

BOB LAZAR REVELATIONS

1
00:00:31,980 --> 00:00:13,150
[Music]

2
00:00:41,280 --> 00:00:31,990
[Applause]

3
00:01:23,530 --> 00:00:41,290
[Music]

4
00:01:23,540 --> 00:01:27,109
thank you

5
00:01:35,160 --> 00:01:27,700
foreign

6
00:03:00,920 --> 00:02:01,740
[Music]

7
00:03:25,770 --> 00:03:00,930
foreign

8
00:04:21,969 --> 00:04:04,760
[Music]

9
00:04:28,310 --> 00:04:23,749
thank you

10
00:05:09,770 --> 00:04:44,360
[Music]

11
00:05:19,270 --> 00:05:11,570
oh

12
00:05:39,890 --> 00:05:28,730
[Music]

13
00:05:39,900 --> 00:05:43,960

foreign

14

00:06:24,010 --> 00:05:52,110

[Music]

15

00:06:30,710 --> 00:06:27,590

greetings and salutations friends and

16

00:06:35,510 --> 00:06:30,720

welcome back for another round of Truth

17

00:06:39,230 --> 00:06:35,520

Seekers we are back on track and ready

18

00:06:41,570 --> 00:06:39,240

to attack once again covering some of

19

00:06:45,710 --> 00:06:41,580

the strangest and most mysterious

20

00:06:49,550 --> 00:06:45,720

stories out there on the interwebs

21

00:06:53,270 --> 00:06:49,560

so uh yeah I've been away for a few days

22

00:06:55,670 --> 00:06:53,280

uh and thanks to those who've noticed

23

00:07:00,350 --> 00:06:55,680

um yeah what can I say my children had

24

00:07:04,370 --> 00:07:00,360

off actually on Monday and Friday and

25

00:07:07,309 --> 00:07:04,380

then one got ill so with new

26

00:07:11,749 --> 00:07:07,319

restrictions your child could sneeze or

27

00:07:15,950 --> 00:07:11,759

cough or uh have a sniffle in school and

28

00:07:18,650 --> 00:07:15,960

be home for five days or whatever to

29

00:07:22,730 --> 00:07:18,660

positive no covet

30

00:07:26,029 --> 00:07:22,740

two negative coven tests several days uh

31

00:07:28,070 --> 00:07:26,039

it's a bit unclear uh but I believe that

32

00:07:30,409 --> 00:07:28,080

that situation is resolving and I'll be

33

00:07:31,670 --> 00:07:30,419

able to return to work once again

34

00:07:33,350 --> 00:07:31,680

here

35

00:07:37,790 --> 00:07:33,360

so tonight we're going to be talking

36

00:07:41,270 --> 00:07:37,800

about one of my favorite UFO huckster

37

00:07:44,270 --> 00:07:41,280

UFO hucksters and that is Bob Lazar who

38

00:07:49,430 --> 00:07:44,280

for 30 years have been swearing that he

39

00:07:51,650 --> 00:07:49,440

he's a scientist and worked on top

40

00:07:55,790 --> 00:07:51,660

secret government projects

41

00:07:59,390 --> 00:07:55,800

on a subset of Area 51 called S4

42

00:08:01,610 --> 00:07:59,400

problem is there's nothing there

43

00:08:03,469 --> 00:08:01,620

the other problem is his education is

44

00:08:05,990 --> 00:08:03,479

completely and totally fake that has

45

00:08:08,089 --> 00:08:06,000

been covered many many times here as

46

00:08:11,350 --> 00:08:08,099

well as many other places even the

47

00:08:14,150 --> 00:08:11,360

originator of the story uh George Knapp

48

00:08:16,670 --> 00:08:14,160

agrees that he can't verify his

49

00:08:19,670 --> 00:08:16,680

educational claims there's no master's

50

00:08:22,550 --> 00:08:19,680

degree in either physics or electronics

51
00:08:25,070 --> 00:08:22,560
at either prestigious University he

52
00:08:26,210 --> 00:08:25,080
claims that he attended interesting to

53
00:08:28,249 --> 00:08:26,220
note that

54
00:08:30,350 --> 00:08:28,259
uh

55
00:08:32,870 --> 00:08:30,360
Stan Friedman

56
00:08:35,209 --> 00:08:32,880
as well as Michael fradt and others have

57
00:08:37,130 --> 00:08:35,219
verified that while he was claiming that

58
00:08:40,310 --> 00:08:37,140
he was going to MIT he was actually

59
00:08:41,930 --> 00:08:40,320
attending Pierce Junior College quite

60
00:08:45,110 --> 00:08:41,940
the commute

61
00:08:49,070 --> 00:08:45,120
now we have covered various uh reasons

62
00:08:51,470 --> 00:08:49,080
why Bob Lazar is a fraud and uh a liar

63
00:08:54,290 --> 00:08:51,480

and never actually worked at Area 51

64

00:08:56,870 --> 00:08:54,300

including a story that we had the uh

65

00:08:58,310 --> 00:08:56,880

near exclusive on brought To Us by our

66

00:09:00,670 --> 00:08:58,320

friend Victor

67

00:09:03,650 --> 00:09:00,680

Victor interviewed a real life

68

00:09:04,790 --> 00:09:03,660

verifiable Area 51 security guard who

69

00:09:07,850 --> 00:09:04,800

worked there

70

00:09:11,150 --> 00:09:07,860

during Bob's apparent uh Flying Saucer

71

00:09:14,389 --> 00:09:11,160

work days uh and verified that first of

72

00:09:17,870 --> 00:09:14,399

all there's nothing at all

73

00:09:21,050 --> 00:09:17,880

where balazar claimed the S4 sub base on

74

00:09:24,110 --> 00:09:21,060

Area 51 is there's no Hangar bay doors

75

00:09:27,710 --> 00:09:24,120

there's no guard shack there's no Road

76

00:09:29,949 --> 00:09:27,720

even where he said it was

77

00:09:32,870 --> 00:09:29,959

and more

78

00:09:35,690 --> 00:09:32,880

previously some time ago

79

00:09:38,449 --> 00:09:35,700

I reported that I had a source that

80

00:09:40,670 --> 00:09:38,459

worked at Los Alamos National Labs for

81

00:09:43,490 --> 00:09:40,680

decades including during the time that

82

00:09:45,829 --> 00:09:43,500

Bob Lazar claimed to be a physicist

83

00:09:49,790 --> 00:09:45,839

now that source told me that Bob Lazar

84

00:09:53,090 --> 00:09:49,800

was never a scientist at Los Alamos he

85

00:09:56,269 --> 00:09:53,100

was never a physicist let alone a senior

86

00:09:58,910 --> 00:09:56,279

staff level physicist as he once claimed

87

00:10:01,550 --> 00:09:58,920

there are other indicators that Bob

88

00:10:06,230 --> 00:10:01,560

Lazar was lying when he said that he was

89

00:10:08,090 --> 00:10:06,240

a scientist at Los Alamos National Labs

90

00:10:11,210 --> 00:10:08,100

uh

91

00:10:15,710 --> 00:10:11,220

one of the most telling I believe is

92

00:10:18,470 --> 00:10:15,720

that during a talk with Jeremy Corbell

93

00:10:21,769 --> 00:10:18,480

a photo of a satellite dish

94

00:10:23,350 --> 00:10:21,779

outside of Los Alamos was shown and

95

00:10:25,430 --> 00:10:23,360

babazar said oh yeah I remember

96

00:10:29,630 --> 00:10:25,440

installing that

97

00:10:32,990 --> 00:10:29,640

friends uh I I'm no expert but I've been

98

00:10:35,810 --> 00:10:33,000

told that physicists at Los Alamos

99

00:10:39,190 --> 00:10:35,820

National Labs especially senior staff

100

00:10:42,110 --> 00:10:39,200

level physicists do not install

101
00:10:44,090 --> 00:10:42,120
satellite dishes they have far more

102
00:10:46,190 --> 00:10:44,100
important things to do

103
00:10:48,170 --> 00:10:46,200
now there have been other indicators

104
00:10:50,810 --> 00:10:48,180
over the years that Bob Lazar is full of

105
00:10:54,769 --> 00:10:50,820
[h__\h] including one time on an appearance

106
00:10:57,650 --> 00:10:54,779
on Larry King where he said uh that the

107
00:10:59,150 --> 00:10:57,660
spacecraft he worked on were 52 feet in

108
00:11:01,490 --> 00:10:59,160
diameter

109
00:11:03,470 --> 00:11:01,500
we pulled out some of Bob Lazar's

110
00:11:05,990 --> 00:11:03,480
original drawings of this mythical

111
00:11:08,750 --> 00:11:06,000
Flying Saucer research facility he

112
00:11:10,910 --> 00:11:08,760
claimed to work at where he

113
00:11:14,329 --> 00:11:10,920

first claimed that the hangar bay doors

114

00:11:20,509 --> 00:11:16,190

it doesn't take a senior staff level

115

00:11:23,509 --> 00:11:20,519

physicist friends to realize that you

116

00:11:27,829 --> 00:11:23,519

cannot get a 52 foot diameter spacecraft

117

00:11:31,790 --> 00:11:27,839

in and out of a 40-foot Hangar bay door

118

00:11:33,829 --> 00:11:31,800

so he lied about his education he also

119

00:11:35,930 --> 00:11:33,839

he just doesn't mention that neither

120

00:11:38,750 --> 00:11:35,940

does anybody promoting his story mention

121

00:11:41,329 --> 00:11:38,760

that Bob Lazar is a convicted pimp

122

00:11:44,509 --> 00:11:41,339

that's right he ran a whorehouse because

123

00:11:47,329 --> 00:11:44,519

every senior staff level physicist at

124

00:11:49,069 --> 00:11:47,339

Los Alamos National Labs who is at the

125

00:11:52,190 --> 00:11:49,079

top of their game it should be explained

126

00:11:55,069 --> 00:11:52,200

if you're a staff level physicist

127

00:11:57,710 --> 00:11:55,079

at Los Alamos National Labs that is the

128

00:11:59,690 --> 00:11:57,720

coolest job you'll ever get that's where

129

00:12:02,329 --> 00:11:59,700

all physicists want to work at a place

130

00:12:05,449 --> 00:12:02,339

doing super Advanced theoretical physics

131

00:12:07,850 --> 00:12:05,459

and science at a place like that

132

00:12:11,690 --> 00:12:07,860

it makes no sense

133

00:12:13,610 --> 00:12:11,700

that he would simply quit his job as a

134

00:12:17,690 --> 00:12:13,620

physicist to go start a warehouse

135

00:12:20,090 --> 00:12:17,700

that's not the way scientists think or

136

00:12:23,269 --> 00:12:20,100

work at least not a reputable scientist

137

00:12:25,910 --> 00:12:23,279

after all what scientists doing any

138

00:12:27,230 --> 00:12:25,920

level of research just one day says you

139

00:12:29,690 --> 00:12:27,240

know what

140

00:12:31,670 --> 00:12:29,700

I'm tired of all this sciency stuff and

141

00:12:34,730 --> 00:12:31,680

all this advanced math and physics I'm

142

00:12:36,590 --> 00:12:34,740

I'm just gonna go run a whorehouse right

143

00:12:38,930 --> 00:12:36,600

and there have been various stories

144

00:12:41,449 --> 00:12:38,940

about the whorehouse if you listen to

145

00:12:42,949 --> 00:12:41,459

one uh talk George Knapp gave well he

146

00:12:44,930 --> 00:12:42,959

didn't run the whorehouse he just

147

00:12:47,230 --> 00:12:44,940

installed some computers and helped the

148

00:12:50,509 --> 00:12:47,240

[h__h] out and another

149

00:12:53,210 --> 00:12:50,519

uh talked to George Knapp gave George

150

00:12:55,490 --> 00:12:53,220

Knapp says that Bob Lazar became a full

151
00:12:56,930 --> 00:12:55,500
partner with the Madam of that

152
00:12:59,870 --> 00:12:56,940
whorehouse

153
00:13:01,910 --> 00:12:59,880
if you read the court documents from the

154
00:13:04,069 --> 00:13:01,920
criminal case it's very clear that Bob

155
00:13:06,170 --> 00:13:04,079
Lazar had a lot more involvement than

156
00:13:08,030 --> 00:13:06,180
just installing computer systems and

157
00:13:10,250 --> 00:13:08,040
helping those [h__h] out

158
00:13:11,870 --> 00:13:10,260
maybe he's just a nice scientist that

159
00:13:13,930 --> 00:13:11,880
likes to help [h__h] out in his spare

160
00:13:17,509 --> 00:13:13,940
time but I don't think that this story

161
00:13:19,009 --> 00:13:17,519
helps his credibility one bit and there

162
00:13:21,710 --> 00:13:19,019
have been people like

163
00:13:24,050 --> 00:13:21,720

Jeremy Corbell who have profited

164

00:13:27,590 --> 00:13:24,060

tremendously from this story and we have

165

00:13:29,810 --> 00:13:27,600

previously reported that myself Jeremy

166

00:13:31,250 --> 00:13:29,820

rise alien scientist

167

00:13:33,650 --> 00:13:31,260

um

168

00:13:35,990 --> 00:13:33,660

solar Marshal and many other researchers

169

00:13:36,850 --> 00:13:36,000

gave Jeremy Corbell all kinds of

170

00:13:39,769 --> 00:13:36,860

information

171

00:13:42,769 --> 00:13:39,779

before he made his documentary that is

172

00:13:45,889 --> 00:13:42,779

proof positive that Bob Lazar is not who

173

00:13:47,870 --> 00:13:45,899

he claims to be that he lies a lot

174

00:13:51,050 --> 00:13:47,880

none of that made it into the film

175

00:13:53,449 --> 00:13:51,060

because you see there's no profit from a

176

00:13:56,030 --> 00:13:53,459

documentary if you just say here's all

177

00:13:57,889 --> 00:13:56,040

the reasons that this guy's a liar

178

00:13:59,329 --> 00:13:57,899

and you know one of the things that's a

179

00:14:02,150 --> 00:13:59,339

pet peeve of mine and I've mentioned

180

00:14:05,269 --> 00:14:02,160

this many many times is that there are

181

00:14:08,750 --> 00:14:05,279

numerous articles all over print media

182

00:14:12,110 --> 00:14:08,760

and other places where they say former

183

00:14:14,210 --> 00:14:12,120

government scientist whistleblower first

184

00:14:18,290 --> 00:14:14,220

of all there's no proof that he was ever

185

00:14:21,470 --> 00:14:18,300

a scientist none zero you will not find

186

00:14:24,129 --> 00:14:21,480

a single paper written by this so-called

187

00:14:28,069 --> 00:14:24,139

scientist in any

188

00:14:30,710 --> 00:14:28,079

publication not one in fact remember he

189

00:14:33,410 --> 00:14:30,720

said he had two master's degrees you

190

00:14:35,930 --> 00:14:33,420

won't find his master's thesis anywhere

191

00:14:38,930 --> 00:14:35,940

in those colleges because they don't

192

00:14:42,769 --> 00:14:38,940

exist now people have made excuses for

193

00:14:44,689 --> 00:14:42,779

why his education was fake right oh no

194

00:14:46,850 --> 00:14:44,699

the Men in Black yeah they try to erase

195

00:14:50,269 --> 00:14:46,860

they try to erase his uh educational

196

00:14:54,110 --> 00:14:50,279

credentials later Bob Lazar even told

197

00:14:56,269 --> 00:14:54,120

Joe Rogan a huge lie he said that he was

198

00:14:58,310 --> 00:14:56,279

working on special secret projects at

199

00:15:00,350 --> 00:14:58,320

MIT and that's why they hit his records

200

00:15:02,689 --> 00:15:00,360

that's a new part of the story but

201

00:15:04,910 --> 00:15:02,699

remember supporters of Bob Lazar always

202

00:15:07,910 --> 00:15:04,920

say the story never changes no the story

203

00:15:10,250 --> 00:15:07,920

changes a lot if you pay attention most

204

00:15:13,310 --> 00:15:10,260

people whoever simply don't pay

205

00:15:17,530 --> 00:15:13,320

attention to what Bob Lazar calls the

206

00:15:21,170 --> 00:15:17,540

minutiae but the minutia matters

207

00:15:23,090 --> 00:15:21,180

babazar also told Linda Moulton Howe

208

00:15:24,590 --> 00:15:23,100

that he never went to MIT he just hung

209

00:15:27,170 --> 00:15:24,600

out there like he would sneak into

210

00:15:29,749 --> 00:15:27,180

lectures and I gotta say I can't blame

211

00:15:31,970 --> 00:15:29,759

him for that because

212

00:15:34,430 --> 00:15:31,980

in my own case about the time that all

213

00:15:37,670 --> 00:15:34,440

my friends were going to college I had

214

00:15:39,170 --> 00:15:37,680

no road to college no way to do it and I

215

00:15:42,769 --> 00:15:39,180

was very interested in things like

216

00:15:44,870 --> 00:15:42,779

philosophy and Science and a bunch of my

217

00:15:46,189 --> 00:15:44,880

friends went to Temple University so I'd

218

00:15:49,310 --> 00:15:46,199

go there and hang out with my friends

219

00:15:51,290 --> 00:15:49,320

then I suddenly realized that I could

220

00:15:53,210 --> 00:15:51,300

get an ID

221

00:15:54,470 --> 00:15:53,220

wait a minute is this long enough ago

222

00:15:56,749 --> 00:15:54,480

yeah it's plenty long enough because

223

00:15:59,569 --> 00:15:56,759

that's I I can't get any trouble now I

224

00:16:01,030 --> 00:15:59,579

don't think so I actually got a Temple

225

00:16:03,590 --> 00:16:01,040

University ID

226

00:16:05,810 --> 00:16:03,600

uh just went down to the student center

227

00:16:07,870 --> 00:16:05,820

and played Dumb and and some girl gave

228

00:16:11,210 --> 00:16:07,880

me one took my picture and everything

229

00:16:13,970 --> 00:16:11,220

and uh that enabled me to walk all over

230

00:16:15,889 --> 00:16:13,980

the campus I started going to philosophy

231

00:16:19,310 --> 00:16:15,899

lectures by professors I thought were

232

00:16:23,150 --> 00:16:19,320

interesting I spent every day there for

233

00:16:24,829 --> 00:16:23,160

job job so I can't blame Bob Lazar if he

234

00:16:27,350 --> 00:16:24,839

was interested in science for sneaking

235

00:16:30,050 --> 00:16:27,360

into some lectures about science at MIT

236

00:16:32,030 --> 00:16:30,060

I did the same kind of thing

237

00:16:34,430 --> 00:16:32,040

but to

238

00:16:36,350 --> 00:16:34,440

lie to the world and claim that you're a

239

00:16:38,449 --> 00:16:36,360

physicist when you're not oh one of my

240

00:16:40,310 --> 00:16:38,459

other favorite lies of his is that he

241

00:16:43,009 --> 00:16:40,320

once claimed that he had a particle

242

00:16:45,949 --> 00:16:43,019

accelerator in his bedroom go ask any

243

00:16:48,129 --> 00:16:45,959

physicist how big a particle accelerator

244

00:16:50,749 --> 00:16:48,139

is you're not fitting one in the bedroom

245

00:16:53,749 --> 00:16:50,759

that does that's not how this works

246

00:16:56,749 --> 00:16:53,759

that's not how any of this works but see

247

00:16:59,389 --> 00:16:56,759

this is the problem with Bob Lazar is

248

00:17:02,509 --> 00:16:59,399

that it's the little details that reveal

249

00:17:04,730 --> 00:17:02,519

to us that he's not a scientist like the

250

00:17:08,090 --> 00:17:04,740

fact that he ran a whorehouse

251

00:17:09,949 --> 00:17:08,100

but let's get back to Los Alamos which

252

00:17:13,490 --> 00:17:09,959

is the purpose for our broadcast tonight

253

00:17:16,250 --> 00:17:13,500

because I had a source in fact I had two

254

00:17:18,890 --> 00:17:16,260

sources that worked at Los Alamos one

255

00:17:22,010 --> 00:17:18,900

was a newer employee who just told me

256

00:17:23,449 --> 00:17:22,020

she asked around and there were people

257

00:17:25,970 --> 00:17:23,459

that worked there that remember Bob

258

00:17:28,250 --> 00:17:25,980

Lazar and they all said they couldn't

259

00:17:30,169 --> 00:17:28,260

believe when they saw this newspaper

260

00:17:32,390 --> 00:17:30,179

article of him with the jet car claiming

261

00:17:34,909 --> 00:17:32,400

he was a physicist because they all knew

262

00:17:37,610 --> 00:17:34,919

that he was an Electronics Tech

263

00:17:39,770 --> 00:17:37,620

he did things like run wires and install

264

00:17:42,289 --> 00:17:39,780

satellite dishes and he worked on the

265

00:17:44,450 --> 00:17:42,299

radiation Health monitoring equipment

266

00:17:47,930 --> 00:17:44,460

and now it appears that so did his

267

00:17:51,770 --> 00:17:47,940

one-time wife as a contractor a low

268

00:17:53,150 --> 00:17:51,780

level Electronics technician is what Bob

269

00:17:56,270 --> 00:17:53,160

did

270

00:17:58,669 --> 00:17:56,280

now the other source I had had worked at

271

00:18:00,470 --> 00:17:58,679

Los Alamos for decades however the

272

00:18:02,029 --> 00:18:00,480

problem with both of my sources is that

273

00:18:03,169 --> 00:18:02,039

they would not allow me to use their

274

00:18:07,310 --> 00:18:03,179

names

275

00:18:09,169 --> 00:18:07,320

and uh they would not give me and on the

276

00:18:12,110 --> 00:18:09,179

the record interview they wouldn't come

277

00:18:13,610 --> 00:18:12,120

on camera or even audio and allow me to

278

00:18:17,690 --> 00:18:13,620

record their stories

279

00:18:20,390 --> 00:18:17,700

but I knew that they were both credible

280

00:18:22,250 --> 00:18:20,400

I verified their employment I knew

281

00:18:25,190 --> 00:18:22,260

exactly where they worked and how long

282

00:18:27,409 --> 00:18:25,200

they worked in the case of the employee

283

00:18:29,450 --> 00:18:27,419

that worked there for decades he was a

284

00:18:31,250 --> 00:18:29,460

real scientist he told me a lot of

285

00:18:33,409 --> 00:18:31,260

things about Bob Lazar

286

00:18:35,810 --> 00:18:33,419

but things that I a lot of which I

287

00:18:38,930 --> 00:18:35,820

couldn't repeat because I you know I

288

00:18:41,330 --> 00:18:38,940

don't like just saying trust me dude

289

00:18:45,409 --> 00:18:41,340

because that's how half of this ufology

290

00:18:46,909 --> 00:18:45,419

thing works sources just trust me

291

00:18:49,730 --> 00:18:46,919

now

292

00:18:51,409 --> 00:18:49,740

I realize however though that Anonymous

293

00:18:53,029 --> 00:18:51,419

sources can sometimes be valuable

294

00:18:54,830 --> 00:18:53,039

because these people point at me in the

295

00:18:56,570 --> 00:18:54,840

right direction and they gave me

296

00:18:58,370 --> 00:18:56,580

information that corroborated other

297

00:19:00,470 --> 00:18:58,380

information that is out there let's not

298

00:19:03,230 --> 00:19:00,480

forget that John Lear himself said that

299

00:19:05,210 --> 00:19:03,240

Bob worked on radiation Health monitors

300

00:19:08,930 --> 00:19:05,220

Alpha monitors and he used to go with

301
00:19:11,390 --> 00:19:08,940
them and and help them do those things

302
00:19:13,610 --> 00:19:11,400
so the sources that I have corroborated

303
00:19:14,510 --> 00:19:13,620
things that John Lear and others have

304
00:19:18,350 --> 00:19:14,520
said

305
00:19:22,130 --> 00:19:18,360
later despite what you may think of him

306
00:19:24,049 --> 00:19:22,140
Dr Eric Davis also chimed in and said

307
00:19:27,590 --> 00:19:24,059
that Bob Lazar worked on radiation

308
00:19:29,029 --> 00:19:27,600
Health monitors that's three sources now

309
00:19:31,850 --> 00:19:29,039
I have

310
00:19:34,250 --> 00:19:31,860
four if you count by two that don't want

311
00:19:36,710 --> 00:19:34,260
to be named that work at Los Alamos and

312
00:19:39,049 --> 00:19:36,720
still do by the way

313
00:19:42,590 --> 00:19:39,059

that means we have four sources that say

314

00:19:46,789 --> 00:19:42,600

he was a low-level technician

315

00:19:48,169 --> 00:19:46,799

not a scientist that worked at while he

316

00:19:52,010 --> 00:19:48,179

worked at Los Alamos he was an

317

00:19:55,130 --> 00:19:52,020

Electronics technician not a scientist

318

00:19:57,590 --> 00:19:55,140

he was never a scientist friends at Los

319

00:19:59,450 --> 00:19:57,600

Alamos or anywhere else

320

00:20:02,510 --> 00:19:59,460

but recently

321

00:20:05,390 --> 00:20:02,520

I was so happy because our friend here

322

00:20:06,350 --> 00:20:05,400

Jack Frost you may remember him as

323

00:20:08,270 --> 00:20:06,360

Victor

324

00:20:09,470 --> 00:20:08,280

previous guest owner show when we did

325

00:20:12,049 --> 00:20:09,480

another

326

00:20:13,789 --> 00:20:12,059

uh story covering Bob Lazar his

327

00:20:15,890 --> 00:20:13,799

interview with the area 51 security

328

00:20:18,610 --> 00:20:15,900

guard put me in touch with another

329

00:20:21,529 --> 00:20:18,620

researcher who has been doing deep Dives

330

00:20:23,890 --> 00:20:21,539

and really trying to get to the truth

331

00:20:26,570 --> 00:20:23,900

about Bob Lazar

332

00:20:28,789 --> 00:20:26,580

interestingly that researcher found

333

00:20:30,770 --> 00:20:28,799

information which corroborated my

334

00:20:33,590 --> 00:20:30,780

original two sources that wouldn't go on

335

00:20:35,690 --> 00:20:33,600

the record but I'm pleased to say that

336

00:20:39,470 --> 00:20:35,700

in that researcher's case he got their

337

00:20:40,850 --> 00:20:39,480

names their titles and the ability to

338

00:20:44,870 --> 00:20:40,860

name them

339

00:20:47,270 --> 00:20:44,880

so now we've got more sources that say

340

00:20:50,090 --> 00:20:47,280

bubbles are lied he was never a

341

00:20:53,630 --> 00:20:50,100

physicist at Los Alamos

342

00:20:56,330 --> 00:20:53,640

never it was exactly what my sources

343

00:20:58,970 --> 00:20:56,340

said he was a low-level Electronics

344

00:21:01,070 --> 00:20:58,980

technician not a scientist

345

00:21:03,950 --> 00:21:01,080

so we're going to get into that and I

346

00:21:07,010 --> 00:21:03,960

apologize uh

347

00:21:09,950 --> 00:21:07,020

I have not put this um

348

00:21:12,409 --> 00:21:09,960

I have not put this article from medium

349

00:21:14,750 --> 00:21:12,419

which this researcher published just

350

00:21:16,789 --> 00:21:14,760

earlier today

351

00:21:19,909 --> 00:21:16,799

um it has been

352

00:21:22,130 --> 00:21:19,919

published today February 22nd and we are

353

00:21:24,529 --> 00:21:22,140

the first show that I am aware of that

354

00:21:25,490 --> 00:21:24,539

will be bringing this information to the

355

00:21:28,430 --> 00:21:25,500

public

356

00:21:32,210 --> 00:21:28,440

another exclusive story

357

00:21:35,570 --> 00:21:32,220

and by the way I spoke with this

358

00:21:40,010 --> 00:21:37,789

I have his full permission to share his

359

00:21:41,390 --> 00:21:40,020

article and talk about it tonight and

360

00:21:45,110 --> 00:21:41,400

we're also arranging an interview

361

00:21:47,750 --> 00:21:45,120

because this my friends I'm happy to say

362

00:21:51,470 --> 00:21:47,760

this this is the first in a series of

363

00:21:54,950 --> 00:21:51,480

articles that I believe will completely

364

00:21:56,990 --> 00:21:54,960

and totally destroy this house of cards

365

00:21:58,130 --> 00:21:57,000

of Bob Lazar's fake Flying Saucer

366

00:22:01,789 --> 00:21:58,140

stories

367

00:22:05,270 --> 00:22:01,799

this researcher has done incredible work

368

00:22:08,149 --> 00:22:05,280

and should be commended for that because

369

00:22:09,890 --> 00:22:08,159

they succeeded in many places where I

370

00:22:13,310 --> 00:22:09,900

failed including getting on the record

371

00:22:15,770 --> 00:22:13,320

sources at Los Alamos which is very very

372

00:22:17,149 --> 00:22:15,780

important right

373

00:22:22,850 --> 00:22:17,159

so

374

00:22:25,970 --> 00:22:22,860

things that

375

00:22:28,850 --> 00:22:25,980

this researcher signals Intelligence on

376

00:22:33,230 --> 00:22:28,860

medium.com has uncovered

377

00:22:35,210 --> 00:22:33,240

and uh this is just more confirmation

378

00:22:37,909 --> 00:22:35,220

that the people that are profiting from

379

00:22:40,669 --> 00:22:37,919

this story and selling this story

380

00:22:43,310 --> 00:22:40,679

are lying to you I've been saying that

381

00:22:45,470 --> 00:22:43,320

for years people like Jeremy rise alien

382

00:22:48,590 --> 00:22:45,480

scientists have been saying that for

383

00:22:51,230 --> 00:22:48,600

years there's Bob Lazar debunked.com you

384

00:22:54,169 --> 00:22:51,240

can go to and see the full breakdown of

385

00:22:56,450 --> 00:22:54,179

all of Bob Lazar's uh half-truths and

386

00:23:00,590 --> 00:22:56,460

lies over the years that he's been

387

00:23:03,350 --> 00:23:00,600

caught in and tonight I'm going to ask a

388

00:23:06,649 --> 00:23:03,360

very simple question now we've got

389

00:23:10,070 --> 00:23:06,659

complete and total confirmation of three

390

00:23:11,450 --> 00:23:10,080

things number one Bob Lazar lied about

391

00:23:14,270 --> 00:23:11,460

his education

392

00:23:16,490 --> 00:23:14,280

prove me wrong you can't

393

00:23:19,370 --> 00:23:16,500

there are multiple multiple researchers

394

00:23:22,010 --> 00:23:19,380

that have confirmed both with MIT and

395

00:23:24,289 --> 00:23:22,020

Caltech Bob Lazar's claimed educational

396

00:23:27,950 --> 00:23:24,299

credentials are completely and totally

397

00:23:30,470 --> 00:23:27,960

fake and made up number two

398

00:23:34,549 --> 00:23:30,480

we have on the record Source a verified

399

00:23:38,149 --> 00:23:34,559

Area 51 security guard we reported that

400

00:23:39,890 --> 00:23:38,159

here thanks to our friend Victor

401
00:23:42,950 --> 00:23:39,900
um

402
00:23:46,310 --> 00:23:42,960
and that area 51 security guard said two

403
00:23:49,250 --> 00:23:46,320
things first of all there is no S4 where

404
00:23:51,409 --> 00:23:49,260
Bob claimed it to be there is no Flying

405
00:23:54,110 --> 00:23:51,419
Saucer research facility there's no

406
00:23:58,190 --> 00:23:54,120
Hangar bay doors nothing there's nothing

407
00:24:00,470 --> 00:23:58,200
there and he was there in 1988-89 when

408
00:24:02,090 --> 00:24:00,480
Bob Lazar claimed to be working on those

409
00:24:04,310 --> 00:24:02,100
flying saucers

410
00:24:06,169 --> 00:24:04,320
and anybody can verify that man's

411
00:24:08,090 --> 00:24:06,179
identity in fact his identity is

412
00:24:10,610 --> 00:24:08,100
revealed in court papers because he's

413
00:24:11,769 --> 00:24:10,620

one of the people that sued Area 51 in

414

00:24:13,730 --> 00:24:11,779

the government

415

00:24:15,769 --> 00:24:13,740

uh for

416

00:24:17,750 --> 00:24:15,779

health problems he suffered as a result

417

00:24:20,230 --> 00:24:17,760

of the burned piss that they created

418

00:24:23,450 --> 00:24:20,240

Aria 51 where they were burning toxic

419

00:24:25,730 --> 00:24:23,460

materials that's a great source you can

420

00:24:29,029 --> 00:24:25,740

verify that man worked where he said he

421

00:24:31,730 --> 00:24:29,039

worked unlike Bob Lazar so there's two

422

00:24:33,409 --> 00:24:31,740

we have his education can be completely

423

00:24:35,870 --> 00:24:33,419

and totally ripped apart to be

424

00:24:38,690 --> 00:24:35,880

completely and totally fake number two

425

00:24:40,610 --> 00:24:38,700

we have an on the record Area 51

426

00:24:42,769 --> 00:24:40,620

security guard that anybody can verify

427

00:24:45,590 --> 00:24:42,779

that man's credentials who said two

428

00:24:48,649 --> 00:24:45,600

things there's no S4 there

429

00:24:51,230 --> 00:24:48,659

and Bob Lazar never stepped foot on Area

430

00:24:53,750 --> 00:24:51,240

51 because he would had to have been in

431

00:24:55,850 --> 00:24:53,760

the logs he checked the logs as soon as

432

00:24:58,190 --> 00:24:55,860

the story broke and he and his friends

433

00:24:59,210 --> 00:24:58,200

had a big laugh they even called George

434

00:25:01,610 --> 00:24:59,220

Knapp

435

00:25:04,130 --> 00:25:01,620

that area 51 security guard called

436

00:25:06,529 --> 00:25:04,140

George Knapp and said you might want to

437

00:25:09,470 --> 00:25:06,539

retract your story or not run with this

438

00:25:11,630 --> 00:25:09,480

story because this guy's full of [h__\h] he

439

00:25:13,669 --> 00:25:11,640

never stepped foot in Area 51 now I get

440

00:25:17,330 --> 00:25:13,679

it everybody comes attacking me well he

441

00:25:21,830 --> 00:25:17,340

didn't say it worked at S4 uh no but he

442

00:25:23,810 --> 00:25:21,840

did say that he flew in to Area 51 on

443

00:25:26,210 --> 00:25:23,820

the Janet Airlines and then he was

444

00:25:29,450 --> 00:25:26,220

transported

445

00:25:31,610 --> 00:25:29,460

on a bus to the subset of the base so he

446

00:25:34,970 --> 00:25:31,620

still would have had to be in the logs

447

00:25:37,789 --> 00:25:34,980

for having come anybody that comes on to

448

00:25:40,310 --> 00:25:37,799

Area 51 base for whatever reason is

449

00:25:43,430 --> 00:25:40,320

logged by their legal name coming in the

450

00:25:45,830 --> 00:25:43,440

base and leaving the base every single

451
00:25:48,649 --> 00:25:45,840
person that comes in or out of Area 51

452
00:25:51,649 --> 00:25:48,659
is locked this security guard checked he

453
00:25:54,350 --> 00:25:51,659
was curious seeing these news reports

454
00:25:57,409 --> 00:25:54,360
Bob Lazar is not in any of the logs and

455
00:26:01,669 --> 00:25:59,510
no chance for the Men in Black to erase

456
00:26:05,750 --> 00:26:01,679
Bob Lazar from existence there

457
00:26:08,930 --> 00:26:05,760
that's two two major major talking

458
00:26:11,750 --> 00:26:08,940
points that Jeremy Corbell use that Bob

459
00:26:14,090 --> 00:26:11,760
Lazar used that George Knapp used all of

460
00:26:17,210 --> 00:26:14,100
which fall apart under scrutiny and we

461
00:26:18,950 --> 00:26:17,220
have on the record sourcing and that can

462
00:26:22,070 --> 00:26:18,960
prove that those two things are

463
00:26:23,870 --> 00:26:22,080

completely and totally a lie now what is

464

00:26:27,350 --> 00:26:23,880

this third talking point that they all

465

00:26:30,769 --> 00:26:27,360

use well Bob Lazar was a scientist at uh

466

00:26:32,810 --> 00:26:30,779

Los Alamos National Labs so he must be a

467

00:26:35,269 --> 00:26:32,820

real scientist

468

00:26:36,830 --> 00:26:35,279

the only proof that that happened was a

469

00:26:39,470 --> 00:26:36,840

newspaper article

470

00:26:41,690 --> 00:26:39,480

the only proof that people have that

471

00:26:44,269 --> 00:26:41,700

they can point to that babazar was a

472

00:26:47,149 --> 00:26:44,279

physicist at Los Alamos is a newspaper

473

00:26:48,950 --> 00:26:47,159

article written about a jet car that he

474

00:26:50,450 --> 00:26:48,960

built or was building

475

00:26:52,070 --> 00:26:50,460

by the way there's some dispute about

476

00:26:55,490 --> 00:26:52,080

whether he actually built that or not

477

00:26:57,230 --> 00:26:55,500

see Jeremy rice work on that Bob Lazar

478

00:26:58,730 --> 00:26:57,240

grew up next to a guy that built jet

479

00:27:00,950 --> 00:26:58,740

engines and strapped them on all kinds

480

00:27:01,789 --> 00:27:00,960

of stuff or had some association with

481

00:27:02,870 --> 00:27:01,799

him

482

00:27:05,269 --> 00:27:02,880

anyway

483

00:27:06,830 --> 00:27:05,279

back to Los Alamos so there was a

484

00:27:08,750 --> 00:27:06,840

newspaper article written about him and

485

00:27:11,269 --> 00:27:08,760

in the newspaper article

486

00:27:14,149 --> 00:27:11,279

Bob Lazar claimed he was a physicist

487

00:27:15,769 --> 00:27:14,159

now Jeremy Corbell later claimed that he

488

00:27:17,990 --> 00:27:15,779

talked to the guy who wrote that article

489

00:27:19,070 --> 00:27:18,000

and he checked right

490

00:27:20,750 --> 00:27:19,080

and

491

00:27:23,690 --> 00:27:20,760

he vetted

492

00:27:25,130 --> 00:27:23,700

that claim no he didn't no he didn't he

493

00:27:26,570 --> 00:27:25,140

never vetted that claim the person that

494

00:27:28,430 --> 00:27:26,580

wrote that article never vetted that

495

00:27:31,010 --> 00:27:28,440

claim that means Jeremy Corbell lied

496

00:27:36,289 --> 00:27:31,020

through his teeth to all of us

497

00:27:42,409 --> 00:27:39,289

babazar was never a physicist

498

00:27:45,049 --> 00:27:42,419

not at Los Alamos National Lab

499

00:27:47,510 --> 00:27:45,059

not anywhere but especially not at Los

500

00:27:49,310 --> 00:27:47,520

Alamos National Lab and we have all the

501
00:27:51,529 --> 00:27:49,320
receipts and the proof and the on the

502
00:27:54,409 --> 00:27:51,539
record sourcing to prove it now thanks

503
00:27:57,169 --> 00:27:54,419
to uh the the research of this Signal's

504
00:28:01,370 --> 00:27:57,179
intelligence who will be working with to

505
00:28:02,810 --> 00:28:01,380
bring you more of the Bob Lazar story

506
00:28:05,630 --> 00:28:02,820
so

507
00:28:07,909 --> 00:28:05,640
that means we've got three

508
00:28:10,970 --> 00:28:07,919
major lies

509
00:28:13,010 --> 00:28:10,980
with on the record sourcing that proved

510
00:28:15,289 --> 00:28:13,020
that these three major talking points

511
00:28:18,230 --> 00:28:15,299
that all these bubbles are profiteers

512
00:28:20,570 --> 00:28:18,240
use to try to claim the story still may

513
00:28:25,070 --> 00:28:20,580

be true are lies

514

00:28:28,130 --> 00:28:25,080

three major lies that on the record good

515

00:28:31,490 --> 00:28:28,140

research and sourced good source

516

00:28:33,130 --> 00:28:31,500

material good Witnesses impeccable

517

00:28:36,049 --> 00:28:33,140

Witnesses

518

00:28:38,330 --> 00:28:36,059

all refute these three

519

00:28:40,070 --> 00:28:38,340

talking points that they all use to try

520

00:28:42,470 --> 00:28:40,080

to continue to profit from this story

521

00:28:45,470 --> 00:28:42,480

and I don't know about you but I think

522

00:28:47,330 --> 00:28:45,480

all three of these guys Bob Lazar Jeremy

523

00:28:49,310 --> 00:28:47,340

Corbell and George Knapp have all made

524

00:28:52,490 --> 00:28:49,320

enough money pushing this horse [h__h]

525

00:28:54,710 --> 00:28:52,500

right George Knapp famously said he

526
00:28:56,149 --> 00:28:54,720
knows where that element 115 is buried

527
00:28:59,570 --> 00:28:56,159
and someday he's going to dig it up

528
00:29:02,630 --> 00:28:59,580
[h__\h] [h__\h] George Knapp dig it up

529
00:29:05,510 --> 00:29:02,640
show it to us if he really knows where

530
00:29:08,930 --> 00:29:05,520
absolute 100 proof of alien visitations

531
00:29:11,510 --> 00:29:08,940
to Earth is buried do you think that he

532
00:29:15,889 --> 00:29:11,520
would just sit on it for 30 years not

533
00:29:18,409 --> 00:29:15,899
dig it up not bring that proof forward

534
00:29:20,029 --> 00:29:18,419
no it's not in George Knapp's best

535
00:29:21,769 --> 00:29:20,039
interest to actually provide any

536
00:29:26,330 --> 00:29:21,779
evidence it's better to just let people

537
00:29:28,669 --> 00:29:26,340
wonder let people believe just it may be

538
00:29:30,950 --> 00:29:28,679

true so what if he lied about his

539

00:29:32,930 --> 00:29:30,960

education so what if he lied about

540

00:29:34,909 --> 00:29:32,940

actually being a scientist and he was

541

00:29:36,169 --> 00:29:34,919

just some self-taught nerd and by the

542

00:29:38,570 --> 00:29:36,179

way there's nothing wrong with that I'm

543

00:29:40,070 --> 00:29:38,580

a self-taught nerd right

544

00:29:42,110 --> 00:29:40,080

but I'm not running around telling

545

00:29:43,310 --> 00:29:42,120

people I worked in Area 51 on flying

546

00:29:50,570 --> 00:29:43,320

saucers

547

00:29:55,190 --> 00:29:50,580

that means as of tonight there are three

548

00:29:57,289 --> 00:29:55,200

huge lies that Jeremy Corbell Bob Lazar

549

00:30:00,230 --> 00:29:57,299

and George Knapp have been pushing at

550

00:30:02,750 --> 00:30:00,240

the UFO Community for years now and it's

551

00:30:05,149 --> 00:30:02,760

about time that they answer for these

552

00:30:07,010 --> 00:30:05,159

lies maybe they should give all the

553

00:30:09,889 --> 00:30:07,020

money back that they made

554

00:30:11,990 --> 00:30:09,899

unless they can provide proof of Bob

555

00:30:14,510 --> 00:30:12,000

lazar's claims

556

00:30:17,810 --> 00:30:14,520

it was never a scientist he ran a

557

00:30:19,850 --> 00:30:17,820

whorehouse okay scientists by and large

558

00:30:21,169 --> 00:30:19,860

maybe somebody will prove me wrong and

559

00:30:23,269 --> 00:30:21,179

find me a scientist that runs a

560

00:30:25,430 --> 00:30:23,279

whorehouse but I l've never heard of a

561

00:30:26,930 --> 00:30:25,440

scientist that also that quit his job to

562

00:30:29,090 --> 00:30:26,940

go run a whorehouse

563

00:30:32,330 --> 00:30:29,100

oh and speaking of quitting a job

564

00:30:34,130 --> 00:30:32,340

tonight we're going to find out

565

00:30:35,810 --> 00:30:34,140

maybe a little bit more about what

566

00:30:38,029 --> 00:30:35,820

happened there at Los Alamos National

567

00:30:40,430 --> 00:30:38,039

Labs because like I mentioned anybody

568

00:30:42,830 --> 00:30:40,440

getting a job there isn't quitting their

569

00:30:44,810 --> 00:30:42,840

job that's a dream job for a science

570

00:30:46,310 --> 00:30:44,820

nerd or a physicist

571

00:30:49,070 --> 00:30:46,320

but

572

00:30:52,250 --> 00:30:49,080

things didn't end well apparently

573

00:30:55,370 --> 00:30:52,260

during Bob Lazar's temporary employment

574

00:30:56,210 --> 00:30:55,380

at Los Alamos National Labs and more on

575

00:30:57,950 --> 00:30:56,220

that

576

00:31:00,649 --> 00:30:57,960

we can bring you

577

00:31:03,529 --> 00:31:00,659

so let's get into this article I have

578

00:31:06,950 --> 00:31:03,539

not yet done it sorry uh we are uh

579

00:31:09,889 --> 00:31:06,960

rushing to go to broadcast tonight I I

580

00:31:12,649 --> 00:31:09,899

will link the article and it will be in

581

00:31:16,430 --> 00:31:12,659

the about section of our video here so

582

00:31:20,149 --> 00:31:16,440

that you can uh follow along but I am

583

00:31:22,669 --> 00:31:20,159

going to do this I am going to uh put

584

00:31:24,950 --> 00:31:22,679

this in the live chat right now please

585

00:31:26,570 --> 00:31:24,960

bear with me one moment friends while we

586

00:31:28,850 --> 00:31:26,580

do that

587

00:31:31,789 --> 00:31:28,860

and again this is signals Intelligence

588

00:31:35,750 --> 00:31:31,799

on medium.com

589

00:31:38,210 --> 00:31:35,760

I'm just going to put link to article

590

00:31:42,230 --> 00:31:38,220

so all the uh proof we're talking about

591

00:31:43,549 --> 00:31:42,240

is in this article and you can freely

592

00:31:46,130 --> 00:31:43,559

follow along

593

00:31:48,350 --> 00:31:46,140

me I love good research and good

594

00:31:51,409 --> 00:31:48,360

materials to share with my friends and

595

00:31:53,450 --> 00:31:51,419

I'm glad thank you to our new friends

596

00:31:56,630 --> 00:31:53,460

signals intelligence and also thanks to

597

00:31:58,490 --> 00:31:56,640

Victor for kind of uh connecting us I

598

00:32:01,970 --> 00:31:58,500

heard about him doing this for quite

599

00:32:04,009 --> 00:32:01,980

some time but we never spoke and just as

600

00:32:06,350 --> 00:32:04,019

luck would have it I talked to him today

601
00:32:09,409 --> 00:32:06,360
and he said I'm publishing this today

602
00:32:11,389 --> 00:32:09,419
and I said can I share this can we talk

603
00:32:13,730 --> 00:32:11,399
about it he said sure and we're

604
00:32:16,190 --> 00:32:13,740
arranging an interview because he's got

605
00:32:17,930 --> 00:32:16,200
so much more than this friends there's

606
00:32:20,330 --> 00:32:17,940
so much more than this coming

607
00:32:23,509 --> 00:32:20,340
and I for one am excited about this

608
00:32:26,450 --> 00:32:23,519
because you know it it's it's a not it's

609
00:32:28,909 --> 00:32:26,460
a thankless job to try to uh smack

610
00:32:31,310 --> 00:32:28,919
people out of their UFO delusions and

611
00:32:33,649 --> 00:32:31,320
listen I get it I love this story

612
00:32:36,529 --> 00:32:33,659
growing up if I could pick one story

613
00:32:38,750 --> 00:32:36,539

from the whole land of UFO mythology to

614

00:32:41,870 --> 00:32:38,760

be true it would probably be the Bob

615

00:32:47,269 --> 00:32:44,149

I even bought the model growing up and

616

00:32:48,830 --> 00:32:47,279

the VHS tape so I think Bob Lazar owes

617

00:32:51,889 --> 00:32:48,840

me 50 bucks

618

00:32:54,409 --> 00:32:51,899

uh because I bought those because I was

619

00:32:56,570 --> 00:32:54,419

a kid and naive and stupid and I

620

00:32:58,370 --> 00:32:56,580

believed him years later I would find

621

00:32:59,870 --> 00:32:58,380

out that he lied so many times there's

622

00:33:03,649 --> 00:32:59,880

no way I should have given him a dollar

623

00:33:05,990 --> 00:33:03,659

let alone a bunch of dollars but

624

00:33:09,110 --> 00:33:06,000

this is where I find myself years later

625

00:33:12,049 --> 00:33:09,120

still following the story and uh

626
00:33:14,269 --> 00:33:12,059
enjoying hearing new information so here

627
00:33:16,190 --> 00:33:14,279
we go to the article signals

628
00:33:18,830 --> 00:33:16,200
intelligence bubbles are there's more to

629
00:33:20,570 --> 00:33:18,840
the story and remember uh he does say

630
00:33:23,090 --> 00:33:20,580
that here this is the first in a series

631
00:33:26,269 --> 00:33:23,100
of Articles resulting of over 50

632
00:33:29,029 --> 00:33:26,279
interviews conduct it with people who

633
00:33:31,370 --> 00:33:29,039
either know or knew bubbles are

634
00:33:33,889 --> 00:33:31,380
have had a role in his story or claims

635
00:33:36,710 --> 00:33:33,899
or would have had knowledge relevant to

636
00:33:38,750 --> 00:33:36,720
Bob's story or claims if they are true

637
00:33:41,330 --> 00:33:38,760
all the interviews in this article are

638
00:33:43,490 --> 00:33:41,340

transcribed from recorded audio they

639

00:33:45,769 --> 00:33:43,500

have been edited for readability and

640

00:33:48,830 --> 00:33:45,779

they were conversational in nature the

641

00:33:51,470 --> 00:33:48,840

answers are verbatim so we begin with

642

00:33:54,110 --> 00:33:51,480

Bob Lazar's work at Los Alamos National

643

00:33:56,450 --> 00:33:54,120

Laboratory Bob is gone claimed that he

644

00:33:58,909 --> 00:33:56,460

was hired as a physicist at Los Alamos

645

00:34:01,310 --> 00:33:58,919

in May of 1982.

646

00:34:03,409 --> 00:34:01,320

and this is from one of his appearances

647

00:34:05,870 --> 00:34:03,419

they asked him

648

00:34:09,109 --> 00:34:05,880

he says I worked at Los Alamos National

649

00:34:11,629 --> 00:34:09,119

Lab Knapp says as a physicist Lazar says

650

00:34:15,470 --> 00:34:11,639

yes as a physicist and there's a link to

651

00:34:17,869 --> 00:34:15,480

the actual interview there

652

00:34:19,730 --> 00:34:17,879

signals goes on to say as evidence from

653

00:34:21,230 --> 00:34:19,740

his employment as a physicist Bob Lazar

654

00:34:23,329 --> 00:34:21,240

George Knapp and the others who have

655

00:34:25,909 --> 00:34:23,339

credited his story have pointed to a Los

656

00:34:27,710 --> 00:34:25,919

Alamos monitor article published on June

657

00:34:29,629 --> 00:34:27,720

30th this is the article we mentioned

658

00:34:31,669 --> 00:34:29,639

previously where they talked about his

659

00:34:33,470 --> 00:34:31,679

rocket car the author of the article

660

00:34:35,629 --> 00:34:33,480

Terry England wrote The Following to

661

00:34:38,089 --> 00:34:35,639

Lazar a physicist at the Los Alamos

662

00:34:40,129 --> 00:34:38,099

Mason physics facility the important

663

00:34:42,230 --> 00:34:40,139

thing is the jet engine it's something

664

00:34:44,089 --> 00:34:42,240

he's been working on for years whether

665

00:34:46,129 --> 00:34:44,099

or not England made any efforts to

666

00:34:48,290 --> 00:34:46,139

verify that luzar was in fact a

667

00:34:49,550 --> 00:34:48,300

physicist at Los Alamos has been debated

668

00:34:52,909 --> 00:34:49,560

ever since

669

00:34:54,710 --> 00:34:52,919

in July 2020 Jordan Joe Rod Rogan's

670

00:34:57,230 --> 00:34:54,720

podcast with Jeremy Corbell and George

671

00:34:59,030 --> 00:34:57,240

Knapp Corbell said he had spoken with

672

00:35:02,450 --> 00:34:59,040

Terry England and asked him the question

673

00:35:04,730 --> 00:35:02,460

directly this is from uh

674

00:35:06,050 --> 00:35:04,740

Joe Rogan's podcast Corbell says I

675

00:35:08,210 --> 00:35:06,060

finally got an interview with the guy

676

00:35:10,670 --> 00:35:08,220

that wrote the article two weeks ago so

677

00:35:12,290 --> 00:35:10,680

the guy Terry English right finally

678

00:35:14,750 --> 00:35:12,300

after all this time he called me back

679

00:35:16,910 --> 00:35:14,760

three years late you know

680

00:35:19,130 --> 00:35:16,920

put him in the movie and I said look

681

00:35:22,069 --> 00:35:19,140

here's the point you said Bob Lazar was

682

00:35:24,230 --> 00:35:22,079

a physicist at Los Alamos so how did you

683

00:35:25,370 --> 00:35:24,240

base that on you're writing a paper and

684

00:35:28,010 --> 00:35:25,380

he goes yeah

685

00:35:31,490 --> 00:35:28,020

and it got picked up by the AP News

686

00:35:33,710 --> 00:35:31,500

Corbell then says that this Terry

687

00:35:35,510 --> 00:35:33,720

English said this quote if I had

688

00:35:37,010 --> 00:35:35,520

misrepresented that he was a physicist

689

00:35:39,109 --> 00:35:37,020

at Los Alamos I would have been

690

00:35:42,050 --> 00:35:39,119

blackballed by everybody at Los Alamos

691

00:35:44,329 --> 00:35:42,060

they take that very seriously he was a

692

00:35:46,370 --> 00:35:44,339

physicist I reported it AP News picked

693

00:35:48,470 --> 00:35:46,380

it up they repeated it not a word from

694

00:35:50,270 --> 00:35:48,480

anybody saying he wasn't a physicist at

695

00:35:53,030 --> 00:35:50,280

low Los Alamos so that's from The Joe

696

00:35:54,310 --> 00:35:53,040

Rogan Experience number 1510.

697

00:35:56,990 --> 00:35:54,320

so

698

00:35:59,150 --> 00:35:57,000

signals the writer of this article

699

00:36:01,069 --> 00:35:59,160

writes I spoke with Terry England in

700

00:36:02,690 --> 00:36:01,079

August of 2021 to confirm the account

701
00:36:03,890 --> 00:36:02,700
that Jeremy Corbell gave of their

702
00:36:05,990 --> 00:36:03,900
conversation

703
00:36:08,810 --> 00:36:06,000
England did not recall making the

704
00:36:11,150 --> 00:36:08,820
statements attributed to him by corbel

705
00:36:12,950 --> 00:36:11,160
author did you ever follow up to

706
00:36:14,990 --> 00:36:12,960
actually verify his claim that he was a

707
00:36:17,390 --> 00:36:15,000
physicist or did you just take that at

708
00:36:19,190 --> 00:36:17,400
face value Terry England the author of

709
00:36:21,290 --> 00:36:19,200
the original article said I kind of took

710
00:36:22,910 --> 00:36:21,300
it at face value I talked to a lot of

711
00:36:24,530 --> 00:36:22,920
guys up there at Los Alamos who were

712
00:36:27,349 --> 00:36:24,540
nuclear physicists and I pretty much

713
00:36:29,150 --> 00:36:27,359

accepted what they said author did you

714

00:36:32,150 --> 00:36:29,160

speak to some people and ask if he was a

715

00:36:33,890 --> 00:36:32,160

physicist England no maybe I should have

716

00:36:34,670 --> 00:36:33,900

but I had no reason to doubt him at the

717

00:36:36,770 --> 00:36:34,680

time

718

00:36:39,829 --> 00:36:36,780

author and Jeremy corbell's recent

719

00:36:41,569 --> 00:36:39,839

documentary he said he talked to you and

720

00:36:43,849 --> 00:36:41,579

you told him that you had confirmed he

721

00:36:46,730 --> 00:36:43,859

was a physicist England I don't remember

722

00:36:48,290 --> 00:36:46,740

saying that it's possible but I don't

723

00:36:50,750 --> 00:36:48,300

remember saying that because I don't

724

00:36:52,490 --> 00:36:50,760

remember doing it author he said that

725

00:36:54,170 --> 00:36:52,500

you told him if you hadn't looked into

726

00:36:55,310 --> 00:36:54,180

it you would have been blackballed in

727

00:36:58,609 --> 00:36:55,320

the community

728

00:37:03,170 --> 00:36:58,619

England he said I said that author yeah

729

00:37:05,270 --> 00:37:03,180

England I don't think so so here we have

730

00:37:07,250 --> 00:37:05,280

proof positive that Jeremy corbell's

731

00:37:09,230 --> 00:37:07,260

just making [h__h] up putting words in

732

00:37:10,670 --> 00:37:09,240

people's mouth that they never said or

733

00:37:13,130 --> 00:37:10,680

don't recall say

734

00:37:14,870 --> 00:37:13,140

this isn't the first time that Jeremy

735

00:37:17,690 --> 00:37:14,880

Corbell has been caught putting words in

736

00:37:19,970 --> 00:37:17,700

people's mouth that's my opinion based

737

00:37:22,550 --> 00:37:19,980

on my observation of Mr Corbell

738

00:37:24,650 --> 00:37:22,560

and I'm entitled to it

739

00:37:26,930 --> 00:37:24,660

okay the article goes on to state in

740

00:37:28,910 --> 00:37:26,940

addition to England's recollection that

741

00:37:31,250 --> 00:37:28,920

he did not try to verify balboazar's

742

00:37:32,870 --> 00:37:31,260

role at Los Alamos Lazar himself gave an

743

00:37:35,450 --> 00:37:32,880

interview on the radio show the Billy

744

00:37:37,430 --> 00:37:35,460

Goodman happening on December 20th 1989

745

00:37:39,950 --> 00:37:37,440

where he gives more detail about the

746

00:37:41,930 --> 00:37:39,960

timeline and nature of his role at Los

747

00:37:44,390 --> 00:37:41,940

Alamos

748

00:37:46,790 --> 00:37:44,400

this is Bob Lazar speaking in an old

749

00:37:49,849 --> 00:37:46,800

interview says I have two Master degrees

750

00:37:54,310 --> 00:37:49,859

one's in physics one's in electronics

751

00:37:56,510 --> 00:37:54,320

I wrote my thesis on mhd which is magnet

752

00:37:58,790 --> 00:37:56,520

magneto-hydro Dynamics I worked at Los

753

00:38:01,190 --> 00:37:58,800

Alamos for a few years as a technician

754

00:38:03,710 --> 00:38:01,200

and then as a physicist in the polarized

755

00:38:06,349 --> 00:38:03,720

proton section dealing with the

756

00:38:08,810 --> 00:38:06,359

accelerator there

757

00:38:10,430 --> 00:38:08,820

so the article goes on to state in this

758

00:38:12,589 --> 00:38:10,440

interview a month after nap's first

759

00:38:14,270 --> 00:38:12,599

report identifying him Bob claims that

760

00:38:16,310 --> 00:38:14,280

he was hired as a technician and then

761

00:38:19,670 --> 00:38:16,320

remained in the role for a few years

762

00:38:21,770 --> 00:38:19,680

before becoming a physicist however Bob

763

00:38:23,450 --> 00:38:21,780

confirms in the Los Alamos monitor

764

00:38:26,450 --> 00:38:23,460

article that he had just moved to Los

765

00:38:28,550 --> 00:38:26,460

Alamos the month before separately Los

766

00:38:33,230 --> 00:38:28,560

Alamos has verified that he began work

767

00:38:37,310 --> 00:38:35,630

if he had only begun to work at the lab

768

00:38:38,930 --> 00:38:37,320

with little more than a month before his

769

00:38:40,970 --> 00:38:38,940

interview with Terry England for the

770

00:38:43,250 --> 00:38:40,980

monitor article and was a technician at

771

00:38:45,050 --> 00:38:43,260

the lab for a few years he could not

772

00:38:47,750 --> 00:38:45,060

have been a physicist at the time the

773

00:38:49,490 --> 00:38:47,760

Los Alamos article was published so

774

00:38:51,710 --> 00:38:49,500

here's the thing about a lie you know

775

00:38:53,810 --> 00:38:51,720

Bob Lazar thinks that you know things

776

00:38:55,910 --> 00:38:53,820

just disappeared and the things that he

777

00:38:58,310 --> 00:38:55,920

said in 1989 aren't still relevant but

778

00:39:01,069 --> 00:38:58,320

some people like this researcher dug up

779

00:39:03,290 --> 00:39:01,079

what he said so Bob says yeah I worked

780

00:39:04,730 --> 00:39:03,300

as I worked as a technician for a few

781

00:39:07,490 --> 00:39:04,740

years and then they hired me as a

782

00:39:10,010 --> 00:39:07,500

physicist uh that never happened because

783

00:39:11,930 --> 00:39:10,020

a month after he was hired he was

784

00:39:15,170 --> 00:39:11,940

speaking to this reporter about his jet

785

00:39:16,790 --> 00:39:15,180

car claiming to be a physicist so either

786

00:39:18,650 --> 00:39:16,800

he lied to the person writing the

787

00:39:21,170 --> 00:39:18,660

newspaper article or he lied to the

788

00:39:23,990 --> 00:39:21,180

interviewer on that show

789

00:39:26,690 --> 00:39:24,000

or it's all a lie

790

00:39:29,030 --> 00:39:26,700

your choice

791

00:39:31,849 --> 00:39:29,040

okay next

792

00:39:34,370 --> 00:39:31,859

uh the article goes on to State I am not

793

00:39:35,990 --> 00:39:34,380

aware of any lab employees who have made

794

00:39:37,910 --> 00:39:36,000

public statements regarding Bob's work

795

00:39:39,470 --> 00:39:37,920

at Los Alamos George Knapp has claimed

796

00:39:41,450 --> 00:39:39,480

that he has spoken with former employees

797

00:39:43,430 --> 00:39:41,460

who work with Bob and verified he was a

798

00:39:46,010 --> 00:39:43,440

physicist yeah and I would call on

799

00:39:48,589 --> 00:39:46,020

George Knapp give us their names you

800

00:39:50,690 --> 00:39:48,599

said that you spoke with people at Los

801
00:39:53,930 --> 00:39:50,700
Alamos that verified he was a physicist

802
00:39:57,230 --> 00:39:53,940
let us check your work

803
00:39:58,849 --> 00:39:57,240
or is that not accurate Mr Knapp

804
00:40:00,650 --> 00:39:58,859
however these claims were made

805
00:40:02,870 --> 00:40:00,660
informally and off the Record very

806
00:40:05,329 --> 00:40:02,880
convenient Knapp has said that those

807
00:40:08,630 --> 00:40:05,339
employees were friends of lazars and is

808
00:40:10,430 --> 00:40:08,640
only specifically named Joe vianetti is

809
00:40:12,230 --> 00:40:10,440
being the one who confirmed it however

810
00:40:14,690 --> 00:40:12,240
vianetti has never said anything

811
00:40:17,150 --> 00:40:14,700
publicly regarding lazar's role at the

812
00:40:19,250 --> 00:40:17,160
lab there is substantial evidence that

813
00:40:21,650 --> 00:40:19,260

vianetti had a significant interest in

814

00:40:24,410 --> 00:40:21,660

UFOs and was involved in UFO research

815

00:40:26,750 --> 00:40:24,420

with Bob before and after Bob claims to

816

00:40:28,250 --> 00:40:26,760

have worked at S4 and isn't that

817

00:40:30,710 --> 00:40:28,260

interesting because Bob claims that he

818

00:40:32,750 --> 00:40:30,720

had no interest in UFOs meanwhile he's

819

00:40:35,089 --> 00:40:32,760

hanging out with John Lear getting all

820

00:40:37,130 --> 00:40:35,099

of the Billy Meyer Material with his

821

00:40:39,050 --> 00:40:37,140

friend Gene huff and he's hanging out

822

00:40:41,750 --> 00:40:39,060

with his friend vianetti who has an

823

00:40:44,150 --> 00:40:41,760

interest in UFOs

824

00:40:46,370 --> 00:40:44,160

okay for example Bob Lazar and Joe

825

00:40:48,530 --> 00:40:46,380

vianetti had visited the vicinity of

826

00:40:50,450 --> 00:40:48,540

Groom Lake Area 51 in the months before

827

00:40:52,550 --> 00:40:50,460

Bob claimed to have worked at the site

828

00:40:54,470 --> 00:40:52,560

vianetti later attended media interviews

829

00:40:57,109 --> 00:40:54,480

with Bob and even plays a minor role in

830

00:40:59,750 --> 00:40:57,119

Bob's story wherein he accompanies Bob

831

00:41:01,730 --> 00:40:59,760

to a Las Vegas casino for a clandestine

832

00:41:04,609 --> 00:41:01,740

meeting with Bob's former supervisor at

833

00:41:06,290 --> 00:41:04,619

S4 Dennis Mariani

834

00:41:08,270 --> 00:41:06,300

the following are the first published

835

00:41:11,150 --> 00:41:08,280

interviews with former

836

00:41:14,750 --> 00:41:11,160

Los Alamos National Laboratory employees

837

00:41:16,910 --> 00:41:14,760

who knew or worked with Bob at the lab

838

00:41:19,010 --> 00:41:16,920

so here's where we get to the good stuff

839

00:41:21,530 --> 00:41:19,020

because there's a physicist that this

840

00:41:23,329 --> 00:41:21,540

researcher identified the physicist I

841

00:41:25,730 --> 00:41:23,339

was able to identify two former lab

842

00:41:28,190 --> 00:41:25,740

employees who worked directly with Bob

843

00:41:30,290 --> 00:41:28,200

and were able to speak to what he did at

844

00:41:33,050 --> 00:41:30,300

Los Alamos and the circumstances of his

845

00:41:35,089 --> 00:41:33,060

departure his first former lab employee

846

00:41:37,730 --> 00:41:35,099

is the physicist who ran the lab Bob

847

00:41:40,730 --> 00:41:37,740

claimed he worked at in as a physicist

848

00:41:44,569 --> 00:41:40,740

the polarized proton section this

849

00:41:47,089 --> 00:41:44,579

physicist's name is John jarmer and here

850

00:41:50,510 --> 00:41:47,099

we go on the record Source that's going

851
00:41:53,270 --> 00:41:50,520
to dispute all the lies that Jeremy

852
00:41:55,609 --> 00:41:53,280
Corbell Bob Lazar and George Knapp have

853
00:41:57,710 --> 00:41:55,619
been repeating for years

854
00:41:59,990 --> 00:41:57,720
drummer worked at the lab

855
00:42:03,589 --> 00:42:00,000
for over two decades in the polarized

856
00:42:06,290 --> 00:42:03,599
proton section John jarmer Bob Lazar and

857
00:42:08,089 --> 00:42:06,300
Joe vianetti's lab directory and entries

858
00:42:10,910 --> 00:42:08,099
and it's important to note

859
00:42:14,809 --> 00:42:10,920
that when we get to Bob Lazar Robert

860
00:42:17,690 --> 00:42:14,819
Lazar you see the km next to his name

861
00:42:20,230 --> 00:42:17,700
that stands for Kirk Meyer Kirk Meyer

862
00:42:23,930 --> 00:42:20,240
did not hire physicists they only hired

863
00:42:27,770 --> 00:42:23,940

Electronics technicians right

864

00:42:27,780 --> 00:42:31,670

isn't that interesting

865

00:42:38,030 --> 00:42:34,609

and it appears that Mr vianetti was

866

00:42:39,530 --> 00:42:38,040

under a different subcontractor not Kirk

867

00:42:41,510 --> 00:42:39,540

Meyer

868

00:42:43,550 --> 00:42:41,520

so Bob's friend and colleague Joe

869

00:42:45,530 --> 00:42:43,560

vianetti who worked at the lab as a

870

00:42:47,990 --> 00:42:45,540

technician with him is listed as an

871

00:42:50,870 --> 00:42:48,000

author on multiple original research

872

00:42:52,730 --> 00:42:50,880

papers alongside John jarmer and this

873

00:42:55,190 --> 00:42:52,740

researcher found some of those research

874

00:42:59,630 --> 00:42:58,010

the researcher goes on to State I have

875

00:43:01,430 --> 00:42:59,640

confirmed with multiple former lab

876

00:43:03,410 --> 00:43:01,440

employees in lab documentation that

877

00:43:07,069 --> 00:43:03,420

dharmer worked in the polarized proton

878

00:43:09,170 --> 00:43:07,079

section as Bob's direct supervisor

879

00:43:12,109 --> 00:43:09,180

isn't that interesting so now we have

880

00:43:15,109 --> 00:43:12,119

the actual Guy this is who Bob Lazar

881

00:43:16,609 --> 00:43:15,119

works for in the lab that he worked and

882

00:43:20,510 --> 00:43:16,619

what is this guy going to have to say

883

00:43:22,849 --> 00:43:20,520

about what Bob did there was he indeed a

884

00:43:25,849 --> 00:43:22,859

real scientist a physicist like Bob

885

00:43:28,130 --> 00:43:25,859

Lazar claimed author does the name Bob

886

00:43:30,349 --> 00:43:28,140

Lazar ring a bell John's armor yes it

887

00:43:32,089 --> 00:43:30,359

does author I was just trying to verify

888

00:43:36,410 --> 00:43:32,099

that he actually was a physicist working

889

00:43:38,930 --> 00:43:36,420

on that polarized Proton Pro project

890

00:43:40,970 --> 00:43:38,940

John Jarner no not a physicist to the

891

00:43:42,829 --> 00:43:40,980

best of my knowledge author

892

00:43:45,589 --> 00:43:42,839

could you tell me what role you remember

893

00:43:47,930 --> 00:43:45,599

him having John well when I was at Los

894

00:43:50,990 --> 00:43:47,940

Alamos at the lab working he did some

895

00:43:53,329 --> 00:43:51,000

electrical technician work that I'm

896

00:43:55,849 --> 00:43:53,339

aware of there was no reference to him

897

00:43:57,589 --> 00:43:55,859

ever having a background in physics if

898

00:43:59,390 --> 00:43:57,599

he does he should be able to put forth

899

00:44:02,210 --> 00:43:59,400

his degree credentials wherever they're

900

00:44:05,630 --> 00:44:02,220

from yeah and uh we know what happens

901
00:44:08,030 --> 00:44:05,640
when you try to verify Bob Lazar's fake

902
00:44:09,109 --> 00:44:08,040
degree credentials right their fate they

903
00:44:13,130 --> 00:44:09,119
don't exist

904
00:44:16,069 --> 00:44:13,140
so this author this guy John Jarmer who

905
00:44:19,370 --> 00:44:16,079
was his boss at the lab he worked at

906
00:44:22,010 --> 00:44:19,380
says he did some electrical technician

907
00:44:23,270 --> 00:44:22,020
work that I'm aware of author could you

908
00:44:25,910 --> 00:44:23,280
tell me a little bit about what kind of

909
00:44:28,790 --> 00:44:25,920
work he would have done John

910
00:44:30,770 --> 00:44:28,800
Johner his boss says possibly some

911
00:44:32,210 --> 00:44:30,780
one-time boss says possibly some

912
00:44:34,250 --> 00:44:32,220
Electronics associated with the project

913
00:44:36,050 --> 00:44:34,260

that he was working in support of I mean

914

00:44:37,970 --> 00:44:36,060

it could be I'm not saying this is

915

00:44:40,190 --> 00:44:37,980

anything related to what he's claiming

916

00:44:41,990 --> 00:44:40,200

or what he may have done but as an

917

00:44:44,150 --> 00:44:42,000

example of what a support electrical

918

00:44:45,710 --> 00:44:44,160

Tech would do if you were setting up an

919

00:44:47,510 --> 00:44:45,720

experiment and he needed to have an

920

00:44:49,370 --> 00:44:47,520

interface module to go between the

921

00:44:51,290 --> 00:44:49,380

detectors that were being used

922

00:44:52,790 --> 00:44:51,300

interfacing into the computer and

923

00:44:55,370 --> 00:44:52,800

putting that system together and the

924

00:44:57,950 --> 00:44:55,380

cabling that would be an example

925

00:45:00,589 --> 00:44:57,960

not what he may have done but what a

926
00:45:02,270 --> 00:45:00,599
Support Tech would do author was the lab

927
00:45:04,190 --> 00:45:02,280
closed to the public would you have had

928
00:45:06,290 --> 00:45:04,200
to go through security to get there

929
00:45:07,670 --> 00:45:06,300
John jarmer says yes you would have to

930
00:45:09,410 --> 00:45:07,680
have a clearance and a badge to be able

931
00:45:11,690 --> 00:45:09,420
to get into the site where I worked

932
00:45:13,910 --> 00:45:11,700
authors so he would have had a clearance

933
00:45:15,650 --> 00:45:13,920
John I don't know the status of any of

934
00:45:17,510 --> 00:45:15,660
the clearance he would have had but you

935
00:45:20,210 --> 00:45:17,520
did have to show your ID badge in order

936
00:45:21,710 --> 00:45:20,220
to have access to the site author did

937
00:45:24,710 --> 00:45:21,720
you have any experience with him what

938
00:45:27,230 --> 00:45:24,720

was your read on him John jarmer says he

939

00:45:30,230 --> 00:45:27,240

was there for a limited period of time

940

00:45:32,030 --> 00:45:30,240

and he didn't overly impress me as being

941

00:45:33,470 --> 00:45:32,040

the sharpest knife in the drawer or

942

00:45:36,530 --> 00:45:33,480

anything like that

943

00:45:38,150 --> 00:45:36,540

that's what I'll leave it at author

944

00:45:39,170 --> 00:45:38,160

you were there for the whole time that

945

00:45:41,990 --> 00:45:39,180

he was there

946

00:45:43,609 --> 00:45:42,000

John jarmer says I retired in 2006 so

947

00:45:46,130 --> 00:45:43,619

that span I was there would have covered

948

00:45:47,750 --> 00:45:46,140

the time he was there author I have

949

00:45:49,430 --> 00:45:47,760

heard the reason Bob lost his job is

950

00:45:51,890 --> 00:45:49,440

that he was using government property to

951
00:45:54,050 --> 00:45:51,900
work on personal projects John Dormer

952
00:45:56,030 --> 00:45:54,060
goes on to say I don't have a comment

953
00:45:57,950 --> 00:45:56,040
relative to that

954
00:46:01,190 --> 00:45:57,960
a brief follow-up was conducted in

955
00:46:03,050 --> 00:46:01,200
January of 2022. John says when he

956
00:46:05,150 --> 00:46:03,060
worked for my section I can't even

957
00:46:07,309 --> 00:46:05,160
remember the length of time but it

958
00:46:09,170 --> 00:46:07,319
wasn't too long but I can't make any

959
00:46:11,030 --> 00:46:09,180
comment on what happened after he wasn't

960
00:46:13,910 --> 00:46:11,040
working with us

961
00:46:16,190 --> 00:46:13,920
when I say us I mean myself and the

962
00:46:18,650 --> 00:46:16,200
technicians that were working with me

963
00:46:20,450 --> 00:46:18,660

author but he worked as an electrical

964

00:46:23,450 --> 00:46:20,460

technician in the capacity in your lab

965

00:46:25,190 --> 00:46:23,460

John yes that's correct author would you

966

00:46:28,309 --> 00:46:25,200

have any release reason to believe that

967

00:46:30,890 --> 00:46:28,319

he moved into a higher role John jarmer

968

00:46:33,470 --> 00:46:30,900

no as I said when he stopped working

969

00:46:35,569 --> 00:46:33,480

with us he was I'll use the term a

970

00:46:37,730 --> 00:46:35,579

temporary guy that was working with us

971

00:46:39,589 --> 00:46:37,740

after he stopped working with us I

972

00:46:40,550 --> 00:46:39,599

didn't follow him in any way form or

973

00:46:42,710 --> 00:46:40,560

fashion

974

00:46:44,690 --> 00:46:42,720

I got on with that detailed work that

975

00:46:47,150 --> 00:46:44,700

our section was involved in and moved on

976
00:46:49,190 --> 00:46:47,160
from that point if he worked at the lab

977
00:46:51,109 --> 00:46:49,200
after he worked for us in the polarized

978
00:46:52,490 --> 00:46:51,119
Target section then he would be able to

979
00:46:55,970 --> 00:46:52,500
give the name of the group or

980
00:46:59,329 --> 00:46:57,770
author did you happen to remember the

981
00:47:01,970 --> 00:46:59,339
name of the other technician that worked

982
00:47:04,309 --> 00:47:01,980
with Bob I believe Joe vianetti was one

983
00:47:06,530 --> 00:47:04,319
of them but my understanding was there

984
00:47:09,349 --> 00:47:06,540
were three

985
00:47:11,030 --> 00:47:09,359
John jarmer says Joe vianetti was one

986
00:47:13,309 --> 00:47:11,040
for sure I would have to think about

987
00:47:15,710 --> 00:47:13,319
that for a while before I could say who

988
00:47:19,190 --> 00:47:15,720

the other technicians are so here we

989

00:47:23,089 --> 00:47:19,200

have the actual person who was Bob

990

00:47:25,190 --> 00:47:23,099

lazar's boss at this lab who says he

991

00:47:27,770 --> 00:47:25,200

wasn't a physicist he didn't move up

992

00:47:29,510 --> 00:47:27,780

near as he could tell and that if he was

993

00:47:30,890 --> 00:47:29,520

a physicist hey he should be able to

994

00:47:32,569 --> 00:47:30,900

show your credentials but of course he

995

00:47:35,329 --> 00:47:32,579

can't show his credentials Bob Lazar

996

00:47:40,670 --> 00:47:35,339

because his credentials are fake

997

00:47:46,970 --> 00:47:44,030

the sound of Bob lazars lies are coming

998

00:47:49,910 --> 00:47:46,980

crashing down here like I said now we've

999

00:47:52,309 --> 00:47:49,920

got three strikes education fake

1000

00:47:54,410 --> 00:47:52,319

being a scientist fake

1001
00:47:57,109 --> 00:47:54,420
claiming he was a physicist at a very

1002
00:47:58,970 --> 00:47:57,119
prestigious lab fake

1003
00:48:00,530 --> 00:47:58,980
all right next

1004
00:48:02,150 --> 00:48:00,540
the researcher gets into an

1005
00:48:04,309 --> 00:48:02,160
administrator the second former lab

1006
00:48:06,170 --> 00:48:04,319
employee he identified who worked with

1007
00:48:08,329 --> 00:48:06,180
Bob had multiple roles at the lab but

1008
00:48:11,390 --> 00:48:08,339
engaged with Bob in an administrative

1009
00:48:12,890 --> 00:48:11,400
role I am not able to mention what role

1010
00:48:15,230 --> 00:48:12,900
specifically is you do not want to be

1011
00:48:17,690 --> 00:48:15,240
identified I will refer to him as Fred

1012
00:48:19,430 --> 00:48:17,700
but this is a corroborating witness that

1013
00:48:21,829 --> 00:48:19,440

this person verified the employment of

1014

00:48:23,990 --> 00:48:21,839

and believes is a very good source we

1015

00:48:26,030 --> 00:48:24,000

talked about this today author does the

1016

00:48:29,569 --> 00:48:26,040

name Bob Lazar ring any bells Fred yeah

1017

00:48:32,030 --> 00:48:29,579

author it does Fred it does

1018

00:48:33,710 --> 00:48:32,040

author I spoke to John jarmer he did

1019

00:48:35,750 --> 00:48:33,720

remember Bob and was able to tell me a

1020

00:48:37,609 --> 00:48:35,760

little bit about his recollection

1021

00:48:40,670 --> 00:48:37,619

but I was hoping you might be able to

1022

00:48:42,589 --> 00:48:40,680

tell me a little bit more Fred I am

1023

00:48:44,390 --> 00:48:42,599

really reluctant to get into that I was

1024

00:48:46,790 --> 00:48:44,400

describes role in relation to John's

1025

00:48:48,109 --> 00:48:46,800

laboratory so yes I know the person in

1026

00:48:49,670 --> 00:48:48,119

question but I really don't want to get

1027

00:48:52,130 --> 00:48:49,680

involved in anything having to do with

1028

00:48:54,230 --> 00:48:52,140

him author

1029

00:48:56,270 --> 00:48:54,240

I'm really trying to get a sense for who

1030

00:48:57,109 --> 00:48:56,280

Bob was and the kind of role that he had

1031

00:48:59,270 --> 00:48:57,119

there

1032

00:49:01,069 --> 00:48:59,280

and even if you were to tell me that

1033

00:49:02,809 --> 00:49:01,079

completely off the record I would be

1034

00:49:04,970 --> 00:49:02,819

very curious to hear about that and I do

1035

00:49:07,970 --> 00:49:04,980

understand the hesitance Fred

1036

00:49:10,549 --> 00:49:07,980

okay the really short part of the answer

1037

00:49:13,670 --> 00:49:10,559

is that Bob is very smart but a crooked

1038

00:49:15,230 --> 00:49:13,680

bent person I don't believe he had I

1039

00:49:17,150 --> 00:49:15,240

don't even know that he finished high

1040

00:49:19,130 --> 00:49:17,160

school he certainly had no college

1041

00:49:21,950 --> 00:49:19,140

education and he never worked for Los

1042

00:49:24,349 --> 00:49:21,960

Alamos laboratory okay he was employed

1043

00:49:26,690 --> 00:49:24,359

by Butler Fred later clarified he met

1044

00:49:29,329 --> 00:49:26,700

Kirk Meyer who supplied contract

1045

00:49:31,609 --> 00:49:29,339

technicians to the laboratory and beyond

1046

00:49:33,410 --> 00:49:31,619

that you know I've heard that he had

1047

00:49:36,309 --> 00:49:33,420

some stuff that's been published and

1048

00:49:38,750 --> 00:49:36,319

most of it is fantasy

1049

00:49:39,770 --> 00:49:38,760

he worked at the laboratory for a short

1050

00:49:42,710 --> 00:49:39,780

time

1051

00:49:44,569 --> 00:49:42,720

got cross-wise with the management

1052

00:49:48,049 --> 00:49:44,579

because he was missing the laboratory

1053

00:49:48,059 --> 00:49:52,370

and so they let him go

1054

00:49:56,210 --> 00:49:54,170

which was easy because he didn't work

1055

00:49:58,790 --> 00:49:56,220

for the lab

1056

00:50:01,190 --> 00:49:58,800

back in the late 70s early 80s there was

1057

00:50:04,309 --> 00:50:01,200

a U.S government supported thing called

1058

00:50:06,650 --> 00:50:04,319

the Watts wide area telephone service

1059

00:50:09,349 --> 00:50:06,660

and if you had an access number you

1060

00:50:10,790 --> 00:50:09,359

would get on and call pretty much

1061

00:50:13,069 --> 00:50:10,800

anywhere in the country without any

1062

00:50:16,130 --> 00:50:13,079

charge and so he was running some kind

1063

00:50:18,770 --> 00:50:16,140

of business using the telephone system

1064

00:50:21,829 --> 00:50:18,780

author just to be clear he was not a

1065

00:50:23,569 --> 00:50:21,839

physicist at the land Fred no

1066

00:50:25,730 --> 00:50:23,579

author do you know how long he worked

1067

00:50:28,010 --> 00:50:25,740

there for Fred a matter of a few months

1068

00:50:30,530 --> 00:50:28,020

and then again it's been 40 years it was

1069

00:50:34,010 --> 00:50:30,540

less than a year author Bob's wife also

1070

00:50:36,950 --> 00:50:34,020

worked the lab her name was Carol Lazar

1071

00:50:38,809 --> 00:50:36,960

Fred yep again as a contract technician

1072

00:50:41,150 --> 00:50:38,819

so here we have a new revelation that

1073

00:50:42,770 --> 00:50:41,160

Bob's first wife uh the one who

1074

00:50:45,109 --> 00:50:42,780

committed suicide

1075

00:50:46,970 --> 00:50:45,119

also worked at the lab as a contract

1076

00:50:49,069 --> 00:50:46,980

technician according to this Source

1077

00:50:51,349 --> 00:50:49,079

author I was told she had the contract

1078

00:50:55,130 --> 00:50:51,359

to help fix Alpha probes do you have an

1079

00:50:56,870 --> 00:50:55,140

awareness of that Fred says to fix what

1080

00:50:59,870 --> 00:50:56,880

author I guess they had a contract to

1081

00:51:02,210 --> 00:50:59,880

fix Alpha radiation probes Fred yes the

1082

00:51:04,910 --> 00:51:02,220

detectors they basically had a thin foil

1083

00:51:06,650 --> 00:51:04,920

window which was easily damaged and they

1084

00:51:09,109 --> 00:51:06,660

had set up to replace those bruised

1085

00:51:10,670 --> 00:51:09,119

Windows author do you have any

1086

00:51:12,950 --> 00:51:10,680

recollection of anything that happened

1087

00:51:15,650 --> 00:51:12,960

after he left the lab

1088

00:51:17,690 --> 00:51:15,660

Fred well he did run a one hour photo

1089

00:51:19,549 --> 00:51:17,700

processing business at some point he

1090

00:51:21,589 --> 00:51:19,559

shut that down and left

1091

00:51:23,329 --> 00:51:21,599

when asked who else worked with Bob and

1092

00:51:25,430 --> 00:51:23,339

would be worth speaking to Fred referred

1093

00:51:27,650 --> 00:51:25,440

me to Joe vianetti as he was one of the

1094

00:51:29,750 --> 00:51:27,660

other two technicians in drummer's Lab

1095

00:51:31,910 --> 00:51:29,760

at the time Bob worked there I

1096

00:51:34,309 --> 00:51:31,920

identified and interviewed one more

1097

00:51:36,349 --> 00:51:34,319

former lab employee who worked in a

1098

00:51:38,930 --> 00:51:36,359

scientific role in the Mason physics

1099

00:51:40,730 --> 00:51:38,940

facility and knew of Bob Lazar though

1100

00:51:42,530 --> 00:51:40,740

only because he had worked closely with

1101
00:51:45,049 --> 00:51:42,540
John Jarmer and he had heard about Bob

1102
00:51:47,150 --> 00:51:45,059
through him and other colleagues in a

1103
00:51:48,829 --> 00:51:47,160
water cooler setting he did not want to

1104
00:51:50,870 --> 00:51:48,839
be identified due to the nature of the

1105
00:51:52,130 --> 00:51:50,880
conversation we'll refer to him as Henry

1106
00:51:55,730 --> 00:51:52,140
the following excerpts of the interview

1107
00:51:58,490 --> 00:51:55,740
conducted January of 2022. author do you

1108
00:51:59,990 --> 00:51:58,500
recognize the name Bob Lazar Henry is he

1109
00:52:02,329 --> 00:52:00,000
possibly the guy that was out at Las

1110
00:52:04,309 --> 00:52:02,339
Vegas that's right that would be the one

1111
00:52:06,589 --> 00:52:04,319
Henry I've heard of the name heard a few

1112
00:52:07,910 --> 00:52:06,599
things about him Arthur I've talked to a

1113
00:52:09,950 --> 00:52:07,920

couple of people at the lab who do

1114

00:52:11,630 --> 00:52:09,960

remember him I was wondering if you have

1115

00:52:13,609 --> 00:52:11,640

any recollection of the time he was

1116

00:52:16,190 --> 00:52:13,619

there or what he might have done Henry

1117

00:52:19,250 --> 00:52:16,200

you know I was there from what 72 to I

1118

00:52:20,990 --> 00:52:19,260

guess 2008 well but most of the time I

1119

00:52:23,930 --> 00:52:21,000

was always out at the linear accelerator

1120

00:52:24,890 --> 00:52:23,940

and mostly to do in an engineering

1121

00:52:27,170 --> 00:52:24,900

department

1122

00:52:28,609 --> 00:52:27,180

I heard his name you know bandied about

1123

00:52:31,670 --> 00:52:28,619

a few times but I really don't know

1124

00:52:33,410 --> 00:52:31,680

anything about him there

1125

00:52:35,030 --> 00:52:33,420

Arthur do you remember anything you

1126
00:52:35,930 --> 00:52:35,040
heard about him while he was working at

1127
00:52:38,150 --> 00:52:35,940
the lab

1128
00:52:39,890 --> 00:52:38,160
Henry well unfortunately one guy I know

1129
00:52:42,290 --> 00:52:39,900
that worked with him for a while was Joe

1130
00:52:45,770 --> 00:52:42,300
King he got killed in a motorcycle wreck

1131
00:52:47,809 --> 00:52:45,780
was joking a technician yes author I

1132
00:52:50,750 --> 00:52:47,819
know there were three technicians Joe V

1133
00:52:52,910 --> 00:52:50,760
and Eddie Bob and one more yeah I knew

1134
00:52:55,250 --> 00:52:52,920
Henry says yeah I knew viennetti another

1135
00:52:57,650 --> 00:52:55,260
tech that worked there for a long time

1136
00:52:59,630 --> 00:52:57,660
was Joe King but Joe got killed in a

1137
00:53:01,130 --> 00:52:59,640
motorcycle wreck God I don't know 20

1138
00:53:04,970 --> 00:53:01,140

years ago I guess

1139

00:53:07,309 --> 00:53:04,980

or more up here somehow somewhere

1140

00:53:08,870 --> 00:53:07,319

uh the author tells Henry about the

1141

00:53:10,130 --> 00:53:08,880

conversation with John jarmer and asked

1142

00:53:12,829 --> 00:53:10,140

him if John had ever shared anything

1143

00:53:14,150 --> 00:53:12,839

about Bob Henry says yeah I had John

1144

00:53:16,730 --> 00:53:14,160

mention it because I worked with John

1145

00:53:19,370 --> 00:53:16,740

for a long long time I know John didn't

1146

00:53:22,069 --> 00:53:19,380

seem to have a high opinion of Bob says

1147

00:53:24,710 --> 00:53:22,079

the author Henry says yes I think I

1148

00:53:26,809 --> 00:53:24,720

would probably say that I believe that

1149

00:53:29,690 --> 00:53:26,819

that would be John's opinion author did

1150

00:53:32,809 --> 00:53:29,700

he tell you anything specific or just

1151

00:53:35,089 --> 00:53:32,819

Bob's General work Henry no just the

1152

00:53:36,770 --> 00:53:35,099

only thing he ever said mostly was the

1153

00:53:39,290 --> 00:53:36,780

work ethic which apparently he didn't

1154

00:53:41,390 --> 00:53:39,300

think was very high and John believed in

1155

00:53:44,290 --> 00:53:41,400

John was out there many hours every day

1156

00:53:46,670 --> 00:53:44,300

he believed in working

1157

00:53:48,530 --> 00:53:46,680

author Bob wrote a book a couple of

1158

00:53:50,750 --> 00:53:48,540

years and talked about pulling I guess

1159

00:53:53,870 --> 00:53:50,760

pranks the lab which would be I think

1160

00:53:55,309 --> 00:53:53,880

would be frowned upon Henry says yeah

1161

00:53:56,750 --> 00:53:55,319

there was a lot of stuff out there that

1162

00:53:59,450 --> 00:53:56,760

didn't go over real well with those

1163

00:54:01,370 --> 00:53:59,460

there were some fairly serious people

1164

00:54:02,990 --> 00:54:01,380

and you know doing some fairly serious

1165

00:54:05,569 --> 00:54:03,000

work so that sort of thing was frowned

1166

00:54:07,130 --> 00:54:05,579

upon pretty highly author from what I

1167

00:54:09,349 --> 00:54:07,140

understand he worked there for less than

1168

00:54:11,809 --> 00:54:09,359

a year Henry yeah it was very short

1169

00:54:14,150 --> 00:54:11,819

pretty short span I'd heard a few things

1170

00:54:16,130 --> 00:54:14,160

but that was you know old lab Grapevine

1171

00:54:17,990 --> 00:54:16,140

author would you be able to share with

1172

00:54:20,150 --> 00:54:18,000

me anything you heard even things that

1173

00:54:22,490 --> 00:54:20,160

were water cooler talk Henry the only

1174

00:54:24,650 --> 00:54:22,500

thing I can remember ever really hearing

1175

00:54:26,390 --> 00:54:24,660

was you know the guy didn't he didn't do

1176
00:54:28,069 --> 00:54:26,400
anything while he was there apparently

1177
00:54:30,950 --> 00:54:28,079
and I know that

1178
00:54:33,290 --> 00:54:30,960
was what John thought and that he was a

1179
00:54:34,670 --> 00:54:33,300
complete waste of time author I spoke

1180
00:54:36,589 --> 00:54:34,680
with another man who had worked around

1181
00:54:38,450 --> 00:54:36,599
Bob and he told me

1182
00:54:40,010 --> 00:54:38,460
was that the some point Bob had been

1183
00:54:42,109 --> 00:54:40,020
making long-distance calls on the

1184
00:54:43,849 --> 00:54:42,119
laboratory phones to run a side business

1185
00:54:45,349 --> 00:54:43,859
and from what his other gentleman said

1186
00:54:47,450 --> 00:54:45,359
Bob had been going

1187
00:54:49,430 --> 00:54:47,460
after using the phone system for his

1188
00:54:51,410 --> 00:54:49,440

side business had come to light or he

1189

00:54:53,390 --> 00:54:51,420

had been let go after using the phone

1190

00:54:56,809 --> 00:54:53,400

system for a side business I'd come to

1191

00:54:59,329 --> 00:54:56,819

light or come to management attention

1192

00:55:00,950 --> 00:54:59,339

Henry I remember at the lab there was a

1193

00:55:03,289 --> 00:55:00,960

number of people that left under similar

1194

00:55:05,329 --> 00:55:03,299

circumstances they thought that would be

1195

00:55:07,010 --> 00:55:05,339

okay there were people that seemed to

1196

00:55:09,349 --> 00:55:07,020

think that because the government was

1197

00:55:10,970 --> 00:55:09,359

paying for it that it was okay author

1198

00:55:12,890 --> 00:55:10,980

you know it's funny the lab directory

1199

00:55:15,109 --> 00:55:12,900

specifically talks about making personal

1200

00:55:16,370 --> 00:55:15,119

long-distance calls it does seem that

1201
00:55:18,049 --> 00:55:16,380
they had multiple

1202
00:55:20,569 --> 00:55:18,059
they had maybe run into that problem

1203
00:55:25,670 --> 00:55:23,569
Henry they definitely did

1204
00:55:27,710 --> 00:55:25,680
there were I remember places out there

1205
00:55:28,670 --> 00:55:27,720
where you know there you would be in the

1206
00:55:31,069 --> 00:55:28,680
phones and buildings that had

1207
00:55:33,230 --> 00:55:31,079
experiments in them before and as long

1208
00:55:34,970 --> 00:55:33,240
as the system was still operable there

1209
00:55:36,829 --> 00:55:34,980
would be horrendous bills run up you

1210
00:55:39,710 --> 00:55:36,839
know everywhere in the world and I know

1211
00:55:41,510 --> 00:55:39,720
that kind of thing went on

1212
00:55:43,190 --> 00:55:41,520
something I heard from many scientists

1213
00:55:45,349 --> 00:55:43,200

and staff who had worked at Los Alamos

1214

00:55:47,569 --> 00:55:45,359

during the time Bob was there but Bob

1215

00:55:50,150 --> 00:55:47,579

had been a physicist working in the

1216

00:55:52,190 --> 00:55:50,160

polarized proton section they would have

1217

00:55:54,349 --> 00:55:52,200

known him the very fact that they do not

1218

00:55:56,690 --> 00:55:54,359

know him was near proof they told me

1219

00:55:58,849 --> 00:55:56,700

that Bob was not a physicist there Los

1220

00:56:00,589 --> 00:55:58,859

Alamos physicist Earl Hoffman had this

1221

00:56:03,049 --> 00:56:00,599

to say when asked about his memory of

1222

00:56:04,849 --> 00:56:03,059

babazar here's another on the record

1223

00:56:07,430 --> 00:56:04,859

Source now we have another physicist

1224

00:56:10,609 --> 00:56:07,440

that worked at Los Alamos that will

1225

00:56:13,609 --> 00:56:10,619

contradict Bob Lazar and his fake

1226

00:56:16,250 --> 00:56:13,619

stories of being a real scientist

1227

00:56:18,530 --> 00:56:16,260

so Earl Hoffman goes on to say my

1228

00:56:20,510 --> 00:56:18,540

recollection was he was a technician

1229

00:56:22,549 --> 00:56:20,520

which would not be a physicist I'm sure

1230

00:56:25,190 --> 00:56:22,559

he wasn't a physicist because if he was

1231

00:56:27,530 --> 00:56:25,200

I would have known him well because I

1232

00:56:28,970 --> 00:56:27,540

was a physicist and let me back that up

1233

00:56:32,089 --> 00:56:28,980

just a little bit

1234

00:56:34,069 --> 00:56:32,099

he was at unintelligible we called it

1235

00:56:36,349 --> 00:56:34,079

that was the accelerator when I knew

1236

00:56:38,270 --> 00:56:36,359

about him and he was off in an adjacent

1237

00:56:40,130 --> 00:56:38,280

building which is a little bit separated

1238

00:56:42,770 --> 00:56:40,140

from the others I knew he was over there

1239

00:56:44,750 --> 00:56:42,780

because of his weird name because when

1240

00:56:47,510 --> 00:56:44,760

he fired that car up you could hear it

1241

00:56:50,690 --> 00:56:47,520

all over town and that's miles and I

1242

00:56:52,250 --> 00:56:50,700

think I think I never met him I would

1243

00:56:54,289 --> 00:56:52,260

put quite a bit of money on whether he

1244

00:56:56,510 --> 00:56:54,299

was a physicist or not and I would say

1245

00:56:58,309 --> 00:56:56,520

no I think he was a technician of some

1246

00:57:01,549 --> 00:56:58,319

sort but I couldn't even tell you what

1247

00:57:03,289 --> 00:57:01,559

kind of technician there we go another

1248

00:57:04,609 --> 00:57:03,299

physicist that says he was not a

1249

00:57:06,589 --> 00:57:04,619

physicist or I would have known him

1250

00:57:08,210 --> 00:57:06,599

another physicist who had especially

1251
00:57:11,809 --> 00:57:08,220
important reason to know Bob is Richard

1252
00:57:15,650 --> 00:57:11,819
Evans mishk misht worked as in

1253
00:57:17,630 --> 00:57:15,660
management in the Mason physics facility

1254
00:57:19,609 --> 00:57:17,640
during the time period Bob worked at the

1255
00:57:22,430 --> 00:57:19,619
lab and he was in charge of the hiring

1256
00:57:24,650 --> 00:57:22,440
process for the physicists here we go

1257
00:57:26,390 --> 00:57:24,660
friends now we've got the guy that

1258
00:57:28,609 --> 00:57:26,400
actually hires the physicists that work

1259
00:57:30,770 --> 00:57:28,619
on the lab and he's going to tell you

1260
00:57:31,789 --> 00:57:30,780
that bibles are lied he was never a

1261
00:57:34,010 --> 00:57:31,799
physicist

1262
00:57:36,049 --> 00:57:34,020
mesh holds a PhD in physics from

1263
00:57:38,410 --> 00:57:36,059

Princeton University and began his work

1264

00:57:41,450 --> 00:57:38,420

at Los Alamos National Laboratory in

1265

00:57:43,250 --> 00:57:41,460

1971. the following is an excerpt of an

1266

00:57:47,030 --> 00:57:43,260

interview conducted with mishk in the

1267

00:57:49,670 --> 00:57:47,040

July of 2021 meshk

1268

00:57:51,230 --> 00:57:49,680

what year was he supposedly working at

1269

00:57:54,109 --> 00:57:51,240

Los Alamos

1270

00:57:56,150 --> 00:57:54,119

author would have been in 1982 to 1985

1271

00:57:58,309 --> 00:57:56,160

at the most John jarmer told me that he

1272

00:57:59,750 --> 00:57:58,319

would have been there for no more than a

1273

00:58:01,789 --> 00:57:59,760

couple of months but less than a year

1274

00:58:03,710 --> 00:58:01,799

and there was a phone directory that has

1275

00:58:05,089 --> 00:58:03,720

his name on it he was a contractor for

1276

00:58:07,910 --> 00:58:05,099

Kirk Meyer

1277

00:58:10,010 --> 00:58:07,920

misk oh so he wasn't actually a lab

1278

00:58:12,470 --> 00:58:10,020

employee then see this is an important

1279

00:58:14,450 --> 00:58:12,480

part Bob Lazar doesn't say I worked as a

1280

00:58:16,309 --> 00:58:14,460

subcontractor for Los Alamos National

1281

00:58:18,650 --> 00:58:16,319

Lab he always says he worked at Los

1282

00:58:20,750 --> 00:58:18,660

Alamos National Lab that's not true he

1283

00:58:22,730 --> 00:58:20,760

worked as a subcontractor through Kirk

1284

00:58:24,829 --> 00:58:22,740

Meyer who only hired Electronics

1285

00:58:26,450 --> 00:58:24,839

technicians but here we go author he

1286

00:58:28,750 --> 00:58:26,460

claims he started as a technician and

1287

00:58:30,770 --> 00:58:28,760

became a physicist the only document

1288

00:58:33,170 --> 00:58:30,780

documentation says he was a contractor

1289

00:58:36,770 --> 00:58:33,180

for Kirk Meyer that aligns with what I

1290

00:58:38,450 --> 00:58:36,780

was told by John mishk okay so yeah that

1291

00:58:40,309 --> 00:58:38,460

I can say definitely I served in

1292

00:58:43,549 --> 00:58:40,319

management during that period And if he

1293

00:58:46,910 --> 00:58:43,559

had been a physicist I would have hired

1294

00:58:49,309 --> 00:58:46,920

him so that is I could say definitely

1295

00:58:52,730 --> 00:58:49,319

not credible

1296

00:58:55,609 --> 00:58:52,740

wow friends so we've got to let we've

1297

00:58:57,530 --> 00:58:55,619

got the lab technician that was his boss

1298

00:59:00,710 --> 00:58:57,540

saying he wasn't a physicist we've got

1299

00:59:02,289 --> 00:59:00,720

other sources that were verified but

1300

00:59:04,970 --> 00:59:02,299

wanted to remain off the Record

1301

00:59:06,950 --> 00:59:04,980

verifying no he wasn't a physicist he

1302

00:59:08,930 --> 00:59:06,960

was a technician now we've got the guy

1303

00:59:11,089 --> 00:59:08,940

who actually would have been responsible

1304

00:59:15,049 --> 00:59:11,099

for hiring him if he wasn't real

1305

00:59:17,210 --> 00:59:15,059

physicist saying no I never hired him so

1306

00:59:21,049 --> 00:59:17,220

that is I could say definitely not

1307

00:59:23,809 --> 00:59:21,059

credible now on to this doctor uh Robert

1308

00:59:25,370 --> 00:59:23,819

krangle who Jeremy Corbell claimed was

1309

00:59:27,829 --> 00:59:25,380

sure that Bob Bazaar was a real

1310

00:59:30,109 --> 00:59:27,839

physicist and a real scientist Dr

1311

00:59:31,849 --> 00:59:30,119

krangle is an MIT educated scientist who

1312

00:59:34,670 --> 00:59:31,859

has consulted for Los Alamos National

1313

00:59:36,890 --> 00:59:34,680

Laboratory at various times since 1980.

1314

00:59:38,510 --> 00:59:36,900

in the interview Cordell Krangle had the

1315

00:59:40,190 --> 00:59:38,520

following Exchange

1316

00:59:42,049 --> 00:59:40,200

Corbell what was your first interaction

1317

00:59:43,670 --> 00:59:42,059

with with Lazar

1318

00:59:44,930 --> 00:59:43,680

Krangle well it wasn't much of an

1319

00:59:46,789 --> 00:59:44,940

interaction it was one of those things

1320

00:59:48,410 --> 00:59:46,799

like security meetings you have to go to

1321

00:59:49,789 --> 00:59:48,420

that once a week every couple of weeks

1322

00:59:51,349 --> 00:59:49,799

and they give you the usual briefing

1323

00:59:53,750 --> 00:59:51,359

about don't talk about what you're doing

1324

00:59:56,150 --> 00:59:53,760

don't talk about what you see

1325

00:59:58,069 --> 00:59:56,160

so Lazar if you've seen him he kind of

1326

01:00:00,650 --> 00:59:58,079

stands out frankly I think he looks like

1327

01:00:03,170 --> 01:00:00,660

Hawkins he has the same British Norman

1328

01:00:05,930 --> 01:00:03,180

facial structure krangle goes on to say

1329

01:00:07,609 --> 01:00:05,940

we didn't work together but cafeteria

1330

01:00:09,170 --> 01:00:07,619

kind of things you'd pass him and some

1331

01:00:11,390 --> 01:00:09,180

of the Commander's call meetings you'd

1332

01:00:13,789 --> 01:00:11,400

pass him we didn't work together Corbell

1333

01:00:17,270 --> 01:00:13,799

was it your impression that he was a

1334

01:00:19,130 --> 01:00:17,280

concession stand salesman or a janitor

1335

01:00:20,930 --> 01:00:19,140

krangle he was dressed wrong to be a

1336

01:00:23,390 --> 01:00:20,940

janitor Corbell so how did you know Bob

1337

01:00:25,849 --> 01:00:23,400

in what capacity was he there working

1338

01:00:27,710 --> 01:00:25,859

from your knowledge what was he crankle

1339

01:00:29,390 --> 01:00:27,720

well he was a physicist which I'm a

1340

01:00:31,490 --> 01:00:29,400

physicist we kind of recognize each

1341

01:00:33,530 --> 01:00:31,500

other you know it's a classic pocket

1342

01:00:36,470 --> 01:00:33,540

condom and all that proper from colored

1343

01:00:38,150 --> 01:00:36,480

pens he fit that mold if nobody would

1344

01:00:40,069 --> 01:00:38,160

have told me he's a physicist one look

1345

01:00:42,710 --> 01:00:40,079

he's a physicist he's properly dressed

1346

01:00:44,510 --> 01:00:42,720

in geekedom so apparently Mr krangle's

1347

01:00:46,190 --> 01:00:44,520

only proof that babazar was a physicist

1348

01:00:48,410 --> 01:00:46,200

is that he had pens and a pocket

1349

01:00:50,930 --> 01:00:48,420

protector but Corbell ran with this like

1350

01:00:54,109 --> 01:00:50,940

this was the Holy Grail proving all of

1351
01:00:55,670 --> 01:00:54,119
Bob Lazar's Lies True Korbelt did people

1352
01:00:58,069 --> 01:00:55,680
tell you he was a physicist was that

1353
01:00:59,450 --> 01:00:58,079
ever explained to you krangle in some

1354
01:01:01,549 --> 01:00:59,460
conversation somebody would be talking

1355
01:01:04,010 --> 01:01:01,559
about what somebody was doing and they'd

1356
01:01:06,289 --> 01:01:04,020
point over oh yeah that's him over there

1357
01:01:08,270 --> 01:01:06,299
Korbelt what was your impression of what

1358
01:01:11,030 --> 01:01:08,280
Bob was doing at Los Alamos in the 80s

1359
01:01:12,770 --> 01:01:11,040
krangle at the time I was there I really

1360
01:01:14,930 --> 01:01:12,780
didn't know what specifically Bob was

1361
01:01:17,210 --> 01:01:14,940
doing we didn't work together we simply

1362
01:01:19,069 --> 01:01:17,220
crossed paths and glancing view I didn't

1363
01:01:23,150 --> 01:01:19,079

know what he was up to any more than he

1364

01:01:25,370 --> 01:01:23,160

knew what I was up to Korbel but you did

1365

01:01:27,829 --> 01:01:25,380

know that he was a physicist krangel yes

1366

01:01:29,690 --> 01:01:27,839

Corbell and that was very clear to you

1367

01:01:32,510 --> 01:01:29,700

that he was a physicist at Los Alamos

1368

01:01:35,270 --> 01:01:32,520

and not like the janitor krangle right

1369

01:01:37,490 --> 01:01:35,280

so you know Jeremy corbel runs with this

1370

01:01:40,010 --> 01:01:37,500

so-called Smoking Gun proof that Bob

1371

01:01:41,809 --> 01:01:40,020

lazar's telling the truth uh and it's

1372

01:01:44,510 --> 01:01:41,819

very suspect because krangle doesn't

1373

01:01:47,630 --> 01:01:44,520

know what he did he doesn't know who he

1374

01:01:50,690 --> 01:01:47,640

worked for what lab he worked in uh and

1375

01:01:52,250 --> 01:01:50,700

we've got the on the record sources that

1376

01:01:54,650 --> 01:01:52,260

do know what lab he worked in and

1377

01:01:57,770 --> 01:01:54,660

exactly what he did Kringle didn't know

1378

01:01:59,930 --> 01:01:57,780

he worked as a consultant there not an

1379

01:02:01,970 --> 01:01:59,940

everyday employee

1380

01:02:03,529 --> 01:02:01,980

so the author goes on estate after

1381

01:02:05,089 --> 01:02:03,539

speaking with Bob's former colleagues

1382

01:02:07,069 --> 01:02:05,099

and other employees at Los Alamos

1383

01:02:08,750 --> 01:02:07,079

National Laboratory I contacted Dr

1384

01:02:10,849 --> 01:02:08,760

Kringle to clarify his statements to

1385

01:02:13,309 --> 01:02:10,859

corbel regarding

1386

01:02:15,890 --> 01:02:13,319

Bob the following are some excerpts from

1387

01:02:17,750 --> 01:02:15,900

that conversation kringle there was a

1388

01:02:19,370 --> 01:02:17,760

certain certain pecking order to

1389

01:02:20,930 --> 01:02:19,380

appearance technicians were usually more

1390

01:02:22,910 --> 01:02:20,940

of a blue collar guys and actually

1391

01:02:25,069 --> 01:02:22,920

looked that way the engineers were the

1392

01:02:27,049 --> 01:02:25,079

typical particularly here in New Mexico

1393

01:02:28,549 --> 01:02:27,059

Engineers you could pick them out and

1394

01:02:31,250 --> 01:02:28,559

you can pick them out in New York second

1395

01:02:34,430 --> 01:02:31,260

white shirt pocket condom with a half a

1396

01:02:36,109 --> 01:02:34,440

dozen pen colors and a bolo tie and it

1397

01:02:38,569 --> 01:02:36,119

was pretty much the same thing between

1398

01:02:40,069 --> 01:02:38,579

Los Alamos and Sandia Labs you can

1399

01:02:41,510 --> 01:02:40,079

always pick out the engineers you could

1400

01:02:43,849 --> 01:02:41,520

pick out the technicians and it was

1401

01:02:46,250 --> 01:02:43,859

certainly and certainly who the janitor

1402

01:02:47,750 --> 01:02:46,260

was author I'm just curious given that

1403

01:02:49,910 --> 01:02:47,760

there are so many people who have said

1404

01:02:52,250 --> 01:02:49,920

you know I would have known if he was a

1405

01:02:53,750 --> 01:02:52,260

physicist there in fact I've you know

1406

01:02:56,029 --> 01:02:53,760

mentioned a lot of times to these people

1407

01:02:57,529 --> 01:02:56,039

they recognize the names is there anyone

1408

01:02:59,329 --> 01:02:57,539

in particular that gives you that level

1409

01:03:01,609 --> 01:02:59,339

of confidence to say I would bet my

1410

01:03:03,250 --> 01:03:01,619

money on him being a physicist krangle

1411

01:03:08,029 --> 01:03:03,260

says no

1412

01:03:10,730 --> 01:03:08,039

anything unequivocally oh absolutely he

1413

01:03:12,710 --> 01:03:10,740

was a physicist no author as far as you

1414

01:03:14,630 --> 01:03:12,720

would say that he was a physicist is

1415

01:03:17,569 --> 01:03:14,640

just seeing him there and what he was

1416

01:03:19,370 --> 01:03:17,579

wearing crangal yeah like I said there

1417

01:03:21,289 --> 01:03:19,380

was a kind of dress pecking order and

1418

01:03:23,270 --> 01:03:21,299

that white shirt and pocket on him with

1419

01:03:26,150 --> 01:03:23,280

multiple pens yeah that's not the

1420

01:03:28,190 --> 01:03:26,160

janitor so apparently Mr krangle's only

1421

01:03:30,470 --> 01:03:28,200

indication that babazar was a scientist

1422

01:03:32,329 --> 01:03:30,480

is that Bob wore a white shirt a pocket

1423

01:03:35,270 --> 01:03:32,339

condom and had a bunch of pens like all

1424

01:03:38,329 --> 01:03:35,280

the you know physicist nerds doesn't

1425

01:03:40,789 --> 01:03:38,339

prove anything and corbel ran with this

1426

01:03:43,730 --> 01:03:40,799

and now corbel's gonna have to explain

1427

01:03:45,470 --> 01:03:43,740

this author I did not have you on my

1428

01:03:47,569 --> 01:03:45,480

list to give you a call because you were

1429

01:03:49,609 --> 01:03:47,579

certain that Bob was a physicist crangle

1430

01:03:51,650 --> 01:03:49,619

no I was certain that Bob was up there

1431

01:03:54,349 --> 01:03:51,660

one of the comments I certainly made to

1432

01:03:55,309 --> 01:03:54,359

him Corbell was yes I saw certainly saw

1433

01:03:57,829 --> 01:03:55,319

him there

1434

01:03:59,450 --> 01:03:57,839

that he definitely wasn't a janitor

1435

01:04:01,089 --> 01:03:59,460

when asked specifically about the

1436

01:04:03,650 --> 01:04:01,099

statements he had made to Jeremy Corbell

1437

01:04:06,049 --> 01:04:03,660

Dr krangle said that he didn't recall

1438

01:04:08,690 --> 01:04:06,059

making statements that he was certain

1439

01:04:10,250 --> 01:04:08,700

Lazar was a physicist Kringle I don't

1440

01:04:12,529 --> 01:04:10,260

remember saying that I do certainly

1441

01:04:14,990 --> 01:04:12,539

remember saying he certainly wasn't the

1442

01:04:18,049 --> 01:04:15,000

janitor if I said unequivocally that he

1443

01:04:19,970 --> 01:04:18,059

was a physicist then I think that would

1444

01:04:22,490 --> 01:04:19,980

have been wrong

1445

01:04:24,109 --> 01:04:22,500

so is this another case of Jeremy

1446

01:04:26,329 --> 01:04:24,119

Corbell putting words in people's mouth

1447

01:04:27,710 --> 01:04:26,339

that they don't recall saying we've got

1448

01:04:29,569 --> 01:04:27,720

two here

1449

01:04:31,250 --> 01:04:29,579

in the course of conducting interviews I

1450

01:04:32,809 --> 01:04:31,260

spoke with dozens of former Los Alamos

1451

01:04:34,549 --> 01:04:32,819

employees and asked whether it was the

1452

01:04:35,870 --> 01:04:34,559

case that there was a pecking order or a

1453

01:04:37,910 --> 01:04:35,880

typical way that physicists or

1454

01:04:39,770 --> 01:04:37,920

technicians would dress not a single

1455

01:04:41,630 --> 01:04:39,780

former lab employee confirmed that on

1456

01:04:43,370 --> 01:04:41,640

the contrary I was told by every lab

1457

01:04:45,529 --> 01:04:43,380

employee I spoke with that the

1458

01:04:47,089 --> 01:04:45,539

suggestion was completely unfounded and

1459

01:04:49,190 --> 01:04:47,099

that employees in those roles would

1460

01:04:51,049 --> 01:04:49,200

dress however they wanted and it was not

1461

01:04:52,670 --> 01:04:51,059

possible to differentiate between a

1462

01:04:54,049 --> 01:04:52,680

technician or a physicist by the way

1463

01:04:56,270 --> 01:04:54,059

they dressed

1464

01:05:00,349 --> 01:04:56,280

and I would agree with that

1465

01:05:02,870 --> 01:05:00,359

uh you know I I worked someplace uh and

1466

01:05:05,870 --> 01:05:02,880

and there was a lot of uh super

1467

01:05:08,390 --> 01:05:05,880

science science guys and big brain

1468

01:05:10,309 --> 01:05:08,400

scientists and some of them dressed with

1469

01:05:12,349 --> 01:05:10,319

a suit and tie every day and some of

1470

01:05:16,130 --> 01:05:12,359

them dressed in flip-flops and hippie

1471

01:05:18,109 --> 01:05:16,140

clothes and uh you know dirty jeans I

1472

01:05:19,970 --> 01:05:18,119

couldn't tell who was a scientist or not

1473

01:05:22,370 --> 01:05:19,980

where I was but that's just my

1474

01:05:25,010 --> 01:05:22,380

experience it appears that Mr kringle's

1475

01:05:27,109 --> 01:05:25,020

only determination for how he decided

1476

01:05:29,150 --> 01:05:27,119

Bob Lazar was a scientist was he had to

1477

01:05:31,730 --> 01:05:29,160

write shirt on and a pocket protector

1478

01:05:33,470 --> 01:05:31,740

like the other science guys

1479

01:05:36,230 --> 01:05:33,480

I don't know

1480

01:05:37,670 --> 01:05:36,240

so the author here goes out of state I

1481

01:05:39,349 --> 01:05:37,680

have not been able to locate any work

1482

01:05:41,150 --> 01:05:39,359

product or original research papers from

1483

01:05:43,609 --> 01:05:41,160

Los Alamos National Lab listing Bob

1484

01:05:46,430 --> 01:05:43,619

Lazar as an author nor any documentation

1485

01:05:49,069 --> 01:05:46,440

of lamp group meeting or Workshop

1486

01:05:51,109 --> 01:05:49,079

attendance by Bob Lazar I was able to

1487

01:05:54,109 --> 01:05:51,119

find this kind of documentation for

1488

01:05:56,210 --> 01:05:54,119

every other physicist I interviewed so

1489

01:05:58,490 --> 01:05:56,220

isn't that nice there's a see there's a

1490

01:05:59,990 --> 01:05:58,500

paper trail and this author was able to

1491

01:06:01,670 --> 01:06:00,000

prove that every other physicist he

1492

01:06:04,010 --> 01:06:01,680

interviewed from Los Alamos you could

1493

01:06:05,809 --> 01:06:04,020

find paperwork that showed they were in

1494

01:06:08,270 --> 01:06:05,819

meetings or Workshop attendance there

1495

01:06:11,329 --> 01:06:08,280

was no paperwork for Bob Lazar more

1496

01:06:14,569 --> 01:06:11,339

proof he was never a scientist not at

1497

01:06:17,510 --> 01:06:14,579

Los Alamos nowhere it was an Electronics

1498

01:06:19,370 --> 01:06:17,520

technician

1499

01:06:21,109 --> 01:06:19,380

next the author goes on a state I

1500

01:06:22,730 --> 01:06:21,119

reached out to investigative reporter

1501

01:06:24,349 --> 01:06:22,740

George Knapp to share these interviews

1502

01:06:26,450 --> 01:06:24,359

with Bob's former colleagues at Los

1503

01:06:29,390 --> 01:06:26,460

Alamos and asked for his comment Knapp

1504

01:06:31,789 --> 01:06:29,400

answered the phone then when I this is

1505

01:06:34,430 --> 01:06:31,799

very telling so George Knapp answers the

1506

01:06:36,289 --> 01:06:34,440

phone though when I told him that I had

1507

01:06:38,390 --> 01:06:36,299

spoken to multiple former colleagues of

1508

01:06:41,029 --> 01:06:38,400

Bob's at Los Alamos including his direct

1509

01:06:43,370 --> 01:06:41,039

Superior he said he had no interest in

1510

01:06:45,829 --> 01:06:43,380

it refused to speak about it and hung up

1511

01:06:47,870 --> 01:06:45,839

the phone isn't that nice the guy who's

1512

01:06:50,569 --> 01:06:47,880

been profiting from this story for 30

1513

01:06:52,609 --> 01:06:50,579

years doesn't even want to hear the

1514

01:06:55,010 --> 01:06:52,619

evidence that Bob Lazar lied about being

1515

01:06:56,930 --> 01:06:55,020

a scientist at Los Alamos does this

1516

01:06:59,510 --> 01:06:56,940

sound familiar

1517

01:07:01,670 --> 01:06:59,520

how would you not want to even hear the

1518

01:07:03,950 --> 01:07:01,680

evidence or maybe and this is my

1519

01:07:06,470 --> 01:07:03,960

speculation and I'm entitled to it

1520

01:07:08,990 --> 01:07:06,480

maybe just maybe George Knapp already

1521

01:07:10,910 --> 01:07:09,000

knew maybe he already talked to those

1522

01:07:13,190 --> 01:07:10,920

people and they told him the same thing

1523

01:07:17,390 --> 01:07:13,200

they told this researcher and that is

1524

01:07:19,849 --> 01:07:17,400

Bob Lazar was a low-level uh Electronics

1525

01:07:22,370 --> 01:07:19,859

technician he was never a scientist he

1526

01:07:25,130 --> 01:07:22,380

was never a physicist

1527

01:07:27,230 --> 01:07:25,140

the author finally here States I want to

1528

01:07:29,870 --> 01:07:27,240

go on uh to give special credit and

1529

01:07:31,789 --> 01:07:29,880

thanks to Reddit user Jack Frost 71 who

1530

01:07:35,029 --> 01:07:31,799

you guys may remember as Victor our

1531

01:07:37,490 --> 01:07:35,039

one-time guest here also a very great

1532

01:07:39,710 --> 01:07:37,500

researcher looking into Bob Lazar they

1533

01:07:41,029 --> 01:07:39,720

were integral integral in providing key

1534

01:07:42,710 --> 01:07:41,039

guidance and knowledge that allowed me

1535

01:07:44,270 --> 01:07:42,720

to develop leads and find many of the

1536

01:07:46,549 --> 01:07:44,280

sources I interviewed for this article

1537

01:07:48,770 --> 01:07:46,559

and the articles that will follow this

1538

01:07:50,510 --> 01:07:48,780

reporting would have not have been would

1539

01:07:53,809 --> 01:07:50,520

have not been possible without their

1540

01:07:54,950 --> 01:07:53,819

help and of course this is from signals

1541

01:07:57,770 --> 01:07:54,960

intelligence who we're going to be

1542

01:07:59,870 --> 01:07:57,780

having as a guest here shortly uh sorry

1543

01:08:01,849 --> 01:07:59,880

for the length of this and uh you know

1544

01:08:04,250 --> 01:08:01,859

I'm sorry to just read this without much

1545

01:08:05,630 --> 01:08:04,260

commentary but I thought that we could

1546

01:08:08,329 --> 01:08:05,640

do

1547

01:08:11,210 --> 01:08:08,339

uh yes uh Victor colliero is here

1548

01:08:13,609 --> 01:08:11,220

welcome Victor colliero who reminds me

1549

01:08:16,370 --> 01:08:13,619

don't forget Bob's marriage certificate

1550

01:08:19,430 --> 01:08:16,380

lists him as an electronics engineer and

1551

01:08:22,249 --> 01:08:19,440

that he was working as such at Fairchild

1552

01:08:24,590 --> 01:08:22,259

zincom right up to working Atlanta oh

1553

01:08:27,829 --> 01:08:24,600

and Bob's marriage certificate also says

1554

01:08:29,990 --> 01:08:27,839

that his highest grade completed was 12.

1555

01:08:35,990 --> 01:08:30,000

so

1556

01:08:37,789 --> 01:08:36,000

babazar was never a scientist you have

1557

01:08:40,370 --> 01:08:37,799

to have degrees friends to be a

1558

01:08:41,870 --> 01:08:40,380

scientist he was never a scientist right

1559

01:08:46,550 --> 01:08:41,880

never

1560

01:08:48,289 --> 01:08:46,560

and you know so so now we're in a

1561

01:08:50,570 --> 01:08:48,299

situation where even the Bible is our

1562

01:08:52,610 --> 01:08:50,580

supporters have to admit that all of Bob

1563

01:08:55,849 --> 01:08:52,620

lazar's education is completely and

1564

01:08:58,189 --> 01:08:55,859

totally fake right now they're gonna

1565

01:09:00,349 --> 01:08:58,199

have to admit that problems are lied to

1566

01:09:02,749 --> 01:09:00,359

his teeth saying that he was a physicist

1567

01:09:04,669 --> 01:09:02,759

at Los Alamos and remember he didn't

1568

01:09:08,510 --> 01:09:04,679

just lie to George Knapp in the UFO

1569

01:09:10,430 --> 01:09:08,520

Community he lied to a newspaper author

1570

01:09:12,229 --> 01:09:10,440

right he told that guy he was a

1571

01:09:14,870 --> 01:09:12,239

physicist and remember I did talk about

1572

01:09:16,189 --> 01:09:14,880

I had sources at Los Alamos that didn't

1573

01:09:18,169 --> 01:09:16,199

want to go on the record but they told

1574

01:09:19,789 --> 01:09:18,179

me that people were shocked when they

1575

01:09:21,530 --> 01:09:19,799

read when they got the paper and were

1576

01:09:25,490 --> 01:09:21,540

like why did he say he was a physicist

1577

01:09:27,769 --> 01:09:25,500

here is that a goof he's a technician

1578

01:09:29,950 --> 01:09:27,779

now we have through signals intelligence

1579

01:09:32,570 --> 01:09:29,960

all of this incredible information

1580

01:09:36,050 --> 01:09:32,580

proving that

1581

01:09:39,050 --> 01:09:36,060

balazar lied he was never a physicist at

1582

01:09:41,870 --> 01:09:39,060

area 51. I think that this is very

1583

01:09:44,450 --> 01:09:41,880

definitive proof it's very well sourced

1584

01:09:47,390 --> 01:09:44,460

it's very well researched it's hard to

1585

01:09:49,249 --> 01:09:47,400

argue with this truth

1586

01:09:52,249 --> 01:09:49,259

so

1587

01:09:53,630 --> 01:09:52,259

fake education lying to people saying

1588

01:09:56,209 --> 01:09:53,640

he's a scientist when he's an

1589

01:09:58,370 --> 01:09:56,219

Electronics technician and we have the

1590

01:10:01,070 --> 01:09:58,380

area 51 security guard interview which

1591

01:10:03,830 --> 01:10:01,080

proves he never stepped foot on Area 51

1592

01:10:09,050 --> 01:10:03,840

never flew in or out of Area 51 and he

1593

01:10:11,030 --> 01:10:09,060

claimed that he did uh I think that

1594

01:10:17,330 --> 01:10:11,040

this

1595

01:10:20,689 --> 01:10:17,340

created around himself is a it's it's

1596

01:10:23,209 --> 01:10:20,699

it's a house of cards and that house of

1597

01:10:26,149 --> 01:10:23,219

cards is crumbling it's a shame it took

1598

01:10:28,370 --> 01:10:26,159

30 years for all this to take place and

1599

01:10:31,610 --> 01:10:28,380

by the way I just want to mention that

1600

01:10:33,950 --> 01:10:31,620

if this researcher and me were all able

1601
01:10:37,310 --> 01:10:33,960
to get sources at Los Alamos that said

1602
01:10:38,930 --> 01:10:37,320
no he was never a physicist here he was

1603
01:10:42,169 --> 01:10:38,940
a technician

1604
01:10:43,970 --> 01:10:42,179
then George Knapp and Jeremy Corbell

1605
01:10:47,209 --> 01:10:43,980
would have been able to get those same

1606
01:10:48,229 --> 01:10:47,219
people on the phone right or comments

1607
01:10:50,510 --> 01:10:48,239
from them

1608
01:10:53,750 --> 01:10:50,520
maybe they did

1609
01:10:56,169 --> 01:10:53,760
but you see like many people who sell

1610
01:10:59,810 --> 01:10:56,179
these stories I believe that people

1611
01:11:02,930 --> 01:10:59,820
sometimes they lie through omission

1612
01:11:06,470 --> 01:11:02,940
let's not let's not ruin a good story

1613
01:11:09,590 --> 01:11:06,480

with a few facts right let's not lie by

1614

01:11:11,510 --> 01:11:09,600

Omission or let's not you know lie to

1615

01:11:13,610 --> 01:11:11,520

anybody we'll just we'll just leave that

1616

01:11:16,070 --> 01:11:13,620

part out you know that part that proves

1617

01:11:17,930 --> 01:11:16,080

that this guy's lying through his teeth

1618

01:11:20,570 --> 01:11:17,940

that we're pumping up as some kind of

1619

01:11:22,250 --> 01:11:20,580

guy that worked in Area 51

1620

01:11:25,850 --> 01:11:22,260

what you what

1621

01:11:30,649 --> 01:11:28,189

it's it's just okay to lie by Omission

1622

01:11:34,189 --> 01:11:30,659

apparently because many of these guys do

1623

01:11:36,770 --> 01:11:34,199

this so we'll take some comments and

1624

01:11:38,450 --> 01:11:36,780

questions from the live chat

1625

01:11:41,750 --> 01:11:38,460

um and then we're gonna wrap things up

1626

01:11:44,270 --> 01:11:41,760

here we'll call it a quick one right

1627

01:11:46,370 --> 01:11:44,280

uh and we're gonna

1628

01:11:48,169 --> 01:11:46,380

read any super chats I didn't see any

1629

01:11:50,810 --> 01:11:48,179

come in no it doesn't look like Annie

1630

01:11:53,510 --> 01:11:50,820

did come in so get those super chats in

1631

01:11:55,729 --> 01:11:53,520

now while you can friends uh because

1632

01:11:58,430 --> 01:11:55,739

we're gonna wrap this up shortly

1633

01:11:59,930 --> 01:11:58,440

otherwise I'll answer any comments or

1634

01:12:05,570 --> 01:11:59,940

questions we can have a short discussion

1635

01:12:10,850 --> 01:12:09,169

yeah before we move along here we've got

1636

01:12:12,770 --> 01:12:10,860

some other great stories to bring you

1637

01:12:15,050 --> 01:12:12,780

this week including we're going to have

1638

01:12:18,470 --> 01:12:15,060

an interview with LA Marzulli this

1639

01:12:22,310 --> 01:12:18,480

Friday night at 7 pm Eastern Time

1640

01:12:24,649 --> 01:12:22,320

Lois kaitano Lewis please email me again

1641

01:12:27,470 --> 01:12:24,659

because I want to have you on and we can

1642

01:12:30,110 --> 01:12:27,480

talk about this uh I I really enjoyed

1643

01:12:33,229 --> 01:12:30,120

Louis caitano is another person he's got

1644

01:12:35,209 --> 01:12:33,239

what is it it's called Uh

1645

01:12:37,669 --> 01:12:35,219

I'm sorry I'm blanking on the name of

1646

01:12:39,950 --> 01:12:37,679

your blog

1647

01:12:41,450 --> 01:12:39,960

one second I'll get it

1648

01:12:44,630 --> 01:12:41,460

there's something about the grift some

1649

01:12:47,750 --> 01:12:44,640

UFOs Lewis tell write in what the name

1650

01:12:49,790 --> 01:12:47,760

of your blog is I apologize right

1651

01:12:53,149 --> 01:12:49,800

lead guy with the kind and generous 999

1652

01:12:54,649 --> 01:12:53,159

Super Chat bacon and Pokemon fund thank

1653

01:12:57,590 --> 01:12:54,659

you for your kindness your generosity

1654

01:12:59,090 --> 01:12:57,600

and your support friends uh

1655

01:13:02,510 --> 01:12:59,100

uh yeah and we're definitely gonna have

1656

01:13:04,250 --> 01:13:02,520

Louis caitano on because he's got this

1657

01:13:05,570 --> 01:13:04,260

great blog I'm gonna see if I can find

1658

01:13:08,510 --> 01:13:05,580

it right now

1659

01:13:11,450 --> 01:13:08,520

and and he kind of put did something

1660

01:13:13,910 --> 01:13:11,460

that I can't do because I don't have the

1661

01:13:15,830 --> 01:13:13,920

attention span for it

1662

01:13:21,110 --> 01:13:15,840

uh he

1663

01:13:23,510 --> 01:13:21,120

put into uh into a blog post all of this

1664

01:13:26,090 --> 01:13:23,520

collected information

1665

01:13:28,010 --> 01:13:26,100

um about Bob Lazar the many lies of

1666

01:13:30,110 --> 01:13:28,020

bubbles are it's an excellent read if

1667

01:13:32,090 --> 01:13:30,120

you were interested in this

1668

01:13:35,570 --> 01:13:32,100

Lord Ludacris plaid with a Kind and

1669

01:13:37,250 --> 01:13:35,580

Generous 4.99 Super Chat yeah I'm sorry

1670

01:13:40,310 --> 01:13:37,260

you got lost in the win there Louis

1671

01:13:42,470 --> 01:13:40,320

caitano I did I have you on my list and

1672

01:13:44,090 --> 01:13:42,480

then this story tonight just reminded me

1673

01:13:46,550 --> 01:13:44,100

of it but this story's right up your

1674

01:13:48,350 --> 01:13:46,560

alley isn't this great and I'm sure that

1675

01:13:51,229 --> 01:13:48,360

uh signals intelligence wouldn't mind

1676

01:13:53,270 --> 01:13:51,239

you citing his article and adding to

1677

01:13:55,070 --> 01:13:53,280

your own because I think that this

1678

01:13:58,330 --> 01:13:55,080

information tonight is very important

1679

01:14:01,250 --> 01:13:58,340

because now we can establish

1680

01:14:04,790 --> 01:14:01,260

that Bob Lazar lied about three major

1681

01:14:07,790 --> 01:14:04,800

things flying into Area 51 his education

1682

01:14:10,370 --> 01:14:07,800

and being a physicist at Los Alamos

1683

01:14:12,350 --> 01:14:10,380

National Lab I mean at some point you

1684

01:14:14,810 --> 01:14:12,360

have to say how many times am I going to

1685

01:14:16,189 --> 01:14:14,820

let this guy straight lie to me before

1686

01:14:19,669 --> 01:14:16,199

I'm just not going to believe anything

1687

01:14:22,010 --> 01:14:19,679

he says anymore and you know look I get

1688

01:14:24,050 --> 01:14:22,020

that the Believers that say well is that

1689

01:14:26,209 --> 01:14:24,060

maybe his education is fake but the rest

1690

01:14:28,610 --> 01:14:26,219

of his story is probably true

1691

01:14:30,110 --> 01:14:28,620

go start looking into the rest of his

1692

01:14:32,030 --> 01:14:30,120

story it's not true that he was a

1693

01:14:34,310 --> 01:14:32,040

scientist it's not true that he was a

1694

01:14:35,810 --> 01:14:34,320

physicist it's not true that he had a

1695

01:14:37,850 --> 01:14:35,820

particle accelerator in his bedroom

1696

01:14:42,110 --> 01:14:37,860

because that's impossible

1697

01:14:44,030 --> 01:14:42,120

and on and on and on we go May I'm not

1698

01:14:45,950 --> 01:14:44,040

going to allow Bob was already lying to

1699

01:14:48,590 --> 01:14:45,960

me anymore and you know what

1700

01:14:50,510 --> 01:14:48,600

the burden of proof is on the UFO

1701

01:14:52,490 --> 01:14:50,520

profiteers George Knapp and Jeremy

1702

01:14:56,990 --> 01:14:52,500

Corbell to prove

1703

01:14:59,209 --> 01:14:57,000

me this researcher Louis caitano alien

1704

01:15:00,950 --> 01:14:59,219

scientist and everybody else wrong but

1705

01:15:02,209 --> 01:15:00,960

the problem is they won't engage because

1706

01:15:03,770 --> 01:15:02,219

they know

1707

01:15:09,050 --> 01:15:03,780

we've got them

1708

01:15:09,950 --> 01:15:09,060

there's no defense for this for those

1709

01:15:11,930 --> 01:15:09,960

guys

1710

01:15:14,090 --> 01:15:11,940

so they think they can just let's just

1711

01:15:16,490 --> 01:15:14,100

put blinders on and act like hopefully

1712

01:15:18,830 --> 01:15:16,500

nobody hears about this [h__\h] so we can

1713

01:15:20,330 --> 01:15:18,840

keep selling this story

1714

01:15:23,570 --> 01:15:20,340

it's not gonna work

1715

01:15:25,790 --> 01:15:23,580

the lies are piling up corbel the lies

1716

01:15:28,729 --> 01:15:25,800

are piling up George Knapp and you're

1717

01:15:30,950 --> 01:15:28,739

not addressing it speaks volumes

1718

01:15:33,410 --> 01:15:30,960

about the veracity of the claims that

1719

01:15:36,550 --> 01:15:33,420

you guys have made in the continuing

1720

01:15:38,990 --> 01:15:36,560

effort to profit from this story

1721

01:15:41,270 --> 01:15:39,000

Lord ludicrous plaid with a kindly

1722

01:15:43,250 --> 01:15:41,280

generous 499 Super Chat says great show

1723

01:15:45,169 --> 01:15:43,260

the hand scanners was one of my

1724

01:15:46,970 --> 01:15:45,179

favorites from the story keep the

1725

01:15:50,630 --> 01:15:46,980

amazing shows coming yes and that would

1726

01:15:53,750 --> 01:15:50,640

be the bone hand scanner which was in uh

1727

01:15:55,430 --> 01:15:53,760

Close Encounters right and and actually

1728

01:15:57,410 --> 01:15:55,440

I found it in another movie Lord

1729

01:15:59,450 --> 01:15:57,420

ludicrous plaid so people were like how

1730

01:16:01,070 --> 01:15:59,460

did he know about that hand scanner well

1731

01:16:03,410 --> 01:16:01,080

it was in science fiction movies before

1732

01:16:05,810 --> 01:16:03,420

it came out with a story maybe he saw it

1733

01:16:07,490 --> 01:16:05,820

there I call me kooky it was also an

1734

01:16:09,410 --> 01:16:07,500

Electronics magazines and being an

1735

01:16:11,510 --> 01:16:09,420

Electronics geek maybe he saw an

1736

01:16:14,090 --> 01:16:11,520

Electronics magazine I don't know but

1737

01:16:16,790 --> 01:16:14,100

knowing about a scanner used at some lab

1738

01:16:21,050 --> 01:16:16,800

does not prove all of his fake Flying

1739

01:16:25,209 --> 01:16:22,910

yeah go ahead sixth sense if you could

1740

01:16:27,790 --> 01:16:25,219

find it please do post the link to Mr

1741

01:16:29,990 --> 01:16:27,800

kaitano's I hope I'm saying that right

1742

01:16:34,610 --> 01:16:30,000

caitano's uh

1743

01:16:39,410 --> 01:16:34,620

blog uh because it's great I'm sure it

1744

01:16:43,370 --> 01:16:42,110

yeah and and Andrew bus says true

1745

01:16:45,169 --> 01:16:43,380

Seekers would love to see a real

1746

01:16:47,810 --> 01:16:45,179

physicist ask Bob a bunch of physics

1747

01:16:49,729 --> 01:16:47,820

question would end his story well Stan

1748

01:16:51,830 --> 01:16:49,739

Freeman uh try to meet with him multiple

1749

01:16:54,290 --> 01:16:51,840

times and Bob Lazar was not interested

1750

01:16:57,890 --> 01:16:54,300

in meeting with a real nuclear physicist

1751

01:17:01,010 --> 01:16:57,900

and by the way uh Jeremy rise alien

1752

01:17:04,310 --> 01:17:01,020

scientists have has invited babazar many

1753

01:17:06,470 --> 01:17:04,320

many times to his Apec conference where

1754

01:17:09,110 --> 01:17:06,480

he could answer questions from a whole

1755

01:17:12,649 --> 01:17:09,120

bunch of physicists and scientists and

1756

01:17:14,870 --> 01:17:12,659

so far Jeremy Jeremy rise alien

1757

01:17:16,910 --> 01:17:14,880

scientist phone is not ringing back with

1758

01:17:19,729 --> 01:17:16,920

uh yeah let's do that from babazar

1759

01:17:22,790 --> 01:17:19,739

there's a reason that Bob Lazar will not

1760

01:17:26,330 --> 01:17:22,800

allow himself to be questioned or talked

1761

01:17:29,169 --> 01:17:26,340

to even by a real scientist because I

1762

01:17:32,030 --> 01:17:29,179

believe that he would not be able to

1763

01:17:35,630 --> 01:17:32,040

withstand any real questions from a real

1764

01:17:40,010 --> 01:17:35,640

scientist who knows these things better

1765

01:17:43,430 --> 01:17:40,020

right who knows that you cannot

1766

01:17:46,250 --> 01:17:43,440

you can't fool you know a physicist

1767

01:17:48,169 --> 01:17:46,260

with a fake physicist I mean maybe for a

1768

01:17:50,630 --> 01:17:48,179

little while but give a real physicist

1769

01:17:52,310 --> 01:17:50,640

an hour with Bob Lazar and they'll be

1770

01:17:54,770 --> 01:17:52,320

able to tell you that he's no physicist

1771

01:17:57,530 --> 01:17:54,780

besides all this other evidence that we

1772

01:18:02,630 --> 01:17:59,810

yes Victor caldero mentioning Bob had a

1773

01:18:05,750 --> 01:18:02,640

friend named Jim tagliani who he claims

1774

01:18:07,910 --> 01:18:05,760

worked a Tonopah test range yeah and and

1775

01:18:10,010 --> 01:18:07,920

uh there would be radiation Health

1776

01:18:13,430 --> 01:18:10,020

monitors there right

1777

01:18:16,189 --> 01:18:13,440

yes and uh tonopod test range had an

1778

01:18:17,870 --> 01:18:16,199

actual site for and used a bone scanner

1779

01:18:18,830 --> 01:18:17,880

oh so maybe that's where he got it from

1780

01:18:20,870 --> 01:18:18,840

see

1781

01:18:23,030 --> 01:18:20,880

it's not hard to find these guys sources

1782

01:18:24,590 --> 01:18:23,040

if you just dig and you know the

1783

01:18:27,770 --> 01:18:24,600

unfortunate part of this is that some

1784

01:18:29,810 --> 01:18:27,780

Believers are still gonna argue I mean

1785

01:18:31,970 --> 01:18:29,820

how much evidence do you need to uncover

1786

01:18:34,250 --> 01:18:31,980

that the people selling this story are

1787

01:18:36,890 --> 01:18:34,260

doing you dirty they're not including

1788

01:18:40,669 --> 01:18:36,900

this information and look I'm fine look

1789

01:18:43,430 --> 01:18:40,679

I I'd I would love I'd want to include

1790

01:18:45,830 --> 01:18:43,440

all the information we all know Bob

1791

01:18:48,290 --> 01:18:45,840

Lazar story already

1792

01:18:50,570 --> 01:18:48,300

so you know pardon me if I don't dwell

1793

01:18:52,250 --> 01:18:50,580

on what he said about working on those

1794

01:18:54,590 --> 01:18:52,260

flying saucers but I think people have

1795

01:18:56,270 --> 01:18:54,600

heard that before we do our best here to

1796

01:18:59,390 --> 01:18:56,280

bring people the new information the

1797

01:19:01,250 --> 01:18:59,400

information that Bob Lazar and Jeremy

1798

01:19:03,189 --> 01:19:01,260

Corbell and George Knapp don't want you

1799

01:19:07,370 --> 01:19:03,199

to hear they don't want you to hear this

1800

01:19:09,410 --> 01:19:07,380

it it shoots their story to [h__\h]

1801
01:19:10,729 --> 01:19:09,420
they don't want you to hear this and

1802
01:19:12,229 --> 01:19:10,739
they s and they don't want to talk about

1803
01:19:13,370 --> 01:19:12,239
it either isn't that isn't that

1804
01:19:15,350 --> 01:19:13,380
interesting

1805
01:19:16,910 --> 01:19:15,360
you're the one selling the story and

1806
01:19:18,830 --> 01:19:16,920
profiting from it you don't even want to

1807
01:19:23,450 --> 01:19:18,840
talk about all this evidence

1808
01:19:25,669 --> 01:19:23,460
that you left out right and listen I'm I

1809
01:19:27,350 --> 01:19:25,679
will freely admit that this next thing I

1810
01:19:29,930 --> 01:19:27,360
will say is complete and total

1811
01:19:33,050 --> 01:19:29,940
speculation but I'm entitled to it

1812
01:19:35,990 --> 01:19:33,060
if like I said if this other researcher

1813
01:19:38,209 --> 01:19:36,000

and me can both get sources at Los

1814

01:19:40,610 --> 01:19:38,219

Alamos to tell us that Bob Lazar was

1815

01:19:43,189 --> 01:19:40,620

never a physicist what are the odds

1816

01:19:44,450 --> 01:19:43,199

right that a professional you know I was

1817

01:19:46,430 --> 01:19:44,460

told I wasn't a professional

1818

01:19:47,870 --> 01:19:46,440

investigative journalist once by George

1819

01:19:50,590 --> 01:19:47,880

Knapp

1820

01:19:53,570 --> 01:19:50,600

what are the odds that a professional

1821

01:19:55,370 --> 01:19:53,580

full-time professional investigative

1822

01:19:57,169 --> 01:19:55,380

journalist would be able to find those

1823

01:19:59,270 --> 01:19:57,179

same sources to tell him the same thing

1824

01:20:01,430 --> 01:19:59,280

what are the odds that a full-time

1825

01:20:03,050 --> 01:20:01,440

professional documentary filmmaker

1826

01:20:05,450 --> 01:20:03,060

wouldn't be able to find those same

1827

01:20:08,570 --> 01:20:05,460

sources to tell him the same things

1828

01:20:12,709 --> 01:20:08,580

Bible Czar was never a physicist here

1829

01:20:15,290 --> 01:20:12,719

or did they find that and hear the the

1830

01:20:17,390 --> 01:20:15,300

stuff and just omit it leave it out

1831

01:20:18,890 --> 01:20:17,400

it'll ruin the story don't tell people

1832

01:20:20,990 --> 01:20:18,900

that [h__h]

1833

01:20:22,550 --> 01:20:21,000

Jeremy Corbell I love too he's the only

1834

01:20:24,350 --> 01:20:22,560

person that ever had access to Bob

1835

01:20:26,810 --> 01:20:24,360

lazar's family doesn't even bother to

1836

01:20:29,510 --> 01:20:26,820

ask his mother did you attend his MIT

1837

01:20:31,669 --> 01:20:29,520

graduation did you attend his Caltech

1838

01:20:33,890 --> 01:20:31,679

graduation of course he didn't ask that

1839

01:20:36,649 --> 01:20:33,900

or he did and he didn't like the answer

1840

01:20:38,330 --> 01:20:36,659

so he cut that from that film right

1841

01:20:43,790 --> 01:20:38,340

but this is where we're at and this is

1842

01:20:47,689 --> 01:20:45,890

Mark taranas so what is the motive for

1843

01:20:49,790 --> 01:20:47,699

Corbell and that peddling these frauds

1844

01:20:52,070 --> 01:20:49,800

do you have any idea how much nap has

1845

01:20:54,649 --> 01:20:52,080

made over the years on this story do you

1846

01:20:57,169 --> 01:20:54,659

have any idea what George Knapp gets to

1847

01:20:59,209 --> 01:20:57,179

talk at a UFO conference even just one

1848

01:21:01,250 --> 01:20:59,219

give one talk at a UFO conference to

1849

01:21:05,270 --> 01:21:01,260

talk about Bob Lazar do you have any

1850

01:21:07,189 --> 01:21:05,280

idea how much Jeremy Corbell and Bob and

1851
01:21:10,310 --> 01:21:07,199
George Knapp made off that documentary

1852
01:21:15,290 --> 01:21:10,320
do you know that that George Knapp was

1853
01:21:18,290 --> 01:21:17,149
I believe that the motive is simply

1854
01:21:20,810 --> 01:21:18,300
money

1855
01:21:23,629 --> 01:21:20,820
but that's my opinion I mean they may

1856
01:21:25,550 --> 01:21:23,639
have other motives that I'm not aware of

1857
01:21:27,350 --> 01:21:25,560
full Canali with a Kind and Generous

peek at some things we're working on we

1885

01:22:35,450 --> 01:22:33,360

1886

going to be doing one next week and we

1887

01:22:41,810 --> 01:22:39,179

also do a monthly show Journal and more

1888

01:22:43,850 --> 01:22:41,820

and music all the music that I create is

1889

01:22:45,950 --> 01:22:43,860

released on patreon for free for our

1890

01:22:47,090 --> 01:22:45,960

patreon supporters before it is made

1891

01:22:49,030 --> 01:22:47,100

public

1892

01:22:51,830 --> 01:22:49,040

pirate party with a Kind and Generous

1893

01:22:53,810 --> 01:22:51,840

4.99 Super Chat says keep up the good

1894

01:22:56,030 --> 01:22:53,820

work well thank you pirate party for

1895

01:22:59,090 --> 01:22:56,040

your kindness your generosity and your

1896

01:22:59,830 --> 01:22:59,100

support love that Avatar and uh what a

1897

01:23:05,030 --> 01:22:59,840

good

1898

01:23:07,189 --> 01:23:05,040

sounds that sounds like there should be

1899

01:23:09,110 --> 01:23:07,199

some rum there pirate party right

1900

01:23:11,510 --> 01:23:09,120

there's got to be rum at a pirate party

1901

01:23:13,430 --> 01:23:11,520

and I like you know I never knew I liked

1902

01:23:16,370 --> 01:23:13,440

rum punch until I went to the Caribbean

1903

01:23:21,110 --> 01:23:16,380

and there was one punt everywhere here

1904

01:23:22,970 --> 01:23:21,120

then I decided rum punch is delicious

1905

01:23:25,490 --> 01:23:22,980

I don't know why but everywhere we went

1906

01:23:28,370 --> 01:23:25,500

we went on some like chartered boats we

1907

01:23:30,229 --> 01:23:28,380

went uh you know snorkeling scuba diving

1908

01:23:33,649 --> 01:23:30,239

and swimming with sharks everywhere we

1909

01:23:35,870 --> 01:23:33,659

went there was one punch and including

1910

01:23:38,270 --> 01:23:35,880

at the resort where we were staying so

1911

01:23:40,790 --> 01:23:38,280

uh I drank a lot of rubbing punch and

1912

01:23:42,070 --> 01:23:40,800

that sounded that reminds me of a pirate

1913

01:23:45,709 --> 01:23:42,080

party right

1914

01:23:47,090 --> 01:23:45,719

ARG yeah the Caribbean is fun but it's a

1915

01:23:54,590 --> 01:23:47,100

lot more fun when there's rum punch

1916

01:23:58,970 --> 01:23:57,350

uh wild Ascension I try to not get

1917

01:24:00,890 --> 01:23:58,980

emotionally involved but I'm lying if I

1918

01:24:03,649 --> 01:24:00,900

say if it isn't true

1919

01:24:06,169 --> 01:24:03,659

wouldn't hurt a little yeah I grew up

1920

01:24:08,930 --> 01:24:06,179

with this story I love this story uh

1921

01:24:11,990 --> 01:24:08,940

like I said this is the honest to God

1922

01:24:14,510 --> 01:24:12,000

truth if I could pick one story out of

1923

01:24:18,350 --> 01:24:14,520

all the stories in UFO land to be true

1924

01:24:19,970 --> 01:24:18,360

it would be this one story this is my

1925

01:24:22,189 --> 01:24:19,980

favorite story the story I grew up with

1926

01:24:23,330 --> 01:24:22,199

I started following it right when it

1927

01:24:26,450 --> 01:24:23,340

broke

1928

01:24:30,290 --> 01:24:26,460

I remember hitting the national news

1929

01:24:33,350 --> 01:24:30,300

I remember going on bbs's and there was

1930

01:24:35,570 --> 01:24:33,360

a final net used groups for UFOs that

1931

01:24:38,030 --> 01:24:35,580

were add text files that you could

1932

01:24:40,910 --> 01:24:38,040

download with Bob Lazar interviews or

1933

01:24:42,790 --> 01:24:40,920

Bob Lazar stories right

1934

01:24:46,310 --> 01:24:42,800

that was hell

1935

01:24:48,470 --> 01:24:46,320

you people with this great internet and

1936

01:24:51,050 --> 01:24:48,480

this high speed and this media Rich you

1937

01:24:51,890 --> 01:24:51,060

don't know the pain of ANSI and ASCII

1938

01:24:54,169 --> 01:24:51,900

text

1939

01:24:56,570 --> 01:24:54,179

bulletin board systems and trying to go

1940

01:24:58,550 --> 01:24:56,580

through fight on that and download text

1941

01:25:01,010 --> 01:24:58,560

files even just downloading a text file

1942

01:25:05,270 --> 01:25:01,020

would take like 25 minutes it was

1943

01:25:08,930 --> 01:25:07,010

where you can have it just tuned in

1944

01:25:11,629 --> 01:25:08,940

there is proof Bob lied about his story

1945

01:25:13,610 --> 01:25:11,639

yeah rewind there's a whole lot of proof

1946

01:25:15,709 --> 01:25:13,620

tonight we presented a hundred percent

1947

01:25:17,810 --> 01:25:15,719

proof with impeccable sources that Bob

1948

01:25:21,890 --> 01:25:17,820

is our lie and he was never a physicist

1949

01:25:24,530 --> 01:25:21,900

at Los Alamos National Lab in fact he

1950

01:25:26,209 --> 01:25:24,540

was as we reported previously and I

1951

01:25:29,510 --> 01:25:26,219

believed him to be an Electronics

1952

01:25:31,790 --> 01:25:29,520

technician but a new researcher found a

1953

01:25:34,189 --> 01:25:31,800

great deal more evidence to back up my

1954

01:25:37,010 --> 01:25:34,199

previous claims that Bob Lazar was a

1955

01:25:39,470 --> 01:25:37,020

low-level technician not a physicist

1956

01:25:41,750 --> 01:25:39,480

which means he lied he was never a

1957

01:25:44,629 --> 01:25:41,760

scientist at Los Alamos never

1958

01:25:47,390 --> 01:25:44,639

and uh tonight we presented proof from

1959

01:25:49,189 --> 01:25:47,400

the person that ran the lab he worked in

1960

01:25:52,129 --> 01:25:49,199

the guy who would have been his boss who

1961

01:25:53,990 --> 01:25:52,139

said no he wasn't a physicist he was an

1962

01:25:55,430 --> 01:25:54,000

Electronics technician

1963

01:25:58,310 --> 01:25:55,440

so

1964

01:26:00,169 --> 01:25:58,320

rewind that and uh we'll see where that

1965

01:26:02,810 --> 01:26:00,179

goes let me know what you think later we

1966

01:26:04,729 --> 01:26:02,820

can have it 215 and I still have you on

1967

01:26:06,649 --> 01:26:04,739

my list for an interview messaged me

1968

01:26:09,229 --> 01:26:06,659

we'll try to schedule that for next week

1969

01:26:11,870 --> 01:26:09,239

if you're down to do it uh and I would

1970

01:26:16,970 --> 01:26:14,990

thank you the sixth sense says I miss

1971

01:26:19,790 --> 01:26:16,980

those days but I don't miss the most

1972

01:26:22,189 --> 01:26:19,800

horribly horrifying speeds the sixth

1973

01:26:23,870 --> 01:26:22,199

sense you know what you have no idea bro

1974

01:26:29,570 --> 01:26:23,880

I

1975

01:26:32,030 --> 01:26:29,580

everybody else had a decent 16-bit you

1976

01:26:35,209 --> 01:26:32,040

know like a 386 or whatever I was still

1977

01:26:38,930 --> 01:26:35,219

on Tandy colored computers and they had

1978

01:26:43,010 --> 01:26:38,940

a problem with the serial Port that they

1979

01:26:46,129 --> 01:26:43,020

could only do 1200 baud so even after I

1980

01:26:49,550 --> 01:26:46,139

think I didn't get uh you passed 1200

1981

01:26:50,229 --> 01:26:49,560

blood so some people had 57 6 or you

1982

01:26:54,770 --> 01:26:50,239

know

1983

01:26:58,450 --> 01:26:54,780

thereabouts or 14-4 or maybe right I

1984

01:27:01,850 --> 01:26:58,460

don't remember but I was on a 300 bond

1985

01:27:03,830 --> 01:27:01,860

for forever I was on a 300 blood modem

1986

01:27:05,510 --> 01:27:03,840

The Sixth Sense on a little 8-bit

1987

01:27:09,229 --> 01:27:05,520

computer right

1988

01:27:16,729 --> 01:27:09,239

and and then I upgraded to 1200 blog

1989

01:27:22,850 --> 01:27:20,450

wow is that is that real see

1990

01:27:24,530 --> 01:27:22,860

my fiance left me at the altar we are

1991

01:27:26,629 --> 01:27:24,540

common law man and wife but he did not

1992

01:27:29,330 --> 01:27:26,639

show up

1993

01:27:31,430 --> 01:27:29,340

on Alaska in Alaska

1994

01:27:33,950 --> 01:27:31,440

wow that's

1995

01:27:37,370 --> 01:27:33,960

a strange story is that recently or you

1996

01:27:38,930 --> 01:27:37,380

mean like back in your past fake

1997

01:27:42,410 --> 01:27:38,940

yeah and the Sixth Sense reminding

1998

01:27:44,450 --> 01:27:42,420

everybody the best place to follow me to

1999

01:28:56,450 --> 01:28:52,440

we try to have an open and uh honest

2031

01:28:59,629 --> 01:28:56,460

conversation everybody is uh is welcome

2032

01:29:04,070 --> 01:29:01,970

Michael B I started out with an Amiga

2033

01:29:05,750 --> 01:29:04,080

yeah yeah I think I know you're from

2034

01:29:11,629 --> 01:29:05,760

Facebook from Amiga probably Michael

2035

01:29:14,689 --> 01:29:11,639

being right I uh I uh loved Amiga like I

2036

01:29:16,250 --> 01:29:14,699

went from uh garbage well I don't want

2037

01:29:19,070 --> 01:29:16,260

to say garbage

2038

01:29:21,229 --> 01:29:19,080

Tandy color computer Michael B was the

2039

01:29:23,330 --> 01:29:21,239

reason I stuck with it for so long is

2040

01:29:25,669 --> 01:29:23,340

because it had preemptive multitasking

2041

01:29:27,290 --> 01:29:25,679

in a very unix-like operating system and

2042

01:29:29,510 --> 01:29:27,300

I was young at the time I don't

2043

01:29:31,450 --> 01:29:29,520

understand Unix very much but what I did

2044

01:29:35,810 --> 01:29:31,460

understand is that I could download

2045

01:29:38,390 --> 01:29:35,820

files and I could use other programs at

2046

01:29:41,450 --> 01:29:38,400

the same time and it multitasked better

2047

01:29:44,090 --> 01:29:41,460

than my friends 486. you know remember

2048

01:29:46,010 --> 01:29:44,100

that 46 they had like desk View and

2049

01:29:48,770 --> 01:29:46,020

trying to run two programs at once and

2050

01:29:51,709 --> 01:29:48,780

it would Sutter and crap no

2051

01:29:53,810 --> 01:29:51,719

Sandy colored computers were smooth and

2052

01:29:56,030 --> 01:29:53,820

again they couldn't do much

2053

01:29:58,430 --> 01:29:56,040

there wasn't very much you know

2054

01:30:00,530 --> 01:29:58,440

incredible you know we had limited

2055

01:30:03,649 --> 01:30:00,540

colors and this and that but

2056

01:30:05,570 --> 01:30:03,659

it could multitask like hell and so then

2057

01:30:08,390 --> 01:30:05,580

I tried to get a go to PC and I was like

2058

01:30:10,310 --> 01:30:08,400

this is horrible but then I've had a

2059

01:30:12,470 --> 01:30:10,320

friend who had an Amiga 1000 and he was

2060

01:30:14,870 --> 01:30:12,480

upgrading to an Amiga 2000 and I bought

2061

01:30:19,970 --> 01:30:14,880

his Amiga 1000 and traded him a bunch of

2062

01:30:22,370 --> 01:30:19,980

parts and PC stuff and whatever and uh I

2063

01:30:26,689 --> 01:30:22,380

loved Amigas and I I hated the day that

2064

01:30:29,689 --> 01:30:26,699

I had a you know I used PCS too but for

2065

01:30:32,270 --> 01:30:29,699

you know BBS running a BBS my computer

2066

01:30:35,390 --> 01:30:32,280

and my front computer was Amiga I had

2067

01:30:39,530 --> 01:30:35,400

all the games Graphics sound you know

2068

01:30:39,540 --> 01:30:43,189

wild Ascension I have a question

2069

01:30:47,209 --> 01:30:45,050

is electronics technician considered

2070

01:30:49,550 --> 01:30:47,219

being being a scientist my son and I are

2071

01:30:52,129 --> 01:30:49,560

stuck on this no an Electronics

2072

01:30:54,530 --> 01:30:52,139

technician is a technician you could go

2073

01:30:56,149 --> 01:30:54,540

for six months and take a course in

2074

01:30:58,790 --> 01:30:56,159

electronics and you are an Electronics

2075

01:31:01,370 --> 01:30:58,800

technician a scientist needs I would

2076

01:31:04,310 --> 01:31:01,380

think at least a master's degree but you

2077

01:31:06,169 --> 01:31:04,320

know I guess you could technically call

2078

01:31:08,990 --> 01:31:06,179

somebody with a Bachelor of Science or a

2079

01:31:11,689 --> 01:31:09,000

four-year computer or a four-year degree

2080

01:31:14,030 --> 01:31:11,699

science degree a scientist I I don't

2081

01:31:15,470 --> 01:31:14,040

know what the specifics are but I can

2082

01:31:22,550 --> 01:31:15,480

definitely tell you that an Electronics

2083

01:31:27,229 --> 01:31:25,850

all right so uh boy uh what a great show

2084

01:31:28,669 --> 01:31:27,239

tonight I want to thank everybody for

2085

01:31:31,430 --> 01:31:28,679

joining us and I apologize once again

2086

01:31:34,010 --> 01:31:31,440

for my absence I hope that this school

2087

01:31:37,610 --> 01:31:34,020

situation and other stuff is going to be

2088

01:31:41,209 --> 01:31:37,620

uh you know worked out so that we can uh

2089

01:31:46,430 --> 01:31:44,149

and as some of you uh somebody messaged

2090

01:31:48,709 --> 01:31:46,440

me and said what's with the thumbnail uh

2091

01:31:50,689 --> 01:31:48,719

I don't know spooky car is not around so

2092

01:31:53,390 --> 01:31:50,699

I had to do it myself maybe we'll fix

2093

01:31:55,250 --> 01:31:53,400

that or I'll do a better one or somebody

2094

01:31:58,250 --> 01:31:55,260

else is free to do a better one that was

2095

01:32:00,470 --> 01:31:58,260

like I said we're last minute going to

2096

01:32:02,209 --> 01:32:00,480

broadcast tonight so you know sometimes

2097

01:32:09,910 --> 01:32:02,219

I have to improvise

2098

01:32:14,990 --> 01:32:13,070

Moody [h__h] babazar has a particle

2099

01:32:17,570 --> 01:32:15,000

accelerator made out of drain pipe parts

2100

01:32:21,050 --> 01:32:17,580

blue tack in his bedroom Ergo he must be

2101

01:32:23,629 --> 01:32:21,060

a physicist Jeremy horbel's logic brain

2102

01:32:25,970 --> 01:32:23,639

cell probably yeah you know that guy

2103

01:32:27,649 --> 01:32:25,980

will do anything you know you know but

2104

01:32:29,270 --> 01:32:27,659

here's the thing is like I don't want

2105

01:32:31,729 --> 01:32:29,280

anybody think I have any bitterness or

2106

01:32:34,550 --> 01:32:31,739

anger towards Korbelt like hey good for

2107

01:32:36,110 --> 01:32:34,560

you man you made a documentary but one

2108

01:32:37,850 --> 01:32:36,120

thing that I will say is if you're going

2109

01:32:39,830 --> 01:32:37,860

to make a documentary about somebody and

2110

01:32:42,169 --> 01:32:39,840

you want to keep it honest you got to

2111

01:32:43,790 --> 01:32:42,179

remain objective you can't like hang out

2112

01:32:45,590 --> 01:32:43,800

with the guy and go fishing with him all

2113

01:32:47,330 --> 01:32:45,600

the time and you know light off

2114

01:32:49,129 --> 01:32:47,340

fireworks with them and be hanging out

2115

01:32:51,770 --> 01:32:49,139

of his house all the time and remain

2116

01:32:53,510 --> 01:32:51,780

objective I think corbel meant well but

2117

01:32:55,430 --> 01:32:53,520

he just lost his objectivity because he

2118

01:32:57,410 --> 01:32:55,440

became friends and I have the same

2119

01:33:00,050 --> 01:32:57,420

problem if I become friends with

2120

01:33:02,390 --> 01:33:00,060

somebody I can't be objective about

2121

01:33:05,930 --> 01:33:02,400

their

2122

01:33:07,850 --> 01:33:05,940

let's just say [h__h] right

2123

01:33:09,649 --> 01:33:07,860

now later it was in the backyard see

2124

01:33:12,530 --> 01:33:09,659

that's where visionist history first it

2125

01:33:15,229 --> 01:33:12,540

was in his bedroom but then when people

2126

01:33:17,149 --> 01:33:15,239

uh like real scientists pointed out that

2127

01:33:19,610 --> 01:33:17,159

you can't have a particle accelerator in

2128

01:33:22,550 --> 01:33:19,620

your bedroom then it became it was in it

2129

01:33:27,530 --> 01:33:22,560

was in the backyard but go ask a

2130

01:33:29,990 --> 01:33:27,540

physicist ntme9 how large of a bottles

2131

01:33:31,970 --> 01:33:30,000

are claimed that he had a particle

2132

01:33:36,229 --> 01:33:31,980

accelerator that he was making

2133

01:33:38,810 --> 01:33:36,239

geez what was it it was a hydrogen

2134

01:33:41,750 --> 01:33:38,820

sulfur oh wait

2135

01:33:44,270 --> 01:33:41,760

he was making some hydrogen component

2136

01:33:47,030 --> 01:33:44,280

some component for his hydrogen-powered

2137

01:33:48,890 --> 01:33:47,040

cars that he claims was illegal but it's

2138

01:33:51,649 --> 01:33:48,900

okay because he could make that material

2139

01:33:53,390 --> 01:33:51,659

with a particle accelerator friends go

2140

01:33:55,850 --> 01:33:53,400

ask a physicist how big a particle

2141

01:33:59,390 --> 01:33:55,860

accelerator you need to transmute

2142

01:34:01,010 --> 01:33:59,400

elements and make things it's huge you

2143

01:34:02,689 --> 01:34:01,020

know you're not doing that in your

2144

01:34:07,129 --> 01:34:02,699

backyard or your bedroom

2145

01:34:11,450 --> 01:34:09,410

yes as someone has said his story has

2146

01:34:13,790 --> 01:34:11,460

changed so many times it's ridiculous I

2147

01:34:18,370 --> 01:34:13,800

agree I think it's uh it's definitely

2148

01:34:24,530 --> 01:34:22,189

private party is does he have a med bed

2149

01:34:26,390 --> 01:34:24,540

Mark Toronto yeah I mean some guys get

2150

01:34:28,550 --> 01:34:26,400

more schooling but you know what I mean

2151

01:34:29,990 --> 01:34:28,560

you can go at least in my area there

2152

01:34:32,030 --> 01:34:30,000

used to be something called Chi

2153

01:34:33,590 --> 01:34:32,040

Institute or something it's a trade

2154

01:34:35,030 --> 01:34:33,600

school and you can go for six months and

2155

01:34:37,570 --> 01:34:35,040

they give you a certificate that says

2156

01:34:40,609 --> 01:34:37,580

you're an electronics repair technician

2157

01:34:42,770 --> 01:34:40,619

but I believe that the good techs have

2158

01:34:45,109 --> 01:34:42,780

much more than a you know a few months

2159

01:34:47,030 --> 01:34:45,119

in a tech school those are the guys that

2160

01:34:48,890 --> 01:34:47,040

I would prefer to hire Mark Toronto like

2161

01:34:51,229 --> 01:34:48,900

you right

2162

01:34:55,550 --> 01:34:51,239

Cowboy [h__h] is here again it says look

2163

01:34:58,310 --> 01:34:55,560

up David Han sometime he has a reactor

2164

01:35:00,050 --> 01:34:58,320

if you say so oh no actually I think

2165

01:35:01,790 --> 01:35:00,060

you're right about that guy

2166

01:35:03,109 --> 01:35:01,800

yeah but a reactor and a particle

2167

01:35:06,830 --> 01:35:03,119

accelerator are two different things

2168

01:35:09,229 --> 01:35:06,840

Cowboy a reactor can be on a tabletop

2169

01:35:15,350 --> 01:35:09,239

uh a particle accelerator you need an

2170

01:35:19,250 --> 01:35:17,570

Victor colliero he once said gravity

2171

01:35:22,790 --> 01:35:19,260

waves travel instantly they don't travel

2172

01:35:27,350 --> 01:35:25,070

yes private party says Bob is out of the

2173

01:35:29,149 --> 01:35:27,360

game if he's not bed betting yeah hey

2174

01:35:31,790 --> 01:35:29,159

give him time he'll run out of money and

2175

01:35:33,649 --> 01:35:31,800

and maybe he'll start talking about you

2176

01:35:35,270 --> 01:35:33,659

know the aliens you know he learned

2177

01:35:38,510 --> 01:35:35,280

Medved technology while he worked at

2178

01:35:40,250 --> 01:35:38,520

Area 51 who knows right

2179

01:35:41,090 --> 01:35:40,260

Cowboy [\h__\h] says but his was actually

2180

01:35:43,189 --> 01:35:41,100

real

2181

01:35:53,270 --> 01:35:43,199

yeah I believe that you're right I read

2182

01:35:59,870 --> 01:35:55,490

people should research the story Bob

2183

01:36:03,169 --> 01:35:59,880

told Tim Ventura it's an eye-opener

2184

01:36:05,209 --> 01:36:03,179

yeah I agree with you Cowboy [\h__\h] says

2185

01:36:07,189 --> 01:36:05,219

Corbell wants it to be true that's the

2186

01:36:09,590 --> 01:36:07,199

biggest issue that's exactly the biggest

2187

01:36:11,030 --> 01:36:09,600

issue and and like I said you just if

2188

01:36:12,590 --> 01:36:11,040

you want the story to be true so

2189

01:36:15,050 --> 01:36:12,600

desperately you lose your objectivity

2190

01:36:16,729 --> 01:36:15,060

you know to me I could look at all the

2191

01:36:19,189 --> 01:36:16,739

evidence and then make an informed

2192

01:36:22,129 --> 01:36:19,199

decision based on available evidence he

2193

01:36:24,830 --> 01:36:22,139

has to Omit evidence to be able to

2194

01:36:28,430 --> 01:36:24,840

convince people that Bob may be telling

2195

01:36:30,830 --> 01:36:28,440

the truth if you have to Omit evidence

2196

01:36:32,689 --> 01:36:30,840

to make the story work

2197

01:36:35,030 --> 01:36:32,699

that's a pretty good indicator that the

2198

01:36:38,689 --> 01:36:35,040

story might not be credible this is just

2199

01:36:41,090 --> 01:36:38,699

my opinion right that's how I feel about

2200

01:36:45,290 --> 01:36:43,189

yeah Victor caldero said would be

2201

01:36:48,229 --> 01:36:45,300

awesome if the med bed from Elysium was

2202

01:36:50,090 --> 01:36:48,239

real yeah so many of these guys must

2203

01:36:51,770 --> 01:36:50,100

have seen that Alicia movie and thought

2204

01:36:54,290 --> 01:36:51,780

we can make some money off of this story

2205

01:36:58,189 --> 01:36:54,300

we'll just say we got one did you see

2206

01:36:59,990 --> 01:36:58,199

Victor I did a story on uh Sarah R Adams

2207

01:37:02,209 --> 01:37:00,000

you know she took a lot of [h__h] because

2208

01:37:03,709 --> 01:37:02,219

we covered her selling fake med bed

2209

01:37:05,209 --> 01:37:03,719

sessions for a med bed that doesn't

2210

01:37:07,669 --> 01:37:05,219

exist you know where she's going to take

2211

01:37:09,830 --> 01:37:07,679

you up through a Stargate to the

2212

01:37:11,450 --> 01:37:09,840

spaceship and lay you in a med bed but

2213

01:37:13,010 --> 01:37:11,460

then at the end of the ad copy she has

2214

01:37:16,550 --> 01:37:13,020

to admit that it's just a Skype session

2215

01:37:20,149 --> 01:37:18,890

for me and others for that so then she

2216

01:37:23,209 --> 01:37:20,159

decided she was going to hire somebody

2217

01:37:25,669 --> 01:37:23,219

to build her a real med bed and this guy

2218

01:37:28,450 --> 01:37:25,679

octurus raw who makes like

2219

01:37:31,490 --> 01:37:28,460

I don't know new age art kind of stuff

2220

01:37:33,169 --> 01:37:31,500

and necklaces that are way too expensive

2221

01:37:36,109 --> 01:37:33,179

that don't do anything that he claims to

2222

01:37:39,229 --> 01:37:36,119

do okay anyway that dude built her a med

2223

01:37:42,590 --> 01:37:39,239

bed out of include magnets inside a

2224

01:37:45,050 --> 01:37:42,600

tanning bed and painted it

2225

01:37:46,970 --> 01:37:45,060

great great story

2226

01:37:49,550 --> 01:37:46,980

you could see that story here Victor

2227

01:37:52,250 --> 01:37:49,560

it's just a great story so I now they're

2228

01:37:54,530 --> 01:37:52,260

selling real med bed sessions and you

2229

01:37:56,270 --> 01:37:54,540

know we talked about how neurologically

2230

01:37:57,590 --> 01:37:56,280

it could be dangerous for you to just

2231

01:37:59,990 --> 01:37:57,600

get in some

2232

01:38:01,609 --> 01:38:00,000

tanning bed with all these magnets glued

2233

01:38:02,390 --> 01:38:01,619

in it who knows what that does to your

2234

01:38:04,189 --> 01:38:02,400

body

2235

01:38:05,930 --> 01:38:04,199

but they're apparently they're moving

2236

01:38:07,609 --> 01:38:05,940

forward they're opening an office in

2237

01:38:10,129 --> 01:38:07,619

Sedona Arizona where you're going to be

2238

01:38:12,890 --> 01:38:10,139

able to buy a med bed session Victor

2239

01:38:16,729 --> 01:38:12,900

colliero and again the med bed consists

2240

01:38:20,629 --> 01:38:16,739

of a tanning booth I'm sorry

2241

01:38:23,090 --> 01:38:20,639

a tanning bed that some guy glue a bunch

2242

01:38:26,629 --> 01:38:23,100

of magnets into

2243

01:38:26,639 --> 01:38:29,330

yeah

2244

01:38:34,250 --> 01:38:32,810

yes so uh we are going to bounce on out

2245

01:38:36,050 --> 01:38:34,260

of here friends I want to thank old

2246

01:38:38,990 --> 01:38:36,060

friends and welcome new friends I saw

2247

01:38:40,790 --> 01:38:39,000

quite a few new faces in the uh live

2248

01:38:43,070 --> 01:38:40,800

chat I want to let you know that you are

2249

01:38:46,310 --> 01:38:43,080

most welcome here please if you haven't

2250

01:38:47,870 --> 01:38:46,320

already do me a favor and go and and hit

2251

01:38:50,209 --> 01:38:47,880

that subscribe button and the

2252

01:38:52,189 --> 01:38:50,219

notification Bell then you'll be able to

2253

01:38:53,629 --> 01:38:52,199

come here and be a part of the live

2254

01:38:55,609 --> 01:38:53,639

chats

2255

01:38:58,010 --> 01:38:55,619

and we would really appreciate your

2256

01:39:00,590 --> 01:38:58,020

participation I can't do this without

2257

01:39:02,870 --> 01:39:00,600

you this is a journey that we all get to

2258

01:39:04,370 --> 01:39:02,880

take together can't tell you how happy I

2259

01:39:06,109 --> 01:39:04,380

am that you are here to take this

2260

01:39:10,370 --> 01:39:06,119

journey with me

2261

01:39:12,530 --> 01:39:10,380

so what can I say friends uh

2262

01:39:13,990 --> 01:39:12,540

I'm gonna go probably have some alcohol

2263

01:39:17,090 --> 01:39:14,000

therapy

2264

01:39:22,250 --> 01:39:17,100

it's been a long week

2265

01:39:25,129 --> 01:39:22,260

uh long long week and uh

2266

01:39:27,169 --> 01:39:25,139

you know I think sometimes life is a

2267

01:39:28,790 --> 01:39:27,179

little too challenging right it's good

2268

01:39:30,649 --> 01:39:28,800

to be challenged in life I've heard that

2269

01:39:33,290 --> 01:39:30,659

many times but sometimes

2270

01:39:35,450 --> 01:39:33,300

it's it's too much and I want to tell

2271

01:39:38,149 --> 01:39:35,460

the universe okay I'm good I've got

2272

01:39:40,669 --> 01:39:38,159

enough challenges and can we just move

2273

01:39:43,490 --> 01:39:40,679

on from this right

2274

01:39:46,310 --> 01:39:43,500

and lately all the Dramarama seems like

2275

01:39:50,149 --> 01:39:46,320

one fire goes out and another one starts

2276

01:39:53,870 --> 01:39:50,159

and even if you have good intentions

2277

01:39:55,790 --> 01:39:53,880

things just uh erupt but you know we're

2278

01:39:59,030 --> 01:39:55,800

still here

2279

01:40:02,750 --> 01:39:59,040

I showed up I did some uh what I think

2280

01:40:05,810 --> 01:40:02,760

is valuable work today I uh I'm very

2281

01:40:08,209 --> 01:40:05,820

pleased you know to uh

2282

01:40:10,189 --> 01:40:08,219

get to meet and talk to this Signal's

2283

01:40:13,310 --> 01:40:10,199

intelligence today who is going to be a

2284

01:40:16,070 --> 01:40:13,320

guest here and this guy's got so many

2285

01:40:17,930 --> 01:40:16,080

interviews and information on Bob Lazar

2286

01:40:19,669 --> 01:40:17,940

I can't wait I hope he's gonna let me

2287

01:40:21,350 --> 01:40:19,679

bring it all to you guys

2288

01:40:23,030 --> 01:40:21,360

uh because this is a good place for it

2289

01:40:24,830 --> 01:40:23,040

we've done a lot of work on babazar

2290

01:40:26,330 --> 01:40:24,840

we've covered him many many times and I

2291

01:40:27,890 --> 01:40:26,340

hope we'll continue to cover him

2292

01:40:31,310 --> 01:40:27,900

especially when there's new developments

2293

01:40:33,770 --> 01:40:31,320

like this and new evidence uh that we

2294

01:40:35,689 --> 01:40:33,780

can all listen to and make up our minds

2295

01:40:36,890 --> 01:40:35,699

about Bob Lazar with

2296

01:40:38,510 --> 01:40:36,900

so

2297

01:40:41,149 --> 01:40:38,520

that's where we're at that's where we

2298

01:40:42,830 --> 01:40:41,159

find ourselves and uh I'm so glad that I

2299

01:40:45,590 --> 01:40:42,840

found myself here with all of you

2300

01:40:49,129 --> 01:40:45,600

tonight please do subscribe we have to

2301

01:40:50,930 --> 01:40:49,139

get over this hump it seems like the new

2302

01:40:54,229 --> 01:40:50,940

subscribers have slowed down a whole

2303

01:40:56,810 --> 01:40:54,239

bunch as we race towards the uh 5 000

2304

01:40:59,450 --> 01:40:56,820

subscribers which is halfway to the

2305

01:41:01,310 --> 01:40:59,460

initial goal when I started this channel

2306

01:41:03,770 --> 01:41:01,320

and uh who wouldn't know it would take

2307

01:41:06,350 --> 01:41:03,780

this long you know

2308

01:41:08,109 --> 01:41:06,360

but we're still in here we're still in

2309

01:41:11,270 --> 01:41:08,119

here swinging

2310

01:41:13,729 --> 01:41:11,280

every day uh and and I'm sure we're

2311

01:41:16,070 --> 01:41:13,739

gonna hit our goals eventually and just

2312

01:41:17,810 --> 01:41:16,080

sometimes those goals that you have are

2313

01:41:20,870 --> 01:41:17,820

a little too lofty maybe you're not

2314

01:41:22,609 --> 01:41:20,880

maybe I wasn't quite aware of the effort

2315

01:41:24,310 --> 01:41:22,619

that it would take and hey I'm not

2316

01:41:27,770 --> 01:41:24,320

complaining I'm just saying that uh

2317

01:41:30,530 --> 01:41:27,780

sometimes we we underestimate the

2318

01:41:32,090 --> 01:41:30,540

challenges ahead of us but I've never

2319

01:41:34,669 --> 01:41:32,100

been one to shrink them from a challenge

2320

01:41:38,090 --> 01:41:34,679

so I'm in here for the Long Haul let's

2321

01:41:40,669 --> 01:41:38,100

just keep this thing going so until next

2322

01:41:45,740 --> 01:41:40,679

time friends my name is Stephen cambian

[Applause]

2325

01:43:33,920 --> 01:43:57,030

thank you

2326

[Music]

2327

01:44:23,719 --> 01:45:00,230

thank you
