

A black and white portrait of John David McAfee, a man with a beard and mustache, looking slightly to the right. The lighting is dramatic, with strong shadows on the left side of his face.

John David McAfee

The Man, the Myth, the Legend

September 18, 1945 – June 23, 2021

1
00:00:04,130 --> 00:00:02,810
readings and salutations friends and

2
00:00:07,130 --> 00:00:04,140
welcome back

3
00:00:12,770 --> 00:00:07,140
it is with sadness that I present to you

4
00:00:14,690 --> 00:00:12,780
today's video which is a Premiere uh on

5
00:00:16,670 --> 00:00:14,700
our channel here at least of an

6
00:00:19,189 --> 00:00:16,680
interview that I conducted with John

7
00:00:22,550 --> 00:00:19,199
McAfee some time ago

8
00:00:26,870 --> 00:00:22,560
this interview was conducted before his

9
00:00:29,450 --> 00:00:26,880
death I am aware of all of the rumors uh

10
00:00:31,849 --> 00:00:29,460
all over the Internet that John McAfee

11
00:00:34,610 --> 00:00:31,859
faked his own death

12
00:00:36,709 --> 00:00:34,620
I have no comment about that though to

13
00:00:39,170 --> 00:00:36,719

be honest if I heard that there was

14

00:00:42,410 --> 00:00:39,180

proof of that or that it were true I

15

00:00:44,750 --> 00:00:42,420

would be happy to hear that John McAfee

16

00:00:46,010 --> 00:00:44,760

is still alive and well somewhere in the

17

00:00:49,430 --> 00:00:46,020

world

18

00:00:50,350 --> 00:00:49,440

while growing up John McAfee uh was an

19

00:00:54,229 --> 00:00:50,360

early

20

00:00:56,209 --> 00:00:54,239

inspiration to me an idol really a lot

21

00:00:58,850 --> 00:00:56,219

of people aren't aware but John McAfee

22

00:01:00,910 --> 00:00:58,860

was one of the early pioneers of this

23

00:01:07,070 --> 00:01:00,920

thing called shareware

24

00:01:10,730 --> 00:01:07,080

and uh that became a huge thing and many

25

00:01:11,990 --> 00:01:10,740

in the early software movement created

26

00:01:14,330 --> 00:01:12,000

companies

27

00:01:16,130 --> 00:01:14,340

which would allow people to share

28

00:01:18,830 --> 00:01:16,140

software and get

29

00:01:20,749 --> 00:01:18,840

let's say the basic version of the

30

00:01:23,030 --> 00:01:20,759

software and if you wanted the

31

00:01:25,910 --> 00:01:23,040

professional version you would upgrade

32

00:01:28,969 --> 00:01:25,920

and send off a check

33

00:01:32,210 --> 00:01:28,979

and so John McAfee was an early software

34

00:01:34,609 --> 00:01:32,220

pioneer I wanted to be

35

00:01:37,429 --> 00:01:34,619

someone who would form a software

36

00:01:40,010 --> 00:01:37,439

company myself never did quite get

37

00:01:44,390 --> 00:01:40,020

around to that but

38

00:01:48,710 --> 00:01:44,400

I have always admired him and his Fierce

39
00:01:53,030 --> 00:01:48,720
Independence his Renegade streak and uh

40
00:01:54,950 --> 00:01:53,040
his standing up to the status quo

41
00:01:57,950 --> 00:01:54,960
it was an honor and a privilege to be

42
00:02:00,590 --> 00:01:57,960
able to interview Mr McAfee after all he

43
00:02:02,690 --> 00:02:00,600
was a childhood hero of mine many people

44
00:02:05,749 --> 00:02:02,700
don't know but one of the ways that John

45
00:02:09,910 --> 00:02:05,759
McAfee got rich was by scrolling all the

46
00:02:13,610 --> 00:02:09,920
corporations out of money uh his early

47
00:02:16,130 --> 00:02:13,620
anti-virus software was distributed uh

48
00:02:19,430 --> 00:02:16,140
largely for free

49
00:02:21,290 --> 00:02:19,440
but it was not for corporate or

50
00:02:23,030 --> 00:02:21,300
commercial use there was a separate

51
00:02:26,869 --> 00:02:23,040
license for that

52
00:02:30,589 --> 00:02:26,879
so through a loophole of laws some might

53
00:02:32,869 --> 00:02:30,599
say John McAfee got to Stick it to the

54
00:02:35,210 --> 00:02:32,879
Man and force all these Mega

55
00:02:36,890 --> 00:02:35,220
corporations to give him huge amounts of

56
00:02:40,610 --> 00:02:36,900
money

57
00:02:42,710 --> 00:02:40,620
um and also his early antivirus software

58
00:02:47,690 --> 00:02:42,720
became so popular

59
00:02:50,650 --> 00:02:47,700
uh that by 1990 John McAfee who was an

60
00:02:53,630 --> 00:02:50,660
early software Pioneer was making some

61
00:02:56,210 --> 00:02:53,640
five million dollars a year

62
00:02:58,309 --> 00:02:56,220
something completely unheard of at the

63
00:03:01,190 --> 00:02:58,319

time

64

00:03:03,430 --> 00:03:01,200

he was also my idol for other reasons

65

00:03:09,470 --> 00:03:03,440

like his

66

00:03:13,309 --> 00:03:09,480

attitude and his Fierce Independence his

67

00:03:14,449 --> 00:03:13,319

being a renegade and loving being a

68

00:03:16,490 --> 00:03:14,459

renegade

69

00:03:19,190 --> 00:03:16,500

made him special to me

70

00:03:21,589 --> 00:03:19,200

it was an honor and privilege to get to

71

00:03:23,509 --> 00:03:21,599

talk to him even get to know him a

72

00:03:26,630 --> 00:03:23,519

little bit both before and after this

73

00:03:29,390 --> 00:03:26,640

interview and that my friends is a whole

74

00:03:32,290 --> 00:03:29,400

story in and of itself because you see

75

00:03:35,809 --> 00:03:32,300

after the interview

76
00:03:36,710 --> 00:03:35,819
John McAfee asked me for a cell phone

77
00:03:40,729 --> 00:03:36,720
number

78
00:03:43,190 --> 00:03:40,739
and uh I gave him that and

79
00:03:44,050 --> 00:03:43,200
What followed is a strange series of

80
00:03:47,930 --> 00:03:44,060
things

81
00:03:50,149 --> 00:03:47,940
uh John McAfee out of nowhere would call

82
00:03:52,309 --> 00:03:50,159
me at three o'clock in the morning he

83
00:03:55,970 --> 00:03:52,319
first called me uh after the interview

84
00:03:58,190 --> 00:03:55,980
at one point I assumed that he was in

85
00:04:00,410 --> 00:03:58,200
some strange part of the world I told

86
00:04:03,050 --> 00:04:00,420
him what time it was and he said oh

87
00:04:05,270 --> 00:04:03,060
you're not busy are you like drop

88
00:04:07,970 --> 00:04:05,280

everything because John McAfee's on the

89

00:04:09,970 --> 00:04:07,980

phone and honestly I did drop everything

90

00:04:14,449 --> 00:04:09,980

to talk to him

91

00:04:16,670 --> 00:04:14,459

uh John said you're like a big Tech guy

92

00:04:18,289 --> 00:04:16,680

right and I said yeah and he goes okay

93

00:04:21,770 --> 00:04:18,299

tell me everything you know about

94

00:04:23,749 --> 00:04:21,780

Faraday cages and I said well I I mean I

95

00:04:25,909 --> 00:04:23,759

have a basic understanding you know it's

96

00:04:28,909 --> 00:04:25,919

a metal box and you put electronic

97

00:04:30,530 --> 00:04:28,919

devices in it and you know no signals

98

00:04:33,530 --> 00:04:30,540

can go in or out

99

00:04:35,689 --> 00:04:33,540

and John said yeah yeah but what can I

100

00:04:37,490 --> 00:04:35,699

use them for like can I use them so that

101
00:04:39,530 --> 00:04:37,500
my cell phones can't be tracked and I

102
00:04:43,909 --> 00:04:39,540
said well yeah they sell things called

103
00:04:47,749 --> 00:04:43,919
privacy pouches John and uh he asked for

104
00:04:50,210 --> 00:04:47,759
me to recommend for him what the best

105
00:04:53,629 --> 00:04:50,220
privacy pouch to put your cell phone in

106
00:04:56,350 --> 00:04:53,639
so that people couldn't track you and I

107
00:04:59,810 --> 00:04:56,360
gave him my suggestions

108
00:05:02,090 --> 00:04:59,820
uh and uh later in the conversation John

109
00:05:05,210 --> 00:05:02,100
told me that he had decided that he was

110
00:05:07,670 --> 00:05:05,220
going to build a room-sized faraday cage

111
00:05:11,270 --> 00:05:07,680
and that's where he was going to stay so

112
00:05:13,310 --> 00:05:11,280
that people could never track him and

113
00:05:15,469 --> 00:05:13,320

um you know I didn't know what to say to

114

00:05:18,350 --> 00:05:15,479

this I just thought well that's a little

115

00:05:20,210 --> 00:05:18,360

crazy I as I recall I said that's a

116

00:05:23,629 --> 00:05:20,220

little crazy John and he goes well don't

117

00:05:25,790 --> 00:05:23,639

you know Stephen I am crazy ask anybody

118

00:05:27,890 --> 00:05:25,800

I'm gonna do it I'm gonna build this

119

00:05:30,710 --> 00:05:27,900

Faraday cage and it was

120

00:05:32,810 --> 00:05:30,720

a short time later that I saw that he

121

00:05:36,170 --> 00:05:32,820

actually did it and he was making videos

122

00:05:38,270 --> 00:05:36,180

from inside a room that he had

123

00:05:39,830 --> 00:05:38,280

constructed that was a giant Faraday

124

00:05:41,810 --> 00:05:39,840

cage

125

00:05:44,510 --> 00:05:41,820

um John was

126

00:05:47,450 --> 00:05:44,520

On The Run uh from various law

127

00:05:51,350 --> 00:05:47,460

enforcement officials in multiple

128

00:05:55,249 --> 00:05:51,360

countries as I recall and uh he was

129

00:05:59,810 --> 00:05:55,259

quite paranoid and so he would call me

130

00:06:02,270 --> 00:05:59,820

and uh ask me things like weird things

131

00:06:06,770 --> 00:06:02,280

like Stephen do you know Morse code and

132

00:06:09,230 --> 00:06:06,780

I said well not by Heart John like I I

133

00:06:11,150 --> 00:06:09,240

know what Morse code is and I know what

134

00:06:14,150 --> 00:06:11,160

its use is but I wouldn't be able to

135

00:06:16,370 --> 00:06:14,160

decipher it you know it would take me

136

00:06:19,010 --> 00:06:16,380

forever like I'd have to if somebody

137

00:06:21,529 --> 00:06:19,020

sent me a tape for example of a morse

138

00:06:24,469 --> 00:06:21,539

code message it would take me forever to

139

00:06:26,210 --> 00:06:24,479

try to encode it you know decode it and

140

00:06:27,950 --> 00:06:26,220

he said isn't there there's software for

141

00:06:29,629 --> 00:06:27,960

that isn't there software for that and I

142

00:06:32,510 --> 00:06:29,639

looked it up and said yeah John I found

143

00:06:35,749 --> 00:06:32,520

some software that will decode Morse

144

00:06:37,730 --> 00:06:35,759

code messages and John McAfee told me

145

00:06:39,469 --> 00:06:37,740

okay that's what I'm going to do I'm

146

00:06:41,710 --> 00:06:39,479

only going to communicate in Morse code

147

00:06:45,110 --> 00:06:41,720

from now on and I said

148

00:06:46,969 --> 00:06:45,120

to me or to everybody in John McAfee

149

00:06:49,029 --> 00:06:46,979

told me that he was only going to

150

00:06:53,029 --> 00:06:49,039

communicate in Morse code

151
00:06:55,129 --> 00:06:53,039
uh you know to people around the world

152
00:06:58,670 --> 00:06:55,139
that he was communicating with which I

153
00:07:00,350 --> 00:06:58,680
thought was just Bizarro because that it

154
00:07:02,090 --> 00:07:00,360
just didn't make any sense like anybody

155
00:07:04,909 --> 00:07:02,100
could get

156
00:07:07,070 --> 00:07:04,919
a morse code message and decode it and I

157
00:07:08,689 --> 00:07:07,080
told him that so then he said well maybe

158
00:07:11,270 --> 00:07:08,699
I need to develop something better than

159
00:07:13,189 --> 00:07:11,280
Morse code that only I and the people I

160
00:07:14,930 --> 00:07:13,199
communicate with know and I said yeah

161
00:07:18,050 --> 00:07:14,940
John that's a cipher you're a

162
00:07:19,909 --> 00:07:18,060
mathematics guy you you can develop some

163
00:07:21,589 --> 00:07:19,919

sort of math Cipher and he goes that's a

164

00:07:24,350 --> 00:07:21,599

great idea that's what I'm going to do

165

00:07:26,089 --> 00:07:24,360

Stephen and he hung up on me and then I

166

00:07:28,430 --> 00:07:26,099

didn't hear from him for a few weeks and

167

00:07:30,529 --> 00:07:28,440

then he called me again and he was told

168

00:07:33,409 --> 00:07:30,539

me that he developed his own Cipher and

169

00:07:36,409 --> 00:07:33,419

that he was going to send it to me uh he

170

00:07:38,330 --> 00:07:36,419

never did I gave him an email address uh

171

00:07:40,610 --> 00:07:38,340

but he told me that he was currently

172

00:07:42,350 --> 00:07:40,620

someplace that he couldn't email

173

00:07:44,450 --> 00:07:42,360

and by the way to the best of my

174

00:07:48,050 --> 00:07:44,460

understanding he was calling me from

175

00:07:51,830 --> 00:07:48,060

satellite telephone uh telephones or

176

00:07:54,469 --> 00:07:51,840

something some odd untrackable according

177

00:07:56,450 --> 00:07:54,479

to him form of communication

178

00:07:58,490 --> 00:07:56,460

another instance

179

00:08:02,510 --> 00:07:58,500

um John McAfee called me

180

00:08:05,510 --> 00:08:02,520

and he asked me what I knew about web

181

00:08:07,610 --> 00:08:05,520

Bots that could scrape the internet for

182

00:08:11,270 --> 00:08:07,620

information he was looking for

183

00:08:13,550 --> 00:08:11,280

I uh related to him that I had written a

184

00:08:18,230 --> 00:08:13,560

Web Bot that could do something similar

185

00:08:21,950 --> 00:08:18,240

and look for certain keywords even maybe

186

00:08:24,550 --> 00:08:21,960

you know go through the deep dark web or

187

00:08:28,189 --> 00:08:24,560

the you know uh

188

00:08:31,430 --> 00:08:28,199

let's just say the less than safe places

189

00:08:34,010 --> 00:08:31,440

on the internet looking for information

190

00:08:35,829 --> 00:08:34,020

he seemed very interested and then he

191

00:08:39,110 --> 00:08:35,839

started asking me very specific

192

00:08:40,850 --> 00:08:39,120

questions what was the Web Bot written

193

00:08:43,310 --> 00:08:40,860

in what language

194

00:08:45,590 --> 00:08:43,320

was it self-learning did it have

195

00:08:47,650 --> 00:08:45,600

self-learning algorithms all kinds of

196

00:08:49,490 --> 00:08:47,660

strange questions

197

00:08:52,130 --> 00:08:49,500

eventually

198

00:08:54,530 --> 00:08:52,140

John confided in me that he was looking

199

00:08:56,750 --> 00:08:54,540

for a Web Bot that would scrape the

200

00:08:59,449 --> 00:08:56,760

entire internet for anything ever

201
00:09:01,810 --> 00:08:59,459
written about him and then compile it

202
00:09:06,290 --> 00:09:01,820
into a database

203
00:09:09,470 --> 00:09:06,300
uh and uh you know this is again this

204
00:09:11,630 --> 00:09:09,480
was like a 3 A.M phone call and John

205
00:09:14,870 --> 00:09:11,640
McAfee said can you make that happen

206
00:09:16,790 --> 00:09:14,880
Stephen and I said well I could but I

207
00:09:19,370 --> 00:09:16,800
you know I have a wife and kids and a

208
00:09:21,590 --> 00:09:19,380
business and a shout run I you know this

209
00:09:25,550 --> 00:09:21,600
would take like a huge amount of time

210
00:09:28,130 --> 00:09:25,560
and resources could I do it Mr McAfee I

211
00:09:29,990 --> 00:09:28,140
think I could but it would take me a lot

212
00:09:32,750 --> 00:09:30,000
of time and he said Stephen you should

213
00:09:35,690 --> 00:09:32,760

get on that I'm a wealthy man and I said

214

00:09:37,490 --> 00:09:35,700

I'm aware of your money yeah I I know

215

00:09:41,269 --> 00:09:37,500

and then

216

00:09:43,430 --> 00:09:41,279

I did uh say well did you want to pay me

217

00:09:45,350 --> 00:09:43,440

for that and he said do you need to be

218

00:09:47,870 --> 00:09:45,360

paid for everything Stephen some things

219

00:09:50,690 --> 00:09:47,880

you should just do I'm a good friend to

220

00:09:52,610 --> 00:09:50,700

have and I said oh okay John you know

221

00:09:56,150 --> 00:09:52,620

look I could start working on it in my

222

00:09:59,630 --> 00:09:56,160

spare time and again then he just said

223

00:10:01,910 --> 00:09:59,640

get on it and he hung up on me and uh

224

00:10:03,250 --> 00:10:01,920

and then I didn't hear from him

225

00:10:06,050 --> 00:10:03,260

for

226

00:10:08,930 --> 00:10:06,060

several weeks again

227

00:10:10,790 --> 00:10:08,940

and he called me and he told me did you

228

00:10:13,190 --> 00:10:10,800

get the Web Bot to work and I said

229

00:10:16,370 --> 00:10:13,200

vaguely it's not really doing everything

230

00:10:17,690 --> 00:10:16,380

that you want but it will scrape you

231

00:10:21,250 --> 00:10:17,700

know it will look through the internet

232

00:10:24,949 --> 00:10:21,260

for anything with your name

233

00:10:28,130 --> 00:10:24,959

uh associate it with it any any internet

234

00:10:31,730 --> 00:10:28,140

posts whether it be a news site a media

235

00:10:33,949 --> 00:10:31,740

site a Blog anything if it sees John

236

00:10:34,850 --> 00:10:33,959

McAfee it will pick it up and save the

237

00:10:37,430 --> 00:10:34,860

link

238

00:10:40,670 --> 00:10:37,440

and he said what about compiling it to a

239

00:10:42,470 --> 00:10:40,680

database I need it by date and post it

240

00:10:45,290 --> 00:10:42,480

to the internet and I said well you know

241

00:10:47,329 --> 00:10:45,300

I I started working on this and then he

242

00:10:49,550 --> 00:10:47,339

goes you know what forget it and I had

243

00:10:52,790 --> 00:10:49,560

spent a few weeks like trying to get

244

00:10:55,069 --> 00:10:52,800

this thing to work for him and uh he

245

00:10:58,310 --> 00:10:55,079

just completely and totally lost

246

00:11:01,190 --> 00:10:58,320

interest didn't want me to do it anymore

247

00:11:03,110 --> 00:11:01,200

um and then there was a final sort of uh

248

00:11:06,829 --> 00:11:03,120

middle of the night phone call that was

249

00:11:08,630 --> 00:11:06,839

disturbing he uh told me that they're on

250

00:11:10,550 --> 00:11:08,640

to him or something like that like it

251
00:11:13,610 --> 00:11:10,560
was just a very paranoid

252
00:11:15,889 --> 00:11:13,620
call and he said uh I think they're

253
00:11:17,810 --> 00:11:15,899
gonna they're gonna finally catch up to

254
00:11:19,670 --> 00:11:17,820
me and I said who he said all the people

255
00:11:20,810 --> 00:11:19,680
after me Steve and they're finally gonna

256
00:11:24,470 --> 00:11:20,820
get me

257
00:11:27,290 --> 00:11:24,480
in their grasp and uh you know I tried

258
00:11:31,550 --> 00:11:27,300
to uh tell them to relax

259
00:11:34,430 --> 00:11:31,560
um I was aware that John was uh you know

260
00:11:37,009 --> 00:11:34,440
he was very into partying and uh

261
00:11:39,650 --> 00:11:37,019
drinking and a lot of drugs so I

262
00:11:42,710 --> 00:11:39,660
suggested that he lay off the drugs and

263
00:11:45,650 --> 00:11:42,720

uh you know maybe see a doctor and try

264

00:11:47,810 --> 00:11:45,660

to relax and he told me that he couldn't

265

00:11:49,430 --> 00:11:47,820

relax all these people are after me

266

00:11:51,350 --> 00:11:49,440

these people are out to get me they're

267

00:11:55,250 --> 00:11:51,360

out to destroy me

268

00:11:58,250 --> 00:11:55,260

and that was the last that I ever got a

269

00:12:00,410 --> 00:11:58,260

phone call from John McAfee

270

00:12:03,710 --> 00:12:00,420

um and you know

271

00:12:06,889 --> 00:12:03,720

I always wondered like uh did he forget

272

00:12:08,930 --> 00:12:06,899

who I was or did he just get busy and

273

00:12:11,030 --> 00:12:08,940

and by the way these were like random

274

00:12:14,090 --> 00:12:11,040

calls that would come weeks apart or

275

00:12:14,870 --> 00:12:14,100

months apart right after the interview

276

00:12:17,030 --> 00:12:14,880

um

277

00:12:20,090 --> 00:12:17,040

I never quite knew what to make of them

278

00:12:22,009 --> 00:12:20,100

but I always I thought it was like

279

00:12:24,650 --> 00:12:22,019

remember that this guy was one of my

280

00:12:26,810 --> 00:12:24,660

Idols growing up so I was glad every

281

00:12:28,190 --> 00:12:26,820

time that he called and we talked about

282

00:12:31,430 --> 00:12:28,200

some other

283

00:12:35,509 --> 00:12:31,440

things personal things that I won't you

284

00:12:39,710 --> 00:12:35,519

know uh disclose or share

285

00:12:42,230 --> 00:12:39,720

um but what an interesting uh part of my

286

00:12:45,829 --> 00:12:42,240

life to get to talk to and meet one of

287

00:12:48,110 --> 00:12:45,839

my childhood Idols right uh even I

288

00:12:49,790 --> 00:12:48,120

suppose work on a project for him that

289

00:12:53,030 --> 00:12:49,800

he then decided he was no longer

290

00:12:55,430 --> 00:12:53,040

interested in but that was John and he

291

00:12:57,790 --> 00:12:55,440

was uh strange

292

00:13:01,550 --> 00:12:57,800

he was uh

293

00:13:04,250 --> 00:13:01,560

brilliant we talked about math we talked

294

00:13:05,629 --> 00:13:04,260

about coding we talked about

295

00:13:08,050 --> 00:13:05,639

um he was very interested in

296

00:13:11,629 --> 00:13:08,060

self-learning algorithms

297

00:13:14,090 --> 00:13:11,639

which is really an advanced form of of

298

00:13:18,009 --> 00:13:14,100

computer programming where the the

299

00:13:21,710 --> 00:13:18,019

program learns and adapts and overcomes

300

00:13:24,050 --> 00:13:21,720

obstacles and but he was already very

301
00:13:27,889 --> 00:13:24,060
aware of these things from his study of

302
00:13:30,889 --> 00:13:27,899
malware and computer viruses

303
00:13:32,449 --> 00:13:30,899
um we did talk about computer viruses

304
00:13:36,650 --> 00:13:32,459
and uh

305
00:13:39,470 --> 00:13:36,660
you know I asked him a lot about uh you

306
00:13:41,269 --> 00:13:39,480
know people who claim that a virus could

307
00:13:44,810 --> 00:13:41,279
take down the U.S

308
00:13:46,790 --> 00:13:44,820
power grid and things like that and and

309
00:13:49,370 --> 00:13:46,800
he seemed to believe that it was not

310
00:13:51,889 --> 00:13:49,380
only entirely possible but probable that

311
00:13:55,329 --> 00:13:51,899
somebody would Cyber attack us in the

312
00:13:59,990 --> 00:13:55,339
future and take our uh power grid down

313
00:14:02,389 --> 00:14:00,000

using uh computer malware or viruses

314

00:14:05,569 --> 00:14:02,399

so

315

00:14:07,970 --> 00:14:05,579

that's really all I got uh I will say

316

00:14:11,030 --> 00:14:07,980

that I think that the loss of John

317

00:14:14,269 --> 00:14:11,040

McAfee it's any suicide is a senseless

318

00:14:16,129 --> 00:14:14,279

loss it didn't need to happen

319

00:14:20,569 --> 00:14:16,139

um but

320

00:14:24,410 --> 00:14:20,579

sadly John according to news reports and

321

00:14:25,490 --> 00:14:24,420

authorities there took his own life but

322

00:14:26,269 --> 00:14:25,500

it is

323

00:14:28,910 --> 00:14:26,279

um

324

00:14:32,210 --> 00:14:28,920

strange to me that it's been

325

00:14:34,150 --> 00:14:32,220

all it took them all this this time to

326

00:14:37,129 --> 00:14:34,160

come up with an autopsy report

327

00:14:38,990 --> 00:14:37,139

and last I checked they still the

328

00:14:41,829 --> 00:14:39,000

authorities still have not released his

329

00:14:46,310 --> 00:14:41,839

remains to his wife and family

330

00:14:47,710 --> 00:14:46,320

and that's strange why does he died in

331

00:14:51,650 --> 00:14:47,720

uh

332

00:14:54,170 --> 00:14:51,660

June 23rd of 2021 and they still have

333

00:14:57,970 --> 00:14:54,180

not released his body

334

00:15:01,009 --> 00:14:57,980

John may have enjoyed uh from my

335

00:15:03,889 --> 00:15:01,019

conversations with them John seemed to

336

00:15:06,110 --> 00:15:03,899

enjoy all the conspiracy theories and

337

00:15:07,550 --> 00:15:06,120

controversy around him

338

00:15:08,389 --> 00:15:07,560

and

339

00:15:12,350 --> 00:15:08,399

um

340

00:15:14,030 --> 00:15:12,360

knowing in the little bit that I do I

341

00:15:16,069 --> 00:15:14,040

think that he would be happy to hear

342

00:15:17,750 --> 00:15:16,079

that people are saying that he faked his

343

00:15:19,550 --> 00:15:17,760

own life and he's still alive out there

344

00:15:21,410 --> 00:15:19,560

and there's all of these conspiracies

345

00:15:25,610 --> 00:15:21,420

surrounding him

346

00:15:27,530 --> 00:15:25,620

he was a strange brilliant and uh

347

00:15:30,949 --> 00:15:27,540

amazing individual

348

00:15:33,230 --> 00:15:30,959

and I think that the world is a little

349

00:15:35,750 --> 00:15:33,240

less bright without him

350

00:15:38,290 --> 00:15:35,760

so with all that said

351
00:15:42,480 --> 00:15:38,300
here my friends is my original interview

352
00:16:06,949 --> 00:15:42,490
John McAfee and me

353
00:16:07,260 --> 00:16:06,959
[Music]

354
00:16:15,009 --> 00:16:07,270
foreign

355
00:16:19,550 --> 00:16:18,470
s and salutations friends and welcome

356
00:16:22,970 --> 00:16:19,560
back

357
00:16:25,370 --> 00:16:22,980
to another exciting edition of The

358
00:16:29,509 --> 00:16:25,380
Midnight Hour show

359
00:16:34,430 --> 00:16:29,519
this my friends will also be the final

360
00:16:42,290 --> 00:16:38,389
this my friends has been a wild and

361
00:16:45,350 --> 00:16:42,300
crazy Journey and I for one am thankful

362
00:16:48,410 --> 00:16:45,360
for that Journey

363
00:16:50,389 --> 00:16:48,420

I have truly gotten to speak to some

364

00:16:53,170 --> 00:16:50,399

amazing people

365

00:16:57,170 --> 00:16:53,180

so I thought for the Midnight Hour show

366

00:16:59,449 --> 00:16:57,180

let's talk to someone amazing and I'm

367

00:17:02,689 --> 00:16:59,459

happy to say that tonight I will be

368

00:17:05,630 --> 00:17:02,699

interviewing the wild man

369

00:17:09,409 --> 00:17:05,640

John McAfee

370

00:17:12,110 --> 00:17:09,419

folks he's one of the craziest and most

371

00:17:13,610 --> 00:17:12,120

interesting people on Twitter you can

372

00:17:15,350 --> 00:17:13,620

follow him on Twitter to see what I'm

373

00:17:17,210 --> 00:17:15,360

talking about and then you'll kind of

374

00:17:20,270 --> 00:17:17,220

understand

375

00:17:22,669 --> 00:17:20,280

a renegade billionaire who doesn't care

376

00:17:23,990 --> 00:17:22,679

what people think about the things he

377

00:17:26,270 --> 00:17:24,000

says

378

00:17:28,510 --> 00:17:26,280

a man who has had the courage to stand

379

00:17:31,370 --> 00:17:28,520

up to the United States government

380

00:17:35,090 --> 00:17:31,380

and kind of suffer the consequences for

381

00:17:41,930 --> 00:17:39,350

folks John McAfee has lived an amazing

382

00:17:44,150 --> 00:17:41,940

and interesting life

383

00:17:46,010 --> 00:17:44,160

he always seems though to be on some

384

00:17:47,390 --> 00:17:46,020

kind of crazy train

385

00:17:49,490 --> 00:17:47,400

I thought it would be fun if we could

386

00:17:51,110 --> 00:17:49,500

hop on that crazy train with him for a

387

00:17:53,029 --> 00:17:51,120

little while

388

00:17:54,529 --> 00:17:53,039

talk to him and see what he's really

389

00:17:56,390 --> 00:17:54,539

like

390

00:17:58,850 --> 00:17:56,400

so my friends

391

00:18:04,930 --> 00:17:58,860

with no further Ado let's get to the

392

00:18:08,990 --> 00:18:07,490

the first question that I had for you is

393

00:18:09,710 --> 00:18:09,000

there something that you and I have in

394

00:18:11,930 --> 00:18:09,720

common

395

00:18:13,789 --> 00:18:11,940

one of my first jobs was selling

396

00:18:16,490 --> 00:18:13,799

magazines door-to-door and a lot of

397

00:18:18,409 --> 00:18:16,500

people don't know but I've heard ah this

398

00:18:20,810 --> 00:18:18,419

was your first one of your first jobs I

399

00:18:24,110 --> 00:18:20,820

learned a lot about people and being

400

00:18:26,930 --> 00:18:24,120

charismatic and manipulative honestly oh

401

00:18:30,169 --> 00:18:26,940

hell yes I worked for a couple of them

402

00:18:32,390 --> 00:18:30,179

you know and and uh this you know the

403

00:18:35,090 --> 00:18:32,400

Spiel was the same I mean that they'd

404

00:18:40,610 --> 00:18:35,100

move into town and then have a bank of

405

00:18:41,270 --> 00:18:40,620

women uh with uh phone numbers in in uh

406

00:18:43,909 --> 00:18:41,280

um

407

00:18:45,730 --> 00:18:43,919

the address Order each house next to the

408

00:18:48,669 --> 00:18:45,740

other and they just call every house

409

00:18:53,390 --> 00:18:48,679

every street and they say the same thing

410

00:18:56,510 --> 00:18:53,400

Mrs Jones congratulations now I'm Amy

411

00:19:00,950 --> 00:18:56,520

Smith with Ben Franklin magazine and you

412

00:19:03,409 --> 00:19:00,960

just won a 60-month subscription to any

413

00:19:05,330 --> 00:19:03,419

five magazines of your choice oh my God

414

00:19:07,669 --> 00:19:05,340

that sounds so similar to mine I had

415

00:19:09,529 --> 00:19:07,679

this I was like you get time TV guide

416

00:19:11,750 --> 00:19:09,539

and for other magazines let me show you

417

00:19:13,789 --> 00:19:11,760

that's right yeah I right I didn't I

418

00:19:16,970 --> 00:19:13,799

didn't include that for for me it was

419

00:19:20,029 --> 00:19:16,980

always Better Homes and Gardens look uh

420

00:19:21,529 --> 00:19:20,039

you know whatever but the same thing and

421

00:19:22,810 --> 00:19:21,539

then ending with have you ever won

422

00:19:25,850 --> 00:19:22,820

anything before Mrs Smith

423

00:19:28,669 --> 00:19:25,860

congratulations and tomorrow our route

424

00:19:31,490 --> 00:19:28,679

manager will come to your house to

425

00:19:34,610 --> 00:19:31,500

deliver your guarantee that you will get

426

00:19:36,169 --> 00:19:34,620

these magazines absolutely for free wow

427

00:19:37,789 --> 00:19:36,179

well on the route manager you're the

428

00:19:39,529 --> 00:19:37,799

route manager right you're knocking on

429

00:19:41,810 --> 00:19:39,539

the doors you've got all of the slips in

430

00:19:43,789 --> 00:19:41,820

your hand yeah in my case it was really

431

00:19:46,190 --> 00:19:43,799

kind of shady this guy this weird guy

432

00:19:48,169 --> 00:19:46,200

would come in a van and pick up us kids

433

00:19:50,150 --> 00:19:48,179

up in in you know I grew up in kind of a

434

00:19:52,250 --> 00:19:50,160

rough neighborhood so he'd come in a van

435

00:19:53,630 --> 00:19:52,260

and pick us poor kids up in the in the

436

00:19:55,549 --> 00:19:53,640

bad neighborhood and then we would drive

437

00:19:57,590 --> 00:19:55,559

up to the suburbs where they had three

438

00:19:59,630 --> 00:19:57,600

four hundred thousand dollar houses and

439

00:20:01,250 --> 00:19:59,640

or it was kind of a scam it was like I'm

440

00:20:03,110 --> 00:20:01,260

going to win a scholarship and be able

441

00:20:06,289 --> 00:20:03,120

to go to a better school if I sell it

442

00:20:08,029 --> 00:20:06,299

yeah okay yeah no that's yeah okay but

443

00:20:10,430 --> 00:20:08,039

the same thing but they still got their

444

00:20:13,070 --> 00:20:10,440

[h__h] magazines yeah sure sure yeah

445

00:20:17,650 --> 00:20:13,080

and then so where is the scam no the

446

00:20:19,789 --> 00:20:17,660

scam is the is a scam uh not of stealing

447

00:20:23,630 --> 00:20:19,799

nor of

448

00:20:27,710 --> 00:20:23,640

um possession uh it's a scam of

449

00:20:29,690 --> 00:20:27,720

perception sure yeah because you you've

450

00:20:31,789 --> 00:20:29,700

got these [h__h] magazines for free and

451

00:20:33,590 --> 00:20:31,799

you're told up front all you got to do

452

00:20:37,610 --> 00:20:33,600

is pay the mailing and handling charges

453

00:20:40,669 --> 00:20:37,620

of 85 cents uh per week or [h__\h] me that

454

00:20:43,150 --> 00:20:40,679

even under any circumstances that's free

455

00:20:47,690 --> 00:20:43,160

[h__\h] money yeah

456

00:20:50,510 --> 00:20:47,700

the scam is one of the most complex ever

457

00:20:54,169 --> 00:20:50,520

created and it started with the magazine

458

00:20:56,150 --> 00:20:54,179

confidence a magazines never made a dime

459

00:20:59,090 --> 00:20:56,160

selling a [h__\h] Magazine with

460

00:21:00,890 --> 00:20:59,100

subscriptions no there's ads right it

461

00:21:03,049 --> 00:21:00,900

was all ads

462

00:21:05,630 --> 00:21:03,059

um and if they could prove they had

463

00:21:09,289 --> 00:21:05,640

people signed up with their name uh yes

464

00:21:10,970 --> 00:21:09,299

I'm signing up to subscribe to this

465

00:21:14,150 --> 00:21:10,980

magazine

466

00:21:16,190 --> 00:21:14,160

uh for five years well [h__h] me

467

00:21:17,810 --> 00:21:16,200

every subscriber is another fifty

468

00:21:19,250 --> 00:21:17,820

dollars in the goddamn pocket yeah it's

469

00:21:22,070 --> 00:21:19,260

so funny it's so similar it was a

470

00:21:23,930 --> 00:21:22,080

five-year contract I remember but what

471

00:21:25,610 --> 00:21:23,940

was what was the best part about that

472

00:21:27,830 --> 00:21:25,620

job and what was the worst part about

473

00:21:30,350 --> 00:21:27,840

that job for you

474

00:21:32,570 --> 00:21:30,360

the one the worst wow hang on okay the

475

00:21:35,029 --> 00:21:32,580

worst swap was weekends I hated working

476

00:21:38,270 --> 00:21:35,039

on it again because the men were home or

477

00:21:41,090 --> 00:21:38,280

men back then and please forgive me for

478

00:21:44,450 --> 00:21:41,100

doing sexist but even today

479

00:21:47,810 --> 00:21:44,460

a little bit tougher about life we get

480

00:21:50,930 --> 00:21:47,820

beaten anymore as as kids it's not by

481

00:21:53,510 --> 00:21:50,940

our parents anymore than by other kids

482

00:21:55,430 --> 00:21:53,520

um this is what [h__h] happens and so

483

00:21:59,210 --> 00:21:55,440

men or her

484

00:22:01,430 --> 00:21:59,220

now when a woman's home 100 at the time

485

00:22:03,830 --> 00:22:01,440

I got a bucket sales yeah but the guy

486

00:22:06,770 --> 00:22:03,840

the guy will say no right yeah yeah the

487

00:22:10,490 --> 00:22:06,780

guy will say hey you go for what

488

00:22:11,990 --> 00:22:10,500

why don't you get an honest job son that

489

00:22:14,330 --> 00:22:12,000

would be the thing well that wasn't much

490

00:22:16,870 --> 00:22:14,340

fun that didn't bother me what bothered

491

00:22:20,090 --> 00:22:16,880

me was I only made half as much money

492

00:22:23,690 --> 00:22:20,100

yeah I had the same experience and the

493

00:22:26,450 --> 00:22:23,700

the other thing I I I really admire you

494

00:22:28,970 --> 00:22:26,460

for and I remember specifically is the

495

00:22:30,710 --> 00:22:28,980

shareware business model you're one of

496

00:22:31,850 --> 00:22:30,720

the pioneers of the shareware business

497

00:22:34,669 --> 00:22:31,860

model

498

00:22:36,409 --> 00:22:34,679

what did you think about that when it

499

00:22:38,570 --> 00:22:36,419

first started and then also back then

500

00:22:40,250 --> 00:22:38,580

there was no PayPal so was it like

501
00:22:42,110 --> 00:22:40,260
Christmas every day when these checks

502
00:22:44,029 --> 00:22:42,120
started coming in the mail for you from

503
00:22:45,110 --> 00:22:44,039
the shareware from the bbs's and all

504
00:22:47,990 --> 00:22:45,120
that stuff people would get your

505
00:22:50,630 --> 00:22:48,000
software for people that don't know I

506
00:22:53,570 --> 00:22:50,640
had you know I had a different business

507
00:22:57,490 --> 00:22:53,580
plan yeah I wasn't interested in getting

508
00:23:00,529 --> 00:22:57,500
thirty dollars from 10 million people

509
00:23:03,289 --> 00:23:00,539
who wants that business headache try and

510
00:23:05,390 --> 00:23:03,299
support 10 million people I mean you

511
00:23:07,909 --> 00:23:05,400
know the more you got to support the

512
00:23:10,190 --> 00:23:07,919
more that curve goes as in thought it

513
00:23:12,590 --> 00:23:10,200

you know to almost Infinity in terms of

514

00:23:14,810 --> 00:23:12,600

your cost oh and I didn't want to do

515

00:23:17,870 --> 00:23:14,820

that so I gave it away

516

00:23:21,190 --> 00:23:17,880

um with the following Proviso now that

517

00:23:22,850 --> 00:23:21,200

if this is you are in a corporate

518

00:23:25,490 --> 00:23:22,860

organization

519

00:23:29,330 --> 00:23:25,500

or government environment

520

00:23:32,029 --> 00:23:29,340

a a negotiated so the word negotiated

521

00:23:33,770 --> 00:23:32,039

site license is required that's all

522

00:23:35,510 --> 00:23:33,780

that's the only thing I put in I never

523

00:23:37,610 --> 00:23:35,520

called anybody

524

00:23:39,830 --> 00:23:37,620

but corporations and government agencies

525

00:23:43,909 --> 00:23:39,840

doesn't look good stealing software

526

00:23:47,270 --> 00:23:43,919

right yeah and since I gave it away to

527

00:23:49,070 --> 00:23:47,280

every individual for free yeah me and

528

00:23:51,470 --> 00:23:49,080

God and I got to tell you that when I

529

00:23:55,010 --> 00:23:51,480

first when I first when I first got your

530

00:23:57,409 --> 00:23:55,020

software uh it was like thank God

531

00:24:00,110 --> 00:23:57,419

because before your software which was

532

00:24:02,149 --> 00:24:00,120

revolutionary at the time you could get

533

00:24:03,950 --> 00:24:02,159

some kind of malware for downloading

534

00:24:06,350 --> 00:24:03,960

Pirate game or something you know as a

535

00:24:08,510 --> 00:24:06,360

kid and and there goes your computer you

536

00:24:11,870 --> 00:24:08,520

got a format and start over but your

537

00:24:13,549 --> 00:24:11,880

software would protect the computer tell

538

00:24:16,010 --> 00:24:13,559

you if something was infected it was

539

00:24:17,750 --> 00:24:16,020

really revolutionary at the time one of

540

00:24:19,490 --> 00:24:17,760

the first but the Revolutionary thing

541

00:24:22,970 --> 00:24:19,500

was not the software it was the business

542

00:24:24,950 --> 00:24:22,980

model yeah and the business model was

543

00:24:28,850 --> 00:24:24,960

very unique and that is

544

00:24:30,110 --> 00:24:28,860

I knew how the world worked you get

545

00:24:32,930 --> 00:24:30,120

share aware

546

00:24:35,570 --> 00:24:32,940

if the [h__h] stuff is useful at home

547

00:24:37,310 --> 00:24:35,580

you take it to the office because you're

548

00:24:39,890 --> 00:24:37,320

responsible for the data on that office

549

00:24:41,750 --> 00:24:39,900

computer as well aren't you yeah so

550

00:24:44,029 --> 00:24:41,760

things like virus protection You're

551
00:24:46,730 --> 00:24:44,039
Gonna Make Damn short that once you

552
00:24:49,130 --> 00:24:46,740
spend a month working on is not just

553
00:24:51,950 --> 00:24:49,140
going to disappear uh so you're going to

554
00:24:53,870 --> 00:24:51,960
take McAfee to work right now at home

555
00:24:56,690 --> 00:24:53,880
it's legal you can even take it to work

556
00:24:59,270 --> 00:24:56,700
why it's we gave it to you that's fine

557
00:25:01,490 --> 00:24:59,280
uh and if you're using on someone else's

558
00:25:04,430 --> 00:25:01,500
computer room it's their problem not

559
00:25:06,770 --> 00:25:04,440
yours right because you should be

560
00:25:08,270 --> 00:25:06,780
responsible for your own computer who's

561
00:25:11,450 --> 00:25:08,280
responsible for those computers because

562
00:25:13,669 --> 00:25:11,460
really the first big check I got was six

563
00:25:16,010 --> 00:25:13,679

months into this

564

00:25:17,630 --> 00:25:16,020

um and I got a sort of an emergency call

565

00:25:20,090 --> 00:25:17,640

because we had a phone number to call

566

00:25:22,070 --> 00:25:20,100

with your corporation

567

00:25:26,390 --> 00:25:22,080

um emergency call from forward notice

568

00:25:28,669 --> 00:25:26,400

they had done an audit and found over 50

569

00:25:31,130 --> 00:25:28,679

000 copies of my software on their

570

00:25:33,110 --> 00:25:31,140

various machines right now they owned

571

00:25:35,269 --> 00:25:33,120

hundreds hundred thousand machines wow

572

00:25:37,430 --> 00:25:35,279

throughout the world so they were

573

00:25:39,470 --> 00:25:37,440

panicked said we don't know what to do

574

00:25:42,169 --> 00:25:39,480

and I said okay don't worry about it

575

00:25:44,450 --> 00:25:42,179

said um yeah I'm not going to see you

576
00:25:46,970 --> 00:25:44,460
for file criminal charges in a place

577
00:25:49,250 --> 00:25:46,980
that said um why don't you count the

578
00:25:50,870 --> 00:25:49,260
number of computers that you have then

579
00:25:52,549 --> 00:25:50,880
I'm not concerned about the number that

580
00:25:54,649 --> 00:25:52,559
they're on but if you're going to be

581
00:25:56,930 --> 00:25:54,659
using an in your company I know how

582
00:25:58,610 --> 00:25:56,940
things work trust me you're going to use

583
00:26:00,950 --> 00:25:58,620
it on every computer so tell me how many

584
00:26:04,130 --> 00:26:00,960
computers you have

585
00:26:07,909 --> 00:26:04,140
um and send me three dollars and fifty

586
00:26:10,909 --> 00:26:07,919
cents for everyone or or

587
00:26:12,710 --> 00:26:10,919
send me an audit will you have audited

588
00:26:16,610 --> 00:26:12,720

every single one love you hundred

589

00:26:19,010 --> 00:26:16,620

dollars to prove it has been removed

590

00:26:21,830 --> 00:26:19,020

now an audit would have cost them a

591

00:26:24,190 --> 00:26:21,840

hundred million dollars so that was a

592

00:26:27,110 --> 00:26:24,200

great business move and decision

593

00:26:30,230 --> 00:26:27,120

any number any number less than 100

594

00:26:32,149 --> 00:26:30,240

million is yes but I was way down during

595

00:26:34,730 --> 00:26:32,159

the three or four or five million for

596

00:26:37,310 --> 00:26:34,740

everyone of these so

597

00:26:40,370 --> 00:26:37,320

um this was the business model that no

598

00:26:42,110 --> 00:26:40,380

one had considered do you remember how

599

00:26:44,169 --> 00:26:42,120

much the check they sent you was and did

600

00:26:46,370 --> 00:26:44,179

you frame it and save it

601
00:26:48,830 --> 00:26:46,380
well it's three or four hundred thousand

602
00:26:51,649 --> 00:26:48,840
dollars which back then in 19 a lot of

603
00:26:52,490 --> 00:26:51,659
money back in the 80s 1988 for you know

604
00:26:54,590 --> 00:26:52,500
for

605
00:26:56,890 --> 00:26:54,600
a young guy with no goddamn

606
00:26:59,390 --> 00:26:56,900
responsibilities yeah

607
00:27:00,950 --> 00:26:59,400
that's a fair amount but that's just the

608
00:27:03,710 --> 00:27:00,960
beginning

609
00:27:06,710 --> 00:27:03,720
um we were getting that amount every day

610
00:27:09,169 --> 00:27:06,720
sometimes multiple times I had to hire

611
00:27:12,110 --> 00:27:09,179
people to take checks to the bank that

612
00:27:14,390 --> 00:27:12,120
is to go and create ledgers of who gave

613
00:27:16,490 --> 00:27:14,400

us what money and it was so many people

614

00:27:18,470 --> 00:27:16,500

yeah it'd be a counting nightmare yeah

615

00:27:20,330 --> 00:27:18,480

no no it was I had to hire a couple

616

00:27:22,310 --> 00:27:20,340

people just to keep track

617

00:27:24,769 --> 00:27:22,320

of the money not into anything else

618

00:27:27,649 --> 00:27:24,779

where is it and who do we owe and good

619

00:27:31,970 --> 00:27:27,659

God Almighty yeah I remember I remember

620

00:27:33,230 --> 00:27:31,980

I remember how back then you know the

621

00:27:35,810 --> 00:27:33,240

first thing you did when you got a

622

00:27:38,750 --> 00:27:35,820

computer any computer guy selling your

623

00:27:40,549 --> 00:27:38,760

computer would say you got to have any

624

00:27:42,529 --> 00:27:40,559

virus protection so it was like the

625

00:27:44,990 --> 00:27:42,539

first add-on you gotta have this oh yeah

626
00:27:47,870 --> 00:27:45,000
absolutely you had a must-have product

627
00:27:49,669 --> 00:27:47,880
first you buy Windows then you buy then

628
00:27:50,510 --> 00:27:49,679
you buy the Box protection from McAfee

629
00:27:53,330 --> 00:27:50,520
yeah

630
00:27:56,930 --> 00:27:53,340
even two years into this I still owned

631
00:27:59,210 --> 00:27:56,940
87 of the world's market for antivirus

632
00:28:02,510 --> 00:27:59,220
software and I did not have a single

633
00:28:04,430 --> 00:28:02,520
salesman and my competitors people like

634
00:28:05,570 --> 00:28:04,440
Norton

635
00:28:15,230 --> 00:28:05,580
um

636
00:28:18,169 --> 00:28:15,240
sell I didn't have a Salesman I didn't

637
00:28:20,149 --> 00:28:18,179
sell anything I you know Mr economy to

638
00:28:23,570 --> 00:28:20,159

me because they weren't bringing

639

00:28:24,850 --> 00:28:23,580

Norton's products into work were they I

640

00:28:28,070 --> 00:28:24,860

remember the difference

641

00:28:29,450 --> 00:28:28,080

never liked Norton back then or now no I

642

00:28:31,370 --> 00:28:29,460

suppose you had to pay for you had to

643

00:28:34,789 --> 00:28:31,380

pay for Norton 20 bucks or something

644

00:28:36,230 --> 00:28:34,799

mine's free and so whose are you going

645

00:28:38,930 --> 00:28:36,240

to get as well everybody use mine

646

00:28:40,850 --> 00:28:38,940

everybody took mine into work and it was

647

00:28:43,549 --> 00:28:40,860

made that the companies had to call to

648

00:28:45,649 --> 00:28:43,559

analogize about stealing software

649

00:28:49,010 --> 00:28:45,659

I don't worry about it

650

00:28:51,649 --> 00:28:49,020

one is rather honoredology machine wow

651
00:28:53,510 --> 00:28:51,659
and send me a detail about it which has

652
00:28:55,310 --> 00:28:53,520
been probably a hundred thousand pages

653
00:28:57,409 --> 00:28:55,320
of [h__\h]

654
00:28:59,750 --> 00:28:57,419
um

655
00:29:03,110 --> 00:28:59,760
licensed to for three dollars for every

656
00:29:06,409 --> 00:29:03,120
machine you have or what program manager

657
00:29:09,289 --> 00:29:06,419
or I.T director is going to pass that

658
00:29:12,230 --> 00:29:09,299
opportunity up yeah so you made them an

659
00:29:13,669 --> 00:29:12,240
offer they couldn't refuse right so I

660
00:29:16,549 --> 00:29:13,679
either got to go to the board of direct

661
00:29:19,190 --> 00:29:16,559
and says oh my God you know uh you know

662
00:29:21,110 --> 00:29:19,200
we are being forced by law to own it

663
00:29:24,010 --> 00:29:21,120

every machine we have

664

00:29:27,529 --> 00:29:24,020

uh it's going to cost us probably

665

00:29:29,570 --> 00:29:27,539

250 dollars per machine and we have a

666

00:29:32,330 --> 00:29:29,580

hundred thousand [h__h] machines well

667

00:29:35,269 --> 00:29:32,340

that's a lot of money

668

00:29:37,190 --> 00:29:35,279

yeah no and I would like to ask you what

669

00:29:39,409 --> 00:29:37,200

you think of the current state of of

670

00:29:42,470 --> 00:29:39,419

malware protection because

671

00:29:44,330 --> 00:29:42,480

you know since you since you're no

672

00:29:46,549 --> 00:29:44,340

longer in control and and now I guess

673

00:29:48,649 --> 00:29:46,559

McAfee is part of last I heard Internet

674

00:29:50,750 --> 00:29:48,659

Security Suite but McAfee's kind of

675

00:29:53,210 --> 00:29:50,760

become malware itself it comes with new

676
00:29:56,330 --> 00:29:53,220
computers then it annoys the crap out of

677
00:29:57,590 --> 00:29:56,340
you to pay them and from I can't tell

678
00:30:00,110 --> 00:29:57,600
you how many times you know I fix

679
00:30:01,789 --> 00:30:00,120
computers uh and I can't tell you how

680
00:30:03,409 --> 00:30:01,799
many times I have to take that off of

681
00:30:04,789 --> 00:30:03,419
people's computers just so it stops

682
00:30:06,669 --> 00:30:04,799
annoying them to pay them because

683
00:30:09,169 --> 00:30:06,679
there's free options now like

684
00:30:11,870 --> 00:30:09,179
Malwarebytes and and Spybot Search and

685
00:30:12,950 --> 00:30:11,880
Destroy that are better and free what do

686
00:30:15,409 --> 00:30:12,960
you think of the current state of

687
00:30:17,870 --> 00:30:15,419
malware protection and what happened to

688
00:30:20,950 --> 00:30:17,880

to your incredible software after you

689

00:30:24,250 --> 00:30:20,960

were you were out of the picture

690

00:30:28,070 --> 00:30:24,260

look at 10 years ago I said that

691

00:30:30,769 --> 00:30:28,080

neither McAfee nor Annie

692

00:30:32,990 --> 00:30:30,779

not antivirus software

693

00:30:35,870 --> 00:30:33,000

is going to be worth anything in a few

694

00:30:39,529 --> 00:30:35,880

years and that has that time has passed

695

00:30:41,510 --> 00:30:39,539

and gives worth nothing but let's just

696

00:30:45,409 --> 00:30:41,520

run some logic people

697

00:30:49,130 --> 00:30:45,419

we know statistically that over 90 of

698

00:30:51,549 --> 00:30:49,140

all technical hacks now we're all hacks

699

00:30:55,430 --> 00:30:51,559

who are done through social engineering

700

00:30:58,909 --> 00:30:55,440

that science has exploded in the past

701
00:31:01,310 --> 00:30:58,919
five years over 90 percent will become

702
00:31:03,169 --> 00:31:01,320
technically no they they come with a

703
00:31:05,450 --> 00:31:03,179
phone call or an email or something it's

704
00:31:07,370 --> 00:31:05,460
so goddamn clever written by people who

705
00:31:09,830 --> 00:31:07,380
understand the neuro-linguistic

706
00:31:12,590 --> 00:31:09,840
programming and other [h__h]

707
00:31:15,470 --> 00:31:12,600
to manipulate you

708
00:31:18,470 --> 00:31:15,480
um into doing whatever they want people

709
00:31:20,570 --> 00:31:18,480
your password you know who cares

710
00:31:22,549 --> 00:31:20,580
there are no technical hacks anymore

711
00:31:25,310 --> 00:31:22,559
please God obviously they're always

712
00:31:27,230 --> 00:31:25,320
someone interactive the DNC it was the

713
00:31:29,990 --> 00:31:27,240

Russians it was

714

00:31:32,690 --> 00:31:30,000

Russians are not let me use a technical

715

00:31:34,610 --> 00:31:32,700

hack to go to the DNC

716

00:31:37,130 --> 00:31:34,620

then from some of the greatest social

717

00:31:39,049 --> 00:31:37,140

Engineers on the planet so people you

718

00:31:42,049 --> 00:31:39,059

don't have ignore that production

719

00:31:43,430 --> 00:31:42,059

there is no software that will protect

720

00:31:44,389 --> 00:31:43,440

you against anything I don't use

721

00:31:45,769 --> 00:31:44,399

anything

722

00:31:48,169 --> 00:31:45,779

nothing

723

00:31:52,070 --> 00:31:48,179

you don't just try to even get out of

724

00:31:54,049 --> 00:31:52,080

knots on on um on Android

725

00:31:55,669 --> 00:31:54,059

I try to just get away from all that

726

00:31:56,870 --> 00:31:55,679

[\h__\h] because those are the entry points

727

00:31:59,029 --> 00:31:56,880

by the way if you want to attack

728

00:32:02,149 --> 00:31:59,039

something you know attack the thing

729

00:32:04,250 --> 00:32:02,159

that's that is being protected you

730

00:32:07,130 --> 00:32:04,260

attack the goddamn protector

731

00:32:09,590 --> 00:32:07,140

yeah I know this better than anybody I

732

00:32:12,169 --> 00:32:09,600

invented this [\h__\h] business I don't

733

00:32:14,269 --> 00:32:12,179

know how it works yeah I wanted to go no

734

00:32:17,029 --> 00:32:14,279

I don't want any of that stuff I mean it

735

00:32:18,289 --> 00:32:17,039

just makes it worse rather than get it I

736

00:32:20,750 --> 00:32:18,299

wanted to ask you about the current

737

00:32:24,590 --> 00:32:20,760

state of of all the spyware that's even

738

00:32:26,149 --> 00:32:24,600

embedded in in Windows and Mac and

739

00:32:27,950 --> 00:32:26,159

what do you think of the current state

740

00:32:30,289 --> 00:32:27,960

of Linux because I'm a big Linux fan

741

00:32:32,389 --> 00:32:30,299

that's what I run I think that gives me

742

00:32:33,950 --> 00:32:32,399

some better degree of freedom and

743

00:32:36,769 --> 00:32:33,960

protection than running a commercial

744

00:32:39,049 --> 00:32:36,779

something like Windows or Mac what do

745

00:32:40,130 --> 00:32:39,059

you use what do you think of Linux as an

746

00:32:43,310 --> 00:32:40,140

option

747

00:32:47,029 --> 00:32:43,320

you know I only concern myself with the

748

00:32:48,590 --> 00:32:47,039

things that 99 of the people have to use

749

00:32:51,049 --> 00:32:48,600

smartphones

750

00:32:53,149 --> 00:32:51,059

those are the most prevalent of all

751
00:32:55,130 --> 00:32:53,159
computers and I'm sure that you can buy

752
00:33:00,110 --> 00:32:55,140
any computing power of all the

753
00:33:02,750 --> 00:33:00,120
smartphones far far exceeds that of a

754
00:33:06,230 --> 00:33:02,760
thousand little fastest supercomputers

755
00:33:09,250 --> 00:33:06,240
today with the smartphone why

756
00:33:12,769 --> 00:33:09,260
why are you worried about your your

757
00:33:16,490 --> 00:33:12,779
laptop or your desktop or whatever your

758
00:33:17,690 --> 00:33:16,500
system is if in fact you're carrying the

759
00:33:22,669 --> 00:33:17,700
smartphone

760
00:33:24,230 --> 00:33:22,679
going to sniff around and go oh well I

761
00:33:26,230 --> 00:33:24,240
see a Wi-Fi connection here I wonder

762
00:33:29,210 --> 00:33:26,240
what that is

763
00:33:30,230 --> 00:33:29,220

a laptop

764

00:33:33,049 --> 00:33:30,240

operation

765

00:33:35,769 --> 00:33:33,059

because oh it says Wi-Fi and so scams

766

00:33:39,049 --> 00:33:35,779

around little fathers are Bluetooth

767

00:33:41,269 --> 00:33:39,059

because they're hmm I think we're right

768

00:33:43,610 --> 00:33:41,279

next to [h__h] desktop

769

00:33:46,330 --> 00:33:43,620

right now it's going to run through a

770

00:33:49,370 --> 00:33:46,340

whole host of possibilities

771

00:33:51,169 --> 00:33:49,380

Windows there's five efforts

772

00:33:54,110 --> 00:33:51,179

all the way down to

773

00:33:56,529 --> 00:33:54,120

um Unix wine and Linux whatever you

774

00:33:59,810 --> 00:33:56,539

probably have they don't know about it

775

00:34:04,070 --> 00:33:59,820

and I promise you if you have the

776

00:34:07,730 --> 00:34:04,080

[h__h] smartphone which is the ultimate

777

00:34:11,270 --> 00:34:07,740

all Supply devices because not only can

778

00:34:14,089 --> 00:34:11,280

its spy on you 24 hours a day even when

779

00:34:17,810 --> 00:34:14,099

the [h__h] is apparently shut off

780

00:34:23,629 --> 00:34:17,820

we can spy through everything else that

781

00:34:25,490 --> 00:34:23,639

it can communicate with people get this

782

00:34:32,450 --> 00:34:25,500

through your heads

783

00:34:38,869 --> 00:34:35,210

even though the signals are jammed to

784

00:34:39,889 --> 00:34:38,879

the max I'm just not risking we don't

785

00:34:44,869 --> 00:34:39,899

own

786

00:34:50,030 --> 00:34:47,690

I'm on the run dude I got a [h__h]

787

00:34:52,790 --> 00:34:50,040

phone I've discovered in what 30 seconds

788

00:34:56,450 --> 00:34:52,800

the first [\h__\h] call I make to anybody

789

00:34:59,089 --> 00:34:56,460

that I have ever called before [\h__\h] yes

790

00:35:00,890 --> 00:34:59,099

I'm cooked I can't have one

791

00:35:03,290 --> 00:35:00,900

wow so

792

00:35:05,390 --> 00:35:03,300

so no phones and I've I've seen some

793

00:35:07,430 --> 00:35:05,400

stuff that you tweeted about the Faraday

794

00:35:09,109 --> 00:35:07,440

cage you're real you're really that

795

00:35:11,990 --> 00:35:09,119

serious about

796

00:35:13,910 --> 00:35:12,000

keeping your location that secret that

797

00:35:16,130 --> 00:35:13,920

you you make sure that you have it it's

798

00:35:17,510 --> 00:35:16,140

my life it's my life I mean people well

799

00:35:19,790 --> 00:35:17,520

you know this is going to imprison you

800

00:35:21,950 --> 00:35:19,800

it's my age that's that's one the rest

801
00:35:24,890 --> 00:35:21,960
of my [h__\h] life you understand

802
00:35:28,130 --> 00:35:24,900
it's serious for me you know maybe for a

803
00:35:31,069 --> 00:35:28,140
young kid uh tax issues if you're some

804
00:35:33,530 --> 00:35:31,079
prison [h__\h] no I've said before Oh Yeah

805
00:35:36,109 --> 00:35:33,540
you mentioned you mentioned the taxes I

806
00:35:39,410 --> 00:35:36,119
gotta tell you that uh you know I'm

807
00:35:41,450 --> 00:35:39,420
really uh not a fan of of income tax and

808
00:35:43,310 --> 00:35:41,460
you took a stand against the federal

809
00:35:45,589 --> 00:35:43,320
government and just said I'm not going

810
00:35:47,569 --> 00:35:45,599
to pay you I think this is illegal and

811
00:35:49,430 --> 00:35:47,579
that's exactly what I did what balls

812
00:35:52,190 --> 00:35:49,440
that take what I did you have not paid

813
00:35:55,910 --> 00:35:52,200

taxes since when 2010

814

00:35:59,510 --> 00:35:55,920

uh 2009 my friend

815

00:36:03,710 --> 00:35:59,520

no 2010 absolutely 2010 it's been it's

816

00:36:06,109 --> 00:36:03,720

10 years this year anyway yeah well why

817

00:36:08,150 --> 00:36:06,119

you know why not now people go well you

818

00:36:11,690 --> 00:36:08,160

should take what's coming then I'm

819

00:36:15,290 --> 00:36:11,700

taking what came people I had to leave

820

00:36:18,710 --> 00:36:15,300

the home that I was raised in and I

821

00:36:20,030 --> 00:36:18,720

loved and I know a [h__h] squirreliance

822

00:36:23,210 --> 00:36:20,040

of America

823

00:36:25,370 --> 00:36:23,220

so you do not think I am paying

824

00:36:27,410 --> 00:36:25,380

[h__h] you there

825

00:36:28,970 --> 00:36:27,420

sure it takes a lot of courage to stand

826

00:36:30,349 --> 00:36:28,980

up to the federal government because you

827

00:36:31,670 --> 00:36:30,359

know they're they're gonna come after

828

00:36:34,069 --> 00:36:31,680

you for this they're not going to just

829

00:36:35,810 --> 00:36:34,079

let you and especially to be so

830

00:36:38,210 --> 00:36:35,820

outspoken because you're causing

831

00:36:41,030 --> 00:36:38,220

problems for them that's the problem see

832

00:36:42,050 --> 00:36:41,040

I am not in custody where they can sign

833

00:36:44,630 --> 00:36:42,060

them soon

834

00:36:46,970 --> 00:36:44,640

I am in a location where they can't

835

00:36:49,069 --> 00:36:46,980

collect me and yet I can talk to the

836

00:36:50,810 --> 00:36:49,079

world do you understand how frustrating

837

00:36:54,829 --> 00:36:50,820

that is for them

838

00:36:56,810 --> 00:36:54,839

I don't know just put a armor to shut me

839

00:36:59,030 --> 00:36:56,820
down

840

00:37:00,710 --> 00:36:59,040
yeah I'm still here and I'm still

841

00:37:02,329 --> 00:37:00,720
talking right

842

00:37:05,870 --> 00:37:02,339
yeah and you're standing up to them

843

00:37:08,270 --> 00:37:05,880
quite boldly I I had a uh I had a

844

00:37:10,849 --> 00:37:08,280
roommate once who just put exempt on his

845

00:37:12,170 --> 00:37:10,859
on his income tax and and I go you're

846

00:37:14,030 --> 00:37:12,180
just not going to pay them and he goes

847

00:37:16,010 --> 00:37:14,040
no I'm just not going to pay them and it

848

00:37:18,230 --> 00:37:16,020
took a few years but they they caught up

849

00:37:19,910 --> 00:37:18,240
to him and some IRS agents came to his

850

00:37:22,069 --> 00:37:19,920
job put him in cuffs took him into

851
00:37:23,690 --> 00:37:22,079
custody questioned him and then he had

852
00:37:25,849 --> 00:37:23,700
to work out some arrangement or he was

853
00:37:28,069 --> 00:37:25,859
going to prison yeah that's what they

854
00:37:29,170 --> 00:37:28,079
all do so but there's no arrangement for

855
00:37:34,030 --> 00:37:29,180
me people

856
00:37:40,210 --> 00:37:37,010
you've also been very outspoken about

857
00:37:42,829 --> 00:37:40,220
legalizing cannabis yes

858
00:37:44,690 --> 00:37:42,839
and everything else really do you

859
00:37:46,010 --> 00:37:44,700
believe that Fentanyl and heroin should

860
00:37:49,190 --> 00:37:46,020
be legal too

861
00:37:52,370 --> 00:37:49,200
yes who who

862
00:37:55,490 --> 00:37:52,380
can say oh this drug is okay but that

863
00:37:57,950 --> 00:37:55,500

talks a lot [\h__\h] you nobody goddamn

864

00:37:59,210 --> 00:37:57,960

knows what's okay or not okay for

865

00:38:02,569 --> 00:37:59,220

somebody else

866

00:38:04,910 --> 00:38:02,579

so you want to legalize every drug

867

00:38:07,670 --> 00:38:04,920

not just every drug almost every goddamn

868

00:38:10,329 --> 00:38:07,680

law today I would legalized spitting on

869

00:38:12,829 --> 00:38:10,339

the streets in Montana if I could

870

00:38:14,270 --> 00:38:12,839

because it's not legal because that's

871

00:38:17,329 --> 00:38:14,280

not legal

872

00:38:20,030 --> 00:38:17,339

right yeah some of those some of those

873

00:38:22,130 --> 00:38:20,040

some of those are stupid laws absolutely

874

00:38:23,870 --> 00:38:22,140

but what do you think of of the the

875

00:38:25,910 --> 00:38:23,880

current Trend in the United States

876

00:38:27,410 --> 00:38:25,920

because a lot of people you know I've

877

00:38:29,630 --> 00:38:27,420

got a lot of conspiracy-minded friends

878

00:38:31,970 --> 00:38:29,640

who say they're going to give us pot now

879

00:38:34,910 --> 00:38:31,980

because they're trying to just keep us

880

00:38:36,710 --> 00:38:34,920

happy and stupid and and so we don't

881

00:38:38,150 --> 00:38:36,720

really look too deeply into what what's

882

00:38:40,190 --> 00:38:38,160

going on maybe that's why they're giving

883

00:38:42,230 --> 00:38:40,200

us the pop but what what's what do you

884

00:38:44,450 --> 00:38:42,240

think when you look at the United States

885

00:38:47,089 --> 00:38:44,460

right now where a lot of states are

886

00:38:49,010 --> 00:38:47,099

legalizing even recreational use now

887

00:38:51,349 --> 00:38:49,020

why do you think that's suddenly

888

00:38:55,030 --> 00:38:51,359

happening all of a sudden is it just

889

00:38:59,510 --> 00:38:55,040

that people want it because no it just

890

00:39:01,970 --> 00:38:59,520

this has been illegal for 75 years

891

00:39:02,990 --> 00:39:01,980

um for most of my life actually a lot of

892

00:39:05,870 --> 00:39:03,000

my life

893

00:39:07,190 --> 00:39:05,880

shopping until recently uh so I I know

894

00:39:09,710 --> 00:39:07,200

all about

895

00:39:10,730 --> 00:39:09,720

um unjust laws or laws that we just

896

00:39:12,829 --> 00:39:10,740

don't care about

897

00:39:14,810 --> 00:39:12,839

why that what we're doing when we smoke

898

00:39:15,890 --> 00:39:14,820

weed is called disability let's go

899

00:39:19,250 --> 00:39:15,900

understand

900

00:39:21,010 --> 00:39:19,260

it was founded by some of the hardest

901
00:39:22,849 --> 00:39:21,020
of Americans

902
00:39:24,349 --> 00:39:22,859
the person

903
00:39:27,109 --> 00:39:24,359
you don't like the law and you're not

904
00:39:30,170 --> 00:39:27,119
harming anybody but it's not abandonment

905
00:39:31,970 --> 00:39:30,180
do what you think is right wow that was

906
00:39:36,349 --> 00:39:31,980
smoke weed right and so that's what we

907
00:39:38,990 --> 00:39:36,359
do yeah as a society so [h__h] mom lies

908
00:39:41,690 --> 00:39:39,000
are very little to do with reality

909
00:39:45,290 --> 00:39:41,700
it's the people who enforce

910
00:39:47,690 --> 00:39:45,300
and judge law that are the problem

911
00:39:49,310 --> 00:39:47,700
people because I'm not sure you make a

912
00:39:52,550 --> 00:39:49,320
goddamn wrong you give me a clever

913
00:39:56,150 --> 00:39:52,560

lawyer and the Leaning judge

914

00:39:58,730 --> 00:39:56,160

and an eager policeman I swear to God I

915

00:40:00,710 --> 00:39:58,740

will convict anybody or anything sure

916

00:40:02,510 --> 00:40:00,720

you understand it's just what's

917

00:40:07,730 --> 00:40:02,520

happening to me people

918

00:40:10,790 --> 00:40:07,740

it is not a crime not to file taxes

919

00:40:12,230 --> 00:40:10,800

it's a crime to file taxes and rely on

920

00:40:15,770 --> 00:40:12,240

them

921

00:40:18,589 --> 00:40:15,780

I have not filed I could not implied

922

00:40:20,270 --> 00:40:18,599

now they have every right to come and

923

00:40:23,810 --> 00:40:20,280

take all my property

924

00:40:26,390 --> 00:40:23,820

but nobody to arrest me and yet that is

925

00:40:29,150 --> 00:40:26,400

what they tried to do on the 22nd of

926

00:40:31,790 --> 00:40:29,160

January of last year

927

00:40:33,890 --> 00:40:31,800

with a grand jury yeah I followed that

928

00:40:37,609 --> 00:40:33,900

story I followed that story very closely

929

00:40:40,490 --> 00:40:37,619

yeah what have I done well nothing other

930

00:40:46,310 --> 00:40:40,500

than speak the truth

931

00:40:48,829 --> 00:40:46,320

I mean the IRS is a festering posture on

932

00:40:51,650 --> 00:40:48,839

the face of America people

933

00:40:53,569 --> 00:40:51,660

may see the truth of that

934

00:40:56,890 --> 00:40:53,579

it will change

935

00:40:59,569 --> 00:40:56,900

sure it has turned us into a feudal

936

00:41:01,010 --> 00:40:59,579

society yeah you're right and it's the

937

00:41:02,630 --> 00:41:01,020

rich and powerful and the one percent

938

00:41:04,790 --> 00:41:02,640

you know it's the yeah look at the

939

00:41:06,890 --> 00:41:04,800

people in Congress there's no poor

940

00:41:08,150 --> 00:41:06,900

people in Congress and if they were poor

941

00:41:10,730 --> 00:41:08,160

when they get there they're rich when

942

00:41:13,370 --> 00:41:10,740

they get out so you know but not just

943

00:41:17,150 --> 00:41:13,380

that in a feudal society

944

00:41:18,829 --> 00:41:17,160

your labor was out right again and he

945

00:41:21,050 --> 00:41:18,839

could take it any way he wanted he could

946

00:41:21,950 --> 00:41:21,060

have you work for him for three months

947

00:41:24,290 --> 00:41:21,960

of the year

948

00:41:26,990 --> 00:41:24,300

or he decided to take three months of

949

00:41:27,710 --> 00:41:27,000

your the fruits of your labor

950

00:41:29,990 --> 00:41:27,720

um

951
00:41:31,910 --> 00:41:30,000
is that not what our government does

952
00:41:33,109 --> 00:41:31,920
today to everyone

953
00:41:35,690 --> 00:41:33,119
yeah

954
00:41:36,890 --> 00:41:35,700
it makes us work for them

955
00:41:39,410 --> 00:41:36,900
three

956
00:41:41,750 --> 00:41:39,420
months a year

957
00:41:43,370 --> 00:41:41,760
yeah when I when I look at you know I do

958
00:41:44,990 --> 00:41:43,380
with my taxes right now and when I look

959
00:41:48,410 --> 00:41:45,000
at how much that I'm paying them and how

960
00:41:50,390 --> 00:41:48,420
hard I'm working I go you know and how

961
00:41:52,130 --> 00:41:50,400
terrible the government is the streets

962
00:41:53,630 --> 00:41:52,140
are a mess that you know the

963
00:41:55,130 --> 00:41:53,640

government's a mess like it's not like

964

00:41:56,810 --> 00:41:55,140

they're taking the money and doing good

965

00:41:59,390 --> 00:41:56,820

with it if they were I would be okay

966

00:42:01,550 --> 00:41:59,400

with kicking in my part but the way

967

00:42:05,390 --> 00:42:01,560

everything is wrong they're taking 10

968

00:42:08,210 --> 00:42:05,400

times as much as they did in 1940 and in

969

00:42:11,450 --> 00:42:08,220

1940 we were a roommate [h__h] economy

970

00:42:14,329 --> 00:42:11,460

so something's wrong isn't something's

971

00:42:16,730 --> 00:42:14,339

wrong let's wake up America

972

00:42:19,190 --> 00:42:16,740

sure you know and also I wanted to ask

973

00:42:21,410 --> 00:42:19,200

you you're you've uh talked a lot about

974

00:42:24,890 --> 00:42:21,420

psychedelics and I heard an incredible

975

00:42:26,690 --> 00:42:24,900

story about you and DMT where you took

976
00:42:28,250 --> 00:42:26,700
some DMT and then you thought well this

977
00:42:32,089 --> 00:42:28,260
isn't working so then you took the whole

978
00:42:34,069 --> 00:42:32,099
bag what was that like and and do you

979
00:42:36,170 --> 00:42:34,079
still recommend to people the use of

980
00:42:37,670 --> 00:42:36,180
psychedelics after that kind of crazy

981
00:42:41,690 --> 00:42:37,680
experience

982
00:42:44,089 --> 00:42:41,700
I have never ever in my life recommended

983
00:42:47,750 --> 00:42:44,099
any drug to anyone so I could deal with

984
00:42:51,050 --> 00:42:47,760
otherwise please and I would never

985
00:42:55,370 --> 00:42:51,060
consider it that would be number one

986
00:42:57,109 --> 00:42:55,380
presumptuous and number two insane

987
00:42:59,990 --> 00:42:57,119
you know different drugs have different

988
00:43:01,910 --> 00:43:00,000

effects on different people

989

00:43:03,890 --> 00:43:01,920

no I would never recommend taking any

990

00:43:07,730 --> 00:43:03,900

drug I would recommend you recommend

991

00:43:10,750 --> 00:43:07,740

drink you know smoking cigarettes

992

00:43:13,190 --> 00:43:10,760

I do all of them yeah

993

00:43:16,970 --> 00:43:13,200

right that's my choice

994

00:43:20,450 --> 00:43:16,980

yes it's not my business to try to to

995

00:43:23,750 --> 00:43:20,460

mold the world around me

996

00:43:27,230 --> 00:43:23,760

to be an image of myself

997

00:43:32,450 --> 00:43:30,950

and my goal is just to do what I feel

998

00:43:37,910 --> 00:43:32,460

like

999

00:43:40,609 --> 00:43:37,920

I only have one rule I do as I please

1000

00:43:44,630 --> 00:43:40,619

nothing more and nothing less well that

1001

00:43:48,349 --> 00:43:44,640

sounds like I do not in so doing ever

1002

00:43:50,930 --> 00:43:48,359

interfere with someone else's ability to

1003

00:43:56,630 --> 00:43:50,940

do the same now how [\h__\h] easy is that

1004

00:44:02,690 --> 00:43:59,690

do as I please and do not interfere with

1005

00:44:04,730 --> 00:44:02,700

another's ability to do effectiveness

1006

00:44:06,650 --> 00:44:04,740

oh so what was what was that experience

1007

00:44:08,210 --> 00:44:06,660

like that when you did that big I heard

1008

00:44:09,770 --> 00:44:08,220

that I've heard a whole bunch of

1009

00:44:12,650 --> 00:44:09,780

different sites reporting that you did a

1010

00:44:14,270 --> 00:44:12,660

whole bag of DMT ones do you recall what

1011

00:44:18,050 --> 00:44:14,280

that experience was like or do you want

1012

00:44:21,170 --> 00:44:18,060

to do I recall do I [\h__\h] week oh

1013

00:44:24,530 --> 00:44:21,180

you're [\h__\h] me no it was the one

1014

00:44:28,370 --> 00:44:24,540

experience of my life that I have never

1015

00:44:31,849 --> 00:44:28,380

recovered from and even today my friend

1016

00:44:35,089 --> 00:44:31,859

50 [\h__\h] years later

1017

00:44:41,390 --> 00:44:38,150

I am missing pieces of me

1018

00:44:43,490 --> 00:44:41,400

that when my world shattered

1019

00:44:46,849 --> 00:44:43,500

and it [\h__\h] shattered

1020

00:44:48,470 --> 00:44:46,859

like a mirror into a billion pieces on

1021

00:44:50,630 --> 00:44:48,480

the ground none of it made any sense

1022

00:44:54,050 --> 00:44:50,640

that was the only perception I could see

1023

00:44:56,690 --> 00:44:54,060

was the goddamn mirror in the shadow

1024

00:45:01,609 --> 00:44:56,700

so all of my perceptions all of the

1025

00:45:04,849 --> 00:45:01,619

words the images had no [\h__\h] meaning

1026

00:45:09,950 --> 00:45:04,859

it was there shattered

1027

00:45:12,829 --> 00:45:09,960

and it took three months thank God they

1028

00:45:15,109 --> 00:45:12,839

did not from institutionalized me

1029

00:45:18,109 --> 00:45:15,119

because they they could very well have a

1030

00:45:20,150 --> 00:45:18,119

good work of course my wife got fighting

1031

00:45:21,050 --> 00:45:20,160

and my daughter and went to live with my

1032

00:45:24,470 --> 00:45:21,060

mother's

1033

00:45:26,270 --> 00:45:24,480

uh my friends would avoided me I was

1034

00:45:27,890 --> 00:45:26,280

alone in this goddamn a hundred two

1035

00:45:30,170 --> 00:45:27,900

[h__\h] months

1036

00:45:35,030 --> 00:45:30,180

and what was I doing I was taking every

1037

00:45:35,040 --> 00:45:39,829

amazing and peace

1038

00:45:44,630 --> 00:45:42,290

into what I thought

1039

00:45:48,349 --> 00:45:44,640

might be

1040

00:45:50,270 --> 00:45:48,359

some resemblance to reality

1041

00:45:52,069 --> 00:45:50,280

now I've lived with that book a little

1042

00:45:53,870 --> 00:45:52,079

sense

1043

00:45:56,450 --> 00:45:53,880

do not

1044

00:45:59,750 --> 00:45:56,460

I say and I don't even tell people not

1045

00:46:02,569 --> 00:45:59,760

to do anything but I'm saying do not

1046

00:46:04,730 --> 00:46:02,579

repeat my experiment

1047

00:46:06,170 --> 00:46:04,740

that's probably good advice you know

1048

00:46:08,450 --> 00:46:06,180

with little experience that I've had

1049

00:46:11,210 --> 00:46:08,460

with psychedelics I think less is more

1050

00:46:13,790 --> 00:46:11,220

you know uh I I couldn't even imagine

1051
00:46:16,370 --> 00:46:13,800
doing something like that because you

1052
00:46:19,970 --> 00:46:16,380
know I I've done uh you know just just

1053
00:46:22,250 --> 00:46:19,980
LSD and it was two days of crazy and uh

1054
00:46:24,050 --> 00:46:22,260
had a very profound experience was it a

1055
00:46:26,569 --> 00:46:24,060
fun crazy or was it well you know it was

1056
00:46:29,270 --> 00:46:26,579
like hellishly introspective crazy yeah

1057
00:46:31,309 --> 00:46:29,280
it was it was it was a profound good

1058
00:46:33,230 --> 00:46:31,319
experience I wouldn't want to repeat it

1059
00:46:35,089 --> 00:46:33,240
though because at the end I was getting

1060
00:46:37,370 --> 00:46:35,099
these emotional shock waves I was

1061
00:46:40,309 --> 00:46:37,380
laughing I was crying I was realizing

1062
00:46:42,410 --> 00:46:40,319
things about myself and the world and I

1063
00:46:44,690 --> 00:46:42,420

would never take it take it away though

1064

00:46:47,270 --> 00:46:44,700

I thought it was a good experience you

1065

00:46:49,910 --> 00:46:47,280

know I wanted to do it all the time but

1066

00:46:52,730 --> 00:46:49,920

I wouldn't take away a single one of my

1067

00:46:55,730 --> 00:46:52,740

experiences none of them not one not

1068

00:46:59,030 --> 00:46:55,740

even not even that horrific three months

1069

00:47:01,069 --> 00:46:59,040

which I pray no other human ever has to

1070

00:47:03,770 --> 00:47:01,079

experience not even that

1071

00:47:06,710 --> 00:47:03,780

what I back down from because it is what

1072

00:47:08,569 --> 00:47:06,720

has brought me to Here and Now and God

1073

00:47:09,349 --> 00:47:08,579

damn there is no happier person on this

1074

00:47:11,270 --> 00:47:09,359

planet

1075

00:47:12,530 --> 00:47:11,280

yeah you know I follow you on Twitter

1076

00:47:15,230 --> 00:47:12,540

and it just seems like you're you're

1077

00:47:17,690 --> 00:47:15,240

having for being a guy that's a fugitive

1078

00:47:20,210 --> 00:47:17,700

and On The Run you seem to be incredibly

1079

00:47:21,710 --> 00:47:20,220

well balanced happy and and pursuing

1080

00:47:23,089 --> 00:47:21,720

whatever it is that you want to do just

1081

00:47:24,829 --> 00:47:23,099

like you said earlier you just do what

1082

00:47:26,390 --> 00:47:24,839

you want to do that's an amazing life

1083

00:47:29,270 --> 00:47:26,400

right

1084

00:47:32,750 --> 00:47:29,280

listen being on the Run does not mean

1085

00:47:35,150 --> 00:47:32,760

you can't do what you please being in

1086

00:47:37,730 --> 00:47:35,160

jail does not mean you can't do what you

1087

00:47:40,490 --> 00:47:37,740

please you do as you please with the

1088

00:47:42,530 --> 00:47:40,500

reality that you're that you have and if

1089

00:47:44,690 --> 00:47:42,540

you have any sense you accept that

1090

00:47:47,329 --> 00:47:44,700

reality so

1091

00:47:50,710 --> 00:47:47,339

I can't go oh [h__\h] I want to fly to the

1092

00:47:53,870 --> 00:47:50,720

moon and I can't fly oh

1093

00:47:57,650 --> 00:47:53,880

dude don't have any [h__\h] wings and so

1094

00:47:59,630 --> 00:47:57,660

do as you please within the reality of

1095

00:48:01,849 --> 00:47:59,640

your existence so if you're in prison

1096

00:48:03,349 --> 00:48:01,859

that's it trust me I'm not talking

1097

00:48:05,450 --> 00:48:03,359

through my ass I've been in jail more

1098

00:48:07,430 --> 00:48:05,460

times than any of you listens I [h__\h]

1099

00:48:10,010 --> 00:48:07,440

promise you why they're probably none of

1100

00:48:11,510 --> 00:48:10,020

you 74 years old and therefore have not

1101
00:48:13,309 --> 00:48:11,520
had the time

1102
00:48:16,069 --> 00:48:13,319
to spend themselves it was full

1103
00:48:17,569 --> 00:48:16,079
environment so yeah I wanted to see if

1104
00:48:19,790 --> 00:48:17,579
you wanted to talk about some of the

1105
00:48:22,069 --> 00:48:19,800
controversy yeah you know I've heard a

1106
00:48:24,950 --> 00:48:22,079
lot of controversial things about what

1107
00:48:27,589 --> 00:48:24,960
happened in Belize and and you being a

1108
00:48:29,630 --> 00:48:27,599
person of interest and uh you know when

1109
00:48:32,750 --> 00:48:29,640
I look at that situation I don't blame

1110
00:48:34,910 --> 00:48:32,760
you because this back water police that

1111
00:48:36,589 --> 00:48:34,920
can't be trusted and you know the

1112
00:48:38,770 --> 00:48:36,599
situation that you were in

1113
00:48:43,069 --> 00:48:38,780

I wouldn't have felt safe to stay there

1114

00:48:46,910 --> 00:48:43,079

and uh and deal with that in a probably

1115

00:48:49,550 --> 00:48:46,920

corrupt police system and you know and

1116

00:48:51,470 --> 00:48:49,560

so well listen I keep in mind you know

1117

00:48:53,630 --> 00:48:51,480

this is not something as trivial as well

1118

00:48:56,390 --> 00:48:53,640

as you just described no this is way way

1119

00:49:00,410 --> 00:48:56,400

deeper you can run six months earlier

1120

00:49:01,609 --> 00:49:00,420

they had raided my property in the

1121

00:49:07,069 --> 00:49:01,619

jungle

1122

00:49:09,530 --> 00:49:07,079

uh 50 almost 50 arms Special Forces

1123

00:49:11,630 --> 00:49:09,540

not in Wyatt here storm there probably

1124

00:49:14,650 --> 00:49:11,640

six in the morning shot my dog in front

1125

00:49:16,870 --> 00:49:14,660

of my eye I said Mr McQueen

1126

00:49:19,309 --> 00:49:16,880

yeah it's hard

1127

00:49:21,290 --> 00:49:19,319

and uh

1128

00:49:23,630 --> 00:49:21,300

sort of abused me for a whole [h__h]

1129

00:49:27,230 --> 00:49:23,640

day and then left

1130

00:49:30,589 --> 00:49:27,240

um this happened after the Prime

1131

00:49:34,609 --> 00:49:30,599

Minister sent one of his flunkies uh to

1132

00:49:37,970 --> 00:49:34,619

ask me for a two million dollar donation

1133

00:49:41,089 --> 00:49:37,980

um for the um the next election coming

1134

00:49:42,770 --> 00:49:41,099

up in March see these are the things

1135

00:49:44,809 --> 00:49:42,780

that people don't really hear they don't

1136

00:49:46,910 --> 00:49:44,819

hear that in the media they get the one

1137

00:49:49,609 --> 00:49:46,920

side they get the one-sided story not

1138

00:49:51,589 --> 00:49:49,619

yours the story the true story says too

1139

00:49:54,349 --> 00:49:51,599

long to tell that's the only reason when

1140

00:49:56,870 --> 00:49:54,359

we finish it you'll understand

1141

00:49:59,930 --> 00:49:56,880

so they'd come and ask me for a donation

1142

00:50:02,210 --> 00:49:59,940

I said no a week after that to the day

1143

00:50:05,930 --> 00:50:02,220

so when they raided my property

1144

00:50:07,550 --> 00:50:05,940

did nothing after they left the next day

1145

00:50:09,710 --> 00:50:07,560

that man came back and said oh Mr

1146

00:50:12,790 --> 00:50:09,720

actually I am so sorry

1147

00:50:17,450 --> 00:50:12,800

we made a mistake we had bad information

1148

00:50:21,410 --> 00:50:17,460

or please please will you forgive us

1149

00:50:22,910 --> 00:50:21,420

and um and they said oh and this might

1150

00:50:25,609 --> 00:50:22,920

be um

1151

00:50:29,210 --> 00:50:25,619

I assume you've reconsidered your

1152

00:50:31,670 --> 00:50:29,220

donation right now no a smart man would

1153

00:50:34,190 --> 00:50:31,680

have gone you bet I have here take four

1154

00:50:36,829 --> 00:50:34,200

million I'm sorry I didn't do it earlier

1155

00:50:40,190 --> 00:50:36,839

now that's what a smart man

1156

00:50:42,230 --> 00:50:40,200

what did I do I said get the [h__h]

1157

00:50:44,210 --> 00:50:42,240

off

1158

00:50:47,809 --> 00:50:44,220

even mine day before they shot my dog

1159

00:50:50,390 --> 00:50:47,819

had they not shot in the goddamn dog

1160

00:50:56,710 --> 00:50:50,400

I could probably have gotten over it

1161

00:51:01,730 --> 00:50:59,210

so no I'm not cooperating with you

1162

00:51:06,309 --> 00:51:01,740

pricks get the [h__h] out and that was a

1163

00:51:09,049 --> 00:51:06,319

mistake no they had him chasing at night

1164

00:51:12,650 --> 00:51:09,059

it was a long story and it's coming out

1165

00:51:14,990 --> 00:51:12,660

very soon but in any case for six months

1166

00:51:17,569 --> 00:51:15,000

trying to keep in mind I'm surrounded by

1167

00:51:20,390 --> 00:51:17,579

17 armed guards Wherever I Go only the

1168

00:51:22,970 --> 00:51:20,400

former ex convicts and and deadly

1169

00:51:30,309 --> 00:51:22,980

Marksman so we don't want to start up a

1170

00:51:35,809 --> 00:51:33,470

so they gotta catch me somehow without

1171

00:51:37,190 --> 00:51:35,819

my guards which never happens

1172

00:51:40,010 --> 00:51:37,200

or

1173

00:51:41,690 --> 00:51:40,020

collect it legally

1174

00:51:44,870 --> 00:51:41,700

yeah

1175

00:51:47,750 --> 00:51:44,880

I mean if they come to arrest me as a

1176
00:51:49,910 --> 00:51:47,760
suspect and a murderer and my guards

1177
00:51:51,530 --> 00:51:49,920
open fire well [\h__\h] me if that didn't

1178
00:51:54,890 --> 00:51:51,540
happen of course I'm not gonna let that

1179
00:51:57,290 --> 00:51:54,900
happen I don't have to get arrested

1180
00:51:58,730 --> 00:51:57,300
right and that's exactly what [\h__\h]

1181
00:52:01,309 --> 00:51:58,740
happened

1182
00:52:02,930 --> 00:52:01,319
the government killed my neighbor for

1183
00:52:05,450 --> 00:52:02,940
Christ's sakes because people everybody

1184
00:52:07,730 --> 00:52:05,460
believes it

1185
00:52:09,290 --> 00:52:07,740
wow and then came for me the next day to

1186
00:52:11,809 --> 00:52:09,300
remember

1187
00:52:13,130 --> 00:52:11,819
yeah and Tony I was not willing to be

1188
00:52:15,650 --> 00:52:13,140

arrested

1189

00:52:18,170 --> 00:52:15,660

I was not going to go that route just

1190

00:52:19,970 --> 00:52:18,180

like I was not willing to let the IRS

1191

00:52:21,890 --> 00:52:19,980

arrest me no

1192

00:52:23,690 --> 00:52:21,900

I'll let you know when I'm ready to be

1193

00:52:26,450 --> 00:52:23,700

arrested people

1194

00:52:28,010 --> 00:52:26,460

it's not yet

1195

00:52:28,790 --> 00:52:28,020

so

1196

00:52:31,849 --> 00:52:28,800

um

1197

00:52:33,410 --> 00:52:31,859

so I went immediately into hiding and

1198

00:52:35,569 --> 00:52:33,420

this is some serious hiding now I mean

1199

00:52:37,670 --> 00:52:35,579

not not hiding where the government's

1200

00:52:40,250 --> 00:52:37,680

trying to find it but no hiding where

1201
00:52:42,950 --> 00:52:40,260
the cops are just eat from me and I'm

1202
00:52:46,730 --> 00:52:42,960
hiding under a house

1203
00:52:51,230 --> 00:52:49,490
and that's a long story yeah I've heard

1204
00:52:53,569 --> 00:52:51,240
that everybody knows that everybody

1205
00:52:55,730 --> 00:52:53,579
knows I escaped as everybody knows

1206
00:52:58,990 --> 00:52:55,740
however

1207
00:53:01,910 --> 00:52:59,000
I was arrested in Guatemala in June 2

1208
00:53:04,069 --> 00:53:01,920
Vice magazine you can read that story

1209
00:53:07,370 --> 00:53:04,079
online folks it's a long story but yes

1210
00:53:10,430 --> 00:53:07,380
but I got out of that

1211
00:53:11,870 --> 00:53:10,440
I'm out of America and I hope and for

1212
00:53:14,710 --> 00:53:11,880
those who are really really [h__\h]

1213
00:53:26,290 --> 00:53:14,720

curious I mean I am inside the Arkansas

1214

00:53:32,690 --> 00:53:29,870

you get here and all along the way

1215

00:53:34,730 --> 00:53:32,700

you're going to be alerting people who

1216

00:53:37,630 --> 00:53:34,740

have snowmobiles and other [h__h] to get

1217

00:53:39,829 --> 00:53:37,640

to be faster so you will not

1218

00:53:43,190 --> 00:53:39,839

collectively sorry ass

1219

00:53:44,990 --> 00:53:43,200

this year at least

1220

00:53:47,030 --> 00:53:45,000

yeah I've I've seen online there's

1221

00:53:49,370 --> 00:53:47,040

there's sort of some website that's like

1222

00:53:51,710 --> 00:53:49,380

where in the world is John McPhee then

1223

00:53:53,870 --> 00:53:51,720

people are guessing did you know that

1224

00:53:55,490 --> 00:53:53,880

are you aware of that the interest that

1225

00:53:57,589 --> 00:53:55,500

people have just in where you are no

1226

00:54:01,730 --> 00:53:57,599

guessing like somebody told me that you

1227

00:54:05,450 --> 00:54:01,740

were in Russia somebody I asked around I

1228

00:54:07,190 --> 00:54:05,460

I uh I have uh some contact that's in

1229

00:54:09,230 --> 00:54:07,200

federal law enforcement and I asked him

1230

00:54:11,690 --> 00:54:09,240

uh about you and where they think you

1231

00:54:13,849 --> 00:54:11,700

are and he said we have various

1232

00:54:17,569 --> 00:54:13,859

intelligence placing him in Europe and

1233

00:54:20,030 --> 00:54:17,579

in Russia uh and maybe Australia I think

1234

00:54:22,250 --> 00:54:20,040

I'd heard from him so they're they're

1235

00:54:24,230 --> 00:54:22,260

looking this is a federal law

1236

00:54:26,150 --> 00:54:24,240

enforcement officer who told me that

1237

00:54:28,150 --> 00:54:26,160

they have various intelligence that's

1238

00:54:30,470 --> 00:54:28,160

placing you in Europe how did that

1239

00:54:32,510 --> 00:54:30,480

conversation happen can you tell me that

1240

00:54:34,609 --> 00:54:32,520

well this is a person that I talk to

1241

00:54:37,270 --> 00:54:34,619

occasionally sort of a friend of a

1242

00:54:39,290 --> 00:54:37,280

friend and uh he has some interest in

1243

00:54:40,849 --> 00:54:39,300

conspiracy-minded stuff and things like

1244

00:54:42,650 --> 00:54:40,859

that so I thought well let me ask him

1245

00:54:44,150 --> 00:54:42,660

where where the government thinks you

1246

00:54:46,010 --> 00:54:44,160

know and I don't know if he's accurate

1247

00:54:47,329 --> 00:54:46,020

or he's he's telling me the truth but

1248

00:54:51,230 --> 00:54:47,339

that's what he told me that they think

1249

00:54:52,910 --> 00:54:51,240

you're in Russia or in a non-friendly to

1250

00:54:55,670 --> 00:54:52,920

the United States country that's what

1251
00:54:58,790 --> 00:54:55,680
they think a non-extradition country yes

1252
00:55:01,549 --> 00:54:58,800
thank God why because the only listen

1253
00:55:03,349 --> 00:55:01,559
there's no secrecy in my life because I

1254
00:55:05,089 --> 00:55:03,359
know wherever I'm going to be listened

1255
00:55:06,829 --> 00:55:05,099
to by something that if I have something

1256
00:55:09,049 --> 00:55:06,839
electronic or not

1257
00:55:11,329 --> 00:55:09,059
my only concern is making sure that the

1258
00:55:15,230 --> 00:55:11,339
location of where I am can never happen

1259
00:55:17,930 --> 00:55:15,240
all right and that I can guarantee you

1260
00:55:19,849 --> 00:55:17,940
um so from the safety you know and for

1261
00:55:21,770 --> 00:55:19,859
some reason my sensation

1262
00:55:24,290 --> 00:55:21,780
say

1263
00:55:27,349 --> 00:55:24,300

which which I will do

1264

00:55:31,010 --> 00:55:27,359

um but yes my disinformation

1265

00:55:35,390 --> 00:55:31,020

is designed to make them spend as much

1266

00:55:38,809 --> 00:55:35,400

money and as much time as possible in

1267

00:55:41,870 --> 00:55:38,819

futiles searches for me in places where

1268

00:55:43,849 --> 00:55:41,880

they are started that I am

1269

00:55:45,829 --> 00:55:43,859

now I played this game I've been playing

1270

00:55:48,650 --> 00:55:45,839

it for years and I will continue to play

1271

00:55:50,809 --> 00:55:48,660

it better than my opponent

1272

00:55:53,230 --> 00:55:50,819

because I'm older than them or something

1273

00:55:56,870 --> 00:55:53,240

but wiser yeah

1274

00:55:58,609 --> 00:55:56,880

or wiser you're a little wiser or

1275

00:56:01,609 --> 00:55:58,619

whatever but

1276

00:56:03,710 --> 00:56:01,619

I invented cyber security people

1277

00:56:06,230 --> 00:56:03,720

the only way to find someone today is

1278

00:56:08,690 --> 00:56:06,240

electronically they've forgotten the old

1279

00:56:10,609 --> 00:56:08,700

test of dropping a thousand people on

1280

00:56:13,490 --> 00:56:10,619

the ground and going just sniff around

1281

00:56:16,430 --> 00:56:13,500

no they don't do that [h__h] anymore you

1282

00:56:19,790 --> 00:56:16,440

don't have a smartphone and you know how

1283

00:56:22,370 --> 00:56:19,800

to hide your Communications but

1284

00:56:24,470 --> 00:56:22,380

if anybody knows better from me

1285

00:56:26,210 --> 00:56:24,480

or how to hide Communications and please

1286

00:56:27,770 --> 00:56:26,220

go and step forward because I want to

1287

00:56:29,990 --> 00:56:27,780

shake your hand

1288

00:56:31,190 --> 00:56:30,000

because I haven't met you before

1289

00:56:32,870 --> 00:56:31,200

so no

1290

00:56:34,430 --> 00:56:32,880

can't find me

1291

00:56:36,770 --> 00:56:34,440

I am ahead

1292

00:56:39,589 --> 00:56:36,780

they will never find me until I am ready

1293

00:56:41,690 --> 00:56:39,599

to be found and maybe I will be sometime

1294

00:56:45,290 --> 00:56:41,700

it might be

1295

00:56:47,750 --> 00:56:45,300

convenient for me to be found at just

1296

00:56:50,089 --> 00:56:47,760

the right

1297

00:56:56,450 --> 00:56:50,099

[h__\h] don't matter

1298

00:57:00,549 --> 00:56:56,460

wow that that folds into something else

1299

00:57:02,270 --> 00:57:00,559

that when combined together people go

1300

00:57:04,250 --> 00:57:02,280

[h__\h] hell

1301
00:57:07,970 --> 00:57:04,260
now that would be advantageous and

1302
00:57:10,190 --> 00:57:07,980
obviously the sort of [h__h] that I

1303
00:57:12,170 --> 00:57:10,200
grew up with all the time

1304
00:57:14,210 --> 00:57:12,180
well and you know you're you're a huge

1305
00:57:16,990 --> 00:57:14,220
supporter of cryptocurrency that may be

1306
00:57:20,270 --> 00:57:17,000
another reason why they don't like you

1307
00:57:22,370 --> 00:57:20,280
the main reason now yeah yeah I think

1308
00:57:25,490 --> 00:57:22,380
you know I think that the the federal

1309
00:57:28,250 --> 00:57:25,500
government in my view is terrified a lot

1310
00:57:30,170 --> 00:57:28,260
of governments are of cryptocurrency can

1311
00:57:32,030 --> 00:57:30,180
you talk a little bit about why why are

1312
00:57:34,849 --> 00:57:32,040
you so interested in cryptocurrency and

1313
00:57:36,589 --> 00:57:34,859

what's the best part why do you think

1314

00:57:38,750 --> 00:57:36,599

it's so advantageous

1315

00:57:41,630 --> 00:57:38,760

why do you think it's a good thing and

1316

00:57:44,089 --> 00:57:41,640

and what what for one and only one

1317

00:57:46,370 --> 00:57:44,099

reason privacy

1318

00:57:49,490 --> 00:57:46,380

um and unstopability

1319

00:57:51,849 --> 00:57:49,500

something that can't be controlled by

1320

00:57:54,770 --> 00:57:51,859

those who are in power do you understand

1321

00:57:58,010 --> 00:57:54,780

how powerful that is

1322

00:58:00,349 --> 00:57:58,020

sure a thing which power

1323

00:58:03,790 --> 00:58:00,359

cannot affect

1324

00:58:07,190 --> 00:58:03,800

a thing impervious too

1325

00:58:08,990 --> 00:58:07,200

or of course then it can't be controlled

1326
00:58:11,510 --> 00:58:09,000
by the by the people already in control

1327
00:58:13,309 --> 00:58:11,520
that's why they're scared yeah that's

1328
00:58:16,309 --> 00:58:13,319
the whole thing the self-controlled by

1329
00:58:18,530 --> 00:58:16,319
anybody about the good cards is we

1330
00:58:21,950 --> 00:58:18,540
already had privacy coins like modern

1331
00:58:25,849 --> 00:58:21,960
absolutely fantastic and I created the

1332
00:58:28,490 --> 00:58:25,859
first real a distributed exchange just

1333
00:58:31,970 --> 00:58:28,500
two months ago it's in beta but the

1334
00:58:34,609 --> 00:58:31,980
[h__\h] thing works and can't be shut

1335
00:58:38,089 --> 00:58:34,619
down ever

1336
00:58:39,829 --> 00:58:38,099
technically or other lives can't be done

1337
00:58:42,230 --> 00:58:39,839
and

1338
00:58:46,250 --> 00:58:42,240

we do an okay when I see

1339

00:58:49,789 --> 00:58:46,260

we just know AML and we do nothing but

1340

00:58:51,950 --> 00:58:49,799

the SEC demanded that we do

1341

00:58:54,770 --> 00:58:51,960

you don't have to give us a name an

1342

00:58:57,589 --> 00:58:54,780

email address nothing you wander through

1343

00:59:00,170 --> 00:58:57,599

our portal and you start trading

1344

00:59:04,069 --> 00:59:00,180

and if you're trading with

1345

00:59:08,569 --> 00:59:04,079

um a privacy coin there is no power on

1346

00:59:12,470 --> 00:59:08,579

Earth that can find out who you are

1347

00:59:15,710 --> 00:59:12,480

so what transaction just to transpire

1348

00:59:18,890 --> 00:59:15,720

or what's in your wallet or not

1349

00:59:20,809 --> 00:59:18,900

do you see the power of this people yeah

1350

00:59:22,910 --> 00:59:20,819

I recognized early on because you know

1351
00:59:25,670 --> 00:59:22,920
I'm a computer science guy the power of

1352
00:59:27,770 --> 00:59:25,680
of what Bitcoin could be I still have

1353
00:59:29,690 --> 00:59:27,780
some concerns because you don't know

1354
00:59:31,789 --> 00:59:29,700
really who's pulling the strings behind

1355
00:59:34,130 --> 00:59:31,799
some of these some of these Bitcoins

1356
00:59:36,170 --> 00:59:34,140
some of the newer ones and now we have

1357
00:59:38,030 --> 00:59:36,180
and there are some that are less than

1358
00:59:40,430 --> 00:59:38,040
reputable let's just say that and you've

1359
00:59:41,809 --> 00:59:40,440
made some predictions I hope you have a

1360
00:59:43,549 --> 00:59:41,819
sense of humor because I I have one

1361
00:59:46,069 --> 00:59:43,559
question I want to ask I did it okay

1362
00:59:48,049 --> 00:59:46,079
there's one question you you made some

1363
00:59:50,390 --> 00:59:48,059

famous predictions about Bitcoin going

1364

00:59:53,450 --> 00:59:50,400

first to five hundred thousand dollars

1365

00:59:56,530 --> 00:59:53,460

and then uh later you said it's going to

1366

00:59:59,150 --> 00:59:56,540

go to 100 million

1367

01:00:01,250 --> 00:59:59,160

I'm sorry one million and you famously

1368

01:00:03,349 --> 01:00:01,260

said if it does not go to one million by

1369

01:00:06,349 --> 01:00:03,359

the end of 2020 you would eat your dick

1370

01:00:08,089 --> 01:00:06,359

so I wanted to know if you were still in

1371

01:00:10,809 --> 01:00:08,099

line with that prediction given the drop

1372

01:00:13,970 --> 01:00:10,819

the recent drops

1373

01:00:15,609 --> 01:00:13,980

let's all be real with each other that

1374

01:00:19,309 --> 01:00:15,619

statement

1375

01:00:23,630 --> 01:00:19,319

onboarded over 100

1376

01:00:26,690 --> 01:00:23,640

000 new users to cryptocurrency yeah

1377

01:00:28,910 --> 01:00:26,700

no nobody is going to ever eat their own

1378

01:00:31,010 --> 01:00:28,920

dick I'm telling them sure I hope not

1379

01:00:32,089 --> 01:00:31,020

the women that's not garbage it's

1380

01:00:34,910 --> 01:00:32,099

because we're going to hit a million

1381

01:00:37,849 --> 01:00:34,920

dollars highly unlikely we all knew it

1382

01:00:41,510 --> 01:00:37,859

then I knew it then but the statement

1383

01:00:44,630 --> 01:00:41,520

would be combo of eating my dick it's

1384

01:00:47,030 --> 01:00:44,640

got a huge for folks that don't know it

1385

01:00:51,230 --> 01:00:47,040

was one of the most retweeted tweets

1386

01:00:53,150 --> 01:00:51,240

ever yes ever got outside of the

1387

01:00:55,789 --> 01:00:53,160

cryptocurrency community which is what

1388

01:00:58,569 --> 01:00:55,799

we needed no one was going to pay

1389

01:01:03,230 --> 01:00:58,579

attention to us nerds

1390

01:01:06,109 --> 01:01:03,240

masturbating with cryptocurrencies no it

1391

01:01:08,390 --> 01:01:06,119

needed something to get out there McAfee

1392

01:01:10,370 --> 01:01:08,400

the antivirus guy I'm gonna need this

1393

01:01:12,289 --> 01:01:10,380

dick what's that it's all about a

1394

01:01:14,510 --> 01:01:12,299

hundred thousand years of people it did

1395

01:01:17,569 --> 01:01:14,520

its job am I going to eat my dick [h__h]

1396

01:01:19,250 --> 01:01:17,579

no what is what what's Bitcoin do you

1397

01:01:22,250 --> 01:01:19,260

want to do I don't know

1398

01:01:24,109 --> 01:01:22,260

I am I have no Crystal goddamn I don't

1399

01:01:27,349 --> 01:01:24,119

know any more about what's going to

1400

01:01:29,450 --> 01:01:27,359

happen tomorrow and and it because it's

1401

01:01:31,490 --> 01:01:29,460

a little dark at the wrong

1402

01:01:33,650 --> 01:01:31,500

just as good as yummy

1403

01:01:36,349 --> 01:01:33,660

so this was a this was sort of a

1404

01:01:38,329 --> 01:01:36,359

carefully you you kind of it's a kind of

1405

01:01:39,829 --> 01:01:38,339

like a chess game because if if what you

1406

01:01:41,930 --> 01:01:39,839

wanted to do was get the word out about

1407

01:01:44,510 --> 01:01:41,940

cryptocurrency and its value and its

1408

01:01:46,549 --> 01:01:44,520

worth this was one of the most retweeted

1409

01:01:50,690 --> 01:01:46,559

tweets ever in the history of Twitter

1410

01:01:53,870 --> 01:01:50,700

and it was it was in dozens of articles

1411

01:01:55,970 --> 01:01:53,880

online quoting your tweet that you said

1412

01:01:57,890 --> 01:01:55,980

that and I I think that was a pretty

1413

01:01:59,750 --> 01:01:57,900

masterful move on your part if that's

1414

01:02:02,809 --> 01:01:59,760

what your intention was is just to gain

1415

01:02:03,710 --> 01:02:02,819

attention it worked well not for me not

1416

01:02:06,170 --> 01:02:03,720

to me

1417

01:02:08,210 --> 01:02:06,180

but they gave attention to say well

1418

01:02:10,609 --> 01:02:08,220

let's try this people [h__\h] me you tried

1419

01:02:14,510 --> 01:02:10,619

everything else how about this

1420

01:02:16,730 --> 01:02:14,520

it brought millions of eyeballs and over

1421

01:02:20,569 --> 01:02:16,740

a hundred thousand users

1422

01:02:23,890 --> 01:02:20,579

somewhere in the the spike within a

1423

01:02:27,710 --> 01:02:23,900

month afterwards was unaccountable for

1424

01:02:28,730 --> 01:02:27,720

by any other reason than my goddamn

1425

01:02:32,930 --> 01:02:28,740

tweet

1426

01:02:36,170 --> 01:02:32,940

sure now was that not worth it yes

1427

01:02:38,150 --> 01:02:36,180

absolutely and I do it again

1428

01:02:41,930 --> 01:02:38,160

why do you do something similar even

1429

01:02:45,049 --> 01:02:41,940

yours be prepared but if it brings

1430

01:02:48,650 --> 01:02:45,059

attention to the only thing people that

1431

01:02:52,430 --> 01:02:48,660

is going to free us if anything does

1432

01:02:54,730 --> 01:02:52,440

is the blockchain and cryptocurrency I

1433

01:02:59,030 --> 01:02:54,740

have created a distributed exchange

1434

01:03:02,470 --> 01:02:59,040

based on Smart contracts on the

1435

01:03:06,710 --> 01:03:02,480

blockchains which can we have ever

1436

01:03:08,930 --> 01:03:06,720

be destroyed changed or removed

1437

01:03:10,970 --> 01:03:08,940

it's there forever and it's free and

1438

01:03:14,270 --> 01:03:10,980

it's for you

1439

01:03:16,370 --> 01:03:14,280

sure and when it broke every single rule

1440

01:03:18,650 --> 01:03:16,380

in the book

1441

01:03:21,109 --> 01:03:18,660

I want I wanted to ask you about mining

1442

01:03:23,690 --> 01:03:21,119

too because when when crypto mining

1443

01:03:26,089 --> 01:03:23,700

first started you know I I used to build

1444

01:03:28,130 --> 01:03:26,099

computers and I I got into that for a

1445

01:03:30,130 --> 01:03:28,140

little while but I was way late in the

1446

01:03:33,170 --> 01:03:30,140

game and now it seems like

1447

01:03:36,049 --> 01:03:33,180

mining for Bitcoin is no longer really

1448

01:03:37,730 --> 01:03:36,059

financially a good thing yeah I mean you

1449

01:03:38,990 --> 01:03:37,740

can't be I try to beat the system like

1450

01:03:41,089 --> 01:03:39,000

how could I figure this out and I

1451

01:03:43,670 --> 01:03:41,099

couldn't get past the electric bill you

1452

01:03:45,710 --> 01:03:43,680

know like I would mine I would get like

1453

01:03:48,170 --> 01:03:45,720

you know 300 worth of bitcoin but then

1454

01:03:49,970 --> 01:03:48,180

my electric bill was 400. I just

1455

01:03:51,770 --> 01:03:49,980

couldn't get past it so what do you

1456

01:03:54,829 --> 01:03:51,780

saying about Bitcoin mining

1457

01:03:57,650 --> 01:03:54,839

well see because money has gotten a way

1458

01:03:59,049 --> 01:03:57,660

way way more sophisticated this formula

1459

01:04:00,770 --> 01:03:59,059

temperature

1460

01:04:03,710 --> 01:04:00,780

all right

1461

01:04:08,510 --> 01:04:03,720

electricity costs

1462

01:04:10,370 --> 01:04:08,520

um and the cost of construction and and

1463

01:04:13,309 --> 01:04:10,380

maintenance and all the things with

1464

01:04:15,230 --> 01:04:13,319

shipping in s9s from China by the

1465

01:04:16,430 --> 01:04:15,240

trillions okay

1466

01:04:19,849 --> 01:04:16,440

um

1467

01:04:22,670 --> 01:04:19,859

and it will not work at below

1468

01:04:25,670 --> 01:04:22,680

9 000 feet anywhere

1469

01:04:28,309 --> 01:04:25,680

uh in America can't happen

1470

01:04:32,109 --> 01:04:28,319

to God damn room

1471

01:04:35,510 --> 01:04:32,119

um it cannot work under any standard

1472

01:04:39,890 --> 01:04:35,520

electrical service rate

1473

01:04:41,809 --> 01:04:39,900

um when I was mining at MGT we chose in

1474

01:04:45,049 --> 01:04:41,819

the state of Washington

1475

01:04:47,990 --> 01:04:45,059

Partners who were ranchers and being

1476
01:04:51,470 --> 01:04:48,000
ranchers when they allowed the state to

1477
01:04:53,630 --> 01:04:51,480
run electric lines across a hundred

1478
01:04:57,049 --> 01:04:53,640
miles of their Ranch

1479
01:04:59,630 --> 01:04:57,059
gave ranchers and almost ridiculously

1480
01:05:01,730 --> 01:04:59,640
small cost

1481
01:05:04,390 --> 01:05:01,740
so we partnered with Rancher and we'd

1482
01:05:07,730 --> 01:05:04,400
build the facility on his [h__\h] Ranch

1483
01:05:10,069 --> 01:05:07,740
and we have almost free electricity so

1484
01:05:12,589 --> 01:05:10,079
they built the server Farm there these

1485
01:05:14,450 --> 01:05:12,599
are the games if you can't play these

1486
01:05:18,109 --> 01:05:14,460
games don't get into the mining business

1487
01:05:22,450 --> 01:05:18,119
because you will not succeed

1488
01:05:25,970 --> 01:05:22,460

not succeeding electricity will kill you

1489

01:05:28,670 --> 01:05:25,980

and unless you're in some mining or

1490

01:05:32,450 --> 01:05:28,680

unless you have you know 200 at least or

1491

01:05:34,670 --> 01:05:32,460

500 uh s9s they're running non-stop

1492

01:05:35,990 --> 01:05:34,680

you're not going to be assured of making

1493

01:05:37,970 --> 01:05:36,000

anything at all

1494

01:05:39,589 --> 01:05:37,980

you know you buy one S9 you might run

1495

01:05:41,809 --> 01:05:39,599

the [h__\h] for five how to do this and

1496

01:05:44,870 --> 01:05:41,819

not find the same for Bitcoin wow yeah

1497

01:05:46,910 --> 01:05:44,880

well it's a numbers game people

1498

01:05:50,990 --> 01:05:46,920

yeah and I guess I wanted to ask you to

1499

01:05:55,549 --> 01:05:53,390

what you're a big supporter of of

1500

01:05:57,829 --> 01:05:55,559

cryptocurrency but what do you think

1501

01:06:00,410 --> 01:05:57,839

about some of the scams that have come

1502

01:06:03,410 --> 01:06:00,420

up around cryptocurrency and and some of

1503

01:06:05,630 --> 01:06:03,420

the things that have been not such a

1504

01:06:08,569 --> 01:06:05,640

good thing because people are sort of

1505

01:06:09,829 --> 01:06:08,579

taking advantage of of the popularity or

1506

01:06:11,510 --> 01:06:09,839

the belief that people have that they're

1507

01:06:13,190 --> 01:06:11,520

going to make all this money and and

1508

01:06:14,870 --> 01:06:13,200

then it doesn't pan out for a lot of

1509

01:06:17,630 --> 01:06:14,880

people a lot of people have lost a lot

1510

01:06:21,589 --> 01:06:17,640

of money trying to invest in Bitcoin

1511

01:06:23,809 --> 01:06:21,599

oh my God I guess I could lose money in

1512

01:06:27,049 --> 01:06:23,819

anything people actually now trying to

1513

01:06:28,910 --> 01:06:27,059

take advantage of people's innocence and

1514

01:06:31,789 --> 01:06:28,920

newness oh my God what a new thought

1515

01:06:34,870 --> 01:06:31,799

Janice write that down I've never heard

1516

01:06:39,710 --> 01:06:34,880

of this before these God people

1517

01:06:42,589 --> 01:06:39,720

welcome to the real [h__h] world

1518

01:06:44,390 --> 01:06:42,599

called Darwinism or call it what you

1519

01:06:47,210 --> 01:06:44,400

wish if you don't want a scientific or

1520

01:06:48,950 --> 01:06:47,220

pseudoscientific name who gives a [h__h]

1521

01:06:52,490 --> 01:06:48,960

is what people are

1522

01:06:56,390 --> 01:06:52,500

you can't get rid of scammers ever

1523

01:06:59,630 --> 01:06:56,400

and the more lucrative a field is even

1524

01:07:01,970 --> 01:06:59,640

in potential alone the more scammers are

1525

01:07:04,309 --> 01:07:01,980

going to be attracted to it so don't try

1526

01:07:07,670 --> 01:07:04,319

and stop them for [h__h] sake

1527

01:07:09,589 --> 01:07:07,680

just wise the [h__h] up and realize you're

1528

01:07:11,270 --> 01:07:09,599

alone in this room people

1529

01:07:13,010 --> 01:07:11,280

the government says they can protect you

1530

01:07:14,870 --> 01:07:13,020

it can't at least that they can protect

1531

01:07:16,789 --> 01:07:14,880

you've been to the last time a cop

1532

01:07:19,309 --> 01:07:16,799

protected anybody

1533

01:07:21,349 --> 01:07:19,319

cops come in after you've been shot in

1534

01:07:25,250 --> 01:07:21,359

the head and try to solve the [h__h]

1535

01:07:27,950 --> 01:07:25,260

crime come and clean up please wake up

1536

01:07:30,289 --> 01:07:27,960

you're on your own he gets scammed don't

1537

01:07:32,450 --> 01:07:30,299

cry to me don't cry to the scammer sure

1538

01:07:36,109 --> 01:07:32,460

as [\h__\h] up quietly goodness not their

1539

01:07:39,430 --> 01:07:36,119

job to fix your naive attack

1540

01:07:41,870 --> 01:07:39,440

you and IBK is fixed by [\h__\h] like this

1541

01:07:45,170 --> 01:07:41,880

happening to you

1542

01:07:47,450 --> 01:07:45,180

I would pay the scammer for the lesson

1543

01:07:49,190 --> 01:07:47,460

if I if you could find him because you

1544

01:07:52,010 --> 01:07:49,200

won't be able to because being a scammer

1545

01:07:53,329 --> 01:07:52,020

you can't find him anyway sure but if

1546

01:07:56,870 --> 01:07:53,339

you could

1547

01:08:00,410 --> 01:07:56,880

give him your first woman and thank you

1548

01:08:03,049 --> 01:08:00,420

wake up people oh this breaks my heart

1549

01:08:05,569 --> 01:08:03,059

that people actually think

1550

01:08:08,569 --> 01:08:05,579

silly [\h__\h] like this

1551

01:08:10,849 --> 01:08:08,579

sure well the other thing I wanted to

1552

01:08:12,710 --> 01:08:10,859

talk to you about is this is actually a

1553

01:08:15,289 --> 01:08:12,720

listener question he wanted me to ask

1554

01:08:18,169 --> 01:08:15,299

you about an apparent dead man switch

1555

01:08:20,269 --> 01:08:18,179

that was mentioned by your one-time

1556

01:08:23,749 --> 01:08:20,279

campaign manager when you were having

1557

01:08:25,849 --> 01:08:23,759

legal issues that you have uh some kind

1558

01:08:28,070 --> 01:08:25,859

of information and a dead man switch if

1559

01:08:29,689 --> 01:08:28,080

anything happens to you there's going to

1560

01:08:32,329 --> 01:08:29,699

be some releases that could be quite

1561

01:08:36,169 --> 01:08:32,339

damaging to many people in power and

1562

01:08:39,169 --> 01:08:36,179

this is a sort of sent into me from from

1563

01:08:42,590 --> 01:08:39,179

a listener he wants to know uh do you

1564

01:08:43,490 --> 01:08:42,600

really have a dead man switch in case of

1565

01:08:45,829 --> 01:08:43,500

anything

1566

01:08:47,809 --> 01:08:45,839

happening to you

1567

01:08:49,430 --> 01:08:47,819

well first of all let's let's break that

1568

01:08:50,870 --> 01:08:49,440

into two questions first of all do I

1569

01:08:55,729 --> 01:08:50,880

actually have anything

1570

01:09:02,289 --> 01:08:58,789

I really am John McAfee

1571

01:09:06,229 --> 01:09:02,299

the founder of information security

1572

01:09:08,269 --> 01:09:06,239

and someone who knows certainly more

1573

01:09:14,090 --> 01:09:08,279

than the average person

1574

01:09:17,809 --> 01:09:14,749

um

1575

01:09:20,030 --> 01:09:17,819

so yes or yes of course I have

1576
01:09:22,550 --> 01:09:20,040
information I'm not so stupid is to have

1577
01:09:24,530 --> 01:09:22,560
nothing I might get caught collected

1578
01:09:26,390 --> 01:09:24,540
alive and then they torture me to find

1579
01:09:28,070 --> 01:09:26,400
out where it is and I have nothing to

1580
01:09:30,530 --> 01:09:28,080
tell them to see that's one of the

1581
01:09:33,590 --> 01:09:30,540
negatives no so I'm not that stupid yes

1582
01:09:36,349 --> 01:09:33,600
I have it you have a dead man switch I

1583
01:09:38,809 --> 01:09:36,359
would be an idiot

1584
01:09:42,650 --> 01:09:38,819
to have that

1585
01:09:45,769 --> 01:09:42,660
without a Deadman switch and if you are

1586
01:09:47,390 --> 01:09:45,779
one of my enemies and you are listening

1587
01:09:51,709 --> 01:09:47,400
to this

1588
01:09:55,430 --> 01:09:51,719

if I were you I would go to your church

1589

01:09:57,709 --> 01:09:55,440

of choice every morning before work and

1590

01:10:01,250 --> 01:09:57,719

kneel in the presence of whatever you

1591

01:10:05,209 --> 01:10:01,260

may call God and pray

1592

01:10:07,250 --> 01:10:05,219

John McAfee list of 200.

1593

01:10:09,830 --> 01:10:07,260

that's my message

1594

01:10:11,750 --> 01:10:09,840

well that's great and and do you have

1595

01:10:13,790 --> 01:10:11,760

plans to run for president again because

1596

01:10:16,610 --> 01:10:13,800

I followed the fir you know I followed

1597

01:10:18,770 --> 01:10:16,620

that and I was kind of just amazed at

1598

01:10:20,149 --> 01:10:18,780

the attention that you got and the

1599

01:10:23,209 --> 01:10:20,159

support that you're getting because

1600

01:10:25,970 --> 01:10:23,219

people are sick of this two-party junk

1601
01:10:28,310 --> 01:10:25,980
system we don't have a choice our choice

1602
01:10:30,649 --> 01:10:28,320
right now is pick the least corrupt guy

1603
01:10:32,630 --> 01:10:30,659
that's our choice pick the least

1604
01:10:33,770 --> 01:10:32,640
corrupted and even then even then you

1605
01:10:36,530 --> 01:10:33,780
don't know because you don't know the

1606
01:10:38,570 --> 01:10:36,540
truth about anybody [h__\h] who knows who

1607
01:10:42,169 --> 01:10:38,580
is the least Trump maybe they are

1608
01:10:44,149 --> 01:10:42,179
identically corrupt on purpose just so

1609
01:10:47,270 --> 01:10:44,159
that the powers that they don't have to

1610
01:10:48,770 --> 01:10:47,280
worry about which one gets it all the

1611
01:10:51,130 --> 01:10:48,780
same puppet to them

1612
01:10:53,510 --> 01:10:51,140
so no like okay

1613
01:10:55,250 --> 01:10:53,520

so we're gonna run again and as a

1614

01:10:57,530 --> 01:10:55,260

Libertarian or independent

1615

01:10:59,570 --> 01:10:57,540

yeah it's libertarian I've already I've

1616

01:11:01,669 --> 01:10:59,580

already announced I announced a week or

1617

01:11:03,410 --> 01:11:01,679

so ago I already have three campaign

1618

01:11:05,870 --> 01:11:03,420

videos out

1619

01:11:08,050 --> 01:11:05,880

um I'm ramping up for for this year

1620

01:11:11,830 --> 01:11:08,060

beginning next week you'll see more

1621

01:11:14,450 --> 01:11:11,840

serious both strongly I've been very

1622

01:11:15,890 --> 01:11:14,460

lackadaisical and humorous and cynical

1623

01:11:17,810 --> 01:11:15,900

and some of my photos through the past

1624

01:11:19,250 --> 01:11:17,820

couple of weeks since it meters maybe

1625

01:11:21,709 --> 01:11:19,260

I'm going to get serious again and

1626

01:11:24,950 --> 01:11:21,719

you'll see me come out

1627

01:11:26,689 --> 01:11:24,960

um as an extraordinary campus Camp so

1628

01:11:29,209 --> 01:11:26,699

and we're out of time my friend I'm so

1629

01:11:31,910 --> 01:11:29,219

sorry no that's fine I listen I wanted I

1630

01:11:33,830 --> 01:11:31,920

I really want to to thank you sincerely

1631

01:11:36,649 --> 01:11:33,840

I've been following you since uh you

1632

01:11:38,689 --> 01:11:36,659

know I first started in computers I wish

1633

01:11:40,550 --> 01:11:38,699

you the best of success in all your

1634

01:11:42,950 --> 01:11:40,560

endeavors and and I hope that you stay

1635

01:11:44,689 --> 01:11:42,960

safe and out there speaking out against

1636

01:11:46,850 --> 01:11:44,699

the powers that be

1637

01:11:48,830 --> 01:11:46,860

you're welcome thank you sir

1638

01:11:51,590 --> 01:11:48,840

I thought a lot about what I could say

1639

01:11:55,070 --> 01:11:51,600
about John in order to make this

1640

01:11:58,189 --> 01:11:55,080
broadcast some form of tribute to

1641

01:12:00,770 --> 01:11:58,199
a childhood idol of mine who I will

1642

01:12:02,270 --> 01:12:00,780
sadly Miss

1643

01:12:05,990 --> 01:12:02,280
but

1644

01:12:07,729 --> 01:12:06,000
the words just escaped me I tried to

1645

01:12:10,189 --> 01:12:07,739
write something down

1646

01:12:14,510 --> 01:12:10,199
I try to focus my thoughts about John

1647

01:12:18,050 --> 01:12:14,520
and uh you know how much he inspired me

1648

01:12:21,290 --> 01:12:18,060
to write software when I was a child

1649

01:12:24,110 --> 01:12:21,300
and the words just never came

1650

01:12:27,890 --> 01:12:24,120
but then I found some of John's words

1651

01:12:29,510 --> 01:12:27,900

and I think this is the best thing that

1652

01:12:32,870 --> 01:12:29,520

I could leave you with

1653

01:12:36,169 --> 01:12:32,880

rest in peace John McAfee I will miss

1654

01:12:41,750 --> 01:12:38,209

what is freedom

1655

01:12:44,209 --> 01:12:41,760

well freedom is following your heart

1656

01:12:45,790 --> 01:12:44,219

pure and simple

1657

01:12:50,450 --> 01:12:45,800

um doing

1658

01:12:54,709 --> 01:12:50,460

exactly and only what you love

1659

01:12:57,830 --> 01:12:54,719

you think you might be free but um if

1660

01:13:00,470 --> 01:12:57,840

you are not doing every moment of your

1661

01:13:02,149 --> 01:13:00,480

life exactly what you love though trust

1662

01:13:03,770 --> 01:13:02,159

me you are not free

1663

01:13:08,750 --> 01:13:03,780

most people

1664

01:13:11,750 --> 01:13:08,760

lead lives of quiet desperation in a

1665

01:13:14,090 --> 01:13:11,760

habit uh waking up on Monday going to a

1666

01:13:17,990 --> 01:13:14,100

job they do not love

1667

01:13:19,790 --> 01:13:18,000

coming home on weekends perhaps to a

1668

01:13:22,810 --> 01:13:19,800

spouse that

1669

01:13:27,110 --> 01:13:22,820

the love no longer exists for

1670

01:13:30,229 --> 01:13:27,120

day after day sameness

1671

01:13:31,630 --> 01:13:30,239

the unknown qualities of Life have

1672

01:13:35,450 --> 01:13:31,640

disappeared

1673

01:13:38,570 --> 01:13:35,460

this is slavery it's not freedom and

1674

01:13:41,870 --> 01:13:38,580

without Freedom there is no life

1675

01:13:45,530 --> 01:13:41,880

with freedom that quiet desperation

1676
01:13:49,910 --> 01:13:45,540
becomes an awesome mystery where every

1677
01:13:52,250 --> 01:13:49,920
day is brand new and you have no clue

1678
01:13:54,590 --> 01:13:52,260
what may happen

1679
01:13:56,570 --> 01:13:54,600
because the Habit has disappeared and

1680
01:14:00,770 --> 01:13:56,580
has been replaced by

1681
01:14:06,890 --> 01:14:02,750
you want more

1682
01:14:10,430 --> 01:14:08,780
is not going to make you any happier

1683
01:14:11,709 --> 01:14:10,440
[Music]

1684
01:14:16,850 --> 01:14:11,719
never

1685
01:14:20,330 --> 01:14:16,860
you need a totally new existence and

1686
01:14:22,970 --> 01:14:20,340
existence of Freedom where the mind no

1687
01:14:26,689 --> 01:14:22,980
longer controls or subdues the heart but

1688
01:14:31,550 --> 01:14:26,699

becomes an appendage of the heart a tool

1689

01:14:33,180 --> 01:14:31,560

to be used to achieve what the heart

1690

01:14:35,330 --> 01:14:33,190

desires

1691

01:14:37,490 --> 01:14:35,340

[Music]
