[Music]

4
00:03:20,120 --> 00:03:11,530
[Applause]

5
00:03:20,460 --> 00:03:20,130
[Music]

6
00:03:22,000 --> 00:03:20,470
[Applause]

7
00:03:24,270 --> 00:03:22,010
[Music]

8
00:03:51,110 --> 00:03:24,280
[Applause]

9
00:03:51,120 --> 00:03:59,810
so

10
00:03:59,820 --> 00:04:03,740
[Music]

11
00:04:13,190 --> 00:04:05,740
[Applause]

12
00:04:15,509 --> 00:04:13,200
[Music]

13
00:04:17,670 --> 00:04:15,519

greetings and salutations fellow truth

14

00:04:20,229 --> 00:04:17,680

seekers and welcome back

15

00:04:23,189 --> 00:04:20,239

i am your host stephen campion bringing

16

00:04:25,430 --> 00:04:23,199

you some of the greatest stories in

17

00:04:28,790 --> 00:04:25,440

conspiracy land

18

00:04:31,270 --> 00:04:28,800

tonight is an unscheduled show but there

19

00:04:33,270 --> 00:04:31,280

have been some new developments in the

20

00:04:35,590 --> 00:04:33,280

story we were closely covering and that

21

00:04:37,590 --> 00:04:35,600

is david wilcox new claims that he's

22

00:04:38,629 --> 00:04:37,600

going to create a hover car within a

23

00:04:41,830 --> 00:04:38,639

year

24

00:04:43,990 --> 00:04:41,840

and his new course where for just 333

25

00:04:46,150 --> 00:04:44,000

dollars you too will learn the secrets

26

00:04:48,230 --> 00:04:46,160

of any gravity and free energy and be

27

00:04:49,749 --> 00:04:48,240

able to do it too

28

00:04:52,469 --> 00:04:49,759

i've said from the beginning that i

29

00:04:54,710 --> 00:04:52,479

believe that this latest course and uh

30

00:04:58,390 --> 00:04:54,720

latest line of rhetoric

31

00:04:59,749 --> 00:04:58,400

from david wilcock is indeed a scam

32

00:05:02,870 --> 00:04:59,759

and uh

33

00:05:04,870 --> 00:05:02,880

boy we got some confirming

34

00:05:06,790 --> 00:05:04,880

information today

35

00:05:10,870 --> 00:05:06,800

that would seem to indicate that i was a

36

00:05:12,629 --> 00:05:10,880

hundred percent correct in my assessment

37

00:05:14,790 --> 00:05:12,639

well i don't even want to go that far

38

00:05:17,670 --> 00:05:14,800

let's just say some new information that

39

00:05:19,430 --> 00:05:17,680

makes this look even shadier than i

40

00:05:21,110 --> 00:05:19,440

originally thought

41

00:05:22,469 --> 00:05:21,120

for those that don't know david wilcock

42

00:05:24,390 --> 00:05:22,479

for some

43

00:05:26,670 --> 00:05:24,400

several weeks maybe a month now has been

44

00:05:30,230 --> 00:05:26,680

pumping his new course where for just

45

00:05:33,350 --> 00:05:30,240

333 you too will learn the secrets of

46

00:05:36,870 --> 00:05:33,360

any gravity free energy oh you also get

47

00:05:38,390 --> 00:05:36,880

a book that was channeled from uh the

48

00:05:40,150 --> 00:05:38,400

archangel michael

49

00:05:42,469 --> 00:05:40,160

that's right david wilcock is now

50

00:05:44,629 --> 00:05:42,479

channeling the archangel michael who's

51
00:05:47,270 --> 00:05:44,639
telling him that he's on the right path

52
00:05:50,629 --> 00:05:47,280
to creating hover cars

53
00:05:52,390 --> 00:05:50,639
part of david wilcox new course

54
00:05:55,670 --> 00:05:52,400
which i believe is very this part of

55
00:05:59,029 --> 00:05:55,680
this is very shady you can't know who

56
00:06:02,390 --> 00:05:59,039
his insider and aerospace

57
00:06:05,510 --> 00:06:02,400
pioneer the tesla of our generation is

58
00:06:07,270 --> 00:06:05,520
until you give them the money then

59
00:06:09,670 --> 00:06:07,280
when the course starts you'll find out

60
00:06:11,830 --> 00:06:09,680
who his insider is

61
00:06:14,390 --> 00:06:11,840
now various people have been speculating

62
00:06:16,309 --> 00:06:14,400
some said that it was david adair

63
00:06:19,749 --> 00:06:16,319

uh because of david wilcox previous

64

00:06:22,390 --> 00:06:19,759

affiliation with him on gaia tv i said

65

00:06:23,830 --> 00:06:22,400

based on several things no i don't

66

00:06:26,230 --> 00:06:23,840

believe so

67

00:06:27,029 --> 00:06:26,240

uh i believe i believe that it was going

68

00:06:27,990 --> 00:06:27,039

to be

69

00:06:29,110 --> 00:06:28,000

either

70

00:06:31,029 --> 00:06:29,120

somebody

71

00:06:33,189 --> 00:06:31,039

what i truly believe turns out to be

72

00:06:34,629 --> 00:06:33,199

what actually happened i believed that

73

00:06:36,469 --> 00:06:34,639

it was going to be

74

00:06:38,070 --> 00:06:36,479

someone with some affiliation in the

75

00:06:39,830 --> 00:06:38,080

aerospace industry with zero

76

00:06:41,830 --> 00:06:39,840

accomplishments and

77

00:06:43,990 --> 00:06:41,840

not a real you know like he wasn't going

78

00:06:46,070 --> 00:06:44,000

to have somebody that worked at lockheed

79

00:06:48,150 --> 00:06:46,080

skunk works or boeing

80

00:06:49,909 --> 00:06:48,160

developing stealth technology he was

81

00:06:51,749 --> 00:06:49,919

going to have some

82

00:06:54,950 --> 00:06:51,759

wackadoo

83

00:06:56,469 --> 00:06:54,960

and it turns out i was 100 right and

84

00:06:58,469 --> 00:06:56,479

actually i want to take a moment to

85

00:07:01,830 --> 00:06:58,479

thank somebody for this information that

86

00:07:05,510 --> 00:07:01,840

was sent to me today well two people

87

00:07:06,790 --> 00:07:05,520

baby jolly on on youtube or i'm sorry on

88

00:07:09,749 --> 00:07:06,800

twitter

89

00:07:12,790 --> 00:07:09,759
started uh copying screenshots and

90

00:07:14,629 --> 00:07:12,800
posting them on twitter and people

91

00:07:16,950 --> 00:07:14,639
my phone blew up people were sending me

92

00:07:20,230 --> 00:07:16,960
all the stuff and it turns out

93

00:07:22,790 --> 00:07:20,240
that it was jordan sather who revealed

94

00:07:25,749 --> 00:07:22,800
who the actual insider

95

00:07:28,629 --> 00:07:25,759
of david wilcox is right

96

00:07:30,550 --> 00:07:28,639
but before we get to that i just wanna

97

00:07:32,390 --> 00:07:30,560
we're gonna share i'm going to cite fair

98

00:07:34,950 --> 00:07:32,400
use we're going to share screen i signed

99

00:07:37,350 --> 00:07:34,960
up for david wilcox uh

100

00:07:39,909 --> 00:07:37,360
he ran what can only be called an email

101
00:07:41,990 --> 00:07:39,919
funnel which is sign up for my free for

102
00:07:43,749 --> 00:07:42,000
my course for my free

103
00:07:45,749 --> 00:07:43,759
you know information

104
00:07:47,430 --> 00:07:45,759
and then when you sign up all you get is

105
00:07:49,270 --> 00:07:47,440
the public youtube videos that he's

106
00:07:50,869 --> 00:07:49,280
putting on public youtube you're not

107
00:07:53,350 --> 00:07:50,879
getting anything for giving him your

108
00:07:56,869 --> 00:07:53,360
email address but what he's getting

109
00:07:59,189 --> 00:07:56,879
is a huge marketing list and friends he

110
00:08:02,150 --> 00:07:59,199
sends spam every day pushing people to

111
00:08:04,070 --> 00:08:02,160
buy this 333 course i think in the past

112
00:08:07,830 --> 00:08:04,080
two weeks i got

113
00:08:10,230 --> 00:08:07,840

let's see 20 messages from david wilcock

114

00:08:11,589 --> 00:08:10,240

all but uh you know begging me to give

115

00:08:14,070 --> 00:08:11,599

him the

116

00:08:16,550 --> 00:08:14,080

dollars for the actual course

117

00:08:18,150 --> 00:08:16,560

out of mind is uh

118

00:08:19,990 --> 00:08:18,160

is correctly sharing our copyright

119

00:08:23,110 --> 00:08:20,000

disclaimer and we are going to put our

120

00:08:24,950 --> 00:08:23,120

fair use banner up uh let me get that up

121

00:08:26,469 --> 00:08:24,960

friends uh

122

00:08:28,230 --> 00:08:26,479

i also want to thank cari for at the

123

00:08:30,629 --> 00:08:28,240

very last minute giving me the thumbnail

124

00:08:32,790 --> 00:08:30,639

for tonight uh like i said tonight was

125

00:08:35,589 --> 00:08:32,800

not planned but there's so much going on

126

00:08:38,070 --> 00:08:35,599

that i thought you know let me jump on

127

00:08:39,990 --> 00:08:38,080

here and cover this part of the story

128

00:08:42,630 --> 00:08:40,000

because there's a twist in this story

129

00:08:44,630 --> 00:08:42,640

that only i would catch

130

00:08:47,350 --> 00:08:44,640

and i had this strange moment of

131

00:08:49,590 --> 00:08:47,360

synchronicity earlier and you know what

132

00:08:52,470 --> 00:08:49,600

when these new age people when they

133

00:08:55,350 --> 00:08:52,480

mention synchronicity or you know even

134

00:08:57,030 --> 00:08:55,360

when people talk about deja vu to me i

135

00:08:59,030 --> 00:08:57,040

say

136

00:09:00,949 --> 00:08:59,040

you know a lot of that is hogwash but i

137

00:09:02,630 --> 00:09:00,959

felt it today and we're gonna find out

138

00:09:04,470 --> 00:09:02,640

why because there's someone involved

139

00:09:05,509 --> 00:09:04,480

with david wilcox

140

00:09:08,550 --> 00:09:05,519

uh

141

00:09:11,030 --> 00:09:08,560

insiders aerospace company that i have a

142

00:09:13,110 --> 00:09:11,040

great deal of knowledge about and even

143

00:09:16,070 --> 00:09:13,120

personally spoke to once

144

00:09:17,990 --> 00:09:16,080

uh for something like a job interview

145

00:09:19,829 --> 00:09:18,000

a way to hear this this is going to get

146

00:09:21,590 --> 00:09:19,839

good and i'm the only person who can

147

00:09:23,750 --> 00:09:21,600

bring you this information

148

00:09:26,710 --> 00:09:23,760

when i saw who was affiliated with david

149

00:09:29,509 --> 00:09:26,720

wilcock insiders aerospace company as

150

00:09:31,350 --> 00:09:29,519

the chief chief operating officer i

151

00:09:32,949 --> 00:09:31,360

almost fell off my chair i couldn't

152

00:09:36,070 --> 00:09:32,959

believe it and we're going to get into

153

00:09:39,590 --> 00:09:36,080

it because this is why i'm telling you

154

00:09:41,269 --> 00:09:39,600

that this whole deal is so so shady

155

00:09:43,350 --> 00:09:41,279

where do you see the people involved

156

00:09:46,470 --> 00:09:43,360

with david wilcox company

157

00:09:48,070 --> 00:09:46,480

and who they are who their history

158

00:09:50,150 --> 00:09:48,080

what their history is

159

00:09:52,710 --> 00:09:50,160

so i'm putting up my fair use banner uh

160

00:09:54,870 --> 00:09:52,720

this is fair use we are uh

161

00:09:57,509 --> 00:09:54,880

we will be

162

00:09:59,509 --> 00:09:57,519

discussing the information which i am

163

00:10:01,190 --> 00:09:59,519

sharing and this is certainly and we're

164

00:10:02,550 --> 00:10:01,200

using it for educational purposes to

165

00:10:05,269 --> 00:10:02,560

educate our audience so this is

166

00:10:08,230 --> 00:10:05,279

certainly cover by fair use and is

167

00:10:09,269 --> 00:10:08,240

allowable by law i did see this marina

168

00:10:11,110 --> 00:10:09,279

uh

169

00:10:13,030 --> 00:10:11,120

maverick genus i'm starting to say it

170

00:10:15,269 --> 00:10:13,040

right marina with a kind of generous

171

00:10:17,430 --> 00:10:15,279

dollar 49 super sticker and i believe we

172

00:10:19,030 --> 00:10:17,440

had one oh yes we did a super sticker

173

00:10:20,470 --> 00:10:19,040

from welcome to the show kind of

174

00:10:23,110 --> 00:10:20,480

generous 99

175

00:10:25,670 --> 00:10:23,120

pounds that still sense right i think so

176

00:10:27,110 --> 00:10:25,680

and i think we'll be up to date on the

177

00:10:29,509 --> 00:10:27,120

super chats

178

00:10:31,110 --> 00:10:29,519

yes we are okay so thank you guys very

179

00:10:32,550 --> 00:10:31,120

much for your kindness your generosity

180

00:10:34,870 --> 00:10:32,560

and your support i'll be reading all the

181

00:10:37,990 --> 00:10:34,880

super chats at the end of tonight's

182

00:10:40,069 --> 00:10:38,000

broadcast as we usually do we read every

183

00:10:41,670 --> 00:10:40,079

single super chat we recognize and thank

184

00:10:42,949 --> 00:10:41,680

every single person who's contributing

185

00:10:44,069 --> 00:10:42,959

to the show

186

00:10:47,590 --> 00:10:44,079

okay so

187

00:10:49,350 --> 00:10:47,600

uh let's get first to the latest uh the

188

00:10:50,389 --> 00:10:49,360

latest email

189

00:10:51,990 --> 00:10:50,399

uh

190

00:10:54,790 --> 00:10:52,000

which

191

00:10:56,870 --> 00:10:54,800

i wanted to mention uh

192

00:10:58,710 --> 00:10:56,880

i think it's mark who is forwarding me

193

00:11:01,590 --> 00:10:58,720

all of david wilcox

194

00:11:03,430 --> 00:11:01,600

spam emails begging for money and

195

00:11:06,150 --> 00:11:03,440

i i want to thank him but tell him that

196

00:11:07,269 --> 00:11:06,160

i signed up on it on an extra email

197

00:11:08,949 --> 00:11:07,279

address

198

00:11:10,389 --> 00:11:08,959

so i don't need you to continue to

199

00:11:13,110 --> 00:11:10,399

forward them but thank you for doing

200

00:11:14,870 --> 00:11:13,120

that because reading the first few of

201
00:11:16,470 --> 00:11:14,880
these emails that he's sending people

202
00:11:18,310 --> 00:11:16,480
made me sign up because i wanted to see

203
00:11:19,269 --> 00:11:18,320
what else he was going to say

204
00:11:21,350 --> 00:11:19,279
um

205
00:11:23,910 --> 00:11:21,360
so this is david wilcox email today that

206
00:11:26,310 --> 00:11:23,920
says disclosure premieres live in a few

207
00:11:27,990 --> 00:11:26,320
hours now remember in order to find out

208
00:11:30,310 --> 00:11:28,000
who this insider is you got to give him

209
00:11:32,310 --> 00:11:30,320
the money he's not telling you

210
00:11:34,069 --> 00:11:32,320
so he says today is the world premiere

211
00:11:35,509 --> 00:11:34,079
of the cinematic experience the

212
00:11:37,990 --> 00:11:35,519
disclosure

213
00:11:40,069 --> 00:11:38,000

uh it's a live stream it's not a

214

00:11:41,910 --> 00:11:40,079

cinematic experience david wilcock i

215

00:11:45,269 --> 00:11:41,920

don't care how many camera angles you

216

00:11:48,470 --> 00:11:45,279

use it's a live stream it's not a

217

00:11:52,710 --> 00:11:48,480

cinematic experience but okay

218

00:11:54,710 --> 00:11:52,720

he says where we receive full disclosure

219

00:11:58,790 --> 00:11:54,720

what does full disclosure mean i believe

220

00:12:03,030 --> 00:12:01,030

chosen by david wilcock

221

00:12:04,710 --> 00:12:03,040

to hype this guy and what he's going to

222

00:12:06,949 --> 00:12:04,720

tell people but as we're going to find

223

00:12:09,110 --> 00:12:06,959

out in a few minutes he has nothing but

224

00:12:11,910 --> 00:12:09,120

failure to share with people his

225

00:12:13,670 --> 00:12:11,920

so-called insider

226

00:12:15,750 --> 00:12:13,680

full disclosure from a new insider

227

00:12:17,509 --> 00:12:15,760

coming forth for the first time during

228

00:12:20,230 --> 00:12:17,519

this course we will also go through

229

00:12:22,150 --> 00:12:20,240

chapters upon chapters of prophecy from

230

00:12:24,470 --> 00:12:22,160

an archangel yeah i'm not sure if he's

231

00:12:26,310 --> 00:12:24,480

channeling the archangel or it's

232

00:12:29,030 --> 00:12:26,320

prophecies from an archangel that he

233

00:12:30,389 --> 00:12:29,040

claims came to him in 1999

234

00:12:31,269 --> 00:12:30,399

uh but we're going to see some other

235

00:12:33,910 --> 00:12:31,279

proof

236

00:12:36,389 --> 00:12:33,920

uh courtesy of kari kari made a nice

237

00:12:39,990 --> 00:12:36,399

video which shows that all of this

238

00:12:42,389 --> 00:12:40,000

archangel michael prophecies from 1999

239

00:12:44,470 --> 00:12:42,399

garbage that he's spewing right now to

240

00:12:47,509 --> 00:12:44,480

sell his course he already spewed the

241

00:12:49,190 --> 00:12:47,519

same exact new age garbage

242

00:12:51,110 --> 00:12:49,200

20 years ago

243

00:12:53,269 --> 00:12:51,120

for another scam where he was telling

244

00:12:56,069 --> 00:12:53,279

people that they would get super powers

245

00:12:58,310 --> 00:12:56,079

in 2012.

246

00:13:00,629 --> 00:12:58,320

okay as the world moves from 3d third

247

00:13:02,710 --> 00:13:00,639

density into more heart centered 4d

248

00:13:05,430 --> 00:13:02,720

fourth density we are experiencing some

249

00:13:07,269 --> 00:13:05,440

turbulence which is normal prophesized

250

00:13:09,110 --> 00:13:07,279

and expected

251
00:13:10,550 --> 00:13:09,120
as some of our human family graduates

252
00:13:12,150 --> 00:13:10,560
from spiritual childhood into

253
00:13:15,190 --> 00:13:12,160
sovereignty new energies and

254
00:13:16,710 --> 00:13:15,200
capabilities are coming online and soon

255
00:13:18,150 --> 00:13:16,720
geez i'm not going to read this whole

256
00:13:20,389 --> 00:13:18,160
thing but here's what you get when you

257
00:13:23,350 --> 00:13:20,399
register for the course you will receive

258
00:13:25,030 --> 00:13:23,360
six profound weeks of paradigm shifting

259
00:13:26,870 --> 00:13:25,040
shattering content

260
00:13:28,870 --> 00:13:26,880
uh listen he's been selling these

261
00:13:31,350 --> 00:13:28,880
courses for 20 years

262
00:13:34,550 --> 00:13:31,360
show me one person that felt they got

263
00:13:36,389 --> 00:13:34,560

paradigm shattering content right

264

00:13:38,870 --> 00:13:36,399

what happened to all the people that he

265

00:13:41,430 --> 00:13:38,880

was teaching ascension courses to he

266

00:13:43,750 --> 00:13:41,440

taught i believe three separate courses

267

00:13:45,189 --> 00:13:43,760

on ascension he can't show me one person

268

00:13:48,629 --> 00:13:45,199

who would send it

269

00:13:50,710 --> 00:13:48,639

uh so some people spent 999 dollars to

270

00:13:52,150 --> 00:13:50,720

ascend no one did

271

00:13:54,949 --> 00:13:52,160

which tells you something about the

272

00:13:56,870 --> 00:13:54,959

quality of the information that he sells

273

00:13:59,110 --> 00:13:56,880

let's see we'll also get stunning

274

00:14:00,949 --> 00:13:59,120

revelations from a new insider that you

275

00:14:04,949 --> 00:14:00,959

get to meet today

276

00:14:06,710 --> 00:14:04,959

and the the use of this word insider

277

00:14:08,629 --> 00:14:06,720

again this is a carefully chosen

278

00:14:11,670 --> 00:14:08,639

buzzword that david wilcock is using

279

00:14:13,350 --> 00:14:11,680

here so that stupid people who are

280

00:14:14,710 --> 00:14:13,360

looking at this course think that

281

00:14:17,590 --> 00:14:14,720

they're going to get to

282

00:14:19,829 --> 00:14:17,600

hear from a real government insider

283

00:14:22,550 --> 00:14:19,839

that's what the term insider generally

284

00:14:24,389 --> 00:14:22,560

is used an insider

285

00:14:26,230 --> 00:14:24,399

right i mean we can look up the

286

00:14:28,230 --> 00:14:26,240

definition of insider but i believe it

287

00:14:30,870 --> 00:14:28,240

commonly refers to somebody who's really

288

00:14:33,590 --> 00:14:30,880

on the inside and has a lot of

289

00:14:35,350 --> 00:14:33,600

classified information this person that

290

00:14:38,069 --> 00:14:35,360

he is showing in his course and talking

291

00:14:41,189 --> 00:14:38,079

with in his course is not an insider

292

00:14:44,629 --> 00:14:41,199

he's a guy who started a company in 1996

293

00:14:48,150 --> 00:14:44,639

to produce aircraft it's 2021

294

00:14:51,670 --> 00:14:48,160

it's 25 years after his insider started

295

00:14:53,590 --> 00:14:51,680

an aerospace airplane company and guess

296

00:14:54,629 --> 00:14:53,600

how many airplanes his company has

297

00:14:56,629 --> 00:14:54,639

produced

298

00:14:59,189 --> 00:14:56,639

that's right zero

299

00:15:01,829 --> 00:14:59,199

so what what insider information is

300

00:15:03,829 --> 00:15:01,839

david wilcox insider going to teach you

301
00:15:06,710 --> 00:15:03,839
how to run a company for 25 years and

302
00:15:08,550 --> 00:15:06,720
not produce a single product

303
00:15:11,350 --> 00:15:08,560
that's not somebody that's information

304
00:15:13,350 --> 00:15:11,360
is worth 333 dollars but okay

305
00:15:15,269 --> 00:15:13,360
we get a balancing meditation with both

306
00:15:18,470 --> 00:15:15,279
david and it was elizabeth and what's

307
00:15:20,230 --> 00:15:18,480
elizabeth's qualifications to even run

308
00:15:22,470 --> 00:15:20,240
whatever about i don't even i've never

309
00:15:25,189 --> 00:15:22,480
even heard of a balancing meditation and

310
00:15:27,110 --> 00:15:25,199
i meditate i mean maybe i'm wrong

311
00:15:30,150 --> 00:15:27,120
you know

312
00:15:31,829 --> 00:15:30,160
i'm very big on buddhist meditation

313
00:15:34,870 --> 00:15:31,839

and i i don't know what a balancing

314

00:15:37,590 --> 00:15:34,880

meditation is and further elizabeth's

315

00:15:39,189 --> 00:15:37,600

only qualifications to do anything seems

316

00:15:42,389 --> 00:15:39,199

to be that she's married to david

317

00:15:44,310 --> 00:15:42,399

wilcock likes to play those bowls right

318

00:15:47,269 --> 00:15:44,320

those crystal bowls

319

00:15:48,069 --> 00:15:47,279

and she's got a five black belts in kung

320

00:15:50,949 --> 00:15:48,079

fu

321

00:15:53,749 --> 00:15:50,959

that she got from her ex-husband

322

00:15:55,269 --> 00:15:53,759

that's her qualifications friends

323

00:15:58,389 --> 00:15:55,279

we're going to get levitation and

324

00:15:59,430 --> 00:15:58,399

telepathic exercises and knowledge we're

325

00:16:02,310 --> 00:15:59,440

going to get

326

00:16:04,629 --> 00:16:02,320

an interview between elizabeth and ben

327

00:16:08,069 --> 00:16:04,639

ben's the fake name of her insider about

328

00:16:10,230 --> 00:16:08,079

what it's like to grow up as a prodigy

329

00:16:12,069 --> 00:16:10,240

you get an art print of archangel

330

00:16:14,949 --> 00:16:12,079

michael you get the full michael

331

00:16:16,629 --> 00:16:14,959

prophecies ebook and audiobook

332

00:16:18,710 --> 00:16:16,639

and i just want to say

333

00:16:21,030 --> 00:16:18,720

i grew up catholic and as a catholic and

334

00:16:23,269 --> 00:16:21,040

a christian well former catholic now

335

00:16:26,069 --> 00:16:23,279

non-denominational christian the fact

336

00:16:27,110 --> 00:16:26,079

that he's involving an archangel in his

337

00:16:29,670 --> 00:16:27,120

scam

338

00:16:31,269 --> 00:16:29,680

is insulting to me as a christian and

339

00:16:31,990 --> 00:16:31,279

ask any christian

340

00:16:34,870 --> 00:16:32,000

we

341

00:16:36,470 --> 00:16:34,880

archangel michael is very important in

342

00:16:39,189 --> 00:16:36,480

christianity

343

00:16:40,470 --> 00:16:39,199

the slayer of demons

344

00:16:42,310 --> 00:16:40,480

we

345

00:16:44,790 --> 00:16:42,320

most of us would find fault with

346

00:16:46,550 --> 00:16:44,800

somebody selling prophecies from

347

00:16:49,590 --> 00:16:46,560

archangel michael that have not been

348

00:16:51,990 --> 00:16:49,600

vetted by a real religious scholar as

349

00:16:54,069 --> 00:16:52,000

being genuine so what he's basically

350

00:16:56,310 --> 00:16:54,079

selling is a book full of nonsense that

351

00:16:58,710 --> 00:16:56,320

he's attributing to the archangel

352

00:17:02,470 --> 00:16:58,720

michael that he can't prove came from

353

00:17:03,910 --> 00:17:02,480

anybody except his own imagination

354

00:17:06,150 --> 00:17:03,920

wow we're going to get a peek into the

355

00:17:09,350 --> 00:17:06,160

future of green technologies hover cars

356

00:17:11,029 --> 00:17:09,360

and mind-blowing power source

357

00:17:13,189 --> 00:17:11,039

what this has to do with ancient

358

00:17:15,270 --> 00:17:13,199

civilizations like atlantis and ancient

359

00:17:17,270 --> 00:17:15,280

egypt yeah i'm the ancient aliens guy

360

00:17:19,909 --> 00:17:17,280

david wilcock is right so he's got to

361

00:17:21,990 --> 00:17:19,919

throw in some ancient atlantis and egypt

362

00:17:23,429 --> 00:17:22,000

stuff i don't know what atlantis or

363

00:17:26,470 --> 00:17:23,439

ancient egypt

364

00:17:27,750 --> 00:17:26,480

has anything to do with hover cars and

365

00:17:28,710 --> 00:17:27,760

levitation

366

00:17:30,789 --> 00:17:28,720

but

367

00:17:32,950 --> 00:17:30,799

he's going to throw that in so join me

368

00:17:35,590 --> 00:17:32,960

tonight for the debut of ben and much

369

00:17:36,549 --> 00:17:35,600

more we start in just a few hours at 12

370

00:17:38,710 --> 00:17:36,559

p.m

371

pacific time so it's not too late to

372

00:17:43,190 --> 00:17:41,200

grab your front row seat in the premiere

373

00:17:43,990 --> 00:17:43,200

you can register here

374

00:17:46,710 --> 00:17:44,000

and

375

00:17:49,110 --> 00:17:46,720

what's interesting is if we if we click

376

00:17:50,710 --> 00:17:49,120

on that link he's still doing that thing

377

00:17:52,230 --> 00:17:50,720

where he's saying

378

00:17:54,950 --> 00:17:52,240

that

379

00:17:58,230 --> 00:17:54,960

you know the you it's a limited time

380

00:18:00,789 --> 00:17:58,240

offer right it's a limited time offer

381

00:18:03,830 --> 00:18:00,799

and you can still sign up for it

382

00:18:06,789 --> 00:18:03,840

right he's been lying for weeks with a

383

00:18:09,029 --> 00:18:06,799

counter on his website which is illegal

384

00:18:09,990 --> 00:18:09,039

it's against consumer

385

00:18:16,470 --> 00:18:10,000

laws

386

00:18:18,710 --> 00:18:16,480

straight lie in your ad copy and tell

387

00:18:20,710 --> 00:18:18,720

people that this is a limited time offer

388

00:18:24,230 --> 00:18:20,720

and then just keep moving

389

00:18:27,430 --> 00:18:24,240

the timer and the deadline to sign up

390

00:18:29,669 --> 00:18:27,440

that in and of itself is consumer fraud

391

00:18:32,789 --> 00:18:29,679

in most states i believe it's against

392

00:18:34,150 --> 00:18:32,799

federal law actually but i'm no lawyer

393

00:18:34,950 --> 00:18:34,160

um

394

00:18:36,549 --> 00:18:34,960

so

395

00:18:39,110 --> 00:18:36,559

we're going to stop this and now i got

396

00:18:42,630 --> 00:18:39,120

to get over and find our the next thing

397

00:18:44,470 --> 00:18:42,640

which we'll be sharing which is uh very

398

00:18:45,510 --> 00:18:44,480

revealing and i thought that we should

399

00:18:47,830 --> 00:18:45,520

share

400

00:18:49,510 --> 00:18:47,840

um this

401
00:18:51,510 --> 00:18:49,520
actually you know what i'm gonna i'm

402
00:18:53,029 --> 00:18:51,520
just gonna go over to youtube and get it

403
00:18:55,190 --> 00:18:53,039
i don't need to go

404
00:18:56,710 --> 00:18:55,200
car gave me the link and of course i

405
00:18:59,510 --> 00:18:56,720
didn't put it up but you'll have to

406
00:19:01,750 --> 00:18:59,520
excuse me i have like 18 tabs open with

407
00:19:04,470 --> 00:19:01,760
stuff that i need to share in order to

408
00:19:06,630 --> 00:19:04,480
uh profitably explain this

409
00:19:08,390 --> 00:19:06,640
explain this story

410
00:19:10,390 --> 00:19:08,400
but it gets better and better so we're

411
00:19:12,150 --> 00:19:10,400
going to get to the

412
00:19:15,190 --> 00:19:12,160
uh

413
00:19:20,150 --> 00:19:17,750

no i think i am gonna have to oh no same

414

00:19:22,390 --> 00:19:20,160

grip different decade featuring david

415

00:19:24,390 --> 00:19:22,400

wilcock yeah so we're gonna

416

00:19:25,430 --> 00:19:24,400

we're gonna cite fair use we're going to

417

00:19:28,070 --> 00:19:25,440

share

418

00:19:32,710 --> 00:19:28,080

my screen this is uh fair use this is a

419

00:19:36,070 --> 00:19:35,190

this is great friends this is absolutely

420

00:19:39,350 --> 00:19:36,080

great

421

00:19:41,510 --> 00:19:39,360

so david wilcock has been spewing this

422

00:19:44,150 --> 00:19:41,520

new age spirituality garbage about

423

00:19:46,549 --> 00:19:44,160

prophecies and archangel michael and all

424

00:19:48,870 --> 00:19:46,559

this garbage to convince people that

425

00:19:50,470 --> 00:19:48,880

he's he's really going to make hover

426

00:19:51,430 --> 00:19:50,480

cars and you've got to sign up for my

427

00:19:53,350 --> 00:19:51,440

class

428

00:19:55,669 --> 00:19:53,360

and what a lot of people didn't realize

429

00:19:57,590 --> 00:19:55,679

bukhari did having watched david wilcock

430

00:20:00,549 --> 00:19:57,600

for a long time uh

431

00:20:04,070 --> 00:20:00,559

yeah so this is may 2nd 2010 when he is

432

00:20:05,750 --> 00:20:04,080

using the same exact new age garbage

433

00:20:07,669 --> 00:20:05,760

that he's using now

434

00:20:11,270 --> 00:20:07,679

and let me tell you something it wasn't

435

00:20:13,510 --> 00:20:11,280

true in 2010 david wilcock it's 2021

436

00:20:15,909 --> 00:20:13,520

right it's 11 years later

437

00:20:31,669 --> 00:20:15,919

and you're pulling out the same garbage

438

00:20:35,909 --> 00:20:34,390

that means that we actually have proof

439

00:20:39,190 --> 00:20:35,919

you can see that

440

00:20:41,510 --> 00:20:39,200

dramatized in this diagram that we have

441

00:20:44,070 --> 00:20:41,520

created by computer animation

442

00:20:46,149 --> 00:20:44,080

rippling through space you see the milky

443

00:20:48,070 --> 00:20:46,159

way galaxy and as we zoom in on the

444

00:20:50,230 --> 00:20:48,080

milky way galaxy you can watch these

445

00:20:53,270 --> 00:20:50,240

ripples expanding away from the center

446

00:20:55,430 --> 00:20:53,280

expanding through the galaxy

447

00:20:56,230 --> 00:20:55,440

i just showed you in this video

448

00:20:58,230 --> 00:20:56,240

how

449

00:21:00,870 --> 00:20:58,240

the salamander's egg

450

00:21:03,669 --> 00:21:00,880

can be shined through with a laser and

451
00:21:07,270 --> 00:21:03,679
redirected into a project i go through a

452
00:21:08,390 --> 00:21:07,280
16 hour lecture with over 800 different

453
00:21:10,950 --> 00:21:08,400
slides

454
00:21:12,310 --> 00:21:10,960
and i will show you how all the things

455
00:21:13,350 --> 00:21:12,320
that we've been talking about up till

456
00:21:14,470 --> 00:21:13,360
now

457
00:21:17,029 --> 00:21:14,480
are then

458
00:21:19,830 --> 00:21:17,039
mirrored in prophecies that are given to

459
00:21:22,470 --> 00:21:19,840
us from the 1950s dna is an intelligent

460
00:21:24,630 --> 00:21:22,480
template so do we have any evidence that

461
00:21:25,750 --> 00:21:24,640
in fact human evolution was dramatically

462
00:21:27,590 --> 00:21:25,760
speeding up

463
00:21:29,909 --> 00:21:27,600

we know that we're at the end of a 62

464

00:21:33,029 --> 00:21:29,919

million year wave of energy right now so

465

00:21:35,029 --> 00:21:33,039

this quantum medium can reprogram dna

466

00:21:37,590 --> 00:21:35,039

and we have evidence that it's actually

467

00:21:42,710 --> 00:21:37,600

happening to our own dna we can look and

468

00:21:48,230 --> 00:21:45,350

you take someone from 3000 bc

469

00:21:49,909 --> 00:21:48,240

they are more similar to a neanderthal

470

00:21:51,350 --> 00:21:49,919

than they are to us

471

00:21:53,350 --> 00:21:51,360

you're going to see

472

00:21:55,830 --> 00:21:53,360

the bible in a whole new way

473

00:21:57,430 --> 00:21:55,840

so clearly this is not being hidden it's

474

00:21:59,909 --> 00:21:57,440

right out there in the open what does

475

00:22:01,190 --> 00:21:59,919

that mean that means symbolism

476

00:22:03,430 --> 00:22:01,200

creativity

477

00:22:05,909 --> 00:22:03,440

intuition you're going to see biblical

478

00:22:08,390 --> 00:22:05,919

prophecies that clearly establish that

479

00:22:10,710 --> 00:22:08,400

there is interplanetary climate change

480

00:22:12,789 --> 00:22:10,720

that there is a spontaneous evolution

481

00:22:14,710 --> 00:22:12,799

that is likely to result from this

482

00:22:16,870 --> 00:22:14,720

there's nothing else there is no one

483

00:22:18,390 --> 00:22:16,880

else there's only one of us here

484

00:22:19,350 --> 00:22:18,400

i want to thank you for watching this

485

00:22:21,029 --> 00:22:19,360

video

486

00:22:22,710 --> 00:22:21,039

and may peace be with you

487

00:22:24,870 --> 00:22:22,720

congratulations you now have your

488

00:22:29,830 --> 00:22:24,880

diploma you're invited to the i told you

489

00:22:35,110 --> 00:22:32,470

oh that's cringe-worthy but i wanted to

490

00:22:37,270 --> 00:22:35,120

share it so uh i'm going to share my

491

00:22:40,549 --> 00:22:37,280

twitter and we're going to get into the

492

00:22:43,510 --> 00:22:40,559

proof of exactly who his new insider

493

00:22:46,149 --> 00:22:43,520

david wilcox insider is

494

00:22:50,549 --> 00:22:48,070

and again i you know

495

00:22:52,870 --> 00:22:50,559

i would be a i would be fair and be a

496

00:22:55,350 --> 00:22:52,880

man here uh because i'm not a huge fan

497

00:22:56,549 --> 00:22:55,360

of jordan sater

498

00:22:58,470 --> 00:22:56,559

most of my

499

00:23:00,390 --> 00:22:58,480

disagreements with jordan saylor

500

00:23:04,070 --> 00:23:00,400

actually center around

501
00:23:05,350 --> 00:23:04,080
mms and claims about autism

502
00:23:07,190 --> 00:23:05,360
but

503
00:23:09,110 --> 00:23:07,200
someone correctly pointed out to me that

504
00:23:12,710 --> 00:23:09,120
although many people say jordan stather

505
00:23:16,230 --> 00:23:12,720
says x y or z about mms and autism

506
00:23:18,710 --> 00:23:16,240
i and no one that i know is able to find

507
00:23:20,549 --> 00:23:18,720
you know a tape of him

508
00:23:21,590 --> 00:23:20,559
saying these things it's just rumors

509
00:23:23,350 --> 00:23:21,600
that people

510
00:23:25,350 --> 00:23:23,360
you know are attributing to him so i

511
00:23:27,110 --> 00:23:25,360
don't know if that's true and someday if

512
00:23:30,070 --> 00:23:27,120
i get to speak to jordan sater i'm going

513
00:23:31,590 --> 00:23:30,080

to ask him what are his thoughts on mms

514

00:23:33,270 --> 00:23:31,600

and autism because i happen to have an

515

00:23:34,310 --> 00:23:33,280

autistic child

516

00:23:36,870 --> 00:23:34,320

and

517

00:23:38,230 --> 00:23:36,880

look i know that the uh

518

00:23:40,310 --> 00:23:38,240

you know

519

00:23:43,430 --> 00:23:40,320

a lot of people are not big fans of

520

00:23:45,909 --> 00:23:43,440

jordan sather but i want to thank him

521

00:23:47,669 --> 00:23:45,919

because uh somebody needed to reveal

522

00:23:49,909 --> 00:23:47,679

this information and he knew this

523

00:23:51,830 --> 00:23:49,919

information having personal interactions

524

00:23:56,070 --> 00:23:51,840

with david wilcock and seen some of his

525

00:23:56,080 --> 00:24:01,190

it's also very interesting to me that

526
00:24:06,870 --> 00:24:04,470
he basically throws uh wilcock under the

527
00:24:09,350 --> 00:24:06,880
bus here about his new course

528
00:24:15,830 --> 00:24:11,750
boy you gotta love it you gotta love it

529
00:24:19,350 --> 00:24:17,430
one second friends i'm to share my

530
00:24:22,070 --> 00:24:19,360
screen here and these are screenshots

531
00:24:24,950 --> 00:24:22,080
provided to me by baby jolly

532
00:24:26,789 --> 00:24:24,960
uh but they originally came from

533
00:24:28,870 --> 00:24:26,799
uh jordan saters

534
00:24:30,149 --> 00:24:28,880
i believe parlor i don't know jordan say

535
00:24:32,070 --> 00:24:30,159
they're thrown off of twitter and

536
00:24:33,990 --> 00:24:32,080
youtube i believe he's in the ghettos of

537
00:24:36,710 --> 00:24:34,000
the internet on parlor and telegram so

538
00:24:39,190 --> 00:24:36,720

i'm not sure the exact or no i do have

539

00:24:41,350 --> 00:24:39,200

the source it's uh telegram

540

00:24:43,510 --> 00:24:41,360

so this is from jordan sather and he

541

00:24:45,750 --> 00:24:43,520

says i figured out who david wilcox new

542

00:24:48,149 --> 00:24:45,760

insider ben is this detail isn't a

543

00:24:51,190 --> 00:24:48,159

secret david has let it slip in previous

544

00:24:53,110 --> 00:24:51,200

lectures his name is christopher biscar

545

00:24:56,390 --> 00:24:53,120

ceo of a company called

546

00:24:58,710 --> 00:24:56,400

savati i'm sorry stavati aerospace this

547

00:25:00,630 --> 00:24:58,720

company has yet to produce any aircraft

548

00:25:04,549 --> 00:25:00,640

yes that since he started the company in

549

00:25:05,990 --> 00:25:04,559

1996 hasn't made one airplane yet

550

00:25:08,149 --> 00:25:06,000

jordan say that goes on to say so i'm

551
00:25:10,070 --> 00:25:08,159
not sure how major it really is this

552
00:25:12,070 --> 00:25:10,080
company seems to be perceived as a joke

553
00:25:14,149 --> 00:25:12,080
on social media since they submit

554
00:25:17,029 --> 00:25:14,159
proposal after proposal and never seemed

555
00:25:19,190 --> 00:25:17,039
to get anything developed or built

556
00:25:21,029 --> 00:25:19,200
but they've been around for 25 years

557
00:25:23,669 --> 00:25:21,039
what have they been doing all this time

558
00:25:25,830 --> 00:25:23,679
what's interesting is that stavati has

559
00:25:27,830 --> 00:25:25,840
recently purchased a hangar in new york

560
00:25:30,070 --> 00:25:27,840
this is the undisclosed location

561
00:25:34,149 --> 00:25:30,080
featured in one of wilcox recent youtube

562
00:25:35,669 --> 00:25:34,159
videos with 1.5 million dollars cash

563
00:25:37,669 --> 00:25:35,679

this is apparently where they plan to

564

00:25:39,830 --> 00:25:37,679

develop the hover cars quite a bit of

565

00:25:42,390 --> 00:25:39,840

money for an aerospace company with no

566

00:25:45,350 --> 00:25:42,400

aircraft is this company a joke a shell

567

00:25:47,430 --> 00:25:45,360

company or something else curious wasn't

568

00:25:49,990 --> 00:25:47,440

wilcock also asking for donations in a

569

00:25:51,830 --> 00:25:50,000

recent video to help this company out

570

00:25:55,029 --> 00:25:51,840

did wilcock tell his audience that he

571

00:25:56,870 --> 00:25:55,039

has at least a 15 equity in this company

572

00:25:58,710 --> 00:25:56,880

stavati as well

573

00:26:00,870 --> 00:25:58,720

so he's selling a pic this is part i

574

00:26:02,549 --> 00:26:00,880

love because this is very true and i

575

00:26:05,750 --> 00:26:02,559

hate to say it but i agree with jordan's

576

00:26:09,029 --> 00:26:05,760

either so he's selling a paid course the

577

00:26:11,669 --> 00:26:09,039

disclosure for 333 dollars so people can

578

00:26:13,510 --> 00:26:11,679

listen to an insider which happens to be

579

00:26:16,470 --> 00:26:13,520

the ceo of an aerospace company that

580

00:26:18,789 --> 00:26:16,480

david wilcock is also invested in

581

00:26:21,110 --> 00:26:18,799

all while this information is actually

582

00:26:23,190 --> 00:26:21,120

not a secret it is also claimed by

583

00:26:25,510 --> 00:26:23,200

wilcock that pascas is from the pete

584

00:26:27,510 --> 00:26:25,520

peterson lineage well i think that pete

585

00:26:30,230 --> 00:26:27,520

fellow was full of crap again i agree

586

00:26:31,990 --> 00:26:30,240

with jordan sater we have done extensive

587

00:26:34,390 --> 00:26:32,000

research and proven that everything that

588

00:26:36,789 --> 00:26:34,400

pete peterson ever said just about was a

589

00:26:38,549 --> 00:26:36,799

lie his entire background was a lie all

590

00:26:41,190 --> 00:26:38,559

his claimed accomplishments were a lie

591

00:26:42,470 --> 00:26:41,200

he was basically a pathological liar

592

00:26:44,549 --> 00:26:42,480

saying that he worked for the russian

593

00:26:47,110 --> 00:26:44,559

equivalent of nasa no he didn't he

594

00:26:49,590 --> 00:26:47,120

worked for ronald reagan no he didn't

595

00:26:51,990 --> 00:26:49,600

and i did some digging as soon as this

596

00:26:54,549 --> 00:26:52,000

information came to light and i can find

597

00:26:57,110 --> 00:26:54,559

zero nothing

598

00:27:01,110 --> 00:26:57,120

no connections between pete peterson and

599

00:27:05,430 --> 00:27:02,710

jordan stanley goes on to say so i'm

600

00:27:09,029 --> 00:27:05,440

curious to see what uh what the claims

601
00:27:10,710 --> 00:27:09,039
from and about the ceo are

602
00:27:12,789 --> 00:27:10,720
back to will this is more from jordan

603
00:27:15,430 --> 00:27:12,799
say they're back to wilcox insider david

604
00:27:17,909 --> 00:27:15,440
wilcock is listed as the director of

605
00:27:21,510 --> 00:27:17,919
advanced technology on the business

606
00:27:25,190 --> 00:27:21,520
filings for ben aka christopher

607
00:27:27,110 --> 00:27:25,200
beskers stavati aerospace ltd

608
00:27:29,750 --> 00:27:27,120
meanwhile wilcox couldn't even put the

609
00:27:31,909 --> 00:27:29,760
wings on a 3d cargo transport model

610
00:27:35,110 --> 00:27:31,919
correctly when he was building them with

611
00:27:37,269 --> 00:27:35,120
insider ben chris pascar i thought that

612
00:27:38,950 --> 00:27:37,279
was kind of funny

613
00:27:39,950 --> 00:27:38,960

finally jordan say this says go ahead

614

00:27:43,669 --> 00:27:39,960

and pay

615

00:27:45,750 --> 00:27:43,679

333 dollars to hear from the tesla of

616

00:27:49,190 --> 00:27:45,760

our generation whose aerospace company

617

00:27:51,510 --> 00:27:49,200

hasn't built an aircraft yet wilcock is

618

00:27:52,990 --> 00:27:51,520

promoting this guy as being from a top

619

00:27:57,110 --> 00:27:53,000

major company

620

00:27:57,909 --> 00:27:57,120

gtfo get the app i agree i agree with

621

00:28:00,230 --> 00:27:57,919

that

622

00:28:02,070 --> 00:28:00,240

i'm very entert and he says i'm very

623

00:28:05,029 --> 00:28:02,080

interested to see how this hover car

624

00:28:07,669 --> 00:28:05,039

company is going to work and so am i

625

00:28:08,950 --> 00:28:07,679

now we have further confirmation

626

00:28:12,710 --> 00:28:08,960

uh that

627

00:28:14,310 --> 00:28:12,720

this is indeed david wilcox insider

628

00:28:17,830 --> 00:28:14,320

uh because

629

00:28:19,669 --> 00:28:17,840

he is listed on the company paperwork as

630

00:28:22,630 --> 00:28:19,679

oh you're gonna love this

631

00:28:24,230 --> 00:28:22,640

he is listed as the director of advanced

632

00:28:25,669 --> 00:28:24,240

technology

633

00:28:28,870 --> 00:28:25,679

great

634

00:28:31,590 --> 00:28:28,880

david wilcock is the director of an

635

00:28:34,470 --> 00:28:31,600

aerospace director of advanced

636

00:28:36,230 --> 00:28:34,480

technology he's listed right here

637

00:28:39,510 --> 00:28:36,240

and here we also see something

638

00:28:41,830 --> 00:28:39,520

interesting in that christopher r besker

639

00:28:45,110 --> 00:28:41,840

the ceo of this company

640

00:28:48,389 --> 00:28:45,120

uh has a 50 equity ownership and david

641

00:28:49,430 --> 00:28:48,399

wilcock is claimed to have a 15 equity

642

00:28:52,630 --> 00:28:49,440

ownership

643

00:28:53,830 --> 00:28:52,640

so perhaps some of the speculation uh

644

00:28:56,149 --> 00:28:53,840

that we

645

00:28:58,389 --> 00:28:56,159

went through previously with cw channel

646

00:29:00,710 --> 00:28:58,399

on the show that david wilcock is

647

00:29:02,070 --> 00:29:00,720

getting scammed himself into investing

648

00:29:04,230 --> 00:29:02,080

with someone

649

00:29:05,510 --> 00:29:04,240

that's not going to produce anything

650

00:29:09,350 --> 00:29:05,520

here we go

651
00:29:12,710 --> 00:29:09,360
he is a 15 stakeholder in this company

652
00:29:15,269 --> 00:29:12,720
that for 25 years has never produced a

653
00:29:17,029 --> 00:29:15,279
single aircraft friends a single

654
00:29:19,190 --> 00:29:17,039
aircraft

655
00:29:21,750 --> 00:29:19,200
and i did mention david wilcock lied

656
00:29:23,909 --> 00:29:21,760
when he said he bought a hangar

657
00:29:26,549 --> 00:29:23,919
he didn't buy a hangar a company that he

658
00:29:27,750 --> 00:29:26,559
is affiliated or invested with bought a

659
00:29:30,710 --> 00:29:27,760
hangar

660
00:29:33,510 --> 00:29:30,720
and then i ask who picks david wilcock

661
00:29:36,149 --> 00:29:33,520
to be a director of advanced technology

662
00:29:37,510 --> 00:29:36,159
he has zero technology experience in the

663
00:29:39,110 --> 00:29:37,520

real world

664

00:29:42,070 --> 00:29:39,120

uh i'm sorry

665

00:29:45,029 --> 00:29:42,080

but let's be honest and let's be clear

666

00:29:46,710 --> 00:29:45,039

no one in their right mind with a real

667

00:29:48,149 --> 00:29:46,720

and reputable company that's actually

668

00:29:50,549 --> 00:29:48,159

going to do anything

669

00:29:52,149 --> 00:29:50,559

would give david wilcock this kind of a

670

00:29:56,630 --> 00:29:52,159

title

671

00:29:59,029 --> 00:29:56,640

invested a huge amount of money

672

00:30:00,230 --> 00:29:59,039

to the tomb perhaps of millions of

673

00:30:03,029 --> 00:30:00,240

dollars

674

00:30:04,950 --> 00:30:03,039

so now we're going to move on and uh

675

00:30:06,070 --> 00:30:04,960

we have uh

676
00:30:08,070 --> 00:30:06,080
several

677
00:30:09,190 --> 00:30:08,080
articles which i can share one of them

678
00:30:11,750 --> 00:30:09,200
being i

679
00:30:13,750 --> 00:30:11,760
vice and i think we're going to cite

680
00:30:16,310 --> 00:30:13,760
fair use once again this is a

681
00:30:17,269 --> 00:30:16,320
transformative work we are informing the

682
00:30:18,950 --> 00:30:17,279
public

683
00:30:20,870 --> 00:30:18,960
and that is certainly covered under fair

684
00:30:22,549 --> 00:30:20,880
use we are using this to educate the

685
00:30:24,470 --> 00:30:22,559
public about this story

686
00:30:27,029 --> 00:30:24,480
this is from vice it's title a company

687
00:30:29,510 --> 00:30:27,039
that's never made a plane wants to build

688
00:30:30,549 --> 00:30:29,520

the air force's new jets

689

00:30:32,470 --> 00:30:30,559

great

690

00:30:34,870 --> 00:30:32,480

the minnesota based

691

00:30:37,029 --> 00:30:34,880

stavati has shown off some impressively

692

00:30:39,510 --> 00:30:37,039

futuristic designs over the past decade

693

00:30:42,149 --> 00:30:39,520

but so far it's been the aerial

694

00:30:43,830 --> 00:30:42,159

equivalent of vaporware

695

00:30:46,149 --> 00:30:43,840

all hype and remember that term

696

00:30:47,669 --> 00:30:46,159

vaporware because we'll have more on

697

00:30:49,830 --> 00:30:47,679

vaporware

698

00:30:51,750 --> 00:30:49,840

when we see some of the other people

699

00:30:54,070 --> 00:30:51,760

that are involved in this company and we

700

00:30:57,110 --> 00:30:54,080

can see this aircraft but this is a 3d

701
00:30:58,950 --> 00:30:57,120
render it's not a real aircraft so far

702
00:31:02,870 --> 00:30:58,960
all i have been able to find that this

703
00:31:05,990 --> 00:31:02,880
company has produced is 3d rendered

704
00:31:08,549 --> 00:31:06,000
you know models and graphics they have

705
00:31:11,110 --> 00:31:08,559
not produced a single

706
00:31:12,389 --> 00:31:11,120
flying aircraft

707
00:31:14,470 --> 00:31:12,399
the article goes on to state a

708
00:31:16,710 --> 00:31:14,480
minnesota-based aviation upstart just

709
00:31:19,110 --> 00:31:16,720
jumped into a 16 billion dollar contest

710
00:31:20,389 --> 00:31:19,120
to build training jets for the u.s air

711
00:31:22,789 --> 00:31:20,399
force

712
00:31:23,830 --> 00:31:22,799
the odds are long that stavani aerospace

713
00:31:26,149 --> 00:31:23,840

will win

714

00:31:28,149 --> 00:31:26,159

but perhaps not as long as the last time

715

00:31:31,190 --> 00:31:28,159

stavani tried to disrupt america's

716

00:31:33,430 --> 00:31:31,200

military aircraft industry when stravati

717

00:31:35,909 --> 00:31:33,440

first made headlines nearly a decade ago

718

00:31:37,750 --> 00:31:35,919

a decade ago the privately held company

719

00:31:39,909 --> 00:31:37,760

was the industrial equivalent of an

720

00:31:42,310 --> 00:31:39,919

internet troll spreading titillating

721

00:31:45,190 --> 00:31:42,320

graphics depicting futuristic airplanes

722

00:31:48,149 --> 00:31:45,200

it stood little chance of ever producing

723

00:31:48,950 --> 00:31:48,159

so far stavani's airplanes are all the

724

00:31:52,710 --> 00:31:48,960

air

725

00:31:55,350 --> 00:31:52,720

aerial equivalent of vaporware all hype

726

00:31:57,509 --> 00:31:55,360

so this is the perfect uh this is the

727

00:31:59,909 --> 00:31:57,519

perfect partner for david wilcock to

728

00:32:02,950 --> 00:31:59,919

make hover cars with a guy who has an

729

00:32:05,430 --> 00:32:02,960

aerospace airplane company for 25 years

730

00:32:07,590 --> 00:32:05,440

and is the aerial equivalent of

731

00:32:09,029 --> 00:32:07,600

vaporware all hype

732

00:32:11,029 --> 00:32:09,039

the article goes on to state but the

733

00:32:12,870 --> 00:32:11,039

warplane market has changed small

734

00:32:15,750 --> 00:32:12,880

companies building clever planes stand a

735

00:32:17,669 --> 00:32:15,760

better chance today than they did then

736

00:32:19,990 --> 00:32:17,679

yeah

737

00:32:22,870 --> 00:32:20,000

by the way i'm told by an aerospace

738

00:32:24,470 --> 00:32:22,880

insider that he lost these contracts and

739

00:32:25,990 --> 00:32:24,480

you know they went to real companies

740

00:32:28,470 --> 00:32:26,000

like boeing and

741

00:32:31,830 --> 00:32:28,480

lockheed he didn't win he put in a bid

742

00:32:33,830 --> 00:32:31,840

or something you know put in a proposal

743

00:32:37,909 --> 00:32:33,840

but he never uh

744

00:32:41,509 --> 00:32:39,669

the article says despite starting work

745

00:32:43,830 --> 00:32:41,519

on his planes much later than boeing and

746

00:32:46,310 --> 00:32:43,840

lockheed did and with fewer

747

00:32:51,110 --> 00:32:46,320

far fewer resources biscar said he's

748

00:32:55,669 --> 00:32:53,029

yep so there we go

749

00:32:58,149 --> 00:32:55,679

david wilcox insider is a guy who has an

750

00:33:01,350 --> 00:32:58,159

aerospace company that has never

751

00:33:03,190 --> 00:33:01,360

produced a single product or

752

00:33:05,830 --> 00:33:03,200

listen and i i also have to be very

753

00:33:08,230 --> 00:33:05,840

clear here what this means is that this

754

00:33:11,430 --> 00:33:08,240

man has been running this company for 25

755

00:33:14,230 --> 00:33:11,440

years and has not turned a profit in 25

756

00:33:16,310 --> 00:33:14,240

years now ask anybody with a technology

757

00:33:19,669 --> 00:33:16,320

startup you can ask me i have a

758

00:33:21,430 --> 00:33:19,679

technology startup uh what happens after

759

00:33:22,389 --> 00:33:21,440

a few years when you don't produce a

760

00:33:24,630 --> 00:33:22,399

profit

761

00:33:27,590 --> 00:33:24,640

the company goes belly up so i'm

762

00:33:31,269 --> 00:33:27,600

interested and curious as to how

763

00:33:34,310 --> 00:33:31,279

uh this man is able to continue his

764

00:33:36,630 --> 00:33:34,320

company for 25 years and not produce any

765

00:33:39,029 --> 00:33:36,640

products now he does have some offshoot

766

00:33:41,110 --> 00:33:39,039

company of his main company which is

767

00:33:43,509 --> 00:33:41,120

producing i believe

768

00:33:44,549 --> 00:33:43,519

uh surveillance equipment you know for

769

00:33:47,750 --> 00:33:44,559

the government

770

00:33:49,350 --> 00:33:47,760

yeah there's a guy you can trust

771

00:33:51,190 --> 00:33:49,360

all right one more article to share and

772

00:33:53,669 --> 00:33:51,200

then we're gonna get into another

773

00:33:55,750 --> 00:33:53,679

groundbreaking bombshell about david

774

00:33:57,350 --> 00:33:55,760

wilcox new partner i've got the goods

775

00:33:59,190 --> 00:33:57,360

for you tonight friends thank you for

776

00:34:02,070 --> 00:33:59,200

779

00:34:09,510 --> 00:34:08,320

some of the people that david wilcox

780

00:34:11,669 --> 00:34:09,520

company

781

00:34:13,270 --> 00:34:11,679

is involved with

782

00:34:15,909 --> 00:34:13,280

here's another articles for vatti

783

00:34:18,470 --> 00:34:15,919

aerospace sander founder seeks to prove

784

00:34:20,470 --> 00:34:18,480

critics wrong despite no track record

785

00:34:21,750 --> 00:34:20,480

here we have a picture of christopher r

786

00:34:24,230 --> 00:34:21,760

bascar

787

00:34:25,349 --> 00:34:24,240

founder and ceo of stravani aerospace

788

00:34:26,869 --> 00:34:25,359

ltd

789

00:34:29,990 --> 00:34:26,879

scene november

790

00:34:32,470 --> 00:34:30,000

2020 in front of a hangar at 9 400

791

00:34:34,710 --> 00:34:32,480

porter road town of niagara the site of

792

00:34:37,190 --> 00:34:34,720

his company's planned aircraft plant and

793

00:34:38,950 --> 00:34:37,200

this my friends is the

794

00:34:40,950 --> 00:34:38,960

is the hanger that david wilcock was

795

00:34:42,629 --> 00:34:40,960

showing off go and see

796

00:34:46,230 --> 00:34:42,639

we bought a hangar we're going to build

797

00:34:49,669 --> 00:34:47,990

some people might call christopher robin

798

00:34:51,270 --> 00:34:49,679

biscar a visionary who could break the

799

00:34:53,030 --> 00:34:51,280

mold of military and commercial jet

800

00:34:54,950 --> 00:34:53,040

design with new ideas

801
00:34:57,109 --> 00:34:54,960
others say he's a dreamer with space age

802
00:34:59,270 --> 00:34:57,119
imagination but little to show for it

803
00:35:01,510 --> 00:34:59,280
and a long shot to break into the big

804
00:35:04,470 --> 00:35:01,520
leagues

805
00:35:06,150 --> 00:35:04,480
biscar a self-talk designer doesn't care

806
00:35:08,390 --> 00:35:06,160
by the way i just want to mention that

807
00:35:10,390 --> 00:35:08,400
his degrees are in physics and history i

808
00:35:12,550 --> 00:35:10,400
believe he he's got a degree in physics

809
00:35:14,230 --> 00:35:12,560
and minored in history he's not an

810
00:35:15,109 --> 00:35:14,240
engineer

811
00:35:18,870 --> 00:35:15,119
so

812
00:35:21,670 --> 00:35:18,880
given his track record of not producing

813
00:35:23,430 --> 00:35:21,680

anything for 25 years and also

814

00:35:26,630 --> 00:35:23,440

not being an engineer and being a

815

00:35:28,790 --> 00:35:26,640

self-taught designer i think that makes

816

00:35:30,870 --> 00:35:28,800

his odds of producing anything pretty

817

00:35:33,349 --> 00:35:30,880

low it's my personal opinion i'm

818

00:35:35,270 --> 00:35:33,359

entitled to it

819

00:35:36,950 --> 00:35:35,280

scar says in this article i think

820

00:35:39,990 --> 00:35:36,960

dreaming is good i like dreaming said

821

00:35:43,270 --> 00:35:40,000

this car the 46 year old founder and ceo

822

00:35:45,190 --> 00:35:43,280

of stavatti aerospace ltd that would be

823

00:35:46,710 --> 00:35:45,200

airplane manufacturer from california

824

00:35:49,349 --> 00:35:46,720

with no known track record wants to

825

00:35:51,910 --> 00:35:49,359

spend 26 million dollars to make niagara

826

00:35:53,990 --> 00:35:51,920

county his company's base of operations

827

00:35:55,990 --> 00:35:54,000

baskar says he wants to bring aircraft

828

00:35:57,910 --> 00:35:56,000

production back to western new york he's

829

00:36:00,150 --> 00:35:57,920

already gotten local taxpayer help to do

830

00:36:01,829 --> 00:36:00,160

it in the form of tax breaks conditioned

831

00:36:05,190 --> 00:36:01,839

on performance as well as a pledge of

832

00:36:09,589 --> 00:36:07,270

this part's very important

833

00:36:11,990 --> 00:36:09,599

yet in the 26 years since he started his

834

00:36:13,990 --> 00:36:12,000

company as a college sophomore there is

835

00:36:18,310 --> 00:36:14,000

no evidence that he has produced a

836

00:36:20,870 --> 00:36:18,320

single airplane of his own creation

837

00:36:22,710 --> 00:36:20,880

he would neither confirm nor deny that

838

00:36:25,990 --> 00:36:22,720

in an hour-long interview with the

839

00:36:27,990 --> 00:36:26,000

buffalo news which i find suspect you

840

00:36:29,430 --> 00:36:28,000

know if you did produce an aircraft

841

00:36:31,190 --> 00:36:29,440

wouldn't you just say no that's

842

00:36:33,430 --> 00:36:31,200

inaccurate i've produced several

843

00:36:35,910 --> 00:36:33,440

prototypes that flew and we did test

844

00:36:37,829 --> 00:36:35,920

flights no he's not confirming or

845

00:36:39,270 --> 00:36:37,839

denying that he's never produced an

846

00:36:41,190 --> 00:36:39,280

aircraft

847

00:36:42,710 --> 00:36:41,200

he has two patents at least one for

848

00:36:44,630 --> 00:36:42,720

aircraft design but his company's

849

00:36:47,190 --> 00:36:44,640

website reveals that none of his planes

850

00:36:49,030 --> 00:36:47,200

have advanced beyond designs

851
00:36:51,030 --> 00:36:49,040
and its only known business address up

852
00:36:53,349 --> 00:36:51,040
until now consists of two post office

853
00:36:56,630 --> 00:36:53,359
boxes

854
00:36:58,630 --> 00:36:56,640
a one-person office suite in

855
00:36:59,910 --> 00:36:58,640
uh

856
00:37:01,990 --> 00:36:59,920
tower

857
00:37:03,670 --> 00:37:02,000
the scars family home in minnesota and a

858
00:37:06,870 --> 00:37:03,680
machine shop that is slightly larger

859
00:37:09,349 --> 00:37:06,880
than a basketball court

860
00:37:11,670 --> 00:37:09,359
people can be skeptical biscar said now

861
00:37:13,510 --> 00:37:11,680
he's hoping to prove his medal biscar

862
00:37:15,349 --> 00:37:13,520
has proposed setting up an aircraft

863
00:37:17,910 --> 00:37:15,359

manufacturing facility in the town of

864

00:37:21,030 --> 00:37:17,920

niagara promising to create more than

865

00:37:22,710 --> 00:37:21,040

360 jobs so here we see where david

866

00:37:23,829 --> 00:37:22,720

wilcock is getting his talking points

867

00:37:25,589 --> 00:37:23,839

from remember that we're going to

868

00:37:27,430 --> 00:37:25,599

manufacture this in the united states

869

00:37:29,589 --> 00:37:27,440

we're going to produce all these jobs

870

00:37:31,750 --> 00:37:29,599

that's coming from this guy who wants

871

00:37:33,990 --> 00:37:31,760

investment capital so that he could you

872

00:37:36,230 --> 00:37:34,000

know finally after 26 years start

873

00:37:37,430 --> 00:37:36,240

producing airplanes that he's never

874

00:37:39,990 --> 00:37:37,440

produced

875

00:37:42,470 --> 00:37:40,000

in november biscar paid 1.2 million in

876

00:37:45,030 --> 00:37:42,480

cash for a form a vacant former army

877

00:37:46,790 --> 00:37:45,040

reserve hangar on porter road and see

878

00:37:48,870 --> 00:37:46,800

that speculation that people had that

879

00:37:50,550 --> 00:37:48,880

anybody can buy a former

880

00:37:52,150 --> 00:37:50,560

uh military

881

00:37:54,069 --> 00:37:52,160

assets if you have the money and they

882

00:37:56,470 --> 00:37:54,079

want to get rid of it was absolutely

883

00:38:00,150 --> 00:37:56,480

true he bought a former army reserve

884

00:38:01,589 --> 00:38:00,160

hangar on porter road on 19.8 acres

885

00:38:03,589 --> 00:38:01,599

adjacent to the niagara falls

886

00:38:05,349 --> 00:38:03,599

international airport

887

00:38:07,430 --> 00:38:05,359

he says he will spend at least 15

888

00:38:09,990 --> 00:38:07,440

million more in the first year to turn

889

00:38:11,910 --> 00:38:10,000

the 10 building 150 000 square foot

890

00:38:14,150 --> 00:38:11,920

complex into an aircraft research and

891

00:38:15,910 --> 00:38:14,160

design facility at his company's new

892

00:38:16,950 --> 00:38:15,920

temporary headquarters and i just want

893

00:38:18,950 --> 00:38:16,960

to ask

894

00:38:21,270 --> 00:38:18,960

where is a guy who hasn't produced a

895

00:38:23,510 --> 00:38:21,280

profit from his company in 26 years

896

00:38:25,270 --> 00:38:23,520

getting 15 million dollars

897

00:38:27,430 --> 00:38:25,280

well friends it's called investment

898

00:38:29,030 --> 00:38:27,440

capital right

899

00:38:30,550 --> 00:38:29,040

it's called investment capital you get

900

00:38:32,870 --> 00:38:30,560

an angel investor and you're really

901
00:38:33,670 --> 00:38:32,880
lucky they fought the whole bill for you

902
00:38:35,750 --> 00:38:33,680
or

903
00:38:37,190 --> 00:38:35,760
you get a venture capitalist who gives

904
00:38:39,190 --> 00:38:37,200
you all the money in exchange for a

905
00:38:41,109 --> 00:38:39,200
large percentage or stake in the company

906
00:38:42,790 --> 00:38:41,119
that's what i believe that he is doing

907
00:38:45,349 --> 00:38:42,800
but i have to do more digging in order

908
00:38:47,430 --> 00:38:45,359
to confirm that so let's leave that as

909
00:38:49,589 --> 00:38:47,440
speculation of mine right now as to

910
00:38:52,230 --> 00:38:49,599
where he's getting 15 million dollars

911
00:38:54,550 --> 00:38:52,240
but it's reasonable to speculate that a

912
00:38:56,790 --> 00:38:54,560
guy who hasn't turned a profit in 26

913
00:39:00,870 --> 00:38:56,800

years doesn't have 15 million of his own

914

00:39:02,790 --> 00:39:00,880

money to invest in this adventure

915

00:39:04,550 --> 00:39:02,800

oh jeez

916

00:39:06,470 --> 00:39:04,560

she says he's still negotiating with

917

00:39:07,910 --> 00:39:06,480

niagara frontier transportation

918

00:39:09,510 --> 00:39:07,920

authority which owns the airport for

919

00:39:10,710 --> 00:39:09,520

permission to cut through the chain link

920

00:39:13,270 --> 00:39:10,720

fence

921

00:39:15,349 --> 00:39:13,280

to access the runways his local

922

00:39:17,109 --> 00:39:15,359

subsidiary's new president is former

923

00:39:19,910 --> 00:39:17,119

niagara county industrial development

924

00:39:23,390 --> 00:39:19,920

agency executive director john r simon

925

00:39:26,630 --> 00:39:23,400

who met pascas in 1998 when pascas saw

926

00:39:30,310 --> 00:39:26,640

ncida help in opening a 440 million

927

00:39:32,950 --> 00:39:30,320

dollar factory employing up to 1200

928

00:39:35,510 --> 00:39:32,960

people in the former bell aerospace

929

00:39:37,670 --> 00:39:35,520

plant in wheat fields so what happened

930

00:39:39,829 --> 00:39:37,680

in 1998 he was telling people that he

931

00:39:42,390 --> 00:39:39,839

was going to start a 440 million dollar

932

00:39:44,390 --> 00:39:42,400

factory and employ up to 1200 people

933

00:39:47,109 --> 00:39:44,400

and he never did

934

00:39:50,230 --> 00:39:47,119

that never happened but 22 years later

935

00:39:52,550 --> 00:39:50,240

simon persuaded the ncida to grant

936

00:39:54,870 --> 00:39:52,560

stavati tack break tax breaks of more

937

00:39:56,950 --> 00:39:54,880

than 2 million that's great so us the

938

00:39:59,430 --> 00:39:56,960

taxpayers are paying for this guy who's

939

00:40:01,829 --> 00:39:59,440

been a failure for 26 years we're giving

940

00:40:03,990 --> 00:40:01,839

him two million tax breaks great great

941

00:40:05,750 --> 00:40:04,000

great job government people

942

00:40:07,349 --> 00:40:05,760

you look at a guy who's been failing for

943

00:40:09,510 --> 00:40:07,359

26 years and you say yeah let's give him

944

00:40:10,870 --> 00:40:09,520

2 million in tax breaks sounds like a

945

00:40:13,910 --> 00:40:10,880

good plan

946

00:40:16,470 --> 00:40:13,920

despite having no proof of pay a success

947

00:40:18,550 --> 00:40:16,480

that's okay ncida officials say because

948

00:40:20,470 --> 00:40:18,560

baskar won't get any benefits unless she

949

00:40:24,390 --> 00:40:20,480

shows what that he's for real

950

00:40:26,150 --> 00:40:24,400

particularly hiring all the employees

951
00:40:27,670 --> 00:40:26,160
stravati also convinced the new york

952
00:40:29,190 --> 00:40:27,680
power authority in january with the

953
00:40:31,430 --> 00:40:29,200
recommendation of local economic

954
00:40:33,190 --> 00:40:31,440
agencies to award it lucrative low-cost

955
00:40:35,589 --> 00:40:33,200
hydro power for what the company now

956
00:40:37,190 --> 00:40:35,599
says would be a 156 million dollar

957
00:40:39,670 --> 00:40:37,200
investment again

958
00:40:43,270 --> 00:40:39,680
these terms are ridiculous where is he

959
00:40:44,309 --> 00:40:43,280
getting 156 who's investing 156 million

960
00:40:46,630 --> 00:40:44,319
dollars

961
00:40:48,950 --> 00:40:46,640
in a guy who has never produced an

962
00:40:51,190 --> 00:40:48,960
airplane though he's owned an airplane

963
00:40:53,750 --> 00:40:51,200

company for 26 years

964

00:40:56,069 --> 00:40:53,760

i don't know anybody that's smart that

965

00:41:00,950 --> 00:40:56,079

has a lot of money that would do that

966

00:41:04,550 --> 00:41:03,190

yeah so he's disappointed in them we

967

00:41:06,069 --> 00:41:04,560

bought the building with cash we're

968

00:41:07,589 --> 00:41:06,079

operating we're going to be starting a

969

00:41:09,190 --> 00:41:07,599

payroll so i'm not sure how they

970

00:41:11,910 --> 00:41:09,200

determine speculative versus

971

00:41:13,990 --> 00:41:11,920

non-speculative oh here's great he's

972

00:41:15,750 --> 00:41:14,000

inspired by star wars and star trek it's

973

00:41:17,670 --> 00:41:15,760

not unusual for startup companies to try

974

00:41:19,430 --> 00:41:17,680

to break into mature businesses aiming

975

00:41:21,510 --> 00:41:19,440

to disrupt them with new technology and

976
00:41:23,270 --> 00:41:21,520
strategies as many internet firms have

977
00:41:24,790 --> 00:41:23,280
to have done

978
00:41:27,589 --> 00:41:24,800
escort believes

979
00:41:29,990 --> 00:41:27,599
he says i'll design jets biscar believes

980
00:41:31,829 --> 00:41:30,000
he can well listen if you really if he

981
00:41:33,670 --> 00:41:31,839
really could design jets he would have

982
00:41:36,790 --> 00:41:33,680
built some by now he would have some

983
00:41:38,390 --> 00:41:36,800
customers by now

984
00:41:40,069 --> 00:41:38,400
by the way i'd also like to point out

985
00:41:41,670 --> 00:41:40,079
that david wilcock promised that within

986
00:41:43,270 --> 00:41:41,680
a couple of days they were going to take

987
00:41:46,470 --> 00:41:43,280
receipt of some

988
00:41:48,150 --> 00:41:46,480

uh decommit was a decommissioned mig

989

00:41:51,030 --> 00:41:48,160

fighter jets and then they were going to

990

00:41:52,069 --> 00:41:51,040

retrofit them and and you know remodel

991

00:41:53,829 --> 00:41:52,079

the the

992

00:41:55,750 --> 00:41:53,839

the

993

00:41:58,390 --> 00:41:55,760

mig aircraft

994

00:42:00,069 --> 00:41:58,400

and then sell them which is absolutely

995

00:42:02,550 --> 00:42:00,079

ridiculous because

996

00:42:05,829 --> 00:42:02,560

friends you can't just buy military

997

00:42:07,829 --> 00:42:05,839

aircraft refit them and then sell them

998

00:42:10,309 --> 00:42:07,839

there's all kinds of government red tape

999

00:42:12,150 --> 00:42:10,319

involved in selling high-tech weaponry

1000

00:42:15,270 --> 00:42:12,160

and david wilcock doesn't have either

1001
00:42:16,790 --> 00:42:15,280
the experience or the clearance to do

1002
00:42:18,790 --> 00:42:16,800
something like that

1003
00:42:21,270 --> 00:42:18,800
it's ridiculous and by the way he never

1004
00:42:23,349 --> 00:42:21,280
did he we haven't seen the mig that they

1005
00:42:25,270 --> 00:42:23,359
bought or that they retrofitted or

1006
00:42:27,750 --> 00:42:25,280
refitted whatever he was talking about

1007
00:42:29,589 --> 00:42:27,760
that turned out to be a lie him buying a

1008
00:42:31,190 --> 00:42:29,599
hanger that turns out to be alliance a

1009
00:42:33,589 --> 00:42:31,200
company he's involved with bought the

1010
00:42:34,710 --> 00:42:33,599
hangar not david wilcock but david

1011
00:42:36,710 --> 00:42:34,720
wilcock

1012
00:42:38,950 --> 00:42:36,720
probably got you know threw millions

1013
00:42:41,030 --> 00:42:38,960

into that joke and he's like i'm gonna

1014

00:42:43,670 --> 00:42:41,040

go take pictures of my new aircraft

1015

00:42:45,750 --> 00:42:43,680

hanger it's not his it's a company he's

1016

00:42:48,550 --> 00:42:45,760

involved in that i'd predict is going to

1017

00:42:51,190 --> 00:42:48,560

go bankrupt very quickly but it is what

1018

00:42:55,109 --> 00:42:52,950

bescar says i'd like to say we're

1019

00:42:57,910 --> 00:42:55,119

following the northrop model referring

1020

00:43:00,230 --> 00:42:57,920

to jack northrop who in 1939 founded

1021

00:43:02,470 --> 00:43:00,240

northrop aircraft yeah but

1022

00:43:04,710 --> 00:43:02,480

there's a jack northrup actually built

1023

00:43:06,950 --> 00:43:04,720

airplanes bro he built airplanes you

1024

00:43:08,630 --> 00:43:06,960

haven't built anything

1025

00:43:10,150 --> 00:43:08,640

biscar has spent his career battling

1026
00:43:12,150 --> 00:43:10,160
skeptics some of whom dismissed the

1027
00:43:14,630 --> 00:43:12,160
minnesota native as an unrealistic

1028
00:43:17,109 --> 00:43:14,640
upstart critics both in online forms

1029
00:43:21,109 --> 00:43:17,119
within the aerostate space industry

1030
00:43:22,470 --> 00:43:21,119
ridicule his designs as unworkable

1031
00:43:24,150 --> 00:43:22,480
fantasies

1032
00:43:28,470 --> 00:43:24,160
with some suggesting that they are

1033
00:43:30,230 --> 00:43:28,480
derived from video games or movies

1034
00:43:32,550 --> 00:43:30,240
but he rejects such assertions claiming

1035
00:43:34,069 --> 00:43:32,560
that his designs came out much earlier

1036
00:43:35,910 --> 00:43:34,079
and inspired a lot of the things in

1037
00:43:37,349 --> 00:43:35,920
video games sure sure he didn't copy

1038
00:43:41,670 --> 00:43:37,359

them from the video games the video game

1039

00:43:43,670 --> 00:43:41,680

people are copying him sure

1040

00:43:45,270 --> 00:43:43,680

i was inspired by star wars who said how

1041

00:43:47,270 --> 00:43:45,280

do you build a millennium falcon in the

1042

00:43:49,750 --> 00:43:47,280

starship enterprise how do you make this

1043

00:43:51,829 --> 00:43:49,760

stuff real for me that translated into

1044

00:43:53,349 --> 00:43:51,839

airplanes well come on the millennium

1045

00:43:54,630 --> 00:43:53,359

falcon and airplane are two different

1046

00:43:56,470 --> 00:43:54,640

things and the millennium falcon and

1047

00:43:58,390 --> 00:43:56,480

starship enterprise have nothing in

1048

00:44:02,550 --> 00:43:58,400

common that's kind of ridiculous

1049

00:44:06,790 --> 00:44:04,470

he said he even alarmed boeing when he

1050

00:44:08,630 --> 00:44:06,800

submitted the design for 340 new air

1051
00:44:11,190 --> 00:44:08,640
force supersonic trainers at a cost of

1052
00:44:13,109 --> 00:44:11,200
14 million each 10 million less than the

1053
00:44:15,670 --> 00:44:13,119
nearest competitor he didn't get that

1054
00:44:18,230 --> 00:44:15,680
contract but he has a letter of intent

1055
00:44:19,990 --> 00:44:18,240
from the u.s ally to purchase 60 of them

1056
00:44:21,349 --> 00:44:20,000
and this is where we get david wilcox

1057
00:44:25,030 --> 00:44:21,359
talking points that they're going to be

1058
00:44:27,750 --> 00:44:25,040
selling military aircraft to other

1059
00:44:29,829 --> 00:44:27,760
countries friends you can't just produce

1060
00:44:32,390 --> 00:44:29,839
military aircraft and start selling them

1061
00:44:34,470 --> 00:44:32,400
to our adversaries

1062
00:44:36,390 --> 00:44:34,480
serbia crane biscar a physics graduate

1063
00:44:38,230 --> 00:44:36,400

from the university of wisconsin river

1064

00:44:41,109 --> 00:44:38,240

falls formed stravati corporation in

1065

00:44:43,589 --> 00:44:41,119

july 1994 for to design and eventually

1066

00:44:46,069 --> 00:44:43,599

mass produce next generation military

1067

00:44:47,670 --> 00:44:46,079

and general aviation planes talking in

1068

00:44:50,230 --> 00:44:47,680

highly technical and in-depth terms

1069

00:44:52,150 --> 00:44:50,240

about aerospace he spoke of creating

1070

00:44:53,910 --> 00:44:52,160

high quality high performance products

1071

00:44:57,030 --> 00:44:53,920

that could be easily integrated into

1072

00:44:59,990 --> 00:44:57,040

military forces but at lower costs than

1073

00:45:04,390 --> 00:45:02,230

great

1074

00:45:06,550 --> 00:45:04,400

yeah and uh here is an accomplishment

1075

00:45:09,030 --> 00:45:06,560

though in april 2017 biscar signed a

1076

00:45:11,589 --> 00:45:09,040

deal with uh

1077

00:45:13,430 --> 00:45:11,599

hugo import sdpr a serbian

1078

00:45:15,510 --> 00:45:13,440

government-owned company that imports

1079

00:45:17,990 --> 00:45:15,520

and exports weapons and other military

1080

00:45:19,829 --> 00:45:18,000

equipment and its subsidiary utva

1081

00:45:21,829 --> 00:45:19,839

aviation which makes general aviation

1082

00:45:23,510 --> 00:45:21,839

and small military plans

1083

00:45:25,349 --> 00:45:23,520

according to that news release the

1084

00:45:27,190 --> 00:45:25,359

companies will jointly develop new

1085

00:45:29,829 --> 00:45:27,200

stravati aircraft and systems with

1086

00:45:33,190 --> 00:45:29,839

trivadi using two factories in serbia

1087

00:45:35,270 --> 00:45:33,200

totaling nearly 1.4 million square feet

1088

00:45:37,349 --> 00:45:35,280

well it's been three years i'm gonna

1089

00:45:39,349 --> 00:45:37,359

check in with this company but i'm gonna

1090

00:45:41,109 --> 00:45:39,359

i'm willing to bet they didn't produce

1091

00:45:42,950 --> 00:45:41,119

anything yet

1092

00:45:45,030 --> 00:45:42,960

and and for somebody putting out press

1093

00:45:46,710 --> 00:45:45,040

releases saying that they're gonna be

1094

00:45:48,470 --> 00:45:46,720

joining with this other company that

1095

00:45:50,870 --> 00:45:48,480

could be part of

1096

00:45:52,790 --> 00:45:50,880

that could be problematic if he's invest

1097

00:45:54,150 --> 00:45:52,800

if he's asking for investment funds

1098

00:45:56,150 --> 00:45:54,160

telling people he's going to do these

1099

00:45:58,309 --> 00:45:56,160

things and then it doesn't work out and

1100

00:45:59,910 --> 00:45:58,319

he doesn't do any of those things does

1101
00:46:01,430 --> 00:45:59,920
he give the investment money back for

1102
00:46:05,829 --> 00:46:01,440
people who invest it based on those

1103
00:46:08,950 --> 00:46:05,839
press releases this is very problematic

1104
00:46:10,950 --> 00:46:08,960
stravati also says he has access to 850

1105
00:46:12,870 --> 00:46:10,960
aerospace engineers machinists and

1106
00:46:15,190 --> 00:46:12,880
assembly workers at the two plants and

1107
00:46:16,710 --> 00:46:15,200
it took on the existing serbian product

1108
00:46:19,190 --> 00:46:16,720
line to upgrade produce and sell

1109
00:46:21,349 --> 00:46:19,200
including a small utility plane that has

1110
00:46:23,670 --> 00:46:21,359
never been sold in the west

1111
00:46:25,190 --> 00:46:23,680
he also recruited three former ukrainian

1112
00:46:27,190 --> 00:46:25,200
air force veterans and started a

1113
00:46:29,190 --> 00:46:27,200

subsidiary in that country although

1114

00:46:32,550 --> 00:46:29,200

stravati doesn't yet have a facility or

1115

00:46:34,069 --> 00:46:32,560

contract there so again more vaporware

1116

00:46:36,950 --> 00:46:34,079

since then though the company does

1117

00:46:39,990 --> 00:46:36,960

appear the company does not appear to

1118

00:46:41,349 --> 00:46:40,000

have produced or sold anything despite

1119

00:46:43,109 --> 00:46:41,359

its marketing

1120

00:46:45,190 --> 00:46:43,119

the scar said the serbian models are

1121

00:46:47,109 --> 00:46:45,200

available for production now by uh

1122

00:46:49,109 --> 00:46:47,119

stravati if a client wanted any but the

1123

00:46:51,109 --> 00:46:49,119

company is focused on bringing aviation

1124

00:46:53,430 --> 00:46:51,119

and trainer projects that would be put

1125

00:46:55,670 --> 00:46:53,440

back into production in niagara

1126
00:46:57,750 --> 00:46:55,680
he said stravati may have a roll out of

1127
00:46:59,430 --> 00:46:57,760
its plans within three months

1128
00:47:01,190 --> 00:46:59,440
uh he never did the roll out of his

1129
00:47:03,430 --> 00:47:01,200
plans

1130
00:47:06,790 --> 00:47:03,440
with production beginning at by year's

1131
00:47:08,150 --> 00:47:06,800
end up no production has begun so this

1132
00:47:12,630 --> 00:47:08,160
is more

1133
00:47:13,589 --> 00:47:12,640
these promises and then not delivering

1134
00:47:16,150 --> 00:47:13,599
anything

1135
00:47:18,309 --> 00:47:16,160
just more promises all this man delivers

1136
00:47:19,990 --> 00:47:18,319
is more promises

1137
00:47:21,910 --> 00:47:20,000
but he would not comment further citing

1138
00:47:24,549 --> 00:47:21,920

the need for confidentiality because of

1139

00:47:26,870 --> 00:47:24,559

competition as the company has submitted

1140

00:47:29,190 --> 00:47:26,880

three different bids for a u.s con

1141

00:47:30,230 --> 00:47:29,200

contract one derived from a serbian

1142

00:47:33,510 --> 00:47:30,240

plane

1143

00:47:35,430 --> 00:47:33,520

lots of bids no contracts

1144

00:47:37,190 --> 00:47:35,440

stravati's website displays computer

1145

00:47:39,829 --> 00:47:37,200

generated images of its machetes

1146

00:47:41,670 --> 00:47:39,839

stilettos stalma and razor military jets

1147

00:47:43,750 --> 00:47:41,680

but despite submitting bids to the us

1148

00:47:46,630 --> 00:47:43,760

and allied military forces at least 14

1149

00:47:48,870 --> 00:47:46,640

times over the past 15 years stravati

1150

00:47:51,030 --> 00:47:48,880

has never landed a contract and yet let

1151

00:47:53,030 --> 00:47:51,040

me just explain something to you

1152

00:47:54,950 --> 00:47:53,040

if the united states government has a

1153

00:47:57,030 --> 00:47:54,960

company that's never produced an

1154

00:47:59,349 --> 00:47:57,040

airplane why would they give them a

1155

00:48:02,230 --> 00:47:59,359

contract would they really take that

1156

00:48:04,630 --> 00:48:02,240

chance on a guy who for 26 years has not

1157

00:48:06,790 --> 00:48:04,640

produced i'm sorry 25 years has not

1158

00:48:08,630 --> 00:48:06,800

produced a single of his aircraft

1159

00:48:10,470 --> 00:48:08,640

designs even though he's got

1160

00:48:12,790 --> 00:48:10,480

a hundred different designs that he has

1161

00:48:15,589 --> 00:48:12,800

floated over the past 25 years i mean

1162

00:48:18,950 --> 00:48:15,599

literally he has a hunt

1163

00:48:20,710 --> 00:48:18,960

tons of designs and he's never made any

1164

00:48:22,710 --> 00:48:20,720
of them in real life he just shows

1165

00:48:27,349 --> 00:48:22,720
people fancy graphics and says these are

1166

00:48:31,510 --> 00:48:28,790
the company did obtain a letter of

1167

00:48:33,510 --> 00:48:31,520
intent with an unidentified u.s allied

1168

00:48:35,430 --> 00:48:33,520
air force for the 60 stiletto training

1169

00:48:37,190 --> 00:48:35,440
planes it has yet to produce as well as

1170

00:48:39,030 --> 00:48:37,200
a separate agreement to upgrade existing

1171

00:48:41,829 --> 00:48:39,040
planes it's also negotiating a contract

1172

00:48:43,270 --> 00:48:41,839
with the other usa and bidding for deals

1173

00:48:48,950 --> 00:48:43,280
with three

1174

00:48:50,950 --> 00:48:48,960
it lists four u.s locations on its

1175

00:48:53,270 --> 00:48:50,960
website including the niagara county

1176

00:48:54,950 --> 00:48:53,280

website and that niagara county site

1177

00:48:57,109 --> 00:48:54,960

which is the hangar that david wilcox

1178

00:48:59,190 --> 00:48:57,119

showing everyone

1179

00:49:01,109 --> 00:48:59,200

he maintains a 5 000 square foot machine

1180

00:49:03,349 --> 00:49:01,119

shop in san bernado california where

1181

00:49:04,950 --> 00:49:03,359

biscar lives he said he plans to move to

1182

00:49:07,510 --> 00:49:04,960

western new york but will retain the

1183

00:49:09,349 --> 00:49:07,520

california facility a former landing

1184

00:49:12,790 --> 00:49:09,359

gear production center

1185

00:49:16,150 --> 00:49:12,800

he has 31 shareholders

1186

00:49:19,030 --> 00:49:16,160

friends this is very important 31 people

1187

00:49:21,589 --> 00:49:19,040

have invested in this guy who has never

1188

00:49:24,230 --> 00:49:21,599

produced a single aircraft and he's

1189

00:49:30,470 --> 00:49:24,240

buying 1.5 million dollar hangers with

1190

00:49:34,150 --> 00:49:32,230

he plans on performing maintenance

1191

00:49:36,549 --> 00:49:34,160

repair and overhaul contract work to

1192

00:49:38,230 --> 00:49:36,559

upgrade existing military planes some of

1193

00:49:40,549 --> 00:49:38,240

which will be coming here shortly from

1194

00:49:42,230 --> 00:49:40,559

u.s locations he can't show us a single

1195

00:49:45,750 --> 00:49:42,240

airplane that's come there

1196

00:49:50,150 --> 00:49:45,760

this is more marketing hype to solicit

1197

00:49:53,430 --> 00:49:51,670

the scar also wants to build his own

1198

00:49:58,549 --> 00:49:53,440

prototypes based on conditional orders

1199

00:50:01,349 --> 00:49:59,990

niagara county officials say they've

1200

00:50:03,430 --> 00:50:01,359

done their best not to stand in the way

1201
00:50:05,030 --> 00:50:03,440
of uh stavati's project viewing the

1202
00:50:09,430 --> 00:50:05,040
assistance they've given so far as

1203
00:50:13,109 --> 00:50:11,589
yeah so apparently the idea is if they

1204
00:50:15,190 --> 00:50:13,119
don't go out and do anything they don't

1205
00:50:16,790 --> 00:50:15,200
get any of the tax breaks or incentive

1206
00:50:17,910 --> 00:50:16,800
langton said

1207
00:50:19,349 --> 00:50:17,920
great

1208
00:50:23,190 --> 00:50:19,359
so

1209
00:50:25,349 --> 00:50:23,200
there is david wilcox insider a man who

1210
00:50:26,790 --> 00:50:25,359
has it's the perfect

1211
00:50:29,030 --> 00:50:26,800
this is

1212
00:50:30,790 --> 00:50:29,040
perfect for david wilcock he can make

1213
00:50:33,190 --> 00:50:30,800

all kinds of claims

1214

00:50:36,549 --> 00:50:33,200

based on this guy who has never done

1215

00:50:38,150 --> 00:50:36,559

anything never done anything but friends

1216

00:50:42,069 --> 00:50:38,160

now we get into

1217

00:50:45,430 --> 00:50:42,079

a real bombshell here about this

1218

00:50:47,270 --> 00:50:45,440

aerospace insider and his company

1219

00:50:50,710 --> 00:50:47,280

uh and i have to be very careful here

1220

00:50:53,349 --> 00:50:50,720

and i'm gonna explain why in a moment

1221

00:50:59,990 --> 00:50:55,430

okay

1222

00:51:03,510 --> 00:51:00,000

website for stavati

1223

00:51:05,270 --> 00:51:03,520

aerospace ltd and here we see the

1224

00:51:07,990 --> 00:51:05,280

leadership team

1225

00:51:09,349 --> 00:51:08,000

and friends i gotta tell you uh you all

1226
00:51:10,950 --> 00:51:09,359
know that i have a background in

1227
00:51:12,790 --> 00:51:10,960
computer science

1228
00:51:15,190 --> 00:51:12,800
um and i'm very

1229
00:51:17,349 --> 00:51:15,200
uh well-versed in

1230
00:51:20,470 --> 00:51:17,359
history i noticed uh i don't see a

1231
00:51:21,990 --> 00:51:20,480
picture of david wilcock here right

1232
00:51:25,030 --> 00:51:22,000
they don't have david wilcock on their

1233
00:51:27,030 --> 00:51:25,040
website but he is listed as director of

1234
00:51:28,150 --> 00:51:27,040
advanced technology

1235
00:51:31,270 --> 00:51:28,160
right

1236
00:51:33,829 --> 00:51:31,280
so you know it's i don't one thing i i

1237
00:51:35,589 --> 00:51:33,839
really am curious about is this so we

1238
00:51:37,910 --> 00:51:35,599

have christopher r bascar who's the

1239

00:51:39,589 --> 00:51:37,920

chairman and ceo we have bill mcewen

1240

00:51:41,990 --> 00:51:39,599

i'll get back to that in a minute that's

1241

00:51:44,230 --> 00:51:42,000

the bombshell is the chief operating

1242

00:51:46,790 --> 00:51:44,240

officer we have director and corporate

1243

00:51:49,270 --> 00:51:46,800

aerosciences director of flight test and

1248

00:51:59,750 --> 00:51:57,839

chief test pilot we have director of

1249

00:52:01,829 --> 00:51:59,760

innovation and process leadership we

1250

00:52:04,309 --> 00:52:01,839

aviation development for stavada ukraine

1257
00:52:21,990 --> 00:52:19,599
friends

1258
00:52:25,030 --> 00:52:22,000
how is a company that hasn't produced a

1259
00:52:27,589 --> 00:52:25,040
profit in 26 years employing all these

1260
00:52:29,349 --> 00:52:27,599
people did you hear some of those titles

1261
00:52:31,430 --> 00:52:29,359
to me those would be

1262
00:52:32,549 --> 00:52:31,440
people that would demand a pretty high

1263
00:52:38,230 --> 00:52:32,559

salary

1264

00:52:39,750 --> 00:52:38,240

they working for free how is he paying

1265

00:52:41,910 --> 00:52:39,760

what could be

1266

00:52:43,670 --> 00:52:41,920

a payroll in a year could be a million

1267

00:52:46,630 --> 00:52:43,680

dollars for these people

1268

00:52:49,030 --> 00:52:46,640

how is he paying the payroll

1269

00:52:51,910 --> 00:52:49,040

for all these people that are just the

1270

00:52:55,030 --> 00:52:51,920

leadership of his company this is not to

1271

00:52:57,510 --> 00:52:55,040

uh you know let's let's forget about

1272

00:53:00,230 --> 00:52:57,520

like you know he's gonna need uh i don't

1273

00:53:01,589 --> 00:53:00,240

know secretaries finance people

1274

00:53:04,790 --> 00:53:01,599

accountants

1275

00:53:07,750 --> 00:53:04,800

parts people maintenance people

1276
00:53:08,950 --> 00:53:07,760
a janitor i don't know you know office

1277
00:53:11,750 --> 00:53:08,960
workers

1278
00:53:15,109 --> 00:53:11,760
but somehow a guy who hasn't turned a

1279
00:53:17,670 --> 00:53:15,119
profit from a company in 25 years is

1280
00:53:20,230 --> 00:53:17,680
able to pay all these people where is

1281
00:53:21,190 --> 00:53:20,240
that money coming from

1282
00:53:23,510 --> 00:53:21,200
now

1283
00:53:24,950 --> 00:53:23,520
we will get into our

1284
00:53:27,349 --> 00:53:24,960
bombshell here

1285
00:53:30,950 --> 00:53:27,359
the chief operating officer of this

1286
00:53:31,829 --> 00:53:30,960
stravati company is bill mcewen

1287
00:53:33,510 --> 00:53:31,839
now

1288
00:53:36,390 --> 00:53:33,520

when i saw this

1289

00:53:38,790 --> 00:53:36,400

i almost fell off my chair i couldn't

1290

00:53:41,670 --> 00:53:38,800

believe that bill mcewen was involved in

1291

00:53:44,309 --> 00:53:41,680

this company but as soon as i saw bill

1292

00:53:46,630 --> 00:53:44,319

mcewen was involved in this company i

1293

00:53:48,710 --> 00:53:46,640

was a hundred percent sure that this

1294

00:53:51,589 --> 00:53:48,720

company was some

1295

00:53:54,390 --> 00:53:51,599

form of investment scam that is my

1296

00:53:57,829 --> 00:53:54,400

opinion and that is my speculation based

1297

00:54:00,309 --> 00:53:57,839

on mr bill mcewen's involvement as the

1298

00:54:03,030 --> 00:54:00,319

chief operating officer

1299

00:54:07,030 --> 00:54:03,040

why do i believe that

1300

00:54:08,470 --> 00:54:07,040

for those that don't know bill mcewen

1301

00:54:10,870 --> 00:54:08,480

ran

1302

00:54:12,950 --> 00:54:10,880

something called amiga incorporated for

1303

00:54:14,630 --> 00:54:12,960

a while you may be familiar with

1304

00:54:17,270 --> 00:54:14,640

commodore amiga

1305

00:54:20,790 --> 00:54:17,280

but what happened it after the commodore

1306

00:54:26,309 --> 00:54:24,309

the corpse of the amiga computer which

1307

00:54:27,829 --> 00:54:26,319

is an amazing computer that i know a

1308

00:54:30,230 --> 00:54:27,839

great deal about it was my favorite

1309

00:54:31,990 --> 00:54:30,240

computer growing up i've always followed

1310

00:54:34,710 --> 00:54:32,000

what happened to amiga and the people

1311

00:54:38,470 --> 00:54:34,720

involved with the amiga after commodore

1312

00:54:40,069 --> 00:54:38,480

went belly up i still follow it to today

1313

00:54:43,109 --> 00:54:40,079

so

1314

00:54:45,750 --> 00:54:43,119

we really should go to wikipedia uh to

1315

00:54:48,789 --> 00:54:45,760

explain more about this uh but bill

1316

00:54:53,109 --> 00:54:48,799

mcewen is was heavily involved in

1317

00:54:56,630 --> 00:54:53,119

robbing the corpse of the amiga and all

1318

00:54:59,270 --> 00:54:56,640

kinds of lawsuits investment things that

1319

00:55:03,190 --> 00:54:59,280

didn't work out people investing he

1320

00:55:04,630 --> 00:55:03,200

promised products and services to the

1321

00:55:07,990 --> 00:55:04,640

commodore amiga

1322

00:55:11,190 --> 00:55:08,000

computer community for 10 plus years and

1323

00:55:13,349 --> 00:55:11,200

never delivered anything but the ability

1324

00:55:16,230 --> 00:55:13,359

to play classic amiga games on a

1325

00:55:18,789 --> 00:55:16,240

blackberry that was his only product

1326

00:55:20,069 --> 00:55:18,799

people went to his office which was

1327

00:55:23,349 --> 00:55:20,079

supposed to be the worldwide

1328

00:55:25,829 --> 00:55:23,359

headquarters of amiga incorporated and

1329

00:55:28,789 --> 00:55:25,839

there was nobody in the office there was

1330

00:55:32,870 --> 00:55:28,799

like boxes and nobody in the office

1331

00:55:34,630 --> 00:55:32,880

in some you know corporate office suite

1332

00:55:36,710 --> 00:55:34,640

friends i could

1333

00:55:39,589 --> 00:55:36,720

we could go and we're gonna do we're

1334

00:55:45,589 --> 00:55:39,599

gonna do an entire show just about the

1335

00:55:48,950 --> 00:55:46,950

you know i never even knew how to say

1336

00:55:51,270 --> 00:55:48,960

his name i most people pronounce it

1337

00:55:54,069 --> 00:55:51,280

mcewen it could be

1338

00:55:56,630 --> 00:55:54,079

mcgoodwin i don't know anyway we're

1339

00:55:58,630 --> 00:55:56,640

gonna we're gonna stop this share screen

1340

00:56:00,789 --> 00:55:58,640

and we're gonna share screen wikipedia

1341

00:56:06,789 --> 00:56:00,799

and hear a little history of this

1342

00:56:11,990 --> 00:56:09,430

chief operating officer and you know

1343

00:56:14,390 --> 00:56:12,000

what i want to say is i can't stress to

1344

00:56:17,190 --> 00:56:14,400

you enough

1345

00:56:19,349 --> 00:56:17,200

ask anybody that follows the commodore

1346

00:56:21,349 --> 00:56:19,359

amiga or is a fan of the commodore amiga

1347

00:56:23,990 --> 00:56:21,359

about bill mcewen

1348

00:56:27,670 --> 00:56:24,000

he is the most hated man in that

1349

00:56:30,069 --> 00:56:27,680

community he basically bought the corpse

1350

00:56:31,510 --> 00:56:30,079

of amiga the intellectual property the

1351
00:56:32,950 --> 00:56:31,520
trademarks

1352
00:56:35,510 --> 00:56:32,960
the software

1353
00:56:37,750 --> 00:56:35,520
that they produced their designs

1354
00:56:39,030 --> 00:56:37,760
he bought that from gateway but it

1355
00:56:40,710 --> 00:56:39,040
should be noted that a bunch of

1356
00:56:42,710 --> 00:56:40,720
companies when commodore amiga went

1357
00:56:44,789 --> 00:56:42,720
bankrupt

1358
00:56:46,950 --> 00:56:44,799
they started selling off their assets

1359
00:56:49,829 --> 00:56:46,960
and the big company that bought all the

1360
00:56:52,710 --> 00:56:49,839
assets was gateway computer ltd who bill

1361
00:56:54,549 --> 00:56:52,720
mcewen at one time worked for running

1362
00:56:56,950 --> 00:56:54,559
what was going to be the resurgence of

1363
00:56:58,470 --> 00:56:56,960

the amiga computer gateway bought the

1364

00:57:00,789 --> 00:56:58,480

intellectual property rights and they

1365

00:57:02,390 --> 00:57:00,799

were going to produce a new amiga

1366

00:57:04,309 --> 00:57:02,400

computer

1367

00:57:06,470 --> 00:57:04,319

and they never did

1368

00:57:09,030 --> 00:57:06,480

after gateway failed miserably to

1369

00:57:11,670 --> 00:57:09,040

produce a new amiga operating system and

1370

00:57:13,430 --> 00:57:11,680

a new amiga computer bill mcewen bought

1371

00:57:15,829 --> 00:57:13,440

the assets from

1372

00:57:18,789 --> 00:57:15,839

from gateway and created something

1373

00:57:21,750 --> 00:57:18,799

called amino ltd which never produced

1374

00:57:24,069 --> 00:57:21,760

any products then they changed it to

1375

00:57:26,470 --> 00:57:24,079

amiga incorporated after they bought the

1376

00:57:29,270 --> 00:57:26,480

assets which additionally

1377

00:57:31,190 --> 00:57:29,280

produced almost nothing right

1378

00:57:33,510 --> 00:57:31,200

and we're going to get into that

1379

00:57:35,349 --> 00:57:33,520

uh let me share my screen here again

1380

00:57:37,829 --> 00:57:35,359

we're going to cite fair use

1381

00:57:41,030 --> 00:57:37,839

and this is the history of the amiga os

1382

00:57:42,870 --> 00:57:41,040

4 dispute so just one of the scammy

1383

00:57:44,789 --> 00:57:42,880

shady things that bill mcewen was

1384

00:57:46,950 --> 00:57:44,799

involved in he bought the commodore

1385

00:57:48,710 --> 00:57:46,960

amiga assets he took all kinds of

1386

00:57:50,950 --> 00:57:48,720

investment money from people and then he

1387

00:57:53,349 --> 00:57:50,960

didn't produce anything and things drug

1388

00:57:55,589 --> 00:57:53,359

on and drug on and drug on and for those

1389

00:57:58,230 --> 00:57:55,599

that don't know the amiga at the time of

1390

00:57:59,910 --> 00:57:58,240

commodore amiga's despised was on 68 000

1391

00:58:01,829 --> 00:57:59,920

processors which

1392

00:58:04,710 --> 00:58:01,839

that the line of processor ended it

1393

00:58:07,349 --> 00:58:04,720

needed to go to a new processor so bill

1394

00:58:09,670 --> 00:58:07,359

mcewen and others decided that amiga

1395

00:58:12,069 --> 00:58:09,680

should move to power pc

1396

00:58:14,789 --> 00:58:12,079

chips which by that time were super

1397

00:58:16,390 --> 00:58:14,799

expensive and apple was even

1398

00:58:18,309 --> 00:58:16,400

apple you'll know

1399

00:58:20,549 --> 00:58:18,319

from computer history got out of power

1400

00:58:22,069 --> 00:58:20,559

pc chips because they weren't efficient

1401

00:58:25,270 --> 00:58:22,079

they had heat problems there's all kinds

1402

00:58:28,309 --> 00:58:25,280

of problems with power power pc

1403

00:58:30,390 --> 00:58:28,319

it's got an elegant chipset design but

1404

00:58:33,030 --> 00:58:30,400

it doesn't work very well in real world

1405

00:58:34,789 --> 00:58:33,040

applications they're hot

1406

00:58:36,870 --> 00:58:34,799

they're very expensive to produce

1407

00:58:39,750 --> 00:58:36,880

because nobody's producing them in vast

1408

00:58:42,069 --> 00:58:39,760

quantities so the move was supposed to

1409

00:58:44,309 --> 00:58:42,079

be that they were going to take amiga

1410

00:58:46,230 --> 00:58:44,319

the new amiga operating system and move

1411

00:58:47,910 --> 00:58:46,240

it to power pc

1412

00:58:50,390 --> 00:58:47,920

so

1413

00:58:52,309 --> 00:58:50,400

the dispute documents the legal battle

1414

00:58:54,789 --> 00:58:52,319

mainly between the company's amiga

1415

00:58:58,150 --> 00:58:54,799

incorporated and hyperion entertainment

1416

00:59:01,670 --> 00:58:58,160

over the operating system amiga os4 on

1417

00:59:03,190 --> 00:59:01,680

september 30th 2009 hyperion and amiga

1418

00:59:04,950 --> 00:59:03,200

reached a settlement agreement where

1419

00:59:06,950 --> 00:59:04,960

hyperion was granted an exclusive

1420

00:59:09,430 --> 00:59:06,960

perpetual worldwide right to distribute

1421

00:59:10,870 --> 00:59:09,440

and use the software a term used

1422

00:59:12,870 --> 00:59:10,880

during the dispute and subsequent

1423

00:59:16,069 --> 00:59:12,880

settlement to refer to the source code

1424

00:59:18,710 --> 00:59:16,079

of amiga os-3 and earlier and ownership

1425

00:59:20,549 --> 00:59:18,720

of amiga os4 and beyond

1426

00:59:23,430 --> 00:59:20,559

essentially what happened

1427

00:59:25,349 --> 00:59:23,440

this article is is very flawed

1428

00:59:27,510 --> 00:59:25,359

bill mcewen is running amiga

1429

00:59:29,430 --> 00:59:27,520

incorporated he's promising even after

1430

00:59:31,910 --> 00:59:29,440

gateway failed to produce the new amiga

1431

00:59:33,510 --> 00:59:31,920

operating system even after and gateway

1432

00:59:35,349 --> 00:59:33,520

has huge

1433

00:59:37,910 --> 00:59:35,359

billions in resources they weren't able

1434

00:59:39,349 --> 00:59:37,920

to do it so bill mcewen buys the assets

1435

00:59:41,750 --> 00:59:39,359

and instead of

1436

00:59:42,950 --> 00:59:41,760

hiring actual development developers

1437

00:59:46,069 --> 00:59:42,960

himself

1438

00:59:48,309 --> 00:59:46,079

and to work at his company he outsourced

1439

00:59:51,430 --> 00:59:48,319

an entire operating system and he hired

1440

00:59:54,789 --> 00:59:51,440

a subcontractor and a bunch of people at

1441

00:59:58,390 --> 00:59:54,799

hyperion entertainment to

1442

01:00:00,549 --> 00:59:58,400

design write and compile and deliver the

1443

01:00:02,470 --> 01:00:00,559

new amiga operating system what was

1444

01:00:03,829 --> 01:00:02,480

supposed to happen is that bill mcewen

1445

01:00:06,549 --> 01:00:03,839

was supposed to pay hyperion

1446

01:00:08,470 --> 01:00:06,559

entertainment a whole bunch of money

1447

01:00:10,549 --> 01:00:08,480

and they worked for

1448

01:00:11,990 --> 01:00:10,559

literally years on the operating system

1449

01:00:14,069 --> 01:00:12,000

was supposed to be done in four months

1450

01:00:14,950 --> 01:00:14,079

which everybody knew was never going to

1451
01:00:15,750 --> 01:00:14,960
happen

1452
01:00:17,270 --> 01:00:15,760
so

1453
01:00:19,270 --> 01:00:17,280
what happened was

1454
01:00:20,950 --> 01:00:19,280
hyperion took too long to develop the

1455
01:00:22,630 --> 01:00:20,960
operating system

1456
01:00:26,630 --> 01:00:22,640
and

1457
01:00:28,630 --> 01:00:26,640
memory near as i can recall owed

1458
01:00:31,270 --> 01:00:28,640
hyperion entertainment something like

1459
01:00:33,030 --> 01:00:31,280
hundreds of thousands of dollars

1460
01:00:34,789 --> 01:00:33,040
for developing the operating system and

1461
01:00:35,990 --> 01:00:34,799
what was supposed to happen is hyperion

1462
01:00:37,750 --> 01:00:36,000
entertainment was supposed to develop

1463
01:00:39,430 --> 01:00:37,760

the operating system

1464

01:00:40,950 --> 01:00:39,440

get paid hundreds of thousands of

1465

01:00:42,549 --> 01:00:40,960

dollars for doing it and then they were

1466

01:00:44,789 --> 01:00:42,559

supposed to hand the operating system

1467

01:00:47,349 --> 01:00:44,799

back to bill mcewen at amiga who would

1468

01:00:49,829 --> 01:00:47,359

then sell it with new amiga hardware

1469

01:00:52,309 --> 01:00:49,839

that didn't happen what happened is bill

1470

01:00:54,470 --> 01:00:52,319

mcewen let these people work on this

1471

01:00:57,670 --> 01:00:54,480

operating system for literally years and

1472

01:00:59,349 --> 01:00:57,680

then he didn't pay them it went to court

1473

01:01:01,109 --> 01:00:59,359

and the judge

1474

01:01:03,670 --> 01:01:01,119

essentially

1475

01:01:04,870 --> 01:01:03,680

hyperion entertainment sued them into

1476

01:01:07,109 --> 01:01:04,880

oblivion

1477

01:01:08,789 --> 01:01:07,119

and the court cases drug on for years

1478

01:01:10,789 --> 01:01:08,799

and now the whole time everybody in

1479

01:01:12,549 --> 01:01:10,799

commodore land and amiga land that grew

1480

01:01:14,390 --> 01:01:12,559

up with these computers and loved them

1481

01:01:16,870 --> 01:01:14,400

was waiting for this new operating

1482

01:01:18,470 --> 01:01:16,880

system and it would never come it wasn't

1483

01:01:21,030 --> 01:01:18,480

coming out because

1484

01:01:23,990 --> 01:01:21,040

bill mcewen wouldn't pay hyperion and

1485

01:01:25,589 --> 01:01:24,000

they sued each other

1486

01:01:27,990 --> 01:01:25,599

and here's some background after

1487

01:01:29,990 --> 01:01:28,000

commodore filed from bankruptcy in 1994

1488

01:01:32,230 --> 01:01:30,000

its name and ip rights including amiga

1489

01:01:33,829 --> 01:01:32,240

were sold to s-com s-com kept the amiga

1490

01:01:36,309 --> 01:01:33,839

products and sold the commodore name to

1491

01:01:40,309 --> 01:01:36,319

tulip computers s com went bankrupt in

1492

01:01:41,349 --> 01:01:40,319

1997 and sold the amiga ip2 gateway

1493

01:01:42,230 --> 01:01:41,359

uh

1494

01:01:44,950 --> 01:01:42,240

on

1495

01:01:46,950 --> 01:01:44,960

27th december 1999 gateway sold the

1496

01:01:49,829 --> 01:01:46,960

amiga name and rights to amino

1497

01:01:51,190 --> 01:01:49,839

development which is bill mcewen who

1498

01:01:53,030 --> 01:01:51,200

changed the company name to amiga

1499

01:01:56,230 --> 01:01:53,040

incorporated once the assets had been

1500

01:01:58,710 --> 01:01:56,240

acquired the amino amiga incorporated

1501
01:02:00,950 --> 01:01:58,720
and kmas amiga incorporated are seen by

1502
01:02:03,109 --> 01:02:00,960
hyperion as legally distinct entities

1503
01:02:05,589 --> 01:02:03,119
contracts and are of no relevance to

1504
01:02:07,670 --> 01:02:05,599
each other and here is another shady

1505
01:02:09,190 --> 01:02:07,680
scammy thing that happened

1506
01:02:11,029 --> 01:02:09,200
so here's what happens

1507
01:02:12,309 --> 01:02:11,039
bill and this is very complicated and

1508
01:02:15,109 --> 01:02:12,319
it's hard to explain but i'm going to do

1509
01:02:17,589 --> 01:02:15,119
my best from memory bill mcewen started

1510
01:02:19,349 --> 01:02:17,599
a company amino incorporated amino

1511
01:02:21,990 --> 01:02:19,359
development he buys the assets from

1512
01:02:24,789 --> 01:02:22,000
gateway he solicits

1513
01:02:28,150 --> 01:02:24,799

tons of money in investors going i'm the

1514

01:02:30,230 --> 01:02:28,160

new ceo of amiga incorporate it

1515

01:02:32,150 --> 01:02:30,240

remember the amiga computer it was

1516

01:02:34,309 --> 01:02:32,160

hugely ahead of its time we're going to

1517

01:02:36,230 --> 01:02:34,319

continue development of amiga computer

1518

01:02:38,630 --> 01:02:36,240

invest in my company

1519

01:02:40,309 --> 01:02:38,640

uh and then he spent all the investment

1520

01:02:42,710 --> 01:02:40,319

money and didn't produce a single

1521

01:02:45,430 --> 01:02:42,720

product near as i remember

1522

01:02:48,549 --> 01:02:45,440

then what happens is he starts a

1523

01:02:49,990 --> 01:02:48,559

separate shell company

1524

01:02:51,990 --> 01:02:50,000

he

1525

01:02:54,470 --> 01:02:52,000

screws over all of his creditors from

1526

01:02:56,630 --> 01:02:54,480

the first company doesn't pay any of the

1527

01:02:59,190 --> 01:02:56,640

investors back any of the money never

1528

01:03:02,390 --> 01:02:59,200

produces a product and he switches all

1529

01:03:05,109 --> 01:03:02,400

of the intellectual property and amiga

1530

01:03:06,630 --> 01:03:05,119

assets to a new company

1531

01:03:10,390 --> 01:03:06,640

called amiga

1532

01:03:11,589 --> 01:03:10,400

kmos amiga it was basically a magician's

1533

01:03:13,910 --> 01:03:11,599

shell game

1534

01:03:15,430 --> 01:03:13,920

he got rid of all his debt

1535

01:03:17,510 --> 01:03:15,440

got out of hundreds of thousands of

1536

01:03:20,150 --> 01:03:17,520

dollars worth of debt started a brand

1537

01:03:22,390 --> 01:03:20,160

new company and moved only the assets

1538

01:03:24,230 --> 01:03:22,400

not the debt to the new company very

1539

01:03:25,750 --> 01:03:24,240

very shady

1540

01:03:28,630 --> 01:03:25,760

now hyperion entertainment released

1541

01:03:30,630 --> 01:03:28,640

omega os4 to the public in 2004. the

1542

01:03:33,349 --> 01:03:30,640

five-year development process read to

1543

01:03:34,710 --> 01:03:33,359

accusations of vaporware where did we

1544

01:03:37,190 --> 01:03:34,720

see that before

1545

01:03:39,589 --> 01:03:37,200

bill mcewen is expert at producing

1546

01:03:41,910 --> 01:03:39,599

vaporware he took investment money he

1547

01:03:43,750 --> 01:03:41,920

took users money by the way

1548

01:03:46,150 --> 01:03:43,760

one of the other scams that bill mcewen

1549

01:03:48,470 --> 01:03:46,160

ran is some kind of thing where you were

1550

01:03:50,630 --> 01:03:48,480

supposed to get a piece of software and

1551

01:03:53,270 --> 01:03:50,640

an amiga shirt and he took something

1552

01:03:55,510 --> 01:03:53,280

like 50 or 100 from amiga users

1553

01:03:57,910 --> 01:03:55,520

worldwide i know hundreds of people who

1554

01:03:59,910 --> 01:03:57,920

gave him the money and then he never

1555

01:04:01,589 --> 01:03:59,920

gave anybody the shirt or the software

1556

01:04:03,910 --> 01:04:01,599

and there was never any explanation of

1557

01:04:06,230 --> 01:04:03,920

where all that money went

1558

01:04:09,109 --> 01:04:06,240

now can you see

1559

01:04:12,470 --> 01:04:09,119

how i feel about this guy being involved

1560

01:04:14,950 --> 01:04:12,480

with david wilcox insider he's the chief

1561

01:04:17,510 --> 01:04:14,960

operating officer and what is his

1562

01:04:20,950 --> 01:04:17,520

history his history is doing shady

1563

01:04:22,710 --> 01:04:20,960

things running scammy scams i'm gonna

1564

01:04:24,710 --> 01:04:22,720

they were scams this amiga stuff was

1565

01:04:27,990 --> 01:04:24,720

scammy

1566

01:04:29,670 --> 01:04:28,000

the supposed rebirth of amiga in 2007

1567

01:04:31,349 --> 01:04:29,680

the inquirer reported that the amiga was

1568

01:04:33,510 --> 01:04:31,359

inching closer to rebirth in the

1569

01:04:35,430 --> 01:04:33,520

long-awaited release of amiga os4 the

1570

01:04:38,549 --> 01:04:35,440

new power pc native version of classic

1571

01:04:44,549 --> 01:04:38,559

amiga os from the 1980s the new power

1572

01:04:47,829 --> 01:04:46,150

yeah so here's where the dispute started

1573

01:04:49,589 --> 01:04:47,839

four days after amiga incorporated

1574

01:04:51,349 --> 01:04:49,599

announced the new amiga they sued

1575

01:04:53,270 --> 01:04:51,359

hyperion entertainment

1576

01:04:56,549 --> 01:04:53,280

and stated that they decided to produce

1577

01:04:58,470 --> 01:04:56,559

a power pc version of amiga os in 2001.

1578

01:05:00,309 --> 01:04:58,480

on november 3rd 2001 they signed a

1579

01:05:02,710 --> 01:05:00,319

contract with hyperion then a game

1580

01:05:04,789 --> 01:05:02,720

developer for 68k amiga platform as well

1581

01:05:06,950 --> 01:05:04,799

as linux and macintosh amiga

1582

01:05:08,950 --> 01:05:06,960

incorporated gave hyperion access to

1583

01:05:10,710 --> 01:05:08,960

sources of latest commodore version os

1584

01:05:12,390 --> 01:05:10,720

3.1

1585

01:05:14,950 --> 01:05:12,400

uh

1586

01:05:16,390 --> 01:05:14,960

yeah so they gave hyperion the source

1587

01:05:17,990 --> 01:05:16,400

code and said here developed this new

1588

01:05:19,430 --> 01:05:18,000

operating system for us and it took

1589

01:05:21,430 --> 01:05:19,440

years and years

1590

01:05:22,950 --> 01:05:21,440

this lagged on forever but i'm happy to

1591

01:05:25,029 --> 01:05:22,960

say that eventually hyperion

1592

01:05:26,069 --> 01:05:25,039

entertainment sued bill mcewen into the

1593

01:05:27,190 --> 01:05:26,079

ground

1594

01:05:29,029 --> 01:05:27,200

and

1595

01:05:31,190 --> 01:05:29,039

they came up with a settlement where

1596

01:05:32,950 --> 01:05:31,200

hyperion would keep the operating system

1597

01:05:34,870 --> 01:05:32,960

and to this day

1598

01:05:37,270 --> 01:05:34,880

hyperion entertainment

1599

01:05:39,349 --> 01:05:37,280

sells and develops believe it or not a

1600

01:05:41,510 --> 01:05:39,359

modern version of the amiga operating

1601

01:05:44,069 --> 01:05:41,520

system now it should be noted that i

1602

01:05:45,349 --> 01:05:44,079

know almost nobody that uses amiga os4

1603

01:05:47,670 --> 01:05:45,359

because

1604

01:05:51,190 --> 01:05:47,680

the hardware to run it on is crazy

1605

01:05:54,230 --> 01:05:51,200

expensive you can buy a computer that is

1606

01:05:56,470 --> 01:05:54,240

power pc based to run omega os4

1607

01:05:58,390 --> 01:05:56,480

and uh my phone

1608

01:06:00,549 --> 01:05:58,400

is faster and more powerful than these

1609

01:06:03,029 --> 01:06:00,559

computers that run this operating system

1610

01:06:05,109 --> 01:06:03,039

so as big a fan as i am of amiga i've

1611

01:06:07,349 --> 01:06:05,119

never purchased either the hardware the

1612

01:06:08,470 --> 01:06:07,359

software and to be honest very few

1613

01:06:09,270 --> 01:06:08,480

people do

1614

01:06:11,270 --> 01:06:09,280

uh

1615

01:06:13,829 --> 01:06:11,280

yeah

1616

01:06:15,430 --> 01:06:13,839

so uh here it goes on to say for a case

1617

01:06:16,950 --> 01:06:15,440

for a time the case seemed deadlocked

1618

01:06:18,870 --> 01:06:16,960

neither side apparently being able to

1619

01:06:21,029 --> 01:06:18,880

prove their point either way

1620

01:06:23,029 --> 01:06:21,039

so hyperion argued that because of the

1621

01:06:24,630 --> 01:06:23,039

shell game that

1622

01:06:26,789 --> 01:06:24,640

bill mcewen did

1623

01:06:27,829 --> 01:06:26,799

moving all the assets and screwing all

1624

01:06:30,549 --> 01:06:27,839

the debt

1625

01:06:31,349 --> 01:06:30,559

his debtors over they didn't honestly

1626

01:06:34,789 --> 01:06:31,359

own

1627

01:06:37,270 --> 01:06:34,799

any trademarks and this court case got

1628

01:06:39,990 --> 01:06:37,280

ridiculous and i just wanted to mention

1629

01:06:42,230 --> 01:06:40,000

that in the amiga computer community

1630

01:06:43,750 --> 01:06:42,240

which i still am a part of i grew up

1631

01:06:45,589 --> 01:06:43,760

with amiga computers they were the first

1632

01:06:47,670 --> 01:06:45,599

computer with digital sound they were

1633

01:06:49,990 --> 01:06:47,680

the first computer with the multitasking

1634

01:06:51,510 --> 01:06:50,000

gui operating system

1635

01:06:54,390 --> 01:06:51,520

uh they were the first computer with

1636

01:06:57,029 --> 01:06:54,400

scripts uh first computer with unix like

1637

01:06:58,870 --> 01:06:57,039

command shell

1638

01:07:00,710 --> 01:06:58,880

amigas were amazing and i followed them

1639

01:07:02,390 --> 01:07:00,720

and still follow what's going on you

1640

01:07:04,710 --> 01:07:02,400

know there's lots of people still

1641

01:07:06,789 --> 01:07:04,720

running amiga and emulators

1642

01:07:09,190 --> 01:07:06,799

but it should be noted that bill mcewen

1643

01:07:11,270 --> 01:07:09,200

was known as

1644

01:07:13,510 --> 01:07:11,280

the most hated man in the amiga

1645

01:07:16,150 --> 01:07:13,520

community for several reasons first for

1646

01:07:18,309 --> 01:07:16,160

this dispute with hyperion

1647

01:07:20,230 --> 01:07:18,319

taking everybody's money he took i

1648

01:07:22,789 --> 01:07:20,240

believe they took money for pre-releases

1649

01:07:24,630 --> 01:07:22,799

of amiga os4 and then years later they

1650

01:07:26,789 --> 01:07:24,640

never delivered them

1651

01:07:29,109 --> 01:07:26,799

there's all this shady stuff that went

1652

01:07:32,630 --> 01:07:29,119

on with this bill mcewen guy he is the

1653

01:07:35,589 --> 01:07:32,640

most hated man in the amiga community he

1654

01:07:37,990 --> 01:07:35,599

is called the grave robber of amiga

1655

01:07:40,150 --> 01:07:38,000

because he robbed the grave of amiga

1656

01:07:42,870 --> 01:07:40,160

made all these incredible promises over

1657

01:07:45,109 --> 01:07:42,880

10 years and never delivered anything oh

1658

01:07:47,349 --> 01:07:45,119

and there's another part to this

1659

01:07:49,910 --> 01:07:47,359

once while he was soliciting investor

1660

01:07:52,069 --> 01:07:49,920

money he ran around and got all kinds

1661

01:07:55,430 --> 01:07:52,079

this is bill mcewen he got all kinds of

1662

01:07:57,510 --> 01:07:55,440

publicity saying that he was going amiga

1663

01:08:00,710 --> 01:07:57,520

incorporated was going to

1664

01:08:02,789 --> 01:08:00,720

sponsor a soccer team

1665

01:08:04,470 --> 01:08:02,799

in california to the tune of millions of

1666

01:08:06,069 --> 01:08:04,480

dollars they were going to become their

1667

01:08:08,069 --> 01:08:06,079

big sponsor there was going to be amiga

1668

01:08:10,710 --> 01:08:08,079

banners in the stadium and all this

1669

01:08:12,150 --> 01:08:10,720

stuff while he's soliciting investors

1670

01:08:13,910 --> 01:08:12,160

money

1671

01:08:16,709 --> 01:08:13,920

and then guess what happened

1672

01:08:18,709 --> 01:08:16,719

he never came up with the money he never

1673

01:08:20,630 --> 01:08:18,719

came up with any money to sponsor

1674

01:08:23,990 --> 01:08:20,640

there's newspaper articles about this

1675

01:08:26,550 --> 01:08:24,000

and how shady that deal was it should

1676

01:08:29,510 --> 01:08:26,560

also be noted that for years and years

1677

01:08:31,669 --> 01:08:29,520

and years decades people wanted to play

1678

01:08:33,030 --> 01:08:31,679

those old amiga games

1679

01:08:35,110 --> 01:08:33,040

right

1680

01:08:37,030 --> 01:08:35,120

that's another shady scammy thing that

1681

01:08:39,749 --> 01:08:37,040

bill mcewen did

1682

01:08:42,309 --> 01:08:39,759

i'm going to stop this screen here and

1683

01:08:44,390 --> 01:08:42,319

i'm going to just share for a moment uh

1684

01:08:45,269 --> 01:08:44,400

from hyperion's website so that you can

1685

01:08:47,590 --> 01:08:45,279

see

1686

01:08:49,110 --> 01:08:47,600

that amiga os eventually did get

1687

01:08:50,630 --> 01:08:49,120

produced and we could see some

1688

01:08:53,030 --> 01:08:50,640

screenshots here

1689

01:08:54,630 --> 01:08:53,040

of the amiga operating system now i they

1690

01:08:57,510 --> 01:08:54,640

did eventually get this to run an

1691

01:09:01,269 --> 01:08:57,520

emulator on pc i have a copy i purchased

1692

01:09:04,149 --> 01:09:01,279

a copy uh just for nostalgia i don't

1693

01:09:06,630 --> 01:09:04,159

really use it um i

1694

01:09:08,870 --> 01:09:06,640

do still run some old amiga applications

1695

01:09:10,789 --> 01:09:08,880

and games but i do it on linux

1696

01:09:12,870 --> 01:09:10,799

uh this just added and it's like an

1697

01:09:14,550 --> 01:09:12,880

emulator in an emulator so i don't use

1698

01:09:16,870 --> 01:09:14,560

this much but i gotta say that they did

1699

01:09:20,149 --> 01:09:16,880

an amazing job updating

1700

01:09:20,870 --> 01:09:20,159

amiga operating system to be more uh to

1701

01:09:22,950 --> 01:09:20,880

be

1702

01:09:24,630 --> 01:09:22,960

like the old amiga operating system you

1703

01:09:27,189 --> 01:09:24,640

remember that you grew up with but with

1704

01:09:29,269 --> 01:09:27,199

lots more colors and capabilities and

1705

01:09:30,070 --> 01:09:29,279

you know power

1706

01:09:33,110 --> 01:09:30,080

uh

1707

01:09:35,910 --> 01:09:33,120

so there's that eventually hyperion won

1708

01:09:38,870 --> 01:09:35,920

the lawsuit and they

1709

01:09:41,269 --> 01:09:38,880

billy kewin owed them the developers so

1710

01:09:43,590 --> 01:09:41,279

much money that he had to settle and

1711

01:09:45,590 --> 01:09:43,600

give them the rights to the operating

1712

01:09:47,269 --> 01:09:45,600

system that they put years into because

1713

01:09:49,030 --> 01:09:47,279

he never paid them

1714

01:09:51,990 --> 01:09:49,040

now let's go on to

1715

01:09:55,590 --> 01:09:52,000

uh a final shady and scammy thing that

1716

01:09:58,390 --> 01:09:55,600

bill mcewen was involved in

1717

01:10:00,870 --> 01:09:58,400

uh one second friends so

1718

01:10:03,750 --> 01:10:00,880

uh two things first of all

1719

01:10:05,990 --> 01:10:03,760

why is bill mcewen the most hated man in

1720

01:10:07,189 --> 01:10:06,000

the commodore amiga community to this

1721

01:10:10,470 --> 01:10:07,199

day and for those who don't know

1722

01:10:12,630 --> 01:10:10,480

nostalgia is big there's uh amiga.org

1723

01:10:14,310 --> 01:10:12,640

which is a forum for amiga computer

1724

01:10:16,390 --> 01:10:14,320

users that's still in existence and

1725

01:10:18,870 --> 01:10:16,400

there's thousands of people there's tons

1726

01:10:21,110 --> 01:10:18,880

of facebook groups still very active

1727

01:10:22,390 --> 01:10:21,120

sort of retro computing community people

1728

01:10:24,550 --> 01:10:22,400

are still

1729

01:10:26,709 --> 01:10:24,560

building and rebuilding amiga computers

1730

01:10:28,950 --> 01:10:26,719

i have several myself that have all

1731

01:10:31,590 --> 01:10:28,960

these upgrades

1732

01:10:33,510 --> 01:10:31,600

and uh it's a vibrant community but it's

1733

01:10:35,430 --> 01:10:33,520

important to note that bill mcewen is

1734

01:10:38,390 --> 01:10:35,440

the most hated man in that community

1735

01:10:42,070 --> 01:10:38,400

because he basically stole the amiga

1736

01:10:45,350 --> 01:10:42,080

did nothing with it and uh made millions

1737

01:10:47,110 --> 01:10:45,360

of dollars and never produced anything

1738

01:10:48,790 --> 01:10:47,120

all right we're gonna uh

1739

01:10:50,790 --> 01:10:48,800

we're gonna share one more thing one

1740

01:10:52,470 --> 01:10:50,800

product that he did produce and this is

1741

01:10:55,270 --> 01:10:52,480

where it gets shady

1742

01:10:57,350 --> 01:10:55,280

is that bill mcewen started selling

1743

01:10:59,590 --> 01:10:57,360

on his on the amiga incorporated website

1744

01:11:02,149 --> 01:10:59,600

which is by the way it's defunct now

1745

01:11:04,149 --> 01:11:02,159

uh the the last update that i heard

1746

01:11:06,790 --> 01:11:04,159

about bill mcewen is that he sold off

1747

01:11:09,350 --> 01:11:06,800

the remainder of whatever he owned amiga

1748

01:11:11,430 --> 01:11:09,360

to another company that's equally as

1749

01:11:12,950 --> 01:11:11,440

shady in my view but you know what are

1750

01:11:15,350 --> 01:11:12,960

you going to do

1751

01:11:16,630 --> 01:11:15,360

but people want to play classic amiga

1752

01:11:19,910 --> 01:11:16,640

games

1753

01:11:22,070 --> 01:11:19,920

and in order to do that you need roms

1754

01:11:24,149 --> 01:11:22,080

from the original game from the original

1755

01:11:26,550 --> 01:11:24,159

computer in order to make the emulators

1756

01:11:28,870 --> 01:11:26,560

run now if you have a computer you can

1757

01:11:29,990 --> 01:11:28,880

burn the rom from your computer but it's

1758

01:11:32,390 --> 01:11:30,000

very

1759

01:11:33,110 --> 01:11:32,400

technical and lengthy process to do that

1760

01:11:37,189 --> 01:11:33,120

so

1761

01:11:39,350 --> 01:11:37,199

which is a way to run classic

1762

01:11:42,390 --> 01:11:39,360

amiga games on pc

1763

01:11:46,229 --> 01:11:42,400

people have been robbing people for 20

1764

01:11:49,510 --> 01:11:46,239

or so to get the roms to run original

1765

01:11:52,149 --> 01:11:49,520

amiga games for 25 years now and there's

1766

01:11:56,310 --> 01:11:52,159

one company cloanto not a big fan they

1767

01:11:59,430 --> 01:11:56,320

licensed the roms from bill mcewen

1768

01:12:02,070 --> 01:11:59,440

bill mcewen has been making money his

1769

01:12:04,550 --> 01:12:02,080

the only money that amiga incorporated

1770

01:12:05,669 --> 01:12:04,560

his amiga incorporated was making was by

1771

01:12:07,430 --> 01:12:05,679

selling

1772

01:12:10,070 --> 01:12:07,440

which i believe is unethical he was

1773

01:12:11,510 --> 01:12:10,080

selling the rights to 30 year old roms

1774

01:12:13,830 --> 01:12:11,520

to another company who was then

1775

01:12:16,950 --> 01:12:13,840

reselling them to people with an amiga

1776

01:12:20,709 --> 01:12:16,960

emulator but it gets even shadier and

1777

01:12:25,270 --> 01:12:22,709

bill mcewen developed a way that you

1778

01:12:26,950 --> 01:12:25,280

could run at classic amiga games on a

1779

01:12:28,709 --> 01:12:26,960

blackberry

1780

01:12:30,470 --> 01:12:28,719

or other mobile devices hey everybody

1781

01:12:32,950 --> 01:12:30,480

kevin here for crackberry.com taking a

1782

01:12:35,110 --> 01:12:32,960

quick look at amiga games so amiga's

1783

01:12:37,189 --> 01:12:35,120

bringing a ton of their retro gaming

1784

01:12:38,870 --> 01:12:37,199

titles from like the late 80s early 90s

1785

01:12:40,950 --> 01:12:38,880

over to the blackberry playbook and over

1786

01:12:42,950 --> 01:12:40,960

to blackberry 10. they already have 15

1787

01:12:45,830 --> 01:12:42,960

titles in app world you can go download

1788

01:12:48,070 --> 01:12:45,840

the prices range from 99 cents to 299 so

1789

01:12:50,630 --> 01:12:48,080

it's all really affordable and a lot of

1790

01:12:52,709 --> 01:12:50,640

fun uh all of the games have a very

1791

01:12:54,229 --> 01:12:52,719

consistent sort of gaming control so

1792

01:12:56,149 --> 01:12:54,239

once you play one and get used to it you

1793

01:12:57,669 --> 01:12:56,159

can really play all of them give you a

1794

01:12:59,669 --> 01:12:57,679

quick look you know i just love the

1795

01:13:01,590 --> 01:12:59,679

old-school graphics and sounds and it's

1796

01:13:02,830 --> 01:13:01,600

a lot of fun fair use so here's a little

1797

01:13:05,350 --> 01:13:02,840

super frog

1798

01:13:06,310 --> 01:13:05,360

action and uh

1799

01:13:08,310 --> 01:13:06,320

you know

1800

01:13:10,950 --> 01:13:08,320

i haven't played too much yet but it's

1801

01:13:16,790 --> 01:13:14,070

so for a time you could purchase

1802

01:13:18,550 --> 01:13:16,800

classic amiga games with the roms and

1803

01:13:22,310 --> 01:13:18,560

run them on your blackberry

1804

01:13:24,229 --> 01:13:22,320

from amiga incorporate its website

1805

01:13:30,830 --> 01:13:24,239

and more on that in a moment

1806

01:13:36,310 --> 01:13:34,550

aliens good times

1807

01:13:41,910 --> 01:13:36,320

and here's a little overdrive we can

1808

01:13:44,550 --> 01:13:43,110

yeah and these would all run on a

1809

01:13:47,110 --> 01:13:44,560

blackberry

1810

01:13:50,950 --> 01:13:47,120

or later he came out with uh a way for

1811

01:13:53,830 --> 01:13:50,960

them to run on tablets etc

1812

01:13:57,910 --> 01:13:53,840

um but there was a real big problem

1813

01:14:01,189 --> 01:13:59,669

okay here we go and we'll wind it down

1814

01:14:03,590 --> 01:14:01,199

on this

1815

01:14:06,149 --> 01:14:03,600

and don't wait just go get yourself

1816

01:14:07,830 --> 01:14:06,159

some amiga games

1817

01:14:09,270 --> 01:14:07,840

come on baby

1818

01:14:11,030 --> 01:14:09,280

all right that's enough of that i just

1819

01:14:13,110 --> 01:14:11,040

wanted to explain that amiga

1820

01:14:15,350 --> 01:14:13,120

incorporated was selling with bill

1821

01:14:17,270 --> 01:14:15,360

mcewen at the head with selling amiga

1822

01:14:20,470 --> 01:14:17,280

games on their website

1823

01:14:24,070 --> 01:14:20,480

but here's the problem it turned out

1824

01:14:26,709 --> 01:14:24,080

that bill mcewen did not have the rights

1825

01:14:29,590 --> 01:14:26,719

to the games that he was selling

1826

01:14:32,709 --> 01:14:29,600

that's right bill mcewen

1827

01:14:33,910 --> 01:14:32,719

the ceo of amiga incorporated was so

1828

01:14:36,390 --> 01:14:33,920

hard up

1829

01:14:39,910 --> 01:14:36,400

for income for his company that never

1830

01:14:42,870 --> 01:14:39,920

produced any products that he just stole

1831

01:14:45,030 --> 01:14:42,880

several different companies intellectual

1832

01:14:46,709 --> 01:14:45,040

property and he was selling them as if

1833

01:14:50,149 --> 01:14:46,719

he had the rights to

1834

01:14:51,990 --> 01:14:50,159

he was sued i believe he was sued or

1835

01:14:54,070 --> 01:14:52,000

threatened with legal action and

1836

01:14:57,030 --> 01:14:54,080

eventually he took that part of the

1837

01:14:59,110 --> 01:14:57,040

amiga incorporated website down

1838

01:15:00,550 --> 01:14:59,120

and stopped selling games that he did

1839

01:15:04,070 --> 01:15:00,560

not have

1840

01:15:08,870 --> 01:15:06,390

yeah and it looks like his website is

1841

01:15:11,430 --> 01:15:08,880

still up the amiga incorporated website

1842

01:15:13,590 --> 01:15:11,440

is still up but there is nothing there

1843

01:15:15,430 --> 01:15:13,600

like literally there is nothing there

1844

01:15:17,750 --> 01:15:15,440

look at look at the website

1845

01:15:21,270 --> 01:15:17,760

you can follow amiga incorporated on

1846

01:15:26,550 --> 01:15:23,830

i don't want to follow them

1847

01:15:30,229 --> 01:15:28,630

yeah listen he's still complaining about

1848

01:15:31,990 --> 01:15:30,239

hyperion under the agreement ben

1849

01:15:33,750 --> 01:15:32,000

herman's rigged on amiga would have

1850

01:15:35,110 --> 01:15:33,760

granted hyperion to right

1851

01:15:38,950 --> 01:15:35,120

which it currently doesn't have to

1852

01:15:40,950 --> 01:15:38,960

release omega os 3.2 yeah and there's uh

1853

01:15:42,550 --> 01:15:40,960

anyway i'm over on twitter on this

1854

01:15:44,630 --> 01:15:42,560

twitter he's still complaining about

1855

01:15:46,149 --> 01:15:44,640

hyperion the company that he stiffed for

1856

01:15:49,110 --> 01:15:46,159

hundreds of thousands of dollars and

1857

01:15:51,189 --> 01:15:49,120

never produced a product now in full uh

1858

01:15:53,510 --> 01:15:51,199

disclosure i just want to mention that i

1859

01:15:56,390 --> 01:15:53,520

have some personal first-hand

1860

01:15:58,790 --> 01:15:56,400

knowledge of bill mcewen

1861

01:16:01,510 --> 01:15:58,800

when he was looking for people to

1862

01:16:03,430 --> 01:16:01,520

develop his operating system

1863

01:16:05,590 --> 01:16:03,440

a friend of a friend of a friend sort of

1864

01:16:07,189 --> 01:16:05,600

an acquaintance you know a lot of us

1865

01:16:08,709 --> 01:16:07,199

know each other in the amiga community

1866

01:16:11,830 --> 01:16:08,719

or whatever

1867

01:16:15,430 --> 01:16:11,840

um even back then i was big on linux i

1868

01:16:16,630 --> 01:16:15,440

was a very early linux adopter um

1869

01:16:19,510 --> 01:16:16,640

and

1870

01:16:21,270 --> 01:16:19,520

there was some talk that the new amiga

1871

01:16:24,950 --> 01:16:21,280

operating system should just be built on

1872

01:16:27,750 --> 01:16:24,960

linux so i actually had a job interview

1873

01:16:28,950 --> 01:16:27,760

uh with bill mcewen to develop to be a

1874

01:16:29,990 --> 01:16:28,960

developer

1875

01:16:32,470 --> 01:16:30,000

and

1876

01:16:34,229 --> 01:16:32,480

it was very uh it was just one of the

1877

01:16:36,709 --> 01:16:34,239

strangest job interviews that ever went

1878

01:16:38,950 --> 01:16:36,719

on because bill mcewen despite being the

1879

01:16:42,229 --> 01:16:38,960

ceo of a technology company

1880

01:16:44,630 --> 01:16:42,239

had zero knowledge of many things amiga

1881

01:16:48,229 --> 01:16:44,640

he didn't know

1882

01:16:50,870 --> 01:16:48,239

about the operating system i mean he

1883

01:16:53,830 --> 01:16:50,880

knew how to point and click and you know

1884

01:16:55,030 --> 01:16:53,840

navigate to get to like a game he wanted

1885

01:16:57,750 --> 01:16:55,040

to play

1886

01:17:00,950 --> 01:16:57,760

um but during the interview i spoke very

1887

01:17:02,870 --> 01:17:00,960

specifically about

1888

01:17:04,870 --> 01:17:02,880

amiga operating system internals

1889

01:17:06,229 --> 01:17:04,880

something called exact and this would

1890

01:17:09,110 --> 01:17:06,239

get very technical i don't want to go

1891

01:17:11,910 --> 01:17:09,120

there but it's enough to say that this

1892

01:17:15,430 --> 01:17:11,920

bill mcewen surprised me in that he was

1893

01:17:17,750 --> 01:17:15,440

the ceo of amiga and he knew nothing

1894

01:17:20,229 --> 01:17:17,760

nothing friends about the amiga

1895

01:17:23,189 --> 01:17:20,239

operating system how it worked what made

1896

01:17:26,310 --> 01:17:23,199

it work you know the file structure the

1897

01:17:28,390 --> 01:17:26,320

multitasking the memory management he in

1898

01:17:31,990 --> 01:17:28,400

fact he didn't know that amiga operating

1899

01:17:33,590 --> 01:17:32,000

system had no memory management um you

1900

01:17:36,149 --> 01:17:33,600

know it's just the way it was done that

1901

01:17:37,990 --> 01:17:36,159

old mac os classic mac os had no memory

1902

01:17:40,070 --> 01:17:38,000

management for a time

1903

01:17:42,550 --> 01:17:40,080

so i i have a job interview with him he

1904

01:17:45,990 --> 01:17:42,560

knows nothing about the operating system

1905

01:17:48,310 --> 01:17:46,000

and my uh plan because he asked me if if

1906

01:17:50,470 --> 01:17:48,320

we were to proceed what would you do to

1907

01:17:51,510 --> 01:17:50,480

develop a new amiga operating system and

1908

01:17:53,510 --> 01:17:51,520

i said

1909

01:17:55,750 --> 01:17:53,520

i would take linux and i would strip it

1910

01:17:57,669 --> 01:17:55,760

down and then i would skin it

1911

01:18:00,149 --> 01:17:57,679

i would skin it to look like amiga

1912

01:18:02,630 --> 01:18:00,159

operating system but update it and he

1913

01:18:04,709 --> 01:18:02,640

didn't like that idea he wanted uh you

1914

01:18:06,630 --> 01:18:04,719

know a full operating system with its

1915

01:18:08,709 --> 01:18:06,640

own kernel and i told him like you're

1916

01:18:10,390 --> 01:18:08,719

gonna be five years to develop that and

1917

01:18:13,110 --> 01:18:10,400

he laughed and he said no we're going to

1918

01:18:14,709 --> 01:18:13,120

do it in six months and i said good luck

1919

01:18:16,709 --> 01:18:14,719

and that's the you know i didn't get the

1920

01:18:17,750 --> 01:18:16,719

job

1921

01:18:19,990 --> 01:18:17,760

but

1922

01:18:23,590 --> 01:18:20,000

i'm gonna share my screen one more time

1923

01:18:25,430 --> 01:18:23,600

uh so that we can uh

1924

01:18:28,630 --> 01:18:25,440

one second let me just make sure that i

1925

01:18:31,910 --> 01:18:28,640

have the right guy yeah uh right

1926

01:18:36,229 --> 01:18:33,189

and we do

1927

01:18:39,110 --> 01:18:36,239

so friends what we have proven tonight

1928

01:18:40,550 --> 01:18:39,120

is that david wilcox insider so-called

1929

01:18:41,990 --> 01:18:40,560

insider

1930

01:18:44,149 --> 01:18:42,000

um

1931

01:18:46,630 --> 01:18:44,159

is very problematic first of all he's

1932

01:18:49,110 --> 01:18:46,640

had an aerospace company for 25 years

1933

01:18:50,870 --> 01:18:49,120

and has never produced a single aircraft

1934

01:18:52,470 --> 01:18:50,880

but we're supposed to believe that david

1935

01:18:55,430 --> 01:18:52,480

wilcock and him are going to have a

1936

01:18:56,790 --> 01:18:55,440

working prototype hover car within one

1937

01:19:00,149 --> 01:18:56,800

year

1938

01:19:03,030 --> 01:19:00,159

further problematic is mr bill mcewen's

1939

01:19:04,390 --> 01:19:03,040

involvement with this company

1940

01:19:06,790 --> 01:19:04,400

i have

1941

01:19:08,550 --> 01:19:06,800

tried to explain the bill mckeown story

1942

01:19:10,149 --> 01:19:08,560

the very best that i could i'm going to

1943

01:19:12,550 --> 01:19:10,159

reach out to somebody that i know in the

1944

01:19:14,790 --> 01:19:12,560

nika community that follows

1945

01:19:16,630 --> 01:19:14,800

everything uh

1946

01:19:19,270 --> 01:19:16,640

amiga who may be able to explain it

1947

01:19:23,990 --> 01:19:21,590

here we have a list of all of these

1948

01:19:25,270 --> 01:19:24,000

accomplishments and what people are not

1949

01:19:28,709 --> 01:19:25,280

what what

1950

01:19:29,910 --> 01:19:28,719

what this pr is not telling you

1951

01:19:31,990 --> 01:19:29,920

here we go

1952

01:19:34,229 --> 01:19:32,000

bill mcewen was recruited by a gateway

1953

01:19:36,149 --> 01:19:34,239

computer to join the amiga team after

1954

01:19:39,189 --> 01:19:36,159

the acquisition of the amiga assets by

1955

01:19:43,110 --> 01:19:39,199

gateway mr mcewen was in charge of

1956

01:19:45,590 --> 01:19:43,120

marketing and all he did was market fake

1957

01:19:48,070 --> 01:19:45,600

things that that were never made i'm

1958

01:19:51,590 --> 01:19:48,080

gonna see if i can find one

1959

01:19:57,110 --> 01:19:51,600

gateway amiga

1960

01:20:03,270 --> 01:19:59,990

oh yeah i've got it

1961

01:20:05,669 --> 01:20:03,280

yeah so uh bill mcewen made all kinds of

1962

01:20:07,189 --> 01:20:05,679

promises he's never delivered he never

1963

01:20:09,669 --> 01:20:07,199

delivered any of the products that he

1964

01:20:12,709 --> 01:20:09,679

promised the amiga community even after

1965

01:20:14,870 --> 01:20:12,719

he solicited and collected millions of

1966

01:20:16,790 --> 01:20:14,880

dollars in investment capital from

1967

01:20:19,430 --> 01:20:16,800

various investors there's various

1968

01:20:21,270 --> 01:20:19,440

stories that he burned this investor and

1969

01:20:22,709 --> 01:20:21,280

that investor pulled out so then he got

1970

01:20:25,990 --> 01:20:22,719

a new investor

1971

01:20:26,790 --> 01:20:26,000

and it went on and on and on and on and

1972

01:20:28,149 --> 01:20:26,800

on

1973

01:20:30,830 --> 01:20:28,159

bill mcewen

1974

01:20:34,149 --> 01:20:30,840

has a proven track record of

1975

01:20:38,229 --> 01:20:34,159

vaporware he promises things and they're

1976

01:20:41,189 --> 01:20:38,239

vapor they never materialize this

1977

01:20:43,990 --> 01:20:41,199

man who is the king of computer

1978

01:20:46,470 --> 01:20:44,000

vaporware and computer products that

1979

01:20:47,990 --> 01:20:46,480

never develop is the chief operating

1980

01:20:50,390 --> 01:20:48,000

officer

1981

01:20:52,229 --> 01:20:50,400

for this company that david wilcock is

1982

01:20:54,310 --> 01:20:52,239

apparently a 15

1983

01:20:57,910 --> 01:20:54,320

shareholder in and i just want to tell

1984

01:21:00,390 --> 01:20:57,920

david wilcock call your lawyer bro if

1985

01:21:03,189 --> 01:21:00,400

you gave them any money call

1986

01:21:03,990 --> 01:21:03,199

your lawyer right now david wilcock and

1987

01:21:06,229 --> 01:21:04,000

see

1988

01:21:09,110 --> 01:21:06,239

about getting your money back because

1989

01:21:11,270 --> 01:21:09,120

this man bill mcewen who is your chief

1990

01:21:14,149 --> 01:21:11,280

operating officer

1991

01:21:17,030 --> 01:21:14,159

has been running investment scams for

1992

01:21:19,430 --> 01:21:17,040

amiga he did that for 10 years never

1993

01:21:21,270 --> 01:21:19,440

produced a single product

1994

01:21:23,350 --> 01:21:21,280

oh i'm sorry he did produce products

1995

01:21:25,990 --> 01:21:23,360

that nobody bought he did produce some

1996

01:21:27,590 --> 01:21:26,000

product called amiga de which is called

1997

01:21:29,590 --> 01:21:27,600

amiga anywhere where you're supposed to

1998

01:21:31,750 --> 01:21:29,600

be able to run amiga applications on any

1999

01:21:34,470 --> 01:21:31,760

device which was basically a takeoff of

2000

01:21:37,830 --> 01:21:34,480

java so it never it never went anywhere

2001
01:21:40,390 --> 01:21:37,840
and he sold pirated amiga games that's

2002
01:21:43,590 --> 01:21:40,400
what he did with millions and millions

2003
01:21:45,270 --> 01:21:43,600
of dollars of investors money never

2004
01:21:48,229 --> 01:21:45,280
produced a product the company went

2005
01:21:51,189 --> 01:21:48,239
belly up once and screwed all of its

2006
01:21:53,270 --> 01:21:51,199
debtor everybody they owed money out to

2007
01:21:55,030 --> 01:21:53,280
screwed all them started a new company

2008
01:21:57,750 --> 01:21:55,040
just moved the assets

2009
01:21:59,350 --> 01:21:57,760
gee he was going to uh sponsor a soccer

2010
01:22:01,590 --> 01:21:59,360
company to the tune of millions of

2011
01:22:03,750 --> 01:22:01,600
dollars while he was soliciting investor

2012
01:22:06,550 --> 01:22:03,760
money getting publicity for that and he

2013
01:22:11,510 --> 01:22:08,070

bill mcewen

2014

01:22:15,510 --> 01:22:11,520

is the most hated man in

2015

01:22:15,520 --> 01:22:19,750

mostly for the broken promises

2016

01:22:24,629 --> 01:22:22,229

i'm going to show you another thing

2017

01:22:26,229 --> 01:22:24,639

which bill mcewen did which is very

2018

01:22:32,229 --> 01:22:26,239

similar to what we're seeing from this

2019

01:22:41,750 --> 01:22:36,229

here my friends

2020

01:22:47,510 --> 01:22:41,760

products that were supposed to be

2021

01:22:52,229 --> 01:22:49,990

an updated amiga you could see how long

2022

01:22:54,709 --> 01:22:52,239

ago this was because this amiga this

2023

01:22:57,350 --> 01:22:54,719

computer has a crt ancient monitor

2024

01:22:59,910 --> 01:22:57,360

that's how long ago this was

2025

01:23:01,669 --> 01:22:59,920

i believe this was around

2026

01:23:03,189 --> 01:23:01,679

the year 2000

2027

01:23:05,110 --> 01:23:03,199

this is one of the computers that bill

2028

01:23:08,390 --> 01:23:05,120

mcewen promised and he never delivered

2029

01:23:10,629 --> 01:23:08,400

on it he also promised amiga os4 and

2030

01:23:12,229 --> 01:23:10,639

after five years never delivered on it

2031

01:23:14,070 --> 01:23:12,239

and the company that actually made the

2032

01:23:16,229 --> 01:23:14,080

operating system had to sue him into

2033

01:23:18,390 --> 01:23:16,239

oblivion and they got control of the

2034

01:23:20,390 --> 01:23:18,400

operating system because he never

2035

01:23:21,669 --> 01:23:20,400

paid them

2036

01:23:23,830 --> 01:23:21,679

so

2037

01:23:26,550 --> 01:23:23,840

what we have here is david wilcock with

2038

01:23:29,030 --> 01:23:26,560

a history of lying making up stuff using

2039

01:23:30,790 --> 01:23:29,040

fake whistleblowers and fake insiders

2040

01:23:33,110 --> 01:23:30,800

promising people that's how we're going

2041

01:23:35,590 --> 01:23:33,120

to try to bring it back around so david

2042

01:23:37,830 --> 01:23:35,600

wilcock is promising people that he's

2043

01:23:39,270 --> 01:23:37,840

going to teach them any gravity and free

2044

01:23:42,070 --> 01:23:39,280

energy

2045

01:23:43,750 --> 01:23:42,080

and you'll be able to do it too and his

2046

01:23:45,910 --> 01:23:43,760

new company is going to produce a hover

2047

01:23:47,990 --> 01:23:45,920

car within one year they'll have a

2048

01:23:49,990 --> 01:23:48,000

working prototype and within a few years

2049

01:23:52,070 --> 01:23:50,000

they'll have affordable models that you

2050

01:23:54,229 --> 01:23:52,080

can buy

2051

01:23:57,189 --> 01:23:54,239

but what's very problematic is that his

2052

01:23:59,669 --> 01:23:57,199

partners in this are one guy who's been

2053

01:24:01,430 --> 01:23:59,679

showing people nice graphics and designs

2054

01:24:04,390 --> 01:24:01,440

of products he never actually makes for

2055

01:24:05,910 --> 01:24:04,400

25 years and the second in charge of

2056

01:24:07,750 --> 01:24:05,920

that company that david wilcock

2057

01:24:09,270 --> 01:24:07,760

apparently invested a lot of money in

2058

01:24:15,110 --> 01:24:09,280

you dummy

2059

01:24:16,870 --> 01:24:15,120

a bill mckeown scam

2060

01:24:19,590 --> 01:24:16,880

bill mcewen

2061

01:24:22,390 --> 01:24:19,600

did the same thing he released graphics

2062

01:24:25,030 --> 01:24:22,400

and images of stuff and products while

2063

01:24:27,430 --> 01:24:25,040

soliciting money while taking money from

2064

01:24:28,550 --> 01:24:27,440

people for pre-orders and pre-releases

2065

01:24:32,470 --> 01:24:28,560

at times

2066

01:24:35,110 --> 01:24:32,480

and never delivered any products david

2067

01:24:38,070 --> 01:24:35,120

wilcock if you invested any money into

2068

01:24:40,070 --> 01:24:38,080

these two clowns you deserve losing

2069

01:24:41,830 --> 01:24:40,080

every penny of it

2070

01:24:43,590 --> 01:24:41,840

and i just want to say

2071

01:24:46,070 --> 01:24:43,600

you know

2072

01:24:48,709 --> 01:24:46,080

i don't wish ill will on anybody but i

2073

01:24:51,430 --> 01:24:48,719

do wish that karma

2074

01:24:54,550 --> 01:24:51,440

takes care of people and and what i will

2075

01:24:56,790 --> 01:24:54,560

say about david wilcock is that he has

2076
01:24:59,590 --> 01:24:56,800
been collecting money from people for

2077
01:25:02,229 --> 01:24:59,600
garbage information for fake

2078
01:25:04,310 --> 01:25:02,239
whistleblowers for fake government

2079
01:25:06,950 --> 01:25:04,320
insiders that weren't really government

2080
01:25:10,149 --> 01:25:06,960
insiders it's my personal belief that

2081
01:25:14,149 --> 01:25:10,159
david wilcock has been stealing money

2082
01:25:16,470 --> 01:25:14,159
from the from consumers for years now

2083
01:25:19,910 --> 01:25:16,480
for a decade

2084
01:25:23,430 --> 01:25:19,920
and has never paid for it so maybe

2085
01:25:26,470 --> 01:25:23,440
just maybe friends bill mcewen

2086
01:25:28,870 --> 01:25:26,480
and uh this christopher person scamming

2087
01:25:31,350 --> 01:25:28,880
david wilcock out of millions of dollars

2088
01:25:33,110 --> 01:25:31,360

invest in their crap company that's

2089

01:25:34,550 --> 01:25:33,120

never gonna make anything

2090

01:25:35,510 --> 01:25:34,560

is karma

2091

01:25:39,590 --> 01:25:35,520

maybe

2092

01:25:42,149 --> 01:25:39,600

because david wilcock has stolen all of

2093

01:25:44,629 --> 01:25:42,159

this money from consumers for years

2094

01:25:47,750 --> 01:25:44,639

with fake stories fake information fake

2095

01:25:50,550 --> 01:25:47,760

whistleblowers fake insiders fake ronald

2096

01:25:51,750 --> 01:25:50,560

reagan science and technology officers

2097

01:25:52,790 --> 01:25:51,760

maybe

2098

01:25:55,030 --> 01:25:52,800

him

2099

01:25:57,510 --> 01:25:55,040

investing a few million dollars into a

2100

01:26:01,350 --> 01:25:57,520

scam company run by this christopher

2101

01:26:04,149 --> 01:26:01,360

person and a known shady business person

2102

01:26:05,590 --> 01:26:04,159

in the form of bill mcewen maybe just

2103

01:26:07,189 --> 01:26:05,600

maybe friends

2104

01:26:09,189 --> 01:26:07,199

that's karma

2105

01:26:12,629 --> 01:26:09,199

and if that's the case

2106

01:26:14,229 --> 01:26:12,639

i'm happy that karma will have its way

2107

01:26:15,830 --> 01:26:14,239

all right now i'm gonna i'm sorry for

2108

01:26:17,590 --> 01:26:15,840

the long presentation we got a lot of

2109

01:26:20,790 --> 01:26:17,600

information to get through

2110

01:26:22,149 --> 01:26:20,800

and i just want to mention to everybody

2111

01:26:24,470 --> 01:26:22,159

you know i said something about

2112

01:26:26,310 --> 01:26:24,480

synchronicity here and you know what a

2113

01:26:27,990 --> 01:26:26,320

coincidence when i start looking into

2114

01:26:30,709 --> 01:26:28,000

this company that david wilcock is

2115

01:26:32,550 --> 01:26:30,719

involved in that there is bill mcewen

2116

01:26:35,030 --> 01:26:32,560

and i got to tell you ask anybody in

2117

01:26:38,709 --> 01:26:35,040

conspiracy land who bill mcewen is

2118

01:26:40,470 --> 01:26:38,719

nobody except me would have caught that

2119

01:26:43,750 --> 01:26:40,480

and i'm glad that we did because it

2120

01:26:46,229 --> 01:26:43,760

sheds so much more light on this company

2121

01:26:47,669 --> 01:26:46,239

being shady because we have a proven

2122

01:26:50,070 --> 01:26:47,679

shady guy

2123

01:26:52,870 --> 01:26:50,080

as the second in charge and what was

2124

01:26:55,990 --> 01:26:52,880

bill mcewen good at he was good at

2125

01:26:58,070 --> 01:26:56,000

getting people to invest in vaporware

2126

01:26:59,750 --> 01:26:58,080

so this christopher person

2127

01:27:02,070 --> 01:26:59,760

i believe that this christopher person

2128

01:27:05,030 --> 01:27:02,080

probably knows that he's good at getting

2129

01:27:07,590 --> 01:27:05,040

people to invest in vaporware that's why

2130

01:27:09,669 --> 01:27:07,600

he hired them maybe we don't know

2131

01:27:12,390 --> 01:27:09,679

now there's phone numbers listed on that

2132

01:27:13,669 --> 01:27:12,400

aerospace company's website so i'm going

2133

01:27:15,430 --> 01:27:13,679

to call them tomorrow and i'm going to

2134

01:27:18,070 --> 01:27:15,440

request an interview and i specifically

2135

01:27:19,830 --> 01:27:18,080

want to talk about all of bill mcewen's

2136

01:27:21,590 --> 01:27:19,840

shady business deals

2137

01:27:24,390 --> 01:27:21,600

i also want to know

2138

01:27:27,430 --> 01:27:24,400

who are their investors where are they

2139

01:27:29,750 --> 01:27:27,440

are they soliciting investor money from

2140

01:27:33,350 --> 01:27:29,760

and what are they doing with that

2141

01:27:37,189 --> 01:27:35,110

so i will devote my full and total

2142

01:27:38,950 --> 01:27:37,199

attention to the live chat i'm also

2143

01:27:40,390 --> 01:27:38,960

going to just give me a moment here i'm

2144

01:27:42,950 --> 01:27:40,400

going to start shutting everything down

2145

01:27:44,790 --> 01:27:42,960

we got way too many browsers open oh one

2146

01:27:46,470 --> 01:27:44,800

last thing to share

2147

01:27:46,860 --> 01:27:46,480

i just want to share this

2148

01:27:50,870 --> 01:27:46,870

uh

2149

01:27:50,880 --> 01:27:58,550

yeah before we end

2150

01:28:02,229 --> 01:28:00,870

oh yeah i i have another i have another

2151

01:28:04,470 --> 01:28:02,239

thing look here

2152

01:28:06,550 --> 01:28:04,480

i i will share something else from bill

2153

01:28:12,229 --> 01:28:06,560

mcewen

2154

01:28:13,910 --> 01:28:12,239

i'm going to cite fair use this is a

2155

01:28:16,950 --> 01:28:13,920

transformative work we're educating the

2156

01:28:18,870 --> 01:28:16,960

public and here he is in the year 2000

2157

01:28:21,189 --> 01:28:18,880

talking about delivering the new amiga

2158

01:28:23,669 --> 01:28:21,199

operating system which would not come

2159

01:28:24,950 --> 01:28:23,679

out until almost a decade later it was

2160

01:28:26,550 --> 01:28:24,960

the other day i was literally on the

2161

01:28:27,910 --> 01:28:26,560

plane i was working with these demos and

2162

01:28:30,310 --> 01:28:27,920

it hit me i'm just going to make a

2163

01:28:33,030 --> 01:28:30,320

notebook no he was using an emulator

2164

01:28:34,390 --> 01:28:33,040

before and i'm actually using one

2165

01:28:37,430 --> 01:28:34,400

and with two batteries i can go nine

2166

01:28:39,510 --> 01:28:37,440

hours so that's not too bad

2167

01:28:41,350 --> 01:28:39,520

the fact is that we're making the steps

2168

01:28:43,430 --> 01:28:41,360

i mean in 10 months

2169

01:28:44,390 --> 01:28:43,440

we've got we've gotten this far

2170

01:28:46,390 --> 01:28:44,400

okay

2171

01:28:48,310 --> 01:28:46,400

at the one year anniversary you'll have

2172

01:28:49,910 --> 01:28:48,320

new product shipping

2173

01:28:51,669 --> 01:28:49,920

at the one year anniversary we'll have

2174

01:28:54,149 --> 01:28:51,679

new product shipping he never shipped

2175

01:28:56,310 --> 01:28:54,159

any products at the one year anniversary

2176
01:28:59,590 --> 01:28:56,320
here he's showing some technology demos

2177
01:29:01,590 --> 01:28:59,600
of products that would never be released

2178
01:29:02,709 --> 01:29:01,600
okay well not too bad for 12 months

2179
01:29:04,390 --> 01:29:02,719
sorry

2180
01:29:05,830 --> 01:29:04,400
not from us it'll be a meter that's the

2181
01:29:07,750 --> 01:29:05,840
first one definitely not by christmas

2182
01:29:09,990 --> 01:29:07,760
time okay our stuff's a little more

2183
01:29:12,709 --> 01:29:10,000
complex than what they're doing bill

2184
01:29:14,870 --> 01:29:12,719
mckeown was also very kind of

2185
01:29:16,470 --> 01:29:14,880
kind i said conned that was a freudian

2186
01:29:19,430 --> 01:29:16,480
slip

2187
01:29:20,950 --> 01:29:19,440
he was also very fond of

2188
01:29:23,669 --> 01:29:20,960

coming up with these new business

2189

01:29:25,430 --> 01:29:23,679

partners to generate hype you know like

2190

01:29:27,270 --> 01:29:25,440

i'm partnering with blackberry and then

2191

01:29:28,870 --> 01:29:27,280

we would find out that blackberry didn't

2192

01:29:31,830 --> 01:29:28,880

know anything about what he was talking

2193

01:29:34,149 --> 01:29:31,840

about or he'd say i'm partnering with uh

2194

01:29:36,709 --> 01:29:34,159

developers at microsoft and then people

2195

01:29:38,870 --> 01:29:36,719

would like would check and then it would

2196

01:29:40,950 --> 01:29:38,880

turn out nobody from microsoft knows

2197

01:29:43,990 --> 01:29:40,960

what he's talking about and i believe

2198

01:29:45,590 --> 01:29:44,000

that he did that for hype he would say

2199

01:29:47,750 --> 01:29:45,600

i'm working with microsoft i'm working

2200

01:29:48,950 --> 01:29:47,760

with blackberry i'm working with nokia

2201

01:29:50,870 --> 01:29:48,960

and then people would think he was

2202

01:29:52,550 --> 01:29:50,880

credible and that his company was going

2203

01:29:54,390 --> 01:29:52,560

somewhere he's got all these

2204

01:29:56,149 --> 01:29:54,400

you know impressive technology partners

2205

01:29:59,270 --> 01:29:56,159

let's invest and then he would never

2206

01:30:00,550 --> 01:29:59,280

produce any products friends but tonight

2207

01:30:01,830 --> 01:30:00,560

you'll actually see some timelines and

2208

01:30:03,030 --> 01:30:01,840

some announcements on what's going on

2209

01:30:06,870 --> 01:30:03,040

there

2210

01:30:08,229 --> 01:30:06,880

so buy your dinner ticket um

2211

01:30:09,590 --> 01:30:08,239

i'm going to kind of leave it open at

2212

01:30:10,470 --> 01:30:09,600

this point

2213

01:30:11,990 --> 01:30:10,480

because i want to make sure everyone

2214

01:30:13,910 --> 01:30:12,000

understands and grasp what we're talking

2215

01:30:17,030 --> 01:30:13,920

about amiga literally will be the first

2216

01:30:18,149 --> 01:30:17,040

operating system it can be everywhere

2217

01:30:20,870 --> 01:30:18,159

there's not a product in the world that

2218

01:30:23,350 --> 01:30:20,880

can do that floppy demo

2219

01:30:24,629 --> 01:30:23,360

this i mean it works this is not you

2220

01:30:26,390 --> 01:30:24,639

know we're not now we haven't put you

2221

01:30:28,070 --> 01:30:26,400

guys in some weird hypnosis yeah he was

2222

01:30:29,510 --> 01:30:28,080

very fond of this thing called amiga

2223

01:30:31,830 --> 01:30:29,520

anywhere where he could put a floppy

2224

01:30:33,669 --> 01:30:31,840

disk into a mac computer and it would

2225

01:30:35,750 --> 01:30:33,679

run and then he could put a floppy disk

2226

01:30:37,990 --> 01:30:35,760

into a windows computer and it would run

2227

01:30:39,990 --> 01:30:38,000

i mean this is java it wasn't

2228

01:30:41,910 --> 01:30:40,000

groundbreaking technology they basically

2229

01:30:43,910 --> 01:30:41,920

copied what java did and did it a little

2230

01:30:45,510 --> 01:30:43,920

differently that's why it never took off

2231

01:30:47,830 --> 01:30:45,520

because by then everybody was already

2232

01:30:54,070 --> 01:30:47,840

using java he was years late getting

2233

01:30:57,990 --> 01:30:56,070

but the fact of the matter is is

2234

01:30:59,350 --> 01:30:58,000

what's where the community is so

2235

01:31:02,709 --> 01:30:59,360

important to us

2236

01:31:04,550 --> 01:31:02,719

is that you guys have kept it alive

2237

01:31:06,550 --> 01:31:04,560

you're supposed to say here's my

2238

01:31:11,750 --> 01:31:06,560

checkbook when you walk like that he's

2239

01:31:15,830 --> 01:31:13,910

uh okay forget the whole community thing

2240

01:31:16,950 --> 01:31:15,840

i just mentioned the chicken talk back

2241

01:31:18,790 --> 01:31:16,960

there

2242

01:31:21,270 --> 01:31:18,800

and this is at a gathering of amiga

2243

01:31:23,030 --> 01:31:21,280

computer users in the year 2000.

2244

01:31:24,149 --> 01:31:23,040

oh absolutely yeah i'm just going to

2245

01:31:26,229 --> 01:31:24,159

leave it i'm just going to open it up to

2246

01:31:28,790 --> 01:31:26,239

you guys at this point

2247

01:31:31,510 --> 01:31:28,800

leaving the indie verse

2248

01:31:32,950 --> 01:31:31,520

so the product is amiga de

2249

01:31:34,310 --> 01:31:32,960

there's all kinds of new products and

2250

01:31:36,790 --> 01:31:34,320

hardware that will be coming out the

2251

01:31:38,229 --> 01:31:36,800

door is going to take us you know it's

2252

01:31:39,270 --> 01:31:38,239

certainly not done as quickly as i would

2253

01:31:40,550 --> 01:31:39,280

have liked

2254

01:31:43,030 --> 01:31:40,560

but they are coming you're seeing some

2255

01:31:45,990 --> 01:31:43,040

of the progress that we've made so far

2256

01:31:47,830 --> 01:31:46,000

the new uh new sdk will be out begin

2257

01:31:49,590 --> 01:31:47,840

shipping on the 24th

2258

01:31:52,870 --> 01:31:49,600

yeah he charged people money for a

2259

01:31:54,950 --> 01:31:52,880

software development kit for a joke of a

2260

01:31:57,030 --> 01:31:54,960

product that barely worked

2261

01:31:59,510 --> 01:31:57,040

but he charged people money for a

2262

01:32:00,870 --> 01:31:59,520

software development kit for a product

2263

01:32:02,229 --> 01:32:00,880

that barely worked and those of you who

2264

01:32:04,149 --> 01:32:02,239

already have the linux sdk will

2265

01:32:05,590 --> 01:32:04,159

automatically be upgraded for free

2266

01:32:09,350 --> 01:32:05,600

to the new version

2267

01:32:11,990 --> 01:32:09,360

now i did make a small mistake

2268

01:32:14,390 --> 01:32:12,000

on my uh

2269

01:32:17,189 --> 01:32:14,400

document the executive update

2270

01:32:21,030 --> 01:32:17,199

the coen engine math engine criterion

2271

01:32:22,870 --> 01:32:21,040

render wear 3d are not in this update

2272

01:32:24,950 --> 01:32:22,880

they're in the next build which comes

2273

01:32:27,270 --> 01:32:24,960

out about four weeks later so i

2274

01:32:28,950 --> 01:32:27,280

apologize i thought was yeah and in this

2275

01:32:31,669 --> 01:32:28,960

in this talk he's talking about all

2276

01:32:33,830 --> 01:32:31,679

these new software products new amiga

2277

01:32:36,709 --> 01:32:33,840

hardware

2278

01:32:39,189 --> 01:32:36,719

new amiga computers none of them

2279

01:32:40,950 --> 01:32:39,199

would ever come out he never produced

2280

01:32:42,470 --> 01:32:40,960

any of the products that he hyped and

2281

01:32:44,149 --> 01:32:42,480

talked about

2282

01:32:45,669 --> 01:32:44,159

and that's why

2283

01:32:49,030 --> 01:32:45,679

you'll see friends

2284

01:32:51,990 --> 01:32:49,040

why i was blown away that david wilcock

2285

01:32:54,709 --> 01:32:52,000

is involved with this guy who i

2286

01:32:57,350 --> 01:32:54,719

personally watched promised

2287

01:32:58,390 --> 01:32:57,360

all kinds of products for years for a

2288

01:33:01,510 --> 01:32:58,400

decade

2289

01:33:04,070 --> 01:33:01,520

and he never produced any of them

2290

01:33:07,590 --> 01:33:04,080

never produced any of them

2291

01:33:11,189 --> 01:33:09,669

it was really sad in a way because you

2292

01:33:13,030 --> 01:33:11,199

know i grew up with amiga computers i

2293

01:33:15,830 --> 01:33:13,040

wanted to see a resurgence i wanted to

2294

01:33:17,590 --> 01:33:15,840

use an amiga again as my main computer

2295

01:33:20,310 --> 01:33:17,600

and even today

2296

01:33:22,229 --> 01:33:20,320

even to the people who invest at three

2297

01:33:24,709 --> 01:33:22,239

four thousand dollars in one of these

2298

01:33:26,629 --> 01:33:24,719

high-end amiga os4 computers you can't

2299

01:33:30,470 --> 01:33:26,639

really use it for your main operating

2300

01:33:34,470 --> 01:33:30,480

system i mean you can i guess but yeah

2301

01:33:36,870 --> 01:33:34,480

it no no i i don't know one person that

2302

01:33:38,709 --> 01:33:36,880

uses it for their everyday computer

2303

01:33:40,550 --> 01:33:38,719

most of the guys that i know or

2304

01:33:41,990 --> 01:33:40,560

technology or amiga enthusiasts that

2305

01:33:43,990 --> 01:33:42,000

bought that thing

2306

01:33:45,669 --> 01:33:44,000

and the operating system just use it for

2307

01:33:48,070 --> 01:33:45,679

fun you know

2308

01:33:49,270 --> 01:33:48,080

which is sad but you know it is what it

2309

01:33:51,110 --> 01:33:49,280

is

2310

01:33:53,189 --> 01:33:51,120

you know there's nothing he could do

2311

01:33:55,110 --> 01:33:53,199

when somebody that's less that he just

2312

01:33:57,669 --> 01:33:55,120

wanted to make money from the amiga name

2313

01:33:59,590 --> 01:33:57,679

it was very apparent after a while that

2314

01:34:02,470 --> 01:33:59,600

he was just after

2315

01:34:03,990 --> 01:34:02,480

an easy life and liv he like david

2316

01:34:05,189 --> 01:34:04,000

wilcock was living a millionaire's

2317

01:34:07,669 --> 01:34:05,199

lifestyle

2318

01:34:10,229 --> 01:34:07,679

acting like he was steve jobs but you

2319

01:34:11,590 --> 01:34:10,239

know he never actually produced any kind

2320

01:34:13,430 --> 01:34:11,600

of a computer

2321

01:34:15,350 --> 01:34:13,440

and one final thing to share which is

2322

01:34:17,350 --> 01:34:15,360

this is the

2323

01:34:19,669 --> 01:34:17,360

facility

2324

01:34:21,270 --> 01:34:19,679

uh david wilcock and his buddy just

2325

01:34:22,709 --> 01:34:21,280

bought uh

2326

01:34:24,310 --> 01:34:22,719

i don't know one of them's got to be the

2327

01:34:26,790 --> 01:34:24,320

hanger you know there's a bunch of

2328

01:34:28,390 --> 01:34:26,800

different buildings here

2329

01:34:30,709 --> 01:34:28,400

um

2330

01:34:31,510 --> 01:34:30,719

this is what david wilcock was showing

2331

01:34:33,350 --> 01:34:31,520

off

2332

01:34:35,430 --> 01:34:33,360

look at that that's weird

2333

01:34:37,430 --> 01:34:35,440

anyway uh

2334

01:34:40,310 --> 01:34:37,440

that's where they spent millions of

2335

01:34:42,470 --> 01:34:40,320

dollars or 1.2 million dollars

2336

01:34:43,430 --> 01:34:42,480

and so far have not produced a single

2337

01:34:45,350 --> 01:34:43,440

product

2338

01:34:47,270 --> 01:34:45,360

and i gotta just say that with a guy

2339

01:34:49,109 --> 01:34:47,280

like bill mcewen as their chief

2340

01:34:51,910 --> 01:34:49,119

operating officer

2341

01:34:53,590 --> 01:34:51,920

i am suspicious that they ever will

2342

01:34:56,149 --> 01:34:53,600

produce a product we've got a chief

2343

01:34:59,189 --> 01:34:56,159

operating officer who has a proven track

2344

01:35:02,070 --> 01:34:59,199

record of vaporware of promising

2345

01:35:04,390 --> 01:35:02,080

products taking investors money and

2346

01:35:07,910 --> 01:35:04,400

never delivering the actual products

2347

01:35:10,550 --> 01:35:07,920

that they promise to develop and produce

2348

01:35:12,790 --> 01:35:10,560

that's very problematic and uh you know

2349

01:35:15,990 --> 01:35:12,800

i know david wilcock watches all of my

2350

01:35:17,669 --> 01:35:16,000

streams and i know that i'm not boasting

2351

01:35:19,510 --> 01:35:17,679

uh you know he does

2352

01:35:21,430 --> 01:35:19,520

uh i've i've gotten it from several

2353

01:35:23,189 --> 01:35:21,440

people that he thinks are his friends

2354

01:35:25,189 --> 01:35:23,199

you know those

2355

01:35:27,350 --> 01:35:25,199

david wilcock

2356

01:35:29,990 --> 01:35:27,360

he he has a lot of what i would call

2357

01:35:32,070 --> 01:35:30,000

frenemies right people he thinks are his

2358

01:35:34,310 --> 01:35:32,080

friends but they make fun of him behind

2359

01:35:36,950 --> 01:35:34,320

his back they call me and tell me things

2360

01:35:40,229 --> 01:35:36,960

personal things about him his wife his

2361

01:35:41,189 --> 01:35:40,239

his uh you know claims what he's working

2362

01:35:44,390 --> 01:35:41,199

on

2363

01:35:46,709 --> 01:35:44,400

and insider stuff so see i have some

2364

01:35:48,550 --> 01:35:46,719

david wilcock insiders and he doesn't

2365

01:35:49,990 --> 01:35:48,560

know that right

2366

01:35:51,430 --> 01:35:50,000

i guess he should be careful who his

2367

01:35:52,149 --> 01:35:51,440

friends are

2368

01:35:53,830 --> 01:35:52,159

but

2369

01:35:56,390 --> 01:35:53,840

i've been told by several of those

2370

01:35:58,310 --> 01:35:56,400

people that i consider sources on david

2371

01:36:00,470 --> 01:35:58,320

wilcock and the ridiculous

2372

01:36:03,270 --> 01:36:00,480

uh fairy tale land that david wilcock

2373

01:36:05,350 --> 01:36:03,280

lives in that he does watch all my shows

2374

01:36:07,510 --> 01:36:05,360

and uh you know if he's watching right

2375

01:36:09,990 --> 01:36:07,520

now what i want to tell him is get a

2376

01:36:12,629 --> 01:36:10,000

lawyer try to get your money back right

2377

01:36:14,070 --> 01:36:12,639

now david wilcock because you just

2378

01:36:16,790 --> 01:36:14,080

handed

2379

01:36:19,510 --> 01:36:16,800

a lot of money apparently 15 stake in

2380

01:36:20,390 --> 01:36:19,520

ownership of an aerospace company over

2381

01:36:22,870 --> 01:36:20,400

to

2382

01:36:24,790 --> 01:36:22,880

a guy who for 25 years hasn't produced a

2383

01:36:26,950 --> 01:36:24,800

product and he has a chief operating

2384

01:36:30,390 --> 01:36:26,960

officer who for 10 years promised all

2385

01:36:32,550 --> 01:36:30,400

these products solicited investors money

2386

01:36:34,870 --> 01:36:32,560

literally stole money from the amiga

2387

01:36:36,629 --> 01:36:34,880

community for shirts and things and

2388

01:36:38,470 --> 01:36:36,639

stickers and all kinds of things he

2389

01:36:40,709 --> 01:36:38,480

never delivered

2390

01:36:43,270 --> 01:36:40,719

it's kind of the perfect

2391

01:36:45,270 --> 01:36:43,280

the perfect partner for somebody like

2392

01:36:47,750 --> 01:36:45,280

david wilcock these

2393

01:36:49,990 --> 01:36:47,760

this gentleman who run who started this

2394

01:36:51,910 --> 01:36:50,000

company in 1996

2395

01:36:53,750 --> 01:36:51,920

this christopher person and by the way

2396

01:36:56,070 --> 01:36:53,760

david wilcock did slip and say

2397

01:36:58,070 --> 01:36:56,080

christopher instead of ben several times

2398

01:37:01,590 --> 01:36:58,080

during his live streams

2399

01:37:03,910 --> 01:37:01,600

so we know that this is the insider

2400

01:37:07,030 --> 01:37:03,920

uh so david wilcock apparently handed

2401
01:37:08,870 --> 01:37:07,040
over a ton of money to these two clowns

2402
01:37:10,950 --> 01:37:08,880
running a vaporware company that are

2403
01:37:14,070 --> 01:37:10,960
never gonna produce anything david

2404
01:37:16,629 --> 01:37:14,080
wilcock it's an investment scam or very

2405
01:37:18,229 --> 01:37:16,639
well maybe let's put it that way i

2406
01:37:21,030 --> 01:37:18,239
believe that this very well may be an

2407
01:37:23,109 --> 01:37:21,040
investment scam after all it's a company

2408
01:37:25,510 --> 01:37:23,119
that is supposed to produce airplanes

2409
01:37:27,990 --> 01:37:25,520
but for 25 years now has not produced a

2410
01:37:29,830 --> 01:37:28,000
single airplane has made all kinds of

2411
01:37:31,990 --> 01:37:29,840
pie in the sky promises about all these

2412
01:37:34,149 --> 01:37:32,000
incredible projects they're working on

2413
01:37:36,550 --> 01:37:34,159

but nobody can ever see the projects or

2414

01:37:39,430 --> 01:37:36,560

the products come to completion

2415

01:37:41,830 --> 01:37:39,440

and david wilcock is the dummy out there

2416

01:37:43,830 --> 01:37:41,840

telling people that him in this company

2417

01:37:47,350 --> 01:37:43,840

that's never produced an airplane they

2418

01:37:49,350 --> 01:37:47,360

haven't produced an airplane in 25 years

2419

01:37:52,310 --> 01:37:49,360

is suddenly going to produce a working

2420

01:37:55,910 --> 01:37:52,320

hovercar prototype in one year sure they

2421

01:37:59,990 --> 01:37:55,920

are david walcott sure they are

2422

01:38:02,070 --> 01:38:00,000

01:38:20,629 --> 01:38:18,239

and we are going to

2433

01:38:23,109 --> 01:38:20,639

01:38:27,669 --> 01:38:25,440

continued support with the kind and

2466

01:39:36,390 --> 01:39:34,080

generous two dollar super chat and

2467

01:39:38,310 --> 01:39:36,400

wendell says fade to black gives a lot

2468

01:39:40,870 --> 01:39:38,320

of air to these people

2469

01:39:41,750 --> 01:39:40,880

yeah they do and uh all they're doing

2470

01:39:45,669 --> 01:39:41,760

all

2471

01:39:48,550 --> 01:39:45,679

doing is helping these people find more

2472

01:39:49,910 --> 01:39:48,560

victims when they get platformed that's

2473

01:39:50,870 --> 01:39:49,920

my opinion

2474

01:39:52,149 --> 01:39:50,880

um

2475

01:39:55,270 --> 01:39:52,159

yeah

2476

01:39:58,229 --> 01:39:55,280

now i know uh that people enjoy when i

2477

01:40:00,229 --> 01:39:58,239

uh rip into mr church but

2478

01:40:01,910 --> 01:40:00,239

given you know i had a lot of time to

2479

01:40:03,990 --> 01:40:01,920

think while i was chopping wood at the

2480

01:40:06,709 --> 01:40:04,000

cabin believe it or not yeah i got to do

2481

01:40:09,270 --> 01:40:06,719

that for 12 hours on some days

2482

01:40:11,510 --> 01:40:09,280

i am trying to um

2483

01:40:13,590 --> 01:40:11,520

you know build up enough firewood supply

2484

01:40:15,270 --> 01:40:13,600

for the winter i'm a little behind but

2485

01:40:16,790 --> 01:40:15,280

it gives you a lot of time to think and

2486

01:40:17,750 --> 01:40:16,800

and the more i think about it the more i

2487

01:40:20,470 --> 01:40:17,760

think

2488

01:40:24,149 --> 01:40:22,629

i can't control what other people do on

2489

01:40:26,550 --> 01:40:24,159

their show i can only control what i do

2490

01:40:29,990 --> 01:40:26,560

on mine so i'd prefer to focus on just

2491

01:40:33,109 --> 01:40:30,000

doing a good quality show tonight we had

2492

01:40:36,070 --> 01:40:33,119

a great show with exclusive information

2493

01:40:38,149 --> 01:40:36,080

that no one else could bring you on this

2494

01:40:40,070 --> 01:40:38,159

david wilcock hover car story and i'm

2495

01:40:42,870 --> 01:40:40,080

glad that we could do it

2496

01:40:44,070 --> 01:40:42,880

uh now i'll give my time and attention

2497

01:40:46,310 --> 01:40:44,080

uh

2498

01:40:48,310 --> 01:40:46,320

to the live chat

2499

01:40:50,390 --> 01:40:48,320

rebecca turner says this was a good show

2500

01:40:52,550 --> 01:40:50,400

i always wondered what happened to amiga

2501

01:40:54,149 --> 01:40:52,560

i've heard about os4 but then nothing i

2502

01:40:56,790 --> 01:40:54,159

got out of computers kind of well i

2503

01:40:59,750 --> 01:40:56,800

couldn't keep up with everything anymore

2504

01:41:01,590 --> 01:40:59,760

yeah i followed it loosely and

2505

01:41:03,430 --> 01:41:01,600

you know

2506

01:41:04,950 --> 01:41:03,440

here's the thing about amiga computers

2507

01:41:06,709 --> 01:41:04,960

that people don't realize they were

2508

01:41:09,109 --> 01:41:06,719

really marketed

2509

01:41:10,709 --> 01:41:09,119

in some ways towards creative and

2510

01:41:12,550 --> 01:41:10,719

artistic people

2511

01:41:15,109 --> 01:41:12,560

and i gotta tell you

2512

01:41:18,629 --> 01:41:15,119

um the first time i saw one i fell in

2513

01:41:20,790 --> 01:41:18,639

love rebecca turner i mean i absolutely

2514

01:41:23,430 --> 01:41:20,800

fell in love uh

2515

01:41:26,149 --> 01:41:23,440

and what happened is

2516

01:41:28,550 --> 01:41:26,159

i i watched a demo of

2517

01:41:31,590 --> 01:41:28,560

somebody who was running

2518

01:41:33,990 --> 01:41:31,600

eight phone lines in a bbs they had

2519

01:41:35,270 --> 01:41:34,000

eight people in their bbs in the chat

2520

01:41:36,310 --> 01:41:35,280

room chatting

2521

01:41:39,189 --> 01:41:36,320

and then

2522

01:41:41,910 --> 01:41:39,199

they played golden axe on the amiga

2523

01:41:43,430 --> 01:41:41,920

they opened a separate screen and played

2524

01:41:45,830 --> 01:41:43,440

golden axe

2525

01:41:47,830 --> 01:41:45,840

while there was eight people chatting on

2526

01:41:51,350 --> 01:41:47,840

their bbs

2527

01:41:53,910 --> 01:41:51,360

i was so blown away because at the time

2528

01:41:56,390 --> 01:41:53,920

uh you know everything was dos and

2529

01:41:59,350 --> 01:41:56,400

nothing multitasked like that

2530

01:42:02,870 --> 01:41:59,360

and uh i went out to earn extra money i

2531

01:42:06,870 --> 01:42:02,880

was 14 years old when i got my first one

2532

01:42:09,669 --> 01:42:06,880

and i got a secondhand amiga 1000 but

2533

01:42:12,229 --> 01:42:09,679

that amiga 1000 started my music career

2534

01:42:14,870 --> 01:42:12,239

because i was able to learn sampling on

2535

01:42:17,669 --> 01:42:14,880

that amiga computer they were amazing

2536

01:42:19,830 --> 01:42:17,679

computers i fell in love it had millions

2537

01:42:23,350 --> 01:42:19,840

of you know i don't know something like

2538

01:42:25,510 --> 01:42:23,360

16 million colors when you know pcs had

2539

01:42:28,629 --> 01:42:25,520

like 16 colors and you're like wait a

2540

01:42:30,070 --> 01:42:28,639

minute amigos have 16 million or 64

2541

01:42:32,310 --> 01:42:30,080

million i think

2542

01:42:33,430 --> 01:42:32,320

it was just i was so blown away by this

2543

01:42:35,990 --> 01:42:33,440

computer

2544

01:42:37,590 --> 01:42:36,000

i i told my dad like i got to get this

2545

01:42:39,030 --> 01:42:37,600

computer and he's like you got four

2546

01:42:41,590 --> 01:42:39,040

computers but yeah i had like a

2547

01:42:43,109 --> 01:42:41,600

commodore 64 and i had i was real big on

2548

01:42:44,470 --> 01:42:43,119

radio shack color computers because they

2549

01:42:45,910 --> 01:42:44,480

were cheap and a lot of people were

2550

01:42:47,430 --> 01:42:45,920

getting rid of them at the time so i

2551
01:42:48,629 --> 01:42:47,440
would get them cheap

2552
01:42:49,669 --> 01:42:48,639
and um

2553
01:42:52,709 --> 01:42:49,679
but

2554
01:42:54,149 --> 01:42:52,719
and i had a crappy like a 286 pc at the

2555
01:42:56,310 --> 01:42:54,159
time you know

2556
01:42:59,270 --> 01:42:56,320
uh like one step up from the original

2557
01:43:01,430 --> 01:42:59,280
ibm pc i think it was 10 megahertz and

2558
01:43:03,830 --> 01:43:01,440
it had one mega ram

2559
01:43:05,910 --> 01:43:03,840
but anyway i got a second hand amiga and

2560
01:43:07,990 --> 01:43:05,920
i started sampling and you can ask

2561
01:43:11,030 --> 01:43:08,000
people who know me from those times i

2562
01:43:14,550 --> 01:43:11,040
had boxes and boxes and boxes of floppy

2563
01:43:15,510 --> 01:43:14,560

disks full of audio samples full of drum

2564

01:43:17,910 --> 01:43:15,520

beats

2565

01:43:20,229 --> 01:43:17,920

drum loops and at the time you had to

2566

01:43:21,910 --> 01:43:20,239

put the samples in load them into ram

2567

01:43:24,470 --> 01:43:21,920

and then take the disc out and put the

2568

01:43:26,229 --> 01:43:24,480

next sample disc in it was a nightmare

2569

01:43:28,950 --> 01:43:26,239

but my first

2570

01:43:30,950 --> 01:43:28,960

digitally recorded music

2571

01:43:33,189 --> 01:43:30,960

i was able to produce on this commodore

2572

01:43:35,270 --> 01:43:33,199

amiga that i bought second hand and then

2573

01:43:37,430 --> 01:43:35,280

i would upload the songs

2574

01:43:41,189 --> 01:43:37,440

uh to the predecessor of the internet

2575

01:43:44,709 --> 01:43:41,199

which was usenet and phytonet and bbs's

2576

01:43:46,709 --> 01:43:44,719

and i got a great degree of uh

2577

01:43:50,390 --> 01:43:46,719

well not a great but i got some degree

2578

01:43:53,350 --> 01:43:50,400

of infamy and fame among computer nerds

2579

01:43:55,669 --> 01:43:53,360

for my uh music tracks

2580

01:43:57,750 --> 01:43:55,679

uh which you know

2581

01:43:59,910 --> 01:43:57,760

if i look back on them now i i if i

2582

01:44:02,629 --> 01:43:59,920

listen to them now i i think fondly

2583

01:44:03,750 --> 01:44:02,639

about making them but they were terrible

2584

01:44:05,910 --> 01:44:03,760

eight bit

2585

01:44:07,109 --> 01:44:05,920

four channels that's all we had is four

2586

01:44:08,470 --> 01:44:07,119

channels

2587

01:44:17,030 --> 01:44:08,480

8-bit

2588

01:44:21,030 --> 01:44:18,790

yeah rebecca turner says they were

2589

01:44:22,950 --> 01:44:21,040

stephen my dad had the 500 he loved it

2590

01:44:24,629 --> 01:44:22,960

he wrote articles for computer magazines

2591

01:44:26,390 --> 01:44:24,639

and built his own computers he knew bill

2592

01:44:28,950 --> 01:44:26,400

gates before microsoft well that's

2593

01:44:30,709 --> 01:44:28,960

interesting thanks for chiming in so any

2594

01:44:33,590 --> 01:44:30,719

comments or questions for me please put

2595

01:44:36,629 --> 01:44:33,600

them in all caps oh and tony mccler

2596

01:44:38,629 --> 01:44:36,639

third time with another 5.5 pound super

2597

01:44:41,590 --> 01:44:38,639

chat very generous of you says third

2598

01:44:43,669 --> 01:44:41,600

time lucky stephen hi stephen quite new

2599

01:44:45,990 --> 01:44:43,679

and loving your style i'm glad to see

2600

01:44:48,310 --> 01:44:46,000

you here i'm glad i'm always glad to see

2601
01:44:49,910 --> 01:44:48,320
new people in the live chat tonight we

2602
01:44:52,229 --> 01:44:49,920
had an amazing attendance i think

2603
01:44:54,310 --> 01:44:52,239
there's like 115 in the live chat which

2604
01:44:58,229 --> 01:44:54,320
is maybe a record for us

2605
01:45:00,629 --> 01:44:58,239
and i'm glad for you feeling so uh

2606
01:45:02,950 --> 01:45:00,639
generous about liking the show that you

2607
01:45:04,790 --> 01:45:02,960
would contribute that much thank you for

2608
01:45:07,030 --> 01:45:04,800
your kindness your generosity and your

2609
01:45:08,950 --> 01:45:07,040
support and thanks to all the super

2610
01:45:11,270 --> 01:45:08,960
chatters tonight for

2611
01:45:13,030 --> 01:45:11,280
uh helping us with the show i also do

2612
01:45:14,709 --> 01:45:13,040
want to mention that i

2613
01:45:16,709 --> 01:45:14,719

shared a song

2614

01:45:18,070 --> 01:45:16,719

on my patreon so there's a few ways you

2615

01:45:19,590 --> 01:45:18,080

could support me you could there's a

2616

01:45:21,109 --> 01:45:19,600

money button down there hit the money

2617

01:45:22,950 --> 01:45:21,119

button you can send any amount of money

2618

01:45:24,790 --> 01:45:22,960

that you want that supports the show

2619

01:45:26,229 --> 01:45:24,800

sign up for a patreon for as little as a

2620

01:45:28,470 --> 01:45:26,239

dollar a month

2621

01:45:29,990 --> 01:45:28,480

but we have it open on patreon it could

2622

01:45:31,270 --> 01:45:30,000

be a dollar or you give me a hundred

2623

01:45:33,830 --> 01:45:31,280

dollars a month whatever you think the

2624

01:45:36,870 --> 01:45:33,840

patreon benefits are worth

2625

01:45:39,350 --> 01:45:36,880

we'll take it uh and we do a backstage

2626

01:45:41,750 --> 01:45:39,360

view i post some songs every month on

2627

01:45:44,229 --> 01:45:41,760

patreon we try to give some backstage

2628

01:45:45,990 --> 01:45:44,239

content about what's going on i'm going

2629

01:45:48,310 --> 01:45:46,000

to be doing a new test of the

2630

01:45:50,550 --> 01:45:48,320

multi-camera setup here either tomorrow

2631

01:45:52,870 --> 01:45:50,560

the next day and posting it to patreon

2632

01:45:55,189 --> 01:45:52,880

the third way is you can send a paypal

2633

01:45:57,350 --> 01:45:55,199

donation and

2634

01:46:00,390 --> 01:45:57,360

i also want to mention that somebody

2635

01:46:02,149 --> 01:46:00,400

sent me a very kind and generous 100

2636

01:46:04,550 --> 01:46:02,159

paypal donation

2637

01:46:07,109 --> 01:46:04,560

um that has a blog that they would like

2638

01:46:10,149 --> 01:46:07,119

me to cover and i looked into the blog

2639

01:46:15,669 --> 01:46:10,159

and it covers ufos and aliens uh so they

2640

01:46:20,070 --> 01:46:18,229

a kind and generous

2641

01:46:22,470 --> 01:46:20,080

donation and we also have someone with

2642

01:46:25,109 --> 01:46:22,480

the initials a-l on october 15th with a

2643

01:46:27,270 --> 01:46:25,119

kind and generous 20 donation

2644

01:46:29,270 --> 01:46:27,280

i want to thank you very very much for

2645

01:46:31,350 --> 01:46:29,280

that very very kind

2646

01:46:33,669 --> 01:46:31,360

of you to do that

2647

01:46:38,629 --> 01:46:33,679

one second and

2648

01:46:47,430 --> 01:46:41,830

let me see let me read his

2649

01:46:50,550 --> 01:46:48,470

okay

2650

01:46:52,310 --> 01:46:50,560

uh db with a kind of generous paypal

2651
01:46:53,590 --> 01:46:52,320
donation of 10 by the way there's links

2652
01:46:55,270 --> 01:46:53,600
in the description if you would prefer

2653
01:46:56,709 --> 01:46:55,280
to send a paypal donation and that's

2654
01:46:58,870 --> 01:46:56,719
actually better especially for sending a

2655
01:47:00,629 --> 01:46:58,880
large amount because youtube takes 30

2656
01:47:02,390 --> 01:47:00,639
percent of the super chats but paypal

2657
01:47:04,790 --> 01:47:02,400
takes very little so if you send me a

2658
01:47:06,709 --> 01:47:04,800
large amount please follow the paypal

2659
01:47:09,750 --> 01:47:06,719
donate links

2660
01:47:11,189 --> 01:47:09,760
both in the about section or in uh in

2661
01:47:14,390 --> 01:47:11,199
our channel

2662
01:47:16,070 --> 01:47:14,400
about you'll find donate by paypal links

2663
01:47:18,550 --> 01:47:16,080

so db

2664

01:47:21,510 --> 01:47:18,560

david barton says hey steve some

2665

01:47:23,350 --> 01:47:21,520

chips from david b gotta gotta say i

2666

01:47:25,750 --> 01:47:23,360

felt and still feel sorry for lauren

2667

01:47:27,510 --> 01:47:25,760

pritchard not much for sarah you will

2668

01:47:29,030 --> 01:47:27,520

literally never run out of material on

2669

01:47:30,709 --> 01:47:29,040

that front

2670

01:47:31,910 --> 01:47:30,719

he asks have you considered a bigfoot

2671

01:47:33,669 --> 01:47:31,920

show funny you should mention that

2672

01:47:36,229 --> 01:47:33,679

because cw chainer just had eric the

2673

01:47:38,950 --> 01:47:36,239

awakening man who i want to mention you

2674

01:47:40,310 --> 01:47:38,960

know i like that guy and i liked c.w

2675

01:47:41,750 --> 01:47:40,320

chandler's interview with eric the

2676

01:47:44,790 --> 01:47:41,760

awakening man you should go check it out

2677

01:47:46,550 --> 01:47:44,800

on his channel i we got an argument over

2678

01:47:47,830 --> 01:47:46,560

something like a year ago and i always

2679

01:47:50,790 --> 01:47:47,840

liked that guy

2680

01:47:52,550 --> 01:47:50,800

and i don't remember but i think it was

2681

01:47:54,310 --> 01:47:52,560

uh it had something to do with him

2682

01:47:55,189 --> 01:47:54,320

complaining about a guest that he didn't

2683

01:48:00,149 --> 01:47:55,199

like

2684

01:48:02,070 --> 01:48:00,159

watched all my shows comments on all my

2685

01:48:04,310 --> 01:48:02,080

shows and he always complained he was

2686

01:48:05,830 --> 01:48:04,320

complaining a lot and i said something

2687

01:48:07,669 --> 01:48:05,840

like you don't you know if you want to

2688

01:48:09,350 --> 01:48:07,679

get better guests then donate and i'll

2689

01:48:10,790 --> 01:48:09,360

hire somebody to get better guests that

2690

01:48:12,550 --> 01:48:10,800

you'll like better something like that i

2691

01:48:14,390 --> 01:48:12,560

don't know and then he said some other

2692

01:48:16,550 --> 01:48:14,400

stuff you know we just had this back and

2693

01:48:19,189 --> 01:48:16,560

forth so but it was petty i unblocked

2694

01:48:21,669 --> 01:48:19,199

him on twitter i want him to unblock me

2695

01:48:23,830 --> 01:48:21,679

so that i can contact him because

2696

01:48:25,430 --> 01:48:23,840

stan gordon is a bigfoot researcher and

2697

01:48:26,790 --> 01:48:25,440

he's coming on the show next month and

2698

01:48:29,510 --> 01:48:26,800

he's a bigfoot researcher in

2699

01:48:31,350 --> 01:48:29,520

pennsylvania and stan gordon has told me

2700

01:48:33,669 --> 01:48:31,360

that he could give me a map of all the

2701

01:48:36,070 --> 01:48:33,679

bigfoot sightings in pennsylvania and

2702

01:48:39,109 --> 01:48:36,080

some of them are near my cabin so i had

2703

01:48:40,550 --> 01:48:39,119

this great idea because cw channel and

2704

01:48:43,350 --> 01:48:40,560

eric the awakening man were talking

2705

01:48:46,310 --> 01:48:43,360

about going squatching so what i say is

2706

01:48:48,390 --> 01:48:46,320

that i will invite cw channeler and eric

2707

01:48:51,350 --> 01:48:48,400

the awakening man to the cabin and we'll

2708

01:48:53,830 --> 01:48:51,360

get this map from stan gordon and then

2709

01:48:55,669 --> 01:48:53,840

we are gonna um

2710

01:48:57,109 --> 01:48:55,679

go look up for bigfoot right i thought

2711

01:48:58,870 --> 01:48:57,119

that would be fun and we could film some

2712

01:49:00,390 --> 01:48:58,880

of it we could stream from the cabin if

2713

01:49:02,870 --> 01:49:00,400

we find anything we could show the

2714

01:49:04,709 --> 01:49:02,880

videos i thought it would be fun

2715

01:49:06,310 --> 01:49:04,719

so db david barton says have you

2716

01:49:08,390 --> 01:49:06,320

considered a bigfoot show jimmy church

2717

01:49:10,229 --> 01:49:08,400

has recently had doctor

2718

01:49:12,550 --> 01:49:10,239

all the best ones or doctors right

2719

01:49:14,709 --> 01:49:12,560

matthew johnson on trying to flog a book

2720

01:49:16,950 --> 01:49:14,719

on the subject of doctors any update on

2721

01:49:18,870 --> 01:49:16,960

dr stephen greed's

2722

01:49:21,109 --> 01:49:18,880

false tear

2723

01:49:23,030 --> 01:49:21,119

i mean false flag invasion

2724

01:49:25,109 --> 01:49:23,040

once a book some annual leave at work

2725

01:49:28,550 --> 01:49:25,119

but i don't want it to clash no i have

2726

01:49:30,390 --> 01:49:28,560

no idea mr barton uh anything about

2727

01:49:33,350 --> 01:49:30,400

stephen greed's

2728

01:49:34,550 --> 01:49:33,360

fake alien invasion that never happened

2729

01:49:36,310 --> 01:49:34,560

um

2730

01:49:37,830 --> 01:49:36,320

and i want to thank they know who they

2731

01:49:40,149 --> 01:49:37,840

are the kind and generous person who

2732

01:49:43,510 --> 01:49:40,159

donated a hundred dollars by paypal how

2733

01:49:46,229 --> 01:49:43,520

very incredibly uh generous of them

2734

01:49:49,350 --> 01:49:46,239

and uh they did ask for a favor though

2735

01:49:50,950 --> 01:49:49,360

they want me to cover some of their blog

2736

01:49:52,950 --> 01:49:50,960

but having checked into the block it's

2737

01:49:54,870 --> 01:49:52,960

all about aliens and ufos and it takes a

2738

01:49:56,310 --> 01:49:54,880

very critical look at things like

2739

01:49:58,709 --> 01:49:56,320

ancient aliens so we're going to be

2740

01:49:59,669 --> 01:49:58,719

covering that this coming week

2741

01:50:02,390 --> 01:49:59,679

we're going to

2742

01:50:03,910 --> 01:50:02,400

read portions of their blog hey if they

2743

01:50:05,910 --> 01:50:03,920

want to help me with a hundred dollars i

2744

01:50:07,910 --> 01:50:05,920

want to help them to publicize their

2745

01:50:11,270 --> 01:50:07,920

blog and their work

2746

01:50:12,950 --> 01:50:11,280

so i would be happy to do that

2747

01:50:14,390 --> 01:50:12,960

one second let's get back to our live

2748

01:50:15,510 --> 01:50:14,400

chat here

2749

01:50:17,109 --> 01:50:15,520

okay

2750

01:50:19,270 --> 01:50:17,119

yeah

2751

pennsylvania ufo bigfoot casebook and

2753
01:50:27,109 --> 01:50:23,840

lee guy says

2761
01:50:46,390 --> 01:50:44,080

2762
01:50:51,830 --> 01:50:46,400

2763
01:50:55,189 --> 01:50:53,510

showing where all the bigfoots are being

2771

01:51:11,669 --> 01:51:10,159

seen around the cabin and we're gonna go

2772

01:51:12,950 --> 01:51:11,679

to those places and we're gonna look for

2773

01:51:15,189 --> 01:51:12,960

some bigfoots

2774

01:51:16,790 --> 01:51:15,199

and uh the internet is decent enough at

2775

01:51:18,550 --> 01:51:16,800

the cabin that we could do live stream

him about that

2813

01:53:07,430 --> 01:53:05,119

i've unblocked him though and and you

2814

01:53:09,430 --> 01:53:07,440

know it's so funny like

2815

01:53:10,870 --> 01:53:09,440

i guess time really does heal all wounds

2816

01:53:13,109 --> 01:53:10,880

because i gotta tell you

2817

01:53:16,629 --> 01:53:13,119

i was pissed at that guy i don't ever

2818

01:53:18,629 --> 01:53:16,639

block people unless i really feel like i

2819

01:53:20,310 --> 01:53:18,639

have to and i i can't remember but i

2820

01:53:22,149 --> 01:53:20,320

think he just kept coming at me over a

2821

01:53:23,750 --> 01:53:22,159

guest he didn't like and saying you're

2822

01:53:26,149 --> 01:53:23,760

no better than the people you criticized

2823

01:53:28,950 --> 01:53:26,159

because you had this guest and voila you

2824

01:53:33,750 --> 01:53:30,870

c.w chandler says don't mention pizza

2825

01:53:35,750 --> 01:53:33,760

lauren may be watching uh sierra trainer

2826

01:53:37,830 --> 01:53:35,760

i've been so busy but i don't think she

2827

01:53:40,390 --> 01:53:37,840

made a video calling me what she called

2828

01:53:42,790 --> 01:53:40,400

you yet which i

2829

01:53:43,589 --> 01:53:42,800

i'm not unhappy about that but i'm kind

2830

01:53:45,350 --> 01:53:43,599

of

2831

01:53:47,750 --> 01:53:45,360

surprised i thought that she was going

2832

01:53:49,350 --> 01:53:47,760

to come after me like scorched earth

2833

01:53:51,430 --> 01:53:49,360

right i thought that she was really

2834

01:53:59,270 --> 01:53:51,440

going to go after me let me check in if

2835

01:54:06,629 --> 01:54:01,990

oh she does have a few new videos

2836

01:54:10,950 --> 01:54:08,629

oh i gotta watch these later's here's the

2837

01:54:12,550 --> 01:54:10,960

titles child trafficking you were busy

2838

01:54:18,470 --> 01:54:12,560

robbing people while i was actually

2839

01:54:22,870 --> 01:54:20,229

look at everything i've done for these

2840

01:54:24,390 --> 01:54:22,880

kids child trafficking child trafficking

2841

01:54:26,070 --> 01:54:24,400

look what i have done for these kids

2842

01:54:27,589 --> 01:54:26,080

maybe that's in response to me saying

2843

01:54:28,950 --> 01:54:27,599

that she's not doing anything for kids

2844

01:54:31,350 --> 01:54:28,960

she's just collecting money and saying

2845

01:54:32,950 --> 01:54:31,360

she is but okay

2846

01:54:34,470 --> 01:54:32,960

cody pendant is here and says she still

2847

01:54:37,030 --> 01:54:34,480

wants to come on your show because you

2848

01:54:39,270 --> 01:54:37,040

haven't said anything bad about her

2849

01:54:40,950 --> 01:54:39,280

i i said that she's collecting money and

2850

01:54:42,870 --> 01:54:40,960

she uh

2851

01:54:45,430 --> 01:54:42,880

you know

2852

01:54:47,189 --> 01:54:45,440

okay yeah no but she did mention you on

2853

01:54:50,310 --> 01:54:47,199

a stream today she made like four today

2854

01:54:51,589 --> 01:54:50,320

oh great i guess i got some homework so

2855

01:54:53,750 --> 01:54:51,599

uh

2856

01:54:55,830 --> 01:54:53,760

i gotta plan to see every trainer if we

2857

01:54:58,149 --> 01:54:55,840

don't find bigfoot right we're just

2858

01:55:00,310 --> 01:54:58,159

gonna take pictures of you like peeking

2859

01:55:02,470 --> 01:55:00,320

behind a tree with your beard and

2860

01:55:04,790 --> 01:55:02,480

everything from a distance we're like

2861

01:55:06,629 --> 01:55:04,800

that sasquatch's face

2862

01:55:08,390 --> 01:55:06,639

by our new book

2863

01:55:09,669 --> 01:55:08,400

it's got exclusive new pictures of

2864

01:55:13,030 --> 01:55:09,679

sasquatch and it's just going to be

2865

01:55:15,990 --> 01:55:13,040

pictures of cw channel from a distance

2866

01:55:17,990 --> 01:55:16,000

i think this is a good plan

2867

01:55:20,629 --> 01:55:18,000

tony mclear says she's a goddamn whack

2868

01:55:22,149 --> 01:55:20,639

job can't say that i disagree can't say

2869

01:55:24,709 --> 01:55:22,159

that i disagree

2870

01:55:27,030 --> 01:55:24,719

uh yeah and six's design six sentences

2871

01:55:29,750 --> 01:55:27,040

2872

01:55:31,910 --> 01:55:29,760

subscribe yeah listen i know that it's a

2873

01:55:33,510 --> 01:55:31,920

tough it's a tough economy out there i

2874

01:55:35,350 --> 01:55:33,520

am fully aware of that

2875

01:55:37,589 --> 01:55:35,360

and i always joke about this that's why

2876

01:55:39,189 --> 01:55:37,599

i'm out there uh i know it's a tough

2877

01:55:40,950 --> 01:55:39,199

economy i know it's roughly out there

2878

01:55:42,629 --> 01:55:40,960

that's why i'm out here begging on the

2879

01:55:44,950 --> 01:55:42,639

2880

01:55:46,950 --> 01:55:44,960

2912
01:56:48,790 --> 01:56:45,920
tell you

2913
01:56:50,870 --> 01:56:48,800

after a covered uh exposure scare

2914

01:56:52,550 --> 01:56:50,880

and apparently one of my children tested

2915

01:56:54,229 --> 01:56:52,560

positive for covid once even though he

2916

01:56:56,390 --> 01:56:54,239

had zero symptoms and then he tested

2917

01:56:57,910 --> 01:56:56,400

negative so after this covet scare my

2918

01:57:00,470 --> 01:56:57,920

kids were home for three weeks they are

2919

01:57:02,470 --> 01:57:00,480

now back to school full time i should be

2920

01:57:04,470 --> 01:57:02,480

able to publish a schedule as early as

2921

01:57:06,070 --> 01:57:04,480

tomorrow and i gotta tell your friends

2922

01:57:08,310 --> 01:57:06,080

for people that have been asking me to

2923

01:57:10,870 --> 01:57:08,320

do more shows you're gonna like this

2924

01:57:12,149 --> 01:57:10,880

week because so far we have

2925

01:57:14,470 --> 01:57:12,159

um

2926

01:57:16,390 --> 01:57:14,480

world renowned journalist art levine is

2927

01:57:18,629 --> 01:57:16,400

coming on thursday night and we're going

2928

01:57:21,030 --> 01:57:18,639

to be talking about the opioid epidemic

2929

01:57:23,189 --> 01:57:21,040

now i know this is a bit off topic from

2930

01:57:27,270 --> 01:57:23,199

the topics we usually cover here

2931

01:57:28,950 --> 01:57:27,280

but it that story and and that subject

2932

01:57:30,470 --> 01:57:28,960

matter is personal to me because i grew

2933

01:57:32,070 --> 01:57:30,480

up in a place called kensington in

2934

01:57:34,229 --> 01:57:32,080

philadelphia which for those that don't

2935

01:57:36,629 --> 01:57:34,239

know is now the heroin and fentanyl

2936

01:57:37,750 --> 01:57:36,639

capital of probably the entire united

2937

01:57:40,550 --> 01:57:37,760

states

2938

01:57:41,830 --> 01:57:40,560

it is just destroyed an entire

2939

01:57:43,830 --> 01:57:41,840

neighborhood

2940

01:57:44,629 --> 01:57:43,840

they look like zombies down there it is

2941

01:57:51,109 --> 01:57:44,639

so

2942

01:57:53,270 --> 01:57:51,119

heroin opioids and fentanyl especially

2943

01:57:55,189 --> 01:57:53,280

people are dying left and right

2944

01:57:57,510 --> 01:57:55,199

and i i've been personally affected by

2945

01:57:59,669 --> 01:57:57,520

that i had at least a few friends die of

2946

01:58:01,109 --> 01:57:59,679

either heroin or they thought they were

2947

01:58:03,189 --> 01:58:01,119

taking heroin it turned out it was

2948

01:58:06,070 --> 01:58:03,199

fentanyl in the heroin diet of an

2949

01:58:07,990 --> 01:58:06,080

overdose i've had many friends addicted

2950

01:58:09,910 --> 01:58:08,000

destroy their lives over for many many

2951
01:58:12,310 --> 01:58:09,920
years but thank god some of those people

2952
01:58:14,070 --> 01:58:12,320
did make it out alive and are now in

2953
01:58:14,870 --> 01:58:14,080
recovery

2954
01:58:19,910 --> 01:58:14,880
and

2955
01:58:22,470 --> 01:58:19,920
called dopesick which i think art levine

2956
01:58:25,030 --> 01:58:22,480
has been covering um and we're going to

2957
01:58:27,430 --> 01:58:25,040
be discussing the opioid crisis and

2958
01:58:29,830 --> 01:58:27,440
epidemic in the united states with a

2959
01:58:31,830 --> 01:58:29,840
world-renowned journalist author and

2960
01:58:34,629 --> 01:58:31,840
researcher art levine that is this

2961
01:58:36,550 --> 01:58:34,639
thursday night at 9 00 pm uh and then

2962
01:58:39,350 --> 01:58:36,560
we've got two other interviews scheduled

2963
01:58:42,070 --> 01:58:39,360

maybe three but two for sure and that is

2964

01:58:43,589 --> 01:58:42,080

you asked for she's coming here

2965

01:58:45,589 --> 01:58:43,599

alien girl

2966

01:58:47,910 --> 01:58:45,599

uh you might know her from youtube she

2967

01:58:50,550 --> 01:58:47,920

has her own channel discussing ufos and

2968

01:58:53,030 --> 01:58:50,560

aliens and that would be alien girl her

2969

01:58:54,310 --> 01:58:53,040

and i uh sort of go back and forth on

2970

01:58:55,910 --> 01:58:54,320

twitter because

2971

01:58:58,550 --> 01:58:55,920

you know she's a fan of people like

2972

01:59:00,629 --> 01:58:58,560

linda moulton hale and i'm not

2973

01:59:02,390 --> 01:59:00,639

and so i send her stuff like look at

2974

01:59:04,390 --> 01:59:02,400

this crap you like her look at what

2975

01:59:06,709 --> 01:59:04,400

she's doing here selling a video game

2976

01:59:09,830 --> 01:59:06,719

cover as a genuine grey alien you know

2977

01:59:12,790 --> 01:59:09,840

and we sort of uh

2978

01:59:15,510 --> 01:59:12,800

we politely debate you know like we're

2979

01:59:16,870 --> 01:59:15,520

uh we disagree but we both like similar

2980

01:59:18,390 --> 01:59:16,880

subjects so i thought we'd still have a

2981

01:59:19,990 --> 01:59:18,400

good conversation and she knows i'll be

2982

01:59:20,870 --> 01:59:20,000

respectful and we'll try to have some

2983

01:59:23,669 --> 01:59:20,880

fun

2984

01:59:26,310 --> 01:59:23,679

that is going to be tuesday night at 9

2985

01:59:28,310 --> 01:59:26,320

00 p.m we've also got intel lady which

2986

01:59:30,470 --> 01:59:28,320

is going to be tuesday again i'm working

2987

01:59:32,310 --> 01:59:30,480

real hard on tuesday because of the time

2988

01:59:34,229 --> 01:59:32,320

zones i have to do an afternoon show in

2989

01:59:37,189 --> 01:59:34,239

order to accommodate intel lady and that

2990

01:59:39,109 --> 01:59:37,199

would be at 1 pm on tuesday so we've got

2991

01:59:41,189 --> 01:59:39,119

1 pm on tuesday

2992

01:59:44,550 --> 01:59:41,199

with intel lady we've got 9 p.m on

2993

01:59:46,629 --> 01:59:44,560

tuesday with alien girl and we've got

2994

01:59:48,629 --> 01:59:46,639

thursday with art levine

2995

01:59:50,950 --> 01:59:48,639

discussing the opioid epidemic in the

2996

01:59:52,790 --> 01:59:50,960

united states and you might recognize

2997

01:59:55,669 --> 01:59:52,800

the name art levine he's been writing

2998

01:59:58,390 --> 01:59:55,679

newspaper articles forever a very

2999

02:00:00,709 --> 01:59:58,400

familiar name to many

3000

02:00:03,510 --> 02:00:00,719

um he covers a lot of topics but

3001
02:00:04,709 --> 02:00:03,520
specifically the opioid crisis lately

3002
02:00:06,629 --> 02:00:04,719
and i thought it'd be great to have an

3003
02:00:08,390 --> 02:00:06,639
expert like him come here

3004
02:00:10,229 --> 02:00:08,400
um i've got a few more interviews we're

3005
02:00:12,870 --> 02:00:10,239
still trying to nail down the times but

3006
02:00:15,109 --> 02:00:12,880
i think we're going to have uh

3007
02:00:16,870 --> 02:00:15,119
i think we're going to have at least

3008
02:00:18,709 --> 02:00:16,880
five shows this week

3009
02:00:20,709 --> 02:00:18,719
plus um

3010
02:00:22,229 --> 02:00:20,719
kari is working on a clip

3011
02:00:24,950 --> 02:00:22,239
uh that we're going to be uploading this

3012
02:00:27,350 --> 02:00:24,960
week i hope and i am as well

3013
02:00:29,270 --> 02:00:27,360

so this week is going to be very busy

3014

02:00:31,430 --> 02:00:29,280

for me and we're going to have at least

3015

02:00:34,310 --> 02:00:31,440

five live shows

3016

02:00:37,270 --> 02:00:34,320

and uh

3017

02:00:39,430 --> 02:00:37,280

some produced videos as well and a few

3018

02:00:41,990 --> 02:00:39,440

special surprises so stay tuned follow

3019

02:00:44,629 --> 02:00:42,000

me at stevencambian on twitter

3020

02:00:46,310 --> 02:00:44,639

and i'll be posting everything there

3021

02:00:48,470 --> 02:00:46,320

so

3022

02:00:50,470 --> 02:00:48,480

i uh i don't know what else to say

3023

02:00:52,870 --> 02:00:50,480

except i almost feel bad for david

3024

02:00:56,629 --> 02:00:52,880

wilcock now having seen this company

3025

02:00:58,149 --> 02:00:56,639

that he's invested heavily into right

3026

02:01:01,030 --> 02:00:58,159

uh

3027

02:01:02,709 --> 02:01:01,040

yeah and success is sharing aliengirl111

3028

02:01:04,109 --> 02:01:02,719

youtube channel yeah i didn't know

3029

02:01:06,229 --> 02:01:04,119

success if i should call her

3030

02:01:08,790 --> 02:01:06,239

aliengirl111 or just most people just

3031

02:01:10,870 --> 02:01:08,800

call her alien girl

3032

02:01:16,310 --> 02:01:10,880

which is something crazy to be known as

3033

02:01:21,430 --> 02:01:18,070

zach zizzle was mentioning people on

3034

02:01:23,189 --> 02:01:21,440

fentanyl fentanyl is just terrible

3035

02:01:25,430 --> 02:01:23,199

terrible and then we have intel ladies

3036

02:01:29,510 --> 02:01:25,440

success sharing intel ladies

3037

02:01:31,189 --> 02:01:29,520

um youtube channel as well

3038

02:01:32,709 --> 02:01:31,199

tony mccler says

3039

02:01:35,030 --> 02:01:32,719

naomi neither known a couple die

3040

02:01:37,270 --> 02:01:35,040

recently terrible yeah fentanyl you

3041

02:01:39,350 --> 02:01:37,280

could die from something the size of a

3042

02:01:43,350 --> 02:01:39,360

of the head of a pin

3043

02:01:47,030 --> 02:01:45,189

uh that girl jessica i'm so sorry to

3044

02:01:48,870 --> 02:01:47,040

hear that that girl jessica says i've

3045

02:01:51,750 --> 02:01:48,880

lost a lot of people my best friend was

3046

02:01:53,350 --> 02:01:51,760

the hardest yeah i i had a lot of people

3047

02:01:55,030 --> 02:01:53,360

remember i was in the music business so

3048

02:01:57,350 --> 02:01:55,040

a lot of people do heroin

3049

02:01:59,669 --> 02:01:57,360

you know me that's one drug i always

3050

02:02:01,430 --> 02:01:59,679

avoided like the plague because i seen

3051

02:02:02,790 --> 02:02:01,440

people like uh

3052

02:02:05,669 --> 02:02:02,800

you know and i don't want to be that out

3053

02:02:07,270 --> 02:02:05,679

of control um

3054

02:02:08,790 --> 02:02:07,280

i do have to admit that one time i

3055

02:02:10,790 --> 02:02:08,800

didn't know what i was snorting and

3056

02:02:11,669 --> 02:02:10,800

somebody gave me um

3057

02:02:14,790 --> 02:02:11,679

you know

3058

02:02:16,830 --> 02:02:14,800

heroin so i think i did try it

3059

02:02:19,990 --> 02:02:16,840

but i didn't mean to i thought it was

3060

02:02:21,990 --> 02:02:20,000

cocaine and then i was like why am i so

3061

02:02:24,229 --> 02:02:22,000

tired you know it was only one line i

3062

02:02:25,510 --> 02:02:24,239

didn't then when the person told me it

3063

02:02:27,430 --> 02:02:25,520

was h

3064

02:02:29,830 --> 02:02:27,440

they're like oh that's not coke that's h

3065

02:02:31,669 --> 02:02:29,840

steve and i'm like jesus christ why did

3066

02:02:33,669 --> 02:02:31,679

you let me do that you know that's the

3067

02:02:35,109 --> 02:02:33,679

only experience i've ever had with it

3068

02:02:36,470 --> 02:02:35,119

and i have to say that it wasn't a good

3069

02:02:37,910 --> 02:02:36,480

experience i didn't get really really

3070

02:02:40,629 --> 02:02:37,920

super high from it i don't know it was

3071

02:02:42,390 --> 02:02:40,639

probably super cut i got a tired and

3072

02:02:43,910 --> 02:02:42,400

sickly feeling from it

3073

02:02:45,750 --> 02:02:43,920

never did it again never did it

3074

02:02:47,109 --> 02:02:45,760

intentionally and i hate needles so i

3075

02:02:48,390 --> 02:02:47,119

would never

3076

02:02:50,950 --> 02:02:48,400

you know that's not something that i

3077

02:02:52,790 --> 02:02:50,960

would aspire to be as a heroin addict

3078

02:02:55,750 --> 02:02:52,800

considering the needles that i can't

3079

02:02:58,709 --> 02:02:55,760

stand i will say this though

3080

02:03:01,189 --> 02:02:58,719

i never understood why anybody

3081

02:03:02,310 --> 02:03:01,199

would become addicted to opioids

3082

02:03:04,790 --> 02:03:02,320

um

3083

02:03:05,750 --> 02:03:04,800

but then i had brain surgery

3084

02:03:09,189 --> 02:03:05,760

and

3085

02:03:11,270 --> 02:03:09,199

they gave me morphine in a drip

3086

02:03:12,229 --> 02:03:11,280

after the brain surgery

3087

02:03:13,750 --> 02:03:12,239

and

3088

02:03:16,149 --> 02:03:13,760

then i understood

3089

02:03:17,990 --> 02:03:16,159

if you get morphine in a drip and they

3090

02:03:19,510 --> 02:03:18,000

give you a high dose of it because you

3091

02:03:21,189 --> 02:03:19,520

just had you know

3092

02:03:24,470 --> 02:03:21,199

brain surgery

3093

02:03:26,310 --> 02:03:24,480

um you'll compl as soon as that hit my

3094

02:03:28,870 --> 02:03:26,320

bloodstream i remember as soon as they

3095

02:03:30,149 --> 02:03:28,880

plugged the bag in right

3096

02:03:32,709 --> 02:03:30,159

and uh

3097

02:03:35,990 --> 02:03:32,719

it flooded my bloodstream i felt this

3098

02:03:38,550 --> 02:03:36,000

weird warm sensation and i truly felt

3099

02:03:39,669 --> 02:03:38,560

like i was getting hugged by god or

3100

02:03:42,550 --> 02:03:39,679

something

3101

02:03:45,189 --> 02:03:42,560

and then i went now i know why people

3102

02:03:46,310 --> 02:03:45,199

get addicted to this stuff right

3103

02:03:48,470 --> 02:03:46,320

but

3104

02:03:50,709 --> 02:03:48,480

i was taking that of course under dr

3105

02:03:54,950 --> 02:03:50,719

supervision for medical reasons never

3106

02:03:57,669 --> 02:03:54,960

took it again in fact they gave me um

3107

02:04:00,149 --> 02:03:57,679

gee they gave me oxy after the surgery

3108

02:04:03,030 --> 02:04:00,159

if i was in the hospital for a month or

3109

02:04:05,750 --> 02:04:03,040

more probably and when i finally got

3110

02:04:08,629 --> 02:04:05,760

home they gave me uh all kinds of

3111

02:04:11,430 --> 02:04:08,639

opioids they gave me percocet oxycontin

3112

02:04:13,589 --> 02:04:11,440

uh i didn't like any of it um

3113

02:04:16,629 --> 02:04:13,599

you know but i will say that when i had

3114

02:04:18,870 --> 02:04:16,639

a vasectomy i did like them again

3115

02:04:21,669 --> 02:04:18,880

i was in such pain from a vasectomy that

3116

02:04:25,109 --> 02:04:21,679

i i took that time i took them i said i

3117

02:04:27,750 --> 02:04:25,119

feel terrible my balls hurt

3118

02:04:29,669 --> 02:04:27,760

you know my balls feel terrible i'm

3119

02:04:31,270 --> 02:04:29,679

gonna take these purposes or whatever it

3120

02:04:33,910 --> 02:04:31,280

is they gave me

3121

02:04:36,069 --> 02:04:33,920

um but again i realized the danger of

3122

02:04:39,109 --> 02:04:36,079

those things so as soon as the pain in

3123

02:04:42,069 --> 02:04:39,119

my balls went away i stopped taking

3124

02:04:44,149 --> 02:04:42,079

the pills right

3125

02:04:45,830 --> 02:04:44,159

yeah tony mcclary you're absolutely

3126

02:04:47,910 --> 02:04:45,840

right a lot get hooked initially from

3127

02:04:49,109 --> 02:04:47,920

meds from an injury yeah and it's very

3128

02:04:50,149 --> 02:04:49,119

interesting that the company that

3129

02:04:53,270 --> 02:04:50,159

invented

3130

02:04:55,109 --> 02:04:53,280

oxycontin uh you know is telling people

3131

02:04:57,510 --> 02:04:55,119

we're telling people for years that only

3132

02:04:59,109 --> 02:04:57,520

one percent who take oxycontin would get

3133

02:05:01,510 --> 02:04:59,119

addicted or become

3134

02:05:03,430 --> 02:05:01,520

feel addicted to it they knew

3135

02:05:05,030 --> 02:05:03,440

they knew and none of them has ever done

3136

02:05:06,790 --> 02:05:05,040

any jail time

3137

02:05:09,030 --> 02:05:06,800

for all they did they manipulated the

3138

02:05:11,350 --> 02:05:09,040

health system they incentivized doctors

3139

02:05:13,669 --> 02:05:11,360

to hand out for you know percocets or

3140

02:05:15,910 --> 02:05:13,679

oxycontin left and right

3141

02:05:18,629 --> 02:05:15,920

it's terrible

3142

02:05:20,470 --> 02:05:18,639

zac diecast mansoor is here and says yep

3143

02:05:22,229 --> 02:05:20,480

rebecca i went to mcdonald clinic for

3144

02:05:24,790 --> 02:05:22,239

four years i just recently got off it

3145

02:05:26,709 --> 02:05:24,800

well good for you and i will pray for

3146

02:05:29,350 --> 02:05:26,719

you and your continued recovery zach

3147

02:05:30,870 --> 02:05:29,360

diecast mansour i hope you stay on the

3148

02:05:32,709 --> 02:05:30,880

straight and narrow

3149

02:05:34,629 --> 02:05:32,719

and keep that out of your life because

3150

02:05:37,270 --> 02:05:34,639

i'm sure that your life will be much

3151
02:05:39,350 --> 02:05:37,280
better without that in your life and i

3152
02:05:41,510 --> 02:05:39,360
just want to mention if anybody is

3153
02:05:44,149 --> 02:05:41,520
when if anybody listening to the sound

3154
02:05:47,270 --> 02:05:44,159
of my voice is suffering with addiction

3155
02:05:48,390 --> 02:05:47,280
of any kind oxycontin or heroin or

3156
02:05:51,030 --> 02:05:48,400
anything

3157
02:05:53,189 --> 02:05:51,040
please do seek a certified you know

3158
02:05:59,430 --> 02:05:53,199
counselor or someone who's qualified to

3159
02:06:02,870 --> 02:06:01,030
rebecca turner says they are i took

3160
02:06:04,550 --> 02:06:02,880
methadone for pain for 18 years how to

3161
02:06:05,830 --> 02:06:04,560
get off myself

3162
02:06:09,830 --> 02:06:05,840
yeah

3163
02:06:10,870 --> 02:06:09,840

suboxone and and methadone or something

3164

02:06:12,629 --> 02:06:10,880

i don't know

3165

02:06:16,709 --> 02:06:12,639

but he was back and forth in rehab for

3166

02:06:19,510 --> 02:06:18,470

first floor audio says zach i'm in the

3167

02:06:22,550 --> 02:06:19,520

same mess

3168

02:06:26,229 --> 02:06:24,310

rebecca turner says yeah it's hard but i

3169

02:06:28,390 --> 02:06:26,239

used kratom and i didn't have any

3170

02:06:29,990 --> 02:06:28,400

problems i do have restless leg syndrome

3171

02:06:31,990 --> 02:06:30,000

from the methadone nail messed with my

3172

02:06:33,109 --> 02:06:32,000

nerves yeah it'll do that long-term use

3173

02:06:37,189 --> 02:06:33,119

of meth done

3174

02:06:40,790 --> 02:06:39,109

patrick sheehan says i'm six years dry

3175

02:06:42,950 --> 02:06:40,800

and free from alcohol addiction get help

3176

02:06:45,189 --> 02:06:42,960

it will change your life absolutely

3177

02:06:47,750 --> 02:06:45,199

absolutely and there's so many people

3178

02:06:49,750 --> 02:06:47,760

who uh you know went on to do amazing

3179

02:06:51,669 --> 02:06:49,760

things and and look

3180

02:06:52,550 --> 02:06:51,679

i know there's a stigma involved with

3181

02:06:54,870 --> 02:06:52,560

this

3182

02:06:56,709 --> 02:06:54,880

but you have to remember that

3183

02:06:57,589 --> 02:06:56,719

you're human and

3184

02:06:59,750 --> 02:06:57,599

you know

3185

02:07:02,149 --> 02:06:59,760

some people even have that addictive

3186

02:07:03,990 --> 02:07:02,159

gene in them that makes them more prone

3187

02:07:05,990 --> 02:07:04,000

to addictions right

3188

02:07:07,750 --> 02:07:06,000

and i mean there's some people that are

3189

02:07:10,229 --> 02:07:07,760

it's not even drugs or alcohol with them

3190

02:07:11,510 --> 02:07:10,239

it could be sex or pornography or you

3191

02:07:14,229 --> 02:07:11,520

know

3192

02:07:16,149 --> 02:07:14,239

addiction is addiction it's a disease so

3193

02:07:17,589 --> 02:07:16,159

get some help and you'll be glad that

3194

02:07:19,270 --> 02:07:17,599

you did

3195

02:07:21,910 --> 02:07:19,280

so friends uh

3196

02:07:23,830 --> 02:07:21,920

we are over two hours so i gotta bounce

3197

02:07:25,270 --> 02:07:23,840

out of here but i also do want to make

3198

02:07:28,069 --> 02:07:25,280

an announcement a few people have

3199

02:07:30,950 --> 02:07:28,079

mentioned that the feed for the audio

3200

02:07:32,790 --> 02:07:30,960

podcast has not been updated in several

3201

02:07:34,629 --> 02:07:32,800

shows and there's a very good reason for

3202

02:07:35,910 --> 02:07:34,639

that we're out of storage space on

3203

02:07:38,310 --> 02:07:35,920

speaker

3204

02:07:40,390 --> 02:07:38,320

haven't gotten to it yet i have to we

3205

02:07:42,069 --> 02:07:40,400

are upgrading to a better speaker plan

3206

02:07:44,069 --> 02:07:42,079

to get us more storage because i don't

3207

02:07:45,910 --> 02:07:44,079

want to have to start deleting old shows

3208

02:07:47,589 --> 02:07:45,920

to put new shows up or anything like

3209

02:07:49,830 --> 02:07:47,599

that so we're just going to upgrade

3210

02:07:52,709 --> 02:07:49,840

tomorrow and i will get

3211

02:07:55,030 --> 02:07:52,719

the audio podcast updated and up to date

3212

02:07:56,950 --> 02:07:55,040

tomorrow sometime

3213

02:07:59,350 --> 02:07:56,960

but thanks i'm glad people notice people

3214

02:08:01,589 --> 02:07:59,360

are like hey where's the audio podcast

3215

02:08:03,910 --> 02:08:01,599

right it would be bad if nobody noticed

3216

02:08:05,830 --> 02:08:03,920

that there were two there's two missing

3217

02:08:07,350 --> 02:08:05,840

i will fix that tomorrow thanks for the

3218

02:08:09,830 --> 02:08:07,360

people who pointed it out to me but i

3219

02:08:10,550 --> 02:08:09,840

was well aware of it

3220

02:08:12,950 --> 02:08:10,560

so

3221

02:08:15,350 --> 02:08:12,960

what can we say about david wilcock

3222

02:08:17,669 --> 02:08:15,360

apparently david wilcock invested all

3223

02:08:19,430 --> 02:08:17,679

this money in two clowns that have never

3224

02:08:20,790 --> 02:08:19,440

produced products even though they

3225

02:08:22,629 --> 02:08:20,800

they're collecting millions of dollars

3226

02:08:24,390 --> 02:08:22,639

in investments

3227

02:08:26,629 --> 02:08:24,400

i don't think this hover car thing is

3228

02:08:29,270 --> 02:08:26,639

going to go real well for david wilcock

3229

02:08:30,870 --> 02:08:29,280

right i don't think so

3230

02:08:33,030 --> 02:08:30,880

and part of me

3231

02:08:35,510 --> 02:08:33,040

you know again i don't really wish ill

3232

02:08:37,430 --> 02:08:35,520

will on him but i do wish that karma has

3233

02:08:39,270 --> 02:08:37,440

its way if david wilcock has been

3234

02:08:41,350 --> 02:08:39,280

stealing money from people

3235

02:08:43,109 --> 02:08:41,360

selling them fake information

3236

02:08:45,510 --> 02:08:43,119

fake whistleblowers

3237

02:08:47,510 --> 02:08:45,520

fake insiders that never did any of the

3238

02:08:49,510 --> 02:08:47,520

things that he claims

3239

02:08:51,510 --> 02:08:49,520

then maybe

3240

02:08:53,270 --> 02:08:51,520

him losing a million dollars or two

3241

02:08:56,950 --> 02:08:53,280

investing in a scam

3242

02:08:58,790 --> 02:08:56,960

is karma and well-deserved karma at that

3243

02:09:01,189 --> 02:08:58,800

i will leave it at that i think that

3244

02:09:03,510 --> 02:09:01,199

karma is the overwhelming

3245

02:09:06,149 --> 02:09:03,520

equalizer of the universe and you can't

3246

02:09:09,350 --> 02:09:06,159

just go 10 or 20 years scamming people

3247

02:09:12,149 --> 02:09:09,360

for fake information fake stories and

3248

02:09:14,629 --> 02:09:12,159

fake witnesses to fake stories for 20

3249

02:09:16,149 --> 02:09:14,639

years and not pay some karmic debt for

3250

02:09:17,510 --> 02:09:16,159

it and this

3251

02:09:19,589 --> 02:09:17,520

may be him

3252

02:09:21,270 --> 02:09:19,599

this may be i don't know i don't know

3253

02:09:23,030 --> 02:09:21,280

how the universe works but i know the

3254

02:09:25,109 --> 02:09:23,040

karma always works

3255

02:09:28,950 --> 02:09:25,119

the problem with karma is that sometimes

3256

02:09:30,830 --> 02:09:28,960

it takes way too long to work right

3257

02:09:33,589 --> 02:09:30,840

and i'm not sure how the universe works

3258

02:09:35,510 --> 02:09:33,599

but when i saw that he invested this

3259

02:09:37,910 --> 02:09:35,520

much money with these two clowns one of

3260

02:09:40,870 --> 02:09:37,920

which i have personal knowledge of being

3261

02:09:42,069 --> 02:09:40,880

shady super shady

3262

02:09:46,229 --> 02:09:42,079

i was glad

3263

02:09:47,750 --> 02:09:46,239

that he's not going to get anything for

3264

02:09:49,990 --> 02:09:47,760

his money they're not going to produce

3265

02:09:51,430 --> 02:09:50,000

anything david wilcock they're going to

3266

02:09:52,629 --> 02:09:51,440

spend your money

3267

02:09:54,390 --> 02:09:52,639

and then they're going to spend other

3268

02:09:55,830 --> 02:09:54,400

investors money and they're going to

3269

02:09:58,229 --> 02:09:55,840

keep kicking the can saying they're

3270

02:10:00,069 --> 02:09:58,239

working on new designs they're working

3271

02:10:02,629 --> 02:10:00,079

we might have these new contracts with

3272

02:10:04,790 --> 02:10:02,639

the serbian military no they don't they

3273

02:10:07,430 --> 02:10:04,800

don't have anything it's all

3274

02:10:09,350 --> 02:10:07,440

vaporware

3275

02:10:11,750 --> 02:10:09,360

look up the term david wilcock if you're

3276

02:10:14,310 --> 02:10:11,760

not familiar with the term vaporware but

3277

02:10:17,910 --> 02:10:14,320

bill mcewen especially is that he was

3278

02:10:20,310 --> 02:10:17,920

the king of vaporware for 10 years

3279

02:10:21,430 --> 02:10:20,320

so what else can i say

3280

02:10:23,910 --> 02:10:21,440

you know

3281

02:10:25,669 --> 02:10:23,920

i hope that uh david wilcock loses all

3282

02:10:28,229 --> 02:10:25,679

of his money and i i know that's

3283

02:10:32,709 --> 02:10:28,239

terrible of me to hope for but i i would

3284

02:10:37,750 --> 02:10:35,350

ill-gotten gains must be equalized

3285

02:10:39,030 --> 02:10:37,760

eventually right i mean you could like

3286

02:10:40,870 --> 02:10:39,040

look at all the people that embezzle

3287

02:10:42,550 --> 02:10:40,880

money from companies right they steal

3288

02:10:44,709 --> 02:10:42,560

like hundreds of thousands of dollars or

3289

02:10:46,149 --> 02:10:44,719

millions of dollars they get caught they

3290

02:10:48,229 --> 02:10:46,159

have to pay it back for the rest of

3291

02:10:50,790 --> 02:10:48,239

their lives and they have to do prison

3292

02:10:53,270 --> 02:10:50,800

so the universe will equalize

3293

02:10:56,390 --> 02:10:53,280

people who get these ill-gotten gains or

3294

02:10:59,189 --> 02:10:56,400

try to get ahead with less than moral

3295

02:11:02,550 --> 02:10:59,199

ethics or less than moral ways of

3296

02:11:04,470 --> 02:11:02,560

getting ahead and getting extra money

3297

02:11:06,629 --> 02:11:04,480

and i'm hopeful that the universe will

3298

02:11:09,589 --> 02:11:06,639

take care of david wilcock i mean either

3299

02:11:11,510 --> 02:11:09,599

that or we're rapidly reaching a point

3300

02:11:13,589 --> 02:11:11,520

where i'm i'm getting ready to start

3301

02:11:15,589 --> 02:11:13,599

calling law enforcement and showing them

3302

02:11:18,310 --> 02:11:15,599

the evidence of all of his scams over

3303

02:11:20,310 --> 02:11:18,320

the past 10 years and asking them why

3304

02:11:22,390 --> 02:11:20,320

he's not in prison i'm getting that

3305

02:11:25,350 --> 02:11:22,400

close to doing it and also people have

3306

02:11:27,830 --> 02:11:25,360

keep asking me about this 501c3

3307

02:11:29,750 --> 02:11:27,840

did he ever give me no and i i don't

3308

02:11:31,109 --> 02:11:29,760

know that i keep saying i'm going to do

3309

02:11:33,189 --> 02:11:31,119

it but i'm going to fill out the

3310

02:11:35,910 --> 02:11:33,199

complaint form for the irs because david

3311

02:11:37,510 --> 02:11:35,920

wilcock refuses to give over the forms

3312

02:11:38,870 --> 02:11:37,520

to show how much money his charity

3313

02:11:41,189 --> 02:11:38,880

collected and what he spent all the

3314

02:11:42,790 --> 02:11:41,199

money on apparently for all we know he

3315

02:11:44,229 --> 02:11:42,800

collected money for the past three years

3316

02:11:46,149 --> 02:11:44,239

and gave it to these clowns that are

3317

02:11:47,270 --> 02:11:46,159

going to build a hover car with them

3318

02:11:48,950 --> 02:11:47,280

right

3319

02:11:52,550 --> 02:11:48,960

that's not charity

3320

02:11:54,310 --> 02:11:52,560

that's problematic for david wilcock so

3321

02:11:56,069 --> 02:11:54,320

anyway friends i'm going to be back this

3322

02:11:58,310 --> 02:11:56,079

week with a lot of great shows i am

3323

02:12:00,069 --> 02:11:58,320

happy to be back here i had a great

3324

02:12:01,270 --> 02:12:00,079

weekend at the cabin i finished all the

3325

02:12:04,069 --> 02:12:01,280

cement work

3326

02:12:06,470 --> 02:12:04,079

this the cement floor and and then the

3327

02:12:08,550 --> 02:12:06,480

cherry round wood floor in the sun room

3328

02:12:10,790 --> 02:12:08,560

in the cabin is finished all the cement

3329

02:12:12,229 --> 02:12:10,800

work is finished all that's left is

3330

02:12:13,990 --> 02:12:12,239

we got to hook up the wood stove that's

3331

02:12:15,430 --> 02:12:14,000

only going to take 20 minutes but we're

3332

02:12:17,510 --> 02:12:15,440

waiting on parts

3333

02:12:19,510 --> 02:12:17,520

and we have to

3334

02:12:22,229 --> 02:12:19,520

run a few outlets and i gotta fix the

3335

02:12:24,310 --> 02:12:22,239

doors and then the sunroom's done and we

3336

02:12:27,030 --> 02:12:24,320

just again double the interior space of

3337

02:12:29,510 --> 02:12:27,040

the cabin it's a 12 by 24 room

3338

02:12:32,550 --> 02:12:29,520

and i can't wait to see how well it

3339

02:12:36,069 --> 02:12:32,560

works because there's a 12 by 24

3340

02:12:36,870 --> 02:12:36,079

greenhouse sun room with all glass walls

3341

02:12:39,109 --> 02:12:36,880

uh

3342

02:12:40,709 --> 02:12:39,119

that is on the south facing wall of the

3343

02:12:45,030 --> 02:12:40,719

cabin

3344

02:12:46,790 --> 02:12:45,040

climate and the winters there are very

3345

02:12:49,270 --> 02:12:46,800

harsh i thought that would be the best

3346

02:12:51,750 --> 02:12:49,280

thing to do on the south facing wall is

3347

02:12:53,830 --> 02:12:51,760

build essentially a thermal oven

3348

02:12:55,830 --> 02:12:53,840

i think that this will warm up the cabin

3349

02:12:58,870 --> 02:12:55,840

and keep the cabin warm maybe even

3350

02:13:00,709 --> 02:12:58,880

without any heat source all day at night

3351

02:13:02,310 --> 02:13:00,719

we're going to need a heat source though

3352

02:13:04,629 --> 02:13:02,320

if things work out the way that i've

3353

02:13:06,149 --> 02:13:04,639

planned i can open the door between the

3354

02:13:07,910 --> 02:13:06,159

sun room and the rest of the cabin

3355

02:13:11,189 --> 02:13:07,920

during the day when that

3356

02:13:13,430 --> 02:13:11,199

the sun is baking down on it and and

3357

02:13:15,189 --> 02:13:13,440

it should be free i'm hopeful we'll see

3358

02:13:17,109 --> 02:13:15,199

how it works out i'll keep everybody up

3359

02:13:18,629 --> 02:13:17,119

to date and i'll be posting pictures on

3360

02:13:19,990 --> 02:13:18,639

my twitter whenever the sunroom is

3361

02:13:22,470 --> 02:13:20,000

finished in the next couple of weeks

3362

02:13:24,069 --> 02:13:22,480

thanks for everybody who's been very uh

3363

02:13:25,750 --> 02:13:24,079

supportive and encouraging me to keep

3364

02:13:27,510 --> 02:13:25,760

working on this cabin because i just

3365

02:13:29,430 --> 02:13:27,520

keep doing that

3366

02:13:30,629 --> 02:13:29,440

every week i go there and work my butt

3367

02:13:32,470 --> 02:13:30,639

off man

3368

02:13:35,109 --> 02:13:32,480

and uh this week was tough because i did

3369

02:13:37,589 --> 02:13:35,119

all this network and then i had to chop

3370

02:13:39,589 --> 02:13:37,599

wood and split wood for 12 hours i did

3371

02:13:41,350 --> 02:13:39,599

some with the machine and some by hand

3372

02:13:44,470 --> 02:13:41,360

that's what i do so that i can work all

3373

02:13:47,430 --> 02:13:44,480

day i can't split wood with an axe or a

3374

02:13:49,990 --> 02:13:47,440

mall splitting all for 12 hours but i

3375

02:13:51,350 --> 02:13:50,000

can split wood with an axe or a mall

3376

02:13:53,430 --> 02:13:51,360

that's faster

3377

02:13:55,350 --> 02:13:53,440

for for an hour or two and then go in

3378

02:13:57,430 --> 02:13:55,360

and use this little electric splitter

3379

02:13:59,510 --> 02:13:57,440

that i have for a few hours then go back

3380

02:14:00,870 --> 02:13:59,520

to the hand one because doing it by hand

3381

02:14:02,950 --> 02:14:00,880

is actually faster this electric

3382

02:14:04,870 --> 02:14:02,960

splitter i have is very very slow

3383

02:14:05,990 --> 02:14:04,880

and it takes too long but i can sit

3384

02:14:07,350 --> 02:14:06,000

while i do it's a little more

3385

02:14:08,870 --> 02:14:07,360

comfortable and you're not killing your

3386

02:14:11,430 --> 02:14:08,880

back swinging

3387

02:14:13,109 --> 02:14:11,440

yeah so tough weekend but a fun weekend

3388

02:14:15,030 --> 02:14:13,119

i got a lot accomplished and i can't

3389

02:14:16,310 --> 02:14:15,040

tell you how happy i was to get back

3390

02:14:18,790 --> 02:14:16,320

here tonight

3391

02:14:23,109 --> 02:14:18,800

knowing these revelations were about to

3392

02:14:24,629 --> 02:14:23,119

be uh given here to to our fellow truth

3393

02:14:26,069 --> 02:14:24,639

seekers i was very excited to do

3394

02:14:28,069 --> 02:14:26,079

tonight's show i'm very excited about

3395

02:14:29,830 --> 02:14:28,079

this week's show i'm feeling a great

3396

02:14:32,229 --> 02:14:29,840

deal of momentum

3397

02:14:33,669 --> 02:14:32,239

sort of shook off any critics you know

3398

02:14:35,510 --> 02:14:33,679

every once in a while you just gotta

3399

02:14:36,550 --> 02:14:35,520

shake them off right

3400

02:14:39,270 --> 02:14:36,560

like

3401

02:14:42,310 --> 02:14:39,280

whatever you know worry about yourself

3402

02:14:44,310 --> 02:14:42,320

mind your business right that's kind of

3403

02:14:45,350 --> 02:14:44,320

how i feel now and uh we're going to

3404

02:14:47,510 --> 02:14:45,360

continue

3405

02:14:49,350 --> 02:14:47,520

just moving forward fighting the good

3406

02:14:51,430 --> 02:14:49,360

fight here because that's what we do

3407

02:14:53,510 --> 02:14:51,440

every day that we're here

3408

02:14:55,510 --> 02:14:53,520

so until next time friends my name is

3409

02:15:01,640 --> 02:14:55,520

stephen cambion

3410

02:15:01,650 --> 02:15:13,430

[Music]

3411

02:15:13,440 --> 02:15:16,980

so

3412

02:15:27,189 --> 02:15:22,050

[Music]

3413

02:15:27,199 --> 02:15:31,650

so

3414

02:15:31,660 --> 02:15:40,629

[Music]

3415

02:15:55,270 --> 02:15:42,950

so

3416

02:15:56,270 --> 02:15:55,280

[Music]

3417

02:17:15,840 --> 02:15:56,280

so
