ALIEN IMPLANTS
WITH STEVEN COLBERN

1
00:00:05,430 --> 00:00:02,869
this program is a legacy program which

2
00:00:07,909 --> 00:00:05,440
was recorded some time ago

3
00:00:10,390 --> 00:00:07,919
views and subject matter are products of

4
00:00:13,030 --> 00:00:10,400
the time in which they were recorded and

5
00:00:21,109 --> 00:00:13,040
may not reflect current news or cultural

6
00:00:27,750 --> 00:00:24,470
welcome back my friends and welcome

7
00:00:31,830 --> 00:00:27,760
to another intriguing episode

8
00:00:34,229 --> 00:00:31,840
of the midnight hour show as always my

9
00:00:36,950 --> 00:00:34,239
name is stephen cambion and i'm your

10
00:00:39,750 --> 00:00:36,960
host into this journey

11
00:00:42,069 --> 00:00:39,760
into the unknown

12
00:00:44,389 --> 00:00:42,079
alien abductions

13
00:00:47,190 --> 00:00:44,399

alien implants

14

00:00:49,270 --> 00:00:47,200

what if it were true

15

00:00:52,549 --> 00:00:49,280

what if all these people

16

00:00:54,310 --> 00:00:52,559

all around the world telling stories of

17

00:00:58,950 --> 00:00:54,320

being abducted

18

00:01:01,830 --> 00:00:58,960

by other worldly beings were true

19

00:01:04,710 --> 00:01:01,840

what if there was some scientific proof

20

00:01:07,350 --> 00:01:04,720

some data that we could look at that

21

00:01:09,510 --> 00:01:07,360

proved that these people

22

00:01:11,510 --> 00:01:09,520

were not crazy

23

00:01:13,990 --> 00:01:11,520

but were actually telling the story of

24

00:01:19,270 --> 00:01:14,000

their experience

25

00:01:21,070 --> 00:01:19,280

what if

26

00:01:23,990 --> 00:01:21,080

there are

27

00:01:25,670 --> 00:01:24,000

extraterrestrial beings visiting planet

28

00:01:27,590 --> 00:01:25,680

earth

29

00:01:29,990 --> 00:01:27,600

and stealing people

30

00:01:31,190 --> 00:01:30,000

from their beds at night

31

00:01:33,350 --> 00:01:31,200

performing

32

00:01:35,910 --> 00:01:33,360

some kind of experiments

33

00:01:38,830 --> 00:01:35,920

extracting dna

34

00:01:40,469 --> 00:01:38,840

and other resources from human

35

00:01:43,670 --> 00:01:40,479

beings

36

00:01:47,030 --> 00:01:43,680

what if it were true folks

37

00:01:49,830 --> 00:01:47,040

it's easy to discount

38

00:01:50,710 --> 00:01:49,840

some of these experiences because many

39

00:01:53,270 --> 00:01:50,720

of them

40

00:01:55,510 --> 00:01:53,280

only have stories

41

00:01:58,630 --> 00:01:55,520

and that's the problem that i've had

42

00:02:00,870 --> 00:01:58,640

with the whole alien abduction thing

43

00:02:03,350 --> 00:02:00,880

is that most people

44

00:02:05,190 --> 00:02:03,360

who claim to be abducted by aliens have

45

00:02:08,229 --> 00:02:05,200

just a story

46

00:02:09,669 --> 00:02:08,239

they don't have any proof

47

00:02:10,630 --> 00:02:09,679

but tonight

48

00:02:13,750 --> 00:02:10,640

tonight

49

00:02:16,470 --> 00:02:13,760

we just might get to some proof

50

00:02:18,470 --> 00:02:16,480

you see i first heard about the man who

51

00:02:20,550 --> 00:02:18,480

claimed he had that proof

52

00:02:23,510 --> 00:02:20,560

many years ago

53

00:02:25,030 --> 00:02:23,520

and i gotta tell you i went down that

54

00:02:28,309 --> 00:02:25,040

rabbit hole

55

00:02:30,630 --> 00:02:28,319

dr

56

00:02:33,110 --> 00:02:30,640

roger lear

57

00:02:35,589 --> 00:02:33,120

go google it

58

00:02:37,270 --> 00:02:35,599

go on youtube

59

00:02:39,750 --> 00:02:37,280

watch everything you can find on this

60

00:02:41,990 --> 00:02:41,030

and

61

00:02:43,990 --> 00:02:42,000

maybe

62

00:02:45,589 --> 00:02:44,000

if you're a bit like me you will become

63

00:02:48,229 --> 00:02:45,599

torn

64

00:02:54,470 --> 00:02:52,470

here's a guy who is a doctor

65

00:02:56,390 --> 00:02:54,480

a trained

66

00:02:59,910 --> 00:02:56,400

surgeon

67

00:03:03,430 --> 00:02:59,920

this is not some uneducated stupid man

68

00:03:06,550 --> 00:03:03,440

who's running around making claims

69

00:03:09,740 --> 00:03:06,560

when he can't even verify the background

70

00:03:10,869 --> 00:03:09,750

like some people in this field

71

00:03:15,030 --> 00:03:10,879

[Music]

72

00:03:17,030 --> 00:03:15,040

he was a respected podiatrist and

73

00:03:18,470 --> 00:03:17,040

surgeon

74

00:03:21,670 --> 00:03:18,480

but

75

00:03:23,750 --> 00:03:21,680

like many things in this field

76

00:03:24,789 --> 00:03:23,760

you know there's many layers to this

77

00:03:26,390 --> 00:03:24,799

onion

78

00:03:28,309 --> 00:03:26,400

and once you start peeling back the

79

00:03:29,589 --> 00:03:28,319

layers

80

00:03:32,710 --> 00:03:29,599

i don't know

81

00:03:35,110 --> 00:03:32,720

something just didn't seem right

82

00:03:38,309 --> 00:03:35,120

here's a man who is super educated he's

83

00:03:40,710 --> 00:03:38,319

a doctor he's not a stupid man and he's

84

00:03:43,030 --> 00:03:40,720

claiming that he's pulling alien

85

00:03:45,270 --> 00:03:43,040

implants out of

86

00:03:48,070 --> 00:03:45,280

alien abduction

87

00:03:53,509 --> 00:03:50,309

and i gotta tell you when i first found

88

00:03:55,110 --> 00:03:53,519

him i found him to be pretty credible

89

00:03:59,429 --> 00:03:55,120

because of his education and his

90

00:04:01,110 --> 00:03:59,439

background and he is who he says he is

91

00:04:04,869 --> 00:04:01,120

there's so many people in this field

92

00:04:07,589 --> 00:04:04,879

that make some kind of weird claims

93

00:04:09,429 --> 00:04:07,599

of having proof of extraterrestrials and

94

00:04:10,470 --> 00:04:09,439

then you peel back a few layers and you

95

00:04:12,550 --> 00:04:10,480

find out

96

00:04:13,509 --> 00:04:12,560

oh that guy's not really who he says he

97

00:04:16,340 --> 00:04:13,519

is

98

00:04:17,909 --> 00:04:16,350

nobody could ever say that about dr lear

99

00:04:20,629 --> 00:04:17,919

[Music]

100

00:04:22,469 --> 00:04:20,639

to his credit his education his

101
00:04:25,530 --> 00:04:22,479
background and

102
00:04:27,590 --> 00:04:25,540
you know his identity checks out

103
00:04:29,189 --> 00:04:27,600
[Music]

104
00:04:32,230 --> 00:04:29,199
but then you start getting a little

105
00:04:35,110 --> 00:04:32,240
deeper and the claims that here he is

106
00:04:37,270 --> 00:04:35,120
making are pretty incredible

107
00:04:39,830 --> 00:04:37,280
you know basically he claims that he

108
00:04:41,350 --> 00:04:39,840
kind of hooked up with alien abduction

109
00:04:42,390 --> 00:04:41,360
victims

110
00:04:45,350 --> 00:04:42,400
and

111
00:04:46,550 --> 00:04:45,360
found implants inside them

112
00:04:48,710 --> 00:04:46,560
and then

113
00:04:53,189 --> 00:04:48,720

he helped those people

114

00:04:55,749 --> 00:04:53,199

by surgically removing those implants

115

00:04:57,590 --> 00:04:55,759

now dr lear has been on a few television

116

00:05:01,749 --> 00:04:57,600

shows about this

117

00:05:05,510 --> 00:05:03,990

he's also made some claims about having

118

00:05:07,909 --> 00:05:05,520

some kind of

119

00:05:09,909 --> 00:05:07,919

ufo wreckage

120

00:05:11,430 --> 00:05:09,919

that could not have been made on planet

121

00:05:13,590 --> 00:05:11,440

earth

122

00:05:16,550 --> 00:05:13,600

but i tried really hard like i dug deep

123

00:05:18,790 --> 00:05:16,560

trying to find that video or that source

124

00:05:19,990 --> 00:05:18,800

where he was making those claims

125

00:05:20,950 --> 00:05:20,000

i'm 100

126
00:05:21,670 --> 00:05:20,960
certain

127
00:05:23,510 --> 00:05:21,680
that

128
00:05:26,070 --> 00:05:23,520
besides the alien implants there are

129
00:05:29,270 --> 00:05:26,080
some other claims from

130
00:05:31,110 --> 00:05:29,280
dr lear about having some ufo wreckage

131
00:05:32,469 --> 00:05:31,120
that could not have been made on planet

132
00:05:34,550 --> 00:05:32,479
earth

133
00:05:38,070 --> 00:05:34,560
but somehow we never get the proof of

134
00:05:40,950 --> 00:05:38,080
that specific claim

135
00:05:44,710 --> 00:05:40,960
now on the alien implants

136
00:05:47,270 --> 00:05:44,720
some of it i find rather suspect because

137
00:05:49,029 --> 00:05:47,280
you know he's on an episode

138
00:05:51,270 --> 00:05:49,039

of a television show

139

00:05:53,590 --> 00:05:51,280

and they're like look it's it's this

140

00:05:57,350 --> 00:05:53,600

alien implant is putting out this radio

141

00:05:59,990 --> 00:05:57,360

data but it's just uh him and maybe an

142

00:06:01,189 --> 00:06:00,000

assistant or something

143

00:06:03,270 --> 00:06:01,199

uh

144

00:06:05,189 --> 00:06:03,280

finding this

145

00:06:07,590 --> 00:06:05,199

you know using some kind of meter going

146

00:06:10,390 --> 00:06:07,600

yeah it's putting out radio waves

147

00:06:12,790 --> 00:06:10,400

and then it didn't put out radio waves

148

00:06:15,189 --> 00:06:12,800

so you know i don't know some of these

149

00:06:16,950 --> 00:06:15,199

claims are pretty crazy

150

00:06:18,950 --> 00:06:16,960

and

151
00:06:21,749 --> 00:06:18,960

i guess

152
00:06:24,870 --> 00:06:21,759

kind of a data guy like give me the data

153
00:06:27,590 --> 00:06:24,880

give me those meter readings give me

154
00:06:30,150 --> 00:06:27,600

a written report on them

155
00:06:34,150 --> 00:06:30,160

but we don't get that

156
00:06:35,749 --> 00:06:34,160

in fact it seems that we never get that

157
00:06:38,230 --> 00:06:35,759

from dr lear

158
00:06:39,830 --> 00:06:38,240

what we get is some books that he's

159
00:06:40,629 --> 00:06:39,840

trying to sell

160
00:06:44,390 --> 00:06:40,639

and

161
00:06:46,550 --> 00:06:44,400

him lecturing at ufo conferences

162
00:06:48,790 --> 00:06:46,560

always for money he never did that for

163
00:06:51,510 --> 00:06:48,800

free to my knowledge

164

00:06:53,909 --> 00:06:51,520

but i could be corrected and if i'm

165

00:06:55,749 --> 00:06:53,919

wrong anybody can write into our show

166

00:06:57,870 --> 00:06:55,759

and let us know that he gave free

167

00:06:59,830 --> 00:06:57,880

lectures on finding proof of

168

00:07:03,589 --> 00:06:59,840

extraterrestrial life

169

00:07:06,790 --> 00:07:03,599

to my knowledge he's never given

170

00:07:08,230 --> 00:07:06,800

free proof of extraterrestrial life it's

171

00:07:10,390 --> 00:07:08,240

always about

172

00:07:13,430 --> 00:07:10,400

buy my book

173

00:07:16,710 --> 00:07:13,440

book me and i will lecture

174

00:07:17,589 --> 00:07:16,720

for your group or your convention

175

00:07:19,350 --> 00:07:17,599

and

176

00:07:20,309 --> 00:07:19,360

i also have to mention

177

00:07:23,749 --> 00:07:20,319

that

178

00:07:25,670 --> 00:07:23,759

dr lear passed away not long ago and

179

00:07:26,550 --> 00:07:25,680

it's terrible to speak ill of the dead

180

00:07:28,950 --> 00:07:26,560

but

181

00:07:31,749 --> 00:07:28,960

in this circumstance i think we have to

182

00:07:34,070 --> 00:07:31,759

clear the air and you know i don't want

183

00:07:36,150 --> 00:07:34,080

to pull some punches because the man's

184

00:07:37,990 --> 00:07:36,160

recently deceased

185

00:07:39,909 --> 00:07:38,000

to his credit

186

00:07:42,150 --> 00:07:39,919

if his claims are true

187

00:07:44,469 --> 00:07:42,160

he has done a great service to the

188

00:07:46,710 --> 00:07:44,479

community of people

189

00:07:49,430 --> 00:07:46,720

who are seeking the truth

190

00:07:52,070 --> 00:07:49,440

by putting these claims out there but my

191

00:07:53,270 --> 00:07:52,080

problem has always been

192

00:07:55,670 --> 00:07:53,280

where are

193

00:07:57,270 --> 00:07:55,680

where is the evidence where is the

194

00:07:58,629 --> 00:07:57,280

written proof

195

00:08:02,390 --> 00:07:58,639

where are the

196

00:08:04,469 --> 00:08:02,400

lab analysis reports i want to see them

197

00:08:05,430 --> 00:08:04,479

and so does everyone else

198

00:08:06,309 --> 00:08:05,440

and

199

00:08:08,710 --> 00:08:06,319

you know

200

00:08:11,029 --> 00:08:08,720

most people who are

201
00:08:14,390 --> 00:08:11,039
interested in this and

202
00:08:15,670 --> 00:08:14,400
and even people who are believers i've

203
00:08:17,029 --> 00:08:15,680
spoken to

204
00:08:17,830 --> 00:08:17,039
who said

205
00:08:20,869 --> 00:08:17,840
well

206
00:08:22,790 --> 00:08:20,879
you know these claims are great but he's

207
00:08:24,629 --> 00:08:22,800
never put up

208
00:08:27,430 --> 00:08:24,639
the lab reports

209
00:08:28,710 --> 00:08:27,440
for all these claims that he's making

210
00:08:30,309 --> 00:08:28,720
he's never

211
00:08:33,029 --> 00:08:30,319
published

212
00:08:35,430 --> 00:08:33,039
you know like a scientific paper

213
00:08:38,790 --> 00:08:35,440

and being a doctor you know he has

214

00:08:41,509 --> 00:08:38,800

access he had access to do that

215

00:08:42,870 --> 00:08:41,519

if he had the goods

216

00:08:45,990 --> 00:08:42,880

and

217

00:08:48,710 --> 00:08:46,000

you know like i said i'm so torn on this

218

00:08:50,949 --> 00:08:48,720

because i want to believe if this is

219

00:08:52,630 --> 00:08:50,959

really proof

220

00:08:54,710 --> 00:08:52,640

that these people are actually being

221

00:08:57,990 --> 00:08:54,720

abducted by aliens and maybe they put

222

00:09:01,269 --> 00:08:58,000

some kind of tracking mechanism

223

00:09:03,030 --> 00:09:01,279

into the the victims

224

00:09:05,350 --> 00:09:03,040

you know i mean

225

00:09:07,829 --> 00:09:05,360

that's a believable scenario

226

00:09:10,310 --> 00:09:07,839

when we study sharks ladies and

227

00:09:12,870 --> 00:09:10,320

gentlemen when marine biologists study

228

00:09:15,190 --> 00:09:12,880

sharks they tag them

229

00:09:17,190 --> 00:09:15,200

and that's so they can find them again

230

00:09:19,350 --> 00:09:17,200

and check on them

231

00:09:20,870 --> 00:09:19,360

and they go and find those sharks again

232

00:09:23,509 --> 00:09:20,880

and they see

233

00:09:25,829 --> 00:09:23,519

where they have been traveling what

234

00:09:27,430 --> 00:09:25,839

they've been eating what they've been up

235

00:09:30,710 --> 00:09:27,440

to

236

00:09:35,670 --> 00:09:30,720

and that my friends is what has always

237

00:09:39,910 --> 00:09:37,670

what if these extraterrestrials that are

238

00:09:41,910 --> 00:09:39,920

visiting earth are just studying

239

00:09:44,389 --> 00:09:41,920

humanity

240

00:09:45,829 --> 00:09:44,399

and those

241

00:09:48,150 --> 00:09:45,839

i don't know if you could call them

242

00:09:49,670 --> 00:09:48,160

victims or subjects that they are

243

00:09:52,710 --> 00:09:49,680

studying

244

00:09:55,110 --> 00:09:52,720

have been tagged have been implanted

245

00:09:57,430 --> 00:09:55,120

with some sort of device

246

00:09:59,350 --> 00:09:57,440

to help the people studying them find

247

00:10:02,829 --> 00:09:59,360

them again

248

00:10:07,190 --> 00:10:02,839

and continue in their scientific

249

00:10:09,190 --> 00:10:07,200

exploration of the human race

250

00:10:12,550 --> 00:10:09,200

and i gotta say that this is what keeps

251
00:10:13,430 --> 00:10:12,560
me interested in this phenomenon

252
00:10:15,430 --> 00:10:13,440
because

253
00:10:18,150 --> 00:10:15,440
like i said before folks

254
00:10:20,150 --> 00:10:18,160
what if it were true

255
00:10:23,430 --> 00:10:20,160
what if we can pull

256
00:10:25,110 --> 00:10:23,440
some kind of nanotechnology device

257
00:10:26,710 --> 00:10:25,120
and that's what many have claimed these

258
00:10:30,069 --> 00:10:26,720
things are

259
00:10:32,230 --> 00:10:30,079
out of one of those victims

260
00:10:35,990 --> 00:10:32,240
what if we could analyze it under

261
00:10:38,790 --> 00:10:36,000
laboratory conditions and prove

262
00:10:41,030 --> 00:10:38,800
that it's a nanotech device

263
00:10:43,350 --> 00:10:41,040

hundreds or thousands or tens of

264

00:10:46,389 --> 00:10:43,360

thousands of years ahead of our own

265

00:10:50,150 --> 00:10:48,389

what if we could take apart

266

00:10:52,470 --> 00:10:50,160

that implant

267

00:10:53,509 --> 00:10:52,480

and see how it worked and see what it

268

00:10:55,430 --> 00:10:53,519

did

269

00:10:56,389 --> 00:10:55,440

what if we

270

00:10:57,430 --> 00:10:56,399

could

271

00:10:59,670 --> 00:10:57,440

prove

272

00:11:02,949 --> 00:10:59,680

that that implant could not have been

273

00:11:05,750 --> 00:11:02,959

made by the human race but somehow it

274

00:11:08,150 --> 00:11:05,760

was found in the member of the human

275

00:11:13,430 --> 00:11:11,110

that would be earth shaking my friends

276

00:11:17,430 --> 00:11:13,440

that would be

277

00:11:19,350 --> 00:11:17,440

the holy grail i guess of ufology of of

278

00:11:22,470 --> 00:11:19,360

everyone looking for proof of

279

00:11:24,550 --> 00:11:22,480

extraterrestrial life

280

00:11:26,630 --> 00:11:24,560

if we could take that thing apart and

281

00:11:28,790 --> 00:11:26,640

really prove that it was not made on

282

00:11:30,550 --> 00:11:28,800

planet earth that it had some kind of

283

00:11:31,829 --> 00:11:30,560

technology that was

284

00:11:37,030 --> 00:11:31,839

hundreds

285

00:11:38,230 --> 00:11:37,040

thousands of years ahead of the human

286

00:11:42,069 --> 00:11:38,240

race

287

00:11:44,550 --> 00:11:42,079

you know some kind of nanotechnology

288

00:11:46,949 --> 00:11:44,560

i mean that would be game changing and

289

00:11:49,670 --> 00:11:46,959

that would prove

290

00:11:52,629 --> 00:11:49,680

the hypothesis that extraterrestrials

291

00:11:53,430 --> 00:11:52,639

truly are visiting planet earth

292

00:11:56,310 --> 00:11:53,440

and

293

00:11:59,110 --> 00:11:56,320

also abducting members of the human race

294

00:12:01,190 --> 00:11:59,120

i mean that would be amazing that would

295

00:12:03,750 --> 00:12:01,200

be game changing

296

00:12:05,750 --> 00:12:03,760

that would be incredible

297

00:12:08,949 --> 00:12:05,760

and that's what keeps me interested what

298

00:12:11,670 --> 00:12:08,959

if we could really do that

299

00:12:14,470 --> 00:12:11,680

but to me folks again i keep on coming

300

00:12:17,590 --> 00:12:14,480

back to the torn part i'm so torn about

301

00:12:19,430 --> 00:12:17,600

this because it's tantalizing right it's

302

00:12:21,750 --> 00:12:19,440

like what if what if this

303

00:12:25,350 --> 00:12:21,760

what if this was true

304

00:12:27,590 --> 00:12:25,360

but nobody really has proven it

305

00:12:31,110 --> 00:12:27,600

we get a lot of claims and we get a lot

306

00:12:32,949 --> 00:12:31,120

of talk about isotopic ratios

307

00:12:35,030 --> 00:12:32,959

and that's something that i think

308

00:12:37,590 --> 00:12:35,040

maybe you know i should have a guest

309

00:12:40,629 --> 00:12:37,600

that's a material scientist or somebody

310

00:12:41,829 --> 00:12:40,639

that studies meteors or i don't know

311

00:12:43,269 --> 00:12:41,839

somebody

312

00:12:45,430 --> 00:12:43,279

much more

313

00:12:48,150 --> 00:12:45,440

scientifically trained than me could

314

00:12:50,389 --> 00:12:48,160

come on our show and explain to us

315

00:12:53,590 --> 00:12:50,399

like what is this what does this mean

316

00:12:56,710 --> 00:12:53,600

that these isotopic ratios prove

317

00:12:58,870 --> 00:12:56,720

that this piece of metal was not

318

00:13:00,310 --> 00:12:58,880

made on planet earth and more

319

00:13:03,030 --> 00:13:00,320

importantly

320

00:13:07,030 --> 00:13:03,040

is this just a piece of a meteor

321

00:13:08,949 --> 00:13:07,040

or was this actually a manufactured item

322

00:13:13,430 --> 00:13:08,959

i think that's very important to

323

00:13:15,269 --> 00:13:13,440

consider in all of this study into this

324

00:13:18,069 --> 00:13:15,279

phenomenon

325

00:13:20,470 --> 00:13:18,079

and i have to say that the deeper i dug

326

00:13:22,470 --> 00:13:20,480

it into this rabbit hole

327

00:13:24,870 --> 00:13:22,480

the more that i thought

328

00:13:26,230 --> 00:13:24,880

we needed to find an expert

329

00:13:29,590 --> 00:13:26,240

in this stuff

330

00:13:31,030 --> 00:13:29,600

someone who is scientifically trained

331

00:13:32,389 --> 00:13:31,040

someone who

332

00:13:36,230 --> 00:13:32,399

was

333

00:13:38,389 --> 00:13:36,240

you know ideally intimately involved in

334

00:13:40,550 --> 00:13:38,399

some of this stuff

335

00:13:43,990 --> 00:13:40,560

and i have to say

336

00:13:46,870 --> 00:13:44,000

i was really sad when i heard

337

00:13:48,790 --> 00:13:46,880

that dr lear passed away because i

338

00:13:51,269 --> 00:13:48,800

always envisioned

339

00:13:53,750 --> 00:13:51,279

some grand moment when i would get him

340

00:13:55,350 --> 00:13:53,760

on my show and be able to really pick

341

00:13:57,829 --> 00:13:55,360

his brain

342

00:14:00,069 --> 00:13:57,839

and sadly of course since he's passed

343

00:14:01,590 --> 00:14:00,079

that's not possible

344

00:14:03,990 --> 00:14:01,600

but

345

00:14:07,509 --> 00:14:04,000

i think tonight we are still going to

346

00:14:09,269 --> 00:14:07,519

get incredible insight into the work of

347

00:14:10,550 --> 00:14:09,279

dr lear

348

00:14:13,670 --> 00:14:10,560

because tonight we're going to have a

349

00:14:16,870 --> 00:14:13,680

guest who worked intimately with him

350

00:14:17,910 --> 00:14:16,880

who is also a scientifically trained

351
00:14:20,310 --> 00:14:17,920
expert

352
00:14:23,189 --> 00:14:20,320
someone whose opinion

353
00:14:25,990 --> 00:14:23,199
i think i will trust

354
00:14:28,949 --> 00:14:26,000
as being accurate

355
00:14:32,069 --> 00:14:28,959
and tonight we're gonna get to do that

356
00:14:34,100 --> 00:14:32,079
we're gonna get to go even deeper down

357
00:14:35,590 --> 00:14:34,110
the rabbit hole than most people get

358
00:14:36,629 --> 00:14:35,600
[Music]

359
00:14:38,069 --> 00:14:36,639
you know

360
00:14:38,949 --> 00:14:38,079
i have to say

361
00:14:42,470 --> 00:14:38,959
that

362
00:14:44,389 --> 00:14:42,480
in my study of all these strange things

363
00:14:45,910 --> 00:14:44,399

i feel fortunate

364

00:14:46,949 --> 00:14:45,920

because

365

00:14:49,030 --> 00:14:46,959

you know

366

00:14:51,509 --> 00:14:49,040

some people may look into this and they

367

00:14:54,550 --> 00:14:51,519

kind of you know all you have is what's

368

00:14:57,269 --> 00:14:54,560

on youtube or the internet

369

00:14:59,590 --> 00:14:57,279

but lately i've been considering myself

370

00:15:01,990 --> 00:14:59,600

more fortunate than most because i have

371

00:15:03,990 --> 00:15:02,000

this show and i have this microphone and

372

00:15:05,590 --> 00:15:04,000

i have an audience that wants to hear

373

00:15:08,710 --> 00:15:05,600

about this stuff

374

00:15:11,590 --> 00:15:08,720

so sometimes just sometimes

375

00:15:13,829 --> 00:15:11,600

i'm fortunate i'm fortunate enough

376

00:15:15,430 --> 00:15:13,839

to have some kind of access that most

377

00:15:17,990 --> 00:15:15,440

people don't get

378

00:15:21,030 --> 00:15:18,000

access to an expert

379

00:15:24,790 --> 00:15:21,040

or someone that can come into this

380

00:15:26,790 --> 00:15:24,800

rabbit hole with me and shed some light

381

00:15:29,509 --> 00:15:26,800

down that rabbit hole

382

00:15:32,870 --> 00:15:29,519

i first heard about our guest tonight

383

00:15:34,949 --> 00:15:32,880

as being someone who worked very closely

384

00:15:37,110 --> 00:15:34,959

with dr lear

385

00:15:40,949 --> 00:15:37,120

and i first heard about that

386

00:15:42,310 --> 00:15:40,959

from a film by extraordinary beliefs

387

00:15:45,269 --> 00:15:42,320

you can check out their website

388

00:15:48,389 --> 00:15:45,279

extraordinarybeliefs.com

389

00:15:49,829 --> 00:15:48,399

it's a film by jeremy corbell

390

00:15:52,550 --> 00:15:49,839

titled

391

00:15:56,470 --> 00:15:52,560

patient 17

392

00:15:59,030 --> 00:15:56,480

and it chronicles the story of the 17th

393

00:16:01,030 --> 00:15:59,040

patient of dr leader

394

00:16:02,790 --> 00:16:01,040

this is an amazing film and i think

395

00:16:06,389 --> 00:16:02,800

everybody interested in this kind of

396

00:16:08,629 --> 00:16:06,399

stuff should go and check it out

397

00:16:11,590 --> 00:16:08,639

i first heard about jeremy corbell and

398

00:16:12,870 --> 00:16:11,600

his films when i was really digging deep

399

00:16:15,030 --> 00:16:12,880

researching

400

00:16:16,150 --> 00:16:15,040

bob lazar and he's also got a new film

401
00:16:18,629 --> 00:16:16,160
coming out

402
00:16:21,430 --> 00:16:18,639
about bob lazar

403
00:16:22,710 --> 00:16:21,440
and so i think you should check out his

404
00:16:24,870 --> 00:16:22,720
work

405
00:16:28,069 --> 00:16:24,880
but tonight we're going to get deeper

406
00:16:29,910 --> 00:16:28,079
and deeper into

407
00:16:32,470 --> 00:16:29,920
this phenomenon

408
00:16:34,389 --> 00:16:32,480
with a person that worked incredibly

409
00:16:37,749 --> 00:16:34,399
closely

410
00:16:39,749 --> 00:16:37,759
with dr lear and have to say this guy

411
00:16:42,550 --> 00:16:39,759
doesn't want to give interviews

412
00:16:45,509 --> 00:16:42,560
go see that film this is a hard guy to

413
00:16:48,629 --> 00:16:45,519

get a hold of and we had to do uh our

414

00:16:49,430 --> 00:16:48,639

due diligence to get him

415

00:16:52,310 --> 00:16:49,440

and

416

00:16:54,310 --> 00:16:52,320

you know get him to agree to the show

417

00:16:56,389 --> 00:16:54,320

and i have to say like

418

00:16:59,509 --> 00:16:56,399

you know there's so many naysayers about

419

00:17:02,389 --> 00:16:59,519

our show and i i don't know man we got a

420

00:17:03,990 --> 00:17:02,399

lot of like haters lately

421

00:17:07,429 --> 00:17:04,000

and they always say you can't get that

422

00:17:10,390 --> 00:17:07,439

interview but we do we get the interview

423

00:17:12,710 --> 00:17:10,400

you know that's kind of what we do here

424

00:17:14,870 --> 00:17:12,720

and and it's funny to me

425

00:17:17,990 --> 00:17:14,880

that so many people

426

00:17:20,390 --> 00:17:18,000

choose to not believe in our ability to

427

00:17:22,470 --> 00:17:20,400

bring new information about these

428

00:17:25,189 --> 00:17:22,480

subjects to the public but we somehow

429

00:17:27,510 --> 00:17:25,199

always do and tonight is no different my

430

00:17:29,590 --> 00:17:27,520

friends tonight we're gonna give you

431

00:17:32,789 --> 00:17:29,600

some good new stuff that you've never

432

00:17:35,190 --> 00:17:32,799

heard anywhere before because that's

433

00:17:37,350 --> 00:17:35,200

what we do here on the midnight hour we

434

00:17:39,750 --> 00:17:37,360

dig deep

435

00:17:41,669 --> 00:17:39,760

and tonight is no different tonight

436

00:17:44,470 --> 00:17:41,679

we're going to dig deep into this

437

00:17:46,710 --> 00:17:44,480

subject and we're going to give you

438

00:17:48,710 --> 00:17:46,720

new and exciting information that you've

439

00:17:51,510 --> 00:17:48,720

never heard before anywhere else we're

440

00:17:54,230 --> 00:17:51,520

going to give you an incredible insight

441

00:17:57,270 --> 00:17:54,240

into this phenomenon

442

00:18:01,590 --> 00:17:57,280

and i'm so proud of that and i'm equally

443

00:18:04,150 --> 00:18:01,600

proud of my producer i gotta say like

444

00:18:06,310 --> 00:18:04,160

when i started to produce these shows

445

00:18:09,190 --> 00:18:06,320

you know i was completely on my own and

446

00:18:11,830 --> 00:18:09,200

it was really like the dark ages of the

447

00:18:12,950 --> 00:18:11,840

beginning of this show

448

00:18:15,270 --> 00:18:12,960

and

449

00:18:17,270 --> 00:18:15,280

things were really tough trying to do

450

00:18:19,350 --> 00:18:17,280

all this stuff myself and do all this

451
00:18:21,590 --> 00:18:19,360
research and get guests and all this

452
00:18:24,230 --> 00:18:21,600
stuff and like

453
00:18:25,590 --> 00:18:24,240
since we have this producer richard

454
00:18:27,190 --> 00:18:25,600
booth

455
00:18:30,870 --> 00:18:27,200
i gotta say like

456
00:18:34,549 --> 00:18:30,880
the whole show is taking on a new

457
00:18:35,430 --> 00:18:34,559
elevated status it's just gotten so much

458
00:18:39,110 --> 00:18:35,440
better

459
00:18:43,029 --> 00:18:41,990
my producer got our guest tonight to

460
00:18:44,870 --> 00:18:43,039
agree

461
00:18:46,789 --> 00:18:44,880
you know and that wasn't an easy thing

462
00:18:48,789 --> 00:18:46,799
to do i want to thank him for getting us

463
00:18:51,110 --> 00:18:48,799

this incredible guest

464

00:18:52,789 --> 00:18:51,120

he's done so much to help make the show

465

00:18:55,190 --> 00:18:52,799

better and we want to publicly

466

00:18:58,070 --> 00:18:55,200

acknowledge that and thank him on the

467

00:18:59,990 --> 00:18:58,080

air for that so thanks to richard booth

468

00:19:02,710 --> 00:19:00,000

the producer of our show for all of his

469

00:19:07,270 --> 00:19:04,710

now on to our guest tonight

470

00:19:09,270 --> 00:19:07,280

his name is stephen colburn and he was

471

00:19:11,750 --> 00:19:09,280

most recently featured

472

00:19:13,830 --> 00:19:11,760

in the documentary film

473

00:19:15,669 --> 00:19:13,840

patient 17.

474

00:19:18,310 --> 00:19:15,679

he's done a few other

475

00:19:21,190 --> 00:19:18,320

show appearances as well

476
00:19:23,510 --> 00:19:21,200
but i would think that most people would

477
00:19:26,070 --> 00:19:23,520
know him or have seen him

478
00:19:27,510 --> 00:19:26,080
or heard about him in that

479
00:19:29,590 --> 00:19:27,520
film

480
00:19:32,070 --> 00:19:29,600
a little bit about his background you

481
00:19:34,870 --> 00:19:32,080
know and i'm always interested in

482
00:19:37,430 --> 00:19:34,880
people's bio like what have they done

483
00:19:39,430 --> 00:19:37,440
what have they accomplished

484
00:19:41,830 --> 00:19:39,440
and mr colburn

485
00:19:42,870 --> 00:19:41,840
appears to be an incredibly accomplished

486
00:19:45,430 --> 00:19:42,880
person

487
00:19:48,310 --> 00:19:45,440
and incredibly well educated

488
00:19:52,950 --> 00:19:48,320

in fact he was an oxnard high school

489

00:19:54,310 --> 00:19:52,960

graduate with a 4.0 average

490

00:19:56,310 --> 00:19:54,320

and i think

491

00:19:58,310 --> 00:19:56,320

one other thing speaks

492

00:20:00,630 --> 00:19:58,320

to a little bit about him and that is

493

00:20:01,830 --> 00:20:00,640

that he was an eagle scout with three

494

00:20:04,230 --> 00:20:01,840

poems

495

00:20:05,029 --> 00:20:04,240

i was a boy scout most of my childhood

496

00:20:06,390 --> 00:20:05,039

and

497

00:20:07,990 --> 00:20:06,400

you know it's one of the big regrets of

498

00:20:09,830 --> 00:20:08,000

my life i i

499

00:20:11,750 --> 00:20:09,840

got the rank right before eagle scout

500

00:20:13,830 --> 00:20:11,760

but i aged out before i could finish

501
00:20:14,870 --> 00:20:13,840
that last project and get that eagle

502
00:20:16,310 --> 00:20:14,880
scout

503
00:20:17,750 --> 00:20:16,320
and i got to tell you

504
00:20:20,549 --> 00:20:17,760
becoming an eagle scout is really

505
00:20:22,070 --> 00:20:20,559
difficult it's not an easy thing to do

506
00:20:24,710 --> 00:20:22,080
and i think that speaks a little bit

507
00:20:28,470 --> 00:20:24,720
about our guest tonight and maybe

508
00:20:33,350 --> 00:20:30,549
also

509
00:20:34,870 --> 00:20:33,360
he earned a bachelor of science degree

510
00:20:38,470 --> 00:20:34,880
in chemistry

511
00:20:41,430 --> 00:20:38,480
from ucla in 1989 so his initial

512
00:20:44,310 --> 00:20:41,440
scientific background as a scientist is

513
00:20:46,950 --> 00:20:44,320

actually in chemistry

514

00:20:50,310 --> 00:20:46,960

next he studied as a graduate student at

515

00:20:52,549 --> 00:20:50,320

ucla in biochemistry

516

00:20:55,110 --> 00:20:52,559

next in the mid 90s he worked at

517

00:20:56,070 --> 00:20:55,120

cedars-sinai research institute in los

518

00:20:58,870 --> 00:20:56,080

angeles

519

00:21:01,430 --> 00:20:58,880

as a biochemist conducting genetic

520

00:21:03,750 --> 00:21:01,440

research

521

00:21:05,990 --> 00:21:03,760

next he became the president of neutron

522

00:21:10,230 --> 00:21:06,000

star nanotechnology

523

00:21:13,110 --> 00:21:10,240

uh from 2014 to present and

524

00:21:15,669 --> 00:21:13,120

uh his work there is described as being

525

00:21:17,909 --> 00:21:15,679

a carbon nanotube

526
00:21:18,789 --> 00:21:17,919
scientist

527
00:21:21,270 --> 00:21:18,799
he's

528
00:21:24,630 --> 00:21:21,280
also been the senior member of technical

529
00:21:25,669 --> 00:21:24,640
staff at ytc america from 1999 to

530
00:21:29,510 --> 00:21:25,679
present

531
00:21:31,510 --> 00:21:29,520
again in the role as a carbon nanotube

532
00:21:33,270 --> 00:21:31,520
scientist

533
00:21:35,029 --> 00:21:33,280
now

534
00:21:38,310 --> 00:21:35,039
as described in

535
00:21:41,669 --> 00:21:38,320
the film that he was in patient 17

536
00:21:43,430 --> 00:21:41,679
he worked as a material scientist for dr

537
00:21:45,590 --> 00:21:43,440
roger lear

538
00:21:49,190 --> 00:21:45,600

he's also been a member of the materials

539

00:21:50,870 --> 00:21:49,200
research society from 2007

540

00:21:53,190 --> 00:21:50,880
to present

541

00:21:55,190 --> 00:21:53,200
and also what i found most interesting

542

00:21:58,070 --> 00:21:55,200
in doing a little digging about him is

543

00:21:59,510 --> 00:21:58,080
that he holds four patents in scientific

544

00:22:01,590 --> 00:21:59,520
areas

545

00:22:03,990 --> 00:22:01,600
and i have to be honest in saying i'm

546

00:22:06,470 --> 00:22:04,000
really not good at reading patents but

547

00:22:11,590 --> 00:22:06,480
it it appears to me that all of those

548

00:22:12,710 --> 00:22:11,600
patents are relating to nano technology

549

00:22:15,110 --> 00:22:12,720
so

550

00:22:17,669 --> 00:22:15,120
you know when we talk about

551
00:22:20,310 --> 00:22:17,679
these alien implants or

552
00:22:22,149 --> 00:22:20,320
i would say alleged alien implants until

553
00:22:24,149 --> 00:22:22,159
i know more

554
00:22:27,110 --> 00:22:24,159
i think there's no one better than this

555
00:22:28,230 --> 00:22:27,120
man to tell us what are these things

556
00:22:30,870 --> 00:22:28,240
made of

557
00:22:33,590 --> 00:22:30,880
what are they elementally comprised of

558
00:22:35,510 --> 00:22:33,600
what are the what is their function

559
00:22:38,830 --> 00:22:35,520
i mean the man has a background in

560
00:22:40,710 --> 00:22:38,840
chemistry in biochemistry and in

561
00:22:42,630 --> 00:22:40,720
nanotechnology

562
00:22:45,830 --> 00:22:42,640
these little implants

563
00:22:48,149 --> 00:22:45,840

if they're real and from

564

00:22:49,430 --> 00:22:48,159

i don't know an extraterrestrial

565

00:22:52,549 --> 00:22:49,440

intelligence

566

00:22:55,190 --> 00:22:52,559

they're so small that to be

567

00:22:56,789 --> 00:22:55,200

at all useful i would say to whoever

568

00:22:57,669 --> 00:22:56,799

implanted them

569

00:23:01,270 --> 00:22:57,679

they

570

00:23:05,350 --> 00:23:01,280

would have to be comprised of some kind

571

00:23:08,310 --> 00:23:05,360

of super advanced nanotechnology

572

00:23:10,230 --> 00:23:08,320

so here tonight we have a guest mr

573

00:23:12,549 --> 00:23:10,240

stephen colburn who

574

00:23:14,630 --> 00:23:12,559

i would consider an expert i would think

575

00:23:18,870 --> 00:23:14,640

most lawyers in a court of law would

576

00:23:20,870 --> 00:23:18,880

consider him an expert in nanotechnology

577

00:23:23,190 --> 00:23:20,880

and in chemistry

578

00:23:26,310 --> 00:23:23,200

i think he's uniquely qualified to help

579

00:23:28,230 --> 00:23:26,320

us to shed some light on this alien

580

00:23:31,350 --> 00:23:28,240

implant phenomenon

581

00:23:32,390 --> 00:23:31,360

what are these things made of

582

00:23:34,630 --> 00:23:32,400

let's

583

00:23:36,950 --> 00:23:34,640

find out

584

00:23:52,630 --> 00:23:36,960

without further ado my friends

585

00:23:55,990 --> 00:23:53,830

hello

586

00:23:58,789 --> 00:23:56,000

hi mr colburn

587

00:24:00,789 --> 00:23:58,799

yeah hi this is darren from the midnight

588

00:24:03,110 --> 00:24:00,799

hour richard talk to you about doing an

589

00:24:04,710 --> 00:24:03,120

interview today for the show

590

00:24:06,470 --> 00:24:04,720

yeah yeah i'm uh

591

00:24:09,909 --> 00:24:06,480

i was trying to

592

00:24:11,590 --> 00:24:09,919

okay are you uh are you good to go now

593

00:24:13,110 --> 00:24:11,600

uh yeah yeah this is good uh sorry i

594

00:24:15,350 --> 00:24:13,120

don't either drive my son somewhere and

595

00:24:17,110 --> 00:24:15,360

take longer than i expected

596

00:24:18,870 --> 00:24:17,120

yeah i'm good to go no problem i have

597

00:24:20,950 --> 00:24:18,880

two small children and i know that could

598

00:24:23,430 --> 00:24:20,960

be very difficult sometimes

599

00:24:25,590 --> 00:24:23,440

so i guess uh

600

00:24:26,870 --> 00:24:25,600

i did like a bumper just so you know i

601
00:24:28,710 --> 00:24:26,880
mean i could send it to you after the

602
00:24:31,430 --> 00:24:28,720
show like i'm just talking about your

603
00:24:33,990 --> 00:24:31,440
background and your education

604
00:24:35,830 --> 00:24:34,000
but i i guess the first question that i

605
00:24:37,510 --> 00:24:35,840
wanted to ask you is how did you get

606
00:24:39,430 --> 00:24:37,520
interested in

607
00:24:41,830 --> 00:24:39,440
this kind of

608
00:24:45,350 --> 00:24:41,840
genre or phenomenon of things

609
00:24:47,590 --> 00:24:45,360
especially the alien implants

610
00:24:52,310 --> 00:24:47,600
i've always been interested in it and

611
00:24:54,630 --> 00:24:52,320
i've had some uh ufo sightings and um

612
00:24:56,710 --> 00:24:54,640
it's just always been uh fascinating but

613
00:24:58,230 --> 00:24:56,720

fascinating to me and

614

00:24:59,669 --> 00:24:58,240

it turned out that

615

00:25:01,430 --> 00:24:59,679

dr lear

616

00:25:02,940 --> 00:25:01,440

worked on a few blocks from rice to work

617

00:25:05,269 --> 00:25:02,950

in camarillo and we hooked up

618

00:25:07,350 --> 00:25:05,279

[Music]

619

00:25:09,190 --> 00:25:07,360

okay that's that was going to be my next

620

00:25:12,310 --> 00:25:09,200

question is how did you uh how did you

621

00:25:21,190 --> 00:25:12,320

meet dr lear and and start a working

622

00:25:27,110 --> 00:25:24,230

i went in oh actually i went in to see

623

00:25:31,110 --> 00:25:27,120

him as a patient once and

624

00:25:33,990 --> 00:25:31,120

uh and we started talking about implants

625

00:25:34,789 --> 00:25:34,000

yeah he's really well known for for that

626

00:25:36,630 --> 00:25:34,799

that's

627

00:25:39,190 --> 00:25:36,640

been my experience like

628

00:25:40,870 --> 00:25:39,200

i first heard of him years ago you know

629

00:25:42,789 --> 00:25:40,880

like on a television show or something

630

00:25:44,230 --> 00:25:42,799

like that so

631

00:25:45,830 --> 00:25:44,240

i i guess

632

00:25:47,909 --> 00:25:45,840

you know i explained to my listeners

633

00:25:49,190 --> 00:25:47,919

that your background

634

00:25:51,909 --> 00:25:49,200

first of all you have a bachelor's

635

00:25:54,549 --> 00:25:51,919

degree in chemistry is that right yeah

636

00:25:57,269 --> 00:25:54,559

that's right and then after that you uh

637

00:25:59,750 --> 00:25:57,279

were sort of uh you have a big interest

638

00:26:02,549 --> 00:25:59,760

in material science and are part of this

639

00:26:04,710 --> 00:26:02,559

materials uh

640

00:26:08,149 --> 00:26:04,720

i'm sorry once yeah do you remember the

641

00:26:10,070 --> 00:26:08,159

materials research society

642

00:26:12,390 --> 00:26:10,080

yeah yeah i worked for about 16 years at

643

00:26:13,590 --> 00:26:12,400

a place called ytc america and camarillo

644

00:26:15,430 --> 00:26:13,600

that

645

00:26:19,269 --> 00:26:15,440

did a lot of material science research

646

00:26:22,149 --> 00:26:19,279

for um yuzuki corporation for um they're

647

00:26:24,470 --> 00:26:22,159

mainly an automotive uh

648

00:26:26,230 --> 00:26:24,480

company and we did some research on

649

00:26:29,590 --> 00:26:26,240

binding material for conductors in

650

00:26:31,590 --> 00:26:29,600

copper for wiring and

651
00:26:33,350 --> 00:26:31,600
ultrapure

652
00:26:37,029 --> 00:26:33,360
silica glass for

653
00:26:38,710 --> 00:26:37,039
semiconductor lithography use

654
00:26:40,230 --> 00:26:38,720
yeah i was going to say for the for the

655
00:26:42,070 --> 00:26:40,240
benefit of my listeners that don't

656
00:26:44,149 --> 00:26:42,080
really know much about material science

657
00:26:45,430 --> 00:26:44,159
can you explain what that is to people

658
00:26:46,789 --> 00:26:45,440
because you've worked in it for a long

659
00:26:48,390 --> 00:26:46,799
time but most people when you think

660
00:26:50,230 --> 00:26:48,400
material science i don't know i would

661
00:26:52,149 --> 00:26:50,240
think like okay that's

662
00:26:53,990 --> 00:26:52,159
developing new materials or is it

663
00:26:56,070 --> 00:26:54,000

studying materials that are existing

664

00:26:58,630 --> 00:26:56,080

creating polymers and like mixes of

665

00:27:00,630 --> 00:26:58,640

materials what exactly is this material

666

00:27:01,510 --> 00:27:00,640

science covers a lot of ground i mean we

667

00:27:03,029 --> 00:27:01,520

have

668

00:27:05,269 --> 00:27:03,039

many different classes of materials we

669

00:27:07,750 --> 00:27:05,279

do many different things and

670

00:27:08,870 --> 00:27:07,760

a big part of modern technology or you

671

00:27:10,870 --> 00:27:08,880

know the cutting edge of modern

672

00:27:13,590 --> 00:27:10,880

technology is developing new materials

673

00:27:16,789 --> 00:27:13,600

that can do new things be stronger

674

00:27:17,990 --> 00:27:16,799

conduct electricity better

675

00:27:20,389 --> 00:27:18,000

give off

676

00:27:22,230 --> 00:27:20,399

light or promote chemical reactions or

677

00:27:23,510 --> 00:27:22,240

whatever the case might be

678

00:27:26,630 --> 00:27:23,520

and

679

00:27:30,630 --> 00:27:26,640

in my case uh i was working on

680

00:27:32,070 --> 00:27:30,640

a a saw gel project to make ultra pure

681

00:27:35,350 --> 00:27:32,080

silica glass

682

00:27:36,630 --> 00:27:35,360

first and then uh

683

00:27:39,029 --> 00:27:36,640

i don't know what that's for i studied

684

00:27:39,990 --> 00:27:39,039

computer science

685

00:27:44,710 --> 00:27:40,000

so

686

00:27:47,029 --> 00:27:44,720

definitely know what that's for

687

00:27:51,269 --> 00:27:47,039

yeah yeah the the the ultra pure silica

688

00:27:55,669 --> 00:27:53,830

drawing circuits onto it and

689

00:27:58,310 --> 00:27:55,679

photographically reducing that image

690

00:28:01,110 --> 00:27:58,320

down onto a silicon chip to

691

00:28:03,590 --> 00:28:01,120

etch the silicon chip to put in

692

00:28:06,630 --> 00:28:03,600

the various tokens that

693

00:28:09,510 --> 00:28:06,640

make it into a into a silicon

694

00:28:10,630 --> 00:28:09,520

wafer with uh micro components

695

00:28:13,350 --> 00:28:10,640

and

696

00:28:15,110 --> 00:28:13,360

you have to have the the glass transmit

697

00:28:18,149 --> 00:28:15,120

very short wavelengths would be light to

698

00:28:19,990 --> 00:28:18,159

do that to expose the photoresist

699

00:28:23,430 --> 00:28:20,000

and

700

00:28:24,789 --> 00:28:23,440

they wanted a fluorinated glass with um

701

00:28:27,350 --> 00:28:24,799

with a

702

00:28:28,789 --> 00:28:27,360

high transmission and this uh impurity

703

00:28:31,110 --> 00:28:28,799

content as possible we got down to like

704

00:28:32,389 --> 00:28:31,120

50 parts per billion total metallic

705

00:28:35,190 --> 00:28:32,399

impurities

706

00:28:38,070 --> 00:28:35,200

wow and uh about a thousand ppm fluorine

707

00:28:40,710 --> 00:28:38,080

content that was highly resistant to um

708

00:28:43,029 --> 00:28:40,720

radiation did not be exposed to several

709

00:28:45,190 --> 00:28:43,039

million rads of x-rays it did not change

710

00:28:47,350 --> 00:28:45,200

the transmission much so it would have

711

00:28:50,230 --> 00:28:47,360

been good for

712

00:28:53,029 --> 00:28:50,240

spacecraft use or

713

00:28:55,029 --> 00:28:53,039

a use of nuclear reactors

714

00:28:56,070 --> 00:28:55,039

for instrumentation parts stuff like

715

00:28:57,830 --> 00:28:56,080

that

716

00:28:59,269 --> 00:28:57,840

and it was a near net shape process

717

00:29:00,870 --> 00:28:59,279

where you could you could make a liquid

718

00:29:02,470 --> 00:29:00,880

pour it into whatever shape you wanted

719

00:29:03,750 --> 00:29:02,480

gel it dry it

720

00:29:05,350 --> 00:29:03,760

and um

721

00:29:07,590 --> 00:29:05,360

center it

722

00:29:16,470 --> 00:29:07,600

and it would it would retain the shape

723

00:29:20,310 --> 00:29:18,470

a lot of work on carbon nanotubes yeah i

724

00:29:21,669 --> 00:29:20,320

was just going to get to that i see that

725

00:29:23,669 --> 00:29:21,679

at some point you started a

726

00:29:25,669 --> 00:29:23,679

nanotechnology company

727

00:29:28,230 --> 00:29:25,679

and

728

00:29:29,590 --> 00:29:28,240

you were in that it says nanotube

729

00:29:33,110 --> 00:29:29,600

scientists can you explain what a

730

00:29:34,789 --> 00:29:33,120

nanotube is to our listeners um yeah um

731

00:29:36,310 --> 00:29:34,799

the most stable form of carbon there are

732

00:29:39,110 --> 00:29:36,320

several forms of carbon but the most

733

00:29:41,190 --> 00:29:39,120

stable form is called graphite i think

734

00:29:44,070 --> 00:29:41,200

most people are familiar with it as

735

00:29:48,789 --> 00:29:46,310

that's my only experience that's my only

736

00:29:50,710 --> 00:29:48,799

experience with what graphite is but i

737

00:29:52,630 --> 00:29:50,720

know that they use it in

738

00:29:54,389 --> 00:29:52,640

hundreds and thousands of different uses

739

00:29:57,029 --> 00:29:54,399

right

740

00:29:58,789 --> 00:29:57,039

um yeah it's um it's kind of a it's kind

741

00:30:01,029 --> 00:29:58,799

of a dark uh

742

00:30:03,350 --> 00:30:01,039

lustery material and um

743

00:30:04,950 --> 00:30:03,360

it's in the form of microscopically it's

744

00:30:08,310 --> 00:30:04,960

in the form of

745

00:30:11,350 --> 00:30:08,320

of sheets of carbon atoms that are well

746

00:30:13,269 --> 00:30:11,360

bonded together kind of like a hexagonal

747

00:30:15,029 --> 00:30:13,279

chicken wire type arrangement

748

00:30:17,110 --> 00:30:15,039

and those plates of carbon atom sheets

749

00:30:18,070 --> 00:30:17,120

of carbon atoms are stacked on top of

750

00:30:19,830 --> 00:30:18,080

the other

751
00:30:23,029 --> 00:30:19,840
and strong van der waals forces hold

752
00:30:25,669 --> 00:30:23,039
them together so um

753
00:30:27,510 --> 00:30:25,679
the sheets can slide across each other a

754
00:30:29,830 --> 00:30:27,520
lot easier than they can be ripped apart

755
00:30:32,149 --> 00:30:29,840
they're extremely strong

756
00:30:34,230 --> 00:30:32,159
in the horizontal direction but i don't

757
00:30:36,470 --> 00:30:34,240
bond that strongly together so

758
00:30:38,470 --> 00:30:36,480
anyway if you took one of those sheets

759
00:30:40,389 --> 00:30:38,480
if you're taking one of those sheets and

760
00:30:42,950 --> 00:30:40,399
rolling it into a tube

761
00:30:44,549 --> 00:30:42,960
that would be a carbon nanotube

762
00:30:46,310 --> 00:30:44,559
and the angle at which the folding is

763
00:30:47,590 --> 00:30:46,320

done determines whether

764

00:30:49,430 --> 00:30:47,600

it determines the tube properties

765

00:30:52,149 --> 00:30:49,440

whether it's a into the array either a

766

00:30:54,389 --> 00:30:52,159

semiconducting or a

767

00:30:56,310 --> 00:30:54,399

metallic carbon nanotube well that was

768

00:30:58,389 --> 00:30:56,320

going to be my next question

769

00:31:00,230 --> 00:30:58,399

what exactly are carbon nanotubes used

770

00:31:01,509 --> 00:31:00,240

for in industry and products and things

771

00:31:03,110 --> 00:31:01,519

like that

772

00:31:04,950 --> 00:31:03,120

well they're the the world's strongest

773

00:31:05,830 --> 00:31:04,960

known material

774

00:31:07,110 --> 00:31:05,840

so

775

00:31:09,190 --> 00:31:07,120

if we could

776
00:31:10,950 --> 00:31:09,200
make

777
00:31:12,950 --> 00:31:10,960
defect three carbon nanotubes that were

778
00:31:14,549 --> 00:31:12,960
sufficiently long you could use them to

779
00:31:16,830 --> 00:31:14,559
strengthen

780
00:31:19,830 --> 00:31:16,840
many materials including

781
00:31:22,789 --> 00:31:19,840
metals in fact we were trying to

782
00:31:24,710 --> 00:31:22,799
make an aluminum carbon nanotube

783
00:31:26,340 --> 00:31:24,720
metal matrix composite that would be

784
00:31:27,669 --> 00:31:26,350
more conductive than copper

785
00:31:30,549 --> 00:31:27,679
[Music]

786
00:31:31,990 --> 00:31:30,559
and that's theoretically possible and

787
00:31:34,070 --> 00:31:32,000
i always need to get the cause of carbon

788
00:31:36,389 --> 00:31:34,080

nanotubes down and be able to develop

789

00:31:38,549 --> 00:31:36,399

better methods of separating the

790

00:31:40,230 --> 00:31:38,559

uh the different diameters and types of

791

00:31:41,669 --> 00:31:40,240

carbon nanotubes from one another

792

00:31:44,470 --> 00:31:41,679

there's hundreds of different types so

793

00:31:47,990 --> 00:31:44,480

they vary by diameter and

794

00:31:49,190 --> 00:31:48,000

an angle of uh roll angle um

795

00:31:50,230 --> 00:31:49,200

and um

796

00:31:51,990 --> 00:31:50,240

uh

797

00:31:53,509 --> 00:31:52,000

that determines whether they're metallic

798

00:31:55,269 --> 00:31:53,519

or something you know the metallic ones

799

00:31:56,710 --> 00:31:55,279

are extremely conductive

800

00:31:58,470 --> 00:31:56,720

and they're almost like

801
00:32:01,350 --> 00:31:58,480
a superconductor the only resistance is

802
00:32:03,750 --> 00:32:01,360
the contact resistance of each end

803
00:32:05,029 --> 00:32:03,760
and the semiconductor ones are

804
00:32:07,830 --> 00:32:05,039
a lot like

805
00:32:09,669 --> 00:32:07,840
doped silicon you can use them to make

806
00:32:14,549 --> 00:32:09,679
transistors and diodes and

807
00:32:19,590 --> 00:32:16,789
you have four patents in that area isn't

808
00:32:21,509 --> 00:32:19,600
that right in in nanotechnology or

809
00:32:24,549 --> 00:32:21,519
carbon nanotubes

810
00:32:26,830 --> 00:32:24,559
yeah the um the one i'm the one i'm the

811
00:32:30,070 --> 00:32:26,840
most uh proud of is

812
00:32:33,750 --> 00:32:30,080
a process to put just about any desired

813
00:32:37,350 --> 00:32:33,760

metal inside carbon nanotubes or to put

814

00:32:39,430 --> 00:32:37,360

nanoparticles on the outside or both

815

00:32:41,190 --> 00:32:39,440

there's a force called the casimir

816

00:32:43,029 --> 00:32:41,200

effect that

817

00:32:44,630 --> 00:32:43,039

that sucks in

818

00:32:47,110 --> 00:32:44,640

material on the inside of even a very

819

00:32:49,350 --> 00:32:47,120

small diameter carbonylity of um like

820

00:32:51,110 --> 00:32:49,360

with a one uh it's a quantum mechanical

821

00:32:52,440 --> 00:32:51,120

effect uh

822

00:32:54,070 --> 00:32:52,450

zero point energy effect then

823

00:32:55,509 --> 00:32:54,080

[Music]

824

00:32:57,590 --> 00:32:55,519

if you took

825

00:33:00,070 --> 00:32:57,600

two conductive plates and

826

00:33:01,669 --> 00:33:00,080

put them uh very close together

827

00:33:03,590 --> 00:33:01,679

then um

828

00:33:05,430 --> 00:33:03,600

the zero point energy is all around us

829

00:33:06,549 --> 00:33:05,440

and there's an electromagnetic component

830

00:33:07,350 --> 00:33:06,559

of that

831

00:33:09,830 --> 00:33:07,360

and

832

00:33:11,509 --> 00:33:09,840

between two conductive plates

833

00:33:13,590 --> 00:33:11,519

the component of the zero point energy

834

00:33:15,430 --> 00:33:13,600

that has a wavelength

835

00:33:17,110 --> 00:33:15,440

longer than the separation distance

836

00:33:18,389 --> 00:33:17,120

between the plates cannot propagate in

837

00:33:19,669 --> 00:33:18,399

the gap

838

00:33:21,110 --> 00:33:19,679

so

839

00:33:23,029 --> 00:33:21,120

in theory

840

00:33:24,549 --> 00:33:23,039

then you have you have a higher pressure

841

00:33:26,470 --> 00:33:24,559

pushing on the sides of the carbon

842

00:33:27,669 --> 00:33:26,480

nanotubes and work hard

843

00:33:30,310 --> 00:33:27,679

because on the side of the plate it's

844

00:33:32,470 --> 00:33:30,320

rather inward than you have uh

845

00:33:34,789 --> 00:33:32,480

from the inside so there's a force

846

00:33:38,070 --> 00:33:34,799

pushing the two plates together

847

00:33:39,110 --> 00:33:38,080

and that in that in fact uh turns out to

848

00:33:42,389 --> 00:33:39,120

be

849

00:33:44,070 --> 00:33:42,399

demonstrable um experimentally

850

00:33:46,230 --> 00:33:44,080

and

851
00:33:48,950 --> 00:33:46,240
it also applies to a tubular conductive

852
00:33:51,190 --> 00:33:48,960
object like a carbon nanotube so

853
00:33:52,870 --> 00:33:51,200
uh with a carbon attitude that's um

854
00:33:54,630 --> 00:33:52,880
that's about a nanometer in diameter

855
00:33:56,470 --> 00:33:54,640
about 10 atoms across uh there's

856
00:33:57,430 --> 00:33:56,480
approximately three million atmospheric

857
00:34:00,230 --> 00:33:57,440
pressure

858
00:34:01,669 --> 00:34:00,240
trying to push that into the center so

859
00:34:03,750 --> 00:34:01,679
you can open up the ends of carbon

860
00:34:05,190 --> 00:34:03,760
nanotubes with reagents like bromine for

861
00:34:06,710 --> 00:34:05,200
example and um

862
00:34:08,310 --> 00:34:06,720
and stuff will just whatever's in the

863
00:34:11,190 --> 00:34:08,320

solution that's going to rush in there

864

00:34:12,629 --> 00:34:11,200

and if it includes the the

865

00:34:16,149 --> 00:34:12,639

booth

866

00:34:18,790 --> 00:34:16,159

then you've got it inside the tube and

867

00:34:20,869 --> 00:34:18,800

our storage we did mostly metal ions and

868

00:34:22,950 --> 00:34:20,879

that those metal ions later with

869

00:34:25,510 --> 00:34:22,960

hydrogen to

870

00:34:27,430 --> 00:34:25,520

metal inside the tube

871

00:34:29,990 --> 00:34:27,440

and now you might have properties for

872

00:34:31,270 --> 00:34:30,000

different purposes i'm sorry hold on one

873

00:34:32,310 --> 00:34:31,280

second you might be able to hear a bunch

874

00:34:34,470 --> 00:34:32,320

of cooling

875

00:34:40,590 --> 00:34:34,480

just give me one second okay i apologize

876

00:34:40,600 --> 00:34:49,669

[Applause]

877

00:34:53,190 --> 00:34:51,430

okay i'm sorry about that i can cut this

878

00:34:56,389 --> 00:34:53,200

out but i should explain that my normal

879

00:34:58,390 --> 00:34:56,399

studio i'm moving in 16 days is all uh

880

00:35:10,870 --> 00:34:58,400

packed up and i'm in a basement with

881

00:35:15,670 --> 00:35:13,750

recording and i can cut all of my noise

882

00:35:17,589 --> 00:35:15,680

out when you're when you're answering so

883

00:35:19,829 --> 00:35:17,599

it's not like a big deal i have you on

884

00:35:21,990 --> 00:35:19,839

one channel on me on another channel

885

00:35:24,310 --> 00:35:22,000

so i guess the the other question i

886

00:35:25,349 --> 00:35:24,320

wanted to ask you is

887

00:35:27,510 --> 00:35:25,359

when

888

00:35:29,990 --> 00:35:27,520

you're you're i want to i explained to

889

00:35:31,270 --> 00:35:30,000

my listeners that to get to the bottom

890

00:35:33,910 --> 00:35:31,280

of what these

891

00:35:36,550 --> 00:35:33,920

so-called or i don't want to say alleged

892

00:35:39,190 --> 00:35:36,560

alien implants but i guess i will

893

00:35:41,270 --> 00:35:39,200

what are they what are they made of

894

00:35:43,670 --> 00:35:41,280

to get to the bottom of that i wanted to

895

00:35:45,270 --> 00:35:43,680

talk to somebody like you and honestly i

896

00:35:47,109 --> 00:35:45,280

think you're the most qualified person i

897

00:35:49,589 --> 00:35:47,119

could possibly find

898

00:35:51,589 --> 00:35:49,599

because number one you have actual

899

00:35:53,270 --> 00:35:51,599

physical experience with them and number

900

00:35:54,550 --> 00:35:53,280

two because of the background that

901
00:35:57,910 --> 00:35:54,560
you've been talking about you've been

902
00:36:01,430 --> 00:35:57,920
working with materials and chemistry and

903
00:36:03,589 --> 00:36:01,440
nanotechnology and nano you know

904
00:36:05,270 --> 00:36:03,599
the stuff that you're doing you're the

905
00:36:07,910 --> 00:36:05,280
perfect person

906
00:36:09,910 --> 00:36:07,920
to explain to our listeners

907
00:36:12,630 --> 00:36:09,920
what are these implants what are they

908
00:36:14,069 --> 00:36:12,640
made of what is their function

909
00:36:15,589 --> 00:36:14,079
and i guess the other question i would

910
00:36:18,390 --> 00:36:15,599
say is

911
00:36:21,109 --> 00:36:18,400
you've had access and seen

912
00:36:24,710 --> 00:36:21,119
tons of different materials and and ways

913
00:36:27,349 --> 00:36:24,720

of creating tiny tiny materials

914

00:36:29,030 --> 00:36:27,359

like when we talk about nanotechnology

915

00:36:31,750 --> 00:36:29,040

so

916

00:36:33,910 --> 00:36:31,760

when you started seeing these things

917

00:36:36,230 --> 00:36:33,920

and analyzing them have you ever seen

918

00:36:39,109 --> 00:36:36,240

anything like that

919

00:36:42,550 --> 00:36:39,119

uh no um some other people that um that

920

00:36:43,990 --> 00:36:42,560

also participated in the analysis uh

921

00:36:46,630 --> 00:36:44,000

commented that they'd never seen

922

00:36:47,750 --> 00:36:46,640

anything like that either

923

00:36:49,109 --> 00:36:47,760

they

924

00:36:52,470 --> 00:36:49,119

are apparently sophisticated

925

00:36:53,510 --> 00:36:52,480

nanotechnological devices that are

926
00:36:55,750 --> 00:36:53,520
beyond

927
00:36:59,270 --> 00:36:55,760
civilian science for sure

928
00:37:04,630 --> 00:37:02,310
the typical the typical

929
00:37:05,750 --> 00:37:04,640
implant is usually the extremities of a

930
00:37:06,829 --> 00:37:05,760
person that

931
00:37:09,510 --> 00:37:06,839
has

932
00:37:11,349 --> 00:37:09,520
reported alien contact

933
00:37:13,750 --> 00:37:11,359
and

934
00:37:15,430 --> 00:37:13,760
most of them are cylinders about maybe

935
00:37:17,349 --> 00:37:15,440
four millimeters long by a little less

936
00:37:19,670 --> 00:37:17,359
than a millimeter in diameter and

937
00:37:20,870 --> 00:37:19,680
covered by a

938
00:37:23,670 --> 00:37:20,880

gray

939

00:37:26,470 --> 00:37:23,680

membrane that appears to be

940

00:37:29,030 --> 00:37:26,480

altered proteins from the blood plasma

941

00:37:31,109 --> 00:37:29,040

because it's somewhat conductive and

942

00:37:32,310 --> 00:37:31,119

proprioceptive nerves grow into the

943

00:37:34,950 --> 00:37:32,320

objects

944

00:37:38,550 --> 00:37:34,960

and below that there is a

945

00:37:40,550 --> 00:37:38,560

a piece of uh metal that's mostly um

946

00:37:42,310 --> 00:37:40,560

most cylindrical metal that's mostly

947

00:37:44,950 --> 00:37:42,320

meteoric iron

948

00:37:45,910 --> 00:37:44,960

the trace element pattern and

949

00:37:48,230 --> 00:37:45,920

the

950

00:37:50,310 --> 00:37:48,240

object from patient number 15 indicated

951
00:37:52,069 --> 00:37:50,320
that it was from

952
00:37:53,670 --> 00:37:52,079
meteorites stick wire meteorites called

953
00:37:55,190 --> 00:37:53,680
hexahedrites

954
00:37:57,589 --> 00:37:55,200
that was derived from the trace element

955
00:38:00,550 --> 00:37:57,599
pattern and the

956
00:38:02,230 --> 00:38:00,560
ratio of gallium to germanium

957
00:38:04,790 --> 00:38:02,240
so that would indicate that it was not

958
00:38:07,190 --> 00:38:04,800
it was not terrestrial it was not from

959
00:38:10,310 --> 00:38:07,200
earth no material no i mean it was it

960
00:38:12,230 --> 00:38:10,320
was definitely meteoric material

961
00:38:14,390 --> 00:38:12,240
what does that mean meteoric material it

962
00:38:16,829 --> 00:38:14,400
means it came from a meteor

963
00:38:18,870 --> 00:38:16,839

in from a meteor yes a nickel iron

964

00:38:20,550 --> 00:38:18,880

meteor and

965

00:38:22,550 --> 00:38:20,560

but this is what i don't understand why

966

00:38:24,790 --> 00:38:22,560

would somebody construct

967

00:38:28,310 --> 00:38:24,800

some sort of technological device and

968

00:38:30,950 --> 00:38:28,320

use a meteor as the source material

969

00:38:32,950 --> 00:38:30,960

well if aliens are doing this then

970

00:38:34,069 --> 00:38:32,960

meteoric iron would be a material that

971

00:38:37,109 --> 00:38:34,079

they had

972

00:38:39,589 --> 00:38:37,829

them

973

00:38:40,470 --> 00:38:39,599

that makes sense

974

00:38:44,150 --> 00:38:40,480

and was

975

00:38:46,470 --> 00:38:44,160

there was there technological effects or

976
00:38:49,829 --> 00:38:46,480
were you guys able to at all determine

977
00:38:51,910 --> 00:38:49,839
what the function of these things were

978
00:38:53,910 --> 00:38:51,920
uh no not for sure we have we've

979
00:38:55,990 --> 00:38:53,920
speculated about their function um they

980
00:38:58,150 --> 00:38:56,000
give off radio signals you know that so

981
00:39:01,109 --> 00:38:58,160
they're they're devices of some kind

982
00:39:03,670 --> 00:39:01,119
that are powered um somehow

983
00:39:06,310 --> 00:39:03,680
uh dr kunitz uh one of our colleagues

984
00:39:07,829 --> 00:39:06,320
when dr bear was alive um

985
00:39:10,150 --> 00:39:07,839
thought that they were they were powered

986
00:39:12,470 --> 00:39:10,160
by uh zero point energy by some sort of

987
00:39:14,710 --> 00:39:12,480
interaction between the um between

988
00:39:16,230 --> 00:39:14,720

phonon modes of the metal and

989

00:39:17,589 --> 00:39:16,240

and the magnetic fields that these

990

00:39:19,510 --> 00:39:17,599

things have um

991

00:39:21,270 --> 00:39:19,520

they're they're usually magnetized with

992

00:39:24,230 --> 00:39:21,280

at least a um

993

00:39:27,030 --> 00:39:24,240

a 10 to 20 milligrams field

994

00:39:29,589 --> 00:39:27,040

um and which is quite quite powerful for

995

00:39:32,470 --> 00:39:29,599

an object that small

996

00:39:34,390 --> 00:39:32,480

and um the metal is covered by um a

997

00:39:36,950 --> 00:39:34,400

layer of um

998

00:39:40,150 --> 00:39:36,960

a little more biological looks like a

999

00:39:42,550 --> 00:39:40,160

like bone or a

1000

00:39:45,589 --> 00:39:42,560

shell coating like mother of pearl

1001
00:39:47,910 --> 00:39:45,599
there's a lot of calcium and silicon

1002
00:39:49,829 --> 00:39:47,920
in it and it shines like mother of pearl

1003
00:39:51,829 --> 00:39:49,839
under the microscope

1004
00:39:53,670 --> 00:39:51,839
and

1005
00:39:55,349 --> 00:39:53,680
there may be some enzymes in that to

1006
00:39:57,430 --> 00:39:55,359
cause the formation of the black the

1007
00:39:59,670 --> 00:39:57,440
black membrane i described

1008
00:40:02,230 --> 00:39:59,680
and below that inside the metal there

1009
00:40:05,109 --> 00:40:02,240
are carbon nanotubes surprisingly enough

1010
00:40:07,670 --> 00:40:05,119
it was like a real synchronicity that

1011
00:40:10,790 --> 00:40:07,680
that i got to study these things and was

1012
00:40:12,390 --> 00:40:10,800
setting carbon down tubes at my job

1013
00:40:13,430 --> 00:40:12,400

these crop down tubes are embedded in

1014

00:40:14,710 --> 00:40:13,440

the metal

1015

00:40:16,630 --> 00:40:14,720

and

1016

00:40:18,470 --> 00:40:16,640

presumably from the electronics of the

1017

00:40:20,550 --> 00:40:18,480

device

1018

00:40:22,440 --> 00:40:20,560

it seems like uh

1019

00:40:26,710 --> 00:40:22,450

old technology to the aliens

1020

00:40:30,630 --> 00:40:28,630

well that's pretty amazing but

1021

00:40:32,630 --> 00:40:30,640

when you say they they are putting off

1022

00:40:35,430 --> 00:40:32,640

radio waves do you mean that they're

1023

00:40:37,190 --> 00:40:35,440

transmitting radio waves

1024

00:40:39,910 --> 00:40:37,200

yeah apparently so they're well they're

1025

00:40:41,910 --> 00:40:39,920

not always transmitting but about um

1026
00:40:44,470 --> 00:40:41,920
about uh ten to twenty percent of the

1027
00:40:47,109 --> 00:40:44,480
time they shouldn't be transmitting um

1028
00:40:49,589 --> 00:40:47,119
radio signals um

1029
00:40:52,069 --> 00:40:49,599
and uh we were able to get uh dr leary

1030
00:40:53,430 --> 00:40:52,079
how to have an rf device that that would

1031
00:40:55,990 --> 00:40:53,440
give us some of this most of the

1032
00:40:59,750 --> 00:40:57,030
we had

1033
00:41:01,510 --> 00:40:59,760
an elf band that was eight hertz and

1034
00:41:03,270 --> 00:41:01,520
then um

1035
00:41:06,390 --> 00:41:03,280
a megahertz band

1036
00:41:08,230 --> 00:41:06,400
and um went four gigahertz with the

1037
00:41:09,910 --> 00:41:08,240
microwave um

1038
00:41:12,470 --> 00:41:09,920

uh band and there was one down i think

1039

00:41:13,430 --> 00:41:12,480

it was something like 150 megahertz that

1040

00:41:15,349 --> 00:41:13,440

that

1041

00:41:17,589 --> 00:41:15,359

was um

1042

00:41:19,030 --> 00:41:17,599

uh turned out to be a uh

1043

00:41:20,710 --> 00:41:19,040

an aeronautical or satellite

1044

00:41:23,030 --> 00:41:20,720

communication frequency

1045

00:41:23,910 --> 00:41:23,040

so well that's not um and do they

1046

00:41:25,829 --> 00:41:23,920

continue

1047

00:41:28,230 --> 00:41:25,839

to carry information with our government

1048

00:41:30,309 --> 00:41:28,240

do they continue to transmit once

1049

00:41:33,060 --> 00:41:30,319

they're removed from the body

1050

00:41:34,790 --> 00:41:33,070

the transmission stops

1051

00:41:37,030 --> 00:41:34,800

[Music]

1052

00:41:38,790 --> 00:41:37,040

so either either the power source is

1053

00:41:40,150 --> 00:41:38,800

interrupted when you remove them from

1054

00:41:42,790 --> 00:41:40,160

the body or

1055

00:41:44,790 --> 00:41:42,800

more likely the um the signal

1056

00:41:46,309 --> 00:41:44,800

that allows them to transmit is derived

1057

00:41:47,030 --> 00:41:46,319

from the nervous system

1058

00:41:48,390 --> 00:41:47,040

and

1059

00:41:50,230 --> 00:41:48,400

the other question that i have that i

1060

00:41:51,990 --> 00:41:50,240

think is important is that

1061

00:41:54,069 --> 00:41:52,000

when somebody uh

1062

00:41:56,069 --> 00:41:54,079

how are they located in the body because

1063

00:41:59,190 --> 00:41:56,079

i did have one question because of this

1064

00:42:01,990 --> 00:41:59,200

film or and i've seen uh

1065

00:42:03,990 --> 00:42:02,000

use it use of a stud finder and i have

1066

00:42:04,950 --> 00:42:04,000

to tell you i'm not a scientist or a

1067

00:42:05,670 --> 00:42:04,960

doctor

1068

00:42:07,990 --> 00:42:05,680

but

1069

00:42:09,990 --> 00:42:08,000

uh you know i have a stud finder and i

1070

00:42:11,190 --> 00:42:10,000

thought that was odd that

1071

00:42:13,030 --> 00:42:11,200

the the

1072

00:42:15,109 --> 00:42:13,040

one of the ways to detect where they are

1073

00:42:17,030 --> 00:42:15,119

in the body is the use of a stud finder

1074

00:42:19,990 --> 00:42:17,040

can you explain how that works or why

1075

00:42:22,390 --> 00:42:20,000

that would be a a stud finder is a small

1076

00:42:25,109 --> 00:42:22,400

handheld metal detector that

1077

00:42:27,190 --> 00:42:25,119

is designed to detect nails inside walls

1078

00:42:29,109 --> 00:42:27,200

so dr lear came up with the idea that

1079

00:42:31,990 --> 00:42:29,119

perhaps he could use them to find

1080

00:42:34,390 --> 00:42:32,000

implants in the body and it indeed works

1081

00:42:35,910 --> 00:42:34,400

quite well okay now that makes sense i

1082

00:42:37,589 --> 00:42:35,920

didn't know how a stud finder worked i

1083

00:42:39,430 --> 00:42:37,599

have one i thought that it was like some

1084

00:42:40,630 --> 00:42:39,440

kind of sonar and it would find the beam

1085

00:42:41,670 --> 00:42:40,640

in the wall that you're looking for i

1086

00:42:43,750 --> 00:42:41,680

didn't know that it was any kind of

1087

00:42:46,630 --> 00:42:43,760

metal detector

1088

00:42:50,230 --> 00:42:49,030

most of them detect a conductive object

1089

00:42:52,790 --> 00:42:50,240

uh and some of them are designed to

1090

00:42:54,790 --> 00:42:52,800

detect magnetic magnetic objects as well

1091

00:42:57,670 --> 00:42:54,800

but the common more common ones are

1092

00:42:58,950 --> 00:42:57,680

designed to detect a conductive object

1093

00:43:01,270 --> 00:42:58,960

like metal

1094

00:43:03,349 --> 00:43:01,280

so do these do these things show up on

1095

00:43:04,870 --> 00:43:03,359

x-rays and mris and standard medical

1096

00:43:07,750 --> 00:43:04,880

scans too

1097

00:43:10,150 --> 00:43:07,760

uh yes they do

1098

00:43:12,630 --> 00:43:10,160

they sometimes show up on x-rays uh the

1099

00:43:14,870 --> 00:43:12,640

aliens seem to have a um

1100

00:43:17,349 --> 00:43:14,880

a method of um

1101
00:43:19,589 --> 00:43:17,359
of altering the devices so that they did

1102
00:43:20,790 --> 00:43:19,599
not show up on x-rays i'm not clear

1103
00:43:22,550 --> 00:43:20,800
seeing them

1104
00:43:24,710 --> 00:43:22,560
disappear off x-rays during the middle

1105
00:43:26,870 --> 00:43:24,720
of operations before

1106
00:43:28,150 --> 00:43:26,880
we saw it on patient 17 as a matter of

1107
00:43:29,750 --> 00:43:28,160
fact

1108
00:43:31,589 --> 00:43:29,760
and um

1109
00:43:33,750 --> 00:43:31,599
i doubt the devices work in that

1110
00:43:35,589 --> 00:43:33,760
configuration or they would keep it that

1111
00:43:36,470 --> 00:43:35,599
way the whole time but

1112
00:43:39,270 --> 00:43:36,480
um

1113
00:43:42,390 --> 00:43:39,280

they can that will apparently

1114

00:43:43,510 --> 00:43:42,400

make them undetectable to um to x-rays

1115

00:43:45,190 --> 00:43:43,520

but

1116

00:43:49,910 --> 00:43:45,200

from what from what limited data i've

1117

00:43:52,069 --> 00:43:50,950

and

1118

00:43:54,470 --> 00:43:52,079

i don't know if they can make them

1119

00:43:56,550 --> 00:43:54,480

invisible to mri or not and we found out

1120

00:43:59,670 --> 00:43:56,560

in the patient 17 surgery that they show

1121

00:44:01,750 --> 00:43:59,680

up an ultrasound as well

1122

00:44:04,230 --> 00:44:01,760

okay so that covers how they're found

1123

00:44:06,630 --> 00:44:04,240

and do usually the people that have them

1124

00:44:08,390 --> 00:44:06,640

know like okay

1125

00:44:10,630 --> 00:44:08,400

there's one in my arm there's one in my

1126

00:44:13,109 --> 00:44:10,640

leg or do they

1127

00:44:15,750 --> 00:44:13,119

have to be you know do you guys have to

1128

00:44:18,550 --> 00:44:15,760

do these medical scans and and look for

1129

00:44:22,550 --> 00:44:21,030

um well often the people don't know

1130

00:44:25,030 --> 00:44:22,560

anything about it and they just come in

1131

00:44:27,589 --> 00:44:25,040

for some other purpose and get an x-ray

1132

00:44:29,190 --> 00:44:27,599

and and get this object found

1133

00:44:31,030 --> 00:44:29,200

once in a while they'll uh they'll

1134

00:44:32,550 --> 00:44:31,040

remember an alien experience and that

1135

00:44:34,309 --> 00:44:32,560

the aliens were messing with some part

1136

00:44:36,950 --> 00:44:34,319

of their body but they usually don't

1137

00:44:38,470 --> 00:44:36,960

know there's an implant there but

1138

00:44:39,670 --> 00:44:38,480

once in a while they do

1139

00:44:41,030 --> 00:44:39,680

yeah that was that was the other

1140

00:44:43,270 --> 00:44:41,040

question i was going to ask each of

1141

00:44:45,829 --> 00:44:43,280

these patients that claim that they have

1142

00:44:47,510 --> 00:44:45,839

an alien implant or had one removed

1143

00:44:49,829 --> 00:44:47,520

each of them remember some kind of

1144

00:44:51,430 --> 00:44:49,839

experience right they're not just told

1145

00:44:53,750 --> 00:44:51,440

that they have an alien implant when

1146

00:44:55,829 --> 00:44:53,760

they go to roger when they go to dr lear

1147

00:44:58,069 --> 00:44:55,839

right they go to him because they

1148

00:45:00,069 --> 00:44:58,079

believe they have it isn't that right

1149

00:45:01,430 --> 00:45:00,079

some of the early some of the early a

1150

00:45:04,870 --> 00:45:01,440

couple of the early patients that he

1151
00:45:07,670 --> 00:45:04,880
that he operated on didn't remember a

1152
00:45:08,630 --> 00:45:07,680
thing and it just got bombed by accident

1153
00:45:11,030 --> 00:45:08,640
but

1154
00:45:12,790 --> 00:45:11,040
most of them remembered

1155
00:45:15,349 --> 00:45:12,800
an experience

1156
00:45:17,430 --> 00:45:15,359
one or more experiences but didn't

1157
00:45:19,430 --> 00:45:17,440
know for sure that they had an implant

1158
00:45:20,950 --> 00:45:19,440
but there were a couple also that that

1159
00:45:23,190 --> 00:45:20,960
thought they did have an implant too so

1160
00:45:24,470 --> 00:45:23,200
it just depends wow and the another

1161
00:45:27,270 --> 00:45:24,480
question that i thought was very

1162
00:45:29,750 --> 00:45:27,280
important is you've seen more than one

1163
00:45:30,470 --> 00:45:29,760

of these devices right

1164

00:45:35,270 --> 00:45:30,480

and

1165

00:45:36,790 --> 00:45:35,280

makeup of materials

1166

00:45:39,670 --> 00:45:36,800

so that they appeared to come from the

1167

00:45:42,390 --> 00:45:39,680

same source or the same manufacturer

1168

00:45:44,470 --> 00:45:42,400

or were they completely different

1169

00:45:47,349 --> 00:45:44,480

there's definitely different types

1170

00:45:49,990 --> 00:45:47,359

typical one i was describing um

1171

00:45:51,829 --> 00:45:50,000

constitutes about a third to half the

1172

00:45:53,510 --> 00:45:51,839

objects i would say

1173

00:45:55,829 --> 00:45:53,520

we need to you know clarify that without

1174

00:45:56,950 --> 00:45:55,839

even more data later on like um we'll

1175

00:45:59,750 --> 00:45:56,960

know the answers to these kind of

1176
00:46:01,510 --> 00:45:59,760
questions better when we have like 100

1177
00:46:03,270 --> 00:46:01,520
you know operations rather than just 17

1178
00:46:04,230 --> 00:46:03,280
like we have now but

1179
00:46:05,670 --> 00:46:04,240
um

1180
00:46:07,670 --> 00:46:05,680
as far as i can i can tell like the

1181
00:46:09,990 --> 00:46:07,680
typical ones i described are present in

1182
00:46:11,589 --> 00:46:10,000
about about the third to half the cases

1183
00:46:13,510 --> 00:46:11,599
and there's all there's also different

1184
00:46:15,030 --> 00:46:13,520
types too there's t-shaped ones and

1185
00:46:17,910 --> 00:46:15,040
there's um

1186
00:46:20,790 --> 00:46:17,920
they're somewhat smaller

1187
00:46:22,470 --> 00:46:20,800
and the metallic ones in general yes i

1188
00:46:24,470 --> 00:46:22,480

would say probably that they were they

1189

00:46:26,150 --> 00:46:24,480

came from the same source they all have

1190

00:46:28,309 --> 00:46:26,160

at least some percentage of meteoric

1191

00:46:29,670 --> 00:46:28,319

iron in them uh from what i've seen so

1192

00:46:31,670 --> 00:46:29,680

far

1193

00:46:34,309 --> 00:46:31,680

the one in patient 15 had was pure

1194

00:46:36,950 --> 00:46:34,319

meteoric iron and the one from

1195

00:46:39,510 --> 00:46:36,960

the next patient uh mr ron the well it

1196

00:46:41,750 --> 00:46:39,520

came out of his wrist um he

1197

00:46:43,750 --> 00:46:41,760

authorized me that you know use his name

1198

00:46:44,550 --> 00:46:43,760

by the way

1199

00:46:46,790 --> 00:46:44,560

he

1200

00:46:48,550 --> 00:46:46,800

has had about 10 percent meteoric iron

1201
00:46:50,560 --> 00:46:48,560
according to the analysis and that's

1202
00:46:52,309 --> 00:46:50,570
apparently some pure iron mixed with it

1203
00:46:53,109 --> 00:46:52,319
[Music]

1204
00:46:55,750 --> 00:46:53,119
and

1205
00:46:57,589 --> 00:46:55,760
the the one for patient 17

1206
00:46:59,510 --> 00:46:57,599
object

1207
00:47:01,750 --> 00:46:59,520
uh also appeared to be meteoric iron but

1208
00:47:03,829 --> 00:47:01,760
it was it was so small it was uh we

1209
00:47:05,670 --> 00:47:03,839
got a little bit less uh trade solvent

1210
00:47:06,550 --> 00:47:05,680
analysis on that but

1211
00:47:08,790 --> 00:47:06,560
um

1212
00:47:10,470 --> 00:47:08,800
and you've seen so many other ones the

1213
00:47:12,309 --> 00:47:10,480

metallic ones definitely

1214

00:47:14,470 --> 00:47:12,319

definitely at least most likely came

1215

00:47:16,390 --> 00:47:14,480

from the same uh the metal came from the

1216

00:47:17,990 --> 00:47:16,400

same source and um

1217

00:47:20,069 --> 00:47:18,000

there's also other types like there a

1218

00:47:21,510 --> 00:47:20,079

couple times you've seen biological ones

1219

00:47:23,030 --> 00:47:21,520

and we know that there are moving

1220

00:47:24,950 --> 00:47:23,040

implants that

1221

00:47:26,150 --> 00:47:24,960

that are in the body that some people

1222

00:47:27,190 --> 00:47:26,160

have reported

1223

00:47:28,790 --> 00:47:27,200

and

1224

00:47:31,109 --> 00:47:28,800

in whitley street case the doctor

1225

00:47:32,470 --> 00:47:31,119

actually got a little piece of it but

1226
00:47:34,790 --> 00:47:32,480
we haven't been able to get the whole

1227
00:47:36,390 --> 00:47:34,800
one for analysis yet

1228
00:47:38,069 --> 00:47:36,400
yeah i was going to ask

1229
00:47:40,309 --> 00:47:38,079
another important question that i think

1230
00:47:42,069 --> 00:47:40,319
is important to determining

1231
00:47:43,270 --> 00:47:42,079
the makeup of these things or their

1232
00:47:44,790 --> 00:47:43,280
source

1233
00:47:46,870 --> 00:47:44,800
you and all the other people that have

1234
00:47:48,549 --> 00:47:46,880
seen these things up close and analyzed

1235
00:47:51,030 --> 00:47:48,559
them and had them under microscopes or

1236
00:47:52,790 --> 00:47:51,040
whatever else you guys do

1237
00:47:54,630 --> 00:47:52,800
i mean you're all qualified to tell the

1238
00:47:55,670 --> 00:47:54,640

difference between

1239

00:47:58,630 --> 00:47:55,680

let's say

1240

00:48:02,870 --> 00:48:00,390

a piece of a meteorite and a

1241

00:48:06,069 --> 00:48:02,880

manufactured object right and you

1242

00:48:07,030 --> 00:48:06,079

believe they're manufactured

1243

00:48:09,030 --> 00:48:07,040

yeah i think they were they were

1244

00:48:11,829 --> 00:48:09,040

manufactured from uh

1245

00:48:13,270 --> 00:48:11,839

from from pieces of meteorites yeah the

1246

00:48:15,349 --> 00:48:13,280

metallic ones

1247

00:48:16,950 --> 00:48:15,359

um there's also ones that apparently are

1248

00:48:18,549 --> 00:48:16,960

made of a conductive polymer that

1249

00:48:21,670 --> 00:48:18,559

they've i don't know if you ever read

1250

00:48:24,549 --> 00:48:21,680

communion but the implements that

1251

00:48:27,829 --> 00:48:24,559

whitley streeper described as that of

1252

00:48:29,190 --> 00:48:27,839

what they put up people's noses

1253

00:48:33,109 --> 00:48:29,200

those

1254

00:48:35,430 --> 00:48:33,119

are apparently made of neglected polymer

1255

00:48:37,910 --> 00:48:35,440

people had reported that the aliens told

1256

00:48:39,670 --> 00:48:37,920

them that and somebody gave me one one

1257

00:48:42,150 --> 00:48:39,680

time that somebody sneezed out that

1258

00:48:44,230 --> 00:48:42,160

hadn't gone up into the brain and

1259

00:48:47,109 --> 00:48:44,240

i analyzed that and indeed it was made

1260

00:48:49,510 --> 00:48:47,119

of a conductive polymer so

1261

00:48:51,430 --> 00:48:49,520

those may this is speculation at this

1262

00:48:52,630 --> 00:48:51,440

point based on abductee reports that

1263

00:48:55,750 --> 00:48:52,640

those may

1264

00:48:57,430 --> 00:48:55,760

uh utilize uh blood proteins to

1265

00:48:59,190 --> 00:48:57,440

manufacture more of the conductive

1266

00:49:01,109 --> 00:48:59,200

polymer and

1267

00:49:02,549 --> 00:49:01,119

extend tendrils all throughout the brain

1268

00:49:06,790 --> 00:49:02,559

to

1269

00:49:09,190 --> 00:49:06,800

the other information and maybe occur

1270

00:49:11,750 --> 00:49:09,200

partial control over the subject if uh

1271

00:49:14,390 --> 00:49:11,760

aliens so desire well that's scary

1272

00:49:16,470 --> 00:49:14,400

that's a really scary thought

1273

00:49:17,589 --> 00:49:16,480

yeah somewhat and of all the people that

1274

00:49:19,430 --> 00:49:17,599

are claiming

1275

00:49:20,630 --> 00:49:19,440

you know some sort of alien abduction

1276

00:49:23,190 --> 00:49:20,640

experience

1277

00:49:25,109 --> 00:49:23,200

i mean is do they all have implants do

1278

00:49:27,510 --> 00:49:25,119

they all get an implant or are some of

1279

00:49:29,430 --> 00:49:27,520

them just abducted experimented on and

1280

00:49:31,670 --> 00:49:29,440

then returned and there's no

1281

00:49:32,630 --> 00:49:31,680

it's it's hard to say at this point but

1282

00:49:35,430 --> 00:49:32,640

um

1283

00:49:37,829 --> 00:49:35,440

as far as implants that can be detected

1284

00:49:40,549 --> 00:49:37,839

uh it seems to be about uh

1285

00:49:42,390 --> 00:49:40,559

just roughly about um

1286

00:49:45,589 --> 00:49:42,400

25 30

1287

00:49:47,670 --> 00:49:45,599

i personally believe that um that that

1288

00:49:49,510 --> 00:49:47,680

most likely everybody that

1289

00:49:50,790 --> 00:49:49,520

that has been abducted has an implant

1290

00:49:51,670 --> 00:49:50,800

but uh

1291

00:49:52,630 --> 00:49:51,680

there are

1292

00:49:54,150 --> 00:49:52,640

some

1293

00:49:56,069 --> 00:49:54,160

they're either just invisible to our

1294

00:49:57,510 --> 00:49:56,079

detection equipment or just too small to

1295

00:49:58,549 --> 00:49:57,520

see

1296

00:50:00,390 --> 00:49:58,559

um

1297

00:50:02,069 --> 00:50:00,400

they put these ones about above people's

1298

00:50:03,510 --> 00:50:02,079

ears that um

1299

00:50:04,549 --> 00:50:03,520

i'm not sure what their function is yet

1300

00:50:06,390 --> 00:50:04,559

they're so small i think they're

1301
00:50:08,309 --> 00:50:06,400
probably just tracking devices or

1302
00:50:10,710 --> 00:50:08,319
have some simple function yeah that was

1303
00:50:12,069 --> 00:50:10,720
going to be my other pretty easily

1304
00:50:13,990 --> 00:50:12,079
oh i'm sorry that was going to be my

1305
00:50:15,910 --> 00:50:14,000
other question is you guys weren't

1306
00:50:17,589 --> 00:50:15,920
really able to determine with any degree

1307
00:50:19,750 --> 00:50:17,599
of scientific certainty what their

1308
00:50:21,750 --> 00:50:19,760
function is but i know it's speculative

1309
00:50:23,270 --> 00:50:21,760
but are they tracking devices you said

1310
00:50:25,510 --> 00:50:23,280
maybe they're mind controlled devices

1311
00:50:27,589 --> 00:50:25,520
yeah that that makes sense most likely

1312
00:50:29,190 --> 00:50:27,599
there are tracking devices

1313
00:50:31,670 --> 00:50:29,200

and or

1314

00:50:33,910 --> 00:50:31,680

objects that tell the aliens about the

1315

00:50:35,430 --> 00:50:33,920

blood chemistry and physiological

1316

00:50:37,270 --> 00:50:35,440

parameters

1317

00:50:39,910 --> 00:50:37,280

dr koontz thought the one in patient

1318

00:50:41,910 --> 00:50:39,920

17's toe was most likely one of its

1319

00:50:44,069 --> 00:50:41,920

functions was a room bug that could

1320

00:50:46,470 --> 00:50:44,079

detect airborne sounds

1321

00:50:48,950 --> 00:50:46,480

wow i was really crazy yeah

1322

00:50:50,230 --> 00:50:48,960

and um since they're detected they're

1323

00:50:51,910 --> 00:50:50,240

connected to the nervous system they

1324

00:50:52,790 --> 00:50:51,920

might be able to uh

1325

00:50:55,190 --> 00:50:52,800

tell

1326
00:50:57,270 --> 00:50:55,200
what the subject is doing or thinking or

1327
00:50:58,549 --> 00:50:57,280
something along those lines the ones

1328
00:51:00,470 --> 00:50:58,559
that are the ones that are put into the

1329
00:51:01,670 --> 00:51:00,480
brain

1330
00:51:03,910 --> 00:51:01,680
we don't know this for sure but

1331
00:51:06,870 --> 00:51:03,920
according to object t reports they

1332
00:51:09,670 --> 00:51:06,880
they their function is to gather

1333
00:51:11,670 --> 00:51:09,680
sensory information like visual and

1334
00:51:13,270 --> 00:51:11,680
auditory information so that the aliens

1335
00:51:15,349 --> 00:51:13,280
might be able to see through your

1336
00:51:17,030 --> 00:51:15,359
subject's eyes or hear through their

1337
00:51:18,950 --> 00:51:17,040
ears like that

1338
00:51:21,349 --> 00:51:18,960

and just to play just to play devil's

1339

00:51:24,390 --> 00:51:21,359

advocate a lot of the critics

1340

00:51:25,910 --> 00:51:24,400

and uh naysayers and non-believers

1341

00:51:27,910 --> 00:51:25,920

you know even other medical

1342

00:51:29,430 --> 00:51:27,920

professionals have said that

1343

00:51:31,270 --> 00:51:29,440

a lot of these objects are just foreign

1344

00:51:33,670 --> 00:51:31,280

objects maybe somebody stepped onto

1345

00:51:35,910 --> 00:51:33,680

something and then you know lodged

1346

00:51:38,470 --> 00:51:35,920

itself in the body and traveled a little

1347

00:51:40,630 --> 00:51:38,480

bit or whatever the case may be but what

1348

00:51:42,069 --> 00:51:40,640

confuses me about that is

1349

00:51:44,230 --> 00:51:42,079

that would mean that somebody had to

1350

00:51:45,910 --> 00:51:44,240

step on a piece of a meteor or something

1351

00:51:47,510 --> 00:51:45,920

right to get it right

1352

00:51:49,109 --> 00:51:47,520

it's highly unlikely i mean if these if

1353

00:51:51,270 --> 00:51:49,119

these things are just metal shards or

1354

00:51:52,710 --> 00:51:51,280

something then that would make sense but

1355

00:51:54,470 --> 00:51:52,720

when it doesn't hold up to close

1356

00:51:55,990 --> 00:51:54,480

analysis because the person would have

1357

00:51:57,589 --> 00:51:56,000

to have stepped on a

1358

00:51:59,190 --> 00:51:57,599

meteor a meteor

1359

00:52:01,109 --> 00:51:59,200

shard that also had an internal

1360

00:52:03,430 --> 00:52:01,119

structure to it and was connected to the

1361

00:52:04,710 --> 00:52:03,440

nervous system somehow proprioceptive

1362

00:52:06,549 --> 00:52:04,720

nerves are not supposed to be found

1363

00:52:08,790 --> 00:52:06,559

below the skin and they somehow grow

1364

00:52:10,870 --> 00:52:08,800

into these devices and the final thing

1365

00:52:12,069 --> 00:52:10,880

that i haven't mentioned up to now is

1366

00:52:14,390 --> 00:52:12,079

that um

1367

00:52:23,030 --> 00:52:14,400

these devices do not produce any

1368

00:52:28,950 --> 00:52:25,670

the human body will somehow seek to

1369

00:52:30,390 --> 00:52:28,960

expel or reject a foreign object isn't

1370

00:52:32,230 --> 00:52:30,400

that right

1371

00:52:35,270 --> 00:52:32,240

yeah but

1372

00:52:37,270 --> 00:52:35,280

it does not reject these uh because

1373

00:52:39,750 --> 00:52:37,280

some apparently some technology is

1374

00:52:41,589 --> 00:52:39,760

preventing the body from rejecting them

1375

00:52:43,349 --> 00:52:41,599

that's really kind of strange and you're

1376
00:52:45,670 --> 00:52:43,359
not aware of any technology that we have

1377
00:52:46,390 --> 00:52:45,680
that would allow that are you

1378
00:52:51,190 --> 00:52:46,400
no

1379
00:52:53,510 --> 00:52:51,200
project people have it but it's in the

1380
00:52:55,990 --> 00:52:53,520
civilian science i mean but what about

1381
00:52:58,150 --> 00:52:56,000
when somebody has something that's

1382
00:53:00,470 --> 00:52:58,160
purposely implanted that is a foreign

1383
00:53:02,710 --> 00:53:00,480
object like a pacemaker did they i think

1384
00:53:03,990 --> 00:53:02,720
they take medication to prevent problems

1385
00:53:06,230 --> 00:53:04,000
with that or something so it's not

1386
00:53:07,430 --> 00:53:06,240
rejected or or is it sterile or

1387
00:53:09,510 --> 00:53:07,440
something like that

1388
00:53:11,829 --> 00:53:09,520

um sometimes sometimes i think that they

1389

00:53:14,309 --> 00:53:11,839

do i'm not i'm not familiar with uh

1390

00:53:17,270 --> 00:53:14,319

with exactly the procedure to uh to do

1391

00:53:18,950 --> 00:53:17,280

pacemakers but i i gather that they

1392

00:53:20,470 --> 00:53:18,960

that that it does sometimes cause

1393

00:53:23,510 --> 00:53:20,480

problems inflammation does cause

1394

00:53:25,270 --> 00:53:23,520

problems uh but it's just not enough to

1395

00:53:26,950 --> 00:53:25,280

you know to warrant uh being a

1396

00:53:28,390 --> 00:53:26,960

showstopper and a device having to be

1397

00:53:30,470 --> 00:53:28,400

removed but

1398

00:53:32,790 --> 00:53:30,480

i think it does produce some

1399

00:53:34,950 --> 00:53:32,800

inflammation and

1400

00:53:36,069 --> 00:53:34,960

discoloration and alteration of the

1401

00:53:38,470 --> 00:53:36,079

tissue

1402

00:53:40,549 --> 00:53:38,480

in contact with it i've seen like i've

1403

00:53:41,990 --> 00:53:40,559

seen breast implants for example that

1404

00:53:43,109 --> 00:53:42,000

were taken out of the human body and

1405

00:53:46,950 --> 00:53:43,119

they're

1406

00:53:49,030 --> 00:53:46,960

trying to attack them and

1407

00:53:50,470 --> 00:53:49,040

there's residue left on them and

1408

00:53:52,230 --> 00:53:50,480

obviously some

1409

00:53:53,589 --> 00:53:52,240

interaction was taking place there's no

1410

00:53:55,750 --> 00:53:53,599

interaction taking place between the

1411

00:53:56,710 --> 00:53:55,760

body and these devices at all

1412

00:53:58,309 --> 00:53:56,720

and then

1413

00:54:01,829 --> 00:53:58,319

another question that i've always

1414

00:54:03,829 --> 00:54:01,839

wondered and never got to ask anybody is

1415

00:54:06,069 --> 00:54:03,839

if these were alien implants

1416

00:54:08,549 --> 00:54:06,079

and and let's say

1417

00:54:10,950 --> 00:54:08,559

dr leer removed an implant from one of

1418

00:54:14,309 --> 00:54:10,960

the patients that was

1419

00:54:15,990 --> 00:54:14,319

reporting some kind of abduction

1420

00:54:18,630 --> 00:54:16,000

experiences

1421

00:54:20,150 --> 00:54:18,640

so he goes to dr leer and he has the

1422

00:54:22,549 --> 00:54:20,160

implant removed

1423

00:54:25,190 --> 00:54:22,559

do those abduction experiences stop

1424

00:54:27,510 --> 00:54:25,200

after the implant is gone

1425

00:54:29,030 --> 00:54:27,520

um no i've never heard of a case where

1426
00:54:30,470 --> 00:54:29,040
the abductions have stopped after the

1427
00:54:33,349 --> 00:54:30,480
implant

1428
00:54:35,990 --> 00:54:33,359
was excuse me taken off but

1429
00:54:39,030 --> 00:54:36,000
i have heard of cases where the aliens

1430
00:54:39,750 --> 00:54:39,040
within a new one are put in a one that

1431
00:54:40,950 --> 00:54:39,760
the

1432
00:54:43,589 --> 00:54:40,960
person thought to have a similar

1433
00:54:45,109 --> 00:54:43,599
function at a different location

1434
00:54:47,430 --> 00:54:45,119
but no never the case where they've

1435
00:54:49,109 --> 00:54:47,440
stopped as a result that's really really

1436
00:54:51,589 --> 00:54:49,119
wild so

1437
00:54:54,470 --> 00:54:51,599
there's been 17 people that dr lear has

1438
00:54:55,510 --> 00:54:54,480

taken these out of do you know

1439

00:54:58,549 --> 00:54:55,520

you know

1440

00:55:01,510 --> 00:54:58,559

most of my listeners are aware that

1441

00:55:03,829 --> 00:55:01,520

dr lear has passed away recently

1442

00:55:05,270 --> 00:55:03,839

so i guess i wanted to ask you

1443

00:55:08,870 --> 00:55:05,280

what

1444

00:55:10,950 --> 00:55:08,880

material

1445

00:55:13,109 --> 00:55:10,960

or what will happen going forward with

1446

00:55:14,230 --> 00:55:13,119

it

1447

00:55:18,870 --> 00:55:14,240

um

1448

00:55:21,190 --> 00:55:18,880

at you know where

1449

00:55:22,710 --> 00:55:21,200

where work can be studied i don't want

1450

00:55:24,710 --> 00:55:22,720

to go into exactly what happened to us

1451

00:55:25,829 --> 00:55:24,720

but

1452

00:55:28,630 --> 00:55:25,839

some of the some of the pieces are

1453

00:55:30,230 --> 00:55:28,640

available for study at this point still

1454

00:55:33,170 --> 00:55:30,240

and um

1455

00:55:34,390 --> 00:55:33,180

uh dr blair um

1456

00:55:37,109 --> 00:55:34,400

[Music]

1457

00:55:38,870 --> 00:55:37,119

would have wanted that and i think we're

1458

00:55:42,309 --> 00:55:38,880

going to set up to do some more

1459

00:55:43,829 --> 00:55:42,319

therapies in the in the near future and

1460

00:55:46,710 --> 00:55:43,839

i just need to find a doctor who's

1461

00:55:49,190 --> 00:55:46,720

interested in uh in performing them

1462

00:55:50,789 --> 00:55:49,200

and uh for source of funding as well i

1463

00:55:53,109 --> 00:55:50,799

mean um

1464

00:55:55,109 --> 00:55:53,119

uh money is uh difficult to come by

1465

00:55:56,630 --> 00:55:55,119

these days but um

1466

00:55:59,430 --> 00:55:56,640

yeah i mean that was that was gonna be

1467

00:56:01,589 --> 00:55:59,440

my other my other question is that well

1468

00:56:04,549 --> 00:56:01,599

isn't it really really expensive just to

1469

00:56:06,390 --> 00:56:04,559

have like a piece of let's say metal for

1470

00:56:07,910 --> 00:56:06,400

example analyzed to determine its

1471

00:56:10,069 --> 00:56:07,920

elemental makeup like what does that

1472

00:56:13,349 --> 00:56:10,079

cost on average

1473

00:56:17,430 --> 00:56:15,510

five to six hundred dollars for to

1474

00:56:19,270 --> 00:56:17,440

analyze for every element in a periodic

1475

00:56:20,710 --> 00:56:19,280

table that they cannot analyze for us

1476

00:56:23,670 --> 00:56:20,720

and they can't analyze for like

1477

00:56:24,789 --> 00:56:23,680

volatiles like uh iodine and sulfur for

1478

00:56:25,829 --> 00:56:24,799

example

1479

00:56:27,829 --> 00:56:25,839

um

1480

00:56:31,510 --> 00:56:27,839

but

1481

00:56:33,910 --> 00:56:31,520

analyze for like all metals and uh

1482

00:56:35,670 --> 00:56:33,920

volatile elements cost about 500 and

1483

00:56:37,510 --> 00:56:35,680

that's if you want to do isotopic and

1484

00:56:38,950 --> 00:56:37,520

also at the same time as fifty dollars

1485

00:56:40,470 --> 00:56:38,960

an element

1486

00:56:42,470 --> 00:56:40,480

yes

1487

00:56:44,069 --> 00:56:42,480

but it's not incredibly soft yeah but my

1488

00:56:45,829 --> 00:56:44,079

point is it's kind of expensive for

1489

00:56:48,230 --> 00:56:45,839

somebody to just do it

1490

00:56:50,549 --> 00:56:48,240

on their own without funding and because

1491

00:56:52,390 --> 00:56:50,559

you guys said

1492

00:56:54,470 --> 00:56:52,400

you guys have done that i've done that

1493

00:56:55,910 --> 00:56:54,480

without funding right like you guys

1494

00:56:58,390 --> 00:56:55,920

didn't have a funding source that was

1495

00:57:00,630 --> 00:56:58,400

just paying for all this did you yeah i

1496

00:57:03,990 --> 00:57:00,640

paid for i paid for uh

1497

00:57:04,870 --> 00:57:04,000

quite a bit of this out of my own pocket

1498

00:57:08,789 --> 00:57:04,880

and

1499

00:57:10,950 --> 00:57:08,799

donations not a lot

1500

00:57:13,829 --> 00:57:10,960

and

1501

00:57:16,470 --> 00:57:13,839

uh we definitely need to uh have a

1502

00:57:19,190 --> 00:57:16,480

funding first i'm i'm hoping to get my

1503

00:57:21,109 --> 00:57:19,200

nanotech company up and running um i

1504

00:57:22,230 --> 00:57:21,119

mean i've got it started but i need to

1505

00:57:24,150 --> 00:57:22,240

actually you know get a place of

1506

00:57:27,990 --> 00:57:24,160

business and you know get sales going

1507

00:57:31,349 --> 00:57:29,829

get that off the ground and when that's

1508

00:57:33,670 --> 00:57:31,359

when that happens

1509

00:57:34,950 --> 00:57:33,680

while i was first funding

1510

00:57:36,789 --> 00:57:34,960

yeah

1511

00:57:39,990 --> 00:57:36,799

i guess the other question that about

1512

00:57:41,910 --> 00:57:40,000

materials with regard to dr lear that's

1513

00:57:43,670 --> 00:57:41,920

very important to me i looked for the

1514

00:57:45,990 --> 00:57:43,680

source of it i'm still looking for it i

1515

00:57:47,190 --> 00:57:46,000

can't find the actual source but

1516

00:57:51,030 --> 00:57:47,200

i'm sure

1517

00:57:53,190 --> 00:57:51,040

that i had seen dr lear on a show uh

1518

00:57:54,390 --> 00:57:53,200

you know like a documentary or something

1519

00:57:56,950 --> 00:57:54,400

and and

1520

00:57:58,710 --> 00:57:56,960

in that specific documentary

1521

00:58:00,390 --> 00:57:58,720

he wasn't talking about implants that he

1522

00:58:01,349 --> 00:58:00,400

had in his possession he was talking

1523

00:58:04,470 --> 00:58:01,359

about

1524

00:58:07,270 --> 00:58:04,480

uh ufo wreckage or medals that he had

1525

00:58:09,349 --> 00:58:07,280

that were reportedly or allegedly from

1526
00:58:10,309 --> 00:58:09,359
uh you know yeah i've got i've got some

1527
00:58:11,670 --> 00:58:10,319
of that too

1528
00:58:15,109 --> 00:58:11,680
yeah

1529
00:58:16,710 --> 00:58:15,119
dr lear had a i went out to the um

1530
00:58:19,510 --> 00:58:16,720
augustine uh

1531
00:58:22,150 --> 00:58:19,520
new mexico ufo crash site and um

1532
00:58:24,390 --> 00:58:22,160
got some materials in there and

1533
00:58:26,390 --> 00:58:24,400
was given some by chuck wade and art

1534
00:58:28,789 --> 00:58:26,400
campbell can you tell us about this

1535
00:58:31,190 --> 00:58:28,799
adventure in the site for a long time

1536
00:58:32,870 --> 00:58:31,200
and dr laird actually had

1537
00:58:34,549 --> 00:58:32,880
a piece of what turned out to be ultra

1538
00:58:36,870 --> 00:58:34,559

hair silicon that

1539

00:58:37,990 --> 00:58:36,880

that was allegedly part of the roswell

1540

00:58:40,160 --> 00:58:38,000

wreckage

1541

00:58:41,589 --> 00:58:40,170

wow and that's now in your possession

1542

00:58:44,069 --> 00:58:41,599

[Music]

1543

00:58:46,630 --> 00:58:44,079

i've got a very small piece of it that i

1544

00:58:52,789 --> 00:58:46,640

broke off for analysis and and uh didn't

1545

00:58:56,150 --> 00:58:54,470

his estate or his wife i don't know what

1546

00:58:58,549 --> 00:58:56,160

happened to it oh yeah that's that's

1547

00:59:01,190 --> 00:58:58,559

what i was going to come back to is like

1548

00:59:03,190 --> 00:59:01,200

if if he had pieces of ufo wreckage and

1549

00:59:04,549 --> 00:59:03,200

they always passed away you know

1550

00:59:07,109 --> 00:59:04,559

i mean

1551

00:59:09,030 --> 00:59:07,119

uh i was just very curious like what's

1552

00:59:10,630 --> 00:59:09,040

going on with all those materials and

1553

00:59:12,069 --> 00:59:10,640

who has them and what's going to happen

1554

00:59:14,069 --> 00:59:12,079

to them or they're just going to be lost

1555

00:59:15,750 --> 00:59:14,079

to history

1556

00:59:17,589 --> 00:59:15,760

well the only piece of ufo records that

1557

00:59:19,270 --> 00:59:17,599

i'm aware of that dr larry had was that

1558

00:59:21,190 --> 00:59:19,280

piece of silicon and

1559

00:59:23,349 --> 00:59:21,200

the vast majority of it was with his

1560

00:59:25,270 --> 00:59:23,359

wife and she seemed she seemed hot to

1561

00:59:26,630 --> 00:59:25,280

like sell off a lot of the stuff so he

1562

00:59:28,710 --> 00:59:26,640

probably sold it she probably sold

1563

00:59:30,549 --> 00:59:28,720

somebody i'm not sure who but

1564

00:59:33,270 --> 00:59:30,559

um i've got a

1565

00:59:35,030 --> 00:59:33,280

i've got a piece that um a very small

1566

00:59:37,829 --> 00:59:35,040

piece that i could do some analysis on

1567

00:59:39,910 --> 00:59:37,839

in the future but then

1568

00:59:41,750 --> 00:59:39,920

i did i did i did do a

1569

00:59:45,180 --> 00:59:41,760

trace element analysis on it and vermont

1570

00:59:46,710 --> 00:59:45,190

and i also signed it uh

1571

00:59:47,990 --> 00:59:46,720

[Music]

1572

00:59:50,309 --> 00:59:48,000

and what were the results of your

1573

00:59:52,390 --> 00:59:50,319

analysis on that piece the results were

1574

00:59:55,349 --> 00:59:52,400

that it was ultra pure silicon but the

1575

00:59:56,950 --> 00:59:55,359

the trace elements um were different

1576

00:59:58,950 --> 00:59:56,960

than the trace elements

1577

01:00:01,670 --> 00:59:58,960

that result

1578

01:00:03,829 --> 01:00:01,680

from an earthly uh manufacturer

1579

01:00:05,750 --> 01:00:03,839

it's different than commercial um ultra

1580

01:00:07,990 --> 01:00:05,760

pure silicon that's widely available

1581

01:00:10,549 --> 01:00:08,000

like it's got silver in it for example

1582

01:00:12,069 --> 01:00:10,559

and that's um that that doesn't happen

1583

01:00:12,829 --> 01:00:12,079

with uh

1584

01:00:15,990 --> 01:00:12,839

uh

1585

01:00:18,150 --> 01:00:16,000

commercial ultra pure silicon um

1586

01:00:20,309 --> 01:00:18,160

i think that's rare earth's in it too

1587

01:00:22,630 --> 01:00:20,319

and um

1588

01:00:24,910 --> 01:00:22,640

it's somewhat more pure than the

1589

01:00:26,150 --> 01:00:24,920

commercial uh ultra pure silicon

1590

01:00:28,150 --> 01:00:26,160

[Music]

1591

01:00:30,150 --> 01:00:28,160

it appears different it's got kind of a

1592

01:00:32,630 --> 01:00:30,160

golden luster rather than a

1593

01:00:34,390 --> 01:00:32,640

blue luster like the commercial stuff

1594

01:00:36,150 --> 01:00:34,400

yeah i have seen that like i said i

1595

01:00:37,910 --> 01:00:36,160

studied computer science i've seen like

1596

01:00:39,510 --> 01:00:37,920

the block silicon

1597

01:00:42,470 --> 01:00:39,520

that they make the wafers out of and

1598

01:00:44,309 --> 01:00:42,480

things like that you know for for chips

1599

01:00:44,850 --> 01:00:44,319

but i have never seen any like you

1600

01:00:47,109 --> 01:00:44,860

describe

1601
01:00:48,880 --> 01:00:47,119
[Music]

1602
01:00:52,789 --> 01:00:48,890
and then um

1603
01:00:56,630 --> 01:00:52,799
[Music]

1604
01:00:58,789 --> 01:00:56,640
it had a another curve on one side that

1605
01:01:00,789 --> 01:00:58,799
that the former owner

1606
01:01:02,950 --> 01:01:00,799
took to a lab and they determined it had

1607
01:01:06,549 --> 01:01:02,960
been exposed to extreme heat

1608
01:01:09,910 --> 01:01:08,390
initial

1609
01:01:11,589 --> 01:01:09,920
chamber if it was part of a chamber at

1610
01:01:13,270 --> 01:01:11,599
one time would have been about 10 meters

1611
01:01:14,140 --> 01:01:13,280
in diameter

1612
01:01:16,309 --> 01:01:14,150
and

1613
01:01:18,069 --> 01:01:16,319

[Music]

1614

01:01:21,510 --> 01:01:18,079

they speculated that this might have

1615

01:01:23,670 --> 01:01:21,520

been the coating of the outside of a

1616

01:01:24,789 --> 01:01:23,680

fusion reactor or zero point energy

1617

01:01:26,549 --> 01:01:24,799

reactor

1618

01:01:29,750 --> 01:01:26,559

uh that would turn the heat and

1619

01:01:31,829 --> 01:01:29,760

radiation directly into electricity

1620

01:01:33,910 --> 01:01:31,839

oh that sounds kind of like that

1621

01:01:35,670 --> 01:01:33,920

kind of like the bob lazar

1622

01:01:38,470 --> 01:01:35,680

information

1623

01:01:40,150 --> 01:01:38,480

yeah yeah yeah you remarked on stuff

1624

01:01:42,390 --> 01:01:40,160

like that too

1625

01:01:44,470 --> 01:01:42,400

wow so besides that material and the

1626
01:01:46,549 --> 01:01:44,480
implant material you mentioned the saint

1627
01:01:47,010 --> 01:01:46,559
augustine ufo crash can you talk about

1628
01:01:48,470 --> 01:01:47,020
that

1629
01:01:50,230 --> 01:01:48,480
[Music]

1630
01:01:52,549 --> 01:01:50,240
yeah this is the st augustine crash

1631
01:01:55,029 --> 01:01:52,559
material is mostly mostly strips of

1632
01:01:56,470 --> 01:01:55,039
aluminum some are very thin and one of

1633
01:01:58,870 --> 01:01:56,480
them is about

1634
01:02:00,390 --> 01:01:58,880
a sixteenth of an inch thick and

1635
01:02:04,309 --> 01:02:00,400
has kind of a

1636
01:02:09,190 --> 01:02:06,150
micro structure to it it's hard to

1637
01:02:11,670 --> 01:02:09,200
describe um we did do some more analysis

1638
01:02:12,789 --> 01:02:11,680

on that some more sem analysis on that

1639

01:02:14,549 --> 01:02:12,799

and then

1640

01:02:18,950 --> 01:02:14,559

we also in the last

1641

01:02:20,870 --> 01:02:18,960

trip out there found a checklist found a

1642

01:02:22,069 --> 01:02:20,880

honeycomb material that appeared to have

1643

01:02:23,270 --> 01:02:22,079

been

1644

01:02:24,950 --> 01:02:23,280

between the

1645

01:02:27,750 --> 01:02:24,960

exterior uh

1646

01:02:28,549 --> 01:02:27,760

wall craft and the interior

1647

01:02:32,390 --> 01:02:28,559

and

1648

01:02:34,069 --> 01:02:32,400

there was a honeycomb of aluminum with

1649

01:02:37,029 --> 01:02:34,079

strips of uh

1650

01:02:39,270 --> 01:02:37,039

some plastic bike material on both sides

1651
01:02:40,870 --> 01:02:39,280
and these these brown dots that were

1652
01:02:43,109 --> 01:02:40,880
that were between the plastic material

1653
01:02:44,950 --> 01:02:43,119
and the outer and the outer hull

1654
01:02:46,710 --> 01:02:44,960
uh that were

1655
01:02:48,230 --> 01:02:46,720
a very interesting composition of

1656
01:02:49,990 --> 01:02:48,240
dysprosium

1657
01:02:52,069 --> 01:02:50,000
composed mostly of dysprosium and

1658
01:02:53,109 --> 01:02:52,079
terbium rare earths

1659
01:02:54,309 --> 01:02:53,119
yeah

1660
01:02:56,950 --> 01:02:54,319
i've never heard of each of those

1661
01:02:58,390 --> 01:02:56,960
materials those are rare earth materials

1662
01:02:59,349 --> 01:02:58,400
they're rare earth material rare

1663
01:03:00,470 --> 01:02:59,359

elements

1664

01:03:06,930 --> 01:03:00,480

and

1665

01:03:12,630 --> 01:03:10,150

[Music]

1666

01:03:14,150 --> 01:03:12,640

projects have used that composition to

1667

01:03:16,870 --> 01:03:14,160

make

1668

01:03:19,750 --> 01:03:16,880

actuators turn electricity directly into

1669

01:03:21,349 --> 01:03:19,760

mechanical motion so perhaps that

1670

01:03:22,789 --> 01:03:21,359

perhaps those

1671

01:03:24,470 --> 01:03:22,799

those dots

1672

01:03:26,309 --> 01:03:24,480

vibrated the outer

1673

01:03:28,069 --> 01:03:26,319

skin of the craft in such a way to

1674

01:03:29,029 --> 01:03:28,079

create an anti-gravity effect some

1675

01:03:31,029 --> 01:03:29,039

people

1676

01:03:33,170 --> 01:03:31,039

have a remark on certain frequencies

1677

01:03:34,630 --> 01:03:33,180

creating any gravity effect

1678

01:03:37,990 --> 01:03:34,640

[Music]

1679

01:03:39,510 --> 01:03:38,000

um i found it to be very interesting

1680

01:03:41,750 --> 01:03:39,520

yeah i could imagine

1681

01:03:45,029 --> 01:03:41,760

and that is a material that you've never

1682

01:03:46,630 --> 01:03:45,039

seen in any other form right or that no

1683

01:03:48,470 --> 01:03:46,640

i've never i've certainly never seen it

1684

01:03:51,349 --> 01:03:48,480

before i um

1685

01:03:52,870 --> 01:03:51,359

i didn't know uh why anybody would want

1686

01:03:54,710 --> 01:03:52,880

to make such a composition and then

1687

01:03:56,309 --> 01:03:54,720

found out that

1688

01:03:56,900 --> 01:03:56,319

it had been experimented with as an

1689

01:03:58,309 --> 01:03:56,910

actuator

1690

01:04:00,549 --> 01:03:58,319

[Applause]

1691

01:04:02,789 --> 01:04:00,559

without any moving parts

1692

01:04:06,230 --> 01:04:02,799

that is definitely strange and these

1693

01:04:08,950 --> 01:04:06,240

components that are allegedly from

1694

01:04:10,549 --> 01:04:08,960

crashed ufo craft or a covered ufo craft

1695

01:04:12,069 --> 01:04:10,559

is that what you i mean after your

1696

01:04:13,670 --> 01:04:12,079

analysis and having them in your

1697

01:04:15,510 --> 01:04:13,680

possession and studying them is that

1698

01:04:17,190 --> 01:04:15,520

what you believe they are from an alien

1699

01:04:19,510 --> 01:04:17,200

spacecraft

1700

01:04:22,230 --> 01:04:19,520

um well the um

1701

01:04:24,230 --> 01:04:22,240

the the honeycomb material seemed more

1702

01:04:26,390 --> 01:04:24,240

interesting but very very interesting

1703

01:04:28,069 --> 01:04:26,400

and uh especially with the brown dot

1704

01:04:29,589 --> 01:04:28,079

material

1705

01:04:31,750 --> 01:04:29,599

the um

1706

01:04:33,430 --> 01:04:31,760

the aluminum materials of the strips

1707

01:04:35,750 --> 01:04:33,440

were

1708

01:04:36,789 --> 01:04:35,760

they had an unusual composition and it

1709

01:04:38,870 --> 01:04:36,799

was not

1710

01:04:41,430 --> 01:04:38,880

what you'd expect from aluminum in

1711

01:04:43,109 --> 01:04:41,440

nineteen 1947

1712

01:04:44,309 --> 01:04:43,119

uh there were some rare earths and a

1713

01:04:47,190 --> 01:04:44,319

little bit of

1714

01:04:49,190 --> 01:04:47,200

uranium thorium and

1715

01:04:52,150 --> 01:04:49,200

niobium and other elements that you

1716

01:04:53,910 --> 01:04:52,160

wouldn't expect in commercial aluminum

1717

01:04:55,990 --> 01:04:53,920

their physical properties were not too

1718

01:04:58,630 --> 01:04:56,000

impressive so that that

1719

01:04:59,910 --> 01:04:58,640

kind of threw me a little bit but um

1720

01:05:01,109 --> 01:04:59,920

um

1721

01:05:02,630 --> 01:05:01,119

yeah that's going to be one of my other

1722

01:05:04,390 --> 01:05:02,640

questions i can't i can't say i can't

1723

01:05:05,750 --> 01:05:04,400

say just on the on the face of the

1724

01:05:07,430 --> 01:05:05,760

properties of the material yeah that's

1725

01:05:09,270 --> 01:05:07,440

part of an alien spacecraft but at the

1726

01:05:11,829 --> 01:05:09,280

same time

1727

01:05:12,630 --> 01:05:11,839

what what isotopic data we have indicate

1728

01:05:16,150 --> 01:05:12,640

that

1729

01:05:19,109 --> 01:05:16,160

elements are

1730

01:05:20,950 --> 01:05:19,119

strange enough to to have been

1731

01:05:25,589 --> 01:05:20,960

for the material to possibly have been

1732

01:05:30,230 --> 01:05:28,230

i'm sorry i was going to say that was my

1733

01:05:31,510 --> 01:05:30,240

next question is that every time that

1734

01:05:34,390 --> 01:05:31,520

i've heard

1735

01:05:36,630 --> 01:05:34,400

some kind of uh claim of okay this is

1736

01:05:38,069 --> 01:05:36,640

from an alien spacecraft or this you

1737

01:05:39,750 --> 01:05:38,079

know is from

1738

01:05:43,270 --> 01:05:39,760

this is some kind of alien technology

1739

01:05:45,349 --> 01:05:43,280

there's always talk of isotopic ratios

1740

01:05:47,589 --> 01:05:45,359

i'm not a scientist but i looked into it

1741

01:05:50,230 --> 01:05:47,599

but i'd like if you could explain to my

1742

01:05:52,390 --> 01:05:50,240

listeners how can you tell from isotopic

1743

01:05:53,670 --> 01:05:52,400

ratios that this was manufactured or

1744

01:05:56,150 --> 01:05:53,680

came from off

1745

01:05:57,990 --> 01:05:56,160

earth versus um

1746

01:06:00,309 --> 01:05:58,000

like for example

1747

01:06:01,829 --> 01:06:00,319

i've heard that there's aluminum

1748

01:06:02,950 --> 01:06:01,839

that someone is in possession of or an

1749

01:06:04,789 --> 01:06:02,960

aluminum

1750

01:06:07,670 --> 01:06:04,799

uh you know

1751

01:06:09,510 --> 01:06:07,680

aluminum and a few other elements

1752

01:06:11,510 --> 01:06:09,520

that that was a piece of material

1753

01:06:13,750 --> 01:06:11,520

someone had and they didn't they

1754

01:06:14,710 --> 01:06:13,760

analyzed it and the isotopic ratio

1755

01:06:17,109 --> 01:06:14,720

showed that

1756

01:06:18,470 --> 01:06:17,119

the elements within that piece

1757

01:06:20,470 --> 01:06:18,480

could not have been

1758

01:06:22,870 --> 01:06:20,480

from planet earth but how do they know

1759

01:06:25,750 --> 01:06:22,880

that from isotopic ratios can you

1760

01:06:27,990 --> 01:06:25,760

explain that to us well um well there's

1761

01:06:30,549 --> 01:06:28,000

every every element has different

1762

01:06:32,390 --> 01:06:30,559

different isotopes different

1763

01:06:34,789 --> 01:06:32,400

different nuclei with the same number of

1764

01:06:37,029 --> 01:06:34,799

protons which determines the chemical

1765

01:06:40,630 --> 01:06:37,039

properties of the element mostly but

1766

01:06:44,390 --> 01:06:40,640

different numbers of neutrons that that

1767

01:06:46,150 --> 01:06:44,400

make the mass mass number different so

1768

01:06:49,349 --> 01:06:46,160

some elements have only one stable

1769

01:06:50,950 --> 01:06:49,359

isotope um but uh others have a number

1770

01:06:53,349 --> 01:06:50,960

of stable isotopes and the ones that

1771

01:06:55,270 --> 01:06:53,359

have more than one stabilized to uh have

1772

01:06:57,589 --> 01:06:55,280

a certain pattern of um

1773

01:07:00,710 --> 01:06:57,599

or certain ratios of

1774

01:07:02,870 --> 01:07:00,720

of the these stable isotopes that's

1775

01:07:04,870 --> 01:07:02,880

just like a fingerprint this came from

1776

01:07:07,510 --> 01:07:04,880

earth

1777

01:07:08,870 --> 01:07:07,520

and the the ratios of isotopes of each

1778

01:07:11,270 --> 01:07:08,880

element are a little bit different if it

1779

01:07:14,390 --> 01:07:11,280

comes from the moon or mars or

1780

01:07:16,630 --> 01:07:14,400

someplace other than earth and

1781

01:07:19,190 --> 01:07:16,640

uh we don't have a lot of data yet but

1782

01:07:20,710 --> 01:07:19,200

uh what data we do have indicates that

1783

01:07:23,190 --> 01:07:20,720

with these um

1784

01:07:25,270 --> 01:07:23,200

a lot of these uh crash debris samples

1785

01:07:28,230 --> 01:07:25,280

and implants uh the ratios are often

1786

01:07:30,870 --> 01:07:28,240

like way off you know just not even

1787

01:07:32,549 --> 01:07:30,880

close to what we see on earth

1788

01:07:34,870 --> 01:07:32,559

so if um

1789

01:07:36,390 --> 01:07:34,880

if those results are accurate and i

1790

01:07:37,589 --> 01:07:36,400

think they probably are at this point

1791

01:07:39,029 --> 01:07:37,599

but we'll have to get more data to be

1792

01:07:41,589 --> 01:07:39,039

absolutely sure

1793

01:07:43,029 --> 01:07:41,599

then these materials may have not only

1794

01:07:45,029 --> 01:07:43,039

come from

1795

01:07:46,710 --> 01:07:45,039

outside the earth or off the earth

1796

01:07:48,789 --> 01:07:46,720

extraterrestrial but maybe from a

1797

01:07:51,910 --> 01:07:48,799

different part of the galaxy entirely

1798

01:07:54,390 --> 01:07:51,920

either that or they were exposed to

1799

01:07:55,190 --> 01:07:54,400

a very high flux of

1800

01:07:57,589 --> 01:07:55,200

high

1801

01:07:59,349 --> 01:07:57,599

uh particulate radiation protons or

1802

01:08:01,109 --> 01:07:59,359

neutrons or something like that and that

1803

01:08:03,190 --> 01:08:01,119

can change and that can change the

1804

01:08:04,630 --> 01:08:03,200

isotopic ratios

1805

01:08:06,789 --> 01:08:04,640

yes

1806

01:08:09,510 --> 01:08:06,799

wow that's really terrible if you put if

1807

01:08:12,069 --> 01:08:09,520

you put a piece of aluminum or steel or

1808

01:08:13,349 --> 01:08:12,079

something into a nuclear reactor

1809

01:08:15,270 --> 01:08:13,359

even if you didn't even if it didn't

1810

01:08:17,510 --> 01:08:15,280

make it radioactive it could change the

1811

01:08:18,269 --> 01:08:17,520

tnt ratios of stable isotopes of some of

1812

01:08:19,749 --> 01:08:18,279

the elements

1813

01:08:22,390 --> 01:08:19,759

[Music]

1814

01:08:25,430 --> 01:08:22,400

so either either way though it's been

1815

01:08:27,030 --> 01:08:25,440

it's not an ordinary piece of material

1816

01:08:29,269 --> 01:08:27,040

wow that's really tantalizing and this

1817

01:08:30,870 --> 01:08:29,279

is why it's always fascinated me so much

1818

01:08:33,269 --> 01:08:30,880

the idea that

1819

01:08:36,070 --> 01:08:33,279

we might have already in our possession

1820

01:08:38,870 --> 01:08:36,080

the smoking gun that proves

1821

01:08:40,870 --> 01:08:38,880

that may prove that

1822

01:08:43,110 --> 01:08:40,880

someone from another star system visited

1823

01:08:43,120 --> 01:08:45,510

yeah

1824

01:08:48,470 --> 01:08:47,590

the government knows all about this

1825

01:08:50,390 --> 01:08:48,480

stuff

1826

01:08:51,990 --> 01:08:50,400

and

1827

01:08:53,669 --> 01:08:52,000

whatever whatever people believe they're

1828

01:08:55,030 --> 01:08:53,679

definitely uh concealing a lot of

1829

01:08:57,030 --> 01:08:55,040

information that they know about the

1830

01:08:59,669 --> 01:08:57,040

stuff from the public yeah i was going

1831

01:09:02,550 --> 01:08:59,679

to ask you just generally if you follow

1832

01:09:04,390 --> 01:09:02,560

stuff in the field of ufos and

1833

01:09:07,269 --> 01:09:04,400

like for example what do you think this

1834

01:09:09,189 --> 01:09:07,279

ttsa thing and

1835

01:09:11,189 --> 01:09:09,199

i know there's there's a

1836

01:09:13,349 --> 01:09:11,199

they have an effort underway

1837

01:09:15,030 --> 01:09:13,359

that they're making a big show of

1838

01:09:16,870 --> 01:09:15,040

about having some

1839

01:09:19,829 --> 01:09:16,880

perhaps

1840

01:09:21,829 --> 01:09:19,839

exotic materials or they're very careful

1841

01:09:23,990 --> 01:09:21,839

not to say this came from aliens but

1842

01:09:25,749 --> 01:09:24,000

they seem to be hyping it that

1843

01:09:27,910 --> 01:09:25,759

that it may have come from an alien

1844

01:09:29,590 --> 01:09:27,920

spacecraft have you been following that

1845

01:09:31,990 --> 01:09:29,600

and what do you think of that uh what's

1846

01:09:34,390 --> 01:09:32,000

what's bt i'm trying west plus ptsa or

1847

01:09:35,669 --> 01:09:34,400

ttsa to the stars academy with tom

1848

01:09:37,590 --> 01:09:35,679

delong

1849

01:09:39,269 --> 01:09:37,600

oh yeah yeah i've i've heard of them

1850

01:09:41,910 --> 01:09:39,279

i've been following them though

1851
01:09:44,309 --> 01:09:41,920
yeah apparently they have a new program

1852
01:09:46,709 --> 01:09:44,319
that they're starting to analyze

1853
01:09:49,349 --> 01:09:46,719
materials and that they have gotten to

1854
01:09:51,990 --> 01:09:49,359
study that you know they haven't said

1855
01:09:53,430 --> 01:09:52,000
this is from aliens but tom delong is

1856
01:09:55,030 --> 01:09:53,440
kind of like a

1857
01:09:56,790 --> 01:09:55,040
i don't know he's kind of like that guy

1858
01:09:58,229 --> 01:09:56,800
that stands outside of the strip club

1859
01:10:00,950 --> 01:09:58,239
getting people to come in you know what

1860
01:10:03,350 --> 01:10:00,960
i mean like he's he's like the barker

1861
01:10:05,750 --> 01:10:03,360
saying uh oh you know uh we have this

1862
01:10:07,030 --> 01:10:05,760
program this is smoking gun and then

1863
01:10:10,950 --> 01:10:07,040

this is

1864

01:10:12,950 --> 01:10:10,960

visitation but then they just type it up

1865

01:10:15,030 --> 01:10:12,960

pipe up the story and they have not

1866

01:10:17,110 --> 01:10:15,040

released any of their data

1867

01:10:20,149 --> 01:10:17,120

we're waiting yeah he's probably trying

1868

01:10:21,750 --> 01:10:20,159

to get trying to get funding but um

1869

01:10:23,110 --> 01:10:21,760

it is um

1870

01:10:25,110 --> 01:10:23,120

when people

1871

01:10:26,790 --> 01:10:25,120

hype and then don't release i think they

1872

01:10:28,550 --> 01:10:26,800

raised 10 million but then there was

1873

01:10:30,550 --> 01:10:28,560

some story that they were 40 million

1874

01:10:32,550 --> 01:10:30,560

dollars in debt so that's i don't know

1875

01:10:35,110 --> 01:10:32,560

how that happened like you raised 10

1876

01:10:36,790 --> 01:10:35,120

million and you spent 40 somehow i were

1877

01:10:39,669 --> 01:10:36,800

you know i could be wrong in that

1878

01:10:41,189 --> 01:10:39,679

numbers but it's about that

1879

01:10:42,870 --> 01:10:41,199

well maybe it's a maybe it's a

1880

01:10:44,390 --> 01:10:42,880

government disinformation thing or

1881

01:10:46,310 --> 01:10:44,400

something i don't i'm not really

1882

01:10:47,510 --> 01:10:46,320

familiar with them but i do know that

1883

01:10:49,669 --> 01:10:47,520

that um

1884

01:10:51,830 --> 01:10:49,679

that most likely these these materials

1885

01:10:53,189 --> 01:10:51,840

are not that uncommon for people to have

1886

01:10:55,510 --> 01:10:53,199

pieces though i know the roswell

1887

01:10:57,830 --> 01:10:55,520

material went all over the country after

1888

01:10:59,430 --> 01:10:57,840

that crash and some of it's in civilian

1889

01:11:00,630 --> 01:10:59,440

hands and even the stuff in the military

1890

01:11:02,310 --> 01:11:00,640

ends uh

1891

01:11:04,550 --> 01:11:02,320

you know got out and you know it's too

1892

01:11:06,790 --> 01:11:04,560

good to be good to not play with and you

1893

01:11:08,149 --> 01:11:06,800

know give pieces to people so a lot of

1894

01:11:10,950 --> 01:11:08,159

people i've heard a lot of people have

1895

01:11:13,669 --> 01:11:10,960

this stuff so um yeah i've heard i've

1896

01:11:15,669 --> 01:11:13,679

heard similar stories and uh

1897

01:11:17,110 --> 01:11:15,679

you know even known a few people who

1898

01:11:20,390 --> 01:11:17,120

claim to have had

1899

01:11:22,229 --> 01:11:20,400

pieces of wreckage and things like that

1900

01:11:24,870 --> 01:11:22,239

but the thing that always gets me is

1901

01:11:27,030 --> 01:11:24,880

like so tantalizing like if this

1902

01:11:30,470 --> 01:11:27,040

i don't understand the media

1903

01:11:33,350 --> 01:11:30,480

or the lack of coverage like for example

1904

01:11:34,870 --> 01:11:33,360

in your case you have all this material

1905

01:11:37,590 --> 01:11:34,880

you can show that

1906

01:11:39,830 --> 01:11:37,600

most likely wasn't manufactured or the

1907

01:11:41,430 --> 01:11:39,840

material didn't come from this planet

1908

01:11:43,270 --> 01:11:41,440

i've heard other stories that people

1909

01:11:46,390 --> 01:11:43,280

could somehow prove that this material

1910

01:11:48,149 --> 01:11:46,400

had to be manufactured in zero gravity

1911

01:11:51,270 --> 01:11:48,159

you know i don't understand the lack of

1912

01:11:53,110 --> 01:11:51,280

media interest or coverage

1913

01:11:55,510 --> 01:11:53,120

of these things because to me it could

1914

01:11:56,870 --> 01:11:55,520

be the smoking gun that proves

1915

01:11:59,189 --> 01:11:56,880

a lot of

1916

01:12:01,110 --> 01:11:59,199

people's theories i think i think i do

1917

01:12:04,709 --> 01:12:01,120

understand it unfortunately and then

1918

01:12:06,630 --> 01:12:04,719

it's due to i think it's just due to um

1919

01:12:09,430 --> 01:12:06,640

straight out government interference

1920

01:12:11,669 --> 01:12:09,440

with uh with the um

1921

01:12:14,390 --> 01:12:11,679

media and the democratic process in this

1922

01:12:16,470 --> 01:12:14,400

case uh in the subject

1923

01:12:18,470 --> 01:12:16,480

yeah a lot of people seem to think that

1924

01:12:20,790 --> 01:12:18,480

there's you know this

1925

01:12:22,950 --> 01:12:20,800

you know i mean most people are familiar

1926

01:12:25,590 --> 01:12:22,960

with like majestic 12 and this kind of

1927

01:12:28,310 --> 01:12:25,600

thing and they're covering everything up

1928

01:12:32,390 --> 01:12:28,320

and i'm not sure what to believe but i

1929

01:12:35,189 --> 01:12:32,400

can i can use my critical thinking and i

1930

01:12:37,590 --> 01:12:35,199

could imagine that if i had access to

1931

01:12:39,669 --> 01:12:37,600

some technology that was i don't know

1932

01:12:41,669 --> 01:12:39,679

ten thousand or maybe a hundred thousand

1933

01:12:43,590 --> 01:12:41,679

years ahead of human technology i'd

1934

01:12:45,990 --> 01:12:43,600

probably wanna keep that secret and see

1935

01:12:47,910 --> 01:12:46,000

if i could figure it out and use it

1936

01:12:49,590 --> 01:12:47,920

in some way yeah

1937

01:12:51,110 --> 01:12:49,600

well that is reportedly what they're

1938

01:12:52,790 --> 01:12:51,120

what they're doing they're trying to

1939

01:12:54,790 --> 01:12:52,800

gain an edge over their adversaries by

1940

01:12:57,350 --> 01:12:54,800

getting alien technology

1941

01:13:00,229 --> 01:12:57,360

and um

1942

01:13:03,510 --> 01:13:01,590

i can just tell you what my experience

1943

01:13:04,870 --> 01:13:03,520

has been dr larry and i tried to publish

1944

01:13:08,229 --> 01:13:04,880

a paper on

1945

01:13:09,910 --> 01:13:08,239

on the uh the john smith uh toe implant

1946

01:13:11,350 --> 01:13:09,920

without even saying it was alien or

1947

01:13:13,430 --> 01:13:11,360

anything else we just wanted to publish

1948

01:13:14,790 --> 01:13:13,440

our findings in a journal and they

1949

01:13:19,430 --> 01:13:14,800

they said they would they said they

1950

01:13:21,430 --> 01:13:19,440

would publish it and then they um let me

1951

01:13:23,510 --> 01:13:21,440

get the paper done um to their

1952

01:13:24,870 --> 01:13:23,520

satisfaction and they then they totally

1953

01:13:26,070 --> 01:13:24,880

changed their tune and said they weren't

1954

01:13:27,750 --> 01:13:26,080

going to publish it so that was

1955

01:13:29,189 --> 01:13:27,760

ridiculous and

1956

01:13:31,270 --> 01:13:29,199

just gave a lot of

1957

01:13:33,110 --> 01:13:31,280

a lot of nonsensical reasons why they

1958

01:13:35,110 --> 01:13:33,120

would not publish it even

1959

01:13:36,090 --> 01:13:35,120

after they said that they would

1960

01:13:39,270 --> 01:13:36,100

and um

1961

01:13:40,709 --> 01:13:39,280

[Music]

1962

01:13:43,110 --> 01:13:40,719

you know i just don't i just don't that

1963

01:13:45,110 --> 01:13:43,120

is something any um any journal is going

1964

01:13:47,510 --> 01:13:45,120

to touch this stuff because they're

1965

01:13:49,189 --> 01:13:47,520

they're being threatened by the powers

1966

01:13:51,189 --> 01:13:49,199

that be there their funding will be cut

1967

01:13:51,990 --> 01:13:51,199

off or

1968

01:13:54,790 --> 01:13:52,000

um

1969

01:13:56,070 --> 01:13:54,800

something bad will happen to them or

1970

01:13:58,310 --> 01:13:56,080

you know a lot of people have died under

1971

01:14:00,070 --> 01:13:58,320

mysterious circumstances

1972

01:14:02,229 --> 01:14:00,080

they're connected with the subject and

1973

01:14:05,030 --> 01:14:02,239

not so much lately but um

1974

01:14:06,630 --> 01:14:05,040

like back in the 50s and 60s

1975

01:14:07,990 --> 01:14:06,640

yeah there's plenty there's plenty of

1976

01:14:11,430 --> 01:14:08,000

stories

1977

01:14:14,070 --> 01:14:11,440

i happen to have a source

1978

01:14:15,350 --> 01:14:14,080

and i can't really go too deep into him

1979

01:14:17,669 --> 01:14:15,360

but uh

1980

01:14:20,310 --> 01:14:17,679

he uh sort of claimed to be a real life

1981

01:14:21,830 --> 01:14:20,320

man in black and all of his

1982

01:14:23,669 --> 01:14:21,840

all his background and everything

1983

01:14:24,790 --> 01:14:23,679

checked out when i looked into him very

1984

01:14:27,510 --> 01:14:24,800

deeply

1985

01:14:29,510 --> 01:14:27,520

and uh he told me some really disturbing

1986

01:14:31,510 --> 01:14:29,520

stories about some of the things that he

1987

01:14:33,910 --> 01:14:31,520

was forced to do

1988

01:14:35,350 --> 01:14:33,920

in a case of uh you know

1989

01:14:37,110 --> 01:14:35,360

people having

1990

01:14:39,350 --> 01:14:37,120

let's just say

1991

01:14:40,950 --> 01:14:39,360

extraterrestrial experiences or

1992

01:14:42,950 --> 01:14:40,960

interaction

1993

01:14:46,709 --> 01:14:42,960

and so i've heard these kind of stories

1994

01:14:51,189 --> 01:14:48,470

yeah i can i don't have any any

1995

01:14:53,830 --> 01:14:51,199

first-hand testimony of um

1996

01:14:56,149 --> 01:14:53,840

of any violence uh done to anybody for

1997

01:14:58,550 --> 01:14:56,159

sure but um there's certainly a lot of a

1998

01:15:00,390 --> 01:14:58,560

lot of believable stories out there and

1999

01:15:02,709 --> 01:15:00,400

um

2000

01:15:03,910 --> 01:15:02,719

the the vehemence with which these

2001

01:15:06,149 --> 01:15:03,920

people

2002

01:15:08,229 --> 01:15:06,159

uh changed their mind into the 180 on

2003

01:15:09,750 --> 01:15:08,239

publishing this paper

2004

01:15:11,990 --> 01:15:09,760

was pretty convincing that something's

2005

01:15:13,750 --> 01:15:12,000

going on to me personally or someone had

2006

01:15:15,110 --> 01:15:13,760

spoken to them after they initially

2007

01:15:17,189 --> 01:15:15,120

agreed right

2008

01:15:20,229 --> 01:15:17,199

right it seemed it seemed like somebody

2009

01:15:22,070 --> 01:15:20,239

sent somebody uh uh an authority to talk

2010

01:15:23,750 --> 01:15:22,080

to them after they already agreed to

2011

01:15:25,350 --> 01:15:23,760

publish it and they then change your

2012

01:15:26,550 --> 01:15:25,360

mind that's exactly what it seemed like

2013

01:15:29,270 --> 01:15:26,560

yeah that was going to be another one of

2014

01:15:31,350 --> 01:15:29,280

my questions is is if you guys ever had

2015

01:15:33,430 --> 01:15:31,360

a published peer-reviewed paper on on

2016

01:15:35,910 --> 01:15:33,440

these materials but i guess not because

2017

01:15:38,630 --> 01:15:35,920

of the resistance to uh no it wasn't it

2018

01:15:40,470 --> 01:15:38,640

wasn't for lack of trying um i after

2019

01:15:41,750 --> 01:15:40,480

that experience i i've come to the

2020

01:15:43,270 --> 01:15:41,760

conclusion that

2021

01:15:45,350 --> 01:15:43,280

peer review is

2022

01:15:47,510 --> 01:15:45,360

a form of censorship that they that the

2023

01:15:49,510 --> 01:15:47,520

power would be used to keep

2024

01:15:52,070 --> 01:15:49,520

information that they don't wish to be

2025

01:15:55,110 --> 01:15:52,080

in the scientific debate

2026

01:15:58,070 --> 01:15:55,120

and scientific circles for debate out of

2027

01:15:59,030 --> 01:15:58,080

that debate um

2028

01:16:00,790 --> 01:15:59,040

and

2029

01:16:02,390 --> 01:16:00,800

i think i think a better system would be

2030

01:16:07,510 --> 01:16:02,400

just to

2031

01:16:09,750 --> 01:16:07,520

submit unless there's evidence of fraud

2032

01:16:12,310 --> 01:16:09,760

and let scientists uh

2033

01:16:13,910 --> 01:16:12,320

worldwide as a whole makes their minds

2034

01:16:16,229 --> 01:16:13,920

yeah that would seem to be the fairer

2035

01:16:17,590 --> 01:16:16,239

way to go about it

2036

01:16:19,590 --> 01:16:17,600

yeah i mean

2037

01:16:20,950 --> 01:16:19,600

why not publish and if there's evidence

2038

01:16:22,390 --> 01:16:20,960

of fraud that's a totally different

2039

01:16:26,229 --> 01:16:22,400

story but

2040

01:16:27,750 --> 01:16:26,239

if there's no evidence of fraud uh

2041

01:16:29,590 --> 01:16:27,760

why not publish it it may be some

2042

01:16:32,310 --> 01:16:29,600

breakthrough and you know

2043

01:16:35,270 --> 01:16:32,320

a lot of people don't realize that

2044

01:16:37,669 --> 01:16:35,280

breakthrough uh science

2045

01:16:39,270 --> 01:16:37,679

often does seem ridiculous to people at

2046

01:16:40,709 --> 01:16:39,280

first to other scientists at first

2047

01:16:43,270 --> 01:16:40,719

because they don't know all the facts

2048

01:16:45,270 --> 01:16:43,280

it's new it's based on new principles

2049

01:16:47,350 --> 01:16:45,280

they haven't studied or haven't so

2050

01:16:49,669 --> 01:16:47,360

yeah i'm sure about i'm sure an awful

2051

01:16:51,910 --> 01:16:49,679

lot of people laughed at nikola tesla

2052

01:16:54,310 --> 01:16:51,920

about a lot of his ideas before he

2053

01:16:55,590 --> 01:16:54,320

proved them to be you know

2054

01:17:01,110 --> 01:16:55,600

so

2055

01:17:04,470 --> 01:17:01,120

ones that he's developed you know

2056

01:17:06,149 --> 01:17:04,480

yeah and tesla's ideas were um were

2057

01:17:07,990 --> 01:17:06,159

revolutionary i mean he had technology

2058

01:17:10,630 --> 01:17:08,000

that was 200 years

2059

01:17:13,189 --> 01:17:10,640

ahead of his time um and he correctly

2060

01:17:15,270 --> 01:17:13,199

predicted the cell phone he and the

2061

01:17:17,350 --> 01:17:15,280

world wide web and so many other things

2062

01:17:19,590 --> 01:17:17,360

like he was just a way out of his time a

2063

01:17:21,910 --> 01:17:19,600

big fan of tesla

2064

01:17:25,189 --> 01:17:21,920

yeah me too and he um

2065

01:17:26,950 --> 01:17:25,199

uh he really um

2066

01:17:28,709 --> 01:17:26,960

had a lot of interesting he was a

2067

01:17:30,709 --> 01:17:28,719

theoretician as well as an inventor and

2068

01:17:32,870 --> 01:17:30,719

you know

2069

01:17:34,550 --> 01:17:32,880

a unified field theory behind the scenes

2070

01:17:37,030 --> 01:17:34,560

based on his work

2071

01:17:38,950 --> 01:17:37,040

a few years after he died they just

2072

01:17:41,510 --> 01:17:38,960

finished up what he was working on and

2073

01:17:47,110 --> 01:17:44,310

i have reason to believe that they they

2074

01:17:50,470 --> 01:17:47,120

advanced einstein the version of uh of

2075

01:17:52,229 --> 01:17:50,480

theory in order to just to kind of

2076

01:17:53,990 --> 01:17:52,239

make a lot of things they wanted to keep

2077

01:17:56,149 --> 01:17:54,000

under wraps even possible like any

2078

01:17:57,750 --> 01:17:56,159

gravity and faster than light travel

2079

01:18:00,229 --> 01:17:57,760

well you know one of the funny things is

2080

01:18:01,590 --> 01:18:00,239

that when people when people uh when

2081

01:18:04,229 --> 01:18:01,600

people don't quite believe that the

2082

01:18:06,950 --> 01:18:04,239

government covers things up and you know

2083

01:18:09,590 --> 01:18:06,960

keeps technology to themselves i always

2084

01:18:10,310 --> 01:18:09,600

cite nikola tesla because they they went

2085

01:18:12,470 --> 01:18:10,320

in

2086

01:18:14,950 --> 01:18:12,480

right after he died and took all of his

2087

01:18:17,350 --> 01:18:14,960

papers and those things are still

2088

01:18:19,030 --> 01:18:17,360

still top secret and you can't get any

2089

01:18:21,590 --> 01:18:19,040

of that information nobody knows what

2090

01:18:24,950 --> 01:18:21,600

happened to any of his notes journals

2091

01:18:27,350 --> 01:18:24,960

designs plans all of that's gone and the

2092

01:18:29,270 --> 01:18:27,360

government the u.s government has it

2093

01:18:31,030 --> 01:18:29,280

tesla knew how to do uh how to do

2094

01:18:33,590 --> 01:18:31,040

several ways to do free energy and he

2095

01:18:36,229 --> 01:18:33,600

knew how to do um antigravity

2096

01:18:37,830 --> 01:18:36,239

and those two things

2097

01:18:40,070 --> 01:18:37,840

are highly

2098

01:18:41,669 --> 01:18:40,080

classified and ruthlessly suppressed to

2099

01:18:43,189 --> 01:18:41,679

this day

2100

01:18:44,950 --> 01:18:43,199

do you think that those two things are

2101

01:18:47,430 --> 01:18:44,960

really really

2102

01:18:49,189 --> 01:18:47,440

closely linked because it seems like

2103

01:18:51,110 --> 01:18:49,199

they go together when somebody talks

2104

01:18:53,510 --> 01:18:51,120

about one they're often talking about

2105

01:18:56,709 --> 01:18:53,520

the other one like these these crafts

2106

01:18:58,709 --> 01:18:56,719

may be running on zero point energy

2107

01:19:01,830 --> 01:18:58,719

and have an anti-gravity propulsion

2108

01:19:03,990 --> 01:19:01,840

system at together like those two things

2109

01:19:05,750 --> 01:19:04,000

are related they're all um

2110

01:19:06,790 --> 01:19:05,760

in order for those things to be possible

2111

01:19:09,030 --> 01:19:06,800

um

2112

01:19:10,390 --> 01:19:09,040

uh it has to be based on there have to

2113

01:19:12,390 --> 01:19:10,400

be an ether

2114

01:19:13,590 --> 01:19:12,400
a space-time fabric that's full of

2115

01:19:16,630 --> 01:19:13,600
energy

2116

01:19:19,350 --> 01:19:16,640
and um in my opinion the space-time

2117

01:19:20,950 --> 01:19:19,360
fabric or the the quantum field energy

2118

01:19:22,709 --> 01:19:20,960
in the quantum mechanics talks about is

2119

01:19:25,110 --> 01:19:22,719
the quantum field energy

2120

01:19:26,709 --> 01:19:25,120
is responsible for all the four forces

2121

01:19:28,950 --> 01:19:26,719
of nature the nuclear forces the

2122

01:19:31,270 --> 01:19:28,960
electromagnetic force and

2123

01:19:32,870 --> 01:19:31,280
and gravitational forces and they're all

2124

01:19:34,709 --> 01:19:32,880
they're all related

2125

01:19:37,350 --> 01:19:34,719
like

2126

01:19:39,189 --> 01:19:37,360

you can derive newton's second law

2127

01:19:40,709 --> 01:19:39,199

um if you if you assume that the

2128

01:19:43,030 --> 01:19:40,719

assumption would be that the ether is

2129

01:19:45,750 --> 01:19:43,040

full of electromagnetic energy

2130

01:19:48,630 --> 01:19:45,760

you can as composed of particles with

2131

01:19:50,709 --> 01:19:48,640

electromagnetic dipole and

2132

01:19:53,350 --> 01:19:50,719

uh or magnetic and electric dipole

2133

01:19:55,830 --> 01:19:53,360

moments that are much smaller than an

2134

01:19:57,669 --> 01:19:55,840

atomic nucleus comparable to the size of

2135

01:19:59,990 --> 01:19:57,679

the planck length 10 to the minus 34

2136

01:20:01,590 --> 01:20:00,000

meters anyway if you assume the ether is

2137

01:20:03,669 --> 01:20:01,600

like that

2138

01:20:05,430 --> 01:20:03,679

you can derive newton's second law

2139

01:20:06,790 --> 01:20:05,440

because there's electromagnetic drag

2140

01:20:08,709 --> 01:20:06,800

force

2141

01:20:10,950 --> 01:20:08,719

on the subatomic particle the charges in

2142

01:20:12,629 --> 01:20:10,960

the subatomic particles in matter when

2143

01:20:14,790 --> 01:20:12,639

they accelerate through the ether of

2144

01:20:15,510 --> 01:20:14,800

that type of structure

2145

01:20:18,229 --> 01:20:15,520

so

2146

01:20:21,030 --> 01:20:18,239

that's tantalizing

2147

01:20:22,950 --> 01:20:21,040

and underneath like that the ether

2148

01:20:24,870 --> 01:20:22,960

accelerating towards you

2149

01:20:26,470 --> 01:20:24,880

with would be you would experience

2150

01:20:30,310 --> 01:20:26,480

gravity and you accelerating through the

2151

01:20:35,590 --> 01:20:33,270

well that's pretty interesting and um

2152

01:20:36,790 --> 01:20:35,600

the nuclear forces may well be uh may

2153

01:20:37,750 --> 01:20:36,800

well be at

2154

01:20:40,550 --> 01:20:37,760

the

2155

01:20:42,390 --> 01:20:40,560

uh sub-quantum manifestations of um of

2156

01:20:45,110 --> 01:20:42,400

the electromagnetic force

2157

01:20:47,750 --> 01:20:45,120

have you um have you ever seen

2158

01:20:49,189 --> 01:20:47,760

as a side note on the free energy thing

2159

01:20:52,470 --> 01:20:49,199

because i've played with some of this

2160

01:20:54,470 --> 01:20:52,480

stuff and that's one of my big interests

2161

01:20:57,260 --> 01:20:54,480

have you ever seen like

2162

01:20:58,390 --> 01:20:57,270

john hutchinson's crystal batteries

2163

01:21:00,790 --> 01:20:58,400

[Music]

2164

01:21:03,110 --> 01:21:00,800

yes obviously he decided i worked with

2165

01:21:05,110 --> 01:21:03,120

him briefly and he told me about the

2166

01:21:07,750 --> 01:21:05,120

great batteries can you tell us about

2167

01:21:08,550 --> 01:21:07,760

that experience

2168

01:21:15,189 --> 01:21:08,560

um

2169

01:21:17,110 --> 01:21:15,199

he was using uh

2170

01:21:20,950 --> 01:21:17,120

sodium bitartrate i believe it was of

2171

01:21:26,629 --> 01:21:23,990

adding wires to ends of the crystal and

2172

01:21:28,470 --> 01:21:26,639

had to be hydrated a certain way and

2173

01:21:30,470 --> 01:21:28,480

i was very excited about it at first

2174

01:21:31,750 --> 01:21:30,480

except for the fact that uh when i found

2175

01:21:33,270 --> 01:21:31,760

out the fact that they hardly they

2176
01:21:34,629 --> 01:21:33,280
hardly produce any current they produce

2177
01:21:38,149 --> 01:21:34,639
voltage but

2178
01:21:42,310 --> 01:21:39,669
yeah you need a little circuit called a

2179
01:21:44,950 --> 01:21:42,320
jewel thief to keep like an led lit from

2180
01:21:46,229 --> 01:21:44,960
one of them just a single led but i've

2181
01:21:48,390 --> 01:21:46,239
made many of these

2182
01:21:49,910 --> 01:21:48,400
pick up hundreds of them in order to um

2183
01:21:51,910 --> 01:21:49,920
in order to

2184
01:21:54,070 --> 01:21:51,920
create the useful power and he said he

2185
01:21:57,669 --> 01:21:54,080
he said he had a device that that

2186
01:22:00,390 --> 01:21:57,679
produced something like 20 20 volts and

2187
01:22:02,629 --> 01:22:00,400
a couple of amps but he couldn't

2188
01:22:03,830 --> 01:22:02,639

remember how to reproduce it and when he

2189

01:22:05,590 --> 01:22:03,840

tried to sell it to the canadian

2190

01:22:06,950 --> 01:22:05,600

government they weren't interested

2191

01:22:09,350 --> 01:22:06,960

yeah i've already tried to sell that

2192

01:22:11,430 --> 01:22:09,360

technology to japanese investors as well

2193

01:22:13,669 --> 01:22:11,440

it's like uh you know like endless

2194

01:22:15,350 --> 01:22:13,679

battery

2195

01:22:16,629 --> 01:22:15,360

yeah because i know you never played

2196

01:22:18,229 --> 01:22:16,639

that batteries

2197

01:22:20,149 --> 01:22:18,239

certain other crystals can be made to

2198

01:22:22,070 --> 01:22:20,159

work to you but

2199

01:22:23,669 --> 01:22:22,080

he uh either

2200

01:22:25,510 --> 01:22:23,679

didn't want to talk about it or just

2201
01:22:27,990 --> 01:22:25,520
forgotten i think you just forgot how to

2202
01:22:28,870 --> 01:22:28,000
do it yeah i i played with that myself

2203
01:22:32,550 --> 01:22:28,880
and that

2204
01:22:34,390 --> 01:22:32,560
just epsom salts and uh i think it's uh

2205
01:22:36,310 --> 01:22:34,400
rochelle salts and a few other

2206
01:22:38,629 --> 01:22:36,320
components yeah rochelle's balls

2207
01:22:40,790 --> 01:22:38,639
magnesium rod in the middle and with

2208
01:22:42,149 --> 01:22:40,800
that dual thief circuit

2209
01:22:44,870 --> 01:22:42,159
i it

2210
01:22:47,830 --> 01:22:44,880
it lit an led for over a year and then i

2211
01:22:48,790 --> 01:22:47,840
kind of uh stopped playing with it but

2212
01:22:50,790 --> 01:22:48,800
i've never

2213
01:22:52,629 --> 01:22:50,800

i would the step that i wanted to take

2214

01:22:54,470 --> 01:22:52,639

was to make 100 of them

2215

01:22:57,590 --> 01:22:54,480

and wire them in series or parallel to

2216

01:23:00,310 --> 01:22:57,600

get usable current because you're right

2217

01:23:02,870 --> 01:23:00,320

enough power to power an led is not very

2218

01:23:06,149 --> 01:23:02,880

exciting but if you could multiply it

2219

01:23:07,430 --> 01:23:06,159

but i never took it that far not yet

2220

01:23:09,430 --> 01:23:07,440

but um

2221

01:23:11,669 --> 01:23:09,440

that's still even if it's just

2222

01:23:13,270 --> 01:23:11,679

enough power to light one led it's still

2223

01:23:15,910 --> 01:23:13,280

huge because that's a theoretical

2224

01:23:17,830 --> 01:23:15,920

breakthrough that you can get power

2225

01:23:19,189 --> 01:23:17,840

from from nothing from just the fabric

2226

01:23:21,510 --> 01:23:19,199

of space

2227

01:23:23,830 --> 01:23:21,520

and it turns out that um

2228

01:23:25,510 --> 01:23:23,840

from what i've read there uh from tesla

2229

01:23:27,350 --> 01:23:25,520

working other than john's work and other

2230

01:23:30,229 --> 01:23:27,360

other people's work there's probably

2231

01:23:32,550 --> 01:23:30,239

several ways to do it

2232

01:23:33,590 --> 01:23:32,560

there's cryptic crystals and there's

2233

01:23:35,669 --> 01:23:33,600

there's a

2234

01:23:36,709 --> 01:23:35,679

way you can do it with

2235

01:23:39,510 --> 01:23:36,719

with

2236

01:23:40,950 --> 01:23:39,520

transistors and there's

2237

01:23:44,790 --> 01:23:40,960

a way you can do it with homopolar

2238

01:23:50,950 --> 01:23:47,510

there was a guy that tesla did that and

2239

01:23:54,470 --> 01:23:52,709

i forget the guy's name but he there was

2240

01:23:56,070 --> 01:23:54,480

a guy more recently that did some work

2241

01:23:57,669 --> 01:23:56,080

on that

2242

01:24:01,430 --> 01:23:57,679

maybe john bedini i think you're

2243

01:24:05,590 --> 01:24:03,270

i was saying no no it wasn't it wasn't

2244

01:24:07,910 --> 01:24:05,600

bedini it was another other guy okay but

2245

01:24:10,550 --> 01:24:07,920

i'll remember his name after

2246

01:24:13,510 --> 01:24:10,560

after the interview but um

2247

01:24:14,470 --> 01:24:13,520

in an event uh homophobe generators

2248

01:24:16,390 --> 01:24:14,480

are

2249

01:24:18,149 --> 01:24:16,400

one of the ways to do it and

2250

01:24:20,310 --> 01:24:18,159

semiconductors another way crystal's

2251

01:24:21,830 --> 01:24:20,320

another way

2252

01:24:23,830 --> 01:24:21,840

and

2253

01:24:25,270 --> 01:24:23,840

i think tesla knew all those different

2254

01:24:28,470 --> 01:24:25,280

ways to

2255

01:24:30,390 --> 01:24:28,480

enter key harvesting from the vacuum

2256

01:24:32,229 --> 01:24:30,400

yeah wow what an interesting thing and

2257

01:24:33,910 --> 01:24:32,239

and the fact that maybe a lot of that

2258

01:24:35,430 --> 01:24:33,920

technology is suppressed i've heard a

2259

01:24:37,669 --> 01:24:35,440

lot of stories about free energy

2260

01:24:41,189 --> 01:24:37,679

inventors getting you know

2261

01:24:42,229 --> 01:24:41,199

either paid off or uh intimidated or

2262

01:24:46,950 --> 01:24:42,239

you know

2263

01:24:51,830 --> 01:24:48,470

he reportedly had a device that would

2264

01:24:53,830 --> 01:24:51,840

produce 50 kilowatts uh using a um

2265

01:24:56,229 --> 01:24:53,840

a semiconductor uh

2266

01:24:57,750 --> 01:24:56,239

method of harvesting energy um back in

2267

01:24:59,350 --> 01:24:57,760

the 1930s

2268

01:25:00,950 --> 01:24:59,360

and uh

2269

01:25:02,790 --> 01:25:00,960

they the the government tried to kill

2270

01:25:04,629 --> 01:25:02,800

him several times he had to revert to

2271

01:25:05,590 --> 01:25:04,639

carrying a gun everywhere he went

2272

01:25:07,510 --> 01:25:05,600

to

2273

01:25:09,830 --> 01:25:07,520

avoid being murdered well that's pretty

2274

01:25:12,629 --> 01:25:09,840

scary and have you ever heard of

2275

01:25:14,870 --> 01:25:12,639

have you ever heard of the uh uh the

2276

01:25:18,950 --> 01:25:14,880

searle john searle and what do you think

2277

01:25:20,709 --> 01:25:19,910

hello

2278

01:25:35,270 --> 01:25:20,719

i

2279

01:25:36,950 --> 01:25:35,280

worked to generate generate energy and

2280

01:25:38,550 --> 01:25:36,960

the anti-gravity effect he claimed there

2281

01:25:40,870 --> 01:25:38,560

was a there was a russian academy of

2282

01:25:45,750 --> 01:25:40,880

sciences experiment that um

2283

01:25:49,669 --> 01:25:47,669

yeah they really reproduced it so yeah i

2284

01:25:52,070 --> 01:25:49,679

think it worked but his claims to have

2285

01:25:54,390 --> 01:25:52,080

made spacecraft a working spacecraft

2286

01:25:55,669 --> 01:25:54,400

with it i'm not sure i believe that yeah

2287

01:25:58,629 --> 01:25:55,679

i don't know there's a lot of there's a

2288

01:26:00,310 --> 01:25:58,639

lot of things that indicated that he

2289

01:26:02,229 --> 01:26:00,320

i knew somebody that

2290

01:26:03,910 --> 01:26:02,239

basically made a model for him a

2291

01:26:06,709 --> 01:26:03,920

non-working model

2292

01:26:08,950 --> 01:26:06,719

that he ended up using in videos to show

2293

01:26:11,030 --> 01:26:08,960

people like here's here's how this works

2294

01:26:14,310 --> 01:26:11,040

but it didn't ever work he was never

2295

01:26:16,790 --> 01:26:14,320

able to reproduce it a working model

2296

01:26:18,790 --> 01:26:16,800

but i i i think he's for some i don't i

2297

01:26:20,149 --> 01:26:18,800

don't know why he why he lied about that

2298

01:26:21,750 --> 01:26:20,159

but i'm pretty sure that he did lie

2299

01:26:23,830 --> 01:26:21,760

about that i think what happened

2300

01:26:25,669 --> 01:26:23,840

probably happened was he built one and

2301
01:26:26,390 --> 01:26:25,679
it shot through the roof like he claimed

2302
01:26:28,870 --> 01:26:26,400
and

2303
01:26:30,709 --> 01:26:28,880
went off into space somewhere but

2304
01:26:32,470 --> 01:26:30,719
you know building a building a prototype

2305
01:26:34,310 --> 01:26:32,480
of a motor like that and building a

2306
01:26:35,910 --> 01:26:34,320
working spacecraft around it you know

2307
01:26:37,910 --> 01:26:35,920
that their light here is different i

2308
01:26:40,310 --> 01:26:37,920
mean yeah i heard when the government's

2309
01:26:41,669 --> 01:26:40,320
had anti-gravity spacecraft according to

2310
01:26:43,590 --> 01:26:41,679
a lot of people for a long time and i

2311
01:26:45,510 --> 01:26:43,600
heard they had tremendous problems with

2312
01:26:47,510 --> 01:26:45,520
control and uh

2313
01:26:48,950 --> 01:26:47,520

radiation from the

2314

01:26:50,870 --> 01:26:48,960

exposure of the pilots and a lot of

2315

01:26:52,950 --> 01:26:50,880

other things that had to be solved so

2316

01:26:54,550 --> 01:26:52,960

i'm not sure when one one lone inventor

2317

01:26:55,910 --> 01:26:54,560

could do that

2318

01:26:57,910 --> 01:26:55,920

it's always been interesting to me that

2319

01:26:59,669 --> 01:26:57,920

those things are always

2320

01:27:01,430 --> 01:26:59,679

sort of talked about together like like

2321

01:27:03,350 --> 01:27:01,440

you explained like free energy and

2322

01:27:05,590 --> 01:27:03,360

anti-gravity somehow go together it's

2323

01:27:08,030 --> 01:27:05,600

the same forces it's kind of like

2324

01:27:09,270 --> 01:27:08,040

electricity and magnetism you know

2325

01:27:11,750 --> 01:27:09,280

[Music]

2326

01:27:13,189 --> 01:27:11,760

yeah it's all interconnected

2327

01:27:15,750 --> 01:27:13,199

and

2328

01:27:17,430 --> 01:27:15,760

the the key the key in my opinion is to

2329

01:27:20,229 --> 01:27:17,440

figure out the structure of space and

2330

01:27:21,910 --> 01:27:20,239

the resonance frequencies of space and

2331

01:27:23,350 --> 01:27:21,920

time

2332

01:27:25,110 --> 01:27:23,360

and do you think that your experience

2333

01:27:26,870 --> 01:27:25,120

with any of these exotic materials in

2334

01:27:28,870 --> 01:27:26,880

your possession has

2335

01:27:30,629 --> 01:27:28,880

gotten you any closer to understanding

2336

01:27:32,870 --> 01:27:30,639

something like free energy or something

2337

01:27:34,629 --> 01:27:32,880

like any gravity technology

2338

01:27:36,229 --> 01:27:34,639

have they given you some clues um i

2339

01:27:37,910 --> 01:27:36,239

think i have a partial understanding of

2340

01:27:39,290 --> 01:27:37,920

it from talking to you from reading

2341

01:27:40,390 --> 01:27:39,300

about the experiments of the

2342

01:27:42,709 --> 01:27:40,400

[Music]

2343

01:27:44,629 --> 01:27:42,719

the older inventors and talking to john

2344

01:27:46,550 --> 01:27:44,639

hudson and reading

2345

01:27:48,310 --> 01:27:46,560

reading tom bearden's material was very

2346

01:27:50,390 --> 01:27:48,320

interesting i think he's uh he's very

2347

01:27:51,910 --> 01:27:50,400

familiar with the classified uh i'm not

2348

01:27:54,310 --> 01:27:51,920

sure if he's still alive or not but he i

2349

01:27:56,870 --> 01:27:54,320

think he was very familiar with the um

2350

01:28:00,229 --> 01:27:56,880

classified literature on the subject uh

2351

01:28:01,830 --> 01:28:00,239

based on the publications and what can i

2352

01:28:04,310 --> 01:28:01,840

ask you because i'm a little bit

2353

01:28:05,110 --> 01:28:04,320

skeptical of john hutchinson and some of

2354

01:28:07,669 --> 01:28:05,120

his

2355

01:28:09,910 --> 01:28:07,679

claims i'm not sure that richard

2356

01:28:12,709 --> 01:28:09,920

explained to you but you know i happen

2357

01:28:14,870 --> 01:28:12,719

to be a stage magician and have been

2358

01:28:15,830 --> 01:28:14,880

for some long time

2359

01:28:17,430 --> 01:28:15,840

and

2360

01:28:19,990 --> 01:28:17,440

some of his videos

2361

01:28:22,149 --> 01:28:20,000

i could fake very easily in my basement

2362

01:28:23,910 --> 01:28:22,159

by turning a camera upside down

2363

01:28:26,310 --> 01:28:23,920

and one of the things about hutchinson's

2364

01:28:28,629 --> 01:28:26,320

that's always bothered me is that

2365

01:28:31,430 --> 01:28:28,639

he has this incredible effect but then

2366

01:28:33,830 --> 01:28:31,440

he can't reproduce it when he's asked to

2367

01:28:35,669 --> 01:28:33,840

and that kind of well he he had taken he

2368

01:28:37,990 --> 01:28:35,679

had taken all that stuff down and sold

2369

01:28:39,750 --> 01:28:38,000

it to the germans um by the time i

2370

01:28:41,590 --> 01:28:39,760

started working with him and i i didn't

2371

01:28:43,830 --> 01:28:41,600

work with him very long so i never i

2372

01:28:46,470 --> 01:28:43,840

never saw the effect produced

2373

01:28:48,470 --> 01:28:46,480

but based on based on the the circuit

2374

01:28:50,709 --> 01:28:48,480

diagrams he showed me and based on my

2375

01:28:52,390 --> 01:28:50,719

own theories i think that that it

2376

01:28:53,750 --> 01:28:52,400

probably would have worked and he and he

2377

01:28:57,990 --> 01:28:53,760

said when he had it set up he could

2378

01:29:01,030 --> 01:28:59,990

i've seen him use these sonar or some

2379

01:29:03,590 --> 01:29:01,040

kind of uh

2380

01:29:05,350 --> 01:29:03,600

transducer devices to move objects but

2381

01:29:07,990 --> 01:29:05,360

i've never seen him reproduce the

2382

01:29:09,910 --> 01:29:08,000

floating effect

2383

01:29:11,430 --> 01:29:09,920

so that's always gonna be kind of like

2384

01:29:12,550 --> 01:29:11,440

wow

2385

01:29:13,990 --> 01:29:12,560

when i was when i was there they were

2386

01:29:15,750 --> 01:29:14,000

trying to neutralize radioactive

2387

01:29:19,590 --> 01:29:15,760

material with uh

2388

01:29:23,430 --> 01:29:19,600

scalar waves um and um

2389

01:29:24,870 --> 01:29:23,440

um i was quite frustrated because um

2390

01:29:29,910 --> 01:29:24,880

we saw some

2391

01:29:30,870 --> 01:29:29,920

strange effects on on a couple occasions

2392

01:29:32,950 --> 01:29:30,880

and

2393

01:29:35,510 --> 01:29:32,960

they would refuse to refuse to try to

2394

01:29:36,830 --> 01:29:35,520

reproduce the experiments i i don't know

2395

01:29:39,510 --> 01:29:36,840

what was going on

2396

01:29:41,750 --> 01:29:39,520

there his wife especially was most

2397

01:29:43,990 --> 01:29:41,760

uncooperative

2398

01:29:46,229 --> 01:29:44,000

yeah it's kind of it's kind of like uh

2399

01:29:48,629 --> 01:29:46,239

just a tantalizing thing like every once

2400

01:29:50,149 --> 01:29:48,639

in a while i i because of my experience

2401

01:29:52,149 --> 01:29:50,159

with those crystal batteries which

2402

01:29:54,229 --> 01:29:52,159

absolutely work do they produce a lot of

2403

01:29:56,709 --> 01:29:54,239

current just no

2404

01:29:58,870 --> 01:29:56,719

uh yeah just enough to win it every day

2405

01:30:01,030 --> 01:29:58,880

but that was that was tantalizing enough

2406

01:30:01,990 --> 01:30:01,040

for me and to be quite honest

2407

01:30:03,990 --> 01:30:02,000

you know i've

2408

01:30:04,950 --> 01:30:04,000

had a lifelong interest in science and

2409

01:30:06,790 --> 01:30:04,960

because of

2410

01:30:08,390 --> 01:30:06,800

the things that i do in magic i'm pretty

2411

01:30:10,310 --> 01:30:08,400

good with chemistry and some other

2412

01:30:12,149 --> 01:30:10,320

things i make my own

2413

01:30:14,229 --> 01:30:12,159

sort of special effects devices and

2414

01:30:16,149 --> 01:30:14,239

stuff to help with the shows

2415

01:30:18,790 --> 01:30:16,159

but i don't understand how those crystal

2416

01:30:20,390 --> 01:30:18,800

batteries work have no idea all i did

2417

01:30:22,229 --> 01:30:20,400

was follow the instructions and one of

2418

01:30:24,470 --> 01:30:22,239

his this is how i make these battery

2419

01:30:25,430 --> 01:30:24,480

videos and it worked

2420

01:30:27,189 --> 01:30:25,440

and

2421

01:30:28,550 --> 01:30:27,199

i got to see something along the lines

2422

01:30:30,310 --> 01:30:28,560

of the the structure of the the

2423

01:30:33,270 --> 01:30:30,320

structure and the internal the internal

2424

01:30:36,950 --> 01:30:33,280

dipoles and the crystal polarizes space

2425

01:30:39,270 --> 01:30:36,960

and uh and causes it to continue to

2426

01:30:41,350 --> 01:30:39,280

produce an even higher voltage than the

2427

01:30:42,790 --> 01:30:41,360

internal voltage in the crystal i think

2428

01:30:44,550 --> 01:30:42,800

it's something like that yeah i mean i

2429

01:30:46,790 --> 01:30:44,560

have a basic understanding of it but

2430

01:30:50,149 --> 01:30:46,800

it's just still mystifying to me and i

2431

01:30:51,830 --> 01:30:50,159

got to see the naysayers because you

2432

01:30:54,149 --> 01:30:51,840

know i have all these friends that you

2433

01:30:56,229 --> 01:30:54,159

go that that's [h__h] that's that

2434

01:30:58,390 --> 01:30:56,239

doesn't work and i say

2435

01:31:01,590 --> 01:30:58,400

uh well this thing has been lighting an

2436

01:31:02,550 --> 01:31:01,600

led in my basement on my workbench for a

2437

01:31:05,270 --> 01:31:02,560

year

2438

01:31:06,470 --> 01:31:05,280

you can't do that with a regular battery

2439

01:31:08,470 --> 01:31:06,480

you know and i think it would have kept

2440

01:31:10,950 --> 01:31:08,480

going but i just at one point was moving

2441

01:31:12,790 --> 01:31:10,960

things around and i disconnected it but

2442

01:31:15,350 --> 01:31:12,800

i checked it a few months later

2443

01:31:17,830 --> 01:31:15,360

reconnected it led lights right back up

2444

01:31:19,110 --> 01:31:17,840

it's very tantalizing and i don't know

2445

01:31:20,470 --> 01:31:19,120

why uh

2446

01:31:22,390 --> 01:31:20,480

i guess that

2447

01:31:25,270 --> 01:31:22,400

that research into those crystal

2448

01:31:27,750 --> 01:31:25,280

batteries is not being done by like

2449

01:31:29,189 --> 01:31:27,760

academic scientists or

2450

01:31:31,189 --> 01:31:29,199

you know why is it some guy in his

2451

01:31:33,510 --> 01:31:31,199

garage like me that has to build these

2452

01:31:35,750 --> 01:31:33,520

things and say look here's a working

2453

01:31:36,870 --> 01:31:35,760

example it's a tiny tiny amount

2454

01:31:38,470 --> 01:31:36,880

because

2455

01:31:40,390 --> 01:31:38,480

they make a tremendous amount of amount

2456

01:31:43,270 --> 01:31:40,400

of profit on the current system of

2457

01:31:45,590 --> 01:31:43,280

generating of generating energy they um

2458

01:31:47,350 --> 01:31:45,600

you know they they drill they drill uh

2459

01:31:48,629 --> 01:31:47,360

for oil and it doesn't cost that much

2460

01:31:50,310 --> 01:31:48,639

money and then you get

2461

01:31:51,990 --> 01:31:50,320

thirty thousand barrels a day from some

2462

01:31:53,830 --> 01:31:52,000

of these wells and sell it for fifty to

2463

01:31:55,430 --> 01:31:53,840

a hundred dollars a barrel and um you

2464

01:31:57,030 --> 01:31:55,440

have to burn mega tons of the stuff to

2465

01:31:59,189 --> 01:31:57,040

generate a great amount of electricity

2466

01:32:01,669 --> 01:31:59,199

and it doesn't get any better than that

2467

01:32:02,950 --> 01:32:01,679

profit margin wise yeah i've heard

2468

01:32:05,350 --> 01:32:02,960

are you one of the people that believe

2469

01:32:08,950 --> 01:32:05,360

that the oil industry and

2470

01:32:13,590 --> 01:32:11,510

group of individuals or corporations

2471

01:32:16,550 --> 01:32:13,600

actually actively suppress those

2472

01:32:18,950 --> 01:32:16,560

technologies because i think i do um

2473

01:32:20,470 --> 01:32:18,960

yeah and i i think the conclusion is

2474

01:32:21,830 --> 01:32:20,480

inescapable i mean i didn't believe it

2475

01:32:23,510 --> 01:32:21,840

at first but

2476

01:32:25,430 --> 01:32:23,520

the evidence is certainly certainly

2477

01:32:26,470 --> 01:32:25,440

there i mean they don't even want they

2478

01:32:28,149 --> 01:32:26,480

didn't even want more efficient

2479

01:32:30,550 --> 01:32:28,159

carburetor designs on the market let

2480

01:32:33,590 --> 01:32:30,560

alone free energy i mean i've heard of a

2481

01:32:36,229 --> 01:32:33,600

guy that invented invented a um a better

2482

01:32:39,110 --> 01:32:36,239

carburetor that produced that heated the

2483

01:32:41,270 --> 01:32:39,120

fuel up first and and injected gas into

2484

01:32:42,870 --> 01:32:41,280

the cylinder rather than liquid so it

2485

01:32:44,310 --> 01:32:42,880

burned more efficiently and they they

2486

01:32:45,910 --> 01:32:44,320

bought that up and

2487

01:32:47,910 --> 01:32:45,920

shut off the market same with another

2488

01:32:49,669 --> 01:32:47,920

guy

2489

01:32:52,470 --> 01:32:49,679

it doesn't make any sense they buy it

2490

01:32:54,790 --> 01:32:52,480

and they shelf it they just you know and

2491

01:32:56,470 --> 01:32:54,800

it's gone

2492

01:32:58,310 --> 01:32:56,480

because that way that way they make more

2493

01:33:00,310 --> 01:32:58,320

money off oil

2494

01:33:01,669 --> 01:33:00,320

they lose billions of more efficient

2495

01:33:03,750 --> 01:33:01,679

carburetor designs so they were not

2496

01:33:04,950 --> 01:33:03,760

running out of oil there's plenty of oil

2497

01:33:07,510 --> 01:33:04,960

if they were running out they wouldn't

2498

01:33:09,350 --> 01:33:07,520

do that and you know one of my one of my

2499

01:33:11,189 --> 01:33:09,360

other big interests in the field of ufos

2500

01:33:12,950 --> 01:33:11,199

has been the bob lazar story and i'm

2501

01:33:14,550 --> 01:33:12,960

torn back and forth

2502

01:33:16,550 --> 01:33:14,560

because uh

2503

01:33:18,149 --> 01:33:16,560

growing up you know that's really what

2504

01:33:19,110 --> 01:33:18,159

ignited my interest i think i was in

2505

01:33:20,790 --> 01:33:19,120

like

2506

01:33:23,030 --> 01:33:20,800

i don't know maybe seventh or eighth

2507

01:33:25,350 --> 01:33:23,040

grade maybe seventh grade sixth grade

2508

01:33:28,229 --> 01:33:25,360

even when that story came out and i was

2509

01:33:30,950 --> 01:33:28,239

just entranced by that story i was like

2510

01:33:32,629 --> 01:33:30,960

here's a guy that worked down and here i

2511

01:33:35,270 --> 01:33:32,639

totally i totally believe the guy by the

2512

01:33:38,870 --> 01:33:35,280

way that's what i was gonna ask you see

2513

01:33:39,750 --> 01:33:38,880

i sometimes you know i i tend to be very

2514

01:33:41,510 --> 01:33:39,760

uh

2515

01:33:44,470 --> 01:33:41,520

very skeptical

2516

01:33:46,950 --> 01:33:44,480

mostly about a lot of paranormal claims

2517

01:33:49,030 --> 01:33:46,960

because i have

2518

01:33:52,149 --> 01:33:49,040

as a magician i have

2519

01:33:53,030 --> 01:33:52,159

went to see i'd say more than a hundred

2520

01:33:54,390 --> 01:33:53,040

different

2521

01:33:57,350 --> 01:33:54,400

psychics

2522

01:33:59,430 --> 01:33:57,360

not one was was real they were all using

2523

01:34:02,149 --> 01:33:59,440

tricks that i learned when i was a child

2524

01:34:03,990 --> 01:34:02,159

oh yeah i mean you know so i kind of i

2525

01:34:06,149 --> 01:34:04,000

know i know i know a couple of i know a

2526

01:34:08,629 --> 01:34:06,159

couple of psychics i think are real that

2527

01:34:11,189 --> 01:34:08,639

the vast majority of psychics that claim

2528

01:34:13,270 --> 01:34:11,199

their psychics are frauds so i kind of

2529

01:34:15,189 --> 01:34:13,280

apply that critical thinking to to the

2530

01:34:17,669 --> 01:34:15,199

ufo field as well

2531

01:34:20,149 --> 01:34:17,679

and uh i don't know that bob lazar thing

2532

01:34:23,110 --> 01:34:20,159

has always been so tantalizing to me and

2533

01:34:25,910 --> 01:34:23,120

i even found a new witness that put him

2534

01:34:27,750 --> 01:34:25,920

on the janet airline flying into area 51

2535

01:34:28,870 --> 01:34:27,760

it's a previous guest on on our show

2536

01:34:30,270 --> 01:34:28,880

here

2537

01:34:31,350 --> 01:34:30,280

and so that made me go

2538

01:34:33,189 --> 01:34:31,360

[Music]

2539

01:34:35,910 --> 01:34:33,199

well at least we know

2540

01:34:38,070 --> 01:34:35,920

that he flew into area 51. i don't know

2541

01:34:40,070 --> 01:34:38,080

what he did there he could have you know

2542

01:34:41,669 --> 01:34:40,080

right a lot of critics say he could have

2543

01:34:43,109 --> 01:34:41,679

been a low-level technician it doesn't

2544

01:34:45,270 --> 01:34:43,119

prove anything like when people heard

2545

01:34:49,270 --> 01:34:45,280

that show and also they also they also

2546

01:34:52,229 --> 01:34:50,550

so that's something that he worked out

2547

01:34:54,870 --> 01:34:52,239

at los alamos yes and he was in the

2548

01:34:57,270 --> 01:34:54,880

classified briefing so i got another

2549

01:34:59,510 --> 01:34:57,280

shot of like maybe just maybe but when i

2550

01:35:01,669 --> 01:34:59,520

had my show with this new witness that

2551

01:35:03,189 --> 01:35:01,679

put him on the janet airlines

2552

01:35:05,350 --> 01:35:03,199

i got a hundred emails from people

2553

01:35:08,070 --> 01:35:05,360

saying well he could have been the phone

2554

01:35:10,070 --> 01:35:08,080

technician at area 51 for all we know or

2555

01:35:13,030 --> 01:35:10,080

the janitor it doesn't prove that he

2556

01:35:14,950 --> 01:35:13,040

worked on the alien spacecraft

2557

01:35:16,950 --> 01:35:14,960

the thing is that he i saw a video of

2558

01:35:18,550 --> 01:35:16,960

his one time and he outlined the theory

2559

01:35:20,950 --> 01:35:18,560

of gravity that made a lot more sense to

2560

01:35:22,709 --> 01:35:20,960

me than what's in the textbooks and it

2561

01:35:24,550 --> 01:35:22,719

goes along the lines with the um the

2562

01:35:26,550 --> 01:35:24,560

ether theories i was talking about and

2563

01:35:29,270 --> 01:35:26,560

um yeah that's why i wanted to ask you

2564

01:35:30,070 --> 01:35:29,280

because you're you know sometimes i

2565

01:35:32,070 --> 01:35:30,080

think

2566

01:35:35,669 --> 01:35:32,080

maybe i'm too critical because i'm not

2567

01:35:36,790 --> 01:35:35,679

educated enough in science to tell

2568

01:35:38,070 --> 01:35:36,800

if these

2569

01:35:39,830 --> 01:35:38,080

you're right he's got a whole video

2570

01:35:42,550 --> 01:35:39,840

where he explains it this is exactly how

2571

01:35:44,390 --> 01:35:42,560

the craft worked and operated i'm not a

2572

01:35:46,470 --> 01:35:44,400

scientist so

2573

01:35:47,750 --> 01:35:46,480

to me it could be real or it could be

2574

01:35:50,070 --> 01:35:47,760

science fiction but you're

2575

01:35:51,910 --> 01:35:50,080

scientifically trained so i wanted to

2576

01:35:53,830 --> 01:35:51,920

see what someone like you thinks of that

2577

01:35:55,750 --> 01:35:53,840

theory of how he says

2578

01:35:57,510 --> 01:35:55,760

it's hard to say whether

2579

01:35:59,669 --> 01:35:57,520

just on just on the face of the video

2580

01:36:02,390 --> 01:35:59,679

whether it's all true or not but the the

2581

01:36:04,550 --> 01:36:02,400

description of gravity certainly um

2582

01:36:05,830 --> 01:36:04,560

certainly uh made more sense to me and

2583

01:36:07,990 --> 01:36:05,840

um

2584

01:36:10,790 --> 01:36:08,000

he was saying that uh the the reactor in

2585

01:36:13,189 --> 01:36:10,800

the craft was element 115 that was was

2586

01:36:15,189 --> 01:36:13,199

hit by a proton from accelerator that

2587

01:36:16,790 --> 01:36:15,199

would change to element 116 and

2588

01:36:17,590 --> 01:36:16,800

instantly fission

2589

01:36:21,030 --> 01:36:17,600

and

2590

01:36:22,830 --> 01:36:21,040

element 115 may well be stable at least

2591

01:36:27,189 --> 01:36:22,840

element 115

2592

01:36:29,189 --> 01:36:27,199

isotope 299 that he described it being

2593

01:36:30,629 --> 01:36:29,199

it may well be stable like you said and

2594

01:36:32,550 --> 01:36:30,639

it would have a high melting point or

2595

01:36:33,750 --> 01:36:32,560

higher melting point than than than you

2596

01:36:35,350 --> 01:36:33,760

would expect

2597

01:36:37,990 --> 01:36:35,360

because the relativistic effects on the

2598

01:36:40,390 --> 01:36:38,000

electrons because

2599

01:36:44,070 --> 01:36:40,400

a highly charged nucleus

2600

01:36:44,870 --> 01:36:44,080

and element 116 might well be unstable

2601

01:36:46,470 --> 01:36:44,880

um

2602

01:36:47,910 --> 01:36:46,480

and that's that makes sense it might

2603

01:36:49,510 --> 01:36:47,920

instantly fission especially if there

2604

01:36:51,430 --> 01:36:49,520

was a high-energy proton hitting it i

2605

01:36:53,910 --> 01:36:51,440

did some calculations indicating that if

2606

01:36:57,270 --> 01:36:53,920

you if you fissioned

2607

01:36:59,030 --> 01:36:57,280

um element 115 into four fragments

2608

01:37:00,550 --> 01:36:59,040

rather than just two which might well be

2609

01:37:02,229 --> 01:37:00,560

what will happen with such a heavy

2610

01:37:03,990 --> 01:37:02,239

element um

2611

01:37:05,910 --> 01:37:04,000

that would be almost enough energy to

2612

01:37:10,229 --> 01:37:05,920

create an antiproton like you said

2613

01:37:14,709 --> 01:37:12,390

so so some of the some of the science

2614

01:37:16,709 --> 01:37:14,719

that he's talking about that you as a

2615

01:37:19,189 --> 01:37:16,719

trained scientist think is at least

2616

01:37:22,709 --> 01:37:19,199

theoretically possible

2617

01:37:23,990 --> 01:37:22,719

and we'd have to see it in the lab see

2618

01:37:25,109 --> 01:37:24,000

it happen in the lab they're not for

2619

01:37:28,070 --> 01:37:25,119

sure but

2620

01:37:31,189 --> 01:37:28,080

uh it's it's it does not violate any any

2621

01:37:33,350 --> 01:37:31,199

of the basic laws of physics

2622

01:37:35,030 --> 01:37:33,360

wow that's uh you know like i said his

2623

01:37:37,109 --> 01:37:35,040

story has always been one that like

2624

01:37:39,669 --> 01:37:37,119

started me off on this like let me go

2625

01:37:41,109 --> 01:37:39,679

down this rabbit hole and i always joke

2626

01:37:42,470 --> 01:37:41,119

like if i ever meet him i don't know if

2627

01:37:45,750 --> 01:37:42,480

i'm gonna punch him in the face or give

2628

01:37:50,709 --> 01:37:47,990

but um and one thing that one thing that

2629

01:37:52,470 --> 01:37:50,719

that really was uh also a bit of

2630

01:37:53,590 --> 01:37:52,480

evidence in his favor too that i found

2631

01:37:57,030 --> 01:37:53,600

out that

2632

01:37:58,629 --> 01:37:57,040

that uh on in the fine print on these uh

2633

01:38:00,790 --> 01:37:58,639

contracts that you have to sign to get a

2634

01:38:02,390 --> 01:38:00,800

security clearance it does say that one

2635

01:38:04,100 --> 01:38:02,400

of the penalties for breaking security

2636

01:38:05,350 --> 01:38:04,110

is loss of academic credentials

2637

01:38:07,030 --> 01:38:05,360

[Music]

2638

01:38:08,550 --> 01:38:07,040

you know what better way to to keep a

2639

01:38:09,990 --> 01:38:08,560

guy from ever working in that field

2640

01:38:12,470 --> 01:38:10,000

again i mean

2641

01:38:14,390 --> 01:38:12,480

uh all you'd have to do is go up to

2642

01:38:17,430 --> 01:38:14,400

whatever school you went to and flash a

2643

01:38:18,709 --> 01:38:17,440

cia or nsaid and say let me use your

2644

01:38:21,430 --> 01:38:18,719

computer and then

2645

01:38:23,590 --> 01:38:21,440

erase all records to a degree yeah i

2646

01:38:25,430 --> 01:38:23,600

i've never heard that before do you know

2647

01:38:27,350 --> 01:38:25,440

if i could get a printed copy of some

2648

01:38:28,950 --> 01:38:27,360

kind of contract that says that because

2649

01:38:30,950 --> 01:38:28,960

i would love to have that

2650

01:38:32,310 --> 01:38:30,960

i don't i don't have one but i've just

2651

01:38:35,030 --> 01:38:32,320

heard people that have had security

2652

01:38:36,550 --> 01:38:35,040

clearances say that wow okay well that's

2653

01:38:38,390 --> 01:38:36,560

something that i can definitely research

2654

01:38:40,310 --> 01:38:38,400

i'm pretty good at digging for documents

2655

01:38:41,830 --> 01:38:40,320

and things like that right

2656

01:38:43,350 --> 01:38:41,840

that's a tip i've never heard before and

2657

01:38:44,629 --> 01:38:43,360

that would explain why

2658

01:38:46,550 --> 01:38:44,639

suddenly he's

2659

01:38:48,870 --> 01:38:46,560

he's doesn't have any academic

2660

01:38:50,550 --> 01:38:48,880

credentials one of the things and i've

2661

01:38:51,750 --> 01:38:50,560

asked i don't know if you've heard but

2662

01:38:54,470 --> 01:38:51,760

you know of course there's going to be

2663

01:38:56,470 --> 01:38:54,480

this bob lazar and flying saucers film

2664

01:39:00,149 --> 01:38:56,480

by jeremy corbell which you have some

2665

01:39:02,070 --> 01:39:00,159

experience with in the patient 17 film

2666

01:39:04,870 --> 01:39:02,080

which by the way i want to encourage my

2667

01:39:06,550 --> 01:39:04,880

listeners you got to see that patient 17

2668

01:39:08,070 --> 01:39:06,560

film if you're interested in any of

2669

01:39:09,910 --> 01:39:08,080

these things we're talking about tonight

2670

01:39:11,510 --> 01:39:09,920

it's great film

2671

01:39:13,830 --> 01:39:11,520

one of the things that i was i've been

2672

01:39:16,229 --> 01:39:13,840

kind of pushing

2673

01:39:18,470 --> 01:39:16,239

mr corbell to do

2674

01:39:19,669 --> 01:39:18,480

is ask bob lazar for a copy of his

2675

01:39:20,550 --> 01:39:19,679

thesis

2676

01:39:22,870 --> 01:39:20,560

because

2677

01:39:30,790 --> 01:39:22,880

here's here's my thing on on the bob

2678

01:39:35,109 --> 01:39:32,709

how long does it take to write a thesis

2679

01:39:37,510 --> 01:39:35,119

in your opinion

2680

01:39:40,870 --> 01:39:37,520

it depends i mean i i think it typically

2681

01:39:43,189 --> 01:39:40,880

takes about a year exactly so my point

2682

01:39:45,750 --> 01:39:43,199

with mr corbell is

2683

01:39:47,270 --> 01:39:45,760

uh who by the way i should say like i

2684

01:39:49,189 --> 01:39:47,280

have tremendous respect for jeremy

2685

01:39:51,590 --> 01:39:49,199

corbell i love his films i love his work

2686

01:39:53,430 --> 01:39:51,600

i think he's artistic he's great

2687

01:39:55,910 --> 01:39:53,440

i'm a big fan of his work

2688

01:39:59,270 --> 01:39:55,920

but you know i kind of think in the case

2689

01:40:01,350 --> 01:39:59,280

of of bob lazar he's kind of like

2690

01:40:03,030 --> 01:40:01,360

piling up to bob lazar and hanging out

2691

01:40:05,510 --> 01:40:03,040

with him and i don't know that he could

2692

01:40:07,669 --> 01:40:05,520

be totally objective when it comes to

2693

01:40:09,430 --> 01:40:07,679

telling the story so

2694

01:40:11,750 --> 01:40:09,440

the only thing that i really want is for

2695

01:40:12,950 --> 01:40:11,760

him to ask him for a copy of his thesis

2696

01:40:15,270 --> 01:40:12,960

because

2697

01:40:17,350 --> 01:40:15,280

i don't know anyone who would work on

2698

01:40:19,669 --> 01:40:17,360

something for a solid year of their life

2699

01:40:23,109 --> 01:40:19,679

and not keep a copy of it

2700

01:40:25,350 --> 01:40:23,119

and my point has always been if he for

2701

01:40:27,430 --> 01:40:25,360

if he produced a thesis

2702

01:40:30,629 --> 01:40:27,440

he should have a copy of it even if they

2703

01:40:33,189 --> 01:40:30,639

erased his academic credentials or had

2704

01:40:35,750 --> 01:40:33,199

them revoked or you know he should have

2705

01:40:36,950 --> 01:40:35,760

a copy of his thesis most people

2706

01:40:38,870 --> 01:40:36,960

if they spent a year of their life

2707

01:40:39,990 --> 01:40:38,880

working on something they've got a copy

2708

01:40:42,629 --> 01:40:40,000

of it

2709

01:40:45,030 --> 01:40:42,639

and so far that's the one question that

2710

01:40:47,750 --> 01:40:45,040

i would ask him if i could i haven't

2711

01:40:49,669 --> 01:40:47,760

gotten to yet i hope someday too

2712

01:40:51,669 --> 01:40:49,679

produce the copy of the thesis so that

2713

01:40:54,390 --> 01:40:51,679

we can see

2714

01:40:55,750 --> 01:40:54,400

yeah maybe maybe you can or maybe the it

2715

01:40:57,590 --> 01:40:55,760

could be the truth of somewhere in

2716

01:40:59,430 --> 01:40:57,600

between maybe maybe

2717

01:41:00,950 --> 01:40:59,440

he has some sort of a physics degree but

2718

01:41:02,070 --> 01:41:00,960

just not a phd

2719

01:41:04,070 --> 01:41:02,080

yeah

2720

01:41:05,990 --> 01:41:04,080

that's been my theory for a long time is

2721

01:41:08,390 --> 01:41:06,000

a lot of people

2722

01:41:11,109 --> 01:41:08,400

embellish their resumes quite a bit you

2723

01:41:13,990 --> 01:41:11,119

know quite honestly i

2724

01:41:16,070 --> 01:41:14,000

my only education outside of high school

2725

01:41:17,910 --> 01:41:16,080

has been community college

2726
01:41:19,510 --> 01:41:17,920
but you'd be amazed at the places that

2727
01:41:22,229 --> 01:41:19,520
i've worked doing computer science

2728
01:41:24,390 --> 01:41:22,239
drexel university and a whole bunch of

2729
01:41:25,669 --> 01:41:24,400
other places these days these days on

2730
01:41:27,990 --> 01:41:25,679
these days with the internet if you're a

2731
01:41:30,709 --> 01:41:28,000
determined researcher you can get

2732
01:41:32,629 --> 01:41:30,719
as much knowledge from your desk at home

2733
01:41:34,470 --> 01:41:32,639
exactly

2734
01:41:36,950 --> 01:41:34,480
so my point has always been

2735
01:41:38,790 --> 01:41:36,960
you know knowing some of the places that

2736
01:41:40,149 --> 01:41:38,800
i've worked with

2737
01:41:42,229 --> 01:41:40,159
you know like

2738
01:41:43,750 --> 01:41:42,239

not even a finished community college

2739

01:41:46,470 --> 01:41:43,760

associate's degree

2740

01:41:48,550 --> 01:41:46,480

i've gotten some crazy jobs

2741

01:41:50,790 --> 01:41:48,560

as a computer you know

2742

01:41:52,310 --> 01:41:50,800

at managed services and building servers

2743

01:41:55,109 --> 01:41:52,320

and doing all this stuff

2744

01:41:57,270 --> 01:41:55,119

and uh so i've never held it against him

2745

01:41:59,189 --> 01:41:57,280

if if he embellished his resume but he's

2746

01:42:01,350 --> 01:41:59,199

never admitted that he's stuck to his

2747

01:42:03,830 --> 01:42:01,360

story that no i went to mit you know i

2748

01:42:05,910 --> 01:42:03,840

went to caltech so i guess my point has

2749

01:42:07,830 --> 01:42:05,920

always been where's the thesis then you

2750

01:42:10,070 --> 01:42:07,840

should have a copy of the thesis

2751

01:42:11,669 --> 01:42:10,080

well maybe maybe he does but both

2752

01:42:13,109 --> 01:42:11,679

players will we'll probably see at some

2753

01:42:15,750 --> 01:42:13,119

point but um

2754

01:42:17,350 --> 01:42:15,760

um mit and to just to play devil's

2755

01:42:19,430 --> 01:42:17,360

advocate here for a minute i mean the

2756

01:42:21,350 --> 01:42:19,440

mit and cal tech in my opinion they're

2757

01:42:23,189 --> 01:42:21,360

just just exactly the kind of schools

2758

01:42:24,950 --> 01:42:23,199

would be most likely to cooperate with a

2759

01:42:27,189 --> 01:42:24,960

government request like that to wipe out

2760

01:42:29,270 --> 01:42:27,199

somebody's degree yeah they do a lot of

2761

01:42:30,550 --> 01:42:29,280

government work don't they

2762

01:42:32,550 --> 01:42:30,560

yeah they get an awful lot of funding

2763

01:42:34,229 --> 01:42:32,560

that they wouldn't want to jeopardize

2764

01:42:36,470 --> 01:42:34,239

yeah that's been kind of my that's been

2765

01:42:38,550 --> 01:42:36,480

kind of my thought they're so entrenched

2766

01:42:40,709 --> 01:42:38,560

darpa and everything didn't darpa start

2767

01:42:43,030 --> 01:42:40,719

at mit i think so

2768

01:42:45,430 --> 01:42:43,040

yeah i believe so no yeah so they're

2769

01:42:47,510 --> 01:42:45,440

pretty intertwined and you know in bed

2770

01:42:49,189 --> 01:42:47,520

with the government i agree with you if

2771

01:42:51,270 --> 01:42:49,199

the government went to them and said

2772

01:42:53,430 --> 01:42:51,280

where's this guy's records erase him

2773

01:42:55,750 --> 01:42:53,440

they would but the other point is that

2774

01:42:57,350 --> 01:42:55,760

even even like the uh

2775

01:42:59,750 --> 01:42:57,360

even the yearbooks and things like that

2776

01:43:01,270 --> 01:42:59,760

he's not in any of them and you know so

2777

01:43:04,070 --> 01:43:01,280

it's a mystery

2778

01:43:06,229 --> 01:43:04,080

what went on with his education

2779

01:43:08,310 --> 01:43:06,239

but i do kind of agree with i do kind of

2780

01:43:10,790 --> 01:43:08,320

agree with jeremy on one point

2781

01:43:12,470 --> 01:43:10,800

honestly when you look at snowden he was

2782

01:43:15,270 --> 01:43:12,480

a high school dropout and look at the

2783

01:43:17,910 --> 01:43:15,280

projects that he worked on i don't care

2784

01:43:19,590 --> 01:43:17,920

i don't care if if he never went to mit

2785

01:43:22,470 --> 01:43:19,600

i don't care if he never went to caltech

2786

01:43:24,709 --> 01:43:22,480

i care if the story about the technology

2787

01:43:27,669 --> 01:43:24,719

is true formal education is a bit a bit

2788

01:43:29,109 --> 01:43:27,679

overrated especially these days and um

2789

01:43:30,790 --> 01:43:29,119

uh it's not

2790

01:43:33,510 --> 01:43:30,800

just to show you with snowden that it's

2791

01:43:35,830 --> 01:43:33,520

not what you know it's who you know

2792

01:43:37,830 --> 01:43:35,840

we get you the jobs anyway yeah that i

2793

01:43:39,109 --> 01:43:37,840

agree with you on i mean i never went to

2794

01:43:40,950 --> 01:43:39,119

college and then a few years ago i

2795

01:43:42,870 --> 01:43:40,960

decided you know i should give it a try

2796

01:43:44,470 --> 01:43:42,880

and then i went and uh

2797

01:43:46,950 --> 01:43:44,480

i just couldn't believe like this was

2798

01:43:48,790 --> 01:43:46,960

the like some of the the professors that

2799

01:43:50,070 --> 01:43:48,800

they had teaching computer science one

2800

01:43:52,149 --> 01:43:50,080

of them didn't know the difference

2801
01:43:54,629 --> 01:43:52,159
between windows and mac os i thought it

2802
01:43:56,629 --> 01:43:54,639
was the same thing and i i'm like really

2803
01:43:59,270 --> 01:43:56,639
i'm paying money to come here and and

2804
01:44:01,030 --> 01:43:59,280
you're teaching this class this is crazy

2805
01:44:02,390 --> 01:44:01,040
you know well computer science changes

2806
01:44:04,310 --> 01:44:02,400
so fast that it's one of these things

2807
01:44:12,629 --> 01:44:04,320
you could do that you can learn

2808
01:44:15,990 --> 01:44:14,310
i've always been self-taught and i

2809
01:44:18,790 --> 01:44:16,000
always thought it was funny like

2810
01:44:22,390 --> 01:44:18,800
i i built linux servers for the drexel

2811
01:44:24,709 --> 01:44:22,400
robotics lab uh maybe 10 years ago and

2812
01:44:26,629 --> 01:44:24,719
drexel is known it's not mit but it's

2813
01:44:28,629 --> 01:44:26,639

known to be like a really technically

2814

01:44:30,870 --> 01:44:28,639

advanced college like they have the best

2815

01:44:32,790 --> 01:44:30,880

computer systems and and i thought it

2816

01:44:35,590 --> 01:44:32,800

was funny like you guys are bringing in

2817

01:44:37,350 --> 01:44:35,600

like uh you're bringing in me to build

2818

01:44:38,790 --> 01:44:37,360

these things like you don't have anybody

2819

01:44:41,510 --> 01:44:38,800

around here that could do this for you

2820

01:44:43,109 --> 01:44:41,520

like this is crazy to me but it's

2821

01:44:44,870 --> 01:44:43,119

specialized knowledge

2822

01:44:47,510 --> 01:44:44,880

they didn't have it and i did so i got

2823

01:44:49,910 --> 01:44:47,520

to go in there in a in a robotics lab of

2824

01:44:53,910 --> 01:44:49,920

all things and build linux servers i

2825

01:44:57,990 --> 01:44:56,390

that's right so i guess one of the other

2826

01:44:58,709 --> 01:44:58,000

questions i wanted to talk to you about

2827

01:45:00,229 --> 01:44:58,719

is

2828

01:45:02,310 --> 01:45:00,239

what's next for you like what are you

2829

01:45:04,470 --> 01:45:02,320

going to do going forward in the field

2830

01:45:05,910 --> 01:45:04,480

of ufos and these alien implants you're

2831

01:45:07,669 --> 01:45:05,920

going to try to continue your work that

2832

01:45:09,910 --> 01:45:07,679

you've done so far

2833

01:45:12,070 --> 01:45:09,920

yeah i'm going to try to i've been on

2834

01:45:14,870 --> 01:45:12,080

kind of on hold for a while because of

2835

01:45:18,070 --> 01:45:14,880

lack of funding and having to deal with

2836

01:45:19,990 --> 01:45:18,080

fallout from my messy divorce that

2837

01:45:22,709 --> 01:45:20,000

may have had something to do with uh

2838

01:45:26,070 --> 01:45:22,719

government influence um

2839

01:45:27,910 --> 01:45:26,080

i know my my ex was uh

2840

01:45:29,350 --> 01:45:27,920

working with government people for a

2841

01:45:31,669 --> 01:45:29,360

while there and

2842

01:45:33,270 --> 01:45:31,679

so maybe they i suspected they were

2843

01:45:34,709 --> 01:45:33,280

funding part of the divorce i've never

2844

01:45:37,430 --> 01:45:34,719

seen i don't know how she got all the

2845

01:45:38,629 --> 01:45:37,440

money to do what she did otherwise

2846

01:45:40,550 --> 01:45:38,639

they were bugging me

2847

01:45:42,070 --> 01:45:40,560

they were bugging my telephones and she

2848

01:45:44,070 --> 01:45:42,080

was getting all kinds of information on

2849

01:45:45,390 --> 01:45:44,080

me and stuff and so just a lot of weird

2850

01:45:46,629 --> 01:45:45,400

stuff happened and uh

2851

01:45:47,990 --> 01:45:46,639

[Music]

2852

01:45:49,430 --> 01:45:48,000

so you think you were like under

2853

01:45:51,350 --> 01:45:49,440

surveillance because of your work on

2854

01:45:53,030 --> 01:45:51,360

these things

2855

01:45:56,390 --> 01:45:53,040

yeah i'm pretty sure

2856

01:46:01,669 --> 01:45:58,709

bugged and such and um followed around

2857

01:46:02,950 --> 01:46:01,679

did you see the people following you

2858

01:46:04,629 --> 01:46:02,960

yeah i've definitely seen people

2859

01:46:07,430 --> 01:46:04,639

following me before were they like

2860

01:46:09,270 --> 01:46:07,440

government types like men in black kind

2861

01:46:11,189 --> 01:46:09,280

of thing

2862

01:46:12,390 --> 01:46:11,199

uh it's usually just people in white

2863

01:46:14,550 --> 01:46:12,400

vans or

2864

01:46:16,629 --> 01:46:14,560

it could be any any type of vehicle but

2865

01:46:17,830 --> 01:46:16,639

you know just if you

2866

01:46:19,590 --> 01:46:17,840

if you

2867

01:46:21,189 --> 01:46:19,600

if they turn as you turn and all that

2868

01:46:23,030 --> 01:46:21,199

you can just just definitely tell

2869

01:46:24,709 --> 01:46:23,040

they're following you after a while but

2870

01:46:26,550 --> 01:46:24,719

mainly it's people in white vans it's

2871

01:46:28,470 --> 01:46:26,560

not men in black but

2872

01:46:30,149 --> 01:46:28,480

um

2873

01:46:32,790 --> 01:46:30,159

and then in black they describe are

2874

01:46:34,310 --> 01:46:32,800

mostly it might be in nsa agents because

2875

01:46:36,390 --> 01:46:34,320

they um

2876

01:46:38,550 --> 01:46:36,400

they reportedly have jurisdiction over

2877

01:46:40,229 --> 01:46:38,560

alien activity in the us

2878

01:46:42,709 --> 01:46:40,239

yeah the source that i mentioned the

2879

01:46:46,310 --> 01:46:42,719

source that i mentioned was a military

2880

01:46:49,030 --> 01:46:46,320

intelligence officer and later nsa

2881

01:46:50,709 --> 01:46:49,040

that's who he worked for and like i said

2882

01:46:52,310 --> 01:46:50,719

that guy sort of claimed to be like a

2883

01:46:53,669 --> 01:46:52,320

real-life man in black from all the

2884

01:46:55,030 --> 01:46:53,679

stories that he told me it's kind of

2885

01:46:57,109 --> 01:46:55,040

like

2886

01:46:59,590 --> 01:46:57,119

you hear the stories

2887

01:47:01,590 --> 01:46:59,600

of men in black let's say and then when

2888

01:47:03,430 --> 01:47:01,600

i talk to him as a source and he starts

2889

01:47:05,830 --> 01:47:03,440

telling me some stories it's kind of

2890

01:47:07,750 --> 01:47:05,840

like hearing the other side and it's

2891

01:47:09,590 --> 01:47:07,760

really bizarre it's really bizarre to

2892

01:47:11,270 --> 01:47:09,600

hear it from the other side of like this

2893

01:47:13,189 --> 01:47:11,280

is who i intimidated

2894

01:47:14,470 --> 01:47:13,199

this is what they saw this is what i did

2895

01:47:16,310 --> 01:47:14,480

i went and i

2896

01:47:19,669 --> 01:47:16,320

you know

2897

01:47:22,790 --> 01:47:19,679

just one quick story is that some

2898

01:47:25,350 --> 01:47:22,800

ufo ejected something

2899

01:47:27,430 --> 01:47:25,360

from the ufo and then flew off and these

2900

01:47:28,790 --> 01:47:27,440

people in the farm sort of grabbed it

2901
01:47:31,189 --> 01:47:28,800
you know and it was some kind of molten

2902
01:47:32,470 --> 01:47:31,199
metal or you know but

2903
01:47:34,070 --> 01:47:32,480
yeah

2904
01:47:36,870 --> 01:47:34,080
quite frequently

2905
01:47:38,870 --> 01:47:36,880
and uh this guy intimidated the hell out

2906
01:47:40,310 --> 01:47:38,880
of them threatened them like crazy and

2907
01:47:41,990 --> 01:47:40,320
took the object

2908
01:47:43,910 --> 01:47:42,000
and it's weird to hear it from a

2909
01:47:46,550 --> 01:47:43,920
different perspective and i hope someday

2910
01:47:48,950 --> 01:47:46,560
to get him to to talk more but

2911
01:47:50,320 --> 01:47:48,960
guys the most paranoid man i've ever met

2912
01:47:51,910 --> 01:47:50,330
in my life it's weird

2913
01:47:54,709 --> 01:47:51,920

[Music]

2914

01:47:56,629 --> 01:47:54,719

the most what the most paranoid man i've

2915

01:47:58,950 --> 01:47:56,639

ever met yeah oh yeah

2916

01:48:01,030 --> 01:47:58,960

i mean i'm really paranoid and he's in

2917

01:48:03,510 --> 01:48:01,040

his 70s but he is

2918

01:48:04,950 --> 01:48:03,520

incredibly cautious incredibly paranoid

2919

01:48:07,430 --> 01:48:04,960

and uh

2920

01:48:09,910 --> 01:48:07,440

you know very very careful

2921

01:48:11,910 --> 01:48:09,920

and uh it's almost like uh it's like a

2922

01:48:13,830 --> 01:48:11,920

comic book trying to meet this guy and

2923

01:48:15,510 --> 01:48:13,840

speak to him it's weird it's really

2924

01:48:16,470 --> 01:48:15,520

strange

2925

01:48:18,390 --> 01:48:16,480

yeah

2926

01:48:21,030 --> 01:48:18,400

about um

2927

01:48:23,189 --> 01:48:21,040

well the uh it's reported also that um

2928

01:48:24,950 --> 01:48:23,199

in addition to the nsa agents being men

2929

01:48:26,950 --> 01:48:24,960

and black that the aliens have their own

2930

01:48:29,669 --> 01:48:26,960

security squad too that's not seen as

2931

01:48:32,470 --> 01:48:29,679

much anymore as it used to be that um

2932

01:48:35,669 --> 01:48:32,480

is made up of uh hybrids or androids or

2933

01:48:37,189 --> 01:48:35,679

something made of that wear brand new

2934

01:48:40,070 --> 01:48:37,199

black suits and

2935

01:48:44,629 --> 01:48:40,080

black top hats and fedoras

2936

01:48:48,310 --> 01:48:46,629

seems really strange to me

2937

01:48:49,990 --> 01:48:48,320

you know i guess i guess one of the

2938

01:48:51,830 --> 01:48:50,000

other things i wanted to ask you and i

2939

01:48:54,070 --> 01:48:51,840

ask everybody this question that's been

2940

01:48:56,149 --> 01:48:54,080

following this kind of stuff for a while

2941

01:48:58,550 --> 01:48:56,159

or interested as deeply especially

2942

01:49:00,790 --> 01:48:58,560

people that are deeply interested

2943

01:49:01,670 --> 01:49:00,800

and all that you have read seen and

2944

01:49:02,870 --> 01:49:01,680

experienced

2945

01:49:04,890 --> 01:49:02,880

[Music]

2946

01:49:06,629 --> 01:49:04,900

why do you think they're here

2947

01:49:08,550 --> 01:49:06,639

[Music]

2948

01:49:10,470 --> 01:49:08,560

if they are here i think

2949

01:49:12,310 --> 01:49:10,480

this is based based on

2950

01:49:14,470 --> 01:49:12,320

you know interviews with

2951

01:49:16,790 --> 01:49:14,480

about 200 people that have done

2952

01:49:18,870 --> 01:49:16,800

implant scans on and talking to people

2953

01:49:21,030 --> 01:49:18,880

at conferences and such um

2954

01:49:22,790 --> 01:49:21,040

and all i've read and everything

2955

01:49:24,550 --> 01:49:22,800

and

2956

01:49:26,229 --> 01:49:24,560

for what it's worth in my opinion i

2957

01:49:28,470 --> 01:49:26,239

think they're here to

2958

01:49:30,629 --> 01:49:28,480

mine the earth and the moon

2959

01:49:32,790 --> 01:49:30,639

for elements that are not common where

2960

01:49:35,589 --> 01:49:32,800

they come from um

2961

01:49:37,189 --> 01:49:35,599

titanium and gold being two of the two

2962

01:49:39,109 --> 01:49:37,199

of the elements that i think they're

2963

01:49:41,109 --> 01:49:39,119

after

2964

01:49:42,390 --> 01:49:41,119

and um and

2965

01:49:43,990 --> 01:49:42,400

cobalt has some people said they're

2966

01:49:45,589 --> 01:49:44,000

after cobalt too

2967

01:49:48,310 --> 01:49:45,599

and um

2968

01:49:51,510 --> 01:49:48,320

i think they're here to mine uh if you

2969

01:49:54,950 --> 01:49:51,520

want to call it that also dna from uh

2970

01:49:57,669 --> 01:49:54,960

humans and animals and

2971

01:49:59,510 --> 01:49:57,679

they're engaged in a uh a program to

2972

01:50:00,870 --> 01:49:59,520

create hybrids between

2973

01:50:06,709 --> 01:50:00,880

um

2974

01:50:08,950 --> 01:50:06,719

allegedly succeeded in that that's a

2975

01:50:10,790 --> 01:50:08,960

scary that's a scary rabbit hole to go

2976

01:50:12,790 --> 01:50:10,800

down that i've been down we had barbara

2977

01:50:14,709 --> 01:50:12,800

lamb who's uh

2978

01:50:15,910 --> 01:50:14,719

wrote that book meet the hybrids

2979

01:50:17,510 --> 01:50:15,920

recently

2980

01:50:18,950 --> 01:50:17,520

but i'm not sure yeah

2981

01:50:21,109 --> 01:50:18,960

i'm not sure he actually asked me for

2982

01:50:22,149 --> 01:50:21,119

some information on um

2983

01:50:23,910 --> 01:50:22,159

on

2984

01:50:25,990 --> 01:50:23,920

what i knew about hybrids for that for

2985

01:50:27,350 --> 01:50:26,000

that book oh yeah

2986

01:50:29,030 --> 01:50:27,360

i didn't know that

2987

01:50:31,589 --> 01:50:29,040

you know i was kind of skeptical of her

2988

01:50:33,270 --> 01:50:31,599

book i read it and uh it sounds good

2989

01:50:35,189 --> 01:50:33,280

it's but to me it reads kind of like

2990

01:50:36,870 --> 01:50:35,199

science fiction and i kind of challenged

2991

01:50:39,750 --> 01:50:36,880

her to

2992

01:50:41,750 --> 01:50:39,760

get any of these uh people that claim to

2993

01:50:43,669 --> 01:50:41,760

be a hybrid to submit to some dna

2994

01:50:45,990 --> 01:50:43,679

analysis and i offered to pay for it and

2995

01:50:47,350 --> 01:50:46,000

so far my phone hasn't rung

2996

01:50:49,109 --> 01:50:47,360

and i don't think it will

2997

01:50:51,189 --> 01:50:49,119

[Music]

2998

01:50:53,669 --> 01:50:51,199

well i i think that yeah there's no real

2999

01:50:54,870 --> 01:50:53,679

evidence yet but i think they're i think

3000

01:50:56,470 --> 01:50:54,880

they're seeing will be in the form of

3001
01:50:58,870 --> 01:50:56,480
dna testing because it's getting better

3002
01:51:01,270 --> 01:50:58,880
and better and more and more

3003
01:51:02,790 --> 01:51:01,280
precise yeah that was my point with her

3004
01:51:04,149 --> 01:51:02,800
is kind of like well

3005
01:51:06,470 --> 01:51:04,159
these people are claiming psychic

3006
01:51:07,990 --> 01:51:06,480
abilities and that they're half alien or

3007
01:51:10,750 --> 01:51:08,000
something like that so

3008
01:51:13,270 --> 01:51:10,760
i would think that even a you know

3009
01:51:15,430 --> 01:51:13,280
ancestry.com cheap dna test would show

3010
01:51:17,589 --> 01:51:15,440
some kind of weirdness in their dna if

3011
01:51:19,990 --> 01:51:17,599
they submit it to even that but none of

3012
01:51:21,750 --> 01:51:20,000
them will

3013
01:51:23,830 --> 01:51:21,760

23andme

3014

01:51:27,589 --> 01:51:23,840

does a more sophisticated analysis and

3015

01:51:31,750 --> 01:51:29,830

i hear it's actually um it's actually

3016

01:51:33,350 --> 01:51:31,760

cost effective now or you know not not

3017

01:51:34,870 --> 01:51:33,360

prohibitively expensive to sequence the

3018

01:51:36,310 --> 01:51:34,880

entire

3019

01:51:38,870 --> 01:51:36,320

genome and

3020

01:51:41,189 --> 01:51:38,880

in order to for sure find out if the

3021

01:51:43,030 --> 01:51:41,199

aliens did do some work on on somebody

3022

01:51:44,229 --> 01:51:43,040

and alter their dna in order to find out

3023

01:51:46,830 --> 01:51:44,239

what they did

3024

01:51:46,950 --> 01:51:46,840

you'd have to sequence the entire

3025

01:51:49,830 --> 01:51:46,960

yeah though right it's pretty expensive

3026

01:51:55,109 --> 01:51:52,790

but it'll soon be a lot cheaper and

3027

01:51:57,510 --> 01:51:55,119

in the era where we can do uh

3028

01:51:59,350 --> 01:51:57,520

sequencing the entire genome uh cheaply

3029

01:52:01,189 --> 01:51:59,360

which is coming up in probably 10 years

3030

01:52:03,189 --> 01:52:01,199

um i think a lot more evidence is going

3031

01:52:05,189 --> 01:52:03,199

to come to light that there are hybrids

3032

01:52:09,189 --> 01:52:05,199

among us but that's a speculation at

3033

01:52:12,870 --> 01:52:10,870

yeah and and i guess the other question

3034

01:52:14,550 --> 01:52:12,880

that i i've been asking everybody that's

3035

01:52:15,589 --> 01:52:14,560

interested in this field is just about

3036

01:52:17,589 --> 01:52:15,599

everybody that's familiar with the

3037

01:52:18,950 --> 01:52:17,599

aliens that claims abduction and says

3038

01:52:20,070 --> 01:52:18,960

that's what they're working on so that's

3039

01:52:22,149 --> 01:52:20,080

hard that's a

3040

01:52:23,990 --> 01:52:22,159

a large body of anecdotal evidence

3041

01:52:25,589 --> 01:52:24,000

that's hard to ignore at the same time

3042

01:52:27,030 --> 01:52:25,599

yeah definitely a lot of circumstantial

3043

01:52:28,950 --> 01:52:27,040

evidence i've heard a lot of claims like

3044

01:52:31,030 --> 01:52:28,960

that i guess the other question that

3045

01:52:31,990 --> 01:52:31,040

i've been asking everybody recently is

3046

01:52:33,589 --> 01:52:32,000

that

3047

01:52:35,669 --> 01:52:33,599

in the past year or two there have been

3048

01:52:37,430 --> 01:52:35,679

a lot of claims that disclosure is

3049

01:52:40,229 --> 01:52:37,440

coming anytime

3050

01:52:41,910 --> 01:52:40,239

soon or that there's a slow trickle of

3051
01:52:43,350 --> 01:52:41,920
disclosure or that we're being

3052
01:52:45,910 --> 01:52:43,360
acclimated

3053
01:52:47,270 --> 01:52:45,920
to get ready for disclosure

3054
01:52:48,790 --> 01:52:47,280
and so

3055
01:52:51,430 --> 01:52:48,800
anybody that's really been following

3056
01:52:53,270 --> 01:52:51,440
these things an interest in them

3057
01:52:54,790 --> 01:52:53,280
has an interest in these things i've

3058
01:52:57,109 --> 01:52:54,800
been asking

3059
01:52:59,189 --> 01:52:57,119
do you think it's coming soon

3060
01:53:00,149 --> 01:52:59,199
or that we're being acclimated or

3061
01:53:02,790 --> 01:53:00,159
getting

3062
01:53:07,030 --> 01:53:02,800
we've been

3063
01:53:08,950 --> 01:53:07,040

being prepared for a long time

3064

01:53:11,510 --> 01:53:08,960

and i think that they've

3065

01:53:12,390 --> 01:53:11,520

they've tried to disclose a couple of

3066

01:53:14,470 --> 01:53:12,400

times

3067

01:53:16,470 --> 01:53:14,480

and

3068

01:53:18,629 --> 01:53:16,480

change our minds or other people of the

3069

01:53:21,109 --> 01:53:18,639

government of over overrule the people

3070

01:53:22,790 --> 01:53:21,119

who wanted to disclose

3071

01:53:25,270 --> 01:53:22,800

and in my opinion the government will

3072

01:53:28,550 --> 01:53:25,280

never disclose voluntarily it's going to

3073

01:53:30,070 --> 01:53:28,560

have to be the aliens disclosing or some

3074

01:53:32,070 --> 01:53:30,080

catastrophic event happening that'll

3075

01:53:33,350 --> 01:53:32,080

force them to this close but yeah i

3076

01:53:35,830 --> 01:53:33,360

don't think all of it ever disclosed by

3077

01:53:37,510 --> 01:53:35,840

themselves and the fact is that

3078

01:53:38,870 --> 01:53:37,520

that in a sense they already have

3079

01:53:40,629 --> 01:53:38,880

disclosed

3080

01:53:42,070 --> 01:53:40,639

all the information about this stuff is

3081

01:53:43,430 --> 01:53:42,080

out there for people who want to do the

3082

01:53:45,109 --> 01:53:43,440

research

3083

01:53:47,270 --> 01:53:45,119

they just have not uh officially

3084

01:53:48,870 --> 01:53:47,280

confirmed it yeah i always i always

3085

01:53:50,709 --> 01:53:48,880

think it's funny when somebody says

3086

01:53:53,189 --> 01:53:50,719

there's no evidence for any kind of

3087

01:53:55,830 --> 01:53:53,199

extraterrestrial visitation oh yeah

3088

01:53:58,390 --> 01:53:55,840

please i mean the evidence is is

3089

01:54:02,149 --> 01:53:58,400

overwhelming that that that we're being

3090

01:54:03,669 --> 01:54:02,159

visited by something or someone um

3091

01:54:05,189 --> 01:54:03,679

you could argue that you could argue

3092

01:54:14,550 --> 01:54:05,199

that it's all uh

3093

01:54:18,950 --> 01:54:17,510

there's a lot of evidence that

3094

01:54:21,270 --> 01:54:18,960

because of the physical evidence and the

3095

01:54:23,510 --> 01:54:21,280

ambiki reports uh point to at least some

3096

01:54:25,589 --> 01:54:23,520

of the crap being alien

3097

01:54:27,109 --> 01:54:25,599

yeah i guess that's another question i

3098

01:54:29,189 --> 01:54:27,119

mean how many

3099

01:54:31,189 --> 01:54:29,199

you hear a lot of claims that like maybe

3100

01:54:33,030 --> 01:54:31,199

all of this is just top secret

3101
01:54:34,950 --> 01:54:33,040
government projects that they don't they

3102
01:54:36,390 --> 01:54:34,960
don't want to acknowledge or

3103
01:54:38,149 --> 01:54:36,400
or disclose

3104
01:54:39,669 --> 01:54:38,159
do you think that some of the ufos that

3105
01:54:41,510 --> 01:54:39,679
people see are

3106
01:54:43,270 --> 01:54:41,520
black projects

3107
01:54:45,270 --> 01:54:43,280
or oh yeah definitely i think i think

3108
01:54:48,070 --> 01:54:45,280
that a lot of them are a lot of the ufo

3109
01:54:50,390 --> 01:54:48,080
people here are from black projects and

3110
01:54:52,870 --> 01:54:50,400
my personal opinion is that about 30 of

3111
01:54:55,189 --> 01:54:52,880
the sightings are from uh from

3112
01:54:56,950 --> 01:54:55,199
secret space program uh

3113
01:55:00,229 --> 01:54:56,960

any gravity uh

3114

01:55:01,910 --> 01:55:00,239

uh hardcraft and the rest of the marilyn

3115

01:55:03,589 --> 01:55:01,920

you know the other thing is kind of

3116

01:55:05,510 --> 01:55:03,599

weird is like

3117

01:55:07,109 --> 01:55:05,520

from my own experience

3118

01:55:08,870 --> 01:55:07,119

in the city there's so much light

3119

01:55:11,589 --> 01:55:08,880

pollution that you really don't know

3120

01:55:14,070 --> 01:55:11,599

what's flying overhead and if you do you

3121

01:55:16,070 --> 01:55:14,080

go it's it's very easily it's low flying

3122

01:55:18,390 --> 01:55:16,080

it's very easily identifiable like okay

3123

01:55:19,910 --> 01:55:18,400

that's a helicopter that's a

3124

01:55:21,669 --> 01:55:19,920

you know i live near the philadelphia

3125

01:55:24,790 --> 01:55:21,679

international airport so we can see

3126

01:55:26,950 --> 01:55:24,800

planes flying over my house every day

3127

01:55:30,149 --> 01:55:26,960

and it's very obvious like okay that's a

3128

01:55:32,229 --> 01:55:30,159

you know that's a commercial jetliner or

3129

01:55:34,790 --> 01:55:32,239

we i live right near the interstate too

3130

01:55:36,709 --> 01:55:34,800

so we see helicopters all the time but a

3131

01:55:38,070 --> 01:55:36,719

strange thing is that i have a cabin in

3132

01:55:40,070 --> 01:55:38,080

the wilderness in the mountains of

3133

01:55:41,669 --> 01:55:40,080

pennsylvania and

3134

01:55:45,669 --> 01:55:41,679

it's a whole different

3135

01:55:47,109 --> 01:55:45,679

there i see things all the time and

3136

01:55:49,189 --> 01:55:47,119

mostly i think they're satellites

3137

01:55:50,870 --> 01:55:49,199

because the elevation is so high but

3138

01:55:53,350 --> 01:55:50,880

it's still strange so you can go up

3139

01:55:55,589 --> 01:55:53,360

there and see a whole different sky it's

3140

01:55:57,270 --> 01:55:55,599

a whole different thing when the light

3141

01:55:59,510 --> 01:55:57,280

pollution is gone

3142

01:56:01,270 --> 01:55:59,520

you know

3143

01:56:04,470 --> 01:56:01,280

well it's pretty easy to tell um a

3144

01:56:06,390 --> 01:56:04,480

satellite from a um from the ufo in in

3145

01:56:07,830 --> 01:56:06,400

general i mean um

3146

01:56:11,750 --> 01:56:07,840

satellites

3147

01:56:14,390 --> 01:56:11,760

cover a uh a certain trajectory and

3148

01:56:16,550 --> 01:56:14,400

do not maneuver or if they do it's just

3149

01:56:18,470 --> 01:56:16,560

very slightly

3150

01:56:22,229 --> 01:56:18,480

i've seen

3151
01:56:23,830 --> 01:56:22,239
in orbit or they clearly seem to be

3152
01:56:25,430 --> 01:56:23,840
spacecraft nor better at a very high

3153
01:56:27,830 --> 01:56:25,440
altitude to do

3154
01:56:29,990 --> 01:56:27,840
exotic maneuvers and kill the orbital

3155
01:56:30,790 --> 01:56:30,000
velocity and start up again stuff like

3156
01:56:32,390 --> 01:56:30,800
that

3157
01:56:34,470 --> 01:56:32,400
just impossible to do with chemical

3158
01:56:36,470 --> 01:56:34,480
fuels

3159
01:56:37,189 --> 01:56:36,480
so i guess we touched on it before but i

3160
01:56:39,350 --> 01:56:37,199
guess

3161
01:56:40,709 --> 01:56:39,360
to wrap up i would ask you

3162
01:56:42,390 --> 01:56:40,719
you've you've spent a lot of time

3163
01:56:44,229 --> 01:56:42,400

studying these things

3164

01:56:46,550 --> 01:56:44,239

especially the materials

3165

01:56:48,790 --> 01:56:46,560

and i i'd just like to know are you

3166

01:56:50,390 --> 01:56:48,800

going to continue in that research what

3167

01:56:51,430 --> 01:56:50,400

what are your plans going forward for

3168

01:56:52,310 --> 01:56:51,440

that for those of you yeah i'm

3169

01:56:53,189 --> 01:56:52,320

definitely

3170

01:56:54,790 --> 01:56:53,199

going to

3171

01:56:57,270 --> 01:56:54,800

continue in the research and i'm

3172

01:56:59,990 --> 01:56:57,280

searching for a source of

3173

01:57:01,990 --> 01:57:00,000

funding and

3174

01:57:05,189 --> 01:57:02,000

nothing's gonna stop me as long as i'm

3175

01:57:08,310 --> 01:57:05,199

in good health and you know

3176

01:57:10,550 --> 01:57:08,320

uh and still uh still kicking and i'm

3177

01:57:12,149 --> 01:57:10,560

gonna go forward with this and i'm just

3178

01:57:13,750 --> 01:57:12,159

i'm just looking for a source of funding

3179

01:57:15,830 --> 01:57:13,760

and trying to clean up some loose ends

3180

01:57:17,270 --> 01:57:15,840

before i get going again and did you

3181

01:57:18,629 --> 01:57:17,280

want to share is there a way that

3182

01:57:21,750 --> 01:57:18,639

somebody can contact you if they're

3183

01:57:25,669 --> 01:57:21,760

interested in helping in that effort

3184

01:57:27,350 --> 01:57:25,679

yeah um i've got a website and

3185

01:57:28,950 --> 01:57:27,360

i've got to do some work on it but it's

3186

01:57:30,629 --> 01:57:28,960

i think the donation button's still open

3187

01:57:33,109 --> 01:57:30,639

and i'd appreciate any donations and

3188

01:57:34,310 --> 01:57:33,119

they'll all be used for uh analyzing uh

3189

01:57:38,390 --> 01:57:34,320

materials

3190

01:57:39,589 --> 01:57:38,400

um and uh setting up to do so

3191

01:57:46,950 --> 01:57:39,599

that that would be

3192

01:57:46,960 --> 01:57:49,350

and

3193

01:57:54,709 --> 01:57:52,669

my phone number is 805

3194

01:57:58,629 --> 01:57:54,719

805-625-2549 for anybody that wants to

3195

01:58:01,109 --> 01:57:58,639

contact me to get an alien scan i can

3196

01:58:03,030 --> 01:58:01,119

do stud finder and magnetometer scans

3197

01:58:08,470 --> 01:58:03,040

and

3198

01:58:10,790 --> 01:58:08,480

i've found quite a few implants on

3199

01:58:12,790 --> 01:58:10,800

people that way so well that's great so

3200

01:58:15,270 --> 01:58:12,800

there's help available for people who

3201

01:58:16,629 --> 01:58:15,280

think they have an implant

3202

01:58:18,310 --> 01:58:16,639

yeah

3203

01:58:20,870 --> 01:58:18,320

well i want to thank you very much for

3204

01:58:24,149 --> 01:58:20,880

shedding some light on one of the most

3205

01:58:25,589 --> 01:58:24,159

tantalizing subjects in this field i i

3206

01:58:27,510 --> 01:58:25,599

can't thank you enough because you

3207

01:58:29,030 --> 01:58:27,520

brought a real scientific

3208

01:58:30,709 --> 01:58:29,040

mind to

3209

01:58:32,470 --> 01:58:30,719

try to explain to some of our listeners

3210

01:58:34,870 --> 01:58:32,480

some of this stuff and i want to thank

3211

01:58:36,950 --> 01:58:34,880

you for joining us tonight you're

3212

01:58:39,750 --> 01:58:36,960

my pleasure and oh they can also contact

3215

01:58:51,910 --> 01:58:48,719
okay excellent well thank you

3216

01:58:55,910 --> 01:58:51,920
well my friends that music means that we

3217

01:58:58,310 --> 01:58:55,920
are nearing the end of our time together

3218

01:59:00,470 --> 01:58:58,320
i want to thank you once again for
