously, aliens could never really come here.

19

00:02:02,200 --> 00:02:06,920

At least not for another nine years.

20

00:02:06,920 --> 00:02:14,040

Back in 1947, Roswell, New Mexico was just your average, sleepy desert town.

21

00:02:14,040 --> 00:02:19,920

But on a rainy 4th of July night, Roswell woke up.

22

00:02:19,920 --> 00:02:24,680

With a bang, people all over town heard a loud explosion.

23

00:02:24,680 --> 00:02:28,320

Most of them thought, probably just some thunder.

24

00:02:28,320 --> 00:02:33,720

But a rancher named Mac Brazel thought it sounded like something else.

25

00:02:33,720 --> 00:02:38,880

The next morning when he headed out to check on his cattle, he found out he was right.

26

00:02:38,880 --> 00:02:44,120

Real debris which looked strangely like simple tinfoil was everywhere.

27

00:02:44,120 --> 00:02:48,680

It looked like some kind of rocket or airplane had crashed.

28

00:02:48,680 --> 00:02:50,480

But what?

29

00:02:50,480 --> 00:02:54,240

Just a few miles away was Roswell Air Force Base.

30

00:02:54,240 --> 00:02:57,840

Had one of their planes gone down on Max Ranch?

31

00:02:57,840 --> 00:03:01,400

He took some of the metal into Roswell to show the sheriff.

32

00:03:01,400 --> 00:03:04,320

The sheriff had no idea what it was.

33

00:03:04,320 --> 00:03:08,480

He checked to find out if any planes had been reported down that night.

34

00:03:08,480 --> 00:03:10,240

None had.

35

00:03:10,240 --> 00:03:13,760

The next stop, Roswell Air Force Base.

36

00:03:13,760 --> 00:03:16,320

But there were no answers there either.

37

00:03:16,320 --> 00:03:21,920

The US Air Force said they'd never seen this kind of metal before.

38

00:03:21,920 --> 00:03:26,400

Reports say that the fragments had these weird designs on them.

39

00:03:26,400 --> 00:03:29,840

A lot like Egyptian hieroglyphics.

40

00:03:29,840 --> 00:03:34,800

Witnesses claimed you could just crumple the metal like aluminum foil.

41

00:03:34,800 --> 00:03:41,200

Even stranger, they claimed the metal would uncrumple and go back to its original shape.

42

00:03:41,200 --> 00:03:44,440

Have you ever seen aluminum foil do this?

43

00:03:44,440 --> 00:03:50,680

Could that strange metal have actually come from an alien spaceship?

44

00:03:50,680 --> 00:03:57,480

Up till then UFOs had only been found in science fiction books, magazines and movies.

45

00:03:57,480 --> 00:04:01,520

Unidentified flying objects are Ted Lohman's specialty.

46

00:04:01,520 --> 00:04:05,800

As a UFO investigator, he believes the Air Force didn't know what to think.

47

00:04:05,800 --> 00:04:10,240

We have to remember it was 1947 and World War II had just ended.

48

00:04:10,240 --> 00:04:18,040

They didn't know if it was people from other countries flying in here to harm us.

49

00:04:18,040 --> 00:04:24,200

I don't believe that they understand exactly what they found in that desert.

50

00:04:24,200 --> 00:04:27,600

But they did understand it was top secret.

51

00:04:27,600 --> 00:04:31,760

The Air Force immediately closed Mac Razzle's ranch to the public.

52

00:04:31,760 --> 00:04:35,440

Rumors were flying all over Roswell about what Mac had found.

53

00:04:35,440 --> 00:04:39,680

But soon, the Air Force believed it had discovered the truth.

54

00:04:39,680 --> 00:04:44,640

And it was Lieutenant Walter Hout's job to get that truth out.

55

00:04:44,640 --> 00:04:47,760

Walter was a public relations officer for the base.

56

00:04:47,760 --> 00:04:52,600

A few days after the bizarre crash, his commander called him into his office.

57

00:04:52,600 --> 00:05:01,880

He said, Hought, I want you to put out a press release to the effect that we have in our possession of flying saucer.

58

00:05:01,880 --> 00:05:04,760

I said, can I see it, Colonel?

59

00:05:04,760 --> 00:05:08,760

And his face just dropped a little bit and he said, no.

60

00:05:08,760 --> 00:05:13,840

Walter released the statement to the local newspaper and radio station.

61

00:05:13,840 --> 00:05:17,160

But this story wouldn't be local for long.

62

00:05:17,240 --> 00:05:23,880

Late this afternoon, a bulletin from New Mexico suggested that the widely publicized mystery of the flying saucers may soon be solved.

63

00:05:23,880 --> 00:05:28,920

Army Air Force officers reported that one of the strange discs had been found on a rent outside Roswell.

64

00:05:28,920 --> 00:05:33,480

The Roswell Air Base refuses to give details of what the flying disc looks like.

65

00:05:33,480 --> 00:05:36,280

This was long before cable TV and the internet.

66

00:05:36,280 --> 00:05:40,280

But the news spread like wildfire all over the planet.

67

00:05:40,280 --> 00:05:41,840

Just think about it.

68

00:05:41,840 --> 00:05:49,760

For the first time in history, a government was claiming to have proof, real evidence of a UFO.

69

00:05:49,760 --> 00:05:53,600

For some, this was all the evidence they needed.

70

00:05:53,600 --> 00:05:59,240

Aliens from another galaxy were out there and they were headed for Earth.

71

00:05:59,240 --> 00:06:02,720

Overnight, people got hysterical.

72

00:06:02,720 --> 00:06:05,680

The same question was on everyone's mind.

73

00:06:05,680 --> 00:06:10,520

Who or what was flying it?

74

00:06:10,520 --> 00:06:14,960

If it were true, where were the aliens coming from?

75

00:06:14,960 --> 00:06:21,240

And were they coming for us?

76

00:06:21,240 --> 00:06:24,000

Coming up, the Air Force changes its story.

77

00:06:24,000 --> 00:06:30,720

But the mystery of Roswell refuses to go away.

78

00:06:30,720 --> 00:06:34,600

Next, Untruth or Scare?

79

00:06:34,600 --> 00:06:38,800

Imagine if a flying saucer crashed in your town today.

80

00:06:38,880 --> 00:06:40,600

Would you be intrigued?

81

00:06:40,600 --> 00:06:42,400

Scared?

82

00:06:42,400 --> 00:06:44,160

Or both?

83

00:06:44,160 --> 00:06:49,200

In 1947, when the US military announced they'd found a spaceship in Roswell,

84

00:06:49,200 --> 00:06:57,120

some people got very nervous, while others simply wanted to know the truth.

85

00:06:57,120 --> 00:07:03,360

If the debris in Roswell truly was from a UFO, where did this thing come from?

86

00:07:03,360 --> 00:07:08,560

But instead of giving answers, the military changed their story.

87

00:07:08,560 --> 00:07:13,480

Suddenly, the official military statement claimed that it was just a weather balloon

88

00:07:13,480 --> 00:07:15,760

that had crashed at Roswell.

89

00:07:15,760 --> 00:07:20,360

It appeared aliens weren't invading, so everyone could relax.

90

00:07:20,360 --> 00:07:22,120

Or could they?

91

00:07:22,120 --> 00:07:24,320

Some people were still suspicious.

92

00:07:24,320 --> 00:07:29,640

They said the Air Force had to lie about the flying saucer because people were panicking.

93

00:07:29,640 --> 00:07:33,600

A few even wondered if there were aliens on board.

94

00:07:33,600 --> 00:07:35,600

Perhaps they had escaped.

95

00:07:35,600 --> 00:07:41,080

Were they living right here with us, disguised as people?

96

00:07:41,080 --> 00:07:45,040

But the military stuck to its new weather balloon story,

97

00:07:45,040 --> 00:07:52,480

which only made people that much more intent on finding a real alien spacecraft.

98

00:07:52,480 --> 00:07:58,800

After that rainy night in July, claims of UFO and alien sightings started coming in.

99

00:07:58,800 --> 00:08:03,240

From pilots, policemen, even military officers.

100

00:08:03,880 --> 00:08:07,360

Did they all just have flying saucers on the brain after Roswell?

101

00:08:07,360 --> 00:08:09,680

Or had they really seen something?

102

00:08:09,680 --> 00:08:13,760

Some Roswell residents say that a few days after the crash,

103

00:08:13,760 --> 00:08:17,600

alien bodies were brought to the Ballard Funeral Home.

104

00:08:17,600 --> 00:08:22,120

Still others claim they were shipped to a secret military base.

105

00:08:22,120 --> 00:08:28,040

Where they were studied, Roswell historian Dennis Baltouser believes it all adds up.

106

00:08:28,040 --> 00:08:29,920

Well, to something.

107

00:08:29,920 --> 00:08:33,600

There have been numerous reports of anywhere from three to five

108

00:08:33,600 --> 00:08:38,000

beings, possibility of one still alive when they got to the crash site.

109

00:08:38,000 --> 00:08:43,320

Something of extreme importance happened near Roswell in 1947.

110

00:08:44,600 --> 00:08:48,960

Or was it all really just a case of mistaken identity?

111

00:08:48,960 --> 00:08:55,080

In 1997, with people still asking questions, the military said it again.

112

00:08:55,080 --> 00:08:59,880

The metal found on Mack Brazell's ranch was from a crashed weather balloon.

113

00:09:00,000 --> 00:09:04,160

And the alien bodies, the Air Force claimed they were crash dummies,

114

00:09:04,160 --> 00:09:07,120

dropped from an airplane during a test.

115

00:09:07,120 --> 00:09:11,760

Sounds logical, but many people like Ted Lohman still wonder,

116

00:09:11,760 --> 00:09:15,840

what did crash in Roswell on that rainy night in 1947?

117

00:09:15,840 --> 00:09:19,000

What exactly happened, we don't know for sure.

118

00:09:19,000 --> 00:09:25,440

For 57 years, researchers, individuals, children,

119

00:09:25,520 --> 00:09:32,920

they go to this little town in Roswell to find out answers.

120

00:09:32,920 --> 00:09:39,080

The UFO Museum, right in the middle of downtown Roswell, is a good place to start looking.

121

00:09:39,080 --> 00:09:43,280

And even though there aren't any actual aliens hanging out here,

122

00:09:43,280 --> 00:09:47,440

you might just run into the guy who started the whole Roswell craze.

123

00:09:47,440 --> 00:09:52,120

Walter Hout has never changed his story of how he put out that first Air Force

124

00:09:52,120 --> 00:09:55,000

press release back in 1947.

125

00:09:55,000 --> 00:10:00,000

And what does he think about all the strange claims that have come out since then?

126

00:10:00,000 --> 00:10:01,960

Well, let me put it this way.

127

00:10:01,960 --> 00:10:10,000

I put out a press release to the effect that we have in our possession of flying saucer.

128

00:10:10,000 --> 00:10:17,360

From that, people started adding to it and we all of a sudden,

129

00:10:17,360 --> 00:10:25,040

we had a bunch of aliens on board the ship and it just grew and grew and grew.

130

00:10:25,040 --> 00:10:28,440

And since then, it's kept on growing.

131

00:10:28,440 --> 00:10:33,720

The International UFO Museum is only one place to study aliens.

132

00:10:33,720 --> 00:10:38,280

Today, Roswell is World UFO Headquarters.

133

00:10:38,280 --> 00:10:45,520

Some visitors might be hoping that the town gets visited by another flying saucer.

134

00:10:45,520 --> 00:10:48,960

Some say it will never happen.

135

00:10:48,960 --> 00:10:55,080

But nearly half of all Americans believe there is intelligent life in the universe.

136

00:10:55,080 --> 00:11:00,000

Tom McDonough is a scientist and scientists demand proof.

137

00:11:00,000 --> 00:11:03,640

Does he think aliens could have actually crashed that night in Roswell?

138

00:11:03,640 --> 00:11:07,840

I can't be absolutely certain that there wasn't a flying saucer that crashed there.

139

00:11:07,840 --> 00:11:12,560

It's just that I look for evidence of some kind of alien technology.

140

00:11:12,560 --> 00:11:20,480

And according to Tom, that evidence has never been discovered at any UFO site, including Roswell.

141

00:11:20,480 --> 00:11:24,640

Others have claimed that technology obtained from the Roswell crash site led to inventions

142

00:11:24,640 --> 00:11:30,640

like fiber optics and microprocessors, which we use in our everyday lives.

143

00:11:30,640 --> 00:11:38,920

Is there evidence to this theory that's being kept secret?

144

00:11:38,920 --> 00:11:47,360

See where some say the military keeps its darkest secrets.

145

00:11:47,360 --> 00:11:51,960

Find out next on Truth or Scare.

146

00:11:51,960 --> 00:12:00,160

If a spacecraft did crash back in 1947, then someone or something must have been flying it.

147

00:12:00,160 --> 00:12:01,800

Right?

148

00:12:01,800 --> 00:12:03,680

And where are they now?

149

00:12:03,680 --> 00:12:09,560

Some say the alien visitors were taken to a secret government lab called Area 51.

150

00:12:09,560 --> 00:12:11,560

What does the government say?

151

00:12:11,560 --> 00:12:21,600

That Area 51 doesn't even exist.

152

00:12:21,600 --> 00:12:27,000

Let's take a trip to the Nevada desert and hit the brakes in the tiny town of Rachel,

153

00:12:27,000 --> 00:12:31,720

population less than a hundred.

154

00:12:31,720 --> 00:12:36,240

Just over these hills, some of Rachel's residents work here.

155

00:12:36,240 --> 00:12:42,560

So even though the government says Area 51 doesn't officially exist, that didn't stop

156

00:12:42,560 --> 00:12:47,680

them from putting up a few signs to let you know that it does.

157

00:12:47,680 --> 00:12:53,160

But they also put up this gate that sends a very clear message, keep out.

158

00:12:53,160 --> 00:12:54,520

What are they hiding?

159

00:12:54,520 --> 00:13:01,120

Some say this is where the military tests out its top secret experimental aircraft.

160

00:13:01,120 --> 00:13:07,200

But some, like Ken Storch, believe the top secret work here is all about aliens.

161

00:13:07,200 --> 00:13:14,560

Ken's a police officer in Colorado and a true believer in visitors from other worlds.

162

00:13:14,560 --> 00:13:22,920

We are here in Rachel, Nevada, and right over there is Area 51, probably one of the most

163

00:13:22,920 --> 00:13:25,960

secret sensitive installations on the planet.

164

00:13:25,960 --> 00:13:32,920

I think that debris from the Roswell crash was probably brought here, analyzed, trying

165

00:13:32,920 --> 00:13:40,240

to see what made it tick, and a lot of the debris is probably still on that base.

166

00:13:40,240 --> 00:13:44,760

Ken claims to have witnessed a UFO incident when he was in the Air Force.

167

00:13:44,760 --> 00:13:48,480

Then he says he was ordered to never discuss it.

168

00:13:48,480 --> 00:13:52,880

Ever since then, Ken has been on a mission to uncover the truth.

169

00:13:52,880 --> 00:13:59,160

Were those unidentified flying objects designed by the US military here on Earth?

170

00:13:59,160 --> 00:14:02,400

Or were they from outer space?

171

00:14:02,400 --> 00:14:04,360

That's why Ken is here.

172

00:14:04,360 --> 00:14:11,280

He's hoping he can solve the mystery once and for all.

173

00:14:11,280 --> 00:14:17,280

Easier said than done, because there's no way Ken, or anyone, is getting past that

174

00:14:17,280 --> 00:14:18,760

gate.

175

00:14:18,760 --> 00:14:23,120

Believers claim there's plenty to see on the outside too.

176

00:14:23,120 --> 00:14:29,240

Dave Essofin claims he knows that the military is testing super secret aircraft here, like

177

00:14:29,240 --> 00:14:36,240

the stealth fighter, and that some of those are probably mistaken for alien spacecraft.

178

00:14:36,240 --> 00:14:40,800

But believers like Dave say there's just a little too much going on in the skies over

179

00:14:40,800 --> 00:14:43,680

Rachel.

180

00:14:43,680 --> 00:14:50,200

This is when UFO hotspots come right here to Rachel, and you have a good chance of seeing

181

00:14:50,200 --> 00:14:51,200

something.

182

00:14:51,200 --> 00:14:55,040

I've seen them before, but not quite like this.

183

00:14:55,040 --> 00:14:57,920

This was this top to top, man.

184

00:14:57,920 --> 00:15:05,800

Like most people who live here, Connie West says she's seen more UFOs than she can count.

185

00:15:05,800 --> 00:15:12,240

There's a lot of things in our sky around here that are unexplainable, masses of lights

186

00:15:12,240 --> 00:15:14,400

that move.

187

00:15:14,400 --> 00:15:17,560

They cover the moon.

188

00:15:17,560 --> 00:15:24,400

When she's not watching the skies, Connie runs a local eatery, the little alien.

189

00:15:24,400 --> 00:15:26,920

Little alien, get it?

190

00:15:26,920 --> 00:15:32,280

If you're in the market for something alien, this is the place for you.

191

00:15:32,280 --> 00:15:37,360

And even if you don't have a real close encounter, you can always tell people that you saw a flying

192

00:15:37,360 --> 00:15:38,360

saucer.

193

00:15:38,800 --> 00:15:43,120

What we have here is a classic design of a flying saucer.

194

00:15:43,120 --> 00:15:50,400

And this is based upon from some of the photographs and actual videos taken of an unidentified

195

00:15:50,400 --> 00:15:51,400

flying object.

196

00:15:51,400 --> 00:15:58,000

And as you can see, it's a smooth metal, which helps it aerodynamically to fly in any direction

197

00:15:58,000 --> 00:16:01,320

that it chooses to go up, down, sideways.

198

00:16:01,320 --> 00:16:06,560

And if all we need is an engine, then maybe we can get this puppy to fly.

199

00:16:06,560 --> 00:16:11,400

But as fun as it is to hang out at the little alien, everyone knows that what goes on over

200

00:16:11,400 --> 00:16:16,080

the hills in Area 51 is serious business.

201

00:16:16,080 --> 00:16:22,680

And it doesn't get more serious than government secrets.

202

00:16:22,680 --> 00:16:27,760

Find out what happens when our UFO investigation tries to enter the most top secret base in

203

00:16:27,760 --> 00:16:29,760

the country.

204

00:16:29,760 --> 00:16:36,240

Next, on Truth or Scare.

205

00:16:36,240 --> 00:16:39,400

Ever been inside Area 51?

206

00:16:39,400 --> 00:16:41,560

Chances are the answer is no.

207

00:16:41,560 --> 00:16:47,560

The US government makes sure that no one gets in there without top secret security clearance.

208

00:16:47,560 --> 00:16:53,560

But some UFO hunters are determined to find out what's inside Area 51, even if they have

209

00:16:53,560 --> 00:16:59,120

to take the ultimate risk.

210

00:16:59,120 --> 00:17:01,520

Ken Storch will not be denied.

211

00:17:01,520 --> 00:17:07,080

After decades of researching the Roswell crash, he's fed up with the excuses from the military.

212

00:17:07,080 --> 00:17:13,200

Today, he's heading for the gates of Area 51, no matter what the cost.

213

00:17:13,200 --> 00:17:19,920

I have been investigating the UFO phenomena for over 30 years and talked to enough credible

214

00:17:19,920 --> 00:17:26,800

people that leads me to believe as an investigator there is a possibility they're here.

215

00:17:26,800 --> 00:17:31,400

But how's he ever going to get past security to prove his theory?

216

00:17:31,400 --> 00:17:33,960

Storch has been doing some detective work.

217

00:17:33,960 --> 00:17:39,320

See, there's this hidden entrance he found on a deserted dirt road.

218

00:17:39,320 --> 00:17:41,000

Just one problem.

219

00:17:41,000 --> 00:17:45,800

He's so close to the security zone, he could get arrested for trespassing.

220

00:17:45,800 --> 00:17:47,300

Or worse.

221

00:17:47,300 --> 00:17:49,360

That's not going to stop Ken though.

222

00:17:49,360 --> 00:17:52,120

He's driven by a burning curiosity.

223

00:17:52,120 --> 00:17:55,800

Ken's pushing his investigation right up to the edge.

224

00:17:55,800 --> 00:17:58,760

The government likes to protect its secrets.

225

00:17:58,760 --> 00:18:03,520

If you go up there, you will see the signs that says that they'll use whatever force

226

00:18:03,520 --> 00:18:07,880

necessary to keep you and I off the base.

227

00:18:07,880 --> 00:18:08,880

Uh oh.

228

00:18:08,880 --> 00:18:11,880

Where'd that truck come from?

229

00:18:11,880 --> 00:18:20,080

It's a safe bet that with Area 51, one of the more secure sites in the world, as you

230

00:18:20,080 --> 00:18:23,240

can see, they are going into the gate.

231

00:18:23,240 --> 00:18:27,160

And we're probably being watched and filmed ourselves as we speak.

232

00:18:27,160 --> 00:18:31,360

It's enough to make even a tough cop like Ken a little edgy.

233

00:18:31,360 --> 00:18:36,600

I have to admit I'm a little nervous standing here because when that vehicle went by, they

234

00:18:36,600 --> 00:18:40,120

were probably watching us as we were watching them.

235

00:18:40,120 --> 00:18:45,880

And it is anybody's guess what could happen if you were to push the envelope or the issue

236

00:18:45,880 --> 00:18:49,440

concerning the secrecy surrounding that base.

237

00:18:49,440 --> 00:18:52,520

Looks like Ken's thinking it might be time to go.

238

00:18:52,520 --> 00:18:53,520

Now.

239

00:18:53,800 --> 00:18:58,160

You know, I think we've probably overstayed our welcome here and I think it's a good idea

240

00:18:58,160 --> 00:19:01,880

if we just go ahead and pack up and move on.

241

00:19:01,880 --> 00:19:06,080

This has been real interesting but this has made me really nervous and I think it's time

242

00:19:06,080 --> 00:19:09,680

that we go ahead and vamoose and get out of here.

243

00:19:09,680 --> 00:19:15,200

While Ken got close to Area 51, he didn't come away with any more answers to the mystery

244

00:19:15,200 --> 00:19:19,760

that has been driving investigators like him for nearly half a century.

245

00:19:20,320 --> 00:19:26,480

But experts like astrophysicist Tom McDonough still say there's no mystery at all.

246

00:19:26,480 --> 00:19:33,000

The UFOs seen around Rachel Nevada aren't alien but out of this world types of top secret

247

00:19:33,000 --> 00:19:34,000

aircraft.

248

00:19:34,000 --> 00:19:41,600

What's really going on at Area 51 is real military experiments with real secret aircraft.

249

00:19:41,600 --> 00:19:46,600

The United States is developing remotely piloted vehicles that don't have human beings in them

250

00:19:46,600 --> 00:19:50,760

so it's not surprising that every now and then people who live near Area 51 see weird

251

00:19:50,760 --> 00:19:53,040

things in the sky.

252

00:19:53,040 --> 00:19:59,240

If Tom is right then people are seeing UFOs but they're made right here on Earth.

253

00:19:59,240 --> 00:20:01,920

No little green men needed.

254

00:20:01,920 --> 00:20:10,680

But for Ken and all the other believers there are still too many questions and too much secrecy.

255

00:20:10,680 --> 00:20:19,760

They won't be satisfied until they see what's inside Area 51 for themselves.

256

00:20:19,760 --> 00:20:21,600

So what do you think?

257

00:20:21,600 --> 00:20:28,760

For over 50 years people have been speculating that aliens might have landed in New Mexico.

258

00:20:28,760 --> 00:20:31,440

Here's what's not speculation.

259

00:20:31,440 --> 00:20:37,960

Something did crash in the desert in 1947 and Area 51 is a real place.

260

00:20:37,960 --> 00:20:42,960

Could it be the final resting place of alien astronauts or a secret base where the most

261

00:20:42,960 --> 00:20:46,280

advanced military aircraft are tested?

262

00:20:46,280 --> 00:20:54,880

If the government won't reveal the answers we might have to start looking for the truth.

263

00:20:54,880 --> 00:20:55,800

Somewhere else.
