

1  
00:00:33,430 --> 00:00:32,810  
[Music]

2  
00:00:42,730 --> 00:00:33,440  
[Applause]

3  
00:02:03,190 --> 00:00:42,740  
[Music]

4  
00:02:07,270 --> 00:02:06,149  
greetings friends and salutations and

5  
00:02:10,710 --> 00:02:07,280  
welcome back

6  
00:02:11,910 --> 00:02:10,720  
to truth seekers today's kind of a

7  
00:02:14,949 --> 00:02:11,920  
special night because

8  
00:02:17,430 --> 00:02:14,959  
uh i found some notes

9  
00:02:20,070 --> 00:02:17,440  
uh that i was making before the first

10  
00:02:23,270 --> 00:02:20,080  
episode of this show ever aired

11  
00:02:25,990 --> 00:02:23,280  
um things that i wanted to do

12  
00:02:27,910 --> 00:02:26,000  
with the show how i wanted it to look

13  
00:02:31,110 --> 00:02:27,920

how i wanted it to sound

14

00:02:32,150 --> 00:02:31,120

right and i suppose that somewhere along

15

00:02:35,350 --> 00:02:32,160

the way

16

00:02:38,869 --> 00:02:35,360

uh technology being what it is

17

00:02:42,150 --> 00:02:38,879

kind of make compromises and

18

00:02:45,990 --> 00:02:42,160

make do with uh what you got and

19

00:02:47,110 --> 00:02:46,000

that has definitely

20

00:02:49,509 --> 00:02:47,120

kind of been the way that i've been

21

00:02:51,589 --> 00:02:49,519

doing it

22

00:02:53,830 --> 00:02:51,599

just a lot of ideas that i had never got

23

00:02:56,390 --> 00:02:53,840

to uh

24

00:02:57,830 --> 00:02:56,400

never got time so this week i took the

25

00:03:01,030 --> 00:02:57,840

time to stop

26  
00:03:02,830 --> 00:03:01,040  
and try to put things back together

27  
00:03:05,270 --> 00:03:02,840  
better

28  
00:03:08,790 --> 00:03:05,280  
um and we'll see how that's

29  
00:03:13,110 --> 00:03:08,800  
that goes i'm going to take a moment

30  
00:03:17,750 --> 00:03:13,900  
and

31  
00:03:35,430 --> 00:03:17,760  
[Music]

32  
00:03:42,149 --> 00:03:38,789  
oh interesting okay so

33  
00:03:45,430 --> 00:03:42,159  
uh tonight's show is going to feature

34  
00:03:48,789 --> 00:03:45,440  
several different stories

35  
00:03:53,270 --> 00:03:48,799  
and uh boy have i got

36  
00:03:57,030 --> 00:03:55,670  
i uh decided that there's a lot of

37  
00:03:58,869 --> 00:03:57,040  
different stories that we'd like to

38  
00:04:01,910 --> 00:03:58,879

cover here but we wouldn't want to do

39

00:04:04,470 --> 00:04:01,920

two hours on one story which is kind of

40

00:04:06,550 --> 00:04:04,480

the way that we have been doing things

41

00:04:09,190 --> 00:04:06,560

so this multi-story format will let us

42

00:04:14,630 --> 00:04:09,200

cover more stories

43

00:04:17,670 --> 00:04:14,640

and hopefully bring you

44

00:04:20,150 --> 00:04:17,680

a little bit more of what's out there

45

00:04:23,909 --> 00:04:20,160

what comes across my desk

46

00:04:25,020 --> 00:04:23,919

what interests me and what

47

00:04:27,430 --> 00:04:25,030

things i want to share

48

00:04:28,680 --> 00:04:27,440

[Music]

49

00:04:31,749 --> 00:04:28,690

so friends um

50

00:04:34,150 --> 00:04:31,759

[Music]

51

00:04:36,870 --> 00:04:34,160

our first segment tonight is uh

52

00:04:39,749 --> 00:04:36,880

something new

53

00:04:40,629 --> 00:04:39,759

we cover a lot of ufo related stories

54

00:04:44,469 --> 00:04:40,639

here

55

00:04:48,230 --> 00:04:44,479

and a lot of ufo mythology if you will

56

00:04:52,390 --> 00:04:48,240

digging deep into stories but

57

00:04:55,350 --> 00:04:52,400

we don't really cover ufo reports

58

00:04:58,230 --> 00:04:55,360

in the news generally or we haven't but

59

00:05:04,950 --> 00:05:01,990

times change once in a while there is

60

00:05:05,350 --> 00:05:04,960

a really good ufo sighting good enough

61

00:05:08,870 --> 00:05:05,360

that

62

00:05:11,670 --> 00:05:08,880

i say let's talk about it on the show

63

00:05:13,189 --> 00:05:11,680

so tonight friends we'll do uh the first

64

00:05:15,270 --> 00:05:13,199

and what i hope is going to be a

65

00:05:17,590 --> 00:05:15,280

continuing series here

66

00:05:18,710 --> 00:05:17,600

you're watching truth seekers my friends

67

00:05:23,930 --> 00:05:18,720

and this

68

00:05:50,830 --> 00:05:23,940

this is the ufo report

69

00:05:52,200 --> 00:05:50,840

[Music]

70

00:06:01,029 --> 00:05:52,210

so

71

00:06:04,710 --> 00:06:01,039

[Music]

72

00:06:09,510 --> 00:06:04,720

okay friends so

73

00:06:12,870 --> 00:06:09,520

in the news uh a ufo report

74

00:06:16,950 --> 00:06:12,880

a ufo sighting from american airlines

75

00:06:19,350 --> 00:06:16,960

and what an interesting uh

76

00:06:22,150 --> 00:06:19,360

what an interesting story it it really

77

00:06:26,309 --> 00:06:24,870

i wanted to dig a little deeper into

78

00:06:30,790 --> 00:06:26,319

this but unfortunately

79

00:06:37,110 --> 00:06:34,469

short story

80

00:06:37,830 --> 00:06:37,120

one second friends i'm going to cite

81

00:06:39,830 --> 00:06:37,840

fair use

82

00:06:41,590 --> 00:06:39,840

and we'll be sharing my screen this is a

83

00:06:43,029 --> 00:06:41,600

transformative work we're educating the

84

00:06:46,870 --> 00:06:43,039

public

85

00:06:46,880 --> 00:07:07,189

one second friends let's try that again

86

00:07:07,199 --> 00:07:11,189

one second friends

87

00:07:11,199 --> 00:07:18,469

just bear with me for a moment

88

00:07:24,629 --> 00:07:21,510

someone is

89

00:07:27,029 --> 00:07:24,639

cover

90

00:07:28,950 --> 00:07:27,039

we're going to try to focus on this one

91

00:07:31,749 --> 00:07:28,960

the story at hand

92

00:07:33,589 --> 00:07:31,759

uh so the headline reads ufo sighting

93

00:07:35,110 --> 00:07:33,599

american airlines pilot reports

94

00:07:38,870 --> 00:07:35,120

mysterious object during

95

00:07:44,230 --> 00:07:42,309

ah it's going to play a commercial

96

00:07:47,510 --> 00:07:44,240

let me try to get around that one second

97

00:07:47,520 --> 00:07:51,749

oh i could have just skipped that okay

98

00:07:58,390 --> 00:07:55,589

next time i know to cue

99

00:08:00,550 --> 00:07:58,400

sorry about that friends so again ufo

100

00:08:01,990 --> 00:08:00,560

sighting american airlines pilot reports

101  
00:08:06,309 --> 00:08:02,000  
mysterious object

102  
00:08:15,029 --> 00:08:06,319  
during uh here we go

103  
00:08:15,039 --> 00:08:21,670  
once more

104  
00:08:27,749 --> 00:08:24,830  
okay friends sorry for the technical

105  
00:08:30,869 --> 00:08:27,759  
hiccups uh so this is fair use we're

106  
00:08:32,949 --> 00:08:30,879  
going to be discussing this

107  
00:08:35,430 --> 00:08:32,959  
just a couple of weeks away from the

108  
00:08:36,149 --> 00:08:35,440  
24th anniversary of the phoenix lights

109  
00:08:38,790 --> 00:08:36,159  
in the sky

110  
00:08:41,509 --> 00:08:38,800  
that strange side has led to ongoing

111  
00:08:43,430 --> 00:08:41,519  
mystery and intrigue about unidentified

112  
00:08:46,070 --> 00:08:43,440  
flying objects and now

113  
00:08:48,070 --> 00:08:46,080

there's been another ufo sighting

114

00:08:49,990 --> 00:08:48,080

involving an american airlines crew that

115

00:08:51,910 --> 00:08:50,000

was flying to phoenix team 12's rachel

116

00:08:55,269 --> 00:08:51,920

cole joins us from sky harbor with

117

00:08:57,509 --> 00:08:55,279

details on the disturbing discovery

118

00:08:59,509 --> 00:08:57,519

the cockpit audio from the plane coming

119

00:09:00,550 --> 00:08:59,519

from new mexico and landing here at sky

120

00:09:03,110 --> 00:09:00,560

harbor airport

121

00:09:03,750 --> 00:09:03,120

is like something out of a sci-fi movie

122

00:09:05,590 --> 00:09:03,760

have any

123

00:09:08,230 --> 00:09:05,600

targets up here we just had something to

124

00:09:09,670 --> 00:09:08,240

go right over the top of us that i hate

125

00:09:11,670 --> 00:09:09,680

to say this looked like a long

126

00:09:13,509 --> 00:09:11,680

cylindrical object it almost looked like

127

00:09:15,350 --> 00:09:13,519

a cruise missile type of thing moving

128

00:09:15,670 --> 00:09:15,360

really fast i went right over the top of

129

00:09:17,350 --> 00:09:15,680

it

130

00:09:19,269 --> 00:09:17,360

the radio transmission from american

131

00:09:21,030 --> 00:09:19,279

airlines flight 2292

132

00:09:23,190 --> 00:09:21,040

appearing on an aviation blog called

133

00:09:25,190 --> 00:09:23,200

deep black horizon american airlines

134

00:09:29,030 --> 00:09:25,200

confirms the audio is real

135

00:09:31,269 --> 00:09:29,040

the pilot obviously saw something he saw

136

00:09:32,949 --> 00:09:31,279

are you running for larry wasserman an

137

00:09:34,710 --> 00:09:32,959

astronomer at lowell observatory in

138

00:09:35,430 --> 00:09:34,720

flagstaff finds the new audio

139

00:09:38,150 --> 00:09:35,440

fascinating

140

00:09:39,910 --> 00:09:38,160

pilots have been reporting strange

141

00:09:43,030 --> 00:09:39,920

anomalies in the sky

142

00:09:43,990 --> 00:09:43,040

that cannot be explained from their

143

00:09:46,070 --> 00:09:44,000

vantage point

144

00:09:48,310 --> 00:09:46,080

so does dr lynn kitai who's written a

145

00:09:50,310 --> 00:09:48,320

book on the 1997 phoenix lights and

146

00:09:51,110 --> 00:09:50,320

appeared in an award-winning documentary

147

00:09:52,949 --> 00:09:51,120

about it

148

00:09:54,790 --> 00:09:52,959

since that infamous case the southwest

149

00:09:55,509 --> 00:09:54,800

has been home to many strange sightings

150

00:09:58,870 --> 00:09:55,519

in the sky

151  
00:10:01,829 --> 00:09:58,880  
including last april yeah the the

152  
00:10:03,829 --> 00:10:01,839  
the phoenix area for some reason i think

153  
00:10:06,550 --> 00:10:03,839  
it's because of its proximity to

154  
00:10:09,750 --> 00:10:06,560  
military bases

155  
00:10:12,470 --> 00:10:09,760  
where some of these advanced black

156  
00:10:13,990 --> 00:10:12,480  
projects are being developed but there's

157  
00:10:16,389 --> 00:10:14,000  
a tremendous amount of sightings

158  
00:10:17,350 --> 00:10:16,399  
in that area of strange aerial

159  
00:10:20,870 --> 00:10:17,360  
phenomenon

160  
00:10:24,710 --> 00:10:20,880  
unusual flying objects unidentified

161  
00:10:30,470 --> 00:10:28,389  
seems to be quite the hot spot lately

162  
00:10:32,069 --> 00:10:30,480  
i saw what appeared to be a star movie

163  
00:10:33,829 --> 00:10:32,079

spacex later revealing one of the

164

00:10:35,590 --> 00:10:33,839

company's satellites reflected light

165

00:10:37,030 --> 00:10:35,600

back to earth while being in perfect

166

00:10:40,150 --> 00:10:37,040

alignment with the sun

167

00:10:41,910 --> 00:10:40,160

what is that in 2019 mysterious lights

168

00:10:43,269 --> 00:10:41,920

in the night sky in tucson which have

169

00:10:44,949 --> 00:10:43,279

never been explained

170

00:10:46,949 --> 00:10:44,959

as for what the american airlines crew

171

00:10:49,030 --> 00:10:46,959

saw the excitement in their voices

172

00:10:50,949 --> 00:10:49,040

seeing something so unusual

173

00:10:53,670 --> 00:10:50,959

but we have to remember that it's in new

174

00:10:56,230 --> 00:10:53,680

mexico over new mexico white sands

175

00:10:57,990 --> 00:10:56,240

missile range is nearby in a statement

176  
00:10:59,269 --> 00:10:58,000  
the fbi says it's aware of the incident

177  
00:11:01,190 --> 00:10:59,279  
meanwhile the faa

178  
00:11:03,269 --> 00:11:01,200  
confirms the pilot made a claim about

179  
00:11:06,389 --> 00:11:03,279  
seeing an object over new mexico

180  
00:11:07,670 --> 00:11:06,399  
if they can figure out what it was that

181  
00:11:09,670 --> 00:11:07,680  
would be good

182  
00:11:11,430 --> 00:11:09,680  
i'd be curious to know what it was

183  
00:11:13,590 --> 00:11:11,440  
kirtland air force base in albuquerque

184  
00:11:14,389 --> 00:11:13,600  
confirms it has no knowledge of any

185  
00:11:16,790 --> 00:11:14,399  
object

186  
00:11:18,470 --> 00:11:16,800  
plus faa air traffic controllers did not

187  
00:11:19,350 --> 00:11:18,480  
see any object in the area on their

188  
00:11:23,750 --> 00:11:19,360

radar scopes

189

00:11:26,150 --> 00:11:23,760

it wakes people up to the possibility of

190

00:11:28,470 --> 00:11:26,160

something else possibly visiting us i

191

00:11:28,870 --> 00:11:28,480

would not jump on the alien hypothesis

192

00:11:31,829 --> 00:11:28,880

from

193

00:11:33,910 --> 00:11:31,839

this first choice unrelated but relevant

194

00:11:35,750 --> 00:11:33,920

glendale pd are warning that the marines

195

00:11:37,990 --> 00:11:35,760

will be conducting realistic urban

196

00:11:40,870 --> 00:11:38,000

training so don't be alarmed if you see

197

00:11:43,670 --> 00:11:40,880

or hear military aircraft in the sky at

198

00:11:46,870 --> 00:11:43,680

sky harbor rachel cole 12

199

00:11:49,509 --> 00:11:46,880

so interesting that there was no

200

00:11:50,069 --> 00:11:49,519

uh the military uh didn't claim it in

201  
00:11:52,069 --> 00:11:50,079  
other words

202  
00:11:53,670 --> 00:11:52,079  
occasionally there's a ufo sighting and

203  
00:11:58,949 --> 00:11:53,680  
then the military will say

204  
00:12:02,069 --> 00:11:58,959  
this was a this was a

205  
00:12:06,389 --> 00:12:02,079  
military test right or

206  
00:12:09,590 --> 00:12:06,399  
a missile test the object as reported

207  
00:12:10,310 --> 00:12:09,600  
very much like a looked very much like a

208  
00:12:14,310 --> 00:12:10,320  
missile

209  
00:12:22,829 --> 00:12:14,320  
and i have the audio uh from

210  
00:12:22,839 --> 00:12:31,110  
that

211  
00:12:35,030 --> 00:12:33,190  
have any targets up here we just had

212  
00:12:35,910 --> 00:12:35,040  
something to go right over the top of us

213  
00:12:37,670 --> 00:12:35,920

that

214

00:12:39,670 --> 00:12:37,680

i hate to say this looked like a long

215

00:12:41,509 --> 00:12:39,680

cylindrical object it almost looked like

216

00:12:42,470 --> 00:12:41,519

a cruise missile type of thing moving

217

00:12:48,150 --> 00:12:42,480

really fast

218

00:12:52,870 --> 00:12:50,870

sound to me like the pilot believed that

219

00:12:55,350 --> 00:12:52,880

it may have been a missile

220

00:12:57,030 --> 00:12:55,360

so there's a few possibilities with this

221

00:12:59,670 --> 00:12:57,040

the government is denying that it was a

222

00:13:03,110 --> 00:12:59,680

missile or one of their aircraft

223

00:13:07,670 --> 00:13:03,120

and there was no radar signature

224

00:13:10,870 --> 00:13:07,680

saw seen no

225

00:13:12,710 --> 00:13:10,880

flight plan filed that would identify

226

00:13:17,190 --> 00:13:12,720

the aircraft

227

00:13:20,389 --> 00:13:17,200

so the faa will continue to investigate

228

00:13:21,030 --> 00:13:20,399

but my feeling is that this sighting

229

00:13:24,150 --> 00:13:21,040

will go

230

00:13:24,949 --> 00:13:24,160

nowhere uh so the possibilities are uh

231

00:13:26,790 --> 00:13:24,959

the government

232

00:13:28,069 --> 00:13:26,800

uh is not telling the truth and it was

233

00:13:31,350 --> 00:13:28,079

some sort of missile test

234

00:13:32,829 --> 00:13:31,360

or it could be the test of some sort of

235

00:13:36,949 --> 00:13:32,839

black

236

00:13:39,590 --> 00:13:36,959

project drone or aircraft

237

00:13:40,790 --> 00:13:39,600

manned or unmanned but that would mean

238

00:13:43,269 --> 00:13:40,800

that it would have to be

239

00:13:45,350 --> 00:13:43,279

something that is impervious to radar

240

00:13:48,389 --> 00:13:45,360

invisible to radar

241

00:13:51,189 --> 00:13:48,399

could be stealth there's so many

242

00:13:54,069 --> 00:13:51,199

possibilities and this is why that

243

00:13:55,829 --> 00:13:54,079

these errant ufo sightings that people

244

00:13:59,910 --> 00:13:55,839

report

245

00:14:03,430 --> 00:13:59,920

are so difficult sometimes to explain

246

00:14:05,430 --> 00:14:03,440

could have been not truly there

247

00:14:06,710 --> 00:14:05,440

if radar didn't see it or it could have

248

00:14:10,550 --> 00:14:06,720

been some sort of stealth

249

00:14:13,509 --> 00:14:10,560

aircraft there's many possibilities

250

00:14:14,790 --> 00:14:13,519

and i'm left from this one with many

251  
00:14:17,829 --> 00:14:14,800  
more questions

252  
00:14:23,269 --> 00:14:17,839  
actually than answers

253  
00:14:26,389 --> 00:14:25,189  
one second i'm still getting the hang of

254  
00:14:29,509 --> 00:14:26,399  
this uh

255  
00:14:32,470 --> 00:14:29,519  
of this virtual set

256  
00:14:32,949 --> 00:14:32,480  
okay so uh on with our next story which

257  
00:14:35,990 --> 00:14:32,959  
uh

258  
00:14:39,509 --> 00:14:36,000  
is really i have to say

259  
00:14:42,829 --> 00:14:39,519  
uh the darkest

260  
00:14:45,110 --> 00:14:42,839  
strangest story that i've ever come

261  
00:14:46,870 --> 00:14:45,120  
across

262  
00:14:49,189 --> 00:14:46,880  
and so of course i wanted to share with

263  
00:14:52,310 --> 00:14:49,199

my friends here being that it's

264

00:14:55,829 --> 00:14:52,320

really strange really dark

265

00:14:59,430 --> 00:14:55,839

uh creepy and mysterious right

266

00:15:03,829 --> 00:14:59,440

i thought it really it really should be

267

00:15:05,829 --> 00:15:03,839

here that we explore this oh wrong one

268

00:15:13,110 --> 00:15:05,839

see that friends still trying to figure

269

00:15:23,430 --> 00:15:13,120

this out

270

00:15:30,629 --> 00:15:26,870

there we are yes

271

00:15:31,670 --> 00:15:30,639

yes friends so this this is our new

272

00:15:34,949 --> 00:15:31,680

series

273

00:15:35,430 --> 00:15:34,959

on the dark side and friends when i came

274

00:15:38,829 --> 00:15:35,440

across

275

00:15:42,120 --> 00:15:38,839

this story i just couldn't believe it

276

00:15:43,910 --> 00:15:42,130

uh some stories are so strange

277

00:15:47,829 --> 00:15:43,920

[Music]

278

00:15:50,949 --> 00:15:47,839

i get obsessed i have to find out more

279

00:15:53,860 --> 00:15:50,959

and i i suppose this

280

00:15:58,069 --> 00:15:53,870

this my friends is one of those stories

281

00:16:00,710 --> 00:15:58,079

[Music]

282

00:16:01,430 --> 00:16:00,720

so friends uh you're watching truth

283

00:16:06,829 --> 00:16:01,440

seekers

284

00:16:37,590 --> 00:16:08,550

side

285

00:16:45,110 --> 00:16:41,189

okay friends so here's the story

286

00:16:47,509 --> 00:16:45,120

human head transplant surgery

287

00:16:49,430 --> 00:16:47,519

does that sound like something straight

288

00:16:50,790 --> 00:16:49,440

out of a horror movie

289

00:16:53,269 --> 00:16:50,800

because it sounds like something

290

00:16:58,389 --> 00:16:53,279

straight out of a horror movie to me

291

00:17:00,069 --> 00:16:58,399

and in fact i even recall a horror movie

292

00:17:02,829 --> 00:17:00,079

and i can't recall the title of the

293

00:17:05,429 --> 00:17:02,839

movie 1970s horror movie where they

294

00:17:09,029 --> 00:17:05,439

transplanted someone's head

295

00:17:12,789 --> 00:17:09,039

onto someone else's body

296

00:17:17,429 --> 00:17:12,799

uh and that person then had two heads

297

00:17:20,630 --> 00:17:17,439

this kind of science fiction horror

298

00:17:28,150 --> 00:17:25,029

crazy to me but what's even crazier

299

00:17:33,590 --> 00:17:28,160

is that there have been actual

300

00:17:36,870 --> 00:17:33,600

experiments towards making this happen

301  
00:17:39,909 --> 00:17:36,880  
first of all as far back as

302  
00:17:41,830 --> 00:17:39,919  
the 1970s

303  
00:17:43,430 --> 00:17:41,840  
scientists and researchers were

304  
00:17:46,390 --> 00:17:43,440  
experimenting

305  
00:17:46,870 --> 00:17:46,400  
trying to make transplanting a human

306  
00:17:49,990 --> 00:17:46,880  
head

307  
00:17:53,750 --> 00:17:50,000  
onto a human donor host

308  
00:18:01,110 --> 00:17:57,430  
in 1970 scientists were successful

309  
00:18:05,510 --> 00:18:01,120  
in transplanting a monkey head onto

310  
00:18:11,430 --> 00:18:08,789  
i'm going to say that again in 1970

311  
00:18:12,470 --> 00:18:11,440  
scientists claim they were successful in

312  
00:18:16,150 --> 00:18:12,480  
transplanting

313  
00:18:19,669 --> 00:18:16,160

a monkey's head onto

314

00:18:23,750 --> 00:18:19,679

a new monkey donor body

315

00:18:26,950 --> 00:18:23,760

now the term success is quite relative

316

00:18:28,390 --> 00:18:26,960

because according to research scientists

317

00:18:32,390 --> 00:18:28,400

the monkey could hear

318

00:18:35,350 --> 00:18:32,400

see and react

319

00:18:37,510 --> 00:18:35,360

right and they believed that they had

320

00:18:39,920 --> 00:18:37,520

transferred

321

00:18:41,190 --> 00:18:39,930

that monkey's brain and consciousness

322

00:18:44,549 --> 00:18:41,200

[Music]

323

00:18:48,390 --> 00:18:44,559

onto a new body

324

00:18:51,510 --> 00:18:48,400

i try to find more details about this

325

00:18:53,909 --> 00:18:51,520

series of experiments

326

00:18:57,990 --> 00:18:53,919

but it's kind of like looking through a

327

00:19:04,150 --> 00:19:01,510

while it may be true that a monkey's

328

00:19:06,789 --> 00:19:04,160

head was transplanted onto another

329

00:19:09,669 --> 00:19:06,799

monkey's body

330

00:19:11,590 --> 00:19:09,679

i can't find specific details did it get

331

00:19:15,750 --> 00:19:11,600

up and walk around eventually

332

00:19:20,470 --> 00:19:15,760

how long did it live on its new body

333

00:19:24,470 --> 00:19:20,480

the monkey's head crazy as this story is

334

00:19:27,510 --> 00:19:24,480

it gets even crazier friends

335

00:19:31,190 --> 00:19:27,520

because a few years ago i began

336

00:19:34,390 --> 00:19:31,200

hearing about

337

00:19:38,390 --> 00:19:34,400

human head transplant surgery

338

00:19:41,990 --> 00:19:38,400

and in fact there is a neuroscientist

339

00:19:45,750 --> 00:19:42,000

sergio canavero in italy

340

00:19:45,760 --> 00:19:49,190

he

341

00:19:56,070 --> 00:19:53,110

as far back as you know

342

00:19:56,950 --> 00:19:56,080

said that he was going to successfully

343

00:20:01,350 --> 00:19:56,960

transplant

344

00:20:04,470 --> 00:20:01,360

a human head of a

345

00:20:04,950 --> 00:20:04,480

living human from you know cut off the

346

00:20:12,230 --> 00:20:04,960

head

347

00:20:18,149 --> 00:20:15,510

the italian surgeon sergio canavero

348

00:20:19,990 --> 00:20:18,159

outlined the transplant technique uh

349

00:20:22,390 --> 00:20:20,000

that he would intend to follow

350

00:20:24,630 --> 00:20:22,400

in the journal of surgical neurology

351  
00:20:26,310 --> 00:20:24,640  
international

352  
00:20:27,909 --> 00:20:26,320  
at that time he said that he planned to

353  
00:20:28,710 --> 00:20:27,919  
launch the project at an annual

354  
00:20:30,630 --> 00:20:28,720  
conference

355  
00:20:32,070 --> 00:20:30,640  
of the american academy of neurological

356  
00:20:34,710 --> 00:20:32,080  
and orthopedic surgeons

357  
00:20:35,909 --> 00:20:34,720  
in the u.s in june where he would invite

358  
00:20:40,789 --> 00:20:35,919  
other research to

359  
00:20:45,190 --> 00:20:43,510  
now at the time many thought even

360  
00:20:49,909 --> 00:20:45,200  
medical professionals and scientists

361  
00:20:52,870 --> 00:20:49,919  
said that it sounded outrageous

362  
00:20:54,390 --> 00:20:52,880  
and maybe it still does but you know the

363  
00:20:56,710 --> 00:20:54,400

real difference was that

364

00:20:58,789 --> 00:20:56,720

canavero actually found himself a living

365

00:21:00,390 --> 00:20:58,799

breathing volunteer

366

00:21:05,510 --> 00:21:00,400

and that person was willing to sort of

367

00:21:09,190 --> 00:21:08,149

for what the surgeons predicted would be

368

00:21:10,950 --> 00:21:09,200

a 36 hour

369

00:21:15,110 --> 00:21:10,960

operation requiring the assistance of

370

00:21:21,029 --> 00:21:18,149

is this science fiction well

371

00:21:23,350 --> 00:21:21,039

uh it would appear if you talk to

372

00:21:25,270 --> 00:21:23,360

medical experts

373

00:21:26,549 --> 00:21:25,280

many people will pinpoint the problems

374

00:21:28,230 --> 00:21:26,559

that

375

00:21:30,630 --> 00:21:28,240

no matter how perfect you do the head

376

00:21:33,750 --> 00:21:30,640

transplant procedure

377

00:21:36,149 --> 00:21:33,760

the body

378

00:21:38,070 --> 00:21:36,159

would reject the head they would have to

379

00:21:39,870 --> 00:21:38,080

take just like in when people take heart

380

00:21:41,750 --> 00:21:39,880

transplants they would have to take

381

00:21:43,909 --> 00:21:41,760

immunosuppressants

382

00:21:47,190 --> 00:21:43,919

to keep the head from re i'm sorry to

383

00:21:54,070 --> 00:21:47,200

keep the human body from rejecting

384

00:21:58,950 --> 00:21:58,149

it's this is a crazy story right but it

385

00:22:02,630 --> 00:21:58,960

gets

386

00:22:06,310 --> 00:22:02,640

a little bit crazier so this scientist

387

00:22:07,590 --> 00:22:06,320

found a willing uh a willing

388

00:22:10,230 --> 00:22:07,600

a person that was willing to have his

389

00:22:14,149 --> 00:22:10,240

head cut off and put onto the body

390

00:22:16,789 --> 00:22:14,159

of another host body i suppose

391

00:22:18,549 --> 00:22:16,799

donor body and see i have so many

392

00:22:20,950 --> 00:22:18,559

questions about this because first of

393

00:22:26,230 --> 00:22:24,230

where do you get the body from

394

00:22:27,669 --> 00:22:26,240

uh a friend of mine and i were talking

395

00:22:28,230 --> 00:22:27,679

about this and he suggested that they

396

00:22:30,070 --> 00:22:28,240

could take

397

00:22:32,310 --> 00:22:30,080

somebody that's been in a coma and his

398

00:22:33,909 --> 00:22:32,320

brain dead but their body's still good

399

00:22:35,669 --> 00:22:33,919

people who have been in horrific

400

00:22:38,470 --> 00:22:35,679

accidents and suffered

401  
00:22:40,630 --> 00:22:38,480  
incredible horrible uh brain damage and

402  
00:22:43,990 --> 00:22:40,640  
our brain

403  
00:22:46,070 --> 00:22:44,000  
dead for all intense purposes brain dead

404  
00:22:47,830 --> 00:22:46,080  
i suppose that would be the donor body

405  
00:22:51,909 --> 00:22:47,840  
that you'd be looking for

406  
00:22:54,230 --> 00:22:51,919  
but whose family remember

407  
00:22:57,750 --> 00:22:54,240  
i would assume that someone would have

408  
00:23:00,470 --> 00:22:57,760  
to consent to being a host

409  
00:23:03,590 --> 00:23:00,480  
and have their body used in such a

410  
00:23:09,190 --> 00:23:06,710  
or their family when their family right

411  
00:23:10,950 --> 00:23:09,200  
if if you're if your loved one gets into

412  
00:23:12,630 --> 00:23:10,960  
god forbid if one of your loved ones

413  
00:23:13,830 --> 00:23:12,640

gets in a horrific car crash or

414

00:23:17,590 --> 00:23:13,840

something

415

00:23:20,149 --> 00:23:17,600

and uh they you know

416

00:23:21,590 --> 00:23:20,159

pass away oftentimes the medical

417

00:23:26,230 --> 00:23:21,600

professionals will ask

418

00:23:27,830 --> 00:23:26,240

the family members about organ donation

419

00:23:29,750 --> 00:23:27,840

what what about when you donate an

420

00:23:33,590 --> 00:23:29,760

entire body minus the head

421

00:23:37,909 --> 00:23:33,600

this brings up so many crazy

422

00:23:41,110 --> 00:23:37,919

crazy philosophical conundrums i suppose

423

00:23:44,149 --> 00:23:41,120

it's just problematic to me and

424

00:23:45,269 --> 00:23:44,159

in saying that someone would be willing

425

00:23:48,950 --> 00:23:45,279

to do this

426

00:23:49,669 --> 00:23:48,960

i heard genocide in the live chat

427

00:23:51,750 --> 00:23:49,679

mentioning

428

00:23:53,350 --> 00:23:51,760

if someone is paralyzed i can see maybe

429

00:23:55,830 --> 00:23:53,360

and yeah the person that

430

00:23:57,269 --> 00:23:55,840

this italian surgeon found to agree to

431

00:24:01,190 --> 00:23:57,279

the surgery

432

00:24:02,390 --> 00:24:01,200

is a paraplegic so maybe to walk again

433

00:24:05,590 --> 00:24:02,400

right

434

00:24:07,669 --> 00:24:05,600

maybe to walk again someone would risk

435

00:24:09,669 --> 00:24:07,679

but i have to imagine that the odds of

436

00:24:11,510 --> 00:24:09,679

successful surgery especially this is

437

00:24:15,029 --> 00:24:11,520

going to be the first one

438

00:24:18,710 --> 00:24:15,039

is not good right a pretty pretty risky

439

00:24:22,310 --> 00:24:18,720

uh pretty risky surgery i would assume

440

00:24:23,990 --> 00:24:22,320

it's a pretty risky surgery okay friends

441

00:24:26,549 --> 00:24:24,000

so this is from good morning britain

442

00:24:29,990 --> 00:24:26,559

world's first head transplant recipient

443

00:24:32,630 --> 00:24:30,000

wants a better life and

444

00:24:33,510 --> 00:24:32,640

we're going to cite fair use we're going

445

00:24:35,350 --> 00:24:33,520

to be

446

00:24:36,870 --> 00:24:35,360

critiquing and discussing the video

447

00:24:39,430 --> 00:24:36,880

shared of course we've seen

448

00:24:41,029 --> 00:24:39,440

face transplants but now one doctor is

449

00:24:41,909 --> 00:24:41,039

planning on making history by performing

450

00:24:44,870 --> 00:24:41,919

the world's

451  
00:24:45,750 --> 00:24:44,880  
first ever head transplant yep you heard

452  
00:24:48,470 --> 00:24:45,760  
correctly a head

453  
00:24:50,149 --> 00:24:48,480  
transplant the full head the pioneering

454  
00:24:51,029 --> 00:24:50,159  
and somewhat controversial operation

455  
00:24:53,269 --> 00:24:51,039  
we'll see the head

456  
00:24:55,110 --> 00:24:53,279  
of valerie spiridonov who's terminally

457  
00:24:55,909 --> 00:24:55,120  
ill and wheelchair bound attached to an

458  
00:24:57,909 --> 00:24:55,919  
entirely

459  
00:24:59,750 --> 00:24:57,919  
new body we're speaking to valerie who's

460  
00:25:01,350 --> 00:24:59,760  
here with us in just a moment but first

461  
00:25:03,909 --> 00:25:01,360  
sharla has more on exactly what this

462  
00:25:05,669 --> 00:25:03,919  
extraordinary procedure will involve

463  
00:25:06,950 --> 00:25:05,679

yes it really is such a complicated

464

00:25:08,549 --> 00:25:06,960

process and the surgeon

465

00:25:10,310 --> 00:25:08,559

planning this operation says it will

466

00:25:13,990 --> 00:25:10,320

take around 150

467

00:25:16,549 --> 00:25:14,000

medical staff 36 hours to complete

468

00:25:17,190 --> 00:25:16,559

the first step is to freeze the head and

469

00:25:19,669 --> 00:25:17,200

body

470

00:25:20,390 --> 00:25:19,679

in order to stop the brain cells from

471

00:25:22,310 --> 00:25:20,400

dying

472

00:25:23,990 --> 00:25:22,320

the neck will then be cut and the tubes

473

00:25:27,190 --> 00:25:24,000

connecting the key arteries

474

00:25:29,830 --> 00:25:27,200

and veins fitted you know i just i don't

475

00:25:33,590 --> 00:25:29,840

i i get the concept of this

476  
00:25:37,350 --> 00:25:33,600  
but it worries me are we that far along

477  
00:25:40,630 --> 00:25:37,360  
in microsurgery that we could connect

478  
00:25:41,269 --> 00:25:40,640  
and there's got to be i mean i'm not a

479  
00:25:43,830 --> 00:25:41,279  
doctor

480  
00:25:44,789 --> 00:25:43,840  
right but how many connections from the

481  
00:25:47,510 --> 00:25:44,799  
brain

482  
00:25:49,269 --> 00:25:47,520  
go down the spinal cord through the neck

483  
00:25:51,830 --> 00:25:49,279  
into the rest of the body

484  
00:25:53,190 --> 00:25:51,840  
that's got to be 10 000 connections

485  
00:25:55,269 --> 00:25:53,200  
right i don't know

486  
00:25:56,870 --> 00:25:55,279  
uh somebody in the live chat if you know

487  
00:26:00,630 --> 00:25:56,880  
let's find how many connections

488  
00:26:04,149 --> 00:26:00,640

is that there's all the nerves the

489

00:26:05,430 --> 00:26:04,159

tendons i don't know it's crazy

490

00:26:07,590 --> 00:26:05,440

and you know what friends before i

491

00:26:08,310 --> 00:26:07,600

forget i want to make sure that i cite

492

00:26:10,310 --> 00:26:08,320

fair use

493

00:26:11,350 --> 00:26:10,320

this is a transformative work we are

494

00:26:13,350 --> 00:26:11,360

critiquing the

495

00:26:14,549 --> 00:26:13,360

video being shared and we will be

496

00:26:18,149 --> 00:26:14,559

discussing it

497

00:26:23,350 --> 00:26:18,159

here in our live chat let me find my

498

00:26:27,430 --> 00:26:26,230

there we go fair use all right friends

499

00:26:30,630 --> 00:26:27,440

let's get back to this

500

00:26:32,149 --> 00:26:30,640

it's a fascinating story

501  
00:26:34,470 --> 00:26:32,159  
the next step will be the biggest

502  
00:26:34,950 --> 00:26:34,480  
challenge now this is cutting the spinal

503  
00:26:36,870 --> 00:26:34,960  
cord

504  
00:26:37,990 --> 00:26:36,880  
and doctors will be using an extremely

505  
00:26:40,230 --> 00:26:38,000  
fine blade made

506  
00:26:42,390 --> 00:26:40,240  
from diamonds to minimize the damage

507  
00:26:43,430 --> 00:26:42,400  
here the head will then be moved from

508  
00:26:45,430 --> 00:26:43,440  
the donor body

509  
00:26:47,990 --> 00:26:45,440  
and the spinal cords will be fused

510  
00:26:49,990 --> 00:26:48,000  
together using a special type of glue

511  
00:26:51,909 --> 00:26:50,000  
now once all that is in place it is a

512  
00:26:54,230 --> 00:26:51,919  
race against time to reattach

513  
00:26:55,990 --> 00:26:54,240

all the she just said that they're going

514

00:26:57,990 --> 00:26:56,000

to fuse the spinal cord with special

515

00:27:01,029 --> 00:26:58,000

kind of glue

516

00:27:04,230 --> 00:27:01,039

like i don't know what surgeon glue is

517

00:27:08,470 --> 00:27:04,240

but what kind of glue

518

00:27:08,950 --> 00:27:08,480

can fuse a spinal cord together from two

519

00:27:12,149 --> 00:27:08,960

different

520

00:27:14,870 --> 00:27:12,159

people i i

521

00:27:16,070 --> 00:27:14,880

even that is worthy of research like how

522

00:27:18,630 --> 00:27:16,080

do you do that

523

00:27:20,630 --> 00:27:18,640

is that even possible you just glue the

524

00:27:22,950 --> 00:27:20,640

spinal cords together

525

00:27:25,029 --> 00:27:22,960

the remaining muscles veins and the

526

00:27:26,710 --> 00:27:25,039

organs like the esophagus

527

00:27:28,710 --> 00:27:26,720

once the skin is stitched together by a

528

00:27:29,990 --> 00:27:28,720

plastic surgeon the patient will be kept

529

00:27:32,070 --> 00:27:30,000

in an induced coma

530

00:27:33,190 --> 00:27:32,080

for four weeks to allow everything to

531

00:27:36,470 --> 00:27:33,200

heal it really is

532

00:27:39,830 --> 00:27:36,480

an extremely intricate procedure so

533

00:27:42,549 --> 00:27:39,840

valerie spiridonov wants to undergo that

534

00:27:43,590 --> 00:27:42,559

procedure that surgery dr hillary is

535

00:27:45,909 --> 00:27:43,600

here

536

00:27:47,909 --> 00:27:45,919

alongside you well valerie it's

537

00:27:50,549 --> 00:27:47,919

fantastic to meet you

538

00:27:50,950 --> 00:27:50,559

and thanks so much for coming in this is

539

00:27:54,710 --> 00:27:50,960

just

540

00:27:58,149 --> 00:27:54,720

of this procedure

541

00:28:00,950 --> 00:27:58,159

from charlotte tell us why

542

00:28:02,870 --> 00:28:00,960

you want to undergo something i mean

543

00:28:05,590 --> 00:28:02,880

frankly so life-threatening

544

00:28:07,350 --> 00:28:05,600

okay as you can see i'm disabled in a

545

00:28:11,590 --> 00:28:07,360

pretty heavy condition

546

00:28:14,070 --> 00:28:11,600

uh but also i i'm very fond of science i

547

00:28:15,190 --> 00:28:14,080

lived deeply into the topic of this kind

548

00:28:18,389 --> 00:28:15,200

of transplantations

549

00:28:20,710 --> 00:28:18,399

for about 20 years uh i read about

550

00:28:22,549 --> 00:28:20,720

robert white's experiments with monkeys

551  
00:28:24,630 --> 00:28:22,559  
and professor vladimir demick of

552  
00:28:27,430 --> 00:28:24,640  
experiments with the dogs

553  
00:28:28,630 --> 00:28:27,440  
yeah so they didn't just transplant

554  
00:28:30,470 --> 00:28:28,640  
monkeys

555  
00:28:33,430 --> 00:28:30,480  
a monkey's head onto a monkey's body

556  
00:28:35,430 --> 00:28:33,440  
they've also done it with dogs

557  
00:28:36,789 --> 00:28:35,440  
and somewhat successfully done it with

558  
00:28:39,110 --> 00:28:36,799  
dogs again

559  
00:28:41,269 --> 00:28:39,120  
a crazy part of this story what kind of

560  
00:28:44,470 --> 00:28:41,279  
scientists are doing this stuff

561  
00:28:47,029 --> 00:28:44,480  
this is frankenstein stuff so

562  
00:28:48,070 --> 00:28:47,039  
um i thought that if this technology

563  
00:28:51,350 --> 00:28:48,080

could be improved

564

00:28:54,630 --> 00:28:51,360

uh and could be done

565

00:28:55,510 --> 00:28:54,640

safe enough uh to make the transplants

566

00:28:58,549 --> 00:28:55,520

on human

567

00:29:01,510 --> 00:28:58,559

and to make the transplants uh with

568

00:29:03,350 --> 00:29:01,520

the the points where the brain will be

569

00:29:05,430 --> 00:29:03,360

able to control the new body

570

00:29:06,710 --> 00:29:05,440

it will make sense and of course we

571

00:29:09,350 --> 00:29:06,720

should uh

572

00:29:10,630 --> 00:29:09,360

evolve this procedure and make it happen

573

00:29:12,070 --> 00:29:10,640

valerie

574

00:29:13,909 --> 00:29:12,080

obviously it's a very dangerous

575

00:29:16,310 --> 00:29:13,919

operation you know that you're you're a

576

00:29:17,909 --> 00:29:16,320

smart guy you know the risks involved

577

00:29:19,590 --> 00:29:17,919

have you just taken a view you have a

578

00:29:21,909 --> 00:29:19,600

terminal on this anyway

579

00:29:23,750 --> 00:29:21,919

your life expectancy is not great you

580

00:29:25,750 --> 00:29:23,760

have nothing to lose

581

00:29:26,789 --> 00:29:25,760

is that your thinking and i suppose my

582

00:29:28,789 --> 00:29:26,799

second question is

583

00:29:33,430 --> 00:29:28,799

well that's a really nasty it's appears

584

00:29:38,870 --> 00:29:35,269

do you know what your quality of life

585

00:29:41,430 --> 00:29:38,880

could be if this is all a huge success

586

00:29:42,630 --> 00:29:41,440

okay let me explain i'm not doing only

587

00:29:45,190 --> 00:29:42,640

this project

588

00:29:47,110 --> 00:29:45,200

this whole body transportation project

589

00:29:47,990 --> 00:29:47,120

i'm also in charge of several other

590

00:29:51,269 --> 00:29:48,000

projects

591

00:29:54,230 --> 00:29:51,279

but this was the most public one

592

00:29:55,350 --> 00:29:54,240

i also tried to improve uh lives of

593

00:29:57,909 --> 00:29:55,360

other people

594

00:29:59,029 --> 00:29:57,919

uh by creating autopilots uh wheelchair

595

00:30:02,070 --> 00:29:59,039

systems

596

00:30:05,110 --> 00:30:02,080

uh other accessible devices but

597

00:30:06,710 --> 00:30:05,120

uh uh it became so that dr canaveral's

598

00:30:09,990 --> 00:30:06,720

project is most uh

599

00:30:11,669 --> 00:30:10,000

view yes i'm trying to get inside

600

00:30:13,750 --> 00:30:11,679

okay well quite literally your head

601  
00:30:15,669 --> 00:30:13,760  
about this right i want to know

602  
00:30:17,110 --> 00:30:15,679  
what is making you do this what is your

603  
00:30:23,350 --> 00:30:17,120  
motivation personally

604  
00:30:23,750 --> 00:30:23,360  
improving my own life conditions and to

605  
00:30:27,350 --> 00:30:23,760  
uh

606  
00:30:28,470 --> 00:30:27,360  
to go um to the stage where i will be

607  
00:30:31,510 --> 00:30:28,480  
able to take

608  
00:30:34,310 --> 00:30:31,520  
uh care of myself where i will be

609  
00:30:36,070 --> 00:30:34,320  
independent from other people because

610  
00:30:36,710 --> 00:30:36,080  
and you believe this operation if it's

611  
00:30:38,070 --> 00:30:36,720  
successful

612  
00:30:40,070 --> 00:30:38,080  
yes absolutely it is completely

613  
00:30:41,510 --> 00:30:40,080

successful yes and there are massive

614

00:30:44,070 --> 00:30:41,520

risks it's never been done

615

00:30:45,750 --> 00:30:44,080

but if it works you believe that the

616

00:30:48,070 --> 00:30:45,760

quality of your life

617

00:30:49,590 --> 00:30:48,080

will not only be extended but could

618

00:30:51,909 --> 00:30:49,600

actually be quite reasonable

619

00:30:52,630 --> 00:30:51,919

we're trying to do our best to make this

620

00:30:56,389 --> 00:30:52,640

uh

621

00:30:59,029 --> 00:30:56,399

experiment safe and to make it valuable

622

00:31:00,149 --> 00:30:59,039

and we try to do all the research which

623

00:31:04,630 --> 00:31:00,159

is

624

00:31:08,070 --> 00:31:04,640

needed to be to be safe because

625

00:31:09,110 --> 00:31:08,080

uh today my life is pretty tough i need

626  
00:31:11,590 --> 00:31:09,120  
to invite people

627  
00:31:13,029 --> 00:31:11,600  
to help me every day even twice oh yeah

628  
00:31:17,190 --> 00:31:13,039  
that's a shame

629  
00:31:18,789 --> 00:31:17,200  
so hadn't kept up with this story but

630  
00:31:21,750 --> 00:31:18,799  
checked back in recently

631  
00:31:22,549 --> 00:31:21,760  
and it turns out that the paraplegic in

632  
00:31:24,950 --> 00:31:22,559  
the wheelchair

633  
00:31:25,990 --> 00:31:24,960  
changed his mind he fell in love with

634  
00:31:29,110 --> 00:31:26,000  
woman

635  
00:31:32,310 --> 00:31:29,120  
and decided that the risk of death

636  
00:31:33,509 --> 00:31:32,320  
from having this kind of radical i can't

637  
00:31:37,350 --> 00:31:33,519  
think of any more

638  
00:31:41,430 --> 00:31:37,360

radical of a surgery was just too great

639

00:31:44,549 --> 00:31:41,440

but doctors and researchers are

640

00:31:45,430 --> 00:31:44,559

looking for a new person that will be

641

00:31:48,870 --> 00:31:45,440

willing to

642

00:31:52,710 --> 00:31:48,880

undergo the procedure

643

00:31:55,990 --> 00:31:52,720

they continue in their research efforts

644

00:31:59,909 --> 00:31:56,000

and some say in a dark and

645

00:32:00,549 --> 00:31:59,919

mysterious way a lot of their research

646

00:32:03,990 --> 00:32:00,559

most of it

647

00:32:07,029 --> 00:32:04,000

is not being made public which

648

00:32:09,590 --> 00:32:07,039

uh kind of frightens me

649

00:32:10,389 --> 00:32:09,600

that there are some scientists

650

00:32:13,350 --> 00:32:10,399

researching

651  
00:32:14,710 --> 00:32:13,360  
how to successfully transplant one human

652  
00:32:19,029 --> 00:32:14,720  
head onto

653  
00:32:25,830 --> 00:32:22,230  
now i mentioned

654  
00:32:27,909 --> 00:32:25,840  
in in 1970 head transplant pioneer

655  
00:32:30,470 --> 00:32:27,919  
robert white transplanted a new head

656  
00:32:32,630 --> 00:32:30,480  
into onto a monkey

657  
00:32:36,070 --> 00:32:32,640  
okay so the animal died after nine days

658  
00:32:37,269 --> 00:32:36,080  
as the body rejected the new head

659  
00:32:39,269 --> 00:32:37,279  
and i'm reading from an article

660  
00:32:41,350 --> 00:32:39,279  
published in live science it's almost

661  
00:32:42,310 --> 00:32:41,360  
mengele-like talking about transplanting

662  
00:32:43,909 --> 00:32:42,320  
a head

663  
00:32:45,590 --> 00:32:43,919

of someone who is paralyzed due to a

664

00:32:48,149 --> 00:32:45,600

terrible disease into a body of someone

665

00:32:52,310 --> 00:32:50,070

kaplan said referring to an infamous

666

00:32:53,590 --> 00:32:52,320

nazi physician who performed inhumane

667

00:32:56,149 --> 00:32:53,600

medical experiments on

668

00:32:59,590 --> 00:32:56,159

auschwitz prisoners it's cruel and

669

00:33:02,710 --> 00:32:59,600

certainly it is a recipe for disaster

670

00:33:04,950 --> 00:33:02,720

so friends what do you think about this

671

00:33:07,830 --> 00:33:04,960

story because i'm not sure what to think

672

00:33:10,630 --> 00:33:07,840

and one part of me thinks if if they

673

00:33:12,630 --> 00:33:10,640

could successfully do this right

674

00:33:14,470 --> 00:33:12,640

and someone is completely and totally

675

00:33:16,070 --> 00:33:14,480

paralyzed or

676

00:33:18,149 --> 00:33:16,080

what about someone like a stephen

677

00:33:20,389 --> 00:33:18,159

hawking right

678

00:33:21,509 --> 00:33:20,399

paraplegics people with multiple

679

00:33:24,630 --> 00:33:21,519

sclerosis

680

00:33:28,230 --> 00:33:24,640

other things that really ravage and

681

00:33:31,669 --> 00:33:31,029

i mean if it could be done successfully

682

00:33:33,990 --> 00:33:31,679

then

683

00:33:36,070 --> 00:33:34,000

that would certainly benefit someone's

684

00:33:38,950 --> 00:33:36,080

life if they were paralyzed and they got

685

00:33:41,509 --> 00:33:38,960

to no longer be paralyzed

686

00:33:44,870 --> 00:33:41,519

but this story raises so many

687

00:33:48,230 --> 00:33:44,880

philosophical implications to me

688

00:33:51,509 --> 00:33:48,240

you know because

689

00:33:56,149 --> 00:33:51,519

what if this became very

690

00:33:59,669 --> 00:33:56,159

accept it as as norm right

691

00:34:02,230 --> 00:33:59,679

would we would rich

692

00:34:04,070 --> 00:34:02,240

or wealthy people at the end of their

693

00:34:06,070 --> 00:34:04,080

lives be able to just get their head

694

00:34:08,629 --> 00:34:06,080

transplanted onto a younger body

695

00:34:11,270 --> 00:34:08,639

as their body began to deteriorate and

696

00:34:17,030 --> 00:34:14,950

would that be ethical would only the

697

00:34:18,230 --> 00:34:17,040

rich and powerful people have access to

698

00:34:20,069 --> 00:34:18,240

this kind of technology to get

699

00:34:23,109 --> 00:34:20,079

themselves a new body

700

00:34:25,990 --> 00:34:23,119

as they were nearing their twilight

701  
00:34:29,990 --> 00:34:28,069  
this is a fascinating story it raises

702  
00:34:33,190 --> 00:34:30,000  
many many

703  
00:34:33,510 --> 00:34:33,200  
philosophical implications i'm going to

704  
00:34:35,589 --> 00:34:33,520  
do

705  
00:34:36,710 --> 00:34:35,599  
further research into this topic and we

706  
00:34:39,750 --> 00:34:36,720  
will present

707  
00:34:42,389 --> 00:34:39,760  
a new uh a new story

708  
00:34:44,470 --> 00:34:42,399  
sort of an update in the future i want

709  
00:34:47,270 --> 00:34:44,480  
to know whether this is possible

710  
00:34:48,310 --> 00:34:47,280  
and i want to know whether or not this

711  
00:34:52,230 --> 00:34:48,320  
is

712  
00:34:55,349 --> 00:34:52,240  
going to be done in the next few years

713  
00:34:56,149 --> 00:34:55,359

i believe that it will i believe that

714

00:34:59,190 --> 00:34:56,159

this will

715

00:35:02,230 --> 00:34:59,200

be accomplished

716

00:35:05,750 --> 00:35:02,240

but i'm not so sure that the first few

717

00:35:07,990 --> 00:35:05,760

will be very successful right

718

00:35:08,870 --> 00:35:08,000

the risk of rejection is so high i don't

719

00:35:10,069 --> 00:35:08,880

know how they're going to get around

720

00:35:12,790 --> 00:35:10,079

that because even

721

00:35:14,550 --> 00:35:12,800

even when you get a single organ there's

722

00:35:17,829 --> 00:35:14,560

this huge risk of

723

00:35:19,670 --> 00:35:17,839

rejection because you know

724

00:35:21,910 --> 00:35:19,680

of many different factors but people

725

00:35:23,910 --> 00:35:21,920

have to take immunosuppressants

726

00:35:26,390 --> 00:35:23,920

so that their body does not reject an

727

00:35:30,310 --> 00:35:26,400

organ so how is

728

00:35:33,750 --> 00:35:30,320

how our head and an entire body

729

00:35:35,510 --> 00:35:33,760

going to deal with the rejection issue

730

00:35:38,870 --> 00:35:35,520

from a little bit of further research

731

00:35:40,790 --> 00:35:38,880

that i did it appears that most of the

732

00:35:42,470 --> 00:35:40,800

animal experiments that have been done

733

00:35:45,589 --> 00:35:42,480

ended in death for the animal

734

00:35:46,790 --> 00:35:45,599

because the body or excuse me yeah the

735

00:35:49,109 --> 00:35:46,800

body

736

00:35:50,870 --> 00:35:49,119

that the head is transplanted into it'll

737

00:35:51,829 --> 00:35:50,880

work for a while but then the body

738

00:35:54,070 --> 00:35:51,839

starts

739

00:35:55,670 --> 00:35:54,080

intensely rejecting the

740

00:35:58,710 --> 00:35:55,680

[Music]

741

00:36:01,910 --> 00:35:58,720

transplanted head

742

00:36:06,870 --> 00:36:01,920

so friends human head transplants

743

00:36:11,430 --> 00:36:06,880

coming soon to a crazy world near you

744

00:36:21,430 --> 00:36:11,440

all right friends and uh let's see here

745

00:36:30,069 --> 00:36:26,550

okay so

746

00:36:32,710 --> 00:36:30,079

next friends uh is enduring mysteries

747

00:36:33,190 --> 00:36:32,720

and i want to thank our friends spooky

748

00:36:36,790 --> 00:36:33,200

here

749

00:36:39,270 --> 00:36:36,800

for uh suggesting that title

750

00:36:40,710 --> 00:36:39,280

there are mysteries that are hundreds of

751

00:36:44,390 --> 00:36:40,720

years old

752

00:36:47,030 --> 00:36:44,400

i love a good mystery don't we all

753

00:36:48,710 --> 00:36:47,040

but some of the best mysteries are

754

00:36:52,310 --> 00:36:48,720

timeless

755

00:36:56,550 --> 00:36:52,320

and endure throughout centuries

756

00:37:01,109 --> 00:36:56,560

and tonight we're going to be

757

00:37:04,870 --> 00:37:01,119

exploring one of those mysteries

758

00:37:06,470 --> 00:37:04,880

and it's called the voynich manuscript

759

00:37:11,349 --> 00:37:06,480

many people have also called it the book

760

00:37:17,430 --> 00:37:15,190

this book may be as old

761

00:37:19,710 --> 00:37:17,440

it's been carbon dated to the early 15th

762

00:37:21,430 --> 00:37:19,720

century

763

00:37:22,950 --> 00:37:21,440

1404-1438

764

00:37:25,030 --> 00:37:22,960

and ever since that time people have

765

00:37:28,150 --> 00:37:25,040

been trying to decipher it

766

00:37:31,990 --> 00:37:28,160

it's secrets and

767

00:37:35,349 --> 00:37:34,069

so friends uh you're watching truth

768

00:38:05,960 --> 00:37:35,359

seekers and this

769

00:38:16,829 --> 00:38:13,390

[Music]

770

00:38:41,990 --> 00:38:18,720

so

771

00:38:45,430 --> 00:38:42,000

think of

772

00:38:46,870 --> 00:38:45,440

none more enduring than the voynich

773

00:38:49,190 --> 00:38:46,880

manuscript

774

00:38:51,990 --> 00:38:49,200

uh i'm gonna just share my screen and

775

00:38:55,589 --> 00:38:52,000

we'll cover a little bit about the

776

00:38:57,190 --> 00:38:55,599

manuscript from just wikipedia

777

00:39:00,150 --> 00:38:57,200

but i'm still gonna cite fair use this

778

00:39:03,430 --> 00:39:00,160

is a transformative work

779

00:39:06,710 --> 00:39:03,440

and we are educating the public on

780

00:39:10,390 --> 00:39:06,720

the voynic manuscript so like i said

781

00:39:13,109 --> 00:39:10,400

uh it's an illustrated codex handwritten

782

00:39:14,390 --> 00:39:13,119

and unknown possibly meaningless writing

783

00:39:16,950 --> 00:39:14,400

system

784

00:39:17,589 --> 00:39:16,960

the manuscript is named after wilfrid

785

00:39:19,670 --> 00:39:17,599

weinick

786

00:39:21,430 --> 00:39:19,680

a polish book dealer who purchased it in

787

00:39:23,270 --> 00:39:21,440

1912

788

00:39:25,589 --> 00:39:23,280

and again it was carbon dated to the

789

00:39:28,069 --> 00:39:25,599

early 15th century

790

00:39:30,950 --> 00:39:28,079

and the text may have been composed in

791

00:39:34,069 --> 00:39:30,960

italy during the italian renaissance

792

00:39:35,589 --> 00:39:34,079

however its origins and authorship are

793

00:39:37,589 --> 00:39:35,599

not

794

00:39:40,150 --> 00:39:37,599

unambiguously known and remain the

795

00:39:41,670 --> 00:39:40,160

subject of study and speculation

796

00:39:44,390 --> 00:39:41,680

some of the pages are missing with

797

00:39:45,829 --> 00:39:44,400

around 240 remaining the text is written

798

00:39:48,230 --> 00:39:45,839

from left to right

799

00:39:49,430 --> 00:39:48,240

and most of the pages have illustrations

800

00:39:52,550 --> 00:39:49,440

or diagrams

801  
00:40:00,440 --> 00:39:56,790  
one image here and here's an image of

802  
00:40:04,950 --> 00:40:00,450  
some of the writing again illustrations

803  
00:40:07,910 --> 00:40:04,960  
[Music]

804  
00:40:10,470 --> 00:40:07,920  
and like any good mystery friends uh

805  
00:40:14,550 --> 00:40:10,480  
people have explored this mystery

806  
00:40:18,150 --> 00:40:14,560  
now for hundreds and hundreds of years

807  
00:40:21,349 --> 00:40:18,160  
trying to decipher exactly

808  
00:40:23,990 --> 00:40:21,359  
what this book is many people have

809  
00:40:25,190 --> 00:40:24,000  
speculated that there are alchemical

810  
00:40:29,430 --> 00:40:25,200  
secrets

811  
00:40:32,309 --> 00:40:29,440  
contained in the ciphers

812  
00:40:34,069 --> 00:40:32,319  
i heard one researcher claim that the

813  
00:40:37,589 --> 00:40:34,079

alchemical formula

814

00:40:40,069 --> 00:40:37,599

required to transmute lead into gold

815

00:40:42,390 --> 00:40:40,079

is contained within the voynic

816

00:40:45,829 --> 00:40:42,400

manuscript

817

00:40:49,109 --> 00:40:45,839

having seen proof of that however

818

00:40:50,829 --> 00:40:49,119

everything about this book lends itself

819

00:40:53,910 --> 00:40:50,839

to a great mystery

820

00:40:56,069 --> 00:40:53,920

uh for example here we have the ink

821

00:40:57,910 --> 00:40:56,079

many pages contain substantial drawings

822

00:41:00,790 --> 00:40:57,920

or charts which are colored with paint

823

00:41:02,390 --> 00:41:00,800

based on modern analysis using polarized

824

00:41:04,950 --> 00:41:02,400

light muskrapus

825

00:41:05,990 --> 00:41:04,960

kraposki it has been determined that a

826

00:41:09,589 --> 00:41:06,000

quill pen and

827

00:41:11,270 --> 00:41:09,599

an iron gall ink were used for the text

828

00:41:13,670 --> 00:41:11,280

and figure out lines the ink of the

829

00:41:16,150 --> 00:41:13,680

drawings text and page

830

00:41:17,910 --> 00:41:16,160

have microscopic similar microscopic

831

00:41:19,829 --> 00:41:17,920

characteristics

832

00:41:21,710 --> 00:41:19,839

people they've even done energy

833

00:41:26,630 --> 00:41:21,720

dispersive x-ray

834

00:41:30,630 --> 00:41:29,270

i can't say that word performed in 2009

835

00:41:33,030 --> 00:41:30,640

revealed that the inks contain

836

00:41:35,109 --> 00:41:33,040

major amounts of carbon iron sulfur

837

00:41:37,589 --> 00:41:35,119

potassium and calcium in trace amounts

838

00:41:40,069 --> 00:41:37,599

of copper and occasionally zinc

839

00:41:41,670 --> 00:41:40,079

edge did not show the presence of lead

840

00:41:43,829 --> 00:41:41,680

while x-ray diffraction

841

00:41:45,190 --> 00:41:43,839

identified potassium lead oxide

842

00:41:48,390 --> 00:41:45,200

potassium

843

00:41:49,990 --> 00:41:48,400

hydrine sulfite and singinate is one of

844

00:41:51,270 --> 00:41:50,000

the samples tested the similarity

845

00:41:54,870 --> 00:41:51,280

between the drawings

846

00:41:59,109 --> 00:41:54,880

drawing inks and ink text ink suggested

847

00:42:01,270 --> 00:41:59,119

a contemporaries origin there is paint

848

00:42:02,150 --> 00:42:01,280

and also someone discovered retouching

849

00:42:04,710 --> 00:42:02,160

where parts

850

00:42:07,270 --> 00:42:04,720

of the text and drawings are modified

851  
00:42:07,990 --> 00:42:07,280  
using darker ink over a fainter earlier

852  
00:42:10,710 --> 00:42:08,000  
script

853  
00:42:13,670 --> 00:42:10,720  
evidence for this is visible in various

854  
00:42:17,670 --> 00:42:15,190  
as far as the text every page in a

855  
00:42:19,750 --> 00:42:17,680  
manuscript contains text mostly in an

856  
00:42:21,190 --> 00:42:19,760  
unidentified language people have been

857  
00:42:21,750 --> 00:42:21,200  
studying this thing for hundreds of

858  
00:42:26,470 --> 00:42:21,760  
years

859  
00:42:29,589 --> 00:42:28,870  
but some of the writing is in latin

860  
00:42:31,589 --> 00:42:29,599  
script

861  
00:42:33,670 --> 00:42:31,599  
the bulk of the text in the 240 page

862  
00:42:34,550 --> 00:42:33,680  
manuscript is written in an unknown

863  
00:42:39,109 --> 00:42:34,560

script

864

00:42:40,710 --> 00:42:39,119

running left to right there's some extra

865

00:42:42,390 --> 00:42:40,720

we have a transcription various

866

00:42:44,309 --> 00:42:42,400

transcription alphabets have been

867

00:42:46,069 --> 00:42:44,319

created to equate the voynich characters

868

00:42:49,430 --> 00:42:46,079

with latin characters to help with

869

00:42:53,510 --> 00:42:51,109

the first major was created by the first

870

00:42:55,910 --> 00:42:53,520

study group led by cryptographer william

871

00:42:58,470 --> 00:42:55,920

f freeman in the 1940s where each line

872

00:43:00,390 --> 00:42:58,480

of the manuscript was transcribed

873

00:43:02,950 --> 00:43:00,400

through an ibm punch card to make it

874

00:43:05,910 --> 00:43:02,960

machine readable

875

00:43:07,750 --> 00:43:05,920

there are statistical patterns contained

876  
00:43:10,790 --> 00:43:07,760  
within the text

877  
00:43:14,230 --> 00:43:10,800  
and also various illustrations

878  
00:43:19,430 --> 00:43:14,240  
there are herbal illustrations

879  
00:43:26,150 --> 00:43:24,630  
cosmological pharmaceutical and recipes

880  
00:43:27,910 --> 00:43:26,160  
now like i said a lot of people have

881  
00:43:29,510 --> 00:43:27,920  
speculated about the purpose of this

882  
00:43:30,950 --> 00:43:29,520  
voynich manuscript

883  
00:43:32,870 --> 00:43:30,960  
the overall impression given by

884  
00:43:34,069 --> 00:43:32,880  
surviving leaves of the manuscript is

885  
00:43:36,550 --> 00:43:34,079  
that it was meant to serve

886  
00:43:37,670 --> 00:43:36,560  
as a pharmacopoeia or to address topics

887  
00:43:41,190 --> 00:43:37,680  
in medieval

888  
00:43:44,630 --> 00:43:41,200

or early modern medicine and that's

889

00:43:46,309 --> 00:43:44,640

one theory i've read additional theories

890

00:43:49,750 --> 00:43:46,319

that this book may have

891

00:43:53,190 --> 00:43:49,760

some connection to alchemy and

892

00:43:53,990 --> 00:43:53,200

some sort of secret guide to alchemical

893

00:43:57,510 --> 00:43:54,000

formulas

894

00:44:00,630 --> 00:43:57,520

or methods and that's

895

00:44:07,510 --> 00:44:00,640

very very interesting to me

896

00:44:11,430 --> 00:44:09,349

the book was had been bought by rudolph

897

00:44:15,349 --> 00:44:11,440

the second holy roman emperor and the

898

00:44:21,990 --> 00:44:19,750

a troy ounce of actual gold weight

899

00:44:25,030 --> 00:44:22,000

and that person died in 1644 more than

900

00:44:25,040 --> 00:44:29,430

okay so

901  
00:44:34,470 --> 00:44:31,190  
that person speculated that the author

902  
00:44:38,390 --> 00:44:34,480  
was 13th century franciscan friar

903  
00:44:39,750 --> 00:44:38,400  
and polymath roger bacon

904  
00:44:41,030 --> 00:44:39,760  
marshy said that he was suspending

905  
00:44:43,829 --> 00:44:41,040  
judgment about that claim but it was

906  
00:44:45,670 --> 00:44:43,839  
taken quite seriously by wilfred voinok

907  
00:44:47,270 --> 00:44:45,680  
who did his best to confirm it so the

908  
00:44:49,430 --> 00:44:47,280  
book may have actually been written by

909  
00:44:52,230 --> 00:44:49,440  
roger bacon

910  
00:44:53,190 --> 00:44:52,240  
the many people have speculated about

911  
00:44:56,150 --> 00:44:53,200  
the actual

912  
00:44:57,990 --> 00:44:56,160  
author of this voynich manuscript the

913  
00:45:00,470 --> 00:44:58,000

book contains ciphers codes

914

00:45:01,430 --> 00:45:00,480

shorthand stenography and of course

915

00:45:05,190 --> 00:45:01,440

natural

916

00:45:07,270 --> 00:45:05,200

and constructed language

917

00:45:09,910 --> 00:45:07,280

people have speculated that it's a hoax

918

00:45:11,349 --> 00:45:09,920

a hoax in 2003 computer scientist gordon

919

00:45:13,109 --> 00:45:11,359

rugg showed that the text with

920

00:45:14,470 --> 00:45:13,119

characteristics similar to the voynich

921

00:45:16,870 --> 00:45:14,480

manuscript could have been

922

00:45:18,069 --> 00:45:16,880

produced using a table of word prefixes

923

00:45:20,710 --> 00:45:18,079

stems and suffocate

924

00:45:23,270 --> 00:45:20,720

suffixes which would have been selected

925

00:45:26,550 --> 00:45:23,280

and combined by means of perforated

926

00:45:27,910 --> 00:45:26,560

paper overlay the latter device

927

00:45:31,030 --> 00:45:27,920

a grill method could not be used to

928

00:45:33,829 --> 00:45:31,040

emulate any language by a certain degree

929

00:45:35,510 --> 00:45:33,839

in 2007 australian researcher andrea

930

00:45:38,309 --> 00:45:35,520

schinner published in

931

00:45:40,309 --> 00:45:38,319

cryptologia uh supported the hoax

932

00:45:43,589 --> 00:45:40,319

hypothesis

933

00:45:47,270 --> 00:45:43,599

um so is it a hoax

934

00:45:51,750 --> 00:45:47,280

maybe but the hoax began

935

00:45:53,510 --> 00:45:51,760

in 1400s someone in the 1400s

936

00:45:55,750 --> 00:45:53,520

was trying to mess with people if we're

937

00:45:57,670 --> 00:45:55,760

to believe the hoax

938

00:45:59,030 --> 00:45:57,680

and this book has survived all those

939

00:46:02,230 --> 00:45:59,040

hundreds of years

940

00:46:03,910 --> 00:46:02,240

and people are literally fascinated by

941

00:46:05,270 --> 00:46:03,920

there are people who devote their

942

00:46:07,670 --> 00:46:05,280

full-time

943

00:46:08,870 --> 00:46:07,680

like life to researching this book to

944

00:46:12,950 --> 00:46:08,880

trying to decipher

945

00:46:14,950 --> 00:46:12,960

its secrets and uh

946

00:46:16,230 --> 00:46:14,960

several people have made claims that

947

00:46:22,069 --> 00:46:16,240

they have just

948

00:46:31,510 --> 00:46:26,069

yeah but most of these are uh

949

00:46:35,109 --> 00:46:32,950

joseph martin claimed the book was a

950

00:46:38,630 --> 00:46:35,119

scientific diary written by

951  
00:46:40,870 --> 00:46:38,640  
roger bacon freely's method posited that

952  
00:46:43,270 --> 00:46:40,880  
the text was highly abbreviated medieval

953  
00:46:46,150 --> 00:46:43,280  
latin written in a simple substitution

954  
00:46:49,510 --> 00:46:48,390  
in 2014 applied linguistics professor

955  
00:46:51,190 --> 00:46:49,520  
stephen bach's

956  
00:46:52,950 --> 00:46:51,200  
self-published paper claiming to have

957  
00:46:54,550 --> 00:46:52,960  
translated 10 words from the manuscript

958  
00:46:56,230 --> 00:46:54,560  
using techniques similar to those used

959  
00:46:57,990 --> 00:46:56,240  
successfully to translate

960  
00:47:00,069 --> 00:46:58,000  
egyptian hieroglyphs he claimed that the

961  
00:47:00,630 --> 00:47:00,079  
manuscript to be a treatise on nature in

962  
00:47:03,349 --> 00:47:00,640  
a near

963  
00:47:04,630 --> 00:47:03,359

eastern or asian language but no full

964

00:47:08,950 --> 00:47:04,640

translation was made

965

00:47:10,950 --> 00:47:08,960

before bax's death in 2017.

966

00:47:12,710 --> 00:47:10,960

in november 2017 television writer

967

00:47:14,030 --> 00:47:12,720

nicholas gibbs claimed to have decoded

968

00:47:16,550 --> 00:47:14,040

the manuscript as

969

00:47:18,069 --> 00:47:16,560

idiosyncratically abbreviated latin he

970

00:47:21,190 --> 00:47:18,079

declared the manuscript to be mostly

971

00:47:24,549 --> 00:47:21,200

pagerai's guide to women's health

972

00:47:26,790 --> 00:47:24,559

and it goes on and on friends

973

00:47:28,390 --> 00:47:26,800

this has been an enduring mystery since

974

00:47:31,589 --> 00:47:28,400

the 1400s

975

00:47:35,030 --> 00:47:31,599

people have tried to decipher

976  
00:47:39,670 --> 00:47:35,040  
what exactly the voynich manuscript says

977  
00:47:41,430 --> 00:47:39,680  
what it means

978  
00:47:45,430 --> 00:47:41,440  
i could imagine that people who are into

979  
00:47:47,990 --> 00:47:45,440  
codes and ciphers would find this

980  
00:47:48,790 --> 00:47:48,000  
extremely interesting topic of

981  
00:47:54,870 --> 00:47:48,800  
discussion

982  
00:48:02,549 --> 00:47:58,390  
i think that

983  
00:48:06,069 --> 00:48:02,559  
many people have been known

984  
00:48:09,910 --> 00:48:06,079  
some scientists have been known

985  
00:48:13,109 --> 00:48:09,920  
to write backwards or in code

986  
00:48:16,069 --> 00:48:13,119  
to prevent people from stealing

987  
00:48:16,790 --> 00:48:16,079  
their research or their discoveries

988  
00:48:20,069 --> 00:48:16,800

could the

989

00:48:24,309 --> 00:48:20,079

manuscript simply be written

990

00:48:29,670 --> 00:48:24,319

in a cipher created by roger bacon if

991

00:48:35,030 --> 00:48:33,430

renaissance scientist or alchemist

992

00:48:37,430 --> 00:48:35,040

i think there's a high probability that

993

00:48:39,349 --> 00:48:37,440

this book was written by a scientist or

994

00:48:41,510 --> 00:48:39,359

alchemist

995

00:48:43,670 --> 00:48:41,520

someone who was into all different

996

00:48:46,309 --> 00:48:43,680

sciences we have astronomical we have

997

00:48:46,950 --> 00:48:46,319

herbology we have medicine contained in

998

00:48:48,630 --> 00:48:46,960

this book

999

00:48:50,069 --> 00:48:48,640

at least from the illustrations it would

1000

00:48:54,069 --> 00:48:50,079

appear that way

1001

00:48:56,069 --> 00:48:54,079

cosmological so

1002

00:48:58,150 --> 00:48:56,079

while it's a great mystery part of me

1003

00:49:02,470 --> 00:48:58,160

just thinks that this was a

1004

00:49:06,470 --> 00:49:02,480

book written in ciphers or secret code

1005

00:49:09,109 --> 00:49:06,480

by a renaissance scientist or alchemist

1006

00:49:11,190 --> 00:49:09,119

who didn't want to share his secrets but

1007

00:49:14,309 --> 00:49:11,200

somehow the book survived

1008

00:49:16,230 --> 00:49:14,319

and for hundreds of years now

1009

00:49:17,910 --> 00:49:16,240

people have been trying to decipher its

1010

00:49:20,069 --> 00:49:17,920

secrets

1011

00:49:20,950 --> 00:49:20,079

i don't know if we'll ever get to the

1012

00:49:25,589 --> 00:49:20,960

truth

1013

00:49:30,309 --> 00:49:25,599

of what the voice manuscript is or

1014

00:49:33,750 --> 00:49:30,319

what its purpose is but it's a mystery

1015

00:49:39,030 --> 00:49:33,760

that i'm certain will endure

1016

00:49:46,069 --> 00:49:42,829

okay so we have one story remaining for

1017

00:49:54,790 --> 00:49:48,549

and that my friends uh oh actually let

1018

00:49:54,800 --> 00:50:06,150

one second friends

1019

00:50:12,710 --> 00:50:10,230

okay so uh we we gave this an attempt

1020

00:50:15,270 --> 00:50:12,720

before

1021

00:50:16,150 --> 00:50:15,280

along with all of the bad news out there

1022

00:50:20,069 --> 00:50:16,160

occasionally

1023

00:50:22,950 --> 00:50:20,079

i like to check into the good news right

1024

00:50:25,589 --> 00:50:22,960

and i have a friend and his name is

1025

00:50:29,030 --> 00:50:25,599

david hale

1026

00:50:32,710 --> 00:50:29,040

old magician friend of mine uh

1027

00:50:36,150 --> 00:50:32,720

local to me or once was local to me

1028

00:50:38,950 --> 00:50:36,160

he uh is just a good person i remember

1029

00:50:40,790 --> 00:50:38,960

that he was always one of the first

1030

00:50:42,870 --> 00:50:40,800

magicians to volunteer to do

1031

00:50:44,549 --> 00:50:42,880

a kid's show for free at a children's

1032

00:50:47,750 --> 00:50:44,559

hospital or a school

1033

00:50:49,670 --> 00:50:47,760

or something like that good guy and

1034

00:50:51,430 --> 00:50:49,680

i was reminded while looking for good

1035

00:50:54,870 --> 00:50:51,440

news that sometimes

1036

00:50:59,109 --> 00:50:54,880

we can look close to home right and find

1037

00:51:02,230 --> 00:50:59,119

some good news so uh

1038

00:51:03,990 --> 00:51:02,240

mr hale found a way during the pandemic

1039

00:51:08,950 --> 00:51:04,000

that he could really make a difference

1040

00:51:10,950 --> 00:51:08,960

and help people uh and i gotta say

1041

00:51:12,710 --> 00:51:10,960

uh i was surprised to learn about this

1042

00:51:15,430 --> 00:51:12,720

program he's a part of and i wanted to

1043

00:51:17,510 --> 00:51:15,440

share it with my audience here

1044

00:51:18,870 --> 00:51:17,520

so friends along with all the bad news

1045

00:51:21,190 --> 00:51:18,880

out there

1046

00:51:38,130 --> 00:51:21,200

sometimes if you look you really can

1047

00:51:45,270 --> 00:51:42,230

[Music]

1048

00:51:47,589 --> 00:51:45,280

hey friends so this as i said

1049

00:51:49,589 --> 00:51:47,599

is the good news uh i'm going to be

1050

00:51:50,710 --> 00:51:49,599

sharing a video from my friend david

1051  
00:51:53,430 --> 00:51:50,720  
hales facebook

1052  
00:51:55,829 --> 00:51:53,440  
uh i think i asked him if i could do it

1053  
00:51:57,829 --> 00:51:55,839  
i hope he doesn't mind

1054  
00:51:59,109 --> 00:51:57,839  
uh because i'm certain that he's not

1055  
00:52:01,750 --> 00:51:59,119  
doing what he's doing

1056  
00:52:03,109 --> 00:52:01,760  
to get any credit or anything like that

1057  
00:52:05,349 --> 00:52:03,119  
uh he's just a good guy

1058  
00:52:06,710 --> 00:52:05,359  
and i've always known him to be a person

1059  
00:52:10,230 --> 00:52:06,720  
that was big on helping

1060  
00:52:11,829 --> 00:52:10,240  
people right that's the kind of humans

1061  
00:52:16,549 --> 00:52:11,839  
that you want to be around

1062  
00:52:19,589 --> 00:52:16,559  
right all right so uh

1063  
00:52:20,950 --> 00:52:19,599

i'm gonna share my screen and as i said

1064

00:52:23,750 --> 00:52:20,960

this is my friend

1065

00:52:25,270 --> 00:52:23,760

david hale and he's gonna bring us some

1066

00:52:29,270 --> 00:52:25,280

good news

1067

00:52:30,309 --> 00:52:29,280

like i said the uh the news has not been

1068

00:52:32,470 --> 00:52:30,319

good right

1069

00:52:34,150 --> 00:52:32,480

and every once in a while i really like

1070

00:52:35,990 --> 00:52:34,160

to be reminded that

1071

00:52:39,030 --> 00:52:36,000

there are still some good humans out

1072

00:52:41,750 --> 00:52:39,040

there so here's one of them to tell you

1073

00:52:43,030 --> 00:52:41,760

about a way that maybe you too uh could

1074

00:52:47,430 --> 00:52:43,040

help your fellow man

1075

00:52:49,349 --> 00:52:47,440

in this current health crisis

1076  
00:52:50,630 --> 00:52:49,359  
do you want to help a family but don't

1077  
00:52:52,069 --> 00:52:50,640  
think you're in the position to be able

1078  
00:52:55,270 --> 00:52:52,079  
to do so

1079  
00:52:55,930 --> 00:52:55,280  
can you make a lasagna take a look at

1080  
00:52:57,750 --> 00:52:55,940  
this

1081  
00:53:00,230 --> 00:52:57,760  
[Music]

1082  
00:53:02,910 --> 00:53:00,240  
this is lasagna made for the

1083  
00:53:06,069 --> 00:53:02,920  
organization i work with

1084  
00:53:09,270 --> 00:53:08,390  
you make the lasagna you deliver it to

1085  
00:53:10,950 --> 00:53:09,280  
the family

1086  
00:53:12,630 --> 00:53:10,960  
you don't even have to go in set it

1087  
00:53:15,750 --> 00:53:12,640  
outside text them

1088  
00:53:19,190 --> 00:53:15,760

when it's ready so go ahead

1089

00:53:21,030 --> 00:53:19,200

go to [lasagnalove.org](http://lasagnalove.org) sign up

1090

00:53:22,549 --> 00:53:21,040

you can make a lasagna as often or as

1091

00:53:25,030 --> 00:53:22,559

little time as you want

1092

00:53:25,829 --> 00:53:25,040

maybe once maybe once a week once a

1093

00:53:28,870 --> 00:53:25,839

month

1094

00:53:33,589 --> 00:53:28,880

you choose it's a great thing

1095

00:53:41,990 --> 00:53:37,990

remember [lasagnalove.org](http://lasagnalove.org)

1096

00:53:44,150 --> 00:53:42,000

okay friends so that's the

1097

00:53:45,990 --> 00:53:44,160

that's the good news someone started

1098

00:53:47,190 --> 00:53:46,000

this organization we're gonna share her

1099

00:53:48,790 --> 00:53:47,200

video as well

1100

00:53:50,230 --> 00:53:48,800

and i thought what a great idea because

1101  
00:53:51,910 --> 00:53:50,240  
there's so many people out there that

1102  
00:53:57,190 --> 00:53:51,920  
are really struggling

1103  
00:54:00,870 --> 00:53:57,200  
and so uh

1104  
00:54:01,750 --> 00:54:00,880  
often you know it's difficult to know

1105  
00:54:03,430 --> 00:54:01,760  
like how

1106  
00:54:04,950 --> 00:54:03,440  
can i make a difference can i really

1107  
00:54:06,790 --> 00:54:04,960  
make a difference and i got to tell you

1108  
00:54:10,470 --> 00:54:06,800  
if you've ever been

1109  
00:54:13,670 --> 00:54:10,480  
uh short on food due to finances

1110  
00:54:16,790 --> 00:54:13,680  
and and god knows i have been

1111  
00:54:19,829 --> 00:54:16,800  
somebody delivering a

1112  
00:54:22,870 --> 00:54:19,839  
a big you know tray of lasagna

1113  
00:54:24,230 --> 00:54:22,880

to your home when you need it

1114

00:54:26,870 --> 00:54:24,240

or when you're struggling or food

1115

00:54:27,510 --> 00:54:26,880

deprived there's so many struggling

1116

00:54:30,630 --> 00:54:27,520

families

1117

00:54:31,030 --> 00:54:30,640

that this is i think this is a really

1118

00:54:37,589 --> 00:54:31,040

good

1119

00:54:41,990 --> 00:54:41,430

so um we're going to play a short video

1120

00:54:44,309 --> 00:54:42,000

from that

1121

00:54:45,589 --> 00:54:44,319

organization's founder and they started

1122

00:54:48,789 --> 00:54:45,599

this organization

1123

00:54:51,349 --> 00:54:48,799

and it has grown there are people

1124

00:54:53,910 --> 00:54:51,359

all all over the united states and i

1125

00:54:57,589 --> 00:54:53,920

believe even all over the world

1126

00:54:59,829 --> 00:54:57,599

taking part in this in this program

1127

00:55:01,030 --> 00:54:59,839

helping feed people that are needy right

1128

00:55:03,270 --> 00:55:01,040

now

1129

00:55:06,470 --> 00:55:03,280

and i think what agreed what a great

1130

00:55:11,349 --> 00:55:06,480

thing that this person has done

1131

00:55:15,270 --> 00:55:14,150

okay and this is uh the founder of

1132

00:55:18,069 --> 00:55:15,280

lasagna love

1133

00:55:20,950 --> 00:55:18,079

and i wanted to let her explain to you

1134

00:55:22,630 --> 00:55:20,960

how you could sign up and how this works

1135

00:55:26,630 --> 00:55:22,640

is very quick video

1136

00:55:29,990 --> 00:55:26,640

if you're interested in doing this i

1137

00:55:31,910 --> 00:55:30,000

think it's a good thing to do there's so

1138

00:55:33,510 --> 00:55:31,920

many struggling people right now

1139

00:55:35,430 --> 00:55:33,520

i know so many different people that are

1140

00:55:37,349 --> 00:55:35,440

out of work or

1141

00:55:39,510 --> 00:55:37,359

that aren't working as many hours as

1142

00:55:42,549 --> 00:55:39,520

they used to or

1143

00:55:44,789 --> 00:55:42,559

are just struggling hi there

1144

00:55:46,470 --> 00:55:44,799

i am so excited to have you joining the

1145

00:55:49,030 --> 00:55:46,480

lasagna love movement

1146

00:55:50,710 --> 00:55:49,040

i'm rhiannon and i am the accidental

1147

00:55:52,390 --> 00:55:50,720

founder of lasagna love

1148

00:55:54,150 --> 00:55:52,400

this honestly started at the beginning

1149

00:55:56,870 --> 00:55:54,160

of the pandemic because

1150

00:55:58,549 --> 00:55:56,880

i was feeling helpless and looking for a

1151

00:55:59,349 --> 00:55:58,559

way to support the families in my

1152

00:56:01,910 --> 00:55:59,359

community

1153

00:56:03,670 --> 00:56:01,920

who needed a little extra love i love to

1154

00:56:05,589 --> 00:56:03,680

cook and so does my daughter

1155

00:56:07,349 --> 00:56:05,599

and so one day we just started making

1156

00:56:09,270 --> 00:56:07,359

extra meals and delivering them to

1157

00:56:10,390 --> 00:56:09,280

people who we knew could use an extra

1158

00:56:13,270 --> 00:56:10,400

hand

1159

00:56:14,390 --> 00:56:13,280

i've been so inspired to see people

1160

00:56:15,990 --> 00:56:14,400

across the country

1161

00:56:18,230 --> 00:56:16,000

sign up and want to get involved and

1162

00:56:21,510 --> 00:56:18,240

spread kindness in their communities too

1163

00:56:23,270 --> 00:56:21,520

so a huge thank you i just want to tell

1164

00:56:24,549 --> 00:56:23,280

you a little bit about how it works and

1165

00:56:25,829 --> 00:56:24,559

how to sign up so you know what to

1166

00:56:27,910 --> 00:56:25,839

expect next

1167

00:56:29,109 --> 00:56:27,920

so signing up is super easy once you

1168

00:56:30,789 --> 00:56:29,119

watch this video

1169

00:56:32,789 --> 00:56:30,799

you'll fill out a form that tells us

1170

00:56:34,150 --> 00:56:32,799

everything we need to get you matched

1171

00:56:36,470 --> 00:56:34,160

and we want to make it as simple as

1172

00:56:37,829 --> 00:56:36,480

possible for you so you tell us how

1173

00:56:39,109 --> 00:56:37,839

often you want to get matched

1174

00:56:41,109 --> 00:56:39,119

how many families you want to get

1175

00:56:42,789 --> 00:56:41,119

matched to how far you're willing to

1176

00:56:44,230 --> 00:56:42,799

drive and if you can accommodate

1177

00:56:47,190 --> 00:56:44,240

anything special like

1178

00:56:48,069 --> 00:56:47,200

a vegetarian family or a gluten-free

1179

00:56:49,990 --> 00:56:48,079

family

1180

00:56:51,190 --> 00:56:50,000

some people sign up for once a month and

1181

00:56:53,030 --> 00:56:51,200

that's wonderful

1182

00:56:55,349 --> 00:56:53,040

others sign up for four a week and

1183

00:56:55,750 --> 00:56:55,359

that's great whatever works for your

1184

00:56:59,270 --> 00:56:55,760

time

1185

00:57:01,349 --> 00:56:59,280

and your budget is great on our end

1186

00:57:02,789 --> 00:57:01,359

once you sign up you'll get a

1187

00:57:04,309 --> 00:57:02,799

confirmation email

1188

00:57:06,069 --> 00:57:04,319

when you click on that link you'll have

1189

00:57:08,470 --> 00:57:06,079

access to our lasagna love

1190

00:57:10,549 --> 00:57:08,480

volunteer portal which is where you'll

1191

00:57:12,069 --> 00:57:10,559

see everything you need to going forward

1192

00:57:14,390 --> 00:57:12,079

you'll also get a welcome email that

1193

00:57:15,750 --> 00:57:14,400

connects you with your local leader if

1194

00:57:18,150 --> 00:57:15,760

there's one in your area

1195

00:57:19,030 --> 00:57:18,160

and has some resources about what to

1196

00:57:21,829 --> 00:57:19,040

expect next

1197

00:57:23,510 --> 00:57:21,839

and things like that in terms of how it

1198

00:57:26,390 --> 00:57:23,520

works in general

1199

00:57:28,390 --> 00:57:26,400

so we will try and match you every week

1200

00:57:30,069 --> 00:57:28,400

until you get your very first match

1201  
00:57:32,309 --> 00:57:30,079  
and we do this just because if you're in

1202  
00:57:33,109 --> 00:57:32,319  
a new area where lasagna love has never

1203  
00:57:34,710 --> 00:57:33,119  
been before

1204  
00:57:36,630 --> 00:57:34,720  
it might take us a few weeks to find

1205  
00:57:38,870 --> 00:57:36,640  
families to get started

1206  
00:57:40,069 --> 00:57:38,880  
we typically match once a week around

1207  
00:57:42,470 --> 00:57:40,079  
tuesdays

1208  
00:57:43,750 --> 00:57:42,480  
so once you get your first match you'll

1209  
00:57:45,510 --> 00:57:43,760  
get an email

1210  
00:57:46,950 --> 00:57:45,520  
letting you know that you can log into

1211  
00:57:47,670 --> 00:57:46,960  
the portal and take a look at your

1212  
00:57:50,069 --> 00:57:47,680  
family

1213  
00:57:51,349 --> 00:57:50,079

once you log in you'll be able to text

1214

00:57:53,030 --> 00:57:51,359

them and let them know

1215

00:57:54,470 --> 00:57:53,040

here's about the day and time i can come

1216

00:57:56,789 --> 00:57:54,480

by

1217

00:57:58,069 --> 00:57:56,799

when they confirm you're all set you'll

1218

00:57:59,990 --> 00:57:58,079

stop by their house

1219

00:58:02,789 --> 00:58:00,000

drop the lasagna on their porch or at

1220

00:58:04,230 --> 00:58:02,799

their door and text them once it's there

1221

00:58:06,150 --> 00:58:04,240

and they can come out and get it once

1222

00:58:09,670 --> 00:58:06,160

you've gone that way everything stays

1223

00:58:10,230 --> 00:58:09,680

safe and contactless if you do have

1224

00:58:12,630 --> 00:58:10,240

questions

1225

00:58:13,430 --> 00:58:12,640

we have a number of resources so you'll

1226

00:58:15,190 --> 00:58:13,440

have

1227

00:58:17,270 --> 00:58:15,200

your local leader we will also invite

1228

00:58:19,670 --> 00:58:17,280

you to our national facebook group which

1229

00:58:22,230 --> 00:58:19,680

is a wonderful community of people

1230

00:58:23,990 --> 00:58:22,240

you'll have a ton of resources on faqs

1231

00:58:25,430 --> 00:58:24,000

when you log into the portal site

1232

00:58:27,190 --> 00:58:25,440

and if there's anything you can't get

1233

00:58:30,549 --> 00:58:27,200

answered you can always email us

1234

00:58:32,630 --> 00:58:30,559

at volunteer lasagnalove.org

1235

00:58:34,390 --> 00:58:32,640

i think that's it thank you again so

1236

00:58:36,470 --> 00:58:34,400

much for getting involved

1237

00:58:37,430 --> 00:58:36,480

you're joining a community of pretty

1238

00:58:38,950 --> 00:58:37,440

incredible people

1239

00:58:40,630 --> 00:58:38,960

and i know you're going to love being a

1240

00:58:42,069 --> 00:58:40,640

part of lasagna love

1241

00:58:45,190 --> 00:58:42,079

let me know if you need anything

1242

00:58:47,589 --> 00:58:45,200

otherwise happy cooking

1243

00:58:48,470 --> 00:58:47,599

so there we have it friends you know

1244

00:58:51,430 --> 00:58:48,480

i've been saying

1245

00:58:52,390 --> 00:58:51,440

that the news lately it's a lot of doom

1246

00:58:56,630 --> 00:58:52,400

and gloom

1247

00:58:59,829 --> 00:58:56,640

and uh i've been trying hard to find

1248

00:59:01,030 --> 00:58:59,839

good news but it makes me feel good just

1249

00:59:02,710 --> 00:59:01,040

knowing that

1250

00:59:04,630 --> 00:59:02,720

there are some people out there who are

1251  
00:59:07,030 --> 00:59:04,640  
trying to help

1252  
00:59:07,750 --> 00:59:07,040  
those people that are struggling during

1253  
00:59:12,950 --> 00:59:07,760  
this

1254  
00:59:14,230 --> 00:59:12,960  
financially devastating for many people

1255  
00:59:17,270 --> 00:59:14,240  
there's

1256  
00:59:17,750 --> 00:59:17,280  
i i've been really worried about the

1257  
00:59:21,190 --> 00:59:17,760  
people

1258  
00:59:25,190 --> 00:59:21,200  
you know when these um eviction

1259  
00:59:32,549 --> 00:59:29,030  
when those safeguards

1260  
00:59:33,430 --> 00:59:32,559  
uh that were put in place end and people

1261  
00:59:36,789 --> 00:59:33,440  
are going to be

1262  
00:59:39,990 --> 00:59:36,799  
left on their own you pay your rent or

1263  
00:59:41,430 --> 00:59:40,000

you're evicted right you get a little

1264

00:59:44,870 --> 00:59:41,440

too behind in your mortgage

1265

00:59:46,630 --> 00:59:44,880

and your house is foreclosed on

1266

00:59:48,390 --> 00:59:46,640

those are common those are coming any

1267

00:59:49,750 --> 00:59:48,400

day and things are bound to get worse

1268

00:59:51,910 --> 00:59:49,760

before they get better

1269

00:59:53,589 --> 00:59:51,920

uh especially for many people who are

1270

00:59:56,789 --> 00:59:53,599

just not working

1271

00:59:58,150 --> 00:59:56,799

due to this health crisis i'm hopeful

1272

00:59:59,349 --> 00:59:58,160

that things are going to continue to

1273

01:00:01,510 --> 00:59:59,359

improve

1274

01:00:03,589 --> 01:00:01,520

and it makes me feel a little better

1275

01:00:04,470 --> 01:00:03,599

knowing that there are some good people

1276

01:00:07,430 --> 01:00:04,480

out there

1277

01:00:08,710 --> 01:00:07,440

who are trying to help those of us that

1278

01:00:11,990 --> 01:00:08,720

are struggling

1279

01:00:15,190 --> 01:00:12,000

so friends that is good news and

1280

01:00:18,150 --> 01:00:15,200

uh i suppose the other good news is that

1281

01:00:19,430 --> 01:00:18,160

most everything worked today uh doing

1282

01:00:22,710 --> 01:00:19,440

some

1283

01:00:27,030 --> 01:00:22,720

here

1284

01:00:29,829 --> 01:00:27,040

uh with the new show format and you know

1285

01:00:31,270 --> 01:00:29,839

trying to get some more production into

1286

01:00:35,109 --> 01:00:31,280

the show

1287

01:00:35,910 --> 01:00:35,119

looks like uh more or less worked which

1288

01:00:37,190 --> 01:00:35,920

is great

1289

01:00:39,270 --> 01:00:37,200

and again like i said at the beginning

1290

01:00:40,829 --> 01:00:39,280

of the broadcast a lot of these things

1291

01:00:44,230 --> 01:00:40,839

that you're seeing tonight

1292

01:00:46,549 --> 01:00:44,240

uh or hearing too

1293

01:00:48,150 --> 01:00:46,559

tonight is supposed to be part of the

1294

01:00:49,910 --> 01:00:48,160

game but it's easy

1295

01:00:51,829 --> 01:00:49,920

i don't want to say i got lazy but i got

1296

01:00:54,549 --> 01:00:51,839

complacent i went

1297

01:00:56,230 --> 01:00:54,559

um i don't need to get i got this green

1298

01:00:56,950 --> 01:00:56,240

screen at the beginning before we did

1299

01:00:58,549 --> 01:00:56,960

the first show

1300

01:01:00,390 --> 01:00:58,559

and i tried to get it working had a lot

1301

01:01:02,069 --> 01:01:00,400

of problems and just said

1302

01:01:03,510 --> 01:01:02,079

you know i'm gonna go with just a

1303

01:01:05,589 --> 01:01:03,520

regular backdrop

1304

01:01:06,630 --> 01:01:05,599

and some lights uh i suppose the only

1305

01:01:10,549 --> 01:01:06,640

downside to this

1306

01:01:13,589 --> 01:01:10,559

setup is that the those uh creepy lights

1307

01:01:16,470 --> 01:01:13,599

no longer work uh or at least

1308

01:01:17,670 --> 01:01:16,480

don't look right uh so i i suppose i

1309

01:01:19,990 --> 01:01:17,680

can't use the green screen

1310

01:01:20,789 --> 01:01:20,000

and the crazy lights at the same time

1311

01:01:24,309 --> 01:01:20,799

but

1312

01:01:25,270 --> 01:01:24,319

it is what it is um and i'm also i guess

1313

01:01:27,990 --> 01:01:25,280

i gotta adjust

1314

01:01:28,470 --> 01:01:28,000

because this feels way way too bright to

1315

01:01:30,950 --> 01:01:28,480

me

1316

01:01:33,030 --> 01:01:30,960

um but you know if you know anything

1317

01:01:36,230 --> 01:01:33,040

about green screens this is the way

1318

01:01:41,670 --> 01:01:36,240

it has to be lit for it to actually work

1319

01:01:47,910 --> 01:01:44,950

it is what it is you know uh brighter

1320

01:01:49,670 --> 01:01:47,920

i always joke my wife says the darker it

1321

01:01:53,190 --> 01:01:49,680

gets the more handsome i get

1322

01:01:56,549 --> 01:01:53,200

so uh i i tried to keep the show

1323

01:01:59,029 --> 01:01:56,559

in the other set pretty dark right

1324

01:01:59,829 --> 01:01:59,039

um should be able to see me but and also

1325

01:02:02,789 --> 01:01:59,839

we talked about

1326

01:02:03,910 --> 01:02:02,799

a lot of strange and mysterious topics

1327

01:02:04,870 --> 01:02:03,920

and i thought it was just more

1328

01:02:07,589 --> 01:02:04,880

appropriate

1329

01:02:09,990 --> 01:02:07,599

if it was sort of dark and spooky and

1330

01:02:13,109 --> 01:02:10,000

creepy

1331

01:02:14,870 --> 01:02:13,119

this is kind of different aesthetic but

1332

01:02:16,470 --> 01:02:14,880

i think i like it and we'll get used to

1333

01:02:18,470 --> 01:02:16,480

it

1334

01:02:19,670 --> 01:02:18,480

one of the other things that i figured

1335

01:02:22,710 --> 01:02:19,680

out

1336

01:02:26,230 --> 01:02:22,720

is that i can share the

1337

01:02:28,390 --> 01:02:26,240

live chat and

1338

01:02:29,510 --> 01:02:28,400

there we go so i'm going to devote my

1339

01:02:32,549 --> 01:02:29,520

full attention now

1340

01:02:36,549 --> 01:02:32,559

to the live chat if anybody has any

1341

01:02:38,630 --> 01:02:36,559

questions comments uh there we go

1342

01:02:39,910 --> 01:02:38,640

yeah this looks good so we have our

1343

01:02:41,910 --> 01:02:39,920

actual live chat

1344

01:02:44,470 --> 01:02:41,920

and i'll give some shout outs welcome to

1345

01:02:46,829 --> 01:02:44,480

everyone in the live chat let me go

1346

01:02:48,710 --> 01:02:46,839

all the way back and make sure i get

1347

01:02:51,270 --> 01:02:48,720

everybody

1348

01:02:52,230 --> 01:02:51,280

okay shout out to spooky shout out to

1349

01:02:55,990 --> 01:02:52,240

jedi

1350

01:02:59,349 --> 01:02:56,000

genocide mario heat

1351  
01:03:01,029 --> 01:02:59,359  
evanoma is here charles unleashed is

1352  
01:03:06,630 --> 01:03:01,039  
here

1353  
01:03:06,640 --> 01:03:11,270  
uh how do i say this

1354  
01:03:18,390 --> 01:03:14,789  
f graph f72

1355  
01:03:22,630 --> 01:03:20,309  
all around arbiter is here shout out to

1356  
01:03:25,750 --> 01:03:22,640  
all around arbiter

1357  
01:03:29,109 --> 01:03:25,760  
let me see ian medham

1358  
01:03:32,710 --> 01:03:29,119  
is here shout out to ian

1359  
01:03:37,990 --> 01:03:36,230  
see chris spaghetti is here shout out to

1360  
01:03:42,549 --> 01:03:38,000  
chris spaghetti

1361  
01:03:44,309 --> 01:03:42,559  
and bee geez is here shout out to bgs

1362  
01:03:46,630 --> 01:03:44,319  
let's see who else do we have here the

1363  
01:03:49,589 --> 01:03:46,640

context daniel is here

1364

01:03:50,870 --> 01:03:49,599

shout out to daniel daniel's working on

1365

01:03:54,390 --> 01:03:50,880

a new forum that looks pretty

1366

01:03:58,789 --> 01:03:54,400

interesting alien scientist is here

1367

01:04:01,750 --> 01:03:58,799

uh shout out to alien scientist

1368

01:04:02,630 --> 01:04:01,760

okay let me see dude i get everybody

1369

01:04:05,910 --> 01:04:02,640

looks like i

1370

01:04:07,829 --> 01:04:05,920

may have if i missed you melissa is here

1371

01:04:11,430 --> 01:04:07,839

sorry i missed you earlier

1372

01:04:11,440 --> 01:04:15,190

rogue status uh

1373

01:04:15,200 --> 01:04:21,990

rogue status is here

1374

01:04:26,710 --> 01:04:24,789

antifa letter of the alphabet supporter

1375

01:04:28,710 --> 01:04:26,720

we don't say that letter in the alphabet

1376

01:04:31,670 --> 01:04:28,720

uh antifa letter of the alphabet

1377

01:04:41,270 --> 01:04:36,549

okay lee b veltman is here

1378

01:04:44,789 --> 01:04:41,280

ragnar the destroyer is here

1379

01:04:45,670 --> 01:04:44,799

and uh let me see yeah i think i shouted

1380

01:04:48,069 --> 01:04:45,680

everybody out

1381

01:04:48,710 --> 01:04:48,079

so uh questions comments for me in the

1382

01:04:51,829 --> 01:04:48,720

live chat

1383

01:04:52,470 --> 01:04:51,839

please put them in all caps that would

1384

01:04:54,549 --> 01:04:52,480

help

1385

01:04:56,549 --> 01:04:54,559

ragnar the destroyer asks do you think

1386

01:04:58,309 --> 01:04:56,559

that the tic tac ufo is something the us

1387

01:04:59,270 --> 01:04:58,319

government has and built rather than

1388

01:05:01,990 --> 01:04:59,280

aliens

1389

01:05:03,990 --> 01:05:02,000

yes i have something called the dark

1390

01:05:05,829 --> 01:05:04,000

playground hypothesis

1391

01:05:07,910 --> 01:05:05,839

and the quick version it goes something

1392

01:05:09,589 --> 01:05:07,920

like this

1393

01:05:11,349 --> 01:05:09,599

there's a dark playground and it's

1394

01:05:15,510 --> 01:05:11,359

called the black world

1395

01:05:18,789 --> 01:05:15,520

and only the richest

1396

01:05:21,990 --> 01:05:18,799

the most powerful and the most elite

1397

01:05:25,430 --> 01:05:22,000

can play in that dark playground

1398

01:05:27,510 --> 01:05:25,440

or can even see the games

1399

01:05:30,630 --> 01:05:27,520

that are going on inside that dark

1400

01:05:34,630 --> 01:05:33,109

it has been stated by people in the know

1401

01:05:37,430 --> 01:05:34,640

including former ceo

1402

01:05:39,750 --> 01:05:37,440

of uh lockheed skunk works that there

1403

01:05:42,470 --> 01:05:39,760

are things flying out in the desert

1404

01:05:43,029 --> 01:05:42,480

that would make george lucas drool or

1405

01:05:47,029 --> 01:05:43,039

jealous

1406

01:05:50,309 --> 01:05:49,750

and also we have the technology to take

1407

01:05:53,670 --> 01:05:50,319

e.t

1408

01:05:56,870 --> 01:05:53,680

home i believe that black projects are

1409

01:06:00,309 --> 01:05:56,880

50 or more years ahead of what we

1410

01:06:02,150 --> 01:06:00,319

see as available aviation technology

1411

01:06:04,069 --> 01:06:02,160

and i believe that the government has

1412

01:06:06,710 --> 01:06:04,079

drones uavs

1413

01:06:07,349 --> 01:06:06,720

stealth drones stealth uavs and all

1414

01:06:11,029 --> 01:06:07,359

manner

1415

01:06:13,349 --> 01:06:11,039

systems remember

1416

01:06:14,309 --> 01:06:13,359

if you could take a human pilot out of

1417

01:06:15,589 --> 01:06:14,319

the aircraft

1418

01:06:18,710 --> 01:06:15,599

you no longer have to worry about

1419

01:06:20,630 --> 01:06:18,720

g-forces at all

1420

01:06:22,710 --> 01:06:20,640

that means that that aircraft can

1421

01:06:25,029 --> 01:06:22,720

perform maneuvers that a piloted

1422

01:06:26,789 --> 01:06:25,039

aircraft could never perform

1423

01:06:28,549 --> 01:06:26,799

right because of g forces and other

1424

01:06:30,470 --> 01:06:28,559

physics concerns

1425

01:06:32,470 --> 01:06:30,480

i believe that the government has top

1426

01:06:35,829 --> 01:06:32,480

secret drones

1427

01:06:37,670 --> 01:06:35,839

stealth drones stealth uavs using exotic

1428

01:06:38,309 --> 01:06:37,680

propulsion system and we can see some

1429

01:06:41,270 --> 01:06:38,319

clues

1430

01:06:43,430 --> 01:06:41,280

to that out there in the general public

1431

01:06:45,990 --> 01:06:43,440

if you research

1432

01:06:47,430 --> 01:06:46,000

there's all kinds of crazy propulsion

1433

01:06:50,870 --> 01:06:47,440

systems

1434

01:06:54,470 --> 01:06:50,880

some of which reported the aurora

1435

01:06:56,710 --> 01:06:54,480

using with unique contrail pulsed

1436

01:06:58,870 --> 01:06:56,720

methane and all kinds of different

1437

01:07:01,990 --> 01:06:58,880

strange and exotic technologies

1438

01:07:07,589 --> 01:07:02,000

at play being tested

1439

01:07:12,230 --> 01:07:10,309

okay alien scientists asked what did you

1440

01:07:14,069 --> 01:07:12,240

think of bob biglow on joe rogan you

1441

01:07:15,990 --> 01:07:14,079

know i only saw the clip where he was

1442

01:07:19,190 --> 01:07:16,000

talking about bob lazar and i was

1443

01:07:20,789 --> 01:07:19,200

pretty unimpressed um

1444

01:07:22,470 --> 01:07:20,799

seems to me that bigelow's just a guy

1445

01:07:25,670 --> 01:07:22,480

with a [h\_\_h] ton of money that really

1446

01:07:29,670 --> 01:07:25,680

likes ufos and he buys his way into

1447

01:07:32,710 --> 01:07:29,680

everything one way or the other

1448

01:07:36,870 --> 01:07:32,720

and in his exchange with rogan

1449

01:07:39,670 --> 01:07:36,880

i found really first of all he mentioned

1450

01:07:40,710 --> 01:07:39,680

uh bob lazar talking about a holographic

1451

01:07:42,549 --> 01:07:40,720

book

1452

01:07:44,390 --> 01:07:42,559

uh i don't believe bob lazar ever talked

1453

01:07:46,549 --> 01:07:44,400

about a holographic book that was tacked

1454

01:07:48,390 --> 01:07:46,559

on to bob lazar and s4 later

1455

01:07:49,829 --> 01:07:48,400

in the form of dan burrish so there's a

1456

01:07:51,589 --> 01:07:49,839

completely and totally factually

1457

01:07:53,109 --> 01:07:51,599

inaccurate statement he made biblezar

1458

01:07:55,510 --> 01:07:53,119

never said anything

1459

01:07:57,990 --> 01:07:55,520

about to the best of my recollection bob

1460

01:08:00,549 --> 01:07:58,000

lazar never talked about that that

1461

01:08:02,549 --> 01:08:00,559

story came from dan burrish who took

1462

01:08:04,710 --> 01:08:02,559

bibles our story and tacked on to it you

1463

01:08:05,670 --> 01:08:04,720

know he too worked at that secret s4

1464

01:08:07,349 --> 01:08:05,680

base

1465

01:08:09,270 --> 01:08:07,359

um and there were some other statements

1466

01:08:12,630 --> 01:08:09,280

that i found extremely problematic

1467

01:08:15,750 --> 01:08:12,640

like joe rogan he

1468

01:08:17,669 --> 01:08:15,760

says this all the time he says yeah

1469

01:08:19,430 --> 01:08:17,679

butler's our story hasn't changed in 30

1470

01:08:22,550 --> 01:08:19,440

years yes it has

1471

01:08:25,430 --> 01:08:22,560

it has changed they have bobbed and

1472

01:08:28,149 --> 01:08:25,440

weaved when people caught them lying

1473

01:08:30,309 --> 01:08:28,159

the story has changed sometimes subtly

1474

01:08:31,269 --> 01:08:30,319

sometimes not so subtly but the story

1475

01:08:35,110 --> 01:08:31,279

has changed

1476

01:08:38,870 --> 01:08:35,120

over 30 years things got tacked on

1477

01:08:41,030 --> 01:08:38,880

why did he never say 30 years ago

1478

01:08:42,149 --> 01:08:41,040

that the government believed that he

1479

01:08:43,510 --> 01:08:42,159

believed

1480

01:08:45,269 --> 01:08:43,520

through the briefings that the

1481

01:08:47,110 --> 01:08:45,279

government may have gotten those flying

1482

01:08:49,669 --> 01:08:47,120

saucers from an archaeological dig he

1483

01:08:51,910 --> 01:08:49,679

never said that until very recently

1484

01:08:54,550 --> 01:08:51,920

30 years he kept that little tidbit to

1485

01:08:56,550 --> 01:08:54,560

himself of course the story has changed

1486

01:08:57,669 --> 01:08:56,560

things have been tacked on they've

1487

01:08:59,829 --> 01:08:57,679

changed uh

1488

01:09:01,510 --> 01:08:59,839

you know when the photos of nothing at

1489

01:09:04,630 --> 01:09:01,520

s4

1490

01:09:06,309 --> 01:09:04,640

nothing at papoose lake got revealed

1491

01:09:07,510 --> 01:09:06,319

they suddenly changed the original

1492

01:09:10,470 --> 01:09:07,520

drawings that he made

1493

01:09:11,110 --> 01:09:10,480

of course his story they got to cover up

1494

01:09:15,269 --> 01:09:11,120

when they

1495

01:09:16,950 --> 01:09:15,279

it up they've got to explain it away

1496

01:09:18,550 --> 01:09:16,960

of course the story has changed i

1497

01:09:21,430 --> 01:09:18,560

haven't watched the entire interview yet

1498

01:09:24,950 --> 01:09:21,440

but i plan to

1499

01:09:26,390 --> 01:09:24,960

context it was a glass pad uh yeah but i

1500

01:09:28,630 --> 01:09:26,400

believe that that

1501

01:09:30,390 --> 01:09:28,640

glass pad wasn't talked about by bob

1502

01:09:32,390 --> 01:09:30,400

lazar it was talked about by later

1503

01:09:33,990 --> 01:09:32,400

people who tacked on to bob lazar's

1504

01:09:35,829 --> 01:09:34,000

original story

1505

01:09:37,110 --> 01:09:35,839

charles unleashed says rogan wants to

1506

01:09:40,229 --> 01:09:37,120

believe too much

1507

01:09:41,430 --> 01:09:40,239

yeah i agree with you i absolutely agree

1508

01:09:44,870 --> 01:09:41,440

with you

1509

01:09:46,390 --> 01:09:44,880

um definitely definitely wants to

1510

01:09:48,070 --> 01:09:46,400

believe too much and and

1511

01:09:49,749 --> 01:09:48,080

you know what it is it's like i think

1512

01:09:51,510 --> 01:09:49,759

what happens and it may have happened to

1513

01:09:54,470 --> 01:09:51,520

other people you meet

1514

01:09:55,430 --> 01:09:54,480

um you meet bob lazar he's a likable guy

1515

01:09:58,470 --> 01:09:55,440

right

1516

01:10:00,470 --> 01:09:58,480

and if uh you know if i were to meet bob

1517

01:10:02,310 --> 01:10:00,480

lazar he's a likable guy

1518

01:10:04,149 --> 01:10:02,320

and he's into science and a lot of stuff

1519

01:10:06,790 --> 01:10:04,159

that i'm also into

1520

01:10:07,430 --> 01:10:06,800

so i would think that we we would be

1521

01:10:12,390 --> 01:10:07,440

friendly

1522

01:10:16,229 --> 01:10:15,030

i think that people meet bob lazar and

1523

01:10:19,430 --> 01:10:16,239

instantly lose their

1524

01:10:21,830 --> 01:10:19,440

objectivity i think he disarms people

1525

01:10:24,070 --> 01:10:21,840

and manipulates them into believing that

1526

01:10:25,830 --> 01:10:24,080

he's a believable person

1527

01:10:28,070 --> 01:10:25,840

uh you know and i've heard this joe

1528

01:10:28,870 --> 01:10:28,080

rogan calling babazor a genius so many

1529

01:10:30,790 --> 01:10:28,880

different times

1530

01:10:32,709 --> 01:10:30,800

hey i'll give you he's a science nerd

1531

01:10:35,270 --> 01:10:32,719

genius i don't think i think that's a

1532

01:10:37,430 --> 01:10:35,280

little bit of a strong word

1533

01:10:39,030 --> 01:10:37,440

after all if he was a genius he might

1534

01:10:41,189 --> 01:10:39,040

have actually gotten degrees

1535

01:10:42,630 --> 01:10:41,199

and not just lied about getting fake

1536

01:10:44,149 --> 01:10:42,640

science degrees right

1537

01:10:45,910 --> 01:10:44,159

a genius would be able to sit through

1538

01:10:47,510 --> 01:10:45,920

college and get those and get those

1539

01:10:50,310 --> 01:10:47,520

degrees

1540

01:11:01,430 --> 01:10:50,320

i don't believe bob lazar ever went to

1541

01:11:04,950 --> 01:11:03,750

subtle changes sports model had sirius

1542

01:11:14,950 --> 01:11:04,960

xm radio

1543

01:11:18,310 --> 01:11:17,750

yeah he should be able to do math yeah

1544

01:11:19,990 --> 01:11:18,320

and

1545

01:11:22,310 --> 01:11:20,000

like alien scientists one of the parts

1546

01:11:25,750 --> 01:11:22,320

of the story that always got me is that

1547

01:11:27,910 --> 01:11:25,760

this idea that they could generate

1548

01:11:31,350 --> 01:11:27,920

enough power to bend and warp

1549

01:11:33,430 --> 01:11:31,360

space-time i i think

1550

01:11:35,350 --> 01:11:33,440

uh you know you're the physicist not me

1551

01:11:37,030 --> 01:11:35,360

but i think that in order to do that you

1552

01:11:40,790 --> 01:11:37,040

would need the energy of like

1553

01:11:42,950 --> 01:11:40,800

an entire sun or maybe two entire suns

1554

01:11:44,470 --> 01:11:42,960

to bend space-time

1555

01:11:46,070 --> 01:11:44,480

i mean i guess it depends on how much

1556

01:11:49,030 --> 01:11:46,080

you're gonna bend space-time

1557

01:11:50,709 --> 01:11:49,040

right or manipulate space-time but i'm

1558

01:11:54,229 --> 01:11:50,719

sure that i've read that there's just

1559

01:11:55,910 --> 01:11:54,239

the amount of energy required to do that

1560

01:11:57,350 --> 01:11:55,920

you know it would be like a galaxy's

1561

01:11:59,750 --> 01:11:57,360

worth of energy

1562

01:12:01,270 --> 01:11:59,760

required to to do that the same for

1563

01:12:04,229 --> 01:12:01,280

opening wormholes because that's

1564

01:12:06,310 --> 01:12:04,239

manipulating space time right

1565

01:12:07,830 --> 01:12:06,320

mario heath says he has migraines yes at

1566

01:12:09,510 --> 01:12:07,840

the most convenient time right in the

1567

01:12:10,709 --> 01:12:09,520

middle of an interview he had a migraine

1568

01:12:12,950 --> 01:12:10,719

and couldn't remember [h\_\_h]

1569

01:12:14,390 --> 01:12:12,960

and jeremy corbell his handler had to

1570

01:12:21,430 --> 01:12:14,400

jump in and help him

1571

01:12:24,709 --> 01:12:23,350

yes i agree with alien scientists

1572

01:12:26,149 --> 01:12:24,719

there's a difference between chemistry

1573

01:12:29,270 --> 01:12:26,159

and science knowledge and being

1574

01:12:30,470 --> 01:12:29,280

a senior staff physicist i i absolutely

1575

01:12:34,149 --> 01:12:30,480

agree with you

1576

01:12:39,030 --> 01:12:37,189

you know you know like alien scientists

1577

01:12:40,630 --> 01:12:39,040

like me like i'm a kind of a sciencey

1578

01:12:41,430 --> 01:12:40,640

nerd and i know an awful lot about

1579

01:12:44,550 --> 01:12:41,440

robots

1580

01:12:49,270 --> 01:12:44,560

right but doesn't make me

1581

01:12:51,030 --> 01:12:49,280

uh it doesn't make me a like a

1582

01:12:52,390 --> 01:12:51,040

computer science a doctor of computer

1583

01:12:53,510 --> 01:12:52,400

science because i know a lot about

1584

01:12:55,350 --> 01:12:53,520

building robots

1585

01:12:57,430 --> 01:12:55,360

it's very specialized skill it's pretty

1586

01:13:00,950 --> 01:12:57,440

cool people are like wow look a robot

1587

01:13:03,830 --> 01:13:00,960

right but it doesn't make me

1588

01:13:05,990 --> 01:13:03,840

anything other than a really geeky

1589

01:13:06,709 --> 01:13:06,000

interested science nerd who figured some

1590

01:13:08,870 --> 01:13:06,719

things out

1591

01:13:11,030 --> 01:13:08,880

right i don't know i've always been a

1592

01:13:14,550 --> 01:13:11,040

big fan of do-it-yourself guys

1593

01:13:16,310 --> 01:13:14,560

right like i don't know maybe i think

1594

01:13:19,750 --> 01:13:16,320

alien scientist maybe you can confirm

1595

01:13:21,830 --> 01:13:19,760

this for me but uh

1596

01:13:23,590 --> 01:13:21,840

i don't know most college professors

1597

01:13:25,430 --> 01:13:23,600

that i've known are pretty boring

1598

01:13:26,790 --> 01:13:25,440

right like they just read books and

1599

01:13:28,950 --> 01:13:26,800

stuff they don't do

1600

01:13:30,310 --> 01:13:28,960

things right at least that was my

1601  
01:13:33,110 --> 01:13:30,320  
experience

1602  
01:13:34,229 --> 01:13:33,120  
like i'd have a computer science uh

1603  
01:13:36,310 --> 01:13:34,239  
professor

1604  
01:13:38,149 --> 01:13:36,320  
with a doctorate in computer science but

1605  
01:13:40,070 --> 01:13:38,159  
he hadn't written any programs since

1606  
01:13:42,790 --> 01:13:40,080  
like 1971

1607  
01:13:43,270 --> 01:13:42,800  
you know it's like wait you're teaching

1608  
01:13:45,430 --> 01:13:43,280  
people

1609  
01:13:47,270 --> 01:13:45,440  
to write software but you haven't

1610  
01:13:50,070 --> 01:13:47,280  
written any software on your own

1611  
01:13:52,950 --> 01:13:50,080  
since 1970 and he didn't even know

1612  
01:13:56,229 --> 01:13:52,960  
modern languages he was like a cobol

1613  
01:13:58,870 --> 01:13:56,239

guy you know like the first lisp in

1614

01:14:01,350 --> 01:13:58,880

cobol like early computer languages

1615

01:14:02,229 --> 01:14:01,360

so i think i i'll take do-it-yourself

1616

01:14:05,510 --> 01:14:02,239

guys right

1617

01:14:05,830 --> 01:14:05,520

that are just not degreed people they're

1618

01:14:07,669 --> 01:14:05,840

just

1619

01:14:13,189 --> 01:14:07,679

intensely interested in the subject and

1620

01:14:18,070 --> 01:14:15,430

okay so checking back in with the live

1621

01:14:20,149 --> 01:14:18,080

chat i kind of like this like uh

1622

01:14:21,430 --> 01:14:20,159

it looks it looks oh wait a minute this

1623

01:14:23,430 --> 01:14:21,440

is why i changed the background because

1624

01:14:25,830 --> 01:14:23,440

i could do this and it doesn't

1625

01:14:26,830 --> 01:14:25,840

the tv gets blocked out if i use that

1626

01:14:29,910 --> 01:14:26,840

here

1627

01:14:31,750 --> 01:14:29,920

so i know one second two friends i want

1628

01:14:33,510 --> 01:14:31,760

to be sure that i remember always gotta

1629

01:14:36,870 --> 01:14:33,520

do the right thing as a youtube

1630

01:14:39,750 --> 01:14:36,880

guy and say please do like comment

1631

01:14:40,550 --> 01:14:39,760

and share this video smash that like

1632

01:14:43,189 --> 01:14:40,560

button

1633

01:14:45,270 --> 01:14:43,199

i'm a little bit disappointed because um

1634

01:14:47,669 --> 01:14:45,280

we've only gotten one thumbs down

1635

01:14:49,110 --> 01:14:47,679

so come on smash the like button or

1636

01:14:52,070 --> 01:14:49,120

smash the hate button

1637

01:14:53,590 --> 01:14:52,080

it's your choice either way it's helpful

1638

01:15:00,070 --> 01:14:53,600

to the algorithm

1639

01:15:00,080 --> 01:15:04,310

and also i guess we'll put them

1640

01:15:08,390 --> 01:15:06,870

let me put this banner here tell you

1641

01:15:11,510 --> 01:15:08,400

about how you could support

1642

01:15:11,990 --> 01:15:11,520

uh how you could support the show uh if

1643

01:15:14,149 --> 01:15:12,000

you are

1644

01:15:15,750 --> 01:15:14,159

feeling like helping the show there's a

1645

01:15:18,229 --> 01:15:15,760

few ways that you could do that the

1646

01:15:20,550 --> 01:15:18,239

first is to like comment and share

1647

01:15:22,550 --> 01:15:20,560

these videos on your social media or

1648

01:15:25,110 --> 01:15:22,560

send our channel address to some friends

1649

01:15:28,390 --> 01:15:25,120

who you think may enjoy the show and

1650

01:15:31,590 --> 01:15:28,400

tell them to subscribe

1651

01:15:33,350 --> 01:15:31,600

but if you're feeling generous we do

1652

01:15:34,870 --> 01:15:33,360

have a few ways that you can support us

1653

01:15:37,830 --> 01:15:34,880

with a couple of bucks the first

1654

01:15:38,390 --> 01:15:37,840

is our patreon for as little as a dollar

1655

01:15:41,750 --> 01:15:38,400

a month

1656

01:15:42,630 --> 01:15:41,760

you support the show um parts of

1657

01:15:44,709 --> 01:15:42,640

tonight's show

1658

01:15:45,750 --> 01:15:44,719

were uploaded to the patreon people

1659

01:15:47,590 --> 01:15:45,760

early

1660

01:15:49,510 --> 01:15:47,600

they got to see the bumpers and things

1661

01:15:50,790 --> 01:15:49,520

for this production that i'm trying to

1662

01:15:52,870 --> 01:15:50,800

accomplish here

1663

01:15:55,669 --> 01:15:52,880

if you're a member of our patreon you

1664

01:15:57,510 --> 01:15:55,679

get a backstage pass and get everything

1665

01:15:59,189 --> 01:15:57,520

before it's made public that would

1666

01:16:01,510 --> 01:15:59,199

include stories videos

1667

01:16:03,110 --> 01:16:01,520

i do an audio journal every month

1668

01:16:03,590 --> 01:16:03,120

talking about what's going on behind the

1669

01:16:05,430 --> 01:16:03,600

scenes

1670

01:16:07,270 --> 01:16:05,440

actually it's going to be an audio video

1671

01:16:10,390 --> 01:16:07,280

stream from now on so there's a

1672

01:16:13,350 --> 01:16:10,400

patreon only stream that i do every

1673

01:16:14,630 --> 01:16:13,360

month for the patreon supporters

1674

01:16:16,390 --> 01:16:14,640

and the other way that you can support

1675

01:16:18,709 --> 01:16:16,400

us is

1676

01:16:20,390 --> 01:16:18,719

there is a paypal donate button still

1677

01:16:21,350 --> 01:16:20,400

don't have super chats up we've been

1678

01:16:23,430 --> 01:16:21,360

waiting i believe

1679

01:16:25,430 --> 01:16:23,440

five weeks now for youtube to turn those

1680

01:16:27,669 --> 01:16:25,440

on we hit the metrics the

1681

01:16:29,189 --> 01:16:27,679

you know the numbers that they require

1682

01:16:31,350 --> 01:16:29,199

you to hit before they will turn on

1683

01:16:34,070 --> 01:16:31,360

those super chat donations

1684

01:16:36,229 --> 01:16:34,080

we hit that six or seven weeks ago i

1685

01:16:39,750 --> 01:16:36,239

waited till we had a decent buffer

1686

01:16:41,270 --> 01:16:39,760

of over what they require um but we've

1687

01:16:44,310 --> 01:16:41,280

been waiting for five weeks

1688

01:16:46,630 --> 01:16:44,320

for youtube to turn those on

1689

01:16:48,229 --> 01:16:46,640

so until we have super chat donations we

1690

01:16:51,430 --> 01:16:48,239

have something called

1691

01:16:54,310 --> 01:16:51,440

the not so super chat donation

1692

01:16:56,310 --> 01:16:54,320

uh you send a paypal donation just

1693

01:16:58,390 --> 01:16:56,320

through your paypal to truthseekershow

1694

01:17:00,390 --> 01:16:58,400

gmail.com make sure you include your

1695

01:17:01,990 --> 01:17:00,400

chat room user id in the note line and

1696

01:17:03,270 --> 01:17:02,000

any message that you would like me to

1697

01:17:05,030 --> 01:17:03,280

shout out please do

1698

01:17:06,630 --> 01:17:05,040

add a note because a lot of people don't

1699

01:17:09,030 --> 01:17:06,640

and then i get their real name

1700

01:17:11,030 --> 01:17:09,040

and i have trouble thanking them it's

1701

01:17:13,350 --> 01:17:11,040

very simple when you send the

1702

01:17:14,550 --> 01:17:13,360

a paypal donation just click add a note

1703

01:17:17,750 --> 01:17:14,560

and then write

1704

01:17:20,630 --> 01:17:17,760

me a note like for example you know

1705

01:17:22,630 --> 01:17:20,640

genocide would write from jonah side and

1706

01:17:24,310 --> 01:17:22,640

then what he wants me to shout out

1707

01:17:26,470 --> 01:17:24,320

genocide always wants me to shout out

1708

01:17:28,709 --> 01:17:26,480

that a certain cosmic con artist would

1709

01:17:30,310 --> 01:17:28,719

look so much better with a mustache

1710

01:17:31,750 --> 01:17:30,320

there you go there's a free one for you

1711

01:17:39,750 --> 01:17:31,760

genocide

1712

01:17:43,990 --> 01:17:42,310

yeah and uh spooky says it took a while

1713

01:17:47,350 --> 01:17:44,000

for steenas to go through there's a big

1714

01:17:49,350 --> 01:17:47,360

lag yeah um

1715

01:17:51,430 --> 01:17:49,360

but it really it's really driving me not

1716

01:17:54,870 --> 01:17:51,440

spooky because every day

1717

01:17:57,669 --> 01:17:54,880

you know it like let's say that i just

1718

01:17:58,870 --> 01:17:57,679

on a light night right what if i just

1719

01:18:01,270 --> 01:17:58,880

got

1720

01:18:02,550 --> 01:18:01,280

twenty dollars in super chat donations

1721

01:18:04,470 --> 01:18:02,560

per show

1722

01:18:05,990 --> 01:18:04,480

in a week that's a hundred dollars and

1723

01:18:07,590 --> 01:18:06,000

honestly i could use that hundred

1724

01:18:09,430 --> 01:18:07,600

dollars right now so kind of

1725

01:18:12,229 --> 01:18:09,440

i'm trying to not focus on the negative

1726

01:18:13,990 --> 01:18:12,239

or focus on the financial end of things

1727

01:18:15,590 --> 01:18:14,000

but it's it's bothering me that they

1728

01:18:17,189 --> 01:18:15,600

won't turn that on it really is

1729

01:18:19,590 --> 01:18:17,199

bothering me

1730

01:18:20,310 --> 01:18:19,600

it feels like i've lost five weeks right

1731

01:18:21,990 --> 01:18:20,320

like

1732

01:18:24,229 --> 01:18:22,000

i've lost five weeks where we could have

1733

01:18:27,270 --> 01:18:24,239

had them but they still have not

1734

01:18:29,830 --> 01:18:27,280

um they have not turned them on

1735

01:18:31,430 --> 01:18:29,840

and and that also makes me it gives me a

1736

01:18:32,310 --> 01:18:31,440

lot of anxiety because i'm like what if

1737

01:18:34,870 --> 01:18:32,320

they

1738

01:18:35,669 --> 01:18:34,880

just never turn them on and i'm here

1739

01:18:37,669 --> 01:18:35,679

doing this

1740

01:18:39,590 --> 01:18:37,679

uh without the benefit of the super

1741

01:18:41,030 --> 01:18:39,600

chats for another six months you know

1742

01:18:43,669 --> 01:18:41,040

how long is this going to take and i

1743

01:18:46,149 --> 01:18:43,679

don't want to contact them because

1744

01:18:47,669 --> 01:18:46,159

i'm afraid that you'll get that like how

1745

01:19:03,030 --> 01:18:47,679

dare you bother us

1746

01:19:07,750 --> 01:19:05,510

someone uh february 22nd with the

1747

01:19:14,070 --> 01:19:07,760

initials lp

1748

01:19:20,709 --> 01:19:18,390

15 so thank you very much lp

1749

01:19:22,630 --> 01:19:20,719

i really appreciate your support of the

1750

01:19:24,950 --> 01:19:22,640

show every dollar helps

1751

01:19:26,229 --> 01:19:24,960

i'm very proud of the fact that if

1752

01:19:28,390 --> 01:19:26,239

nothing else this show

1753

01:19:30,470 --> 01:19:28,400

since we began has at least been

1754

01:19:32,310 --> 01:19:30,480

self-supporting

1755

01:19:34,790 --> 01:19:32,320

uh in other words i didn't have to take

1756

01:19:37,830 --> 01:19:34,800

money away from my family

1757

01:19:40,550 --> 01:19:37,840

in order to get the show going

1758

01:19:42,149 --> 01:19:40,560

um everything that you see here the

1759

01:19:45,510 --> 01:19:42,159

green screen

1760

01:19:48,070 --> 01:19:45,520

the lights uh lighting up the green

1761

01:19:51,430 --> 01:19:48,080

screen the headphones the computer

1762

01:19:55,189 --> 01:19:51,440

the microphones um

1763

01:19:57,110 --> 01:19:55,199

and even some things like um samples

1764

01:20:01,669 --> 01:19:57,120

right for some of the music that we're

1765

01:20:07,990 --> 01:20:04,790

whatever i get generally goes right back

1766

01:20:15,189 --> 01:20:11,910

try to improve the show and i've been

1767

01:20:16,950 --> 01:20:15,199

like i said the truth is i had a lot of

1768

01:20:18,550 --> 01:20:16,960

plans when i started the show and i

1769

01:20:19,910 --> 01:20:18,560

at first i said i'm not starting to show

1770

01:20:20,950 --> 01:20:19,920

until i get all this working and then

1771

01:20:24,310 --> 01:20:20,960

you kind of go

1772

01:20:28,790 --> 01:20:24,320

well we can just do this for a while and

1773

01:20:29,990 --> 01:20:28,800

uh be sort of lighter on the

1774

01:20:32,070 --> 01:20:30,000

you know we can be light on the

1775

01:20:33,510 --> 01:20:32,080

production side and and just

1776

01:20:35,270 --> 01:20:33,520

hope that the content is good enough

1777

01:20:37,669 --> 01:20:35,280

that people tune in

1778

01:20:38,790 --> 01:20:37,679

but you know i really do believe that

1779

01:20:42,390 --> 01:20:38,800

good production

1780

01:20:45,430 --> 01:20:42,400

helps the show uh and it kind of

1781

01:20:49,270 --> 01:20:45,440

gives it a level of professional

1782

01:20:52,310 --> 01:20:49,280

uh look and sound

1783

01:20:53,990 --> 01:20:52,320

that has got to help right it's got to

1784

01:21:01,189 --> 01:20:54,000

help

1785

01:21:04,709 --> 01:21:01,199

you know but

1786

01:21:07,350 --> 01:21:04,719

um just use stream elements

1787

01:21:09,110 --> 01:21:07,360

instead of super chats you know i i

1788

01:21:13,030 --> 01:21:09,120

gotta look into that daniel

1789

01:21:16,070 --> 01:21:13,040

i gotta look into that um and also

1790

01:21:17,990 --> 01:21:16,080

stream elements might take less i heard

1791

01:21:18,870 --> 01:21:18,000

that uh i heard that youtube takes a big

1792

01:21:22,390 --> 01:21:18,880

chunk of it

1793

01:21:23,830 --> 01:21:22,400

right yeah

1794

01:21:25,750 --> 01:21:23,840

all around arbiter says it looks like

1795

01:21:26,870 --> 01:21:25,760

you're on a set of sightings that's very

1796

01:21:30,790 --> 01:21:26,880

cool

1797

01:21:34,229 --> 01:21:32,310

everything came out pretty good and the

1798

01:21:35,270 --> 01:21:34,239

funny thing is is that the green screen

1799

01:21:38,070 --> 01:21:35,280

background i'm using

1800

01:21:40,709 --> 01:21:38,080

is basically ripped from the real

1801  
01:21:42,550 --> 01:21:40,719  
background we were using

1802  
01:21:43,830 --> 01:21:42,560  
but the real background you know it gets

1803  
01:21:46,310 --> 01:21:43,840  
wrinkled and messy

1804  
01:21:48,629 --> 01:21:46,320  
and like i'm sure i spilled something on

1805  
01:21:51,350 --> 01:21:48,639  
it so like

1806  
01:21:52,390 --> 01:21:51,360  
like over over in this corner in this

1807  
01:21:55,270 --> 01:21:52,400  
lower corner

1808  
01:21:57,030 --> 01:21:55,280  
in the real backdrop there's like stains

1809  
01:21:59,030 --> 01:21:57,040  
and it looks terrible

1810  
01:22:00,709 --> 01:21:59,040  
uh but it's i think it's vinyl so you

1811  
01:22:01,830 --> 01:22:00,719  
can't wash it but anyway we have this

1812  
01:22:05,030 --> 01:22:01,840  
virtual

1813  
01:22:07,590 --> 01:22:05,040

screen now um where we can do

1814

01:22:09,510 --> 01:22:07,600

many different things uh the one thing

1815

01:22:11,510 --> 01:22:09,520

the one production thing that we don't

1816

01:22:14,390 --> 01:22:11,520

have that i'm still trying to figure out

1817

01:22:16,310 --> 01:22:14,400

is how to get animated backgrounds

1818

01:22:18,310 --> 01:22:16,320

i heard spooky earlier mentioned look at

1819

01:22:20,550 --> 01:22:18,320

steven go learning to use obs

1820

01:22:21,830 --> 01:22:20,560

i'm not using ob anything it's all

1821

01:22:24,709 --> 01:22:21,840

stream yard it's just

1822

01:22:26,870 --> 01:22:24,719

careful manipulation of how streamyard

1823

01:22:30,850 --> 01:22:26,880

does things so that i'm able to

1824

01:22:33,189 --> 01:22:30,860

um basically so that i'm able to

1825

01:22:35,110 --> 01:22:33,199

[Music]

1826

01:22:36,310 --> 01:22:35,120

get by the only like i said the only

1827

01:22:37,669 --> 01:22:36,320

thing i don't have is the animated

1828

01:22:39,510 --> 01:22:37,679

backgrounds i would like the animated

1829

01:22:42,790 --> 01:22:39,520

backgrounds

1830

01:22:46,550 --> 01:22:42,800

but you know it is it is what it is

1831

01:22:47,990 --> 01:22:46,560

and uh you know also we can do

1832

01:22:49,990 --> 01:22:48,000

with the virtual backgrounds it really

1833

01:22:50,950 --> 01:22:50,000

does add a lot because we can you know

1834

01:22:52,390 --> 01:22:50,960

uh

1835

01:22:54,229 --> 01:22:52,400

when we talk about the secret space

1836

01:22:56,709 --> 01:22:54,239

program you know

1837

01:22:58,390 --> 01:22:56,719

uh have a secret space program backdrop

1838

01:22:59,750 --> 01:22:58,400

if we're talking about artifacts on the

1839

01:23:03,030 --> 01:22:59,760

moon have a backdrop

1840

01:23:06,229 --> 01:23:03,040

just for artifacts on the moon oh yeah

1841

01:23:10,149 --> 01:23:06,239

here's my spaceship

1842

01:23:24,709 --> 01:23:20,629

i'm gonna put that back

1843

01:23:29,590 --> 01:23:28,149

try it like that that's better uh

1844

01:23:35,350 --> 01:23:29,600

yeah so i want to thank each and every

1845

01:23:37,669 --> 01:23:35,360

one of you who have donated to uh

1846

01:23:39,350 --> 01:23:37,679

donate it to patreon and paypal because

1847

01:23:40,709 --> 01:23:39,360

through your kindness your generosity

1848

01:23:43,750 --> 01:23:40,719

and your support

1849

01:23:44,470 --> 01:23:43,760

um all of this was accomplished and like

1850

01:23:47,990 --> 01:23:44,480

i was uh

1851

01:23:51,350 --> 01:23:48,000

saying earlier it it doesn't uh

1852

01:23:56,390 --> 01:23:51,360

it doesn't come out of you know family

1853

01:23:59,830 --> 01:23:58,790

no i don't know where somebody's uh

1854

01:24:01,270 --> 01:23:59,840

saying i'm quitting

1855

01:24:03,590 --> 01:24:01,280

i don't know where somebody got that

1856

01:24:08,390 --> 01:24:03,600

idea

1857

01:24:13,590 --> 01:24:11,430

solar marshall yeah i don't know uh

1858

01:24:14,950 --> 01:24:13,600

i i never i never said that i was

1859

01:24:17,270 --> 01:24:14,960

thinking of quitting

1860

01:24:18,390 --> 01:24:17,280

i said that i'm discouraged about the

1861

01:24:21,430 --> 01:24:18,400

lack of

1862

01:24:23,910 --> 01:24:21,440

support uh in the form of youtube

1863

01:24:27,189 --> 01:24:23,920

super chat donations you know it doesn't

1864

01:24:30,470 --> 01:24:29,669

oh okay yeah he's just goofing solar

1865

01:24:33,510 --> 01:24:30,480

marshall says

1866

01:24:36,550 --> 01:24:33,520

i'm sorry that uh michael horne forced

1867

01:24:39,590 --> 01:24:36,560

you to quit yeah nobody

1868

01:24:41,430 --> 01:24:39,600

yeah right that guy's a clown i'm really

1869

01:24:44,229 --> 01:24:41,440

wouldn't be forced into anything other

1870

01:24:46,070 --> 01:24:44,239

than laughter by that guy

1871

01:24:47,830 --> 01:24:46,080

yeah you shouldn't say stuff like that

1872

01:24:48,390 --> 01:24:47,840

because then you know this is how rumors

1873

01:24:51,189 --> 01:24:48,400

start

1874

01:24:51,990 --> 01:24:51,199

their social mark my wife just uh

1875

01:24:54,149 --> 01:24:52,000

messed me

1876

01:24:55,669 --> 01:24:54,159

and said something like people think

1877

01:24:58,310 --> 01:24:55,679

you're quitting or something

1878

01:24:58,709 --> 01:24:58,320

right and by the way that must mean that

1879

01:25:01,189 --> 01:24:58,719

she's

1880

01:25:02,310 --> 01:25:01,199

actually watching or paying attention

1881

01:25:05,110 --> 01:25:02,320

for once which is

1882

01:25:06,550 --> 01:25:05,120

amazing i don't blame her uh she's

1883

01:25:07,510 --> 01:25:06,560

really not into most of the subjects

1884

01:25:08,950 --> 01:25:07,520

that we talk about

1885

01:25:10,950 --> 01:25:08,960

i think she just wanted to see what the

1886

01:25:13,669 --> 01:25:10,960

hell i've been locked in this

1887

01:25:15,350 --> 01:25:13,679

office for the last like literally six

1888

01:25:16,310 --> 01:25:15,360

five or six days to get everything

1889

01:25:19,270 --> 01:25:16,320

working right

1890

01:25:21,510 --> 01:25:19,280

right but i was determined that i had to

1891

01:25:25,510 --> 01:25:21,520

look and work the right way

1892

01:25:28,070 --> 01:25:25,520

you know a lot of a lot of uh

1893

01:25:28,950 --> 01:25:28,080

a lot of weird little technical glitches

1894

01:25:32,070 --> 01:25:28,960

and details

1895

01:25:33,750 --> 01:25:32,080

you know i've been in here cursing and

1896

01:25:36,550 --> 01:25:33,760

like i said locked in here trying to get

1897

01:25:40,070 --> 01:25:36,560

all these screens working and

1898

01:25:41,990 --> 01:25:40,080

bumpers for different things it's very

1899

01:25:43,189 --> 01:25:42,000

challenging but i like it because it

1900

01:25:46,229 --> 01:25:43,199

makes me feel like

1901

01:25:47,990 --> 01:25:46,239

uh i'm accomplishing something and

1902

01:25:50,550 --> 01:25:48,000

that's no big that's no small

1903

01:25:54,870 --> 01:25:50,560

accomplishment when you're able to

1904

01:25:56,390 --> 01:25:54,880

um when you're able to have broadcast

1905

01:25:58,870 --> 01:25:56,400

quality

1906

01:25:59,990 --> 01:25:58,880

for the things that you're doing i had

1907

01:26:03,350 --> 01:26:00,000

as this studio

1908

01:26:04,790 --> 01:26:03,360

in in philadelphia and one of the things

1909

01:26:08,550 --> 01:26:04,800

that i prided myself on

1910

01:26:10,550 --> 01:26:08,560

for the studio was broadcast quality so

1911

01:26:13,270 --> 01:26:10,560

if you know a client came to me they're

1912

01:26:15,830 --> 01:26:13,280

gonna get a broadcast quality product

1913

01:26:16,470 --> 01:26:15,840

to sell once they're finished the

1914

01:26:19,430 --> 01:26:16,480

process

1915

01:26:20,830 --> 01:26:19,440

you know or a broadcast quality music

1916

01:26:24,470 --> 01:26:20,840

video

1917

01:26:25,590 --> 01:26:24,480

um broadcast quality that's what we're

1918

01:26:27,030 --> 01:26:25,600

trying to do here

1919

01:26:29,350 --> 01:26:27,040

now that's hampered a little bit by

1920

01:26:34,830 --> 01:26:29,360

stream yard with the limitations

1921

01:26:34,840 --> 01:26:41,350

uh

1922

01:26:47,830 --> 01:26:45,590

mario heat says the new look is lit

1923

01:26:49,189 --> 01:26:47,840

summer marshall i would send you an

1924

01:26:50,470 --> 01:26:49,199

invitation but i don't really want to

1925

01:26:52,709 --> 01:26:50,480

talk about bob lazar

1926

01:26:54,229 --> 01:26:52,719

or bob bigelow for the next three hours

1927

01:26:55,750 --> 01:26:54,239

so i'll have to

1928

01:26:58,070 --> 01:26:55,760

i'll have to give you a rain check on

1929

01:27:02,950 --> 01:27:00,950

i uh long day you know i literally went

1930

01:27:04,870 --> 01:27:02,960

right up till showtime to get all this

1931

01:27:06,470 --> 01:27:04,880

but i forgot that i had music

1932

01:27:08,550 --> 01:27:06,480

for background oh that's another thing

1933

01:27:10,070 --> 01:27:08,560

we debuted tonight actually having music

1934

01:27:11,750 --> 01:27:10,080

in the background again i got to work on

1935

01:27:13,590 --> 01:27:11,760

a little more of it but

1936

01:27:15,110 --> 01:27:13,600

and get a better way to cue it at the

1937

01:27:18,229 --> 01:27:15,120

right time

1938

01:27:21,750 --> 01:27:18,239

um but it's working

1939

01:27:23,830 --> 01:27:21,760

stream yard used to sound like crap

1940

01:27:24,870 --> 01:27:23,840

they won't let you like insert audio to

1941

01:27:27,590 --> 01:27:24,880

play or mix

1942

01:27:29,030 --> 01:27:27,600

audio in the background so i would try

1943

01:27:30,470 --> 01:27:29,040

to just play music and let the

1944

01:27:32,550 --> 01:27:30,480

microphone pick it up but it sounded

1945

01:27:35,030 --> 01:27:32,560

horrible before but now streamyard

1946

01:27:36,629 --> 01:27:35,040

upgraded and has stereo audio so it

1947

01:27:44,830 --> 01:27:36,639

sounds much better now and i think we

1948

01:27:49,750 --> 01:27:46,310

way

1949

01:27:51,750 --> 01:27:49,760

yeah i have a great new piece of

1950

01:27:52,470 --> 01:27:51,760

information that's brand new you lose

1951

01:27:55,350 --> 01:27:52,480

sir

1952

01:27:56,149 --> 01:27:55,360

i like i said i just i we've been on for

1953

01:27:59,270 --> 01:27:56,159

90 minutes

1954

01:28:01,350 --> 01:27:59,280

i am not doing five hour streams here

1955

01:28:03,030 --> 01:28:01,360

uh solar marshall so if it's something

1956

01:28:03,750 --> 01:28:03,040

good you know send me a message and we

1957

01:28:07,590 --> 01:28:03,760

can do

1958

01:28:11,110 --> 01:28:07,600

a a show about that just about that

1959

01:28:13,110 --> 01:28:11,120

but i don't you know i don't get it

1960

01:28:16,950 --> 01:28:13,120

solar marshall when people like you know

1961

01:28:21,030 --> 01:28:18,070

you're not going to come on here and

1962

01:28:23,750 --> 01:28:21,040

talk for 10 minutes and go

1963

01:28:24,070 --> 01:28:23,760

this is not the way this works right and

1964

01:28:28,149 --> 01:28:24,080

and

1965

01:28:29,830 --> 01:28:28,159

like yeah i don't wanna i don't wanna be

1966

01:28:31,990 --> 01:28:29,840

on for another two or three hours

1967

01:28:33,830 --> 01:28:32,000

so we'll have to separate that to a

1968

01:28:35,750 --> 01:28:33,840

separate show

1969

01:28:37,910 --> 01:28:35,760

we can call it i then i gotta make a new

1970

01:28:38,550 --> 01:28:37,920

bumper like the bob lazar [h\_\_\h]

1971

01:28:42,070 --> 01:28:38,560

report

1972

01:28:44,310 --> 01:28:42,080

right is that what we're gonna do

1973

01:28:45,430 --> 01:28:44,320

and i wanted to mention if you if you do

1974

01:28:47,669 --> 01:28:45,440

become a patreon

1975

01:28:49,510 --> 01:28:47,679

supporter during our show i shout you

1976

01:28:53,270 --> 01:28:49,520

out and uh

1977

01:28:55,270 --> 01:28:53,280

we didn't have anybody sign up right

1978

01:28:57,430 --> 01:28:55,280

right now but we do have a new patreon

1979

01:28:59,270 --> 01:28:57,440

supporter from february 22nd that i'd

1980

01:29:01,990 --> 01:28:59,280

like to shout out

1981

01:29:03,510 --> 01:29:02,000

captain chaos pledge five dollars per

1982

01:29:04,709 --> 01:29:03,520

month and that is very generous because

1983

01:29:07,030 --> 01:29:04,719

the buy-in is really

1984

01:29:08,870 --> 01:29:07,040

only a dollar a month so it's a dollar a

1985

01:29:10,629 --> 01:29:08,880

month or more see

1986

01:29:12,950 --> 01:29:10,639

some people choose to give more than the

1987

01:29:15,750 --> 01:29:12,960

dollar thank you captain chaos

1988

01:29:18,070 --> 01:29:15,760

a new patron supporter in the form of

1989

01:29:20,790 --> 01:29:18,080

five dollars per month you have my

1990

01:29:22,709 --> 01:29:20,800

kindness and my gratitude for helping us

1991

01:29:26,149 --> 01:29:22,719

continue the show

1992

01:29:30,310 --> 01:29:26,159

uh and let's just check

1993

01:29:36,070 --> 01:29:32,070

check in with the paypal once again make

1994

01:29:39,669 --> 01:29:39,110

no we don't yeah so thanks again to the

1995

01:29:43,510 --> 01:29:39,679

latest

1996

01:29:45,110 --> 01:29:43,520

uh paypal donator in the form of fifteen

1997

01:29:48,709 --> 01:29:45,120

dollars from the initials

1998

01:29:51,830 --> 01:29:48,719

lp i apologize i don't know that my

1999

01:29:52,550 --> 01:29:51,840

chat id and i did not i don't want to

2000

01:29:54,870 --> 01:29:52,560

just

2001

01:29:56,550 --> 01:29:54,880

uh shout out your real name most people

2002

01:29:57,990 --> 01:29:56,560

would probably prefer i didn't shout out

2003

01:29:59,430 --> 01:29:58,000

their real names

2004

01:30:02,229 --> 01:29:59,440

so please if you do send a paypal

2005

01:30:04,870 --> 01:30:02,239

donation make sure make sure that you

2006

01:30:06,470 --> 01:30:04,880

uh include your chat room user id makes

2007

01:30:09,270 --> 01:30:06,480

it easier for me to thank you

2008

01:30:11,030 --> 01:30:09,280

and for you to be recognized even by

2009

01:30:19,510 --> 01:30:11,040

those in our live chat as a kind and

2010

01:30:22,950 --> 01:30:21,990

okay friends so any other questions or

2011

01:30:26,070 --> 01:30:22,960

comments from me

2012

01:30:26,709 --> 01:30:26,080

please put them in all caps otherwise

2013

01:30:28,629 --> 01:30:26,719

we're gonna

2014

01:30:30,709 --> 01:30:28,639

wrap things up here and call this a

2015

01:30:33,910 --> 01:30:30,719

successful test of our new

2016

01:30:36,709 --> 01:30:33,920

uh virtual sets end of

2017

01:30:38,310 --> 01:30:36,719

sort of this new format if you have

2018

01:30:40,390 --> 01:30:38,320

asked are we going to do this format for

2019

01:30:42,550 --> 01:30:40,400

every show and no i don't think so

2020

01:30:44,790 --> 01:30:42,560

i think that would get very repetitive

2021

01:30:45,590 --> 01:30:44,800

if it was always the same bumpers and

2022

01:30:47,830 --> 01:30:45,600

things so

2023

01:30:49,350 --> 01:30:47,840

probably once a week we'll do a variety

2024

01:30:50,629 --> 01:30:49,360

show format like this with multiple

2025

01:30:54,070 --> 01:30:50,639

stories

2026

01:30:57,430 --> 01:30:54,080

um and then i have some um

2027

01:31:00,149 --> 01:30:57,440

interviews coming up um yeah

2028

01:31:02,310 --> 01:31:00,159

one second friends part of me out of the

2029

01:31:05,350 --> 01:31:02,320

frame here for a minute

2030

01:31:07,669 --> 01:31:05,360

there we go okay

2031

01:31:08,390 --> 01:31:07,679

coming up we have coming up to be

2032

01:31:11,590 --> 01:31:08,400

interviewed

2033

01:31:12,470 --> 01:31:11,600

we have david halperin this is a really

2034

01:31:15,030 --> 01:31:12,480

good book it's called

2035

01:31:16,550 --> 01:31:15,040

intimate alien the hidden story of the

2036

01:31:19,830 --> 01:31:16,560

ufo

2037

01:31:21,270 --> 01:31:19,840

uh and he was mr halperin was kind

2038

01:31:22,310 --> 01:31:21,280

enough to send this to me i'm still

2039

01:31:24,550 --> 01:31:22,320

trying to get through it

2040

01:31:26,070 --> 01:31:24,560

i really don't like to interview an

2041

01:31:28,870 --> 01:31:26,080

author about a book they just wrote

2042

01:31:32,709 --> 01:31:28,880

unless i actually wrote you know read it

2043

01:31:35,830 --> 01:31:32,719

um so i think i'm halfway through um

2044

01:31:37,270 --> 01:31:35,840

we're going to i have to which reminds

2045

01:31:39,189 --> 01:31:37,280

me i have to contact him if he's

2046

01:31:40,310 --> 01:31:39,199

watching mr halperin i'm still getting

2047

01:31:41,110 --> 01:31:40,320

through the book but we're going to

2048

01:31:43,030 --> 01:31:41,120

contact you

2049

01:31:45,430 --> 01:31:43,040

and confirm a final date for your

2050

01:31:46,790 --> 01:31:45,440

interview about the book

2051

01:31:48,790 --> 01:31:46,800

so far i found this book pretty

2052

01:31:53,110 --> 01:31:48,800

fascinating because it's it's sort of

2053

01:31:55,990 --> 01:31:53,120

like looking at ufos from a spiritual

2054

01:31:56,629 --> 01:31:56,000

side and a consciousness side instead of

2055

01:31:58,870 --> 01:31:56,639

so much

2056

01:32:01,669 --> 01:31:58,880

nuts and bolts and i believe that mr

2057

01:32:05,590 --> 01:32:01,679

halpern has a background in theology

2058

01:32:09,350 --> 01:32:05,600

and um old testament scripture study

2059

01:32:12,870 --> 01:32:12,149

that his interests have crossed right

2060

01:32:17,990 --> 01:32:12,880

ufos

2061

01:32:21,990 --> 01:32:20,709

so uh and we've got a few other

2062

01:32:23,750 --> 01:32:22,000

interviews coming up so

2063

01:32:25,030 --> 01:32:23,760

the new show format is really going to

2064

01:32:27,189 --> 01:32:25,040

be whatever

2065

01:32:29,110 --> 01:32:27,199

whatever the show calls for sometimes

2066

01:32:30,629 --> 01:32:29,120

we're going to do one subject in a long

2067

01:32:34,709 --> 01:32:30,639

form show

2068

01:32:38,870 --> 01:32:37,669

and sometimes we'll do uh this sort of

2069

01:32:41,030 --> 01:32:38,880

uh

2070

01:32:42,950 --> 01:32:41,040

multi-story format sometimes we'll do

2071

01:32:43,669 --> 01:32:42,960

we'll we will certainly continue the

2072

01:32:49,350 --> 01:32:43,679

interviews

2073

01:32:50,629 --> 01:32:49,360

i want to thank everybody in the live

2074

01:32:54,950 --> 01:32:50,639

chat

2075

01:32:59,430 --> 01:32:54,960

uh for participating and uh

2076

01:33:02,470 --> 01:32:59,440

helping me to get through the

2077

01:33:04,950 --> 01:33:02,480

test of uh all this new stuff

2078

01:33:06,310 --> 01:33:04,960

um it went pretty well i was kind of

2079

01:33:08,149 --> 01:33:06,320

expecting a nightmare

2080

01:33:10,070 --> 01:33:08,159

i'm like there's a lot of buttons to

2081

01:33:10,790 --> 01:33:10,080

push you know being your own producer is

2082

01:33:13,669 --> 01:33:10,800

no fun

2083

01:33:15,669 --> 01:33:13,679

i see these guys uh you know on bigger

2084

01:33:19,030 --> 01:33:15,679

streams where they have like

2085

01:33:19,669 --> 01:33:19,040

three guys off camera helping them do

2086

01:33:21,510 --> 01:33:19,679

everything

2087

01:33:23,830 --> 01:33:21,520

and i'm jealous i'm really jealous

2088

01:33:27,669 --> 01:33:23,840

because it's hard to uh

2089

01:33:29,669 --> 01:33:27,679

it's really hard to manage all of this

2090

01:33:31,510 --> 01:33:29,679

button pushing and like i gotta push the

2091

01:33:33,910 --> 01:33:31,520

buttons i gotta remember to do

2092

01:33:35,510 --> 01:33:33,920

things at certain times i've got post-it

2093

01:33:38,229 --> 01:33:35,520

notes here

2094

01:33:39,590 --> 01:33:38,239

to try to like sequence the shell almost

2095

01:33:42,149 --> 01:33:39,600

storyboards right

2096

01:33:43,910 --> 01:33:42,159

that's how that's how a little crazy

2097

01:33:44,550 --> 01:33:43,920

i've gotten with this stuff in ocd i

2098

01:33:49,270 --> 01:33:44,560

want it to go

2099

01:33:55,510 --> 01:33:51,910

oh rogue status you you come on over

2100

01:34:01,030 --> 01:33:59,030

yeah okay hey uh i'm gonna i will i may

2101  
01:34:03,110 --> 01:34:01,040  
take you up on that rogue status says

2102  
01:34:05,030 --> 01:34:03,120  
i can build wire retrofit or customize

2103  
01:34:06,229 --> 01:34:05,040  
dan and near anything just let me know

2104  
01:34:07,990 --> 01:34:06,239  
happy to do it

2105  
01:34:10,229 --> 01:34:08,000  
well apparently the next order of

2106  
01:34:12,950 --> 01:34:10,239  
business is to get a

2107  
01:34:14,550 --> 01:34:12,960  
i'm gonna i have one laptop here i'm

2108  
01:34:16,070 --> 01:34:14,560  
probably gonna get a second laptop we're

2109  
01:34:17,990 --> 01:34:16,080  
gonna have one laptop just for playing

2110  
01:34:21,270 --> 01:34:18,000  
back music and another laptop for

2111  
01:34:23,750 --> 01:34:21,280  
other support stuff right

2112  
01:34:25,270 --> 01:34:23,760  
and we'll see how it goes but really

2113  
01:34:28,470 --> 01:34:25,280

everything seems to be working

2114

01:34:30,629 --> 01:34:28,480

i don't really need help i may uh when

2115

01:34:31,990 --> 01:34:30,639

if we move to the bigger you know if we

2116

01:34:36,629 --> 01:34:32,000

move to a bigger studio

2117

01:34:39,990 --> 01:34:39,030

but for now i've decided i'm going to

2118

01:34:42,870 --> 01:34:40,000

maximize

2119

01:34:45,750 --> 01:34:42,880

currently available resources and that

2120

01:34:49,030 --> 01:34:47,510

use everything we already have before

2121

01:34:53,750 --> 01:34:49,040

worrying about kind of

2122

01:34:57,030 --> 01:34:56,229

so friends uh i'm gonna call tonight as

2123

01:34:59,109 --> 01:34:57,040

success

2124

01:35:00,790 --> 01:34:59,119

uh went much better than i thought i was

2125

01:35:02,950 --> 01:35:00,800

expecting a lot of technical glitches

2126

01:35:06,070 --> 01:35:02,960

and a lot of technical problems

2127

01:35:08,470 --> 01:35:06,080

so uh we we didn't have too much

2128

01:35:10,229 --> 01:35:08,480

or you know we didn't have anything

2129

01:35:13,510 --> 01:35:10,239

major go wrong

2130

01:35:14,870 --> 01:35:13,520

and to me uh that's a success so friends

2131

01:35:17,109 --> 01:35:14,880

i'm always happy when there's an

2132

01:35:17,910 --> 01:35:17,119

audience i'm so glad that tonight you

2133

01:35:21,590 --> 01:35:17,920

could be

2134

01:35:24,149 --> 01:35:21,600

a part of mine i want to

2135

01:35:26,950 --> 01:35:24,159

remind you that we'll probably be doing

2136

01:35:30,709 --> 01:35:26,960

another show tomorrow night

2137

01:35:32,470 --> 01:35:30,719

and uh that is a surprise

2138

01:35:34,229 --> 01:35:32,480

so uh if you want to have a good time

2139

01:35:37,910 --> 01:35:34,239

tomorrow night i will be

2140

01:35:38,470 --> 01:35:37,920

doing um well i'll be doing something

2141

01:35:40,629 --> 01:35:38,480

crazy

2142

01:35:41,590 --> 01:35:40,639

uh let's just leave it at that until

2143

01:35:43,669 --> 01:35:41,600

next time friends

2144

01:35:58,630 --> 01:35:43,679

my name is stephen campion good night

2145

01:36:53,270 --> 01:36:08,830

[Music]

2146

01:37:07,620 --> 01:36:53,280

so

2147

01:37:08,990 --> 01:37:07,630

[Music]
