00:02:07,749 --> 00:00:47,220

[Music]

2
00:02:12,710 --> 00:02:10,469

greetings and salutations old friends

3
00:02:14,630 --> 00:02:12,720

and hopefully some new friends and

4
00:02:16,630 --> 00:02:14,640

welcome to truth seekers i'm stephen

5
00:02:19,510 --> 00:02:16,640

cambion your host

6
00:02:20,390 --> 00:02:19,520

and tonight uh is i'm very excited about

7
00:02:21,910 --> 00:02:20,400

because

8
00:02:23,990 --> 00:02:21,920

uh a lot of you know that i have a

9
00:02:26,790 --> 00:02:24,000

background in computer science and

10
00:02:29,830 --> 00:02:26,800

having that sort of background makes me

11
00:02:34,229 --> 00:02:29,840

somebody who really appreciates data

12
00:02:35,750 --> 00:02:34,239

and i found this book which is amazing

13
00:02:37,750 --> 00:02:35,760

and

14

00:02:41,030 --> 00:02:37,760

it is just filled

15

00:02:42,869 --> 00:02:41,040

the whole thing is filled with ufo data

16

00:02:44,150 --> 00:02:42,879

it's called the ufo sightings desk

17

00:02:46,949 --> 00:02:44,160

reference

18

00:02:48,229 --> 00:02:46,959

uh and uh it is by

19

00:02:51,430 --> 00:02:48,239

linda miller

20

00:02:54,550 --> 00:02:51,440

costa and uh tonight's guest uh

21

00:02:56,869 --> 00:02:54,560

co-authored uh by cheryl costa

22

00:02:59,750 --> 00:02:56,879

um i don't i did not want to waste too

23

00:03:02,149 --> 00:02:59,760

much time with a you know

24

00:03:03,830 --> 00:03:02,159

a big intro or anything like that

25

00:03:05,670 --> 00:03:03,840

i want to have as much time for

26
00:03:08,869 --> 00:03:05,680
questions and comments and questions

27
00:03:11,270 --> 00:03:08,879
from the audience as well i'm curious to

28
00:03:13,990 --> 00:03:11,280
see what it is that the data

29
00:03:16,949 --> 00:03:14,000
uh what ms costa has learned from

30
00:03:19,030 --> 00:03:16,959
compiling all of this incredible ufo

31
00:03:22,149 --> 00:03:19,040
data into one

32
00:03:26,070 --> 00:03:22,159
desk reference so uh let's welcome miss

33
00:03:29,589 --> 00:03:26,080
costa welcome ms costa hi how you doing

34
00:03:32,070 --> 00:03:29,599
good good to see you i i told you i'm a

35
00:03:34,309 --> 00:03:32,080
computer science guy and and honestly

36
00:03:36,710 --> 00:03:34,319
i'm getting tired of these uh

37
00:03:39,350 --> 00:03:36,720
books full of fake sources

38
00:03:41,750 --> 00:03:39,360

fake stories fake people

39

00:03:43,670 --> 00:03:41,760

that that surround the ufo topic these

40

00:03:45,430 --> 00:03:43,680

vultures that rush in to try to make

41

00:03:47,589 --> 00:03:45,440

money off of the subject

42

00:03:49,670 --> 00:03:47,599

and so finding your book was kind of

43

00:03:52,869 --> 00:03:49,680

like a breath of fresh air because here

44

00:03:54,789 --> 00:03:52,879

is compiled data and research that spans

45

00:03:56,070 --> 00:03:54,799

how many years does the does the data in

46

00:03:58,070 --> 00:03:56,080

this book span

47

00:04:01,030 --> 00:03:58,080

this book this version of the book is

48

00:04:02,390 --> 00:04:01,040

2001 to 2020. so 20 it's a 20-year

49

00:04:03,589 --> 00:04:02,400

sample of data

50

00:04:04,710 --> 00:04:03,599

wow

51

00:04:06,470 --> 00:04:04,720

and

52

00:04:08,550 --> 00:04:06,480

first i want to ask you what got you

53

00:04:10,869 --> 00:04:08,560

interested in the subject of ufos to

54

00:04:12,830 --> 00:04:10,879

begin with before we get

55

00:04:14,789 --> 00:04:12,840

more deep into the book side of things

56

00:04:16,870 --> 00:04:14,799

um

57

00:04:18,949 --> 00:04:16,880

i was 12 years old and saw my first one

58

00:04:20,789 --> 00:04:18,959

with my mother and father it was late

59

00:04:22,150 --> 00:04:20,799

august afternoon about three weeks

60

00:04:23,909 --> 00:04:22,160

before school

61

00:04:25,909 --> 00:04:23,919

went back into session

62

00:04:27,990 --> 00:04:25,919

and uh was a sunday afternoon we're

63

00:04:30,230 --> 00:04:28,000

coming down off a hill in the country

64

00:04:31,909 --> 00:04:30,240

from my uncle's farm and my mother had

65

00:04:33,990 --> 00:04:31,919

my father pulled the car off the dirt

66

00:04:35,670 --> 00:04:34,000

road a little bit and pointed out to a

67

00:04:37,749 --> 00:04:35,680

clear blue

68

00:04:40,070 --> 00:04:37,759

western sky and parked out there like a

69

00:04:41,590 --> 00:04:40,080

rock was this silver ball

70

00:04:43,189 --> 00:04:41,600

and give you an idea how big it is if

71

00:04:44,870 --> 00:04:43,199

you hold out your arm look at your

72

00:04:46,950 --> 00:04:44,880

little fingernail that's about how big

73

00:04:49,030 --> 00:04:46,960

it was from a perspective

74

00:04:51,110 --> 00:04:49,040

and um we sat there for 20 minutes

75

00:04:53,030 --> 00:04:51,120

talking about it my mother said it might

76
00:04:54,790 --> 00:04:53,040
be something the air force is doing nasa

77
00:04:56,629 --> 00:04:54,800
was only five or six years old at that

78
00:04:58,790 --> 00:04:56,639
point she explained that

79
00:05:00,710 --> 00:04:58,800
and then she said you know i might be

80
00:05:03,350 --> 00:05:00,720
people from another world of course that

81
00:05:04,629 --> 00:05:03,360
fascinated me as a 12 year old

82
00:05:06,790 --> 00:05:04,639
and um

83
00:05:08,070 --> 00:05:06,800
uh when we got the car down to the

84
00:05:10,870 --> 00:05:08,080
bottom of the hill and got onto the

85
00:05:13,189 --> 00:05:10,880
state road um i got up in the back

86
00:05:16,629 --> 00:05:13,199
window of that big old chevy impala the

87
00:05:18,629 --> 00:05:16,639
16 1965 this was and i'm sitting up

88
00:05:20,629 --> 00:05:18,639

there and going who are you guys who are

89

00:05:22,550 --> 00:05:20,639

you guys and when that thing decided to

90

00:05:23,510 --> 00:05:22,560

leave it was one of these proof things

91

00:05:27,350 --> 00:05:23,520

like

92

00:05:29,909 --> 00:05:27,360

starship movies now gone

93

00:05:32,230 --> 00:05:29,919

and um that changes you

94

00:05:33,909 --> 00:05:32,240

and you know when you're 12 13 years old

95

00:05:36,230 --> 00:05:33,919

mom and dad are sort of stupid you know

96

00:05:38,310 --> 00:05:36,240

that kind of thing and uh

97

00:05:39,990 --> 00:05:38,320

but my mom and i well we disagreed on a

98

00:05:41,909 --> 00:05:40,000

whole lot of things

99

00:05:43,749 --> 00:05:41,919

we did not disagree on this topic later

100

00:05:45,510 --> 00:05:43,759

we got books in the library she'd read

101

00:05:46,790 --> 00:05:45,520

one i'd read one we kind of give each

102

00:05:48,550 --> 00:05:46,800

other a little book report kind of

103

00:05:50,790 --> 00:05:48,560

things about it

104

00:05:53,350 --> 00:05:50,800

when von danigan's book came out uh

105

00:05:54,950 --> 00:05:53,360

chariots of the gods i was in fact

106

00:05:57,350 --> 00:05:54,960

and uh

107

00:05:59,270 --> 00:05:57,360

it was like uh wow you know she

108

00:06:02,150 --> 00:05:59,280

dog-eared on the top i dog-eared on the

109

00:06:05,510 --> 00:06:02,160

bottom the book got torn pieces you know

110

00:06:07,430 --> 00:06:05,520

um and then i just was casually read all

111

00:06:09,110 --> 00:06:07,440

the rest of my life and

112

00:06:09,990 --> 00:06:09,120

i went in the military right out of high

113

00:06:12,469 --> 00:06:10,000

school

114

00:06:14,469 --> 00:06:12,479

so there was this issue of security

115

00:06:16,790 --> 00:06:14,479

clearances uh they frowned on people

116

00:06:18,150 --> 00:06:16,800

being part of mufon that kind of thing

117

00:06:20,710 --> 00:06:18,160

so i

118

00:06:22,550 --> 00:06:20,720

i stayed well nowadays everybody frowns

119

00:06:24,629 --> 00:06:22,560

on anybody being part of move font well

120

00:06:25,990 --> 00:06:24,639

yeah and horizon yeah

121

00:06:27,510 --> 00:06:26,000

whatever credibility they had is

122

00:06:29,510 --> 00:06:27,520

circling the drain

123

00:06:32,230 --> 00:06:29,520

i think but yeah

124

00:06:34,469 --> 00:06:32,240

well the bottom line was um i

125

00:06:36,469 --> 00:06:34,479

basically just read things you know and

126

00:06:38,230 --> 00:06:36,479

then uh every now and then i got an

127

00:06:40,070 --> 00:06:38,240

opportunity to stay at somebody's house

128

00:06:42,950 --> 00:06:40,080

who happened to have a huge library of

129

00:06:45,189 --> 00:06:42,960

this stuff and i i just kept well read

130

00:06:48,390 --> 00:06:45,199

uh what really got me going on this was

131

00:06:49,990 --> 00:06:48,400

in 2012 i was working for a newspaper i

132

00:06:51,589 --> 00:06:50,000

was in the technical department i was

133

00:06:53,990 --> 00:06:51,599

not a reporter yet

134

00:06:56,309 --> 00:06:54,000

and uh there was a little sidebar story

135

00:06:57,909 --> 00:06:56,319

on cnn.com

136

00:07:01,270 --> 00:06:57,919

and i happened to glance at it and a

137

00:07:03,589 --> 00:07:01,280

little 150 200 word story said ufos have

138

00:07:06,629 --> 00:07:03,599

been declining since the 1980s maybe

139

00:07:08,870 --> 00:07:06,639

they were always just an urban legend

140

00:07:10,550 --> 00:07:08,880

and my gut my gut instinct says wait a

141

00:07:11,710 --> 00:07:10,560

minute that doesn't sound right that

142

00:07:13,589 --> 00:07:11,720

sounds like

143

00:07:15,670 --> 00:07:13,599

misinformation

144

00:07:18,070 --> 00:07:15,680

so for the first time in my life this is

145

00:07:19,990 --> 00:07:18,080

in 2000 november of 2012

146

00:07:22,629 --> 00:07:20,000

i went out to

147

00:07:25,510 --> 00:07:22,639

national ufo reporting center's website

148

00:07:27,749 --> 00:07:25,520

googled it and i went in there and i got

149

00:07:30,469 --> 00:07:27,759

a couple pages back onto the thing found

150

00:07:31,510 --> 00:07:30,479

some end of year totals pulled them out

151
00:07:33,909 --> 00:07:31,520
and started throwing them into a

152
00:07:35,749 --> 00:07:33,919
spreadsheet and the the chart went up

153
00:07:37,110 --> 00:07:35,759
like a rocket

154
00:07:38,950 --> 00:07:37,120
and

155
00:07:40,390 --> 00:07:38,960
i thought to myself wait a minute

156
00:07:42,950 --> 00:07:40,400
they're supposed to have been declining

157
00:07:45,029 --> 00:07:42,960
what memo did the ufos get you know

158
00:07:47,350 --> 00:07:45,039
somebody was wrong with their data or

159
00:07:50,070 --> 00:07:47,360
with their analysis of the data right

160
00:07:51,029 --> 00:07:50,080
exactly so what happened after that was

161
00:07:53,749 --> 00:07:51,039
um

162
00:07:55,589 --> 00:07:53,759
the the way it worked at the newspaper

163
00:07:57,110 --> 00:07:55,599

when once the press starts running

164

00:07:58,869 --> 00:07:57,120

running the morning edition we got about

165

00:08:00,790 --> 00:07:58,879

two hours to kill while the press is

166

00:08:02,070 --> 00:08:00,800

running and after it's done we all go

167

00:08:04,710 --> 00:08:02,080

home

168

00:08:07,350 --> 00:08:04,720

and so i was just sitting there looking

169

00:08:08,550 --> 00:08:07,360

at other stories the next the follow on

170

00:08:10,790 --> 00:08:08,560

nights and

171

00:08:13,589 --> 00:08:10,800

i was expecting to see a lot of wacky

172

00:08:15,029 --> 00:08:13,599

stuff but most people were extremely

173

00:08:16,150 --> 00:08:15,039

sincere

174

00:08:17,990 --> 00:08:16,160

you know

175

00:08:19,990 --> 00:08:18,000

usually you'd see a line like i was

176

00:08:22,390 --> 00:08:20,000

walking the dog and this the dog went

177

00:08:23,830 --> 00:08:22,400

stiff we saw this thing you know my wife

178

00:08:25,589 --> 00:08:23,840

and i were on the hood of my car

179

00:08:27,430 --> 00:08:25,599

watching the stars when this thing we

180

00:08:28,790 --> 00:08:27,440

never thought believe really existed

181

00:08:31,270 --> 00:08:28,800

went over you know

182

00:08:33,269 --> 00:08:31,280

that kind of stuff so i started i was

183

00:08:35,029 --> 00:08:33,279

finishing up a writing degree i was

184

00:08:36,709 --> 00:08:35,039

retired from lockheed martin at this

185

00:08:38,310 --> 00:08:36,719

point i had 32 years

186

00:08:40,310 --> 00:08:38,320

interesting you've got an interesting

187

00:08:42,070 --> 00:08:40,320

life here because you're in the military

188

00:08:43,829 --> 00:08:42,080

you work for lockheed martin you're an

189

00:08:46,389 --> 00:08:43,839

investigative journalist you did a

190

00:08:48,870 --> 00:08:46,399

podcast sort of or a show like a radio

191

00:08:51,590 --> 00:08:48,880

show right about yeah oh yeah i i've had

192

00:08:53,829 --> 00:08:51,600

many radio shows wow yeah interesting so

193

00:08:56,790 --> 00:08:53,839

the bottom line was i start i took some

194

00:08:59,110 --> 00:08:56,800

of these stories that had no who in them

195

00:09:01,350 --> 00:08:59,120

you know who when where why well if i

196

00:09:03,509 --> 00:09:01,360

knew why and i told later i told an

197

00:09:05,430 --> 00:09:03,519

editor if i knew why and i could prove

198

00:09:06,550 --> 00:09:05,440

it i'd be getting a pulitzer and a nobel

199

00:09:08,470 --> 00:09:06,560

prize

200

00:09:10,470 --> 00:09:08,480

we can't tell we can't tell you who

201
00:09:12,070 --> 00:09:10,480
because the the database won't share

202
00:09:15,269 --> 00:09:12,080
that publicly and we don't have the

203
00:09:17,430 --> 00:09:15,279
level of clearance into uh new fork or

204
00:09:19,190 --> 00:09:17,440
mufon's data to know who it is and we

205
00:09:21,110 --> 00:09:19,200
don't want to out anybody either this is

206
00:09:23,509 --> 00:09:21,120
terrible stigma you know

207
00:09:25,910 --> 00:09:23,519
so um i i just started writing the

208
00:09:28,230 --> 00:09:25,920
stories very matter-of-factly and i

209
00:09:30,150 --> 00:09:28,240
pitched about six or seven editors and

210
00:09:31,829 --> 00:09:30,160
they chased me out of their offices and

211
00:09:34,150 --> 00:09:31,839
called me a crackpot and everything

212
00:09:35,670 --> 00:09:34,160
finally uh an editor at a local weekly

213
00:09:37,430 --> 00:09:35,680

said come on up let's talk i hear you're

214

00:09:39,990 --> 00:09:37,440

out pitching

215

00:09:41,670 --> 00:09:40,000

so i went up to talk to him and we

216

00:09:43,509 --> 00:09:41,680

talked for about 20 minutes before he

217

00:09:46,070 --> 00:09:43,519

even looked at my proposal

218

00:09:48,710 --> 00:09:46,080

it turned out he was very very

219

00:09:50,550 --> 00:09:48,720

um sympathetic to the topic matter he

220

00:09:53,430 --> 00:09:50,560

says i can't write this kind of a column

221

00:09:55,829 --> 00:09:53,440

but you can so i gave him four issues a

222

00:09:58,310 --> 00:09:55,839

four episode or four articles and he

223

00:10:00,070 --> 00:09:58,320

said i'll try you out for a month

224

00:10:03,030 --> 00:10:00,080

and he had this tone kind of like from

225

00:10:04,870 --> 00:10:03,040

the princess bride like the dead pri

226

00:10:06,550 --> 00:10:04,880

dread pirate roberts i'll most likely

227

00:10:07,509 --> 00:10:06,560

kill you in the morning i'll take you

228

00:10:08,790 --> 00:10:07,519

off in

229

00:10:10,230 --> 00:10:08,800

a month you know

230

00:10:11,190 --> 00:10:10,240

and uh so

231

00:10:12,710 --> 00:10:11,200

i i

232

00:10:14,470 --> 00:10:12,720

did this and about a month later called

233

00:10:16,470 --> 00:10:14,480

them up and says sheryl come on over we

234

00:10:18,949 --> 00:10:16,480

gotta talk i thought that's it it's over

235

00:10:20,630 --> 00:10:18,959

with you know i get in there

236

00:10:22,870 --> 00:10:20,640

and he's got a couple of other

237

00:10:24,230 --> 00:10:22,880

columnists in rome as i walked in a

238

00:10:25,509 --> 00:10:24,240

couple minutes late for the meeting and

239

00:10:27,190 --> 00:10:25,519

he points at me and says there's our

240

00:10:28,630 --> 00:10:27,200

rock star

241

00:10:30,069 --> 00:10:28,640

i said what are you doing what are you

242

00:10:32,150 --> 00:10:30,079

talking about he's you're pulling more

243

00:10:34,790 --> 00:10:32,160

page views and remember this is a web

244

00:10:38,470 --> 00:10:36,550

yeah they did they didn't have the

245

00:10:41,030 --> 00:10:38,480

advertising real estate put me in the

246

00:10:43,430 --> 00:10:41,040

printed paper towards the end they

247

00:10:45,910 --> 00:10:43,440

almost did but the paper went out of

248

00:10:48,230 --> 00:10:45,920

business before that but most newspapers

249

00:10:49,910 --> 00:10:48,240

are now yeah boy they've been dropping

250

00:10:51,430 --> 00:10:49,920

like flies up here in upstate new york

251
00:10:54,150 --> 00:10:51,440
are being bought by gannett one or the

252
00:10:55,670 --> 00:10:54,160
other well the bottom line was um he

253
00:10:57,670 --> 00:10:55,680
said just keep doing what you're doing

254
00:11:00,550 --> 00:10:57,680
six months later the digital editor who

255
00:11:02,150 --> 00:11:00,560
i it was my contact in i was always

256
00:11:04,310 --> 00:11:02,160
freelance i was never actually an

257
00:11:06,069 --> 00:11:04,320
employee i was a paid freelancer for

258
00:11:07,910 --> 00:11:06,079
sure there's lots of freelance yeah and

259
00:11:10,069 --> 00:11:07,920
uh so what happened was i was writing

260
00:11:11,829 --> 00:11:10,079
all these columns and they took me in

261
00:11:13,670 --> 00:11:11,839
six months later the digital editor and

262
00:11:16,870 --> 00:11:13,680
he says

263
00:11:19,430 --> 00:11:16,880

you're drawing a national audience

264

00:11:21,350 --> 00:11:19,440

huh on a weekly paper of upstate new

265

00:11:23,110 --> 00:11:21,360

york and he says yeah and at the

266

00:11:24,790 --> 00:11:23,120

christmas party him and the publisher

267

00:11:27,030 --> 00:11:24,800

took me up in front of everybody says

268

00:11:29,590 --> 00:11:27,040

she's drawing an international audience

269

00:11:31,829 --> 00:11:29,600

that's how big the column came out of of

270

00:11:33,590 --> 00:11:31,839

a dinky little paper in upstate new york

271

00:11:36,069 --> 00:11:33,600

well it just shows goes to show you how

272

00:11:37,750 --> 00:11:36,079

popular the topic is oh yeah and has

273

00:11:39,670 --> 00:11:37,760

become and there's always

274

00:11:41,829 --> 00:11:39,680

you know even people i know that don't

275

00:11:44,790 --> 00:11:41,839

have a huge interest in ufos when they

276

00:11:46,389 --> 00:11:44,800

see a story you know uh they'll read it

277

00:11:50,710 --> 00:11:46,399

you know

278

00:11:52,550 --> 00:11:50,720

popular i suppose yeah well that and

279

00:11:54,550 --> 00:11:52,560

they share it with their friends

280

00:11:56,389 --> 00:11:54,560

if they know friends are interested in

281

00:11:58,550 --> 00:11:56,399

the topic and the way i wrote these

282

00:11:59,509 --> 00:11:58,560

articles back then was i always wrote

283

00:12:02,069 --> 00:11:59,519

them

284

00:12:04,310 --> 00:12:02,079

less sensational i didn't want to do big

285

00:12:06,870 --> 00:12:04,320

sighting you know no i simply

286

00:12:08,310 --> 00:12:06,880

i wrote the story up very much like the

287

00:12:10,389 --> 00:12:08,320

car wreck down in the corner and the

288

00:12:12,310 --> 00:12:10,399

fire across town the robbery over on the

289

00:12:14,230 --> 00:12:12,320

other block you know i made it very a

290

00:12:15,829 --> 00:12:14,240

matter of fact people resonated with the

291

00:12:17,509 --> 00:12:15,839

fact that i was treating it like any

292

00:12:19,430 --> 00:12:17,519

other story

293

00:12:20,550 --> 00:12:19,440

and that when i got a lot of fan mail

294

00:12:21,350 --> 00:12:20,560

like that

295

00:12:24,790 --> 00:12:21,360

so

296

00:12:26,870 --> 00:12:24,800

happening

297

00:12:28,629 --> 00:12:26,880

um people don't realize when you write a

298

00:12:30,389 --> 00:12:28,639

column people say wow that must be fun i

299

00:12:32,069 --> 00:12:30,399

said think of it this way i got a four

300

00:12:34,710 --> 00:12:32,079

to five hundred word term paper i've

301
00:12:35,750 --> 00:12:34,720
gotta deliver every thursday night

302
00:12:40,069 --> 00:12:35,760
you know

303
00:12:41,509 --> 00:12:40,079
something sometimes there's nothing

304
00:12:43,030 --> 00:12:41,519
worse than being there on wednesday

305
00:12:45,030 --> 00:12:43,040
evening and knowing you haven't written

306
00:12:47,430 --> 00:12:45,040
a word you know

307
00:12:49,190 --> 00:12:47,440
are we there are we okay no yeah we're

308
00:12:51,910 --> 00:12:49,200
okay somebody's mentioning that my audio

309
00:12:53,350 --> 00:12:51,920
volume is low yours is a tad low all

310
00:12:55,829 --> 00:12:53,360
right i'm gonna i'm gonna crank it up

311
00:12:58,310 --> 00:12:55,839
then okay great with me so ultimately

312
00:13:00,150 --> 00:12:58,320
what we did was sometimes i started

313
00:13:02,629 --> 00:13:00,160

going and looking since new york state

314

00:13:03,670 --> 00:13:02,639

was my b the column was called new york

315

00:13:05,670 --> 00:13:03,680

skies

316

00:13:07,910 --> 00:13:05,680

um i would start adding up the numbers

317

00:13:09,110 --> 00:13:07,920

either from new fork or from mufon for

318

00:13:12,629 --> 00:13:09,120

that county

319

00:13:15,509 --> 00:13:12,639

that's how i started doing the

320

00:13:18,870 --> 00:13:15,519

statistics and um we ended up doing new

321

00:13:21,269 --> 00:13:18,880

york state one year in 2015 we did new

322

00:13:24,470 --> 00:13:21,279

york state the whole state

323

00:13:25,350 --> 00:13:24,480

okay 60 counties 60 odd counties 62

324

00:13:28,069 --> 00:13:25,360

counties

325

00:13:30,310 --> 00:13:28,079

and we started showing the data to some

326

00:13:31,509 --> 00:13:30,320

of the old-time mufon investigators

327

00:13:33,269 --> 00:13:31,519

mufon

328

00:13:34,470 --> 00:13:33,279

directors and things here in the state

329

00:13:35,990 --> 00:13:34,480

and these guys are looking at so we

330

00:13:37,269 --> 00:13:36,000

didn't know there was a cluster there we

331

00:13:39,350 --> 00:13:37,279

didn't know there was a cluster there

332

00:13:41,670 --> 00:13:39,360

either what did you do different we

333

00:13:44,069 --> 00:13:41,680

added county data neither database had

334

00:13:47,110 --> 00:13:44,079

county data

335

00:13:49,269 --> 00:13:47,120

those

336

00:13:50,710 --> 00:13:49,279

cities suddenly you start getting a

337

00:13:52,550 --> 00:13:50,720

bigger picture

338

00:13:53,829 --> 00:13:52,560

and um

339

00:13:55,509 --> 00:13:53,839

uh

340

00:13:58,150 --> 00:13:55,519

that's when linda and i were sitting now

341

00:14:00,790 --> 00:13:58,160

one night in our pub uh talking look at

342

00:14:04,069 --> 00:14:00,800

all the cool stuff we found and

343

00:14:05,990 --> 00:14:04,079

we said what if we did the whole country

344

00:14:08,870 --> 00:14:06,000

yeah we figured it'd take us a year it

345

00:14:10,790 --> 00:14:08,880

took us 18 months

346

00:14:12,310 --> 00:14:10,800

and linda's approach and plea here's

347

00:14:13,430 --> 00:14:12,320

this is the thing i'm sorry she couldn't

348

00:14:17,030 --> 00:14:13,440

be here with this

349

00:14:19,590 --> 00:14:17,040

um the corn pollen neck pollen but corn

350

00:14:22,470 --> 00:14:19,600

silk stuff up here yeah it's killing us

351

00:14:24,310 --> 00:14:22,480

right it's killing us right now um

352

00:14:26,230 --> 00:14:24,320

she's the scientist of the two of us

353

00:14:28,790 --> 00:14:26,240

she's got the real bona fide science

354

00:14:30,389 --> 00:14:28,800

degrees okay she used to be at the

355

00:14:32,629 --> 00:14:30,399

national academy of science she was the

356

00:14:35,189 --> 00:14:32,639

head librarian at the toxicology library

357

00:14:37,910 --> 00:14:35,199

at the epa for 15 years

358

00:14:39,750 --> 00:14:37,920

sharp lady and she says let's do a

359

00:14:42,629 --> 00:14:39,760

scientifically driven

360

00:14:44,550 --> 00:14:42,639

census of ufos and she did some research

361

00:14:46,710 --> 00:14:44,560

and nobody had done anything like this

362

00:14:48,069 --> 00:14:46,720

since project blue book 50 60 years

363

00:14:50,790 --> 00:14:48,079

before

364

00:14:52,870 --> 00:14:50,800

so we said okay let's do this now here's

365

00:14:54,949 --> 00:14:52,880

the deal that's another reason why i

366

00:14:57,110 --> 00:14:54,959

usually talk at the national conventions

367

00:14:58,710 --> 00:14:57,120

because i've got the arts intent

368

00:15:00,470 --> 00:14:58,720

entertainment degree and the writing

369

00:15:02,150 --> 00:15:00,480

degree i got the top hat and the cane

370

00:15:04,069 --> 00:15:02,160

i'm not scared of a 5 000 people

371

00:15:05,910 --> 00:15:04,079

audience you know that kind of thing so

372

00:15:08,389 --> 00:15:05,920

i get to do all the talks and most of

373

00:15:10,710 --> 00:15:08,399

the radio shows

374

00:15:14,949 --> 00:15:10,720

but uh so we actually started working on

375

00:15:17,430 --> 00:15:14,959

it building it in late 2015 and in

376

00:15:19,910 --> 00:15:17,440

2016 was our production year and we

377

00:15:24,150 --> 00:15:19,920

released it in the spring of 2017 and

378

00:15:26,949 --> 00:15:24,160

covered 2001 through 2015.

379

00:15:28,550 --> 00:15:26,959

wow that's interesting so you know one

380

00:15:30,230 --> 00:15:28,560

of the things that book that book that

381

00:15:32,629 --> 00:15:30,240

that's what this book looked like that

382

00:15:36,310 --> 00:15:32,639

we call it the white big thick book of

383

00:15:40,069 --> 00:15:36,320

data yeah yeah two and a half pounds

384

00:15:41,910 --> 00:15:40,079

that's an awful lot of uh paper yeah so

385

00:15:42,949 --> 00:15:41,920

let me ask you some questions then sure

386

00:15:45,910 --> 00:15:42,959

anything

387

00:15:50,150 --> 00:15:45,920

in the last 20 years are our ufo

388

00:15:51,269 --> 00:15:50,160

sightings increasing or decreasing

389

00:15:54,230 --> 00:15:51,279

okay

390

00:15:56,710 --> 00:15:54,240

starting around 2001.

391

00:15:58,389 --> 00:15:56,720

to about 2006 they start ramp they start

392

00:15:59,509 --> 00:15:58,399

i'm going to go up this they start

393

00:16:00,629 --> 00:15:59,519

ramping up

394

00:16:02,550 --> 00:16:00,639

okay

395

00:16:05,910 --> 00:16:02,560

there's a there's a six to eight year

396

00:16:07,350 --> 00:16:05,920

cycle okay if you go back 30 or 40 years

397

00:16:09,269 --> 00:16:07,360

and look at the look at the thing it's

398

00:16:11,110 --> 00:16:09,279

like a little little snake going across

399

00:16:12,389 --> 00:16:11,120

the lawn like that

400

00:16:14,949 --> 00:16:12,399

people used to call it the seven year

401
00:16:15,990 --> 00:16:14,959
cycle it's a six to eight year cycle

402
00:16:18,230 --> 00:16:16,000
and

403
00:16:21,590 --> 00:16:18,240
the reason it was ramping up from 2001

404
00:16:23,110 --> 00:16:21,600
to 2006 being an old i.t person i went

405
00:16:24,870 --> 00:16:23,120
out and checked some maps on this and

406
00:16:27,350 --> 00:16:24,880
this is when all the major cities

407
00:16:30,550 --> 00:16:27,360
started having broadband in the major

408
00:16:32,710 --> 00:16:30,560
metropolitan areas and their suburbs so

409
00:16:34,310 --> 00:16:32,720
broadband was a driver

410
00:16:35,749 --> 00:16:34,320
in 2000

411
00:16:38,230 --> 00:16:35,759
this is not the first year that's still

412
00:16:42,470 --> 00:16:38,240
part of the 20th century 2000 was

413
00:16:47,030 --> 00:16:42,480

2000 they had barely 660

414

00:16:49,110 --> 00:16:47,040

sightings in 2001 we had 4 500. and this

415

00:16:51,910 --> 00:16:49,120

is one of the drivers people have access

416

00:16:54,470 --> 00:16:51,920

to broadband and easy ability to report

417

00:16:55,910 --> 00:16:54,480

what they see

418

00:16:58,310 --> 00:16:55,920

so that was less that was one of the

419

00:17:00,629 --> 00:16:58,320

things we learned

420

00:17:02,310 --> 00:17:00,639

okay so so you think that there was an

421

00:17:04,549 --> 00:17:02,320

increase in what the internet

422

00:17:06,470 --> 00:17:04,559

connectivity well at that point at that

423

00:17:08,069 --> 00:17:06,480

point and then then you then we watched

424

00:17:12,150 --> 00:17:08,079

the curve go up

425

00:17:14,069 --> 00:17:12,160

okay from 2006 up to about 2010.

426

00:17:16,309 --> 00:17:14,079

it dips ever so slightly and then it

427

00:17:18,630 --> 00:17:16,319

starts going up again and it went up

428

00:17:21,029 --> 00:17:18,640

into the tents and twelves and thirteen

429

00:17:23,829 --> 00:17:21,039

thousands for the year type of thing and

430

00:17:26,630 --> 00:17:23,839

then in 2014 it started falling off by

431

00:17:28,230 --> 00:17:26,640

30 percent a year and bottomed out in

432

00:17:30,470 --> 00:17:28,240

2017.

433

00:17:33,669 --> 00:17:30,480

now a lot of people were saying get not

434

00:17:36,150 --> 00:17:33,679

getting on social media oh my god space

435

00:17:37,750 --> 00:17:36,160

force chased them away and oh my god

436

00:17:39,590 --> 00:17:37,760

it's this is that you know

437

00:17:41,190 --> 00:17:39,600

oh i heard they ran out of grants all

438

00:17:43,190 --> 00:17:41,200

this kind of stuff and i kept trying to

439

00:17:45,430 --> 00:17:43,200

tell people they'll be back in two years

440

00:17:47,110 --> 00:17:45,440

trust me this is part of a natural cycle

441

00:17:49,750 --> 00:17:47,120

nobody believed me

442

00:17:51,430 --> 00:17:49,760

uh so i took 2019 off to work in other

443

00:17:54,230 --> 00:17:51,440

projects because i knew the ufos would

444

00:17:55,430 --> 00:17:54,240

be coming back in 2020 and they did you

445

00:17:57,110 --> 00:17:55,440

know so

446

00:17:59,270 --> 00:17:57,120

that's amazing you could be that precise

447

00:18:01,669 --> 00:17:59,280

with your predictions but i guess

448

00:18:04,230 --> 00:18:01,679

somebody called me up and told me the

449

00:18:05,830 --> 00:18:04,240

numbers were back uh reporter out in the

450

00:18:07,430 --> 00:18:05,840

west coast called me up and told me his

451

00:18:09,750 --> 00:18:07,440

phone's ringing off the hook

452

00:18:12,390 --> 00:18:09,760

okay i went out to national ufo reporter

453

00:18:14,549 --> 00:18:12,400

center this is the spring of 2020 just

454

00:18:16,789 --> 00:18:14,559

before we got locked down

455

00:18:19,430 --> 00:18:16,799

and uh february and mark

456

00:18:21,510 --> 00:18:19,440

january february were there already and

457

00:18:23,350 --> 00:18:21,520

i grabbed those two numbers from

458

00:18:25,669 --> 00:18:23,360

national ufo reporting center since it

459

00:18:28,390 --> 00:18:25,679

was public and i dropped it in i had

460

00:18:30,390 --> 00:18:28,400

already built a mathematical model id

461

00:18:32,390 --> 00:18:30,400

person you know

462

00:18:36,230 --> 00:18:32,400

and

463

00:18:38,549 --> 00:18:36,240

keep going at this rate we're going to

464

00:18:40,310 --> 00:18:38,559

have as good a year as we had in 2012 or

465

00:18:41,190 --> 00:18:40,320

2013

466

00:18:43,510 --> 00:18:41,200

okay

467

00:18:46,150 --> 00:18:43,520

and uh it was the best year since then

468

00:18:48,470 --> 00:18:46,160

for just from two months and and then

469

00:18:50,710 --> 00:18:48,480

when we went into lockdown i had already

470

00:18:53,110 --> 00:18:50,720

said on a bunch of radio shows that

471

00:18:55,510 --> 00:18:53,120

leisure time is a driver

472

00:18:57,190 --> 00:18:55,520

people have to be out and about coming

473

00:18:58,870 --> 00:18:57,200

home from bible study to go to get in

474

00:19:01,190 --> 00:18:58,880

the car hey honey look at that you know

475

00:19:03,669 --> 00:19:01,200

out walking the dog out first smoke

476

00:19:06,070 --> 00:19:03,679

dried um out for a break from work at

477

00:19:07,590 --> 00:19:06,080

the factory in the middle of the night

478

00:19:09,510 --> 00:19:07,600

leisure time was a driver the

479

00:19:11,590 --> 00:19:09,520

availability of the observer to see

480

00:19:13,669 --> 00:19:11,600

these things so people said well wait a

481

00:19:15,669 --> 00:19:13,679

minute if we're getting locked down

482

00:19:17,430 --> 00:19:15,679

you should have a perfect laboratory to

483

00:19:19,590 --> 00:19:17,440

measure whether or not you know leisure

484

00:19:21,909 --> 00:19:19,600

time really truly is a thing and march

485

00:19:23,190 --> 00:19:21,919

and april when we got the numbers went

486

00:19:24,950 --> 00:19:23,200

through the roof

487

00:19:26,549 --> 00:19:24,960

in 2020.

488

00:19:28,950 --> 00:19:26,559

well that's interesting confirming what

489

00:19:30,549 --> 00:19:28,960

we knew what i knew but confirming to

490

00:19:32,390 --> 00:19:30,559

everybody else what we knew

491

00:19:34,230 --> 00:19:32,400

um so these are the kinds of things

492

00:19:35,830 --> 00:19:34,240

we're learning we learn from all this

493

00:19:37,590 --> 00:19:35,840

stuff um

494

00:19:39,190 --> 00:19:37,600

linda found out when we were working the

495

00:19:40,070 --> 00:19:39,200

first book

496

00:19:41,029 --> 00:19:40,080

we had

497

00:19:43,190 --> 00:19:41,039

pretty much

498

00:19:45,909 --> 00:19:43,200

tabulated the charts and graphs on the

499

00:19:47,990 --> 00:19:45,919

idea of scale how much of it there was

500

00:19:50,150 --> 00:19:48,000

and she looked at me one saturday

501
00:19:52,230 --> 00:19:50,160
afternoon she's over there working on a

502
00:19:53,909 --> 00:19:52,240
chapter and she said did you notice that

503
00:19:56,310 --> 00:19:53,919
the monthly chart now a lot of people

504
00:19:58,789 --> 00:19:56,320
told me oh we don't you don't want to do

505
00:20:01,590 --> 00:19:58,799
that monthly chart it's stupid

506
00:20:04,149 --> 00:20:01,600
ufos by month in a year i would think it

507
00:20:06,390 --> 00:20:04,159
was important well it turned out to be

508
00:20:08,549 --> 00:20:06,400
very important because what linda

509
00:20:10,710 --> 00:20:08,559
discovered was as soon as you started

510
00:20:13,830 --> 00:20:10,720
looking at it from a monthly standpoint

511
00:20:16,310 --> 00:20:13,840
if you're in a northern state

512
00:20:18,549 --> 00:20:16,320
most of the year is flat and quiescent

513
00:20:21,110 --> 00:20:18,559

amount of sightings okay

514

00:20:22,950 --> 00:20:21,120

and then you get june july august it

515

00:20:25,590 --> 00:20:22,960

goes through the roof this is what the

516

00:20:27,990 --> 00:20:25,600

chart looks like okay and then it falls

517

00:20:31,750 --> 00:20:28,000

off again again as you go into the into

518

00:20:33,830 --> 00:20:31,760

the fall and winter months okay

519

00:20:36,149 --> 00:20:33,840

i thought it was like that everywhere

520

00:20:38,310 --> 00:20:36,159

but linda said hey did you notice if

521

00:20:39,990 --> 00:20:38,320

you're in the middle level states

522

00:20:41,590 --> 00:20:40,000

that peak starts coming down all the

523

00:20:43,270 --> 00:20:41,600

rest of the levels start coming up and

524

00:20:46,870 --> 00:20:43,280

then when you get into the deep south

525

00:20:50,390 --> 00:20:46,880

states it was statistically flat

526

00:20:53,029 --> 00:20:50,400

okay and uh we said wow who knew this

527

00:20:54,870 --> 00:20:53,039

that temperate weather was a driver

528

00:20:57,430 --> 00:20:54,880

okay in fact if you get down to the

529

00:20:59,669 --> 00:20:57,440

really deep parts of texas and florida

530

00:21:01,350 --> 00:20:59,679

those counties there's actually a dip in

531

00:21:03,510 --> 00:21:01,360

the middle because it's too hot to be

532

00:21:04,950 --> 00:21:03,520

outside in the summer time you know that

533

00:21:06,950 --> 00:21:04,960

kind of thing that's pretty interesting

534

00:21:08,710 --> 00:21:06,960

so human behavior drives a lot of the

535

00:21:10,870 --> 00:21:08,720

sight yes now there's the golden word

536

00:21:14,950 --> 00:21:10,880

right there this is as much about human

537

00:21:16,549 --> 00:21:14,960

behavior as it is about the ufos okay

538

00:21:19,190 --> 00:21:16,559

i like to tell people just think of the

539

00:21:21,190 --> 00:21:19,200

ufos as regularly scheduled flights

540

00:21:23,510 --> 00:21:21,200

there's lots of them up there

541

00:21:25,350 --> 00:21:23,520

rarely special flights yes

542

00:21:27,669 --> 00:21:25,360

there are some there are some shapes

543

00:21:29,669 --> 00:21:27,679

that i can pre i can predict where they

544

00:21:31,830 --> 00:21:29,679

are you know that type of thing they're

545

00:21:33,190 --> 00:21:31,840

very small shapes that's a problem we

546

00:21:35,430 --> 00:21:33,200

have in this country too by the way

547

00:21:36,710 --> 00:21:35,440

let's bring that up

548

00:21:39,029 --> 00:21:36,720

people

549

00:21:40,870 --> 00:21:39,039

always especially um mainstream

550

00:21:43,669 --> 00:21:40,880

reporters talk to us okay they're

551
00:21:45,590 --> 00:21:43,679
they're dumb on this topic okay and they

552
00:21:47,110 --> 00:21:45,600
say well what's the number one mega

553
00:21:48,470 --> 00:21:47,120
sighting what's the one with the most

554
00:21:51,350 --> 00:21:48,480
sightings

555
00:21:53,350 --> 00:21:51,360
and i said a twinkling light in the sky

556
00:21:54,310 --> 00:21:53,360
that dances around

557
00:21:55,990 --> 00:21:54,320
you know

558
00:21:58,310 --> 00:21:56,000
not much of a thing yeah that could be

559
00:22:00,310 --> 00:21:58,320
anything right it could be anything you

560
00:22:02,149 --> 00:22:00,320
know and and very you know there are a

561
00:22:03,909 --> 00:22:02,159
lot of ufos that you see it's just a

562
00:22:05,590 --> 00:22:03,919
light in the sky and then it stops and

563
00:22:07,190 --> 00:22:05,600

then it dances around like a fairy and

564

00:22:09,029 --> 00:22:07,200

then takes off you know there's a lot of

565

00:22:10,149 --> 00:22:09,039

that kind of stuff going on too but

566

00:22:11,669 --> 00:22:10,159

there are some people sitting there and

567

00:22:14,070 --> 00:22:11,679

saying i saw this big bright star and it

568

00:22:15,669 --> 00:22:14,080

was out it was arturus or it was venus

569

00:22:18,950 --> 00:22:15,679

or something you know

570

00:22:20,149 --> 00:22:18,960

the bottom line was we figured out

571

00:22:25,110 --> 00:22:20,159

that

572

00:22:27,590 --> 00:22:25,990

darren

573

00:22:30,230 --> 00:22:27,600

it sucks to get old trust me that's all

574

00:22:32,789 --> 00:22:30,240

right i suffer from crs myself oh i

575

00:22:34,630 --> 00:22:32,799

can't remember anything

576
00:22:37,750 --> 00:22:34,640
oh okay but bottom line with the whole

577
00:22:40,310 --> 00:22:37,760
thing with the with sightings was there

578
00:22:42,149 --> 00:22:40,320
oh i know it was

579
00:22:43,430 --> 00:22:42,159
we discovered two

580
00:22:45,669 --> 00:22:43,440
truths

581
00:22:49,070 --> 00:22:45,679
linda coined the term the myth of the

582
00:22:51,669 --> 00:22:49,080
the the magic or the truth is in the

583
00:22:53,590 --> 00:22:51,679
non-aerodynamic shapes

584
00:22:56,870 --> 00:22:53,600
and the other truth that i came up with

585
00:22:58,710 --> 00:22:56,880
was the truth was in the tiny numbers

586
00:23:01,909 --> 00:22:58,720
there is more to learn from something

587
00:23:05,350 --> 00:23:01,919
that only is only maybe reports

588
00:23:07,590 --> 00:23:05,360

400 sightings a year or maybe even 200

589

00:23:10,070 --> 00:23:07,600

sightings a year they will tell you

590

00:23:12,310 --> 00:23:10,080

something very interesting that all the

591

00:23:13,830 --> 00:23:12,320

big numbers won't tell you

592

00:23:15,909 --> 00:23:13,840

i found a couple like that that when i

593

00:23:17,750 --> 00:23:15,919

graphed them all together the tiny

594

00:23:19,830 --> 00:23:17,760

number ones were so small you could

595

00:23:21,029 --> 00:23:19,840

hardly tell them from the bottom of the

596

00:23:23,350 --> 00:23:21,039

graph

597

00:23:25,590 --> 00:23:23,360

the line was so sm was so

598

00:23:27,510 --> 00:23:25,600

close you had to really blow it up to

599

00:23:30,390 --> 00:23:27,520

see it and it was only maybe

600

00:23:35,110 --> 00:23:30,400

40 sightings a year or 70 sightings a

601
00:23:38,070 --> 00:23:35,120
year but that 40 sightings a year ufos

602
00:23:40,070 --> 00:23:38,080
that one whenever it shows up so does

603
00:23:42,070 --> 00:23:40,080
two other shapes except in a little bit

604
00:23:44,310 --> 00:23:42,080
higher quantity and they had the same

605
00:23:46,390 --> 00:23:44,320
profiles together so it looked like one

606
00:23:47,990 --> 00:23:46,400
the the big the one with the small

607
00:23:50,070 --> 00:23:48,000
sightings was a mother ship and the

608
00:23:51,830 --> 00:23:50,080
other two were support craft that's what

609
00:23:53,190 --> 00:23:51,840
a lot of people seem to think when i

610
00:23:55,110 --> 00:23:53,200
showed it to them

611
00:23:58,070 --> 00:23:55,120
well that's very interesting and another

612
00:24:00,390 --> 00:23:58,080
question i had is sure is there is there

613
00:24:03,029 --> 00:24:00,400

a state in the united states that sees

614

00:24:04,870 --> 00:24:03,039

the most ufo sightings and a state that

615

00:24:07,029 --> 00:24:04,880

sees the least

616

00:24:09,750 --> 00:24:07,039

okay

617

00:24:11,909 --> 00:24:09,760

the top three in this in the country and

618

00:24:14,310 --> 00:24:11,919

they've been top three probably for

619

00:24:18,950 --> 00:24:14,320

about eight years now okay

620

00:24:21,430 --> 00:24:18,960

uh california 21 000 uh uh twenty one

621

00:24:24,149 --> 00:24:21,440

thousand and thirteen sightings

622

00:24:26,230 --> 00:24:24,159

uh florida eleven thousand forty three

623

00:24:28,950 --> 00:24:26,240

sightings this is over twenty years

624

00:24:31,190 --> 00:24:28,960

texas forty forty nine

625

00:24:33,830 --> 00:24:31,200

i'm sorry nine thousand four hundred

626

00:24:36,149 --> 00:24:33,840

eighty now the next

627

00:24:38,149 --> 00:24:36,159

seven slots in the top ten are like

628

00:24:40,230 --> 00:24:38,159

musical chairs these states

629

00:24:41,830 --> 00:24:40,240

change around every year okay so so do

630

00:24:43,669 --> 00:24:41,840

you think it's just population based

631

00:24:45,269 --> 00:24:43,679

though because those would be three no

632

00:24:47,190 --> 00:24:45,279

no no no no no it doesn't have a

633

00:24:49,110 --> 00:24:47,200

correlation in it that's what oh oh it

634

00:24:53,590 --> 00:24:49,120

has a correlation

635

00:24:56,390 --> 00:24:53,600

give it to you this way

636

00:24:57,269 --> 00:24:56,400

and did i just hide that thing ah there

637

00:24:59,110 --> 00:24:57,279

it is

638

00:25:01,190 --> 00:24:59,120

we discovered in the first book we

639

00:25:03,350 --> 00:25:01,200

didn't know this we we knew population

640

00:25:04,789 --> 00:25:03,360

was it was an issue we knew temperate

641

00:25:07,750 --> 00:25:04,799

weather was an issue and we were

642

00:25:08,630 --> 00:25:07,760

suspecting leisure time okay

643

00:25:10,870 --> 00:25:08,640

now

644

00:25:13,590 --> 00:25:10,880

what we discovered with this new pink

645

00:25:15,590 --> 00:25:13,600

book the new oneness out and make sure

646

00:25:17,190 --> 00:25:15,600

you bring me back ask me why it's pink

647

00:25:19,269 --> 00:25:17,200

it's a great story

648

00:25:21,909 --> 00:25:19,279

okay

649

00:25:23,350 --> 00:25:21,919

principal drivers are population

650

00:25:24,710 --> 00:25:23,360

temperate weather

651
00:25:27,669 --> 00:25:24,720
leisure time

652
00:25:29,750 --> 00:25:27,679
hours of darkness and observer access to

653
00:25:30,549 --> 00:25:29,760
broadband

654
00:25:32,310 --> 00:25:30,559
okay

655
00:25:35,430 --> 00:25:32,320
now then there's

656
00:25:38,310 --> 00:25:35,440
five secondary influencers proximity to

657
00:25:41,669 --> 00:25:38,320
large bodies of water proximity to toxic

658
00:25:42,549 --> 00:25:41,679
ecosystems proximity to geological fault

659
00:25:44,710 --> 00:25:42,559
lines

660
00:25:46,230 --> 00:25:44,720
high visibility media

661
00:25:48,630 --> 00:25:46,240
and the gen something we call the

662
00:25:51,110 --> 00:25:48,640
generational effect

663
00:25:53,510 --> 00:25:51,120

wait i i need you to say that again so

664

00:25:55,669 --> 00:25:53,520

so because this could be of great

665

00:25:56,870 --> 00:25:55,679

benefit to people who want to hunt for

666

00:25:59,029 --> 00:25:56,880

ufos

667

00:26:01,830 --> 00:25:59,039

the most sightings are around toxic

668

00:26:02,789 --> 00:26:01,840

environments coastal areas

669

00:26:05,110 --> 00:26:02,799

and

670

00:26:06,710 --> 00:26:05,120

what did you say nuclear or uh well no

671

00:26:08,870 --> 00:26:06,720

fault lines i'm sorry outlines fault

672

00:26:10,470 --> 00:26:08,880

lines uh i'll give you if you found a

673

00:26:12,789 --> 00:26:10,480

fault if you found a place with a fault

674

00:26:13,669 --> 00:26:12,799

line near a toxic environment near the

675

00:26:15,510 --> 00:26:13,679

coast

676
00:26:17,830 --> 00:26:15,520
you'd have a pretty good shot at seeing

677
00:26:19,990 --> 00:26:17,840
some ufos then maybe right well yes in a

678
00:26:22,950 --> 00:26:20,000
better shot or better

679
00:26:26,149 --> 00:26:22,960
yeah well okay if um they tend to okay

680
00:26:28,230 --> 00:26:26,159
this is the the fault line proximity and

681
00:26:30,070 --> 00:26:28,240
the toxic ecosystems

682
00:26:32,950 --> 00:26:30,080
were contributed to me by a colleague

683
00:26:34,470 --> 00:26:32,960
here in new york thomas w conwell and he

684
00:26:36,710 --> 00:26:34,480
took our first book and started putting

685
00:26:38,310 --> 00:26:36,720
pins and maps and things on a big wall

686
00:26:39,350 --> 00:26:38,320
you know destroyed the wall with the

687
00:26:40,549 --> 00:26:39,360
pinholes

688
00:26:43,029 --> 00:26:40,559

and uh

689

00:26:45,269 --> 00:26:43,039

his wife loved it yeah uh but the bottom

690

00:26:47,430 --> 00:26:45,279

line was he discovered that they seemed

691

00:26:50,070 --> 00:26:47,440

to haunt our

692

00:26:53,590 --> 00:26:50,080

dead mining towns dead strip mines dead

693

00:26:56,789 --> 00:26:53,600

coal mines coal mounting coal mine fires

694

00:26:58,789 --> 00:26:56,799

um dead oil fields dead gas fields

695

00:27:01,190 --> 00:26:58,799

heavily polluted heavily you know that's

696

00:27:02,950 --> 00:27:01,200

heavily polluted rivers i am in uh

697

00:27:04,950 --> 00:27:02,960

pennsylvania and there's a place called

698

00:27:07,029 --> 00:27:04,960

centralia pennsylvania that had to be

699

00:27:09,029 --> 00:27:07,039

the whole town had to be evacuated the

700

00:27:11,190 --> 00:27:09,039

government bought everybody's homes oh

701
00:27:13,190 --> 00:27:11,200
yeah there's a huge okay yeah because

702
00:27:16,230 --> 00:27:13,200
there's this huge coal fire under the

703
00:27:18,470 --> 00:27:16,240
ground yeah and and i hear that the ufo

704
00:27:21,190 --> 00:27:18,480
sightings there if you go there you'll

705
00:27:23,510 --> 00:27:21,200
see some ufos almost every night

706
00:27:25,990 --> 00:27:23,520
which is crazy to me i have a road trip

707
00:27:27,830 --> 00:27:26,000
for their planned for this for the next

708
00:27:29,830 --> 00:27:27,840
month the only problem with the road

709
00:27:31,590 --> 00:27:29,840
trip there is remember the highways are

710
00:27:33,990 --> 00:27:31,600
sometimes falling into a deep pit

711
00:27:35,909 --> 00:27:34,000
because the fires have ate all this well

712
00:27:37,590 --> 00:27:35,919
yeah but i i know it's safe i've been

713
00:27:38,870 --> 00:27:37,600

there so i know the safe way to get

714

00:27:41,750 --> 00:27:38,880

there and then

715

00:27:43,669 --> 00:27:41,760

uh explore the town yeah it's it's just

716

00:27:46,230 --> 00:27:43,679

an eerie place though because there's

717

00:27:50,230 --> 00:27:46,240

just it's like a just a

718

00:27:52,789 --> 00:27:51,029

yeah

719

00:27:54,789 --> 00:27:52,799

so there's a lot of strange paranormal

720

00:27:55,750 --> 00:27:54,799

happenings around in and around that

721

00:27:57,990 --> 00:27:55,760

town

722

00:27:59,190 --> 00:27:58,000

um it's just a mysterious place i love

723

00:28:04,230 --> 00:27:59,200

it

724

00:28:06,630 --> 00:28:04,240

may attract ufos now you're in

725

00:28:08,149 --> 00:28:06,640

pennsylvania aren't you yes i grew up

726

00:28:11,029 --> 00:28:08,159

born and raised in philadelphia now i

727

00:28:13,590 --> 00:28:11,039

live in the suburbs of philadelphia okay

728

00:28:17,830 --> 00:28:13,600

pennsylvania was number six for this

729

00:28:20,389 --> 00:28:17,840

this book and then and they had 7043

730

00:28:22,230 --> 00:28:20,399

uh sightings over the last 20 years

731

00:28:23,750 --> 00:28:22,240

yeah and also don't you have to keep in

732

00:28:25,190 --> 00:28:23,760

mind that these aren't the number of

733

00:28:27,029 --> 00:28:25,200

sightings these are just the number of

734

00:28:28,149 --> 00:28:27,039

reported sightings because many people

735

00:28:29,029 --> 00:28:28,159

don't

736

00:28:34,470 --> 00:28:29,039

yeah

737

00:28:37,590 --> 00:28:34,480

developed some metrics um between the

738

00:28:38,710 --> 00:28:37,600

first book and this book uh two polls

739

00:28:42,870 --> 00:28:38,720

came out

740

00:28:44,549 --> 00:28:42,880

july 2017 fox pictures did a poll and

741

00:28:47,190 --> 00:28:44,559

and they did pretty much the same thing

742

00:28:49,269 --> 00:28:47,200

three percent but 30 percent 36 believe

743

00:28:51,190 --> 00:28:49,279

42 percent are on the fence and 17

744

00:28:53,830 --> 00:28:51,200

percent say it's all hogwash okay it's

745

00:28:55,909 --> 00:28:53,840

the same thing you keep seeing the polls

746

00:28:59,190 --> 00:28:55,919

but they had some they had an additional

747

00:29:01,149 --> 00:28:59,200

question have you ever seen a ufo

748

00:29:03,990 --> 00:29:01,159

and the number came back that was like

749

00:29:05,590 --> 00:29:04,000

16.5 percent something like that okay

750

00:29:07,590 --> 00:29:05,600

well i didn't trust the metric because

751
00:29:08,710 --> 00:29:07,600
it was this was the first poll it had

752
00:29:11,590 --> 00:29:08,720
ever been in

753
00:29:14,149 --> 00:29:11,600
then in september of 2019 the gallup

754
00:29:16,389 --> 00:29:14,159
people did almost identically the same

755
00:29:18,789 --> 00:29:16,399
poll and they asked the same question

756
00:29:21,750 --> 00:29:18,799
and they came back with that 16 and

757
00:29:23,269 --> 00:29:21,760
change number two so based on that i

758
00:29:25,830 --> 00:29:23,279
went back and started crunching the

759
00:29:27,990 --> 00:29:25,840
numbers a bunch of different ways and we

760
00:29:28,950 --> 00:29:28,000
ended up with a bell curve

761
00:29:31,750 --> 00:29:28,960
okay

762
00:29:34,950 --> 00:29:31,760
um if you did it for every single state

763
00:29:37,350 --> 00:29:34,960

it was one as little as one in 150

764

00:29:40,389 --> 00:29:37,360

people report go to the other end of the

765

00:29:43,110 --> 00:29:40,399

bell curve it was one in 450 people

766

00:29:46,149 --> 00:29:43,120

report and the bulk of it around the

767

00:29:49,029 --> 00:29:46,159

bell of the curve was sitting around us

768

00:29:51,510 --> 00:29:49,039

about one in 250 people reports what

769

00:29:54,789 --> 00:29:53,269

give or take give or take 25 50

770

00:29:56,710 --> 00:29:54,799

something like that that's pretty dismal

771

00:29:58,630 --> 00:29:56,720

number but i guess

772

00:30:00,470 --> 00:29:58,640

there used to be quite a stigma of

773

00:30:02,070 --> 00:30:00,480

people that didn't want to talk about it

774

00:30:04,230 --> 00:30:02,080

because for fear of ridicule but i think

775

00:30:05,909 --> 00:30:04,240

it still is those attitudes are changing

776

00:30:07,269 --> 00:30:05,919

somewhat though now aren't they with the

777

00:30:09,590 --> 00:30:07,279

popularity

778

00:30:12,149 --> 00:30:09,600

and the mainstream coverage of

779

00:30:14,149 --> 00:30:12,159

all the all of this stuff i think more

780

00:30:15,510 --> 00:30:14,159

people are willing to talk about their

781

00:30:17,990 --> 00:30:15,520

experiences

782

00:30:20,230 --> 00:30:18,000

well just just in the past six months so

783

00:30:22,149 --> 00:30:20,240

with all the news that's been out there

784

00:30:24,149 --> 00:30:22,159

but i don't know if you've noticed in

785

00:30:26,630 --> 00:30:24,159

the last two or three weeks

786

00:30:29,110 --> 00:30:26,640

it's like a door slammed are you seeing

787

00:30:31,510 --> 00:30:29,120

any ufo articles i have talked to four

788

00:30:34,549 --> 00:30:31,520

major newspapers and tried to i had

789

00:30:36,789 --> 00:30:34,559

something for them and uh crickets they

790

00:30:38,310 --> 00:30:36,799

will not talk to me wow it's interesting

791

00:30:40,389 --> 00:30:38,320

yeah some people theorize that the

792

00:30:41,350 --> 00:30:40,399

government opens and shuts the door at

793

00:30:42,870 --> 00:30:41,360

will

794

00:30:44,870 --> 00:30:42,880

you know

795

00:30:46,389 --> 00:30:44,880

yeah sometimes they want people

796

00:30:51,350 --> 00:30:46,399

hearing about these things and then they

797

00:30:55,590 --> 00:30:53,909

it's it's interesting interesting to see

798

00:30:57,509 --> 00:30:55,600

the government's reaction to some of the

799

00:30:59,029 --> 00:30:57,519

stuff that is being talked about on the

800

00:31:00,870 --> 00:30:59,039

mainstream news

801
00:31:02,710 --> 00:31:00,880
but i'm very distrustful of the

802
00:31:04,870 --> 00:31:02,720
government after all

803
00:31:07,029 --> 00:31:04,880
you know in in ufo mythology they've

804
00:31:08,230 --> 00:31:07,039
been doing this cover-up for 70 years

805
00:31:10,549 --> 00:31:08,240
and i don't trust that they're just

806
00:31:11,269 --> 00:31:10,559
suddenly going to give us the truth now

807
00:31:13,430 --> 00:31:11,279
so

808
00:31:16,149 --> 00:31:13,440
you know when we have a live well well

809
00:31:18,310 --> 00:31:16,159
intelligence guys running around now

810
00:31:20,149 --> 00:31:18,320
yeah see that's that's what that's what

811
00:31:21,350 --> 00:31:20,159
has been bugging me because

812
00:31:22,310 --> 00:31:21,360
um

813
00:31:24,470 --> 00:31:22,320

the

814

00:31:25,350 --> 00:31:24,480

inside people that i know

815

00:31:28,590 --> 00:31:25,360

okay

816

00:31:33,110 --> 00:31:28,600

called me up in uh in

817

00:31:36,070 --> 00:31:33,120

2019 late 2019 early 2020 and said look

818

00:31:38,230 --> 00:31:36,080

depending upon where the election goes

819

00:31:39,590 --> 00:31:38,240

uh if we end up with biden

820

00:31:41,350 --> 00:31:39,600

uh we're probably going to get

821

00:31:43,269 --> 00:31:41,360

disclosure in the next

822

00:31:45,190 --> 00:31:43,279

year or two or at least congressional

823

00:31:47,190 --> 00:31:45,200

hearings

824

00:31:48,549 --> 00:31:47,200

and um

825

00:31:50,070 --> 00:31:48,559

when i'm gonna i

826
00:31:52,470 --> 00:31:50,080
those people are what we call the usual

827
00:31:55,190 --> 00:31:52,480
suspects and uh they they were on the

828
00:31:57,750 --> 00:31:55,200
inside track and yes bucks county has an

829
00:31:59,590 --> 00:31:57,760
awful lot of sightings um the goofy

830
00:32:02,310 --> 00:31:59,600
thing was people kept coming i had

831
00:32:04,230 --> 00:32:02,320
several very candid inside observers

832
00:32:06,149 --> 00:32:04,240
saying um do you realize something

833
00:32:07,909 --> 00:32:06,159
cheryl linda you're the only people to

834
00:32:10,549 --> 00:32:07,919
produce the book of statistics since

835
00:32:11,909 --> 00:32:10,559
project blue book 50 years ago

836
00:32:13,509 --> 00:32:11,919
uh yeah

837
00:32:15,509 --> 00:32:13,519
and they said well if they have

838
00:32:18,470 --> 00:32:15,519

congressional hearings if it doesn't end

839

00:32:19,750 --> 00:32:18,480

up being a parade of swaggering pilots

840

00:32:21,750 --> 00:32:19,760

and former

841

00:32:24,070 --> 00:32:21,760

um indent defense

842

00:32:26,870 --> 00:32:24,080

uh intelligence spooks you know

843

00:32:31,509 --> 00:32:28,230

you guys are the only people who've got

844

00:32:34,470 --> 00:32:31,519

the civilian numbers and i said probably

845

00:32:37,350 --> 00:32:34,480

so we we talked about it

846

00:32:40,310 --> 00:32:37,360

and said are we okay with the idea

847

00:32:43,509 --> 00:32:40,320

of being two old gay and gay ladies at a

848

00:32:46,149 --> 00:32:43,519

you at a congressional hearing

849

00:32:47,909 --> 00:32:46,159

testifying about our our books i don't

850

00:32:50,070 --> 00:32:47,919

really think i don't really think that

851
00:32:51,909 --> 00:32:50,080
is at all relevant if you've got the

852
00:32:53,990 --> 00:32:51,919
information and the data i i think

853
00:32:56,470 --> 00:32:54,000
they'll take it from anybody right we

854
00:32:59,350 --> 00:32:56,480
would hope we would hope so the thing we

855
00:33:00,870 --> 00:32:59,360
did was we decided early on in 2020 when

856
00:33:03,350 --> 00:33:00,880
we actually started doing some of the

857
00:33:05,269 --> 00:33:03,360
preliminary work that we could do even

858
00:33:07,750 --> 00:33:05,279
though we didn't have the 2019 numbers

859
00:33:10,070 --> 00:33:07,760
yet we didn't have the 2020 numbers yet

860
00:33:12,789 --> 00:33:10,080
in 2020 we started doing some of the

861
00:33:15,029 --> 00:33:12,799
preparatory work so building the book

862
00:33:17,190 --> 00:33:15,039
wouldn't take two years to do like it

863
00:33:20,870 --> 00:33:17,200

did the last time i built this one in

864

00:33:22,470 --> 00:33:20,880

under 750 hours okay but it's impressive

865

00:33:23,669 --> 00:33:22,480

considering the amount of data that you

866

00:33:27,190 --> 00:33:23,679

had up

867

00:33:29,430 --> 00:33:27,200

but we did all we did a ton of prep work

868

00:33:31,269 --> 00:33:29,440

and hey when when to do that during the

869

00:33:33,190 --> 00:33:31,279

lockdown there was nothing better to do

870

00:33:35,350 --> 00:33:33,200

but drink and watch streaming tv you

871

00:33:37,350 --> 00:33:35,360

know i built a cabin in the woods that's

872

00:33:39,190 --> 00:33:37,360

what i did you really well not the whole

873

00:33:41,110 --> 00:33:39,200

thing i had already started on it but i

874

00:33:43,590 --> 00:33:41,120

got a ton done because

875

00:33:45,430 --> 00:33:43,600

my wife was home and i usually am daddy

876
00:33:47,750 --> 00:33:45,440
daycare but since she was home i could

877
00:33:49,990 --> 00:33:47,760
go like wednesday to sunday and build

878
00:33:51,269 --> 00:33:50,000
this cabin so i made a huge amount of

879
00:33:53,590 --> 00:33:51,279
progress

880
00:33:55,669 --> 00:33:53,600
still working on it you know do you know

881
00:33:58,230 --> 00:33:55,679
what we discovered though

882
00:33:59,029 --> 00:33:58,240
something that we wanted to do with this

883
00:34:00,950 --> 00:33:59,039
book

884
00:34:02,149 --> 00:34:00,960
or at least the follow-on version of the

885
00:34:05,350 --> 00:34:02,159
book

886
00:34:09,510 --> 00:34:05,360
we discovered that 14-15

887
00:34:12,629 --> 00:34:09,520
of the entries for the city location

888
00:34:15,270 --> 00:34:12,639

were spelled wrong

889

00:34:17,270 --> 00:34:15,280

okay you can't i.t person you know you

890

00:34:19,990 --> 00:34:17,280

can't sort on it if it doesn't look like

891

00:34:22,310 --> 00:34:20,000

the other thing you know yeah yeah and

892

00:34:25,589 --> 00:34:22,320

and so if they they were either mixed

893

00:34:28,230 --> 00:34:25,599

case all capitals all lower case a space

894

00:34:32,069 --> 00:34:28,240

in front of the letters um sometimes it

895

00:34:35,589 --> 00:34:33,589

carmelville

896

00:34:37,589 --> 00:34:35,599

next to joe's gas station you know you

897

00:34:39,030 --> 00:34:37,599

can't sort on that kind of a field you

898

00:34:41,190 --> 00:34:39,040

know so

899

00:34:45,030 --> 00:34:41,200

i made a decision back in the summer of

900

00:34:46,950 --> 00:34:45,040

2020 in july we got a golden mail list

901
00:34:49,430 --> 00:34:46,960
and we found a way to merge it into the

902
00:34:51,829 --> 00:34:49,440
database so we can merge it back out

903
00:34:54,310 --> 00:34:51,839
and then we went in there and uh at

904
00:34:55,669 --> 00:34:54,320
about 1500 2 000 lines a day it was like

905
00:34:57,430 --> 00:34:55,679
going back to work at lockheed i was

906
00:34:58,390 --> 00:34:57,440
putting in a six and a half seven hour

907
00:35:01,430 --> 00:34:58,400
day

908
00:35:04,790 --> 00:35:01,440
for from august of 2020 till the first

909
00:35:06,550 --> 00:35:04,800
week of january 2021

910
00:35:08,470 --> 00:35:06,560
fixing the spelling

911
00:35:10,390 --> 00:35:08,480
and while we were fixing that spelling

912
00:35:13,430 --> 00:35:10,400
we are correcting counties that might be

913
00:35:16,069 --> 00:35:13,440

wrong okay the original automation i had

914

00:35:17,910 --> 00:35:16,079

for putting in the county data was not

915

00:35:19,589 --> 00:35:17,920

as smart as it could be

916

00:35:22,630 --> 00:35:19,599

and then the other thing we did was we

917

00:35:23,430 --> 00:35:22,640

added longitude information and zip code

918

00:35:25,349 --> 00:35:23,440

okay

919

00:35:28,230 --> 00:35:25,359

and that has given us a window onto

920

00:35:29,430 --> 00:35:28,240

things because we can now plot ufos by

921

00:35:31,430 --> 00:35:29,440

zip code

922

00:35:33,510 --> 00:35:31,440

it is showing us the interesting thing

923

00:35:37,510 --> 00:35:33,520

yeah it's showing us a pattern nobody

924

00:35:40,390 --> 00:35:37,520

ever knew happened before some states um

925

00:35:41,349 --> 00:35:40,400

it looks like moths ate through the

926
00:35:42,870 --> 00:35:41,359
state

927
00:35:44,630 --> 00:35:42,880
especially if you make the zip codes

928
00:35:46,470 --> 00:35:44,640
that had the sightings blue and

929
00:35:49,270 --> 00:35:46,480
everything else is white it looks like a

930
00:35:50,310 --> 00:35:49,280
moth eaten state it really does

931
00:35:52,230 --> 00:35:50,320
and

932
00:35:55,270 --> 00:35:52,240
a 42

933
00:35:56,630 --> 00:35:55,280
600 zip codes in the united states 18

934
00:35:59,910 --> 00:35:56,640
800 had

935
00:36:02,630 --> 00:35:59,920
had ufo setting reports we're also able

936
00:36:04,950 --> 00:36:02,640
to take all those ufo silhouette shapes

937
00:36:06,310 --> 00:36:04,960
we'll say like triangles or spheres and

938
00:36:07,990 --> 00:36:06,320

plot them

939

00:36:09,910 --> 00:36:08,000

by zip codes

940

00:36:11,190 --> 00:36:09,920

and the patterns are very different from

941

00:36:13,109 --> 00:36:11,200

different shapes

942

00:36:15,829 --> 00:36:13,119

oh that's very interesting so

943

00:36:17,510 --> 00:36:15,839

are you able to see sort of like uh

944

00:36:19,349 --> 00:36:17,520

you know if there's a sighting in one

945

00:36:21,430 --> 00:36:19,359

state and then there's a sighting next

946

00:36:23,910 --> 00:36:21,440

next door that it may have been the same

947

00:36:26,230 --> 00:36:23,920

you know statement okay we can't try we

948

00:36:28,470 --> 00:36:26,240

can't track it we can't track it by time

949

00:36:29,670 --> 00:36:28,480

presently presently we cannot track it

950

00:36:31,510 --> 00:36:29,680

by time

951
00:36:33,190 --> 00:36:31,520
but we're working on that

952
00:36:34,310 --> 00:36:33,200
uh we had an interesting comment from

953
00:36:36,069 --> 00:36:34,320
don d

954
00:36:38,390 --> 00:36:36,079
sure people are asking where would you

955
00:36:40,630 --> 00:36:38,400
report a ufo sighting and and somebody

956
00:36:42,870 --> 00:36:40,640
said mufon charges you twenty dollars to

957
00:36:45,109 --> 00:36:42,880
report a ufo that's interesting no no no

958
00:36:46,950 --> 00:36:45,119
no no no that no they don't

959
00:36:49,270 --> 00:36:46,960
no i don't know no it wouldn't surprise

960
00:36:50,870 --> 00:36:49,280
me if they did though no i don't i that

961
00:36:52,550 --> 00:36:50,880
doesn't sound right that doesn't sound

962
00:36:55,910 --> 00:36:52,560
right hey you want to do it for free go

963
00:36:57,990 --> 00:36:55,920

to national ufo reporting center okay

964

00:37:00,230 --> 00:36:58,000

that's where we're at national ufo

965

00:37:02,470 --> 00:37:00,240

reporting center dot org it's public

966

00:37:04,630 --> 00:37:02,480

they put the public stuff up uh

967

00:37:06,950 --> 00:37:04,640

your your sighting that you put up

968

00:37:08,870 --> 00:37:06,960

tonight you probably won't see it until

969

00:37:10,950 --> 00:37:08,880

two weeks into the next month because

970

00:37:13,030 --> 00:37:10,960

it's about two weeks before they they uh

971

00:37:15,750 --> 00:37:13,040

they run it through a

972

00:37:19,430 --> 00:37:15,760

a process and then they post it okay but

973

00:37:22,470 --> 00:37:19,440

uh it's public data um that's how i get

974

00:37:25,430 --> 00:37:22,480

it it's public data and uh so uh

975

00:37:29,270 --> 00:37:25,440

national ufo reporting center new fork

976

00:37:34,550 --> 00:37:31,510

dot org and they're free

977

00:37:35,510 --> 00:37:34,560

and you can be as anonymous if you want

978

00:37:37,510 --> 00:37:35,520

um

979

00:37:39,670 --> 00:37:37,520

please don't put fake stuff in there

980

00:37:41,990 --> 00:37:39,680

they've got enough to deal with

981

00:37:43,990 --> 00:37:42,000

you know these friends yeah the thing is

982

00:37:45,670 --> 00:37:44,000

there's there's about

983

00:37:49,349 --> 00:37:45,680

about 29

984

00:37:51,109 --> 00:37:49,359

reporting sightings per day 25 to 29 per

985

00:37:52,870 --> 00:37:51,119

day nationally

986

00:37:55,990 --> 00:37:52,880

okay so they're getting that they're

987

00:37:59,990 --> 00:37:56,000

getting at least 25 to 30 a day

988

00:38:01,829 --> 00:38:00,000

uh day in day out okay and uh states

989

00:38:03,990 --> 00:38:01,839

like california they're getting they're

990

00:38:05,670 --> 00:38:04,000

doing like 12 a day unless there's

991

00:38:07,670 --> 00:38:05,680

something really special and then jumps

992

00:38:09,910 --> 00:38:07,680

up and like that and that's one of those

993

00:38:11,829 --> 00:38:09,920

twins things now people you were asking

994

00:38:13,910 --> 00:38:11,839

me about hot spots

995

00:38:15,910 --> 00:38:13,920

yeah i'm very interested in seeing if

996

00:38:18,950 --> 00:38:15,920

you can help me locate hot spots near my

997

00:38:20,310 --> 00:38:18,960

home state because guess what i just got

998

00:38:22,470 --> 00:38:20,320

right

999

00:38:25,190 --> 00:38:22,480

i just got a good enough telescope that

1000

00:38:27,349 --> 00:38:25,200

i can do film and video through

1001
00:38:29,750 --> 00:38:27,359
that's decent enough quality and i want

1002
00:38:31,829 --> 00:38:29,760
to find some hot spots in my

1003
00:38:33,430 --> 00:38:31,839
local area do you think they're going to

1004
00:38:35,190 --> 00:38:33,440
hold still long enough for you to get

1005
00:38:37,829 --> 00:38:35,200
them out of your house i'm hoping i'm

1006
00:38:40,550 --> 00:38:37,839
hoping miss costa i'm going to try no no

1007
00:38:42,950 --> 00:38:40,560
no no no the thing is they seem to have

1008
00:38:45,270 --> 00:38:42,960
a.i with telepathic capability and they

1009
00:38:47,030 --> 00:38:45,280
know the minute you look at them

1010
00:38:49,190 --> 00:38:47,040
they they realize you're looking at them

1011
00:38:51,510 --> 00:38:49,200
and they take off you know or they wink

1012
00:38:53,589 --> 00:38:51,520
out or whatever yes kind of like you

1013
00:38:55,270 --> 00:38:53,599

know i've heard this argument from alien

1014

00:38:57,190 --> 00:38:55,280

abductee people because

1015

00:38:59,510 --> 00:38:57,200

anytime i hear that somebody's abducted

1016

00:39:01,190 --> 00:38:59,520

by aliens my thing and especially when

1017

00:39:02,550 --> 00:39:01,200

somebody says it happens every night or

1018

00:39:04,310 --> 00:39:02,560

it happens once a week my thing is

1019

00:39:05,910 --> 00:39:04,320

always set up cameras but you know then

1020

00:39:07,910 --> 00:39:05,920

they say well they don't show up if you

1021

00:39:09,750 --> 00:39:07,920

set up the cameras so who knows

1022

00:39:12,069 --> 00:39:09,760

maybe they uh maybe they are aware of

1023

00:39:13,750 --> 00:39:12,079

when they're being observed dr velay

1024

00:39:15,030 --> 00:39:13,760

said that that is sometimes a problem

1025

00:39:17,030 --> 00:39:15,040

they'd go out there and set up all their

1026

00:39:19,030 --> 00:39:17,040

equipment and they wouldn't show up

1027

00:39:21,030 --> 00:39:19,040

start packing this away and they show up

1028

00:39:25,990 --> 00:39:21,040

you know

1029

00:39:27,990 --> 00:39:26,000

out of mind's mentioning hot spots no

1030

00:39:31,109 --> 00:39:28,000

not no no no not hot spots above

1031

00:39:32,550 --> 00:39:31,119

military bases that's a fallacy

1032

00:39:33,589 --> 00:39:32,560

okay yes and no

1033

00:39:35,910 --> 00:39:33,599

see

1034

00:39:38,069 --> 00:39:35,920

back in the 70s a lady

1035

00:39:40,390 --> 00:39:38,079

did use the national ufo reporting

1036

00:39:41,510 --> 00:39:40,400

center data and she found a correlation

1037

00:39:43,750 --> 00:39:41,520

to

1038

00:39:46,390 --> 00:39:43,760

the major military bases

1039

00:39:49,190 --> 00:39:46,400

after the cold war a lot of bases were

1040

00:39:51,430 --> 00:39:49,200

downgraded to reserve bases and national

1041

00:39:54,550 --> 00:39:51,440

guard bases that type of thing and only

1042

00:39:56,790 --> 00:39:54,560

a handful became

1043

00:39:59,430 --> 00:39:56,800

stayed active duty bases

1044

00:40:02,069 --> 00:39:59,440

now i interviewed as a journalist lou

1045

00:40:03,670 --> 00:40:02,079

alexander two or three times

1046

00:40:05,510 --> 00:40:03,680

uh he was a guy who ran the a-tip

1047

00:40:09,349 --> 00:40:05,520

program at the pentagon sure we're well

1048

00:40:10,630 --> 00:40:09,359

aware yeah and uh i asked him about this

1049

00:40:16,150 --> 00:40:10,640

and

1050

00:40:18,390 --> 00:40:16,160

to be haunting our nuclear technology

1051
00:40:20,790 --> 00:40:18,400
they loiter around our bases where the

1052
00:40:22,309 --> 00:40:20,800
advanced nuclear technology is they

1053
00:40:25,589 --> 00:40:22,319
loiter around the fleet where the

1054
00:40:28,069 --> 00:40:25,599
advanced nuclear technology is okay and

1055
00:40:28,950 --> 00:40:28,079
that seems to be the case

1056
00:40:31,750 --> 00:40:28,960
these

1057
00:40:34,309 --> 00:40:31,760
nuclear craft like nuclear aircraft

1058
00:40:35,910 --> 00:40:34,319
carriers are seen yeah there's that

1059
00:40:37,829 --> 00:40:35,920
pluses the nuclear weapons that are

1060
00:40:40,150 --> 00:40:37,839
being carried on that thing is reserved

1061
00:40:42,470 --> 00:40:40,160
weapons remember nuclear weapons are not

1062
00:40:44,790 --> 00:40:42,480
primary weapons usually explosives

1063
00:40:45,750 --> 00:40:44,800

nuclear weapons are considered a reserve

1064

00:40:49,829 --> 00:40:45,760

weapon

1065

00:40:51,990 --> 00:40:49,839

while i was in the military that's what

1066

00:40:54,550 --> 00:40:52,000

we called them okay

1067

00:40:56,470 --> 00:40:54,560

the deal is is that uh while they do

1068

00:40:58,950 --> 00:40:56,480

loiter around some of our bases and

1069

00:41:00,870 --> 00:40:58,960

everything like this oh by the way and

1070

00:41:03,109 --> 00:41:00,880

no they don't loiter around the nuclear

1071

00:41:04,790 --> 00:41:03,119

power 55 nuclear power plants we got in

1072

00:41:06,710 --> 00:41:04,800

the country i had the street address and

1073

00:41:09,109 --> 00:41:06,720

the county for every one of them we ran

1074

00:41:10,870 --> 00:41:09,119

them against the database no no no they

1075

00:41:13,270 --> 00:41:10,880

don't hang out there they're actually

1076

00:41:16,390 --> 00:41:13,280

more interested in our polluted lakes

1077

00:41:18,790 --> 00:41:16,400

polluted rivers dead cold mines our

1078

00:41:20,550 --> 00:41:18,800

our waste areas our brown fields they're

1079

00:41:22,630 --> 00:41:20,560

much more interested in that and are

1080

00:41:24,950 --> 00:41:22,640

also our unstable fault lines they're

1081

00:41:27,510 --> 00:41:24,960

really really interested in that and yes

1082

00:41:30,309 --> 00:41:27,520

they hang around big cities

1083

00:41:31,829 --> 00:41:30,319

but the majority of the sightings even

1084

00:41:33,270 --> 00:41:31,839

though there's a lot around big cities

1085

00:41:36,309 --> 00:41:33,280

because there's lots of people to see

1086

00:41:39,349 --> 00:41:36,319

them if you go out with the zip codes

1087

00:41:41,829 --> 00:41:39,359

because the zip code will take in maybe

1088

00:41:44,309 --> 00:41:41,839

a few villages and towns outside of the

1089

00:41:46,470 --> 00:41:44,319

city but also take in a whole bunch of

1090

00:41:48,710 --> 00:41:46,480

those unincorporated communities that

1091

00:41:50,230 --> 00:41:48,720

are out there smaller towns and that's

1092

00:41:52,550 --> 00:41:50,240

where you start seeing that whole

1093

00:41:55,349 --> 00:41:52,560

leisure time thing kick in is most

1094

00:41:57,670 --> 00:41:55,359

people most sightings occur between 5 30

1095

00:41:59,750 --> 00:41:57,680

at night and 11 30 at night with the

1096

00:42:01,510 --> 00:41:59,760

peak of it happening between 8 30 at

1097

00:42:05,109 --> 00:42:01,520

night and 10 30.

1098

00:42:07,030 --> 00:42:05,119

75 of the sightings happen between 5 30

1099

00:42:09,430 --> 00:42:07,040

at night to 7 30 at night or i'm sorry

1100

00:42:11,750 --> 00:42:09,440

11 30 at night the other

1101
00:42:15,510 --> 00:42:11,760
17 hours of the day

1102
00:42:16,950 --> 00:42:15,520
represent about 25 of the sightings

1103
00:42:18,150 --> 00:42:16,960
who knew

1104
00:42:20,630 --> 00:42:18,160
yeah so

1105
00:42:22,470 --> 00:42:20,640
so do you think it is

1106
00:42:24,230 --> 00:42:22,480
there is something to the nuclear thing

1107
00:42:25,510 --> 00:42:24,240
but they're more interested in military

1108
00:42:27,510 --> 00:42:25,520
craft because you said they're not

1109
00:42:33,510 --> 00:42:27,520
interested in the power

1110
00:42:36,950 --> 00:42:34,309
there

1111
00:42:38,630 --> 00:42:36,960
okay that's the deal the data doesn't as

1112
00:42:40,230 --> 00:42:38,640
they used to say in the CSI program

1113
00:42:42,829 --> 00:42:40,240

follow the evidence

1114

00:42:44,790 --> 00:42:42,839

the data doesn't point to this

1115

00:42:46,950 --> 00:42:44,800

okay interesting because i had heard

1116

00:42:48,710 --> 00:42:46,960

from you know you just hear things and

1117

00:42:50,150 --> 00:42:48,720

i'm sure that i'd heard that there was

1118

00:42:51,990 --> 00:42:50,160

sightings or a lot of sightings near

1119

00:42:53,829 --> 00:42:52,000

nuclear power plants i hear that all the

1120

00:42:56,069 --> 00:42:53,839

time too but the numbers don't back it

1121

00:42:57,829 --> 00:42:56,079

up yeah this is a common belief that

1122

00:42:59,030 --> 00:42:57,839

that somehow they're attracted to

1123

00:43:01,589 --> 00:42:59,040

nuclear

1124

00:43:03,589 --> 00:43:01,599

sources or energy okay now we can go

1125

00:43:04,950 --> 00:43:03,599

there for a minute think about this we

1126

00:43:07,270 --> 00:43:04,960

used to have so we've had sightings

1127

00:43:08,230 --> 00:43:07,280

around since before biblical times

1128

00:43:10,470 --> 00:43:08,240

okay

1129

00:43:12,390 --> 00:43:10,480

roman soldiers used to log these things

1130

00:43:14,870 --> 00:43:12,400

into their watch reports you know

1131

00:43:17,349 --> 00:43:14,880

they've been around this a long time but

1132

00:43:20,790 --> 00:43:17,359

we when we detonated three nukes back in

1133

00:43:23,510 --> 00:43:20,800

1945 suddenly in 1947 we're up to our

1134

00:43:25,750 --> 00:43:23,520

but in in ufos

1135

00:43:28,470 --> 00:43:25,760

okay and basically the i think the

1136

00:43:31,190 --> 00:43:28,480

attitude was oh my gosh the

1137

00:43:32,790 --> 00:43:31,200

natives have a box of matches yeah i

1138

00:43:34,470 --> 00:43:32,800

talked to i i interviewed stanton

1139

00:43:37,349 --> 00:43:34,480

freeman before and he was fond of that

1140

00:43:38,950 --> 00:43:37,359

saying like oh the kids

1141

00:43:40,710 --> 00:43:38,960

i love that man i really yeah the kids

1142

00:43:42,950 --> 00:43:40,720

got the matches and maybe this is

1143

00:43:45,990 --> 00:43:42,960

something that we should be looking at

1144

00:43:47,109 --> 00:43:46,000

because the kids got the matches now

1145

00:43:48,870 --> 00:43:47,119

and certainly

1146

00:43:51,589 --> 00:43:48,880

as any civilization that develops

1147

00:43:53,910 --> 00:43:51,599

nuclear technology could also develop

1148

00:43:55,829 --> 00:43:53,920

space faring technology this is again

1149

00:43:58,390 --> 00:43:55,839

from stan friedman you know nuclear

1150

00:43:59,750 --> 00:43:58,400

rockets could get you to the near nearby

1151
00:44:01,829 --> 00:43:59,760
star systems

1152
00:44:03,990 --> 00:44:01,839
that are not your own so certainly that

1153
00:44:05,990 --> 00:44:04,000
should be a cause for concern if we can

1154
00:44:08,630 --> 00:44:06,000
create nuclear bombs we can also create

1155
00:44:10,870 --> 00:44:08,640
nuclear rockets to to

1156
00:44:12,630 --> 00:44:10,880
go and visit nearby star systems so

1157
00:44:14,710 --> 00:44:12,640
maybe we at that point we became a

1158
00:44:18,710 --> 00:44:14,720
threat to them or a possible threat

1159
00:44:20,710 --> 00:44:18,720
worthy of monitoring right yeah uh

1160
00:44:24,390 --> 00:44:20,720
the guy named

1161
00:44:26,710 --> 00:44:24,400
robert haster did the books about um

1162
00:44:29,589 --> 00:44:26,720
ufos and nukes and nukes i have those

1163
00:44:32,309 --> 00:44:29,599

yeah and and i saw a live presentation

1164

00:44:35,750 --> 00:44:32,319

by him in 2017 at a mufon conference and

1165

00:44:37,990 --> 00:44:35,760

if i ever had any doubts left in my mind

1166

00:44:39,510 --> 00:44:38,000

this was the smoking gun for me because

1167

00:44:41,109 --> 00:44:39,520

he was using

1168

00:44:43,510 --> 00:44:41,119

um

1169

00:44:45,750 --> 00:44:43,520

real government reports mentioning these

1170

00:44:47,910 --> 00:44:45,760

missile silos getting shot

1171

00:44:50,790 --> 00:44:47,920

shut down and then we started seeing

1172

00:44:52,790 --> 00:44:50,800

video from some of these guys testifying

1173

00:44:55,030 --> 00:44:52,800

testifying so to speak at the national

1174

00:44:55,910 --> 00:44:55,040

press club about this former mistleman

1175

00:44:56,870 --> 00:44:55,920

okay

1176

00:44:57,670 --> 00:44:56,880

and

1177

00:44:59,510 --> 00:44:57,680

so

1178

00:45:01,349 --> 00:44:59,520

yeah i think they saved us from

1179

00:45:03,030 --> 00:45:01,359

annihilating theirs annihilating

1180

00:45:06,550 --> 00:45:03,040

ourselves a couple of times back in the

1181

00:45:08,630 --> 00:45:06,560

80s because we were real close i mean i

1182

00:45:10,230 --> 00:45:08,640

i was really sweating that reagan was

1183

00:45:12,470 --> 00:45:10,240

going to push the button one these days

1184

00:45:15,030 --> 00:45:12,480

you know and

1185

00:45:17,510 --> 00:45:15,040

yeah i remember i remember that that at

1186

00:45:19,910 --> 00:45:17,520

that time and being like you know like

1187

00:45:22,950 --> 00:45:19,920

wow we could all just die tomorrow if

1188

00:45:25,750 --> 00:45:22,960

these two countries don't you know work

1189

00:45:28,390 --> 00:45:25,760

out their differences right yeah

1190

00:45:30,069 --> 00:45:28,400

um so the big deal with the nukes they

1191

00:45:32,150 --> 00:45:30,079

seem to be very interested in because we

1192

00:45:34,230 --> 00:45:32,160

could quite literally destroy the planet

1193

00:45:36,309 --> 00:45:34,240

now i've had a lot of

1194

00:45:37,190 --> 00:45:36,319

senior talk show hosts come to me and

1195

00:45:39,030 --> 00:45:37,200

say

1196

00:45:41,430 --> 00:45:39,040

why are we getting all of this stuff

1197

00:45:44,069 --> 00:45:41,440

around the bases around the ships right

1198

00:45:46,390 --> 00:45:44,079

now all that stuff you know they're

1199

00:45:48,550 --> 00:45:46,400

letting themselves be seen we know they

1200

00:45:50,390 --> 00:45:48,560

can stealth it out you know why are they

1201
00:45:52,230 --> 00:45:50,400
certainly allowing us to see them on

1202
00:45:55,190 --> 00:45:52,240
infrared and on radar and things like

1203
00:45:55,990 --> 00:45:55,200
this flying past our f-18s you know

1204
00:45:58,950 --> 00:45:56,000
playing

1205
00:46:00,550 --> 00:45:58,960
um

1206
00:46:03,829 --> 00:46:00,560
i think it's one or two things either

1207
00:46:05,510 --> 00:46:03,839
e.t is trying to push the situation so

1208
00:46:08,230 --> 00:46:05,520
the government has to tell the rest of

1209
00:46:09,589 --> 00:46:08,240
the the civilization that these guys are

1210
00:46:10,470 --> 00:46:09,599
around

1211
00:46:12,230 --> 00:46:10,480
or

1212
00:46:14,470 --> 00:46:12,240
we're so close to our

1213
00:46:16,069 --> 00:46:14,480

ecological tipping point but judging

1214

00:46:19,349 --> 00:46:16,079

from the kind of weather we've had this

1215

00:46:21,790 --> 00:46:19,359

year i would say you think you know uh

1216

00:46:23,510 --> 00:46:21,800

we're so close to our tipping point

1217

00:46:24,390 --> 00:46:23,520

ecologically

1218

00:46:27,109 --> 00:46:24,400

that

1219

00:46:28,710 --> 00:46:27,119

they they may be taking the ad if you

1220

00:46:31,030 --> 00:46:28,720

guys won't fix it we're going to come

1221

00:46:32,630 --> 00:46:31,040

there and help you and make you fix it

1222

00:46:35,109 --> 00:46:32,640

you know these planets like this are

1223

00:46:37,109 --> 00:46:35,119

rare even though life is teeming teeming

1224

00:46:39,349 --> 00:46:37,119

throughout the universe these kinds of

1225

00:46:41,190 --> 00:46:39,359

inhabitants are rare yeah but planets

1226
00:46:42,790 --> 00:46:41,200
that can support

1227
00:46:44,390 --> 00:46:42,800
you know i've heard people theorize that

1228
00:46:46,309 --> 00:46:44,400
one of the reasons they they have an

1229
00:46:47,670 --> 00:46:46,319
interest in earth is because planets

1230
00:46:50,390 --> 00:46:47,680
that can support

1231
00:46:52,630 --> 00:46:50,400
very complicated life forms like ours

1232
00:46:54,950 --> 00:46:52,640
are rare they're they're out there but

1233
00:46:57,270 --> 00:46:54,960
they're they're rare and and with as

1234
00:46:58,470 --> 00:46:57,280
with any rare resource you don't want to

1235
00:47:01,349 --> 00:46:58,480
waste

1236
00:47:03,750 --> 00:47:01,359
that rare resource you want to use it to

1237
00:47:04,550 --> 00:47:03,760
you know the benefit of all right

1238
00:47:07,190 --> 00:47:04,560

yeah

1239

00:47:09,750 --> 00:47:07,200

exactly so of all this data that you're

1240

00:47:10,470 --> 00:47:09,760

gathering you you probably have a pretty

1241

00:47:12,390 --> 00:47:10,480

good

1242

00:47:14,950 --> 00:47:12,400

take on

1243

00:47:17,190 --> 00:47:14,960

is this is is the sightings going to

1244

00:47:20,870 --> 00:47:17,200

ramp up and continue to ramp up are we

1245

00:47:22,470 --> 00:47:20,880

going to see more ufos in the future

1246

00:47:25,589 --> 00:47:22,480

i think i think we're going to continue

1247

00:47:27,430 --> 00:47:25,599

well if it stays in our normal cycle

1248

00:47:28,790 --> 00:47:27,440

uh we're going to ramp up for the next

1249

00:47:30,870 --> 00:47:28,800

four or five years and it's going to

1250

00:47:33,030 --> 00:47:30,880

start ramping down again

1251
00:47:35,349 --> 00:47:33,040
okay now peop again you're asking me

1252
00:47:38,309 --> 00:47:35,359
about hot spots people say cheryl

1253
00:47:40,150 --> 00:47:38,319
where's the hot spots i'll say do you

1254
00:47:41,670 --> 00:47:40,160
have a particular state in mind do you

1255
00:47:43,829 --> 00:47:41,680
have a particular

1256
00:47:45,510 --> 00:47:43,839
time of year in mind do you know that

1257
00:47:47,670 --> 00:47:45,520
somebody we just discovered that some of

1258
00:47:50,069 --> 00:47:47,680
the ufos or actually most of the ufo

1259
00:47:51,190 --> 00:47:50,079
silhouette shapes silhouettes have

1260
00:47:52,950 --> 00:47:51,200
seasons

1261
00:47:54,870 --> 00:47:52,960
we only found that out

1262
00:47:56,549 --> 00:47:54,880
with building this book in fact we're

1263
00:47:59,430 --> 00:47:56,559

gonna do a separate book just on that

1264

00:48:01,430 --> 00:47:59,440

stuff uh wait wait so people see

1265

00:48:03,750 --> 00:48:01,440

triangles during certain season people

1266

00:48:06,069 --> 00:48:03,760

see saucers during other seasons yeah

1267

00:48:07,990 --> 00:48:06,079

you see them all here but they they're

1268

00:48:10,230 --> 00:48:08,000

peaking up in certain seasons some are

1269

00:48:11,670 --> 00:48:10,240

only here and really really here in

1270

00:48:13,430 --> 00:48:11,680

volume in the winter time some of them

1271

00:48:15,270 --> 00:48:13,440

are here only in the spring most of the

1272

00:48:18,230 --> 00:48:15,280

year in the summer time this is the

1273

00:48:20,870 --> 00:48:18,240

benefit of good data analysis because

1274

00:48:23,190 --> 00:48:20,880

i've never heard that and i'm sure given

1275

00:48:25,670 --> 00:48:23,200

the book and and how much data it's

1276

00:48:27,589 --> 00:48:25,680

packed with you can do a chart right and

1277

00:48:29,510 --> 00:48:27,599

see yeah oh i i did one the other day

1278

00:48:31,349 --> 00:48:29,520

i'll send it to you i'll email it to you

1279

00:48:33,430 --> 00:48:31,359

after after the show yeah

1280

00:48:35,109 --> 00:48:33,440

no you want to hear what our next thing

1281

00:48:39,670 --> 00:48:35,119

is going to be you're going to love this

1282

00:48:43,750 --> 00:48:41,910

since we fixed all that city data and

1283

00:48:46,549 --> 00:48:43,760

location data it's two things it's

1284

00:48:49,030 --> 00:48:46,559

municipalities and locations joe's

1285

00:48:51,030 --> 00:48:49,040

campground uh uh

1286

00:48:52,390 --> 00:48:51,040

lovers leap on such and such a mountain

1287

00:48:54,069 --> 00:48:52,400

you know there's locations that are

1288

00:48:55,190 --> 00:48:54,079

non-governmental

1289

00:48:57,829 --> 00:48:55,200

um

1290

00:49:00,309 --> 00:48:57,839

we fixed all that but if we printed out

1291

00:49:01,829 --> 00:49:00,319

all the cities with sightings

1292

00:49:02,950 --> 00:49:01,839

all the minnesota all that location

1293

00:49:05,430 --> 00:49:02,960

stuff

1294

00:49:07,430 --> 00:49:05,440

with the citing information not not the

1295

00:49:09,190 --> 00:49:07,440

write-ups about the setting when joe and

1296

00:49:12,230 --> 00:49:09,200

bob were out looking no just this

1297

00:49:13,190 --> 00:49:12,240

deciding information with the dates

1298

00:49:14,470 --> 00:49:13,200

okay

1299

00:49:17,109 --> 00:49:14,480

it would be

1300

00:49:19,430 --> 00:49:17,119

about a foot and a half thick we figured

1301

00:49:21,430 --> 00:49:19,440

be about 60 centimeters

1302

00:49:22,950 --> 00:49:21,440

okay two two or three oxford

1303

00:49:25,349 --> 00:49:22,960

dictionaries

1304

00:49:27,510 --> 00:49:25,359

so what we're gonna do is uh we've come

1305

00:49:29,670 --> 00:49:27,520

up with a rapid production process by

1306

00:49:32,390 --> 00:49:29,680

building these reports and tables are

1307

00:49:34,069 --> 00:49:32,400

the time-consuming part building them

1308

00:49:35,349 --> 00:49:34,079

into pdfs and then you put them into

1309

00:49:37,030 --> 00:49:35,359

something like adobe acrobat and you

1310

00:49:40,069 --> 00:49:37,040

just stack them up like blocks and you

1311

00:49:43,109 --> 00:49:41,670

that's why i was able to build this

1312

00:49:44,790 --> 00:49:43,119

other book when he actually put it

1313

00:49:46,630 --> 00:49:44,800

together

1314

00:49:48,390 --> 00:49:46,640

linda took a week of vacation also we

1315

00:49:50,790 --> 00:49:48,400

had a a weekend on either side of the

1316

00:49:52,630 --> 00:49:50,800

vacation and that week in the middle i

1317

00:49:53,829 --> 00:49:52,640

showed her all the pronouns we'd already

1318

00:49:55,270 --> 00:49:53,839

done

1319

00:49:56,470 --> 00:49:55,280

we laid them out on the floor we laid

1320

00:49:58,150 --> 00:49:56,480

them out on the bed we put them in the

1321

00:49:59,430 --> 00:49:58,160

dining room table and then and she

1322

00:50:00,710 --> 00:49:59,440

started saying okay these are going

1323

00:50:02,470 --> 00:50:00,720

first these are going second you know

1324

00:50:04,630 --> 00:50:02,480

that type of thing she played editor and

1325

00:50:07,190 --> 00:50:04,640

publisher and organized the book the way

1326
00:50:08,710 --> 00:50:07,200
she wanted to see it presented so we put

1327
00:50:10,470 --> 00:50:08,720
all that stuff together

1328
00:50:12,309 --> 00:50:10,480
i just started pulling in pdfs i

1329
00:50:14,549 --> 00:50:12,319
assembled the book in less than two

1330
00:50:15,829 --> 00:50:14,559
hours from all the pdfs i've been

1331
00:50:17,589 --> 00:50:15,839
building all your guys have been

1332
00:50:19,510 --> 00:50:17,599
building the building blocks right and

1333
00:50:20,710 --> 00:50:19,520
then you can stack them up there's some

1334
00:50:22,309 --> 00:50:20,720
days you're sitting there working out

1335
00:50:23,670 --> 00:50:22,319
and saying oh god i can't do numbers

1336
00:50:25,430 --> 00:50:23,680
today let me work on the graphics

1337
00:50:27,270 --> 00:50:25,440
instead especially this book what is it

1338
00:50:31,829 --> 00:50:27,280

it's huge book how many pages is in this

1339

00:50:33,910 --> 00:50:31,839

book 430 430 yes 2.7 pounds already

1340

00:50:35,190 --> 00:50:33,920

credited with a concussion we want to

1341

00:50:37,270 --> 00:50:35,200

stop uh

1342

00:50:40,069 --> 00:50:37,280

stop and recognize m fisher with a kind

1343

00:50:41,910 --> 00:50:40,079

and generous uh seven pound donation uh

1344

00:50:44,230 --> 00:50:41,920

she really has the complete database in

1345

00:50:46,309 --> 00:50:44,240

her memory doesn't she and amazing great

1346

00:50:47,829 --> 00:50:46,319

job steven yeah thank you very much for

1347

00:50:50,790 --> 00:50:47,839

your kindness your generosity and your

1348

00:50:52,390 --> 00:50:50,800

support it really does help us to uh

1349

00:50:54,470 --> 00:50:52,400

we're a viewer supported show so there's

1350

00:50:58,610 --> 00:50:54,480

a money button down there thank you

1351
00:51:07,990 --> 00:51:05,990

[Music]

1352
00:51:10,069 --> 00:51:08,000

and we had a great question that i don't

1353
00:51:11,990 --> 00:51:10,079

want to miss

1354
00:51:13,270 --> 00:51:12,000

moody mongol asked this

1355
00:51:18,950 --> 00:51:13,280

um

1356
00:51:21,349 --> 00:51:18,960

in gas form to boost the bomb's effect

1357
00:51:23,750 --> 00:51:21,359

degrades every 15 or 20 years and needs

1358
00:51:26,309 --> 00:51:23,760

to be replaced in all missiles

1359
00:51:27,670 --> 00:51:26,319

are you do you know cheryl do ufo lights

1360
00:51:30,150 --> 00:51:27,680

correspond

1361
00:51:31,990 --> 00:51:30,160

to these refitting times

1362
00:51:34,069 --> 00:51:32,000

they may i have i don't know what the

1363
00:51:35,349 --> 00:51:34,079

schedules are for that refitting that's

1364

00:51:37,829 --> 00:51:35,359

something that we can't

1365

00:51:39,510 --> 00:51:37,839

quarterback you maybe yeah yeah

1366

00:51:42,549 --> 00:51:39,520

that it would be interesting to see if

1367

00:51:44,150 --> 00:51:42,559

they are sort of uh you know

1368

00:51:46,150 --> 00:51:44,160

more sightings when they're doing the

1369

00:51:48,309 --> 00:51:46,160

refit

1370

00:51:50,230 --> 00:51:48,319

yeah that's possible that's possible

1371

00:51:51,670 --> 00:51:50,240

okay here's the deal with what we're

1372

00:51:53,510 --> 00:51:51,680

going to do

1373

00:51:55,510 --> 00:51:53,520

we couldn't do it all in one book so

1374

00:51:57,349 --> 00:51:55,520

we're going to publish 50 individual

1375

00:51:59,190 --> 00:51:57,359

state books

1376

00:52:00,150 --> 00:51:59,200

right down to the municipal or local

1377

00:52:01,910 --> 00:52:00,160

level

1378

00:52:03,109 --> 00:52:01,920

with their site with their citing great

1379

00:52:04,470 --> 00:52:03,119

because then people could get the book

1380

00:52:06,390 --> 00:52:04,480

for their state that they want the

1381

00:52:07,990 --> 00:52:06,400

information yeah imagine what it would

1382

00:52:11,109 --> 00:52:08,000

look like a line if you got onto one

1383

00:52:14,870 --> 00:52:11,119

page it would go 2001 to 2020 across the

1384

00:52:17,750 --> 00:52:14,880

top and then if you saw your county

1385

00:52:19,670 --> 00:52:17,760

and then maybe your city all the shapes

1386

00:52:21,190 --> 00:52:19,680

that were seen in that 20-year window

1387

00:52:23,670 --> 00:52:21,200

would be lined right up there with how

1388

00:52:26,630 --> 00:52:23,680

many numbers how many of them were seen

1389

00:52:29,829 --> 00:52:26,640

for every one of those years okay

1390

00:52:31,670 --> 00:52:29,839

and um so we're going to build 50

1391

00:52:33,109 --> 00:52:31,680

individual state books

1392

00:52:37,030 --> 00:52:33,119

then we're going to build

1393

00:52:39,270 --> 00:52:37,040

29 individual shapes only books

1394

00:52:40,790 --> 00:52:39,280

one book for every single shape because

1395

00:52:43,750 --> 00:52:40,800

these books are all going to be between

1396

00:52:47,109 --> 00:52:43,760

250 and 380 pages

1397

00:52:48,950 --> 00:52:47,119

because we've got to

1398

00:52:50,710 --> 00:52:48,960

yeah we couldn't it's going to be a st

1399

00:52:53,030 --> 00:52:50,720

it's going to be it'd be a stack as tall

1400

00:52:55,589 --> 00:52:53,040

as i am so basically what we'll end up

1401

00:52:58,309 --> 00:52:55,599

with is about 80 or 90 books on this

1402

00:53:00,950 --> 00:52:58,319

selfie it will be the largest computer

1403

00:53:04,150 --> 00:53:00,960

compilation uh i'm sorry be the largest

1404

00:53:06,470 --> 00:53:04,160

collection of compiled ufo data ever

1405

00:53:08,549 --> 00:53:06,480

published in human history sampling a

1406

00:53:11,349 --> 00:53:08,559

20-year period and that's when linda and

1407

00:53:13,910 --> 00:53:11,359

i are going to retire

1408

00:53:15,190 --> 00:53:13,920

wow well yeah what a work to retire with

1409

00:53:17,270 --> 00:53:15,200

though and then you leave behind this

1410

00:53:19,430 --> 00:53:17,280

legacy of all of this

1411

00:53:21,510 --> 00:53:19,440

like i said i'm such a data

1412

00:53:24,390 --> 00:53:21,520

person and there seems to be such a lack

1413

00:53:26,230 --> 00:53:24,400

of it in this field that i wanted to i

1414

00:53:27,910 --> 00:53:26,240

sure wanted to have you on and pick your

1415

00:53:29,990 --> 00:53:27,920

brain about all this stuff can we talk

1416

00:53:32,230 --> 00:53:30,000

to lake erie there's a question there

1417

00:53:34,150 --> 00:53:32,240

about lake erie yeah yeah okay he's

1418

00:53:36,870 --> 00:53:34,160

talking about the lake erie sightings

1419

00:53:40,230 --> 00:53:36,880

okay it's the lake erie effect okay the

1420

00:53:42,870 --> 00:53:40,240

light gary and the uh the the

1421

00:53:46,950 --> 00:53:42,880

niagara frontier okay remember i talked

1422

00:53:48,710 --> 00:53:46,960

about water being a driver a long uh 30

1423

00:53:51,030 --> 00:53:48,720

of the sightings in new york state

1424

00:53:53,670 --> 00:53:51,040

follow along the saint lawrence seaway

1425

00:53:56,549 --> 00:53:53,680

up up up above ogdensburg

1426
00:53:59,030 --> 00:53:56,559
down down across through lake ontario

1427
00:54:01,670 --> 00:53:59,040
uh down through the buffalo area into in

1428
00:54:05,109 --> 00:54:01,680
the middle of lake erie okay now for

1429
00:54:07,349 --> 00:54:05,119
years people said that uh next to

1430
00:54:11,109 --> 00:54:07,359
the hudson valley lake erie was the

1431
00:54:13,750 --> 00:54:11,119
other big major ground zero for ufos

1432
00:54:16,150 --> 00:54:13,760
and that was very true based on the data

1433
00:54:16,910 --> 00:54:16,160
that people understood that time

1434
00:54:27,990 --> 00:54:16,920
in

1435
00:54:30,950 --> 00:54:28,000
monroe county which is essentially the

1436
00:54:33,990 --> 00:54:30,960
rochester area on lake ontario and then

1437
00:54:35,990 --> 00:54:34,000
he had almost as many sightings as the

1438
00:54:36,829 --> 00:54:36,000

lake erie area did

1439

00:54:39,030 --> 00:54:36,839

and

1440

00:54:40,230 --> 00:54:39,040

people the old old-timers were looking

1441

00:54:42,789 --> 00:54:40,240

and says wow we didn't know there was a

1442

00:54:44,470 --> 00:54:42,799

lake ontario effect holy god you know

1443

00:54:46,549 --> 00:54:44,480

and and the other thing was we found out

1444

00:54:48,390 --> 00:54:46,559

something else from the canadian side

1445

00:54:50,950 --> 00:54:48,400

there have been there have been folk

1446

00:54:53,430 --> 00:54:50,960

stories since the colonial era that said

1447

00:54:56,150 --> 00:54:53,440

that there's a civilization that lives

1448

00:54:57,990 --> 00:54:56,160

under lake ontario

1449

00:54:59,829 --> 00:54:58,000

okay that's pretty interesting

1450

00:55:01,910 --> 00:54:59,839

okay so bottom line in new york state

1451
00:55:04,470 --> 00:55:01,920
people said well then what's the hot

1452
00:55:06,630 --> 00:55:04,480
spot is it lake erie or is it the the

1453
00:55:08,390 --> 00:55:06,640
hudson valley and i said no it's suffolk

1454
00:55:11,589 --> 00:55:08,400
county long island

1455
00:55:14,630 --> 00:55:13,349
uh i'm not a big believer in montauk

1456
00:55:16,630 --> 00:55:14,640
though i don't know i've been there and

1457
00:55:18,390 --> 00:55:16,640
i thought there's nothing here okay but

1458
00:55:19,349 --> 00:55:18,400
there is water on both sides you get the

1459
00:55:20,950 --> 00:55:19,359
sound

1460
00:55:22,950 --> 00:55:20,960
the atlantic ocean

1461
00:55:25,109 --> 00:55:22,960
that's a major driver and also people

1462
00:55:27,030 --> 00:55:25,119
are asking which which

1463
00:55:28,150 --> 00:55:27,040

you're you keep referring to linda and i

1464

00:55:31,270 --> 00:55:28,160

believe you're referring to your

1465

00:55:33,349 --> 00:55:31,280

co-author linda miller she is my wife

1466

00:55:35,430 --> 00:55:33,359

yeah okay two lady household here you

1467

00:55:37,670 --> 00:55:35,440

know

1468

00:55:39,270 --> 00:55:37,680

interesting okay yeah she's got a wife

1469

00:55:41,349 --> 00:55:39,280

and i've got a wife it works out great

1470

00:55:42,630 --> 00:55:41,359

you know reemsey here with a five dollar

1471

00:55:44,230 --> 00:55:42,640

super sticker thank you for your

1472

00:55:46,870 --> 00:55:44,240

kindness your generosity and your

1473

00:55:49,349 --> 00:55:46,880

support and lord ludacris plaid

1474

00:55:51,510 --> 00:55:49,359

uh with the question are nuclear waste

1475

00:55:53,829 --> 00:55:51,520

sites one of the most visited how does

1476
00:55:56,069 --> 00:55:53,839
waste compare to active missiles and

1477
00:55:58,950 --> 00:55:56,079
power plants on visits

1478
00:56:00,630 --> 00:55:58,960
versus people pollution okay

1479
00:56:04,150 --> 00:56:00,640
i went to nuclear power school when i

1480
00:56:06,710 --> 00:56:04,160
was in the navy and the the

1481
00:56:09,510 --> 00:56:06,720
amount of time it takes for that

1482
00:56:11,430 --> 00:56:09,520
hot very those very hot radioactively

1483
00:56:13,190 --> 00:56:11,440
hot rods

1484
00:56:14,950 --> 00:56:13,200
to

1485
00:56:18,870 --> 00:56:14,960
degrade

1486
00:56:20,150 --> 00:56:18,880
and by half-life it's like 25 000 years

1487
00:56:22,470 --> 00:56:20,160
so we're going to be living with this

1488
00:56:24,870 --> 00:56:22,480

waste for a long time

1489

00:56:26,230 --> 00:56:24,880

uh yeah they're they're interested in

1490

00:56:27,270 --> 00:56:26,240

that as well

1491

00:56:28,789 --> 00:56:27,280

um

1492

00:56:30,150 --> 00:56:28,799

very interesting let me thank everybody

1493

00:56:32,950 --> 00:56:30,160

for the super chats we're a viewer

1494

00:56:34,150 --> 00:56:32,960

supported television show and audio

1495

00:56:35,670 --> 00:56:34,160

podcast

1496

00:56:37,190 --> 00:56:35,680

so if you want to support us there's a

1497

00:56:39,589 --> 00:56:37,200

money button down there and you too can

1498

00:56:41,990 --> 00:56:39,599

throw money at us and you will receive

1499

00:56:43,430 --> 00:56:42,000

our gratitude and our thanks for your

1500

00:56:46,900 --> 00:56:43,440

kindness your generosity and support

1501

00:56:56,710 --> 00:56:54,870

[Music]

1502

00:56:58,630 --> 00:56:56,720

you got some generous listeners i used

1503

00:56:59,910 --> 00:56:58,640

to have a talk radio program and nobody

1504

00:57:01,990 --> 00:56:59,920

would give it

1505

00:57:04,390 --> 00:57:02,000

yeah it's great and you know what i

1506

00:57:06,150 --> 00:57:04,400

always say i always say it's this or

1507

00:57:08,230 --> 00:57:06,160

taco bell right

1508

00:57:11,109 --> 00:57:08,240

that's that's what i'm that's those are

1509

00:57:12,710 --> 00:57:11,119

my choices so i'd much prefer to do this

1510

00:57:14,710 --> 00:57:12,720

i think that we're doing some important

1511

00:57:16,950 --> 00:57:14,720

work here and i'd like you know i

1512

00:57:18,549 --> 00:57:16,960

haven't seen you uh

1513

00:57:20,870 --> 00:57:18,559

on any other show

1514

00:57:22,789 --> 00:57:20,880

you know maybe i just am not watching

1515

00:57:25,990 --> 00:57:22,799

enough ufos i've done a bunch of them

1516

00:57:27,910 --> 00:57:26,000

since since the second week yeah the

1517

00:57:29,430 --> 00:57:27,920

mailing that you saw but yeah i think

1518

00:57:30,549 --> 00:57:29,440

it's so important that we get people

1519

00:57:34,710 --> 00:57:30,559

like you

1520

00:57:36,870 --> 00:57:34,720

storytellers that don't have any

1521

00:57:40,230 --> 00:57:36,880

evidence or you know this is a complete

1522

00:57:41,510 --> 00:57:40,240

180 to to what a lot of what's out there

1523

00:57:44,150 --> 00:57:41,520

because

1524

00:57:46,870 --> 00:57:44,160

you know i i truly believe that having

1525

00:57:48,870 --> 00:57:46,880

access to all of this data gives you a

1526

00:57:51,109 --> 00:57:48,880

great deal of insight into things that

1527

00:57:53,670 --> 00:57:51,119

nobody's talking about this kind of

1528

00:57:56,390 --> 00:57:53,680

stuff and why not right let me give you

1529

00:57:58,150 --> 00:57:56,400

a thought here okay now

1530

00:58:00,069 --> 00:57:58,160

as we were getting done with the book

1531

00:58:02,549 --> 00:58:00,079

numerous people in my life the guy over

1532

00:58:05,109 --> 00:58:02,559

at staples you know different people who

1533

00:58:06,230 --> 00:58:05,119

i interacted a lot with this stuff

1534

00:58:08,630 --> 00:58:06,240

um

1535

00:58:10,230 --> 00:58:08,640

they would say to me well when you were

1536

00:58:12,309 --> 00:58:10,240

working on the book you did take out all

1537

00:58:14,950 --> 00:58:12,319

the this is a quote i got this almost

1538

00:58:17,670 --> 00:58:14,960

regularly you did take out the nuts

1539

00:58:18,390 --> 00:58:17,680

cooks nuts and crackpots right

1540

00:58:20,549 --> 00:58:18,400

and

1541

00:58:22,870 --> 00:58:20,559

it's like that line from the movie

1542

00:58:25,109 --> 00:58:22,880

amadeus when the emperor comes into

1543

00:58:27,109 --> 00:58:25,119

mozart and says you got a beautiful

1544

00:58:28,870 --> 00:58:27,119

symphony there just take out a few notes

1545

00:58:29,750 --> 00:58:28,880

and it'll be perfect you know that kind

1546

00:58:30,549 --> 00:58:29,760

of thing

1547

00:58:32,789 --> 00:58:30,559

and

1548

00:58:35,990 --> 00:58:32,799

the deal is is

1549

00:58:37,990 --> 00:58:36,000

uh what ones do i take out you know i

1550

00:58:41,270 --> 00:58:38,000

don't take them out i kept them all

1551

00:58:44,069 --> 00:58:41,280

statistically we can write some off

1552

00:58:46,230 --> 00:58:44,079

okay so let me show you how i do this as

1553

00:58:51,390 --> 00:58:46,240

a chalk talk when i do presentations

1554

00:58:54,950 --> 00:58:51,400

you'll love this okay we got 167

1555

00:58:59,030 --> 00:58:54,960

632 sightings over the past 20 years

1556

00:59:01,670 --> 00:58:59,040

i say dr villa says 80 noise mufon says

1557

00:59:02,950 --> 00:59:01,680

70 noise linda and i we came back we

1558

00:59:05,430 --> 00:59:02,960

came back with a number for two

1559

00:59:07,030 --> 00:59:05,440

different criterias that we we used and

1560

00:59:08,549 --> 00:59:07,040

came back with sixty percent sixty eight

1561

00:59:10,309 --> 00:59:08,559

percent seventy percent something we did

1562

00:59:13,030 --> 00:59:10,319

so let's go with seventy percent is

1563

00:59:15,829 --> 00:59:13,040

noise so we take thirty percent right

1564

00:59:16,829 --> 00:59:15,839

off the top and say okay thirty percent

1565

00:59:19,430 --> 00:59:16,839

is what we

1566

00:59:21,030 --> 00:59:19,440

want thirty percent of that hundred and

1567

00:59:24,230 --> 00:59:21,040

sixty seven thousand six hundred and

1568

00:59:26,710 --> 00:59:24,240

thirty two is about fifty thousand

1569

00:59:28,950 --> 00:59:26,720

divide that by twenty years it gives you

1570

00:59:30,230 --> 00:59:28,960

about twenty five hundred per year

1571

00:59:32,950 --> 00:59:30,240

average

1572

00:59:35,829 --> 00:59:32,960

divide that twenty 2 500 year 2 500 a

1573

00:59:37,750 --> 00:59:35,839

year by 12 months

1574

00:59:41,030 --> 00:59:37,760

that gives us

1575

00:59:42,390 --> 00:59:41,040

a number of 208 210 something like that

1576

00:59:44,069 --> 00:59:42,400

depending on how you're around the

1577

00:59:47,109 --> 00:59:44,079

decimal point okay

1578

00:59:48,190 --> 00:59:47,119

now what does that 210 mean

1579

00:59:51,589 --> 00:59:48,200

that's

1580

00:59:53,430 --> 00:59:51,599

210 if you're saying this 30 of the

1581

00:59:55,190 --> 00:59:53,440

genuine deal

1582

00:59:58,549 --> 00:59:55,200

at 210

1583

01:00:00,390 --> 00:59:58,559

a month for 240 months of the last 20

1584

01:00:01,829 --> 01:00:00,400

years

1585

01:00:04,950 --> 01:00:01,839

are genuine

1586

01:00:07,670 --> 01:00:04,960

and if if if all 50 states were equal

1587

01:00:10,470 --> 01:00:07,680

they're not but if all 50 states were

1588

01:00:14,630 --> 01:00:10,480

equal if you take that 210 and divide it

1589

01:00:16,789 --> 01:00:14,640

by 50 you come up with four okay

1590

01:00:20,069 --> 01:00:16,799

what does four mean it means that if all

1591

01:00:21,190 --> 01:00:20,079

states were equal in the last 20 years

1592

01:00:23,910 --> 01:00:21,200

then

1593

01:00:26,950 --> 01:00:23,920

every state in the union had four

1594

01:00:28,470 --> 01:00:26,960

genuine e.t events

1595

01:00:31,190 --> 01:00:28,480

a month

1596

01:00:33,430 --> 01:00:31,200

for the past 20 years

1597

01:00:36,309 --> 01:00:33,440

that's still a significant number when

1598

01:00:38,870 --> 01:00:36,319

you throw 70 out the window

1599

01:00:41,270 --> 01:00:38,880

yeah and like you said you can throw a

1600

01:00:43,510 --> 01:00:41,280

small portion out as maybe not credible

1601
01:00:45,270 --> 01:00:43,520
sightings we write off about

1602
01:00:47,430 --> 01:00:45,280
we would normally say about five to

1603
01:00:49,109 --> 01:00:47,440
seven percent

1604
01:00:51,670 --> 01:00:49,119
statistically

1605
01:00:54,150 --> 01:00:51,680
wow yeah it's interesting and and is

1606
01:00:56,789 --> 01:00:54,160
that because they're misidentifications

1607
01:00:57,430 --> 01:00:56,799
or not credible witnesses or

1608
01:00:59,109 --> 01:00:57,440
no

1609
01:01:01,030 --> 01:00:59,119
is there any criteria you use to write

1610
01:01:02,950 --> 01:01:01,040
those offer you just consider some of

1611
01:01:04,710 --> 01:01:02,960
the statistical data is going to just

1612
01:01:07,430 --> 01:01:04,720
just assume all of the above that you

1613
01:01:10,309 --> 01:01:07,440

just mentioned okay all the above okay

1614

01:01:11,910 --> 01:01:10,319

um i like to write off the um a three

1615

01:01:13,589 --> 01:01:11,920

and a half percent myself right off the

1616

01:01:16,230 --> 01:01:13,599

bat those are those the three and a half

1617

01:01:18,710 --> 01:01:16,240

percent are the people who did not fill

1618

01:01:20,549 --> 01:01:18,720

out the name of the city or the location

1619

01:01:22,710 --> 01:01:20,559

when they made the report

1620

01:01:24,789 --> 01:01:22,720

okay and we had to write in unspecified

1621

01:01:28,069 --> 01:01:24,799

and we had to for every single state we

1622

01:01:30,069 --> 01:01:28,079

had to assign it to an unknown county

1623

01:01:30,789 --> 01:01:30,079

well that's very interesting

1624

01:01:33,270 --> 01:01:30,799

so

1625

01:01:35,910 --> 01:01:33,280

you know we've we've we've talked about

1626

01:01:37,910 --> 01:01:35,920

all of the this little known

1627

01:01:40,069 --> 01:01:37,920

is there any other patterns that you're

1628

01:01:41,910 --> 01:01:40,079

seeing in the data that people are not

1629

01:01:45,349 --> 01:01:41,920

maybe not aware of

1630

01:01:49,270 --> 01:01:46,309

uh

1631

01:01:51,510 --> 01:01:49,280

okay we've we've seen certain shapes

1632

01:01:54,270 --> 01:01:51,520

show up uh and then other shapes show up

1633

01:01:57,430 --> 01:01:54,280

with them in fact when back in

1634

01:01:58,950 --> 01:01:57,440

2014 to 17 when all the sightings were

1635

01:02:01,430 --> 01:01:58,960

going in the toilet

1636

01:02:03,510 --> 01:02:01,440

uh everybody said oh that's terrible

1637

01:02:05,349 --> 01:02:03,520

that's terrible and i had one researcher

1638

01:02:07,349 --> 01:02:05,359

look at me and say oh yeah it's terrible

1639

01:02:08,789 --> 01:02:07,359

i said what if i told you three shapes

1640

01:02:10,870 --> 01:02:08,799

are on the increase and it seems like

1641

01:02:12,710 --> 01:02:10,880

when these guys come to town

1642

01:02:15,029 --> 01:02:12,720

everybody else vacates and they said

1643

01:02:17,190 --> 01:02:15,039

what shapes for them the saturn shape is

1644

01:02:18,710 --> 01:02:17,200

the mother ship the teardrop shape seems

1645

01:02:21,109 --> 01:02:18,720

to be as a

1646

01:02:23,910 --> 01:02:21,119

heavy duty shuttle and the egg shape

1647

01:02:25,990 --> 01:02:23,920

seems to be a scout ship and you see

1648

01:02:28,549 --> 01:02:26,000

them in frequencies that would be

1649

01:02:30,789 --> 01:02:28,559

appropriate for being auxiliary craft to

1650

01:02:32,870 --> 01:02:30,799

a mother ship and those motherships that

1651

01:02:35,349 --> 01:02:32,880

saturn shaped ship sort of looks acorn

1652

01:02:38,470 --> 01:02:35,359

shaped that's what the japan airlines

1653

01:02:40,230 --> 01:02:38,480

guy encountered back in 1986 it's a half

1654

01:02:42,549 --> 01:02:40,240

a mile wide

1655

01:02:44,309 --> 01:02:42,559

wow you only see about 40 of them and

1656

01:02:46,309 --> 01:02:44,319

you know what the kecksberg crash was

1657

01:02:54,470 --> 01:02:46,319

supposed to be an acorn shaped craft as

1658

01:02:57,750 --> 01:02:55,670

you're right that's how i've heard it

1659

01:02:59,829 --> 01:02:57,760

described the size of a volkswagen bus

1660

01:03:01,910 --> 01:02:59,839

yeah yeah yeah kecksburg's also in

1661

01:03:03,670 --> 01:03:01,920

pennsylvania so i've been there and

1662

01:03:05,829 --> 01:03:03,680

there's not much to see it's a sleepy

1663

01:03:07,750 --> 01:03:05,839

little town and there's this monument

1664

01:03:09,349 --> 01:03:07,760

they built like a replica

1665

01:03:11,829 --> 01:03:09,359

you know then you can just search

1666

01:03:13,670 --> 01:03:11,839

kecksburg ufo and you can see what i'm

1667

01:03:16,069 --> 01:03:13,680

talking about now can i share one

1668

01:03:17,349 --> 01:03:16,079

thought about what's been like to be two

1669

01:03:19,750 --> 01:03:17,359

gay women

1670

01:03:22,470 --> 01:03:19,760

coming out with the statistics we are we

1671

01:03:24,630 --> 01:03:22,480

are big supporters here of the ufo gay

1672

01:03:27,510 --> 01:03:24,640

rights and trans rights here everybody

1673

01:03:30,150 --> 01:03:27,520

is welcome here the community tended to

1674

01:03:31,029 --> 01:03:30,160

be dominated the expression by white

1675

01:03:33,510 --> 01:03:31,039

guys

1676

01:03:37,109 --> 01:03:33,520

and the white robes

1677

01:03:39,990 --> 01:03:37,119

white old guys yes and the problem was

1678

01:03:41,910 --> 01:03:40,000

uh what we ran up against was um there

1679

01:03:44,630 --> 01:03:41,920

was this attitude well you didn't invent

1680

01:03:46,470 --> 01:03:44,640

all that in first book 121 000 right you

1681

01:03:48,470 --> 01:03:46,480

didn't you didn't vet all those i said

1682

01:03:50,390 --> 01:03:48,480

how are we going to vet that

1683

01:03:52,230 --> 01:03:50,400

statistically we can write off seven

1684

01:03:54,230 --> 01:03:52,240

percent you better call five a day

1685

01:03:56,309 --> 01:03:54,240

you'll be there for 60 years i don't

1686

01:03:57,589 --> 01:03:56,319

have a time machine to go back to 2001

1687

01:03:59,750 --> 01:03:57,599

you know

1688

01:04:01,589 --> 01:03:59,760

so there was that plus there's the other

1689

01:04:04,549 --> 01:04:01,599

there's the other attitude we get a lot

1690

01:04:07,190 --> 01:04:04,559

on a number of shows they'll say well

1691

01:04:09,190 --> 01:04:07,200

you aren't field investigators and

1692

01:04:11,270 --> 01:04:09,200

like i told you before the show we're a

1693

01:04:13,349 --> 01:04:11,280

couple of old ladies we don't do cow

1694

01:04:15,510 --> 01:04:13,359

patties we don't do ticks we don't do

1695

01:04:18,069 --> 01:04:15,520

barbed wire and we don't do

1696

01:04:20,309 --> 01:04:18,079

um you know all of that stuff marching

1697

01:04:22,390 --> 01:04:20,319

around out in mrs murphy's barnyard

1698

01:04:24,950 --> 01:04:22,400

looking for ufo evidence

1699

01:04:28,069 --> 01:04:24,960

we we're doing like indiana jones we do

1700

01:04:31,029 --> 01:04:28,079

our expeditions in the library okay with

1701

01:04:33,190 --> 01:04:31,039

our computer terminals

1702

01:04:34,950 --> 01:04:33,200

interesting yeah and i don't blame you

1703

01:04:36,549 --> 01:04:34,960

because i've done some things where like

1704

01:04:38,309 --> 01:04:36,559

like when i went to kecksburg i wanted

1705

01:04:40,230 --> 01:04:38,319

to see the crash site

1706

01:04:42,150 --> 01:04:40,240

and i had to go crawling through the

1707

01:04:43,910 --> 01:04:42,160

woods like literally crawling through

1708

01:04:46,069 --> 01:04:43,920

the woods and it was you know not a

1709

01:04:47,990 --> 01:04:46,079

pleasant experience so i don't blame you

1710

01:04:48,950 --> 01:04:48,000

you want to what did you say earlier you

1711

01:04:51,750 --> 01:04:48,960

said that

1712

01:04:53,270 --> 01:04:51,760

it all starts in the library yeah right

1713

01:04:55,109 --> 01:04:53,280

yeah um

1714

01:04:56,150 --> 01:04:55,119

okay when i was doing my newspaper

1715

01:04:58,150 --> 01:04:56,160

column

1716

01:05:00,630 --> 01:04:58,160

i used to look up famous sightings in

1717

01:05:02,870 --> 01:05:00,640

some cases cases

1718

01:05:04,710 --> 01:05:02,880

and sometimes i would i would literally

1719

01:05:06,230 --> 01:05:04,720

have to go to a library and find old

1720

01:05:07,990 --> 01:05:06,240

books about ufo sightings maybe

1721

01:05:12,069 --> 01:05:08,000

published 15 20 years ago or something

1722

01:05:14,549 --> 01:05:12,079

like that to find interesting cases

1723

01:05:16,789 --> 01:05:14,559

and uh again as a journalist every week

1724

01:05:18,309 --> 01:05:16,799

you got to write something you know and

1725

01:05:19,990 --> 01:05:18,319

that was that was some of the stuff we

1726

01:05:21,750 --> 01:05:20,000

used to do and i found some very

1727

01:05:24,549 --> 01:05:21,760

intriguing stories here and there you

1728

01:05:25,670 --> 01:05:24,559

know so that's that's pretty much the

1729

01:05:27,589 --> 01:05:25,680

deal

1730

01:05:31,029 --> 01:05:27,599

we're doing it with data

1731

01:05:33,829 --> 01:05:31,039

um after the first book came out i had

1732

01:05:35,589 --> 01:05:33,839

three years worth of time to play you

1733

01:05:37,750 --> 01:05:35,599

know a lot of rainy afternoons and

1734

01:05:40,630 --> 01:05:37,760

nothing here once you retire you know

1735

01:05:42,630 --> 01:05:40,640

people say wow being retired must be fun

1736

01:05:44,710 --> 01:05:42,640

after about three months if you don't

1737

01:05:47,109 --> 01:05:44,720

have grandkids which i don't

1738

01:05:49,910 --> 01:05:47,119

um it's sort of like

1739

01:05:53,190 --> 01:05:49,920

a fort it's like groundhog day four-day

1740

01:05:55,270 --> 01:05:53,200

weekend from hell that never ends

1741

01:05:57,029 --> 01:05:55,280

yeah i i don't know i hear people say

1742

01:05:59,670 --> 01:05:57,039

that and me i would find things to

1743

01:06:01,029 --> 01:05:59,680

occupy myself i'd start building things

1744

01:06:02,710 --> 01:06:01,039

or you know

1745

01:06:05,029 --> 01:06:02,720

i don't know what i would do if i had

1746

01:06:07,190 --> 01:06:05,039

all the time in the world uh but i'd

1747

01:06:09,750 --> 01:06:07,200

find something to keep me busy but

1748

01:06:11,349 --> 01:06:09,760

that's what keeps me busy you know well

1749

01:06:13,270 --> 01:06:11,359

god bless you for having the time and

1750

01:06:14,230 --> 01:06:13,280

the energy to put together

1751
01:06:16,549 --> 01:06:14,240
such a

1752
01:06:17,910 --> 01:06:16,559
data driven people people are saying to

1753
01:06:19,990 --> 01:06:17,920
me well wait a minute you said you're

1754
01:06:22,870 --> 01:06:20,000
going to do 80 books and it's been about

1755
01:06:24,789 --> 01:06:22,880
18 months okay actually we had to stop

1756
01:06:26,950 --> 01:06:24,799
everything about now because we're

1757
01:06:28,789 --> 01:06:26,960
packing everything up because we're

1758
01:06:30,710 --> 01:06:28,799
being moved to

1759
01:06:33,109 --> 01:06:30,720
cleveland ohio

1760
01:06:35,990 --> 01:06:33,119
okay and we'll be out there around right

1761
01:06:38,230 --> 01:06:36,000
after halloween first week or so of uh

1762
01:06:40,150 --> 01:06:38,240
november so once we get re-established

1763
01:06:42,230 --> 01:06:40,160

get our whole house put together i get

1764

01:06:45,670 --> 01:06:42,240

we can get jump back in and work on the

1765

01:06:47,670 --> 01:06:45,680

books again once we get these books done

1766

01:06:49,349 --> 01:06:47,680

um

1767

01:06:51,750 --> 01:06:49,359

what's cheryl going to do well linda's

1768

01:06:54,390 --> 01:06:51,760

got her things that she likes to do she

1769

01:06:56,710 --> 01:06:54,400

likes to haunt museums me i'm into

1770

01:06:58,789 --> 01:06:56,720

live-action role-play gaming so i'm

1771

01:07:03,109 --> 01:06:58,799

going to go join the local larp group

1772

01:07:06,630 --> 01:07:05,190

go chase dragons and monsters and things

1773

01:07:08,789 --> 01:07:06,640

you know um

1774

01:07:11,670 --> 01:07:08,799

and and write i i write those kinds of

1775

01:07:14,150 --> 01:07:11,680

things too so uh that's what the plan is

1776

01:07:16,470 --> 01:07:14,160

is um to actually enjoy that aspect of

1777

01:07:17,670 --> 01:07:16,480

my retirement make more costuming in

1778

01:07:19,190 --> 01:07:17,680

fact you know what we're doing with our

1779

01:07:21,029 --> 01:07:19,200

new apartment

1780

01:07:23,109 --> 01:07:21,039

instead of the living room being a

1781

01:07:25,190 --> 01:07:23,119

living room

1782

01:07:27,109 --> 01:07:25,200

we're putting the tv

1783

01:07:28,870 --> 01:07:27,119

and the furniture we would normally sit

1784

01:07:30,870 --> 01:07:28,880

in for that kind of thing a couple big

1785

01:07:33,349 --> 01:07:30,880

lazy boy recliners kind of thing we're

1786

01:07:36,069 --> 01:07:33,359

putting them in the master bedroom and

1787

01:07:39,029 --> 01:07:36,079

we're making that into a tv parlor

1788

01:07:42,230 --> 01:07:39,039

remove the bed is going into just a

1789

01:07:45,829 --> 01:07:42,240

regular small bedroom just to sleep in

1790

01:07:48,150 --> 01:07:45,839

and we're taking that big 25 25 by 15

1791

01:07:50,549 --> 01:07:48,160

foot front room and we're making it into

1792

01:07:53,029 --> 01:07:50,559

a studio one end will be my riding nest

1793

01:07:55,190 --> 01:07:53,039

area at the other end every piece of

1794

01:07:56,789 --> 01:07:55,200

sewing equipment we have that's linda's

1795

01:07:59,109 --> 01:07:56,799

area and in the middle we're gonna have

1796

01:08:00,870 --> 01:07:59,119

a big huge projects table

1797

01:08:02,390 --> 01:08:00,880

okay and it could be a gaming table if

1798

01:08:04,870 --> 01:08:02,400

we want you know this is like that

1799

01:08:06,789 --> 01:08:04,880

brother stepbrothers movie more room for

1800

01:08:08,710 --> 01:08:06,799

activities

1801

01:08:10,630 --> 01:08:08,720

that's exactly the plan yeah i'm real

1802

01:08:12,470 --> 01:08:10,640

big on that like i don't know i have two

1803

01:08:14,470 --> 01:08:12,480

kids so like my whole living room is

1804

01:08:17,030 --> 01:08:14,480

just filled with you know a dumpster

1805

01:08:19,749 --> 01:08:17,040

full of toys

1806

01:08:21,189 --> 01:08:19,759

but if i had if i had the choice i would

1807

01:08:22,870 --> 01:08:21,199

do something similar but i have a

1808

01:08:24,229 --> 01:08:22,880

basement for that with all my well

1809

01:08:25,829 --> 01:08:24,239

lyndon and i were always fighting each

1810

01:08:27,590 --> 01:08:25,839

other fighting with each other about who

1811

01:08:29,189 --> 01:08:27,600

got to you know take over the dining

1812

01:08:30,630 --> 01:08:29,199

room table to cut out a pattern or

1813

01:08:32,789 --> 01:08:30,640

something you know on a

1814

01:08:33,590 --> 01:08:32,799

fabric or a costume or something so we

1815

01:08:35,910 --> 01:08:33,600

said

1816

01:08:38,709 --> 01:08:35,920

look if not now when why don't we just

1817

01:08:40,390 --> 01:08:38,719

build a huge studio and just have it out

1818

01:08:42,070 --> 01:08:40,400

all the time yeah yeah and do the things

1819

01:08:43,430 --> 01:08:42,080

that you enjoy anthony purcell had an

1820

01:08:44,550 --> 01:08:43,440

interesting sure

1821

01:08:46,070 --> 01:08:44,560

question

1822

01:08:47,829 --> 01:08:46,080

and he's saying that you should make all

1823

01:08:49,749 --> 01:08:47,839

your data available to the

1824

01:08:52,149 --> 01:08:49,759

website not a book so i wanted you to

1825

01:08:55,030 --> 01:08:52,159

address that because it's a valid uh

1826

01:08:55,910 --> 01:08:55,040

comment or criticism perhaps

1827

01:08:57,110 --> 01:08:55,920

okay

1828

01:08:59,910 --> 01:08:57,120

this is a

1829

01:09:03,030 --> 01:08:59,920

to descen first thing uh my intellectual

1830

01:09:04,229 --> 01:09:03,040

property attorney says no absolutely not

1831

01:09:06,149 --> 01:09:04,239

yeah okay

1832

01:09:09,590 --> 01:09:06,159

okay but the the other problem with that

1833

01:09:11,189 --> 01:09:09,600

is um websites are ephemeral okay

1834

01:09:13,749 --> 01:09:11,199

they're never quite the same the next

1835

01:09:15,510 --> 01:09:13,759

day kind of thing um books are around

1836

01:09:17,189 --> 01:09:15,520

there's still you know i've got four or

1837

01:09:19,910 --> 01:09:17,199

five old phones sitting over here in a

1838

01:09:21,829 --> 01:09:19,920

box in the attic that i can't even turn

1839

01:09:24,229 --> 01:09:21,839

on anymore that

1840

01:09:26,550 --> 01:09:24,239

information in there i would like dearly

1841

01:09:27,669 --> 01:09:26,560

love the hat download and get off those

1842

01:09:29,110 --> 01:09:27,679

phones

1843

01:09:30,550 --> 01:09:29,120

but you know we're still finding

1844

01:09:33,669 --> 01:09:30,560

beethoven's

1845

01:09:34,470 --> 01:09:33,679

scores in people's attics to this day

1846

01:09:37,590 --> 01:09:34,480

okay

1847

01:09:39,990 --> 01:09:37,600

paper is forever in a sense now that's

1848

01:09:41,669 --> 01:09:40,000

one thought the other thought is people

1849

01:09:43,590 --> 01:09:41,679

are saying why aren't you giving it a fr

1850

01:09:45,030 --> 01:09:43,600

away for free on the internet and i said

1851
01:09:46,630 --> 01:09:45,040
to a number of people who were

1852
01:09:48,309 --> 01:09:46,640
haranguing me on the first book about

1853
01:09:50,390 --> 01:09:48,319
that and i said are you willing to come

1854
01:09:51,910 --> 01:09:50,400
over and mow my lawn all summer are you

1855
01:09:53,749 --> 01:09:51,920
willing to come over and paint my back

1856
01:09:55,750 --> 01:09:53,759
porch and i said well no

1857
01:09:59,910 --> 01:09:55,760
why do you expect me to give away

1858
01:10:02,630 --> 01:09:59,920
intellectual work and property i've got

1859
01:10:05,669 --> 01:10:02,640
six between these two books we've got 6

1860
01:10:08,149 --> 01:10:05,679
000 hours of logged effort now people

1861
01:10:10,630 --> 01:10:08,159
say why would you know that many hours

1862
01:10:12,709 --> 01:10:10,640
we're both former government contractors

1863
01:10:14,790 --> 01:10:12,719

we know how to log time yeah you got to

1864

01:10:16,709 --> 01:10:14,800

keep track of that and by the way i just

1865

01:10:19,990 --> 01:10:16,719

want to tell everybody the book's 25

1866

01:10:22,550 --> 01:10:20,000

bucks and for a book with all of see me

1867

01:10:24,550 --> 01:10:22,560

to me it's worth every penny because

1868

01:10:26,790 --> 01:10:24,560

i want to comb through this data and see

1869

01:10:29,590 --> 01:10:26,800

if i can spot patterns

1870

01:10:32,470 --> 01:10:29,600

and and look at the data for my state

1871

01:10:34,709 --> 01:10:32,480

and uh you know and and and it really is

1872

01:10:37,189 --> 01:10:34,719

i think to anybody interested in ufos a

1873

01:10:39,750 --> 01:10:37,199

desk reference look at this big monster

1874

01:10:42,390 --> 01:10:39,760

oh the pink why is it pink

1875

01:10:44,149 --> 01:10:42,400

i think because we wanted if

1876

01:10:45,590 --> 01:10:44,159

we ended up but first thing it was built

1877

01:10:47,270 --> 01:10:45,600

by a couple of women

1878

01:10:48,709 --> 01:10:47,280

which is a lot of pushback in the ufo

1879

01:10:50,870 --> 01:10:48,719

community for years

1880

01:10:52,870 --> 01:10:50,880

the other thing was we dedicated it to

1881

01:10:55,510 --> 01:10:52,880

the first woman who started collecting

1882

01:10:58,950 --> 01:10:55,520

data back in 1952

1883

01:11:01,830 --> 01:10:58,960

coral lawrence she founded apro which

1884

01:11:03,910 --> 01:11:01,840

was the predecessor to move on mm-hmm

1885

01:11:05,830 --> 01:11:03,920

okay yeah i've heard of her dedicated so

1886

01:11:08,229 --> 01:11:05,840

women basically built this book in this

1887

01:11:11,030 --> 01:11:08,239

case and the other thing is if we do end

1888

01:11:13,669 --> 01:11:11,040

up in front of congress testifying

1889

01:11:15,270 --> 01:11:13,679

we wanted to feel people to know that if

1890

01:11:17,189 --> 01:11:15,280

you see the congressman up there on

1891

01:11:19,030 --> 01:11:17,199

television flipping through a book and

1892

01:11:22,709 --> 01:11:19,040

it's bright pink you could flag in an

1893

01:11:25,750 --> 01:11:24,070

that's pretty interesting so you want to

1894

01:11:26,950 --> 01:11:25,760

be able to spot your own book if people

1895

01:11:28,870 --> 01:11:26,960

were on television with them or

1896

01:11:30,550 --> 01:11:28,880

something like that looking at it right

1897

01:11:32,709 --> 01:11:30,560

like that one time

1898

01:11:34,790 --> 01:11:32,719

hillary clinton famously got

1899

01:11:36,709 --> 01:11:34,800

she had a ufo book and somebody did it

1900

01:11:38,390 --> 01:11:36,719

like a close-up and found that she was

1901

01:11:42,470 --> 01:11:38,400

reading a ufo book

1902

01:11:44,709 --> 01:11:42,480

so that's pretty interesting right yeah

1903

01:11:46,070 --> 01:11:44,719

so you you talked about what's next for

1904

01:11:49,030 --> 01:11:46,080

you is you're going to be publishing

1905

01:11:51,669 --> 01:11:49,040

these state by state

1906

01:11:53,510 --> 01:11:51,679

guides one for each state right one for

1907

01:11:55,189 --> 01:11:53,520

we're going to have the tables for every

1908

01:11:56,390 --> 01:11:55,199

state one of the things with the pink

1909

01:11:57,590 --> 01:11:56,400

book we did

1910

01:12:00,229 --> 01:11:57,600

which was

1911

01:12:03,110 --> 01:12:00,239

as linda said was our secret sauce we

1912

01:12:05,270 --> 01:12:03,120

actually broke down each of the shapes

1913

01:12:08,149 --> 01:12:05,280

and did it by year

1914

01:12:10,229 --> 01:12:08,159

did it by did charts for by year by

1915

01:12:13,189 --> 01:12:10,239

month by hour

1916

01:12:14,790 --> 01:12:13,199

okay so we actually did charts on every

1917

01:12:16,149 --> 01:12:14,800

no one had ever done this with the

1918

01:12:17,350 --> 01:12:16,159

shapes we knew they were up there we

1919

01:12:18,950 --> 01:12:17,360

knew there were a certain number of them

1920

01:12:20,470 --> 01:12:18,960

but nobody ever actually started looking

1921

01:12:22,470 --> 01:12:20,480

at the patterns of

1922

01:12:24,550 --> 01:12:22,480

when they're here you know that type of

1923

01:12:26,950 --> 01:12:24,560

thing and um

1924

01:12:29,910 --> 01:12:26,960

that's when we found out there's seasons

1925

01:12:33,030 --> 01:12:29,920

you know and uh uh george knep out out

1926

01:12:35,270 --> 01:12:33,040

in las vegas he he he went huh really

1927

01:12:37,910 --> 01:12:35,280

you know i was like yeah there are

1928

01:12:39,270 --> 01:12:37,920

so there's still a lot hiding there in

1929

01:12:40,310 --> 01:12:39,280

the data that we haven't found yet but

1930

01:12:42,229 --> 01:12:40,320

we're going to get all these books

1931

01:12:44,390 --> 01:12:42,239

generated we got a 20-year sample which

1932

01:12:47,510 --> 01:12:44,400

is a huge

1933

01:12:49,350 --> 01:12:47,520

investment in intellectual knowledge and

1934

01:12:51,110 --> 01:12:49,360

we want to get it out there so everybody

1935

01:12:53,590 --> 01:12:51,120

can get it and by publishing people say

1936

01:12:56,709 --> 01:12:53,600

why did you get a standard publisher by

1937

01:12:59,189 --> 01:12:56,719

publishing through amazon

1938

01:13:01,270 --> 01:12:59,199

we get a little bit more control of it

1939

01:13:03,590 --> 01:13:01,280

also amazon is considered a global

1940

01:13:05,110 --> 01:13:03,600

distributor so we've sold this book all

1941

01:13:06,870 --> 01:13:05,120

over the world in fact we think the

1942

01:13:08,550 --> 01:13:06,880

first the first one bought in europe

1943

01:13:11,830 --> 01:13:08,560

looks like it in both cases looks like

1944

01:13:15,830 --> 01:13:13,990

the pope's reading your pink book well

1945

01:13:17,669 --> 01:13:15,840

at least the vatican library is one of

1946

01:13:19,669 --> 01:13:17,679

the other

1947

01:13:21,830 --> 01:13:19,679

no uh the vatican library is one of the

1948

01:13:23,590 --> 01:13:21,840

largest in the world especially would

1949

01:13:25,430 --> 01:13:23,600

they have 10 miles of underground

1950

01:13:27,669 --> 01:13:25,440

tunnels i would give my eye teeth to

1951

01:13:29,270 --> 01:13:27,679

going to that place i know imagine the

1952

01:13:30,550 --> 01:13:29,280

secrets that they're keeping in that

1953

01:13:33,830 --> 01:13:30,560

vault i'm going to do a whole show on

1954

01:13:35,669 --> 01:13:33,840

that sometime yeah there you go

1955

01:13:37,030 --> 01:13:35,679

so that's the biggest deal that we can

1956

01:13:38,470 --> 01:13:37,040

tell you right now is we've been

1957

01:13:40,950 --> 01:13:38,480

studying this stuff we're putting the

1958

01:13:42,709 --> 01:13:40,960

data out so people can have it uh we're

1959

01:13:45,750 --> 01:13:42,719

gonna make it down easy for everybody to

1960

01:13:48,390 --> 01:13:45,760

have their home state uh on their shelf

1961

01:13:50,470 --> 01:13:48,400

if they want and uh yeah that's it

1962

01:13:52,709 --> 01:13:50,480

definitely want my i definitely want my

1963

01:13:54,070 --> 01:13:52,719

home state and and be able to try to

1964

01:13:54,950 --> 01:13:54,080

find uh

1965

01:13:57,669 --> 01:13:54,960

you know

1966

01:14:01,189 --> 01:13:57,679

the the hot spots right well okay if you

1967

01:14:03,030 --> 01:14:01,199

want to go by pure numbers bucks county

1968

01:14:04,790 --> 01:14:03,040

but and that's where i live

1969

01:14:06,310 --> 01:14:04,800

isn't that funny and i didn't know that

1970

01:14:08,229 --> 01:14:06,320

when i moved here i just happened to

1971

01:14:11,590 --> 01:14:08,239

move here actually there's some famous

1972

01:14:14,070 --> 01:14:11,600

bucks county cases one was on the ufo uh

1973

01:14:17,590 --> 01:14:14,080

what is that ufo show with john ventry

1974

01:14:19,669 --> 01:14:17,600

the mufon one ufo hanger one yeah that

1975

01:14:21,990 --> 01:14:19,679

case in bucks county is interesting and

1976

01:14:23,510 --> 01:14:22,000

that is ten minutes from my house let me

1977

01:14:25,590 --> 01:14:23,520

give you the top ten counties in

1978

01:14:27,510 --> 01:14:25,600

pennsylvania okay there you go that'd be

1979

01:14:29,110 --> 01:14:27,520

great yeah okay now i'm going to say

1980

01:14:31,510 --> 01:14:29,120

this is going to sound strange and i'm

1981

01:14:32,630 --> 01:14:31,520

not insulting but it's an observation

1982

01:14:37,830 --> 01:14:32,640

okay

1983

01:14:39,830 --> 01:14:37,840

county in in pennsylvania they had 636

1984

01:14:42,229 --> 01:14:39,840

in that 20 years okay

1985

01:14:45,350 --> 01:14:42,239

but funny thing about allegheny county i

1986

01:14:49,990 --> 01:14:45,360

had the most misspelled cities in the

1987

01:14:51,830 --> 01:14:50,000

state were allegheny county cities

1988

01:14:53,910 --> 01:14:51,840

funny how that worked out okay bucks

1989

01:14:57,110 --> 01:14:53,920

county is number two

1990

01:14:59,189 --> 01:14:57,120

philadelphia county is number three

1991

01:15:01,750 --> 01:14:59,199

and yes she's wearing an eye of horus i

1992

01:15:03,350 --> 01:15:01,760

am a priestess of isis so yes of course

1993

01:15:04,630 --> 01:15:03,360

i wear this sort of thing

1994

01:15:11,110 --> 01:15:04,640

um

1995

01:15:11,990 --> 01:15:11,120

with 283 westmoreland county uh unknown

1996

01:15:16,149 --> 01:15:12,000

county

1997

01:15:17,350 --> 01:15:16,159

lancaster berks york lehigh uh

1998

01:15:19,110 --> 01:15:17,360

last year

1999

01:15:22,550 --> 01:15:19,120

northampton county you get the drift

2000

01:15:23,750 --> 01:15:22,560

philadelphia pittsburgh allentown erie

2001

01:15:26,470 --> 01:15:23,760

redding

2002

01:15:27,750 --> 01:15:26,480

lancaster york levittown bethlehem are

2003

01:15:29,750 --> 01:15:27,760

the top ten

2004

01:15:32,790 --> 01:15:29,760

you know okay they're all very close to

2005

01:15:34,870 --> 01:15:32,800

me so that's very interesting to me

2006

01:15:37,910 --> 01:15:34,880

very very interesting and it's good to

2007

01:15:40,310 --> 01:15:37,920

see this look through the data lens for

2008

01:15:42,310 --> 01:15:40,320

a change instead of the storyteller

2009

01:15:45,270 --> 01:15:42,320

fairly tale lens that

2010

01:15:48,390 --> 01:15:45,280

seems to be so prevalent now it's makes

2011

01:15:50,070 --> 01:15:48,400

me sad you know it does it it bothers me

2012

01:15:52,870 --> 01:15:50,080

sometimes a great deal especially when i

2013

01:15:55,189 --> 01:15:52,880

was a journalist

2014

01:15:56,790 --> 01:15:55,199

we we did our best to make sure we had

2015

01:15:57,669 --> 01:15:56,800

an accurate story i couldn't tell you

2016

01:15:59,430 --> 01:15:57,679

who

2017

01:16:01,030 --> 01:15:59,440

because of the stigma issue and like i

2018

01:16:02,790 --> 01:16:01,040

said i couldn't tell you why because we

2019

01:16:04,149 --> 01:16:02,800

don't know why but we could tell you

2020

01:16:05,669 --> 01:16:04,159

what when and where and we tried to be

2021

01:16:07,189 --> 01:16:05,679

very straight about it and we tried to

2022

01:16:09,189 --> 01:16:07,199

make by the way i'm not a pure

2023

01:16:11,030 --> 01:16:09,199

journalist my degree is in entertainment

2024

01:16:12,550 --> 01:16:11,040

writing so i have a little bit more

2025

01:16:15,189 --> 01:16:12,560

slack to kind of punch it up a little

2026
01:16:16,280 --> 01:16:15,199
bit but the story was always accurate

2027
01:16:17,669 --> 01:16:16,290
the setting wasn't

2028
01:16:20,229 --> 01:16:17,679
[Laughter]

2029
01:16:21,750 --> 01:16:20,239
yeah yeah no i you got to do the best

2030
01:16:23,669 --> 01:16:21,760
you can with what you're given and some

2031
01:16:24,709 --> 01:16:23,679
of these that some of these databases

2032
01:16:25,990 --> 01:16:24,719
right they were not going to be

2033
01:16:29,189 --> 01:16:26,000
releasing

2034
01:16:31,590 --> 01:16:29,199
names and addresses of the of the people

2035
01:16:33,350 --> 01:16:31,600
yeah the stigma was just too big a deal

2036
01:16:35,590 --> 01:16:33,360
it really is um

2037
01:16:37,189 --> 01:16:35,600
uh there's there's places right now that

2038
01:16:38,709 --> 01:16:37,199

won't talk to me because i'm that i'm

2039

01:16:40,790 --> 01:16:38,719

that kook that wrote that newspaper

2040

01:16:42,630 --> 01:16:40,800

column you know that type of thing

2041

01:16:44,390 --> 01:16:42,640

in fact the other the other newspaper in

2042

01:16:46,470 --> 01:16:44,400

town and the two radio stations and the

2043

01:16:47,669 --> 01:16:46,480

tv station won't talk to me well i

2044

01:16:49,110 --> 01:16:47,679

wouldn't think that your military

2045

01:16:51,110 --> 01:16:49,120

background and background working for

2046

01:16:53,270 --> 01:16:51,120

lockheed martin makes you somewhat more

2047

01:16:55,910 --> 01:16:53,280

credible wouldn't it you would have

2048

01:16:58,390 --> 01:16:55,920

thought so i'm i mean i'm a two-military

2049

01:17:00,229 --> 01:16:58,400

service veteran i'm a condo

2050

01:17:02,470 --> 01:17:00,239

somebody said you did data security for

2051

01:17:04,870 --> 01:17:02,480

lockheed martin i did data well okay

2052

01:17:07,030 --> 01:17:04,880

that's interesting

2053

01:17:09,270 --> 01:17:07,040

are they working on aliens over there

2054

01:17:10,870 --> 01:17:09,280

you you would know no i wouldn't lie to

2055

01:17:12,950 --> 01:17:10,880

us no i wouldn't i really wouldn't got

2056

01:17:15,430 --> 01:17:12,960

some aliens right no i wouldn't no

2057

01:17:17,590 --> 01:17:15,440

backup near craft though

2058

01:17:18,390 --> 01:17:17,600

i couldn't tell you i couldn't tell a

2059

01:17:20,790 --> 01:17:18,400

see

2060

01:17:22,070 --> 01:17:20,800

i don't know i don't know

2061

01:17:23,910 --> 01:17:22,080

people ask me have you ever been to

2062

01:17:25,910 --> 01:17:23,920

skunk works i said no i never had the

2063

01:17:27,830 --> 01:17:25,920

opportunity you know

2064

01:17:29,590 --> 01:17:27,840

i pretty much worked the capital

2065

01:17:31,990 --> 01:17:29,600

district it was gaithersburg maryland

2066

01:17:34,229 --> 01:17:32,000

rockville maryland bethesda maryland i i

2067

01:17:36,390 --> 01:17:34,239

serviced the computers from first second

2068

01:17:37,990 --> 01:17:36,400

and third level help desk

2069

01:17:40,550 --> 01:17:38,000

for headquarters district and that's

2070

01:17:42,870 --> 01:17:40,560

what i did for bulk of my last 20 years

2071

01:17:45,350 --> 01:17:42,880

there now the first

2072

01:17:47,669 --> 01:17:45,360

10 years i was in the company uh

2073

01:17:48,950 --> 01:17:47,679

somebody figured out i was in i had gone

2074

01:17:50,790 --> 01:17:48,960

to film school and they asked me to

2075

01:17:52,790 --> 01:17:50,800

start making industrial films for them

2076

01:17:53,669 --> 01:17:52,800

which i did i made about 70 industrial

2077

01:17:56,070 --> 01:17:53,679

films

2078

01:17:57,590 --> 01:17:56,080

and uh but that was a very short-lived

2079

01:17:59,910 --> 01:17:57,600

thing because then somebody else looked

2080

01:18:01,750 --> 01:17:59,920

at my resume and personnel and said holy

2081

01:18:04,390 --> 01:18:01,760

crap she's got a

2082

01:18:07,110 --> 01:18:04,400

submarine background she knows radar we

2083

01:18:08,390 --> 01:18:07,120

need her on this project you know so oh

2084

01:18:09,510 --> 01:18:08,400

that's very interesting it's somebody in

2085

01:18:11,270 --> 01:18:09,520

the live chat

2086

01:18:13,669 --> 01:18:11,280

if anybody has any comments or questions

2087

01:18:15,910 --> 01:18:13,679

let me qualify that when i say radar

2088

01:18:18,950 --> 01:18:15,920

okay i can tell you i can tell you this

2089

01:18:21,270 --> 01:18:18,960

i was a senior electronic warfare

2090

01:18:24,070 --> 01:18:21,280

specialist in the navy

2091

01:18:26,149 --> 01:18:24,080

i climbed telephone poles in vietnam in

2092

01:18:28,470 --> 01:18:26,159

the air force people shoot at you on

2093

01:18:30,310 --> 01:18:28,480

those things um but um

2094

01:18:33,110 --> 01:18:30,320

but i was a senior electronic warfare

2095

01:18:37,030 --> 01:18:33,120

specialist i was i was accustomed to

2096

01:18:39,590 --> 01:18:37,040

analyzing data and peculiar observations

2097

01:18:41,430 --> 01:18:39,600

both electronic and optical like beyond

2098

01:18:43,510 --> 01:18:41,440

it i can't tell you what i did

2099

01:18:45,669 --> 01:18:43,520

okay and if anybody has any questions

2100

01:18:48,070 --> 01:18:45,679

please hudson valley sightings hudson

2101
01:18:50,310 --> 01:18:48,080
valley sightings okay hudson valley yes

2102
01:18:52,470 --> 01:18:50,320
it is a hotbed but it's not ground zero

2103
01:18:54,950 --> 01:18:52,480
like everybody will tell you oh hudson

2104
01:18:56,470 --> 01:18:54,960
valley is the uh core of ufos in new

2105
01:18:59,270 --> 01:18:56,480
york state they have a lot of them down

2106
01:19:00,870 --> 01:18:59,280
there but not these days

2107
01:19:02,950 --> 01:19:00,880
okay back in the 70s the place was

2108
01:19:04,070 --> 01:19:02,960
crawling with ufos these days not so

2109
01:19:05,750 --> 01:19:04,080
much

2110
01:19:07,750 --> 01:19:05,760
and lord ludacris plaid with another

2111
01:19:08,870 --> 01:19:07,760
kind and generous dollar 99 super chat

2112
01:19:10,390 --> 01:19:08,880
trying to get

2113
01:19:11,910 --> 01:19:10,400

their question in

2114

01:19:13,910 --> 01:19:11,920

and i'm sure that they're referring to

2115

01:19:16,950 --> 01:19:13,920

your time at lockheed martin did you see

2116

01:19:18,470 --> 01:19:16,960

any cool documents or pics

2117

01:19:25,430 --> 01:19:18,480

no

2118

01:19:28,229 --> 01:19:25,440

never saw anything like that in fact if

2119

01:19:30,950 --> 01:19:28,239

i had classified material i can tell you

2120

01:19:33,510 --> 01:19:30,960

the stuff i did have was boring stuff is

2121

01:19:36,229 --> 01:19:33,520

usually technical specs

2122

01:19:37,750 --> 01:19:36,239

okay and so that's not very exciting

2123

01:19:39,910 --> 01:19:37,760

yeah yeah what i want to thank lord

2124

01:19:41,270 --> 01:19:39,920

ludacris plaid for his kindness his

2125

01:19:42,870 --> 01:19:41,280

generosity and support remember there's

2126

01:19:44,709 --> 01:19:42,880

a money button down there we're a viewer

2127

01:19:46,709 --> 01:19:44,719

supported show thank you for your

2128

01:19:51,000 --> 01:19:46,719

kindness and helping us to praise the

2129

01:19:59,830 --> 01:19:57,830

[Music]

2130

01:20:08,070 --> 01:19:59,840

can i give you one i really do have to

2131

01:20:12,950 --> 01:20:09,669

thank you very much for doing this i've

2132

01:20:15,350 --> 01:20:12,960

got one more for you um after the um

2133

01:20:16,550 --> 01:20:15,360

after the uap report came out a couple

2134

01:20:18,390 --> 01:20:16,560

of weeks ago

2135

01:20:20,229 --> 01:20:18,400

you know i had reporters calling me hey

2136

01:20:21,830 --> 01:20:20,239

what do you think of the 144 settings

2137

01:20:26,550 --> 01:20:21,840

they had in 20 years in the navy i said

2138

01:20:30,470 --> 01:20:28,870

yeah that's pretty funny but but the

2139

01:20:33,430 --> 01:20:30,480

deal was um

2140

01:20:35,590 --> 01:20:33,440

we decided to go after it and what we

2141

01:20:37,510 --> 01:20:35,600

did was i put together a briefing

2142

01:20:39,430 --> 01:20:37,520

package

2143

01:20:42,229 --> 01:20:39,440

for the senate intel committee which

2144

01:20:44,390 --> 01:20:42,239

happens to be senator rubio's group he's

2145

01:20:47,510 --> 01:20:44,400

one of the chairs and we put together

2146

01:20:49,350 --> 01:20:47,520

one for the house intel select committee

2147

01:20:51,350 --> 01:20:49,360

on intel okay

2148

01:20:53,189 --> 01:20:51,360

and those packages were about five

2149

01:20:55,350 --> 01:20:53,199

pounds a piece

2150

01:20:58,310 --> 01:20:55,360

and it was our book plus additional

2151
01:21:01,910 --> 01:20:58,320
pronouns uh senator rubio we gave him

2152
01:21:04,149 --> 01:21:01,920
the state of florida uh printed out

2153
01:21:06,550 --> 01:21:04,159
every shape that was seen in their state

2154
01:21:09,110 --> 01:21:06,560
remember it was 11 000 okay over 20

2155
01:21:10,870 --> 01:21:09,120
years um but it was printed out by zip

2156
01:21:13,030 --> 01:21:10,880
code and then all the shapes that were

2157
01:21:14,870 --> 01:21:13,040
seen in that zip code over 20 years and

2158
01:21:17,430 --> 01:21:14,880
the the printout was a

2159
01:21:21,510 --> 01:21:17,440
inch inch and a half thick

2160
01:21:23,430 --> 01:21:21,520
and we we we shipped it down to them and

2161
01:21:24,870 --> 01:21:23,440
haven't heard anything but about a week

2162
01:21:26,629 --> 01:21:24,880
ago

2163
01:21:28,470 --> 01:21:26,639

i was walking through my apartment

2164

01:21:30,070 --> 01:21:28,480

complex happened to look down i was out

2165

01:21:32,709 --> 01:21:30,080

the hall and looked out in the parking

2166

01:21:35,350 --> 01:21:32,719

lot and there were six

2167

01:21:36,790 --> 01:21:35,360

law enforcement cars parked behind my

2168

01:21:39,350 --> 01:21:36,800

car

2169

01:21:41,510 --> 01:21:39,360

okay sheriff's department the county the

2170

01:21:43,590 --> 01:21:41,520

car the county sheriff's the the the

2171

01:21:45,990 --> 01:21:43,600

townships had three cars out there there

2172

01:21:48,709 --> 01:21:46,000

was a state cop out there going oh my

2173

01:21:50,950 --> 01:21:48,719

god oh my god rubio's team's coming

2174

01:21:52,550 --> 01:21:50,960

after me you know you know i didn't know

2175

01:21:54,709 --> 01:21:52,560

what to think turned out there was a

2176
01:21:56,310 --> 01:21:54,719
drug deal going down somebody called

2177
01:21:58,390 --> 01:21:56,320
somebody called it in and they

2178
01:22:00,310 --> 01:21:58,400
completely locked off our parking lot

2179
01:22:02,310 --> 01:22:00,320
you know that's funny and but when i

2180
01:22:03,990 --> 01:22:02,320
first saw the cars are going oh my god

2181
01:22:05,350 --> 01:22:04,000
you know something crazy like that

2182
01:22:07,830 --> 01:22:05,360
happened to me i was at the cabin and it

2183
01:22:10,070 --> 01:22:07,840
was like one o'clock in the morning and

2184
01:22:11,750 --> 01:22:10,080
and i know a cop knock when i hear one

2185
01:22:13,830 --> 01:22:11,760
so somebody's not and i'm in the middle

2186
01:22:15,350 --> 01:22:13,840
of the woods so

2187
01:22:17,110 --> 01:22:15,360
i know the only person that would knock

2188
01:22:18,390 --> 01:22:17,120

on my door is my one close by neighbor

2189

01:22:20,870 --> 01:22:18,400

and he wouldn't knock like this they

2190

01:22:23,189 --> 01:22:20,880

were knocking like bang bang you know

2191

01:22:24,870 --> 01:22:23,199

and uh i answered the door and i alm

2192

01:22:26,709 --> 01:22:24,880

just about got tackled they just walked

2193

01:22:29,110 --> 01:22:26,719

right in and they were serving a warrant

2194

01:22:30,870 --> 01:22:29,120

on me and i'm like i i'm not the guy you

2195

01:22:32,629 --> 01:22:30,880

got the wrong guy it turned out there

2196

01:22:34,470 --> 01:22:32,639

was somebody a few more miles up the

2197

01:22:35,990 --> 01:22:34,480

dirt road in the woods

2198

01:22:38,629 --> 01:22:36,000

and they were serving a warrant on him

2199

01:22:41,110 --> 01:22:38,639

so after i showed him my id they left

2200

01:22:43,669 --> 01:22:41,120

but nobody wants cops at their cabin at

2201

01:22:46,070 --> 01:22:43,679

one o'clock in the morning yeah so

2202

01:22:48,390 --> 01:22:46,080

you have poured through all this ufo

2203

01:22:50,709 --> 01:22:48,400

data i think this is a great question to

2204

01:22:53,189 --> 01:22:50,719

close with do you believe that ufos are

2205

01:22:56,149 --> 01:22:53,199

extraterrestrial having looked at all of

2206

01:23:01,270 --> 01:22:58,550

okay no extraterrestrial is a big word

2207

01:23:04,310 --> 01:23:01,280

extra dressing means not of this

2208

01:23:06,229 --> 01:23:04,320

terrestrial ground okay uh are they from

2209

01:23:09,430 --> 01:23:06,239

other planets maybe are they from

2210

01:23:11,590 --> 01:23:09,440

another galaxy far far away maybe

2211

01:23:13,830 --> 01:23:11,600

are they from interdimensionals very

2212

01:23:15,430 --> 01:23:13,840

probably there's a very a lot of

2213

01:23:16,870 --> 01:23:15,440

evidence to suggest they're

2214

01:23:18,709 --> 01:23:16,880

interdimensional

2215

01:23:21,830 --> 01:23:18,719

especially from the concept that when we

2216

01:23:23,669 --> 01:23:21,840

set off our nukes and our nuke testing

2217

01:23:24,870 --> 01:23:23,679

it may have only looked like we blew up

2218

01:23:26,390 --> 01:23:24,880

a bunch of

2219

01:23:28,550 --> 01:23:26,400

desert sand

2220

01:23:30,629 --> 01:23:28,560

but we don't know what it did in

2221

01:23:32,550 --> 01:23:30,639

sub-dimensional areas

2222

01:23:34,950 --> 01:23:32,560

you know we may have blown whole worlds

2223

01:23:36,870 --> 01:23:34,960

up for our we know we don't know

2224

01:23:39,510 --> 01:23:36,880

and there's been suggestions that that

2225

01:23:41,669 --> 01:23:39,520

was what the case was that we're doing

2226

01:23:43,830 --> 01:23:41,679

big damage when we do it there could be

2227

01:23:45,510 --> 01:23:43,840

a ripple effect from

2228

01:23:48,629 --> 01:23:45,520

a nuclear explosion here could ripple

2229

01:23:50,709 --> 01:23:48,639

into other dimensions exactly

2230

01:23:52,390 --> 01:23:50,719

plus there's a politics issue that they

2231

01:23:54,229 --> 01:23:52,400

don't want us to get off this rock with

2232

01:23:56,790 --> 01:23:54,239

nuclear weapons

2233

01:23:58,310 --> 01:23:56,800

okay there's there's that attitude so

2234

01:24:01,030 --> 01:23:58,320

are they extraterrestrial they are

2235

01:24:03,110 --> 01:24:01,040

definitely from someplace else but not

2236

01:24:05,110 --> 01:24:03,120

from here now i lived in a buddhist

2237

01:24:07,189 --> 01:24:05,120

monastery for seven years so the

2238

01:24:08,390 --> 01:24:07,199

buddhist yogi is going to tell you

2239

01:24:11,830 --> 01:24:08,400

okay

2240

01:24:13,830 --> 01:24:11,840

the universe is teeming with life

2241

01:24:17,030 --> 01:24:13,840

and we're connected to it we're all

2242

01:24:18,550 --> 01:24:17,040

connected to all beings everywhere

2243

01:24:19,430 --> 01:24:18,560

everywhere

2244

01:24:20,470 --> 01:24:19,440

okay

2245

01:24:22,149 --> 01:24:20,480

and

2246

01:24:23,990 --> 01:24:22,159

if you don't believe that fine you don't

2247

01:24:26,229 --> 01:24:24,000

have to believe it but trust me from

2248

01:24:28,229 --> 01:24:26,239

somebody who's been in that environment

2249

01:24:30,950 --> 01:24:28,239

to touch it so to speak

2250

01:24:34,070 --> 01:24:30,960

we're connected to everybody everywhere

2251

01:24:37,110 --> 01:24:34,080

every time period and uh we're all

2252

01:24:39,110 --> 01:24:37,120

concurrent it just perceives perception

2253

01:24:41,510 --> 01:24:39,120

is that we're in different times but

2254

01:24:43,430 --> 01:24:41,520

we're all concurrent trust me but so are

2255

01:24:44,709 --> 01:24:43,440

there these other beings out there yeah

2256

01:24:46,229 --> 01:24:44,719

they're out there

2257

01:24:49,270 --> 01:24:46,239

they're here too

2258

01:24:51,350 --> 01:24:49,280

okay and all this idea parent paranormal

2259

01:24:53,030 --> 01:24:51,360

stuff people say oh yeah well there's a

2260

01:24:55,510 --> 01:24:53,040

dowsing over here there's ghosts over

2261

01:24:57,030 --> 01:24:55,520

here there's ufos over here it's all one

2262

01:25:00,470 --> 01:24:57,040

phenomena

2263

01:25:03,110 --> 01:25:00,480

it's just different flavors different

2264

01:25:04,470 --> 01:25:03,120

flavors of the phenomena these are my

2265

01:25:06,390 --> 01:25:04,480

fingers that's one flavor of the

2266

01:25:08,390 --> 01:25:06,400

phenomena of cheryl this is my nose

2267

01:25:10,470 --> 01:25:08,400

that's a different flavor of cheryl my

2268

01:25:12,229 --> 01:25:10,480

mouth is a bigger noisier version of

2269

01:25:14,950 --> 01:25:12,239

cheryl okay

2270

01:25:17,510 --> 01:25:14,960

but they're all the same phenomena

2271

01:25:19,590 --> 01:25:17,520

okay so that's the deal in fact the suns

2272

01:25:21,430 --> 01:25:19,600

and all the galaxies are new well yeah

2273

01:25:23,750 --> 01:25:21,440

of course they are

2274

01:25:25,510 --> 01:25:23,760

yeah but i think that's a that's an

2275

01:25:27,669 --> 01:25:25,520

interesting thing to think about and

2276

01:25:29,270 --> 01:25:27,679

ponder so i want to thank you for taking

2277

01:25:30,950 --> 01:25:29,280

the time to do this i want to encourage

2278

01:25:31,910 --> 01:25:30,960

everybody once again

2279

01:25:34,709 --> 01:25:31,920

uh

2280

01:25:37,590 --> 01:25:34,719

one second let me share my screen here

2281

01:25:40,470 --> 01:25:37,600

uh oh there we go so this is the book

2282

01:25:43,110 --> 01:25:40,480

ufo sightings desk reference

2283

01:25:45,270 --> 01:25:43,120

and i can now that's the white version

2284

01:25:46,629 --> 01:25:45,280

the pink pink version yeah okay and then

2285

01:25:48,709 --> 01:25:46,639

we have the pink version that's the

2286

01:25:50,149 --> 01:25:48,719

newest one right there

2287

01:25:52,629 --> 01:25:50,159

okay

2288

01:25:54,470 --> 01:25:52,639

yeah i want the pink one

2289

01:25:56,629 --> 01:25:54,480

i won't mistake it for another book

2290

01:25:58,310 --> 01:25:56,639

right right

2291

01:26:00,310 --> 01:25:58,320

let me get that one up on the screen

2292

01:26:03,270 --> 01:26:00,320

just so here it is

2293

01:26:04,310 --> 01:26:03,280

a good good enough plug here oh there we

2294

01:26:06,870 --> 01:26:04,320

go

2295

01:26:09,189 --> 01:26:06,880

and i'll tell you what when we start

2296

01:26:11,350 --> 01:26:09,199

releasing the individual state books i

2297

01:26:13,430 --> 01:26:11,360

will get a hold of you and

2298

01:26:16,310 --> 01:26:13,440

i'll make sure pennsylvania gets into

2299

01:26:18,310 --> 01:26:16,320

the production stack early and we'll get

2300

01:26:20,629 --> 01:26:18,320

a hold of you and we'll make sure

2301

01:26:22,790 --> 01:26:20,639

you know we talk about pennsylvania

2302

01:26:24,149 --> 01:26:22,800

sure sure great well i can't thank you

2303

01:26:25,830 --> 01:26:24,159

enough so i'm going to throw you out of

2304

01:26:28,390 --> 01:26:25,840

here i hope that you will come back

2305

01:26:30,149 --> 01:26:28,400

again and and talk to us once again

2306

01:26:32,070 --> 01:26:30,159

anytime maybe i can get linda to come

2307

01:26:33,110 --> 01:26:32,080

with me next time

2308

01:26:36,470 --> 01:26:33,120

yeah

2309

01:26:37,910 --> 01:26:36,480

exciting i think i warn you though i

2310

01:26:40,950 --> 01:26:37,920

warn you though

2311

01:26:43,030 --> 01:26:40,960

she is a scientist so i warned one

2312

01:26:44,629 --> 01:26:43,040

another tacos and he got her on i warned

2313

01:26:46,470 --> 01:26:44,639

him in advance she shoots from the hip

2314

01:26:49,430 --> 01:26:46,480

with two machine guns you know she's a

2315

01:26:50,550 --> 01:26:49,440

very different conversation reminds me

2316

01:26:51,510 --> 01:26:50,560

of my wife

2317

01:26:58,470 --> 01:26:51,520

she's

2318

01:27:00,790 --> 01:26:58,480

98 pounds and i'm terrified of her mine

2319

01:27:02,470 --> 01:27:00,800

and she's a former hippie you got to

2320

01:27:05,110 --> 01:27:02,480

watch those those little chicks those

2321

01:27:06,390 --> 01:27:05,120

are the scary ones okay

2322

01:27:08,390 --> 01:27:06,400

all right i'm gonna throw you out of

2323

01:27:10,070 --> 01:27:08,400

here i appreciate your time i'm just

2324

01:27:11,830 --> 01:27:10,080

gonna i'm just gonna knock you out of

2325

01:27:13,750 --> 01:27:11,840

the stream and do a quick well we're

2326

01:27:15,110 --> 01:27:13,760

gonna do a wrap up and maybe uh give

2327

01:27:16,470 --> 01:27:15,120

some time for after thought and

2328

01:27:18,470 --> 01:27:16,480

discussion with the live chat but i

2329

01:27:19,990 --> 01:27:18,480

appreciate you being here bye everybody

2330

01:27:21,669 --> 01:27:20,000

thank you for having me thank you all

2331

01:27:24,790 --> 01:27:21,679

right bye bye

2332

01:27:26,550 --> 01:27:24,800

all right great great friends so what

2333

01:27:29,350 --> 01:27:26,560

what an interesting conversation and

2334

01:27:30,470 --> 01:27:29,360

this reminds me that i really do need to

2335

01:27:32,950 --> 01:27:30,480

uh

2336

01:27:34,950 --> 01:27:32,960

stop always looking on the dark side of

2337

01:27:38,629 --> 01:27:34,960

this thing and look for the good people

2338

01:27:41,189 --> 01:27:38,639

who i do believe i could say are doing

2339

01:27:43,830 --> 01:27:41,199

good or important work that will move

2340

01:27:44,790 --> 01:27:43,840

this forward any comments or questions

2341

01:27:46,470 --> 01:27:44,800

for me

2342

01:27:48,310 --> 01:27:46,480

please put them in the live chat

2343

01:27:49,270 --> 01:27:48,320

or we're going to be bouncing out of

2344

01:27:50,070 --> 01:27:49,280

here

2345

01:27:51,750 --> 01:27:50,080

uh

2346

01:27:53,910 --> 01:27:51,760

very very shortly

2347

01:27:55,990 --> 01:27:53,920

so i you know i want to thank my guests

2348

01:27:58,830 --> 01:27:56,000

tonight let me get the

2349

01:28:01,910 --> 01:27:58,840

banner down

2350

01:28:04,470 --> 01:28:01,920

yeah and i also want to remind you

2351

01:28:07,430 --> 01:28:04,480

to please make sure i got to do that

2352

01:28:08,390 --> 01:28:07,440

youtube pitch that's it sort of required

2353

01:28:10,310 --> 01:28:08,400

right

2354

01:28:11,430 --> 01:28:10,320

and that would be to remind everybody

2355

01:28:14,070 --> 01:28:11,440

there's a few ways that you could

2356

01:28:16,229 --> 01:28:14,080

support our show the first way is by

2357

01:28:18,790 --> 01:28:16,239

throwing money at me we have a patreon

2358

01:28:20,950 --> 01:28:18,800

just uh search for stephen campion the

2359

01:28:22,870 --> 01:28:20,960

link is in the about section it's as

2360

01:28:24,470 --> 01:28:22,880

little as a dollar a month when we give

2361

01:28:25,830 --> 01:28:24,480

a backstage view

2362

01:28:27,910 --> 01:28:25,840

of some of the stuff that we're working

2363

01:28:28,790 --> 01:28:27,920

on i'm doing this screen test for our

2364

01:28:29,910 --> 01:28:28,800

new

2365

01:28:33,430 --> 01:28:29,920

character

2366

01:28:34,870 --> 01:28:33,440

richard doe scam uh this week

2367

01:28:36,709 --> 01:28:34,880

you'll get to take a look at that before

2368

01:28:39,350 --> 01:28:36,719

it's made public and we do a public show

2369

01:28:40,709 --> 01:28:39,360

with it i do an audio journal i'm sorry

2370

01:28:42,149 --> 01:28:40,719

i keep calling it an audio journal it

2371

01:28:44,310 --> 01:28:42,159

used to be an audio journal we do a

2372

01:28:46,149 --> 01:28:44,320

video journal all about the show every

2373

01:28:48,149 --> 01:28:46,159

single month on patreon that's one of

2374

01:28:49,990 --> 01:28:48,159

the patreon benefits and i upload a few

2375

01:28:51,270 --> 01:28:50,000

songs a month of my music a lot of

2376
01:28:52,790 --> 01:28:51,280
people have commented on the music of

2377
01:28:55,750 --> 01:28:52,800
the show

2378
01:28:57,990 --> 01:28:55,760
my music with vocals and singing in it

2379
01:28:59,189 --> 01:28:58,000
is a project called dreams in the dark

2380
01:29:00,790 --> 01:28:59,199
and we

2381
01:29:02,709 --> 01:29:00,800
share a few of those songs i'm working

2382
01:29:04,310 --> 01:29:02,719
on a new album but the patreon people

2383
01:29:05,750 --> 01:29:04,320
are getting the album piece by piece for

2384
01:29:07,350 --> 01:29:05,760
free

2385
01:29:08,709 --> 01:29:07,360

01:29:25,669 --> 01:29:22,840

drinker

2394

01:29:27,750 --> 01:29:25,679

to us and we read it on air here

2405

01:29:52,470 --> 01:29:50,239

okay and uh no we haven't had any of

2406

01:29:54,870 --> 01:29:52,480

those since the last time we read them

2407

01:29:57,270 --> 01:29:54,880

and if you send in a super chat we read

2408

01:29:59,510 --> 01:29:57,280

every single super chat and we thank

2409

01:30:01,110 --> 01:29:59,520

everybody tremendously

2410

01:30:03,430 --> 01:30:01,120

somebody commented tonight asked where

2411

01:30:04,830 --> 01:30:03,440

the cash clown was and uh boy that's a

2412

01:30:07,669 --> 01:30:04,840

whole story

2413

01:30:09,990 --> 01:30:07,679

uh i'm gonna be as brief as possible

2414

01:30:11,990 --> 01:30:10,000

because i don't wanna

2415

01:30:14,629 --> 01:30:12,000

i don't wanna say too much about that

2416

01:30:16,390 --> 01:30:14,639

situation except here's what i'll say

2417

01:30:18,550 --> 01:30:16,400

another show host

2418

01:30:21,189 --> 01:30:18,560

said something like i'm exploiting

2419

01:30:23,430 --> 01:30:21,199

children for using my son in my show and

2420

01:30:25,669 --> 01:30:23,440

that's against youtube's uh terms of

2421

01:30:26,870 --> 01:30:25,679

service and somebody should report my

2422

01:30:30,790 --> 01:30:26,880

show

2423

01:30:33,430 --> 01:30:30,800

uh you know and this is uh

2424

01:30:35,830 --> 01:30:33,440

i don't know what that guy's problem is

2425

01:30:38,390 --> 01:30:35,840

you know uh

2426

01:30:40,229 --> 01:30:38,400

bad blood i guess and part of that's my

2427

01:30:42,149 --> 01:30:40,239

fault i made some disparaging comments

2428

01:30:44,390 --> 01:30:42,159

about having

2429

01:30:45,350 --> 01:30:44,400

this person hosting

2430

01:31:07,750 --> 01:30:45,360

a

2431

01:31:10,950 --> 01:31:07,760

you know

2432

01:31:11,830 --> 01:31:10,960

and and most importantly

2433

01:31:13,510 --> 01:31:11,840

this

2434

01:31:15,350 --> 01:31:13,520

conspiracy land

2435

01:31:17,350 --> 01:31:15,360

whack-a-doo

2436

01:31:20,229 --> 01:31:17,360

pushed the

2437

01:31:21,990 --> 01:31:20,239

fake stories about the tragic suicide of

2438

01:31:23,830 --> 01:31:22,000

mark mccandlish we've covered that here

2439

01:31:25,030 --> 01:31:23,840

previously there's three videos

2440

01:31:27,350 --> 01:31:25,040

all i'm going to tell you is that was

2441

01:31:29,590 --> 01:31:27,360

just a tragic suicide so any of these

2442

01:31:31,830 --> 01:31:29,600

nutters who are out there telling people

2443

01:31:33,830 --> 01:31:31,840

that the men in black murdered him he

2444

01:31:36,709 --> 01:31:33,840

knew too much about alien reproduction

2445

01:31:38,790 --> 01:31:36,719

vehicles all this garbage and by the way

2446

01:31:41,110 --> 01:31:38,800

making money

2447

01:31:43,910 --> 01:31:41,120

shoveling that garbage

2448

01:31:44,709 --> 01:31:43,920

so yeah i said something like that's not

2449

01:31:48,629 --> 01:31:44,719

true

2450

01:31:50,550 --> 01:31:48,639

to the coroner's office i talk to the

2451
01:31:51,750 --> 01:31:50,560
investigating officer i have the real

2452
01:31:53,590 --> 01:31:51,760
story

2453
01:31:56,709 --> 01:31:53,600
but this other show host decided to just

2454
01:32:00,149 --> 01:31:56,719
let her sit there and lie about a tragic

2455
01:32:02,550 --> 01:32:00,159
man's suicide so

2456
01:32:04,310 --> 01:32:02,560
sorry not sorry i said that this is

2457
01:32:06,950 --> 01:32:04,320
whackadoo

2458
01:32:10,550 --> 01:32:06,960
and i guess in retaliation they can't

2459
01:32:12,709 --> 01:32:10,560
attack my investigative work they can't

2460
01:32:14,629 --> 01:32:12,719
we got the goods

2461
01:32:16,629 --> 01:32:14,639
the whole mark mccandless story we did

2462
01:32:19,590 --> 01:32:16,639
three shows on it

2463
01:32:21,669 --> 01:32:19,600

i talked to everybody that i could that

2464

01:32:23,990 --> 01:32:21,679

was involved with that

2465

01:32:25,830 --> 01:32:24,000

investigation into his suicide at the

2466

01:32:27,590 --> 01:32:25,840

local level i talked to the coroner's

2467

01:32:29,990 --> 01:32:27,600

office i talk to the police department i

2468

01:32:32,950 --> 01:32:30,000

talk to the investigating officer i talk

2469

01:32:35,430 --> 01:32:32,960

to many of mark mark mccandless's

2470

01:32:36,550 --> 01:32:35,440

friends and family all of them

2471

01:32:39,030 --> 01:32:36,560

refute

2472

01:32:40,390 --> 01:32:39,040

these wackadoo conspiracy land stories

2473

01:32:43,430 --> 01:32:40,400

that are going around so they can't

2474

01:32:45,910 --> 01:32:43,440

attack my investigative skills or the

2475

01:32:48,709 --> 01:32:45,920

truth that we present here so what is

2476

01:32:53,430 --> 01:32:48,719

what is what does the guy do he says i'm

2477

01:32:59,270 --> 01:32:54,470

my son

2478

01:33:00,229 --> 01:32:59,280

wanted to learn uh about earning money

2479

01:33:02,070 --> 01:33:00,239

you know

2480

01:33:03,510 --> 01:33:02,080

and i'm teaching him that

2481

01:33:05,510 --> 01:33:03,520

i you know

2482

01:33:07,990 --> 01:33:05,520

i don't think we're doing anything wrong

2483

01:33:10,470 --> 01:33:08,000

i have read and checked into the terms

2484

01:33:12,310 --> 01:33:10,480

of service myself and it appears that we

2485

01:33:14,310 --> 01:33:12,320

are completely and totally fully in

2486

01:33:16,709 --> 01:33:14,320

compliance his his

2487

01:33:17,910 --> 01:33:16,719

statement was that i can't have a child

2488

01:33:19,030 --> 01:33:17,920

on an adult

2489

01:33:21,350 --> 01:33:19,040

show

2490

01:33:23,270 --> 01:33:21,360

but according to youtube i can as long

2491

01:33:26,709 --> 01:33:23,280

as i'm not exposing him to you know

2492

01:33:28,629 --> 01:33:26,719

anything harmful or nudity or adult

2493

01:33:31,750 --> 01:33:28,639

language or anything and of course i'm

2494

01:33:34,629 --> 01:33:31,760

not i film him dressed up like a clown

2495

01:33:35,590 --> 01:33:34,639

saying praise the cash he loved being on

2496

01:33:39,030 --> 01:33:35,600

the show

2497

01:33:41,669 --> 01:33:39,040

he's so proud right he goes and finds

2498

01:33:42,870 --> 01:33:41,679

the shows somehow on amazon music or on

2499

01:33:45,590 --> 01:33:42,880

youtube

2500

01:33:48,470 --> 01:33:45,600

and he jumps up and down excited as can

2501

01:33:50,470 --> 01:33:48,480

be every time he sees himself on my show

2502

01:33:51,830 --> 01:33:50,480

i'm not going to apologize for including

2503

01:33:53,990 --> 01:33:51,840

my son

2504

01:33:56,149 --> 01:33:54,000

but it's it's important that i be very

2505

01:33:57,270 --> 01:33:56,159

clear in that just out of the bun i

2506

01:33:59,189 --> 01:33:57,280

don't think we're doing anything wrong

2507

01:34:00,149 --> 01:33:59,199

and as i read the terms of service we're

2508

01:34:03,030 --> 01:34:00,159

not

2509

01:34:04,950 --> 01:34:03,040

but just out of an abundance of caution

2510

01:34:06,870 --> 01:34:04,960

i i'm not using them

2511

01:34:09,350 --> 01:34:06,880

i've reviewed the terms of service i

2512

01:34:12,070 --> 01:34:09,360

have letters into youtube support just

2513

01:34:13,830 --> 01:34:12,080

to clarify this issue that we're okay

2514

01:34:15,590 --> 01:34:13,840

and also

2515

01:34:17,910 --> 01:34:15,600

i have a friend who actually works at

2516

01:34:19,590 --> 01:34:17,920

youtube an old friend i don't speak to

2517

01:34:20,950 --> 01:34:19,600

him very often but i've reached out to

2518

01:34:23,910 --> 01:34:20,960

him

2519

01:34:25,669 --> 01:34:23,920

and he will be able to clarify for me

2520

01:34:28,149 --> 01:34:25,679

that we are a hundred percent in

2521

01:34:30,310 --> 01:34:28,159

compliance with youtube terms of service

2522

01:34:33,189 --> 01:34:30,320

and youtube child safety guidelines by

2523

01:34:33,990 --> 01:34:33,199

using my son in a bumper thanking people

2524

01:34:37,990 --> 01:34:34,000

for

2525

01:34:39,990 --> 01:34:38,000

once i've done that we'll put them right

2526
01:34:41,030 --> 01:34:40,000
back in but just out of an abundance of

2527
01:34:42,390 --> 01:34:41,040
caution

2528
01:34:43,990 --> 01:34:42,400
i wanted to

2529
01:34:45,510 --> 01:34:44,000
not use them and i just want to tell

2530
01:34:48,229 --> 01:34:45,520
that other show host if you want to

2531
01:34:49,990 --> 01:34:48,239
attack me go ahead but don't attack my

2532
01:34:52,790 --> 01:34:50,000
child who's just trying to help me with

2533
01:34:55,350 --> 01:34:52,800
my show that's ridiculous

2534
01:34:57,510 --> 01:34:55,360
and it and it really shows what kind of

2535
01:35:00,149 --> 01:34:57,520
a person you are now i have to explain

2536
01:35:02,709 --> 01:35:00,159
to my son that i can't that he can't be

2537
01:35:05,270 --> 01:35:02,719
on my show for a while until we

2538
01:35:07,430 --> 01:35:05,280

you know nail this issue down and make

2539

01:35:09,270 --> 01:35:07,440

sure that we're 100 in compliance and my

2540

01:35:10,149 --> 01:35:09,280

son cried

2541

01:35:12,070 --> 01:35:10,159

you know

2542

01:35:14,149 --> 01:35:12,080

so uh

2543

01:35:16,149 --> 01:35:14,159

i don't know i don't know what to say

2544

01:35:17,910 --> 01:35:16,159

except it you know

2545

01:35:21,109 --> 01:35:17,920

where i'm from

2546

01:35:24,149 --> 01:35:21,119

it's it's it's one thing to attack

2547

01:35:26,629 --> 01:35:24,159

a man but when you attack his children

2548

01:35:29,109 --> 01:35:26,639

what do you think's gonna happen

2549

01:35:31,590 --> 01:35:29,119

you know but i listen

2550

01:35:34,310 --> 01:35:31,600

i i'm really trying to stay in my zen

2551
01:35:36,149 --> 01:35:34,320
zone and just forgive it

2552
01:35:38,149 --> 01:35:36,159
i will forgive

2553
01:35:40,470 --> 01:35:38,159
stupid comments from stupid people who

2554
01:35:42,870 --> 01:35:40,480
by the way he's wrong about that i

2555
01:35:44,470 --> 01:35:42,880
believe he's wrong 100 wrong

2556
01:35:46,149 --> 01:35:44,480
and

2557
01:35:48,709 --> 01:35:46,159
certainly wrong about the conspiracy

2558
01:35:49,669 --> 01:35:48,719
land nutters he's hosting and you know

2559
01:35:51,990 --> 01:35:49,679
oh

2560
01:35:53,109 --> 01:35:52,000
whatever i you know i forgive but i

2561
01:35:56,070 --> 01:35:53,119
don't forget

2562
01:35:58,950 --> 01:35:56,080
and and ask anybody that knows me don't

2563
01:36:01,270 --> 01:35:58,960

piss me off you make my son cry you're

2564

01:36:04,229 --> 01:36:01,280

gonna piss me off you did piss me off

2565

01:36:06,310 --> 01:36:04,239

and you wouldn't like me when i'm angry

2566

01:36:08,790 --> 01:36:06,320

and we're gonna leave it at that

2567

01:36:10,790 --> 01:36:08,800

but like i said i will forgive but i

2568

01:36:13,990 --> 01:36:10,800

won't forget so we're looking into the

2569

01:36:15,830 --> 01:36:14,000

issue once we are 100 certain we'll put

2570

01:36:17,109 --> 01:36:15,840

those bumpers back in

2571

01:36:19,830 --> 01:36:17,119

uh

2572

01:36:21,830 --> 01:36:19,840

yeah and i'm upset that my son is upset

2573

01:36:23,430 --> 01:36:21,840

right because we had more things planned

2574

01:36:25,830 --> 01:36:23,440

he wants to do uh

2575

01:36:28,070 --> 01:36:25,840

he wants to uh dress up like a zombie

2576

01:36:29,669 --> 01:36:28,080

and and do a bumper for the show and a

2577

01:36:30,709 --> 01:36:29,679

few other things that we were talking

2578

01:36:31,750 --> 01:36:30,719

about

2579

01:36:34,629 --> 01:36:31,760

uh

2580

01:36:36,390 --> 01:36:34,639

planned right

2581

01:36:38,790 --> 01:36:36,400

oh that girl jessica that'll make him

2582

01:36:40,910 --> 01:36:38,800

feel better i will tell them and i'm

2583

01:36:43,350 --> 01:36:40,920

certain i'm i'm i'm

2584

01:36:45,590 --> 01:36:43,360

99.9 certain that we're fully in

2585

01:36:47,350 --> 01:36:45,600

compliance but just like i said just had

2586

01:36:48,950 --> 01:36:47,360

an abundance of caution

2587

01:36:51,109 --> 01:36:48,960

if this other show host is telling

2588

01:36:53,510 --> 01:36:51,119

people and let me be clear he didn't

2589

01:36:55,669 --> 01:36:53,520

tell people to report me he said he

2590

01:36:57,669 --> 01:36:55,679

implied that somebody should or he said

2591

01:36:59,350 --> 01:36:57,679

what did he say exactly he said it'd be

2592

01:37:01,189 --> 01:36:59,360

a shame if somebody reported him to

2593

01:37:03,189 --> 01:37:01,199

youtube for that wouldn't it or

2594

01:37:05,189 --> 01:37:03,199

something like that which to me is

2595

01:37:07,270 --> 01:37:05,199

encouraging people to report me

2596

01:37:10,470 --> 01:37:07,280

and another thing that i would just like

2597

01:37:13,189 --> 01:37:10,480

to say is the first rule of youtube it's

2598

01:37:15,350 --> 01:37:13,199

an unwritten rule is you do not threaten

2599

01:37:17,590 --> 01:37:15,360

another youtube channels

2600

01:37:19,030 --> 01:37:17,600

youtube content creators channel you

2601
01:37:20,870 --> 01:37:19,040
just don't do it there's some things you

2602
01:37:23,669 --> 01:37:20,880
don't do on youtube and one of them is

2603
01:37:25,030 --> 01:37:23,679
to threaten a fellow youtube content

2604
01:37:26,629 --> 01:37:25,040
creators channel

2605
01:37:28,310 --> 01:37:26,639
i don't care what this guy does i would

2606
01:37:30,229 --> 01:37:28,320
never threaten his channel or tell

2607
01:37:32,629 --> 01:37:30,239
people to report his channel if he wants

2608
01:37:34,390 --> 01:37:32,639
to host wackadoos that are telling alien

2609
01:37:37,350 --> 01:37:34,400
fairy tales on his show to get clicks

2610
01:37:39,430 --> 01:37:37,360
and views good for him good for him but

2611
01:37:41,430 --> 01:37:39,440
any perceived credibility that guy had

2612
01:37:43,750 --> 01:37:41,440
is circling the drain

2613
01:37:46,310 --> 01:37:43,760

just with that and i'm sure that there's

2614

01:37:47,270 --> 01:37:46,320

going to be more wackadoo nutters

2615

01:37:49,830 --> 01:37:47,280

uh

2616

01:37:51,830 --> 01:37:49,840

telling fairy tales on his show

2617

01:37:53,669 --> 01:37:51,840

that but you know here's the thing it's

2618

01:37:56,310 --> 01:37:53,679

like that serenity prayer i have to

2619

01:37:58,149 --> 01:37:56,320

accept the things i can't i can't change

2620

01:38:01,109 --> 01:37:58,159

you know i can confront people when

2621

01:38:03,990 --> 01:38:01,119

they're helping uh a conspiracy land

2622

01:38:04,870 --> 01:38:04,000

nutter profit off the tragic suicide of

2623

01:38:05,990 --> 01:38:04,880

a man

2624

01:38:09,350 --> 01:38:06,000

i could

2625

01:38:11,590 --> 01:38:09,360

he said i protest it okay well i can i

2626

01:38:13,109 --> 01:38:11,600

can protest but i can't change people

2627

01:38:14,550 --> 01:38:13,119

can't change people's opinion and i'm

2628

01:38:16,870 --> 01:38:14,560

not going to

2629

01:38:19,270 --> 01:38:16,880

i'm not gonna you know i i gotta just

2630

01:38:20,950 --> 01:38:19,280

learn to accept things right anthony

2631

01:38:22,629 --> 01:38:20,960

purcell says cash claim will be missed

2632

01:38:23,750 --> 01:38:22,639

well he'll be back shortly as soon as

2633

01:38:24,629 --> 01:38:23,760

we're sure

2634

01:38:26,390 --> 01:38:24,639

uh

2635

01:38:29,510 --> 01:38:26,400

as soon as we're sure that we're we're

2636

01:38:31,270 --> 01:38:29,520

good and i believe that we are

2637

01:38:32,950 --> 01:38:31,280

yeah lord ludacris platt we were giving

2638

01:38:34,870 --> 01:38:32,960

donations for him so that he can buy

2639

01:38:37,590 --> 01:38:34,880

toys yeah great but that's another whole

2640

01:38:39,189 --> 01:38:37,600

issue because according to uh youtube uh

2641

01:38:40,950 --> 01:38:39,199

like i said this whole thing is a can of

2642

01:38:43,030 --> 01:38:40,960

worms but i'm gonna do whatever we have

2643

01:38:45,510 --> 01:38:43,040

to do to be in compliance

2644

01:38:46,790 --> 01:38:45,520

and uh and yeah somebody's wondering who

2645

01:38:48,390 --> 01:38:46,800

i'm talking about i'm not even

2646

01:38:49,830 --> 01:38:48,400

mentioning the guy because i'm not

2647

01:38:51,510 --> 01:38:49,840

punching down and i don't want to

2648

01:38:52,550 --> 01:38:51,520

encourage anybody to check out his

2649

01:38:55,030 --> 01:38:52,560

channel

2650

01:38:55,040 --> 01:38:58,709

uh

2651

01:39:03,189 --> 01:39:00,629

no it's not it's not mikey horn but

2652

01:39:05,510 --> 01:39:03,199

mikey horn is sending mikey horn is

2653

01:39:07,350 --> 01:39:05,520

sending his hordes of i think it's

2654

01:39:08,790 --> 01:39:07,360

mostly him there's all these sock puppet

2655

01:39:11,030 --> 01:39:08,800

accounts telling me what a terrible

2656

01:39:12,070 --> 01:39:11,040

person i am for posting that

2657

01:39:14,310 --> 01:39:12,080

uh

2658

01:39:16,149 --> 01:39:14,320

clip from my former radio show where

2659

01:39:19,350 --> 01:39:16,159

mikey horn is citing a convicted child

2660

01:39:23,350 --> 01:39:19,360

molester as a source that alien

2661

01:39:27,030 --> 01:39:25,189

yeah there are thousands of cute kid

2662

01:39:29,669 --> 01:39:27,040

videos on youtube but i don't know that

2663

01:39:31,830 --> 01:39:29,679

they're on adult shows this show is an

2664

01:39:33,990 --> 01:39:31,840

adult show so there may be an issue

2665

01:39:37,430 --> 01:39:34,000

there i really don't think that there is

2666

01:39:40,310 --> 01:39:37,440

we have uh we have reached out to both

2667

01:39:42,790 --> 01:39:40,320

youtube through emails youtube support

2668

01:39:45,189 --> 01:39:42,800

and also through a friend of mine uh

2669

01:39:47,189 --> 01:39:45,199

that actually works for youtube

2670

01:39:49,030 --> 01:39:47,199

i'm waiting for him to get back to me

2671

01:39:51,350 --> 01:39:49,040

old friend owes me a few favors i'm

2672

01:39:53,669 --> 01:39:51,360

gonna have him look into the issue look

2673

01:39:55,910 --> 01:39:53,679

at what we did and tell me if there's a

2674

01:39:58,550 --> 01:39:55,920

problem or not and i i'm like i said i'm

2675

01:40:00,870 --> 01:39:58,560

99.9 sure it's not

2676

01:40:05,430 --> 01:40:00,880

um

2677

01:40:08,070 --> 01:40:05,440

i'm 99.9 sure we are not in any any

2678

01:40:10,390 --> 01:40:08,080

jeopardy of getting reported or stricken

2679

01:40:11,990 --> 01:40:10,400

for doing that but it is what it is ufo

2680

01:40:14,550 --> 01:40:12,000

watchdog is here and says that clip is

2681

01:40:16,790 --> 01:40:14,560

hilarious horn was in full meltdown mode

2682

01:40:18,470 --> 01:40:16,800

i know he started yelling at me and you

2683

01:40:20,470 --> 01:40:18,480

know i'm proud of myself for the way i

2684

01:40:21,430 --> 01:40:20,480

handled that because that was live on

2685

01:40:22,390 --> 01:40:21,440

air

2686

01:40:24,950 --> 01:40:22,400

like

2687

01:40:27,910 --> 01:40:24,960

he was yelling and screaming at me

2688

01:40:29,910 --> 01:40:27,920

and we were live at the time so and i

2689

01:40:31,910 --> 01:40:29,920

was very inexperienced as a show host

2690

01:40:34,950 --> 01:40:31,920

but then i started listening to what he

2691

01:40:37,109 --> 01:40:34,960

was saying ufo watchdog and i'm like

2692

01:40:39,030 --> 01:40:37,119

i should stop him this is crazy and then

2693

01:40:40,790 --> 01:40:39,040

i went no this is great radio i'm not

2694

01:40:45,350 --> 01:40:40,800

going to stop him let him hang himself i

2695

01:40:50,229 --> 01:40:47,750

v says mike is still emailing me you

2696

01:40:53,510 --> 01:40:50,239

know it goes in six month cycles v every

2697

01:40:55,750 --> 01:40:53,520

time i wake the sleeping nutter

2698

01:40:58,149 --> 01:40:55,760

mikey horn or billy meyer i get six

2699

01:41:01,430 --> 01:40:58,159

months of harassing trolling

2700

01:41:04,709 --> 01:41:01,440

comments on my videos i get six months

2701
01:41:06,870 --> 01:41:04,719
of harassing emails people even

2702
01:41:08,950 --> 01:41:06,880
messaging me on facebook dming me on

2703
01:41:11,189 --> 01:41:08,960
twitter telling me you know i'm an evil

2704
01:41:13,750 --> 01:41:11,199
and i'm going to hell

2705
01:41:16,390 --> 01:41:13,760
you know because billy meyer you know

2706
01:41:19,030 --> 01:41:16,400
not only is he an alien contactee but

2707
01:41:20,709 --> 01:41:19,040
you know jesus was an alien too and i'm

2708
01:41:23,669 --> 01:41:20,719
gonna go to hell because i don't believe

2709
01:41:25,350 --> 01:41:23,679
him and you know it's just ridiculous

2710
01:41:27,350 --> 01:41:25,360
and in fact uh

2711
01:41:29,990 --> 01:41:27,360
i saw rich giordano

2712
01:41:32,070 --> 01:41:30,000
was here from goof on and goof on is

2713
01:41:33,270 --> 01:41:32,080

doing a debate between mikey horn and

2714

01:41:37,109 --> 01:41:33,280

somebody

2715

01:41:38,470 --> 01:41:37,119

and i think they wanted me to but i said

2716

01:41:40,310 --> 01:41:38,480

uh

2717

01:41:41,830 --> 01:41:40,320

no i don't want to do that because the

2718

01:41:43,590 --> 01:41:41,840

real person that mikey horn should

2719

01:41:47,030 --> 01:41:43,600

debate is not me

2720

01:41:49,430 --> 01:41:47,040

it's kalkorf and he ducked kalkorf

2721

01:41:51,430 --> 01:41:49,440

at least three or four times once on my

2722

01:41:53,590 --> 01:41:51,440

show for those that don't know

2723

01:41:55,830 --> 01:41:53,600

mikey horn came on my show

2724

01:41:58,310 --> 01:41:55,840

and then kalkwarf came on my show and

2725

01:42:01,270 --> 01:41:58,320

just ripped the billy myer cult of

2726

01:42:02,870 --> 01:42:01,280

shreds like he's got all the dirt on

2727

01:42:05,350 --> 01:42:02,880

them and then there was supposed to be a

2728

01:42:07,750 --> 01:42:05,360

debate between mikey horn and kalkorf

2729

01:42:09,830 --> 01:42:07,760

but after his dismal performance trying

2730

01:42:12,629 --> 01:42:09,840

to prove to me billy meyer was real on

2731

01:42:14,950 --> 01:42:12,639

the show we did together and kalkorf

2732

01:42:17,030 --> 01:42:14,960

ripping billy meyer to shreds

2733

01:42:18,950 --> 01:42:17,040

he weaseled out of the debate then he

2734

01:42:20,790 --> 01:42:18,960

blamed me then he went on another show

2735

01:42:22,550 --> 01:42:20,800

saying i'm too cowardly to debate him

2736

01:42:24,390 --> 01:42:22,560

and i'm like wait a minute

2737

01:42:26,870 --> 01:42:24,400

that wasn't the deal the deal was and i

2738

01:42:28,550 --> 01:42:26,880

have the email still was all in writing

2739

01:42:30,709 --> 01:42:28,560

kalkwarf does an appearance you do an

2740

01:42:38,229 --> 01:42:30,719

appearance then you appear together and

2741

01:42:42,390 --> 01:42:39,510

then

2742

01:42:44,870 --> 01:42:42,400

mikey weaseled out so henceforth

2743

01:42:46,709 --> 01:42:44,880

i call him mikey the weasel horn

2744

01:42:48,149 --> 01:42:46,719

and i will continue to call him mikey

2745

01:42:49,750 --> 01:42:48,159

the weasel horn

2746

01:42:51,510 --> 01:42:49,760

uh you know the whole thing is

2747

01:42:53,910 --> 01:42:51,520

ridiculous for anybody to look at those

2748

01:42:55,430 --> 01:42:53,920

pictures and not think they're fake

2749

01:42:59,189 --> 01:42:55,440

you'd have to be

2750

01:43:01,750 --> 01:42:59,199

mentally deficient in some way right who

2751
01:43:03,669 --> 01:43:01,760
who could look at those hokey pictures

2752
01:43:06,310 --> 01:43:03,679
and say yeah that's really an alien

2753
01:43:09,030 --> 01:43:06,320
spacecraft sure it is billy meyer sure

2754
01:43:11,270 --> 01:43:09,040
it is mikey horn it's just ridiculous

2755
01:43:13,270 --> 01:43:11,280
and i felt stupid back on my radio show

2756
01:43:15,750 --> 01:43:13,280
for even wasting my time with it but i

2757
01:43:17,990 --> 01:43:15,760
couldn't get like better guests or you

2758
01:43:19,750 --> 01:43:18,000
know so i went yeah we'll go with this

2759
01:43:21,830 --> 01:43:19,760
and i thought kalkur had an interesting

2760
01:43:23,270 --> 01:43:21,840
take on ripping the case to shreds so i

2761
01:43:24,790 --> 01:43:23,280
thought that would be fun

2762
01:43:26,629 --> 01:43:24,800
but

2763
01:43:28,950 --> 01:43:26,639

yeah

2764

01:43:30,629 --> 01:43:28,960

that whole that whole case is ridiculous

2765

01:43:33,189 --> 01:43:30,639

and see i don't want to do a debate with

2766

01:43:35,430 --> 01:43:33,199

mikey horn because i will i will wipe

2767

01:43:36,830 --> 01:43:35,440

the floor with him and his ridiculous

2768

01:43:39,189 --> 01:43:36,840

billy meyer

2769

01:43:41,590 --> 01:43:39,199

garbage and then i'm gonna have to

2770

01:43:43,030 --> 01:43:41,600

suffer six months of trolling by the

2771

01:43:44,870 --> 01:43:43,040

troll patrol

2772

01:43:46,790 --> 01:43:44,880

and and part of me thinks it's like

2773

01:43:49,030 --> 01:43:46,800

mikey horn with a hundred different

2774

01:43:51,350 --> 01:43:49,040

accounts sitting there all day long

2775

01:43:53,270 --> 01:43:51,360

because these things would come you know

2776

01:43:55,910 --> 01:43:53,280

from eight o'clock in the morning until

2777

01:43:57,830 --> 01:43:55,920

midnight all day long and i would be

2778

01:43:59,990 --> 01:43:57,840

getting hammered with these messages

2779

01:44:01,910 --> 01:44:00,000

from these billy meyer cult members or

2780

01:44:03,990 --> 01:44:01,920

mikey horn i don't know everybody knows

2781

01:44:06,070 --> 01:44:04,000

he's got a lot of sock puppet accounts

2782

01:44:08,149 --> 01:44:06,080

and i just don't want i i don't want

2783

01:44:11,030 --> 01:44:08,159

that i don't want to invite the nutter

2784

01:44:12,950 --> 01:44:11,040

into my life again so i say debate

2785

01:44:15,830 --> 01:44:12,960

kalkwarf mikey horn or are you going to

2786

01:44:17,910 --> 01:44:15,840

weasel out of it again

2787

01:44:19,430 --> 01:44:17,920

he's weaseled out at debating mikey uh

2788

01:44:21,430 --> 01:44:19,440

cow court like at least three or four

2789

01:44:23,030 --> 01:44:21,440

times that i'm aware of once with me and

2790

01:44:24,709 --> 01:44:23,040

i have all the emails to prove he

2791

01:44:26,870 --> 01:44:24,719

weseled out of it maybe someday we'll

2792

01:44:28,629 --> 01:44:26,880

share those but again that would be

2793

01:44:30,229 --> 01:44:28,639

inviting the billy meyer crazy train

2794

01:44:32,070 --> 01:44:30,239

back in my life and i'm trying to keep

2795

01:44:35,189 --> 01:44:32,080

the billy meyer crazy train out of my

2796

01:44:36,790 --> 01:44:35,199

life but i did post this

2797

01:44:39,030 --> 01:44:36,800

uh clip

2798

01:44:41,430 --> 01:44:39,040

of mikey horn citing a convicted child

2799

01:44:43,270 --> 01:44:41,440

molester as proof of an alien laser gun

2800

01:44:45,430 --> 01:44:43,280

and i did that because he was just on

2801

01:44:47,750 --> 01:44:45,440

goof on show and i wanted people to know

2802

01:44:50,229 --> 01:44:47,760

what kind of a person

2803

01:44:51,669 --> 01:44:50,239

mikey horn is and how desperate he is to

2804

01:44:56,229 --> 01:44:51,679

prove his fake

2805

01:44:59,510 --> 01:44:56,239

trash can lid ufo messiah

2806

01:45:02,790 --> 01:45:01,270

no it's not the billy meyer group not

2807

01:45:05,109 --> 01:45:02,800

that i'm aware of it's just another show

2808

01:45:07,270 --> 01:45:05,119

host and i'd rather not mention them so

2809

01:45:09,109 --> 01:45:07,280

you know ask me privately and i'll let

2810

01:45:12,149 --> 01:45:09,119

2811

we're going to wrap things up here but

2833

01:46:09,189 --> 01:46:07,920

that support

2842

01:46:23,590 --> 01:46:21,920

2847

01:46:34,550 --> 01:46:31,119

good place if you're interested in these

2904

01:48:44,550 --> 01:48:41,840

topics and the show here it's a good

2905

01:48:46,790 --> 01:48:44,560

place to hang out and uh so it's not

2906

01:48:48,790 --> 01:48:46,800

just when we're doing a live show that

2907

01:48:51,669 --> 01:48:48,800

you can participate in these interesting

2908

01:48:53,910 --> 01:48:51,679

chats with like-minded people it's all

2909

01:48:56,950 --> 01:48:53,920

at all times now thanks to our discord

2910

01:48:58,550 --> 01:48:56,960

server and thanks spooky for making a

2911

01:49:00,470 --> 01:48:58,560

new link

2912

01:49:02,790 --> 01:49:00,480

much appreciated spooky and spooky is

2913

01:49:04,950 --> 01:49:02,800

our new clip producer i think that

2914

01:49:07,270 --> 01:49:04,960

spooky is working on

2915

01:49:09,430 --> 01:49:07,280

something great uh called the dark

2916

01:49:12,950 --> 01:49:09,440

playground hypothesis this is my

2917

01:49:16,070 --> 01:49:12,960

hypothesis about the ufo phenomenon and

2918

01:49:18,470 --> 01:49:16,080

uh more about that later um we got a lot

2919

01:49:20,310 --> 01:49:18,480

of stuff to catch up on in future shows

2920

01:49:22,070 --> 01:49:20,320

we've got corey good

2921

01:49:25,910 --> 01:49:22,080

uh corey goods conference being a

2922

01:49:27,510 --> 01:49:25,920

complete and total dismal failure

2923

01:49:29,589 --> 01:49:27,520

uh i shouldn't laugh at a man's

2924

01:49:33,750 --> 01:49:29,599

misfortune but in his case i will allow

2925

01:49:35,510 --> 01:49:33,760

it right uh we've got this angeli right

2926

01:49:37,109 --> 01:49:35,520

what a nothing burger that was but

2927

01:49:39,510 --> 01:49:37,119

people want me to cover it we'll cover

2928

01:49:42,390 --> 01:49:39,520

it and then we also have come coming up

2929

01:49:46,790 --> 01:49:42,400

something called phd pantygate what's

2930

01:49:50,070 --> 01:49:46,800

that you say ph.d pantygate yes yes

2931

01:49:52,950 --> 01:49:50,080

noted uh former college professor and

2932

01:49:54,550 --> 01:49:52,960

ufo researcher david jacobs recently got

2933

01:49:57,109 --> 01:49:54,560

cancelled why

2934

01:49:59,750 --> 01:49:57,119

because while one of his uh alien

2935

01:50:02,310 --> 01:49:59,760

abductee contactees was under hypnosis

2936

01:50:03,270 --> 01:50:02,320

he was telling her to send panties

2937

01:50:05,830 --> 01:50:03,280

yeah

2938

01:50:07,510 --> 01:50:05,840

and apparently uh well there's a whole

2939

01:50:09,669 --> 01:50:07,520

controversy about this and it would take

2940

01:50:12,149 --> 01:50:09,679

too long to really explain it but we're

2941

01:50:14,310 --> 01:50:12,159

gonna cover that uh it's called

2942

01:50:16,149 --> 01:50:14,320

pantygate yes that's right

2943

01:50:18,550 --> 01:50:16,159

you too can get canceled from ufo

2944

01:50:21,750 --> 01:50:18,560

conferences for being a creeper and

2945

01:50:26,709 --> 01:50:21,760

asking a girl to send her panties to you

2946

01:50:32,070 --> 01:50:28,149

uh

2947

01:50:34,790 --> 01:50:32,080

excellent show thanks stephen and the

2948

01:50:36,310 --> 01:50:34,800

cash clown and uh

2949

01:50:38,790 --> 01:50:36,320

freedom punch girl says corey goode

2950

01:50:40,229 --> 01:50:38,800

supports billy meyer i was never i have

2951

01:50:43,109 --> 01:50:40,239

never heard that but it wouldn't

2952

01:50:45,030 --> 01:50:43,119

surprise me oh and it's interesting uh

2953

01:50:46,790 --> 01:50:45,040

spooky sent me earlier that corey good

2954

01:50:48,790 --> 01:50:46,800

is throwing michael sala under the bus

2955

01:50:50,550 --> 01:50:48,800

saying his information is not accurate

2956

01:50:53,830 --> 01:50:50,560

so those two probably had a falling out

2957

01:50:58,790 --> 01:50:56,229

yeah mario heat is here welcome back

2958

01:51:01,589 --> 01:50:58,800

where you've been brother uh praise the

2959

01:51:04,310 --> 01:51:01,599

cash praise the cash praise the cash

2960

01:51:06,390 --> 01:51:04,320

good night cambian yeah and on that note

2961

01:51:11,189 --> 01:51:06,400

friends we are going to bounce right out

2962

01:51:15,589 --> 01:51:14,149

i'm not sure what's not okay

2963

01:51:18,310 --> 01:51:15,599

when is the next show the next show is

2964

01:51:21,189 --> 01:51:18,320

tomorrow night at 9 00 pm

2965

01:51:23,030 --> 01:51:21,199

i'm gonna try my best to start keeping a

2966

01:51:25,030 --> 01:51:23,040

schedule so from now on

2967

01:51:27,109 --> 01:51:25,040

uh at least monday through thursday

2968

01:51:28,709 --> 01:51:27,119

there will be a show at 9 00 pm

2969

01:51:30,629 --> 01:51:28,719

i decided i've been a little lazy with

2970

01:51:32,229 --> 01:51:30,639

that and i know but then we might move

2971

01:51:33,990 --> 01:51:32,239

the show to 10 o'clock because i know a

2972

01:51:35,589 --> 01:51:34,000

lot of people want to catch goof on show

2973

01:51:36,950 --> 01:51:35,599

and i think he's on an eight of clock or

2974

01:51:39,030 --> 01:51:36,960

he keeps messing with the times like 8

2975

01:51:40,310 --> 01:51:39,040

15 or something and we'd rather not

2976

01:51:42,229 --> 01:51:40,320

compete so

2977

01:51:43,750 --> 01:51:42,239

and shortly we'd get a bigger audience

2978

01:51:45,109 --> 01:51:43,760

if people weren't bouncing back and

2979

01:51:46,709 --> 01:51:45,119

forth between our two shows and

2980

01:51:48,709 --> 01:51:46,719

sometimes we overlap so we may move it

2981

01:51:51,350 --> 01:51:48,719

to 10 o'clock but for right now

2982

01:51:53,990 --> 01:51:51,360

our shows monday through thursday 9 p.m

2983

01:51:56,390 --> 01:51:54,000

eastern standard time however

2984

01:51:57,910 --> 01:51:56,400

uh no thursday monday through wednesday

2985

01:51:59,430 --> 01:51:57,920

thursday is is going to we're going to

2986

01:52:00,390 --> 01:51:59,440

have a show as well this week but it's

2987

01:52:01,669 --> 01:52:00,400

going to be later because i have to

2988

01:52:03,510 --> 01:52:01,679

drive all the way to the cabin and i

2989

01:52:05,510 --> 01:52:03,520

almost never make the nine o'clock show

2990

01:52:08,149 --> 01:52:05,520

time i get there at like 8 50 or

2991

01:52:09,910 --> 01:52:08,159

something and you know and for people

2992

01:52:11,350 --> 01:52:09,920

that don't know the cabin

2993

01:52:13,350 --> 01:52:11,360

you know it takes a little time to get

2994

01:52:15,030 --> 01:52:13,360

the cabin together like i get there and

2995

01:52:16,550 --> 01:52:15,040

i got to turn the power on i got to turn

2996

01:52:17,589 --> 01:52:16,560

the propane on and all this different

2997

01:52:18,470 --> 01:52:17,599

stuff

2998

01:52:21,189 --> 01:52:18,480

and

2999

01:52:23,510 --> 01:52:21,199

you know i can't just jump on a stream

3000

01:52:24,629 --> 01:52:23,520

five minutes after i get there

3001

01:52:26,070 --> 01:52:24,639

so

3002

01:52:27,510 --> 01:52:26,080

and i'll keep everybody updated we're

3003

01:52:29,589 --> 01:52:27,520

going to be making an announcement as

3004

01:52:31,030 --> 01:52:29,599

well because in september when my

3005

01:52:32,790 --> 01:52:31,040

children go back to school we're going

3006

01:52:33,750 --> 01:52:32,800

to have an increased schedule what does

3007

01:52:35,830 --> 01:52:33,760

that mean

3008

01:52:38,149 --> 01:52:35,840

we're going to be doing a short show in

3009

01:52:40,310 --> 01:52:38,159

the afternoon like maybe a half hour or

3010

01:52:42,229 --> 01:52:40,320

an hour max and then the long form all

3011

01:52:44,629 --> 01:52:42,239

of the interview shows will be

3012

01:52:45,510 --> 01:52:44,639

at night probably 10 p.m

3013

01:52:47,270 --> 01:52:45,520

um

3014

01:52:49,189 --> 01:52:47,280

there's plenty of things to cover

3015

01:52:52,149 --> 01:52:49,199

there's plenty of things to talk about i

3016

01:52:54,550 --> 01:52:52,159

have a i have a folder right now with

3017

01:52:56,790 --> 01:52:54,560

something like 40 different show topics

3018

01:52:58,629 --> 01:52:56,800

all already researched with things to

3019

01:53:00,950 --> 01:52:58,639

share in each of the

3020

01:53:02,390 --> 01:53:00,960

folders and things like that talking

3021

01:53:06,229 --> 01:53:02,400

points

3022

01:53:07,750 --> 01:53:06,239

script the show but i will have like

3023

01:53:10,149 --> 01:53:07,760

talk about this talk about this talk

3024

01:53:11,030 --> 01:53:10,159

about this anyway we've got a big wealth

3025

01:53:16,790 --> 01:53:11,040

of

3026

01:53:18,390 --> 01:53:16,800

and you know doing three shows a week we

3027

01:53:21,270 --> 01:53:18,400

don't really get to them all but i think

3028

01:53:22,790 --> 01:53:21,280

when we increase things in september

3029

01:53:24,470 --> 01:53:22,800

we're going to be pumping out a lot more

3030

01:53:26,709 --> 01:53:24,480

content

3031

01:53:28,790 --> 01:53:26,719

as long as there's demand now if i start

3032

01:53:30,709 --> 01:53:28,800

doing two shows a day getting the same

3033

01:53:32,310 --> 01:53:30,719

views that i got with one show a day

3034

01:53:34,550 --> 01:53:32,320

then we'll go back to the one show a day

3035

01:53:37,030 --> 01:53:34,560

we got to be flexible here you know

3036

01:53:38,870 --> 01:53:37,040

and and really adapt and overcome and

3037

01:53:41,030 --> 01:53:38,880

that's what we're gonna do here

3038

01:53:42,709 --> 01:53:41,040

so

3039

01:53:44,149 --> 01:53:42,719

i want to thank each and every one of

3040

01:53:48,709 --> 01:53:44,159

you

3041

01:53:50,950 --> 01:53:48,719

hear me say it and and it's true

3042

01:53:52,470 --> 01:53:50,960

i love it

3043

01:53:54,950 --> 01:53:52,480

when there's an audience there's nothing

3044

01:53:58,229 --> 01:53:54,960

worse than putting a lot of passion and

3045

01:54:00,870 --> 01:53:58,239

time and energy into something and then

3046

01:54:02,550 --> 01:54:00,880

it doesn't work out because you show up

3047

01:54:04,470 --> 01:54:02,560

to the gig and

3048

01:54:07,589 --> 01:54:04,480

nobody's there to see it

3049

01:54:09,990 --> 01:54:07,599

i've been there friends i have done that

3050

01:54:13,189 --> 01:54:10,000

and i much prefer it when there's an

3051

01:54:16,550 --> 01:54:14,950

so what can i say friends thank you for

3052

01:54:18,950 --> 01:54:16,560

coming here spending some time with me

3053

01:54:22,390 --> 01:54:18,960

and being a part of mine until next time

3054

01:54:27,900 --> 01:54:22,400

friends my name is stephen cambion

3055

01:54:57,880 --> 01:54:48,290

[Music]

3056

01:55:46,870 --> 01:54:57,890

so

3057

01:55:48,240 --> 01:55:46,880

[Music]

3058

01:55:51,669 --> 01:55:48,250

[Applause]
