[Music]

2
00:01:17,830 --> 00:01:15,030

greetings and salutations friends and

3
00:01:19,990 --> 00:01:17,840

welcome back to the midnight hour

4
00:01:22,870 --> 00:01:20,000

my name is stephen cambion

5
00:01:24,070 --> 00:01:22,880

also known as the mystery man

6
00:01:28,230 --> 00:01:24,080

bringing you

7
00:01:32,870 --> 00:01:30,469

well tonight friends tonight is no

8
00:01:34,710 --> 00:01:32,880

different tonight we're going to be

9
00:01:37,910 --> 00:01:34,720

talking about

10
00:01:43,530 --> 00:01:40,870

the possibility that aliens intervened

11
00:01:46,310 --> 00:01:43,540

with human evolution or creation

12
00:01:49,109 --> 00:01:46,320

[Music]

13
00:01:51,270 --> 00:01:49,119

now i realized talking about aliens

14

00:01:53,030 --> 00:01:51,280

somehow being involved

15

00:01:55,350 --> 00:01:53,040

in the creation

16

00:01:58,149 --> 00:01:55,360

or the evolution

17

00:01:59,990 --> 00:01:58,159

of humanity is crazy

18

00:02:02,709 --> 00:02:00,000

but if you stop and think about it it's

19

00:02:04,950 --> 00:02:02,719

no crazier than believing that some

20

00:02:06,630 --> 00:02:04,960

divine being

21

00:02:10,229 --> 00:02:06,640

made us

22

00:02:14,790 --> 00:02:13,110

all in seven days

23

00:02:19,800 --> 00:02:14,800

millions of people around the world

24

00:02:29,510 --> 00:02:25,990

[Music]

25

00:02:31,110 --> 00:02:29,520

i grew up catholic i believed in god

26

00:02:34,150 --> 00:02:31,120

but even i

27

00:02:39,830 --> 00:02:36,630

it flies in the face of logic so i went

28

00:02:42,630 --> 00:02:39,840

looking for other explanations

29

00:02:45,350 --> 00:02:42,640

and somewhere along the line i found

30

00:02:47,509 --> 00:02:45,360

what most people call the ancient alien

31

00:02:51,270 --> 00:02:47,519

theory

32

00:02:52,869 --> 00:02:51,280

later i found a great deal of that to be

33

00:02:54,710 --> 00:02:52,879

suspect

34

00:02:57,190 --> 00:02:54,720

from the mistranslations

35

00:02:59,510 --> 00:02:57,200

by sitchin to

36

00:03:02,070 --> 00:02:59,520

the fantasies

37

00:03:05,190 --> 00:03:02,080

[Music]

38

00:03:07,350 --> 00:03:05,200

a lot of that is just not credible

39

00:03:09,580 --> 00:03:07,360

it doesn't ring true

40

00:03:11,350 --> 00:03:09,590

on further examination

41

00:03:14,149 --> 00:03:11,360

[Music]

42

00:03:17,350 --> 00:03:14,159

but it's worth taking a second look

43

00:03:20,229 --> 00:03:17,360

at some researchers

44

00:03:21,509 --> 00:03:20,239

some great researchers who are doing

45

00:03:23,589 --> 00:03:21,519

amazing

46

00:03:25,400 --> 00:03:23,599

research into

47

00:03:28,789 --> 00:03:25,410

human origins

48

00:03:30,869 --> 00:03:28,799

[Music]

49

00:03:32,630 --> 00:03:30,879

in many cases some of these researchers

50

00:03:35,190 --> 00:03:32,640

are proving

51
00:03:38,070 --> 00:03:35,200
proving that what we were taught about

52
00:03:40,149 --> 00:03:38,080
human evolution human origins

53
00:03:43,500 --> 00:03:40,159
the creation of humanity

54
00:03:47,430 --> 00:03:43,510
may not be the real story

55
00:03:49,270 --> 00:03:47,440
[Music]

56
00:03:51,910 --> 00:03:49,280
my guest tonight is none other than

57
00:03:54,470 --> 00:03:51,920
bruce fenton one of those credible

58
00:03:58,309 --> 00:03:54,480
researchers who has been diving deep

59
00:04:00,710 --> 00:03:58,319
into this thing for years and years and

60
00:04:02,229 --> 00:04:00,720
years

61
00:04:05,190 --> 00:04:02,239
this is a person

62
00:04:07,910 --> 00:04:05,200
who i wanted to talk to

63
00:04:10,949 --> 00:04:07,920

i wanted to find out what made him so

64

00:04:12,830 --> 00:04:10,959

passionate in his belief

65

00:04:14,550 --> 00:04:12,840

that this may be

66

00:04:17,430 --> 00:04:14,560

true

67

00:04:18,789 --> 00:04:17,440

what drove him in his search in his

68

00:04:22,230 --> 00:04:18,799

journey

69

00:04:23,590 --> 00:04:22,240

into this theory to find the actual

70

00:04:26,390 --> 00:04:23,600

truth

71

00:04:30,310 --> 00:04:26,400

and what evidence could he share with me

72

00:04:33,510 --> 00:04:31,430

folks

73

00:04:35,510 --> 00:04:33,520

tonight's going to be mind-blowing so

74

00:04:37,430 --> 00:04:35,520

sit back

75

00:04:38,790 --> 00:04:37,440

relax

76

00:04:39,670 --> 00:04:38,800

and let's

77

00:04:41,890 --> 00:04:39,680

get

78

00:04:44,469 --> 00:04:41,900

into it

79

00:04:46,950 --> 00:04:44,479

[Music]

80

00:04:49,030 --> 00:04:46,960

i actually like most of the stuff that i

81

00:04:50,790 --> 00:04:49,040

hear you talk about and i agree with you

82

00:04:51,909 --> 00:04:50,800

a lot i've got this big list of

83

00:04:54,150 --> 00:04:51,919

questions

84

00:04:54,790 --> 00:04:54,160

the first thing that i'd like to ask you

85

00:05:02,950 --> 00:04:54,800

is

86

00:05:07,590 --> 00:05:02,960

to

87

00:05:13,029 --> 00:05:09,029

yeah no that's a fair question i mean

88

00:05:14,790 --> 00:05:13,039

it's personal experiences i mean i'd had

89

00:05:17,990 --> 00:05:14,800

some

90

00:05:20,870 --> 00:05:18,000

very odd experiences going back to 2002

91

00:05:22,870 --> 00:05:20,880

i had a kind of a shamanic journey where

92

00:05:25,590 --> 00:05:22,880

i found myself

93

00:05:27,430 --> 00:05:25,600

actually in the you know the body of

94

00:05:29,189 --> 00:05:27,440

what i would have to call a kind of a

95

00:05:31,350 --> 00:05:29,199

non-human you know like a humanoid

96

00:05:34,150 --> 00:05:31,360

extraterrestrial in a craft

97

00:05:36,469 --> 00:05:34,160

um in a blue uniform and it was you know

98

00:05:38,390 --> 00:05:36,479

flying a craft towards the earth and you

99

00:05:39,830 --> 00:05:38,400

know there was an awareness that

100

00:05:42,550 --> 00:05:39,840

some sort of big event that happened

101
00:05:43,590 --> 00:05:42,560
that a lot of beings had died and it was

102
00:05:44,629 --> 00:05:43,600
it was part of a you know there were

103
00:05:46,150 --> 00:05:44,639
several you know united i don't know if

104
00:05:47,350 --> 00:05:46,160
you it's a traumatic journey and there

105
00:05:48,230 --> 00:05:47,360
was other things that happened that were

106
00:05:50,150 --> 00:05:48,240
literally nothing to do with this you

107
00:05:52,150 --> 00:05:50,160
know jumping into that scene and then

108
00:05:54,950 --> 00:05:52,160
then other stuff and like at the time i

109
00:05:56,150 --> 00:05:54,960
had no context for that um it was just

110
00:05:57,749 --> 00:05:56,160
like one of the strange things that

111
00:06:00,629 --> 00:05:57,759
happened during this sort of journey

112
00:06:02,950 --> 00:06:00,639
right but then years later you know

113
00:06:06,150 --> 00:06:02,960

after all sorts of other strange things

114

00:06:07,749 --> 00:06:06,160

i happened upon this work uh by this

115

00:06:10,150 --> 00:06:07,759

lady valerie barrow which obviously is

116

00:06:11,830 --> 00:06:10,160

the book i i kind of cite as being the

117

00:06:13,270 --> 00:06:11,840

main source

118

00:06:14,790 --> 00:06:13,280

and in there you know it's describing

119

00:06:16,550 --> 00:06:14,800

yeah there's destruction of this craft

120

00:06:18,710 --> 00:06:16,560

in space and these these tall beings and

121

00:06:20,870 --> 00:06:18,720

these blue uniforms flying down to it

122

00:06:22,629 --> 00:06:20,880

you know it was hard not

123

00:06:24,550 --> 00:06:22,639

it was hard not to connect the two to be

124

00:06:26,950 --> 00:06:24,560

honest so it had a personal feeling like

125

00:06:29,430 --> 00:06:26,960

oh my god that actually reminds me so

126

00:06:31,510 --> 00:06:29,440

much of what i experienced on that

127

00:06:33,909 --> 00:06:31,520

shamanic journey that you know there was

128

00:06:35,350 --> 00:06:33,919

a very intense emotional feeling that

129

00:06:37,670 --> 00:06:35,360

you know like a familiarity with the

130

00:06:39,430 --> 00:06:37,680

story so that you know whether it really

131

00:06:41,270 --> 00:06:39,440

was to have some connection i don't know

132

00:06:42,870 --> 00:06:41,280

but it definitely felt that way and

133

00:06:45,350 --> 00:06:42,880

having seen that you know in that

134

00:06:46,870 --> 00:06:45,360

journey that's what really i guess made

135

00:06:49,270 --> 00:06:46,880

it click to me that hey this this seems

136

00:06:50,469 --> 00:06:49,280

like it's something to do with my

137

00:06:52,390 --> 00:06:50,479

personal

138

00:06:54,550 --> 00:06:52,400

life journey at least you know that it

139

00:06:56,469 --> 00:06:54,560

filled in an answer to oh heck maybe

140

00:06:58,710 --> 00:06:56,479

this is connected to what i experienced

141

00:07:00,629 --> 00:06:58,720

all those years ago that that was really

142

00:07:03,189 --> 00:07:00,639

why this particular

143

00:07:05,110 --> 00:07:03,199

you know story captured me

144

00:07:07,430 --> 00:07:05,120

um that and my

145

00:07:10,230 --> 00:07:07,440

well my wife and i had had a serious

146

00:07:12,950 --> 00:07:10,240

experiences back in 2012

147

00:07:15,029 --> 00:07:12,960

um which really again connected that you

148

00:07:16,550 --> 00:07:15,039

know she had contact a number of contact

149

00:07:18,309 --> 00:07:16,560

experiences with

150

00:07:20,390 --> 00:07:18,319

what you know we'd have to call again

151

00:07:22,550 --> 00:07:20,400

some kind of you know extraterrestrial

152

00:07:24,469 --> 00:07:22,560

or non-human intelligence or you know

153

00:07:27,670 --> 00:07:24,479

interdimensional or you know whatever i

154

00:07:28,629 --> 00:07:27,680

call it but um and again

155

00:07:31,350 --> 00:07:28,639

that

156

00:07:33,110 --> 00:07:31,360

had a sense of relationship because of

157

00:07:35,430 --> 00:07:33,120

the beings involved talking about

158

00:07:36,870 --> 00:07:35,440

connection to the pleiades and again in

159

00:07:38,710 --> 00:07:36,880

valerie's work you know there's this

160

00:07:40,790 --> 00:07:38,720

connection with the pleiades and now i'm

161

00:07:43,110 --> 00:07:40,800

aware that the pleiades comes up all

162

00:07:44,869 --> 00:07:43,120

over the place you know both in new age

163

00:07:47,270 --> 00:07:44,879

and in in

164

00:07:49,830 --> 00:07:47,280

indigenous cultural understandings you

165

00:07:51,830 --> 00:07:49,840

know whether we go to australia or south

166

00:07:54,390 --> 00:07:51,840

america or even indonesia you know

167

00:07:56,469 --> 00:07:54,400

he's mentioned almost as much as zeta

168

00:07:59,029 --> 00:07:56,479

reticuli when it comes to yeah it comes

169

00:08:01,430 --> 00:07:59,039

up a lot i mean really particularly

170

00:08:02,950 --> 00:08:01,440

native american cultures and south

171

00:08:04,710 --> 00:08:02,960

american indigenous cultures

172

00:08:06,309 --> 00:08:04,720

particularly it's it's pretty universal

173

00:08:07,510 --> 00:08:06,319

yeah absolutely

174

00:08:09,110 --> 00:08:07,520

um

175

00:08:11,270 --> 00:08:09,120

you know and obviously again with the

176

00:08:13,510 --> 00:08:11,280

billy mayer case of course is you know

177

00:08:16,790 --> 00:08:13,520

pleiades you know saying the new agey

178

00:08:17,909 --> 00:08:16,800

ufo contact community you know of course

179

00:08:20,230 --> 00:08:17,919

it comes up

180

00:08:21,909 --> 00:08:20,240

um and in the sort of the more i suppose

181

00:08:24,150 --> 00:08:21,919

you get the hardcore kind of i guess new

182

00:08:25,830 --> 00:08:24,160

age you know with channelings and and

183

00:08:27,909 --> 00:08:25,840

all the rest of that again the pleiades

184

00:08:29,670 --> 00:08:27,919

comes up a lot i mean it's definitely um

185

00:08:30,550 --> 00:08:29,680

it's a common theme so i mean i'd

186

00:08:32,230 --> 00:08:30,560

understand when people hear that they

187

00:08:34,389 --> 00:08:32,240

often think you know god you know we're

188

00:08:37,190 --> 00:08:34,399

going into the you know that really kind

189

00:08:39,829 --> 00:08:37,200

of airy fairy new age

190

00:08:41,670 --> 00:08:39,839

um which is not it's really not my thing

191

00:08:43,350 --> 00:08:41,680

um so i mean i

192

00:08:44,550 --> 00:08:43,360

that that was another aspect that was

193

00:08:46,470 --> 00:08:44,560

the other person again the other

194

00:08:48,870 --> 00:08:46,480

personal contacts the stuff that my wife

195

00:08:51,430 --> 00:08:48,880

had experiences i'd had that really made

196

00:08:53,030 --> 00:08:51,440

me feel that it was worth exploring the

197

00:08:55,670 --> 00:08:53,040

material in the book and seeing whether

198

00:08:58,550 --> 00:08:55,680

it was indeed valid you know whether it

199

00:09:01,110 --> 00:08:58,560

was just you know a story uh or whether

200

00:09:03,350 --> 00:09:01,120

it really as it seemed you know might be

201
00:09:06,150 --> 00:09:03,360
like a genuine transmission from an

202
00:09:08,070 --> 00:09:06,160
intelligence wanting us to validate that

203
00:09:09,750 --> 00:09:08,080
it existed

204
00:09:11,110 --> 00:09:09,760
right that's pretty deep and then you

205
00:09:12,949 --> 00:09:11,120
say that that book had a lot of

206
00:09:14,550 --> 00:09:12,959
similarities from your own experience

207
00:09:16,470 --> 00:09:14,560
that

208
00:09:17,670 --> 00:09:16,480
i guess yeah yeah particularly with my

209
00:09:19,509 --> 00:09:17,680
experience yes with the experience i'd

210
00:09:21,269 --> 00:09:19,519
had years before when i i'd never heard

211
00:09:22,470 --> 00:09:21,279
of the book at the time just to be so

212
00:09:24,710 --> 00:09:22,480
clear

213
00:09:26,550 --> 00:09:24,720

my understanding is that the the book

214

00:09:28,710 --> 00:09:26,560

altruinga when the first ancestors were

215

00:09:30,470 --> 00:09:28,720

created by valerie barrow which is

216

00:09:33,350 --> 00:09:30,480

against the main source that was

217

00:09:36,230 --> 00:09:33,360

published back in 2002 which is actually

218

00:09:37,750 --> 00:09:36,240

i think the same year that i had this

219

00:09:39,590 --> 00:09:37,760

shamanic sort of visionary experience

220

00:09:41,350 --> 00:09:39,600

sort of funnily enough but so i mean i i

221

00:09:42,550 --> 00:09:41,360

certainly didn't know it existed you

222

00:09:46,550 --> 00:09:42,560

know and then

223

00:09:49,269 --> 00:09:46,560

the events in the book are from 1994 i

224

00:09:51,110 --> 00:09:49,279

believe so you know so she

225

00:09:52,710 --> 00:09:51,120

wrote them up and eventually published

226

00:09:54,550 --> 00:09:52,720

you know what had happened you know with

227

00:09:56,470 --> 00:09:54,560

her and you know this whole complex

228

00:09:59,829 --> 00:09:56,480

situation but yeah i certainly i didn't

229

00:10:01,829 --> 00:09:59,839

hear about it until it was 2013

230

00:10:03,910 --> 00:10:01,839

due to the connection i had i was doing

231

00:10:06,230 --> 00:10:03,920

some collaborative work with a couple of

232

00:10:08,310 --> 00:10:06,240

australian like researchers and writers

233

00:10:09,430 --> 00:10:08,320

called stephen and evan strong who i

234

00:10:10,150 --> 00:10:09,440

mean i don't know if you're familiar

235

00:10:11,990 --> 00:10:10,160

with

236

00:10:14,389 --> 00:10:12,000

um

237

00:10:16,310 --> 00:10:14,399

yeah okay so they there they write on

238

00:10:18,710 --> 00:10:16,320

connected topics i mean the out of

239

00:10:21,509 --> 00:10:18,720

africa sorry out of australia kind of

240

00:10:23,509 --> 00:10:21,519

theory uh which i deal with in my

241

00:10:26,310 --> 00:10:23,519

forgotten exodus into africa book that

242

00:10:28,150 --> 00:10:26,320

they also tackle that in their work they

243

00:10:30,150 --> 00:10:28,160

also have an interest in this

244

00:10:32,069 --> 00:10:30,160

there's sort of the contact and contact

245

00:10:34,230 --> 00:10:32,079

type stuff so we collaborated on a book

246

00:10:36,790 --> 00:10:34,240

called ancient aliens in australia and

247

00:10:39,190 --> 00:10:36,800

it was near the end of writing that book

248

00:10:40,150 --> 00:10:39,200

that they then made me aware of valerie

249

00:10:42,310 --> 00:10:40,160

barrow and they said you know there's

250

00:10:43,430 --> 00:10:42,320

actually this lady she's published this

251
00:10:44,790 --> 00:10:43,440
book you know

252
00:10:46,389 --> 00:10:44,800
years ago which

253
00:10:47,430 --> 00:10:46,399
overlaps with some of the stuff that you

254
00:10:49,190 --> 00:10:47,440
know

255
00:10:50,470 --> 00:10:49,200
my wife and i had sort of told them

256
00:10:51,910 --> 00:10:50,480
about our personal experiences and they

257
00:10:53,509 --> 00:10:51,920
said you know you'll probably find this

258
00:10:54,550 --> 00:10:53,519
relevant you know you should check out

259
00:10:56,150 --> 00:10:54,560
the book

260
00:10:57,829 --> 00:10:56,160
and that that's actually how i came to

261
00:11:00,069 --> 00:10:57,839
know about it because valerie's also

262
00:11:01,590 --> 00:11:00,079
australian and so they'd physically met

263
00:11:03,590 --> 00:11:01,600

and they knew each other

264

00:11:04,870 --> 00:11:03,600

so it was then that i sort of dived into

265

00:11:06,710 --> 00:11:04,880

that and

266

00:11:08,550 --> 00:11:06,720

found that yeah that there were overlaps

267

00:11:09,990 --> 00:11:08,560

both with our personal experiences then

268

00:11:12,470 --> 00:11:10,000

and also with that

269

00:11:13,910 --> 00:11:12,480

earlier event in my life so it started

270

00:11:15,269 --> 00:11:13,920

to tie together and to be honest there

271

00:11:17,910 --> 00:11:15,279

was other things you know people that i

272

00:11:19,670 --> 00:11:17,920

i know there's another researcher called

273

00:11:21,990 --> 00:11:19,680

leonard farah who's got a series of

274

00:11:24,389 --> 00:11:22,000

books on the pleiades legacy

275

00:11:26,230 --> 00:11:24,399

um and he deals with the pleiades

276

00:11:28,949 --> 00:11:26,240

connection in the old world the new

277

00:11:31,269 --> 00:11:28,959

world and also i believe in the the

278

00:11:33,430 --> 00:11:31,279

stone age or free books on that and some

279

00:11:35,269 --> 00:11:33,440

of his work he shared with me and in

280

00:11:37,829 --> 00:11:35,279

that he had um

281

00:11:39,269 --> 00:11:37,839

a sitting with a very famous meeting

282

00:11:41,110 --> 00:11:39,279

called jerry sherrick who i think is now

283

00:11:43,350 --> 00:11:41,120

passed on but he was connected with the

284

00:11:45,750 --> 00:11:43,360

the enfield poltergeist case if you if

285

00:11:48,630 --> 00:11:45,760

you know that one um which became the

286

00:11:49,829 --> 00:11:48,640

recently became the movie the which i

287

00:11:51,430 --> 00:11:49,839

think it's called isn't the end for paul

288

00:11:53,750 --> 00:11:51,440

guys to say one of the

289

00:11:54,710 --> 00:11:53,760

one of these um you know spooky horror

290

00:11:55,990 --> 00:11:54,720

films

291

00:11:57,829 --> 00:11:56,000

but basically one of the mediums

292

00:11:59,829 --> 00:11:57,839

involved with the actual case you know

293

00:12:01,030 --> 00:11:59,839

he was sitting with him and during that

294

00:12:02,710 --> 00:12:01,040

they had

295

00:12:05,829 --> 00:12:02,720

a contact with a spirit or at least

296

00:12:07,509 --> 00:12:05,839

acclaimed contact with a spirit being a

297

00:12:09,269 --> 00:12:07,519

mexican

298

00:12:11,190 --> 00:12:09,279

local leader kind of tribal leader who

299

00:12:14,389 --> 00:12:11,200

was saying you know in his time where he

300

00:12:16,629 --> 00:12:14,399

was that these crafts had landed um

301

00:12:18,790 --> 00:12:16,639

these beings had come out

302

00:12:21,190 --> 00:12:18,800

and had kind of made contact with the

303

00:12:23,750 --> 00:12:21,200

local people uh that they said they had

304

00:12:26,310 --> 00:12:23,760

come from beyond the time space

305

00:12:29,990 --> 00:12:26,320

and that they then went on to

306

00:12:31,829 --> 00:12:30,000

essentially create some kind of hybrid

307

00:12:33,430 --> 00:12:31,839

you know hybrid human

308

00:12:35,750 --> 00:12:33,440

offspring that they left you know

309

00:12:37,910 --> 00:12:35,760

they've left you know these deposited in

310

00:12:40,069 --> 00:12:37,920

the the women of you know of your tribe

311

00:12:42,550 --> 00:12:40,079

are these children that will be born and

312

00:12:43,750 --> 00:12:42,560

that they will be unlike other people

313

00:12:45,509 --> 00:12:43,760

they're going to be like sort of

314

00:12:47,269 --> 00:12:45,519

giant-sized compared to you and they're

315

00:12:48,710 --> 00:12:47,279

going to be you know more intelligent

316

00:12:51,030 --> 00:12:48,720

and they'll be your leaders of the

317

00:12:53,910 --> 00:12:51,040

future now that's really really sort of

318

00:12:55,269 --> 00:12:53,920

bizarre but it actually tied in with

319

00:12:57,670 --> 00:12:55,279

the experiences my wife's had in her

320

00:13:00,790 --> 00:12:57,680

contact events which in those she would

321

00:13:02,150 --> 00:13:00,800

find herself at least you know in terms

322

00:13:03,990 --> 00:13:02,160

of her

323

00:13:05,910 --> 00:13:04,000

i said your astral self you know she

324

00:13:08,870 --> 00:13:05,920

wouldn't physically go to but astral

325

00:13:10,550 --> 00:13:08,880

south she would find herself back in in

326

00:13:12,310 --> 00:13:10,560

palenque the mayan plane gave back in

327

00:13:13,990 --> 00:13:12,320

the seventh century living a life and

328

00:13:15,829 --> 00:13:14,000

that there were these tall

329

00:13:17,190 --> 00:13:15,839

beings that were quite clearly not

330

00:13:19,350 --> 00:13:17,200

normal people that were in the

331

00:13:20,389 --> 00:13:19,360

leadership now

332

00:13:21,750 --> 00:13:20,399

by the time we didn't you know this

333

00:13:23,030 --> 00:13:21,760

thing that we didn't know the time that

334

00:13:24,230 --> 00:13:23,040

obviously leonard had this book so

335

00:13:25,829 --> 00:13:24,240

there's a lot of different tie-ins that

336

00:13:27,750 --> 00:13:25,839

we've had that made us commit to this

337

00:13:28,870 --> 00:13:27,760

you know something great

338

00:13:30,550 --> 00:13:28,880

you know different people that we've

339

00:13:33,670 --> 00:13:30,560

connected with it turns out that they've

340

00:13:36,710 --> 00:13:33,680

got some little piece of this puzzle um

341

00:13:38,550 --> 00:13:36,720

my my wife's experience is also

342

00:13:40,629 --> 00:13:38,560

connect with things that are physically

343

00:13:41,829 --> 00:13:40,639

found at palenque for example if you if

344

00:13:43,269 --> 00:13:41,839

you happen to go there they'll you'll

345

00:13:44,470 --> 00:13:43,279

find that there's um

346

00:13:47,670 --> 00:13:44,480

why not just go there you can find

347

00:13:49,829 --> 00:13:47,680

online that there's images of the lords

348

00:13:50,710 --> 00:13:49,839

of palenque and stuff carved into walls

349

00:13:53,189 --> 00:13:50,720

you know

350

00:13:55,750 --> 00:13:53,199

and one of the the most relevant scenes

351

00:13:57,269 --> 00:13:55,760

is in the temple of the foliated cross

352

00:14:00,069 --> 00:13:57,279

which you'll see that these lords of

353

00:14:01,509 --> 00:14:00,079

palenque are depicted as being

354

00:14:03,670 --> 00:14:01,519

incredibly tall compared to the other

355

00:14:05,750 --> 00:14:03,680

people there's them there's other normal

356

00:14:07,829 --> 00:14:05,760

you know maya people standing on like

357

00:14:09,269 --> 00:14:07,839

boxes next to them to talk to them

358

00:14:11,670 --> 00:14:09,279

looking up at them and they're still

359

00:14:12,710 --> 00:14:11,680

like a head and shoulders taller right

360

00:14:17,030 --> 00:14:12,720

so

361

00:14:18,389 --> 00:14:17,040

of you know paranormal means you know

362

00:14:19,670 --> 00:14:18,399

when you sort of double check this and

363

00:14:22,230 --> 00:14:19,680

say you know is there any

364

00:14:24,389 --> 00:14:22,240

you know validity to this idea that

365

00:14:26,629 --> 00:14:24,399

there was these abnormally tall lords

366

00:14:28,629 --> 00:14:26,639

it's like yes and then you delve into a

367

00:14:31,350 --> 00:14:28,639

bit further and you'll find that

368

00:14:34,550 --> 00:14:31,360

lord pacquiao cow the

369

00:14:36,949 --> 00:14:34,560

the seventh century king of palenque

370

00:14:39,269 --> 00:14:36,959

he has a sarcophagus which is about i

371

00:14:41,189 --> 00:14:39,279

think it's about eight foot long

372

00:14:43,509 --> 00:14:41,199

and the skeleton that was removed from

373

00:14:44,470 --> 00:14:43,519

it was of um of a guy that was i think

374

00:14:46,550 --> 00:14:44,480

about

375

00:14:47,990 --> 00:14:46,560

six foot ten or something or seven four

376

00:14:50,470 --> 00:14:48,000

or something you know

377

00:14:52,069 --> 00:14:50,480

if you that may not sound incredibly

378

00:14:52,870 --> 00:14:52,079

tall considering we have now of course

379

00:14:55,269 --> 00:14:52,880

you know

380

00:14:56,870 --> 00:14:55,279

basketball players that are beyond that

381

00:14:59,590 --> 00:14:56,880

but if you put on the context of the

382

00:15:01,910 --> 00:14:59,600

average maya warrior of the time was

383

00:15:04,069 --> 00:15:01,920

around about sort of five foot two

384

00:15:06,150 --> 00:15:04,079

and then you've got this lord who's like

385

00:15:07,990 --> 00:15:06,160

nearly seven foot tall right

386

00:15:09,110 --> 00:15:08,000

so there's something

387

00:15:10,550 --> 00:15:09,120

not adding up there's something

388

00:15:11,750 --> 00:15:10,560

definitely strange there that you find

389

00:15:14,230 --> 00:15:11,760

the physical remains are of these

390

00:15:16,069 --> 00:15:14,240

particularly tall lords that there's

391

00:15:17,829 --> 00:15:16,079

pictures of them on the wall showing

392

00:15:19,750 --> 00:15:17,839

they're abnormally tall

393

00:15:21,750 --> 00:15:19,760

you've got this you know completely

394

00:15:23,269 --> 00:15:21,760

distinct person to us who's had this

395

00:15:25,910 --> 00:15:23,279

experience where it comes through saying

396

00:15:27,750 --> 00:15:25,920

that these these giant sized lords my

397

00:15:29,350 --> 00:15:27,760

wife's having these strange contact

398

00:15:31,189 --> 00:15:29,360

experiences in these astral journeys or

399

00:15:33,910 --> 00:15:31,199

shamanic journeys or whatever we'd call

400

00:15:35,189 --> 00:15:33,920

them and she's seeing that as well so

401
00:15:36,310 --> 00:15:35,199
those kind of things in the end you know

402
00:15:38,470 --> 00:15:36,320
personally obviously living in the

403
00:15:40,629 --> 00:15:38,480
middle of that hub of strangeness you

404
00:15:43,110 --> 00:15:40,639
know it all comes together for me as

405
00:15:45,430 --> 00:15:43,120
more nudges to have a look you know is

406
00:15:47,430 --> 00:15:45,440
there evidence that supports the idea

407
00:15:49,030 --> 00:15:47,440
there's been this contact

408
00:15:51,749 --> 00:15:49,040
is there anything that we can physically

409
00:15:53,269 --> 00:15:51,759
point to you know or is this just high

410
00:15:54,870 --> 00:15:53,279
strangeness you know from human

411
00:15:57,030 --> 00:15:54,880
consciousness and so that's

412
00:15:58,870 --> 00:15:57,040
but so that's where i you know i do like

413
00:16:00,710 --> 00:15:58,880

to try where i can to validate you know

414

00:16:02,870 --> 00:16:00,720

i recognize that some things are just

415

00:16:05,110 --> 00:16:02,880

you have to just leave us you know very

416

00:16:07,509 --> 00:16:05,120

weird and there's nothing you can do to

417

00:16:08,790 --> 00:16:07,519

prove them either way um but you know

418

00:16:10,470 --> 00:16:08,800

every now and again some of these things

419

00:16:11,590 --> 00:16:10,480

you are able to go and find spring

420

00:16:13,269 --> 00:16:11,600

evidence

421

00:16:14,790 --> 00:16:13,279

yeah i've noticed that you do that a lot

422

00:16:16,629 --> 00:16:14,800

you know one of the questions that i'd

423

00:16:19,910 --> 00:16:16,639

like to ask anybody that

424

00:16:21,910 --> 00:16:19,920

had a contact experience

425

00:16:27,030 --> 00:16:21,920

what do you think they are and what do

426
00:16:33,749 --> 00:16:29,030
hello

427
00:16:35,030 --> 00:16:33,759
wonder i mean i from what from what

428
00:16:36,470 --> 00:16:35,040
we've had the kind of experiences i'd

429
00:16:39,030 --> 00:16:36,480
say that

430
00:16:41,269 --> 00:16:39,040
they're definitely not

431
00:16:43,829 --> 00:16:41,279
simply physical in the way that you know

432
00:16:45,189 --> 00:16:43,839
that we are that they're definitely

433
00:16:47,829 --> 00:16:45,199
able to

434
00:16:49,590 --> 00:16:47,839
transcend sort of time and space and

435
00:16:50,389 --> 00:16:49,600
physicality to some degree that i'd say

436
00:16:53,110 --> 00:16:50,399
that

437
00:16:55,189 --> 00:16:53,120
they you know although this seems to be

438
00:16:56,949 --> 00:16:55,199

a physical manifestation of these

439

00:16:59,189 --> 00:16:56,959

intelligences you know they can appear

440

00:17:00,389 --> 00:16:59,199

to be beings i mean if you look at some

441

00:17:02,470 --> 00:17:00,399

of the

442

00:17:04,949 --> 00:17:02,480

the relevant contact events especially

443

00:17:07,590 --> 00:17:04,959

down in mexico i mean if you're familiar

444

00:17:09,990 --> 00:17:07,600

with the work of rd's six killer clark

445

00:17:12,630 --> 00:17:10,000

who's got you know a series of books on

446

00:17:15,029 --> 00:17:12,640

native american contact cases

447

00:17:15,909 --> 00:17:15,039

very specifically and in her work you

448

00:17:17,590 --> 00:17:15,919

know

449

00:17:19,510 --> 00:17:17,600

you've got witnesses who are at ancient

450

00:17:21,750 --> 00:17:19,520

maya sites for example and they will see

451

00:17:23,990 --> 00:17:21,760

orbs of light flying around but then

452

00:17:27,510 --> 00:17:24,000

these orbs of light will then morph and

453

00:17:30,070 --> 00:17:27,520

change into these tall beings right so

454

00:17:31,510 --> 00:17:30,080

clearly they're not physical in the way

455

00:17:33,830 --> 00:17:31,520

that you know your eye you know we

456

00:17:36,390 --> 00:17:33,840

retain our physical form pretty

457

00:17:37,750 --> 00:17:36,400

continually throughout life so

458

00:17:39,590 --> 00:17:37,760

to me there's something else going on

459

00:17:42,789 --> 00:17:39,600

there that you know that it's

460

00:17:44,230 --> 00:17:42,799

something energetic beings that maybe

461

00:17:45,990 --> 00:17:44,240

maybe at some point they were physically

462

00:17:47,750 --> 00:17:46,000

transcended or you know or they just

463

00:17:50,310 --> 00:17:47,760

have a technology that does this i don't

464

00:17:53,350 --> 00:17:50,320

know but i don't think of them as being

465

00:17:55,350 --> 00:17:53,360

just physical beings by any stretch

466

00:17:56,630 --> 00:17:55,360

also the point i think this leonard said

467

00:17:57,990 --> 00:17:56,640

you know in in his word when he talks

468

00:17:59,990 --> 00:17:58,000

about them being from beyond the times

469

00:18:02,470 --> 00:18:00,000

based barrier i think that they are in

470

00:18:04,470 --> 00:18:02,480

some sense time travelers

471

00:18:06,310 --> 00:18:04,480

um and again if you look at

472

00:18:08,390 --> 00:18:06,320

the the maya culture i mean you know

473

00:18:10,549 --> 00:18:08,400

obviously this focus on

474

00:18:13,190 --> 00:18:10,559

the the calendars you know dozens of

475

00:18:14,710 --> 00:18:13,200

complex calendars and the fact that

476

00:18:16,390 --> 00:18:14,720

hannah piccal himself was actually

477

00:18:17,669 --> 00:18:16,400

called the lord of time you know you

478

00:18:20,070 --> 00:18:17,679

know if you've got doctor who's like the

479

00:18:21,430 --> 00:18:20,080

time lord right yeah for this yeah yeah

480

00:18:23,990 --> 00:18:21,440

quite bizarre he's actually the lord of

481

00:18:26,150 --> 00:18:24,000

time um and that you know he's this

482

00:18:27,990 --> 00:18:26,160

abnormally tall guy and

483

00:18:30,150 --> 00:18:28,000

all this weird stuff going on there that

484

00:18:31,909 --> 00:18:30,160

even today you've still got these beings

485

00:18:33,990 --> 00:18:31,919

appearing at these mayan sites that

486

00:18:36,630 --> 00:18:34,000

there's a continuum of high strangeness

487

00:18:39,350 --> 00:18:36,640

connected to that culture with these

488

00:18:40,710 --> 00:18:39,360

massive cycles of the lung count and you

489

00:18:42,549 --> 00:18:40,720

know obviously that was the whole thing

490

00:18:44,470 --> 00:18:42,559

about the you know 2012 the calendar

491

00:18:46,070 --> 00:18:44,480

flip and all that stuff um which

492

00:18:48,390 --> 00:18:46,080

connects in i think that these beings

493

00:18:49,990 --> 00:18:48,400

are in some way

494

00:18:51,350 --> 00:18:50,000

a higher level

495

00:18:53,430 --> 00:18:51,360

of reality

496

00:18:56,070 --> 00:18:53,440

where they are able to come down to ours

497

00:18:58,630 --> 00:18:56,080

and take a physical form but they are

498

00:18:59,990 --> 00:18:58,640

somewhat beyond our normal time space

499

00:19:02,070 --> 00:19:00,000

and that's why they come across the time

500

00:19:03,669 --> 00:19:02,080

space barrier i mean that's quite true i

501
00:19:06,710 --> 00:19:03,679
don't think they're necessarily existing

502
00:19:08,230 --> 00:19:06,720
as physical beings in our same continuum

503
00:19:10,710 --> 00:19:08,240
that would be my underlying thing what

504
00:19:13,510 --> 00:19:10,720
exactly that means i'm uncertain you

505
00:19:15,830 --> 00:19:13,520
know whether they are just an energy

506
00:19:18,310 --> 00:19:15,840
you know or whether in their own

507
00:19:20,070 --> 00:19:18,320
you know sphere of reality whether they

508
00:19:23,190 --> 00:19:20,080
live in a body you know it's a bit

509
00:19:25,430 --> 00:19:23,200
unclear i mean certainly in

510
00:19:27,750 --> 00:19:25,440
the book i've you know i've written you

511
00:19:30,150 --> 00:19:27,760
know i deal with what seems to be a

512
00:19:32,470 --> 00:19:30,160
physical visitation with some physical

513
00:19:34,549 --> 00:19:32,480

beings you know coming here

514

00:19:36,630 --> 00:19:34,559

but even then in in valerie's work she

515

00:19:38,789 --> 00:19:36,640

does talk about some of these

516

00:19:40,870 --> 00:19:38,799

entities on board being kind of you know

517

00:19:43,029 --> 00:19:40,880

beyond physical some of them being

518

00:19:46,310 --> 00:19:43,039

crystalline robots and stuff you know

519

00:19:48,230 --> 00:19:46,320

this it's not just you know a group of

520

00:19:49,590 --> 00:19:48,240

aliens from another planet arriving here

521

00:19:51,110 --> 00:19:49,600

in their rocket ship you know there's

522

00:19:53,029 --> 00:19:51,120

definitely something

523

00:19:54,470 --> 00:19:53,039

higher dimensional physics involved in

524

00:19:55,750 --> 00:19:54,480

all of this and i am still sort of

525

00:19:57,430 --> 00:19:55,760

pondering on

526
00:19:58,789 --> 00:19:57,440
you know whether or not they're really

527
00:20:00,390 --> 00:19:58,799
coming from another planet or coming

528
00:20:01,669 --> 00:20:00,400
through a dimensional gateway to get

529
00:20:03,750 --> 00:20:01,679
here or something like that you know

530
00:20:06,390 --> 00:20:03,760
whether it's a little bit more complex

531
00:20:07,750 --> 00:20:06,400
than or if it's all of the above yeah

532
00:20:09,350 --> 00:20:07,760
exactly yeah whether there's an element

533
00:20:11,430 --> 00:20:09,360
of all of these things going on and i

534
00:20:13,029 --> 00:20:11,440
think that's probably quite likely that

535
00:20:13,870 --> 00:20:13,039
you know that we have

536
00:20:15,990 --> 00:20:13,880
there's

537
00:20:18,870 --> 00:20:16,000
intelligences out there that you know

538
00:20:20,630 --> 00:20:18,880

that or out there here around us as well

539

00:20:22,789 --> 00:20:20,640

they can cross through you know yeah

540

00:20:24,549 --> 00:20:22,799

barriers in terms of dimensional

541

00:20:26,230 --> 00:20:24,559

barriers and others that cross through

542

00:20:27,510 --> 00:20:26,240

spatial barriers you know moving through

543

00:20:28,870 --> 00:20:27,520

wormholes

544

00:20:32,070 --> 00:20:28,880

and even then with wormhole travel

545

00:20:34,390 --> 00:20:32,080

you're technically by default also using

546

00:20:36,870 --> 00:20:34,400

time travel to get around you know so

547

00:20:39,110 --> 00:20:36,880

so there's a lot of very fuzzy barriers

548

00:20:40,710 --> 00:20:39,120

in these kind of topics

549

00:20:42,070 --> 00:20:40,720

yeah i one of the things that i noticed

550

00:20:44,549 --> 00:20:42,080

about you is that

551
00:20:47,430 --> 00:20:44,559
you when when you ask a question you and

552
00:20:50,390 --> 00:20:47,440
you don't know you say well i'm not sure

553
00:20:52,230 --> 00:20:50,400
i'm still studying and i i really like

554
00:20:53,990 --> 00:20:52,240
that about you and your work because

555
00:20:55,590 --> 00:20:54,000
it's you know it's kind of like that old

556
00:20:57,350 --> 00:20:55,600
saying if somebody tells you they know

557
00:21:02,230 --> 00:20:57,360
what the truth is

558
00:21:03,590 --> 00:21:02,240
yeah you know you have some fluidity in

559
00:21:05,510 --> 00:21:03,600
it you know because

560
00:21:07,270 --> 00:21:05,520
there's always stuff that comes up that

561
00:21:08,310 --> 00:21:07,280
surprises you and you know since i think

562
00:21:09,669 --> 00:21:08,320
you know i've

563
00:21:12,630 --> 00:21:09,679

been reading researching and

564

00:21:14,630 --> 00:21:12,640

experiencing you know things for

565

00:21:15,990 --> 00:21:14,640

over well over 25 years so i mean you

566

00:21:17,510 --> 00:21:16,000

suddenly feel like i've got a fairly

567

00:21:19,029 --> 00:21:17,520

good grasp on you know something but

568

00:21:20,549 --> 00:21:19,039

then you know yeah some information will

569

00:21:22,789 --> 00:21:20,559

come up and you know it throws you a

570

00:21:24,630 --> 00:21:22,799

total curveball and you realize that you

571

00:21:26,950 --> 00:21:24,640

know there's a whole you know big

572

00:21:29,029 --> 00:21:26,960

section of your you know your knowledge

573

00:21:30,710 --> 00:21:29,039

base that you've got to really rethink

574

00:21:33,830 --> 00:21:30,720

and that you know certainly

575

00:21:35,430 --> 00:21:33,840

when we hear about you know i guess um

576
00:21:37,430 --> 00:21:35,440
news could be saying physics or the way

577
00:21:38,710 --> 00:21:37,440
time works or gravity or anything like

578
00:21:39,909 --> 00:21:38,720
you know something that fundamentally

579
00:21:41,350 --> 00:21:39,919
changes a lot of your understanding so

580
00:21:43,029 --> 00:21:41,360
it's not like that where you have to

581
00:21:44,950 --> 00:21:43,039
really rethink a lot of stuff you think

582
00:21:46,710 --> 00:21:44,960
oh you know i thought i had that you

583
00:21:49,110 --> 00:21:46,720
know down like he said yeah we have to

584
00:21:51,590 --> 00:21:49,120
be careful about being too certain and

585
00:21:53,350 --> 00:21:51,600
you know obviously over my my journey of

586
00:21:55,190 --> 00:21:53,360
many many years now you know there's

587
00:21:57,029 --> 00:21:55,200
been a number of positions i've had to

588
00:21:59,909 --> 00:21:57,039

kind of radically change on and think

589

00:22:00,950 --> 00:21:59,919

i'm more more interested in supporting

590

00:22:01,750 --> 00:22:00,960

things with

591

00:22:03,590 --> 00:22:01,760

with

592

00:22:06,310 --> 00:22:03,600

sort of fairly hard science you know and

593

00:22:07,990 --> 00:22:06,320

when reading the academic papers where

594

00:22:10,310 --> 00:22:08,000

they're relevant

595

00:22:14,310 --> 00:22:10,320

which i think you know a lot probably

596

00:22:15,590 --> 00:22:14,320

most people in fringe and so independent

597

00:22:18,070 --> 00:22:15,600

kind of research

598

00:22:19,590 --> 00:22:18,080

probably don't often read academic

599

00:22:22,390 --> 00:22:19,600

papers you know that would be my sense

600

00:22:24,310 --> 00:22:22,400

of if you know they would tend to go to

601
00:22:26,149 --> 00:22:24,320
you know the news articles and you know

602
00:22:27,990 --> 00:22:26,159
the magazine arts courses but not

603
00:22:29,350 --> 00:22:28,000
necessarily go and like

604
00:22:31,510 --> 00:22:29,360
get the actual you know the academic

605
00:22:32,870 --> 00:22:31,520
studies that are relevant to a topic and

606
00:22:34,549 --> 00:22:32,880
have a look at them because they use

607
00:22:35,990 --> 00:22:34,559
often quite dry you know they're long

608
00:22:37,029 --> 00:22:36,000
they're fairly dry

609
00:22:39,029 --> 00:22:37,039
um

610
00:22:41,510 --> 00:22:39,039
these things are not fun reading i i

611
00:22:43,510 --> 00:22:41,520
have read some things like this yeah

612
00:22:45,029 --> 00:22:43,520
and you have to know to be able to

613
00:22:46,870 --> 00:22:45,039

filter out of them what you need you

614

00:22:49,029 --> 00:22:46,880

know to skim through because and yeah

615

00:22:50,950 --> 00:22:49,039

they're really enjoyable for the lay

616

00:22:52,710 --> 00:22:50,960

person you know their conversations

617

00:22:54,789 --> 00:22:52,720

between academics really you know one

618

00:22:56,310 --> 00:22:54,799

academic supplying you know the

619

00:22:58,390 --> 00:22:56,320

understanding is required to convince

620

00:23:00,470 --> 00:22:58,400

another academic you know and i get that

621

00:23:02,149 --> 00:23:00,480

um and obviously that's going to be

622

00:23:04,070 --> 00:23:02,159

phrased in a certain way you know they

623

00:23:05,750 --> 00:23:04,080

have to obviously strongly support it by

624

00:23:07,110 --> 00:23:05,760

referring to lots of other case studies

625

00:23:08,310 --> 00:23:07,120

and things so

626
00:23:09,590 --> 00:23:08,320
you know they've been quite long and

627
00:23:11,190 --> 00:23:09,600
sometimes a lot of it's not relevant to

628
00:23:12,470 --> 00:23:11,200
what you want to know so yeah you just

629
00:23:14,230 --> 00:23:12,480
have to develop a bit of a skill for

630
00:23:15,510 --> 00:23:14,240
skimming down and finding the bits that

631
00:23:17,110 --> 00:23:15,520
are relevant to you but once you do that

632
00:23:18,870 --> 00:23:17,120
you can find you know that's where

633
00:23:21,270 --> 00:23:18,880
you're going to get the

634
00:23:22,710 --> 00:23:21,280
the strong support for any argument

635
00:23:25,029 --> 00:23:22,720
you're making you know because the india

636
00:23:27,830 --> 00:23:25,039
we live in a culture where the the gold

637
00:23:30,149 --> 00:23:27,840
standard is you know peer-reviewed

638
00:23:32,470 --> 00:23:30,159

academic studies now that doesn't mean

639

00:23:34,630 --> 00:23:32,480

they're infallible but that's the best

640

00:23:36,789 --> 00:23:34,640

that we've got isn't it you know

641

00:23:39,110 --> 00:23:36,799

you know honestly i i kind of think it's

642

00:23:41,190 --> 00:23:39,120

a pretty decent system you know i mean

643

00:23:43,269 --> 00:23:41,200

there's politics involved with a lot of

644

00:23:45,110 --> 00:23:43,279

it so some people just can't get papers

645

00:23:46,470 --> 00:23:45,120

published and things but

646

00:23:48,950 --> 00:23:46,480

by and large

647

00:23:51,269 --> 00:23:48,960

peer review is a good system i think

648

00:23:53,830 --> 00:23:51,279

because then if somebody's

649

00:23:56,149 --> 00:23:53,840

inaccurate the peers let him know that

650

00:23:59,190 --> 00:23:56,159

he's inaccurate with whatever he's

651
00:24:00,310 --> 00:23:59,200
whatever he's studying you know

652
00:24:05,269 --> 00:24:00,320
you mentioned

653
00:24:07,990 --> 00:24:05,279
think they are but why do you think they

654
00:24:10,870 --> 00:24:08,000
are here or why is there people having

655
00:24:13,269 --> 00:24:10,880
contact this is a big question i ask

656
00:24:16,070 --> 00:24:13,279
everyone too try to get some general

657
00:24:17,269 --> 00:24:16,080
understanding myself as to what may be

658
00:24:19,190 --> 00:24:17,279
the reasons

659
00:24:22,310 --> 00:24:19,200
that they are interacting with or

660
00:24:23,669 --> 00:24:22,320
contacting members of our race

661
00:24:25,990 --> 00:24:23,679
in our time

662
00:24:27,669 --> 00:24:26,000
sure i mean i have some a few thoughts

663
00:24:29,430 --> 00:24:27,679

on it i mean certainly the first thing

664

00:24:30,830 --> 00:24:29,440

is that um

665

00:24:33,750 --> 00:24:30,840

in my

666

00:24:36,070 --> 00:24:33,760

perspective this planet was almost

667

00:24:38,710 --> 00:24:36,080

certainly seeded

668

00:24:40,470 --> 00:24:38,720

you know from space with dna

669

00:24:43,269 --> 00:24:40,480

by an intelligence

670

00:24:45,269 --> 00:24:43,279

4.5 billion years ago so the first thing

671

00:24:46,549 --> 00:24:45,279

is that that takes away the idea of no

672

00:24:48,789 --> 00:24:46,559

aliens

673

00:24:50,950 --> 00:24:48,799

coming here stumbling on us or that

674

00:24:53,190 --> 00:24:50,960

because we you know we used a nuclear

675

00:24:54,390 --> 00:24:53,200

bomb or because we sent radio signals

676

00:24:56,310 --> 00:24:54,400

into space or something that we

677

00:24:58,390 --> 00:24:56,320

attracted the attention of you know

678

00:25:00,390 --> 00:24:58,400

greedy eyes and space which a lot of

679

00:25:02,310 --> 00:25:00,400

people seem to believe

680

00:25:04,390 --> 00:25:02,320

which i think is is definitely not the

681

00:25:06,470 --> 00:25:04,400

case i think that the reason why this

682

00:25:07,990 --> 00:25:06,480

planet is known is because it was seeded

683

00:25:10,710 --> 00:25:08,000

in the first place it's not it's not

684

00:25:12,470 --> 00:25:10,720

that a [h__h] passed by you know randomly

685

00:25:14,310 --> 00:25:12,480

stumbled on us because if you if you're

686

00:25:17,190 --> 00:25:14,320

seeding worlds obviously there's

687

00:25:19,190 --> 00:25:17,200

somewhere there is a a record of seeded

688

00:25:21,029 --> 00:25:19,200

worlds and i believe that we are on a

689

00:25:23,430 --> 00:25:21,039

you know a list of of worlds that are

690

00:25:26,149 --> 00:25:23,440

known to have life i look at dna as

691

00:25:28,549 --> 00:25:26,159

being a kind of a planetary terraforming

692

00:25:30,390 --> 00:25:28,559

technology but you know you can you can

693

00:25:32,390 --> 00:25:30,400

send this you know down onto a planet

694

00:25:34,789 --> 00:25:32,400

surface in you know metal spheres or

695

00:25:37,669 --> 00:25:34,799

whatever like artificial seeds and that

696

00:25:40,230 --> 00:25:37,679

they will they will produce life that

697

00:25:43,029 --> 00:25:40,240

will transform the atmosphere of planet

698

00:25:44,710 --> 00:25:43,039

that will you know produce a biosphere

699

00:25:46,710 --> 00:25:44,720

the food you know all the rest of it

700

00:25:48,390 --> 00:25:46,720

that will come about over time and my

701
00:25:49,110 --> 00:25:48,400
strongest suspicion i know this comes up

702
00:25:52,950 --> 00:25:49,120
in

703
00:25:54,310 --> 00:25:52,960
sorts of stuff as well but but you know

704
00:25:56,390 --> 00:25:54,320
even in mainstream you know the

705
00:25:58,149 --> 00:25:56,400
panspermia model is growing in terms of

706
00:26:00,789 --> 00:25:58,159
acceptance yeah i was just going to say

707
00:26:02,630 --> 00:26:00,799
that your but your theory you're not

708
00:26:05,830 --> 00:26:02,640
talking about panspermia because that

709
00:26:07,990 --> 00:26:05,840
would be almost accidental

710
00:26:10,710 --> 00:26:08,000
you're talking about directed or

711
00:26:12,470 --> 00:26:10,720
engineered pam spermier yeah quite you

712
00:26:13,590 --> 00:26:12,480
know where this is deliberate i see this

713
00:26:14,470 --> 00:26:13,600

one the reason why i think that is

714

00:26:16,870 --> 00:26:14,480

because

715

00:26:19,110 --> 00:26:16,880

if we look at how fast life appears on

716

00:26:21,350 --> 00:26:19,120

earth you know it's really anomalous

717

00:26:24,230 --> 00:26:21,360

because you know the essentially the

718

00:26:26,390 --> 00:26:24,240

crust forms after about 100 million

719

00:26:28,070 --> 00:26:26,400

years and that's when life now seems to

720

00:26:29,990 --> 00:26:28,080

have appeared you know this has been

721

00:26:32,710 --> 00:26:30,000

looked at both in terms of the fossil

722

00:26:34,470 --> 00:26:32,720

record where they've now got um the

723

00:26:37,110 --> 00:26:34,480

first signs of life go back to about i

724

00:26:38,870 --> 00:26:37,120

think it's about 4.2 billion years they

725

00:26:40,549 --> 00:26:38,880

found in and they said they'd estimate

726

00:26:41,750 --> 00:26:40,559

that based on that it's likely that you

727

00:26:44,310 --> 00:26:41,760

know we haven't found the earliest and

728

00:26:45,830 --> 00:26:44,320

it probably goes back to about 4.5 and

729

00:26:47,110 --> 00:26:45,840

then there was a separately there was a

730

00:26:49,269 --> 00:26:47,120

study done on

731

00:26:52,230 --> 00:26:49,279

with the dna study that was looking for

732

00:26:54,310 --> 00:26:52,240

the the last universal common ancestor

733

00:26:56,470 --> 00:26:54,320

of all living things on the planet and

734

00:26:58,070 --> 00:26:56,480

they actually came to the date 4.5

735

00:26:59,110 --> 00:26:58,080

billion as well right so that's

736

00:27:02,549 --> 00:26:59,120

literally you know and the planet's

737

00:27:05,110 --> 00:27:02,559

supposed to be at 4.6 billion um so so

738

00:27:06,390 --> 00:27:05,120

it really is mind-bogglingly fast

739

00:27:07,590 --> 00:27:06,400

because you know

740

00:27:09,110 --> 00:27:07,600

all of the scientists that were working

741

00:27:11,029 --> 00:27:09,120

on this tended to think it probably took

742

00:27:13,830 --> 00:27:11,039

at least about half a billion years or

743

00:27:15,669 --> 00:27:13,840

so for abiogenesis to occur and even if

744

00:27:17,590 --> 00:27:15,679

you want to say random panspermia like

745

00:27:19,590 --> 00:27:17,600

it's it's kind of weird that it was that

746

00:27:22,789 --> 00:27:19,600

fast you know that as soon as the crust

747

00:27:24,549 --> 00:27:22,799

appears life flourishes now that means

748

00:27:26,230 --> 00:27:24,559

really starts to nudge you in the

749

00:27:28,470 --> 00:27:26,240

direction of this is seeding you know

750

00:27:29,990 --> 00:27:28,480

that the the moment is ready you know

751
00:27:31,669 --> 00:27:30,000
you fire down the

752
00:27:34,149 --> 00:27:31,679
the seeds on you know to the surface

753
00:27:35,430 --> 00:27:34,159
that's why i think that one of the

754
00:27:37,269 --> 00:27:35,440
reasons why i think that obviously

755
00:27:38,950 --> 00:27:37,279
though in the information itself that's

756
00:27:41,350 --> 00:27:38,960
come to me particularly

757
00:27:44,310 --> 00:27:41,360
from the source book obviously this al

758
00:27:45,750 --> 00:27:44,320
tringer book and from you know elsewhere

759
00:27:46,950 --> 00:27:45,760
over the years you know i've read other

760
00:27:48,070 --> 00:27:46,960
people's

761
00:27:50,149 --> 00:27:48,080
guess

762
00:27:51,669 --> 00:27:50,159
whether it's opinions theories

763
00:27:53,510 --> 00:27:51,679

channelings and all the rest obviously

764

00:27:55,350 --> 00:27:53,520

i've heard that come up elsewhere but

765

00:27:56,710 --> 00:27:55,360

particularly that evidence of how fast

766

00:27:59,110 --> 00:27:56,720

life appears

767

00:28:01,110 --> 00:27:59,120

also i'm not sure if you know there's um

768

00:28:03,430 --> 00:28:01,120

there's a one of these mainstream

769

00:28:05,269 --> 00:28:03,440

scientists in the pans bermuda debate

770

00:28:06,950 --> 00:28:05,279

as a british scientist i forgot his name

771

00:28:09,510 --> 00:28:06,960

to be honest but he's a close colleague

772

00:28:11,269 --> 00:28:09,520

of chandra wikronzinga the the most

773

00:28:13,190 --> 00:28:11,279

famous panzernia

774

00:28:15,669 --> 00:28:13,200

theorist um and there's a friend of his

775

00:28:17,669 --> 00:28:15,679

that basically found um a small metal

776

00:28:19,990 --> 00:28:17,679

sphere up in the upper atmosphere they

777

00:28:22,230 --> 00:28:20,000

hit one of their detectors and it

778

00:28:23,750 --> 00:28:22,240

appears it's made out of a mixture of a

779

00:28:25,830 --> 00:28:23,760

titanium-like

780

00:28:28,070 --> 00:28:25,840

material kind of alloy a really hard

781

00:28:30,310 --> 00:28:28,080

alloy and that they found that leaking

782

00:28:32,549 --> 00:28:30,320

from this was a goo and then when they

783

00:28:34,950 --> 00:28:32,559

tested it it turns out to be a

784

00:28:37,590 --> 00:28:34,960

biological material right like a kind of

785

00:28:39,750 --> 00:28:37,600

dna goo right and it's really weird

786

00:28:41,029 --> 00:28:39,760

because it's exactly the kind of thing

787

00:28:42,630 --> 00:28:41,039

you can imagine you talking about

788

00:28:44,630 --> 00:28:42,640

directed panspermia and i think these

789

00:28:46,149 --> 00:28:44,640

artificial seeds i'm not totally just

790

00:28:47,990 --> 00:28:46,159

putting out nowhere i mean literally we

791

00:28:49,350 --> 00:28:48,000

have a scientist saying he's found one

792

00:28:50,710 --> 00:28:49,360

of these things that you know flying

793

00:28:53,430 --> 00:28:50,720

around in the upper atmosphere a little

794

00:28:55,990 --> 00:28:53,440

metal sphere containing a kind of you

795

00:28:57,750 --> 00:28:56,000

know genetic goo right so that's super

796

00:28:59,590 --> 00:28:57,760

weird that i have not heard and that's

797

00:29:00,630 --> 00:28:59,600

pretty mind-boggling thing yeah i mean

798

00:29:01,990 --> 00:29:00,640

one of the things i include in the book

799

00:29:03,590 --> 00:29:02,000

cause it's super weird you've got

800

00:29:04,710 --> 00:29:03,600

pictures of it i mean you'll be able to

801
00:29:07,909 --> 00:29:04,720
go and look at that if you look first

802
00:29:09,190 --> 00:29:07,919
panspermia metal sphere um goo or

803
00:29:11,190 --> 00:29:09,200
something like that you'll find there's

804
00:29:14,230 --> 00:29:11,200
mainstream sort of news articles about

805
00:29:16,149 --> 00:29:14,240
that and they've since validated it is

806
00:29:17,669 --> 00:29:16,159
genetic material now the argument is

807
00:29:19,029 --> 00:29:17,679
whether was it swept up into the

808
00:29:21,830 --> 00:29:19,039
atmosphere which is obviously the

809
00:29:23,510 --> 00:29:21,840
skeptical view is somehow um always come

810
00:29:25,510 --> 00:29:23,520
from space which i've seen the these

811
00:29:28,149 --> 00:29:25,520
panspermia scientists are quite

812
00:29:29,669 --> 00:29:28,159
convinced that it's come from space i

813
00:29:32,149 --> 00:29:29,679

mean whereas normally they argue that

814

00:29:35,029 --> 00:29:32,159

they think panspermia is the movement of

815

00:29:36,389 --> 00:29:35,039

you know bacteria on comets dust

816

00:29:37,750 --> 00:29:36,399

particles yeah and all the rest of it

817

00:29:41,029 --> 00:29:37,760

but in this case they actually have what

818

00:29:42,789 --> 00:29:41,039

appears to be a artificial seed for life

819

00:29:45,269 --> 00:29:42,799

so i mean that's quite you know

820

00:29:47,510 --> 00:29:45,279

mind-bending for people you know

821

00:29:48,950 --> 00:29:47,520

so again that that further supports what

822

00:29:50,789 --> 00:29:48,960

i'm saying i think that these things are

823

00:29:53,110 --> 00:29:50,799

fired down onto planets that they just

824

00:29:54,789 --> 00:29:53,120

rain them down and that you end up you

825

00:29:57,350 --> 00:29:54,799

know coming back

826

00:29:58,950 --> 00:29:57,360

after have a long and bear in mind if

827

00:30:00,389 --> 00:29:58,960

you're traveling through wormholes some

828

00:30:02,230 --> 00:30:00,399

people say well do you want to wait all

829

00:30:03,350 --> 00:30:02,240

these you know billions of years well

830

00:30:05,350 --> 00:30:03,360

you wouldn't necessarily have to because

831

00:30:07,590 --> 00:30:05,360

if you're using wormhole travel you can

832

00:30:10,310 --> 00:30:07,600

actually travel back from that planet

833

00:30:12,630 --> 00:30:10,320

right to somewhere else and then come

834

00:30:15,110 --> 00:30:12,640

back here through a wormhole that brings

835

00:30:17,350 --> 00:30:15,120

you back to the future of that planet

836

00:30:20,149 --> 00:30:17,360

right so the problem we live in a very

837

00:30:22,230 --> 00:30:20,159

constrained reality as humans right if

838

00:30:24,070 --> 00:30:22,240

you think in terms of a like a type free

839

00:30:26,789 --> 00:30:24,080

type 4 civilization that's that's

840

00:30:28,870 --> 00:30:26,799

bending the time space continuum it will

841

00:30:31,430 --> 00:30:28,880

it's not thinking the way that we do you

842

00:30:33,830 --> 00:30:31,440

could see the planet you know go off and

843

00:30:34,870 --> 00:30:33,840

come back again to its future and just

844

00:30:36,710 --> 00:30:34,880

move in

845

00:30:38,549 --> 00:30:36,720

right so

846

00:30:39,830 --> 00:30:38,559

we have to be a bit wary of not thinking

847

00:30:41,269 --> 00:30:39,840

well why would you do that if you got

848

00:30:43,669 --> 00:30:41,279

way all this time and also we don't know

849

00:30:44,789 --> 00:30:43,679

how long lived these civilizations are

850

00:30:46,549 --> 00:30:44,799

so i mean if you're a civilization

851

00:30:48,230 --> 00:30:46,559

that's been around a billion years you

852

00:30:49,990 --> 00:30:48,240

can be seeding planets on the finger bro

853

00:30:51,269 --> 00:30:50,000

you know the next generations or

854

00:30:53,029 --> 00:30:51,279

whatever in a million years will make

855

00:30:53,990 --> 00:30:53,039

use of that planet you know and you just

856

00:30:55,430 --> 00:30:54,000

continue

857

00:30:58,310 --> 00:30:55,440

moving through the you know through the

858

00:31:00,470 --> 00:30:58,320

cosmos seeding world again

859

00:31:03,350 --> 00:31:00,480

we don't think as a galactic species

860

00:31:04,630 --> 00:31:03,360

because we only have one planet so

861

00:31:05,909 --> 00:31:04,640

it's easy for us to think well why would

862

00:31:08,070 --> 00:31:05,919

you do that it's like well you're not

863

00:31:10,070 --> 00:31:08,080

thinking on the grand scheme of you know

864

00:31:13,350 --> 00:31:10,080

of a civilization that's gradually

865

00:31:15,029 --> 00:31:13,360

taking over a galaxy right so so again

866

00:31:16,549 --> 00:31:15,039

these are things and one another going

867

00:31:19,110 --> 00:31:16,559

down that route because people you know

868

00:31:22,230 --> 00:31:19,120

i find people have very limited thinking

869

00:31:23,909 --> 00:31:22,240

in ufo and alien circles and in academia

870

00:31:25,590 --> 00:31:23,919

most of the time because they're saying

871

00:31:27,350 --> 00:31:25,600

why would you do that or why would

872

00:31:28,870 --> 00:31:27,360

aliens come here and i understand those

873

00:31:31,110 --> 00:31:28,880

are fundamental questions i understand

874

00:31:33,669 --> 00:31:31,120

that as humans we typically

875

00:31:35,909 --> 00:31:33,679

limit ourselves to very human thinking

876

00:31:37,430 --> 00:31:35,919

in that but look if you if you imagine

877

00:31:40,070 --> 00:31:37,440

that you have

878

00:31:43,269 --> 00:31:40,080

a highly advanced civilization that goes

879

00:31:44,950 --> 00:31:43,279

to the point of becoming post-biological

880

00:31:46,950 --> 00:31:44,960

right and most of the leading theorists

881

00:31:49,430 --> 00:31:46,960

today imagine that

882

00:31:51,350 --> 00:31:49,440

probably 90 or so of any civilizations

883

00:31:53,350 --> 00:31:51,360

out there in the universe will at some

884

00:31:56,070 --> 00:31:53,360

point if they survive long enough uh

885

00:31:58,870 --> 00:31:56,080

look to upload consciousness into silica

886

00:32:00,230 --> 00:31:58,880

right and to basically create

887

00:32:01,830 --> 00:32:00,240

immortal

888

00:32:03,830 --> 00:32:01,840

you know living machines and whatnot

889

00:32:06,470 --> 00:32:03,840

right and then you in the very least

890

00:32:08,310 --> 00:32:06,480

create robot ai type technology that

891

00:32:10,230 --> 00:32:08,320

works for you and that functions as a

892

00:32:12,389 --> 00:32:10,240

mortal you know life

893

00:32:14,389 --> 00:32:12,399

right so if you have something like that

894

00:32:15,990 --> 00:32:14,399

and let's say you know you decide that

895

00:32:17,669 --> 00:32:16,000

for whatever reason you know you've got

896

00:32:19,909 --> 00:32:17,679

to a point where you're merging with

897

00:32:21,029 --> 00:32:19,919

your technology i mean we're starting to

898

00:32:23,830 --> 00:32:21,039

but if you get to the point where you

899

00:32:26,950 --> 00:32:23,840

fully merge and you upload consciousness

900

00:32:28,870 --> 00:32:26,960

into vast silica networks now

901
00:32:31,190 --> 00:32:28,880
you might be thinking well hang on look

902
00:32:32,950 --> 00:32:31,200
let's say we don't like that and like

903
00:32:35,029 --> 00:32:32,960
let's say that we want to you know have

904
00:32:37,430 --> 00:32:35,039
a restore point in case that doesn't

905
00:32:39,830 --> 00:32:37,440
work out and that we can go back to

906
00:32:41,509 --> 00:32:39,840
biological and download right that it

907
00:32:43,350 --> 00:32:41,519
doesn't have to be a one-way process

908
00:32:45,669 --> 00:32:43,360
that you can upload but that there's

909
00:32:47,750 --> 00:32:45,679
also potential to download now you might

910
00:32:50,149 --> 00:32:47,760
want to set a restore point okay in that

911
00:32:52,549 --> 00:32:50,159
scenario what is a restore point well

912
00:32:54,470 --> 00:32:52,559
what about a planet that is seeded that

913
00:32:57,029 --> 00:32:54,480

you have life you know

914

00:32:59,430 --> 00:32:57,039

developed on and you you basically

915

00:33:02,630 --> 00:32:59,440

shepherd a entity that you consider to

916

00:33:04,789 --> 00:33:02,640

be a suitable receptacle for the return

917

00:33:07,830 --> 00:33:04,799

of your consciousness back to biological

918

00:33:09,909 --> 00:33:07,840

i.e say seven billion human beings right

919

00:33:11,350 --> 00:33:09,919

as suitable vessels for the return of

920

00:33:13,029 --> 00:33:11,360

your consciousness

921

00:33:15,269 --> 00:33:13,039

that you might you might set that as

922

00:33:17,830 --> 00:33:15,279

your restore point and so having spent

923

00:33:20,070 --> 00:33:17,840

some time as silica entities or in some

924

00:33:22,230 --> 00:33:20,080

hyperspace you know reality you know

925

00:33:24,470 --> 00:33:22,240

living completely beyond the physical

926

00:33:26,389 --> 00:33:24,480

you decide you want to return and for

927

00:33:28,470 --> 00:33:26,399

whatever reason go back to experiencing

928

00:33:29,909 --> 00:33:28,480

physical biological life

929

00:33:32,070 --> 00:33:29,919

so that again would be a reason to see

930

00:33:34,549 --> 00:33:32,080

the world and to shepherd the beings and

931

00:33:36,710 --> 00:33:34,559

create you know a suitable intelligent

932

00:33:39,110 --> 00:33:36,720

species on it but these are things that

933

00:33:41,029 --> 00:33:39,120

unless you're i guess a sci-fi writer or

934

00:33:42,950 --> 00:33:41,039

yeah this is kind of this is kind of a

935

00:33:47,269 --> 00:33:42,960

scary thought that they could just be

936

00:33:50,710 --> 00:33:47,279

farming us for bodies to return to and

937

00:33:53,269 --> 00:33:50,720

you know i've heard uh and more than one

938

00:33:55,669 --> 00:33:53,279

recount of an abduction or something i'm

939

00:33:58,070 --> 00:33:55,679

sure that i've heard the term containers

940

00:33:59,509 --> 00:33:58,080

that we humans are containers and as

941

00:34:01,750 --> 00:33:59,519

soon as you were saying this i went oh

942

00:34:04,389 --> 00:34:01,760

my god maybe we are containers and they

943

00:34:05,669 --> 00:34:04,399

want to have containers to go back to

944

00:34:07,430 --> 00:34:05,679

quite and that this is something that

945

00:34:09,030 --> 00:34:07,440

people don't tend to think of because i

946

00:34:10,710 --> 00:34:09,040

i've not really seen

947

00:34:12,389 --> 00:34:10,720

anyone discussing these kind of matters

948

00:34:13,990 --> 00:34:12,399

because i think we tend to think in

949

00:34:15,909 --> 00:34:14,000

simplistic terms like you know why would

950

00:34:18,069 --> 00:34:15,919

we go into space to find resources you

951
00:34:21,190 --> 00:34:18,079
know to mine asteroids but then we're at

952
00:34:22,629 --> 00:34:21,200
quite a primitive level of space faring

953
00:34:24,230 --> 00:34:22,639
if you imagine you get to the point you

954
00:34:26,069 --> 00:34:24,240
know you've merged with your technology

955
00:34:28,069 --> 00:34:26,079
you and you've taken you know you've got

956
00:34:30,069 --> 00:34:28,079
worlds all across the cosmos and you

957
00:34:31,750 --> 00:34:30,079
know you you know you can bend the time

958
00:34:34,710 --> 00:34:31,760
space continuum the things that you're

959
00:34:36,869 --> 00:34:34,720
considering doing and now on a galactic

960
00:34:39,109 --> 00:34:36,879
scale right this that's why you have to

961
00:34:40,470 --> 00:34:39,119
try and think in terms of that galactic

962
00:34:41,750 --> 00:34:40,480
scale and the kind of technologies that

963
00:34:44,950 --> 00:34:41,760

you know that we theorize that you know

964

00:34:47,270 --> 00:34:44,960

becoming i mean crystalline planets that

965

00:34:48,869 --> 00:34:47,280

are inhabited by you know a singular

966

00:34:51,270 --> 00:34:48,879

consciousness and stuff that

967

00:34:53,669 --> 00:34:51,280

these are the kind of possibilities that

968

00:34:56,470 --> 00:34:53,679

i guess the greatest minds in science

969

00:34:59,270 --> 00:34:56,480

envisage for super advanced alien

970

00:35:00,950 --> 00:34:59,280

species and like with the idea that they

971

00:35:02,550 --> 00:35:00,960

can both upload and download yeah we

972

00:35:04,390 --> 00:35:02,560

should have to consider that you know

973

00:35:06,550 --> 00:35:04,400

why wouldn't a you know as species out

974

00:35:09,430 --> 00:35:06,560

there be so interested in our world but

975

00:35:10,230 --> 00:35:09,440

if it is because they see the potential

976
00:35:13,030 --> 00:35:10,240
for

977
00:35:15,030 --> 00:35:13,040
a return to physical i mean

978
00:35:16,550 --> 00:35:15,040
that makes a lot of sense because it's

979
00:35:19,109 --> 00:35:16,560
not a lot on our planet that's of great

980
00:35:20,790 --> 00:35:19,119
value right because i mean

981
00:35:21,829 --> 00:35:20,800
we've got minerals and water and whatnot

982
00:35:23,670 --> 00:35:21,839
but you can find all of those in the

983
00:35:25,510 --> 00:35:23,680
asteroid field right you can find those

984
00:35:27,270 --> 00:35:25,520
ant comets yeah if you have good enough

985
00:35:29,109 --> 00:35:27,280
equipment you can find all those things

986
00:35:31,349 --> 00:35:29,119
anywhere else in the solar system it's

987
00:35:32,230 --> 00:35:31,359
just how hard how hard is it to get to i

988
00:35:34,230 --> 00:35:32,240

guess

989

00:35:35,750 --> 00:35:34,240

exactly so what's special here then it's

990

00:35:37,750 --> 00:35:35,760

got to be to do with the life that's

991

00:35:39,270 --> 00:35:37,760

here right because you know you hear

992

00:35:41,030 --> 00:35:39,280

stories about oh they want the gold

993

00:35:42,470 --> 00:35:41,040

right it turns out there's so much gold

994

00:35:43,589 --> 00:35:42,480

in our asteroid field that you know you

995

00:35:45,270 --> 00:35:43,599

may have seen this but i think one

996

00:35:47,190 --> 00:35:45,280

asteroid they said that if they mined it

997

00:35:49,270 --> 00:35:47,200

it would basically bankrupt the whole

998

00:35:51,750 --> 00:35:49,280

planet's economy you know because

999

00:35:53,589 --> 00:35:51,760

yeah that's just one asteroid so i mean

1000

00:35:55,270 --> 00:35:53,599

clearly you don't need to land on earth

1001
00:35:57,430 --> 00:35:55,280
to get gold you could just have a

1002
00:35:59,589 --> 00:35:57,440
robotic crunching machine you know that

1003
00:36:00,630 --> 00:35:59,599
just crunches through the asteroid belt

1004
00:36:02,390 --> 00:36:00,640
and i'm sure that you know there's

1005
00:36:04,069 --> 00:36:02,400
asteroid belts around you know other

1006
00:36:05,750 --> 00:36:04,079
other suns that you could have done that

1007
00:36:08,150 --> 00:36:05,760
long ago and had all the gold you wanted

1008
00:36:10,150 --> 00:36:08,160
so it's not gold water you know there's

1009
00:36:12,069 --> 00:36:10,160
planets they're entirely water do they

1010
00:36:13,589 --> 00:36:12,079
really need to come here to suck up our

1011
00:36:14,950 --> 00:36:13,599
water i mean

1012
00:36:16,310 --> 00:36:14,960
i know a lot of people see it happen but

1013
00:36:18,790 --> 00:36:16,320

i don't think that's a reason to come

1014

00:36:20,550 --> 00:36:18,800

here that you maybe you use resources

1015

00:36:21,670 --> 00:36:20,560

you know on a planet but why are you

1016

00:36:22,870 --> 00:36:21,680

there in the first place i think the

1017

00:36:24,950 --> 00:36:22,880

only thing that's special here has got

1018

00:36:26,950 --> 00:36:24,960

to be the life forms that there may be

1019

00:36:29,349 --> 00:36:26,960

dna codes in certain life forms that are

1020

00:36:32,069 --> 00:36:29,359

useful and the the bodies themselves may

1021

00:36:35,349 --> 00:36:32,079

be useful those are the only two i think

1022

00:36:38,230 --> 00:36:35,359

unique resources of earth are either the

1023

00:36:39,750 --> 00:36:38,240

any codes that maybe they extract those

1024

00:36:41,829 --> 00:36:39,760

you know they or maybe they said plants

1025

00:36:44,550 --> 00:36:41,839

or animals that are useful in some way

1026

00:36:46,470 --> 00:36:44,560

or the receptacles the bodies i know

1027

00:36:47,990 --> 00:36:46,480

that's a sort of scary

1028

00:36:49,510 --> 00:36:48,000

thing yeah it's definitely it's

1029

00:36:51,270 --> 00:36:49,520

definitely a little scary and i you know

1030

00:36:53,349 --> 00:36:51,280

i've never i've heard so many times

1031

00:36:55,430 --> 00:36:53,359

about uploading consciousness into a

1032

00:36:56,950 --> 00:36:55,440

computer i've you know got a background

1033

00:36:59,190 --> 00:36:56,960

in computers myself

1034

00:37:01,349 --> 00:36:59,200

and that's such a common theme in

1035

00:37:02,790 --> 00:37:01,359

science fiction and a lot of

1036

00:37:05,109 --> 00:37:02,800

theorists are saying that's going to

1037

00:37:07,109 --> 00:37:05,119

happen but i've never considered that

1038

00:37:09,270 --> 00:37:07,119

what if you did that and you were not

1039

00:37:11,589 --> 00:37:09,280

happy with that existence and wanted to

1040

00:37:14,390 --> 00:37:11,599

go back but it's a scary thought that we

1041

00:37:15,750 --> 00:37:14,400

could be just a container farm

1042

00:37:19,190 --> 00:37:15,760

yeah and actually when you said about

1043

00:37:22,150 --> 00:37:19,200

the term containers it's used in um

1044

00:37:25,030 --> 00:37:22,160

in bob lazar's account he's one of the

1045

00:37:27,670 --> 00:37:25,040

most famously now i'm so skeptical on

1046

00:37:29,190 --> 00:37:27,680

the bubble store i'm sure

1047

00:37:30,470 --> 00:37:29,200

but that's where it comes that's one of

1048

00:37:32,470 --> 00:37:30,480

the places it comes up not the only

1049

00:37:34,550 --> 00:37:32,480

place but he mentions that you know he

1050

00:37:36,390 --> 00:37:34,560

was exposed to some documents now look i

1051
00:37:37,750 --> 00:37:36,400
think probably bob was exposed to some

1052
00:37:39,349 --> 00:37:37,760
all sorts of strangeness now i don't

1053
00:37:40,790 --> 00:37:39,359
necessarily think he ever

1054
00:37:42,710 --> 00:37:40,800
you know was working on a relationship

1055
00:37:44,310 --> 00:37:42,720
but i mean he may well have been shown

1056
00:37:46,790 --> 00:37:44,320
weird documents and he claims that he

1057
00:37:49,030 --> 00:37:46,800
saw this book and that in the book you

1058
00:37:50,470 --> 00:37:49,040
know you had a reference to

1059
00:37:51,910 --> 00:37:50,480
an alien civilization

1060
00:37:53,190 --> 00:37:51,920
that had been monitoring us and said

1061
00:37:55,430 --> 00:37:53,200
that it was aware that we were

1062
00:37:56,790 --> 00:37:55,440
containers and that we'd been modified

1063
00:37:58,230 --> 00:37:56,800

something like i think it's like 60

1064

00:37:59,990 --> 00:37:58,240

times or something it says in this book

1065

00:38:01,270 --> 00:38:00,000

it's all these notes that you know that

1066

00:38:02,870 --> 00:38:01,280

was claiming he said obviously he

1067

00:38:05,349 --> 00:38:02,880

doesn't know if that's true but that he

1068

00:38:07,829 --> 00:38:05,359

read it in a document he was shown

1069

00:38:09,510 --> 00:38:07,839

now a similar thing was shown to linda

1070

00:38:12,150 --> 00:38:09,520

moulton howe when she had the meeting

1071

00:38:14,069 --> 00:38:12,160

with um with them doty which are doty at

1072

00:38:15,349 --> 00:38:14,079

the um i think it's the other

1073

00:38:17,670 --> 00:38:15,359

one the air force base one of the air

1074

00:38:20,550 --> 00:38:17,680

force bases yeah yeah i actually got to

1075

00:38:23,030 --> 00:38:20,560

interview him about that actually and he

1076

00:38:25,270 --> 00:38:23,040

claimed he claimed what in my interview

1077

00:38:28,310 --> 00:38:25,280

that those everything in the documents

1078

00:38:30,230 --> 00:38:28,320

that linda moulton hal was shown is true

1079

00:38:31,589 --> 00:38:30,240

he claimed but you know you have to

1080

00:38:33,910 --> 00:38:31,599

consider the source air force

1081

00:38:35,750 --> 00:38:33,920

disinformation agent and now he's

1082

00:38:37,510 --> 00:38:35,760

retired and uh

1083

00:38:40,230 --> 00:38:37,520

yeah but he's definitely an interesting

1084

00:38:42,710 --> 00:38:40,240

character but those documents also

1085

00:38:44,310 --> 00:38:42,720

that linda molten hell says she saw and

1086

00:38:46,150 --> 00:38:44,320

whatever i believe about linda martin

1087

00:38:48,069 --> 00:38:46,160

hail i do believe that she does have a

1088

00:38:49,510 --> 00:38:48,079

photographic memory as she has said and

1089

00:38:51,030 --> 00:38:49,520

many of her friends have told me yeah

1090

00:38:53,670 --> 00:38:51,040

she really does have a photographic

1091

00:38:56,470 --> 00:38:53,680

memory so she remembered very specific

1092

00:38:58,470 --> 00:38:56,480

details about the things and in there in

1093

00:39:02,150 --> 00:38:58,480

those documents they say that there was

1094

00:39:03,510 --> 00:39:02,160

genetic alterations made to human

1095

00:39:04,310 --> 00:39:03,520

ancestors

1096

00:39:05,910 --> 00:39:04,320

yeah

1097

00:39:07,910 --> 00:39:05,920

which is exactly my you know my

1098

00:39:09,349 --> 00:39:07,920

narrative in my work and then he says

1099

00:39:10,630 --> 00:39:09,359

yeah that there's a project garnet and

1100

00:39:13,430 --> 00:39:10,640

it stood out to her because her birth

1101

00:39:14,870 --> 00:39:13,440

stone was garnet and um so she obviously

1102

00:39:16,230 --> 00:39:14,880

made a mental note and in there he has a

1103

00:39:17,829 --> 00:39:16,240

project garnet answered all of the

1104

00:39:19,430 --> 00:39:17,839

mysteries to do with human origins and

1105

00:39:21,190 --> 00:39:19,440

as you say yeah that they you know said

1106

00:39:23,270 --> 00:39:21,200

that an early developing hominin had

1107

00:39:25,670 --> 00:39:23,280

been modified now that's precisely what

1108

00:39:27,829 --> 00:39:25,680

i've found with my you know checking the

1109

00:39:30,150 --> 00:39:27,839

data which absolutely meshes with that

1110

00:39:31,910 --> 00:39:30,160

um and to some degree with what

1111

00:39:33,670 --> 00:39:31,920

this is what i'd love to dig into though

1112

00:39:35,990 --> 00:39:33,680

because i've heard this theory many

1113

00:39:40,310 --> 00:39:36,000

times that we were modified we were

1114

00:39:43,910 --> 00:39:40,320

modified and yeah my biggest question is

1115

00:39:46,630 --> 00:39:43,920

wouldn't any geneticist be able to find

1116

00:39:49,670 --> 00:39:46,640

spots in our dna that would show some

1117

00:39:51,349 --> 00:39:49,680

form of engineering or alteration took

1118

00:39:53,829 --> 00:39:51,359

place

1119

00:39:55,430 --> 00:39:53,839

yeah they would the quick answer is yes

1120

00:39:57,030 --> 00:39:55,440

yes and so why don't we here why don't

1121

00:39:59,109 --> 00:39:57,040

we hear about this more because it's

1122

00:40:01,270 --> 00:39:59,119

found but they will never use the words

1123

00:40:04,309 --> 00:40:01,280

alien modification in conjunction with

1124

00:40:07,750 --> 00:40:04,319

the anomalies that have been found right

1125

00:40:09,589 --> 00:40:07,760

there are very glaring anomalies which

1126

00:40:12,069 --> 00:40:09,599

now if we look in the context of where

1127

00:40:14,069 --> 00:40:12,079

we're at with you know crispr um

1128

00:40:16,230 --> 00:40:14,079

technologies and other genetic

1129

00:40:18,309 --> 00:40:16,240

modification tools that we're developing

1130

00:40:20,710 --> 00:40:18,319

now you can look at those anomalies and

1131

00:40:21,589 --> 00:40:20,720

say oh god you know that looks awfully

1132

00:40:23,270 --> 00:40:21,599

like

1133

00:40:25,589 --> 00:40:23,280

you know deliberate changes that we're

1134

00:40:27,190 --> 00:40:25,599

making on organisms now until not very

1135

00:40:28,150 --> 00:40:27,200

long ago we probably wouldn't have been

1136

00:40:30,309 --> 00:40:28,160

able to think that because we weren't

1137

00:40:32,150 --> 00:40:30,319

doing ourselves so as you know as we get

1138

00:40:33,270 --> 00:40:32,160

to a certain level of technology

1139

00:40:34,710 --> 00:40:33,280

you know we come to an understanding

1140

00:40:36,390 --> 00:40:34,720

where you notice things that you

1141

00:40:38,550 --> 00:40:36,400

wouldn't have noticed because you just

1142

00:40:40,950 --> 00:40:38,560

couldn't conceptualize of them really

1143

00:40:42,630 --> 00:40:40,960

um not beyond sci-fi or whatever but you

1144

00:40:44,069 --> 00:40:42,640

know in terms of the science you know we

1145

00:40:45,430 --> 00:40:44,079

wouldn't have really

1146

00:40:47,589 --> 00:40:45,440

understood how to do that and obviously

1147

00:40:49,589 --> 00:40:47,599

in the past people talked about alien

1148

00:40:51,349 --> 00:40:49,599

hybrids you know and that was the if you

1149

00:40:54,390 --> 00:40:51,359

like the buzz thing the idea that aliens

1150

00:40:56,790 --> 00:40:54,400

maybe came here uh mated with us or

1151
00:40:59,829 --> 00:40:56,800
something or somehow spliced themselves

1152
00:41:01,910 --> 00:40:59,839
with humans and so we'd be half alien

1153
00:41:03,349 --> 00:41:01,920
you know we'd have alien dna

1154
00:41:05,270 --> 00:41:03,359
and again that was partly to the

1155
00:41:06,870 --> 00:41:05,280
limitations of our science because we

1156
00:41:09,030 --> 00:41:06,880
understood things like hybridizing

1157
00:41:11,109 --> 00:41:09,040
plants right you know and and mixing and

1158
00:41:12,790 --> 00:41:11,119
then we got to level where we could take

1159
00:41:14,230 --> 00:41:12,800
material from one animal and put into

1160
00:41:15,990 --> 00:41:14,240
another animal so you know that was

1161
00:41:17,990 --> 00:41:16,000
something we got but it's it's only more

1162
00:41:20,069 --> 00:41:18,000
recently that we've really got to the

1163
00:41:22,390 --> 00:41:20,079

point where we can go in and directly

1164

00:41:23,030 --> 00:41:22,400

just modifying organisms you know code

1165

00:41:25,030 --> 00:41:23,040

and

1166

00:41:27,270 --> 00:41:25,040

snip out bits copy them put them back in

1167

00:41:29,670 --> 00:41:27,280

and you know and turn off you know parts

1168

00:41:30,630 --> 00:41:29,680

of the genome so so as we've progressed

1169

00:41:32,710 --> 00:41:30,640

we now understand that you don't

1170

00:41:34,790 --> 00:41:32,720

necessarily need to

1171

00:41:36,230 --> 00:41:34,800

to mix together you know an alien and a

1172

00:41:37,910 --> 00:41:36,240

human even if you could i mean again

1173

00:41:40,550 --> 00:41:37,920

that would infer that the alien has to

1174

00:41:44,069 --> 00:41:40,560

be dna based right because you can't

1175

00:41:47,430 --> 00:41:44,079

mesh you know whatever they're made from

1176

00:41:49,190 --> 00:41:47,440

and us unless it's dna you know right so

1177

00:41:50,630 --> 00:41:49,200

so again you're taking a leap by saying

1178

00:41:52,069 --> 00:41:50,640

that you can even mix with an alien

1179

00:41:54,550 --> 00:41:52,079

because i mean yeah i mean there's

1180

00:41:57,030 --> 00:41:54,560

there's there's ample examples of this

1181

00:41:59,589 --> 00:41:57,040

like a wolf can make with a dog but you

1182

00:42:00,630 --> 00:41:59,599

know it can't go too far

1183

00:42:03,190 --> 00:42:00,640

no and so

1184

00:42:05,109 --> 00:42:03,200

can it go to an alien from zargon seven

1185

00:42:06,470 --> 00:42:05,119

probably not i'd say you know that's

1186

00:42:08,550 --> 00:42:06,480

really stretching it

1187

00:42:10,870 --> 00:42:08,560

um so but what you could have of course

1188

00:42:12,950 --> 00:42:10,880

is master geneticists who understand the

1189

00:42:14,870 --> 00:42:12,960

code and who can go in and directly

1190

00:42:16,309 --> 00:42:14,880

modify at that level you know you know

1191

00:42:18,069 --> 00:42:16,319

you've got an i.t background i've got ic

1192

00:42:20,230 --> 00:42:18,079

backgrounds i tend to think of dna in

1193

00:42:22,870 --> 00:42:20,240

terms of code you know and modifying

1194

00:42:25,270 --> 00:42:22,880

code you know creating yeah i mean

1195

00:42:27,589 --> 00:42:25,280

at the very essence dna is basically a

1196

00:42:29,510 --> 00:42:27,599

set of instructions so i relate it to

1197

00:42:32,230 --> 00:42:29,520

computer code a lot myself

1198

00:42:34,230 --> 00:42:32,240

it's just it's just you know it's built

1199

00:42:35,589 --> 00:42:34,240

of different things instead of binary

1200

00:42:37,270 --> 00:42:35,599

it's organic

1201
00:42:39,670 --> 00:42:37,280
yeah and so if you if you look at it

1202
00:42:41,030 --> 00:42:39,680
like that instead of needing to take you

1203
00:42:44,069 --> 00:42:41,040
know trying to

1204
00:42:45,510 --> 00:42:44,079
mix together you know i guess you know

1205
00:42:46,710 --> 00:42:45,520
an apple operating system and their

1206
00:42:48,470 --> 00:42:46,720
windows want to try and mix them

1207
00:42:50,150 --> 00:42:48,480
together and the complexity because you

1208
00:42:51,750 --> 00:42:50,160
wanted to do something that you know

1209
00:42:53,349 --> 00:42:51,760
apple does one thing windows does

1210
00:42:55,510 --> 00:42:53,359
another and you want those benefits in

1211
00:42:57,510 --> 00:42:55,520
one so you try and mesh those together

1212
00:42:59,750 --> 00:42:57,520
that's a really tough thing to do

1213
00:43:02,230 --> 00:42:59,760

whereas if you could just directly go in

1214

00:43:03,670 --> 00:43:02,240

and modify how your windows operating

1215

00:43:05,589 --> 00:43:03,680

system works that's that's much better

1216

00:43:07,109 --> 00:43:05,599

than trying to mix together two very

1217

00:43:09,510 --> 00:43:07,119

different operating systems to get the

1218

00:43:11,430 --> 00:43:09,520

benefit you want right so instead if you

1219

00:43:13,990 --> 00:43:11,440

know how to go in and you know modify

1220

00:43:15,510 --> 00:43:14,000

the the code framework of it you could

1221

00:43:17,109 --> 00:43:15,520

just say well i need this to do

1222

00:43:19,030 --> 00:43:17,119

something else i would just go in and

1223

00:43:20,230 --> 00:43:19,040

change the code now

1224

00:43:22,390 --> 00:43:20,240

that works a lot easier and that's what

1225

00:43:23,670 --> 00:43:22,400

they in my view they've done so i mean i

1226

00:43:25,829 --> 00:43:23,680

can give you um

1227

00:43:27,670 --> 00:43:25,839

a bit of a dive into you know why i'm so

1228

00:43:30,230 --> 00:43:27,680

confident in saying that yeah i'd love

1229

00:43:31,990 --> 00:43:30,240

to hear more about the evidence because

1230

00:43:34,150 --> 00:43:32,000

sure i gotta be honest with you this is

1231

00:43:36,790 --> 00:43:34,160

one of those rabbit holes that's been on

1232

00:43:38,950 --> 00:43:36,800

my list to do like let's

1233

00:43:41,030 --> 00:43:38,960

go through all of this i did follow for

1234

00:43:42,069 --> 00:43:41,040

a while like lloyd pie and a few things

1235

00:43:43,109 --> 00:43:42,079

like that

1236

00:43:45,349 --> 00:43:43,119

and uh

1237

00:43:46,630 --> 00:43:45,359

but i kind of got lost in the woods in

1238

00:43:48,550 --> 00:43:46,640

there because

1239

00:43:50,630 --> 00:43:48,560

some of this stuff is pretty

1240

00:43:51,990 --> 00:43:50,640

not to me it was some of the stuff that

1241

00:43:54,470 --> 00:43:52,000

i looked at wasn't

1242

00:43:55,990 --> 00:43:54,480

incredibly convincing or wasn't

1243

00:43:57,510 --> 00:43:56,000

that there wasn't a smoking gun right

1244

00:43:59,430 --> 00:43:57,520

there i don't know that there is one

1245

00:44:01,829 --> 00:43:59,440

that proves

1246

00:44:03,990 --> 00:44:01,839

the timing for lloyd as well that you

1247

00:44:05,990 --> 00:44:04,000

know we did we hadn't really got to the

1248

00:44:07,829 --> 00:44:06,000

full depth of the genetic revolution and

1249

00:44:09,910 --> 00:44:07,839

i i'm saddened in a way that lloyd

1250

00:44:12,069 --> 00:44:09,920

didn't live to see that because you know

1251

00:44:14,069 --> 00:44:12,079

i think now with as i say the work that

1252

00:44:15,750 --> 00:44:14,079

uh you know i'm aware of that he would

1253

00:44:17,270 --> 00:44:15,760

have been like aha you know but

1254

00:44:19,190 --> 00:44:17,280

unfortunately at the time you know

1255

00:44:20,710 --> 00:44:19,200

obviously his passing we hadn't got to

1256

00:44:22,390 --> 00:44:20,720

this crispr technologies and all this

1257

00:44:24,390 --> 00:44:22,400

stuff and obviously then he spent a lot

1258

00:44:26,230 --> 00:44:24,400

of time in the star child skull and on

1259

00:44:27,750 --> 00:44:26,240

bigfoot type things and you know like we

1260

00:44:28,950 --> 00:44:27,760

all have our own other pet projects you

1261

00:44:30,069 --> 00:44:28,960

know i have a lot of weird so we've

1262

00:44:32,150 --> 00:44:30,079

already tackled i mean i've had my own

1263

00:44:33,349 --> 00:44:32,160

strange experiences i have interest in

1264

00:44:35,030 --> 00:44:33,359

all sorts of other subjects so i

1265

00:44:36,470 --> 00:44:35,040

understand that you know he had his

1266

00:44:38,470 --> 00:44:36,480

passions for things like the star child

1267

00:44:40,230 --> 00:44:38,480

skull and whatnot so he i don't think he

1268

00:44:43,510 --> 00:44:40,240

had necessity a huge smoking gun his

1269

00:44:45,670 --> 00:44:43,520

favorite one was the chromosome 2 fusion

1270

00:44:47,510 --> 00:44:45,680

um now that's in my work and chromosome

1271

00:44:49,270 --> 00:44:47,520

2 fusion is part of this it's a very you

1272

00:44:51,750 --> 00:44:49,280

know it's very important part but one of

1273

00:44:54,550 --> 00:44:51,760

the things that lloyd didn't have was

1274

00:44:55,750 --> 00:44:54,560

any any dating for when that happened

1275

00:44:57,270 --> 00:44:55,760

you know and a lot of people have gone

1276

00:44:58,790 --> 00:44:57,280

with the citroen idea you know and i

1277

00:45:00,790 --> 00:44:58,800

think lloyd you know made that kind of

1278

00:45:03,190 --> 00:45:00,800

error as well which is that you know

1279

00:45:05,829 --> 00:45:03,200

sitchin infers that this all happened

1280

00:45:08,230 --> 00:45:05,839

around about 400 000 years ago but based

1281

00:45:10,870 --> 00:45:08,240

on what really you know his his

1282

00:45:11,670 --> 00:45:10,880

interpretation of someone else's stories

1283

00:45:13,589 --> 00:45:11,680

right

1284

00:45:15,430 --> 00:45:13,599

um that's not really and a lot of people

1285

00:45:16,870 --> 00:45:15,440

they say it's rare in stone you know

1286

00:45:19,109 --> 00:45:16,880

like because like it doesn't matter if i

1287

00:45:20,470 --> 00:45:19,119

write on toilet paper

1288

00:45:22,309 --> 00:45:20,480

yeah absolutely

1289

00:45:24,550 --> 00:45:22,319

you know like the thing you write the

1290

00:45:27,349 --> 00:45:24,560

thing on doesn't matter damn if it's a

1291

00:45:29,829 --> 00:45:27,359

story it's a story right uh if you can't

1292

00:45:31,990 --> 00:45:29,839

substantiate it with any actual evidence

1293

00:45:33,109 --> 00:45:32,000

then it just remains a story yeah and

1294

00:45:34,390 --> 00:45:33,119

that that's why i look at anything the

1295

00:45:36,230 --> 00:45:34,400

same with the outrigger but you know it

1296

00:45:37,510 --> 00:45:36,240

was a story until i could validate any

1297

00:45:40,390 --> 00:45:37,520

of it you know

1298

00:45:41,430 --> 00:45:40,400

um and so unfortunately

1299

00:45:43,430 --> 00:45:41,440

people would just say you know

1300

00:45:45,030 --> 00:45:43,440

chromosome 2 you know it must relate to

1301

00:45:46,470 --> 00:45:45,040

this you know the upgrade of homo

1302

00:45:48,630 --> 00:45:46,480

erectus 400 000 years ago by the

1303

00:45:50,390 --> 00:45:48,640

annunaki and all this stuff

1304

00:45:51,510 --> 00:45:50,400

now that's just simply not the case and

1305

00:45:53,990 --> 00:45:51,520

they didn't bear in mind they didn't

1306

00:45:55,510 --> 00:45:54,000

like citroen didn't use any genetic

1307

00:45:58,069 --> 00:45:55,520

evidence you know which is one of the

1308

00:45:59,670 --> 00:45:58,079

main failings of his work um and then

1309

00:46:01,190 --> 00:45:59,680

the other main failing of his work is

1310

00:46:03,829 --> 00:46:01,200

that he wasn't qualified to be

1311

00:46:06,710 --> 00:46:03,839

translating to be translating ancient

1312

00:46:07,510 --> 00:46:06,720

sumerian and most scholars that actually

1313

00:46:09,510 --> 00:46:07,520

are

1314

00:46:11,349 --> 00:46:09,520

they dispute most of his translations

1315

00:46:12,390 --> 00:46:11,359

which is where most of these theories

1316

00:46:14,390 --> 00:46:12,400

came from

1317

00:46:15,670 --> 00:46:14,400

mistranslated texts

1318

00:46:18,230 --> 00:46:15,680

yeah and this is a huge problem because

1319

00:46:19,510 --> 00:46:18,240

the sitchin um story really is the most

1320

00:46:21,589 --> 00:46:19,520

prevalent in you know terms of ancient

1321

00:46:23,109 --> 00:46:21,599

aliens and contact or genetic

1322

00:46:25,829 --> 00:46:23,119

engineering it nearly always goes back

1323

00:46:27,990 --> 00:46:25,839

to a sitchin like account right

1324

00:46:29,910 --> 00:46:28,000

this is the most popular narrative in

1325

00:46:32,870 --> 00:46:29,920

ancient aliens you know throughout the

1326

00:46:35,109 --> 00:46:32,880

community it's been rehashed by loads of

1327

00:46:37,430 --> 00:46:35,119

other writers it's referred to by loads

1328

00:46:39,430 --> 00:46:37,440

of different you know speakers um you

1329

00:46:41,829 --> 00:46:39,440

know so it's really solid when in fact

1330

00:46:43,910 --> 00:46:41,839

of course we know it's not really solid

1331

00:46:46,390 --> 00:46:43,920

um it's again yeah his bad

1332

00:46:48,390 --> 00:46:46,400

interpretations of stories yeah and i

1333

00:46:51,349 --> 00:46:48,400

gotta say that early on when i first

1334

00:46:53,750 --> 00:46:51,359

read i read his books like years ago a

1335

00:46:56,309 --> 00:46:53,760

long long time ago i was convinced i was

1336

00:46:58,390 --> 00:46:56,319

like this guy's got it this is it you

1337

00:46:59,270 --> 00:46:58,400

know because it just makes sense it's

1338

00:47:01,430 --> 00:46:59,280

all

1339

00:47:03,030 --> 00:47:01,440

very well packaged like here's what

1340

00:47:04,870 --> 00:47:03,040

happened and here's the proof and the

1341

00:47:07,349 --> 00:47:04,880

evidence and it's in these stone tablets

1342

00:47:09,910 --> 00:47:07,359

i translate it but then you get to the

1343

00:47:11,829 --> 00:47:09,920

problems which is no you didn't

1344

00:47:13,829 --> 00:47:11,839

translate this right

1345

00:47:15,750 --> 00:47:13,839

and so it falls apart just on the

1346

00:47:18,150 --> 00:47:15,760

linguistics of it because there's a big

1347

00:47:19,750 --> 00:47:18,160

difference from those who from the

1348

00:47:21,750 --> 00:47:19,760

heavens came to

1349

00:47:23,430 --> 00:47:21,760

you know a messenger

1350

00:47:25,270 --> 00:47:23,440

sure and also if you look at nibiru i

1351
00:47:27,349 --> 00:47:25,280
mean it was actually nibbru in the air

1352
00:47:29,750 --> 00:47:27,359
and that's just the science of that is

1353
00:47:31,430 --> 00:47:29,760
just whack-a-doodle terrible but also it

1354
00:47:33,109 --> 00:47:31,440
turns out if you look at it nibiru

1355
00:47:35,430 --> 00:47:33,119
there's he says there's ships going to

1356
00:47:38,150 --> 00:47:35,440
nebra with not only with gold but gold

1357
00:47:39,510 --> 00:47:38,160
silver and seda would so i mean are we

1358
00:47:41,510 --> 00:47:39,520
really saying that aliens are coming

1359
00:47:42,390 --> 00:47:41,520
here to chop down trees and take wood i

1360
00:47:43,910 --> 00:47:42,400
mean

1361
00:47:45,349 --> 00:47:43,920
it it it does you know you look at it

1362
00:47:47,109 --> 00:47:45,359
like that you have to think well that's

1363
00:47:49,910 --> 00:47:47,119

nonsense and then the next record is

1364

00:47:52,630 --> 00:47:49,920

that you have rockets like imagine

1365

00:47:54,710 --> 00:47:52,640

imagine you've got a rocket full of gold

1366

00:47:56,309 --> 00:47:54,720

the heaviest you know here we've got and

1367

00:47:58,069 --> 00:47:56,319

you've got to now get that rocket back

1368

00:47:59,510 --> 00:47:58,079

into space i mean people have not

1369

00:48:01,190 --> 00:47:59,520

thought that through you know when you

1370

00:48:02,870 --> 00:48:01,200

ask people how do you think they took

1371

00:48:04,549 --> 00:48:02,880

off again with the rockets full of gold

1372

00:48:06,150 --> 00:48:04,559

you know there's that struggle in the

1373

00:48:08,150 --> 00:48:06,160

brain because you know as we know

1374

00:48:10,069 --> 00:48:08,160

they're careful to take the lightest

1375

00:48:12,150 --> 00:48:10,079

powdered food and you know the smallest

1376

00:48:14,150 --> 00:48:12,160

amounts of toothpaste and to try and get

1377

00:48:15,829 --> 00:48:14,160

these rockets up into space you know it

1378

00:48:17,270 --> 00:48:15,839

takes an enormous amount of fuel and

1379

00:48:19,270 --> 00:48:17,280

energy to do it

1380

00:48:21,349 --> 00:48:19,280

the idea you could pack rockets full of

1381

00:48:24,230 --> 00:48:21,359

gold right and then take off again he's

1382

00:48:26,150 --> 00:48:24,240

just it's bonkers and on top of that

1383

00:48:27,990 --> 00:48:26,160

you have the problem that they land and

1384

00:48:29,670 --> 00:48:28,000

then four hundred thousand years later

1385

00:48:37,670 --> 00:48:29,680

they take off in those same rockets

1386

00:48:42,309 --> 00:48:40,470

they have no breakthrough stephen in 400

1387

00:48:44,790 --> 00:48:42,319

000 years they take off in their rocket

1388

00:48:46,230 --> 00:48:44,800

ships and leave like this is it just

1389

00:48:49,109 --> 00:48:46,240

it's baffled when you start to think of

1390

00:48:50,710 --> 00:48:49,119

these kind of holes even without the say

1391

00:48:52,069 --> 00:48:50,720

the translation problems you start

1392

00:48:53,910 --> 00:48:52,079

thinking the logic of it you think that

1393

00:48:55,750 --> 00:48:53,920

this doesn't make sense and in advance

1394

00:48:58,309 --> 00:48:55,760

race that's you know can't progress

1395

00:49:00,069 --> 00:48:58,319

beyond rockets in 400 000 years and it's

1396

00:49:03,030 --> 00:49:00,079

it's trying to pack rockets full of gold

1397

00:49:06,630 --> 00:49:04,630

has done it for me too is that the

1398

00:49:09,589 --> 00:49:06,640

knowledge that with with the nuclear

1399

00:49:11,670 --> 00:49:09,599

reactor and time you can make your own

1400

00:49:13,270 --> 00:49:11,680

gold so the fact that they would go to a

1401

00:49:15,190 --> 00:49:13,280

whole nother you know maybe whole

1402

00:49:17,270 --> 00:49:15,200

another star system i don't know a whole

1403

00:49:19,829 --> 00:49:17,280

another

1404

00:49:21,510 --> 00:49:19,839

where we now know it's full of gold yeah

1405

00:49:23,270 --> 00:49:21,520

yeah absolutely so and they put it in

1406

00:49:24,710 --> 00:49:23,280

their atmosphere the whole story falls

1407

00:49:27,270 --> 00:49:24,720

apart

1408

00:49:29,109 --> 00:49:27,280

logically logically go through it

1409

00:49:30,470 --> 00:49:29,119

it does but underlying it you know i do

1410

00:49:31,910 --> 00:49:30,480

think that the

1411

00:49:33,910 --> 00:49:31,920

some of these cultures you know they are

1412

00:49:35,910 --> 00:49:33,920

referring to visitations and they are

1413

00:49:38,390 --> 00:49:35,920

referring to their their beliefs or

1414

00:49:39,910 --> 00:49:38,400

understandings of contact but it's not

1415

00:49:41,109 --> 00:49:39,920

scientifically accurate you know we have

1416

00:49:42,950 --> 00:49:41,119

to be careful and then if we're

1417

00:49:45,109 --> 00:49:42,960

translating it badly and they're already

1418

00:49:45,990 --> 00:49:45,119

giving us their chinese whispers story

1419

00:49:47,589 --> 00:49:46,000

you know

1420

00:49:50,150 --> 00:49:47,599

we have to be really really cautious

1421

00:49:51,270 --> 00:49:50,160

with that now my approach was that look

1422

00:49:52,710 --> 00:49:51,280

you know okay

1423

00:49:54,069 --> 00:49:52,720

i understand that you know some of my

1424

00:49:55,589 --> 00:49:54,079

you know i do look at these kind of

1425

00:49:57,829 --> 00:49:55,599

ancient stories you know some of the

1426

00:49:59,430 --> 00:49:57,839

things i discussed in my work come from

1427

00:50:00,950 --> 00:49:59,440

the aboriginal people and you know and

1428

00:50:02,549 --> 00:50:00,960

to look at i've looked at the and the

1429

00:50:04,630 --> 00:50:02,559

annunaki stories

1430

00:50:06,950 --> 00:50:04,640

but really you need to also be able to

1431

00:50:08,390 --> 00:50:06,960

mesh things with real world science

1432

00:50:11,670 --> 00:50:08,400

so i mean the key thing there is that

1433

00:50:12,870 --> 00:50:11,680

yes we have a chromosome 2 fusion and

1434

00:50:14,790 --> 00:50:12,880

you know lloyd's right that it's

1435

00:50:17,030 --> 00:50:14,800

anomalous there are anomalies with it

1436

00:50:19,430 --> 00:50:17,040

but there's um a british

1437

00:50:20,549 --> 00:50:19,440

biologist now the names of me but he he

1438

00:50:22,069 --> 00:50:20,559

took a look at this and he wanted to see

1439

00:50:23,910 --> 00:50:22,079

you know could we actually date it's one

1440

00:50:27,109 --> 00:50:23,920

thing they knew is that the chromosome 2

1441

00:50:29,270 --> 00:50:27,119

fusion happens you know after the split

1442

00:50:31,910 --> 00:50:29,280

with the primates you know it was fought

1443

00:50:34,630 --> 00:50:31,920

to be somewhere between

1444

00:50:36,309 --> 00:50:34,640

a million to five million years ago

1445

00:50:38,390 --> 00:50:36,319

right which is kind of vague but they

1446

00:50:39,670 --> 00:50:38,400

knew it was something like that

1447

00:50:42,230 --> 00:50:39,680

now

1448

00:50:43,910 --> 00:50:42,240

more recently that has been modified one

1449

00:50:46,150 --> 00:50:43,920

of the reasons can be found that you

1450

00:50:48,150 --> 00:50:46,160

know we have the dna

1451

00:50:50,710 --> 00:50:48,160

the genome basically or the four genome

1452

00:50:52,309 --> 00:50:50,720

of the neanderthals and denisovans

1453

00:50:54,549 --> 00:50:52,319

uh and what we what we understand now is

1454

00:50:56,309 --> 00:50:54,559

that chromosome 2 fusion occurs at the

1455

00:50:58,150 --> 00:50:56,319

beginning of the lineages before these

1456

00:51:00,390 --> 00:50:58,160

lineages split so you know denisova's

1457

00:51:02,950 --> 00:51:00,400

neanderthals modern humans we all have

1458

00:51:05,750 --> 00:51:02,960

that chromosome 2 fusion event right

1459

00:51:08,950 --> 00:51:05,760

so that gave it a a minimum date so it

1460

00:51:11,030 --> 00:51:08,960

has to go back to around about 700 plus

1461

00:51:12,710 --> 00:51:11,040

700 000 or so years ago when these

1462

00:51:14,630 --> 00:51:12,720

lineages were splitting around seven to

1463

00:51:17,349 --> 00:51:14,640

eight hundred thousand years ago so

1464

00:51:18,950 --> 00:51:17,359

that's a minimum now this this biologist

1465

00:51:22,309 --> 00:51:18,960

he wanted to see you know could we find

1466

00:51:23,670 --> 00:51:22,319

out the maximum and so he looked at the

1467

00:51:24,630 --> 00:51:23,680

when the

1468

00:51:26,790 --> 00:51:24,640

because what happens we've got these

1469

00:51:28,630 --> 00:51:26,800

telomeres on the ends chromosomes and

1470

00:51:31,030 --> 00:51:28,640

also they they mutate a different rate

1471

00:51:33,109 --> 00:51:31,040

to the the middle parts because the way

1472

00:51:34,549 --> 00:51:33,119

the middle is enclosed

1473

00:51:36,630 --> 00:51:34,559

and so he wanted to see if he could see

1474

00:51:38,309 --> 00:51:36,640

when it stopped you know when it slowed

1475

00:51:39,430 --> 00:51:38,319

down the mutation rate you know i'm not

1476
00:51:41,430 --> 00:51:39,440
gonna pretend to totally understand the

1477
00:51:43,190 --> 00:51:41,440
size of how he did this but he

1478
00:51:45,670 --> 00:51:43,200
he basically went you know he analyzed

1479
00:51:48,230 --> 00:51:45,680
it the chemistry kind of side of it and

1480
00:51:51,750 --> 00:51:48,240
he was able to get to being somewhat

1481
00:51:54,710 --> 00:51:51,760
close to around 750 000 years ago so a

1482
00:51:57,349 --> 00:51:54,720
i.e very close to the already existing

1483
00:52:00,069 --> 00:51:57,359
minimum date so it's pointing to it

1484
00:52:01,829 --> 00:52:00,079
occurring at the beginning of the split

1485
00:52:04,069 --> 00:52:01,839
between all of the large brained

1486
00:52:05,589 --> 00:52:04,079
hominins neanderthals dinosaurs us and

1487
00:52:07,190 --> 00:52:05,599
any others the ghost lineages that have

1488
00:52:09,349 --> 00:52:07,200

disappeared now so that so you've got

1489

00:52:10,950 --> 00:52:09,359

straight away an anomaly so it happens

1490

00:52:13,030 --> 00:52:10,960

at the beginning of the appearance of

1491

00:52:15,349 --> 00:52:13,040

all of the large brain dominance and we

1492

00:52:17,910 --> 00:52:15,359

already knew that around about 800

1493

00:52:20,150 --> 00:52:17,920

thousand years ago the human cranium

1494

00:52:22,309 --> 00:52:20,160

goes into sudden overdrive in terms of

1495

00:52:24,870 --> 00:52:22,319

its um you know shape and size and then

1496

00:52:26,549 --> 00:52:24,880

we have an acceleration that has always

1497

00:52:28,230 --> 00:52:26,559

been considered anomalous you know that

1498

00:52:30,950 --> 00:52:28,240

was obviously the fossil record before

1499

00:52:32,470 --> 00:52:30,960

we had dna we already knew something odd

1500

00:52:34,309 --> 00:52:32,480

happened around about a hundred thousand

1501
00:52:36,549 --> 00:52:34,319
years ago where the human brain just

1502
00:52:39,190 --> 00:52:36,559
goes into you know rapid acceleration

1503
00:52:40,630 --> 00:52:39,200
not in line with body size change

1504
00:52:41,829 --> 00:52:40,640
okay so you now have

1505
00:52:50,390 --> 00:52:41,839
the

1506
00:52:52,870 --> 00:52:50,400
brain size so you can logically infer

1507
00:52:54,870 --> 00:52:52,880
the two are connected right now again

1508
00:52:56,230 --> 00:52:54,880
lloyd didn't know that and and january

1509
00:52:57,510 --> 00:52:56,240
marketing at 400 thousand years it just

1510
00:52:59,990 --> 00:52:57,520
does not connect with that right you

1511
00:53:02,309 --> 00:53:00,000
know this is way earlier and meshes with

1512
00:53:05,030 --> 00:53:02,319
reality with you know skull size changes

1513
00:53:06,710 --> 00:53:05,040

with datings of genetic changes so

1514

00:53:09,349 --> 00:53:06,720

straight away you know you're zeroing in

1515

00:53:12,150 --> 00:53:09,359

on real world evidence okay now that

1516

00:53:14,150 --> 00:53:12,160

itself is not in my view it's not

1517

00:53:15,510 --> 00:53:14,160

sufficient it's great it's a really

1518

00:53:18,069 --> 00:53:15,520

great you know something weird is going

1519

00:53:20,150 --> 00:53:18,079

on but you want more than that okay

1520

00:53:21,910 --> 00:53:20,160

now one of the

1521

00:53:23,430 --> 00:53:21,920

one of the really deep dives on this i

1522

00:53:24,630 --> 00:53:23,440

did you know they led to a few things

1523

00:53:26,230 --> 00:53:24,640

there's

1524

00:53:27,190 --> 00:53:26,240

one of the well something to highlight

1525

00:53:28,390 --> 00:53:27,200

is that

1526

00:53:30,549 --> 00:53:28,400

in terms of the things that make us

1527

00:53:32,309 --> 00:53:30,559

different from other primates most of

1528

00:53:34,710 --> 00:53:32,319

the genetic differences are actually in

1529

00:53:36,390 --> 00:53:34,720

areas that code for the brain right

1530

00:53:38,150 --> 00:53:36,400

there's so we say what's different about

1531

00:53:39,430 --> 00:53:38,160

us and the primates most of those

1532

00:53:41,829 --> 00:53:39,440

differences actually do with the brain

1533

00:53:43,670 --> 00:53:41,839

it's not you know we've got random

1534

00:53:45,349 --> 00:53:43,680

random he's randomly scattered across

1535

00:53:46,710 --> 00:53:45,359

the genome yeah

1536

00:53:48,390 --> 00:53:46,720

it's not particularly random when you

1537

00:53:51,030 --> 00:53:48,400

know nearly all of the changes are in

1538

00:53:52,150 --> 00:53:51,040

one you know area so again that

1539

00:53:53,910 --> 00:53:52,160

highlights that something's a bit

1540

00:53:56,069 --> 00:53:53,920

anomalous because why have we suddenly

1541

00:53:57,910 --> 00:53:56,079

got all these changes through the brain

1542

00:54:00,230 --> 00:53:57,920

you go a bit deeper dive into that what

1543

00:54:01,910 --> 00:54:00,240

you find is some of the specific

1544

00:54:04,150 --> 00:54:01,920

genes in there are very weird because

1545

00:54:06,069 --> 00:54:04,160

there's one where the scientists talk

1546

00:54:06,870 --> 00:54:06,079

about it saying that you know it appears

1547

00:54:09,510 --> 00:54:06,880

that

1548

00:54:12,710 --> 00:54:09,520

one of these crucial brain genes appears

1549

00:54:14,710 --> 00:54:12,720

out of non-coding dna suddenly fully

1550

00:54:16,309 --> 00:54:14,720

formed right and that's how they

1551
00:54:18,470 --> 00:54:16,319
describe it and it just appears suddenly

1552
00:54:19,750 --> 00:54:18,480
fully formed wow that's weird you know

1553
00:54:21,109 --> 00:54:19,760
and then there's another one which they

1554
00:54:22,390 --> 00:54:21,119
said it appears to be which i think is

1555
00:54:25,270 --> 00:54:22,400
through the neocortex which they said it

1556
00:54:26,549 --> 00:54:25,280
appears that it's a not entire gene it's

1557
00:54:28,230 --> 00:54:26,559
rather it's a

1558
00:54:30,390 --> 00:54:28,240
looks like a snipped fragment of a

1559
00:54:31,910 --> 00:54:30,400
longer gene that's been replicated and

1560
00:54:33,270 --> 00:54:31,920
put back in and that's this that's what

1561
00:54:35,030 --> 00:54:33,280
it looks like they've got they said

1562
00:54:36,870 --> 00:54:35,040
xerox then put it back in so when you

1563
00:54:38,549 --> 00:54:36,880

see scientists using those kinds of

1564

00:54:40,069 --> 00:54:38,559

expressions right they're appearing

1565

00:54:42,230 --> 00:54:40,079

fully from that nowhere and looks like

1566

00:54:45,190 --> 00:54:42,240

it's xeroxed and put back in you know

1567

00:54:46,710 --> 00:54:45,200

clearly there's something very odd and

1568

00:54:48,549 --> 00:54:46,720

again these are brain genes that have

1569

00:54:49,829 --> 00:54:48,559

given us like the neocortex the folds of

1570

00:54:51,910 --> 00:54:49,839

the brain and

1571

00:54:53,750 --> 00:54:51,920

really crucial things that have made us

1572

00:54:56,150 --> 00:54:53,760

the species we are that are appearing

1573

00:54:58,309 --> 00:54:56,160

anomalously now so you've got that level

1574

00:55:01,430 --> 00:54:58,319

of it and then you can go beyond that

1575

00:55:03,589 --> 00:55:01,440

and the real the clincher for me was

1576
00:55:06,950 --> 00:55:03,599
when i stumbled on what's called human

1577
00:55:09,030 --> 00:55:06,960
accelerated regions now these are the

1578
00:55:10,950 --> 00:55:09,040
really if you want the smoking gun you

1579
00:55:12,390 --> 00:55:10,960
know if anything almost the case closed

1580
00:55:14,710 --> 00:55:12,400
but i mean i say certainly the smoking

1581
00:55:17,430 --> 00:55:14,720
gun is these human accelerated regions

1582
00:55:18,870 --> 00:55:17,440
because what happened is a few years

1583
00:55:20,789 --> 00:55:18,880
back not that long ago this is fairly

1584
00:55:22,470 --> 00:55:20,799
cutting edge but a few years back

1585
00:55:27,109 --> 00:55:22,480
they discovered

1586
00:55:28,390 --> 00:55:27,119
a segment of code in the non-coding dna

1587
00:55:30,549 --> 00:55:28,400
uh which is basically what used to be

1588
00:55:32,069 --> 00:55:30,559

called junk i was just going to ask that

1589

00:55:43,670 --> 00:55:32,079

i

1590

00:55:45,910 --> 00:55:43,680

but

1591

00:55:48,230 --> 00:55:45,920

most of it now we know is not a jungle

1592

00:55:52,710 --> 00:55:48,240

so what they found is that in fact a lot

1593

00:55:53,589 --> 00:55:52,720

of that material is is there to instruct

1594

00:55:56,390 --> 00:55:53,599

the

1595

00:55:57,910 --> 00:55:56,400

how we code genes basically so so that

1596

00:56:00,549 --> 00:55:57,920

you know although you have a gene for

1597

00:56:03,190 --> 00:56:00,559

your arm there's other segments of code

1598

00:56:06,390 --> 00:56:03,200

in the non-coding area that that will

1599

00:56:09,349 --> 00:56:06,400

change the way that that arm is is coded

1600

00:56:12,710 --> 00:56:09,359

by you know you can you can modify it so

1601
00:56:14,549 --> 00:56:12,720
that it is turned off or on or expresses

1602
00:56:16,789 --> 00:56:14,559
more or less and there's all sorts of

1603
00:56:19,349 --> 00:56:16,799
instruction stuff that's running in that

1604
00:56:21,349 --> 00:56:19,359
other non-coding area right now what

1605
00:56:22,950 --> 00:56:21,359
they found in this non-coding dna is

1606
00:56:25,910 --> 00:56:22,960
there's loads of these segments which

1607
00:56:28,230 --> 00:56:25,920
have anomalously accelerated in their

1608
00:56:30,390 --> 00:56:28,240
evolutionary changes now there's a

1609
00:56:32,470 --> 00:56:30,400
really good example i'll highlight which

1610
00:56:34,630 --> 00:56:32,480
is there's a segment called har1 which

1611
00:56:35,750 --> 00:56:34,640
was the first one they discovered

1612
00:56:37,990 --> 00:56:35,760
now

1613
00:56:40,950 --> 00:56:38,000

when they when they sort of isolated

1614

00:56:42,870 --> 00:56:40,960

this and they compared us against other

1615

00:56:44,470 --> 00:56:42,880

creatures on the planet to looking at

1616

00:56:46,549 --> 00:56:44,480

the same segments

1617

00:56:49,109 --> 00:56:46,559

they found if you take a chicken a

1618

00:56:51,510 --> 00:56:49,119

chimpanzee and a human and like contrast

1619

00:56:53,510 --> 00:56:51,520

this code right they found that between

1620

00:56:55,990 --> 00:56:53,520

the the chicken i think it's actually

1621

00:56:57,589 --> 00:56:56,000

i'll just clarify i think it's um

1622

00:56:58,710 --> 00:56:57,599

how many letters as long as i think it's

1623

00:57:00,069 --> 00:56:58,720

like

1624

00:57:01,829 --> 00:57:00,079

i'd have to double check this but i

1625

00:57:03,670 --> 00:57:01,839

think it's like 20 odd it's like 20 odd

1626
00:57:05,430 --> 00:57:03,680
letters long or something like that

1627
00:57:07,270 --> 00:57:05,440
it's not a particularly long sequence of

1628
00:57:08,390 --> 00:57:07,280
code anyway but what they found is that

1629
00:57:09,190 --> 00:57:08,400
between

1630
00:57:15,589 --> 00:57:09,200
the

1631
00:57:17,030 --> 00:57:15,599
three successful mutations you know

1632
00:57:20,630 --> 00:57:17,040
single point you know one letter

1633
00:57:22,069 --> 00:57:20,640
mutations that have occurred in 300 000

1634
00:57:25,270 --> 00:57:22,079
years so

1635
00:57:27,510 --> 00:57:25,280
300 million years of separate evolution

1636
00:57:30,230 --> 00:57:27,520
for those species right so in other

1637
00:57:31,990 --> 00:57:30,240
words it's an incredibly stable code

1638
00:57:34,789 --> 00:57:32,000

what they call um

1639

00:57:36,390 --> 00:57:34,799

very highly conserved it hardly ever

1640

00:57:38,230 --> 00:57:36,400

changes you know if you get a mutation

1641

00:57:40,870 --> 00:57:38,240

on it that mutation is nearly always

1642

00:57:42,630 --> 00:57:40,880

negative and the organism either dies or

1643

00:57:44,230 --> 00:57:42,640

it can't reproduce right so it's almost

1644

00:57:45,750 --> 00:57:44,240

like saying you'll be born without lungs

1645

00:57:48,870 --> 00:57:45,760

or something like that right

1646

00:57:52,230 --> 00:57:48,880

um something really profound so it

1647

00:57:54,549 --> 00:57:52,240

a random mutation has took 300 million

1648

00:57:56,069 --> 00:57:54,559

years to produce three successful

1649

00:57:59,190 --> 00:57:56,079

changes between the chicken and the

1650

00:58:00,789 --> 00:57:59,200

chimpanzee yeah now so

1651
00:58:02,710 --> 00:58:00,799
when they understood that they knew that

1652
00:58:04,870 --> 00:58:02,720
looking at the chimp and the human with

1653
00:58:07,349 --> 00:58:04,880
just five million years of you know

1654
00:58:10,150 --> 00:58:07,359
divergent evolution there should be zero

1655
00:58:11,990 --> 00:58:10,160
differences right it should be the same

1656
00:58:13,190 --> 00:58:12,000
there's just not been enough time

1657
00:58:15,349 --> 00:58:13,200
and instead what they found was an

1658
00:58:17,670 --> 00:58:15,359
18-letter difference

1659
00:58:18,470 --> 00:58:17,680
so i mean that has to sort of sink in

1660
00:58:20,150 --> 00:58:18,480
because

1661
00:58:23,190 --> 00:58:20,160
well what does that mean it means well

1662
00:58:25,190 --> 00:58:23,200
it means that it's completely defied any

1663
00:58:26,069 --> 00:58:25,200

understanding we have of evolution

1664

00:58:28,150 --> 00:58:26,079

because

1665

00:58:30,309 --> 00:58:28,160

they couldn't come up with a single

1666

00:58:32,230 --> 00:58:30,319

explanation in terms of any of the known

1667

00:58:34,470 --> 00:58:32,240

evolutionary mechanisms for how that

1668

00:58:35,990 --> 00:58:34,480

could possibly have happened right

1669

00:58:37,750 --> 00:58:36,000

and then they started finding more and

1670

00:58:41,589 --> 00:58:37,760

more of these there's now like several

1671

00:58:44,230 --> 00:58:41,599

hundred har right and all of them

1672

00:58:45,829 --> 00:58:44,240

well the vast majority are to do with

1673

00:58:47,750 --> 00:58:45,839

controlling

1674

00:58:50,470 --> 00:58:47,760

aspects of the development of the brain

1675

00:58:51,990 --> 00:58:50,480

during fetal development yeah most of

1676
00:58:53,430 --> 00:58:52,000
them the ones we know a lot of we still

1677
00:58:55,510 --> 00:58:53,440
don't know what they do some of them are

1678
00:58:57,430 --> 00:58:55,520
also referred to have given us our the

1679
00:58:58,710 --> 00:58:57,440
dexterity in our fingers and the thumb

1680
00:59:00,470 --> 00:58:58,720
you know all the things that we need to

1681
00:59:01,510 --> 00:59:00,480
create all of our wonderful technologies

1682
00:59:04,470 --> 00:59:01,520
and all that right

1683
00:59:06,630 --> 00:59:04,480
um yeah that's so key areas and things

1684
00:59:09,190 --> 00:59:06,640
like you know arizona the reproductive

1685
00:59:11,430 --> 00:59:09,200
system and stuff but they're key areas

1686
00:59:13,349 --> 00:59:11,440
they seem to be related to and they're

1687
00:59:14,630 --> 00:59:13,359
unique to humans we don't find this in

1688
00:59:16,470 --> 00:59:14,640

any other species look they've now

1689

00:59:17,670 --> 00:59:16,480

looked at hundreds of animals to see if

1690

00:59:18,390 --> 00:59:17,680

there's anything comparable and there's

1691

00:59:20,549 --> 00:59:18,400

not

1692

00:59:22,950 --> 00:59:20,559

right it's just in us

1693

00:59:25,109 --> 00:59:22,960

and now these are precisely the kind of

1694

00:59:27,349 --> 00:59:25,119

areas that you'd want to modify if you

1695

00:59:29,190 --> 00:59:27,359

wanted to change like an early like a

1696

00:59:31,589 --> 00:59:29,200

chimp like primate or something into a

1697

00:59:34,950 --> 00:59:31,599

human because you can go in there and

1698

00:59:36,710 --> 00:59:34,960

rather than splicing alien dna or or any

1699

00:59:39,030 --> 00:59:36,720

of that you just go it's like going

1700

00:59:40,789 --> 00:59:39,040

really into the deep code and so you're

1701

00:59:42,390 --> 00:59:40,799

writing it right yeah and rewriting it

1702

00:59:44,069 --> 00:59:42,400

say look i can i can play this like a

1703

00:59:46,309 --> 00:59:44,079

piano right because if you're if you're

1704

00:59:48,710 --> 00:59:46,319

on that level you understand maybe they

1705

00:59:50,549 --> 00:59:48,720

can modify the code and just understand

1706

00:59:52,309 --> 00:59:50,559

it thousands or

1707

00:59:54,789 --> 00:59:52,319

tens of thousands millions of years

1708

00:59:56,230 --> 00:59:54,799

ahead of our understanding absolutely we

1709

00:59:59,030 --> 00:59:56,240

don't need so that's why we could say oh

1710

01:00:02,470 --> 00:59:59,040

you know it's we have alien dna no we

1711

01:00:05,030 --> 01:00:02,480

probably have you know maybe some small

1712

01:00:07,430 --> 01:00:05,040

amount of supplies but maybe

1713

01:00:09,109 --> 01:00:07,440

but what we definitely have is is yeah

1714

01:00:11,349 --> 01:00:09,119

is modifications have been done at that

1715

01:00:13,109 --> 01:00:11,359

level the code level it is such an

1716

01:00:15,270 --> 01:00:13,119

advanced level that we are not at that

1717

01:00:16,950 --> 01:00:15,280

yet you know we can recognize it we can

1718

01:00:19,349 --> 01:00:16,960

see that hey well that's what we'd love

1719

01:00:21,030 --> 01:00:19,359

to be able to do is to go into that that

1720

01:00:22,549 --> 01:00:21,040

area of the code

1721

01:00:24,950 --> 01:00:22,559

and make changes but when you think

1722

01:00:26,390 --> 01:00:24,960

about how dangerous that is because as

1723

01:00:28,950 --> 01:00:26,400

i've said these are areas that are

1724

01:00:30,710 --> 01:00:28,960

fundamental to life so if you were to

1725

01:00:32,230 --> 01:00:30,720

try and play with these you're going to

1726

01:00:34,710 --> 01:00:32,240

start killing people or animals or

1727

01:00:37,430 --> 01:00:34,720

whatever you start practicing on so you

1728

01:00:39,670 --> 01:00:37,440

need to be the maestro of dna code to go

1729

01:00:41,990 --> 01:00:39,680

in there and rewrite these areas yeah so

1730

01:00:44,549 --> 01:00:42,000

the the advanced knowledge here is of

1731

01:00:47,349 --> 01:00:44,559

someone way way way ahead of us like you

1732

01:00:49,670 --> 01:00:47,359

said millions of years ahead

1733

01:00:51,349 --> 01:00:49,680

or you're the ones who've seeded dna on

1734

01:00:53,270 --> 01:00:51,359

planets in the first place right because

1735

01:00:54,710 --> 01:00:53,280

if you are then you know the code like

1736

01:00:56,230 --> 01:00:54,720

the back of your hand because you wrote

1737

01:00:59,589 --> 01:00:56,240

it if you know what i mean so if you've

1738

01:01:01,750 --> 01:00:59,599

created dna then clearly you know it in

1739

01:01:03,430 --> 01:01:01,760

a way that we could never conceptualize

1740

01:01:04,710 --> 01:01:03,440

yeah now it may not be that they're the

1741

01:01:06,710 --> 01:01:04,720

creators of dna or they may just know

1742

01:01:08,870 --> 01:01:06,720

very well either way it's someone who

1743

01:01:10,710 --> 01:01:08,880

has a profound profound understanding of

1744

01:01:11,990 --> 01:01:10,720

it so they've gone in there they've

1745

01:01:14,950 --> 01:01:12,000

changed

1746

01:01:16,549 --> 01:01:14,960

specific sections radically that have

1747

01:01:18,230 --> 01:01:16,559

then you know if you wanted an arm that

1748

01:01:19,910 --> 01:01:18,240

was longer you just change the amount of

1749

01:01:21,990 --> 01:01:19,920

expression on the arm genes you know you

1750

01:01:24,549 --> 01:01:22,000

don't need to put you know the arm of a

1751
01:01:26,230 --> 01:01:24,559
kangaroo or something's jeans

1752
01:01:30,660 --> 01:01:26,240
yeah yeah yeah

1753
01:01:41,910 --> 01:01:37,000
[Music]

1754
01:01:45,030 --> 01:01:43,349
the same question that i have though

1755
01:01:46,950 --> 01:01:45,040
with the contact is you know like

1756
01:01:49,349 --> 01:01:46,960
sitchin's theory is that these aliens

1757
01:01:51,750 --> 01:01:49,359
needed slaves so they created the human

1758
01:01:54,230 --> 01:01:51,760
race but mm-hmm

1759
01:01:56,710 --> 01:01:54,240
doesn't sound like a very advanced race

1760
01:01:58,789 --> 01:01:56,720
would go hey let's make some slaves out

1761
01:02:00,710 --> 01:01:58,799
of these monkeys it just doesn't seem

1762
01:02:02,710 --> 01:02:00,720
like a good theory to me why do you

1763
01:02:04,309 --> 01:02:02,720

think they would do these modifications

1764

01:02:05,349 --> 01:02:04,319

then

1765

01:02:06,549 --> 01:02:05,359

well

1766

01:02:07,829 --> 01:02:06,559

from the again you know from the

1767

01:02:10,549 --> 01:02:07,839

information that i've got and again you

1768

01:02:13,029 --> 01:02:10,559

know if i'm valid what i can validate of

1769

01:02:14,230 --> 01:02:13,039

the source information is is somewhat

1770

01:02:16,230 --> 01:02:14,240

limited you know there's some things

1771

01:02:17,349 --> 01:02:16,240

that are in the in the book outdrinker

1772

01:02:20,630 --> 01:02:17,359

that

1773

01:02:22,710 --> 01:02:20,640

but i can't validate you know some of it

1774

01:02:24,309 --> 01:02:22,720

i've validated but what's in there so

1775

01:02:27,270 --> 01:02:24,319

assuming that

1776

01:02:28,710 --> 01:02:27,280

it's true based on the fact that

1777

01:02:30,710 --> 01:02:28,720

quite a lot of it you know i've been

1778

01:02:33,510 --> 01:02:30,720

able to substantiate so i have a good

1779

01:02:35,349 --> 01:02:33,520

reason to suspect the rest is somewhat

1780

01:02:36,789 --> 01:02:35,359

accurate okay so if we allow for the

1781

01:02:39,349 --> 01:02:36,799

fact that i'm not saying it's this is

1782

01:02:40,950 --> 01:02:39,359

proven right but in there it discusses

1783

01:02:43,349 --> 01:02:40,960

that and it says that you know the idea

1784

01:02:45,510 --> 01:02:43,359

originally was to to come here

1785

01:02:47,349 --> 01:02:45,520

essentially that there was going to be a

1786

01:02:49,829 --> 01:02:47,359

also colonizing of the planet but a

1787

01:02:51,990 --> 01:02:49,839

handover this planet already had

1788

01:02:54,870 --> 01:02:52,000

a group on it there'd been an agreement

1789

01:02:57,510 --> 01:02:54,880

to transfer it that there had been a an

1790

01:02:59,910 --> 01:02:57,520

event a ship was destroyed in orbit

1791

01:03:01,829 --> 01:02:59,920

which is again in my book is tackled

1792

01:03:03,750 --> 01:03:01,839

that this craft was destroyed in orbit

1793

01:03:05,510 --> 01:03:03,760

debris rains down across the planet

1794

01:03:07,589 --> 01:03:05,520

which you know i have debris i have some

1795

01:03:09,270 --> 01:03:07,599

in my house i mean it's you know you you

1796

01:03:10,950 --> 01:03:09,280

have the material as well you know

1797

01:03:14,150 --> 01:03:10,960

sturdy or restricted we have this debris

1798

01:03:15,910 --> 01:03:14,160

osteolyte um that this craft then there

1799

01:03:17,750 --> 01:03:15,920

was a few survivors come down they

1800

01:03:19,430 --> 01:03:17,760

decide that rather than

1801

01:03:21,670 --> 01:03:19,440

they can't colonize they've lost most of

1802

01:03:23,829 --> 01:03:21,680

their technology the plan has gone you

1803

01:03:25,990 --> 01:03:23,839

know badly wrong but they decide instead

1804

01:03:27,510 --> 01:03:26,000

what they'll do is modify the hominin

1805

01:03:30,230 --> 01:03:27,520

species which is well adapted to the

1806

01:03:32,309 --> 01:03:30,240

planet already they have some help from

1807

01:03:34,630 --> 01:03:32,319

some rebel groups of these beings that

1808

01:03:36,069 --> 01:03:34,640

are already here and who know that the

1809

01:03:37,910 --> 01:03:36,079

code well because they have been already

1810

01:03:39,589 --> 01:03:37,920

modifying life on this planet and have

1811

01:03:42,230 --> 01:03:39,599

created what would be think of as homo

1812

01:03:44,950 --> 01:03:42,240

erectus um and that this you know not

1813

01:03:47,270 --> 01:03:44,960

particularly bright hominin but you know

1814

01:03:49,510 --> 01:03:47,280

it had a moderate sized brain but i

1815

01:03:51,190 --> 01:03:49,520

think about the third the size of ours

1816

01:03:52,309 --> 01:03:51,200

and so they they have a familiarity with

1817

01:03:54,150 --> 01:03:52,319

that and they decide what they will do

1818

01:03:56,069 --> 01:03:54,160

is they will modify the dna of the

1819

01:03:57,430 --> 01:03:56,079

existing hominins and sort of upgrade

1820

01:03:59,510 --> 01:03:57,440

them and for a couple of different

1821

01:04:01,029 --> 01:03:59,520

reasons one that they they feel somewhat

1822

01:04:04,549 --> 01:04:01,039

sympathetic for these because they are

1823

01:04:06,950 --> 01:04:04,559

being kept in a you know sort of sub you

1824

01:04:09,270 --> 01:04:06,960

know a sub-human manner and they are

1825

01:04:11,430 --> 01:04:09,280

utilized by this other species here for

1826

01:04:13,910 --> 01:04:11,440

especially sort of some slavery type

1827

01:04:15,829 --> 01:04:13,920

task but but they also just generally

1828

01:04:17,190 --> 01:04:15,839

they think that they can not only free

1829

01:04:19,430 --> 01:04:17,200

them but they make use of them they say

1830

01:04:21,270 --> 01:04:19,440

that they will use them to incarnate

1831

01:04:22,230 --> 01:04:21,280

into and the beings will incarnate into

1832

01:04:23,990 --> 01:04:22,240

and this will get back to what we're

1833

01:04:25,349 --> 01:04:24,000

saying earlier about the idea of sort of

1834

01:04:28,230 --> 01:04:25,359

downloading into them that there's

1835

01:04:29,589 --> 01:04:28,240

definitely shadows of that idea in there

1836

01:04:32,150 --> 01:04:29,599

and that you know that they will be used

1837

01:04:33,829 --> 01:04:32,160

to incarnate into now they don't

1838

01:04:35,510 --> 01:04:33,839

necessarily downloading into but they

1839

01:04:36,870 --> 01:04:35,520

talk about more i suppose what we'd

1840

01:04:39,109 --> 01:04:36,880

think of in terms of a directed

1841

01:04:41,029 --> 01:04:39,119

incarnation or directed reincarnation

1842

01:04:43,270 --> 01:04:41,039

it's more the flavor of it

1843

01:04:45,109 --> 01:04:43,280

um but now that could be their way of

1844

01:04:46,309 --> 01:04:45,119

saying you know downloading you know i

1845

01:04:47,829 --> 01:04:46,319

don't know but certainly that it's

1846

01:04:49,670 --> 01:04:47,839

inferred that yes it would be used as

1847

01:04:52,870 --> 01:04:49,680

kind of containers you know and then you

1848

01:04:54,309 --> 01:04:52,880

loop back around like that document that

1849

01:04:55,670 --> 01:04:54,319

you know bubbler's [h__h] and linda

1850

01:04:57,349 --> 01:04:55,680

mullen housing

1851
01:05:00,069 --> 01:04:57,359
there does seem to be some truth to that

1852
01:05:01,670 --> 01:05:00,079
idea and again that that's in there that

1853
01:05:03,029 --> 01:05:01,680
yeah they will they are dying they can't

1854
01:05:03,990 --> 01:05:03,039
live here they're not suited to the

1855
01:05:06,470 --> 01:05:04,000
planet

1856
01:05:08,470 --> 01:05:06,480
they'll always create almost like a

1857
01:05:09,589 --> 01:05:08,480
almost like a um a suit i suppose if

1858
01:05:11,829 --> 01:05:09,599
you're if you're at that level your

1859
01:05:14,150 --> 01:05:11,839
consciousness can be directed into

1860
01:05:15,750 --> 01:05:14,160
another biological container

1861
01:05:17,190 --> 01:05:15,760
then suddenly it makes a lot of sense to

1862
01:05:19,109 --> 01:05:17,200
create one that is already suited to the

1863
01:05:21,190 --> 01:05:19,119

planet so they take them they modify

1864

01:05:23,430 --> 01:05:21,200

them they upgrade them and then they

1865

01:05:25,670 --> 01:05:23,440

actually begin to you know incarnate

1866

01:05:27,510 --> 01:05:25,680

into them quite bizarre which again i

1867

01:05:29,750 --> 01:05:27,520

can't prove that that part happened but

1868

01:05:32,549 --> 01:05:29,760

it meshes with you know saying why would

1869

01:05:33,670 --> 01:05:32,559

you do this i mean that's a fairly good

1870

01:05:35,910 --> 01:05:33,680

reason you know if you're actually

1871

01:05:37,589 --> 01:05:35,920

making use of them right in some way and

1872

01:05:40,470 --> 01:05:37,599

they're used to the profoundly important

1873

01:05:43,029 --> 01:05:40,480

to your greater agenda of taking this

1874

01:05:44,390 --> 01:05:43,039

planet from the other group who you you

1875

01:05:45,349 --> 01:05:44,400

know obviously there's some hostility

1876

01:05:46,789 --> 01:05:45,359

with

1877

01:05:48,789 --> 01:05:46,799

uh so there's yeah as much as that's

1878

01:05:50,549 --> 01:05:48,799

profoundly strange and again i can't say

1879

01:05:52,789 --> 01:05:50,559

that that aspect i can prove by any

1880

01:05:54,630 --> 01:05:52,799

sense but you know certainly it meshes

1881

01:05:56,789 --> 01:05:54,640

with the idea that you would have a

1882

01:05:59,109 --> 01:05:56,799

point to doing this and that that would

1883

01:06:02,230 --> 01:05:59,119

be a point of doing it

1884

01:06:04,150 --> 01:06:02,240

wow yeah it's pretty mind-blowing

1885

01:06:05,430 --> 01:06:04,160

yeah i mean look the tibetan you know

1886

01:06:07,510 --> 01:06:05,440

about tibetan

1887

01:06:09,670 --> 01:06:07,520

buddhism and the llamas the yeah and

1888

01:06:12,230 --> 01:06:09,680

they obviously they they state that they

1889

01:06:14,549 --> 01:06:12,240

can do directed incarnations into new

1890

01:06:16,390 --> 01:06:14,559

bodies and that is usually validated by

1891

01:06:18,950 --> 01:06:16,400

sending out a group of missionaries go

1892

01:06:20,870 --> 01:06:18,960

out to the village where the high llama

1893

01:06:22,630 --> 01:06:20,880

has said he'll be reborn

1894

01:06:24,870 --> 01:06:22,640

and they will test children that have

1895

01:06:26,710 --> 01:06:24,880

been born under a particular signs you

1896

01:06:27,750 --> 01:06:26,720

know with a rainbow with a crow on the

1897

01:06:29,190 --> 01:06:27,760

roof and all this kind of you know

1898

01:06:31,109 --> 01:06:29,200

there's usually some signs have been

1899

01:06:32,789 --> 01:06:31,119

written down by the deceased llama you

1900

01:06:34,069 --> 01:06:32,799

know saying that when i'm reborn you'll

1901

01:06:35,910 --> 01:06:34,079

be in a village where you'll see a

1902

01:06:37,750 --> 01:06:35,920

rainbow you know the birds will fly in

1903

01:06:39,670 --> 01:06:37,760

from the south and blah blah and a list

1904

01:06:41,349 --> 01:06:39,680

of things you know so they'll identify

1905

01:06:43,029 --> 01:06:41,359

that then they will go to the village

1906

01:06:45,109 --> 01:06:43,039

they'll find children born on that day

1907

01:06:47,510 --> 01:06:45,119

and they'll be tested and they will

1908

01:06:49,430 --> 01:06:47,520

usually show them a selection of objects

1909

01:06:52,870 --> 01:06:49,440

you know from that deceased llama along

1910

01:06:54,150 --> 01:06:52,880

with other very similar objects uh and

1911

01:06:55,589 --> 01:06:54,160

typically speaking you know what happens

1912

01:06:57,670 --> 01:06:55,599

is obviously the child picks out the

1913

01:06:58,710 --> 01:06:57,680

correct objects also these children you

1914

01:07:00,710 --> 01:06:58,720

know sometimes you know four or

1915

01:07:02,950 --> 01:07:00,720

five-year-olds will start reciting you

1916

01:07:04,630 --> 01:07:02,960

know long buddhist texts right from

1917

01:07:05,750 --> 01:07:04,640

their minds you know just so it's quite

1918

01:07:08,069 --> 01:07:05,760

it's quite clear there's something very

1919

01:07:09,589 --> 01:07:08,079

odd you know they seem to have a memory

1920

01:07:11,190 --> 01:07:09,599

from a past life

1921

01:07:13,750 --> 01:07:11,200

and that's how they go about testing it

1922

01:07:15,750 --> 01:07:13,760

so look if human beings you know under

1923

01:07:17,990 --> 01:07:15,760

certain circumstances particularly those

1924

01:07:19,910 --> 01:07:18,000

that have spent a life in meditation and

1925

01:07:21,270 --> 01:07:19,920

you know advanced spiritual practices if

1926

01:07:23,510 --> 01:07:21,280

they are able to control where their

1927

01:07:25,430 --> 01:07:23,520

consciousness goes in their next life

1928

01:07:26,950 --> 01:07:25,440

there's no particular reason why we

1929

01:07:29,510 --> 01:07:26,960

shouldn't think that these

1930

01:07:30,789 --> 01:07:29,520

highly advanced extraterrestrial races

1931

01:07:32,309 --> 01:07:30,799

wouldn't be able to do something

1932

01:07:34,069 --> 01:07:32,319

comparable and that's definitely what

1933

01:07:35,750 --> 01:07:34,079

they're suggesting they can do is

1934

01:07:38,069 --> 01:07:35,760

something that we already have people on

1935

01:07:39,670 --> 01:07:38,079

this planet who seem to fail to do right

1936

01:07:42,309 --> 01:07:39,680

so this isn't completely without

1937

01:07:43,910 --> 01:07:42,319

evidence because we know you can look at

1938

01:07:47,349 --> 01:07:43,920

human beings and everyone knows the work

1939

01:07:50,470 --> 01:07:47,359

of dr ian stevenson um and he's profound

1940

01:07:52,710 --> 01:07:50,480

i'd say proof really of reincarnation um

1941

01:07:53,829 --> 01:07:52,720

there's huge volumes of work that he did

1942

01:07:58,309 --> 01:07:53,839

you know

1943

01:08:00,789 --> 01:07:58,319

lives and with birth marks on them from

1944

01:08:02,549 --> 01:08:00,799

injuries in past lives and you know you

1945

01:08:04,230 --> 01:08:02,559

really went to extraordinary lengths in

1946

01:08:05,349 --> 01:08:04,240

fact one of the the few cases of

1947

01:08:07,990 --> 01:08:05,359

something

1948

01:08:09,510 --> 01:08:08,000

fringe if you like or or anomalous where

1949

01:08:10,549 --> 01:08:09,520

we had him be like carl sagan saying you

1950

01:08:12,710 --> 01:08:10,559

know it's one of the i think one of the

1951

01:08:15,029 --> 01:08:12,720

three cases of strange phenomena where

1952

01:08:17,269 --> 01:08:15,039

it deserves you know more serious

1953

01:08:19,590 --> 01:08:17,279

research right and you know for someone

1954

01:08:21,910 --> 01:08:19,600

like that to say that you know you did

1955

01:08:24,789 --> 01:08:21,920

it means he looked at it and realized

1956

01:08:25,829 --> 01:08:24,799

that the the science was solid you know

1957

01:08:27,030 --> 01:08:25,839

he's not going to come out and say i

1958

01:08:28,390 --> 01:08:27,040

believe you know reincarnated but you

1959

01:08:30,470 --> 01:08:28,400

know he was willing to go as far as

1960

01:08:32,630 --> 01:08:30,480

saying you know look looking at his work

1961

01:08:33,990 --> 01:08:32,640

you can't just poo poo it yeah i'm sure

1962

01:08:36,149 --> 01:08:34,000

i've read a few books that had some

1963

01:08:39,110 --> 01:08:36,159

really compelling evidence

1964

01:08:41,269 --> 01:08:39,120

of reincarnation's is close to you know

1965

01:08:43,349 --> 01:08:41,279

if he had been in any other subject the

1966

01:08:45,349 --> 01:08:43,359

set reincarnation you know if he'd been

1967

01:08:47,669 --> 01:08:45,359

the level of work he put into it the

1968

01:08:49,669 --> 01:08:47,679

amount of evidence you know anyone would

1969

01:08:51,990 --> 01:08:49,679

have said oh you know case closed it's

1970

01:08:53,990 --> 01:08:52,000

proven but because it's a controversial

1971

01:08:55,829 --> 01:08:54,000

area to overlaps with you know

1972

01:08:57,910 --> 01:08:55,839

supernatural thinking and religious

1973

01:08:59,829 --> 01:08:57,920

thinking you know it's of course it's

1974

01:09:01,590 --> 01:08:59,839

considered too fringe to be accepted but

1975

01:09:03,590 --> 01:09:01,600

it's worked solid i mean it was solid

1976

01:09:06,630 --> 01:09:03,600

yeah especially because i think

1977

01:09:07,990 --> 01:09:06,640

uh all the abrahamic religions you know

1978

01:09:11,510 --> 01:09:08,000

uh

1979

01:09:13,510 --> 01:09:11,520

islam and and judaism and christianity

1980

01:09:15,189 --> 01:09:13,520

all don't believe that reincarnation is

1981

01:09:17,829 --> 01:09:15,199

real so you've got to go against the

1982

01:09:19,030 --> 01:09:17,839

three major religions in the world

1983

01:09:21,349 --> 01:09:19,040

that's right yeah you've got that as

1984

01:09:22,870 --> 01:09:21,359

well so you've got both the the most of

1985

01:09:24,550 --> 01:09:22,880

academia and

1986

01:09:26,070 --> 01:09:24,560

loads and billions of religious people

1987

01:09:28,309 --> 01:09:26,080

who would not like that to be proven

1988

01:09:31,110 --> 01:09:28,319

true so there's obviously his work is

1989

01:09:32,550 --> 01:09:31,120

largely ignored now um but that really

1990

01:09:34,309 --> 01:09:32,560

it adds into the context of that you

1991

01:09:36,630 --> 01:09:34,319

know we have the science that suggests

1992

01:09:37,910 --> 01:09:36,640

that there are beings and people that

1993

01:09:39,269 --> 01:09:37,920

can do this and this is what they're

1994

01:09:41,749 --> 01:09:39,279

telling us they're saying that you know

1995

01:09:43,110 --> 01:09:41,759

essentially they made spacesuits for

1996

01:09:45,430 --> 01:09:43,120

themselves you know

1997

01:09:47,430 --> 01:09:45,440

in a really weird again you have to

1998

01:09:49,269 --> 01:09:47,440

think alien level thinking not human

1999

01:09:51,189 --> 01:09:49,279

level thinking where to us we'd like

2000

01:09:53,110 --> 01:09:51,199

well why would you want to do that well

2001
01:09:54,470 --> 01:09:53,120
you know because we can just beam into

2002
01:09:56,310 --> 01:09:54,480
those bots you know we can go into those

2003
01:09:58,070 --> 01:09:56,320
bodies i mean again when you start

2004
01:09:59,830 --> 01:09:58,080
thinking in terms of you have to think

2005
01:10:01,910 --> 01:09:59,840
alien thinking you know stuff that to us

2006
01:10:04,390 --> 01:10:01,920
is alien and now that is alien the idea

2007
01:10:06,149 --> 01:10:04,400
that you could just modify a body and

2008
01:10:07,669 --> 01:10:06,159
then choose to incarnate into it you

2009
01:10:09,270 --> 01:10:07,679
know to the average person he's totally

2010
01:10:11,110 --> 01:10:09,280
alien well

2011
01:10:14,390 --> 01:10:11,120
it should sound alien if it's aliens

2012
01:10:16,550 --> 01:10:14,400
right um we shouldn't be just beings

2013
01:10:18,149 --> 01:10:16,560

thinking like us just collecting gold

2014

01:10:20,310 --> 01:10:18,159

and you know they've come to get gold to

2015

01:10:22,149 --> 01:10:20,320

build their palace or you know that's

2016

01:10:23,590 --> 01:10:22,159

what we do or stacking stones for

2017

01:10:25,669 --> 01:10:23,600

pyramids you know the aliens build a

2018

01:10:27,030 --> 01:10:25,679

pyramid no no these are these are human

2019

01:10:28,950 --> 01:10:27,040

things you know we have to be careful

2020

01:10:31,110 --> 01:10:28,960

not trying to mesh

2021

01:10:32,790 --> 01:10:31,120

aliens and humans together right yeah

2022

01:10:34,790 --> 01:10:32,800

that's one problem with the whole

2023

01:10:36,950 --> 01:10:34,800

ancient aliens theories that i always

2024

01:10:39,110 --> 01:10:36,960

have a problem with is that they sell

2025

01:10:41,750 --> 01:10:39,120

short the ingenuity

2026

01:10:43,350 --> 01:10:41,760

the resourcefulness of man every time

2027

01:10:45,110 --> 01:10:43,360

like well those pyramids we couldn't

2028

01:10:47,270 --> 01:10:45,120

have done that we had it had to be

2029

01:10:48,870 --> 01:10:47,280

aliens helping us you know or all these

2030

01:10:50,310 --> 01:10:48,880

different things where they they

2031

01:10:52,470 --> 01:10:50,320

shortchange

2032

01:10:53,750 --> 01:10:52,480

us as a species and say that we're too

2033

01:10:55,350 --> 01:10:53,760

you know we're just dumb monkeys we

2034

01:10:57,750 --> 01:10:55,360

couldn't have figured that out so the

2035

01:10:59,030 --> 01:10:57,760

aliens had to show us that

2036

01:11:03,030 --> 01:10:59,040

it's a stretch

2037

01:11:05,110 --> 01:11:03,040

you can fly across the coast mass in you

2038

01:11:07,110 --> 01:11:05,120

know bend time space

2039

01:11:08,870 --> 01:11:07,120

can't you shoot down nanobots that would

2040

01:11:10,630 --> 01:11:08,880

build you know some metamaterial

2041

01:11:11,990 --> 01:11:10,640

geodesic domes who to live in that are

2042

01:11:13,510 --> 01:11:12,000

like airtight that you can have your

2043

01:11:17,669 --> 01:11:13,520

atmosphere in and stuff you know like

2044

01:11:21,189 --> 01:11:20,070

was very low attack yeah it's pretty low

2045

01:11:23,669 --> 01:11:21,199

tech you know like it's not even

2046

01:11:24,950 --> 01:11:23,679

airtight for you i mean it's useless

2047

01:11:26,950 --> 01:11:24,960

assuming you cannot breathe our

2048

01:11:29,590 --> 01:11:26,960

atmosphere which is the most likely it's

2049

01:11:30,790 --> 01:11:29,600

certainly unlikely to be perfect for you

2050

01:11:32,390 --> 01:11:30,800

right why aren't you going to want

2051
01:11:33,350 --> 01:11:32,400
something that's fairly light enclosed

2052
01:11:35,350 --> 01:11:33,360
you know

2053
01:11:36,229 --> 01:11:35,360
not just with cracks in it everywhere i

2054
01:11:38,950 --> 01:11:36,239
mean it's

2055
01:11:41,110 --> 01:11:38,960
it it bakes belief and yet you know

2056
01:11:42,149 --> 01:11:41,120
people accept it and i i understand

2057
01:11:43,270 --> 01:11:42,159
because you see things that are quite

2058
01:11:44,790 --> 01:11:43,280
extraordinary so you think it's so

2059
01:11:46,390 --> 01:11:44,800
extraordinary maybe it does involve

2060
01:11:48,229 --> 01:11:46,400
aliens but when you really think about

2061
01:11:49,990 --> 01:11:48,239
you know what technology would we take

2062
01:11:51,669 --> 01:11:50,000
to an alien planet would we get there

2063
01:11:54,310 --> 01:11:51,679

start stacking up rocks and try and live

2064

01:11:55,510 --> 01:11:54,320

inside like you know a rocky structure i

2065

01:11:57,030 --> 01:11:55,520

mean it doesn't make sense we would get

2066

01:11:58,790 --> 01:11:57,040

there and we'd create a completely

2067

01:11:59,590 --> 01:11:58,800

airtight geodesic dome or something

2068

01:12:01,189 --> 01:11:59,600

right

2069

01:12:02,709 --> 01:12:01,199

uh the best materials we can get you

2070

01:12:04,950 --> 01:12:02,719

know whether there's plastics or metals

2071

01:12:07,110 --> 01:12:04,960

or whatever we're not gonna go to mars

2072

01:12:08,870 --> 01:12:07,120

and build a rock shelter i think we all

2073

01:12:10,709 --> 01:12:08,880

got that haven't we i mean it's

2074

01:12:13,510 --> 01:12:10,719

so why do we think that an even more

2075

01:12:15,669 --> 01:12:13,520

advanced alien race would do that

2076

01:12:18,070 --> 01:12:15,679

yeah this never made any sense to me and

2077

01:12:19,830 --> 01:12:18,080

actually this you know like i kind of

2078

01:12:21,510 --> 01:12:19,840

you know of course i watched this

2079

01:12:23,430 --> 01:12:21,520

ancient aliens i kind of thought when it

2080

01:12:25,110 --> 01:12:23,440

first started that it was better you

2081

01:12:27,430 --> 01:12:25,120

know it was doing pretty good and then

2082

01:12:30,390 --> 01:12:27,440

they just needed more content so they

2083

01:12:32,709 --> 01:12:30,400

got into this all this nonsense einstein

2084

01:12:34,390 --> 01:12:32,719

and ancient what does einstein have to

2085

01:12:36,630 --> 01:12:34,400

do with ancient aliens you know like

2086

01:12:39,350 --> 01:12:36,640

they just the wild west in ancient eel

2087

01:12:42,070 --> 01:12:39,360

it just became an entertainment form and

2088

01:12:44,390 --> 01:12:42,080

there was no incredible information in

2089

01:12:45,270 --> 01:12:44,400

that show

2090

01:12:47,750 --> 01:12:45,280

well i don't i don't want to say too

2091

01:12:51,270 --> 01:12:47,760

much enough so i i i feature in season

2092

01:12:53,510 --> 01:12:51,280

14 i hope that i had some

2093

01:12:55,510 --> 01:12:53,520

sensible content but no look i'm not

2094

01:12:57,110 --> 01:12:55,520

it's not my show so like i criticize

2095

01:12:58,149 --> 01:12:57,120

episodes of the show as well so but i

2096

01:13:00,070 --> 01:12:58,159

will say that yeah i'm in a couple

2097

01:13:01,910 --> 01:13:00,080

episodes so i mean hopefully at least

2098

01:13:03,990 --> 01:13:01,920

the bits that i well maybe i'll get

2099

01:13:05,270 --> 01:13:04,000

better now that you're on there well

2100

01:13:07,030 --> 01:13:05,280

they've tried to look they've said they

2101
01:13:07,990 --> 01:13:07,040
want to bring in more people new people

2102
01:13:09,750 --> 01:13:08,000
and to

2103
01:13:11,910 --> 01:13:09,760
i guess they understand that you know

2104
01:13:14,390 --> 01:13:11,920
it's a lot of the same it got to a point

2105
01:13:16,790 --> 01:13:14,400
so they obviously are trying to

2106
01:13:18,070 --> 01:13:16,800
bring in new ideas and new people so

2107
01:13:19,910 --> 01:13:18,080
that's something they've said to me

2108
01:13:21,669 --> 01:13:19,920
they're kind of that they are looking to

2109
01:13:22,870 --> 01:13:21,679
bring in new people like i think they

2110
01:13:24,550 --> 01:13:22,880
kind of understand that you know you

2111
01:13:26,229 --> 01:13:24,560
can't just

2112
01:13:27,189 --> 01:13:26,239
go around the same

2113
01:13:28,390 --> 01:13:27,199

you know and again again we should

2114

01:13:30,790 --> 01:13:28,400

obviously as you know some of the

2115

01:13:32,229 --> 01:13:30,800

episodes were just it was like repeats

2116

01:13:33,910 --> 01:13:32,239

like repeating stuff with the same

2117

01:13:35,990 --> 01:13:33,920

people almost at the same places the

2118

01:13:37,189 --> 01:13:36,000

same ideas yeah absolutely

2119

01:13:38,950 --> 01:13:37,199

so obviously i think they are trying to

2120

01:13:40,070 --> 01:13:38,960

change that but then again i'm not you

2121

01:13:41,430 --> 01:13:40,080

know i'm not

2122

01:13:42,550 --> 01:13:41,440

employed by them or something something

2123

01:13:43,590 --> 01:13:42,560

i obviously i don't need to protect the

2124

01:13:45,030 --> 01:13:43,600

show but i will say that you know just

2125

01:13:47,030 --> 01:13:45,040

the full disclosure that you know i mean

2126

01:13:50,310 --> 01:13:47,040

a couple of episodes

2127

01:13:52,149 --> 01:13:50,320

well i appreciate your politician nature

2128

01:13:53,669 --> 01:13:52,159

yes yeah look you know i'm not going to

2129

01:13:55,110 --> 01:13:53,679

say that you know people shouldn't chris

2130

01:13:57,430 --> 01:13:55,120

obviously i've over the years i've

2131

01:13:59,830 --> 01:13:57,440

criticized the show in fact all cable

2132

01:14:01,110 --> 01:13:59,840

shows to do with ufos aliens and i think

2133

01:14:02,870 --> 01:14:01,120

you know if we're honest you know all of

2134

01:14:04,390 --> 01:14:02,880

them bigfoot shows that there's always

2135

01:14:06,390 --> 01:14:04,400

plenty that can be criticized in it

2136

01:14:08,229 --> 01:14:06,400

because it's appealing to one of the

2137

01:14:10,470 --> 01:14:08,239

things they have to do is to appeal to a

2138

01:14:12,550 --> 01:14:10,480

wide segment of people now if you were

2139

01:14:15,110 --> 01:14:12,560

trying to focus just on the i guess the

2140

01:14:16,470 --> 01:14:15,120

very analytical um skeptical people then

2141

01:14:18,229 --> 01:14:16,480

you do all of these shows very

2142

01:14:19,189 --> 01:14:18,239

differently wouldn't you i mean yeah

2143

01:14:21,350 --> 01:14:19,199

absolutely

2144

01:14:22,870 --> 01:14:21,360

that's a fact i mean obviously it's not

2145

01:14:24,630 --> 01:14:22,880

they're not generally speaking the shows

2146

01:14:27,110 --> 01:14:24,640

are not really

2147

01:14:29,030 --> 01:14:27,120

going to great lengths to supply solid

2148

01:14:31,350 --> 01:14:29,040

evidence it's more of a you know who

2149

01:14:33,430 --> 01:14:31,360

knows you know it could be this maybe

2150

01:14:35,189 --> 01:14:33,440

you know yeah absolutely

2151

01:14:37,510 --> 01:14:35,199

with cable tv shows on these kind of

2152

01:14:38,470 --> 01:14:37,520

like you know high strangers topics in

2153

01:14:39,430 --> 01:14:38,480

it really

2154

01:14:41,430 --> 01:14:39,440

um

2155

01:14:42,709 --> 01:14:41,440

but i mean yeah i personally i'd love to

2156

01:14:44,390 --> 01:14:42,719

do a show with my work because you know

2157

01:14:46,229 --> 01:14:44,400

i would like to try to bring

2158

01:14:47,830 --> 01:14:46,239

that kind of standard but i'm aware you

2159

01:14:49,430 --> 01:14:47,840

don't want to leave everyone behind so

2160

01:14:51,110 --> 01:14:49,440

it's a difficult balance because you

2161

01:14:52,790 --> 01:14:51,120

want you want to be inclusive you want

2162

01:14:54,229 --> 01:14:52,800

to allow people to have access to

2163

01:14:56,149 --> 01:14:54,239

information but sometimes the

2164

01:14:58,630 --> 01:14:56,159

information is complex and it does

2165

01:15:01,189 --> 01:14:58,640

require like deep thinking or you know

2166

01:15:03,110 --> 01:15:01,199

some scientific you know awareness

2167

01:15:05,830 --> 01:15:03,120

um and again you know i've tried that in

2168

01:15:07,910 --> 01:15:05,840

my book i recognize it it's difficult

2169

01:15:09,669 --> 01:15:07,920

you don't be too dry

2170

01:15:11,910 --> 01:15:09,679

but at the same time

2171

01:15:13,110 --> 01:15:11,920

to believe extraordinary things you do

2172

01:15:14,950 --> 01:15:13,120

need you know quite a bit of

2173

01:15:16,790 --> 01:15:14,960

extraordinary evidence you know i'm not

2174

01:15:18,790 --> 01:15:16,800

saying it should be to

2175

01:15:20,149 --> 01:15:18,800

necessarily a stronger standard than any

2176
01:15:22,310 --> 01:15:20,159
other branch of science you know that

2177
01:15:23,750 --> 01:15:22,320
all discoveries require you know a good

2178
01:15:25,990 --> 01:15:23,760
level of evidence right to say that

2179
01:15:28,790 --> 01:15:26,000
they're valid well i did i did hear you

2180
01:15:30,950 --> 01:15:28,800
mention uh yeah some channeling and

2181
01:15:33,430 --> 01:15:30,960
things like that and honestly when it

2182
01:15:36,550 --> 01:15:33,440
comes to channeling i don't i just kind

2183
01:15:38,390 --> 01:15:36,560
of turn off but you seem to at least be

2184
01:15:40,310 --> 01:15:38,400
willing to accept the possibility that

2185
01:15:43,030 --> 01:15:40,320
some of the channeling is accurate

2186
01:15:44,149 --> 01:15:43,040
information well just clarify a little

2187
01:15:45,590 --> 01:15:44,159
bit as well

2188
01:15:46,709 --> 01:15:45,600

do you see this as being a bit different

2189

01:15:48,070 --> 01:15:46,719

to just what we call a straight

2190

01:15:49,990 --> 01:15:48,080

channeling you know someone's sitting in

2191

01:15:52,390 --> 01:15:50,000

um you know sitting in their meditation

2192

01:15:55,430 --> 01:15:52,400

pose and they get a contact from a being

2193

01:15:57,669 --> 01:15:55,440

i mean in this case what it was was

2194

01:15:59,669 --> 01:15:57,679

the lady who wrote the book valerie she

2195

01:16:01,669 --> 01:15:59,679

actually had an artifact brought to her

2196

01:16:03,750 --> 01:16:01,679

home which is called a charinga which is

2197

01:16:05,110 --> 01:16:03,760

a sacred aboriginal artifact

2198

01:16:06,390 --> 01:16:05,120

now

2199

01:16:07,830 --> 01:16:06,400

she was looking after this for a short

2200

01:16:09,030 --> 01:16:07,840

while for the person who was very unwell

2201

01:16:11,430 --> 01:16:09,040

who said they were trying to return it

2202

01:16:14,870 --> 01:16:11,440

to the aboriginal people of um the

2203

01:16:15,990 --> 01:16:14,880

the area around um

2204

01:16:18,470 --> 01:16:16,000

interesting reason they're called now

2205

01:16:20,149 --> 01:16:18,480

this basically the oriente people of the

2206

01:16:23,030 --> 01:16:20,159

central north that they have these

2207

01:16:25,030 --> 01:16:23,040

objects and in their own mythology these

2208

01:16:27,510 --> 01:16:25,040

charingas are

2209

01:16:29,030 --> 01:16:27,520

left by the altringa beings the outdoor

2210

01:16:31,030 --> 01:16:29,040

beings are the beings of the dream time

2211

01:16:33,110 --> 01:16:31,040

they say the time before time or the

2212

01:16:34,870 --> 01:16:33,120

time when the ancestors were created and

2213

01:16:36,630 --> 01:16:34,880

that they left some of these charingas

2214

01:16:38,470 --> 01:16:36,640

and they said they have a consciousness

2215

01:16:40,149 --> 01:16:38,480

in them and that they can communicate

2216

01:16:42,310 --> 01:16:40,159

and they consider the most sacred of

2217

01:16:44,229 --> 01:16:42,320

artifacts for these people now if you

2218

01:16:45,910 --> 01:16:44,239

plan to okay spiritual context and think

2219

01:16:47,669 --> 01:16:45,920

of you know spirit beings and sacred

2220

01:16:49,110 --> 01:16:47,679

artifacts but you know

2221

01:16:50,390 --> 01:16:49,120

easily think you can easily dismiss that

2222

01:16:52,550 --> 01:16:50,400

thing you know okay

2223

01:16:54,790 --> 01:16:52,560

nice sort of cool story bro type thing

2224

01:16:56,310 --> 01:16:54,800

but the thing is if you actually if you

2225

01:16:57,910 --> 01:16:56,320

think another way but she looked she had

2226

01:17:00,229 --> 01:16:57,920

in the house she started having voice to

2227

01:17:01,750 --> 01:17:00,239

skull communication it said that it

2228

01:17:03,189 --> 01:17:01,760

contained the consciousness of an

2229

01:17:04,870 --> 01:17:03,199

extraterrestrial being that there was

2230

01:17:06,550 --> 01:17:04,880

this whole lost history of the planet

2231

01:17:09,030 --> 01:17:06,560

starts telling her all these events of

2232

01:17:11,189 --> 01:17:09,040

this craft coming the creation of humans

2233

01:17:12,390 --> 01:17:11,199

uh an asteroid bombardment of the planet

2234

01:17:14,310 --> 01:17:12,400

you know like loads of loads of

2235

01:17:15,430 --> 01:17:14,320

information being sort of you know given

2236

01:17:16,709 --> 01:17:15,440

to her

2237

01:17:18,630 --> 01:17:16,719

so it wasn't just like you know totally

2238

01:17:20,870 --> 01:17:18,640

out of ifa you know it followed this

2239

01:17:23,590 --> 01:17:20,880

object coming to her house now what is

2240

01:17:25,750 --> 01:17:23,600

this object in my view i think we would

2241

01:17:26,709 --> 01:17:25,760

see it today as what's called a

2242

01:17:30,310 --> 01:17:26,719

a um

2243

01:17:33,030 --> 01:17:30,320

a bracewell probe right now bracewell

2244

01:17:34,229 --> 01:17:33,040

was a scientist who theorized that an

2245

01:17:36,630 --> 01:17:34,239

alien race

2246

01:17:38,229 --> 01:17:36,640

or us you know could create ai probes

2247

01:17:39,430 --> 01:17:38,239

that you would send out to monitor

2248

01:17:41,189 --> 01:17:39,440

worlds you know you could send these

2249

01:17:43,030 --> 01:17:41,199

things out every round they would park

2250

01:17:45,270 --> 01:17:43,040

themselves perhaps in orbit or land on a

2251

01:17:47,669 --> 01:17:45,280

planet's surface and they could monitor

2252

01:17:49,990 --> 01:17:47,679

events they could also you know upon the

2253

01:17:52,149 --> 01:17:50,000

detection of of certainly electrical

2254

01:17:54,149 --> 01:17:52,159

signals that would signify you know the

2255

01:17:56,149 --> 01:17:54,159

rising of a civilization that they could

2256

01:17:57,990 --> 01:17:56,159

actually make contact and that these

2257

01:18:00,149 --> 01:17:58,000

would be a way of a civilization

2258

01:18:01,590 --> 01:18:00,159

distributing itself you know almost

2259

01:18:03,750 --> 01:18:01,600

immortally

2260

01:18:06,390 --> 01:18:03,760

across many worlds monitoring and

2261

01:18:08,070 --> 01:18:06,400

eventually making contact now

2262

01:18:09,590 --> 01:18:08,080

that's kind of funny because that meshes

2263

01:18:11,830 --> 01:18:09,600

very well what we're doing here we've

2264

01:18:13,110 --> 01:18:11,840

got this this strange small artifact

2265

01:18:15,189 --> 01:18:13,120

which they say has been left by the

2266

01:18:17,110 --> 01:18:15,199

beings from the creation time which

2267

01:18:19,110 --> 01:18:17,120

contains a consciousness and which you

2268

01:18:20,709 --> 01:18:19,120

know makes contact tells them stuff and

2269

01:18:22,630 --> 01:18:20,719

it comes into this lady's house makes

2270

01:18:24,709 --> 01:18:22,640

contact tells all this stuff about the

2271

01:18:26,390 --> 01:18:24,719

past that it's monitored and shares that

2272

01:18:28,390 --> 01:18:26,400

now that's actually something that was

2273

01:18:30,149 --> 01:18:28,400

being theorized by leading scientists as

2274

01:18:32,229 --> 01:18:30,159

one of the ways we might make contact

2275

01:18:34,550 --> 01:18:32,239

with an extraterrestrial civilization so

2276

01:18:36,870 --> 01:18:34,560

now if you put in that context it's

2277

01:18:38,310 --> 01:18:36,880

actually not not that weird you know

2278

01:18:40,630 --> 01:18:38,320

okay it's

2279

01:18:42,550 --> 01:18:40,640

amazing but it's not super weird it's

2280

01:18:44,390 --> 01:18:42,560

actually what we expect in fact there's

2281

01:18:45,510 --> 01:18:44,400

a number of recent and papers that have

2282

01:18:47,669 --> 01:18:45,520

come out saying that they suspect

2283

01:18:50,070 --> 01:18:47,679

bracelet probes might be you know on

2284

01:18:52,470 --> 01:18:50,080

asteroids you know near to us watching

2285

01:18:53,990 --> 01:18:52,480

us uh and indeed i think back in the 60s

2286

01:18:56,229 --> 01:18:54,000

there was this you know the the idea

2287

01:18:57,669 --> 01:18:56,239

that was this um probe going around the

2288

01:18:59,750 --> 01:18:57,679

planet which was the black knight

2289

01:19:01,030 --> 01:18:59,760

satellite which was a very similar idea

2290

01:19:03,510 --> 01:19:01,040

that they think that there was a

2291

01:19:05,910 --> 01:19:03,520

detection of what seemed to be a polar

2292

01:19:07,910 --> 01:19:05,920

orbiting satellite and they'd theorized

2293

01:19:09,910 --> 01:19:07,920

it could have been an alien probe

2294

01:19:12,310 --> 01:19:09,920

monitoring because before we had you

2295

01:19:13,669 --> 01:19:12,320

know our satellites up um that there was

2296

01:19:15,189 --> 01:19:13,679

one of these things monitors so there

2297

01:19:17,189 --> 01:19:15,199

may be you know there may be many of

2298

01:19:19,590 --> 01:19:17,199

these brazen probes you know on

2299

01:19:21,030 --> 01:19:19,600

asteroids near us on the planet orbiting

2300

01:19:22,390 --> 01:19:21,040

you know all the rest of it and they're

2301

01:19:24,550 --> 01:19:22,400

not far-fetched they're actually

2302

01:19:26,070 --> 01:19:24,560

expected right so if there's advanced

2303

01:19:27,990 --> 01:19:26,080

civilizations out there we expect them

2304

01:19:29,510 --> 01:19:28,000

to send out you know their own seti

2305

01:19:31,430 --> 01:19:29,520

initiatives looking for other

2306

01:19:32,830 --> 01:19:31,440

civilizations and one of the best ways

2307

01:19:35,669 --> 01:19:32,840

to do that is to send sort of

2308

01:19:36,709 --> 01:19:35,679

quasi-immortal um bracewell probes which

2309

01:19:39,030 --> 01:19:36,719

you have this thing called just from

2310

01:19:40,709 --> 01:19:39,040

newman self-repair and ai so you could

2311

01:19:42,550 --> 01:19:40,719

have like a self-aware ai with this

2312

01:19:43,990 --> 01:19:42,560

volume and self-repair and that these

2313

01:19:45,830 --> 01:19:44,000

things could even self-replicate you

2314

01:19:47,990 --> 01:19:45,840

know if they land on an asteroid you

2315

01:19:49,669 --> 01:19:48,000

know and using nano technology you know

2316

01:19:51,270 --> 01:19:49,679

they take the minerals they need and

2317

01:19:52,550 --> 01:19:51,280

make copies and then by that way they

2318

01:19:54,630 --> 01:19:52,560

distribute themselves further further

2319

01:19:56,149 --> 01:19:54,640

into space only so so again these are

2320

01:19:57,669 --> 01:19:56,159

areas of science that people just are

2321

01:20:00,070 --> 01:19:57,679

not very familiar with

2322

01:20:03,030 --> 01:20:00,080

oh no i've definitely heard of this uh

2323

01:20:05,510 --> 01:20:03,040

of this probe theory and yeah it's very

2324

01:20:07,750 --> 01:20:05,520

plausible way to go about exploring the

2325

01:20:09,510 --> 01:20:07,760

universe because yeah you just send out

2326
01:20:11,910 --> 01:20:09,520
all these probes they can self-replicate

2327
01:20:13,350 --> 01:20:11,920
make copies i'll send you know i'll stop

2328
01:20:14,870 --> 01:20:13,360
at this asteroid and make three copies

2329
01:20:17,189 --> 01:20:14,880
of myself and send it in two different

2330
01:20:19,430 --> 01:20:17,199
directions while i continue forward it's

2331
01:20:21,110 --> 01:20:19,440
a great great way to do it actually

2332
01:20:23,990 --> 01:20:21,120
absolutely and if you think about it now

2333
01:20:25,830 --> 01:20:24,000
if um if you had one of these probes and

2334
01:20:27,750 --> 01:20:25,840
it was left on the planet

2335
01:20:30,950 --> 01:20:27,760
and you had you know it came into the

2336
01:20:32,870 --> 01:20:30,960
custody of the aboriginal people then

2337
01:20:34,550 --> 01:20:32,880
what would they make of it

2338
01:20:37,270 --> 01:20:34,560

probably precisely what we have in this

2339

01:20:39,270 --> 01:20:37,280

mythology right that there's this sacred

2340

01:20:40,870 --> 01:20:39,280

artifact which is so sacred you're not

2341

01:20:43,669 --> 01:20:40,880

even supposed to like you know only the

2342

01:20:45,110 --> 01:20:43,679

the highest elders the most initiated

2343

01:20:46,790 --> 01:20:45,120

shamanic practitioners are even allowed

2344

01:20:48,790 --> 01:20:46,800

to look at the thing right and it only

2345

01:20:51,030 --> 01:20:48,800

comes out in ceremonial times and it's

2346

01:20:52,950 --> 01:20:51,040

considered to be you know living with a

2347

01:20:55,910 --> 01:20:52,960

kind of a consciousness in it now that

2348

01:20:57,669 --> 01:20:55,920

is absolutely right mesh is what you'd

2349

01:20:59,510 --> 01:20:57,679

respect you know pretty much i'd say if

2350

01:21:01,030 --> 01:20:59,520

you were to imagine that in ancient

2351
01:21:02,870 --> 01:21:01,040
times a culture found one of these

2352
01:21:04,629 --> 01:21:02,880
things isn't that what you'd expect

2353
01:21:06,550 --> 01:21:04,639
their mythology to say about it it's

2354
01:21:08,310 --> 01:21:06,560
like they're super this is super amazing

2355
01:21:09,910 --> 01:21:08,320
artifact that we have which is so super

2356
01:21:11,990 --> 01:21:09,920
sacred because it's alive and it can

2357
01:21:14,470 --> 01:21:12,000
talk to us right that's actually the

2358
01:21:16,470 --> 01:21:14,480
exact definition of what we'd expect

2359
01:21:18,149 --> 01:21:16,480
to hear from an ancient culture that

2360
01:21:20,149 --> 01:21:18,159
found one of these and that's precisely

2361
01:21:22,070 --> 01:21:20,159
what happens and the artifact that came

2362
01:21:24,070 --> 01:21:22,080
contact value actually amongst the

2363
01:21:25,350 --> 01:21:24,080

communications he gave he said look i'm

2364

01:21:27,350 --> 01:21:25,360

able to because you know he says i'm

2365

01:21:28,950 --> 01:21:27,360

able to like hack into people's brains i

2366

01:21:31,510 --> 01:21:28,960

get them to take me to where i want to

2367

01:21:33,910 --> 01:21:31,520

go like you know i've made someone bring

2368

01:21:34,870 --> 01:21:33,920

it to you to get this information going

2369

01:21:36,390 --> 01:21:34,880

out

2370

01:21:37,830 --> 01:21:36,400

now weirdly enough obviously through the

2371

01:21:38,629 --> 01:21:37,840

various connections he's ended up with

2372

01:21:43,350 --> 01:21:38,639

me

2373

01:21:46,310 --> 01:21:43,360

who is able to check the research now is

2374

01:21:48,669 --> 01:21:46,320

that not in some respects the

2375

01:21:50,950 --> 01:21:48,679

strange i guess semi-all-knowing or

2376

01:21:52,470 --> 01:21:50,960

precognitabilities of a much higher

2377

01:21:55,110 --> 01:21:52,480

intelligence is seeing things on a much

2378

01:21:57,030 --> 01:21:55,120

broader connected web of that we know if

2379

01:21:59,030 --> 01:21:57,040

we send it there it's going to come out

2380

01:22:01,430 --> 01:21:59,040

later through such and such a connection

2381

01:22:03,430 --> 01:22:01,440

right so i would suggest that this is a

2382

01:22:06,229 --> 01:22:03,440

you know there's a greater web of

2383

01:22:07,669 --> 01:22:06,239

weirdness that this intelligence has and

2384

01:22:09,669 --> 01:22:07,679

all of this has been set up that he

2385

01:22:11,669 --> 01:22:09,679

wants the information to come out

2386

01:22:14,790 --> 01:22:11,679

at this time that although this probe

2387

01:22:17,510 --> 01:22:14,800

has been here for an eon that now is the

2388

01:22:19,430 --> 01:22:17,520

time it's made contact fully and wants

2389

01:22:21,830 --> 01:22:19,440

the information to come out now i was

2390

01:22:23,750 --> 01:22:21,840

able to take the information that was

2391

01:22:27,110 --> 01:22:23,760

you know in valerie's book she published

2392

01:22:28,950 --> 01:22:27,120

as i say back in 2002 or three

2393

01:22:30,629 --> 01:22:28,960

um and there was three key events you

2394

01:22:34,470 --> 01:22:30,639

know and that was the first one was the

2395

01:22:37,030 --> 01:22:34,480

description of a of a huge ai ship

2396

01:22:38,229 --> 01:22:37,040

arriving here a silica ai ship and again

2397

01:22:40,470 --> 01:22:38,239

you know that circles back to what we

2398

01:22:42,070 --> 01:22:40,480

discussed earlier about the expectation

2399

01:22:44,629 --> 01:22:42,080

in the edge cutting edge of physics that

2400

01:22:47,350 --> 01:22:44,639

advanced aliens will be able to have you

2401

01:22:48,229 --> 01:22:47,360

know living silica ai

2402

01:22:52,310 --> 01:22:48,239

you know

2403

01:22:54,390 --> 01:22:52,320

silica networks now so that's actually

2404

01:22:56,310 --> 01:22:54,400

to be expected so people think oh you

2405

01:22:58,629 --> 01:22:56,320

know a crystal ship

2406

01:23:00,550 --> 01:22:58,639

but not really actually the the right on

2407

01:23:01,830 --> 01:23:00,560

the car yes they're saying they expect

2408

01:23:03,430 --> 01:23:01,840

aliens to be

2409

01:23:05,669 --> 01:23:03,440

you know consciousness uploaded into

2410

01:23:07,510 --> 01:23:05,679

silica now it turns out that this this

2411

01:23:09,669 --> 01:23:07,520

is a description of this huge crystal

2412

01:23:12,470 --> 01:23:09,679

ship uh it's in orbit here it's

2413

01:23:14,149 --> 01:23:12,480

destroyed in orbit and then it describes

2414

01:23:16,229 --> 01:23:14,159

it melting raining down across the

2415

01:23:17,350 --> 01:23:16,239

planet now

2416

01:23:19,270 --> 01:23:17,360

the date that she gives as well there's

2417

01:23:20,629 --> 01:23:19,280

a couple days she says two places seven

2418

01:23:22,950 --> 01:23:20,639

hundred thousand or nine hundred

2419

01:23:23,990 --> 01:23:22,960

thousand so i looked at you know okay

2420

01:23:25,750 --> 01:23:24,000

let's look between seven hundred and

2421

01:23:27,830 --> 01:23:25,760

nine hundred thousand because those are

2422

01:23:28,790 --> 01:23:27,840

the dates that i mentioned as relating

2423

01:23:30,550 --> 01:23:28,800

to this

2424

01:23:33,510 --> 01:23:30,560

uh and then right in the middle of that

2425

01:23:35,750 --> 01:23:33,520

at around 780 000 years ago

2426

01:23:38,550 --> 01:23:35,760

you find it turns out that there was

2427

01:23:40,790 --> 01:23:38,560

indeed an object that entered orbit this

2428

01:23:43,350 --> 01:23:40,800

is nasa papers that there was an object

2429

01:23:45,669 --> 01:23:43,360

in orbit that comes apart explodes in

2430

01:23:48,149 --> 01:23:45,679

orbit and produces these australic

2431

01:23:50,310 --> 01:23:48,159

tektites now they are very anomalous

2432

01:23:51,510 --> 01:23:50,320

they're only known once in the history

2433

01:23:53,510 --> 01:23:51,520

of our planet

2434

01:23:55,189 --> 01:23:53,520

they are they come in a form called

2435

01:23:57,510 --> 01:23:55,199

button tektites which and these button

2436

01:23:59,590 --> 01:23:57,520

shapes are formed by entry into the

2437

01:24:01,669 --> 01:23:59,600

atmosphere right so we know that they

2438

01:24:03,669 --> 01:24:01,679

are formed in space they contain bubbles

2439

01:24:05,430 --> 01:24:03,679

of hard vacuum as well you know so

2440

01:24:07,590 --> 01:24:05,440

obviously again you know absolutely

2441

01:24:08,870 --> 01:24:07,600

signature of something for me in space

2442

01:24:10,790 --> 01:24:08,880

and that these rain down across the

2443

01:24:11,830 --> 01:24:10,800

planet and they are made of about 80

2444

01:24:14,470 --> 01:24:11,840

silica

2445

01:24:15,430 --> 01:24:14,480

right so i i'll be honest i was blown

2446

01:24:16,790 --> 01:24:15,440

away because you know you're thinking

2447

01:24:18,310 --> 01:24:16,800

really think well you know i'll give it

2448

01:24:19,669 --> 01:24:18,320

i give a try see if i can validate it

2449

01:24:20,870 --> 01:24:19,679

you know i believe it's probably true

2450

01:24:21,910 --> 01:24:20,880

you know i'm starting with the buyers i

2451

01:24:23,030 --> 01:24:21,920

admit that you know i believe that's

2452

01:24:24,149 --> 01:24:23,040

probably true i wouldn't have spent any

2453

01:24:25,990 --> 01:24:24,159

time on it

2454

01:24:27,430 --> 01:24:26,000

um and then you know i'm thinking but

2455

01:24:28,550 --> 01:24:27,440

can you really find something after

2456

01:24:30,709 --> 01:24:28,560

hundreds of thousands of years you know

2457

01:24:31,590 --> 01:24:30,719

is there any evidence of this probably

2458

01:24:32,870 --> 01:24:31,600

not

2459

01:24:34,629 --> 01:24:32,880

but it turns out that actually there's a

2460

01:24:36,629 --> 01:24:34,639

hundred year long mystery in science of

2461

01:24:39,189 --> 01:24:36,639

this australia tech type and that you

2462

01:24:40,470 --> 01:24:39,199

know these baffled people so i was i was

2463

01:24:42,790 --> 01:24:40,480

kind of shocked i'd never heard of that

2464

01:24:44,629 --> 01:24:42,800

mystery you know and of course also it

2465

01:24:46,629 --> 01:24:44,639

meshed with with this he's like why is

2466

01:24:50,310 --> 01:24:46,639

there a mystery because every

2467

01:24:52,629 --> 01:24:50,320

conceivable normal process thrown at it

2468

01:24:53,910 --> 01:24:52,639

didn't pan out to explain it right but

2469

01:24:55,750 --> 01:24:53,920

when you throw it

2470

01:24:56,950 --> 01:24:55,760

a large crystalline ship in orbit

2471

01:24:58,870 --> 01:24:56,960

exploding

2472

01:25:00,390 --> 01:24:58,880

then suddenly the anomaly goes away

2473

01:25:01,990 --> 01:25:00,400

right because this is precisely what you

2474

01:25:04,149 --> 01:25:02,000

have molten material from something that

2475

01:25:05,750 --> 01:25:04,159

was always entirely silica

2476

01:25:07,590 --> 01:25:05,760

raining down across about 20 to 30

2477

01:25:09,669 --> 01:25:07,600

percent of the planet's surface

2478

01:25:11,590 --> 01:25:09,679

we find that the debris trail starts at

2479

01:25:13,669 --> 01:25:11,600

antarctica goes all the way to basically

2480

01:25:15,189 --> 01:25:13,679

south china and laos right and then

2481

01:25:16,629 --> 01:25:15,199

there's this material is spread right

2482

01:25:18,310 --> 01:25:16,639

across that region

2483

01:25:19,669 --> 01:25:18,320

so that was like obviously that was a

2484

01:25:21,189 --> 01:25:19,679

massive you know massive kind of

2485

01:25:22,709 --> 01:25:21,199

clincher at first you know thinking

2486

01:25:25,030 --> 01:25:22,719

about christ you know that's that's

2487

01:25:26,870 --> 01:25:25,040

extraordinary you know we've got is you

2488

01:25:28,629 --> 01:25:26,880

know the the signature for exactly what

2489

01:25:31,110 --> 01:25:28,639

we're told in that information you know

2490

01:25:33,590 --> 01:25:31,120

a huge silicon object playing a part in

2491

01:25:35,350 --> 01:25:33,600

orbit and leaving debris so it was that

2492

01:25:38,149 --> 01:25:35,360

the next thing in there was they said

2493

01:25:39,990 --> 01:25:38,159

five years later there is a deliberate

2494

01:25:41,030 --> 01:25:40,000

bombardment of our planet with asteroids

2495

01:25:43,110 --> 01:25:41,040

so these

2496

01:25:45,270 --> 01:25:43,120

ships drag these asteroids in they

2497

01:25:47,270 --> 01:25:45,280

bombard underground facilities on the

2498

01:25:49,510 --> 01:25:47,280

planets you know on our planet by this

2499

01:25:51,270 --> 01:25:49,520

other group that are already here

2500

01:25:53,669 --> 01:25:51,280

who've blown the ship out of orbit just

2501
01:25:55,430 --> 01:25:53,679
to clarify that that they then bombard

2502
01:25:56,950 --> 01:25:55,440
the planet with asteroids now i was

2503
01:25:58,550 --> 01:25:56,960
thinking look you know if something like

2504
01:26:00,870 --> 01:25:58,560
that happened you know it'd be quite

2505
01:26:02,470 --> 01:26:00,880
well known uh it'd be so massive you

2506
01:26:03,990 --> 01:26:02,480
know that we would probably learned

2507
01:26:05,830 --> 01:26:04,000
about it in school and stuff you know

2508
01:26:07,430 --> 01:26:05,840
the greater asteroid bombardment you

2509
01:26:08,870 --> 01:26:07,440
know

2510
01:26:10,310 --> 01:26:08,880
i remember that

2511
01:26:11,510 --> 01:26:10,320
so yeah yeah you'd think you know i was

2512
01:26:12,790 --> 01:26:11,520
thinking big it's like with the dinosaur

2513
01:26:14,629 --> 01:26:12,800

thing that we've all heard of you know

2514

01:26:16,390 --> 01:26:14,639

the chicks lab and the giant you know

2515

01:26:18,070 --> 01:26:16,400

asteroid that killed the dinosaurs so

2516

01:26:19,590 --> 01:26:18,080

i'm thinking you know something this

2517

01:26:21,189 --> 01:26:19,600

scale is going to be as famous as that

2518

01:26:23,030 --> 01:26:21,199

like how i've never heard of it you know

2519

01:26:25,030 --> 01:26:23,040

maybe it's not real again you know or

2520

01:26:27,510 --> 01:26:25,040

it's just being forgotten you know in

2521

01:26:29,350 --> 01:26:27,520

the in the shifting sounds of time but i

2522

01:26:31,270 --> 01:26:29,360

thought you know it's a big enough event

2523

01:26:33,910 --> 01:26:31,280

uh to be worth looking for in the

2524

01:26:35,270 --> 01:26:33,920

academic records and so i thought yeah

2525

01:26:36,709 --> 01:26:35,280

okay i'll look for that so i went

2526

01:26:38,070 --> 01:26:36,719

through and it turned out the reason why

2527

01:26:39,870 --> 01:26:38,080

i hadn't heard of it is because nobody

2528

01:26:42,629 --> 01:26:39,880

had found it it was only found until in

2529

01:26:43,590 --> 01:26:42,639

2015 so again you know there's no way

2530

01:26:45,270 --> 01:26:43,600

that you know valerie could have known

2531

01:26:48,470 --> 01:26:45,280

this or anybody else going back in you

2532

01:26:51,270 --> 01:26:48,480

know 2003 or whatever uh it turns out in

2533

01:26:53,270 --> 01:26:51,280

2015 german geological survey has found

2534

01:26:55,110 --> 01:26:53,280

evidence that there was a a planetary

2535

01:26:58,149 --> 01:26:55,120

wide bombardment of asteroids but they

2536

01:27:01,030 --> 01:26:58,159

hit in the in mesoamerica here in asia

2537

01:27:03,270 --> 01:27:01,040

they've hit in um down in tasmania

2538

01:27:04,629 --> 01:27:03,280

there's one in antarctica

2539

01:27:06,709 --> 01:27:04,639

and like literally and the thing is you

2540

01:27:09,030 --> 01:27:06,719

could think okay was this an asteroid

2541

01:27:10,709 --> 01:27:09,040

you know large one that broke apart

2542

01:27:11,910 --> 01:27:10,719

right and you know you can form these

2543

01:27:13,669 --> 01:27:11,920

kind of swarms

2544

01:27:14,950 --> 01:27:13,679

no because it turns out that when they

2545

01:27:16,310 --> 01:27:14,960

analyze them they have difficult

2546

01:27:17,510 --> 01:27:16,320

chemical comp

2547

01:27:19,830 --> 01:27:17,520

it's like different chemical

2548

01:27:22,390 --> 01:27:19,840

compositions yeah so you have unique

2549

01:27:24,709 --> 01:27:22,400

asteroids all hitting at the same time

2550

01:27:26,870 --> 01:27:24,719

and when did it hit approximately 780

2551
01:27:29,510 --> 01:27:26,880
000 years ago yeah so we got the same

2552
01:27:31,750 --> 01:27:29,520
dating again as the as the

2553
01:27:33,350 --> 01:27:31,760
debris which i say is craft debris now

2554
01:27:35,669 --> 01:27:33,360
and of course you would expect if these

2555
01:27:37,510 --> 01:27:35,679
are real events they should mesh in time

2556
01:27:38,950 --> 01:27:37,520
yeah because there's no good if one is

2557
01:27:40,550 --> 01:27:38,960
you know a million years ago and once

2558
01:27:42,709 --> 01:27:40,560
500 000 years ago you know that'd be

2559
01:27:45,510 --> 01:27:42,719
just cherry picking but obviously you

2560
01:27:47,430 --> 01:27:45,520
got the meshing in time so i'm like okay

2561
01:27:48,950 --> 01:27:47,440
right it's said in the transmission that

2562
01:27:51,270 --> 01:27:48,960
there was this event and there was this

2563
01:27:52,950 --> 01:27:51,280

event and those are both real yeah they

2564

01:27:54,790 --> 01:27:52,960

both factually have happened and there's

2565

01:27:56,310 --> 01:27:54,800

the academics are working on them and

2566

01:27:58,629 --> 01:27:56,320

they're anomalous you know you've got

2567

01:28:00,709 --> 01:27:58,639

one is a 100 year long mystery the other

2568

01:28:02,149 --> 01:28:00,719

one is bizarrely anomalous because

2569

01:28:04,310 --> 01:28:02,159

there's no other point in history where

2570

01:28:06,390 --> 01:28:04,320

we have a multi-directional bombardment

2571

01:28:08,070 --> 01:28:06,400

of asteroids you know except for in the

2572

01:28:10,550 --> 01:28:08,080

late heavy bombardment the beginning of

2573

01:28:12,070 --> 01:28:10,560

the you know the planet basically um

2574

01:28:14,229 --> 01:28:12,080

after that you know we occasionally get

2575

01:28:15,750 --> 01:28:14,239

hit by a large object but we don't get

2576

01:28:17,430 --> 01:28:15,760

hit by like five or six of them in

2577

01:28:19,430 --> 01:28:17,440

different directions right that's

2578

01:28:21,430 --> 01:28:19,440

totally weird and there's no attempt to

2579

01:28:23,750 --> 01:28:21,440

explain that in the paper by the way

2580

01:28:25,430 --> 01:28:23,760

they don't even attempt to tackle that

2581

01:28:26,870 --> 01:28:25,440

they just say you know it's happened

2582

01:28:29,350 --> 01:28:26,880

right and then the third thing of course

2583

01:28:30,709 --> 01:28:29,360

was the genetic engineering now i

2584

01:28:32,709 --> 01:28:30,719

already knew from my other book the

2585

01:28:34,709 --> 01:28:32,719

forgotten exodus into africa theory

2586

01:28:36,149 --> 01:28:34,719

which you know having tackled human

2587

01:28:37,350 --> 01:28:36,159

evolution i'm quite aware of the papers

2588

01:28:39,510 --> 01:28:37,360

and stuff already knew there was

2589

01:28:41,110 --> 01:28:39,520

anomalies and stuff in that area but

2590

01:28:44,310 --> 01:28:41,120

again you know as we discussed earlier

2591

01:28:46,310 --> 01:28:44,320

it turns out that yeah around about 780

2592

01:28:48,709 --> 01:28:46,320

000 years ago we have the chromosome 2

2593

01:28:50,870 --> 01:28:48,719

fusion and we also have the beginning of

2594

01:28:52,950 --> 01:28:50,880

the lineages that lead to all large

2595

01:28:55,030 --> 01:28:52,960

brain humans neanderthals denisovans and

2596

01:28:57,510 --> 01:28:55,040

us right and that all happens on that

2597

01:28:58,709 --> 01:28:57,520

around that 700 750 to 800 000 years ago

2598

01:29:00,470 --> 01:28:58,719

so in the middle of that you've got the

2599

01:29:02,070 --> 01:29:00,480

780 and there's a number of different

2600

01:29:03,990 --> 01:29:02,080

lines of evidence that support that

2601
01:29:05,590 --> 01:29:04,000
basically different proteins you know

2602
01:29:07,590 --> 01:29:05,600
different um

2603
01:29:08,629 --> 01:29:07,600
divergence in the dna between dinosaurs

2604
01:29:11,030 --> 01:29:08,639
and earth there's a lot of different

2605
01:29:13,270 --> 01:29:11,040
studies you can find on that so again

2606
01:29:14,470 --> 01:29:13,280
you now have the third thing which is

2607
01:29:15,189 --> 01:29:14,480
the idea that

2608
01:29:16,870 --> 01:29:15,199
we

2609
01:29:19,830 --> 01:29:16,880
you know separate away from our

2610
01:29:21,030 --> 01:29:19,840
ancestral hominins you know around 780

2611
01:29:23,430 --> 01:29:21,040
000 years ago

2612
01:29:25,669 --> 01:29:23,440
right on the same mark now

2613
01:29:26,950 --> 01:29:25,679

in terms of lucky chances or something

2614

01:29:29,830 --> 01:29:26,960

right the fact that we're going to get

2615

01:29:32,550 --> 01:29:29,840

all three hits from this download from

2616

01:29:34,229 --> 01:29:32,560

this object you know is just so remote

2617

01:29:35,830 --> 01:29:34,239

just to be that you know he's like

2618

01:29:37,990 --> 01:29:35,840

winning the lottery like three times in

2619

01:29:39,270 --> 01:29:38,000

a row you know is that kind of odds you

2620

01:29:41,189 --> 01:29:39,280

know but if somebody if i came up to you

2621

01:29:43,590 --> 01:29:41,199

i said look steven i'm just gonna make

2622

01:29:46,629 --> 01:29:43,600

up this story to you and i'm gonna say

2623

01:29:48,470 --> 01:29:46,639

you know some aliens came and they they

2624

01:29:50,070 --> 01:29:48,480

they built such a such a structure and

2625

01:29:51,669 --> 01:29:50,080

they did and then they went and did this

2626

01:29:53,430 --> 01:29:51,679

and they went into that what's the

2627

01:29:55,110 --> 01:29:53,440

chance of it and you went and found all

2628

01:29:56,950 --> 01:29:55,120

of those things were real and from my

2629

01:29:58,790 --> 01:29:56,960

made-up story and they all were at the

2630

01:30:01,350 --> 01:29:58,800

same date i mean and they're all hugely

2631

01:30:03,270 --> 01:30:01,360

anomalous massive geological events that

2632

01:30:05,270 --> 01:30:03,280

you know are not known from any other

2633

01:30:07,189 --> 01:30:05,280

time and they all correspond to the same

2634

01:30:09,189 --> 01:30:07,199

date and mesh exactly with the story

2635

01:30:11,030 --> 01:30:09,199

that this object is telling us i mean at

2636

01:30:13,030 --> 01:30:11,040

that point i mean you've gotta i don't

2637

01:30:14,870 --> 01:30:13,040

know i mean you tell me you know when

2638

01:30:16,629 --> 01:30:14,880

you put in that context i mean it's very

2639

01:30:19,030 --> 01:30:16,639

difficult to see that as just someone's

2640

01:30:20,709 --> 01:30:19,040

lucky guesses yeah this is one of those

2641

01:30:22,149 --> 01:30:20,719

things that i like about your work is

2642

01:30:24,870 --> 01:30:22,159

like it's

2643

01:30:28,070 --> 01:30:24,880

it's a mystery history but it's not it's

2644

01:30:30,070 --> 01:30:28,080

not that far-fetched a mystery no and

2645

01:30:32,310 --> 01:30:30,080

it's kind of like when you put in that

2646

01:30:33,750 --> 01:30:32,320

view that you know what would we expect

2647

01:30:34,870 --> 01:30:33,760

that could last that amount of time

2648

01:30:36,550 --> 01:30:34,880

those are the kind of things that would

2649

01:30:39,270 --> 01:30:36,560

last it's not when we wouldn't really

2650

01:30:42,470 --> 01:30:39,280

expect to find you know an alien base

2651
01:30:43,830 --> 01:30:42,480
that's lasted 780 000 years you know so

2652
01:30:46,149 --> 01:30:43,840
we have to be aware when we go to those

2653
01:30:48,709 --> 01:30:46,159
kind of dates we're not going to find

2654
01:30:51,110 --> 01:30:48,719
anything but those geological level kind

2655
01:30:52,709 --> 01:30:51,120
of events so so that's interesting that

2656
01:30:53,990 --> 01:30:52,719
you know that's where we find the

2657
01:30:56,390 --> 01:30:54,000
evidence because it doesn't mean that

2658
01:30:58,149 --> 01:30:56,400
there wasn't you know beings walking

2659
01:31:00,629 --> 01:30:58,159
around with ray guns or you know they

2660
01:31:03,350 --> 01:31:00,639
didn't have machines but it's a long

2661
01:31:04,310 --> 01:31:03,360
time we can't expect to find those you

2662
01:31:05,750 --> 01:31:04,320
know

2663
01:31:08,070 --> 01:31:05,760

i wouldn't have thought i'm not going to

2664

01:31:09,830 --> 01:31:08,080

say i i don't know if there's not some

2665

01:31:11,510 --> 01:31:09,840

technologies that can last that long

2666

01:31:12,790 --> 01:31:11,520

that they have but but certainly it's

2667

01:31:14,229 --> 01:31:12,800

the geological events that last and it

2668

01:31:15,270 --> 01:31:14,239

turns out you know all three of the

2669

01:31:17,669 --> 01:31:15,280

biggest

2670

01:31:20,070 --> 01:31:17,679

you know events that they they name you

2671

01:31:21,590 --> 01:31:20,080

know pan out to be real so i mean if on

2672

01:31:24,470 --> 01:31:21,600

that basis if someone can give me three

2673

01:31:26,550 --> 01:31:24,480

really big you know wins i'm i'm willing

2674

01:31:28,950 --> 01:31:26,560

to take them you know more on faith on

2675

01:31:30,790 --> 01:31:28,960

some of the other stuff right because

2676
01:31:33,750 --> 01:31:30,800
to maybe ought to not throw channeling

2677
01:31:35,669 --> 01:31:33,760
out so quickly if there's evidentiary

2678
01:31:37,750 --> 01:31:35,679
support that you could find to back up

2679
01:31:40,709 --> 01:31:37,760
the the things claimed in the channeling

2680
01:31:42,470 --> 01:31:40,719
then i guess it may be a valid source

2681
01:31:43,270 --> 01:31:42,480
also of course you know we know now that

2682
01:31:44,629 --> 01:31:43,280
i mean i wouldn't even call it

2683
01:31:46,310 --> 01:31:44,639
channeling i'd call it voice-to-skill

2684
01:31:48,390 --> 01:31:46,320
technologies because i mean we know now

2685
01:31:50,229 --> 01:31:48,400
that we're creating this ourselves we

2686
01:31:52,870 --> 01:31:50,239
have in mit they're you know they're

2687
01:31:54,310 --> 01:31:52,880
doing voice to skull now if you were to

2688
01:31:55,990 --> 01:31:54,320

create a probe that you were going to

2689

01:31:58,390 --> 01:31:56,000

send out to alien races right and you

2690

01:32:00,870 --> 01:31:58,400

wanted to monitor and make contact how

2691

01:32:02,629 --> 01:32:00,880

is it going to make contact right now

2692

01:32:04,870 --> 01:32:02,639

it's surely the best way to make contact

2693

01:32:06,310 --> 01:32:04,880

is some kind of interface directly into

2694

01:32:07,270 --> 01:32:06,320

the brain of the creatures there because

2695

01:32:08,390 --> 01:32:07,280

you can't have it speaking every

2696

01:32:09,990 --> 01:32:08,400

language you don't know what language

2697

01:32:12,310 --> 01:32:10,000

they're going to have right so if you

2698

01:32:13,590 --> 01:32:12,320

use voice-to-skull technologies it

2699

01:32:15,510 --> 01:32:13,600

interfaces directly with the

2700

01:32:18,149 --> 01:32:15,520

intelligence right with whatever being's

2701

01:32:21,030 --> 01:32:18,159

plan it lands on so that is precisely

2702

01:32:22,709 --> 01:32:21,040

again what i would expect them to equip

2703

01:32:24,390 --> 01:32:22,719

the thing with because again these are

2704

01:32:26,229 --> 01:32:24,400

all technologies we now have that's the

2705

01:32:27,430 --> 01:32:26,239

only way we could recognize it otherwise

2706

01:32:28,950 --> 01:32:27,440

we'd have to just say you know it sounds

2707

01:32:31,030 --> 01:32:28,960

like we're channeling stuff i mean this

2708

01:32:33,750 --> 01:32:31,040

guy's mit and stuff are now making

2709

01:32:35,590 --> 01:32:33,760

voice-to-skill technologies so i think

2710

01:32:37,430 --> 01:32:35,600

if we were to send out ai probes

2711

01:32:39,110 --> 01:32:37,440

ourselves we're going to equip them with

2712

01:32:41,110 --> 01:32:39,120

those kind of technologies we're not

2713

01:32:43,350 --> 01:32:41,120

going to hope that somehow you know we

2714

01:32:44,229 --> 01:32:43,360

can print out a letter saying hello or

2715

01:32:45,590 --> 01:32:44,239

something you know that it doesn't make

2716

01:32:47,990 --> 01:32:45,600

sense you need it to be able to

2717

01:32:49,669 --> 01:32:48,000

interface with any being it meets and

2718

01:32:52,550 --> 01:32:49,679

the only way i think it does that is

2719

01:32:54,709 --> 01:32:52,560

some kind of ai mind to biological mind

2720

01:32:56,229 --> 01:32:54,719

communication or ai mind ai mind because

2721

01:32:58,070 --> 01:32:56,239

you might land on an ai planet or

2722

01:33:00,390 --> 01:32:58,080

whatever um so it's gotta be able to

2723

01:33:01,590 --> 01:33:00,400

interface so that's so again

2724

01:33:02,470 --> 01:33:01,600

i don't even know if i yeah i wouldn't

2725

01:33:04,149 --> 01:33:02,480

call it all the channeling because

2726

01:33:06,470 --> 01:33:04,159

channeling we'd think of someone you

2727

01:33:07,990 --> 01:33:06,480

know sitting you know in meditation or

2728

01:33:09,590 --> 01:33:08,000

whatever and asking the b i'm not saying

2729

01:33:11,750 --> 01:33:09,600

that you know that may not be part of it

2730

01:33:13,990 --> 01:33:11,760

maybe it is but again with the object

2731

01:33:15,590 --> 01:33:14,000

being there and it only is starting when

2732

01:33:17,750 --> 01:33:15,600

the object is there

2733

01:33:19,110 --> 01:33:17,760

to me it suggests the object is doing

2734

01:33:21,030 --> 01:33:19,120

something on the lines of hacking into

2735

01:33:23,350 --> 01:33:21,040

your brain yeah did you mention that she

2736

01:33:24,870 --> 01:33:23,360

got some kind of artifact

2737

01:33:26,149 --> 01:33:24,880

yeah this this was the artifact this is

2738

01:33:27,669 --> 01:33:26,159

what it started only when the architect

2739

01:33:29,189 --> 01:33:27,679

came to our house

2740

01:33:31,430 --> 01:33:29,199

okay we saw that there was it wasn't

2741

01:33:33,189 --> 01:33:31,440

happening so what what

2742

01:33:35,110 --> 01:33:33,199

what's the deal with the artifact is it

2743

01:33:37,590 --> 01:33:35,120

still out there does she have it can we

2744

01:33:39,510 --> 01:33:37,600

see it it was no the train though in

2745

01:33:41,110 --> 01:33:39,520

fact you know you've not even lost it

2746

01:33:42,790 --> 01:33:41,120

she respected the fact that she was told

2747

01:33:45,430 --> 01:33:42,800

not to actually look regular tringers

2748

01:33:47,189 --> 01:33:45,440

are forbidden for us to look upon unless

2749

01:33:49,669 --> 01:33:47,199

we are a fully

2750

01:33:51,910 --> 01:33:49,679

initiated elder in the aboriginal kind

2751
01:33:53,990 --> 01:33:51,920
of system that again even aboriginal

2752
01:33:55,669 --> 01:33:54,000
people normal people wouldn't be able to

2753
01:33:57,510 --> 01:33:55,679
look at it right you're not allowed to

2754
01:33:59,510 --> 01:33:57,520
send photo picking photos of the more

2755
01:34:00,870 --> 01:33:59,520
modern replicas of these things is

2756
01:34:03,430 --> 01:34:00,880
totally taboo

2757
01:34:05,270 --> 01:34:03,440
um so no we probably would never have a

2758
01:34:06,709 --> 01:34:05,280
picture and if i had one i really you

2759
01:34:08,070 --> 01:34:06,719
know i would burn all my bridges with

2760
01:34:09,510 --> 01:34:08,080
all the aboriginal people if i was to

2761
01:34:12,950 --> 01:34:09,520
put a photo of it's like their most

2762
01:34:16,709 --> 01:34:14,870
but to the skeptics that kind of means

2763
01:34:19,030 --> 01:34:16,719

there's a convenient excuse for why we

2764

01:34:20,310 --> 01:34:19,040

can't inspect it or study it right well

2765

01:34:22,550 --> 01:34:20,320

it was set back he was sent back to

2766

01:34:24,310 --> 01:34:22,560

aboriginal people oh it was sent back

2767

01:34:25,750 --> 01:34:24,320

yeah it was the idea that when the women

2768

01:34:27,030 --> 01:34:25,760

came to her house she said she was

2769

01:34:29,350 --> 01:34:27,040

trying to get this thing back to the

2770

01:34:31,030 --> 01:34:29,360

orientation they're empty people because

2771

01:34:34,629 --> 01:34:31,040

it's their artifact you've been taken

2772

01:34:36,550 --> 01:34:34,639

from a cave about a century before by a

2773

01:34:38,950 --> 01:34:36,560

trader on a camel train who had found

2774

01:34:41,189 --> 01:34:38,960

this thing a glowing strange small

2775

01:34:43,189 --> 01:34:41,199

glowing object inside a cave and he'd

2776

01:34:44,629 --> 01:34:43,199

taken it um and then now this is a

2777

01:34:45,990 --> 01:34:44,639

couple of generations later someone was

2778

01:34:47,430 --> 01:34:46,000

wanting to return it there's a lady who

2779

01:34:49,350 --> 01:34:47,440

was actually dying she was quite you

2780

01:34:50,550 --> 01:34:49,360

know unwell when she came to valerie she

2781

01:34:51,669 --> 01:34:50,560

said you know please can you look after

2782

01:34:53,910 --> 01:34:51,679

you i want to get it back to these

2783

01:34:56,070 --> 01:34:53,920

people um but i have to go for treatment

2784

01:34:57,350 --> 01:34:56,080

i i know that you know you're kind of

2785

01:34:59,350 --> 01:34:57,360

open-minded person she's kind of a

2786

01:35:00,790 --> 01:34:59,360

holistic therapist it's a house called

2787

01:35:02,870 --> 01:35:00,800

altaringa and that was one of the

2788

01:35:05,030 --> 01:35:02,880

coincidences because it's a charinga

2789

01:35:07,189 --> 01:35:05,040

stone from the al jaringa time so she

2790

01:35:08,470 --> 01:35:07,199

took that as being a sign you know that

2791

01:35:13,350 --> 01:35:08,480

that was the right person to leave it

2792

01:35:13,360 --> 01:35:13,750

yeah the yeah

2793

01:35:15,990 --> 01:35:15,109

coincidence is the lead people you know

2794

01:35:17,590 --> 01:35:16,000

obviously if you're in that kind of

2795

01:35:18,629 --> 01:35:17,600

world of strangeness those are the

2796

01:35:20,070 --> 01:35:18,639

things that stand out to you you know

2797

01:35:21,350 --> 01:35:20,080

you've got a tringer from the outrigger

2798

01:35:23,109 --> 01:35:21,360

time and you hear there's this lady that

2799

01:35:24,790 --> 01:35:23,119

lives nearby lived in the outdoor house

2800

01:35:25,910 --> 01:35:24,800

and all this stuff so obviously she came

2801
01:35:27,590 --> 01:35:25,920
to her and said you know will you look

2802
01:35:29,030 --> 01:35:27,600
after it and so she agreed and said you

2803
01:35:30,950 --> 01:35:29,040
know when you're better come and collect

2804
01:35:32,950 --> 01:35:30,960
it and it was from that moment onwards

2805
01:35:34,629 --> 01:35:32,960
it announced itself and started talking

2806
01:35:36,790 --> 01:35:34,639
to her saying you know i am a

2807
01:35:38,390 --> 01:35:36,800
i'm a you know an extra extra star

2808
01:35:40,310 --> 01:35:38,400
person they call itself a star person

2809
01:35:41,830 --> 01:35:40,320
from the you know the al tringa time the

2810
01:35:43,830 --> 01:35:41,840
time when the first ancestors were

2811
01:35:45,350 --> 01:35:43,840
created hence the name of the book uh

2812
01:35:47,189 --> 01:35:45,360
and then it went on to detail all of

2813
01:35:49,270 --> 01:35:47,199

these events right and there's a whole

2814

01:35:51,430 --> 01:35:49,280

long long additional narrative you know

2815

01:35:53,189 --> 01:35:51,440

i'm really only sharing the bit that i

2816

01:35:54,470 --> 01:35:53,199

can validate and a little bit further

2817

01:35:56,390 --> 01:35:54,480

you know the stuff about why because you

2818

01:35:58,870 --> 01:35:56,400

know you ask me why they did it yeah i

2819

01:36:01,270 --> 01:35:58,880

appreciate it it's a great great story

2820

01:36:03,109 --> 01:36:01,280

and you know it's got that tantalizing

2821

01:36:04,950 --> 01:36:03,119

aspect to it because like

2822

01:36:08,149 --> 01:36:04,960

when i hear about like uh like the

2823

01:36:10,629 --> 01:36:08,159

aurora texas ufo crash and there may be

2824

01:36:13,030 --> 01:36:10,639

an alien body buried in a graveyard in

2825

01:36:15,350 --> 01:36:13,040

aurora texas so tantalizing like let's

2826

01:36:17,830 --> 01:36:15,360

go dig it up so when i hear about this

2827

01:36:20,390 --> 01:36:17,840

possible alien probe it's the same thing

2828

01:36:22,149 --> 01:36:20,400

for me emotionally is like let's get to

2829

01:36:22,830 --> 01:36:22,159

it and there's the proof

2830

01:36:29,189 --> 01:36:22,840

you

2831

01:36:30,950 --> 01:36:29,199

these stories so the thing is oh look i

2832

01:36:33,270 --> 01:36:30,960

mean one of the problems is look the

2833

01:36:35,430 --> 01:36:33,280

the bridges with the aboriginal people

2834

01:36:38,310 --> 01:36:35,440

are very badly damaged because you know

2835

01:36:41,109 --> 01:36:38,320

look they've had they've been treated

2836

01:36:42,790 --> 01:36:41,119

absolutely so to ask them to wheel out

2837

01:36:44,790 --> 01:36:42,800

say their most sacred object and all

2838

01:36:46,149 --> 01:36:44,800

that for our curiosity's sake or even

2839

01:36:48,070 --> 01:36:46,159

for the sake of science it's going to be

2840

01:36:49,590 --> 01:36:48,080

hard but it's not impossible you know

2841

01:36:51,189 --> 01:36:49,600

this if they are still holding these

2842

01:36:52,950 --> 01:36:51,199

things and there may be more than one i

2843

01:36:55,350 --> 01:36:52,960

think there's probably more than one

2844

01:36:57,350 --> 01:36:55,360

but you know we could humbly say you

2845

01:36:59,189 --> 01:36:57,360

know well we you know we have some

2846

01:37:01,189 --> 01:36:59,199

reason to believe that you have this

2847

01:37:03,669 --> 01:37:01,199

object which is you know an alien

2848

01:37:05,830 --> 01:37:03,679

contact technology you know is there any

2849

01:37:07,109 --> 01:37:05,840

circumstances under which you know it

2850

01:37:08,550 --> 01:37:07,119

could be brought out you know is this

2851
01:37:10,629 --> 01:37:08,560
the time when it's allowed to be brought

2852
01:37:11,990 --> 01:37:10,639
out or you know it may well be that

2853
01:37:13,590 --> 01:37:12,000
there is a time that they know it's

2854
01:37:15,510 --> 01:37:13,600
supposed to come out you know so i i

2855
01:37:17,910 --> 01:37:15,520
can't say that i can't say that it will

2856
01:37:19,510 --> 01:37:17,920
or not but also it's not being like

2857
01:37:20,629 --> 01:37:19,520
destroyed or thrown into the sea or

2858
01:37:21,350 --> 01:37:20,639
anything you know it was sent back to

2859
01:37:25,750 --> 01:37:21,360
the

2860
01:37:27,750 --> 01:37:25,760
people of uluru in that area so

2861
01:37:29,669 --> 01:37:27,760
i assume that they still have it and you

2862
01:37:31,350 --> 01:37:29,679
know so therefore it is in some sense

2863
01:37:33,350 --> 01:37:31,360

somebody somewhere out there may have

2864

01:37:35,030 --> 01:37:33,360

this in their house right

2865

01:37:37,270 --> 01:37:35,040

it's not like that's crazy that's the

2866

01:37:40,070 --> 01:37:37,280

crazy thought that makes it even more

2867

01:37:41,830 --> 01:37:40,080

tantalizing is that the absolute proof of

2868

01:37:44,310 --> 01:37:41,840

alien contact may be sitting in

2869

01:37:46,149 --> 01:37:44,320

somebody's garage in australia somewhere

2870

01:37:49,350 --> 01:37:46,159

yeah yeah quite you know

2871

01:37:51,109 --> 01:37:49,360

because of that the mythology to it the

2872

01:37:51,990 --> 01:37:51,119

sacredness of it you know i don't know

2873

01:37:54,310 --> 01:37:52,000

what it would take it would take

2874

01:37:55,910 --> 01:37:54,320

obviously an elder somebody who's

2875

01:37:57,830 --> 01:37:55,920

you know a very respected person to be

2876

01:37:59,510 --> 01:37:57,840

able to decide to go out and try and

2877

01:38:01,350 --> 01:37:59,520

make that happen i mean it's beyond my

2878

01:38:03,910 --> 01:38:01,360

ability i mean i would hope that perhaps

2879

01:38:05,590 --> 01:38:03,920

with this story becoming better known

2880

01:38:07,270 --> 01:38:05,600

that they might make a statement we

2881

01:38:08,870 --> 01:38:07,280

might eventually hear that you know

2882

01:38:11,189 --> 01:38:08,880

people are willing to say that yes you

2883

01:38:13,350 --> 01:38:11,199

know these charingas can talk and they

2884

01:38:15,030 --> 01:38:13,360

do share information about the past and

2885

01:38:17,430 --> 01:38:15,040

that you know this information is you

2886

01:38:19,590 --> 01:38:17,440

know as accurate as they understand it

2887

01:38:21,030 --> 01:38:19,600

um but an interesting point actually was

2888

01:38:22,310 --> 01:38:21,040

there was actually you know there was an

2889

01:38:23,990 --> 01:38:22,320

elder an aboriginal elder that was

2890

01:38:25,189 --> 01:38:24,000

involved in the backstory of this

2891

01:38:27,270 --> 01:38:25,199

because

2892

01:38:28,390 --> 01:38:27,280

there was a chap called um

2893

01:38:32,310 --> 01:38:28,400

jerry

2894

01:38:33,990 --> 01:38:32,320

aboriginal heroes since passed on

2895

01:38:35,510 --> 01:38:34,000

and he came to

2896

01:38:36,790 --> 01:38:35,520

come to valerie's house again he was

2897

01:38:38,550 --> 01:38:36,800

traveling with a friend of valerie's and

2898

01:38:39,750 --> 01:38:38,560

she said oh my friend lives down this

2899

01:38:41,030 --> 01:38:39,760

road you know she lives in a house

2900

01:38:42,390 --> 01:38:41,040

called altaringa and just you know

2901

01:38:43,669 --> 01:38:42,400

people just feel prompted to say

2902

01:38:45,430 --> 01:38:43,679

something he said oh right you know

2903

01:38:47,669 --> 01:38:45,440

let's go there then you know recognizing

2904

01:38:49,350 --> 01:38:47,679

is an aboriginal name for the house he

2905

01:38:51,189 --> 01:38:49,360

just felt that he should go there uh

2906

01:38:52,470 --> 01:38:51,199

went to the house he met her and she

2907

01:38:53,590 --> 01:38:52,480

said she just had this feeling that he

2908

01:38:55,590 --> 01:38:53,600

knew it was there and she sort of

2909

01:38:56,950 --> 01:38:55,600

blurted out i don't i don't touch you

2910

01:38:58,229 --> 01:38:56,960

know i don't look at it kind of thing

2911

01:38:59,510 --> 01:38:58,239

it's it's just in a box in the other

2912

01:39:01,189 --> 01:38:59,520

room he said you know it's man's bit

2913

01:39:02,950 --> 01:39:01,199

it's like it's men's business

2914

01:39:05,030 --> 01:39:02,960

you know because which is true because

2915

01:39:07,669 --> 01:39:05,040

these things were only allowed to be

2916

01:39:09,990 --> 01:39:07,679

looked upon by male high initiated

2917

01:39:11,750 --> 01:39:10,000

elders right so he in some sense would

2918

01:39:13,590 --> 01:39:11,760

already be kind of like it's kind of

2919

01:39:15,669 --> 01:39:13,600

similar to the ark of the covenant you

2920

01:39:17,750 --> 01:39:15,679

have to be the high priest to even

2921

01:39:20,390 --> 01:39:17,760

to even view it and go in the holy of

2922

01:39:21,910 --> 01:39:20,400

holies and there's a whole ceremony yeah

2923

01:39:23,270 --> 01:39:21,920

that's quite right you know it may be

2924

01:39:24,950 --> 01:39:23,280

that there's not you know there may be

2925

01:39:26,229 --> 01:39:24,960

an overlap in that story of the ark of

2926

01:39:27,910 --> 01:39:26,239

the government right because it was

2927

01:39:30,390 --> 01:39:27,920

nearly you know you sort of an arc a

2928

01:39:32,470 --> 01:39:30,400

container you know a container

2929

01:39:34,229 --> 01:39:32,480

so you know is this really the proto

2930

01:39:36,870 --> 01:39:34,239

story of the ark of the covenant quite

2931

01:39:38,550 --> 01:39:36,880

possibly and if there's multiple

2932

01:39:40,149 --> 01:39:38,560

of these the ark of the covenant may be

2933

01:39:41,910 --> 01:39:40,159

one of these charingas these objects

2934

01:39:44,149 --> 01:39:41,920

these bracelet probes right because

2935

01:39:46,070 --> 01:39:44,159

again it seemed to be a technological

2936

01:39:47,430 --> 01:39:46,080

thing right and people saying how you

2937

01:39:49,510 --> 01:39:47,440

know electrical effects and all sorts of

2938

01:39:51,590 --> 01:39:49,520

strange things around it um now i'm not

2939

01:39:52,629 --> 01:39:51,600

saying it is but it's possible and as

2940

01:39:54,149 --> 01:39:52,639

it's interesting you point out because

2941

01:39:55,830 --> 01:39:54,159

yeah that it does have that same kind of

2942

01:39:57,590 --> 01:39:55,840

narrative only certain people could look

2943

01:39:59,830 --> 01:39:57,600

upon it and they take out these high

2944

01:40:02,390 --> 01:39:59,840

elders and stuff right so again you know

2945

01:40:03,990 --> 01:40:02,400

is this an echo of an older story

2946

01:40:05,910 --> 01:40:04,000

quite possibly

2947

01:40:07,750 --> 01:40:05,920

um and that this you know so this

2948

01:40:08,870 --> 01:40:07,760

information you know he he got involved

2949

01:40:10,070 --> 01:40:08,880

with it one of the things that was

2950

01:40:12,950 --> 01:40:10,080

interesting about that is that he

2951
01:40:15,510 --> 01:40:12,960
actually said that for years he had had

2952
01:40:17,830 --> 01:40:15,520
dreams of being on this ship on a with

2953
01:40:19,990 --> 01:40:17,840
all this white uh inside of this craft

2954
01:40:21,669 --> 01:40:20,000
an explosion and then you know there's

2955
01:40:23,669 --> 01:40:21,679
being an escape ship having only just

2956
01:40:25,910 --> 01:40:23,679
time to bring a few people onto a

2957
01:40:28,070 --> 01:40:25,920
smaller craft and escaping and he'd had

2958
01:40:29,189 --> 01:40:28,080
this recurring dream for years

2959
01:40:31,109 --> 01:40:29,199
and then once you get involved with

2960
01:40:33,830 --> 01:40:31,119
valerie they went he said we need to go

2961
01:40:35,189 --> 01:40:33,840
to um carry on to gosford which is

2962
01:40:37,430 --> 01:40:35,199
famous for the gosford glyphs which is a

2963
01:40:39,189 --> 01:40:37,440

whole controversy in itself um a load of

2964

01:40:41,750 --> 01:40:39,199

glyphs that appeared to be ancient um

2965

01:40:43,590 --> 01:40:41,760

proto-egyptian carved into rocks in new

2966

01:40:45,270 --> 01:40:43,600

south wales

2967

01:40:46,790 --> 01:40:45,280

basically so they went there there's an

2968

01:40:49,189 --> 01:40:46,800

aboriginal sacred site there but there's

2969

01:40:50,390 --> 01:40:49,199

also these glyphs which you know

2970

01:40:51,910 --> 01:40:50,400

depending on what you believe whether

2971

01:40:53,510 --> 01:40:51,920

they're modern hoax or whether they're

2972

01:40:55,030 --> 01:40:53,520

ancient whatever there's a you know

2973

01:40:57,590 --> 01:40:55,040

there's an additional strange sight

2974

01:40:59,350 --> 01:40:57,600

attached to the aboriginal sacred site

2975

01:41:00,790 --> 01:40:59,360

and i think they went to this place and

2976

01:41:03,189 --> 01:41:00,800

when they got there they found

2977

01:41:04,709 --> 01:41:03,199

themselves slipping into a kind of um

2978

01:41:06,149 --> 01:41:04,719

you know like um you had to destroy the

2979

01:41:07,669 --> 01:41:06,159

two women in the garden of versailles

2980

01:41:09,669 --> 01:41:07,679

and they find themselves in another time

2981

01:41:11,350 --> 01:41:09,679

and they see the people in in in the

2982

01:41:13,109 --> 01:41:11,360

clothes of the time or these kind of

2983

01:41:14,550 --> 01:41:13,119

time slips so that they have one of

2984

01:41:16,070 --> 01:41:14,560

these a kind of time slip they said

2985

01:41:18,229 --> 01:41:16,080

there was a one where they in present

2986

01:41:20,550 --> 01:41:18,239

day carry on the next they find that

2987

01:41:23,270 --> 01:41:20,560

they are looking down at a scene at

2988

01:41:25,750 --> 01:41:23,280

broken bay below them and they can see a

2989

01:41:27,830 --> 01:41:25,760

saucer craft crashed into the water and

2990

01:41:29,750 --> 01:41:27,840

another one hovering above picking out

2991

01:41:30,870 --> 01:41:29,760

beings out of the water and when they

2992

01:41:32,790 --> 01:41:30,880

look at themselves and they realize

2993

01:41:34,470 --> 01:41:32,800

they're no longer human they're humanoid

2994

01:41:36,470 --> 01:41:34,480

they're tall humanoids with elongated

2995

01:41:37,830 --> 01:41:36,480

heads and they're no longer themselves

2996

01:41:40,550 --> 01:41:37,840

humans and they realize that they have

2997

01:41:41,750 --> 01:41:40,560

lived a life before as these beings and

2998

01:41:43,430 --> 01:41:41,760

that that's why they've been brought

2999

01:41:45,109 --> 01:41:43,440

together and why he'd been having the

3000

01:41:47,510 --> 01:41:45,119

dreams he said he now understand he said

3001

01:41:49,510 --> 01:41:47,520

i understand now you know the the reason

3002

01:41:51,030 --> 01:41:49,520

why it cuts off

3003

01:41:51,910 --> 01:41:51,040

in the dream with the ship coming down

3004

01:41:54,149 --> 01:41:51,920

he says

3005

01:41:56,470 --> 01:41:54,159

i was the pilot of the ship that's

3006

01:41:59,430 --> 01:41:56,480

crashed in the water and i died in the

3007

01:42:01,109 --> 01:41:59,440

water and it pinned inside the ship

3008

01:42:02,950 --> 01:42:01,119

and so he had the conclusions the

3009

01:42:05,109 --> 01:42:02,960

conclusive part of what he'd seen for

3010

01:42:07,270 --> 01:42:05,119

years and years in these visions of him

3011

01:42:09,270 --> 01:42:07,280

in this escape ship he said now looking

3012

01:42:10,390 --> 01:42:09,280

down he realized it was him in the other

3013

01:42:12,470 --> 01:42:10,400

ship and stuff like really weird you

3014

01:42:13,990 --> 01:42:12,480

know he's super weird um but that

3015

01:42:15,030 --> 01:42:14,000

happened spontaneously when they got to

3016

01:42:16,870 --> 01:42:15,040

this site and then they realized that

3017

01:42:19,270 --> 01:42:16,880

this site was where the ships had come

3018

01:42:21,030 --> 01:42:19,280

down the survivors had landed just down

3019

01:42:23,910 --> 01:42:21,040

in the waters of broken bay in new south

3020

01:42:24,950 --> 01:42:23,920

wales so that again a whole other weird

3021

01:42:27,030 --> 01:42:24,960

element but with the aboriginal

3022

01:42:28,470 --> 01:42:27,040

involvement with a respected elder

3023

01:42:29,669 --> 01:42:28,480

saying that you know obviously he'd been

3024

01:42:30,550 --> 01:42:29,679

having dreams of this and he said for

3025

01:42:32,629 --> 01:42:30,560

aboriginal people they don't have a

3026

01:42:34,229 --> 01:42:32,639

problem about this kind of narrative he

3027

01:42:36,149 --> 01:42:34,239

said obviously for he understandable for

3028

01:42:37,270 --> 01:42:36,159

western minds it's difficult but you

3029

01:42:38,390 --> 01:42:37,280

know for aboriginal people they don't

3030

01:42:40,149 --> 01:42:38,400

have problems with the al charinga

3031

01:42:41,590 --> 01:42:40,159

beings being already considered to have

3032

01:42:43,030 --> 01:42:41,600

been the creators of humanity and the

3033

01:42:44,629 --> 01:42:43,040

creators of animals and all sorts of

3034

01:42:46,709 --> 01:42:44,639

stuff here that that's part of the

3035

01:42:49,350 --> 01:42:46,719

mythology that there was this dream you

3036

01:42:51,270 --> 01:42:49,360

know the dream time when beings walked

3037

01:42:53,590 --> 01:42:51,280

the land that created things here right

3038

01:42:56,550 --> 01:42:53,600

so if you look in their mythology it

3039

01:42:58,149 --> 01:42:56,560

meshes very well with these

3040

01:43:00,550 --> 01:42:58,159

with these accounts you know i mean so

3041

01:43:01,910 --> 01:43:00,560

and again is that because just chance or

3042

01:43:03,350 --> 01:43:01,920

did they get that information from the

3043

01:43:04,629 --> 01:43:03,360

probe from the or it may not be

3044

01:43:06,229 --> 01:43:04,639

appropriate because it's a life form an

3045

01:43:08,070 --> 01:43:06,239

ai being or whatever we want to call it

3046

01:43:10,870 --> 01:43:08,080

but did they get that information from

3047

01:43:12,950 --> 01:43:10,880

that being possibly right because if

3048

01:43:14,629 --> 01:43:12,960

they've had these objects since the dawn

3049

01:43:16,149 --> 01:43:14,639

of time and that these things can talk

3050

01:43:17,510 --> 01:43:16,159

to you and just you know put information

3051

01:43:19,030 --> 01:43:17,520

into your head that puts a different

3052

01:43:20,790 --> 01:43:19,040

slant in a lot of these aboriginal

3053

01:43:22,709 --> 01:43:20,800

stories right and they have all these

3054

01:43:23,590 --> 01:43:22,719

legends of beings from the pleiades that

3055

01:43:25,990 --> 01:43:23,600

came

3056

01:43:28,550 --> 01:43:26,000

in fact the the oldest account of the

3057

01:43:30,390 --> 01:43:28,560

seven sisters and the orion the hunter

3058

01:43:32,629 --> 01:43:30,400

chasing them comes from aboriginal

3059

01:43:34,550 --> 01:43:32,639

australia right not the greek yeah it's

3060

01:43:35,750 --> 01:43:34,560

really it's really an amazing culture if

3061

01:43:36,950 --> 01:43:35,760

you study it

3062

01:43:38,870 --> 01:43:36,960

but yeah also you know you think about

3063

01:43:41,189 --> 01:43:38,880

that what's the chances that the greek

3064

01:43:43,669 --> 01:43:41,199

myth you know they look up and see those

3065

01:43:46,070 --> 01:43:43,679

stars as being seven sisters with a

3066

01:43:47,910 --> 01:43:46,080

hunter orion chasing them and then all

3067

01:43:49,990 --> 01:43:47,920

the way down in australia thousands of

3068

01:43:51,990 --> 01:43:50,000

years before they say the same thing is

3069

01:43:53,270 --> 01:43:52,000

that just coincidence i think not you

3070

01:43:55,830 --> 01:43:53,280

know i think that obviously is a common

3071

01:43:57,189 --> 01:43:55,840

source a route to this information and

3072

01:43:58,870 --> 01:43:57,199

that you have the same narrative which

3073

01:43:59,830 --> 01:43:58,880

they have is that basically you've got

3074

01:44:02,229 --> 01:43:59,840

two different groups of

3075

01:44:03,990 --> 01:44:02,239

extraterrestrials one is linked to orion

3076

01:44:06,070 --> 01:44:04,000

one is linked to the pleiades there's

3077

01:44:08,310 --> 01:44:06,080

animosity between them and that's why

3078

01:44:09,510 --> 01:44:08,320

you have in their story that orion is

3079

01:44:11,750 --> 01:44:09,520

chasing the pleiades and because this

3080

01:44:13,750 --> 01:44:11,760

actually comes out in this download says

3081

01:44:16,070 --> 01:44:13,760

the other group are from orion there's

3082

01:44:18,229 --> 01:44:16,080

hostilities between them there has been

3083

01:44:20,470 --> 01:44:18,239

hot war between them in the past it's

3084

01:44:22,149 --> 01:44:20,480

more like you know a cold war by the

3085

01:44:23,350 --> 01:44:22,159

point of this event although the ship is

3086

01:44:25,669 --> 01:44:23,360

destroyed

3087

01:44:26,790 --> 01:44:25,679

so this is a whole other aspect to it

3088

01:44:29,030 --> 01:44:26,800

that there's been

3089

01:44:30,629 --> 01:44:29,040

cosmic wars that raged across the galaxy

3090

01:44:33,669 --> 01:44:30,639

and stuff that we have you know long

3091

01:44:35,750 --> 01:44:33,679

before we had got out from you know

3092

01:44:37,350 --> 01:44:35,760

spanning two stones together and that

3093

01:44:40,070 --> 01:44:37,360

you know we we have come out of a much

3094

01:44:41,510 --> 01:44:40,080

bigger cosmic story that is going on you

3095

01:44:43,350 --> 01:44:41,520

know in the background

3096

01:44:45,030 --> 01:44:43,360

is it still going on hard to say i mean

3097

01:44:46,629 --> 01:44:45,040

people still say in these contact events

3098

01:44:49,189 --> 01:44:46,639

that they're told things like that but

3099

01:44:51,590 --> 01:44:49,199

certainly 700 780 000 years ago it

3100

01:44:53,990 --> 01:44:51,600

appears it was um i don't know you know

3101

01:44:55,430 --> 01:44:54,000

today obviously it does explain look in

3102

01:44:56,709 --> 01:44:55,440

some respects if you take this and say

3103

01:44:57,669 --> 01:44:56,719

okay well this is

3104

01:45:00,149 --> 01:44:57,679

you know it's got some evidence

3105

01:45:01,669 --> 01:45:00,159

supporting it it makes sense of

3106

01:45:03,750 --> 01:45:01,679

a lot of the things that people do have

3107

01:45:05,510 --> 01:45:03,760

in contact experiences today you know

3108

01:45:06,790 --> 01:45:05,520

for a start i mean there's a lot of

3109

01:45:08,550 --> 01:45:06,800

people saying that they you know have

3110

01:45:09,510 --> 01:45:08,560

beings from the pleiades talk to them or

3111

01:45:12,390 --> 01:45:09,520

there's a lot of people that have a

3112

01:45:14,470 --> 01:45:12,400

connection with orion um there is talk

3113

01:45:16,790 --> 01:45:14,480

of some kind of cosmic war out there

3114

01:45:18,229 --> 01:45:16,800

that goes on yeah in fact you know the

3115

01:45:20,470 --> 01:45:18,239

[h__\h] the idea of ships falling from the

3116

01:45:21,830 --> 01:45:20,480

sky you know that you know why would

3117

01:45:23,590 --> 01:45:21,840

your advanced ships just fall from the

3118

01:45:24,870 --> 01:45:23,600

sky you know that if that's real why is

3119

01:45:27,109 --> 01:45:24,880

it the alien ships just fall out of the

3120

01:45:28,950 --> 01:45:27,119

sky on fire right unless someone shot

3121

01:45:31,430 --> 01:45:28,960

them out this guy you know are we saying

3122

01:45:33,590 --> 01:45:31,440

there are primitive weapons really we're

3123

01:45:36,229 --> 01:45:33,600

taking down alien ships or something in

3124

01:45:38,070 --> 01:45:36,239

the 19 you know in the 1940s it seems a

3125

01:45:38,870 --> 01:45:38,080

stretch you know if there's a real craft

3126

01:45:40,870 --> 01:45:38,880

again

3127

01:45:43,030 --> 01:45:40,880

you know if they are really crashing and

3128

01:45:44,229 --> 01:45:43,040

there's real alien croc i would suggest

3129

01:45:46,070 --> 01:45:44,239

they would take a technology a bit

3130

01:45:47,750 --> 01:45:46,080

beyond our you know our machine guns or

3131

01:45:49,830 --> 01:45:47,760

something to bring them down right yeah

3132

01:45:51,669 --> 01:45:49,840

so you're probably right well listen

3133

01:45:53,830 --> 01:45:51,679

you've given us you've given us a great

3134

01:45:55,189 --> 01:45:53,840

deal of things to think about can you do

3135

01:45:58,950 --> 01:45:55,199

you want to tell my listeners where they

3136

01:46:00,950 --> 01:45:58,960

can get your books and uh contact you

3137

01:46:03,990 --> 01:46:00,960

yeah sure i mean it's um the new book's

3138

01:46:06,310 --> 01:46:04,000

coming out in june and that's exogenesis

3139

01:46:08,310 --> 01:46:06,320

which will be basically available on

3140

01:46:10,149 --> 01:46:08,320

amazon and bookstores you know some with

3141

01:46:12,790 --> 01:46:10,159

the us publisher but at the moment they

3142

01:46:14,790 --> 01:46:12,800

can certainly get hold of my two most

3143

01:46:17,430 --> 01:46:14,800

recent books which is the forgotten

3144

01:46:18,950 --> 01:46:17,440

exodus the into africa theory of human

3145

01:46:21,590 --> 01:46:18,960

evolution which doesn't really tackle

3146

01:46:23,270 --> 01:46:21,600

aliens but is more a rewrite of the

3147

01:46:24,950 --> 01:46:23,280

reason out of africa and the story of

3148

01:46:25,910 --> 01:46:24,960

neanderthals denisovans not they all

3149

01:46:27,350 --> 01:46:25,920

find that

3150

01:46:28,550 --> 01:46:27,360

quite a different

3151

01:46:31,109 --> 01:46:28,560

narrative to the one they've heard from

3152

01:46:32,470 --> 01:46:31,119

the mainstream but completely based on

3153

01:46:33,910 --> 01:46:32,480

mainstream science you know

3154

01:46:34,790 --> 01:46:33,920

peer-reviewed papers all the rest of

3155

01:46:36,550 --> 01:46:34,800

that but

3156

01:46:38,229 --> 01:46:36,560

a rewriting of that is in there the

3157

01:46:40,310 --> 01:46:38,239

forward is by graham hancock you know in

3158

01:46:42,070 --> 01:46:40,320

which he says he knows the potential to

3159

01:46:43,350 --> 01:46:42,080

rewrite our own style of human history

3160

01:46:44,870 --> 01:46:43,360

which is obviously a glowing

3161

01:46:48,070 --> 01:46:44,880

recommendation from him

3162

01:46:49,750 --> 01:46:48,080

um in fact your exogenesis has a forward

3163

01:46:51,189 --> 01:46:49,760

from eric von daniken in which he says

3164

01:46:53,990 --> 01:46:51,199

that it should become you know a

3165

01:46:56,070 --> 01:46:54,000

textbook in schools um so i'm really

3166

01:46:58,229 --> 01:46:56,080

pleased at that that both books have got

3167

01:46:59,990 --> 01:46:58,239

you know i guess the most prominent

3168

01:47:02,470 --> 01:47:00,000

person in those respective fields to

3169

01:47:05,430 --> 01:47:02,480

actually comment on them um and then

3170

01:47:06,470 --> 01:47:05,440

hybrid humans um

3171

01:47:07,830 --> 01:47:06,480

sorry

3172

01:47:09,990 --> 01:47:07,840

evidence of our scientific evidence of

3173

01:47:12,310 --> 01:47:10,000

our 800 000 year old alien legacy they

3174

01:47:14,390 --> 01:47:12,320

can get from either on amazon or my

3175

01:47:16,550 --> 01:47:14,400

website hybridhumans.net

3176

01:47:19,350 --> 01:47:16,560

and they can get a download of that as a

3177

01:47:20,550 --> 01:47:19,360

as a kindle or pdf at the moment um so

3178

01:47:22,070 --> 01:47:20,560

yeah i mean if any of those and

3179

01:47:26,709 --> 01:47:22,080

obviously if they want to follow me i'd

3180

01:47:28,790 --> 01:47:26,719

suggest twitter where i am exogenesis hh

3181

01:47:31,910 --> 01:47:28,800

is my handle there um that's the best

3182

01:47:35,270 --> 01:47:31,920

one i'm on facebook and my website's

3183

01:47:37,030 --> 01:47:35,280

bruce fenton.info ancientnews.net

3184

01:47:47,350 --> 01:47:37,040

and again hybridhumans.net so they can

3185

01:47:51,830 --> 01:47:49,590

i want to thank my guest tonight

3186

01:47:54,470 --> 01:47:51,840

bruce fenton what an amazing

3187

01:47:55,910 --> 01:47:54,480

conversation

3188

01:47:58,149 --> 01:47:55,920

i'll be thinking about some of the

3189

01:48:02,070 --> 01:47:58,159

things we talked about for quite some

3190

01:48:06,310 --> 01:48:04,470

i'm gonna look a little deeper into some

3191

01:48:10,390 --> 01:48:06,320

of these things

3192

01:48:15,910 --> 01:48:12,950

sometimes the search for truth is its

3193

01:48:24,550 --> 01:48:15,920

own reward

3194

01:48:31,109 --> 01:48:28,229

oftentimes on the show friends i end my

3195

01:48:32,629 --> 01:48:31,119

broadcast by mentioning that our time is

3196

01:48:34,310 --> 01:48:32,639

running short

3197

01:48:37,189 --> 01:48:34,320

and it would appear

3198

01:48:40,149 --> 01:48:37,199

that our time on the midnight hour show

3199

01:48:42,550 --> 01:48:40,159

is truly running short

3200

01:48:45,750 --> 01:48:42,560

there are just four more episodes of the

3201

01:48:46,790 --> 01:48:45,760

midnight hour show to go

3202

01:48:49,760 --> 01:48:46,800

before

3203

01:48:52,870 --> 01:48:49,770

we end this journey and begin a new one

3204

01:48:55,350 --> 01:48:52,880

[Music]

3205

01:48:58,070 --> 01:48:55,360

i started this show

3206

01:49:01,510 --> 01:48:58,080

four years ago

3207

01:49:02,950 --> 01:49:01,520

and since then i have done my very best

3208

01:49:04,790 --> 01:49:02,960

to

3209

01:49:08,790 --> 01:49:04,800

search for the truth

3210

01:49:14,310 --> 01:49:08,800

and bring you my friends along with me

3211

01:49:19,750 --> 01:49:16,709

every journey has a start

3212

01:49:24,070 --> 01:49:19,760

and so i suppose every journey must

3213

01:49:28,950 --> 01:49:26,950

i cannot tell you how much

3214

01:49:29,940 --> 01:49:28,960

being able to do this show has meant to

3215

01:49:31,669 --> 01:49:29,950

me

3216

01:49:33,910 --> 01:49:31,679

[Music]

3217

01:49:36,149 --> 01:49:33,920

doing this show really kept me going

3218

01:49:38,390 --> 01:49:36,159

really kept me motivated

3219

01:49:40,390 --> 01:49:38,400

i had to keep searching

3220

01:49:43,830 --> 01:49:40,400

and share the journey

3221

01:49:47,350 --> 01:49:43,840

with my friends

3222

01:49:50,550 --> 01:49:47,360

they say the journey is its own reward

3223

01:49:53,589 --> 01:49:50,560

i believe that

3224

01:49:55,030 --> 01:49:53,599

i would not trade this experience

3225

01:49:57,830 --> 01:49:55,040

for anything

3226

01:50:00,629 --> 01:49:57,840

the people i've gotten to meet

3227

01:50:03,030 --> 01:50:00,639

the answers that i have went looking for

3228

01:50:05,669 --> 01:50:03,040

and actually found

3229

01:50:06,480 --> 01:50:05,679

what an amazing journey it has been

3230

01:50:08,070 --> 01:50:06,490

friends

3231

01:50:10,149 --> 01:50:08,080

[Music]

3232

01:50:14,070 --> 01:50:10,159

but i'm looking forward to new

3233

01:50:15,300 --> 01:50:14,080

challenges new mountains to climb

3234

01:50:16,550 --> 01:50:15,310

new questions

3235

01:50:20,310 --> 01:50:16,560

[Music]

3236

01:50:22,229 --> 01:50:20,320

and new answers to search for

3237

01:50:24,950 --> 01:50:22,239

i want to thank my friends at the fringe

3238

01:50:27,750 --> 01:50:24,960

fm who welcomed me into their fold and

3239

01:50:31,589 --> 01:50:27,760

did an amazing job helping me grow this

3240

01:50:33,990 --> 01:50:31,599

thing into something more than it was

3241

01:50:35,189 --> 01:50:34,000

having an outlet for the things i was

3242

01:50:37,669 --> 01:50:35,199

working on

3243

01:50:39,430 --> 01:50:37,679

it just meant everything to me

3244

01:50:42,790 --> 01:50:39,440

there was a place

3245

01:50:44,310 --> 01:50:42,800

that wanted to hear what i was doing

3246

01:50:46,810 --> 01:50:44,320

that would help me

3247

01:50:48,629 --> 01:50:46,820

bridge the gap and get to more listeners

3248

01:50:49,850 --> 01:50:48,639

[Music]

3249

01:50:51,189 --> 01:50:49,860

and now my friends

3250

01:50:54,070 --> 01:50:51,199

[Music]

3251
01:50:57,270 --> 01:50:54,080
the journey's gonna continue we have

3252
01:50:58,850 --> 01:50:57,280
four more episodes of the midnight hour

3253
01:51:00,070 --> 01:50:58,860
show to go

3254
01:51:02,310 --> 01:51:00,080
[Music]

3255
01:51:10,550 --> 01:51:02,320
and i hope that you will join me for

3256
01:51:14,629 --> 01:51:12,310
well friends i want to thank you for

3257
01:51:18,550 --> 01:51:14,639
once again joining us here on the

3258
01:51:23,030 --> 01:51:20,470
coming up on our show friends we have

3259
01:51:25,910 --> 01:51:23,040
some amazing interviews

3260
01:51:28,310 --> 01:51:25,920
uh i have an interview with john mcafee

3261
01:51:31,430 --> 01:51:28,320
an interview with cliff high and an

3262
01:51:34,390 --> 01:51:31,440
interview with walter bosley ready to go

3263
01:51:36,229 --> 01:51:34,400

for the next few episodes

3264

01:51:38,310 --> 01:51:36,239

i gotta tell you friends

3265

01:51:40,790 --> 01:51:38,320

maybe i saved the best for last because

3266

01:51:43,270 --> 01:51:40,800

these interviews are really

3267

01:51:46,070 --> 01:51:43,280

really good and i cannot wait to share

3268

01:51:48,229 --> 01:51:46,080

them with you my friends

3269

01:51:50,390 --> 01:51:48,239

please do take a moment to like our

3270

01:51:53,270 --> 01:51:50,400

facebook page just search for the

3271

3272

01:51:58,310 --> 01:51:56,080

and also be sure to subscribe to our

3273

01:52:01,109 --> 01:51:58,320

youtube channel which is youtube

3274

01:52:04,070 --> 01:52:01,119

backslash stephen kambian there you will

3275

01:52:05,669 --> 01:52:04,080

find the archives of all of our

3276

01:52:08,629 --> 01:52:05,679

shows

3277

01:52:10,229 --> 01:52:08,639

and we're amazingly almost all caught up

3278

01:52:12,709 --> 01:52:10,239

now uh

3279

01:52:14,950 --> 01:52:12,719

i think there's one to go

3280

01:52:17,669 --> 01:52:14,960

which would be this one

3281

01:52:20,629 --> 01:52:17,679

to upload but be sure to subscribe at

3282

01:52:23,030 --> 01:52:20,639

youtube backslash stephencambion

3283

01:52:25,830 --> 01:52:23,040

i would really appreciate that

3284

01:52:28,629 --> 01:52:25,840

also you could visit us on patreon we
