

STEVEN CAMBIAN

I built a cabin...

It changed my life...

1
00:00:09,760 --> 00:00:09,750
so stephen

2
00:00:14,950 --> 00:00:11,910
you have this story

3
00:00:16,630 --> 00:00:14,960
about this log cabin you're building in

4
00:00:18,950 --> 00:00:16,640
the forest

5
00:00:21,109 --> 00:00:18,960
am i corrected as a forest

6
00:00:23,269 --> 00:00:21,119
well it's like i'm i'm bordered on all

7
00:00:25,349 --> 00:00:23,279
these state game lands i'm in a just

8
00:00:27,750 --> 00:00:25,359
kind of like a it used to be a

9
00:00:30,310 --> 00:00:27,760
campground here years ago and then

10
00:00:32,310 --> 00:00:30,320
people started liking this place and the

11
00:00:34,389 --> 00:00:32,320
surrounding woods so much that they

12
00:00:37,190 --> 00:00:34,399
started living here full time

13
00:00:39,110 --> 00:00:37,200

and so there's a mix of sort of summer

14

00:00:40,470 --> 00:00:39,120

cabins

15

00:00:42,869 --> 00:00:40,480

some guys just come up here for the

16

00:00:45,110 --> 00:00:42,879

winter there's some hunting cabins

17

00:00:46,229 --> 00:00:45,120

and cottages and then there's people who

18

00:00:49,830 --> 00:00:46,239

live here

19

00:00:52,790 --> 00:00:49,840

full time 24 7 you know all year

20

00:00:55,029 --> 00:00:52,800

i'm uh i'm here about half the time now

21

00:00:57,270 --> 00:00:55,039

or have been while trying to build this

22

00:00:58,709 --> 00:00:57,280

place sometimes it was only weekends

23

00:01:01,510 --> 00:00:58,719

before

24

00:01:04,229 --> 00:01:01,520

but because of covid my wife is home so

25

00:01:05,910 --> 00:01:04,239

she's just like go ahead get after it

26

00:01:07,910 --> 00:01:05,920

and is very supportive so she'll take

27

00:01:10,630 --> 00:01:07,920

care of the children because she's not

28

00:01:12,710 --> 00:01:10,640

going to an actual office anymore or

29

00:01:14,230 --> 00:01:12,720

only a couple of days a week so i take

30

00:01:16,230 --> 00:01:14,240

care of the kids a couple of days a week

31

00:01:18,310 --> 00:01:16,240

that she's in the office and then

32

00:01:21,109 --> 00:01:18,320

and then i race here to see what you

33

00:01:23,109 --> 00:01:21,119

know this place has been one big puzzle

34

00:01:25,749 --> 00:01:23,119

to see what i can accomplish and uh

35

00:01:28,149 --> 00:01:25,759

actually thanks to kovid i'm way ahead

36

00:01:30,469 --> 00:01:28,159

of where i thought i was gonna be way

37

00:01:31,910 --> 00:01:30,479

way ahead because instead of you know

38

00:01:33,670 --> 00:01:31,920

coming up on a friday night now i'm

39

00:01:34,789 --> 00:01:33,680

coming up on a wednesday night so

40

00:01:37,270 --> 00:01:34,799

there's like

41

00:01:38,149 --> 00:01:37,280

a lot of extra work time in there

42

00:01:40,310 --> 00:01:38,159

yeah

43

00:01:43,350 --> 00:01:40,320

so you've got your own most excellent

44

00:01:46,950 --> 00:01:43,360

curve going during competition yeah like

45

00:01:49,190 --> 00:01:46,960

i i i wish i kind of wish i hope that my

46

00:01:50,630 --> 00:01:49,200

wife stays home working from home for as

47

00:01:52,389 --> 00:01:50,640

long as possible

48

00:01:54,310 --> 00:01:52,399

because god bless her though she's

49

00:01:55,910 --> 00:01:54,320

trying to you know do all these

50

00:01:58,149 --> 00:01:55,920

complicated spreadsheets she's like a

51
00:02:00,550 --> 00:01:58,159
payroll accountant and then the kids are

52
00:02:02,630 --> 00:02:00,560
the kids are all over and like mommy get

53
00:02:04,469 --> 00:02:02,640
me snacks and this and that you know so

54
00:02:06,389 --> 00:02:04,479
i still try when i'm there you know like

55
00:02:08,309 --> 00:02:06,399
i'm trying to help out and get the kids

56
00:02:09,510 --> 00:02:08,319
away from her so she could do her stuff

57
00:02:11,270 --> 00:02:09,520
do her thing

58
00:02:13,430 --> 00:02:11,280
but then you know like i said i get to

59
00:02:15,430 --> 00:02:13,440
come here and try to do this thing

60
00:02:17,270 --> 00:02:15,440
and it's been like uh

61
00:02:19,589 --> 00:02:17,280
it's been the hardest

62
00:02:21,990 --> 00:02:19,599
but also the most rewarding thing i've

63
00:02:23,750 --> 00:02:22,000

ever done in my life so far because i

64

00:02:25,350 --> 00:02:23,760

wanted to i wanted to do this thing my

65

00:02:27,510 --> 00:02:25,360

whole life and uh you could never i

66

00:02:29,990 --> 00:02:27,520

could never find the time i used to work

67

00:02:31,910 --> 00:02:30,000

a corporate job in a cubicle where i

68

00:02:32,949 --> 00:02:31,920

want to blow my brains out every day you

69

00:02:35,110 --> 00:02:32,959

know

70

00:02:37,670 --> 00:02:35,120

that kind of job so this

71

00:02:40,229 --> 00:02:37,680

became sort of like uh a fantasy to me

72

00:02:42,229 --> 00:02:40,239

like i got to get out of this [h__h]

73

00:02:44,630 --> 00:02:42,239

cubicle and go build a cabin in the

74

00:02:47,190 --> 00:02:44,640

woods and be happy

75

00:02:48,790 --> 00:02:47,200

it's funny how that happens sometimes

76

00:02:50,630 --> 00:02:48,800

yeah

77

00:02:53,110 --> 00:02:50,640

i've had enough of this i've had enough

78

00:02:54,630 --> 00:02:53,120

of this cubicle i used to say i was very

79

00:02:55,750 --> 00:02:54,640

successful in the corporate world that

80

00:02:57,110 --> 00:02:55,760

one thing

81

00:02:58,229 --> 00:02:57,120

getting fired

82

00:03:00,229 --> 00:02:58,239

you know

83

00:03:01,589 --> 00:03:00,239

i would just find a [h__\h] way like

84

00:03:03,830 --> 00:03:01,599

after a while i would just become

85

00:03:06,309 --> 00:03:03,840

disgusted enough with the corporate

86

00:03:08,550 --> 00:03:06,319

nonsense [h__\h] and the you know it's

87

00:03:10,710 --> 00:03:08,560

like that movie uh it's like office

88

00:03:13,589 --> 00:03:10,720

space you know like yes [\h__\h]

89

00:03:15,910 --> 00:03:13,599

ridiculous reports and i gotta spread

90

00:03:17,910 --> 00:03:15,920

sheets and [\h__\h] it's gotta be people

91

00:03:19,910 --> 00:03:17,920

come up to me for ridiculous [\h__\h] all

92

00:03:22,710 --> 00:03:19,920

the time you know you gotta

93

00:03:24,470 --> 00:03:22,720

uh you the format of this excel file you

94

00:03:26,789 --> 00:03:24,480

sent me is not right and you know

95

00:03:29,910 --> 00:03:26,799

there's just so much nonsense doing that

96

00:03:31,670 --> 00:03:29,920

[\h__\h] day in day out 10 hours a day it's

97

00:03:33,270 --> 00:03:31,680

soul sucking and i didn't want to do it

98

00:03:35,270 --> 00:03:33,280

anymore so

99

00:03:38,149 --> 00:03:35,280

you know

100

00:03:39,589 --> 00:03:38,159

yeah that was it i i walked out of there

101
00:03:42,869 --> 00:03:39,599
and uh i

102
00:03:44,949 --> 00:03:42,879
like told the boss off and uh like

103
00:03:46,710 --> 00:03:44,959
really like i said all this it was

104
00:03:48,309 --> 00:03:46,720
beautiful like i said everything i

105
00:03:50,070 --> 00:03:48,319
wanted to say haven't worked there for

106
00:03:52,390 --> 00:03:50,080
four or five years like

107
00:03:54,949 --> 00:03:52,400
here's all the [h__\h] [h__\h]

108
00:03:57,750 --> 00:03:54,959
[h__\h] this place [h__\h] you and i walked

109
00:03:59,990 --> 00:03:57,760
out and i i said i will never sit in a

110
00:04:03,589 --> 00:04:00,000
cubicle ever i don't care what i have to

111
00:04:05,509 --> 00:04:03,599
do you know i'll go dig ditches i dug i

112
00:04:07,589 --> 00:04:05,519
literally dug ditches after that for a

113
00:04:10,149 --> 00:04:07,599

while like i got a job being the guy

114

00:04:11,910 --> 00:04:10,159

that's digging ditches but i was outside

115

00:04:13,589 --> 00:04:11,920

and i was like this is awesome i'm not

116

00:04:15,350 --> 00:04:13,599

in a [h__h] cubicle okay i'll dig a

117

00:04:17,270 --> 00:04:15,360

ditch all day today

118

00:04:19,909 --> 00:04:17,280

make almost the same amount of money but

119

00:04:22,469 --> 00:04:19,919

not be miserable but the cabin the whole

120

00:04:24,629 --> 00:04:22,479

time i was in cubicle land for 20 plus

121

00:04:27,270 --> 00:04:24,639

years was a dream like let's just go

122

00:04:29,909 --> 00:04:27,280

build a cabin in the woods yeah and live

123

00:04:30,710 --> 00:04:29,919

the way we should close to nature and

124

00:04:35,110 --> 00:04:30,720

with

125

00:04:36,629 --> 00:04:35,120

and become self-reliant too like let's

126

00:04:39,030 --> 00:04:36,639

not just

127

00:04:41,830 --> 00:04:39,040

you know this corporate structure

128

00:04:42,870 --> 00:04:41,840

it's a cage like we're going to keep you

129

00:04:45,110 --> 00:04:42,880

in this

130

00:04:46,950 --> 00:04:45,120

cubicle which is a cage and we're going

131

00:04:49,430 --> 00:04:46,960

to give you just enough money to get by

132

00:04:50,710 --> 00:04:49,440

and survive but not do too well

133

00:04:51,590 --> 00:04:50,720

or you know

134

00:04:56,629 --> 00:04:51,600

yeah

135

00:04:58,550 --> 00:04:56,639

because you gotta you gotta go to that

136

00:05:00,070 --> 00:04:58,560

[h__h] job you hate because you need all

137

00:05:02,230 --> 00:05:00,080

this money to pay people to do

138

00:05:04,230 --> 00:05:02,240

everything for you pay somebody to heat

139

00:05:05,909 --> 00:05:04,240

your house you know pay a gas company

140

00:05:08,070 --> 00:05:05,919

pay somebody to generate your

141

00:05:10,550 --> 00:05:08,080

electricity and the cabin for me has

142

00:05:12,950 --> 00:05:10,560

been like an escape like oh i'm gonna

143

00:05:14,870 --> 00:05:12,960

figure this [h__\h] out i one by one we'll

144

00:05:17,909 --> 00:05:14,880

figure it out i'm not paying a water

145

00:05:20,550 --> 00:05:17,919

bill you know there's a community well

146

00:05:21,590 --> 00:05:20,560

so i have to haul in all the water

147

00:05:23,430 --> 00:05:21,600

okay

148

00:05:26,790 --> 00:05:23,440

but i don't pay a water bill and i don't

149

00:05:29,830 --> 00:05:26,800

worry about a water bill and then uh

150

00:05:31,510 --> 00:05:29,840

you know we don't pay for sewage or uh

151
00:05:34,310 --> 00:05:31,520
you know sewage treatment or any of that

152
00:05:36,950 --> 00:05:34,320
we have a composting toilet which works

153
00:05:39,670 --> 00:05:36,960
better than i thought

154
00:05:42,390 --> 00:05:39,680
yeah it's not it's not that bad like

155
00:05:44,469 --> 00:05:42,400
before that we had like a uh we had a

156
00:05:46,629 --> 00:05:44,479
bathroom and a camper and we had to

157
00:05:48,870 --> 00:05:46,639
empty that tank and that was gross the

158
00:05:51,350 --> 00:05:48,880
composted toilets not that bad

159
00:05:53,909 --> 00:05:51,360
and then so uh heat i don't have to pay

160
00:05:55,749 --> 00:05:53,919
for heat i'm in a forest there's wood

161
00:05:56,870 --> 00:05:55,759
everywhere i used it to build the cabin

162
00:05:59,110 --> 00:05:56,880
i used to

163
00:05:59,990 --> 00:05:59,120

yeah i use it to heat the cabin

164

00:06:01,749 --> 00:06:00,000

so

165

00:06:04,790 --> 00:06:01,759

the only thing left i'm paying for right

166

00:06:06,629 --> 00:06:04,800

now is like 30 a month for electricity

167

00:06:09,510 --> 00:06:06,639

because we actually have on grid power

168

00:06:11,110 --> 00:06:09,520

here perhaps okay i have some small

169

00:06:14,150 --> 00:06:11,120

solar systems that i built and

170

00:06:15,830 --> 00:06:14,160

eventually we're gonna cut that cord but

171

00:06:17,430 --> 00:06:15,840

while i'm building the cabin i just for

172

00:06:19,590 --> 00:06:17,440

30 dollars a month i said i don't want

173

00:06:21,350 --> 00:06:19,600

to worry about how power and all these

174

00:06:23,110 --> 00:06:21,360

power tools or

175

00:06:25,749 --> 00:06:23,120

you know so it's nice

176

00:06:27,590 --> 00:06:25,759

right now i have the only thing once i

177

00:06:29,830 --> 00:06:27,600

cut the power here i can't use like

178

00:06:32,230 --> 00:06:29,840

these electric heaters or like a

179

00:06:34,469 --> 00:06:32,240

microwave anymore because it's too high

180

00:06:36,230 --> 00:06:34,479

wattage and it'll kill the systems that

181

00:06:38,710 --> 00:06:36,240

i'm going to have but

182

00:06:41,510 --> 00:06:38,720

so i'll miss that a little bit but so we

183

00:06:43,189 --> 00:06:41,520

hope they know about things yeah so soon

184

00:06:45,670 --> 00:06:43,199

we're going to cut the power cord and we

185

00:06:48,550 --> 00:06:45,680

won't we won't be paying for that the

186

00:06:51,270 --> 00:06:48,560

only thing that we'll pay here is uh

187

00:06:55,270 --> 00:06:51,280

annual taxes which are like

188

00:06:57,270 --> 00:06:55,280

300 a year and by the way this this land

189

00:07:00,230 --> 00:06:57,280

everything here is paid for i didn't

190

00:07:01,189 --> 00:07:00,240

mortgage anything i don't have a payment

191

00:07:05,589 --> 00:07:01,199

nothing

192

00:07:07,270 --> 00:07:05,599

there was a little bit of money left

193

00:07:09,430 --> 00:07:07,280

over and i bought this

194

00:07:11,350 --> 00:07:09,440

pretty good-sized platter i came from

195

00:07:14,230 --> 00:07:11,360

this city where everybody's so crammed

196

00:07:17,830 --> 00:07:14,240

in and your house is 10 feet wide

197

00:07:20,790 --> 00:07:17,840

toilets flush your house is 10 feet wide

198

00:07:22,710 --> 00:07:20,800

and and i grew up in row houses so that

199

00:07:24,790 --> 00:07:22,720

you know there'd be this huge row and

200

00:07:25,909 --> 00:07:24,800

and everybody gets a little slice this

201
00:07:27,430 --> 00:07:25,919
bit you know

202
00:07:29,589 --> 00:07:27,440
and this is what you're going to live in

203
00:07:30,390 --> 00:07:29,599
so i don't know it's it's about an acre

204
00:07:32,950 --> 00:07:30,400
here

205
00:07:35,830 --> 00:07:32,960
and i bought this place for like uh

206
00:07:38,309 --> 00:07:35,840
something like 12 or 13 000

207
00:07:41,589 --> 00:07:38,319
oh and thank god

208
00:07:42,469 --> 00:07:41,599
thank god i i had the money to just go

209
00:07:44,710 --> 00:07:42,479
here

210
00:07:47,350 --> 00:07:44,720
now it's mine and i own it and anything

211
00:07:48,629 --> 00:07:47,360
that i build here is just investing in

212
00:07:51,110 --> 00:07:48,639
my future

213
00:07:53,029 --> 00:07:51,120

because that's everything's paid for

214

00:07:54,790 --> 00:07:53,039

and people it's surprising to some

215

00:07:57,350 --> 00:07:54,800

people that you can do that but if you

216

00:08:00,469 --> 00:07:57,360

look around in rural areas

217

00:08:02,390 --> 00:08:00,479

or uh undervalued places

218

00:08:04,390 --> 00:08:02,400

challenging land let's say like if

219

00:08:07,110 --> 00:08:04,400

there's if it's mountainous like here

220

00:08:09,430 --> 00:08:07,120

yeah yeah people will sell you an acre

221

00:08:11,510 --> 00:08:09,440

for ten or fifteen thousand dollars all

222

00:08:13,830 --> 00:08:11,520

over the place at least in my state and

223

00:08:15,830 --> 00:08:13,840

the surrounding states i almost ended up

224

00:08:16,869 --> 00:08:15,840

in new jersey but the taxes there are so

225

00:08:19,350 --> 00:08:16,879

high

226
00:08:20,790 --> 00:08:19,360
even the real estate taxes you know just

227
00:08:22,150 --> 00:08:20,800
it would be

228
00:08:24,309 --> 00:08:22,160
thousands

229
00:08:26,230 --> 00:08:24,319
for the same size land that i got here

230
00:08:27,909 --> 00:08:26,240
i'm in the pennsylvania mountains here

231
00:08:30,950 --> 00:08:27,919
so we went with that but you could find

232
00:08:32,949 --> 00:08:30,960
it if you look i looked for two years

233
00:08:34,670 --> 00:08:32,959
you know every day i was i was looking

234
00:08:37,430 --> 00:08:34,680
at craigslist and

235
00:08:39,269 --> 00:08:37,440
landwatch.com is a good place to check

236
00:08:41,909 --> 00:08:39,279
and uh i was checking with local

237
00:08:44,790 --> 00:08:41,919
realtors or you know but eventually i

238
00:08:45,750 --> 00:08:44,800

found this place and uh i just bought it

239

00:08:47,990 --> 00:08:45,760

cash

240

00:08:50,230 --> 00:08:48,000

and uh and then i'm done and i just

241

00:08:53,110 --> 00:08:50,240

started you know as soon as we bought

242

00:08:56,949 --> 00:08:53,120

this place i just started building it up

243

00:09:00,070 --> 00:08:56,959

yeah that's oh boy i want to know about

244

00:09:02,550 --> 00:09:00,080

the construction it is just the most

245

00:09:04,310 --> 00:09:02,560

fascinating i can call it looking at

246

00:09:06,070 --> 00:09:04,320

your wall

247

00:09:07,910 --> 00:09:06,080

behind you

248

00:09:10,070 --> 00:09:07,920

yeah this is just actually this is just

249

00:09:12,470 --> 00:09:10,080

siding though this is uh

250

00:09:14,470 --> 00:09:12,480

behind me is just little slices of wood

251

00:09:16,550 --> 00:09:14,480

nailed up onto the wall so that it

252

00:09:19,110 --> 00:09:16,560

matches the rest but the rest of the

253

00:09:22,710 --> 00:09:19,120

cabin is uh done with something called

254

00:09:25,030 --> 00:09:22,720

cordwood masonry which is essentially

255

00:09:28,630 --> 00:09:25,040

you're building a wall but instead of

256

00:09:30,630 --> 00:09:28,640

using bricks or stones you're using logs

257

00:09:32,550 --> 00:09:30,640

and uh it's an ancient building

258

00:09:34,870 --> 00:09:32,560

technique it's something i always wanted

259

00:09:36,230 --> 00:09:34,880

to learn and uh

260

00:09:38,470 --> 00:09:36,240

the reason that i chose that

261

00:09:39,430 --> 00:09:38,480

construction method is very is is very

262

00:09:42,550 --> 00:09:39,440

simple

263

00:09:44,230 --> 00:09:42,560

in a typical log cabin this one is uh 12

264

00:09:46,470 --> 00:09:44,240
by 24.

265

00:09:49,750 --> 00:09:46,480
i would never working by myself be able

266

00:09:52,630 --> 00:09:49,760
to lift those big heavy logs 10 feet in

267

00:09:54,310 --> 00:09:52,640
the air by myself to stack them to you

268

00:09:56,550 --> 00:09:54,320
know do that typical log cabin that

269

00:09:59,269 --> 00:09:56,560
everybody sees

270

00:10:00,870 --> 00:09:59,279
yeah yeah so i was looking for these all

271

00:10:02,790 --> 00:10:00,880
i was looking for alternatives and i

272

00:10:05,190 --> 00:10:02,800
found this thing called cordwood masonry

273

00:10:06,470 --> 00:10:05,200
which basically instead of

274

00:10:08,550 --> 00:10:06,480
you chop up

275

00:10:10,389 --> 00:10:08,560
these walls are two foot thick

276

00:10:13,190 --> 00:10:10,399

so basically you cut a bunch of logs

277

00:10:14,790 --> 00:10:13,200

that are two foot thick lay them down on

278

00:10:16,310 --> 00:10:14,800

a stone footer

279

00:10:19,110 --> 00:10:16,320

and then cement

280

00:10:20,069 --> 00:10:19,120

lay another bunch of course uh over and

281

00:10:21,990 --> 00:10:20,079

it's like

282

00:10:24,230 --> 00:10:22,000

it's just like building a brick wall but

283

00:10:25,590 --> 00:10:24,240

with logs instead of with

284

00:10:28,310 --> 00:10:25,600

with uh

285

00:10:30,630 --> 00:10:28,320

with bricks and this allowed me by

286

00:10:32,310 --> 00:10:30,640

myself to do all this because i wouldn't

287

00:10:35,590 --> 00:10:32,320

have been able to the other way without

288

00:10:37,190 --> 00:10:35,600

a crane and a bunch of pulleys or a lot

289

00:10:39,110 --> 00:10:37,200

normally when somebody builds a log

290

00:10:40,790 --> 00:10:39,120

cabin like that there's four or five

291

00:10:43,110 --> 00:10:40,800

guys doing it so that you have the

292

00:10:44,470 --> 00:10:43,120

muscle power that you need if you don't

293

00:10:46,710 --> 00:10:44,480

have a machine

294

00:10:49,350 --> 00:10:46,720

uh to do this work

295

00:10:52,069 --> 00:10:49,360

and the varying sizes

296

00:10:53,829 --> 00:10:52,079

that is just so pleasing to the eye the

297

00:10:57,990 --> 00:10:53,839

the

298

00:11:00,470 --> 00:10:58,000

i think as i go i'm getting i got really

299

00:11:02,310 --> 00:11:00,480

good at it after a while when i first

300

00:11:04,870 --> 00:11:02,320

started it was just like

301

00:11:06,550 --> 00:11:04,880

i wasn't being very artistic just

302

00:11:08,870 --> 00:11:06,560

kind of looking at the logs and like

303

00:11:11,350 --> 00:11:08,880

which one looks like it'll fit over here

304

00:11:13,750 --> 00:11:11,360

you know this big pile of logs that i

305

00:11:16,630 --> 00:11:13,760

had and i would just go in there and

306

00:11:18,790 --> 00:11:16,640

find puzzle pieces and you know but

307

00:11:21,750 --> 00:11:18,800

eventually i got a little more artistic

308

00:11:22,630 --> 00:11:21,760

at it and able to to see like stand back

309

00:11:24,470 --> 00:11:22,640

and go

310

00:11:26,069 --> 00:11:24,480

yeah you know this is how we can make it

311

00:11:29,110 --> 00:11:26,079

a little more pleasing to the eye i

312

00:11:30,470 --> 00:11:29,120

started liking angles like purposefully

313

00:11:33,110 --> 00:11:30,480

making something a little crooked just

314

00:11:36,470 --> 00:11:33,120

so you can get you know the angle

315

00:11:39,269 --> 00:11:36,480

it looks better that way oh i i love

316

00:11:45,030 --> 00:11:39,279

looking at it i just it i yeah it's art

317

00:11:49,030 --> 00:11:46,710

you know what if you want to just for

318

00:11:51,190 --> 00:11:49,040

visual aid let me try to find it i i

319

00:11:53,430 --> 00:11:51,200

will share just a picture of the the

320

00:11:54,949 --> 00:11:53,440

front side well really it's the side of

321

00:11:58,230 --> 00:11:54,959

the cabin but let me see if i can find

322

00:12:01,269 --> 00:11:58,240

that one second i just i just oh yeah

323

00:12:03,910 --> 00:12:01,279

here i shared it and i forgot but i can

324

00:12:06,150 --> 00:12:03,920

i could share this so let me come back

325

00:12:07,430 --> 00:12:06,160

let me come back and we'll uh

326
00:12:08,829 --> 00:12:07,440
share that

327
00:12:12,790 --> 00:12:08,839
okay

328
00:12:14,389 --> 00:12:12,800
uh select window or screen

329
00:12:24,150 --> 00:12:14,399
uh

330
00:12:25,829 --> 00:12:24,160
oh select the window or screen and then

331
00:12:26,870 --> 00:12:25,839
at the bottom of our

332
00:12:29,509 --> 00:12:26,880
our

333
00:12:32,150 --> 00:12:29,519
thing here it says share screen i'll

334
00:12:34,790 --> 00:12:32,160
just do the entire screen

335
00:12:38,870 --> 00:12:34,800
oh it's not letting me allow that

336
00:12:43,269 --> 00:12:40,870
yeah at the bottom of my screen is this

337
00:12:44,470 --> 00:12:43,279
share screen oh you know what you know

338
00:12:48,470 --> 00:12:44,480

what i

339

00:12:55,509 --> 00:12:49,430

i

340

00:12:56,470 --> 00:12:55,519

cannot allow permanent access to your

341

00:12:58,470 --> 00:12:56,480

screen

342

00:13:00,069 --> 00:12:58,480

oh let me try it with the uh

343

00:13:02,310 --> 00:13:00,079

with just that

344

00:13:09,670 --> 00:13:02,320

there now it'll let me oh there it is

345

00:13:13,910 --> 00:13:11,750

oh wait a minute here we go yeah it's

346

00:13:16,069 --> 00:13:13,920

making me share us let me see if i can

347

00:13:19,350 --> 00:13:16,079

get

348

00:13:22,710 --> 00:13:19,360

okay there's okay there it is

349

00:13:24,550 --> 00:13:22,720

oh that was it oh now it's back to us

350

00:13:26,870 --> 00:13:24,560

yeah i don't know what okay so i have to

351

00:13:28,310 --> 00:13:26,880

just stay on it then can you see the

352

00:13:30,790 --> 00:13:28,320

picture of the cabin

353

00:13:33,430 --> 00:13:30,800

there it is oh god yeah

354

00:13:35,509 --> 00:13:33,440

yeah so so here we could see this is

355

00:13:37,910 --> 00:13:35,519

actually the side of the cabin and but

356

00:13:41,030 --> 00:13:37,920

you can give everybody could see a

357

00:13:43,670 --> 00:13:41,040

look of this cordwood masonry

358

00:13:45,990 --> 00:13:43,680

so this is just a bunch of logs

359

00:13:47,829 --> 00:13:46,000

glued together with cement

360

00:13:50,870 --> 00:13:47,839

and then these two front windows i'm

361

00:13:53,829 --> 00:13:50,880

also real big on i don't want to uh take

362

00:13:56,150 --> 00:13:53,839

a loan out to to buy building materials

363

00:13:59,189 --> 00:13:56,160

everything that i do here is as you go

364

00:14:02,389 --> 00:13:59,199

so these two big picture windows

365

00:14:04,790 --> 00:14:02,399

uh those came they they were once glass

366

00:14:06,550 --> 00:14:04,800

sliding doors so we just repurposed them

367

00:14:08,150 --> 00:14:06,560

put them in a wood frame they don't open

368

00:14:10,310 --> 00:14:08,160

but i don't i don't need them to there's

369

00:14:13,189 --> 00:14:10,320

two other windows on the front and back

370

00:14:14,629 --> 00:14:13,199

wall that's one thing i wanted to

371

00:14:17,509 --> 00:14:14,639

mention to you

372

00:14:20,949 --> 00:14:17,519

because i i've done like renovation a

373

00:14:21,829 --> 00:14:20,959

little bit and stuff and hanging windows

374

00:14:24,230 --> 00:14:21,839

is

375

00:14:26,949 --> 00:14:24,240

one of the most difficult jobs in

376

00:14:28,550 --> 00:14:26,959

construction at times

377

00:14:31,590 --> 00:14:28,560

and that's even if you have them like

378

00:14:33,750 --> 00:14:31,600

coastal made even sometimes you know you

379

00:14:36,230 --> 00:14:33,760

take one out and put it back after you

380

00:14:38,949 --> 00:14:36,240

that's hard but you just

381

00:14:40,310 --> 00:14:38,959

you take random

382

00:14:42,310 --> 00:14:40,320

windows

383

00:14:43,590 --> 00:14:42,320

yeah and and actually it's easier you

384

00:14:45,829 --> 00:14:43,600

make them harder

385

00:14:48,069 --> 00:14:45,839

because what i did for this is those are

386

00:14:50,230 --> 00:14:48,079

basically these two uh

387

00:14:52,790 --> 00:14:50,240

former sliding glass doors that got put

388

00:14:54,069 --> 00:14:52,800

into a wood frame and what you do is you

389

00:14:56,389 --> 00:14:54,079

just put them

390

00:14:58,790 --> 00:14:56,399

like on top of the wall once you get it

391

00:15:01,670 --> 00:14:58,800

so far up and then level it all out and

392

00:15:03,189 --> 00:15:01,680

then i'm building the logs around that

393

00:15:04,550 --> 00:15:03,199

frame wow

394

00:15:07,829 --> 00:15:04,560

yeah

395

00:15:10,550 --> 00:15:07,839

so that's one view of this uh okay i'll

396

00:15:13,189 --> 00:15:10,560

show you what did i do what did i do oh

397

00:15:16,230 --> 00:15:13,199

and this is uh this is some

398

00:15:18,470 --> 00:15:16,240

okay there oh those are the slices

399

00:15:20,550 --> 00:15:18,480

yeah this is again uh this is again my

400

00:15:23,110 --> 00:15:20,560

plan for the floor of the sunroom is

401
00:15:25,269 --> 00:15:23,120
gonna be these big log slices

402
00:15:27,750 --> 00:15:25,279
because i've got logs and you know

403
00:15:31,670 --> 00:15:27,760
another thing that happened is

404
00:15:33,829 --> 00:15:31,680
the uh covid hit and the price of lumber

405
00:15:36,150 --> 00:15:33,839
and everything doubled so i was gonna

406
00:15:38,470 --> 00:15:36,160
that's right i was gonna do things a

407
00:15:40,310 --> 00:15:38,480
certain way and eventually i went oh i

408
00:15:42,310 --> 00:15:40,320
can't do things the way that i wanted to

409
00:15:45,269 --> 00:15:42,320
because it's going to cost too much

410
00:15:47,430 --> 00:15:45,279
with lumber so we i just changed the

411
00:15:49,590 --> 00:15:47,440
plan and this is uh

412
00:15:51,829 --> 00:15:49,600
part of the sun room that's being built

413
00:15:55,350 --> 00:15:51,839

on the other side of look at look at the

414

00:15:58,470 --> 00:15:55,360

process there you go

415

00:16:00,310 --> 00:15:58,480

and there today i finished this part uh

416

00:16:02,790 --> 00:16:00,320

just about there's going to be a door

417

00:16:04,389 --> 00:16:02,800

here and then there's more glass here

418

00:16:06,150 --> 00:16:04,399

and i have to finish this and this is

419

00:16:08,470 --> 00:16:06,160

just

420

00:16:09,910 --> 00:16:08,480

these windows all came free all every

421

00:16:11,910 --> 00:16:09,920

one of them

422

00:16:13,829 --> 00:16:11,920

uh some of these i was picking out of

423

00:16:16,150 --> 00:16:13,839

the trash and putting in the woodshed on

424

00:16:18,230 --> 00:16:16,160

the side for like a year i knew that we

425

00:16:19,670 --> 00:16:18,240

would want a greenhouse or a sunroom my

426

00:16:20,790 --> 00:16:19,680

my wife

427

00:16:22,629 --> 00:16:20,800

uh

428

00:16:24,150 --> 00:16:22,639

you know i'm not sure

429

00:16:25,509 --> 00:16:24,160

uh

430

00:16:27,509 --> 00:16:25,519

she's kind of like you really got to

431

00:16:29,110 --> 00:16:27,519

build another room but just to even out

432

00:16:31,030 --> 00:16:29,120

the cabin because it looked weird from

433

00:16:32,550 --> 00:16:31,040

the front without this other room on the

434

00:16:35,670 --> 00:16:32,560

side

435

00:16:38,389 --> 00:16:35,680

and this is the south facing wall so

436

00:16:40,470 --> 00:16:38,399

this is going to be a big thermal oven

437

00:16:42,230 --> 00:16:40,480

because we have very harsh winters here

438

00:16:44,150 --> 00:16:42,240

and it should provide a great deal of

439

00:16:46,629 --> 00:16:44,160

free heat because there'll be a door

440

00:16:48,389 --> 00:16:46,639

between the kitchen room

441

00:16:49,749 --> 00:16:48,399

which i can show you the kitchen room

442

00:16:51,749 --> 00:16:49,759

there's going to be a door over here

443

00:16:52,790 --> 00:16:51,759

between the kitchen room and this

444

00:16:53,670 --> 00:16:52,800

sunroom

445

00:16:55,829 --> 00:16:53,680

so

446

00:16:58,790 --> 00:16:55,839

you know i don't wake up very early

447

00:16:59,990 --> 00:16:58,800

probably 10 or 11 by 10 or 11 even on a

448

00:17:01,590 --> 00:17:00,000

good

449

00:17:05,429 --> 00:17:01,600

cold winter's day

450

00:17:07,590 --> 00:17:05,439

if it's a sunny day it'll be 70 or 80 in

451
00:17:09,669 --> 00:17:07,600
there so i can open the door and let the

452
00:17:10,789 --> 00:17:09,679
heat in the rest of the cabin

453
00:17:13,189 --> 00:17:10,799
nice

454
00:17:14,949 --> 00:17:13,199
and this is another problem that i had i

455
00:17:16,390 --> 00:17:14,959
realized i had these

456
00:17:18,309 --> 00:17:16,400
doors that somebody gave me but they

457
00:17:19,990 --> 00:17:18,319
were really thin and you couldn't fit

458
00:17:22,710 --> 00:17:20,000
like a couch or something so i ended up

459
00:17:25,110 --> 00:17:22,720
having to build another door

460
00:17:27,429 --> 00:17:25,120
this is a door and a door frame and this

461
00:17:29,590 --> 00:17:27,439
is built out of old wood windows trash

462
00:17:32,230 --> 00:17:29,600
picked and just some scraps

463
00:17:33,909 --> 00:17:32,240

um and then i wanted to show you the uh

464

00:17:36,789 --> 00:17:33,919

this is the new wood stove that i just

465

00:17:39,029 --> 00:17:36,799

put in the kitchen that is beautiful

466

00:17:40,630 --> 00:17:39,039

yeah yeah it's a wood cook stove which

467

00:17:42,710 --> 00:17:40,640

is the most efficient thing that you

468

00:17:45,029 --> 00:17:42,720

could have because uh it's gonna heat

469

00:17:46,870 --> 00:17:45,039

the cabin plus there's an oven here so

470

00:17:48,870 --> 00:17:46,880

you could bake bread whatever you want

471

00:17:51,190 --> 00:17:48,880

to do it's a little rusty i just got

472

00:17:53,110 --> 00:17:51,200

this and it needs to be oily somebody

473

00:17:54,789 --> 00:17:53,120

somebody painted it and you don't paint

474

00:17:56,789 --> 00:17:54,799

the top of a wood stove they just use it

475

00:17:59,590 --> 00:17:56,799

as a decoration though for years they

476

00:18:01,750 --> 00:17:59,600

never hooked it up or used it so that

477

00:18:04,630 --> 00:18:01,760

the paint's going to peel off and uh and

478

00:18:06,230 --> 00:18:04,640

flake off as i keep probably two or

479

00:18:07,909 --> 00:18:06,240

three more burns and then you stove

480

00:18:09,750 --> 00:18:07,919

polish the top of it with this black

481

00:18:12,310 --> 00:18:09,760

stove polish but i can show you the

482

00:18:13,990 --> 00:18:12,320

kitchen room that's in the kitchen room

483

00:18:15,350 --> 00:18:14,000

so this is next to the greenhouse so the

484

00:18:17,190 --> 00:18:15,360

door to the greenhouse is going to be on

485

00:18:19,190 --> 00:18:17,200

this side over here

486

00:18:21,190 --> 00:18:19,200

and uh but this is the new wood cook

487

00:18:23,669 --> 00:18:21,200

stove which i had a different wood stove

488

00:18:25,750 --> 00:18:23,679

this one i got for 40 bucks this thing

489

00:18:28,230 --> 00:18:25,760

was full

490

00:18:30,630 --> 00:18:28,240

i never paid somebody so fast in my life

491

00:18:32,549 --> 00:18:30,640

i always wanted one so i was like

492

00:18:34,390 --> 00:18:32,559

all right lady and i almost felt like i

493

00:18:35,990 --> 00:18:34,400

was robbing her because these this could

494

00:18:38,310 --> 00:18:36,000

have been the others that i looked at

495

00:18:40,470 --> 00:18:38,320

were like 800 or 1000

496

00:18:42,230 --> 00:18:40,480

but they were much much bigger and huge

497

00:18:44,470 --> 00:18:42,240

and really heavy this one was really

498

00:18:45,909 --> 00:18:44,480

small and this is going in a room that's

499

00:18:48,630 --> 00:18:45,919

12 by

500

00:18:50,710 --> 00:18:48,640

16 the kitchen oh wow so it's the

501

00:18:58,230 --> 00:18:50,720

perfect size for that

502

00:19:03,830 --> 00:19:01,510

it's properly vented good and you know

503

00:19:06,630 --> 00:19:03,840

do would you have to clean that out uh

504

00:19:08,390 --> 00:19:06,640

every yeah every year i i take the pipe

505

00:19:10,070 --> 00:19:08,400

out of the back of the wall

506

00:19:11,750 --> 00:19:10,080

from the other side from the outside or

507

00:19:13,270 --> 00:19:11,760

what used to be the outside but now it's

508

00:19:14,789 --> 00:19:13,280

going to go up through the

509

00:19:16,470 --> 00:19:14,799

through the greenhouse but yeah it's

510

00:19:18,230 --> 00:19:16,480

easy you just take you just kind of take

511

00:19:20,390 --> 00:19:18,240

it apart clean it out make sure there's

512

00:19:21,669 --> 00:19:20,400

no creosote or mess in there yeah

513

00:19:24,789 --> 00:19:21,679

because the last thing you want is a

514

00:19:27,590 --> 00:19:24,799

chimney fire but it's no sure what heat

515

00:19:29,350 --> 00:19:27,600

is the best heat too like i it's my

516

00:19:31,750 --> 00:19:29,360

favorite there's nothing better than

517

00:19:32,549 --> 00:19:31,760

sitting in front of that fire on a cold

518

00:19:34,950 --> 00:19:32,559

night

519

00:19:40,549 --> 00:19:34,960

oh yeah yeah yeah and there's there's a

520

00:19:43,669 --> 00:19:42,070

there we go

521

00:19:47,029 --> 00:19:43,679

this is so

522

00:19:49,510 --> 00:19:47,039

fascinating oh my goodness okay

523

00:19:53,110 --> 00:19:49,520

so there was a question in the chat

524

00:19:55,270 --> 00:19:53,120

about are you worried about termites um

525

00:19:57,909 --> 00:19:55,280

yeah everybody says here's the here's a

526

00:19:59,830 --> 00:19:57,919

few things that everybody says um and

527

00:20:02,310 --> 00:19:59,840

and that's usually uh

528

00:20:04,149 --> 00:20:02,320

it's it's a fair question right uh

529

00:20:06,230 --> 00:20:04,159

termites don't you worry about termites

530

00:20:08,950 --> 00:20:06,240

if termites got involved in this cabin

531

00:20:09,669 --> 00:20:08,960

that would be really bad and detrimental

532

00:20:13,029 --> 00:20:09,679

but

533

00:20:14,549 --> 00:20:13,039

for a time after uh cubicle land i was

534

00:20:15,350 --> 00:20:14,559

an exterminator

535

00:20:17,990 --> 00:20:15,360

so

536

00:20:19,909 --> 00:20:18,000

i really was for like a short time but i

537

00:20:21,430 --> 00:20:19,919

learned i learned enough and here's one

538

00:20:23,830 --> 00:20:21,440

of the things that i learned any

539

00:20:25,750 --> 00:20:23,840

building made out of wood

540

00:20:27,830 --> 00:20:25,760

has got to be treated

541

00:20:29,909 --> 00:20:27,840

right so just to prevent the passages

542

00:20:31,430 --> 00:20:29,919

all you do is do a spray about a foot or

543

00:20:34,789 --> 00:20:31,440

two up the wall

544

00:20:36,870 --> 00:20:34,799

and and in the ground around the cabin

545

00:20:39,350 --> 00:20:36,880

yeah and uh you'll never have termite

546

00:20:41,190 --> 00:20:39,360

problems

547

00:20:43,190 --> 00:20:41,200

and the second thing that people

548

00:20:45,909 --> 00:20:43,200

the second thing that people say is is

549

00:20:48,070 --> 00:20:45,919

that's gonna rot and uh there's a key to

550

00:20:50,070 --> 00:20:48,080

that is that there's a big overhang so

551
00:20:51,909 --> 00:20:50,080
in other words the walls like this and

552
00:20:53,110 --> 00:20:51,919
there's an overhang

553
00:20:55,190 --> 00:20:53,120
on the roof

554
00:20:57,110 --> 00:20:55,200
so that any water is not going to touch

555
00:20:58,149 --> 00:20:57,120
the face of the logs

556
00:21:00,070 --> 00:20:58,159
and on the front here we're going to

557
00:21:02,870 --> 00:21:00,080
have a front porch so that'll be covered

558
00:21:04,390 --> 00:21:02,880
on the side is a big overhang so those

559
00:21:05,590 --> 00:21:04,400
are the two big concerns that people

560
00:21:08,070 --> 00:21:05,600
have when they see it it's like well it

561
00:21:09,669 --> 00:21:08,080
looks nice but it's going to rot or

562
00:21:10,789 --> 00:21:09,679
termites will eat it

563
00:21:11,909 --> 00:21:10,799

and and

564

00:21:13,430 --> 00:21:11,919

you know

565

00:21:15,590 --> 00:21:13,440

those are

566

00:21:17,430 --> 00:21:15,600

the there's cordwood buildings like this

567

00:21:18,710 --> 00:21:17,440

built in europe that are over a thousand

568

00:21:20,710 --> 00:21:18,720

years old

569

00:21:22,470 --> 00:21:20,720

and they're still they're still standing

570

00:21:23,590 --> 00:21:22,480

and that's the key you gotta have a big

571

00:21:26,390 --> 00:21:23,600

overhang

572

00:21:29,510 --> 00:21:26,400

and uh do some treatment make sure that

573

00:21:31,350 --> 00:21:29,520

you don't have uh pest problems you know

574

00:21:32,870 --> 00:21:31,360

so i treat the whole building just in

575

00:21:35,909 --> 00:21:32,880

case because you could have carpenter

576
00:21:37,909 --> 00:21:35,919
bees too or carpenter ants or but once

577
00:21:39,029 --> 00:21:37,919
you put that sort of protective coating

578
00:21:41,110 --> 00:21:39,039
on that

579
00:21:43,750 --> 00:21:41,120
you know bugs might go to crawl on it

580
00:21:47,029 --> 00:21:43,760
and then and they're they're dealt with

581
00:21:50,710 --> 00:21:47,039
you know yeah dealt with i i'd like that

582
00:21:52,470 --> 00:21:50,720
it's nice and tidy they're dealt with

583
00:21:54,070 --> 00:21:52,480
yeah so yeah but it's the last thing

584
00:21:55,830 --> 00:21:54,080
after spending like

585
00:21:57,669 --> 00:21:55,840
so much time in my life putting this

586
00:22:00,549 --> 00:21:57,679
thing together do i want to see a bunch

587
00:22:01,990 --> 00:22:00,559
of termites eat it for lunch you know or

588
00:22:03,909 --> 00:22:02,000

cause damage

589

00:22:06,549 --> 00:22:03,919

but the other good news is that

590

00:22:08,950 --> 00:22:06,559

this is very easily repaired if there is

591

00:22:11,350 --> 00:22:08,960

a like let's say

592

00:22:13,029 --> 00:22:11,360

like one of the logs rots in the wall

593

00:22:15,510 --> 00:22:13,039

for whatever reason

594

00:22:17,909 --> 00:22:15,520

you basically just chisel around the

595

00:22:20,549 --> 00:22:17,919

mortar joint and knock that rotten log

596

00:22:22,710 --> 00:22:20,559

out and find a log about the same size

597

00:22:25,430 --> 00:22:22,720

and jam it in and re-mortar

598

00:22:31,350 --> 00:22:27,909

okay do you use a special kind of mortar

599

00:22:33,430 --> 00:22:31,360

obviously do you uh no actually i i i

600

00:22:36,950 --> 00:22:33,440

made a huge mistake in doing it this way

601
00:22:39,190 --> 00:22:36,960
but i i wanted convenience right

602
00:22:40,950 --> 00:22:39,200
the uh the normal way to do this would

603
00:22:42,549 --> 00:22:40,960
be that you have to have

604
00:22:45,750 --> 00:22:42,559
all these different dry ingredients

605
00:22:47,350 --> 00:22:45,760
portland cement sand lime

606
00:22:50,070 --> 00:22:47,360
all these things

607
00:22:52,870 --> 00:22:50,080
so for ease of use i decided to just use

608
00:22:56,710 --> 00:22:52,880
straight type s mortar out of uh home

609
00:22:59,350 --> 00:22:56,720
depot it's like seven dollars a bag

610
00:23:01,750 --> 00:22:59,360
but the downside is is that i probably

611
00:23:03,510 --> 00:23:01,760
spent a little more than twice as much

612
00:23:05,590 --> 00:23:03,520
doing it that way if i would have bought

613
00:23:07,190 --> 00:23:05,600

the dry ingredients and mixed it it's

614

00:23:10,230 --> 00:23:07,200

like three of these and one of the you

615

00:23:12,230 --> 00:23:10,240

know i just said i don't want to be it's

616

00:23:15,029 --> 00:23:12,240

it's enough work

617

00:23:17,510 --> 00:23:15,039

to just mix a bag of pre-mixed

618

00:23:20,710 --> 00:23:17,520

mortar mix yeah because i did all this i

619

00:23:22,710 --> 00:23:20,720

did most of this by hand in a pail

620

00:23:24,390 --> 00:23:22,720

one of my neighbors one of my neighbors

621

00:23:25,990 --> 00:23:24,400

felt bad for me

622

00:23:28,549 --> 00:23:26,000

he kept seeing me

623

00:23:30,470 --> 00:23:28,559

you know with a hoe and a pail

624

00:23:32,630 --> 00:23:30,480

and he came over a bunch of times and he

625

00:23:34,789 --> 00:23:32,640

said i got a cement mixer man this will

626
00:23:36,149 --> 00:23:34,799
save you so much time but i was worried

627
00:23:38,470 --> 00:23:36,159
that i would break it or something it's

628
00:23:41,350 --> 00:23:38,480
expensive that's expensive tool

629
00:23:43,830 --> 00:23:41,360
so eventually though i said i i got so

630
00:23:46,230 --> 00:23:43,840
tired and my back started hurting so bad

631
00:23:48,789 --> 00:23:46,240
that i caved and so for the last like

632
00:23:50,390 --> 00:23:48,799
quarter of the way up these walls uh i

633
00:23:52,470 --> 00:23:50,400
used

634
00:23:55,669 --> 00:23:52,480
an electric cement mixer

635
00:23:58,149 --> 00:23:55,679
oh well is he the same guy with the the

636
00:24:00,149 --> 00:23:58,159
the tractor thingy yes yeah with the

637
00:24:02,950 --> 00:24:00,159
bobcat yeah he's got every tool

638
00:24:04,630 --> 00:24:02,960

imaginable and uh you know he like

639

00:24:07,590 --> 00:24:04,640

builds decks and stuff for a living and

640

00:24:09,110 --> 00:24:07,600

he's got i i was i lucked out buying

641

00:24:10,230 --> 00:24:09,120

this place because across the street

642

00:24:12,149 --> 00:24:10,240

from me is

643

00:24:13,990 --> 00:24:12,159

the best neighbor ever he's got every

644

00:24:15,350 --> 00:24:14,000

tool imaginable he's always loaning me

645

00:24:17,909 --> 00:24:15,360

tools or like

646

00:24:20,630 --> 00:24:17,919

showing me too like i i didn't want to

647

00:24:22,470 --> 00:24:20,640

pay an electrician to wire this room so

648

00:24:25,510 --> 00:24:22,480

i didn't know how to do it he showed me

649

00:24:27,190 --> 00:24:25,520

how to do it oh my god and then i went

650

00:24:29,269 --> 00:24:27,200

and did the rest of them you know like

651

00:24:31,269 --> 00:24:29,279

there's five or six outlets in here so

652

00:24:35,029 --> 00:24:31,279

he showed me one and then i went it's

653

00:24:35,909 --> 00:24:35,039

three wires thanks now i know

654

00:24:38,470 --> 00:24:35,919

you know

655

00:24:42,390 --> 00:24:40,549

because you need that

656

00:24:44,230 --> 00:24:42,400

yeah and then this is a big thing for me

657

00:24:46,870 --> 00:24:44,240

here is like i don't want to pay anybody

658

00:24:49,590 --> 00:24:46,880

to do anything that i can learn myself

659

00:24:51,830 --> 00:24:49,600

yeah it becomes empowering and i feel

660

00:24:54,070 --> 00:24:51,840

like i'm becoming more self-reliant now

661

00:24:55,909 --> 00:24:54,080

i will never call an electrician for

662

00:24:57,909 --> 00:24:55,919

anything unless there's some kind of

663

00:24:59,190 --> 00:24:57,919

county and you have to have a certified

664

00:25:01,830 --> 00:24:59,200

electrician do something you know

665

00:25:02,950 --> 00:25:01,840

anymore and have a pass inspection yeah

666

00:25:05,990 --> 00:25:02,960

but actually

667

00:25:08,710 --> 00:25:06,000

i've termed this a recreational cabin

668

00:25:10,630 --> 00:25:08,720

to get around the building codes and uh

669

00:25:11,830 --> 00:25:10,640

once you file an affidavit with a local

670

00:25:14,870 --> 00:25:11,840

township

671

00:25:16,390 --> 00:25:14,880

uh and a plot plan then i'm exempt from

672

00:25:19,909 --> 00:25:16,400

all building codes

673

00:25:22,070 --> 00:25:19,919

so that's so smart yeah i don't want so

674

00:25:24,310 --> 00:25:22,080

like how besides what am i supposed to

675

00:25:25,830 --> 00:25:24,320

do draw a bunch of lobs glued together

676

00:25:27,110 --> 00:25:25,840

like here's how i'm building this place

677

00:25:29,510 --> 00:25:27,120

it's like

678

00:25:31,669 --> 00:25:29,520

you want plans i don't have plans i got

679

00:25:34,070 --> 00:25:31,679

a pile of logs out on the side of the

680

00:25:36,070 --> 00:25:34,080

cabin i'm building and

681

00:25:38,230 --> 00:25:36,080

i'm just throwing them together

682

00:25:39,830 --> 00:25:38,240

and uh but i gotta say

683

00:25:42,230 --> 00:25:39,840

it's not that this place is not well

684

00:25:43,669 --> 00:25:42,240

built the walls are two foot thick it's

685

00:25:46,390 --> 00:25:43,679

so

686

00:25:50,070 --> 00:25:48,710

and very very sturdy uh it's more sturdy

687

00:25:52,390 --> 00:25:50,080

than like if you would have built this

688

00:25:56,070 --> 00:25:52,400

out of like home depot two by fours and

689

00:25:58,470 --> 00:25:56,080

siding and insulation and all that oh no

690

00:26:00,390 --> 00:25:58,480

no [h__h] at what

691

00:26:01,909 --> 00:26:00,400

16-inch centers

692

00:26:03,750 --> 00:26:01,919

on the this

693

00:26:04,630 --> 00:26:03,760

all that [h__h] yeah

694

00:26:05,350 --> 00:26:04,640

but

695

00:26:06,950 --> 00:26:05,360

this

696

00:26:09,350 --> 00:26:06,960

year construction

697

00:26:13,909 --> 00:26:09,360

vaguely reminded me of

698

00:26:19,350 --> 00:26:16,710

and of the inside of of your place that

699

00:26:22,549 --> 00:26:19,360

yo it's smoother than the outside the

700

00:26:25,669 --> 00:26:22,559

outside you have sticky outs and

701
00:26:27,669 --> 00:26:25,679
places but on and that reminds me of a

702
00:26:30,310 --> 00:26:27,679
bomb yeah it still actually still needs

703
00:26:32,470 --> 00:26:30,320
it still needs i still need a day or uh

704
00:26:34,549 --> 00:26:32,480
well i probably need like three or four

705
00:26:36,870 --> 00:26:34,559
days to go around the outside and sort

706
00:26:39,350 --> 00:26:36,880
of like try to pretty it up i did that

707
00:26:41,510 --> 00:26:39,360
on the inside i think it's pretty like

708
00:26:43,990 --> 00:26:41,520
it is outside yeah it's okay but it

709
00:26:46,310 --> 00:26:44,000
probably means yeah you gotta go

710
00:26:48,149 --> 00:26:46,320
i'm a little ocd so i go around and look

711
00:26:50,390 --> 00:26:48,159
at the walls like oh it looks like it

712
00:26:53,350 --> 00:26:50,400
needs a little more over here in the in

713
00:26:54,549 --> 00:26:53,360

that you know space and like

714

00:26:55,750 --> 00:26:54,559

i'm probably going to be doing that for

715

00:26:59,190 --> 00:26:55,760

some time

716

00:27:01,110 --> 00:26:59,200

yeah oh it's so exciting so you're just

717

00:27:01,909 --> 00:27:01,120

now finishing up

718

00:27:02,950 --> 00:27:01,919

the

719

00:27:06,149 --> 00:27:02,960

um

720

00:27:08,470 --> 00:27:06,159

the sun room well i finished uh today i

721

00:27:11,110 --> 00:27:08,480

finished this last section of of wall

722

00:27:13,350 --> 00:27:11,120

out of like windows and the glass door

723

00:27:14,789 --> 00:27:13,360

goes there and tomorrow i'm going to be

724

00:27:17,190 --> 00:27:14,799

filling in

725

00:27:19,350 --> 00:27:17,200

whatever didn't fit if that makes sense

726

00:27:21,269 --> 00:27:19,360

like whatever i could do i just fill in

727

00:27:23,350 --> 00:27:21,279

the blanks so now i have a section

728

00:27:25,350 --> 00:27:23,360

that's going to be stone

729

00:27:26,710 --> 00:27:25,360

and uh that's another thing that i

730

00:27:28,950 --> 00:27:26,720

learned here i kind of learned stone

731

00:27:32,070 --> 00:27:28,960

masonry out of uh

732

00:27:34,389 --> 00:27:32,080

out of necessity because uh

733

00:27:35,990 --> 00:27:34,399

not necessity really but like it's nice

734

00:27:39,110 --> 00:27:36,000

to be able to build a stone hearth

735

00:27:40,950 --> 00:27:39,120

yourself to put a wood stove on so i

736

00:27:43,269 --> 00:27:40,960

just and we're in the mountains there's

737

00:27:45,190 --> 00:27:43,279

big flat stones everywhere i don't even

738

00:27:46,870 --> 00:27:45,200

have to dig them out you just go around

739

00:27:48,389 --> 00:27:46,880

and pick them up

740

00:27:49,669 --> 00:27:48,399

so i go around and

741

00:27:50,630 --> 00:27:49,679

that's another thing i've learned is

742

00:27:52,950 --> 00:27:50,640

that

743

00:27:55,590 --> 00:27:52,960

the forest will provide like okay i

744

00:27:57,110 --> 00:27:55,600

gotta build this earth i just go around

745

00:27:58,710 --> 00:27:57,120

my land and look around for the

746

00:28:00,470 --> 00:27:58,720

resources and that's kind of how i'm

747

00:28:02,389 --> 00:28:00,480

building this place is like well i've

748

00:28:05,350 --> 00:28:02,399

got plenty of stone

749

00:28:07,830 --> 00:28:05,360

so i'm gonna i built a stone shower

750

00:28:09,190 --> 00:28:07,840

because i could oh and because i

751

00:28:11,110 --> 00:28:09,200

couldn't i didn't have the money

752

00:28:13,669 --> 00:28:11,120

honestly for this

753

00:28:16,070 --> 00:28:13,679

there was a like a shower stall kit at

754

00:28:18,630 --> 00:28:16,080

home depot it's like 150

755

00:28:19,750 --> 00:28:18,640

or maybe a little more yeah and i just

756

00:28:23,909 --> 00:28:19,760

said

757

00:28:25,909 --> 00:28:23,919

i i can do this with stones and so i

758

00:28:28,070 --> 00:28:25,919

just built like a

759

00:28:30,389 --> 00:28:28,080

stone back wall and

760

00:28:33,510 --> 00:28:30,399

the sort of stand that you stand on you

761

00:28:36,549 --> 00:28:33,520

know and it's so far it's worked out

762

00:28:38,070 --> 00:28:36,559

i think that's absolutely

763

00:28:39,669 --> 00:28:38,080

amazing

764

00:28:41,269 --> 00:28:39,679

yeah

765

00:28:43,350 --> 00:28:41,279

it's kind of crazy though because it

766

00:28:45,350 --> 00:28:43,360

didn't think it didn't take like three

767

00:28:48,070 --> 00:28:45,360

weekends it took three weekends to do

768

00:28:49,669 --> 00:28:48,080

that stone shower though where you know

769

00:28:52,070 --> 00:28:49,679

everything here is kind of like i have

770

00:28:53,909 --> 00:28:52,080

to trade my time for the money because

771

00:28:55,510 --> 00:28:53,919

if i had the two hundred dollars to just

772

00:28:56,710 --> 00:28:55,520

go to home depot it would have been done

773

00:28:58,950 --> 00:28:56,720

in a day

774

00:29:01,430 --> 00:28:58,960

yeah so instead of a day now i'm three

775

00:29:03,590 --> 00:29:01,440

or four days but when i'm done it's much

776

00:29:05,590 --> 00:29:03,600

more personal and it's much more custom

777

00:29:08,470 --> 00:29:05,600

than like and it looks like it belongs

778

00:29:10,149 --> 00:29:08,480

in a log cabin a plastic a plastic

779

00:29:22,630 --> 00:29:10,159

shower stall no

780

00:29:26,789 --> 00:29:24,149

well i'm gonna have to really scroll

781

00:29:28,789 --> 00:29:26,799

back i'm sure that i put on twitter so

782

00:29:30,470 --> 00:29:28,799

yeah let me let me look i i think there

783

00:29:31,909 --> 00:29:30,480

is one somewhere okay paul you're

784

00:29:33,029 --> 00:29:31,919

looking i'm getting up for just one

785

00:29:34,710 --> 00:29:33,039

second

786

00:29:37,029 --> 00:29:34,720

sure

787

00:29:42,310 --> 00:29:37,039

i'll be right back

788

00:29:45,909 --> 00:29:44,230

oh i i found a bunch more pictures

789

00:29:48,389 --> 00:29:45,919

anyway though

790

00:29:50,310 --> 00:29:48,399

oh cool you see how far back that was a

791

00:29:53,990 --> 00:29:50,320

while ago i finished that shower so i

792

00:29:55,830 --> 00:29:54,000

don't know how far back i gotta go to

793

00:29:58,389 --> 00:29:55,840

oh yeah i'll find it

794

00:30:01,029 --> 00:29:58,399

it's got to be here somewhere

795

00:30:03,830 --> 00:30:01,039

it sounds absolutely

796

00:30:06,630 --> 00:30:04,789

well

797

00:30:08,470 --> 00:30:06,640

it's

798

00:30:10,389 --> 00:30:08,480

yeah i'm still scrolling here so just

799

00:30:11,190 --> 00:30:10,399

give me a few minutes we can talk while

800

00:30:15,510 --> 00:30:11,200

i

801
00:30:18,230 --> 00:30:15,520
yeah yeah

802
00:30:20,070 --> 00:30:18,240
yeah we'll just chat for a minute

803
00:30:22,149 --> 00:30:20,080
because

804
00:30:24,310 --> 00:30:22,159
um yeah i want to talk about that

805
00:30:27,430 --> 00:30:24,320
praying mantis when we're all done here

806
00:30:30,070 --> 00:30:27,440
because i am just absolutely mystified

807
00:30:31,350 --> 00:30:30,080
but i am absolutely

808
00:30:33,430 --> 00:30:31,360
thrilled

809
00:30:36,389 --> 00:30:33,440
and all i could do when i opened it was

810
00:30:39,750 --> 00:30:36,399
just to sit and look at it for

811
00:30:44,389 --> 00:30:39,760
lots of minutes just going wow

812
00:30:47,190 --> 00:30:45,750
dear

813
00:30:49,669 --> 00:30:47,200

a gift

814

00:30:53,190 --> 00:30:49,679

and just so whoever it was you know

815

00:30:54,549 --> 00:30:53,200

you blew my socks off thanks uh so yeah

816

00:30:59,029 --> 00:30:54,559

it's always nice when you get something

817

00:31:03,430 --> 00:31:01,110

she just said she'd

818

00:31:07,830 --> 00:31:03,440

love to

819

00:31:09,750 --> 00:31:07,840

have a praying mantis

820

00:31:11,750 --> 00:31:09,760

yeah yeah because they have a lot of

821

00:31:15,029 --> 00:31:11,760

meaning in my life it's really the

822

00:31:17,029 --> 00:31:15,039

oddest story and i told part of it and

823

00:31:19,750 --> 00:31:17,039

somebody picked up on it and

824

00:31:21,110 --> 00:31:19,760

sent me a praying mantis pen

825

00:31:24,070 --> 00:31:21,120

yeah

826

00:31:26,789 --> 00:31:24,080

and it's all it's it's jeweled and

827

00:31:29,590 --> 00:31:26,799

enameled and it's got the

828

00:31:30,389 --> 00:31:29,600

uh it looks like purple eyes and it's

829

00:31:32,310 --> 00:31:30,399

just

830

00:31:35,269 --> 00:31:32,320

oh it's

831

00:31:37,669 --> 00:31:35,279

and i i pinned it on right away and then

832

00:31:39,909 --> 00:31:37,679

i thought wait i can't see it

833

00:31:41,750 --> 00:31:39,919

so i took it back off my shirt and put

834

00:31:44,310 --> 00:31:41,760

it down here on the table so i can look

835

00:31:47,909 --> 00:31:44,320

at it you know it's just really really

836

00:31:50,710 --> 00:31:47,919

special um oh i've i've found it yeah oh

837

00:31:51,990 --> 00:31:50,720

brilliant okay

838

00:31:53,350 --> 00:31:52,000

i gotta

839

00:32:00,310 --> 00:31:53,360

figure out how to

840

00:32:04,630 --> 00:32:03,110

yeah six drops says party at steve's

841

00:32:07,110 --> 00:32:04,640

place oh

842

00:32:09,190 --> 00:32:07,120

are you gonna have a cabin warming

843

00:32:11,029 --> 00:32:09,200

um if i ever finish this place i'm gonna

844

00:32:16,389 --> 00:32:11,039

try to have a big party yeah i would

845

00:32:20,149 --> 00:32:18,470

that would be so cool i would send you

846

00:32:22,470 --> 00:32:20,159

flowers or something okay so here we go

847

00:32:25,909 --> 00:32:22,480

there we go

848

00:32:27,509 --> 00:32:25,919

so this is the shower stall

849

00:32:30,070 --> 00:32:27,519

my

850

00:32:31,990 --> 00:32:30,080

god yeah and what we what we have is

851
00:32:34,549 --> 00:32:32,000
just we don't have

852
00:32:36,070 --> 00:32:34,559
a running water here so we have this big

853
00:32:37,190 --> 00:32:36,080
10 gallon pot

854
00:32:39,590 --> 00:32:37,200
and so

855
00:32:42,389 --> 00:32:39,600
you we heat the water on the wood stove

856
00:32:43,590 --> 00:32:42,399
or on the or on the campfire

857
00:32:45,750 --> 00:32:43,600
outside

858
00:32:47,590 --> 00:32:45,760
or we have a propane stove too and i

859
00:32:49,190 --> 00:32:47,600
have another propane burner

860
00:32:50,630 --> 00:32:49,200
i might put like a

861
00:32:52,710 --> 00:32:50,640
a you know

862
00:32:54,389 --> 00:32:52,720
something right in the bathroom so this

863
00:32:56,230 --> 00:32:54,399

is just

864

00:32:58,870 --> 00:32:56,240
and i don't know if i had the later

865

00:33:01,830 --> 00:32:58,880
pictures but so then i put like a uh

866

00:33:04,070 --> 00:33:01,840
just a big shower stall around or not a

867

00:33:05,269 --> 00:33:04,080
big shower curtain around this side i

868

00:33:07,350 --> 00:33:05,279
didn't wanna

869

00:33:09,590 --> 00:33:07,360
i was gonna put a wall up this side too

870

00:33:11,590 --> 00:33:09,600
but then getting stuff in or out the

871

00:33:14,230 --> 00:33:11,600
doors right here like there's a front

872

00:33:16,230 --> 00:33:14,240
door right there so yeah but this is

873

00:33:18,230 --> 00:33:16,240
just one of those things like

874

00:33:20,389 --> 00:33:18,240
i need a shower or a place to take a

875

00:33:22,630 --> 00:33:20,399
shower and this was done because it's

876

00:33:25,509 --> 00:33:22,640

freezing as hell outside trying to take

877

00:33:28,310 --> 00:33:25,519

it back we had bag showers before this

878

00:33:30,950 --> 00:33:28,320

and i would just go outside but like

879

00:33:32,870 --> 00:33:30,960

if it's 20 outside or 10 outside you

880

00:33:34,870 --> 00:33:32,880

don't want to do that so

881

00:33:36,389 --> 00:33:34,880

i don't want to do that where does the

882

00:33:39,350 --> 00:33:36,399

water run

883

00:33:43,269 --> 00:33:39,360

this goes outside into a flower bed oh

884

00:33:47,909 --> 00:33:45,029

so that's

885

00:33:51,029 --> 00:33:47,919

that's basically what happens

886

00:33:53,990 --> 00:33:51,039

yeah that is just absolutely stunning

887

00:33:57,269 --> 00:33:54,000

steve let me stop that there we go

888

00:34:00,389 --> 00:33:57,279

yeah and i i found there's some other uh

889

00:34:02,789 --> 00:34:00,399

oh see if i can i gotta scroll back now

890

00:34:04,710 --> 00:34:02,799

but i saw okay

891

00:34:06,630 --> 00:34:04,720

a bunch of other stuff

892

00:34:09,109 --> 00:34:06,640

that i could just share

893

00:34:11,909 --> 00:34:09,119

astounding it just

894

00:34:13,589 --> 00:34:11,919

boy i've always wanted to do i always

895

00:34:16,230 --> 00:34:13,599

thought about doing something like this

896

00:34:16,950 --> 00:34:16,240

you just i didn't die

897

00:34:19,430 --> 00:34:16,960

yeah

898

00:34:21,510 --> 00:34:19,440

i did too so you know i think one of the

899

00:34:24,069 --> 00:34:21,520

reasons that this place came together

900

00:34:26,550 --> 00:34:24,079

like it did is because i sat in a sad

901
00:34:29,430 --> 00:34:26,560
cubicle for years dreaming about doing

902
00:34:32,149 --> 00:34:29,440
it and imagining how the shower would

903
00:34:34,550 --> 00:34:32,159
look or imagining like what the wood

904
00:34:36,069 --> 00:34:34,560
stove would look like what the hearse to

905
00:34:38,389 --> 00:34:36,079
the wood stove would look like what the

906
00:34:40,310 --> 00:34:38,399
walls would look like so maybe i

907
00:34:41,909 --> 00:34:40,320
visualized this for a long time and

908
00:34:44,550 --> 00:34:41,919
that's why it was easier for me to

909
00:34:46,869 --> 00:34:44,560
manifest it into reality but it's still

910
00:34:49,190 --> 00:34:46,879
amazing to me sometimes to go like

911
00:34:51,750 --> 00:34:49,200
i i just pulled this thing literally out

912
00:34:54,149 --> 00:34:51,760
of out of my daydreams and it's coming

913
00:34:55,109 --> 00:34:54,159

out pretty close to those daydreams so

914

00:34:56,869 --> 00:34:55,119

yeah

915

00:34:58,630 --> 00:34:56,879

and it's still

916

00:35:00,790 --> 00:34:58,640

this unreal

917

00:35:03,430 --> 00:35:00,800

and you have a neighbor with equipment

918

00:35:04,710 --> 00:35:03,440

for [h__h] sake yeah yeah

919

00:35:07,109 --> 00:35:04,720

yeah actually

920

00:35:08,710 --> 00:35:07,119

he's uh he's really a large part to why

921

00:35:09,910 --> 00:35:08,720

this is here too because every time i

922

00:35:15,349 --> 00:35:09,920

get stuck

923

00:35:17,510 --> 00:35:15,359

there to uh to sort of help me oh and i

924

00:35:19,109 --> 00:35:17,520

gotta i'll show another view here this

925

00:35:21,030 --> 00:35:19,119

is me and my

926

00:35:23,910 --> 00:35:21,040

beautiful wife here

927

00:35:26,470 --> 00:35:23,920

oh she is just the cutest little thing

928

00:35:28,470 --> 00:35:26,480

yeah your whole family what a darling

929

00:35:31,030 --> 00:35:28,480

family oh

930

00:35:33,030 --> 00:35:31,040

you guys wait a minute like this thing

931

00:35:35,430 --> 00:35:33,040

is oh there we go

932

00:35:37,589 --> 00:35:35,440

there we go so this is the front door of

933

00:35:40,550 --> 00:35:37,599

the cabin

934

00:35:43,670 --> 00:35:40,560

another view of some of the log work

935

00:35:45,589 --> 00:35:43,680

and my two boys they had a ball here

936

00:35:47,430 --> 00:35:45,599

they had a ball here all summer and i

937

00:35:49,030 --> 00:35:47,440

was so thankful to have this place

938

00:35:51,589 --> 00:35:49,040

because if not for this place we would

939

00:35:53,589 --> 00:35:51,599

have nothing to do all summer

940

00:35:55,750 --> 00:35:53,599

we could come here and we could have

941

00:35:59,510 --> 00:35:55,760

cookouts and there's a lake right nearby

942

00:36:01,750 --> 00:35:59,520

so they went swimming every day and uh

943

00:36:02,710 --> 00:36:01,760

it was it was really cool and now now

944

00:36:05,270 --> 00:36:02,720

i'm gonna

945

00:36:07,750 --> 00:36:05,280

i i saw as i was scrolling i saw some

946

00:36:10,550 --> 00:36:07,760

other older pics that

947

00:36:14,550 --> 00:36:10,560

i'm sorry about this let's see

948

00:36:16,390 --> 00:36:14,560

more parts of my floor there the slices

949

00:36:18,310 --> 00:36:16,400

oh here's a visitor

950

00:36:20,230 --> 00:36:18,320

we got visitors here a lot

951
00:36:22,710 --> 00:36:20,240
wow

952
00:36:24,550 --> 00:36:22,720
boy those are some healthy raccoons look

953
00:36:25,990 --> 00:36:24,560
at that

954
00:36:28,230 --> 00:36:26,000
yeah there's a whole there's a whole

955
00:36:29,349 --> 00:36:28,240
family of them here and my kids like

956
00:36:30,790 --> 00:36:29,359
they drop

957
00:36:32,870 --> 00:36:30,800
oh here's a good view of the front of

958
00:36:35,270 --> 00:36:32,880
the front of the cabin so far so there's

959
00:36:37,750 --> 00:36:35,280
some rooms going over here on this side

960
00:36:40,069 --> 00:36:37,760
again an angled roof coming down

961
00:36:42,069 --> 00:36:40,079
on this side over here this is our fire

962
00:36:44,069 --> 00:36:42,079
pit where we have a bunch of grills and

963
00:36:47,190 --> 00:36:44,079

uh the front door

964

00:36:49,270 --> 00:36:47,200

i put a lion door knocker on that

965

00:36:51,750 --> 00:36:49,280

big monstrous door

966

00:36:54,390 --> 00:36:51,760

and uh and this part is this this is

967

00:36:56,150 --> 00:36:54,400

where the bathroom is and the shower is

968

00:36:57,670 --> 00:36:56,160

and the composting toilet and then

969

00:37:01,349 --> 00:36:57,680

behind this room

970

00:37:03,190 --> 00:37:01,359

which is really like a kitch eat-in

971

00:37:05,750 --> 00:37:03,200

kitchen and there's a couch in there

972

00:37:08,790 --> 00:37:05,760

it's a pretty pretty big room but i saw

973

00:37:10,150 --> 00:37:08,800

something like stuff from my show i saw

974

00:37:12,310 --> 00:37:10,160

uh

975

00:37:13,190 --> 00:37:12,320

oh here is a good view of building this

976
00:37:15,750 --> 00:37:13,200
thing

977
00:37:17,270 --> 00:37:15,760
oh wow that's that's a good view of it

978
00:37:20,470 --> 00:37:17,280
and like you know

979
00:37:24,150 --> 00:37:20,480
almost ready to put the roof on it

980
00:37:27,190 --> 00:37:24,160
it's just filling in the blanks you know

981
00:37:30,950 --> 00:37:27,200
almost ready the windows so you do you

982
00:37:33,109 --> 00:37:30,960
do log mortar log mortar yeah yeah and

983
00:37:35,190 --> 00:37:33,119
then okay so here we see a view on the

984
00:37:38,550 --> 00:37:35,200
side

985
00:37:41,190 --> 00:37:38,560
this is just some big logs that we used

986
00:37:43,349 --> 00:37:41,200
to uh to make a big huge it looks like

987
00:37:45,829 --> 00:37:43,359
the flintstones i think big huge money

988
00:37:48,069 --> 00:37:45,839

yeah those go on these stone piers and

989

00:37:50,390 --> 00:37:48,079

this is again i did this because there

990

00:37:53,270 --> 00:37:50,400

was the money for lumber just wasn't

991

00:37:55,829 --> 00:37:53,280

there but i got logs all day so look at

992

00:37:56,550 --> 00:37:55,839

those logs are they sunk into the ground

993

00:37:58,069 --> 00:37:56,560

too

994

00:38:00,150 --> 00:37:58,079

uh no they're right on top of these

995

00:38:02,470 --> 00:38:00,160

stone piers that i built but i'm going

996

00:38:03,990 --> 00:38:02,480

to be putting additional stone around

997

00:38:05,109 --> 00:38:04,000

them with some cement to try to make

998

00:38:07,670 --> 00:38:05,119

sure

999

00:38:09,190 --> 00:38:07,680

it's pretty solid it's pretty solid

1000

00:38:12,310 --> 00:38:09,200

actually it'll be you know when you get

1001
00:38:14,230 --> 00:38:12,320
those logs in too yeah yeah once the uh

1002
00:38:15,349 --> 00:38:14,240
so this is the notch cut to make this

1003
00:38:19,270 --> 00:38:15,359
all work

1004
00:38:20,950 --> 00:38:19,280
and then uh this is uh i think there's a

1005
00:38:23,910 --> 00:38:20,960
yeah and that's pretty well

1006
00:38:24,710 --> 00:38:23,920
we're up to like i got the uh you know

1007
00:38:28,069 --> 00:38:24,720
uh

1008
00:38:29,990 --> 00:38:28,079
going so far oh this is a

1009
00:38:33,190 --> 00:38:30,000
there's a view of the inside of the

1010
00:38:36,470 --> 00:38:33,200
living room isn't that spectacular look

1011
00:38:38,230 --> 00:38:36,480
how cozy that is yeah and this place is

1012
00:38:40,710 --> 00:38:38,240
wired um

1013
00:38:42,069 --> 00:38:40,720

this this place is wired for 12 volts as

1014

00:38:43,990 --> 00:38:42,079

well so there's

1015

00:38:45,589 --> 00:38:44,000

up here is 12 volt lights there's

1016

00:38:47,829 --> 00:38:45,599

another one back here

1017

00:38:50,630 --> 00:38:47,839

this place can run from 12 volt lights

1018

00:38:52,470 --> 00:38:50,640

this is electric uh heater just you know

1019

00:38:55,030 --> 00:38:52,480

with the fake fire but right next to it

1020

00:38:56,150 --> 00:38:55,040

is the actual wood stove in here that's

1021

00:38:57,829 --> 00:38:56,160

so cool

1022

00:38:59,109 --> 00:38:57,839

and this is where i do my shell when i

1023

00:39:01,910 --> 00:38:59,119

do the show from here or this is where

1024

00:39:04,790 --> 00:39:01,920

i'm sitting right now actually so

1025

00:39:06,550 --> 00:39:04,800

yeah well oh gosh that's

1026
00:39:08,069 --> 00:39:06,560
that's wonderful

1027
00:39:09,109 --> 00:39:08,079
um

1028
00:40:06,870 --> 00:39:09,119
i

1029
00:40:10,390 --> 00:40:06,880
man

1030
00:40:12,710 --> 00:40:10,400
boy so this will keep you really fit huh

1031
00:40:14,470 --> 00:40:12,720
yeah i don't need a gym i just come here

1032
00:40:16,550 --> 00:40:14,480
because i'm either chopping wood cutting

1033
00:40:19,670 --> 00:40:16,560
wood carrying wood

1034
00:40:20,950 --> 00:40:19,680
you know and i love that that path

1035
00:40:21,829 --> 00:40:20,960
meanders

1036
00:40:26,069 --> 00:40:21,839
yeah

1037
00:40:29,190 --> 00:40:26,079
actually i could have but i was like no

1038
00:40:31,349 --> 00:40:29,200

i kind of like it being windy right yeah

1039

00:40:33,670 --> 00:40:31,359

it's like water flowing and

1040

00:40:35,670 --> 00:40:33,680

i hate right angles

1041

00:40:37,190 --> 00:40:35,680

me too

1042

00:40:38,870 --> 00:40:37,200

that's probably why this place is built

1043

00:40:41,589 --> 00:40:38,880

the way it is everything's like crooked

1044

00:40:44,309 --> 00:40:41,599

but it's like my crooked cabin

1045

00:40:46,630 --> 00:40:44,319

unique beautiful

1046

00:40:48,309 --> 00:40:46,640

yeah isn't that a picture

1047

00:40:50,069 --> 00:40:48,319

oh god

1048

00:40:52,470 --> 00:40:50,079

absolutely and this over here on the

1049

00:40:54,710 --> 00:40:52,480

right side is this just a firewood shed

1050

00:40:57,670 --> 00:40:54,720

so that was built out of uh recycled

1051
00:40:59,589 --> 00:40:57,680
materials too that was built out of

1052
00:41:01,270 --> 00:40:59,599
wood from people through in the trash i

1053
00:41:02,790 --> 00:41:01,280
used to drive around in philadelphia in

1054
00:41:05,270 --> 00:41:02,800
the city

1055
00:41:06,309 --> 00:41:05,280
and just like if you drive around in a

1056
00:41:08,710 --> 00:41:06,319
place like philadelphia you're going to

1057
00:41:11,430 --> 00:41:08,720
find scrap wood in the trash on trash

1058
00:41:13,030 --> 00:41:11,440
day so i just started piling it up

1059
00:41:15,990 --> 00:41:13,040
and uh you know

1060
00:41:17,990 --> 00:41:16,000
here so we need a wood shed what do we

1061
00:41:20,390 --> 00:41:18,000
got over here you know

1062
00:41:22,950 --> 00:41:20,400
and this that was kind of my previous

1063
00:41:24,470 --> 00:41:22,960

method was to go picking trash and stuff

1064

00:41:25,589 --> 00:41:24,480

but that was before i figured out that i

1065

00:41:27,589 --> 00:41:25,599

could just build everything out of

1066

00:41:31,030 --> 00:41:27,599

natural materials too

1067

00:41:33,670 --> 00:41:31,040

yeah that is just brilliant

1068

00:41:36,150 --> 00:41:33,680

so when was your starting point how long

1069

00:41:40,230 --> 00:41:36,160

have you been at this i don't think um

1070

00:41:42,069 --> 00:41:40,240

this will be uh this will be the third

1071

00:41:44,390 --> 00:41:42,079

yeah i guess this is the going on year

1072

00:41:46,470 --> 00:41:44,400

three

1073

00:41:48,550 --> 00:41:46,480

yeah and all this was done on weekends

1074

00:41:49,270 --> 00:41:48,560

whenever i had the time and like you

1075

00:41:50,550 --> 00:41:49,280

know

1076

00:41:52,150 --> 00:41:50,560

it wasn't like

1077

00:41:54,390 --> 00:41:52,160

i sort of wish that i could just stay

1078

00:41:56,630 --> 00:41:54,400

here because if sometimes it feels like

1079

00:41:58,470 --> 00:41:56,640

as soon as i uh start really seeing

1080

00:41:59,510 --> 00:41:58,480

progress i gotta go home to the real

1081

00:42:01,349 --> 00:41:59,520

world

1082

00:42:03,910 --> 00:42:01,359

and then you gotta sort of wait you know

1083

00:42:06,630 --> 00:42:03,920

until you get to that next weekend to

1084

00:42:09,270 --> 00:42:06,640

make progress again and it's frustrating

1085

00:42:11,270 --> 00:42:09,280

to me sometimes because i get wrapped up

1086

00:42:13,030 --> 00:42:11,280

i get wrapped up in this stuff and i

1087

00:42:14,470 --> 00:42:13,040

don't want to go i don't want to go back

1088

00:42:28,550 --> 00:42:14,480

to reality

1089

00:42:33,030 --> 00:42:31,270

this is

1090

00:42:35,349 --> 00:42:33,040

the passion and

1091

00:42:36,870 --> 00:42:35,359

your your drive and your focus thank you

1092

00:42:38,870 --> 00:42:36,880

i personally it's not you know what i'm

1093

00:42:41,030 --> 00:42:38,880

amazed that people are so interested in

1094

00:42:43,030 --> 00:42:41,040

this because it's just a personal

1095

00:42:45,430 --> 00:42:43,040

yeah but i didn't i didn't know that you

1096

00:42:47,589 --> 00:42:45,440

know and then i started thinking like oh

1097

00:42:49,750 --> 00:42:47,599

it's not just me who thought let's go

1098

00:42:51,750 --> 00:42:49,760

build a cabin everybody a lot of people

1099

00:42:53,750 --> 00:42:51,760

have that dream like let's go build that

1100

00:42:57,030 --> 00:42:53,760

cabin in the woods and and the hell with

1101

00:42:58,630 --> 00:42:57,040

this cubicle job or you know

1102

00:43:01,589 --> 00:42:58,640

checking out right

1103

00:43:03,829 --> 00:43:01,599

anybody who's ever vacationed or been in

1104

00:43:05,510 --> 00:43:03,839

the mountains or the woods

1105

00:43:06,950 --> 00:43:05,520

uh get that

1106

00:43:08,790 --> 00:43:06,960

you you get that

1107

00:43:11,510 --> 00:43:08,800

i really never want to leave here i wish

1108

00:43:14,630 --> 00:43:11,520

i lived here yeah i everybody who's been

1109

00:43:16,550 --> 00:43:14,640

in a place that has serenity and

1110

00:43:18,550 --> 00:43:16,560

space well that's funny that this is

1111

00:43:20,550 --> 00:43:18,560

camp serenity it's funny that you said

1112

00:43:23,109 --> 00:43:20,560

that

1113

00:43:24,710 --> 00:43:23,119

i have a i have a i have a sign uh in

1114

00:43:27,829 --> 00:43:24,720

the other room and it says welcome to

1115

00:43:29,670 --> 00:43:27,839

camp serenity and it says stephen sharon

1116

00:43:31,670 --> 00:43:29,680

zachary and xavier

1117

00:43:34,309 --> 00:43:31,680

and my wife gave me that as a gift and

1118

00:43:36,550 --> 00:43:34,319

uh perfect yeah this is the place that i

1119

00:43:39,349 --> 00:43:36,560

feel most at peace and this is the place

1120

00:43:40,950 --> 00:43:39,359

that i feel most happy and

1121

00:43:42,390 --> 00:43:40,960

but i got us you know i don't i don't

1122

00:43:44,550 --> 00:43:42,400

want anybody to get the wrong idea i

1123

00:43:47,190 --> 00:43:44,560

love my house in the suburbs i got a big

1124

00:43:49,829 --> 00:43:47,200

beautiful house in the suburbs it's like

1125

00:43:51,270 --> 00:43:49,839

3 500 square feet it's huge

1126
00:43:52,870 --> 00:43:51,280
um but

1127
00:43:56,790 --> 00:43:52,880
sometimes i think like

1128
00:43:59,430 --> 00:43:56,800
would we do you need that you know yeah

1129
00:44:02,550 --> 00:43:59,440
this place actually started as it was 12

1130
00:44:04,710 --> 00:44:02,560
by 24 the original cabin and i thought

1131
00:44:05,910 --> 00:44:04,720
i'll just build this tiny cabin just

1132
00:44:07,750 --> 00:44:05,920
what we need

1133
00:44:10,309 --> 00:44:07,760
and that's it but then my kids start

1134
00:44:11,990 --> 00:44:10,319
getting a little older and my wife wants

1135
00:44:14,309 --> 00:44:12,000
to bring her friends or

1136
00:44:16,309 --> 00:44:14,319
sisters or mother-in-law

1137
00:44:18,470 --> 00:44:16,319
all right now we gotta add on to this

1138
00:44:20,069 --> 00:44:18,480

thing and i have to say this big living

1139

00:44:21,670 --> 00:44:20,079

room doubled the size of the cabin the

1140

00:44:24,390 --> 00:44:21,680

thing with the logs that i built around

1141

00:44:25,829 --> 00:44:24,400

the original structure and and it's so

1142

00:44:28,069 --> 00:44:25,839

much more comfortable

1143

00:44:29,990 --> 00:44:28,079

with the extra space you know just one

1144

00:44:31,510 --> 00:44:30,000

big living room here and then the

1145

00:44:33,109 --> 00:44:31,520

original cabin next door has like a

1146

00:44:34,790 --> 00:44:33,119

sleeping loft in it but nobody ever

1147

00:44:37,589 --> 00:44:34,800

wanted to sleep in the sleeping loft so

1148

00:44:39,430 --> 00:44:37,599

that's a waste of nice surprises i might

1149

00:44:40,710 --> 00:44:39,440

just i might just cut that out nobody

1150

00:44:42,230 --> 00:44:40,720

ever wants to sleep in there but i hate

1151

00:44:44,150 --> 00:44:42,240

to do it because then it's it's also

1152

00:44:47,990 --> 00:44:44,160

stuart actually it's junk storage right

1153

00:44:52,790 --> 00:44:50,630

it's storage yeah yeah a little bit you

1154

00:44:55,430 --> 00:44:52,800

know hang flowers from it or something

1155

00:44:58,069 --> 00:44:55,440

leave that thing up yeah i probably will

1156

00:44:59,910 --> 00:44:58,079

i don't know i i slept on it for a while

1157

00:45:02,069 --> 00:44:59,920

especially because it gets so cold that

1158

00:45:04,069 --> 00:45:02,079

you're so high up that

1159

00:45:06,550 --> 00:45:04,079

that was the warmest spot in the cabin

1160

00:45:10,950 --> 00:45:08,710

we had a we had a wood burner in the

1161

00:45:12,870 --> 00:45:10,960

next in the kitchen and it's too small

1162

00:45:13,750 --> 00:45:12,880

so you get you can't make it through the

1163

00:45:15,910 --> 00:45:13,760

night

1164

00:45:18,230 --> 00:45:15,920

yeah so if it's like 10 outside yeah i'd

1165

00:45:20,790 --> 00:45:18,240

be playing

1166

00:45:22,870 --> 00:45:20,800

like uh jenga you know like stuff every

1167

00:45:24,950 --> 00:45:22,880

inch of that firebox tamp it all the way

1168

00:45:27,270 --> 00:45:24,960

down and then go to bed but i would

1169

00:45:29,670 --> 00:45:27,280

always wake up freezing because after

1170

00:45:32,550 --> 00:45:29,680

you know two three hours that goes out

1171

00:45:34,069 --> 00:45:32,560

and it was 70 or 80 in here when he went

1172

00:45:36,309 --> 00:45:34,079

to bed now it's

1173

00:45:38,150 --> 00:45:36,319

30 and you wake you know wake up this

1174

00:45:40,230 --> 00:45:38,160

new burner that i have goes all night

1175

00:45:43,109 --> 00:45:40,240

long and i don't have to worry about it

1176

00:45:44,950 --> 00:45:43,119

so i mostly i sleep in here i have this

1177

00:45:46,790 --> 00:45:44,960

i have this yeah you can kind of see

1178

00:45:48,630 --> 00:45:46,800

this is like there's just a bed thrown

1179

00:45:50,309 --> 00:45:48,640

on the floor

1180

00:45:53,670 --> 00:45:50,319

while i'm here myself it doesn't doesn't

1181

00:45:55,510 --> 00:45:53,680

matter yeah no it doesn't matter and

1182

00:45:58,390 --> 00:45:55,520

stephen this is really

1183

00:46:00,790 --> 00:45:58,400

funny because you know of your focus and

1184

00:46:02,790 --> 00:46:00,800

your driving you know

1185

00:46:03,910 --> 00:46:02,800

doing this for yourself

1186

00:46:06,230 --> 00:46:03,920

and

1187

00:46:08,950 --> 00:46:06,240

you're surprised at the interests

1188

00:46:13,589 --> 00:46:10,309

i'm surprised

1189

00:46:15,190 --> 00:46:13,599

that i think i'm going to start another

1190

00:46:16,470 --> 00:46:15,200

youtube channel i wish i had time

1191

00:46:18,550 --> 00:46:16,480

because i'd really like to start another

1192

00:46:20,230 --> 00:46:18,560

youtube channel that would just be like

1193

00:46:21,829 --> 00:46:20,240

the cabin stuff and how do you build

1194

00:46:24,309 --> 00:46:21,839

this and how do you

1195

00:46:26,950 --> 00:46:24,319

yes and then i i predicted that you're

1196

00:46:29,109 --> 00:46:26,960

going to be on some national news about

1197

00:46:31,430 --> 00:46:29,119

this because this is absolutely well

1198

00:46:33,589 --> 00:46:31,440

actually i know i i have a friend of a

1199

00:46:35,349 --> 00:46:33,599

friend of a friend who uh

1200

00:46:37,270 --> 00:46:35,359

has some involvement with mother earth

1201

00:46:39,030 --> 00:46:37,280

news

1202

00:46:41,190 --> 00:46:39,040

yeah and i've been in contact with them

1203

00:46:43,589 --> 00:46:41,200

and sent them pictures and whenever i

1204

00:46:45,349 --> 00:46:43,599

want to they'd like to do some kind of

1205

00:46:48,309 --> 00:46:45,359

something about this cabin but i want to

1206

00:46:51,030 --> 00:46:48,319

finish it you know i want to hammer that

1207

00:46:52,790 --> 00:46:51,040

last nail in clean the whole place up

1208

00:46:56,870 --> 00:46:52,800

get rid of all the clutter and tools

1209

00:46:58,870 --> 00:46:56,880

that are there is [\h__\h] everywhere

1210

00:47:00,950 --> 00:46:58,880

it's not it's not so bad right now

1211

00:47:02,470 --> 00:47:00,960

because my wife was just here

1212

00:47:05,270 --> 00:47:02,480

after like the last

1213

00:47:07,670 --> 00:47:05,280

the last month in september and like she

1214

00:47:09,829 --> 00:47:07,680

she puts all my tools and bins and stuff

1215

00:47:12,069 --> 00:47:09,839

but it's gonna be bad now because she's

1216

00:47:14,069 --> 00:47:12,079

not around so it starts to slowly like

1217

00:47:16,630 --> 00:47:14,079

there's tools everywhere parts

1218

00:47:18,710 --> 00:47:16,640

everywhere this is board is for that i

1219

00:47:20,790 --> 00:47:18,720

got to nail it up over there and like

1220

00:47:22,470 --> 00:47:20,800

but it is what it is it's sort of

1221

00:47:25,990 --> 00:47:22,480

chaotic uh

1222

00:47:28,069 --> 00:47:26,000

but uh always progress you know

1223

00:47:30,069 --> 00:47:28,079

yeah with progress and it's just an

1224

00:47:30,950 --> 00:47:30,079

amazing thing to watch and i have a

1225

00:47:33,750 --> 00:47:30,960

quote

1226
00:47:35,190 --> 00:47:33,760
stephen

1227
00:47:37,430 --> 00:47:35,200
uh on

1228
00:47:39,190 --> 00:47:37,440
one of your shows

1229
00:47:42,710 --> 00:47:39,200
you said

1230
00:47:45,349 --> 00:47:42,720
only a [h__h] would buy a log cabin

1231
00:47:46,150 --> 00:47:45,359
yeah yeah that's my dig at david wilcock

1232
00:47:49,270 --> 00:47:46,160
or

1233
00:47:56,309 --> 00:47:49,280
you know buying a log cabin is is that's

1234
00:48:00,390 --> 00:47:58,069
i'm going to build one well it's also

1235
00:48:03,990 --> 00:48:00,400
too it's like anybody can buy something

1236
00:48:07,829 --> 00:48:05,750
well actually that's that's one of the

1237
00:48:11,109 --> 00:48:07,839
re i went looking like maybe i'll just

1238
00:48:13,430 --> 00:48:11,119

buy a cabin but they were all 50 75 000

1239

00:48:15,829 --> 00:48:13,440

even for a crappy one with land or

1240

00:48:18,309 --> 00:48:15,839

whatever you know so i just did it this

1241

00:48:20,230 --> 00:48:18,319

way out of necessity really

1242

00:48:21,910 --> 00:48:20,240

but i wanted the experience of doing it

1243

00:48:25,109 --> 00:48:21,920

too and i have to say that it changed my

1244

00:48:27,990 --> 00:48:25,119

life like i feel so much more empowered

1245

00:48:29,910 --> 00:48:28,000

i feel like uh if i can manifest this

1246

00:48:32,630 --> 00:48:29,920

kind of a dream and it's a big dream

1247

00:48:33,829 --> 00:48:32,640

right yeah and i felt like this was uh

1248

00:48:35,670 --> 00:48:33,839

like uh

1249

00:48:37,990 --> 00:48:35,680

like destiny for me was like some of

1250

00:48:39,990 --> 00:48:38,000

this stuff just happened and it felt

1251
00:48:41,910 --> 00:48:40,000
effortless i mean there was effort but

1252
00:48:43,670 --> 00:48:41,920
it wasn't as hard as i thought it was

1253
00:48:46,710 --> 00:48:43,680
going to be to just pull this right out

1254
00:48:48,549 --> 00:48:46,720
of my imagination into reality and it's

1255
00:48:50,470 --> 00:48:48,559
so rewarding when you look you know

1256
00:48:52,549 --> 00:48:50,480
stand back and look at that wall you

1257
00:48:54,549 --> 00:48:52,559
build out of trees and trash

1258
00:48:56,470 --> 00:48:54,559
it's trees and trash this whole place

1259
00:49:00,870 --> 00:48:56,480
has been built out of trees trash and

1260
00:49:05,910 --> 00:49:03,990
yeah yeah that is just a thrilling thing

1261
00:49:07,750 --> 00:49:05,920
to witness stephen i gotta tell you i

1262
00:49:09,270 --> 00:49:07,760
don't think you realize how

1263
00:49:11,910 --> 00:49:09,280

uh thrilling

1264

00:49:13,750 --> 00:49:11,920

other people to to be witness to this

1265

00:49:15,829 --> 00:49:13,760

and boy i'm so grateful that you're

1266

00:49:17,910 --> 00:49:15,839

sharing this because

1267

00:49:19,270 --> 00:49:17,920

yeah well i want to i want to encourage

1268

00:49:21,190 --> 00:49:19,280

everybody because

1269

00:49:23,510 --> 00:49:21,200

fear kept me from doing this for too

1270

00:49:25,030 --> 00:49:23,520

long i was afraid like i don't know how

1271

00:49:27,349 --> 00:49:25,040

to build anything

1272

00:49:29,030 --> 00:49:27,359

yeah i i don't i'm not a carpenter right

1273

00:49:31,270 --> 00:49:29,040

and what if what if it's crooked what if

1274

00:49:33,109 --> 00:49:31,280

it falls down what if you know and

1275

00:49:35,349 --> 00:49:33,119

eventually i got over every bit of

1276

00:49:37,510 --> 00:49:35,359

anxiety and just decided if it falls

1277

00:49:39,910 --> 00:49:37,520

down i'll pick up the pieces and i'll

1278

00:49:44,630 --> 00:49:39,920

build it again the right and i'll learn

1279

00:49:48,230 --> 00:49:45,589

and

1280

00:49:49,990 --> 00:49:48,240

on weekends even yeah yeah i used to

1281

00:49:52,309 --> 00:49:50,000

work all week and then come here and

1282

00:49:53,190 --> 00:49:52,319

just all weekend be

1283

00:49:55,270 --> 00:49:53,200

you know

1284

00:49:56,069 --> 00:49:55,280

trying to make progress and i did have a

1285

00:49:57,510 --> 00:49:56,079

few

1286

00:50:00,309 --> 00:49:57,520

things happen that were like pretty

1287

00:50:02,309 --> 00:50:00,319

tragic like once i spent two days doing

1288

00:50:04,630 --> 00:50:02,319

the fill around the door frame

1289

00:50:07,670 --> 00:50:04,640

and then i suddenly realized that this

1290

00:50:10,150 --> 00:50:07,680

at this huge door and it was like wasn't

1291

00:50:12,150 --> 00:50:10,160

level so i tried to adjust it and we had

1292

00:50:13,910 --> 00:50:12,160

like an avalanche and two days worth of

1293

00:50:16,230 --> 00:50:13,920

work just fell down

1294

00:50:19,510 --> 00:50:16,240

and i went oh my god now i gotta do this

1295

00:50:21,750 --> 00:50:19,520

all again tomorrow you know oh man

1296

00:50:24,390 --> 00:50:21,760

other than that you know just little by

1297

00:50:25,910 --> 00:50:24,400

little and it's so rewarding because you

1298

00:50:27,589 --> 00:50:25,920

could see especially with this kind of

1299

00:50:28,950 --> 00:50:27,599

building you just see that wall going a

1300

00:50:31,510 --> 00:50:28,960

little higher

1301
00:50:33,510 --> 00:50:31,520
every day that you work on it and and

1302
00:50:34,710 --> 00:50:33,520
you you feel good like

1303
00:50:37,270 --> 00:50:34,720
it's coming

1304
00:50:39,109 --> 00:50:37,280
yeah the end i never thought i was going

1305
00:50:41,030 --> 00:50:39,119
to finish this room though because all

1306
00:50:42,309 --> 00:50:41,040
the stacking all those logs mixing all

1307
00:50:43,349 --> 00:50:42,319
that cement

1308
00:50:45,910 --> 00:50:43,359
um

1309
00:50:48,790 --> 00:50:45,920
but i just kept going and we had weather

1310
00:50:50,870 --> 00:50:48,800
problems like it was freezing in here so

1311
00:50:53,349 --> 00:50:50,880
i we got the wood stove in and there was

1312
00:50:54,630 --> 00:50:53,359
like big gaps on the front and back wall

1313
00:50:57,430 --> 00:50:54,640

that had to be

1314

00:50:59,030 --> 00:50:57,440

but we were like blaring this wood stove

1315

00:51:01,109 --> 00:50:59,040

to keep it warm enough in here so that

1316

00:51:02,630 --> 00:51:01,119

the cement would dry and not be frozen

1317

00:51:05,190 --> 00:51:02,640

and cracked and like

1318

00:51:08,630 --> 00:51:05,200

yeah i paid i paid with some blood sweat

1319

00:51:09,510 --> 00:51:08,640

and tears to get it to where it was okay

1320

00:51:12,710 --> 00:51:09,520

this is

1321

00:51:14,790 --> 00:51:12,720

a finished wall now you know

1322

00:51:16,390 --> 00:51:14,800

boy and sometimes i wanted to go home

1323

00:51:18,230 --> 00:51:16,400

because i don't like being cold like i'm

1324

00:51:21,030 --> 00:51:18,240

gonna have to freeze my ass off all

1325

00:51:24,069 --> 00:51:21,040

weekend trying to fix finish this [h__h]

1326
00:51:26,150 --> 00:51:24,079
you know oh how do you keep clothing

1327
00:51:27,670 --> 00:51:26,160
there or do you haul well you probably

1328
00:51:29,829 --> 00:51:27,680
have to wash them you've got to take it

1329
00:51:31,349 --> 00:51:29,839
yeah we don't have a washer dryer here

1330
00:51:32,710 --> 00:51:31,359
that's on the list of things well

1331
00:51:34,790 --> 00:51:32,720
actually we do

1332
00:51:37,349 --> 00:51:34,800
uh one time i was here

1333
00:51:38,870 --> 00:51:37,359
and i forgot to bring

1334
00:51:40,630 --> 00:51:38,880
changes of clothes i have a backpack

1335
00:51:42,950 --> 00:51:40,640
that i come back and forth with

1336
00:51:45,030 --> 00:51:42,960
and i forgot the backpack so but there

1337
00:51:47,430 --> 00:51:45,040
was no there was enough clothes around

1338
00:51:49,109 --> 00:51:47,440

here that i just washed them in this uh

1339

00:51:51,030 --> 00:51:49,119

we have this bathtub for our kids that

1340

00:51:51,990 --> 00:51:51,040

was made out of a barrel like a half a

1341

00:51:52,870 --> 00:51:52,000

barrel

1342

00:51:56,710 --> 00:51:52,880

so

1343

00:51:58,790 --> 00:51:56,720

know and then i would hang them up in

1344

00:52:00,390 --> 00:51:58,800

the whatever

1345

00:52:02,710 --> 00:52:00,400

hang them up near the wood stove and

1346

00:52:04,950 --> 00:52:02,720

they'll dry so i could do wash here but

1347

00:52:06,870 --> 00:52:04,960

no generally i just take stuff back and

1348

00:52:10,069 --> 00:52:06,880

forth

1349

00:52:13,589 --> 00:52:10,079

well and lots of stocks and do you have

1350

00:52:15,510 --> 00:52:13,599

thermal underwear and stuff oh yeah yeah

1351
00:52:16,710 --> 00:52:15,520
of course my wife my wife takes care of

1352
00:52:18,870 --> 00:52:16,720
me so

1353
00:52:20,390 --> 00:52:18,880
um she got me these thermal underwear

1354
00:52:21,910 --> 00:52:20,400
sets and in the winter they're great

1355
00:52:25,910 --> 00:52:21,920
because that's just one little extra

1356
00:52:31,190 --> 00:52:29,109
yeah yeah keep your joints warm and yeah

1357
00:52:33,829 --> 00:52:31,200
but most most of the time even in the

1358
00:52:35,349 --> 00:52:33,839
middle of winter it's 40 20 outside i

1359
00:52:37,750 --> 00:52:35,359
just have a hoodie

1360
00:52:40,390 --> 00:52:37,760
i wear hoodies here constantly because

1361
00:52:42,549 --> 00:52:40,400
if i'm doing all this physical labor i

1362
00:52:45,030 --> 00:52:42,559
don't have trouble staying warm you know

1363
00:52:47,670 --> 00:52:45,040

sweating when it's 30 outside sometimes

1364

00:52:48,790 --> 00:52:47,680

you're doing some of this craziness yeah

1365

00:52:51,589 --> 00:52:48,800

yeah

1366

00:52:53,109 --> 00:52:51,599

well

1367

00:52:56,390 --> 00:52:53,119

stephen

1368

00:52:59,430 --> 00:52:56,400

okay we're coming up on an hour here and

1369

00:53:00,549 --> 00:52:59,440

this has been absolutely

1370

00:53:03,910 --> 00:53:00,559

fascinating

1371

00:53:05,589 --> 00:53:03,920

god we love our artists and uh i know

1372

00:53:07,190 --> 00:53:05,599

yeah

1373

00:53:09,030 --> 00:53:07,200

i'm not really an artist it's just that

1374

00:53:13,349 --> 00:53:09,040

i don't know how to build anything

1375

00:53:15,990 --> 00:53:13,359

normal way so i just have to figure it

1376

00:53:17,270 --> 00:53:16,000

out yeah yeah it did come out it's it's

1377

00:53:19,510 --> 00:53:17,280

coming out like that's what a friend

1378

00:53:20,470 --> 00:53:19,520

said you're like building an art cabin

1379

00:53:23,430 --> 00:53:20,480

maybe

1380

00:53:28,549 --> 00:53:26,630

exactly and this i grew up i grew up in

1381

00:53:31,190 --> 00:53:28,559

a small

1382

00:53:32,309 --> 00:53:31,200

part of los angeles and there's a place

1383

00:53:33,190 --> 00:53:32,319

it was like

1384

00:53:35,510 --> 00:53:33,200

just

1385

00:53:38,710 --> 00:53:35,520

adjacent to us where i raised my kids

1386

00:53:41,190 --> 00:53:38,720

and where i grew up uh claremont

1387

00:53:43,589 --> 00:53:41,200

california

1388

00:53:45,430 --> 00:53:43,599

you drive up indian hill boulevard and

1389

00:53:47,030 --> 00:53:45,440

they there are these

1390

00:53:49,670 --> 00:53:47,040

or there used to be

1391

00:53:52,150 --> 00:53:49,680

uh these native stone

1392

00:53:54,950 --> 00:53:52,160

cottages these native stone

1393

00:53:59,109 --> 00:53:54,960

houses all up in both sides that's cool

1394

00:54:01,190 --> 00:53:59,119

that's cool and uh maynard who played

1395

00:54:02,710 --> 00:54:01,200

the guy who bob denver who was on

1396

00:54:05,670 --> 00:54:02,720

gilligan's island

1397

00:54:08,390 --> 00:54:05,680

lived in one of those native stone

1398

00:54:10,549 --> 00:54:08,400

california native stone houses on indian

1399

00:54:12,309 --> 00:54:10,559

hill boulevard for years and years oh

1400

00:54:15,430 --> 00:54:12,319

that's interesting

1401

00:54:17,349 --> 00:54:15,440

yeah and i'm wondering but this

1402

00:54:18,630 --> 00:54:17,359

what you've done here

1403

00:54:21,109 --> 00:54:18,640

that just

1404

00:54:23,750 --> 00:54:21,119

is reminiscent for me of those days

1405

00:54:25,589 --> 00:54:23,760

driving past those stone

1406

00:54:27,510 --> 00:54:25,599

houses that were yeah i was it was kind

1407

00:54:29,750 --> 00:54:27,520

of funny here because we're like we're

1408

00:54:31,670 --> 00:54:29,760

way back in the woods here but there's

1409

00:54:33,030 --> 00:54:31,680

like i said there's other residents

1410

00:54:35,510 --> 00:54:33,040

there's other people that have cabins

1411

00:54:37,750 --> 00:54:35,520

around here and then eventually i

1412

00:54:39,910 --> 00:54:37,760

started getting an audience you know

1413

00:54:42,789 --> 00:54:39,920

like people would drive yeah

1414

00:54:45,829 --> 00:54:42,799

and they would they would stop and just

1415

00:54:47,589 --> 00:54:45,839

what the hell is that you know

1416

00:54:49,430 --> 00:54:47,599

and then in the summertime a lot of

1417

00:54:51,190 --> 00:54:49,440

people were walking their dogs just to

1418

00:54:52,870 --> 00:54:51,200

look at the cabin and that's nice you

1419

00:54:53,670 --> 00:54:52,880

know see people

1420

00:54:57,030 --> 00:54:53,680

talk

1421

00:54:59,829 --> 00:54:57,040

all been very supportive offered me like

1422

00:55:02,150 --> 00:54:59,839

materials some of them

1423

00:55:04,470 --> 00:55:02,160

or you know whatever resources they say

1424

00:55:06,230 --> 00:55:04,480

i got these old windows if you want to

1425

00:55:08,789 --> 00:55:06,240

come and take a look at them or i've got

1426

00:55:10,549 --> 00:55:08,799

some two by fours if you need some that

1427

00:55:12,150 --> 00:55:10,559

i'm not using so people have kind of

1428

00:55:14,870 --> 00:55:12,160

like donated

1429

00:55:17,109 --> 00:55:14,880

to the cause which is nice

1430

00:55:20,549 --> 00:55:17,119

what a great environment to bring

1431

00:55:23,829 --> 00:55:20,559

children and that raise a family yeah

1432

00:55:26,870 --> 00:55:23,839

yeah my kids love you my wife was never

1433

00:55:28,069 --> 00:55:26,880

my wife was never like a big like camper

1434

00:55:29,990 --> 00:55:28,079

you know

1435

00:55:31,750 --> 00:55:30,000

we went camping before the kids we used

1436

00:55:33,430 --> 00:55:31,760

to go camping in tents

1437

00:55:35,109 --> 00:55:33,440

and i think she just did it to humor me

1438

00:55:36,710 --> 00:55:35,119

she didn't really enjoy herself yeah so

1439

00:55:38,470 --> 00:55:36,720

this place i wanted to make it

1440

00:55:40,870 --> 00:55:38,480

comfortable for her so whatever she

1441

00:55:44,150 --> 00:55:40,880

wants here i make sure to make it happen

1442

00:55:46,309 --> 00:55:44,160

oh good and you're a smart man

1443

00:55:48,950 --> 00:55:46,319

yeah happy wife

1444

00:55:50,870 --> 00:55:48,960

happy life means everything means

1445

00:55:53,349 --> 00:55:50,880

everything okay this guy is not a

1446

00:55:55,270 --> 00:55:53,359

dumbass that this guy is yeah

1447

00:55:57,270 --> 00:55:55,280

i learned i learned a lot i learned a

1448

00:55:59,270 --> 00:55:57,280

long time ago she's not happy nobody's

1449

00:56:01,670 --> 00:55:59,280

happy so

1450

00:56:03,510 --> 00:56:01,680

you gotta just do what she wants i used

1451
00:56:05,589 --> 00:56:03,520
to you know it's funny when he first got

1452
00:56:07,829 --> 00:56:05,599
married i used to think like you're into

1453
00:56:09,190 --> 00:56:07,839
that saying like well you gotta all guys

1454
00:56:11,750 --> 00:56:09,200
give you this advice he's like you gotta

1455
00:56:13,109 --> 00:56:11,760
pick your battles right yeah so i would

1456
00:56:15,510 --> 00:56:13,119
never know when i first got married i'm

1457
00:56:17,430 --> 00:56:15,520
like i'm not caving we're gonna have

1458
00:56:20,710 --> 00:56:17,440
this is one of my this could be one of

1459
00:56:22,710 --> 00:56:20,720
my battles like no we're not doing it

1460
00:56:24,470 --> 00:56:22,720
after a while i figured out that just

1461
00:56:25,510 --> 00:56:24,480
don't even argue because she's just

1462
00:56:30,870 --> 00:56:25,520
gonna

1463
00:56:34,710 --> 00:56:30,880

wear you down

1464

00:56:36,630 --> 00:56:34,720

or use the trump card and win so

1465

00:56:38,150 --> 00:56:36,640

i don't even argue now i just go yeah

1466

00:56:42,150 --> 00:56:38,160

dear whatever whatever you want all

1467

00:56:45,430 --> 00:56:43,990

and i'll bet she has an assortment of

1468

00:56:47,270 --> 00:56:45,440

trump cards

1469

00:56:49,910 --> 00:56:47,280

well yeah but you know the major one

1470

00:56:52,230 --> 00:56:49,920

that women can use to win every argument

1471

00:56:54,230 --> 00:56:52,240

right like that what's that one no sex

1472

00:56:55,270 --> 00:56:54,240

no sex

1473

00:56:56,870 --> 00:56:55,280

you don't want to go you don't want to

1474

00:57:06,630 --> 00:56:56,880

do it my way

1475

00:57:11,990 --> 00:57:10,069

your partner is really really good at uh

1476

00:57:13,750 --> 00:57:12,000

that thing and then you start to miss it

1477

00:57:15,990 --> 00:57:13,760

and you keep oh that's not that too

1478

00:57:22,230 --> 00:57:16,000

personal do you want me to i was trying

1479

00:57:29,829 --> 00:57:27,349

yeah so stephen stephen dear dear man um

1480

00:57:32,390 --> 00:57:29,839

your you and your family you know bless

1481

00:57:34,549 --> 00:57:32,400

you are just [h__h] adorable

1482

00:57:37,109 --> 00:57:34,559

but this is the part of our show where

1483

00:57:40,470 --> 00:57:37,119

we ask people for final thoughts

1484

00:57:42,230 --> 00:57:40,480

uh and so uh you can go first or maybe

1485

00:57:43,910 --> 00:57:42,240

can go first or

1486

00:57:45,430 --> 00:57:43,920

i'm not going first because i'm last

1487

00:57:51,270 --> 00:57:45,440

because it's

1488

00:57:55,829 --> 00:57:54,870

steven do you have any final words um

1489

00:57:57,670 --> 00:57:55,839

well

1490

00:57:59,430 --> 00:57:57,680

you know i would say like uh

1491

00:58:00,549 --> 00:57:59,440

that uh people see this thing that i'm

1492

00:58:02,710 --> 00:58:00,559

doing and

1493

00:58:05,670 --> 00:58:02,720

and it's inspiring people which makes me

1494

00:58:07,670 --> 00:58:05,680

feel great and also the people everybody

1495

00:58:09,829 --> 00:58:07,680

says a lot of people say i've always

1496

00:58:12,549 --> 00:58:09,839

wanted to do that and i would encourage

1497

00:58:14,950 --> 00:58:12,559

you go do it do it you'll be so glad

1498

00:58:16,309 --> 00:58:14,960

that you did don't put it off if you or

1499

00:58:17,589 --> 00:58:16,319

it doesn't have to be a cabin it could

1500

00:58:19,430 --> 00:58:17,599

be any dream that you have maybe you

1501

00:58:21,990 --> 00:58:19,440

want to buy it maybe you want to buy a

1502

00:58:24,630 --> 00:58:22,000

sailboat and sail through the caribbean

1503

00:58:26,630 --> 00:58:24,640

do it do it now every day that we get as

1504

00:58:28,950 --> 00:58:26,640

a gift and nothing is guaranteed you

1505

00:58:31,510 --> 00:58:28,960

could you could get sick and die

1506

00:58:33,589 --> 00:58:31,520

tomorrow and and have that dream

1507

00:58:35,990 --> 00:58:33,599

unfulfilled i don't have any regrets

1508

00:58:38,549 --> 00:58:36,000

when i you know if i kick the bucket i'm

1509

00:58:40,150 --> 00:58:38,559

gonna go happy knowing that i did what i

1510

00:58:41,829 --> 00:58:40,160

wanted to do

1511

00:58:44,230 --> 00:58:41,839

yeah and you should too you really

1512

00:58:48,230 --> 00:58:44,240

should think about it if you if you're

1513

00:58:49,349 --> 00:58:48,240

afraid don't be you'll find a way if

1514

00:58:51,109 --> 00:58:49,359

if it's meant

1515

00:58:53,670 --> 00:58:51,119

to happen for you you'll find a way to

1516

00:58:55,829 --> 00:58:53,680

make it happen i'm here with trees and

1517

00:58:57,349 --> 00:58:55,839

trash in the middle of nowhere building

1518

00:59:00,150 --> 00:58:57,359

a dream

1519

00:59:03,030 --> 00:59:00,160

log by log and you can do the same exact

1520

00:59:06,230 --> 00:59:03,040

thing don't put it off do it now

1521

00:59:07,670 --> 00:59:06,240

you'll your life will benefit so much

1522

00:59:10,390 --> 00:59:07,680

just from

1523

00:59:13,190 --> 00:59:10,400

uh giving in and going let's do it let's

1524

00:59:14,950 --> 00:59:13,200

do it and no more procrastinating no

1525

00:59:17,910 --> 00:59:14,960

more thinking about it

1526

00:59:18,870 --> 00:59:17,920

do it you'll be glad you did

1527

00:59:21,589 --> 00:59:18,880

well

1528

00:59:26,309 --> 00:59:21,599

you could be a motivational speaker

1529

00:59:30,870 --> 00:59:27,030

i

1530

00:59:34,390 --> 00:59:30,880

can't top that one yes

1531

00:59:36,789 --> 00:59:34,400

and try to do something i want to add to

1532

00:59:39,589 --> 00:59:36,799

that try and do something every day

1533

00:59:43,270 --> 00:59:39,599

you wake up that is going toward that

1534

00:59:45,430 --> 00:59:43,280

even if it's just a thought in your head

1535

00:59:46,470 --> 00:59:45,440

do something every day

1536

00:59:50,230 --> 00:59:46,480

to

1537

00:59:53,829 --> 00:59:50,240

like

1538

00:59:55,190 --> 00:59:53,839

napkin

1539

00:59:57,670 --> 00:59:55,200

or

1540

00:59:59,109 --> 00:59:57,680

drawing it in the dust uh think about it

1541

01:00:02,230 --> 00:59:59,119

plan it

1542

01:00:04,789 --> 01:00:02,240

fantasize about it have dreams about it

1543

01:00:05,829 --> 01:00:04,799

and that is action that's action

1544

01:00:07,990 --> 01:00:05,839

yet

1545

01:00:09,510 --> 01:00:08,000

really is uh even though you're not

1546

01:00:12,789 --> 01:00:09,520

being actively

1547

01:00:17,030 --> 01:00:14,710

yeah maybe maybe the law of attraction

1548

01:00:19,190 --> 01:00:17,040

too like if you if you just

1549

01:00:21,190 --> 01:00:19,200

focus on it enough it'll it'll start

1550

01:00:22,950 --> 01:00:21,200

coming closer to you i believe that

1551

01:00:24,950 --> 01:00:22,960

because i drew this place

1552

01:00:26,230 --> 01:00:24,960

i drew this place about probably a

1553

01:00:29,349 --> 01:00:26,240

hundred times sitting in a little

1554

01:00:31,990 --> 01:00:29,359

cubicle wanting to do it uh you know

1555

01:00:32,950 --> 01:00:32,000

before uh before taking the steps as

1556

01:00:34,470 --> 01:00:32,960

well

1557

01:00:36,870 --> 01:00:34,480

what maggie

1558

01:00:39,670 --> 01:00:36,880

and how you treat people as well what

1559

01:00:41,430 --> 01:00:39,680

you didn't get back what good

1560

01:00:43,349 --> 01:00:41,440

expectations

1561

01:00:45,750 --> 01:00:43,359

do it because you want to

1562

01:00:48,549 --> 01:00:45,760

and and look at what stephen has

1563

01:00:49,750 --> 01:00:48,559

described about his neighbors and people

1564

01:00:51,109 --> 01:00:49,760

talking about

1565

01:00:54,230 --> 01:00:51,119

people

1566

01:00:57,270 --> 01:00:54,240

you have attracted because number one i

1567

01:00:59,589 --> 01:00:57,280

think you're a good man and i think well

1568

01:01:04,390 --> 01:00:59,599

thank you i appreciate that

1569

01:01:06,230 --> 01:01:04,400

i'm trying i'm a i'm a very flawed human

1570

01:01:07,990 --> 01:01:06,240

every day i try to improve

1571

01:01:09,910 --> 01:01:08,000

yes

1572

01:01:12,069 --> 01:01:09,920

yeah there's no such thing as trying

1573

01:01:14,630 --> 01:01:12,079

you're either doing it or you're not and

1574

01:01:17,190 --> 01:01:14,640

you're doing it

1575

01:01:19,750 --> 01:01:17,200

and so so there's a there's a

1576

01:01:22,069 --> 01:01:19,760

testimonial right there

1577

01:01:24,230 --> 01:01:22,079

about

1578

01:01:26,390 --> 01:01:24,240

you know your purpose and and your dream

1579

01:01:28,309 --> 01:01:26,400

and stuff and now these people are

1580

01:01:30,710 --> 01:01:28,319

getting you

1581

01:01:31,670 --> 01:01:30,720

i love that people get you

1582

01:01:33,190 --> 01:01:31,680

yeah

1583

01:01:35,349 --> 01:01:33,200

um

1584

01:01:37,430 --> 01:01:35,359

and they talk to you and you talk to

1585

01:01:39,589 --> 01:01:37,440

them and and you know there's an

1586

01:01:41,030 --> 01:01:39,599

engagement there that is just priceless

1587

01:01:42,710 --> 01:01:41,040

i'm sure

1588

01:01:44,870 --> 01:01:42,720

yeah it's good it's good to have some

1589

01:01:46,390 --> 01:01:44,880

support and uh and people that are

1590

01:01:48,069 --> 01:01:46,400

willing to uh

1591

01:01:49,589 --> 01:01:48,079

acknowledge that what you're doing is

1592

01:01:51,349 --> 01:01:49,599

hard and and maybe i should give this

1593

01:01:52,390 --> 01:01:51,359

guy a hand and like i said i have that

1594

01:01:53,910 --> 01:01:52,400

neighbor

1595

01:01:56,549 --> 01:01:53,920

who's awesome because every once in a

1596

01:01:57,910 --> 01:01:56,559

while i get stuck or i can't move this

1597

01:02:00,150 --> 01:01:57,920

thing forward and he comes over and

1598

01:02:01,190 --> 01:02:00,160

looks at it and we have a few beers and

1599

01:02:02,950 --> 01:02:01,200

we talk

1600

01:02:05,190 --> 01:02:02,960

about what i can do to get over the hump

1601
01:02:07,349 --> 01:02:05,200
of whatever is in the way you know and

1602
01:02:09,430 --> 01:02:07,359
they've been literally like big trees in

1603
01:02:11,910 --> 01:02:09,440
the way of this thing

1604
01:02:14,069 --> 01:02:11,920
and he was like i go get my chainsaw

1605
01:02:16,069 --> 01:02:14,079
we'll take care of this right now

1606
01:02:17,829 --> 01:02:16,079
stop you know stop worrying about it

1607
01:02:20,549 --> 01:02:17,839
we'll just knock it right out and you

1608
01:02:22,230 --> 01:02:20,559
can go on with your with your plans

1609
01:02:24,470 --> 01:02:22,240
so yeah man

1610
01:02:27,430 --> 01:02:24,480
stephen as hard as this is and as

1611
01:02:29,990 --> 01:02:27,440
grueling as this is you are having the

1612
01:02:32,390 --> 01:02:30,000
time of your life absolutely absolutely

1613
01:02:34,069 --> 01:02:32,400

i love every minute of it here uh once

1614

01:02:38,150 --> 01:02:34,079

in a while when it's really really cold

1615

01:02:44,230 --> 01:02:41,510

why the hell am i here it's 10 outside

1616

01:02:45,990 --> 01:02:44,240

why am i here or like even uh sometimes

1617

01:02:47,589 --> 01:02:46,000

in the winter you really it takes a long

1618

01:02:50,069 --> 01:02:47,599

time even just to get back here with

1619

01:02:51,510 --> 01:02:50,079

these dirt roads you know and i've only

1620

01:02:54,230 --> 01:02:51,520

got a car with front wheel drive and

1621

01:02:56,390 --> 01:02:54,240

traction control once i went in a ditch

1622

01:02:58,549 --> 01:02:56,400

you know

1623

01:03:00,789 --> 01:02:58,559

some guy had to come with like these uh

1624

01:03:03,589 --> 01:03:00,799

winches and pull me up off the side of

1625

01:03:05,829 --> 01:03:03,599

the road yeah even just getting back

1626
01:03:07,910 --> 01:03:05,839
here is a chore sometimes but it's worth

1627
01:03:12,710 --> 01:03:07,920
it it's it's worth it it's worth the

1628
01:03:15,750 --> 01:03:12,720
hassle oh i am general memories

1629
01:03:18,069 --> 01:03:15,760
and it's a legacy it's a legacy of well

1630
01:03:20,789 --> 01:03:18,079
yeah i'm hopeful that my son will take

1631
01:03:23,589 --> 01:03:20,799
this when i'm gone you know and

1632
01:03:25,589 --> 01:03:23,599
and also he'll remember all the family

1633
01:03:27,510 --> 01:03:25,599
you know all the times we had here and

1634
01:03:30,789 --> 01:03:27,520
maybe do the same with his family after

1635
01:03:33,750 --> 01:03:30,799
hours so you're right it'd

1636
01:03:37,270 --> 01:03:33,760
and he'll have such stories both your

1637
01:03:39,990 --> 01:03:37,280
kids you know we'll retain the stories

1638
01:03:42,789 --> 01:03:40,000

and the memories and oh this is just the

1639

01:03:45,670 --> 01:03:42,799

most precious beautiful thing i i don't

1640

01:03:48,069 --> 01:03:45,680

want to get sappy about it but

1641

01:03:52,150 --> 01:03:48,079

maggie do you have any final thoughts

1642

01:03:56,309 --> 01:03:54,470

1665

01:04:43,190 --> 01:04:41,520

appreciate if everybody could uh

1666

01:04:44,230 --> 01:04:43,200

subscribe to that we're trying to build

1667

01:04:59,750 --> 01:04:44,240

a

1668

01:05:01,670 --> 01:04:59,760

it's steven

1669

01:05:03,990 --> 01:05:01,680

thank you so much would you consider

1670

01:05:05,910 --> 01:05:04,000

coming on with us again sure sure

1671

01:05:08,150 --> 01:05:05,920

absolutely as long as as long as i can

1672

01:05:10,309 --> 01:05:08,160

find the time but at night here it's

1673

01:05:12,069 --> 01:05:10,319

getting dark it's getting dark early now

1674

01:05:12,950 --> 01:05:12,079

so i have a little time at night now

1675

01:05:14,950 --> 01:05:12,960

because

1676

01:05:16,950 --> 01:05:14,960

most of my work is still outside right

1677

01:05:18,789 --> 01:05:16,960

now there's no lights over there and

1678

01:05:21,190 --> 01:05:18,799

like when the sun goes down i kind of

1679

01:05:23,190 --> 01:05:21,200

like i'm done for the day and i just

1680

01:05:26,230 --> 01:05:23,200

you know find something to do for a

1681

01:05:29,990 --> 01:05:26,240

little while yeah get cozy

1682

01:05:31,510 --> 01:05:30,000

put on your thermals and your hoodie and

1683

01:05:33,990 --> 01:05:31,520

no i have the wood stove going now i'm

1684

01:05:39,829 --> 01:05:34,000

fine it's 40 outside it's 60 or 70 in

1685

01:05:44,069 --> 01:05:41,510

sometimes i just don't want to show the

1686

01:05:45,029 --> 01:05:44,079

end but

1687

01:05:50,789 --> 01:05:45,039

thank you

1688

01:05:54,150 --> 01:05:50,799

my pleasure my pleasure

1689

01:05:56,230 --> 01:05:54,160

okay to you and your family as well oh

1690

01:05:58,630 --> 01:05:56,240
