00:02:07,670 --> 00:00:20,840
[Music]

2
00:02:11,110 --> 00:02:08,389
greetings

3
00:02:11,750 --> 00:02:11,120
and salutations old friends and

4
00:02:15,110 --> 00:02:11,760
hopefully

5
00:02:17,750 --> 00:02:15,120
some new friends uh we are once again

6
00:02:19,110 --> 00:02:17,760
broadcasting live from the apocalypse

7
00:02:22,470 --> 00:02:19,120
cabin

8
00:02:24,390 --> 00:02:22,480
and uh we are continuing our series on

9
00:02:28,070 --> 00:02:24,400
free energy

10
00:02:31,509 --> 00:02:28,080
characters

11
00:02:34,869 --> 00:02:31,519
uh in that subculture

12
00:02:38,070 --> 00:02:34,879
who have created some of these

13
00:02:40,710 --> 00:02:38,080

so-called free energy devices

14

00:02:41,589 --> 00:02:40,720

for those that are unaware all over the

15

00:02:45,030 --> 00:02:41,599

world

16

00:02:49,110 --> 00:02:45,040

there are hundreds thousands

17

00:02:52,630 --> 00:02:49,120

maybe tens of thousands of experimenters

18

00:02:55,670 --> 00:02:52,640

tinkerers and dreamers attempting

19

00:02:59,750 --> 00:02:55,680

to create a machine that can create

20

00:03:03,670 --> 00:02:59,760

free energy most of these machines

21

00:03:06,949 --> 00:03:03,680

involve magnets or

22

00:03:11,190 --> 00:03:06,959

crystals uh

23

00:03:14,470 --> 00:03:11,200

all of them rely on what most would call

24

00:03:16,390 --> 00:03:14,480

fringe science i studied many of these

25

00:03:18,229 --> 00:03:16,400

devices having a fascination with

26

00:03:21,670 --> 00:03:18,239

electronics and

27

00:03:24,630 --> 00:03:21,680

electricity from a young age

28

00:03:26,470 --> 00:03:24,640

i was that kind of kid that was building

29

00:03:29,990 --> 00:03:26,480

am fm radios

30

00:03:32,390 --> 00:03:30,000

and playing with electronics parts that

31

00:03:34,630 --> 00:03:32,400

i would uh

32

00:03:36,390 --> 00:03:34,640

basically steal out of stuff i picked

33

00:03:38,630 --> 00:03:36,400

out of the trash

34

00:03:41,030 --> 00:03:38,640

yeah i was that kid like if there was a

35

00:03:43,430 --> 00:03:41,040

broken tv when i was a kid

36

00:03:45,430 --> 00:03:43,440

near my house i would carry it home and

37

00:03:48,390 --> 00:03:45,440

then i would get a desoldering

38

00:03:49,830 --> 00:03:48,400

bulb and iron out and pull any useful

39

00:03:53,270 --> 00:03:49,840

components out of it

40

00:03:55,750 --> 00:03:53,280

capacitors resistors i would pull

41

00:03:57,509 --> 00:03:55,760

chips out of these things and try to

42

00:04:00,710 --> 00:03:57,519

figure out what the chips did

43

00:04:03,190 --> 00:04:00,720

having no idea really

44

00:04:06,070 --> 00:04:03,200

but most of my life i have been involved

45

00:04:10,070 --> 00:04:06,080

later i got into computers of course

46

00:04:12,070 --> 00:04:10,080

and my point being that i was uh

47

00:04:14,390 --> 00:04:12,080

just an early experimenter i guess with

48

00:04:17,110 --> 00:04:14,400

electronics and electricity in general

49

00:04:18,310 --> 00:04:17,120

something that's always fascinated me so

50

00:04:20,390 --> 00:04:18,320

when i found

51
00:04:21,670 --> 00:04:20,400
uh or discovered that people were trying

52
00:04:25,110 --> 00:04:21,680
to create energy

53
00:04:26,230 --> 00:04:25,120
from nothing or from magnets or from

54
00:04:29,189 --> 00:04:26,240
crystals

55
00:04:31,670 --> 00:04:29,199
this fascinated me and for time i

56
00:04:35,030 --> 00:04:31,680
experimented with these things myself

57
00:04:38,469 --> 00:04:35,040
never finding much success but i suppose

58
00:04:40,230 --> 00:04:38,479
learning some things along the way

59
00:04:42,150 --> 00:04:40,240
so far we have covered victor

60
00:04:45,350 --> 00:04:42,160
schauberger's repulsion

61
00:04:48,469 --> 00:04:45,360
engine which was reported to be both

62
00:04:52,150 --> 00:04:48,479
a ufo propulsion device and

63
00:04:56,070 --> 00:04:52,160

a free energy device but sadly

64

00:04:59,270 --> 00:04:56,080

the proof that thing actually worked is

65

00:05:02,950 --> 00:04:59,280

not to be found next we covered

66

00:05:06,390 --> 00:05:02,960

john searle and the seg

67

00:05:10,390 --> 00:05:06,400

the serial effect generator

68

00:05:13,350 --> 00:05:10,400

which was another device coincidentally

69

00:05:14,230 --> 00:05:13,360

or maybe not so coincidentally which was

70

00:05:16,950 --> 00:05:14,240

supposed to be

71

00:05:17,990 --> 00:05:16,960

both a propulsion device and a free

72

00:05:24,070 --> 00:05:18,000

energy device

73

00:05:25,510 --> 00:05:24,080

using magnets and rollers and coils the

74

00:05:29,270 --> 00:05:25,520

proof

75

00:05:32,390 --> 00:05:29,280

for the sterile effect generator

76

00:05:35,590 --> 00:05:32,400

after 50 years of him making

77

00:05:35,990 --> 00:05:35,600

pretty remarkable claims pretty out

78

00:05:38,150 --> 00:05:36,000

there

79

00:05:39,909 --> 00:05:38,160

claims about its capabilities and what

80

00:05:43,350 --> 00:05:39,919

it could do

81

00:05:46,710 --> 00:05:43,360

uh is still not yet to be found

82

00:05:48,710 --> 00:05:46,720

no one can show anyone a working model

83

00:05:50,629 --> 00:05:48,720

and if you were to search on youtube you

84

00:05:53,350 --> 00:05:50,639

would find hundreds

85

00:05:55,270 --> 00:05:53,360

maybe thousands of videos on people

86

00:05:56,790 --> 00:05:55,280

trying to replicate the serial effect

87

00:06:00,070 --> 00:05:56,800

generator

88

00:06:00,710 --> 00:06:00,080

likewise tonight uh our subject is

89

00:06:03,430 --> 00:06:00,720

joseph

90

00:06:05,029 --> 00:06:03,440

newman and the newman motor or newman

91

00:06:07,270 --> 00:06:05,039

engine

92

00:06:08,790 --> 00:06:07,280

uh and again if you search youtube you

93

00:06:11,590 --> 00:06:08,800

will find hundreds

94

00:06:12,230 --> 00:06:11,600

maybe thousands of people trying to

95

00:06:16,230 --> 00:06:12,240

build

96

00:06:21,830 --> 00:06:16,240

mr newman joseph newman's newman motor

97

00:06:25,590 --> 00:06:21,840

to create their own free energy source

98

00:06:28,629 --> 00:06:25,600

the newman motor is perhaps

99

00:06:30,950 --> 00:06:28,639

my favorite because some people have

100

00:06:34,070 --> 00:06:30,960

claimed to make it work

101

00:06:37,430 --> 00:06:34,080

not only that but mr newman was probably

102

00:06:38,550 --> 00:06:37,440

the only person who has ever created a

103

00:06:40,870 --> 00:06:38,560

free energy device

104

00:06:42,550 --> 00:06:40,880

that literally took on the u s patent

105

00:06:44,629 --> 00:06:42,560

office he spent

106

00:06:45,830 --> 00:06:44,639

i believe i've heard hundreds of

107

00:06:47,909 --> 00:06:45,840

thousands of dollars

108

00:06:49,909 --> 00:06:47,919

fighting the u s patent office trying to

109

00:06:53,029 --> 00:06:49,919

prove to them that the machine indeed

110

00:06:57,270 --> 00:06:55,189

there is an amazing documentary about

111

00:06:57,909 --> 00:06:57,280

this man which i highly recommend to

112

00:07:00,070 --> 00:06:57,919

anybody

113

00:07:03,029 --> 00:07:00,080

interested at all in this subject and

114

00:07:05,749 --> 00:07:03,039

that documentary is simply called

115

00:07:07,830 --> 00:07:05,759

newman uh but before we get i'm gonna

116

00:07:10,870 --> 00:07:07,840

share the trailer from that film

117

00:07:13,350 --> 00:07:10,880

it's on uh both netflix hulu

118

00:07:14,790 --> 00:07:13,360

a few other sites and also you can watch

119

00:07:17,070 --> 00:07:14,800

it for free with ads

120

00:07:18,390 --> 00:07:17,080

on youtube just look up newman and

121

00:07:22,150 --> 00:07:18,400

e-w-m-a-n

122

00:07:23,589 --> 00:07:22,160

the film uh so a bit more about mr

123

00:07:24,390 --> 00:07:23,599

joseph newman i'm just going to be

124

00:07:27,909 --> 00:07:24,400

reading from

125

00:07:32,189 --> 00:07:31,029

joseph newman was born july 2nd 1936 and

126

00:07:35,350 --> 00:07:32,199

died march 6

127

00:07:37,350 --> 00:07:35,360

2015 he was an american inventor and

128

00:07:39,670 --> 00:07:37,360

author who claimed to have developed an

129

00:07:40,390 --> 00:07:39,680

energy machine deemed by the u.s patent

130

00:07:43,830 --> 00:07:40,400

and trademark

131

00:07:45,830 --> 00:07:43,840

office to be a perpetual motion machine

132

00:07:48,550 --> 00:07:45,840

he described this device in a book

133

00:07:49,110 --> 00:07:48,560

the energy machine of joseph newman

134

00:07:50,950 --> 00:07:49,120

newman

135

00:07:52,790 --> 00:07:50,960

alleged that he had a mechanical

136

00:07:53,589 --> 00:07:52,800

explanation for albert einstein's

137

00:07:55,830 --> 00:07:53,599

unified

138

00:07:57,749 --> 00:07:55,840

field theory of physics after applying

139

00:07:58,629 --> 00:07:57,759

for patents on the perpetual motion

140

00:08:00,710 --> 00:07:58,639

motor

141

00:08:01,990 --> 00:08:00,720

he battled for over seven years against

142

00:08:03,990 --> 00:08:02,000

what he claimed was a government

143

00:08:07,350 --> 00:08:04,000

conspiracy to suppress

144

00:08:10,869 --> 00:08:07,360

his supposed discoveries garnering

145

00:08:13,990 --> 00:08:10,879

national attention as a result

146

00:08:16,710 --> 00:08:14,000

mr newman uh besides being

147

00:08:17,830 --> 00:08:16,720

a prolific inventor it should be uh

148

00:08:20,230 --> 00:08:17,840

noted that he

149

00:08:21,589 --> 00:08:20,240

actually invented many different things

150

00:08:26,869 --> 00:08:21,599

before the motor

151

00:08:28,710 --> 00:08:26,879

and was quite some would say um

152

00:08:31,909 --> 00:08:28,720

he had a lot of money from real

153

00:08:34,070 --> 00:08:31,919

inventions uh and patents that he held

154

00:08:36,070 --> 00:08:34,080

but he spent the bulk of his life after

155

00:08:37,029 --> 00:08:36,080

these initial inventions and making a

156

00:08:39,350 --> 00:08:37,039

lot of money

157

00:08:41,110 --> 00:08:39,360

concentrating almost solely on his

158

00:08:44,149 --> 00:08:41,120

newman motor

159

00:08:45,430 --> 00:08:44,159

this device after newman graduated from

160

00:08:47,910 --> 00:08:45,440

baker

161

00:08:50,470 --> 00:08:47,920

high school in mobile alabama he joined

162

00:08:51,910 --> 00:08:50,480

the us air force in 1955 to serve as an

163

00:08:53,670 --> 00:08:51,920

expediter and was stationed at

164

00:08:55,829 --> 00:08:53,680

raymie air force base in puerto rico

165

00:08:58,710 --> 00:08:55,839

where he witnessed hurricane betsy

166

00:09:01,190 --> 00:08:58,720

devastate the island in 1956

167

00:09:02,870 --> 00:09:01,200

the aftermath of that hurricane prompted

168

00:09:04,310 --> 00:09:02,880

newman to make a pledge to god that he

169

00:09:06,550 --> 00:09:04,320

would devote the rest of his life to

170

00:09:08,949 --> 00:09:06,560

help humanity

171

00:09:10,550 --> 00:09:08,959

and i have to say joseph newman was an

172

00:09:13,350 --> 00:09:10,560

interesting character and he

173

00:09:15,110 --> 00:09:13,360

truly like i believe that he believed

174

00:09:15,509 --> 00:09:15,120

this thing worked and could change the

175

00:09:21,269 --> 00:09:15,519

world

176

00:09:24,790 --> 00:09:22,790

newman attended the university of

177

00:09:26,550 --> 00:09:24,800

alabama enrolling in economics and

178

00:09:27,110 --> 00:09:26,560

accounting courses he left college after

179

00:09:29,990 --> 00:09:27,120

acquiring

180

00:09:31,910 --> 00:09:30,000

interest in inventing and not long after

181

00:09:35,110 --> 00:09:31,920

was awarded patents for the first

182

00:09:36,150 --> 00:09:35,120

plastic barbells if you've ever seen a

183

00:09:38,790 --> 00:09:36,160

workout set

184

00:09:39,910 --> 00:09:38,800

where the barbells were made of plastic

185

00:09:42,790 --> 00:09:39,920

and filled with either

186

00:09:44,630 --> 00:09:42,800

water or sand that was a joseph newman

187

00:09:46,710 --> 00:09:44,640

invention

188

00:09:48,870 --> 00:09:46,720

after selling his barbell business he

189

00:09:50,790 --> 00:09:48,880

had capital to buy science books and

190

00:09:51,430 --> 00:09:50,800

began to study energy electrical

191

00:09:53,670 --> 00:09:51,440

engineering

192

00:09:55,509 --> 00:09:53,680

physics and electromagnets it's

193

00:09:55,910 --> 00:09:55,519

interesting to note that joseph newman

194

00:09:58,389 --> 00:09:55,920

like

195

00:10:00,310 --> 00:09:58,399

many of these characters was mostly a

196

00:10:02,389 --> 00:10:00,320

self-taught

197

00:10:04,790 --> 00:10:02,399

electronics person he did not have

198

00:10:08,470 --> 00:10:04,800

formal training in either electronics

199

00:10:10,790 --> 00:10:08,480

physics or electromagnetics

200

00:10:12,710 --> 00:10:10,800

okay so joseph newman applied for a

201
00:10:15,670 --> 00:10:12,720
patent on his energy machine

202
00:10:17,269 --> 00:10:15,680
first in 1979 it was rejected by the us

203
00:10:19,829 --> 00:10:17,279
patent and trademark office as a

204
00:10:21,750 --> 00:10:19,839
perpetual motion machine

205
00:10:24,150 --> 00:10:21,760
just a side note for those that are not

206
00:10:26,150 --> 00:10:24,160
aware if you try to patent a perpetual

207
00:10:27,269 --> 00:10:26,160
motion machine or what the us patent

208
00:10:30,230 --> 00:10:27,279
office terms

209
00:10:31,430 --> 00:10:30,240
or claims or decides as a perpetual

210
00:10:34,870 --> 00:10:31,440
motion machine

211
00:10:37,750 --> 00:10:34,880
you won't get it because obviously

212
00:10:39,269 --> 00:10:37,760
the laws of physics make perpetual

213
00:10:42,069 --> 00:10:39,279

motion machines impossible

214

00:10:45,110 --> 00:10:42,079

according to standard science so from

215

00:10:47,269 --> 00:10:45,120

1979 to 1986 he filed

216

00:10:50,069 --> 00:10:47,279

numerous lawsuits against the patent

217

00:10:51,670 --> 00:10:50,079

office to force the award of the patent

218

00:10:53,190 --> 00:10:51,680

the federal district court ordered the

219

00:10:53,670 --> 00:10:53,200

machine turned over to the national

220

00:10:57,110 --> 00:10:53,680

bureau

221

00:10:58,230 --> 00:10:57,120

of standards for testing the nbs also

222

00:11:00,710 --> 00:10:58,240

admitted

223

00:11:02,550 --> 00:11:00,720

the order to test was unusual saying

224

00:11:04,389 --> 00:11:02,560

it's very unusual for us to be testing

225

00:11:08,710 --> 00:11:04,399

something for a patent

226

00:11:11,190 --> 00:11:08,720

uh and yes for those that don't know uh

227

00:11:13,590 --> 00:11:11,200

many there are an incredible amount of

228

00:11:16,389 --> 00:11:13,600

patents that people have been awarded

229

00:11:17,110 --> 00:11:16,399

from anti-gravity devices to free energy

230

00:11:20,230 --> 00:11:17,120

devices

231

00:11:22,790 --> 00:11:20,240

to uh all kinds of machines

232

00:11:24,710 --> 00:11:22,800

and the patent office never asked for

233

00:11:26,790 --> 00:11:24,720

proof that it works they just see

234

00:11:29,110 --> 00:11:26,800

if it's already been patented and

235

00:11:31,910 --> 00:11:29,120

generally issue you a patent

236

00:11:33,829 --> 00:11:31,920

this is some of the basically [h__\h]

237

00:11:34,870 --> 00:11:33,839

that we're seeing from idiots like david

238

00:11:38,310 --> 00:11:34,880

wilcock

239

00:11:41,190 --> 00:11:38,320

uh promoting that pat the the

240

00:11:42,150 --> 00:11:41,200

free energy patents and the ufo

241

00:11:45,670 --> 00:11:42,160

propulsion system

242

00:11:49,990 --> 00:11:45,680

patents of that gentleman from the navy

243

00:11:51,509 --> 00:11:50,000

claiming they're real uh no

244

00:11:53,670 --> 00:11:51,519

you don't have to prove that your

245

00:11:56,389 --> 00:11:53,680

anti-gravity device really works

246

00:11:57,750 --> 00:11:56,399

to be issued a patent but in the case of

247

00:12:00,870 --> 00:11:57,760

joseph newman

248

00:12:03,190 --> 00:12:00,880

it was extremely unusual that they said

249

00:12:04,470 --> 00:12:03,200

okay well we have to have this machine

250

00:12:07,269 --> 00:12:04,480

tested by the

251
00:12:08,550 --> 00:12:07,279
national standards institute so the

252
00:12:10,069 --> 00:12:08,560
federal district court ordered the

253
00:12:12,470 --> 00:12:10,079
machine turned over to national bureau

254
00:12:14,310 --> 00:12:12,480
of standards for testing

255
00:12:16,150 --> 00:12:14,320
it's very unusual for us to be testing

256
00:12:17,990 --> 00:12:16,160
something for a patent matthew heyman

257
00:12:18,470 --> 00:12:18,000
the bureau spokesman said i'm not aware

258
00:12:20,550 --> 00:12:18,480
of us

259
00:12:21,590 --> 00:12:20,560
ever having been involved in a patent

260
00:12:23,430 --> 00:12:21,600
case before

261
00:12:24,629 --> 00:12:23,440
so this broke new ground newman's

262
00:12:26,550 --> 00:12:24,639
machine

263
00:12:27,829 --> 00:12:26,560

newman persuaded seven members of

264

00:12:29,670 --> 00:12:27,839

congress to sponsor

265

00:12:31,990 --> 00:12:29,680

private bills on his behalf that would

266

00:12:35,829 --> 00:12:32,000

order the patent office to grant him

267

00:12:37,670 --> 00:12:35,839

a patent and again for those unaware

268

00:12:39,030 --> 00:12:37,680

unless you've got a ton of money you

269

00:12:40,790 --> 00:12:39,040

can't even get

270

00:12:42,150 --> 00:12:40,800

seven members of congress to speak to

271

00:12:44,550 --> 00:12:42,160

you so i have

272

00:12:45,269 --> 00:12:44,560

a feeling that he put out a huge amount

273

00:12:48,470 --> 00:12:45,279

of money

274

00:12:51,509 --> 00:12:48,480

to get the support of these congressmen

275

00:12:53,670 --> 00:12:51,519

and uh he wanted them to force the

276

00:12:55,829 --> 00:12:53,680

patent office to give him a patent

277

00:12:58,230 --> 00:12:55,839

the mbs eventually concluded that

278

00:13:00,949 --> 00:12:58,240

newman's machine did not reach or exceed

279

00:13:03,910 --> 00:13:00,959

100 efficiency as newman claimed and

280

00:13:05,829 --> 00:13:03,920

declared the patent was unrewardable

281

00:13:07,590 --> 00:13:05,839

and there was a lot of controversy

282

00:13:11,350 --> 00:13:07,600

surrounding the testing

283

00:13:13,030 --> 00:13:11,360

um according to mr newman they did not

284

00:13:14,629 --> 00:13:13,040

run the machine correctly so that it

285

00:13:17,910 --> 00:13:14,639

could be tested

286

00:13:20,710 --> 00:13:17,920

it's also important to note that unlike

287

00:13:22,870 --> 00:13:20,720

a lot of free energy crackpots making

288

00:13:27,190 --> 00:13:22,880

ridiculous claims

289

00:13:31,030 --> 00:13:27,200

there was an incredible amount of

290

00:13:33,030 --> 00:13:31,040

well-known scientists physicists

291

00:13:35,110 --> 00:13:33,040

electronics engineers that were a

292

00:13:35,829 --> 00:13:35,120

hundred percent behind mr newman's

293

00:13:39,430 --> 00:13:35,839

machine

294

00:13:40,230 --> 00:13:39,440

as saying that it worked uh throughout

295

00:13:41,910 --> 00:13:40,240

his life

296

00:13:43,750 --> 00:13:41,920

he would let if somebody was an

297

00:13:44,870 --> 00:13:43,760

electrical engineer he would let them

298

00:13:46,470 --> 00:13:44,880

right into his shop

299

00:13:48,790 --> 00:13:46,480

show them the machine working let them

300

00:13:52,470 --> 00:13:48,800

get their test equipment out and prove

301
00:13:55,509 --> 00:13:52,480
to a lot of scientists satisfaction

302
00:13:55,990 --> 00:13:55,519
that the machine indeed worked this my

303
00:13:58,629 --> 00:13:56,000
friends

304
00:13:59,350 --> 00:13:58,639
is what is so incredibly tantalizing to

305
00:14:01,750 --> 00:13:59,360
me

306
00:14:03,269 --> 00:14:01,760
about mr newman as opposed to many of

307
00:14:06,310 --> 00:14:03,279
these other

308
00:14:07,910 --> 00:14:06,320
less than scrupulous individuals mr

309
00:14:10,550 --> 00:14:07,920
newman had

310
00:14:11,110 --> 00:14:10,560
a bunch of scientists on his side that

311
00:14:14,069 --> 00:14:11,120
said

312
00:14:15,750 --> 00:14:14,079
i don't understand why it works but i

313
00:14:17,829 --> 00:14:15,760

got my test equipment out and this

314

00:14:20,150 --> 00:14:17,839

machine works

315

00:14:23,350 --> 00:14:20,160

in 1989 newman claims while already

316

00:14:25,509 --> 00:14:23,360

married to have married his secretary

317

00:14:27,030 --> 00:14:25,519

and her eight-year-old daughter acting

318

00:14:29,030 --> 00:14:27,040

on orders from god

319

00:14:30,230 --> 00:14:29,040

the daughter was removed by his from his

320

00:14:33,829 --> 00:14:30,240

home

321

00:14:35,990 --> 00:14:33,839

by the authorities in 1987 he announced

322

00:14:38,069 --> 00:14:36,000

a run for the american presidency

323

00:14:39,590 --> 00:14:38,079

claiming that god had instructed him to

324

00:14:42,629 --> 00:14:39,600

run in order

325

00:14:44,629 --> 00:14:42,639

uh in order that the extinction in

326

00:14:47,189 --> 00:14:44,639

humanity by 1999

327

00:14:49,750 --> 00:14:47,199

might be averted and that nostradamus

328

00:14:52,389 --> 00:14:49,760

had predicted his existence

329

00:14:54,949 --> 00:14:52,399

yes strange so then the documentary john

330

00:14:56,310 --> 00:14:54,959

fox directed a 2015 documentary film

331

00:14:58,790 --> 00:14:56,320

about newman entitled

332

00:15:00,470 --> 00:14:58,800

simply newman it provides background on

333

00:15:02,230 --> 00:15:00,480

newman's childhood his struggles to

334

00:15:04,389 --> 00:15:02,240

obtain a patent and the interviews with

335

00:15:07,189 --> 00:15:04,399

newman in 2014

336

00:15:07,509 --> 00:15:07,199

shortly before his death so mr newman

337

00:15:10,870 --> 00:15:07,519

was

338

00:15:14,629 --> 00:15:10,880

quite an interesting character

339

00:15:18,150 --> 00:15:14,639

i highly recommend this uh this film

340

00:15:19,750 --> 00:15:18,160

we are going to uh we're gonna play the

341

00:15:20,470 --> 00:15:19,760

trailer for the film we're gonna cite

342

00:15:23,750 --> 00:15:20,480

fair use

343

00:15:25,750 --> 00:15:23,760

i'm encouraging people to view the film

344

00:15:27,509 --> 00:15:25,760

it's a great i think it's one of the

345

00:15:33,350 --> 00:15:27,519

best documentaries i've seen in

346

00:15:36,629 --> 00:15:35,430

yeah and we have a bunch of comments

347

00:15:38,550 --> 00:15:36,639

from the live chat

348

00:15:40,389 --> 00:15:38,560

after we're only gonna have a very short

349

00:15:43,670 --> 00:15:40,399

presentation tonight and then

350

00:15:46,230 --> 00:15:43,680

we will uh i will definitely devote

351

00:15:46,870 --> 00:15:46,240

some attention to the live chat let's

352

00:15:49,189 --> 00:15:46,880

just

353

00:15:52,829 --> 00:15:49,199

get through a few things here i want to

354

00:15:52,839 --> 00:15:56,710

um

355

00:15:56,720 --> 00:16:01,110

okay

356

00:16:04,230 --> 00:16:02,629

all right and again fair use this is a

357

00:16:06,470 --> 00:16:04,240

transformative work we're educating the

358

00:16:07,990 --> 00:16:06,480

public about free energy devices

359

00:16:10,310 --> 00:16:08,000

and some of their inventors including

360

00:16:12,790 --> 00:16:10,320

the subject of our show tonight

361

00:16:17,189 --> 00:16:12,800

mr joseph newman uh so this is the

362

00:16:17,199 --> 00:16:23,110

let me see you can't get this thing runs

363

00:16:29,670 --> 00:16:25,430

one second friends why am i having

364

00:16:37,990 --> 00:16:32,550

okay let's try to back that up sorry

365

00:16:42,389 --> 00:16:41,110

i have no tab why don't i have a tab all

366

00:16:45,910 --> 00:16:42,399

right we're just going to play it small

367

00:16:45,920 --> 00:16:49,590

or i can

368

00:16:54,389 --> 00:16:52,790

i can beg it now here yeah so as you can

369

00:16:57,030 --> 00:16:54,399

see uh

370

00:16:57,749 --> 00:16:57,040

he was a pretty interesting character i

371

00:17:06,949 --> 00:16:57,759

i

372

00:17:09,189 --> 00:17:06,959

and he knew how to work a room

373

00:17:10,470 --> 00:17:09,199

when the patent office uh refused to

374

00:17:12,870 --> 00:17:10,480

give him a patent

375

00:17:13,750 --> 00:17:12,880

he held press conferences hundreds of

376

00:17:16,230 --> 00:17:13,760

people showed up

377

00:17:18,470 --> 00:17:16,240

and he ripped the united states

378

00:17:20,150 --> 00:17:18,480

government a new [h__h] and people

379

00:17:21,750 --> 00:17:20,160

cheered him on for doing that

380

00:17:22,949 --> 00:17:21,760

a lot of people are distrustful of the

381

00:17:24,069 --> 00:17:22,959

government think the government is

382

00:17:26,789 --> 00:17:24,079

corrupt

383

00:17:27,669 --> 00:17:26,799

joseph newman pushed the american

384

00:17:30,390 --> 00:17:27,679

government

385

00:17:31,270 --> 00:17:30,400

like no other inventor ever had to his

386

00:17:35,110 --> 00:17:31,280

dying day

387

00:17:37,110 --> 00:17:35,120

he swore that the machine worked

388

00:17:40,070 --> 00:17:37,120

and it's kind of a sad ending to his

389

00:17:42,950 --> 00:17:40,080

story because in the documentary we see

390

00:17:43,510 --> 00:17:42,960

um he basically had a version of the

391

00:17:46,390 --> 00:17:43,520

machine

392

00:17:46,789 --> 00:17:46,400

in a public storage garage and he would

393

00:17:49,510 --> 00:17:46,799

bring

394

00:17:51,270 --> 00:17:49,520

people to the public storage garage

395

00:17:54,870 --> 00:17:51,280

small groups of people would show up

396

00:17:56,470 --> 00:17:54,880

to see him demonstrate the machine work

397

00:17:59,029 --> 00:17:56,480

at the end of the documentary we see

398

00:17:59,990 --> 00:17:59,039

that he found some investors that wanted

399

00:18:03,909 --> 00:18:00,000

to

400

00:18:06,310 --> 00:18:03,919

make the machine um and

401
00:18:08,310 --> 00:18:06,320
he was somewhat paranoid that people

402
00:18:09,830 --> 00:18:08,320
were trying to steal his invention and

403
00:18:10,870 --> 00:18:09,840
this and that and if you watch the film

404
00:18:13,190 --> 00:18:10,880
it's kind of a sad

405
00:18:14,390 --> 00:18:13,200
ending for such a charismatic and

406
00:18:17,430 --> 00:18:14,400
interesting

407
00:18:18,470 --> 00:18:17,440
character you know i was sad to hear

408
00:18:22,150 --> 00:18:18,480
that he died

409
00:18:25,669 --> 00:18:22,160
followed the newman motor

410
00:18:29,350 --> 00:18:25,679
years ago and my father

411
00:18:31,830 --> 00:18:29,360
once showed me a popular science article

412
00:18:32,789 --> 00:18:31,840
my father was real big into science and

413
00:18:34,549 --> 00:18:32,799

aviation

414

00:18:36,390 --> 00:18:34,559

and there was an article on joseph

415

00:18:37,990 --> 00:18:36,400

newman and the newman motor in an issue

416

00:18:39,590 --> 00:18:38,000

of popular science or maybe it was

417

00:18:41,270 --> 00:18:39,600

popular mechanics

418

00:18:43,510 --> 00:18:41,280

a little foggy on the details that was

419

00:18:45,270 --> 00:18:43,520

20 years ago that's when i first started

420

00:18:47,909 --> 00:18:45,280

reading about it looking into it

421

00:18:48,950 --> 00:18:47,919

i have read his book i've never tried to

422

00:18:51,990 --> 00:18:48,960

duplicate the machine

423

00:18:55,590 --> 00:18:52,000

myself someday i hope

424

00:18:57,350 --> 00:18:55,600

that i will um i have just a few more

425

00:19:00,870 --> 00:18:57,360

things to share

426

00:19:03,430 --> 00:19:00,880

um i want to just for historical

427

00:19:03,990 --> 00:19:03,440

significance there's a clip that shows

428

00:19:07,430 --> 00:19:04,000

you know

429

00:19:07,990 --> 00:19:07,440

he was basically on national media at

430

00:19:10,549 --> 00:19:08,000

the time

431

00:19:11,909 --> 00:19:10,559

including johnny carson's show and i

432

00:19:14,789 --> 00:19:11,919

think

433

00:19:16,470 --> 00:19:14,799

that's worthy of sharing we're going to

434

00:19:18,070 --> 00:19:16,480

again cite fair use this is a

435

00:19:19,990 --> 00:19:18,080

transformative work we're educating the

436

00:19:22,789 --> 00:19:20,000

public about these free energy devices

437

00:19:24,789 --> 00:19:22,799

and the characters who invent them like

438

00:19:33,430 --> 00:19:24,799

tonight's subject mr joseph

439

00:19:39,590 --> 00:19:36,070

okay one second friends again this is

440

00:19:41,990 --> 00:19:39,600

fair use

441

00:19:42,950 --> 00:19:42,000

all right and this clip is a bunch of

442

00:19:46,230 --> 00:19:42,960

different clips

443

00:19:47,750 --> 00:19:46,240

from basically mr newman's history

444

00:19:49,430 --> 00:19:47,760

and i thought it's interesting and

445

00:19:52,070 --> 00:19:49,440

historically significant

446

00:19:54,470 --> 00:19:52,080

because of your theory several laws of

447

00:19:57,430 --> 00:19:54,480

physics may need to be re-examined

448

00:19:59,270 --> 00:19:57,440

and then dr e l moraine one of the men

449

00:20:00,070 --> 00:19:59,280

involved in the making of the atomic

450

00:20:02,390 --> 00:20:00,080

bomb wrote

451
00:20:03,909 --> 00:20:02,400
your project will lead to developments

452
00:20:07,990 --> 00:20:03,919
that would be beneficial to

453
00:20:10,789 --> 00:20:08,000
all mankind and joseph newman's work

454
00:20:12,470 --> 00:20:10,799
has been featured on national television

455
00:20:13,510 --> 00:20:12,480
and in hundreds of newspapers and

456
00:20:15,190 --> 00:20:13,520
magazines

457
00:20:16,710 --> 00:20:15,200
throughout the country he was good at

458
00:20:18,630 --> 00:20:16,720
getting publicity

459
00:20:20,310 --> 00:20:18,640
what's the answer to the energy crisis

460
00:20:21,909 --> 00:20:20,320
suppose a fellow told you the answer was

461
00:20:24,070 --> 00:20:21,919
in a machine he has developed

462
00:20:25,750 --> 00:20:24,080
before you scoff take a look with bruce

463
00:20:28,070 --> 00:20:25,760

hall

464

00:20:29,430 --> 00:20:28,080

in the backwoods of mississippi a mile

465

00:20:31,350 --> 00:20:29,440

down this dirt road

466

00:20:33,990 --> 00:20:31,360

past the keep out and no trespassing

467

00:20:36,310 --> 00:20:34,000

signs is the workshop of joe newman

468

00:20:37,909 --> 00:20:36,320

a brilliant self-educated inventor who

469

00:20:39,830 --> 00:20:37,919

says he has developed a machine that

470

00:20:40,230 --> 00:20:39,840

could solve the energy crisis now back

471

00:20:43,200 --> 00:20:40,240

to

472

00:20:45,590 --> 00:20:43,210

take two on cnn

473

00:20:47,990 --> 00:20:45,600

[Music]

474

00:20:48,710 --> 00:20:48,000

what if someone invented a machine that

475

00:20:51,110 --> 00:20:48,720

would make

476

00:20:52,789 --> 00:20:51,120

the gasoline engine obsolete what if

477

00:20:53,990 --> 00:20:52,799

someone invented a machine that produced

478

00:20:56,630 --> 00:20:54,000

more energy

479

00:20:57,669 --> 00:20:56,640

than accused and that energy is cheap

480

00:21:00,310 --> 00:20:57,679

non-polluting

481

00:21:02,390 --> 00:21:00,320

and safe that person would probably be

482

00:21:04,310 --> 00:21:02,400

hailed as the greatest scientist since

483

00:21:06,470 --> 00:21:04,320

einstein with the discovery as important

484

00:21:09,750 --> 00:21:06,480

as electricity and as revolutionary

485

00:21:10,630 --> 00:21:09,760

as the wheel joseph wesley newman claims

486

00:21:13,510 --> 00:21:10,640

to have invented

487

00:21:14,549 --> 00:21:13,520

just such a machine he says that his

488

00:21:17,190 --> 00:21:14,559

energy machine

489

00:21:17,590 --> 00:21:17,200

could power every american home farm

490

00:21:19,990 --> 00:21:17,600

business

491

00:21:22,549 --> 00:21:20,000

automobile an appliance with electricity

492

00:21:24,710 --> 00:21:22,559

at a fraction of the present cost

493

00:21:26,870 --> 00:21:24,720

more than 30 scientists and technicians

494

00:21:27,909 --> 00:21:26,880

have tested the energy machine and they

495

00:21:31,350 --> 00:21:27,919

agree

496

00:21:34,390 --> 00:21:31,360

it works right 30 seconds uh

497

00:21:36,390 --> 00:21:34,400

first of all if you can tell

498

00:21:38,230 --> 00:21:36,400

stupid people like me as sort of how

499

00:21:39,990 --> 00:21:38,240

this machine works

500

00:21:41,430 --> 00:21:40,000

okay dave it's basically is that you're

501
00:21:42,950 --> 00:21:41,440
not creating anything you're simply

502
00:21:44,230 --> 00:21:42,960
utilizing the energy that prior this

503
00:21:45,990 --> 00:21:44,240
time hasn't been understood

504
00:21:47,990 --> 00:21:46,000
it took us several thousand years to

505
00:21:49,190 --> 00:21:48,000
ever put a water wheel in moving water

506
00:21:50,870 --> 00:21:49,200
and basically what i'm doing is

507
00:21:51,270 --> 00:21:50,880
utilizing the energy in the magnetic

508
00:21:53,350 --> 00:21:51,280
field

509
00:21:58,320 --> 00:21:53,360
that consists of matter and motion

510
00:22:01,830 --> 00:21:58,330
exactly like a moving river does

511
00:22:03,510 --> 00:22:01,840
[Applause]

512
00:22:07,350 --> 00:22:03,520
[Music]

513
00:22:10,549 --> 00:22:07,360

again fair use johnny carson

514

00:22:12,230 --> 00:22:10,559

don't copyright strike me

515

00:22:13,909 --> 00:22:12,240

nice to meet you i appreciate you having

516

00:22:16,870 --> 00:22:13,919

me do you think your machine

517

00:22:18,710 --> 00:22:16,880

if it can be commercially made available

518

00:22:20,070 --> 00:22:18,720

can for example

519

00:22:21,750 --> 00:22:20,080

a person would buy a three or four

520

00:22:22,950 --> 00:22:21,760

hundred pound unit and all of a sudden

521

00:22:24,789 --> 00:22:22,960

would be able to produce all of the

522

00:22:25,750 --> 00:22:24,799

energy they need for their home is that

523

00:22:27,669 --> 00:22:25,760

certainly within the realm of

524

00:22:28,870 --> 00:22:27,679

possibility exactly i have absolutely no

525

00:22:30,310 --> 00:22:28,880

doubt about it that uh

526
00:22:31,990 --> 00:22:30,320
such a device hooked to a home a person

527
00:22:34,149 --> 00:22:32,000
will never have to pay for energy again

528
00:22:35,190 --> 00:22:34,159
the device will be made as small as

529
00:22:37,830 --> 00:22:35,200
putting automobile

530
00:22:39,110 --> 00:22:37,840
plane spacecraft you name it this device

531
00:22:41,110 --> 00:22:39,120
using the atoms

532
00:22:42,789 --> 00:22:41,120
from the magnetic field and what you're

533
00:22:44,789 --> 00:22:42,799
doing is that you're converting mass

534
00:22:46,230 --> 00:22:44,799
into energy on 100 conversion process

535
00:22:48,549 --> 00:22:46,240
that's one of the first prototypes and

536
00:22:50,310 --> 00:22:48,559
that it's a 700 pound magnetic rotor

537
00:22:51,909 --> 00:22:50,320
and it's got uh about 8 000 pounds of

538
00:22:53,909 --> 00:22:51,919

wire around it that's going down that

539

00:22:55,029 --> 00:22:53,919

unit air weighs 135 pounds and i showed

540

00:22:56,789 --> 00:22:55,039

that to hilton

541

00:22:58,710 --> 00:22:56,799

in new orleans there was approximately

542

00:22:59,350 --> 00:22:58,720

uh 2500 people attended a thousand

543

00:23:01,990 --> 00:22:59,360

people outside

544

00:23:02,470 --> 00:23:02,000

another 12 1500 standard to get in and

545

00:23:04,549 --> 00:23:02,480

uh

546

00:23:06,390 --> 00:23:04,559

it would demonstrate something like 25

547

00:23:07,350 --> 00:23:06,400

times more out than externally and put

548

00:23:08,950 --> 00:23:07,360

it into the system

549

00:23:10,230 --> 00:23:08,960

you get more wattage out of that than

550

00:23:11,110 --> 00:23:10,240

than what you what you're trying to

551

00:23:12,789 --> 00:23:11,120

that's what you'd put in

552

00:23:14,549 --> 00:23:12,799

in fact a railback battery company is

553

00:23:16,070 --> 00:23:14,559

working with me now trying to design a

554

00:23:17,669 --> 00:23:16,080

battery to hold up to this recharging

555

00:23:18,630 --> 00:23:17,679

effect of this system because not only

556

00:23:19,990 --> 00:23:18,640

run the device

557

00:23:21,669 --> 00:23:20,000

it'll put more energy back into the

558

00:23:24,560 --> 00:23:21,679

battery pack and came out of it

559

00:23:29,830 --> 00:23:24,570

so you could that's that's fascinating

560

00:23:31,590 --> 00:23:29,840

[Applause]

561

00:23:33,669 --> 00:23:31,600

but there's a major stumbling block in

562

00:23:35,750 --> 00:23:33,679

getting this device to the public

563

00:23:36,870 --> 00:23:35,760

the inventor can't let private industry

564

00:23:38,549 --> 00:23:36,880

have the machine

565

00:23:40,549 --> 00:23:38,559

until the patent is granted but

566

00:23:45,190 --> 00:23:40,559

obtaining the patent seems to be almost

567

00:23:46,950 --> 00:23:45,200

impossible examples december 1981

568

00:23:48,950 --> 00:23:46,960

following the patent application joe

569

00:23:50,070 --> 00:23:48,960

newman calls the patent office to talk

570

00:23:52,470 --> 00:23:50,080

with an examiner

571

00:23:54,470 --> 00:23:52,480

he is told they don't want to talk to it

572

00:23:56,230 --> 00:23:54,480

human protest to his congressman

573

00:23:57,909 --> 00:23:56,240

and a meeting between the inventor and

574

00:24:01,590 --> 00:23:57,919

patent officers is arranged

575

00:24:03,350 --> 00:24:01,600

in washington but on january 6 1982

576

00:24:05,669 --> 00:24:03,360

joe newman receives a letter that says

577

00:24:08,310 --> 00:24:05,679

his patent has been totally denied

578

00:24:10,870 --> 00:24:08,320

a hidden energy device is suspected but

579

00:24:11,269 --> 00:24:10,880

the scheduled meeting on january 27th is

580

00:24:13,590 --> 00:24:11,279

held

581

00:24:14,789 --> 00:24:13,600

nevertheless at which time the examiner

582

00:24:16,149 --> 00:24:14,799

told mr newman

583

00:24:18,149 --> 00:24:16,159

i don't think i'll ever be able to give

584

00:24:19,110 --> 00:24:18,159

you a patent no matter what evidence you

585

00:24:21,110 --> 00:24:19,120

present to me

586

00:24:22,950 --> 00:24:21,120

the reason for that statement patent

587

00:24:23,909 --> 00:24:22,960

examiners felt that what journalman

588

00:24:26,630 --> 00:24:23,919

claimed was

589

00:24:28,230 --> 00:24:26,640

impossible on march 13th after more

590

00:24:30,070 --> 00:24:28,240

protests from the inventor another

591

00:24:32,149 --> 00:24:30,080

meeting was convened this time

592

00:24:33,669 --> 00:24:32,159

he was told they believed there was no

593

00:24:35,669 --> 00:24:33,679

hidden energy device

594

00:24:36,950 --> 00:24:35,679

and added that they actually believed

595

00:24:38,950 --> 00:24:36,960

the machine worked

596

00:24:40,549 --> 00:24:38,960

but now they feel his technical

597

00:24:42,710 --> 00:24:40,559

description of his invention

598

00:24:43,830 --> 00:24:42,720

is inadequate and then i asked him a

599

00:24:45,269 --> 00:24:43,840

second time in fact

600

00:24:47,029 --> 00:24:45,279

i said you're saying that you agree that

601
00:24:49,750 --> 00:24:47,039
the energy out is greater than energy in

602
00:24:50,230 --> 00:24:49,760
he said he said mr newman you say that

603
00:24:52,630 --> 00:24:50,240
it does

604
00:24:54,310 --> 00:24:52,640
we looked at the facts we believe you mr

605
00:24:56,149 --> 00:24:54,320
newman then protested to the patent

606
00:24:59,430 --> 00:24:56,159
office's board of appeals

607
00:25:02,070 --> 00:24:59,440
a meeting is set for september 30th 1982

608
00:25:04,230 --> 00:25:02,080
incredibly at that meeting joe newman is

609
00:25:07,510 --> 00:25:04,240
told the description of his invention

610
00:25:10,230 --> 00:25:07,520
is now adequate but then they went back

611
00:25:12,630 --> 00:25:10,240
and started saying we don't think that

612
00:25:15,350 --> 00:25:12,640
the device is now operable

613
00:25:16,230 --> 00:25:15,360

now and also at the time of this meeting

614

00:25:19,750 --> 00:25:16,240

they gave me

615

00:25:20,710 --> 00:25:19,760

two minutes two minutes at the very end

616

00:25:22,870 --> 00:25:20,720

of the discussion

617

00:25:24,149 --> 00:25:22,880

that they allowed me to get up and try

618

00:25:26,390 --> 00:25:24,159

to discuss

619

00:25:27,350 --> 00:25:26,400

eight of that time it was 17 years of

620

00:25:31,269 --> 00:25:27,360

work

621

00:25:33,669 --> 00:25:31,279

yeah so he uh mr newman fought the

622

00:25:35,350 --> 00:25:33,679

enter fought the patent office for at

623

00:25:37,750 --> 00:25:35,360

least seven years

624

00:25:40,070 --> 00:25:37,760

uh some say more because he continued

625

00:25:41,750 --> 00:25:40,080

even after being denied completely

626

00:25:43,430 --> 00:25:41,760

spending hundreds of thousands of

627

00:25:45,510 --> 00:25:43,440

dollars on lawyers

628

00:25:47,110 --> 00:25:45,520

testing equipment to try to prove that

629

00:25:49,510 --> 00:25:47,120

the machine worked

630

00:25:50,789 --> 00:25:49,520

the patent office continually uh

631

00:25:53,750 --> 00:25:50,799

rebuffed his

632

00:25:54,789 --> 00:25:53,760

attempts in two minutes so in little

633

00:25:56,630 --> 00:25:54,799

less than a year

634

00:25:59,269 --> 00:25:56,640

the u.s patent office has told the man

635

00:26:01,029 --> 00:25:59,279

who just may have an amazing machine

636

00:26:02,310 --> 00:26:01,039

number one they didn't want to talk with

637

00:26:04,470 --> 00:26:02,320

it number two

638

00:26:06,149 --> 00:26:04,480

they will never give him a patent number

639

00:26:09,430 --> 00:26:06,159

three the invention has a hidden

640

00:26:11,269 --> 00:26:09,440

energy device number four there is no

641

00:26:13,269 --> 00:26:11,279

hidden energy device

642

00:26:14,789 --> 00:26:13,279

your invention works but your

643

00:26:15,510 --> 00:26:14,799

description of the invention is

644

00:26:18,870 --> 00:26:15,520

inadequate

645

00:26:22,070 --> 00:26:18,880

and finally your description is adequate

646

00:26:23,909 --> 00:26:22,080

your invention does not work and now 31

647

00:26:24,310 --> 00:26:23,919

people with scientific backgrounds have

648

00:26:25,909 --> 00:26:24,320

signed

649

00:26:28,870 --> 00:26:25,919

legal documents swearing to the

650

00:26:31,590 --> 00:26:28,880

machine's validity

651
00:26:32,870 --> 00:26:31,600
yes so there we go friends i wasn't

652
00:26:35,029 --> 00:26:32,880
aware of the number

653
00:26:36,070 --> 00:26:35,039
apparently he had 31 different

654
00:26:37,590 --> 00:26:36,080
scientists

655
00:26:39,750 --> 00:26:37,600
that were willing to put their own

656
00:26:42,470 --> 00:26:39,760
reputations on the line

657
00:26:44,630 --> 00:26:42,480
saying that the machine actually worked

658
00:26:46,870 --> 00:26:44,640
and

659
00:26:47,990 --> 00:26:46,880
i think it's very interesting that the

660
00:26:50,390 --> 00:26:48,000
patent office

661
00:26:51,669 --> 00:26:50,400
kept coming up with different stories

662
00:26:54,710 --> 00:26:51,679
first the machine they

663
00:26:57,029 --> 00:26:54,720

admitted the machine worked but his

664

00:26:59,190 --> 00:26:57,039

uh technical description of how it

665

00:27:00,710 --> 00:26:59,200

worked was inadequate then they said

666

00:27:02,230 --> 00:27:00,720

okay your technical description is

667

00:27:03,669 --> 00:27:02,240

adequate but we don't believe the

668

00:27:06,549 --> 00:27:03,679

machine works

669

00:27:08,390 --> 00:27:06,559

the patent office uh claimed at one

670

00:27:09,430 --> 00:27:08,400

point that he was using some kind of

671

00:27:11,350 --> 00:27:09,440

hidden device

672

00:27:12,470 --> 00:27:11,360

to produce the effects they never proved

673

00:27:16,710 --> 00:27:12,480

that

674

00:27:19,430 --> 00:27:16,720

was hiding something inside the machine

675

00:27:22,710 --> 00:27:19,440

they had versions of the machine

676

00:27:27,669 --> 00:27:26,310

to test for them uh and if they had a

677

00:27:30,070 --> 00:27:27,679

version of the machine

678

00:27:32,389 --> 00:27:30,080

they should be able to find you know if

679

00:27:35,590 --> 00:27:32,399

he's using some sort of trickery right

680

00:27:39,029 --> 00:27:35,600

they never did

681

00:27:41,430 --> 00:27:39,039

i have just one more thing to share

682

00:27:42,549 --> 00:27:41,440

and this is kind of a longer video but

683

00:27:45,590 --> 00:27:42,559

we're going to

684

00:27:47,190 --> 00:27:45,600

share some of this

685

00:27:48,789 --> 00:27:47,200

again citing fair use this is

686

00:27:49,269 --> 00:27:48,799

transformative work we're educating the

687

00:27:51,830 --> 00:27:49,279

public

688

00:27:53,029 --> 00:27:51,840

about mr joseph newman and free energy

689

00:27:55,269 --> 00:27:53,039

devices

690

00:27:57,510 --> 00:27:55,279

this is a later video so we get to see

691

00:27:57,990 --> 00:27:57,520

him later in his life i believe this is

692

00:28:00,149 --> 00:27:58,000

taken

693

00:28:02,870 --> 00:28:00,159

at the publix he literally had the

694

00:28:04,789 --> 00:28:02,880

machine stored in a public storage

695

00:28:07,350 --> 00:28:04,799

warehouse where he would go and work on

696

00:28:10,389 --> 00:28:07,360

it demonstrate it to people

697

00:28:14,149 --> 00:28:10,399

again citing fair use

698

00:28:16,789 --> 00:28:14,159

one second friends and this

699

00:28:34,100 --> 00:28:16,799

this video is titled joseph's newman

700

00:28:34,110 --> 00:28:42,830

[Music]

701
00:28:46,950 --> 00:28:44,950
do

702
00:28:48,630 --> 00:28:46,960
yes so the remarkable fact is at the end

703
00:28:50,070 --> 00:28:48,640
of each test run the batteries all had

704
00:28:51,590 --> 00:28:50,080
higher voltage than they did at the

705
00:28:53,990 --> 00:28:51,600
beginning of the run

706
00:28:56,070 --> 00:28:54,000
and mr newman's machine would commonly

707
00:28:58,630 --> 00:28:56,080
be called an over unity device

708
00:29:00,470 --> 00:28:58,640
meaning he did have to input a certain

709
00:29:01,789 --> 00:29:00,480
amount of power to it but he claimed

710
00:29:05,350 --> 00:29:01,799
that the machine put out

711
00:29:08,389 --> 00:29:05,360
125 of the power input to it

712
00:29:09,029 --> 00:29:08,399
in other words if he put one amp into

713
00:29:12,549 --> 00:29:09,039

the machine

714

00:29:18,500 --> 00:29:12,559

he would get out 1.25 amps and the

715

00:29:28,950 --> 00:29:24,830

[Music]

716

00:29:32,950 --> 00:29:31,190

i'm joseph newman and what you're fixing

717

00:29:34,870 --> 00:29:32,960

to see is something that's been taught

718

00:29:37,750 --> 00:29:34,880

to be totally impossible

719

00:29:38,870 --> 00:29:37,760

by all technical people around the world

720

00:29:41,750 --> 00:29:38,880

so what you're going to see

721

00:29:42,710 --> 00:29:41,760

is that we're going to run big eureka

722

00:29:43,990 --> 00:29:42,720

we're going to hook it to these

723

00:29:45,990 --> 00:29:44,000

batteries

724

00:29:47,590 --> 00:29:46,000

we're going to run big eureka big eureka

725

00:29:51,269 --> 00:29:47,600

is going to run this generator that is

726
00:29:54,789 --> 00:29:54,470
and it weighs 500 pounds and it's going

727
00:29:56,789 --> 00:29:54,799
to

728
00:29:58,630 --> 00:29:56,799
be charged at recharging these batteries

729
00:30:00,149 --> 00:29:58,640
while we do this

730
00:30:01,830 --> 00:30:00,159
now there is a gentleman who came in

731
00:30:04,549 --> 00:30:01,840
here who's a friend of jets

732
00:30:05,190 --> 00:30:04,559
who rick boggs who's put in air

733
00:30:08,630 --> 00:30:05,200
conditioning

734
00:30:10,389 --> 00:30:08,640
etc always laugh on big motors and etc

735
00:30:12,070 --> 00:30:10,399
well he saw this little white motor

736
00:30:13,669 --> 00:30:12,080
right here

737
00:30:15,029 --> 00:30:13,679
sitting on this thing and immediately

738
00:30:16,389 --> 00:30:15,039

without me saying a word he came over

739

00:30:17,830 --> 00:30:16,399

and picked it up and he said this motor

740

00:30:19,909 --> 00:30:17,840

right here is highly efficient

741

00:30:21,510 --> 00:30:19,919

it is highly efficient he said i've used

742

00:30:24,149 --> 00:30:21,520

them they're highly efficient

743

00:30:25,669 --> 00:30:24,159

now you get them from granger now we're

744

00:30:27,350 --> 00:30:25,679

going to run

745

00:30:29,830 --> 00:30:27,360

made me realize well this is a good way

746

00:30:31,110 --> 00:30:29,840

to run a test and let me ask everybody

747

00:30:34,549 --> 00:30:31,120

out there

748

00:30:35,830 --> 00:30:34,559

you see how small this motor is

749

00:30:38,070 --> 00:30:35,840

we're going to take one of these

750

00:30:39,830 --> 00:30:38,080

batteries out of this line

751
00:30:41,750 --> 00:30:39,840
and hook it to this little tiny motor

752
00:30:44,789 --> 00:30:41,760
right here

753
00:30:46,149 --> 00:30:44,799
and let it run now we have all these

754
00:30:48,470 --> 00:30:46,159
batteries the rest of these

755
00:30:49,669 --> 00:30:48,480
we have 10 batteries we're going to

756
00:30:51,510 --> 00:30:49,679
remove one of them

757
00:30:52,710 --> 00:30:51,520
and leave nine that we're going to run

758
00:30:55,190 --> 00:30:52,720
big eureka with

759
00:30:57,190 --> 00:30:55,200
but these batteries are in series and

760
00:30:59,029 --> 00:30:57,200
when you put batteries in series the

761
00:31:05,509 --> 00:30:59,039
current is equivalent to what's in

762
00:31:07,269 --> 00:31:05,519
one battery big eureka

763
00:31:09,110 --> 00:31:07,279

is going to make this motor look totally

764

00:31:10,549 --> 00:31:09,120

ridiculous totally opposite

765

00:31:11,990 --> 00:31:10,559

of what that gentleman said when he

766

00:31:13,509 --> 00:31:12,000

picked it up and how efficient this

767

00:31:16,630 --> 00:31:13,519

motor was

768

00:31:18,310 --> 00:31:16,640

because it has no load on it we have

769

00:31:19,509 --> 00:31:18,320

that generator

770

00:31:21,430 --> 00:31:19,519

we're going to be recharging these

771

00:31:24,070 --> 00:31:21,440

batteries while we run

772

00:31:25,430 --> 00:31:24,080

big eureka all right we're going to hook

773

00:31:30,830 --> 00:31:25,440

up

774

00:31:35,350 --> 00:31:32,389

one

775

00:31:35,669 --> 00:31:35,360

that has no load on it if it was pumping

776

00:31:50,310 --> 00:31:35,679

out

777

00:31:50,320 --> 00:31:55,269

but he's already dying

778

00:31:59,669 --> 00:31:58,230

yeah if it slows down you'll hear that

779

00:32:01,110 --> 00:31:59,679

we're gonna have to baby this thing i

780

00:32:03,590 --> 00:32:01,120

can tell

781

00:32:05,990 --> 00:32:03,600

it's still running because i can hear it

782

00:32:11,110 --> 00:32:08,630

this battery will probably get hot the

783

00:32:16,070 --> 00:32:11,120

time the hours is over

784

00:32:19,029 --> 00:32:17,669

now you can watch the speed of that and

785

00:32:21,269 --> 00:32:19,039

see that it don't basically doesn't

786

00:32:24,310 --> 00:32:21,279

change

787

00:32:26,950 --> 00:32:24,320

it just keeps right on trucking

788

00:32:28,630 --> 00:32:26,960

and this motor is smoking it's not just

789

00:32:31,270 --> 00:32:28,640

hot there's smoke coming out of it all

790

00:32:32,789 --> 00:32:31,280

right so we're going to stop it

791

00:32:35,269 --> 00:32:32,799

[Music]

792

00:32:37,029 --> 00:32:35,279

it's been running for 51 minutes we're

793

00:32:39,830 --> 00:32:37,039

gonna let this motor

794

00:32:42,070 --> 00:32:39,840

our motor keep running all right now

795

00:32:42,389 --> 00:32:42,080

check this battery voltage real quick so

796

00:32:46,149 --> 00:32:42,399

then

797

00:32:49,269 --> 00:32:46,159

it's just this motor that was causes

798

00:32:50,870 --> 00:32:49,279

that's correct all right

799

00:32:52,870 --> 00:32:50,880

somebody talk about this when i hit this

800

00:32:55,350 --> 00:32:52,880

battery

801
00:32:56,070 --> 00:32:55,360
you see that on your screen i can see it

802
00:32:59,750 --> 00:32:56,080
yes

803
00:33:01,029 --> 00:32:59,760
what's our voltage on that battery 11.4

804
00:33:02,630 --> 00:33:01,039
we're going to fast forward running the

805
00:33:05,909 --> 00:33:02,640
generator

806
00:33:07,029 --> 00:33:05,919
these batteries at the same time it runs

807
00:33:09,669 --> 00:33:07,039
this machine

808
00:33:10,630 --> 00:33:09,679
that's taught to be totally impossible

809
00:33:12,470 --> 00:33:10,640
we're summing up

810
00:33:14,230 --> 00:33:12,480
what we did on that test we had

811
00:33:16,149 --> 00:33:14,240
perpetual motion so you

812
00:33:17,509 --> 00:33:16,159
understand it now we took the first

813
00:33:21,029 --> 00:33:17,519

battery and we

814

00:33:22,870 --> 00:33:21,039

ran that little white motor and it fell

815

00:33:24,710 --> 00:33:22,880

really five tenths you know in that

816

00:33:25,669 --> 00:33:24,720

length of time now i'm gonna draw an

817

00:33:27,350 --> 00:33:25,679

error over here

818

00:33:28,789 --> 00:33:27,360

i'll put it in red because it means

819

00:33:31,110 --> 00:33:28,799

we're losing

820

00:33:31,909 --> 00:33:31,120

money that's why i put it in red and i'm

821

00:33:34,950 --> 00:33:31,919

gonna show

822

00:33:37,190 --> 00:33:34,960

what it was when we finished it was 11.4

823

00:33:42,950 --> 00:33:37,200

now when we started though it was way

824

00:33:48,310 --> 00:33:46,070

that's where we started 11.81 uh we

825

00:33:49,430 --> 00:33:48,320

didn't even get to an hour we got to 159

826

00:33:51,669 --> 00:33:49,440

and we started smoking and we

827

00:33:53,509 --> 00:33:51,679

disconnected it all right now we take

828

00:33:55,190 --> 00:33:53,519

the other batteries that we ran big

829

00:33:56,630 --> 00:33:55,200

eureka weighed seven and a half thousand

830

00:33:58,549 --> 00:33:56,640

pounds the granger catalog

831

00:34:00,789 --> 00:33:58,559

shows you that that motor ought to be

832

00:34:03,110 --> 00:34:00,799

drawing some portion of 600

833

00:34:04,389 --> 00:34:03,120

better than 600 amps based on their

834

00:34:05,750 --> 00:34:04,399

information and they claim to be the

835

00:34:08,069 --> 00:34:05,760

best in the world

836

00:34:09,349 --> 00:34:08,079

all right now look what happened we

837

00:34:16,069 --> 00:34:09,359

started it off

838

00:34:24,629 --> 00:34:20,629

and we go to 11 770 an hour later

839

00:34:29,669 --> 00:34:24,639

on this battery it goes to 12

840

00:34:33,349 --> 00:34:29,679

12 volts this battery here is 11.7

841

00:34:36,550 --> 00:34:33,359

this is 11.74 an hour later

842

00:34:39,349 --> 00:34:36,560

is 11.7 it's 11.73

843

00:34:40,869 --> 00:34:39,359

an hour later clearly showing everyone

844

00:34:43,030 --> 00:34:40,879

in that length of an hour

845

00:34:44,550 --> 00:34:43,040

well there's a little battery that's so

846

00:34:45,510 --> 00:34:44,560

the motor got so hot she couldn't hardly

847

00:34:48,790 --> 00:34:45,520

touch it

848

00:34:51,589 --> 00:34:48,800

and started smoking this

849

00:34:52,710 --> 00:34:51,599

big motor doesn't even get warm at all

850

00:34:55,430 --> 00:34:52,720

now what you

851
00:34:57,190 --> 00:34:55,440
see is something that defies everything

852
00:34:58,790 --> 00:34:57,200
that's put out by the so-called learned

853
00:35:00,870 --> 00:34:58,800
people of the world

854
00:35:02,069 --> 00:35:00,880
this is perpetual motion because you

855
00:35:03,589 --> 00:35:02,079
cannot do it take another

856
00:35:05,510 --> 00:35:03,599
seven and a half thousand pound motor

857
00:35:07,270 --> 00:35:05,520
and let me see you run it

858
00:35:09,270 --> 00:35:07,280
off of that and the battery voltage will

859
00:35:11,990 --> 00:35:09,280
not fall it'll rise

860
00:35:12,630 --> 00:35:12,000
now what you're seeing here if you look

861
00:35:16,069 --> 00:35:12,640
at this

862
00:35:17,589 --> 00:35:16,079
you got a a chart made by dr swimmer

863
00:35:19,829 --> 00:35:17,599

this shows you something that you won't

864

00:35:22,150 --> 00:35:19,839

see on any graph on electrical motors

865

00:35:23,510 --> 00:35:22,160

of conventional motor but look at this

866

00:35:26,150 --> 00:35:23,520

it rises

867

00:35:26,790 --> 00:35:26,160

all these turns has never been seen

868

00:35:29,109 --> 00:35:26,800

before

869

00:35:31,270 --> 00:35:29,119

on the conventional electrical motor

870

00:35:33,510 --> 00:35:31,280

always learning in a straight line

871

00:35:34,310 --> 00:35:33,520

this is perpetual motion and we will

872

00:35:45,910 --> 00:35:34,320

make it

873

00:35:52,470 --> 00:35:49,430

so that's mr newman himself

874

00:35:53,190 --> 00:35:52,480

proving that the machine after running

875

00:35:56,550 --> 00:35:53,200

for an hour

876

00:35:59,750 --> 00:35:56,560

raised the voltage of the battery bank

877

00:36:03,270 --> 00:35:59,760

not lowered it uh which is basically

878

00:36:04,150 --> 00:36:03,280

his essential claim is that the machine

879

00:36:07,670 --> 00:36:04,160

would output

880

00:36:13,030 --> 00:36:07,680

more power uh than it

881

00:36:16,150 --> 00:36:13,040

would input

882

00:36:18,150 --> 00:36:16,160

so uh friends we're going to

883

00:36:19,190 --> 00:36:18,160

i will turn my total attention to the

884

00:36:22,069 --> 00:36:19,200

live chat

885

00:36:22,870 --> 00:36:22,079

we're going to take questions comments

886

00:36:32,230 --> 00:36:22,880

um

887

00:36:35,270 --> 00:36:33,670

yeah so that will conclude our

888

00:36:37,510 --> 00:36:35,280

presentation on mr

889

00:36:39,589 --> 00:36:37,520

joseph newman i highly recommend you

890

00:36:40,150 --> 00:36:39,599

watch this newman documentary if you're

891

00:36:42,710 --> 00:36:40,160

interested

892

00:36:43,750 --> 00:36:42,720

in this sort of subject matter and

893

00:36:46,470 --> 00:36:43,760

especially this

894

00:36:48,069 --> 00:36:46,480

he was an interesting character um

895

00:36:50,069 --> 00:36:48,079

you've got to love a guy that takes on

896

00:36:53,270 --> 00:36:50,079

the united states government and says

897

00:36:54,950 --> 00:36:53,280

no really my machine works i deserve a

898

00:36:56,470 --> 00:36:54,960

patent

899

00:36:57,990 --> 00:36:56,480

someone in the live chat mentioned

900

00:37:03,430 --> 00:36:58,000

earlier

901
00:37:06,870 --> 00:37:05,190
towards the end of his life mr newman

902
00:37:09,030 --> 00:37:06,880
was involved with a bunch of different

903
00:37:10,710 --> 00:37:09,040
people that were attempting to help him

904
00:37:11,349 --> 00:37:10,720
once again bring the machine to the

905
00:37:15,109 --> 00:37:11,359
world

906
00:37:17,430 --> 00:37:15,119
he got some business investors and as

907
00:37:19,589 --> 00:37:17,440
uh talked about in the documentary the

908
00:37:21,670 --> 00:37:19,599
business investor wanted to make an

909
00:37:23,030 --> 00:37:21,680
air conditioner that would run from the

910
00:37:25,270 --> 00:37:23,040
free power so put

911
00:37:27,270 --> 00:37:25,280
an air conditioner together with a small

912
00:37:29,190 --> 00:37:27,280
version of his device

913
00:37:30,630 --> 00:37:29,200

so that you can have free air

914

00:37:33,990 --> 00:37:30,640

conditioning

915

00:37:34,790 --> 00:37:34,000

and there was a few others mr newman

916

00:37:37,270 --> 00:37:34,800

became

917

00:37:38,470 --> 00:37:37,280

very angry and agitated claiming that

918

00:37:39,589 --> 00:37:38,480

people were trying to steal his

919

00:37:43,270 --> 00:37:39,599

invention away

920

00:37:46,310 --> 00:37:43,280

and he was going to do it his way and so

921

00:37:48,790 --> 00:37:46,320

the investors sort of balked like

922

00:37:49,990 --> 00:37:48,800

he went nuts on them yelled and screamed

923

00:37:50,790 --> 00:37:50,000

at them claimed they were trying to

924

00:37:52,710 --> 00:37:50,800

steal

925

00:37:54,710 --> 00:37:52,720

his invention away from him and he was

926
00:37:58,470 --> 00:37:54,720
going to do it his way

927
00:38:00,390 --> 00:37:58,480
so by all accounts

928
00:38:01,829 --> 00:38:00,400
to those closest to him at the end of

929
00:38:05,910 --> 00:38:01,839
his life he had become

930
00:38:07,910 --> 00:38:05,920
increasingly angry agitated and paranoid

931
00:38:09,190 --> 00:38:07,920
that people were all trying to steal his

932
00:38:13,270 --> 00:38:09,200
invention

933
00:38:15,510 --> 00:38:13,280
this huge machine

934
00:38:16,390 --> 00:38:15,520
in a public storage shortly before his

935
00:38:18,630 --> 00:38:16,400
death

936
00:38:20,630 --> 00:38:18,640
he went there and disassembled the

937
00:38:24,470 --> 00:38:20,640
entire machine

938
00:38:28,470 --> 00:38:24,480

um but as luck would have it we have

939

00:38:30,790 --> 00:38:28,480

um we have a book that he wrote

940

00:38:32,710 --> 00:38:30,800

detailing exactly how to reproduce the

941

00:38:34,470 --> 00:38:32,720

machine and if you search on youtube

942

00:38:35,670 --> 00:38:34,480

there are hundreds maybe thousands of

943

00:38:39,270 --> 00:38:35,680

people

944

00:38:39,910 --> 00:38:39,280

trying to uh trying to recreate the

945

00:38:45,510 --> 00:38:39,920

device

946

00:38:48,950 --> 00:38:47,670

sixth design is uh in the live chat

947

00:38:50,630 --> 00:38:48,960

giving the link to the newman

948

00:38:52,310 --> 00:38:50,640

documentary you can watch it on youtube

949

00:38:52,790 --> 00:38:52,320

entirely free you just gotta watch some

950

00:38:54,470 --> 00:38:52,800

ads

951
00:38:56,230 --> 00:38:54,480
but don't we all anytime we watch

952
00:38:57,829 --> 00:38:56,240
anything on youtube

953
00:39:00,069 --> 00:38:57,839
and has anybody else noticed that the

954
00:39:01,510 --> 00:39:00,079
ads on youtube have gotten crazy like it

955
00:39:03,430 --> 00:39:01,520
used to be like one ad

956
00:39:04,790 --> 00:39:03,440
before video would play a short video

957
00:39:05,990 --> 00:39:04,800
now it's two

958
00:39:08,310 --> 00:39:06,000
and i don't know if it's youtube

959
00:39:09,910 --> 00:39:08,320
creators doing this uh or

960
00:39:11,750 --> 00:39:09,920
but it seems like in the middle of the

961
00:39:13,190 --> 00:39:11,760
video there's two at the beginning of

962
00:39:14,390 --> 00:39:13,200
this video there's two

963
00:39:16,870 --> 00:39:14,400

three quarters of the way through

964

00:39:17,589 --> 00:39:16,880

there's two the ads are getting crazy on

965

00:39:22,069 --> 00:39:17,599

youtube there's

966

00:39:25,829 --> 00:39:24,790

okay what's his story steve ronin you're

967

00:39:29,109 --> 00:39:25,839

gonna have to

968

00:39:30,790 --> 00:39:29,119

rewind and you can hear

969

00:39:32,550 --> 00:39:30,800

you know my version of his story hi

970

00:39:34,150 --> 00:39:32,560

steve brown good to see you

971

00:39:37,430 --> 00:39:34,160

the sixth design says about the

972

00:39:37,990 --> 00:39:37,440

documentary 127 million views well worth

973

00:39:39,990 --> 00:39:38,000

the watch

974

00:39:41,750 --> 00:39:40,000

yeah i think it's an incredible this

975

00:39:43,510 --> 00:39:41,760

story is just a great story which is why

976

00:39:46,069 --> 00:39:43,520

i wanted to cover it here

977

00:39:48,950 --> 00:39:46,079

and include mr newman in our series on

978

00:39:51,190 --> 00:39:48,960

free energy devices

979

00:39:53,349 --> 00:39:51,200

missy calvi says newman does seem more

980

00:39:55,190 --> 00:39:53,359

legit than that guy searle since he

981

00:39:57,190 --> 00:39:55,200

wasn't stealing

982

00:39:59,030 --> 00:39:57,200

the electricity at least to my knowledge

983

00:40:00,950 --> 00:39:59,040

notes my knowledge mr newman has never

984

00:40:05,430 --> 00:40:00,960

been convicted of stealing electricity

985

00:40:09,990 --> 00:40:07,589

brent says what are you waiting for i'm

986

00:40:15,109 --> 00:40:10,000

waiting for the time the money and the

987

00:40:19,109 --> 00:40:15,119

uh passion really to recreate this thing

988

00:40:20,309 --> 00:40:19,119

yeah rodrigo vieira is here and says

989

00:40:23,109 --> 00:40:20,319

good evening stephen

990

00:40:24,230 --> 00:40:23,119

and chat verse yeah i'm thankful that

991

00:40:26,069 --> 00:40:24,240

you're all here today

992

00:40:28,309 --> 00:40:26,079

seems like every time i take a few days

993

00:40:29,190 --> 00:40:28,319

off streaming the numbers go from 50

994

00:40:32,870 --> 00:40:29,200

watching to

995

00:40:34,230 --> 00:40:32,880

20 watching um it is what it is i guess

996

00:40:36,309 --> 00:40:34,240

the universe is trying to tell me that i

997

00:40:38,230 --> 00:40:36,319

have to do a show every single day

998

00:40:40,470 --> 00:40:38,240

and i would like to try to do that and i

999

00:40:42,390 --> 00:40:40,480

would also like to uh

1000

00:40:44,069 --> 00:40:42,400

sort of get back to a regular schedule

1001
00:40:44,550 --> 00:40:44,079
but i'm having such a hard time doing

1002
00:40:47,990 --> 00:40:44,560
that

1003
00:40:52,230 --> 00:40:48,000
tonight and

1004
00:40:53,670 --> 00:40:52,240
uh yeah joseph prisco says run the power

1005
00:40:55,270 --> 00:40:53,680
in your cabin with it i

1006
00:40:57,589 --> 00:40:55,280
that's one of my interests in these free

1007
00:40:59,510 --> 00:40:57,599
energy devices if i could run my whole

1008
00:41:03,349 --> 00:40:59,520
cabin with one of these devices

1009
00:41:05,670 --> 00:41:03,359
i would love it brent in the facebook

1010
00:41:08,150 --> 00:41:05,680
comments says i believe you can do it

1011
00:41:10,390 --> 00:41:08,160
yeah thanks brett

1012
00:41:12,390 --> 00:41:10,400
maybe i can do it we'll i don't know

1013
00:41:13,990 --> 00:41:12,400

someday i may try to build it i spent a

1014

00:41:15,349 --> 00:41:14,000

long time though working on crystal

1015

00:41:16,710 --> 00:41:15,359

batteries which we're going to be

1016

00:41:20,230 --> 00:41:16,720

covering next

1017

00:41:21,910 --> 00:41:20,240

or soon i'm trying to dig my crystal

1018

00:41:24,710 --> 00:41:21,920

batteries out of the garage and get them

1019

00:41:27,829 --> 00:41:24,720

working again so that i can demonstrate

1020

00:41:29,990 --> 00:41:27,839

and uh joseph prisco is here as a kind

1021

00:41:32,550 --> 00:41:30,000

of an old friend of mine into computers

1022

00:41:33,109 --> 00:41:32,560

would argue with me about why crystal

1023

00:41:35,670 --> 00:41:33,119

batteries

1024

00:41:36,710 --> 00:41:35,680

are [h__h] and i would say no this

1025

00:41:39,750 --> 00:41:36,720

thing's been

1026
00:41:40,550 --> 00:41:39,760
lighting an led for a year in my shop on

1027
00:41:43,990 --> 00:41:40,560
no power

1028
00:41:46,230 --> 00:41:44,000
so dennis

1029
00:41:47,670 --> 00:41:46,240
coach is here shout out to dennis coach

1030
00:41:48,790 --> 00:41:47,680
and he asks where do you stand on john

1031
00:41:51,910 --> 00:41:48,800
hutchinson

1032
00:41:55,670 --> 00:41:51,920
that he's been caught

1033
00:41:58,069 --> 00:41:55,680
faking things floating uh and pretending

1034
00:41:59,430 --> 00:41:58,079
that he had any gravity going on in his

1035
00:42:02,790 --> 00:41:59,440
shop when in fact

1036
00:42:05,030 --> 00:42:02,800
there was things on wires which makes me

1037
00:42:06,470 --> 00:42:05,040
extremely suspect and also the so-called

1038
00:42:08,390 --> 00:42:06,480

hutchinson effect he

1039

00:42:10,150 --> 00:42:08,400

himself has never been able to recreate

1040

00:42:12,309 --> 00:42:10,160

and show people

1041

00:42:14,069 --> 00:42:12,319

i think that he used a camera upside

1042

00:42:16,309 --> 00:42:14,079

down to produce those effects that's

1043

00:42:17,910 --> 00:42:16,319

just my take on it i could be wrong and

1044

00:42:19,349 --> 00:42:17,920

we're probably going to cover the

1045

00:42:23,270 --> 00:42:19,359

hutchinson effect here

1046

00:42:27,030 --> 00:42:25,270

dominic says i'm doubtful newman is less

1047

00:42:32,470 --> 00:42:27,040

of a con man than the others

1048

00:42:36,309 --> 00:42:34,150

true seekers have you looked into wood

1049

00:42:37,270 --> 00:42:36,319

gas for the cabin no but i have watched

1050

00:42:39,510 --> 00:42:37,280

a lot of videos

1051
00:42:40,630 --> 00:42:39,520
of people running their cars off of wood

1052
00:42:43,510 --> 00:42:40,640
gas which is

1053
00:42:44,230 --> 00:42:43,520
interesting an interesting form of

1054
00:42:46,150 --> 00:42:44,240
energy

1055
00:42:47,670 --> 00:42:46,160
but i've never done any experiments into

1056
00:42:49,349 --> 00:42:47,680
that

1057
00:42:50,870 --> 00:42:49,359
i think you're so talented to be able to

1058
00:42:53,589 --> 00:42:50,880
build your own place like that

1059
00:42:54,790 --> 00:42:53,599
and you're great on the tech side too

1060
00:42:56,790 --> 00:42:54,800
yeah honestly

1061
00:42:58,550 --> 00:42:56,800
steve ronan i'm i'm much more

1062
00:42:59,510 --> 00:42:58,560
comfortable on the tech side of things

1063
00:43:01,430 --> 00:42:59,520

than

1064

00:43:02,950 --> 00:43:01,440

uh building this cabin was not in my

1065

00:43:05,430 --> 00:43:02,960

wheelhouse i'm not

1066

00:43:06,069 --> 00:43:05,440

like a carpenter i'm getting good at it

1067

00:43:08,230 --> 00:43:06,079

though

1068

00:43:10,390 --> 00:43:08,240

you know i always wanted a cabin

1069

00:43:12,710 --> 00:43:10,400

somewhere in the mountains

1070

00:43:15,910 --> 00:43:12,720

and really out of necessity i learned to

1071

00:43:17,430 --> 00:43:15,920

do this stuff because

1072

00:43:19,349 --> 00:43:17,440

i think i've mentioned this before but

1073

00:43:22,309 --> 00:43:19,359

we looked for a cabin already done

1074

00:43:23,750 --> 00:43:22,319

you know my wife was uh a little nervous

1075

00:43:25,190 --> 00:43:23,760

that i would be able to build anything

1076
00:43:25,670 --> 00:43:25,200
because she knows i'm kind of a clutch

1077
00:43:27,670 --> 00:43:25,680
with

1078
00:43:29,589 --> 00:43:27,680
you know power tools and things like i

1079
00:43:31,670 --> 00:43:29,599
i'm okay with cosmetic stuff like if the

1080
00:43:32,470 --> 00:43:31,680
walls aren't falling down and i can just

1081
00:43:34,550 --> 00:43:32,480
paint them and

1082
00:43:37,030 --> 00:43:34,560
you know fix things up i'm good at that

1083
00:43:39,349 --> 00:43:37,040
but to build something

1084
00:43:41,109 --> 00:43:39,359
not so much so you know what i learned

1085
00:43:43,030 --> 00:43:41,119
as i went i read every book that i could

1086
00:43:48,069 --> 00:43:43,040
find on building cabins and i

1087
00:43:50,390 --> 00:43:48,079
uh i uh sort of had some early failures

1088
00:43:51,109 --> 00:43:50,400

and then i kind of caught my groove and

1089

00:43:53,430 --> 00:43:51,119

figured out

1090

00:43:57,030 --> 00:43:53,440

how it is that i could do this and do it

1091

00:43:57,040 --> 00:44:00,550

okay

1092

00:44:04,470 --> 00:44:02,150

out of mind is here shout out to out of

1093

00:44:09,190 --> 00:44:04,480

mind says john carla

1094

00:44:11,589 --> 00:44:09,200

nixon hutchinson crazy as a loon yeah

1095

00:44:13,109 --> 00:44:11,599

but along with the crazy that's where i

1096

00:44:14,309 --> 00:44:13,119

learned about crystal batteries from out

1097

00:44:16,230 --> 00:44:14,319

of mind and if i had to pick

1098

00:44:18,630 --> 00:44:16,240

one free energy device that i think

1099

00:44:20,230 --> 00:44:18,640

shows the most promise

1100

00:44:21,990 --> 00:44:20,240

i would pick crystal batteries but

1101
00:44:25,030 --> 00:44:22,000
that's just my personal experience

1102
00:44:26,069 --> 00:44:25,040
because i spent a long time building

1103
00:44:28,150 --> 00:44:26,079
crystal batteries

1104
00:44:29,430 --> 00:44:28,160
and i don't know how they work but i

1105
00:44:32,309 --> 00:44:29,440
know they work

1106
00:44:33,670 --> 00:44:32,319
the problem with crystal batteries is

1107
00:44:35,589 --> 00:44:33,680
they produce

1108
00:44:36,870 --> 00:44:35,599
you can make this crystal battery that's

1109
00:44:41,030 --> 00:44:36,880
the size of like

1110
00:44:43,390 --> 00:44:41,040
uh you know a salt shaker

1111
00:44:45,510 --> 00:44:43,400
or something like that and it only makes

1112
00:44:49,270 --> 00:44:45,520
1.1 volt

1113
00:44:51,589 --> 00:44:49,280

and like a half a mil you know like

1114

00:44:54,309 --> 00:44:51,599

20 milliamps or something it basically

1115

00:44:56,069 --> 00:44:54,319

produces the amount of power that's

1116

00:44:58,069 --> 00:44:56,079

less than the amount of power that's in

1117

00:45:02,230 --> 00:44:58,079

a aaa battery

1118

00:45:05,510 --> 00:45:02,240

but it does so for years once it's built

1119

00:45:07,190 --> 00:45:05,520

charged uh you do input a source of

1120

00:45:09,109 --> 00:45:07,200

power but that's supposedly just to

1121

00:45:10,870 --> 00:45:09,119

charge the crystals for the first time

1122

00:45:13,030 --> 00:45:10,880

then you take the battery off this

1123

00:45:13,990 --> 00:45:13,040

crystal battery and it produces enough

1124

00:45:16,230 --> 00:45:14,000

power

1125

00:45:17,589 --> 00:45:16,240

with a little bit of electronics to

1126

00:45:21,430 --> 00:45:17,599

light an led

1127

00:45:28,630 --> 00:45:24,870

it produces enough power to create

1128

00:45:31,109 --> 00:45:28,640

to light like a little led light bulb

1129

00:45:33,109 --> 00:45:31,119

but it will do so for years there are

1130

00:45:34,870 --> 00:45:33,119

videos of people on the internet that

1131

00:45:35,670 --> 00:45:34,880

have made these things and shown that

1132

00:45:39,270 --> 00:45:35,680

that

1133

00:45:42,870 --> 00:45:39,280

led didn't go out for three four years

1134

00:45:44,790 --> 00:45:42,880

that's crazy to me i didn't get to it

1135

00:45:46,870 --> 00:45:44,800

but my

1136

00:45:48,069 --> 00:45:46,880

i got busy with moving and things so i

1137

00:45:51,030 --> 00:45:48,079

had to like take apart

1138

00:45:53,750 --> 00:45:51,040

everything in my basement shop uh which

1139

00:45:56,790 --> 00:45:53,760

was really just a pile of junk

1140

00:46:00,309 --> 00:45:56,800

and chemicals and stuff um

1141

00:46:02,230 --> 00:46:00,319

my plans were to try to make you have to

1142

00:46:04,150 --> 00:46:02,240

make the crystal batteries identical

1143

00:46:05,430 --> 00:46:04,160

in order to gang them in either a series

1144

00:46:08,390 --> 00:46:05,440

or parallel

1145

00:46:09,270 --> 00:46:08,400

i wanted to make a 12 volt crystal

1146

00:46:12,790 --> 00:46:09,280

battery bank

1147

00:46:14,950 --> 00:46:12,800

and that i'm still gonna do in fact

1148

00:46:17,030 --> 00:46:14,960

this month i'm ordering uh some of the

1149

00:46:20,630 --> 00:46:17,040

chemicals and things that you need

1150

00:46:22,790 --> 00:46:20,640

in order to produce these things uh

1151

00:46:24,550 --> 00:46:22,800

and i may cover some of that stuff on

1152

00:46:26,309 --> 00:46:24,560

the show here i'm glad that there's

1153

00:46:26,790 --> 00:46:26,319

interest in these free energy devices

1154

00:46:29,030 --> 00:46:26,800

because

1155

00:46:31,349 --> 00:46:29,040

it's one of my interests and i get back

1156

00:46:33,430 --> 00:46:31,359

and forth to it once in a while i

1157

00:46:35,510 --> 00:46:33,440

you know take some time off and then i

1158

00:46:37,190 --> 00:46:35,520

like to go on youtube and check in with

1159

00:46:39,349 --> 00:46:37,200

some of these inventors that i have been

1160

00:46:41,190 --> 00:46:39,359

following for a few years off and on and

1161

00:46:43,589 --> 00:46:41,200

see if they've made progress on their

1162

00:46:48,309 --> 00:46:43,599

projects or not

1163

00:46:50,470 --> 00:46:48,319

things like that vanessa thor is here

1164

00:46:52,150 --> 00:46:50,480

i like the new avatar and says once they

1165

00:46:52,790 --> 00:46:52,160

are caught straight up faking and lying

1166

00:46:54,470 --> 00:46:52,800

i'm done

1167

00:46:55,750 --> 00:46:54,480

yeah and that's the case with uh

1168

00:46:58,790 --> 00:46:55,760

hutchinson and the other thing with

1169

00:47:00,870 --> 00:46:58,800

hutchinson is it's strange like

1170

00:47:02,630 --> 00:47:00,880

in order to learn how to make these

1171

00:47:03,270 --> 00:47:02,640

crystal batteries which i'm telling you

1172

00:47:10,710 --> 00:47:03,280

they work

1173

00:47:13,030 --> 00:47:10,720

um

1174

00:47:13,910 --> 00:47:13,040

you have to sit through a video of

1175

00:47:16,630 --> 00:47:13,920

hutchinson

1176

00:47:17,750 --> 00:47:16,640

in drag pretending to be a woman

1177

00:47:19,589 --> 00:47:17,760

teaching you how to make

1178

00:47:20,870 --> 00:47:19,599

it's a famous video it's got millions of

1179

00:47:23,349 --> 00:47:20,880

views i think

1180

00:47:24,710 --> 00:47:23,359

which is bizarro like this guy in drag

1181

00:47:25,349 --> 00:47:24,720

is going to teach me how to make free

1182

00:47:28,470 --> 00:47:25,359

energy

1183

00:47:30,630 --> 00:47:28,480

okay but i i went through

1184

00:47:32,390 --> 00:47:30,640

and learned how to make these batteries

1185

00:47:35,030 --> 00:47:32,400

and you know

1186

00:47:36,790 --> 00:47:35,040

yes please follow uh please follow me on

1187

00:47:38,710 --> 00:47:36,800

twitter but more importantly

1188

00:47:39,829 --> 00:47:38,720

we're trying to get the twitch numbers

1189

00:47:41,910 --> 00:47:39,839

up so uh

1190

00:47:44,470 --> 00:47:41,920

if you have a twitch account please do

1191

00:47:46,230 --> 00:47:44,480

visit twitch.tv backslash truthseeker

1192

00:47:47,670 --> 00:47:46,240

show maybe success design can put that

1193

00:47:49,349 --> 00:47:47,680

in the live chat

1194

00:47:50,870 --> 00:47:49,359

or if you don't have a twitch account it

1195

00:47:52,069 --> 00:47:50,880

really only takes a few minutes we're

1196

00:47:54,549 --> 00:47:52,079

trying to get the twitch

1197

00:47:56,470 --> 00:47:54,559

follower numbers up please do follow us

1198

00:47:59,349 --> 00:47:56,480

on twitch you can watch our stream we

1199

00:48:03,030 --> 00:47:59,359

stream simultaneously to facebook live

1200

00:48:05,910 --> 00:48:03,040

um facebook live

1201

00:48:08,950 --> 00:48:05,920

then uh twitch and youtube all at the

1202

00:48:13,109 --> 00:48:11,270

yes joseph of prisco crystals vibrate at

1203

00:48:14,950 --> 00:48:13,119

specific frequencies which is why they

1204

00:48:18,069 --> 00:48:14,960

were used to make radios

1205

00:48:19,910 --> 00:48:18,079

joseph prisco i'm gonna draft you

1206

00:48:21,430 --> 00:48:19,920

joseph lives near my house and we're all

1207

00:48:23,510 --> 00:48:21,440

friends uh

1208

00:48:25,829 --> 00:48:23,520

i'm gonna make you i'm gonna clean up my

1209

00:48:27,829 --> 00:48:25,839

garage and i'm gonna get these chemicals

1210

00:48:29,030 --> 00:48:27,839

and some copper and some magnesium

1211

00:48:30,390 --> 00:48:29,040

that's all you need to make these

1212

00:48:32,470 --> 00:48:30,400

crystal batteries

1213

00:48:34,630 --> 00:48:32,480

and i'm gonna draft you into service and

1214

00:48:37,990 --> 00:48:34,640

we're gonna build a big

1215

00:48:38,549 --> 00:48:38,000

big crystal battery bank i could use

1216

00:48:40,630 --> 00:48:38,559

your help

1217

00:48:42,069 --> 00:48:40,640

because you're kind of technical and

1218

00:48:42,870 --> 00:48:42,079

it's not rocket science you put this

1219

00:48:46,630 --> 00:48:42,880

much chemical

1220

00:48:49,990 --> 00:48:48,390

i think they use i can't remember off

1221

00:48:52,390 --> 00:48:50,000

the top of my head but uh

1222

00:48:54,870 --> 00:48:52,400

epsom salts and some other things epsom

1223

00:48:58,470 --> 00:48:54,880

salts alum

1224

00:49:01,109 --> 00:48:58,480

and maybe yeah epsom salts and alum

1225

00:49:02,710 --> 00:49:01,119

i think is the major component of inside

1226

00:49:03,910 --> 00:49:02,720

the crystal battery and then you need a

1227

00:49:08,870 --> 00:49:03,920

copper

1228

00:49:10,309 --> 00:49:08,880

and magnesium rods

1229

00:49:12,309 --> 00:49:10,319

and we're going to make a bunch of them

1230

00:49:15,589 --> 00:49:12,319

and i've got some parts already joseph

1231

00:49:17,430 --> 00:49:15,599

prisco so if you want to get into that

1232

00:49:19,670 --> 00:49:17,440

i'm gonna draft you into my crazy

1233

00:49:21,510 --> 00:49:19,680

mission to create a free energy battery

1234

00:49:23,030 --> 00:49:21,520

i had grand plans at one point i was

1235

00:49:25,109 --> 00:49:23,040

gonna build this thing and caught the

1236

00:49:27,030 --> 00:49:25,119

infinity generator

1237

00:49:28,829 --> 00:49:27,040

i may still do that i've gotten back

1238

00:49:32,309 --> 00:49:28,839

into this stuff haven't covered this

1239

00:49:35,910 --> 00:49:34,069

if the newman device works in the us

1240

00:49:37,510 --> 00:49:35,920

patent office won't accept it why would

1241

00:49:41,109 --> 00:49:37,520

they not take it to another country

1242

00:49:44,470 --> 00:49:41,119

good idea you have a gift

1243

00:49:45,750 --> 00:49:44,480

uh brent does that mean a paypal

1244

00:49:47,510 --> 00:49:45,760

donation by the way

1245

00:49:48,790 --> 00:49:47,520

anybody who wishes to support me you can

1246

00:49:51,670 --> 00:49:48,800

either contact

1247

00:49:52,309 --> 00:49:51,680

you can either uh become a patreon

1248

00:49:54,069 --> 00:49:52,319

supporter

1249

00:49:56,470 --> 00:49:54,079

for a dollar a month we give you a bunch

1250

00:49:58,790 --> 00:49:56,480

of different benefits or

1251
00:49:59,510 --> 00:49:58,800
from the about section on youtube you

1252
00:50:02,390 --> 00:49:59,520
can

1253
00:50:04,549 --> 00:50:02,400
uh just give a one-time donation we're

1254
00:50:05,829 --> 00:50:04,559
calling that the not so super chat

1255
00:50:08,470 --> 00:50:05,839
donations

1256
00:50:09,589 --> 00:50:08,480
and if you give me a paypal donation i

1257
00:50:13,589 --> 00:50:09,599
do read it out

1258
00:50:17,510 --> 00:50:13,599
whatever you like on the uh

1259
00:50:18,309 --> 00:50:17,520
you i i read out if you add a note and

1260
00:50:21,990 --> 00:50:18,319
please do give

1261
00:50:22,000 --> 00:50:29,430
wow wow is that real

1262
00:50:29,440 --> 00:50:35,109
oh no uh that was from november 11th

1263
00:50:38,829 --> 00:50:37,829

wow so let me see if this person the

1264

00:50:41,510 --> 00:50:38,839

last

1265

00:50:42,630 --> 00:50:41,520

uh donation that we shouted out was from

1266

00:50:45,430 --> 00:50:42,640

genocide november

1267

00:50:47,109 --> 00:50:45,440

9th a very kind donation of five dollars

1268

00:50:51,190 --> 00:50:47,119

which we sincerely appreciate it

1269

00:50:57,510 --> 00:50:54,710

okay and uh wow we had a 40

1270

00:50:58,309 --> 00:50:57,520

donation on the 11th uh that i did not

1271

00:51:00,870 --> 00:50:58,319

shout out

1272

00:51:02,150 --> 00:51:00,880

and i don't want to uh say their name

1273

00:51:03,030 --> 00:51:02,160

because i think this is their real name

1274

00:51:06,230 --> 00:51:03,040

but the initials

1275

00:51:07,349 --> 00:51:06,240

are h if anybody knows who gave me the

1276

00:51:09,430 --> 00:51:07,359

forty dollars please

1277

00:51:12,630 --> 00:51:09,440

let me know your chat room user id we

1278

00:51:14,150 --> 00:51:12,640

had a big donation of forty dollars wow

1279

00:51:15,750 --> 00:51:14,160

i really appreciate that that really

1280

00:51:18,230 --> 00:51:15,760

helps so thank you

1281

00:51:20,829 --> 00:51:18,240

rh you have my sincere thanks and

1282

00:51:23,270 --> 00:51:20,839

gratitude for helping to support the

1283

00:51:26,230 --> 00:51:23,280

show

1284

00:51:27,030 --> 00:51:26,240

and uh again if if you don't have a

1285

00:51:28,870 --> 00:51:27,040

couple of bucks

1286

00:51:30,710 --> 00:51:28,880

it's a tough economy which is why i'm

1287

00:51:33,589 --> 00:51:30,720

out here begging for paypal donations

1288

00:51:35,349 --> 00:51:33,599

and patreon supporters

1289

00:51:37,030 --> 00:51:35,359

so we do need your financial support to

1290

00:51:39,030 --> 00:51:37,040

continue this show please consider a

1291

00:51:40,630 --> 00:51:39,040

paypal donation or becoming a patreon

1292

00:51:44,309 --> 00:51:40,640

supporter

1293

00:51:47,030 --> 00:51:44,319

if you do want to see our show continue

1294

00:51:47,510 --> 00:51:47,040

there are links in the about section of

1295

00:51:50,069 --> 00:51:47,520

our

1296

00:51:52,150 --> 00:51:50,079

channel or right on the main channel in

1297

00:51:53,589 --> 00:51:52,160

the upper right corner there's both a

1298

00:51:57,670 --> 00:51:53,599

paypal donate button

1299

00:52:01,109 --> 00:51:57,680

and a patreon sign up for patreon button

1300

00:52:03,270 --> 00:52:01,119

um yes so we really do appreciate

1301
00:52:05,589 --> 00:52:03,280
your support this is a viewer supported

1302
00:52:06,309 --> 00:52:05,599
show and every dollar so far has been

1303
00:52:10,470 --> 00:52:06,319
going back

1304
00:52:12,309 --> 00:52:10,480
into uh equipment and webcams and

1305
00:52:14,630 --> 00:52:12,319
all these different things that we need

1306
00:52:17,670 --> 00:52:14,640
backdrops lights

1307
00:52:19,430 --> 00:52:17,680
microphones and we really

1308
00:52:22,069 --> 00:52:19,440
i really appreciate everyone's support

1309
00:52:24,630 --> 00:52:22,079
because i i've so far been able to get

1310
00:52:25,910 --> 00:52:24,640
an adequate and decent setup at my home

1311
00:52:28,069 --> 00:52:25,920
studio

1312
00:52:29,750 --> 00:52:28,079
and now i don't have to take anything

1313
00:52:32,790 --> 00:52:29,760

back and forth to the cabin

1314

00:52:35,190 --> 00:52:32,800

for a long time i was breaking down

1315

00:52:36,309 --> 00:52:35,200

everything at the home studio the

1316

00:52:39,270 --> 00:52:36,319

microphones

1317

00:52:41,190 --> 00:52:39,280

the stands the webcams the webcam stands

1318

00:52:43,670 --> 00:52:41,200

and dragging it to the cabin

1319

00:52:45,190 --> 00:52:43,680

and then it sucked it was terrible so

1320

00:52:46,870 --> 00:52:45,200

thank you to everybody because

1321

00:52:48,790 --> 00:52:46,880

the reason it was terrible is because

1322

00:52:49,910 --> 00:52:48,800

after breaking it all down i'd have to

1323

00:52:51,750 --> 00:52:49,920

set it all up here

1324

00:52:53,829 --> 00:52:51,760

and then break it down here and take it

1325

00:52:55,589 --> 00:52:53,839

back home and set it all up and now we

1326

00:52:58,549 --> 00:52:55,599

don't have to do that back and forth

1327

00:52:58,790 --> 00:52:58,559

which has been really really helpful and

1328

00:53:14,549 --> 00:52:58,800

i

1329

00:53:17,750 --> 00:53:14,559

ufos

1330

00:53:19,270 --> 00:53:17,760

uh anything please do email me at

1331

00:53:21,510 --> 00:53:19,280

truthseekershow

1332

00:53:23,589 --> 00:53:21,520

gmail.com we're going to be booking new

1333

00:53:26,230 --> 00:53:23,599

guests uh

1334

00:53:27,510 --> 00:53:26,240

in the next week or two i would like to

1335

00:53:29,030 --> 00:53:27,520

mention that we're going to have cal

1336

00:53:31,990 --> 00:53:29,040

korff on a return visit

1337

00:53:33,190 --> 00:53:32,000

next week sometime and i'm reaching out

1338

00:53:34,870 --> 00:53:33,200

to several other people

1339

00:53:36,390 --> 00:53:34,880

including cliff high cliff high if

1340

00:53:38,710 --> 00:53:36,400

you're watching cliff high is one of

1341

00:53:41,670 --> 00:53:38,720

those guys experimenting with magnets

1342

00:53:43,190 --> 00:53:41,680

and trying to create free energy i'd

1343

00:53:46,630 --> 00:53:43,200

like to talk to him

1344

00:53:48,230 --> 00:53:46,640

about his experiments uh he's you know

1345

00:53:49,990 --> 00:53:48,240

interesting character cliff high

1346

00:53:51,430 --> 00:53:50,000

inventor of web bot we've had him on our

1347

00:53:54,309 --> 00:53:51,440

show previously

1348

00:53:56,309 --> 00:53:54,319

um we'd like to have him again i just

1349

00:53:57,109 --> 00:53:56,319

keep forgetting to email him i've asked

1350

00:53:58,630 --> 00:53:57,119

him on twitter

1351
00:54:00,390 --> 00:53:58,640
he doesn't respond to twitter much but

1352
00:54:02,230 --> 00:54:00,400
if you email him he does so

1353
00:54:03,990 --> 00:54:02,240
i'm gonna do that but cliff hi if you're

1354
00:54:04,790 --> 00:54:04,000
watching we'd really like to have you on

1355
00:54:06,390 --> 00:54:04,800
and just do

1356
00:54:08,549 --> 00:54:06,400
we can do a general talk about these

1357
00:54:10,230 --> 00:54:08,559
free energy devices about magnetism

1358
00:54:13,270 --> 00:54:10,240
about your experiments

1359
00:54:15,109 --> 00:54:13,280
i definitely want to do that and let me

1360
00:54:18,710 --> 00:54:15,119
see your friends

1361
00:54:21,990 --> 00:54:20,790
the other way i was mentioning if you

1362
00:54:24,150 --> 00:54:22,000
don't have a couple of bucks

1363
00:54:25,670 --> 00:54:24,160

and i understand it's a rough economy

1364

00:54:27,349 --> 00:54:25,680

like i said that's why i'm out here

1365

00:54:30,710 --> 00:54:27,359

begging for paypal donations

1366

00:54:32,950 --> 00:54:30,720

and uh and patreon supporters

1367

00:54:35,109 --> 00:54:32,960

by the way if you sign up on patreon you

1368

00:54:38,630 --> 00:54:35,119

get whatever i'm working on for free

1369

00:54:41,109 --> 00:54:38,640

you can see behind me here this is uh

1370

00:54:42,950 --> 00:54:41,119

my version of linux it's called altos

1371

00:54:45,990 --> 00:54:42,960

the alternative operating system

1372

00:54:48,630 --> 00:54:46,000

you get that free you get uh

1373

00:54:50,630 --> 00:54:48,640

we do an audio journal every month and

1374

00:54:53,030 --> 00:54:50,640

the mind hack project which is slowly

1375

00:54:56,549 --> 00:54:53,040

going to be finished i hope in the next

1376

00:54:57,589 --> 00:54:56,559

month that's a four almost four hour

1377

00:54:59,990 --> 00:54:57,599

long audio

1378

00:55:01,910 --> 00:55:00,000

sort of personal development system and

1379

00:55:03,510 --> 00:55:01,920

it's got a lot of motivational speaking

1380

00:55:05,349 --> 00:55:03,520

and things like that in it so if you've

1381

00:55:07,190 --> 00:55:05,359

ever wanted me to yell at you so you get

1382

00:55:09,990 --> 00:55:07,200

some [h__h] done

1383

00:55:11,670 --> 00:55:10,000

this is a great you would love it and uh

1384

00:55:13,270 --> 00:55:11,680

that's going to retail i think at 50

1385

00:55:15,190 --> 00:55:13,280

dollars we've decided

1386

00:55:17,030 --> 00:55:15,200

but if you're a patreon supporter you

1387

00:55:19,030 --> 00:55:17,040

get it for the dollar a month

1388

00:55:20,390 --> 00:55:19,040

and i've been giving pieces of it away

1389

00:55:22,950 --> 00:55:20,400

as it's come to

1390

00:55:23,670 --> 00:55:22,960

a final product anything that i'm

1391

00:55:26,150 --> 00:55:23,680

working on

1392

00:55:28,069 --> 00:55:26,160

the patreon supporters get it i also

1393

00:55:30,710 --> 00:55:28,079

will be returning to creating

1394

00:55:31,910 --> 00:55:30,720

some new music and all the music will

1395

00:55:35,270 --> 00:55:31,920

not be public

1396

00:55:36,309 --> 00:55:35,280

until there's an actual full-length

1397

00:55:39,190 --> 00:55:36,319

album

1398

00:55:39,750 --> 00:55:39,200

but i will be posting a few songs a

1399

00:55:43,030 --> 00:55:39,760

month

1400

00:55:44,549 --> 00:55:43,040

starting i believe in december you get

1401

00:55:46,710 --> 00:55:44,559

that for a dollar a month and you get

1402

00:55:48,630 --> 00:55:46,720

the sneak peek sort of backstage pass

1403

00:55:52,470 --> 00:55:48,640

whatever i'm working on i give it all

1404

00:55:55,670 --> 00:55:54,870

so yeah you can sign up for patreon it's

1405

00:55:57,270 --> 00:55:55,680

a book a month

1406

00:55:58,710 --> 00:55:57,280

or more you can give me a hundred

1407

00:56:01,190 --> 00:55:58,720

dollars a month if you really

1408

00:56:01,990 --> 00:56:01,200

like my work but it only the buy-in is

1409

00:56:04,150 --> 00:56:02,000

only a dollar

1410

00:56:05,190 --> 00:56:04,160

a month if i can get a few thousand

1411

00:56:08,150 --> 00:56:05,200

people to do that

1412

00:56:09,829 --> 00:56:08,160

i would be in great shape just putting

1413

00:56:11,589 --> 00:56:09,839

that out there to the universe just in

1414

00:56:13,030 --> 00:56:11,599

case the universe is listening

1415

00:56:14,710 --> 00:56:13,040

now the other way that you can support

1416

00:56:15,670 --> 00:56:14,720

me is to please like comment and

1417

00:56:18,630 --> 00:56:15,680

subscribe

1418

00:56:18,950 --> 00:56:18,640

and if you like this sort of information

1419

00:56:20,950 --> 00:56:18,960

uh

1420

00:56:22,470 --> 00:56:20,960

if you like this sort of entertainment

1421

00:56:23,990 --> 00:56:22,480

you probably know some other

1422

00:56:25,910 --> 00:56:24,000

you probably have some friends that

1423

00:56:28,630 --> 00:56:25,920

would like this as well

1424

00:56:29,589 --> 00:56:28,640

please please send our channel address

1425

00:56:32,390 --> 00:56:29,599

to some friends

1426
00:56:33,589 --> 00:56:32,400
and and again the best way to support us

1427
00:56:36,150 --> 00:56:33,599
if not financially

1428
00:56:38,470 --> 00:56:36,160
it doesn't cost a penny like comment and

1429
00:56:41,109 --> 00:56:38,480
subscribe

1430
00:56:42,630 --> 00:56:41,119
share these videos on your twitter uh

1431
00:56:45,349 --> 00:56:42,640
instagram

1432
00:56:46,230 --> 00:56:45,359
facebook wherever that would really

1433
00:56:49,349 --> 00:56:46,240
really help

1434
00:56:52,230 --> 00:56:49,359
help our show out uh now i'm gonna

1435
00:56:57,190 --> 00:56:52,240
return to the live chat here

1436
00:57:00,789 --> 00:56:59,109
rodrigo vieiro says quartz has

1437
00:57:01,990 --> 00:57:00,799
piezoelectric properties it works on

1438
00:57:05,109 --> 00:57:02,000

guitars and watches

1439

00:57:07,030 --> 00:57:05,119

so yeah uh those crystal batteries are

1440

00:57:09,349 --> 00:57:07,040

fascinating to me rodrigo because

1441

00:57:10,549 --> 00:57:09,359

it uses crystals and we've all and if

1442

00:57:13,589 --> 00:57:10,559

you're into anything

1443

00:57:14,470 --> 00:57:13,599

sort of new aeg or whatever you've

1444

00:57:17,430 --> 00:57:14,480

always heard

1445

00:57:19,190 --> 00:57:17,440

about the power of crystals right but

1446

00:57:20,390 --> 00:57:19,200

i've never seen proof of it until these

1447

00:57:23,510 --> 00:57:20,400

crystal batteries which

1448

00:57:25,510 --> 00:57:23,520

for sure use crystal crystals salt

1449

00:57:25,990 --> 00:57:25,520

crystals in the form of epsom salts but

1450

00:57:30,789 --> 00:57:26,000

it's still

1451
00:57:37,430 --> 00:57:34,789
brent musselman wish and i want to help

1452
00:57:38,950 --> 00:57:37,440
yeah you you'd be welcome to help too

1453
00:57:40,710 --> 00:57:38,960
anybody wants to cover my house build

1454
00:57:42,470 --> 00:57:40,720
crystal batteries i'm going to be doing

1455
00:57:44,150 --> 00:57:42,480
that

1456
00:57:46,390 --> 00:57:44,160
yeah and sixth design has been kind

1457
00:57:48,789 --> 00:57:46,400
enough six design gets the

1458
00:57:50,470 --> 00:57:48,799
the truth seekers mvp always helping

1459
00:57:51,910 --> 00:57:50,480
always sharing i just want you to know

1460
00:57:53,829 --> 00:57:51,920
that i appreciate your help success

1461
00:57:55,990 --> 00:57:53,839
design is always trying to push people

1462
00:57:59,190 --> 00:57:56,000
give me a dollar on patreon

1463
00:58:01,670 --> 00:57:59,200

posting the links uh posting the

1464

00:58:03,670 --> 00:58:01,680

fair use statement by the way sixes i

1465

00:58:04,870 --> 00:58:03,680

have these banners here that you see at

1466

00:58:08,390 --> 00:58:04,880

the bottom of the screen

1467

00:58:10,470 --> 00:58:08,400

i have to i have to remember

1468

00:58:11,910 --> 00:58:10,480

right to make a banner for the fair use

1469

00:58:12,630 --> 00:58:11,920

statement because that'll be easier than

1470

00:58:16,549 --> 00:58:12,640

always

1471

00:58:18,789 --> 00:58:16,559

saying it dennis coach says you have to

1472

00:58:21,670 --> 00:58:18,799

raise the patreon level to five dollars

1473

00:58:23,430 --> 00:58:21,680

yeah i may do a second tier but i just

1474

00:58:24,069 --> 00:58:23,440

thought it'd be best if everybody could

1475

00:58:27,510 --> 00:58:24,079

give us

1476
00:58:29,910 --> 00:58:27,520
dollar

1477
00:58:31,510 --> 00:58:29,920
you you know it's a cost of a soda at

1478
00:58:33,829 --> 00:58:31,520
mcdonald's a dollar

1479
00:58:35,430 --> 00:58:33,839
right you can't even get a cup of coffee

1480
00:58:36,390 --> 00:58:35,440
for a dollar but you can get all this

1481
00:58:38,230 --> 00:58:36,400
great entertainment

1482
00:58:40,309 --> 00:58:38,240
and all this and know that you're

1483
00:58:42,150 --> 00:58:40,319
helping me continue to produce it and

1484
00:58:44,230 --> 00:58:42,160
you're getting all those extra benefits

1485
00:58:45,589 --> 00:58:44,240
that the regular viewers don't get to

1486
00:58:48,150 --> 00:58:45,599
see

1487
00:58:49,109 --> 00:58:48,160
and yes six design says nice 40 bucks

1488
00:58:52,470 --> 00:58:49,119

very cool thank you

1489

00:58:54,390 --> 00:58:52,480

rh i i love it man

1490

00:58:55,990 --> 00:58:54,400

i i was so happy to see that i didn't

1491

00:58:57,589 --> 00:58:56,000

even know about it i have to get better

1492

00:58:59,750 --> 00:58:57,599

at checking it i just

1493

00:59:01,190 --> 00:58:59,760

honestly we can go a week and nobody

1494

00:59:03,190 --> 00:59:01,200

gives me a dollar on

1495

00:59:04,309 --> 00:59:03,200

on paypal so i haven't been checking it

1496

00:59:06,069 --> 00:59:04,319

i'm going to make it a point

1497

00:59:08,870 --> 00:59:06,079

every show i will check it so that i can

1498

00:59:09,910 --> 00:59:08,880

do the uh do the shout out and thank

1499

00:59:12,390 --> 00:59:09,920

people

1500

00:59:13,990 --> 00:59:12,400

uh boy they certainly have my gratitude

1501

00:59:15,430 --> 00:59:14,000

every dollar helps the show

1502

00:59:17,750 --> 00:59:15,440

i'm already thinking about what i could

1503

00:59:17,990 --> 00:59:17,760

get with that 40 bucks to help the show

1504

00:59:21,589 --> 00:59:18,000

get

1505

00:59:24,390 --> 00:59:21,599

better right but there's another thing

1506

00:59:25,910 --> 00:59:24,400

plans for the show i am definitely this

1507

00:59:27,670 --> 00:59:25,920

month before the end of the month

1508

00:59:29,109 --> 00:59:27,680

i'm upgrading our stream yard we're

1509

00:59:31,510 --> 00:59:29,119

going to have 1080p

1510

00:59:33,030 --> 00:59:31,520

finally all my webcams are 1080p but at

1511

00:59:35,750 --> 00:59:33,040

the buy-in level that we're out with

1512

00:59:41,589 --> 00:59:40,069

we only get to stream at 720.

1513

00:59:44,829 --> 00:59:41,599

the other thing that upgrading stream

1514

00:59:50,549 --> 00:59:47,829

is our

1515

00:59:52,150 --> 00:59:50,559

once we upgrade the stream yard to like

1516

00:59:52,950 --> 00:59:52,160

the gold membership or whatever it's

1517

00:59:54,309 --> 00:59:52,960

called

1518

00:59:56,470 --> 00:59:54,319

uh we're going to be able to stream the

1519

00:59:57,990 --> 00:59:56,480

five more locations i haven't figured

1520

01:00:00,230 --> 00:59:58,000

out which ones we're going to go to but

1521

01:00:02,190 --> 01:00:00,240

probably periscope and a few others

1522

01:00:03,589 --> 01:00:02,200

we're going to be streaming

1523

01:00:05,589 --> 01:00:03,599

simultaneously

1524

01:00:07,190 --> 01:00:05,599

by the end of the month that's my goal

1525

01:00:09,750 --> 01:00:07,200

we're going to be streaming to eight

1526

01:00:10,309 --> 01:00:09,760

places on the internet all at the same

1527

01:00:11,910 --> 01:00:10,319

time

1528

01:00:14,069 --> 01:00:11,920

which is amazing this technology is

1529

01:00:14,630 --> 01:00:14,079

amazing steve ronan i think you've

1530

01:00:16,309 --> 01:00:14,640

mentioned this

1531

01:00:19,349 --> 01:00:16,319

before if my debit card was not broke

1532

01:00:21,190 --> 01:00:19,359

i'd donate because he's so genuine

1533

01:00:22,390 --> 01:00:21,200

and his dirty laugh like selma from the

1534

01:00:24,789 --> 01:00:22,400

simpsons

1535

01:00:26,309 --> 01:00:24,799

yeah everybody says that i never knew

1536

01:00:33,270 --> 01:00:26,319

that people liked my laugh i always

1537

01:00:36,630 --> 01:00:35,270

okay question andrew whitley says

1538

01:00:38,710 --> 01:00:36,640

stephen campbell what was your first

1539

01:00:41,510 --> 01:00:38,720

computer games console

1540

01:00:43,349 --> 01:00:41,520

my one was the commodore 64. the for the

1541

01:00:45,670 --> 01:00:43,359

very first computer that i ever got

1542

01:00:47,270 --> 01:00:45,680

my father got me and it was a timex

1543

01:00:50,630 --> 01:00:47,280

sinclair 1000

1544

01:00:52,789 --> 01:00:50,640

and those were worthless

1545

01:00:54,950 --> 01:00:52,799

they were so shitty and they had this

1546

01:00:55,589 --> 01:00:54,960

membrane keyboard and it was like this

1547

01:00:57,670 --> 01:00:55,599

big

1548

01:01:00,150 --> 01:00:57,680

joseph prisco if he's watching he still

1549

01:01:01,670 --> 01:01:00,160

has some of these timex sinclair 1000s i

1550

01:01:03,670 --> 01:01:01,680

gotta buy one just so that i can

1551

01:01:06,870 --> 01:01:03,680

remember where i came from

1552

01:01:08,549 --> 01:01:06,880

but and it only had like 1k of memory

1553

01:01:11,190 --> 01:01:08,559

or something like you could barely write

1554

01:01:13,030 --> 01:01:11,200

a program on it and when you were typing

1555

01:01:14,390 --> 01:01:13,040

like you would hit the letter t and six

1556

01:01:16,230 --> 01:01:14,400

t's would come and then you would hit

1557

01:01:16,950 --> 01:01:16,240

the backspace and it would go back eight

1558

01:01:18,549 --> 01:01:16,960

spaces

1559

01:01:19,990 --> 01:01:18,559

at least mine my dad bought it

1560

01:01:22,150 --> 01:01:20,000

secondhand somewhere

1561

01:01:24,549 --> 01:01:22,160

from a friend of his that did cb radio

1562

01:01:26,630 --> 01:01:24,559

repair that was my very first computer

1563

01:01:27,430 --> 01:01:26,640

but the first computer that i got that i

1564

01:01:30,069 --> 01:01:27,440

felt

1565

01:01:31,910 --> 01:01:30,079

this is actually a useful computer was a

1566

01:01:35,670 --> 01:01:31,920

tandy color computer

1567

01:01:37,670 --> 01:01:35,680

and i got introduced to os9 which is

1568

01:01:39,990 --> 01:01:37,680

very much like unix which is probably

1569

01:01:43,030 --> 01:01:40,000

why i love linux still to this day

1570

01:01:45,349 --> 01:01:43,040

os 9 not from mac but from tandy color

1571

01:01:48,710 --> 01:01:45,359

computer was made by microware let you

1572

01:01:51,829 --> 01:01:48,720

multitask and even on an 8 bit

1573

01:01:53,829 --> 01:01:51,839

1 megahertz computer i could for example

1574

01:01:57,349 --> 01:01:53,839

download games from a bbs

1575

01:01:58,549 --> 01:01:57,359

and uh use a drawing program or

1576

01:02:00,870 --> 01:01:58,559

something like that

1577

01:02:02,630 --> 01:02:00,880

and uh it was amazing and i still have

1578

01:02:04,710 --> 01:02:02,640

my tandy color computers

1579

01:02:06,870 --> 01:02:04,720

i'm teaching my son computers with them

1580

01:02:09,510 --> 01:02:06,880

right now or i plan to

1581

01:02:17,190 --> 01:02:09,520

yes and here's where you can email me

1582

01:02:21,109 --> 01:02:19,190

genocide says he knows a wizard who's in

1583

01:02:22,950 --> 01:02:21,119

the ufo send him my way we need new

1584

01:02:28,150 --> 01:02:22,960

guests

1585

01:02:32,069 --> 01:02:30,150

yes i do plan to ask him some tough

1586

01:02:36,230 --> 01:02:32,079

questions uh biden ballot

1587

01:02:39,109 --> 01:02:36,240

changer i like the new name

1588

01:02:41,270 --> 01:02:39,119

yes related links to the about section

1589

01:02:43,829 --> 01:02:41,280

definitely

1590

01:02:45,589 --> 01:02:43,839

uh brent you can help by sharing this

1591

01:02:47,910 --> 01:02:45,599

show on your social media

1592

01:02:50,309 --> 01:02:47,920

or by becoming a patreon supporter for a

1593

01:02:51,829 --> 01:02:50,319

dollar or sending us some cohort cash on

1594

01:02:53,750 --> 01:02:51,839

paypal

1595

01:02:55,430 --> 01:02:53,760

i could use eight thousand dollars right

1596

01:02:57,270 --> 01:02:55,440

now just putting that out there

1597

01:03:06,630 --> 01:02:57,280

bren i don't know how rich you are i

1598

01:03:10,470 --> 01:03:07,910

out of mind i'm not sure what you're

1599

01:03:15,109 --> 01:03:10,480

asking if what you're supposed to do

1600

01:03:20,150 --> 01:03:18,549

uh yeah we're we're gonna have a few ads

1601

01:03:21,430 --> 01:03:20,160

here but i promise you guys it's never

1602

01:03:24,390 --> 01:03:21,440

gonna go

1603

01:03:25,190 --> 01:03:24,400

i swear to god there's uh you know some

1604

01:03:26,870 --> 01:03:25,200

shows it's like

1605

01:03:28,390 --> 01:03:26,880

there's a two minute ad every five

1606

01:03:30,549 --> 01:03:28,400

minutes i don't know how people watch

1607

01:03:32,549 --> 01:03:30,559

any of that stuff

1608

01:03:34,630 --> 01:03:32,559

brent can i add a link to facebook yeah

1609

01:03:35,829 --> 01:03:34,640

sure sure definitely do that and i

1610

01:03:37,670 --> 01:03:35,839

i don't know that i've seen you here

1611

01:03:39,430 --> 01:03:37,680

before brent uh i know that we're

1612

01:03:40,710 --> 01:03:39,440

friends on facebook i believe which is

1613

01:03:43,270 --> 01:03:40,720

how you found me or

1614

01:03:46,710 --> 01:03:43,280

seen the live stream on facebook yes

1615

01:03:50,549 --> 01:03:46,720

send me a message on facebook

1616

01:03:52,549 --> 01:03:50,559

joseph mentioned magnesium sulfate hepta

1617

01:03:53,589 --> 01:03:52,559

hydrate yeah we're gonna be playing with

1618

01:03:55,270 --> 01:03:53,599

all that stuff joe

1619

01:03:57,510 --> 01:03:55,280

we're gonna be mad scientists in my

1620

01:03:59,349 --> 01:03:57,520

garage

1621

01:04:01,270 --> 01:03:59,359

yeah genocide your your continued

1622

01:04:02,789 --> 01:04:01,280

support he does patreon and every once

1623

01:04:05,349 --> 01:04:02,799

in a while he sends me five bucks or

1624

01:04:08,309 --> 01:04:05,359

something and i truly appreciate that

1625

01:04:09,750 --> 01:04:08,319

long time supporter of the show we

1626
01:04:11,190 --> 01:04:09,760
definitely appreciate everyone that's

1627
01:04:12,789 --> 01:04:11,200
throwing a few bucks our way because

1628
01:04:14,710 --> 01:04:12,799
we're going to be expanding to eight

1629
01:04:15,510 --> 01:04:14,720
streaming locations soon and i'm using

1630
01:04:19,589 --> 01:04:15,520
the money

1631
01:04:23,589 --> 01:04:21,190
vanessa thor says ultrasound is

1632
01:04:26,710 --> 01:04:23,599
basically crystal magic

1633
01:04:29,270 --> 01:04:26,720
ceramic crystal piezoelectrics

1634
01:04:30,870 --> 01:04:29,280
you're right actually that's exactly

1635
01:04:32,630 --> 01:04:30,880
well that's a simplified explanation

1636
01:04:35,270 --> 01:04:32,640
vanessa thor but that is how

1637
01:04:37,029 --> 01:04:35,280
ultrasound works they use uh they use

1638
01:04:41,109 --> 01:04:37,039

ceramic crystal

1639

01:04:44,150 --> 01:04:41,119

then they

1640

01:04:47,029 --> 01:04:44,160

sense what those waves

1641

01:04:52,150 --> 01:04:47,039

do in your body i think but i think that

1642

01:04:56,789 --> 01:04:54,789

oh yeah the timex sinclair 1000 was also

1643

01:05:00,309 --> 01:04:56,799

joseph prisco's first computer

1644

01:05:02,150 --> 01:05:00,319

and it has 2k joseph if you have two of

1645

01:05:03,990 --> 01:05:02,160

them i want one just to hang it up and

1646

01:05:04,390 --> 01:05:04,000

remember how shitty my first computer

1647

01:05:08,069 --> 01:05:04,400

was

1648

01:05:09,670 --> 01:05:08,079

you know stephen and jiggy have the best

1649

01:05:10,870 --> 01:05:09,680

layer steven sounds like the ant from

1650

01:05:15,029 --> 01:05:10,880

the simpsons oh

1651

01:05:17,750 --> 01:05:15,039

god really vanessa thor geez

1652

01:05:19,750 --> 01:05:17,760

steve ronan had an atari in 1990 do you

1653

01:05:21,349 --> 01:05:19,760

mean an atari computer or atari video

1654

01:05:21,990 --> 01:05:21,359

games we had atari video games that was

1655

01:05:25,750 --> 01:05:22,000

my first video

1656

01:05:29,029 --> 01:05:27,589

six indesign says i build my own

1657

01:05:30,630 --> 01:05:29,039

computers won't ever do different

1658

01:05:31,670 --> 01:05:30,640

cheaper and better and you truly get

1659

01:05:33,589 --> 01:05:31,680

what you pay for

1660

01:05:34,950 --> 01:05:33,599

you know what six design the older i get

1661

01:05:37,190 --> 01:05:34,960

i used to build all my own

1662

01:05:38,950 --> 01:05:37,200

pcs but the older i get like i just

1663

01:05:41,910 --> 01:05:38,960

don't want to mess with it so

1664

01:05:42,549 --> 01:05:41,920

my current main rig is uh an ibm think

1665

01:05:45,670 --> 01:05:42,559

station

1666

01:05:48,150 --> 01:05:45,680

and it's got 24 cores and like 64 gigs

1667

01:05:51,349 --> 01:05:48,160

of ram or something crazy like that

1668

01:05:52,549 --> 01:05:51,359

um or maybe it's 30 no it's 32. i took

1669

01:05:54,069 --> 01:05:52,559

something out because it was

1670

01:05:56,549 --> 01:05:54,079

something's not right with the my

1671

01:05:58,309 --> 01:05:56,559

workstation and i have to figure it out

1672

01:05:59,510 --> 01:05:58,319

actually i may have just prisco come

1673

01:06:02,870 --> 01:05:59,520

over and look at it because he's better

1674

01:06:04,630 --> 01:06:02,880

at fixing pcs than even me

1675

01:06:06,710 --> 01:06:04,640

i have a large collection of vintage's

1676

01:06:09,670 --> 01:06:06,720

computer yeah

1677

01:06:11,750 --> 01:06:09,680

joseph prisco has this storage space

1678

01:06:14,750 --> 01:06:11,760

when you walk in there and it's like

1679

01:06:16,029 --> 01:06:14,760

walking into 1982 he's got in

1680

01:06:19,029 --> 01:06:16,039

televisions

1681

01:06:22,230 --> 01:06:19,039

atari's odysseys

1682

01:06:25,430 --> 01:06:22,240

um apple twos apple ones

1683

01:06:27,750 --> 01:06:25,440

well i think he is an apple one he's got

1684

01:06:29,349 --> 01:06:27,760

so many different old computers i was

1685

01:06:33,750 --> 01:06:29,359

like a kid in the candy store

1686

01:06:36,069 --> 01:06:33,760

it's uh he's got atari st's atari 8bits

1687

01:06:36,950 --> 01:06:36,079

commodore amigas commodore 64's

1688

01:06:40,710 --> 01:06:36,960

commodore 120

1689

01:06:42,390 --> 01:06:40,720

he's got everything brent says yes we

1690

01:06:44,950 --> 01:06:42,400

need to talk

1691

01:06:46,069 --> 01:06:44,960

sure yeah so friends we're going to call

1692

01:06:47,430 --> 01:06:46,079

it a quick one tonight

1693

01:06:49,109 --> 01:06:47,440

because i have some other things that i

1694

01:06:51,270 --> 01:06:49,119

gotta do tonight i

1695

01:06:53,270 --> 01:06:51,280

am cutting firewood at the cabin and

1696

01:06:56,150 --> 01:06:53,280

that means um

1697

01:06:56,789 --> 01:06:56,160

i have to sharpen both the splitting

1698

01:07:00,150 --> 01:06:56,799

maul

1699

01:07:03,510 --> 01:07:00,160

and the chainsaw i had a great day

1700

01:07:05,029 --> 01:07:03,520

today i made the last two beams for the

1701

01:07:06,150 --> 01:07:05,039

sunroom roof here

1702

01:07:08,390 --> 01:07:06,160

we're going to be putting those up

1703

01:07:10,470 --> 01:07:08,400

tomorrow and then i just got to get the

1704

01:07:11,270 --> 01:07:10,480

roof panels the plastic roof panels and

1705

01:07:13,510 --> 01:07:11,280

screw them in

1706

01:07:15,190 --> 01:07:13,520

and the roof is going to be done so i

1707

01:07:17,589 --> 01:07:15,200

think really one more month in this

1708

01:07:19,910 --> 01:07:17,599

sunroom should be done

1709

01:07:21,829 --> 01:07:19,920

and uh i can't tell you how happy i am

1710

01:07:23,589 --> 01:07:21,839

if i get it done because

1711

01:07:25,829 --> 01:07:23,599

the winners here are very harsh so

1712

01:07:26,710 --> 01:07:25,839

basically on the south side of the cabin

1713

01:07:30,150 --> 01:07:26,720

we're going to have this

1714

01:07:31,910 --> 01:07:30,160

huge 12 by 24 greenhouse sun room

1715

01:07:34,230 --> 01:07:31,920

that's just really going to be a big

1716

01:07:36,230 --> 01:07:34,240

solar thermal oven and during the day i

1717

01:07:37,109 --> 01:07:36,240

can open the door between the main cabin

1718

01:07:39,829 --> 01:07:37,119

and the sunroom

1719

01:07:40,470 --> 01:07:39,839

and all of that solar heat energy is

1720

01:07:42,309 --> 01:07:40,480

going to

1721

01:07:45,430 --> 01:07:42,319

come into the cabin i should be able to

1722

01:07:49,109 --> 01:07:48,549

half of the of the or less of the wood

1723

01:07:50,870 --> 01:07:49,119

that

1724

01:07:52,470 --> 01:07:50,880

we need to burn here to keep the place

1725

01:07:54,710 --> 01:07:52,480

warm

1726

01:07:55,510 --> 01:07:54,720

whereabout is your cabin brand asks it's

1727

01:07:58,309 --> 01:07:55,520

in uh

1728

01:08:00,470 --> 01:07:58,319

it's in goldsboro pennsylvania which is

1729

01:08:01,990 --> 01:08:00,480

right near mount pocono in the pocono

1730

01:08:03,029 --> 01:08:02,000

mountains in pennsylvania we're at the

1731

01:08:10,710 --> 01:08:03,039

very highest

1732

01:08:12,549 --> 01:08:10,720

elevation here no pennsylvania brent

1733

01:08:13,990 --> 01:08:12,559

yeah and we i didn't open the phone

1734

01:08:15,430 --> 01:08:14,000

lines we're going to do that tomorrow

1735

01:08:17,189 --> 01:08:15,440

night i'm going to have

1736

01:08:18,630 --> 01:08:17,199

if everybody would like to do a panel

1737

01:08:19,749 --> 01:08:18,640

show we're going to do a panel show

1738

01:08:21,430 --> 01:08:19,759

tomorrow

1739

01:08:23,349 --> 01:08:21,440

other people call that a dumpster fire

1740

01:08:25,269 --> 01:08:23,359

show i don't know but tomorrow night

1741

01:08:27,110 --> 01:08:25,279

everybody's welcome to join the stream

1742

01:08:28,309 --> 01:08:27,120

and we're going to have open phone lines

1743

01:08:29,910 --> 01:08:28,319

and no real subject

1744

01:08:31,669 --> 01:08:29,920

i just want to have a good time drink

1745

01:08:33,349 --> 01:08:31,679

some beers with my friends

1746

01:08:35,510 --> 01:08:33,359

you know it's pandemic time and they're

1747

01:08:37,430 --> 01:08:35,520

talking about new lockdowns but honestly

1748

01:08:40,229 --> 01:08:37,440

i've been locked down since march i've

1749

01:08:41,910 --> 01:08:40,239

not gone anywhere but the cabin and lows

1750

01:08:45,110 --> 01:08:41,920

are home depot

1751

01:08:45,990 --> 01:08:45,120

that's it so it's nice to have those

1752

01:08:47,829 --> 01:08:46,000

panel shows

1753

01:08:49,430 --> 01:08:47,839

sort of socialized get to know some of

1754

01:08:51,349 --> 01:08:49,440

the viewers the listeners

1755

01:08:53,030 --> 01:08:51,359

we're definitely going to do that uh

1756

01:08:54,789 --> 01:08:53,040

tomorrow night

1757

01:08:56,390 --> 01:08:54,799

oh brent you're from pa yeah that's

1758

01:09:00,630 --> 01:08:56,400

probably why we're on friends list

1759

01:09:04,550 --> 01:09:03,349

you could be a musician or a magician or

1760

01:09:10,229 --> 01:09:04,560

a

1761

01:09:11,749 --> 01:09:10,239

i've got this weird eclectic list of

1762

01:09:13,749 --> 01:09:11,759

friends on facebook from different

1763

01:09:15,030 --> 01:09:13,759

subcultures and they all come together

1764

01:09:18,550 --> 01:09:15,040

for me

1765

01:09:23,910 --> 01:09:21,590

uh what time genocide i guess 8 p.m

1766

01:09:25,829 --> 01:09:23,920

and that's what i'm shooting for no uh 7

1767

01:09:26,870 --> 01:09:25,839

p.m i'm shooting for 7 p.m tomorrow

1768

01:09:29,749 --> 01:09:26,880

night because

1769

01:09:31,110 --> 01:09:29,759

it gets dark here around 5 30 so that'll

1770

01:09:31,749 --> 01:09:31,120

give me a little time to get something

1771

01:09:34,789 --> 01:09:31,759

to eat

1772

01:09:36,709 --> 01:09:34,799

and set everything up again and steve

1773

01:09:37,749 --> 01:09:36,719

rhoden says he loves those type of shows

1774

01:09:39,349 --> 01:09:37,759

yeah i do too

1775

01:09:41,030 --> 01:09:39,359

because there's no stress or i don't

1776

01:09:43,030 --> 01:09:41,040

have to worry about a presentation

1777

01:09:45,349 --> 01:09:43,040

i don't have to worry about you know

1778

01:09:47,110 --> 01:09:45,359

guests i have 10 we can have up to 10

1779

01:09:50,870 --> 01:09:47,120

guests here at once

1780

01:09:51,990 --> 01:09:50,880

so thanks brad i appreciate that it's

1781

01:09:53,669 --> 01:09:52,000

good that you uh

1782

01:09:55,669 --> 01:09:53,679

are commenting in the live chat you're

1783

01:09:57,189 --> 01:09:55,679

welcome to come to the youtube live chat

1784

01:10:00,830 --> 01:09:57,199

next time so that you can sort of

1785

01:10:04,310 --> 01:10:02,310

here

1786

01:10:05,590 --> 01:10:04,320

yeah so friends we're gonna uh we're

1787

01:10:07,030 --> 01:10:05,600

gonna wrap things up here

1788

01:10:08,870 --> 01:10:07,040

i want to thank each and every one of

1789

01:10:11,270 --> 01:10:08,880

you especially rh who

1790

01:10:12,470 --> 01:10:11,280

uh a few days ago donated 40 bucks to

1791

01:10:15,990 --> 01:10:12,480

the cause

1792

01:10:18,709 --> 01:10:16,000

you are most most definitely

1793

01:10:19,990 --> 01:10:18,719

appreciate it so uh we're gonna wrap

1794

01:10:21,830 --> 01:10:20,000

things up here

1795

01:10:24,310 --> 01:10:21,840

i will be back tomorrow night hopefully

1796

01:10:28,070 --> 01:10:24,320

at 7 p.m or thereabouts

1797

01:10:31,350 --> 01:10:28,080

and we will do a panel show open forum

1798

01:10:34,229 --> 01:10:31,360

open lines anything goes it should be

1799

01:10:35,669 --> 01:10:34,239

it should get pretty crazy so folks

1800

01:10:37,430 --> 01:10:35,679

until next time i want to thank

1801
01:10:39,270 --> 01:10:37,440
each and every one of you for joining us

1802
01:10:42,709 --> 01:10:39,280
remember it's truth seekers

1803
01:10:44,790 --> 01:10:42,719
which means it's us as a group uh

1804
01:10:46,630 --> 01:10:44,800
learning the truth about some of these

1805
01:10:49,510 --> 01:10:46,640
strange fringe

1806
01:10:50,950 --> 01:10:49,520
topics i'm uh so happy that you were

1807
01:10:52,950 --> 01:10:50,960
here with me

1808
01:10:54,550 --> 01:10:52,960
uh this is this joseph newman story is

1809
01:10:56,470 --> 01:10:54,560
one of my favorite stories

1810
01:10:57,910 --> 01:10:56,480
it's just he's an interesting character

1811
01:10:59,350 --> 01:10:57,920
i'm glad that i could share it with you

1812
01:11:00,550 --> 01:10:59,360
all especially those of you who may not

1813
01:11:02,390 --> 01:11:00,560

have heard of him

1814

01:11:04,390 --> 01:11:02,400

that newman documentary is definitely

1815

01:11:06,790 --> 01:11:04,400

worth a watch please do

1816

01:11:09,430 --> 01:11:06,800

uh please do watch it it's free you know

1817

01:11:11,510 --> 01:11:09,440

won't cost you anything

1818

01:11:12,630 --> 01:11:11,520

so friends until next time my name is

1819

01:11:15,270 --> 01:11:12,640

stephen champion

1820

01:11:36,070 --> 01:11:15,280

live from the apocalypse cabin good

1821

01:12:34,830 --> 01:11:42,730

[Music]

1822

01:12:39,430 --> 01:12:34,840

[Applause]

1823

01:13:00,660 --> 01:12:58,680

[Music]

1824

01:13:28,850 --> 01:13:00,670

[Applause]

1825

01:13:29,820 --> 01:13:28,860

[Music]
