

**BOB LAZAR**

LOST INTERVIEW?

1  
00:00:17,269 --> 00:00:15,749  
hello and welcome to on the record

2  
00:00:19,750 --> 00:00:17,279  
one month ago we began a series of

3  
00:00:21,590 --> 00:00:19,760  
reports about ufos with the exception of

4  
00:00:23,590 --> 00:00:21,600  
a few cranky newspaper people

5  
00:00:25,429 --> 00:00:23,600  
the response has been overwhelmingly

6  
00:00:27,029 --> 00:00:25,439  
positive we've had requests for more

7  
00:00:28,390 --> 00:00:27,039  
information from all over the country

8  
00:00:29,669 --> 00:00:28,400  
and from all over the world

9  
00:00:31,349 --> 00:00:29,679  
tonight we're going to delve a little

10  
00:00:33,030 --> 00:00:31,359  
deeper into the subject with the man who

11  
00:00:33,830 --> 00:00:33,040  
was the impetus for our reports in the

12  
00:00:36,150 --> 00:00:33,840  
first place

13  
00:00:38,069 --> 00:00:36,160

bob leslar bob good to have you here uh

14

00:00:39,430 --> 00:00:38,079

a thumbnail sketch of yourself for those

15

00:00:42,869 --> 00:00:39,440

who might not be familiar with

16

00:00:44,389 --> 00:00:42,879

with your background i worked at los

17

00:00:48,229 --> 00:00:44,399

alamos national labs

18

00:00:49,910 --> 00:00:48,239

uh as a physicist as a physicist and uh

19

00:00:50,630 --> 00:00:49,920

essentially hired as a senior staff

20

00:00:54,389 --> 00:00:50,640

physicist

21

00:00:55,830 --> 00:00:54,399

at uh area s4 essentially for what i was

22

00:00:58,549 --> 00:00:55,840

told anyway was uh

23

00:00:59,510 --> 00:00:58,559

united states navy where is s4 it's

24

00:01:02,229 --> 00:00:59,520

about uh

25

00:01:04,549 --> 00:01:02,239

10-15 miles south of groom lake about

26

00:01:07,270 --> 00:01:04,559

125 miles north of las vegas how'd you

27

00:01:12,789 --> 00:01:10,950

uh i really don't want to mention

28

00:01:14,230 --> 00:01:12,799

the guy who i got it through but i was

29

00:01:17,270 --> 00:01:14,240

referred uh

30

00:01:19,670 --> 00:01:17,280

to a person at egng to drop off my

31

00:01:21,830 --> 00:01:19,680

resume to that's where i was interviewed

32

00:01:23,429 --> 00:01:21,840

though the job is completely unrelated

33

00:01:24,469 --> 00:01:23,439

to uh eg g

34

00:01:26,149 --> 00:01:24,479

would they tell you you're going to be

35

00:01:27,510 --> 00:01:26,159

doing or did they tell you no they

36

00:01:28,469 --> 00:01:27,520

really didn't tell me until the very end

37

00:01:31,910 --> 00:01:28,479

it was uh

38

00:01:33,749 --> 00:01:31,920

they said a job of a high technology job

39

00:01:35,670 --> 00:01:33,759

something that i'd be very interested in

40

00:01:37,429 --> 00:01:35,680

okay so you get hired and uh what

41

00:01:39,830 --> 00:01:37,439

happens you fly up there

42

00:01:41,990 --> 00:01:39,840

fly up there first day was reading

43

00:01:44,630 --> 00:01:42,000

briefings and that sort of thing and uh

44

00:01:45,190 --> 00:01:44,640

it became evident to me pretty quickly

45

00:01:47,190 --> 00:01:45,200

uh

46

00:01:48,389 --> 00:01:47,200

the you know level of technology they

47

00:01:49,749 --> 00:01:48,399

were dealing with gravitational

48

00:01:51,749 --> 00:01:49,759

propulsion and uh

49

00:01:53,590 --> 00:01:51,759

you know things that science really has

50

00:01:54,950 --> 00:01:53,600

only barely touched on

51  
00:01:56,630 --> 00:01:54,960  
we'll get into the things that you saw

52  
00:01:57,030 --> 00:01:56,640  
in a couple of minutes but it's been

53  
00:01:58,789 --> 00:01:57,040  
about

54  
00:02:00,550 --> 00:01:58,799  
a little more than say three weeks since

55  
00:02:01,990 --> 00:02:00,560  
your identity was made public we had you

56  
00:02:02,789 --> 00:02:02,000  
on another program a couple of months

57  
00:02:05,109 --> 00:02:02,799  
ago but

58  
00:02:06,310 --> 00:02:05,119  
using an assumed name and had it had you

59  
00:02:07,990 --> 00:02:06,320  
in silhouette but

60  
00:02:09,510 --> 00:02:08,000  
since since your identity has been made

61  
00:02:10,389 --> 00:02:09,520  
public and since this information has

62  
00:02:11,830 --> 00:02:10,399  
been made public

63  
00:02:13,190 --> 00:02:11,840

what's it been like what's been the

64

00:02:14,150 --> 00:02:13,200

response from people who see on the

65

00:02:16,550 --> 00:02:14,160

street

66

00:02:18,229 --> 00:02:16,560

well the response has been almost all

67

00:02:19,670 --> 00:02:18,239

favorable in fact everyone that i've run

68

00:02:23,270 --> 00:02:19,680

into has been

69

00:02:25,110 --> 00:02:23,280

very supportive very interested

70

00:02:27,830 --> 00:02:25,120

but i i guess they're just two or three

71

00:02:30,869 --> 00:02:29,910

from people who don't believe yet yeah

72

00:02:34,550 --> 00:02:30,879

essentially

73

00:02:35,430 --> 00:02:34,560

uh responses from other media outlets as

74

00:02:38,070 --> 00:02:35,440

well

75

00:02:39,589 --> 00:02:38,080

yeah yeah that too and uh they want

76

00:02:41,990 --> 00:02:39,599

interviews what do they want

77

00:02:44,150 --> 00:02:42,000

essentially everything yeah radio

78

00:02:45,430 --> 00:02:44,160

interviews tv interviews a lot of people

79

00:02:46,470 --> 00:02:45,440

want to you know dig back into my

80

00:02:48,630 --> 00:02:46,480

background and

81

00:02:50,070 --> 00:02:48,640

retrace everything you know the list is

82

00:02:52,150 --> 00:02:50,080

endless many of many of the people

83

00:02:53,589 --> 00:02:52,160

who have been calling calling us as well

84

00:02:55,270 --> 00:02:53,599

are under the impression that

85

00:02:57,270 --> 00:02:55,280

that either you've gone underground or

86

00:02:58,790 --> 00:02:57,280

you've been silenced or uh that we've

87

00:03:01,350 --> 00:02:58,800

been silenced by

88

00:03:02,630 --> 00:03:01,360

dark sinister forces any anything like

89

00:03:03,350 --> 00:03:02,640

that happened to you so that's

90

00:03:04,710 --> 00:03:03,360

ridiculous

91

00:03:06,550 --> 00:03:04,720

people are always going over the deep

92

00:03:09,110 --> 00:03:06,560

end on that and uh you know

93

00:03:10,550 --> 00:03:09,120

no one's told me other than originally

94

00:03:11,350 --> 00:03:10,560

not to say anything and i'm sure no

95

00:03:12,949 --> 00:03:11,360

one's uh

96

00:03:14,309 --> 00:03:12,959

come forward to you and but in the

97

00:03:15,190 --> 00:03:14,319

beginning they told you to keep quiet

98

00:03:17,830 --> 00:03:15,200

about this

99

00:03:19,589 --> 00:03:17,840

oh yeah it's the most secret program in

100

00:03:21,589 --> 00:03:19,599

the united states

101  
00:03:24,470 --> 00:03:21,599  
in what way did they try to to make sure

102  
00:03:27,430 --> 00:03:24,480  
that you kept your mouth shut

103  
00:03:29,830 --> 00:03:27,440  
uh everything up to death threats i mean

104  
00:03:32,390 --> 00:03:29,840  
constant reminders of it

105  
00:03:32,949 --> 00:03:32,400  
signing away my constitutional rights uh

106  
00:03:38,149 --> 00:03:32,959  
for

107  
00:03:42,710 --> 00:03:40,710  
and since since this thing has uh your

108  
00:03:44,789 --> 00:03:42,720  
your phone's been tapped you believe

109  
00:03:46,470 --> 00:03:44,799  
yeah i believe i have a well i have a

110  
00:03:48,070 --> 00:03:46,480  
tap detector and uh

111  
00:03:49,670 --> 00:03:48,080  
just occasionally after i pick up the

112  
00:03:49,990 --> 00:03:49,680  
phone you know a little red light goes

113  
00:03:55,350 --> 00:03:50,000

on

114

00:03:57,509 --> 00:03:55,360

is it related to the fact that they were

115

00:03:58,789 --> 00:03:57,519

bothering you yeah it was essentially to

116

00:04:01,910 --> 00:03:58,799

stop that

117

00:04:04,149 --> 00:04:01,920

and uh what had happened was i sent in a

118

00:04:06,309 --> 00:04:04,159

request for my birth certificate

119

00:04:08,070 --> 00:04:06,319

and it as it turned out it wasn't there

120

00:04:09,429 --> 00:04:08,080

anymore they said i wasn't born at the

121

00:04:11,030 --> 00:04:09,439

hospital and that kind of got me

122

00:04:12,710 --> 00:04:11,040

wondering what's going on so i put in a

123

00:04:14,869 --> 00:04:12,720

request for some other information

124

00:04:15,990 --> 00:04:14,879

previous jobs and you know that was also

125

00:04:17,189 --> 00:04:16,000

gone and

126

00:04:19,030 --> 00:04:17,199

i thought something had to be done

127

00:04:20,870 --> 00:04:19,040

before i disappeared but

128

00:04:22,870 --> 00:04:20,880

the same thing los alamos they've never

129

00:04:25,030 --> 00:04:22,880

heard of you yeah

130

00:04:26,230 --> 00:04:25,040

um anything happened since since the

131

00:04:28,790 --> 00:04:26,240

reports have

132

00:04:30,870 --> 00:04:28,800

aired uh they let me know that they're

133

00:04:32,310 --> 00:04:30,880

around by doing stupid childish little

134

00:04:34,310 --> 00:04:32,320

things but uh

135

00:04:35,749 --> 00:04:34,320

nothing serious no you were worried

136

00:04:36,710 --> 00:04:35,759

about your life though for a while there

137

00:04:38,710 --> 00:04:36,720

weren't you

138

00:04:40,150 --> 00:04:38,720

yeah that was uh one of the reasons to

139

00:04:42,390 --> 00:04:40,160

come on and you know

140

00:04:43,270 --> 00:04:42,400

let everything out on the air it's a

141

00:04:44,790 --> 00:04:43,280

level of insurance

142

00:04:46,070 --> 00:04:44,800

you're worried anymore i mean you got

143

00:04:47,030 --> 00:04:46,080

the feeling that you're over the hump

144

00:04:49,830 --> 00:04:47,040

and

145

00:04:51,030 --> 00:04:49,840

to some degree yeah you find that most

146

00:04:53,510 --> 00:04:51,040

people really believe you or they're

147

00:04:56,469 --> 00:04:53,520

just they just want more information

148

00:04:58,629 --> 00:04:56,479

i think a lot of people believe what i

149

00:05:00,310 --> 00:04:58,639

said and uh

150

00:05:02,710 --> 00:05:00,320

but the majority i think do just want

151

00:05:04,310 --> 00:05:02,720

more information too it's a

152

00:05:05,670 --> 00:05:04,320

you know in-depth subject and you really

153

00:05:07,270 --> 00:05:05,680

have to look at everything well let's

154

00:05:08,710 --> 00:05:07,280

look at some of the technology you saw

155

00:05:09,990 --> 00:05:08,720

now when did you first get the idea

156

00:05:11,670 --> 00:05:10,000

what's the first thing you saw that

157

00:05:13,029 --> 00:05:11,680

that made you convinced that it's not

158

00:05:14,790 --> 00:05:13,039

from here

159

00:05:17,350 --> 00:05:14,800

uh the first thing with hands-on

160

00:05:18,870 --> 00:05:17,360

experience was the antimatter reactor

161

00:05:21,110 --> 00:05:18,880

and explain what that is and how it

162

00:05:24,150 --> 00:05:21,120

works what it does

163

00:05:26,230 --> 00:05:24,160

it's a plate about 18 inches

164

00:05:28,310 --> 00:05:26,240

in diameter with a sphere on top and

165

00:05:29,749 --> 00:05:28,320

then we have some tape of it a tape of a

166

00:05:30,870 --> 00:05:29,759

model that a friend of yours made if we

167

00:05:34,550 --> 00:05:30,880

want to roll that you can

168

00:05:40,629 --> 00:05:38,469

okay inside that tower is a

169

00:05:42,870 --> 00:05:40,639

a chip of element 115 they just put in

170

00:05:45,430 --> 00:05:42,880

there that's a super heavy element

171

00:05:46,310 --> 00:05:45,440

the lid goes on top and as far as any

172

00:05:48,629 --> 00:05:46,320

other

173

00:05:49,510 --> 00:05:48,639

of the workings of it i i really don't

174

00:05:54,310 --> 00:05:49,520

know

175

00:05:57,590 --> 00:05:54,320

bottom of it the

176

00:05:58,870 --> 00:05:57,600

115 sets up a gravitational field around

177

00:06:00,629 --> 00:05:58,880

the top that little

178

00:06:03,189 --> 00:06:00,639

wave guide you saw being put on the top

179

00:06:05,270 --> 00:06:03,199

that essentially siphons off

180

00:06:06,309 --> 00:06:05,280

the gravity wave and that's later

181

00:06:09,029 --> 00:06:06,319

amplified in the

182

00:06:10,230 --> 00:06:09,039

lower portion of the crafts but just in

183

00:06:12,309 --> 00:06:10,240

general

184

00:06:14,230 --> 00:06:12,319

the whole technology is is virtually

185

00:06:15,510 --> 00:06:14,240

unknown now we saw the model we saw the

186

00:06:17,830 --> 00:06:15,520

pictures of it there looks

187

00:06:20,230 --> 00:06:17,840

really really simple almost too simple

188

00:06:23,590 --> 00:06:20,240

to actually do anything right

189

00:06:25,670 --> 00:06:23,600

working parts uh and undetectable

190

00:06:27,110 --> 00:06:25,680

essentially what the job was was to back

191

00:06:29,590 --> 00:06:27,120

engineer

192

00:06:31,350 --> 00:06:29,600

everything where you have a finished

193

00:06:32,950 --> 00:06:31,360

product and just to step backwards and

194

00:06:34,469 --> 00:06:32,960

find out

195

00:06:36,870 --> 00:06:34,479

how it was made or how it can be made

196

00:06:38,950 --> 00:06:36,880

with earthly materials

197

00:06:39,830 --> 00:06:38,960

there hasn't been very much progress how

198

00:06:41,270 --> 00:06:39,840

long do you think they've had this

199

00:06:43,189 --> 00:06:41,280

technology up there

200

00:06:44,629 --> 00:06:43,199

it seemed like quite a while but i

201  
00:06:46,790 --> 00:06:44,639  
really don't know now what could you do

202  
00:06:50,309 --> 00:06:46,800  
with an anti-matter generator

203  
00:06:55,270 --> 00:06:50,319  
what does it do well it

204  
00:06:57,110 --> 00:06:55,280  
it converts it converts antimatter

205  
00:06:58,710 --> 00:06:57,120  
doesn't convert any matter there's an

206  
00:07:01,350 --> 00:06:58,720  
annihilation reaction

207  
00:07:03,110 --> 00:07:01,360  
it's an extremely powerful reaction 100

208  
00:07:04,950 --> 00:07:03,120  
conversion of matter to energy

209  
00:07:06,150 --> 00:07:04,960  
unlike a fission or fusion reaction

210  
00:07:09,830 --> 00:07:06,160  
which is somewhere around

211  
00:07:12,309 --> 00:07:09,840  
eight tenths of one percent confusion uh

212  
00:07:13,510 --> 00:07:12,319  
conversion of matter to energy i mean

213  
00:07:16,070 --> 00:07:13,520

how does it work what starts the

214

00:07:20,790 --> 00:07:16,080

reaction going in that thing

215

00:07:24,390 --> 00:07:20,800

uh really once the 115 is put in

216

00:07:26,390 --> 00:07:24,400

the reaction is initiated just automatic

217

00:07:27,909 --> 00:07:26,400

right i'll understand i mean there's no

218

00:07:29,909 --> 00:07:27,919

button to push or anything no there's no

219

00:07:31,830 --> 00:07:29,919

there's no button to push or anything it

220

00:07:35,029 --> 00:07:31,840

apparently

221

00:07:37,749 --> 00:07:35,039

the 115 under bombardment with protons

222

00:07:38,950 --> 00:07:37,759

lets out in any matter particle this

223

00:07:41,589 --> 00:07:38,960

antimatter particle

224

00:07:43,270 --> 00:07:41,599

will react with any matter whatsoever

225

00:07:43,830 --> 00:07:43,280

which i imagine there is some target

226  
00:07:46,550 --> 00:07:43,840  
system

227  
00:07:46,950 --> 00:07:46,560  
inside the reactor this in turn releases

228  
00:07:49,270 --> 00:07:46,960  
heat

229  
00:07:50,230 --> 00:07:49,280  
and somewhere within that system there

230  
00:07:54,230 --> 00:07:50,240  
is a

231  
00:07:56,309 --> 00:07:54,240  
100 percent efficient uh

232  
00:07:58,390 --> 00:07:56,319  
thermionic generator essentially a heat

233  
00:08:00,629 --> 00:07:58,400  
to electrical generator in there

234  
00:08:02,790 --> 00:08:00,639  
now how does this how's this anti-matter

235  
00:08:04,869 --> 00:08:02,800  
reactor how is this connected to a

236  
00:08:07,430 --> 00:08:04,879  
gravity generation that you talked about

237  
00:08:09,110 --> 00:08:07,440  
earlier well that reactor serves two

238  
00:08:11,589 --> 00:08:09,120

purposes it provides

239

00:08:12,309 --> 00:08:11,599

a tremendous amount of electrical power

240

00:08:15,189 --> 00:08:12,319

and

241

00:08:17,270 --> 00:08:15,199

which is almost a byproduct the

242

00:08:19,110 --> 00:08:17,280

gravitational wave

243

00:08:21,510 --> 00:08:19,120

is formed at the sphere and that's

244

00:08:23,670 --> 00:08:21,520

through some action of the 115 which

245

00:08:26,550 --> 00:08:23,680

uh the exact action i don't think anyone

246

00:08:29,189 --> 00:08:26,560

is anyone really knows uh

247

00:08:31,110 --> 00:08:29,199

the waveguide siphons off that that

248

00:08:32,949 --> 00:08:31,120

gravity wave and that's channeled

249

00:08:34,310 --> 00:08:32,959

above the top of the disc to the lower

250

00:08:36,149 --> 00:08:34,320

part where there are three gravity

251  
00:08:36,949 --> 00:08:36,159  
amplifiers which amplify and direct that

252  
00:08:38,709 --> 00:08:36,959  
gravity wave

253  
00:08:39,909 --> 00:08:38,719  
in essence creating their own

254  
00:08:40,790 --> 00:08:39,919  
gravitational field their own

255  
00:08:42,630 --> 00:08:40,800  
gravitational field

256  
00:08:44,310 --> 00:08:42,640  
you're fairly convinced that science on

257  
00:08:45,190 --> 00:08:44,320  
earth doesn't have this technology right

258  
00:08:47,030 --> 00:08:45,200  
now well

259  
00:08:48,389 --> 00:08:47,040  
we have it now i guess and that's for

260  
00:08:51,750 --> 00:08:48,399  
but we didn't create it

261  
00:08:53,110 --> 00:08:51,760  
right why not why couldn't we

262  
00:08:55,110 --> 00:08:53,120  
the technology is not even we don't even

263  
00:08:57,269 --> 00:08:55,120

know what gravity is i mean there's

264

00:08:59,430 --> 00:08:57,279

there's just uh well what is it what you

265

00:09:02,949 --> 00:08:59,440

learned what did you learn about

266

00:09:05,190 --> 00:09:02,959

what gravity is well gravity is a wave

267

00:09:06,310 --> 00:09:05,200

uh there are many different theories

268

00:09:09,350 --> 00:09:06,320

about

269

00:09:10,470 --> 00:09:09,360

wave included uh there's it's been

270

00:09:12,949 --> 00:09:10,480

theorized that uh

271

00:09:14,790 --> 00:09:12,959

gravity is also particles gravitons uh

272

00:09:16,310 --> 00:09:14,800

which is also incorrect but gravity is a

273

00:09:21,110 --> 00:09:16,320

wave

274

00:09:24,949 --> 00:09:21,120

off of an element

275

00:09:26,790 --> 00:09:24,959

why why that is i'm not exactly sure

276

00:09:28,230 --> 00:09:26,800

and so you can produce your own gravity

277

00:09:29,430 --> 00:09:28,240

what does that mean what what does that

278

00:09:31,030 --> 00:09:29,440

allow you to do

279

00:09:33,509 --> 00:09:31,040

well that allows you to do virtually

280

00:09:37,350 --> 00:09:33,519

anything uh

281

00:09:39,350 --> 00:09:37,360

gravity distorts time and space

282

00:09:41,670 --> 00:09:39,360

by doing that now you're into a

283

00:09:44,550 --> 00:09:41,680

different mode of travel

284

00:09:46,630 --> 00:09:44,560

where instead of traveling in a linear

285

00:09:48,550 --> 00:09:46,640

method going from point a to b

286

00:09:49,990 --> 00:09:48,560

now you can distort time and space to

287

00:09:51,590 --> 00:09:50,000

where you essentially bring

288

00:09:53,590 --> 00:09:51,600

the mountain to mohammed you almost

289

00:09:54,230 --> 00:09:53,600

bring your destination to you without

290

00:09:55,750 --> 00:09:54,240

moving

291

00:09:57,829 --> 00:09:55,760

and since you're distorting time all

292

00:09:58,630 --> 00:09:57,839

this takes place in between moments of

293

00:10:02,310 --> 00:09:58,640

time

294

00:10:04,310 --> 00:10:02,320

it's a such a far-fetched concept

295

00:10:05,509 --> 00:10:04,320

but uh we're gonna get into it a little

296

00:10:06,550 --> 00:10:05,519

bit more we're gonna take a short break

297

00:10:06,970 --> 00:10:06,560

stay with us for more

298

00:10:14,550 --> 00:10:06,980

on the record

299

00:10:17,269 --> 00:10:16,150

[Music]

300

00:10:18,949 --> 00:10:17,279

welcome back to on the record we're

301  
00:10:21,190 --> 00:10:18,959  
talking with bob lazar about flying

302  
00:10:21,750 --> 00:10:21,200  
discs alien technology and other matters

303  
00:10:24,389 --> 00:10:21,760  
uh now

304  
00:10:26,230 --> 00:10:24,399  
of course what the ufo skeptics say is

305  
00:10:27,910 --> 00:10:26,240  
uh yeah there's life out there elsewhere

306  
00:10:29,509 --> 00:10:27,920  
in the universe it could never come here

307  
00:10:30,870 --> 00:10:29,519  
it's just too darn far

308  
00:10:33,110 --> 00:10:30,880  
with the kind of technology you're

309  
00:10:35,190 --> 00:10:33,120  
talking about it makes

310  
00:10:37,750 --> 00:10:35,200  
such considerations irrelevant about

311  
00:10:39,670 --> 00:10:37,760  
distance and time and things like that

312  
00:10:41,190 --> 00:10:39,680  
exactly because when when you are

313  
00:10:43,269 --> 00:10:41,200

distorting time

314

00:10:44,310 --> 00:10:43,279

there's no longer a normal reference of

315

00:10:45,750 --> 00:10:44,320

time

316

00:10:48,069 --> 00:10:45,760

and that's what producing your own

317

00:10:49,350 --> 00:10:48,079

gravity does you can go forward or

318

00:10:50,870 --> 00:10:49,360

backward in time is that what you're

319

00:10:53,670 --> 00:10:50,880

saying no not essentially

320

00:10:54,949 --> 00:10:53,680

it's uh it'd be easier with a model on

321

00:10:57,030 --> 00:10:54,959

the bottom side of the disc

322

00:10:59,110 --> 00:10:57,040

of the three gravity generators when

323

00:11:01,269 --> 00:10:59,120

they want to travel to a distant point

324

00:11:02,710 --> 00:11:01,279

the disc turns on its side the three

325

00:11:04,310 --> 00:11:02,720

gravity generators produce a

326

00:11:06,230 --> 00:11:04,320

gravitational beam

327

00:11:07,990 --> 00:11:06,240

what they do is they converge the three

328

00:11:09,910 --> 00:11:08,000

gravity generators onto a point

329

00:11:11,590 --> 00:11:09,920

and use that as a focal point then they

330

00:11:14,310 --> 00:11:11,600

essentially bring them up to power

331

00:11:16,310 --> 00:11:14,320

and pull that point towards the disc the

332

00:11:17,750 --> 00:11:16,320

disc itself will attach onto that point

333

00:11:20,310 --> 00:11:17,760

and snap back

334

00:11:21,590 --> 00:11:20,320

as they release space back to that point

335

00:11:23,670 --> 00:11:21,600

now all this happens

336

00:11:25,670 --> 00:11:23,680

in the distortion of time so time is not

337

00:11:28,710 --> 00:11:25,680

incrementing so the speed is essentially

338

00:11:30,230 --> 00:11:28,720

infinite uh we'll get into the discs in

339

00:11:31,750 --> 00:11:30,240

a moment but the first time you saw the

340

00:11:33,590 --> 00:11:31,760

anti-matter reactor

341

00:11:35,030 --> 00:11:33,600

in operation or demonstration you had a

342

00:11:36,310 --> 00:11:35,040

couple of demonstrations tell me about

343

00:11:38,630 --> 00:11:36,320

that

344

00:11:39,509 --> 00:11:38,640

uh the first time i saw it in operation

345

00:11:43,590 --> 00:11:39,519

they just put

346

00:11:45,750 --> 00:11:43,600

my friend i worked with barry

347

00:11:47,910 --> 00:11:45,760

put the fuel in the reactor put the lid

348

00:11:49,430 --> 00:11:47,920

on as was shown there

349

00:11:51,269 --> 00:11:49,440

immediately a gravitational field

350

00:11:52,389 --> 00:11:51,279

developed and he said feel it and it

351  
00:11:54,389 --> 00:11:52,399  
felt like

352  
00:11:55,590 --> 00:11:54,399  
you bring two light poles of a magnet

353  
00:11:57,269 --> 00:11:55,600  
together except you can do that with

354  
00:11:58,470 --> 00:11:57,279  
your hand and it was fascinating because

355  
00:12:01,030 --> 00:11:58,480  
that's impossible

356  
00:12:02,870 --> 00:12:01,040  
except uh you know on something with

357  
00:12:05,670 --> 00:12:02,880  
great mass and obviously this is just

358  
00:12:06,949 --> 00:12:05,680  
us and it was a a repulsion field in

359  
00:12:08,470 --> 00:12:06,959  
fact we kind of filled around with it

360  
00:12:09,509 --> 00:12:08,480  
for a little while we threw golf balls

361  
00:12:12,069 --> 00:12:09,519  
off it and

362  
00:12:13,750 --> 00:12:12,079  
and uh it was just a really unique thing

363  
00:12:15,670 --> 00:12:13,760

and you had they had some other sort of

364

00:12:17,750 --> 00:12:15,680

demonstrations to show you that this is

365

00:12:19,590 --> 00:12:17,760

pretty wild stuff right

366

00:12:21,509 --> 00:12:19,600

yeah they did they were able to channel

367

00:12:22,790 --> 00:12:21,519

the field off in a demonstration booth

368

00:12:25,030 --> 00:12:22,800

they uh

369

00:12:26,870 --> 00:12:25,040

created an intense gravitational area

370

00:12:28,550 --> 00:12:26,880

and you began to see a small little

371

00:12:29,590 --> 00:12:28,560

black disc form and that was the bending

372

00:12:31,829 --> 00:12:29,600

of the light

373

00:12:33,590 --> 00:12:31,839

just like a black hole floating around

374

00:12:36,389 --> 00:12:33,600

you know uh black holes of

375

00:12:37,509 --> 00:12:36,399

bad analogy but yeah essentially um and

376

00:12:39,190 --> 00:12:37,519

time they gave you some kind of

377

00:12:40,790 --> 00:12:39,200

demonstration about time involving a

378

00:12:43,350 --> 00:12:40,800

candle explain how that worked

379

00:12:43,829 --> 00:12:43,360

yeah they took a candle and lit it and

380

00:12:45,829 --> 00:12:43,839

uh

381

00:12:47,829 --> 00:12:45,839

put it in the distorted gravitational

382

00:12:50,069 --> 00:12:47,839

field which distorts time

383

00:12:52,710 --> 00:12:50,079

and the candle just stood there it

384

00:12:55,030 --> 00:12:52,720

didn't melt or burn it was uh

385

00:12:55,990 --> 00:12:55,040

i mean it was it was really unbelievable

386

00:12:58,150 --> 00:12:56,000

you had to be

387

00:13:00,230 --> 00:12:58,160

floored by seeing all this i was i mean

388

00:13:01,990 --> 00:13:00,240

that's why i'm kind of laughing about it

389

00:13:03,670 --> 00:13:02,000

now because it must sound ridiculous to

390

00:13:05,670 --> 00:13:03,680

everyone but uh

391

00:13:07,269 --> 00:13:05,680

it's it's just phenomenal i mean this is

392

00:13:09,190 --> 00:13:07,279

really alien technology

393

00:13:11,030 --> 00:13:09,200

about the 115 we talked a little bit

394

00:13:11,670 --> 00:13:11,040

about it in a series of reports explain

395

00:13:13,829 --> 00:13:11,680

what it is

396

00:13:15,509 --> 00:13:13,839

again and why you believe it could not

397

00:13:17,710 --> 00:13:15,519

be manufactured here

398

00:13:18,829 --> 00:13:17,720

okay it's a super heavy element meaning

399

00:13:20,710 --> 00:13:18,839

[Music]

400

00:13:22,470 --> 00:13:20,720

that

401  
00:13:24,230 --> 00:13:22,480  
on the periodic chart which lists all

402  
00:13:25,509 --> 00:13:24,240  
the elements found on earth and that can

403  
00:13:27,509 --> 00:13:25,519  
be synthesized it's

404  
00:13:29,030 --> 00:13:27,519  
uh i think the highest element we've

405  
00:13:32,230 --> 00:13:29,040  
synthesized has been about

406  
00:13:33,590 --> 00:13:32,240  
element 106. now from 103

407  
00:13:35,990 --> 00:13:33,600  
or actually anything higher than

408  
00:13:37,030 --> 00:13:36,000  
plutonium up the half-life begins to

409  
00:13:38,710 --> 00:13:37,040  
drop in other words the element

410  
00:13:39,829 --> 00:13:38,720  
disintegrates when you get up to element

411  
00:13:41,670 --> 00:13:39,839  
106

412  
00:13:44,230 --> 00:13:41,680  
it's only around for a very small amount

413  
00:13:50,870 --> 00:13:47,509

even science today theorizes that

414

00:13:51,509 --> 00:13:50,880

up around element 113 to 116 somewhere

415

00:13:53,910 --> 00:13:51,519

in there

416

00:13:54,790 --> 00:13:53,920

they should again become stable this is

417

00:13:57,509 --> 00:13:54,800

in fact true

418

00:13:59,030 --> 00:13:57,519

that's what element 115 is it's a stable

419

00:14:02,069 --> 00:13:59,040

element

420

00:14:04,069 --> 00:14:02,079

to synthesize it would be impossible

421

00:14:06,069 --> 00:14:04,079

the way we synthesize heavy elements is

422

00:14:07,990 --> 00:14:06,079

we take

423

00:14:09,269 --> 00:14:08,000

a stable element like bismuth or

424

00:14:10,790 --> 00:14:09,279

something like that or

425

00:14:13,030 --> 00:14:10,800

plutonium whatever put it in an

426

00:14:15,509 --> 00:14:13,040

accelerator and bombard it

427

00:14:17,509 --> 00:14:15,519

with protons essentially what you're

428

00:14:18,710 --> 00:14:17,519

trying to do is plug in protons into the

429

00:14:22,550 --> 00:14:18,720

atoms and

430

00:14:24,710 --> 00:14:22,560

increase the atomic number uh to do that

431

00:14:26,470 --> 00:14:24,720

to the level of element 115 would just

432

00:14:27,829 --> 00:14:26,480

take an infinite amount of power in an

433

00:14:29,430 --> 00:14:27,839

infinite amount of time

434

00:14:31,030 --> 00:14:29,440

what kinds of things what capabilities

435

00:14:32,550 --> 00:14:31,040

would a heavy element like this have i

436

00:14:34,389 --> 00:14:32,560

mean other than producing power

437

00:14:36,150 --> 00:14:34,399

obviously it can produce a lot of power

438

00:14:39,269 --> 00:14:36,160

right well

439

00:14:41,189 --> 00:14:39,279

it in itself is not any matter

440

00:14:43,430 --> 00:14:41,199

it just has a unique property of

441

00:14:45,509 --> 00:14:43,440

producing it

442

00:14:48,389 --> 00:14:45,519

uh any of the other basic properties

443

00:14:50,710 --> 00:14:48,399

that has them i really don't know of but

444

00:14:52,790 --> 00:14:50,720

uh using just the any matter producing

445

00:14:55,590 --> 00:14:52,800

property

446

00:14:56,710 --> 00:14:55,600

uh you're in the potential for a weapon

447

00:14:59,269 --> 00:14:56,720

is staggering

448

00:15:00,230 --> 00:14:59,279

is absolutely staggering like like what

449

00:15:03,350 --> 00:15:00,240

i mean

450

00:15:06,710 --> 00:15:03,360

a pound of it what could it do well

451  
00:15:07,910 --> 00:15:06,720  
2.2 pounds is uh the energy equivalent

452  
00:15:10,069 --> 00:15:07,920  
of 47

453  
00:15:12,069 --> 00:15:10,079  
10 megaton hydrogen bombs i mean it's a

454  
00:15:12,949 --> 00:15:12,079  
good bang and a pound of a super heavy

455  
00:15:16,389 --> 00:15:12,959  
element is

456  
00:15:17,269 --> 00:15:16,399  
you know maybe the size of a a plum or

457  
00:15:18,550 --> 00:15:17,279  
something like that

458  
00:15:19,910 --> 00:15:18,560  
i guess what i've heard most from the

459  
00:15:20,790 --> 00:15:19,920  
people who just don't buy the whole

460  
00:15:23,269 --> 00:15:20,800  
story

461  
00:15:25,509 --> 00:15:23,279  
is that uh sure maybe you worked at an

462  
00:15:25,990 --> 00:15:25,519  
area called s4 and maybe that it is a

463  
00:15:28,790 --> 00:15:26,000

secret

464

00:15:29,910 --> 00:15:28,800

area but uh what you were shown is stuff

465

00:15:33,189 --> 00:15:29,920

that we've made

466

00:15:34,870 --> 00:15:33,199

that we made this 115 if it is 115 that

467

00:15:36,230 --> 00:15:34,880

we made the flying discs that we made

468

00:15:37,749 --> 00:15:36,240

these animator reactors

469

00:15:40,629 --> 00:15:37,759

because these are advances that you just

470

00:15:43,990 --> 00:15:40,639

don't know about hardly

471

00:15:47,910 --> 00:15:44,000

why not uh

472

00:15:51,030 --> 00:15:47,920

it well the 115 it's impossible i mean

473

00:15:52,949 --> 00:15:51,040

that that's and the fact that the main

474

00:15:54,389 --> 00:15:52,959

job of everyone there is to find out how

475

00:15:56,310 --> 00:15:54,399

everything's made i mean that just

476

00:15:58,470 --> 00:15:56,320

contradicts everything right off the bat

477

00:15:59,670 --> 00:15:58,480

the materials are completely alien to us

478

00:16:02,150 --> 00:15:59,680

and just the overall

479

00:16:04,150 --> 00:16:02,160

idea of the project is hey can we

480

00:16:05,990 --> 00:16:04,160

duplicate this with the materials that

481

00:16:07,749 --> 00:16:06,000

we have here

482

00:16:09,829 --> 00:16:07,759

so obviously it was something that was

483

00:16:11,829 --> 00:16:09,839

found or given

484

00:16:12,870 --> 00:16:11,839

for that matter and uh we're just trying

485

00:16:14,790 --> 00:16:12,880

to duplicate it

486

00:16:16,230 --> 00:16:14,800

well 115 where do you suppose it came

487

00:16:17,749 --> 00:16:16,240

from then i mean what where

488

00:16:20,829 --> 00:16:17,759

what kind of an environment would that

489

00:16:23,990 --> 00:16:20,839

kind of the only place

490

00:16:26,710 --> 00:16:24,000

uh the only place that 115

491

00:16:30,230 --> 00:16:26,720

could be made would have to be in a

492

00:16:32,310 --> 00:16:30,240

natural situation somewhere

493

00:16:34,150 --> 00:16:32,320

maybe on the fringes of a supernova or

494

00:16:35,350 --> 00:16:34,160

somewhere around maybe a binary star

495

00:16:38,870 --> 00:16:35,360

system

496

00:16:41,350 --> 00:16:38,880

where there was more mass

497

00:16:42,150 --> 00:16:41,360

in the primordial mix of that of that

498

00:16:43,829 --> 00:16:42,160

system

499

00:16:45,829 --> 00:16:43,839

where heavier elements would have had a

500

00:16:47,269 --> 00:16:45,839

chance to form when the stars were

501  
00:16:48,710 --> 00:16:47,279  
collapsing and there were huge amounts

502  
00:16:51,829 --> 00:16:48,720  
of energy being

503  
00:16:53,430 --> 00:16:51,839  
uh you know released

504  
00:16:55,509 --> 00:16:53,440  
something along those lines it has to be

505  
00:16:57,350 --> 00:16:55,519  
a naturally occurring element

506  
00:16:59,509 --> 00:16:57,360  
all right you saw antimatter reactors

507  
00:17:01,990 --> 00:16:59,519  
you saw gravity propulsion systems

508  
00:17:03,509 --> 00:17:02,000  
in flying disks flying saucers you saw

509  
00:17:05,270 --> 00:17:03,519  
this element 115

510  
00:17:06,870 --> 00:17:05,280  
you also read a series of reports that

511  
00:17:08,390 --> 00:17:06,880  
had other stunning information

512  
00:17:11,350 --> 00:17:08,400  
can you give an overview of the kinds of

513  
00:17:15,510 --> 00:17:11,360

things that were in these reports

514

00:17:17,510 --> 00:17:15,520

the reason i didn't do that before was

515

00:17:18,789 --> 00:17:17,520

first of all they were just reports

516

00:17:19,829 --> 00:17:18,799

everything else i had hands-on

517

00:17:21,750 --> 00:17:19,839

experience with

518

00:17:23,029 --> 00:17:21,760

now there's lots of strange information

519

00:17:26,630 --> 00:17:23,039

in the reports but

520

00:17:28,950 --> 00:17:26,640

there again is just printed material and

521

00:17:31,190 --> 00:17:28,960

it could be disinformation i don't know

522

00:17:32,950 --> 00:17:31,200

but certainly

523

00:17:35,110 --> 00:17:32,960

the information i did read the reports

524

00:17:35,430 --> 00:17:35,120

about the 115 the disagreement i mean

525

00:17:42,870 --> 00:17:35,440

that

526

00:17:46,390 --> 00:17:42,880

uh the reports went into uh

527

00:17:47,669 --> 00:17:46,400

aliens and even even went along the

528

00:17:49,110 --> 00:17:47,679

lines of religious

529

00:17:50,789 --> 00:17:49,120

background we should let our audience

530

00:17:52,230 --> 00:17:50,799

know i mean we discussed this when we

531

00:17:52,950 --> 00:17:52,240

were putting the the series of reports

532

00:17:54,470 --> 00:17:52,960

together

533

00:17:56,310 --> 00:17:54,480

whether to get into the alien thing or

534

00:17:56,950 --> 00:17:56,320

not and we decided not to for the time

535

00:17:58,870 --> 00:17:56,960

being

536

00:18:00,710 --> 00:17:58,880

it's not like you're hiding something

537

00:18:03,669 --> 00:18:00,720

from the audience or whatever was

538

00:18:05,909 --> 00:18:03,679

just a decision we made but you did see

539

00:18:08,310 --> 00:18:05,919

uh reports whether they're true or not

540

00:18:10,390 --> 00:18:08,320

government reports about aliens what

541

00:18:12,230 --> 00:18:10,400

were in the reports

542

00:18:14,070 --> 00:18:12,240

they had well or photographs of aliens

543

00:18:17,110 --> 00:18:14,080

or autopsy reports

544

00:18:18,390 --> 00:18:17,120

uh there was really a wealth of

545

00:18:21,190 --> 00:18:18,400

information

546

00:18:23,029 --> 00:18:21,200

but there was as far as what what do

547

00:18:25,430 --> 00:18:23,039

they look like

548

00:18:27,190 --> 00:18:25,440

the typical gray uh i hate to say that

549

00:18:27,990 --> 00:18:27,200

like anyone knows what a typical gray is

550

00:18:31,590 --> 00:18:28,000

it's a

551  
00:18:35,590 --> 00:18:31,600  
half to four feet tall

552  
00:18:39,510 --> 00:18:35,600  
uh a large hairless head

553  
00:18:42,549 --> 00:18:39,520  
black slanted eyes long arms

554  
00:18:43,909 --> 00:18:42,559  
very thin looking uh

555  
00:18:45,909 --> 00:18:43,919  
i don't know how else i would describe

556  
00:18:47,590 --> 00:18:45,919  
it what does an autopsy report look like

557  
00:18:48,870 --> 00:18:47,600  
with what's included in the autopsy

558  
00:18:50,630 --> 00:18:48,880  
report that you said you read the reason

559  
00:18:51,669 --> 00:18:50,640  
i call it an autopsy report is i saw

560  
00:18:53,669 --> 00:18:51,679  
that

561  
00:18:55,830 --> 00:18:53,679  
carcass was obviously a dead alien the

562  
00:18:59,510 --> 00:18:55,840  
carcass cut up and

563  
00:19:02,789 --> 00:18:59,520

it was all dark inside like

564

00:19:03,510 --> 00:19:02,799

an iron base the reason i say iron is

565

00:19:06,230 --> 00:19:03,520

because it was a

566

00:19:07,350 --> 00:19:06,240

very dark blood or whatever so i'm not a

567

00:19:10,070 --> 00:19:07,360

doctor but

568

00:19:11,190 --> 00:19:10,080

it seemed to be one large organ in the

569

00:19:13,029 --> 00:19:11,200

body as opposed to

570

00:19:15,110 --> 00:19:13,039

you know identifiable heart and lungs

571

00:19:16,870 --> 00:19:15,120

and that sort of thing but just one

572

00:19:18,310 --> 00:19:16,880

one goey mess in there what did what

573

00:19:20,230 --> 00:19:18,320

did the report say i mean it had

574

00:19:23,190 --> 00:19:20,240

pictures i had to have some words uh

575

00:19:24,950 --> 00:19:23,200

here's exhibit a and alien essentially

576  
00:19:26,549 --> 00:19:24,960  
so they had weights and densities of the

577  
00:19:27,029 --> 00:19:26,559  
organs that there were no conclusions

578  
00:19:28,950 --> 00:19:27,039  
drawn

579  
00:19:31,029 --> 00:19:28,960  
but just uh it was just a basic

580  
00:19:31,990 --> 00:19:31,039  
description of what the person who was

581  
00:19:33,990 --> 00:19:32,000  
cutting opening

582  
00:19:35,669 --> 00:19:34,000  
or cutting open the body saw say where

583  
00:19:37,510 --> 00:19:35,679  
they came from

584  
00:19:39,430 --> 00:19:37,520  
yeah in one of the reports it said they

585  
00:19:43,190 --> 00:19:39,440  
came from reticulum four

586  
00:19:46,310 --> 00:19:43,200  
was what it said where is that any idea

587  
00:19:49,510 --> 00:19:46,320  
well i'm told it's a

588  
00:19:51,029 --> 00:19:49,520

star system and zeta reticuli reticulum

589

00:19:53,830 --> 00:19:51,039

is the constellation

590

00:19:55,270 --> 00:19:53,840

uh and by reticulum four they meant the

591

00:19:57,590 --> 00:19:55,280

fourth planet out

592

00:19:59,590 --> 00:19:57,600

from that sun in the same reports we

593

00:20:01,669 --> 00:19:59,600

were identified instead of saying earth

594

00:20:03,190 --> 00:20:01,679

we were identified as soul three

595

00:20:06,230 --> 00:20:03,200

meaning the third planet out from our

596

00:20:08,470 --> 00:20:06,240

sun so now you've read a lot of ufo

597

00:20:10,230 --> 00:20:08,480

material do you find yourself mixing

598

00:20:12,310 --> 00:20:10,240

what you've read and what you

599

00:20:14,230 --> 00:20:12,320

you learned from up there no that's why

600

00:20:15,909 --> 00:20:14,240

i stay away from

601  
00:20:16,870 --> 00:20:15,919  
the offal researchers and things like

602  
00:20:18,149 --> 00:20:16,880  
that i really don't want to be

603  
00:20:19,750 --> 00:20:18,159  
associated with that i don't

604  
00:20:22,070 --> 00:20:19,760  
research the stuff it's it's interesting

605  
00:20:22,710 --> 00:20:22,080  
to read but uh no i'm not mixing

606  
00:20:24,470 --> 00:20:22,720  
anything

607  
00:20:25,590 --> 00:20:24,480  
that i've read and you know in this

608  
00:20:26,630 --> 00:20:25,600  
stuff we're going to get into that a

609  
00:20:27,990 --> 00:20:26,640  
little bit more we're going to take a

610  
00:20:34,030 --> 00:20:28,000  
short break stay with us for more

611  
00:20:35,990 --> 00:20:34,040  
on the record

612  
00:20:37,350 --> 00:20:36,000  
[Music]

613  
00:20:38,789 --> 00:20:37,360

welcome back we have a few minutes left

614

00:20:40,710 --> 00:20:38,799

with bob lazar we were just talking

615

00:20:42,630 --> 00:20:40,720

about the ufo field in general and you

616

00:20:43,110 --> 00:20:42,640

feel a little reluctance to get mixed up

617

00:20:45,270 --> 00:20:43,120

in it

618

00:20:49,190 --> 00:20:45,280

although you are right now unfortunately

619

00:20:52,149 --> 00:20:49,200

yeah i mean why is why the reluctance

620

00:20:53,990 --> 00:20:52,159

uh i don't know there are many stories

621

00:20:54,630 --> 00:20:54,000

circulating around everyone has their

622

00:20:57,590 --> 00:20:54,640

own view

623

00:21:00,830 --> 00:20:57,600

each ufo researcher says they have the

624

00:21:04,470 --> 00:21:02,549

uh

625

00:21:06,310 --> 00:21:04,480

essentially i don't want to side with

626  
00:21:08,149 --> 00:21:06,320  
anyone because uh you know i don't know

627  
00:21:10,870 --> 00:21:08,159  
where that information's come from

628  
00:21:11,590 --> 00:21:10,880  
uh though they do all have the basic

629  
00:21:14,470 --> 00:21:11,600  
story

630  
00:21:16,470 --> 00:21:14,480  
is uh you know there are alien crafts

631  
00:21:28,710 --> 00:21:16,480  
here

632  
00:21:30,230 --> 00:21:28,720  
different factions of them

633  
00:21:31,510 --> 00:21:30,240  
and they all kind of war between each

634  
00:21:32,549 --> 00:21:31,520  
other i i really don't want to get

635  
00:21:34,950 --> 00:21:32,559  
associated with them

636  
00:21:36,470 --> 00:21:34,960  
before you got into the the program at

637  
00:21:39,750 --> 00:21:36,480  
s4 though you had an interest

638  
00:21:41,350 --> 00:21:39,760

in ufos i mean it it must be hard for

639

00:21:42,870 --> 00:21:41,360

people to swallow that here's a guy who

640

00:21:44,310 --> 00:21:42,880

has an interest in it and he gets hired

641

00:21:47,510 --> 00:21:44,320

into the program

642

00:21:50,789 --> 00:21:47,520

well it was a very brief time there uh

643

00:21:53,029 --> 00:21:50,799

i had sent out resumes to several

644

00:21:53,909 --> 00:21:53,039

places because i wanted to get back into

645

00:21:56,950 --> 00:21:53,919

the

646

00:21:59,430 --> 00:21:56,960

scientific field again almost

647

00:22:02,149 --> 00:21:59,440

simultaneously i met john lear

648

00:22:03,590 --> 00:22:02,159

and read some of his material and

649

00:22:05,029 --> 00:22:03,600

initially i thought he was just

650

00:22:07,190 --> 00:22:05,039

absolutely crazy

651  
00:22:08,470 --> 00:22:07,200  
but apparently he did have a good source

652  
00:22:10,310 --> 00:22:08,480  
of information because

653  
00:22:12,390 --> 00:22:10,320  
as it turns out some of the information

654  
00:22:13,990 --> 00:22:12,400  
that he had i actually had hands-on

655  
00:22:15,990 --> 00:22:14,000  
experience with uh

656  
00:22:17,990 --> 00:22:16,000  
but your regard for ufos in general i

657  
00:22:19,909 --> 00:22:18,000  
mean as a scientist did you think there

658  
00:22:21,830 --> 00:22:19,919  
was something to it or absolutely not

659  
00:22:23,510 --> 00:22:21,840  
absolutely nothing no i would have stood

660  
00:22:25,510 --> 00:22:23,520  
on that until the day i died

661  
00:22:28,390 --> 00:22:25,520  
that was bunk many of the people who

662  
00:22:29,590 --> 00:22:28,400  
have been calling or ufo groups or ufo

663  
00:22:31,110 --> 00:22:29,600

researchers who

664

00:22:32,950 --> 00:22:31,120

have demanded that you talk to them

665

00:22:35,110 --> 00:22:32,960

we've got to talk to this guy

666

00:22:36,950 --> 00:22:35,120

we want to give him a lot more publicity

667

00:22:38,630 --> 00:22:36,960

so he stays alive

668

00:22:39,990 --> 00:22:38,640

we want him to give us information so

669

00:22:41,510 --> 00:22:40,000

that we can further check out his

670

00:22:43,350 --> 00:22:41,520

background etc

671

00:22:44,950 --> 00:22:43,360

uh we want a protecting we want to help

672

00:22:46,870 --> 00:22:44,960

him you've resisted

673

00:22:48,950 --> 00:22:46,880

i mean you've done this program you've

674

00:22:50,630 --> 00:22:48,960

done a couple of reports with us and

675

00:22:52,390 --> 00:22:50,640

you've done a radio show or two

676  
00:22:54,230 --> 00:22:52,400  
but in general you've resisted going

677  
00:22:57,190 --> 00:22:54,240  
into the ufo circuit uh

678  
00:22:58,470 --> 00:22:57,200  
why is that well just like i mentioned

679  
00:23:00,549 --> 00:22:58,480  
before i just don't want to be

680  
00:23:02,149 --> 00:23:00,559  
associated with those guys uh

681  
00:23:03,909 --> 00:23:02,159  
and how many people are you gonna open

682  
00:23:04,310 --> 00:23:03,919  
up your background to and let them you

683  
00:23:05,990 --> 00:23:04,320  
know

684  
00:23:08,549 --> 00:23:06,000  
run rampant through it i mean private

685  
00:23:10,549 --> 00:23:08,559  
detectives every ufo group in the world

686  
00:23:11,990 --> 00:23:10,559  
wants to do that the idea was for me to

687  
00:23:13,909 --> 00:23:12,000  
release the information

688  
00:23:15,190 --> 00:23:13,919

essentially to protect myself and take

689

00:23:18,230 --> 00:23:15,200

some of the heat off

690

00:23:20,149 --> 00:23:18,240

and i've done that and you know that's

691

00:23:22,549 --> 00:23:20,159

all that that needs to be done really

692

00:23:23,909 --> 00:23:22,559

a certain certain ufo researchers claim

693

00:23:25,270 --> 00:23:23,919

they've been getting information from

694

00:23:27,110 --> 00:23:25,280

you all along you've been

695

00:23:28,470 --> 00:23:27,120

leaking stuff to them and that they've

696

00:23:29,990 --> 00:23:28,480

read these reports that

697

00:23:31,510 --> 00:23:30,000

verify the information you've been

698

00:23:35,110 --> 00:23:31,520

working with ufo groups

699

00:23:40,470 --> 00:23:37,430

not ufo groups i did mention a couple

700

00:23:43,190 --> 00:23:40,480

things to some people

701  
00:23:43,750 --> 00:23:43,200  
that's all i'm gonna say okay in essence

702  
00:23:45,830 --> 00:23:43,760  
uh

703  
00:23:47,430 --> 00:23:45,840  
were you breaking your your vows that

704  
00:23:49,669 --> 00:23:47,440  
you know that you made to the government

705  
00:23:50,470 --> 00:23:49,679  
yeah and why why did you feel that was

706  
00:23:53,669 --> 00:23:50,480  
necessary

707  
00:23:55,430 --> 00:23:53,679  
i mean you took an oath didn't you yeah

708  
00:23:57,510 --> 00:23:55,440  
but look at the magnitude of what was

709  
00:23:58,870 --> 00:23:57,520  
going on i believe that some of the

710  
00:24:02,149 --> 00:23:58,880  
technology

711  
00:24:03,990 --> 00:24:02,159  
kept secret

712  
00:24:07,190 --> 00:24:04,000  
until we have a handle on everything but

713  
00:24:09,990 --> 00:24:07,200

certainly the overview of what happened

714

00:24:11,269 --> 00:24:10,000

just cannot be a secret from from anyone

715

00:24:12,310 --> 00:24:11,279

not just the american people but the

716

00:24:14,789 --> 00:24:12,320

rest of the world

717

00:24:15,750 --> 00:24:14,799

let out the basic fact that we have

718

00:24:19,909 --> 00:24:15,760

these crafts

719

00:24:21,669 --> 00:24:19,919

at one time uh aliens did at least visit

720

00:24:23,909 --> 00:24:21,679

and drop off something however they got

721

00:24:25,269 --> 00:24:23,919

here uh that there was some contact made

722

00:24:26,789 --> 00:24:25,279

and then cut it short you don't need to

723

00:24:28,549 --> 00:24:26,799

release information on the gravity

724

00:24:29,909 --> 00:24:28,559

generators the weapon potential was

725

00:24:31,830 --> 00:24:29,919

which is enormous and

726  
00:24:33,269 --> 00:24:31,840  
and so on what could you do with that we

727  
00:24:35,029 --> 00:24:33,279  
got about a minute left what could you

728  
00:24:36,470 --> 00:24:35,039  
do with that technology of say

729  
00:24:38,789 --> 00:24:36,480  
you took the flying discs the

730  
00:24:40,070 --> 00:24:38,799  
anti-matter reactors the gravity

731  
00:24:42,950 --> 00:24:40,080  
generators gave it to los

732  
00:24:43,990 --> 00:24:42,960  
alamos or livermore let them examine

733  
00:24:45,750 --> 00:24:44,000  
this stuff i mean how

734  
00:24:49,029 --> 00:24:45,760  
how would it affect life on earth if

735  
00:24:52,390 --> 00:24:49,039  
this stuff was widely available

736  
00:24:55,590 --> 00:24:54,870  
that's tough to say i mean you have a

737  
00:25:01,430 --> 00:24:55,600  
different

738  
00:25:02,870 --> 00:25:01,440

what happens when you can play with time

739

00:25:05,669 --> 00:25:02,880

uh that gets into a

740

00:25:07,190 --> 00:25:05,679

a really deep philosophical you know

741

00:25:08,470 --> 00:25:07,200

question there but i mean we could it

742

00:25:10,149 --> 00:25:08,480

would change

743

00:25:12,070 --> 00:25:10,159

a lot of stuff change everyone yeah it

744

00:25:14,870 --> 00:25:12,080

would change absolutely everything

745

00:25:15,750 --> 00:25:14,880

you think it'll ever come out personally

746

00:25:17,269 --> 00:25:15,760

no

747

00:25:20,630 --> 00:25:17,279

what do you hope happens both to

748

00:25:24,230 --> 00:25:20,640

yourself and with this information

749

00:25:26,310 --> 00:25:24,240

uh that there's been enough thorns put

750

00:25:28,630 --> 00:25:26,320

in their toes to where

751

00:25:29,990 --> 00:25:28,640

they do try and release something we'll
