Jason

1
00:02:49,119 --> 00:02:46,270
well greetings and salutations old

2
00:02:52,149 --> 00:02:49,129
friends and new and welcome to a brand

3
00:02:54,069 --> 00:02:52,159
new journey this is my new show it's

4
00:02:56,440 --> 00:02:54,079
called truth seekers where we go down

5
00:02:59,619 --> 00:02:56,450
some crazy rabbit holes and look into

6
00:03:01,679 --> 00:02:59,629
some of the craziest stories and try to

7
00:03:04,539 --> 00:03:01,689
find out if they're actually true

8
00:03:07,149 --> 00:03:04,549
tonight I thought we'd start with one of

9
00:03:10,569 --> 00:03:07,159
my new favorite rabbit holes to go down

10
00:03:14,289 --> 00:03:10,579
and that is the legend of the hairy man

11
00:03:17,860 --> 00:03:14,299
of Alaska now you may be familiar with

12
00:03:19,569 --> 00:03:17,870
Bigfoot Sasquatch and Yeti but even

13
00:03:22,149 --> 00:03:19,579

people weren't familiar with Bigfoot

14

00:03:25,660 --> 00:03:22,159

stories that I talked to many have not

15

00:03:27,690 --> 00:03:25,670

heard of the hairy man of Alaska now

16

00:03:31,000 --> 00:03:27,700

there's some very distinct differences

17

00:03:34,390 --> 00:03:31,010

between normal Sasquatch sightings and

18

00:03:37,330 --> 00:03:34,400

the hairy man in Alaska most importantly

19

00:03:40,289 --> 00:03:37,340

the hairy man of Alaska appears to be a

20

00:03:44,500 --> 00:03:40,299

very territorial aggressive

21

00:03:48,430 --> 00:03:44,510

some say murderous Beast this is an

22

00:03:51,220 --> 00:03:48,440

incredible story and I thought we could

23

00:03:53,470 --> 00:03:51,230

go through some of the reasons that I

24

00:03:56,439 --> 00:03:53,480

believe there's some meat on the bones

25

00:03:58,839 --> 00:03:56,449

this is a great story but not just

26

00:04:01,030 --> 00:03:58,849

because it's a great story to me it's a

27

00:04:04,569 --> 00:04:01,040

great story because it just may be true

28

00:04:07,780 --> 00:04:04,579

there is ample supportive evidence to

29

00:04:12,399 --> 00:04:07,790

support this story being factually

30

00:04:19,229 --> 00:04:12,409

correct believe it or not for those that

31

00:04:26,500 --> 00:04:22,750

sightings of this hairy man or Sasquatch

32

00:04:29,409 --> 00:04:26,510

creature took place beginning in the

33

00:04:31,450 --> 00:04:29,419

1900s when it was first settled you're

34

00:04:36,540 --> 00:04:31,460

talking about hundreds of square miles

35

00:04:41,399 --> 00:04:36,550

of barren wilderness that was rich in

36

00:04:46,839 --> 00:04:41,409

salmon timber minerals precious metals

37

00:04:49,779 --> 00:04:46,849

it's just an untapped hundreds of square

38

00:04:50,470 --> 00:04:49,789

miles of natural resources so people

39

00:04:53,650 --> 00:04:50,480

started set

40

00:04:55,300 --> 00:04:53,660

in the early 1900s and one curious thing

41

00:04:58,690 --> 00:04:55,310

about this case that I've always found

42

00:05:01,980 --> 00:04:58,700

very curious is that there were no

43

00:05:07,120 --> 00:05:01,990

native peoples anywhere near what became

44

00:05:09,270 --> 00:05:07,130

port Chatham Alaska later I began to

45

00:05:12,280 --> 00:05:09,280

believe that the natives left that

46

00:05:15,520 --> 00:05:12,290

wilderness alone for a reason

47

00:05:18,070 --> 00:05:15,530

a reason that the settlers would soon

48

00:05:21,160 --> 00:05:18,080

learn about tonight I also wanted to

49

00:05:25,210 --> 00:05:21,170

bring in a special guest tonight so I

50

00:05:27,460 --> 00:05:25,220

called my friend Jason quit who's from

51
00:05:29,470 --> 00:05:27,470
Canada where Bigfoot sightings are

52
00:05:31,720 --> 00:05:29,480
pretty prevalent and I know that he's

53
00:05:34,120 --> 00:05:31,730
kind of a buff and likes to hear Bigfoot

54
00:05:36,250 --> 00:05:34,130
stories so I called him about this and

55
00:05:37,600 --> 00:05:36,260
said have you ever heard of this stop

56
00:05:39,820 --> 00:05:37,610
what you're doing you've got to check

57
00:05:42,870 --> 00:05:39,830
this story out we're going to bring him

58
00:05:49,600 --> 00:05:46,630
our first guest tutor Jason quit how you

59
00:05:53,260 --> 00:05:49,610
doing Jason I'm doing pretty good up in

60
00:05:57,250 --> 00:05:53,270
Canada but I'm not sleeping well after

61
00:05:59,920 --> 00:05:57,260
hearing that told me this is a great

62
00:06:03,280 --> 00:05:59,930
story you know it begins I have a whole

63
00:06:06,010 --> 00:06:03,290

bunch of notes here in 1901 hairy

64

00:06:09,700 --> 00:06:06,020

upright walking creatures began to be

65

00:06:11,860 --> 00:06:09,710

reported by the local settlers and one

66

00:06:14,560 --> 00:06:11,870

person reported that it growled and ran

67

00:06:16,840 --> 00:06:14,570

at them this was a prospector he said

68

00:06:18,760 --> 00:06:16,850

they were most hideous creatures I could

69

00:06:21,100 --> 00:06:18,770

not call them anything but devils that's

70

00:06:22,870 --> 00:06:21,110

a quote from him and he claimed that if

71

00:06:24,760 --> 00:06:22,880

he did not see them and escape quickly

72

00:06:28,810 --> 00:06:24,770

they would have made short work of him

73

00:06:30,940 --> 00:06:28,820

so we've got all the way back to 1901 is

74

00:06:33,760 --> 00:06:30,950

one of the first reports of a very

75

00:06:37,450 --> 00:06:33,770

aggressive crazy creature in the woods

76

00:06:40,170 --> 00:06:37,460

of Alaska and this is a very different

77

00:06:42,840 --> 00:06:40,180

story because most of the Bigfoot

78

00:06:45,910 --> 00:06:42,850

stories that I've heard have been

79

00:06:48,210 --> 00:06:45,920

basically benign the most that I've

80

00:06:51,550 --> 00:06:48,220

heard is that they're throwing rocks or

81

00:06:53,740 --> 00:06:51,560

hitting trees with woods but this story

82

00:06:55,540 --> 00:06:53,750

is at a completely different level it

83

00:06:57,130 --> 00:06:55,550

doesn't even sound like a normal Bigfoot

84

00:06:59,380 --> 00:06:57,140

sighting that's what I found fascinating

85

00:07:02,130 --> 00:06:59,390

about it is that I've heard especially

86

00:07:04,530 --> 00:07:02,140

on my radio show you know it's

87

00:07:07,320 --> 00:07:04,540

paranormal topics and so people email me

88

00:07:09,180 --> 00:07:07,330

people call me and every Bigfoot story

89

00:07:12,780 --> 00:07:09,190

kind of goes the same way I was in the

90

00:07:15,300 --> 00:07:12,790

woods or near the woods I you know her

91

00:07:17,700 --> 00:07:15,310

crackling and walking or something and

92

00:07:20,190 --> 00:07:17,710

then I saw this upright hairy walking

93

00:07:22,470 --> 00:07:20,200

creature and then when he noticed that I

94

00:07:25,440 --> 00:07:22,480

saw him he ran away they're not

95

00:07:27,900 --> 00:07:25,450

confrontational like this every one of

96

00:07:31,380 --> 00:07:27,910

these reports is a confrontational

97

00:07:34,140 --> 00:07:31,390

report and someone get into murder and

98

00:07:37,290 --> 00:07:34,150

mutilation and terrorizing of the entire

99

00:07:38,850 --> 00:07:37,300

town and settlement now before we get

100

00:07:41,760 --> 00:07:38,860

started Steven I'd like to just

101
00:07:45,180 --> 00:07:41,770
personally ask you if you had any

102
00:07:47,760 --> 00:07:45,190
sightings or any thing in your entire

103
00:07:49,560 --> 00:07:47,770
life with Bigfoot in my entire life I

104
00:07:52,740 --> 00:07:49,570
was on the Appalachian Trail and

105
00:07:54,960 --> 00:07:52,750
suddenly me and a few people that I was

106
00:07:55,530 --> 00:07:54,970
with we got boulders and I don't mean

107
00:07:58,560 --> 00:07:55,540
rocks

108
00:08:00,270 --> 00:07:58,570
I mean boulders hurled at us now granite

109
00:08:03,990 --> 00:08:00,280
was down a hill but they were in the air

110
00:08:05,880 --> 00:08:04,000
and we kind of walked back in the woods

111
00:08:08,580 --> 00:08:05,890
to try and see what it was we never

112
00:08:11,700 --> 00:08:08,590
found out we packed our [h__h] and got out

113
00:08:13,650 --> 00:08:11,710

of there that was my only thing that may

114

00:08:15,480 --> 00:08:13,660

have been something like a Bigfoot I

115

00:08:17,490 --> 00:08:15,490

don't know but I don't know a man that

116

00:08:23,640 --> 00:08:17,500

could throw boulders that big up in the

117

00:08:28,380 --> 00:08:23,650

air that's that's crazy actually I had a

118

00:08:30,060 --> 00:08:28,390

few too right I've had and you know this

119

00:08:34,440 --> 00:08:30,070

made me really think back to when I was

120

00:08:37,560 --> 00:08:34,450

a child and I know that I was 15 years

121

00:08:41,820 --> 00:08:37,570

old when this happened to me because I

122

00:08:44,370 --> 00:08:41,830

was listening to corn medidas album so I

123

00:08:47,430 --> 00:08:44,380

had to go back at la oh my god that's

124

00:08:51,210 --> 00:08:47,440

the nineties Brandon 90s yeah I looked

125

00:08:53,910 --> 00:08:51,220

that up and it was 1995-96 when I would

126

00:08:57,930 --> 00:08:53,920

be listening to that so I'd be if that'd

127

00:09:00,390 --> 00:08:57,940

be 15 years old I was in the middle of

128

00:09:03,030 --> 00:09:00,400

nowhere in Ontario in the cottage

129

00:09:06,240 --> 00:09:03,040

country called Muskoka and I was there

130

00:09:08,220 --> 00:09:06,250

with my father and my brother and I'm

131

00:09:11,490 --> 00:09:08,230

sleeping in the middle of the night and

132

00:09:14,580 --> 00:09:11,500

I get woken up by this this most

133

00:09:16,470 --> 00:09:14,590

horrific scream coming from the woods

134

00:09:19,800 --> 00:09:16,480

oh that's scare that's

135

00:09:22,280 --> 00:09:19,810

it was really scary and it sound the

136

00:09:26,310 --> 00:09:22,290

only way I could describe it was like a

137

00:09:27,840 --> 00:09:26,320

shrilling like like a woman getting

138

00:09:30,780 --> 00:09:27,850

murdered or something like it was at

139

00:09:33,600 --> 00:09:30,790

that level of shrill that's not good not

140

00:09:36,570 --> 00:09:33,610

good freaked me up freaked me out I

141

00:09:39,600 --> 00:09:36,580

jumped out of bed and I kind of walked

142

00:09:43,650 --> 00:09:39,610

slowly to the window and then I heard it

143

00:09:44,490 --> 00:09:43,660

again and it just scared me so much I

144

00:09:47,130 --> 00:09:44,500

went back to sleep

145

00:09:48,900 --> 00:09:47,140

but my brother didn't hear it he was

146

00:09:50,730 --> 00:09:48,910

sleeping and my father didn't hear he

147

00:09:53,220 --> 00:09:50,740

was sleeping that's crazy

148

00:09:54,930 --> 00:09:53,230

and I always remember that because it

149

00:09:56,340 --> 00:09:54,940

sounded like it just kind of echoed

150

00:09:58,310 --> 00:09:56,350

because we were by the lake it sounded

151
00:10:00,570 --> 00:09:58,320
like an echoed through the entire area

152
00:10:03,240 --> 00:10:00,580
yeah a lot of people say they they

153
00:10:06,930 --> 00:10:03,250
communicate long distances by whooping

154
00:10:09,810 --> 00:10:06,940
and screaming yes was a very loud and I

155
00:10:12,300 --> 00:10:09,820
the thing is is I live in the country

156
00:10:19,440 --> 00:10:12,310
here just north of Toronto in the

157
00:10:21,360 --> 00:10:19,450
wilderness that's nowhere Canada his

158
00:10:27,420 --> 00:10:21,370
towns actually called nowhere Canada

159
00:10:29,340 --> 00:10:27,430
Thank You Stephen you know I actually in

160
00:10:31,290 --> 00:10:29,350
this area and it's very I'm sure it's

161
00:10:33,090 --> 00:10:31,300
very peaceful a nice place to live but

162
00:10:36,630 --> 00:10:33,100
the winters at my cabin which is not

163
00:10:38,880 --> 00:10:36,640

that much more South than you are

164

00:10:42,320 --> 00:10:38,890

terrible so I don't want to go to yeah

165

00:10:45,150 --> 00:10:42,330

yeah we have us what is it called

166

00:10:48,330 --> 00:10:45,160

was it like snow effect because what

167

00:10:49,590 --> 00:10:48,340

it's called mm-hmm basically we have to

168

00:10:51,870 --> 00:10:49,600

shovel almost every day in the winter

169

00:10:53,880 --> 00:10:51,880

that's you know yeah six months a winter

170

00:10:56,280 --> 00:10:53,890

like that I do at the cabin but that's

171

00:11:00,330 --> 00:10:56,290

this hairy man thing is so different

172

00:11:01,680 --> 00:11:00,340

from the normal Bigfoot yes reports and

173

00:11:04,500 --> 00:11:01,690

the other thing that's so different is

174

00:11:06,540 --> 00:11:04,510

there is such a history here of actual

175

00:11:10,140 --> 00:11:06,550

documentation I've got some notes here

176

00:11:12,030 --> 00:11:10,150

in 1905 the cannery supervisors logbook

177

00:11:14,250 --> 00:11:12,040

for those of them no port town became a

178

00:11:17,190 --> 00:11:14,260

salmon cannery because they were salmon

179

00:11:20,040 --> 00:11:17,200

jumping all over the place and salmon

180

00:11:21,480 --> 00:11:20,050

was in demand so somebody you know they

181

00:11:24,450 --> 00:11:21,490

settled the place they've built a

182

00:11:26,460 --> 00:11:24,460

cannery they had built docks fishermen

183

00:11:28,350 --> 00:11:26,470

would go out and get the salmon selling

184

00:11:29,940 --> 00:11:28,360

to the cannery the cannery we can and

185

00:11:33,000 --> 00:11:29,950

sugar

186

00:11:36,360 --> 00:11:33,010

but in 1905 the cannery supervisors law

187

00:11:39,780 --> 00:11:36,370

books said something menacing is in the

188

00:11:42,090 --> 00:11:39,790

forest causing problems and the entire

189

00:11:44,760 --> 00:11:42,100

cannery shut down for the rest of the

190

00:11:49,770 --> 00:11:44,770

season after reports of missing people

191

00:11:51,780 --> 00:11:49,780

and a hairy upright creature terrorizing

192

00:11:54,240 --> 00:11:51,790

the local townspeople they shut the

193

00:11:54,960 --> 00:11:54,250

entire cannery down now remember this

194

00:11:56,820 --> 00:11:54,970

was chicken

195

00:11:58,860 --> 00:11:56,830

Kansas salmon and all over the world so

196

00:12:00,480 --> 00:11:58,870

I'm sure you know you don't just shut

197

00:12:02,250 --> 00:12:00,490

the cannery down when it's big and

198

00:12:03,210 --> 00:12:02,260

profitable they shut it down for the

199

00:12:05,850 --> 00:12:03,220

rest of the season

200

00:12:08,460 --> 00:12:05,860

the workers refused to stay the many

201
00:12:11,490 --> 00:12:08,470
returned the next season but for that

202
00:12:14,070 --> 00:12:11,500
season total washout they reported large

203
00:12:16,220 --> 00:12:14,080
walking creature reported in and around

204
00:12:18,660 --> 00:12:16,230
the settlement then there could be no

205
00:12:20,400 --> 00:12:18,670
misidentification according to experts

206
00:12:24,450 --> 00:12:20,410
because these people were very familiar

207
00:12:26,280 --> 00:12:24,460
with bears that's a common thing that

208
00:12:28,590 --> 00:12:26,290
people say oh they're just seeing bears

209
00:12:30,300 --> 00:12:28,600
scratching their backs on a tree

210
00:12:34,920 --> 00:12:30,310
standing up or something like that but

211
00:12:36,750 --> 00:12:34,930
what what these people actually said is

212
00:12:37,980 --> 00:12:36,760
that they felt like they were being

213
00:12:43,650 --> 00:12:37,990

stalked and hunted

214

00:12:45,780 --> 00:12:43,660

yes something in the woods and very

215

00:12:47,370 --> 00:12:45,790

interesting is that it I was doing a

216

00:12:48,810 --> 00:12:47,380

little research on this and I found

217

00:12:50,610 --> 00:12:48,820

something where it said that this wasn't

218

00:12:53,340 --> 00:12:50,620

actually the first time they had to shut

219

00:12:55,490 --> 00:12:53,350

this down yeah and there was also

220

00:13:00,240 --> 00:12:55,500

reports and I have a first-hand witness

221

00:13:01,890 --> 00:13:00,250

well I have a grandson of one of the

222

00:13:03,930 --> 00:13:01,900

former residents who said that the

223

00:13:05,790 --> 00:13:03,940

workers at the cannery actually got

224

00:13:08,220 --> 00:13:05,800

together and just refused to go to the

225

00:13:09,810 --> 00:13:08,230

cannery refused to work unless they

226

00:13:12,120 --> 00:13:09,820

hired armed security guards to protect

227

00:13:15,090 --> 00:13:12,130

them walking back and forth from their

228

00:13:16,890 --> 00:13:15,100

homes that's how crazy things got and

229

00:13:18,690 --> 00:13:16,900

this hysteria built up in this town

230

00:13:22,440 --> 00:13:18,700

about this crazy thing that people were

231

00:13:25,440 --> 00:13:22,450

seeing yes and in that same time period

232

00:13:29,700 --> 00:13:25,450

in the 1920s there is a man by the name

233

00:13:32,550 --> 00:13:29,710

of Albert Petka yes and he was in the

234

00:13:35,640 --> 00:13:32,560

woods right there by the cannery and he

235

00:13:38,850 --> 00:13:35,650

was my nose yeah yeah and he was walking

236

00:13:40,910 --> 00:13:38,860

with his dogs and this is a really crazy

237

00:13:43,160 --> 00:13:40,920

story because he's a witness

238

00:13:45,829 --> 00:13:43,170

and it's a deathbed confession which I

239

00:13:47,660 --> 00:13:45,839

always give why would somebody make up a

240

00:13:51,350 --> 00:13:47,670

crazy story while they're laying there

241

00:13:52,879 --> 00:13:51,360

dying yeah so this this this guy was you

242

00:13:56,449 --> 00:13:52,889

could go ahead and attacked by this

243

00:13:59,329 --> 00:13:56,459

creature and the dogs managed to scare

244

00:14:04,970 --> 00:13:59,339

this creature away but the creature hit

245

00:14:07,720 --> 00:14:04,980

him so hard in the chest and basically

246

00:14:11,540 --> 00:14:07,730

he got to the hospital with his wounds

247

00:14:13,340 --> 00:14:11,550

but he died of them that's how severe

248

00:14:16,730 --> 00:14:13,350

this hit to the chest was from this

249

00:14:19,069 --> 00:14:16,740

creature great and then you know and

250

00:14:21,560 --> 00:14:19,079

shortly before his death he told this

251
00:14:24,889 --> 00:14:21,570
story to the medical personnel and his

252
00:14:26,569 --> 00:14:24,899
family so I give a tremendous amount or

253
00:14:28,990 --> 00:14:26,579
weight to a piece of evidence like that

254
00:14:31,699 --> 00:14:29,000
because I just think why would the guy

255
00:14:34,189 --> 00:14:31,709
just make up something crazy like that

256
00:14:35,780 --> 00:14:34,199
well he's laying there dying he kind of

257
00:14:37,939 --> 00:14:35,790
wanted his family to know what happened

258
00:14:39,920 --> 00:14:37,949
so my gasps maybe he knew he was dying I

259
00:14:41,720 --> 00:14:39,930
don't know but it's the deathbed

260
00:14:45,530 --> 00:14:41,730
confession it's got a lot of weight

261
00:14:48,319 --> 00:14:45,540
evidentiary wise to me and remember it's

262
00:14:51,259 --> 00:14:48,329
like we're dealing with Alaska

263
00:14:57,019 --> 00:14:51,269

okay we're dealing with I believe it's a

264

00:14:58,759 --> 00:14:57,029

south eastern Alaska sure and this is no

265

00:15:00,620 --> 00:14:58,769

man's land there is nothing out there

266

00:15:06,889 --> 00:15:00,630

but wilderness no hundreds of square

267

00:15:10,569 --> 00:15:06,899

miles of nothing and these Creek that's

268

00:15:13,310 --> 00:15:10,579

that's right yeah and the natives know

269

00:15:15,500 --> 00:15:13,320

about this and they say that there's the

270

00:15:17,660 --> 00:15:15,510

evil spirits that live there so they

271

00:15:18,910 --> 00:15:17,670

will not go into that area they won't go

272

00:15:21,769 --> 00:15:18,920

in that for anywhere near that place

273

00:15:23,689 --> 00:15:21,779

that's why there was this untapped

274

00:15:25,189 --> 00:15:23,699

wilderness no you know I'm sure that the

275

00:15:27,380 --> 00:15:25,199

original settlers were like this is

276

00:15:28,759 --> 00:15:27,390

great all these resources are here and

277

00:15:31,130 --> 00:15:28,769

nobody's here so we won't have to

278

00:15:32,689 --> 00:15:31,140

bargain with the locals to get some land

279

00:15:34,639 --> 00:15:32,699

or anything we could just move right in

280

00:15:36,110 --> 00:15:34,649

and that's what they did and later I

281

00:15:38,389 --> 00:15:36,120

guess they might have find out they

282

00:15:42,850 --> 00:15:38,399

might have found out why there was no

283

00:15:45,110 --> 00:15:42,860

natives in this area whatsoever yes and

284

00:15:47,629 --> 00:15:45,120

actually the story that you said with

285

00:15:49,759 --> 00:15:47,639

the boulders being thrown at you that

286

00:15:52,970 --> 00:15:49,769

are just too heavy for a man to pick up

287

00:15:54,620 --> 00:15:52,980

and throw there's a there's kind of a

288

00:15:57,980 --> 00:15:54,630

similar case to that

289

00:16:03,800 --> 00:15:57,990

this region and it has to do there was

290

00:16:07,340 --> 00:16:03,810

this man called an Andrew camlock and he

291

00:16:10,370 --> 00:16:07,350

went out logging in the 1930s and he was

292

00:16:13,150 --> 00:16:10,380

found dead from some type of blow to the

293

00:16:16,310 --> 00:16:13,160

head with a piece of logging equipment

294

00:16:18,470 --> 00:16:16,320

all right so this logging equipment was

295

00:16:22,340 --> 00:16:18,480

used as a weapon to basically hit this

296

00:16:25,460 --> 00:16:22,350

guy over the head width and this logging

297

00:16:27,620 --> 00:16:25,470

equipment it would take three four men

298

00:16:30,620 --> 00:16:27,630

to pick this thing up and lift it and

299

00:16:31,430 --> 00:16:30,630

smack them in the head with it yeah

300

00:16:33,080 --> 00:16:31,440

absolutely

301

00:16:34,490 --> 00:16:33,090

I'm sorry I'm just taking some I'm

302

00:16:35,480 --> 00:16:34,500

taking some comments from the live chat

303

00:16:38,300 --> 00:16:35,490

and putting them on the screen

304

00:16:39,980 --> 00:16:38,310

okay I'm sorry if you guys have actual

305

00:16:41,300 --> 00:16:39,990

questions for me or Jason we're going to

306

00:16:42,860 --> 00:16:41,310

try to take a little deeper into this

307

00:16:45,230 --> 00:16:42,870

but as we do if you have actual

308

00:16:46,400 --> 00:16:45,240

questions put them in all caps and I'll

309

00:16:49,100 --> 00:16:46,410

try to get them up on the screen I

310

00:16:51,440 --> 00:16:49,110

appreciate all you guys being here

311

00:16:52,820 --> 00:16:51,450

nice nice all you're gonna watch the

312

00:16:54,950 --> 00:16:52,830

screen I wasn't watching the screen

313

00:16:57,350 --> 00:16:54,960

before so now I'm trying to pay

314

00:16:59,960 --> 00:16:57,360

attention to my notes here and then so

315

00:17:01,910 --> 00:16:59,970

we have we have the Albert pekus story

316

00:17:06,050 --> 00:17:01,920

that we just talked about and then

317

00:17:07,730 --> 00:17:06,060

you're right and later that was 1932 but

318

00:17:09,590 --> 00:17:07,740

in the 20s and 30s leading up to this

319

00:17:12,890 --> 00:17:09,600

1932 incident that you're talking about

320

00:17:15,710 --> 00:17:12,900

yeah there was missing hunters there was

321

00:17:18,470 --> 00:17:15,720

missing children there was mangled and

322

00:17:20,780 --> 00:17:18,480

murdered dismembered corpses with their

323

00:17:23,600 --> 00:17:20,790

heads arms and legs ripped off that

324

00:17:25,970 --> 00:17:23,610

washed up on the lagoon or were found in

325

00:17:28,340 --> 00:17:25,980

a nearby forests after someone went

326

00:17:30,620 --> 00:17:28,350

missing that is absolutely terrifying

327

00:17:32,870 --> 00:17:30,630

and we had multiple reports of this

328

00:17:36,980 --> 00:17:32,880

through the 20s and 30s multiple murders

329

00:17:38,960 --> 00:17:36,990

and the bodies if they found them either

330

00:17:41,600 --> 00:17:38,970

they found nothing when somebody went

331

00:17:44,870 --> 00:17:41,610

missing or within a few days or a week

332

00:17:47,780 --> 00:17:44,880

they found a completely mangled murdered

333

00:17:49,940 --> 00:17:47,790

corpse that was either dismembered or

334

00:17:52,370 --> 00:17:49,950

had their arms and legs ripped off and I

335

00:17:54,590 --> 00:17:52,380

just wanted to say I was curious about

336

00:17:56,810 --> 00:17:54,600

this because I thought well a grizzly

337

00:18:01,010 --> 00:17:56,820

bear could do that so I reached out to a

338

00:18:03,470 --> 00:18:01,020

lot of my biologists and they told me no

339

00:18:05,690 --> 00:18:03,480

bears will not do that bears if they

340

00:18:07,490 --> 00:18:05,700

attack a human at all they will eat the

341

00:18:09,830 --> 00:18:07,500

fleshy parts of the

342

00:18:12,020 --> 00:18:09,840

the easy parts the muscles on the back

343

00:18:14,690 --> 00:18:12,030

and stomach and things like that

344

00:18:17,930 --> 00:18:14,700

but they will not rip buns and legs or

345

00:18:19,520 --> 00:18:17,940

heads off of courts so that's part of

346

00:18:22,100 --> 00:18:19,530

the mystery could have been a bear did

347

00:18:25,340 --> 00:18:22,110

that or any other animal really in that

348

00:18:29,480 --> 00:18:25,350

area I don't think right that's right

349

00:18:31,640 --> 00:18:29,490

and when you go back to this this is

350

00:18:36,800 --> 00:18:31,650

this is terrifying this is not funny at

351

00:18:40,790 --> 00:18:36,810

all but it's not one or two cases okay

352

00:18:41,990 --> 00:18:40,800

it's about 30 plus people reported I

353

00:18:44,090 --> 00:18:42,000

know but that's the part I was just

354

00:18:48,620 --> 00:18:44,100

going to say that I found the specific

355

00:18:50,420 --> 00:18:48,630

instances of at least 25 you know and I

356

00:18:52,880 --> 00:18:50,430

was just shocked with each new one that

357

00:18:55,130 --> 00:18:52,890

I found because you've got sort of on

358

00:18:56,930 --> 00:18:55,140

the record firsthand witnesses saying

359

00:18:58,670 --> 00:18:56,940

this is what happened this person went

360

00:19:00,650 --> 00:18:58,680

missing then we found their corpse and

361

00:19:02,840 --> 00:19:00,660

their corpse was missing the head where

362

00:19:05,030 --> 00:19:02,850

the corpse the head was missing you know

363

00:19:08,060 --> 00:19:05,040

pulled off of the body and the arms were

364

00:19:09,470 --> 00:19:08,070

ripped off it's terrifying and imagine

365

00:19:11,480 --> 00:19:09,480

that this keeps happening and the

366

00:19:14,080 --> 00:19:11,490

stories are growing in the town of this

367

00:19:19,520 --> 00:19:14,090

hairy man in the forest it's crazy

368

00:19:21,190 --> 00:19:19,530

yes and it's not just one I'm going to

369

00:19:26,210 --> 00:19:21,200

see if I can go back to these notes

370

00:19:27,950 --> 00:19:26,220

because there was a story there and

371

00:19:31,640 --> 00:19:27,960

maybe you have a little more notes than

372

00:19:34,370 --> 00:19:31,650

I do on this but an entire hunting crew

373

00:19:37,910 --> 00:19:34,380

went into the forest yeah I didn't read

374

00:19:40,160 --> 00:19:37,920

a record of that and basically this

375

00:19:44,570 --> 00:19:40,170

hunting crew they were there are hunting

376

00:19:46,010 --> 00:19:44,580

goats and bears and the entire someone

377

00:19:50,900 --> 00:19:46,020

with a number it was at least a dozen

378

00:19:53,330 --> 00:19:50,910

people they just disappeared all and

379

00:19:55,670 --> 00:19:53,340

they they all had weapons they were all

380

00:19:57,440 --> 00:19:55,680

trained they knew whatever times they

381

00:19:59,300 --> 00:19:57,450

were used to the terrain and the

382

00:20:01,760 --> 00:19:59,310

environment and the term you know the

383

00:20:03,920 --> 00:20:01,770

tough conditions of Alaska they probably

384

00:20:06,620 --> 00:20:03,930

were experts at starting fires and

385

00:20:08,810 --> 00:20:06,630

survival skills too which is scary to me

386

00:20:11,660 --> 00:20:08,820

that a dozen I will just vanish off the

387

00:20:14,020 --> 00:20:11,670

face of the earth and then they send it

388

00:20:17,150 --> 00:20:14,030

you know all this other stuff

389

00:20:18,710 --> 00:20:17,160

yes and they even sent rescue missions

390

00:20:20,989 --> 00:20:18,720

out into the forest to try to locate

391

00:20:24,889 --> 00:20:20,999

them and they were never found

392

00:20:27,529 --> 00:20:24,899

and then days later body parts started

393

00:20:30,799 --> 00:20:27,539

to show up in the lagoon coming down the

394

00:20:34,249 --> 00:20:30,809

mountain yeah that's crazy yeah I would

395

00:20:36,199 --> 00:20:34,259

just find orange legs heads torsos you

396

00:20:38,749 --> 00:20:36,209

know and I have a report that's very

397

00:20:40,249 --> 00:20:38,759

this one I haven't found elsewhere

398

00:20:42,709 --> 00:20:40,259

because I found it through a friend of a

399

00:20:45,559 --> 00:20:42,719

friend that lives in Alaska

400

00:20:48,439 --> 00:20:45,569

I spoke with Peter Schuster who is the

401
00:20:51,049 --> 00:20:48,449
grandson of Joshua Schuster a one-time

402
00:20:53,569 --> 00:20:51,059
cannery worker import child during this

403
00:20:56,449 --> 00:20:53,579
time and this is a quote from him he

404
00:20:58,549 --> 00:20:56,459
says my grandfather told me stories that

405
00:21:00,679 --> 00:20:58,559
the whole town lived in fear of the

406
00:21:02,689 --> 00:21:00,689
monster in the forest people went

407
00:21:04,249 --> 00:21:02,699
hunting never came back sometimes people

408
00:21:07,069 --> 00:21:04,259
went missing and their mangled bodies

409
00:21:09,499 --> 00:21:07,079
were found in the forest days later or

410
00:21:12,979 --> 00:21:09,509
they would wash up on the shore people

411
00:21:15,829 --> 00:21:12,989
started packing up and leaving my

412
00:21:17,929 --> 00:21:15,839
granddad never saw the monster but he

413
00:21:21,109 --> 00:21:17,939

said he knew many people who did claim

414

00:21:22,999 --> 00:21:21,119

to see it in the summer of 1947 he saw

415

00:21:25,819 --> 00:21:23,009

the murdered body a good friend and

416

00:21:28,789 --> 00:21:25,829

co-worker he found it in the forest

417

00:21:30,889 --> 00:21:28,799

ripped in half at the waist that was

418

00:21:33,889 --> 00:21:30,899

enough for him he packed up his wife and

419

00:21:36,619 --> 00:21:33,899

children and left for the mainland the

420

00:21:39,199 --> 00:21:36,629

very next day and two and two to his

421

00:21:43,489 --> 00:21:39,209

death he would never return to Alaska

422

00:21:46,009 --> 00:21:43,499

much less sport jam see whatever people

423

00:21:47,929 --> 00:21:46,019

say all right you know people could be

424

00:21:50,659 --> 00:21:47,939

skeptical and say whenever they want

425

00:21:53,329 --> 00:21:50,669

about paranormal events or what's out

426
00:21:58,569 --> 00:21:53,339
there but when you have an entire town

427
00:22:02,199 --> 00:21:58,579
of people that are being terrorized for

428
00:22:05,779 --> 00:22:02,209
50-plus years yeah absolutely right

429
00:22:09,109 --> 00:22:05,789
and they have the body showing up the

430
00:22:10,639 --> 00:22:09,119
people just vanished something happened

431
00:22:12,399 --> 00:22:10,649
and I don't know if this came up in your

432
00:22:17,389 --> 00:22:12,409
research but something happened around

433
00:22:19,429 --> 00:22:17,399
the late 40s and 50s there where it

434
00:22:22,489 --> 00:22:19,439
started to get actually more violent

435
00:22:24,949 --> 00:22:22,499
more people would just disappear

436
00:22:27,679 --> 00:22:24,959
and these disappearances were very

437
00:22:28,939 --> 00:22:27,689
strange it's just if they didn't even

438
00:22:30,799 --> 00:22:28,949

have to go into the woods

439

00:22:33,250 --> 00:22:30,809

it's like someone in town which is

440

00:22:41,950 --> 00:22:33,260

completely vanished out of nowhere

441

00:22:47,230 --> 00:22:41,960

and just show up ripped apart so these

442

00:22:49,570 --> 00:22:47,240

are very very real cases I have read she

443

00:22:52,870 --> 00:22:49,580

says I would run if I saw a monster

444

00:22:54,580 --> 00:22:52,880

yeah I hear in this I use didn't really

445

00:22:56,350 --> 00:22:54,590

be big on like you know I want to go

446

00:22:59,080 --> 00:22:56,360

explore Alaska and then I heard this and

447

00:23:02,050 --> 00:22:59,090

I have all this all these stories and I

448

00:23:05,380 --> 00:23:02,060

thought maybe not it's it's a scary

449

00:23:07,720 --> 00:23:05,390

thing and then you know we have by 1949

450

00:23:08,620 --> 00:23:07,730

by most accounts the entire town is

451
00:23:11,050 --> 00:23:08,630
abandoned

452
00:23:13,300 --> 00:23:11,060
there is chromite mines silver mines

453
00:23:15,910 --> 00:23:13,310
other precious metal mines multiple

454
00:23:19,090 --> 00:23:15,920
lines and equipment all abandoned

455
00:23:22,600 --> 00:23:19,100
schools homes churches all abandon

456
00:23:24,280 --> 00:23:22,610
canneries the boats the fishery the

457
00:23:26,380 --> 00:23:24,290
docks the wharfs and buildings

458
00:23:29,280 --> 00:23:26,390
supporting a fishery all abandoned

459
00:23:31,990 --> 00:23:29,290
stores businesses everything all

460
00:23:34,450 --> 00:23:32,000
abandoned so there had to be something

461
00:23:36,340 --> 00:23:34,460
crazy to make an entire town just at the

462
00:23:38,800 --> 00:23:36,350
end in it you don't abandon it all of

463
00:23:40,660 --> 00:23:38,810

that all those resources and all the

464

00:23:45,070 --> 00:23:40,670

infrastructure that you built up over

465

00:23:47,230 --> 00:23:45,080

decades the bottom line is is that they

466

00:23:50,440 --> 00:23:47,240

just couldn't take it anymore they were

467

00:23:55,960 --> 00:23:50,450

continually terrorized by whatever this

468

00:23:58,150 --> 00:23:55,970

thing is and gone in like you said

469

00:24:00,820 --> 00:23:58,160

there's resources there it's like

470

00:24:02,950 --> 00:24:00,830

there's money to be made there was you

471

00:24:04,780 --> 00:24:02,960

know there's literally a goldmine there

472

00:24:08,530 --> 00:24:04,790

there's a silver line there there's a

473

00:24:10,900 --> 00:24:08,540

chromite line there and the the salmon

474

00:24:12,640 --> 00:24:10,910

in that area it's like literally like

475

00:24:14,830 --> 00:24:12,650

fish in a barrel they would just take

476
00:24:18,370 --> 00:24:14,840
hundreds of pounds of salmon from the

477
00:24:20,890 --> 00:24:18,380
nets in constantly that's crazy to just

478
00:24:23,830 --> 00:24:20,900
abandon all that do you do you think

479
00:24:25,960 --> 00:24:23,840
that maybe it was the cannery that was

480
00:24:28,900 --> 00:24:25,970
the reason for these vicious attacks

481
00:24:30,760 --> 00:24:28,910
that that was their food source it could

482
00:24:32,470 --> 00:24:30,770
have been if the salmon were the food

483
00:24:35,020 --> 00:24:32,480
source and they start depleting the food

484
00:24:38,380 --> 00:24:35,030
source this thing might get angry very

485
00:24:41,260 --> 00:24:38,390
quickly and not only that but there it

486
00:24:43,150 --> 00:24:41,270
seems to me that if this thing has if if

487
00:24:45,040 --> 00:24:43,160
it's a neat eater and suddenly it's

488
00:24:46,960 --> 00:24:45,050

smelling all these fish being processed

489

00:24:49,000 --> 00:24:46,970

you know they have to let cook the

490

00:24:51,400 --> 00:24:49,010

for the candles so I'm sure that smells

491

00:24:53,590 --> 00:24:51,410

get in the air I don't know I don't know

492

00:24:54,910 --> 00:24:53,600

what would cause this but the other

493

00:24:57,490 --> 00:24:54,920

interesting thing that I found about

494

00:24:59,350 --> 00:24:57,500

this case is that you know Bigfoot's are

495

00:25:01,960 --> 00:24:59,360

described in a certain way a foot tall

496

00:25:05,140 --> 00:25:01,970

hairy ape-like and this is also

497

00:25:07,000 --> 00:25:05,150

described as a plaque but these some

498

00:25:12,360 --> 00:25:07,010

reports were that these things were 12

499

00:25:17,260 --> 00:25:12,370

to 15 foot tall and had claws and fangs

500

00:25:19,510 --> 00:25:17,270

which is not normal yes so we could be

501
00:25:23,950 --> 00:25:19,520
dealing with a completely different

502
00:25:25,900 --> 00:25:23,960
species of you know you call a Bigfoot

503
00:25:27,820 --> 00:25:25,910
but it could be something completely

504
00:25:29,620 --> 00:25:27,830
different that lives in the woods that

505
00:25:31,690 --> 00:25:29,630
we have no idea about they're very

506
00:25:33,490 --> 00:25:31,700
violent I'm gonna share a screen this is

507
00:25:38,830 --> 00:25:33,500
an artist depiction that I like they

508
00:25:40,210 --> 00:25:38,840
used it on my poster so oh yeah yeah

509
00:25:42,130 --> 00:25:40,220
that looks a little more intimidating

510
00:25:45,640 --> 00:25:42,140
than the average Sasquatch which

511
00:25:47,170 --> 00:25:45,650
generally looks you know those most

512
00:25:49,630 --> 00:25:47,180
depictions of Sasquatch they always look

513
00:25:50,890 --> 00:25:49,640

friendly it was like the friendly hairy

514

00:25:54,060 --> 00:25:50,900

guy in the forest right

515

00:25:58,600 --> 00:25:54,070

this thing does not look friendly to me

516

00:26:02,170 --> 00:25:58,610

yes and there's a an Eskimo that lives

517

00:26:05,890 --> 00:26:02,180

in there and they have this history with

518

00:26:07,630 --> 00:26:05,900

this beast in this area and you know

519

00:26:10,830 --> 00:26:07,640

what the way that he describes it he's

520

00:26:14,050 --> 00:26:10,840

an elder he says it's 9 to 10 foot tall

521

00:26:18,610 --> 00:26:14,060

yeah I'm sorry I put in this share

522

00:26:20,890 --> 00:26:18,620

screen it was crazy

523

00:26:23,860 --> 00:26:20,900

this is a size comparison here we have a

524

00:26:27,370 --> 00:26:23,870

mountain gorilla the human male we have

525

00:26:29,530 --> 00:26:27,380

a bear a Bigfoot and then this is what

526
00:26:32,560 --> 00:26:29,540
is described as the hairy man of Alaska

527
00:26:38,140 --> 00:26:32,570
which is yes he's a good person to these

528
00:26:39,580 --> 00:26:38,150
other things and this fits with people

529
00:26:43,090 --> 00:26:39,590
actually went there I believe it was in

530
00:26:45,430 --> 00:26:43,100
the 80s I'm after it was abandoned and

531
00:26:47,440 --> 00:26:45,440
they came up to the ghost town because

532
00:26:52,230 --> 00:26:47,450
literally there's a ghost town there now

533
00:26:58,330 --> 00:26:55,030
visited there and you can only access it

534
00:27:00,310 --> 00:26:58,340
mostly by boat through Anchorage

535
00:27:02,470 --> 00:27:00,320
yes a couple hundred miles though so you

536
00:27:06,250 --> 00:27:02,480
need to take a couple hundred mile ride

537
00:27:07,810 --> 00:27:06,260
from Anchorage to get there and no one

538
00:27:09,880 --> 00:27:07,820

will tell you about it it's like a

539

00:27:11,320 --> 00:27:09,890

hidden secret they don't want people to

540

00:27:14,440 --> 00:27:11,330

go there they don't want anybody to know

541

00:27:22,120 --> 00:27:18,160

yeah but in the 80s I believe explorers

542

00:27:23,230 --> 00:27:22,130

want to go check it out again and when

543

00:27:27,370 --> 00:27:23,240

they got there they actually found

544

00:27:28,890 --> 00:27:27,380

tracks in the soil and it was about I

545

00:27:32,050 --> 00:27:28,900

think they said there's about 18 inches

546

00:27:34,530 --> 00:27:32,060

yes I think some of that stuff 18 inch

547

00:27:36,550 --> 00:27:34,540

tracks that's a big that's a big animal

548

00:27:38,560 --> 00:27:36,560

the only thing that I always think

549

00:27:42,580 --> 00:27:38,570

though about track evidence is that I

550

00:27:44,410 --> 00:27:42,590

saw a double step of a bear and how that

551

00:27:47,080 --> 00:27:44,420

could be turned into like a really big

552

00:27:49,300 --> 00:27:47,090

and almost look Bigfoot like pretty so

553

00:27:51,040 --> 00:27:49,310

yellow skeptical Bella track evidence

554

00:27:52,300 --> 00:27:51,050

but then I see stuff like Jeff Meldrum

555

00:27:54,100 --> 00:27:52,310

and he's talking about there's a mid

556

00:27:56,710 --> 00:27:54,110

tarsal break and you can't fake that

557

00:27:59,020 --> 00:27:56,720

with a bear two-step or with a no fake

558

00:28:00,820 --> 00:27:59,030

hitter you know there was a guy that was

559

00:28:02,890 --> 00:28:00,830

running around with a fake Parrish

560

00:28:05,440 --> 00:28:02,900

you know Bigfoot feet made out of wood

561

00:28:08,140 --> 00:28:05,450

but you can't fake the prints that

562

00:28:12,360 --> 00:28:08,150

people find in some of these no and I've

563

00:28:15,550 --> 00:28:12,370

I've personally witnessed tracks up in

564

00:28:17,950 --> 00:28:15,560

Washington State personally witnessed

565

00:28:20,760 --> 00:28:17,960

tracks they were found by children and

566

00:28:24,310 --> 00:28:20,770

they brought us over to the tracks and

567

00:28:26,680 --> 00:28:24,320

they were big they were probably the

568

00:28:29,880 --> 00:28:26,690

same around 18 inches it looked like a

569

00:28:33,640 --> 00:28:29,890

human foot barefoot with the ridges and

570

00:28:36,880 --> 00:28:33,650

you could see the toes clearly in the

571

00:28:38,800 --> 00:28:36,890

ground and it was about an inch into the

572

00:28:42,700 --> 00:28:38,810

ground so this the pressure the animal

573

00:28:45,400 --> 00:28:42,710

pushed the ground in an inch now I'm

574

00:28:47,950 --> 00:28:45,410

about 200 pounds I'm jumping up and down

575

00:28:50,650 --> 00:28:47,960

on that ground I'm not even making a

576

00:28:54,370 --> 00:28:50,660

mark you know so this thing had to have

577

00:28:55,690 --> 00:28:54,380

been double or triple my weight but the

578

00:28:59,710 --> 00:28:55,700

most interesting thing was there was

579

00:29:03,280 --> 00:28:59,720

four tracks in the last track it wasn't

580

00:29:07,900 --> 00:29:03,290

a foot it was like three toes dug into

581

00:29:10,970 --> 00:29:07,910

the just three toes like it jumped okay

582

00:29:12,980 --> 00:29:10,980

yeah and anyway three toes make contact

583

00:29:15,950 --> 00:29:12,990

like that that's crazy yeah I have

584

00:29:18,620 --> 00:29:15,960

nothing I have another one of those size

585

00:29:20,480 --> 00:29:18,630

comparisons Henry and John aside by the

586

00:29:23,900 --> 00:29:20,490

way who's in the live chat was there

587

00:29:26,780 --> 00:29:23,910

with me so he can confirm that both John

588

00:29:31,280 --> 00:29:26,790

aside and me saw those tracks together

589

00:29:36,460 --> 00:29:31,290

Oh John here's another size comparison

590

00:29:39,289 --> 00:29:36,470

again we have human meal a gorilla

591

00:29:42,980 --> 00:29:39,299

Sasquatch and then there's the hairy man

592

00:29:46,010 --> 00:29:42,990

and I also think that some of this a 15

593

00:29:49,820 --> 00:29:46,020

foot tall you know creature kind of

594

00:29:52,430 --> 00:29:49,830

coincides with a lot of the native and

595

00:29:54,530 --> 00:29:52,440

native legends about Giants in the

596

00:29:57,350 --> 00:29:54,540

forest you have to be wondering the same

597

00:29:59,060 --> 00:29:57,360

legend actually yes and you know just

598

00:30:01,490 --> 00:29:59,070

look at the human being in this picture

599

00:30:03,799 --> 00:30:01,500

compared to him yeah

600

00:30:07,460 --> 00:30:03,809

this thing could pick you up like

601
00:30:08,150 --> 00:30:07,470
nothing scary and if it wanted to just

602
00:30:11,539 --> 00:30:08,160
rip you in half

603
00:30:15,440 --> 00:30:11,549
look at the difference between and it

604
00:30:18,440 --> 00:30:15,450
would be no problem just to go this is

605
00:30:21,049 --> 00:30:18,450
why I love this story because you know

606
00:30:22,820 --> 00:30:21,059
what you say you know some people know

607
00:30:25,640 --> 00:30:22,830
there's nothing to this Bigfoot thing

608
00:30:27,530 --> 00:30:25,650
but this one in particular this one case

609
00:30:30,169 --> 00:30:27,540
is more interesting to me than most

610
00:30:33,140 --> 00:30:30,179
Bigfoot cases or stories because of the

611
00:30:35,600 --> 00:30:33,150
evidence or support that you can find I

612
00:30:37,669 --> 00:30:35,610
got another one here former Portlock

613
00:30:39,710 --> 00:30:37,679

resident and Portlock was right next to

614

00:30:42,260 --> 00:30:39,720

port Chatham so for today's purpose will

615

00:30:45,830 --> 00:30:42,270

just say port Chatham oh oh this is

616

00:30:48,200 --> 00:30:45,840

happening there chrome a home that's

617

00:30:50,570 --> 00:30:48,210

like the whole area around this place

618

00:30:53,870 --> 00:30:50,580

yes he is happening in the whole area so

619

00:30:58,010 --> 00:30:53,880

the former resident of Portlock melodia

620

00:31:00,409 --> 00:30:58,020

Helen keel was interviewed in the Homer

621

00:31:02,090 --> 00:31:00,419

Tribune in 2009 I got a copy of that

622

00:31:05,240 --> 00:31:02,100

article so I'll quote from it in the

623

00:31:07,490 --> 00:31:05,250

article she said her Godfather Andrew

624

00:31:10,640 --> 00:31:07,500

Kane Olek was murdered and his body

625

00:31:12,530 --> 00:31:10,650

mutilated her family tried to stay but

626

00:31:14,990 --> 00:31:12,540

if year later they left when more

627

00:31:16,669 --> 00:31:15,000

townspeople went missing or were found

628

00:31:18,919 --> 00:31:16,679

murdered and mutilated

629

00:31:21,200 --> 00:31:18,929

she said the entire town was terrified

630

00:31:22,639 --> 00:31:21,210

and everyone started leaving and

631

00:31:25,279 --> 00:31:22,649

abandoning

632

00:31:28,249 --> 00:31:25,289

that's how terrified people go another

633

00:31:32,060 --> 00:31:28,259

crazy first hand you know this is an

634

00:31:34,190 --> 00:31:32,070

account from from somebody that was

635

00:31:37,269 --> 00:31:34,200

there actually so that's pretty good

636

00:31:42,169 --> 00:31:37,279

evidence that this is not just a story

637

00:31:45,919 --> 00:31:42,179

yes and you know many people should be

638

00:31:48,889 --> 00:31:45,929

looking at this story as the story for

639

00:31:51,529 --> 00:31:48,899

contact of what we would call a wild man

640

00:31:54,169 --> 00:31:51,539

in the forest this should be the number

641

00:31:57,049 --> 00:31:54,179

one story people talk about there's a

642

00:31:59,539 --> 00:31:57,059

lot of Bigfoot shows out there there's a

643

00:32:02,960 --> 00:31:59,549

lot of contact stories happening like

644

00:32:06,049 --> 00:32:02,970

like I just for sure me and John were

645

00:32:13,669 --> 00:32:06,059

there in Washington together if that's

646

00:32:18,460 --> 00:32:13,679

how funny this is there was plenty of

647

00:32:22,669 --> 00:32:18,470

evidence that was definitely not hoaxes

648

00:32:24,289 --> 00:32:22,679

you know I I had an experience and I've

649

00:32:29,479 --> 00:32:24,299

told this before but I was staying in a

650

00:32:31,580 --> 00:32:29,489

cabin up there and we sleep with the

651
00:32:32,869 --> 00:32:31,590
window open right because we get like

652
00:32:34,789 --> 00:32:32,879
the fresh air to come in at night

653
00:32:37,940 --> 00:32:34,799
because you're from Canada you're used

654
00:32:41,599 --> 00:32:37,950
to being cold right but this this window

655
00:32:43,070 --> 00:32:41,609
was a wooden style cabin window and it

656
00:32:45,139 --> 00:32:43,080
was almost like it was stuck you like I

657
00:32:48,560 --> 00:32:45,149
couldn't really lift it up but I got it

658
00:32:51,019 --> 00:32:48,570
up there from the night and in the

659
00:32:54,049 --> 00:32:51,029
middle of the night this window just

660
00:32:57,590 --> 00:32:54,059
kind of slammed right down and woke me

661
00:33:00,109 --> 00:32:57,600
up and I just thought it was Monica

662
00:33:03,320 --> 00:33:00,119
closing the window like so I just went

663
00:33:05,779 --> 00:33:03,330

right back to sleep the next morning

664

00:33:07,879 --> 00:33:05,789

there was a group of people around the

665

00:33:10,039 --> 00:33:07,889

campfire and one of them was telling a

666

00:33:14,029 --> 00:33:10,049

story that they said they saw a Bigfoot

667

00:33:15,919 --> 00:33:14,039

last night and they said they said oh

668

00:33:17,629 --> 00:33:15,929

where did you see him and he goes like

669

00:33:20,629 --> 00:33:17,639

right there by that window

670

00:33:24,889 --> 00:33:20,639

whoa that's scary and he pointed to the

671

00:33:29,150 --> 00:33:24,899

wind my window I had the window open and

672

00:33:38,510 --> 00:33:35,750

I I don't know maybe i stunk and it just

673

00:33:39,890 --> 00:33:38,520

couldn't take I would like to see what

674

00:33:46,240 --> 00:33:39,900

you did if that thing crawling your

675

00:33:55,880 --> 00:33:52,130

no female I'm almost as tall so yeah

676

00:33:58,610 --> 00:33:55,890

possibly and we're going to go we're

677

00:34:00,890 --> 00:33:58,620

going to take a short break to give it

678

00:34:03,500 --> 00:34:00,900

out do you want to take some calls now

679

00:34:05,840 --> 00:34:03,510

she said or we got questions in the

680

00:34:08,149 --> 00:34:05,850

audience we're going to play this short

681

00:34:13,570 --> 00:34:08,159

break piece and then take a short break

682

00:34:16,730 --> 00:34:13,580

and we'll be back and I have this this

683

00:34:18,590 --> 00:34:16,740

set up for live calls so we're going to

684

00:34:19,550 --> 00:34:18,600

turn this phone on there I don't want to

685

00:34:21,460 --> 00:34:19,560

bring it through the whole show

686

00:34:23,570 --> 00:34:21,470

interrupting us but we're gonna play

687

00:34:25,190 --> 00:34:23,580

bumper which is going to have the phone

688

00:34:26,720 --> 00:34:25,200

number so if you want to call online and

689

00:34:28,760 --> 00:34:26,730

talk to me or Jason quit or you have

690

00:34:31,609 --> 00:34:28,770

comments questions right so your own big

691

00:34:33,020 --> 00:34:31,619

story you can be able to do that in just

692

00:34:35,990 --> 00:34:33,030

a minute and we're going to be taking

693

00:34:38,980 --> 00:34:36,000

questions comments from the live chat so

694

00:34:42,740 --> 00:34:38,990

bear with me here for a second

695

00:34:46,690 --> 00:34:42,750

Thank You Ramsay I will not I promise

696

00:34:49,220 --> 00:34:46,700

what it means you say no Jason let's not

697

00:34:52,010 --> 00:34:49,230

let's not make with Sasquatch lady or

698

00:34:54,200 --> 00:34:52,020

any sort of monster we'll see that

699

00:34:56,480 --> 00:34:54,210

you've got an app now if you've ever get

700

00:34:58,609 --> 00:34:56,490

into like you know a situation where it

701
00:35:00,290 --> 00:34:58,619
might have sex with a Bigfoot you could

702
00:35:04,130 --> 00:35:00,300
say my friend said that would be a bad

703
00:35:06,230 --> 00:35:04,140
idea so we're going to open the phone

704
00:35:07,760 --> 00:35:06,240
lines and I gotta be honest friends I'm

705
00:35:10,670 --> 00:35:07,770
not sure how great this is going to work

706
00:35:13,130 --> 00:35:10,680
if it's if it's works terribly Dan will

707
00:35:14,780 --> 00:35:13,140
apologize to the caller and just take

708
00:35:17,660 --> 00:35:14,790
questions from the live chat but I want

709
00:35:19,609 --> 00:35:17,670
to give it a shot so we're gonna play

710
00:35:20,450 --> 00:35:19,619
this bumper here Jason you just stand by

711
00:35:23,090 --> 00:35:20,460
all right

712
00:35:28,250 --> 00:35:23,100
rheems he knows that when it has big

713
00:35:30,200 --> 00:35:28,260

feet you know yeah alright here we go

714

00:35:32,810 --> 00:35:30,210

we're gonna open up the caller lines

715

00:37:35,339 --> 00:35:32,820

friends and you two can call in to us

716

00:37:40,779 --> 00:37:38,380

now we are back there on truth seekers

717

00:37:42,430 --> 00:37:40,789

with my very special guest Jason quit I

718

00:37:44,289 --> 00:37:42,440

want to take a moment before I forget

719

00:37:46,719 --> 00:37:44,299

that thank Jason for doing this first

720

00:37:48,460 --> 00:37:46,729

show with me because you know something

721

00:37:49,900 --> 00:37:48,470

new a lot of people will go well the

722

00:37:52,089 --> 00:37:49,910

numbers won't be worth there and they

723

00:37:54,160 --> 00:37:52,099

won't be great so but Jason loved this

724

00:37:57,549 --> 00:37:54,170

story as much as I did so thank you

725

00:37:59,200 --> 00:37:57,559

Jason for doing this no problem and so

726

00:38:00,789 --> 00:37:59,210

far we've got no calls but I put the

727

00:38:01,690 --> 00:38:00,799

number out if anybody wants to call in

728

00:38:03,819 --> 00:38:01,700

and give it a try

729

00:38:05,440 --> 00:38:03,829

otherwise do you mind if we go to the

730

00:38:08,140 --> 00:38:05,450

live chat take some questions

731

00:38:09,819 --> 00:38:08,150

sounds good to me all right if you guys

732

00:38:11,349 --> 00:38:09,829

have questions what I need you to do is

733

00:38:12,819 --> 00:38:11,359

put them in all caps we'll put them up

734

00:38:14,380 --> 00:38:12,829

on the screen whether they're for Jason

735

00:38:18,180 --> 00:38:14,390

or me just put those questions in all

736

00:38:26,410 --> 00:38:23,710

then let's see oh this one's a great

737

00:38:30,969 --> 00:38:26,420

comment j7 sentence he really hopes the

738

00:38:32,620 --> 00:38:30,979

Sasquatch calls in yes

739

00:38:37,749 --> 00:38:32,630

I don't think pine cones have long

740

00:38:39,579 --> 00:38:37,759

distance and you know if we have a few

741

00:38:41,799 --> 00:38:39,589

spare minutes I just wanted to mention

742

00:38:43,989 --> 00:38:41,809

this other conspiracy theory that I have

743

00:38:46,359 --> 00:38:43,999

between Jason and I and that is the

744

00:38:49,089 --> 00:38:46,369

Canadian maple syrup is fake and it's

745

00:38:50,859 --> 00:38:49,099

[h__\h] there's no such thing here's

746

00:38:53,049 --> 00:38:50,869

what they do they get that cheap stuff

747

00:38:55,420 --> 00:38:53,059

from China that's made of high fructose

748

00:38:57,219 --> 00:38:55,430

corn syrup and fake flavorings and they

749

00:38:59,140 --> 00:38:57,229

jam it into bottles that say like

750

00:39:01,839 --> 00:38:59,150

Canadian maple syrup and then they

751

00:39:04,029 --> 00:39:01,849

charge us you know 20 dollars for a

752

00:39:06,370 --> 00:39:04,039

bottle that they got for four cents from

753

00:39:07,660 --> 00:39:06,380

from China that's what I think Jason I

754

00:39:10,630 --> 00:39:07,670

don't think there's any such thing as

755

00:39:12,640 --> 00:39:10,640

Canadian maple syrup well I don't know

756

00:39:15,190 --> 00:39:12,650

Steven have you heard about the tests I

757

00:39:17,289 --> 00:39:15,200

didn't send it to you there's been tests

758

00:39:19,660 --> 00:39:17,299

where they found no maple in a lot of

759

00:39:21,759 --> 00:39:19,670

Canadian so-called vehicles yeah that's

760

00:39:24,279 --> 00:39:21,769

what I base this conspiracy theory off

761

00:39:26,049 --> 00:39:24,289

of there's no such thing as real candy

762

00:39:27,789 --> 00:39:26,059

maple syrup they get it from China and

763

00:39:29,979 --> 00:39:27,799

then they rip us Americans off because

764

00:39:33,910 --> 00:39:29,989

we think who can Haiti make a serpent

765

00:39:36,160 --> 00:39:33,920

must be good that's why it's \$20 no it's

766

00:39:37,570 --> 00:39:36,170

\$20 because some guy in Canada knew some

767

00:39:43,350 --> 00:39:37,580

idiot would pay that much

768

00:39:46,060 --> 00:39:43,360

slap Canadian maples here ha well

769

00:39:51,670 --> 00:39:46,070

growing up we do have a lot of maple

770

00:39:58,740 --> 00:39:51,680

trees and around fall winter you can

771

00:40:05,410 --> 00:40:03,400

sucking the trees dry maple yes it's all

772

00:40:16,120 --> 00:40:05,420

tapped it's all tapped in the tree and

773

00:40:18,640 --> 00:40:16,130

then and the best thing is is it comes

774

00:40:21,550 --> 00:40:18,650

right out of that big big kettle

775

00:40:24,460 --> 00:40:21,560

whatever that condenser is and then they

776

00:40:25,780 --> 00:40:24,470

just put it over fresh snow and it

777

00:40:28,270 --> 00:40:25,790

becomes very hard and they take a

778

00:40:30,250 --> 00:40:28,280

popsicle stick and they put it in the

779

00:40:37,420 --> 00:40:30,260

snow and then you have a pure maple

780

00:40:39,430 --> 00:40:37,430

syrup hopsicle yeah wait great see Eric

781

00:40:41,440 --> 00:40:39,440

Nevada have you ever seen a sasquatch we

782

00:40:43,630 --> 00:40:41,450

both told stories that see evidence of a

783

00:40:46,810 --> 00:40:43,640

sasquatch these never really saw one we

784

00:40:49,180 --> 00:40:46,820

have what may be some sort of encounter

785

00:40:51,610 --> 00:40:49,190

related to Bigfoot or Sasquatch

786

00:40:53,410 --> 00:40:51,620

and then we have here Phil Blair said

787

00:40:55,390 --> 00:40:53,420

we're the people of this town respectful

788

00:40:58,300 --> 00:40:55,400

of the native traditions and advice I

789

00:41:00,130 --> 00:40:58,310

don't know if they talk to the natives

790

00:41:02,050 --> 00:41:00,140

before they moved in there or they might

791

00:41:04,450 --> 00:41:02,060

have been warned off there was a reason

792

00:41:06,340 --> 00:41:04,460

that the native peoples left that area

793

00:41:08,080 --> 00:41:06,350

alone they didn't go in there not only

794

00:41:10,060 --> 00:41:08,090

did they not live in that a couple

795

00:41:13,840 --> 00:41:10,070

hundred square mile area they won't even

796

00:41:15,700 --> 00:41:13,850

go in there to hunt or you know get wood

797

00:41:17,680 --> 00:41:15,710

or and you know they would just leave

798

00:41:20,950 --> 00:41:17,690

that entire area alone so I guess they

799

00:41:25,330 --> 00:41:20,960

did not heed the warnings and also

800

00:41:28,720 --> 00:41:25,340

remember in Canada the native Canadians

801
00:41:30,670 --> 00:41:28,730
they all have stories of sasquatch of

802
00:41:32,590 --> 00:41:30,680
young people that's a great question

803
00:41:34,630 --> 00:41:32,600
Johnny's said and says some people say

804
00:41:36,790 --> 00:41:34,640
Bigfoot or interdimensional disgust

805
00:41:38,590 --> 00:41:36,800
there's been a lot of material on this

806
00:41:40,210 --> 00:41:38,600
because they seem to vanish when they

807
00:41:42,400 --> 00:41:40,220
want to and you can't find them and that

808
00:41:45,220 --> 00:41:42,410
might be why because this might not be a

809
00:41:47,530 --> 00:41:45,230
physical creature it might be some sort

810
00:41:49,720 --> 00:41:47,540
of interdimensional or I've heard a

811
00:41:50,820 --> 00:41:49,730
theory that maybe time rips and we're

812
00:41:53,640 --> 00:41:50,830
seeing ancient

813
00:41:57,600 --> 00:41:53,650

man that sort between ape and human

814

00:41:59,600 --> 00:41:57,610

walking around there's a lot of evidence

815

00:42:02,670 --> 00:41:59,610

I would say that they could be

816

00:42:04,620 --> 00:42:02,680

interdimensional and not only from the

817

00:42:06,630 --> 00:42:04,630

evidence that I've seen where we've

818

00:42:08,670 --> 00:42:06,640

followed the tracks and there was only

819

00:42:10,950 --> 00:42:08,680

four tracks and the last track was

820

00:42:13,290 --> 00:42:10,960

jumping and then no other tracks in the

821

00:42:16,050 --> 00:42:13,300

field so where did it jump into another

822

00:42:19,050 --> 00:42:16,060

world to dimension the tracks just

823

00:42:24,440 --> 00:42:19,060

vanish yeah and crazy

824

00:42:26,580 --> 00:42:24,450

Monica sought okay Oh in Washington and

825

00:42:29,640 --> 00:42:26,590

we were out in the middle of the field

826

00:42:32,820 --> 00:42:29,650

at night with another lady and she had

827

00:42:40,850 --> 00:42:32,830

this little tiny dog Charlie I think it

828

00:42:45,930 --> 00:42:43,410

they went nuts so we're in the field and

829

00:42:48,120 --> 00:42:45,940

she's holding the dog and the dog starts

830

00:42:52,680 --> 00:42:48,130

going crazy barking in the direction of

831

00:42:54,810 --> 00:42:52,690

a four of a forest and and it was trying

832

00:42:59,490 --> 00:42:54,820

to get out of her hands and like run

833

00:43:01,590 --> 00:42:59,500

into the forest and both Monica and the

834

00:43:04,440 --> 00:43:01,600

lady looked at the forest and they said

835

00:43:07,850 --> 00:43:04,450

they saw this very tall sasquatch

836

00:43:10,530 --> 00:43:07,860

running very fast across the forest and

837

00:43:12,060 --> 00:43:10,540

by the time I tried to see where they

838

00:43:15,690 --> 00:43:12,070

were pointing it was gone

839

00:43:19,620 --> 00:43:15,700

oh [h__h] you slacker

840

00:43:22,020 --> 00:43:19,630

Jason quit I I would have bolted towards

841

00:43:24,180 --> 00:43:22,030

it just to see the glimpse of it so that

842

00:43:26,130 --> 00:43:24,190

I wouldn't know because you know it's

843

00:43:28,140 --> 00:43:26,140

it's fun to read about this stuff but

844

00:43:30,330 --> 00:43:28,150

until you see it for yourself and

845

00:43:32,310 --> 00:43:30,340

experience it you're still like it's a

846

00:43:34,740 --> 00:43:32,320

great story but I don't know you know

847

00:43:36,630 --> 00:43:34,750

yeah I I definitely made a vision

848

00:43:38,910 --> 00:43:36,640

mistake at that night we have a question

849

00:43:40,710 --> 00:43:38,920

from a bunion and he has as much written

850

00:43:43,560 --> 00:43:40,720

material on Bigfoot's by Native

851
00:43:45,840 --> 00:43:43,570
Americans I'm aware of many stories and

852
00:43:50,220 --> 00:43:45,850
oral traditions but I don't know I'm

853
00:43:53,400 --> 00:43:50,230
sure there is at least two books on by

854
00:43:56,010 --> 00:43:53,410
native people about the legendary hairy

855
00:43:58,020 --> 00:43:56,020
man of the forest the bush man the

856
00:43:59,720 --> 00:43:58,030
Sasquatch or wart there's a hundred

857
00:44:02,970 --> 00:43:59,730
different names for it

858
00:44:04,840 --> 00:44:02,980
yeah and I've heard stories directly

859
00:44:07,060 --> 00:44:04,850
from native Canadians

860
00:44:09,580 --> 00:44:07,070
firsthand experiences and oral

861
00:44:12,000 --> 00:44:09,590
traditions and I believe there is a lot

862
00:44:15,070 --> 00:44:12,010
of books written by these individuals

863
00:44:17,050 --> 00:44:15,080

that you could access online we have

864

00:44:18,790 --> 00:44:17,060

another question for you Jason Reeves he

865

00:44:20,470 --> 00:44:18,800

is the Jason stay in that room where the

866

00:44:23,590 --> 00:44:20,480

hairy thing was looking in the window at

867

00:44:28,870 --> 00:44:23,600

him and thoughtfully closing it a second

868

00:44:34,870 --> 00:44:28,880

night I would be terrified I was staying

869

00:44:37,410 --> 00:44:34,880

in that room and there's a lot in that

870

00:44:41,170 --> 00:44:37,420

area the Bigfoot stories are playful

871

00:44:44,230 --> 00:44:41,180

yeah they leave it they leave it apples

872

00:44:46,510 --> 00:44:44,240

they leave it gifts and in the morning

873

00:44:49,600 --> 00:44:46,520

those gifts are gone so it's almost like

874

00:44:51,820 --> 00:44:49,610

you hear playful nice stories a Bigfoot

875

00:44:54,280 --> 00:44:51,830

so I wasn't really scared in fact I

876

00:44:57,370 --> 00:44:54,290

wanted it to happen again I wanted to

877

00:44:59,770 --> 00:44:57,380

have an encounter I didn't personally

878

00:45:03,820 --> 00:44:59,780

but I saw evidence and I was with people

879

00:45:06,010 --> 00:45:03,830

that that visually saw it and I was too

880

00:45:07,450 --> 00:45:06,020

slow to see it and this goes back to the

881

00:45:11,860 --> 00:45:07,460

interdimensional thing like this thing

882

00:45:14,020 --> 00:45:11,870

moved so quickly across the discursive

883

00:45:15,940 --> 00:45:14,030

yeah yeah I've heard a couple of

884

00:45:18,340 --> 00:45:15,950

different stories where people said that

885

00:45:21,100 --> 00:45:18,350

it just seemed to be materialized into

886

00:45:22,630 --> 00:45:21,110

the forms look at yes it was floating

887

00:45:24,910 --> 00:45:22,640

backwards into the forest and that was

888

00:45:27,430 --> 00:45:24,920

gone that's a crazy story and it's a

889

00:45:30,130 --> 00:45:27,440

ship yeah and there's a there's one more

890

00:45:33,220 --> 00:45:30,140

account that I've heard before where

891

00:45:37,030 --> 00:45:33,230

that the person was feeling stocked in

892

00:45:39,190 --> 00:45:37,040

the forest and he said that this bush

893

00:45:41,440 --> 00:45:39,200

started to shake and it was like this

894

00:45:44,550 --> 00:45:41,450

Bigfoot just materialized out of the

895

00:45:47,710 --> 00:45:44,560

bush that's crazy

896

00:45:50,770 --> 00:45:47,720

so that leads to this kind of spiritual

897

00:45:52,690 --> 00:45:50,780

supernatural interdimensional crisis

898

00:45:57,220 --> 00:45:52,700

more in line with the native peoples

899

00:45:58,750 --> 00:45:57,230

take on what it is if I every time when

900

00:46:01,240 --> 00:45:58,760

I'm anywhere where there's like native

901
00:46:03,880 --> 00:46:01,250
peoples and I can respectfully ask about

902
00:46:06,640 --> 00:46:03,890
sasquatches to native people I do and

903
00:46:08,650 --> 00:46:06,650
they almost all maybe five or six

904
00:46:11,380 --> 00:46:08,660
different times I've got to speak to it

905
00:46:13,810 --> 00:46:11,390
native Chiefs or shamans in different

906
00:46:15,760 --> 00:46:13,820
areas of the country and they all tell

907
00:46:18,190 --> 00:46:15,770
me the same kind of thing which is that

908
00:46:21,490 --> 00:46:18,200
he's the guardian of the forest

909
00:46:23,620 --> 00:46:21,500
creature and man cannot truly understand

910
00:46:26,500 --> 00:46:23,630
him because he's one with the spirit and

911
00:46:28,120 --> 00:46:26,510
with her at the same time just kind of

912
00:46:32,079 --> 00:46:28,130
their take on it is that it's not just

913
00:46:34,150 --> 00:46:32,089

some unknown species of eight out in the

914

00:46:37,089 --> 00:46:34,160

woods that will someday discover by

915

00:46:39,310 --> 00:46:37,099

science but then it's been with us for

916

00:46:41,800 --> 00:46:39,320

centuries forever since we've been

917

00:46:46,030 --> 00:46:41,810

humans it's been with us and what does

918

00:46:49,420 --> 00:46:46,040

this this is a this is just a graphic

919

00:46:51,190 --> 00:46:49,430

which depicts all the different but I

920

00:46:53,020 --> 00:46:51,200

noticed that the hairy man of Alaska is

921

00:46:55,000 --> 00:46:53,030

not on here because that may be some

922

00:46:59,890 --> 00:46:55,010

sort of separate subspecies but we have

923

00:47:02,670 --> 00:46:59,900

the theory ah from Scotland hip of God

924

00:47:06,250 --> 00:47:02,680

from Japan these are all wood Apes

925

00:47:08,890 --> 00:47:06,260

unknown species that people that local

926

00:47:12,040 --> 00:47:08,900

people always tell stories of described

927

00:47:14,620 --> 00:47:12,050

have reports where americ-aa see in

928

00:47:15,910 --> 00:47:14,630

South America the red pendant which is

929

00:47:18,400 --> 00:47:15,920

an interesting one because it's kind of

930

00:47:20,890 --> 00:47:18,410

like an upright to tall walking

931

00:47:23,050 --> 00:47:20,900

orangutan and we have the Sasquatch of

932

00:47:25,630 --> 00:47:23,060

course North America skunk ape is the

933

00:47:27,040 --> 00:47:25,640

southern United States boy I'm not even

934

00:47:30,550 --> 00:47:27,050

going to try to pronounce that was that

935

00:47:33,040 --> 00:47:30,560

one water pollution or going South

936

00:47:35,650 --> 00:47:33,050

Africa the airing of China is very

937

00:47:39,099 --> 00:47:35,660

interesting they have a lot of Legends

938

00:47:41,559 --> 00:47:39,109

reports stories books about the year and

939

00:47:42,910 --> 00:47:41,569

and just as many Bigfoot hunters around

940

00:47:45,010 --> 00:47:42,920

the United States looking for a big

941

00:47:47,290 --> 00:47:45,020

Fleur Sasquatch in China believe it or

942

00:47:49,510 --> 00:47:47,300

not they have there are known people out

943

00:47:51,460 --> 00:47:49,520

there looking for the airing and of

944

00:47:54,309 --> 00:47:51,470

course the Yeti which started a lot of

945

00:47:58,180 --> 00:47:54,319

this stuff in modern age the abominable

946

00:48:00,370 --> 00:47:58,190

snowman and the Yowie of Australia and

947

00:48:02,559 --> 00:48:00,380

now I guess we can add to that the hairy

948

00:48:07,530 --> 00:48:02,569

man of Alaska which is another sort of

949

00:48:09,760 --> 00:48:07,540

separate but similar creature yes and

950

00:48:12,790 --> 00:48:09,770

you know I was thinking about this the

951
00:48:16,120 --> 00:48:12,800
other day because a lot of these Native

952
00:48:19,120 --> 00:48:16,130
traditions talk about this creature as a

953
00:48:23,050 --> 00:48:19,130
type of shapeshifter where it actually

954
00:48:25,210 --> 00:48:23,060
change forms into any animal very

955
00:48:26,950 --> 00:48:25,220
strange animals as well so they could

956
00:48:27,819 --> 00:48:26,960
take any form they could even turn into

957
00:48:31,520 --> 00:48:27,829
humans

958
00:48:33,830 --> 00:48:31,530
and what the natives talk about is

959
00:48:39,470 --> 00:48:33,840
that this creature could possibly be the

960
00:48:44,050 --> 00:48:39,480
actual spirit of the forest so good so

961
00:48:52,700 --> 00:48:44,060
good trees and plants manifest into a

962
00:48:55,970 --> 00:48:52,710
creature to protect itself first on this

963
00:48:57,980 --> 00:48:55,980

show and we have to in Hogan asks does

964

00:49:00,320 --> 00:48:57,990

this here in Alaska where the hairy man

965

00:49:02,800 --> 00:49:00,330

has been seen a large number of UFO

966

00:49:07,280 --> 00:49:02,810

sightings you know I did not find

967

00:49:09,350 --> 00:49:07,290

reports of UFO sightings that seemed to

968

00:49:11,560 --> 00:49:09,360

go along with this at least I didn't

969

00:49:16,430 --> 00:49:11,570

find them they may be up there there's a

970

00:49:20,630 --> 00:49:16,440

Stan out in Pittsburgh he's a squirrel

971

00:49:22,610 --> 00:49:20,640

ate the Kecksburg UFO crash expert is

972

00:49:25,040 --> 00:49:22,620

also he's a big proponent there's a

973

00:49:27,290 --> 00:49:25,050

documentary he made Stan Gordon is his

974

00:49:29,210 --> 00:49:27,300

name he was a previous guest on our show

975

00:49:33,170 --> 00:49:29,220

here he's got a whole theory that

976
00:49:35,480 --> 00:49:33,180
Bigfoot and UFOs go together and he can

977
00:49:37,250 --> 00:49:35,490
show you on maps where he's taken UFO

978
00:49:40,040 --> 00:49:37,260
report and then a Bigfoot report in the

979
00:49:43,700 --> 00:49:40,050
same area but I don't see that with this

980
00:49:47,180 --> 00:49:43,710
specific case of the hairy man well it's

981
00:49:53,480 --> 00:49:47,190
not too far away from Nome Alaska if I'm

982
00:49:56,960 --> 00:49:53,490
not mistaken and Nome Alaska is a huge

983
00:49:59,830 --> 00:49:56,970
topic of UFO activity and high high

984
00:50:03,100 --> 00:49:59,840
strangeness if you look into Nome Alaska

985
00:50:05,990 --> 00:50:03,110
there is a ton of disappearances there

986
00:50:08,390 --> 00:50:06,000
that are just completely unexplained so

987
00:50:14,690 --> 00:50:08,400
Nome is a huge hotbed of the paranormal

988
00:50:16,430 --> 00:50:14,700

as well that is crazy and she's saying

989

00:50:18,110 --> 00:50:16,440

I've heard stories obsessed where people

990

00:50:19,160 --> 00:50:18,120

had experiences with benevolence a

991

00:50:21,290 --> 00:50:19,170

Squatch while others and that

992

00:50:23,390 --> 00:50:21,300

experiences with malevolent sasquatches

993

00:50:28,070 --> 00:50:23,400

what do you know this phenomenon you

994

00:50:31,670 --> 00:50:28,080

take that one Jason um I've heard both

995

00:50:36,650 --> 00:50:31,680

obviously and I heard a story from a

996

00:50:40,790 --> 00:50:36,660

native medicine man where sasquatches

997

00:50:45,260 --> 00:50:40,800

are actually part of their ceremonies so

998

00:50:46,700 --> 00:50:45,270

when certain rites or certain medicines

999

00:50:49,730 --> 00:50:46,710

are taking place let's say in sweat

1000

00:50:53,270 --> 00:50:49,740

lodges the the Sasquatch are actually

1001
00:50:57,290 --> 00:50:53,280
there to monitor the area and protect

1002
00:50:59,450 --> 00:50:57,300
what's going on one story I heard was

1003
00:51:02,600 --> 00:50:59,460
that a person that was supposed to keep

1004
00:51:03,320 --> 00:51:02,610
watch outside of the medicine tent fell

1005
00:51:07,070 --> 00:51:03,330
asleep

1006
00:51:10,400 --> 00:51:07,080
and that's a huge disrespectful thing to

1007
00:51:12,380 --> 00:51:10,410
do during a medicine treatment and they

1008
00:51:14,390 --> 00:51:12,390
said that the creature came out of the

1009
00:51:17,830 --> 00:51:14,400
forest and basically hit him so hard

1010
00:51:20,270 --> 00:51:17,840
that he flew back ten feet I was crazy

1011
00:51:23,870 --> 00:51:20,280
to wake him up because he was not

1012
00:51:27,200 --> 00:51:23,880
performing the rites properly so there

1013
00:51:29,000 --> 00:51:27,210

bevel n't to be part of the ceremony but

1014

00:51:36,890 --> 00:51:29,010

when the person slacked it came out and

1015

00:51:39,710 --> 00:51:36,900

slapped the guy Wow so I guess there is

1016

00:51:42,710 --> 00:51:39,720

reports so I've heard reports more

1017

00:51:44,410 --> 00:51:42,720

benevolent ones than I've heard but

1018

00:51:46,550 --> 00:51:44,420

there are there's reports of like

1019

00:51:48,380 --> 00:51:46,560

bigfoot-type creatures like grabbing

1020

00:51:50,450 --> 00:51:48,390

somebody and taking them and then the

1021

00:51:52,280 --> 00:51:50,460

guy local lived with the sasquatches and

1022

00:51:52,970 --> 00:51:52,290

some came for two days before they let

1023

00:51:55,640 --> 00:51:52,980

him go

1024

00:51:57,680 --> 00:51:55,650

that's crazy and I heard a similar story

1025

00:51:59,960 --> 00:51:57,690

about a woman that was lost in the

1026
00:52:01,430 --> 00:51:59,970
forest here's a benevolent one and his

1027
00:52:03,770 --> 00:52:01,440
sasquatch came out of nowhere

1028
00:52:06,650 --> 00:52:03,780
picked her up and carried her to the

1029
00:52:09,860 --> 00:52:06,660
main road Wow

1030
00:52:13,000 --> 00:52:09,870
there's also a report from a hairy man

1031
00:52:17,420 --> 00:52:13,010
in Alaska that was a positive one where

1032
00:52:20,540 --> 00:52:17,430
they kidnapped a woman because one of

1033
00:52:23,120 --> 00:52:20,550
the baby sasquatches was sick and this

1034
00:52:25,310 --> 00:52:23,130
woman was a healer so she said she was

1035
00:52:28,880 --> 00:52:25,320
in the cave with this entire family of

1036
00:52:31,760 --> 00:52:28,890
these hairy men and she was with this

1037
00:52:34,280 --> 00:52:31,770
baby sasquatch like helping it get back

1038
00:52:40,010 --> 00:52:34,290

to health and then after that she was

1039

00:52:41,960 --> 00:52:40,020

returned well as the Scottish Sasquatch

1040

00:52:43,690 --> 00:52:41,970

eight men in the forest looks like his

1041

00:52:46,370 --> 00:52:43,700

ex-wife

1042

00:52:50,170 --> 00:52:46,380

that's terrible and wonderful at the

1043

00:52:52,100 --> 00:52:50,180

same time John seven if there are

1044

00:52:53,940 --> 00:52:52,110

interdimensional why do you think they

1045

00:52:55,860 --> 00:52:53,950

take that shape

1046

00:52:58,200 --> 00:52:55,870

maybe they don't have a choice I don't

1047

00:53:03,660 --> 00:52:58,210

know maybe that's that's the form that

1048

00:53:05,280 --> 00:53:03,670

they're giving to appear it again maybe

1049

00:53:10,860 --> 00:53:05,290

it has to do with the environment it's

1050

00:53:13,530 --> 00:53:10,870

being created in to adapt to a forest

1051
00:53:16,260 --> 00:53:13,540
like environment so it would be have the

1052
00:53:19,260 --> 00:53:16,270
best traits of let's say human and the

1053
00:53:20,910 --> 00:53:19,270
best traits of animals yeah this brings

1054
00:53:22,380 --> 00:53:20,920
us to another question of genocide could

1055
00:53:24,360 --> 00:53:22,390
there be different types of sasquatches

1056
00:53:26,340 --> 00:53:24,370
one type friendly and one to it not so

1057
00:53:27,900 --> 00:53:26,350
much from everything that I've seen and

1058
00:53:31,680 --> 00:53:27,910
I haven't followed Bigfoot stuff for a

1059
00:53:33,480 --> 00:53:31,690
long time most of the Bigfoot reports

1060
00:53:35,730 --> 00:53:33,490
are pretty you know and they're

1061
00:53:37,230 --> 00:53:35,740
benevolent or they're elusive and

1062
00:53:38,640 --> 00:53:37,240
they're just kind of darn off when

1063
00:53:40,650 --> 00:53:38,650

people see them and they're don't

1064

00:53:42,720 --> 00:53:40,660

they're not aggressive they're not

1065

00:53:44,670 --> 00:53:42,730

territorial they're not violent but this

1066

00:53:47,460 --> 00:53:44,680

hairy man one of the reasons it's such a

1067

00:53:51,120 --> 00:53:47,470

crazy story to me is because this is a

1068

00:53:51,720 --> 00:53:51,130

murderous by all reports it's a 15 foot

1069

00:53:56,070 --> 00:53:51,730

tall

1070

00:53:59,330 --> 00:53:56,080

murderous ape-like creature covered in

1071

00:54:03,390 --> 00:53:59,340

hair that walks upright with fangs and

1072

00:54:05,340 --> 00:54:03,400

claws and murders and rips people's

1073

00:54:08,250 --> 00:54:05,350

heads off and arms and legs I don't call

1074

00:54:10,820 --> 00:54:08,260

that definitely malevolent maybe this

1075

00:54:13,650 --> 00:54:10,830

hairy man is a totally different thing

1076

00:54:16,260 --> 00:54:13,660

from sasquatch and not related but

1077

00:54:19,800 --> 00:54:16,270

there's a lot of similarities except for

1078

00:54:23,010 --> 00:54:19,810

the behavior of them yes and and Remzi

1079

00:54:24,720 --> 00:54:23,020

said he would fund both of us to go out

1080

00:54:28,860 --> 00:54:24,730

there and document this ourselves

1081

00:54:31,620 --> 00:54:28,870

and I'll say no I'll reap see buy me a

1082

00:54:35,100 --> 00:54:31,630

plane ticket to Anchorage and charter me

1083

00:54:37,560 --> 00:54:35,110

up both to 4-channel I will go I will go

1084

00:54:39,710 --> 00:54:37,570

I got camping here I got I don't have a

1085

00:54:43,140 --> 00:54:39,720

thermal camera or like all this fancy

1086

00:54:44,730 --> 00:54:43,150

squatching gear but uh I'll uh I would

1087

00:54:47,340 --> 00:54:44,740

definitely do that if somebody wanted to

1088

00:54:50,850 --> 00:54:47,350

throw that have a good great not me I

1089

00:54:52,770 --> 00:54:50,860

mean but I said but I don't argue I kind

1090

00:54:55,050 --> 00:54:52,780

of think that poor chata might be safer

1091

00:55:00,510 --> 00:54:55,060

than my current environment with alone

1092

00:55:02,010 --> 00:55:00,520

as a key it's been crazy as this I just

1093

00:55:03,360 --> 00:55:02,020

wanted to comment real quickly because I

1094

00:55:06,690 --> 00:55:03,370

know people come here for an escape but

1095

00:55:07,970 --> 00:55:06,700

this has been a terrible terrible like

1096

00:55:10,700 --> 00:55:07,980

couple of months for every

1097

00:55:12,530 --> 00:55:10,710

I hope that we can get back to sort of

1098

00:55:16,099 --> 00:55:12,540

this fun escape of looking into these

1099

00:55:18,050 --> 00:55:16,109

crazy stories last Sunday was my

1100

00:55:20,660 --> 00:55:18,060

birthday and I got to watch the

1101
00:55:24,020 --> 00:55:20,670
neighborhood I grew up in getting looted

1102
00:55:24,950 --> 00:55:24,030
and every store it burned and it was

1103
00:55:27,920 --> 00:55:24,960
really sad

1104
00:55:30,950 --> 00:55:27,930
so maybe porch Adams not that bad you

1105
00:55:32,150 --> 00:55:30,960
just got to do it one 15-foot monster or

1106
00:55:34,430 --> 00:55:32,160
there might be a group of them that

1107
00:55:39,590 --> 00:55:34,440
scary it might be worse than looters

1108
00:55:41,330 --> 00:55:39,600
yeah yeah so Dan how are the evidence

1109
00:55:46,670 --> 00:55:41,340
pretty you guys are too polite to riot

1110
00:55:49,370 --> 00:55:46,680
right but I think you know it's there

1111
00:55:51,710 --> 00:55:49,380
and it said Canadian rioting and looting

1112
00:55:55,730 --> 00:55:51,720
it had a guy walk over to a trash can

1113
00:55:59,690 --> 00:55:55,740

tip it over no no no no you got it all

1114

00:56:01,790 --> 00:55:59,700

wrong in Canada were reverse protesting

1115

00:56:07,640 --> 00:56:01,800

we're giving all our belongings back to

1116

00:56:11,300 --> 00:56:07,650

the stores yeah thank you guys yes you

1117

00:56:13,599 --> 00:56:11,310

were so close in geographical location

1118

00:56:17,060 --> 00:56:13,609

but you guys are so different from us

1119

00:56:21,770 --> 00:56:17,070

did you see the pause of Justin Trudeau

1120

00:56:27,710 --> 00:56:21,780

oh yeah he was like how do I say this

1121

00:56:29,930 --> 00:56:27,720

nicely and it's an agonizing amount of

1122

00:56:33,980 --> 00:56:29,940

time while I try to think of something

1123

00:56:35,960 --> 00:56:33,990

to say that's that's political he had to

1124

00:56:38,060 --> 00:56:35,970

really think politically at that moment

1125

00:56:39,440 --> 00:56:38,070

yeah I don't like that guy for the sole

1126

00:56:41,090 --> 00:56:39,450

reason that my wife thinks he's a real

1127

00:56:43,330 --> 00:56:41,100

good-looking guy so every time he's on

1128

00:56:46,430 --> 00:56:43,340

the TV I'm like flip see you later

1129

00:56:47,590 --> 00:56:46,440

Canadian idiot my wife likes that's

1130

00:56:52,490 --> 00:56:47,600

crazy

1131

00:56:54,590 --> 00:56:52,500

we'll see if we have somebody said there

1132

00:56:56,480 --> 00:56:54,600

was this rape she says I suppose I'm

1133

00:56:58,130 --> 00:56:56,490

prejudiced against sasquatches I used to

1134

00:57:00,820 --> 00:56:58,140

hear about them abducting ladies and

1135

00:57:05,990 --> 00:57:00,830

making them pregnant that's crazy

1136

00:57:08,870 --> 00:57:06,000

Wow well actually the natives had two

1137

00:57:11,740 --> 00:57:08,880

stories basically they would kidnap

1138

00:57:16,609 --> 00:57:11,750

children so children were the most

1139

00:57:18,970 --> 00:57:16,619

susceptible to these attacks and then

1140

00:57:21,710 --> 00:57:18,980

there's another story that sasquatches

1141

00:57:24,230 --> 00:57:21,720

themselves are lost chill

1142

00:57:25,910 --> 00:57:24,240

that went missing in the forest yeah it

1143

00:57:28,700 --> 00:57:25,920

could be a while people and there's also

1144

00:57:31,670 --> 00:57:28,710

another native story that there is a

1145

00:57:35,089 --> 00:57:31,680

there is one tribe in particular that

1146

00:57:39,740 --> 00:57:35,099

will send a person to go live like an

1147

00:57:41,450 --> 00:57:39,750

animal in the forest for years it's like

1148

00:57:43,910 --> 00:57:41,460

part of their shaman training and they

1149

00:57:45,349 --> 00:57:43,920

will just go become a wild human a man

1150

00:57:46,880 --> 00:57:45,359

of the forest for years and years and

1151
00:57:49,160 --> 00:57:46,890
years and some people think that some of

1152
00:57:51,320 --> 00:57:49,170
these sightings could be related to that

1153
00:57:53,150 --> 00:57:51,330
tradition which may continue in modern

1154
00:57:56,060 --> 00:57:53,160
times for all we go yes

1155
00:57:57,349 --> 00:57:56,070
and there's actually been news reports I

1156
00:58:00,530 --> 00:57:57,359
remember reading an article from

1157
00:58:03,830 --> 00:58:00,540
California where someone actually shot

1158
00:58:05,810 --> 00:58:03,840
one of these wild men in the forest and

1159
00:58:07,670 --> 00:58:05,820
it turned out it was just some person

1160
00:58:13,760 --> 00:58:07,680
who lived in the forest for a very long

1161
00:58:16,220 --> 00:58:13,770
time by themselves yeah my childhood

1162
00:58:17,660 --> 00:58:16,230
Inglewood is peaceful so that's what we

1163
00:58:19,250 --> 00:58:17,670

all hope you know I think what was

1164

00:58:21,109 --> 00:58:19,260

upsetting for me is that there was a lot

1165

00:58:22,849 --> 00:58:21,119

of memories there and now all those

1166

00:58:25,190 --> 00:58:22,859

stores are going to get bulldozed and

1167

00:58:26,839 --> 00:58:25,200

demolished so you know it's kind of nice

1168

00:58:28,430 --> 00:58:26,849

to go back to your old neighborhood even

1169

00:58:31,130 --> 00:58:28,440

if you don't live there having in years

1170

00:58:33,500 --> 00:58:31,140

and see like beyond whatever the old

1171

00:58:35,930 --> 00:58:33,510

shoe store a comic book store CDs store

1172

00:58:37,130 --> 00:58:35,940

used to go to it's all gone now so

1173

00:58:39,380 --> 00:58:37,140

that's a shame

1174

00:58:41,750 --> 00:58:39,390

you know I pray for peace every day and

1175

00:58:45,620 --> 00:58:41,760

that's all I can do and hope that cooler

1176
00:58:48,980 --> 00:58:45,630
heads prevail I'll take away their fancy

1177
00:58:52,180 --> 00:58:48,990
Canadian health care Douglas care I bet

1178
00:58:56,570 --> 00:58:52,190
they're in the streets too that's right

1179
00:59:00,470 --> 00:58:56,580
there are pro there are protests ya know

1180
00:59:03,920 --> 00:59:00,480
yeah they are protesting in Toronto he's

1181
00:59:06,380 --> 00:59:03,930
no right no rioting but it is very

1182
00:59:09,760 --> 00:59:06,390
suspicious because it seems like around

1183
00:59:13,010 --> 00:59:09,770
the exact same time there has been

1184
00:59:17,690 --> 00:59:13,020
suspicious deaths surrounding people of

1185
00:59:22,400 --> 00:59:17,700
color so in Toronto for example a woman

1186
00:59:25,190 --> 00:59:22,410
was thrown or fell from a twenty twenty

1187
00:59:28,339 --> 00:59:25,200
fourth floor balcony while the cops were

1188
00:59:30,200 --> 00:59:28,349

in her apartment and so they said

1189

00:59:31,490 --> 00:59:30,210

there's something very suspicious there

1190

00:59:34,420 --> 00:59:31,500

and it happened around the exact same

1191

00:59:36,130 --> 00:59:34,430

time as all of this so people

1192

00:59:39,910 --> 00:59:36,140

had some fuel to riot with it's not

1193

00:59:42,730 --> 00:59:39,920

right to protest with as well that's

1194

00:59:44,710 --> 00:59:42,740

really scary all this stuff is scary and

1195

00:59:46,809 --> 00:59:44,720

I try to not I don't have the brain

1196

00:59:49,329 --> 00:59:46,819

space for some of this conspiracy land

1197

00:59:51,849 --> 00:59:49,339

stuff because everything at once and

1198

00:59:54,430 --> 00:59:51,859

it's kind of funny I took a break for my

1199

00:59:56,740 --> 00:59:54,440

radio show and I said thank God I can

1200

00:59:59,589 --> 00:59:56,750

have some restful time I can turn off

1201

01:00:01,480 --> 00:59:59,599

the internet and not think about all

1202

01:00:03,790 --> 01:00:01,490

this conspiracy stuff and that Kovac

1203

01:00:05,470 --> 01:00:03,800

comes and these riots coming in and the

1204

01:00:07,930 --> 01:00:05,480

bricks being dropped off and the

1205

01:00:10,120 --> 01:00:07,940

Rothschilds and the Illuminati in the

1206

01:00:12,549 --> 01:00:10,130

New World Order and I'm feeling very

1207

01:00:14,500 --> 01:00:12,559

uneducated Liso I'm trying to turn most

1208

01:00:16,569 --> 01:00:14,510

of it off and concentrate on the stories

1209

01:00:20,799 --> 01:00:16,579

that I think may be true but there

1210

01:00:22,720 --> 01:00:20,809

wasn't we presented tonight yeah and and

1211

01:00:25,390 --> 01:00:22,730

again like what you said before you know

1212

01:00:27,760 --> 01:00:25,400

talking about these really crazy stories

1213

01:00:30,400 --> 01:00:27,770

is a really good escape for a lot of

1214

01:00:33,700 --> 01:00:30,410

people puts us in a very interesting

1215

01:00:35,740 --> 01:00:33,710

bubble space with all of us here it put

1216

01:00:37,420 --> 01:00:35,750

us in this show but I thought people

1217

01:00:40,569 --> 01:00:37,430

probably need this right now

1218

01:00:44,470 --> 01:00:40,579

and so I you know there's this escape

1219

01:00:46,180 --> 01:00:44,480

from from you know the reality is kind

1220

01:00:48,190 --> 01:00:46,190

of a horror show right now and I don't

1221

01:00:50,230 --> 01:00:48,200

want to watch that I'd rather I'd rather

1222

01:00:55,200 --> 01:00:50,240

sort of scape into something else well

1223

01:00:57,370 --> 01:00:55,210

hopefully this all blows over yes I

1224

01:01:00,520 --> 01:00:57,380

completely agree and that's why I'm here

1225

01:01:02,109 --> 01:01:00,530

too because I'm having fun obviously

1226

01:01:03,640 --> 01:01:02,119

everybody mentioned that they hear

1227

01:01:06,910 --> 01:01:03,650

squeaking you know what that's these

1228

01:01:09,789 --> 01:01:06,920

heavies it's lights climbing and that's

1229

01:01:13,780 --> 01:01:09,799

what squeaking I can turn those off see

1230

01:01:16,210 --> 01:01:13,790

yes it's not me oh it's definitely made

1231

01:01:19,170 --> 01:01:16,220

these lights that I have they like move

1232

01:01:22,480 --> 01:01:19,180

but they need to be oiled I guess yeah

1233

01:01:25,450 --> 01:01:22,490

so here I don't hope you're in your UFO

1234

01:01:28,510 --> 01:01:25,460

right now they might be more dark and

1235

01:01:30,970 --> 01:01:28,520

mysterious you know yes anybody does

1236

01:01:31,480 --> 01:01:30,980

want to call in call in line is still

1237

01:01:33,730 --> 01:01:31,490

open

1238

01:01:36,549 --> 01:01:33,740

I don't have the number off yes someone

1239

01:01:37,470 --> 01:01:36,559

has to call in because Steven worked so

1240

01:01:45,370 --> 01:01:37,480

hard

1241

01:01:47,109 --> 01:01:45,380

I mean it's number set up for hey can he

1242

01:01:48,190 --> 01:01:47,119

call in and I could check this and I was

1243

01:01:50,650 --> 01:01:48,200

amazed

1244

01:01:53,319 --> 01:01:50,660

that for rent to my cellphone and then I

1245

01:01:55,089 --> 01:01:53,329

sort of just put on speakerphone and and

1246

01:01:56,890 --> 01:01:55,099

you can hear who's ever calling into the

1247

01:01:58,960 --> 01:01:56,900

show but we can do that another time

1248

01:02:01,599 --> 01:01:58,970

for now to be honest with you everything

1249

01:02:02,230 --> 01:02:01,609

I think work tonight and I'm happy about

1250

01:02:04,569 --> 01:02:02,240

that

1251

01:02:05,829 --> 01:02:04,579

I definitely want to thank Jason and all

1252

01:02:07,210 --> 01:02:05,839

you guys for showing up

1253

01:02:10,720 --> 01:02:07,220

I don't even know how many people were

1254

01:02:15,990 --> 01:02:10,730

here if he wants to john wants to see my

1255

01:02:22,300 --> 01:02:19,060

sasquatches outside jason's window being

1256

01:02:24,480 --> 01:02:22,310

a joy and a little hairy man push maybe

1257

01:02:27,579 --> 01:02:24,490

okay

1258

01:02:27,730 --> 01:02:27,589

it's about attracted to that oh here we

1259

01:02:29,560 --> 01:02:27,740

go

1260

01:02:32,380 --> 01:02:29,570

genocide wants to see his awesome

1261

01:02:40,510 --> 01:02:32,390

crystal pipe okay so look how long this

1262

01:02:46,030 --> 01:02:40,520

is just keeps and it works

1263

01:02:49,660 --> 01:02:46,040

it's a hora light 23 and it's an

1264

01:02:55,300 --> 01:02:49,670

amethyst from ontario and it's cut into

1265

01:02:57,640 --> 01:02:55,310

a crystal skull and then you have a

1266

01:02:58,359 --> 01:02:57,650

wooden pipe and then you have a hole

1267

01:03:04,960 --> 01:02:58,369

here

1268

01:03:07,180 --> 01:03:04,970

it's a holland i should say we do not

1269

01:03:09,790 --> 01:03:07,190

condone or endorse whatever it is

1270

01:03:13,839 --> 01:03:09,800

smoking in that pot unless it is just a

1271

01:03:17,109 --> 01:03:13,849

tobacco chrono but no no no no no it's

1272

01:03:20,380 --> 01:03:17,119

it's actually this is a sacred right

1273

01:03:22,300 --> 01:03:20,390

yeah yes

1274

01:03:25,890 --> 01:03:22,310

there's shamanic medicine in here called

1275

01:03:28,569 --> 01:03:25,900

connect Nick which means gathering

1276

01:03:31,030 --> 01:03:28,579

it's a hundred percent legal there's no

1277

01:03:32,290 --> 01:03:31,040

psychoactive properties well no I was

1278

01:03:33,430 --> 01:03:32,300

gonna say you should send me some of

1279

01:03:35,319 --> 01:03:33,440

that but now that I know that it's

1280

01:03:37,270 --> 01:03:35,329

there's no psychoactive properties so

1281

01:03:40,839 --> 01:03:37,280

I'm not really sure why you smoke at

1282

01:03:47,950 --> 01:03:40,849

then it's uh it's for cleansing and

1283

01:03:52,000 --> 01:03:47,960

purifying the soul oh great mr. Canada

1284

01:03:54,720 --> 01:03:52,010

is supposed to be polite but the other

1285

01:03:59,079 --> 01:03:54,730

pipe that's another story

1286

01:04:00,700 --> 01:03:59,089

don't you say Jason I do Jonathan says

1287

01:04:02,420 --> 01:04:00,710

Jason I do have a birthday coming up

1288

01:04:05,310 --> 01:04:02,430

just sayin

1289

01:04:08,670 --> 01:04:05,320

nice yeah start a new business

1290

01:04:11,700 --> 01:04:08,680

oh yeah this is the only pipe there is

1291

01:04:19,560 --> 01:04:11,710

actually is the only pipe made out of

1292

01:04:21,180 --> 01:04:19,570

that so very lucky so if anybody has any

1293

01:04:23,400 --> 01:04:21,190

other questions otherwise we're going to

1294

01:04:24,510 --> 01:04:23,410

wrap it up here and have been just a

1295

01:04:26,220 --> 01:04:24,520

little wine I don't want to keep Jason

1296

01:04:27,840 --> 01:04:26,230

too long because he's actually kind of

1297

01:04:35,730 --> 01:04:27,850

you know like things to do tomorrow

1298

01:04:41,100 --> 01:04:35,740

unlike me you know I do but you know it

1299

01:04:43,650 --> 01:04:41,110

was a great story 100% 100% factual yeah

1300

01:04:45,450 --> 01:04:43,660

could be all this stuff I checked and

1301

01:04:47,370 --> 01:04:45,460

double-checked because I you know me I'm

1302

01:04:48,960 --> 01:04:47,380

like I'm very big and if and listen I

1303

01:04:50,820 --> 01:04:48,970

haven't posted these sources but I

1304

01:04:52,410 --> 01:04:50,830

haven't so if anybody wants to really

1305

01:04:54,030 --> 01:04:52,420

dig into the story I can give you the

1306

01:04:56,490 --> 01:04:54,040

links and show you where I found this

1307

01:04:58,230 --> 01:04:56,500

information and I would just like to say

1308

01:05:00,420 --> 01:04:58,240

to everybody that's watching and a lot

1309

01:05:03,000 --> 01:05:00,430

chat if you find it in more information

1310

01:05:09,090 --> 01:05:03,010

we make do a part two I'm trying to get

1311

01:05:12,120 --> 01:05:09,100

to this gentleman look at that hat hold

1312

01:05:16,290 --> 01:05:12,130

on this is going to take a second last

1313

01:05:20,670 --> 01:05:16,300

minute caller I got a press one there we

1314

01:05:22,650 --> 01:05:20,680

go hello this is Steven and you've

1315

01:05:28,250 --> 01:05:22,660

reached truth seekers who are you and

1316

01:06:09,630 --> 01:05:40,280

again I can just five hours away from me

1317

01:06:14,140 --> 01:06:09,640

Michigan is from a lot of abduction

1318

01:06:16,779 --> 01:06:14,150

experiences and so to avoid that issue

1319

01:06:19,329 --> 01:06:16,789

wake up with the standard things that

1320

01:06:21,309 --> 01:06:19,339

would happen her shirt would be turned

1321

01:06:25,059 --> 01:06:21,319

inside out should have marks on her body

1322

01:06:28,480 --> 01:06:25,069

set up one night she went upstairs and

1323

01:06:30,339 --> 01:06:28,490

she was sleeping and she actually got to

1324

01:06:32,440 --> 01:06:30,349

have it of doing this on a regular basis

1325

01:06:35,670 --> 01:06:32,450

and she was just taking a nap up there

1326

01:06:38,200 --> 01:06:35,680

after everybody was asleep and

1327

01:06:40,720 --> 01:06:38,210

apparently some of these beings came in

1328

01:06:43,870 --> 01:06:40,730

and one of them looked just like the

1329

01:06:46,960 --> 01:06:43,880

Bigfoot but came off the ship all the

1330

01:06:48,940 --> 01:06:46,970

other beings interest on her and she

1331

01:06:51,460 --> 01:06:48,950

screamed and apparently he got startled

1332

01:06:52,960 --> 01:06:51,470

and ran off this was this was her

1333

01:06:56,440 --> 01:06:52,970

telling as a kid and that's how she

1334

01:06:58,420 --> 01:06:56,450

remembers it so I wanted to know a

1335

01:07:00,880 --> 01:06:58,430

little bit more about what you guys

1336

01:07:02,410 --> 01:07:00,890

think about in terms of some of the

1337

01:07:06,460 --> 01:07:02,420

Sasquatch or beings it look like

1338

01:07:08,859 --> 01:07:06,470

Sasquatch being maybe some

1339

01:07:10,630 --> 01:07:08,869

extraterrestrial extra dimensional

1340

01:07:12,849 --> 01:07:10,640

beings because I definitely think a lot

1341

01:07:17,529 --> 01:07:12,859

of them are extra dimensional if not all

1342

01:07:19,839 --> 01:07:17,539

of them and you want to take that Jason

1343

01:07:23,279 --> 01:07:19,849

I'll just like up I would just say that

1344

01:07:25,750 --> 01:07:23,289

there is various reports and stories of

1345

01:07:28,390 --> 01:07:25,760

Bigfoot or Sasquatch like creatures

1346

01:07:31,450 --> 01:07:28,400

being spotted with other types of aliens

1347

01:07:34,299 --> 01:07:31,460

getting on or off craft like greys

1348

01:07:36,849 --> 01:07:34,309

typical greys or big-headed small

1349

01:07:39,190 --> 01:07:36,859

three-foot tall humanoids and then

1350

01:07:40,480 --> 01:07:39,200

there's a sasquatch with them and a lot

1351

01:07:42,250 --> 01:07:40,490

of people have theorized that that's

1352

01:07:43,990 --> 01:07:42,260

some kind of service or race for the

1353

01:07:47,819 --> 01:07:44,000

more advanced DTS what do you think

1354

01:07:50,680 --> 01:07:47,829

Jason I've heard I've heard that as well

1355

01:07:52,750 --> 01:07:50,690

but from my experience and from what

1356

01:07:54,329 --> 01:07:52,760

I've seen I absolutely think there is

1357

01:07:57,730 --> 01:07:54,339

something to this multi-dimensional

1358

01:08:01,359 --> 01:07:57,740

supernatural being that can just phase

1359

01:08:04,059 --> 01:08:01,369

in and out of this world and it goes to

1360

01:08:08,260 --> 01:08:04,069

a lot of ancient traditions that our

1361

01:08:11,440 --> 01:08:08,270

world is leveled and that there are

1362

01:08:14,559 --> 01:08:11,450

other worlds in our physical world and

1363

01:08:17,680 --> 01:08:14,569

we can phase in and out of them and many

1364

01:08:19,539 --> 01:08:17,690

people are writing about this you know

1365

01:08:22,450 --> 01:08:19,549

there's a lot of people saying that just

1366

01:08:25,629 --> 01:08:22,460

go missing in forests like missing for

1367

01:08:27,860 --> 01:08:25,639

one one type of thing could they just

1368

01:08:31,240 --> 01:08:27,870

kind of walk into a four

1369

01:08:34,520 --> 01:08:31,250

and by accident step into one of these

1370

01:08:35,540 --> 01:08:34,530

intersections between worlds and slip

1371

01:08:39,230 --> 01:08:35,550

into another world

1372

01:08:40,910 --> 01:08:39,240

a rift yeah I l've read a story that

1373

01:08:42,800 --> 01:08:40,920

somebody saw what they thought was some

1374

01:08:44,990 --> 01:08:42,810

kind of portal and then they saw a

1375

01:08:46,340 --> 01:08:45,000

Bigfoot later in the day they thought

1376

01:08:47,990 --> 01:08:46,350

they saw some kind of portal in the

1377

01:08:49,670 --> 01:08:48,000

forest later in the day they saw what

1378

01:08:53,390 --> 01:08:49,680

they thought was a Bigfoot so there's

1379

01:08:55,460 --> 01:08:53,400

been some stories like that yeah so I I

1380

01:09:00,350 --> 01:08:55,470

personally from everything that I've

1381

01:09:02,030 --> 01:09:00,360

heard witnessed and experienced there is

1382

01:09:07,790 --> 01:09:02,040

something to this multi-dimensional

1383

01:09:10,100 --> 01:09:07,800

thing absolutely Kirby the call dropped

1384

01:09:12,560 --> 01:09:10,110

I'm not sure why but I wanted to let her

1385

01:09:14,600 --> 01:09:12,570

know that I mentioned there's going to

1386

01:09:17,390 --> 01:09:14,610

be a special prize for our first lab

1387

01:09:22,270 --> 01:09:17,400

caller and you got it so you can email

1388

01:09:26,900 --> 01:09:22,280

me and a truth seeker show truth seeker

1389

01:09:29,180 --> 01:09:26,910

show at gmail.com and I will get that to

1390

01:09:31,370 --> 01:09:29,190

you and thank you for calling if anybody

1391

01:09:33,110 --> 01:09:31,380

else wants to call in otherwise oh we

1392

01:09:35,230 --> 01:09:33,120

have just a few more questions for the

1393

01:09:37,850 --> 01:09:35,240

live chat try not to keep you too long

1394

01:09:39,710 --> 01:09:37,860

this one is it's that dimensional thing

1395

01:09:41,780 --> 01:09:39,720

what happens at skinwalker ranch they

1396

01:09:43,940 --> 01:09:41,790

have sasquatches and monsters and stuff

1397

01:09:46,850 --> 01:09:43,950

and UFOs yeah could be right what do you

1398

01:09:49,780 --> 01:09:46,860

think Jason I believe there's places on

1399

01:09:52,910 --> 01:09:49,790

the planet where the veil is thin and

1400

01:09:56,420 --> 01:09:52,920

that these other types of beings

1401

01:09:58,550 --> 01:09:56,430

paranormal forces even ghosts can

1402

01:10:01,160 --> 01:09:58,560

manifest themselves in these places more

1403

01:10:04,010 --> 01:10:01,170

than other places so that could be a hot

1404

01:10:07,100 --> 01:10:04,020

spot as well yes excellent

1405

01:10:08,870 --> 01:10:07,110

clean an angel just called incentive she

1406

01:10:10,880 --> 01:10:08,880

couldn't really hear you I'm sorry about

1407

01:10:12,770 --> 01:10:10,890

that clean and maybe you can uh it's

1408

01:10:14,810 --> 01:10:12,780

weird when you call in if you don't have

1409

01:10:16,670 --> 01:10:14,820

headphones on sometimes well you know

1410

01:10:18,590 --> 01:10:16,680

just trying to replay because I could

1411

01:10:20,780 --> 01:10:18,600

hear it a crystal clear so if you if you

1412

01:10:22,700 --> 01:10:20,790

want to hear his answer to your question

1413

01:10:24,530 --> 01:10:22,710

if you just try to replay it a little

1414

01:10:26,450 --> 01:10:24,540

while you should be able to hear exactly

1415

01:10:27,560 --> 01:10:26,460

what do you have to say I apologize for

1416

01:10:30,110 --> 01:10:27,570

that and then we have another question

1417

01:10:31,730 --> 01:10:30,120

or this is from Jonas I told you said

1418

01:10:34,130 --> 01:10:31,740

I've got a dream I have that a new world

1419

01:10:36,140 --> 01:10:34,140

was coming out of this one well that's

1420

01:10:38,630 --> 01:10:36,150

scary but it's less scary than

1421

01:10:41,590 --> 01:10:38,640

apocalypse right I've been joking on

1422

01:10:43,360 --> 01:10:41,600

Twitter and my joke is what

1423

01:10:45,910 --> 01:10:43,370

early on because I kind of lost track

1424

01:10:50,620 --> 01:10:45,920

we've got we've got a worldwide pandemic

1425

01:10:53,140 --> 01:10:50,630

we've got nationwide routing and looting

1426

01:10:55,240 --> 01:10:53,150

and rioting and civil unrest

1427

01:10:57,100 --> 01:10:55,250

we've got murder Hornets and now I've

1428

01:10:59,650 --> 01:10:57,110

just heard that there's a an asteroid

1429

01:11:01,950 --> 01:10:59,660

the size of a skyscraper heading towards

1430

01:11:09,990 --> 01:11:01,960

Earth but they don't think it will be us

1431

01:11:15,640 --> 01:11:13,930

he did tell me about this dream and it's

1432

01:11:18,850 --> 01:11:15,650

interesting because many traditions and

1433

01:11:21,340 --> 01:11:18,860

even many channelers now they're talking

1434

01:11:24,430 --> 01:11:21,350

about a birthing of a new world or a

1435

01:11:26,320 --> 01:11:24,440

splitting a dimensional timeline split

1436

01:11:28,990 --> 01:11:26,330

and then there's going to be two earths

1437

01:11:30,670 --> 01:11:29,000

and some people will be taken to that

1438

01:11:34,600 --> 01:11:30,680

earth and some people will be taking to

1439

01:11:36,880 --> 01:11:34,610

this earth I don't know if it's an

1440

01:11:39,670 --> 01:11:36,890

ascension thing no because I believe

1441

01:11:42,600 --> 01:11:39,680

these kind of stories well I don't

1442

01:11:44,980 --> 01:11:42,610

know if it's symbolic like if I'm if I'm

1443

01:11:46,900 --> 01:11:44,990

51% of service to others and I go on to

1444

01:11:51,220 --> 01:11:46,910

the good earth because if so I think I

1445

01:11:55,540 --> 01:11:51,230

don't know so if you're 49% [h__\h]

1446

01:12:02,970 --> 01:11:55,550

you're still good buddy I try to

1447

01:12:06,910 --> 01:12:05,020

what are you talking about

1448

01:12:08,590 --> 01:12:06,920

I didn't even when we were growing up

1449

01:12:11,080 --> 01:12:08,600

you know you never had to work they

1450

01:12:14,470 --> 01:12:11,090

would do anything she's off you know

1451

01:12:16,060 --> 01:12:14,480

being a social justice warrior so I got

1452

01:12:17,980 --> 01:12:16,070

[h__h] points for that tonight I'm sure

1453

01:12:21,190 --> 01:12:17,990

and if she's listening and watching I

1454

01:12:24,220 --> 01:12:21,200

apologize your work family let's just

1455

01:12:26,980 --> 01:12:24,230

you know forget what I said whatever do

1456

01:12:32,050 --> 01:12:26,990

you think here's here's the bottom line

1457

01:12:36,690 --> 01:12:32,060

of all ascension teachings is be

1458

01:12:39,910 --> 01:12:36,700

genuinely a good person yeah that's it

1459

01:12:46,420 --> 01:12:39,920

be genuinely a good person have a kind

1460

01:12:48,280 --> 01:12:46,430

heart and you are golden you know I have

1461

01:12:49,780 --> 01:12:48,290

two children one of them is very curious

1462

01:12:52,450 --> 01:12:49,790

and ask a lot of questions and I'm

1463

01:12:54,700 --> 01:12:52,460

trying to figure out like when I was a

1464

01:12:57,010 --> 01:12:54,710

child it was Christianity and

1465

01:12:58,750 --> 01:12:57,020

Catholicism you know as a Catholic

1466

01:13:00,339 --> 01:12:58,760

school and that's when I got my moral

1467

01:13:02,470 --> 01:13:00,349

framework of what was right what was

1468

01:13:05,109 --> 01:13:02,480

wrong how to be apathetic towards people

1469

01:13:06,669 --> 01:13:05,119

and care about other people from the

1470

01:13:08,050 --> 01:13:06,679

religion book we don't really have

1471

01:13:09,280 --> 01:13:08,060

organized religion here so I'm gonna

1472

01:13:11,859 --> 01:13:09,290

have to do something just to make sure

1473

01:13:14,770 --> 01:13:11,869

that he develops a good moral compass

1474

01:13:16,540 --> 01:13:14,780

and fiber of his being so that but so

1475

01:13:18,240 --> 01:13:16,550

far I have no complaints he takes good

1476

01:13:21,250 --> 01:13:18,250

care of his brother he's you know

1477

01:13:22,660 --> 01:13:21,260

genuinely good kid so far but I worry

1478

01:13:27,160 --> 01:13:22,670

about that stuff like how do you teach

1479

01:13:30,180 --> 01:13:27,170

that to a child I don't know you just

1480

01:13:32,950 --> 01:13:30,190

show them how to be caring to others

1481

01:13:36,479 --> 01:13:32,960

basically I think I think we're doing

1482

01:13:39,669 --> 01:13:36,489

that my wife does a better job than me

1483

01:13:41,439 --> 01:13:39,679

yeah so Jason quit what's going on with

1484

01:13:43,270 --> 01:13:41,449

you what's what's next on the horizon

1485

01:13:45,490 --> 01:13:43,280

for you all these conferences are kind

1486

01:13:49,060 --> 01:13:45,500

of canceled and stuff so every

1487

01:13:53,620 --> 01:13:49,070

everything is canceled so I life is

1488

01:13:55,149 --> 01:13:53,630

anceled yeah so I'm just here working

1489

01:13:57,160 --> 01:13:55,159
on different projects I can't really

1490

01:14:00,520 --> 01:13:57,170
share what they are just yet but I will

1491

01:14:02,200 --> 01:14:00,530
in the future listen Jason does just to

1492

01:14:04,780 --> 01:14:02,210
me all the time he tells me about I'm

1493

01:14:06,459 --> 01:14:04,790
working on some incredibly exciting but

1494

01:14:08,439 --> 01:14:06,469
I can't tell you about it so I've

1495

01:14:12,220 --> 01:14:08,449
developed another conspiracy theory that

1496

01:14:15,520 --> 01:14:12,230
Jason quit is a secret agent Jason quit

1497

01:14:17,919 --> 01:14:15,530
sometimes he's very forthcoming on this

1498

01:14:20,530 --> 01:14:17,929
or that and other times he's like it's

1499

01:14:24,490 --> 01:14:20,540
awesome it's amazing but I can't tell

1500

01:14:28,570 --> 01:14:24,500
you about it yet well the hint is it's

1501

01:14:32,109 --> 01:14:28,580

in music of all things so it's outside

1502

01:14:35,439 --> 01:14:32,119

of this community but it is music

1503

01:14:40,240 --> 01:14:35,449

related and I've been working very hard

1504

01:14:48,220 --> 01:14:40,250

on that but I don't know exactly when I

1505

01:14:50,560 --> 01:14:48,230

could share it that's probably why we

1506

01:14:52,120 --> 01:14:50,570

can became friends because I am to hear

1507

01:14:55,359 --> 01:14:52,130

some of this music oh and I wanted to

1508

01:14:57,640 --> 01:14:55,369

mention that tonight's music was from a

1509

01:15:00,520 --> 01:14:57,650

very incredible artist you can look them

1510

01:15:01,930 --> 01:15:00,530

up there called oblivion so every week

1511

01:15:03,910 --> 01:15:01,940

we're going to try to feature some of my

1512

01:15:05,770 --> 01:15:03,920

musicians friends music and our bumpers

1513

01:15:08,410 --> 01:15:05,780

or our intro or whatever we could do to

1514

01:15:12,010 --> 01:15:08,420

kind of help support independent view

1515

01:15:13,660 --> 01:15:12,020

creators that's rough right now - yeah

1516

01:15:17,020 --> 01:15:13,670

the music was actually really good I was

1517

01:15:20,169 --> 01:15:17,030

gonna ask you about that so yeah that's

1518

01:15:21,760 --> 01:15:20,179

that's called oblivion and there's a guy

1519

01:15:24,760 --> 01:15:21,770

makes whole albums he gives them away

1520

01:15:26,800 --> 01:15:24,770

for free he lets anybody use the music

1521

01:15:30,970 --> 01:15:26,810

as long as they credit him that's

1522

01:15:33,040 --> 01:15:30,980

incredible way to be oh yeah oh yeah so

1523

01:15:37,390 --> 01:15:33,050

you know hopefully one day in the future

1524

01:15:39,550 --> 01:15:37,400

I kept chosen oh I'm sorry Philip Lerner

1525

01:15:40,930 --> 01:15:39,560

has you know University Fennell moral

1526

01:15:43,959 --> 01:15:40,940

judgments and children as young as three

1527

01:15:47,290 --> 01:15:43,969

months old science of kindness that's

1528

01:15:51,340 --> 01:15:47,300

good news wait to see that and you know

1529

01:15:56,860 --> 01:15:51,350

I was actually thinking about this that

1530

01:15:58,419 --> 01:15:56,870

I remember as a child someone trying to

1531

01:15:59,910 --> 01:15:58,429

get me to steal something from a store

1532

01:16:02,290 --> 01:15:59,920

like a convenience store

1533

01:16:06,270 --> 01:16:02,300

you know a friend egging you on as a

1534

01:16:08,350 --> 01:16:06,280

child to you know take that and I felt

1535

01:16:10,780 --> 01:16:08,360

like I was gonna throw up

1536

01:16:13,000 --> 01:16:10,790

like I physically felt pain in my body

1537

01:16:16,180 --> 01:16:13,010

that I was doing something wrong the

1538

01:16:18,790 --> 01:16:16,190

conscience develop yeah so it's like is

1539

01:16:22,300 --> 01:16:18,800

that innate is that something that we

1540

01:16:24,970 --> 01:16:22,310

have as human beings to know what's

1541

01:16:26,470 --> 01:16:24,980

right and wrong built into us I think

1542

01:16:27,970 --> 01:16:26,480

there's got to be varying levels of

1543

01:16:30,729 --> 01:16:27,980

compassion that people have just

1544

01:16:34,090 --> 01:16:30,739

naturally and empathy because what makes

1545

01:16:36,250 --> 01:16:34,100

one person a bully and nasty to all the

1546

01:16:38,620 --> 01:16:36,260

other children and one person the kind

1547

01:16:40,300 --> 01:16:38,630

of person that would pick a kid up that

1548

01:16:42,130 --> 01:16:40,310

just got knocked down by the bully do

1549

01:16:43,600 --> 01:16:42,140

you know what I mean there's gotta be

1550

01:16:45,459 --> 01:16:43,610

and I've always thought I was on the

1551

01:16:48,070 --> 01:16:45,469

better end of the spectrum you know I've

1552

01:16:50,200 --> 01:16:48,080

always had like never teased anybody try

1553

01:16:51,760 --> 01:16:50,210

to be good kid and not mess with anybody

1554

01:16:54,280 --> 01:16:51,770

else help the kids that were getting

1555

01:16:58,720 --> 01:16:54,290

messed with if I could there's got to be

1556

01:17:04,660 --> 01:16:58,730

a sort of a spectrum of conscious of

1557

01:17:07,209 --> 01:17:04,670

conscience yes yes and you know who

1558

01:17:09,220 --> 01:17:07,219

knows maybe they're studying it I

1559

01:17:12,669 --> 01:17:09,230

haven't looked into that but I

1560

01:17:16,030 --> 01:17:12,679

definitely know that it's part of us and

1561

01:17:18,520 --> 01:17:16,040

maybe and then I was hearing a lot of

1562

01:17:21,280 --> 01:17:18,530

people talk about video games and you

1563

01:17:22,360 --> 01:17:21,290

know violence in media and how that is

1564

01:17:24,910 --> 01:17:22,370

taking a

1565

01:17:27,010 --> 01:17:24,920

this type of feeling of these children

1566

01:17:31,570 --> 01:17:27,020

so they actually can't feel what's right

1567

01:17:34,090 --> 01:17:31,580

and wrong anymore Wow well you know

1568

01:17:35,740 --> 01:17:34,100

there's the other thing I just wanted to

1569

01:17:37,780 --> 01:17:35,750

mention is that Jason Quinn has this

1570

01:17:39,160 --> 01:17:37,790

incredible book do you want to tell her

1571

01:17:42,640 --> 01:17:39,170

about your book and where they could get

1572

01:17:44,800 --> 01:17:42,650

it because I gotta say that when I first

1573

01:17:48,160 --> 01:17:44,810

heard about this book I didn't know

1574

01:17:50,320 --> 01:17:48,170

payment and so I went and got the book

1575

01:17:51,400 --> 01:17:50,330

and read it and at first I went this is

1576

01:17:56,919 --> 01:17:51,410

crazy

1577

01:17:59,080 --> 01:17:56,929

stories but then it it kept would hit me

1578

01:18:01,390 --> 01:17:59,090

but over and over against some of these

1579

01:18:04,240 --> 01:18:01,400

specific experiences that he had that

1580

01:18:07,479 --> 01:18:04,250

are written in this book and then I read

1581

01:18:11,979 --> 01:18:07,489

the reviews of the book on Amazon which

1582

01:18:13,720 --> 01:18:11,989

were so supportive of him because people

1583

01:18:16,510 --> 01:18:13,730

had similar experiences didn't

1584

01:18:21,010 --> 01:18:16,520

understand them just an incredible book

1585

01:18:22,990 --> 01:18:21,020

and also note that I blame Jason for

1586

01:18:24,760 --> 01:18:23,000

some stuff you know I just say well a

1587

01:18:26,530 --> 01:18:24,770

multi-dimensional time traveler came

1588

01:18:28,560 --> 01:18:26,540

here and that's why I didn't make dinner

1589

01:18:32,200 --> 01:18:28,570

tonight sorry honey I had ordered pizza

1590

01:18:34,090 --> 01:18:32,210

so someday my wife might meet Jace and

1591

01:18:36,189 --> 01:18:34,100

quit and punch him in the face because I

1592

01:18:39,729 --> 01:18:36,199

just blame him like it was something

1593

01:18:42,340 --> 01:18:39,739

multi dual time traveler friend you know

1594

01:18:45,070 --> 01:18:42,350

but in all seriousness this book is just

1595

01:18:48,100 --> 01:18:45,080

a great read and if you want if you want

1596

01:18:50,050 --> 01:18:48,110

a real journey to go on his book is one

1597

01:18:51,910 --> 01:18:50,060

of those and I might do some sort of

1598

01:18:53,890 --> 01:18:51,920

review on it and read passages out if

1599

01:18:56,620 --> 01:18:53,900

that's how important a book I think it

1600

01:18:59,530 --> 01:18:56,630

is that's incredible I did not know that

1601
01:19:01,419 --> 01:18:59,540
you read my book so yeah for our first

1602
01:19:03,220 --> 01:19:01,429
interview but then remember I was very

1603
01:19:05,650 --> 01:19:03,230
skeptical and I try to get you to prove

1604
01:19:07,240 --> 01:19:05,660
it and I try to I try to set up some

1605
01:19:10,330 --> 01:19:07,250
tests to see if you could really

1606
01:19:13,090 --> 01:19:10,340
actually project or or time travel or

1607
01:19:15,430 --> 01:19:13,100
you know and then sort of sort of went

1608
01:19:17,650 --> 01:19:15,440
through the gambit of like let's I try

1609
01:19:20,439 --> 01:19:17,660
to go to Jason Jason had an answer for

1610
01:19:22,260 --> 01:19:20,449
everything he's like well I would do

1611
01:19:24,520 --> 01:19:22,270
that for you but these are not

1612
01:19:26,260 --> 01:19:24,530
experiences I control it's sort of like

1613
01:19:28,000 --> 01:19:26,270

being pulled into a rollercoaster ride

1614

01:19:32,310 --> 01:19:28,010

and you don't control where the roller

1615

01:19:38,109 --> 01:19:34,209

you know these

1616

01:19:39,390 --> 01:19:38,119

these stories the title the title of the

1617

01:19:41,770 --> 01:19:39,400

book is called forbidden knowledge

1618

01:19:45,180 --> 01:19:41,780

revelations of a multi-dimensional time

1619

01:19:48,009 --> 01:19:45,190

traveler and I wrote it with a famous

1620

01:19:55,120 --> 01:19:48,019

crime writer for the Toronto Star named

1621

01:20:00,219 --> 01:19:55,130

Bob Mitchell material of crazy stories

1622

01:20:03,279 --> 01:20:00,229

yes and you know what I still can't

1623

01:20:05,439 --> 01:20:03,289

believe that I wrote this book and put

1624

01:20:07,739 --> 01:20:05,449

it out there because it's like kind of

1625

01:20:11,189 --> 01:20:07,749

sharing your most intimate private

1626

01:20:14,200 --> 01:20:11,199

experiences to the world and I thought

1627

01:20:16,120 --> 01:20:14,210

the most intimate thoughts that this

1628

01:20:18,759 --> 01:20:16,130

person has had for years and years and

1629

01:20:20,169 --> 01:20:18,769

years all kind of lay bare and that's

1630

01:20:22,419 --> 01:20:20,179

another reason why I liked it because

1631

01:20:25,359 --> 01:20:22,429

it's juicy and it's dramatic and it's

1632

01:20:27,120 --> 01:20:25,369

sort of very interpersonal about some of

1633

01:20:32,620 --> 01:20:27,130

these experiences that you have

1634

01:20:37,509 --> 01:20:32,630

it's crazy bride thank you thank you yes

1635

01:20:39,069 --> 01:20:37,519

you should definitely give it what has

1636

01:20:40,660 --> 01:20:39,079

happened since that book is written

1637

01:20:43,359 --> 01:20:40,670

because your experiences you say are

1638

01:20:46,450 --> 01:20:43,369

continuing right yes not as much as it

1639

01:20:49,629 --> 01:20:46,460

was when I was in my early 20s things

1640

01:20:52,959 --> 01:20:49,639

kind of slowed down but I have had very

1641

01:20:55,930 --> 01:20:52,969

interesting experiences I still leave my

1642

01:21:00,939 --> 01:20:55,940

body maybe once every couple months or

1643

01:21:03,489 --> 01:21:00,949

or more I still have I don't want to say

1644

01:21:07,350 --> 01:21:03,499

like precognition type of things but you

1645

01:21:11,459 --> 01:21:07,360

know almost like dreams like deja vu Wow

1646

01:21:15,399 --> 01:21:11,469

yeah I don't know I'm sort of paranormal

1647

01:21:17,379 --> 01:21:15,409

handicapped I've never had any I had

1648

01:21:19,149 --> 01:21:17,389

something I thought I saw on the sky and

1649

01:21:21,399 --> 01:21:19,159

that Bigfoot they happen to me like

1650

01:21:24,310 --> 01:21:21,409

somebody throw some big rocks that's

1651
01:21:25,629 --> 01:21:24,320
about it and yeah forget so interested

1652
01:21:29,469 --> 01:21:25,639
in this stuff I would think I would have

1653
01:21:32,910 --> 01:21:29,479
more you know more stories but well you

1654
01:21:35,739 --> 01:21:32,920
do have a cabin in the woods yeah and

1655
01:21:38,109 --> 01:21:35,749
you know who knows just leave your

1656
01:21:39,549 --> 01:21:38,119
window open at night you know I'm not

1657
01:21:42,219 --> 01:21:39,559
doing that because the Bears are out

1658
01:21:43,719 --> 01:21:42,229
lately you know what it's funny but what

1659
01:21:44,890 --> 01:21:43,729
is happening is kind of crazy

1660
01:21:48,010 --> 01:21:44,900
Owen you know

1661
01:21:50,290 --> 01:21:48,020
not so happy no a bear killed a person a

1662
01:21:54,010 --> 01:21:50,300
few miles from my cabin like maybe the

1663
01:21:56,709 --> 01:21:54,020

eight or nine miles from my condo and

1664

01:21:58,899 --> 01:21:56,719

ate half of the guy because here's

1665

01:22:00,189 --> 01:21:58,909

what's going on because of the coded

1666

01:22:03,310 --> 01:22:00,199

lock downs and everything that's going

1667

01:22:04,600 --> 01:22:03,320

on and because I guess a lot of people

1668

01:22:07,740 --> 01:22:04,610

just don't even have money to travel

1669

01:22:11,439 --> 01:22:07,750

even if they own their cabins up there

1670

01:22:13,479 --> 01:22:11,449

there is no people there is like a drop

1671

01:22:16,209 --> 01:22:13,489

of 95 percent of the people that are

1672

01:22:17,979 --> 01:22:16,219

usually there for the warm season so and

1673

01:22:20,560 --> 01:22:17,989

the restaurants are all closed there's

1674

01:22:22,600 --> 01:22:20,570

no dumpsters so these beers are hungry

1675

01:22:25,870 --> 01:22:22,610

and they're coming closer to the cabin I

1676

01:22:27,459 --> 01:22:25,880

had one right brushing up against like

1677

01:22:29,709 --> 01:22:27,469

rubbing his back on the front of my

1678

01:22:32,919 --> 01:22:29,719

cabin and I was watching it in the

1679

01:22:35,830 --> 01:22:32,929

window and like it's scary so no I won't

1680

01:22:36,280 --> 01:22:35,840

be keeping my windows open now for a

1681

01:22:40,510 --> 01:22:36,290

while

1682

01:22:42,520 --> 01:22:40,520

good call good yeah well I want to thank

1683

01:22:43,899 --> 01:22:42,530

Jason quick for joining us tonight

1684

01:22:45,669 --> 01:22:43,909

I think we're gonna wrap it up here

1685

01:22:47,439 --> 01:22:45,679

because we don't we don't want these

1686

01:22:48,669 --> 01:22:47,449

things to go too long one of the things

1687

01:22:50,890 --> 01:22:48,679

I'm going to love about this new show

1688

01:22:53,410 --> 01:22:50,900

Jason is that before I had a set time

1689

01:22:55,390 --> 01:22:53,420

that I had Phil and we all know that

1690

01:22:58,240 --> 01:22:55,400

sometimes you just don't have two hours

1691

01:22:59,979 --> 01:22:58,250

so you've got to fill it with I want to

1692

01:23:02,680 --> 01:22:59,989

say garbage but you got to just you know

1693

01:23:05,380 --> 01:23:02,690

let's put some sea stories in here

1694

01:23:08,410 --> 01:23:05,390

instead of all a I want this new show to

1695

01:23:10,540 --> 01:23:08,420

be like a game and if we're done we're

1696

01:23:12,340 --> 01:23:10,550

done and I thank each and every one of

1697

01:23:15,120 --> 01:23:12,350

1698

01:23:18,100 --> 01:23:15,130

old friends and new and encourage you to

1699

01:23:21,010 --> 01:23:18,110

1700

01:23:23,680 --> 01:23:21,020

comment please go back because I

1719

honestly I don't have much else to do so

1720

01:24:13,070 --> 01:24:10,930

I'm going to be really hitting it hard

1721

01:24:15,570 --> 01:24:13,080

trying to do a few shows a week at least

1722

01:24:17,750 --> 01:24:15,580

thanks Jason goodnight goodnight

1723

01:24:20,370 --> 01:24:17,760

1725

01:24:25,320 --> 01:24:22,480
