

# Truth Seekers

THIS WEDNESDAY, FEBRUARY 10th, 9PM EST!

REVISITING ROSWELL WITH ALIENSCIENTIST & KAL KORFF!

Join us with your questions in the live chat, or call in live!

DID AN ALIEN SPACECRAFT REALLY CRASH IN ROSWELL in 1947?

LETS FIND OUT!

UNSURPRISINGLY - CONSPIRACY THEORIES ALREADY EMERGING.

REVISIT TO ROSWELL - A SPECIAL EVENT. NOT TO BE MISSED!

00:00:28,990 --> 00:00:28,370  
[Music]

2  
00:00:38,290 --> 00:00:29,000  
[Applause]

3  
00:01:10,830 --> 00:00:38,300  
[Music]

4  
00:01:32,180 --> 00:01:13,200  
so

5  
00:01:32,190 --> 00:01:58,310  
[Music]

6  
00:02:02,469 --> 00:02:00,630  
well greetings and salutations friends

7  
00:02:04,630 --> 00:02:02,479  
and welcome back to truth seekers

8  
00:02:06,069 --> 00:02:04,640  
tonight i'm so excited because we are

9  
00:02:09,749 --> 00:02:06,079  
continuing our

10  
00:02:11,830 --> 00:02:09,759  
new series revisiting roswell

11  
00:02:13,430 --> 00:02:11,840  
uh and tonight is going to be a special

12  
00:02:16,470 --> 00:02:13,440  
one uh first of all

13  
00:02:18,790 --> 00:02:16,480

a big this was big news to me

14

00:02:20,790 --> 00:02:18,800

i was watching i watched tim poole's

15

00:02:24,309 --> 00:02:20,800

show almost daily

16

00:02:26,630 --> 00:02:24,319

and uh i tuned in and jeremy

17

00:02:27,830 --> 00:02:26,640

alien scientist our guest tonight was on

18

00:02:29,990 --> 00:02:27,840

tim pool so

19

00:02:31,910 --> 00:02:30,000

big congratulations to him i mean i

20

00:02:34,390 --> 00:02:31,920

think they got a half a million viewers

21

00:02:37,030 --> 00:02:34,400

to tune in and listen to jeremy

22

00:02:39,110 --> 00:02:37,040

amazing uh accomplishment that he got to

23

00:02:43,030 --> 00:02:39,120

do that there's hope for us all

24

00:02:45,910 --> 00:02:43,040

and also uh tonight we'll have uh our

25

00:02:47,990 --> 00:02:45,920

back again uh cal korff who is the

26

00:02:50,710 --> 00:02:48,000

author of the truth about roswell

27

00:02:51,830 --> 00:02:50,720

among many other books a well-known

28

00:02:54,710 --> 00:02:51,840

researcher

29

00:02:56,070 --> 00:02:54,720

into many subjects including roswell i

30

00:02:58,630 --> 00:02:56,080

want to give as much time for our

31

00:03:01,670 --> 00:02:58,640

discussion uh tonight as possible

32

00:03:02,390 --> 00:03:01,680

so uh without any further ado let's

33

00:03:05,589 --> 00:03:02,400

bring in

34

00:03:07,509 --> 00:03:05,599

our guests uh alien scientist is here

35

00:03:10,710 --> 00:03:07,519

how you doing jeremy

36

00:03:14,630 --> 00:03:10,720

hey man what was up with that intro uh

37

00:03:17,750 --> 00:03:14,640

oh why wait you don't like it come on

38

00:03:19,110 --> 00:03:17,760

mail audience much yeah maybe i'm gonna

39

00:03:21,190 --> 00:03:19,120

do one with mail strippers

40

00:03:22,149 --> 00:03:21,200

because the girls asked if you you know

41

00:03:24,869 --> 00:03:22,159

all right

42

00:03:26,229 --> 00:03:24,879

make it fair look i want to apologize to

43

00:03:28,630 --> 00:03:26,239

you in advance because

44

00:03:29,990 --> 00:03:28,640

just you just did like the biggest

45

00:03:32,470 --> 00:03:30,000

podcast on earth

46

00:03:33,270 --> 00:03:32,480

right and and now you're on my show

47

00:03:35,110 --> 00:03:33,280

slumming it

48

00:03:37,110 --> 00:03:35,120

i know all right sorry about that and

49

00:03:39,910 --> 00:03:37,120

let's bring in our other guests

50

00:03:41,830 --> 00:03:39,920

cow corp how you doing mr corp i'm doing

51  
00:03:44,390 --> 00:03:41,840  
fine steven how are you

52  
00:03:46,070 --> 00:03:44,400  
great great i just feel bad for jeremy

53  
00:03:48,309 --> 00:03:46,080  
because he was just on literally

54  
00:03:50,630 --> 00:03:48,319  
like the biggest podcast on earth the

55  
00:03:52,070 --> 00:03:50,640  
biggest stream show on earth right maybe

56  
00:03:54,229 --> 00:03:52,080  
except for rogan's right

57  
00:03:55,670 --> 00:03:54,239  
next to rogan definitely rogan's number

58  
00:03:58,070 --> 00:03:55,680  
one okay so the second

59  
00:03:59,030 --> 00:03:58,080  
biggest stream show on planet earth well

60  
00:04:00,470 --> 00:03:59,040  
now that he left

61  
00:04:02,470 --> 00:04:00,480  
youtube it's probably the biggest on

62  
00:04:03,990 --> 00:04:02,480  
youtube yeah it probably is the biggest

63  
00:04:05,990 --> 00:04:04,000

on youtube and

64

00:04:07,670 --> 00:04:06,000

so you know i feel bad for jeremy

65

00:04:08,309 --> 00:04:07,680

because he just was at the top of his

66

00:04:11,110 --> 00:04:08,319

game

67

00:04:11,509 --> 00:04:11,120

right and now he's now he's i don't know

68

00:04:13,350 --> 00:04:11,519

man

69

00:04:14,630 --> 00:04:13,360

with me i should have nailed bob lazar a

70

00:04:18,390 --> 00:04:14,640

little harder i i

71

00:04:20,550 --> 00:04:18,400

think so it was beautiful i wanted to be

72

00:04:22,390 --> 00:04:20,560

like diplomatic about it like invite him

73

00:04:24,150 --> 00:04:22,400

on to a group of physicists and

74

00:04:25,909 --> 00:04:24,160

let him like really have it out with

75

00:04:27,909 --> 00:04:25,919

some people who know science

76

00:04:29,030 --> 00:04:27,919

because like i've never seen that done

77

00:04:30,710 --> 00:04:29,040

you know

78

00:04:32,310 --> 00:04:30,720

yeah absolutely he wouldn't do it he

79

00:04:33,990 --> 00:04:32,320

would not do it he wouldn't even

80

00:04:35,350 --> 00:04:34,000

meet with uh he wouldn't meet with one

81

00:04:36,870 --> 00:04:35,360

he wouldn't meet with staten friedman

82

00:04:38,710 --> 00:04:36,880

because he knew that stan friedman was a

83

00:04:40,629 --> 00:04:38,720

real nuclear physicist

84

00:04:43,590 --> 00:04:40,639

and not a fake one you know yeah it's

85

00:04:45,510 --> 00:04:43,600

usually not a good sign

86

00:04:47,830 --> 00:04:45,520

so i don't even know where do we want to

87

00:04:51,270 --> 00:04:47,840

begin i know jeremy's been doing an

88

00:04:53,350 --> 00:04:51,280

incredible amount of uh of research into

89

00:04:54,550 --> 00:04:53,360

the town institute you're the one having

90

00:04:56,790 --> 00:04:54,560

kevin randle and

91

00:04:58,469 --> 00:04:56,800

don schmidt and all these other guys on

92

00:05:00,070 --> 00:04:58,479

on your show who's the other guy

93

00:05:02,390 --> 00:05:00,080

carrie the one you had on the other

94

00:05:03,670 --> 00:05:02,400

night tom carrey yeah don schmidt hasn't

95

00:05:06,390 --> 00:05:03,680

been on yet we're still trying to nail

96

00:05:08,310 --> 00:05:06,400

down a date for him but yeah

97

00:05:10,310 --> 00:05:08,320

yeah you're trying to expert yourself

98

00:05:11,830 --> 00:05:10,320

now you should no i'm not an expert i'm

99

00:05:14,230 --> 00:05:11,840

bringing the experts here

100

00:05:15,510 --> 00:05:14,240

so that i can get their opinions and

101

00:05:18,310 --> 00:05:15,520

their and their

102

00:05:20,310 --> 00:05:18,320

beliefs about what this is one of the

103

00:05:21,430 --> 00:05:20,320

greatest cases because there's just a

104

00:05:24,710 --> 00:05:21,440

volume

105

00:05:26,310 --> 00:05:24,720

of material to go through it's like

106

00:05:28,230 --> 00:05:26,320

impossible to get it all

107

00:05:29,990 --> 00:05:28,240

you know people are sending me other

108

00:05:31,990 --> 00:05:30,000

books that i never even heard of

109

00:05:33,430 --> 00:05:32,000

you know i don't well hey guess what you

110

00:05:35,110 --> 00:05:33,440

got the expert here and

111

00:05:36,469 --> 00:05:35,120

and i'm the one who actually referred

112

00:05:38,390 --> 00:05:36,479

him to your show

113

00:05:40,710 --> 00:05:38,400

yeah yeah people don't know this but

114

00:05:42,310 --> 00:05:40,720

when i had michael horn on

115

00:05:44,150 --> 00:05:42,320

uh jeremy reached out to me and he was

116

00:05:44,550 --> 00:05:44,160

like you gotta have cow korf come on and

117

00:05:46,390 --> 00:05:44,560

bust

118

00:05:48,629 --> 00:05:46,400

michael horn's [h\_\_h] after he comes

119

00:05:50,310 --> 00:05:48,639

on your show and i went absolutely

120

00:05:51,990 --> 00:05:50,320

and so that started a friendship it's

121

00:05:54,070 --> 00:05:52,000

thanks to uh it's thanks to jeremy

122

00:05:55,430 --> 00:05:54,080

here that we got cal court to come on

123

00:05:58,550 --> 00:05:55,440

multiple times now

124

00:06:03,590 --> 00:05:58,560

so thanks for that jeremy it's all his

125

00:06:07,670 --> 00:06:05,510

so where do you want to begin can we

126  
00:06:09,430 --> 00:06:07,680  
begin with something about the materials

127  
00:06:10,790 --> 00:06:09,440  
because i know you're very focused as a

128  
00:06:12,469 --> 00:06:10,800  
physicist

129  
00:06:13,909 --> 00:06:12,479  
and you have an intense interest in

130  
00:06:16,469 --> 00:06:13,919  
these materials that

131  
00:06:17,510 --> 00:06:16,479  
people claim were recovered from what

132  
00:06:20,950 --> 00:06:17,520  
could have been a

133  
00:06:23,990 --> 00:06:20,960  
crashed alien spacecraft

134  
00:06:25,510 --> 00:06:24,000  
um yeah there's a couple different ideas

135  
00:06:27,029 --> 00:06:25,520  
about you know those materials and

136  
00:06:27,990 --> 00:06:27,039  
certainly like this idea of an

137  
00:06:31,189 --> 00:06:28,000  
unbreakable

138  
00:06:32,390 --> 00:06:31,199

um foil something similar to tin foil

139

00:06:34,550 --> 00:06:32,400

but um

140

00:06:36,230 --> 00:06:34,560

sort of unbreakable or unrippable and

141

00:06:38,230 --> 00:06:36,240

this may be made of even made of fat

142

00:06:40,950 --> 00:06:38,240

woven fabric on the quantum

143

00:06:42,390 --> 00:06:40,960

uh not quantum but like nano or micro

144

00:06:44,790 --> 00:06:42,400

scale level

145

00:06:45,430 --> 00:06:44,800

um with material science uh i think in

146

00:06:47,670 --> 00:06:45,440

the future

147

00:06:48,629 --> 00:06:47,680

these these kind of materials could be

148

00:06:50,950 --> 00:06:48,639

possible

149

00:06:52,150 --> 00:06:50,960

um there's also all kinds of even

150

00:06:54,710 --> 00:06:52,160

weirder theories which

151

00:06:55,990 --> 00:06:54,720

um are not so outlandish because some of

152

00:06:58,469 --> 00:06:56,000

them were proposed by some of the

153

00:07:03,110 --> 00:06:58,479

smartest people who ever lived including

154

00:07:04,710 --> 00:07:03,120

physicist john von neumann um

155

00:07:06,790 --> 00:07:04,720

cal can you mute while you're typing

156

00:07:09,990 --> 00:07:06,800

just real quick oh i'm sorry that's me

157

00:07:11,670 --> 00:07:10,000

i apologize yeah sorry i'm tweeting out

158

00:07:13,350 --> 00:07:11,680

the show i'm tweeting out the show i saw

159

00:07:14,870 --> 00:07:13,360

his hands moving so i'm sorry for making

160

00:07:17,270 --> 00:07:14,880

the accusation

161

00:07:18,230 --> 00:07:17,280

yeah i apologize i should i should i

162

00:07:20,790 --> 00:07:18,240

should do that

163

00:07:22,230 --> 00:07:20,800

but john von neumann um he was like

164

00:07:23,990 --> 00:07:22,240

probably one of the smartest men who

165

00:07:25,670 --> 00:07:24,000

ever lived arguably he used to be known

166

00:07:27,510 --> 00:07:25,680

as the human computer he was uh

167

00:07:29,589 --> 00:07:27,520

one of the guy who actually like built

168

00:07:30,550 --> 00:07:29,599

the firing sequence that made the atomic

169

00:07:33,589 --> 00:07:30,560

bomb possible

170

00:07:33,990 --> 00:07:33,599

and and did most of the calculations for

171

00:07:38,510 --> 00:07:34,000

the

172

00:07:40,390 --> 00:07:38,520

had uh top secret security clearances in

173

00:07:42,309 --> 00:07:40,400

1947 and would have been

174

00:07:45,029 --> 00:07:42,319

you know probably one of the top people

175

00:07:46,550 --> 00:07:45,039

in the in their uh field for as far as

176  
00:07:47,830 --> 00:07:46,560  
experts that would have been consulted

177  
00:07:49,909 --> 00:07:47,840  
to go out and look at a

178  
00:07:51,110 --> 00:07:49,919  
craft like roswell and it's interesting

179  
00:07:55,189 --> 00:07:51,120  
that he published a uh

180  
00:07:58,309 --> 00:07:55,199  
a paper in october uh or late 1947

181  
00:07:59,029 --> 00:07:58,319  
um on self-replicating space probes and

182  
00:08:00,629 --> 00:07:59,039  
um

183  
00:08:02,150 --> 00:08:00,639  
you know there's i've heard talks about

184  
00:08:03,670 --> 00:08:02,160  
you know the machine was trying to put

185  
00:08:05,430 --> 00:08:03,680  
itself back together

186  
00:08:07,510 --> 00:08:05,440  
and things like things of that nature

187  
00:08:09,749 --> 00:08:07,520  
which which uh

188  
00:08:11,350 --> 00:08:09,759

you know open up all kinds of

189

00:08:12,070 --> 00:08:11,360

possibilities for you know future

190

00:08:14,950 --> 00:08:12,080

technology

191

00:08:16,390 --> 00:08:14,960

but as well as you know maybe maybe it

192

00:08:17,510 --> 00:08:16,400

was a weather balloon

193

00:08:18,790 --> 00:08:17,520

i don't know i don't know whether

194

00:08:19,990 --> 00:08:18,800

balloons that can put themselves back

195

00:08:21,990 --> 00:08:20,000

together but

196

00:08:23,029 --> 00:08:22,000

not that there's any uh direct evidence

197

00:08:25,110 --> 00:08:23,039

of that because

198

00:08:26,390 --> 00:08:25,120

um you know as we know the air force and

199

00:08:28,629 --> 00:08:26,400

the military the

200

00:08:29,830 --> 00:08:28,639

manhattan project involved over 400 000

201  
00:08:31,350 --> 00:08:29,840  
people at that time

202  
00:08:33,589 --> 00:08:31,360  
and that was they were able to keep

203  
00:08:35,350 --> 00:08:33,599  
secrets very well from them

204  
00:08:37,110 --> 00:08:35,360  
and i think that it's quite possible

205  
00:08:38,230 --> 00:08:37,120  
given the infrastructure available at

206  
00:08:41,110 --> 00:08:38,240  
that time

207  
00:08:41,589 --> 00:08:41,120  
um to have kept the secret like this you

208  
00:08:43,829 --> 00:08:41,599  
know it's

209  
00:08:45,430 --> 00:08:43,839  
certainly plausible it's not outside the

210  
00:08:47,590 --> 00:08:45,440  
realm of possibilities

211  
00:08:49,430 --> 00:08:47,600  
i don't i don't believe but again i'm

212  
00:08:51,910 --> 00:08:49,440  
after evidence and you know and also

213  
00:08:53,750 --> 00:08:51,920

just educating the public about

214

00:08:56,230 --> 00:08:53,760

science and what's possible in the

215

00:09:00,150 --> 00:08:56,240

future as far as aliens go

216

00:09:00,389 --> 00:09:00,160

you know yeah yeah so cal though what do

217

00:09:03,670 --> 00:09:00,399

you

218

00:09:06,310 --> 00:09:03,680

balloon there was no

219

00:09:08,230 --> 00:09:06,320

alien materials but what about all the

220

00:09:09,990 --> 00:09:08,240

witnesses that talk about these strange

221

00:09:11,269 --> 00:09:10,000

materials when they know the difference

222

00:09:14,150 --> 00:09:11,279

between

223

00:09:15,990 --> 00:09:14,160

local balloon parts and uh something

224

00:09:19,430 --> 00:09:16,000

much more exotic like possibly an

225

00:09:21,350 --> 00:09:19,440

alien spacecraft well first of all

226  
00:09:23,829 --> 00:09:21,360  
before answering i'd just like to

227  
00:09:24,710 --> 00:09:23,839  
give everyone watching this kind of a

228  
00:09:26,790 --> 00:09:24,720  
proper

229  
00:09:31,190 --> 00:09:26,800  
orientation as far as where i'm coming

230  
00:09:35,190 --> 00:09:33,750  
i've devoted my existence since october

231  
00:09:36,949 --> 00:09:35,200  
19 1973

232  
00:09:38,949 --> 00:09:36,959  
to three things conduct original

233  
00:09:40,710 --> 00:09:38,959  
research original research is original

234  
00:09:44,630 --> 00:09:40,720  
research

235  
00:09:46,630 --> 00:09:44,640  
incomplete by others

236  
00:09:48,949 --> 00:09:46,640  
or look at existing issues try to

237  
00:09:51,190 --> 00:09:48,959  
understand them add further insight

238  
00:09:52,790 --> 00:09:51,200

do what i can to help and move on and i

239

00:09:56,150 --> 00:09:52,800

have been consistent

240

00:09:58,150 --> 00:09:56,160

at that since 1973.

241

00:10:00,230 --> 00:09:58,160

i'm also one of the four original

242

00:10:03,509 --> 00:10:00,240

roswell ufo researchers

243

00:10:05,750 --> 00:10:03,519

i'm one of only three left alive and

244

00:10:07,670 --> 00:10:05,760

all of them except the one that just

245

00:10:10,870 --> 00:10:07,680

passed away stan friedman

246

00:10:12,949 --> 00:10:10,880

believed that roswell was mobile the

247

00:10:15,350 --> 00:10:12,959

evidence for it has always existed

248

00:10:16,870 --> 00:10:15,360

in fact the reason i wrote the book i

249

00:10:18,870 --> 00:10:16,880

did you mentioned

250

00:10:20,550 --> 00:10:18,880

kevin randle's book not mine it's the

251  
00:10:22,230 --> 00:10:20,560  
roswell ufo crash what they don't want

252  
00:10:23,590 --> 00:10:22,240  
you to know this is it here yeah i'm

253  
00:10:25,110 --> 00:10:23,600  
sorry i'm getting a little confused

254  
00:10:27,350 --> 00:10:25,120  
there's so many books i apologize

255  
00:10:28,389 --> 00:10:27,360  
sure i'm just letting people know this

256  
00:10:30,389 --> 00:10:28,399  
is the book

257  
00:10:32,310 --> 00:10:30,399  
this is this was written for one reason

258  
00:10:35,110 --> 00:10:32,320  
only i call prometheus books because

259  
00:10:36,550 --> 00:10:35,120  
they published my billy meyer expose

260  
00:10:38,389 --> 00:10:36,560  
and i said what are you doing for the

261  
00:10:38,949 --> 00:10:38,399  
50th anniversary of roswell i'm just

262  
00:10:40,790 --> 00:10:38,959  
curious

263  
00:10:42,230 --> 00:10:40,800

because i had heard that carl flock was

264

00:10:44,069 --> 00:10:42,240  
writing a book but he made the

265

00:10:46,550 --> 00:10:44,079  
ridiculous conclusion

266

00:10:48,949 --> 00:10:46,560  
that the ufo slammed into mogul and they

267

00:10:51,030 --> 00:10:48,959  
both came down

268

00:10:53,430 --> 00:10:51,040  
the reason he made that conclusion and

269

00:10:56,710 --> 00:10:53,440  
prometheus rightly rejected that book

270

00:10:58,790 --> 00:10:56,720  
is because he was trying to square the

271

00:11:00,470 --> 00:10:58,800  
lying accounts by hoaxers like glenn

272

00:11:02,630 --> 00:11:00,480  
dennis and frank kaufman

273

00:11:03,590 --> 00:11:02,640  
he didn't believe kaufman randall did

274

00:11:06,150 --> 00:11:03,600  
but glenn dennis

275

00:11:08,230 --> 00:11:06,160  
he wanted to believe he was credible and

276

00:11:11,110 --> 00:11:08,240

he ended up being a hoaxer

277

00:11:13,269 --> 00:11:11,120

so uh when i heard what was going on

278

00:11:15,030 --> 00:11:13,279

that every single publisher

279

00:11:17,110 --> 00:11:15,040

was going to say it was all true and

280

00:11:19,110 --> 00:11:17,120

they were lying i'm being blunt i had

281

00:11:22,230 --> 00:11:19,120

these discussions with publishers okay

282

00:11:24,310 --> 00:11:22,240

i was there and we knew that

283

00:11:25,750 --> 00:11:24,320

philip corso's book was coming out and

284

00:11:27,190 --> 00:11:25,760

it was going to be the best seller and

285

00:11:29,030 --> 00:11:27,200

we knew what he was going to say because

286

00:11:30,470 --> 00:11:29,040

he was making calls to everybody

287

00:11:32,310 --> 00:11:30,480

asking about roswell because he was

288

00:11:33,829 --> 00:11:32,320

trying to make up and fit his story

289

00:11:35,110 --> 00:11:33,839

together he knew he was dying going to

290

00:11:36,310 --> 00:11:35,120

leave some money for his family et

291

00:11:39,590 --> 00:11:36,320

cetera

292

00:11:41,350 --> 00:11:39,600

okay so all this goes down and

293

00:11:43,430 --> 00:11:41,360

what happened and this is a matter of

294

00:11:45,269 --> 00:11:43,440

record that nobody can deny

295

00:11:46,790 --> 00:11:45,279

unless they're a denier and the public

296

00:11:49,590 --> 00:11:46,800

needs to know that

297

00:11:51,430 --> 00:11:49,600

i am the person that stanton friedman

298

00:11:52,310 --> 00:11:51,440

counted on and bill moore counted on to

299

00:11:54,949 --> 00:11:52,320

be the go-to

300

00:11:56,230 --> 00:11:54,959

guy regarding roswell on a handful of

301  
00:11:59,030 --> 00:11:56,240  
cases

302  
00:12:01,269 --> 00:11:59,040  
and i have the original photos of the

303  
00:12:02,389 --> 00:12:01,279  
debris that major jesse marcel signed

304  
00:12:05,829 --> 00:12:02,399  
off on

305  
00:12:07,829 --> 00:12:05,839  
and said this is what was found now

306  
00:12:10,470 --> 00:12:07,839  
my book proves that when you look at the

307  
00:12:12,710 --> 00:12:10,480  
original eyewitnesses from 1947 i'm not

308  
00:12:13,990 --> 00:12:12,720  
talking about the hoaxers later

309  
00:12:15,829 --> 00:12:14,000  
i'm talking about the original

310  
00:12:17,509 --> 00:12:15,839  
eyewitnesses and

311  
00:12:18,870 --> 00:12:17,519  
it's all in the book i've got a chart

312  
00:12:21,110 --> 00:12:18,880  
here to share with you

313  
00:12:22,230 --> 00:12:21,120

you can see that the testimonies are

314

00:12:25,269 --> 00:12:22,240

very consistent

315

00:12:27,110 --> 00:12:25,279

for a balloon bessie brazil said

316

00:12:28,310 --> 00:12:27,120

it looked like a balloon that had burst

317

00:12:30,629 --> 00:12:28,320

that is a quote

318

00:12:31,350 --> 00:12:30,639

she remembers putting her wrist through

319

00:12:51,030 --> 00:12:31,360

a

320

00:12:52,949 --> 00:12:51,040

testimonies published

321

00:12:54,069 --> 00:12:52,959

in the original roswell incident book by

322

00:12:55,990 --> 00:12:54,079

bill moore

323

00:12:57,430 --> 00:12:56,000

um it says very clearly they never saw

324

00:12:58,790 --> 00:12:57,440

anything because tires were too

325

00:12:59,750 --> 00:12:58,800

expensive they didn't want to drive all

326

00:13:01,590 --> 00:12:59,760

the way down there

327

00:13:02,790 --> 00:13:01,600

and nothing was described that made them

328

00:13:04,829 --> 00:13:02,800

excited

329

00:13:05,990 --> 00:13:04,839

um so when you break down all the

330

00:13:08,150 --> 00:13:06,000

testimonies

331

00:13:10,150 --> 00:13:08,160

uh you see that the that you have

332

00:13:11,509 --> 00:13:10,160

basically jesse marcel and stanton

333

00:13:13,350 --> 00:13:11,519

friedman in there

334

00:13:14,949 --> 00:13:13,360

basically cooking the books a bit you

335

00:13:16,550 --> 00:13:14,959

look at people who handled the roswell

336

00:13:18,470 --> 00:13:16,560

debris

337

00:13:20,230 --> 00:13:18,480

warrant officer irving newton he met

338

00:13:21,670 --> 00:13:20,240

with professor charles moore years later

339

00:13:23,910 --> 00:13:21,680

in a discovery channel

340

00:13:26,310 --> 00:13:23,920

special he said point blank this is the

341

00:13:28,629 --> 00:13:26,320

material that was in the office

342

00:13:29,829 --> 00:13:28,639

moore still had some of it he said yeah

343

00:13:31,990 --> 00:13:29,839

that's it you've solved it

344

00:13:33,750 --> 00:13:32,000

okay so when you you have to separate

345

00:13:33,990 --> 00:13:33,760

the so-called new roswell eyewitnesses

346

00:13:35,990 --> 00:13:34,000

which

347

00:13:37,269 --> 00:13:36,000

are bandwagon jumpers promoted by people

348

00:13:39,110 --> 00:13:37,279

who jumped on the case

349

00:13:40,389 --> 00:13:39,120

years later these are people like kevin

350

00:13:41,829 --> 00:13:40,399

randall don schmidt they're not the

351

00:13:43,990 --> 00:13:41,839

original researchers

352

00:13:45,670 --> 00:13:44,000

versus people who did the original work

353

00:13:47,189 --> 00:13:45,680

and because i saw those photos

354

00:13:48,710 --> 00:13:47,199

in a press event with bill moore which

355

00:13:50,310 --> 00:13:48,720

is a matter of public record and i've

356

00:13:52,069 --> 00:13:50,320

never put that article on the internet

357

00:13:53,430 --> 00:13:52,079

it's on the new expose on roswell the

358

00:13:55,350 --> 00:13:53,440

update

359

00:13:57,910 --> 00:13:55,360

case closed i've got the photos you can

360

00:14:00,069 --> 00:13:57,920

date them our fingerprints are all on it

361

00:14:01,590 --> 00:14:00,079

case closed but what about the debris

362

00:14:04,310 --> 00:14:01,600

switch and we have dubose

363

00:14:05,910 --> 00:14:04,320

and marcel both claiming that that the

364

00:14:06,470 --> 00:14:05,920

pictures the famous pictures of the

365

00:14:08,470 --> 00:14:06,480

debris

366

00:14:09,829 --> 00:14:08,480

is not what they collected at the ranch

367

00:14:13,430 --> 00:14:09,839

is not what they

368

00:14:15,350 --> 00:14:13,440

no in fact i have published

369

00:14:16,870 --> 00:14:15,360

in not only in my roswell book but in

370

00:14:17,670 --> 00:14:16,880

many articles every time i've written

371

00:14:19,670 --> 00:14:17,680

about this

372

00:14:22,389 --> 00:14:19,680

including in the new uh you know the

373

00:14:24,230 --> 00:14:22,399

annie jacobson book here

374

00:14:25,829 --> 00:14:24,240

i reprinted in there because there's a

375

00:14:26,310 --> 00:14:25,839

whole chapter on roswell what really

376  
00:14:28,310 --> 00:14:26,320  
happened

377  
00:14:29,990 --> 00:14:28,320  
i show him saying in three separate

378  
00:14:32,550 --> 00:14:30,000  
interviews he says

379  
00:14:33,990 --> 00:14:32,560  
there was no debris switch that's bull

380  
00:14:35,509 --> 00:14:34,000  
okay

381  
00:14:37,189 --> 00:14:35,519  
we talked about this is why this is why

382  
00:14:38,069 --> 00:14:37,199  
i have such difficulty because i have

383  
00:14:40,310 --> 00:14:38,079  
you who's

384  
00:14:42,230 --> 00:14:40,320  
yeah go ahead i actually agree i agree

385  
00:14:43,509 --> 00:14:42,240  
with cal i think the chapter in annie

386  
00:14:45,910 --> 00:14:43,519  
jacobson's book was

387  
00:14:47,509 --> 00:14:45,920  
absolutely wrong um in her assessment

388  
00:14:49,590 --> 00:14:47,519

you know like that this was a

389

00:14:51,829 --> 00:14:49,600

she also said it was like a russian hoax

390

00:14:53,590 --> 00:14:51,839

and there was like uh joseph mengele

391

00:14:56,150 --> 00:14:53,600

yeah yeah and all these and then they

392

00:14:59,269 --> 00:14:56,160

were using harlequin baby bodies for the

393

00:15:00,550 --> 00:14:59,279

aliens and stuff um yeah i don't i don't

394

00:15:02,069 --> 00:15:00,560

i just think don't think that you

395

00:15:03,990 --> 00:15:02,079

mentioned a couple witnesses like frank

396

00:15:06,069 --> 00:15:04,000

kaufman and gerald anderson who came

397

00:15:07,829 --> 00:15:06,079

after and gerald anderson had tried to

398

00:15:09,430 --> 00:15:07,839

embellish this uh plains of saint

399

00:15:12,550 --> 00:15:09,440

augustine site which was a

400

00:15:12,949 --> 00:15:12,560

longer way away and and um yeah i agree

401  
00:15:18,790 --> 00:15:12,959  
those

402  
00:15:20,389 --> 00:15:18,800  
either

403  
00:15:21,990 --> 00:15:20,399  
but you've got to go back to

404  
00:15:24,470 --> 00:15:22,000  
foundationals it doesn't matter what the

405  
00:15:26,629 --> 00:15:24,480  
case is and i have limited my ufo

406  
00:15:28,389 --> 00:15:26,639  
investigations as my published record

407  
00:15:31,590 --> 00:15:28,399  
shows to binaries

408  
00:15:33,509 --> 00:15:31,600  
the meyer case it can't be half real

409  
00:15:35,189 --> 00:15:33,519  
you can't have 30 photos of a pleiadian

410  
00:15:36,069 --> 00:15:35,199  
beam chip and only photos five six and

411  
00:15:37,910 --> 00:15:36,079  
seven are real

412  
00:15:39,590 --> 00:15:37,920  
the rest on the slide roller fake

413  
00:15:42,629 --> 00:15:39,600

physics doesn't work that way

414

00:15:44,710 --> 00:15:42,639

so um okay so they

415

00:15:45,990 --> 00:15:44,720

we looked into the um the photographers

416

00:15:47,269 --> 00:15:46,000

apparently they brought in some other

417

00:15:48,710 --> 00:15:47,279

photographers you mentioned these

418

00:15:50,550 --> 00:15:48,720

photographers um

419

00:15:52,710 --> 00:15:50,560

they didn't use the base photography the

420

00:15:54,629 --> 00:15:52,720

the photos that exist of roswell

421

00:15:56,710 --> 00:15:54,639

there's none actually that are in

422

00:15:58,629 --> 00:15:56,720

current existing record of the base

423

00:15:59,829 --> 00:15:58,639

from the base we don't have any photos

424

00:16:01,829 --> 00:15:59,839

in the field and that would be like

425

00:16:03,590 --> 00:16:01,839

typical of of like weather balloons like

426

00:16:05,030 --> 00:16:03,600

right they would go out to the field

427

00:16:06,710 --> 00:16:05,040

and like take pictures of these things

428

00:16:08,230 --> 00:16:06,720

where they crash and stuff there might

429

00:16:09,350 --> 00:16:08,240

especially one that was reported in the

430

00:16:11,269 --> 00:16:09,360

news to be

431

00:16:13,030 --> 00:16:11,279

you know a flying saucer the next day

432

00:16:14,470 --> 00:16:13,040

that that one really always gets me is

433

00:16:16,389 --> 00:16:14,480

why the meat why would they would

434

00:16:17,590 --> 00:16:16,399

why would they tell the media from our

435

00:16:20,470 --> 00:16:17,600

why would uh

436

00:16:21,990 --> 00:16:20,480

you know um why would they tell the

437

00:16:23,910 --> 00:16:22,000

media i forget the guy's name that told

438

00:16:26,230 --> 00:16:23,920

the media was that

439

00:16:27,269 --> 00:16:26,240

right yeah walter hot yeah he's the guy

440

00:16:29,590 --> 00:16:27,279

that from the roswell

441

00:16:31,509 --> 00:16:29,600

air force that told the media um that

442

00:16:33,110 --> 00:16:31,519

there was a a flying saucer

443

00:16:34,550 --> 00:16:33,120

you know that's that's part that has

444

00:16:36,310 --> 00:16:34,560

always interested me is

445

00:16:37,910 --> 00:16:36,320

where'd the mix-up occurred with the

446

00:16:39,269 --> 00:16:37,920

flying saucer and the weather balloon

447

00:16:40,790 --> 00:16:39,279

and why the first

448

00:16:43,430 --> 00:16:40,800

you know intelligence officer who went

449

00:16:45,590 --> 00:16:43,440

out there to the base you know

450

00:16:47,670 --> 00:16:45,600

okay later said those things about that

451  
00:16:48,150 --> 00:16:47,680  
debris and also that memory foil you

452  
00:16:49,590 --> 00:16:48,160  
know that

453  
00:16:51,749 --> 00:16:49,600  
that's and why would they bring in

454  
00:16:53,269 --> 00:16:51,759  
external photographers when the base had

455  
00:16:55,269 --> 00:16:53,279  
plenty of their own photographs

456  
00:16:56,470 --> 00:16:55,279  
why would they use outside photographers

457  
00:16:57,749 --> 00:16:56,480  
because that would explain why it would

458  
00:16:59,509 --> 00:16:57,759  
all be on that one reel

459  
00:17:01,189 --> 00:16:59,519  
he said like oh why wouldn't you know

460  
00:17:02,710 --> 00:17:01,199  
they could have just used a bunch of

461  
00:17:04,069 --> 00:17:02,720  
other photographers and kept the reels

462  
00:17:05,590 --> 00:17:04,079  
separate and kept it separate it's

463  
00:17:07,829 --> 00:17:05,600

called compartmentalization i mean

464

00:17:09,590 --> 00:17:07,839

you're just not using your imagination

465

00:17:11,429 --> 00:17:09,600

i understand all right there are several

466

00:17:14,309 --> 00:17:11,439

questions in there including some from

467

00:17:14,710 --> 00:17:14,319

you stephen let me go through this uh a

468

00:17:16,789 --> 00:17:14,720

little

469

00:17:17,990 --> 00:17:16,799

systematically if i can and again

470

00:17:19,590 --> 00:17:18,000

foundationals are everything

471

00:17:21,189 --> 00:17:19,600

without foundations it doesn't matter

472

00:17:23,750 --> 00:17:21,199

what's built on top of it

473

00:17:24,630 --> 00:17:23,760

now well let me ask you and i'm just

474

00:17:27,829 --> 00:17:24,640

curious but

475

00:17:30,549 --> 00:17:27,839

have you read this book yes or no

476

00:17:32,230 --> 00:17:30,559

i i have but years ago i don't think

477

00:17:33,909 --> 00:17:32,240

i've read your book uh i would love to

478

00:17:35,750 --> 00:17:33,919

read it i just uh i don't

479

00:17:37,350 --> 00:17:35,760

really you know i'll be happy to have a

480

00:17:38,150 --> 00:17:37,360

copy said the reason i'm asking is

481

00:17:40,470 --> 00:17:38,160

because

482

00:17:42,310 --> 00:17:40,480

based on what you're saying and and this

483

00:17:42,710 --> 00:17:42,320

is not absolutely not a criticism in

484

00:17:44,789 --> 00:17:42,720

fact

485

00:17:46,470 --> 00:17:44,799

i want everyone watching this to know

486

00:17:48,549 --> 00:17:46,480

that i know nothing about you

487

00:17:50,470 --> 00:17:48,559

i've read some of your posts i'm happy

488

00:17:53,270 --> 00:17:50,480

to meet you finally put a face with a

489

00:17:54,630 --> 00:17:53,280

an alias name alien scientist and this

490

00:17:56,950 --> 00:17:54,640

is a cold turkey thing

491

00:17:58,630 --> 00:17:56,960

i i have no preparation here i've got a

492

00:17:59,270 --> 00:17:58,640

few things to show people yeah really

493

00:18:01,750 --> 00:17:59,280

exist

494

00:18:03,270 --> 00:18:01,760

but okay you know so i know one of the

495

00:18:05,430 --> 00:18:03,280

big things in your book was uh

496

00:18:07,669 --> 00:18:05,440

sheridan cavett and you focused a lot on

497

00:18:10,070 --> 00:18:07,679

sheridan cabot and newton as you're like

498

00:18:10,710 --> 00:18:10,080

those are your two prime no they're not

499

00:18:12,549 --> 00:18:10,720

primary

500

00:18:15,110 --> 00:18:12,559

now i want to lay out my case because

501  
00:18:17,510 --> 00:18:15,120  
you haven't look okay real quickly

502  
00:18:19,590 --> 00:18:17,520  
again there were only a handful of

503  
00:18:22,470 --> 00:18:19,600  
original roswell witnesses they're all

504  
00:18:23,909 --> 00:18:22,480  
in the original book you've got only a

505  
00:18:27,029 --> 00:18:23,919  
few you've got

506  
00:18:27,990 --> 00:18:27,039  
razzle you've got brazil jr who wasn't

507  
00:18:30,470 --> 00:18:28,000  
there by the way he

508  
00:18:31,750 --> 00:18:30,480  
lied okay you've got the daughter she

509  
00:18:32,630 --> 00:18:31,760  
was there helped collect some of the

510  
00:18:34,710 --> 00:18:32,640  
debris

511  
00:18:36,150 --> 00:18:34,720  
the proctors were never there never

512  
00:18:38,390 --> 00:18:36,160  
witnesses they were very clear about

513  
00:18:41,190 --> 00:18:38,400

that but they do remember the phone call

514

00:18:42,070 --> 00:18:41,200

okay now then you've got major jesse

515

00:18:46,390 --> 00:18:42,080

marcel

516

00:18:48,390 --> 00:18:46,400

told him it was

517

00:18:49,510 --> 00:18:48,400

but they never told him what it really

518

00:18:52,070 --> 00:18:49,520

was meaning

519

00:18:53,110 --> 00:18:52,080

the material on mogul was not classified

520

00:18:56,710 --> 00:18:53,120

but its purpose

521

00:18:58,390 --> 00:18:56,720

was classified wasn't classified as the

522

00:19:01,029 --> 00:18:58,400

manhattan project of world war

523

00:19:02,310 --> 00:19:01,039

ii it was not declassified as a matter

524

00:19:05,590 --> 00:19:02,320

of bureaucratic

525

00:19:06,549 --> 00:19:05,600

we don't care and one of the things that

526

00:19:09,909 --> 00:19:06,559

became clear

527

00:19:10,549 --> 00:19:09,919

after friedman began to chase gerald

528

00:19:12,230 --> 00:19:10,559

anderson

529

00:19:13,830 --> 00:19:12,240

and tie in these other stories of the

530

00:19:15,909 --> 00:19:13,840

plains of san agustin and

531

00:19:17,830 --> 00:19:15,919

roswell took a wrong turn that's when

532

00:19:18,630 --> 00:19:17,840

bill moore started to get out of it and

533

00:19:20,789 --> 00:19:18,640

he endorsed

534

00:19:22,470 --> 00:19:20,799

my conclusion was mobile and the reason

535

00:19:24,950 --> 00:19:22,480

i found out about it

536

00:19:26,710 --> 00:19:24,960

is because of doing everything from

537

00:19:29,350 --> 00:19:26,720

working at kmi

538

00:19:30,310 --> 00:19:29,360

bob lazar did not and also lawrence

539

00:19:33,430 --> 00:19:30,320

livermore lab

540

00:19:35,350 --> 00:19:33,440

and finding out that sometimes absence

541

00:19:37,190 --> 00:19:35,360

of evidence is evidence of absence

542

00:19:39,029 --> 00:19:37,200

the biggest problem with the so-called

543

00:19:40,789 --> 00:19:39,039

cosmic watergate and it

544

00:19:42,390 --> 00:19:40,799

involves roswell and everything else the

545

00:19:45,830 --> 00:19:42,400

disclosure guys claim

546

00:19:47,830 --> 00:19:45,840

is that mossad spends time on ufos

547

00:19:49,990 --> 00:19:47,840

and makes no logical sense if any of

548

00:19:52,950 --> 00:19:50,000

this is true

549

00:19:54,630 --> 00:19:52,960

so marcel never said until he looked at

550

00:19:56,470 --> 00:19:54,640

the debris photos that's when he started

551

00:19:58,230 --> 00:19:56,480

to change his story and that's when i

552

00:20:00,950 --> 00:19:58,240

took them to friedman and said

553

00:20:03,110 --> 00:20:00,960

houston we have a problem how do you how

554

00:20:05,430 --> 00:20:03,120

do you know that mossad doesn't

555

00:20:07,029 --> 00:20:05,440

you know investigate ufos because like

556

00:20:08,470 --> 00:20:07,039

we don't really no one really knows that

557

00:20:09,750 --> 00:20:08,480

what message investigates so we didn't

558

00:20:11,430 --> 00:20:09,760

know that they were like

559

00:20:13,909 --> 00:20:11,440

you know using jeffrey epstein as an

560

00:20:15,669 --> 00:20:13,919

agent to gain intelligence

561

00:20:17,990 --> 00:20:15,679

you know we knew that we knew that in

562

00:20:19,750 --> 00:20:18,000

fact i knew about it because when i did

563

00:20:21,669 --> 00:20:19,760

counter intelligence work over

564

00:20:23,830 --> 00:20:21,679

in europe for years i worked with

565

00:20:26,470 --> 00:20:23,840

israelis and part of my training

566

00:20:27,110 --> 00:20:26,480

was not only that but um gillane's

567

00:20:29,510 --> 00:20:27,120

father

568

00:20:31,190 --> 00:20:29,520

he laundered money for mossad that's

569

00:20:34,070 --> 00:20:31,200

matter of record now

570

00:20:36,070 --> 00:20:34,080

in fact rumors he was he was killed

571

00:20:38,470 --> 00:20:36,080

instead of uh accident on the boat

572

00:20:39,350 --> 00:20:38,480

so i'm saying in fairness though like we

573

00:20:42,549 --> 00:20:39,360

didn't

574

00:20:44,950 --> 00:20:42,559

the u.s government claimed i remember

575

00:20:45,590 --> 00:20:44,960

obama famously claimed that there was no

576

00:20:47,669 --> 00:20:45,600

program

577

00:20:48,870 --> 00:20:47,679

investigating ufos years later we find

578

00:20:50,310 --> 00:20:48,880

out yes there is

579

00:20:52,070 --> 00:20:50,320

could they have a program and it would

580

00:20:54,390 --> 00:20:52,080

just be a higher level of classification

581

00:20:56,470 --> 00:20:54,400

than you could be exposed to

582

00:20:58,710 --> 00:20:56,480

let's assume raws will happen in 47.

583

00:20:59,590 --> 00:20:58,720

let's assume it happened as even randall

584

00:21:01,029 --> 00:20:59,600

claims okay

585

00:21:02,710 --> 00:21:01,039

let's say it all happened i'm wrong i

586

00:21:04,390 --> 00:21:02,720

don't care um

587

00:21:05,990 --> 00:21:04,400

what matters is the truth and we're all

588

00:21:09,270 --> 00:21:06,000

after it okay

589

00:21:11,350 --> 00:21:09,280

how could the jews not be involved in

590

00:21:14,070 --> 00:21:11,360

that when jewish scientists

591

00:21:15,510 --> 00:21:14,080

dominated and still dominate key areas

592

00:21:17,350 --> 00:21:15,520

of science

593

00:21:18,630 --> 00:21:17,360

the point is you know daniel schachtman

594

00:21:21,029 --> 00:21:18,640

is right

595

00:21:23,029 --> 00:21:21,039

who daniel sheckman won the nobel prize

596

00:21:24,470 --> 00:21:23,039

for quasi crystals he did his postdoc at

597

00:21:25,350 --> 00:21:24,480

wright patterson which i thought was

598

00:21:26,789 --> 00:21:25,360

interesting

599

00:21:28,390 --> 00:21:26,799

okay but that doesn't mean it's

600

00:21:30,390 --> 00:21:28,400

connected to roswell and

601  
00:21:31,750 --> 00:21:30,400  
what i'm saying is is that there's all

602  
00:21:34,549 --> 00:21:31,760  
kinds of you know

603  
00:21:35,830 --> 00:21:34,559  
no it doesn't no what i'm saying no if

604  
00:21:37,750 --> 00:21:35,840  
there was a secret project with

605  
00:21:38,070 --> 00:21:37,760  
scientists to leak the material out you

606  
00:21:39,830 --> 00:21:38,080  
know

607  
00:21:41,270 --> 00:21:39,840  
it would have allegedly the material

608  
00:21:43,110 --> 00:21:41,280  
went to wright patterson and was stored

609  
00:21:44,549 --> 00:21:43,120  
at a facility underground there that's

610  
00:21:46,710 --> 00:21:44,559  
like where very

611  
00:21:47,830 --> 00:21:46,720  
very goldwater went after it right not

612  
00:21:51,190 --> 00:21:47,840  
exist we know that

613  
00:21:53,029 --> 00:21:51,200

admiral right not exist officially no we

614

00:21:54,870 --> 00:21:53,039

we know that admiral turkovsky

615

00:21:56,470 --> 00:21:54,880

looked at the material and he said quote

616

00:21:57,270 --> 00:21:56,480

this sure looks like the stuff you're

617

00:21:59,590 --> 00:21:57,280

flying

618

00:22:01,430 --> 00:21:59,600

because they sent it to him that's the

619

00:22:04,470 --> 00:22:01,440

right pat you're talking about

620

00:22:05,990 --> 00:22:04,480

he said and told people yes this looks

621

00:22:06,789 --> 00:22:06,000

like the stuff you're flying he was on

622

00:22:09,029 --> 00:22:06,799

the phone

623

00:22:10,630 --> 00:22:09,039

with more and said this is it it's

624

00:22:12,470 --> 00:22:10,640

mobile then they came up with a weather

625

00:22:14,149 --> 00:22:12,480

balloon story which was a cover story

626

00:22:16,630 --> 00:22:14,159

the reason the base photographer didn't

627

00:22:17,190 --> 00:22:16,640

photograph it is because the media was

628

00:22:19,430 --> 00:22:17,200

alerted

629

00:22:21,270 --> 00:22:19,440

and the ap photographer johnson went

630

00:22:23,350 --> 00:22:21,280

there okay and he took the photos

631

00:22:25,270 --> 00:22:23,360

even helped position the wreckage what's

632

00:22:27,990 --> 00:22:25,280

important is that none of them described

633

00:22:30,470 --> 00:22:28,000

any exotic materials those claims are

634

00:22:32,830 --> 00:22:30,480

limited to jesse marcel

635

00:22:35,190 --> 00:22:32,840

after he was starting to be nailed for

636

00:22:36,789 --> 00:22:35,200

inconsistencies

637

00:22:38,149 --> 00:22:36,799

i mean was there any more than one there

638

00:22:39,270 --> 00:22:38,159

was more than one witness to the

639

00:22:41,190 --> 00:22:39,280

materials though

640

00:22:43,029 --> 00:22:41,200

yeah right in the right in the air

641

00:22:43,990 --> 00:22:43,039

forces roswell report if you go and

642

00:22:46,630 --> 00:22:44,000

control f for

643

00:22:48,390 --> 00:22:46,640

uh sally strickland tottellini she said

644

00:22:49,350 --> 00:22:48,400

that what bill showed us was a piece of

645

00:22:52,070 --> 00:22:49,360

what i still think

646

00:22:52,789 --> 00:22:52,080

as fabric or something like aluminum

647

00:22:56,070 --> 00:22:52,799

foil

648

00:22:58,149 --> 00:22:56,080

something like satin something like well

649

00:23:00,149 --> 00:22:58,159

tanned leather in its toughness yet it

650

00:23:00,950 --> 00:23:00,159

was not precisely like any of those

651  
00:23:03,830 --> 00:23:00,960  
materials

652  
00:23:04,549 --> 00:23:03,840  
it was okay other than her word that she

653  
00:23:06,710 --> 00:23:04,559  
was

654  
00:23:09,029 --> 00:23:06,720  
a witness there's no evidence to support

655  
00:23:11,350 --> 00:23:09,039  
her claim right

656  
00:23:12,950 --> 00:23:11,360  
confiscated at all and threatened all

657  
00:23:14,390 --> 00:23:12,960  
the witnesses and then they all spoke

658  
00:23:16,710 --> 00:23:14,400  
out years later it's just as

659  
00:23:17,590 --> 00:23:16,720  
plausible of a story they were

660  
00:23:20,630 --> 00:23:17,600  
threatened

661  
00:23:22,549 --> 00:23:20,640  
frankie frankie rowe

662  
00:23:24,630 --> 00:23:22,559  
because her daughter is her father was

663  
00:23:26,230 --> 00:23:24,640

in the roswell fire department

664

00:23:27,750 --> 00:23:26,240

they made runs outside roswell that

665

00:23:31,430 --> 00:23:27,760

doesn't prove they were wrong anne dwyer

666

00:23:33,270 --> 00:23:31,440

was a member of the fire department too

667

00:23:35,430 --> 00:23:33,280

his daughter claims it beverly bean

668

00:23:36,070 --> 00:23:35,440

claims her father was involved too and

669

00:23:38,710 --> 00:23:36,080

he wasn't

670

00:23:39,110 --> 00:23:38,720

melbourne sheriff wilcox's daughters you

671

00:23:41,190 --> 00:23:39,120

know

672

00:23:42,950 --> 00:23:41,200

reported there was a box full a shoe box

673

00:23:43,590 --> 00:23:42,960

full of the material and and they said

674

00:23:47,510 --> 00:23:43,600

it was

675

00:23:48,950 --> 00:23:47,520

crumpled up like a ball and it would

676  
00:23:50,950 --> 00:23:48,960  
unfold itself

677  
00:23:52,390 --> 00:23:50,960  
and those testimonies don't exist when

678  
00:23:55,110 --> 00:23:52,400  
the originals were talked to

679  
00:23:56,310 --> 00:23:55,120  
we again friedman moore tried to find

680  
00:23:58,310 --> 00:23:56,320  
everybody

681  
00:23:59,590 --> 00:23:58,320  
and isn't it possible if people were

682  
00:24:01,750 --> 00:23:59,600  
threatened that they kept their mouth

683  
00:24:02,710 --> 00:24:01,760  
shut for a while about it and later told

684  
00:24:04,070 --> 00:24:02,720  
their story

685  
00:24:06,630 --> 00:24:04,080  
yeah they're so threatened that they

686  
00:24:08,789 --> 00:24:06,640  
issued a press release to talk about it

687  
00:24:09,909 --> 00:24:08,799  
no the claims of threats have to have

688  
00:24:12,230 --> 00:24:09,919

evidence like

689

00:24:12,950 --> 00:24:12,240

that would have come after i mean they

690

00:24:14,789 --> 00:24:12,960

you don't

691

00:24:15,750 --> 00:24:14,799

that was before like the higher up so

692

00:24:18,070 --> 00:24:15,760

they said it went up the chain of

693

00:24:20,230 --> 00:24:18,080

command it went from you know blanchard

694

00:24:21,590 --> 00:24:20,240

uh over to uh general raymie at fort

695

00:24:24,630 --> 00:24:21,600

worth and then from there

696

00:24:26,549 --> 00:24:24,640

to uh to wright patterson you know like

697

00:24:28,549 --> 00:24:26,559

i went right up the chain of command

698

00:24:30,470 --> 00:24:28,559

okay let me ask you this

699

00:24:32,470 --> 00:24:30,480

have you read major jesse marcel's

700

00:24:34,310 --> 00:24:32,480

military file yes or no

701  
00:24:36,149 --> 00:24:34,320  
i mean i yeah i know your attempts to

702  
00:24:38,630 --> 00:24:36,159  
discredit marcel as a witness that's

703  
00:24:39,350 --> 00:24:38,640  
the best that's all you have left on the

704  
00:24:41,029 --> 00:24:39,360  
case

705  
00:24:42,950 --> 00:24:41,039  
wrong you were mischaracterizing what

706  
00:24:45,830 --> 00:24:42,960  
i'm saying i know how i feel and think

707  
00:24:48,470 --> 00:24:45,840  
no one speaks for me i do it myself i

708  
00:24:51,029 --> 00:24:48,480  
was the first person to publish his file

709  
00:24:52,070 --> 00:24:51,039  
because what was in there needed to be

710  
00:24:53,909 --> 00:24:52,080  
made public

711  
00:24:55,269 --> 00:24:53,919  
i'll summarize it briefly you can't

712  
00:24:58,310 --> 00:24:55,279  
argue with it it is a

713  
00:24:59,269 --> 00:24:58,320

fact it says in there that he was not a

714

00:25:01,430 --> 00:24:59,279

pilot

715

00:25:02,630 --> 00:25:01,440

in fact general raymie felt sorry for

716

00:25:04,789 --> 00:25:02,640

him he was written

717

00:25:05,830 --> 00:25:04,799

up for exaggerating events right after

718

00:25:07,990 --> 00:25:05,840

roswell it's in

719

00:25:09,590 --> 00:25:08,000

the report the assistant-based commander

720

00:25:11,110 --> 00:25:09,600

better way to later discredit him if

721

00:25:11,909 --> 00:25:11,120

there if it was a real event they could

722

00:25:14,390 --> 00:25:11,919

have just

723

00:25:16,390 --> 00:25:14,400

didn't discredit him they said this

724

00:25:18,390 --> 00:25:16,400

person has a tendency to magnify

725

00:25:20,310 --> 00:25:18,400

problems he's confronted with and that

726

00:25:21,669 --> 00:25:20,320

one day he'll make a fine officer but he

727

00:25:23,590 --> 00:25:21,679

needs some work

728

00:25:25,190 --> 00:25:23,600

for example he's not a rated pilot

729

00:25:28,070 --> 00:25:25,200

that's a tough

730

00:25:28,950 --> 00:25:28,080

handicap to have when you're full of top

731

00:25:31,269 --> 00:25:28,960

gun pilots they're

732

00:25:31,990 --> 00:25:31,279

the only nuclear air base at the time

733

00:25:34,310 --> 00:25:32,000

now

734

00:25:36,470 --> 00:25:34,320

what happened was marcel lied and said

735

00:25:38,230 --> 00:25:36,480

he had a bachelor's degree in physics

736

00:25:40,070 --> 00:25:38,240

i asked freeman why didn't you talk to

737

00:25:43,430 --> 00:25:40,080

him about that because you love physics

738

00:25:45,350 --> 00:25:43,440

why didn't you guys share atomic stories

739

00:25:47,269 --> 00:25:45,360

well friedman dodged the issue because

740

00:25:47,990 --> 00:25:47,279

he never had a bachelor's degree in

741

00:25:50,070 --> 00:25:48,000

physics

742

00:25:51,669 --> 00:25:50,080

now why would someone lie about claiming

743

00:25:53,510 --> 00:25:51,679

they have a bachelor's degree in physics

744

00:25:54,630 --> 00:25:53,520

even name the university and turns out

745

00:25:58,390 --> 00:25:54,640

it's not true

746

00:26:00,630 --> 00:25:58,400

he said he resigned from the uh

747

00:26:02,710 --> 00:26:00,640

military because of all the career

748

00:26:04,390 --> 00:26:02,720

opportunities in dc in fact he said that

749

00:26:06,230 --> 00:26:04,400

he had written the announcement on the

750

00:26:06,950 --> 00:26:06,240

radio about the russians blowing off a

751  
00:26:09,669 --> 00:26:06,960  
nuke

752  
00:26:11,510 --> 00:26:09,679  
no he didn't truman read a radio report

753  
00:26:13,350 --> 00:26:11,520  
press report secondly

754  
00:26:14,950 --> 00:26:13,360  
marcel left because of a hardship

755  
00:26:16,630 --> 00:26:14,960  
discharge it says in his file

756  
00:26:18,070 --> 00:26:16,640  
his mother was not doing well and he

757  
00:26:19,669 --> 00:26:18,080  
needed to take care of her

758  
00:26:21,430 --> 00:26:19,679  
so as i noted in my book there's no

759  
00:26:24,710 --> 00:26:21,440  
shame in that but why

760  
00:26:27,110 --> 00:26:24,720  
make something up and then he says he

761  
00:26:27,990 --> 00:26:27,120  
was the only survivor being shot down in

762  
00:26:30,390 --> 00:26:28,000  
the pacific

763  
00:26:31,269 --> 00:26:30,400

that isn't true he was never shot down

764

00:26:33,430 --> 00:26:31,279

he was never an

765

00:26:34,950 --> 00:26:33,440

ace he never got five air medals he got

766

00:26:35,990 --> 00:26:34,960

three because he happened to get on a

767

00:26:38,950 --> 00:26:36,000

flight

768

00:26:40,549 --> 00:26:38,960

that uh had saw some action overseas he

769

00:26:42,470 --> 00:26:40,559

was a cartographer

770

00:26:43,830 --> 00:26:42,480

uh there were other claims he made that

771

00:26:46,870 --> 00:26:43,840

weren't true even his son

772

00:26:48,149 --> 00:26:46,880

said to me my father did have a tendency

773

00:26:51,350 --> 00:26:48,159

to exaggerate on

774

00:26:53,590 --> 00:26:51,360

occasion quote unquote so these are all

775

00:26:54,149 --> 00:26:53,600

in his military files they felt bad for

776

00:26:56,630 --> 00:26:54,159

him

777

00:26:57,350 --> 00:26:56,640

that he got it wrong and got hyped over

778

00:27:00,070 --> 00:26:57,360

it and

779

00:27:02,230 --> 00:27:00,080

talked to walter hot and even uh marcel

780

00:27:04,710 --> 00:27:02,240

said we had an eager beaver pr officer

781

00:27:06,470 --> 00:27:04,720

named hot and without authorization

782

00:27:07,909 --> 00:27:06,480

he released that and then he got a

783

00:27:09,350 --> 00:27:07,919

blistering rebuke

784

00:27:10,950 --> 00:27:09,360

because the press started calling the

785

00:27:12,149 --> 00:27:10,960

pentagon in dc saying hey what about

786

00:27:15,190 --> 00:27:12,159

this flying disc

787

00:27:16,549 --> 00:27:15,200

and um then they found out that he spoke

788

00:27:18,070 --> 00:27:16,559

without permission and then

789

00:27:19,669 --> 00:27:18,080  
they admitted they have it fly the

790

00:27:23,029 --> 00:27:19,679  
wreckage and showed it

791

00:27:24,710 --> 00:27:23,039  
um again this is all in there i

792

00:27:26,389 --> 00:27:24,720  
i'm the first one who got his file along

793

00:27:29,029 --> 00:27:26,399  
with bob todd it's all published

794

00:27:30,630 --> 00:27:29,039  
many pages of it if his file said

795

00:27:32,149 --> 00:27:30,640  
anything to support what he said

796

00:27:34,950 --> 00:27:32,159  
i would have published that but it did

797

00:27:36,470 --> 00:27:34,960  
not and you can't ignore that

798

00:27:38,710 --> 00:27:36,480  
you can't say you have a degree in

799

00:27:40,389 --> 00:27:38,720  
physics when you don't and you make up a

800

00:27:41,669 --> 00:27:40,399  
university you never went to that's jim

801  
00:27:43,269 --> 00:27:41,679  
delatoso stuff

802  
00:27:44,950 --> 00:27:43,279  
he doesn't have a phd from mcgill

803  
00:27:46,630 --> 00:27:44,960  
university either but he lied and said

804  
00:27:48,710 --> 00:27:46,640  
he did

805  
00:27:50,310 --> 00:27:48,720  
it's just i just was interested that the

806  
00:27:53,990 --> 00:27:50,320  
roswell report um

807  
00:27:56,870 --> 00:27:54,000  
kind of uses newton and uh also sheridan

808  
00:27:58,070 --> 00:27:56,880  
um cavett as the two main witnesses to

809  
00:27:59,990 --> 00:27:58,080  
discredit lazar

810  
00:28:02,149 --> 00:28:00,000  
as well as a witness and and they used

811  
00:28:03,029 --> 00:28:02,159  
some personal testimony about him as a

812  
00:28:05,430 --> 00:28:03,039  
character

813  
00:28:06,149 --> 00:28:05,440

and uh to kind of discredit his his

814

00:28:08,470 --> 00:28:06,159

character

815

00:28:10,789 --> 00:28:08,480

but this it wasn't just newton um the

816

00:28:11,590 --> 00:28:10,799

other cic officer i guess that went out

817

00:28:15,430 --> 00:28:11,600

there with him

818

00:28:19,350 --> 00:28:15,440

um was a guy named uh bill uh

819

00:28:21,830 --> 00:28:19,360

i got it written down here it's bill um

820

00:28:23,510 --> 00:28:21,840

ricky with rickett right and bill lewis

821

00:28:25,029 --> 00:28:23,520

ricketts said like you're not

822

00:28:27,190 --> 00:28:25,039

something to the effect of that he said

823

00:28:29,110 --> 00:28:27,200

this was a non-event that that cabot

824

00:28:30,070 --> 00:28:29,120

told them both that this was a non-event

825

00:28:32,070 --> 00:28:30,080

this did not happen

826

00:28:33,990 --> 00:28:32,080

and you're not to talk about this and

827

00:28:36,470 --> 00:28:34,000

then cavett kind of later changes his

828

00:28:37,430 --> 00:28:36,480

his testimony about what that was in the

829

00:28:39,669 --> 00:28:37,440

um

830

00:28:41,590 --> 00:28:39,679

okay what he meant by that one could you

831

00:28:44,789 --> 00:28:41,600

care to explain and unravel

832

00:28:45,510 --> 00:28:44,799

unpack that for us no problem i lived in

833

00:28:49,110 --> 00:28:45,520

washington

834

00:28:52,149 --> 00:28:49,120

boeing at the time we spoke i

835

00:28:54,470 --> 00:28:52,159

also appeared on msnbc all day 50th

836

00:28:57,029 --> 00:28:54,480

anniversary roswell special where

837

00:28:57,510 --> 00:28:57,039

we went through all this with uh captain

838

00:29:00,870 --> 00:28:57,520

and

839

00:29:03,830 --> 00:29:00,880

show

840

00:29:05,590 --> 00:29:03,840

long story short is this kevin met with

841

00:29:08,149 --> 00:29:05,600

several roswell researchers

842

00:29:08,950 --> 00:29:08,159

they pissed him off as he said on the

843

00:29:12,870 --> 00:29:08,960

record

844

00:29:14,470 --> 00:29:12,880

they wanted to believe so badly so he

845

00:29:15,990 --> 00:29:14,480

messed with them a little bit yeah you

846

00:29:17,269 --> 00:29:16,000

right you put down whatever

847

00:29:19,830 --> 00:29:17,279

so then what happened is when the air

848

00:29:21,669 --> 00:29:19,840

force called him and went to see him

849

00:29:23,590 --> 00:29:21,679

they're like well why don't we go on

850

00:29:25,350 --> 00:29:23,600

record and and kind of straighten this

851  
00:29:26,310 --> 00:29:25,360  
out because mcandrew said on the show

852  
00:29:29,110 --> 00:29:26,320  
you can't call

853  
00:29:30,950 --> 00:29:29,120  
a person a liar in a government report

854  
00:29:33,669 --> 00:29:30,960  
and i was criticizing mcandrew

855  
00:29:35,669 --> 00:29:33,679  
for not being blunt here he is saying

856  
00:29:37,590 --> 00:29:35,679  
they're lying without using the I word

857  
00:29:39,909 --> 00:29:37,600  
and i just thought that was there's

858  
00:29:41,510 --> 00:29:39,919  
enough readers out there who are gonna

859  
00:29:43,510 --> 00:29:41,520  
use that as well he's not saying he's

860  
00:29:45,909 --> 00:29:43,520  
lying even though it's obvious he was

861  
00:29:47,510 --> 00:29:45,919  
so uh what happened is kavit said it

862  
00:29:49,430 --> 00:29:47,520  
looked like somebody's balloon

863  
00:29:50,789 --> 00:29:49,440

wasn't a big deal he was pissed off they

864

00:29:52,149 --> 00:29:50,799

wasted their time because it took a

865

00:29:54,710 --> 00:29:52,159

while to get out there

866

00:29:56,470 --> 00:29:54,720

rickett made up a lot of stuff he loved

867

00:29:59,110 --> 00:29:56,480

a good fish story in fact he

868

00:29:59,669 --> 00:29:59,120

made up stuff about investigating ufos

869

00:30:03,190 --> 00:29:59,679

with

870

00:30:05,110 --> 00:30:03,200

dr uh alvarez luis alvarez who wasn't

871

00:30:05,909 --> 00:30:05,120

involved in roswell either but he was

872

00:30:08,389 --> 00:30:05,919

out trying to

873

00:30:09,750 --> 00:30:08,399

find meteorites he had a ufo sighting

874

00:30:12,549 --> 00:30:09,760

because there was a green

875

00:30:13,269 --> 00:30:12,559

fireball phenomenon going on at the time

876

00:30:15,350 --> 00:30:13,279

and they thought

877

00:30:16,870 --> 00:30:15,360

maybe this might explain some of the

878

00:30:18,950 --> 00:30:16,880

sightings it did explain some of the

879

00:30:20,870 --> 00:30:18,960

sightings but the green fireballs were

880

00:30:22,710 --> 00:30:20,880

ultimately figured out to be

881

00:30:26,070 --> 00:30:22,720

astronomical phenomenon

882

00:30:28,230 --> 00:30:26,080

um you know not uh spaceships

883

00:30:30,389 --> 00:30:28,240

so those are those two witnesses again

884

00:30:31,909 --> 00:30:30,399

this is all old material that was proven

885

00:30:33,669 --> 00:30:31,919

in the 90s

886

00:30:35,269 --> 00:30:33,679

and it's been out there for years what

887

00:30:37,510 --> 00:30:35,279

has happened is there's been

888

00:30:38,789 --> 00:30:37,520

a couple 20 years or so have gone by i

889

00:30:40,230 --> 00:30:38,799

haven't been in the country i haven't

890

00:30:41,750 --> 00:30:40,240

dealt with this stuff and

891

00:30:43,430 --> 00:30:41,760

it's just like stanton friedman warned

892

00:30:44,870 --> 00:30:43,440

me about as a kid and you may remember

893

00:30:47,350 --> 00:30:44,880

these words he said

894

00:30:49,029 --> 00:30:47,360

new ideas come into being not because

895

00:30:50,389 --> 00:30:49,039

people accept them but because their

896

00:30:52,149 --> 00:30:50,399

opponents die

897

00:30:53,590 --> 00:30:52,159

and a new generation is born that is

898

00:30:56,070 --> 00:30:53,600

accustomed to them and he's

899

00:30:57,669 --> 00:30:56,080

paraphrasing the great max blank he said

900

00:30:58,789 --> 00:30:57,679

cal this is going to happen with ufos

901  
00:31:00,310 --> 00:30:58,799  
especially you know

902  
00:31:02,789 --> 00:31:00,320  
he was looking forward to the day when

903  
00:31:05,830 --> 00:31:02,799  
all the evil debunkers and skeptics died

904  
00:31:07,269 --> 00:31:05,840  
so that this thing could turn their way

905  
00:31:09,669 --> 00:31:07,279  
i was like watergate

906  
00:31:11,029 --> 00:31:09,679  
101 you know and they all want that

907  
00:31:12,710 --> 00:31:11,039  
they'd have a field day

908  
00:31:14,149 --> 00:31:12,720  
right the other side wants it too you

909  
00:31:15,830 --> 00:31:14,159  
know i had

910  
00:31:17,350 --> 00:31:15,840  
conversations with phil class and he

911  
00:31:19,430 --> 00:31:17,360  
told me point blank that

912  
00:31:21,430 --> 00:31:19,440  
if he could find anything he would love

913  
00:31:23,830 --> 00:31:21,440

it because he works at aviation week

914

00:31:26,149 --> 00:31:23,840

there are other ufo researchers uh you

915

00:31:28,310 --> 00:31:26,159

know hardcore atheists where the idea

916

00:31:29,590 --> 00:31:28,320

of anything out there is just it's all

917

00:31:30,950 --> 00:31:29,600

human humans the

918

00:31:33,029 --> 00:31:30,960

pinnacle of whatever that that's

919

00:31:34,950 --> 00:31:33,039

extremism the other way so

920

00:31:37,110 --> 00:31:34,960

in my long-winded way what i'm saying is

921

00:31:38,149 --> 00:31:37,120

is that all of the core foundational

922

00:31:39,909 --> 00:31:38,159

stuff

923

00:31:43,590 --> 00:31:39,919

where the people who are really there no

924

00:31:45,909 --> 00:31:43,600

question 1947 not the people who said oh

925

00:31:47,190 --> 00:31:45,919

now i'm saying i was there none of that

926  
00:31:49,350 --> 00:31:47,200  
has held up and

927  
00:31:50,630 --> 00:31:49,360  
we have those photos we were the first i

928  
00:31:53,509 --> 00:31:50,640  
was the first

929  
00:31:55,110 --> 00:31:53,519  
to to analyze the rainy memo from these

930  
00:31:57,269 --> 00:31:55,120  
photos bill moore gave me

931  
00:31:58,789 --> 00:31:57,279  
because they were made from the best the

932  
00:32:00,549 --> 00:31:58,799  
original snakes

933  
00:32:02,470 --> 00:32:00,559  
and that's why when others talk about

934  
00:32:02,870 --> 00:32:02,480  
molecular properties getting down in

935  
00:32:05,430 --> 00:32:02,880  
there

936  
00:32:06,950 --> 00:32:05,440  
it's raw shocks it's not credible i'll

937  
00:32:08,549 --> 00:32:06,960  
give these photos up to anybody to

938  
00:32:10,230 --> 00:32:08,559

enhance them they won't find any

939

00:32:11,750 --> 00:32:10,240

secret hidden message there it's

940

00:32:14,310 --> 00:32:11,760

complete [h\_\_h] and

941

00:32:16,149 --> 00:32:14,320

we dealt with this in the 80s and it's

942

00:32:17,750 --> 00:32:16,159

it's frustrating to see people

943

00:32:19,269 --> 00:32:17,760

yeah there's nothing actionable that can

944

00:32:21,350 --> 00:32:19,279

be resolved from that

945

00:32:22,789 --> 00:32:21,360

and it's it's it turns into a game of

946

00:32:24,549 --> 00:32:22,799

cryptography where you're just trying to

947

00:32:26,710 --> 00:32:24,559

crack a blurry message and to

948

00:32:29,269 --> 00:32:26,720

mean we're seeing what you want to see

949

00:32:34,470 --> 00:32:32,310

yeah so uh to me one of the big strikes

950

00:32:35,190 --> 00:32:34,480

against roswell happening the way people

951  
00:32:38,070 --> 00:32:35,200  
claim

952  
00:32:39,909 --> 00:32:38,080  
okay is the fact that when i lived

953  
00:32:42,070 --> 00:32:39,919  
overseas and was in

954  
00:32:44,070 --> 00:32:42,080  
over two dozen different countries

955  
00:32:45,830 --> 00:32:44,080  
talked to all kinds of people

956  
00:32:48,710 --> 00:32:45,840  
who were in the cold war and everything

957  
00:32:50,789 --> 00:32:48,720  
else a whole lot of stuff came out even

958  
00:32:52,470 --> 00:32:50,799  
even information that the kgb is the one

959  
00:32:54,389 --> 00:32:52,480  
that planted in france the rumors that

960  
00:32:55,830 --> 00:32:54,399  
kennedy was killed by a conspiracy they

961  
00:32:57,430 --> 00:32:55,840  
planted them in communist controlled

962  
00:32:57,909 --> 00:32:57,440  
unions it gained traction through mark

963  
00:32:59,430 --> 00:32:57,919

wayne

964

00:33:01,110 --> 00:32:59,440

ended up in the us and next thing you

965

00:33:02,070 --> 00:33:01,120

know it's the granddaddy of all

966

00:33:03,990 --> 00:33:02,080

conspiracies

967

00:33:06,549 --> 00:33:04,000

and jim garrison's investigating it

968

00:33:09,269 --> 00:33:06,559

right exactly all that stuff so

969

00:33:12,389 --> 00:33:09,279

um having been involved in this you know

970

00:33:12,870 --> 00:33:12,399

since october 19 1973 when started all

971

00:33:15,509 --> 00:33:12,880

this

972

00:33:16,870 --> 00:33:15,519

having been mentored by friedman heineke

973

00:33:19,669 --> 00:33:16,880

all these guys

974

00:33:21,909 --> 00:33:19,679

um again i can only tell you what

975

00:33:22,549 --> 00:33:21,919

happened and if if the foundationals

976

00:33:26,230 --> 00:33:22,559

don't

977

00:33:28,789 --> 00:33:26,240

hold up it literally doesn't matter

978

00:33:29,990 --> 00:33:28,799

what someone says after the fact if

979

00:33:31,990 --> 00:33:30,000

meyer never had a

980

00:33:36,470 --> 00:33:32,000

one contact with samyazi it doesn't

981

00:33:40,870 --> 00:33:39,269

even if that he got to meet stanton

982

00:33:42,630 --> 00:33:40,880

friedman though man you were like

983

00:33:44,950 --> 00:33:42,640

your picture with him at like 17 years

984

00:33:47,110 --> 00:33:44,960

old yeah that's pretty cool you've been

985

00:33:48,310 --> 00:33:47,120

you've been in this a long time yeah i

986

00:33:51,430 --> 00:33:48,320

might have i was

987

00:33:53,110 --> 00:33:51,440

a kid at 13. i started lecturing because

988

00:33:55,110 --> 00:33:53,120

of him i saw him

989

00:33:57,029 --> 00:33:55,120

i came back to my teacher all excited i

990

00:33:58,149 --> 00:33:57,039

said wow a lecture i never knew as a kid

991

00:33:59,830 --> 00:33:58,159

there was such a thing

992

00:34:01,669 --> 00:33:59,840

and i said i know everything he's saying

993

00:34:03,509 --> 00:34:01,679

i could lecture he goes well go ahead

994

00:34:05,430 --> 00:34:03,519

next thing i know i'm doing hundreds of

995

00:34:07,509 --> 00:34:05,440

lectures thousands of them actually

996

00:34:09,829 --> 00:34:07,519

um over the years okay if we take if we

997

00:34:11,750 --> 00:34:09,839

take marcel's eyewitness testimony about

998

00:34:13,510 --> 00:34:11,760

the debris away

999

00:34:15,349 --> 00:34:13,520

there's still there's still an awful lot

1000

00:34:17,190 --> 00:34:15,359

of people that claimed that these

1001

00:34:19,030 --> 00:34:17,200

materials had all these strange

1002

00:34:20,550 --> 00:34:19,040

properties we have the

1003

00:34:22,230 --> 00:34:20,560

but but look at a lot of people on

1004

00:34:23,270 --> 00:34:22,240

record i mean there's the guys sergeant

1005

00:34:25,430 --> 00:34:23,280

leroy's wife

1006

00:34:26,790 --> 00:34:25,440

uh apparently someone interviewed these

1007

00:34:28,310 --> 00:34:26,800

uh someone went and like tracked a lot

1008

00:34:29,030 --> 00:34:28,320

of these witnesses down because a lot of

1009

00:34:30,790 --> 00:34:29,040

time

1010

00:34:32,869 --> 00:34:30,800

period passed and and so like a lot of

1011

00:34:34,149 --> 00:34:32,879

these guys died in like the 80s and 90s

1012

00:34:35,190 --> 00:34:34,159

because they would have been 80 and 90

1013

00:34:37,990 --> 00:34:35,200

years old

1014

00:34:40,869 --> 00:34:38,000

yeah i want you to know i mean i've got

1015

00:34:42,710 --> 00:34:40,879

tables on my other monitors here of

1016

00:34:44,310 --> 00:34:42,720

you know the claim is there's hundreds

1017

00:34:46,629 --> 00:34:44,320

of witnesses which is not true

1018

00:34:48,629 --> 00:34:46,639

again look at the first 11 which are

1019

00:34:49,109 --> 00:34:48,639

core everyone agrees these guys were

1020

00:34:51,990 --> 00:34:49,119

there

1021

00:34:53,589 --> 00:34:52,000

mac brazil touched the debris kite foil

1022

00:34:54,550 --> 00:34:53,599

and rubber that is his published

1023

00:34:56,550 --> 00:34:54,560

descriptions

1024

00:34:59,109 --> 00:34:56,560

in what about the sergeants the three

1025

00:35:00,710 --> 00:34:59,119

sergeants like

1026  
00:35:02,630 --> 00:35:00,720  
apparently they brought just sergeants

1027  
00:35:04,230 --> 00:35:02,640  
out they didn't bring like soldiers uh

1028  
00:35:05,910 --> 00:35:04,240  
it was the fire department and a bunch

1029  
00:35:08,710 --> 00:35:05,920  
of sergeants who were who they were the

1030  
00:35:11,030 --> 00:35:08,720  
only ones who were brought out to um

1031  
00:35:13,109 --> 00:35:11,040  
there was no fire department in fact the

1032  
00:35:14,390 --> 00:35:13,119  
reason that the two cic agents came

1033  
00:35:16,950 --> 00:35:14,400  
along is because blanchard

1034  
00:35:19,430 --> 00:35:16,960  
told marcel as the senior intelligence

1035  
00:35:20,390 --> 00:35:19,440  
officer i've got two cic agents assigned

1036  
00:35:22,150 --> 00:35:20,400  
you take them with you

1037  
00:35:23,829 --> 00:35:22,160  
go out and see what it is he was

1038  
00:35:24,630 --> 00:35:23,839

thinking it might be a military saying

1039

00:35:26,230 --> 00:35:24,640

they didn't know

1040

00:35:28,230 --> 00:35:26,240

because things were flying all over

1041

00:35:30,710 --> 00:35:28,240

because there were these uh

1042

00:35:32,310 --> 00:35:30,720

radar targets they were seen across the

1043

00:35:35,750 --> 00:35:32,320

country there were rewards for them

1044

00:35:36,710 --> 00:35:35,760

in fact mogul itself had a bright uh

1045

00:35:38,790 --> 00:35:36,720

they offered 50

1046

00:35:40,390 --> 00:35:38,800

reward as i recall if you found any

1047

00:35:41,510 --> 00:35:40,400

piece of it and had a tag on it you had

1048

00:35:43,510 --> 00:35:41,520

to turn in the tag

1049

00:35:45,510 --> 00:35:43,520

to prove it was really from them because

1050

00:35:48,069 --> 00:35:45,520

they wanted some of the instruments back

1051  
00:35:50,069 --> 00:35:48,079  
what about marcel jr and his description

1052  
00:35:52,310 --> 00:35:50,079  
of what may be hieroglyphics i mean

1053  
00:35:54,790 --> 00:35:52,320  
there's not hieroglyphics written on uh

1054  
00:35:55,670 --> 00:35:54,800  
on on mobile balloons is there i'll get

1055  
00:35:58,150 --> 00:35:55,680  
to that a second

1056  
00:35:59,270 --> 00:35:58,160  
mac brazil touch debris kite foil rubber

1057  
00:36:01,270 --> 00:35:59,280  
his own words

1058  
00:36:03,190 --> 00:36:01,280  
when he said he found it in mid-june

1059  
00:36:05,589 --> 00:36:03,200  
that fits a mogul launch window

1060  
00:36:07,829 --> 00:36:05,599  
july 4th was a made-up date by the way

1061  
00:36:10,550 --> 00:36:07,839  
uh they're patriotic those aliens

1062  
00:36:12,310 --> 00:36:10,560  
uh bessie brazil touched the debris says

1063  
00:36:14,230 --> 00:36:12,320

a balloon which had burst quote unquote

1064

00:36:16,390 --> 00:36:14,240

major jessie marcel touched the debris

1065

00:36:18,950 --> 00:36:16,400

said it was indestructible

1066

00:36:20,950 --> 00:36:18,960

okay well there's one claim that stands

1067

00:36:21,750 --> 00:36:20,960

different from the other originals so

1068

00:36:24,550 --> 00:36:21,760

far

1069

00:36:26,470 --> 00:36:24,560

jesse marcel jr touched the debris he

1070

00:36:27,990 --> 00:36:26,480

said when he looked at the photos that

1071

00:36:29,670 --> 00:36:28,000

this looks like the stuff that was on

1072

00:36:31,030 --> 00:36:29,680

the floor he also said

1073

00:36:33,349 --> 00:36:31,040

there was nothing in there that was

1074

00:36:35,270 --> 00:36:33,359

indestructible that couldn't be bent

1075

00:36:36,550 --> 00:36:35,280

with a 16-pound sledgehammer he never

1076

00:36:38,790 --> 00:36:36,560

gave that description

1077

00:36:40,150 --> 00:36:38,800

in fact major as i my book proves major

1078

00:36:42,150 --> 00:36:40,160

jesse marcel senior

1079

00:36:43,829 --> 00:36:42,160

or you know his father said that there

1080

00:36:47,030 --> 00:36:43,839

were square sticks

1081

00:36:49,750 --> 00:36:47,040

that the foil was uh attached to

1082

00:36:52,230 --> 00:36:49,760

uh square sticks are in mobile jesse

1083

00:36:54,870 --> 00:36:52,240

marcel jr when he was confronted

1084

00:36:55,829 --> 00:36:54,880

with that fact about mobile and shown

1085

00:36:57,990 --> 00:36:55,839

the engineering

1086

00:36:59,190 --> 00:36:58,000

blueprints for the first time in the 90s

1087

00:37:01,990 --> 00:36:59,200

he said oh uh

1088

00:37:03,670 --> 00:37:02,000

there were i-beams and he was exposed

1089

00:37:05,910 --> 00:37:03,680

for changing his story

1090

00:37:08,390 --> 00:37:05,920

in fact he even changed the design of

1091

00:37:09,670 --> 00:37:08,400

the hieroglyphs he claims he saw once he

1092

00:37:11,990 --> 00:37:09,680

saw the tape

1093

00:37:14,230 --> 00:37:12,000

from the toy factory that was used with

1094

00:37:16,390 --> 00:37:14,240

those pink symbols on it they were pink

1095

00:37:18,069 --> 00:37:16,400

that were random as part of tape they

1096

00:37:19,589 --> 00:37:18,079

used cheap materials

1097

00:37:21,430 --> 00:37:19,599

again he changed the story there are

1098

00:37:22,710 --> 00:37:21,440

published articles exposing it it's in

1099

00:37:26,310 --> 00:37:22,720

my book

1100

00:37:28,870 --> 00:37:26,320

and major jesse marcel again

1101  
00:37:30,550 --> 00:37:28,880  
jr admitted his father had a tendency to

1102  
00:37:34,230 --> 00:37:30,560  
exaggerate on occasion

1103  
00:37:36,950 --> 00:37:34,240  
he was asked me and one other person

1104  
00:37:39,030 --> 00:37:36,960  
what he could do to try to help save his

1105  
00:37:40,950 --> 00:37:39,040  
father's reputation

1106  
00:37:42,470 --> 00:37:40,960  
the answer was the record's out his

1107  
00:37:44,710 --> 00:37:42,480  
military files released

1108  
00:37:45,589 --> 00:37:44,720  
that's it no more that nothing else

1109  
00:37:47,990 --> 00:37:45,599  
needs to be said

1110  
00:37:50,390 --> 00:37:48,000  
take it or leave it it's here folks and

1111  
00:37:53,270 --> 00:37:50,400  
anybody could have gotten in file

1112  
00:37:53,829 --> 00:37:53,280  
if they bothered sergeant leroy wallace

1113  
00:37:59,510 --> 00:37:53,839

and

1114

00:38:01,510 --> 00:37:59,520

later afterward

1115

00:38:03,829 --> 00:38:01,520

his wife said that he reported coming

1116

00:38:04,470 --> 00:38:03,839

back from the scene and scrubbing his uh

1117

00:38:07,589 --> 00:38:04,480

hands with

1118

00:38:08,870 --> 00:38:07,599

lye soap for 10 days straight exclaiming

1119

00:38:10,550 --> 00:38:08,880

that he shouldn't have never touched

1120

00:38:12,150 --> 00:38:10,560

this material that something was on it

1121

00:38:14,390 --> 00:38:12,160

with that gun on his hands he felt like

1122

00:38:16,630 --> 00:38:14,400

he shouldn't have handled it

1123

00:38:18,950 --> 00:38:16,640

well we knew that whatever was recovered

1124

00:38:21,670 --> 00:38:18,960

was handled by plenty of people and they

1125

00:38:22,470 --> 00:38:21,680

lived a normal life and died naturally

1126

00:38:24,069 --> 00:38:22,480

uh

1127

00:38:25,910 --> 00:38:24,079

jared and cavett touched it louis

1128

00:38:27,510 --> 00:38:25,920

rickett touched it james bond johnson

1129

00:38:29,270 --> 00:38:27,520

touched it irving newton

1130

00:38:31,030 --> 00:38:29,280

touched it he's in the photos professor

1131

00:38:32,069 --> 00:38:31,040

charles moore well we don't know that

1132

00:38:33,270 --> 00:38:32,079

irving newton touched

1133

00:38:35,190 --> 00:38:33,280

it because irving newton was just

1134

00:38:36,630 --> 00:38:35,200

brought into the ra he was just brought

1135

00:38:38,390 --> 00:38:36,640

into the press office to the weather

1136

00:38:39,829 --> 00:38:38,400

balloon that was in raymie's office i

1137

00:38:41,030 --> 00:38:39,839

mean they could have done the material

1138

00:38:43,670 --> 00:38:41,040

switch beforehand

1139

00:38:44,870 --> 00:38:43,680

now we do know sheridan cavett said he

1140

00:38:46,790 --> 00:38:44,880

personally

1141

00:38:48,630 --> 00:38:46,800

went up to the plane yeah that's

1142

00:38:49,990 --> 00:38:48,640

sheridan cavett but newton was newton's

1143

00:38:52,550 --> 00:38:50,000

at right field because the stuff was

1144

00:38:54,790 --> 00:38:52,560

flown from roswell to right field

1145

00:38:56,069 --> 00:38:54,800

and then at right field is where i mean

1146

00:38:58,790 --> 00:38:56,079

not right field sorry

1147

00:39:01,109 --> 00:38:58,800

at um fort worth texas he's the base

1148

00:39:02,630 --> 00:39:01,119

weather officer so raymie calls him up

1149

00:39:03,430 --> 00:39:02,640

and says get your ass down here quote

1150

00:39:05,589 --> 00:39:03,440

unquote

1151

00:39:07,270 --> 00:39:05,599

comment commande a car in my name if

1152

00:39:09,349 --> 00:39:07,280

you have to quote unquote

1153

00:39:11,670 --> 00:39:09,359

he did he came there and he said this

1154

00:39:14,790 --> 00:39:11,680

just came off the plane from roswell

1155

00:39:16,390 --> 00:39:14,800

from uh kavit marcel what is it he

1156

00:39:17,990 --> 00:39:16,400

identifies a cold turkey

1157

00:39:20,069 --> 00:39:18,000

he poses with it there was another

1158

00:39:21,030 --> 00:39:20,079

that's not true no it isn't that's in

1159

00:39:23,750 --> 00:39:21,040

the report

1160

00:39:26,230 --> 00:39:23,760

according to who what are you saying

1161

00:39:28,310 --> 00:39:26,240

isn't true that he wasn't there

1162

00:39:30,150 --> 00:39:28,320

no he newton went into the they had

1163

00:39:31,670 --> 00:39:30,160

already had this weather balloon set up

1164

00:39:33,190 --> 00:39:31,680

he brought in they brought newton into

1165

00:39:34,470 --> 00:39:33,200

the press saw irving newton went into

1166

00:39:37,030 --> 00:39:34,480

the press

1167

00:39:38,550 --> 00:39:37,040

at fort worth where raymie already had

1168

00:39:40,230 --> 00:39:38,560

this weather balloon all set up

1169

00:39:42,230 --> 00:39:40,240

he didn't take the material off the

1170

00:39:44,390 --> 00:39:42,240

plane and

1171

00:39:46,550 --> 00:39:44,400

i said cavett took it cavett took it

1172

00:39:48,710 --> 00:39:46,560

distilled envelope his own words

1173

00:39:50,470 --> 00:39:48,720

three separate interviews affidavits he

1174

00:39:53,510 --> 00:39:50,480

took the material

1175

00:39:53,910 --> 00:39:53,520

sealed in the envelope from marcel he's

1176

00:39:57,270 --> 00:39:53,920

also

1177

00:39:59,109 --> 00:39:57,280

the guy that you know um accused of

1178

00:40:00,950 --> 00:39:59,119

being like leading the cover-up and like

1179

00:40:03,510 --> 00:40:00,960

participating in the cover-up

1180

00:40:05,349 --> 00:40:03,520

that's true yeah mr friedman told me

1181

00:40:07,349 --> 00:40:05,359

personally that that guy was the

1182

00:40:09,109 --> 00:40:07,359

was that that guy's no good you know

1183

00:40:12,309 --> 00:40:09,119

yeah that guy was that guy was

1184

00:40:13,829 --> 00:40:12,319

part of the cover-up if we were to

1185

00:40:15,829 --> 00:40:13,839

believe that there was a cover

1186

00:40:17,510 --> 00:40:15,839

it's either i believe i believe these

1187

00:40:18,710 --> 00:40:17,520

two guys irving newton and sheridan

1188

00:40:20,470 --> 00:40:18,720

cavador i believe all these other

1189

00:40:21,430 --> 00:40:20,480

witnesses either like one of the two are

1190

00:40:23,430 --> 00:40:21,440

lying

1191

00:40:24,870 --> 00:40:23,440

you know what i mean that's kind of way

1192

00:40:26,390 --> 00:40:24,880

i look at i'm like and i believe

1193

00:40:28,150 --> 00:40:26,400

i have a lot more reason to believe all

1194

00:40:29,750 --> 00:40:28,160

these townspeople who didn't speak

1195

00:40:31,349 --> 00:40:29,760

for 30 years because of you know they

1196

00:40:33,109 --> 00:40:31,359

were told about it

1197

00:40:34,550 --> 00:40:33,119

okay there's some confusion here

1198

00:40:37,270 --> 00:40:34,560

gentlemen all of us

1199

00:40:38,790 --> 00:40:37,280

have misspoke you have confused cavett

1200

00:40:41,990 --> 00:40:38,800

with dubose

1201

00:40:45,109 --> 00:40:42,000

colonel dubose colonel dubose

1202

00:40:46,150 --> 00:40:45,119

took the envelope from marcel from the

1203

00:40:50,309 --> 00:40:46,160

b-29

1204

00:40:52,710 --> 00:40:50,319

escort he was the adjutant to raymie he

1205

00:40:54,550 --> 00:40:52,720

was both dubois said they have a video

1206

00:40:58,790 --> 00:40:54,560

of dubose saying it was a there was a

1207

00:41:02,390 --> 00:41:01,430

says in three separate interviews even

1208

00:41:05,670 --> 00:41:02,400

with randall

1209

00:41:07,990 --> 00:41:05,680

oh bold that debris was never switched

1210

00:41:09,109 --> 00:41:08,000

we spoke to him as well because jamie

1211

00:41:11,510 --> 00:41:09,119

shandera

1212

00:41:12,950 --> 00:41:11,520

is the one who started to realize

1213

00:41:15,270 --> 00:41:12,960

there's a problem here

1214

00:41:16,069 --> 00:41:15,280

with what marcel is saying versus these

1215

00:41:18,790 --> 00:41:16,079

other people

1216

00:41:20,309 --> 00:41:18,800

so here's what happened and there's

1217

00:41:21,750 --> 00:41:20,319

other people who know about this maybe

1218

00:41:25,030 --> 00:41:21,760

even randall does

1219

00:41:27,910 --> 00:41:25,040

vivian marcel his wife

1220

00:41:29,990 --> 00:41:27,920

was asked about this she said there was

1221

00:41:30,309 --> 00:41:30,000

no exotic anything and friedman would

1222

00:41:32,309 --> 00:41:30,319

not

1223

00:41:33,750 --> 00:41:32,319

include her testimony i ringed him a new

1224

00:41:37,670 --> 00:41:33,760

what over that

1225

00:41:41,030 --> 00:41:37,680

issue not only that um

1226

00:41:44,150 --> 00:41:41,040

on the lack of a debris switch

1227

00:41:44,710 --> 00:41:44,160

newton was called in to identify it

1228

00:41:46,470 --> 00:41:44,720

because

1229

00:41:48,790 --> 00:41:46,480

he said the press is here let me call

1230

00:41:50,550 --> 00:41:48,800

the weather guy see what he says

1231

00:41:51,910 --> 00:41:50,560

cold turkey they call them commandeered a

1232

00:41:53,829 --> 00:41:51,920

car in my name

1233

00:41:55,030 --> 00:41:53,839

he left the tower came to raymie's

1234

00:41:56,710 --> 00:41:55,040

office posed

1235

00:41:58,550 --> 00:41:56,720

for photos with the other photographer

1236

00:41:59,589 --> 00:41:58,560

as well they're all in the photos

1237

00:42:02,790 --> 00:41:59,599

together

1238

00:42:04,069 --> 00:42:02,800

um so again if you go back to the

1239

00:42:06,790 --> 00:42:04,079

original stuff

1240

00:42:07,190 --> 00:42:06,800

before they started to retrofit it well

1241

00:42:09,109 --> 00:42:07,200

uh

1242

00:42:11,030 --> 00:42:09,119

that's the less exotic stuff that was in

1243

00:42:12,390 --> 00:42:11,040

the photos oh now you say that

1244

00:42:15,030 --> 00:42:12,400

because we're pointing out that it

1245

00:42:16,550 --> 00:42:15,040

matches mogul see this is where the fish

1246

00:42:18,870 --> 00:42:16,560

got bigger

1247

00:42:19,750 --> 00:42:18,880

and again you have evidence independent

1248

00:42:21,589 --> 00:42:19,760

of roswell

1249

00:42:22,790 --> 00:42:21,599

it he got written up for it it's in his

1250

00:42:25,670 --> 00:42:22,800

military file

1251

00:42:27,430 --> 00:42:25,680

this officer has a tendency to magnify

1252

00:42:28,870 --> 00:42:27,440

problems he's confronted with

1253

00:42:31,510 --> 00:42:28,880

that was written by colonel payne

1254

00:42:34,550 --> 00:42:31,520

jennings the assistant base commander

1255

00:42:37,910 --> 00:42:34,560

right after roswell that was not

1256

00:42:39,109 --> 00:42:37,920

a coincidence so this all has to be

1257

00:42:40,950 --> 00:42:39,119

accounted for

1258

00:42:42,790 --> 00:42:40,960

but cal all these other towns people

1259

00:42:44,870 --> 00:42:42,800

like it's not like they all made a bunch

1260

00:42:45,990 --> 00:42:44,880

of money off of making up a story about

1261

00:42:47,589 --> 00:42:46,000

this debris

1262

00:42:49,349 --> 00:42:47,599

and there's so many different witnesses

1263

00:42:51,190 --> 00:42:49,359

that that testified that this was some

1264

00:42:53,670 --> 00:42:51,200

kind of exotic material

1265

00:42:55,349 --> 00:42:53,680

and plus these intelligence officers

1266

00:42:56,710 --> 00:42:55,359

would know a balloon that's the big

1267

00:42:58,309 --> 00:42:56,720

problem that i've always had they would

1268

00:43:00,550 --> 00:42:58,319

know what a weather balloon is

1269

00:43:02,470 --> 00:43:00,560

versus the highest rank the highest

1270

00:43:05,190 --> 00:43:02,480

ranking guy to ever come forward

1271

00:43:06,390 --> 00:43:05,200

as a witness it was uh i believe general

1272

00:43:08,950 --> 00:43:06,400

arthur exxon

1273

00:43:10,710 --> 00:43:08,960

and he was the right material science

1274

00:43:12,230 --> 00:43:10,720

guy like at wright patterson air force

1275

00:43:15,190 --> 00:43:12,240

base that would have received this stuff

1276

00:43:16,870 --> 00:43:15,200

okay again it's exposed in this book

1277

00:43:19,109 --> 00:43:16,880

exxon admits

1278

00:43:20,630 --> 00:43:19,119

that randall put words in his mouth and

1279

00:43:22,309 --> 00:43:20,640

he says you give me

1280

00:43:23,910 --> 00:43:22,319

more credit for involvement than i

1281

00:43:26,230 --> 00:43:23,920

really was he admits

1282

00:43:27,589 --> 00:43:26,240

all i did was hear stories i know

1283

00:43:29,829 --> 00:43:27,599

nothing firsthand

1284

00:43:31,109 --> 00:43:29,839

but you'd never know that if you read

1285

00:43:33,190 --> 00:43:31,119

every roswell book

1286

00:43:35,190 --> 00:43:33,200

except the ones that published the full

1287

00:43:38,230 --> 00:43:35,200

story because again

1288

00:43:40,790 --> 00:43:38,240

if the originals don't work it doesn't

1289

00:43:41,430 --> 00:43:40,800

matter afterwards so how do you square

1290

00:43:44,470 --> 00:43:41,440

them

1291

00:43:45,589 --> 00:43:44,480

okay you have to say well they both

1292

00:43:47,750 --> 00:43:45,599

can't be right

1293

00:43:48,950 --> 00:43:47,760

so how do you explain something later

1294

00:43:52,069 --> 00:43:48,960

with no proof

1295

00:43:54,790 --> 00:43:52,079

it has no proof exxon said

1296

00:43:55,829 --> 00:43:54,800

you gave me more involvement than i

1297

00:43:57,750 --> 00:43:55,839

really was

1298

00:44:00,230 --> 00:43:57,760

his exact words are published in this

1299

00:44:02,470 --> 00:44:00,240

book in his letter to randall saying

1300

00:44:03,270 --> 00:44:02,480

good book but hey you you gave me more

1301

00:44:05,750 --> 00:44:03,280

whatever then i

1302

00:44:06,630 --> 00:44:05,760

i just heard stories that was it okay

1303

00:44:09,670 --> 00:44:06,640

that's different

1304

00:44:12,550 --> 00:44:09,680

than saying he was he did no

1305

00:44:13,750 --> 00:44:12,560

he said he just heard stories that's all

1306

00:44:16,550 --> 00:44:13,760

and we do know

1307

00:44:17,270 --> 00:44:16,560

because again this became u.s official

1308

00:44:19,990 --> 00:44:17,280

policy

1309

00:44:21,990 --> 00:44:20,000

after during the cold war in the late

1310

00:44:24,710 --> 00:44:22,000

40s ufos were then used

1311

00:44:26,069 --> 00:44:24,720

as a deliberate disinformation campaign

1312

00:44:30,230 --> 00:44:26,079

by the government

1313

00:44:32,710 --> 00:44:30,240

and i did a special back in late 1990s

1314

00:44:34,390 --> 00:44:32,720

with discovery called secrets of area 51

1315

00:44:36,550 --> 00:44:34,400

revealed where we talked about

1316

00:44:37,510 --> 00:44:36,560

how this was done how the sr-71

1317

00:44:40,710 --> 00:44:37,520

blackbird

1318

00:44:43,270 --> 00:44:40,720

was deliberately flown uh across

1319

00:44:44,390 --> 00:44:43,280

pilots to cause ufo sightings it was

1320

00:44:47,430 --> 00:44:44,400

painted silver

1321

00:44:49,670 --> 00:44:47,440

so they saw a streaking disk go by

1322

00:44:51,349 --> 00:44:49,680

mach 5 so of course it remained

1323

00:44:52,230 --> 00:44:51,359

unexplained it's contaminated the blue

1324

00:44:55,109 --> 00:44:52,240

book files

1325

00:44:56,550 --> 00:44:55,119

they were secret flights to cover the ci

1326

00:44:58,150 --> 00:44:56,560

did not tell the air force at that time

1327

00:45:00,870 --> 00:44:58,160

that that plane existed

1328

00:45:03,030 --> 00:45:00,880

i believe the tic tacs today are a

1329

00:45:04,230 --> 00:45:03,040

hodgepodge of events i believe we do

1330

00:45:07,589 --> 00:45:04,240

have some really

1331

00:45:08,390 --> 00:45:07,599

gnarly ass high-powered drones and i do

1332

00:45:10,150 --> 00:45:08,400

believe this

1333

00:45:12,470 --> 00:45:10,160

the incident cannot be taken at face

1334

00:45:14,309 --> 00:45:12,480

value because it's got serious problems

1335

00:45:16,390 --> 00:45:14,319

and that this is something the us

1336

00:45:17,030 --> 00:45:16,400

government is doing and this ufo task

1337

00:45:19,990 --> 00:45:17,040

force

1338

00:45:21,750 --> 00:45:20,000

is really a task force and how

1339

00:45:22,150 --> 00:45:21,760

convenient the navy should be in charge

1340

00:45:24,630 --> 00:45:22,160

of it

1341

00:45:25,510 --> 00:45:24,640

since when are ufos a water problem

1342

00:45:27,829 --> 00:45:25,520

they're a space

1343

00:45:29,190 --> 00:45:27,839

problem the air force won the territory

1344

00:45:31,430 --> 00:45:29,200

wars years ago

1345

00:45:33,430 --> 00:45:31,440

so why is the navy in there it's because

1346

00:45:35,270 --> 00:45:33,440

they've got some underwater toys

1347

00:45:36,870 --> 00:45:35,280

and we've got vehicles that can go in

1348

00:45:38,790 --> 00:45:36,880

the air and underwater too

1349

00:45:40,150 --> 00:45:38,800

so do our enemies by the way i found

1350

00:45:42,550 --> 00:45:40,160

evidence of that

1351  
00:45:44,829 --> 00:45:42,560  
when india was trying to join aegis when

1352  
00:45:47,190 --> 00:45:44,839  
i was working there doing defense

1353  
00:45:49,510 --> 00:45:47,200  
reporting

1354  
00:45:51,430 --> 00:45:49,520  
well we could go to the the stories of

1355  
00:45:53,109 --> 00:45:51,440  
the alien bodies then and all these

1356  
00:45:53,910 --> 00:45:53,119  
people who claim that they saw alien

1357  
00:45:57,030 --> 00:45:53,920  
bodies or

1358  
00:45:59,349 --> 00:45:57,040  
took part in you know knowing that

1359  
00:46:01,270 --> 00:45:59,359  
those people are all lying too no

1360  
00:46:01,990 --> 00:46:01,280  
stephen nobody saw any bodies the

1361  
00:46:03,670 --> 00:46:02,000  
originals

1362  
00:46:05,270 --> 00:46:03,680  
that happened later even in the roswell

1363  
00:46:06,870 --> 00:46:05,280

incident book the reason i showed that

1364

00:46:09,349 --> 00:46:06,880

diagram of the hand

1365

00:46:11,109 --> 00:46:09,359

on the last show was because that was

1366

00:46:12,710 --> 00:46:11,119

taken from len stringfield's work len

1367

00:46:15,990 --> 00:46:12,720

stringfeld was working with marcel

1368

00:46:17,510 --> 00:46:16,000

as well we were as well by the way and

1369

00:46:19,430 --> 00:46:17,520

again i told you and i showed you that

1370

00:46:22,069 --> 00:46:19,440

graphic it's all in the new book

1371

00:46:24,309 --> 00:46:22,079

by using anatomical experts we talked to

1372

00:46:27,589 --> 00:46:24,319

all these witnesses the crash retrieval

1373

00:46:30,790 --> 00:46:27,599

you know cases and

1374

00:46:32,710 --> 00:46:30,800

we could tell by the anatomy uh problems

1375

00:46:33,829 --> 00:46:32,720

that they were not telling the truth but

1376

00:46:35,910 --> 00:46:33,839

you have instead

1377

00:46:37,589 --> 00:46:35,920

the mortician ordered those coffins and

1378

00:46:39,430 --> 00:46:37,599

stuff and then they then they said like

1379

00:46:41,910 --> 00:46:39,440

that all the ice was missing from town

1380

00:46:45,109 --> 00:46:43,589

all the ice the army came in and bought

1381

00:46:46,550 --> 00:46:45,119

out all the ice in the town

1382

00:46:48,630 --> 00:46:46,560

well he said that but he wasn't a

1383

00:46:50,150 --> 00:46:48,640

mortician he was an embalmer there's a

1384

00:46:51,349 --> 00:46:50,160

big difference nobody who's truthful

1385

00:46:53,430 --> 00:46:51,359

would

1386

00:46:54,790 --> 00:46:53,440

make another claim secondly stephen you

1387

00:46:56,069 --> 00:46:54,800

mentioned a good point these people

1388

00:46:58,790 --> 00:46:56,079

aren't making all this money

1389

00:47:00,069 --> 00:46:58,800

that's not true as i showed in the book

1390

00:47:01,589 --> 00:47:00,079

and you may remember this

1391

00:47:03,430 --> 00:47:01,599

i checked with the roswell mayor's

1392

00:47:04,710 --> 00:47:03,440

office on the 50th anniversary even the

1393

00:47:07,190 --> 00:47:04,720

press said they're absolutely

1394

00:47:08,950 --> 00:47:07,200

giddy because 22 percent of the city's

1395

00:47:11,109 --> 00:47:08,960

revenue comes from hyping roswell

1396

00:47:12,069 --> 00:47:11,119

they had five crash sites at the time

1397

00:47:14,309 --> 00:47:12,079

okay

1398

00:47:15,190 --> 00:47:14,319

and uh like cube corn that's complete

1399

00:47:17,190 --> 00:47:15,200

nonsense

1400

00:47:18,390 --> 00:47:17,200

so the foster ranch has been sold again

1401

00:47:19,670 --> 00:47:18,400

who knows what's gonna happen to it

1402

00:47:21,349 --> 00:47:19,680

apparently the new owner

1403

00:47:22,950 --> 00:47:21,359

based on what i heard doesn't care about

1404

00:47:25,589 --> 00:47:22,960

it the roswell stuff

1405

00:47:26,470 --> 00:47:25,599

but the city loves roswell because they

1406

00:47:28,630 --> 00:47:26,480

for sure

1407

00:47:29,510 --> 00:47:28,640

or make the city is making yeah right

1408

00:47:31,510 --> 00:47:29,520

now

1409

00:47:33,510 --> 00:47:31,520

individual witnesses the individual

1410

00:47:36,150 --> 00:47:33,520

witnesses who told their stories

1411

00:47:37,910 --> 00:47:36,160

no didn't appear to make money no frank

1412

00:47:38,549 --> 00:47:37,920

kaufman made a lot of money in fact he

1413

00:47:40,710 --> 00:47:38,559

became

1414

00:47:42,470 --> 00:47:40,720

world famous because of randall and he

1415

00:47:43,430 --> 00:47:42,480

was the president of the roswell chamber

1416

00:47:46,549 --> 00:47:43,440

of commerce

1417

00:47:49,589 --> 00:47:46,559

lucky sucker what boy he's blessed and

1418

00:47:52,150 --> 00:47:49,599

his good buddy was glenn dennis

1419

00:47:52,870 --> 00:47:52,160

so there you go what a small world wow

1420

00:47:54,230 --> 00:47:52,880

they all happen

1421

00:47:55,990 --> 00:47:54,240

i mean just because there are

1422

00:47:56,630 --> 00:47:56,000

opportunists and then there's evidence

1423

00:47:58,230 --> 00:47:56,640

of

1424

00:47:59,670 --> 00:47:58,240

certain witnesses that lied i don't i

1425

00:48:01,430 --> 00:47:59,680

don't think that means we can just

1426  
00:48:02,710 --> 00:48:01,440  
throw the entire baby out with the bath

1427  
00:48:04,790 --> 00:48:02,720  
water i like to

1428  
00:48:06,470 --> 00:48:04,800  
i like to still use my imagination and

1429  
00:48:07,910 --> 00:48:06,480  
say like oh what if you know what what

1430  
00:48:09,829 --> 00:48:07,920  
would it be what would it could it have

1431  
00:48:11,430 --> 00:48:09,839  
been like those von neumann probes

1432  
00:48:13,270 --> 00:48:11,440  
was it you know maybe it wasn't all

1433  
00:48:13,750 --> 00:48:13,280  
these alien stories were a cover-up just

1434  
00:48:15,510 --> 00:48:13,760  
to like

1435  
00:48:18,470 --> 00:48:15,520  
cover up what it really wasn't like it

1436  
00:48:21,589 --> 00:48:18,480  
was just like one of these space probes

1437  
00:48:22,069 --> 00:48:21,599  
explained i'm sorry when bill moore the

1438  
00:48:24,390 --> 00:48:22,079

original

1439

00:48:26,150 --> 00:48:24,400

author of the roswell incident says it's

1440

00:48:28,549 --> 00:48:26,160

meets with me and says you're right

1441

00:48:30,390 --> 00:48:28,559

well what about the twin shogun memo i

1442

00:48:33,109 --> 00:48:30,400

mean that there was an air force demo

1443

00:48:35,589 --> 00:48:33,119

exposed as a hoax look it up a bob todd

1444

00:48:38,069 --> 00:48:35,599

exposed it he found the original it's a

1445

00:48:40,549 --> 00:48:38,079

copy and paste job nobody there's also a

1446

00:48:42,630 --> 00:48:40,559

there's also an fbi memo though right

1447

00:48:43,589 --> 00:48:42,640

that talks about the recovered flying

1448

00:48:45,910 --> 00:48:43,599

disk yeah it

1449

00:48:47,430 --> 00:48:45,920

talks about the gov the army recovered

1450

00:48:48,710 --> 00:48:47,440

flying disk and they will not give us

1451

00:48:50,630 --> 00:48:48,720

access to it

1452

00:48:53,430 --> 00:48:50,640

yeah that doesn't makes that doesn't

1453

00:48:56,150 --> 00:48:53,440

there were two fbi memos okay one was a

1454

00:48:57,670 --> 00:48:56,160

paraphrasing of a original press report

1455

00:48:59,750 --> 00:48:57,680

which was inaccurate

1456

00:49:00,950 --> 00:48:59,760

and you look in that memo and it says

1457

00:49:01,990 --> 00:49:00,960

very clearly it's in the roswell

1458

00:49:03,990 --> 00:49:02,000

incident book

1459

00:49:06,069 --> 00:49:04,000

that the device looks like something

1460

00:49:09,030 --> 00:49:06,079

hanging from a kite or a balloon

1461

00:49:10,549 --> 00:49:09,040

okay that's in the description all right

1462

00:49:11,750 --> 00:49:10,559

nobody said hey we're launching mobile

1463

00:49:14,549 --> 00:49:11,760

to spy on russia

1464

00:49:15,030 --> 00:49:14,559

no they didn't say that secondly um the

1465

00:49:18,309 --> 00:49:15,040

other

1466

00:49:20,390 --> 00:49:18,319

fbi report was actually an fbi uh tip

1467

00:49:21,910 --> 00:49:20,400

informant report somebody had gone to

1468

00:49:23,510 --> 00:49:21,920

see frank scully

1469

00:49:25,270 --> 00:49:23,520

that's why they talked about three crash

1470

00:49:27,349 --> 00:49:25,280

saucers aztec and so on

1471

00:49:29,430 --> 00:49:27,359

he was reporting what he heard him talk

1472

00:49:31,910 --> 00:49:29,440

about at a ufo get together

1473

00:49:33,430 --> 00:49:31,920

was concerned and just like friedman was

1474

00:49:35,190 --> 00:49:33,440

reported on by the fbi

1475

00:49:36,630 --> 00:49:35,200

here and there because the way he was

1476

00:49:40,069 --> 00:49:36,640

accusing them of

1477

00:49:41,829 --> 00:49:40,079

you know being in a cover-up like that

1478

00:49:43,349 --> 00:49:41,839

some patriotic americans take that a

1479

00:49:45,030 --> 00:49:43,359

certain way and say well

1480

00:49:46,549 --> 00:49:45,040

you know i believe my government i'm

1481

00:49:47,030 --> 00:49:46,559

going to report him or they believe him

1482

00:49:48,630 --> 00:49:47,040

and

1483

00:49:50,870 --> 00:49:48,640

want to do things against the government

1484

00:49:52,630 --> 00:49:50,880

so those two memos are accounted for

1485

00:49:53,990 --> 00:49:52,640

i have to laugh when they get recycled

1486

00:49:55,910 --> 00:49:54,000

in the internet every few years

1487

00:49:58,150 --> 00:49:55,920

especially by the british press

1488

00:49:59,349 --> 00:49:58,160

you know they tout as a new discovery

1489

00:50:01,990 --> 00:49:59,359

when it's old and

1490

00:50:03,910 --> 00:50:02,000

and uh the shogun memo again was a

1491

00:50:05,270 --> 00:50:03,920

copy-paste job it's been exposed you can

1492

00:50:07,750 --> 00:50:05,280

easily google that

1493

00:50:09,589 --> 00:50:07,760

uh bob todd found the original and he

1494

00:50:11,109 --> 00:50:09,599

was the top roswell researcher who found

1495

00:50:14,150 --> 00:50:11,119

mobile i worked with him

1496

00:50:15,829 --> 00:50:14,160

yeah i think um i might have access to

1497

00:50:19,030 --> 00:50:15,839

that original and it's still like

1498

00:50:21,030 --> 00:50:19,040

it's kind of like it uses this it was

1499

00:50:23,190 --> 00:50:21,040

like talking about saucer type craft

1500

00:50:25,030 --> 00:50:23,200

right is that true they were looking at

1501  
00:50:26,470 --> 00:50:25,040  
the port and flying v they were asking a

1502  
00:50:28,069 --> 00:50:26,480  
lot of questions about the location of

1503  
00:50:30,230 --> 00:50:28,079  
where the horton brothers were

1504  
00:50:31,510 --> 00:50:30,240  
what um and we knew know that the horton

1505  
00:50:32,710 --> 00:50:31,520  
brothers um

1506  
00:50:34,470 --> 00:50:32,720  
i believe they were working with the

1507  
00:50:36,069 --> 00:50:34,480  
russian and russian the russians or

1508  
00:50:37,670 --> 00:50:36,079  
something russians were developed flying

1509  
00:50:40,790 --> 00:50:37,680  
those flying bees

1510  
00:50:42,790 --> 00:50:40,800  
but that was like there was certain

1511  
00:50:44,710 --> 00:50:42,800  
parts in there about you know composites

1512  
00:50:45,990 --> 00:50:44,720  
and um you know extreme lightweight

1513  
00:50:48,549 --> 00:50:46,000

metals you're like

1514

00:50:49,430 --> 00:50:48,559

was that the part that was edited in now

1515

00:50:51,430 --> 00:50:49,440

i again

1516

00:50:52,870 --> 00:50:51,440

if you look at the original shogun memo

1517

00:50:56,069 --> 00:50:52,880

you will see that they have

1518

00:50:58,309 --> 00:50:56,079

fused together sentences again

1519

00:50:59,510 --> 00:50:58,319

bill moore was shocked it seemed like it

1520

00:51:00,790 --> 00:50:59,520

was like almost like if they had

1521

00:51:02,950 --> 00:51:00,800

something but they didn't want to like

1522

00:51:04,230 --> 00:51:02,960

really reveal what they had but also ask

1523

00:51:06,069 --> 00:51:04,240

questions that they

1524

00:51:07,829 --> 00:51:06,079

like lightly it seems like it was almost

1525

00:51:09,270 --> 00:51:07,839

like coded language it's like is this

1526

00:51:11,750 --> 00:51:09,280

common in intelligence

1527

00:51:13,109 --> 00:51:11,760

but why why would why can you can't make

1528

00:51:14,790 --> 00:51:13,119

that conclusion you have to have

1529

00:51:15,510 --> 00:51:14,800

evidence that points to that conclusion

1530

00:51:18,150 --> 00:51:15,520

and i know

1531

00:51:19,190 --> 00:51:18,160

none uh you know you you've said about

1532

00:51:22,950 --> 00:51:19,200

captain robert

1533

00:51:24,630 --> 00:51:22,960

b mclaughlin um he's of the us navy labs

1534

00:51:26,069 --> 00:51:24,640

he reported testing some of this

1535

00:51:29,510 --> 00:51:26,079

material at white sands

1536

00:51:31,109 --> 00:51:29,520

uh proving ground for the u.s navy

1537

00:51:32,790 --> 00:51:31,119

he said it was a metal-like fabric that

1538

00:51:35,109 --> 00:51:32,800

was indestructible

1539

00:51:36,549 --> 00:51:35,119

they tried to drill it with a carbide

1540

00:51:37,270 --> 00:51:36,559

bit drill and it wouldn't even drill

1541

00:51:39,030 --> 00:51:37,280

into it

1542

00:51:41,030 --> 00:51:39,040

and that's not too unbelievable i mean

1543

00:51:42,710 --> 00:51:41,040

we have materials that are designed to

1544

00:51:43,670 --> 00:51:42,720

heat up the drill bit and burn the drill

1545

00:51:45,190 --> 00:51:43,680

bit out before it

1546

00:51:46,790 --> 00:51:45,200

and it will just burn the drill bit out

1547

00:51:49,349 --> 00:51:46,800

before it will ever wear through

1548

00:51:50,710 --> 00:51:49,359

material they have uncuttable metals now

1549

00:51:52,309 --> 00:51:50,720

um so it's not like

1550

00:51:54,230 --> 00:51:52,319

completely unbelievable that these

1551

00:51:55,670 --> 00:51:54,240

materials could exist

1552

00:51:58,630 --> 00:51:55,680

okay they just couldn't have been built

1553

00:51:59,349 --> 00:51:58,640

by people in 1940 in the 1940s i don't

1554

00:52:01,910 --> 00:51:59,359

believe

1555

00:52:02,870 --> 00:52:01,920

well first of all again what is the

1556

00:52:05,030 --> 00:52:02,880

evidence he has

1557

00:52:06,390 --> 00:52:05,040

other than a claim i'll place a bet in

1558

00:52:08,230 --> 00:52:06,400

vegas he has none

1559

00:52:09,990 --> 00:52:08,240

because again without foundationals it

1560

00:52:10,950 --> 00:52:10,000

doesn't matter but come back to the

1561

00:52:12,950 --> 00:52:10,960

point i want to ask

1562

00:52:14,950 --> 00:52:12,960

a question because i think you may know

1563

00:52:17,589 --> 00:52:14,960

the answer to this i hope you

1564

00:52:18,150 --> 00:52:17,599

know the answer is yes but the us

1565

00:52:20,230 --> 00:52:18,160

government

1566

00:52:21,829 --> 00:52:20,240

one of our closely guarded secrets and

1567

00:52:23,430 --> 00:52:21,839

i'm revealing it because i found out

1568

00:52:25,910 --> 00:52:23,440

about it and it is

1569

00:52:26,950 --> 00:52:25,920

declassified up to a point if people

1570

00:52:30,549 --> 00:52:26,960

bother

1571

00:52:33,829 --> 00:52:30,559

we developed in the 50s a plastic

1572

00:52:35,910 --> 00:52:33,839

that could withstand a nuclear explosion

1573

00:52:36,870 --> 00:52:35,920

and there are some military

1574

00:52:39,349 --> 00:52:36,880

installations

1575

00:52:40,870 --> 00:52:39,359

underground that are fortified with it

1576  
00:52:41,430 --> 00:52:40,880  
and i found out about this many years

1577  
00:52:43,430 --> 00:52:41,440  
ago

1578  
00:52:44,790 --> 00:52:43,440  
and the formula the guy who made it his

1579  
00:52:47,510 --> 00:52:44,800  
name was leaked

1580  
00:52:47,829 --> 00:52:47,520  
he never saw it again they bought it but

1581  
00:52:50,390 --> 00:52:47,839  
uh

1582  
00:52:51,270 --> 00:52:50,400  
we do have a plastic more than one that

1583  
00:52:54,470 --> 00:52:51,280  
can withstand

1584  
00:52:57,589 --> 00:52:54,480  
the thermal energy discharge of

1585  
00:52:59,109 --> 00:52:57,599  
nukes and that is freaking fantastic and

1586  
00:53:01,430 --> 00:52:59,119  
it was done in the 50s

1587  
00:53:02,309 --> 00:53:01,440  
yeah it's a special type of linex right

1588  
00:53:04,069 --> 00:53:02,319

that's like

1589

00:53:05,589 --> 00:53:04,079

the truck bed liner is pretty much made

1590

00:53:07,670 --> 00:53:05,599

out of the same kind of um

1591

00:53:08,950 --> 00:53:07,680

idea they use it on like concrete walls

1592

00:53:10,790 --> 00:53:08,960

and they shoot like a bunker buster

1593

00:53:13,430 --> 00:53:10,800

missile at it and they show like how

1594

00:53:15,349 --> 00:53:13,440

strong it makes their fort like well i

1595

00:53:17,510 --> 00:53:15,359

don't know the specifics because once i

1596

00:53:19,670 --> 00:53:17,520

found out about it in europe and i

1597

00:53:21,270 --> 00:53:19,680

found out that the formula and what it's

1598

00:53:22,069 --> 00:53:21,280

called is classified i stopped right

1599

00:53:23,829 --> 00:53:22,079

there

1600

00:53:26,069 --> 00:53:23,839

i saw footage of the scientist talking

1601  
00:53:27,670 --> 00:53:26,079  
about it he was waxing philosophical

1602  
00:53:29,349 --> 00:53:27,680  
bittersweet how here was his big

1603  
00:53:31,109 --> 00:53:29,359  
breakthrough and he can't

1604  
00:53:33,349 --> 00:53:31,119  
he can't say here it is and make all

1605  
00:53:35,829 --> 00:53:33,359  
this money selling it what was his name

1606  
00:53:36,870 --> 00:53:35,839  
tons of things um i honestly don't

1607  
00:53:39,750 --> 00:53:36,880  
remember his name

1608  
00:53:41,670 --> 00:53:39,760  
i'm sorry it was probably 15 years ago

1609  
00:53:42,790 --> 00:53:41,680  
in europe but i can easily find it it's

1610  
00:53:45,990 --> 00:53:42,800  
no biggie

1611  
00:53:47,670 --> 00:53:46,000  
if you could send that to me i thought

1612  
00:53:49,270 --> 00:53:47,680  
of roswell when i saw that years ago

1613  
00:53:51,910 --> 00:53:49,280

because i thought you know

1614

00:53:53,349 --> 00:53:51,920

um meta materials all that stuff they

1615

00:53:55,750 --> 00:53:53,359

call them now i mean that

1616

00:53:57,510 --> 00:53:55,760

that's an evolution of the way things

1617

00:53:59,589 --> 00:53:57,520

are going it's obvious that right

1618

00:54:01,750 --> 00:53:59,599

i i've tried to like pin down like

1619

00:54:02,069 --> 00:54:01,760

extraterrestrial origins for this stuff

1620

00:54:03,990 --> 00:54:02,079

and

1621

00:54:05,349 --> 00:54:04,000

it's you know that that link between dan

1622

00:54:06,710 --> 00:54:05,359

checkman and right pat is like the

1623

00:54:08,870 --> 00:54:06,720

closest i've been able to like

1624

00:54:11,109 --> 00:54:08,880

come to anything that but it's nothing

1625

00:54:13,750 --> 00:54:11,119

concrete you know it's nothing that like

1626

00:54:15,430 --> 00:54:13,760

i gotcha you know anybody you don't have

1627

00:54:16,150 --> 00:54:15,440

the smoking gun but you have a lot of

1628

00:54:18,870 --> 00:54:16,160

smoke

1629

00:54:20,870 --> 00:54:18,880

but see those who claim they worked on

1630

00:54:22,630 --> 00:54:20,880

the smoking gun or had it held it in

1631

00:54:23,990 --> 00:54:22,640

their hands or smoked the smoking gun or

1632

00:54:26,150 --> 00:54:24,000

whatever they claim

1633

00:54:28,230 --> 00:54:26,160

um they need to produce some sort of

1634

00:54:29,910 --> 00:54:28,240

evidence otherwise you've got nothing

1635

00:54:31,670 --> 00:54:29,920

it could be therefore it is doesn't

1636

00:54:32,950 --> 00:54:31,680

prove it is well does it make sense

1637

00:54:33,589 --> 00:54:32,960

though that the government would just

1638

00:54:35,829 --> 00:54:33,599

let people

1639

00:54:37,990 --> 00:54:35,839

walk out of an installation that's top

1640

00:54:39,270 --> 00:54:38,000

secret with alien materials so they

1641

00:54:42,230 --> 00:54:39,280

could have proof

1642

00:54:42,950 --> 00:54:42,240

no or that you know so asking them for

1643

00:54:45,349 --> 00:54:42,960

proof

1644

00:54:46,789 --> 00:54:45,359

and and listen with with all due respect

1645

00:54:48,470 --> 00:54:46,799

hail i think you're incredibly

1646

00:54:49,349 --> 00:54:48,480

dismissive of all these eyewitness

1647

00:54:51,349 --> 00:54:49,359

testimonies

1648

00:54:53,270 --> 00:54:51,359

it's just like it's just like well they

1649

00:54:55,109 --> 00:54:53,280

lied and they made it up and they lied

1650

00:54:56,870 --> 00:54:55,119

and they tapped it on later

1651

00:54:58,390 --> 00:54:56,880

you know like i'll issue you this

1652

00:54:59,750 --> 00:54:58,400

channel there's a lot of that though

1653

00:55:01,990 --> 00:54:59,760

there's a lot of people that there's a

1654

00:55:03,430 --> 00:55:02,000

lot of people yeah absolutely

1655

00:55:05,030 --> 00:55:03,440

give me any witness let's do it point

1656

00:55:06,390 --> 00:55:05,040

counterpoint right now go for it cold

1657

00:55:09,589 --> 00:55:06,400

turkey

1658

00:55:11,990 --> 00:55:09,599

sure i need knowledge

1659

00:55:13,589 --> 00:55:12,000

go to do it bring hundreds of witnesses

1660

00:55:17,190 --> 00:55:13,599

we've pretty much done that the whole

1661

00:55:17,589 --> 00:55:17,200

about the past hour so um uh what about

1662

00:55:19,430 --> 00:55:17,599

like

1663

00:55:21,109 --> 00:55:19,440

well it proves i'm not dismissive if i

1664

00:55:23,589 --> 00:55:21,119

can tell you what really happened

1665

00:55:25,109 --> 00:55:23,599

it's not dismissive you may not agree

1666

00:55:27,910 --> 00:55:25,119

with it or may not like it

1667

00:55:29,589 --> 00:55:27,920

i wish they were real too but right

1668

00:55:31,109 --> 00:55:29,599

lecture saying it was real

1669

00:55:33,190 --> 00:55:31,119

because that's the evidence that

1670

00:55:34,069 --> 00:55:33,200

indicated at the time i would end on

1671

00:55:35,589 --> 00:55:34,079

them

1672

00:55:37,750 --> 00:55:35,599

saying i believe it was an alien

1673

00:55:39,109 --> 00:55:37,760

spacecraft i just want to play devil's

1674

00:55:40,230 --> 00:55:39,119

advocate you know what i mean i'm just

1675

00:55:42,230 --> 00:55:40,240

trying to like say hey

1676  
00:55:43,589 --> 00:55:42,240  
you know like maybe you know yeah and

1677  
00:55:44,950 --> 00:55:43,599  
you have to remember cal too that

1678  
00:55:49,349 --> 00:55:44,960  
there's

1679  
00:55:52,789 --> 00:55:49,359  
for the difficulty that i have

1680  
00:55:55,109 --> 00:55:52,799  
is that i read one story in a book

1681  
00:55:55,990 --> 00:55:55,119  
that seems credible and then i get to

1682  
00:55:58,630 --> 00:55:56,000  
your book

1683  
00:55:59,750 --> 00:55:58,640  
that says no that person didn't say that

1684  
00:56:01,829 --> 00:55:59,760  
they said this

1685  
00:56:02,789 --> 00:56:01,839  
so it's very diff it's like jungling

1686  
00:56:05,030 --> 00:56:02,799  
here to go

1687  
00:56:05,990 --> 00:56:05,040  
it's like a personal experience he's

1688  
00:56:09,030 --> 00:56:06,000

intend

1689

00:56:09,829 --> 00:56:09,040

with mr why uh doctor doctor um was it

1690

00:56:12,549 --> 00:56:09,839

doctor what

1691

00:56:13,670 --> 00:56:12,559

or dr day dr they you know the scene

1692

00:56:16,390 --> 00:56:13,680

look up the scene dr

1693

00:56:17,030 --> 00:56:16,400

they on us x-files season 10. he says

1694

00:56:18,390 --> 00:56:17,040

you don't have to

1695

00:56:19,829 --> 00:56:18,400

you could put the truth right out in

1696

00:56:22,309 --> 00:56:19,839

public and no one knows what to believe

1697

00:56:24,789 --> 00:56:22,319

anymore so what does it matter

1698

00:56:25,349 --> 00:56:24,799

well yeah it's just confusing it's just

1699

00:56:27,430 --> 00:56:25,359

confusing

1700

00:56:29,109 --> 00:56:27,440

because i find a piece of evidence and

1701

00:56:31,349 --> 00:56:29,119

it seems real tantalizing

1702

00:56:33,670 --> 00:56:31,359

this guy said that he was there and then

1703

00:56:35,670 --> 00:56:33,680

we get to another story it's like well

1704

00:56:36,950 --> 00:56:35,680

he didn't really say that you know like

1705

00:56:40,069 --> 00:56:36,960

this general

1706

00:56:42,309 --> 00:56:40,079

okay arthur exxon put in writing

1707

00:56:44,630 --> 00:56:42,319

and again i quoted from it that's why i

1708

00:56:47,430 --> 00:56:44,640

was able to put it in my book

1709

00:56:49,750 --> 00:56:47,440

i was shocked that he tells randall in

1710

00:56:51,750 --> 00:56:49,760

writing that you put words in my mouth

1711

00:56:52,950 --> 00:56:51,760

okay i'm gonna run with that because

1712

00:56:56,230 --> 00:56:52,960

that's what he said

1713

00:56:57,910 --> 00:56:56,240

now is exxon lying or telling the truth

1714

00:57:00,230 --> 00:56:57,920

i can't prove it one way or another but

1715

00:57:01,990 --> 00:57:00,240

when he says i didn't say that

1716

00:57:04,710 --> 00:57:02,000

you put words in my mouth what am i

1717

00:57:08,230 --> 00:57:04,720

supposed to do pretend he did say that

1718

00:57:09,109 --> 00:57:08,240

no so again i haven't dismissed anybody

1719

00:57:11,750 --> 00:57:09,119

in fact

1720

00:57:12,630 --> 00:57:11,760

i pointed out the definition of a

1721

00:57:14,870 --> 00:57:12,640

witness

1722

00:57:16,630 --> 00:57:14,880

according to the dictionary most of the

1723

00:57:18,390 --> 00:57:16,640

people that these researchers claim are

1724

00:57:20,230 --> 00:57:18,400

witnesses they're not

1725

00:57:21,510 --> 00:57:20,240

women there's a lot of second-hand

1726  
00:57:24,470 --> 00:57:21,520  
witnesses or children

1727  
00:57:25,510 --> 00:57:24,480  
of the original families their wives and

1728  
00:57:28,549 --> 00:57:25,520  
stuff

1729  
00:57:31,829 --> 00:57:28,559  
children third hand is not a witness

1730  
00:57:35,430 --> 00:57:31,839  
okay it's not it's hearsay you you

1731  
00:57:36,950 --> 00:57:35,440  
it doesn't work that way so

1732  
00:57:38,309 --> 00:57:36,960  
what about i mean obviously like one of

1733  
00:57:39,670 --> 00:57:38,319  
the things i identified was like the

1734  
00:57:41,349 --> 00:57:39,680  
scientist because obviously if they

1735  
00:57:42,950 --> 00:57:41,359  
it was an alien spacecraft that crashed

1736  
00:57:44,230 --> 00:57:42,960  
there they would have had scientists

1737  
00:57:46,150 --> 00:57:44,240  
to look at this thing you know they

1738  
00:57:49,670 --> 00:57:46,160

would have called scientists

1739

00:57:51,750 --> 00:57:49,680

of course and what's that many jews

1740

00:57:52,870 --> 00:57:51,760

yeah yeah so let's talk about some of

1741

00:57:54,950 --> 00:57:52,880

those jews that ex

1742

00:57:57,109 --> 00:57:54,960

you know and some of them escaped nazi

1743

00:58:00,069 --> 00:57:57,119

germany in operation paperclip

1744

00:58:00,950 --> 00:58:00,079

and um you know one two of them um let's

1745

00:58:03,670 --> 00:58:00,960

uh was

1746

00:58:04,870 --> 00:58:03,680

dr ernst steinhoff he was a trusted

1747

00:58:08,630 --> 00:58:04,880

colleague of um

1748

00:58:11,270 --> 00:58:08,640

von braun in 1947 um you know he was

1749

00:58:12,309 --> 00:58:11,280

you know he said that a select group of

1750

00:58:14,150 --> 00:58:12,319

uh scientists

1751

00:58:15,829 --> 00:58:14,160

i don't know where this came no that

1752

00:58:17,829 --> 00:58:15,839

this is not um sorry i'm trying to find

1753

00:58:23,270 --> 00:58:17,839

this

1754

00:58:25,270 --> 00:58:23,280

apparently steinhoff um

1755

00:58:27,109 --> 00:58:25,280

later on in his life said something

1756

00:58:28,789 --> 00:58:27,119

about you know

1757

00:58:30,309 --> 00:58:28,799

one of his one of his family members

1758

00:58:31,030 --> 00:58:30,319

asked him about this and he was

1759

00:58:32,309 --> 00:58:31,040

interviewed

1760

00:58:33,750 --> 00:58:32,319

and he said that he heard that some of

1761

00:58:37,349 --> 00:58:33,760

these materials were taken to an

1762

00:58:39,430 --> 00:58:37,359

underground facility at wright airfield

1763

00:58:41,270 --> 00:58:39,440

and that is there was a select group of

1764

00:58:42,950 --> 00:58:41,280

paper clip scientists that were taken by

1765

00:58:45,510 --> 00:58:42,960

federal authorities to the new mexican

1766

00:58:48,870 --> 00:58:45,520

desert for a purpose left unstated

1767

00:58:51,589 --> 00:58:48,880

um one of the guys uh hermann

1768

00:58:52,390 --> 00:58:51,599

hermann oberth who is von braun's mentor

1769

00:58:55,430 --> 00:58:52,400

um in the

1770

00:58:57,990 --> 00:58:55,440

in the the american weekly in 1954 he

1771

00:58:59,510 --> 00:58:58,000

he said that it is my thesis that flying

1772

00:59:01,109 --> 00:58:59,520

saucers are real

1773

00:59:02,710 --> 00:59:01,119

and that they are spaceships from

1774

00:59:04,789 --> 00:59:02,720

another solar system

1775

00:59:06,710 --> 00:59:04,799

i think that they are possibly are

1776

00:59:08,309 --> 00:59:06,720

manned by intelligent observers who are

1777

00:59:10,630 --> 00:59:08,319

members of a race that may have been

1778

00:59:12,549 --> 00:59:10,640

investigating our earth for centuries

1779

00:59:14,230 --> 00:59:12,559

i think that they possibly have been

1780

00:59:15,990 --> 00:59:14,240

sent out to conduct systematic

1781

00:59:18,710 --> 00:59:16,000

long-range investigations

1782

00:59:20,630 --> 00:59:18,720

first of men animals and vegetation and

1783

00:59:22,789 --> 00:59:20,640

more recently of atomic centers

1784

00:59:23,670 --> 00:59:22,799

armaments and centers from of armament

1785

00:59:26,470 --> 00:59:23,680

production

1786

00:59:28,549 --> 00:59:26,480

they obviously have not come as invaders

1787

00:59:31,270 --> 00:59:28,559

but i believe that their present mission

1788

00:59:32,870 --> 00:59:31,280

may be one of scientific investigation

1789

00:59:34,549 --> 00:59:32,880

that's sort of interesting so that that

1790

00:59:35,750 --> 00:59:34,559

some of these paper clip scientists were

1791

00:59:37,670 --> 00:59:35,760

talking about aliens and

1792

00:59:40,309 --> 00:59:37,680

extraterrestrials um later on

1793

00:59:42,470 --> 00:59:40,319

towards the end of their life walter j h

1794

00:59:43,829 --> 00:59:42,480

papa riedel i was a german v2 rocket

1795

00:59:47,270 --> 00:59:43,839

scientist

1796

00:59:49,190 --> 00:59:47,280

in the 1952 edition of life magazine

1797

00:59:51,910 --> 00:59:49,200

said that i'm convinced that saucers

1798

00:59:55,109 --> 00:59:51,920

have an out of this world basis

1799

00:59:58,390 --> 00:59:55,119

okay but in 1952

1800

01:00:00,150 --> 00:59:58,400

the cia especially

1801  
01:00:02,309 --> 01:00:00,160  
and the air force were involved in a

1802  
01:00:03,589 --> 01:00:02,319  
deliberate disinformation campaign

1803  
01:00:05,190 --> 01:00:03,599  
because

1804  
01:00:07,270 --> 01:00:05,200  
and i'm not saying they went out and

1805  
01:00:09,190 --> 01:00:07,280  
caused all the ufo sightings

1806  
01:00:10,789 --> 01:00:09,200  
don't even go there not you but people

1807  
01:00:11,829 --> 01:00:10,799  
who think that way all or nothing it's

1808  
01:00:16,390 --> 01:00:11,839  
ridiculous

1809  
01:00:18,309 --> 01:00:16,400  
what i'm saying is is this imagine

1810  
01:00:20,150 --> 01:00:18,319  
aliens came here in the sense of some

1811  
01:00:22,549 --> 01:00:20,160  
crashed saucer

1812  
01:00:23,990 --> 01:00:22,559  
us finds it okay obviously they're going

1813  
01:00:25,430 --> 01:00:24,000

to want to cover it up if they don't

1814

01:00:27,109 --> 01:00:25,440

make the decision to tell the whole

1815

01:00:29,510 --> 01:00:27,119

world hey we've got it we've got it you

1816

01:00:31,349 --> 01:00:29,520

guys don't need her name and neener

1817

01:00:33,270 --> 01:00:31,359

all right so then what did they do they

1818

01:00:35,349 --> 01:00:33,280

would try to figure it out okay

1819

01:00:37,109 --> 01:00:35,359

there would have to be a bunch of

1820

01:00:39,349 --> 01:00:37,119

changes cause and effect

1821

01:00:41,430 --> 01:00:39,359

over time that would be in response to

1822

01:00:42,630 --> 01:00:41,440

that even if they determined ultimately

1823

01:00:44,630 --> 01:00:42,640

that it ran on as

1824

01:00:45,670 --> 01:00:44,640

stanton friedman used to jump with me an

1825

01:00:49,589 --> 01:00:45,680

obtainium

1826  
01:00:51,430 --> 01:00:49,599  
okay so all of these ufo meta material

1827  
01:00:52,470 --> 01:00:51,440  
physical fragments arts parts all that

1828  
01:00:55,030 --> 01:00:52,480  
other fraudulent

1829  
01:00:56,069 --> 01:00:55,040  
stuff that was exposed again in this

1830  
01:00:58,470 --> 01:00:56,079  
book

1831  
01:00:59,670 --> 01:00:58,480  
um arts parts is in there too bad linda

1832  
01:01:01,990 --> 01:00:59,680  
molten how

1833  
01:01:02,950 --> 01:01:02,000  
a simple and you you know this very few

1834  
01:01:05,589 --> 01:01:02,960  
people do

1835  
01:01:06,710 --> 01:01:05,599  
who talk about this subject a simple

1836  
01:01:09,829 --> 01:01:06,720  
isotopic

1837  
01:01:10,390 --> 01:01:09,839  
ratio analysis of any material will

1838  
01:01:12,549 --> 01:01:10,400

prove

1839

01:01:14,390 --> 01:01:12,559

whether it came from our system or earth

1840

01:01:16,069 --> 01:01:14,400

or some alien system

1841

01:01:17,750 --> 01:01:16,079

if you don't bother with that test i

1842

01:01:20,789 --> 01:01:17,760

have no time for you

1843

01:01:22,710 --> 01:01:20,799

because you're wasting life existence

1844

01:01:24,309 --> 01:01:22,720

yeah i will say this on the claims that

1845

01:01:26,549 --> 01:01:24,319

people have alien materials

1846

01:01:29,670 --> 01:01:26,559

you know it's a very simple test right

1847

01:01:31,910 --> 01:01:29,680

it's a very simple test to put it into

1848

01:01:33,589 --> 01:01:31,920

simple i mean a lot of labs will charge

1849

01:01:34,870 --> 01:01:33,599

big money for that stuff but that's why

1850

01:01:35,270 --> 01:01:34,880

like that's why we're setting up this

1851

01:01:36,549 --> 01:01:35,280

whole

1852

01:01:38,309 --> 01:01:36,559

that's why kind of like i've linked up

1853

01:01:39,349 --> 01:01:38,319

with a lot of scientists who have access

1854

01:01:41,190 --> 01:01:39,359

to this kind of stuff

1855

01:01:43,030 --> 01:01:41,200

and we've put it out there that we'll

1856

01:01:44,069 --> 01:01:43,040

get this material tested for for you for

1857

01:01:45,190 --> 01:01:44,079

free if it's if

1858

01:01:46,789 --> 01:01:45,200

yeah but i'll be able to look at it

1859

01:01:48,150 --> 01:01:46,799

under a microscope and tell right away

1860

01:01:50,710 --> 01:01:48,160

whether it's something i want to

1861

01:01:51,670 --> 01:01:50,720

spend the money to go and put get sem or

1862

01:01:53,910 --> 01:01:51,680

isotopic

1863

01:01:54,710 --> 01:01:53,920

you know spectroscopy on it yeah and one

1864

01:01:56,630 --> 01:01:54,720

thing is

1865

01:01:58,150 --> 01:01:56,640

i don't know who all your contacts are

1866

01:02:00,470 --> 01:01:58,160

but i have plenty of people going back

1867

01:02:02,390 --> 01:02:00,480

decades some of them are still alive

1868

01:02:04,309 --> 01:02:02,400

i'm still younger than some of them and

1869

01:02:06,870 --> 01:02:04,319

um

1870

01:02:08,789 --> 01:02:06,880

will be done for free once it passes

1871

01:02:11,270 --> 01:02:08,799

let's call it the [h\_\_h] test you know

1872

01:02:13,349 --> 01:02:11,280

what's it right per sniff it is worth

1873

01:02:13,910 --> 01:02:13,359

pursuing because your derelict if you

1874

01:02:15,750 --> 01:02:13,920

don't

1875

01:02:17,190 --> 01:02:15,760

the yuba tube of brazil samples are

1876

01:02:19,109 --> 01:02:17,200

perfect example

1877

01:02:21,270 --> 01:02:19,119

i tried to get that thing settled years

1878

01:02:24,230 --> 01:02:21,280

ago through the Lorenzens because

1879

01:02:24,870 --> 01:02:24,240

the uh images of the spectra reading

1880

01:02:26,630 --> 01:02:24,880

were there

1881

01:02:28,069 --> 01:02:26,640

on the film we could go back and be

1882

01:02:29,990 --> 01:02:28,079

independently tested

1883

01:02:31,430 --> 01:02:30,000

it turns out that the equipment was not

1884

01:02:32,150 --> 01:02:31,440

sensitive enough to detect the

1885

01:02:34,069 --> 01:02:32,160

impurities

1886

01:02:36,710 --> 01:02:34,079

that were there but didn't show up at

1887

01:02:38,870 --> 01:02:36,720

the time in the 50s and 60s

1888

01:02:41,109 --> 01:02:38,880

good job with the equipment at the time

1889

01:02:43,270 --> 01:02:41,119

like fish's star map with the

1890

01:02:44,789 --> 01:02:43,280

leasi star catalog at the time but later

1891

01:02:47,190 --> 01:02:44,799

date approved it just

1892

01:02:47,990 --> 01:02:47,200

didn't hold up and it's okay to admit

1893

01:02:49,430 --> 01:02:48,000

that the problem

1894

01:02:51,510 --> 01:02:49,440

is when you try to make movies saying

1895

01:02:52,390 --> 01:02:51,520

it's true based on stuff that is no

1896

01:02:54,309 --> 01:02:52,400

longer true

1897

01:02:55,670 --> 01:02:54,319

and that is is getting stuck in a loop

1898

01:02:57,190 --> 01:02:55,680

and that was a problem friedman and

1899

01:02:59,190 --> 01:02:57,200

bryce that they'll have

1900

01:03:00,309 --> 01:02:59,200

and this hype continues in a loop it's

1901

01:03:02,630 --> 01:03:00,319

now

1902

01:03:05,190 --> 01:03:02,640

miniature alien mummies from peru and

1903

01:03:07,270 --> 01:03:05,200

and the like yes

1904

01:03:09,349 --> 01:03:07,280

i hate that stuff they made a lot of

1905

01:03:12,549 --> 01:03:09,359

money you know on paper

1906

01:03:14,150 --> 01:03:12,559

you know but um what was i gonna say

1907

01:03:15,910 --> 01:03:14,160

about that but back to

1908

01:03:17,990 --> 01:03:15,920

we mentioned like kevin randle and don

1909

01:03:20,230 --> 01:03:18,000

schmidt and some of those guys um

1910

01:03:21,829 --> 01:03:20,240

i've been i was digging into um a lot of

1911

01:03:23,589 --> 01:03:21,839

anthony brigalia's work

1912

01:03:25,430 --> 01:03:23,599

uh in research from the over the past

1913

01:03:27,270 --> 01:03:25,440

like six months and he's been like

1914

01:03:28,549 --> 01:03:27,280

really focused on that material side of

1915

01:03:31,029 --> 01:03:28,559

things which is why

1916

01:03:32,150 --> 01:03:31,039

you know his his research kind of top

1917

01:03:33,829 --> 01:03:32,160

caught my eye

1918

01:03:35,510 --> 01:03:33,839

and i've been sort of digging through

1919

01:03:37,430 --> 01:03:35,520

you know obviously he he points out that

1920

01:03:39,750 --> 01:03:37,440

battelle memorial institute was

1921

01:03:41,829 --> 01:03:39,760

you know the leading military industrial

1922

01:03:43,270 --> 01:03:41,839

complex metallurgists at the time

1923

01:03:45,270 --> 01:03:43,280

and that they'd probably be like the

1924

01:03:49,029 --> 01:03:45,280

number one place where you'd bring

1925

01:03:51,190 --> 01:03:49,039

alien debris if you had it and um

1926

01:03:52,230 --> 01:03:51,200

and then he looks into um you know some

1927

01:03:54,309 --> 01:03:52,240

of the battelle stuff

1928

01:03:56,150 --> 01:03:54,319

uh there was a metallurgist named elroy

1929

01:03:57,430 --> 01:03:56,160

john center who apparently told his

1930

01:03:58,230 --> 01:03:57,440

daughter that he had worked on a

1931

01:04:00,549 --> 01:03:58,240

material

1932

01:04:01,670 --> 01:04:00,559

like that memory foil for or something

1933

01:04:03,670 --> 01:04:01,680

that was alien

1934

01:04:04,710 --> 01:04:03,680

and while he was at roswell and it was

1935

01:04:07,910 --> 01:04:04,720

uh and he

1936

01:04:09,190 --> 01:04:07,920

indeed if you look up some of his

1937

01:04:11,190 --> 01:04:09,200

paperwork and some of the

1938

01:04:12,549 --> 01:04:11,200

research that he did for battelle not at

1939

01:04:14,950 --> 01:04:12,559

roswell but at battelle

1940

01:04:17,349 --> 01:04:14,960

in columbus ohio which is which is

1941

01:04:19,829 --> 01:04:17,359

literally 65 miles from dayton ohio

1942

01:04:21,990 --> 01:04:19,839

we're right patterson air force bases

1943

01:04:23,190 --> 01:04:22,000

in close proximity um and so it makes

1944

01:04:25,349 --> 01:04:23,200

sense that you know battelle

1945

01:04:27,190 --> 01:04:25,359

would be a place that we'd look or or

1946

01:04:29,190 --> 01:04:27,200

investigate as researchers for

1947

01:04:30,789 --> 01:04:29,200

you know if there was indeed you know

1948

01:04:31,670 --> 01:04:30,799

alien metals that were recovered from

1949

01:04:33,670 --> 01:04:31,680

roswell

1950

01:04:35,510 --> 01:04:33,680

that's a private company so for you

1951

01:04:36,069 --> 01:04:35,520

doesn't work on the retail so you can't

1952

01:04:37,910 --> 01:04:36,079

foil

1953

01:04:39,349 --> 01:04:37,920

you can't foia documents on it it's done

1954

01:04:41,510 --> 01:04:39,359

under a private corporation

1955

01:04:43,510 --> 01:04:41,520

and and you can't it's unacceptable by

1956

01:04:45,510 --> 01:04:43,520

foia and it's interesting that battelle

1957

01:04:46,549 --> 01:04:45,520

kind of runs all our national labs and i

1958

01:04:48,630 --> 01:04:46,559

you know i won't go there into

1959

01:04:50,150 --> 01:04:48,640

conspiracy world too deep but um

1960

01:04:51,589 --> 01:04:50,160

it's certainly not outside the realm of

1961

01:04:54,069 --> 01:04:51,599

possibilities that they're what they

1962

01:04:57,270 --> 01:04:54,079

could have been one of these players

1963

01:05:00,390 --> 01:04:57,280

patel has patel is a landmine beca

1964

01:05:02,470 --> 01:05:00,400

minefield because i think stanton

1965

01:05:04,789 --> 01:05:02,480

friedman you have project blue book 14

1966

01:05:06,549 --> 01:05:04,799

he quoted the patel memorial institute

1967

01:05:09,029 --> 01:05:06,559

study project blue book 14

1968

01:05:10,069 --> 01:05:09,039

concluding that 19.7 percent of all

1969

01:05:12,950 --> 01:05:10,079

reports remain

1970

01:05:14,230 --> 01:05:12,960

unknown and that the unidentified and

1971

01:05:16,190 --> 01:05:14,240

that the um

1972

01:05:17,670 --> 01:05:16,200

chances of those being uh

1973

01:05:21,910 --> 01:05:17,680

misinterpretations or

1974

01:05:22,870 --> 01:05:21,920

misnomers was less than two percent well

1975

01:05:41,270 --> 01:05:22,880

i

1976

01:05:43,430 --> 01:05:41,280

and he showed that the um uh

1977

01:05:44,470 --> 01:05:43,440

blue book 14 didn't conclude any such

1978

01:05:46,230 --> 01:05:44,480

thing there was no

1979

01:05:47,670 --> 01:05:46,240

unusually high number of unknowns and

1980

01:05:49,829 --> 01:05:47,680

all other stuff

1981

01:05:51,990 --> 01:05:49,839

uh but as far as patel being one of the

1982

01:05:54,069 --> 01:05:52,000

top contractors the whole foia thing

1983

01:05:55,430 --> 01:05:54,079

bigelow being a modern example of how a

1984

01:05:57,430 --> 01:05:55,440

contractor gets stuff

1985

01:05:58,950 --> 01:05:57,440

that doesn't have to be held accountable

1986

01:06:00,549 --> 01:05:58,960

to transparency

1987

01:06:02,470 --> 01:06:00,559

and foia look at those special

1988

01:06:03,029 --> 01:06:02,480

warehouses and buildings they supposedly

1989

01:06:06,150 --> 01:06:03,039

built

1990

01:06:07,990 --> 01:06:06,160

for the meta materials right which

1991

01:06:09,270 --> 01:06:08,000

never were done but they made the claim

1992

01:06:11,910 --> 01:06:09,280

and of course if you foia you get

1993

01:06:14,069 --> 01:06:11,920

nowhere and they know that

1994

01:06:14,950 --> 01:06:14,079

the us government business model is a

1995

01:06:16,789 --> 01:06:14,960

combination

1996

01:06:17,990 --> 01:06:16,799

when it serves their purposes of private

1997

01:06:19,270 --> 01:06:18,000

enterprise and government

1998

01:06:21,430 --> 01:06:19,280

i know that from my own first-hand

1999

01:06:22,789 --> 01:06:21,440

experience real quickly when i worked at

2000

01:06:26,150 --> 01:06:22,799

lawrence livermore lab

2001  
01:06:27,829 --> 01:06:26,160  
we lost our manager after a few months

2002  
01:06:28,950 --> 01:06:27,839  
she left because they told her you

2003  
01:06:30,150 --> 01:06:28,960  
weren't going to get promoted because

2004  
01:06:31,829 --> 01:06:30,160  
you didn't have a degree and you were a

2005  
01:06:32,630 --> 01:06:31,839  
woman that's how it was back then it was

2006  
01:06:35,430 --> 01:06:32,640  
wrong

2007  
01:06:37,190 --> 01:06:35,440  
so we had new boss for six months we

2008  
01:06:38,789 --> 01:06:37,200  
could do anything we wanted i worked

2009  
01:06:41,109 --> 01:06:38,799  
over a year straight without a day off i

2010  
01:06:43,910 --> 01:06:41,119  
got into all kinds of things

2011  
01:06:45,589 --> 01:06:43,920  
because i didn't have a clearance but

2012  
01:06:45,990 --> 01:06:45,599  
they needed a classified view graph

2013  
01:06:47,910 --> 01:06:46,000

tracking

2014

01:06:50,150 --> 01:06:47,920

system written because none existed and

2015

01:06:52,390 --> 01:06:50,160

i found that out so i wrote it

2016

01:06:54,309 --> 01:06:52,400

and i got to see all kinds of projects

2017

01:06:56,309 --> 01:06:54,319

and stuff that was not accounted for in

2018

01:06:58,470 --> 01:06:56,319

the ufo literature i looked all over

2019

01:07:00,069 --> 01:06:58,480

for new mexico sandia as long as

2020

01:07:01,829 --> 01:07:00,079

livermore lab as you know has agreements

2021

01:07:02,470 --> 01:07:01,839

with sandias and it was right across the

2022

01:07:06,390 --> 01:07:02,480

street

2023

01:07:09,029 --> 01:07:06,400

you know detonations on the side

2024

01:07:10,710 --> 01:07:09,039

the other side was designing did that

2025

01:07:13,029 --> 01:07:10,720

work you did declassified now

2026

01:07:15,029 --> 01:07:13,039

cal uh the classified view graph

2027

01:07:17,270 --> 01:07:15,039

tracking system yeah

2028

01:07:20,069 --> 01:07:17,280

i don't i don't know because i wrote it

2029

01:07:22,390 --> 01:07:20,079

in hyper card background

2030

01:07:23,430 --> 01:07:22,400

wow yeah i used it you're a computer

2031

01:07:24,950 --> 01:07:23,440

programmer huh

2032

01:07:27,430 --> 01:07:24,960

yeah i was on the microcard development

2033

01:07:30,789 --> 01:07:27,440

team so i used hypercard as a front end

2034

01:07:31,589 --> 01:07:30,799

to a vax system and that's that's how it

2035

01:07:33,670 --> 01:07:31,599

was done

2036

01:07:35,349 --> 01:07:33,680

uh because i told people and there was

2037

01:07:36,230 --> 01:07:35,359

an article i showed on steve the last

2038

01:07:38,069 --> 01:07:36,240

show i was on the steam

2039

01:07:40,309 --> 01:07:38,079

it's never been on the internet i was

2040

01:07:42,230 --> 01:07:40,319

written up in the media for

2041

01:07:43,430 --> 01:07:42,240

government at ufo buff turns his

2042

01:07:44,710 --> 01:07:43,440

attention to computers

2043

01:07:46,390 --> 01:07:44,720

and i did all this stuff for the

2044

01:07:47,910 --> 01:07:46,400

government the stuff that i'm going to

2045

01:07:50,549 --> 01:07:47,920

send erica luke's tonight

2046

01:07:51,190 --> 01:07:50,559

and stephen uh tomorrow the ufo com

2047

01:07:53,589 --> 01:07:51,200

software

2048

01:07:55,270 --> 01:07:53,599

is written from these binary research

2049

01:07:58,230 --> 01:07:55,280

and deployment systems i did

2050

01:07:59,589 --> 01:07:58,240

brads uh for years using counter in

2051  
01:08:01,510 --> 01:07:59,599  
counterterrorism and all these others

2052  
01:08:03,990 --> 01:08:01,520  
and cal you you probably should include

2053  
01:08:05,750 --> 01:08:04,000  
jeremy in your testing

2054  
01:08:07,589 --> 01:08:05,760  
jeremy he's got this really great

2055  
01:08:10,549 --> 01:08:07,599  
software for research

2056  
01:08:11,190 --> 01:08:10,559  
that's just it looks great and and uh i

2057  
01:08:12,710 --> 01:08:11,200  
think yeah

2058  
01:08:14,470 --> 01:08:12,720  
what is up with your software i wanted

2059  
01:08:16,149 --> 01:08:14,480  
to know more about your software

2060  
01:08:17,590 --> 01:08:16,159  
yeah real quickly because i just want to

2061  
01:08:19,510 --> 01:08:17,600  
tell people i'm i'm

2062  
01:08:21,430 --> 01:08:19,520  
this the deliverables are moving this

2063  
01:08:23,590 --> 01:08:21,440

week like i promised on steven's show

2064

01:08:24,789 --> 01:08:23,600

steven is it possible to show a slide

2065

01:08:26,950 --> 01:08:24,799

here yeah you can

2066

01:08:28,550 --> 01:08:26,960

share your screen and then i i just have

2067

01:08:30,070 --> 01:08:28,560

to approve it once you share it so share

2068

01:08:31,430 --> 01:08:30,080

whatever you want to share

2069

01:08:33,430 --> 01:08:31,440

you go down to the middle there and

2070

01:08:35,430 --> 01:08:33,440

click share and then

2071

01:08:37,030 --> 01:08:35,440

you know choose what you want to share

2072

01:08:39,189 --> 01:08:37,040

and then it'll pop up on my screen and i

2073

01:08:41,510 --> 01:08:39,199

can share it for our audience here

2074

01:08:43,510 --> 01:08:41,520

and don't forget to smash that like and

2075

01:08:46,870 --> 01:08:43,520

subscribe button

2076

01:08:49,829 --> 01:08:46,880

okay okay so i'm sharing it okay

2077

01:08:51,269 --> 01:08:49,839

so basically i am sending erica luke's

2078

01:08:54,630 --> 01:08:51,279

i'm going to call her after the show

2079

01:08:55,430 --> 01:08:54,640

this is her of course um she is going to

2080

01:08:57,669 --> 01:08:55,440

be putting real

2081

01:08:59,430 --> 01:08:57,679

archival material into the software that

2082

01:09:01,349 --> 01:08:59,440

i've written for her

2083

01:09:02,789 --> 01:09:01,359

i've adapted it from she's great by the

2084

01:09:05,910 --> 01:09:02,799

way i know yeah

2085

01:09:07,189 --> 01:09:05,920

i i just i just got into uh some of her

2086

01:09:09,189 --> 01:09:07,199

shows and have been

2087

01:09:11,189 --> 01:09:09,199

trying to catch up listening while i'm

2088

01:09:13,110 --> 01:09:11,199

doing other things

2089

01:09:14,390 --> 01:09:13,120

yeah i think she's great too i want to i

2090

01:09:17,110 --> 01:09:14,400

want to reach out to her

2091

01:09:17,829 --> 01:09:17,120

and uh collaborate on some things

2092

01:09:21,030 --> 01:09:17,839

definitely

2093

01:09:22,390 --> 01:09:21,040

and so uh basically these uh cover many

2094

01:09:24,070 --> 01:09:22,400

different areas you can see down here

2095

01:09:25,749 --> 01:09:24,080

i'm into a lot of different things so

2096

01:09:27,430 --> 01:09:25,759

she's not gonna get all those because

2097

01:09:29,430 --> 01:09:27,440

i don't think she's into that stuff but

2098

01:09:31,189 --> 01:09:29,440

she's gonna get the ufo software ufo

2099

01:09:34,470 --> 01:09:31,199

comp which is up here

2100

01:09:36,950 --> 01:09:34,480

and it has four basic

2101

01:09:38,950 --> 01:09:36,960

areas this is has some five records in

2102

01:09:40,789 --> 01:09:38,960

it this is from the upcoming heflin

2103

01:09:42,870 --> 01:09:40,799

expose book project these original

2104

01:09:45,749 --> 01:09:42,880

photos have never been published before

2105

01:09:47,829 --> 01:09:45,759

and you can see here uh on them um you

2106

01:09:49,269 --> 01:09:47,839

know the computer analysis that was done

2107

01:09:50,950 --> 01:09:49,279

back in the 80s

2108

01:09:53,590 --> 01:09:50,960

way before photoshop and the internet

2109

01:09:54,870 --> 01:09:53,600

existed and this is all coming out these

2110

01:09:55,750 --> 01:09:54,880

are from the archives that have been

2111

01:09:57,750 --> 01:09:55,760

locked up

2112

01:09:59,750 --> 01:09:57,760

and so i'll be talking to her about what

2113

01:10:01,910 --> 01:09:59,760

she wants and what i'll be doing is

2114

01:10:03,830 --> 01:10:01,920

making workflows to help her do her

2115

01:10:05,270 --> 01:10:03,840

thing i also want to say that we're

2116

01:10:07,990 --> 01:10:05,280

starting to ship these here you may

2117

01:10:09,830 --> 01:10:08,000

remember these stevens these are

2118

01:10:11,910 --> 01:10:09,840

this is great when you put when you put

2119

01:10:14,630 --> 01:10:11,920

what is it when you put hot coffee in it

2120

01:10:16,310 --> 01:10:14,640

the spaceships appear or disappear right

2121

01:10:18,870 --> 01:10:16,320

actually we haven't released the magic

2122

01:10:20,630 --> 01:10:18,880

mugs yet um okay the magic mugs is what

2123

01:10:22,070 --> 01:10:20,640

i want

2124

01:10:23,350 --> 01:10:22,080

these are conversation mugs they're

2125

01:10:25,110 --> 01:10:23,360

gonna be on different subjects like

2126

01:10:27,189 --> 01:10:25,120

roswell and all this billy meyer

2127

01:10:28,630 --> 01:10:27,199

so you see the meyer photo here then you

2128

01:10:30,870 --> 01:10:28,640

see a guy running by

2129

01:10:31,990 --> 01:10:30,880

the recreation of it that was done so we

2130

01:10:34,550 --> 01:10:32,000

tell you exactly how to

2131

01:10:35,830 --> 01:10:34,560

make your own fake ships here is meyer's

2132

01:10:37,830 --> 01:10:35,840

thing going around a tree

2133

01:10:38,870 --> 01:10:37,840

here's locations i took undercover

2134

01:10:40,870 --> 01:10:38,880

secretly

2135

01:10:42,790 --> 01:10:40,880

proving that the tree was never there

2136

01:10:44,790 --> 01:10:42,800

you can't argue with that stuff

2137

01:10:46,390 --> 01:10:44,800

here's you know products coming out that

2138

01:10:48,390 --> 01:10:46,400

show people the truth

2139

01:10:49,830 --> 01:10:48,400

don't be you foolishist you know so all

2140

01:10:52,070 --> 01:10:49,840

this is coming out

2141

01:10:53,270 --> 01:10:52,080

and again this stuff is being up these

2142

01:10:55,189 --> 01:10:53,280

are

2143

01:10:57,110 --> 01:10:55,199

and billy meyer must love you putting

2144

01:11:00,310 --> 01:10:57,120

his photos on products

2145

01:11:02,709 --> 01:11:00,320

you know i can legally do

2146

01:11:05,510 --> 01:11:02,719

how dare someone else make money off of

2147

01:11:08,870 --> 01:11:05,520

my [h\_\_\h] pictures

2148

01:11:10,229 --> 01:11:08,880

[h\_\_\h] you yeah so you just broke it you

2149

01:11:11,030 --> 01:11:10,239

that was the first swear of the stream

2150

01:11:14,229 --> 01:11:11,040

right there

2151

01:11:16,630 --> 01:11:14,239

now you can't monetize this really

2152

01:11:17,910 --> 01:11:16,640

yeah you didn't know about that no yeah

2153

01:11:19,510 --> 01:11:17,920

when i'm guessing

2154

01:11:21,590 --> 01:11:19,520

you're not supposed to swear so you

2155

01:11:23,270 --> 01:11:21,600

otherwise they can do monetize

2156

01:11:25,669 --> 01:11:23,280

well i've been waiting for three weeks

2157

01:11:28,229 --> 01:11:25,679

now for them to monetize me so

2158

01:11:29,669 --> 01:11:28,239

oh yeah well that's probably why man i

2159

01:11:31,430 --> 01:11:29,679

can take this down and edit it yeah i

2160

01:11:33,189 --> 01:11:31,440

gotta stop first

2161

01:11:34,790 --> 01:11:33,199

uh real quickly i'm adding these will

2162

01:11:35,110 --> 01:11:34,800

ship and march the updated versions they

2163

01:11:36,709 --> 01:11:35,120

have

2164

01:11:38,790 --> 01:11:36,719

multimedia elements added to them you

2165

01:11:40,390 --> 01:11:38,800

point your smartphone to the qr codes

2166

01:11:42,950 --> 01:11:40,400

and magic things happen

2167

01:11:44,790 --> 01:11:42,960

and then these are coming out the

2168

01:11:46,229 --> 01:11:44,800

revised star map that shows modern

2169

01:11:47,830 --> 01:11:46,239

astronomical data and this

2170

01:11:49,510 --> 01:11:47,840

shows the stuff about roswell been

2171

01:11:50,950 --> 01:11:49,520

talking about because it's an update

2172

01:11:53,750 --> 01:11:50,960

because all that original material has

2173

01:11:54,550 --> 01:11:53,760

been found it was in storage for over 20

2174

01:11:56,149 --> 01:11:54,560

years

2175

01:11:57,830 --> 01:11:56,159

when i went around the world and did

2176

01:11:59,189 --> 01:11:57,840

other things so

2177

01:12:00,709 --> 01:11:59,199

you know i did not even know these

2178

01:12:01,270 --> 01:12:00,719

original debris photos survived i

2179

01:12:03,430 --> 01:12:01,280

thought they

2180

01:12:05,110 --> 01:12:03,440

were lost but they're here and there's

2181

01:12:06,709 --> 01:12:05,120

no question they're real

2182

01:12:08,550 --> 01:12:06,719

so that was just something i wanted to

2183

01:12:09,189 --> 01:12:08,560

do and then again i have tables of some

2184

01:12:11,510 --> 01:12:09,199

of the

2185

01:12:13,270 --> 01:12:11,520

you know witnesses and so on and all

2186

01:12:15,750 --> 01:12:13,280

that but we discussed all these you know

2187

01:12:17,669 --> 01:12:15,760

or at least some of them so this would

2188

01:12:18,070 --> 01:12:17,679

be a great tool for working out this

2189

01:12:19,669 --> 01:12:18,080

whole

2190

01:12:21,270 --> 01:12:19,679

mess with roswell because it's just a

2191

01:12:24,470 --> 01:12:21,280

tangled freaking web of like

2192

01:12:26,550 --> 01:12:24,480

it is what he said yeah i will tell you

2193

01:12:28,790 --> 01:12:26,560

that's already been done we used ai

2194

01:12:29,750 --> 01:12:28,800

and machine learning to nail the frauds

2195

01:12:32,149 --> 01:12:29,760

and i'm

2196

01:12:33,669 --> 01:12:32,159

there's a there's a i'm sorry a scandals

2197

01:12:36,790 --> 01:12:33,679

of kevin ryan i want to see how close

2198

01:12:39,350 --> 01:12:36,800

my my intelligence was to yours your ai

2199

01:12:40,229 --> 01:12:39,360

so because i've i've had no idea who's

2200

01:12:42,950 --> 01:12:40,239

afraid i don't

2201

01:12:43,270 --> 01:12:42,960

i'm a computer guy and i don't trust ai

2202

01:12:44,709 --> 01:12:43,280

that's

2203

01:12:47,669 --> 01:12:44,719

absolutely nothing i just don't trust

2204

01:12:49,669 --> 01:12:47,679

the government period oh man definitely

2205

01:12:50,950 --> 01:12:49,679

this is a different this is a forensic

2206

01:12:52,709 --> 01:12:50,960

ai meaning

2207

01:12:54,310 --> 01:12:52,719

i'm actually writing a paper because

2208

01:12:55,669 --> 01:12:54,320

it's a good paper for the computing

2209

01:12:57,430 --> 01:12:55,679

field and that is that you can use

2210

01:12:59,830 --> 01:12:57,440

forensic ai to

2211

01:13:01,750 --> 01:12:59,840

determine whether somebody faked several

2212

01:13:03,189 --> 01:13:01,760

different documents or whatever

2213

01:13:05,590 --> 01:13:03,199

and it turns out that some of the

2214

01:13:07,270 --> 01:13:05,600

roswell authors have created witnesses

2215

01:13:08,390 --> 01:13:07,280

that don't exist there's no question

2216

01:13:11,270 --> 01:13:08,400

that's true

2217

01:13:14,149 --> 01:13:11,280

uh so they're busted and the science

2218

01:13:14,870 --> 01:13:14,159

paper on this is going into the ieee i

2219

01:13:16,550 --> 01:13:14,880

believe

2220

01:13:18,229 --> 01:13:16,560

for submission because it has

2221

01:13:20,149 --> 01:13:18,239

implications for law enforcement

2222

01:13:21,350 --> 01:13:20,159

and so on independent of roswell roswell

2223

01:13:22,709 --> 01:13:21,360

was a good test case

2224

01:13:24,550 --> 01:13:22,719

but there's certain patterns here when

2225

01:13:27,590 --> 01:13:24,560

you start to see the same

2226

01:13:29,110 --> 01:13:27,600

words come up over and over and over uh

2227

01:13:31,750 --> 01:13:29,120

there are reasons those same words are

2228

01:13:33,189 --> 01:13:31,760

being used and so i'm excited by this

2229

01:13:35,350 --> 01:13:33,199

new level stuff

2230

01:13:37,590 --> 01:13:35,360

because i've been playing with it for

2231

01:13:38,709 --> 01:13:37,600

years and doing what i do in other areas

2232

01:13:41,750 --> 01:13:38,719

and uh

2233

01:13:43,110 --> 01:13:41,760

um you know reapplying this stuff back

2234

01:13:45,510 --> 01:13:43,120

to ufo research and

2235

01:13:46,790 --> 01:13:45,520

coming back to fight the fights that

2236

01:13:48,790 --> 01:13:46,800

were fought and won

2237

01:13:50,229 --> 01:13:48,800

or at least were winning at that time

2238

01:13:51,990 --> 01:13:50,239

before the millennium and then being

2239

01:13:53,590 --> 01:13:52,000

gone for about 20 years and

2240

01:13:55,350 --> 01:13:53,600

now this stuff is suddenly in vogue

2241

01:13:57,270 --> 01:13:55,360

again um

2242

01:13:59,350 --> 01:13:57,280

it needs to be taken to a new level and

2243

01:14:01,830 --> 01:13:59,360

to the point where people can say okay

2244

01:14:03,030 --> 01:14:01,840

this is the truth i can verify it i can

2245

01:14:05,910 --> 01:14:03,040

test it myself

2246

01:14:06,470 --> 01:14:05,920

this is not true and he is a denier or

2247

01:14:08,470 --> 01:14:06,480

she is

2248

01:14:09,669 --> 01:14:08,480

or he's not telling the truth but at

2249

01:14:11,669 --> 01:14:09,679

least you'll know

2250

01:14:14,149 --> 01:14:11,679

and you get it to that binary level and

2251

01:14:15,590 --> 01:14:14,159

uh and then it works you know

2252

01:14:17,350 --> 01:14:15,600

and that's what we're trying to do we

2253

01:14:18,149 --> 01:14:17,360

focus on binaries or we don't bother and

2254

01:14:20,550 --> 01:14:18,159

ufo comp

2255

01:14:22,790 --> 01:14:20,560

i i first designed that in high school

2256

01:14:25,030 --> 01:14:22,800

but it started off with index cards

2257

01:14:26,709 --> 01:14:25,040

and it was only until hyper card that's

2258

01:14:29,189 --> 01:14:26,719

why the press wrote about it

2259

01:14:30,149 --> 01:14:29,199

and i used hypercard and all that stuff

2260

01:14:31,669 --> 01:14:30,159

secretly

2261

01:14:34,070 --> 01:14:31,679

for classified stuff as well as public

2262

01:14:35,669 --> 01:14:34,080

stuff you know that's why i was in and

2263

01:14:35,910 --> 01:14:35,679

out of apple for seven and a half years

2264

01:14:39,030 --> 01:14:35,920

and

2265

01:14:40,630 --> 01:14:39,040

lost my lab for years did you when

2266

01:14:43,830 --> 01:14:40,640

you're at lawrence livermore labs did

2267

01:14:46,790 --> 01:14:43,840

you see any other pentium

2268

01:14:48,709 --> 01:14:46,800

no no unobtainium but i'll tell you uh

2269

01:14:51,590 --> 01:14:48,719

the ufo thing was a hot potato

2270

01:14:52,310 --> 01:14:51,600

and um uh because of that article i got

2271

01:14:55,350 --> 01:14:52,320

in trouble

2272

01:14:56,149 --> 01:14:55,360

and um i'm gonna publish that full

2273

01:14:58,550 --> 01:14:56,159

article

2274

01:14:59,830 --> 01:14:58,560

in the new book because this back story

2275

01:15:00,470 --> 01:14:59,840

needs to be in there so people

2276

01:15:01,350 --> 01:15:00,480

understand

2277

01:15:03,270 --> 01:15:01,360

because they're like where the hell

2278

01:15:05,350 --> 01:15:03,280

would this come from and basically they

2279

01:15:07,189 --> 01:15:05,360

said that we can't have a ufo researcher

2280

01:15:09,350 --> 01:15:07,199

working on the projects you do

2281

01:15:10,950 --> 01:15:09,360

because it'll make people think we're

2282

01:15:12,790 --> 01:15:10,960

you know doing roswell or whatever and

2283

01:15:13,189 --> 01:15:12,800

that you need to clear everything with

2284

01:15:15,910 --> 01:15:13,199

us

2285

01:15:16,390 --> 01:15:15,920

first duh especially since i was getting

2286

01:15:18,470 --> 01:15:16,400

clear as

2287

01:15:20,149 --> 01:15:18,480

clearance so i agreed that i would stay

2288

01:15:22,470 --> 01:15:20,159

out of the media for years

2289

01:15:24,709 --> 01:15:22,480

yeah it's it's a hot button i know i

2290

01:15:25,350 --> 01:15:24,719

know somebody who was a ufo researcher

2291

01:15:27,990 --> 01:15:25,360

and then

2292

01:15:30,229 --> 01:15:28,000

his his day job said like you you can't

2293

01:15:31,189 --> 01:15:30,239

be doing interviews on tv and stuff and

2294

01:15:33,669 --> 01:15:31,199

working here

2295

01:15:35,510 --> 01:15:33,679

so you gotta you know choose whether you

2296

01:15:36,870 --> 01:15:35,520

want your job or you want to keep doing

2297

01:15:38,470 --> 01:15:36,880

this and then he kind of just took a

2298

01:15:40,229 --> 01:15:38,480

step back and kept his job

2299

01:15:41,590 --> 01:15:40,239

you're talking about trap because i'm

2300

01:15:45,350 --> 01:15:41,600

pretty sure like they pick

2301

01:15:47,750 --> 01:15:45,360

up that guy yeah yeah yeah

2302

01:15:49,669 --> 01:15:47,760

we'll give you uh what got his 50 grand

2303

01:15:52,790 --> 01:15:49,679

you know 70 a year sound

2304

01:15:54,070 --> 01:15:52,800

plus benefits and retirement plan

2305

01:15:55,830 --> 01:15:54,080

don't talk about you may have been

2306

01:15:57,189 --> 01:15:55,840

getting too close about

2307

01:15:59,189 --> 01:15:57,199

too close to the truth about some of

2308

01:15:59,669 --> 01:15:59,199

those black projects and the black hole

2309

01:16:02,790 --> 01:15:59,679

of

2310

01:16:05,669 --> 01:16:02,800

sure

2311

01:16:05,990 --> 01:16:05,679

well here's an example of some disinfo

2312

01:16:08,550 --> 01:16:06,000

that

2313

01:16:09,830 --> 01:16:08,560

i think needs to be settled and if if

2314

01:16:11,510 --> 01:16:09,840

everything works it's going to be on

2315

01:16:13,110 --> 01:16:11,520

schedule to be settled by the summer and

2316

01:16:14,470 --> 01:16:13,120

i'm excited about this you know about

2317

01:16:15,830 --> 01:16:14,480

this effort i think stephen

2318

01:16:18,470 --> 01:16:15,840

it's been delayed a year because of the

2319

01:16:20,070 --> 01:16:18,480

pandemic but around summer

2320

01:16:21,510 --> 01:16:20,080

the ufo task force is supposed to

2321

01:16:23,030 --> 01:16:21,520

release their report around

2322

01:16:25,430 --> 01:16:23,040

roswell month of course that's going to

2323

01:16:26,550 --> 01:16:25,440

be good pr whatever it says i have no

2324

01:16:29,510 --> 01:16:26,560

idea but

2325

01:16:31,110 --> 01:16:29,520

i do have a promise from the ig's office

2326

01:16:32,550 --> 01:16:31,120

now that everything's theoretically

2327

01:16:36,550 --> 01:16:32,560

getting back in order under

2328

01:16:39,030 --> 01:16:36,560

this administration to look at the issue

2329

01:16:40,630 --> 01:16:39,040

two issues of the h.f harry reid stuff i

2330

01:16:42,870 --> 01:16:40,640

sent you stephen slides from that

2331

01:16:46,229 --> 01:16:42,880

presentation prepared for the government

2332

01:16:47,510 --> 01:16:46,239

secondly uh i am contesting claiming

2333

01:16:48,550 --> 01:16:47,520

it's a fraud because that's my

2334

01:16:50,310 --> 01:16:48,560

hypothesis

2335

01:16:52,390 --> 01:16:50,320

this patent that they got the three

2336

01:16:53,910 --> 01:16:52,400

patents i'm trying to have it

2337

01:16:55,510 --> 01:16:53,920

independently looked at because i don't

2338

01:16:57,510 --> 01:16:55,520

believe it's credible

2339

01:16:58,870 --> 01:16:57,520

i think they did it only because i

2340

01:17:01,590 --> 01:16:58,880

picked up some intelligence in

2341

01:17:03,590 --> 01:17:01,600

asia that they were doing it hoping to

2342

01:17:05,510 --> 01:17:03,600

head off any potential chinese

2343

01:17:06,149 --> 01:17:05,520

advancements because we're behind we're

2344

01:17:09,350 --> 01:17:06,159

behind

2345

01:17:10,709 --> 01:17:09,360

them in some areas including the ability

2346

01:17:13,990 --> 01:17:10,719

to make a miniature

2347

01:17:15,750 --> 01:17:14,000

sun china has beat us to that so and now

2348

01:17:19,030 --> 01:17:15,760

they've got two probes around mars

2349

01:17:21,590 --> 01:17:19,040

so um i don't think the patent is valid

2350

01:17:22,070 --> 01:17:21,600

if it is valid it will be great to be

2351

01:17:23,750 --> 01:17:22,080

wrong

2352

01:17:26,149 --> 01:17:23,760

and lose because they'll say yeah we

2353

01:17:26,950 --> 01:17:26,159

really do have this space-time warper

2354

01:17:28,470 --> 01:17:26,960

engine

2355

01:17:30,470 --> 01:17:28,480

and we're just making jets for the hell

2356

01:17:32,390 --> 01:17:30,480

of it you know wasting

2357

01:17:33,750 --> 01:17:32,400

playing saucers or they'll say you're

2358

01:17:36,390 --> 01:17:33,760

right it's not valid

2359

01:17:37,590 --> 01:17:36,400

it's struck down and reality comes back

2360

01:17:39,669 --> 01:17:37,600

either way we learn

2361

01:17:41,350 --> 01:17:39,679

the truth hopefully unless the answer is

2362

01:17:42,470 --> 01:17:41,360

the third way which is it's classified

2363

01:17:44,229 --> 01:17:42,480

we can't talk about it

2364

01:17:46,229 --> 01:17:44,239

then you've got to write it out and do

2365

01:17:48,790 --> 01:17:46,239

other things but that's on schedule

2366

01:17:50,870 --> 01:17:48,800

it's been picked back up i'm hoping in

2367

01:17:52,950 --> 01:17:50,880

two months to find out from kiviati

2368

01:17:54,229 --> 01:17:52,960

where his lawsuit is over you know

2369

01:17:57,030 --> 01:17:54,239

pendlefi and

2370

01:17:57,990 --> 01:17:57,040

marriott and those guys because that is

2371

01:17:59,830 --> 01:17:58,000

still going on the judge

2372

01:18:01,669 --> 01:17:59,840

wanted it wrapped up last year but and

2373

01:18:03,189 --> 01:18:01,679

she ordered it that way but the pandemic

2374

01:18:05,830 --> 01:18:03,199

torpedoed everything

2375

01:18:07,350 --> 01:18:05,840

so it's it's a mess now in that in in

2376

01:18:09,350 --> 01:18:07,360

that one thing but the other projects

2377

01:18:12,630 --> 01:18:09,360

are moving forward

2378

01:18:14,390 --> 01:18:12,640

so that um

2379

01:18:15,669 --> 01:18:14,400

where did you get that figure for six

2380

01:18:18,470 --> 01:18:15,679

point uh six

2381

01:18:19,590 --> 01:18:18,480

like 65.9 million people believing the

2382

01:18:22,870 --> 01:18:19,600

roswell case

2383

01:18:24,870 --> 01:18:22,880

oh um because if you look at the uh

2384

01:18:27,270 --> 01:18:24,880

there's been surveys done over the years

2385

01:18:28,870 --> 01:18:27,280

of what americans believe in conspiracy

2386

01:18:32,149 --> 01:18:28,880

so it's from that series

2387

01:18:34,470 --> 01:18:32,159

the granddaddy of the mall is jfk uh

2388

01:18:36,550 --> 01:18:34,480

81 percent believed in it at its peak

2389

01:18:38,390 --> 01:18:36,560

now it's about 61 percent holding

2390

01:18:39,669 --> 01:18:38,400

steady in the last five to six years

2391

01:18:42,310 --> 01:18:39,679

they haven't done a poll

2392

01:18:44,790 --> 01:18:42,320

recently roswell they won't do one till

2393

01:18:47,270 --> 01:18:44,800

the anniversaries come up like 75 and 80

2394

01:18:51,910 --> 01:18:47,280

because we're an anniversary society now

2395

01:18:55,990 --> 01:18:53,669

well the software looks good i'm looking

2396

01:18:58,229 --> 01:18:56,000

forward to giving it giving it a whirl

2397

01:19:00,149 --> 01:18:58,239

i it might help me get a little more

2398

01:19:03,189 --> 01:19:00,159

organized because i'm a mess i just have

2399

01:19:05,110 --> 01:19:03,199

folders and i copy stuff into folders

2400

01:19:06,390 --> 01:19:05,120

and uh that's not the best way to do

2401

01:19:07,750 --> 01:19:06,400

things for sure

2402

01:19:09,430 --> 01:19:07,760

well i want to explain something real

2403

01:19:11,510 --> 01:19:09,440

quickly uh for both you

2404

01:19:12,870 --> 01:19:11,520

and anybody who's our partners in

2405

01:19:14,550 --> 01:19:12,880

testing this

2406

01:19:16,229 --> 01:19:14,560

there are workflows that i do which i

2407

01:19:17,910 --> 01:19:16,239

think might be of interest to you guys

2408

01:19:19,590 --> 01:19:17,920

there's also stuff that's unique to you

2409

01:19:20,310 --> 01:19:19,600

that no one else cares about and that's

2410

01:19:22,070 --> 01:19:20,320

fine

2411

01:19:23,830 --> 01:19:22,080

so what i want to do under the create

2412

01:19:25,270 --> 01:19:23,840

and deploy is you tell me what you want

2413

01:19:25,669 --> 01:19:25,280

this thing to do if everything's in

2414

01:19:27,830 --> 01:19:25,679

there

2415

01:19:29,590 --> 01:19:27,840

and you can spit it out in whatever

2416

01:19:31,430 --> 01:19:29,600

formats or combos you want

2417

01:19:33,990 --> 01:19:31,440

what is it you want to do and you know i

2418

01:19:37,350 --> 01:19:34,000

do slideshow a bunch of different things

2419

01:19:40,070 --> 01:19:37,360

so the idea is to with a few clicks

2420

01:19:41,910 --> 01:19:40,080

start you know making sense and and

2421

01:19:43,830 --> 01:19:41,920

putting this data into some form where

2422

01:19:44,310 --> 01:19:43,840

just a few clicks i cannot touches i can

2423

01:19:46,470 --> 01:19:44,320

just

2424

01:19:48,149 --> 01:19:46,480

do whatever i want to do with it i know

2425

01:19:49,750 --> 01:19:48,159

i'm oversimplifying it but

2426

01:19:52,390 --> 01:19:49,760

you know like admin there's admin

2427

01:19:54,709 --> 01:19:52,400

functions in there in fact to be honest

2428

01:19:55,750 --> 01:19:54,719

the version of this that you may end up

2429

01:19:57,590 --> 01:19:55,760

with stephen and

2430

01:19:59,350 --> 01:19:57,600

you can probably appreciate this as an

2431

01:20:02,310 --> 01:19:59,360

id guy is there's really

2432

01:20:04,709 --> 01:20:02,320

admin manage browse create and deploy

2433

01:20:06,629 --> 01:20:04,719

admin would be for people like you and i

2434

01:20:08,390 --> 01:20:06,639

but i'm just calling it admin now but

2435

01:20:10,070 --> 01:20:08,400

when it comes out to the public version

2436

01:20:12,470 --> 01:20:10,080

one oh this is the alpha

2437

01:20:13,990 --> 01:20:12,480

it'll be probably manage you know manage

2438

01:20:15,830 --> 01:20:14,000

browse create deploy

2439

01:20:17,990 --> 01:20:15,840

and this is just a thing for keeping

2440

01:20:20,149 --> 01:20:18,000

track of stuff and organizing or

2441

01:20:21,990 --> 01:20:20,159

or is this for like web posting and does

2442

01:20:24,229 --> 01:20:22,000

this post directly to a website

2443

01:20:26,229 --> 01:20:24,239

it can do all of that it's up to you the

2444

01:20:26,709 --> 01:20:26,239

advantage of this software is that you

2445

01:20:29,030 --> 01:20:26,719

can

2446

01:20:31,110 --> 01:20:29,040

take it with you on the road on your

2447

01:20:33,510 --> 01:20:31,120

device smartphone whatever it's got

2448

01:20:35,189 --> 01:20:33,520

you know a tablet and iphone interface a

2449

01:20:37,669 --> 01:20:35,199

smartphone interface

2450

01:20:38,870 --> 01:20:37,679

this is the 21 and a half inch version

2451

01:20:42,310 --> 01:20:38,880

on my

2452

01:20:46,070 --> 01:20:42,320

particular uh you know screen here um

2453

01:20:47,830 --> 01:20:46,080

and then the uh these are just

2454

01:20:49,510 --> 01:20:47,840

random files put in there that i'm

2455

01:20:52,550 --> 01:20:49,520

sending to erica the real

2456

01:20:54,070 --> 01:20:52,560

data files this polaroid you see here is

2457

01:20:55,669 --> 01:20:54,080

an original from the original first

2458

01:20:58,229 --> 01:20:55,679

computer analysis ever done

2459

01:20:59,590 --> 01:20:58,239

uh years ago in the 80s this was part of

2460

01:21:01,189 --> 01:20:59,600

the work i was doing with friedman when

2461

01:21:02,950 --> 01:21:01,199

i was trying to tell them the bad news

2462

01:21:05,750 --> 01:21:02,960

about the heflin case

2463

01:21:06,390 --> 01:21:05,760

so um i'm sending some samples with real

2464

01:21:09,110 --> 01:21:06,400

data

2465

01:21:11,430 --> 01:21:09,120

in there to erica and others and then

2466

01:21:13,510 --> 01:21:11,440

they will do what they want with it

2467

01:21:15,189 --> 01:21:13,520

erica i assume will populate it with her

2468

01:21:16,470 --> 01:21:15,199

stuff and then she can keep whatever

2469

01:21:19,189 --> 01:21:16,480

it's her business

2470

01:21:19,990 --> 01:21:19,199

um how did you build this program and

2471

01:21:21,669 --> 01:21:20,000

where's like

2472

01:21:23,030 --> 01:21:21,679

could i is can you kind of show us like

2473

01:21:24,390 --> 01:21:23,040

the back end i want to see under the

2474

01:21:27,590 --> 01:21:24,400

hood a little bit

2475

01:21:28,390 --> 01:21:27,600

i don't know well i can't this is a

2476

01:21:33,830 --> 01:21:28,400

screenshot

2477

01:21:35,350 --> 01:21:33,840

of the final thing i'm shipping so i

2478

01:21:38,870 --> 01:21:35,360

can't uh

2479

01:21:42,229 --> 01:21:38,880

boot it and stay connected with us

2480

01:21:43,270 --> 01:21:42,239

yeah yeah oh yeah i could put you guys

2481

01:21:44,870 --> 01:21:43,280

in touch with you

2482

01:21:46,229 --> 01:21:44,880

yeah i'd like to check that out cal

2483

01:21:46,709 --> 01:21:46,239

that's super interesting what you're

2484

01:21:48,550 --> 01:21:46,719

doing

2485

01:21:50,390 --> 01:21:48,560

and uh just to give you a little

2486

01:21:51,110 --> 01:21:50,400

introduction to me and what i'm kind of

2487

01:21:53,750 --> 01:21:51,120

working on

2488

01:21:55,590 --> 01:21:53,760

i'm i put together a team of scientists

2489

01:21:57,350 --> 01:21:55,600

to vet guys like bob lazar

2490

01:21:59,350 --> 01:21:57,360

or mark mccandless or you know any

2491

01:22:01,669 --> 01:21:59,360

number of uh these people who've

2492

01:22:02,790 --> 01:22:01,679

you know claimed to uh worked on you

2493

01:22:04,310 --> 01:22:02,800

know projects

2494

01:22:06,310 --> 01:22:04,320

doing anti-gravity for the government we

2495

01:22:06,629 --> 01:22:06,320

found a lot of research and also reports

2496

01:22:08,870 --> 01:22:06,639

on

2497

01:22:10,149 --> 01:22:08,880

real you know research anti-gravity kind

2498

01:22:11,830 --> 01:22:10,159

of research that's been done by the

2499

01:22:13,110 --> 01:22:11,840

government and boeing and aerospace

2500

01:22:14,390 --> 01:22:13,120

companies and stuff

2501

01:22:16,229 --> 01:22:14,400

and we're kind of reaching out to like

2502

01:22:17,669 --> 01:22:16,239

all these guys and getting them to put

2503

01:22:19,189 --> 01:22:17,679

we're putting together a conference to

2504

01:22:21,110 --> 01:22:19,199

talk about anti-gravity

2505

01:22:22,470 --> 01:22:21,120

and to share ideas on you know how we

2506

01:22:22,870 --> 01:22:22,480

build the spaceships of the future

2507

01:22:24,470 --> 01:22:22,880

because

2508

01:22:26,790 --> 01:22:24,480

you know that is important about getting

2509

01:22:28,470 --> 01:22:26,800

off this planet and and you know

2510

01:22:30,629 --> 01:22:28,480

you know the future of humanity is

2511

01:22:33,030 --> 01:22:30,639

really uh what my goal is

2512

01:22:34,149 --> 01:22:33,040

to um kind of merge our technology with

2513

01:22:35,910 --> 01:22:34,159

that of an alien

2514

01:22:37,750 --> 01:22:35,920

species and kind of think about these

2515

01:22:39,910 --> 01:22:37,760

kinds of things in new ways and

2516

01:22:41,910 --> 01:22:39,920

you know maybe roswell isn't the uh

2517

01:22:43,110 --> 01:22:41,920

smoking gun we we hope for but it

2518

01:22:45,590 --> 01:22:43,120

certainly um

2519

01:22:47,590 --> 01:22:45,600

gets my gears turning um about these

2520

01:22:50,310 --> 01:22:47,600

kinds of things with that von neumann

2521

01:22:50,870 --> 01:22:50,320

stuff and von woman probes but um you

2522

01:22:54,149 --> 01:22:50,880

know we

2523

01:22:55,350 --> 01:22:54,159

we certainly uh um i want you to check

2524

01:22:57,189 --> 01:22:55,360

out what we're doing this weekend we

2525

01:22:58,950 --> 01:22:57,199

have apec conference coming up that's

2526

01:23:00,709 --> 01:22:58,960

the alternative propulsion engineering

2527

01:23:02,709 --> 01:23:00,719

conference and we actually have a guy

2528

01:23:03,910 --> 01:23:02,719

from boeing and a guy from airbus

2529

01:23:05,189 --> 01:23:03,920

who are going to be presenting this

2530

01:23:07,270 --> 01:23:05,199

weekend on some of the research that

2531

01:23:10,070 --> 01:23:07,280

that has been done by those companies

2532

01:23:11,590 --> 01:23:10,080

into anti-gravity so um cool physique

2533

01:23:13,110 --> 01:23:11,600

how are you doing you're doing a lot of

2534

01:23:15,910 --> 01:23:13,120

you're doing a lot of your own

2535

01:23:17,189 --> 01:23:15,920

experiments yeah we have a lab he's

2536

01:23:18,950 --> 01:23:17,199

actually building stuff

2537

01:23:20,870 --> 01:23:18,960

cal like really yeah we're building and

2538

01:23:22,470 --> 01:23:20,880

testing claims and stuff so like

2539

01:23:23,990 --> 01:23:22,480

we're like calling [\h\_\_\h] on all these

2540

01:23:25,430 --> 01:23:24,000

people that create this you know here i

2541

01:23:26,950 --> 01:23:25,440

got my flying you know

2542

01:23:28,390 --> 01:23:26,960

thing and this is how you build it okay

2543

01:23:29,910 --> 01:23:28,400

well we're gonna build one and test all

2544

01:23:30,790 --> 01:23:29,920

your theory and like and break it all

2545

01:23:32,709 --> 01:23:30,800

down and throw it on

2546

01:23:34,470 --> 01:23:32,719

a white board and build the thing and

2547

01:23:35,990 --> 01:23:34,480

then show everyone that it doesn't work

2548

01:23:38,149 --> 01:23:36,000

so they don't waste their time and

2549

01:23:39,189 --> 01:23:38,159

you know i always wondered that about

2550

01:23:42,070 --> 01:23:39,199

mark mccandless

2551  
01:23:42,870 --> 01:23:42,080  
arv he claims that his drawing is like

2552  
01:23:44,470 --> 01:23:42,880  
100

2553  
01:23:46,390 --> 01:23:44,480  
accurate well then why don't you build a

2554  
01:23:48,149 --> 01:23:46,400  
scale model of it and show us this thing

2555  
01:23:50,790 --> 01:23:48,159  
floating around everyone right now

2556  
01:23:52,709 --> 01:23:50,800  
and are you really awesome yeah i don't

2557  
01:23:53,030 --> 01:23:52,719  
i'm just finding the coils for it last

2558  
01:23:55,669 --> 01:23:53,040  
night

2559  
01:23:56,550 --> 01:23:55,679  
those capacitors and copper coils go in

2560  
01:23:59,350 --> 01:23:56,560  
there

2561  
01:24:00,870 --> 01:23:59,360  
alien scientists yeah yeah i want to see

2562  
01:24:01,669 --> 01:24:00,880  
if it works you've got to show me if it

2563  
01:24:04,870 --> 01:24:01,679

works

2564

01:24:06,470 --> 01:24:04,880

i i'm betting it doesn't but okay

2565

01:24:07,910 --> 01:24:06,480

hey if it does you'll be the first to

2566

01:24:09,669 --> 01:24:07,920

know we'll see you know

2567

01:24:11,750 --> 01:24:09,679

so i want to take a ride in your

2568

01:24:14,470 --> 01:24:11,760

spaceship when you get it work in there

2569

01:24:16,470 --> 01:24:14,480

definitely for sure by the way just so

2570

01:24:17,510 --> 01:24:16,480

you know this really is real this was

2571

01:24:21,110 --> 01:24:17,520

the first

2572

01:24:27,030 --> 01:24:24,470

conversation mug here and uh

2573

01:24:27,990 --> 01:24:27,040

you can see here we changed the design

2574

01:24:29,350 --> 01:24:28,000

because

2575

01:24:31,669 --> 01:24:29,360

the print had to be bigger you can see

2576

01:24:32,709 --> 01:24:31,679

meyer's photo and then you can see on

2577

01:24:36,229 --> 01:24:32,719

the back here

2578

01:24:36,709 --> 01:24:36,239

the recreation that was done exactly and

2579

01:24:38,629 --> 01:24:36,719

then

2580

01:24:40,550 --> 01:24:38,639

we found the string of course many many

2581

01:24:42,310 --> 01:24:40,560

years ago

2582

01:24:43,669 --> 01:24:42,320

made the cakes and stuff out of like

2583

01:24:45,669 --> 01:24:43,679

silver things yeah

2584

01:24:47,270 --> 01:24:45,679

yeah we show you how to do that so

2585

01:24:47,990 --> 01:24:47,280

that's why we call them fake ships

2586

01:24:50,229 --> 01:24:48,000

because they are

2587

01:24:51,910 --> 01:24:50,239

fake to call them spaceships is to

2588

01:24:52,870 --> 01:24:51,920

insult real spaceships we don't want to

2589

01:24:55,590 --> 01:24:52,880

do that

2590

01:24:56,790 --> 01:24:55,600

right in fact uh if they can do

2591

01:24:58,070 --> 01:24:56,800

interstellar

2592

01:24:59,990 --> 01:24:58,080

warp drive then they probably have

2593

01:25:02,310 --> 01:25:00,000

invisibility cloaks so

2594

01:25:03,189 --> 01:25:02,320

no it's more warped drive warped minded

2595

01:25:06,229 --> 01:25:03,199

billy meyer

2596

01:25:08,149 --> 01:25:06,239

the guy said oh yeah yeah this is here

2597

01:25:10,229 --> 01:25:08,159

here's an excellent question for both of

2598

01:25:12,229 --> 01:25:10,239

you guys i don't know if either of you

2599

01:25:15,030 --> 01:25:12,239

saw the uh walter bosley

2600

01:25:17,590 --> 01:25:15,040

uh episode but and and uh every time i

2601

01:25:20,790 --> 01:25:17,600

try to explain his theory on roswell

2602

01:25:23,110 --> 01:25:20,800

i i just mangle it but he

2603

01:25:24,709 --> 01:25:23,120

he believes that what happened at

2604

01:25:26,870 --> 01:25:24,719

roswell may have been

2605

01:25:28,430 --> 01:25:26,880

uh project paper clip scientists and

2606

01:25:31,110 --> 01:25:28,440

early rocket

2607

01:25:32,629 --> 01:25:31,120

spacecraft tests that came down and that

2608

01:25:33,750 --> 01:25:32,639

was the reason for the cover up and the

2609

01:25:34,950 --> 01:25:33,760

secrecy

2610

01:25:37,110 --> 01:25:34,960

and things like that what do you guys

2611

01:25:39,510 --> 01:25:37,120

think of that potential theory

2612

01:25:40,470 --> 01:25:39,520

um i i don't believe it's true and i'll

2613

01:25:43,189 --> 01:25:40,480

tell you why

2614

01:25:46,070 --> 01:25:43,199

do you remember the ghost rockets and

2615

01:25:47,030 --> 01:25:46,080

the scandinavian ufo mysteries of 1946

2616

01:25:48,870 --> 01:25:47,040

and 47.

2617

01:25:50,550 --> 01:25:48,880

you remember those reports in that area

2618

01:25:51,510 --> 01:25:50,560

of the world yeah i remember hearing

2619

01:25:53,669 --> 01:25:51,520

about it

2620

01:25:56,070 --> 01:25:53,679

okay there were a lot of them we now

2621

01:25:57,910 --> 01:25:56,080

know only because the soviet union

2622

01:26:00,629 --> 01:25:57,920

imploded in 1991

2623

01:26:02,390 --> 01:26:00,639

that those were all russian tests they

2624

01:26:03,189 --> 01:26:02,400

had a bunch of stuff they captured up

2625

01:26:05,189 --> 01:26:03,199

there

2626

01:26:07,430 --> 01:26:05,199

and were flying all kinds of stuff and

2627

01:26:09,430 --> 01:26:07,440

kept it secret

2628

01:26:10,629 --> 01:26:09,440

again i can only tell you what i looked

2629

01:26:12,470 --> 01:26:10,639

at when i had

2630

01:26:14,229 --> 01:26:12,480

when i was given the honor of writing

2631

01:26:15,110 --> 01:26:14,239

the classified view graph tracking

2632

01:26:17,830 --> 01:26:15,120

system

2633

01:26:19,510 --> 01:26:17,840

i had a real index of real stuff uh

2634

01:26:21,270 --> 01:26:19,520

because i had to test the real thing we

2635

01:26:22,390 --> 01:26:21,280

couldn't use simulated data beyond a

2636

01:26:24,870 --> 01:26:22,400

certain point

2637

01:26:26,550 --> 01:26:24,880

and as far as i know all of the secret

2638

01:26:27,910 --> 01:26:26,560

stuff that was done with paperclip

2639

01:26:30,950 --> 01:26:27,920

paperclip had two main

2640

01:26:34,070 --> 01:26:30,960

levels of compartmentalization at the

2641

01:26:36,629 --> 01:26:34,080

high level there was the public

2642

01:26:37,910 --> 01:26:36,639

way to handle and spin paperclip because

2643

01:26:40,390 --> 01:26:37,920

it was politically

2644

01:26:42,229 --> 01:26:40,400

um wrong for one we're supposed to be

2645

01:26:44,629 --> 01:26:42,239

the moral superpower right

2646

01:26:45,910 --> 01:26:44,639

but yet we are letting nazis and former

2647

01:26:47,669 --> 01:26:45,920

members of the ss

2648

01:26:49,669 --> 01:26:47,679

help us because we want to beat the

2649

01:26:51,430 --> 01:26:49,679

russians forget who they killed or what

2650

01:26:54,310 --> 01:26:51,440

they did or they were part of a

2651  
01:26:55,350 --> 01:26:54,320  
genocidal regime and then there were the

2652  
01:26:58,550 --> 01:26:55,360  
scientists

2653  
01:27:01,030 --> 01:26:58,560  
in paperclip who were very very useful

2654  
01:27:02,310 --> 01:27:01,040  
ironically one is up the hill here at

2655  
01:27:05,110 --> 01:27:02,320  
the university

2656  
01:27:05,910 --> 01:27:05,120  
he submitted a paper he submitted a

2657  
01:27:08,229 --> 01:27:05,920  
paper

2658  
01:27:09,510 --> 01:27:08,239  
at eric davis's request for the a-tip

2659  
01:27:13,189 --> 01:27:09,520  
project it's a complete

2660  
01:27:15,669 --> 01:27:13,199  
crank thing but he did and i just had to

2661  
01:27:17,270 --> 01:27:15,679  
shake my head at that because it turns

2662  
01:27:18,390 --> 01:27:17,280  
out that the former chief scientist for

2663  
01:27:21,110 --> 01:27:18,400

area 51

2664

01:27:21,750 --> 01:27:21,120

his neighbors with harry reid wow what a

2665

01:27:24,950 --> 01:27:21,760

small world

2666

01:27:25,270 --> 01:27:24,960

in nevada yeah because can i can i stop

2667

01:27:28,310 --> 01:27:25,280

this

2668

01:27:30,070 --> 01:27:28,320

share now then do you want to

2669

01:27:32,790 --> 01:27:30,080

oh yeah yeah i'm sorry okay i'll take

2670

01:27:34,870 --> 01:27:32,800

that down so we get yeah so

2671

01:27:36,550 --> 01:27:34,880

you know i i don't even know where to go

2672

01:27:39,110 --> 01:27:36,560

from here i guess

2673

01:27:40,550 --> 01:27:39,120

you know uh like i said the biggest

2674

01:27:42,070 --> 01:27:40,560

problem that i have with little girls

2675

01:27:42,870 --> 01:27:42,080

i'm gonna read cal's book he's gonna

2676

01:27:46,390 --> 01:27:42,880

send it to me

2677

01:27:49,590 --> 01:27:46,400

and we'll pick it up after that when i

2678

01:27:51,590 --> 01:27:49,600

have some notes for him so yeah

2679

01:27:53,189 --> 01:27:51,600

you know yeah and listen i'm glad maybe

2680

01:27:56,390 --> 01:27:53,199

honestly that we can have

2681

01:27:58,229 --> 01:27:56,400

people that can just civilly disagree

2682

01:27:59,830 --> 01:27:58,239

and it doesn't turn into like some kind

2683

01:28:01,590 --> 01:27:59,840

of shouting match because we're all

2684

01:28:03,990 --> 01:28:01,600

interested and we want to all get to the

2685

01:28:05,510 --> 01:28:04,000

truth cal has his own perspective and i

2686

01:28:07,910 --> 01:28:05,520

know that jeremy's been

2687

01:28:09,750 --> 01:28:07,920

really digging into the material side of

2688

01:28:11,590 --> 01:28:09,760

things that's what his interest is

2689

01:28:14,390 --> 01:28:11,600

jeremy wants to get his hands on that

2690

01:28:16,629 --> 01:28:14,400

stuff yeah i want it in my lab and

2691

01:28:18,149 --> 01:28:16,639

i don't think uh clifford mahouty or um

2692

01:28:19,910 --> 01:28:18,159

who's the other guy that goes out into

2693

01:28:22,070 --> 01:28:19,920

the desert and collects the roswell he

2694

01:28:24,310 --> 01:28:22,080

does the archaeological digs out there

2695

01:28:25,830 --> 01:28:24,320

you know i'm talking about cal the um

2696

01:28:26,629 --> 01:28:25,840

well good luck with any all right good

2697

01:28:28,149 --> 01:28:26,639

luck with that

2698

01:28:29,990 --> 01:28:28,159

they have a bunch of tin foil from what

2699

01:28:31,910 --> 01:28:30,000

i what they showed me when i met the guy

2700

01:28:34,790 --> 01:28:31,920

in 2009 in albuquerque

2701  
01:28:36,310 --> 01:28:34,800  
there are cans from 1932 that got buried

2702  
01:28:38,550 --> 01:28:36,320  
in the desert yeah

2703  
01:28:40,550 --> 01:28:38,560  
but unfortunately you know it's just

2704  
01:28:42,070 --> 01:28:40,560  
it's yeah it is all stories and it's

2705  
01:28:43,910 --> 01:28:42,080  
it i don't see any actionable

2706  
01:28:45,990 --> 01:28:43,920  
intelligence or anything scientific that

2707  
01:28:46,709 --> 01:28:46,000  
i could really move forward on as of yet

2708  
01:28:50,310 --> 01:28:46,719  
unless they

2709  
01:28:51,350 --> 01:28:50,320  
really like do a whole overview of that

2710  
01:28:53,830 --> 01:28:51,360  
organization and

2711  
01:28:54,470 --> 01:28:53,840  
and stuff but again that's not likely to

2712  
01:28:57,830 --> 01:28:54,480  
happen and

2713  
01:28:58,470 --> 01:28:57,840

and uh and you know just it's just the

2714

01:29:01,990 --> 01:28:58,480

way it is

2715

01:29:02,390 --> 01:29:02,000

man but yeah i i want to check out cal's

2716

01:29:05,110 --> 01:29:02,400

book

2717

01:29:05,910 --> 01:29:05,120

and um and uh you should definitely get

2718

01:29:08,709 --> 01:29:05,920

in touch with me

2719

01:29:10,229 --> 01:29:08,719

after the show yeah i'm willing to work

2720

01:29:12,310 --> 01:29:10,239

with anybody who is

2721

01:29:13,669 --> 01:29:12,320

the logical person to work with uh i've

2722

01:29:15,030 --> 01:29:13,679

worked with people who are

2723

01:29:17,590 --> 01:29:15,040

you know i was friends with wendell

2724

01:29:20,149 --> 01:29:17,600

stephen but to be honest with this

2725

01:29:21,830 --> 01:29:20,159

with everyone what came between us was i

2726  
01:29:22,310 --> 01:29:21,840  
was the journalist who broke the story

2727  
01:29:24,070 --> 01:29:22,320  
about

2728  
01:29:26,870 --> 01:29:24,080  
his child molestation problems and he

2729  
01:29:29,110 --> 01:29:26,880  
went to prison for it so

2730  
01:29:31,430 --> 01:29:29,120  
yeah kind of kind of blew a hole in his

2731  
01:29:33,270 --> 01:29:31,440  
credibility there mr corp

2732  
01:29:35,189 --> 01:29:33,280  
well it's just not going to be friends

2733  
01:29:37,270 --> 01:29:35,199  
with the child molester i'm sorry i draw

2734  
01:29:37,669 --> 01:29:37,280  
a line at least one line somewhere and

2735  
01:29:40,229 --> 01:29:37,679  
um

2736  
01:29:42,149 --> 01:29:40,239  
you know that's kind of obvious and uh a

2737  
01:29:44,310 --> 01:29:42,159  
lot of people don't talk about that part

2738  
01:29:46,310 --> 01:29:44,320

of him because it's an inconvenient

2739

01:29:49,590 --> 01:29:46,320

truth to quote al gore

2740

01:29:50,390 --> 01:29:49,600

i guess but anyway um so again i'll work

2741

01:29:52,629 --> 01:29:50,400

with anybody

2742

01:29:56,550 --> 01:29:52,639

even if i don't like the person to in a

2743

01:29:59,189 --> 01:29:56,560

common place to find the truth

2744

01:29:59,910 --> 01:29:59,199

yeah come on bro come on bro i'm sure

2745

01:30:02,229 --> 01:29:59,920

you would like

2746

01:30:03,990 --> 01:30:02,239

him he's like he talks all this science

2747

01:30:07,430 --> 01:30:04,000

stuff that'll make your brain hurt

2748

01:30:09,590 --> 01:30:07,440

like you're science i'm just

2749

01:30:11,350 --> 01:30:09,600

kidding i'm just busting protons and

2750

01:30:14,149 --> 01:30:11,360

neutrons and

2751

01:30:16,229 --> 01:30:14,159

all this [h\_\_h] and my brain hurts no it's

2752

01:30:17,430 --> 01:30:16,239

it's not worth wasting electrons on

2753

01:30:19,830 --> 01:30:17,440

you know it's one of my favorite

2754

01:30:21,110 --> 01:30:19,840

expressions then i do get people to say

2755

01:30:24,950 --> 01:30:21,120

what's an electrons

2756

01:30:26,229 --> 01:30:24,960

never mind but anyway so yeah well i

2757

01:30:27,669 --> 01:30:26,239

think we're going to wrap it up here i

2758

01:30:30,149 --> 01:30:27,679

don't want to keep you guys too much

2759

01:30:31,030 --> 01:30:30,159

longer uh how long was this show

2760

01:30:33,030 --> 01:30:31,040

supposed to be

2761

01:30:34,310 --> 01:30:33,040

you know i didn't have a set time but

2762

01:30:39,350 --> 01:30:34,320

we're at 90 minutes

2763

01:30:45,110 --> 01:30:41,110

that's all the goldfish out there the

2764

01:30:48,629 --> 01:30:46,950

if i can just bring up something i want

2765

01:30:49,750 --> 01:30:48,639

everyone to be clear on what the ufo

2766

01:30:52,790 --> 01:30:49,760

comp software is

2767

01:30:53,430 --> 01:30:52,800

and is not i am releasing it tonight and

2768

01:30:56,390 --> 01:30:53,440

tomorrow

2769

01:30:58,870 --> 01:30:56,400

to a small group of people who will beat

2770

01:31:00,709 --> 01:30:58,880

it up and populate it with real data

2771

01:31:01,990 --> 01:31:00,719

people who are everything from ordinary

2772

01:31:05,430 --> 01:31:02,000

users to it

2773

01:31:08,310 --> 01:31:05,440

guys and i want the honest truth

2774

01:31:09,990 --> 01:31:08,320

i then want them to think in a different

2775

01:31:11,510 --> 01:31:10,000

way because hopefully the software will

2776

01:31:12,470 --> 01:31:11,520

get them to think about doing things a

2777

01:31:14,790 --> 01:31:12,480

bit differently

2778

01:31:15,990 --> 01:31:14,800

and say well how about a workflow that

2779

01:31:19,030 --> 01:31:16,000

helps me get xyz

2780

01:31:20,790 --> 01:31:19,040

done i'll take a look at that and i'll

2781

01:31:22,870 --> 01:31:20,800

talk to roy if i need to bug him and say

2782

01:31:25,430 --> 01:31:22,880

let's let's try to work this on it i'll

2783

01:31:27,910 --> 01:31:25,440

involve roy roy builds his own stuff too

2784

01:31:29,830 --> 01:31:27,920

roy built his first uh

2785

01:31:31,350 --> 01:31:29,840

essential airplane i mean the guy's a

2786

01:31:33,910 --> 01:31:31,360

genius he's he's he's

2787

01:31:34,629 --> 01:31:33,920

like a real tony stark type guy except

2788

01:31:36,390 --> 01:31:34,639

he's real

2789

01:31:38,390 --> 01:31:36,400

reminds me of some of the stuff you've

2790

01:31:39,350 --> 01:31:38,400

said so i can't wait to get you guys

2791

01:31:40,790 --> 01:31:39,360

talking

2792

01:31:42,950 --> 01:31:40,800

and of course stephen you've heard of

2793

01:31:46,070 --> 01:31:42,960

roy you'll be in touch soon

2794

01:31:48,629 --> 01:31:46,080

yeah yeah erica have the 27-inch

2795

01:31:49,510 --> 01:31:48,639

imac screen so so i have to scale up

2796

01:31:50,709 --> 01:31:49,520

everything

2797

01:31:52,390 --> 01:31:50,719

but i'll have to have you take

2798

01:31:53,750 --> 01:31:52,400

screenshots and send them back to me so

2799

01:31:56,149 --> 01:31:53,760

i can see what to do with that extra

2800

01:31:57,990 --> 01:31:56,159

real estate which i don't have

2801  
01:31:59,590 --> 01:31:58,000  
i love seeing the ufo ufocom system on

2802  
01:32:00,550 --> 01:31:59,600  
all three monitors it's got a steady

2803  
01:32:02,149 --> 01:32:00,560  
module

2804  
01:32:03,669 --> 01:32:02,159  
which i'll show later which talks about

2805  
01:32:05,430 --> 01:32:03,679  
the seti stuff so

2806  
01:32:06,790 --> 01:32:05,440  
in answer to your question this can be a

2807  
01:32:08,470 --> 01:32:06,800  
standalone app

2808  
01:32:09,990 --> 01:32:08,480  
that you can take your stuff with you in

2809  
01:32:11,430 --> 01:32:10,000  
the field on the road anywhere you need

2810  
01:32:13,669 --> 01:32:11,440  
to go

2811  
01:32:14,870 --> 01:32:13,679  
or you can have it be a front end to any

2812  
01:32:17,110 --> 01:32:14,880  
back end

2813  
01:32:18,149 --> 01:32:17,120

you could even use it as simple gui to

2814

01:32:20,310 --> 01:32:18,159

some sql

2815

01:32:22,149 --> 01:32:20,320

god-awful nightmare database on the back

2816

01:32:24,229 --> 01:32:22,159

end you know

2817

01:32:27,350 --> 01:32:24,239

it runs on windows it runs on mac it

2818

01:32:29,750 --> 01:32:27,360

runs on ios until it is frozen and

2819

01:32:32,950 --> 01:32:29,760

released as one of for the public free

2820

01:32:33,510 --> 01:32:32,960

by the way and cases will be modules in

2821

01:32:38,229 --> 01:32:33,520

it

2822

01:32:39,590 --> 01:32:38,239

we know how the other platforms play

2823

01:32:40,950 --> 01:32:39,600

because then it'll be a formality to

2824

01:32:43,830 --> 01:32:40,960

port it to android

2825

01:32:45,510 --> 01:32:43,840

but absolutely web-based it has a dna in

2826

01:32:48,470 --> 01:32:45,520

it is in distributed network

2827

01:32:50,390 --> 01:32:48,480

architecture it uses the filemaker

2828

01:32:53,430 --> 01:32:50,400

engine by apple claris

2829

01:32:54,390 --> 01:32:53,440

uh so used to work at that company many

2830

01:32:57,270 --> 01:32:54,400

years ago

2831

01:32:58,709 --> 01:32:57,280

so um you know it's it's just wonderful

2832

01:33:01,430 --> 01:32:58,719

and what's good is that

2833

01:33:03,270 --> 01:33:01,440

um you know it's just great to take

2834

01:33:05,030 --> 01:33:03,280

these pieces of these other frankenstein

2835

01:33:06,629 --> 01:33:05,040

databases like terrorist tracker and

2836

01:33:08,790 --> 01:33:06,639

stick it in there and say okay change it

2837

01:33:11,830 --> 01:33:08,800

from al qaeda to newfound or whatever

2838

01:33:14,550 --> 01:33:11,840

and you know same same idea you know

2839

01:33:15,590 --> 01:33:14,560

and re-recon and to tailor it for ufo

2840

01:33:18,870 --> 01:33:15,600

research

2841

01:33:20,470 --> 01:33:18,880

so yeah i i have a whole database team

2842

01:33:22,470 --> 01:33:20,480

i'm working on we've collected

2843

01:33:23,990 --> 01:33:22,480

we've been like compiling databases and

2844

01:33:26,709 --> 01:33:24,000

just archived material on

2845

01:33:28,070 --> 01:33:26,719

like government and private anti-gravity

2846

01:33:29,910 --> 01:33:28,080

research or any kind of

2847

01:33:32,229 --> 01:33:29,920

really research related to you know

2848

01:33:33,750 --> 01:33:32,239

subjects any any way in form

2849

01:33:34,950 --> 01:33:33,760

kind of related that so it'd be cool to

2850

01:33:35,830 --> 01:33:34,960

hook you up with some of the people on

2851  
01:33:37,669 --> 01:33:35,840  
my team and

2852  
01:33:39,590 --> 01:33:37,679  
see if we could be there might be some

2853  
01:33:41,350 --> 01:33:39,600  
room for collaboration there

2854  
01:33:42,870 --> 01:33:41,360  
yeah the uh just so you know the next

2855  
01:33:43,830 --> 01:33:42,880  
phase of this other than getting it to

2856  
01:33:45,510 --> 01:33:43,840  
the few

2857  
01:33:47,270 --> 01:33:45,520  
key people is i've got to contact others

2858  
01:33:47,990 --> 01:33:47,280  
like jen aldrich i've known him for many

2859  
01:33:49,590 --> 01:33:48,000  
years

2860  
01:33:52,149 --> 01:33:49,600  
we've never really directly worked on

2861  
01:33:53,830 --> 01:33:52,159  
things together we respect each other

2862  
01:33:55,990 --> 01:33:53,840  
he of course is involved in the

2863  
01:33:58,709 --> 01:33:56,000

digitization archive project and

2864

01:33:59,510 --> 01:33:58,719

there's a uh you know isaac coy in

2865

01:34:02,709 --> 01:33:59,520

england

2866

01:34:05,590 --> 01:34:02,719

i need to talk to him because being a

2867

01:34:06,310 --> 01:34:05,600

library sciences uh outstanding award

2868

01:34:08,310 --> 01:34:06,320

recipient

2869

01:34:10,550 --> 01:34:08,320

from when i was a little boy i love this

2870

01:34:12,629 --> 01:34:10,560

stuff we have to come up with taxonomies

2871

01:34:13,669 --> 01:34:12,639

metadata how to handle uh naming

2872

01:34:16,310 --> 01:34:13,679

conventions

2873

01:34:16,870 --> 01:34:16,320

oh absolutely this is a complex yeah and

2874

01:34:18,470 --> 01:34:16,880

it it

2875

01:34:20,149 --> 01:34:18,480

and as you know some of it's determined

2876

01:34:21,750 --> 01:34:20,159

by the data um

2877

01:34:23,030 --> 01:34:21,760

you know well i don't have a feel for

2878

01:34:24,709 --> 01:34:23,040

that but i got this kind of piece of

2879

01:34:27,510 --> 01:34:24,719

data so now i need that

2880

01:34:28,629 --> 01:34:27,520

so um i was shocked when we started

2881

01:34:30,550 --> 01:34:28,639

doing nut shock but

2882

01:34:31,669 --> 01:34:30,560

it was like okay i understand why it's

2883

01:34:34,310 --> 01:34:31,679

saying that

2884

01:34:34,870 --> 01:34:34,320

we started doing the the uh researchers

2885

01:34:36,790 --> 01:34:34,880

uh

2886

01:34:38,229 --> 01:34:36,800

and some of them did make up stuff

2887

01:34:39,990 --> 01:34:38,239

invented people who don't

2888

01:34:42,070 --> 01:34:40,000

really exist like catholic nuns and

2889

01:34:44,470 --> 01:34:42,080

others

2890

01:34:45,990 --> 01:34:44,480

to catch them using the same lingo in

2891

01:34:47,350 --> 01:34:46,000

the descriptions of what the witness

2892

01:34:49,910 --> 01:34:47,360

supposedly said

2893

01:34:51,109 --> 01:34:49,920

um that was interesting because it does

2894

01:34:54,070 --> 01:34:51,119

show that you know

2895

01:34:55,669 --> 01:34:54,080

they're busted and and that needs to be

2896

01:34:59,189 --> 01:34:55,679

made out into the public

2897

01:35:00,709 --> 01:34:59,199

and so um we want to uh work with

2898

01:35:02,709 --> 01:35:00,719

you could like plug lord of the rings in

2899

01:35:03,590 --> 01:35:02,719

there and find all the fake data points

2900

01:35:05,189 --> 01:35:03,600

and then like

2901

01:35:06,629 --> 01:35:05,199

use it to like correct your story you

2902

01:35:09,030 --> 01:35:06,639

know if like you plugged your like

2903

01:35:10,070 --> 01:35:09,040

you know your your your novel in there

2904

01:35:13,109 --> 01:35:10,080

you know

2905

01:35:15,750 --> 01:35:13,119

well on the wings real quickly i'm

2906

01:35:17,109 --> 01:35:15,760

shocked at people who don't understand

2907

01:35:18,950 --> 01:35:17,119

that it's essentially

2908

01:35:21,109 --> 01:35:18,960

uh i'm sorry game of thrones is

2909

01:35:23,910 --> 01:35:21,119

essentially lord of the rings redone

2910

01:35:24,870 --> 01:35:23,920

uh you if you tell a game of thrones

2911

01:35:27,030 --> 01:35:24,880

fanatic that

2912

01:35:27,910 --> 01:35:27,040

they'll want to you know knife you or

2913

01:35:30,550 --> 01:35:27,920

sword you like

2914

01:35:32,950 --> 01:35:30,560

nothing about that but you know i'm

2915

01:35:36,470 --> 01:35:34,629

maybe you can use the match-ups you know

2916

01:35:37,830 --> 01:35:36,480

plug in all the game of thrones data

2917

01:35:40,149 --> 01:35:37,840

with all the lord of the rings and see

2918

01:35:43,510 --> 01:35:40,159

if it can actually tell the difference

2919

01:35:45,109 --> 01:35:43,520

well he was inspired by it but

2920

01:35:47,030 --> 01:35:45,119

you know just like he doesn't use george

2921

01:35:48,709 --> 01:35:47,040

r martin he's rr martin because the

2922

01:35:50,709 --> 01:35:48,719

other george martin is way more famous

2923

01:35:51,830 --> 01:35:50,719

you know the beatles producer you know

2924

01:35:54,870 --> 01:35:51,840

so anyway

2925

01:35:56,470 --> 01:35:54,880

um so uh i'll talk to jan

2926

01:35:57,990 --> 01:35:56,480

and find out what they're doing they

2927

01:35:59,750 --> 01:35:58,000

have their own database projects and the

2928

01:36:01,750 --> 01:35:59,760

idea is to get us all on the same page

2929

01:36:03,590 --> 01:36:01,760

that's where this is leading to yeah

2930

01:36:06,870 --> 01:36:03,600

once we come up with a work

2931

01:36:08,310 --> 01:36:06,880

document that everyone will sign off on

2932

01:36:09,910 --> 01:36:08,320

everyone hopefully will then say okay

2933

01:36:11,270 --> 01:36:09,920

i'm going to name my files this way just

2934

01:36:12,390 --> 01:36:11,280

like they do just like they do the

2935

01:36:13,990 --> 01:36:12,400

taxonomies

2936

01:36:16,629 --> 01:36:14,000

and then we'll take a look at final

2937

01:36:19,430 --> 01:36:16,639

workflows and then once we lock it down

2938

01:36:21,350 --> 01:36:19,440

i will release it to the public free and

2939

01:36:22,070 --> 01:36:21,360

it's got buttons for sightings radar

2940

01:36:25,910 --> 01:36:22,080

cases

2941

01:36:29,189 --> 01:36:25,920

research

2942

01:36:31,430 --> 01:36:29,199

archives uh electromagnetic cases

2943

01:36:32,709 --> 01:36:31,440

physical trace cases all the categories

2944

01:36:34,709 --> 01:36:32,719

of evidence because

2945

01:36:36,070 --> 01:36:34,719

many years ago as a kid and this isn't

2946

01:36:38,790 --> 01:36:36,080

the main thing and it's

2947

01:36:40,229 --> 01:36:38,800

with uh that you know this close

2948

01:36:41,030 --> 01:36:40,239

encounter first second third kind

2949

01:36:43,910 --> 01:36:41,040

doesn't go

2950

01:36:45,830 --> 01:36:43,920

far enough okay it needs to be more but

2951

01:36:47,510 --> 01:36:45,840

he told me that that was just a stop to

2952

01:36:49,510 --> 01:36:47,520

hollywood and he went with the money

2953

01:36:51,350 --> 01:36:49,520

fine i understand that then he tried to

2954

01:36:52,149 --> 01:36:51,360

do fourth and fifth kind it's like no no

2955

01:36:54,629 --> 01:36:52,159

you need to break

2956

01:36:55,910 --> 01:36:54,639

that table of categories with just check

2957

01:36:58,709 --> 01:36:55,920

marks in each box

2958

01:37:00,950 --> 01:36:58,719

exactly so i had invented the six

2959

01:37:04,149 --> 01:37:00,960

category system where basically

2960

01:37:06,310 --> 01:37:04,159

uh sightings were also photographs and

2961

01:37:07,189 --> 01:37:06,320

movies taken were photographs because

2962

01:37:09,270 --> 01:37:07,199

photographs are

2963

01:37:10,550 --> 01:37:09,280

a type of sighting they supposedly have

2964

01:37:12,470 --> 01:37:10,560

a piece of evidence to back up the

2965

01:37:14,790 --> 01:37:12,480

sighting the photo if it's real

2966

01:37:16,149 --> 01:37:14,800

but it's still a sighting but if i say

2967

01:37:17,510 --> 01:37:16,159

close encounter the first kind you have

2968

01:37:18,950 --> 01:37:17,520

no idea whether it's a sighting

2969

01:37:20,310 --> 01:37:18,960

whether it's a photo whether i didn't

2970

01:37:21,590 --> 01:37:20,320

see anything something showed up on the

2971

01:37:24,629 --> 01:37:21,600

film there's those

2972

01:37:25,109 --> 01:37:24,639

cases uh so i broke this all down years

2973

01:37:28,709 --> 01:37:25,119

ago

2974

01:37:31,109 --> 01:37:28,719

had massive card index files then

2975

01:37:31,830 --> 01:37:31,119

got into computers finally when i went

2976

01:37:34,629 --> 01:37:31,840

to apple

2977

01:37:35,350 --> 01:37:34,639

started on atari gave apro and other

2978

01:37:37,350 --> 01:37:35,360

people

2979

01:37:38,950 --> 01:37:37,360

computers over the years and then

2980

01:37:39,910 --> 01:37:38,960

quietly helped them over the years

2981

01:37:43,109 --> 01:37:39,920

secretly

2982

01:37:45,430 --> 01:37:43,119

on some of this stuff uh you know like

2983

01:37:46,149 --> 01:37:45,440

some of the early roswell researchers

2984

01:37:49,669 --> 01:37:46,159

and

2985

01:37:50,550 --> 01:37:49,679

saying well now there's all this stuff

2986

01:37:53,350 --> 01:37:50,560

here

2987

01:37:54,470 --> 01:37:53,360

modern technology smartphones as far as

2988

01:37:57,669 --> 01:37:54,480

i am concerned

2989

01:37:59,910 --> 01:37:57,679

every smartphone is a potential uh mars

2990

01:38:00,790 --> 01:37:59,920

lander explorer theoretically if ufo's

2991

01:38:02,390 --> 01:38:00,800

flying around

2992

01:38:03,830 --> 01:38:02,400

where's all the bazillion smartphone

2993

01:38:06,149 --> 01:38:03,840

photos that should be there if there's

2994

01:38:08,870 --> 01:38:06,159

cause and effect

2995

01:38:09,590 --> 01:38:08,880

who knows they're not there so we need

2996

01:38:11,189 --> 01:38:09,600

something where

2997

01:38:13,109 --> 01:38:11,199

everybody can put all the data in a

2998

01:38:14,070 --> 01:38:13,119

platform agree that this is how we

2999

01:38:15,910 --> 01:38:14,080

handle it

3000

01:38:18,070 --> 01:38:15,920

and the ufology will separate from the

3001

01:38:20,390 --> 01:38:18,080

ethology as that process

3002

01:38:22,550 --> 01:38:20,400

unfold i think we also need an

3003

01:38:23,910 --> 01:38:22,560

alexandria type project where you know

3004

01:38:25,510 --> 01:38:23,920

like where they're trying to digitize

3005

01:38:26,870 --> 01:38:25,520

all these books or texts and you know

3006

01:38:28,470 --> 01:38:26,880

and documents and stuff

3007

01:38:30,709 --> 01:38:28,480

because i guess michael schratt has one

3008

01:38:32,470 --> 01:38:30,719

of the largest ufo databases

3009

01:38:34,470 --> 01:38:32,480

in the planet apparently he's got just

3010

01:38:35,990 --> 01:38:34,480

warehouses full of documents he's like

3011

01:38:38,390 --> 01:38:36,000

accumulated every

3012

01:38:40,149 --> 01:38:38,400

major database that's ever existed he's

3013

01:38:41,350 --> 01:38:40,159

like he's like really into this so that

3014

01:38:43,990 --> 01:38:41,360

would be great to get

3015

01:38:45,350 --> 01:38:44,000

if we could get his files with my like

3016

01:38:47,430 --> 01:38:45,360

scientific database and

3017

01:38:49,189 --> 01:38:47,440

and and put them on like a place yeah

3018

01:38:50,950 --> 01:38:49,199

funnel it all in one place i would love

3019

01:38:52,229 --> 01:38:50,960

to see some of that stuff i know schratz

3020

01:38:54,310 --> 01:38:52,239

got a huge

3021

01:38:55,590 --> 01:38:54,320

monster collection of stuff like of

3022

01:39:00,149 --> 01:38:55,600

every

3023

01:39:01,750 --> 01:39:00,159

coordinated effort of a

3024

01:39:03,270 --> 01:39:01,760

you know a lot of people but you know

3025

01:39:04,870 --> 01:39:03,280

the payoff would be worth it because

3026

01:39:05,830 --> 01:39:04,880

there's so many people in the community

3027

01:39:07,669 --> 01:39:05,840

that would

3028

01:39:09,270 --> 01:39:07,679

you know that that need we know they

3029

01:39:11,669 --> 01:39:09,280

need this is what needs to happen this

3030

01:39:14,390 --> 01:39:11,679

is the next step for ufology

3031

01:39:15,350 --> 01:39:14,400

right and also um you've got to know and

3032

01:39:17,350 --> 01:39:15,360

put the data

3033

01:39:18,629 --> 01:39:17,360

under one virtual house so to speak but

3034

01:39:20,709 --> 01:39:18,639

then you've got to mine it

3035

01:39:21,669 --> 01:39:20,719

and you've got to mine it properly and

3036

01:39:23,910 --> 01:39:21,679

that's where the fun

3037

01:39:25,910 --> 01:39:23,920

begins because one thing i'm not going

3038

01:39:27,189 --> 01:39:25,920

to do is open this up to everybody right

3039

01:39:27,830 --> 01:39:27,199

out the gate because what's going to

3040

01:39:29,669 --> 01:39:27,840

happen

3041

01:39:31,990 --> 01:39:29,679

is there's going to be people like mikey

3042

01:39:33,830 --> 01:39:32,000

horn type who will sit there and say oh

3043

01:39:35,510 --> 01:39:33,840

i can use the same function to go lie to

3044

01:39:38,310 --> 01:39:35,520

people and rip them off you know

3045

01:39:38,870 --> 01:39:38,320

no oh what i'm going to do is again is

3046

01:39:40,709 --> 01:39:38,880

work

3047

01:39:43,109 --> 01:39:40,719

mikey you're not welcome in our alpha

3048

01:39:44,149 --> 01:39:43,119

test mikey horn he watches every show by

3049

01:39:46,709 --> 01:39:44,159

the way he watches

3050

01:39:48,790 --> 01:39:46,719

every show here so hi mikey horn well

3051  
01:39:50,870 --> 01:39:48,800  
there is a billy meyer module coming out

3052  
01:39:52,629 --> 01:39:50,880  
you know

3053  
01:39:54,470 --> 01:39:52,639  
everyone's gonna have the laser gun i

3054  
01:39:55,430 --> 01:39:54,480  
love the laser gun they landed with a

3055  
01:39:58,709 --> 01:39:55,440  
laser gun

3056  
01:40:01,750 --> 01:39:58,719  
you know that right yeah i know

3057  
01:40:04,950 --> 01:40:01,760  
yeah yeah from the 70s sure sure

3058  
01:40:06,070 --> 01:40:04,960  
yeah but uh yeah um i as i recall that

3059  
01:40:10,229 --> 01:40:06,080  
was a mannequin

3060  
01:40:11,830 --> 01:40:10,239  
holding it uh langdon noticed the hand

3061  
01:40:15,189 --> 01:40:11,840  
issue wasn't quite

3062  
01:40:16,709 --> 01:40:15,199  
uh right but who knows

3063  
01:40:18,550 --> 01:40:16,719

this has been fun guys and i want to

3064

01:40:21,510 --> 01:40:18,560

thank you both for doing this and uh

3065

01:40:23,270 --> 01:40:21,520

you know maybe we have both i think i

3066

01:40:25,910 --> 01:40:23,280

learned a lot tonight and i'm glad to

3067

01:40:27,350 --> 01:40:25,920

know both of you guys it's good to get

3068

01:40:30,310 --> 01:40:27,360

to talk to you

3069

01:40:31,109 --> 01:40:30,320

and uh if you're open to this why don't

3070

01:40:33,030 --> 01:40:31,119

we do this

3071

01:40:34,870 --> 01:40:33,040

he hasn't seen the book and it doesn't

3072

01:40:36,390 --> 01:40:34,880

matter that i wrote it it's just a set

3073

01:40:38,310 --> 01:40:36,400

of data that goes back

3074

01:40:40,229 --> 01:40:38,320

to the old times that anybody should

3075

01:40:42,390 --> 01:40:40,239

know is foundational

3076

01:40:44,229 --> 01:40:42,400

have him go through it and you know

3077

01:40:45,030 --> 01:40:44,239

let's keep each other update if he's got

3078

01:40:47,189 --> 01:40:45,040

something that

3079

01:40:49,270 --> 01:40:47,199

i'm wrong i'll say in fact i'll make you

3080

01:40:49,990 --> 01:40:49,280

this promise if i'm wrong on roswell i

3081

01:40:53,030 --> 01:40:50,000

promise you i'll come

3082

01:40:54,470 --> 01:40:53,040

on your show first and say i'm wrong

3083

01:40:56,149 --> 01:40:54,480

you know because i don't have an ego in

3084

01:40:58,950 --> 01:40:56,159

this i want the truth

3085

01:41:00,629 --> 01:40:58,960

and that's true i just i just try to

3086

01:41:02,629 --> 01:41:00,639

play devil's advocate because i want the

3087

01:41:04,229 --> 01:41:02,639

truth as well and i think if anyone has

3088

01:41:06,470 --> 01:41:04,239

it it would be you know wright patterson

3089

01:41:07,510 --> 01:41:06,480

or battelle or something but i'm begging

3090

01:41:10,709 --> 01:41:07,520

to tell has it

3091

01:41:13,990 --> 01:41:10,719

if these materials exist

3092

01:41:15,510 --> 01:41:14,000

yeah for sure but um yeah i'm

3093

01:41:17,109 --> 01:41:15,520

again i'm after that kind of stuff

3094

01:41:18,550 --> 01:41:17,119

because that's that's actionable

3095

01:41:19,990 --> 01:41:18,560

intelligence it's tangible

3096

01:41:23,750 --> 01:41:20,000

scientific data you know what i mean you

3097

01:41:29,030 --> 01:41:25,590

spooky in a live chat says i'd like to

3098

01:41:31,669 --> 01:41:29,040

see a part two so would i

3099

01:41:32,790 --> 01:41:31,679

yeah man follow up on this once uh steve

3100

01:41:35,590 --> 01:41:32,800

cambion gets

3101  
01:41:37,270 --> 01:41:35,600  
you know the big boost from maybe some

3102  
01:41:37,669 --> 01:41:37,280  
of that fame from tim poole will wear

3103  
01:41:40,229 --> 01:41:37,679  
off

3104  
01:41:42,790 --> 01:41:40,239  
hey i hope so rub it rub it on me

3105  
01:41:44,830 --> 01:41:42,800  
brother i need all the help i can get

3106  
01:41:46,149 --> 01:41:44,840  
yeah and good for you what an amazing

3107  
01:41:48,229 --> 01:41:46,159  
experience

3108  
01:41:49,350 --> 01:41:48,239  
some of this crowd of like i got a flux

3109  
01:41:51,910 --> 01:41:49,360  
of uh

3110  
01:41:52,870 --> 01:41:51,920  
like 5 000 maybe 10 000 new subscribers

3111  
01:41:55,430 --> 01:41:52,880  
on youtube and

3112  
01:41:56,790 --> 01:41:55,440  
a flood of new twitter uh followers so

3113  
01:41:57,750 --> 01:41:56,800

hopefully i introduce some people to

3114

01:41:59,590 --> 01:41:57,760

your work cal

3115

01:42:01,510 --> 01:41:59,600

and your work as well steve because i'm

3116

01:42:03,430 --> 01:42:01,520

a big fan of both and uh

3117

01:42:05,189 --> 01:42:03,440

i wouldn't have made this connection if

3118

01:42:06,790 --> 01:42:05,199

i if that weren't the case and you know

3119

01:42:08,629 --> 01:42:06,800

yeah it's so funny to me because i

3120

01:42:09,990 --> 01:42:08,639

started reading jeremy's website like

3121

01:42:12,310 --> 01:42:10,000

you were one of the first people that

3122

01:42:14,790 --> 01:42:12,320

had a website that was into this stuff

3123

01:42:15,990 --> 01:42:14,800

early website i remember reading it for

3124

01:42:17,750 --> 01:42:16,000

years and it's just

3125

01:42:19,350 --> 01:42:17,760

it's kind of bizarre and surreal to me

3126

01:42:20,709 --> 01:42:19,360

that years later we're friends and you

3127

01:42:22,390 --> 01:42:20,719

know that's awesome

3128

01:42:24,390 --> 01:42:22,400

because i never would have thought that

3129

01:42:26,229 --> 01:42:24,400

you know reading it 10 years ago

3130

01:42:28,790 --> 01:42:26,239

when you know you had a website real

3131

01:42:31,830 --> 01:42:28,800

early didn't you you had like one of the

3132

01:42:34,149 --> 01:42:31,840

early web websites 2008 and then yeah

3133

01:42:35,990 --> 01:42:34,159

probably 2009 when i started all that

3134

01:42:37,750 --> 01:42:36,000

you know and i learned i got expired

3135

01:42:39,189 --> 01:42:37,760

from american anti-gravity who's tim

3136

01:42:40,229 --> 01:42:39,199

ventura and he's like he's the one

3137

01:42:42,229 --> 01:42:40,239

running our

3138

01:42:43,669 --> 01:42:42,239

apec you know propulsion conference

3139

01:42:45,109 --> 01:42:43,679

right now that's awesome

3140

01:42:46,709 --> 01:42:45,119

which is awesome because you know it's

3141

01:42:49,910 --> 01:42:46,719

just keeping the dream alive man

3142

01:42:51,030 --> 01:42:49,920

you know i don't know well that's

3143

01:42:52,790 --> 01:42:51,040

awesome

3144

01:42:59,189 --> 01:42:52,800

all right well are you wearing a star

3145

01:43:02,950 --> 01:43:01,109

you saw me i had the i had the darth

3146

01:43:04,229 --> 01:43:02,960

vader and the storm troopers on my shirt

3147

01:43:05,910 --> 01:43:04,239

and people were like oh

3148

01:43:08,229 --> 01:43:05,920

one of the top comments on the tim's

3149

01:43:09,830 --> 01:43:08,239

video was oh he's wearing a star wars

3150

01:43:12,550 --> 01:43:09,840

shirt we can immediately discredit

3151

01:43:14,629 --> 01:43:12,560

anything he says

3152

01:43:16,390 --> 01:43:14,639

in that spirit here right well i'm not

3153

01:43:20,470 --> 01:43:16,400

credible i mean all of us

3154

01:43:22,229 --> 01:43:20,480

feel like this is star wars abbey road

3155

01:43:26,629 --> 01:43:22,239

star wars abbey road there you go i'm

3156

01:43:30,629 --> 01:43:29,030

don't make me use this all right well

3157

01:43:32,149 --> 01:43:30,639

i'm gonna we're gonna wrap things up

3158

01:43:33,910 --> 01:43:32,159

here i'm gonna throw you guys both out

3159

01:43:36,470 --> 01:43:33,920

and play a short bumper and i will be

3160

01:43:37,750 --> 01:43:36,480

right back with you okay awesome thanks

3161

01:43:40,470 --> 01:43:37,760

again for doing this i really

3162

01:43:41,990 --> 01:43:40,480

appreciate it i'm going to throw you out

3163

01:43:45,270 --> 01:43:42,000

and then i'm going to throw you

3164

01:43:47,830 --> 01:43:45,280

out and well uh

3165

01:43:49,590 --> 01:43:47,840

friends what an amazing evening it has

3166

01:43:51,590 --> 01:43:49,600

been to talk to two of my

3167

01:43:53,350 --> 01:43:51,600

really two two of my favorite people

3168

01:43:55,590 --> 01:43:53,360

that are into these subjects

3169

01:43:56,629 --> 01:43:55,600

and i want to thank both of them again

3170

01:43:59,830 --> 01:43:56,639

uh

3171

01:44:01,750 --> 01:43:59,840

it's just this series is just got so

3172

01:44:05,590 --> 01:44:01,760

many twists and turns

3173

01:44:08,629 --> 01:44:05,600

you know we go from believing it to not

3174

01:44:10,870 --> 01:44:08,639

maybe not so much to thinking this

3175

01:44:14,310 --> 01:44:10,880

person is credible to thinking maybe

3176

01:44:17,830 --> 01:44:17,270

this is one of the greatest mysteries

3177

01:44:21,430 --> 01:44:17,840

and

3178

01:44:21,990 --> 01:44:21,440

can't wait to see what happens next

3179

01:44:24,550 --> 01:44:22,000

we're going to

3180

01:44:25,910 --> 01:44:24,560

be continuing our series i'm hopeful

3181

01:44:28,229 --> 01:44:25,920

that we're going to get

3182

01:44:29,870 --> 01:44:28,239

don schmidt to appear but i'm still

3183

01:44:32,070 --> 01:44:29,880

waiting for him to confirm

3184

01:44:33,750 --> 01:44:32,080

[Music]

3185

01:44:36,550 --> 01:44:33,760

stay tuned friends because we're going

3186

01:44:38,070 --> 01:44:36,560

to keep drilling down on this until we

3187

01:44:42,229 --> 01:44:38,080

get to some kind of

3188

01:44:43,830 --> 01:44:42,239

uh consensus all right friends uh

3189

01:44:44,950 --> 01:44:43,840

i want to thank you all for joining me

3190

01:44:46,629 --> 01:44:44,960

i'm always happy when there's an

3191

01:44:47,510 --> 01:44:46,639

audience thank you so much for being a

3192

01:44:49,590 --> 01:44:47,520

part of mine

3193

01:44:50,790 --> 01:44:49,600

until next time friends my name is

3194

01:45:06,480 --> 01:44:50,800

stephen champion

3195

01:46:16,860 --> 01:45:16,910

[Music]

3196

01:46:24,830 --> 01:46:16,870

[Applause]
