[Music]

2
00:00:39,410 --> 00:00:35,569

welcome back my friends it's midnight

3
00:00:42,170 --> 00:00:39,420

and it is time once again for the

4
00:00:45,290 --> 00:00:42,180

Midnight Hour show

5
00:00:47,150 --> 00:00:45,300

my name is Stephen cambian also known as

6
00:00:49,910 --> 00:00:47,160

the mystery man

7
00:00:50,600 --> 00:00:49,920

and I'll be your guide through tonight's

8
00:00:52,850 --> 00:00:50,610

Journey

9
00:00:54,350 --> 00:00:52,860

[Music]

10
00:00:55,790 --> 00:00:54,360

tonight's journey is going to be a

11
00:00:57,410 --> 00:00:55,800

little bit of a strange one because

12
00:01:00,290 --> 00:00:57,420

tonight

13
00:01:01,850 --> 00:01:00,300

we're going to be talking to Cliff High

14

00:01:05,390 --> 00:01:01,860

a very

15

00:01:06,350 --> 00:01:05,400

by all accounts intelligent man who

16

00:01:08,830 --> 00:01:06,360

believes

17

00:01:11,390 --> 00:01:08,840

that he has created

18

00:01:13,070 --> 00:01:11,400

a Web Bot

19

00:01:15,170 --> 00:01:13,080

can predict

20

00:01:18,649 --> 00:01:15,180

the future

21

00:01:20,990 --> 00:01:18,659

the sit back folks relax and try not to

22

00:01:23,390 --> 00:01:21,000

be distracted by my terribly hoarse

23

00:01:26,929 --> 00:01:23,400

voice because of this awful cold I've

24

00:01:33,710 --> 00:01:26,939

had let's get to Cliff High on the phone

25

00:01:37,030 --> 00:01:35,690

oh I got a terrible cold and I look like

26

00:01:40,069 --> 00:01:37,040

hell too

27

00:01:41,810 --> 00:01:40,079

okay it's like bad VD it just keeps

28

00:01:45,109 --> 00:01:41,820

coming back

29

00:01:46,550 --> 00:01:45,119

is it cold yeah just a terrible cold and

30

00:01:48,230 --> 00:01:46,560

I'm so I was thinking I might be the

31

00:01:49,550 --> 00:01:48,240

first person in human history to die of

32

00:01:52,190 --> 00:01:49,560

the human cold it's been like a month

33

00:01:55,850 --> 00:01:52,200

and it's just how uh how big are you how

34

00:01:58,910 --> 00:01:55,860

how massive how much weight I'm like 170

35

00:02:03,350 --> 00:01:58,920

6'3 okay so are you taking

36

00:02:04,910 --> 00:02:03,360

um uh 3.2 grams of vitamin C a day I'm

37

00:02:06,950 --> 00:02:04,920

taking a thousand milligrams of

38

00:02:08,690 --> 00:02:06,960

emergency every day right now no no no

39

00:02:11,690 --> 00:02:08,700

no that emergency [h__h] is not

40

00:02:14,210 --> 00:02:11,700

bioavailable it uh yeah I got some pills

41

00:02:16,190 --> 00:02:14,220

I could take too like okay vitamin C

42

00:02:18,589 --> 00:02:16,200

supplements those are better uh yeah

43

00:02:21,350 --> 00:02:18,599

yeah what you need is um I'm taking that

44

00:02:24,470 --> 00:02:21,360

zinc and niacin and that seemed to kill

45

00:02:25,670 --> 00:02:24,480

it nice one yeah a little bit yeah okay

46

00:02:28,210 --> 00:02:25,680

so

47

00:02:31,670 --> 00:02:28,220

um if you were only taking 1 000

48

00:02:33,410 --> 00:02:31,680

milligrams of um vitamin C a day that's

49

00:02:34,970 --> 00:02:33,420

less than a third of what you need on a

50

00:02:37,910 --> 00:02:34,980

daily basis the rest of your life

51
00:02:39,470 --> 00:02:37,920
without that vitamin C cancer can get in

52
00:02:42,530 --> 00:02:39,480
between your cells because your

53
00:02:45,830 --> 00:02:42,540
intercellular cement is made up almost

54
00:02:47,509 --> 00:02:45,840
exclusively vitamin C I didn't know this

55
00:02:49,309 --> 00:02:47,519
I thought that vitamins I thought that

56
00:02:50,449 --> 00:02:49,319
emergency stuff you know you drink it I

57
00:02:53,509 --> 00:02:50,459
thought that's good when you're having

58
00:02:55,610 --> 00:02:53,519
enough oh my God no oh it's it's also

59
00:02:59,030 --> 00:02:55,620
not by bio available here's the deal on

60
00:03:02,470 --> 00:02:59,040
vitamin C okay the vitamin C that you

61
00:03:05,570 --> 00:03:02,480
take that is ascorbic acid in the pills

62
00:03:08,089 --> 00:03:05,580
okay that's a milligram and a pill 1000

63
00:03:11,270 --> 00:03:08,099

micrograms or thousand milligrams a gram

64

00:03:13,910 --> 00:03:11,280

you actually absorb in the best possible

65

00:03:18,430 --> 00:03:13,920

product of that powdered form in a pill

66

00:03:21,050 --> 00:03:18,440

you actually absorb only one uh or 200

67

00:03:23,690 --> 00:03:21,060

micrograms out of a thousand one-fifth

68

00:03:26,809 --> 00:03:23,700

wow okay on the on the Energy emergency

69

00:03:28,729 --> 00:03:26,819

sea stuff it's less than one twentieth

70

00:03:30,770 --> 00:03:28,739

that you actually absorb so you're

71

00:03:32,869 --> 00:03:30,780

you're not getting a thousand you're not

72

00:03:34,490 --> 00:03:32,879

even getting RDA out of it sounds good

73

00:03:36,830 --> 00:03:34,500

when you see it in the package though

74

00:03:38,809 --> 00:03:36,840

like well this should help no sure sure

75

00:03:40,670 --> 00:03:38,819

yeah and a lot of people get a placebo

76

00:03:42,710 --> 00:03:40,680

effect out of it and they seem to feel

77

00:03:45,110 --> 00:03:42,720

better for a while

78

00:03:47,509 --> 00:03:45,120

um but it effectively does nothing for

79

00:03:50,390 --> 00:03:47,519

them no I get so pissed at the I'm in

80

00:03:52,610 --> 00:03:50,400

the supplement business now really I got

81

00:03:54,949 --> 00:03:52,620

a product coming out I want to get into

82

00:03:57,890 --> 00:03:54,959

that I want to get into that

83

00:04:00,229 --> 00:03:57,900

I want to get into something like there

84

00:04:02,089 --> 00:04:00,239

was a guy who marketed something and a

85

00:04:03,890 --> 00:04:02,099

scammer or not I thought it was a great

86

00:04:07,190 --> 00:04:03,900

idea which is like the greatest vitamin

87

00:04:09,229 --> 00:04:07,200

on planet Earth or something like that

88

00:04:11,089 --> 00:04:09,239

yeah I think it turned out to be cheap

89

00:04:13,130 --> 00:04:11,099

Chinese multivitamin that wasn't worth

90

00:04:15,949 --> 00:04:13,140

anything better than your average but

91

00:04:17,689 --> 00:04:15,959

he's made Millions selling that oh yeah

92

00:04:19,610 --> 00:04:17,699

yeah I'm not doing it to make money I

93

00:04:23,150 --> 00:04:19,620

don't need money I'm doing it to take

94

00:04:24,650 --> 00:04:23,160

over the planet you don't need any money

95

00:04:27,350 --> 00:04:24,660

uh

96

00:04:29,330 --> 00:04:27,360

no I mean I don't need to make any more

97

00:04:31,490 --> 00:04:29,340

money I cannot spend the money I have

98

00:04:34,129 --> 00:04:31,500

before I die God bless you you know you

99

00:04:36,950 --> 00:04:34,139

could give some of it to me you know I I

100

00:04:38,330 --> 00:04:36,960

don't do that guys for lots for lots of

101

00:04:40,249 --> 00:04:38,340

different reasons if you had a

102

00:04:42,590 --> 00:04:40,259

particular project that was of interest

103

00:04:44,870 --> 00:04:42,600

to me I might fund it how about about

104

00:04:47,150 --> 00:04:44,880

the world's greatest Linux based

105

00:04:49,909 --> 00:04:47,160

operating system and it already exists

106

00:04:52,129 --> 00:04:49,919

and I'm not not into software anymore no

107

00:04:55,010 --> 00:04:52,139

no see I'm I'm not into that anymore

108

00:04:57,469 --> 00:04:55,020

I've got I've moved on to um yeah other

109

00:04:59,930 --> 00:04:57,479

than technology projects right correct

110

00:05:01,730 --> 00:04:59,940

correct because bosovich and Tesla have

111

00:05:03,530 --> 00:05:01,740

revealed so much plus I got bored I've

112

00:05:05,330 --> 00:05:03,540

been doing computers for 30 plus years

113

00:05:07,969 --> 00:05:05,340

and I know I'm down to the primary core

114

00:05:09,890 --> 00:05:07,979

all the way up to lisp so there's just

115

00:05:12,170 --> 00:05:09,900

very little for me to learn in that

116

00:05:14,390 --> 00:05:12,180

environment anymore point of computers

117

00:05:16,310 --> 00:05:14,400

offer nothing yeah that's it's still

118

00:05:19,490 --> 00:05:16,320

exciting for me though because there was

119

00:05:22,310 --> 00:05:19,500

things on my list of things to do

120

00:05:23,510 --> 00:05:22,320

you know like I always wanted I've

121

00:05:25,249 --> 00:05:23,520

always been interested in operating

122

00:05:27,230 --> 00:05:25,259

systems but then Linux comes along and

123

00:05:28,969 --> 00:05:27,240

it's kind of like well why am I going to

124

00:05:30,469 --> 00:05:28,979

recreate the wheel there's thousands of

125

00:05:32,810 --> 00:05:30,479

people already working on this I could

126

00:05:34,730 --> 00:05:32,820

take it change it to the way that I

127

00:05:37,550 --> 00:05:34,740

think it should be and that's kind of

128

00:05:40,129 --> 00:05:37,560

what I've done is uh just taken it and

129

00:05:42,650 --> 00:05:40,139

changed a lot of things to my liking and

130

00:05:44,210 --> 00:05:42,660

I've had my own personal system that I

131

00:05:46,490 --> 00:05:44,220

built over years and years and years

132

00:05:50,029 --> 00:05:46,500

that's just chock full with thousands of

133

00:05:51,830 --> 00:05:50,039

creative apps and uh you know everything

134

00:05:54,469 --> 00:05:51,840

works out of the box so I'm going to be

135

00:05:56,870 --> 00:05:54,479

selling that on like a thumb drive soon

136

00:06:00,469 --> 00:05:56,880

sure no that that makes a lot of sense

137

00:06:02,510 --> 00:06:00,479

okay so there is a big Market uh in that

138

00:06:03,950 --> 00:06:02,520

and uh if you position yourself well

139

00:06:06,170 --> 00:06:03,960

it'll feed you the rest of your life

140

00:06:07,969 --> 00:06:06,180

there's no question about it yeah I

141

00:06:10,010 --> 00:06:07,979

think uh I think that it's going to go

142

00:06:12,469 --> 00:06:10,020

very well based on the interest that I

143

00:06:14,870 --> 00:06:12,479

have and I'm having I I had previously

144

00:06:16,790 --> 00:06:14,880

I'm the biggest problem was just to get

145

00:06:19,550 --> 00:06:16,800

the hosting because it's like a 32 gig

146

00:06:21,710 --> 00:06:19,560

file so we're gonna go into Alpha now

147

00:06:23,570 --> 00:06:21,720

and people are gonna start giving me bug

148

00:06:25,490 --> 00:06:23,580

reports and using it and I'm giving it

149

00:06:27,710 --> 00:06:25,500

away to a lot of creative people because

150

00:06:29,570 --> 00:06:27,720

that's what it's really for it's just

151

00:06:31,969 --> 00:06:29,580

filled with like audio editors video

152

00:06:33,650 --> 00:06:31,979

editors graphic editors like a normal

153

00:06:35,870 --> 00:06:33,660

Linux distribution just gives you the

154

00:06:37,730 --> 00:06:35,880

very Basics you add your own but this is

155

00:06:40,070 --> 00:06:37,740

for people who don't want to spend six

156

00:06:41,930 --> 00:06:40,080

months building a Linux system that's

157

00:06:44,029 --> 00:06:41,940

very useful so it just comes with

158

00:06:46,430 --> 00:06:44,039

everything right out of the box and and

159

00:06:49,909 --> 00:06:46,440

right by the way um

160

00:06:53,270 --> 00:06:49,919

uh are you aware that um Android is

161

00:06:56,170 --> 00:06:53,280

Linux oh sure yeah so any apps you're

162

00:06:59,270 --> 00:06:56,180

preparing uh to run on yeah

163

00:07:01,370 --> 00:06:59,280

right to Android and I'm also I

164

00:07:03,529 --> 00:07:01,380

mentioned that I want to create a newer

165

00:07:05,629 --> 00:07:03,539

kind of personal computer you know I

166

00:07:07,790 --> 00:07:05,639

grew up with PCS you know I started with

167

00:07:10,010 --> 00:07:07,800

like a Commodore 64 when I was a kid and

168

00:07:13,129 --> 00:07:10,020

like they're just not personal anymore

169

00:07:14,510 --> 00:07:13,139

and uh I want to do something use this

170

00:07:16,430 --> 00:07:14,520

operating system I've been developing

171

00:07:18,170 --> 00:07:16,440

for years and I want to develop some

172

00:07:19,670 --> 00:07:18,180

hardware and and I've got a bunch of

173

00:07:22,129 --> 00:07:19,680

different prototypes that I'm working on

174

00:07:23,930 --> 00:07:22,139

and and some of them are Arm based and

175

00:07:27,770 --> 00:07:23,940

some of them are still you know Intel

176

00:07:30,110 --> 00:07:27,780

AMD based right because Hardware is a

177

00:07:32,210 --> 00:07:30,120

rough game guys yeah yeah I mean the

178

00:07:35,210 --> 00:07:32,220

cost the cost uh the barriers to entry

179

00:07:37,909 --> 00:07:35,220

there keep mounting with success until

180

00:07:39,950 --> 00:07:37,919

you get through to a particular level so

181

00:07:43,610 --> 00:07:39,960

unlike software where the barriers to

182

00:07:45,589 --> 00:07:43,620

entry fall as you scale up uh pretty

183

00:07:47,990 --> 00:07:45,599

continuously the the barriers to entry

184

00:07:49,490 --> 00:07:48,000

on Hardware you you actually you have an

185

00:07:51,290 --> 00:07:49,500

initial barrier you can overcome that

186

00:07:53,270 --> 00:07:51,300

and then the next barrier is actually

187

00:07:54,890 --> 00:07:53,280

larger you have to go through these

188

00:07:57,110 --> 00:07:54,900

various layers until you can overcome

189

00:07:59,570 --> 00:07:57,120

all of them and then you get to the the

190

00:08:01,850 --> 00:07:59,580

scalability of process yeah I'm looking

191

00:08:03,350 --> 00:08:01,860

at it it's really a [h__h] I'm looking at

192

00:08:06,230 --> 00:08:03,360

just I've looked at a hundred different

193

00:08:09,170 --> 00:08:06,240

ways to do the actual computer because

194

00:08:11,089 --> 00:08:09,180

you know if I design the board myself

195

00:08:12,290 --> 00:08:11,099

and then you know get somebody to

196

00:08:13,969 --> 00:08:12,300

manufact there's all these different

197

00:08:15,770 --> 00:08:13,979

ways that you can learn how to do it or

198

00:08:18,110 --> 00:08:15,780

you can take off the shelf components

199

00:08:19,670 --> 00:08:18,120

and jam them together and but for the

200

00:08:22,129 --> 00:08:19,680

most part I've been sticking with the

201

00:08:23,809 --> 00:08:22,139

fact that software is where it's at my

202

00:08:26,390 --> 00:08:23,819

system just comes on a thumb drive and

203

00:08:28,189 --> 00:08:26,400

the host almost becomes irrelevant you

204

00:08:29,809 --> 00:08:28,199

could right and there's a lot of people

205

00:08:32,329 --> 00:08:29,819

drive anywhere you can put it in your

206

00:08:35,149 --> 00:08:32,339

laptop your Mac your Raspberry Pi and

207

00:08:37,010 --> 00:08:35,159

you're off and you're going right yeah

208

00:08:38,630 --> 00:08:37,020

that's I like these little handhelds

209

00:08:41,329 --> 00:08:38,640

they're they're fun to play with oh yeah

210

00:08:42,769 --> 00:08:41,339

I'm a real big supporter of uh of all

211

00:08:44,870 --> 00:08:42,779

that kind of stuff like single board

212

00:08:46,490 --> 00:08:44,880

computers and and the education aspect

213

00:08:48,530 --> 00:08:46,500

of them I'm a huge

214

00:08:50,030 --> 00:08:48,540

usually interested in micro controllers

215

00:08:52,310 --> 00:08:50,040

and I've been programming them forever

216

00:08:54,829 --> 00:08:52,320

arduinios and before that we have classic

217

00:08:56,269 --> 00:08:54,839

stamps and things like that that this

218

00:08:57,650 --> 00:08:56,279

new computer that I want is going to

219

00:08:59,990 --> 00:08:57,660

have some of that kind of capability

220

00:09:02,810 --> 00:09:00,000

built in one way or the other

221

00:09:04,009 --> 00:09:02,820

because uh I O is a big thing right now

222

00:09:06,590 --> 00:09:04,019

and everybody wants to connect

223

00:09:07,730 --> 00:09:06,600

everything and you know yeah that was

224

00:09:09,110 --> 00:09:07,740

actually one of the things I was

225

00:09:11,990 --> 00:09:09,120

thinking about before I got involved

226

00:09:15,290 --> 00:09:12,000

with this um whole boscovitch stuff was

227

00:09:18,949 --> 00:09:15,300

writing a lisp routine that could run on

228

00:09:22,850 --> 00:09:18,959

a like any Linux system uh that would be

229

00:09:25,430 --> 00:09:22,860

a smart sampler so it would sample the

230

00:09:28,310 --> 00:09:25,440

device it was running on look for all

231

00:09:31,550 --> 00:09:28,320

the open ports examine the ports for the

232

00:09:33,110 --> 00:09:31,560

devices uh analyze the impedance Etc of

233

00:09:35,210 --> 00:09:33,120

the stuff it found on the other end and

234

00:09:37,550 --> 00:09:35,220

the identifiers and present you with a

235

00:09:38,810 --> 00:09:37,560

profile of what might be possible within

236

00:09:40,970 --> 00:09:38,820

that particular sort of a network

237

00:09:43,430 --> 00:09:40,980

analyzer but at a higher level nothing

238

00:09:45,590 --> 00:09:43,440

like UDP or any of that just to tell me

239

00:09:47,389 --> 00:09:45,600

okay I'm walking into a greenhouse I

240

00:09:49,790 --> 00:09:47,399

jack this thing into um the control

241

00:09:52,070 --> 00:09:49,800

system for the greenhouse what sensors

242

00:09:53,810 --> 00:09:52,080

are available to me at this moment oh

243

00:09:56,030 --> 00:09:53,820

that's pretty cool that's an interesting

244

00:09:57,530 --> 00:09:56,040

that's an interesting idea actually and

245

00:09:58,850 --> 00:09:57,540

I'm sure that that I'm sure the

246

00:10:00,110 --> 00:09:58,860

government would be interested in that

247

00:10:02,030 --> 00:10:00,120

kind of work

248

00:10:04,730 --> 00:10:02,040

well see there was a thing there was

249

00:10:07,610 --> 00:10:04,740

this uh I hang out with a near um let's

250

00:10:08,930 --> 00:10:07,620

say an irregular group of individuals uh

251
00:10:11,210 --> 00:10:08,940
and there's a couple of these people out

252
00:10:14,269 --> 00:10:11,220
of Japan that are well-known Global

253
00:10:16,190 --> 00:10:14,279
hacker kind of guys right and so I was

254
00:10:18,050 --> 00:10:16,200
talking with them and I got the idea for

255
00:10:21,110 --> 00:10:18,060
this because personally I'd like to be

256
00:10:22,730 --> 00:10:21,120
able to uh have this device especially

257
00:10:25,190 --> 00:10:22,740
if it's a handheld portable you know

258
00:10:26,930 --> 00:10:25,200
single board machine and be able to I'm

259
00:10:29,449 --> 00:10:26,940
not a spy or anything but you could sell

260
00:10:31,430 --> 00:10:29,459
it to spies who might want to you know

261
00:10:33,590 --> 00:10:31,440
Jack into a building control system and

262
00:10:35,690 --> 00:10:33,600
analyze and see what kinds of systems

263
00:10:38,810 --> 00:10:35,700

they're running at the same time it's

264

00:10:40,190 --> 00:10:38,820

also extremely useful to repair techs

265

00:10:43,850 --> 00:10:40,200

mm-hmm

266

00:10:45,470 --> 00:10:43,860

and burglars maybe well them as well but

267

00:10:47,630 --> 00:10:45,480

I I've been dealing with a lot of a lot

268

00:10:50,630 --> 00:10:47,640

of um contractors here getting my place

269

00:10:54,470 --> 00:10:50,640

uh Skookum for us and uh I'm just

270

00:10:57,050 --> 00:10:54,480

looking at the Inc the advances in um

271

00:11:00,170 --> 00:10:57,060

various different kinds of technical

272

00:11:02,030 --> 00:11:00,180

gear for uh contractors and there's big

273

00:11:03,829 --> 00:11:02,040

holes in what they have so when the

274

00:11:06,590 --> 00:11:03,839

electrician showed up here for my

275

00:11:09,110 --> 00:11:06,600

Greenhouse uh I had to go through and do

276

00:11:11,030 --> 00:11:09,120

all of the disconnect and the isolation

277

00:11:13,490 --> 00:11:11,040

of the sensor system so they wouldn't

278

00:11:15,410 --> 00:11:13,500

get into problems with whatever it might

279

00:11:17,930 --> 00:11:15,420

be putting on to the line but also so it

280

00:11:20,090 --> 00:11:17,940

would be protected from from their uh

281

00:11:22,370 --> 00:11:20,100

getting a line hot they shouldn't be

282

00:11:24,230 --> 00:11:22,380

you know I uh I didn't see this

283

00:11:25,790 --> 00:11:24,240

cryptocurrency debate yet because I

284

00:11:28,250 --> 00:11:25,800

didn't want it to influence me I had

285

00:11:29,630 --> 00:11:28,260

like a set kind of sure list of

286

00:11:31,970 --> 00:11:29,640

questions that I wanted to ask you how

287

00:11:34,670 --> 00:11:31,980

do you think that went though it was

288

00:11:38,750 --> 00:11:34,680

really cool I like talking with CW

289

00:11:39,889 --> 00:11:38,760

um it wasn't a debate so much as uh it

290

00:11:41,449 --> 00:11:39,899

was really interesting when we asked

291

00:11:43,670 --> 00:11:41,459

each other questions when we got in it

292

00:11:45,769 --> 00:11:43,680

at that level the prepared statement

293

00:11:47,449 --> 00:11:45,779

stuff it really didn't make it much

294

00:11:48,650 --> 00:11:47,459

because we would have to refute each and

295

00:11:50,509 --> 00:11:48,660

every one of the points we would have

296

00:11:52,910 --> 00:11:50,519

been there for hours on that stuff yeah

297

00:11:55,310 --> 00:11:52,920

but but a lot of people learned a lot

298

00:11:57,650 --> 00:11:55,320

just by our interaction and asking each

299

00:11:59,210 --> 00:11:57,660

other questions on all of this and uh

300

00:12:01,670 --> 00:11:59,220

well I definitely have a few questions

301
00:12:03,710 --> 00:12:01,680
about your views on crypto but what I

302
00:12:06,290 --> 00:12:03,720
really wanted to focus on and what I'm

303
00:12:07,790 --> 00:12:06,300
most fascinated in your work has been

304
00:12:09,949 --> 00:12:07,800
the Web Bot

305
00:12:11,449 --> 00:12:09,959
sure and and people should know most

306
00:12:14,630 --> 00:12:11,459
people know that listen to me that I'm a

307
00:12:16,850 --> 00:12:14,640
computer guy you know so when I first

308
00:12:19,310 --> 00:12:16,860
heard about this I thought that's

309
00:12:21,190 --> 00:12:19,320
brilliant like because we have a

310
00:12:24,530 --> 00:12:21,200
collective Consciousness and we could

311
00:12:27,949 --> 00:12:24,540
with different data sets or I'm not even

312
00:12:30,949 --> 00:12:27,959
sure and I've tried to understand how

313
00:12:32,870 --> 00:12:30,959

what you did works I'm not sure I

314

00:12:36,590 --> 00:12:32,880

believe that it works in the way that

315

00:12:38,810 --> 00:12:36,600

you describe to me it's would seem

316

00:12:40,550 --> 00:12:38,820

how is this predicting the future isn't

317

00:12:43,310 --> 00:12:40,560

this just predicting what people are

318

00:12:44,930 --> 00:12:43,320

talking about correct correct no no it's

319

00:12:47,269 --> 00:12:44,940

it's it's it's

320

00:12:50,030 --> 00:12:47,279

um it's analyzed okay so so here's the

321

00:12:51,710 --> 00:12:50,040

thing I wasn't looking for for uh our

322

00:12:53,750 --> 00:12:51,720

Collective Consciousness or any of that

323

00:12:57,949 --> 00:12:53,760

kind of stuff right when I went into

324

00:13:01,370 --> 00:12:57,959

this uh my uh goal was very practical I

325

00:13:02,930 --> 00:13:01,380

was getting really uh harried as a

326

00:13:04,670 --> 00:13:02,940

computer consultant they were flying me

327

00:13:06,590 --> 00:13:04,680

all around the planet I wanted something

328

00:13:08,329 --> 00:13:06,600

that I and it didn't look like I would

329

00:13:10,970 --> 00:13:08,339

be able to sustain that you know I mean

330

00:13:12,530 --> 00:13:10,980

the physical demands on your body at

331

00:13:13,790 --> 00:13:12,540

functioning at that level I wouldn't

332

00:13:15,889 --> 00:13:13,800

have been able to yeah and I have to say

333

00:13:18,829 --> 00:13:15,899

that having a computer business that is

334

00:13:21,350 --> 00:13:18,839

slowly devolving into no money because

335

00:13:24,050 --> 00:13:21,360

there's I mean computer Consulting is

336

00:13:27,310 --> 00:13:24,060

rough right now so back then it was

337

00:13:29,269 --> 00:13:27,320

still viable but now like there's 99

338

00:13:31,310 --> 00:13:29,279

Chromebooks like people aren't paying

339

00:13:33,110 --> 00:13:31,320

exactly 150 to come to their house and

340

00:13:35,329 --> 00:13:33,120

fix their laptop anymore and that used

341

00:13:37,490 --> 00:13:35,339

to be my primary business really

342

00:13:39,290 --> 00:13:37,500

sure and and I did the same kind of

343

00:13:41,449 --> 00:13:39,300

thing as we were digitizing the planet

344

00:13:43,190 --> 00:13:41,459

and I recognized that digitizing the

345

00:13:45,050 --> 00:13:43,200

planet over time was going to run out

346

00:13:47,210 --> 00:13:45,060

right because we were going to automate

347

00:13:48,829 --> 00:13:47,220

the process sure so so I worked with

348

00:13:51,050 --> 00:13:48,839

government when we put vast quantities

349

00:13:53,090 --> 00:13:51,060

of information into various digital

350

00:13:55,190 --> 00:13:53,100

stores and then over time the internet

351
00:13:56,930 --> 00:13:55,200
comes along a little 10 15 years later

352
00:13:58,670 --> 00:13:56,940
we start dumping it all under the

353
00:14:00,110 --> 00:13:58,680
internet directly and it was all

354
00:14:01,550 --> 00:14:00,120
automated and people were out of the

355
00:14:03,170 --> 00:14:01,560
process so there was not much of the way

356
00:14:05,509 --> 00:14:03,180
it worked plus it was really boring for

357
00:14:07,910 --> 00:14:05,519
me so I got involved in doing a very

358
00:14:11,269 --> 00:14:07,920
high-end Consulting uh with software

359
00:14:14,090 --> 00:14:11,279
Hardware integration usually in devices

360
00:14:16,310 --> 00:14:14,100
uh transport Vehicles like airplanes and

361
00:14:19,610 --> 00:14:16,320
that sort of thing as well as very

362
00:14:22,910 --> 00:14:19,620
high-end large data consultancy because

363
00:14:26,449 --> 00:14:22,920

I was fascinated by and and grew up in

364

00:14:28,310 --> 00:14:26,459

the SQL standard as it emerged and you

365

00:14:31,670 --> 00:14:28,320

know so I went to the standards meetings

366

00:14:33,470 --> 00:14:31,680

in Europe for SQL 2-0 and had read the

367

00:14:35,269 --> 00:14:33,480

book back and forth so I knew the stuff

368

00:14:38,329 --> 00:14:35,279

really well for very high level data

369

00:14:40,430 --> 00:14:38,339

sets right and so it's it dawned on me

370

00:14:42,050 --> 00:14:40,440

at one point like I say I was not after

371

00:14:44,150 --> 00:14:42,060

Collective Consciousness or any of that

372

00:14:46,189 --> 00:14:44,160

what I wanted to do was to not have to

373

00:14:48,829 --> 00:14:46,199

work so hard and so I wanted a method

374

00:14:50,509 --> 00:14:48,839

whereby I could get an edge on trading

375

00:14:52,670 --> 00:14:50,519

because that appeared to be where money

376

00:14:54,769 --> 00:14:52,680

was and so a couple of things happened

377

00:14:56,629 --> 00:14:54,779

as I was growing up it dawned on me I

378

00:14:58,610 --> 00:14:56,639

wasn't ever educated about money so I

379

00:15:00,650 --> 00:14:58,620

started teaching myself about how many

380

00:15:02,990 --> 00:15:00,660

worked what it did what it was used for

381

00:15:04,910 --> 00:15:03,000

how other people used it where were the

382

00:15:06,590 --> 00:15:04,920

pitfalls et cetera et cetera over the

383

00:15:08,629 --> 00:15:06,600

course of like 20 years like I do with

384

00:15:11,150 --> 00:15:08,639

all my other self-education projects

385

00:15:13,370 --> 00:15:11,160

until the point where I was a master of

386

00:15:15,050 --> 00:15:13,380

money uh and at that point I didn't have

387

00:15:17,210 --> 00:15:15,060

any but I knew that if I could get my

388

00:15:19,550 --> 00:15:17,220

hands on some as a seed capital I could

389

00:15:21,110 --> 00:15:19,560

build it one way or another based on all

390

00:15:23,329 --> 00:15:21,120

of this knowledge and one of the things

391

00:15:28,790 --> 00:15:23,339

I tumbled to was that people do not

392

00:15:30,650 --> 00:15:28,800

trade on rational basis at all ever and

393

00:15:34,009 --> 00:15:30,660

so that when people trade doesn't matter

394

00:15:37,730 --> 00:15:34,019

what it is cryptos or or uh shares

395

00:15:39,530 --> 00:15:37,740

stocks bonds you know uh rocks um it

396

00:15:41,689 --> 00:15:39,540

doesn't matter it does not matter

397

00:15:43,189 --> 00:15:41,699

they're trading on emotion and so I

398

00:15:45,470 --> 00:15:43,199

thought okay what I'm going to do is I'm

399

00:15:48,889 --> 00:15:45,480

going to suss out emotion in language

400

00:15:50,090 --> 00:15:48,899

around stocks uh and know and see if I

401
00:15:52,550 --> 00:15:50,100
could find

402
00:15:54,110 --> 00:15:52,560
language that would show up ahead of I

403
00:15:57,050 --> 00:15:54,120
didn't know if it existed but I wanted

404
00:15:58,670 --> 00:15:57,060
to see if language was predicted I knew

405
00:16:02,329 --> 00:15:58,680
that that there was The Madness of

406
00:16:05,150 --> 00:16:02,339
crowds there was the idea of um uh

407
00:16:07,129 --> 00:16:05,160
Dynamics right exactly exactly all of

408
00:16:09,230 --> 00:16:07,139
that you get everybody hyped up and

409
00:16:10,790 --> 00:16:09,240
there's the uh the there's this

410
00:16:12,829 --> 00:16:10,800
well-known effect where if you you're

411
00:16:14,750 --> 00:16:12,839
sitting in an office and someone walks

412
00:16:17,329 --> 00:16:14,760
in early Monday morning and you say oh

413
00:16:18,829 --> 00:16:17,339

man you look like [\h__\h] well you're gonna

414

00:16:20,750 --> 00:16:18,839

[\h__\h] the rest of their day over because

415

00:16:22,670 --> 00:16:20,760

they're going to take that on board and

416

00:16:26,329 --> 00:16:22,680

it will it'll affect their mood right

417

00:16:28,490 --> 00:16:26,339

and I had done just based on my own uh

418

00:16:30,949 --> 00:16:28,500

personality and work as a consultant

419

00:16:32,210 --> 00:16:30,959

coming into new offices and only being

420

00:16:34,430 --> 00:16:32,220

there a short period of time I always

421

00:16:36,290 --> 00:16:34,440

made it a point to be the pleasant guy

422

00:16:37,550 --> 00:16:36,300

that said hey you're looking good you

423

00:16:39,590 --> 00:16:37,560

know all of this kind of stuff to boost

424

00:16:41,629 --> 00:16:39,600

the mood to the whole office so that I

425

00:16:43,490 --> 00:16:41,639

might be invited back it was just you

426

00:16:45,350 --> 00:16:43,500

know it's the way I am but it's also a

427

00:16:47,689 --> 00:16:45,360

very good business strategy that you're

428

00:16:50,030 --> 00:16:47,699

not a downer anyway so I started

429

00:16:51,949 --> 00:16:50,040

noticing how language worked at a very

430

00:16:55,009 --> 00:16:51,959

key level now bear in mind

431

00:16:57,170 --> 00:16:55,019

uh I had a weird uh history with

432

00:17:00,970 --> 00:16:57,180

language okay so

433

00:17:04,189 --> 00:17:00,980

um my first two languages uh were

434

00:17:07,789 --> 00:17:04,199

English and dinglit which is the

435

00:17:10,909 --> 00:17:07,799

language of the natives in in Alaska my

436

00:17:16,610 --> 00:17:10,919

uh third language was Latin my fourth

437

00:17:19,429 --> 00:17:16,620

language was uh uh Russian uh and uh and

438

00:17:21,350 --> 00:17:19,439

so by the time I got into my and you

439

00:17:23,929 --> 00:17:21,360

know I picked up Spanish Italian Etc

440

00:17:25,669 --> 00:17:23,939

along the way and so I I knew about

441

00:17:27,590 --> 00:17:25,679

languages and then I started really

442

00:17:29,510 --> 00:17:27,600

getting into computer languages and by

443

00:17:30,770 --> 00:17:29,520

the time I got into the Web Bot work I

444

00:17:34,610 --> 00:17:30,780

was

445

00:17:37,190 --> 00:17:34,620

fluent and sea deep sea Assembly

446

00:17:40,250 --> 00:17:37,200

Language I'd done C plus plus for years

447

00:17:42,110 --> 00:17:40,260

I'd done small talk actor any number of

448

00:17:43,909 --> 00:17:42,120

object-oriented ones so I had been

449

00:17:46,789 --> 00:17:43,919

around Pearl you know all kinds of

450

00:17:48,770 --> 00:17:46,799

scripting stuff right and so I knew

451

00:17:50,150 --> 00:17:48,780

words and languages both from the

452

00:17:52,190 --> 00:17:50,160

machine Viewpoint and from the human

453

00:17:55,070 --> 00:17:52,200

Viewpoint and so I started thinking to

454

00:17:57,710 --> 00:17:55,080

myself well there is indeed a prescient

455

00:17:59,990 --> 00:17:57,720

component to language if I can suss it

456

00:18:02,990 --> 00:18:00,000

out and how that Impressions may come in

457

00:18:05,029 --> 00:18:03,000

is open to debate but the fact is I

458

00:18:07,669 --> 00:18:05,039

could find it regardless of what

459

00:18:10,669 --> 00:18:07,679

prompted it whether it was a universe

460

00:18:12,650 --> 00:18:10,679

Collective Consciousness uh demons or

461

00:18:15,289 --> 00:18:12,660

the pizza you had last night it

462

00:18:17,870 --> 00:18:15,299

nonetheless seemed to exist I seem to be

463

00:18:19,669 --> 00:18:17,880

able to tease it out and so I made

464

00:18:21,049 --> 00:18:19,679

algorithms that did this and then I

465

00:18:23,450 --> 00:18:21,059

started getting into the really hard

466

00:18:25,730 --> 00:18:23,460

aspect of it which was to quantify

467

00:18:27,430 --> 00:18:25,740

emotion we have to bear in mind certain

468

00:18:30,230 --> 00:18:27,440

things here about language

469

00:18:33,409 --> 00:18:30,240

language is intent intended to

470

00:18:36,830 --> 00:18:33,419

communicate but it is first intended in

471

00:18:38,150 --> 00:18:36,840

our species to communicate emotion

472

00:18:43,010 --> 00:18:38,160

not

473

00:18:45,350 --> 00:18:43,020

any of that are very basic

474

00:18:48,110 --> 00:18:45,360

Communications even as infants but as a

475

00:18:50,690 --> 00:18:48,120

species as an infantile species we're

476

00:18:52,970 --> 00:18:50,700

all about emotion don't [\h__\h] with me you

477

00:18:55,850 --> 00:18:52,980

know that's my woman that kind of thing

478

00:18:58,070 --> 00:18:55,860

right and so we get into this emotional

479

00:19:00,590 --> 00:18:58,080

quantifier for

480

00:19:03,409 --> 00:19:00,600

um or qualifier for language that is

481

00:19:05,570 --> 00:19:03,419

inbuilt in all languages it didn't

482

00:19:08,270 --> 00:19:05,580

matter what language I looked at the

483

00:19:11,029 --> 00:19:08,280

emotional qualifiers were inbuilt in all

484

00:19:13,490 --> 00:19:11,039

of the language and emotional qualifiers

485

00:19:17,330 --> 00:19:13,500

are not or they're Dynamic they're not a

486

00:19:19,669 --> 00:19:17,340

static thing so uh that's why slang

487

00:19:22,130 --> 00:19:19,679

exists that's why we invent new

488

00:19:23,870 --> 00:19:22,140

languages as kids is because we're in a

489

00:19:27,230 --> 00:19:23,880

rebellious mood and we don't want to use

490

00:19:29,570 --> 00:19:27,240

our fathers our old Papa's uh emotional

491

00:19:31,850 --> 00:19:29,580

word for that our emotions are different

492

00:19:33,890 --> 00:19:31,860

so we need a new word to go with it

493

00:19:36,169 --> 00:19:33,900

right and that's just the way that

494

00:19:38,930 --> 00:19:36,179

language goes through so slang is

495

00:19:41,390 --> 00:19:38,940

invented by a particular age groups

496

00:19:42,890 --> 00:19:41,400

within our social order it's always has

497

00:19:45,409 --> 00:19:42,900

been that way it always will be probably

498

00:19:46,549 --> 00:19:45,419

and from that point indicator that you

499

00:19:48,409 --> 00:19:46,559

know you're getting old when you need

500

00:19:50,390 --> 00:19:48,419

the Urban Dictionary to figure out what

501
00:19:52,610 --> 00:19:50,400
that is what your nephew is saying to

502
00:19:54,409 --> 00:19:52,620
you you know right right I don't want to

503
00:19:57,049 --> 00:19:54,419
be like that I know I don't want to be

504
00:19:59,870 --> 00:19:57,059
like that uh like that you know like an

505
00:20:01,730 --> 00:19:59,880
Archie Bunker Old Uncle type so like my

506
00:20:03,230 --> 00:20:01,740
nephew tells me something and uses these

507
00:20:04,850 --> 00:20:03,240
things and I gotta go like what the hell

508
00:20:05,990 --> 00:20:04,860
does this mean and I have to go Gotta Go

509
00:20:09,529 --> 00:20:06,000
look it up yeah

510
00:20:11,090 --> 00:20:09,539
yep and see and and you understand that

511
00:20:13,310 --> 00:20:11,100
he's but he's also communicating

512
00:20:14,930 --> 00:20:13,320
something that may not come across in

513
00:20:16,370 --> 00:20:14,940

the definition you read because the

514

00:20:18,590 --> 00:20:16,380

definition won't have an emotional

515

00:20:21,049 --> 00:20:18,600

quantifier attached or a qualifier to

516

00:20:22,549 --> 00:20:21,059

tell you what that that uh word is

517

00:20:23,870 --> 00:20:22,559

supposed to do let's look at real

518

00:20:27,470 --> 00:20:23,880

examples here and I'll show you how I

519

00:20:29,270 --> 00:20:27,480

got started off right so um when I first

520

00:20:30,590 --> 00:20:29,280

started gonna getting involved with uh

521

00:20:33,350 --> 00:20:30,600

the internet and all of that sort of

522

00:20:35,750 --> 00:20:33,360

thing I was uh working Consulting gigs

523

00:20:36,890 --> 00:20:35,760

where we were putting vast quantities of

524

00:20:38,870 --> 00:20:36,900

information on the internet for

525

00:20:40,610 --> 00:20:38,880

businesses or government or whatever and

526

00:20:42,470 --> 00:20:40,620

I noticed that the kind of language we

527

00:20:44,450 --> 00:20:42,480

were putting on was essentially what I

528

00:20:47,510 --> 00:20:44,460

came to eventually call long-term

529

00:20:49,490 --> 00:20:47,520

language right because it was all uh

530

00:20:51,650 --> 00:20:49,500

formal descriptions legalistic kind of

531

00:20:53,630 --> 00:20:51,660

stuff yeah very improper right

532

00:20:55,490 --> 00:20:53,640

correct and but there's an element about

533

00:20:57,049 --> 00:20:55,500

that that we don't think about and that

534

00:20:59,450 --> 00:20:57,059

is that

535

00:21:02,570 --> 00:20:59,460

um that has a tendency to have an

536

00:21:05,210 --> 00:21:02,580

emotional uh uh attachment to it that we

537

00:21:06,890 --> 00:21:05,220

think of as institutional we think of it

538

00:21:08,750 --> 00:21:06,900

as institutional because we want it

539

00:21:10,970 --> 00:21:08,760

because of the idea of it preserving

540

00:21:12,950 --> 00:21:10,980

itself being self-protective through

541

00:21:16,730 --> 00:21:12,960

time there's other kind of language

542

00:21:19,010 --> 00:21:16,740

within the slang uh that exists and is

543

00:21:21,350 --> 00:21:19,020

ephemeral and and Fades away and there's

544

00:21:23,750 --> 00:21:21,360

thousands upon thousands upon thousands

545

00:21:26,330 --> 00:21:23,760

of slang words that don't make it a

546

00:21:27,770 --> 00:21:26,340

whole year that they you know they flare

547

00:21:30,049 --> 00:21:27,780

up and then they drop for whatever

548

00:21:32,810 --> 00:21:30,059

reason there isn't acceptance there so I

549

00:21:34,909 --> 00:21:32,820

was after that bleeding edge of slang to

550

00:21:36,770 --> 00:21:34,919

be able to that that managed to last

551
00:21:40,130 --> 00:21:36,780
over a year that was one of the criteria

552
00:21:41,630 --> 00:21:40,140
I said and then I I um went after it and

553
00:21:44,810 --> 00:21:41,640
here's my example getting back to that

554
00:21:46,669 --> 00:21:44,820
okay I discovered that if people the

555
00:21:51,169 --> 00:21:46,679
conversations could be broadly broken

556
00:21:53,750 --> 00:21:51,179
down into a category of the temporality

557
00:21:56,830 --> 00:21:53,760
of what was being discussed and that

558
00:22:00,830 --> 00:21:56,840
temporality was hidden to the discussers

559
00:22:02,590 --> 00:22:00,840
in a large part but I would find that uh

560
00:22:05,810 --> 00:22:02,600
temporality could be broken down into

561
00:22:07,730 --> 00:22:05,820
immediacy uh short-term values and

562
00:22:10,850 --> 00:22:07,740
long-term values on the type of language

563
00:22:13,430 --> 00:22:10,860

with the long term being the legal kind

564

00:22:15,649 --> 00:22:13,440

of language like um I just received a

565

00:22:18,529 --> 00:22:15,659

summons to appear in court for my

566

00:22:22,430 --> 00:22:18,539

divorce and my wife is seeking

567

00:22:24,890 --> 00:22:22,440

possession of my car or of my automobile

568

00:22:26,870 --> 00:22:24,900

okay so that would be long-term language

569

00:22:29,810 --> 00:22:26,880

very uh

570

00:22:32,630 --> 00:22:29,820

flattened low emotional values in that

571

00:22:35,270 --> 00:22:32,640

language and so I could put a numeric

572

00:22:38,149 --> 00:22:35,280

quantifier on that language that was

573

00:22:41,090 --> 00:22:38,159

basically emotionally low it wasn't very

574

00:22:44,270 --> 00:22:41,100

high and uh then there would be me there

575

00:22:46,730 --> 00:22:44,280

would be like um the the short-term

576
00:22:47,810 --> 00:22:46,740
language which is

577
00:23:00,230 --> 00:22:47,820
um

578
00:23:02,510 --> 00:23:00,240
to get my ride

579
00:23:05,750 --> 00:23:02,520
okay and so that has a higher it says it

580
00:23:07,789 --> 00:23:05,760
says exactly the same thing in terms of

581
00:23:10,549 --> 00:23:07,799
what it's attempting to communicate is a

582
00:23:12,110 --> 00:23:10,559
little different the facts are are less

583
00:23:14,450 --> 00:23:12,120
important in that statement the

584
00:23:17,029 --> 00:23:14,460
description of it the the overall

585
00:23:19,669 --> 00:23:17,039
looking of it but what is raised up is

586
00:23:21,710 --> 00:23:19,679
this slightly elevated version of the

587
00:23:22,669 --> 00:23:21,720
emotions involved with the guy losing

588
00:23:24,950 --> 00:23:22,679

his car

589

00:23:27,049 --> 00:23:24,960

okay and then we get to immediacy

590

00:23:28,850 --> 00:23:27,059

language where it's like

591

00:23:32,270 --> 00:23:28,860

yo bro

592

00:23:35,149 --> 00:23:32,280

[h__\h] Jack my ride

593

00:23:37,010 --> 00:23:35,159

right yeah yeah so that's and you see

594

00:23:39,950 --> 00:23:37,020

that there's even another higher level

595

00:23:42,350 --> 00:23:39,960

of emotional correct and so if one could

596

00:23:44,390 --> 00:23:42,360

quantify that it needn't doesn't matter

597

00:23:46,549 --> 00:23:44,400

what the quantities you assigned to it

598

00:23:47,870 --> 00:23:46,559

whether they're positive or negative as

599

00:23:51,110 --> 00:23:47,880

long as you have a consistent system

600

00:23:53,930 --> 00:23:51,120

then one can quantify emotion within

601
00:23:56,630 --> 00:23:53,940
language but we have to bear in mind as

602
00:23:58,070 --> 00:23:56,640
I said before that slang is created to

603
00:24:00,710 --> 00:23:58,080
reflect

604
00:24:02,750 --> 00:24:00,720
what is perceived to be a new emotional

605
00:24:05,630 --> 00:24:02,760
level on the part of the people creating

606
00:24:07,730 --> 00:24:05,640
the slang and so we know then at its

607
00:24:11,630 --> 00:24:07,740
core the emotional component of language

608
00:24:13,789 --> 00:24:11,640
does not stay constant uh over time and

609
00:24:16,490 --> 00:24:13,799
in fact it morphs over time and language

610
00:24:19,010 --> 00:24:16,500
that is now

611
00:24:21,470 --> 00:24:19,020
um slang should it persist for years and

612
00:24:23,990 --> 00:24:21,480
years and years and be inculcated into

613
00:24:26,450 --> 00:24:24,000

our our dictionaries in our social order

614

00:24:28,010 --> 00:24:26,460

will become long-term language because

615

00:24:30,169 --> 00:24:28,020

ultimately it will become the language

616

00:24:32,510 --> 00:24:30,179

of somebody's father and there will need

617

00:24:35,270 --> 00:24:32,520

to be slang against that in the

618

00:24:38,690 --> 00:24:35,280

Rebellion period And so at its core

619

00:24:41,830 --> 00:24:38,700

languages reflecting our

620

00:24:45,310 --> 00:24:41,840

our Collective generational

621

00:24:49,250 --> 00:24:45,320

evolutionary process individually

622

00:24:51,169 --> 00:24:49,260

uh impacting that Collective and so

623

00:24:53,690 --> 00:24:51,179

that's what I was doing was I was like

624

00:24:56,930 --> 00:24:53,700

oh yeah well once I tumbled to that idea

625

00:24:58,970 --> 00:24:56,940

then it was simply tedium getting a

626

00:25:01,310 --> 00:24:58,980

dictionary getting a dictionary of a of

627

00:25:03,350 --> 00:25:01,320

a million plus words eventually and

628

00:25:06,230 --> 00:25:03,360

assigning numeric values for the various

629

00:25:09,289 --> 00:25:06,240

aspects of emotions because emotions are

630

00:25:11,690 --> 00:25:09,299

not singular and so there's

631

00:25:14,930 --> 00:25:11,700

um so I would assign to words I would

632

00:25:17,390 --> 00:25:14,940

assign the emotion uh the emotion would

633

00:25:19,250 --> 00:25:17,400

then be able to be looked up against a

634

00:25:21,350 --> 00:25:19,260

table to determine whether it was a

635

00:25:23,690 --> 00:25:21,360

building or a releasing motion which we

636

00:25:26,090 --> 00:25:23,700

can get into a later but then there were

637

00:25:29,029 --> 00:25:26,100

also things like duration how how

638

00:25:31,310 --> 00:25:29,039

persistent is this particular emotion in

639

00:25:33,830 --> 00:25:31,320

this context over time there was also

640

00:25:36,289 --> 00:25:33,840

things like intensity as I demonstrated

641

00:25:39,169 --> 00:25:36,299

in those three examples earlier you

642

00:25:42,169 --> 00:25:39,179

could assign a value of uh uh three two

643

00:25:44,390 --> 00:25:42,179

one with the last example being the the

644

00:25:46,310 --> 00:25:44,400

3 and the middle example being the 2 in

645

00:25:48,950 --> 00:25:46,320

the first example being the one for

646

00:25:50,330 --> 00:25:48,960

emotional intensity so the last example

647

00:25:52,490 --> 00:25:50,340

has a higher level of emotional

648

00:25:55,010 --> 00:25:52,500

intensity in it and then you would add

649

00:25:56,870 --> 00:25:55,020

all of these various factors up and you

650

00:25:59,750 --> 00:25:56,880

would get a

651
00:26:03,970 --> 00:25:59,760
Quantified

652
00:26:06,890 --> 00:26:03,980
numeric representation of any language

653
00:26:08,330 --> 00:26:06,900
uh once the analysis process was done

654
00:26:10,310 --> 00:26:08,340
but you could see it was quite tedious

655
00:26:11,990 --> 00:26:10,320
right because first you have to bust the

656
00:26:13,909 --> 00:26:12,000
language down using natural language

657
00:26:15,710 --> 00:26:13,919
processing techniques well first you got

658
00:26:17,269 --> 00:26:15,720
to find out what language you're you're

659
00:26:18,769 --> 00:26:17,279
dealing with and so you've got to get

660
00:26:21,110 --> 00:26:18,779
into the multibyte character of what's

661
00:26:24,529 --> 00:26:21,120
being represented find the language etc

662
00:26:27,289 --> 00:26:24,539
etc and so the the Computing processing

663
00:26:29,810 --> 00:26:27,299

was extremely tedious to do over time

664

00:26:32,210 --> 00:26:29,820

because at the point that I was building

665

00:26:34,970 --> 00:26:32,220

it there was no the computing power was

666

00:26:38,510 --> 00:26:34,980

uh you know 386 machines

667

00:26:39,769 --> 00:26:38,520

um 286 servers and so it became

668

00:26:43,610 --> 00:26:39,779

extremely

669

00:26:46,490 --> 00:26:43,620

um uh slow process and and I sort of

670

00:26:47,810 --> 00:26:46,500

like batch prostate processed it just

671

00:26:50,029 --> 00:26:47,820

because of the nature of trying to work

672

00:26:51,830 --> 00:26:50,039

as a consultant then on also do this and

673

00:26:54,289 --> 00:26:51,840

so I never really got it into any sort

674

00:26:55,850 --> 00:26:54,299

of a streaming continuous form and

675

00:26:56,930 --> 00:26:55,860

there's constant changes you have to

676
00:26:59,330 --> 00:26:56,940
make because you got to keep updating

677
00:27:00,890 --> 00:26:59,340
the Lexicon because all of those

678
00:27:04,970 --> 00:27:00,900
bastards humans are out there creating

679
00:27:07,610 --> 00:27:04,980
new slang yeah yeah I I understand some

680
00:27:09,110 --> 00:27:07,620
of your your thinking and how this

681
00:27:11,930 --> 00:27:09,120
should work

682
00:27:13,130 --> 00:27:11,940
but I still don't I just don't get how

683
00:27:14,930 --> 00:27:13,140
uh

684
00:27:17,630 --> 00:27:14,940
what people are talking about on the

685
00:27:20,210 --> 00:27:17,640
Internet is a predictor of future events

686
00:27:22,970 --> 00:27:20,220
okay sure all right so here's here's the

687
00:27:25,010 --> 00:27:22,980
real clear example

688
00:27:30,049 --> 00:27:25,020

um

689

00:27:33,529 --> 00:27:30,059

okay so so in a general sense people go

690

00:27:36,590 --> 00:27:33,539

to forums to discuss the subject of that

691

00:27:39,590 --> 00:27:36,600

forum and so if I want to discuss UFOs I

692

00:27:41,690 --> 00:27:39,600

might go to uh Project Avalon Forum but

693

00:27:43,789 --> 00:27:41,700

if I want to discuss gardening or dogs

694

00:27:47,990 --> 00:27:43,799

or whatever I go to a gardening Forum or

695

00:27:50,029 --> 00:27:48,000

a dog Forum so it would be atypical one

696

00:27:52,669 --> 00:27:50,039

would presume just on the face of it to

697

00:27:54,169 --> 00:27:52,679

find a discussion about UFOs emerging in

698

00:27:57,169 --> 00:27:54,179

a dog form

699

00:27:59,750 --> 00:27:57,179

you may find glancing occasional

700

00:28:02,750 --> 00:27:59,760

references usually humorous

701
00:28:05,510 --> 00:28:02,760
but any kind of a contextual Rich

702
00:28:08,750 --> 00:28:05,520
discussion would be distinctly out of

703
00:28:11,450 --> 00:28:08,760
place and so I asked myself why should

704
00:28:16,190 --> 00:28:11,460
such a thing occur what would prompt the

705
00:28:19,130 --> 00:28:16,200
human to to have to violate their own

706
00:28:20,450 --> 00:28:19,140
mental understanding of that you know

707
00:28:22,669 --> 00:28:20,460
their mental barrier as to what that

708
00:28:24,470 --> 00:28:22,679
Forum was for in order to just spill

709
00:28:27,049 --> 00:28:24,480
this out and basically it's because they

710
00:28:29,330 --> 00:28:27,059
don't have any other place to put that

711
00:28:30,890 --> 00:28:29,340
particular emotion or we can assume

712
00:28:32,870 --> 00:28:30,900
there's some level of nefariousness on

713
00:28:35,029 --> 00:28:32,880

it you know Bad actors Etc because

714

00:28:38,930 --> 00:28:35,039

that's always an option but I'm assuming

715

00:28:40,730 --> 00:28:38,940

that most of it will be a compulsion to

716

00:28:42,950 --> 00:28:40,740

get stuff out

717

00:28:44,450 --> 00:28:42,960

and see this is where my woo-woo comes

718

00:28:46,070 --> 00:28:44,460

in because I assume all humans are

719

00:28:49,490 --> 00:28:46,080

psychic because I know how the human

720

00:28:53,570 --> 00:28:49,500

minds work and how our bodies are in

721

00:28:55,010 --> 00:28:53,580

fact connected to uh an emulsified uh

722

00:28:58,310 --> 00:28:55,020

crystalline

723

00:29:00,409 --> 00:28:58,320

um uh suspension antenna which is our

724

00:29:03,049 --> 00:29:00,419

brain and so we're constantly picking up

725

00:29:05,149 --> 00:29:03,059

energetic signals all the time and these

726

00:29:07,310 --> 00:29:05,159

energetic signals influence our our

727

00:29:09,649 --> 00:29:07,320

emotions and our thoughts and that's

728

00:29:11,210 --> 00:29:09,659

frequently what Mk Ultra and uh you know

729

00:29:13,909 --> 00:29:11,220

the military is trying to do is to make

730

00:29:16,130 --> 00:29:13,919

you think certain things uh mind control

731

00:29:17,630 --> 00:29:16,140

right a lot harder than people might

732

00:29:18,950 --> 00:29:17,640

imagine they can put thoughts in your

733

00:29:20,149 --> 00:29:18,960

heads but that doesn't necessarily mean

734

00:29:22,850 --> 00:29:20,159

you're going to pay any attention to

735

00:29:24,769 --> 00:29:22,860

those thoughts at all and that in fact

736

00:29:28,490 --> 00:29:24,779

what most people don't understand is

737

00:29:31,490 --> 00:29:28,500

that I would have to say uh 100 of all

738

00:29:34,370 --> 00:29:31,500

motivation in all humans and probably

739

00:29:36,649 --> 00:29:34,380

most animals with a complex vagus nerve

740

00:29:38,990 --> 00:29:36,659

system is hormonal

741

00:29:40,430 --> 00:29:39,000

and so the military is trying to put

742

00:29:42,529 --> 00:29:40,440

thoughts in your head but if they really

743

00:29:44,529 --> 00:29:42,539

want to move you their most successful

744

00:29:48,110 --> 00:29:44,539

mind control experiments were all around

745

00:29:49,370 --> 00:29:48,120

hormones and they seemingly abandon all

746

00:29:50,510 --> 00:29:49,380

of those because they were just too

747

00:29:52,730 --> 00:29:50,520

successful but they couldn't be

748

00:29:55,850 --> 00:29:52,740

controlled but this this tells us a lot

749

00:29:58,490 --> 00:29:55,860

of things about uh how the human mind

750

00:30:00,710 --> 00:29:58,500

works what our motivation is in terms of

751
00:30:02,990 --> 00:30:00,720
how we do things and because we're

752
00:30:05,690 --> 00:30:03,000
motivated by hormones there has to be a

753
00:30:08,450 --> 00:30:05,700
change in our state to make you get up

754
00:30:10,430 --> 00:30:08,460
off your your couch potato butt and go

755
00:30:13,190 --> 00:30:10,440
get a beer right and that change in

756
00:30:16,490 --> 00:30:13,200
state is the perception of thirst or the

757
00:30:19,490 --> 00:30:16,500
perception of a need for another pull on

758
00:30:21,590 --> 00:30:19,500
the Alcohol both of which are caused by

759
00:30:24,529 --> 00:30:21,600
hormonal processes in your body that

760
00:30:27,409 --> 00:30:24,539
then trigger uh an effect within your

761
00:30:29,510 --> 00:30:27,419
mind this is all so complicated and so

762
00:30:32,389 --> 00:30:29,520
complex that the only thing I was doing

763
00:30:37,430 --> 00:30:32,399

was looking at the

764

00:30:39,769 --> 00:30:37,440

uh inconsistencies in language across

765

00:30:42,110 --> 00:30:39,779

time looking for the outliers in places

766

00:30:44,210 --> 00:30:42,120

like you know specific context forums

767

00:30:46,250 --> 00:30:44,220

and so on eventually I got to the point

768

00:30:49,310 --> 00:30:46,260

where I could get at prescient language

769

00:30:53,210 --> 00:30:49,320

even in generalized forms by a slightly

770

00:30:56,269 --> 00:30:53,220

different algorithmic approach uh to the

771

00:30:58,310 --> 00:30:56,279

net summation of the language I was

772

00:31:01,789 --> 00:30:58,320

encountering

773

00:31:07,070 --> 00:31:04,490

but so here's here's our deal if we go

774

00:31:09,190 --> 00:31:07,080

to a to a a gardening forum and we see

775

00:31:09,710 --> 00:31:09,200

the that there's a discussion about

776

00:31:11,930 --> 00:31:09,720

[Music]

777

00:31:16,730 --> 00:31:14,510

okay so all languages is fundamentally

778

00:31:18,590 --> 00:31:16,740

moved by hormones hormones can be

779

00:31:22,010 --> 00:31:18,600

related to our emotions emotions are can

780

00:31:23,630 --> 00:31:22,020

be stated as you know uh fear happiness

781

00:31:26,029 --> 00:31:23,640

you know that kind of thing right I mean

782

00:31:28,130 --> 00:31:26,039

an emotional uh response or hormonal

783

00:31:31,610 --> 00:31:28,140

response to something and so we find

784

00:31:34,130 --> 00:31:31,620

that the more active emotions are those

785

00:31:36,710 --> 00:31:34,140

emotions in humans that are based around

786

00:31:38,930 --> 00:31:36,720

the fear complex that's why fear porn is

787

00:31:40,610 --> 00:31:38,940

out there that's why it sells that's why

788

00:31:42,950 --> 00:31:40,620

it'll always sell is because the human

789

00:31:46,010 --> 00:31:42,960

mind is keyed in on that there are

790

00:31:48,230 --> 00:31:46,020

survival instincts and so on and so if

791

00:31:50,210 --> 00:31:48,240

one really gets into the variance of all

792

00:31:54,409 --> 00:31:50,220

the different kinds of

793

00:31:56,990 --> 00:31:54,419

um aspects of fear then you get to where

794

00:31:58,610 --> 00:31:57,000

you can differentiate at a very fine

795

00:32:00,049 --> 00:31:58,620

degree now there have been people that

796

00:32:01,909 --> 00:32:00,059

have helped us okay I'm trying to think

797

00:32:04,250 --> 00:32:01,919

of the guy's name but they're o pluchek

798

00:32:06,529 --> 00:32:04,260

so there was this sociologist or

799

00:32:09,049 --> 00:32:06,539

psychologist in the 70s or 80s who

800

00:32:10,789 --> 00:32:09,059

invented this um thing called uh an

801
00:32:13,250 --> 00:32:10,799
emotional wheel or a wheel of emotions

802
00:32:16,190 --> 00:32:13,260
and it's like and it was blue check's

803
00:32:18,889 --> 00:32:16,200
model for this wheel that I took and

804
00:32:21,169 --> 00:32:18,899
altered and what I did was to tie the I

805
00:32:23,090 --> 00:32:21,179
slightly altered the emotion and in

806
00:32:25,370 --> 00:32:23,100
terms of how they categorized them and

807
00:32:27,350 --> 00:32:25,380
then I put in two extra layers that

808
00:32:30,529 --> 00:32:27,360
brought those emotions tied back

809
00:32:32,330 --> 00:32:30,539
directly to body parts in the human

810
00:32:34,789 --> 00:32:32,340
so if we look at our language you can

811
00:32:37,430 --> 00:32:34,799
say that you know uh so if you've got

812
00:32:39,409 --> 00:32:37,440
anxiety your language will express it

813
00:32:42,049 --> 00:32:39,419

because you'll do you'll say things that

814

00:32:44,269 --> 00:32:42,059

relate to the state of your your stomach

815

00:32:48,470 --> 00:32:44,279

and your intestines anxiety words always

816

00:32:50,810 --> 00:32:48,480

show up there we have this in our um uh

817

00:32:53,269 --> 00:32:50,820

Society so inculcated inculcated it's

818

00:32:55,190 --> 00:32:53,279

into our movies where you see the guy

819

00:32:56,870 --> 00:32:55,200

gets a sudden burst of anxiety and has

820

00:32:59,389 --> 00:32:56,880

to run to the bathroom you know that

821

00:33:01,130 --> 00:32:59,399

kind of thing right or or he's going to

822

00:33:03,649 --> 00:33:01,140

throw up so all this is stomach related

823

00:33:07,370 --> 00:33:03,659

so if I saw a stomach

824

00:33:09,110 --> 00:33:07,380

um and other body part mentions in uh

825

00:33:11,510 --> 00:33:09,120

forums where it was inappropriate I

826

00:33:13,250 --> 00:33:11,520

would make a note of that there's all

827

00:33:16,549 --> 00:33:13,260

different other kinds of of physical

828

00:33:18,529 --> 00:33:16,559

body tells and in fact we as a humans

829

00:33:20,389 --> 00:33:18,539

when we didn't have computers needed

830

00:33:22,549 --> 00:33:20,399

some way to keep track of it well we

831

00:33:24,710 --> 00:33:22,559

invented superstitions so we could keep

832

00:33:26,450 --> 00:33:24,720

track of these tells like you know

833

00:33:28,190 --> 00:33:26,460

scratch the palm of your left hand

834

00:33:31,370 --> 00:33:28,200

someone's thinking of you that kind of

835

00:33:34,190 --> 00:33:31,380

thing right uh it even goes so far in in

836

00:33:35,810 --> 00:33:34,200

the uh more primitive societies like in

837

00:33:38,090 --> 00:33:35,820

Brazil and so on where you still have a

838

00:33:41,149 --> 00:33:38,100

higher percentage of people living

839

00:33:42,950 --> 00:33:41,159

um less first world they even go down to

840

00:33:44,509 --> 00:33:42,960

the level where they say you know lose

841

00:33:46,430 --> 00:33:44,519

this particular tooth and that

842

00:33:48,110 --> 00:33:46,440

particular relative is going to die or

843

00:33:49,250 --> 00:33:48,120

scratch your yourself on the bottom of

844

00:33:51,769 --> 00:33:49,260

the foot means you're going to get

845

00:33:54,310 --> 00:33:51,779

visited by this other relative and these

846

00:33:57,409 --> 00:33:54,320

things are not as one might imagine

847

00:33:59,690 --> 00:33:57,419

imaginings but in fact are more often

848

00:34:04,009 --> 00:33:59,700

than not a

849

00:34:06,590 --> 00:34:04,019

um encapsulation of observed uh

850

00:34:09,409 --> 00:34:06,600

phenomena why the phenomenon exists is

851
00:34:11,570 --> 00:34:09,419
not addressed and I'm not doing that

852
00:34:14,750 --> 00:34:11,580
here now I'm just saying that as

853
00:34:17,089 --> 00:34:14,760
psychics we in the past as humans really

854
00:34:19,609 --> 00:34:17,099
used to depend on Expressions through

855
00:34:21,829 --> 00:34:19,619
our bodies and this I think is because

856
00:34:23,570 --> 00:34:21,839
the psychic part of our mind needs to

857
00:34:26,510 --> 00:34:23,580
communicate it and it can't do it

858
00:34:28,669 --> 00:34:26,520
through words directly and so now we

859
00:34:30,889 --> 00:34:28,679
have the or we're constantly spewing out

860
00:34:32,930 --> 00:34:30,899
words and the psychic part of our mind

861
00:34:35,270 --> 00:34:32,940
no longer has to try and put an itch on

862
00:34:39,169 --> 00:34:35,280
the bottom of our foot it can just alter

863
00:34:40,970 --> 00:34:39,179

the flow of those words by inducing a an

864

00:34:42,829 --> 00:34:40,980

emotional state that makes our mind

865

00:34:45,349 --> 00:34:42,839

reach for other words

866

00:34:47,450 --> 00:34:45,359

sort of makes sense yeah yeah I guess it

867

00:34:49,490 --> 00:34:47,460

does but I still okay well here's here's

868

00:34:51,290 --> 00:34:49,500

the last here's the last part it'll make

869

00:34:55,310 --> 00:34:51,300

it okay so

870

00:34:57,470 --> 00:34:55,320

as a as an English-speaking baby boomer

871

00:34:59,390 --> 00:34:57,480

um and we will leave out my exceptional

872

00:35:01,609 --> 00:34:59,400

experience okay but an average

873

00:35:06,170 --> 00:35:01,619

English-speaking baby boomer should have

874

00:35:07,970 --> 00:35:06,180

had exposure to between 95 000 and 125

875

00:35:10,069 --> 00:35:07,980

000 English words to the extent that

876

00:35:11,510 --> 00:35:10,079

they've heard it and at some point knew

877

00:35:13,310 --> 00:35:11,520

what it meant whether or not they

878

00:35:15,349 --> 00:35:13,320

maintained that knowledge is independent

879

00:35:16,430 --> 00:35:15,359

of this so they know a hundred thousand

880

00:35:18,710 --> 00:35:16,440

let's just say they know a hundred

881

00:35:21,410 --> 00:35:18,720

thousand words if you actually look at

882

00:35:24,710 --> 00:35:21,420

people and how they use words

883

00:35:27,530 --> 00:35:24,720

most people will use less than one

884

00:35:30,589 --> 00:35:27,540

quarter of that complete lexicon in any

885

00:35:34,069 --> 00:35:30,599

given year yeah absolutely okay and in

886

00:35:36,050 --> 00:35:34,079

any given year 90 of their language

887

00:35:39,829 --> 00:35:36,060

ninety percent of the things they say

888

00:35:42,170 --> 00:35:39,839

will be in a very narrow band based on

889

00:35:43,670 --> 00:35:42,180

what their job occupation are is and

890

00:35:46,130 --> 00:35:43,680

their and their level of continuous

891

00:35:48,230 --> 00:35:46,140

contact with other humans right and so

892

00:35:49,490 --> 00:35:48,240

we repeat constantly the same [h__h] over

893

00:35:52,550 --> 00:35:49,500

and over and over and over and over

894

00:35:55,190 --> 00:35:52,560

again except for when we don't and what

895

00:35:58,430 --> 00:35:55,200

is it that prompts us to look outside

896

00:36:00,170 --> 00:35:58,440

our usual lexicon so I did an analysis I

897

00:36:04,430 --> 00:36:00,180

did an analysis in a dozen different

898

00:36:07,370 --> 00:36:04,440

ways between 1993 and 2003 and came to

899

00:36:10,069 --> 00:36:07,380

the conclusion that uh out of that

900

00:36:12,470 --> 00:36:10,079

hundred thousand words the usual human

901
00:36:14,569 --> 00:36:12,480
could be expected to use two thousand

902
00:36:16,130 --> 00:36:14,579
words routinely week after week after

903
00:36:18,650 --> 00:36:16,140
week after week

904
00:36:21,230 --> 00:36:18,660
due to the nature of their job and then

905
00:36:23,210 --> 00:36:21,240
another 2 000 words due to the nature of

906
00:36:24,410 --> 00:36:23,220
just interacting with other humans and

907
00:36:27,349 --> 00:36:24,420
then another two thousand words

908
00:36:29,870 --> 00:36:27,359
interacting with their specific uh

909
00:36:32,290 --> 00:36:29,880
vertical tribes so basically less than

910
00:36:35,390 --> 00:36:32,300
ten thousand words is the operating

911
00:36:37,670 --> 00:36:35,400
lexicon of most people yet I was and

912
00:36:40,430 --> 00:36:37,680
that's not very many words really and I

913
00:36:42,410 --> 00:36:40,440

was finding places where people who

914

00:36:44,450 --> 00:36:42,420

usually operate in a lexicon of Ten

915

00:36:46,790 --> 00:36:44,460

Thousand Words week after week after

916

00:36:48,890 --> 00:36:46,800

week we're reaching and they were

917

00:36:50,810 --> 00:36:48,900

reaching in their writing for words that

918

00:36:53,990 --> 00:36:50,820

they were less familiar with because

919

00:36:56,089 --> 00:36:54,000

something was driving them to do so so

920

00:36:59,810 --> 00:36:56,099

there's an issue of not only the context

921

00:37:01,910 --> 00:36:59,820

that is out of place but also the

922

00:37:05,930 --> 00:37:01,920

language being used to describe that

923

00:37:09,349 --> 00:37:05,940

context being out of place being a great

924

00:37:11,510 --> 00:37:09,359

um uh distance from their normal Ten

925

00:37:14,150 --> 00:37:11,520

Thousand Words and so I started paying

926
00:37:15,589 --> 00:37:14,160
attention to both of those aspects and

927
00:37:17,930 --> 00:37:15,599
combined them into the predictive

928
00:37:20,150 --> 00:37:17,940
linguistics approach which by my own

929
00:37:22,790 --> 00:37:20,160
estimation was somewhere greater than 50

930
00:37:25,790 --> 00:37:22,800
percent success

931
00:37:31,910 --> 00:37:29,690
so predictive language then is a part of

932
00:37:34,250 --> 00:37:31,920
how you believe that these that this Web

933
00:37:36,470 --> 00:37:34,260
Bot is making accurate predictions about

934
00:37:39,470 --> 00:37:36,480
future events

935
00:37:41,329 --> 00:37:39,480
correct when when the when the event or

936
00:37:42,410 --> 00:37:41,339
when the prediction is accurate and of

937
00:37:44,510 --> 00:37:42,420
course A lot of it has to do with

938
00:37:46,609 --> 00:37:44,520

personal interpretation and so on now

939

00:37:48,890 --> 00:37:46,619

what really is boosting to that

940

00:37:50,210 --> 00:37:48,900

perception though is that I was the

941

00:37:53,030 --> 00:37:50,220

first I was the first one out there

942

00:37:54,950 --> 00:37:53,040

discussing this in 1993. flying around

943

00:37:56,990 --> 00:37:54,960

talking to people as I was doing things

944

00:37:59,390 --> 00:37:57,000

by the time I got it all developed and

945

00:38:01,069 --> 00:37:59,400

had all the software written and so on I

946

00:38:05,690 --> 00:38:01,079

actually started to have competitors

947

00:38:08,630 --> 00:38:05,700

because it was a wise idea for for

948

00:38:10,849 --> 00:38:08,640

making money okay for trying to suss out

949

00:38:12,890 --> 00:38:10,859

what people are thinking about ahead of

950

00:38:15,290 --> 00:38:12,900

them being motivated to do something

951
00:38:17,210 --> 00:38:15,300
about it and so one of the things I was

952
00:38:19,849 --> 00:38:17,220
after was simply to find what trigger

953
00:38:22,310 --> 00:38:19,859
words existed that caused the herd

954
00:38:24,650 --> 00:38:22,320
mentality to suddenly start rushing into

955
00:38:26,510 --> 00:38:24,660
a stock and if I could find these

956
00:38:28,609 --> 00:38:26,520
trigger words and monitor them I could

957
00:38:30,530 --> 00:38:28,619
monitor them ahead of those the herd

958
00:38:32,329 --> 00:38:30,540
rushing into the stock and I could do

959
00:38:34,490 --> 00:38:32,339
the front running that was all of my

960
00:38:36,470 --> 00:38:34,500
goal was to just as a money-making thing

961
00:38:38,390 --> 00:38:36,480
then I got hung up in all of the actual

962
00:38:39,710 --> 00:38:38,400
doing of it forgot all about the stock

963
00:38:41,450 --> 00:38:39,720

stuff and never did that because the

964

00:38:43,069 --> 00:38:41,460

stocks themselves were of no interest to

965

00:38:44,329 --> 00:38:43,079

me I was just you know I shouldn't have

966

00:38:45,530 --> 00:38:44,339

been doing it for the money I should

967

00:38:47,870 --> 00:38:45,540

have just been doing it for the interest

968

00:38:49,550 --> 00:38:47,880

but it all worked out in the end but but

969

00:38:52,490 --> 00:38:49,560

the deal on the

970

00:38:54,890 --> 00:38:52,500

on this is that there's a company called

971

00:38:58,010 --> 00:38:54,900

uh

972

00:39:00,710 --> 00:38:58,020

I'm gonna say predictive aspects

973

00:39:03,609 --> 00:39:00,720

there's uh

974

00:39:06,890 --> 00:39:03,619

three companies that were funded by

975

00:39:09,589 --> 00:39:06,900

intelqueue which is the cia's uh Venture

976

00:39:11,270 --> 00:39:09,599

arm Capital they they funded three

977

00:39:13,430 --> 00:39:11,280

companies that do predictive Linguistics

978

00:39:16,010 --> 00:39:13,440

analysis for stock market and then here

979

00:39:18,950 --> 00:39:16,020

we are all these years later and it's

980

00:39:22,910 --> 00:39:18,960

gone to the extent that uh one of the

981

00:39:26,089 --> 00:39:22,920

presidential candidates Bloomberg is uh

982

00:39:28,010 --> 00:39:26,099

a billionaire because of the nature of

983

00:39:29,690 --> 00:39:28,020

predictive language and what he did with

984

00:39:32,630 --> 00:39:29,700

it getting in between the federal

985

00:39:35,089 --> 00:39:32,640

government and the The High Frequency

986

00:39:36,710 --> 00:39:35,099

Traders the high-speed trading computers

987

00:39:38,450 --> 00:39:36,720

that's how he makes all of his money you

988

00:39:43,069 --> 00:39:38,460

know I did not know that about him but I

989

00:39:45,410 --> 00:39:43,079

know I know a few stock guys who will go

990

00:39:48,349 --> 00:39:45,420

to the ends of the Earth to get any

991

00:39:51,349 --> 00:39:48,359

little Edge over their competitors

992

00:39:53,569 --> 00:39:51,359

whether that's uh you know there's big

993

00:39:55,609 --> 00:39:53,579

boom right now with these supplements

994

00:39:58,310 --> 00:39:55,619

that people think you know increases

995

00:40:01,250 --> 00:39:58,320

brain function or oh nootropics sure

996

00:40:02,470 --> 00:40:01,260

nootropics or some kind of software that

997

00:40:06,170 --> 00:40:02,480

they think

998

00:40:09,530 --> 00:40:06,180

may give them a Competitive Edge or or

999

00:40:11,210 --> 00:40:09,540

some insight that others don't have so

1000

00:40:14,630 --> 00:40:11,220

it makes sense to me that people would

1001
00:40:16,370 --> 00:40:14,640
go and try to create these things what

1002
00:40:17,930 --> 00:40:16,380
about the number of failed predictions

1003
00:40:20,990 --> 00:40:17,940
though because a lot of critics have

1004
00:40:23,630 --> 00:40:21,000
said well uh you and David Wilcock have

1005
00:40:26,150 --> 00:40:23,640
something in common this 2012 the

1006
00:40:27,890 --> 00:40:26,160
cataclysm sure sure and that's and okay

1007
00:40:31,609 --> 00:40:27,900
and so here's here's the whole issue

1008
00:40:34,910 --> 00:40:31,619
right uh about 50 of the predictions

1009
00:40:36,770 --> 00:40:34,920
failed uh and you know I've always okay

1010
00:40:40,490 --> 00:40:36,780
you're willing to say that straight out

1011
00:40:42,290 --> 00:40:40,500
about it well sure sure

1012
00:40:47,390 --> 00:40:42,300
I mean okay but see that's still twice

1013
00:40:52,010 --> 00:40:49,250

I don't want to reveal a whole lot of

1014

00:40:53,450 --> 00:40:52,020

stuff but a smart person might be able

1015

00:40:56,450 --> 00:40:53,460

to make themselves a shitload of money

1016

00:40:58,790 --> 00:40:56,460

being twice as good as chance

1017

00:41:00,589 --> 00:40:58,800

right so I'm willing to admit it's not a

1018

00:41:03,290 --> 00:41:00,599

hundred percent I wasn't making Pro

1019

00:41:05,390 --> 00:41:03,300

prophetic predictions what I was doing

1020

00:41:07,430 --> 00:41:05,400

was reacting to stuff out on the song on

1021

00:41:08,990 --> 00:41:07,440

the internet what I was unprepared for

1022

00:41:10,910 --> 00:41:09,000

uh well there were a number of things I

1023

00:41:13,069 --> 00:41:10,920

was unprepared for okay but I ran into

1024

00:41:15,530 --> 00:41:13,079

the issues of David Wilcock early and

1025

00:41:18,410 --> 00:41:15,540

didn't recognize it and that's because

1026

00:41:20,569 --> 00:41:18,420

what I was unaware of not being that

1027

00:41:22,910 --> 00:41:20,579

kind of an individual okay so

1028

00:41:24,829 --> 00:41:22,920

um back up some and say that as an

1029

00:41:27,950 --> 00:41:24,839

individual that has a schizophrenic

1030

00:41:29,630 --> 00:41:27,960

genes I've had mental issues in thinking

1031

00:41:33,109 --> 00:41:29,640

issues I've had to overcome all of my

1032

00:41:35,390 --> 00:41:33,119

life and I am not a social being so I'm

1033

00:41:38,569 --> 00:41:35,400

very ignorant of how the social order

1034

00:41:40,310 --> 00:41:38,579

around me uh operates and works every

1035

00:41:41,870 --> 00:41:40,320

computer guy I know including me

1036

00:41:43,790 --> 00:41:41,880

sometimes I have to struggle okay just

1037

00:41:46,069 --> 00:41:43,800

to be social with people and like you

1038

00:41:47,990 --> 00:41:46,079

know say hello you know right right and

1039

00:41:50,270 --> 00:41:48,000

you understand going into offices I had

1040

00:41:52,849 --> 00:41:50,280

a really like I had to really train

1041

00:41:54,670 --> 00:41:52,859

myself to be more outgoing and social

1042

00:41:57,470 --> 00:41:54,680

because I'm just you know

1043

00:41:59,329 --> 00:41:57,480

yeah dude so you understand where I'm

1044

00:42:01,190 --> 00:41:59,339

coming from right so so there's a lot of

1045

00:42:03,950 --> 00:42:01,200

[h__h] I didn't understand I had heard

1046

00:42:05,750 --> 00:42:03,960

about this guy Wilcock in the late 90s

1047

00:42:07,250 --> 00:42:05,760

and just sort of blew him off that he

1048

00:42:08,750 --> 00:42:07,260

didn't know anything was going on didn't

1049

00:42:12,050 --> 00:42:08,760

even really got then I was head down

1050

00:42:13,910 --> 00:42:12,060

into work and all this other stuff uh it

1051
00:42:16,250 --> 00:42:13,920
was a very terrible time in many regards

1052
00:42:19,130 --> 00:42:16,260
through the uh through these past 15

1053
00:42:23,450 --> 00:42:19,140
years and what I did not recognize was

1054
00:42:28,490 --> 00:42:23,460
the impact of the collective Madness of

1055
00:42:31,910 --> 00:42:28,500
humans uh on the internet so

1056
00:42:34,190 --> 00:42:31,920
as far as my my language was concerned

1057
00:42:36,829 --> 00:42:34,200
this as far as my software was concerned

1058
00:42:41,510 --> 00:42:36,839
the language it was encountering was a

1059
00:42:44,510 --> 00:42:41,520
natural occurrence even though

1060
00:42:46,670 --> 00:42:44,520
um it was essentially artificial and was

1061
00:42:49,310 --> 00:42:46,680
being pumped up by all the woo-woo guys

1062
00:42:53,569 --> 00:42:49,320
and it spilled over into the larger

1063
00:42:57,410 --> 00:42:53,579

greater social order due to the

1064

00:43:00,589 --> 00:42:57,420

um not coincidence but due to the uh um

1065

00:43:02,569 --> 00:43:00,599

alignment with 2012 and the Mayans and

1066

00:43:05,089 --> 00:43:02,579

everything it was just whatever I

1067

00:43:07,370 --> 00:43:05,099

remember back then like everybody was

1068

00:43:08,450 --> 00:43:07,380

talking about this everybody in the

1069

00:43:10,550 --> 00:43:08,460

internet was talking about it whether

1070

00:43:13,010 --> 00:43:10,560

you believed that the end was coming or

1071

00:43:15,829 --> 00:43:13,020

you know it didn't matter car salesman

1072

00:43:17,390 --> 00:43:15,839

right everybody you know everybody and

1073

00:43:19,849 --> 00:43:17,400

that's now why we've got into the same

1074

00:43:22,069 --> 00:43:19,859

situation with everybody being woke and

1075

00:43:24,530 --> 00:43:22,079

it's all such a huge muddied mess this

1076

00:43:26,809 --> 00:43:24,540

kind of at one level it was this

1077

00:43:28,790 --> 00:43:26,819

tendency that was magnified by the

1078

00:43:30,050 --> 00:43:28,800

internet I should have shut down in 2012

1079

00:43:32,630 --> 00:43:30,060

but I would have missed the

1080

00:43:34,069 --> 00:43:32,640

cryptocurrency part of it uh actually

1081

00:43:36,050 --> 00:43:34,079

emerging even though I knew it was going

1082

00:43:37,849 --> 00:43:36,060

to happen but it didn't dawn on me that

1083

00:43:40,010 --> 00:43:37,859

what was actually going on is an

1084

00:43:42,890 --> 00:43:40,020

inherent part of our species at a larger

1085

00:43:45,589 --> 00:43:42,900

level it's a macro level of how our a

1086

00:43:49,069 --> 00:43:45,599

macro effect of how our minds work uh

1087

00:43:49,670 --> 00:43:49,079

collectively that gets us into these

1088

00:43:52,430 --> 00:43:49,680

um

1089

00:43:55,069 --> 00:43:52,440

Fugue States and a collective at a

1090

00:43:56,750 --> 00:43:55,079

collective level right sure and and what

1091

00:43:59,690 --> 00:43:56,760

was going on

1092

00:44:03,170 --> 00:43:59,700

um it was valuable I learned a lot but

1093

00:44:04,970 --> 00:44:03,180

it suckered me in to that level of stuff

1094

00:44:07,130 --> 00:44:04,980

because it polluted the data everywhere

1095

00:44:10,970 --> 00:44:07,140

it was due to that though that I was

1096

00:44:13,910 --> 00:44:10,980

able to actually later in 2015 tracked

1097

00:44:16,130 --> 00:44:13,920

down or it was 2016. track down what was

1098

00:44:18,349 --> 00:44:16,140

going on with my system and be able to

1099

00:44:20,870 --> 00:44:18,359

analyze and see that David Wilcock and

1100

00:44:23,569 --> 00:44:20,880

Corey Goode had polluted it because of

1101
00:44:25,550 --> 00:44:23,579
the massive amount of a following they

1102
00:44:29,870 --> 00:44:25,560
were building because of Jay widener's

1103
00:44:33,050 --> 00:44:29,880
uh skill in pimping them as believable

1104
00:44:35,329 --> 00:44:33,060
and I was unaware of I didn't watch Gaia

1105
00:44:36,829 --> 00:44:35,339
I'd met Jay years ago but you know

1106
00:44:38,809 --> 00:44:36,839
hadn't really kept up with him a few

1107
00:44:40,490 --> 00:44:38,819
conversations that's about it was

1108
00:44:42,829 --> 00:44:40,500
totally unaware of this Cosmic

1109
00:44:46,430 --> 00:44:42,839
disclosure stuff and it was polluting

1110
00:44:49,550 --> 00:44:46,440
all of my data because so many people in

1111
00:44:52,190 --> 00:44:49,560
uh okay so all right so I have to really

1112
00:44:55,370 --> 00:44:52,200
get into the details of it but I had a

1113
00:44:57,290 --> 00:44:55,380

small aspect of my program uh programs

1114

00:44:58,970 --> 00:44:57,300

because there were like 200 executables

1115

00:45:00,589 --> 00:44:58,980

to make this thing work

1116

00:45:03,950 --> 00:45:00,599

um but I had a small aspect of it that

1117

00:45:05,450 --> 00:45:03,960

was a neural net that I'd been um wasn't

1118

00:45:08,329 --> 00:45:05,460

complete neural net it was just

1119

00:45:11,750 --> 00:45:08,339

basically to to do winnowing of the data

1120

00:45:13,430 --> 00:45:11,760

sets uh in a live uh fashion as it was

1121

00:45:16,790 --> 00:45:13,440

streamed in for storage for later

1122

00:45:19,790 --> 00:45:16,800

processing but the the problem with uh

1123

00:45:22,130 --> 00:45:19,800

doing a neural net is that you have to

1124

00:45:23,990 --> 00:45:22,140

constantly train them right every time

1125

00:45:27,530 --> 00:45:24,000

there's a every time there's you have to

1126

00:45:30,829 --> 00:45:27,540

re-re uh educate your your

1127

00:45:32,510 --> 00:45:30,839

your structure and so uh every time

1128

00:45:34,790 --> 00:45:32,520

there's a major change in the language

1129

00:45:36,710 --> 00:45:34,800

which for me I was doing every six weeks

1130

00:45:38,030 --> 00:45:36,720

I was having to update the Lexicon but

1131

00:45:40,670 --> 00:45:38,040

every time you got into that sort of

1132

00:45:42,530 --> 00:45:40,680

thing you'd have to retrain your neural

1133

00:45:44,450 --> 00:45:42,540

net component which it was automated it

1134

00:45:46,550 --> 00:45:44,460

wasn't that big of a deal but I got

1135

00:45:49,550 --> 00:45:46,560

clean label poisoning because one of the

1136

00:45:53,150 --> 00:45:49,560

areas I had chosen to have uh as a clean

1137

00:45:55,730 --> 00:45:53,160

data set was polluted by David and Corey

1138

00:45:57,050 --> 00:45:55,740

and I was unaware of that and when I

1139

00:45:58,790 --> 00:45:57,060

finally found out about it it was

1140

00:46:02,210 --> 00:45:58,800

basically too late I had to Chuck it all

1141

00:46:03,890 --> 00:46:02,220

get rid of uh tons of the data stuff and

1142

00:46:05,870 --> 00:46:03,900

try and concentrate on cryptos those

1143

00:46:08,030 --> 00:46:05,880

last couple of years because that was

1144

00:46:10,430 --> 00:46:08,040

the language that that was not being

1145

00:46:11,089 --> 00:46:10,440

impacted by

1146

00:46:15,230 --> 00:46:11,099

um

1147

00:46:18,410 --> 00:46:15,240

uh the the Gaius View and its subsequent

1148

00:46:20,510 --> 00:46:18,420

uh hype and promotion everywhere and so

1149

00:46:22,910 --> 00:46:20,520

it that's basically Universe forced me

1150

00:46:24,589 --> 00:46:22,920

to get out of the woo-woo business and

1151

00:46:26,450 --> 00:46:24,599

concentrate more and more on the cryptos

1152

00:46:27,950 --> 00:46:26,460

just because that was the only place

1153

00:46:30,050 --> 00:46:27,960

that there was this unfettered

1154

00:46:33,230 --> 00:46:30,060

uncensored language and then that was

1155

00:46:35,349 --> 00:46:33,240

the other aspect of it from 2012 on and

1156

00:46:38,030 --> 00:46:35,359

then especially after to the election

1157

00:46:40,690 --> 00:46:38,040

censorship clamped down in a serious way

1158

00:46:44,089 --> 00:46:40,700

to the point where my usual data sources

1159

00:46:47,569 --> 00:46:44,099

uh were being deprived from me because

1160

00:46:49,309 --> 00:46:47,579

everybody was self-censoring yeah yeah

1161

00:46:51,829 --> 00:46:49,319

yeah see one of the things that we have

1162

00:46:53,630 --> 00:46:51,839

to have here one of the basic premises

1163

00:46:57,530 --> 00:46:53,640

is that you cannot censor yourself

1164

00:46:59,809 --> 00:46:57,540

you've got to be allowing the psychic

1165

00:47:01,910 --> 00:46:59,819

part of you to force you to hunt for

1166

00:47:04,370 --> 00:47:01,920

language you wouldn't normally use and

1167

00:47:06,470 --> 00:47:04,380

express that language but if you're uh

1168

00:47:08,750 --> 00:47:06,480

trepidatious about the reaction to your

1169

00:47:11,390 --> 00:47:08,760

language anyway then you're going to be

1170

00:47:13,730 --> 00:47:11,400

extra trepidated extra fearful about

1171

00:47:15,349 --> 00:47:13,740

using language you don't normally use

1172

00:47:17,210 --> 00:47:15,359

and whether or not that might get you

1173

00:47:19,670 --> 00:47:17,220

into trouble so that language you might

1174

00:47:21,410 --> 00:47:19,680

normally that you might otherwise put in

1175

00:47:23,450 --> 00:47:21,420

will be restricted and that's actually

1176

00:47:25,190 --> 00:47:23,460

the language I wanted to get at yeah

1177

00:47:26,530 --> 00:47:25,200

this is the way that things are going

1178

00:47:30,170 --> 00:47:26,540

now it's like

1179

00:47:32,690 --> 00:47:30,180

I I try not to do it but just you got to

1180

00:47:35,990 --> 00:47:32,700

be so careful now like you can't offend

1181

00:47:38,690 --> 00:47:36,000

anyone you know right all these people

1182

00:47:41,390 --> 00:47:38,700

and you got to really watch what you say

1183

00:47:42,890 --> 00:47:41,400

and how you say it sometimes and uh I

1184

00:47:47,329 --> 00:47:42,900

don't know I find the younger people are

1185

00:47:51,109 --> 00:47:47,339

more uh more easily offended now you

1186

00:47:52,790 --> 00:47:51,119

know like every little thing you know

1187

00:47:55,010 --> 00:47:52,800

I don't have that much contact with

1188

00:47:56,390 --> 00:47:55,020

young guys so so it's not anything I

1189

00:47:57,890 --> 00:47:56,400

could validate one way or another and

1190

00:47:59,870 --> 00:47:57,900

I'm just talking about friends family

1191

00:48:00,950 --> 00:47:59,880

yeah like that you know it just seems to

1192

00:48:03,770 --> 00:48:00,960

me like you're right though everybody

1193

00:48:05,569 --> 00:48:03,780

did sort of change there was just a

1194

00:48:08,150 --> 00:48:05,579

shift in the last four or five years I

1195

00:48:10,190 --> 00:48:08,160

think that people are correct correct a

1196

00:48:13,329 --> 00:48:10,200

lot more cautious and the way that

1197

00:48:16,069 --> 00:48:13,339

they're speaking and I find even me like

1198

00:48:19,609 --> 00:48:16,079

whatever I believe about transgender

1199

00:48:22,010 --> 00:48:19,619

issues I have to go and know like what

1200

00:48:24,710 --> 00:48:22,020

is the appropriate way to address this

1201
00:48:26,450 --> 00:48:24,720
person this whole pronoun issue and I

1202
00:48:28,490 --> 00:48:26,460
don't want to offend anybody if you

1203
00:48:30,829 --> 00:48:28,500
listen I don't care if you got a beard

1204
00:48:33,710 --> 00:48:30,839
and you want to be called her I guess

1205
00:48:35,329 --> 00:48:33,720
I'm supposed to respect that and call

1206
00:48:38,210 --> 00:48:35,339
you her what you know whatever the case

1207
00:48:40,490 --> 00:48:38,220
may be things like that is definitely

1208
00:48:42,730 --> 00:48:40,500
changed our society and our language in

1209
00:48:47,150 --> 00:48:42,740
the last few years

1210
00:48:48,770 --> 00:48:47,160
yeah it has okay uh as a personal level

1211
00:48:50,930 --> 00:48:48,780
I never worry about it I offend everyone

1212
00:48:51,890 --> 00:48:50,940
so it's just not an issue

1213
00:48:53,930 --> 00:48:51,900

um

1214

00:48:55,730 --> 00:48:53,940

you know and and uh sometimes it's

1215

00:48:56,930 --> 00:48:55,740

really good for me to offend someone and

1216

00:49:00,470 --> 00:48:56,940

just get them the [h__h] out of the way

1217

00:49:03,109 --> 00:49:00,480

and and off my case uh so but I do

1218

00:49:05,630 --> 00:49:03,119

understand and it it has really crippled

1219

00:49:07,069 --> 00:49:05,640

things I tried for a while to resurrect

1220

00:49:09,290 --> 00:49:07,079

my system after I'd come out of the

1221

00:49:12,410 --> 00:49:09,300

cancer and started feeling better

1222

00:49:14,510 --> 00:49:12,420

um uh on the on the Deep Web there is

1223

00:49:16,309 --> 00:49:14,520

and I followed some of your uh you know

1224

00:49:18,050 --> 00:49:16,319

your medical issues and God bless you I

1225

00:49:20,089 --> 00:49:18,060

hope you're feeling much better and uh

1226

00:49:22,910 --> 00:49:20,099

doing really well you quickly are

1227

00:49:25,069 --> 00:49:22,920

becoming an advocate for like uh

1228

00:49:27,349 --> 00:49:25,079

different treatments and you know there

1229

00:49:28,849 --> 00:49:27,359

needs to be yeah I hated that too God I

1230

00:49:30,410 --> 00:49:28,859

need to be that people that have

1231

00:49:32,630 --> 00:49:30,420

actually that are actually going through

1232

00:49:35,569 --> 00:49:32,640

it that can tell you what works for them

1233

00:49:36,829 --> 00:49:35,579

what makes them feel a little bit that's

1234

00:49:38,870 --> 00:49:36,839

so funny that's so funny that you bring

1235

00:49:41,750 --> 00:49:38,880

that up though right because this is uh

1236

00:49:44,870 --> 00:49:41,760

this is my main deal now is that I

1237

00:49:46,730 --> 00:49:44,880

analyzed okay so I had to I had to get

1238

00:49:48,530 --> 00:49:46,740

myself well the doctors weren't helping

1239

00:49:50,510 --> 00:49:48,540

me I realized I had to fire the

1240

00:49:52,609 --> 00:49:50,520

oncologist and get my [h__h] together and

1241

00:49:54,109 --> 00:49:52,619

take control over it which meant I had

1242

00:49:56,809 --> 00:49:54,119

to research it I didn't really want to

1243

00:49:58,309 --> 00:49:56,819

get into biomedical crap so but I

1244

00:49:59,690 --> 00:49:58,319

started doing it anyway but I decided

1245

00:50:03,410 --> 00:49:59,700

okay I'm going to make this cancer word

1246

00:50:05,329 --> 00:50:03,420

series and if I survive uh fine we'll

1247

00:50:07,069 --> 00:50:05,339

learn something and if I die fine we'll

1248

00:50:09,650 --> 00:50:07,079

learn something right based on what I

1249

00:50:10,910 --> 00:50:09,660

what I try and and I'm willing to try

1250

00:50:12,829 --> 00:50:10,920

all different kinds of things that I'll

1251

00:50:15,050 --> 00:50:12,839

that I'll investigate but my big deal at

1252

00:50:18,650 --> 00:50:15,060

the moment is I've had cancer three

1253

00:50:20,809 --> 00:50:18,660

times so I'm a [h__h] expert Jordan say

1254

00:50:23,210 --> 00:50:20,819

there hasn't had his cancer yet you know

1255

00:50:26,750 --> 00:50:23,220

so he's not in my opinion he can't say

1256

00:50:28,849 --> 00:50:26,760

[h__h] and his his Pearson therapy is

1257

00:50:30,230 --> 00:50:28,859

exactly what you don't need come on

1258

00:50:33,109 --> 00:50:30,240

because if you worked at a health food

1259

00:50:36,349 --> 00:50:33,119

store I know when he saw somebody do do

1260

00:50:37,970 --> 00:50:36,359

Gerson Therapy and come back twice you

1261

00:50:40,430 --> 00:50:37,980

know and talk to him twice so that's his

1262

00:50:42,470 --> 00:50:40,440

that's his rationale for this uh but see

1263

00:50:45,230 --> 00:50:42,480

this pisses me off because I've seen so

1264

00:50:47,089 --> 00:50:45,240

many people die from cancer right and

1265

00:50:48,829 --> 00:50:47,099

and sooner or later everybody's going to

1266

00:50:51,230 --> 00:50:48,839

know it I've seen so many of my friends

1267

00:50:53,569 --> 00:50:51,240

die now I'm actually involved in this

1268

00:50:56,150 --> 00:50:53,579

stuff to where I can recommend [h__h] that

1269

00:50:57,770 --> 00:50:56,160

actually works for me and has worked and

1270

00:50:59,990 --> 00:50:57,780

is you know I've investigated down to

1271

00:51:02,030 --> 00:51:00,000

the Nats ass because uh that's just the

1272

00:51:05,569 --> 00:51:02,040

way my mind works if I have an interest

1273

00:51:08,270 --> 00:51:05,579

of it I will not let it go and in fact I

1274

00:51:10,430 --> 00:51:08,280

can't something of a curse uh but in any

1275

00:51:13,010 --> 00:51:10,440

event like I say so I'm the [h__h]

1276

00:51:15,470 --> 00:51:13,020

expert and guess what I've got power now

1277

00:51:17,809 --> 00:51:15,480

I can get onto YouTube and I can say

1278

00:51:20,870 --> 00:51:17,819

anything I want about cancer and not be

1279

00:51:24,410 --> 00:51:20,880

censored by YouTube I can say anything I

1280

00:51:26,270 --> 00:51:24,420

want about cancer and not be hassled by

1281

00:51:28,730 --> 00:51:26,280

any pharmaceutical company

1282

00:51:31,490 --> 00:51:28,740

all right assuming I'm being lawful

1283

00:51:34,309 --> 00:51:31,500

right yes but I can but I can criticize

1284

00:51:36,589 --> 00:51:34,319

as much as I want because I have this

1285

00:51:40,250 --> 00:51:36,599

first person experience and I have found

1286

00:51:42,730 --> 00:51:40,260

that YouTube respects that and that's

1287

00:51:44,990 --> 00:51:42,740

really very empowering now at some point

1288

00:51:48,430 --> 00:51:45,000

uh Jordan say there's gonna get shut

1289

00:51:51,170 --> 00:51:48,440

down on YouTube for uh promulgating

1290

00:51:53,569 --> 00:51:51,180

harmful cancer

1291

00:51:56,329 --> 00:51:53,579

treatments the same way he's been shut

1292

00:51:59,630 --> 00:51:56,339

down on Twitter and YouTube for his MMS

1293

00:52:01,730 --> 00:51:59,640

stuff because I have an autistic a

1294

00:52:05,150 --> 00:52:01,740

non-verbal autistic son

1295

00:52:08,690 --> 00:52:05,160

so uh how old uh seven years old and

1296

00:52:10,970 --> 00:52:08,700

when I hear this clown uh speaking at

1297

00:52:13,190 --> 00:52:10,980

so-called autistic conferences like he's

1298

00:52:15,829 --> 00:52:13,200

some kind of expert I'm I want to choke

1299

00:52:17,030 --> 00:52:15,839

the guy honestly I I was gonna say I

1300

00:52:20,089 --> 00:52:17,040

understand the need for physical

1301
00:52:22,490 --> 00:52:20,099
violence I surely do you know I know the

1302
00:52:25,490 --> 00:52:22,500
the problem is that most autistic

1303
00:52:28,190 --> 00:52:25,500
children have very very uh have food

1304
00:52:30,589 --> 00:52:28,200
issues they have digestive issues so for

1305
00:52:34,190 --> 00:52:30,599
this idiot to suggest any form of

1306
00:52:36,049 --> 00:52:34,200
therapy that is not good yeah I know you

1307
00:52:40,089 --> 00:52:36,059
know it's gonna be harsh on that oh God

1308
00:52:44,390 --> 00:52:42,770
yeah because of my uh relationship with

1309
00:52:46,609 --> 00:52:44,400
mental illness right this was something

1310
00:52:49,069 --> 00:52:46,619
that really interested me was the rise

1311
00:52:51,650 --> 00:52:49,079
of autism in our society and I've looked

1312
00:52:53,150 --> 00:52:51,660
at various different uh things involved

1313
00:52:54,470 --> 00:52:53,160

in that

1314

00:52:56,510 --> 00:52:54,480

um and I've actually come up with some

1315

00:52:58,849 --> 00:52:56,520

stuff that is helpful well there's good

1316

00:53:01,730 --> 00:52:58,859

news and good research lately and the

1317

00:53:04,549 --> 00:53:01,740

most of the good news is that there's

1318

00:53:06,530 --> 00:53:04,559

real peer-reviewed scientific studies

1319

00:53:10,250 --> 00:53:06,540

that are basically proving that autism

1320

00:53:14,510 --> 00:53:10,260

forms in the womb so all this uh facts

1321

00:53:16,790 --> 00:53:14,520

are crazy is is not the cause but hold

1322

00:53:19,190 --> 00:53:16,800

it hold it here's our problem here's our

1323

00:53:20,930 --> 00:53:19,200

problem sure yes yes you're correct see

1324

00:53:23,750 --> 00:53:20,940

this is why I'm just such a pain in the

1325

00:53:26,150 --> 00:53:23,760

ass to everybody all right yes you're

1326
00:53:27,950 --> 00:53:26,160
correct autism forms in the womb but you

1327
00:53:30,890 --> 00:53:27,960
can't rule out vaccines one generation

1328
00:53:33,349 --> 00:53:30,900
removed so the mother's vaccine may be

1329
00:53:35,390 --> 00:53:33,359
causing it her reaction to That vaccine

1330
00:53:37,250 --> 00:53:35,400
I did not think about that I did not

1331
00:53:40,430 --> 00:53:37,260
okay because this the fact of the matter

1332
00:53:43,790 --> 00:53:40,440
is facts scenes at any age for any human

1333
00:53:45,890 --> 00:53:43,800
are incredibly harsh to the gut they

1334
00:53:49,309 --> 00:53:45,900
kill off vast quantities of your gut

1335
00:53:51,650 --> 00:53:49,319
biome no matter what okay and so here's

1336
00:53:55,849 --> 00:53:51,660
here's a all right so I think Jordan

1337
00:53:58,609 --> 00:53:55,859
sather is not a very good thinker okay I

1338
00:54:00,890 --> 00:53:58,619

do not think he is smart I think he may

1339

00:54:03,349 --> 00:54:00,900

be able to grow intelligence if he lives

1340

00:54:05,210 --> 00:54:03,359

long enough but he's not there yet on

1341

00:54:07,250 --> 00:54:05,220

the other hand

1342

00:54:10,430 --> 00:54:07,260

I have to say things that will support

1343

00:54:14,210 --> 00:54:10,440

his position I have to say that there's

1344

00:54:16,970 --> 00:54:14,220

recent uh peer-reviewed evidence that a

1345

00:54:20,630 --> 00:54:16,980

large percentage a very large percentage

1346

00:54:23,990 --> 00:54:20,640

of existent polio cases in the world

1347

00:54:26,750 --> 00:54:24,000

today are the result of the vaccine not

1348

00:54:29,089 --> 00:54:26,760

native Polio I have to state that the

1349

00:54:31,430 --> 00:54:29,099

sock vaccine was introduced in the polio

1350

00:54:35,030 --> 00:54:31,440

epidemic in the 1950s in the United

1351

00:54:36,650 --> 00:54:35,040

States at the last 18 of that epidemic

1352

00:54:39,230 --> 00:54:36,660

it was dying anyway it was coming out

1353

00:54:41,809 --> 00:54:39,240

anyway and they used the fact that the

1354

00:54:44,870 --> 00:54:41,819

epidemic trailed off to build the

1355

00:54:48,650 --> 00:54:44,880

vaccine industry on bogus data there was

1356

00:54:52,309 --> 00:54:48,660

no in fact the salt vaccine created more

1357

00:54:54,109 --> 00:54:52,319

cases of death 20 years past its

1358

00:54:55,309 --> 00:54:54,119

effective use you know as you aged

1359

00:54:57,349 --> 00:54:55,319

you've got all kinds of people showing

1360

00:55:01,370 --> 00:54:57,359

up with problems from the salt vaccine

1361

00:55:05,930 --> 00:55:01,380

and so I do not accept vaccines as a as

1362

00:55:08,569 --> 00:55:05,940

a needful regular presumed as a

1363

00:55:10,730 --> 00:55:08,579

qualified Health thing they are presumed

1364

00:55:13,790 --> 00:55:10,740

to be helpful but there is in my mind

1365

00:55:16,609 --> 00:55:13,800

there is no evidence that vaccines as we

1366

00:55:18,650 --> 00:55:16,619

have them now are in fact healthful at

1367

00:55:20,270 --> 00:55:18,660

all and if I had a child I would do

1368

00:55:23,450 --> 00:55:20,280

everything to prevent them from being

1369

00:55:26,390 --> 00:55:23,460

ever vaccinated now I say this because I

1370

00:55:29,390 --> 00:55:26,400

was a military brat as a military brat I

1371

00:55:31,910 --> 00:55:29,400

was given seven doses of the Salk

1372

00:55:34,670 --> 00:55:31,920

vaccine seven because of my medical

1373

00:55:36,230 --> 00:55:34,680

records and and so we'd get a dose in

1374

00:55:37,609 --> 00:55:36,240

one place we'd move to another place and

1375

00:55:38,750 --> 00:55:37,619

I'd get another dose in another school

1376

00:55:40,970 --> 00:55:38,760

because we didn't have our medical

1377

00:55:43,250 --> 00:55:40,980

records there and they had to vaccinate

1378

00:55:45,109 --> 00:55:43,260

they had to it was desperate and I'd

1379

00:55:47,510 --> 00:55:45,119

been vaccinated seven times with that

1380

00:55:49,430 --> 00:55:47,520

stuff I got vaccinations and I got sugar

1381

00:55:51,410 --> 00:55:49,440

cube [h__h] from the military that we

1382

00:55:53,690 --> 00:55:51,420

still don't know what it was even after

1383

00:55:56,270 --> 00:55:53,700

examining our records and so on they

1384

00:55:58,370 --> 00:55:56,280

used us like experimental Lab Rats I had

1385

00:56:00,890 --> 00:55:58,380

so many of my contemporaries that were

1386

00:56:02,510 --> 00:56:00,900

my military brat friends that I would

1387

00:56:05,390 --> 00:56:02,520

see in all these various different bases

1388

00:56:08,329 --> 00:56:05,400

who all died of cancer to Young

1389

00:56:12,049 --> 00:56:08,339

I'm presuming that we were all some form

1390

00:56:14,750 --> 00:56:12,059

of um experimental Lab Rat and so no I'm

1391

00:56:17,150 --> 00:56:14,760

sorry guy I have to take an anti-vaxxer

1392

00:56:19,849 --> 00:56:17,160

Viewpoint in spite of the fact that butt

1393

00:56:22,370 --> 00:56:19,859

heads like Jordan sather are also on the

1394

00:56:24,170 --> 00:56:22,380

same side of that I have to still argue

1395

00:56:24,910 --> 00:56:24,180

that position and it annoys the crap on

1396

00:56:29,450 --> 00:56:24,920

them

1397

00:56:31,690 --> 00:56:29,460

well I'm very suspect of of the number

1398

00:56:34,130 --> 00:56:31,700

number when you look into autism

1399

00:56:36,170 --> 00:56:34,140

especially when you have a child you

1400

00:56:39,109 --> 00:56:36,180

know you want to find some reason so I

1401
00:56:41,210 --> 00:56:39,119
went to down all those rabbit holes and

1402
00:56:43,010 --> 00:56:41,220
and the just the craziest thing about

1403
00:56:45,410 --> 00:56:43,020
autism is it's been a worldwide

1404
00:56:48,290 --> 00:56:45,420
explosion and epidemic

1405
00:56:50,089 --> 00:56:48,300
of it rising over the past

1406
00:56:53,510 --> 00:56:50,099
20 30 years

1407
00:56:55,130 --> 00:56:53,520
you know just just the amount of

1408
00:56:57,530 --> 00:56:55,140
children that are being diagnosed right

1409
00:57:01,309 --> 00:56:57,540
right but you know why you know why

1410
00:57:04,549 --> 00:57:01,319
because 20 years before that there was

1411
00:57:07,309 --> 00:57:04,559
the big push globally for vaccines so

1412
00:57:09,770 --> 00:57:07,319
all of those women were were vaccinated

1413
00:57:11,930 --> 00:57:09,780

20 years before they gave birth to kids

1414

00:57:15,049 --> 00:57:11,940

in 25 years before they gave birth to

1415

00:57:17,569 --> 00:57:15,059

kids that had autism yeah I think I

1416

00:57:20,089 --> 00:57:17,579

think it's a generational issue factor

1417

00:57:22,309 --> 00:57:20,099

that could very well be it because I I

1418

00:57:24,770 --> 00:57:22,319

like big data I love big macro things

1419

00:57:27,290 --> 00:57:24,780

and many times correlations are not

1420

00:57:29,030 --> 00:57:27,300

causation proof but many times they

1421

00:57:31,250 --> 00:57:29,040

point you at trends that you can take

1422

00:57:32,630 --> 00:57:31,260

advantage of right and so here's the

1423

00:57:36,109 --> 00:57:32,640

trend that you personally can take

1424

00:57:39,829 --> 00:57:36,119

advantage of in Russia now they've got

1425

00:57:42,049 --> 00:57:39,839

uh the production of um peptides down to

1426
00:57:44,870 --> 00:57:42,059
science and they've had to do it because

1427
00:57:47,510 --> 00:57:44,880
they were our country restricted them

1428
00:57:49,970 --> 00:57:47,520
from getting access to medicines uh at

1429
00:57:51,890 --> 00:57:49,980
the time of the the Soviet Union and

1430
00:57:53,270 --> 00:57:51,900
then when the Soviet Union collapsed it

1431
00:57:55,069 --> 00:57:53,280
was chaos and they didn't have medicine

1432
00:57:57,170 --> 00:57:55,079
so they concentrated on homegrown

1433
00:58:00,109 --> 00:57:57,180
approach to things turns out that there

1434
00:58:02,210 --> 00:58:00,119
is a whole series of nootropic peptides

1435
00:58:04,910 --> 00:58:02,220
now peptides are short chain molecules

1436
00:58:06,890 --> 00:58:04,920
that can be used to build proteins in

1437
00:58:09,170 --> 00:58:06,900
your body but also are known as

1438
00:58:11,150 --> 00:58:09,180

signaling molecules these signaling

1439

00:58:13,370 --> 00:58:11,160

molecules go and fit in little grooves

1440

00:58:16,730 --> 00:58:13,380

in you here and there and cause whole

1441

00:58:19,790 --> 00:58:16,740

body systems to turn on that or turn off

1442

00:58:22,490 --> 00:58:19,800

that had been inappropriately on or off

1443

00:58:24,890 --> 00:58:22,500

and the short chain molecules are very

1444

00:58:27,049 --> 00:58:24,900

interesting as a peptide because here's

1445

00:58:28,549 --> 00:58:27,059

the way they work say that I'm a

1446

00:58:31,010 --> 00:58:28,559

particular size and everything and I've

1447

00:58:33,109 --> 00:58:31,020

got um let's just say my kidneys don't

1448

00:58:35,450 --> 00:58:33,119

work well okay there's some aspect of my

1449

00:58:36,309 --> 00:58:35,460

kidneys that are falling off given my

1450

00:58:40,430 --> 00:58:36,319

age

1451

00:58:43,130 --> 00:58:40,440

well it may be that I'm I need 1200

1452

00:58:45,770 --> 00:58:43,140

peptides a day to of this particular

1453

00:58:48,289 --> 00:58:45,780

kind to get my kidneys to function

1454

00:58:51,349 --> 00:58:48,299

really really really well and over time

1455

00:58:54,170 --> 00:58:51,359

as my digestion Fades is the ability to

1456

00:58:58,010 --> 00:58:54,180

absorb this stuff Aid uh Fades away and

1457

00:59:00,049 --> 00:58:58,020

as the diets lose these things in them I

1458

00:59:02,569 --> 00:59:00,059

don't get those 1200 and maybe I'm only

1459

00:59:04,849 --> 00:59:02,579

getting 600 or 800 but as soon as I get

1460

00:59:06,589 --> 00:59:04,859

1200 boom my kidneys turned back on

1461

00:59:08,930 --> 00:59:06,599

again and I'm peeing like a racehorse

1462

00:59:10,849 --> 00:59:08,940

that kind of thing right so peptides are

1463

00:59:13,430 --> 00:59:10,859

signaling molecules you need to have

1464

00:59:15,530 --> 00:59:13,440

that threshold crossed whatever it is in

1465

00:59:17,870 --> 00:59:15,540

your body with these peptides in order

1466

00:59:19,789 --> 00:59:17,880

for these things to work but here's

1467

00:59:21,650 --> 00:59:19,799

something about that there's peptides

1468

00:59:24,650 --> 00:59:21,660

for kidneys there's peptides for bones

1469

00:59:28,010 --> 00:59:24,660

for skin for ligament for heart for

1470

00:59:31,730 --> 00:59:28,020

veins for circulation for blood and for

1471

00:59:35,450 --> 00:59:31,740

brain now what I want to say is

1472

00:59:37,010 --> 00:59:35,460

not backed by science okay but there's

1473

00:59:39,049 --> 00:59:37,020

there is something I can say that is

1474

00:59:41,210 --> 00:59:39,059

backed by science peptides can't hurt

1475

00:59:42,829 --> 00:59:41,220

you if you don't get any benefit if

1476

00:59:44,450 --> 00:59:42,839

you've already got the 1200 kidney

1477

00:59:46,490 --> 00:59:44,460

peptides you need and your kidneys are

1478

00:59:48,770 --> 00:59:46,500

failing for some other reason peptides

1479

00:59:49,789 --> 00:59:48,780

are not going to Aid your kidneys but

1480

00:59:51,710 --> 00:59:49,799

they're not going to hurt them either

1481

00:59:53,329 --> 00:59:51,720

you can take peptides and you just don't

1482

00:59:56,150 --> 00:59:53,339

get any effect out of them is the way it

1483

00:59:57,829 --> 00:59:56,160

works right and so so they are naturally

1484

00:59:59,569 --> 00:59:57,839

occurring substances in your body

1485

01:00:02,270 --> 00:59:59,579

they're derived they're not vegan

1486

01:00:05,270 --> 01:00:02,280

they're derived from the uh animal parts

1487

01:00:07,970 --> 01:00:05,280

uh in the in the beef industry and so on

1488

01:00:10,370 --> 01:00:07,980

in Russia they don't have any GMO which

1489

01:00:13,730 --> 01:00:10,380

is why I get my peptides from them but

1490

01:00:15,470 --> 01:00:13,740

it is true that some people and you'll

1491

01:00:17,450 --> 01:00:15,480

have to go and investigate it and look

1492

01:00:19,130 --> 01:00:17,460

online it's there's a lot of it in

1493

01:00:22,130 --> 01:00:19,140

Russia and I know it I've seen a lot of

1494

01:00:24,589 --> 01:00:22,140

it in the Russian forums but people with

1495

01:00:28,010 --> 01:00:24,599

Autism or children with autism are

1496

01:00:30,829 --> 01:00:28,020

having some positive effects with some

1497

01:00:33,170 --> 01:00:30,839

of these peptides for the brain and for

1498

01:00:35,870 --> 01:00:33,180

the gut okay because there's peptides

1499

01:00:38,809 --> 01:00:35,880

for the stomach now I had colon cancer

1500

01:00:41,150 --> 01:00:38,819

and I can say that stomachort the

1501
01:00:44,150 --> 01:00:41,160
Russian peptide for the stomach and for

1502
01:00:48,069 --> 01:00:44,160
the bowels and stuff is an incredible

1503
01:00:50,510 --> 01:00:48,079
substance and it is uh was very greatly

1504
01:00:53,150 --> 01:00:50,520
uh effective in me and very well

1505
01:00:56,930 --> 01:00:53,160
received I've also used the nootropic

1506
01:00:59,530 --> 01:00:56,940
I'm talking about uh Sarah Luton uh as a

1507
01:01:02,270 --> 01:00:59,540
nootropic but the sir Luton peptide

1508
01:01:03,890 --> 01:01:02,280
which aids your body and your brain in

1509
01:01:05,809 --> 01:01:03,900
all different kinds of ways by signaling

1510
01:01:07,670 --> 01:01:05,819
all these processes to come into place

1511
01:01:11,750 --> 01:01:07,680
is in fact

1512
01:01:14,030 --> 01:01:11,760
seemingly showing some benefits in some

1513
01:01:16,730 --> 01:01:14,040

cases of autism and the good news is

1514

01:01:19,849 --> 01:01:16,740

unlike Jordan sather with his bleach up

1515

01:01:21,410 --> 01:01:19,859

the butt [h__h] uh you know you're not

1516

01:01:24,349 --> 01:01:21,420

going to be harmed by it you can give

1517

01:01:26,329 --> 01:01:24,359

these to your kids safely and see if

1518

01:01:28,430 --> 01:01:26,339

there's a response assuming that they

1519

01:01:29,870 --> 01:01:28,440

have got you know the ability to digest

1520

01:01:32,510 --> 01:01:29,880

it and so on and that's where I think

1521

01:01:34,069 --> 01:01:32,520

everybody with autism needs to start I'm

1522

01:01:35,870 --> 01:01:34,079

very lucky my son doesn't have any

1523

01:01:37,910 --> 01:01:35,880

digestive issues and he eats like a

1524

01:01:39,589 --> 01:01:37,920

horse and a lot of autistic kids won't

1525

01:01:41,809 --> 01:01:39,599

eat they won't they will only eat

1526

01:01:44,329 --> 01:01:41,819

certain things well my son eats anything

1527

01:01:45,589 --> 01:01:44,339

you put in front he is like yeah what's

1528

01:01:48,470 --> 01:01:45,599

a sleep like

1529

01:01:50,150 --> 01:01:48,480

uh yeah he sleeps pretty regularly you

1530

01:01:53,390 --> 01:01:50,160

know I guess he's

1531

01:01:55,370 --> 01:01:53,400

in bed by nine and up by seven you know

1532

01:01:57,710 --> 01:01:55,380

no problem going to sleep none of the

1533

01:01:59,150 --> 01:01:57,720

sensory uh overload issues oh no he

1534

01:02:01,849 --> 01:01:59,160

definitely has the sensory overload

1535

01:02:03,770 --> 01:02:01,859

issues issue I we uh you know it took a

1536

01:02:05,270 --> 01:02:03,780

long time you learn as a parent how to

1537

01:02:06,890 --> 01:02:05,280

deal with them like crowds he can't

1538

01:02:09,170 --> 01:02:06,900

really do crowds because there's too

1539

01:02:11,030 --> 01:02:09,180

much yeah see I have that too much

1540

01:02:12,650 --> 01:02:11,040

there's too much sensory input going on

1541

01:02:14,510 --> 01:02:12,660

at once and he does things like hold his

1542

01:02:16,010 --> 01:02:14,520

hands over his ears and that's a tell me

1543

01:02:18,710 --> 01:02:16,020

to know that he's overwhelmed to get him

1544

01:02:21,109 --> 01:02:18,720

out of there and then let me have

1545

01:02:24,589 --> 01:02:21,119

separate issues with not having enough

1546

01:02:27,829 --> 01:02:24,599

so essentially yeah sure okay let me let

1547

01:02:30,950 --> 01:02:27,839

me uh let me say that that's a frequent

1548

01:02:33,890 --> 01:02:30,960

uh aspect especially in the end of your

1549

01:02:35,809 --> 01:02:33,900

life as a schizophrenic and so my uh

1550

01:02:37,190 --> 01:02:35,819

both my mother and my brother suffered

1551

01:02:42,230 --> 01:02:37,200

the

1552

01:02:45,349 --> 01:02:42,240

um uh oscillation with a sensory input

1553

01:02:46,910 --> 01:02:45,359

through their last years very greatly

1554

01:02:49,190 --> 01:02:46,920

and I didn't understand what was going

1555

01:02:51,170 --> 01:02:49,200

on there I suffered it as I was dying

1556

01:02:53,510 --> 01:02:51,180

from cancer and finally figured out what

1557

01:02:56,150 --> 01:02:53,520

it was for me and it made a difference

1558

01:02:58,490 --> 01:02:56,160

but since I had the cancer and came out

1559

01:02:59,569 --> 01:02:58,500

of it and discovered the peptides a lot

1560

01:03:03,710 --> 01:02:59,579

of my

1561

01:03:08,329 --> 01:03:03,720

uh anxiety and sensory issues from the

1562

01:03:10,370 --> 01:03:08,339

schizophrenic genes has been removed by

1563

01:03:12,650 --> 01:03:10,380

taking the Sarah Luton and the the

1564

01:03:13,549 --> 01:03:12,660

peptides are interesting okay because as

1565

01:03:16,130 --> 01:03:13,559

an adult

1566

01:03:17,930 --> 01:03:16,140

aging fellow I just need to get maxed

1567

01:03:20,329 --> 01:03:17,940

out over a 30-day period of time and

1568

01:03:23,089 --> 01:03:20,339

then I only need to keep it uh pumped up

1569

01:03:25,789 --> 01:03:23,099

every three months taking it every for

1570

01:03:29,569 --> 01:03:25,799

10 days as a child you take a very small

1571

01:03:32,750 --> 01:03:29,579

amount uh continuously for years or

1572

01:03:34,549 --> 01:03:32,760

until as needed right and so you don't

1573

01:03:36,109 --> 01:03:34,559

have but the peptides can be used either

1574

01:03:38,089 --> 01:03:36,119

way you can take them continuously or

1575

01:03:41,210 --> 01:03:38,099

whatever but I was shocked to find that

1576

01:03:44,089 --> 01:03:41,220

my my anxiety that I've lived with for

1577

01:03:46,309 --> 01:03:44,099

67 years as an inherent part of being a

1578

01:03:48,530 --> 01:03:46,319

paranoid schizophrenic was taken away by

1579

01:03:50,930 --> 01:03:48,540

Sarah Lewton by simply taking this

1580

01:03:53,270 --> 01:03:50,940

peptide now I've done other things to

1581

01:03:54,890 --> 01:03:53,280

Aid that I found that with Sarah losing

1582

01:03:59,030 --> 01:03:54,900

all the peptides work better if I keep

1583

01:04:00,829 --> 01:03:59,040

my B3 B6 and niacin up to where they

1584

01:04:03,010 --> 01:04:00,839

should be so there's some kind of

1585

01:04:06,829 --> 01:04:03,020

interaction there just as I know

1586

01:04:08,990 --> 01:04:06,839

fenbendazole the cancer killer drug par

1587

01:04:10,670 --> 01:04:09,000

Excellence does not do squat for you

1588

01:04:12,470 --> 01:04:10,680

unless your vitamins are at maximal

1589

01:04:14,870 --> 01:04:12,480

level and if you'll take those cancer

1590

01:04:16,730 --> 01:04:14,880

can never ever exist within you as long

1591

01:04:19,309 --> 01:04:16,740

as you're taking the fenbendazole and

1592

01:04:21,230 --> 01:04:19,319

they have your vitamins up so so there's

1593

01:04:22,609 --> 01:04:21,240

there are these weird connections all

1594

01:04:24,230 --> 01:04:22,619

the way through this sort of thing at

1595

01:04:25,849 --> 01:04:24,240

the moment I didn't want to get involved

1596

01:04:27,589 --> 01:04:25,859

didn't want to become a biochemist and

1597

01:04:29,990 --> 01:04:27,599

all of that so I've sort of stopped

1598

01:04:32,630 --> 01:04:30,000

myself where I'm at because basically

1599

01:04:34,609 --> 01:04:32,640

I've been able to achieve a healthy

1600

01:04:35,870 --> 01:04:34,619

state but along the way I learned quite

1601

01:04:38,809 --> 01:04:35,880

a bit about

1602

01:04:40,130 --> 01:04:38,819

um uh what's being effectively used in

1603

01:04:41,930 --> 01:04:40,140

various different places around the

1604

01:04:44,569 --> 01:04:41,940

world for autism not that I care to

1605

01:04:46,430 --> 01:04:44,579

speak about it much and would only have

1606

01:04:48,710 --> 01:04:46,440

and have only spoken to you about it

1607

01:04:52,370 --> 01:04:48,720

because of your personal issues with it

1608

01:04:54,890 --> 01:04:52,380

right I I ask I ask a lot of learned

1609

01:04:56,569 --> 01:04:54,900

intelligent people if they know or have

1610

01:04:58,910 --> 01:04:56,579

heard anything and then I'll go

1611

01:05:01,309 --> 01:04:58,920

I will certainly go look into all of

1612

01:05:03,470 --> 01:05:01,319

this stuff because uh you know it's

1613

01:05:04,789 --> 01:05:03,480

really uh it's really a rough thing if I

1614

01:05:06,770 --> 01:05:04,799

can have one wish in the world it would

1615

01:05:08,390 --> 01:05:06,780

be to cure him of that or to at least

1616

01:05:10,069 --> 01:05:08,400

improve his quality of life because

1617

01:05:13,190 --> 01:05:10,079

imagine a world where you can't even

1618

01:05:15,710 --> 01:05:13,200

speak you know sure and lately we've

1619

01:05:17,390 --> 01:05:15,720

been uh making a lot of progress though

1620

01:05:20,809 --> 01:05:17,400

so I'm feeling a lot more positive we're

1621

01:05:23,210 --> 01:05:20,819

I'm slowly slowly teaching him uh sign

1622

01:05:25,789 --> 01:05:23,220

language and that's changed a lot of

1623

01:05:28,910 --> 01:05:25,799

things he's only you know he asked he he

1624

01:05:30,890 --> 01:05:28,920

knows thank you play a few other signs

1625

01:05:33,710 --> 01:05:30,900

but at least there's some communication

1626
01:05:37,010 --> 01:05:33,720
going on now more so than it was you

1627
01:05:38,870 --> 01:05:37,020
know oh man that's that's rough I went

1628
01:05:40,910 --> 01:05:38,880
through the uh you know a

1629
01:05:43,910 --> 01:05:40,920
correspondingly emotionally draining

1630
01:05:45,950 --> 01:05:43,920
situation caring for my brother uh

1631
01:05:48,230 --> 01:05:45,960
because you know he's a totally

1632
01:05:49,789 --> 01:05:48,240
non-functional so I cared for him all of

1633
01:05:51,470 --> 01:05:49,799
his life

1634
01:05:53,450 --> 01:05:51,480
um

1635
01:05:56,210 --> 01:05:53,460
there is no

1636
01:05:58,130 --> 01:05:56,220
uh

1637
01:06:01,569 --> 01:05:58,140
in my opinion there's no greater

1638
01:06:04,309 --> 01:06:01,579

satisfaction and no greater curse

1639

01:06:06,349 --> 01:06:04,319

yeah yeah I mean you're right I gotta I

1640

01:06:08,329 --> 01:06:06,359

had to uh I had to change a lot of

1641

01:06:11,329 --> 01:06:08,339

things because it was like somebody had

1642

01:06:13,789 --> 01:06:11,339

to take care of him he needs 24 7 you

1643

01:06:15,770 --> 01:06:13,799

know care while he's not at school but

1644

01:06:17,390 --> 01:06:15,780

we have excellent help and counselors

1645

01:06:19,609 --> 01:06:17,400

and my wife's taking him to this thing

1646

01:06:21,829 --> 01:06:19,619

called theraplay three times a week we

1647

01:06:23,930 --> 01:06:21,839

just try to keep him keep his quality of

1648

01:06:27,230 --> 01:06:23,940

life up keep him engaged interested in

1649

01:06:29,690 --> 01:06:27,240

making slow slow steady progress right

1650

01:06:31,849 --> 01:06:29,700

well this is why I mean it is exactly

1651

01:06:34,490 --> 01:06:31,859

this kind of a situation in my

1652

01:06:36,650 --> 01:06:34,500

empathetic nature to things uh that

1653

01:06:39,109 --> 01:06:36,660

makes me so [h__h] pissed at Jordan say

1654

01:06:41,329 --> 01:06:39,119

they're in that autism stuff yeah I some

1655

01:06:43,190 --> 01:06:41,339

you know someday I hope that I get to

1656

01:06:45,650 --> 01:06:43,200

talk to him and I want to tell him you

1657

01:06:47,630 --> 01:06:45,660

come and stay with me for a week and you

1658

01:06:49,370 --> 01:06:47,640

experience what it's like to care for an

1659

01:06:51,529 --> 01:06:49,380

autistic child before you ever again

1660

01:06:54,230 --> 01:06:51,539

open your mouth about autism

1661

01:06:56,150 --> 01:06:54,240

and if you if he can do that then he

1662

01:06:58,190 --> 01:06:56,160

will at least have earned the right to

1663

01:06:59,809 --> 01:06:58,200

open his mouth about autism he doesn't

1664

01:07:01,069 --> 01:06:59,819

know anything about autism he doesn't

1665

01:07:02,569 --> 01:07:01,079

know anything about what it's like to

1666

01:07:05,329 --> 01:07:02,579

care for an autistic child he doesn't

1667

01:07:07,430 --> 01:07:05,339

know anything about you know autistic

1668

01:07:09,950 --> 01:07:07,440

children and and the struggles they face

1669

01:07:12,230 --> 01:07:09,960

so every time and he's not and he's not

1670

01:07:14,210 --> 01:07:12,240

critical enough or paranoid enough to

1671

01:07:17,329 --> 01:07:14,220

watch his mouth about the stuff he he

1672

01:07:20,089 --> 01:07:17,339

says yeah so he may believe that MMS

1673

01:07:23,150 --> 01:07:20,099

can't harm people but you know it's like

1674

01:07:25,789 --> 01:07:23,160

man this is a non-critical mind I could

1675

01:07:28,130 --> 01:07:25,799

not speak with him I'm I'm stupid and

1676

01:07:30,109 --> 01:07:28,140

hypocritical right doing some reading on

1677

01:07:31,450 --> 01:07:30,119

down syndrome and running around telling

1678

01:07:35,390 --> 01:07:31,460

parents

1679

01:07:37,309 --> 01:07:35,400

syndrome it's crazy it's crazy and you

1680

01:07:39,470 --> 01:07:37,319

know that's one thing I've I've noticed

1681

01:07:41,870 --> 01:07:39,480

that you've been sort of a harsh

1682

01:07:43,970 --> 01:07:41,880

proponent yeah harsh critic of some of

1683

01:07:47,029 --> 01:07:43,980

these guys

1684

01:07:49,549 --> 01:07:47,039

I like Wilcox and good and and the

1685

01:07:51,529 --> 01:07:49,559

sather and uh I don't know the crazy

1686

01:07:53,510 --> 01:07:51,539

from those guys lately is now it's

1687

01:07:55,430 --> 01:07:53,520

reaching Epic Proportions we've got

1688

01:07:57,109 --> 01:07:55,440

David Wilcox accusing a nursing home of

1689

01:07:59,870 --> 01:07:57,119

murder like nobody can call and check

1690

01:08:02,029 --> 01:07:59,880

and find out if that's true by the way I

1691

01:08:04,010 --> 01:08:02,039

called and checked that's not true and

1692

01:08:05,270 --> 01:08:04,020

you know there's so many things these

1693

01:08:07,510 --> 01:08:05,280

guys say it's like you know they're

1694

01:08:11,390 --> 01:08:07,520

lying because they open their mouths

1695

01:08:14,450 --> 01:08:11,400

but you know I mean I've been told that

1696

01:08:16,130 --> 01:08:14,460

uh the production staff at Gaia used to

1697

01:08:19,910 --> 01:08:16,140

deliberately do things so that you

1698

01:08:22,669 --> 01:08:19,920

wouldn't see uh when uh Wilcox was lying

1699

01:08:24,410 --> 01:08:22,679

because he blinks like a badger I mean

1700

01:08:26,749 --> 01:08:24,420

just because it just goes incredibly

1701

01:08:28,729 --> 01:08:26,759

fast on camera and so they used to have

1702

01:08:30,890 --> 01:08:28,739

to cut away yeah they have to edit that

1703

01:08:32,689 --> 01:08:30,900

out I guess yeah yeah oh and that's

1704

01:08:35,269 --> 01:08:32,699

something else I was also told that the

1705

01:08:39,110 --> 01:08:35,279

first few episodes of um Cosmic

1706

01:08:41,510 --> 01:08:39,120

disclosure left more on the editing

1707

01:08:43,249 --> 01:08:41,520

floor than actually made it in

1708

01:08:44,870 --> 01:08:43,259

yeah there's all kinds of stuff coming

1709

01:08:47,090 --> 01:08:44,880

out now that Jay Weiner's kind of coming

1710

01:08:49,490 --> 01:08:47,100

against those guys see he believes they

1711

01:08:51,650 --> 01:08:49,500

were lying and gave a lot of the insight

1712

01:08:53,390 --> 01:08:51,660

into like they just made up the last two

1713

01:08:55,070 --> 01:08:53,400

seasons but they made up the last well

1714

01:08:57,769 --> 01:08:55,080

see there's there's the problem is they

1715

01:09:01,189 --> 01:08:57,779

were stealing from me as early as 2013.

1716

01:09:03,709 --> 01:09:01,199

uh because I I have I have reason to

1717

01:09:05,749 --> 01:09:03,719

suspect that Corey had been getting

1718

01:09:07,130 --> 01:09:05,759

copies of my reports and he'd folded it

1719

01:09:08,870 --> 01:09:07,140

all into his narrative and that's what

1720

01:09:11,930 --> 01:09:08,880

caused my clean label poisoning over the

1721

01:09:13,309 --> 01:09:11,940

course of 2015 and 16 was that it was it

1722

01:09:15,169 --> 01:09:13,319

was okay when he was starting to just

1723

01:09:17,209 --> 01:09:15,179

when he was just melding off to the um

1724

01:09:19,729 --> 01:09:17,219

Project Avalon Forum guys because I

1725

01:09:22,070 --> 01:09:19,739

never take any of the woo-woo forums

1726

01:09:23,709 --> 01:09:22,080

into my data sets because they're just

1727

01:09:26,689 --> 01:09:23,719

too problematic

1728

01:09:28,849 --> 01:09:26,699

yeah so it's self-isolating and so it

1729

01:09:30,289 --> 01:09:28,859

was not a problem and then he got some

1730

01:09:32,090 --> 01:09:30,299

kind well then he got I know what

1731

01:09:34,370 --> 01:09:32,100

happened was he got involved with Gaia

1732

01:09:37,070 --> 01:09:34,380

and it filtered out into these areas

1733

01:09:40,669 --> 01:09:37,080

that I thought were

1734

01:09:42,229 --> 01:09:40,679

um relatively safe uh stable data sets

1735

01:09:45,229 --> 01:09:42,239

and I got the clean label poisoning out

1736

01:09:48,229 --> 01:09:45,239

of it and but he was actively uh

1737

01:09:51,470 --> 01:09:48,239

plagiarizing uh from my reports for

1738

01:09:53,570 --> 01:09:51,480

Cosmic disclosure and Jay and I would

1739

01:09:55,669 --> 01:09:53,580

have come to blows if he'd ever come to

1740

01:09:57,530 --> 01:09:55,679

this state I actually made a video in

1741

01:09:59,090 --> 01:09:57,540

which I called them all out and said I'm

1742

01:10:00,110 --> 01:09:59,100

going to beat the crap out of you if you

1743

01:10:01,669 --> 01:10:00,120

want to show up

1744

01:10:03,290 --> 01:10:01,679

and at that point they could have

1745

01:10:05,870 --> 01:10:03,300

probably taken me because the cancer was

1746

01:10:07,250 --> 01:10:05,880

fiercely raging in me but but now I

1747

01:10:09,110 --> 01:10:07,260

still have that same offer except for

1748

01:10:11,150 --> 01:10:09,120

Jay he's I wouldn't want to fight him

1749

01:10:14,030 --> 01:10:11,160

but I would certainly and we would make

1750

01:10:15,890 --> 01:10:14,040

a [h__h] ton of money on it uh to have

1751
01:10:17,510 --> 01:10:15,900
can you imagine a cage match where I

1752
01:10:19,130 --> 01:10:17,520
would fight both Corey and David

1753
01:10:21,950 --> 01:10:19,140
simultaneously

1754
01:10:23,330 --> 01:10:21,960
yeah and I'm not talking I'm not talking

1755
01:10:24,890 --> 01:10:23,340
um you know mental I'm talking a

1756
01:10:26,630 --> 01:10:24,900
physical thing here in the state of

1757
01:10:28,910 --> 01:10:26,640
Washington whereas once I knock them

1758
01:10:30,649 --> 01:10:28,920
down they stay down I don't think that's

1759
01:10:33,770 --> 01:10:30,659
going to happen but you know I did want

1760
01:10:36,890 --> 01:10:33,780
to tell you something uh

1761
01:10:39,350 --> 01:10:36,900
really delicately let's just say that I

1762
01:10:41,990 --> 01:10:39,360
had a conversation with somebody that is

1763
01:10:45,530 --> 01:10:42,000

in that camp and does conferences with

1764

01:10:48,229 --> 01:10:45,540

with uh with these clowns and some

1765

01:10:50,649 --> 01:10:48,239

somebody actually Corey good sent

1766

01:10:55,070 --> 01:10:50,659

somebody to record

1767

01:10:57,229 --> 01:10:55,080

their significant other and the content

1768

01:10:58,550 --> 01:10:57,239

of the conversation is what do you think

1769

01:11:00,770 --> 01:10:58,560

of Cliff High

1770

01:11:02,750 --> 01:11:00,780

are you friends with him you know he's

1771

01:11:06,649 --> 01:11:02,760

against Corey right and then took that

1772

01:11:09,410 --> 01:11:06,659

recording they recorded it and then they

1773

01:11:11,570 --> 01:11:09,420

took the recording back to Corey good

1774

01:11:13,729 --> 01:11:11,580

and then Cory good listened to it and

1775

01:11:15,350 --> 01:11:13,739

then he went to the person and said you

1776

01:11:16,970 --> 01:11:15,360

know that this person that you're

1777

01:11:18,649 --> 01:11:16,980

bringing to these conferences is a

1778

01:11:20,390 --> 01:11:18,659

member of the dark Alliance and they're

1779

01:11:23,030 --> 01:11:20,400

friends with Cliff High

1780

01:11:25,790 --> 01:11:23,040

you know you gotta do something about

1781

01:11:27,649 --> 01:11:25,800

this it's the level of crazy with these

1782

01:11:29,390 --> 01:11:27,659

people is just crazy and you know

1783

01:11:31,250 --> 01:11:29,400

everybody's out to get them the

1784

01:11:32,810 --> 01:11:31,260

government's trying to kill them I mean

1785

01:11:34,550 --> 01:11:32,820

if the government wanted your dad you'd

1786

01:11:35,870 --> 01:11:34,560

be dead there would not be failed yes

1787

01:11:37,550 --> 01:11:35,880

yeah my dad worked for the government

1788

01:11:39,590 --> 01:11:37,560

they're not important they don't even

1789

01:11:41,390 --> 01:11:39,600

know who these people are you know no

1790

01:11:43,370 --> 01:11:41,400

that's not true okay so there's there's

1791

01:11:45,830 --> 01:11:43,380

something we need to again I I need to

1792

01:11:47,209 --> 01:11:45,840

be pedantic and get I happen to know

1793

01:11:48,709 --> 01:11:47,219

that there are in fact are government

1794

01:11:51,290 --> 01:11:48,719

people that know exactly what the hell

1795

01:11:53,450 --> 01:11:51,300

is going on in the world so for instance

1796

01:11:56,390 --> 01:11:53,460

recently the Trump Administration has

1797

01:11:58,669 --> 01:11:56,400

requested documents on Sean David Morton

1798

01:12:02,390 --> 01:11:58,679

not by his admission although he does

1799

01:12:03,830 --> 01:12:02,400

admit that on his uh infrequent blog I

1800

01:12:06,590 --> 01:12:03,840

happen to know it from the sources

1801
01:12:09,169 --> 01:12:06,600
because I had been involved uh

1802
01:12:10,550 --> 01:12:09,179
peripherally as a expert witness for the

1803
01:12:13,970 --> 01:12:10,560
government okay and some information

1804
01:12:16,010 --> 01:12:13,980
just came out to my uh understanding and

1805
01:12:17,750 --> 01:12:16,020
so no so they do know about David

1806
01:12:19,130 --> 01:12:17,760
Wilcock and they do know about Corey

1807
01:12:21,470 --> 01:12:19,140
good and stuff right you're probably

1808
01:12:25,430 --> 01:12:21,480
right okay but they just hasn't risen to

1809
01:12:28,250 --> 01:12:25,440
the level that anybody as I was told

1810
01:12:29,630 --> 01:12:28,260
uh by a person in law enforcement at a

1811
01:12:32,149 --> 01:12:29,640
federal level

1812
01:12:34,790 --> 01:12:32,159
it's not our jurisdiction and we can't

1813
01:12:37,370 --> 01:12:34,800

figure out whose it is so we're just not

1814

01:12:40,430 --> 01:12:37,380

doing anything yeah because actually

1815

01:12:42,649 --> 01:12:40,440

that's what they said there has been I

1816

01:12:44,330 --> 01:12:42,659

believe there is ample and and

1817

01:12:46,490 --> 01:12:44,340

substantial evidence of criminal

1818

01:12:48,050 --> 01:12:46,500

activity from some of these people and

1819

01:12:50,990 --> 01:12:48,060

everybody's like well why isn't anybody

1820

01:12:53,030 --> 01:12:51,000

doing anything about the

1821

01:12:55,370 --> 01:12:53,040

and there are referrals okay so there

1822

01:12:56,810 --> 01:12:55,380

are referrals for investigation whether

1823

01:12:59,110 --> 01:12:56,820

or not it rises to the point of

1824

01:13:01,669 --> 01:12:59,120

prosecution it has to cross to certain

1825

01:13:03,649 --> 01:13:01,679

monetary value so here I'll tell you

1826

01:13:06,649 --> 01:13:03,659

something that that is it was it was

1827

01:13:10,130 --> 01:13:06,659

kind of a shock to me uh we moved out

1828

01:13:12,950 --> 01:13:10,140

here to the beach uh and like six months

1829

01:13:15,470 --> 01:13:12,960

later I had the crises five months later

1830

01:13:18,950 --> 01:13:15,480

I had the cray season died on July 13th

1831

01:13:21,830 --> 01:13:18,960

okay and so with the cancer removal but

1832

01:13:25,130 --> 01:13:21,840

in that period of time do you mean you

1833

01:13:27,770 --> 01:13:25,140

flatlined yeah on the on the on the way

1834

01:13:29,990 --> 01:13:27,780

in WoW uh it was the last day I knew I

1835

01:13:32,030 --> 01:13:30,000

was going to die see I I had to I knew I

1836

01:13:35,510 --> 01:13:32,040

was dying I was 30 years with a cancer

1837

01:13:37,010 --> 01:13:35,520

undiagnosed and increasingly dying of

1838

01:13:39,830 --> 01:13:37,020

cancer getting worse and worse and worse

1839

01:13:42,290 --> 01:13:39,840

I figured I would last until 2017 I made

1840

01:13:44,870 --> 01:13:42,300

it an extra year by altering my diet

1841

01:13:46,610 --> 01:13:44,880

radically and doing certain things all

1842

01:13:49,189 --> 01:13:46,620

the while this giant cancer was still

1843

01:13:50,810 --> 01:13:49,199

undiagnosed by the [h__h] alepas even

1844

01:13:53,570 --> 01:13:50,820

though I was reporting absolutely

1845

01:13:55,370 --> 01:13:53,580

classic uh colon cancer symptoms to

1846

01:13:57,530 --> 01:13:55,380

every one of them could that even be

1847

01:13:59,270 --> 01:13:57,540

found just with a blood test now

1848

01:14:01,250 --> 01:13:59,280

you can get blood tests they don't rely

1849

01:14:03,470 --> 01:14:01,260

on it oh okay they they won't treat

1850

01:14:05,870 --> 01:14:03,480

cancers they can't see is that's why I

1851

01:14:08,750 --> 01:14:05,880

fired my oncologist later in any event

1852

01:14:10,610 --> 01:14:08,760

though uh where was I going with that

1853

01:14:12,470 --> 01:14:10,620

oh you were you were talking about the

1854

01:14:14,750 --> 01:14:12,480

criminal investigations and things yeah

1855

01:14:15,470 --> 01:14:14,760

yeah okay so so

1856

01:14:18,229 --> 01:14:15,480

um

1857

01:14:20,870 --> 01:14:18,239

the it has to cross a certain level of

1858

01:14:23,630 --> 01:14:20,880

criminality and there has to be

1859

01:14:25,729 --> 01:14:23,640

basically at this stage it costs money

1860

01:14:27,290 --> 01:14:25,739

to prosecute costs a lot of money to

1861

01:14:28,490 --> 01:14:27,300

prosecute put someone in prison that

1862

01:14:30,410 --> 01:14:28,500

sort of thing it costs a lot of money

1863

01:14:33,229 --> 01:14:30,420

just to investigate these things correct

1864

01:14:34,669 --> 01:14:33,239

and and they have to have and so at some

1865

01:14:37,010 --> 01:14:34,679

point now because of the nature of our

1866

01:14:39,830 --> 01:14:37,020

system and the generalized

1867

01:14:41,450 --> 01:14:39,840

um drag of corruption on it all you've

1868

01:14:43,970 --> 01:14:41,460

got to find somebody in whose interest

1869

01:14:45,530 --> 01:14:43,980

it is to prosecute so you got to find a

1870

01:14:47,810 --> 01:14:45,540

prosecutor that is going to figure some

1871

01:14:49,790 --> 01:14:47,820

way for themselves to benefit from

1872

01:14:52,130 --> 01:14:49,800

Prosecuting these guys so you know

1873

01:14:54,169 --> 01:14:52,140

publicity or whatever right so in that

1874

01:14:57,110 --> 01:14:54,179

sense it may well happen if they

1875

01:14:59,209 --> 01:14:57,120

continue on in this particular path uh

1876

01:15:00,649 --> 01:14:59,219

because they have to escalate that's the

1877

01:15:03,649 --> 01:15:00,659

nature of where they're at look at how

1878

01:15:06,530 --> 01:15:03,659

Corey died in terms of his

1879

01:15:08,689 --> 01:15:06,540

um public presence once he stopped

1880

01:15:11,090 --> 01:15:08,699

coming up with new stuff it's because

1881

01:15:12,410 --> 01:15:11,100

that his whole gig and David's whole gig

1882

01:15:13,729 --> 01:15:12,420

no you know one of the things that's

1883

01:15:15,470 --> 01:15:13,739

great about that guy though is that

1884

01:15:17,990 --> 01:15:15,480

every time he needs new material he

1885

01:15:20,030 --> 01:15:18,000

suddenly has new recovered memories or

1886

01:15:21,890 --> 01:15:20,040

he goes to see the answer in the in the

1887

01:15:23,750 --> 01:15:21,900

middle of the Earth right right but you

1888

01:15:26,240 --> 01:15:23,760

know very few people are are getting

1889

01:15:26,390 --> 01:15:26,250

into any of that anymore we put a real

1890

01:15:27,470 --> 01:15:26,400

[Music]

1891

01:15:30,470 --> 01:15:27,480

um

1892

01:15:32,270 --> 01:15:30,480

uh focus on what they're saying I think

1893

01:15:34,250 --> 01:15:32,280

the tides are really turning and I sort

1894

01:15:38,330 --> 01:15:34,260

of make a joke about fact checking these

1895

01:15:40,610 --> 01:15:38,340

guys now and uh and it's just it's the

1896

01:15:43,010 --> 01:15:40,620

level at which they are willing to lie

1897

01:15:45,830 --> 01:15:43,020

thinking nobody can catch them is

1898

01:15:47,450 --> 01:15:45,840

absolutely ludicrous to me especially

1899

01:15:50,270 --> 01:15:47,460

Wilcox lately because he's making

1900

01:15:52,850 --> 01:15:50,280

statements like Pete Peterson was killed

1901

01:15:55,910 --> 01:15:52,860

in a nursing home there's a murder yeah

1902

01:15:57,950 --> 01:15:55,920

and you can call the nursing home folks

1903

01:15:59,930 --> 01:15:57,960

you can call the nurse if there's an

1904

01:16:01,850 --> 01:15:59,940

accidental injection there has to be

1905

01:16:04,250 --> 01:16:01,860

paperwork there has to be an

1906

01:16:06,530 --> 01:16:04,260

investigation they have to report it to

1907

01:16:09,770 --> 01:16:06,540

the Inspector General of Idaho I check

1908

01:16:13,010 --> 01:16:09,780

there too no reports I spoke with nurses

1909

01:16:14,270 --> 01:16:13,020

at the nursing station that took care of

1910

01:16:18,410 --> 01:16:14,280

this man

1911

01:16:20,390 --> 01:16:18,420

and they were shocked and you're saying

1912

01:16:21,470 --> 01:16:20,400

this who's saying that this guy was

1913

01:16:23,330 --> 01:16:21,480

murdered

1914

01:16:27,229 --> 01:16:23,340

it doesn't happen and also well also we

1915

01:16:30,649 --> 01:16:27,239

now know too that um uh David was uh

1916

01:16:32,810 --> 01:16:30,659

flat out lying about being able to be um

1917

01:16:35,209 --> 01:16:32,820

about his relationship with Pete because

1918

01:16:37,610 --> 01:16:35,219

during those last two years at least he

1919

01:16:39,649 --> 01:16:37,620

was under guardianship yes and I gotta

1920

01:16:42,290 --> 01:16:39,659

say that I'm the guy well one of the

1921

01:16:45,290 --> 01:16:42,300

guys who found that court case I have

1922

01:16:46,669 --> 01:16:45,300

filled out uh it's called a uh a form I

1923

01:16:49,250 --> 01:16:46,679

can't remember what it's called the

1924

01:16:51,590 --> 01:16:49,260

records of the guardianship that was

1925

01:16:54,229 --> 01:16:51,600

given to his sister are sealed records

1926

01:16:56,030 --> 01:16:54,239

they do that to protect you know people

1927

01:16:58,669 --> 01:16:56,040

that are mental yeah but we have to stop

1928

01:17:00,050 --> 01:16:58,679

it right now and acknowledge that that's

1929

01:17:01,550 --> 01:17:00,060

one of the hundred thousand sealed

1930

01:17:03,590 --> 01:17:01,560

indictments that David Wilcock is

1931

01:17:06,350 --> 01:17:03,600

counting on all right okay yeah

1932

01:17:09,530 --> 01:17:06,360

but the point being is yes he was under

1933

01:17:12,649 --> 01:17:09,540

the guardianship of his sister so for

1934

01:17:14,930 --> 01:17:12,659

David Wilcock to go and and record this

1935

01:17:15,709 --> 01:17:14,940

man saying yeah I got that GoFundMe

1936

01:17:18,350 --> 01:17:15,719

money

1937

01:17:19,970 --> 01:17:18,360

he should have went to the guardian

1938

01:17:22,130 --> 01:17:19,980

he should not have been discussing

1939

01:17:23,870 --> 01:17:22,140

anything Financial with a man who was

1940

01:17:26,570 --> 01:17:23,880

under a court-ordered guardianship

1941

01:17:28,490 --> 01:17:26,580

because he was mentally incapacitated

1942

01:17:30,590 --> 01:17:28,500

I believe that's a form of elder abuse

1943

01:17:33,110 --> 01:17:30,600

but I'm not I'm not a law enforcement

1944

01:17:35,149 --> 01:17:33,120

person but I do have to say that I'm

1945

01:17:38,750 --> 01:17:35,159

working on a video now where I'm going

1946

01:17:41,450 --> 01:17:38,760

to put so many citable sources

1947

01:17:44,330 --> 01:17:41,460

proving that Pete Peterson is a liar he

1948

01:17:46,430 --> 01:17:44,340

was a fraud and that Wilcox has been

1949

01:17:48,050 --> 01:17:46,440

selling his lies for years and years

1950

01:17:49,850 --> 01:17:48,060

there's books full of Peterson's lies

1951

01:17:51,649 --> 01:17:49,860

that Wilcox sells he gets paid at

1952

01:17:54,229 --> 01:17:51,659

conference appearances to sell Wilcox

1953

01:17:58,010 --> 01:17:54,239

lies he said that Peterson worked for

1954

01:17:59,630 --> 01:17:58,020

the CIA the DIA and the NSA Wilcox is so

1955

01:18:02,030 --> 01:17:59,640

stupid he doesn't realize you could go

1956

01:18:04,910 --> 01:18:02,040

right to cia.gov or whatever the website

1957

01:18:08,930 --> 01:18:04,920

is and verify employment I did that no

1958

01:18:12,110 --> 01:18:08,940

record foyer request to FBI I have that

1959

01:18:13,910 --> 01:18:12,120

under P Peterson's name Gary Peterson is

1960

01:18:14,990 --> 01:18:13,920

there any record of Pete Peterson no

1961

01:18:17,270 --> 01:18:15,000

there isn't

1962

01:18:19,250 --> 01:18:17,280

David Wilcox said that Peterson was an

1963

01:18:21,050 --> 01:18:19,260

advisor to Ronald Reagan I got very

1964

01:18:23,390 --> 01:18:21,060

friendly with the Ronald Reagan our cup

1965

01:18:25,790 --> 01:18:23,400

archivists at the library of Ronald

1966

01:18:27,770 --> 01:18:25,800

Reagan you know there's not a single

1967

01:18:29,570 --> 01:18:27,780

mention of this man and I have a

1968

01:18:32,149 --> 01:18:29,580

statement from an archivist which says

1969

01:18:34,130 --> 01:18:32,159

this man was never a science or

1970

01:18:36,169 --> 01:18:34,140

technology advisor there would be

1971

01:18:37,310 --> 01:18:36,179

thousands of Records in our database of

1972

01:18:41,530 --> 01:18:37,320

meetings

1973

01:18:44,270 --> 01:18:41,540

sure sure in fact uh White House logs

1974

01:18:45,530 --> 01:18:44,280

all the mundane things you know what he

1975

01:18:47,990 --> 01:18:45,540

had for lunch when he was talking to

1976

01:18:50,689 --> 01:18:48,000

Reagan Cliff I can't wait when I'm

1977

01:18:53,149 --> 01:18:50,699

finished this work that I'm doing I got

1978

01:18:55,669 --> 01:18:53,159

another week or so to keep digging I

1979

01:18:57,290 --> 01:18:55,679

want no stir Stone left unturned and

1980

01:18:59,330 --> 01:18:57,300

then I'm gonna I'm gonna put on Google

1981

01:19:01,490 --> 01:18:59,340

Drive all the documents the foyer

1982

01:19:05,149 --> 01:19:01,500

requests the the letters from the CIA

1983

01:19:07,070 --> 01:19:05,159

the NSA and the DEA or the DIA say no he

1984

01:19:09,590 --> 01:19:07,080

was never employed here I'm going to put

1985

01:19:11,750 --> 01:19:09,600

statements from the nurses at that

1986

01:19:14,330 --> 01:19:11,760

nursing home everything is going to come

1987

01:19:16,550 --> 01:19:14,340

out and then I want to see what he what

1988

01:19:18,410 --> 01:19:16,560

is David Wilcox going to do then because

1989

01:19:21,770 --> 01:19:18,420

he can say whatever he's going to say

1990

01:19:23,810 --> 01:19:21,780

but you can go after me I'm making a

1991

01:19:25,910 --> 01:19:23,820

point of anybody can go after my

1992

01:19:27,950 --> 01:19:25,920

research and verify that everything that

1993

01:19:29,990 --> 01:19:27,960

I have found every single thing that I

1994

01:19:31,550 --> 01:19:30,000

have found is accurate it's a factual

1995

01:19:34,010 --> 01:19:31,560

statement everything that I'm going to

1996

01:19:36,290 --> 01:19:34,020

say about Peterson the GoFundMe scheme

1997

01:19:38,390 --> 01:19:36,300

that's another point he keeps on harping

1998

01:19:41,709 --> 01:19:38,400

on this I didn't steal them money but

1999

01:19:45,110 --> 01:19:41,719

the the GoFundMe was under fraudulent

2000

01:19:46,970 --> 01:19:45,120

yeah it was a fraud I have an eyewitness

2001

01:19:48,649 --> 01:19:46,980

testimony that was there the day they

2002

01:19:51,290 --> 01:19:48,659

were cleaning out Pete Peterson's house

2003

01:19:54,110 --> 01:19:51,300

I have eyewitness reporting that and

2004

01:19:56,930 --> 01:19:54,120

Wilcox going into histrionics over yeah

2005

01:19:58,910 --> 01:19:56,940

uh you know the FBI gonna use bulldozers

2006

01:20:01,310 --> 01:19:58,920

and crush it all yeah and I talked to

2007

01:20:02,930 --> 01:20:01,320

the local police folks that was all lies

2008

01:20:06,229 --> 01:20:02,940

none of that ever happened the local

2009

01:20:07,970 --> 01:20:06,239

police are not very happy with Mr Wilcox

2010

01:20:10,250 --> 01:20:07,980

because he basically accused the local

2011

01:20:12,169 --> 01:20:10,260

police of illegal activity

2012

01:20:14,090 --> 01:20:12,179

that was that was the thing about the

2013

01:20:16,610 --> 01:20:14,100

FBI when I was talking to him too was

2014

01:20:18,890 --> 01:20:16,620

their their thing was

2015

01:20:21,229 --> 01:20:18,900

um it's not doing

2016

01:20:23,630 --> 01:20:21,239

it doesn't do anybody any good to tag us

2017

01:20:26,270 --> 01:20:23,640

on spurious [h__h] on Twitter yeah yeah

2018

01:20:27,729 --> 01:20:26,280

well I'm reporting it to the FBI because

2019

01:20:31,070 --> 01:20:27,739

I added them

2020

01:20:34,729 --> 01:20:31,080

right right right and all it does is you

2021

01:20:39,229 --> 01:20:37,669

yeah I gotta tell you I just for your

2022

01:20:42,350 --> 01:20:39,239

own personal knowledge I checked with

2023

01:20:45,050 --> 01:20:42,360

the Washington State Police I checked

2024

01:20:46,970 --> 01:20:45,060

with your local FBI field office I

2025

01:20:48,770 --> 01:20:46,980

checked in Colorado where Jay Widner

2026

01:20:50,990 --> 01:20:48,780

lives I checked in New Jersey where CW

2027

01:20:53,030 --> 01:20:51,000

Chandler lives I checked where Joe from

2028

01:20:55,729 --> 01:20:53,040

the Carolina lives where this Dina girl

2029

01:21:00,250 --> 01:20:55,739

lives where I live there is no state

2030

01:21:05,870 --> 01:21:04,070

go back to my local FBI in my state and

2031

01:21:08,510 --> 01:21:05,880

to the Grays Harbor County sheriff and

2032

01:21:11,090 --> 01:21:08,520

see if I've put in reports on stalkers

2033

01:21:13,430 --> 01:21:11,100

from Colorado yeah I should do that

2034

01:21:14,870 --> 01:21:13,440

because you can at least when you say

2035

01:21:16,610 --> 01:21:14,880

that you did something it could be

2036

01:21:19,850 --> 01:21:16,620

verified when these guys say they did

2037

01:21:21,530 --> 01:21:19,860

something it's crazy and this CW chander

2038

01:21:23,750 --> 01:21:21,540

I'm gonna get you this barred by the New

2039

01:21:25,610 --> 01:21:23,760

Jersey Bar Association he even posted a

2040

01:21:27,709 --> 01:21:25,620

picture of the letter that he said was

2041

01:21:30,410 --> 01:21:27,719

the complaint that never happened

2042

01:21:32,510 --> 01:21:30,420

friends I call them once a week and they

2043

01:21:33,890 --> 01:21:32,520

say they don't have it yeah last time I

2044

01:21:35,450 --> 01:21:33,900

talked to him it was never received

2045

01:21:37,669 --> 01:21:35,460

they've never received a single

2046

01:21:39,290 --> 01:21:37,679

complaint and the girl that I talk with

2047

01:21:41,450 --> 01:21:39,300

in the office said the only thing she

2048

01:21:43,010 --> 01:21:41,460

could think of is that this man sent a

2049

01:21:46,310 --> 01:21:43,020

blank envelope

2050

01:21:49,010 --> 01:21:46,320

with no no complaint in it because they

2051
01:21:50,990 --> 01:21:49,020
have to by their own Charter they have

2052
01:21:54,050 --> 01:21:51,000
to at least acknowledge a complaint was

2053
01:21:55,610 --> 01:21:54,060
received they have to inform the the oh

2054
01:21:57,410 --> 01:21:55,620
I went even further I talked to the guys

2055
01:22:01,070 --> 01:21:57,420
down in the mail room there was never

2056
01:22:02,870 --> 01:22:01,080
any never any log of a package in uh

2057
01:22:06,050 --> 01:22:02,880
that that we could identify as coming

2058
01:22:08,209 --> 01:22:06,060
from Colorado yeah that's great so the

2059
01:22:10,130 --> 01:22:08,219
the boldness at which these guys lie is

2060
01:22:11,630 --> 01:22:10,140
just crazy and I can't wait to see what

2061
01:22:14,030 --> 01:22:11,640
are you going to say next when we have

2062
01:22:15,649 --> 01:22:14,040
all the evidence and anybody excuse me

2063
01:22:17,390 --> 01:22:15,659

anybody can take a look at the evidence

2064

01:22:18,830 --> 01:22:17,400

that you've been lying to everybody for

2065

01:22:20,930 --> 01:22:18,840

months and months and months about these

2066

01:22:23,450 --> 01:22:20,940

court cases about this dark Alliance

2067

01:22:25,930 --> 01:22:23,460

which I guess this could be considered a

2068

01:22:28,010 --> 01:22:25,940

meeting of the dark Alliance Cliff

2069

01:22:29,570 --> 01:22:28,020

ancillary I don't think we have a quorum

2070

01:22:31,130 --> 01:22:29,580

yeah and that's the funny thing that

2071

01:22:33,110 --> 01:22:31,140

these guys saying that we're having

2072

01:22:34,970 --> 01:22:33,120

these secret meetings this is the first

2073

01:22:36,590 --> 01:22:34,980

time that I've talked to Cliff and it's

2074

01:22:38,750 --> 01:22:36,600

going to be a public thing like

2075

01:22:41,450 --> 01:22:38,760

everybody can listen to this right

2076

01:22:43,370 --> 01:22:41,460

exactly secret meetings

2077

01:22:46,310 --> 01:22:43,380

discussing anything coordinating

2078

01:22:49,250 --> 01:22:46,320

anything it's just no no I've never seen

2079

01:22:53,090 --> 01:22:49,260

these guys lie and right and then in

2080

01:22:55,130 --> 01:22:53,100

absolute um in absolute uh Candor here I

2081

01:22:58,370 --> 01:22:55,140

will say that I've spoken to Jay Weidner

2082

01:23:01,010 --> 01:22:58,380

on the phone in non-public conversations

2083

01:23:02,570 --> 01:23:01,020

about this once or twice too I did one

2084

01:23:05,209 --> 01:23:02,580

right and that's it but you know for me

2085

01:23:08,330 --> 01:23:05,219

it's like I'm an old guy phones you know

2086

01:23:10,729 --> 01:23:08,340

non-text that kind of phone phone calls

2087

01:23:13,070 --> 01:23:10,739

or the way that we do [h__h]

2088

01:23:15,709 --> 01:23:13,080

but oh it's terrible guy and then the

2089

01:23:18,290 --> 01:23:15,719

the eow fellows you know the EI boys

2090

01:23:20,990 --> 01:23:18,300

yeah the Chinese cult that's running

2091

01:23:24,590 --> 01:23:21,000

that thing I don't know I just don't get

2092

01:23:26,149 --> 01:23:24,600

it and listen I got it I just wanna just

2093

01:23:29,930 --> 01:23:26,159

a message to Ben and Rob the engine

2094

01:23:31,850 --> 01:23:29,940

blunder boys when my next report video

2095

01:23:34,250 --> 01:23:31,860

whatever I'm gonna call this thing comes

2096

01:23:36,050 --> 01:23:34,260

out it's gonna make them look like ass

2097

01:23:38,030 --> 01:23:36,060

clowns too because they're letting these

2098

01:23:40,250 --> 01:23:38,040

guys they're the conduit for these guys

2099

01:23:42,530 --> 01:23:40,260

they're letting these guys use them as a

2100

01:23:44,270 --> 01:23:42,540

propaganda arm and you're gonna look

2101
01:23:46,010 --> 01:23:44,280
completely and totally not credible not

2102
01:23:48,229 --> 01:23:46,020
that you're at all credible anyway but

2103
01:23:49,970 --> 01:23:48,239
you're just at least now they could they

2104
01:23:51,709 --> 01:23:49,980
could claim that they believed it why

2105
01:23:54,410 --> 01:23:51,719
don't they fact check them I know yeah

2106
01:23:56,510 --> 01:23:54,420
like David Wilcox on their show saying

2107
01:23:58,370 --> 01:23:56,520
Peterson was murdered before they

2108
01:24:00,350 --> 01:23:58,380
broadcasted that why didn't they call

2109
01:24:03,169 --> 01:24:00,360
and find out if that was true or not

2110
01:24:06,590 --> 01:24:03,179
it's a little more than irresponsible

2111
01:24:09,110 --> 01:24:06,600
it's a deliberate form of obligation and

2112
01:24:11,570 --> 01:24:09,120
yeah yeah it's as though they are party

2113
01:24:13,790 --> 01:24:11,580

to it willingly and and not only

2114

01:24:15,169 --> 01:24:13,800

participating but you know actively

2115

01:24:17,450 --> 01:24:15,179

participating

2116

01:24:19,250 --> 01:24:17,460

yeah so I'm pissed at them too in

2117

01:24:20,990 --> 01:24:19,260

general I got pissed at David and Corey

2118

01:24:23,570 --> 01:24:21,000

for stealing my stuff and causing clean

2119

01:24:24,830 --> 01:24:23,580

label poisoning but then um you know I'm

2120

01:24:26,990 --> 01:24:24,840

gonna throw my cancer and stuff and then

2121

01:24:29,930 --> 01:24:27,000

I got pissed at him for for being purse

2122

01:24:32,209 --> 01:24:29,940

for having personal attacks on me uh and

2123

01:24:34,370 --> 01:24:32,219

for setting these [h__h] stalkers on

2124

01:24:37,490 --> 01:24:34,380

I mean we actually had a situation here

2125

01:24:40,490 --> 01:24:37,500

where I was driving with my dogs being

2126

01:24:42,890 --> 01:24:40,500

chased by a goddamn SUV with two butt

2127

01:24:45,350 --> 01:24:42,900

heads in suits and the SUV had Colorado

2128

01:24:47,450 --> 01:24:45,360

plates and you just don't see people in

2129

01:24:50,090 --> 01:24:47,460

suits on the beach down here wow I lost

2130

01:24:52,669 --> 01:24:50,100

lost them in a local park and then came

2131

01:24:54,050 --> 01:24:52,679

back and called the sheriff and as I'm

2132

01:24:55,669 --> 01:24:54,060

talking to the sheriff I'm standing in

2133

01:24:57,290 --> 01:24:55,679

my driveway because I'm on my cell phone

2134

01:24:59,030 --> 01:24:57,300

I didn't want to get my wife all upset

2135

01:25:01,189 --> 01:24:59,040

so I couldn't use the phone in the house

2136

01:25:03,169 --> 01:25:01,199

and I'm talking to the sheriff on my

2137

01:25:05,990 --> 01:25:03,179

cell phone and those [h__\h] in the in

2138

01:25:08,090 --> 01:25:06,000

the SUV drove by with a uh what looked

2139

01:25:11,209 --> 01:25:08,100

like a good Nikon 800 kind of camera

2140

01:25:14,330 --> 01:25:11,219

taking pictures of my place wow that's a

2141

01:25:16,189 --> 01:25:14,340

little scary yeah I've had I I used to

2142

01:25:18,169 --> 01:25:16,199

say that those guys were too stupid to

2143

01:25:20,630 --> 01:25:18,179

find me but

2144

01:25:22,910 --> 01:25:20,640

it's interesting in that like um I guess

2145

01:25:25,010 --> 01:25:22,920

uh six or seven weeks ago Corey Goode

2146

01:25:28,250 --> 01:25:25,020

started looking at my LinkedIn profiles

2147

01:25:31,490 --> 01:25:28,260

and my business profiles and seeing who

2148

01:25:34,370 --> 01:25:31,500

endorsed me and now there's a whole you

2149

01:25:37,070 --> 01:25:34,380

know kind of uh Hornet's Nest going on

2150

01:25:39,290 --> 01:25:37,080

because he found my company

2151
01:25:42,350 --> 01:25:39,300
you know right so anybody that speaks

2152
01:25:46,070 --> 01:25:42,360
out against these guys suddenly the the

2153
01:25:48,530 --> 01:25:46,080
the crazy starts you know

2154
01:25:50,209 --> 01:25:48,540
and it's it's well okay so now David

2155
01:25:53,030 --> 01:25:50,219
Wilcock is a particular kind of

2156
01:25:54,890 --> 01:25:53,040
personality that I've run into before in

2157
01:25:57,470 --> 01:25:54,900
my Consulting business all around the

2158
01:26:00,410 --> 01:25:57,480
planet okay in in England or here or

2159
01:26:03,229 --> 01:26:00,420
even down in Mexico City there are some

2160
01:26:05,510 --> 01:26:03,239
individuals who when you question their

2161
01:26:07,790 --> 01:26:05,520
ideas feel it as though it is a physical

2162
01:26:09,890 --> 01:26:07,800
attack on them their ego responses so

2163
01:26:12,290 --> 01:26:09,900

they are physically attacked yeah and so

2164

01:26:14,930 --> 01:26:12,300

so he gets he gets anxiety and all of

2165

01:26:17,149 --> 01:26:14,940

these kind of things if you uh confront

2166

01:26:18,649 --> 01:26:17,159

his ideas so he would never have made it

2167

01:26:20,030 --> 01:26:18,659

in my world in Consulting where

2168

01:26:22,970 --> 01:26:20,040

everybody gives everybody [h__\h] because

2169

01:26:26,030 --> 01:26:22,980

you want your idea to win but but it it

2170

01:26:28,970 --> 01:26:26,040

does explain a lot okay he is actually

2171

01:26:31,729 --> 01:26:28,980

afraid for his life because you question

2172

01:26:34,189 --> 01:26:31,739

his conclusions he can't stop that

2173

01:26:36,709 --> 01:26:34,199

process because he doesn't take vitamins

2174

01:26:38,629 --> 01:26:36,719

I I think I no no serious seriously

2175

01:26:40,669 --> 01:26:38,639

David Wilcock needs some vitamin I think

2176

01:26:43,550 --> 01:26:40,679

well here's the thing he needs a shrink

2177

01:26:45,590 --> 01:26:43,560

to cure him of his path okay that's what

2178

01:26:47,330 --> 01:26:45,600

I think well there is that okay there is

2179

01:26:48,530 --> 01:26:47,340

that but let's look at some things right

2180

01:26:49,610 --> 01:26:48,540

I mean

2181

01:26:55,790 --> 01:26:49,620

um

2182

01:26:58,550 --> 01:26:55,800

ourselves individually is reflect in at

2183

01:27:01,430 --> 01:26:58,560

a body level is reflected in how we

2184

01:27:05,090 --> 01:27:01,440

present ourselves out in the world so

2185

01:27:07,550 --> 01:27:05,100

um uh if you're if you're as a as a

2186

01:27:10,850 --> 01:27:07,560

person who has suffered it I know that

2187

01:27:12,830 --> 01:27:10,860

my genes prevent me from using vitamins

2188

01:27:14,270 --> 01:27:12,840

the way that they that I should use so I

2189

01:27:16,189 --> 01:27:14,280

have to overload on them to get enough

2190

01:27:19,390 --> 01:27:16,199

and if I don't get enough I have high

2191

01:27:23,090 --> 01:27:19,400

levels of anxiety and I can be prone to

2192

01:27:24,649 --> 01:27:23,100

misinterpreting the uh situation of the

2193

01:27:27,590 --> 01:27:24,659

facts that present themselves from

2194

01:27:30,530 --> 01:27:27,600

reality and in essence if you don't get

2195

01:27:32,770 --> 01:27:30,540

enough vitamin B6 and stuff you're and

2196

01:27:36,830 --> 01:27:32,780

and B3 and the appropriate combinations

2197

01:27:39,950 --> 01:27:36,840

you actually can induce

2198

01:27:44,270 --> 01:27:39,960

um a tendency towards delusional States

2199

01:27:46,970 --> 01:27:44,280

okay so when people in Andersonville in

2200

01:27:49,610 --> 01:27:46,980

the prison camps in the Civil War were

2201

01:27:51,590 --> 01:27:49,620

deprived of certain foods they had Mass

2202

01:27:55,189 --> 01:27:51,600

riots occur because everybody got into

2203

01:27:56,990 --> 01:27:55,199

these few States and the Confederate

2204

01:28:00,229 --> 01:27:57,000

um people that ran the prison camp of

2205

01:28:03,110 --> 01:28:00,239

Northern prisoners of War actually went

2206

01:28:05,990 --> 01:28:03,120

to the trouble to to try and figure it

2207

01:28:07,790 --> 01:28:06,000

out in that day and age that there was

2208

01:28:10,129 --> 01:28:07,800

something going on with the food because

2209

01:28:12,410 --> 01:28:10,139

uh they actually found out that if he

2210

01:28:13,910 --> 01:28:12,420

just gave them enough fish they would

2211

01:28:16,370 --> 01:28:13,920

they would be able to postpone these

2212

01:28:18,890 --> 01:28:16,380

riots and and so these kind of things

2213

01:28:20,149 --> 01:28:18,900

are are endemic in our social order and

2214

01:28:22,070 --> 01:28:20,159

I think David to a certain extent

2215

01:28:25,189 --> 01:28:22,080

suffers from something that might be

2216

01:28:27,830 --> 01:28:25,199

able to be at least ameliorated uh with

2217

01:28:28,910 --> 01:28:27,840

a proper approach to

2218

01:28:30,530 --> 01:28:28,920

um

2219

01:28:32,209 --> 01:28:30,540

you know taking care of his physical

2220

01:28:35,629 --> 01:28:32,219

thing here's here's the deal I can be

2221

01:28:37,790 --> 01:28:35,639

extremely arrogant and uh uh mostly I'm

2222

01:28:40,189 --> 01:28:37,800

confident and people mistake confidence

2223

01:28:41,930 --> 01:28:40,199

for arrogance so I come across as

2224

01:28:44,209 --> 01:28:41,940

arrogant right but here's here's here's

2225

01:28:46,669 --> 01:28:44,219

the way I Define things you can be ex

2226

01:28:48,770 --> 01:28:46,679

very intelligent now I think David is

2227

01:28:50,930 --> 01:28:48,780

marginally intelligent and very bad at

2228

01:28:52,729 --> 01:28:50,940

critical thinking and conclusions but

2229

01:28:55,129 --> 01:28:52,739

he's marginally intelligent but he's not

2230

01:28:57,709 --> 01:28:55,139

smart and I worked at Microsoft where

2231

01:29:00,050 --> 01:28:57,719

the culture of smart is the dominating

2232

01:29:01,970 --> 01:29:00,060

factor of it of everything and they

2233

01:29:04,010 --> 01:29:01,980

everybody up there recognizes there's a

2234

01:29:06,709 --> 01:29:04,020

difference between an intelligent coder

2235

01:29:08,629 --> 01:29:06,719

and a smart coder because an intelligent

2236

01:29:11,209 --> 01:29:08,639

person as a coder or any other

2237

01:29:13,550 --> 01:29:11,219

occupation will be able to perform well

2238

01:29:16,490 --> 01:29:13,560

know his job know all of this kind of

2239

01:29:18,830 --> 01:29:16,500

stuff and make his mind work right but a

2240

01:29:22,070 --> 01:29:18,840

smart person takes that intelligence and

2241

01:29:25,010 --> 01:29:22,080

applies it to themselves so a smart person

2242

01:29:27,350 --> 01:29:25,020

doesn't get fat they watch their diet

2243

01:29:28,850 --> 01:29:27,360

they if they start getting fat they

2244

01:29:30,530 --> 01:29:28,860

start looking at their diet they do it

2245

01:29:33,110 --> 01:29:30,540

analysis they apply their intelligence

2246

01:29:34,790 --> 01:29:33,120

to it to determine what's going on they

2247

01:29:36,050 --> 01:29:34,800

have specific goals because I'm starting

2248

01:29:41,050 --> 01:29:36,060

to get that I was starting to get that

2249

01:29:46,490 --> 01:29:44,689

I just lost 35 pounds so yep see what

2250

01:29:49,070 --> 01:29:46,500

I'm saying so that's a that's somebody

2251

01:29:51,590 --> 01:29:49,080

who is intelligent moving over into the

2252

01:29:53,870 --> 01:29:51,600

category of smart because a smart person

2253

01:29:56,390 --> 01:29:53,880

implies their intelligence to all

2254

01:29:58,850 --> 01:29:56,400

aspects of their own life this is this

2255

01:30:00,530 --> 01:29:58,860

did not do that he does not correct it's

2256

01:30:04,070 --> 01:30:00,540

like it's like my little meme that I put

2257

01:30:06,290 --> 01:30:04,080

out there do you even lift bro

2258

01:30:07,850 --> 01:30:06,300

yeah but you know I have to say that

2259

01:30:10,370 --> 01:30:07,860

he's been one of the most successful

2260

01:30:12,110 --> 01:30:10,380

grifters the guy's got a three million

2261

01:30:13,610 --> 01:30:12,120

dollar houses a hundred thousand dollar

2262

01:30:16,070 --> 01:30:13,620

car and he's always crying and

2263

01:30:17,390 --> 01:30:16,080

complaining that he needs money this

2264

01:30:19,370 --> 01:30:17,400

hundred thousand dollar car is that the

2265

01:30:21,350 --> 01:30:19,380

one that lost the brakes no I think it's

2266

01:30:24,770 --> 01:30:21,360

a different car somebody somebody sent

2267

01:30:26,330 --> 01:30:24,780

me uh like this is the car he drove the

2268

01:30:28,070 --> 01:30:26,340

contact in the desert I looked up the

2269

01:30:30,649 --> 01:30:28,080

car the base model the car is a hundred

2270

01:30:32,270 --> 01:30:30,659

thousand dollars so that's nice

2271

01:30:34,070 --> 01:30:32,280

you know well wait a second didn't he

2272

01:30:35,090 --> 01:30:34,080

fly into the contact and does it I don't

2273

01:30:36,590 --> 01:30:35,100

know but somebody so that would have

2274

01:30:39,110 --> 01:30:36,600

would have been a rental maybe it is a

2275

01:30:40,910 --> 01:30:39,120

rental okay good well we'll take that

2276

01:30:43,129 --> 01:30:40,920

off I'll stop saying he has a hundred

2277

01:30:44,810 --> 01:30:43,139

thousand dollar car but he does have a

2278

01:30:48,110 --> 01:30:44,820

one million dollar mansion He lives in

2279

01:30:49,970 --> 01:30:48,120

and two that he rents so he's Gotta Have

2280

01:30:51,709 --> 01:30:49,980

whoa he's got to have some money and

2281

01:30:55,250 --> 01:30:51,719

sure sure he's got some bucks he's

2282

01:30:59,350 --> 01:30:55,260

always now he's gonna have this 501c3 so

2283

01:31:04,669 --> 01:31:02,810

oh man the stuff he was saying oh my God

2284

01:31:06,770 --> 01:31:04,679

yeah I couldn't believe it admitting to

2285

01:31:09,470 --> 01:31:06,780

all of that oh I just wanna I just want

2286

01:31:13,490 --> 01:31:09,480

to mention my wife is an accountant and

2287

01:31:15,470 --> 01:31:13,500

she deals in taxes so I said look you

2288

01:31:17,629 --> 01:31:15,480

got to listen to this is he admitting to

2289

01:31:20,570 --> 01:31:17,639

income tax fraud and she said

2290

01:31:21,890 --> 01:31:20,580

I I if if he was my client I would tell

2291

01:31:24,590 --> 01:31:21,900

him to go to the ends of the Earth to

2292

01:31:26,270 --> 01:31:24,600

get that video taken down like yeah that

2293

01:31:29,270 --> 01:31:26,280

is the stupidest thing that he's ever

2294

01:31:32,090 --> 01:31:29,280

done and a lot of people don't know this

2295

01:31:34,850 --> 01:31:32,100

but Mr Wilcox already has some IRS

2296

01:31:38,709 --> 01:31:34,860

troubles and I have the documents to

2297

01:31:42,350 --> 01:31:38,719

show the liens so right

2298

01:31:44,750 --> 01:31:42,360

and you're on a video saying you can

2299

01:31:48,709 --> 01:31:44,760

donate to me and not have to scan the

2300

01:31:52,189 --> 01:31:48,719

IRS this is not a smart thing man oh oh

2301

01:31:53,750 --> 01:31:52,199

god oh I've taken towards some contracts

2302

01:31:55,430 --> 01:31:53,760

and pre-law and stuff because I thought

2303

01:31:58,850 --> 01:31:55,440

I was going to go that route with my

2304

01:32:01,910 --> 01:31:58,860

language knowledge uh and and so I do

2305

01:32:05,750 --> 01:32:01,920

have some Acumen in uh legal issues and

2306

01:32:08,270 --> 01:32:05,760

I saw that that thing and my jaw dropped

2307

01:32:10,430 --> 01:32:08,280

and I had to stop it I had to go and get

2308

01:32:13,310 --> 01:32:10,440

a fresh cup of coffee wind it back up

2309

01:32:15,649 --> 01:32:13,320

and listen to it again and I was

2310

01:32:18,550 --> 01:32:15,659

scandalized I mean I was just actually

2311

01:32:22,129 --> 01:32:18,560

beside myself that he was

2312

01:32:23,629 --> 01:32:22,139

that's stupid yeah me too honestly the

2313

01:32:25,850 --> 01:32:23,639

first thing that I did was hurry up and

2314

01:32:26,990 --> 01:32:25,860

and grab a copy of that video because I

2315

01:32:28,790 --> 01:32:27,000

thought that they were going to take it

2316

01:32:31,550 --> 01:32:28,800

down right away after they realized how

2317

01:32:33,229 --> 01:32:31,560

stupid he was but they're so dumb they

2318

01:32:35,629 --> 01:32:33,239

don't realize the problem with the the

2319

01:32:38,030 --> 01:32:35,639

guy just lies constantly what's one more

2320

01:32:40,430 --> 01:32:38,040

lie but now you're involving the IRS and

2321

01:32:43,729 --> 01:32:40,440

the federal government and that's not a

2322

01:32:45,050 --> 01:32:43,739

good idea and it's and it's a actually a

2323

01:32:49,310 --> 01:32:45,060

uh you know

2324

01:32:51,310 --> 01:32:49,320

um a planned effort it's a conspiracy my

2325

01:32:53,990 --> 01:32:51,320

friends

2326

01:32:56,149 --> 01:32:54,000

so we don't have to pay taxes so I did

2327

01:32:58,970 --> 01:32:56,159

it and now I don't have to pay any taxes

2328

01:33:00,590 --> 01:32:58,980

and another fatal flaw in his plan is

2329

01:33:03,229 --> 01:33:00,600

that he's going to have to file a form

2330

01:33:05,030 --> 01:33:03,239

every year and show this is how much

2331

01:33:07,790 --> 01:33:05,040

money was donated this is where all the

2332

01:33:09,709 --> 01:33:07,800

money went and I have that they set on

2333

01:33:12,350 --> 01:33:09,719

my calendar and can't wait to get those

2334

01:33:16,070 --> 01:33:12,360

documents oh and they're gonna crawl up

2335

01:33:18,890 --> 01:33:16,080

his PR up his uh up his ass on that I

2336

01:33:21,050 --> 01:33:18,900

mean I've seen the people in 503 C's I

2337

01:33:22,790 --> 01:33:21,060

worked for one doing some some software

2338

01:33:24,890 --> 01:33:22,800

for one when they were being audited by

2339

01:33:26,689 --> 01:33:24,900

the local state here these people don't

2340

01:33:29,450 --> 01:33:26,699

take that stuff lying down they get into

2341

01:33:30,590 --> 01:33:29,460

some serious stuff there yeah yeah I

2342

01:33:32,090 --> 01:33:30,600

don't know where it's going to go for

2343

01:33:35,209 --> 01:33:32,100

him but it's going to be interesting to

2344

01:33:37,490 --> 01:33:35,219

watch it yeah I'm gonna have to take off

2345

01:33:39,470 --> 01:33:37,500

guy yeah I've got a real tight deadline

2346

01:33:41,090 --> 01:33:39,480

today yeah me too I actually I gotta

2347

01:33:43,310 --> 01:33:41,100

pick up my son I appreciate you taking

2348

01:33:44,450 --> 01:33:43,320

the time to do this and uh you know

2349

01:33:46,850 --> 01:33:44,460

hopefully we can have another

2350

01:33:48,790 --> 01:33:46,860

conversation on the new show which will

2351

01:33:51,410 --> 01:33:48,800

be going video soon

2352

01:33:53,810 --> 01:33:51,420

just a few more shows you've been on my

2353

01:33:56,870 --> 01:33:53,820

list of guests since I started my show

2354

01:33:58,970 --> 01:33:56,880

for maybe four and a half years ago

2355

01:34:00,709 --> 01:33:58,980

and I just want to thank you for taking

2356

01:34:02,390 --> 01:34:00,719

the time because like now I got you off

2357

01:34:04,310 --> 01:34:02,400

of the list and that was one of my

2358

01:34:06,770 --> 01:34:04,320

favorite goals we should get together

2359

01:34:09,470 --> 01:34:06,780

and talk text sometime yeah absolutely

2360

01:34:12,530 --> 01:34:09,480

now I got your email address so I can

2361

01:34:14,390 --> 01:34:12,540

just harass you daily there we go there

2362

01:34:15,770 --> 01:34:14,400

we go okay I gotta take off I'll I'll

2363

01:34:20,770 --> 01:34:15,780

talk to you later all right I appreciate

2364

01:34:28,189 --> 01:34:25,250

well friends another guest that was on

2365

01:34:32,149 --> 01:34:28,199

my original list when I started my show

2366

01:34:34,189 --> 01:34:32,159

to get to interview is now off my list

2367

01:34:41,030 --> 01:34:34,199

I want to thank Cliff High for taking

2368

01:34:45,169 --> 01:34:43,310

and well friends as many of you know

2369

01:34:47,990 --> 01:34:45,179

there are just

2370

01:34:50,110 --> 01:34:48,000

one more actually there's just one more

2371

01:34:55,209 --> 01:34:50,120

episode of The Midnight Hour show

2372

01:35:01,729 --> 01:34:57,649

for those that have been so curious

2373

01:35:05,270 --> 01:35:01,739

about what happens next for me

2374

01:35:08,450 --> 01:35:05,280

I appreciate that people care about what

2375

01:35:14,209 --> 01:35:11,570

and I've received a great deal of

2376

01:35:16,189 --> 01:35:14,219

encouragement and support

2377

01:35:18,229 --> 01:35:16,199

to continue

2378

01:35:21,410 --> 01:35:18,239

some of the work that I do in one form

2379

01:35:28,149 --> 01:35:25,250

I've worked for some time now on uh sort

2380

01:35:31,189 --> 01:35:28,159

of a concept for a live streamed show

2381

01:35:36,050 --> 01:35:31,199

and uh that my friends is what I'm going

2382

01:35:42,590 --> 01:35:39,010

quite honestly I'm a little beat up

2383

01:35:45,830 --> 01:35:42,600

overwhelmed and haggled by

2384

01:35:48,590 --> 01:35:45,840

just life lately

2385

01:35:51,530 --> 01:35:48,600

I've got a lot going on and to be honest

2386

01:35:54,229 --> 01:35:51,540

I'm looking forward to finishing a major

2387

01:35:56,209 --> 01:35:54,239

project of mine and that's what the

2388

01:35:57,410 --> 01:35:56,219

Midnight Hour show was I mean when I

2389

01:36:00,110 --> 01:35:57,420

started it

2390

01:36:03,910 --> 01:36:00,120

it was a major project to learn how to

2391

01:36:07,669 --> 01:36:03,920

do this and do it well and

2392

01:36:10,370 --> 01:36:07,679

I am very thankful though for all the

2393

01:36:12,470 --> 01:36:10,380

challenges that I faced and obstacles I

2394

01:36:14,990 --> 01:36:12,480

overcame to make this happen and

2395

01:36:17,990 --> 01:36:15,000

everything that I learned

2396

01:36:20,870 --> 01:36:18,000

I wouldn't change a thing

2397

01:36:22,490 --> 01:36:20,880

um but you know everything has a

2398

01:36:26,209 --> 01:36:22,500

beginning and everything has an end and

2399

01:36:29,870 --> 01:36:26,219

it's just time for this portion of my

2400

01:36:33,050 --> 01:36:29,880

artistic Endeavors to

2401

01:36:37,270 --> 01:36:33,060

not really end just I would be taking a

2402

01:36:41,510 --> 01:36:37,280

break for a while before I transition to

2403

01:36:43,729 --> 01:36:41,520

uh what I believe will be I'm much

2404

01:36:45,790 --> 01:36:43,739

better format for what I'm trying to

2405

01:36:48,290 --> 01:36:45,800

accomplish

2406

01:36:50,390 --> 01:36:48,300

the other thing that I just wanted to

2407

01:36:53,750 --> 01:36:50,400

mention is that you know lately I've

2408

01:36:56,390 --> 01:36:53,760

been joking a lot about you leeches

2409

01:36:59,990 --> 01:36:56,400

better donate new parasites should

2410

01:37:02,810 --> 01:37:00,000

donate to my patreon and you freeloaders

2411

01:37:05,510 --> 01:37:02,820

and use sponges

2412

01:37:09,169 --> 01:37:05,520

I do hope that people realize that that

2413

01:37:11,270 --> 01:37:09,179

was ingest and that's me joking you know

2414

01:37:13,070 --> 01:37:11,280

I guess when confronted with an

2415

01:37:17,030 --> 01:37:13,080

uncomfortable subject

2416

01:37:19,790 --> 01:37:17,040

I respond with humor you know

2417

01:37:23,990 --> 01:37:19,800

it's not humorous to me that anybody is

2418

01:37:25,310 --> 01:37:24,000

in financial Straits and needs donations

2419

01:37:32,570 --> 01:37:25,320

you know

2420

01:37:36,169 --> 01:37:32,580

I see a lot of people

2421

01:37:38,530 --> 01:37:36,179

begging people for free money and

2422

01:37:41,209 --> 01:37:38,540

listen I understand

2423

01:37:44,149 --> 01:37:41,219

and am guilty of some of the same stuff

2424

01:37:47,930 --> 01:37:44,159

I mean I wonder myself like okay I do

2425

01:37:49,430 --> 01:37:47,940

this patreon thing and I try I truly try

2426

01:37:51,590 --> 01:37:49,440

to give the people that sign up for

2427

01:37:55,310 --> 01:37:51,600

patreon

2428

01:37:57,890 --> 01:37:55,320

more than most people would

2429

01:38:00,350 --> 01:37:57,900

but am I a hypocrite because I kind of

2430

01:38:01,850 --> 01:38:00,360

slam some of these Cosmic con men who

2431

01:38:03,890 --> 01:38:01,860

are always running around asking for

2432

01:38:06,290 --> 01:38:03,900

donations and meanwhile I'm accepting

2433

01:38:10,070 --> 01:38:06,300

donations myself

2434

01:38:12,290 --> 01:38:10,080

even recently having quite a fun drive

2435

01:38:14,450 --> 01:38:12,300

is by making all these jokes about

2436

01:38:17,270 --> 01:38:14,460

people being leeches and parasites and

2437

01:38:20,209 --> 01:38:17,280

just wanting to take and not give

2438

01:38:22,430 --> 01:38:20,219

anything back to me

2439

01:38:25,430 --> 01:38:22,440

right or wrong a bunch of people signed

2440

01:38:27,709 --> 01:38:25,440

up and gave me a dollar because that's

2441

01:38:30,110 --> 01:38:27,719

really what I ask for if you like my

2442

01:38:31,669 --> 01:38:30,120

work and you want to support me then

2443

01:38:32,870 --> 01:38:31,679

give me a dollar

2444

01:38:36,050 --> 01:38:32,880

foreign

2445

01:38:38,149 --> 01:38:36,060

so what just happened because

2446

01:38:40,490 --> 01:38:38,159

you know before I spoke up and said

2447

01:38:42,649 --> 01:38:40,500

anything about it and again I really was

2448

01:38:45,709 --> 01:38:42,659

joking I did not

2449

01:38:48,189 --> 01:38:45,719

I do not consider anybody that doesn't

2450

01:38:51,410 --> 01:38:48,199

give me any money a leech or a parasite

2451

01:38:55,310 --> 01:38:51,420

uh but I can't lie I do value those

2452

01:38:57,770 --> 01:38:55,320

people who value my work enough to give

2453

01:39:00,050 --> 01:38:57,780

me the dollar a little more they're

2454

01:39:02,990 --> 01:39:00,060

gonna get my attention I know the people

2455

01:39:05,149 --> 01:39:03,000

that are on my patreon list

2456

01:39:07,010 --> 01:39:05,159

and you know sometimes I'm a little slow

2457

01:39:09,410 --> 01:39:07,020

in getting back to people but if you're

2458

01:39:12,169 --> 01:39:09,420

on my patreon list hey

2459

01:39:15,169 --> 01:39:12,179

I got a reply especially if you send me

2460

01:39:17,209 --> 01:39:15,179

a message on patreon so everybody who is

2461

01:39:19,910 --> 01:39:17,219

supporting me that's the best way to get

2462

01:39:23,750 --> 01:39:22,250

but this whole thing is just kind of

2463

01:39:25,910 --> 01:39:23,760

funny like

2464

01:39:26,990 --> 01:39:25,920

send me your money send me your

2465

01:39:29,030 --> 01:39:27,000

donations

2466

01:39:31,850 --> 01:39:29,040

listen I think that I do pretty good

2467

01:39:33,590 --> 01:39:31,860

work some people appreciate it and it is

2468

01:39:37,610 --> 01:39:33,600

worth something

2469

01:39:39,350 --> 01:39:37,620

so you know I apologize and maybe I

2470

01:39:42,530 --> 01:39:39,360

shouldn't have joked when another show

2471

01:39:44,450 --> 01:39:42,540

host kind of lost his mind and started

2472

01:39:47,510 --> 01:39:44,460

telling people to donate

2473

01:39:49,550 --> 01:39:47,520

and that they were leeches because you

2474

01:39:51,129 --> 01:39:49,560

know quite honestly

2475

01:39:55,010 --> 01:39:51,139

I understand

2476

01:40:01,189 --> 01:39:57,950

anybody that creates any kind of content

2477

01:40:04,430 --> 01:40:01,199

knows that you put a huge amount of time

2478

01:40:06,229 --> 01:40:04,440

energy and dedication into that

2479

01:40:08,450 --> 01:40:06,239

and

2480

01:40:10,729 --> 01:40:08,460

I don't know you know like some of the

2481

01:40:14,030 --> 01:40:10,739

things that people say

2482

01:40:16,610 --> 01:40:14,040

that bother me of course come from the

2483

01:40:18,590 --> 01:40:16,620

ones that never gave me a penny but

2484

01:40:20,870 --> 01:40:18,600

they're going to critique like the audio

2485

01:40:23,810 --> 01:40:20,880

level of the guest

2486

01:40:27,290 --> 01:40:23,820

Voice versus my voice in one or two

2487

01:40:29,510 --> 01:40:27,300

shows I mean I've had people like send

2488

01:40:32,149 --> 01:40:29,520

me nasty messages tell me I did a

2489

01:40:34,910 --> 01:40:32,159

terrible mix job on that show that they

2490

01:40:37,850 --> 01:40:34,920

listened to for free that I didn't get

2491

01:40:39,950 --> 01:40:37,860

paid anything to produce

2492

01:40:42,590 --> 01:40:39,960

and obviously if somebody's gonna sit

2493

01:40:45,350 --> 01:40:42,600

and listen to a two-hour show they have

2494

01:40:48,290 --> 01:40:45,360

an interest in the subject and they like

2495

01:40:50,030 --> 01:40:48,300

what I'm doing to sit through a two-hour

2496

01:40:53,689 --> 01:40:50,040

show

2497

01:40:55,669 --> 01:40:53,699

so I guess you know I'm as sensitive as

2498

01:40:58,669 --> 01:40:55,679

the next guy when somebody starts

2499

01:41:00,590 --> 01:40:58,679

critiquing stupid things and another one

2500

01:41:03,530 --> 01:41:00,600

I get all the time I get this all the

2501
01:41:05,030 --> 01:41:03,540
time people write nasty comments like

2502
01:41:07,729 --> 01:41:05,040
you're constantly interrupting this

2503
01:41:10,610 --> 01:41:07,739
guest folks ask anybody that's

2504
01:41:13,129 --> 01:41:10,620
interviewed any of these guests if you

2505
01:41:15,229 --> 01:41:13,139
do not interrupt them you'll fit in four

2506
01:41:17,570 --> 01:41:15,239
questions because yes some of these

2507
01:41:20,570 --> 01:41:17,580
guests can talk for 45 minutes after you

2508
01:41:22,189 --> 01:41:20,580
ask them one question I do my best to

2509
01:41:24,830 --> 01:41:22,199
sort of guide and direct the

2510
01:41:27,950 --> 01:41:24,840
conversation and to get in as many

2511
01:41:31,070 --> 01:41:27,960
points and subjects on from my notes on

2512
01:41:32,930 --> 01:41:31,080
each interview you know I try to fit as

2513
01:41:34,910 --> 01:41:32,940

much in as I can

2514

01:41:36,649 --> 01:41:34,920

just kind of do the best you can that's

2515

01:41:39,169 --> 01:41:36,659

all you could do

2516

01:41:41,330 --> 01:41:39,179

but I guess my point here is that most

2517

01:41:43,430 --> 01:41:41,340

of this nasty criticism comes from

2518

01:41:45,890 --> 01:41:43,440

people that don't support me one bit

2519

01:41:48,109 --> 01:41:45,900

financially

2520

01:41:50,390 --> 01:41:48,119

it kind of grains on you after a while

2521

01:41:53,750 --> 01:41:50,400

that you're given something of value

2522

01:41:55,550 --> 01:41:53,760

away for free and this guy is still

2523

01:41:59,030 --> 01:41:55,560

complaining

2524

01:42:00,709 --> 01:41:59,040

it grains on you for after a while and I

2525

01:42:02,990 --> 01:42:00,719

can totally understand why that other

2526

01:42:05,149 --> 01:42:03,000

show host lost is cool

2527

01:42:07,790 --> 01:42:05,159

and said what he said

2528

01:42:09,770 --> 01:42:07,800

I wish the guy the best I hope that he

2529

01:42:11,810 --> 01:42:09,780

finds some other more you know some

2530

01:42:14,330 --> 01:42:11,820

other thing to do where he feels more

2531

01:42:17,330 --> 01:42:14,340

financially compensated and isn't so

2532

01:42:19,729 --> 01:42:17,340

stressed out by the negative people and

2533

01:42:22,910 --> 01:42:19,739

the complainers and whiners that never

2534

01:42:27,669 --> 01:42:22,920

contribute but yes they take and take

2535

01:42:35,090 --> 01:42:31,070

now back to my patreon

2536

01:42:38,629 --> 01:42:35,100

you losers leeches and parasites that

2537

01:42:40,609 --> 01:42:38,639

have done nothing but complain should go

2538

01:42:43,729 --> 01:42:40,619

give me a dollar

2539

01:42:45,830 --> 01:42:43,739

on patreon so that at least

2540

01:42:49,189 --> 01:42:45,840

when I have to address your complaints

2541

01:42:51,470 --> 01:42:49,199

you've given me a dollar to do so

2542

01:42:55,189 --> 01:42:51,480

and besides this remember that this is

2543

01:42:57,590 --> 01:42:55,199

not a full-time job for me okay it's

2544

01:43:00,169 --> 01:42:57,600

certainly not a full-time income I think

2545

01:43:03,890 --> 01:43:00,179

we are now up to forty five dollars a

2546

01:43:08,570 --> 01:43:06,770

really and truly who is uh contributing

2547

01:43:11,450 --> 01:43:08,580

but come on man

2548

01:43:12,229 --> 01:43:11,460

in a perfect world I would be given

2549

01:43:15,169 --> 01:43:12,239

enough

2550

01:43:18,609 --> 01:43:15,179

free money right that I could

2551

01:43:20,450 --> 01:43:18,619

do those things you know spend more time

2552

01:43:23,330 --> 01:43:20,460

perfecting the things that people

2553

01:43:27,050 --> 01:43:23,340

complain about like the mix being a

2554

01:43:29,330 --> 01:43:27,060

little off or you know and maybe if I

2555

01:43:31,550 --> 01:43:29,340

got enough donations I wouldn't have to

2556

01:43:32,450 --> 01:43:31,560

Uber until two or three o'clock in the

2557

01:43:36,470 --> 01:43:32,460

morning

2558

01:43:38,750 --> 01:43:36,480

right then I wouldn't be so tired right

2559

01:43:41,030 --> 01:43:38,760

and I could have more attention to

2560

01:43:43,370 --> 01:43:41,040

detail so I'm so sorry

2561

01:43:45,229 --> 01:43:43,380

if the mix was a little off you know

2562

01:43:47,390 --> 01:43:45,239

these are the things that I think

2563

01:43:49,729 --> 01:43:47,400

trigger people that are producing

2564

01:43:53,290 --> 01:43:49,739

content and not making the money that

2565

01:43:56,870 --> 01:43:53,300

they feel they earn or deserve

2566

01:44:00,770 --> 01:43:56,880

as for me I don't expect

2567

01:44:04,729 --> 01:44:00,780

to not have a day job right I don't

2568

01:44:08,689 --> 01:44:04,739

expect my show to pay my house bills

2569

01:44:11,090 --> 01:44:08,699

folks I got a big house it would be a

2570

01:44:13,850 --> 01:44:11,100

miracle if the show one month covered my

2571

01:44:19,070 --> 01:44:15,830

now I think

2572

01:44:22,910 --> 01:44:19,080

you know doing this sort of thing is

2573

01:44:25,070 --> 01:44:22,920

exactly like that cool job you once had

2574

01:44:27,109 --> 01:44:25,080

my favorite job I ever had was working

2575

01:44:29,810 --> 01:44:27,119

in a record store

2576

01:44:32,149 --> 01:44:29,820

in a CD store on South Street in

2577

01:44:37,609 --> 01:44:34,970

those kind of jobs are so much fun like

2578

01:44:42,229 --> 01:44:37,619

that was the most fun job I ever had and

2579

01:44:44,450 --> 01:44:42,239

make new girls every day I met all kinds

2580

01:44:48,709 --> 01:44:44,460

of cool people that were you know going

2581

01:44:51,410 --> 01:44:48,719

to the concert that night up the street

2582

01:44:53,629 --> 01:44:51,420

there was a cool job but it paid almost

2583

01:44:55,550 --> 01:44:53,639

nothing it was fun but it paid almost

2584

01:44:57,470 --> 01:44:55,560

nothing and you just learned to accept

2585

01:44:59,689 --> 01:44:57,480

that like okay I'm not gonna get paid

2586

01:45:03,070 --> 01:44:59,699

much to do this but this is fun and

2587

01:45:05,750 --> 01:45:03,080

something I want to do

2588

01:45:09,290 --> 01:45:05,760

and for me that's what my show is it's

2589

01:45:12,169 --> 01:45:09,300

something fun and something I want to do

2590

01:45:15,050 --> 01:45:12,179

people actually recognizing its worth

2591

01:45:19,189 --> 01:45:15,060

and value and giving me a buck or two to

2592

01:45:22,370 --> 01:45:19,199

help me continue it man that is awesome

2593

01:45:26,570 --> 01:45:22,380

and thank you all so much

2594

01:45:34,430 --> 01:45:30,109

the same token I'm not expecting to get

2595

01:45:39,530 --> 01:45:36,590

the whole begging constantly for

2596

01:45:42,530 --> 01:45:39,540

donations as sort of tacky and I don't I

2597

01:45:46,669 --> 01:45:42,540

for one don't want to continue to do it

2598

01:45:49,030 --> 01:45:46,679

but then I think about the benefits that

2599

01:45:53,270 --> 01:45:49,040

just a little bit of patreon money

2600

01:45:58,490 --> 01:45:56,090

I got a couple of microphones that I

2601

01:46:00,890 --> 01:45:58,500

really needed at the time and I paid for

2602

01:46:02,930 --> 01:46:00,900

them with the patreon money so thank you

2603

01:46:05,689 --> 01:46:02,940

once again to those people who helped me

2604

01:46:09,109 --> 01:46:05,699

because I was broke

2605

01:46:10,970 --> 01:46:09,119

broke a lot honestly but hey you know I

2606

01:46:15,290 --> 01:46:10,980

try not to let that affect things but

2607

01:46:17,930 --> 01:46:15,300

anyway I busted a mic going back and

2608

01:46:20,510 --> 01:46:17,940

forth to the cabin I needed a microphone

2609

01:46:22,189 --> 01:46:20,520

and thank God the patreon money was

2610

01:46:25,070 --> 01:46:22,199

there so I could get some PayPal and

2611

01:46:28,370 --> 01:46:25,080

quickly order on eBay with that PayPal

2612

01:46:30,830 --> 01:46:28,380

money a microphone that I needed these

2613

01:46:32,990 --> 01:46:30,840

are the things that your couple of

2614

01:46:35,290 --> 01:46:33,000

dollars help

2615

01:46:37,430 --> 01:46:35,300

make a little stress off the content

2616

01:46:41,390 --> 01:46:37,440

provider so that if he does need

2617

01:46:43,609 --> 01:46:41,400

something he's got a couple of bucks

2618

01:46:45,229 --> 01:46:43,619

and what a sad world we live in that

2619

01:46:47,750 --> 01:46:45,239

some people just don't even get that

2620

01:46:49,970 --> 01:46:47,760

couple of bucks donations so I for one

2621

01:46:54,169 --> 01:46:49,980

am grateful for every dollar that people

2622

01:46:56,330 --> 01:46:54,179

contribute and uh

2623

01:46:58,850 --> 01:46:56,340

if you don't have the money you just

2624

01:47:01,850 --> 01:46:58,860

send me a DM

2625

01:47:04,550 --> 01:47:01,860

message me and I give out for free the

2626

01:47:06,229 --> 01:47:04,560

same benefits that I give the patreon

2627

01:47:08,390 --> 01:47:06,239

people and I hope they don't mind that

2628

01:47:10,250 --> 01:47:08,400

but some people truly don't have any

2629

01:47:12,350 --> 01:47:10,260

dollar to give there's a lot of people

2630

01:47:13,669 --> 01:47:12,360

on fixed incomes whatever the case may

2631

01:47:15,590 --> 01:47:13,679

be

2632

01:47:17,689 --> 01:47:15,600

I for one would never hold it against

2633

01:47:20,030 --> 01:47:17,699

somebody so if you're very interested in

2634

01:47:22,370 --> 01:47:20,040

my work and you would like to take part

2635

01:47:25,430 --> 01:47:22,380

in the stuff that I give to the patreon

2636

01:47:28,070 --> 01:47:25,440

people just send me a message the best

2637

01:47:29,270 --> 01:47:28,080

way to contact me really is either on

2638

01:47:32,270 --> 01:47:29,280

Twitter

2639

01:47:34,010 --> 01:47:32,280

uh Facebook just search for my name

2640

01:47:36,470 --> 01:47:34,020

Stephen Camby and send me a message

2641

01:47:38,090 --> 01:47:36,480

letting me know hey you know I really

2642

01:47:40,310 --> 01:47:38,100

like your show I don't have the dollar

2643

01:47:42,290 --> 01:47:40,320

can I have the links I will send you the

2644

01:47:44,410 --> 01:47:42,300

links

2645

01:47:46,850 --> 01:47:44,420

so I think you know

2646

01:47:50,689 --> 01:47:46,860

just the last thing that I wanted to

2647

01:47:52,729 --> 01:47:50,699

talk about briefly is these long-term

2648

01:47:54,350 --> 01:47:52,739

projects that I've sort of been working

2649

01:47:56,629 --> 01:47:54,360

on and that's another thing that kind of

2650

01:47:58,729 --> 01:47:56,639

went through patreon

2651
01:48:01,189 --> 01:47:58,739
for quite some time now I've been

2652
01:48:03,109 --> 01:48:01,199
developing this thing called Altos or

2653
01:48:05,930 --> 01:48:03,119
alt OS

2654
01:48:08,149 --> 01:48:05,940
is basically the Linux system that I

2655
01:48:11,330 --> 01:48:08,159
personally run and use on all my

2656
01:48:12,890 --> 01:48:11,340
computers most of them I I still I'm

2657
01:48:15,470 --> 01:48:12,900
kind of forced to have a few Windows

2658
01:48:17,390 --> 01:48:15,480
computers but most of my computers

2659
01:48:21,590 --> 01:48:17,400
especially the computers that I create

2660
01:48:24,950 --> 01:48:21,600
content on are now running Linux and

2661
01:48:26,810 --> 01:48:24,960
this is my custom version of Linux that

2662
01:48:29,090 --> 01:48:26,820
I've been working on

2663
01:48:31,490 --> 01:48:29,100

for a very long time

2664

01:48:33,770 --> 01:48:31,500

and originally this was just a system I

2665

01:48:35,390 --> 01:48:33,780

built for myself and continued to build

2666

01:48:37,129 --> 01:48:35,400

and work on

2667

01:48:39,590 --> 01:48:37,139

the Linux system

2668

01:48:43,490 --> 01:48:39,600

that is then

2669

01:48:45,890 --> 01:48:43,500

jam packed full of creative applications

2670

01:48:47,330 --> 01:48:45,900

for things like audio editing video

2671

01:48:50,270 --> 01:48:47,340

editing

2672

01:48:53,930 --> 01:48:50,280

music making synthesizers

2673

01:48:59,290 --> 01:48:53,940

vocal processing vocal effects

2674

01:49:02,590 --> 01:48:59,300

Graphics programs video editing programs

2675

01:49:05,990 --> 01:49:02,600

jam-packed full all kinds of powerful

2676
01:49:08,510 --> 01:49:06,000
creative software

2677
01:49:10,669 --> 01:49:08,520
so originally I just built this for

2678
01:49:13,070 --> 01:49:10,679
myself

2679
01:49:15,770 --> 01:49:13,080
a personal power system

2680
01:49:18,530 --> 01:49:15,780
I thought of it as because

2681
01:49:21,890 --> 01:49:18,540
I had this huge collection of software

2682
01:49:25,010 --> 01:49:21,900
to do content creation all on a Linux

2683
01:49:27,709 --> 01:49:25,020
base uh that by the way runs in Ram so

2684
01:49:29,629 --> 01:49:27,719
it's super fast and

2685
01:49:32,570 --> 01:49:29,639
this is something I developed for myself

2686
01:49:36,350 --> 01:49:32,580
but then I gave some copies to a few

2687
01:49:39,350 --> 01:49:36,360
close friends who are creative people

2688
01:49:43,010 --> 01:49:39,360

and the response I got was overwhelming

2689

01:49:46,490 --> 01:49:43,020

because they loved it and sort of

2690

01:49:49,970 --> 01:49:46,500

encouraged me to share it with others

2691

01:49:53,090 --> 01:49:49,980

so I'm proud to announce that after so

2692

01:49:54,109 --> 01:49:53,100

long working on this major project of

2693

01:49:56,030 --> 01:49:54,119

mine

2694

01:49:57,709 --> 01:49:56,040

this month

2695

01:49:59,990 --> 01:49:57,719

people are finally going to be able to

2696

01:50:03,290 --> 01:50:00,000

download it as

2697

01:50:06,169 --> 01:50:03,300

Altos Alpha One

2698

01:50:08,870 --> 01:50:06,179

that's the first release this will be

2699

01:50:11,810 --> 01:50:08,880

released

2700

01:50:14,090 --> 01:50:11,820

by the end of this month all my patrons

2701
01:50:17,450 --> 01:50:14,100
and patreon supporters will be able to

2702
01:50:20,450 --> 01:50:17,460
download it for free

2703
01:50:23,209 --> 01:50:20,460
and then uh shortly thereafter I'm gonna

2704
01:50:25,970 --> 01:50:23,219
put up the link publicly so anybody can

2705
01:50:29,450 --> 01:50:25,980
also try it out

2706
01:50:31,250 --> 01:50:29,460
this is a major project of mine and I'm

2707
01:50:33,590 --> 01:50:31,260
so happy to be able to say that it's

2708
01:50:35,030 --> 01:50:33,600
finally going to be done but done is the

2709
01:50:37,010 --> 01:50:35,040
wrong word

2710
01:50:38,689 --> 01:50:37,020
it's really just going to be the first

2711
01:50:40,490 --> 01:50:38,699
step

2712
01:50:43,070 --> 01:50:40,500
in a series of

2713
01:50:47,330 --> 01:50:43,080

larger steps that need to be taken to

2714

01:50:49,310 --> 01:50:47,340

make this thing really real and powerful

2715

01:50:52,129 --> 01:50:49,320

and you know it's going to take a lot of

2716

01:50:55,609 --> 01:50:52,139

testing and Bug fixing for a while

2717

01:50:57,649 --> 01:50:55,619

but the base that I have so far is very

2718

01:51:01,010 --> 01:50:57,659

stable

2719

01:51:05,209 --> 01:51:01,020

and then finally the Mind hack project

2720

01:51:08,810 --> 01:51:05,219

is another long-term artistic project of

2721

01:51:10,790 --> 01:51:08,820

mine that will be wrapping up I hope

2722

01:51:13,910 --> 01:51:10,800

very very soon

2723

01:51:16,669 --> 01:51:13,920

there will be just a few more mind hack

2724

01:51:19,550 --> 01:51:16,679

demos and for those that don't know if

2725

01:51:23,870 --> 01:51:19,560

you're a patreon supporter every month

2726

01:51:28,070 --> 01:51:23,880

I post a new demo of tracks audio tracks

2727

01:51:30,189 --> 01:51:28,080

from the mindhack system project

2728

01:51:33,229 --> 01:51:30,199

and at the end

2729

01:51:36,410 --> 01:51:33,239

this month there will be another short

2730

01:51:38,209 --> 01:51:36,420

demo but at the end of the demo phase

2731

01:51:40,370 --> 01:51:38,219

I'm going to mix this whole thing and

2732

01:51:42,890 --> 01:51:40,380

master it and all of my patreon

2733

01:51:45,890 --> 01:51:42,900

supporters get a free copy of the

2734

01:51:47,750 --> 01:51:45,900

finished project and uh you know they've

2735

01:51:51,649 --> 01:51:47,760

been getting pieces of it but when it's

2736

01:51:54,350 --> 01:51:51,659

all done uh and I anticipate that should

2737

01:51:58,070 --> 01:51:54,360

be sometime in the next two months

2738

01:52:00,709 --> 01:51:58,080

you get a copy of the finished final

2739

01:52:02,689 --> 01:52:00,719

version which will be mixed and mastered

2740

01:52:05,270 --> 01:52:02,699

a little better well a lot better

2741

01:52:07,010 --> 01:52:05,280

actually than the original demos that

2742

01:52:09,350 --> 01:52:07,020

you've been enjoying

2743

01:52:12,290 --> 01:52:09,360

I have also decided

2744

01:52:16,490 --> 01:52:12,300

that I will be doing a second set of

2745

01:52:20,330 --> 01:52:16,500

binaural beats uh there's already one

2746

01:52:23,510 --> 01:52:20,340

set for each of the brain States

2747

01:52:25,850 --> 01:52:23,520

that is included already you guys

2748

01:52:28,430 --> 01:52:25,860

already heard that

2749

01:52:31,910 --> 01:52:28,440

I was in I believe demo three the

2750

01:52:34,550 --> 01:52:31,920

binaural beats but

2751

01:52:37,250 --> 01:52:34,560

I really uh

2752

01:52:38,750 --> 01:52:37,260

want to work a little harder the the set

2753

01:52:41,090 --> 01:52:38,760

of binaural beats that I've already

2754

01:52:44,629 --> 01:52:41,100

provided they work they're very

2755

01:52:46,609 --> 01:52:44,639

effective I think I did a good job but I

2756

01:52:49,550 --> 01:52:46,619

really want to give another shot at

2757

01:52:51,410 --> 01:52:49,560

doing a whole new set of binaural beats

2758

01:52:53,330 --> 01:52:51,420

one for each brain State and this way I

2759

01:52:55,970 --> 01:52:53,340

can include two

2760

01:52:58,129 --> 01:52:55,980

um two different sets of binaural beats

2761

01:53:00,590 --> 01:52:58,139

into the Mind hack system

2762

01:53:03,770 --> 01:53:00,600

that everyone will get when the you know

2763

01:53:05,750 --> 01:53:03,780

in the final product and again my

2764

01:53:07,790 --> 01:53:05,760

patreon supporters will be getting those

2765

01:53:09,649 --> 01:53:07,800

as soon as they're finished I upload

2766

01:53:11,090 --> 01:53:09,659

them and share the link with the patreon

2767

01:53:13,609 --> 01:53:11,100

supporters

2768

01:53:16,010 --> 01:53:13,619

so my friends

2769

01:53:17,810 --> 01:53:16,020

that I yeah you can tell I've got a lot

2770

01:53:20,450 --> 01:53:17,820

going on here

2771

01:53:23,750 --> 01:53:20,460

this as well as the end of the Midnight

2772

01:53:26,090 --> 01:53:23,760

Hour show another major project of mine

2773

01:53:29,629 --> 01:53:26,100

is sort of ending

2774

01:53:33,890 --> 01:53:29,639

and you know as you can see I'm going to

2775

01:53:36,410 --> 01:53:33,900

be busy with other projects

2776

01:53:38,810 --> 01:53:36,420

I want to thank you each and every one

2777

01:53:42,169 --> 01:53:38,820

of you for joining me tonight and every

2778

01:53:46,250 --> 01:53:42,179

Saturday night here on The Fringe FM

2779

01:53:49,609 --> 01:53:46,260

it has been my honor and privilege to be

2780

01:53:52,609 --> 01:53:49,619

part of your night until next time folks

2781

01:53:55,129 --> 01:53:52,619

I'm Stephen cambian reminding you that

2782

01:53:57,410 --> 01:53:55,139

the major reason for setting a goal is

2783

01:54:00,470 --> 01:53:57,420

for what it makes of you to accomplish

2784

01:54:03,370 --> 01:54:00,480

it what it makes of you will always be

2785

01:54:08,090 --> 01:54:03,380

the far greater value than what you get

2786

01:54:08,100 --> 01:54:22,300

foreign

2787

01:54:22,310 --> 01:54:39,050
