

SUCKERS!

WE DID IT ALL FOR THE MONEY!

1
00:00:12,150 --> 00:00:10,310
the question i had was uh

2
00:00:13,589 --> 00:00:12,160
what was the year of your graduation

3
00:00:17,170 --> 00:00:13,599
from mit and

4
00:00:21,510 --> 00:00:17,180
did you no have a master's degree

5
00:00:26,230 --> 00:00:23,269
the year what was the year of graduation

6
00:00:30,150 --> 00:00:29,109
probably 82 because i think i left there

7
00:00:33,670 --> 00:00:30,160
went to los alamos

8
00:00:36,950 --> 00:00:35,910
could you reveal some of your professors

9
00:00:40,069 --> 00:00:36,960
at mit and

10
00:00:42,229 --> 00:00:40,079
caltech yeah if you want

11
00:00:44,069 --> 00:00:42,239
i don't have a list of them here dr

12
00:00:47,910 --> 00:00:44,079
duxler i think was one of them and

13
00:00:52,549 --> 00:00:47,920

uh post field

14

00:00:54,790 --> 00:00:52,559

was another host field h-o-h-s-f

15

00:00:55,990 --> 00:00:54,800

i-e-l-d or something along those lines

16

00:00:57,830 --> 00:00:56,000

they remember you

17

00:00:59,990 --> 00:00:57,840

oh yeah i was feeling well oh sure i've

18

00:01:01,510 --> 00:01:00,000

got people that uh

19

00:01:03,189 --> 00:01:01,520

you know that i went to school with and

20

00:01:04,950 --> 00:01:03,199

george's vote george knapp has spoken to

21

00:01:06,950 --> 00:01:04,960

some of them

22

00:01:08,310 --> 00:01:06,960

i certainly have trouble with bob's

23

00:01:12,390 --> 00:01:08,320

claimed

24

00:01:14,550 --> 00:01:12,400

have degrees from mit and cal

25

00:01:15,510 --> 00:01:14,560

tech now i've talked to people who saw

26

00:01:17,830 --> 00:01:15,520

him at caltech

27

00:01:19,670 --> 00:01:17,840

but there's no no records there i think

28

00:01:21,990 --> 00:01:19,680

it is entirely possible that he would

29

00:01:23,830 --> 00:01:22,000

exaggerate his educational background

30

00:01:25,590 --> 00:01:23,840

in order to get a great job he wouldn't

31

00:01:27,429 --> 00:01:25,600

be the first person to do that

32

00:01:28,950 --> 00:01:27,439

you wouldn't be the first person to ju

33

00:01:29,749 --> 00:01:28,960

to lie about his background and

34

00:01:32,390 --> 00:01:29,759

education

35

00:01:33,830 --> 00:01:32,400

in order to get a good job and you have

36

00:01:35,749 --> 00:01:33,840

to wonder well wouldn't the people who

37

00:01:37,190 --> 00:01:35,759

hired him know that and yeah they would

38

00:01:37,590 --> 00:01:37,200

they would have to they do a background

39

00:01:40,550 --> 00:01:37,600

check

40

00:01:41,190 --> 00:01:40,560

they'd have to know that robert scott

41

00:01:43,429 --> 00:01:41,200

lazar

42

00:01:44,710 --> 00:01:43,439

supposedly a nuclear physicist with a

43

00:01:47,350 --> 00:01:44,720

master's in physics from

44

00:01:48,310 --> 00:01:47,360

mit the master of electronics from

45

00:01:51,429 --> 00:01:48,320

caltech

46

00:01:53,429 --> 00:01:51,439

who supposedly worked at area 51 back

47

00:01:55,550 --> 00:01:53,439

engineering flying saucers

48

00:01:58,069 --> 00:01:55,560

figured out how they work using element

49

00:02:00,149 --> 00:01:58,079

115.

50

00:02:03,429 --> 00:02:00,159

this it's a long detailed story you can

51
00:02:05,749 --> 00:02:03,439
buy the videos someplace else not for me

52
00:02:07,109 --> 00:02:05,759
uh i did a lot of checking on bob i

53
00:02:08,869 --> 00:02:07,119
tried to meet with him twice

54
00:02:11,670 --> 00:02:08,879
i was supposed to on one occasion then

55
00:02:15,030 --> 00:02:11,680
he didn't go along

56
00:02:16,390 --> 00:02:15,040
uh i checked at mit i checked at caltech

57
00:02:17,750 --> 00:02:16,400
neither one ever heard of them

58
00:02:19,750 --> 00:02:17,760
well but the government wiped his

59
00:02:22,470 --> 00:02:19,760
records clean as the response i talked

60
00:02:24,630 --> 00:02:22,480
to the legal counsel at mit

61
00:02:26,710 --> 00:02:24,640
no way to do that i talked with the guy

62
00:02:28,630 --> 00:02:26,720
who has the degrees the

63
00:02:29,750 --> 00:02:28,640

commencement lists and all that sort of

64

00:02:31,830 --> 00:02:29,760

thing

65

00:02:34,150 --> 00:02:31,840

no mention of lazar none of the

66

00:02:36,229 --> 00:02:34,160

yearbooks show lazar

67

00:02:37,509 --> 00:02:36,239

you need it for a master's thesis uh

68

00:02:38,710 --> 00:02:37,519

well for a master's degree you need a

69

00:02:40,710 --> 00:02:38,720

thesis

70

00:02:41,910 --> 00:02:40,720

i talk to the guy who holds those no

71

00:02:44,949 --> 00:02:41,920

lazar

72

00:02:48,150 --> 00:02:44,959

item there uh he was asked publicly

73

00:02:50,229 --> 00:02:48,160

when did you get your masters from mit

74

00:02:52,470 --> 00:02:50,239

well let me see now i think it was yeah

75

00:02:55,030 --> 00:02:52,480

probably 1982.

76

00:02:56,630 --> 00:02:55,040

i have friends who went to mit i was

77

00:02:58,390 --> 00:02:56,640

accepted there myself couldn't afford to

78

00:03:01,830 --> 00:02:58,400

go out of high school

79

00:03:02,949 --> 00:03:01,840

and uh nobody who gets a master's degree

80

00:03:05,350 --> 00:03:02,959

in physics from mit

81

00:03:06,949 --> 00:03:05,360

doesn't know what year he got it in he

82

00:03:10,070 --> 00:03:06,959

was asked to name

83

00:03:12,390 --> 00:03:10,080

some of his professors well let's see

84

00:03:17,750 --> 00:03:15,830

he named somebody bill somebody i won't

85

00:03:21,110 --> 00:03:17,760

use his name on

86

00:03:24,390 --> 00:03:21,120

uh i checked on him was not a common

87

00:03:26,789 --> 00:03:24,400

name fortunately he was a physicist

88

00:03:28,070 --> 00:03:26,799

uh the only trouble is bob said he would

89

00:03:31,190 --> 00:03:28,080

remember him from

90

00:03:34,470 --> 00:03:31,200

caltech this individual

91

00:03:36,309 --> 00:03:34,480

bill never taught at caltech he only

92

00:03:38,149 --> 00:03:36,319

taught at pierce junior college

93

00:03:40,710 --> 00:03:38,159

now bob himself had mentioned pierce to

94

00:03:42,789 --> 00:03:40,720

me on the phone

95

00:03:43,830 --> 00:03:42,799

he did go there now that's in southern

96

00:03:45,509 --> 00:03:43,840

california but

97

00:03:48,229 --> 00:03:45,519

and he was going there at the same time

98

00:03:51,190 --> 00:03:48,239

that he was supposedly attending mit

99

00:03:53,110 --> 00:03:51,200

2500 miles east of there one heck of a

100

00:03:55,750 --> 00:03:53,120

commute if you can go to mit

101

00:03:57,670 --> 00:03:55,760

you don't go to pierce junior college

102

00:04:00,390 --> 00:03:57,680

but beyond that

103

00:04:01,830 --> 00:04:00,400

i checked with this high school he

104

00:04:02,869 --> 00:04:01,840

finished in the bottom third of his high

105

00:04:04,949 --> 00:04:02,879

school class

106

00:04:06,229 --> 00:04:04,959

you can't get into mit if you're outside

107

00:04:09,910 --> 00:04:06,239

usually the top

108

00:04:13,509 --> 00:04:09,920

10 15 20 of your class bottom third

109

00:04:16,870 --> 00:04:13,519

never uh his element 115 scheme

110

00:04:20,949 --> 00:04:16,880

won't work sounds good science fiction

111

00:04:22,629 --> 00:04:20,959

so oh i checked with los alamos

112

00:04:24,070 --> 00:04:22,639

he is in the phone book there doesn't

113

00:04:25,510 --> 00:04:24,080

that prove that he was a scientist

114

00:04:26,950 --> 00:04:25,520

working there no it certainly doesn't

115

00:04:28,550 --> 00:04:26,960

prove he was a scientist but if you look

116

00:04:30,790 --> 00:04:28,560

at the phone book page

117

00:04:32,469 --> 00:04:30,800

up at the very top it says this phone

118

00:04:34,390 --> 00:04:32,479

book for employees of the los alamos

119

00:04:36,870 --> 00:04:34,400

national laboratory

120

00:04:38,710 --> 00:04:36,880

the department of energy kirk meyer

121

00:04:40,230 --> 00:04:38,720

corporation several other companies

122

00:04:41,990 --> 00:04:40,240

right after bob's name and it was only

123

00:04:44,150 --> 00:04:42,000

in one phone book issue they issue

124

00:04:45,990 --> 00:04:44,160

them every several months it says k

125

00:04:47,749 --> 00:04:46,000

slash and that's kirk meyer a

126

00:04:49,990 --> 00:04:47,759

subcontractor

127

00:04:52,230 --> 00:04:50,000

he worked out at the maison facility

128

00:04:54,310 --> 00:04:52,240

don't need a clearance for that

129

00:04:56,150 --> 00:04:54,320

uh people come in from all over the

130

00:04:58,550 --> 00:04:56,160

world physicists to do experiments and

131

00:05:00,870 --> 00:04:58,560

he was a technician working out there

132

00:05:02,390 --> 00:05:00,880

and the story goes on and on beyond that

133

00:05:04,550 --> 00:05:02,400

and i get people telling me well

134

00:05:07,029 --> 00:05:04,560

i don't see why you don't believe him he

135

00:05:11,909 --> 00:05:07,039

seems so sincere

136

00:05:13,909 --> 00:05:11,919

sincerity is not a check on truth

137

00:05:16,950 --> 00:05:13,919

according to bob lazar now this is his

138

00:05:19,909 --> 00:05:16,960

claim he has a master's degree

139

00:05:21,830 --> 00:05:19,919

in physics from mit and also a master's

140

00:05:22,950 --> 00:05:21,840

degree in electronics technology from

141

00:05:25,029 --> 00:05:22,960

cal tech

142

00:05:26,629 --> 00:05:25,039

he has never produced his original

143

00:05:29,670 --> 00:05:26,639

master's degree from either

144

00:05:32,150 --> 00:05:29,680

mit or caltech he's never produced it

145

00:05:33,830 --> 00:05:32,160

it's a no-show there's there's nothing

146

00:05:36,629 --> 00:05:33,840

there he's never been able to produce

147

00:05:38,390 --> 00:05:36,639

the original master's degree and every

148

00:05:40,790 --> 00:05:38,400

effort to locate

149

00:05:42,310 --> 00:05:40,800

those degrees has completely failed

150

00:05:43,510 --> 00:05:42,320

including the research by stanton

151

00:05:46,550 --> 00:05:43,520

friedman

152

00:05:49,270 --> 00:05:46,560

also i've got a copy of the mit yearbook

153

00:05:50,830 --> 00:05:49,280

uh during the early 1980s stanton

154

00:05:54,629 --> 00:05:50,840

friedman did a very

155

00:05:56,870 --> 00:05:54,639

investigative uh search of the early 80s

156

00:05:58,390 --> 00:05:56,880

yearbooks there's nothing there there's

157

00:05:59,749 --> 00:05:58,400

no name there's no picture

158

00:06:01,510 --> 00:05:59,759

he doesn't appear in any of the

159

00:06:03,270 --> 00:06:01,520

yearbooks so that's a red flag that we

160

00:06:06,550 --> 00:06:03,280

need to look at

161

00:06:10,790 --> 00:06:06,560

i've got a letter here to john andrews

162

00:06:14,710 --> 00:06:10,800

from robert keisler dated march 19 1990

163

00:06:17,590 --> 00:06:14,720

talking about his efforts to find bob's

164

00:06:19,350 --> 00:06:17,600

magneto hydrodynamic master's thesis

165

00:06:22,150 --> 00:06:19,360

from mit and it says

166

00:06:22,790 --> 00:06:22,160

dear mr andrews i am sorry we are unable

167

00:06:26,309 --> 00:06:22,800

to locate

168

00:06:30,390 --> 00:06:26,319

a copy of mr robert scott lazar's thesis

169

00:06:32,790 --> 00:06:30,400

on mhd in our facility let's review this

170

00:06:33,990 --> 00:06:32,800

according to lazar then the government

171

00:06:37,749 --> 00:06:34,000

not only wiped out his

172

00:06:39,909 --> 00:06:37,759

degrees his both degrees they wiped out

173

00:06:41,909 --> 00:06:39,919

all of the yearbooks so in essence they

174

00:06:44,870 --> 00:06:41,919

had to crawl up into the

175

00:06:46,950 --> 00:06:44,880

dusty ceiling addicts of all the uh

176

00:06:48,150 --> 00:06:46,960

graduates from mit and steal the

177

00:06:51,189 --> 00:06:48,160

yearbooks out

178

00:06:53,830 --> 00:06:51,199

and then they also scrub his uh

179

00:06:56,150 --> 00:06:53,840

magneto hydrodynamic master thesis it's

180

00:06:58,150 --> 00:06:56,160

completely gone from every repository

181

00:06:59,589 --> 00:06:58,160

that just doesn't sound logical or

182

00:07:02,790 --> 00:06:59,599

reasonable to me

183

00:07:08,070 --> 00:07:02,800

if he's telling the truth

184

00:07:12,309 --> 00:07:08,080

it was 1990 i was working at cnn

185

00:07:16,309 --> 00:07:12,319

and i was a producer and i got a call

186

00:07:20,469 --> 00:07:16,319

in atlanta at cnn at my office

187

00:07:23,670 --> 00:07:20,479

from bob lazar and he said

188

00:07:24,230 --> 00:07:23,680

uh we're going to be doing uh something

189

00:07:28,550 --> 00:07:24,240

on

190

00:07:30,870 --> 00:07:28,560

a memorial day here if you can get here

191

00:07:32,550 --> 00:07:30,880

we'd like to have you come and be part

192

00:07:36,070 --> 00:07:32,560

of the festivities

193

00:07:37,909 --> 00:07:36,080

and uh we can talk about by then it had

194

00:07:41,110 --> 00:07:37,919

been very controversial

195

00:07:44,469 --> 00:07:41,120

about whether or not john or whether

196

00:07:48,309 --> 00:07:44,479

bob lazar with john lear

197

00:07:51,189 --> 00:07:48,319

had bob lazar been

198

00:07:53,589 --> 00:07:51,199

telling the truth about going to area 51

199

00:07:58,230 --> 00:07:53,599

working for eg

200

00:08:01,430 --> 00:07:58,240

all of that so i went to las vegas

201
00:08:05,589 --> 00:08:01,440
met with all of those guys and

202
00:08:09,270 --> 00:08:05,599
was able to spend a lot of time

203
00:08:13,110 --> 00:08:09,280
on that memorial day weekend and

204
00:08:16,550 --> 00:08:13,120
i believe it was 1990

205
00:08:19,189 --> 00:08:16,560
and here is the moment

206
00:08:20,070 --> 00:08:19,199
of talking with bob lazar that is

207
00:08:23,749 --> 00:08:20,080
indelible

208
00:08:29,589 --> 00:08:27,110
he was showing me in his kitchen how he

209
00:08:31,510 --> 00:08:29,599
ran this film for the real estate

210
00:08:35,509 --> 00:08:31,520
offices that he worked for

211
00:08:38,630 --> 00:08:35,519
filming houses and

212
00:08:40,630 --> 00:08:38,640
he was in the process

213
00:08:42,550 --> 00:08:40,640

of demonstrating how he was doing that

214

00:08:45,910 --> 00:08:42,560

just to show me that this is what

215

00:08:48,470 --> 00:08:45,920

he did and he had told me that when

216

00:08:50,470 --> 00:08:48,480

stanton freedman had questioned him

217

00:08:52,230 --> 00:08:50,480

about the fact that he had no degree

218

00:08:55,430 --> 00:08:52,240

from mit he said i never

219

00:08:58,870 --> 00:08:55,440

ever said i had a degree from mit

220

00:09:02,790 --> 00:08:58,880

or anything like that what

221

00:09:03,750 --> 00:09:02,800

happened linda is my i'm an adopted

222

00:09:07,430 --> 00:09:03,760

child

223

00:09:10,230 --> 00:09:07,440

and my parents lived in florida

224

00:09:12,470 --> 00:09:10,240

and they didn't make much money and i

225

00:09:12,870 --> 00:09:12,480

had gone to school with some buddies we

226

00:09:20,829 --> 00:09:12,880

liked

227

00:09:22,790 --> 00:09:20,839

and some of my buddies got accepted to

228

00:09:25,990 --> 00:09:22,800

mit

229

00:09:26,710 --> 00:09:26,000

he said i drove up to see them as my

230

00:09:30,389 --> 00:09:26,720

friends

231

00:09:32,470 --> 00:09:30,399

and i went to one of their classes

232

00:09:34,150 --> 00:09:32,480

for a few days he would just go and sit

233

00:09:34,550 --> 00:09:34,160

and he said and i learned some things i

234

00:09:37,110 --> 00:09:34,560

became

235

00:09:38,870 --> 00:09:37,120

even more interested in having some kind

236

00:09:41,990 --> 00:09:38,880

of a career in which i would be dealing

237

00:09:46,230 --> 00:09:42,000

with electronic and engineering things

238

00:09:48,949 --> 00:09:46,240

and he said that's what i learned at mit

239

00:09:49,350 --> 00:09:48,959

i never told anybody i had a degree

240

00:09:54,389 --> 00:09:49,360

that's

241

00:09:56,790 --> 00:09:54,399

bob's uh first-hand version to me

242

00:09:58,550 --> 00:09:56,800

this is the most bothersome part of the

243

00:10:01,590 --> 00:09:58,560

story and i've talked to bob

244

00:10:03,430 --> 00:10:01,600

many times i think we're friends i have

245

00:10:03,990 --> 00:10:03,440

offered him the opportunity to tell me

246

00:10:05,590 --> 00:10:04,000

bob

247

00:10:07,350 --> 00:10:05,600

did you exaggerate about your

248

00:10:08,310 --> 00:10:07,360

educational background because a lot of

249

00:10:10,870 --> 00:10:08,320

people do that

250

00:10:12,069 --> 00:10:10,880

you know that in every walk of life in

251

00:10:13,670 --> 00:10:12,079

every uh

252

00:10:15,509 --> 00:10:13,680

occupation they would exaggerate

253

00:10:16,389 --> 00:10:15,519

something on a resume and he's always

254

00:10:18,470 --> 00:10:16,399

stuck to it

255

00:10:19,750 --> 00:10:18,480

as for professors he gave me the name of

256

00:10:23,190 --> 00:10:19,760

one at

257

00:10:25,269 --> 00:10:23,200

mit i checked on that the professor is

258

00:10:27,670 --> 00:10:25,279

not there now whether he was there

259

00:10:29,269 --> 00:10:27,680

then when bob says he went there mit

260

00:10:31,430 --> 00:10:29,279

would not give me that information

261

00:10:32,630 --> 00:10:31,440

i do have one person who says he went to

262

00:10:34,630 --> 00:10:32,640

school with bob

263

00:10:36,470 --> 00:10:34,640

or at least was aware that bob was going

264

00:10:38,550 --> 00:10:36,480

to classes at caltech

265

00:10:39,590 --> 00:10:38,560

his name is jim tagliani he was a

266

00:10:41,670 --> 00:10:39,600

technician in the

267

00:10:43,590 --> 00:10:41,680

stealth fighter program here in tonapon

268

00:10:46,230 --> 00:10:43,600

nevada he worked with bob

269

00:10:46,710 --> 00:10:46,240

in the early 1980s at a place called the

270

00:10:50,230 --> 00:10:46,720

fair

271

00:10:52,230 --> 00:10:50,240

child zincom systems in simi valley

272

00:10:53,430 --> 00:10:52,240

i have some documentation to back that

273

00:10:56,150 --> 00:10:53,440

part of it up and he said

274

00:10:58,069 --> 00:10:56,160

he remembers bob as working a lot of

275

00:10:58,630 --> 00:10:58,079

weird shifts to accommodate his classes

276

00:11:00,310 --> 00:10:58,640

there

277

00:11:01,670 --> 00:11:00,320

the only record we can have for bob

278

00:11:04,069 --> 00:11:01,680

lazar ever

279

00:11:04,870 --> 00:11:04,079

in college is a single class in

280

00:11:06,870 --> 00:11:04,880

electronics

281

00:11:07,990 --> 00:11:06,880

at a junior college in california right
