

1
00:00:32,039 --> 00:00:31,430
[Music]

2
00:00:41,350 --> 00:00:32,049
[Applause]

3
00:01:10,830 --> 00:00:41,360
[Music]

4
00:01:35,290 --> 00:01:24,830
so

5
00:02:48,830 --> 00:02:02,620
[Music]

6
00:02:48,840 --> 00:02:52,130
so

7
00:03:32,200 --> 00:03:26,650
[Music]

8
00:03:41,620 --> 00:03:32,210
so

9
00:04:44,550 --> 00:04:02,660
[Music]

10
00:04:46,550 --> 00:04:44,560
greetings and salutations friends and

11
00:04:48,710 --> 00:04:46,560
welcome back to truth seekers

12
00:04:50,310 --> 00:04:48,720
i'm so happy tonight because uh tonight

13
00:04:53,270 --> 00:04:50,320

i'm going to get to interview

14

00:04:53,909 --> 00:04:53,280

uh someone that i've uh gotten to know a

15

00:04:56,310 --> 00:04:53,919

little bit

16

00:04:57,830 --> 00:04:56,320

and uh it's interesting these rabbit

17

00:04:59,909 --> 00:04:57,840

holes that we go down but

18

00:05:01,270 --> 00:04:59,919

some time ago i began to hear rumblings

19

00:05:04,150 --> 00:05:01,280

of this person

20

00:05:05,990 --> 00:05:04,160

who uh does some things that i think are

21

00:05:07,270 --> 00:05:06,000

a little strange like conduct interviews

22

00:05:09,590 --> 00:05:07,280

and keep them private

23

00:05:10,790 --> 00:05:09,600

but he makes transcripts and different

24

00:05:12,950 --> 00:05:10,800

things he's really

25

00:05:13,990 --> 00:05:12,960

out trying to find the truth behind some

26

00:05:16,950 --> 00:05:14,000

of these stories

27

00:05:17,350 --> 00:05:16,960

and uh you know so i began hearing about

28

00:05:21,189 --> 00:05:17,360

him

29

00:05:23,029 --> 00:05:21,199

long ago

30

00:05:24,390 --> 00:05:23,039

and i can't tell you how many messages i

31

00:05:26,150 --> 00:05:24,400

got of people saying

32

00:05:27,510 --> 00:05:26,160

you got to get that guy to do a whole

33

00:05:30,469 --> 00:05:27,520

show which uh

34

00:05:31,909 --> 00:05:30,479

i agree with 100 one of the things that

35

00:05:33,990 --> 00:05:31,919

i like about this show is that it gives

36

00:05:35,189 --> 00:05:34,000

me a passport to talk to some very

37

00:05:38,710 --> 00:05:35,199

knowledgeable people

38

00:05:42,390 --> 00:05:38,720

researchers authors lecturers about

39

00:05:45,189 --> 00:05:42,400

these strange and interesting subjects

40

00:05:46,469 --> 00:05:45,199

i could have talked to him offline but i

41

00:05:48,629 --> 00:05:46,479

decided it would probably be

42

00:05:49,670 --> 00:05:48,639

best if he and i just have this

43

00:05:53,350 --> 00:05:49,680

conversation

44

00:05:57,749 --> 00:05:53,360

and let others benefit from it as well

45

00:05:59,749 --> 00:05:57,759

so without any more fluff

46

00:06:01,110 --> 00:05:59,759

let's get into it friends and i'm going

47

00:06:06,070 --> 00:06:01,120

to bring our guests here

48

00:06:08,710 --> 00:06:06,080

victor cagliari there you go

49

00:06:09,350 --> 00:06:08,720

you hear me i can hear you can you hear

50

00:06:11,990 --> 00:06:09,360

me

51
00:06:14,629 --> 00:06:12,000
yes yes love the accent by the way uh

52
00:06:17,110 --> 00:06:14,639
all the way from australia and it is

53
00:06:18,790 --> 00:06:17,120
like a whole different day so we're like

54
00:06:20,950 --> 00:06:18,800
time traveling here

55
00:06:22,790 --> 00:06:20,960
because i'm here on tuesday you're here

56
00:06:24,070 --> 00:06:22,800
on wednesday he sent me something about

57
00:06:25,189 --> 00:06:24,080
the time difference and he's like yeah

58
00:06:28,390 --> 00:06:25,199
we'll do it

59
00:06:29,749 --> 00:06:28,400
you're this time for you on tuesday and

60
00:06:32,390 --> 00:06:29,759
this time for me on wednesday

61
00:06:32,870 --> 00:06:32,400
it's kind of it's 11 11 in the morning

62
00:06:35,510 --> 00:06:32,880
on

63
00:06:37,029 --> 00:06:35,520

wednesday yeah and we're 9pm eastern

64

00:06:39,749 --> 00:06:37,039

standard time here which is

65

00:06:40,550 --> 00:06:39,759

just bizarre going on i don't even know

66

00:06:42,710 --> 00:06:40,560

where to begin

67

00:06:45,430 --> 00:06:42,720

we have so much to get to but i do have

68

00:06:46,870 --> 00:06:45,440

a big list of questions

69

00:06:48,550 --> 00:06:46,880

i want to know about these things i've

70

00:06:50,469 --> 00:06:48,560

been hearing about these interviews that

71

00:06:51,110 --> 00:06:50,479

you do but then you don't really make

72

00:06:59,749 --> 00:06:51,120

them

73

00:07:01,589 --> 00:06:59,759

okay mike rogers

74

00:07:04,390 --> 00:07:01,599

i can send a link to that if anyone's

75

00:07:06,469 --> 00:07:04,400

interested it's pretty boring

76

00:07:08,309 --> 00:07:06,479

but why is it what is the thinking

77

00:07:09,430 --> 00:07:08,319

behind doing some interviews and keeping

78

00:07:11,430 --> 00:07:09,440

them private

79

00:07:12,629 --> 00:07:11,440

and not releasing them is it just

80

00:07:17,749 --> 00:07:12,639

personal

81

00:07:21,430 --> 00:07:19,909

no they'll come out i'm gonna release

82

00:07:22,950 --> 00:07:21,440

them like um i don't have

83

00:07:25,990 --> 00:07:22,960

all that many interviews i've done one

84

00:07:28,629 --> 00:07:26,000

with um mike rogers

85

00:07:31,110 --> 00:07:28,639

uh i've done one with fred dunham he's

86

00:07:34,710 --> 00:07:31,120

the area 51 security guard

87

00:07:38,390 --> 00:07:34,720

that was there during bob's time um

88

00:07:43,189 --> 00:07:38,400

he i've done one of glenn campbell

89

00:07:48,230 --> 00:07:43,199

okay and i've done one with

90

00:07:51,430 --> 00:07:49,670

okay i haven't waited the one with

91

00:07:55,430 --> 00:07:51,440

fairchild because the guy

92

00:07:58,790 --> 00:07:55,440

was constantly bad-mouthing uh

93

00:08:01,270 --> 00:07:58,800

bob's second wife bob's first wife carol

94

00:08:02,230 --> 00:08:01,280

because she also i don't know if many

95

00:08:05,270 --> 00:08:02,240

people know this but

96

00:08:05,670 --> 00:08:05,280

um bob's first wife carol worked with

97

00:08:08,230 --> 00:08:05,680

bob

98

00:08:09,430 --> 00:08:08,240

at fairchild uh they were both

99

00:08:14,150 --> 00:08:09,440

technicians there

100

00:08:16,629 --> 00:08:14,160

and there's a 13 13-year age gap and

101

00:08:18,150 --> 00:08:16,639

this guy was worked there he knew bob he

102

00:08:19,589 --> 00:08:18,160

knew carol

103

00:08:21,830 --> 00:08:19,599

he didn't just he didn't say very

104

00:08:23,990 --> 00:08:21,840

pleasant things about carol

105

00:08:25,270 --> 00:08:24,000

not personality wise but you know he got

106

00:08:26,950 --> 00:08:25,280

into physical things

107

00:08:29,670 --> 00:08:26,960

and i don't want to put out the the

108

00:08:31,670 --> 00:08:29,680

interview because of that because

109

00:08:32,790 --> 00:08:31,680

i just didn't agree with with some of

110

00:08:36,230 --> 00:08:32,800

that stuff yeah

111

00:08:36,709 --> 00:08:36,240

i know i've been here yeah i've been

112

00:08:38,709 --> 00:08:36,719

there

113

00:08:39,990 --> 00:08:38,719

and unfortunately we're live so i don't

114

00:08:43,350 --> 00:08:40,000

get an edit button

115

00:08:45,110 --> 00:08:43,360

you know like i or you know there's been

116

00:08:47,030 --> 00:08:45,120

a few interviews that i went wow i went

117

00:08:48,070 --> 00:08:47,040

off the rails but it's out there and

118

00:08:50,310 --> 00:08:48,080

there you know

119

00:08:51,509 --> 00:08:50,320

yeah so you and i have a particular

120

00:08:53,430 --> 00:08:51,519

interest in

121

00:08:55,590 --> 00:08:53,440

several cases one of them being the bob

122

00:08:57,430 --> 00:08:55,600

lazar case and you've got a great deal

123

00:09:00,310 --> 00:08:57,440

of information that i'm going to try to

124

00:09:01,190 --> 00:09:00,320

pry from you that nobody's ever heard

125

00:09:03,670 --> 00:09:01,200

before

126

00:09:06,310 --> 00:09:03,680

right you just dropped one nugget that

127

00:09:07,910 --> 00:09:06,320

bob and his wife were both technicians

128

00:09:09,670 --> 00:09:07,920

at fairchild can you talk a little bit

129

00:09:12,949 --> 00:09:09,680

more about that

130

00:09:14,630 --> 00:09:12,959

uh yeah well basically um

131

00:09:16,070 --> 00:09:14,640

as you guys know bob went to pierce

132

00:09:19,190 --> 00:09:16,080

college

133

00:09:22,389 --> 00:09:19,200

and um just to give you a low down on

134

00:09:24,389 --> 00:09:22,399

what this guy told me would

135

00:09:26,710 --> 00:09:24,399

before i edit it and put it out i'm

136

00:09:29,750 --> 00:09:26,720

pretty look to be honest i'm lazy i

137

00:09:31,509 --> 00:09:29,760

should have edited it a long time ago

138

00:09:32,870 --> 00:09:31,519

i've been there too brother yeah

139

00:09:35,350 --> 00:09:32,880

sometimes you get busy and

140

00:09:36,470 --> 00:09:35,360

and this thing is not my own priorities

141

00:09:38,389 --> 00:09:36,480

right yeah

142

00:09:39,590 --> 00:09:38,399

and uh look glenn campbell when i did

143

00:09:42,470 --> 00:09:39,600

the interview with glenn campbell he

144

00:09:44,150 --> 00:09:42,480

told me i want i want a copy of this

145

00:09:46,470 --> 00:09:44,160

but again the same situation there's

146

00:09:48,710 --> 00:09:46,480

bits in there that i have to edit out

147

00:09:49,590 --> 00:09:48,720

and i haven't done it yet i've just been

148

00:09:51,910 --> 00:09:49,600

waiting for this

149

00:09:52,949 --> 00:09:51,920

email from glenn saying hey what the

150

00:09:55,030 --> 00:09:52,959

hell

151
00:09:57,750 --> 00:09:55,040
you promised it's the nativity so i've

152
00:10:00,790 --> 00:09:57,760
still got to get on to that as well

153
00:10:03,509 --> 00:10:00,800
but yeah in terms of um bob

154
00:10:04,630 --> 00:10:03,519
bob was went to pierce college did

155
00:10:06,150 --> 00:10:04,640
electronics as

156
00:10:08,230 --> 00:10:06,160
you know everyone probably knows from

157
00:10:11,829 --> 00:10:08,240
stanton freeman he's the one who's

158
00:10:15,350 --> 00:10:11,839
said that um

159
00:10:18,470 --> 00:10:15,360
he there he was working at fairchild

160
00:10:19,910 --> 00:10:18,480
xincom um

161
00:10:22,389 --> 00:10:19,920
now if you look at bob's marriage

162
00:10:25,350 --> 00:10:22,399
certificate in 1980 when he married

163
00:10:26,790 --> 00:10:25,360

carol his first wife they're both listed

164

00:10:28,230 --> 00:10:26,800

as electronics technicians in

165

00:10:30,949 --> 00:10:28,240

electronics engineer i think

166

00:10:32,310 --> 00:10:30,959

yes interesting and in the highest grade

167

00:10:35,430 --> 00:10:32,320

complete it says 12

168

00:10:37,110 --> 00:10:35,440

right yeah that's right and that's 1980.

169

00:10:38,630 --> 00:10:37,120

uh and then he was still working uh

170

00:10:40,389 --> 00:10:38,640

instead i believe he was working at

171

00:10:43,030 --> 00:10:40,399

fairchild back then

172

00:10:43,910 --> 00:10:43,040

and he kept working at fairchild until

173

00:10:45,829 --> 00:10:43,920

81

174

00:10:47,030 --> 00:10:45,839

like just a year before he started in

175

00:10:49,430 --> 00:10:47,040

los angeles

176

00:10:50,389 --> 00:10:49,440

national laboratory just call it lanol i

177

00:10:53,430 --> 00:10:50,399

can't say the whole

178

00:10:55,269 --> 00:10:53,440

name yeah yeah me too i say lamb

179

00:10:57,110 --> 00:10:55,279

yeah and it's interesting you have

180

00:10:59,190 --> 00:10:57,120

sources that kind of confirm that bob

181

00:11:01,030 --> 00:10:59,200

was an electronics technician at lanl

182

00:11:04,230 --> 00:11:01,040

and i have sources that work there

183

00:11:04,790 --> 00:11:04,240

now still to this day who told me yeah

184

00:11:08,230 --> 00:11:04,800

he was

185

00:11:11,269 --> 00:11:08,240

he worked on radiation health monitors

186

00:11:15,829 --> 00:11:11,279

he worked in um well when

187

00:11:18,710 --> 00:11:15,839

stanton friedman died he um

188

00:11:19,590 --> 00:11:18,720

he had a treasure trove of stuff that

189

00:11:21,110 --> 00:11:19,600
started to cut

190

00:11:23,509 --> 00:11:21,120
that it only trickled out because

191

00:11:25,590 --> 00:11:23,519
apparently i rang up the uh well i

192

00:11:27,110 --> 00:11:25,600
emailed the canadian archive that's

193

00:11:29,030 --> 00:11:27,120
archiving all these stuff and they told

194

00:11:31,350 --> 00:11:29,040
me that it's going to take 10 years to

195

00:11:34,389 --> 00:11:31,360
archive this stuff because

196

00:11:37,430 --> 00:11:34,399
he had just like 10 van loads of boxes

197

00:11:39,350 --> 00:11:37,440
and in each box was just a random grab

198

00:11:41,230 --> 00:11:39,360
of paperwork he just threw into a box it

199

00:11:44,230 --> 00:11:41,240
could be like a paperwork from

200

00:11:44,829 --> 00:11:44,240
1950 case mixed in there with something

201
00:11:47,190 --> 00:11:44,839
from

202
00:11:49,110 --> 00:11:47,200
2001. yeah and interestingly that

203
00:11:51,430 --> 00:11:49,120
archive was actually at a college

204
00:11:52,710 --> 00:11:51,440
about an hour from me and grant cameron

205
00:11:56,230 --> 00:11:52,720
went to it

206
00:11:57,750 --> 00:11:56,240
and then the college they decided after

207
00:11:59,829 --> 00:11:57,760
receiving this volume

208
00:12:01,269 --> 00:11:59,839
of this of this stuff that they were

209
00:12:04,470 --> 00:12:01,279
neither qualified nor

210
00:12:06,949 --> 00:12:04,480
financially able to house that archive

211
00:12:07,509 --> 00:12:06,959
that was his wish that it went there so

212
00:12:09,829 --> 00:12:07,519
somehow

213
00:12:11,030 --> 00:12:09,839

it ends up in another place in canada

214

00:12:13,190 --> 00:12:11,040

now which is going to make it a lot

215

00:12:13,990 --> 00:12:13,200

harder for us researchers i guess to get

216

00:12:16,310 --> 00:12:14,000

over there

217

00:12:17,910 --> 00:12:16,320

let alone australian ones but yeah grant

218

00:12:18,710 --> 00:12:17,920

cameron told me that there was so much

219

00:12:20,870 --> 00:12:18,720

stuff

220

00:12:22,470 --> 00:12:20,880

all he could do was look through it

221

00:12:24,310 --> 00:12:22,480

quickly scan the pages

222

00:12:26,389 --> 00:12:24,320

try to find good stuff and then he would

223

00:12:27,910 --> 00:12:26,399

scan the the stuff that he failed he was

224

00:12:29,670 --> 00:12:27,920

there for two days

225

00:12:31,829 --> 00:12:29,680

and only came out with and he came out

226

00:12:33,269 --> 00:12:31,839

with a bunch of interesting stuff but he

227

00:12:33,990 --> 00:12:33,279

was kind of upset that he didn't have

228

00:12:36,550 --> 00:12:34,000

more time to

229

00:12:37,110 --> 00:12:36,560

go through there's just so much material

230

00:12:39,190 --> 00:12:37,120

stanton

231

00:12:42,069 --> 00:12:39,200

the older guy so he was a paper

232

00:12:44,470 --> 00:12:42,079

everything was on a piece of paper

233

00:12:46,310 --> 00:12:44,480

everything yeah it's actually grant

234

00:12:50,550 --> 00:12:46,320

cameron that i saw the stuff from

235

00:12:54,150 --> 00:12:50,560

like uh he posted a full-page copy of

236

00:12:57,030 --> 00:12:54,160

stanton friedman had of the the lateral

237

00:12:59,509 --> 00:12:57,040

phone directory page which bob was on if

238

00:13:01,350 --> 00:12:59,519

you you might note that uh every time

239

00:13:03,750 --> 00:13:01,360

george knapp shows it or you'll see a

240

00:13:07,509 --> 00:13:03,760

snippet of it it's always a zoomed in

241

00:13:09,750 --> 00:13:07,519

uh image of and usually blurry of just

242

00:13:11,430 --> 00:13:09,760

bob's name and the phone number or if

243

00:13:12,069 --> 00:13:11,440

you're lucky you might see the km next

244

00:13:15,910 --> 00:13:12,079

to it

245

00:13:17,829 --> 00:13:15,920

that's it if you get the full page

246

00:13:19,110 --> 00:13:17,839

it actually has a lot more detail it has

247

00:13:21,190 --> 00:13:19,120

um

248

00:13:22,710 --> 00:13:21,200

the building he worked in the room

249

00:13:26,069 --> 00:13:22,720

number he worked in

250

00:13:27,350 --> 00:13:26,079

so on it's got more yeah and this is

251

00:13:30,069 --> 00:13:27,360

interesting because

252

00:13:32,310 --> 00:13:30,079

obviously a senior staff level physicist

253

00:13:36,069 --> 00:13:32,320

and a low level electronics technician

254

00:13:39,030 --> 00:13:36,079

would not work in the same room you know

255

00:13:40,230 --> 00:13:39,040

yeah and and jo um bob worked in

256

00:13:41,829 --> 00:13:40,240

building two

257

00:13:45,110 --> 00:13:41,839

and so did joe vin and eddie because

258

00:13:50,150 --> 00:13:45,120

he's i also got a copy of a 1980

259

00:13:53,189 --> 00:13:51,910

ah i'll find it later oh it's quite all

260

00:13:55,030 --> 00:13:53,199

right yeah yeah

261

00:13:57,670 --> 00:13:55,040

there's a there's a note i i did manage

262

00:13:58,629 --> 00:13:57,680

to get a 1980 like an earlier copy of

263

00:14:02,310 --> 00:13:58,639

the lentil directory

264

00:14:04,870 --> 00:14:02,320

bob wasn't in the 1981 but um

265

00:14:06,389 --> 00:14:04,880

the 1981 did have gervin and eddie and

266

00:14:08,710 --> 00:14:06,399

he was in the same room as bob

267

00:14:11,990 --> 00:14:08,720

uh same building as bob and as we know

268

00:14:16,550 --> 00:14:12,000

john joe bernanetti was a technician

269

00:14:19,509 --> 00:14:16,560

um so i looked up the building number

270

00:14:21,189 --> 00:14:19,519

um there's a particular sequence that

271

00:14:23,430 --> 00:14:21,199

they denote

272

00:14:25,430 --> 00:14:23,440

bob worked in technical area 53 which is

273

00:14:28,949 --> 00:14:25,440

the mison physics

274

00:14:31,670 --> 00:14:28,959

area by whatever it's called uh

275

00:14:32,949 --> 00:14:31,680

and in building two and i looked up

276

00:14:34,870 --> 00:14:32,959

building two and it's

277

00:14:36,550 --> 00:14:34,880

a bit difficult but eventually found a

278

00:14:37,509 --> 00:14:36,560

document that highlighted what was in

279

00:14:44,550 --> 00:14:37,519

building two

280

00:14:46,150 --> 00:14:44,560

uh probably not the only thing but

281

00:14:47,829 --> 00:14:46,160

in building two there was the equipment

282

00:14:51,430 --> 00:14:47,839

test laboratory where the contractors

283

00:14:54,629 --> 00:14:52,870

yeah you know what it gets me is that

284

00:14:56,790 --> 00:14:54,639

there are people that just want to

285

00:14:58,310 --> 00:14:56,800

believe bob so much that they just go no

286

00:15:01,269 --> 00:14:58,320

he was a scientist there

287

00:15:02,710 --> 00:15:01,279

and you know i guess maybe i just gotten

288

00:15:05,189 --> 00:15:02,720

too deep into this case

289

00:15:07,030 --> 00:15:05,199

and so have you because bob says don't

290

00:15:09,829 --> 00:15:07,040

worry about the minutia

291

00:15:10,629 --> 00:15:09,839

worry about the the the meat of what i'm

292

00:15:12,069 --> 00:15:10,639

saying that

293

00:15:14,629 --> 00:15:12,079

you know i worked on these alien flying

294

00:15:16,949 --> 00:15:14,639

saucers people get lost in this minutia

295

00:15:18,629 --> 00:15:16,959

but when you do get lost in the minutia

296

00:15:20,389 --> 00:15:18,639

you keep finding ample and supportive

297

00:15:22,230 --> 00:15:20,399

evidence that he was never a real

298

00:15:24,389 --> 00:15:22,240

scientist he was a low level

299

00:15:26,550 --> 00:15:24,399

technician you know he was like one step

300

00:15:28,629 --> 00:15:26,560

above a guy that works at radio shack

301

00:15:30,069 --> 00:15:28,639

i know because i worked at radio shack

302

00:15:31,269 --> 00:15:30,079

you know you got a lot of guys that are

303

00:15:33,110 --> 00:15:31,279

just techies

304

00:15:34,949 --> 00:15:33,120

that like science and technology that

305

00:15:36,069 --> 00:15:34,959

work at radio shack he was that kind of

306

00:15:38,069 --> 00:15:36,079

a guy

307

00:15:39,189 --> 00:15:38,079

not a senior staff level physicist

308

00:15:41,990 --> 00:15:39,199

that's a whole

309

00:15:43,430 --> 00:15:42,000

another level you know yeah yeah the guy

310

00:15:45,670 --> 00:15:43,440

spoke to it

311

00:15:47,829 --> 00:15:45,680

who worked at fairchild said bob was

312

00:15:49,829 --> 00:15:47,839

still doing night courses at pierce

313

00:15:53,189 --> 00:15:49,839

college when he was at fairchild

314

00:15:55,350 --> 00:15:53,199

and that was in 1981. at the same time

315

00:15:57,430 --> 00:15:55,360

he was supposed to be going to mit

316

00:15:59,030 --> 00:15:57,440

you know yeah yeah he's still got

317

00:16:01,509 --> 00:15:59,040

friends because there was actually three

318

00:16:05,030 --> 00:16:01,519

contacts i had for fair child

319

00:16:07,030 --> 00:16:05,040

uh one spoke to me one i emailed

320

00:16:08,310 --> 00:16:07,040

and he just said yeah i knew he was

321

00:16:09,749 --> 00:16:08,320

there but i don't know much about him

322

00:16:11,509 --> 00:16:09,759

didn't really talk to him

323

00:16:13,030 --> 00:16:11,519

and the other one was bob's must have

324

00:16:13,829 --> 00:16:13,040

been a very good friend of bob because

325

00:16:15,030 --> 00:16:13,839

this guy said

326

00:16:17,110 --> 00:16:15,040

i'm not going to talk to you because i'm

327

00:16:19,110 --> 00:16:17,120

still friends with bob

328

00:16:21,110 --> 00:16:19,120

that's interesting yeah he didn't want

329

00:16:23,829 --> 00:16:21,120

to give you any dirt i suppose then

330

00:16:24,870 --> 00:16:23,839

as is you know i could i can imagine if

331

00:16:26,710 --> 00:16:24,880

you're still friendly with a guy you

332

00:16:29,990 --> 00:16:26,720

don't want to trash talk them

333

00:16:33,509 --> 00:16:30,000

or uh you know say that a story is

334

00:16:33,829 --> 00:16:33,519

faked or partially faked yeah so you've

335

00:16:35,990 --> 00:16:33,839

come

336

00:16:37,829 --> 00:16:36,000

across you're coming across all this

337

00:16:39,829 --> 00:16:37,839

evidence that he was just a technician

338

00:16:41,910 --> 00:16:39,839

and it just boggles my mind that people

339

00:16:43,829 --> 00:16:41,920

don't care about this evidence

340

00:16:45,749 --> 00:16:43,839

and i always say this victor the

341

00:16:47,749 --> 00:16:45,759

hallmark of a good researcher is that

342

00:16:49,910 --> 00:16:47,759

you could give me those contacts and i

343

00:16:50,629 --> 00:16:49,920

could call and get the same results do

344

00:16:53,110 --> 00:16:50,639

you know what i mean

345

00:16:54,230 --> 00:16:53,120

like you have good real on the record

346

00:16:56,150 --> 00:16:54,240

these are sources

347

00:16:58,069 --> 00:16:56,160

that are knowledgeable about these

348

00:16:59,670 --> 00:16:58,079

things but people still put their

349

00:17:01,350 --> 00:16:59,680

blinders on and they don't want to hear

350

00:17:03,110 --> 00:17:01,360

this it's like you're uh

351

00:17:04,390 --> 00:17:03,120

it's like you're ruining a fairy tale

352

00:17:05,429 --> 00:17:04,400

it's like you're telling them that santa

353

00:17:06,789 --> 00:17:05,439

claus isn't real

354

00:17:08,390 --> 00:17:06,799

you know what i mean when you're a kid

355

00:17:09,270 --> 00:17:08,400

and some of the kids don't want to they

356

00:17:12,549 --> 00:17:09,280

don't want to hear it

357

00:17:16,150 --> 00:17:12,559

they're like no no it's believed without

358

00:17:17,990 --> 00:17:16,160

question it's yeah but uh

359

00:17:19,909 --> 00:17:18,000

look i should say that a lot a lot of

360

00:17:21,590 --> 00:17:19,919

the you know the groundwork

361

00:17:24,390 --> 00:17:21,600

information that i started with came

362

00:17:27,429 --> 00:17:24,400

from you know past researchers you know

363

00:17:32,150 --> 00:17:27,439

dan burnkert alien scientist

364

00:17:34,390 --> 00:17:32,160

jeremy um tom mayhood glenn campbell

365

00:17:35,669 --> 00:17:34,400

uh in fact tom maywood is the one who

366

00:17:37,750 --> 00:17:35,679

told me about the uh

367

00:17:40,870 --> 00:17:37,760

fairchild guy he was the one who pointed

368

00:17:45,350 --> 00:17:43,909

um so there again there's another person

369

00:17:46,870 --> 00:17:45,360

there's another person that found this

370

00:17:49,029 --> 00:17:46,880

information and then he said hey here's

371

00:17:51,029 --> 00:17:49,039

my contact and you got the same

372

00:17:52,789 --> 00:17:51,039

answers you know like i said this is

373

00:17:53,990 --> 00:17:52,799

good research because other people can

374

00:17:55,510 --> 00:17:54,000

go after you

375

00:17:57,110 --> 00:17:55,520

and verify that what you're saying is

376

00:17:59,750 --> 00:17:57,120

factually accurate

377

00:18:00,870 --> 00:17:59,760

um but uh tom lehrer is an interesting

378

00:18:03,190 --> 00:18:00,880

one you say

379

00:18:04,230 --> 00:18:03,200

holding back information tom maywood uh

380

00:18:07,270 --> 00:18:04,240

spoke to

381

00:18:10,870 --> 00:18:07,280

bob's second wife tracy on the phone

382

00:18:14,390 --> 00:18:10,880

which i never knew until i until i

383

00:18:16,390 --> 00:18:14,400

uh chatted with him he um

384

00:18:18,549 --> 00:18:16,400

he told me that back in the day he spoke

385

00:18:20,230 --> 00:18:18,559

to tracy who was bob's second wife who

386

00:18:22,470 --> 00:18:20,240

was with bob at the time

387

00:18:24,789 --> 00:18:22,480

you know the whole the story broke yeah

388

00:18:28,230 --> 00:18:24,799

awesome stuff was happening

389

00:18:30,390 --> 00:18:28,240

and he told her that it was all [h__\h]

390

00:18:31,669 --> 00:18:30,400

uh that she was afraid to come out and

391

00:18:35,669 --> 00:18:31,679

tell a story because of

392

00:18:37,510 --> 00:18:35,679

bob's friends and

393

00:18:38,710 --> 00:18:37,520

when she when he told me that i thought

394

00:18:41,830 --> 00:18:38,720

well

395

00:18:42,950 --> 00:18:41,840

she means gene half i'm just assuming

396

00:18:45,590 --> 00:18:42,960

but if anyone has

397

00:18:48,789 --> 00:18:45,600

looked into bob and seen the posts by

398

00:18:50,549 --> 00:18:48,799

jean huff you'll know what i mean

399

00:18:54,470 --> 00:18:50,559

yeah it's a bit of a going to work

400

00:18:58,390 --> 00:18:55,909

yeah and it's interesting that for those

401
00:19:00,150 --> 00:18:58,400
that don't know bob actually married his

402
00:19:01,750 --> 00:19:00,160
second wife while he was still married

403
00:19:03,510 --> 00:19:01,760
to his first wife and then his first

404
00:19:04,470 --> 00:19:03,520
wife committed suicide which is very

405
00:19:07,830 --> 00:19:04,480
tragic

406
00:19:09,830 --> 00:19:07,840
so we can't we can't talk to her

407
00:19:11,590 --> 00:19:09,840
and i know there's there's another show

408
00:19:13,270 --> 00:19:11,600
host there's another show host that i

409
00:19:17,190 --> 00:19:13,280
know who got to speak to

410
00:19:18,870 --> 00:19:17,200
uh speak to this tracy but so far

411
00:19:20,789 --> 00:19:18,880
yeah yeah but he hasn't really

412
00:19:23,270 --> 00:19:20,799
publicized the contents of their

413
00:19:25,270 --> 00:19:23,280

conversation but it went something like

414

00:19:27,270 --> 00:19:25,280

like the the conversation you just

415

00:19:29,029 --> 00:19:27,280

described she claimed that he made the

416

00:19:30,150 --> 00:19:29,039

entire thing up to make money with his

417

00:19:33,510 --> 00:19:30,160

friends

418

00:19:35,110 --> 00:19:33,520

yeah uh well he he all he told me was

419

00:19:36,950 --> 00:19:35,120

that he spoke to tracy

420

00:19:38,230 --> 00:19:36,960

over the phone uh this is back in the

421

00:19:41,110 --> 00:19:38,240

day this is tom maywood

422

00:19:42,710 --> 00:19:41,120

and she told him it wasn't true she was

423

00:19:44,230 --> 00:19:42,720

afraid to come out and tell her story

424

00:19:45,510 --> 00:19:44,240

because of bob's friends i don't know

425

00:19:49,430 --> 00:19:45,520

who that is i just assumed

426

00:19:51,110 --> 00:19:49,440

it might have been jeans um and that's

427

00:19:53,669 --> 00:19:51,120

when she took when he took her to see

428

00:19:55,110 --> 00:19:53,679

the lights you know when they did the

429

00:19:57,510 --> 00:19:55,120

test flight and he took them all out

430

00:20:00,390 --> 00:19:57,520

into the desert to see the flight

431

00:20:02,149 --> 00:20:00,400

uh she said told tom mayweather all she

432

00:20:05,190 --> 00:20:02,159

saw was a lightness guy

433

00:20:07,750 --> 00:20:05,200

and it was completely unimpressed yeah

434

00:20:08,950 --> 00:20:07,760

and a lot of people have suggested as

435

00:20:10,789 --> 00:20:08,960

much as i don't like him

436

00:20:12,630 --> 00:20:10,799

sean david morton kind of proved that if

437

00:20:14,549 --> 00:20:12,640

you're in us if you're near that area

438

00:20:15,270 --> 00:20:14,559

where they supposedly viewed these test

439

00:20:16,630 --> 00:20:15,280

sites

440

00:20:18,390 --> 00:20:16,640

you're going to see lights in the sky

441

00:20:19,990 --> 00:20:18,400

because there's janet airlines flying

442

00:20:22,070 --> 00:20:20,000

into area 51

443

00:20:23,909 --> 00:20:22,080

every hour on the hour just about so

444

00:20:25,669 --> 00:20:23,919

people make this big deal about

445

00:20:27,350 --> 00:20:25,679

how did he know about these test flights

446

00:20:29,430 --> 00:20:27,360

if he didn't work there well

447

00:20:30,710 --> 00:20:29,440

it's just a light in the sky there's a

448

00:20:33,029 --> 00:20:30,720

video of it

449

00:20:33,990 --> 00:20:33,039

that's completely unimpressive and

450

00:20:35,830 --> 00:20:34,000

people have suggested

451
00:20:37,510 --> 00:20:35,840
that they you know like they moved the

452
00:20:38,310 --> 00:20:37,520
camera to make it look like the light

453
00:20:40,789 --> 00:20:38,320
went over

454
00:20:41,510 --> 00:20:40,799
and it's completely unimpressive and i

455
00:20:44,310 --> 00:20:41,520
think

456
00:20:45,830 --> 00:20:44,320
near as i remember they were either 50

457
00:20:49,029 --> 00:20:45,840
or 60 miles

458
00:20:50,710 --> 00:20:49,039
away from area 51. which you know

459
00:20:53,270 --> 00:20:50,720
you're not going to see any detail of a

460
00:20:53,830 --> 00:20:53,280
craft flying over area 51 from 50 miles

461
00:20:55,909 --> 00:20:53,840
away

462
00:20:57,190 --> 00:20:55,919
and and i've always assumed that yeah

463
00:20:58,789 --> 00:20:57,200

that could be anything it could be a

464

00:20:59,750 --> 00:20:58,799

helicopter off in the distance it could

465

00:21:02,310 --> 00:20:59,760

be

466

00:21:03,110 --> 00:21:02,320

airplane lights faa lights janet

467

00:21:05,270 --> 00:21:03,120

airlines

468

00:21:07,750 --> 00:21:05,280

trucking people in and out of area 51

469

00:21:13,270 --> 00:21:10,870

yes glenn campbell wrote a area 51

470

00:21:14,310 --> 00:21:13,280

viewers guide back then and it's 115

471

00:21:16,230 --> 00:21:14,320

pages

472

00:21:18,230 --> 00:21:16,240

so it should give you a clue it was a

473

00:21:20,230 --> 00:21:18,240

lot going on it's a

474

00:21:22,070 --> 00:21:20,240

it's a test place for aerial uh for

475

00:21:24,310 --> 00:21:22,080

aircraft they used to fly

476

00:21:25,909 --> 00:21:24,320

big aircraft sometimes at night a lot of

477

00:21:29,590 --> 00:21:25,919

times at night

478

00:21:33,190 --> 00:21:29,600

um they would fly drop flares from

479

00:21:34,789 --> 00:21:33,200

little parachutes and balloons yeah

480

00:21:36,470 --> 00:21:34,799

all kinds of tests that could be

481

00:21:37,990 --> 00:21:36,480

misconstrued yeah they didn't have the

482

00:21:41,430 --> 00:21:38,000

janet flights coming in

483

00:21:42,870 --> 00:21:41,440

uh on like clockwork literally because

484

00:21:45,190 --> 00:21:42,880

they're on a schedule

485

00:21:46,310 --> 00:21:45,200

some of them came in at night and the

486

00:21:48,710 --> 00:21:46,320

head the

487

00:21:50,310 --> 00:21:48,720

landing light would shine directly at

488

00:21:51,990 --> 00:21:50,320

where bob took people

489

00:21:53,430 --> 00:21:52,000

just before it so you'd see the

490

00:21:56,470 --> 00:21:53,440

headlights shine right at you

491

00:22:00,870 --> 00:21:56,480

until it turned to land at area 51

492

00:22:02,710 --> 00:22:00,880

we'll come down below the rain um

493

00:22:03,990 --> 00:22:02,720

so yeah i mean you know people say how

494

00:22:04,870 --> 00:22:04,000

did he know there was going to be lights

495

00:22:07,909 --> 00:22:04,880

there well

496

00:22:09,430 --> 00:22:07,919

it was less than every night yeah

497

00:22:11,190 --> 00:22:09,440

especially if it's just lights in the

498

00:22:13,270 --> 00:22:11,200

sky now if they had a real

499

00:22:14,950 --> 00:22:13,280

you know if they had a real great

500

00:22:16,789 --> 00:22:14,960

quality video of something that looked

501
00:22:18,630 --> 00:22:16,799
like a flying saucer

502
00:22:19,830 --> 00:22:18,640
great but if it's just a light in the

503
00:22:21,430 --> 00:22:19,840
sky you know

504
00:22:23,750 --> 00:22:21,440
it could be it literally could be

505
00:22:25,350 --> 00:22:23,760
anything it could be test flights it

506
00:22:26,950 --> 00:22:25,360
could be early drones it could be the

507
00:22:30,230 --> 00:22:26,960
jana flights could be anything

508
00:22:31,110 --> 00:22:30,240
so i just don't i i don't put a lot of

509
00:22:33,669 --> 00:22:31,120
uh

510
00:22:35,270 --> 00:22:33,679
you know people people use that all the

511
00:22:35,750 --> 00:22:35,280
time like well he had to work there

512
00:22:37,669 --> 00:22:35,760
because

513
00:22:39,909 --> 00:22:37,679

he showed the people the test flights

514

00:22:41,029 --> 00:22:39,919

and then you get to the meat of what

515

00:22:42,549 --> 00:22:41,039

they actually saw

516

00:22:44,149 --> 00:22:42,559

and you could see a video of it it's

517

00:22:46,310 --> 00:22:44,159

literally a light in the sky

518

00:22:47,190 --> 00:22:46,320

nothing impressive nothing to suggest

519

00:22:51,590 --> 00:22:47,200

it's anything

520

00:22:54,710 --> 00:22:51,600

uh you know alien or exotic for sure

521

00:22:57,750 --> 00:22:54,720

yeah no nothing was going on but

522

00:23:01,190 --> 00:22:57,760

oh yeah well you know nothing alien

523

00:23:02,950 --> 00:23:01,200

yeah um yeah so i mean

524

00:23:04,549 --> 00:23:02,960

you know this i don't even know where to

525

00:23:06,070 --> 00:23:04,559

start with bob i mean you know you got a

526

00:23:09,190 --> 00:23:06,080

letter from

527

00:23:11,669 --> 00:23:09,200

sent to

528

00:23:13,750 --> 00:23:11,679

leno's say asking oh you know where's my

529

00:23:15,990 --> 00:23:13,760

where's my employment records and lana

530

00:23:17,510 --> 00:23:16,000

sent a letter back saying well you know

531

00:23:19,110 --> 00:23:17,520

you sent us a copy of the uh

532

00:23:21,029 --> 00:23:19,120

ladle phone directory and it clearly

533

00:23:24,470 --> 00:23:21,039

says kirk meyer next to it

534

00:23:25,750 --> 00:23:24,480

why don't you ask kirk maya yeah

535

00:23:28,230 --> 00:23:25,760

yeah and that's another point that

536

00:23:29,270 --> 00:23:28,240

people miss and your security yeah

537

00:23:33,029 --> 00:23:29,280

that's another point

538

00:23:34,549 --> 00:23:33,039

that's very wild absolutely and that's a

539

00:23:36,470 --> 00:23:34,559

point that people miss is that he didn't

540

00:23:38,549 --> 00:23:36,480

actually work for the lab proper he

541

00:23:39,830 --> 00:23:38,559

worked as a subcontractor through kirk

542

00:23:42,870 --> 00:23:39,840

meyer who by the way

543

00:23:44,870 --> 00:23:42,880

never hired scientists especially not

544

00:23:46,870 --> 00:23:44,880

senior staff level scientists all they

545

00:23:49,430 --> 00:23:46,880

hired was low-level technicians

546

00:23:50,070 --> 00:23:49,440

and i t help desk kind of people people

547

00:23:52,070 --> 00:23:50,080

that

548

00:23:53,669 --> 00:23:52,080

you know maintained electronic systems

549

00:23:55,750 --> 00:23:53,679

and computer systems

550

00:23:57,350 --> 00:23:55,760

for the higher ups these scientists they

551
00:23:59,029 --> 00:23:57,360
don't have time to mess around with a

552
00:24:02,549 --> 00:23:59,039
computer network or with

553
00:24:04,950 --> 00:24:02,559
health monitors or badge you know

554
00:24:06,390 --> 00:24:04,960
you know lock systems you know where you

555
00:24:08,470 --> 00:24:06,400
swipe your card through they have

556
00:24:10,630 --> 00:24:08,480
technicians to do that for them and that

557
00:24:12,789 --> 00:24:10,640
is what bob lazar was and that's why he

558
00:24:13,990 --> 00:24:12,799
may have had some familiarity with the

559
00:24:15,750 --> 00:24:14,000
base there's another

560
00:24:17,190 --> 00:24:15,760
there's another interview where he gave

561
00:24:19,110 --> 00:24:17,200
where somebody showed him like a

562
00:24:21,269 --> 00:24:19,120
satellite dish at lanl and he goes oh

563
00:24:24,149 --> 00:24:21,279

yeah i remember putting that in

564

00:24:26,070 --> 00:24:24,159

go ask any lab whether a senior staff

565

00:24:28,230 --> 00:24:26,080

level physicist would be putting

566

00:24:29,830 --> 00:24:28,240

installing a satellite dish there's no

567

00:24:32,549 --> 00:24:29,840

way on earth they don't do that kind of

568

00:24:35,190 --> 00:24:32,559

thing they have to

569

00:24:35,909 --> 00:24:35,200

yeah he tells jeremy corbell that in the

570

00:24:38,630 --> 00:24:35,919

video that

571

00:24:41,110 --> 00:24:38,640

uh he went out in 1982 to install the

572

00:24:42,549 --> 00:24:41,120

satellite dishes

573

00:24:44,549 --> 00:24:42,559

but see that's the point you know people

574

00:24:46,470 --> 00:24:44,559

are so entrenched in the story that like

575

00:24:48,710 --> 00:24:46,480

that doesn't even click with them you

576
00:24:51,510 --> 00:24:48,720
know that's like

577
00:24:53,430 --> 00:24:51,520
you know what i mean yeah yeah this is

578
00:24:55,190 --> 00:24:53,440
the minutia that bob lazar doesn't want

579
00:24:57,350 --> 00:24:55,200
you to worry about

580
00:24:58,950 --> 00:24:57,360
you know and he never you know one of

581
00:25:00,950 --> 00:24:58,960
the things that bothers me about him is

582
00:25:03,590 --> 00:25:00,960
that he never will give an interview

583
00:25:04,710 --> 00:25:03,600
to somebody like you or me that has some

584
00:25:07,269 --> 00:25:04,720
of this information

585
00:25:08,390 --> 00:25:07,279
and will point blank ask him to explain

586
00:25:10,710 --> 00:25:08,400
it away because he

587
00:25:12,230 --> 00:25:10,720
can't and i've heard various reports

588
00:25:13,669 --> 00:25:12,240

that he refuses to give interviews

589

00:25:14,070 --> 00:25:13,679

unless he's given the questions in

590

00:25:16,870 --> 00:25:14,080

advance

591

00:25:18,470 --> 00:25:16,880

and you don't deviate from the script

592

00:25:20,870 --> 00:25:18,480

and really the only people that he gives

593

00:25:23,190 --> 00:25:20,880

interviews to is george knapp and uh

594

00:25:24,630 --> 00:25:23,200

and jeremy corbell and i guess rogan

595

00:25:26,830 --> 00:25:24,640

wants you know that

596

00:25:27,990 --> 00:25:26,840

negotiated what we're going to talk

597

00:25:29,590 --> 00:25:28,000

about

598

00:25:31,590 --> 00:25:29,600

like you know in other words he only

599

00:25:33,269 --> 00:25:31,600

will agree to softball interviews he's

600

00:25:37,190 --> 00:25:33,279

never had one hard interview

601
00:25:41,350 --> 00:25:37,200
that i've ever seen in 35 years not one

602
00:25:44,870 --> 00:25:41,360
yeah he's probably gone back into hiding

603
00:25:46,390 --> 00:25:44,880
well i you know i think i heard from uh

604
00:25:48,390 --> 00:25:46,400
from several different people that he

605
00:25:50,870 --> 00:25:48,400
bought like a million dollar property

606
00:25:51,669 --> 00:25:50,880
after he got the book deal with tom

607
00:25:53,190 --> 00:25:51,679
delong

608
00:25:54,950 --> 00:25:53,200
which by the way nobody's supposed to

609
00:25:57,029 --> 00:25:54,960
know was supposed to know that tom

610
00:25:59,590 --> 00:25:57,039
delong gave him the book deal

611
00:26:00,070 --> 00:25:59,600
tom delong's sister registered the dot

612
00:26:01,669 --> 00:26:00,080
com

613
00:26:03,909 --> 00:26:01,679

and that's how they got caught as the

614

00:26:05,590 --> 00:26:03,919

publisher like she registered the dot

615

00:26:07,750 --> 00:26:05,600

com for the publishing company that was

616

00:26:10,070 --> 00:26:07,760

publishing bob lazar's book

617

00:26:11,669 --> 00:26:10,080

and also even people very close to him

618

00:26:13,430 --> 00:26:11,679

like john lear said

619

00:26:14,950 --> 00:26:13,440

this wasn't written by bob lazar this

620

00:26:16,630 --> 00:26:14,960

was ghost written because all the

621

00:26:18,470 --> 00:26:16,640

details were wrong

622

00:26:20,230 --> 00:26:18,480

so that's interesting i can't imagine

623

00:26:22,390 --> 00:26:20,240

bob writing a book so i'm

624

00:26:23,830 --> 00:26:22,400

pretty sure he did have a ghost writer i

625

00:26:24,710 --> 00:26:23,840

don't think his property that he brought

626

00:26:27,269 --> 00:26:24,720

in or you know

627

00:26:28,230 --> 00:26:27,279

i almost gave away where he lived but

628

00:26:31,750 --> 00:26:28,240

yeah but

629

00:26:34,950 --> 00:26:31,760

you you live in a new place but uh

630

00:26:36,950 --> 00:26:34,960

i've seen the the real estate uh

631

00:26:38,390 --> 00:26:36,960

uh listing the old real estate listing

632

00:26:40,310 --> 00:26:38,400

it wasn't a million dollars

633

00:26:41,669 --> 00:26:40,320

it's a bit more a lot more modest than

634

00:26:43,830 --> 00:26:41,679

that oh yeah

635

00:26:45,590 --> 00:26:43,840

oh okay maybe i heard wrong it's

636

00:26:47,909 --> 00:26:45,600

definitely it's definitely a half

637

00:26:49,990 --> 00:26:47,919

million i would say because i've seen

638

00:26:51,110 --> 00:26:50,000

like satellite images somebody sent me

639

00:26:54,149 --> 00:26:51,120

it's got like

640

00:26:54,789 --> 00:26:54,159

a big house and barn and out buildings

641

00:26:57,430 --> 00:26:54,799

and

642

00:26:58,149 --> 00:26:57,440

other stuff so probably half a million

643

00:27:00,390 --> 00:26:58,159

maybe

644

00:27:02,789 --> 00:27:00,400

it's it's a country home it's you know

645

00:27:06,310 --> 00:27:02,799

they've got horses i think as well and

646

00:27:08,870 --> 00:27:06,320

i've got state but um yeah

647

00:27:11,830 --> 00:27:08,880

it's it's somewhere around the half

648

00:27:13,750 --> 00:27:11,840

maybe a little less i can't remember

649

00:27:15,029 --> 00:27:13,760

oh book the book deal must have paid

650

00:27:17,669 --> 00:27:15,039

pretty good then because

651
00:27:18,789 --> 00:27:17,679
uh there's been other sources that told

652
00:27:20,630 --> 00:27:18,799
me that he was

653
00:27:22,870 --> 00:27:20,640
at one point about to lose his other

654
00:27:25,750 --> 00:27:22,880
house i don't know if that's true or

655
00:27:26,070 --> 00:27:25,760
rumors and speculation um but then all

656
00:27:29,430 --> 00:27:26,080
this

657
00:27:30,389 --> 00:27:29,440
came out and now all of a sudden he's

658
00:27:34,149 --> 00:27:30,399
flush with cash

659
00:27:35,909 --> 00:27:34,159
moving moving to a new home you know so

660
00:27:37,430 --> 00:27:35,919
who knows when it gets paid

661
00:27:38,870 --> 00:27:37,440
it's not like you can call the publisher

662
00:27:40,549 --> 00:27:38,880
and ask them they won't tell you what

663
00:27:43,190 --> 00:27:40,559

they paid them for the book

664

00:27:43,909 --> 00:27:43,200

um you know what's funny about the whole

665

00:27:46,070 --> 00:27:43,919

bob

666

00:27:47,110 --> 00:27:46,080

story is how they were able him and gene

667

00:27:50,070 --> 00:27:47,120

to sort of try and

668

00:27:50,549 --> 00:27:50,080

wipe out john lear out of the story

669

00:27:52,630 --> 00:27:50,559

because

670

00:27:53,750 --> 00:27:52,640

as you know they met john here before

671

00:27:56,149 --> 00:27:53,760

yes yes

672

00:27:58,870 --> 00:27:56,159

and a lot of people a lot of people i've

673

00:27:59,590 --> 00:27:58,880

heard from john lear's own mouth that he

674

00:28:02,389 --> 00:27:59,600

gave

675

00:28:04,549 --> 00:28:02,399

gene hoffman bob lazar all the billy

676
00:28:05,510 --> 00:28:04,559
meyer material right before bob came out

677
00:28:07,909 --> 00:28:05,520
with his story

678
00:28:10,389 --> 00:28:07,919
and the sport model and billy myers beam

679
00:28:13,510 --> 00:28:10,399
ship look exactly alike so

680
00:28:15,029 --> 00:28:13,520
you know yeah that's another red flag

681
00:28:16,310 --> 00:28:15,039
for me

682
00:28:17,990 --> 00:28:16,320
well he gave him a lot more than that

683
00:28:20,950 --> 00:28:18,000
i'm sure but also you've got to remember

684
00:28:24,070 --> 00:28:20,960
john lee was the area 51 researcher

685
00:28:24,710 --> 00:28:24,080
so at the time he was the area 51

686
00:28:27,190 --> 00:28:24,720
researcher

687
00:28:28,950 --> 00:28:27,200
yeah yeah how did bob know that you know

688
00:28:30,149 --> 00:28:28,960

the timetable of the jenna jets or

689

00:28:32,070 --> 00:28:30,159

whatever well

690

00:28:34,470 --> 00:28:32,080

he was friends with the number one area

691

00:28:36,149 --> 00:28:34,480

51 researcher and john lear and told me

692

00:28:38,950 --> 00:28:36,159

he gave him all that information

693

00:28:40,549 --> 00:28:38,960

as we know yeah johnny is known for

694

00:28:43,029 --> 00:28:40,559

being generous and sharing

695

00:28:44,789 --> 00:28:43,039

with other people he'll he'll give you

696

00:28:45,909 --> 00:28:44,799

copies of pictures he'll give you copies

697

00:28:48,630 --> 00:28:45,919

of tapes

698

00:28:49,110 --> 00:28:48,640

you know or he did at one time not so

699

00:28:52,950 --> 00:28:49,120

sure

700

00:28:57,590 --> 00:28:52,960

lately yeah yeah and john lear is

701
00:28:59,350 --> 00:28:57,600
also um he

702
00:29:01,830 --> 00:28:59,360
what was i going to say he had the uh

703
00:29:03,990 --> 00:29:01,840
yeah he had all the intel on area 51 so

704
00:29:08,389 --> 00:29:04,000
he would have given bob all that

705
00:29:09,909 --> 00:29:08,399
so and then bob mysteriously

706
00:29:12,389 --> 00:29:09,919
after meeting lea and getting all this

707
00:29:16,630 --> 00:29:12,399
information mysteriously gets

708
00:29:20,470 --> 00:29:18,789
starts telling the same story john lee

709
00:29:23,510 --> 00:29:20,480
tells i know people know this but in

710
00:29:26,630 --> 00:29:23,520
1987 john leah was on

711
00:29:29,430 --> 00:29:26,640
george knapp show and um

712
00:29:30,630 --> 00:29:29,440
john lear said that the government had

713
00:29:33,990 --> 00:29:30,640

acquired

714

00:29:34,549 --> 00:29:34,000

around 10 ufos one of them they tried to

715

00:29:38,549 --> 00:29:34,559

fly

716

00:29:40,310 --> 00:29:38,559

sound familiar yeah and then suddenly

717

00:29:42,549 --> 00:29:40,320

this is two years before bob story and

718

00:29:45,029 --> 00:29:42,559

here's john leah on george knapp's show

719

00:29:46,710 --> 00:29:45,039

saying that story and people don't

720

00:29:50,310 --> 00:29:46,720

realize that

721

00:29:52,389 --> 00:29:50,320

uh bob stole that bit of the story

722

00:29:53,510 --> 00:29:52,399

he stepped right into the story right

723

00:29:56,789 --> 00:29:53,520

like yeah they

724

00:29:58,870 --> 00:29:56,799

have ten flying saucers i worked on one

725

00:30:00,630 --> 00:29:58,880

yeah and then there was a whole bit

726

00:30:03,350 --> 00:30:00,640

about uh you know the uh

727

00:30:05,590 --> 00:30:03,360

you know dan bin could mention this to

728

00:30:07,750 --> 00:30:05,600

me and it's true that you know

729

00:30:09,590 --> 00:30:07,760

bob tells the story about the alien

730

00:30:12,230 --> 00:30:09,600

reactor and how the scientists

731

00:30:13,750 --> 00:30:12,240

before him try to open it with a plasma

732

00:30:14,630 --> 00:30:13,760

cutter i think it was while it was

733

00:30:16,149 --> 00:30:14,640

running

734

00:30:17,750 --> 00:30:16,159

yeah and that's a smart thing for

735

00:30:19,510 --> 00:30:17,760

scientists to do

736

00:30:21,990 --> 00:30:19,520

yeah and then there was a nuclear

737

00:30:23,909 --> 00:30:22,000

explosion basically that took out

738

00:30:25,430 --> 00:30:23,919

the half the base and killed one

739

00:30:29,430 --> 00:30:25,440

scientist i think it was that

740

00:30:31,590 --> 00:30:29,440

that was the one he had to replace um

741

00:30:34,230 --> 00:30:31,600

and then he do a model of the alien

742

00:30:37,669 --> 00:30:34,240

reactor and it looked exactly like

743

00:30:39,750 --> 00:30:37,679

the demon core yeah of course is a

744

00:30:42,549 --> 00:30:39,760

famous story where people did

745

00:30:43,510 --> 00:30:42,559

you know yeah he just ripped that whole

746

00:30:46,950 --> 00:30:43,520

story

747

00:30:47,750 --> 00:30:46,960

the demon core reactor and the whole bit

748

00:30:49,990 --> 00:30:47,760

about the

749

00:30:51,190 --> 00:30:50,000

scientists opening it and dying and it

750

00:30:53,669 --> 00:30:51,200

just you know

751
00:30:55,990 --> 00:30:53,679
you took the action it didn't even

752
00:30:59,430 --> 00:30:56,000
change the design of the reactor

753
00:31:02,870 --> 00:30:59,440
let alone the story ah

754
00:31:04,230 --> 00:31:02,880
it's so frustrating this whole bit's

755
00:31:08,310 --> 00:31:04,240
like uh

756
00:31:12,070 --> 00:31:09,909
supposedly where bob took him through

757
00:31:12,789 --> 00:31:12,080
leno and uh you don't see anyone in this

758
00:31:14,950 --> 00:31:12,799
clip except

759
00:31:16,710 --> 00:31:14,960
scenes of leno and there's this one

760
00:31:17,509 --> 00:31:16,720
scene of this big machine it looks like

761
00:31:21,110 --> 00:31:17,519
a big

762
00:31:22,230 --> 00:31:21,120
arch and george knapp's voices over and

763
00:31:26,389 --> 00:31:22,240

says this is the

764

00:31:28,470 --> 00:31:26,399

particle accelerator that

765

00:31:29,990 --> 00:31:28,480

bob worked on but it's not a particle

766

00:31:32,950 --> 00:31:30,000

accelerator it's this

767

00:31:33,430 --> 00:31:32,960

proton spectrometer that's not even true

768

00:31:35,430 --> 00:31:33,440

so

769

00:31:37,110 --> 00:31:35,440

i mean george is not a scientist but

770

00:31:38,630 --> 00:31:37,120

joyce is not a scientist but if bob was

771

00:31:40,310 --> 00:31:38,640

walking him through at that point

772

00:31:42,149 --> 00:31:40,320

yeah and if he said that's the particle

773

00:31:43,509 --> 00:31:42,159

accelerator i worked on yeah it stands

774

00:31:44,549 --> 00:31:43,519

to reason that george knapp would do a

775

00:31:47,110 --> 00:31:44,559

voiceover and say

776

00:31:48,389 --> 00:31:47,120

this is the particle yeah one of my

777

00:31:49,830 --> 00:31:48,399

other favorite things with the particle

778

00:31:52,710 --> 00:31:49,840

accelerators george knapp

779

00:31:54,630 --> 00:31:52,720

jeremy corbell and bob lazar at various

780

00:31:56,870 --> 00:31:54,640

times have stated that bob lazor had a

781

00:31:59,750 --> 00:31:56,880

particle accelerator in his bedroom

782

00:31:59,990 --> 00:31:59,760

which is scientifically impossible ask

783

00:32:02,389 --> 00:32:00,000

any

784

00:32:04,070 --> 00:32:02,399

real physicist you need a lot of space

785

00:32:05,669 --> 00:32:04,080

for a particle accelerator

786

00:32:08,310 --> 00:32:05,679

you could have you know some kind of

787

00:32:10,630 --> 00:32:08,320

technology demonstrator or like

788

00:32:11,509 --> 00:32:10,640

you know like a child or high school

789

00:32:13,590 --> 00:32:11,519

students

790

00:32:15,590 --> 00:32:13,600

you know display of a particle

791

00:32:19,590 --> 00:32:15,600

accelerator that did something

792

00:32:22,710 --> 00:32:20,789

yeah i'm not really sure whether you

793

00:32:24,710 --> 00:32:22,720

could have a small one or you know it

794

00:32:26,630 --> 00:32:24,720

wouldn't do much basically though

795

00:32:28,870 --> 00:32:26,640

no he claimed to be making some kind of

796

00:32:31,269 --> 00:32:28,880

uh some kind of a

797

00:32:32,950 --> 00:32:31,279

rare element that he was using in his

798

00:32:36,389 --> 00:32:32,960

battery bank for his

799

00:32:38,070 --> 00:32:36,399

uh hydrogen fuel cells but in order to

800

00:32:39,350 --> 00:32:38,080

have a particle accelerator that can

801
00:32:41,830 --> 00:32:39,360
actually make

802
00:32:42,549 --> 00:32:41,840
you know change matter you need a big

803
00:32:44,149 --> 00:32:42,559
one

804
00:32:45,830 --> 00:32:44,159
it's not something you know that you

805
00:32:49,430 --> 00:32:45,840
could do in your bedroom

806
00:32:52,470 --> 00:32:49,440
you know you need a huge you know

807
00:32:55,750 --> 00:32:52,480
compound one you know this is

808
00:32:57,590 --> 00:32:55,760
more of my new show right well look look

809
00:32:59,029 --> 00:32:57,600
you don't even need to investigate bob

810
00:33:02,310 --> 00:32:59,039
you just need to look at his story

811
00:33:06,789 --> 00:33:02,320
and ask yourself does it make sense look

812
00:33:10,549 --> 00:33:06,799
look at this i'll reel off a few points

813
00:33:13,269 --> 00:33:10,559

when when the government and the

814

00:33:14,149 --> 00:33:13,279

actually the funny thing is the the

815

00:33:17,190 --> 00:33:14,159

group behind

816

00:33:19,190 --> 00:33:17,200

developing the bomb uh was heavily uh

817

00:33:21,190 --> 00:33:19,200

was landlord believe it or not

818

00:33:23,350 --> 00:33:21,200

they were they were travelling into that

819

00:33:26,230 --> 00:33:23,360

project the manhattan project

820

00:33:27,669 --> 00:33:26,240

and the government built a whole city

821

00:33:31,830 --> 00:33:27,679

employed 130

822

00:33:34,789 --> 00:33:31,840

000 people and spent a mountain of money

823

00:33:36,870 --> 00:33:34,799

to develop the bomb that was based on

824

00:33:38,950 --> 00:33:36,880

scientific theory at that point that

825

00:33:40,950 --> 00:33:38,960

they didn't even really know if it was

826
00:33:42,470 --> 00:33:40,960
going to work or not

827
00:33:44,470 --> 00:33:42,480
so they spent all that money employed

828
00:33:47,990 --> 00:33:44,480
130 000 people

829
00:33:50,310 --> 00:33:48,000
to do it now bob says he worked on

830
00:33:51,590 --> 00:33:50,320
reverse engineering the propulsion of

831
00:33:53,430 --> 00:33:51,600
the saucer

832
00:33:56,070 --> 00:33:53,440
and that there was 22 people in all

833
00:33:59,509 --> 00:33:56,080
looking at every aspect of the saucer

834
00:34:02,950 --> 00:33:59,519
and it was only him and barry

835
00:34:04,549 --> 00:34:02,960
that i mean i'm laughing now

836
00:34:10,069 --> 00:34:04,559
nobody's allowed to talk to barry

837
00:34:14,310 --> 00:34:12,230
so you got two people were trying to

838
00:34:15,430 --> 00:34:14,320

work out the most

839

00:34:17,349 --> 00:34:15,440

that would have been the biggest

840

00:34:18,149 --> 00:34:17,359

invention of history and they had two

841

00:34:21,510 --> 00:34:18,159

people on it

842

00:34:26,149 --> 00:34:21,520

i mean you know [h__h]

843

00:34:27,669 --> 00:34:26,159

you know and uh

844

00:34:29,349 --> 00:34:27,679

you know i mean i could just imagine the

845

00:34:31,589 --> 00:34:29,359

uh i can just imagine the uh

846

00:34:32,829 --> 00:34:31,599

the you know when the scientist died it

847

00:34:36,149 --> 00:34:32,839

was like oh

848

00:34:37,909 --> 00:34:36,159

sir one of our scientists died

849

00:34:40,149 --> 00:34:37,919

can we find someone to replace them

850

00:34:42,950 --> 00:34:40,159

though yes uh let's

851
00:34:43,430 --> 00:34:42,960
what about that bob guy that bob guy oh

852
00:34:50,869 --> 00:34:43,440
he

853
00:34:53,270 --> 00:34:50,879
myself let's get bob

854
00:34:55,589 --> 00:34:53,280
yes bobster yeah that's another thing i

855
00:34:57,270 --> 00:34:55,599
always think is funny like how many

856
00:34:58,470 --> 00:34:57,280
how many serious scientists do you know

857
00:34:59,430 --> 00:34:58,480
that woke up one day and say you know

858
00:35:02,150 --> 00:34:59,440
what i'm gonna do

859
00:35:04,390 --> 00:35:02,160
i'm gonna start a warehouse you know

860
00:35:07,589 --> 00:35:04,400
i'm just gonna run a warehouse

861
00:35:09,190 --> 00:35:07,599
for extra money you see the arguments

862
00:35:11,990 --> 00:35:09,200
around that as soon as you bring that up

863
00:35:13,670 --> 00:35:12,000

or the fact that bob was

864

00:35:15,349 --> 00:35:13,680

bankrupt and had just been that

865

00:35:18,310 --> 00:35:15,359

bankruptcy just had been finalized a

866

00:35:20,310 --> 00:35:18,320

year before he's this war story

867

00:35:22,710 --> 00:35:20,320

you say you've got a bankrupt pimp he

868

00:35:27,589 --> 00:35:25,589

steals gets his files and then suddenly

869

00:35:29,750 --> 00:35:27,599

gets a job at s4

870

00:35:31,270 --> 00:35:29,760

where he him and only one other person

871

00:35:34,470 --> 00:35:31,280

named bazza

872

00:35:35,349 --> 00:35:34,480

nickname for barry so the bobster and

873

00:35:37,349 --> 00:35:35,359

bezzar

874

00:35:39,030 --> 00:35:37,359

a reverse engineering of flying saucers

875

00:35:40,950 --> 00:35:39,040

i mean you know

876

00:35:42,230 --> 00:35:40,960

yeah it's kind of ridiculous it's really

877

00:35:44,550 --> 00:35:42,240

ridiculous

878

00:35:46,390 --> 00:35:44,560

but you know what what is great is that

879

00:35:48,630 --> 00:35:46,400

the people that promote the story

880

00:35:50,230 --> 00:35:48,640

they don't do well promoting this story

881

00:35:51,990 --> 00:35:50,240

because they lie

882

00:35:53,910 --> 00:35:52,000

they do well promoting a story because

883

00:35:55,670 --> 00:35:53,920

they leave off all the stuff that you

884

00:35:57,670 --> 00:35:55,680

and i are talking about like they leave

885

00:36:00,069 --> 00:35:57,680

all of the stuff that would indicate he

886

00:36:01,589 --> 00:36:00,079

was a fraud a bankrupt pimp and a liar

887

00:36:03,430 --> 00:36:01,599

out of the story

888

00:36:05,349 --> 00:36:03,440

and they just tell you this stuff that

889

00:36:06,630 --> 00:36:05,359

would lead people to believe that he was

890

00:36:09,190 --> 00:36:06,640

telling the truth

891

00:36:12,950 --> 00:36:09,200

you know the the uh he passed he aced

892

00:36:14,950 --> 00:36:12,960

four lie detector tests no he

893

00:36:16,390 --> 00:36:14,960

we did a whole piece on that it was a

894

00:36:18,069 --> 00:36:16,400

joke you know we took like

895

00:36:19,910 --> 00:36:18,079

they just kept giving them more tests

896

00:36:21,349 --> 00:36:19,920

and so they got some results they liked

897

00:36:21,990 --> 00:36:21,359

you know we failed the first one they

898

00:36:24,710 --> 00:36:22,000

get another

899

00:36:26,230 --> 00:36:24,720

polygraph examiner he failed one test he

900

00:36:28,390 --> 00:36:26,240

passed the other one

901
00:36:30,150 --> 00:36:28,400
he failed the test one test was

902
00:36:31,829 --> 00:36:30,160
inconclusive you don't just keep giving

903
00:36:33,990 --> 00:36:31,839
somebody lie detector test you get

904
00:36:36,710 --> 00:36:34,000
one that's what you get you fail the

905
00:36:39,270 --> 00:36:36,720
first one you're deceptive and a liar

906
00:36:39,990 --> 00:36:39,280
and that's it but you know that that was

907
00:36:44,069 --> 00:36:40,000
done at the time

908
00:36:45,430 --> 00:36:44,079
that stan freeman started blowing holes

909
00:36:47,589 --> 00:36:45,440
in bob's education and

910
00:36:49,430 --> 00:36:47,599
story so they needed something to

911
00:36:50,950 --> 00:36:49,440
bolster the story and keep it going i

912
00:36:53,349 --> 00:36:50,960
guess

913
00:36:55,030 --> 00:36:53,359

well look look just you know in terms of

914

00:36:57,910 --> 00:36:55,040

a logic test

915

00:36:59,430 --> 00:36:57,920

bob says he's got some element 115. i

916

00:37:00,950 --> 00:36:59,440

mean every you know everyone obviously

917

00:37:01,990 --> 00:37:00,960

is going to say well why didn't he sense

918

00:37:05,109 --> 00:37:02,000

i mean yeah

919

00:37:05,510 --> 00:37:05,119

obviously um then you've got george

920

00:37:07,270 --> 00:37:05,520

knapp

921

00:37:09,910 --> 00:37:07,280

and jeremy corbell saying they know

922

00:37:11,990 --> 00:37:09,920

where he uh bob berry some

923

00:37:14,710 --> 00:37:12,000

and then both george knapp and jeremy

924

00:37:16,950 --> 00:37:14,720

corbella yelling from the tree saying oh

925

00:37:19,030 --> 00:37:16,960

disclosure we want disclosure oh we know

926
00:37:20,829 --> 00:37:19,040
where some element 155 is but we're not

927
00:37:23,589 --> 00:37:20,839
going to show you we'll give it to you

928
00:37:25,910 --> 00:37:23,599
disclosure yeah we're

929
00:37:28,150 --> 00:37:25,920
fighting for disclosure and we have

930
00:37:31,109 --> 00:37:28,160
absolute incontrovertible proof

931
00:37:31,910 --> 00:37:31,119
of alien visitation and we're not going

932
00:37:33,589 --> 00:37:31,920
to show it to you

933
00:37:35,430 --> 00:37:33,599
you know i've always said that like

934
00:37:37,589 --> 00:37:35,440
george knapp is famously in

935
00:37:39,510 --> 00:37:37,599
a lecture he gave he said i know where

936
00:37:41,109 --> 00:37:39,520
some of that element 115 is buried and

937
00:37:43,109 --> 00:37:41,119
maybe someday i'll dig it up

938
00:37:44,550 --> 00:37:43,119

you're like come on bro for 35 years

939

00:37:46,950 --> 00:37:44,560

you've been pushing the story and you've

940

00:37:47,990 --> 00:37:46,960

got the incontrovertible proof of it and

941

00:37:50,710 --> 00:37:48,000

you're not going to show us

942

00:37:53,190 --> 00:37:50,720

it that's [h__h] have you ever seen

943

00:37:55,910 --> 00:37:53,200

the movie it's a mad mad world and uh

944

00:37:59,750 --> 00:37:55,920

baby dying guy often where there's some

945

00:38:04,950 --> 00:38:01,670

and the big w turns out to be this palm

946

00:38:06,470 --> 00:38:04,960

tree shaped like a big w every time

947

00:38:08,069 --> 00:38:06,480

every time i hear george knapp and

948

00:38:09,750 --> 00:38:08,079

jeremy corbell say they know where it's

949

00:38:11,190 --> 00:38:09,760

buried i keep imagining that scene out

950

00:38:11,910 --> 00:38:11,200

of that movie where they end up with the

951
00:38:13,670 --> 00:38:11,920
big w

952
00:38:15,910 --> 00:38:13,680
and it's all under these palm trees

953
00:38:19,589 --> 00:38:15,920
they're all digging it up

954
00:38:22,550 --> 00:38:19,599
yeah yeah there's been some and the

955
00:38:24,870 --> 00:38:22,560
the whole story of uh at the end of the

956
00:38:27,510 --> 00:38:24,880
so-called documentary which is really a

957
00:38:28,710 --> 00:38:27,520
pro bob lazar fluff piece uh you know

958
00:38:30,630 --> 00:38:28,720
they claim that this

959
00:38:32,550 --> 00:38:30,640
this company raid of his had something

960
00:38:34,390 --> 00:38:32,560
to do with the element 115

961
00:38:36,230 --> 00:38:34,400
and i mean i talked to the local police

962
00:38:38,069 --> 00:38:36,240
chief and he was so surprised

963
00:38:40,390 --> 00:38:38,079

and then he looked up bob lazar and went

964

00:38:41,990 --> 00:38:40,400

i had no i you know i knew that he

965

00:38:44,069 --> 00:38:42,000

had something to do with ufos but i

966

00:38:44,950 --> 00:38:44,079

didn't know he was so well known or you

967

00:38:47,109 --> 00:38:44,960

know whatever

968

00:38:49,190 --> 00:38:47,119

but the police chief was there at the

969

00:38:50,950 --> 00:38:49,200

raids and he said this had nothing to do

970

00:38:54,069 --> 00:38:50,960

with flying saucers man this was

971

00:38:54,790 --> 00:38:54,079

a multi-state investigation involving a

972

00:38:57,430 --> 00:38:54,800

murder

973

00:38:57,829 --> 00:38:57,440

we went in we got the records we wanted

974

00:39:02,230 --> 00:38:57,839

and

975

00:39:02,630 --> 00:39:02,240

make it sound like they were there all

976

00:39:06,310 --> 00:39:02,640

day

977

00:39:09,030 --> 00:39:06,320

every inch of bob's office

978

00:39:09,990 --> 00:39:09,040

and his where no that didn't happen

979

00:39:14,390 --> 00:39:10,000

either

980

00:39:16,390 --> 00:39:14,400

they probably was a few of his pornos

981

00:39:18,310 --> 00:39:16,400

uh but yeah i mean look the other thing

982

00:39:20,390 --> 00:39:18,320

is you know they talked i talk about

983

00:39:22,870 --> 00:39:20,400

you know bob having this video of uh

984

00:39:26,390 --> 00:39:22,880

element 115 where he shines a laser

985

00:39:29,829 --> 00:39:26,400

laser over this uh uh what's it called

986

00:39:32,390 --> 00:39:29,839

i have that smoke a vapor

987

00:39:33,190 --> 00:39:32,400

whatever and they anyway they say that

988

00:39:35,349 --> 00:39:33,200

you know they

989

00:39:37,829 --> 00:39:35,359

shown this low laser over the element

990

00:39:38,069 --> 00:39:37,839

115 and it bends the laser because you

991

00:39:41,670 --> 00:39:38,079

know

992

00:39:44,390 --> 00:39:41,680

the gravitational effect of element 115

993

00:39:45,190 --> 00:39:44,400

and that they tried to find the video

994

00:39:47,589 --> 00:39:45,200

and they

995

00:39:49,990 --> 00:39:47,599

bob had taped over with an episode of

996

00:39:53,030 --> 00:39:50,000

the golden girls

997

00:39:56,710 --> 00:39:53,040

i mean i just don't know

998

00:40:01,510 --> 00:39:59,190

he has absolute proof of this element

999

00:40:03,910 --> 00:40:01,520

115 this alien saucer fly

1000

00:40:05,750 --> 00:40:03,920

you know flying saucer fuel in a cloud

1001
00:40:09,190 --> 00:40:05,760
chamber that proves it must be

1002
00:40:12,790 --> 00:40:09,200
alien and he tapes over it with

1003
00:40:13,270 --> 00:40:12,800
golden girls and then and then you think

1004
00:40:15,829 --> 00:40:13,280
oh

1005
00:40:17,430 --> 00:40:15,839
no no but then you gotta if you're

1006
00:40:20,550 --> 00:40:17,440
actually thinking about it

1007
00:40:23,670 --> 00:40:20,560
hang on he's had he has he's had some

1008
00:40:24,950 --> 00:40:23,680
element one one five for all this time

1009
00:40:26,309 --> 00:40:24,960
why doesn't he just repeat the

1010
00:40:27,829 --> 00:40:26,319
experiment it's only a five minute

1011
00:40:30,950 --> 00:40:27,839
experiment

1012
00:40:32,470 --> 00:40:30,960
i mean duh yeah and

1013
00:40:34,470 --> 00:40:32,480

one of the other interesting science

1014

00:40:36,390 --> 00:40:34,480

points too is that bob has said

1015

00:40:39,349 --> 00:40:36,400

that they did every imaginable

1016

00:40:42,150 --> 00:40:39,359

scientific test to this element 115

1017

00:40:43,750 --> 00:40:42,160

if that were the case he would know that

1018

00:40:45,910 --> 00:40:43,760

ratios of this thing

1019

00:40:47,030 --> 00:40:45,920

and and he would be able to reproduce it

1020

00:40:48,950 --> 00:40:47,040

in a laboratory

1021

00:40:50,630 --> 00:40:48,960

he would be able to do that he would be

1022

00:40:52,630 --> 00:40:50,640

able to make the stable form that he

1023

00:40:53,589 --> 00:40:52,640

talked about if he actually worked on

1024

00:40:56,230 --> 00:40:53,599

this thing

1025

00:40:59,069 --> 00:40:56,240

otherwise it's just him guessing element

1026
00:41:01,670 --> 00:40:59,079
115 was predicted as far back i think as

1027
00:41:03,510 --> 00:41:01,680
1969 in chemistry books

1028
00:41:04,790 --> 00:41:03,520
so it's you know that's another prover

1029
00:41:07,190 --> 00:41:04,800
that everybody the

1030
00:41:08,790 --> 00:41:07,200
bob maneuver well he talked about

1031
00:41:10,870 --> 00:41:08,800
element 115 before

1032
00:41:12,150 --> 00:41:10,880
we knew it really even existed it was

1033
00:41:14,790 --> 00:41:12,160
predicted to exist

1034
00:41:15,829 --> 00:41:14,800
all the heavier elements were and i

1035
00:41:19,349 --> 00:41:15,839
think we're up to six

1036
00:41:21,430 --> 00:41:19,359
116 or 117 now so every

1037
00:41:24,470 --> 00:41:21,440
every few years we get another one of

1038
00:41:26,630 --> 00:41:24,480

them become synthesized in a laboratory

1039

00:41:28,390 --> 00:41:26,640

yeah i think we're higher than that but

1040

00:41:30,710 --> 00:41:28,400

yeah the other the other

1041

00:41:32,950 --> 00:41:30,720

nonsense story is bob uh sorry george

1042

00:41:34,950 --> 00:41:32,960

knapp tells the story that um

1043

00:41:36,870 --> 00:41:34,960

he went to bob's house and he was on

1044

00:41:37,829 --> 00:41:36,880

edge thought the government was after

1045

00:41:40,309 --> 00:41:37,839

him and he had a bit of

1046

00:41:41,190 --> 00:41:40,319

element 115 in front of his homemade

1047

00:41:43,829 --> 00:41:41,200

particle

1048

00:41:44,550 --> 00:41:43,839

uh yeah he was going to blow up the last

1049

00:41:46,150 --> 00:41:44,560

thing

1050

00:41:48,790 --> 00:41:46,160

the government came for he was going to

1051
00:41:50,550 --> 00:41:48,800
flip the switch and george knapp says

1052
00:41:52,069 --> 00:41:50,560
it would have resulted in explosion that

1053
00:41:53,589 --> 00:41:52,079
would have taken out the whole of las

1054
00:41:56,309 --> 00:41:53,599
vegas

1055
00:41:57,510 --> 00:41:56,319
now look at let's look at that george

1056
00:42:00,390 --> 00:41:57,520
knapp's a reporter

1057
00:42:02,470 --> 00:42:00,400
he doesn't report it at the time and

1058
00:42:03,270 --> 00:42:02,480
it's a case of domestic terrorism

1059
00:42:05,109 --> 00:42:03,280
potentially

1060
00:42:06,710 --> 00:42:05,119
this guy could blow up the whole vegas

1061
00:42:07,349 --> 00:42:06,720
killing a hundred thousand or how many

1062
00:42:12,710 --> 00:42:07,359
people

1063
00:42:14,230 --> 00:42:12,720

yet at the same time he says i totally

1064

00:42:19,190 --> 00:42:14,240

believe bob i mean

1065

00:42:20,790 --> 00:42:19,200

come on it's a comedy show at this point

1066

00:42:22,470 --> 00:42:20,800

you've read i never thought about that

1067

00:42:24,390 --> 00:42:22,480

so george knapp

1068

00:42:25,510 --> 00:42:24,400

although george knapp ratted him out

1069

00:42:27,589 --> 00:42:25,520

about the whorehouse

1070

00:42:29,430 --> 00:42:27,599

george knapp didn't rat him out about

1071

00:42:30,710 --> 00:42:29,440

thinking about blowing up all of las

1072

00:42:35,030 --> 00:42:30,720

vegas

1073

00:42:38,550 --> 00:42:35,040

right the pandering documents are quite

1074

00:42:42,550 --> 00:42:39,910

you know the betting anatomy was in

1075

00:42:44,950 --> 00:42:42,560

business with uh told the police that

1076
00:42:45,990 --> 00:42:44,960
bob it's stiff to 12 and a half thousand

1077
00:42:49,589 --> 00:42:46,000
dollars

1078
00:42:51,510 --> 00:42:49,599
excuse the pun but um

1079
00:42:53,030 --> 00:42:51,520
yeah she's she claimed that bob i get

1080
00:42:54,470 --> 00:42:53,040
her twelve and a half thousand dollars

1081
00:42:55,829 --> 00:42:54,480
and never paid her

1082
00:42:57,430 --> 00:42:55,839
and all sorts of things and the

1083
00:42:59,270 --> 00:42:57,440
pandering doctor the pandering documents

1084
00:43:01,430 --> 00:42:59,280
are quite detailed

1085
00:43:03,750 --> 00:43:01,440
uh they found his birth certificate so

1086
00:43:07,270 --> 00:43:03,760
all that story is nonsense

1087
00:43:09,750 --> 00:43:07,280
um yeah apparently he was

1088
00:43:10,470 --> 00:43:09,760

he was a bankrupt pimp and and you can

1089

00:43:12,790 --> 00:43:10,480

see from the

1090

00:43:14,309 --> 00:43:12,800

bankruptcy documents if you read them

1091

00:43:15,030 --> 00:43:14,319

that he really didn't like paying his

1092

00:43:16,950 --> 00:43:15,040

bills

1093

00:43:18,230 --> 00:43:16,960

or paying people that he owed money to

1094

00:43:20,950 --> 00:43:18,240

he stiffed the

1095

00:43:23,109 --> 00:43:20,960

madam of the whorehouse apparently right

1096

00:43:26,150 --> 00:43:23,119

he stiffed his parents

1097

00:43:29,829 --> 00:43:26,160

and he stiffed most of his creditors

1098

00:43:33,589 --> 00:43:29,839

yeah and uh he the interesting bit about

1099

00:43:37,270 --> 00:43:33,599

the uh the pandering documents is that

1100

00:43:41,349 --> 00:43:37,280

he had to list all his schooling and

1101

00:43:45,589 --> 00:43:41,359

it didn't list pierce college at all and

1102

00:43:48,230 --> 00:43:45,599

even though we know he went there and

1103

00:43:48,790 --> 00:43:48,240

it lists for his this is a really funny

1104

00:43:52,230 --> 00:43:48,800

bit

1105

00:43:56,390 --> 00:43:52,240

okay he says he finished

1106

00:43:58,550 --> 00:43:56,400

high school in august 76

1107

00:44:00,069 --> 00:43:58,560

and it lost and it says he got two

1108

00:44:04,470 --> 00:44:00,079

degrees in electronics

1109

00:44:07,430 --> 00:44:04,480

and physics

1110

00:44:09,430 --> 00:44:07,440

at in 1978 he graduated and got those

1111

00:44:11,990 --> 00:44:09,440

two degrees

1112

00:44:13,109 --> 00:44:12,000

how if he graduate if he had graduated

1113

00:44:16,710 --> 00:44:13,119

high school in

1114

00:44:18,950 --> 00:44:16,720

midway through 76 then how in 78 does he

1115

00:44:21,990 --> 00:44:18,960

end up with two degrees

1116

00:44:23,750 --> 00:44:22,000

but the two master's degrees two masters

1117

00:44:24,069 --> 00:44:23,760

oh no no not the masters the masters

1118

00:44:26,309 --> 00:44:24,079

come

1119

00:44:27,430 --> 00:44:26,319

later from here oh okay yeah because

1120

00:44:28,870 --> 00:44:27,440

there's always this question of where

1121

00:44:30,150 --> 00:44:28,880

did he get his degrees because

1122

00:44:31,430 --> 00:44:30,160

you have to have a degree before you get

1123

00:44:33,750 --> 00:44:31,440

your master's you have to have an

1124

00:44:35,589 --> 00:44:33,760

undergraduate degree it's called yeah so

1125

00:44:37,510 --> 00:44:35,599

no one's ever been able to work out

1126
00:44:38,950 --> 00:44:37,520
where he got his degrees from but so in

1127
00:44:41,030 --> 00:44:38,960
the pandering documents it was quite

1128
00:44:44,230 --> 00:44:41,040
interesting because it said

1129
00:44:45,510 --> 00:44:44,240
he graduated as friedman stanton

1130
00:44:48,790 --> 00:44:45,520
friedman worked out he

1131
00:44:49,670 --> 00:44:48,800
graduated in august 1976 from high

1132
00:44:51,510 --> 00:44:49,680
school

1133
00:44:53,349 --> 00:44:51,520
and in in the pandering documents it

1134
00:44:55,349 --> 00:44:53,359
says he got his you got a degree in

1135
00:44:57,990 --> 00:44:55,359
physics and electronics

1136
00:45:00,309 --> 00:44:58,000
from a correspondence university called

1137
00:45:00,950 --> 00:45:00,319
pacifica university pacifica university

1138
00:45:02,630 --> 00:45:00,960

yes

1139

00:45:04,309 --> 00:45:02,640

you know what i did when i when i got

1140

00:45:06,870 --> 00:45:04,319

ahold of that information

1141

00:45:08,230 --> 00:45:06,880

i called admissions people both at mit

1142

00:45:09,990 --> 00:45:08,240

and at

1143

00:45:11,750 --> 00:45:10,000

caltech and asked them if you could get

1144

00:45:13,510 --> 00:45:11,760

into a master's program with that and

1145

00:45:15,109 --> 00:45:13,520

they both laughed they're like no

1146

00:45:16,870 --> 00:45:15,119

you need a real degree we don't let

1147

00:45:19,430 --> 00:45:16,880

people into master's programs with a

1148

00:45:21,750 --> 00:45:19,440

degree mill degree that somebody bought

1149

00:45:22,870 --> 00:45:21,760

yeah no yeah that's right he bought the

1150

00:45:25,990 --> 00:45:22,880

degrees from the

1151

00:45:28,870 --> 00:45:26,000

pacifica uni was a front that got um

1152

00:45:29,670 --> 00:45:28,880

shut down live on tv in 60 minutes when

1153

00:45:35,109 --> 00:45:29,680

mike wallace

1154

00:45:39,750 --> 00:45:38,069

they still exist now selling degrees

1155

00:45:41,349 --> 00:45:39,760

that you can hang on your wall and fool

1156

00:45:43,670 --> 00:45:41,359

your stupid friends with

1157

00:45:46,630 --> 00:45:43,680

but it's it's a worthless degree you

1158

00:45:47,190 --> 00:45:46,640

know you can't like people check out

1159

00:45:48,950 --> 00:45:47,200

where it is

1160

00:45:50,470 --> 00:45:48,960

for employment now you know they know

1161

00:45:53,270 --> 00:45:50,480

the difference between

1162

00:45:53,829 --> 00:45:53,280

a degree mill degree and a real college

1163

00:45:55,670 --> 00:45:53,839

it's

1164

00:45:57,430 --> 00:45:55,680

you know important but i guess the

1165

00:45:57,910 --> 00:45:57,440

interesting part for our conversation is

1166

00:45:59,990 --> 00:45:57,920

that both

1167

00:46:01,750 --> 00:46:00,000

mit and caltech said no way could he

1168

00:46:02,790 --> 00:46:01,760

have gotten into any kind of masters

1169

00:46:05,109 --> 00:46:02,800

program

1170

00:46:06,230 --> 00:46:05,119

with a degree from that place and

1171

00:46:08,630 --> 00:46:06,240

interestingly too

1172

00:46:10,790 --> 00:46:08,640

caltech did not offer an electronic

1173

00:46:12,790 --> 00:46:10,800

technology master's degree at the time

1174

00:46:15,270 --> 00:46:12,800

he claimed to have gotten one

1175

00:46:16,470 --> 00:46:15,280

they didn't even have that there as a

1176

00:46:19,510 --> 00:46:16,480

master's program

1177

00:46:22,150 --> 00:46:19,520

so yeah

1178

00:46:23,510 --> 00:46:22,160

when you look at bob's story it's i've

1179

00:46:24,069 --> 00:46:23,520

looked at his story and i thought you

1180

00:46:25,990 --> 00:46:24,079

know what

1181

00:46:27,190 --> 00:46:26,000

he's made the story deliberately to be a

1182

00:46:29,430 --> 00:46:27,200

joke

1183

00:46:30,870 --> 00:46:29,440

so that if i'm you know i'm almost

1184

00:46:33,430 --> 00:46:30,880

convinced that he made the story

1185

00:46:34,470 --> 00:46:33,440

to be a joke so that one day he can say

1186

00:46:37,190 --> 00:46:34,480

yeah it was a joke

1187

00:46:41,990 --> 00:46:37,200

how did you believe it i mean i i said i

1188

00:46:43,670 --> 00:46:42,000

said is

1189

00:46:46,150 --> 00:46:43,680

he can easily do that now he could

1190

00:46:48,150 --> 00:46:46,160

easily say look it was all a joke and uh

1191

00:46:49,190 --> 00:46:48,160

he could make one last year why did you

1192

00:46:50,710 --> 00:46:49,200

believe all that [h__h]

1193

00:46:53,190 --> 00:46:50,720

you know like yeah he could make one

1194

00:46:54,630 --> 00:46:53,200

last big cash out and make a documentary

1195

00:46:57,030 --> 00:46:54,640

about how he faked the whole thing and

1196

00:46:59,510 --> 00:46:57,040

made it all up and probably

1197

00:47:00,230 --> 00:46:59,520

just as good as if if he still kept

1198

00:47:03,829 --> 00:47:00,240

claiming that

1199

00:47:05,910 --> 00:47:03,839

the story is real yeah so

1200

00:47:08,150 --> 00:47:05,920

so this is the history and bob lazar

1201
00:47:09,990 --> 00:47:08,160
i've always been fascinated by this case

1202
00:47:11,589 --> 00:47:10,000
mostly because i'm fascinated that

1203
00:47:13,349 --> 00:47:11,599
people can still believe him and

1204
00:47:14,950 --> 00:47:13,359
some people are just true believers and

1205
00:47:15,510 --> 00:47:14,960
i could go through this whole list of

1206
00:47:17,510 --> 00:47:15,520
things that

1207
00:47:19,510 --> 00:47:17,520
you and i just have talked about with a

1208
00:47:22,390 --> 00:47:19,520
true believer of bob lazar and they just

1209
00:47:23,750 --> 00:47:22,400
excuse everything you know government

1210
00:47:27,270 --> 00:47:23,760
wiped his documents

1211
00:47:28,950 --> 00:47:27,280
you know they try to cover it up

1212
00:47:30,630 --> 00:47:28,960
bob's telling the truth he's a real

1213
00:47:31,190 --> 00:47:30,640

scientist because he built a rocket

1214

00:47:34,230 --> 00:47:31,200

engine

1215

00:47:35,829 --> 00:47:34,240

car you know and

1216

00:47:37,670 --> 00:47:35,839

and that means that he has to be a

1217

00:47:39,750 --> 00:47:37,680

scientist i've even heard somebody say

1218

00:47:44,630 --> 00:47:39,760

he had a pocket protector so that's why

1219

00:47:50,309 --> 00:47:47,990

the thing is when he was at lanl the

1220

00:47:51,750 --> 00:47:50,319

story had just broke in the newspaper

1221

00:47:55,430 --> 00:47:51,760

about his jet car

1222

00:47:56,710 --> 00:47:55,440

and the jet car reporter

1223

00:47:59,430 --> 00:47:56,720

had written him down as being a

1224

00:48:02,470 --> 00:47:59,440

physicist so everyone at leno

1225

00:48:04,790 --> 00:48:02,480

knew bob as the jet car guy who worked

1226

00:48:08,150 --> 00:48:04,800

here as a physicist

1227

00:48:10,549 --> 00:48:08,160

so when krengel says oh i heard rumor

1228

00:48:12,549 --> 00:48:10,559

from people that he was a

1229

00:48:15,270 --> 00:48:12,559

you know young jet car or maybe he was a

1230

00:48:17,190 --> 00:48:15,280

physicist that's where it comes from

1231

00:48:19,270 --> 00:48:17,200

yeah and i have a source i have a source

1232

00:48:20,870 --> 00:48:19,280

that works at lionel who told me that

1233

00:48:22,710 --> 00:48:20,880

people who worked there when they saw

1234

00:48:24,150 --> 00:48:22,720

the article some of them were surprised

1235

00:48:25,030 --> 00:48:24,160

because they knew that he wasn't a

1236

00:48:26,309 --> 00:48:25,040

physicist but

1237

00:48:28,309 --> 00:48:26,319

yeah they'd be comfortable and they

1238

00:48:30,790 --> 00:48:28,319

didn't want to go why did you lie

1239

00:48:31,670 --> 00:48:30,800

they just assumed maybe the maybe the

1240

00:48:34,790 --> 00:48:31,680

guy

1241

00:48:36,630 --> 00:48:34,800

you know heard him wrong or something

1242

00:48:39,109 --> 00:48:36,640

like that and interestingly

1243

00:48:41,190 --> 00:48:39,119

somebody got to that author who wrote

1244

00:48:42,870 --> 00:48:41,200

that article to ask him if he verified

1245

00:48:46,069 --> 00:48:42,880

that bob was indeed a physicist

1246

00:48:47,829 --> 00:48:46,079

and he said no he told me that and i

1247

00:48:50,230 --> 00:48:47,839

just wrote it in the article i didn't

1248

00:48:52,309 --> 00:48:50,240

think i had to check if he really was i

1249

00:48:53,510 --> 00:48:52,319

saw a rocket car and thought physicist

1250

00:48:56,870 --> 00:48:53,520

makes sense

1251

00:48:58,549 --> 00:48:56,880

wrote it in the article that was me

1252

00:49:00,390 --> 00:48:58,559

that was me that got in contact with me

1253

00:49:00,870 --> 00:49:00,400

oh okay there you go yeah i'm sorry i

1254

00:49:04,309 --> 00:49:00,880

guess

1255

00:49:05,349 --> 00:49:04,319

basically but what happened was jeremy

1256

00:49:08,309 --> 00:49:05,359

corbell was

1257

00:49:09,270 --> 00:49:08,319

was going on and saying that um he

1258

00:49:11,990 --> 00:49:09,280

contacted the

1259

00:49:13,589 --> 00:49:12,000

author and jeremy called him terry

1260

00:49:16,230 --> 00:49:13,599

english

1261

00:49:17,750 --> 00:49:16,240

his name was actually terry england but

1262

00:49:21,190 --> 00:49:17,760

whatever

1263

00:49:23,349 --> 00:49:21,200

easy to get wrong um and

1264

00:49:25,349 --> 00:49:23,359

jeremy was saying that he spoke to this

1265

00:49:28,630 --> 00:49:25,359

guy and

1266

00:49:29,430 --> 00:49:28,640

terry had told him that he checked if

1267

00:49:32,870 --> 00:49:29,440

bob had

1268

00:49:33,829 --> 00:49:32,880

been a physicist at leno and he had to

1269

00:49:35,589 --> 00:49:33,839

do that because

1270

00:49:37,910 --> 00:49:35,599

if he didn't do that he would have been

1271

00:49:41,510 --> 00:49:37,920

blackballed by the whole lentil

1272

00:49:47,109 --> 00:49:41,520

los alamos community and journalistic

1273

00:49:50,230 --> 00:49:48,790

i finally got in contact with terry it

1274

00:49:53,190 --> 00:49:50,240

wasn't easy took me ages

1275

00:49:55,109 --> 00:49:53,200

like six months but i finally managed to

1276

00:49:59,510 --> 00:49:55,119

find someone who knew terry

1277

00:50:03,190 --> 00:49:59,520

to then get me terry's contact um

1278

00:50:07,270 --> 00:50:03,200

but i when i emailed terry he

1279

00:50:10,150 --> 00:50:07,280

he told me i i sent him a transcript of

1280

00:50:14,870 --> 00:50:10,160

what jeremy called belle said

1281

00:50:16,950 --> 00:50:14,880

and terry said that's complete [h__h]

1282

00:50:18,710 --> 00:50:16,960

i never said any of this blackballing or

1283

00:50:19,349 --> 00:50:18,720

any of this other stuff i didn't check

1284

00:50:21,829 --> 00:50:19,359

with glen

1285

00:50:22,950 --> 00:50:21,839

uh he said all i did was take bob's word

1286

00:50:25,030 --> 00:50:22,960

for it it would have been just

1287

00:50:26,630 --> 00:50:25,040

something in conversation and bob would

1288

00:50:29,670 --> 00:50:26,640

have told me that and i would have

1289

00:50:32,150 --> 00:50:29,680

that's what i wrote down and um

1290

00:50:36,230 --> 00:50:32,160

it was a story about his jet car not his

1291

00:50:40,309 --> 00:50:39,109

yeah interesting so i mean there we have

1292

00:50:42,630 --> 00:50:40,319

it uh you know

1293

00:50:43,990 --> 00:50:42,640

uh i i've been fascinated with some of

1294

00:50:45,910 --> 00:50:44,000

the stuff that you have found

1295

00:50:48,309 --> 00:50:45,920

some of the stuff that you have done you

1296

00:50:50,549 --> 00:50:48,319

know i'm calling different places too

1297

00:50:51,589 --> 00:50:50,559

and i think that's much needed to prove

1298

00:50:53,829 --> 00:50:51,599

or disprove

1299

00:50:55,750 --> 00:50:53,839

those things because this right click

1300

00:50:56,549 --> 00:50:55,760

researching if it's on if it's not on

1301
00:50:58,390 --> 00:50:56,559
the internet

1302
00:51:00,150 --> 00:50:58,400
we don't find it it's not the right way

1303
00:51:01,750 --> 00:51:00,160
to go about especially story this old

1304
00:51:03,270 --> 00:51:01,760
it's 35 years old

1305
00:51:05,109 --> 00:51:03,280
you really got to pick up the phone you

1306
00:51:07,190 --> 00:51:05,119
really have to talk to people that

1307
00:51:08,870 --> 00:51:07,200
have some knowledge about the case so

1308
00:51:10,309 --> 00:51:08,880
besides this i know that you've been

1309
00:51:13,510 --> 00:51:10,319
looking into some of these

1310
00:51:14,790 --> 00:51:13,520
later ufo stories like the tic tac and

1311
00:51:16,950 --> 00:51:14,800
the gimbal

1312
00:51:18,309 --> 00:51:16,960
so what is your take on what we are

1313
00:51:22,150 --> 00:51:18,319

seeing in these

1314

00:51:25,349 --> 00:51:22,160

videos that are being leaked

1315

00:51:27,589 --> 00:51:25,359

i should put leaked in quotes right

1316

00:51:28,470 --> 00:51:27,599

yeah it's interesting because uh alex

1317

00:51:31,990 --> 00:51:28,480

dietrich

1318

00:51:34,309 --> 00:51:32,000

who's one of the tic tac pilots

1319

00:51:35,910 --> 00:51:34,319

she gave an interview with nick west i

1320

00:51:38,630 --> 00:51:35,920

only got halfway through it before i

1321

00:51:40,390 --> 00:51:38,640

decided to get started but um

1322

00:51:43,109 --> 00:51:40,400

so if anyone is interested i'm going to

1323

00:51:45,109 --> 00:51:43,119

have a look at that but um

1324

00:51:46,710 --> 00:51:45,119

i don't know let's start with the gimbal

1325

00:51:49,190 --> 00:51:46,720

because i've got something queued up on

1326

00:51:53,990 --> 00:51:52,390

uh with a gimbal video

1327

00:51:55,589 --> 00:51:54,000

i don't know if people watch uh seeing

1328

00:52:01,190 --> 00:51:55,599

the an article on the drive

1329

00:52:08,549 --> 00:52:05,670

project nemesis is about the us's uh

1330

00:52:11,270 --> 00:52:08,559

cutting edge or latest iteration of

1331

00:52:14,790 --> 00:52:11,280

their electronic warfare capability

1332

00:52:17,910 --> 00:52:14,800

where they use fleets of drones

1333

00:52:19,109 --> 00:52:17,920

um all different types of drones yes

1334

00:52:26,470 --> 00:52:19,119

balloons

1335

00:52:27,589 --> 00:52:26,480

as well yeah they use targets yeah

1336

00:52:29,750 --> 00:52:27,599

and there's also a pattern with a

1337

00:52:30,710 --> 00:52:29,760

balloon with which is a sphere with a

1338

00:52:33,190 --> 00:52:30,720

cube inside it

1339

00:52:34,549 --> 00:52:33,200

and it's you know there's a navy patent

1340

00:52:39,109 --> 00:52:34,559

for that

1341

00:52:40,630 --> 00:52:39,119

anyway have a look on the drive um

1342

00:52:42,470 --> 00:52:40,640

you can you can share your screen and

1343

00:52:44,630 --> 00:52:42,480

then i can allow it if you want to

1344

00:52:45,589 --> 00:52:44,640

you can share like a browser tab it's

1345

00:52:47,270 --> 00:52:45,599

down there in the middle

1346

00:52:48,790 --> 00:52:47,280

the share button and then i can share it

1347

00:52:50,470 --> 00:52:48,800

to the audience if you like otherwise i

1348

00:52:53,589 --> 00:52:50,480

could try to find what you're finding

1349

00:52:56,710 --> 00:52:53,599

if you give me some keywords i'll place

1350

00:53:00,309 --> 00:52:56,720

the link to the article in here

1351
00:53:00,950 --> 00:53:00,319
nemesis yeah i just posted a link in the

1352
00:53:03,990 --> 00:53:00,960
comments

1353
00:53:07,349 --> 00:53:04,000
but um the

1354
00:53:07,670 --> 00:53:07,359
i hope i posted it yes i did um anyway

1355
00:53:14,790 --> 00:53:07,680
it

1356
00:53:18,230 --> 00:53:14,800
background but um

1357
00:53:20,549 --> 00:53:18,240
anyway they have the us's

1358
00:53:22,630 --> 00:53:20,559
and every military's leading edge

1359
00:53:24,309 --> 00:53:22,640
capability military capability

1360
00:53:26,069 --> 00:53:24,319
is electronic warfare it's not something

1361
00:53:29,190 --> 00:53:26,079
that they talk about much

1362
00:53:31,349 --> 00:53:29,200
because half of it is about

1363
00:53:32,309 --> 00:53:31,359

tricking the opponent and if you're

1364

00:53:35,190 --> 00:53:32,319

telling people

1365

00:53:37,349 --> 00:53:35,200

what you're capable of doing then you

1366

00:53:40,710 --> 00:53:37,359

can't really trick them

1367

00:53:42,069 --> 00:53:40,720

so basically you can see that it's got

1368

00:53:45,349 --> 00:53:42,079

fleets of drones

1369

00:53:46,710 --> 00:53:45,359

and things like that um on the right

1370

00:53:48,870 --> 00:53:46,720

hand that

1371

00:53:50,230 --> 00:53:48,880

that peak oh i can't point to it but

1372

00:53:53,349 --> 00:53:50,240

there's a picture there of

1373

00:53:55,150 --> 00:53:53,359

an f-18 with drones in front of it one

1374

00:53:56,309 --> 00:53:55,160

of the drones is a northrop grumman

1375

00:53:58,069 --> 00:53:56,319

x-47b

1376
00:53:59,349 --> 00:53:58,079
and the other one said northrop grumman

1377
00:54:01,430 --> 00:53:59,359
bat

1378
00:54:02,549 --> 00:54:01,440
these are electronic warfare drones and

1379
00:54:04,230 --> 00:54:02,559
they're weird things and there's one of

1380
00:54:05,589 --> 00:54:04,240
them is a cylinder with propellers on

1381
00:54:08,950 --> 00:54:05,599
both ends

1382
00:54:10,710 --> 00:54:08,960
yeah interesting and

1383
00:54:12,710 --> 00:54:10,720
what they do is they fly these things

1384
00:54:14,790 --> 00:54:12,720
out and they

1385
00:54:16,710 --> 00:54:14,800
do their electronic warfare stuff that

1386
00:54:19,109 --> 00:54:16,720
basically they can

1387
00:54:21,430 --> 00:54:19,119
spoofer radar signals they can jam radar

1388
00:54:24,470 --> 00:54:21,440

signals they can send out and imitate

1389

00:54:25,990 --> 00:54:24,480

radar they could pretend to be a missile

1390

00:54:27,750 --> 00:54:26,000

coming at you they can present

1391

00:54:29,430 --> 00:54:27,760

pretend to be a certain aircraft coming

1392

00:54:31,030 --> 00:54:29,440

at you they can pretend to be fleets of

1393

00:54:33,190 --> 00:54:31,040

aircraft

1394

00:54:35,349 --> 00:54:33,200

and the object of using small drones is

1395

00:54:36,950 --> 00:54:35,359

it's meant to be so that you can't pick

1396

00:54:38,069 --> 00:54:36,960

up the drones on the radar because

1397

00:54:39,589 --> 00:54:38,079

they're too small

1398

00:54:42,390 --> 00:54:39,599

but you can pick up what they're

1399

00:54:45,750 --> 00:54:42,400

projecting does that make sense

1400

00:54:47,190 --> 00:54:45,760

yes and um so it's what's

1401

00:54:49,829 --> 00:54:47,200

what it's meant to do is full and

1402

00:54:51,910 --> 00:54:49,839

bamboozle a navy fleet

1403

00:54:54,150 --> 00:54:51,920

that's literally the charter of what

1404

00:54:56,230 --> 00:54:54,160

it's meant to do

1405

00:54:58,150 --> 00:54:56,240

it's meant to it's meant to say look

1406

00:55:00,870 --> 00:54:58,160

over here there's a fleet coming at you

1407

00:55:02,549 --> 00:55:00,880

expend all your ordinance over here send

1408

00:55:04,630 --> 00:55:02,559

all your missiles send your fleet

1409

00:55:06,230 --> 00:55:04,640

send your aircraft over here while we

1410

00:55:07,030 --> 00:55:06,240

come around here and bomb the [h__h] out

1411

00:55:09,190 --> 00:55:07,040

of you

1412

00:55:11,349 --> 00:55:09,200

yeah so that's what it's about so and

1413

00:55:12,870 --> 00:55:11,359

that's why they keep it secret because

1414

00:55:14,390 --> 00:55:12,880

obviously you don't want to tell people

1415

00:55:15,910 --> 00:55:14,400

what it's about but obviously the guys

1416

00:55:18,549 --> 00:55:15,920

at the drive managed to get a bit of

1417

00:55:21,910 --> 00:55:18,559

info and i wrote that article about it

1418

00:55:25,109 --> 00:55:21,920

now the key thing here for the gimbal is

1419

00:55:28,710 --> 00:55:25,119

the companies that were involved with uh

1420

00:55:31,589 --> 00:55:28,720

this project nemesis was dapa

1421

00:55:32,470 --> 00:55:31,599

and darpa had issued a number of

1422

00:55:35,030 --> 00:55:32,480

contracts

1423

00:55:37,910 --> 00:55:35,040

to seven companies now there are seven

1424

00:55:41,190 --> 00:55:40,150

that it issued the contract to one of

1425

00:55:44,710 --> 00:55:41,200

them was bae

1426

00:55:48,069 --> 00:55:44,720

it's a big company that dan benkert

1427

00:55:51,910 --> 00:55:48,079

knows all about

1428

00:55:55,910 --> 00:55:51,920

uh the other companies

1429

00:55:57,670 --> 00:55:55,920

also grumman if you look at uh

1430

00:56:00,230 --> 00:55:57,680

so they issued these contracts to

1431

00:56:01,990 --> 00:56:00,240

develop a lot of the systems for nemesis

1432

00:56:05,430 --> 00:56:02,000

to these two companies and five other

1433

00:56:10,470 --> 00:56:08,470

the key navy groups that were developing

1434

00:56:12,789 --> 00:56:10,480

nemesis are all on the east coast

1435

00:56:15,270 --> 00:56:12,799

they're actually around or was it north

1436

00:56:18,390 --> 00:56:15,280

carolina north carolina virginia that

1437

00:56:20,230 --> 00:56:18,400

some somewhere around there sure which

1438

00:56:23,430 --> 00:56:20,240

surprisingly enough is where they keep

1439

00:56:27,270 --> 00:56:23,440

seeing all the ufos every day

1440

00:56:30,309 --> 00:56:28,950

so they've got all this stuff there and

1441

00:56:32,630 --> 00:56:30,319

i've given these contracts

1442

00:56:33,589 --> 00:56:32,640

and if you look at bae's web page they

1443

00:56:35,190 --> 00:56:33,599

will tell you that they're

1444

00:56:37,829 --> 00:56:35,200

self-proclaimed

1445

00:56:38,789 --> 00:56:37,839

world leaders in electronic warfare they

1446

00:56:41,349 --> 00:56:38,799

do a lot of things

1447

00:56:43,109 --> 00:56:41,359

they do absolutely ton of things but one

1448

00:56:44,710 --> 00:56:43,119

of the things they do

1449

00:56:46,309 --> 00:56:44,720

is um they're a world leader in

1450

00:56:48,069 --> 00:56:46,319

electronic warfare as is northrop

1451

00:56:48,789 --> 00:56:48,079

grumman and northrop grumman make a lot

1452

00:56:51,190 --> 00:56:48,799

of drones

1453

00:56:53,109 --> 00:56:51,200

now if you saw in that picture i i

1454

00:56:55,109 --> 00:56:53,119

mentioned two of those drones were made

1455

00:56:58,789 --> 00:56:55,119

by northrop grumman

1456

00:57:00,390 --> 00:56:58,799

uh from nemesis and

1457

00:57:03,030 --> 00:57:00,400

these guys are all based on the east

1458

00:57:05,190 --> 00:57:03,040

coast now the gimbal was

1459

00:57:06,390 --> 00:57:05,200

happened the gimbal event happened on

1460

00:57:08,950 --> 00:57:06,400

the east coast

1461

00:57:10,870 --> 00:57:08,960

in that gimbal video was taken in

1462

00:57:14,870 --> 00:57:10,880

january

1463

00:57:17,430 --> 00:57:14,880

2015 on

1464

00:57:19,190 --> 00:57:17,440

off the close north northern coast of

1465

00:57:22,470 --> 00:57:19,200

florida i think

1466

00:57:24,309 --> 00:57:22,480

um basically

1467

00:57:25,829 --> 00:57:24,319

in that documentation if you follow it

1468

00:57:27,829 --> 00:57:25,839

through it talks about how they did a

1469

00:57:31,910 --> 00:57:27,839

walk and testing out nemesis

1470

00:57:34,230 --> 00:57:31,920

that ended in february 2015.

1471

00:57:36,230 --> 00:57:34,240

so you've got a correlation there yeah

1472

00:57:40,390 --> 00:57:36,240

definitely look at the gimbal video

1473

00:57:43,190 --> 00:57:40,400

and what ryan graves talks about he says

1474

00:57:46,069 --> 00:57:43,200

they saw fleets of these things

1475

00:57:47,589 --> 00:57:46,079

well this involves fleets of drones

1476
00:57:49,349 --> 00:57:47,599
you're saying oh one was a big

1477
00:57:50,549 --> 00:57:49,359
thing and the other had little drones

1478
00:57:53,510 --> 00:57:50,559
well if you look at the picture there's

1479
00:57:55,109 --> 00:57:53,520
a big drone and there's little drones

1480
00:57:57,750 --> 00:57:55,119
so you know all these things are coming

1481
00:58:00,069 --> 00:57:57,760
together and then you look at where

1482
00:58:01,670 --> 00:58:00,079
the project nemesis is and they're all

1483
00:58:02,069 --> 00:58:01,680
around that area where they're starting

1484
00:58:04,069 --> 00:58:02,079
to

1485
00:58:05,430 --> 00:58:04,079
you know the key components of the naval

1486
00:58:06,789 --> 00:58:05,440
bases of

1487
00:58:09,510 --> 00:58:06,799
darpa and all this sort of stuff they're

1488
00:58:11,910 --> 00:58:09,520

all at that east coast area

1489

00:58:13,670 --> 00:58:11,920

around uh where ryan starts saying that

1490

00:58:14,549 --> 00:58:13,680

you know later he says that they start

1491

00:58:16,789 --> 00:58:14,559

seeing things

1492

00:58:18,470 --> 00:58:16,799

every day but that's also where virginia

1493

00:58:22,150 --> 00:58:18,480

beach is and virginia beach has

1494

00:58:23,589 --> 00:58:22,160

a big issue with people letting loose uh

1495

00:58:27,190 --> 00:58:23,599

party balloons i mean i mean

1496

00:58:30,789 --> 00:58:29,430

of the gimbal but all the weddings on

1497

00:58:32,470 --> 00:58:30,799

the beach there's these things

1498

00:58:34,069 --> 00:58:32,480

they've actually issued huge fines for

1499

00:58:36,470 --> 00:58:34,079

letting loose balloons there there's a

1500

00:58:38,390 --> 00:58:36,480

big article about it and uh

1501
00:58:40,069 --> 00:58:38,400
anyway going back to the gimbal event

1502
00:58:42,870 --> 00:58:40,079
2015 they did the

1503
00:58:43,510 --> 00:58:42,880
war game here's a video just for anybody

1504
00:58:45,270 --> 00:58:43,520
that uh

1505
00:58:46,470 --> 00:58:45,280
most people that are watching this are

1506
00:58:47,190 --> 00:58:46,480
going to be aware of what they got the

1507
00:58:49,270 --> 00:58:47,200
audience

1508
00:58:50,470 --> 00:58:49,280
listening to the audio oh do you want do

1509
00:58:52,630 --> 00:58:50,480
you want the audio

1510
00:58:54,309 --> 00:58:52,640
or the audio is important all right let

1511
00:58:55,990 --> 00:58:54,319
me let me redo it i thought we didn't

1512
00:58:57,430 --> 00:58:56,000
want the audio let's try this again

1513
00:58:59,589 --> 00:58:57,440

and i'll do it with the audio because

1514

00:59:01,270 --> 00:58:59,599

you're right the audio is important

1515

00:59:03,510 --> 00:59:01,280

even though we don't know if that wasn't

1516

00:59:04,230 --> 00:59:03,520

tacked on to it there's no prominence

1517

00:59:06,069 --> 00:59:04,240

here we don't

1518

00:59:07,750 --> 00:59:06,079

already have important indeed but if you

1519

00:59:10,150 --> 00:59:07,760

can get you can if you can find the

1520

00:59:12,549 --> 00:59:10,160

ttsa version that's got the they

1521

00:59:16,549 --> 00:59:12,559

captioned it as well

1522

00:59:21,190 --> 00:59:16,559

this one is supposedly unedited okay

1523

00:59:28,390 --> 00:59:24,390

yeah he said it's an absolute cleanup

1524

00:59:42,470 --> 00:59:30,829

no going against the wind the wind's 120

1525

00:59:42,480 --> 00:59:49,990

that's not our Is though is

1526
00:59:54,470 --> 00:59:53,270
yeah yeah a couple of things to take out

1527
00:59:56,710 --> 00:59:54,480
of that video

1528
00:59:59,109 --> 00:59:56,720
the wizard or the pilot says it is a

1529
01:00:00,950 --> 00:59:59,119
effing drone

1530
01:00:02,870 --> 01:00:00,960
right he's telling you right there it's

1531
01:00:06,789 --> 01:00:02,880
a drone

1532
01:00:09,349 --> 01:00:06,799
um two you don't see any tv mode footage

1533
01:00:11,349 --> 01:00:09,359
there would have been tv mode footage uh

1534
01:00:14,390 --> 01:00:11,359
why don't you see it

1535
01:00:16,230 --> 01:00:14,400
three it's called the gimbal video and

1536
01:00:17,750 --> 01:00:16,240
if you watch mick quests i know people

1537
01:00:19,109 --> 01:00:17,760
are going to freak out when you mention

1538
01:00:20,950 --> 01:00:19,119

it

1539

01:00:22,710 --> 01:00:20,960

you might watch mick west's video he

1540

01:00:24,069 --> 01:00:22,720

talks about that being glare and that's

1541

01:00:27,589 --> 01:00:24,079

why it rotates because

1542

01:00:29,910 --> 01:00:27,599

the uh the athlete pod gimbals

1543

01:00:31,349 --> 01:00:29,920

that's what it literally does it gimbals

1544

01:00:33,349 --> 01:00:31,359

why does amazing

1545

01:00:34,870 --> 01:00:33,359

why does maybe call it the gimbal video

1546

01:00:35,750 --> 01:00:34,880

it was a navy that called it the gimbal

1547

01:00:37,589 --> 01:00:35,760

video

1548

01:00:39,270 --> 01:00:37,599

it's not anyone else it was the navy

1549

01:00:43,030 --> 01:00:39,280

they called it the gimbal video

1550

01:00:46,230 --> 01:00:43,040

why did they call it the gimbal video

1551
01:00:48,470 --> 01:00:46,240
they've told you why and the pilot said

1552
01:00:49,910 --> 01:00:48,480
it's a drone it's an effing drone and

1553
01:00:52,549 --> 01:00:49,920
they're going at a gimbal because the

1554
01:00:54,789 --> 01:00:52,559
airflow is glimbering

1555
01:00:56,069 --> 01:00:54,799
and the the thing is the pilot's calling

1556
01:00:59,589 --> 01:00:56,079
it a drone

1557
01:01:00,789 --> 01:00:59,599
but here's the kicker whenever you watch

1558
01:01:02,789 --> 01:01:00,799
ryan graves on

1559
01:01:04,069 --> 01:01:02,799
tv or doing an interview he's always got

1560
01:01:06,390 --> 01:01:04,079
this cheeky grin

1561
01:01:10,710 --> 01:01:06,400
and i'm thinking this guy's hiding

1562
01:01:13,589 --> 01:01:10,720
something you know he says

1563
01:01:14,630 --> 01:01:13,599

i'm not saying it's aliens but when it's

1564

01:01:16,390 --> 01:01:14,640

aliens

1565

01:01:18,069 --> 01:01:16,400

yeah it's not right i'm not saying it's

1566

01:01:20,789 --> 01:01:18,079

aliens but it's really weird and that's

1567

01:01:22,470 --> 01:01:20,799

really weird things out there i just

1568

01:01:24,309 --> 01:01:22,480

told you that bae

1569

01:01:26,950 --> 01:01:24,319

was one of the key contractors and the

1570

01:01:28,630 --> 01:01:26,960

self world self-proclaimed world leader

1571

01:01:30,950 --> 01:01:28,640

in electronic warfare

1572

01:01:32,789 --> 01:01:30,960

have a guess what company ryan graves

1573

01:01:36,069 --> 01:01:32,799

ended up working at when he

1574

01:01:39,750 --> 01:01:36,079

when he retired from the navy

1575

01:01:43,190 --> 01:01:39,760

a black budget bae bae oh

1576

01:01:44,069 --> 01:01:43,200

interesting yeah electronic warfare

1577

01:01:46,230 --> 01:01:44,079

specialists

1578

01:01:48,870 --> 01:01:46,240

and drone manufacturers but that's where

1579

01:01:52,710 --> 01:01:48,880

he works in bae

1580

01:01:54,069 --> 01:01:52,720

where he i looked at the bae web page

1581

01:01:56,390 --> 01:01:54,079

and they've got a web page about their

1582

01:01:58,870 --> 01:01:56,400

electronic warfare capabilities

1583

01:02:01,029 --> 01:01:58,880

and it's got six videos i click on the

1584

01:02:03,750 --> 01:02:01,039

last video

1585

01:02:04,390 --> 01:02:03,760

about uh development of electronic water

1586

01:02:09,349 --> 01:02:04,400

or something

1587

01:02:13,510 --> 01:02:12,630

i mean what the hell follow the dots

1588

01:02:17,029 --> 01:02:13,520

people

1589

01:02:17,990 --> 01:02:17,039

that he's out there in the media trying

1590

01:02:19,990 --> 01:02:18,000

to suggest that these are

1591

01:02:23,430 --> 01:02:20,000

extraterrestrial spacecraft

1592

01:02:26,309 --> 01:02:23,440

unless it's a purposeful campaign to

1593

01:02:27,910 --> 01:02:26,319

uh obfuscate the real truth that this is

1594

01:02:29,349 --> 01:02:27,920

drone technology you know one of the

1595

01:02:31,990 --> 01:02:29,359

other things i wanted to ask you

1596

01:02:33,029 --> 01:02:32,000

because this drives me crazy my audience

1597

01:02:34,870 --> 01:02:33,039

knows this

1598

01:02:36,390 --> 01:02:34,880

we have people in the media that show

1599

01:02:39,990 --> 01:02:36,400

these grainy ass videos

1600

01:02:40,870 --> 01:02:40,000

that with no clarity and the the facts

1601
01:02:43,349 --> 01:02:40,880
that they

1602
01:02:45,029 --> 01:02:43,359
contribute to the video don't match what

1603
01:02:46,630 --> 01:02:45,039
we're seeing in the video that's the one

1604
01:02:47,109 --> 01:02:46,640
thing that drives me crazy but the other

1605
01:02:48,950 --> 01:02:47,119
thing

1606
01:02:51,510 --> 01:02:48,960
that drives me crazy is when people say

1607
01:02:52,549 --> 01:02:51,520
things like no one on earth has this

1608
01:02:54,630 --> 01:02:52,559
technology

1609
01:02:57,270 --> 01:02:54,640
when it comes to trans medium craft or

1610
01:02:58,630 --> 01:02:57,280
craft that can do 90 degree turns

1611
01:03:00,309 --> 01:02:58,640
and you know i don't know about you but

1612
01:03:03,510 --> 01:03:00,319
you can go down to walmart

1613
01:03:06,309 --> 01:03:03,520

and buy a drone for 50 bucks

1614

01:03:07,750 --> 01:03:06,319

that can do 90 degree turns so it drives

1615

01:03:09,910 --> 01:03:07,760

me crazy that people say

1616

01:03:12,069 --> 01:03:09,920

no one on earth has this technology it

1617

01:03:13,589 --> 01:03:12,079

must be aliens

1618

01:03:15,349 --> 01:03:13,599

what do you think about these sort of

1619

01:03:19,349 --> 01:03:15,359

statements aren't they irresponsible

1620

01:03:21,109 --> 01:03:19,359

and misleading yeah i think people

1621

01:03:23,510 --> 01:03:21,119

dig deep and i think we live in a very

1622

01:03:27,430 --> 01:03:23,520

low information world at the moment

1623

01:03:29,990 --> 01:03:27,440

we live in a sort of um

1624

01:03:31,829 --> 01:03:30,000

weird situation where you've got at no

1625

01:03:32,789 --> 01:03:31,839

time have you ever had more information

1626

01:03:36,309 --> 01:03:32,799

at your disposal

1627

01:03:40,390 --> 01:03:36,319

but at the same time uh

1628

01:03:43,190 --> 01:03:40,400

news reporting is at the lowest level of

1629

01:03:44,069 --> 01:03:43,200

uh info ever it's almost tabloid right

1630

01:03:46,870 --> 01:03:44,079

now

1631

01:03:47,829 --> 01:03:46,880

yeah yeah we just we want the sound

1632

01:03:51,190 --> 01:03:47,839

bites we don't want

1633

01:03:52,950 --> 01:03:51,200

a deep full story you know

1634

01:03:54,549 --> 01:03:52,960

like you know this is why things like

1635

01:03:56,069 --> 01:03:54,559

tick tock are so popular because

1636

01:03:57,829 --> 01:03:56,079

people's attention span

1637

01:03:59,430 --> 01:03:57,839

nobody has attention span to sit and

1638

01:04:02,870 --> 01:03:59,440

listen to real

1639

01:04:05,430 --> 01:04:02,880

you know investigative work and and uh

1640

01:04:07,270 --> 01:04:05,440

you know deep dives into a story we want

1641

01:04:12,950 --> 01:04:07,280

the five minute quick version

1642

01:04:15,510 --> 01:04:12,960

right yeah so

1643

01:04:19,190 --> 01:04:15,520

maybe i'll load up with an image of ryan

1644

01:04:25,589 --> 01:04:23,109

and let me see if i can find it here bae

1645

01:04:26,150 --> 01:04:25,599

bae systems it's an aerospace company

1646

01:04:28,390 --> 01:04:26,160

right

1647

01:04:29,670 --> 01:04:28,400

yeah uh look i'll send you the link and

1648

01:04:31,029 --> 01:04:29,680

you can bring it up

1649

01:04:33,510 --> 01:04:31,039

okay yeah you can send it through the

1650

01:04:35,270 --> 01:04:33,520

private chat i believe

1651

01:04:36,630 --> 01:04:35,280

just click on that private chat icon

1652

01:04:38,470 --> 01:04:36,640

over there in the meantime i want to

1653

01:04:41,430 --> 01:04:38,480

remind everybody to like comment

1654

01:04:41,910 --> 01:04:41,440

and subscribe it really does help us to

1655

01:04:43,829 --> 01:04:41,920

uh

1656

01:04:45,589 --> 01:04:43,839

to expand the show we're trying to get

1657

01:04:47,029 --> 01:04:45,599

me a bigger bullhorn

1658

01:04:48,470 --> 01:04:47,039

that's what i want for christmas that's

1659

01:04:50,630 --> 01:04:48,480

what i want for my birthday i want a

1660

01:04:52,870 --> 01:04:50,640

bigger bullhorn

1661

01:04:54,150 --> 01:04:52,880

unfortunately we're in a bad situation

1662

01:04:55,510 --> 01:04:54,160

here because

1663

01:04:57,430 --> 01:04:55,520

you know we're trying to give people

1664

01:04:58,870 --> 01:04:57,440

that second red pill after they think

1665

01:05:00,230 --> 01:04:58,880

they got red pill

1666

01:05:02,470 --> 01:05:00,240

you know we're bringing people

1667

01:05:05,190 --> 01:05:02,480

inconvenient truths

1668

01:05:07,029 --> 01:05:05,200

and uh it's not easy growing a channel

1669

01:05:07,990 --> 01:05:07,039

like this because we have to have facts

1670

01:05:09,589 --> 01:05:08,000

in hand before we

1671

01:05:11,510 --> 01:05:09,599

put our mouth and gear we can't just

1672

01:05:14,069 --> 01:05:11,520

sell people woo and garbage

1673

01:05:14,710 --> 01:05:14,079

fake stories like so many other more

1674

01:05:17,270 --> 01:05:14,720

popular

1675

01:05:18,150 --> 01:05:17,280

larger channels covering these subjects

1676

01:05:19,670 --> 01:05:18,160

do

1677

01:05:21,750 --> 01:05:19,680

but i think it's important that there's

1678

01:05:24,470 --> 01:05:21,760

the other side of the story

1679

01:05:26,230 --> 01:05:24,480

so maybe people can find me if they want

1680

01:05:27,430 --> 01:05:26,240

to hear the other side of the story that

1681

01:05:29,349 --> 01:05:27,440

most people

1682

01:05:31,109 --> 01:05:29,359

selling these stories and making huge

1683

01:05:32,789 --> 01:05:31,119

amounts of money selling these stories

1684

01:05:34,549 --> 01:05:32,799

leave out i always find it convenient

1685

01:05:36,309 --> 01:05:34,559

they leave out all of this stuff

1686

01:05:37,670 --> 01:05:36,319

that you and i are talking about nobody

1687

01:05:39,510 --> 01:05:37,680

talks about this

1688

01:05:41,990 --> 01:05:39,520

and we should it should be a part of the

1689

01:05:44,630 --> 01:05:42,000

conversation right

1690

01:05:46,789 --> 01:05:44,640

yeah yeah so i sent you the link if you

1691

01:05:47,190 --> 01:05:46,799

go on that web page it's the last video

1692

01:05:51,349 --> 01:05:47,200

this

1693

01:05:52,950 --> 01:05:51,359

sixth video 23 seconds in

1694

01:05:54,390 --> 01:05:52,960

we're gonna see if we can't share that

1695

01:05:56,150 --> 01:05:54,400

absolutely

1696

01:05:57,750 --> 01:05:56,160

yeah and i know you've got some opinions

1697

01:06:00,630 --> 01:05:57,760

on uh on the uh

1698

01:06:03,589 --> 01:06:00,640

tic tac video as well yeah tic tac's

1699

01:06:08,630 --> 01:06:06,470

i had some opinions on some of it and i

1700

01:06:10,789 --> 01:06:08,640

have found a lot of information about

1701

01:06:12,789 --> 01:06:10,799

that area that they perform training in

1702

01:06:14,390 --> 01:06:12,799

which absolutely okay so now i'm looking

1703

01:06:22,710 --> 01:06:14,400

at i'm looking at the website

1704

01:06:25,910 --> 01:06:25,029

distributed electronic warfare yeah yep

1705

01:06:28,789 --> 01:06:25,920

that's the one

1706

01:06:29,829 --> 01:06:28,799

about 23 seconds in let me see if i

1707

01:06:32,630 --> 01:06:29,839

can't get it

1708

01:06:33,829 --> 01:06:32,640

get it to play here it's always weird

1709

01:06:36,950 --> 01:06:33,839

when it's on like a

1710

01:06:37,750 --> 01:06:36,960

website and not on uh you know not on

1711

01:06:39,990 --> 01:06:37,760

like

1712

01:06:41,349 --> 01:06:40,000

youtube but i got it here let's let's

1713

01:06:43,670 --> 01:06:41,359

see if we can share this and you said

1714

01:06:45,029 --> 01:06:43,680

it's 23 seconds in but we'll uh cite

1715

01:06:46,870 --> 01:06:45,039

fair use

1716

01:06:49,190 --> 01:06:46,880

it's a public website so i think this is

1717

01:06:50,470 --> 01:06:49,200

perfectly acceptable under fair use but

1718

01:06:52,069 --> 01:06:50,480

we're still going to cite fair use we're

1719

01:06:53,029 --> 01:06:52,079

educating the public about these

1720

01:06:54,870 --> 01:06:53,039

subjects and

1721

01:06:56,230 --> 01:06:54,880

using the material we'll be discussing

1722

01:06:57,109 --> 01:06:56,240

and critiquing the material we're

1723

01:06:59,270 --> 01:06:57,119

sharing

1724

01:07:01,109 --> 01:06:59,280

this is called electronic warfare

1725

01:07:04,950 --> 01:07:01,119

electronic protection and attack

1726

01:07:07,270 --> 01:07:04,960

by bae systems interesting

1727

01:07:11,270 --> 01:07:07,280

let me make sure that i one second we

1728

01:07:15,270 --> 01:07:13,670

bear with me friends there we go now

1729

01:07:17,990 --> 01:07:15,280

we'll see

1730

01:07:20,710 --> 01:07:18,000

this is a great find so this guy is in

1731

01:07:24,309 --> 01:07:23,430

and he's on the media faces increasing

1732

01:07:25,910 --> 01:07:24,319

threats

1733

01:07:27,670 --> 01:07:25,920

adversaries with long-range

1734

01:07:29,670 --> 01:07:27,680

multi-spectral electronics

1735

01:07:30,710 --> 01:07:29,680

are challenging the warfighter's ability

1736

01:07:33,270 --> 01:07:30,720

to access

1737

01:07:34,470 --> 01:07:33,280

communicate and navigate in theaters of

1738

01:07:37,270 --> 01:07:34,480

operation

1739

01:07:39,109 --> 01:07:37,280

to counteract these threats bae systems

1740

01:07:40,390 --> 01:07:39,119

is innovating technologies that when

1741

01:07:43,510 --> 01:07:40,400

integrated

1742

01:07:47,109 --> 01:07:43,520

new missions that is him

1743

01:07:49,349 --> 01:07:47,119

that is so funny let's watch it again so

1744

01:07:51,349 --> 01:07:49,359

i'll see if i can stop it and navigate

1745

01:07:54,069 --> 01:07:51,359

in theaters of operation

1746

01:07:56,950 --> 01:07:54,079

to counteract these threats bae systems

1747

01:07:59,910 --> 01:07:56,960

is innovating technologies that

1748

01:08:00,390 --> 01:07:59,920

great so he's in the media going i'm not

1749

01:08:02,870 --> 01:08:00,400

saying it's

1750

01:08:04,390 --> 01:08:02,880

aliens but it's aliens at the same time

1751

01:08:06,069 --> 01:08:04,400

he's working at this company which

1752

01:08:07,510 --> 01:08:06,079

develops electronic warfare

1753

01:08:11,029 --> 01:08:07,520

countermeasures

1754

01:08:12,470 --> 01:08:11,039

and drone technology not not a company

1755

01:08:14,870 --> 01:08:12,480

that does electronic warfare the

1756

01:08:16,470 --> 01:08:14,880

company leader in electronic warfare

1757

01:08:17,910 --> 01:08:16,480

that had the they had what had one of

1758

01:08:20,789 --> 01:08:17,920

the contracts for

1759

01:08:22,630 --> 01:08:20,799

with data to prove to provide the some

1760

01:08:25,829 --> 01:08:22,640

of this stuff for nemesis

1761

01:08:27,030 --> 01:08:25,839

that yeah do we want to watch the rest

1762

01:08:28,470 --> 01:08:27,040

of this i guess

1763

01:08:31,269 --> 01:08:28,480

i don't know it's pretty boy it just

1764

01:08:33,990 --> 01:08:31,279

looks a bit like oh yeah

1765

01:08:35,910 --> 01:08:34,000

yeah electronic warfare mission

1766

01:08:37,910 --> 01:08:35,920

capability

1767

01:08:39,590 --> 01:08:37,920

electronic warfare will provide war

1768

01:08:41,189 --> 01:08:39,600

fighters with efficient control and

1769

01:08:43,749 --> 01:08:41,199

coordination of ew

1770

01:08:44,229 --> 01:08:43,759

platform resources yeah look at the

1771

01:08:45,990 --> 01:08:44,239

drones

1772

01:08:47,829 --> 01:08:46,000

activities that are necessary in

1773

01:08:49,990 --> 01:08:47,839

contested environments

1774

01:08:52,390 --> 01:08:50,000

the platforms in this city triangle

1775

01:08:54,789 --> 01:08:52,400

distributed electronic warfare mission

1776

01:08:56,229 --> 01:08:54,799

using advanced electronics cognitive

1777

01:08:59,349 --> 01:08:56,239

sensor processing

1778

01:09:01,110 --> 01:08:59,359

autonomy and cyber technologies as they

1779

01:09:02,709 --> 01:09:01,120

explore a hostile

1780

01:09:04,789 --> 01:09:02,719

all right well we'll bounce out of that

1781

01:09:06,630 --> 01:09:04,799

now we got to get to we have to get to

1782

01:09:07,749 --> 01:09:06,640

the tic tac i want to know what are your

1783

01:09:12,070 --> 01:09:07,759

thoughts on the tic tac

1784

01:09:14,390 --> 01:09:12,080

video and then i guess okay so

1785

01:09:16,229 --> 01:09:14,400

i think when you look at something like

1786

01:09:19,590 --> 01:09:16,239

a story like that you've got to um

1787

01:09:21,430 --> 01:09:19,600

look around look around the story

1788

01:09:25,510 --> 01:09:21,440

where were they what did they do there

1789

01:09:28,550 --> 01:09:27,110

when you start doing that that's when it

1790

01:09:31,430 --> 01:09:28,560

starts to fall

1791

01:09:33,590 --> 01:09:31,440

fall into place because that whole area

1792

01:09:36,950 --> 01:09:33,600

the tic tac happened in

1793

01:09:38,950 --> 01:09:36,960

and for and also just a side note

1794

01:09:40,630 --> 01:09:38,960

all that triangle video and all the

1795

01:09:41,990 --> 01:09:40,640

drones they've been

1796

01:09:44,550 --> 01:09:42,000

you've been hearing about that happened

1797

01:09:46,630 --> 01:09:44,560

in 2019 including that sphere that fell

1798

01:09:50,149 --> 01:09:46,640

in the water all that stuff

1799

01:09:53,189 --> 01:09:50,159

that and the tic tac all that happened

1800

01:09:54,709 --> 01:09:53,199

in the social range complex the social

1801

01:09:58,070 --> 01:09:54,719

range complex is

1802

01:09:58,630 --> 01:09:58,080

an area uh they do all their military

1803

01:10:02,149 --> 01:09:58,640

training

1804

01:10:05,189 --> 01:10:02,159

and testing of new weapons in okay

1805

01:10:07,350 --> 01:10:05,199

so what part of the

1806

01:10:09,510 --> 01:10:07,360

charter is that they'll take they'll

1807

01:10:11,910 --> 01:10:09,520

test the reactions

1808

01:10:13,830 --> 01:10:11,920

and they develop strategies based on

1809

01:10:15,510 --> 01:10:13,840

that and they'll test new weapons and

1810

01:10:17,590 --> 01:10:15,520

see how they fare

1811

01:10:20,149 --> 01:10:17,600

there's a lot going on and there's like

1812

01:10:22,790 --> 01:10:20,159

1600 military exercises

1813

01:10:25,750 --> 01:10:22,800

at least every year in that area so you

1814

01:10:28,070 --> 01:10:25,760

know you're talking about about five

1815

01:10:29,270 --> 01:10:28,080

it's a heavy test area for drone for

1816

01:10:30,870 --> 01:10:29,280

drone research

1817

01:10:32,470 --> 01:10:30,880

yeah so there's a lot going on and every

1818

01:10:35,590 --> 01:10:32,480

time there's a there's a

1819

01:10:38,310 --> 01:10:35,600

at any particular day there's numerous

1820

01:10:38,709 --> 01:10:38,320

numerous military exercises happening at

1821

01:10:42,550 --> 01:10:38,719

on

1822

01:10:45,189 --> 01:10:42,560

in that day so it's a complex theater so

1823

01:10:46,229 --> 01:10:45,199

it leaves at least the uh it leaves the

1824

01:10:48,550 --> 01:10:46,239

door wide open

1825

01:10:49,750 --> 01:10:48,560

for a complex series of situations to

1826

01:10:52,310 --> 01:10:49,760

happen because they could be doing

1827

01:10:54,630 --> 01:10:52,320

missile tests in one part of the uh

1828

01:10:56,630 --> 01:10:54,640

range they could be doing air-to-air

1829

01:10:58,550 --> 01:10:56,640

exercises and not another part

1830

01:11:00,870 --> 01:10:58,560

they can be doing any submarine

1831

01:11:02,709 --> 01:11:00,880

exercises in another part

1832

01:11:03,830 --> 01:11:02,719

uh they can do you know there's a whole

1833

01:11:05,030 --> 01:11:03,840

bunch of stuff they can be doing

1834

01:11:08,149 --> 01:11:05,040

electronic warfare

1835

01:11:13,990 --> 01:11:11,350

yeah but uh if you look at the coast

1836

01:11:14,470 --> 01:11:14,000

and at all a lot of the uh facilities

1837

01:11:16,550 --> 01:11:14,480

they have

1838

01:11:17,830 --> 01:11:16,560

are on san clement uh san clemente

1839

01:11:19,750 --> 01:11:17,840

island

1840

01:11:23,350 --> 01:11:19,760

but uh if you look at the coast going

1841

01:11:26,709 --> 01:11:23,360

down to san diego san diego is actually

1842

01:11:28,550 --> 01:11:26,719

where score is score is uh

1843

01:11:29,990 --> 01:11:28,560

basically the facility they run the

1844

01:11:32,870 --> 01:11:30,000

exercises from

1845

01:11:34,950 --> 01:11:32,880

and it's based in san diego on the coast

1846

01:11:36,630 --> 01:11:34,960

here that island the north i whatever

1847

01:11:39,750 --> 01:11:36,640

it's called

1848

01:11:41,830 --> 01:11:39,760

um so

1849

01:11:43,510 --> 01:11:41,840

and then if you look onshore you'll see

1850

01:11:44,149 --> 01:11:43,520

things like there's a lot of companies

1851

01:11:46,149 --> 01:11:44,159

that have

1852

01:11:48,470 --> 01:11:46,159

offices there there's companies that

1853

01:11:50,870 --> 01:11:48,480

have electronic warfare

1854

01:11:53,510 --> 01:11:50,880

systems a lot of companies that make

1855

01:11:56,550 --> 01:11:53,520

threat radar simulators

1856

01:12:00,470 --> 01:11:56,560

there's the skunk works

1857

01:12:01,750 --> 01:12:00,480

uh sure there's

1858

01:12:05,270 --> 01:12:01,760

where they have the black projects

1859

01:12:08,709 --> 01:12:05,280

what's that called i forget now

1860

01:12:10,470 --> 01:12:08,719

next to skunk works um

1861

01:12:11,910 --> 01:12:10,480

all the other guys are there basically

1862

01:12:14,950 --> 01:12:11,920

everyone basically

1863

01:12:16,709 --> 01:12:14,960

aerospace it's called aerospace alley

1864

01:12:18,790 --> 01:12:16,719

you know how we have silicon valley

1865

01:12:19,110 --> 01:12:18,800

there's also aerospace alley where all

1866

01:12:21,030 --> 01:12:19,120

these

1867

01:12:23,030 --> 01:12:21,040

aerospace companies are there and

1868

01:12:25,110 --> 01:12:23,040

certainly they probably are doing test

1869

01:12:25,830 --> 01:12:25,120

flights and things of their prototypes

1870

01:12:28,149 --> 01:12:25,840

and their

1871

01:12:29,910 --> 01:12:28,159

systems are developing so it's like

1872

01:12:31,350 --> 01:12:29,920

occam's razor are these things

1873

01:12:34,390 --> 01:12:31,360

extraterrestrial space

1874

01:12:36,390 --> 01:12:34,400

alien spacecraft or maybe because they

1875

01:12:38,149 --> 01:12:36,400

were all seen right near where all this

1876

01:12:41,510 --> 01:12:38,159

stuff is tested they could be

1877

01:12:43,750 --> 01:12:41,520

earthly drone technology yeah so

1878

01:12:45,990 --> 01:12:43,760

with the tic tac i know that uh on san

1879

01:12:50,310 --> 01:12:46,000

clemente island is

1880

01:12:53,270 --> 01:12:50,320

since 1991 believe it or not they've had

1881

01:12:54,709 --> 01:12:53,280

numerous electronic warfare facilities

1882

01:12:56,790 --> 01:12:54,719

big ones

1883

01:12:58,630 --> 01:12:56,800

big electronic warfare facilities that

1884

01:13:01,430 --> 01:12:58,640

have amongst others amongst

1885

01:13:04,070 --> 01:13:01,440

jammers they've also got things called

1886

01:13:06,229 --> 01:13:04,080

threat radar simulators

1887

01:13:08,390 --> 01:13:06,239

which basically do what they sound like

1888

01:13:11,110 --> 01:13:08,400

they can simulate a radar they can

1889

01:13:13,669 --> 01:13:11,120

simulate a missile's guidance radar

1890

01:13:15,189 --> 01:13:13,679

and send out signals like that and a

1891

01:13:18,229 --> 01:13:15,199

ship will pick that up as if a

1892

01:13:21,270 --> 01:13:18,239

missile's coming at them uh they can

1893

01:13:24,709 --> 01:13:21,280

uh simulate a

1894

01:13:27,830 --> 01:13:24,719

aircraft search radar so a ship will

1895

01:13:28,950 --> 01:13:27,840

set that up and you know as if an

1896

01:13:31,350 --> 01:13:28,960

aircraft and they can

1897

01:13:32,630 --> 01:13:31,360

mimic basically fleets of anything

1898

01:13:33,830 --> 01:13:32,640

coming up

1899

01:13:35,669 --> 01:13:33,840

part of the reason they put those

1900

01:13:37,510 --> 01:13:35,679

facilities there because it's cheaper to

1901

01:13:39,590 --> 01:13:37,520

mimic stuff like that rather than send

1902

01:13:42,070 --> 01:13:39,600

out real missile drones

1903

01:13:43,189 --> 01:13:42,080

and stuff like that this is all at san

1904

01:13:46,550 --> 01:13:43,199

clemente island

1905

01:13:48,070 --> 01:13:46,560

uh sacramento also has

1906

01:13:50,950 --> 01:13:48,080

an area i think it's at the south end

1907

01:13:52,790 --> 01:13:50,960

where they fire off uh drone

1908

01:13:54,149 --> 01:13:52,800

uh drone missiles are basically jet

1909

01:13:56,390 --> 01:13:54,159

powered they fire them off

1910

01:13:57,270 --> 01:13:56,400

a little wing they look like a missile

1911

01:13:59,590 --> 01:13:57,280

and they use those

1912

01:14:02,390 --> 01:13:59,600

target practices as well so there's a

1913

01:14:04,709 --> 01:14:02,400

lot going on from san clemente island

1914

01:14:05,590 --> 01:14:04,719

and they can also use mobile emitters

1915

01:14:08,870 --> 01:14:05,600

throughout

1916

01:14:10,790 --> 01:14:08,880

the electro social range complex so they

1917

01:14:13,590 --> 01:14:10,800

can make

1918

01:14:14,950 --> 01:14:13,600

you know they can spoof anything yeah

1919

01:14:17,990 --> 01:14:14,960

they could spread

1920

01:14:19,430 --> 01:14:18,000

fighter aircraft or ships

1921

01:14:21,910 --> 01:14:19,440

now i'm not saying that they that's what

1922

01:14:25,030 --> 01:14:21,920

happened that day on the tic-tac-toe

1923

01:14:26,870 --> 01:14:25,040

but it would explain all those weird

1924

01:14:30,070 --> 01:14:26,880

tracks that they picked up

1925

01:14:33,189 --> 01:14:30,080

around san clemente island funny enough

1926

01:14:34,630 --> 01:14:33,199

um so

1927

01:14:36,390 --> 01:14:34,640

you know you talk about those radar

1928

01:14:37,430 --> 01:14:36,400

tracks doing weird things i mean there's

1929

01:14:39,350 --> 01:14:37,440

a lot of

1930

01:14:40,950 --> 01:14:39,360

discussion about that because kevin dave

1931

01:14:42,550 --> 01:14:40,960

didn't really see that himself he asked

1932

01:14:44,470 --> 01:14:42,560

someone else someone told him it's like

1933

01:14:47,270 --> 01:14:44,480

a fourth-hand discussion

1934

01:14:47,750 --> 01:14:47,280

oh yeah my uncle's brother's cousin told

1935

01:14:50,870 --> 01:14:47,760

me

1936

01:14:52,550 --> 01:14:50,880

yeah that's all it is there's no real

1937

01:14:54,630 --> 01:14:52,560

first-hand acknowledge of

1938

01:14:56,709 --> 01:14:54,640

anything going from 80 000 feet to sea

1939

01:15:00,310 --> 01:14:56,719

level in a second kevin day's

1940

01:15:02,390 --> 01:15:00,320

talking about that it's like third hand

1941

01:15:04,550 --> 01:15:02,400

um anyway he talks about seeing these

1942

01:15:06,229 --> 01:15:04,560

objects on the radar coming down first

1943

01:15:07,270 --> 01:15:06,239

this is his first hand account he talks

1944

01:15:09,750 --> 01:15:07,280

about all these

1945

01:15:11,189 --> 01:15:09,760

objects coming down in the fleet just

1946

01:15:11,910 --> 01:15:11,199

sort of through the so-called range

1947

01:15:15,110 --> 01:15:11,920

complex

1948

01:15:18,229 --> 01:15:15,120

and they disappear before they get to

1949

01:15:19,669 --> 01:15:18,239

guadalupe island funny enough guadalupe

1950

01:15:22,070 --> 01:15:19,679

island is at the southern end

1951

01:15:23,669 --> 01:15:22,080

boundary of social of the so-called range

1952

01:15:25,510 --> 01:15:23,679

complex

1953

01:15:27,990 --> 01:15:25,520

yeah so they're staying within the test

1954

01:15:30,390 --> 01:15:28,000

complex yeah so

1955

01:15:32,229 --> 01:15:30,400

sightings are literally within drone

1956

01:15:33,990 --> 01:15:32,239

tests

1957

01:15:35,750 --> 01:15:34,000

well they're in the there in a circle

1958

01:15:37,430 --> 01:15:35,760

range complex where they conduct all the

1959

01:15:38,149 --> 01:15:37,440

military training and the military

1960

01:15:41,430 --> 01:15:38,159

training

1961

01:15:42,870 --> 01:15:41,440

is um just to give you an idea of the

1962

01:15:44,470 --> 01:15:42,880

different military training they do they

1963

01:15:45,510 --> 01:15:44,480

do missile tests they'll do

1964

01:15:49,110 --> 01:15:45,520

anti-submarine

1965

01:15:52,070 --> 01:15:49,120

uh exercises they'll do air-to-air

1966

01:15:53,510 --> 01:15:52,080

exercises uh they'll do electronic

1967

01:15:56,390 --> 01:15:53,520

warfare exercises

1968

01:15:57,110 --> 01:15:56,400

they'll even do cryptologic simulation

1969

01:15:59,270 --> 01:15:57,120

there's just

1970

01:16:00,790 --> 01:15:59,280

absolutely lots of stuff going on and

1971

01:16:02,470 --> 01:16:00,800

part of the stuff they do there and it's

1972

01:16:05,189 --> 01:16:02,480

in the it's in the chat of what they do

1973

01:16:07,830 --> 01:16:05,199

i'm not making this up

1974

01:16:09,669 --> 01:16:07,840

they do test new weapons there they do

1975

01:16:10,390 --> 01:16:09,679

test new weapons in the area to see how

1976

01:16:12,550 --> 01:16:10,400

they fare

1977

01:16:14,870 --> 01:16:12,560

and they also test the fleet to gauge

1978

01:16:16,709 --> 01:16:14,880

their their readiness

1979

01:16:18,310 --> 01:16:16,719

and their reactions so that they can

1980

01:16:19,430 --> 01:16:18,320

build new tactics based on their

1981

01:16:21,270 --> 01:16:19,440

reactions

1982

01:16:22,870 --> 01:16:21,280

this is in the charter of what they do

1983

01:16:25,669 --> 01:16:22,880

there

1984

01:16:28,070 --> 01:16:25,679

so i think we've got to remember what

1985

01:16:33,590 --> 01:16:28,080

actually is happening in this area

1986

01:16:37,350 --> 01:16:36,070

there's a number of rea there's just an

1987

01:16:40,390 --> 01:16:37,360

absolute plethora of

1988

01:16:43,510 --> 01:16:40,400

explanations that could explain those

1989

01:16:45,270 --> 01:16:43,520

uh radar tracks where they're flying in

1990

01:16:46,709 --> 01:16:45,280

formation coming down at 100 knots it

1991

01:16:48,550 --> 01:16:46,719

could have been an electronic warfare

1992

01:16:50,470 --> 01:16:48,560

exercise i know i've got documentation

1993

01:16:53,270 --> 01:16:50,480

that shows i did

1994

01:16:53,910 --> 01:16:53,280

five to 600 electronic warfare exercises

1995

01:16:56,070 --> 01:16:53,920

that year

1996

01:16:57,590 --> 01:16:56,080

so almost two a day or one and a half a

1997

01:16:59,030 --> 01:16:57,600

day

1998

01:17:00,790 --> 01:16:59,040

and what do you say to the people though

1999

01:17:02,470 --> 01:17:00,800

who argue and i've heard this argument

2000

01:17:04,470 --> 01:17:02,480

and i think it's ridiculous

2001

01:17:07,110 --> 01:17:04,480

that if anybody was testing something

2002

01:17:09,430 --> 01:17:07,120

they would let the navy ships know

2003

01:17:11,110 --> 01:17:09,440

yeah i think that's garbage if you're

2004

01:17:12,950 --> 01:17:11,120

testing a black project you're not

2005

01:17:16,550 --> 01:17:12,960

telling anybody

2006

01:17:19,270 --> 01:17:16,560

yeah both um both pj hughes and another

2007

01:17:20,550 --> 01:17:19,280

tic tac interviewee uh called carson

2008

01:17:22,310 --> 01:17:20,560

cramer

2009

01:17:23,590 --> 01:17:22,320

they were both witnesses in the tick

2010

01:17:25,750 --> 01:17:23,600

neck that are on the ships

2011

01:17:26,950 --> 01:17:25,760

um both of them basically said that's

2012

01:17:29,189 --> 01:17:26,960

[h__\h]

2013

01:17:31,189 --> 01:17:29,199

that they they know personally of

2014

01:17:33,110 --> 01:17:31,199

exercises that were ran where they knew

2015

01:17:35,669 --> 01:17:33,120

that no one else knew

2016

01:17:36,870 --> 01:17:35,679

so it's totally feasible that you know

2017

01:17:39,110 --> 01:17:36,880

the brass would know

2018

01:17:40,630 --> 01:17:39,120

and no one else would know i mean how do

2019

01:17:42,790 --> 01:17:40,640

you test something if it

2020

01:17:45,270 --> 01:17:42,800

relies on if you're trying to test

2021

01:17:47,910 --> 01:17:45,280

someone's reaction how do you tell them

2022

01:17:49,430 --> 01:17:47,920

yeah yeah the whole thing it voids the

2023

01:17:51,110 --> 01:17:49,440

test right there and then you can't tell

2024

01:17:53,750 --> 01:17:51,120

them

2025

01:17:55,350 --> 01:17:53,760

um especially if you want to see maybe

2026

01:17:56,149 --> 01:17:55,360

let's just say for example they just

2027

01:17:58,550 --> 01:17:56,159

want to see

2028

01:18:00,149 --> 01:17:58,560

how a navy ship would react to this in

2029

01:18:02,790 --> 01:18:00,159

their air space

2030

01:18:03,910 --> 01:18:02,800

right could they could they approach it

2031

01:18:05,350 --> 01:18:03,920

could they shoot it down

2032

01:18:07,590 --> 01:18:05,360

like what are they going to do maybe

2033

01:18:10,630 --> 01:18:07,600

that's part of the tests to see

2034

01:18:12,229 --> 01:18:10,640

how our defenses would handle uh a

2035

01:18:15,590 --> 01:18:12,239

possible foreign

2036

01:18:18,870 --> 01:18:15,600

aircraft incurring into u.s airspace and

2037

01:18:21,189 --> 01:18:18,880

the ship's air space that's right

2038

01:18:22,630 --> 01:18:21,199

so yeah so you got all that going on and

2039

01:18:24,229 --> 01:18:22,640

that you've got all those possible

2040

01:18:25,430 --> 01:18:24,239

explanations for the radar tracks it

2041

01:18:26,070 --> 01:18:25,440

could have been electronic warfare

2042

01:18:28,470 --> 01:18:26,080

exercise

2043

01:18:30,390 --> 01:18:28,480

there was plenty to go around they did

2044

01:18:32,149 --> 01:18:30,400

it was the second most or the most

2045

01:18:33,750 --> 01:18:32,159

type of exercise they did that you knew

2046

01:18:35,990 --> 01:18:33,760

was electronic warfare so that should

2047

01:18:40,390 --> 01:18:36,000

tell you something right there and then

2048

01:18:43,830 --> 01:18:40,400

um but here's the kicker

2049

01:18:44,630 --> 01:18:43,840

they called it control and command

2050

01:18:48,070 --> 01:18:44,640

warfare

2051

01:18:50,390 --> 01:18:48,080

c2w and c2w

2052

01:18:51,669 --> 01:18:50,400

is when the in the documentation i

2053

01:18:55,030 --> 01:18:51,679

looked at is

2054

01:18:57,910 --> 01:18:55,040

used synonymously to with ew

2055

01:18:58,470 --> 01:18:57,920

and references electronic warfare but if

2056

01:19:02,149 --> 01:18:58,480

you look up

2057

01:19:03,590 --> 01:19:02,159

c2w along with electronic warfare it

2058

01:19:05,510 --> 01:19:03,600

includes a couple of other things that

2059

01:19:06,870 --> 01:19:05,520

are quite interesting

2060

01:19:09,430 --> 01:19:06,880

uh the other things other than

2061

01:19:12,470 --> 01:19:09,440

electronic warfare includes is

2062

01:19:15,430 --> 01:19:12,480

military deception psyops

2063

01:19:16,709 --> 01:19:15,440

and civil war yeah that's not a

2064

01:19:19,910 --> 01:19:16,719

coincidence victor

2065

01:19:20,790 --> 01:19:19,920

that's just a coincidence that's just a

2066

01:19:25,189 --> 01:19:20,800

coincidence

2067

01:19:27,590 --> 01:19:25,199

that doesn't answer what the tic tac

2068

01:19:29,590 --> 01:19:27,600

thing itself was and there's a whole

2069

01:19:32,149 --> 01:19:29,600

bunch of things going on there there's

2070

01:19:33,910 --> 01:19:32,159

it's very confusing because alex

2071

01:19:36,070 --> 01:19:33,920

dietrich says she had eyes on the tic

2072

01:19:39,030 --> 01:19:36,080

tac for eight seconds

2073

01:19:40,870 --> 01:19:39,040

uh fraver says he had eyes on the tic

2074

01:19:42,790 --> 01:19:40,880

tacs for five minutes

2075

01:19:44,550 --> 01:19:42,800

so there's a huge discrepancy there so i

2076

01:19:47,430 --> 01:19:44,560

don't know what's going on there

2077

01:19:49,110 --> 01:19:47,440

uh there's different reports taken at

2078

01:19:50,550 --> 01:19:49,120

different times there's a report that

2079

01:19:52,709 --> 01:19:50,560

was leaked

2080

01:19:53,910 --> 01:19:52,719

by the guy who said he worked on the

2081

01:19:55,830 --> 01:19:53,920

nimitz

2082

01:19:57,750 --> 01:19:55,840

who came one on the who went under the

2083

01:19:59,270 --> 01:19:57,760

username the final theory and leaked the

2084

01:20:01,350 --> 01:19:59,280

tic tac video

2085

01:20:03,510 --> 01:20:01,360

and a report called the event summary

2086

01:20:05,830 --> 01:20:03,520

which was meant to be

2087

01:20:08,390 --> 01:20:05,840

a report of what happened taken from the

2088

01:20:11,189 --> 01:20:08,400

pilots on that day

2089

01:20:12,950 --> 01:20:11,199

and that tells a different story then

2090

01:20:14,149 --> 01:20:12,960

there's the eight tip report that says a

2091

01:20:16,870 --> 01:20:14,159

different story

2092

01:20:19,510 --> 01:20:16,880

it's there's a tts report and there's a

2093

01:20:22,070 --> 01:20:19,520

different story altogether

2094

01:20:23,910 --> 01:20:22,080

um yeah these things don't don't often

2095

01:20:26,229 --> 01:20:23,920

match or jive with each other whether

2096

01:20:26,870 --> 01:20:26,239

it's to more speculation if you if you

2097

01:20:29,350 --> 01:20:26,880

want to stop

2098

01:20:30,629 --> 01:20:29,360

conspiracy theories get your facts

2099

01:20:32,870 --> 01:20:30,639

straight

2100

01:20:34,149 --> 01:20:32,880

and don't tell six different stories you

2101

01:20:36,470 --> 01:20:34,159

know one of the other things that i

2102

01:20:38,550 --> 01:20:36,480

think is interesting is that these

2103

01:20:40,950 --> 01:20:38,560

you know people are claiming well i'm

2104

01:20:43,030 --> 01:20:40,960

releasing this unclassified video from

2105

01:20:44,550 --> 01:20:43,040

the classified briefing and i don't know

2106

01:20:45,990 --> 01:20:44,560

but i've talked to people who worked on

2107

01:20:50,229 --> 01:20:46,000

navy ships we have

2108

01:20:52,550 --> 01:20:50,239

rylo 704 uh has worked on navy ships

2109

01:20:53,910 --> 01:20:52,560

you know and he said you can't just take

2110

01:20:55,910 --> 01:20:53,920

your cell phone out

2111

01:20:56,950 --> 01:20:55,920

in a command center and start taking

2112

01:20:59,189 --> 01:20:56,960

videos

2113

01:21:01,430 --> 01:20:59,199

and give them the journalists you get

2114

01:21:04,229 --> 01:21:01,440

fired you get court-martialed

2115

01:21:04,870 --> 01:21:04,239

and also if they do take any sort of

2116

01:21:08,070 --> 01:21:04,880

video

2117

01:21:10,629 --> 01:21:08,080

or have data on an unknown aircraft

2118

01:21:11,189 --> 01:21:10,639

they don't declassify that because

2119

01:21:13,669 --> 01:21:11,199

that's

2120

01:21:14,790 --> 01:21:13,679

you know a problem we don't know what

2121

01:21:17,830 --> 01:21:14,800

this aircraft was

2122

01:21:20,550 --> 01:21:17,840

could've been russian iranian uh

2123

01:21:21,590 --> 01:21:20,560

you know chinese one of our other

2124

01:21:24,310 --> 01:21:21,600

adversaries

2125

01:21:26,470 --> 01:21:24,320

spying on us we're gonna investigate

2126

01:21:28,070 --> 01:21:26,480

this fully we're not gonna unclassify

2127

01:21:30,950 --> 01:21:28,080

this video of

2128

01:21:31,830 --> 01:21:30,960

some flying object in our in our naval

2129

01:21:35,430 --> 01:21:31,840

air space

2130

01:21:37,189 --> 01:21:35,440

and you know infringing right right near

2131

01:21:38,550 --> 01:21:37,199

navy air ships and we're not just going

2132

01:21:40,830 --> 01:21:38,560

to click declassify

2133

01:21:43,030 --> 01:21:40,840

and give it to journalists that that's

2134

01:21:45,110 --> 01:21:43,040

ridiculous

2135

01:21:46,149 --> 01:21:45,120

yeah so in regards to the tic tac i mean

2136

01:21:48,070 --> 01:21:46,159

there's

2137

01:21:50,149 --> 01:21:48,080

if you look at the reports it leads to a

2138

01:21:53,750 --> 01:21:50,159

few scenarios one report says

2139

01:21:54,390 --> 01:21:53,760

the uss uh lewisville submarine was

2140

01:21:56,470 --> 01:21:54,400

there

2141

01:21:58,470 --> 01:21:56,480

in that vicinity conducting live fire

2142

01:22:00,550 --> 01:21:58,480

tests in the vicinity of where the tic

2143

01:22:02,070 --> 01:22:00,560

tac was meant to be

2144

01:22:03,910 --> 01:22:02,080

so some people think that they

2145

01:22:07,270 --> 01:22:03,920

accidentally got vectored into a

2146

01:22:10,390 --> 01:22:07,280

live fire test um

2147

01:22:13,350 --> 01:22:10,400

and they're trying to hush it up

2148

01:22:15,110 --> 01:22:13,360

uh the other thing is and this is a real

2149

01:22:19,110 --> 01:22:15,120

weird one

2150

01:22:22,709 --> 01:22:22,070

trevor and alex weren't the first person

2151
01:22:25,110 --> 01:22:22,719
to see

2152
01:22:26,310 --> 01:22:25,120
the disturbance in the water the first

2153
01:22:30,390 --> 01:22:26,320
jet on the scene was

2154
01:22:32,470 --> 01:22:30,400
the douglas cheeks curt he was flying a

2155
01:22:36,550 --> 01:22:32,480
single seater f-18

2156
01:22:39,590 --> 01:22:36,560
c and he was part of the marines

2157
01:22:43,590 --> 01:22:39,600
and oddly enough

2158
01:22:46,870 --> 01:22:43,600
uh fraver and alex

2159
01:22:47,430 --> 01:22:46,880
were meant to start a war game with

2160
01:22:50,950 --> 01:22:47,440
kurth

2161
01:22:52,470 --> 01:22:50,960
and another pilot soon

2162
01:22:53,990 --> 01:22:52,480
just before that but they sort of got

2163
01:22:55,270 --> 01:22:54,000

redirected

2164

01:22:59,430 --> 01:22:55,280

just as they were meant to start an

2165

01:23:03,510 --> 01:23:01,510

and um yeah and why do you not hear

2166

01:23:06,390 --> 01:23:03,520

about this first pilot who witnessed it

2167

01:23:08,390 --> 01:23:06,400

you hear almost nothing about him it's

2168

01:23:09,750 --> 01:23:08,400

the front man on this story he's been on

2169

01:23:12,390 --> 01:23:09,760

all the interviews

2170

01:23:12,950 --> 01:23:12,400

joe rogan lex friedman all these

2171

01:23:14,790 --> 01:23:12,960

different

2172

01:23:16,629 --> 01:23:14,800

media outlets interviewed him but

2173

01:23:19,590 --> 01:23:16,639

nobody's interviewed the first pilot

2174

01:23:21,510 --> 01:23:19,600

who witnessed this thing yeah he didn't

2175

01:23:24,629 --> 01:23:21,520

witness the tic tac what he said was

2176
01:23:27,590 --> 01:23:24,639
he was vectored there and as he got

2177
01:23:31,189 --> 01:23:27,600
close to about 15 nautical miles

2178
01:23:34,390 --> 01:23:31,199
um he's picked up fraver and

2179
01:23:35,830 --> 01:23:34,400
alex's uh jets on the radar

2180
01:23:37,430 --> 01:23:35,840
and you could see them approaching as

2181
01:23:40,790 --> 01:23:37,440
well

2182
01:23:44,390 --> 01:23:43,510
he then got another radio call to say uh

2183
01:23:47,110 --> 01:23:44,400
skip it

2184
01:23:48,229 --> 01:23:47,120
because two other jets are going there

2185
01:23:50,709 --> 01:23:48,239
so go back

2186
01:23:52,229 --> 01:23:50,719
to your cat point or whatever but he

2187
01:23:55,990 --> 01:23:52,239
decided

2188
01:23:56,870 --> 01:23:56,000

on his own close enough i'm going to fly

2189

01:23:59,110 --> 01:23:56,880

over anyway

2190

01:24:00,950 --> 01:23:59,120

so no one knew he was doing this and he

2191

01:24:01,990 --> 01:24:00,960

flew over this disturbance in the water

2192

01:24:05,910 --> 01:24:02,000

it circled around

2193

01:24:07,750 --> 01:24:05,920

it at that exact time alex and fravor

2194

01:24:10,790 --> 01:24:07,760

rolled up

2195

01:24:13,300 --> 01:24:10,800

and they were looking down and saw

2196

01:24:19,030 --> 01:24:15,030

[Music]

2197

01:24:23,590 --> 01:24:19,040

kurtz off alex and friend and uh fraver

2198

01:24:29,830 --> 01:24:27,110

interesting curse didn't see a tic tac

2199

01:24:30,950 --> 01:24:29,840

alex and frater didn't see kirth you see

2200

01:24:32,470 --> 01:24:30,960

what i'm getting at

2201

01:24:34,709 --> 01:24:32,480

yeah so it could be as simple as this

2202

01:24:36,550 --> 01:24:34,719

was an airplane and it was observed from

2203

01:24:38,950 --> 01:24:36,560

a distance far enough away that

2204

01:24:41,270 --> 01:24:38,960

maybe the body shape of it or whatever

2205

01:24:43,910 --> 01:24:41,280

was obscured from their view

2206

01:24:45,270 --> 01:24:43,920

because of the distance involved yeah i

2207

01:24:46,790 --> 01:24:45,280

mean there was a there's a

2208

01:24:49,430 --> 01:24:46,800

bit in the event summary that talked

2209

01:24:51,750 --> 01:24:49,440

about haze being present

2210

01:24:53,750 --> 01:24:51,760

although there was no clouds there was a

2211

01:24:57,189 --> 01:24:53,760

lot of haze apparently

2212

01:24:59,270 --> 01:24:57,199

so did they see kirth

2213

01:25:00,390 --> 01:24:59,280

did they see douglas kurtz jet he did

2214

01:25:02,550 --> 01:25:00,400

fly up

2215

01:25:04,390 --> 01:25:02,560

he was at that perfect time he flew

2216

01:25:05,910 --> 01:25:04,400

around the serpents in the water they

2217

01:25:08,629 --> 01:25:05,920

saw something over the disturbance of

2218

01:25:15,510 --> 01:25:12,310

and then he flew off so

2219

01:25:17,669 --> 01:25:15,520

yeah yeah it's a bit but here we

2220

01:25:19,990 --> 01:25:17,679

you know that that's not a that's pretty

2221

01:25:21,189 --> 01:25:20,000

boring story misidentified aircraft or

2222

01:25:23,990 --> 01:25:21,199

misidentified

2223

01:25:26,229 --> 01:25:24,000

drone right or for that matter

2224

01:25:27,510 --> 01:25:26,239

misidentified target balloon

2225

01:25:29,430 --> 01:25:27,520

right it could be a lot of different

2226

01:25:31,910 --> 01:25:29,440

things but these these

2227

01:25:33,350 --> 01:25:31,920

alien hucksters they sort of you know

2228

01:25:34,790 --> 01:25:33,360

they skip over that

2229

01:25:36,709 --> 01:25:34,800

one thing i didn't know is that david

2230

01:25:38,830 --> 01:25:36,719

fraber has an incredible amount of

2231

01:25:42,709 --> 01:25:38,840

television

2232

01:25:52,950 --> 01:25:44,709

it was like on a reality show before the

2233

01:25:58,310 --> 01:25:56,149

after s tic tac event no i did not know

2234

01:26:01,510 --> 01:25:58,320

that so that's interesting

2235

01:26:03,990 --> 01:26:01,520

uh so and here's another one remember i

2236

01:26:06,310 --> 01:26:04,000

told you that bae and northrop grumman

2237

01:26:08,310 --> 01:26:06,320

were key contractors to the nemesis

2238

01:26:10,629 --> 01:26:08,320

project electronic warfare

2239

01:26:12,629 --> 01:26:10,639

nemesis project and i mentioned how ryan

2240

01:26:13,669 --> 01:26:12,639

graves ended up working for bae in the

2241

01:26:17,270 --> 01:26:13,679

electronic warfare

2242

01:26:21,110 --> 01:26:17,280

area guess where

2243

01:26:24,550 --> 01:26:21,120

fraber ended up working now for baa

2244

01:26:29,110 --> 01:26:27,110

yeah you know it's interesting that

2245

01:26:32,229 --> 01:26:29,120

there is ample and supportive evidence

2246

01:26:33,350 --> 01:26:32,239

of defense contractors knowingly and

2247

01:26:35,669 --> 01:26:33,360

willingly

2248

01:26:36,870 --> 01:26:35,679

spreading alien stories to cover their

2249

01:26:39,270 --> 01:26:36,880

tests

2250

01:26:40,149 --> 01:26:39,280

right yeah they float stories they send

2251

01:26:42,149 --> 01:26:40,159

they've been caught

2252

01:26:43,990 --> 01:26:42,159

sending people to ufo conferences with

2253

01:26:47,110 --> 01:26:44,000

stories and other things

2254

01:26:48,870 --> 01:26:47,120

so what if this this whole this might be

2255

01:26:50,310 --> 01:26:48,880

aliens is just cover

2256

01:26:51,830 --> 01:26:50,320

they're trying to cover their tracks for

2257

01:26:53,350 --> 01:26:51,840

the testing that they're doing and like

2258

01:26:55,830 --> 01:26:53,360

you mentioned there could have been

2259

01:26:57,830 --> 01:26:55,840

some kind of uh exercise that that these

2260

01:26:59,910 --> 01:26:57,840

navy personnel stumbled onto didn't even

2261

01:27:02,629 --> 01:26:59,920

know it was taking place

2262

01:27:03,430 --> 01:27:02,639

yeah or they saw douglas curth and just

2263

01:27:05,750 --> 01:27:03,440

misid

2264

01:27:07,110 --> 01:27:05,760

i mean it sounds ridiculous i don't know

2265

01:27:09,830 --> 01:27:07,120

this is ridiculous too

2266

01:27:11,189 --> 01:27:09,840

i don't know if this is true he says his

2267

01:27:14,310 --> 01:27:11,199

call sign is sex

2268

01:27:17,830 --> 01:27:14,320

it can't be really david sexford

2269

01:27:19,510 --> 01:27:17,840

is it really that dude picked sex for

2270

01:27:21,270 --> 01:27:19,520

his call sign look at him

2271

01:27:23,750 --> 01:27:21,280

i don't want to think about that that's

2272

01:27:27,750 --> 01:27:26,229

yeah but let's picture this picture the

2273

01:27:31,030 --> 01:27:27,760

scenario

2274

01:27:34,149 --> 01:27:31,040

fravor and alex

2275

01:27:37,590 --> 01:27:34,159

are vectored to the tic tac area

2276

01:27:40,790 --> 01:27:37,600

they're told on uh they're told to

2277

01:27:43,189 --> 01:27:40,800

they're given a world a real world

2278

01:27:46,390 --> 01:27:43,199

vector it's a real world scenario

2279

01:27:48,149 --> 01:27:46,400

they've been taken off training and

2280

01:27:49,669 --> 01:27:48,159

as you've seen in all their testimonies

2281

01:27:51,189 --> 01:27:49,679

they were really concerned about it

2282

01:27:51,590 --> 01:27:51,199

because they didn't have any weapons on

2283

01:27:55,830 --> 01:27:51,600

their

2284

01:27:59,430 --> 01:27:57,669

yeah and that says something about the

2285

01:28:01,270 --> 01:27:59,440

operational readiness

2286

01:28:03,350 --> 01:28:01,280

of the united states military which is

2287

01:28:04,629 --> 01:28:03,360

scary to me because what if that was a

2288

01:28:07,110 --> 01:28:04,639

chinese fighter plane

2289

01:28:08,790 --> 01:28:07,120

or bomber they don't have any weapons to

2290

01:28:09,750 --> 01:28:08,800

deal with a threat that's flying right

2291

01:28:13,270 --> 01:28:09,760

towards the

2292

01:28:15,350 --> 01:28:13,280

california coast yeah so they're on edge

2293

01:28:17,830 --> 01:28:15,360

they roll up

2294

01:28:18,790 --> 01:28:17,840

um they don't know what to expect they

2295

01:28:21,910 --> 01:28:18,800

see something

2296

01:28:24,310 --> 01:28:21,920

flying it starts going around you know

2297

01:28:26,470 --> 01:28:24,320

doing some weird things around the the

2298

01:28:28,310 --> 01:28:26,480

disturbance on the water

2299

01:28:30,070 --> 01:28:28,320

douglas curt's not meant to be there

2300

01:28:31,750 --> 01:28:30,080

you're not expecting douglas girth to be

2301

01:28:34,390 --> 01:28:31,760

there

2302

01:28:35,510 --> 01:28:34,400

let's just go you know just a hypothesis

2303

01:28:37,270 --> 01:28:35,520

here

2304

01:28:38,629 --> 01:28:37,280

let's say they see douglas curth down

2305

01:28:42,229 --> 01:28:38,639

there he's in an f-18

2306

01:28:44,709 --> 01:28:42,239

they say it was an f-18 size object

2307

01:28:45,830 --> 01:28:44,719

he circles around and he flies back up

2308

01:28:47,350 --> 01:28:45,840

it's

2309

01:28:49,110 --> 01:28:47,360

at closing speed it would have been more

2310

01:28:52,950 --> 01:28:49,120

than supersonic

2311

01:28:55,510 --> 01:28:52,960

and uh he flashes by

2312

01:28:55,990 --> 01:28:55,520

um they say they didn't get electronic

2313

01:29:00,950 --> 01:28:56,000

they

2314

01:29:05,110 --> 01:29:00,960

what could jam another f-18

2315

01:29:08,790 --> 01:29:05,120

an f-18 f-18 has these on it

2316

01:29:10,629 --> 01:29:08,800

you know like it's got radar jamming

2317

01:29:12,629 --> 01:29:10,639

radar jamming yeah one of those pods

2318

01:29:14,470 --> 01:29:12,639

underneath some of those f-18s are

2319

01:29:16,229 --> 01:29:14,480

actually radar jamming

2320

01:29:18,149 --> 01:29:16,239

it's a pod filled with a device that

2321

01:29:19,590 --> 01:29:18,159

will jam enemy radar

2322

01:29:21,350 --> 01:29:19,600

and they routinely will fly with that

2323

01:29:23,270 --> 01:29:21,360

one that's right

2324

01:29:24,470 --> 01:29:23,280

and it's an automatic i understand one

2325

01:29:28,149 --> 01:29:24,480

of the systems is

2326

01:29:32,070 --> 01:29:28,159

automated like it'll automatically jam

2327

01:29:34,709 --> 01:29:32,080

a radar lock so

2328

01:29:37,189 --> 01:29:34,719

so you've got that it look it when you

2329

01:29:40,070 --> 01:29:37,199

look at that story it all fits

2330

01:29:42,870 --> 01:29:40,080

every single bit of it fits that it may

2331

01:29:45,669 --> 01:29:42,880

have been douglas curt's jet

2332

01:29:48,070 --> 01:29:45,679

accept the visual they saw something

2333

01:29:51,510 --> 01:29:48,080

they say it looked like a tic-tac

2334

01:29:54,550 --> 01:29:51,520

and obviously an f-18c is not a tic-tac

2335

01:29:57,189 --> 01:29:54,560

so did they

2336

01:29:58,229 --> 01:29:57,199

but they were far away from it though it

2337

01:30:00,070 --> 01:29:58,239

would have been

2338

01:30:02,229 --> 01:30:00,080

what four or five thousand feet or

2339

01:30:03,830 --> 01:30:02,239

whatever just above the water they said

2340

01:30:06,709 --> 01:30:03,840

and they were twenty four thousand feet

2341

01:30:10,229 --> 01:30:06,719

so that's quite a long way away

2342

01:30:12,950 --> 01:30:10,239

so with a bit of haze would it

2343

01:30:14,550 --> 01:30:12,960

might look like a heat you know maybe a

2344

01:30:16,229 --> 01:30:14,560

particular type of paint job

2345

01:30:19,270 --> 01:30:16,239

who knows maybe it did look like a tic

2346

01:30:21,189 --> 01:30:19,280

tac but it is interesting so

2347

01:30:24,310 --> 01:30:21,199

all i'm saying is that there's it's a

2348

01:30:26,149 --> 01:30:24,320

complex story

2349

01:30:27,910 --> 01:30:26,159

the details are really unclear there's

2350

01:30:29,430 --> 01:30:27,920

various types of reports

2351

01:30:31,430 --> 01:30:29,440

a lot of stuff was happening in the

2352

01:30:33,669 --> 01:30:31,440

so-called range complex

2353

01:30:35,270 --> 01:30:33,679

there was war games and exercises called

2354

01:30:38,070 --> 01:30:35,280

law happening

2355

01:30:39,990 --> 01:30:38,080

every single day there was a sub firing

2356

01:30:43,430 --> 01:30:40,000

missiles in that area

2357

01:30:44,070 --> 01:30:43,440

for goodness sake um you got kirth

2358

01:30:45,750 --> 01:30:44,080

flying

2359

01:30:47,270 --> 01:30:45,760

past this disturbance in the water and

2360

01:30:50,310 --> 01:30:47,280

flying around it when he was

2361

01:30:50,790 --> 01:30:50,320

not meant to be there they didn't see

2362

01:30:55,710 --> 01:30:50,800

him

2363

01:31:01,189 --> 01:30:57,830

[Applause]

2364

01:31:05,189 --> 01:31:01,199

yeah other than that

2365

01:31:05,990 --> 01:31:05,199

um yeah that's all i know about the tic

2366

01:31:08,870 --> 01:31:06,000

tac event

2367

01:31:09,910 --> 01:31:08,880

is so make it make it make of all that

2368

01:31:12,229 --> 01:31:09,920

as you will

2369

01:31:13,990 --> 01:31:12,239

but again i love this because tonight

2370

01:31:16,149 --> 01:31:14,000

you talked about all these things that

2371

01:31:18,149 --> 01:31:16,159

get left out of the story

2372

01:31:19,510 --> 01:31:18,159

there's things that nobody talks about

2373

01:31:22,470 --> 01:31:19,520

as far as like possible

2374

01:31:23,189 --> 01:31:22,480

very terrestrial explanations and and

2375

01:31:25,750 --> 01:31:23,199

you know listen

2376

01:31:27,510 --> 01:31:25,760

i i'd like for people to realize that

2377

01:31:30,070 --> 01:31:27,520

i'd like to be a believer but

2378

01:31:31,590 --> 01:31:30,080

when i i'm just skeptical because of the

2379

01:31:34,310 --> 01:31:31,600

amount first of all because the amount

2380

01:31:36,629 --> 01:31:34,320

of ufo fraudery and forgery and fakery

2381

01:31:38,229 --> 01:31:36,639

that goes on and secondly

2382

01:31:39,990 --> 01:31:38,239

when when you really studied some of

2383

01:31:41,910 --> 01:31:40,000

these events you see that the people

2384

01:31:44,070 --> 01:31:41,920

pushing the stories

2385

01:31:46,470 --> 01:31:44,080

they leave out very important

2386

01:31:48,390 --> 01:31:46,480

information that people deserve to know

2387

01:31:50,629 --> 01:31:48,400

like i said the other side of the story

2388

01:31:56,629 --> 01:31:50,639

here is what we're hearing today

2389

01:32:01,990 --> 01:31:59,750

99 95 sure the gimbal stuff

2390

01:32:04,070 --> 01:32:02,000

is not nothing special but they saw

2391

01:32:07,110 --> 01:32:04,080

drones basically

2392

01:32:08,870 --> 01:32:07,120

and that sphere in the balloon or square

2393

01:32:10,070 --> 01:32:08,880

inside a sphere was probably one of

2394

01:32:15,189 --> 01:32:10,080

those

2395

01:32:17,510 --> 01:32:15,199

reflector balloons i had a

2396

01:32:22,310 --> 01:32:17,520

that are funny enough deployed from an

2397

01:32:28,629 --> 01:32:25,430

shows that sphere with a square ice

2398

01:32:31,350 --> 01:32:28,639

a cube in it actually being deployed

2399

01:32:32,790 --> 01:32:31,360

from an f-18 i mean

2400

01:32:34,390 --> 01:32:32,800

could it be it could have been a modern

2401

01:32:35,430 --> 01:32:34,400

version of that that had some ecm

2402

01:32:39,110 --> 01:32:35,440

instead

2403

01:32:40,470 --> 01:32:39,120

probably um they said we buy ecm just

2404

01:32:42,550 --> 01:32:40,480

just for the benefit of the audience you

2405

01:32:46,229 --> 01:32:42,560

mean electronic counter measures yeah

2406

01:32:46,950 --> 01:32:46,239

so um they were doing a war game test of

2407

01:32:49,750 --> 01:32:46,960

nemesis

2408

01:32:53,430 --> 01:32:49,760

on the east coast that ended in february

2409

01:32:59,910 --> 01:32:57,270

it's you know the contract for

2410

01:33:00,709 --> 01:32:59,920

nemesis went to bae and some other

2411

01:33:03,830 --> 01:33:00,719

companies

2412

01:33:05,590 --> 01:33:03,840

northrop grumman etc uh

2413

01:33:08,390 --> 01:33:05,600

ryan graves is talking about the great

2414

01:33:11,830 --> 01:33:08,400

uh the gimbal story

2415

01:33:14,390 --> 01:33:11,840

it ends up nemesis is

2416

01:33:15,750 --> 01:33:14,400

produced by i said bae in that and ryan

2417

01:33:17,750 --> 01:33:15,760

graves ends up with bae

2418

01:33:19,030 --> 01:33:17,760

working in the electronic you know in

2419

01:33:22,629 --> 01:33:19,040

the electronic warfare

2420

01:33:24,709 --> 01:33:22,639

video i mean come on

2421

01:33:29,590 --> 01:33:24,719

every time i see that guy he's grinning

2422

01:33:29,600 --> 01:33:32,790

so

2423

01:33:36,550 --> 01:33:34,950

and they go faster i mean who cares if

2424

01:33:37,990 --> 01:33:36,560

the thing was going fast or not the

2425

01:33:39,830 --> 01:33:38,000

thing was flying along in a straight

2426

01:33:42,550 --> 01:33:39,840

line could have been anything

2427

01:33:44,390 --> 01:33:42,560

it's the biggest non-story ever of the

2428

01:33:47,430 --> 01:33:44,400

go fast

2429

01:33:49,030 --> 01:33:47,440

um so yeah so i got pretty

2430

01:33:50,870 --> 01:33:49,040

you know it's pretty disillusioning when

2431

01:33:53,750 --> 01:33:50,880

you look at all that

2432

01:33:54,790 --> 01:33:53,760

um but um there was a story that i

2433

01:33:56,870 --> 01:33:54,800

looked at last

2434

01:33:58,550 --> 01:33:56,880

that probably disillusioned me the most

2435

01:34:01,990 --> 01:33:58,560

and that was the

2436

01:34:03,590 --> 01:34:02,000

the westall case in australia

2437

01:34:05,669 --> 01:34:03,600

i was just gonna ask you about the west

2438

01:34:08,070 --> 01:34:05,679

hall case in australia because you're an

2439

01:34:09,669 --> 01:34:08,080

australian i have not done a deep dive

2440

01:34:10,790 --> 01:34:09,679

into that case what can you tell us

2441

01:34:13,669 --> 01:34:10,800

first of all

2442

01:34:14,229 --> 01:34:13,679

about the case and and what you found

2443

01:34:15,910 --> 01:34:14,239

okay

2444

01:34:19,430 --> 01:34:15,920

so generally if you don't know the story

2445

01:34:23,189 --> 01:34:19,440

there was in 1966

2446

01:34:25,430 --> 01:34:23,199

and fun fact i lived i grew up less than

2447

01:34:27,510 --> 01:34:25,440

a mile from where this took place

2448

01:34:28,790 --> 01:34:27,520

this is why it was a hometown story for

2449

01:34:32,149 --> 01:34:28,800

me

2450

01:34:33,910 --> 01:34:32,159

um so yeah in 1966

2451

01:34:35,590 --> 01:34:33,920

in a place called westall which is the

2452

01:34:38,790 --> 01:34:35,600

suburb next to where i grew up

2453

01:34:40,870 --> 01:34:38,800

um it

2454

01:34:42,950 --> 01:34:40,880

there was two schools next to each other

2455

01:34:47,350 --> 01:34:42,960

a primary and a secondary

2456

01:34:50,310 --> 01:34:47,360

and um they

2457

01:34:50,870 --> 01:34:50,320

tons of kids tons of teachers middle of

2458

01:34:52,390 --> 01:34:50,880

the day

2459

01:34:53,910 --> 01:34:52,400

or i think it was the morning like 10

2460

01:34:58,310 --> 01:34:53,920

o'clock or something

2461

01:35:00,709 --> 01:34:58,320

um they a lot of kids on the oval doing

2462

01:35:01,750 --> 01:35:00,719

pe which is physical education and they

2463

01:35:05,270 --> 01:35:01,760

look up

2464

01:35:08,629 --> 01:35:05,280

and they see something in the sky and

2465

01:35:09,030 --> 01:35:08,639

it's like a silvery thing it goes around

2466

01:35:10,550 --> 01:35:09,040

and

2467

01:35:12,229 --> 01:35:10,560

they're all excited they run into the

2468

01:35:13,590 --> 01:35:12,239

classrooms and they tell some of the

2469

01:35:15,270 --> 01:35:13,600

teachers

2470

01:35:16,709 --> 01:35:15,280

one teacher i think comes out another

2471

01:35:18,470 --> 01:35:16,719

one comes out a little later and just

2472

01:35:20,229 --> 01:35:18,480

misses most of it

2473

01:35:21,910 --> 01:35:20,239

there was also was one teacher already

2474

01:35:25,430 --> 01:35:21,920

on the oval

2475

01:35:27,189 --> 01:35:25,440

and um they see all this thing

2476

01:35:30,550 --> 01:35:27,199

some of them say they saw a plane going

2477

01:35:32,229 --> 01:35:30,560

around it they look like a cessna

2478

01:35:33,910 --> 01:35:32,239

they see this thing maybe it makes some

2479

01:35:34,870 --> 01:35:33,920

moves generally it's just floating

2480

01:35:37,350 --> 01:35:34,880

around

2481

01:35:38,629 --> 01:35:37,360

and then it flies over past the school

2482

01:35:42,229 --> 01:35:38,639

to about a point

2483

01:35:46,790 --> 01:35:42,239

half a k away which is about

2484

01:35:50,229 --> 01:35:46,800

500 yards in your american talk

2485

01:35:52,149 --> 01:35:50,239

and um it flies over these trees

2486

01:35:53,830 --> 01:35:52,159

and seems to come down over these tall

2487

01:35:59,109 --> 01:35:53,840

pine trees

2488

01:36:02,149 --> 01:35:59,119

and supposedly later it flies off

2489

01:36:06,149 --> 01:36:02,159

that's the core bit of the story okay

2490

01:36:08,629 --> 01:36:06,159

if you watch the westall 66 documentary

2491

01:36:10,870 --> 01:36:08,639

there's all this added stuff in there

2492

01:36:13,910 --> 01:36:10,880

that makes it interesting story there's

2493

01:36:16,629 --> 01:36:13,920

one where a boy goes up uh

2494

01:36:17,669 --> 01:36:16,639

caesar your two ufos land next to the

2495

01:36:21,910 --> 01:36:17,679

school

2496

01:36:24,709 --> 01:36:21,920

jumps the fence

2497

01:36:26,790 --> 01:36:24,719

and there's two ufos there and he and a

2498

01:36:28,790 --> 01:36:26,800

number of kids are around this ufo

2499

01:36:30,229 --> 01:36:28,800

he's he's so close he could touch it but

2500

01:36:31,830 --> 01:36:30,239

he just he's about to touch it but he

2501
01:36:34,070 --> 01:36:31,840
decides not to because he can feel some

2502
01:36:36,950 --> 01:36:34,080
heat off it

2503
01:36:38,470 --> 01:36:36,960
and um there's other kids around the

2504
01:36:40,470 --> 01:36:38,480
other one there's

2505
01:36:41,590 --> 01:36:40,480
tons of kids behind the fence i imagine

2506
01:36:47,590 --> 01:36:41,600
a lot of them are over

2507
01:36:53,270 --> 01:36:51,030
two things there is no other students

2508
01:36:56,310 --> 01:36:53,280
that cooperate that

2509
01:36:56,870 --> 01:36:56,320
out of hundreds of students and i know

2510
01:37:01,189 --> 01:36:56,880
the

2511
01:37:04,950 --> 01:37:01,199
interviewed

2512
01:37:07,270 --> 01:37:04,960
and got testimonies from lots of kids

2513
01:37:09,189 --> 01:37:07,280

no other kid could verify the only thing

2514

01:37:12,310 --> 01:37:09,199

he could verify was sort of like uh

2515

01:37:15,030 --> 01:37:12,320

someone whose mother may have worked at

2516

01:37:17,750 --> 01:37:15,040

the shop or something said that they

2517

01:37:21,669 --> 01:37:17,760

think they did see that at the window of

2518

01:37:23,189 --> 01:37:21,679

a business that was down the street

2519

01:37:25,590 --> 01:37:23,199

i asked him about what about all these

2520

01:37:27,430 --> 01:37:25,600

other uh student witnesses that were

2521

01:37:28,550 --> 01:37:27,440

there that this uh this boy says was

2522

01:37:30,070 --> 01:37:28,560

there and he says no

2523

01:37:32,950 --> 01:37:30,080

no other witnesses came forward no one

2524

01:37:34,709 --> 01:37:32,960

can back him up really

2525

01:37:38,229 --> 01:37:34,719

so i said i'm like well why did you put

2526

01:37:42,390 --> 01:37:40,470

so there's that one aspect if you watch

2527

01:37:45,350 --> 01:37:42,400

the documentary you'll know it's the key

2528

01:37:47,590 --> 01:37:45,360

bit in that documentary

2529

01:37:49,030 --> 01:37:47,600

um there's another bit about if you ever

2530

01:37:50,790 --> 01:37:49,040

watch the documentary you'll know this

2531

01:37:53,830 --> 01:37:50,800

bit there's a bit about this girl

2532

01:37:54,790 --> 01:37:53,840

called tanya who ran up to the to the

2533

01:37:56,950 --> 01:37:54,800

ufo

2534

01:37:59,510 --> 01:37:56,960

uh when it landed over the pine trees

2535

01:38:01,669 --> 01:37:59,520

her and some other girls

2536

01:38:03,910 --> 01:38:01,679

and before the two other girls could get

2537

01:38:05,109 --> 01:38:03,920

there this girl tanya supposedly got

2538

01:38:07,990 --> 01:38:05,119

there

2539

01:38:08,709 --> 01:38:08,000

and she came back running and screaming

2540

01:38:10,550 --> 01:38:08,719

and later she

2541

01:38:13,510 --> 01:38:10,560

fainted at school and ambulance had to

2542

01:38:18,310 --> 01:38:15,830

and that story is told second hand from

2543

01:38:21,910 --> 01:38:18,320

one of the other witnesses

2544

01:38:25,030 --> 01:38:21,920

so i said uh detain you ever get found

2545

01:38:28,310 --> 01:38:25,040

did you ever talk to tanya and the

2546

01:38:31,270 --> 01:38:28,320

producer of the documentary whose name

2547

01:38:32,950 --> 01:38:31,280

is rosie did find her and interviewed

2548

01:38:35,990 --> 01:38:32,960

her

2549

01:38:37,669 --> 01:38:36,000

and shane the who's in the documentary

2550

01:38:40,070 --> 01:38:37,679

he's the guy you see in the documentary

2551
01:38:42,790 --> 01:38:40,080
he said that um

2552
01:38:44,310 --> 01:38:42,800
tanya didn't tanya remember the event

2553
01:38:47,430 --> 01:38:44,320
but didn't remember

2554
01:38:50,149 --> 01:38:47,440
some or at least some

2555
01:38:51,669 --> 01:38:50,159
of the things that some of the other

2556
01:38:55,189 --> 01:38:51,679
witnesses said about what

2557
01:38:56,830 --> 01:38:55,199
had occurred with her so i'm like

2558
01:38:58,930 --> 01:38:56,840
so why did you put that bit in the

2559
01:39:00,950 --> 01:38:58,940
documentary

2560
01:39:04,070 --> 01:39:00,960
[Applause]

2561
01:39:06,790 --> 01:39:04,080
so you get to another bit uh

2562
01:39:07,990 --> 01:39:06,800
and there's a girl that says she was a

2563
01:39:11,510 --> 01:39:08,000

woman now obviously

2564

01:39:14,709 --> 01:39:11,520

and she says that she saw

2565

01:39:16,870 --> 01:39:14,719

she got to there and didn't see it

2566

01:39:18,070 --> 01:39:16,880

uh but saw it up in the air as it took

2567

01:39:21,109 --> 01:39:18,080

off she got close

2568

01:39:22,629 --> 01:39:21,119

and didn't get to where it landed

2569

01:39:25,189 --> 01:39:22,639

she presumed it landed didn't see it

2570

01:39:26,709 --> 01:39:25,199

land but when she got close she saw it

2571

01:39:30,310 --> 01:39:26,719

way up in the sky

2572

01:39:32,550 --> 01:39:30,320

and then it took off and then uh

2573

01:39:33,910 --> 01:39:32,560

that's in the whistle 66 direct uh

2574

01:39:38,629 --> 01:39:33,920

documentary but in

2575

01:39:40,229 --> 01:39:38,639

a recent tv network special

2576

01:39:41,750 --> 01:39:40,239

she's in there saying oh yeah i sort of

2577

01:39:44,390 --> 01:39:41,760

land i went right up to it

2578

01:39:46,070 --> 01:39:44,400

i felt the heat off it and i had these

2579

01:39:51,030 --> 01:39:46,080

purple lights around there

2580

01:39:54,310 --> 01:39:53,030

people add to the story there's other

2581

01:39:57,590 --> 01:39:54,320

kids

2582

01:39:59,750 --> 01:39:57,600

aliens and and

2583

01:40:01,590 --> 01:39:59,760

you know but none of the it's like

2584

01:40:05,990 --> 01:40:01,600

there's not a lot of consistency

2585

01:40:07,830 --> 01:40:06,000

or corroboration between the stories and

2586

01:40:10,470 --> 01:40:07,840

yes so i was polite about it and i said

2587

01:40:13,430 --> 01:40:10,480

look i spoke to the

2588

01:40:14,310 --> 01:40:13,440

you know shane i said look she's changed

2589

01:40:17,430 --> 01:40:14,320

her story

2590

01:40:18,790 --> 01:40:17,440

and it was like oh did she i'm like

2591

01:40:21,510 --> 01:40:18,800

you know in the back of my head i'm like

2592

01:40:22,310 --> 01:40:21,520

come on man this is like a huge story

2593

01:40:24,310 --> 01:40:22,320

jane

2594

01:40:27,990 --> 01:40:24,320

yeah you know between your documentary

2595

01:40:31,270 --> 01:40:28,000

and what you just said last night on tv

2596

01:40:33,030 --> 01:40:31,280

and um he's like well

2597

01:40:34,709 --> 01:40:33,040

what can happen is that when you do they

2598

01:40:37,430 --> 01:40:34,719

do an interview they can cut it and make

2599

01:40:39,669 --> 01:40:37,440

it seem like people say different things

2600

01:40:41,350 --> 01:40:39,679

and because she never saw it on the

2601

01:40:43,270 --> 01:40:41,360

ground i'm like well she

2602

01:40:44,950 --> 01:40:43,280

specifically said she saw it on the

2603

01:40:47,510 --> 01:40:44,960

ground for a minute

2604

01:40:52,950 --> 01:40:47,520

before she took off well maybe it was

2605

01:40:57,350 --> 01:40:55,350

he's gonna make excuses and i just want

2606

01:40:59,350 --> 01:40:57,360

to take a moment to recognize here

2607

01:41:01,350 --> 01:40:59,360

hold on we have tractor basil with a

2608

01:41:02,709 --> 01:41:01,360

kind of generous five dollar super chat

2609

01:41:05,030 --> 01:41:02,719

first of the night

2610

01:41:06,310 --> 01:41:05,040

and we're an hour and 41 minutes in so

2611

01:41:08,310 --> 01:41:06,320

thank you very much

2612

01:41:09,350 --> 01:41:08,320

so let's buy a couple of tacos praise

2613

01:41:15,270 --> 01:41:09,360

the cash

2614

01:41:16,790 --> 01:41:15,280

every dollar helps us

2615

01:41:18,229 --> 01:41:16,800

continue this work thank you for

2616

01:41:19,750 --> 01:41:18,239

kindness your generosity and support

2617

01:41:21,189 --> 01:41:19,760

tractor basil

2618

01:41:23,189 --> 01:41:21,199

with a kind and generous donation we

2619

01:41:27,590 --> 01:41:23,199

read every single super chat here so

2620

01:41:31,990 --> 01:41:29,669

and then the recent in the recent film

2621

01:41:33,910 --> 01:41:32,000

the phenomenon um

2622

01:41:35,350 --> 01:41:33,920

that guy went back and re-interviewed

2623

01:41:38,149 --> 01:41:35,360

all the children and claimed that they

2624

01:41:41,510 --> 01:41:38,159

all stuck to their story 100

2625

01:41:44,149 --> 01:41:41,520

so yeah right really depends yeah

2626

01:41:46,550 --> 01:41:44,159

so basically as i interviewed so then i

2627

01:41:48,229 --> 01:41:46,560

got stuck into a bit more like you know

2628

01:41:50,310 --> 01:41:48,239

red flags are popping up all over the

2629

01:41:52,629 --> 01:41:50,320

place

2630

01:41:54,310 --> 01:41:52,639

so then i started talking to the people

2631

01:41:56,470 --> 01:41:54,320

that were witnesses

2632

01:41:57,830 --> 01:41:56,480

because there was a there's uh you know

2633

01:41:59,750 --> 01:41:57,840

you can do that

2634

01:42:02,070 --> 01:41:59,760

yeah and dark sky finals is in the live

2635

01:42:03,669 --> 01:42:02,080

chat yeah and he says he just

2636

01:42:05,750 --> 01:42:03,679

he literally just posted that

2637

01:42:07,669 --> 01:42:05,760

documentary on his channel

2638

01:42:09,830 --> 01:42:07,679

so if you want to see the documentary

2639

01:42:11,750 --> 01:42:09,840

that victor is talking about on the west

2640

01:42:13,750 --> 01:42:11,760

on this case you can go over to dark sky

2641

01:42:15,189 --> 01:42:13,760

files i encourage you to go uh

2642

01:42:17,590 --> 01:42:15,199

subscribe he's got a lot of old

2643

01:42:19,030 --> 01:42:17,600

documentaries old interviews of john lee

2644

01:42:20,470 --> 01:42:19,040

and stuff that's melting off the

2645

01:42:21,109 --> 01:42:20,480

internet that you can't get anywhere

2646

01:42:22,790 --> 01:42:21,119

else

2647

01:42:24,310 --> 01:42:22,800

it's a really good source for this kind

2648

01:42:25,590 --> 01:42:24,320

of information especially the older

2649

01:42:29,350 --> 01:42:25,600

stuff that is getting

2650

01:42:32,870 --> 01:42:29,360

increasingly more and more hard to find

2651
01:42:33,830 --> 01:42:32,880
so yeah then i started talking to some

2652
01:42:37,750 --> 01:42:33,840
of the um

2653
01:42:41,430 --> 01:42:39,830
the witnesses they're grown up now

2654
01:42:42,629 --> 01:42:41,440
obviously this happened a very long time

2655
01:42:44,870 --> 01:42:42,639
ago

2656
01:42:47,350 --> 01:42:44,880
and these are confirmed witnesses and i

2657
01:42:49,350 --> 01:42:47,360
noticed people were posting

2658
01:42:51,270 --> 01:42:49,360
occasionally that be a witness pop up

2659
01:42:54,470 --> 01:42:51,280
saying uh what are you guys talking

2660
01:42:59,030 --> 01:42:57,109
and oh you know what i'm confusing it

2661
01:43:01,350 --> 01:42:59,040
actually the phenomenon was on the ariel

2662
01:43:02,310 --> 01:43:01,360
zimbabwe case not the westfall case so i

2663
01:43:04,870 --> 01:43:02,320

apologize

2664

01:43:06,470 --> 01:43:04,880

all right absolutely right because

2665

01:43:06,870 --> 01:43:06,480

they're very similar cases because they

2666

01:43:08,790 --> 01:43:06,880

both

2667

01:43:11,189 --> 01:43:08,800

have school children seeing ufos and

2668

01:43:11,910 --> 01:43:11,199

aliens so i apologize i conflated the

2669

01:43:13,830 --> 01:43:11,920

two

2670

01:43:15,109 --> 01:43:13,840

easy to do thanks for correcting me

2671

01:43:17,830 --> 01:43:15,119

there jay roach

2672

01:43:19,189 --> 01:43:17,840

i appreciate it yeah so i started

2673

01:43:20,870 --> 01:43:19,199

talking to a couple of witnesses and i

2674

01:43:22,149 --> 01:43:20,880

started noticing some witnesses saying

2675

01:43:23,910 --> 01:43:22,159

that they actually saw

2676

01:43:25,270 --> 01:43:23,920

and thought it was a balloon and then

2677

01:43:27,510 --> 01:43:25,280

there was like a little war that would

2678

01:43:30,229 --> 01:43:27,520

erupt between the other witnesses

2679

01:43:31,430 --> 01:43:30,239

uh that were part of the whistle 66 doco

2680

01:43:33,030 --> 01:43:31,440

and these people saying

2681

01:43:36,149 --> 01:43:33,040

it was a balloon and it was like oh you

2682

01:43:39,750 --> 01:43:37,910

so i started talking to these people and

2683

01:43:42,149 --> 01:43:39,760

they were like uh

2684

01:43:43,109 --> 01:43:42,159

yeah it's a balloon and i said did you

2685

01:43:45,590 --> 01:43:43,119

know the guy that

2686

01:43:46,709 --> 01:43:45,600

uh said he went up and almost touched it

2687

01:43:49,669 --> 01:43:46,719

and he goes yeah he lives around the

2688

01:43:54,629 --> 01:43:52,310

he's full of [h__\h] i see him every second

2689

01:43:56,790 --> 01:43:54,639

weekend at the pub

2690

01:43:58,709 --> 01:43:56,800

because he's full of he's full of crap

2691

01:44:02,870 --> 01:43:58,719

i'm like okay

2692

01:44:05,189 --> 01:44:02,880

um no one at the time

2693

01:44:06,149 --> 01:44:05,199

knew of anyone that went up to a saucer

2694

01:44:08,550 --> 01:44:06,159

and i started

2695

01:44:10,229 --> 01:44:08,560

noticing that even the people that think

2696

01:44:12,629 --> 01:44:10,239

thought it might have been ufo

2697

01:44:13,430 --> 01:44:12,639

they were also saying things uh stuff

2698

01:44:15,350 --> 01:44:13,440

like

2699

01:44:17,030 --> 01:44:15,360

uh who's this guy that says he saw it on

2700

01:44:18,470 --> 01:44:17,040

the ground i never heard that at the

2701
01:44:20,709 --> 01:44:18,480
time and everyone was saying how come

2702
01:44:22,310 --> 01:44:20,719
the story keeps growing from what it was

2703
01:44:26,070 --> 01:44:22,320
and all these comments from other

2704
01:44:27,830 --> 01:44:26,080
witnesses and um

2705
01:44:29,350 --> 01:44:27,840
so yeah there's that and then i asked i

2706
01:44:30,390 --> 01:44:29,360
started asking him some questions he

2707
01:44:32,870 --> 01:44:30,400
told me that he went to

2708
01:44:35,189 --> 01:44:32,880
a a gathering where they all the

2709
01:44:37,669 --> 01:44:35,199
witnesses got together

2710
01:44:39,430 --> 01:44:37,679
and the media went around talking to all

2711
01:44:42,149 --> 01:44:39,440
the witnesses and they got to him

2712
01:44:44,470 --> 01:44:42,159
and he said yes it was a balloon that's

2713
01:44:46,229 --> 01:44:44,480

what i saw i saw a balloon

2714

01:44:48,070 --> 01:44:46,239

and as soon as he said that they walked

2715

01:44:49,510 --> 01:44:48,080

off yeah they didn't want to hear

2716

01:44:51,990 --> 01:44:49,520

anymore yeah because that's not going to

2717

01:44:54,629 --> 01:44:52,000

sell the story the aliens

2718

01:44:55,430 --> 01:44:54,639

are going to say yeah that told me right

2719

01:44:58,149 --> 01:44:55,440

there and then

2720

01:44:58,709 --> 01:44:58,159

how these alien stories come about

2721

01:45:02,310 --> 01:44:58,719

because

2722

01:45:04,229 --> 01:45:02,320

balloons don't sell aliens do

2723

01:45:06,310 --> 01:45:04,239

yeah well we see that in these recent

2724

01:45:07,910 --> 01:45:06,320

george nap drops too those things to me

2725

01:45:11,270 --> 01:45:07,920

look clearly like balloons or

2726

01:45:13,109 --> 01:45:11,280

or nothing burgers but hey i'm not

2727

01:45:15,189 --> 01:45:13,119

saying it's aliens but it's probably

2728

01:45:16,390 --> 01:45:15,199

aliens you know they dance around the

2729

01:45:18,310 --> 01:45:16,400

alien issue

2730

01:45:19,430 --> 01:45:18,320

but they know they're pushing this alien

2731

01:45:21,590 --> 01:45:19,440

narrative and

2732

01:45:22,470 --> 01:45:21,600

it's unfortunate because you know

2733

01:45:24,070 --> 01:45:22,480

honestly i'm not

2734

01:45:26,149 --> 01:45:24,080

interested in balloons i'm not

2735

01:45:26,550 --> 01:45:26,159

interested in drones i'm not interested

2736

01:45:28,629 --> 01:45:26,560

in

2737

01:45:30,950 --> 01:45:28,639

misidentified aircraft i'm only

2738

01:45:31,990 --> 01:45:30,960

interested in possible alien spacecraft

2739

01:45:34,470 --> 01:45:32,000

visiting earth

2740

01:45:35,189 --> 01:45:34,480

that's my interest so all this other

2741

01:45:37,590 --> 01:45:35,199

stuff is just

2742

01:45:38,709 --> 01:45:37,600

it's just noise in the signal that you

2743

01:45:41,109 --> 01:45:38,719

have to separate

2744

01:45:43,109 --> 01:45:41,119

you know yeah so when you look at that

2745

01:45:45,430 --> 01:45:43,119

westall 66 document the

2746

01:45:47,350 --> 01:45:45,440

documentary the only thing that's really

2747

01:45:47,990 --> 01:45:47,360

substantiated is they saw something in

2748

01:45:51,030 --> 01:45:48,000

the sky

2749

01:45:53,910 --> 01:45:51,040

it flew around maybe there was a plane

2750

01:45:54,790 --> 01:45:53,920

and then the object went you know half a

2751

01:45:57,830 --> 01:45:54,800

mile away

2752

01:45:59,830 --> 01:45:57,840

or not quite that and landed over some

2753

01:46:01,830 --> 01:45:59,840

pine trees

2754

01:46:02,870 --> 01:46:01,840

and maybe they went there later that's

2755

01:46:05,750 --> 01:46:02,880

about it

2756

01:46:06,310 --> 01:46:05,760

this you know once you take out and that

2757

01:46:08,229 --> 01:46:06,320

when you do

2758

01:46:09,910 --> 01:46:08,239

when you take out uh look at it that way

2759

01:46:10,950 --> 01:46:09,920

all the key things in that documentary

2760

01:46:13,510 --> 01:46:10,960

are just

2761

01:46:13,990 --> 01:46:13,520

unsubstantiated yeah and there's another

2762

01:46:16,950 --> 01:46:14,000

little thing

2763

01:46:18,229 --> 01:46:16,960

all the balloon i'm just saying that all

2764

01:46:19,910 --> 01:46:18,239

the fanciful stuff

2765

01:46:22,310 --> 01:46:19,920

of people saying they saw it on the

2766

01:46:23,669 --> 01:46:22,320

ground and it definitely was a flying

2767

01:46:26,230 --> 01:46:23,679

saucer

2768

01:46:27,750 --> 01:46:26,240

it's [h__h]

2769

01:46:29,830 --> 01:46:27,760

[Music]

2770

01:46:30,950 --> 01:46:29,840

yeah and isn't it interesting you know

2771

01:46:33,189 --> 01:46:30,960

like i i

2772

01:46:35,430 --> 01:46:33,199

swear there was a point in time where i

2773

01:46:37,430 --> 01:46:35,440

just if i saw it in a documentary

2774

01:46:39,109 --> 01:46:37,440

i assumed that it was true and that the

2775

01:46:40,790 --> 01:46:39,119

people making the documentary did

2776

01:46:43,590 --> 01:46:40,800

adequate research

2777

01:46:44,950 --> 01:46:43,600

and and were you know sure that the

2778

01:46:45,990 --> 01:46:44,960

things that they were presenting were

2779

01:46:49,189 --> 01:46:46,000

true

2780

01:46:50,149 --> 01:46:49,199

but really the documentary is a very

2781

01:46:51,590 --> 01:46:50,159

loose term

2782

01:46:53,510 --> 01:46:51,600

you know we've seen in this jeremy

2783

01:46:55,270 --> 01:46:53,520

corbell documentary

2784

01:46:56,870 --> 01:46:55,280

so-called documentary on bob lazor

2785

01:46:58,470 --> 01:46:56,880

that's not a documentary

2786

01:47:00,310 --> 01:46:58,480

because he left out more than half of

2787

01:47:02,390 --> 01:47:00,320

the story anything that would indicate

2788

01:47:04,870 --> 01:47:02,400

that bob lazar's a fraud a liar

2789

01:47:06,550 --> 01:47:04,880

a convicted bankrupt pimp let's leave

2790

01:47:07,830 --> 01:47:06,560

that out because that doesn't sound good

2791

01:47:08,870 --> 01:47:07,840

for his credibility that he's a

2792

01:47:12,390 --> 01:47:08,880

convicted

2793

01:47:12,629 --> 01:47:12,400

bankrupt pimp you know well if it's if

2794

01:47:18,070 --> 01:47:12,639

it's

2795

01:47:20,310 --> 01:47:18,080

an investigative piece

2796

01:47:21,270 --> 01:47:20,320

where's the where's the interviews with

2797

01:47:24,310 --> 01:47:21,280

bob's

2798

01:47:27,189 --> 01:47:24,320

uh fellow students at mit who is never

2799

01:47:30,870 --> 01:47:28,790

uh where's the interviews with people he

2800

01:47:34,709 --> 01:47:30,880

worked with prior to

2801

01:47:38,149 --> 01:47:36,629

i just have an old friend uh you know

2802

01:47:38,550 --> 01:47:38,159

somebody that i've known for like 20

2803

01:47:41,430 --> 01:47:38,560

years

2804

01:47:43,109 --> 01:47:41,440

really old friend and he just saw bob

2805

01:47:46,310 --> 01:47:43,119

lazar on uh

2806

01:47:48,310 --> 01:47:46,320

on uh joe rogan and uh he

2807

01:47:49,830 --> 01:47:48,320

he was convinced so he contacts me and

2808

01:47:51,350 --> 01:47:49,840

he's like did you ever do a show on this

2809

01:47:53,030 --> 01:47:51,360

and i'm like don't get me started i can

2810

01:47:55,350 --> 01:47:53,040

send you 20 links on this

2811

01:47:56,870 --> 01:47:55,360

case you know and he's like well i

2812

01:47:58,790 --> 01:47:56,880

watched this video and he

2813

01:48:01,030 --> 01:47:58,800

he sounds like a scientist and he's an

2814

01:48:02,950 --> 01:48:01,040

engineer you know so he's

2815

01:48:04,229 --> 01:48:02,960

he he was totally convinced by bob

2816

01:48:06,149 --> 01:48:04,239

lazor's like

2817

01:48:08,070 --> 01:48:06,159

explanation he watched the old video

2818

01:48:09,910 --> 01:48:08,080

about made of how the flying saucers

2819

01:48:11,430 --> 01:48:09,920

work and he said no only a scientist

2820

01:48:13,750 --> 01:48:11,440

would be able to present

2821

01:48:15,270 --> 01:48:13,760

this technical and i'm like no that

2822

01:48:15,990 --> 01:48:15,280

doesn't prove anything and we're back

2823

01:48:18,470 --> 01:48:16,000

and forth

2824

01:48:20,470 --> 01:48:18,480

and he's like well uh he must be a

2825

01:48:22,550 --> 01:48:20,480

scientist i'm like his education's fake

2826

01:48:24,870 --> 01:48:22,560

this is fake this is fake but he still

2827

01:48:27,189 --> 01:48:24,880

wants to believe the story so he's still

2828

01:48:27,910 --> 01:48:27,199

kind of arguing with me over it and by

2829

01:48:31,830 --> 01:48:27,920

the way hey

2830

01:48:33,910 --> 01:48:31,840

art and reemsey with a kind and generous

2831

01:48:35,270 --> 01:48:33,920

super sticker donation for five dollars

2832

01:48:36,870 --> 01:48:35,280

thank you reemsey for your continued

2833

01:48:38,550 --> 01:48:36,880

kindness generosity and support and

2834

01:48:41,430 --> 01:48:38,560

patreon supporters should know

2835

01:48:43,590 --> 01:48:41,440

that reemsey played his amazing grand

2836

01:48:44,709 --> 01:48:43,600

pianos on one of my songs which will be

2837

01:48:46,470 --> 01:48:44,719

on patreon

2838

01:48:48,709 --> 01:48:46,480

for all the patreon supporters this

2839

01:48:50,070 --> 01:48:48,719

month thank you reemsey for kindness god

2840

01:48:52,149 --> 01:48:50,080

bless you

2841

01:48:53,750 --> 01:48:52,159

we're a viewer supported show the best

2842

01:48:56,629 --> 01:48:53,760

way to to support

2843

01:48:57,590 --> 01:48:56,639

our show is to throw money at me that's

2844

01:49:01,590 --> 01:48:57,600

the best way

2845

01:49:01,990 --> 01:49:01,600

okay because if people can get all this

2846

01:49:04,629 --> 01:49:02,000

money

2847

01:49:05,430 --> 01:49:04,639

for lying to people or leaving out half

2848

01:49:07,910 --> 01:49:05,440

of the story

2849

01:49:08,709 --> 01:49:07,920

then somebody should be there to provide

2850

01:49:11,030 --> 01:49:08,719

the other half

2851
01:49:12,709 --> 01:49:11,040
and i can't thank you enough uh victor

2852
01:49:13,270 --> 01:49:12,719
for helping me do this i know that you

2853
01:49:15,109 --> 01:49:13,280
had all

2854
01:49:17,430 --> 01:49:15,119
you dropped all this information that

2855
01:49:19,430 --> 01:49:17,440
nobody's heard before tonight

2856
01:49:20,790 --> 01:49:19,440
so i have a feeling that this video is

2857
01:49:22,950 --> 01:49:20,800
going to blow up because

2858
01:49:24,390 --> 01:49:22,960
this is all stuff that nobody's heard

2859
01:49:25,910 --> 01:49:24,400
most of this stuff nobody has heard

2860
01:49:27,270 --> 01:49:25,920
about yet

2861
01:49:29,430 --> 01:49:27,280
and i want to thank you for dropping it

2862
01:49:30,950 --> 01:49:29,440
here

2863
01:49:32,550 --> 01:49:30,960

you know and we want to go through all

2864

01:49:34,470 --> 01:49:32,560

your unreleased uh

2865

01:49:36,950 --> 01:49:34,480

interviews and air them here that's what

2866

01:49:38,870 --> 01:49:36,960

we should do

2867

01:49:40,550 --> 01:49:38,880

we'll give you a we'll give you you know

2868

01:49:42,310 --> 01:49:40,560

you gotta have a place to put them

2869

01:49:45,189 --> 01:49:42,320

right you got your own place to put them

2870

01:49:49,030 --> 01:49:45,199

but they're welcome here as well

2871

01:49:50,950 --> 01:49:49,040

yeah this there's so much stuff i mean i

2872

01:49:52,070 --> 01:49:50,960

must admit after the whistle case i was

2873

01:49:53,830 --> 01:49:52,080

pretty disillusioned

2874

01:49:56,070 --> 01:49:53,840

with it all you know like you i want to

2875

01:50:00,229 --> 01:49:56,080

believe that there's a true story

2876

01:50:02,950 --> 01:50:00,239

out there and it's i'm not a

2877

01:50:03,830 --> 01:50:02,960

debunker i look at these stories and i

2878

01:50:06,550 --> 01:50:03,840

think well

2879

01:50:08,830 --> 01:50:06,560

that's really interesting i want to find

2880

01:50:12,870 --> 01:50:08,840

out more yeah let's learn more yeah

2881

01:50:16,550 --> 01:50:12,880

yeah and the disappointment comes

2882

01:50:18,310 --> 01:50:16,560

right yeah that's it and you got it so

2883

01:50:20,950 --> 01:50:18,320

it's always in that learn more

2884

01:50:22,629 --> 01:50:20,960

phase that the red flags start popping

2885

01:50:25,030 --> 01:50:22,639

up and you just can't ignore them

2886

01:50:26,629 --> 01:50:25,040

after a while yeah and i remember ages

2887

01:50:27,750 --> 01:50:26,639

ago when i would hear somebody say

2888

01:50:30,070 --> 01:50:27,760

things like

2889

01:50:32,310 --> 01:50:30,080

you know i was a navy seal and i just

2890

01:50:33,669 --> 01:50:32,320

went oh this guy was a navy seal

2891

01:50:35,830 --> 01:50:33,679

and then he tells some story about

2892

01:50:37,030 --> 01:50:35,840

aliens or the secret space program and

2893

01:50:39,430 --> 01:50:37,040

and he would think well he's

2894

01:50:41,109 --> 01:50:39,440

he was a navy seal it's crazy that a

2895

01:50:42,709 --> 01:50:41,119

real navy seal would be telling his

2896

01:50:44,550 --> 01:50:42,719

story and then you find out

2897

01:50:46,310 --> 01:50:44,560

he was never in the navy he certainly

2898

01:50:48,390 --> 01:50:46,320

was never a navy seal

2899

01:50:50,070 --> 01:50:48,400

and he's some kind of convicted criminal

2900

01:50:51,910 --> 01:50:50,080

pretending to be these things

2901
01:50:54,149 --> 01:50:51,920
you know there's this there's this layer

2902
01:50:55,830 --> 01:50:54,159
of illusion over many of these stories

2903
01:50:57,990 --> 01:50:55,840
that we really need to peel back the

2904
01:51:01,990 --> 01:50:58,000
layers of the onion and get to the

2905
01:51:05,669 --> 01:51:02,000
root really before you know

2906
01:51:07,430 --> 01:51:05,679
yeah yeah and v says more vic

2907
01:51:08,950 --> 01:51:07,440
more and more and more she's your

2908
01:51:10,470 --> 01:51:08,960
biggest fan she was one of the people

2909
01:51:11,750 --> 01:51:10,480
who said you gotta have that guy coming

2910
01:51:13,430 --> 01:51:11,760
to a whole show

2911
01:51:15,990 --> 01:51:13,440
everybody loved their panel appearance

2912
01:51:17,910 --> 01:51:16,000
so you were the most requested

2913
01:51:19,750 --> 01:51:17,920

guest that i've ever had from a panel

2914

01:51:20,629 --> 01:51:19,760

like you know i've had panels before but

2915

01:51:22,390 --> 01:51:20,639

nobody's ever

2916

01:51:24,310 --> 01:51:22,400

like emailed me and sent me so many

2917

01:51:25,109 --> 01:51:24,320

messages about a particular panel guest

2918

01:51:27,669 --> 01:51:25,119

saying

2919

01:51:28,870 --> 01:51:27,679

forget those other guys that we're on we

2920

01:51:30,550 --> 01:51:28,880

gotta have this guy

2921

01:51:34,070 --> 01:51:30,560

talk and we wanna hear what he has to

2922

01:51:35,510 --> 01:51:34,080

say it's great that you could do this

2923

01:51:38,790 --> 01:51:35,520

no worries it's more where that came

2924

01:51:40,390 --> 01:51:38,800

from so some other day

2925

01:51:41,750 --> 01:51:40,400

yeah well we would love to have you

2926
01:51:42,470 --> 01:51:41,760
again and i don't want to keep you too

2927
01:51:44,470 --> 01:51:42,480
long

2928
01:51:46,070 --> 01:51:44,480
so i'm going to probably throw you out

2929
01:51:48,149 --> 01:51:46,080
here and do a quick wrap-up

2930
01:51:49,589 --> 01:51:48,159
maybe spend some time with the live chat

2931
01:51:50,790 --> 01:51:49,599
or if you want to stick around for a

2932
01:51:53,189 --> 01:51:50,800
little while maybe we could take some

2933
01:51:55,030 --> 01:51:53,199
questions from the live chat

2934
01:51:56,229 --> 01:51:55,040
okay i could take some questions okay if

2935
01:51:59,270 --> 01:51:56,239
anybody has questions

2936
01:52:05,030 --> 01:51:59,280
in the live chat for victor please do

2937
01:52:08,470 --> 01:52:06,950
if anybody has any questions otherwise

2938
01:52:12,550 --> 01:52:08,480

we're going to let him

2939

01:52:14,390 --> 01:52:12,560

here uh

2940

01:52:15,830 --> 01:52:14,400

aj says i don't think we're finding out

2941

01:52:17,430 --> 01:52:15,840

tonight i don't know what that's about

2942

01:52:20,629 --> 01:52:17,440

he was saying more more more

2943

01:52:22,629 --> 01:52:20,639

any questions v for for uh for vic

2944

01:52:24,390 --> 01:52:22,639

please let me know in live chat and

2945

01:52:25,510 --> 01:52:24,400

while we're waiting for some questions

2946

01:52:27,030 --> 01:52:25,520

to pop in

2947

01:52:28,790 --> 01:52:27,040

i just want to remind everybody that's

2948

01:52:29,589 --> 01:52:28,800

listening in audio podcasting and victor

2949

01:52:31,830 --> 01:52:29,599

we're now on

2950

01:52:33,750 --> 01:52:31,840

every audio podcast network that you can

2951
01:52:35,830 --> 01:52:33,760
be on so you can get this podcast

2952
01:52:37,750 --> 01:52:35,840
anywhere but if you're listening on

2953
01:52:38,790 --> 01:52:37,760
audio land you're missing out on half

2954
01:52:40,550 --> 01:52:38,800
the fun which is

2955
01:52:41,990 --> 01:52:40,560
coming to the live chat you hear me

2956
01:52:43,589 --> 01:52:42,000
reading these uh

2957
01:52:45,030 --> 01:52:43,599
comments from our live chat we take

2958
01:52:46,149 --> 01:52:45,040
questions from our live chat we take

2959
01:52:47,750 --> 01:52:46,159
live call-ins

2960
01:52:50,149 --> 01:52:47,760
so if you're listening an audio podcast

2961
01:52:51,270 --> 01:52:50,159
lane please go on youtube and search for

2962
01:52:52,550 --> 01:52:51,280
truth seekers

2963
01:52:55,030 --> 01:52:52,560

look for the weird guy with the

2964

01:52:58,070 --> 01:52:55,040

sunglasses and subscribe

2965

01:52:59,350 --> 01:52:58,080

and uh you too can come and be a part of

2966

01:53:01,350 --> 01:52:59,360

our community here we're building a

2967

01:53:03,109 --> 01:53:01,360

community of truth seekers it's not just

2968

01:53:04,870 --> 01:53:03,119

me we're all here looking

2969

01:53:06,629 --> 01:53:04,880

for the truth beside behind some of

2970

01:53:08,229 --> 01:53:06,639

these incredible stories come and join

2971

01:53:09,030 --> 01:53:08,239

us and first question here from jay

2972

01:53:10,470 --> 01:53:09,040

roach

2973

01:53:12,950 --> 01:53:10,480

vic have you looked into what the

2974

01:53:16,550 --> 01:53:12,960

science teachers had said

2975

01:53:19,109 --> 01:53:16,560

regarding westfall yes i have

2976

01:53:19,589 --> 01:53:19,119

um he was on a channel seven special

2977

01:53:22,950 --> 01:53:19,599

that

2978

01:53:24,830 --> 01:53:22,960

one of the other witnesses changed the

2979

01:53:28,470 --> 01:53:24,840

story

2980

01:53:31,350 --> 01:53:28,480

um uh mr greenwood

2981

01:53:31,830 --> 01:53:31,360

his name is i think if that's who you

2982

01:53:33,350 --> 01:53:31,840

mean

2983

01:53:35,589 --> 01:53:33,360

i'm not sure if greenwood was a science

2984

01:53:35,910 --> 01:53:35,599

teacher yeah i i i think that's what you

2985

01:53:38,950 --> 01:53:35,920

mean

2986

01:53:41,910 --> 01:53:38,960

and um mr greenwood

2987

01:53:42,870 --> 01:53:41,920

was one of the uh the second teacher i

2988

01:53:45,189 --> 01:53:42,880

think to see because

2989

01:53:46,229 --> 01:53:45,199

there was a teacher on the oval at the

2990

01:53:49,669 --> 01:53:46,239

time teaching

2991

01:53:52,629 --> 01:53:49,679

physical education i was a lady uh

2992

01:53:54,229 --> 01:53:52,639

i'm not sure if you're referring to her

2993

01:53:56,629 --> 01:53:54,239

or mr greenwood

2994

01:53:58,390 --> 01:53:56,639

but mr greenwood changed his uh said

2995

01:54:02,070 --> 01:53:58,400

some really weird things on a channel 7

2996

01:54:09,109 --> 01:54:05,510

he said that the us

2997

01:54:11,910 --> 01:54:09,119

president had a secret uh ufo

2998

01:54:12,470 --> 01:54:11,920

program to look into ufos and that he

2999

01:54:16,470 --> 01:54:12,480

sent

3000

01:54:20,229 --> 01:54:16,480

a ufo researcher out to interview him

3001

01:54:21,750 --> 01:54:20,239

in australia and

3002

01:54:23,189 --> 01:54:21,760

then it got to this weird bit we're like

3003

01:54:24,709 --> 01:54:23,199

oh i can't remember his name and then

3004

01:54:25,990 --> 01:54:24,719

the interview says i wasn't mister was

3005

01:54:27,830 --> 01:54:26,000

it mcdonald's he said yeah that's it

3006

01:54:30,709 --> 01:54:27,840

mcdonald

3007

01:54:31,430 --> 01:54:30,719

i was i was did a face problem i didn't

3008

01:54:33,990 --> 01:54:31,440

get wrong

3009

01:54:35,830 --> 01:54:34,000

he got interviewed by ronald mcdonald

3010

01:54:37,990 --> 01:54:35,840

yeah mcdonald's is uh

3011

01:54:41,990 --> 01:54:38,000

i think that's his name it's that famous

3012

01:54:49,189 --> 01:54:46,709

his last name is mcdonald anyway and um

3013

01:54:51,030 --> 01:54:49,199

he came out to australia uh to do some

3014

01:54:53,430 --> 01:54:51,040

work for the navy to do some

3015

01:54:56,790 --> 01:54:53,440

talks or some atmospheric stuff based on

3016

01:54:59,669 --> 01:54:56,800

his job and in his own spare time

3017

01:55:00,709 --> 01:54:59,679

he went and on his own dime he went out

3018

01:55:03,030 --> 01:55:00,719

and

3019

01:55:04,950 --> 01:55:03,040

did some research on some australian

3020

01:55:08,149 --> 01:55:04,960

cases because he was a famous

3021

01:55:09,270 --> 01:55:08,159

uh us researcher and did a lot of ufo

3022

01:55:11,910 --> 01:55:09,280

research in

3023

01:55:14,149 --> 01:55:11,920

in america so when he came to australia

3024

01:55:16,310 --> 01:55:14,159

on his job to do whatever he's doing

3025

01:55:17,589 --> 01:55:16,320

he took upon himself in his spare time

3026

01:55:19,910 --> 01:55:17,599

to do some research for

3027

01:55:21,669 --> 01:55:19,920

some australian cases and that's when he

3028

01:55:23,669 --> 01:55:21,679

went out and spoke to greenwood

3029

01:55:25,350 --> 01:55:23,679

he wasn't sent by the president because

3030

01:55:27,030 --> 01:55:25,360

of some special us

3031

01:55:29,990 --> 01:55:27,040

program all that was just complete

3032

01:55:31,510 --> 01:55:30,000

[h__\h] by greenwood

3033

01:55:33,109 --> 01:55:31,520

there was another thing i raised with

3034

01:55:35,109 --> 01:55:33,119

shane the whistle

3035

01:55:36,550 --> 01:55:35,119

documentary maker it was it was that

3036

01:55:38,229 --> 01:55:36,560

point and he was like

3037

01:55:41,030 --> 01:55:38,239

oh yeah i noticed that as well i don't

3038

01:55:47,109 --> 01:55:41,040

know why he said that

3039

01:55:49,830 --> 01:55:47,119

yeah greenwood also said that um

3040

01:55:51,990 --> 01:55:49,840

uh some people from the air force came

3041

01:55:54,629 --> 01:55:52,000

and visited him two weeks later

3042

01:55:55,990 --> 01:55:54,639

and threatened him that they'd say he

3043

01:55:58,550 --> 01:55:56,000

was a drunkard

3044

01:56:00,310 --> 01:55:58,560

and that he'd lose his job if he spoke

3045

01:56:03,669 --> 01:56:00,320

about the westall case

3046

01:56:04,229 --> 01:56:03,679

interesting in a mcdonald's uh interview

3047

01:56:07,589 --> 01:56:04,239

which

3048

01:56:09,510 --> 01:56:07,599

was conducted like uh just a year after

3049

01:56:11,109 --> 01:56:09,520

the incident he never mentioned any of

3050

01:56:13,109 --> 01:56:11,119

that to him

3051

01:56:14,790 --> 01:56:13,119

and i also talked to shane the

3052

01:56:16,149 --> 01:56:14,800

documentary guy about that as well and

3053

01:56:17,510 --> 01:56:16,159

he said yeah i thought that was weird as

3054

01:56:19,910 --> 01:56:17,520

well

3055

01:56:21,669 --> 01:56:19,920

like you know this you know it just gets

3056

01:56:23,589 --> 01:56:21,679

ridiculous

3057

01:56:25,270 --> 01:56:23,599

absolutely and another question here

3058

01:56:28,629 --> 01:56:25,280

from v has victor

3059

01:56:31,350 --> 01:56:28,639

ever had an experience himself

3060

01:56:33,270 --> 01:56:31,360

no i haven't had any experience okay and

3061

01:56:35,109 --> 01:56:33,280

uh here we have uh solar warden

3062

01:56:37,030 --> 01:56:35,119

asking victor what did glenn campbell

3063

01:56:39,510 --> 01:56:37,040

tell you did he mention chuck clark at

3064

01:56:45,910 --> 01:56:42,629

chuck clock uh

3065

01:56:47,109 --> 01:56:45,920

no no chuck clark i don't think what did

3066

01:56:48,310 --> 01:56:47,119

i remember anyway

3067

01:56:50,709 --> 01:56:48,320

do you want to talk a little bit about

3068

01:56:54,470 --> 01:56:50,719

what that interview what kind of

3069

01:56:56,390 --> 01:56:54,480

you know what did he talk about

3070

01:56:59,750 --> 01:56:56,400

yeah glenn said some explosive stuff

3071

01:57:03,669 --> 01:57:01,669

particularly about bob calling him and

3072

01:57:06,950 --> 01:57:03,679

telling him that uh

3073

01:57:08,790 --> 01:57:06,960

he had received some explicit photos of

3074

01:57:12,550 --> 01:57:08,800

glenn campbell and just wanted to let

3075

01:57:17,750 --> 01:57:15,750

which was a veil threat so it was like a

3076

01:57:19,430 --> 01:57:17,760

threat stop talking [h__h] about me and my

3077

01:57:22,149 --> 01:57:19,440

ufo stories or i'm gonna

3078

01:57:24,149 --> 01:57:22,159

release nude photos of you or something

3079

01:57:26,709 --> 01:57:24,159

yeah glenn said he didn't really

3080

01:57:28,229 --> 01:57:26,719

uh understand what bob was trying to

3081

01:57:28,790 --> 01:57:28,239

tell him at the time but then when he

3082

01:57:32,550 --> 01:57:28,800

hung up

3083

01:57:37,189 --> 01:57:34,950

the bankrupt paper is threatening people

3084

01:57:38,470 --> 01:57:37,199

the bankrupt pimp is threatening people

3085

01:57:41,669 --> 01:57:38,480

like a gangster

3086

01:57:43,350 --> 01:57:41,679

what do you know right

3087

01:57:45,750 --> 01:57:43,360

yeah and somebody mentioned it's james

3088

01:57:47,270 --> 01:57:45,760

mcdonald most likely yeah yeah that is

3089

01:57:48,470 --> 01:57:47,280

james mcdonald that's correct it is

3090

01:57:50,310 --> 01:57:48,480

james mcdonald james

3091

01:57:52,629 --> 01:57:50,320

yeah and that guy is interesting he died

3092

01:57:55,510 --> 01:57:52,639

of a suicide by gun shot

3093

01:57:57,669 --> 01:57:55,520

he shot his head story said story that

3094

01:57:59,669 --> 01:57:57,679

story absolutely yeah but he was

3095

01:58:01,750 --> 01:57:59,679

one of those early pioneers a physicist

3096

01:58:03,030 --> 01:58:01,760

that was interested in and investigating

3097

01:58:05,189 --> 01:58:03,040

ufos mostly

3098

01:58:06,310 --> 01:58:05,199

from his own curiosity not for the us

3099

01:58:09,589 --> 01:58:06,320

government

3100

01:58:09,990 --> 01:58:09,599

you know that's right it's i don't think

3101

01:58:11,510 --> 01:58:10,000

it's

3102

01:58:13,589 --> 01:58:11,520

like a lot of people used to ridicule

3103

01:58:15,750 --> 01:58:13,599

all the ufo researchers and that i

3104

01:58:16,310 --> 01:58:15,760

totally disagree with that i i think it

3105

01:58:19,109 --> 01:58:16,320

is worth

3106

01:58:20,790 --> 01:58:19,119

looking into those people should be able

3107

01:58:22,870 --> 01:58:20,800

to do it without being ridiculed

3108

01:58:24,310 --> 01:58:22,880

that's for sure somebody's asking kind

3109

01:58:27,350 --> 01:58:24,320

of unrelated what do you think of phil

3110

01:58:28,790 --> 01:58:27,360

schneider's story and suicide

3111

01:58:31,589 --> 01:58:28,800

are you familiar with phil schneider

3112

01:58:33,990 --> 01:58:31,599

he's the guy who came out though

3113

01:58:34,870 --> 01:58:34,000

yeah well i i would tell you dustin

3114

01:58:37,430 --> 01:58:34,880

miles

3115

01:58:39,030 --> 01:58:37,440

dio that phil schneider a lot of people

3116

01:58:41,030 --> 01:58:39,040

didn't don't know this but joe from the

3117

01:58:41,350 --> 01:58:41,040

carolinas did this excellent report on

3118

01:58:43,430 --> 01:58:41,360

him

3119

01:58:45,830 --> 01:58:43,440

and did a deep dive and found out that

3120

01:58:47,589 --> 01:58:45,840

phil snyder had some kind of a strange

3121

01:58:49,109 --> 01:58:47,599

psychological condition that caused him

3122

01:58:51,030 --> 01:58:49,119

to mutilate himself

3123

01:58:52,790 --> 01:58:51,040

and phil schneider's part of his story

3124

01:58:54,550 --> 01:58:52,800

was he was hold up his hand that was

3125

01:58:57,430 --> 01:58:54,560

missing fingers and stuff and say that

3126

01:58:59,669 --> 01:58:57,440

the aliens shot him with a ray gun

3127

01:59:01,350 --> 01:58:59,679

but it turns out that yeah it turns out

3128

01:59:02,950 --> 01:59:01,360

phil schneider spent a lot of time in

3129

01:59:05,270 --> 01:59:02,960

and out of mental wards

3130

01:59:06,950 --> 01:59:05,280

and i believe that his suicide was just

3131

01:59:08,950 --> 01:59:06,960

that he didn't have any truth about

3132

01:59:09,990 --> 01:59:08,960

aliens he was another grifter out there

3133

01:59:11,589 --> 01:59:10,000

on the scene

3134

01:59:13,750 --> 01:59:11,599

according to a lot of good supportive

3135

01:59:15,750 --> 01:59:13,760

evidence that he was a mental patient

3136

01:59:18,310 --> 01:59:15,760

who mutilated himself

3137

01:59:19,510 --> 01:59:18,320

so there's not much credible and he got

3138

01:59:21,910 --> 01:59:19,520

caught lying in a lot of

3139

01:59:24,310 --> 01:59:21,920

areas about his family history uh with

3140

01:59:26,709 --> 01:59:24,320

the military and the government

3141

01:59:27,830 --> 01:59:26,719

you know was it was he part of the dolce

3142

01:59:29,830 --> 01:59:27,840

story

3143

01:59:31,270 --> 01:59:29,840

yeah it was no it wasn't dulce but he

3144

01:59:33,030 --> 01:59:31,280

basically said that he worked for the

3145

01:59:34,950 --> 01:59:33,040

government building these dumbs deep

3146

01:59:37,109 --> 01:59:34,960

underground military bases

3147

01:59:38,470 --> 01:59:37,119

and that they were drilling and and all

3148

01:59:40,070 --> 01:59:38,480

of a sudden there was aliens

3149

01:59:42,070 --> 01:59:40,080

and then the government had to send like

3150

01:59:45,189 --> 01:59:42,080

marines in there and there was a fire

3151

01:59:46,390 --> 01:59:45,199

fight between the aliens and it's just a

3152

01:59:49,189 --> 01:59:46,400

crazy story

3153

01:59:51,430 --> 01:59:49,199

and and then he ended up killing himself

3154

01:59:53,830 --> 01:59:51,440

under somewhat mysterious circumstances

3155

01:59:55,350 --> 01:59:53,840

but and people of course ran with that

3156

01:59:56,629 --> 01:59:55,360

like while they tried to cover him up

3157

01:59:58,390 --> 01:59:56,639

because he was telling the truth about

3158

01:59:59,510 --> 01:59:58,400

aliens but it turns out he was not a

3159

02:00:02,310 --> 01:59:59,520

credible person

3160

02:00:03,510 --> 02:00:02,320

he was a literally a mental patient who

3161

02:00:06,629 --> 02:00:03,520

started going on a

3162

02:00:09,350 --> 02:00:06,639

ufo circuit telling stories about

3163

02:00:11,109 --> 02:00:09,360

uh aliens and things like that deep

3164

02:00:12,790 --> 02:00:11,119

underground military bases

3165

02:00:14,790 --> 02:00:12,800

people to this day still don't know that

3166

02:00:17,669 --> 02:00:14,800

he had that weird condition

3167

02:00:19,270 --> 02:00:17,679

uh which caused you know which caused

3168

02:00:22,550 --> 02:00:19,280

him to mutilate himself and

3169

02:00:23,750 --> 02:00:22,560

uh v c and d propulsions here wanted to

3170

02:00:25,669 --> 02:00:23,760

know what you know

3171

02:00:27,910 --> 02:00:25,679

what do you think about mark mccandless

3172

02:00:30,629 --> 02:00:27,920

suicide of the arv theme are you

3173

02:00:33,350 --> 02:00:30,639

familiar with him

3174

02:00:35,270 --> 02:00:33,360

uh i've heard the name probably that's

3175

02:00:36,629 --> 02:00:35,280

okay he recently killed himself and then

3176

02:00:39,669 --> 02:00:36,639

people did the same thing they did with

3177

02:00:45,589 --> 02:00:43,510

yeah they ran people recently like

3178

02:00:46,550 --> 02:00:45,599

totally not credible people like carrie

3179

02:00:48,470 --> 02:00:46,560

cassidy and

3180

02:00:50,870 --> 02:00:48,480

jordan sater and others ran with the

3181

02:00:51,430 --> 02:00:50,880

story that he was murdered by the deep

3182

02:00:54,149 --> 02:00:51,440

state

3183

02:00:54,470 --> 02:00:54,159

you know i talked to the coroner you

3184

02:00:57,350 --> 02:00:54,480

know

3185

02:00:59,109 --> 02:00:57,360

and and all those stories are largely

3186

02:01:02,149 --> 02:00:59,119

horseshit

3187

02:01:05,030 --> 02:01:02,159

yeah i see someone's asking about

3188

02:01:05,830 --> 02:01:05,040

valentich that's another famous case in

3189

02:01:08,470 --> 02:01:05,840

australia

3190

02:01:08,950 --> 02:01:08,480

so i think if i remember right that's

3191

02:01:11,510 --> 02:01:08,960

the one

3192

02:01:12,709 --> 02:01:11,520

where the guy was flying a plane oh yeah

3193

02:01:14,629 --> 02:01:12,719

i'm sorry i missed that one

3194

02:01:16,470 --> 02:01:14,639

sorry about that aj victor what about

3195

02:01:19,910 --> 02:01:16,480

our second most famous incident

3196

02:01:20,229 --> 02:01:19,920

m valentec yeah i think that's the one

3197

02:01:23,270 --> 02:01:20,239

where

3198

02:01:23,830 --> 02:01:23,280

a guy was flying a light plane and um or

3199

02:01:56,310 --> 02:01:23,840

a

3200

02:01:57,910 --> 02:01:56,320

of thing

3201
02:02:00,390 --> 02:01:57,920
and no one ever knows what ever happened

3202
02:02:07,830 --> 02:02:04,149
so yeah

3203
02:02:10,310 --> 02:02:07,840
the story itself um

3204
02:02:11,270 --> 02:02:10,320
it's a weird one that's for sure that

3205
02:02:13,270 --> 02:02:11,280
area is about

3206
02:02:15,189 --> 02:02:13,280
the rough part of us of the world like

3207
02:02:18,310 --> 02:02:15,199
it gets pretty rough between victoria

3208
02:02:19,910 --> 02:02:18,320
and uh tasmania is like a

3209
02:02:22,149 --> 02:02:19,920
channel of water and that water it was

3210
02:02:23,270 --> 02:02:22,159
really rough i know firsthand because

3211
02:02:26,310 --> 02:02:23,280
i've taken a

3212
02:02:28,629 --> 02:02:26,320
ferry over that of the best straight and

3213
02:02:32,229 --> 02:02:28,639

it's rough as guts

3214

02:02:35,669 --> 02:02:32,239

interesting so it does get

3215

02:02:37,350 --> 02:02:35,679

pretty windy and wavy yeah he could have

3216

02:02:38,870 --> 02:02:37,360

got caught in a storm who knows i don't

3217

02:02:40,790 --> 02:02:38,880

know

3218

02:02:42,709 --> 02:02:40,800

yeah chris johansen said plane

3219

02:02:44,950 --> 02:02:42,719

disappears the end the truth is we don't

3220

02:02:48,550 --> 02:02:44,960

know what the f happened to him

3221

02:02:52,709 --> 02:02:50,470

sure well listen i want to thank you

3222

02:02:54,550 --> 02:02:52,719

very much for giving us your time

3223

02:02:56,310 --> 02:02:54,560

and uh some excellent research and

3224

02:02:57,910 --> 02:02:56,320

dropping all of this information that

3225

02:03:00,390 --> 02:02:57,920

most people have not heard before

3226

02:03:01,830 --> 02:03:00,400

i'm glad that we get the exclusive on it

3227

02:03:03,589 --> 02:03:01,840

and i hope that we can

3228

02:03:05,350 --> 02:03:03,599

uh twist your arm and get you to come

3229

02:03:07,669 --> 02:03:05,360

back again

3230

02:03:09,510 --> 02:03:07,679

no worries if v has her way you're gonna

3231

02:03:13,030 --> 02:03:09,520

be here three nights a week

3232

02:03:14,149 --> 02:03:13,040

just so you know okay

3233

02:03:15,990 --> 02:03:14,159

so i'm going to throw you out of here

3234

02:03:16,709 --> 02:03:16,000

and do a quick wrap-up i appreciate your

3235

02:03:18,470 --> 02:03:16,719

time and

3236

02:03:20,709 --> 02:03:18,480

and i can't thank you enough for doing

3237

02:03:23,990 --> 02:03:20,719

this thank you victor

3238

02:03:25,830 --> 02:03:24,000

okay bye all right what wow

3239

02:03:27,589 --> 02:03:25,840

friends what a great conversation and i

3240

02:03:29,270 --> 02:03:27,599

gotta tell you uh this has been on my

3241

02:03:31,030 --> 02:03:29,280

list of things to do for a while because

3242

02:03:33,109 --> 02:03:31,040

i want to know some of these things that

3243

02:03:34,390 --> 02:03:33,119

he's sharing that most people have not

3244

02:03:38,629 --> 02:03:34,400

heard of

3245

02:03:40,870 --> 02:03:38,639

uh yeah i gotta tell you friends i'm

3246

02:03:43,669 --> 02:03:40,880

always happy when there's an audience

3247

02:03:44,790 --> 02:03:43,679

uh i want to definitely thank you for

3248

02:03:47,990 --> 02:03:44,800

coming here tonight

3249

02:03:49,109 --> 02:03:48,000

and being a part of mine uh i'm always

3250

02:03:50,470 --> 02:03:49,119

happy when there's an audience and

3251

02:03:52,229 --> 02:03:50,480

thanks to the super chat

3252

02:03:54,149 --> 02:03:52,239

donators tonight thank you to the

3253

02:03:55,270 --> 02:03:54,159

patreon supporters you make this show

3254

02:03:56,870 --> 02:03:55,280

possible

3255

02:03:59,189 --> 02:03:56,880

until next time friends my name is

3256

02:04:13,330 --> 02:03:59,199

stephen cambion good night and god bless

3257

02:05:23,780 --> 02:05:22,420

[Music]
