[Applause]

[Music]

4
00:01:46,500 --> 00:00:58,430
so

5
00:04:13,429 --> 00:02:14,480
[Music]

6
00:04:17,670 --> 00:04:16,229
greetings and salutations friends and

7
00:04:19,509 --> 00:04:17,680
welcome back

8
00:04:21,749 --> 00:04:19,519
today i've got kind of a special show

9
00:04:26,830 --> 00:04:21,759
for you uh

10
00:04:31,110 --> 00:04:26,840
a lot of talk about mark mccandlish

11
00:04:34,230 --> 00:04:31,120
and the arv the alien reproduction

12
00:04:40,310 --> 00:04:37,270
yes i said alien reproduction

13
00:04:43,749 --> 00:04:40,320

vehicle friends

14

00:04:46,710 --> 00:04:43,759
in 1988

15

00:04:47,670 --> 00:04:46,720
an aircraft illustrator may have

16

00:04:51,110 --> 00:04:47,680
stumbled

17

00:04:54,710 --> 00:04:51,120
upon one of the greatest stories

18

00:04:56,790 --> 00:04:54,720
in all of ufo mythology

19

00:04:57,830 --> 00:04:56,800
mark mccandless claimed their close

20

00:05:01,270 --> 00:04:57,840
friend of his

21

00:05:05,350 --> 00:05:01,280
had attended an air force

22

00:05:08,230 --> 00:05:05,360
show but behind the public show

23

00:05:09,110 --> 00:05:08,240
in a secret hangar was a very special

24

00:05:13,270 --> 00:05:09,120
show

25

00:05:14,390 --> 00:05:13,280
military in the military industrial

26

00:05:17,590 --> 00:05:14,400

complex

27

00:05:18,390 --> 00:05:17,600

and there a close friend of mark

28

00:05:23,590 --> 00:05:18,400

mccandlish

29

00:05:28,469 --> 00:05:23,600

saw something truly out of this world

30

00:05:33,029 --> 00:05:30,870

mark mccandless friend took note of

31

00:05:36,790 --> 00:05:33,039

every detail he could

32

00:05:38,790 --> 00:05:36,800

while he was given access to viewing

33

00:05:40,550 --> 00:05:38,800

these incredible craft there were three

34

00:05:43,590 --> 00:05:40,560

of them in the hangar

35

00:05:47,990 --> 00:05:43,600

all of the same design

36

00:05:51,510 --> 00:05:50,790

what most amazed me about this story is

37

00:05:53,350 --> 00:05:51,520

that it fell

38

00:05:54,550 --> 00:05:53,360

into the hands of an aircraft

39

00:05:56,469 --> 00:05:54,560

illustrator

40

00:05:58,950 --> 00:05:56,479

who could take the details that his

41

00:06:02,309 --> 00:05:58,960

friend shared with him

42

00:06:04,870 --> 00:06:02,319

about these amazing aircraft

43

00:06:06,070 --> 00:06:04,880

said to be back engineered from

44

00:06:08,710 --> 00:06:06,080

recovered alien

45

00:06:10,550 --> 00:06:08,720

technology after all they were called

46

00:06:15,990 --> 00:06:10,560

the arv

47

00:06:20,710 --> 00:06:17,430

now i got to tell you when i first heard

48

00:06:22,950 --> 00:06:20,720

this story i was somewhat skeptical

49

00:06:24,790 --> 00:06:22,960

when i had my radio show i reached out

50

00:06:26,870 --> 00:06:24,800

to both brad sorensen

51
00:06:27,990 --> 00:06:26,880
and mark mccandless and both of them

52
00:06:30,790 --> 00:06:28,000
would talk to me

53
00:06:31,749 --> 00:06:30,800
off the record of course neither would

54
00:06:35,110 --> 00:06:31,759
agree

55
00:06:36,950 --> 00:06:35,120
to a tape to interview or to be on the

56
00:06:40,150 --> 00:06:36,960
record

57
00:06:42,629 --> 00:06:40,160
but both well

58
00:06:43,830 --> 00:06:42,639
we'll get into the story more mark

59
00:06:48,309 --> 00:06:43,840
mccandlish

60
00:06:50,070 --> 00:06:48,319
swore by his story swearing that his

61
00:06:52,629 --> 00:06:50,080
friend had seen these craft

62
00:06:53,749 --> 00:06:52,639
and that started him down the rabbit

63
00:06:55,749 --> 00:06:53,759

hole

64

00:06:57,589 --> 00:06:55,759

later he would find more supportive

65

00:06:58,710 --> 00:06:57,599

evidence that would seem to indicate

66

00:07:01,670 --> 00:06:58,720

that this story

67

00:07:03,909 --> 00:07:01,680

just may be true he would find

68

00:07:07,830 --> 00:07:03,919

corroborating witnesses that also

69

00:07:09,990 --> 00:07:07,840

saw these craft most famously

70

00:07:12,390 --> 00:07:10,000

mark mccandless testified at the

71

00:07:16,950 --> 00:07:12,400

citizens hearing on ufos before

72

00:07:19,589 --> 00:07:16,960

former senators and congressmen

73

00:07:21,589 --> 00:07:19,599

in that hearing he told some incredible

74

00:07:27,029 --> 00:07:21,599

details

75

00:07:29,110 --> 00:07:27,039

about this alien reproduction vehicle

76

00:07:30,150 --> 00:07:29,120

yes he was part of that original thing

77

00:07:32,870 --> 00:07:30,160

you know

78

00:07:34,390 --> 00:07:32,880

dr steven greer

79

00:07:36,550 --> 00:07:34,400

[Music]

80

00:07:37,510 --> 00:07:36,560

he stood up in front of former

81

00:07:40,870 --> 00:07:37,520

congressmen

82

00:07:43,350 --> 00:07:40,880

and senators and said that these alien

83

00:07:45,430 --> 00:07:43,360

reproduction vehicles are real

84

00:07:47,510 --> 00:07:45,440

and that he had talked to people who had

85

00:07:51,909 --> 00:07:47,520

seen them

86

00:07:57,110 --> 00:07:55,029

for years mr mccandless would speak at

87

00:08:01,029 --> 00:07:57,120

ufo conferences

88

00:08:04,390 --> 00:08:01,039

at on podcasts

89

00:08:08,550 --> 00:08:04,400

coast to coast am and a few other places

90

00:08:13,589 --> 00:08:08,560

giving details of this incredible

91

00:08:16,869 --> 00:08:13,599

craft that he called the arv

92

00:08:19,189 --> 00:08:16,879

so i've got a few things to share

93

00:08:20,550 --> 00:08:19,199

i thought that we could listen to his

94

00:08:23,589 --> 00:08:20,560

testimony before these

95

00:08:25,350 --> 00:08:23,599

former senators and congressmen in this

96

00:08:28,550 --> 00:08:25,360

sort of mock

97

00:08:31,510 --> 00:08:28,560

senate hearing held by dr stephen greer

98

00:08:32,230 --> 00:08:31,520

it's truly it's a part of ufo history

99

00:08:35,750 --> 00:08:32,240

now

100

00:08:36,630 --> 00:08:35,760

and was perhaps the most controversial

101
00:08:41,829 --> 00:08:36,640
testimony

102
00:08:43,990 --> 00:08:41,839
given at that hearing

103
00:08:45,990 --> 00:08:44,000
when i talked to mr mccandless i sort of

104
00:08:49,350 --> 00:08:46,000
changed my view

105
00:08:52,790 --> 00:08:49,360
i uh was less skeptical

106
00:08:54,630 --> 00:08:52,800
having talked to him but it always

107
00:08:57,590 --> 00:08:54,640
bothered me that he wouldn't give me an

108
00:09:00,790 --> 00:08:57,600
on the record interview and there were

109
00:09:04,150 --> 00:09:00,800
some questions that he simply refused

110
00:09:07,910 --> 00:09:04,160
totally refused to answer later

111
00:09:10,710 --> 00:09:07,920
i did get to brad sorensen

112
00:09:13,030 --> 00:09:10,720
once who refused any communication

113
00:09:16,230 --> 00:09:13,040

refused to answer any questions

114

00:09:19,990 --> 00:09:16,240

refused to even verify that he had

115

00:09:22,070 --> 00:09:20,000

seen this arv

116

00:09:23,030 --> 00:09:22,080

now i know for a fact that he had spoken

117

00:09:26,790 --> 00:09:23,040

to other

118

00:09:29,350 --> 00:09:26,800

researchers and to some he

119

00:09:32,230 --> 00:09:29,360

verified that he indeed saw this craft

120

00:09:35,670 --> 00:09:32,240

described its mark mccandless who then

121

00:09:40,949 --> 00:09:35,680

made these famous drawings of the arv

122

00:09:45,750 --> 00:09:43,590

friends this is an incredible story that

123

00:09:49,509 --> 00:09:45,760

i have followed with

124

00:09:53,030 --> 00:09:49,519

interest since it started

125

00:09:56,710 --> 00:09:53,040

most recently mark mccandlish

126

00:09:58,949 --> 00:09:56,720

to his credit submitted himself to uh

127

00:10:00,790 --> 00:09:58,959

questions from real scientists about how

128

00:10:02,230 --> 00:10:00,800

this thing worked or he believed it

129

00:10:04,790 --> 00:10:02,240

worked

130

00:10:06,949 --> 00:10:04,800

uh at something called the apec

131

00:10:09,990 --> 00:10:06,959

conference that you guys may have heard

132

00:10:10,790 --> 00:10:10,000

alien scientists talk about and

133

00:10:12,550 --> 00:10:10,800

interestingly

134

00:10:14,150 --> 00:10:12,560

i asked the alien scientist on a

135

00:10:17,430 --> 00:10:14,160

previous show here

136

00:10:19,430 --> 00:10:17,440

if they were he and his scientist

137

00:10:21,509 --> 00:10:19,440

friends who are so interested in ufo

138

00:10:25,750 --> 00:10:21,519

propulsion technology

139

00:10:28,310 --> 00:10:25,760

are going to try to recreate it

140

00:10:29,750 --> 00:10:28,320

make a scale model a working scale model

141

00:10:33,269 --> 00:10:29,760

can we see if this thing

142

00:10:35,590 --> 00:10:33,279

really is an anti-gravity machine

143

00:10:38,230 --> 00:10:35,600

also of interest to me is that this

144

00:10:39,430 --> 00:10:38,240

device the arv the alien reproduction

145

00:10:43,350 --> 00:10:39,440

vehicle

146

00:10:45,829 --> 00:10:43,360

much like others that proven con artists

147

00:10:47,110 --> 00:10:45,839

have tried to push like john searle and

148

00:10:49,670 --> 00:10:47,120

others

149

00:10:50,389 --> 00:10:49,680

was not just an anti-gravity device but

150

00:10:55,670 --> 00:10:50,399

also

151

00:11:01,990 --> 00:10:58,829

and much like other now proven

152

00:11:05,350 --> 00:11:02,000

scams mark mccandlish did talk

153

00:11:09,670 --> 00:11:05,360

about tesla and tesla technology being a

154

00:11:14,069 --> 00:11:12,310

it's always interesting to me that there

155

00:11:16,550 --> 00:11:14,079

seems to be a pattern with

156

00:11:18,150 --> 00:11:16,560

some of these guys they claim they have

157

00:11:21,670 --> 00:11:18,160

an anti-gravity machine

158

00:11:25,670 --> 00:11:21,680

it's also a free energy machine and oh

159

00:11:26,550 --> 00:11:25,680

yes uh by the way this was influenced or

160

00:11:29,590 --> 00:11:26,560

created

161

00:11:32,949 --> 00:11:29,600

through tesla technology or studying old

162

00:11:37,910 --> 00:11:32,959

tesla technology trying to find

163

00:11:42,230 --> 00:11:41,509

i am going to put up my fair use banner

164

00:11:44,550 --> 00:11:42,240

and uh

165

00:11:46,630 --> 00:11:44,560

but oh before i forget i really wanna i

166

00:11:49,509 --> 00:11:46,640

wanna make sure that i remember this

167

00:11:51,030 --> 00:11:49,519

before the stream began tonight before

168

00:11:52,710 --> 00:11:51,040

the show even began tonight we had

169

00:11:56,069 --> 00:11:52,720

several super chatter

170

00:11:58,230 --> 00:11:56,079

continue

196

00:12:49,990 --> 00:12:47,120

in this important work uh

197

00:12:51,990 --> 00:12:50,000

back to mr mccandlish i mentioned that i

198

00:12:53,030 --> 00:12:52,000

had spoken to him i'd spoken to him on

199

00:12:56,790 --> 00:12:53,040

the phone

200

00:13:00,150 --> 00:12:56,800

some i gotta say six or seven

201

00:13:03,350 --> 00:13:00,160

times uh i would i initially

202

00:13:05,990 --> 00:13:03,360

uh got to talk to him and again he would

203

00:13:08,069 --> 00:13:06,000

not submit to an on the record

204

00:13:09,269 --> 00:13:08,079

official interview but what he said to

205

00:13:11,030 --> 00:13:09,279

me was

206

00:13:12,550 --> 00:13:11,040

i'd be happy to answer questions but i

207

00:13:14,069 --> 00:13:12,560

just don't want to get into a public

208

00:13:15,990 --> 00:13:14,079

thing right now i've got a lot of things

209

00:13:18,069 --> 00:13:16,000

going on in my personal life which i had

210

00:13:19,670 --> 00:13:18,079

to admire and respect

211

00:13:22,069 --> 00:13:19,680

but he did answer a lot of questions

212

00:13:24,870 --> 00:13:22,079

that i had i had a lot of questions

213

00:13:27,910 --> 00:13:24,880

about his relationship with brad

214

00:13:31,269 --> 00:13:27,920

which he told me was sort of

215

00:13:35,910 --> 00:13:31,279

uh they were continued

216

00:13:39,990 --> 00:13:37,670

also of note is that there is an

217

00:13:42,949 --> 00:13:40,000

incredible documentary about this and i

218

00:13:44,389 --> 00:13:42,959

can't i it's free on youtube and

219

00:13:48,470 --> 00:13:44,399

interestingly

220

00:13:51,829 --> 00:13:48,480

especially considering uh some

221

00:13:55,110 --> 00:13:51,839

tragic events that have taken place

222

00:13:57,110 --> 00:13:55,120

recently i cannot find the documentary

223

00:13:59,509 --> 00:13:57,120

on this arv so if somebody

224

00:14:01,350 --> 00:13:59,519

knows uh what it's called it was

225

00:14:03,030 --> 00:14:01,360

something like the flux liner mark

226

00:14:06,949 --> 00:14:03,040

mccandlish

227

00:14:08,949 --> 00:14:06,959

arv i looked i searched a bunch i just

228

00:14:11,110 --> 00:14:08,959

did not have time today to really do a

229

00:14:13,829 --> 00:14:11,120

deep search of youtube looking for it

230

00:14:15,509 --> 00:14:13,839

i've seen this documentary 10 times also

231

00:14:18,150 --> 00:14:15,519

interesting of note

232

00:14:20,389 --> 00:14:18,160

and this is why conspiracy land is

233

00:14:22,870 --> 00:14:20,399

conspiracy land the person who made the

234

00:14:26,389 --> 00:14:22,880

documentary with mark mccandlish or

235

00:14:29,110 --> 00:14:26,399

about this alien reproduction vehicle

236

00:14:30,710 --> 00:14:29,120

shortly before the documentary was

237

00:14:33,910 --> 00:14:30,720

completed

238

00:14:35,750 --> 00:14:33,920

developed a fast acting cancer and died

239

00:14:38,790 --> 00:14:35,760

suddenly

240

00:14:39,910 --> 00:14:38,800

this of course led to a great deal more

241

00:14:41,500 --> 00:14:39,920

conspiracies

242

00:14:43,269 --> 00:14:41,510

right

243

00:14:46,230 --> 00:14:43,279

[Music]

244

00:14:47,509 --> 00:14:46,240

and people believed that there was some

245

00:14:52,389 --> 00:14:47,519

sort of conspiracy

246

00:14:55,750 --> 00:14:52,399

to hide this information to

247

00:14:59,350 --> 00:14:55,760

stop the public from learning about this

248

00:15:02,550 --> 00:14:59,360

so-called arv or alien reproduction

249

00:15:05,189 --> 00:15:02,560

vehicle so i'm going to put my fair use

250

00:15:05,910 --> 00:15:05,199

banner up here before i forget we

251
00:15:09,269 --> 00:15:05,920
occasionally

252
00:15:12,389 --> 00:15:09,279
share public works

253
00:15:14,790 --> 00:15:12,399
things out there in the public we share

254
00:15:17,910 --> 00:15:14,800
and use those materials for an

255
00:15:21,430 --> 00:15:19,670
purpose we are educating the public

256
00:15:23,110 --> 00:15:21,440
about these subjects and that is covered

257
00:15:25,269 --> 00:15:23,120
under fair use we are also going to be

258
00:15:26,150 --> 00:15:25,279
critiquing and discussing the video that

259
00:15:29,030 --> 00:15:26,160
we are

260
00:15:30,870 --> 00:15:29,040
sharing and audio as well this is

261
00:15:32,389 --> 00:15:30,880
covered under fair use and is allowable

262
00:15:34,550 --> 00:15:32,399
by law

263
00:15:36,629 --> 00:15:34,560

we are big believers in fair use here so

264

00:15:39,269 --> 00:15:36,639

i'm going to cite fair use as i share

265

00:15:43,509 --> 00:15:42,790

now historic really uh testimony that mr

266

00:15:46,310 --> 00:15:43,519

mccandless

267

00:15:46,949 --> 00:15:46,320

gave at this citizens ufo hearing run by

268

00:15:50,230 --> 00:15:46,959

dr

269

00:15:52,310 --> 00:15:50,240

going to

327

00:17:58,630 --> 00:17:51,200

listen to mr mccandless testimony here

328

00:18:03,190 --> 00:18:01,270

good morning my name is mark mccandlish

329

00:18:05,350 --> 00:18:03,200

and for the last 21 years

330

00:18:07,830 --> 00:18:05,360

i have worked as a conceptual artist for

331

00:18:10,390 --> 00:18:07,840

a variety of defense contractors

332

00:18:11,590 --> 00:18:10,400

i've been involved in conceptual artwork

333

00:18:15,590 --> 00:18:11,600

of the production thereof

334

00:18:18,070 --> 00:18:15,600

for rockwell on the x30 program

335

00:18:20,549 --> 00:18:18,080

and also on the the high step program

336

00:18:23,669 --> 00:18:20,559

that's spelled hystp means

337

00:18:25,029 --> 00:18:23,679

hypersonic test bed program

338

00:18:28,230 --> 00:18:25,039

during the course of my career i've

339

00:18:30,630 --> 00:18:28,240

twice had a secret security clearance

340

00:18:32,230 --> 00:18:30,640

in 1967 while my father was stationed in

341

00:18:34,150 --> 00:18:32,240

westover air force base the uh

342

00:18:35,750 --> 00:18:34,160

headquarters rate therefore strategic

343

00:18:37,270 --> 00:18:35,760

air command

344

00:18:39,270 --> 00:18:37,280

i witnessed and watched through a

345

00:18:41,590 --> 00:18:39,280

telescope a ufo which hovered over a

346

00:18:43,110 --> 00:18:41,600

nuclear weapons storage facility

347

00:18:45,510 --> 00:18:43,120

for approximately 10 minutes and then

348

00:18:47,270 --> 00:18:45,520

departed with an acceleration

349

00:18:48,870 --> 00:18:47,280

approaching a bullet leaving a rifle

350

00:18:50,630 --> 00:18:48,880

barrel

351

00:18:52,230 --> 00:18:50,640

i just want to break in here we have to

352

00:18:54,310 --> 00:18:52,240

we have to stop the video every once a

353

00:18:57,029 --> 00:18:54,320

while to make sure it remains

354

00:18:59,510 --> 00:18:57,039

covered under fair use so i'll cite

355

00:19:02,150 --> 00:18:59,520

their use again and just mention that uh

356

00:19:05,110 --> 00:19:02,160

mr mccandless just now said that he had

357

00:19:07,750 --> 00:19:05,120

top secret clearance twice in his career

358

00:19:08,830 --> 00:19:07,760

and it's interesting for those unaware i

359

00:19:11,590 --> 00:19:08,840

grew up

360

00:19:13,590 --> 00:19:11,600

uh with a father who was very into

361

00:19:14,630 --> 00:19:13,600

aviation in aviation history and

362

00:19:16,950 --> 00:19:14,640

airplanes and

363

00:19:19,590 --> 00:19:16,960

supersonic jets and stealth planes he

364

00:19:21,270 --> 00:19:19,600

loved all things aviation so he got

365

00:19:23,990 --> 00:19:21,280

we got popular science and popular

366

00:19:26,150 --> 00:19:24,000

mechanics and mr mccandless

367

00:19:27,430 --> 00:19:26,160

drawings were frequent in those

368

00:19:29,909 --> 00:19:27,440

publications

369

00:19:30,950 --> 00:19:29,919

especially when it came to super

370

00:19:34,390 --> 00:19:30,960

high-tech

371

00:19:36,710 --> 00:19:34,400

uh you know aero space

372

00:19:39,270 --> 00:19:36,720

projects arrow you know planes that

373

00:19:41,270 --> 00:19:39,280

could also fly in space and all of these

374

00:19:43,590 --> 00:19:41,280

other really high-tech

375

00:19:45,110 --> 00:19:43,600

vehicles that were being developed at

376

00:19:47,669 --> 00:19:45,120

least in concept form

377

00:19:48,789 --> 00:19:47,679

or talked about mr mccandlish was right

378

00:19:51,270 --> 00:19:48,799

there

379

00:19:52,230 --> 00:19:51,280

doing the conceptual artwork for many

380

00:19:55,510 --> 00:19:52,240

many

381

00:19:58,950 --> 00:19:55,520

major aerospace companies

382

00:20:01,590 --> 00:19:58,960

which is interesting to me uh it's like

383

00:20:01,990 --> 00:20:01,600

this story fell into the hands of the

384

00:20:05,190 --> 00:20:02,000

guy

385

00:20:07,110 --> 00:20:05,200

most perfect to show us how this

386

00:20:08,310 --> 00:20:07,120

arv works and i always found that

387

00:20:11,510 --> 00:20:08,320

fascinating

388

00:20:16,549 --> 00:20:11,520

um oh i'm sorry

389

00:20:19,510 --> 00:20:16,559

uh in uh in 1988 in november

390

00:20:21,750 --> 00:20:19,520

a college buddy of mine an associate by

391

00:20:23,669 --> 00:20:21,760

the name of brad sorensen

392

00:20:25,669 --> 00:20:23,679

informed me that he had personally

393

00:20:28,310 --> 00:20:25,679

witnessed three flying saucers at a very

394

00:20:30,070 --> 00:20:28,320

large hangar at norton air force base

395

00:20:32,830 --> 00:20:30,080

during the course of an air show that

396

00:20:36,310 --> 00:20:32,840

was held on saturday november 12

397

00:20:39,909 --> 00:20:36,320

1988. i subsequently

398

00:20:41,830 --> 00:20:39,919

called my congressman from that district

399

00:20:43,430 --> 00:20:41,840

i called his office this was congressman

400

00:20:46,390 --> 00:20:43,440

georgie brown jr

401
00:20:47,990 --> 00:20:46,400
who at the time was the chairman of the

402
00:20:50,310 --> 00:20:48,000
congressional committee on space

403
00:20:52,070 --> 00:20:50,320
science and advanced technology i

404
00:20:53,909 --> 00:20:52,080
naturally assumed that since this

405
00:20:56,630 --> 00:20:53,919
presentation that brad talked about

406
00:20:58,070 --> 00:20:56,640
was for top military brass and certain

407
00:21:01,029 --> 00:20:58,080
congressional

408
00:21:03,029 --> 00:21:01,039
individuals that his office must have

409
00:21:04,950 --> 00:21:03,039
coordinated this

410
00:21:07,110 --> 00:21:04,960
yeah so he didn't just take the word of

411
00:21:09,830 --> 00:21:07,120
his friend he tried to

412
00:21:10,230 --> 00:21:09,840
follow up and find more information on

413
00:21:14,870 --> 00:21:10,240

this

414

00:21:19,190 --> 00:21:17,270

i myself have been to a bunch of air

415

00:21:20,710 --> 00:21:19,200

shows but i've never been to an air show

416

00:21:22,630 --> 00:21:20,720

where there was a secret hanger with

417

00:21:24,549 --> 00:21:22,640

flying saucers in them

418

00:21:26,789 --> 00:21:24,559

i've been to the maguire air force base

419

00:21:29,029 --> 00:21:26,799

air show many times with my father as a

420

00:21:30,549 --> 00:21:29,039

kid growing up they had the blue angels

421

00:21:32,470 --> 00:21:30,559

and the thunderbirds

422

00:21:34,070 --> 00:21:32,480

it was a great time and you got to climb

423

00:21:35,830 --> 00:21:34,080

in you know as a kid it was great you

424

00:21:38,149 --> 00:21:35,840

got to climb in a bunch of helicopters

425

00:21:39,190 --> 00:21:38,159

or airplanes right take tours of the big

426

00:21:42,230 --> 00:21:39,200

ones like the

427

00:21:44,310 --> 00:21:42,240

cargo planes or the old b2 bombers

428

00:21:45,750 --> 00:21:44,320

but i never saw any flying saucers at

429

00:21:47,430 --> 00:21:45,760

any of these air shows

430

00:21:49,430 --> 00:21:47,440

uh with the local air force office of

431

00:21:51,990 --> 00:21:49,440

public affairs

432

00:21:53,110 --> 00:21:52,000

uh a male staff member in congressman

433

00:21:55,430 --> 00:21:53,120

brown's office

434

00:21:57,270 --> 00:21:55,440

not only confirmed the exhibit but the

435

00:21:58,070 --> 00:21:57,280

fact that there were three disks at that

436

00:22:00,230 --> 00:21:58,080

exhibit

437

00:22:02,710 --> 00:22:00,240

these discs were hovering off the floor

438

00:22:04,789 --> 00:22:02,720

without any visible means of support

439

00:22:06,870 --> 00:22:04,799

they were referred to as alien

440

00:22:09,029 --> 00:22:06,880

reproduction vehicles

441

00:22:12,310 --> 00:22:09,039

also nicknamed the flux liner because

442

00:22:15,590 --> 00:22:12,320

they used high voltage electricity

443

00:22:17,590 --> 00:22:15,600

um let's see

444

00:22:19,190 --> 00:22:17,600

to keep things short this this is a

445

00:22:23,110 --> 00:22:19,200

diagram that i

446

00:22:25,190 --> 00:22:23,120

made based on a

447

00:22:27,029 --> 00:22:25,200

a sketch that brad sorensen did for me

448

00:22:29,990 --> 00:22:27,039

in rough form

449

00:22:31,750 --> 00:22:30,000

uh so as the story goes that and i've

450

00:22:32,630 --> 00:22:31,760

heard him tell this a bunch of different

451
00:22:34,870 --> 00:22:32,640
times

452
00:22:36,630 --> 00:22:34,880
brad sorensen was drawing very rough

453
00:22:37,029 --> 00:22:36,640
drawings for him and then he would drill

454
00:22:39,350 --> 00:22:37,039
down

455
00:22:40,230 --> 00:22:39,360
on each component with brad sorensen

456
00:22:42,789 --> 00:22:40,240
trying to get

457
00:22:45,110 --> 00:22:42,799
the absolute most detail that he could

458
00:22:47,830 --> 00:22:45,120
and then he created these cutaway

459
00:22:48,230 --> 00:22:47,840
technical drawings of this thing which

460
00:22:50,070 --> 00:22:48,240
uh

461
00:22:51,830 --> 00:22:50,080
to this day i think are amazing i want

462
00:22:55,350 --> 00:22:51,840
to get a blow up of that

463
00:22:57,110 --> 00:22:55,360

mark mccandless arv you know

464

00:22:58,390 --> 00:22:57,120

technical drawing and hang it somewhere

465

00:23:01,430 --> 00:22:58,400

in my office

466

00:23:03,270 --> 00:23:01,440

just amazing detail and i've heard him

467

00:23:05,350 --> 00:23:03,280

mention many times that they drilled

468

00:23:07,510 --> 00:23:05,360

down on the tiniest of details

469

00:23:09,270 --> 00:23:07,520

the tiniest of details on every

470

00:23:11,590 --> 00:23:09,280

component of this thing

471

00:23:13,430 --> 00:23:11,600

he would sit and pick brad sorensen's

472

00:23:15,909 --> 00:23:13,440

brain make alterations

473

00:23:17,510 --> 00:23:15,919

upgrades modify the drawing and just

474

00:23:20,070 --> 00:23:17,520

keep drilling down to try to get the

475

00:23:23,830 --> 00:23:20,080

drawing as accurate as possible

476
00:23:26,149 --> 00:23:23,840
shortly after he had his sighting

477
00:23:27,669 --> 00:23:26,159
and subsequently cleaned that drawing up

478
00:23:30,149 --> 00:23:27,679
and made it much more accurate

479
00:23:33,029 --> 00:23:30,159
and that's the drawing that dr greer is

480
00:23:40,390 --> 00:23:36,950
later on i obtained photographs

481
00:23:44,070 --> 00:23:40,400
that were taken in 1967

482
00:23:46,789 --> 00:23:44,080
by a military pilot harvey williams

483
00:23:47,750 --> 00:23:46,799
flying a c-47 for the air force at 12

484
00:23:49,990 --> 00:23:47,760
000 feet

485
00:23:51,830 --> 00:23:50,000
approximately 25 miles southwest of

486
00:23:54,390 --> 00:23:51,840
provo utah

487
00:23:56,470 --> 00:23:54,400
this particular vehicle matches the

488
00:23:58,470 --> 00:23:56,480

so-called arv

489

00:24:00,630 --> 00:23:58,480

in all proportions in respects in terms

490

00:24:02,470 --> 00:24:00,640

of the detail of the shape of the craft

491

00:24:05,110 --> 00:24:02,480

and this was photographed as i say in

492

00:24:09,029 --> 00:24:05,120

june or july of

493

00:24:11,669 --> 00:24:09,039

june of 1967. so there we have

494

00:24:12,870 --> 00:24:11,679

an air force pilot who takes pictures

495

00:24:16,390 --> 00:24:12,880

and reports

496

00:24:20,950 --> 00:24:16,400

a craft that is eerily similar to

497

00:24:22,950 --> 00:24:20,960

this arv and this is in 1967.

498

00:24:24,310 --> 00:24:22,960

i would think that an air force pilot is

499

00:24:26,710 --> 00:24:24,320

a good witness

500

00:24:28,789 --> 00:24:26,720

and is credible as far as those pictures

501
00:24:30,310 --> 00:24:28,799

go

502
00:24:32,390 --> 00:24:30,320

but the one thing i'll say is that some

503
00:24:33,750 --> 00:24:32,400

of those those pictures that mark is

504
00:24:36,310 --> 00:24:33,760

referencing here

505
00:24:38,870 --> 00:24:36,320

look eerily similar to me to some things

506
00:24:42,710 --> 00:24:38,880

i've seen like billy meyer

507
00:24:44,549 --> 00:24:42,720

faked ufo photos and others

508
00:24:46,070 --> 00:24:44,559

which always gave me pause but when i

509
00:24:49,430 --> 00:24:46,080

come back to the fact that it's an

510
00:24:52,230 --> 00:24:49,440

air force pilot apparently telling this

511
00:24:54,549 --> 00:24:52,240

story and showing these pictures

512
00:24:56,390 --> 00:24:54,559

i changed my mind and i don't believe

513
00:24:58,390 --> 00:24:56,400

that that pilot really tried to profit

514

00:25:01,430 --> 00:24:58,400

very much he showed the pictures and

515

00:25:03,110 --> 00:25:01,440

and reported the sighting um

516

00:25:04,950 --> 00:25:03,120

much different from somebody becoming

517

00:25:06,950 --> 00:25:04,960

trying to become a ufo profit and

518

00:25:09,669 --> 00:25:06,960

collect money for you know

519

00:25:10,310 --> 00:25:09,679

50 years for their so-called alien

520

00:25:12,390 --> 00:25:10,320

insights

521

00:25:13,990 --> 00:25:12,400

you know that person didn't try to make

522

00:25:16,870 --> 00:25:14,000

money off of this

523

00:25:17,590 --> 00:25:16,880

uh corroborating evidence that mr

524

00:25:19,909 --> 00:25:17,600

mccandless

525

00:25:22,070 --> 00:25:19,919

is offering saying like yeah we've got

526
00:25:24,149 --> 00:25:22,080
this we've got people who have witnessed

527
00:25:25,029 --> 00:25:24,159
this craft here's the drawings i've made

528
00:25:28,149 --> 00:25:25,039
them as

529
00:25:30,390 --> 00:25:28,159
technical and as accurate as i can

530
00:25:32,470 --> 00:25:30,400
and here we have photographs that match

531
00:25:35,510 --> 00:25:32,480
this vehicle

532
00:25:39,350 --> 00:25:35,520
uh in many many respects that was cited

533
00:25:41,510 --> 00:25:39,360
in 1967 and this story goes that these

534
00:25:43,590 --> 00:25:41,520
aircraft that this brad sorenson saw in

535
00:25:46,789 --> 00:25:43,600
the hangar were

536
00:25:49,990 --> 00:25:46,799
obviously older they were beat up

537
00:25:52,310 --> 00:25:50,000
scuff marks they just had the look that

538
00:25:54,549 --> 00:25:52,320

they were built some time ago

539

00:25:57,110 --> 00:25:54,559

and according to brad sorensen and i

540

00:25:58,789 --> 00:25:57,120

suppose later mark mccandlish

541

00:26:01,590 --> 00:25:58,799

the united states government developed

542

00:26:05,430 --> 00:26:01,600

this technology in the early

543

00:26:07,029 --> 00:26:05,440

i'm sorry either in the mid 50s or early

544

00:26:08,710 --> 00:26:07,039

60s

545

00:26:10,549 --> 00:26:08,720

my memory is a little foggy on that

546

00:26:13,669 --> 00:26:10,559

you'll have to forgive me

547

00:26:15,830 --> 00:26:13,679

but either way that's crazy if true that

548

00:26:18,710 --> 00:26:15,840

the united states military has had

549

00:26:19,669 --> 00:26:18,720

this electrogravitic anti-gravity

550

00:26:26,390 --> 00:26:19,679

technology

551

00:26:30,390 --> 00:26:27,750

i uh

552

00:26:33,510 --> 00:26:30,400

[Music]

553

00:26:34,230 --> 00:26:33,520

later um spoke to a gentleman by the

554

00:26:36,470 --> 00:26:34,240

name of kent

555

00:26:39,190 --> 00:26:36,480

selen that i met at an air show at

556

00:26:42,230 --> 00:26:39,200

edwards air force base in 1992 the first

557

00:26:44,870 --> 00:26:42,240

unveiling publicly of the b-2 bomber

558

00:26:46,789 --> 00:26:44,880

he indicated to me that in 1973 when he

559

00:26:49,350 --> 00:26:46,799

was a crew chief

560

00:26:50,950 --> 00:26:49,360

working on experimental aircraft at

561

00:26:54,230 --> 00:26:50,960

edwards air force base

562

00:26:55,990 --> 00:26:54,240

that he had unintentionally wandered

563

00:26:57,269 --> 00:26:56,000

into an area where there was a

564

00:27:01,029 --> 00:26:57,279

classified aircraft

565

00:27:02,470 --> 00:27:01,039

namely the arv he described it in detail

566

00:27:05,350 --> 00:27:02,480

and he added

567

00:27:07,269 --> 00:27:05,360

other details to the account concerning

568

00:27:09,750 --> 00:27:07,279

the configuration and the

569

00:27:11,510 --> 00:27:09,760

operations vehicle that brad sorensen

570

00:27:14,149 --> 00:27:11,520

was not aware of

571

00:27:15,990 --> 00:27:14,159

uh subsequently brad sorensen met with

572

00:27:17,110 --> 00:27:16,000

the famous aeronautical designer bert

573

00:27:19,190 --> 00:27:17,120

rattan

574

00:27:20,950 --> 00:27:19,200

gave him a copy of this blueprint which

575

00:27:24,230 --> 00:27:20,960

you've just been shown

576

00:27:25,430 --> 00:27:24,240

mr rattan felt that it was a joke and

577

00:27:28,789 --> 00:27:25,440

put it on his wall

578

00:27:31,350 --> 00:27:28,799

as kind of a joke and a third party

579

00:27:33,269 --> 00:27:31,360

confirmed for me later that a colonel

580

00:27:33,990 --> 00:27:33,279

ray walsh from edwards air force base

581

00:27:37,510 --> 00:27:34,000

was visiting

582

00:27:38,070 --> 00:27:37,520

mr rattan saw this uh this blueprint on

583

00:27:39,990 --> 00:27:38,080

the wall

584

00:27:41,909 --> 00:27:40,000

and registered quite a degree of shock

585

00:27:43,350 --> 00:27:41,919

and anger wanted to know where the hell

586

00:27:45,750 --> 00:27:43,360

he got this blueprint

587

00:27:49,590 --> 00:27:45,760

because there was in fact such a craft

588

00:27:52,070 --> 00:27:49,600

at that time approximately 194 94 95

589

00:27:54,230 --> 00:27:52,080

in a hangar at edwards air force base

590

00:27:56,549 --> 00:27:54,240

north base complex

591

00:27:57,590 --> 00:27:56,559

so interestingly people have done foia

592

00:27:59,990 --> 00:27:57,600

requests edward

593

00:28:01,909 --> 00:28:00,000

air force base and other government and

594

00:28:02,789 --> 00:28:01,919

nothing ever comes back the government

595

00:28:04,710 --> 00:28:02,799

always says

596

00:28:06,789 --> 00:28:04,720

we don't have anything about this

597

00:28:11,029 --> 00:28:06,799

so-called aircraft

598

00:28:12,870 --> 00:28:11,039

at that time subsequently i've

599

00:28:14,789 --> 00:28:12,880

done a lot of research on this product

600

00:28:16,310 --> 00:28:14,799

this this vehicle

601
00:28:17,990 --> 00:28:16,320
i've come across a number of

602
00:28:19,750 --> 00:28:18,000
declassified documents

603
00:28:21,190 --> 00:28:19,760
that show that the air force as early as

604
00:28:23,750 --> 00:28:21,200
1960 was

605
00:28:24,310 --> 00:28:23,760
wind tunnel testing flying saucer shapes

606
00:28:29,269 --> 00:28:24,320
up to

607
00:28:32,389 --> 00:28:29,279
mach 20 and i also have declassified

608
00:28:34,310 --> 00:28:32,399
nasa documents that show similar shapes

609
00:28:37,830 --> 00:28:34,320
in fact this is this is the document

610
00:28:43,590 --> 00:28:41,110
more or less details the wind tunnel

611
00:28:46,230 --> 00:28:43,600
testing up to mach 20. this is the nasa

612
00:28:48,149 --> 00:28:46,240
document right here that was

613
00:28:50,630 --> 00:28:48,159

declassified and it shows

614

00:28:51,430 --> 00:28:50,640

a variety of spherical and lenticular

615

00:28:53,909 --> 00:28:51,440

shapes that were

616

00:28:55,350 --> 00:28:53,919

flight tested up to or i should say wind

617

00:28:59,590 --> 00:28:55,360

tunnel tested up to mach

618

00:29:02,950 --> 00:28:59,600

6. so interesting that the government is

619

00:29:05,830 --> 00:29:02,960

experimenting with you know these exact

620

00:29:06,710 --> 00:29:05,840

shapes in wind tunnel tests why would

621

00:29:08,950 --> 00:29:06,720

they be doing that

622

00:29:10,710 --> 00:29:08,960

unless they were developing a craft that

623

00:29:12,230 --> 00:29:10,720

was shaped that way

624

00:29:14,310 --> 00:29:12,240

uh you know there's a lot of

625

00:29:17,430 --> 00:29:14,320

circumstantial evidence to this case

626

00:29:19,029 --> 00:29:17,440

but it it adds up and then it weighs on

627

00:29:22,470 --> 00:29:19,039

your mind i think as

628

00:29:24,310 --> 00:29:22,480

as time goes on i subsequently uh obtain

629

00:29:26,149 --> 00:29:24,320

a copy of an interoffice memo from

630

00:29:29,029 --> 00:29:26,159

hercules aerospace

631

00:29:29,750 --> 00:29:29,039

that describes a particular type of

632

00:29:31,590 --> 00:29:29,760

science

633

00:29:32,870 --> 00:29:31,600

involving something called zero point

634

00:29:37,350 --> 00:29:32,880

energy

635

00:29:39,190 --> 00:29:37,360

and scalar waves

636

00:29:40,870 --> 00:29:39,200

according to brad sorensen this is the

637

00:29:41,669 --> 00:29:40,880

basis of the technology for these

638

00:29:44,070 --> 00:29:41,679

anti-gravity

639

00:29:45,190 --> 00:29:44,080

propulsion systems this particular

640

00:29:47,510 --> 00:29:45,200

document here

641

00:29:48,549 --> 00:29:47,520

describes six different meetings

642

00:29:50,789 --> 00:29:48,559

involving

643

00:29:52,549 --> 00:29:50,799

the defense intelligence agency and

644

00:29:55,350 --> 00:29:52,559

cooperative efforts with the

645

00:29:57,110 --> 00:29:55,360

the russian scientific community in

646

00:29:58,950 --> 00:29:57,120

investigating this uh

647

00:30:00,389 --> 00:29:58,960

what is called the fundamental enabling

648

00:30:02,389 --> 00:30:00,399

technology that was originally

649

00:30:04,470 --> 00:30:02,399

discovered apparently by nikola tesla in

650

00:30:06,710 --> 00:30:04,480

the early 1900s

651
00:30:08,070 --> 00:30:06,720
anyway uh i could provide you much more

652
00:30:10,630 --> 00:30:08,080
detail and

653
00:30:12,630 --> 00:30:10,640
at a later time and i am prepared to

654
00:30:14,070 --> 00:30:12,640
testify in detail concerning these

655
00:30:17,110 --> 00:30:14,080
events and their truthfulness before

656
00:30:18,950 --> 00:30:17,120
congress thank you very much

657
00:30:21,750 --> 00:30:18,960
well that was a lot to take in and this

658
00:30:24,710 --> 00:30:21,760
is why i chose this specific

659
00:30:25,750 --> 00:30:24,720
i definitely chose this specific video

660
00:30:28,470 --> 00:30:25,760
because he pretty much

661
00:30:29,510 --> 00:30:28,480
lays it all out in this short six minute

662
00:30:31,830 --> 00:30:29,520
clip

663
00:30:34,070 --> 00:30:31,840

uh william pixley is here and says

664

00:30:35,510 --> 00:30:34,080

scalar equals proven technology

665

00:30:38,470 --> 00:30:35,520

it depends on what you're trying to

666

00:30:43,190 --> 00:30:38,480

prove i suppose mr pixley

667

00:30:47,269 --> 00:30:43,200

right so this story has

668

00:30:49,990 --> 00:30:47,279

gone on and on since 1988

669

00:30:52,070 --> 00:30:50,000

and mr mccandless has appeared in public

670

00:30:53,830 --> 00:30:52,080

discussing these alien reproduction

671

00:30:56,430 --> 00:30:53,840

vehicles

672

00:30:58,389 --> 00:30:56,440

on podcasts on coast to coast on

673

00:31:03,110 --> 00:30:58,399

documentaries

674

00:31:06,070 --> 00:31:03,120

and other venues

675

00:31:07,430 --> 00:31:06,080

discussing this alien reproduction

676

00:31:09,990 --> 00:31:07,440

vehicle

677

00:31:12,070 --> 00:31:10,000

this is one of those stories i've always

678

00:31:14,149 --> 00:31:12,080

wanted to believe

679

00:31:15,909 --> 00:31:14,159

do i believe that the government has top

680

00:31:17,590 --> 00:31:15,919

secret uh

681

00:31:19,029 --> 00:31:17,600

flying technology that they're not

682

00:31:22,710 --> 00:31:19,039

revealing to us

683

00:31:24,870 --> 00:31:22,720

absolutely but it is a bridge too far

684

00:31:28,950 --> 00:31:24,880

for me without further proof or evidence

685

00:31:31,029 --> 00:31:28,960

to say they have vehicles that were back

686

00:31:32,070 --> 00:31:31,039

engineered from alien technology that

687

00:31:34,230 --> 00:31:32,080

run on this

688

00:31:36,389 --> 00:31:34,240

that are totally electric don't require

689

00:31:38,389 --> 00:31:36,399

any power because they're also a free

690

00:31:41,909 --> 00:31:38,399

energy device

691

00:31:44,710 --> 00:31:41,919

uh it's fantastical

692

00:31:45,750 --> 00:31:44,720

uh it's it's absolutely fantastical to

693

00:31:48,230 --> 00:31:45,760

believe that

694

00:31:50,389 --> 00:31:48,240

first of all that it just a conservation

695

00:31:53,190 --> 00:31:50,399

of energy to believe that a vehicle

696

00:31:55,509 --> 00:31:53,200

can fly around with no input energy

697

00:31:57,830 --> 00:31:55,519

source

698

00:32:00,310 --> 00:31:57,840

you know i think we have laws there's

699

00:32:03,350 --> 00:32:00,320

there's the laws of physics right

700

00:32:05,110 --> 00:32:03,360

it's not the suggestions of physics

701
00:32:06,950 --> 00:32:05,120
so when people make these fantastical

702
00:32:09,990 --> 00:32:06,960
claims

703
00:32:12,630 --> 00:32:10,000
it gives me some pause because

704
00:32:14,870 --> 00:32:12,640
you know you can't you can't get

705
00:32:17,029 --> 00:32:14,880
something from nothing and i've looked

706
00:32:18,149 --> 00:32:17,039
into these free energy technologies the

707
00:32:20,389 --> 00:32:18,159
only thing that i thought

708
00:32:21,830 --> 00:32:20,399
helped promise was crystal batteries you

709
00:32:23,430 --> 00:32:21,840
could look those up

710
00:32:25,509 --> 00:32:23,440
you could spend the next three months of

711
00:32:28,549 --> 00:32:25,519
your life with a multi-tester and

712
00:32:30,789 --> 00:32:28,559
crystals and grinders and copper tubes

713
00:32:32,310 --> 00:32:30,799

and wires and try to figure this thing

714

00:32:35,509 --> 00:32:32,320

out because i did

715

00:32:38,549 --> 00:32:35,519

and i didn't what i figured out is

716

00:32:41,990 --> 00:32:38,559

that there is some tantalizing

717

00:32:43,590 --> 00:32:42,000

tantalizing ways that you may be able to

718

00:32:46,470 --> 00:32:43,600

not

719

00:32:47,190 --> 00:32:46,480

you know defy the laws of physics but

720

00:32:50,310 --> 00:32:47,200

maybe

721

00:32:53,269 --> 00:32:50,320

physics

722

00:32:55,190 --> 00:32:53,279

loopholes that make some of these things

723

00:32:57,830 --> 00:32:55,200

entirely possible

724

00:33:00,470 --> 00:32:57,840

i don't know have not done my due

725

00:33:02,470 --> 00:33:00,480

diligence of enough research to say

726

00:33:03,830 --> 00:33:02,480

none of this works but i will say that

727

00:33:07,590 --> 00:33:03,840

most of it doesn't work

728

00:33:10,710 --> 00:33:07,600

and there are a huge amount of scammers

729

00:33:13,590 --> 00:33:10,720

in the free energy so-called community

730

00:33:15,590 --> 00:33:13,600

right promising something from nothing

731

00:33:18,149 --> 00:33:15,600

by my plans and then you do and you

732

00:33:20,230 --> 00:33:18,159

build it and it doesn't do anything

733

00:33:22,149 --> 00:33:20,240

i've been there and done that too as a

734

00:33:25,509 --> 00:33:22,159

much younger man

735

00:33:25,909 --> 00:33:25,519

but learned that some guy placing ads in

736

00:33:28,149 --> 00:33:25,919

the

737

00:33:29,430 --> 00:33:28,159

back of magazines for free energy

738

00:33:32,789 --> 00:33:29,440

devices maybe

739

00:33:36,950 --> 00:33:32,799

is not someone you should trust

740

00:33:40,149 --> 00:33:36,960

right so next the story takes

741

00:33:41,830 --> 00:33:40,159

a very tragic end uh first i do want to

742

00:33:44,630 --> 00:33:41,840

mention though that recently

743

00:33:45,669 --> 00:33:44,640

as recently as i think it was november

744

00:33:47,590 --> 00:33:45,679

last november

745

00:33:50,230 --> 00:33:47,600

mark mccandlish appeared before this

746

00:33:52,710 --> 00:33:50,240

apec conference this alternative

747

00:33:55,190 --> 00:33:52,720

propulsion conference that uh alien

748

00:33:57,830 --> 00:33:55,200

scientists you may have heard talk about

749

00:33:59,509 --> 00:33:57,840

and submitted himself to a panel of

750

00:34:00,149 --> 00:33:59,519

scientists that were all asking him

751

00:34:04,549 --> 00:34:00,159

questions

752

00:34:10,869 --> 00:34:07,830

and it's worth a listen it's worth

753

00:34:14,069 --> 00:34:10,879

listening because what if he's he's

754

00:34:17,190 --> 00:34:14,079

nailed this technology what if he

755

00:34:18,389 --> 00:34:17,200

really did crack the code of this both

756

00:34:23,190 --> 00:34:18,399

anti-gravity

757

00:34:27,030 --> 00:34:26,149

i'm not so quick to discount him until

758

00:34:30,790 --> 00:34:27,040

i've

759

00:34:33,270 --> 00:34:30,800

built a model and proven whether the

760

00:34:34,069 --> 00:34:33,280

so-called science that he describes is

761

00:34:38,230 --> 00:34:34,079

actually

762

00:34:41,510 --> 00:34:38,240

a real and workable thing or if it's

763

00:34:43,909 --> 00:34:41,520

kind of like that science fiction talk

764

00:34:46,710 --> 00:34:43,919

that they do in star trek you know

765

00:34:48,869 --> 00:34:46,720

well we get this it's tesla technology

766

00:34:51,750 --> 00:34:48,879

and we have the scalar waves and

767

00:34:53,990 --> 00:34:51,760

zero point providing the energy and uh

768

00:34:57,030 --> 00:34:54,000

the scalar waves provide the propulsion

769

00:35:00,390 --> 00:34:57,040

and yeah it may be

770

00:35:03,910 --> 00:35:00,400

technobabble word salad and until

771

00:35:05,589 --> 00:35:03,920

i decided for my own self that how i

772

00:35:08,710 --> 00:35:05,599

could

773

00:35:09,990 --> 00:35:08,720

reconcile whether i believe this story

774

00:35:13,270 --> 00:35:10,000

or not in my own mind

775

00:35:16,710 --> 00:35:13,280

is to say until i have built the

776

00:35:20,630 --> 00:35:16,720

a device similar to the system that mr

777

00:35:24,710 --> 00:35:23,030

and tested it thoroughly i can't say

778

00:35:27,990 --> 00:35:24,720

that this doesn't work

779

00:35:29,190 --> 00:35:28,000

but i would say that i would be shocked

780

00:35:33,190 --> 00:35:29,200

if it did

781

00:35:36,470 --> 00:35:33,200

i just don't i i understand a lot about

782

00:35:38,390 --> 00:35:36,480

you know uh electrogravitics and some of

783

00:35:41,829 --> 00:35:38,400

the early experiments but

784

00:35:42,150 --> 00:35:41,839

you know ion wind which is just a little

785

00:35:45,190 --> 00:35:42,160

bit

786

00:35:46,069 --> 00:35:45,200

of of wind coming from a high voltage

787

00:35:49,109 --> 00:35:46,079

source

788

00:35:52,470 --> 00:35:49,119

you know and enough

789

00:35:54,150 --> 00:35:52,480

propulsion to propel a huge metal flying

790

00:35:55,990 --> 00:35:54,160

saucer through the sky

791

00:35:57,270 --> 00:35:56,000

especially at the speeds that mr

792

00:35:59,109 --> 00:35:57,280

mccandlish and

793

00:36:00,470 --> 00:35:59,119

others have described these things can

794

00:36:04,150 --> 00:36:00,480

do

795

00:36:06,550 --> 00:36:04,160

is is again a bridge too far for me

796

00:36:07,430 --> 00:36:06,560

sure there's electro gravitics in there

797

00:36:10,790 --> 00:36:07,440

you can

798

00:36:11,990 --> 00:36:10,800

at that but the problem with these

799

00:36:14,710 --> 00:36:12,000

lifters if you

800

00:36:16,150 --> 00:36:14,720

search youtube for lifters right any

801
00:36:18,310 --> 00:36:16,160
gravity lifters yeah

802
00:36:20,230 --> 00:36:18,320
you you pump enough high voltage into

803
00:36:23,750 --> 00:36:20,240
something and it will start floating

804
00:36:26,150 --> 00:36:23,760
if you do it right but the power source

805
00:36:27,910 --> 00:36:26,160
to make that thing float would never fit

806
00:36:31,829 --> 00:36:27,920
on it it would never work

807
00:36:34,310 --> 00:36:31,839
it's too heavy right so

808
00:36:35,349 --> 00:36:34,320
it's a big it's a big step to go from

809
00:36:37,990 --> 00:36:35,359
these

810
00:36:39,990 --> 00:36:38,000
simple technology demonstrators that

811
00:36:40,390 --> 00:36:40,000
don't have any real world applications

812
00:36:44,230 --> 00:36:40,400
yet

813
00:36:46,470 --> 00:36:44,240

to a literal flying saucer anti-gravity

814

00:36:48,390 --> 00:36:46,480

machine that can fly through the sky at

815

00:36:51,430 --> 00:36:48,400

huge speeds

816

00:36:53,829 --> 00:36:51,440

and perform incredible maneuvers

817

00:36:54,630 --> 00:36:53,839

but i can't discount it having not built

818

00:36:59,829 --> 00:36:54,640

that

819

00:37:00,790 --> 00:36:59,839

here's why i'm too lazy to build the

820

00:37:03,030 --> 00:37:00,800

device

821

00:37:04,870 --> 00:37:03,040

v welcome the channel to be in our live

822

00:37:06,470 --> 00:37:04,880

chat with an excellent comment

823

00:37:08,710 --> 00:37:06,480

alien scientists confirmed they are

824

00:37:09,750 --> 00:37:08,720

experimenting making one a smaller scale

825

00:37:12,069 --> 00:37:09,760

this summer

826

00:37:13,670 --> 00:37:12,079

if i'm not mistaken you are correct so

827

00:37:16,150 --> 00:37:13,680

we may have

828

00:37:18,069 --> 00:37:16,160

actual confirmation from real physicists

829

00:37:21,270 --> 00:37:18,079

and real scientists and real

830

00:37:22,069 --> 00:37:21,280

tinkerers very alien scientist is a

831

00:37:26,310 --> 00:37:22,079

smart guy

832

00:37:28,069 --> 00:37:26,320

they're all scientists or have science

833

00:37:28,870 --> 00:37:28,079

degrees in one form or another and

834

00:37:33,030 --> 00:37:28,880

they're

835

00:37:35,190 --> 00:37:33,040

going to build a scale model which is

836

00:37:37,829 --> 00:37:35,200

why i never tried

837

00:37:38,470 --> 00:37:37,839

these guys are much smarter than maybe

838

00:37:40,790 --> 00:37:38,480

and i

839

00:37:41,990 --> 00:37:40,800

am anxiously awaiting hearing what

840

00:37:44,310 --> 00:37:42,000

happens

841

00:37:46,310 --> 00:37:44,320

uh with their attempt to build this

842

00:37:51,990 --> 00:37:46,320

thing

843

00:37:57,190 --> 00:37:55,190

i we cannot tell this story and

844

00:37:58,390 --> 00:37:57,200

and hopefully i'm telling it well this

845

00:37:59,990 --> 00:37:58,400

is uh

846

00:38:01,829 --> 00:38:00,000

again one of those shows that are sort

847

00:38:02,870 --> 00:38:01,839

of off the cuff tonight because we had a

848

00:38:08,550 --> 00:38:02,880

guest cancel

849

00:38:11,190 --> 00:38:08,560

happens uh the tragic part of the story

850

00:38:12,390 --> 00:38:11,200

is more recently so last november mark

851
00:38:14,790 --> 00:38:12,400
mccandless appears

852
00:38:15,510 --> 00:38:14,800
at this alternative propulsion

853
00:38:17,510 --> 00:38:15,520
conference

854
00:38:18,790 --> 00:38:17,520
talking about this alien reproduction

855
00:38:21,349 --> 00:38:18,800
vehicle

856
00:38:21,910 --> 00:38:21,359
seemed to me to be in good spirits and

857
00:38:24,790 --> 00:38:21,920
you know

858
00:38:26,550 --> 00:38:24,800
uh but you never know you never know

859
00:38:30,390 --> 00:38:26,560
what somebody is dealing with

860
00:38:33,910 --> 00:38:30,400
behind the scenes you never know

861
00:38:39,270 --> 00:38:37,750
so recently i heard that mr mccandless

862
00:38:42,310 --> 00:38:39,280
passed away

863
00:38:46,230 --> 00:38:42,320

and i was sad i mean i've talked to him

864

00:38:49,270 --> 00:38:46,240

previously and i

865

00:38:52,069 --> 00:38:49,280

i liked him he was very likable guy and

866

00:38:55,190 --> 00:38:52,079

he was interested in so many things

867

00:38:59,030 --> 00:38:55,200

like experimental aircraft technology

868

00:39:00,870 --> 00:38:59,040

and flying saucers of course and ufos

869

00:39:02,310 --> 00:39:00,880

but he was interested in a lot of

870

00:39:04,950 --> 00:39:02,320

different things that i was

871

00:39:06,310 --> 00:39:04,960

and i had some pretty cool talks with

872

00:39:09,430 --> 00:39:06,320

him

873

00:39:11,430 --> 00:39:09,440

so at first i i didn't know

874

00:39:12,710 --> 00:39:11,440

how he died i just assumed that he had a

875

00:39:15,750 --> 00:39:12,720

heart attack and died

876

00:39:19,349 --> 00:39:15,760

i'm not sure his age maybe he was in his

877

00:39:25,510 --> 00:39:23,510

early 60s maybe late 50s not sure

878

00:39:27,270 --> 00:39:25,520

so i assumed that he had a heart attack

879

00:39:27,990 --> 00:39:27,280

and didn't think much more about it

880

00:39:29,910 --> 00:39:28,000

other than being

881

00:39:31,510 --> 00:39:29,920

sad that i would never get a chance to

882

00:39:37,349 --> 00:39:31,520

interview him

883

00:39:41,910 --> 00:39:39,910

but recently i found out that the story

884

00:39:43,109 --> 00:39:41,920

is much more tragic than that because

885

00:39:46,230 --> 00:39:43,119

mark mccandless

886

00:39:50,310 --> 00:39:46,240

did pass away recently but

887

00:39:52,390 --> 00:39:50,320

he passed away by suicide

888

00:39:54,790 --> 00:39:52,400

and friends the story gets stranger than

889

00:39:56,630 --> 00:39:54,800

that it's not just suicide because

890

00:39:58,630 --> 00:39:56,640

there are various reports that mr

891

00:40:03,670 --> 00:39:58,640

mccandlish

892

00:40:11,190 --> 00:40:08,150

now as you may imagine being a

893

00:40:13,270 --> 00:40:11,200

whistleblower of sorts on secret

894

00:40:16,069 --> 00:40:13,280

government technology that they

895

00:40:18,230 --> 00:40:16,079

that they are hiding from us when

896

00:40:20,069 --> 00:40:18,240

conspiracy land hears that he shot

897

00:40:26,150 --> 00:40:20,079

himself with a shotgun

898

00:40:29,190 --> 00:40:26,160

to his head of course things get crazy

899

00:40:31,109 --> 00:40:29,200

people start reporting all kinds of

900

00:40:33,589 --> 00:40:31,119

conspiracies

901
00:40:36,470 --> 00:40:33,599
and that my friends is where we are at

902
00:40:41,589 --> 00:40:39,829
so uh i'm going to share i'm going to

903
00:40:43,589 --> 00:40:41,599
cite fair use once again

904
00:40:44,950 --> 00:40:43,599
i'll put my fair use banner up we're

905
00:40:48,150 --> 00:40:44,960
going to be sharing from

906
00:40:49,349 --> 00:40:48,160
the public this is a public blog from

907
00:40:52,470 --> 00:40:49,359
joseph

908
00:40:55,530 --> 00:40:52,480
p pharrell noted ufo

909
00:40:57,270 --> 00:40:55,540
author and lecturer

910
00:41:00,230 --> 00:40:57,280
[Music]

911
00:41:01,109 --> 00:41:00,240
and it gives us a lot more detail on the

912
00:41:03,430 --> 00:41:01,119
death

913
00:41:05,670 --> 00:41:03,440

this blog is called the sad and

914

00:41:08,950 --> 00:41:05,680

mysterious death of ufologist

915

00:41:09,510 --> 00:41:08,960

mark mccandlish i'm going to cite fair

916

00:41:10,870 --> 00:41:09,520

use

917

00:41:12,710 --> 00:41:10,880

and we're going to be reading from the

918

00:41:17,910 --> 00:41:12,720

article and discussing it this

919

00:41:21,910 --> 00:41:19,630

and again this is a guy's guys at

920

00:41:25,670 --> 00:41:21,920

deathstar.com if anybody wants the link

921

00:41:27,349 --> 00:41:25,680

i will post it on my twitter

922

00:41:28,870 --> 00:41:27,359

uh i'm just going to read through this

923

00:41:31,430 --> 00:41:28,880

the sad and mysterious death of

924

00:41:33,589 --> 00:41:31,440

ufologist mark mccandlish by joseph p

925

00:41:35,349 --> 00:41:33,599

pharrell we laid off this week's blogs

926
00:41:37,109 --> 00:41:35,359
with a story i did not want to write

927
00:41:38,790 --> 00:41:37,119
much less even hear about and the story

928
00:41:40,309 --> 00:41:38,800
is already a few weeks old

929
00:41:42,150 --> 00:41:40,319
but only now does there appear to be

930
00:41:42,870 --> 00:41:42,160
enough information to justify a blog

931
00:41:44,790 --> 00:41:42,880
about it

932
00:41:46,630 --> 00:41:44,800
a few days ago my friend and colleague

933
00:41:49,030 --> 00:41:46,640
walter bosley asked me if it was true

934
00:41:50,950 --> 00:41:49,040
that mark mccandless had died

935
00:41:52,790 --> 00:41:50,960
i responded that i didn't know but a

936
00:41:54,710 --> 00:41:52,800
search search revealed that he had but

937
00:41:56,230 --> 00:41:54,720
the details were sketchier than they are

938
00:41:58,550 --> 00:41:56,240

now

939

00:41:59,589 --> 00:41:58,560

he goes on to say this hit uncomfortably

940

00:42:04,150 --> 00:41:59,599

close to home

941

00:42:07,670 --> 00:42:06,069

then he goes on to say one can imagine

942

00:42:09,270 --> 00:42:07,680

that when i heard of mr mccandley's

943

00:42:12,550 --> 00:42:09,280

death a little over a month ago i was

944

00:42:13,910 --> 00:42:12,560

saddened and immediately suspicious

945

00:42:15,750 --> 00:42:13,920

one of the things that he talked about

946

00:42:15,990 --> 00:42:15,760

during his talks at the conference was

947

00:42:17,670 --> 00:42:16,000

how

948

00:42:19,589 --> 00:42:17,680

complicated and difficult his life had

949

00:42:21,430 --> 00:42:19,599

become since entering the ufo field with

950

00:42:24,150 --> 00:42:21,440

detailed drawings

951
00:42:26,309 --> 00:42:24,160
also president conference was robert

952
00:42:29,910 --> 00:42:26,319
morningstar who was also a speaker and

953
00:42:30,390 --> 00:42:29,920
gathered and presented the information

954
00:42:32,870 --> 00:42:30,400
uh

955
00:42:33,589 --> 00:42:32,880
you can see of mr mccandless drawings

956
00:42:35,349 --> 00:42:33,599
and are the

957
00:42:36,630 --> 00:42:35,359
high quality work in this presentation

958
00:42:37,750 --> 00:42:36,640
and we'll be sharing some of those

959
00:42:40,069 --> 00:42:37,760
pictures

960
00:42:42,829 --> 00:42:40,079
and this is from an interview with robin

961
00:42:44,790 --> 00:42:42,839
morningstar that's the next thing we'll

962
00:42:46,710 --> 00:42:44,800
share

963
00:42:49,109 --> 00:42:46,720

so uh we're gonna face forward through

964

00:42:51,510 --> 00:42:49,119

some of this as one continues

965

00:42:53,589 --> 00:42:51,520

uh yeah so remember that the source of

966

00:42:56,150 --> 00:42:53,599

this is robert morningstar

967

00:42:57,349 --> 00:42:56,160

and joseph p pharrell is citing his

968

00:43:00,309 --> 00:42:57,359

article

969

00:43:01,190 --> 00:43:00,319

mark mccandless died on april 13th 2021

970

00:43:03,990 --> 00:43:01,200

in his home

971

00:43:05,589 --> 00:43:04,000

uh in reading california of a shotgun

972

00:43:07,990 --> 00:43:05,599

blast to the head

973

00:43:09,589 --> 00:43:08,000

shasta county coroner's official report

974

00:43:12,710 --> 00:43:09,599

cites his death as suicide from a

975

00:43:15,190 --> 00:43:12,720

self-inflicted gunshot wound

976
00:43:16,950 --> 00:43:15,200
according to this source mark mccandless

977
00:43:19,270 --> 00:43:16,960
spoke to his friend rick price

978
00:43:21,030 --> 00:43:19,280
late that day april 13th and mark told

979
00:43:22,309 --> 00:43:21,040
him he was going to rest and would call

980
00:43:24,309 --> 00:43:22,319
him later

981
00:43:25,990 --> 00:43:24,319
mark also spoke with his girlfriend

982
00:43:28,950 --> 00:43:26,000
later and told her that he would

983
00:43:30,630 --> 00:43:28,960
speak to her uh when he went to work at

984
00:43:32,390 --> 00:43:30,640
her animal shelter

985
00:43:34,470 --> 00:43:32,400
apparently mark volunteered at his

986
00:43:35,990 --> 00:43:34,480
girlfriend's animal shelter

987
00:43:37,910 --> 00:43:36,000
when mark did not show up for work and

988
00:43:39,510 --> 00:43:37,920

he failed to call her mark's girlfriend

989

00:43:41,990 --> 00:43:39,520

who had a key to his home

990

00:43:42,630 --> 00:43:42,000

went there to look for him and found his

991

00:43:46,150 --> 00:43:42,640

body

992

00:43:47,990 --> 00:43:46,160

dead from a gunshot wound to his head

993

00:43:50,870 --> 00:43:48,000

and here's where the story gets more

994

00:43:53,589 --> 00:43:50,880

crazy a colleague of mark mccandless a

995

00:43:55,670 --> 00:43:53,599

member of the ufo ssp disclosure group

996

00:43:58,069 --> 00:43:55,680

with which mark mccandless was

997

00:44:00,150 --> 00:43:58,079

associated wrote on may 10th

998

00:44:01,829 --> 00:44:00,160

regarding mark mccandless suicide with

999

00:44:03,270 --> 00:44:01,839

the shotgun blast to his head he was

1000

00:44:06,710 --> 00:44:03,280

going to testify for

1001
00:44:08,390 --> 00:44:06,720
the senate ufo uap meeting in june

1002
00:44:09,750 --> 00:44:08,400
and his testimony would have destroyed

1003
00:44:13,270 --> 00:44:09,760
that we haven't made

1004
00:44:16,790 --> 00:44:13,280
much progress narrative

1005
00:44:18,309 --> 00:44:16,800
also uh then they go on to talk about

1006
00:44:22,069 --> 00:44:18,319
the tic tac

1007
00:44:24,470 --> 00:44:22,079
and how if mark mccandless testified

1008
00:44:26,870 --> 00:44:24,480
it would destroy the narrative uh

1009
00:44:29,910 --> 00:44:26,880
because the tic tac was actually a u.s

1010
00:44:33,990 --> 00:44:29,920
air force secret space program

1011
00:44:37,430 --> 00:44:36,950
yeah and this is of course i'm reporting

1012
00:44:41,349 --> 00:44:37,440
this

1013
00:44:43,750 --> 00:44:41,359

websites

1014

00:44:45,030 --> 00:44:43,760

but i have to be very cautious because

1015

00:44:48,870 --> 00:44:45,040

um

1016

00:44:51,109 --> 00:44:48,880

there are some other claims here uh

1017

00:44:54,069 --> 00:44:51,119

and the claims are that the federal

1018

00:44:59,670 --> 00:44:54,079

government is looking into

1019

00:45:03,349 --> 00:45:02,069

so what we have here is people making

1020

00:45:05,829 --> 00:45:03,359

claims

1021

00:45:08,150 --> 00:45:05,839

that the the locals say that it was a

1022

00:45:11,670 --> 00:45:08,160

suicide

1023

00:45:14,870 --> 00:45:11,680

however some of mr mccandless colleagues

1024

00:45:18,550 --> 00:45:14,880

are claiming that the federal government

1025

00:45:22,550 --> 00:45:18,560

uh is looking into

1026

00:45:26,470 --> 00:45:24,390

and here we have it says finally it has

1027

00:45:27,030 --> 00:45:26,480

been reported by one official that

1028

00:45:29,030 --> 00:45:27,040

several

1029

00:45:30,950 --> 00:45:29,040

federal agencies are investigating the

1030

00:45:33,349 --> 00:45:30,960

death of mark mccandless if mark's death

1031

00:45:35,990 --> 00:45:33,359

was in fact just a suicide the editor

1032

00:45:38,069 --> 00:45:36,000

asks why should further investigations

1033

00:45:41,190 --> 00:45:38,079

by multiple agencies of the us

1034

00:45:44,550 --> 00:45:41,200

government be necessary i reject the

1035

00:45:44,560 --> 00:45:48,870

okay so you know

1036

00:45:55,829 --> 00:45:52,710

now i want to caution everyone because

1037

00:45:59,349 --> 00:45:55,839

if we go into this interview with uh

1038

00:46:01,990 --> 00:45:59,359

ufo ssp whistleblower mark mccandlish

1039

00:46:04,069 --> 00:46:02,000

and this of course is by this robert

1040

00:46:06,710 --> 00:46:04,079

morningstar

1041

00:46:08,550 --> 00:46:06,720

along with mark mccandless story is a

1042

00:46:11,109 --> 00:46:08,560

lot of crazy

1043

00:46:13,109 --> 00:46:11,119

conspiracy land stuff about you know

1044

00:46:15,030 --> 00:46:13,119

psychic weapons and things

1045

00:46:17,510 --> 00:46:15,040

like people being killed by psychic

1046

00:46:19,589 --> 00:46:17,520

weapons and all this crazy woo

1047

00:46:20,710 --> 00:46:19,599

so that gives me pause about believing

1048

00:46:24,710 --> 00:46:20,720

these claims

1049

00:46:27,510 --> 00:46:24,720

or gave me calls so here's what i did

1050

00:46:27,990 --> 00:46:27,520

uh i inquired with the local coroner to

1051
00:46:30,550 --> 00:46:28,000
ask

1052
00:46:31,670 --> 00:46:30,560
if any federal authorities are

1053
00:46:34,950 --> 00:46:31,680
investigating this

1054
00:46:37,030 --> 00:46:34,960
debt i was told not to their knowledge

1055
00:46:38,150 --> 00:46:37,040
not to say that they're not but the

1056
00:46:40,309 --> 00:46:38,160
local coroner

1057
00:46:41,270 --> 00:46:40,319
and local law enforcement are not aware

1058
00:46:45,109 --> 00:46:41,280
of any federal

1059
00:46:47,030 --> 00:46:45,119
agency looking into the suicide of mark

1060
00:46:50,230 --> 00:46:47,040
mccandlish

1061
00:46:51,829 --> 00:46:50,240
myself i would be very suspicious of

1062
00:46:55,670 --> 00:46:51,839
these claims being made by his

1063
00:46:59,990 --> 00:46:57,829

and that's all i'm gonna say i've not

1064

00:47:02,309 --> 00:47:00,000

been able to i cannot

1065

00:47:03,750 --> 00:47:02,319

disprove what these people are writing

1066

00:47:06,950 --> 00:47:03,760

in their blogs

1067

00:47:08,950 --> 00:47:06,960

or reporting but i also can't prove

1068

00:47:11,030 --> 00:47:08,960

that what they're saying about federal

1069

00:47:12,230 --> 00:47:11,040

agencies looking into the death of mark

1070

00:47:14,150 --> 00:47:12,240

mccandlish

1071

00:47:15,670 --> 00:47:14,160

i can't prove that that is actually

1072

00:47:19,030 --> 00:47:15,680

taking place

1073

00:47:21,829 --> 00:47:19,040

i've made a good number

1074

00:47:23,349 --> 00:47:21,839

a goodly number of phone calls i'm not

1075

00:47:24,470 --> 00:47:23,359

sure how many phone calls i should be

1076

00:47:26,790 --> 00:47:24,480

required to make

1077

00:47:29,349 --> 00:47:26,800

to prove or disprove one point from a

1078

00:47:32,309 --> 00:47:29,359

blog post but i've made 10 phone calls

1079

00:47:34,309 --> 00:47:32,319

trying to get trying to get to the truth

1080

00:47:36,309 --> 00:47:34,319

our federal agencies actually looking

1081

00:47:38,950 --> 00:47:36,319

into the death of mark mccandlish and

1082

00:47:44,390 --> 00:47:42,950

to verify that they are indeed doing so

1083

00:47:46,790 --> 00:47:44,400

according to local law enforcement

1084

00:47:48,870 --> 00:47:46,800

they're not aware of any federal

1085

00:47:51,270 --> 00:47:48,880

inquiry or investigation into this

1086

00:47:54,309 --> 00:47:51,280

specific death

1087

00:47:56,470 --> 00:47:54,319

um yeah and and v

1088

00:47:57,670 --> 00:47:56,480

brings up an important part of this

1089

00:47:58,549 --> 00:47:57,680

story i don't see any public

1090

00:48:00,230 --> 00:47:58,559

confirmation

1091

00:48:01,990 --> 00:48:00,240

it was deemed suicide did the family

1092

00:48:03,510 --> 00:48:02,000

make a statement or is this foreign

1093

00:48:05,349 --> 00:48:03,520

morningstar this is for ellen

1094

00:48:09,829 --> 00:48:05,359

morningstar

1095

00:48:12,870 --> 00:48:09,839

uh and you may be surprised uh

1096

00:48:15,510 --> 00:48:12,880

but the cause of death is not

1097

00:48:17,349 --> 00:48:15,520

often just given out to the public so

1098

00:48:21,910 --> 00:48:17,359

there's another problem that i have with

1099

00:48:26,309 --> 00:48:24,870

and uh yeah mark mccandless has a

1100

00:48:30,150 --> 00:48:26,319

website

1101

00:48:36,870 --> 00:48:30,160

lot of information

1102

00:48:39,190 --> 00:48:36,880

it's mark mccandlish mcca and dlish.com

1103

00:48:40,710 --> 00:48:39,200

and there's a great deal of information

1104

00:48:42,630 --> 00:48:40,720

on his website that i hope

1105

00:48:44,950 --> 00:48:42,640

somebody's going to archive now so it

1106

00:48:48,790 --> 00:48:44,960

doesn't get lost to history

1107

00:48:53,030 --> 00:48:48,800

as uh can often happen

1108

00:48:55,750 --> 00:48:53,040

so the tragedy of this story isn't over

1109

00:48:57,670 --> 00:48:55,760

because if people out there in

1110

00:49:00,390 --> 00:48:57,680

conspiracy land are just making up

1111

00:49:02,549 --> 00:49:00,400

things to sell a story based on the

1112

00:49:05,589 --> 00:49:02,559

tragic death

1113

00:49:07,349 --> 00:49:05,599

even that let alone suicide

1114

00:49:09,589 --> 00:49:07,359
of mark mccandless then that is

1115

00:49:11,750 --> 00:49:09,599
deplorable and we're gonna follow up

1116

00:49:14,829 --> 00:49:11,760
with this story and try to find out more

1117

00:49:17,750 --> 00:49:14,839
so we could consider this a part one

1118

00:49:20,150 --> 00:49:17,760
into into this story

1119

00:49:22,309 --> 00:49:20,160
i think i could do a little more digging

1120

00:49:24,630 --> 00:49:22,319
and find some more background detail

1121

00:49:25,990 --> 00:49:24,640
and verification of the claims that are

1122

00:49:29,670 --> 00:49:26,000
being made

1123

00:49:31,420 --> 00:49:29,680
in both joseph p pharrell and

1124

00:49:34,470 --> 00:49:31,430
robert morningstar's blogs

1125

00:49:37,829 --> 00:49:34,480
[Music]

1126

00:49:40,230 --> 00:49:37,839

yes william pixley uh the tragedy is

1127

00:49:42,470 --> 00:49:40,240

this guy is dead by whatever means

1128

00:49:43,589 --> 00:49:42,480

yeah i agree with you it doesn't matter

1129

00:49:47,750 --> 00:49:43,599

how he died any

1130

00:49:49,910 --> 00:49:47,760

any uh any way that he died is

1131

00:49:51,510 --> 00:49:49,920

it's all it's all tragedy especially to

1132

00:49:53,270 --> 00:49:51,520

his friends and family and loved ones

1133

00:49:54,790 --> 00:49:53,280

that he left behind

1134

00:49:57,430 --> 00:49:54,800

and i just want to take a moment to

1135

00:49:58,950 --> 00:49:57,440

remind anybody

1136

00:50:01,030 --> 00:49:58,960

you know if you're feeling that way

1137

1138

00:50:05,430 --> 00:50:03,119

google it there's people out there that

1139

00:50:05,829 --> 00:50:05,440

1142

00:50:12,710 --> 00:50:09,280

nothing

1143

00:50:16,549 --> 00:50:12,720

there's it's just you know

1144

00:50:18,470 --> 00:50:16,559

suicide is a tragic thing if and

1145

00:50:20,710 --> 00:50:18,480

if you're feeling that way please reach

1146

00:50:22,390 --> 00:50:20,720

out to somebody and another thing

1147

00:50:23,910 --> 00:50:22,400

that i just want to mention is that you

1148

00:50:25,270 --> 00:50:23,920

know a lot of people get wrapped up in

1149

00:50:27,589 --> 00:50:25,280

conspiracy land

1150

00:50:29,030 --> 00:50:27,599

and it it's not good for your mental

1151
00:50:31,750 --> 00:50:29,040
health for a lot of people

1152
00:50:33,030 --> 00:50:31,760
it can cause breakdowns it could cause

1153
00:50:36,069 --> 00:50:33,040
psychotic breaks

1154
00:50:37,750 --> 00:50:36,079
studying conspiracy stuff constantly

1155
00:50:39,190 --> 00:50:37,760
filling your mind with conspiracies

1156
00:50:40,950 --> 00:50:39,200
constantly it could cause

1157
00:50:42,950 --> 00:50:40,960
i believe it truly can cause mental

1158
00:50:45,430 --> 00:50:42,960
illness and if you feel that you're

1159
00:50:47,510 --> 00:50:45,440
suffering from conspiracy land related

1160
00:50:49,030 --> 00:50:47,520
mental illness please seek out a mental

1161
00:50:53,190 --> 00:50:49,040
health professional

1162
00:50:54,870 --> 00:50:53,200
don't do anything drastic please

1163
00:50:57,270 --> 00:50:54,880

people love you people care about you

1164

00:51:00,549 --> 00:50:57,280

nobody wants to see you do that

1165

00:51:01,829 --> 00:51:00,559

um and so this is the tragedy of this

1166

00:51:04,069 --> 00:51:01,839

story

1167

00:51:05,910 --> 00:51:04,079

i will now devote my full and total

1168

00:51:07,990 --> 00:51:05,920

attention here to the live chat

1169

00:51:10,150 --> 00:51:08,000

we're going to take some questions and

1170

00:51:15,750 --> 00:51:10,160

comments from the

1171

00:51:20,230 --> 00:51:18,630

aj says they're unscrupulous and i

1172

00:51:26,069 --> 00:51:20,240

believe that he's talking about

1173

00:51:32,790 --> 00:51:30,950

six is six of design it says somebody

1174

00:51:34,870 --> 00:51:32,800

has been archiving his website on

1175

00:51:41,270 --> 00:51:34,880

archive.org

1176
00:51:45,030 --> 00:51:43,670
yeah and uh v thanks for that i'm going

1177
00:51:46,790 --> 00:51:45,040
to report that to our listening and

1178
00:51:50,150 --> 00:51:46,800
viewing audience

1179
00:51:53,190 --> 00:51:50,160
one can even text 741 741

1180
00:51:55,030 --> 00:51:53,200
if they are feeling hopeless and someone

1181
00:52:00,470 --> 00:51:55,040
may be there on the other line to help

1182
00:52:07,990 --> 00:52:04,710
yes uh sixth sense is mentioning

1183
00:52:10,069 --> 00:52:08,000
that the internet archive

1184
00:52:13,109 --> 00:52:10,079
of mark mccandless site goes back as far

1185
00:52:14,870 --> 00:52:13,119
as 2005.

1186
00:52:22,230 --> 00:52:14,880
and i can't tell you how happy i am to

1187
00:52:25,589 --> 00:52:23,990
hugh pushko is here in the live chat

1188
00:52:27,190 --> 00:52:25,599

with a good comment i wonder if

1189

00:52:29,109 --> 00:52:27,200

mccandlish had depression if there was

1190

00:52:29,829 --> 00:52:29,119

any warning signs that his girlfriend

1191

00:52:31,910 --> 00:52:29,839

recognized

1192

00:52:34,390 --> 00:52:31,920

yeah i mean when this kind of tragedy

1193

00:52:38,390 --> 00:52:34,400

happens all you're left with

1194

00:52:38,790 --> 00:52:38,400

is wonder you know i wonder about a lot

1195

00:52:41,750 --> 00:52:38,800

and i

1196

00:52:43,109 --> 00:52:41,760

also you know i didn't know him i talked

1197

00:52:45,990 --> 00:52:43,119

to him on the phone

1198

00:52:46,710 --> 00:52:46,000

sometimes really i handed him for an

1199

00:52:48,069 --> 00:52:46,720

interview

1200

00:52:49,910 --> 00:52:48,079

and every time he wouldn't give me an

1201
00:52:51,270 --> 00:52:49,920
interview he would he would talk to me

1202
00:52:53,190 --> 00:52:51,280
on the phone for an hour though and

1203
00:52:55,270 --> 00:52:53,200
answer a lot of questions

1204
00:52:57,829 --> 00:52:55,280
and i kind of felt like he was getting

1205
00:53:02,069 --> 00:52:57,839
ready to interview me

1206
00:53:07,349 --> 00:53:04,309
but i wasn't able to get him to commit

1207
00:53:09,190 --> 00:53:07,359
all the times that i talked to him

1208
00:53:11,990 --> 00:53:09,200
and thanks to sixth sense of sharing the

1209
00:53:14,630 --> 00:53:12,000
national suicide prevention lifeline

1210
00:53:20,630 --> 00:53:14,640
please please seek help please please

1211
00:53:24,549 --> 00:53:22,630
yes and aj mentioned steve he may sound

1212
00:53:25,670 --> 00:53:24,559
genuine but isn't it all just here say

1213
00:53:27,270 --> 00:53:25,680

from a friend yes

1214

00:53:29,430 --> 00:53:27,280

it's hearsay from a friend that nobody

1215

00:53:32,390 --> 00:53:29,440

else is allowed to talk to

1216

00:53:33,829 --> 00:53:32,400

which is what gives me pause why can't i

1217

00:53:36,230 --> 00:53:33,839

interview that friend

1218

00:53:37,109 --> 00:53:36,240

and have him talk about what he told

1219

00:53:40,710 --> 00:53:37,119

mark or

1220

00:53:42,950 --> 00:53:40,720

tell me directly what he saw nobody gets

1221

00:53:44,470 --> 00:53:42,960

to interview mr sorensen which is always

1222

00:53:47,990 --> 00:53:44,480

a problem for me

1223

00:53:50,630 --> 00:53:48,000

but i believe that i have found

1224

00:53:52,870 --> 00:53:50,640

brad sorensen's contact information

1225

00:53:55,510 --> 00:53:52,880

current contact information

1226
00:53:56,230 --> 00:53:55,520
uh i reached out to him years ago and

1227
00:53:58,230 --> 00:53:56,240
wasn't

1228
00:54:00,390 --> 00:53:58,240
unable to get him to talk to me or give

1229
00:54:02,390 --> 00:54:00,400
me an interview but now i have his new

1230
00:54:03,510 --> 00:54:02,400
contact information and given current

1231
00:54:06,870 --> 00:54:03,520
events

1232
00:54:07,829 --> 00:54:06,880
maybe just maybe i could get an

1233
00:54:09,910 --> 00:54:07,839
interview

1234
00:54:11,990 --> 00:54:09,920
it can't hurt to ask him so i give you

1235
00:54:14,710 --> 00:54:12,000
guys my word and my commitment that i

1236
00:54:16,790 --> 00:54:14,720
am going to reach out to mr sorensen and

1237
00:54:18,950 --> 00:54:16,800
attempt to get an interview

1238
00:54:24,150 --> 00:54:18,960

about the arv about mark mccandlish

1239

00:54:27,349 --> 00:54:24,160

about recent events

1240

00:54:28,309 --> 00:54:27,359

hugo uh pusco asks do did he have kids

1241

00:54:30,549 --> 00:54:28,319

and where can we

1242

00:54:31,589 --> 00:54:30,559

send our consul dolan says i don't

1243

00:54:33,750 --> 00:54:31,599

believe uh

1244

00:54:35,109 --> 00:54:33,760

i'm not sure that he had children or not

1245

00:54:36,950 --> 00:54:35,119

i'm not aware

1246

00:54:38,470 --> 00:54:36,960

i know he had a girlfriend just from

1247

00:54:41,270 --> 00:54:38,480

these blog reports

1248

00:54:41,829 --> 00:54:41,280

uh but i don't know any any more than

1249

00:54:43,910 --> 00:54:41,839

that

1250

00:54:45,910 --> 00:54:43,920

about his family or where you could send

1251
00:54:49,990 --> 00:54:45,920
your condolences

1252
00:54:52,309 --> 00:54:50,000
um yeah so tragic

1253
00:54:55,030 --> 00:54:52,319
first of all it's an incredible story

1254
00:54:58,390 --> 00:54:55,040
but this is a tragic tragic end

1255
00:55:00,069 --> 00:54:58,400
to an incredible story i had hoped uh

1256
00:55:02,870 --> 00:55:00,079
all these years i had hoped that mr

1257
00:55:05,990 --> 00:55:02,880
mccandless would be vindicated someday

1258
00:55:08,390 --> 00:55:06,000
right that maybe just like they had

1259
00:55:10,390 --> 00:55:08,400
the stealth bomber technology for 10 or

1260
00:55:11,910 --> 00:55:10,400
20 years before anybody knew we had it

1261
00:55:14,190 --> 00:55:11,920
that they would someday roll these

1262
00:55:17,670 --> 00:55:14,200
things out and say yeah we got these

1263
00:55:19,190 --> 00:55:17,680

electrogravitic aircraft that

1264

00:55:21,750 --> 00:55:19,200

you know can perform these amazing

1265

00:55:25,750 --> 00:55:21,760

maneuvers and don't require fuel

1266

00:55:30,309 --> 00:55:28,069

you know it's interesting to me other

1267

00:55:32,309 --> 00:55:30,319

people have theorized that maybe

1268

00:55:34,789 --> 00:55:32,319

he didn't get the science exactly right

1269

00:55:36,789 --> 00:55:34,799

so these things will never be proven

1270

00:55:38,950 --> 00:55:36,799

and that the government won't ever share

1271

00:55:42,470 --> 00:55:38,960

this technology with the people

1272

00:55:44,309 --> 00:55:42,480

i mean after all why would they right

1273

00:55:47,270 --> 00:55:44,319

i just really like a free energy device

1274

00:55:50,549 --> 00:55:47,280

especially now it's gonna be summer

1275

00:55:53,990 --> 00:55:50,559

uh it's gonna be summer and uh those air

1276

00:55:56,870 --> 00:55:54,000

conditioners are gonna be blasting

1277

00:55:59,030 --> 00:55:56,880

by the way i spent all day putting i i

1278

00:55:59,829 --> 00:55:59,040

have this nightmare situation because i

1279

00:56:02,150 --> 00:55:59,839

have the

1280

00:56:04,630 --> 00:56:02,160

office in my house is right above the

1281

00:56:05,510 --> 00:56:04,640

kitchen so when my wife cooks you can't

1282

00:56:08,230 --> 00:56:05,520

be in here

1283

00:56:10,470 --> 00:56:08,240

it's terrible and i only has one little

1284

00:56:11,270 --> 00:56:10,480

window so i put this air conditioner in

1285

00:56:14,390 --> 00:56:11,280

and i had a

1286

00:56:16,390 --> 00:56:14,400

it's a slide sideways window not an up

1287

00:56:17,829 --> 00:56:16,400

and down window try to build this whole

1288

00:56:20,549 --> 00:56:17,839

thing

1289

00:56:21,430 --> 00:56:20,559

let's get it to fit in there and work so

1290

00:56:22,870 --> 00:56:21,440

i think

1291

00:56:24,630 --> 00:56:22,880

at least for the next several weeks we

1292

00:56:26,470 --> 00:56:24,640

should be okay i should be able to blast

1293

00:56:28,069 --> 00:56:26,480

that air conditioner for three hours

1294

00:56:29,910 --> 00:56:28,079

before i come in here to do the show

1295

00:56:32,230 --> 00:56:29,920

turn it off because it's noisy and i

1296

00:56:34,069 --> 00:56:32,240

can't have it going during the broadcast

1297

00:56:36,230 --> 00:56:34,079

and i should be relatively comfortable

1298

00:56:37,670 --> 00:56:36,240

for a few hours until the temperature

1299

00:56:39,750 --> 00:56:37,680

starts rising in here

1300

00:56:41,030 --> 00:56:39,760

or god forbid my wife like bake some

1301

00:56:45,190 --> 00:56:41,040

cookies downstairs

1302

00:56:45,750 --> 00:56:45,200

then i will die so uh this is working at

1303

00:56:51,910 --> 00:56:45,760

home

1304

00:56:56,549 --> 00:56:54,870

okay uh yeah let me clarify that aj and

1305

00:56:58,870 --> 00:56:56,559

that's an excellent question

1306

00:57:00,150 --> 00:56:58,880

because maybe the point was not made

1307

00:57:02,069 --> 00:57:00,160

well enough

1308

00:57:04,230 --> 00:57:02,079

uh aj asked stephen can we really

1309

00:57:06,150 --> 00:57:04,240

believe this arv was in a hangar at a

1310

00:57:09,030 --> 00:57:06,160

public air show why would they do that

1311

00:57:11,270 --> 00:57:09,040

they didn't uh here's what happened

1312

00:57:13,750 --> 00:57:11,280

there was a public air show

1313

00:57:16,710 --> 00:57:13,760

and off way back in the distance from

1314

00:57:20,150 --> 00:57:16,720

the public air show was this huge hanger

1315

00:57:22,549 --> 00:57:20,160

that was set up with these vehicles

1316

00:57:24,230 --> 00:57:22,559

and you had to have a badge or access

1317

00:57:28,069 --> 00:57:24,240

top secret access whatever

1318

00:57:30,950 --> 00:57:28,079

it was a display of all these different

1319

00:57:32,470 --> 00:57:30,960

crazy aerial technologies that was only

1320

00:57:35,829 --> 00:57:32,480

put on display

1321

00:57:38,950 --> 00:57:35,839

for i suppose senators and

1322

00:57:39,589 --> 00:57:38,960

generals and you know air force or i'm

1323

00:57:42,710 --> 00:57:39,599

sorry

1324

00:57:44,069 --> 00:57:42,720

navy admirals the brass that's the way

1325

00:57:45,190 --> 00:57:44,079

it has been described throughout the

1326
00:57:47,109 --> 00:57:45,200
story

1327
00:57:49,030 --> 00:57:47,119
is that yes there was a public air show

1328
00:57:49,750 --> 00:57:49,040
but nobody from the public got to saw

1329
00:57:51,430 --> 00:57:49,760
these things

1330
00:57:54,069 --> 00:57:51,440
but while they were doing that public

1331
00:57:57,270 --> 00:57:54,079
air show they had special visiting

1332
00:57:59,750 --> 00:57:57,280
dignitaries and higher ups and brass and

1333
00:58:00,950 --> 00:57:59,760
senators or whoever was read into these

1334
00:58:02,789 --> 00:58:00,960
projects

1335
00:58:05,750 --> 00:58:02,799
and they put on a display of not just

1336
00:58:08,870 --> 00:58:05,760
these three flying saucers but also

1337
00:58:12,390 --> 00:58:08,880
these incredible aerospace

1338
00:58:14,230 --> 00:58:12,400

experimental vehicles like an aurora

1339

00:58:16,390 --> 00:58:14,240

that is so commonly talked about in

1340

00:58:20,390 --> 00:58:16,400

conspiracy land circles the aurora being

1341

00:58:22,630 --> 00:58:20,400

the replacement to the blackbird project

1342

00:58:24,470 --> 00:58:22,640

and mark mccandlish has got yeah

1343

00:58:26,870 --> 00:58:24,480

actually we're going to share

1344

00:58:28,950 --> 00:58:26,880

i am going to share this uh an interview

1345

00:58:30,710 --> 00:58:28,960

with him but really i'm not interested

1346

00:58:33,430 --> 00:58:30,720

much in the interview because i read it

1347

00:58:35,190 --> 00:58:33,440

and really this robert morningstar

1348

00:58:37,030 --> 00:58:35,200

he's talking about psychic weapons and

1349

00:58:38,309 --> 00:58:37,040

people get killed with psychic powers

1350

00:58:38,950 --> 00:58:38,319

and all this weirdness through the

1351

00:58:42,230 --> 00:58:38,960

interview

1352

00:58:44,789 --> 00:58:42,240

uh but we're going to cite fair use and

1353

00:58:47,190 --> 00:58:44,799

share it anyway because there is some

1354

00:58:48,390 --> 00:58:47,200

really yeah like here is a picture of

1355

00:58:51,589 --> 00:58:48,400

this

1356

00:58:52,069 --> 00:58:51,599

here is a picture of the aurora aircraft

1357

00:58:55,190 --> 00:58:52,079

that was

1358

00:58:58,470 --> 00:58:55,200

supposedly on display in the same

1359

00:58:59,349 --> 00:58:58,480

hangar that these advanced uh i'm sorry

1360

00:59:01,990 --> 00:58:59,359

these arv

1361

00:59:02,950 --> 00:59:02,000

alien reproduction vehicles were on

1362

00:59:05,990 --> 00:59:02,960

display for

1363

00:59:10,230 --> 00:59:06,000

for vips and

1364

00:59:12,470 --> 00:59:10,240

this this drawing uh he made

1365

00:59:14,150 --> 00:59:12,480

based on again the eyewitness testimony

1366

00:59:18,230 --> 00:59:14,160

of his friend who saw all the stuff

1367

00:59:21,270 --> 00:59:18,240

in the hangar uh just a

1368

00:59:23,430 --> 00:59:21,280

just a cool cool concept for

1369

00:59:24,950 --> 00:59:23,440

a very advanced almost looks like a

1370

00:59:28,710 --> 00:59:24,960

flying saucer

1371

00:59:30,789 --> 00:59:28,720

of course right i've often thought that

1372

00:59:31,990 --> 00:59:30,799

uh a lot of people who think they see

1373

00:59:36,710 --> 00:59:32,000

flying saucers are

1374

00:59:39,750 --> 00:59:36,720

actually seeing they're actually seeing

1375

00:59:42,549 --> 00:59:39,760

advanced secret projects of the us

1376
00:59:43,109 --> 00:59:42,559
military or other and here we have the

1377
00:59:46,309 --> 00:59:43,119
famous

1378
00:59:49,670 --> 00:59:46,319
uh arv

1379
00:59:51,109 --> 00:59:49,680
alien reproduction vehicle the cutaway

1380
00:59:55,430 --> 00:59:51,119
view

1381
01:00:00,069 --> 00:59:57,670
and here is a lockheed martin flying

1382
01:00:01,270 --> 01:00:00,079
disc by mark mccandlish so i won't let

1383
01:00:04,470 --> 01:00:01,280
me

1384
01:00:13,109 --> 01:00:04,480
this is

1385
01:00:18,390 --> 01:00:16,150
which is he always inspired me when i

1386
01:00:20,150 --> 01:00:18,400
saw his drawings or his

1387
01:00:22,630 --> 01:00:20,160
his depictions of these advanced

1388
01:00:24,710 --> 01:00:22,640

aircraft i grew up

1389

01:00:27,670 --> 01:00:24,720

looking at this stuff with my father in

1390

01:00:30,630 --> 01:00:27,680

popular science and popular mechanics

1391

01:00:31,430 --> 01:00:30,640

and here we see a one of the interesting

1392

01:00:33,990 --> 01:00:31,440

details

1393

01:00:35,270 --> 01:00:34,000

of the arv or alien reproduction vehicle

1394

01:00:37,670 --> 01:00:35,280

was its control

1395

01:00:38,789 --> 01:00:37,680

surface i'm going to try to describe

1396

01:00:41,349 --> 01:00:38,799

this for the people

1397

01:00:42,390 --> 01:00:41,359

listening in audio land but it's a chair

1398

01:00:45,589 --> 01:00:42,400

with a

1399

01:00:47,589 --> 01:00:45,599

ball on it and the ball rotates back and

1400

01:00:50,549 --> 01:00:47,599

forth has a separate

1401
01:00:51,430 --> 01:00:50,559
uh extra hemisphere half sphere on the

1402
01:00:53,190 --> 01:00:51,440
front of the ball

1403
01:00:55,589 --> 01:00:53,200
and this is how you control left and

1404
01:00:58,390 --> 01:00:55,599
right up and down

1405
01:00:59,349 --> 01:00:58,400
it's a an incredibly interesting control

1406
01:01:01,910 --> 01:00:59,359
surface that

1407
01:01:02,710 --> 01:01:01,920
no one's ever talked about i've not seen

1408
01:01:05,510 --> 01:01:02,720
anywhere

1409
01:01:06,870 --> 01:01:05,520
else uh actually i found one other

1410
01:01:09,030 --> 01:01:06,880
source that describes something

1411
01:01:11,190 --> 01:01:09,040
strikingly similar to this and that was

1412
01:01:12,950 --> 01:01:11,200
an alien abductee

1413
01:01:15,270 --> 01:01:12,960

describing the control surface that the

1414

01:01:18,150 --> 01:01:15,280

aliens were using to fly

1415

01:01:19,750 --> 01:01:18,160

uh their alien spacecraft so take from

1416

01:01:20,390 --> 01:01:19,760

that what you will i'm not sure what

1417

01:01:25,349 --> 01:01:20,400

that

1418

01:01:27,270 --> 01:01:25,359

the only other source i found with a

1419

01:01:29,030 --> 01:01:27,280

control surface like that was an alien

1420

01:01:32,309 --> 01:01:29,040

abductee and here we see

1421

01:01:37,030 --> 01:01:35,430

aurora concept vehicle just an

1422

01:01:38,549 --> 01:01:37,040

incredible talent here's the aurora

1423

01:01:41,990 --> 01:01:38,559

concept

1424

01:01:44,950 --> 01:01:42,000

vehicle landed

1425

01:01:47,109 --> 01:01:44,960

sitting in the hangar again just an

1426

01:01:49,190 --> 01:01:47,119

incredible talent i'm sad and i'm sorry

1427

01:01:53,270 --> 01:01:49,200

that he's gone

1428

01:01:57,589 --> 01:01:53,280

this is tr3 by mark mccandlish

1429

01:02:00,950 --> 01:01:59,270

such a great artist and such attention

1430

01:02:04,549 --> 01:02:00,960

to detail

1431

01:02:06,549 --> 01:02:04,559

and here we'll we'll end here

1432

01:02:07,990 --> 01:02:06,559

and this uh my friends is mark

1433

01:02:11,589 --> 01:02:08,000

mccandlish

1434

01:02:14,630 --> 01:02:11,599

with pictured with his now famous

1435

01:02:17,910 --> 01:02:14,640

arv cutaway technical drawing

1436

01:02:20,789 --> 01:02:17,920

alien reproduction vehicle uh

1437

01:02:22,309 --> 01:02:20,799

i'm very sad that he's gone i wish that

1438

01:02:26,490 --> 01:02:22,319

i would have gotten to

1439

01:02:33,510 --> 01:02:26,500

interview him or learn more from him

1440

01:02:39,910 --> 01:02:36,870

whoa there we go let's just

01:02:55,190 --> 01:02:52,640

looked at the statistics but he keeps on

1448

01:02:56,950 --> 01:02:55,200

throwing some money in my hat

1449

01:02:58,470 --> 01:02:56,960

1468

01:03:39,589 --> 01:03:36,319

so one of the things i've been thinking

1474

01:03:59,029 --> 01:03:54,799

about is i have to remain

1475

01:04:00,789 --> 01:03:59,039

and uh so thank you i appreciate it

1484

01:04:19,270 --> 01:04:16,880

i have such an attitude of gratitude i'm

1485

01:04:20,470 --> 01:04:19,280

making better than taco bell wages for

1486

01:04:23,029 --> 01:04:20,480

the show tonight

1487

01:04:25,190 --> 01:04:23,039

what that's all i asked for at least let

1488

01:04:26,950 --> 01:04:25,200

me make taco bell wages here and i'm

1489

01:04:29,990 --> 01:04:26,960

doing better than that

1490

01:04:30,950 --> 01:04:30,000

so uh thank you guys it really does it

1491

01:04:33,910 --> 01:04:30,960

really does help

1492

01:04:34,950 --> 01:04:33,920

keep me motivated here and keep me doing

1493

01:04:40,630 --> 01:04:34,960

more

1494

01:04:43,349 --> 01:04:40,640

says praise the cash yes praise the cash

1495

01:04:45,430 --> 01:04:43,359

praise the cash thank god almighty

1496

01:04:47,510 --> 01:04:45,440

1497

01:04:51,349 --> 01:04:47,520

1498

01:04:54,390 --> 01:04:51,359

praise the cash yeah uh

1499

01:04:57,589 --> 01:04:54,400

so i'm gonna i'm gonna close that out

1500

01:04:59,510 --> 01:04:57,599

but i want to say uh i will be thinking

1501

01:05:01,990 --> 01:04:59,520

about mr mccandlish because i

1502

01:05:02,630 --> 01:05:02,000

grew up with this i grew up with this

1503

01:05:04,950 --> 01:05:02,640

story

1504

01:05:07,270 --> 01:05:04,960

i've enjoyed and really really been

1505

01:05:08,630 --> 01:05:07,280

inspired and loved his artwork since i

1506

01:05:11,670 --> 01:05:08,640

was a child

1507

01:05:13,750 --> 01:05:11,680

i love this story i've followed it since

1508

01:05:16,309 --> 01:05:13,760

it came out in 1988

1509

01:05:17,349 --> 01:05:16,319

every time that i could see him speak

1510

01:05:19,349 --> 01:05:17,359

somewhere

1511

01:05:21,430 --> 01:05:19,359

and for those who really want to go down

1512

01:05:25,029 --> 01:05:21,440

the rabbit hole

1513

01:05:26,630 --> 01:05:25,039

there is an incredible amount of videos

1514

01:05:28,309 --> 01:05:26,640

on youtube that you can watch of him

1515

01:05:29,589 --> 01:05:28,319

speaking at conferences getting

1516

01:05:33,109 --> 01:05:29,599

interviewed by different

1517

01:05:33,750 --> 01:05:33,119

uh people in the ufo or conspiracy land

1518

01:05:36,950 --> 01:05:33,760

scene

1519

01:05:40,069 --> 01:05:36,960

there's a lot there to this rabbit hole

1520

01:05:41,910 --> 01:05:40,079

um i for one am really gonna miss him

1521

01:05:43,349 --> 01:05:41,920

you know and i'm gonna miss seeing his

1522

01:05:46,789 --> 01:05:43,359

drawings and work and

1523

01:05:48,549 --> 01:05:46,799

i'm sad that you know i'm just sad about

1524

01:05:51,349 --> 01:05:48,559

his passing

1525

01:05:53,109 --> 01:05:51,359

we will be doing uh a part two to this

1526

01:05:54,789 --> 01:05:53,119

eventually once i gather some more

1527

01:05:56,710 --> 01:05:54,799

research i'd like to

1528

01:05:58,390 --> 01:05:56,720

i'd like to bring to the community more

1529

01:06:01,190 --> 01:05:58,400

clarity about what happened

1530

01:06:03,190 --> 01:06:01,200

and uh either prove or disprove these

1531

01:06:03,829 --> 01:06:03,200

conspiratorial claims that people like

1532

01:06:07,109 --> 01:06:03,839

joseph p

1533

01:06:10,390 --> 01:06:07,119

pharrell or mr morningstar are making

1534

01:06:12,069 --> 01:06:10,400

and yeah so we'll end on that william

1535

01:06:13,990 --> 01:06:12,079

pixley says rest in peace mark

1536

01:06:17,910 --> 01:06:14,000

mccandlish

1537

01:06:18,630 --> 01:06:17,920

yes rest in peace yeah it's always sad

1538

01:06:20,549 --> 01:06:18,640

to me

1539

01:06:22,309 --> 01:06:20,559

when somebody dies but it's more sad to

1540

01:06:25,990 --> 01:06:22,319

me when they commit suicide

1541

01:06:28,630 --> 01:06:26,000

and i wish you know

1542

01:06:29,750 --> 01:06:28,640

i wish he i wish he didn't feel the need

1543

01:06:31,910 --> 01:06:29,760

to do that and i

1544

01:06:32,789 --> 01:06:31,920

but you know i hope that he's able to

1545

01:06:37,190 --> 01:06:32,799

rest

1546

01:06:42,390 --> 01:06:40,870

you know visa such a loss i agree like i

1547

01:06:44,230 --> 01:06:42,400

you know i was thinking about all those

1548

01:06:46,870 --> 01:06:44,240

popular science magazines

1549

01:06:48,549 --> 01:06:46,880

you could you could google like popular

1550

01:06:50,549 --> 01:06:48,559

science mark mccandlish or

1551
01:06:51,589 --> 01:06:50,559
popular mechanics mark the candles and

1552
01:06:54,470 --> 01:06:51,599
see some of the

1553
01:06:56,710 --> 01:06:54,480
he did these amazing cover drawings for

1554
01:06:59,510 --> 01:06:56,720
for those magazines when i was a child

1555
01:07:00,230 --> 01:06:59,520
growing up being a science nerd popular

1556
01:07:01,589 --> 01:07:00,240
science

1557
01:07:04,710 --> 01:07:01,599
hell yeah i couldn't wait for that to

1558
01:07:06,230 --> 01:07:04,720
come in the mail every month me

1559
01:07:09,910 --> 01:07:06,240
yeah remember that when you had to wait

1560
01:07:13,109 --> 01:07:09,920
a month for something to come right

1561
01:07:14,069 --> 01:07:13,119
yeah but i grew up looking at those

1562
01:07:16,950 --> 01:07:14,079
pictures right

1563
01:07:18,390 --> 01:07:16,960

and i for time like really really was

1564

01:07:21,270 --> 01:07:18,400

into like real advanced

1565

01:07:22,789 --> 01:07:21,280

jets and rockets i was i was a kid

1566

01:07:23,270 --> 01:07:22,799

building rockets i got in a lot of

1567

01:07:25,670 --> 01:07:23,280

trouble

1568

01:07:28,549 --> 01:07:25,680

when i was a kid building model rockets

1569

01:07:30,789 --> 01:07:28,559

because i built big ones

1570

01:07:32,710 --> 01:07:30,799

and eventually my dad is like what the

1571

01:07:34,710 --> 01:07:32,720

hell are you doing you can't be building

1572

01:07:35,829 --> 01:07:34,720

stuff and shooting it into the sky this

1573

01:07:38,470 --> 01:07:35,839

big you're going to think you're a

1574

01:07:41,829 --> 01:07:38,480

terrorist and this is before 9 11

1575

01:07:43,430 --> 01:07:41,839

way before 9 11 so

1576

01:07:45,589 --> 01:07:43,440

yeah and i got into something called

1577

01:07:48,150 --> 01:07:45,599

rocket candy which is basically making

1578

01:07:51,829 --> 01:07:48,160

model rockets out of like

1579

01:07:53,670 --> 01:07:51,839

out of sugar and i was just

1580

01:07:55,750 --> 01:07:53,680

very proud of myself because i figured

1581

01:07:56,710 --> 01:07:55,760

out how to do it from a chemistry book

1582

01:07:58,309 --> 01:07:56,720

and then

1583

01:07:59,990 --> 01:07:58,319

i figured out how to make the engines

1584

01:08:01,750 --> 01:08:00,000

bigger and bigger and bigger

1585

01:08:03,029 --> 01:08:01,760

and more powerful and more powerful and

1586

01:08:04,549 --> 01:08:03,039

more powerful and

1587

01:08:06,150 --> 01:08:04,559

until the point where it got really

1588

01:08:08,870 --> 01:08:06,160

dangerous because

1589

01:08:09,270 --> 01:08:08,880

some of those engines would either shoot

1590

01:08:11,990 --> 01:08:09,280

this

1591

01:08:13,990 --> 01:08:12,000

really big rocket up into the sky five

1592

01:08:14,710 --> 01:08:14,000

or ten thousand feet or they would blow

1593

01:08:18,309 --> 01:08:14,720

up

1594

01:08:20,309 --> 01:08:18,319

those were your two choices there was no

1595

01:08:21,749 --> 01:08:20,319

in between to some of these rocket candy

1596

01:08:24,149 --> 01:08:21,759

rockets i made as a kid

1597

01:08:25,749 --> 01:08:24,159

so you know i i've been thinking about

1598

01:08:28,070 --> 01:08:25,759

this kind of stuff since the passing of

1599

01:08:29,669 --> 01:08:28,080

mark mccandless because it was those

1600

01:08:32,309 --> 01:08:29,679

it was some of those pictures those

1601
01:08:34,950 --> 01:08:32,319
popular science pictures these cool like

1602
01:08:36,709 --> 01:08:34,960
rocket jets and things that inspired me

1603
01:08:39,829 --> 01:08:36,719
to build rockets and

1604
01:08:40,789 --> 01:08:39,839
learn more about space exploration i

1605
01:08:43,910 --> 01:08:40,799
suppose and

1606
01:08:45,829 --> 01:08:43,920
and jet engines still don't understand

1607
01:08:48,229 --> 01:08:45,839
jet engines i'm a rocket guy

1608
01:08:50,070 --> 01:08:48,239
strap i could strap a rocket to anything

1609
01:08:55,990 --> 01:08:50,080
and make it go when i was a kid

1610
01:08:59,829 --> 01:08:57,990
yeah uh these says one of my older

1611
01:09:01,110 --> 01:08:59,839
cousins used to do rocket candy i think

1612
01:09:03,349 --> 01:09:01,120
it was burned

1613
01:09:04,709 --> 01:09:03,359

he was burnt bad one was burned bad yeah

1614

01:09:07,269 --> 01:09:04,719

you can be it's very

1615

01:09:08,470 --> 01:09:07,279

it's kind of dangerous uh i'm thinking

1616

01:09:10,870 --> 01:09:08,480

about doing it again v

1617

01:09:12,630 --> 01:09:10,880

but like really small scale so just so i

1618

01:09:13,669 --> 01:09:12,640

could show off some rockets with my kids

1619

01:09:17,990 --> 01:09:13,679

and you know

1620

01:09:19,910 --> 01:09:18,000

we'll keep a safe distance and uh yeah

1621

01:09:22,390 --> 01:09:19,920

yeah lee beltman that you're right

1622

01:09:26,229 --> 01:09:22,400

you're right it's it's stump remover

1623

01:09:28,470 --> 01:09:26,239

and sugar that's the secret formula

1624

01:09:30,789 --> 01:09:28,480

to strapping a rocket on anything lee

1625

01:09:31,430 --> 01:09:30,799

meltman you need stump remover from home

1626

01:09:34,789 --> 01:09:31,440

depot

1627

01:09:37,269 --> 01:09:34,799

and i used powdered sugar i used caro

1628

01:09:38,630 --> 01:09:37,279

syrup i tried everything lee i had like

1629

01:09:40,390 --> 01:09:38,640

different mixes

1630

01:09:42,070 --> 01:09:40,400

i would keep track of like how high the

1631

01:09:45,110 --> 01:09:42,080

rocket went with the

1632

01:09:48,950 --> 01:09:45,120

with the caro syrup versus regular table

1633

01:09:50,950 --> 01:09:48,960

sugar versus powdered sugar right

1634

01:09:52,550 --> 01:09:50,960

i was like a real scientist for a little

1635

01:09:53,110 --> 01:09:52,560

while there trying to figure out what

1636

01:09:55,430 --> 01:09:53,120

the best

1637

01:09:57,350 --> 01:09:55,440

mix of this rocket candy mixture would

1638

01:10:00,870 --> 01:09:57,360

be to make the rockets go as far

1639

01:10:03,669 --> 01:10:00,880

and as they could and high as they could

1640

01:10:05,510 --> 01:10:03,679

right

1641

01:10:07,510 --> 01:10:05,520

matt says you could get that stuff uh

1642

01:10:09,270 --> 01:10:07,520

yeah try let's try not to get me sued

1643

01:10:11,590 --> 01:10:09,280

for somebody getting injured building

1644

01:10:15,430 --> 01:10:11,600

rocket engines

1645

01:10:18,630 --> 01:10:15,440

keep the details uh vague please

1646

01:10:21,830 --> 01:10:18,640

uh you guys in the live chat and

1647

01:10:23,350 --> 01:10:21,840

i also i guess uh hugh

1648

01:10:25,350 --> 01:10:23,360

asked stephen were you from new jersey

1649

01:10:27,189 --> 01:10:25,360

no i'm from philadelphia pennsylvania

1650

01:10:28,950 --> 01:10:27,199

born and raised i lived there my entire

1651

01:10:30,070 --> 01:10:28,960

life i left for a few years to live in

1652

01:10:32,149 --> 01:10:30,080

the midwest

1653

01:10:33,510 --> 01:10:32,159

and then i left sort of being a vega

1654

01:10:35,350 --> 01:10:33,520

bombed for a little while but i always

1655

01:10:36,310 --> 01:10:35,360

came back to philadelphia up until a few

1656

01:10:38,310 --> 01:10:36,320

years ago

1657

01:10:39,750 --> 01:10:38,320

and we moved from philadelphia because

1658

01:10:43,910 --> 01:10:39,760

it's getting

1659

01:10:46,229 --> 01:10:43,920

crime-ridden and terrible we moved into

1660

01:10:48,550 --> 01:10:46,239

a small town outside of philadelphia

1661

01:10:49,750 --> 01:10:48,560

the suburbs basically i live in suburbia

1662

01:10:52,870 --> 01:10:49,760

now

1663

01:10:54,390 --> 01:10:52,880

a nice affluent suburb uh not too far

1664

01:10:54,790 --> 01:10:54,400

from philadelphia but it's beautiful

1665

01:10:57,270 --> 01:10:54,800

here

1666

01:10:57,990 --> 01:10:57,280

and i'm i can't tell you i thought i was

1667

01:11:00,070 --> 01:10:58,000

gonna hate it

1668

01:11:01,510 --> 01:11:00,080

outside of the city but i love it here

1669

01:11:03,590 --> 01:11:01,520

where we live so far

1670

01:11:06,229 --> 01:11:03,600

and we've got cabin to escape to as well

1671

01:11:08,470 --> 01:11:06,239

so it's a good thing

1672

01:11:10,550 --> 01:11:08,480

oh hugh says he's outside of pittsburgh

1673

01:11:12,709 --> 01:11:10,560

yeah good

1674

01:11:14,470 --> 01:11:12,719

moody mongol says mark's art were

1675

01:11:14,709 --> 01:11:14,480

amazing i too grew up seeing his picks

1676

01:11:16,790 --> 01:11:14,719

in

1677

01:11:18,550 --> 01:11:16,800

aviation mags long before he came out

1678

01:11:21,270 --> 01:11:18,560

with the rv story yeah

1679

01:11:22,870 --> 01:11:21,280

that's why i recognized him and his name

1680

01:11:25,110 --> 01:11:22,880

when he did because

1681

01:11:26,709 --> 01:11:25,120

he would sign those he would sign you

1682

01:11:28,070 --> 01:11:26,719

know or they would give him a credit

1683

01:11:30,790 --> 01:11:28,080

they would say like cover

1684

01:11:32,470 --> 01:11:30,800

art by mark mccandlish on the cover of

1685

01:11:35,590 --> 01:11:32,480

popular science

1686

01:11:38,950 --> 01:11:35,600

so uh yeah i uh i grew up

1687

01:11:39,990 --> 01:11:38,960

enjoying his art as well and i i gotta

1688

01:11:43,030 --> 01:11:40,000

remind myself if

1689

01:11:45,189 --> 01:11:43,040

anybody knows where to get it uh

1690

01:11:46,550 --> 01:11:45,199

i want to find the the highest quality

1691

01:11:50,709 --> 01:11:46,560

version of that arv

1692

01:11:54,630 --> 01:11:50,719

cutaway jpg or you know png whatever

1693

01:11:58,070 --> 01:11:54,640

file that i could get and then i want to

1694

01:11:59,830 --> 01:11:58,080

get it made into a poster right

1695

01:12:01,510 --> 01:11:59,840

surprise somebody else didn't sell that

1696

01:12:03,110 --> 01:12:01,520

now that he's dead watch somebody will

1697

01:12:05,350 --> 01:12:03,120

be selling that

1698

01:12:06,390 --> 01:12:05,360

um but you know i don't think there

1699

01:12:07,910 --> 01:12:06,400

would be anything

1700

01:12:09,990 --> 01:12:07,920

i don't think that he would blame me for

1701

01:12:10,709 --> 01:12:10,000

blowing that up and uh and putting it on

1702

01:12:13,910 --> 01:12:10,719

my wall

1703

01:12:16,070 --> 01:12:13,920

it's amazing picture of a

1704

01:12:17,030 --> 01:12:16,080

possible alien reproduction vehicle what

1705

01:12:20,390 --> 01:12:17,040

else can i say

1706

01:12:23,270 --> 01:12:20,400

of course i want that on my wall right

1707

01:12:24,630 --> 01:12:23,280

but if anybody uh if anybody does have a

1708

01:12:26,630 --> 01:12:24,640

high quality version of that you can

1709

01:12:29,510 --> 01:12:26,640

email it to me at truthseekershow

1710

01:12:30,390 --> 01:12:29,520

gmail.com potential guests if you'd like

1711

01:12:33,750 --> 01:12:30,400

to be a guest

1712

01:12:35,270 --> 01:12:33,760

on the our show truth seekers here email

1713

01:12:37,830 --> 01:12:35,280

me at truthseeker show

1714

01:12:39,270 --> 01:12:37,840

gmail.com are always interested in in

1715

01:12:41,350 --> 01:12:39,280

talking to interesting people with

1716

01:12:44,709 --> 01:12:41,360

interesting stories or experiences

1717

01:12:45,990 --> 01:12:44,719

and uh you two may be invited to tell

1718

01:12:48,390 --> 01:12:46,000

your story here

1719

01:12:50,110 --> 01:12:48,400

with me on truth seekers i'd like that

1720

01:12:53,750 --> 01:12:50,120

it's truth seeker show

1721

01:12:56,790 --> 01:12:53,760

gmail.com so we're going to take

1722

01:12:58,470 --> 01:12:56,800

uh six six design

1723

01:13:00,070 --> 01:12:58,480

i stopped putting parachutes on mine i

1724

01:13:01,510 --> 01:13:00,080

used to set them up so i could never

1725

01:13:02,870 --> 01:13:01,520

have found them yeah me too

1726

01:13:04,470 --> 01:13:02,880

i would just shoot them up and if i

1727

01:13:05,110 --> 01:13:04,480

found them great if not i'd build

1728

01:13:07,669 --> 01:13:05,120

another one

1729

01:13:08,709 --> 01:13:07,679

and you know what i did as a child sixth

1730

01:13:11,270 --> 01:13:08,719

sense i

1731

01:13:13,350 --> 01:13:11,280

got friendly with a local carpet guy

1732

01:13:15,590 --> 01:13:13,360

because i could get the carpet rolls and

1733

01:13:17,669 --> 01:13:15,600

make rockets out of them all day long

1734

01:13:20,070 --> 01:13:17,679

it was just that cardboard and glue

1735

01:13:23,189 --> 01:13:22,310

all around arbiter yes hey steven what

1736

01:13:26,950 --> 01:13:23,199

is your favorite

1737

01:13:30,149 --> 01:13:26,960

philly cheesesteak shop um

1738

01:13:30,709 --> 01:13:30,159

yeah i i don't even know i don't even

1739

01:13:34,149 --> 01:13:30,719

know

1740

01:13:37,030 --> 01:13:34,159

i uh me and my wife uh

1741

01:13:39,430 --> 01:13:37,040

used to go to i think pat's at the

1742

01:13:40,950 --> 01:13:39,440

roosevelt mall

1743

01:13:42,709 --> 01:13:40,960

whatever the water the roosevelt i don't

1744

01:13:44,550 --> 01:13:42,719

know if it was genos or pats but we used

1745

01:13:46,790 --> 01:13:44,560

to go to that one once in a while

1746

01:13:48,550 --> 01:13:46,800

but lately my wife makes an incredible

1747

01:13:48,950 --> 01:13:48,560

cheesesteak and a lot of people around

1748

01:13:50,390 --> 01:13:48,960

here

1749

01:13:52,310 --> 01:13:50,400

outside philadelphia don't know what

1750

01:13:54,950 --> 01:13:52,320

they're doing so we make them at home

1751

01:13:56,229 --> 01:13:54,960

so mostly we eat them we eat them at

1752

01:13:58,310 --> 01:13:56,239

home

1753

01:14:00,790 --> 01:13:58,320

and for those listening internationally

1754

01:14:01,590 --> 01:14:00,800

a cheesesteak is a steak sandwich on a

1755

01:14:04,070 --> 01:14:01,600

roll

1756

01:14:06,070 --> 01:14:04,080

with cheese it's like ground up real

1757

01:14:09,910 --> 01:14:06,080

thin steak on a roll

1758

01:14:12,470 --> 01:14:09,920

with cheese and whatever and uh

1759

01:14:12,950 --> 01:14:12,480

yeah my my favorite is mushroom cheese

1760

01:14:14,709 --> 01:14:12,960

steak

1761

01:14:19,189 --> 01:14:14,719

they fry up some mushrooms and they put

1762

01:14:23,430 --> 01:14:21,830

moody muggle says did i hear stephen

1763

01:14:25,110 --> 01:14:23,440

right mark committed suicide did he have

1764

01:14:26,470 --> 01:14:25,120

an underlying condition i remember he

1765

01:14:28,149 --> 01:14:26,480

seemed to have some issue with his

1766

01:14:29,270 --> 01:14:28,159

respiratory system caught cleared his

1767

01:14:31,510 --> 01:14:29,280

throat a lot

1768

01:14:32,630 --> 01:14:31,520

that is what is being reported by local

1769

01:14:39,990 --> 01:14:32,640

authorities

1770

01:14:43,990 --> 01:14:42,149

yes mark great story we're gonna cover

1771

01:14:45,990 --> 01:14:44,000

that uh have you heard the fox news

1772

01:14:48,070 --> 01:14:46,000

story about cia agents possibly being

1773

01:14:49,110 --> 01:14:48,080

targeted by directed energy weapons yes

1774

01:14:52,390 --> 01:14:49,120

i did

1775

01:14:54,470 --> 01:14:52,400

and all i have to say uh matt gadet is

1776

01:14:55,990 --> 01:14:54,480
to all my friends that think i'm a

1777

01:14:59,189 --> 01:14:56,000
conspiracy crazy

1778

01:15:01,830 --> 01:14:59,199
person there you go

1779

01:15:03,270 --> 01:15:01,840
there you go it's real it's real

1780

01:15:06,390 --> 01:15:03,280
direct-to-energy weapons

1781

01:15:08,950 --> 01:15:06,400
are real and are being used possibly

1782

01:15:11,189 --> 01:15:08,960
against members of the cia and the

1783

01:15:14,470 --> 01:15:11,199
united states government

1784

01:15:16,470 --> 01:15:14,480
um so for all the people

1785

01:15:18,149 --> 01:15:16,480
that said i was crazy when i talked

1786

01:15:21,350 --> 01:15:18,159
about when i talked about

1787

01:15:23,590 --> 01:15:21,360
directed energy weapons being used and

1788

01:15:25,669 --> 01:15:23,600

being completely and totally real

1789

01:15:27,110 --> 01:15:25,679

people thought i was crazy i don't want

1790

01:15:29,510 --> 01:15:27,120

to say i told you so but

1791

01:15:31,750 --> 01:15:29,520

there we go mainstream media is chiming

1792

01:15:33,750 --> 01:15:31,760

in saying directed energy weapons

1793

01:15:35,750 --> 01:15:33,760

may be being used against members of the

1794

01:15:38,070 --> 01:15:35,760

cia and the united states government

1795

01:15:41,030 --> 01:15:38,080

it's not a conspiracy anymore friends

1796

01:15:42,709 --> 01:15:41,040

it's real and that's danger in

1797

01:15:44,550 --> 01:15:42,719

conspiracy lane because some of these

1798

01:15:48,870 --> 01:15:44,560

things turn out to be real

1799

01:15:51,990 --> 01:15:48,880

they they absolutely turn out to be real

1800

01:15:54,709 --> 01:15:52,000

yeah and

1801

01:15:56,790 --> 01:15:54,719

you know what i i'm a little hesitant to

1802

01:15:59,760 --> 01:15:56,800

try this but i think i am gonna

1803

01:16:03,110 --> 01:15:59,770

try this i did work on this uh

1804

01:16:19,510 --> 01:16:06,149

i worked on this multi-camera setup

1805

01:16:23,510 --> 01:16:19,520

still i'm still working on it

1806

01:16:25,350 --> 01:16:23,520

this seems a little far away and odd

1807

01:16:26,709 --> 01:16:25,360

yeah i have some light here that i

1808

01:16:28,470 --> 01:16:26,719

usually keep on but

1809

01:16:30,070 --> 01:16:28,480

i didn't keep it on because this other

1810

01:16:33,430 --> 01:16:30,080

camera is like super bright

1811

01:16:35,990 --> 01:16:33,440

even in darkness um

1812

01:16:37,189 --> 01:16:36,000

but we hope that you know i'll get the

1813

01:16:39,669 --> 01:16:37,199

hang of this thing

1814

01:16:40,229 --> 01:16:39,679

eventually and we'll be able to share a

1815

01:16:43,110 --> 01:16:40,239

lot more

1816

01:16:43,910 --> 01:16:43,120

views of the the i'm going to call it

1817

01:16:46,470 --> 01:16:43,920

the command

1818

01:16:47,270 --> 01:16:46,480

center some guy's got a bunker i don't

1819

01:16:50,070 --> 01:16:47,280

got a bunker

1820

01:16:51,669 --> 01:16:50,080

i got a cabin i got an apocalypse cabin

1821

01:16:53,590 --> 01:16:51,679

i don't need a bunker

1822

01:16:55,830 --> 01:16:53,600

especially if that bunker is a spare

1823

01:16:56,310 --> 01:16:55,840

bedroom in a house that's kind of cheesy

1824

01:16:59,270 --> 01:16:56,320

to me

1825

01:17:02,310 --> 01:16:59,280

but the command center that's not cheesy

1826

01:17:04,310 --> 01:17:02,320

at all right

1827

01:17:06,229 --> 01:17:04,320

it may be cheesy too but i don't want to

1828

01:17:08,550 --> 01:17:06,239

use the bunker so we're going to call

1829

01:17:10,149 --> 01:17:08,560

our studio here the command center and

1830

01:17:13,669 --> 01:17:10,159

you know

1831

01:17:14,870 --> 01:17:13,679

uh we'll see and then

1832

01:17:17,510 --> 01:17:14,880

i don't know how this one's going to

1833

01:17:19,270 --> 01:17:17,520

look well that's a little that's okay i

1834

01:17:21,910 --> 01:17:19,280

guess

1835

01:17:23,910 --> 01:17:21,920

yeah so we definitely have the stuff you

1836

01:17:27,030 --> 01:17:23,920

know

1837

01:17:30,390 --> 01:17:27,040

it's working uh the multi-camera

1838

01:17:31,830 --> 01:17:30,400

setup is working but uh i guess it's

1839

01:17:35,590 --> 01:17:31,840

gonna be

1840

01:17:37,189 --> 01:17:35,600

work it into the repertoire here

1841

01:17:40,149 --> 01:17:37,199

and adjust for the lighting and things

1842

01:17:43,270 --> 01:17:41,830

mac that says how does one protect

1843

01:17:45,430 --> 01:17:43,280

against such a device you've got to

1844

01:17:47,350 --> 01:17:45,440

build yourself a personal faraday cage

1845

01:17:49,030 --> 01:17:47,360

and stand in it that's the only thing

1846

01:17:51,750 --> 01:17:49,040

it's microwave radiation

1847

01:17:52,229 --> 01:17:51,760

you can't stop that except for a faraday

1848

01:17:53,910 --> 01:17:52,239

cage

1849

01:17:55,350 --> 01:17:53,920

and i i'm not even sure that that would

1850

01:17:57,590 --> 01:17:55,360

work i gotta

1851

01:17:59,590 --> 01:17:57,600

i gotta ask some of my uh friends that

1852

01:18:01,189 --> 01:17:59,600

are more familiar with microwaves and

1853

01:18:05,350 --> 01:18:01,199

things like that

1854

01:18:07,590 --> 01:18:05,360

and uh but i believe that a faraday cage

1855

01:18:08,470 --> 01:18:07,600

but you know maybe like a garage sized

1856

01:18:12,390 --> 01:18:08,480

one and you

1857

01:18:14,790 --> 01:18:12,400

stand in it i don't know it's very scary

1858

01:18:16,550 --> 01:18:14,800

people are using directed energy weapons

1859

01:18:19,110 --> 01:18:16,560

on people and they can cause

1860

01:18:20,390 --> 01:18:19,120

permanent apparently these direct energy

1861

01:18:26,630 --> 01:18:20,400

weapons can cause

1862

01:18:28,310 --> 01:18:26,640

permanent neurological damage yeah and v

1863

01:18:30,070 --> 01:18:28,320

says they need to start building faraday

1864

01:18:31,270 --> 01:18:30,080

cages into the buildings and housing for

1865

01:18:37,110 --> 01:18:31,280

these personnel

1866

01:18:41,030 --> 01:18:38,709

yeah we all have one in our kitchen a

1867

01:18:43,270 --> 01:18:41,040

microwave that is yeah but that one is

1868

01:18:45,030 --> 01:18:43,280

warming our food it's not being shot

1869

01:18:48,070 --> 01:18:45,040

into our brains

1870

01:18:50,870 --> 01:18:48,080

on purpose to cause damage right

1871

01:18:52,390 --> 01:18:50,880

and also well you know i recalled when

1872

01:18:53,270 --> 01:18:52,400

when i was a child there was this

1873

01:18:55,350 --> 01:18:53,280

company called

1874

01:18:57,910 --> 01:18:55,360

i talked about some of my sciency stuff

1875

01:18:59,910 --> 01:18:57,920

when i was a kid like building rockets

1876

01:19:01,750 --> 01:18:59,920

um there was a company called

1877

01:19:03,189 --> 01:19:01,760

information unlimited that advertised in

1878

01:19:04,950 --> 01:19:03,199

the back of all kinds of

1879

01:19:08,550 --> 01:19:04,960

science and computer magazines and you

1880

01:19:09,189 --> 01:19:08,560

can order plans to build like an ion ray

1881

01:19:12,390 --> 01:19:09,199

gun

1882

01:19:14,149 --> 01:19:12,400

or a an ultrasonic weapon

1883

01:19:15,990 --> 01:19:14,159

they had ultrasonic weapons you could

1884

01:19:18,149 --> 01:19:16,000

build them when i was a kid so

1885

01:19:20,390 --> 01:19:18,159

and those are basically direct energy

1886

01:19:22,390 --> 01:19:20,400

weapons the ultrasonic weapons is

1887

01:19:25,910 --> 01:19:22,400

interesting it would make someone

1888

01:19:29,189 --> 01:19:25,920

nauseous and feel like vomiting almost

1889

01:19:29,669 --> 01:19:29,199

instantly right and some people said

1890

01:19:34,390 --> 01:19:29,679

that

1891

01:19:35,750 --> 01:19:34,400

it could also make people crap to pants

1892

01:19:37,750 --> 01:19:35,760

so that's an interesting

1893

01:19:38,390 --> 01:19:37,760

direct-to-energy weapon that i never got

1894

01:19:39,910 --> 01:19:38,400

to build

1895

01:19:41,910 --> 01:19:39,920

because i was afraid that i wasn't going

1896

01:19:42,790 --> 01:19:41,920

to be able to solder the parts together

1897

01:19:44,630 --> 01:19:42,800

right

1898

01:19:46,870 --> 01:19:44,640

so i never did order from this

1899

01:19:48,790 --> 01:19:46,880

information unlimited even though

1900

01:19:50,709 --> 01:19:48,800

i would drool over the stuff in their

1901

01:19:53,110 --> 01:19:50,719

ads every month wow

1902

01:19:54,550 --> 01:19:53,120

i could have an ultrasonic energy weapon

1903

01:19:56,070 --> 01:19:54,560

right and it fit in a little

1904

01:19:58,070 --> 01:19:56,080

box you could carry it around in your

1905

01:20:03,990 --> 01:19:58,080

pocket and shoot it at people

1906

01:20:06,310 --> 01:20:04,000

maybe it's better that i never got it

1907

01:20:07,990 --> 01:20:06,320

yeah and hugh says uh these directed

1908

01:20:11,510 --> 01:20:08,000

energy weapons are directed at the u.s

1909

01:20:13,270 --> 01:20:11,520

embassy in russia out of a van

1910

01:20:15,510 --> 01:20:13,280

that's how personal yeah got very

1911

01:21:29,990 --> 01:20:15,520

personal right

1912

01:21:33,750 --> 01:21:31,510

sorry about that friend so i get thrown

1913

01:21:35,350 --> 01:21:33,760

out on my own live stream

1914

01:21:37,510 --> 01:21:35,360

i thought that the problem with the

1915

01:21:41,590 --> 01:21:37,520

internet up here had something to do

1916

01:21:44,790 --> 01:21:41,600

with the had something to do

1917

01:21:46,790 --> 01:21:44,800

with the laptop but it turns out it must

1918

01:21:49,110 --> 01:21:46,800

be the router because every so often

1919

01:21:50,629 --> 01:21:49,120

it'll just throw you off the wi-fi

1920

01:21:52,950 --> 01:21:50,639

which is not good if you're running a

1921

01:21:54,149 --> 01:21:52,960

live show so i'm going to be running an

1922

01:21:57,270 --> 01:21:54,159

actual cable

1923

01:21:58,629 --> 01:21:57,280

right i apologize and and no need to

1924

01:22:01,350 --> 01:21:58,639

call me

1925

01:22:03,350 --> 01:22:01,360

i'm good there'll just be some dead air

1926

01:22:05,110 --> 01:22:03,360

and i hate that nail because remember

1927

01:22:06,790 --> 01:22:05,120

we're doing this audio podcast so now

1928

01:22:08,870 --> 01:22:06,800

i'm going to cut out that dead air

1929

01:22:10,070 --> 01:22:08,880

or maybe not there'll be a second or two

1930

01:22:11,830 --> 01:22:10,080

of

1931

01:22:13,750 --> 01:22:11,840

it'll it'll make it easier for them to

1932

01:22:14,550 --> 01:22:13,760

identify where to jam the commercials

1933

01:22:16,070 --> 01:22:14,560

and by the way

1934

01:22:18,149 --> 01:22:16,080

i want to thank everybody who is sending

1935

01:22:20,950 --> 01:22:18,159

me reports of the commercials

1936

01:22:22,950 --> 01:22:20,960

on the audio podcasts so far people have

1937

01:22:25,189 --> 01:22:22,960

heard wawa commercials mcdonald's

1938

01:22:29,189 --> 01:22:25,199

commercials and worse yet

1939

01:22:32,390 --> 01:22:29,199

microsoft commercials on my show

1940

01:22:34,950 --> 01:22:32,400

who did that who okayed microsoft

1941

01:22:35,590 --> 01:22:34,960

oh you can't you just it's there's one

1942

01:22:39,110 --> 01:22:35,600

switch

1943

01:22:40,310 --> 01:22:39,120

on or off and i have no say over anybody

1944

01:22:44,229 --> 01:22:40,320

that advertises

1945

01:22:46,790 --> 01:22:44,239

friends so uh i apologize

1946

01:22:47,430 --> 01:22:46,800

if there's any advertisers that you find

1947

01:22:49,270 --> 01:22:47,440

fault with

1948

01:22:51,830 --> 01:22:49,280

i'm sure there's going to be advertisers

1949

01:22:53,350 --> 01:22:51,840

that i find fault with and i don't want

1950

01:22:55,270 --> 01:22:53,360

to

1951

01:22:57,590 --> 01:22:55,280

you know there's nothing i could do

1952

01:23:00,229 --> 01:22:57,600

though there's a simple on off switch

1953

01:23:00,790 --> 01:23:00,239

you can't say i don't want microsoft on

1954

01:23:04,310 --> 01:23:00,800

my

1955

01:23:08,149 --> 01:23:05,990

i mean i guess i'm okay with it and this

1956

01:23:11,270 --> 01:23:08,159

is corporate america but i can't say no

1957

01:23:13,910 --> 01:23:11,280

i just it's on or off so

1958

01:23:15,350 --> 01:23:13,920

you know uh i guess though the good news

1959

01:23:18,390 --> 01:23:15,360

is is that i get a

1960

01:23:20,310 --> 01:23:18,400

get out of uh people complaining free

1961

01:23:21,830 --> 01:23:20,320

card if you don't like an advertiser i

1962

01:23:22,550 --> 01:23:21,840

don't have anything to do with it i got

1963

01:23:25,669 --> 01:23:22,560

one switch

1964

01:23:28,550 --> 01:23:25,679

on or off that's it so but it is

1965

01:23:32,870 --> 01:23:28,560

interesting funny and entertaining to me

1966

01:23:36,070 --> 01:23:32,880

who the people are who are actually uh

1967

01:23:39,830 --> 01:23:36,080

advertising like

1968

01:23:40,550 --> 01:23:39,840

interesting to me yes and b says praise

1969

01:23:45,030 --> 01:23:40,560

the cash

1970

01:23:47,270 --> 01:23:45,040

shooter v

1971

01:23:48,229 --> 01:23:47,280

it's like a gun and it shoots money out

1972

01:23:50,390 --> 01:23:48,239

up into the air

1973

01:23:52,390 --> 01:23:50,400

and i'm going to get him to say praise

1974

01:23:53,270 --> 01:23:52,400

the cash while he shoots money up into

1975

01:23:54,790 --> 01:23:53,280

the air

1976

01:23:58,070 --> 01:23:54,800

and every time somebody sends a super

1977

01:24:01,590 --> 01:23:58,080

chat i'll play that short clip of him

1978

01:24:05,270 --> 01:24:03,590

yeah you know it's very interesting i

1979

01:24:05,830 --> 01:24:05,280

got to teach my son a little bit about

1980

01:24:07,669 --> 01:24:05,840

money

1981

01:24:09,110 --> 01:24:07,679

he's like i don't understand daddy you

1982

01:24:11,430 --> 01:24:09,120

do your show and they just give you

1983

01:24:14,070 --> 01:24:11,440

money i said yeah if the show's good

1984

01:24:15,110 --> 01:24:14,080

they sometimes people will give me money

1985

01:24:16,870 --> 01:24:15,120

and then he said

1986

01:24:19,189 --> 01:24:16,880

you can buy ice cream with that and i

1987

01:24:19,910 --> 01:24:19,199

said yes i can and suddenly he was very

1988

01:24:23,030 --> 01:24:19,920

interested

1989

01:24:28,070 --> 01:24:26,390

yeah from the mouth of babes so uh

1990

01:24:31,270 --> 01:24:28,080

we're gonna we're coming up on an hour

1991

01:24:34,470 --> 01:24:31,280

and a half uh

1992

01:24:35,270 --> 01:24:34,480

matt don't be if don't i can't i can't

1993

01:24:37,590 --> 01:24:35,280

on air

1994

01:24:39,110 --> 01:24:37,600

encourage people to do what you're doing

1995

01:24:42,229 --> 01:24:39,120

matt but i can't

1996

01:24:44,149 --> 01:24:42,239

say i blame you and good for you i do

1997

01:24:47,350 --> 01:24:44,159

the same thing but i'm not supposed to

1998

01:24:50,629 --> 01:24:47,360

encourage people to do that

1999

01:24:52,229 --> 01:24:50,639

consider yeah uh i you know i don't know

2000

01:24:53,750 --> 01:24:52,239

how any of this works like i don't know

2001

01:24:56,149 --> 01:24:53,760

if they count people

2002

01:24:57,110 --> 01:24:56,159

that are using those if they know i

2003

01:24:58,870 --> 01:24:57,120

don't know

2004

01:25:00,149 --> 01:24:58,880

it's a whole new world to me it's like

2005

01:25:02,709 --> 01:25:00,159

okay now we got this

2006

01:25:04,629 --> 01:25:02,719

audio podcast thing going i have to

2007

01:25:06,070 --> 01:25:04,639

remember no dead air and i also have to

2008

01:25:08,390 --> 01:25:06,080

remind myself to

2009

01:25:09,830 --> 01:25:08,400

yeah maybe it was a directed energy

2025

01:25:46,790 --> 01:25:44,159

weapon

2026

01:25:50,950 --> 01:25:46,800

2029

01:26:00,310 --> 01:25:58,080

2030

01:26:01,350 --> 01:26:00,320

trying to shut our stream down that's

2049

01:26:42,790 --> 01:26:41,679

are not getting notifications and uh you

2050

01:26:45,590 --> 01:26:42,800

know i'm sorry for that

2051
01:26:46,310 --> 01:26:45,600
we i am a victim of this technology as

2052
01:26:49,510 --> 01:26:46,320
well as

2053
01:26:51,430 --> 01:26:49,520
a benefactor so what it works and and it

2054
01:26:52,550 --> 01:26:51,440
does good things for me i'm a benefactor

2055
01:26:54,390 --> 01:26:52,560
but when it's

2056
01:26:55,590 --> 01:26:54,400
you know sort of stopping people from

2057
01:26:58,629 --> 01:26:55,600
finding my show

2058
01:26:59,350 --> 01:26:58,639
or you know not helping enough to let

2059
01:27:02,709 --> 01:26:59,360
people know

2060
01:27:04,470 --> 01:27:02,719
hey there's a live show and i'm a victim

2061
01:27:07,830 --> 01:27:04,480
of this technology

2062
01:27:10,470 --> 01:27:07,840
all in all more benefit than than

2063
01:27:11,990 --> 01:27:10,480

you know downside i'd have to say this

2064

01:27:14,229 --> 01:27:12,000

technology is amazing because if you

2065

01:27:16,390 --> 01:27:14,239

think about it we're on three different

2066

01:27:17,590 --> 01:27:16,400

platforms right now streaming a live

2067

01:27:20,470 --> 01:27:17,600

show

2068

01:27:21,350 --> 01:27:20,480

and uh as soon as i'm finished i upload

2069

01:27:23,030 --> 01:27:21,360

the audio

2070

01:27:25,830 --> 01:27:23,040

version of the show and it goes out to

2071

01:27:26,790 --> 01:27:25,840

14 or 15 different audio podcast

2072

01:27:31,030 --> 01:27:26,800

networks

2073

01:27:34,070 --> 01:27:31,040

automatically after after upload

2074

01:27:36,149 --> 01:27:34,080

so the technology i'm trying to use

2075

01:27:39,430 --> 01:27:36,159

technology to my full advantage to

2076

01:27:42,790 --> 01:27:39,440

expand and grow the show and uh

2077

01:27:44,550 --> 01:27:42,800

also with this live stream set up i'm

2078

01:27:46,629 --> 01:27:44,560

experimenting with multiple cameras and

2079

01:27:48,870 --> 01:27:46,639

i'm trying to leverage more

2080

01:27:49,669 --> 01:27:48,880

computer power to get some of this stuff

2081

01:27:52,310 --> 01:27:49,679

done

2082

01:27:53,270 --> 01:27:52,320

for those unaware like a machine and a

2083

01:27:55,189 --> 01:27:53,280

switch box

2084

01:27:57,270 --> 01:27:55,199

and all this stuff to do multi cameras

2085

01:27:58,310 --> 01:27:57,280

is very very expensive but i figured out

2086

01:28:00,229 --> 01:27:58,320

a way to do it

2087

01:28:01,750 --> 01:28:00,239

with a couple of junk spare computers

2088

01:28:04,950 --> 01:28:01,760

and some extra webcams

2089

01:28:06,790 --> 01:28:04,960

so uh you know the issue is that we

2090

01:28:09,270 --> 01:28:06,800

can't like put

2091

01:28:10,390 --> 01:28:09,280

you know 12 cameras on one computer

2092

01:28:11,990 --> 01:28:10,400

because

2093

01:28:14,149 --> 01:28:12,000

it's too much for one computer to

2094

01:28:17,350 --> 01:28:14,159

process but we could spread them out

2095

01:28:19,590 --> 01:28:17,360

among a bunch of different computers and

2096

01:28:20,390 --> 01:28:19,600

so this is my hacky way of getting a

2097

01:28:22,550 --> 01:28:20,400

really cheap

2098

01:28:24,790 --> 01:28:22,560

multi-camera setup not sure it's that

2099

01:28:27,430 --> 01:28:24,800

important but if i can do it

2100

01:28:29,430 --> 01:28:27,440

and provide different views you know i

2101

01:28:32,149 --> 01:28:29,440

think that is a good thing

2102

01:28:34,070 --> 01:28:32,159

it definitely you know can be used to

2103

01:28:37,830 --> 01:28:34,080

add in the production

2104

01:28:40,149 --> 01:28:37,840

right the production of the show

2105

01:28:40,950 --> 01:28:40,159

and you know some people don't believe

2106

01:28:44,390 --> 01:28:40,960

that production

2107

01:28:46,950 --> 01:28:44,400

matters i'm not one of those people

2108

01:28:48,070 --> 01:28:46,960

i think the more production that you can

2109

01:28:50,229 --> 01:28:48,080

pack into a show

2110

01:28:51,910 --> 01:28:50,239

the better i mean as long as the content

2111

01:28:53,750 --> 01:28:51,920

is also good you have to be

2112

01:28:56,629 --> 01:28:53,760

doing some good research talking about

2113

01:28:58,870 --> 01:28:56,639

good topics be a good host but

2114

01:29:03,990 --> 01:28:58,880

i like the production i guess coming

2115

01:29:08,709 --> 01:29:06,550

uh hugh thank you very much but uh yeah

2116

01:29:09,990 --> 01:29:08,719

maybe get with me offline and i'll send

2117

01:29:12,070 --> 01:29:10,000

you a mailing address

2118

01:29:15,030 --> 01:29:12,080

we might we might be able to use an

2119

01:29:16,790 --> 01:29:15,040

extra microphone for

2120

01:29:18,149 --> 01:29:16,800

we're going to have the green screen in

2121

01:29:22,149 --> 01:29:18,159

the other room too

2122

01:29:25,590 --> 01:29:22,159

by the way so that sort of helps

2123

01:29:27,270 --> 01:29:25,600

the green screen uh and this set can't

2124

01:29:29,590 --> 01:29:27,280

fit in the same room that's how small

2125

01:29:31,910 --> 01:29:29,600

this office is

2126

01:29:32,790 --> 01:29:31,920

we kind of got an indication it's not

2127

01:29:34,950 --> 01:29:32,800

it's not a big

2128

01:29:38,870 --> 01:29:34,960

it's a tiny office i got it's like me

2129

01:29:41,990 --> 01:29:38,880

and uh

2130

01:29:44,390 --> 01:29:42,000

me and six or eight computers jammed in

2131

01:29:47,189 --> 01:29:44,400

this little tiny place

2132

01:29:49,189 --> 01:29:47,199

but i need them i need them i need those

2133

01:29:50,790 --> 01:29:49,199

computer friends to make this magic

2134

01:29:56,870 --> 01:29:50,800

technology work

2135

01:30:02,870 --> 01:29:59,910

yeah uh hugh i i would be interested

2136

01:30:04,709 --> 01:30:02,880

sure absolutely someone in our live chat

2137

01:30:04,950 --> 01:30:04,719

here hugh pushko is offering to send me

2138

01:30:09,350 --> 01:30:04,960

an

2139

01:30:12,149 --> 01:30:09,360

podcasting yeah that might help

2140

01:30:13,910 --> 01:30:12,159

and uh for those you know i'm finally

2141

01:30:17,350 --> 01:30:13,920

using this uh

2142

01:30:20,390 --> 01:30:17,360

this big old honking

2143

01:30:23,910 --> 01:30:20,400

microphone that i have that is direct

2144

01:30:25,750 --> 01:30:23,920

and not usb to my ears this one sounds

2145

01:30:27,430 --> 01:30:25,760

the best to me but i may do some

2146

01:30:29,110 --> 01:30:27,440

additional audio tests and figure out

2147

01:30:31,750 --> 01:30:29,120

which one is the best

2148

01:30:33,910 --> 01:30:31,760

microphone to broadcast with because all

2149

01:30:35,350 --> 01:30:33,920

these cameras are muted and don't have

2150

01:30:37,590 --> 01:30:35,360

you know but the

2151

01:30:40,229 --> 01:30:37,600

the audio will all be going mostly from

2152

01:30:43,910 --> 01:30:40,239

my microphone until something better

2153

01:30:47,510 --> 01:30:43,920

a better way to do it materializes

2154

01:30:49,510 --> 01:30:47,520

so um boy uh

2155

01:30:50,790 --> 01:30:49,520

really good i think we had a good talk

2156

01:30:52,470 --> 01:30:50,800

tonight uh you know

2157

01:30:54,950 --> 01:30:52,480

it's kind of cathartic for me because i

2158

01:30:55,910 --> 01:30:54,960

got i got to tell you about me and mark

2159

01:30:57,270 --> 01:30:55,920

mccandless

2160

01:30:59,669 --> 01:30:57,280

you know i've been kind of linked to

2161

01:31:02,550 --> 01:30:59,679

this guy since i was a child

2162

01:31:03,669 --> 01:31:02,560

and again i'm so sad to see that he died

2163

01:31:07,030 --> 01:31:03,679

um

2164

01:31:08,390 --> 01:31:07,040

friends and yeah you know i'm always uh

2165

01:31:09,750 --> 01:31:08,400

you know you just don't know what to say

2166

01:31:11,590 --> 01:31:09,760

you don't know what to say when somebody

2167

01:31:15,030 --> 01:31:11,600

dies suddenly like that especially

2168

01:31:19,430 --> 01:31:15,040

right i don't know what to say

2169

01:31:24,550 --> 01:31:22,950

okay so um you know i sort of covered

2170

01:31:26,070 --> 01:31:24,560

what i wanted to cover to introduce

2171

01:31:27,110 --> 01:31:26,080

people to this subject but i have to

2172

01:31:28,950 --> 01:31:27,120

warn you that

2173

01:31:31,189 --> 01:31:28,960

i think this rabbit hole is going to get

2174

01:31:32,950 --> 01:31:31,199

deeper and and if it does we're going to

2175

01:31:34,550 --> 01:31:32,960

come back with part two

2176

01:31:36,470 --> 01:31:34,560

with additional research either

2177

01:31:38,709 --> 01:31:36,480

confirming or denying some of the things

2178

01:31:41,110 --> 01:31:38,719

running or roaming around in conspiracy

2179

01:31:44,709 --> 01:31:41,120

land being reported as fact

2180

01:31:46,229 --> 01:31:44,719

um like i said i was unable to

2181

01:31:49,030 --> 01:31:46,239

verify that there's any federal

2182

01:31:51,590 --> 01:31:49,040

investigations into his debt

2183

01:31:53,110 --> 01:31:51,600

and uh doesn't mean they're not

2184

01:31:55,110 --> 01:31:53,120

happening that means i was unable to

2185

01:31:56,629 --> 01:31:55,120

verify if someone is and local law

2186

01:31:59,030 --> 01:31:56,639

enforcement has not heard

2187

01:32:00,149 --> 01:31:59,040

of any inquiries or investigations into

2188

01:32:03,270 --> 01:32:00,159

mr mccandless

2189

01:32:05,590 --> 01:32:03,280

death by any federal authority that's

2190

01:32:08,870 --> 01:32:05,600

the quote i got back

2191

01:32:12,149 --> 01:32:08,880

so we'll kind of add an impasse until

2192

01:32:13,750 --> 01:32:12,159

i have a day to do some more digging and

2193

01:32:17,830 --> 01:32:13,760

you know

2194

01:32:20,870 --> 01:32:17,840

i'm gonna dig

2195

01:32:23,110 --> 01:32:20,880

and uh hopefully we're gonna find some

2196

01:32:24,709 --> 01:32:23,120

more answers

2197

01:32:26,550 --> 01:32:24,719

and you know i consider it sort of a

2198

01:32:28,550 --> 01:32:26,560

public service to check these people

2199

01:32:32,390 --> 01:32:28,560

writing blogs is this information

2200

01:32:34,629 --> 01:32:32,400

real or are they trying to sell a story

2201

01:32:36,550 --> 01:32:34,639

and using the tragic death of someone to

2202

01:32:38,390 --> 01:32:36,560

do so

2203

01:32:39,669 --> 01:32:38,400

when surprised me i don't know that

2204

01:32:41,350 --> 01:32:39,679

that's happening i'm not making

2205

01:32:43,510 --> 01:32:41,360

accusations until i've done my due

2206

01:32:46,390 --> 01:32:43,520

diligence but then we'll be back with

2207

01:32:48,229 --> 01:32:46,400

more to this story well friends i'm

2208

01:32:49,669 --> 01:32:48,239

always happy when there's an audience i

2209

01:32:51,189 --> 01:32:49,679

i gotta tell you i'm happy that you

2210

01:32:51,990 --> 01:32:51,199

could come here tonight and be a part of

2211

01:32:54,070 --> 01:32:52,000

mine

2212

01:32:55,189 --> 01:32:54,080

until next time friends my name is

2213

01:33:10,850 --> 01:32:55,199

stephen cambion

2214

01:33:37,630 --> 01:33:30,920

[Music]

2215

01:33:48,830 --> 01:33:37,640

so

2216

01:33:50,210 --> 01:33:48,840

[Music]

2217

01:34:58,629 --> 01:33:50,220

so

2218

01:35:01,669 --> 01:35:00,550

hey friends just another note i'm

2219

01:35:03,910 --> 01:35:01,679

forgetting uh

2220

01:35:05,030 --> 01:35:03,920

again we gotta try to avoid dead time

2221

01:35:07,590 --> 01:35:05,040

and i usually

2222

01:35:09,990 --> 01:35:07,600

put up a graphic thanking our patreon

2223

01:35:10,870 --> 01:35:10,000

supporters paypal donators and super

2224

01:35:14,070 --> 01:35:10,880

chat

2225

01:35:16,390 --> 01:35:14,080

uh people uh but

2226

01:35:18,390 --> 01:35:16,400

a graphic with no sound is not going to

2227

01:35:18,790 --> 01:35:18,400

be good for the audio podcast so let me

2228

01:35:22,070 --> 01:35:18,800

just

2229

01:35:23,350 --> 01:35:22,080

say uh there's these couple ways to

2230

01:35:25,510 --> 01:35:23,360

support us you can become a

2231

01:35:27,669 --> 01:35:25,520

member on patreon for as little as a

2232
