00:00:26,230 --> 00:00:00,630

[Music]

2
00:00:32,630 --> 00:00:29,429
greetings and salutations friends

3
00:00:35,110 --> 00:00:32,640
welcome back to the midnight hours show

4
00:00:37,270 --> 00:00:35,120
tonight our guest will be author

5
00:00:39,030 --> 00:00:37,280
lecturer and researcher

6
00:00:41,190 --> 00:00:39,040
walter bosley

7
00:00:42,630 --> 00:00:41,200
he's standing by on the mystery phone

8
00:00:45,590 --> 00:00:42,640
let's get

9
00:00:48,229 --> 00:00:45,600
into it what was the topic tonight i

10
00:00:50,950 --> 00:00:48,239
forgot tonight the top mentioned it i

11
00:00:55,350 --> 00:00:50,960
would like to talk to you about

12
00:01:00,229 --> 00:00:58,150
allow me to then pull my book off the

13
00:01:03,029 --> 00:01:00,239

shelf so i have it handy in case i want

14

00:01:05,189 --> 00:01:03,039

to refer to it yeah and this is the book

15

00:01:24,310 --> 00:01:05,199

okay

16

00:01:29,109 --> 00:01:24,320

so

17

00:01:31,990 --> 00:01:29,119

the two

18

00:01:34,230 --> 00:01:32,000

well really there's a there's like

19

00:01:35,950 --> 00:01:34,240

the weather balloon explanation or the

20

00:01:39,270 --> 00:01:35,960

mogul explanation there's the

21

00:01:40,310 --> 00:01:39,280

extraterrestrial explanation

22

00:01:42,630 --> 00:01:40,320

uh

23

00:01:46,149 --> 00:01:42,640

you have quite a different theory that

24

00:01:49,030 --> 00:01:46,159

i've never heard anywhere else

25

00:01:49,990 --> 00:01:49,040

well that's good for me

26

00:01:52,069 --> 00:01:50,000

i guess

27

00:01:53,990 --> 00:01:52,079

at least that means you have a unique uh

28

00:01:55,109 --> 00:01:54,000

perspective that i've never heard and

29

00:01:56,550 --> 00:01:55,119

that's why

30

00:01:58,230 --> 00:01:56,560

one of the major reasons that i wanted

31

00:02:00,469 --> 00:01:58,240

to talk to you besides being a fine

32

00:02:01,670 --> 00:02:00,479

author of many fine books

33

00:02:04,310 --> 00:02:01,680

thank you

34

00:02:05,749 --> 00:02:04,320

so i wanted to see about this theory

35

00:02:07,830 --> 00:02:05,759

like what

36

00:02:10,949 --> 00:02:07,840

is your theory of what the roswell

37

00:02:15,750 --> 00:02:13,910

in a nutshell in a sentence

38

00:02:18,150 --> 00:02:15,760

i think

39

00:02:20,550 --> 00:02:18,160

and i'm i'm very confident in this but

40

00:02:24,150 --> 00:02:20,560

it is just my hypothesis

41

00:02:25,830 --> 00:02:24,160

based on history but in a sentence um i

42

00:02:27,030 --> 00:02:25,840

think what we know as the roswell

43

00:02:28,229 --> 00:02:27,040

incident

44

00:02:30,390 --> 00:02:28,239

was

45

00:02:36,150 --> 00:02:30,400

a result of the first

46

00:02:39,910 --> 00:02:37,830

well they did have all the paper clip

47

00:02:42,070 --> 00:02:39,920

guys there right

48

00:02:44,949 --> 00:02:42,080

they had the right people

49

00:02:47,350 --> 00:02:44,959

in the same place at the same time

50

00:02:48,790 --> 00:02:47,360

they had a bunch of money

51

00:02:51,190 --> 00:02:48,800

they had

52

00:02:53,030 --> 00:02:51,200

uh you know all the secrecy they could

53

00:02:56,309 --> 00:02:53,040

hope for

54

00:02:57,589 --> 00:02:56,319

and i for me it's a no-brainer when you

55

00:02:58,869 --> 00:02:57,599

look at

56

00:03:01,430 --> 00:02:58,879

the history

57

00:03:03,750 --> 00:03:01,440

of what the us army air corps which

58

00:03:04,949 --> 00:03:03,760

became the us air force what what they

59

00:03:07,030 --> 00:03:04,959

were doing

60

00:03:09,110 --> 00:03:07,040

that actually led up

61

00:03:10,869 --> 00:03:09,120

to operation paper clip a lot of people

62

00:03:12,949 --> 00:03:10,879

think that operation pay-per-click was

63

00:03:15,110 --> 00:03:12,959

primarily and all about

64

00:03:18,229 --> 00:03:15,120

developing the bomb

65

00:03:19,990 --> 00:03:18,239

that's not the case

66

00:03:20,869 --> 00:03:20,000

technology right

67

00:03:23,750 --> 00:03:20,879

well

68

00:03:26,070 --> 00:03:23,760

we wanted the rocket technology but

69

00:03:29,030 --> 00:03:26,080

um

70

00:03:32,470 --> 00:03:29,040

operation paperclip was the brainchild

71

00:03:34,630 --> 00:03:32,480

of colonel harry armstrong and other us

72

00:03:35,990 --> 00:03:34,640

army air corps officers who were

73

00:03:39,589 --> 00:03:36,000

specifically

74

00:03:43,190 --> 00:03:39,599

aerospace medicine division officers and

75

00:03:44,869 --> 00:03:43,200

they were specifically involved with the

76

00:03:46,949 --> 00:03:44,879

pursuit of

77

00:03:49,270 --> 00:03:46,959

first of all putting man into high

78

00:03:52,070 --> 00:03:49,280

altitude flight but these guys

79

00:03:53,509 --> 00:03:52,080

very in particular wanted to put man in

80

00:03:55,830 --> 00:03:53,519

space they were already thinking about

81

00:03:58,309 --> 00:03:55,840

putting humans in space dating back to

82

00:04:00,550 --> 00:03:58,319

the 19 late 20s and 30s i mean that was

83

00:04:02,710 --> 00:04:00,560

von braun's that was von braun's main

84

00:04:05,429 --> 00:04:02,720

interest in rockets he didn't really

85

00:04:08,070 --> 00:04:05,439

want to be making those those bombs for

86

00:04:09,750 --> 00:04:08,080

hitler but he wanted to put men in space

87

00:04:11,589 --> 00:04:09,760

with rockets

88

00:04:13,030 --> 00:04:11,599

exactly exactly and

89

00:04:15,110 --> 00:04:13,040

the german

90

00:04:17,830 --> 00:04:15,120

aerospace medicine guys

91

00:04:20,550 --> 00:04:17,840

were pursuing the same thing

92

00:04:22,150 --> 00:04:20,560

and armstrong and the u.s guys knew all

93

00:04:24,870 --> 00:04:22,160

these german

94

00:04:26,790 --> 00:04:24,880

aerospace medicine guys before the war

95

00:04:30,310 --> 00:04:26,800

they all respected each other each

96

00:04:32,150 --> 00:04:30,320

other's work unfortunately and this is a

97

00:04:34,790 --> 00:04:32,160

big unfortunately

98

00:04:37,189 --> 00:04:34,800

through the course of the war

99

00:04:39,030 --> 00:04:37,199

we learned what the germans were doing

100

00:04:41,189 --> 00:04:39,040

to test their theories they were putting

101
00:04:43,670 --> 00:04:41,199
human beings in altitude chambers

102
00:04:45,990 --> 00:04:43,680
without pressure suits

103
00:04:49,430 --> 00:04:46,000
and all sorts of other

104
00:04:52,310 --> 00:04:50,550
gruesome

105
00:04:54,070 --> 00:04:52,320
kinds of experimentations and getting

106
00:04:56,629 --> 00:04:54,080
that on film and such

107
00:04:57,909 --> 00:04:56,639
and that did come out later in fact my

108
00:04:59,749 --> 00:04:57,919
dad saw

109
00:05:02,150 --> 00:04:59,759
some of those films in the 50s when he

110
00:05:03,029 --> 00:05:02,160
was he was in the aerospace medicine

111
00:05:05,189 --> 00:05:03,039
uh

112
00:05:08,310 --> 00:05:05,199
section of the command of the united

113
00:05:11,189 --> 00:05:08,320

states air force with what he did but

114

00:05:13,110 --> 00:05:11,199

so here you had the operation paperclip

115

00:05:15,110 --> 00:05:13,120

guys who were

116

00:05:17,029 --> 00:05:15,120

the first guys that were identified for

117

00:05:19,670 --> 00:05:17,039

operation paperclip were the aerospace

118

00:05:22,550 --> 00:05:19,680

medicine guys devoted germans devoted to

119

00:05:24,710 --> 00:05:22,560

putting human beings in space and that's

120

00:05:27,510 --> 00:05:24,720

what the us guys wanted to do

121

00:05:30,150 --> 00:05:27,520

so yeah we wanted the rocket guys for

122

00:05:32,550 --> 00:05:30,160

obvious reasons yeah we wanted the bomb

123

00:05:35,749 --> 00:05:32,560

guys for obvious reasons but the real

124

00:05:38,469 --> 00:05:35,759

motivation for um colonel armstrong and

125

00:05:41,270 --> 00:05:38,479

the others was to get these guys here

126
00:05:44,150 --> 00:05:41,280
to advance our high altitude and then

127
00:05:45,510 --> 00:05:44,160
outer space flight pursuits and these

128
00:05:46,870 --> 00:05:45,520
were the guys

129
00:05:50,469 --> 00:05:46,880
that we had

130
00:05:53,350 --> 00:05:50,479
all gathered there in 1947

131
00:05:56,309 --> 00:05:53,360
in new mexico and so

132
00:05:57,590 --> 00:05:56,319
you know this is why you you just can't

133
00:05:59,430 --> 00:05:57,600
ignore

134
00:06:02,710 --> 00:05:59,440
this possibility

135
00:06:04,710 --> 00:06:02,720
because of these circumstances

136
00:06:06,309 --> 00:06:04,720
well it's interesting though that

137
00:06:09,430 --> 00:06:06,319
though we get a lot of stories about

138
00:06:11,510 --> 00:06:09,440

aliens and uh flying saucer pieces being

139

00:06:13,110 --> 00:06:11,520

retrieved and things like that

140

00:06:16,950 --> 00:06:13,120

we don't get a lot of

141

00:06:20,790 --> 00:06:16,960

uh stories about a secret space program

142

00:06:22,870 --> 00:06:20,800

that they were developing there

143

00:06:25,189 --> 00:06:22,880

of course not because

144

00:06:27,110 --> 00:06:25,199

um i think that's the real secret i

145

00:06:31,189 --> 00:06:27,120

think that's why the

146

00:06:34,230 --> 00:06:31,199

the et story was allowed to uh go out of

147

00:06:37,270 --> 00:06:34,240

proportion i think that's why even

148

00:06:40,469 --> 00:06:37,280

subsequently the uh the weather balloon

149

00:06:43,510 --> 00:06:40,479

and the mogul target balloon issue and

150

00:06:46,309 --> 00:06:43,520

uh reading the nuclear wind

151

00:06:48,710 --> 00:06:46,319

program all that was put forward not

152

00:06:50,150 --> 00:06:48,720

that those things weren't real we know

153

00:06:52,230 --> 00:06:50,160

they were doing the weather balloons we

154

00:06:53,830 --> 00:06:52,240

know they were doing project mobile and

155

00:06:56,230 --> 00:06:53,840

all those things

156

00:06:58,550 --> 00:06:56,240

of course we know it's ridiculous right

157

00:07:00,469 --> 00:06:58,560

that uh it would explain

158

00:07:03,350 --> 00:07:00,479

you know roswell

159

00:07:05,830 --> 00:07:03,360

um

160

00:07:10,070 --> 00:07:05,840

i i think that because

161

00:07:11,670 --> 00:07:10,080

this was the in in my opinion the first

162

00:07:12,710 --> 00:07:11,680

actual

163

00:07:14,710 --> 00:07:12,720

step

164

00:07:16,390 --> 00:07:14,720

towards putting

165

00:07:19,510 --> 00:07:16,400

human beings in space

166

00:07:21,830 --> 00:07:19,520

it became the first um

167

00:07:22,710 --> 00:07:21,840

action towards our classified space

168

00:07:25,110 --> 00:07:22,720

program

169

00:07:27,270 --> 00:07:25,120

okay the the you know legendary secret

170

00:07:29,110 --> 00:07:27,280

space program because when you get into

171

00:07:31,029 --> 00:07:29,120

the 50s when the air corps becomes the

172

00:07:33,350 --> 00:07:31,039

united states air force

173

00:07:34,790 --> 00:07:33,360

you have a guy otis benson

174

00:07:36,629 --> 00:07:34,800

who's the commander of the aerospace

175

00:07:38,710 --> 00:07:36,639

medicine division he was one of the guys

176

00:07:39,589 --> 00:07:38,720

involved with colonel armstrong in

177

00:07:42,309 --> 00:07:39,599

making

178

00:07:45,110 --> 00:07:42,319

paperclip happen in in bringing these

179

00:07:46,629 --> 00:07:45,120

german aerospace medicine guys to the

180

00:07:50,629 --> 00:07:46,639

united states so

181

00:07:52,550 --> 00:07:50,639

he was very much involved in that and

182

00:07:53,589 --> 00:07:52,560

no one more than noticed benson in those

183

00:07:56,070 --> 00:07:53,599

days

184

00:07:59,270 --> 00:07:56,080

pushed the air force towards

185

00:08:02,869 --> 00:07:59,280

putting humans in space um

186

00:08:05,110 --> 00:08:02,879

benson was a major proponent

187

00:08:06,629 --> 00:08:05,120

of that and that's really when you look

188

00:08:08,150 --> 00:08:06,639

at the aerospace medicine division when

189

00:08:10,950 --> 00:08:08,160

you look what the air force was doing

190

00:08:14,230 --> 00:08:10,960

with anything with high altitude yeah it

191

00:08:16,550 --> 00:08:14,240

served um the uh the high altitude air

192

00:08:17,830 --> 00:08:16,560

crews on the bombers and such absolutely

193

00:08:19,430 --> 00:08:17,840

of course it did

194

00:08:21,909 --> 00:08:19,440

but the goal

195

00:08:23,749 --> 00:08:21,919

from the beginning and all through that

196

00:08:25,670 --> 00:08:23,759

was actually human beings in space with

197

00:08:27,029 --> 00:08:25,680

the space program now a lot of people

198

00:08:30,390 --> 00:08:27,039

don't know

199

00:08:31,189 --> 00:08:30,400

that before nasa the u.s air force

200

00:08:33,829 --> 00:08:31,199

had

201
00:08:35,750 --> 00:08:33,839
the space program in fact the mercury

202
00:08:37,589 --> 00:08:35,760
program which the movie the right stuff

203
00:08:39,750 --> 00:08:37,599
of course

204
00:08:41,670 --> 00:08:39,760
and we all know those of us of a certain

205
00:08:43,430 --> 00:08:41,680
age particularly you know remember you

206
00:08:45,110 --> 00:08:43,440
know those seven astronauts and the

207
00:08:47,110 --> 00:08:45,120
little the little black capsule that

208
00:08:49,829 --> 00:08:47,120
only held one guy and it put americans

209
00:08:52,870 --> 00:08:49,839
in space that actual program by name

210
00:08:55,269 --> 00:08:52,880
mercury was an air force program

211
00:08:59,509 --> 00:08:55,279
the nasa was stood up the government

212
00:09:01,990 --> 00:08:59,519
stood nasa up in late 1958

213
00:09:04,630 --> 00:09:02,000

and we are told that they the air force

214

00:09:07,430 --> 00:09:04,640

was told to hand all of mercury over to

215

00:09:08,550 --> 00:09:07,440

nasa it became a civilian program well i

216

00:09:10,389 --> 00:09:08,560

see

217

00:09:11,829 --> 00:09:10,399

where

218

00:09:12,870 --> 00:09:11,839

it looks to me

219

00:09:13,990 --> 00:09:12,880

like

220

00:09:15,190 --> 00:09:14,000

nasa

221

00:09:17,910 --> 00:09:15,200

took the ball

222

00:09:19,910 --> 00:09:17,920

on a civilian version of mercury but we

223

00:09:22,870 --> 00:09:19,920

have no reason to believe that the air

224

00:09:25,590 --> 00:09:22,880

force did not continue pursuing

225

00:09:27,829 --> 00:09:25,600

uh a parallel program yeah that seems

226

00:09:30,150 --> 00:09:27,839

very plausible to me because if you've

227

00:09:31,670 --> 00:09:30,160

ever known anybody that has a good deal

228

00:09:33,990 --> 00:09:31,680

of power

229

00:09:36,070 --> 00:09:34,000

they don't give it up easily they don't

230

00:09:38,389 --> 00:09:36,080

just say okay the game's up we're just

231

00:09:40,230 --> 00:09:38,399

going to handle this especially if

232

00:09:41,990 --> 00:09:40,240

you're if you're really like one of

233

00:09:43,590 --> 00:09:42,000

these military guys who truly believes

234

00:09:45,110 --> 00:09:43,600

in your mission to protect the american

235

00:09:47,750 --> 00:09:45,120

people you're going to say there's

236

00:09:49,350 --> 00:09:47,760

military applications all over this and

237

00:09:50,550 --> 00:09:49,360

we're going to keep some of this to

238

00:09:51,829 --> 00:09:50,560

ourselves

239

00:09:54,389 --> 00:09:51,839

and you had to know the russians of

240

00:09:56,389 --> 00:09:54,399

course you know you had to assume if you

241

00:09:59,910 --> 00:09:56,399

were them that the russians were doing

242

00:10:01,190 --> 00:09:59,920

the same thing so this is why when i say

243

00:10:02,949 --> 00:10:01,200

people ask me

244

00:10:04,949 --> 00:10:02,959

walter was there a secret is there a

245

00:10:07,750 --> 00:10:04,959

secret space program and i say well yes

246

00:10:09,030 --> 00:10:07,760

i i think there is and i think it dates

247

00:10:10,630 --> 00:10:09,040

back to

248

00:10:13,030 --> 00:10:10,640

post-world war ii

249

00:10:16,470 --> 00:10:13,040

now when i hear these stories that it's

250

00:10:20,230 --> 00:10:16,480

some type of star fleet yeah

251
00:10:23,350 --> 00:10:20,240
we're we're gonna segue into that i yeah

252
00:10:25,509 --> 00:10:23,360
i noticed though you i have to say that

253
00:10:26,790 --> 00:10:25,519
you are very diplomatic in your

254
00:10:28,790 --> 00:10:26,800
criticism of some of these

255
00:10:30,710 --> 00:10:28,800
whack-a-doodle people out there telling

256
00:10:32,389 --> 00:10:30,720
stories about space battles with

257
00:10:35,269 --> 00:10:32,399
reptilian aliens

258
00:10:37,509 --> 00:10:35,279
where they time travel and you know uh

259
00:10:39,670 --> 00:10:37,519
speak to inner earth people and

260
00:10:41,990 --> 00:10:39,680
you can learn love and forgiveness for

261
00:10:44,389 --> 00:10:42,000
me for 333 dollars you're very

262
00:10:46,150 --> 00:10:44,399
diplomatic in your hand well those

263
00:10:47,030 --> 00:10:46,160

people but i want to ask you a serious

264

00:10:49,509 --> 00:10:47,040

question

265

00:10:51,670 --> 00:10:49,519

don't you think that that guy and people

266

00:10:54,870 --> 00:10:51,680

like that guy have

267

00:10:57,670 --> 00:10:54,880

destroyed and set back serious research

268

00:10:58,389 --> 00:10:57,680

into real the real secret space program

269

00:11:02,230 --> 00:10:58,399

that

270

00:11:04,949 --> 00:11:02,240

many serious researchers are sure exist

271

00:11:06,389 --> 00:11:04,959

well um thank you for noticing that i

272

00:11:08,949 --> 00:11:06,399

kind of uh

273

00:11:11,030 --> 00:11:08,959

notched back my approach to uh

274

00:11:13,430 --> 00:11:11,040

critiquing these guys because i didn't

275

00:11:17,030 --> 00:11:13,440

start out that way a couple of years ago

276

00:11:19,590 --> 00:11:17,040

i was pretty darn forward in literally

277

00:11:22,630 --> 00:11:19,600

throwing the bs flag at them and

278

00:11:24,949 --> 00:11:22,640

that's because of what you just said um

279

00:11:26,790 --> 00:11:24,959

i was i i attended

280

00:11:29,350 --> 00:11:26,800

um

281

00:11:31,910 --> 00:11:29,360

the 2014 secret space program conference

282

00:11:35,269 --> 00:11:31,920

in san mateo california and then i spoke

283

00:11:36,470 --> 00:11:35,279

at the 2015 one in bastrop texas outside

284

00:11:38,069 --> 00:11:36,480

of austin

285

00:11:39,910 --> 00:11:38,079

now at that

286

00:11:41,750 --> 00:11:39,920

ambassador oh let me give you a little

287

00:11:44,710 --> 00:11:41,760

background these particular secret space

288

00:11:45,990 --> 00:11:44,720

program conferences yes they featured

289

00:11:48,069 --> 00:11:46,000

researchers

290

00:11:52,150 --> 00:11:48,079

you know that

291

00:11:55,030 --> 00:11:52,160

try to do things on a scholarly basis

292

00:11:58,150 --> 00:11:55,040

and you know present footnoted books and

293

00:11:59,829 --> 00:11:58,160

present uh excitable sources yeah yes

294

00:12:02,710 --> 00:11:59,839

historical details they talk about the

295

00:12:05,509 --> 00:12:02,720

technology and it's more you know no pun

296

00:12:07,430 --> 00:12:05,519

intended um more down to earth than what

297

00:12:09,829 --> 00:12:07,440

you hear from the woo-woo stories and

298

00:12:11,750 --> 00:12:09,839

progress was being made with these

299

00:12:14,310 --> 00:12:11,760

conferences by the time we got to

300

00:12:17,190 --> 00:12:14,320

bastrop that was the third one and the

301
00:12:20,150 --> 00:12:17,200
audience was very enthusiastic at each

302
00:12:22,550 --> 00:12:20,160
one and had grown in size from one to

303
00:12:23,670 --> 00:12:22,560
the next so the bastrop audience was

304
00:12:25,829 --> 00:12:23,680
even bigger

305
00:12:28,629 --> 00:12:25,839
than the one in san mateo the year

306
00:12:30,470 --> 00:12:28,639
before now um

307
00:12:32,710 --> 00:12:30,480
this serious secret space program

308
00:12:34,790 --> 00:12:32,720
research and investigation was

309
00:12:37,910 --> 00:12:34,800
making headway was gaining ground and in

310
00:12:40,230 --> 00:12:37,920
2015 on the very first day i was a

311
00:12:42,550 --> 00:12:40,240
speaker on the first day and on our

312
00:12:43,350 --> 00:12:42,560
panel when they opened up the microphone

313
00:12:49,190 --> 00:12:43,360

to

314

00:12:51,590 --> 00:12:49,200

um the first person with the mic

315

00:12:53,910 --> 00:12:51,600

was a young woman who

316

00:12:57,829 --> 00:12:55,509

her question was

317

00:12:59,750 --> 00:12:57,839

uh have we heard of

318

00:13:02,150 --> 00:12:59,760

um

319

00:13:03,269 --> 00:13:02,160

well have we heard of corey good sure

320

00:13:04,710 --> 00:13:03,279

and

321

00:13:06,949 --> 00:13:04,720

basically it was how can you have an

322

00:13:07,750 --> 00:13:06,959

event like this without him being there

323

00:13:10,310 --> 00:13:07,760

now

324

00:13:11,509 --> 00:13:10,320

leading up to the first day of this

325

00:13:13,750 --> 00:13:11,519

event

326

00:13:17,110 --> 00:13:13,760

for about 30 days

327

00:13:19,030 --> 00:13:17,120

his camp his fans his followers were

328

00:13:20,949 --> 00:13:19,040

just hammering

329

00:13:22,470 --> 00:13:20,959

the comments section in the forum on

330

00:13:23,509 --> 00:13:22,480

this this

331

00:13:26,949 --> 00:13:23,519

event

332

00:13:29,670 --> 00:13:26,959

not invite him well

333

00:13:31,430 --> 00:13:29,680

because he's a fool but um

334

00:13:33,350 --> 00:13:31,440

so then he

335

00:13:36,150 --> 00:13:33,360

this was one of his ringers i

336

00:13:37,990 --> 00:13:36,160

subsequently identified this same woman

337

00:13:39,750 --> 00:13:38,000

at one of his mount shasta events

338

00:13:43,590 --> 00:13:39,760

because she's in the video

339

00:13:45,110 --> 00:13:43,600

okay great and um totally recognized her

340

00:13:47,590 --> 00:13:45,120

um

341

00:13:49,750 --> 00:13:47,600

and she was clearly a ringer and i love

342

00:13:52,389 --> 00:13:49,760

this story because he sends in like a

343

00:13:54,949 --> 00:13:52,399

brainwashed cult member of his to go ask

344

00:13:57,269 --> 00:13:54,959

why can't he play in your playground

345

00:13:59,189 --> 00:13:57,279

walter bosley

346

00:14:00,710 --> 00:13:59,199

and jay you know jay widener was on the

347

00:14:03,430 --> 00:14:00,720

stage he wasn't a speaker but he was

348

00:14:05,990 --> 00:14:03,440

sitting next to me he agreed paul yeah i

349

00:14:08,389 --> 00:14:06,000

know that's but paul laviolette was next

350

00:14:11,590 --> 00:14:08,399

to me joseph pearl was up on that stage

351

00:14:13,269 --> 00:14:11,600

um i think it was uh jay dyer and i

352

00:14:15,590 --> 00:14:13,279

don't know what catherine

353

00:14:19,189 --> 00:14:15,600

the point is it's quite it's quite a

354

00:14:21,430 --> 00:14:19,199

more more scholarly academic environment

355

00:14:22,949 --> 00:14:21,440

so for him to just expect to walk in

356

00:14:24,069 --> 00:14:22,959

there and tell his whack-a-doodle

357

00:14:25,990 --> 00:14:24,079

stories

358

00:14:27,910 --> 00:14:26,000

of time travel and

359

00:14:30,150 --> 00:14:27,920

spaceships landing in his backyard i

360

00:14:32,310 --> 00:14:30,160

love fact-checking him though like the

361

00:14:34,550 --> 00:14:32,320

guy said spaceships landed in his

362

00:14:36,710 --> 00:14:34,560

backyard so

363

00:14:39,269 --> 00:14:36,720

you know what i did i

364

00:14:41,269 --> 00:14:39,279

contacted his neighbors did anybody see

365

00:14:43,509 --> 00:14:41,279

a spaceship landing in this guy's

366

00:14:45,350 --> 00:14:43,519

backyard and they were shocked and

367

00:14:47,350 --> 00:14:45,360

amazed to hear that the galactic

368

00:14:48,949 --> 00:14:47,360

ambassador of earth lived next door to

369

00:14:51,430 --> 00:14:48,959

them for a time right

370

00:14:54,069 --> 00:14:51,440

and nobody saw the spaceships landing in

371

00:14:55,990 --> 00:14:54,079

his and it was a tiny backyard walter

372

00:14:59,350 --> 00:14:56,000

bosley

373

00:15:03,430 --> 00:15:01,670

saw this spaceship not the ones behind

374

00:15:05,829 --> 00:15:03,440

them on the sides of them nobody saw the

375

00:15:07,030 --> 00:15:05,839

spaceship but him it's fun well this

376

00:15:11,509 --> 00:15:07,040

wasn't

377

00:15:13,590 --> 00:15:11,519

to us that weekend that event um he

378

00:15:15,829 --> 00:15:13,600

tends to be very angry and bitter if

379

00:15:18,150 --> 00:15:15,839

he's not included in things and then he

380

00:15:20,310 --> 00:15:18,160

sends these drones to attack everyone in

381

00:15:23,269 --> 00:15:20,320

one form or yeah

382

00:15:25,189 --> 00:15:23,279

yeah while he and mr wilcock

383

00:15:28,389 --> 00:15:25,199

by monday

384

00:15:29,749 --> 00:15:28,399

the day after

385

00:15:31,990 --> 00:15:29,759

the bastrop

386

00:15:34,629 --> 00:15:32,000

event ended okay

387

00:15:38,150 --> 00:15:34,639

they were kicking off their own secret

388

00:15:40,790 --> 00:15:38,160

space program online conference okay and

389

00:15:41,990 --> 00:15:40,800

some of their people had stolen

390

00:15:45,189 --> 00:15:42,000

lifted

391

00:15:47,509 --> 00:15:45,199

the the graphics of the event

392

00:15:49,430 --> 00:15:47,519

that we were participating in

393

00:15:52,629 --> 00:15:49,440

and applied them to i mean they were

394

00:15:55,990 --> 00:15:52,639

doing crazy stuff like that so um that

395

00:15:58,069 --> 00:15:56,000

was my first interaction with the show i

396

00:15:59,670 --> 00:15:58,079

just want to put this out there if they

397

00:16:01,670 --> 00:15:59,680

running their fake conferences want to

398

00:16:04,550 --> 00:16:01,680

fake walter bosley to just come and

399

00:16:06,790 --> 00:16:04,560

spout nonsense for you know a thousand

400

00:16:09,189 --> 00:16:06,800

dollars of speaking fee i'll be the new

401
00:16:11,590 --> 00:16:09,199
fake walter bosley there you go

402
00:16:13,110 --> 00:16:11,600
i can give you notes yeah

403
00:16:14,949 --> 00:16:13,120
come on

404
00:16:16,870 --> 00:16:14,959
i need the money you know

405
00:16:17,670 --> 00:16:16,880
well what happened after that then

406
00:16:19,269 --> 00:16:17,680
though

407
00:16:21,269 --> 00:16:19,279
was

408
00:16:23,670 --> 00:16:21,279
unfortunately the guys that had run

409
00:16:25,350 --> 00:16:23,680
these secret space program conferences

410
00:16:27,110 --> 00:16:25,360
they focused on

411
00:16:29,509 --> 00:16:27,120
um they're from europe they're from the

412
00:16:31,749 --> 00:16:29,519
netherlands and alternative energy

413
00:16:33,829 --> 00:16:31,759

conferences are really big over there

414

00:16:36,870 --> 00:16:33,839

it's a it's bigger you know that's a

415

00:16:38,310 --> 00:16:36,880

bigger thing than you know ufos and ssp

416

00:16:40,470 --> 00:16:38,320

uh over here

417

00:16:43,829 --> 00:16:40,480

and so they focused on doing one of

418

00:16:44,790 --> 00:16:43,839

those and in that time in that next year

419

00:16:45,829 --> 00:16:44,800

well

420

00:16:54,870 --> 00:16:45,839

the

421

00:16:58,069 --> 00:16:54,880

know

422

00:17:00,470 --> 00:16:58,079

the mr wilcock um

423

00:17:01,590 --> 00:17:00,480

they were suddenly being pushed

424

00:17:03,670 --> 00:17:01,600

everywhere

425

00:17:05,669 --> 00:17:03,680

you know on all the venues and we know

426
00:17:07,669 --> 00:17:05,679
the venues we know the shows

427
00:17:08,870 --> 00:17:07,679
c2c all of them

428
00:17:13,270 --> 00:17:08,880
instead of

429
00:17:14,710 --> 00:17:13,280
uh paula violet

430
00:17:16,710 --> 00:17:14,720
joseph farrell

431
00:17:17,990 --> 00:17:16,720
uh michael schratt

432
00:17:20,069 --> 00:17:18,000
or

433
00:17:21,110 --> 00:17:20,079
catherine austin fitz

434
00:17:23,510 --> 00:17:21,120
they would have those people on there

435
00:17:24,870 --> 00:17:23,520
but instead of having them on or me they

436
00:17:27,110 --> 00:17:24,880
never asked me

437
00:17:29,110 --> 00:17:27,120
you know any of us to get on there and

438
00:17:30,230 --> 00:17:29,120

talk about real secret space program

439

00:17:32,150 --> 00:17:30,240

research

440

00:17:33,430 --> 00:17:32,160

they would have

441

00:17:36,789 --> 00:17:33,440

corey good

442

00:17:38,390 --> 00:17:36,799

yeah which was patently ridiculous but

443

00:17:40,549 --> 00:17:38,400

he was telling

444

00:17:43,909 --> 00:17:40,559

um the woo crowd what they wanted to

445

00:17:46,789 --> 00:17:43,919

hear and that gets good ratings and what

446

00:17:47,750 --> 00:17:46,799

happened was for the uh well for the

447

00:17:49,270 --> 00:17:47,760

next

448

00:17:51,430 --> 00:17:49,280

two years

449

00:17:54,230 --> 00:17:51,440

if secret space program was talked about

450

00:17:55,750 --> 00:17:54,240

anywhere it was that foolish

451
00:17:58,549 --> 00:17:55,760
fantasy

452
00:18:00,789 --> 00:17:58,559
starfleet nonsense

453
00:18:03,590 --> 00:18:00,799
and then of course the alleged

454
00:18:06,070 --> 00:18:03,600
whistleblowers that's another

455
00:18:08,710 --> 00:18:06,080
thing that you know we both know

456
00:18:11,909 --> 00:18:08,720
is ridiculous and that was being pushed

457
00:18:13,430 --> 00:18:11,919
along with this yes

458
00:18:15,270 --> 00:18:13,440
i gotta tell you and i can tell my

459
00:18:16,789 --> 00:18:15,280
listeners this like

460
00:18:19,190 --> 00:18:16,799
one of the things that was fascinating

461
00:18:20,950 --> 00:18:19,200
to me about david wilcock is that

462
00:18:23,590 --> 00:18:20,960
any time he opens his mouth that you can

463
00:18:26,150 --> 00:18:23,600

fact check him it turns out he's lying

464

00:18:28,789 --> 00:18:26,160

and i was kind of shocked at the level

465

00:18:31,590 --> 00:18:28,799

of which this guy is lying like this is

466

00:18:36,150 --> 00:18:31,600

the latest is that this pete peterson

467

00:18:37,750 --> 00:18:36,160

was murdered in a nursing home

468

00:18:39,830 --> 00:18:37,760

because he was going to tell david

469

00:18:42,789 --> 00:18:39,840

wilcock the alien truth

470

00:18:45,110 --> 00:18:42,799

and david wilcock is either too stupid

471

00:18:47,029 --> 00:18:45,120

or too lazy i don't know

472

00:18:50,390 --> 00:18:47,039

he doesn't realize that

473

00:18:52,470 --> 00:18:50,400

these things would be on record you

474

00:18:54,310 --> 00:18:52,480

can't just say that this guy was

475

00:18:57,029 --> 00:18:54,320

murdered in his nursing home david

476

00:18:58,470 --> 00:18:57,039

wilcock that's crazy

477

00:19:00,630 --> 00:18:58,480

and so

478

00:19:02,549 --> 00:19:00,640

i can i can tell you walter basil you're

479

00:19:04,070 --> 00:19:02,559

the first to hear this i called the

480

00:19:07,270 --> 00:19:04,080

nursing homes

481

00:19:10,470 --> 00:19:07,280

there has been no reported incidents of

482

00:19:12,950 --> 00:19:10,480

accidental injection no claims of murder

483

00:19:15,830 --> 00:19:12,960

nothing but normal run-of-the-mill old

484

00:19:18,230 --> 00:19:15,840

age deaths in that nursing home and if

485

00:19:19,750 --> 00:19:18,240

there was an incident like that they

486

00:19:22,150 --> 00:19:19,760

would have to report it to the

487

00:19:24,870 --> 00:19:22,160

authorities and the inspector general of

488

00:19:27,909 --> 00:19:24,880

idaho so i called the inspector general

489

00:19:29,669 --> 00:19:27,919

of idaho there's no reports of this

490

00:19:32,630 --> 00:19:29,679

and this is just ladies and gentlemen

491

00:19:35,190 --> 00:19:32,640

this is one lie in a video where he lies

492

00:19:37,430 --> 00:19:35,200

a hundred times i'm still going through

493

00:19:40,230 --> 00:19:37,440

the lies but maybe we'll get there

494

00:19:42,789 --> 00:19:40,240

someday well he and others like him will

495

00:19:45,510 --> 00:19:42,799

keep telling will keep saying

496

00:19:48,070 --> 00:19:45,520

whatever it is they want to say as long

497

00:19:49,830 --> 00:19:48,080

as it brings the cash in as long as

498

00:19:52,390 --> 00:19:49,840

people are donating

499

00:19:54,390 --> 00:19:52,400

and buying the tickets for this event in

500

00:19:55,909 --> 00:19:54,400

that event and buying whatever books

501

00:19:57,830 --> 00:19:55,919

they come out with

502

00:19:59,590 --> 00:19:57,840

you know guys like that just keep

503

00:20:02,070 --> 00:19:59,600

pushing that as long as it's making the

504

00:20:04,390 --> 00:20:02,080

money now when the money starts drying

505

00:20:06,870 --> 00:20:04,400

up they jump tracks and we know that

506

00:20:09,270 --> 00:20:06,880

wilcock has a history of jumping tracks

507

00:20:11,510 --> 00:20:09,280

secret space program for him was just

508

00:20:14,390 --> 00:20:11,520

you know a brief sojourn

509

00:20:16,630 --> 00:20:14,400

to essentially what he and corey good

510

00:20:18,230 --> 00:20:16,640

did was come in and raid

511

00:20:21,990 --> 00:20:18,240

uh a topic

512

00:20:23,990 --> 00:20:22,000

and um just really derailed it yeah now

513

00:20:26,789 --> 00:20:24,000

you clearly you could get it it did ruin

514

00:20:29,430 --> 00:20:26,799

it i think because before before he came

515

00:20:31,590 --> 00:20:29,440

in i believe that there was people doing

516

00:20:33,750 --> 00:20:31,600

a lot of credible research that pointed

517

00:20:36,070 --> 00:20:33,760

into a lot of and was shining light on a

518

00:20:37,990 --> 00:20:36,080

lot of secret government stuff and i

519

00:20:39,830 --> 00:20:38,000

thought this is great and there was a

520

00:20:41,270 --> 00:20:39,840

lot of momentum building and then this

521

00:20:42,390 --> 00:20:41,280

guy comes in

522

00:20:45,350 --> 00:20:42,400

and just

523

00:20:47,350 --> 00:20:45,360

shits all over this and now every time

524

00:20:49,830 --> 00:20:47,360

people think of secret space program

525

00:20:51,990 --> 00:20:49,840

they think of this buck rogers science

526
00:20:52,789 --> 00:20:52,000
fiction fantasy nonsense that he brought

527
00:20:55,029 --> 00:20:52,799
in

528
00:20:57,430 --> 00:20:55,039
and people say he's

529
00:20:59,510 --> 00:20:57,440
i've heard so many people say that he's

530
00:21:01,750 --> 00:20:59,520
i'm not that conspiracy-minded but

531
00:21:04,070 --> 00:21:01,760
people are saying this guy was sent in

532
00:21:06,549 --> 00:21:04,080
by the c.i.a or something like that to

533
00:21:08,950 --> 00:21:06,559
muddy the waters and make this all a

534
00:21:10,470 --> 00:21:08,960
joke well i can give you a more

535
00:21:15,350 --> 00:21:10,480
realistic

536
00:21:17,669 --> 00:21:15,360
um version of that possibility okay so

537
00:21:20,549 --> 00:21:17,679
my my last assignment with the air force

538
00:21:21,909 --> 00:21:20,559

i was air force osi agent my entire time

539

00:21:23,590 --> 00:21:21,919

on active duty in the air force i don't

540

00:21:26,390 --> 00:21:23,600

know what it is i can't get away from

541

00:21:28,310 --> 00:21:26,400

you air force osi guys because i had to

542

00:21:31,510 --> 00:21:28,320

deal with michael horn and he's got an

543

00:21:34,149 --> 00:21:31,520

air force osi investigator

544

00:21:37,350 --> 00:21:34,159

and then i got and i got richard dodie

545

00:21:39,830 --> 00:21:37,360

and now you

546

00:21:41,590 --> 00:21:39,840

well um my my assignment at wright

547

00:21:43,430 --> 00:21:41,600

patterson i was there for three years i

548

00:21:45,350 --> 00:21:43,440

was chief of the counter-espionage

549

00:21:48,549 --> 00:21:45,360

operations branch now what is that

550

00:21:52,310 --> 00:21:48,559

that's essentially double agency okay

551
00:21:54,310 --> 00:21:52,320
and uh you're handling assets who are

552
00:21:55,029 --> 00:21:54,320
you know going all over the world for

553
00:21:56,149 --> 00:21:55,039
you

554
00:22:02,070 --> 00:21:56,159
and

555
00:22:04,310 --> 00:22:02,080
um you learn

556
00:22:05,990 --> 00:22:04,320
and you do and you apply

557
00:22:08,149 --> 00:22:06,000
all sorts of

558
00:22:09,350 --> 00:22:08,159
just that you're handling people and

559
00:22:12,390 --> 00:22:09,360
they do

560
00:22:13,909 --> 00:22:12,400
they're doing sneaky stuff for you okay

561
00:22:16,070 --> 00:22:13,919
now how

562
00:22:17,990 --> 00:22:16,080
it could realistically

563
00:22:20,630 --> 00:22:18,000

because i i wondered that too because

564

00:22:23,270 --> 00:22:20,640

they derailed the serious research how

565

00:22:24,710 --> 00:22:23,280

it could realistically be true in corey

566

00:22:26,470 --> 00:22:24,720

goode's

567

00:22:29,350 --> 00:22:26,480

case for example

568

00:22:32,070 --> 00:22:29,360

is we know he was in the texas state

569

00:22:33,270 --> 00:22:32,080

guard association thing okay whatever i

570

00:22:35,430 --> 00:22:33,280

forget what it's called but he's in the

571

00:22:38,549 --> 00:22:35,440

texas state guard that kind of

572

00:22:39,350 --> 00:22:38,559

technically makes him military personnel

573

00:22:42,470 --> 00:22:39,360

so

574

00:22:43,909 --> 00:22:42,480

guys like me asset handlers running

575

00:22:47,270 --> 00:22:43,919

operations

576

00:22:48,390 --> 00:22:47,280

would have access to guys like him now i

577

00:22:49,350 --> 00:22:48,400

could see

578

00:22:51,110 --> 00:22:49,360

a guy

579

00:22:53,270 --> 00:22:51,120

who would you know

580

00:22:55,270 --> 00:22:53,280

which is what i used to do i could see

581

00:22:57,750 --> 00:22:55,280

him um

582

00:23:00,390 --> 00:22:57,760

you know being tasked with we need to

583

00:23:02,310 --> 00:23:00,400

derail these serious secret space

584

00:23:04,470 --> 00:23:02,320

program researcher guys because they're

585

00:23:07,190 --> 00:23:04,480

getting too close and we got to keep

586

00:23:08,470 --> 00:23:07,200

this you know under wraps what do we do

587

00:23:12,070 --> 00:23:08,480

well

588

00:23:13,909 --> 00:23:12,080

muddy the waters you muddy yeah exactly

589

00:23:16,630 --> 00:23:13,919

exactly these good researchers are

590

00:23:18,789 --> 00:23:16,640

getting too close in a form that's easy

591

00:23:22,390 --> 00:23:18,799

to mess with because it's close enough

592

00:23:26,470 --> 00:23:22,400

to nutty woo-woo stuff okay so

593

00:23:29,270 --> 00:23:26,480

hey mr agent you find a guy okay

594

00:23:32,310 --> 00:23:29,280

send him in to derail this

595

00:23:35,430 --> 00:23:32,320

and you know with with nutty stuff and

596

00:23:37,110 --> 00:23:35,440

you know we'll have some um

597

00:23:38,710 --> 00:23:37,120

we'll be able to get you on we have our

598

00:23:40,149 --> 00:23:38,720

sources we'll be able to get you on the

599

00:23:41,669 --> 00:23:40,159

big venues we'll be able to get you on

600

00:23:44,710 --> 00:23:41,679

coast to coast we'll be able to get you

601
00:23:47,029 --> 00:23:44,720
on you know this that the other okay

602
00:23:49,669 --> 00:23:47,039
but derail this so that's what the guy

603
00:23:51,110 --> 00:23:49,679
like me would do would go to a guy like

604
00:23:52,710 --> 00:23:51,120
you know would look at the available

605
00:23:55,750 --> 00:23:52,720
people and say

606
00:23:57,350 --> 00:23:55,760
oh here's this uh this corey good guy

607
00:24:00,950 --> 00:23:57,360
and he's already talking this that and

608
00:24:03,990 --> 00:24:00,960
the other let's use him so i would go in

609
00:24:06,070 --> 00:24:04,000
and i would you know it's a long process

610
00:24:08,470 --> 00:24:06,080
but i would vet him i would you know

611
00:24:11,190 --> 00:24:08,480
introduce myself under pretenses and

612
00:24:14,549 --> 00:24:11,200
then essentially long story short

613
00:24:16,710 --> 00:24:14,559

i would feed him stuff and you know give

614

00:24:18,870 --> 00:24:16,720

him direction kind of you know let's get

615

00:24:21,909 --> 00:24:18,880

you in on the scene do this do that you

616

00:24:24,950 --> 00:24:21,919

know and be pushing into this and you

617

00:24:27,669 --> 00:24:24,960

you see if you know it's gonna work and

618

00:24:29,990 --> 00:24:27,679

you know in this case hypothetically it

619

00:24:31,750 --> 00:24:30,000

looks like it worked that's how that

620

00:24:35,430 --> 00:24:31,760

would actually work it wouldn't be the

621

00:24:38,070 --> 00:24:35,440

cia it would be you know um a guy like

622

00:24:40,230 --> 00:24:38,080

what i used to do um probably assigned

623

00:24:42,630 --> 00:24:40,240

to whatever the secret space program is

624

00:24:44,470 --> 00:24:42,640

or some type of counter intelligence

625

00:24:47,909 --> 00:24:44,480

support for it

626

00:24:50,310 --> 00:24:47,919

using very real world asset handling

627

00:24:52,310 --> 00:24:50,320

uh things and here's the thing uh you

628

00:24:54,710 --> 00:24:52,320

can do this you can use someone like

629

00:24:57,110 --> 00:24:54,720

this and they can be witting or they can

630

00:24:58,470 --> 00:24:57,120

be unwitting as to who you really are

631

00:25:03,110 --> 00:24:58,480

what you're actually doing and what

632

00:25:03,120 --> 00:25:08,390

this particular guy mr mendoza

633

00:25:13,029 --> 00:25:10,710

i see him as the type that you would use

634

00:25:15,909 --> 00:25:13,039

as unwitting

635

00:25:18,950 --> 00:25:15,919

because it'd be really easy to pump up

636

00:25:21,990 --> 00:25:18,960

his ego and you know fill his head with

637

00:25:24,390 --> 00:25:22,000

the manipulative crap the asset handling

638

00:25:27,590 --> 00:25:24,400

tools would work very well on him

639

00:25:28,710 --> 00:25:27,600

and so if if this all answers the

640

00:25:31,269 --> 00:25:28,720

question

641

00:25:32,710 --> 00:25:31,279

if it's true that he was sent in to

642

00:25:35,510 --> 00:25:32,720

screw with things

643

00:25:37,029 --> 00:25:35,520

that's kind of the roughly the scenario

644

00:25:39,510 --> 00:25:37,039

of how it would work

645

00:25:43,269 --> 00:25:39,520

you know and it could be true

646

00:25:44,789 --> 00:25:43,279

i don't know for a fact if it is or not

647

00:25:47,029 --> 00:25:44,799

yeah you know i don't know one of the

648

00:25:48,710 --> 00:25:47,039

things though that makes me believe

649

00:25:51,029 --> 00:25:48,720

or has made me believe that there's no

650

00:25:54,789 --> 00:25:51,039

way that there's any kind of handling or

651
00:25:57,990 --> 00:25:54,799
that he's not an asset is because of his

652
00:26:00,149 --> 00:25:58,000
his total focus on his critics and how

653
00:26:02,230 --> 00:26:00,159
vengeful and angry he gets and like to

654
00:26:04,070 --> 00:26:02,240
me if he was an asset he wouldn't care

655
00:26:06,230 --> 00:26:04,080
about any of that crap just go do your

656
00:26:07,590 --> 00:26:06,240
job and don't argue with these people

657
00:26:12,789 --> 00:26:07,600
unless

658
00:26:14,710 --> 00:26:12,799
accurate and he was used briefly and

659
00:26:16,230 --> 00:26:14,720
then when they cut him loose

660
00:26:17,750 --> 00:26:16,240
you know now he's out there just trying

661
00:26:19,110 --> 00:26:17,760
to make a buck right

662
00:26:21,669 --> 00:26:19,120
yeah now he's out there trying to make a

663
00:26:23,590 --> 00:26:21,679

buck and just being himself and you know

664

00:26:25,830 --> 00:26:23,600

we know how charming that is

665

00:26:28,149 --> 00:26:25,840

so you know a lot you can't sometimes

666

00:26:30,870 --> 00:26:28,159

you get assets that are real jerks as

667

00:26:33,430 --> 00:26:30,880

human beings i encountered it once

668

00:26:35,350 --> 00:26:33,440

myself um it was surprising it kind of

669

00:26:37,110 --> 00:26:35,360

came out of nowhere but the guys turned

670

00:26:39,430 --> 00:26:37,120

out to be a big jerk and all you can do

671

00:26:41,669 --> 00:26:39,440

is just kind of cut your association and

672

00:26:43,990 --> 00:26:41,679

whatever they do afterwards you know is

673

00:26:47,190 --> 00:26:44,000

their thing so um

674

00:26:50,470 --> 00:26:47,200

you know it's it whereas it's possible

675

00:26:51,590 --> 00:26:50,480

that he could indeed have been used by

676

00:26:52,630 --> 00:26:51,600

dod

677

00:26:54,870 --> 00:26:52,640

um

678

00:26:57,029 --> 00:26:54,880

wanting to protect the secrecy of a

679

00:26:59,430 --> 00:26:57,039

space pro secret space program he could

680

00:27:02,070 --> 00:26:59,440

have been used possibly been used

681

00:27:04,310 --> 00:27:02,080

we don't know for sure and there's you

682

00:27:06,789 --> 00:27:04,320

know there are some strong arguments

683

00:27:07,669 --> 00:27:06,799

against it as well so it's

684

00:27:09,590 --> 00:27:07,679

you know

685

00:27:11,830 --> 00:27:09,600

take it or leave it yeah i don't know i

686

00:27:13,510 --> 00:27:11,840

i think that the my personal belief is

687

00:27:15,909 --> 00:27:13,520

that the people that are saying that are

688

00:27:18,710 --> 00:27:15,919

giving him too much credit because you

689

00:27:20,630 --> 00:27:18,720

uh recruited assets you need you need

690

00:27:22,710 --> 00:27:20,640

certain skills and i just don't see it

691

00:27:25,430 --> 00:27:22,720

with him i think it's just a con and

692

00:27:27,510 --> 00:27:25,440

profit motive

693

00:27:30,310 --> 00:27:27,520

well you need someone with a cool head

694

00:27:34,789 --> 00:27:32,789

might i love his twitter meltdowns he's

695

00:27:36,630 --> 00:27:34,799

great for like posting something and

696

00:27:40,149 --> 00:27:36,640

then deleting it so you got to be quick

697

00:27:42,630 --> 00:27:40,159

on the screenshot button you know

698

00:27:49,110 --> 00:27:43,350

so

699

00:27:50,950 --> 00:27:49,120

yeah for a while there after about um

700

00:27:53,669 --> 00:27:50,960

a year and a half of that

701
00:27:54,950 --> 00:27:53,679
i find i got vocal i was vocal for about

702
00:27:55,909 --> 00:27:54,960
six months

703
00:27:57,110 --> 00:27:55,919
on this

704
00:28:00,070 --> 00:27:57,120
and

705
00:28:01,909 --> 00:28:00,080
then i felt like okay i've said my piece

706
00:28:02,789 --> 00:28:01,919
everybody gets the point there's more

707
00:28:04,789 --> 00:28:02,799
people

708
00:28:07,750 --> 00:28:04,799
pointing this out and saying hey this is

709
00:28:10,630 --> 00:28:07,760
nonsense and he kind of had his

710
00:28:12,230 --> 00:28:10,640
spotlight you know uh unfettered and

711
00:28:14,950 --> 00:28:12,240
people began to see the problems with

712
00:28:16,549 --> 00:28:14,960
his stuff so i said okay i'm gonna back

713
00:28:18,149 --> 00:28:16,559

off and focus on my own thing because i

714

00:28:19,029 --> 00:28:18,159

just don't want to be known as the guy

715

00:28:20,549 --> 00:28:19,039

who

716

00:28:21,990 --> 00:28:20,559

you know is

717

00:28:23,830 --> 00:28:22,000

his critic

718

00:28:26,149 --> 00:28:23,840

you know i i have other things i've done

719

00:28:28,389 --> 00:28:26,159

i've written books i have my own work my

720

00:28:30,070 --> 00:28:28,399

own stuff to focus but i felt that i

721

00:28:31,830 --> 00:28:30,080

should have said something as a speaker

722

00:28:34,310 --> 00:28:31,840

at the conference that he

723

00:28:36,870 --> 00:28:34,320

um and mr wilcock tried tried yeah

724

00:28:38,389 --> 00:28:36,880

disrupted and tried it uh strong i will

725

00:28:40,070 --> 00:28:38,399

say this one last thing about that

726

00:28:41,990 --> 00:28:40,080

conference the

727

00:28:43,510 --> 00:28:42,000

the audience there was another

728

00:28:45,669 --> 00:28:43,520

individual there that was i don't know

729

00:28:47,909 --> 00:28:45,679

if he was a ringer who was sent but he

730

00:28:50,070 --> 00:28:47,919

kept wanting to force corey into the the

731

00:28:52,149 --> 00:28:50,080

conversation and the rest and the

732

00:28:54,310 --> 00:28:52,159

audience was telling him hey you know

733

00:28:55,909 --> 00:28:54,320

buddy sit down we're not here to hear

734

00:28:57,990 --> 00:28:55,919

about that guy we're here to hear these

735

00:28:59,750 --> 00:28:58,000

speakers so the audience was not

736

00:29:01,190 --> 00:28:59,760

interested at all

737

00:29:03,830 --> 00:29:01,200

in that

738

00:29:06,230 --> 00:29:03,840

whistleblower so-called

739

00:29:07,830 --> 00:29:06,240

secret space program nonsense of those

740

00:29:09,830 --> 00:29:07,840

individuals

741

00:29:11,669 --> 00:29:09,840

yeah i kind of wonder what the long game

742

00:29:13,510 --> 00:29:11,679

is going to be you know because these

743

00:29:15,110 --> 00:29:13,520

things don't end well for these guys you

744

00:29:18,070 --> 00:29:15,120

know like

745

00:29:20,230 --> 00:29:18,080

adamski billy meyer bob lazar well

746

00:29:22,710 --> 00:29:20,240

actually bob lazard i

747

00:29:25,110 --> 00:29:22,720

just moved to a million dollar house so

748

00:29:26,789 --> 00:29:25,120

maybe he's doing okay with his ufo con

749

00:29:28,389 --> 00:29:26,799

but i don't know most of these don't

750

00:29:30,389 --> 00:29:28,399

work out

751

00:29:32,710 --> 00:29:30,399

right you know because right it's not

752

00:29:33,510 --> 00:29:32,720

like he can just go back to a normal job

753

00:29:35,669 --> 00:29:33,520

now

754

00:29:37,430 --> 00:29:35,679

ever well and nor should they nor should

755

00:29:40,070 --> 00:29:37,440

they if it's a con

756

00:29:42,070 --> 00:29:40,080

they don't deserve for it to work out

757

00:29:43,830 --> 00:29:42,080

yeah you know

758

00:29:46,070 --> 00:29:43,840

essentially so

759

00:29:47,190 --> 00:29:46,080

it's they asked for it

760

00:29:49,830 --> 00:29:47,200

whatever

761

00:29:53,269 --> 00:29:49,840

however comes to a big crashing halt

762

00:29:55,350 --> 00:29:53,279

they kind of asked for that so i

763

00:29:58,070 --> 00:29:55,360

oh well so do you think that do you

764

00:30:00,310 --> 00:29:58,080

think that his kind of wave of woo-woo

765

00:30:02,310 --> 00:30:00,320

nonsense is over now and people can get

766

00:30:05,110 --> 00:30:02,320

back to real research or has it just

767

00:30:06,389 --> 00:30:05,120

been a poisoned well now

768

00:30:08,630 --> 00:30:06,399

um i

769

00:30:11,909 --> 00:30:08,640

it's it's poison it was poison for a

770

00:30:14,230 --> 00:30:11,919

while i'm speaking on this very thing

771

00:30:15,990 --> 00:30:14,240

um at contact in the desert this year

772

00:30:18,310 --> 00:30:16,000

good for you

773

00:30:20,389 --> 00:30:18,320

yeah thanks i well you know people say

774

00:30:22,950 --> 00:30:20,399

oh my god it's selling out you're going

775

00:30:24,470 --> 00:30:22,960

woo i'm like no look at it this way when

776

00:30:27,110 --> 00:30:24,480

they asked me they said look we're

777

00:30:29,830 --> 00:30:27,120

wanting to focus on researcher types you

778

00:30:31,830 --> 00:30:29,840

know people with footnotes and

779

00:30:34,789 --> 00:30:31,840

you know can point to

780

00:30:36,870 --> 00:30:34,799

some type of some type of documented you

781

00:30:38,950 --> 00:30:36,880

know evidence um

782

00:30:40,549 --> 00:30:38,960

and uh they asked me to be a speaker and

783

00:30:42,230 --> 00:30:40,559

i said well absolutely if this is what

784

00:30:44,230 --> 00:30:42,240

they're interested in and they're gonna

785

00:30:46,710 --> 00:30:44,240

ask me to you know

786

00:30:49,110 --> 00:30:46,720

talk about my research well why not you

787

00:30:50,870 --> 00:30:49,120

know why not do that so besides this is

788

00:30:52,470 --> 00:30:50,880

the biggest conference of the year and

789

00:30:55,830 --> 00:30:52,480

the most important of course if you're

790

00:30:57,990 --> 00:30:55,840

on that conference then it's a big deal

791

00:31:01,430 --> 00:30:58,000

and unfortunately i don't think

792

00:31:02,630 --> 00:31:01,440

he's welcome there anymore you know no

793

00:31:05,350 --> 00:31:02,640

no not

794

00:31:06,870 --> 00:31:05,360

yeah particularly after uh

795

00:31:09,750 --> 00:31:06,880

wait did i just did i just say

796

00:31:11,990 --> 00:31:09,760

unfortunately i meant fortunately he is

797

00:31:13,590 --> 00:31:12,000

no longer welcome there

798

00:31:17,669 --> 00:31:13,600

right yeah

799

00:31:22,070 --> 00:31:20,230

some people say well there's still

800

00:31:23,990 --> 00:31:22,080

some

801
00:31:26,230 --> 00:31:24,000
questionable but i'm like you know what

802
00:31:28,470 --> 00:31:26,240
i don't run the thing and they do have

803
00:31:30,870 --> 00:31:28,480
to uh they do got to sell tickets they

804
00:31:33,269 --> 00:31:30,880
do they do have a huge audience that

805
00:31:35,669 --> 00:31:33,279
they have to appeal to

806
00:31:37,590 --> 00:31:35,679
so you know yeah there's going to be you

807
00:31:39,110 --> 00:31:37,600
know besides that i mean at some point

808
00:31:41,430 --> 00:31:39,120
you know that's the biggest conference

809
00:31:44,070 --> 00:31:41,440
of the year it's got a huge audience and

810
00:31:47,029 --> 00:31:44,080
uh the show must go on walter bosley i

811
00:31:48,870 --> 00:31:47,039
would go do it you know i've had to do

812
00:31:51,350 --> 00:31:48,880
venues and places i didn't want to

813
00:31:53,269 --> 00:31:51,360

really be doing a show but you do it

814

00:31:54,310 --> 00:31:53,279

because you got right keep rolling on

815

00:31:58,710 --> 00:31:54,320

you know

816

00:32:00,789 --> 00:31:58,720

talk and maybe some of the talks of the

817

00:32:03,269 --> 00:32:00,799

others that are that we're in the same

818

00:32:05,509 --> 00:32:03,279

camp uh michael schratt i know some

819

00:32:07,669 --> 00:32:05,519

people have trouble with michael stratt

820

00:32:10,470 --> 00:32:07,679

uh but i am a

821

00:32:12,950 --> 00:32:10,480

big fan of his big fan of his

822

00:32:16,630 --> 00:32:12,960

yeah and he talks about you know

823

00:32:18,630 --> 00:32:16,640

real type real world ssp type of issues

824

00:32:20,789 --> 00:32:18,640

when he talks about ssp stuff so

825

00:32:22,710 --> 00:32:20,799

hopefully with me and schratt and some

826

00:32:26,950 --> 00:32:22,720

of the others that are going to be there

827

00:32:28,789 --> 00:32:26,960

it will revive the more realistic secret

828

00:32:30,549 --> 00:32:28,799

space program research

829

00:32:33,350 --> 00:32:30,559

with the audience and revive their

830

00:32:34,549 --> 00:32:33,360

interest in it right because uh yeah for

831

00:32:35,990 --> 00:32:34,559

a couple of years there and then the

832

00:32:38,070 --> 00:32:36,000

guys who were putting on this great

833

00:32:40,549 --> 00:32:38,080

conference they weren't they haven't

834

00:32:43,750 --> 00:32:40,559

been able to do another one since 2015

835

00:32:44,630 --> 00:32:43,760

and that kind of hurt real ssp research

836

00:32:46,070 --> 00:32:44,640

because

837

00:32:49,029 --> 00:32:46,080

there were no

838

00:32:51,269 --> 00:32:49,039

events to counter the nonsense

839

00:32:52,870 --> 00:32:51,279

that these whistleblower

840

00:32:54,950 --> 00:32:52,880

fantasy

841

00:32:57,350 --> 00:32:54,960

storytellers were putting out there

842

00:32:59,269 --> 00:32:57,360

constantly so you know

843

00:33:01,350 --> 00:32:59,279

hopefully hopefully contact with the

844

00:33:02,230 --> 00:33:01,360

desert and more and more will bring it

845

00:33:03,990 --> 00:33:02,240

back

846

00:33:05,830 --> 00:33:04,000

um

847

00:33:07,909 --> 00:33:05,840

yeah i i really hope so because i

848

00:33:09,509 --> 00:33:07,919

remember feeling that sense of momentum

849

00:33:11,430 --> 00:33:09,519

and that things were moving forward and

850

00:33:13,830 --> 00:33:11,440

then this came along and just

851

00:33:15,590 --> 00:33:13,840

i was really disappointed in the whole

852

00:33:17,509 --> 00:33:15,600

mess oh yeah that's probably what keeps

853

00:33:20,630 --> 00:33:17,519

me interested in like why is this guy

854

00:33:21,669 --> 00:33:20,640

still here like come on you know roll on

855

00:33:23,590 --> 00:33:21,679

dude

856

00:33:24,470 --> 00:33:23,600

but now he's uh now he's the prophet

857

00:33:26,310 --> 00:33:24,480

enoch

858

00:33:27,830 --> 00:33:26,320

and he's gonna teach you a course on

859

00:33:29,590 --> 00:33:27,840

love and forgiveness for three hundred

860

00:33:31,830 --> 00:33:29,600

and thirty three dollars

861

00:33:34,389 --> 00:33:31,840

so that's the latest besides all the

862

00:33:36,389 --> 00:33:34,399

book rogers space fantasy adventures now

863

00:33:37,269 --> 00:33:36,399

he's a prophet

864

00:33:39,190 --> 00:33:37,279

so

865

00:33:41,269 --> 00:33:39,200

there you go lord

866

00:33:43,269 --> 00:33:41,279

you know i wanted to mention too just to

867

00:33:45,190 --> 00:33:43,279

my listeners that sometimes people will

868

00:33:46,950 --> 00:33:45,200

tell me well there's no such thing as a

869

00:33:50,470 --> 00:33:46,960

secret space program there's no evidence

870

00:33:51,750 --> 00:33:50,480

of that i always come back to this x-37b

871

00:33:54,070 --> 00:33:51,760

because that's something that we know

872

00:33:55,509 --> 00:33:54,080

they have and it was in space for like a

873

00:33:57,350 --> 00:33:55,519

year and a half

874

00:33:59,350 --> 00:33:57,360

and then it came back and we

875

00:34:01,350 --> 00:33:59,360

and if you say what was it doing up

876

00:34:02,630 --> 00:34:01,360

there for a year and a half we can't

877

00:34:04,950 --> 00:34:02,640

tell you

878

00:34:07,269 --> 00:34:04,960

that's a secret space program right

879

00:34:08,629 --> 00:34:07,279

there folks that's just the one we know

880

00:34:10,149 --> 00:34:08,639

about

881

00:34:13,669 --> 00:34:10,159

this is why

882

00:34:17,510 --> 00:34:13,679

i emphasize um that it's a parallel

883

00:34:20,230 --> 00:34:17,520

program that essentially except in a few

884

00:34:22,869 --> 00:34:20,240

instances like the x37b and all that but

885

00:34:24,710 --> 00:34:22,879

would essentially would essentially

886

00:34:27,190 --> 00:34:24,720

use

887

00:34:29,990 --> 00:34:27,200

the same kind of technology you see nasa

888

00:34:31,829 --> 00:34:30,000

using the stuff that they would use that

889

00:34:35,510 --> 00:34:31,839

nasa doesn't use would be the really

890

00:34:37,589 --> 00:34:35,520

classified stuff but here's the thing

891

00:34:40,869 --> 00:34:37,599

secret space program operations could

892

00:34:43,349 --> 00:34:40,879

piggyback or excuse me be embedded

893

00:34:46,869 --> 00:34:43,359

within nasa operations i like to i'd

894

00:34:49,349 --> 00:34:46,879

like to throw this one out there okay

895

00:34:50,950 --> 00:34:49,359

the air force has launched rockets from

896

00:34:53,510 --> 00:34:50,960

vandenberg

897

00:34:55,190 --> 00:34:53,520

you know for a few decades now right

898

00:34:57,349 --> 00:34:55,200

okay um

899

00:34:59,750 --> 00:34:57,359

i know for a fact as an osi agent

900

00:35:01,990 --> 00:34:59,760

because my supervisor in l.a

901
00:35:04,390 --> 00:35:02,000
she was the agent who's one of her

902
00:35:06,790 --> 00:35:04,400
additional special duties was to be the

903
00:35:08,470 --> 00:35:06,800
osi agent that would escort

904
00:35:11,510 --> 00:35:08,480
payloads

905
00:35:13,990 --> 00:35:11,520
from edwards or other places

906
00:35:15,750 --> 00:35:14,000
to vanderberg

907
00:35:17,510 --> 00:35:15,760
these are like spy satellites and things

908
00:35:18,950 --> 00:35:17,520
that they're launching it could be spy

909
00:35:21,109 --> 00:35:18,960
satellites but i want you to think about

910
00:35:23,510 --> 00:35:21,119
some let's get wild here let's have fun

911
00:35:25,270 --> 00:35:23,520
with speculation it's not too wild but

912
00:35:27,670 --> 00:35:25,280
let's have fun with this

913
00:35:29,030 --> 00:35:27,680

you're talking about a payload container

914

00:35:32,310 --> 00:35:29,040

that's sealed

915

00:35:33,109 --> 00:35:32,320

okay that it travels but late at night

916

00:35:39,910 --> 00:35:33,119

um

917

00:35:42,069 --> 00:35:39,920

it's loaded up okay under controlled

918

00:35:44,630 --> 00:35:42,079

circumstances and by the time it's

919

00:35:46,630 --> 00:35:44,640

loaded into the rocket and launched very

920

00:35:48,550 --> 00:35:46,640

few people know what's actually in that

921

00:35:51,349 --> 00:35:48,560

payload now i

922

00:35:53,670 --> 00:35:51,359

suggest i don't know for sure but i

923

00:35:55,670 --> 00:35:53,680

suggest this

924

00:35:57,750 --> 00:35:55,680

we don't know that some of those

925

00:36:00,230 --> 00:35:57,760

payloads couldn't have had life support

926
00:36:02,069 --> 00:36:00,240
systems and had astronauts inside them

927
00:36:04,790 --> 00:36:02,079
the air force could have been launching

928
00:36:06,470 --> 00:36:04,800
p personnel into space from vandenberg

929
00:36:09,109 --> 00:36:06,480
right under our noses

930
00:36:11,270 --> 00:36:09,119
now people say oh but the telemetry

931
00:36:12,630 --> 00:36:11,280
systems you know lava required that

932
00:36:14,870 --> 00:36:12,640
someone on the ground would be able to

933
00:36:17,589 --> 00:36:14,880
pick up but there was like well i say

934
00:36:20,710 --> 00:36:17,599
baloney because they they probably

935
00:36:22,470 --> 00:36:20,720
find a way to camouflage those from you

936
00:36:24,390 --> 00:36:22,480
know your average

937
00:36:26,710 --> 00:36:24,400
you know joe smith out there that would

938
00:36:29,190 --> 00:36:26,720

be a nerd looking at this stuff or you

939

00:36:32,630 --> 00:36:29,200

have somebody who's who's you know uncle

940

00:36:34,630 --> 00:36:32,640

joe uncle ted was a security forces guy

941

00:36:37,430 --> 00:36:34,640

vandenberg and he would know well

942

00:36:39,670 --> 00:36:37,440

baloney to that too because your average

943

00:36:42,069 --> 00:36:39,680

security forces troop is not going to

944

00:36:43,430 --> 00:36:42,079

know what's inside that sealed payload

945

00:36:45,349 --> 00:36:43,440

see he might know when the rocket's

946

00:36:46,630 --> 00:36:45,359

launching he might know when it the

947

00:36:48,870 --> 00:36:46,640

payload is being loaded but he doesn't

948

00:36:51,670 --> 00:36:48,880

know what's in that container so that's

949

00:36:53,670 --> 00:36:51,680

just one example not to mention

950

00:36:55,270 --> 00:36:53,680

the shuttles yeah i was just gonna say

951
00:36:58,150 --> 00:36:55,280
people on them i'm just gonna say that

952
00:37:00,950 --> 00:36:58,160
you mentioned the overlap and uh you

953
00:37:03,670 --> 00:37:00,960
know the shuttle program did an awful

954
00:37:05,829 --> 00:37:03,680
lot of satellite launches that nobody's

955
00:37:07,430 --> 00:37:05,839
ever allowed to know about i mean every

956
00:37:09,349 --> 00:37:07,440
time it went up there there was some

957
00:37:11,030 --> 00:37:09,359
secret payload and they would sort of

958
00:37:13,349 --> 00:37:11,040
mention it or something like oh

959
00:37:15,430 --> 00:37:13,359
launching yeah launching a satellite for

960
00:37:17,190 --> 00:37:15,440
the us military that's it that's all you

961
00:37:19,270 --> 00:37:17,200
got yeah what are all these and what are

962
00:37:21,349 --> 00:37:19,280
they doing up there you know we're not

963
00:37:23,190 --> 00:37:21,359

allowed to know

964

00:37:25,190 --> 00:37:23,200

and the point is it doesn't have to be

965

00:37:27,670 --> 00:37:25,200

star fleet technology to have a secret

966

00:37:30,390 --> 00:37:27,680

space program it can be it could be

967

00:37:32,310 --> 00:37:30,400

exactly the same stuff that nasa is

968

00:37:33,589 --> 00:37:32,320

using but just with a military

969

00:37:37,109 --> 00:37:33,599

application

970

00:37:39,349 --> 00:37:37,119

and you know um once it gets up there

971

00:37:41,910 --> 00:37:39,359

high enough in space they could be doing

972

00:37:44,310 --> 00:37:41,920

anything then and we don't know down

973

00:37:45,190 --> 00:37:44,320

here you know very few people would know

974

00:37:47,510 --> 00:37:45,200

so

975

00:37:50,390 --> 00:37:47,520

um this is the secret space program that

976
00:37:52,470 --> 00:37:50,400
i advocate yeah i mean too you know the

977
00:37:53,910 --> 00:37:52,480
real one and there is ample and

978
00:37:56,710 --> 00:37:53,920
substantial

979
00:37:58,790 --> 00:37:56,720
and convincing evidence of its existence

980
00:38:01,109 --> 00:37:58,800
unlike these woo stories that have no

981
00:38:03,190 --> 00:38:01,119
evidence no backup nothing that you can

982
00:38:05,109 --> 00:38:03,200
point to

983
00:38:07,270 --> 00:38:05,119
well here's the irony here's the thing

984
00:38:09,750 --> 00:38:07,280
that might wipe out

985
00:38:12,069 --> 00:38:09,760
um guys like me doing ssp research

986
00:38:14,790 --> 00:38:12,079
anyway and that space force has been

987
00:38:17,190 --> 00:38:14,800
stood up so what will happen is what we

988
00:38:18,390 --> 00:38:17,200

are calling secret space program will

989

00:38:20,630 --> 00:38:18,400

just simply

990

00:38:24,069 --> 00:38:20,640

for the for partially

991

00:38:25,990 --> 00:38:24,079

just uh continue under space force

992

00:38:27,910 --> 00:38:26,000

uh and it'll be their clandestine

993

00:38:30,710 --> 00:38:27,920

operations but much

994

00:38:34,470 --> 00:38:30,720

much of what we suspect is a secret

995

00:38:36,150 --> 00:38:34,480

space program is actually going to be

996

00:38:38,310 --> 00:38:36,160

getting open operations yeah it's just

997

00:38:39,670 --> 00:38:38,320

going to get rolled right into that

998

00:38:41,349 --> 00:38:39,680

exactly it's going to be the open

999

00:38:44,950 --> 00:38:41,359

operations of the new space force which

1000

00:38:46,710 --> 00:38:44,960

i'm i'm all for i'm not one of these who

1001
00:38:48,630 --> 00:38:46,720
you know there's the other funny thing

1002
00:38:51,589 --> 00:38:48,640
that gets me is with the whistleblowers

1003
00:38:53,750 --> 00:38:51,599
and the assumptions people make is that

1004
00:38:56,630 --> 00:38:53,760
there's people that jump right to secret

1005
00:38:59,589 --> 00:38:56,640
space program being an evil thing

1006
00:39:01,430 --> 00:38:59,599
oh this must be a bad dastardly thing

1007
00:39:02,950 --> 00:39:01,440
and you know i wonder well where are you

1008
00:39:04,630 --> 00:39:02,960
getting that that's just typical

1009
00:39:07,589 --> 00:39:04,640
conspiracy theory thinking in our

1010
00:39:09,190 --> 00:39:07,599
community right oh it must be bad and of

1011
00:39:10,870 --> 00:39:09,200
course you have these so-called

1012
00:39:13,109 --> 00:39:10,880
whistleblowers who i think are lying

1013
00:39:14,470 --> 00:39:13,119

storytellers let's just be plain about

1014

00:39:16,870 --> 00:39:14,480

it um

1015

00:39:19,670 --> 00:39:16,880

you know that that are

1016

00:39:22,150 --> 00:39:19,680

projecting this idea that oh they had to

1017

00:39:23,190 --> 00:39:22,160

blow the whistle and tell about this

1018

00:39:24,310 --> 00:39:23,200

well

1019

00:39:27,510 --> 00:39:24,320

why

1020

00:39:29,829 --> 00:39:27,520

you know it's just space operations

1021

00:39:32,230 --> 00:39:29,839

that are classified we don't know the

1022

00:39:33,990 --> 00:39:32,240

reason they might be okay i know there's

1023

00:39:36,230 --> 00:39:34,000

people out there saying well it's

1024

00:39:37,670 --> 00:39:36,240

because they're they're uh lying to

1025

00:39:39,990 --> 00:39:37,680

people and not telling us the truth

1026
00:39:41,589 --> 00:39:40,000
about et's that makes them evil well

1027
00:39:44,069 --> 00:39:41,599
that's a whole other discussion i think

1028
00:39:47,430 --> 00:39:44,079
that's childish and ridiculous

1029
00:39:48,790 --> 00:39:47,440
um that view but that's the popular

1030
00:39:50,870 --> 00:39:48,800
you know that's one of the popular

1031
00:39:53,190 --> 00:39:50,880
threads that we hear in our community

1032
00:39:55,510 --> 00:39:53,200
but um you know here's the thing the

1033
00:39:57,510 --> 00:39:55,520
real people that would be

1034
00:39:59,349 --> 00:39:57,520
in the secret space program

1035
00:40:01,349 --> 00:39:59,359
they wouldn't be whistleblowers because

1036
00:40:02,710 --> 00:40:01,359
you said earlier you got people that

1037
00:40:03,910 --> 00:40:02,720
want to you know in their mind they're

1038
00:40:05,829 --> 00:40:03,920

protecting the country they're doing the

1039

00:40:07,829 --> 00:40:05,839

right thing if you're a member of the

1040

00:40:10,630 --> 00:40:07,839

secret space program number one you're

1041

00:40:12,950 --> 00:40:10,640

essentially you've been picked right

1042

00:40:13,829 --> 00:40:12,960

you've been considered the elite and the

1043

00:40:16,550 --> 00:40:13,839

elite

1044

00:40:18,790 --> 00:40:16,560

qualified personnel to be part of this

1045

00:40:20,230 --> 00:40:18,800

thing okay believe me you're going to be

1046

00:40:22,150 --> 00:40:20,240

called for it

1047

00:40:25,109 --> 00:40:22,160

sure you know and you're you're going to

1048

00:40:26,470 --> 00:40:25,119

be a good soldier so to speak a loyal

1049

00:40:27,430 --> 00:40:26,480

troop you know you're

1050

00:40:29,670 --> 00:40:27,440

this is

1051

00:40:31,750 --> 00:40:29,680

and let's not forget the cool factor

1052

00:40:34,390 --> 00:40:31,760

okay look when i was when i became a

1053

00:40:37,829 --> 00:40:34,400

federal agent yeah i loved the work it

1054

00:40:40,870 --> 00:40:37,839

was important work okay but you know

1055

00:40:43,349 --> 00:40:40,880

is it cool to be a jet pilot yeah is it

1056

00:40:45,270 --> 00:40:43,359

cool to be you know a professional uh

1057

00:40:47,750 --> 00:40:45,280

baseball or football player yes is it

1058

00:40:50,069 --> 00:40:47,760

cool to be a federal agent you betcha

1059

00:40:52,150 --> 00:40:50,079

and that's part of

1060

00:40:53,430 --> 00:40:52,160

part of the appeal part of how you feel

1061

00:40:55,510 --> 00:40:53,440

good about yourself it's like you know

1062

00:40:57,430 --> 00:40:55,520

what not everybody

1063

00:40:59,670 --> 00:40:57,440

you know carries this federal badge not

1064

00:41:01,670 --> 00:40:59,680

everybody gets to be an astronaut not

1065

00:41:04,870 --> 00:41:01,680

everybody would get selected

1066

00:41:07,589 --> 00:41:04,880

to be in the secret space program so

1067

00:41:09,109 --> 00:41:07,599

it makes no sense

1068

00:41:10,870 --> 00:41:09,119

when these whistleblowers come out with

1069

00:41:12,870 --> 00:41:10,880

their claims and and then the other

1070

00:41:14,230 --> 00:41:12,880

thing is if they were really what they

1071

00:41:16,470 --> 00:41:14,240

claim to be

1072

00:41:19,190 --> 00:41:16,480

this no i got news for people this

1073

00:41:21,670 --> 00:41:19,200

nonsense that well if you go public

1074

00:41:22,710 --> 00:41:21,680

you'll be protecting yourself yeah i got

1075

00:41:24,790 --> 00:41:22,720

news for

1076

00:41:27,030 --> 00:41:24,800

this is ridiculous you go public with

1077

00:41:28,710 --> 00:41:27,040

classified information like that

1078

00:41:32,150 --> 00:41:28,720

oh they're coming after you with

1079

00:41:33,349 --> 00:41:32,160

handcuffs and off to leavenworth you go

1080

00:41:35,270 --> 00:41:33,359

um

1081

00:41:37,670 --> 00:41:35,280

so it it just doesn't

1082

00:41:39,750 --> 00:41:37,680

all these whistleblowers there's not one

1083

00:41:42,710 --> 00:41:39,760

of them who's legitimate that i've often

1084

00:41:45,030 --> 00:41:42,720

said that the the biggest proof of their

1085

00:41:47,270 --> 00:41:45,040

fakery and fraudery is the lack of

1086

00:41:49,109 --> 00:41:47,280

consequences they have suffered from

1087

00:41:51,349 --> 00:41:49,119

their so-called whistleblowers i mean a

1088

00:41:53,349 --> 00:41:51,359

real whistleblower is okay edward

1089

00:41:56,390 --> 00:41:53,359

snowden has he suffered some

1090

00:41:58,710 --> 00:41:56,400

consequences yeah oh yeah he can't cope

1091

00:42:00,230 --> 00:41:58,720

where he never come by

1092

00:42:03,190 --> 00:42:00,240

here's the other thing here's the other

1093

00:42:05,270 --> 00:42:03,200

thing too with uh so they cheapened they

1094

00:42:07,829 --> 00:42:05,280

cheapened the term whistleblower they

1095

00:42:09,910 --> 00:42:07,839

stole that and made it worth nothing

1096

00:42:12,470 --> 00:42:09,920

because a whistleblower has consequences

1097

00:42:14,550 --> 00:42:12,480

to pay for their actions

1098

00:42:15,910 --> 00:42:14,560

but here's what they'll do they're one

1099

00:42:18,230 --> 00:42:15,920

of or more of them are going to be

1100

00:42:19,270 --> 00:42:18,240

listening to us right as we're talking

1101

00:42:21,829 --> 00:42:19,280

okay

1102

00:42:23,430 --> 00:42:21,839

i love i love the hate listens i love it

1103

00:42:25,109 --> 00:42:23,440

it just pops up

1104

00:42:27,030 --> 00:42:25,119

it's great right the hate listens but

1105

00:42:28,710 --> 00:42:27,040

what i'm talking about is

1106

00:42:31,589 --> 00:42:28,720

you'll see something you've never seen

1107

00:42:33,349 --> 00:42:31,599

before if they're listening to this when

1108

00:42:35,670 --> 00:42:33,359

this airs okay

1109

00:42:38,230 --> 00:42:35,680

and that is they'll hear what i'm saying

1110

00:42:40,470 --> 00:42:38,240

what you're saying about no consequences

1111

00:42:43,910 --> 00:42:40,480

and then they'll incorporate

1112

00:42:45,750 --> 00:42:43,920

into their bs story oh well actually i

1113

00:42:47,750 --> 00:42:45,760

have been interviewed actually they have

1114

00:42:50,069 --> 00:42:47,760

talked to me they'll start incorporating

1115

00:42:51,910 --> 00:42:50,079

that because they think well that's the

1116

00:42:53,990 --> 00:42:51,920

thing we need for bona fides but you

1117

00:42:54,870 --> 00:42:54,000

know i'm they're they haven't done it so

1118

00:42:58,069 --> 00:42:54,880

far

1119

00:43:00,150 --> 00:42:58,079

um and and you know like i said it's

1120

00:43:02,870 --> 00:43:00,160

it's there's not one of them i love that

1121

00:43:04,630 --> 00:43:02,880

i'm suffering i'm getting death threats

1122

00:43:06,630 --> 00:43:04,640

and people are trying to kill me and

1123

00:43:08,790 --> 00:43:06,640

like what kind of jane

1124

00:43:10,550 --> 00:43:08,800

crazy world are you living in because i

1125

00:43:12,630 --> 00:43:10,560

got to tell you something

1126

00:43:14,710 --> 00:43:12,640

i know enough about the us government to

1127

00:43:16,790 --> 00:43:14,720

know that if they want you dead you

1128

00:43:18,710 --> 00:43:16,800

would be dead there would be no

1129

00:43:20,870 --> 00:43:18,720

failed attempts there would be no

1130

00:43:23,190 --> 00:43:20,880

messing around there would be no threats

1131

00:43:25,829 --> 00:43:23,200

you would just be erased from planet

1132

00:43:27,270 --> 00:43:25,839

earth tomorrow pal

1133

00:43:28,630 --> 00:43:27,280

they wouldn't kill any of these guys if

1134

00:43:30,470 --> 00:43:28,640

they were legit they would just go to

1135

00:43:32,230 --> 00:43:30,480

prison and they would make them

1136

00:43:34,550 --> 00:43:32,240

disappear one way or the other and shut

1137

00:43:37,990 --> 00:43:34,560

them exactly maybe they'd be rotting

1138

00:43:39,829 --> 00:43:38,000

away in prison but um

1139

00:43:42,069 --> 00:43:39,839

it's just it's

1140

00:43:43,750 --> 00:43:42,079

it's it's so ridiculous

1141

00:43:45,910 --> 00:43:43,760

um but people

1142

00:43:47,750 --> 00:43:45,920

love hearing this stuff and they don't

1143

00:43:51,510 --> 00:43:47,760

want to be told they don't want to be

1144

00:43:53,270 --> 00:43:51,520

told um to not have fun with this

1145

00:43:55,750 --> 00:43:53,280

you're you're being a buzz kill you're

1146

00:43:58,390 --> 00:43:55,760

spoiling their fun their fantasy when

1147

00:44:01,030 --> 00:43:58,400

you point out to them that you know okay

1148

00:44:04,069 --> 00:44:01,040

this guy might be a nice guy

1149

00:44:06,150 --> 00:44:04,079

but he's he's full of crap this this

1150

00:44:10,550 --> 00:44:06,160

isn't true he's he's not

1151
00:44:12,470 --> 00:44:10,560
a former ssp guy he did not do 10 000

1152
00:44:14,710 --> 00:44:12,480
autopsies i also want to i just want to

1153
00:44:17,030 --> 00:44:14,720
point out to my audience that my

1154
00:44:20,150 --> 00:44:17,040
favorite people involved in any kind of

1155
00:44:21,349 --> 00:44:20,160
ufo or secret space program research or

1156
00:44:25,349 --> 00:44:21,359
anything

1157
00:44:27,750 --> 00:44:25,359
author somebody that's a voice out there

1158
00:44:29,829 --> 00:44:27,760
my favorite of those people are the

1159
00:44:33,030 --> 00:44:29,839
people that when you go through their

1160
00:44:34,630 --> 00:44:33,040
biography and you look up

1161
00:44:36,790 --> 00:44:34,640
did this person really go to college

1162
00:44:38,630 --> 00:44:36,800
there wow yeah they did

1163
00:44:40,550 --> 00:44:38,640

so

1164

00:44:42,550 --> 00:44:40,560

walter bosley is here talking about

1165

00:44:44,630 --> 00:44:42,560

being an air force office of special

1166

00:44:47,990 --> 00:44:44,640

investigations officer

1167

00:44:49,270 --> 00:44:48,000

and he was and that can be verified you

1168

00:44:51,750 --> 00:44:49,280

can go

1169

00:44:54,069 --> 00:44:51,760

and you could verify that this man was

1170

00:44:56,470 --> 00:44:54,079

really a federal agent and he's talking

1171

00:45:00,150 --> 00:44:56,480

about this stuff the weight

1172

00:45:03,030 --> 00:45:00,160

of mr walter bosley's word on any of

1173

00:45:06,230 --> 00:45:03,040

these subjects should be trusted for the

1174

00:45:08,870 --> 00:45:06,240

sheer fact that his background that he

1175

00:45:11,430 --> 00:45:08,880

claims is a hundred percent factual and

1176

00:45:13,829 --> 00:45:11,440

if you go to these frauds fakes

1177

00:45:16,230 --> 00:45:13,839

cosmic con men their

1178

00:45:18,069 --> 00:45:16,240

backgrounds fall apart they didn't go to

1179

00:45:20,230 --> 00:45:18,079

the colleges they say they went they

1180

00:45:21,829 --> 00:45:20,240

didn't do they didn't have the jobs they

1181

00:45:23,829 --> 00:45:21,839

said they had

1182

00:45:26,390 --> 00:45:23,839

i appreciate people like you walter

1183

00:45:28,630 --> 00:45:26,400

mosley because you're the real deal you

1184

00:45:30,470 --> 00:45:28,640

were a federal agent working for the air

1185

00:45:32,069 --> 00:45:30,480

force on

1186

00:45:33,670 --> 00:45:32,079

can you tell us what kind of well come

1187

00:45:36,710 --> 00:45:33,680

on tell us some of the stuff that you oh

1188

00:45:39,829 --> 00:45:36,720

i i yeah i was i was a special agent of

1189

00:45:41,829 --> 00:45:39,839

the my entire time on active duty my

1190

00:45:44,309 --> 00:45:41,839

first i i had two assignments over the

1191

00:45:46,150 --> 00:45:44,319

course of the almost six years i was in

1192

00:45:47,910 --> 00:45:46,160

first assignment was los angeles air

1193

00:45:49,750 --> 00:45:47,920

force base i don't want to i don't want

1194

00:45:51,589 --> 00:45:49,760

to interrupt you but i got it i got to

1195

00:45:53,430 --> 00:45:51,599

ask you this

1196

00:45:56,309 --> 00:45:53,440

when this happened were you single at

1197

00:45:59,030 --> 00:45:56,319

the time when you became a special agent

1198

00:46:00,870 --> 00:45:59,040

and did you ever go out anywhere and a

1199

00:46:03,030 --> 00:46:00,880

girl asked you what you do for a living

1200

00:46:06,710 --> 00:46:03,040

because that had to be awesome to be

1201

00:46:09,190 --> 00:46:06,720

able to say i'm a special agent

1202

00:46:10,950 --> 00:46:09,200

i had been working for the fbi for

1203

00:46:13,829 --> 00:46:10,960

almost six years when i went into the

1204

00:46:16,309 --> 00:46:13,839

air force and no i was married um i've

1205

00:46:18,550 --> 00:46:16,319

been married a few years and um i had a

1206

00:46:19,910 --> 00:46:18,560

i have a son he's still awesome you know

1207

00:46:22,870 --> 00:46:19,920

right when people ask you what you do

1208

00:46:25,510 --> 00:46:22,880

and you could say well now

1209

00:46:31,190 --> 00:46:25,520

that that that came after i got divorced

1210

00:46:34,470 --> 00:46:32,950

if you can walk into a bar and tell all

1211

00:46:37,510 --> 00:46:34,480

the chicks there that you're a special

1212

00:46:39,430 --> 00:46:37,520

agent come on that's not easily i i

1213

00:46:42,710 --> 00:46:39,440

couldn't do that because of

1214

00:46:44,309 --> 00:46:42,720

what i did ironically i i

1215

00:46:47,109 --> 00:46:44,319

what i would do is

1216

00:46:48,790 --> 00:46:47,119

yeah i'm i'm in the air force i'm

1217

00:46:51,430 --> 00:46:48,800

a great agent you couldn't tell him i'm

1218

00:46:54,870 --> 00:46:51,440

a security officer in fact i dated a

1219

00:46:58,870 --> 00:46:54,880

girl for um a year and she never

1220

00:46:58,880 --> 00:47:04,950

i just said i'm a security officer

1221

00:47:10,550 --> 00:47:07,990

well no i never did tell her wow

1222

00:47:12,790 --> 00:47:10,560

there in fact i i kind of pushed the

1223

00:47:14,630 --> 00:47:12,800

relationship away because she was she

1224

00:47:15,990 --> 00:47:14,640

was a foreign national

1225

00:47:17,990 --> 00:47:16,000

and um

1226
00:47:18,950 --> 00:47:18,000
that's a whole story but i had reasons

1227
00:47:20,470 --> 00:47:18,960
yeah

1228
00:47:22,069 --> 00:47:20,480
well no i just doesn't make people

1229
00:47:23,430 --> 00:47:22,079
suspicious

1230
00:47:24,950 --> 00:47:23,440
if you're with a foreign national and

1231
00:47:27,109 --> 00:47:24,960
you're a federal agent oh no not if you

1232
00:47:29,589 --> 00:47:27,119
were not if you're reporting it okay i

1233
00:47:32,630 --> 00:47:29,599
was reporting everything the whole time

1234
00:47:34,549 --> 00:47:32,640
um but uh you know as as long as you

1235
00:47:36,309 --> 00:47:34,559
report it and you're not telling them

1236
00:47:37,430 --> 00:47:36,319
things but i didn't mean to interrupt

1237
00:47:39,910 --> 00:47:37,440
you so you were talking about some of

1238
00:47:43,750 --> 00:47:39,920

the cases and things that you worked on

1239

00:47:47,349 --> 00:47:43,760

yeah you know in la i was um after doing

1240

00:47:50,069 --> 00:47:47,359

my initial probation time which you do

1241

00:47:52,230 --> 00:47:50,079

you know uh drug investigation cases you

1242

00:47:53,990 --> 00:47:52,240

do fraud investigation

1243

00:47:55,910 --> 00:47:54,000

you know you do the basic crime stuff

1244

00:47:57,510 --> 00:47:55,920

but when i arrived there they said that

1245

00:47:59,190 --> 00:47:57,520

because of my uh

1246

00:48:00,870 --> 00:47:59,200

experience with the bureau

1247

00:48:02,710 --> 00:48:00,880

in counterintelligence with them and

1248

00:48:03,589 --> 00:48:02,720

operationally with them they were

1249

00:48:05,430 --> 00:48:03,599

putting me right into

1250

00:48:07,349 --> 00:48:05,440

counterintelligence so after the first

1251

00:48:10,069 --> 00:48:07,359

year where i had to also do the regular

1252

00:48:11,670 --> 00:48:10,079

crims stuff i was put in full time

1253

00:48:14,230 --> 00:48:11,680

counter intelligence in la and i was

1254

00:48:16,069 --> 00:48:14,240

also a liaison agent to the la office of

1255

00:48:18,549 --> 00:48:16,079

the fbi which is where i started for the

1256

00:48:21,910 --> 00:48:18,559

fbi years before

1257

00:48:24,230 --> 00:48:21,920

and uh then i went to ohio and and

1258

00:48:26,630 --> 00:48:24,240

during the course of that time in la we

1259

00:48:28,470 --> 00:48:26,640

had you know i think we had well we had

1260

00:48:31,510 --> 00:48:28,480

espionage matters that we had to look

1261

00:48:34,390 --> 00:48:31,520

into but we also did program protection

1262

00:48:35,910 --> 00:48:34,400

see this is how a guy like me

1263

00:48:38,069 --> 00:48:35,920

learns about

1264

00:48:40,069 --> 00:48:38,079

some of the stuff we talk about you know

1265

00:48:41,670 --> 00:48:40,079

on shows like this and in books like i

1266

00:48:43,910 --> 00:48:41,680

do because when you say program

1267

00:48:45,750 --> 00:48:43,920

protection you mean the secrecy

1268

00:48:48,069 --> 00:48:45,760

protection of some of the programs

1269

00:48:50,950 --> 00:48:48,079

they're working on right

1270

00:48:52,470 --> 00:48:50,960

yeah you have to be briefed in on the

1271

00:48:54,549 --> 00:48:52,480

the stuff that you're protecting you

1272

00:48:56,470 --> 00:48:54,559

have to be briefed in to be able to to

1273

00:48:58,870 --> 00:48:56,480

when you give security briefings to the

1274

00:49:00,549 --> 00:48:58,880

personnel that work with this stuff um

1275

00:49:02,950 --> 00:49:00,559

you got to be briefed in because if

1276

00:49:05,670 --> 00:49:02,960

you're investigating you know a

1277

00:49:07,430 --> 00:49:05,680

potential a suspected foreign agent

1278

00:49:09,109 --> 00:49:07,440

looking into things you got to know you

1279

00:49:11,510 --> 00:49:09,119

know what he or she might be trying to

1280

00:49:13,829 --> 00:49:11,520

get at blah blah so forth

1281

00:49:15,109 --> 00:49:13,839

and then i went to ohio and was

1282

00:49:17,349 --> 00:49:15,119

chief of the

1283

00:49:19,990 --> 00:49:17,359

counter espionage operations branch

1284

00:49:21,910 --> 00:49:20,000

which is a very specific thing

1285

00:49:23,670 --> 00:49:21,920

and during that time i was deployed to

1286

00:49:25,670 --> 00:49:23,680

saudi arabia for six months to do

1287

00:49:28,069 --> 00:49:25,680

counter terrorism counterintelligence so

1288

00:49:31,190 --> 00:49:28,079

i spent um

1289

00:49:33,190 --> 00:49:31,200

pretty much all my career doing uh you

1290

00:49:34,710 --> 00:49:33,200

know counterintelligence intelligence

1291

00:49:36,710 --> 00:49:34,720

type ops and then i went into

1292

00:49:38,390 --> 00:49:36,720

counterterrorism after the air force but

1293

00:49:41,109 --> 00:49:38,400

um

1294

00:49:42,870 --> 00:49:41,119

so you know that's

1295

00:49:44,630 --> 00:49:42,880

that's the kind of stuff i was doing

1296

00:49:47,670 --> 00:49:44,640

that's the world

1297

00:49:50,390 --> 00:49:47,680

i was working in and um

1298

00:49:51,510 --> 00:49:50,400

a funny little story when i was a new

1299

00:49:54,630 --> 00:49:51,520

agent

1300

00:49:57,510 --> 00:49:54,640

for the air force um of course i had i

1301
00:49:58,710 --> 00:49:57,520
wasn't an agent i was a an operational

1302
00:50:01,910 --> 00:49:58,720
specialist

1303
00:50:04,390 --> 00:50:01,920
for the fbi in various positions

1304
00:50:06,950 --> 00:50:04,400
and then i went in the air force

1305
00:50:09,910 --> 00:50:06,960
got commissioned

1306
00:50:11,750 --> 00:50:09,920
and became a federal agent for osi

1307
00:50:15,109 --> 00:50:11,760
and when i went over to get my briefing

1308
00:50:16,950 --> 00:50:15,119
my security level briefings uh i went

1309
00:50:18,549 --> 00:50:16,960
with one of the other new agents who was

1310
00:50:20,309 --> 00:50:18,559
a few years younger than me he was like

1311
00:50:22,390 --> 00:50:20,319
a right out of college boy

1312
00:50:24,710 --> 00:50:22,400
i was this you know 30 year old married

1313
00:50:26,549 --> 00:50:24,720

guy who'd been with the fbi and this

1314

00:50:28,790 --> 00:50:26,559

other guy he was kind of he was kind of

1315

00:50:31,030 --> 00:50:28,800

a cocky kid he was going to be the super

1316

00:50:34,150 --> 00:50:31,040

agent of the whole detachment

1317

00:50:36,069 --> 00:50:34,160

you know bless his soul and uh we go

1318

00:50:37,910 --> 00:50:36,079

over there to get our briefings and

1319

00:50:39,589 --> 00:50:37,920

you're in a room you're in a you know

1320

00:50:41,589 --> 00:50:39,599

it's kind of like a mini theater kind of

1321

00:50:43,109 --> 00:50:41,599

room over in the vault they throw

1322

00:50:44,790 --> 00:50:43,119

pictures up on the screen and they tell

1323

00:50:48,309 --> 00:50:44,800

you okay this is for

1324

00:50:50,230 --> 00:50:48,319

top secret level blah blah blah okay

1325

00:50:52,470 --> 00:50:50,240

and they give you that level briefing

1326

00:50:54,230 --> 00:50:52,480

and then they say okay everyone except

1327

00:50:56,549 --> 00:50:54,240

colonel so-and-so colonel so and so

1328

00:50:58,309 --> 00:50:56,559

major such and such uh master sergeant

1329

00:50:59,990 --> 00:50:58,319

so-and-so and special agent bosley

1330

00:51:01,990 --> 00:51:00,000

you're all dismissed

1331

00:51:03,270 --> 00:51:02,000

so this new guy this other new agent

1332

00:51:04,630 --> 00:51:03,280

who's going to be super agent he kind of

1333

00:51:06,309 --> 00:51:04,640

got this look on his face like wait a

1334

00:51:09,190 --> 00:51:06,319

minute he gets to stay and get more

1335

00:51:10,950 --> 00:51:09,200

levels than me and you know so i kind of

1336

00:51:13,030 --> 00:51:10,960

said yeah i'll i'll see you back there

1337

00:51:15,670 --> 00:51:13,040

when i'm done uh well

1338

00:51:17,670 --> 00:51:15,680

leveled up and the young punk didn't

1339

00:51:20,309 --> 00:51:17,680

oh here's the funny thing

1340

00:51:22,710 --> 00:51:20,319

as we went through the briefings it came

1341

00:51:24,950 --> 00:51:22,720

down to the only guy left in that room

1342

00:51:27,910 --> 00:51:24,960

for a certain portion of levels was

1343

00:51:30,150 --> 00:51:27,920

special agent bosley so i go i go back

1344

00:51:31,190 --> 00:51:30,160

to the detachment like in

1345

00:51:32,950 --> 00:51:31,200

almost

1346

00:51:36,870 --> 00:51:32,960

two hours later

1347

00:51:38,470 --> 00:51:36,880

walking in and there's that guy that

1348

00:51:40,309 --> 00:51:38,480

younger agent he goes oh did you did you

1349

00:51:42,470 --> 00:51:40,319

go to lunch or something i'm like oh no

1350

00:51:43,829 --> 00:51:42,480

i i just finished in the vault

1351
00:51:45,589 --> 00:51:43,839
and he looked at me he goes you were

1352
00:51:49,109 --> 00:51:45,599
over there the whole time i'm like and i

1353
00:51:51,430 --> 00:51:49,119
just kind of nodded yeah

1354
00:51:54,069 --> 00:51:51,440
and i knew it just kind of burned this

1355
00:51:55,589 --> 00:51:54,079
kid because he's like wait a minute but

1356
00:51:57,349 --> 00:51:55,599
um you know you get your you get your

1357
00:51:58,870 --> 00:51:57,359
and you're not you're not supposed to

1358
00:52:02,309 --> 00:51:58,880
you're not allowed to say what your

1359
00:52:04,790 --> 00:52:02,319
levels are um in the top secret you know

1360
00:52:06,390 --> 00:52:04,800
arena but i i've got mine and

1361
00:52:07,829 --> 00:52:06,400
anyone who's ever done it there's a lot

1362
00:52:10,549 --> 00:52:07,839
of people here's the funny thing about

1363
00:52:12,710 --> 00:52:10,559

this you hear people in our world bandy

1364

00:52:14,950 --> 00:52:12,720

about oh top secret i have top secret

1365

00:52:16,710 --> 00:52:14,960

you know there's been a lot of personnel

1366

00:52:21,510 --> 00:52:16,720

not everybody

1367

00:52:22,630 --> 00:52:21,520

there's a lot of people yeah have been

1368

00:52:24,470 --> 00:52:22,640

you know

1369

00:52:25,829 --> 00:52:24,480

top secret i can tell you this this is

1370

00:52:28,150 --> 00:52:25,839

my only cool

1371

00:52:31,109 --> 00:52:28,160

uh story about clearance that'll never

1372

00:52:34,069 --> 00:52:31,119

happen to me ever again but i happen to

1373

00:52:36,870 --> 00:52:34,079

be hired as a subcontractor to work at

1374

00:52:38,950 --> 00:52:36,880

the drexel robotics lab

1375

00:52:41,030 --> 00:52:38,960

oh okay many years ago they needed

1376

00:52:43,270 --> 00:52:41,040

somebody to do linux servers and this

1377

00:52:44,710 --> 00:52:43,280

was when linux was pretty new and nobody

1378

00:52:47,030 --> 00:52:44,720

really knew it and then so they're going

1379

00:52:49,030 --> 00:52:47,040

to call me in and i had to get an

1380

00:52:51,190 --> 00:52:49,040

interview and all kinds of things and

1381

00:52:53,030 --> 00:52:51,200

clearance to be able to walk in the

1382

00:52:54,790 --> 00:52:53,040

building because they were doing top

1383

00:52:56,549 --> 00:52:54,800

secret research and i thought that was

1384

00:52:59,030 --> 00:52:56,559

the coolest thing like i'm gonna get

1385

00:53:00,630 --> 00:52:59,040

this clearance and i didn't see anything

1386

00:53:01,589 --> 00:53:00,640

but the little room i was building the

1387

00:53:03,670 --> 00:53:01,599

servers

1388

00:53:06,390 --> 00:53:03,680

but it was still a fun story it was

1389

00:53:08,710 --> 00:53:06,400

still fun you know like i got tops i got

1390

00:53:10,870 --> 00:53:08,720

my clearance to go into this top secret

1391

00:53:12,829 --> 00:53:10,880

government lab they walked me in there

1392

00:53:14,710 --> 00:53:12,839

with a security guard into a

1393

00:53:16,549 --> 00:53:14,720

clock a server closet

1394

00:53:19,190 --> 00:53:16,559

and here's what you got to work on today

1395

00:53:21,270 --> 00:53:19,200

buddy i'll be back a lot of times a lot

1396

00:53:23,030 --> 00:53:21,280

of times you're cleared for we call it

1397

00:53:25,270 --> 00:53:23,040

well cleared for weird is another level

1398

00:53:28,630 --> 00:53:25,280

but um well you know guys like you would

1399

00:53:30,230 --> 00:53:28,640

be cleared a lot of that is just in case

1400

00:53:32,470 --> 00:53:30,240

you get exposed to something you hear

1401
00:53:34,549 --> 00:53:32,480
something but um you know i yeah i had

1402
00:53:36,549 --> 00:53:34,559
top secret yeah i don't remember there

1403
00:53:38,630 --> 00:53:36,559
was i don't know who he was i don't even

1404
00:53:39,829 --> 00:53:38,640
know what agency but there was some like

1405
00:53:41,430 --> 00:53:39,839
suited

1406
00:53:43,349 --> 00:53:41,440
you know government guy that had to

1407
00:53:45,589 --> 00:53:43,359
interview me before i could walk in the

1408
00:53:48,390 --> 00:53:45,599
building and it was a weird conversation

1409
00:53:51,030 --> 00:53:48,400
you know like sure do you have any uh do

1410
00:53:53,910 --> 00:53:51,040
you have any ties to foreign agents

1411
00:53:55,750 --> 00:53:53,920
and weird questions you know like and

1412
00:53:56,870 --> 00:53:55,760
and some hypothetical questions and

1413
00:53:58,549 --> 00:53:56,880

things like that did you consider

1414

00:54:00,870 --> 00:53:58,559

yourself patriotic how am i supposed to

1415

00:54:02,309 --> 00:54:00,880

answer that i don't know you know it was

1416

00:54:04,069 --> 00:54:02,319

weird it was well they're looking at

1417

00:54:05,750 --> 00:54:04,079

your body language yeah it was like it

1418

00:54:07,910 --> 00:54:05,760

was like 10 minutes and then the guy was

1419

00:54:09,670 --> 00:54:07,920

like all right you're okay um you know

1420

00:54:12,069 --> 00:54:09,680

okay so now i can walk in there and do

1421

00:54:14,549 --> 00:54:12,079

the job for the next month but i only

1422

00:54:16,630 --> 00:54:14,559

saw a closet i saw a server closet and i

1423

00:54:18,069 --> 00:54:16,640

didn't see the damn robots that they

1424

00:54:19,750 --> 00:54:18,079

were building

1425

00:54:22,230 --> 00:54:19,760

that's what i wanted to see what kind of

1426
00:54:23,829 --> 00:54:22,240
robots you got in here nope i didn't see

1427
00:54:24,630 --> 00:54:23,839
well you know a few a couple of years

1428
00:54:25,670 --> 00:54:24,640
back

1429
00:54:27,670 --> 00:54:25,680
um

1430
00:54:29,190 --> 00:54:27,680
i was

1431
00:54:32,150 --> 00:54:29,200
my clearance levels

1432
00:54:33,030 --> 00:54:32,160
top secret various levels sci

1433
00:54:34,950 --> 00:54:33,040
um

1434
00:54:37,510 --> 00:54:34,960
actually they're we refer to them as

1435
00:54:39,430 --> 00:54:37,520
tickets it's a misnomer to say levels

1436
00:54:41,670 --> 00:54:39,440
because people think of you know levels

1437
00:54:43,589 --> 00:54:41,680
are stacked right you go higher there's

1438
00:54:47,670 --> 00:54:43,599

ts is a category and you get so many

1439

00:54:50,630 --> 00:54:47,680

tickets within ts and stuff and um

1440

00:54:52,390 --> 00:54:50,640

now the the acronym

1441

00:54:53,829 --> 00:54:52,400

sap sap

1442

00:54:54,549 --> 00:54:53,839

okay

1443

00:54:57,430 --> 00:54:54,559

uh

1444

00:54:59,109 --> 00:54:57,440

my understanding you know in my day i

1445

00:55:02,230 --> 00:54:59,119

was i was

1446

00:55:04,630 --> 00:55:02,240

i was in a sap okay we were never

1447

00:55:07,030 --> 00:55:04,640

supposed to utter that acronym

1448

00:55:08,470 --> 00:55:07,040

outside our world you know

1449

00:55:10,230 --> 00:55:08,480

what i mean by that if you're

1450

00:55:13,589 --> 00:55:10,240

interviewed by somebody on the news you

1451

00:55:16,309 --> 00:55:13,599

know um uh you know or in in these books

1452

00:55:17,990 --> 00:55:16,319

i'm writing you're never supposed to say

1453

00:55:20,390 --> 00:55:18,000

special access program that was

1454

00:55:22,390 --> 00:55:20,400

something that was sensitive okay

1455

00:55:24,630 --> 00:55:22,400

you weren't really you were discouraged

1456

00:55:26,549 --> 00:55:24,640

to even use that acronym well a few

1457

00:55:29,190 --> 00:55:26,559

years ago a very prominent politician

1458

00:55:31,750 --> 00:55:29,200

was in hot water and was just bandying

1459

00:55:32,950 --> 00:55:31,760

about zap zap zap sap sap

1460

00:55:34,390 --> 00:55:32,960

and then

1461

00:55:36,069 --> 00:55:34,400

more people started

1462

00:55:37,990 --> 00:55:36,079

you know talking

1463

00:55:38,870 --> 00:55:38,000

special access programs it's like well

1464

00:55:41,030 --> 00:55:38,880

great

1465

00:55:42,710 --> 00:55:41,040

folks that that's kind of sensitive

1466

00:55:43,589 --> 00:55:42,720

we're not supposed to we're not supposed

1467

00:55:45,270 --> 00:55:43,599

to be

1468

00:55:46,870 --> 00:55:45,280

and you think that's okay they don't

1469

00:55:50,069 --> 00:55:46,880

even want people to know that there

1470

00:55:51,829 --> 00:55:50,079

exists secret access

1471

00:55:54,789 --> 00:55:51,839

yeah these special access programs are

1472

00:55:56,069 --> 00:55:54,799

just that i mean what i did in ohio i

1473

00:55:57,750 --> 00:55:56,079

was in a sap

1474

00:56:00,230 --> 00:55:57,760

and um

1475

00:56:02,630 --> 00:56:00,240

you know so and it depends on what it is

1476
00:56:04,549 --> 00:56:02,640
you know one guy's sap is not the same

1477
00:56:07,750 --> 00:56:04,559
as the other guys you know it's it's a

1478
00:56:10,470 --> 00:56:07,760
very specialized thing and that's yes

1479
00:56:12,230 --> 00:56:10,480
that is where things can get really

1480
00:56:14,309 --> 00:56:12,240
interesting because

1481
00:56:16,390 --> 00:56:14,319
by the very definition of that

1482
00:56:19,510 --> 00:56:16,400
you could you could be doing something

1483
00:56:21,030 --> 00:56:19,520
that you know nobody else is doing um

1484
00:56:23,829 --> 00:56:21,040
you could be doing something that you

1485
00:56:25,589 --> 00:56:23,839
know there's only like four branches of

1486
00:56:26,390 --> 00:56:25,599
what you do and you know you're in one

1487
00:56:28,789 --> 00:56:26,400
of them

1488
00:56:30,470 --> 00:56:28,799

so yes special access programs where

1489

00:56:31,990 --> 00:56:30,480

things can get really

1490

00:56:33,030 --> 00:56:32,000

really interesting

1491

00:56:35,990 --> 00:56:33,040

um

1492

00:56:37,990 --> 00:56:36,000

but uh oh before i forget

1493

00:56:39,349 --> 00:56:38,000

um after we're done here if you provide

1494

00:56:41,750 --> 00:56:39,359

me with your email address and this is

1495

00:56:44,150 --> 00:56:41,760

something i a lot of guys don't do but

1496

00:56:45,829 --> 00:56:44,160

i've been doing this for for 10 years

1497

00:56:49,349 --> 00:56:45,839

i've been trying to do this

1498

00:56:50,390 --> 00:56:49,359

i'm going to send you a copy of my dd214

1499

00:56:52,470 --> 00:56:50,400

because that's awesome i would love to

1500

00:56:54,309 --> 00:56:52,480

see that's my bonus i would love to see

1501
00:56:57,589 --> 00:56:54,319
that walter box

1502
00:56:59,109 --> 00:56:57,599
for those that don't know the dd214 is

1503
00:57:01,589 --> 00:56:59,119
the entire

1504
00:57:03,829 --> 00:57:01,599
uh breakdown of what the person did

1505
00:57:06,150 --> 00:57:03,839
while employed for the military well

1506
00:57:07,109 --> 00:57:06,160
it's much more detailed than just the

1507
00:57:08,950 --> 00:57:07,119
average

1508
00:57:10,630 --> 00:57:08,960
way that you verify somebody's military

1509
00:57:12,230 --> 00:57:10,640
credentials you could just get okay they

1510
00:57:15,190 --> 00:57:12,240
were in from this date to this date but

1511
00:57:17,109 --> 00:57:15,200
the dd214 is very detailed and it will

1512
00:57:19,109 --> 00:57:17,119
show where you were stationed what your

1513
00:57:20,069 --> 00:57:19,119

primary responsibilities were and things

1514

00:57:21,750 --> 00:57:20,079

like that

1515

00:57:25,030 --> 00:57:21,760

and if you want to prove that somebody's

1516

00:57:27,750 --> 00:57:25,040

the real deal i have found many fake

1517

00:57:29,430 --> 00:57:27,760

military people that won't give me that

1518

00:57:30,630 --> 00:57:29,440

and that's how you speak

1519

00:57:32,549 --> 00:57:30,640

that's how you spot it and you know why

1520

00:57:34,950 --> 00:57:32,559

they you know why they won't give that

1521

00:57:37,510 --> 00:57:34,960

to you because they know darn well that

1522

00:57:40,710 --> 00:57:37,520

that is a form that you can neither

1523

00:57:42,870 --> 00:57:40,720

doctor doctor nor forge

1524

00:57:45,430 --> 00:57:42,880

and stay out of trouble so they don't

1525

00:57:47,990 --> 00:57:45,440

want that kind of trouble so

1526

00:57:50,069 --> 00:57:48,000

you know by my give the dd214 is a

1527

00:57:52,069 --> 00:57:50,079

public form you know they give them to

1528

00:57:53,990 --> 00:57:52,079

us by the dozens when we get out you

1529

00:57:56,470 --> 00:57:54,000

know for when we're applying for jobs

1530

00:57:58,069 --> 00:57:56,480

it's something that you could get i

1531

00:58:00,470 --> 00:57:58,079

don't know if you can get it on me

1532

00:58:02,710 --> 00:58:00,480

because no i would have told the person

1533

00:58:06,230 --> 00:58:02,720

i would have to be a family member and

1534

00:58:07,910 --> 00:58:06,240

uh to get my dd214 and your osi

1535

00:58:09,910 --> 00:58:07,920

involvement would complicate things a

1536

00:58:11,750 --> 00:58:09,920

great great deal because they look at

1537

00:58:13,990 --> 00:58:11,760

those a second and third time before

1538

00:58:15,910 --> 00:58:14,000

they let anybody see those but because

1539

00:58:16,710 --> 00:58:15,920

you're a host who's having me on your

1540

00:58:19,589 --> 00:58:16,720

show

1541

00:58:21,670 --> 00:58:19,599

okay and you're exposing me to your

1542

00:58:22,789 --> 00:58:21,680

audience exposing your audience to me i

1543

00:58:23,910 --> 00:58:22,799

should say

1544

00:58:25,750 --> 00:58:23,920

and and

1545

00:58:27,349 --> 00:58:25,760

i i think it's fair i think it's right

1546

00:58:29,510 --> 00:58:27,359

that i provide you with some type of

1547

00:58:31,190 --> 00:58:29,520

documentation proving that i was in the

1548

00:58:33,190 --> 00:58:31,200

united states air force and that i was

1549

00:58:35,510 --> 00:58:33,200

indeed an osi agent but i wasn't indeed

1550

00:58:37,030 --> 00:58:35,520

it right now walter i can i can i could

1551

00:58:38,789 --> 00:58:37,040

put my cards on the table and tell you

1552

00:58:41,030 --> 00:58:38,799

the honest-to-god truth and that i've

1553

00:58:41,910 --> 00:58:41,040

already looked into your background and

1554

00:58:44,069 --> 00:58:41,920

was

1555

00:58:46,870 --> 00:58:44,079

sufficiently convinced and don't need to

1556

00:58:48,150 --> 00:58:46,880

see that there you go i've already done

1557

00:58:49,109 --> 00:58:48,160

my homework

1558

00:58:51,670 --> 00:58:49,119

on you

1559

00:58:53,750 --> 00:58:51,680

and i'm good but it's awesome that you

1560

00:58:55,750 --> 00:58:53,760

could do that because this is what the

1561

00:58:59,349 --> 00:58:55,760

frauds don't do my favorite guy that

1562

00:59:02,150 --> 00:58:59,359

won't give me the dd 214 is charles hall

1563

00:59:04,630 --> 00:59:02,160

the inventor of the white alien stories

1564

00:59:07,990 --> 00:59:04,640

you know he worked at a secret base

1565

00:59:10,309 --> 00:59:08,000

but he all of his military is fake

1566

00:59:12,230 --> 00:59:10,319

and it's weird to me that every time

1567

00:59:14,870 --> 00:59:12,240

that guy gets up

1568

00:59:16,870 --> 00:59:14,880

and talks at a ufo conference about

1569

00:59:19,510 --> 00:59:16,880

these tall white aliens he's committing

1570

00:59:20,950 --> 00:59:19,520

a felony because his military service

1571

00:59:23,270 --> 00:59:20,960

never happened

1572

00:59:25,030 --> 00:59:23,280

so you're right about that so he's

1573

00:59:26,789 --> 00:59:25,040

claiming that he has he was in the air

1574

00:59:28,789 --> 00:59:26,799

force and that's where he saw the aliens

1575

00:59:31,109 --> 00:59:28,799

and he wasn't folks i checked and

1576

00:59:32,789 --> 00:59:31,119

checked and checked we're sure of it

1577

00:59:35,109 --> 00:59:32,799

and other people have checked and

1578

00:59:37,589 --> 00:59:35,119

checked and are sure that foyer requests

1579

00:59:39,589 --> 00:59:37,599

he never worked for the military he's

1580

00:59:41,750 --> 00:59:39,599

standing up at a conference getting paid

1581

00:59:43,829 --> 00:59:41,760

to talk about aliens based on

1582

00:59:45,589 --> 00:59:43,839

his military service that's a felony

1583

00:59:47,990 --> 00:59:45,599

folks every time vouch for that

1584

00:59:51,190 --> 00:59:48,000

personally because when i was at la we

1585

00:59:53,829 --> 00:59:51,200

had a case that was just that a guy was

1586

00:59:55,829 --> 00:59:53,839

impersonating um being air force

1587

00:59:57,670 --> 00:59:55,839

personnel impersonating you know having

1588

01:00:00,309 --> 00:59:57,680

been an officer he was going around at

1589

01:00:01,990 --> 01:00:00,319

public speaking events um his big

1590

01:00:03,589 --> 01:00:02,000

mistake he was doing was he began

1591

01:00:06,870 --> 01:00:03,599

defrauding people

1592

01:00:10,150 --> 01:00:06,880

money uh but you know loans and such

1593

01:00:12,549 --> 01:00:10,160

based on this but uh we followed this

1594

01:00:14,630 --> 01:00:12,559

guy we surveilled him he went to an air

1595

01:00:16,390 --> 01:00:14,640

show in uniform

1596

01:00:19,589 --> 01:00:16,400

you know he would do he would appear in

1597

01:00:24,860 --> 01:00:19,599

uniform and and uh he's in jail

1598

01:00:36,390 --> 01:00:34,150

[Music]

1599

01:00:39,910 --> 01:00:36,400

there's a federal law that if you

1600

01:00:42,230 --> 01:00:39,920

impersonate or fake your military

1601
01:00:44,630 --> 01:00:42,240
service and then you profit from faking

1602
01:00:46,710 --> 01:00:44,640
that military service so when charles

1603
01:00:49,349 --> 01:00:46,720
hall gets up and says i was an air force

1604
01:00:51,430 --> 01:00:49,359
officer and i saw these aliens give me a

1605
01:00:53,750 --> 01:00:51,440
thousand dollars for my speaking fee

1606
01:00:56,309 --> 01:00:53,760
that's a felony because he did not work

1607
01:00:59,109 --> 01:00:56,319
for the we got proof we have absolute

1608
01:01:02,309 --> 01:00:59,119
proofing never yeah it's all fabricated

1609
01:01:04,630 --> 01:01:02,319
so the the major point is that there's

1610
01:01:06,789 --> 01:01:04,640
there's these crazies out there that are

1611
01:01:08,870 --> 01:01:06,799
all just making up stuff and the true

1612
01:01:10,870 --> 01:01:08,880
and genuine researchers and people that

1613
01:01:12,630 --> 01:01:10,880

you can trust that's what i've been

1614

01:01:14,710 --> 01:01:12,640

trying to get to on my show walter

1615

01:01:17,109 --> 01:01:14,720

bosley i want to get to the guys like

1616

01:01:19,670 --> 01:01:17,119

you that i can trust because you are who

1617

01:01:21,910 --> 01:01:19,680

you say you are you're not some fake guy

1618

01:01:23,270 --> 01:01:21,920

that just made up all this nonsense

1619

01:01:25,750 --> 01:01:23,280

stories

1620

01:01:27,670 --> 01:01:25,760

well and i i will not embellish

1621

01:01:30,150 --> 01:01:27,680

the things i did in my career when

1622

01:01:33,349 --> 01:01:30,160

people will say oh um

1623

01:01:35,030 --> 01:01:33,359

for instance for the longest time um and

1624

01:01:37,750 --> 01:01:35,040

and they weren't doing this on purpose

1625

01:01:40,309 --> 01:01:37,760

to you know as a see you know a

1626

01:01:42,069 --> 01:01:40,319

malicious thing uh but people would get

1627

01:01:44,470 --> 01:01:42,079

it confused they'd say i was a former

1628

01:01:46,150 --> 01:01:44,480

fbi agent well that's just

1629

01:01:48,549 --> 01:01:46,160

i would correct them and i would make

1630

01:01:52,789 --> 01:01:48,559

sure to correct them politely on air

1631

01:01:54,390 --> 01:01:52,799

because i was not an fbi agent i was an

1632

01:01:56,870 --> 01:01:54,400

operational specialist working

1633

01:01:58,789 --> 01:01:56,880

undercover a couple of assignments for

1634

01:02:00,470 --> 01:01:58,799

the fbi and counterintelligence doing

1635

01:02:03,109 --> 01:02:00,480

very interesting operational work but i

1636

01:02:05,029 --> 01:02:03,119

was not a special agent for the bureau

1637

01:02:07,430 --> 01:02:05,039

and i like to be

1638

01:02:09,670 --> 01:02:07,440

100 percent

1639

01:02:11,670 --> 01:02:09,680

uh accurate

1640

01:02:14,309 --> 01:02:11,680

the devil really sometimes is in the

1641

01:02:16,270 --> 01:02:14,319

details and it is and this is another

1642

01:02:18,789 --> 01:02:16,280

indicator of your of your

1643

01:02:20,470 --> 01:02:18,799

genuineness because

1644

01:02:23,190 --> 01:02:20,480

somebody that was just telling stories

1645

01:02:25,349 --> 01:02:23,200

would embellish somebody and not care

1646

01:02:27,750 --> 01:02:25,359

about the distinctions and the factual

1647

01:02:30,470 --> 01:02:27,760

accuracies of this is what this kind of

1648

01:02:32,789 --> 01:02:30,480

position is and was it wasn't yeah and

1649

01:02:34,870 --> 01:02:32,799

here's what it's not you know i'm also

1650

01:02:36,549 --> 01:02:34,880

correcting people when they think oh you

1651
01:02:39,750 --> 01:02:36,559
must have done this commando stuff i'm

1652
01:02:41,430 --> 01:02:39,760
like no no no no no um i was trained in

1653
01:02:43,510 --> 01:02:41,440
some some

1654
01:02:45,589 --> 01:02:43,520
you know level command what you would

1655
01:02:47,910 --> 01:02:45,599
call commando types are you saying you

1656
01:02:50,230 --> 01:02:47,920
kick my ass walter bosley because i i'm

1657
01:02:52,870 --> 01:02:50,240
not sure man i grew up on the streets of

1658
01:02:54,789 --> 01:02:52,880
philadelphia you know i'm a professional

1659
01:02:56,710 --> 01:02:54,799
you know what my answer to that is

1660
01:02:58,549 --> 01:02:56,720
i don't know i don't know because i

1661
01:03:00,950 --> 01:02:58,559
don't know you and you never know who

1662
01:03:04,630 --> 01:03:00,960
can kick your ass until you're

1663
01:03:07,270 --> 01:03:04,640

you're in it so and anybody who is

1664

01:03:09,109 --> 01:03:07,280

honest and has been trained in any of

1665

01:03:11,510 --> 01:03:09,119

that kind of stuff

1666

01:03:13,829 --> 01:03:11,520

that's that's the right answer because

1667

01:03:16,230 --> 01:03:13,839

you don't know you never no matter no

1668

01:03:17,990 --> 01:03:16,240

matter how good you are and and what you

1669

01:03:20,069 --> 01:03:18,000

know right there's always the guy out

1670

01:03:21,670 --> 01:03:20,079

there that can kick your butt or the

1671

01:03:23,270 --> 01:03:21,680

lucky punch there's always the lucky

1672

01:03:26,309 --> 01:03:23,280

punch

1673

01:03:28,069 --> 01:03:26,319

they're just paying attention

1674

01:03:30,789 --> 01:03:28,079

knocked down so yeah so there's a lot of

1675

01:03:32,630 --> 01:03:30,799

guys who will who will say you know they

1676

01:03:35,029 --> 01:03:32,640

were this and they might have been this

1677

01:03:38,950 --> 01:03:35,039

but then as you said they'll embellish

1678

01:03:42,069 --> 01:03:38,960

what that does when that thing

1679

01:03:44,470 --> 01:03:42,079

doesn't do that other duty doesn't do

1680

01:03:47,910 --> 01:03:44,480

that particular thing yes and you know i

1681

01:03:50,069 --> 01:03:47,920

also suffer from ufo disease

1682

01:03:52,069 --> 01:03:50,079

and that is that they come out with a

1683

01:03:53,750 --> 01:03:52,079

story and then sometimes some of them

1684

01:03:55,589 --> 01:03:53,760

come out with a story and it sounds

1685

01:03:57,190 --> 01:03:55,599

pretty good and this could really be

1686

01:03:58,789 --> 01:03:57,200

real and it's kind of a credible

1687

01:03:59,910 --> 01:03:58,799

believable story

1688

01:04:03,270 --> 01:03:59,920

and then

1689

01:04:05,670 --> 01:04:03,280

for a little while but people get

1690

01:04:07,990 --> 01:04:05,680

started get tired of that original story

1691

01:04:09,750 --> 01:04:08,000

so we got to invent new stories and now

1692

01:04:11,829 --> 01:04:09,760

the story gets you know

1693

01:04:14,470 --> 01:04:11,839

ramped up and embellished and i had new

1694

01:04:16,470 --> 01:04:14,480

recovered memories and it just gets

1695

01:04:17,670 --> 01:04:16,480

crazier and crazier with some of these

1696

01:04:20,470 --> 01:04:17,680

people

1697

01:04:23,109 --> 01:04:20,480

you know i i my whole time in the air

1698

01:04:25,349 --> 01:04:23,119

force um my whole time working that

1699

01:04:28,870 --> 01:04:25,359

world my whole time my career i never

1700

01:04:31,430 --> 01:04:28,880

had a ufo uh sighting or experience that

1701

01:04:34,710 --> 01:04:31,440

didn't happen to me until december of

1702

01:04:36,230 --> 01:04:34,720

2014 just a few years ago and the other

1703

01:04:38,069 --> 01:04:36,240

witness that was with me is the one that

1704

01:04:38,789 --> 01:04:38,079

saw it first came running in the house

1705

01:04:43,750 --> 01:04:38,799

to

1706

01:04:47,349 --> 01:04:43,760

look at the thing and um i'll be talking

1707

01:04:49,349 --> 01:04:47,359

about that at contact in the desert

1708

01:04:51,109 --> 01:04:49,359

do you think that might just be your air

1709

01:04:52,950 --> 01:04:51,119

force friends checking up on you with a

1710

01:04:55,349 --> 01:04:52,960

super advanced drone

1711

01:04:57,029 --> 01:04:55,359

because that's a possibility

1712

01:04:59,910 --> 01:04:57,039

i'm not significant enough for them to

1713

01:05:01,109 --> 01:04:59,920

do that but uh it it's part of the

1714

01:05:04,150 --> 01:05:01,119

possible

1715

01:05:06,789 --> 01:05:04,160

explanation because we have a

1716

01:05:08,950 --> 01:05:06,799

former air force base right here i can

1717

01:05:10,710 --> 01:05:08,960

see it from my backyard norton air force

1718

01:05:13,510 --> 01:05:10,720

base which has a very interesting

1719

01:05:17,270 --> 01:05:13,520

history in ufo history by the way

1720

01:05:19,430 --> 01:05:17,280

and i still think has some level of dod

1721

01:05:21,349 --> 01:05:19,440

presence that's my personal opinion

1722

01:05:23,829 --> 01:05:21,359

about what is called san bernardino

1723

01:05:26,150 --> 01:05:23,839

county airport

1724

01:05:29,349 --> 01:05:26,160

i still think that there's a little bit

1725

01:05:31,670 --> 01:05:29,359

of norton there i think the dod probably

1726

01:05:33,829 --> 01:05:31,680

this is my guess i think the dod

1727

01:05:36,150 --> 01:05:33,839

probably had a little paragraph in the

1728

01:05:37,829 --> 01:05:36,160

contract that says hey at any time we

1729

01:05:39,990 --> 01:05:37,839

need to reactivate this as a military

1730

01:05:42,230 --> 01:05:40,000

base we reserve the right to do that but

1731

01:05:43,510 --> 01:05:42,240

i think they have some type of uh it

1732

01:05:44,950 --> 01:05:43,520

wouldn't surprise me if they had some

1733

01:05:46,390 --> 01:05:44,960

type of

1734

01:05:47,990 --> 01:05:46,400

technical

1735

01:05:50,390 --> 01:05:48,000

support

1736

01:05:51,910 --> 01:05:50,400

unit there because you have edwards so

1737

01:05:53,910 --> 01:05:51,920

close and when they're doing test

1738

01:05:55,349 --> 01:05:53,920

flights if something went wrong they

1739

01:05:56,870 --> 01:05:55,359

would need

1740

01:06:00,470 --> 01:05:56,880

a good secure

1741

01:06:02,470 --> 01:06:00,480

site to land right safely and norton

1742

01:06:04,230 --> 01:06:02,480

norton would be it norton would be an

1743

01:06:06,069 --> 01:06:04,240

excellent point and anything can come

1744

01:06:09,109 --> 01:06:06,079

and go things come and go there in the

1745

01:06:11,430 --> 01:06:09,119

night all the time in the daytime but

1746

01:06:13,029 --> 01:06:11,440

so this is why i suspect that

1747

01:06:14,950 --> 01:06:13,039

it to me it would just

1748

01:06:16,549 --> 01:06:14,960

be smart business that the dod that the

1749

01:06:18,470 --> 01:06:16,559

air force in particular

1750

01:06:21,029 --> 01:06:18,480

probably still has a presence over here

1751

01:06:23,029 --> 01:06:21,039

at norton so that said

1752

01:06:24,870 --> 01:06:23,039

when i had my ufo sighting i thought

1753

01:06:26,390 --> 01:06:24,880

well could this be

1754

01:06:28,630 --> 01:06:26,400

some technology

1755

01:06:29,829 --> 01:06:28,640

from the base here you know rather than

1756

01:06:33,029 --> 01:06:29,839

go right to

1757

01:06:34,549 --> 01:06:33,039

it's from another world you know um

1758

01:06:35,430 --> 01:06:34,559

which i did consider

1759

01:06:37,109 --> 01:06:35,440

uh

1760

01:06:38,390 --> 01:06:37,119

because you got to consider all things i

1761

01:06:40,710 --> 01:06:38,400

think when you're looking at this stuff

1762

01:06:42,710 --> 01:06:40,720

you know i did consider well there's

1763

01:06:43,510 --> 01:06:42,720

the former air force base right over

1764

01:06:45,270 --> 01:06:43,520

there

1765

01:06:46,549 --> 01:06:45,280

so

1766

01:06:48,950 --> 01:06:46,559

it was interesting

1767

01:06:51,349 --> 01:06:48,960

you know i have another must ask

1768

01:06:54,230 --> 01:06:51,359

question on my list

1769

01:06:56,390 --> 01:06:54,240

and uh this is a selfish question

1770

01:06:58,069 --> 01:06:56,400

one of the selfish reasons that i

1771

01:07:00,789 --> 01:06:58,079

started my show is because i wanted to

1772

01:07:03,349 --> 01:07:00,799

get access to people like you

1773

01:07:04,789 --> 01:07:03,359

and uh they're you know uh

1774

01:07:06,470 --> 01:07:04,799

if i didn't have a show and i just

1775

01:07:08,789 --> 01:07:06,480

called up walter bosley i don't know

1776

01:07:10,950 --> 01:07:08,799

walter bosley is a pretty nice guy i i

1777

01:07:13,589 --> 01:07:10,960

think he might help me but the fact that

1778

01:07:16,630 --> 01:07:13,599

i have a show and i have this microphone

1779

01:07:17,829 --> 01:07:16,640

it gives me entry into some people like

1780

01:07:20,870 --> 01:07:17,839

you

1781

01:07:24,309 --> 01:07:20,880

i did a big deep dive into bob lazar

1782

01:07:26,069 --> 01:07:24,319

story and came out it's a fraud but one

1783

01:07:28,470 --> 01:07:26,079

of the things that bothered me

1784

01:07:30,390 --> 01:07:28,480

tremendously about his story and you

1785

01:07:32,789 --> 01:07:30,400

were an air force office of special

1786

01:07:34,390 --> 01:07:32,799

investigations guy you have counter

1787

01:07:36,390 --> 01:07:34,400

intelligence training and all these

1788

01:07:38,069 --> 01:07:36,400

things so i think i would consider you

1789

01:07:40,549 --> 01:07:38,079

an expert witness

1790

01:07:43,029 --> 01:07:40,559

one of the things that he said that

1791

01:07:45,510 --> 01:07:43,039

bothered me tremendously

1792

01:07:47,910 --> 01:07:45,520

is that when he got to this top secret

1793

01:07:51,029 --> 01:07:47,920

base off of area 51 he read these

1794

01:07:53,589 --> 01:07:51,039

briefings and uh in the briefings it

1795

01:07:57,109 --> 01:07:53,599

talked about the fact that there was

1796

01:07:59,029 --> 01:07:57,119

russian scientists there working on this

1797

01:08:00,390 --> 01:07:59,039

top secret project with the american

1798

01:08:01,990 --> 01:08:00,400

scientists and then they made a

1799

01:08:04,230 --> 01:08:02,000

breakthrough and the russian scientists

1800

01:08:05,670 --> 01:08:04,240

kind of got shoot away or the project

1801
01:08:07,430 --> 01:08:05,680
shut down

1802
01:08:08,870 --> 01:08:07,440
and that bothered me tremendously

1803
01:08:11,589 --> 01:08:08,880
because this was supposed to happen in

1804
01:08:14,309 --> 01:08:11,599
1988 which was yeah in most people's

1805
01:08:17,269 --> 01:08:14,319
account the height of the cold war

1806
01:08:20,870 --> 01:08:17,279
so yes i asked richard dodie who was

1807
01:08:22,870 --> 01:08:20,880
responsible for security on area 51 at

1808
01:08:24,630 --> 01:08:22,880
least according to him and these badges

1809
01:08:26,070 --> 01:08:24,640
he sent me and a lot of other supporting

1810
01:08:26,950 --> 01:08:26,080
information that he's telling me the

1811
01:08:29,510 --> 01:08:26,960
truth

1812
01:08:31,829 --> 01:08:29,520
he said there's no way on god's green

1813
01:08:34,470 --> 01:08:31,839

earth that we would let any russian

1814

01:08:36,829 --> 01:08:34,480

nationals anyone connected to the soviet

1815

01:08:40,229 --> 01:08:36,839

union anywhere near area

1816

01:08:42,950 --> 01:08:40,239

51. and so i wanted to ask you in your

1817

01:08:44,630 --> 01:08:42,960

professional opinion is bob lazar's

1818

01:08:47,669 --> 01:08:44,640

statement that there was russian

1819

01:08:49,669 --> 01:08:47,679

scientists in area 51 working on any

1820

01:08:53,349 --> 01:08:49,679

kind of top secret project at all

1821

01:08:55,430 --> 01:08:53,359

plausible or is that lackadoo

1822

01:08:59,189 --> 01:08:55,440

on area 51

1823

01:09:00,789 --> 01:08:59,199

there's no way i agree with dodie

1824

01:09:04,229 --> 01:09:00,799

interesting you know

1825

01:09:07,510 --> 01:09:04,239

now as far as near area 51

1826

01:09:11,110 --> 01:09:07,520

in the early 90s after the wall came

1827

01:09:12,390 --> 01:09:11,120

let's see yeah after the wall came down

1828

01:09:14,470 --> 01:09:12,400

um

1829

01:09:16,630 --> 01:09:14,480

when we were continuing

1830

01:09:19,349 --> 01:09:16,640

we we had this if you recall the

1831

01:09:21,669 --> 01:09:19,359

dismantling the nuclear program

1832

01:09:23,669 --> 01:09:21,679

thing going on where our

1833

01:09:25,910 --> 01:09:23,679

yeah we were both reducing it yeah we

1834

01:09:28,630 --> 01:09:25,920

were both yeah we were both reducing our

1835

01:09:31,910 --> 01:09:28,640

inventory right yeah yeah and now the

1836

01:09:34,390 --> 01:09:31,920

soviet former soviet russian inspectors

1837

01:09:36,309 --> 01:09:34,400

came to the united states okay

1838

01:09:38,229 --> 01:09:36,319

to observe and make sure we were

1839

01:09:39,990 --> 01:09:38,239

dismantling ours

1840

01:09:42,229 --> 01:09:40,000

i cannot go into

1841

01:09:44,709 --> 01:09:42,239

too many details i can just say that

1842

01:09:46,229 --> 01:09:44,719

when i was with the fbi still in the

1843

01:09:47,269 --> 01:09:46,239

early 90s

1844

01:09:51,590 --> 01:09:47,279

i

1845

01:09:54,470 --> 01:09:51,600

um

1846

01:09:57,910 --> 01:09:54,480

and i was doing some stuff

1847

01:09:59,990 --> 01:09:57,920

in support of the fbi keeping an eye on

1848

01:10:01,990 --> 01:10:00,000

the russian scientist

1849

01:10:05,590 --> 01:10:02,000

out at the nuclear test site at mercury

1850

01:10:07,910 --> 01:10:05,600

which is adjacent to area 51.

1851

01:10:11,110 --> 01:10:07,920

but they were there for the

1852

01:10:13,830 --> 01:10:11,120

for the nuke dismantling program

1853

01:10:15,990 --> 01:10:13,840

um and they would not you're absolutely

1854

01:10:19,030 --> 01:10:16,000

right they would not have been allowed

1855

01:10:21,910 --> 01:10:19,040

on area 51 at all

1856

01:10:24,229 --> 01:10:21,920

it was a very controlled entry kind of

1857

01:10:29,030 --> 01:10:26,870

we got to drive on

1858

01:10:32,310 --> 01:10:29,040

the installation we were working the

1859

01:10:33,910 --> 01:10:32,320

nuclear test site um you know ourselves

1860

01:10:36,550 --> 01:10:33,920

in our own car simply because you know

1861

01:10:38,550 --> 01:10:36,560

we were fbi and we were cleared uh you

1862

01:10:39,590 --> 01:10:38,560

know i had a q level clearance there

1863

01:10:41,350 --> 01:10:39,600

that's

1864

01:10:43,669 --> 01:10:41,360

that was equivalent to what i had with

1865

01:10:45,669 --> 01:10:43,679

the fbi anyway

1866

01:10:50,229 --> 01:10:45,679

in the department of energy which runs

1867

01:10:51,990 --> 01:10:50,239

the nts um facility uh that's their

1868

01:10:54,070 --> 01:10:52,000

okay they use the queue thing and i had

1869

01:10:55,669 --> 01:10:54,080

acute clearance for that month but that

1870

01:10:58,390 --> 01:10:55,679

was equivalent to what i had with the

1871

01:11:00,229 --> 01:10:58,400

fbi that it was just their designator

1872

01:11:02,390 --> 01:11:00,239

and um

1873

01:11:04,709 --> 01:11:02,400

but the uh well

1874

01:11:07,350 --> 01:11:04,719

i can't go into it anymore but

1875

01:11:09,750 --> 01:11:07,360

oh no there were russians in the early

1876

01:11:12,390 --> 01:11:09,760

age league don't get in anything in the

1877

01:11:15,430 --> 01:11:12,400

area don't get in any trouble here

1878

01:11:17,030 --> 01:11:15,440

adjacent to area 51.

1879

01:11:18,630 --> 01:11:17,040

yes but it had nothing to do with but

1880

01:11:22,310 --> 01:11:18,640

you understand my point of this story

1881

01:11:25,270 --> 01:11:22,320

that sure it's just a glaring thing that

1882

01:11:27,430 --> 01:11:25,280

flew out at me because right well that

1883

01:11:29,910 --> 01:11:27,440

doesn't sound like we would do something

1884

01:11:32,070 --> 01:11:29,920

stupid like let a bunch of russians know

1885

01:11:34,310 --> 01:11:32,080

of course if we had something as exotic

1886

01:11:37,189 --> 01:11:34,320

as alien technology we were studying

1887

01:11:39,189 --> 01:11:37,199

especially would we say hey you're our

1888

01:11:41,510 --> 01:11:39,199

greatest enemies and we might have this

1889

01:11:42,870 --> 01:11:41,520

incredible technological advantage over

1890

01:11:43,910 --> 01:11:42,880

you but we're going to let you work on

1891

01:11:45,910 --> 01:11:43,920

it with us

1892

01:11:47,830 --> 01:11:45,920

it doesn't make any sense

1893

01:11:49,990 --> 01:11:47,840

of course it doesn't we we would not

1894

01:11:53,350 --> 01:11:50,000

have done that but i'm i'm with you

1895

01:11:54,630 --> 01:11:53,360

lazar to me is not credible

1896

01:11:57,910 --> 01:11:54,640

the degree

1897

01:11:59,590 --> 01:11:57,920

that his story has any credibility is

1898

01:12:01,350 --> 01:11:59,600

possibly

1899

01:12:02,149 --> 01:12:01,360

my view is this the scenario would be

1900

01:12:04,790 --> 01:12:02,159

this

1901
01:12:06,630 --> 01:12:04,800
while he was working in whatever area he

1902
01:12:08,709 --> 01:12:06,640
was working in

1903
01:12:10,149 --> 01:12:08,719
there may have been

1904
01:12:11,030 --> 01:12:10,159
some

1905
01:12:13,910 --> 01:12:11,040
you know

1906
01:12:15,990 --> 01:12:13,920
what what we would call weird stuff for

1907
01:12:18,790 --> 01:12:16,000
whatever reason going on out there or at

1908
01:12:20,390 --> 01:12:18,800
most he and other personnel might have

1909
01:12:23,510 --> 01:12:20,400
been exposed

1910
01:12:27,270 --> 01:12:23,520
to um

1911
01:12:33,350 --> 01:12:30,630
to to some bogus stuff some theater some

1912
01:12:40,149 --> 01:12:33,360
government theater theater right i have

1913
01:12:46,390 --> 01:12:42,310

right let's scare those russians let's

1914

01:12:48,310 --> 01:12:46,400

make them think we well crazy or or or

1915

01:12:50,709 --> 01:12:48,320

let's see how our people

1916

01:12:52,550 --> 01:12:50,719

react to something like this and well

1917

01:12:54,390 --> 01:12:52,560

who are we going to use let's use this

1918

01:12:57,110 --> 01:12:54,400

nerdy guy that we hired to do this

1919

01:12:59,430 --> 01:12:57,120

low-level thing this lazar guy and a few

1920

01:13:01,830 --> 01:12:59,440

others um

1921

01:13:05,030 --> 01:13:01,840

you know yeah some people as i can tell

1922

01:13:07,990 --> 01:13:05,040

he had a contract to work on radiation

1923

01:13:10,229 --> 01:13:08,000

monitors all around that area

1924

01:13:11,990 --> 01:13:10,239

but he was not a scientist he certainly

1925

01:13:13,430 --> 01:13:12,000

was not a physicist

1926

01:13:16,070 --> 01:13:13,440

we i

1927

01:13:18,390 --> 01:13:16,080

just ripped his education everything

1928

01:13:20,390 --> 01:13:18,400

apart he does not have a thesis

1929

01:13:22,390 --> 01:13:20,400

it's just all fake that's what i was

1930

01:13:24,390 --> 01:13:22,400

talking about with a fake background i

1931

01:13:27,189 --> 01:13:24,400

loved that story growing up

1932

01:13:29,590 --> 01:13:27,199

that was my like my favorite story of

1933

01:13:31,430 --> 01:13:29,600

ufo stuff because it hit you know i was

1934

01:13:33,350 --> 01:13:31,440

in grade school and i was like oh my god

1935

01:13:35,510 --> 01:13:33,360

this stuff's all real and here's this

1936

01:13:37,750 --> 01:13:35,520

guy that worked on those things i always

1937

01:13:39,590 --> 01:13:37,760

wanted to believe the story was real

1938

01:13:41,430 --> 01:13:39,600

i ripped it apart i'm sufficiently

1939

01:13:43,270 --> 01:13:41,440

convinced it's all con

1940

01:13:45,669 --> 01:13:43,280

and uh the guy's always saying he

1941

01:13:47,750 --> 01:13:45,679

doesn't make any money and tom delong

1942

01:13:50,149 --> 01:13:47,760

just gave him a whole lot of money

1943

01:13:52,070 --> 01:13:50,159

because walter bosley he's moving on up

1944

01:13:54,870 --> 01:13:52,080

and he's moving to a million dollar

1945

01:13:57,189 --> 01:13:54,880

property right now or he has just moved

1946

01:13:59,430 --> 01:13:57,199

to a million dollar property fresh off

1947

01:14:01,910 --> 01:13:59,440

the publishing of his new book published

1948

01:14:03,270 --> 01:14:01,920

by tom delong

1949

01:14:09,430 --> 01:14:03,280

yeah

1950

01:14:11,350 --> 01:14:09,440

group of raiders right there um

1951

01:14:12,390 --> 01:14:11,360

this is what i see is going on there

1952

01:14:14,950 --> 01:14:12,400

there's been

1953

01:14:16,149 --> 01:14:14,960

these characters that just came in and

1954

01:14:20,229 --> 01:14:16,159

raided

1955

01:14:22,630 --> 01:14:20,239

um

1956

01:14:24,550 --> 01:14:22,640

and and and that's what's going on

1957

01:14:26,229 --> 01:14:24,560

and uh you know there's

1958

01:14:27,110 --> 01:14:26,239

some people that have totally bought off

1959

01:14:30,709 --> 01:14:27,120

on it

1960

01:14:33,590 --> 01:14:30,719

i mean the the ttsa fanboys

1961

01:14:35,750 --> 01:14:33,600

are legendary there i just want to

1962

01:14:38,390 --> 01:14:35,760

mention for the benefit of my listeners

1963

01:14:41,910 --> 01:14:38,400

that mr bosley may not be aware that

1964

01:14:43,990 --> 01:14:41,920

they are not fanboys of mine at all i

1965

01:14:46,070 --> 01:14:44,000

like to ask questions i asked too many

1966

01:14:49,270 --> 01:14:46,080

questions and tom delong blocked me on

1967

01:14:51,350 --> 01:14:49,280

social media and i'm the devil

1968

01:14:53,990 --> 01:14:51,360

and they're gonna bring us disclosure

1969

01:14:56,070 --> 01:14:54,000

any minute any minute it's coming folks

1970

01:14:59,669 --> 01:14:56,080

any minute any minute yeah they hate me

1971

01:15:02,470 --> 01:14:59,679

too so i i know i know the feeling i i'm

1972

01:15:05,590 --> 01:15:02,480

very proudly in that uh club

1973

01:15:07,669 --> 01:15:05,600

but uh yeah it's it's

1974

01:15:08,550 --> 01:15:07,679

you know

1975

01:15:10,470 --> 01:15:08,560

it's

1976

01:15:12,470 --> 01:15:10,480

we could go on and on yeah but you think

1977

01:15:15,510 --> 01:15:12,480

this is all just it's just a lot of

1978

01:15:17,510 --> 01:15:15,520

profiteering morons out there to me

1979

01:15:19,510 --> 01:15:17,520

that don't have the goods because look

1980

01:15:21,590 --> 01:15:19,520

if you i always say this about bob lazar

1981

01:15:23,830 --> 01:15:21,600

and it's so funny like if bob lazar

1982

01:15:25,590 --> 01:15:23,840

really had the goods or george knapp by

1983

01:15:27,110 --> 01:15:25,600

extension who has said that he knows

1984

01:15:29,669 --> 01:15:27,120

where that somehow some of that element

1985

01:15:32,310 --> 01:15:29,679

115 is buried and he could go back come

1986

01:15:34,070 --> 01:15:32,320

on man if they had the goods they could

1987

01:15:35,910 --> 01:15:34,080

just drop it down on the table and say

1988

01:15:37,669 --> 01:15:35,920

here's the proof [h__h] this is the

1989

01:15:39,430 --> 01:15:37,679

element 115 that we've been talking

1990

01:15:41,750 --> 01:15:39,440

about for 30 years

1991

01:15:44,790 --> 01:15:41,760

they don't have anything and tsa has

1992

01:15:46,630 --> 01:15:44,800

nothing they have nothing

1993

01:15:48,870 --> 01:15:46,640

element 115 is supposed to be a

1994

01:15:50,390 --> 01:15:48,880

controlled item right

1995

01:15:52,950 --> 01:15:50,400

i don't know that it's controlled it

1996

01:15:54,550 --> 01:15:52,960

doesn't it's not stable so you know we

1997

01:15:57,030 --> 01:15:54,560

can create it in the laboratory and it

1998

01:15:59,990 --> 01:15:57,040

lasts for micro seconds and then it and

1999

01:16:02,149 --> 01:16:00,000

then but decays so there there's no

2000

01:16:04,390 --> 01:16:02,159

stable form of it

2001

01:16:06,229 --> 01:16:04,400

but how did lazar allegedly come by it

2002

01:16:08,229 --> 01:16:06,239

it was under controlled circumstances

2003

01:16:10,470 --> 01:16:08,239

correct yeah he was in that secret base

2004

01:16:13,590 --> 01:16:10,480

in area 51 and he may have stolen some

2005

01:16:15,990 --> 01:16:13,600

out of it okay i got news for you if i'm

2006

01:16:18,870 --> 01:16:16,000

the agent assigned to that

2007

01:16:19,669 --> 01:16:18,880

investigation and a guy i hear george

2008

01:16:21,110 --> 01:16:19,679

knapp

2009

01:16:22,229 --> 01:16:21,120

run his mouth that he knows where it's

2010

01:16:24,870 --> 01:16:22,239

buried

2011

01:16:27,030 --> 01:16:24,880

i'm knocking on his door at midnight or

2012

01:16:28,550 --> 01:16:27,040

or dawn the next morning well see this

2013

01:16:30,229 --> 01:16:28,560

is what showing that badging credential

2014

01:16:32,390 --> 01:16:30,239

and i'm saying mr knapp you're going to

2015

01:16:34,470 --> 01:16:32,400

take me to that right yeah but see this

2016

01:16:37,189 --> 01:16:34,480

is the narrative that they try to play

2017

01:16:41,189 --> 01:16:37,199

and corbell of course it is they tried

2018

01:16:43,270 --> 01:16:41,199

to use this fbi raid on uh bob lazar's

2019

01:16:45,590 --> 01:16:43,280

business as a plot device and people

2020

01:16:47,910 --> 01:16:45,600

don't know but that original plot device

2021

01:16:49,830 --> 01:16:47,920

that bob lazar stole the element 115 now

2022

01:16:51,990 --> 01:16:49,840

and then they came and stole it back

2023

01:16:54,630 --> 01:16:52,000

from him was in the original hollywood

2024

01:16:56,390 --> 01:16:54,640

screenplay that never got made

2025

01:16:59,430 --> 01:16:56,400

that was the plot device so they take

2026

01:17:01,350 --> 01:16:59,440

the same plot device and when the

2027

01:17:03,830 --> 01:17:01,360

fbi raid happened i think they went

2028

01:17:06,709 --> 01:17:03,840

let's put it in let's use this

2029

01:17:09,189 --> 01:17:06,719

the fbi raid had nothing nothing to do i

2030

01:17:11,510 --> 01:17:09,199

talked to the to the local sheriff i

2031

01:17:14,310 --> 01:17:11,520

talked to the fbi agents that conducted

2032

01:17:16,310 --> 01:17:14,320

the raid that had nothing to do with bob

2033

01:17:18,390 --> 01:17:16,320

lazar and his crazy flying saucer

2034

01:17:22,630 --> 01:17:18,400

stories but they try to paint that in

2035

01:17:24,229 --> 01:17:22,640

that movie documentary as this is

2036

01:17:26,149 --> 01:17:24,239

what happened the government came in for

2037

01:17:27,830 --> 01:17:26,159

that element 115 it was a murder

2038

01:17:30,550 --> 01:17:27,840

investigation had nothing to do with

2039

01:17:32,149 --> 01:17:30,560

that but they wove it into the story

2040

01:17:34,870 --> 01:17:32,159

and meanwhile george knapp says he knows

2041

01:17:36,709 --> 01:17:34,880

where it's buried come on george snap

2042

01:17:38,550 --> 01:17:36,719

take me into it well he he might have

2043

01:17:40,390 --> 01:17:38,560

been he might have been told he might

2044

01:17:42,310 --> 01:17:40,400

have been taken somewhere and shown hey

2045

01:17:45,110 --> 01:17:42,320

that's where it says yeah yeah

2046

01:17:47,510 --> 01:17:45,120

but for him to believe that

2047

01:17:50,149 --> 01:17:47,520

you know but hey he according when you

2048

01:17:51,910 --> 01:17:50,159

hear him talk he takes lazarda's word so

2049

01:17:53,830 --> 01:17:51,920

that tells you i think he believes in

2050

01:17:56,470 --> 01:17:53,840

the money that he has made over the past

2051

01:17:58,630 --> 01:17:56,480

30 years he has to include his salary

2052

01:18:00,390 --> 01:17:58,640

because that news station that he works

2053

01:18:02,790 --> 01:18:00,400

for let him do an awful lot of stories

2054

01:18:05,030 --> 01:18:02,800

about bob lazar over the years and he's

2055

01:18:08,790 --> 01:18:05,040

getting a salary and this is a story

2056

01:18:11,750 --> 01:18:09,990

well he's probably thinking of his

2057

01:18:14,070 --> 01:18:11,760

legacy you know

2058

01:18:16,470 --> 01:18:14,080

such as it is uh

2059

01:18:19,590 --> 01:18:16,480

you know he doesn't want to

2060

01:18:21,750 --> 01:18:19,600

let it fall apart now because his rep so

2061

01:18:23,669 --> 01:18:21,760

much of his reputation yeah he's founded

2062

01:18:25,270 --> 01:18:23,679

upon that maybe maybe they're done but i

2063

01:18:27,750 --> 01:18:25,280

think there's another cash grab in the

2064

01:18:29,669 --> 01:18:27,760

future for bob lazar now he's got that

2065

01:18:31,189 --> 01:18:29,679

million dollar property he's going to

2066

01:18:33,270 --> 01:18:31,199

need some money to maintain that

2067

01:18:37,110 --> 01:18:33,280

lifestyle so we'll probably see another

2068

01:18:39,669 --> 01:18:37,120

drop of bob lazar fraudery

2069

01:18:40,870 --> 01:18:39,679

i think next year

2070

01:18:43,110 --> 01:18:40,880

it might be interesting to see who

2071

01:18:44,229 --> 01:18:43,120

corbell latches himself onto for his

2072

01:18:46,709 --> 01:18:44,239

next uh

2073

01:18:49,910 --> 01:18:46,719

vaudeville show yeah i'm not a fan i

2074

01:18:51,830 --> 01:18:49,920

don't know i i i was very disappointed

2075

01:18:54,390 --> 01:18:51,840

and i want to hear your opinion about

2076

01:18:56,470 --> 01:18:54,400

this i was incredibly disappointed

2077

01:18:58,310 --> 01:18:56,480

because there's this uh video out there

2078

01:18:59,910 --> 01:18:58,320

it's like c.i.a

2079

01:19:01,990 --> 01:18:59,920

death bed confession or something like

2080

01:19:02,870 --> 01:19:02,000

that former you know

2081

01:19:04,870 --> 01:19:02,880

yeah

2082

01:19:07,189 --> 01:19:04,880

and it's an old guy that's supposedly

2083

01:19:09,430 --> 01:19:07,199

dying and richard dolan interviews him

2084

01:19:11,750 --> 01:19:09,440

and he tells all kinds of crazy stories

2085

01:19:12,470 --> 01:19:11,760

about eisenhower's gonna send in the

2086

01:19:15,350 --> 01:19:12,480

yeah

2087

01:19:16,709 --> 01:19:15,360

this the military to take over area 51

2088

01:19:19,110 --> 01:19:16,719

because they won't tell him the alien

2089

01:19:19,830 --> 01:19:19,120

secrets and all this crazy and then i'm

2090

01:19:22,229 --> 01:19:19,840

like

2091

01:19:24,709 --> 01:19:22,239

why is what does richard dolan doing

2092

01:19:27,270 --> 01:19:24,719

talk about oh this is linda moulton hale

2093

01:19:29,669 --> 01:19:27,280

that makes sense then sent him for some

2094

01:19:30,870 --> 01:19:29,679

reason but when i found out that that

2095

01:19:34,070 --> 01:19:30,880

was all

2096

01:19:36,709 --> 01:19:34,080

uh filmed by corbell then it all made

2097

01:19:39,590 --> 01:19:36,719

sense to me so that's another fake fraud

2098

01:19:43,189 --> 01:19:39,600

story that we're gonna but they got they

2099

01:19:45,430 --> 01:19:43,199

got richard dolan in on it and i was so

2100

01:19:47,430 --> 01:19:45,440

disappointed because i want to ask

2101
01:19:48,870 --> 01:19:47,440
richard dolan do you believe that guy's

2102
01:19:49,750 --> 01:19:48,880
telling the truth i don't believe he

2103
01:19:51,189 --> 01:19:49,760
does

2104
01:19:52,950 --> 01:19:51,199
and now they're gonna make a movie out

2105
01:19:55,430 --> 01:19:52,960
of that i think

2106
01:19:57,750 --> 01:19:55,440
in the last year or so we have seen some

2107
01:19:59,110 --> 01:19:57,760
people surprise us with some of the

2108
01:20:01,830 --> 01:19:59,120
things they've

2109
01:20:04,790 --> 01:20:01,840
said and pushed and uh

2110
01:20:07,669 --> 01:20:04,800
it's been a very interesting uh period

2111
01:20:09,910 --> 01:20:07,679
uh for that um well i'll tell you what

2112
01:20:12,790 --> 01:20:09,920
what what turned me off of jeremy

2113
01:20:15,990 --> 01:20:12,800

corbell forever

2114

01:20:17,830 --> 01:20:16,000

is that video that got out where he was

2115

01:20:19,030 --> 01:20:17,840

you know supposedly debating stanton

2116

01:20:21,270 --> 01:20:19,040

friedman

2117

01:20:23,430 --> 01:20:21,280

yeah and i wanna i just wanna i just

2118

01:20:25,910 --> 01:20:23,440

wanna mention i i was friends with

2119

01:20:29,270 --> 01:20:25,920

stanton friedman up until his death he

2120

01:20:30,790 --> 01:20:29,280

was a guest on my show and uh

2121

01:20:32,550 --> 01:20:30,800

what i gotta say about the way that he

2122

01:20:34,709 --> 01:20:32,560

treated him is that was the most

2123

01:20:37,189 --> 01:20:34,719

disrespectful thing he could do to a

2124

01:20:38,229 --> 01:20:37,199

legend in research in any research

2125

01:20:41,590 --> 01:20:38,239

community

2126
01:20:43,510 --> 01:20:41,600
and i would tell corbell don't go debate

2127
01:20:45,669 --> 01:20:43,520
a guy who's having medical problems

2128
01:20:48,229 --> 01:20:45,679
who's 80 something years old on this

2129
01:20:49,669 --> 01:20:48,239
case that's not really up to par come

2130
01:20:52,310 --> 01:20:49,679
debate me

2131
01:20:54,229 --> 01:20:52,320
and corbell won't do that he will never

2132
01:20:56,149 --> 01:20:54,239
have he will never it had nothing it had

2133
01:20:58,390 --> 01:20:56,159
nothing to do with whether he should

2134
01:21:01,629 --> 01:20:58,400
have debated stanton friedman or not it

2135
01:21:03,590 --> 01:21:01,639
was the disgusting

2136
01:21:08,950 --> 01:21:03,600
disrespectful

2137
01:21:12,870 --> 01:21:08,960
uh uh just just low life sleazy attitude

2138
01:21:15,830 --> 01:21:12,880

that he uh and and demeanor

2139

01:21:18,149 --> 01:21:15,840

that he treated stanton friedman with

2140

01:21:19,990 --> 01:21:18,159

yeah and i cannot say like even if i

2141

01:21:20,950 --> 01:21:20,000

even if i don't anybody yeah even if i

2142

01:21:23,669 --> 01:21:20,960

don't

2143

01:21:25,430 --> 01:21:23,679

look i i've had i had michael horn on my

2144

01:21:27,430 --> 01:21:25,440

show and that turned into i know that

2145

01:21:30,149 --> 01:21:27,440

was look hilarious that turned into a

2146

01:21:32,870 --> 01:21:30,159

whole thing but i was listen i really

2147

01:21:34,310 --> 01:21:32,880

tried to be respectful to him you know

2148

01:21:35,430 --> 01:21:34,320

like at least i'm gonna be respectful

2149

01:21:36,470 --> 01:21:35,440

yeah you didn't

2150

01:21:39,350 --> 01:21:36,480

you didn't

2151
01:21:40,629 --> 01:21:39,360
what corvell did to stanton friedman he

2152
01:21:43,750 --> 01:21:40,639
ought to be

2153
01:21:46,229 --> 01:21:43,760
forever ashamed of that and i remember

2154
01:21:48,790 --> 01:21:46,239
before that video got out he was talking

2155
01:21:50,950 --> 01:21:48,800
smack like he smacked stanton friedman

2156
01:21:53,830 --> 01:21:50,960
down he won the debate and then somebody

2157
01:21:55,669 --> 01:21:53,840
released that tape and and i haven't

2158
01:21:57,830 --> 01:21:55,679
heard him say another word about it

2159
01:22:01,590 --> 01:21:57,840
because it is disgusting it shows what

2160
01:22:05,430 --> 01:22:01,600
an a-hole he is to the core

2161
01:22:07,990 --> 01:22:05,440
and that's why i have no respect for and

2162
01:22:10,870 --> 01:22:08,000
probably never will for jeremy corbell

2163
01:22:11,669 --> 01:22:10,880

unless he completely changes

2164

01:22:13,830 --> 01:22:11,679

um

2165

01:22:15,750 --> 01:22:13,840

certain aspects of his purpose

2166

01:22:18,629 --> 01:22:15,760

and admits that you know what is a funny

2167

01:22:20,709 --> 01:22:18,639

thing is while he was before he made the

2168

01:22:21,990 --> 01:22:20,719

bob lazar movie he and i were talking

2169

01:22:24,149 --> 01:22:22,000

and i would say

2170

01:22:25,510 --> 01:22:24,159

listen uh if you're going to do this

2171

01:22:27,590 --> 01:22:25,520

you've got you're you're going to be the

2172

01:22:29,350 --> 01:22:27,600

only guy that's going to get to ask any

2173

01:22:31,270 --> 01:22:29,360

questions and so here's a list of

2174

01:22:32,310 --> 01:22:31,280

questions where's the thesis he said he

2175

01:22:34,470 --> 01:22:32,320

wrote a message

2176
01:22:36,629 --> 01:22:34,480
thermodynamics thesis nobody writes a

2177
01:22:40,790 --> 01:22:36,639
thesis ask anybody nobody writes a

2178
01:22:42,629 --> 01:22:40,800
thesis and can't give you a copy of it

2179
01:22:46,070 --> 01:22:42,639
a lot of different questions he didn't

2180
01:22:48,790 --> 01:22:46,080
ask anything you know it was a it was a

2181
01:22:50,149 --> 01:22:48,800
pro lazarus propaganda piece that he made

2182
01:22:52,390 --> 01:22:50,159
that's what it was intended to be to

2183
01:22:54,310 --> 01:22:52,400
begin with they left out every he left

2184
01:22:57,750 --> 01:22:54,320
out every piece of evidence that proves

2185
01:22:59,750 --> 01:22:57,760
it's oh it's all he's pt barnum he's pt

2186
01:23:01,510 --> 01:22:59,760
barnum you know well let me ask you a

2187
01:23:04,149 --> 01:23:01,520
question because i can weaponize your

2188
01:23:06,870 --> 01:23:04,159

curiosity let me let me ask you wow very

2189

01:23:09,750 --> 01:23:06,880

important question because i have about

2190

01:23:12,470 --> 01:23:09,760

40 minutes of a

2191

01:23:14,390 --> 01:23:12,480

of a documentary that i was

2192

01:23:16,229 --> 01:23:14,400

really intent on making that's the

2193

01:23:19,189 --> 01:23:16,239

answer to that

2194

01:23:21,669 --> 01:23:19,199

to that carnival barking

2195

01:23:23,510 --> 01:23:21,679

nonsense of a thing but then i'm like i

2196

01:23:27,270 --> 01:23:23,520

keep trying to go back to it and finish

2197

01:23:29,030 --> 01:23:27,280

it and i think that would make about 25

2198

01:23:31,270 --> 01:23:29,040

on the you know like the money that

2199

01:23:32,950 --> 01:23:31,280

you're gonna make telling the truth and

2200

01:23:34,229 --> 01:23:32,960

busting the bubble

2201

01:23:35,910 --> 01:23:34,239

i don't know that it's worth finishing

2202

01:23:37,830 --> 01:23:35,920

that thing i'd like to finish it though

2203

01:23:42,470 --> 01:23:37,840

so there's at least a record of like

2204

01:23:47,270 --> 01:23:44,629

yeah you might um

2205

01:23:48,470 --> 01:23:47,280

what you you know what you got to do is

2206

01:23:50,709 --> 01:23:48,480

ask yourself

2207

01:23:52,149 --> 01:23:50,719

what's the most important thing is

2208

01:23:53,990 --> 01:23:52,159

getting the info out there the most

2209

01:23:56,149 --> 01:23:54,000

important thing yeah i might just you

2210

01:23:58,470 --> 01:23:56,159

might just drop it for free because who

2211

01:23:59,990 --> 01:23:58,480

cares do that yeah you know

2212

01:24:01,830 --> 01:24:00,000

because then

2213

01:24:03,990 --> 01:24:01,840

it's it's

2214

01:24:06,550 --> 01:24:04,000

it's getting the info out there you know

2215

01:24:08,629 --> 01:24:06,560

you know what does get to me in uh the

2216

01:24:11,030 --> 01:24:08,639

current research that i did on doing

2217

01:24:13,669 --> 01:24:11,040

some work on david wilcock and fact

2218

01:24:15,350 --> 01:24:13,679

checking him and and uh you know i just

2219

01:24:17,990 --> 01:24:15,360

mentioned bob lazar is moving to a

2220

01:24:19,110 --> 01:24:18,000

million dollar house

2221

01:24:20,870 --> 01:24:19,120

this uh

2222

01:24:22,629 --> 01:24:20,880

and we have

2223

01:24:24,070 --> 01:24:22,639

david wilcock has three million dollar

2224

01:24:25,110 --> 01:24:24,080

mansions

2225

01:24:26,790 --> 01:24:25,120

and uh

2226

01:24:29,510 --> 01:24:26,800

i currently

2227

01:24:30,709 --> 01:24:29,520

i'm getting like 25 dollars a month on

2228

01:24:33,750 --> 01:24:30,719

patreon

2229

01:24:36,790 --> 01:24:33,760

this is the total financial windfall and

2230

01:24:38,310 --> 01:24:36,800

it's very discouraging like if i'm gonna

2231

01:24:39,189 --> 01:24:38,320

be out here and try to tell people the

2232

01:24:41,430 --> 01:24:39,199

truth

2233

01:24:43,430 --> 01:24:41,440

but you get zero support and then

2234

01:24:46,070 --> 01:24:43,440

there's these guys that are just telling

2235

01:24:48,950 --> 01:24:46,080

fairy tales and they got a [h__h] card

2236

01:24:50,709 --> 01:24:48,960

and people are lining up like lunatics

2237

01:24:52,550 --> 01:24:50,719

to go what does that tell you about the

2238

01:24:53,990 --> 01:24:52,560

audience what does that tell you about

2239

01:24:56,550 --> 01:24:54,000

the audience

2240

01:24:58,550 --> 01:24:56,560

here here's why i appreciate those

2241

01:25:00,790 --> 01:24:58,560

people who show up at the walter bosley

2242

01:25:03,110 --> 01:25:00,800

channel on sunday nights okay

2243

01:25:05,669 --> 01:25:03,120

they show up regularly i have this i

2244

01:25:08,870 --> 01:25:05,679

have about uh they're there and the

2245

01:25:10,390 --> 01:25:08,880

reason i appreciate them is because um

2246

01:25:12,310 --> 01:25:10,400

they want to hear

2247

01:25:14,790 --> 01:25:12,320

you know

2248

01:25:16,629 --> 01:25:14,800

my take on things and and i'm like you

2249

01:25:18,070 --> 01:25:16,639

i'm a guy who's trying to keep it you

2250

01:25:20,149 --> 01:25:18,080

know realistic

2251

01:25:21,830 --> 01:25:20,159

um

2252

01:25:23,990 --> 01:25:21,840

and i have to just say and apologize

2253

01:25:26,709 --> 01:25:24,000

that yes on sunday nights

2254

01:25:29,110 --> 01:25:26,719

you do an amazing job and i tr i've been

2255

01:25:31,510 --> 01:25:29,120

there a few times and i try to do it

2256

01:25:33,590 --> 01:25:31,520

more but i get back from this cabin oh

2257

01:25:37,669 --> 01:25:33,600

and we get this

2258

01:25:43,750 --> 01:25:40,790

my point is that um you know there's a

2259

01:25:44,550 --> 01:25:43,760

group of people that are are open to

2260

01:25:46,550 --> 01:25:44,560

hear

2261

01:25:49,030 --> 01:25:46,560

what i have to say and i really

2262

01:25:51,030 --> 01:25:49,040

appreciate that and you know there's you

2263

01:25:53,430 --> 01:25:51,040

have your core that they really

2264

01:25:55,270 --> 01:25:53,440

appreciate your honesty and so we have

2265

01:25:57,910 --> 01:25:55,280

to we have to take heart in the fact

2266

01:25:59,430 --> 01:25:57,920

that there are these pockets of people

2267

01:26:01,590 --> 01:25:59,440

in the audience in the community out

2268

01:26:03,430 --> 01:26:01,600

there that really believe me there's

2269

01:26:05,590 --> 01:26:03,440

more of them that want the truth than we

2270

01:26:06,870 --> 01:26:05,600

realize they really want the truth i

2271

01:26:09,030 --> 01:26:06,880

guess i've been thinking a lot about

2272

01:26:11,030 --> 01:26:09,040

this because i started this radio show

2273

01:26:12,470 --> 01:26:11,040

and i gotta tell you that i'm so pleased

2274

01:26:14,550 --> 01:26:12,480

that i got to you

2275

01:26:16,149 --> 01:26:14,560

you're you've been on my list i started

2276

01:26:18,149 --> 01:26:16,159

this radio show

2277

01:26:20,310 --> 01:26:18,159

four and a half years ago

2278

01:26:21,189 --> 01:26:20,320

and you have been on my list and there's

2279

01:26:26,310 --> 01:26:21,199

only

2280

01:26:29,270 --> 01:26:26,320

five shows left to produce or four after

2281

01:26:32,470 --> 01:26:29,280

you maybe even three yeah maybe three

2282

01:26:34,629 --> 01:26:32,480

and i got you off of the list i made an

2283

01:26:37,110 --> 01:26:34,639

original list like that was kind of

2284

01:26:39,430 --> 01:26:37,120

crazy and there's only a few people that

2285

01:26:41,270 --> 01:26:39,440

i didn't get i got to stanton freeman i

2286

01:26:43,669 --> 01:26:41,280

got to some amazing people and i just

2287

01:26:45,590 --> 01:26:43,679

want to tell you i'm so glad to get you

2288

01:26:48,070 --> 01:26:45,600

on my show because you've been on my

2289

01:26:50,070 --> 01:26:48,080

list since the beginning

2290

01:26:51,350 --> 01:26:50,080

well thanks i appreciate you know that

2291

01:26:53,590 --> 01:26:51,360

you feel like i've got something to

2292

01:26:54,709 --> 01:26:53,600

contribute to your audience

2293

01:26:57,110 --> 01:26:54,719

i appreciate it and it's funny what

2294

01:26:59,189 --> 01:26:57,120

you're saying about audience too because

2295

01:27:00,470 --> 01:26:59,199

i start to realize that everybody has a

2296

01:27:02,390 --> 01:27:00,480

place in this

2297

01:27:05,430 --> 01:27:02,400

you might not like your place but you

2298

01:27:07,750 --> 01:27:05,440

feel it's a natural place so for me

2299

01:27:10,390 --> 01:27:07,760

it's like i gotta do these things that

2300

01:27:13,430 --> 01:27:10,400

i'm doing and i have to show

2301

01:27:15,189 --> 01:27:13,440

my side of things it's kind of like

2302

01:27:17,350 --> 01:27:15,199

you're right somebody's gonna appreciate

2303

01:27:19,270 --> 01:27:17,360

that and if it feels right to do it i

2304

01:27:21,350 --> 01:27:19,280

have to look into these things and if

2305

01:27:23,590 --> 01:27:21,360

these people are lying out there i want

2306

01:27:25,590 --> 01:27:23,600

people to know the truth here's a dick

2307

01:27:26,709 --> 01:27:25,600

here's a deeper look into what they're

2308

01:27:29,030 --> 01:27:26,719

saying

2309

01:27:29,910 --> 01:27:29,040

and here's why it's probably a fairy

2310

01:27:32,310 --> 01:27:29,920

tale

2311

01:27:34,229 --> 01:27:32,320

so everybody has their you know you know

2312

01:27:36,550 --> 01:27:34,239

cw said it in his recent video i was

2313

01:27:39,270 --> 01:27:36,560

listening to that earlier tonight uh cw

2314

01:27:40,950 --> 01:27:39,280

channel said that uh hey you know you

2315

01:27:42,629 --> 01:27:40,960

don't get to tell

2316

01:27:44,310 --> 01:27:42,639

us to shut up

2317

01:27:46,550 --> 01:27:44,320

if you're out there telling lies and

2318

01:27:47,590 --> 01:27:46,560

fantasy stories you know you don't get

2319

01:27:49,669 --> 01:27:47,600

to tell

2320

01:27:51,430 --> 01:27:49,679

everybody to just shut up and listen and

2321

01:27:52,310 --> 01:27:51,440

let you do that if

2322

01:27:54,709 --> 01:27:52,320

no

2323

01:27:56,709 --> 01:27:54,719

you you have to i i

2324

01:27:59,189 --> 01:27:56,719

you have your critics i have my critics

2325

01:28:01,910 --> 01:27:59,199

my gosh you know i had more critics and

2326

01:28:03,189 --> 01:28:01,920

haters than fans you know when i was

2327

01:28:05,350 --> 01:28:03,199

coming out with the first couple of

2328

01:28:07,669 --> 01:28:05,360

books or so yeah you know that's funny

2329

01:28:11,350 --> 01:28:07,679

because i have suddenly become the

2330

01:28:14,070 --> 01:28:11,360

victim of uh like a cult cyber stalking

2331

01:28:15,750 --> 01:28:14,080

campaign if i want to use the dramatic

2332

01:28:17,669 --> 01:28:15,760

of some people

2333

01:28:19,669 --> 01:28:17,679

because i had somebody on my show and

2334

01:28:21,910 --> 01:28:19,679

the people that like him really didn't

2335

01:28:26,070 --> 01:28:21,920

like what happened and now i gotta hear

2336

01:28:27,669 --> 01:28:26,080

about it a lot like a lot oh gosh yeah

2337

01:28:31,270 --> 01:28:27,679

that's another thing i'm glad you

2338

01:28:33,910 --> 01:28:31,280

brought up um one thing that needs to go

2339

01:28:37,430 --> 01:28:33,920

is this angry hostile

2340

01:28:38,790 --> 01:28:37,440

fan trend yeah yeah you know that that

2341

01:28:42,870 --> 01:28:38,800

stuff

2342

01:28:45,590 --> 01:28:42,880

that that needs to be done with because

2343

01:28:47,350 --> 01:28:45,600

if i would i would be embarrassed and

2344

01:28:49,430 --> 01:28:47,360

i've told you know

2345

01:28:50,310 --> 01:28:49,440

the folks who like my show and my books

2346

01:28:52,790 --> 01:28:50,320

i've said

2347

01:28:56,070 --> 01:28:52,800

you know please don't ever act like some

2348

01:28:58,550 --> 01:28:56,080

of these people do on my behalf

2349

01:28:59,990 --> 01:28:58,560

my thing is do that the best friends

2350

01:29:05,270 --> 01:29:00,000

that i have

2351

01:29:06,470 --> 01:29:05,280

are the ones that i can disagree with

2352

01:29:08,709 --> 01:29:06,480

and still

2353

01:29:11,350 --> 01:29:08,719

be respectful towards or be you know

2354

01:29:12,629 --> 01:29:11,360

right those are the best kind of people

2355

01:29:14,629 --> 01:29:12,639

you know

2356

01:29:17,270 --> 01:29:14,639

i talk to a lot of different people and

2357

01:29:20,390 --> 01:29:17,280

have everybody's got different beliefs

2358

01:29:23,590 --> 01:29:20,400

why can't these the the woo-woo crazy

2359

01:29:26,070 --> 01:29:23,600

people and the other side just kind of

2360

01:29:28,629 --> 01:29:26,080

learn to co-exist and be more peaceful

2361

01:29:31,110 --> 01:29:28,639

about it but this doxing stuff or like

2362

01:29:34,070 --> 01:29:31,120

making up memes or like having whole

2363

01:29:36,950 --> 01:29:34,080

blog posts just directed at you know

2364

01:29:38,310 --> 01:29:36,960

trashing people and like but they get

2365

01:29:40,950 --> 01:29:38,320

pissed and they're saying that we're

2366

01:29:43,669 --> 01:29:40,960

doing that and i'm kind of like no but

2367

01:29:44,709 --> 01:29:43,679

we're telling people the truth you know

2368

01:29:48,470 --> 01:29:44,719

yeah

2369

01:29:50,550 --> 01:29:48,480

be going away because there's more and

2370

01:29:52,310 --> 01:29:50,560

more people being vocal it's the same

2371

01:29:55,110 --> 01:29:52,320

thing with the cancel culture and the

2372

01:29:57,350 --> 01:29:55,120

greater society that we got i i people

2373

01:30:00,310 --> 01:29:57,360

are fed up with this cancel culture idea

2374

01:30:02,950 --> 01:30:00,320

the the you said something we don't like

2375

01:30:05,270 --> 01:30:02,960

but you said it 20 years ago you're done

2376

01:30:07,910 --> 01:30:05,280

your career is over well you know what

2377

01:30:10,629 --> 01:30:07,920

no i don't think so yeah

2378

01:30:12,709 --> 01:30:10,639

apologize for it if it's bad enough and

2379

01:30:16,070 --> 01:30:12,719

and move on but people are fed up with

2380

01:30:18,229 --> 01:30:16,080

the the irrational insanity this madness

2381

01:30:20,470 --> 01:30:18,239

of this canceled culture it's a similar

2382

01:30:22,629 --> 01:30:20,480

thing to the um

2383

01:30:26,070 --> 01:30:22,639

the hate fans the hostile fans that

2384

01:30:27,510 --> 01:30:26,080

we're seeing in our community um people

2385

01:30:29,430 --> 01:30:27,520

are people are tired of it just like

2386

01:30:30,709 --> 01:30:29,440

people got tired of trolls you know

2387

01:30:32,870 --> 01:30:30,719

increasingly

2388

01:30:35,750 --> 01:30:32,880

i'll be honest with you i quit allowing

2389

01:30:38,950 --> 01:30:35,760

i well i allow comments but i have to

2390

01:30:40,870 --> 01:30:38,960

approve all of them yeah you know

2391

01:30:43,910 --> 01:30:40,880

it's cut down the trolls that i used to

2392

01:30:45,590 --> 01:30:43,920

have to deal with 99

2393

01:30:48,550 --> 01:30:45,600

they don't bother anymore yeah i don't

2394

01:30:50,470 --> 01:30:48,560

know i i had 100

2395

01:30:52,390 --> 01:30:50,480

don't bother anymore i had this policy

2396

01:30:54,470 --> 01:30:52,400

that i was completely and totally proud

2397

01:30:56,870 --> 01:30:54,480

of for so many years that i would never

2398

01:30:59,110 --> 01:30:56,880

block anybody on social media but then

2399

01:31:01,110 --> 01:30:59,120

some crazy stuff this is michael horn

2400

01:31:03,189 --> 01:31:01,120

and this billy meyer cult and all this

2401

01:31:05,350 --> 01:31:03,199

crazy like yeah there's people telling

2402

01:31:07,669 --> 01:31:05,360

me i'm a terrible father and my children

2403

01:31:09,910 --> 01:31:07,679

should be ashamed yeah like so i go you

2404

01:31:12,229 --> 01:31:09,920

know what i've done i've dealt with six

2405

01:31:13,669 --> 01:31:12,239

weeks of this and that's enough and now

2406

01:31:16,790 --> 01:31:13,679

i'm just gonna start blocking people

2407

01:31:19,189 --> 01:31:16,800

that say crazy nasty stuff to me

2408

01:31:21,830 --> 01:31:19,199

what i do is i allow people that

2409

01:31:24,390 --> 01:31:21,840

actually if they want to criticize um a

2410

01:31:26,470 --> 01:31:24,400

book yeah something related you can

2411

01:31:28,310 --> 01:31:26,480

criticize my work all you want i will

2412

01:31:30,470 --> 01:31:28,320

never block you for that but the troll

2413

01:31:31,350 --> 01:31:30,480

behavior that never sees the light of

2414

01:31:34,790 --> 01:31:31,360

day

2415

01:31:36,950 --> 01:31:34,800

and it it i now only get a troll comment

2416

01:31:38,550 --> 01:31:36,960

on rare occasion what i have right now

2417

01:31:39,510 --> 01:31:38,560

right now are

2418

01:31:41,110 --> 01:31:39,520

two

2419

01:31:43,669 --> 01:31:41,120

haters

2420

01:31:45,990 --> 01:31:43,679

who every time i put out a video they do

2421

01:31:47,910 --> 01:31:46,000

a thumbs down there's two of them every

2422

01:31:50,229 --> 01:31:47,920

single oh you know what listen this is

2423

01:31:52,470 --> 01:31:50,239

my favorite i have this pet peeve i have

2424

01:31:54,229 --> 01:31:52,480

this pet peeve where i'm putting up the

2425

01:31:56,470 --> 01:31:54,239

radio show archives on my youtube

2426

01:31:58,229 --> 01:31:56,480

channel and so like a few hours so like

2427

01:32:00,310 --> 01:31:58,239

okay it'll be ten o'clock tonight but

2428

01:32:01,750 --> 01:32:00,320

it's five o'clock and i put the video up

2429

01:32:04,390 --> 01:32:01,760

and the premiere is there and the link

2430

01:32:06,790 --> 01:32:04,400

is there so between like five o'clock

2431

01:32:09,910 --> 01:32:06,800

when the premiere thing posted and ten

2432

01:32:11,990 --> 01:32:09,920

o'clock there's like five thumbs downs

2433

01:32:13,750 --> 01:32:12,000

you know it's like it didn't even play

2434

01:32:15,669 --> 01:32:13,760

yet how are you

2435

01:32:17,990 --> 01:32:15,679

down in this thing it didn't even at

2436

01:32:20,229 --> 01:32:18,000

least listen to it before you yeah

2437

01:32:22,229 --> 01:32:20,239

exactly but but you what it is is you

2438

01:32:24,950 --> 01:32:22,239

have people that you've said something

2439

01:32:27,030 --> 01:32:24,960

that they don't like what they do is i i

2440

01:32:28,709 --> 01:32:27,040

just had to tell i just told teresa

2441

01:32:30,070 --> 01:32:28,719

yaneros this tonight because she made a

2442

01:32:32,310 --> 01:32:30,080

post yes

2443

01:32:33,350 --> 01:32:32,320

exactly and i said that yeah and i told

2444

01:32:35,430 --> 01:32:33,360

her

2445

01:32:37,910 --> 01:32:35,440

yeah i said hey what you have you got a

2446

01:32:39,430 --> 01:32:37,920

hater who just has tapped the bell and

2447

01:32:40,790 --> 01:32:39,440

every time you're releasing a video they

2448

01:32:42,550 --> 01:32:40,800

get the notice so they can go over there

2449

01:32:44,070 --> 01:32:42,560

and do a thumbs down and that's what

2450

01:32:45,910 --> 01:32:44,080

they're doing because they think here's

2451

01:32:48,070 --> 01:32:45,920

the beauty of it steve they think

2452

01:32:50,950 --> 01:32:48,080

they're hurting you on youtube it's a

2453

01:32:53,030 --> 01:32:50,960

dummy it is engagement and it is the

2454

01:32:55,030 --> 01:32:53,040

video in the search ranks so i yeah

2455

01:32:58,229 --> 01:32:55,040

walter bozzi i'm a computer guy hate me

2456

01:33:00,310 --> 01:32:58,239

i'm kind of like yeah come on i need 25

2457

01:33:02,709 --> 01:33:00,320

more people to come before the premiere

2458

01:33:05,990 --> 01:33:02,719

starts and thumbs down it

2459

01:33:08,390 --> 01:33:06,000

yeah that'll be great so um but you know

2460

01:33:10,470 --> 01:33:08,400

i'm joking about michael horn because i

2461

01:33:12,709 --> 01:33:10,480

i go like he went on a bunch of

2462

01:33:14,950 --> 01:33:12,719

different shows to trash me and i go

2463

01:33:16,070 --> 01:33:14,960

every time he does that my views spike

2464

01:33:18,550 --> 01:33:16,080

up

2465

01:33:21,430 --> 01:33:18,560

you know like yeah song like

2466

01:33:27,830 --> 01:33:21,440

michael horn keep it up bro you keep it

2467

01:33:31,590 --> 01:33:29,430

yeah i wanted to ask you about the

2468

01:33:34,070 --> 01:33:31,600

latest with the space force and what

2469

01:33:37,270 --> 01:33:34,080

your analysis you kind of touched on how

2470

01:33:38,310 --> 01:33:37,280

you believe that this is a good thing

2471

01:33:42,709 --> 01:33:38,320

one of the things that i've been

2472

01:33:45,030 --> 01:33:42,719

thinking about is the operational or the

2473

01:33:46,149 --> 01:33:45,040

are we recording again yes i'm sorry

2474

01:33:47,590 --> 01:33:46,159

hold on okay

2475

01:33:48,709 --> 01:33:47,600

i'll just start again and now and

2476
01:33:51,110 --> 01:33:48,719
actually i

2477
01:33:55,350 --> 01:33:51,120
totally fluff that question so

2478
01:33:56,709 --> 01:33:55,360
let me one five four three two

2479
01:33:58,229 --> 01:33:56,719
one of the other questions i wanted to

2480
01:34:00,629 --> 01:33:58,239
ask you is

2481
01:34:02,550 --> 01:34:00,639
we you touched on the space force and

2482
01:34:04,790 --> 01:34:02,560
why you thought it was a good thing one

2483
01:34:05,590 --> 01:34:04,800
of the things that i've thought of is

2484
01:34:09,110 --> 01:34:05,600
that

2485
01:34:11,110 --> 01:34:09,120
in the event of a large war ever again

2486
01:34:13,110 --> 01:34:11,120
between the united states and any other

2487
01:34:15,830 --> 01:34:13,120
powerful country

2488
01:34:17,510 --> 01:34:15,840

the ability to knock out communication

2489

01:34:19,830 --> 01:34:17,520

satellites for

2490

01:34:21,830 --> 01:34:19,840

one specific example if we were in a

2491

01:34:23,830 --> 01:34:21,840

major war with china and russia and we

2492

01:34:25,270 --> 01:34:23,840

could knock their communications back to

2493

01:34:28,550 --> 01:34:25,280

the stone age

2494

01:34:31,510 --> 01:34:28,560

would we want that capability and i say

2495

01:34:33,270 --> 01:34:31,520

absolutely we want that capability

2496

01:34:35,110 --> 01:34:33,280

so is the space force going to be doing

2497

01:34:37,750 --> 01:34:35,120

things like that or focused on things

2498

01:34:40,149 --> 01:34:37,760

like that or on a broader military

2499

01:34:42,070 --> 01:34:40,159

objective

2500

01:34:44,790 --> 01:34:42,080

they're going to be focused from my

2501
01:34:47,109 --> 01:34:44,800
perspective being an air force officer

2502
01:34:48,629 --> 01:34:47,119
they're going to be focused on

2503
01:34:50,950 --> 01:34:48,639
all

2504
01:34:53,910 --> 01:34:50,960
space related ops that support the

2505
01:34:55,830 --> 01:34:53,920
broader military mission yes

2506
01:34:58,070 --> 01:34:55,840
uh in wartime

2507
01:34:59,350 --> 01:34:58,080
yes i would say that space force would

2508
01:35:02,629 --> 01:34:59,360
be then

2509
01:35:03,830 --> 01:35:02,639
the primary actor when it comes to

2510
01:35:06,310 --> 01:35:03,840
taking out

2511
01:35:08,470 --> 01:35:06,320
the opponent nation's

2512
01:35:10,870 --> 01:35:08,480
space assets including satellites and

2513
01:35:13,510 --> 01:35:10,880

such so yeah they're going to be the

2514

01:35:17,510 --> 01:35:13,520

ones taking that stuff out

2515

01:35:23,430 --> 01:35:19,830

so i i guess i would suppose if you want

2516

01:35:25,109 --> 01:35:23,440

to keep a secure america it's also a

2517

01:35:26,790 --> 01:35:25,119

deterrent right wouldn't it wouldn't

2518

01:35:28,470 --> 01:35:26,800

serve as a deterrent like if you mess

2519

01:35:31,910 --> 01:35:28,480

with us we'll knock you back to the

2520

01:35:34,629 --> 01:35:31,920

stage communications wise at least

2521

01:35:37,270 --> 01:35:34,639

yes but is does america have the right

2522

01:35:39,430 --> 01:35:37,280

to own space like that

2523

01:35:43,750 --> 01:35:39,440

i don't think we're gonna look the

2524

01:35:45,270 --> 01:35:43,760

owning of space would be kind of a

2525

01:35:47,109 --> 01:35:45,280

an effect

2526
01:35:48,229 --> 01:35:47,119
of our presence

2527
01:35:50,629 --> 01:35:48,239
okay

2528
01:35:52,870 --> 01:35:50,639
now look at china right now what they're

2529
01:35:55,910 --> 01:35:52,880
doing with their protesters and stuff so

2530
01:36:00,790 --> 01:35:55,920
i asked the reasonable rational person

2531
01:36:03,109 --> 01:36:00,800
who do you want owning space them or us

2532
01:36:05,750 --> 01:36:03,119
you know and uh i know here come the

2533
01:36:06,709 --> 01:36:05,760
critic the the the america bashers and

2534
01:36:08,629 --> 01:36:06,719
haters

2535
01:36:11,189 --> 01:36:08,639
oh we're not perfect well i got news for

2536
01:36:13,030 --> 01:36:11,199
you no nation is perfect you gotta

2537
01:36:15,590 --> 01:36:13,040
you're gonna have to pick your lesser of

2538
01:36:18,229 --> 01:36:15,600

what you consider to be evils and if

2539

01:36:19,830 --> 01:36:18,239

it's between us and china i want us to

2540

01:36:23,510 --> 01:36:19,840

be the dominant force

2541

01:36:25,669 --> 01:36:23,520

in space in outer space um for you know

2542

01:36:26,950 --> 01:36:25,679

the variety of reasons that that's just

2543

01:36:29,270 --> 01:36:26,960

part of it

2544

01:36:30,229 --> 01:36:29,280

but uh you know they'll also be doing

2545

01:36:32,870 --> 01:36:30,239

things

2546

01:36:34,070 --> 01:36:32,880

uh when it comes time when there is

2547

01:36:36,790 --> 01:36:34,080

commercial

2548

01:36:39,669 --> 01:36:36,800

travel and exploration and even when

2549

01:36:42,629 --> 01:36:39,679

there's private you know exploration and

2550

01:36:45,990 --> 01:36:42,639

travel or scientific or such um they'll

2551
01:36:48,070 --> 01:36:46,000
also be providing uh defense and escort

2552
01:36:49,990 --> 01:36:48,080
kind of services occasionally for that i

2553
01:36:52,310 --> 01:36:50,000
could imagine yeah just like the navy

2554
01:36:53,510 --> 01:36:52,320
did on the seas right i mean has done on

2555
01:36:54,709 --> 01:36:53,520
the seas

2556
01:36:57,189 --> 01:36:54,719
uh

2557
01:36:59,510 --> 01:36:57,199
for a couple of centuries you know any

2558
01:37:01,350 --> 01:36:59,520
navy any nation's navy protects as their

2559
01:37:03,990 --> 01:37:01,360
you know protects their own emerging

2560
01:37:05,350 --> 01:37:04,000
fleets yeah exactly exactly so they're

2561
01:37:07,430 --> 01:37:05,360
going to be doing things like that and

2562
01:37:09,510 --> 01:37:07,440
that is in our future just as it should

2563
01:37:12,470 --> 01:37:09,520

be i i am a

2564

01:37:15,510 --> 01:37:12,480

you could say on an evangelistic level i

2565

01:37:19,510 --> 01:37:15,520

am a proponent of man in space it is our

2566

01:37:22,070 --> 01:37:19,520

future i believe it is our destiny um

2567

01:37:24,310 --> 01:37:22,080

and it it's inevitable

2568

01:37:25,109 --> 01:37:24,320

it's going to happen

2569

01:37:25,990 --> 01:37:25,119

so

2570

01:37:33,350 --> 01:37:26,000

let's

2571

01:37:35,990 --> 01:37:33,360

made during the age of exploration you

2572

01:37:37,830 --> 01:37:36,000

know but do you think not

2573

01:37:40,390 --> 01:37:37,840

one of the philosophical questions that

2574

01:37:41,750 --> 01:37:40,400

we could get to about the space force

2575

01:37:45,910 --> 01:37:41,760

is

2576

01:37:47,830 --> 01:37:45,920

an arms race in space do you think that

2577

01:37:50,310 --> 01:37:47,840

china and russia are just going to roll

2578

01:37:52,470 --> 01:37:50,320

over and say sure you guys can be

2579

01:37:54,390 --> 01:37:52,480

dominant there or is this going to be if

2580

01:37:56,229 --> 01:37:54,400

that's not going on already anyway yeah

2581

01:37:58,310 --> 01:37:56,239

i guess you're right right it's just

2582

01:38:00,070 --> 01:37:58,320

going to be the same old same old of of

2583

01:38:01,470 --> 01:38:00,080

course it is

2584

01:38:04,149 --> 01:38:01,480

um

2585

01:38:05,750 --> 01:38:04,159

[Laughter]

2586

01:38:07,669 --> 01:38:05,760

wasn't there a treaty that said like

2587

01:38:09,830 --> 01:38:07,679

there couldn't be weapons in space so

2588

01:38:12,709 --> 01:38:09,840

we're kind of going against that it was

2589

01:38:14,790 --> 01:38:12,719

the united nations resolution

2590

01:38:17,189 --> 01:38:14,800

right well remember

2591

01:38:19,510 --> 01:38:17,199

it you gotta look at united un

2592

01:38:21,350 --> 01:38:19,520

resolutions how binding are they really

2593

01:38:23,350 --> 01:38:21,360

yeah particularly when things get

2594

01:38:25,669 --> 01:38:23,360

practical i'm personally not a fan of

2595

01:38:28,870 --> 01:38:25,679

the united nations at all

2596

01:38:31,750 --> 01:38:28,880

um they have an agenda that i'm

2597

01:38:33,350 --> 01:38:31,760

personally

2598

01:38:34,790 --> 01:38:33,360

vehemently opposed to and that's

2599

01:38:40,470 --> 01:38:34,800

globalism

2600

01:38:41,350 --> 01:38:40,480

and

2601
01:38:43,510 --> 01:38:41,360
so

2602
01:38:44,629 --> 01:38:43,520
you know i don't see where we need to be

2603
01:38:47,910 --> 01:38:44,639
bound

2604
01:38:50,310 --> 01:38:47,920
by the uh the the globalist agenda of

2605
01:38:52,310 --> 01:38:50,320
that organization i get it but to me

2606
01:38:55,350 --> 01:38:52,320
it's like if you make an agreement be a

2607
01:38:57,350 --> 01:38:55,360
man of your word and we agreed okay uh

2608
01:38:58,950 --> 01:38:57,360
spaceship circumstances change

2609
01:39:01,109 --> 01:38:58,960
circumstances change yeah that's

2610
01:39:03,109 --> 01:39:01,119
situation that's a good argument that is

2611
01:39:05,109 --> 01:39:03,119
a good argument you know you got you got

2612
01:39:07,510 --> 01:39:05,119
to be flexible things change things

2613
01:39:08,870 --> 01:39:07,520

happen um and and what does that lead us

2614

01:39:10,470 --> 01:39:08,880

to this interesting part of the

2615

01:39:11,270 --> 01:39:10,480

conversation of

2616

01:39:13,430 --> 01:39:11,280

gee

2617

01:39:16,310 --> 01:39:13,440

what could be out there that and i know

2618

01:39:17,510 --> 01:39:16,320

people here's the here's the irony about

2619

01:39:19,669 --> 01:39:17,520

ttsa

2620

01:39:22,229 --> 01:39:19,679

there's this one thing that's you know

2621

01:39:24,310 --> 01:39:22,239

um others people in our field and other

2622

01:39:26,470 --> 01:39:24,320

people out there in the in the community

2623

01:39:29,510 --> 01:39:26,480

are complaining you know ttsa talking

2624

01:39:31,189 --> 01:39:29,520

about the threat the irony for me is i

2625

01:39:33,350 --> 01:39:31,199

don't have a problem with them when they

2626
01:39:36,229 --> 01:39:33,360
talk about that because here's the thing

2627
01:39:39,430 --> 01:39:36,239
um we don't know

2628
01:39:41,109 --> 01:39:39,440
that there's not a threat out there

2629
01:39:44,229 --> 01:39:41,119
we don't know that there's not a threat

2630
01:39:45,830 --> 01:39:44,239
coming at us okay we the common people

2631
01:39:48,310 --> 01:39:45,840
that are out of the loop we don't know

2632
01:39:51,030 --> 01:39:48,320
that there's not the idea the notion

2633
01:39:52,870 --> 01:39:51,040
that uh out there in space they're all

2634
01:39:55,109 --> 01:39:52,880
love and light and to achieve

2635
01:39:56,629 --> 01:39:55,119
interstellar travel you you will have

2636
01:39:58,950 --> 01:39:56,639
conquered your you know your

2637
01:40:03,189 --> 01:39:58,960
belligerence and your your drive for

2638
01:40:06,709 --> 01:40:03,199

warfare is the most childish ridiculous

2639

01:40:08,790 --> 01:40:06,719

foolish notion but is so popular in our

2640

01:40:09,910 --> 01:40:08,800

community and it's just

2641

01:40:12,149 --> 01:40:09,920

laughable

2642

01:40:13,990 --> 01:40:12,159

um because look at the way we develop

2643

01:40:16,950 --> 01:40:14,000

technology how much of our technology is

2644

01:40:17,750 --> 01:40:16,960

a result of developing it for warfare

2645

01:40:18,629 --> 01:40:17,760

right

2646

01:40:20,550 --> 01:40:18,639

so

2647

01:40:21,270 --> 01:40:20,560

that's i would say i would say most of

2648

01:40:25,830 --> 01:40:21,280

it

2649

01:40:27,350 --> 01:40:25,840

space age you know uh

2650

01:40:29,910 --> 01:40:27,360

that kind of you know took it even

2651
01:40:33,510 --> 01:40:29,920
further so just one one example that i

2652
01:40:36,149 --> 01:40:33,520
always like to say is gps gps was a war

2653
01:40:38,310 --> 01:40:36,159
technolo that was originally developed

2654
01:40:40,470 --> 01:40:38,320
for the military we were not supposed to

2655
01:40:42,070 --> 01:40:40,480
get that but eventually it became a very

2656
01:40:44,790 --> 01:40:42,080
common place and they said yeah we'll

2657
01:40:47,350 --> 01:40:44,800
let the monkeys have this too

2658
01:40:49,510 --> 01:40:47,360
you know yeah you know so and some guys

2659
01:40:51,350 --> 01:40:49,520
started corporations to sell the early

2660
01:40:53,189 --> 01:40:51,360
gps's

2661
01:40:56,790 --> 01:40:53,199
there could be a legitimate

2662
01:40:58,629 --> 01:40:56,800
there there could be extraterrestrial in

2663
01:41:00,229 --> 01:40:58,639

fact i'm not gonna say there could be

2664

01:41:02,870 --> 01:41:00,239

i'm gonna i'm gonna say look for

2665

01:41:04,709 --> 01:41:02,880

practical purposes you know just assume

2666

01:41:06,790 --> 01:41:04,719

that there are extraterrestrial

2667

01:41:08,870 --> 01:41:06,800

civilizations out there that will mean

2668

01:41:12,550 --> 01:41:08,880

us harm okay

2669

01:41:13,510 --> 01:41:12,560

we'd better be ready to stand up to that

2670

01:41:14,870 --> 01:41:13,520

challenge

2671

01:41:19,270 --> 01:41:14,880

that threat

2672

01:41:24,310 --> 01:41:21,510

nerd in me loves that scenario though

2673

01:41:26,149 --> 01:41:24,320

but like i think we'd get obliterated if

2674

01:41:28,950 --> 01:41:26,159

any race that could come from another

2675

01:41:31,510 --> 01:41:28,960

star system came to you know right now

2676

01:41:33,750 --> 01:41:31,520

we're suffering in low earth orbit all

2677

01:41:35,510 --> 01:41:33,760

we do is go in circles the whole space

2678

01:41:37,510 --> 01:41:35,520

program is black

2679

01:41:39,189 --> 01:41:37,520

but we don't know who our allies are yet

2680

01:41:40,310 --> 01:41:39,199

yeah we don't even have a launch vehicle

2681

01:41:43,109 --> 01:41:40,320

right now

2682

01:41:46,229 --> 01:41:43,119

well this is a joke i think elon musk is

2683

01:41:48,070 --> 01:41:46,239

making him look like an hour

2684

01:41:50,229 --> 01:41:48,080

making them look like ass clowns and

2685

01:41:51,830 --> 01:41:50,239

he's just some billionaire that has an

2686

01:41:53,510 --> 01:41:51,840

intense interest

2687

01:41:54,629 --> 01:41:53,520

we don't have to launch a vehicle we

2688

01:41:57,030 --> 01:41:54,639

don't even have a launch and that's

2689

01:41:59,590 --> 01:41:57,040

great i i love i i think the private

2690

01:42:02,070 --> 01:41:59,600

sector i was glad when a few years ago

2691

01:42:02,870 --> 01:42:02,080

you know nasa officially announced that

2692

01:42:04,390 --> 01:42:02,880

you know

2693

01:42:07,109 --> 01:42:04,400

at least the united states government

2694

01:42:08,870 --> 01:42:07,119

was opening you know space up to

2695

01:42:09,990 --> 01:42:08,880

entrepreneurs

2696

01:42:11,510 --> 01:42:10,000

yeah it was great

2697

01:42:13,750 --> 01:42:11,520

inevitable but i wonder how we're

2698

01:42:16,709 --> 01:42:13,760

starting a space force when we don't

2699

01:42:18,629 --> 01:42:16,719

have an operational launch vehicle it

2700

01:42:20,709 --> 01:42:18,639

seems a little high in the sky yeah as

2701

01:42:23,350 --> 01:42:20,719

far as we have the x-37b but that's a

2702

01:42:25,510 --> 01:42:23,360

drone technically it's not manned

2703

01:42:27,830 --> 01:42:25,520

yeah you know we don't know

2704

01:42:29,430 --> 01:42:27,840

what we have we're paying the russians

2705

01:42:31,189 --> 01:42:29,440

for you know hikes up to the

2706

01:42:32,550 --> 01:42:31,199

international space station for our

2707

01:42:34,310 --> 01:42:32,560

people

2708

01:42:36,950 --> 01:42:34,320

we could have we could have an off-world

2709

01:42:39,030 --> 01:42:36,960

ally who's watching our backs until we

2710

01:42:41,590 --> 01:42:39,040

come up to speed uh

2711

01:42:44,070 --> 01:42:41,600

look the ufo sightings could be

2712

01:42:45,270 --> 01:42:44,080

you know um what those launch vehicles

2713

01:42:46,709 --> 01:42:45,280

are

2714

01:42:48,790 --> 01:42:46,719

but don't you think we got off track

2715

01:42:50,629 --> 01:42:48,800

like it was 50 years ago right that we

2716

01:42:52,950 --> 01:42:50,639

first went to the moon we should have

2717

01:42:54,709 --> 01:42:52,960

been to mars by now and that's one of

2718

01:42:56,790 --> 01:42:54,719

the speculations that's one of the

2719

01:42:58,149 --> 01:42:56,800

speculations and there's a lot of secret

2720

01:42:59,750 --> 01:42:58,159

space program

2721

01:43:01,990 --> 01:42:59,760

so-called whistleblowers saying they

2722

01:43:03,750 --> 01:43:02,000

went to mars and there's bases there and

2723

01:43:05,510 --> 01:43:03,760

all this crazy

2724

01:43:08,550 --> 01:43:05,520

well i have said before and i'll say it

2725

01:43:10,629 --> 01:43:08,560

again um i have no problem with the idea

2726

01:43:12,070 --> 01:43:10,639

that we may

2727

01:43:13,669 --> 01:43:12,080

notice the difference between when i

2728

01:43:15,830 --> 01:43:13,679

talk about this stuff and when these

2729

01:43:19,350 --> 01:43:15,840

whistleblower boobs talk about it i say

2730

01:43:21,189 --> 01:43:19,360

we may i could be wrong but i to me

2731

01:43:24,229 --> 01:43:21,199

it wouldn't shock me if i were to find

2732

01:43:26,870 --> 01:43:24,239

out that we actually uh have at least

2733

01:43:28,229 --> 01:43:26,880

put boots on mars once

2734

01:43:30,470 --> 01:43:28,239

yeah i would think that would be very

2735

01:43:32,709 --> 01:43:30,480

believable considering we've put uh

2736

01:43:34,229 --> 01:43:32,719

three or four robotic probes on the

2737

01:43:36,870 --> 01:43:34,239

surface safely yeah they've been

2738

01:43:38,390 --> 01:43:36,880

operational for years

2739

01:43:40,629 --> 01:43:38,400

here's another question i want to ask

2740

01:43:42,709 --> 01:43:40,639

you that's very important all of these

2741

01:43:44,790 --> 01:43:42,719

all of these people out there selling

2742

01:43:48,310 --> 01:43:44,800

structures on the moon and structures on

2743

01:43:50,229 --> 01:43:48,320

mars and the mars face and mars pyramids

2744

01:43:52,149 --> 01:43:50,239

i find it to be completely and totally

2745

01:43:54,870 --> 01:43:52,159

not credible because what these people

2746

01:43:57,270 --> 01:43:54,880

are either too stupid or you know lazy

2747

01:44:00,149 --> 01:43:57,280

to realize is that we've got satellites

2748

01:44:01,590 --> 01:44:00,159

over these planetary bodies and you can

2749

01:44:11,270 --> 01:44:01,600

get pictures

2750

01:44:15,109 --> 01:44:13,350

that you say show an alien structure on

2751

01:44:16,229 --> 01:44:15,119

the moon then why did you not use the

2752

01:44:18,629 --> 01:44:16,239

new

2753

01:44:21,189 --> 01:44:18,639

you know technology and show us the same

2754

01:44:23,270 --> 01:44:21,199

structure because it's it's not there i

2755

01:44:26,550 --> 01:44:23,280

don't think there's anything there

2756

01:44:27,510 --> 01:44:26,560

well are they aware that they you know

2757

01:44:29,430 --> 01:44:27,520

have

2758

01:44:31,350 --> 01:44:29,440

which which is kind of embarrassing if

2759

01:44:32,629 --> 01:44:31,360

you're into that research and you're not

2760

01:44:35,590 --> 01:44:32,639

aware of

2761

01:44:37,030 --> 01:44:35,600

you know um i would be embarrassed if i

2762

01:44:39,109 --> 01:44:37,040

was pushing something and somebody said

2763

01:44:40,950 --> 01:44:39,119

well hey dummy you know i'd be like oh

2764

01:44:43,030 --> 01:44:40,960

my gosh but i'd be honest about it i'd

2765

01:44:45,109 --> 01:44:43,040

say boy i look like a fool well let me

2766

01:44:46,550 --> 01:44:45,119

look at this let's check out everything

2767

01:44:48,470 --> 01:44:46,560

you know you can't answer those

2768

01:44:50,229 --> 01:44:48,480

questions you can't ask those kind of

2769

01:44:52,070 --> 01:44:50,239

questions

2770

01:44:55,109 --> 01:44:52,080

you know so it's

2771

01:44:56,470 --> 01:44:55,119

it's very it's very interesting what the

2772

01:44:58,790 --> 01:44:56,480

technology

2773

01:45:01,030 --> 01:44:58,800

is going to shoot down that's the other

2774

01:45:03,270 --> 01:45:01,040

thing now that space force is an open

2775

01:45:05,430 --> 01:45:03,280

thing a lot of the stuff in our

2776

01:45:07,750 --> 01:45:05,440

community that people are claiming we're

2777

01:45:09,990 --> 01:45:07,760

gonna and my stuff included we're gonna

2778

01:45:12,390 --> 01:45:10,000

find out if we're right or not right

2779

01:45:14,550 --> 01:45:12,400

eventually we're gonna find out

2780

01:45:17,030 --> 01:45:14,560

yeah and you've never been too far ahead

2781

01:45:18,950 --> 01:45:17,040

of the possibilities like some of these

2782

01:45:21,350 --> 01:45:18,960

nut jobs saying that we're fighting

2783

01:45:23,750 --> 01:45:21,360

secret space battles in space oh the

2784

01:45:24,790 --> 01:45:23,760

draco's and all this stuff oh please

2785

01:45:26,310 --> 01:45:24,800

please

2786

01:45:28,070 --> 01:45:26,320

give me a break on the face of it it's

2787

01:45:31,270 --> 01:45:28,080

ridiculous and and they're they're doing

2788

01:45:34,310 --> 01:45:31,280

this tack you know who um you know does

2789

01:45:37,109 --> 01:45:34,320

this tack of when you're openly critical

2790

01:45:39,350 --> 01:45:37,119

it's how dare you

2791

01:45:41,830 --> 01:45:39,360

yes it's well a lot of people don't know

2792

01:45:44,470 --> 01:45:41,840

this but i am a member of the dark

2793

01:45:45,510 --> 01:45:44,480

alliance according to oh me too i

2794

01:45:48,070 --> 01:45:45,520

finally

2795

01:45:49,750 --> 01:45:48,080

one time i was thrown in that list so

2796

01:45:51,750 --> 01:45:49,760

very proud

2797

01:45:54,310 --> 01:45:51,760

you're but you're like a major member of

2798

01:45:55,830 --> 01:45:54,320

it right i don't know i think

2799

01:45:57,669 --> 01:45:55,840

somebody was uh

2800

01:45:59,750 --> 01:45:57,679

people were sending me uh

2801

01:46:02,709 --> 01:45:59,760

something david wilcox said about this

2802

01:46:05,510 --> 01:46:02,719

one murderous person and but i think he

2803

01:46:07,669 --> 01:46:05,520

was talking about cw chan or not me so

2804

01:46:09,990 --> 01:46:07,679

i actually i you know i think a cw

2805

01:46:13,030 --> 01:46:10,000

channel is going to get more of the uh

2806

01:46:13,910 --> 01:46:13,040

more of the blame for being the whole

2807

01:46:15,830 --> 01:46:13,920

you know

2808

01:46:17,830 --> 01:46:15,840

he's the mastermind or is it jimmy

2809

01:46:19,669 --> 01:46:17,840

church i'm kind of losing track of who's

2810

01:46:21,270 --> 01:46:19,679

in charge of this whole thing

2811

01:46:28,470 --> 01:46:21,280

which is funny because i'm also getting

2812

01:46:32,550 --> 01:46:30,229

it's interesting they included me on a

2813

01:46:33,830 --> 01:46:32,560

meme about a year ago year and a half

2814

01:46:36,149 --> 01:46:33,840

ago

2815

01:46:38,149 --> 01:46:36,159

briefly and after a couple of days they

2816

01:46:39,430 --> 01:46:38,159

took my face off of it and put someone

2817

01:46:41,830 --> 01:46:39,440

else on there

2818

01:46:44,470 --> 01:46:41,840

and i and i thought oh i got bumped you

2819

01:46:47,030 --> 01:46:44,480

didn't even get a full turn yeah i know

2820

01:46:48,229 --> 01:46:47,040

i haven't seen any memes about me

2821

01:46:49,830 --> 01:46:48,239

and i

2822

01:46:52,709 --> 01:46:49,840

kind of felt left out because i didn't

2823

01:46:54,390 --> 01:46:52,719

get any cease and desist letters but i

2824

01:46:56,870 --> 01:46:54,400

figured out that these idiots were too

2825

01:46:59,030 --> 01:46:56,880

stupid to actually find me or an email

2826

01:47:01,430 --> 01:46:59,040

address to send the cease and desist

2827

01:47:04,149 --> 01:47:01,440

letter maybe that's why i don't know or

2828

01:47:06,310 --> 01:47:04,159

i'm just off their radar entirely and

2829

01:47:08,070 --> 01:47:06,320

they're talking about other people it's

2830

01:47:10,070 --> 01:47:08,080

funny like but they're starting to

2831

01:47:12,790 --> 01:47:10,080

respond to this stuff and they're

2832

01:47:13,910 --> 01:47:12,800

starting to be incredibly affected by it

2833

01:47:15,590 --> 01:47:13,920

and it's

2834

01:47:17,590 --> 01:47:15,600

tearing them up inside and they're

2835

01:47:19,270 --> 01:47:17,600

creating all these false narratives that

2836

01:47:21,189 --> 01:47:19,280

there's some secret

2837

01:47:24,629 --> 01:47:21,199

you know the government's paying these

2838

01:47:26,550 --> 01:47:24,639

guys to say we're liars and no uh maybe

2839

01:47:27,430 --> 01:47:26,560

it could be that just people woke up and

2840

01:47:28,390 --> 01:47:27,440

said

2841

01:47:30,070 --> 01:47:28,400

i'm gonna

2842

01:47:33,510 --> 01:47:30,080

look at this guy's story and say it's

2843

01:47:37,270 --> 01:47:33,520

whack-a-doodle because it is

2844

01:47:39,750 --> 01:47:37,280

yes and and you know maybe the community

2845

01:47:41,109 --> 01:47:39,760

you know in some regards is changing and

2846

01:47:44,149 --> 01:47:41,119

it needs to

2847

01:47:47,669 --> 01:47:44,159

so that ridiculous stuff like this

2848

01:47:50,790 --> 01:47:47,679

you know won't be uh uh entertained

2849

01:47:53,270 --> 01:47:50,800

for very long um you know the problem is

2850

01:47:55,830 --> 01:47:53,280

i think it's just fair and healthy like

2851
01:47:58,629 --> 01:47:55,840
this guy can go on tv and say all these

2852
01:48:01,750 --> 01:47:58,639
crazy things so i'm allowed to go and

2853
01:48:03,669 --> 01:48:01,760
say this is crazy and here's why

2854
01:48:06,790 --> 01:48:03,679
you know yeah this is not true and

2855
01:48:11,030 --> 01:48:06,800
here's why yeah so i hear you i hear you

2856
01:48:16,790 --> 01:48:14,070
it's it's it has been a an interesting

2857
01:48:19,430 --> 01:48:16,800
few years i will say that

2858
01:48:21,590 --> 01:48:19,440
but um you know that

2859
01:48:23,830 --> 01:48:21,600
on the other hand though i try to like i

2860
01:48:25,669 --> 01:48:23,840
said i try to say my piece

2861
01:48:27,990 --> 01:48:25,679
i'm honest when asked

2862
01:48:29,910 --> 01:48:28,000
i say my piece and then i

2863
01:48:31,750 --> 01:48:29,920

go back to doing my thing

2864

01:48:32,390 --> 01:48:31,760

because i think that's really the best

2865

01:48:35,109 --> 01:48:32,400

way

2866

01:48:36,070 --> 01:48:35,119

is to just disregard these people

2867

01:48:38,709 --> 01:48:36,080

you know

2868

01:48:41,109 --> 01:48:38,719

when once you've pointed it out shed

2869

01:48:43,030 --> 01:48:41,119

light on it then just disregard them

2870

01:48:44,709 --> 01:48:43,040

yeah i try to do it but then you know

2871

01:48:47,830 --> 01:48:44,719

what gets me interested is

2872

01:48:49,990 --> 01:48:47,840

the ease at which i can call places and

2873

01:48:52,790 --> 01:48:50,000

prove that what they just said was a lie

2874

01:48:57,750 --> 01:48:52,800

oh that's no i'd like that's me like i

2875

01:49:00,229 --> 01:48:57,760

get i i i hear like i swear when this

2876

01:49:02,149 --> 01:49:00,239

david wilcock idiot made a video i felt

2877

01:49:04,310 --> 01:49:02,159

like he was talking right to me and i'm

2878

01:49:06,629 --> 01:49:04,320

like okay david wilcock

2879

01:49:08,870 --> 01:49:06,639

i'm going to pick up my phone tomorrow

2880

01:49:11,669 --> 01:49:08,880

you dummy and i'm going to show

2881

01:49:13,510 --> 01:49:11,679

everybody what yeah nobody's doing that

2882

01:49:15,189 --> 01:49:13,520

nobody's doing that it makes me sad dude

2883

01:49:17,109 --> 01:49:15,199

like i was saying like sometimes i'm

2884

01:49:19,270 --> 01:49:17,119

like why do i gotta be the guy to do

2885

01:49:21,589 --> 01:49:19,280

this but then i i i have this feeling

2886

01:49:23,109 --> 01:49:21,599

like everybody has their part to play

2887

01:49:25,430 --> 01:49:23,119

and maybe that's what you know the

2888

01:49:28,229 --> 01:49:25,440

latest part michael horn michael horn

2889

01:49:31,430 --> 01:49:28,239

did it to you a little bit um the

2890

01:49:32,550 --> 01:49:31,440

tartaria guys do it um and that's this

2891

01:49:34,709 --> 01:49:32,560

thing where

2892

01:49:37,350 --> 01:49:34,719

say this stuff

2893

01:49:39,910 --> 01:49:37,360

and when somebody says hey wait a minute

2894

01:49:41,669 --> 01:49:39,920

that just on the face of it

2895

01:49:43,910 --> 01:49:41,679

doesn't seem you know it doesn't seem

2896

01:49:45,430 --> 01:49:43,920

realistic it seems like malarkey well

2897

01:49:47,510 --> 01:49:45,440

then what they do is they say well you

2898

01:49:49,589 --> 01:49:47,520

can't say that until you look at the

2899

01:49:50,950 --> 01:49:49,599

material and then what they do is they

2900

01:49:52,950 --> 01:49:50,960

give me anything

2901

01:49:56,149 --> 01:49:52,960

yeah i got i said yeah about michael

2902

01:49:58,390 --> 01:49:56,159

horn he sent me like 80 pages of stuff

2903

01:50:00,149 --> 01:49:58,400

at a time like you gotta yeah it's like

2904

01:50:01,990 --> 01:50:00,159

no no no you need to distill this and

2905

01:50:04,709 --> 01:50:02,000

this is this was my message i said this

2906

01:50:07,189 --> 01:50:04,719

on my um uh i've said this in my social

2907

01:50:09,030 --> 01:50:07,199

media over the last 10 days or so

2908

01:50:12,149 --> 01:50:09,040

and it's my sincere advice to the

2909

01:50:14,790 --> 01:50:12,159

tataria guys so one of you in your

2910

01:50:17,430 --> 01:50:14,800

tataria community you guys

2911

01:50:19,510 --> 01:50:17,440

need to be the guy or guys who write a

2912

01:50:21,030 --> 01:50:19,520

book on this take all this data that

2913

01:50:23,510 --> 01:50:21,040

you're so proud of that you're convinced

2914

01:50:26,229 --> 01:50:23,520

of distill it

2915

01:50:28,310 --> 01:50:26,239

put out a book you know don't tell me

2916

01:50:30,629 --> 01:50:28,320

this books are archaic nonsense they are

2917

01:50:33,430 --> 01:50:30,639

not yeah um put it off put it all in a

2918

01:50:36,550 --> 01:50:33,440

book get it out there instead of

2919

01:50:38,950 --> 01:50:36,560

insisting that that everybody you're

2920

01:50:40,950 --> 01:50:38,960

trying to convince takes hours and days

2921

01:50:42,229 --> 01:50:40,960

he's an idiot

2922

01:50:43,589 --> 01:50:42,239

that was what i get for michael horner

2923

01:50:45,430 --> 01:50:43,599

well you're an idiot if you can't

2924

01:50:47,270 --> 01:50:45,440

understand this well yeah i'm sending

2925

01:50:49,510 --> 01:50:47,280

you but they you're sending me so much

2926

01:50:52,629 --> 01:50:49,520

crap and i'm supposed to read this all

2927

01:50:54,550 --> 01:50:52,639

like and it's all accents and like yeah

2928

01:50:56,950 --> 01:50:54,560

it's just not trying to wear you down

2929

01:50:59,109 --> 01:50:56,960

they just try to wear they don't exactly

2930

01:51:01,030 --> 01:50:59,119

they don't know how to distill

2931

01:51:02,550 --> 01:51:01,040

their own data that's what i said

2932

01:51:04,229 --> 01:51:02,560

why can't there just be someone from

2933

01:51:05,990 --> 01:51:04,239

your organization that can answer

2934

01:51:08,470 --> 01:51:06,000

questions in simple terms and not

2935

01:51:09,669 --> 01:51:08,480

require me to do a night of research for

2936

01:51:11,109 --> 01:51:09,679

one question

2937

01:51:12,790 --> 01:51:11,119

you know right

2938

01:51:15,109 --> 01:51:12,800

and they can but they they don't want to

2939

01:51:16,870 --> 01:51:15,119

do that they can't most of them but you

2940

01:51:18,149 --> 01:51:16,880

hit on something that i think might also

2941

01:51:20,790 --> 01:51:18,159

be part of it

2942

01:51:21,990 --> 01:51:20,800

is they they want to inundate you what

2943

01:51:23,430 --> 01:51:22,000

the uh

2944

01:51:25,350 --> 01:51:23,440

sometimes i suspect that there's

2945

01:51:27,109 --> 01:51:25,360

somebody out there that it's like hey

2946

01:51:30,470 --> 01:51:27,119

this is a great tactic

2947

01:51:31,830 --> 01:51:30,480

we will um derail this guy's own

2948

01:51:34,229 --> 01:51:31,840

research

2949

01:51:36,550 --> 01:51:34,239

and his own energy and his own attention

2950

01:51:39,030 --> 01:51:36,560

by coming at him with this thing

2951
01:51:40,709 --> 01:51:39,040
and then say well you can't criticize

2952
01:51:43,270 --> 01:51:40,719
this until you've looked at blah blah

2953
01:51:44,790 --> 01:51:43,280
blah blah blah and the theory is is that

2954
01:51:46,229 --> 01:51:44,800
to be fair

2955
01:51:47,189 --> 01:51:46,239
you're going to go look at all this

2956
01:51:49,430 --> 01:51:47,199
stuff

2957
01:51:51,669 --> 01:51:49,440
thus taking your attention away from

2958
01:51:54,229 --> 01:51:51,679
what yeah oh no and i remember that game

2959
01:51:56,229 --> 01:51:54,239
and then i i finally i did uh something

2960
01:51:57,830 --> 01:51:56,239
called getting off the billy meyer crazy

2961
01:51:59,669 --> 01:51:57,840
train where i talked about that yeah i'm

2962
01:52:01,910 --> 01:51:59,679
just i'm not going to do it anymore i'm

2963
01:52:04,470 --> 01:52:01,920

not i'm done like

2964

01:52:05,750 --> 01:52:04,480

the onus is on them and and and i'm not

2965

01:52:07,589 --> 01:52:05,760

trying to be disrespectful to the

2966

01:52:09,430 --> 01:52:07,599

tataria guys because i told them that i

2967

01:52:12,070 --> 01:52:09,440

would give it a fair look

2968

01:52:14,550 --> 01:52:12,080

okay um i i haven't seen anything yet

2969

01:52:17,350 --> 01:52:14,560

that convinces me but it's a fair look

2970

01:52:19,189 --> 01:52:17,360

but i ask them to you know please

2971

01:52:21,270 --> 01:52:19,199

take the responsibility you're the one

2972

01:52:23,030 --> 01:52:21,280

wanting people to uh take you seriously

2973

01:52:25,510 --> 01:52:23,040

and believe your thing

2974

01:52:28,310 --> 01:52:25,520

good and honest advice you know but and

2975

01:52:32,550 --> 01:52:28,320

the onus is on them to present the

2976

01:52:35,430 --> 01:52:32,560

material in a manageable um

2977

01:52:37,589 --> 01:52:35,440

feed in in manageable pieces so

2978

01:52:39,669 --> 01:52:37,599

you know until one of them

2979

01:52:41,990 --> 01:52:39,679

decides to write the book you know a two

2980

01:52:44,149 --> 01:52:42,000

or three hundred page book that kind of

2981

01:52:46,470 --> 01:52:44,159

hits the main points and presents their

2982

01:52:48,390 --> 01:52:46,480

hypothesis um

2983

01:52:51,510 --> 01:52:48,400

they need to expect that people are

2984

01:52:53,350 --> 01:52:51,520

going to disregard their thing

2985

01:52:54,470 --> 01:52:53,360

absolutely because nobody's going to do

2986

01:52:56,229 --> 01:52:54,480

all that

2987

01:52:57,589 --> 01:52:56,239

you know three years worth of reading

2988

01:52:59,430 --> 01:52:57,599

just to be able to have a conversation

2989

01:53:02,470 --> 01:52:59,440

just to be able to ask them a question

2990

01:53:05,270 --> 01:53:02,480

no no that's um

2991

01:53:06,870 --> 01:53:05,280

yeah i think it's a purposeful tactic

2992

01:53:09,189 --> 01:53:06,880

well i want to thank you for giving us

2993

01:53:19,350 --> 01:53:09,199

so much to think about tonight

2994

01:53:24,629 --> 01:53:21,510

well friends i want to thank you for

2995

01:53:29,990 --> 01:53:24,639

joining me tonight on another amazing

2996

01:53:33,750 --> 01:53:32,229

coming up on the midnight hour show i

2997

01:53:36,790 --> 01:53:33,760

have

2998

01:53:39,430 --> 01:53:36,800

some amazing interviews to share

2999

01:53:41,109 --> 01:53:39,440

i've interviewed ryan from the secret

3000

01:53:45,109 --> 01:53:41,119

teachings

3001
01:53:47,750 --> 01:53:45,119
i've got an interview with cliff stone

3002
01:53:52,149 --> 01:53:47,760
and also coming up is

3003
01:53:54,229 --> 01:53:52,159
my exclusive interview with john mcafee

3004
01:53:57,589 --> 01:53:54,239
if you want to catch up with our show

3005
01:54:00,390 --> 01:53:57,599
archives please search us out on youtube

3006
01:54:01,109 --> 01:54:00,400
and make sure you subscribe just search

3007
01:54:05,030 --> 01:54:01,119
for

3008
01:54:07,990 --> 01:54:05,040
steven cambion and there you will find

3009
01:54:11,109 --> 01:54:08,000
my youtube channel all of the shows that

3010
01:54:12,310 --> 01:54:11,119
i've ever produced have been put there

3011
01:54:13,910 --> 01:54:12,320
so far

3012
01:54:14,710 --> 01:54:13,920
and this show of course will be no

3013
01:54:16,229 --> 01:54:14,720

different

3014

01:54:19,589 --> 01:54:16,239

[Music]

3015

01:54:23,189 --> 01:54:19,599

please do make sure that you subscribe

3016

01:54:24,870 --> 01:54:23,199

so that when i post a new show you will

3017

01:54:27,589 --> 01:54:24,880

be notified make sure you hit the

3018

01:54:29,270 --> 01:54:27,599

notification bell as well but it's most

3019

01:54:30,550 --> 01:54:29,280

important to make sure that you

3020

01:54:33,109 --> 01:54:30,560

subscribe

3021

01:54:35,030 --> 01:54:33,119

to our youtube channel

3022

01:54:37,109 --> 01:54:35,040

it's also important that i point out

3023

01:54:40,310 --> 01:54:37,119

that the midnight hour show is a

3024

01:54:43,109 --> 01:54:40,320

listener supported work of mine

3025

01:54:46,149 --> 01:54:43,119

for as little as a dollar a single

3026

01:54:49,669 --> 01:54:46,159

dollar you can support our show here and

3027

01:54:52,950 --> 01:54:49,679

my work just go to patreon and search

3028

01:54:55,189 --> 01:54:52,960

for my name steven cambion in the artist

3029

01:54:57,990 --> 01:54:55,199

search box there you'll find our patreon

3030

01:55:01,030 --> 01:54:58,000

and for as little as a dollar

3031

01:55:03,669 --> 01:55:01,040

you can support our show i want to thank

3032

01:55:06,070 --> 01:55:03,679

those who have supported the show so far

3033

01:55:09,189 --> 01:55:06,080

through patreon it really means a lot

3034

01:55:10,950 --> 01:55:09,199

we've been able to get a few bits of

3035

01:55:14,550 --> 01:55:10,960

gear and equipment

3036

01:55:17,589 --> 01:55:14,560

that was surely and sorely needed

3037

01:55:18,950 --> 01:55:17,599

thanks to the patreon supporters thus

3038

01:55:21,430 --> 01:55:18,960

far

3039

01:55:24,990 --> 01:55:21,440

if you'd like to contact me i can be

3040

01:55:27,990 --> 01:55:25,000

reached at midnight hour radio show at

3041

01:55:31,669 --> 01:55:28,000

gmail.com again that's midnight hour

3042

01:55:33,910 --> 01:55:31,679

radio show at gmail.com

3043

01:55:36,550 --> 01:55:33,920

until next time folks i'm stephen

3044

01:55:39,430 --> 01:55:36,560

cambion reminding you that the only

3045

01:55:41,030 --> 01:55:39,440

thing infinite is our capacity for

3046

01:55:45,720 --> 01:55:41,040

self-deception
