greetings and salutations friends and

13
00:02:22,250 --> 00:02:18,959

welcome back we are broadcasting Live on

14

00:02:24,830 --> 00:02:22,260

YouTube Facebook twitch Twitter

15

00:02:26,210 --> 00:02:24,840

Odyssey D live and Rumble and welcome to

16

00:02:28,850 --> 00:02:26,220

all our new friends on these new

17

00:02:31,010 --> 00:02:28,860

platforms tonight we're going to take a

18

00:02:32,690 --> 00:02:31,020

trip into the stranger side of

19

00:02:34,910 --> 00:02:32,700

conspiracy land and this is something

20

00:02:37,190 --> 00:02:34,920

I've been wanting to do for quite some

21

00:02:40,670 --> 00:02:37,200

time now many of you asked me to do

22

00:02:42,290 --> 00:02:40,680

shows on some of the uh conspiracy

23

00:02:45,410 --> 00:02:42,300

theories out there concerning things

24

00:02:48,290 --> 00:02:45,420

like harp or Chemtrails geoengineering

25

00:02:51,410 --> 00:02:48,300

transhumanism but to be very honest with

26
00:02:53,530 --> 00:02:51,420
you that is not my usual wheelhouse and

27
00:02:57,830 --> 00:02:53,540
I am not well read enough in those

28
00:03:00,530 --> 00:02:57,840
subjects to uh really guide us through

29
00:03:02,570 --> 00:03:00,540
all of this so we wanted to find a real

30
00:03:04,910 --> 00:03:02,580
expert on those subjects and I believe

31
00:03:08,809 --> 00:03:04,920
that we have found one in the form of

32
00:03:13,009 --> 00:03:08,819
our guest tonight Elena Freeland and you

33
00:03:16,130 --> 00:03:13,019
can search right on Amazon and uh here's

34
00:03:19,430 --> 00:03:16,140
what I can tell you about Elena's books

35
00:03:24,050 --> 00:03:19,440
they are dense like if you want

36
00:03:26,690 --> 00:03:24,060
at actual scientific citations and uh

37
00:03:29,530 --> 00:03:26,700
articles that support some of her

38
00:03:32,270 --> 00:03:29,540

arguments it's it's a really information

39

00:03:34,369 --> 00:03:32,280

dense book and I've only got one of them

40

00:03:36,770 --> 00:03:34,379

but there are many of them she's written

41

00:03:40,009 --> 00:03:36,780

one book Chemtrails harp and the full

42

00:03:42,710 --> 00:03:40,019

spectrum dominance of planet Earth

43

00:03:45,289 --> 00:03:42,720

um there's another one under an ionized

44

00:03:46,750 --> 00:03:45,299

sky from Chemtrails to space fence

45

00:03:50,030 --> 00:03:46,760

lockdown

46

00:03:52,670 --> 00:03:50,040

uh and her latest geoengineered

47

00:03:54,430 --> 00:03:52,680

transhumanism how the environment has

48

00:03:57,589 --> 00:03:54,440

been weaponized by chemicals

49

00:04:00,649 --> 00:03:57,599

electromagnetics and nanotechnology for

50

00:04:02,330 --> 00:04:00,659

synthetic biology and these are all

51
00:04:08,149 --> 00:04:02,340
things that are fascinating to me

52
00:04:13,250 --> 00:04:08,159
regardless of uh you know I uh I just

53
00:04:15,470 --> 00:04:13,260
love a good thick book uh and and the

54
00:04:19,670 --> 00:04:15,480
freedom of thought expressed in these

55
00:04:23,210 --> 00:04:19,680
books uh is interesting to me now

56
00:04:25,490 --> 00:04:23,220
um some of you may believe that a lot of

57
00:04:27,290 --> 00:04:25,500
these conspiracy theories there's no

58
00:04:29,629 --> 00:04:27,300
evidence or

59
00:04:33,469 --> 00:04:29,639
um basis for them

60
00:04:37,249 --> 00:04:33,479
but there is uh an awful lot

61
00:04:41,629 --> 00:04:37,259
of scientific papers that I've noticed

62
00:04:43,550 --> 00:04:41,639
and things that uh Miss Freeland brings

63
00:04:46,210 --> 00:04:43,560

to the Forefront here

64

00:04:49,189 --> 00:04:46,220

and I have been

65

00:04:52,249 --> 00:04:49,199

admittedly dismissive of something some

66

00:04:54,950 --> 00:04:52,259

of these things I am very uh familiar

67

00:04:56,930 --> 00:04:54,960

with harp and what it's supposed to be

68

00:04:58,730 --> 00:04:56,940

but there's all kinds of conspiracy

69

00:05:01,310 --> 00:04:58,740

theories around what they're actually

70

00:05:03,469 --> 00:05:01,320

doing and and these are very powerful

71

00:05:05,150 --> 00:05:03,479

transmitters that they have at this

72

00:05:07,969 --> 00:05:05,160

installation we're going to hear all

73

00:05:09,770 --> 00:05:07,979

about it uh from literally the person

74

00:05:12,290 --> 00:05:09,780

who wrote the book on it I'm so pleased

75

00:05:14,990 --> 00:05:12,300

that she's here please welcome our guest

76

00:05:17,210 --> 00:05:15,000

tonight Elena Freeland welcome Miss

77

00:05:20,270 --> 00:05:17,220

Freeland your first time here thank you

78

00:05:23,570 --> 00:05:20,280

for being here yes thank you and I

79

00:05:25,430 --> 00:05:23,580

really like your graphics very nice oh

80

00:05:27,710 --> 00:05:25,440

well thank you I don't know where to

81

00:05:30,110 --> 00:05:27,720

begin with you because you have uh

82

00:05:31,909 --> 00:05:30,120

written so much about all of these

83

00:05:34,189 --> 00:05:31,919

topics and thank you so much because

84

00:05:36,050 --> 00:05:34,199

people keep asking me to cover this

85

00:05:38,330 --> 00:05:36,060

stuff but I didn't think I could do it

86

00:05:43,790 --> 00:05:38,340

just as being just all skeptical about

87

00:05:47,330 --> 00:05:46,070

I mean in a way it's it's right in front

88

00:05:51,830 --> 00:05:47,340

of our faces

89

00:05:53,870 --> 00:05:51,840

time it's it's in the sky and we all

90

00:05:56,090 --> 00:05:53,880

think we know this guy we think we know

91

00:05:59,930 --> 00:05:56,100

the clouds we think we know the sunsets

92

00:06:03,350 --> 00:05:59,940

the sun rises and we hear rumors now and

93

00:06:06,650 --> 00:06:03,360

then but as long as we can breathe and

94

00:06:10,310 --> 00:06:06,660

there's water to drink and we have food

95

00:06:13,969 --> 00:06:10,320

to eat we really don't uh pay that much

96

00:06:15,830 --> 00:06:13,979

attention to what the military and I

97

00:06:19,730 --> 00:06:15,840

call it the military industrial

98

00:06:22,550 --> 00:06:19,740

intelligence complex is doing in the sky

99

00:06:25,850 --> 00:06:22,560

and that's really what the story of

100

00:06:28,550 --> 00:06:25,860

geoengineering is even though

101
00:06:31,969 --> 00:06:28,560
um they use the word conspiracy theory a

102
00:06:36,350 --> 00:06:31,979
lot around this topic in order to keep

103
00:06:38,450 --> 00:06:36,360
the public from probing too deeply and

104
00:06:43,790 --> 00:06:38,460
um I I don't know why I've been so

105
00:06:47,210 --> 00:06:43,800
driven to expose this of course uh I'm a

106
00:06:49,370 --> 00:06:47,220
60s leftover from you know I came of age

107
00:06:51,550 --> 00:06:49,380
in the six hours I saw you were like a

108
00:06:54,409 --> 00:06:51,560
hippie chick with the flowers

109
00:06:57,170 --> 00:06:54,419
I never was a hippie chick because the

110
00:07:00,050 --> 00:06:57,180
hippies to me are they were a really a

111
00:07:02,749 --> 00:07:00,060
certain type of young person who was

112
00:07:06,830 --> 00:07:02,759
going back to the land living very

113
00:07:09,950 --> 00:07:06,840

simply maybe on food stamps uh

114

00:07:12,710 --> 00:07:09,960

everything was not so intellectual with

115

00:07:15,249 --> 00:07:12,720

the hippies now I was more like the

116

00:07:18,170 --> 00:07:15,259

college kid

117

00:07:20,330 --> 00:07:18,180

huh like one of the beat next that's

118

00:07:23,510 --> 00:07:20,340

into oh the Beats were before the

119

00:07:26,089 --> 00:07:23,520

hippies okay they pretty much ended in

120

00:07:27,110 --> 00:07:26,099

maybe the early 60s I would say at the

121

00:07:29,749 --> 00:07:27,120

very latest

122

00:07:33,650 --> 00:07:29,759

uh that would be Jack Kerouac on the

123

00:07:37,490 --> 00:07:33,660

road uh you know we we all looked up to

124

00:07:40,010 --> 00:07:37,500

them but the 60s generation was

125

00:07:41,990 --> 00:07:40,020

um uh not just sex drugs and rock and

126

00:07:44,809 --> 00:07:42,000

roll which you hear from Newsweek

127

00:07:47,029 --> 00:07:44,819

magazine and Time Magazine now it was

128

00:07:48,469 --> 00:07:47,039

also politics

129

00:07:50,469 --> 00:07:48,479

and

130

00:07:55,850 --> 00:07:50,479

um spiritual Quest

131

00:07:59,170 --> 00:07:55,860

and uh super super camaraderie I mean we

132

00:08:02,809 --> 00:07:59,180

were tight with each other and we shared

133

00:08:05,330 --> 00:08:02,819

thousands of hours of conversation about

134

00:08:07,550 --> 00:08:05,340

the world and why we were born and what

135

00:08:10,309 --> 00:08:07,560

was going on in America and was the Cold

136

00:08:13,490 --> 00:08:10,319

War real we were we were the Deep

137

00:08:17,089 --> 00:08:13,500

thinkers we were the Deep divers uh and

138

00:08:21,050 --> 00:08:17,099

we had big CIA problems but we didn't

139

00:08:23,650 --> 00:08:21,060

know that it was CIA problems that took

140

00:08:28,430 --> 00:08:23,660

several years for me to figure that out

141

00:08:30,529 --> 00:08:28,440

uh so being a 60s person means that I

142

00:08:34,130 --> 00:08:30,539

was pretty much

143

00:08:39,110 --> 00:08:34,140

um not believing in corporations

144

00:08:42,409 --> 00:08:39,120

uh not believing in war not believing in

145

00:08:44,630 --> 00:08:42,419

the oil industry Etc we were all very

146

00:08:48,110 --> 00:08:44,640

with you there I'm with you all three of

147

00:08:50,810 --> 00:08:48,120

those yeah well exactly and um because I

148

00:08:55,310 --> 00:08:50,820

I was sent to Girls Nation when I was 16

149

00:08:58,970 --> 00:08:55,320

by uh about 800 and some girls to

150

00:09:01,490 --> 00:08:58,980

represent them at Girls Nation and uh I

151
00:09:04,790 --> 00:09:01,500
had tea with John F Kennedy in the Rose

152
00:09:09,829 --> 00:09:04,800
Garden when I was 16 years old along

153
00:09:12,889 --> 00:09:09,839
with 99 other kids uh Girl Nation half

154
00:09:14,990 --> 00:09:12,899
boys nation and in the boys Nation uh

155
00:09:17,030 --> 00:09:15,000
was Bill Clinton I didn't know him but

156
00:09:19,550 --> 00:09:17,040
he referred to it several times during

157
00:09:22,009 --> 00:09:19,560
his presidency that he had been there

158
00:09:25,430 --> 00:09:22,019
with Kennedy in the Rose Garden on that

159
00:09:26,570 --> 00:09:25,440
very day so uh I I got to meet the

160
00:09:30,889 --> 00:09:26,580
president

161
00:09:33,110 --> 00:09:30,899
um I was very struck by him and then uh

162
00:09:34,370 --> 00:09:33,120
three months later he was dead on the

163
00:09:37,970 --> 00:09:34,380

streets of Dallas

164

00:09:41,150 --> 00:09:37,980

and I had to go and give talks to the

165

00:09:44,210 --> 00:09:41,160

Civic groups who had paid for my trip to

166

00:09:47,030 --> 00:09:44,220

Washington and giving talks to rooms

167

00:09:49,490 --> 00:09:47,040

full of sobbing Americans was not easy

168

00:09:54,110 --> 00:09:49,500

and I think that's the moment I

169

00:09:57,650 --> 00:09:54,120

politically woke up was when I saw the

170

00:09:59,570 --> 00:09:57,660

incredible sadness of the country over a

171

00:10:02,210 --> 00:09:59,580

sitting president having been murdered

172

00:10:04,550 --> 00:10:02,220

in the streets of Dallas so it's had a

173

00:10:07,370 --> 00:10:04,560

huge effect on me and and I just want to

174

00:10:10,070 --> 00:10:07,380

point that out that the CIA is the one

175

00:10:13,009 --> 00:10:10,080

who invented the entire term conspiracy

176

00:10:15,470 --> 00:10:13,019

theorist I'm aware of that yes the term

177

00:10:17,509 --> 00:10:15,480

to cover up the JFK assassination yes to

178

00:10:19,370 --> 00:10:17,519

cover up anybody who questioned it they

179

00:10:21,889 --> 00:10:19,380

didn't want to encounter narratives to

180

00:10:24,050 --> 00:10:21,899

that yeah they've gotten a lot of

181

00:10:27,470 --> 00:10:24,060

mileage out of it you know they're still

182

00:10:30,949 --> 00:10:27,480

using it and it's still uh is sort of a

183

00:10:34,009 --> 00:10:30,959

meme now for people to just switch into

184

00:10:35,810 --> 00:10:34,019

a sort of mindset that oh this is

185

00:10:39,889 --> 00:10:35,820

something thing that you don't

186

00:10:43,009 --> 00:10:39,899

necessarily believe so they've laid that

187

00:10:44,750 --> 00:10:43,019

one on us for the geoengineering there

188

00:10:48,170 --> 00:10:44,760

are a lot of people who work on this

189

00:10:50,389 --> 00:10:48,180

topic I'm not the only one but I I am

190

00:10:54,050 --> 00:10:50,399

pretty much the only one writing books

191

00:10:56,750 --> 00:10:54,060

about it now so um I've written these

192

00:10:59,110 --> 00:10:56,760

three books if you had asked me 20 years

193

00:11:01,370 --> 00:10:59,120

ago if I would be writing books on

194

00:11:05,930 --> 00:11:01,380

geoengineering I never would have

195

00:11:09,470 --> 00:11:05,940

believed it but I have through a dent of

196

00:11:10,329 --> 00:11:09,480

research realized that this may be the

197

00:11:13,190 --> 00:11:10,339

biggest

198

00:11:15,550 --> 00:11:13,200

elephant in the living room right in

199

00:11:18,290 --> 00:11:15,560

front of us what's going on in the sky

200

00:11:20,569 --> 00:11:18,300

and we need to know about it while we

201
00:11:22,449 --> 00:11:20,579
make all of our decisions about just

202
00:11:25,210 --> 00:11:22,459
about everything else I mean

203
00:11:29,750 --> 00:11:25,220
electromagnetics 5G

204
00:11:33,470 --> 00:11:29,760
child abuse uh you name it uh it it all

205
00:11:36,230 --> 00:11:33,480
has some uh imp there's impact coming

206
00:11:37,910 --> 00:11:36,240
from what we're are breathing and what

207
00:11:40,490 --> 00:11:37,920
we're eating and what we're drinking

208
00:11:43,250 --> 00:11:40,500
because of what's coming down on us from

209
00:11:45,829 --> 00:11:43,260
the sky so I want to just lay that out

210
00:11:49,430 --> 00:11:45,839
for people the the very the rudiments of

211
00:11:51,829 --> 00:11:49,440
it so they can understand and I guess we

212
00:11:53,389 --> 00:11:51,839
should start with Chemtrails because a

213
00:11:56,269 --> 00:11:53,399

lot of people think it's just water

214

00:11:58,730 --> 00:11:56,279

vapor and and I've heard various people

215

00:12:01,430 --> 00:11:58,740

even friends and family some people

216

00:12:03,530 --> 00:12:01,440

believe that there is something to this

217

00:12:05,030 --> 00:12:03,540

what people call a conspiracy theory

218

00:12:07,750 --> 00:12:05,040

some people think it's all just water

219

00:12:09,889 --> 00:12:07,760

vapor and everybody's crazy

220

00:12:11,690 --> 00:12:09,899

but some people think that they're

221

00:12:13,370 --> 00:12:11,700

putting some sort of chemicals and

222

00:12:15,769 --> 00:12:13,380

spraying chemicals into the atmosphere

223

00:12:16,970 --> 00:12:15,779

the chemicals are variously described as

224

00:12:21,470 --> 00:12:16,980

I think

225

00:12:24,710 --> 00:12:21,480

aluminum salts barium polymers fiber

226

00:12:27,590 --> 00:12:24,720

polymer fibers I'm sorry uh silicon

227

00:12:30,110 --> 00:12:27,600

carbide if I remember and maybe thorium

228

00:12:32,269 --> 00:12:30,120

is one of those things yeah I mean my

229

00:12:34,130 --> 00:12:32,279

question is what why would they spray

230

00:12:35,810 --> 00:12:34,140

those chemicals in the atmosphere and

231

00:12:38,750 --> 00:12:35,820

what would those things

232

00:12:43,250 --> 00:12:38,760

specifically do to us and to the

233

00:12:46,730 --> 00:12:43,260

environment but what purpose right well

234

00:12:48,710 --> 00:12:46,740

um mysteriously so uh Catherine Austin

235

00:12:51,530 --> 00:12:48,720

Fitz I don't know do you know her name

236

00:12:53,290 --> 00:12:51,540

she's uh sure yeah okay she's an

237

00:12:58,610 --> 00:12:53,300

economics analyst

238

00:13:01,850 --> 00:12:58,620

Catherine years ago I did a survey of

239

00:13:04,370 --> 00:13:01,860

why there was 21 trillion dollars

240

00:13:07,910 --> 00:13:04,380

missing from the American budget

241

00:13:12,290 --> 00:13:07,920

and uh she and a lawyer friend of hers

242

00:13:14,389 --> 00:13:12,300

tracked and traced it down to uh to find

243

00:13:17,090 --> 00:13:14,399

that it was actually more than 21

244

00:13:20,449 --> 00:13:17,100

trillion dollars and

245

00:13:23,329 --> 00:13:20,459

um part of her analysis was that this

246

00:13:26,690 --> 00:13:23,339

may have gone into a secret space

247

00:13:29,389 --> 00:13:26,700

program and the idea of a secret space

248

00:13:33,590 --> 00:13:29,399

program that takes us back to Kennedy

249

00:13:36,050 --> 00:13:33,600

when um he wanted to actually pursue the

250

00:13:38,750 --> 00:13:36,060

Frontiers you know the last frontiers of

251
00:13:41,629 --> 00:13:38,760
the Star Trek series Etc he wanted to

252
00:13:43,610 --> 00:13:41,639
pursue space along with the Russians who

253
00:13:47,210 --> 00:13:43,620
were then called the Soviets right it

254
00:13:49,610 --> 00:13:47,220
was the Cold War uh and um and a secret

255
00:13:51,829 --> 00:13:49,620
space program had actually already

256
00:13:54,530 --> 00:13:51,839
started that I don't know that he knew

257
00:13:59,569 --> 00:13:54,540
about and that was with Werner Von Braun

258
00:14:02,750 --> 00:13:59,579
and SS Nazi from uh Germany who we

259
00:14:05,810 --> 00:14:02,760
brought over yeah yeah under paper clip

260
00:14:08,449 --> 00:14:05,820
but he was here actually in 1837 he was

261
00:14:12,250 --> 00:14:08,459
here actually at the beginning of the

262
00:14:15,530 --> 00:14:12,260
war and he was they were making plans

263
00:14:18,110 --> 00:14:15,540

for the secret space program out of the

264

00:14:20,389 --> 00:14:18,120

United States so uh then when the war

265

00:14:23,210 --> 00:14:20,399

ended and we had Operation Paperclip

266

00:14:26,410 --> 00:14:23,220

which for people who don't know was a

267

00:14:31,670 --> 00:14:26,420

huge cover-up of bringing in at least

268

00:14:34,730 --> 00:14:31,680

1500 card carrying Nazis and and Germans

269

00:14:38,150 --> 00:14:34,740

not just Nazis who were scientists

270

00:14:41,509 --> 00:14:38,160

doctors uh people who understood

271

00:14:43,430 --> 00:14:41,519

technology and we ensconced them we

272

00:14:46,310 --> 00:14:43,440

scrubbed their records changed their

273

00:14:49,790 --> 00:14:46,320

names uh yeah there was a whitewashing

274

00:14:52,870 --> 00:14:49,800

of their Weight Watchers history and so

275

00:14:55,370 --> 00:14:52,880

going forward they just were German

276

00:14:58,310 --> 00:14:55,380

immigrants to the United States nobody

277

00:14:59,629 --> 00:14:58,320

knew largely about their history and

278

00:15:01,250 --> 00:14:59,639

this has always troubled me I was into

279

00:15:04,910 --> 00:15:01,260

Rockets when I was a child in model

280

00:15:08,210 --> 00:15:04,920

rockets and uh read about Vernon Brawn

281

00:15:10,490 --> 00:15:08,220

but they didn't teach us in school where

282

00:15:12,290 --> 00:15:10,500

he came from or that he had killed you

283

00:15:14,389 --> 00:15:12,300

know tens of thousands maybe hundreds of

284

00:15:17,210 --> 00:15:14,399

thousands of people with those V2 rocket

285

00:15:19,189 --> 00:15:17,220

program before he came here to head NASA

286

00:15:21,110 --> 00:15:19,199

and that was quite a revelation to me

287

00:15:23,210 --> 00:15:21,120

when I learned that I went why didn't

288

00:15:25,910 --> 00:15:23,220

they tell us that in school they never

289

00:15:28,430 --> 00:15:25,920

did well and that's that's the story

290

00:15:31,250 --> 00:15:28,440

isn't it of what conspiracy theory

291

00:15:33,889 --> 00:15:31,260

really is is people

292

00:15:37,670 --> 00:15:33,899

um blamed for looking under the rug or

293

00:15:41,689 --> 00:15:37,680

in the basement for the actual facts of

294

00:15:43,790 --> 00:15:41,699

History uh you know in school you you

295

00:15:45,590 --> 00:15:43,800

pretty much go to sleep in history class

296

00:15:47,990 --> 00:15:45,600

because it's just one battle after

297

00:15:50,449 --> 00:15:48,000

another one nation after another

298

00:15:53,990 --> 00:15:50,459

attacking another nation and it's kind

299

00:15:57,170 --> 00:15:54,000

of boring and very repetitious but if

300

00:16:00,110 --> 00:15:57,180

the real history is told I think I think

301
00:16:01,850 --> 00:16:00,120
kids would be incredibly fascinated and

302
00:16:03,590 --> 00:16:01,860
that's really what paperclip was I mean

303
00:16:06,650 --> 00:16:03,600
when I first started talking about paper

304
00:16:08,449 --> 00:16:06,660
clip here's a ago yeah people called me

305
00:16:10,490 --> 00:16:08,459
a conspiracy theorist and it could never

306
00:16:11,750 --> 00:16:10,500
have happened Ilana it never could have

307
00:16:13,610 --> 00:16:11,760
happened yeah and and you know what's

308
00:16:15,949 --> 00:16:13,620
interesting about paper clip is people

309
00:16:18,050 --> 00:16:15,959
some people are aware that they we took

310
00:16:19,370 --> 00:16:18,060
like rocket scientists like Von Braun

311
00:16:22,670 --> 00:16:19,380
but what people don't know is like you

312
00:16:26,210 --> 00:16:22,680
said it was 1500 they got the best and

313
00:16:28,970 --> 00:16:26,220

brightest scientists engineers uh you

314

00:16:31,129 --> 00:16:28,980

know chemists they had plasma physics

315

00:16:33,829 --> 00:16:31,139

guys before anybody even knew really

316

00:16:36,050 --> 00:16:33,839

what plasma physics were people who

317

00:16:38,689 --> 00:16:36,060

studied high voltage electricity and

318

00:16:39,610 --> 00:16:38,699

strange experiments they got all kinds

319

00:16:42,829 --> 00:16:39,620

of

320

00:16:45,470 --> 00:16:42,839

strange science guys in this project

321

00:16:47,629 --> 00:16:45,480

paper clip and then they injected them

322

00:16:50,210 --> 00:16:47,639

into the military industrial complex

323

00:16:51,530 --> 00:16:50,220

here to get an edge right is that why

324

00:16:53,990 --> 00:16:51,540

they did it to get an edge on the rest

325

00:16:55,850 --> 00:16:54,000

of the world uh to get an edge in the

326

00:16:58,790 --> 00:16:55,860

Cold War because of course it was

327

00:17:01,009 --> 00:16:58,800

already set up that the Soviets were now

328

00:17:03,710 --> 00:17:01,019

going to be our enemy they had been our

329

00:17:05,870 --> 00:17:03,720

allies during World War II and then

330

00:17:08,689 --> 00:17:05,880

suddenly overnight there are like

331

00:17:11,449 --> 00:17:08,699

enemies and that you know that brings up

332

00:17:14,030 --> 00:17:11,459

one of my uh so-called conspiracy theory

333

00:17:18,890 --> 00:17:14,040

theories is that the cold the whole Cold

334

00:17:20,929 --> 00:17:18,900

War was a ruse it never really was an

335

00:17:22,610 --> 00:17:20,939

intense competition I remember when I

336

00:17:26,210 --> 00:17:22,620

was a kid they were making us crawl

337

00:17:28,730 --> 00:17:26,220

under our desks in case the Soviets I

338

00:17:30,650 --> 00:17:28,740

remember I remember being very very

339

00:17:33,650 --> 00:17:30,660

young maybe kindergarten or first grade

340

00:17:35,690 --> 00:17:33,660

and they made us go to a bomb shelter

341

00:17:38,330 --> 00:17:35,700

that the school had like in the basement

342

00:17:40,250 --> 00:17:38,340

and that was and and then you know it

343

00:17:42,169 --> 00:17:40,260

was terrifying like what and a nuclear

344

00:17:44,870 --> 00:17:42,179

bomb and then they showed us a video you

345

00:17:46,909 --> 00:17:44,880

know this big bomb going up like great

346

00:17:49,610 --> 00:17:46,919

thing to do to little kids like scare

347

00:17:51,650 --> 00:17:49,620

the hell out of us but yeah I even grew

348

00:17:53,390 --> 00:17:51,660

up under the threat of this nuclear

349

00:17:56,570 --> 00:17:53,400

Annihilation and Mutual Insurance

350

00:17:59,750 --> 00:17:56,580

exactly and the and the reason

351

00:18:01,430 --> 00:17:59,760

um they did that is you you know it's

352

00:18:03,770 --> 00:18:01,440

very similar to what we've just been

353

00:18:04,970 --> 00:18:03,780

through the last few years you can use

354

00:18:08,690 --> 00:18:04,980

fear

355

00:18:11,570 --> 00:18:08,700

and uh it's a great way to goad a

356

00:18:15,289 --> 00:18:11,580

population into going along with the

357

00:18:18,169 --> 00:18:15,299

program and why would they have made a

358

00:18:20,630 --> 00:18:18,179

cold war right after World War II well

359

00:18:24,850 --> 00:18:20,640

they had they had a lot of research they

360

00:18:27,590 --> 00:18:24,860

wanted to cover in uh technical matters

361

00:18:32,510 --> 00:18:27,600

uh all the way from what is free energy

362

00:18:35,570 --> 00:18:32,520

to uh to rockets and missiles and um

363

00:18:38,090 --> 00:18:35,580

space going into space going to Mars Etc

364

00:18:40,549 --> 00:18:38,100

and they had all these all this brain

365

00:18:43,070 --> 00:18:40,559

power now because basically in my

366

00:18:45,950 --> 00:18:43,080

opinion we brought the whole Third Reich

367

00:18:49,130 --> 00:18:45,960

over here the very the brains of the

368

00:18:51,610 --> 00:18:49,140

Third Reich and in ensconce them in

369

00:18:55,669 --> 00:18:51,620

American society a Democratic Society

370

00:18:59,029 --> 00:18:55,679

ironically enough and uh and then with

371

00:19:02,810 --> 00:18:59,039

the story The propaganda of the Cold War

372

00:19:04,850 --> 00:19:02,820

they were able to use the tax dollars

373

00:19:07,990 --> 00:19:04,860

and a lot more money that they were

374

00:19:10,750 --> 00:19:08,000

getting from a private foundations

375

00:19:13,430 --> 00:19:10,760

and and pursue

376

00:19:16,370 --> 00:19:13,440

directed energy weapons I mean you name

377

00:19:19,250 --> 00:19:16,380

it it was it was like a candy store uh

378

00:19:21,110 --> 00:19:19,260

in those days for anyone doing research

379

00:19:23,990 --> 00:19:21,120

if you were willing to do the research

380

00:19:25,970 --> 00:19:24,000

the military industrial intelligence

381

00:19:27,590 --> 00:19:25,980

complex wanted you to be used there's a

382

00:19:30,830 --> 00:19:27,600

lot of right there was a lot of money

383

00:19:33,169 --> 00:19:30,840

and there's even I I saw a reference to

384

00:19:35,690 --> 00:19:33,179

that some of these scientists were

385

00:19:38,210 --> 00:19:35,700

driving around in brand new Mercedes and

386

00:19:39,890 --> 00:19:38,220

things that their salaries that they

387

00:19:42,110 --> 00:19:39,900

were officially given wouldn't have

388

00:19:45,110 --> 00:19:42,120

afforded them in huge houses and things

389

00:19:47,029 --> 00:19:45,120

so somewhere there was a secret funding

390

00:19:50,090 --> 00:19:47,039

source that was funneling huge amounts

391

00:19:53,330 --> 00:19:50,100

of money to these former Nazi scientists

392

00:19:55,190 --> 00:19:53,340

and that's in itself is crazy like why

393

00:19:57,409 --> 00:19:55,200

are you giving them all this money and

394

00:19:59,090 --> 00:19:57,419

where's the money coming from it was

395

00:20:02,150 --> 00:19:59,100

probably the beginning of the black

396

00:20:04,789 --> 00:20:02,160

budget you know exactly and we had

397

00:20:08,990 --> 00:20:04,799

passed the National Security Act of 194

398

00:20:13,070 --> 00:20:09,000

47 which not only made everything that

399

00:20:15,830 --> 00:20:13,080

was classified go into separate session

400

00:20:17,990 --> 00:20:15,840

so that there was no more openness in

401
00:20:22,490 --> 00:20:18,000
Congress no more openness in the Supreme

402
00:20:25,010 --> 00:20:22,500
Court and uh and we were able to uh they

403
00:20:28,010 --> 00:20:25,020
were able to pursue their research

404
00:20:30,529 --> 00:20:28,020
without anyone really knowing any

405
00:20:33,470 --> 00:20:30,539
different and so the American

406
00:20:37,250 --> 00:20:33,480
thrilled that the war was over happy

407
00:20:39,650 --> 00:20:37,260
that the economy was booming uh really

408
00:20:42,830 --> 00:20:39,660
kind of went to sleep is the only way I

409
00:20:46,250 --> 00:20:42,840
can put it just went to sleep about what

410
00:20:50,390 --> 00:20:46,260
was going on in the 50s and then we came

411
00:20:52,970 --> 00:20:50,400
to the 60s when Richard Nixon lost the

412
00:20:55,390 --> 00:20:52,980
election to John Kennedy which had not

413
00:20:58,549 --> 00:20:55,400

been at all the plan

414

00:21:01,909 --> 00:20:58,559

reminding me of an election we had in

415

00:21:03,130 --> 00:21:01,919

2016 in which something happened yeah

416

00:21:06,289 --> 00:21:03,140

yeah

417

00:21:08,510 --> 00:21:06,299

they had it in the bag and coordinated

418

00:21:10,850 --> 00:21:08,520

one didn't win in that circumstances

419

00:21:13,250 --> 00:21:10,860

yeah but it's a very tight close

420

00:21:15,049 --> 00:21:13,260

election and surprised and shocked a lot

421

00:21:17,390 --> 00:21:15,059

of people who just assumed that Nixon

422

00:21:21,830 --> 00:21:17,400

was going to sweep in yeah exactly

423

00:21:24,890 --> 00:21:21,840

exactly and and John Kennedy I I tend to

424

00:21:27,130 --> 00:21:24,900

think he was sort of like a like a ivy

425

00:21:30,950 --> 00:21:27,140

league prep boy when he entered office

426
00:21:33,110 --> 00:21:30,960
but slowly uh in fact very quickly he he

427
00:21:34,630 --> 00:21:33,120
began he and Robert who was the his

428
00:21:36,830 --> 00:21:34,640
brother who was the Attorney General

429
00:21:38,990 --> 00:21:36,840
began to put their heads together and

430
00:21:42,110 --> 00:21:39,000
and learn a whole lot of things that

431
00:21:43,570 --> 00:21:42,120
were going on that they didn't want the

432
00:21:47,930 --> 00:21:43,580
country going in that direction

433
00:21:49,909 --> 00:21:47,940
including Operation Paperclip so uh so

434
00:21:51,830 --> 00:21:49,919
then began the struggle the power

435
00:21:54,230 --> 00:21:51,840
struggled that ended in the

436
00:21:58,310 --> 00:21:54,240
assassination not just of John Kennedy

437
00:22:01,490 --> 00:21:58,320
but of Martin Luther King and of Robert

438
00:22:04,490 --> 00:22:01,500

Kennedy so uh my generation went through

439

00:22:07,730 --> 00:22:04,500

that the the I call it the assassination

440

00:22:10,850 --> 00:22:07,740

of the three kings uh and you know this

441

00:22:14,270 --> 00:22:10,860

was this was the welcoming card to the

442

00:22:17,330 --> 00:22:14,280

nation uh America for me as a kid coming

443

00:22:19,190 --> 00:22:17,340

of age uh it's got to be traumatic right

444

00:22:23,169 --> 00:22:19,200

because these are three very important

445

00:22:26,270 --> 00:22:23,179

they were important figures

446

00:22:27,950 --> 00:22:26,280

the CIA began to kill our rock stars and

447

00:22:29,870 --> 00:22:27,960

everything but I won't go into that

448

00:22:31,549 --> 00:22:29,880

because I've written all that in a

449

00:22:34,310 --> 00:22:31,559

series of books that I don't normally

450

00:22:37,549 --> 00:22:34,320

talk about called the Subrosa America

451

00:22:40,490 --> 00:22:37,559

series and it they are history books

452

00:22:43,130 --> 00:22:40,500

four books 1300 pages of what happened

453

00:22:45,529 --> 00:22:43,140

to America since Kennedy's assassination

454

00:22:48,230 --> 00:22:45,539

so you can all go and look at that but

455

00:22:52,070 --> 00:22:48,240

the point is how could I get the crazy

456

00:22:55,310 --> 00:22:52,080

idea that there's a secret space program

457

00:23:00,110 --> 00:22:55,320

and that this geoengineering is part of

458

00:23:04,130 --> 00:23:00,120

it and that the entire environment is uh

459

00:23:06,950 --> 00:23:04,140

being reconstructed and reconfigured for

460

00:23:09,710 --> 00:23:06,960

agendas that have nothing to do with the

461

00:23:12,830 --> 00:23:09,720

agendas of the American people that's

462

00:23:14,810 --> 00:23:12,840

that's what's happened is I have slowly

463

00:23:17,690 --> 00:23:14,820

over the years in writing these three

464

00:23:20,990 --> 00:23:17,700

books each book was like a way of

465

00:23:24,049 --> 00:23:21,000

peeling back yet another layer of this

466

00:23:26,750 --> 00:23:24,059

the secret space program and how the

467

00:23:28,850 --> 00:23:26,760

geoengineering was playing a role you

468

00:23:31,310 --> 00:23:28,860

asked a really good question it's a very

469

00:23:34,610 --> 00:23:31,320

important question what do chemicals why

470

00:23:36,950 --> 00:23:34,620

do chemicals have something to do with

471

00:23:39,649 --> 00:23:36,960

geoengineering what what is with these

472

00:23:41,510 --> 00:23:39,659

chemical trails how do I know they're

473

00:23:43,730 --> 00:23:41,520

chemical trails I haven't been up there

474

00:23:46,970 --> 00:23:43,740

I haven't pulled out a machine and been

475

00:23:48,950 --> 00:23:46,980

able to test it yeah and Miss Freeland

476

00:23:50,930 --> 00:23:48,960

just to be fair yeah there have been

477

00:23:54,049 --> 00:23:50,940

there have been times when people said

478

00:23:57,110 --> 00:23:54,059

like there was a Jim Mars famous example

479

00:23:59,450 --> 00:23:57,120

where Jim Moore somehow that got samples

480

00:24:02,029 --> 00:23:59,460

and then they said that there was uh

481

00:24:04,130 --> 00:24:02,039

barium levels that were 800 times more

482

00:24:07,789 --> 00:24:04,140

than they should be and then it turned

483

00:24:09,770 --> 00:24:07,799

out to be a mistake a big mistake so is

484

00:24:12,350 --> 00:24:09,780

there proof that these so-called

485

00:24:16,130 --> 00:24:12,360

Chemtrails really do contain some weird

486

00:24:19,190 --> 00:24:16,140

chemicals or oh absolutely there is tons

487

00:24:21,710 --> 00:24:19,200

of proof and I would say be you know

488

00:24:25,070 --> 00:24:21,720

it's it's kind of like

489

00:24:27,230 --> 00:24:25,080

you have to see what your source is

490

00:24:29,750 --> 00:24:27,240

because maybe there wasn't a lot of

491

00:24:32,870 --> 00:24:29,760

barium in that sample maybe that was

492

00:24:35,750 --> 00:24:32,880

true maybe it wasn't true and somebody

493

00:24:39,049 --> 00:24:35,760

just said it who has that kind of clout

494

00:24:42,169 --> 00:24:39,059

that it sort of shuts up all arguments

495

00:24:44,930 --> 00:24:42,179

but yes there are ways that it has been

496

00:24:47,270 --> 00:24:44,940

tested despite the fact and this is very

497

00:24:50,570 --> 00:24:47,280

important despite the fact that the

498

00:24:52,850 --> 00:24:50,580

geoengineering program is basically a

499

00:24:55,490 --> 00:24:52,860

classified program now does everybody

500

00:24:57,830 --> 00:24:55,500

know what classified I'm pretty sure

501
00:25:00,110 --> 00:24:57,840
that means it goes into closed session

502
00:25:04,070 --> 00:25:00,120
when they're talking about the specifics

503
00:25:07,370 --> 00:25:04,080
and one of the specifics is what is in

504
00:25:10,850 --> 00:25:07,380
the fuel in the rockets that we see with

505
00:25:13,850 --> 00:25:10,860
uh the uh the big Trails coming out the

506
00:25:16,850 --> 00:25:13,860
back not the short Trails the very short

507
00:25:20,270 --> 00:25:16,860
trails that start about three feet or a

508
00:25:21,649 --> 00:25:20,280
meter behind a jet and then you have

509
00:25:24,529 --> 00:25:21,659
this short Trail

510
00:25:28,010 --> 00:25:24,539
and then within 30 seconds that trail is

511
00:25:30,909 --> 00:25:28,020
is already evaporated that's a contrail

512
00:25:33,169 --> 00:25:30,919
that's a condensation Trail

513
00:25:35,269 --> 00:25:33,179

there's an important distinction between

514

00:25:38,330 --> 00:25:35,279

what people call contrail which is

515

00:25:42,230 --> 00:25:38,340

ordinary water vapor and what people

516

00:25:44,930 --> 00:25:42,240

would consider a chemtrail exactly the

517

00:25:47,450 --> 00:25:44,940

chemicals somebody need to like fly up

518

00:25:49,730 --> 00:25:47,460

in a plane and put out a bucket or

519

00:25:52,310 --> 00:25:49,740

something and grab something that's true

520

00:25:53,870 --> 00:25:52,320

in order to test it how do you test it

521

00:25:56,990 --> 00:25:53,880

not really

522

00:25:58,310 --> 00:25:57,000

um because all chemicals have a certain

523

00:26:02,210 --> 00:25:58,320

signature

524

00:26:05,690 --> 00:26:02,220

and when they're released into the air

525

00:26:09,470 --> 00:26:05,700

in an aerosol they will create certain

526
00:26:11,810 --> 00:26:09,480
patterns and you you at least will know

527
00:26:15,049 --> 00:26:11,820
you might not know all the chemicals

528
00:26:18,230 --> 00:26:15,059
that are in the trail by the signature

529
00:26:22,130 --> 00:26:18,240
you see coming out the back of a jet but

530
00:26:24,169 --> 00:26:22,140
because the trail lasts as long is as

531
00:26:26,810 --> 00:26:24,179
long as it is you know how long some of

532
00:26:30,590 --> 00:26:26,820
those trails are and you know how long

533
00:26:33,710 --> 00:26:30,600
they last they last 30 minutes 45

534
00:26:37,730 --> 00:26:33,720
minutes an hour and they slowly begin to

535
00:26:40,549 --> 00:26:37,740
dissipate out into a cloud cover and

536
00:26:44,090 --> 00:26:40,559
that cloud cover looks like like like

537
00:26:46,370 --> 00:26:44,100
the old cirrus cloud covers and yet it

538
00:26:48,350 --> 00:26:46,380

doesn't look like the old cirrus cloud

539

00:26:49,970 --> 00:26:48,360

coverage I've seen I've seen some of

540

00:26:52,610 --> 00:26:49,980

these strange things like checkerboard

541

00:26:55,490 --> 00:26:52,620

patterns in the sky that then sort of

542

00:26:57,710 --> 00:26:55,500

disperse into a weird looking Cloud but

543

00:26:59,870 --> 00:26:57,720

I've always just thought you know maybe

544

00:27:03,230 --> 00:26:59,880

it's just planes flying back and forth

545

00:27:06,169 --> 00:27:03,240

or doing whatever what guess me though

546

00:27:07,909 --> 00:27:06,179

is the the uh you know I hear a lot of

547

00:27:09,590 --> 00:27:07,919

claims like I said people claim that

548

00:27:11,810 --> 00:27:09,600

it's it's and that and that's something

549

00:27:13,850 --> 00:27:11,820

we should drill down on people claim

550

00:27:17,210 --> 00:27:13,860

it's barium aluminum salts polymer

551
00:27:19,490 --> 00:27:17,220
fibers thorium silicon carbide and but

552
00:27:22,310 --> 00:27:19,500
why would they spray those specific

553
00:27:24,830 --> 00:27:22,320
things into the atmosphere what is the

554
00:27:28,370 --> 00:27:24,840
purpose of this each each one of the

555
00:27:31,190 --> 00:27:28,380
chemicals that you're referring to now

556
00:27:34,909 --> 00:27:31,200
at the beginning we definitely knew

557
00:27:37,490 --> 00:27:34,919
there was barium aluminum strontium

558
00:27:39,649 --> 00:27:37,500
those were the three biggies that we

559
00:27:42,289 --> 00:27:39,659
knew and we already knew the

560
00:27:43,789 --> 00:27:42,299
characteristics of barium and it made

561
00:27:46,669 --> 00:27:43,799
sense that

562
00:27:48,649 --> 00:27:46,679
in an atmosphere that they were doping

563
00:27:52,310 --> 00:27:48,659

that's a military term

564

00:27:54,409 --> 00:27:52,320

doping is when you want to run wireless

565

00:27:57,110 --> 00:27:54,419

operations

566

00:27:59,630 --> 00:27:57,120

but you need particulate matter you

567

00:28:01,510 --> 00:27:59,640

can't do it in a vacuum you've gotta

568

00:28:04,310 --> 00:28:01,520

you've got to have a lot of particulates

569

00:28:08,090 --> 00:28:04,320

in the atmosphere if you're going to run

570

00:28:11,330 --> 00:28:08,100

a lot of Wireless operations and of

571

00:28:16,070 --> 00:28:11,340

course we all know that yes we the uh

572

00:28:17,930 --> 00:28:16,080

the civilians have not had Wireless as

573

00:28:21,230 --> 00:28:17,940

long as the military has had it

574

00:28:25,370 --> 00:28:21,240

militaries had it for over a generation

575

00:28:27,730 --> 00:28:25,380

and uh so they were they dope the

576

00:28:31,730 --> 00:28:27,740

atmosphere for various Wireless

577

00:28:33,310 --> 00:28:31,740

operations and I think the key here is

578

00:28:36,470 --> 00:28:33,320

in order to understand

579

00:28:39,649 --> 00:28:36,480

why they would dope the atmosphere with

580

00:28:42,769 --> 00:28:39,659

the things that they decided on

581

00:28:46,010 --> 00:28:42,779

the what the Americans don't know is

582

00:28:48,890 --> 00:28:46,020

that these are all military operations

583

00:28:51,110 --> 00:28:48,900

we tend to think if we're if the

584

00:28:54,110 --> 00:28:51,120

newspapers which are all corporate owned

585

00:28:55,970 --> 00:28:54,120

now all the mainstream newspapers and

586

00:28:58,370 --> 00:28:55,980

all pretty much

587

00:29:01,789 --> 00:28:58,380

um what can I say sold out to

588

00:29:04,130 --> 00:29:01,799

corporations we if we're not told

589

00:29:07,070 --> 00:29:04,140

something is news

590

00:29:08,149 --> 00:29:07,080

we tend not to trust our perceptions

591

00:29:10,490 --> 00:29:08,159

anymore

592

00:29:13,250 --> 00:29:10,500

because we know we're living in a

593

00:29:15,470 --> 00:29:13,260

technical world we know that um that a

594

00:29:17,570 --> 00:29:15,480

lot of experts are involved in in

595

00:29:20,149 --> 00:29:17,580

everything going on around us that's

596

00:29:24,110 --> 00:29:20,159

technology you know whether it's TV or

597

00:29:26,450 --> 00:29:24,120

iPhones or or the atmosphere even and as

598

00:29:29,210 --> 00:29:26,460

long as we can breathe and as long as

599

00:29:32,090 --> 00:29:29,220

you know the rain is coming down and the

600

00:29:34,669 --> 00:29:32,100

sun is shining and the moon comes up we

601
00:29:38,450 --> 00:29:34,679
think everything is all right we we have

602
00:29:40,970 --> 00:29:38,460
a military which does not tell us all

603
00:29:43,310 --> 00:29:40,980
the truth and there are many to me

604
00:29:46,549 --> 00:29:43,320
you're kidding me really they don't they

605
00:29:49,149 --> 00:29:46,559
keep secrets you know but the atmosphere

606
00:29:52,730 --> 00:29:49,159
is one of the biggest secrets because

607
00:29:54,590 --> 00:29:52,740
what they're doing up there is

608
00:29:58,130 --> 00:29:54,600
um there there are many things going on

609
00:30:00,529 --> 00:29:58,140
in fact I have a list yes and can I can

610
00:30:02,810 --> 00:30:00,539
I just tell you that I I have found some

611
00:30:05,450 --> 00:30:02,820
some people that talk about Chemtrails

612
00:30:08,510 --> 00:30:05,460
bother me because they cite scientific

613
00:30:10,490 --> 00:30:08,520

theoretical papers about let's say

614

00:30:12,590 --> 00:30:10,500

putting particulates in the atmosphere

615

00:30:13,870 --> 00:30:12,600

to uh

616

00:30:17,710 --> 00:30:13,880

to

617

00:30:20,870 --> 00:30:17,720

uh protect against ultraviolet radiation

618

00:30:23,570 --> 00:30:20,880

but these are theoretical papers and so

619

00:30:26,450 --> 00:30:23,580

for me it's a jump from is it possible

620

00:30:29,630 --> 00:30:26,460

to do this for a certain reason

621

00:30:31,010 --> 00:30:29,640

to they are doing it and what is the re

622

00:30:33,769 --> 00:30:31,020

you know what I mean it's like a little

623

00:30:35,750 --> 00:30:33,779

more of a jump so I know I don't scan

624

00:30:38,389 --> 00:30:35,760

evidence they say well this is this is

625

00:30:40,789 --> 00:30:38,399

this scientific paper that says you can

626
00:30:43,549 --> 00:30:40,799
pump this this certain chemical into the

627
00:30:46,130 --> 00:30:43,559
atmosphere and it will it will slow down

628
00:30:48,169 --> 00:30:46,140
the rate at which ultraviolet light hits

629
00:30:49,970 --> 00:30:48,179
the Earth and yeah that's theoretically

630
00:30:52,970 --> 00:30:49,980
true but it doesn't mean that they're

631
00:30:55,250 --> 00:30:52,980
they're doing that actively you know

632
00:30:57,110 --> 00:30:55,260
right I understand

633
00:31:00,110 --> 00:30:57,120
um I think the first thing you would

634
00:31:03,409 --> 00:31:00,120
need to do if you really want to nail

635
00:31:07,190 --> 00:31:03,419
this right down to the floor is to start

636
00:31:09,409 --> 00:31:07,200
reading the patents uh of harp the high

637
00:31:12,970 --> 00:31:09,419
frequency active Aurora we're going to

638
00:31:18,950 --> 00:31:16,010

is very very important to understanding

639

00:31:22,070 --> 00:31:18,960

why the chemicals are what they are and

640

00:31:24,649 --> 00:31:22,080

why they're laid so they're laid every

641

00:31:27,850 --> 00:31:24,659

day every day in the stratosphere there

642

00:31:31,010 --> 00:31:27,860

are jets uh sometimes sounding Rockets

643

00:31:32,470 --> 00:31:31,020

sometimes drones and they are laying

644

00:31:34,669 --> 00:31:32,480

particulate matter

645

00:31:37,190 --> 00:31:34,679

nanoparticulates right Nanos are very

646

00:31:39,490 --> 00:31:37,200

tiny at one billionth of a meter I mean

647

00:31:41,570 --> 00:31:39,500

you can't see them but there are

648

00:31:44,029 --> 00:31:41,580

nanoparticles that are being laid

649

00:31:46,669 --> 00:31:44,039

because they need this doping of the

650

00:31:48,830 --> 00:31:46,679

atmosphere but they need it because of

651
00:31:51,230 --> 00:31:48,840
what harp does so we need to bring that

652
00:31:52,610 --> 00:31:51,240
in so let me just read a list I'm just

653
00:31:55,490 --> 00:31:52,620
going to read a list this is not some

654
00:31:59,090 --> 00:31:55,500
paper or something this is from Clifford

655
00:32:01,250 --> 00:31:59,100
carnicum the scientist I worked with and

656
00:32:03,350 --> 00:32:01,260
Matt you know serendipitously you know

657
00:32:05,990 --> 00:32:03,360
how life is it sends you just the people

658
00:32:08,690 --> 00:32:06,000
you need when you have a mission to

659
00:32:12,529 --> 00:32:08,700
conduct uh and I met Clifford in Santa

660
00:32:15,230 --> 00:32:12,539
Fe New Mexico uh years ago and he was

661
00:32:17,350 --> 00:32:15,240
already on the trail of what the heck he

662
00:32:20,750 --> 00:32:17,360
was seeing in these chemical signatures

663
00:32:22,070 --> 00:32:20,760

of the Jets over Northern New Mexico and

664

00:32:25,490 --> 00:32:22,080

I don't know if you've been in New

665

00:32:29,810 --> 00:32:25,500

Mexico in the long time ago when the sky

666

00:32:32,149 --> 00:32:29,820

there was deep blue deep blue and since

667

00:32:33,710 --> 00:32:32,159

these Trails have been laid and they are

668

00:32:36,529 --> 00:32:33,720

laid a lot there because you have

669

00:32:38,990 --> 00:32:36,539

Kirtland Air Force Base there Sandia

670

00:32:42,049 --> 00:32:39,000

National Labs is there I mean it's a big

671

00:32:44,930 --> 00:32:42,059

military zone so they lay a lot of stuff

672

00:32:49,010 --> 00:32:44,940

in the sky it is no longer a deep blue

673

00:32:51,230 --> 00:32:49,020

so when I met Clifford uh he had a list

674

00:32:54,350 --> 00:32:51,240

that he had come up with over the years

675

00:32:57,169 --> 00:32:54,360

he had been observing the part the

676
00:33:02,350 --> 00:32:57,179
precipitation coming down whether it was

677
00:33:05,690 --> 00:33:02,360
rain or Dew or snow from his HEPA filter

678
00:33:09,049 --> 00:33:05,700
this air filter which is one of the top

679
00:33:12,470 --> 00:33:09,059
of the line uh he's finding stuff in

680
00:33:15,830 --> 00:33:12,480
these that he's analyzing chemically and

681
00:33:18,590 --> 00:33:15,840
through a microscope and discovering all

682
00:33:22,250 --> 00:33:18,600
sorts of things coming down in the wake

683
00:33:25,909 --> 00:33:22,260
of these Jets so he said there can we

684
00:33:28,909 --> 00:33:25,919
can we agree on one thing yeah maybe if

685
00:33:31,130 --> 00:33:28,919
if this is if this is really happening

686
00:33:34,610 --> 00:33:31,140
it would take hundreds and hundreds of

687
00:33:38,630 --> 00:33:34,620
people right to me yeah it's to to come

688
00:33:41,210 --> 00:33:38,640

up to mix up the chemicals to yeah man

689

00:33:43,850 --> 00:33:41,220

the air bases that they're using to do

690

00:33:46,430 --> 00:33:43,860

it right we don't really see any

691

00:33:49,549 --> 00:33:46,440

whistleblowers do we there have been a

692

00:33:52,190 --> 00:33:49,559

lot of whistleblowers but I don't think

693

00:33:55,190 --> 00:33:52,200

that you understand the power of the

694

00:33:56,870 --> 00:33:55,200

media you know how it is you're allowed

695

00:33:59,210 --> 00:33:56,880

to see some things and other things

696

00:34:01,250 --> 00:33:59,220

you're never going to see them

697

00:34:02,690 --> 00:34:01,260

well I definitely believe that

698

00:34:05,750 --> 00:34:02,700

especially after the last couple of

699

00:34:08,930 --> 00:34:05,760

years and uh and seeing New Revelations

700

00:34:11,750 --> 00:34:08,940

of what the government in collusion with

701
00:34:14,810 --> 00:34:11,760
tech can do to to decide what we're

702
00:34:18,230 --> 00:34:14,820
allowed to view or see or experience or

703
00:34:19,730 --> 00:34:18,240
not but it's it does seem a little you

704
00:34:22,790 --> 00:34:19,740
know to me if there's hundreds and

705
00:34:24,950 --> 00:34:22,800
hundreds of people doing this activity I

706
00:34:28,990 --> 00:34:24,960
would think somebody would really spill

707
00:34:32,149 --> 00:34:29,000
the beans or well they all sign ndas

708
00:34:35,030 --> 00:34:32,159
non-disclosure agreements and some

709
00:34:37,550 --> 00:34:35,040
people have died for speaking out

710
00:34:40,430 --> 00:34:37,560
I mean it's it's like anything else

711
00:34:42,050 --> 00:34:40,440
that's a hot potato that's uh the other

712
00:34:44,750 --> 00:34:42,060
channel is saying this and he's right

713
00:34:47,149 --> 00:34:44,760

they have admitted to some experiments

714

00:34:49,070 --> 00:34:47,159

with dropped chemicals into the

715

00:34:51,649 --> 00:34:49,080

atmosphere different governments have

716

00:34:55,190 --> 00:34:51,659

done experiments but again isn't there

717

00:34:57,770 --> 00:34:55,200

perhaps uh beneficial or you know an

718

00:35:01,790 --> 00:34:57,780

altruistic use of doing something like

719

00:35:04,790 --> 00:35:01,800

that if if it were not weaponized uh yes

720

00:35:07,510 --> 00:35:04,800

I think that it could be it could be but

721

00:35:11,510 --> 00:35:07,520

this has all what I what I put forward

722

00:35:14,750 --> 00:35:11,520

has all has all been weaponized in other

723

00:35:17,089 --> 00:35:14,760

words they have a they have a saying in

724

00:35:20,990 --> 00:35:17,099

the military what they want is

725

00:35:24,470 --> 00:35:21,000

um is they want to uh increase the force

726

00:35:28,010 --> 00:35:24,480

capacity of uh using the weather as a

727

00:35:30,170 --> 00:35:28,020

weapon and that that's what's happened I

728

00:35:32,270 --> 00:35:30,180

mean I I guess I'm going to shock you

729

00:35:34,430 --> 00:35:32,280

now because I'm going to tell you there

730

00:35:36,890 --> 00:35:34,440

is no it's not much a conspiracy land

731

00:35:45,370 --> 00:35:36,900

that shocks me it's just a matter of uh

732

00:35:48,710 --> 00:35:47,930

there is no natural weather that I know

733

00:35:54,470 --> 00:35:48,720

of

734

00:35:56,690 --> 00:35:54,480

kidding me so when it rains on my house

735

00:35:59,089 --> 00:35:56,700

sometimes I'm excited to make it rain on

736

00:36:01,190 --> 00:35:59,099

my house that day that's right

737

00:36:02,089 --> 00:36:01,200

that's right and what do you base this

738

00:36:05,690 --> 00:36:02,099

on

739

00:36:07,089 --> 00:36:05,700

well the three books worth of research I

740

00:36:09,890 --> 00:36:07,099

mean uh

741

00:36:13,490 --> 00:36:09,900

I'm not I'm certainly not the only one

742

00:36:16,190 --> 00:36:13,500

who uh who knows this you can find it

743

00:36:19,250 --> 00:36:16,200

out in several of the people who are in

744

00:36:21,470 --> 00:36:19,260

the movement with me but um but let me

745

00:36:23,450 --> 00:36:21,480

read the seven things and then we can

746

00:36:26,050 --> 00:36:23,460

come back to this there are seven

747

00:36:28,790 --> 00:36:26,060

operations going on through

748

00:36:30,890 --> 00:36:28,800

geoengineering okay so I just told you

749

00:36:32,210 --> 00:36:30,900

about the weather engineering that's

750

00:36:34,550 --> 00:36:32,220

going on

751
00:36:35,390 --> 00:36:34,560
uh that's absolute control over the

752
00:36:37,510 --> 00:36:35,400
weather

753
00:36:40,010 --> 00:36:37,520
uh then there are chemical and

754
00:36:42,770 --> 00:36:40,020
electromagnetic experiments going on

755
00:36:44,410 --> 00:36:42,780
just um like we're talking about

756
00:36:46,790 --> 00:36:44,420
chemicals right here and

757
00:36:50,290 --> 00:36:46,800
electromagnetics from radar

758
00:36:54,650 --> 00:36:50,300
installations on the Earth from uh

759
00:36:57,050 --> 00:36:54,660
lasers uh neck threads which are those

760
00:37:00,410 --> 00:36:57,060
big golf ball looking uh types of

761
00:37:02,470 --> 00:37:00,420
radomes there are many ways and I go

762
00:37:05,750 --> 00:37:02,480
into that in detail in the second book

763
00:37:08,270 --> 00:37:05,760

uh chemical electromagnetic then the

764

00:37:10,569 --> 00:37:08,280

third operation is planetary and

765

00:37:15,589 --> 00:37:10,579

geophysical where

766

00:37:18,170 --> 00:37:15,599

the tomography capability of harp can

767

00:37:20,870 --> 00:37:18,180

move the plates under the Earth and

768

00:37:26,329 --> 00:37:20,880

create any number of earthquakes all the

769

00:37:29,930 --> 00:37:26,339

way from 0.5 5.5 earthquakes to 10 and

770

00:37:32,270 --> 00:37:29,940

up uh then also these this is and this

771

00:37:34,790 --> 00:37:32,280

is done by they they would bounce a

772

00:37:39,010 --> 00:37:34,800

signal off of the atmosphere that would

773

00:37:43,190 --> 00:37:41,390

I I have heard that they can

774

00:37:45,650 --> 00:37:43,200

theoretically cause earthquakes because

775

00:37:47,270 --> 00:37:45,660

those transmitters are so powerful that

776

00:37:49,609 --> 00:37:47,280

they bounce the signal off of the

777

00:37:53,270 --> 00:37:49,619

stratosphere atmosphere whatever and

778

00:37:55,910 --> 00:37:53,280

then it bounces back to earth right yeah

779

00:37:57,710 --> 00:37:55,920

yeah and that's why they really can do

780

00:37:59,450 --> 00:37:57,720

that they really can just cause an

781

00:38:01,069 --> 00:37:59,460

earthquake wherever they want one in all

782

00:38:03,109 --> 00:38:01,079

over Earth yeah

783

00:38:05,569 --> 00:38:03,119

yeah anytime well that would make a

784

00:38:07,910 --> 00:38:05,579

great weapon right well it is it is a

785

00:38:09,950 --> 00:38:07,920

great weapon it's an amazing weapon I

786

00:38:12,290 --> 00:38:09,960

mean just look at 911 you want to talk

787

00:38:15,650 --> 00:38:12,300

about the weapon

788

00:38:18,109 --> 00:38:15,660

that's what 9 11 was I've heard that you

789

00:38:19,609 --> 00:38:18,119

said that the 911 was a directed energy

790

00:38:22,490 --> 00:38:19,619

weapon and I don't know if you know this

791

00:38:24,829 --> 00:38:22,500

but we have one of the in my opinion one

792

00:38:27,410 --> 00:38:24,839

of the best 911 researchers ever that

793

00:38:30,530 --> 00:38:27,420

Jeremy rise in the live chat

794

00:38:33,349 --> 00:38:30,540

um and uh I don't know what he believes

795

00:38:36,950 --> 00:38:33,359

about that but I know one thing I know

796

00:38:39,710 --> 00:38:36,960

what temperature you know jet fuel gets

797

00:38:41,930 --> 00:38:39,720

to and so I'm very of course Very

798

00:38:43,490 --> 00:38:41,940

suspect of the official narrative I

799

00:38:45,530 --> 00:38:43,500

don't think we got the truth at all no

800

00:38:48,349 --> 00:38:45,540

no it's not yet the debt had nothing to

801
00:38:50,270 --> 00:38:48,359
do with it the jet fuel yeah yeah it had

802
00:38:54,770 --> 00:38:50,280
nothing to do with it

803
00:38:57,410 --> 00:38:54,780
um okay let me go on then the the fourth

804
00:39:00,290 --> 00:38:57,420
operation after the physical geophysics

805
00:39:01,849 --> 00:39:00,300
the planetary and geophysical oh and I

806
00:39:05,210 --> 00:39:01,859
didn't mention under the planetarian

807
00:39:08,150 --> 00:39:05,220
geophysical the um geoengineered fires

808
00:39:09,650 --> 00:39:08,160
the so-called wildfires these are all

809
00:39:11,690 --> 00:39:09,660
geoengineered

810
00:39:13,550 --> 00:39:11,700
and that has to do with the chemical

811
00:39:15,290 --> 00:39:13,560
trails has to do with the chemicals that

812
00:39:18,230 --> 00:39:15,300
are in the trails that are coming down

813
00:39:20,690 --> 00:39:18,240

over the target area and has to do with

814

00:39:23,810 --> 00:39:20,700

laser and has to do with directed energy

815

00:39:25,550 --> 00:39:23,820

weapons yeah you start those fires and

816

00:39:28,190 --> 00:39:25,560

then you decide theoretically right if

817

00:39:29,990 --> 00:39:28,200

they had a laser on a uh if they had a

818

00:39:31,430 --> 00:39:30,000

high power laser on a satellite they

819

00:39:34,130 --> 00:39:31,440

could start a fire anywhere they wanted

820

00:39:35,750 --> 00:39:34,140

to theoretically right

821

00:39:37,550 --> 00:39:35,760

and you believe but you believe they're

822

00:39:39,170 --> 00:39:37,560

actually doing this for some reason oh

823

00:39:42,230 --> 00:39:39,180

they're they're doing it they're doing

824

00:39:43,730 --> 00:39:42,240

it and um and the the other thing we

825

00:39:44,990 --> 00:39:43,740

haven't mentioned yet

826

00:39:47,750 --> 00:39:45,000

I don't know that we're going to get to

827

00:39:49,370 --> 00:39:47,760

it very much is the nanoparticles the

828

00:39:52,069 --> 00:39:49,380

nanotechnology

829

00:39:55,250 --> 00:39:52,079

in the chemical mixtures that are coming

830

00:39:59,950 --> 00:39:55,260

down for a variety of purposes and those

831

00:40:03,470 --> 00:39:59,960

those Nanobots in those particular

832

00:40:05,690 --> 00:40:03,480

articulates are very involved in those

833

00:40:07,970 --> 00:40:05,700

geophysical fires especially the ones

834

00:40:10,910 --> 00:40:07,980

that we've seen recently where it seems

835

00:40:13,970 --> 00:40:10,920

like something is choosing to burn this

836

00:40:17,089 --> 00:40:13,980

house but not this house and this car

837

00:40:19,310 --> 00:40:17,099

but not that car and this tree but not

838

00:40:22,250 --> 00:40:19,320

that tree what's that about that's no

839

00:40:26,050 --> 00:40:22,260

that's not a laser that's raising the

840

00:40:30,290 --> 00:40:26,060

ground of an area no that's a very uh

841

00:40:34,670 --> 00:40:30,300

intentional directed use of a technology

842

00:40:36,349 --> 00:40:34,680

and uh and the Nano materials scientists

843

00:40:39,530 --> 00:40:36,359

that I've talked with

844

00:40:41,870 --> 00:40:39,540

says it is nano it's the Nanobots that

845

00:40:44,150 --> 00:40:41,880

are directed in those directions I mean

846

00:40:46,609 --> 00:40:44,160

we've got a technology that's just

847

00:40:50,690 --> 00:40:46,619

unbelievable going on here right in

848

00:40:54,589 --> 00:40:50,700

front of us and we're not aware of how

849

00:40:57,710 --> 00:40:54,599

it works so we like Arthur Clark said

850

00:41:00,770 --> 00:40:57,720

you know anything that's technically uh

851
00:41:03,710 --> 00:41:00,780
sophisticated will seem like magic yes

852
00:41:05,990 --> 00:41:03,720
or like a conspiracy theory

853
00:41:08,390 --> 00:41:06,000
yeah you just have to study the details

854
00:41:11,450 --> 00:41:08,400
the devil is always in the details and

855
00:41:14,990 --> 00:41:11,460
I'm a real detailed freak okay yeah and

856
00:41:16,910 --> 00:41:15,000
I and and I admit that I am not very

857
00:41:19,670 --> 00:41:16,920
well read on these things I've kind of

858
00:41:22,430 --> 00:41:19,680
dug into some of them and and sometimes

859
00:41:24,290 --> 00:41:22,440
I get to uh you know people with less

860
00:41:26,750 --> 00:41:24,300
than credible sources or people with

861
00:41:28,910 --> 00:41:26,760
less than yeah yeah I understand I

862
00:41:32,329 --> 00:41:28,920
understand we need to be dismissive

863
00:41:35,329 --> 00:41:32,339

though I try to not do that no no and it

864

00:41:37,250 --> 00:41:35,339

it I mean it's it takes time look at me

865

00:41:40,310 --> 00:41:37,260

I've did I know I was going to spend

866

00:41:43,550 --> 00:41:40,320

I've spent 12 years so far in this uh no

867

00:41:46,490 --> 00:41:43,560

I did not know that I had no idea uh

868

00:41:48,650 --> 00:41:46,500

biology I have it in my past in my

869

00:41:51,530 --> 00:41:48,660

college education but I didn't have

870

00:41:53,569 --> 00:41:51,540

physics I've had to study I've had to

871

00:41:55,670 --> 00:41:53,579

study in order to catch up here

872

00:41:58,069 --> 00:41:55,680

and the chemistry I you know I was

873

00:41:59,870 --> 00:41:58,079

familiar with chemistry but okay so the

874

00:42:01,190 --> 00:41:59,880

fourth operation is directed energy

875

00:42:03,650 --> 00:42:01,200

weapons

876

00:42:05,569 --> 00:42:03,660

and that I'm not going to go into that

877

00:42:07,730 --> 00:42:05,579

because that's more complex than it

878

00:42:09,790 --> 00:42:07,740

looks like uh and then there's

879

00:42:13,910 --> 00:42:09,800

surveillance and neural manipulation

880

00:42:17,030 --> 00:42:13,920

coming from the sky right coming down uh

881

00:42:19,130 --> 00:42:17,040

from oh satellite or whatever

882

00:42:21,109 --> 00:42:19,140

and that has to do with mind control

883

00:42:24,410 --> 00:42:21,119

we've all heard that harp has

884

00:42:26,150 --> 00:42:24,420

capabilities to yeah and I'm gonna I'm

885

00:42:28,370 --> 00:42:26,160

just gonna share some I'm gonna share

886

00:42:31,970 --> 00:42:28,380

some images of this harp facility just

887

00:42:34,790 --> 00:42:31,980

so people get an idea it's massive

888

00:42:39,349 --> 00:42:34,800

the field full of antennas and it's

889

00:42:41,690 --> 00:42:39,359

capable of some super high power super

890

00:42:44,450 --> 00:42:41,700

high frequency signals that they're

891

00:42:47,990 --> 00:42:44,460

bouncing into the atmosphere they say

892

00:42:50,569 --> 00:42:48,000

for the study of weather right but no

893

00:42:53,030 --> 00:42:50,579

they say for communication with sat with

894

00:42:56,089 --> 00:42:53,040

uh submarines but you know there are

895

00:42:57,829 --> 00:42:56,099

many many cover stories about HARP and

896

00:43:01,250 --> 00:42:57,839

one of them is that it's been shut down

897

00:43:04,130 --> 00:43:01,260

now it was briefly shut down after it

898

00:43:07,130 --> 00:43:04,140

was very successful in controlling the

899

00:43:08,690 --> 00:43:07,140

ionosphere and that's its main job well

900

00:43:11,690 --> 00:43:08,700

here's a question that I have for you

901
00:43:13,790 --> 00:43:11,700
that may be you know would a super

902
00:43:16,490 --> 00:43:13,800
secret facility though they have open

903
00:43:18,849 --> 00:43:16,500
houses occasionally where anybody can go

904
00:43:22,609 --> 00:43:18,859
to the open house and see the facility

905
00:43:24,349 --> 00:43:22,619
the tickets are free you know that would

906
00:43:26,109 --> 00:43:24,359
seem to be counter to me to somebody

907
00:43:28,790 --> 00:43:26,119
that's running a secret

908
00:43:30,170 --> 00:43:28,800
nefarious project right you're kidding

909
00:43:32,630 --> 00:43:30,180
are they doing it right out in the open

910
00:43:34,309 --> 00:43:32,640
on purpose and going sure come in and

911
00:43:36,109 --> 00:43:34,319
they just clean up all of the secret

912
00:43:37,670 --> 00:43:36,119
stuff when people come and look at it

913
00:43:40,849 --> 00:43:37,680

and then they put it back you know I

914

00:43:43,849 --> 00:43:40,859

don't know how this works

915

00:43:47,450 --> 00:43:45,470

you that's all I'm saying I really think

916

00:43:50,809 --> 00:43:47,460

you really think that that kind of

917

00:43:53,569 --> 00:43:50,819

thinking uh is I mean I don't even know

918

00:43:56,809 --> 00:43:53,579

how to respond to that it's um

919

00:43:58,250 --> 00:43:56,819

uh no I mean it's just a question I mean

920

00:43:59,569 --> 00:43:58,260

what do you think is going on there then

921

00:44:03,710 --> 00:43:59,579

that they're they're doing this right

922

00:44:06,530 --> 00:44:03,720

now I mean all of NASA is uh pretty much

923

00:44:09,650 --> 00:44:06,540

a PR agency it's not really well that I

924

00:44:12,530 --> 00:44:09,660

agree with on very scientific uh and and

925

00:44:15,230 --> 00:44:12,540

the semblance of something is hardly

926

00:44:18,230 --> 00:44:15,240

ever what it really is

927

00:44:20,089 --> 00:44:18,240

now when you talked about HARP it's very

928

00:44:21,650 --> 00:44:20,099

important to say to people if you're

929

00:44:24,170 --> 00:44:21,660

going to talk about it now we can talk

930

00:44:26,270 --> 00:44:24,180

about it now I haven't finished those

931

00:44:27,230 --> 00:44:26,280

seven operations but we can get back to

932

00:44:29,270 --> 00:44:27,240

that

933

00:44:30,829 --> 00:44:29,280

um oh no you can go ahead I'm sorry I

934

00:44:33,650 --> 00:44:30,839

don't mean to keep interrupting you I I

935

00:44:35,870 --> 00:44:33,660

I I apologize I know you're excited to

936

00:44:37,490 --> 00:44:35,880

yeah that's what it is I'm like yeah I

937

00:44:38,630 --> 00:44:37,500

can finally ask somebody every question

938

00:44:41,510 --> 00:44:38,640

I've ever had about

939

00:44:43,370 --> 00:44:41,520

crazy stuff because this is this is some

940

00:44:45,710 --> 00:44:43,380

crazy stuff but it's well it's

941

00:44:48,530 --> 00:44:45,720

interesting but it is very sophisticated

942

00:44:50,870 --> 00:44:48,540

you're right about that I mean like harp

943

00:44:52,670 --> 00:44:50,880

let's just uh these this field of

944

00:44:55,010 --> 00:44:52,680

antennas that you see in the

945

00:44:56,990 --> 00:44:55,020

illustration there those are all uh

946

00:45:00,890 --> 00:44:57,000

phase array antennas that's a very

947

00:45:03,290 --> 00:45:00,900

particular kind of uh of antenna you

948

00:45:04,670 --> 00:45:03,300

have if you own an iPhone which I do not

949

00:45:07,730 --> 00:45:04,680

own

950

00:45:09,710 --> 00:45:07,740

um an iPhone has uh phased array

951
00:45:12,950 --> 00:45:09,720
antennas in it and what it means is each

952
00:45:15,950 --> 00:45:12,960
of those antennas can be directed to

953
00:45:19,190 --> 00:45:15,960
work together with the others as one

954
00:45:23,510 --> 00:45:19,200
single beam and that's what makes harp

955
00:45:25,849 --> 00:45:23,520
so powerful uh its ability to form that

956
00:45:29,410 --> 00:45:25,859
Beam with all those uh individual

957
00:45:34,190 --> 00:45:29,420
antennas and zap that ionosphere

958
00:45:37,430 --> 00:45:34,200
puncture it go in there pop all those uh

959
00:45:42,410 --> 00:45:37,440
electrons off of the atoms there make

960
00:45:46,970 --> 00:45:42,420
more ions and bring those down to our

961
00:45:50,930 --> 00:45:46,980
atmosphere to ionize our atmosphere and

962
00:45:53,030 --> 00:45:50,940
make it sort of like a a mini ionosphere

963
00:45:56,210 --> 00:45:53,040

is what's happened in fact Clifford

964

00:45:58,970 --> 00:45:56,220

carnicom told me years ago that all his

965

00:46:00,710 --> 00:45:58,980

atmospheric testing and he can do that

966

00:46:03,170 --> 00:46:00,720

from the ground he doesn't need to go up

967

00:46:05,569 --> 00:46:03,180

there all the atmospheric testing that

968

00:46:08,450 --> 00:46:05,579

he did indicated that the atmosphere was

969

00:46:10,309 --> 00:46:08,460

no longer what it had been 10 years

970

00:46:12,950 --> 00:46:10,319

before it had been completely

971

00:46:16,849 --> 00:46:12,960

transformed and it's been completely

972

00:46:21,230 --> 00:46:16,859

transformed by the ions that harp is

973

00:46:23,990 --> 00:46:21,240

able to to pull from the ionosphere and

974

00:46:25,370 --> 00:46:24,000

then you know we have the doping of the

975

00:46:27,290 --> 00:46:25,380

atmosphere that I've already talked

976

00:46:30,170 --> 00:46:27,300

about which all these chemicals that all

977

00:46:31,270 --> 00:46:30,180

do something different for the sake of

978

00:46:33,650 --> 00:46:31,280

the wireless

979

00:46:35,210 --> 00:46:33,660

operations that are going on and I'm not

980

00:46:37,490 --> 00:46:35,220

just talking about everybody's cell

981

00:46:40,430 --> 00:46:37,500

phone when I say Wireless operations or

982

00:46:43,210 --> 00:46:40,440

or fast downloads or or broadcast

983

00:46:47,569 --> 00:46:43,220

stations I'm talking about

984

00:46:50,329 --> 00:46:47,579

weaponizing the atmosphere through this

985

00:46:54,050 --> 00:46:50,339

technology for the sake of political

986

00:46:58,190 --> 00:46:54,060

power and uh and that is is what we have

987

00:47:01,190 --> 00:46:58,200

now ever since uh harp was successful in

988

00:47:05,150 --> 00:47:01,200

2013 and the Air Force announced it up

989

00:47:09,650 --> 00:47:05,160

in Alaska at a senatorial meeting uh it

990

00:47:12,650 --> 00:47:09,660

has it and other ionospheric heaters are

991

00:47:14,270 --> 00:47:12,660

all working in collusion or in League

992

00:47:17,210 --> 00:47:14,280

with each other because they're all

993

00:47:20,990 --> 00:47:17,220

calibrated through these phased array

994

00:47:24,109 --> 00:47:21,000

antennas to operate together and so we

995

00:47:26,809 --> 00:47:24,119

have a great weapon system uh which

996

00:47:29,030 --> 00:47:26,819

could yeah it could be used for good I

997

00:47:30,589 --> 00:47:29,040

think I think one of the things that it

998

00:47:33,530 --> 00:47:30,599

could be used for if it weren't

999

00:47:36,890 --> 00:47:33,540

weaponized is uh to

1000

00:47:40,309 --> 00:47:36,900

um transmute radiation into something

1001
00:47:42,470 --> 00:47:40,319
more benign I really do but uh that

1002
00:47:46,130 --> 00:47:42,480
ain't that ain't gonna happen because

1003
00:47:50,630 --> 00:47:46,140
this is a the major weapon in the

1004
00:47:54,710 --> 00:47:50,640
American uh Arsenal that is uh is used

1005
00:47:59,510 --> 00:47:54,720
often to produce weather

1006
00:48:03,730 --> 00:47:59,520
um weather events that are like extreme

1007
00:48:07,010 --> 00:48:03,740
hurricanes extreme Cyclones extreme

1008
00:48:09,650 --> 00:48:07,020
tornadoes extreme earthquakes all of

1009
00:48:12,290 --> 00:48:09,660
these are money makers for the fat cats

1010
00:48:15,650 --> 00:48:12,300
they all get weather derivatives out of

1011
00:48:18,470 --> 00:48:15,660
all that so it's got an economic purpose

1012
00:48:20,750 --> 00:48:18,480
you know I think Naomi wolf wrote that

1013
00:48:24,470 --> 00:48:20,760

wonderful book about disaster capitalism

1014

00:48:28,430 --> 00:48:24,480

well this this is a tremendous creator

1015

00:48:30,530 --> 00:48:28,440

of disaster capitalism you can want to

1016

00:48:33,349 --> 00:48:30,540

get rich if they can control the weather

1017

00:48:36,950 --> 00:48:33,359

though why wouldn't the people in power

1018

00:48:40,010 --> 00:48:36,960

stop some of the tragedies like huge you

1019

00:48:42,829 --> 00:48:40,020

know like what happened in uh New

1020

00:48:45,910 --> 00:48:42,839

Orleans or what happens to Florida could

1021

00:48:50,150 --> 00:48:45,920

they stop those uh you know hurricane

1022

00:48:53,150 --> 00:48:50,160

tornadoes not classified operations you

1023

00:48:55,849 --> 00:48:53,160

can't stop classified operations uh it

1024

00:48:58,250 --> 00:48:55,859

doesn't matter how big of a bill a

1025

00:49:00,530 --> 00:48:58,260

business you are maybe Bill Gates would

1026
00:49:03,410 --> 00:49:00,540
have something uh in that I don't know

1027
00:49:06,530 --> 00:49:03,420
how big you'd have to be but all of

1028
00:49:09,589 --> 00:49:06,540
these those that were in the early 2000s

1029
00:49:14,030 --> 00:49:09,599
all those extreme weather uh situations

1030
00:49:17,510 --> 00:49:14,040
I talk about in the first book I analyze

1031
00:49:20,809 --> 00:49:17,520
all those uh including uh Katrina the

1032
00:49:23,390 --> 00:49:20,819
one in New Orleans uh and um all of them

1033
00:49:27,890 --> 00:49:23,400
were experimental they were they were

1034
00:49:31,430 --> 00:49:27,900
testing how to use the harp uh and the

1035
00:49:32,290 --> 00:49:31,440
harp has to work in a what's called uh

1036
00:49:38,390 --> 00:49:32,300
an

1037
00:49:39,890 --> 00:49:38,400
it has to cross beams it'll create its

1038
00:49:41,690 --> 00:49:39,900

own Beam with those phased array

1039

00:49:47,290 --> 00:49:41,700

antennas and then there has to be a

1040

00:49:50,390 --> 00:49:47,300

another beam from another harp like uh

1041

00:49:52,130 --> 00:49:50,400

ionosphere keter and my guess is they

1042

00:49:54,890 --> 00:49:52,140

would have used the one at Brookhaven

1043

00:49:58,430 --> 00:49:54,900

National Labs out on Long Island or

1044

00:50:01,250 --> 00:49:58,440

maybe the one in Norway or maybe the one

1045

00:50:03,950 --> 00:50:01,260

down that used to be at Arecibo Puerto

1046

00:50:07,910 --> 00:50:03,960

Rico and they cross those beams over the

1047

00:50:10,430 --> 00:50:07,920

target area after really intensely

1048

00:50:13,790 --> 00:50:10,440

putting a lot of chemtrails there

1049

00:50:17,390 --> 00:50:13,800

for the particulate matter and then they

1050

00:50:21,650 --> 00:50:17,400

have the weather it the weather that is

1051

00:50:24,290 --> 00:50:21,660

created and then they do the analysis

1052

00:50:26,630 --> 00:50:24,300

after the damage I mean to them we're

1053

00:50:29,270 --> 00:50:26,640

just Lab Rats but you know that don't

1054

00:50:31,550 --> 00:50:29,280

you we're just Lab Rats yeah some people

1055

00:50:34,130 --> 00:50:31,560

might agree with you me being one of

1056

00:50:36,710 --> 00:50:34,140

them but you know so what do you think

1057

00:50:38,210 --> 00:50:36,720

then that the larger game here is then

1058

00:50:40,790 --> 00:50:38,220

they've developed in this thing as

1059

00:50:43,730 --> 00:50:40,800

Weapons is it just for control or

1060

00:50:47,450 --> 00:50:43,740

they're trying to profit

1061

00:50:49,609 --> 00:50:47,460

power why would they do all this I think

1062

00:50:51,530 --> 00:50:49,619

it's part of the globalization going on

1063

00:50:53,410 --> 00:50:51,540

now the global Elite that we've been

1064

00:50:57,829 --> 00:50:53,420

hearing about for the last three years

1065

00:51:01,010 --> 00:50:57,839

in a different context but again it's

1066

00:51:02,990 --> 00:51:01,020

similar in that it's a Chemical Context

1067

00:51:07,370 --> 00:51:03,000

uh

1068

00:51:10,549 --> 00:51:07,380

they have a certain idea of of the kind

1069

00:51:13,849 --> 00:51:10,559

of world they want for the future they

1070

00:51:18,890 --> 00:51:13,859

want a very technical World they want a

1071

00:51:22,069 --> 00:51:18,900

a wireless world a world in which you

1072

00:51:22,970 --> 00:51:22,079

and I are living uh virtually on the

1073

00:51:25,910 --> 00:51:22,980

internet

1074

00:51:28,190 --> 00:51:25,920

and all of our thoughts some of us might

1075

00:51:30,530 --> 00:51:28,200

say it that's already begun you know I

1076

00:51:32,329 --> 00:51:30,540

spend it has been about time on the

1077

00:51:35,510 --> 00:51:32,339

internet but you know what Miss Freeland

1078

00:51:39,290 --> 00:51:35,520

I have a cabin in the woods that I love

1079

00:51:41,390 --> 00:51:39,300

because I can escape remember when when

1080

00:51:44,630 --> 00:51:41,400

the internet first started it was an

1081

00:51:46,910 --> 00:51:44,640

escape from The Real World and now you

1082

00:51:50,109 --> 00:51:46,920

need to escape the internet to get to

1083

00:51:52,250 --> 00:51:50,119

the real world now it's just everywhere

1084

00:51:53,990 --> 00:51:52,260

inversion right there's a lot of

1085

00:51:55,190 --> 00:51:54,000

inversion going one thing I wanted to

1086

00:51:57,890 --> 00:51:55,200

say because there are some very

1087

00:52:00,349 --> 00:51:57,900

skeptical people here me being one of

1088

00:52:02,270 --> 00:52:00,359

them sometimes is one thing I notice

1089

00:52:05,630 --> 00:52:02,280

about your books is regardless of what

1090

00:52:08,510 --> 00:52:05,640

people think you have incredible reviews

1091

00:52:10,370 --> 00:52:08,520

of your books I've never seen you know

1092

00:52:12,770 --> 00:52:10,380

normally very controversial topics

1093

00:52:14,510 --> 00:52:12,780

somebody will trash the book I don't see

1094

00:52:16,849 --> 00:52:14,520

that with any of your books most people

1095

00:52:19,370 --> 00:52:16,859

are very do you have all these glowing

1096

00:52:23,589 --> 00:52:19,380

reviews and and I think that might be

1097

00:52:29,750 --> 00:52:26,809

yeah right right yeah I think that's the

1098

00:52:30,309 --> 00:52:29,760

reason and um and I

1099

00:52:34,549 --> 00:52:30,319

I

1100

00:52:38,030 --> 00:52:34,559

have a proclivity for seeing the big

1101
00:52:40,670 --> 00:52:38,040
picture once I get the devil's details

1102
00:52:44,930 --> 00:52:40,680
and nail them down and start looking at

1103
00:52:46,730 --> 00:52:44,940
how they interrelate then I can just see

1104
00:52:49,250 --> 00:52:46,740
the big picture of what's going on so

1105
00:52:53,569 --> 00:52:49,260
you ask me what their purpose is yes it

1106
00:52:56,329 --> 00:52:53,579
is power it is control uh it um it has

1107
00:52:58,309 --> 00:52:56,339
to do with controlling the Earth let's

1108
00:53:02,510 --> 00:52:58,319
go back to the secret space program for

1109
00:53:06,049 --> 00:53:02,520
just a moment I always quote uh a Soviet

1110
00:53:08,510 --> 00:53:06,059
astronomer named Nikolai karneshev who

1111
00:53:12,349 --> 00:53:08,520
lived during the Cold War and he said

1112
00:53:17,210 --> 00:53:12,359
that in order for a a nation

1113
00:53:21,410 --> 00:53:17,220

or a uh some sort of global entity to

1114

00:53:23,990 --> 00:53:21,420

actually create a real Space Age

1115

00:53:26,809 --> 00:53:24,000

three things would have to happen the

1116

00:53:29,809 --> 00:53:26,819

first is they would have to have full

1117

00:53:31,849 --> 00:53:29,819

spectrum dominance over their own Planet

1118

00:53:34,790 --> 00:53:31,859

over planet Earth

1119

00:53:36,730 --> 00:53:34,800

and we're seeing that happen now full

1120

00:53:41,030 --> 00:53:36,740

spectrum dominance and I don't mean just

1121

00:53:45,410 --> 00:53:41,040

geophysical and uh having to do with the

1122

00:53:47,809 --> 00:53:45,420

um uh Geo engineering think about full

1123

00:53:50,030 --> 00:53:47,819

spectrum dominance over Society

1124

00:53:52,750 --> 00:53:50,040

sole Spectrum dominance over the

1125

00:53:55,549 --> 00:53:52,760

electromagnetic spectrum over all the

1126
00:53:58,069 --> 00:53:55,559
electromagnetics all operations that are

1127
00:54:00,230 --> 00:53:58,079
going on so full spectrum dominance over

1128
00:54:02,450 --> 00:54:00,240
planet Earth the second one kardashev

1129
00:54:05,750 --> 00:54:02,460
said was Full Spectrum dominance over

1130
00:54:09,049 --> 00:54:05,760
your star that would be our sun

1131
00:54:11,930 --> 00:54:09,059
and during this minimum the solar

1132
00:54:15,890 --> 00:54:11,940
minimum that we're in they are doing a

1133
00:54:18,109 --> 00:54:15,900
lot of experiments on the sun and the

1134
00:54:21,609 --> 00:54:18,119
Sun is basically plasma so these are

1135
00:54:25,970 --> 00:54:21,619
plasma experiments going on on the sun

1136
00:54:27,849 --> 00:54:25,980
isn't that dangerous here and from there

1137
00:54:30,650 --> 00:54:27,859
believe it or not

1138
00:54:32,870 --> 00:54:30,660

this stuff always bothers me like you're

1139

00:54:35,089 --> 00:54:32,880

messing messing with the weather bothers

1140

00:54:37,309 --> 00:54:35,099

me yeah me too I'm not I'm not

1141

00:54:39,710 --> 00:54:37,319

particularly religious but I think that

1142

00:54:43,010 --> 00:54:39,720

some things yeah should be left to God

1143

00:54:45,230 --> 00:54:43,020

I'm with you on that I'm with you all

1144

00:54:48,670 --> 00:54:45,240

right so the third thing really sounds

1145

00:54:51,470 --> 00:54:48,680

crazy so the third thing is

1146

00:54:53,650 --> 00:54:51,480

we haven't gotten crazy enough yet let's

1147

00:54:57,349 --> 00:54:53,660

deep diving

1148

00:54:59,690 --> 00:54:57,359

let's get let's get crazy

1149

00:55:02,630 --> 00:54:59,700

the third thing is

1150

00:55:05,210 --> 00:55:02,640

full spectrum dominance over

1151
00:55:07,250 --> 00:55:05,220
the planetary system

1152
00:55:09,650 --> 00:55:07,260
which we have right with our seven

1153
00:55:11,930 --> 00:55:09,660
planets and

1154
00:55:14,990 --> 00:55:11,940
over the Galaxy

1155
00:55:17,750 --> 00:55:15,000
and that will constitute a real Space

1156
00:55:21,349 --> 00:55:17,760
Age so what I'm saying is

1157
00:55:26,770 --> 00:55:21,359
the megalomaniacs at the very top of

1158
00:55:31,370 --> 00:55:26,780
this uh this food chain of power

1159
00:55:33,890 --> 00:55:31,380
very much are dedicated to controlling

1160
00:55:35,089 --> 00:55:33,900
everything on planet Earth controlling

1161
00:55:39,829 --> 00:55:35,099
our star

1162
00:55:42,349 --> 00:55:39,839
and controlling uh our planetary system

1163
00:55:45,230 --> 00:55:42,359

uh through all the planets all the way

1164

00:55:47,030 --> 00:55:45,240

to Saturn all the way out to Uranus I

1165

00:55:49,010 --> 00:55:47,040

mean can we have that right if we're the

1166

00:55:51,290 --> 00:55:49,020

only intelligent beings in the solar

1167

00:55:54,710 --> 00:55:51,300

system shouldn't we have the right to do

1168

00:55:56,390 --> 00:55:54,720

what we wish with with those resources

1169

00:55:59,270 --> 00:55:56,400

well I think you could have that

1170

00:56:01,430 --> 00:55:59,280

argument with these megalomaniacs I

1171

00:56:05,030 --> 00:56:01,440

don't know yeah you're right about that

1172

00:56:08,630 --> 00:56:05,040

yeah Elon Musk wants to take over Mars

1173

00:56:11,030 --> 00:56:08,640

so well exactly so a lot of this yeah

1174

00:56:12,349 --> 00:56:11,040

where is the difference between NASA's

1175

00:56:16,670 --> 00:56:12,359

fantasies

1176

00:56:19,250 --> 00:56:16,680

and uh cgis that it creates all the time

1177

00:56:22,010 --> 00:56:19,260

see I don't trust NASA at all I've

1178

00:56:25,370 --> 00:56:22,020

learned not to trust it it lies all the

1179

00:56:27,230 --> 00:56:25,380

time I've learned not to trust CERN in

1180

00:56:29,690 --> 00:56:27,240

Switzerland we haven't talked about the

1181

00:56:31,790 --> 00:56:29,700

well that's a hard one accelerated yeah

1182

00:56:35,390 --> 00:56:31,800

that's a whole lot all of these things

1183

00:56:37,849 --> 00:56:35,400

these all very high tech I mean it is

1184

00:56:40,549 --> 00:56:37,859

incredible the sophistication and I can

1185

00:56:42,710 --> 00:56:40,559

understand why a lot of people who do

1186

00:56:44,390 --> 00:56:42,720

not have the patience to Wade through

1187

00:56:47,809 --> 00:56:44,400

all the detail in order to understand

1188

00:56:49,430 --> 00:56:47,819

all this Tech why they would say oh well

1189

00:56:50,690 --> 00:56:49,440

they must have made an agreement with

1190

00:56:54,349 --> 00:56:50,700

aliens

1191

00:56:56,589 --> 00:56:54,359

this must be off Planet uh technology

1192

00:57:00,049 --> 00:56:56,599

they could never figure this stuff out

1193

00:57:01,250 --> 00:57:00,059

unfortunately I have found that if I can

1194

00:57:03,370 --> 00:57:01,260

think it

1195

00:57:06,950 --> 00:57:03,380

I I can understand

1196

00:57:10,910 --> 00:57:06,960

they have created this technology

1197

00:57:12,829 --> 00:57:10,920

and it is fully operational and they are

1198

00:57:15,290 --> 00:57:12,839

improving it all the time it's not a

1199

00:57:18,829 --> 00:57:15,300

done deal this is a constant Improvement

1200

00:57:20,690 --> 00:57:18,839

thing but meanwhile here we are

1201
00:57:23,329 --> 00:57:20,700
we're breathing this stuff we're

1202
00:57:27,950 --> 00:57:23,339
breathing these Nanobots we're breathing

1203
00:57:30,530 --> 00:57:27,960
the chemicals that are laid uh and and

1204
00:57:31,609 --> 00:57:30,540
our health has never been as bad as it

1205
00:57:35,690 --> 00:57:31,619
is now

1206
00:57:37,250 --> 00:57:35,700
uh in in America certainly and uh I mean

1207
00:57:40,250 --> 00:57:37,260
I hear from people all over the world

1208
00:57:44,690 --> 00:57:40,260
because of these books and um you know

1209
00:57:46,609 --> 00:57:44,700
all of us are being kimmed amazingly and

1210
00:57:48,530 --> 00:57:46,619
you ask why they would do it I've

1211
00:57:50,450 --> 00:57:48,540
already said power I've already told you

1212
00:57:54,650 --> 00:57:50,460
about kardashev Here's the final thing

1213
00:57:57,770 --> 00:57:54,660

they want a trans human race

1214

00:58:02,390 --> 00:57:57,780

they do not want a nature-based race

1215

00:58:07,309 --> 00:58:02,400

anymore that's old school they want a

1216

00:58:10,849 --> 00:58:07,319

cyborg race that human Sapien 2.0 and we

1217

00:58:12,770 --> 00:58:10,859

see like 2.0 exactly I have a background

1218

00:58:15,710 --> 00:58:12,780

in computer science Miss Freeland and

1219

00:58:17,930 --> 00:58:15,720

I'm very concerned about two yeah yeah

1220

00:58:21,109 --> 00:58:17,940

I'm very concerned with artificial

1221

00:58:23,750 --> 00:58:21,119

intelligence and with transhumanism yes

1222

00:58:26,870 --> 00:58:23,760

because there's all kinds of uh

1223

00:58:29,750 --> 00:58:26,880

implications to this like for example if

1224

00:58:32,630 --> 00:58:29,760

if humans were to merge with AI then

1225

00:58:35,569 --> 00:58:32,640

there would be soon there would be two

1226
00:58:38,569 --> 00:58:35,579
races of people the unaugmented and the

1227
00:58:41,510 --> 00:58:38,579
augmented and certainly the augmented

1228
00:58:44,930 --> 00:58:41,520
would have power and control over the

1229
00:58:46,970 --> 00:58:44,940
unaugmented and it may become this gets

1230
00:58:49,430 --> 00:58:46,980
into so much philosophy and strangeness

1231
00:58:51,770 --> 00:58:49,440
like it's going to be rich people the

1232
00:58:56,510 --> 00:58:51,780
powerful rich and Elite that have first

1233
00:58:58,370 --> 00:58:56,520
access to this this merging of AI with

1234
00:59:00,710 --> 00:58:58,380
with the human brain and then they're

1235
00:59:03,170 --> 00:59:00,720
going to become essentially superhuman

1236
00:59:06,230 --> 00:59:03,180
and people think that that's out there

1237
00:59:08,329 --> 00:59:06,240
but it's it's it may come we see the

1238
00:59:10,490 --> 00:59:08,339

beginning it's already happening you

1239

00:59:12,530 --> 00:59:10,500

know it's already happening don't you

1240

00:59:13,970 --> 00:59:12,540

it's already I know that I know that

1241

00:59:15,950 --> 00:59:13,980

that people are laying the groundwork

1242

00:59:18,410 --> 00:59:15,960

for it for sure with things like Nora

1243

00:59:20,510 --> 00:59:18,420

link or other digital interfaces well it

1244

00:59:22,609 --> 00:59:20,520

would be the brain yeah the term I would

1245

00:59:25,309 --> 00:59:22,619

put out would be BCI the brain computer

1246

00:59:27,890 --> 00:59:25,319

interface the brain computer interface

1247

00:59:30,890 --> 00:59:27,900

is happening through the nanotech we

1248

00:59:33,289 --> 00:59:30,900

have breathed in now just digest that

1249

00:59:35,870 --> 00:59:33,299

for a moment we have breathed in

1250

00:59:37,390 --> 00:59:35,880

trillions and trillions and trillions of

1251
00:59:39,250 --> 00:59:37,400
Nano sensors

1252
00:59:42,950 --> 00:59:39,260
Nanobots

1253
00:59:45,109 --> 00:59:42,960
nanotechnology nanoparticles it's all in

1254
00:59:48,010 --> 00:59:45,119
here does it all go out through the

1255
00:59:51,470 --> 00:59:48,020
urine and feces and sweat no it does not

1256
00:59:54,770 --> 00:59:51,480
it actually resides in the body and

1257
00:59:56,890 --> 00:59:54,780
awaits its master's voice and I use that

1258
01:00:01,849 --> 00:59:56,900
term very much

1259
01:00:04,010 --> 01:00:01,859
consciously to show that uh it is a

1260
01:00:07,010 --> 01:00:04,020
transceiver system

1261
01:00:09,710 --> 01:00:07,020
and it's already they've got miniature

1262
01:00:13,730 --> 01:00:09,720
little little tiny tiny tiny it's so

1263
01:00:17,150 --> 01:00:13,740

hard to imagine tiny tiny computers in

1264

01:00:20,089 --> 01:00:17,160

these Nanobots and they are transceivers

1265

01:00:23,390 --> 01:00:20,099

they transmit and they receive and so

1266

01:00:24,829 --> 01:00:23,400

they're in our bodies and all they don't

1267

01:00:26,510 --> 01:00:24,839

think that people are breathing these

1268

01:00:27,910 --> 01:00:26,520

things in or eating them right now

1269

01:00:30,910 --> 01:00:27,920

absolutely

1270

01:00:33,950 --> 01:00:30,920

proof or evidence of that yes

1271

01:00:36,289 --> 01:00:33,960

what do you think Morgellons is what do

1272

01:00:39,530 --> 01:00:36,299

you think it is oh that's not a

1273

01:00:42,589 --> 01:00:39,540

mysterious disease was the beginning of

1274

01:00:45,829 --> 01:00:42,599

it all and Clifford carnicum was the

1275

01:00:49,309 --> 01:00:45,839

first scientist to thoroughly study

1276

01:00:51,289 --> 01:00:49,319

Morgellons and that's that Morgellons is

1277

01:00:54,170 --> 01:00:51,299

just the first and I could I could make

1278

01:00:55,930 --> 01:00:54,180

a thread from back in the 90s with

1279

01:01:00,230 --> 01:00:55,940

Morgellons

1280

01:01:01,609 --> 01:01:00,240

all the way to certain inoculations and

1281

01:01:05,210 --> 01:01:01,619

what is being found in certain

1282

01:01:09,349 --> 01:01:05,220

inoculations going on this very day this

1283

01:01:11,750 --> 01:01:09,359

is all the same thing we are involved in

1284

01:01:14,589 --> 01:01:11,760

brain computer interface we are

1285

01:01:19,370 --> 01:01:14,599

utilizing organic and inorganic matter

1286

01:01:23,150 --> 01:01:19,380

to create these apis so that we will

1287

01:01:24,950 --> 01:01:23,160

have a cyborg race and you're right the

1288

01:01:28,069 --> 01:01:24,960

way I picture it is the way you picture

1289

01:01:29,750 --> 01:01:28,079

it not so much the augmented because I

1290

01:01:32,569 --> 01:01:29,760

think there's yes there will be the

1291

01:01:35,270 --> 01:01:32,579

augmented Rich of course but there will

1292

01:01:38,870 --> 01:01:35,280

be a massive slave class

1293

01:01:42,410 --> 01:01:38,880

uh and those will be the ones that are

1294

01:01:45,829 --> 01:01:42,420

going side by side that transhuman race

1295

01:01:49,309 --> 01:01:45,839

that now their genetics are altered now

1296

01:01:51,650 --> 01:01:49,319

they are uh plugged in to the space

1297

01:01:53,270 --> 01:01:51,660

fence which I haven't talked about yet I

1298

01:01:56,089 --> 01:01:53,280

don't know yeah did you know Miss

1299

01:01:57,770 --> 01:01:56,099

Freeland when somebody somebody messaged

1300

01:02:00,049 --> 01:01:57,780

me and say I can't believe you're gonna

1301

01:02:03,170 --> 01:02:00,059

have the space fence lady on tonight

1302

01:02:05,150 --> 01:02:03,180

that's awesome so I I haven't heard of

1303

01:02:08,690 --> 01:02:05,160

this uh do you mean like prison planet

1304

01:02:10,609 --> 01:02:08,700

Earth what kind of theory well yeah you

1305

01:02:12,950 --> 01:02:10,619

get into the space fence I want to hear

1306

01:02:15,049 --> 01:02:12,960

about this all right okay so let me

1307

01:02:18,470 --> 01:02:15,059

finish this thought oh sure sorry we're

1308

01:02:21,950 --> 01:02:18,480

having this nanotech thing and it is the

1309

01:02:24,549 --> 01:02:21,960

BCI connector it's not a matter of

1310

01:02:26,870 --> 01:02:24,559

necessarily turning people into robots

1311

01:02:29,930 --> 01:02:26,880

it's a matter of having the little

1312

01:02:32,930 --> 01:02:29,940

robotics on a nano scale one billionth

1313

01:02:36,530 --> 01:02:32,940

of a meter inside us already in

1314

01:02:39,049 --> 01:02:36,540

transceiver connection with May Central

1315

01:02:41,990 --> 01:02:39,059

wherever base Central happens to be a

1316

01:02:45,770 --> 01:02:42,000

guy sitting on a laptop in Colorado

1317

01:02:49,549 --> 01:02:45,780

Springs Colorado uh you know sipping a

1318

01:02:52,730 --> 01:02:49,559

an organic orange juice and uh giving us

1319

01:02:55,789 --> 01:02:52,740

the latest uh directions of where that

1320

01:02:58,569 --> 01:02:55,799

nanobot should go next inside our bodies

1321

01:03:01,910 --> 01:02:58,579

and connecting it with the computer

1322

01:03:04,670 --> 01:03:01,920

processor that's nearby I mean you know

1323

01:03:06,829 --> 01:03:04,680

yes I'm using my imagination but I'm not

1324

01:03:10,309 --> 01:03:06,839

using my imagination so for some

1325

01:03:12,710 --> 01:03:10,319

futuristic crazy Theory I'm talking

1326

01:03:16,010 --> 01:03:12,720

about what you can read papers and

1327

01:03:18,950 --> 01:03:16,020

patents on right now and it's all

1328

01:03:20,930 --> 01:03:18,960

happening right now but isn't it is it

1329

01:03:24,710 --> 01:03:20,940

in fairness isn't isn't it a big jump

1330

01:03:27,349 --> 01:03:24,720

from patent to this worldwide conspiracy

1331

01:03:29,450 --> 01:03:27,359

where they're yes there's a patent

1332

01:03:32,809 --> 01:03:29,460

doesn't mean it exists you're absolutely

1333

01:03:34,730 --> 01:03:32,819

right but unfortunately just as we've

1334

01:03:36,289 --> 01:03:34,740

found regarding what has happened the

1335

01:03:39,170 --> 01:03:36,299

last three years years and looking at

1336

01:03:42,950 --> 01:03:39,180

the patents of a certain gentleman who

1337

01:03:46,609 --> 01:03:42,960

had to do with Wuhan you can find those

1338

01:03:50,270 --> 01:03:46,619

patents and all the operant it's already

1339

01:03:53,510 --> 01:03:50,280

operant so uh it's all coming online

1340

01:03:56,809 --> 01:03:53,520

right now we need to stop using the

1341

01:03:59,329 --> 01:03:56,819

future tense and start looking at what's

1342

01:04:01,670 --> 01:03:59,339

in front of us and studying the details

1343

01:04:04,490 --> 01:04:01,680

so now let me talk about the space fence

1344

01:04:07,190 --> 01:04:04,500

okay sure yeah all right that's the

1345

01:04:09,410 --> 01:04:07,200

second book uh at the end of the first

1346

01:04:11,230 --> 01:04:09,420

book I was on Coast to Coast they always

1347

01:04:15,289 --> 01:04:11,240

invite me whenever I write a new book

1348

01:04:17,990 --> 01:04:15,299

and uh and after I got off the show I

1349

01:04:22,010 --> 01:04:18,000

had hundreds of emails and one of them

1350

01:04:23,809 --> 01:04:22,020

was from a very important guy who hardly

1351
01:04:26,690 --> 01:04:23,819
anyone has heard of called Billy Hayes

1352
01:04:29,510 --> 01:04:26,700
and Billy Hayes is known as the harp man

1353
01:04:32,809 --> 01:04:29,520
because he was the team leader that

1354
01:04:34,849 --> 01:04:32,819
built the entire harp construct of

1355
01:04:35,650 --> 01:04:34,859
phased array antennas up in gikona

1356
01:04:39,710 --> 01:04:35,660
Alaska

1357
01:04:42,770 --> 01:04:39,720
so Billy had worked he worked on 240

1358
01:04:43,870 --> 01:04:42,780
installations of the U.S military around

1359
01:04:48,470 --> 01:04:43,880
the earth

1360
01:04:51,950 --> 01:04:48,480
building all these antennas for the

1361
01:04:57,230 --> 01:04:55,250
Billy said to me when we finally got in

1362
01:04:59,510 --> 01:04:57,240
phone contact he said

1363
01:05:01,730 --> 01:04:59,520

you're going to need me because you need

1364

01:05:03,770 --> 01:05:01,740

to write another book I'm going to tell

1365

01:05:07,910 --> 01:05:03,780

you where this is all going

1366

01:05:10,789 --> 01:05:07,920

and because he had worked on over 240

1367

01:05:13,549 --> 01:05:10,799

installations I knew he was speaking the

1368

01:05:16,670 --> 01:05:13,559

truth what I didn't know yet was that he

1369

01:05:18,789 --> 01:05:16,680

was an MK Ultra Survivor since he was

1370

01:05:22,150 --> 01:05:18,799

eight years old he had been programmed

1371

01:05:25,430 --> 01:05:22,160

for these electromagnetics by the CIA

1372

01:05:28,670 --> 01:05:25,440

and that the CIA actually owned the

1373

01:05:29,650 --> 01:05:28,680

original patents actually ran the

1374

01:05:34,309 --> 01:05:29,660

original

1375

01:05:37,370 --> 01:05:34,319

operation of harp because this is such a

1376

01:05:40,069 --> 01:05:37,380

huge intelligence coup to have an

1377

01:05:42,770 --> 01:05:40,079

instrument like what is up there so

1378

01:05:46,609 --> 01:05:42,780

Billy was my sidekick for two years

1379

01:05:48,950 --> 01:05:46,619

while I wrote Under an ionized Sky uh

1380

01:05:52,670 --> 01:05:48,960

and and Billy was invaluable to me

1381

01:05:54,770 --> 01:05:52,680

because as an MK Ultra Survivor he had

1382

01:05:57,230 --> 01:05:54,780

memorized he was he was like having a

1383

01:05:59,410 --> 01:05:57,240

dictionary or like an encyclopedia right

1384

01:06:01,849 --> 01:05:59,420

at your hand of everything

1385

01:06:04,130 --> 01:06:01,859

electromagnetic and he knew a lot about

1386

01:06:06,650 --> 01:06:04,140

the military because he had worked for

1387

01:06:09,349 --> 01:06:06,660

the military for all those years so with

1388

01:06:14,510 --> 01:06:09,359

Billy's help I was able to detail

1389

01:06:17,990 --> 01:06:14,520

exactly how the planet has been uh full

1390

01:06:21,710 --> 01:06:18,000

spectrum dominance dominated and that is

1391

01:06:24,230 --> 01:06:21,720

through this what we generally call the

1392

01:06:27,589 --> 01:06:24,240

smart grid I think it would be a good

1393

01:06:30,829 --> 01:06:27,599

term it's a little bit too little but

1394

01:06:33,589 --> 01:06:30,839

the smart grid means that above the

1395

01:06:36,470 --> 01:06:33,599

planet if you just think for a moment

1396

01:06:38,630 --> 01:06:36,480

and go way up into the stratosphere

1397

01:06:42,049 --> 01:06:38,640

and think about

1398

01:06:43,990 --> 01:06:42,059

looking down at the planet and then here

1399

01:06:46,490 --> 01:06:44,000

on the earth there are all sorts of

1400

01:06:49,370 --> 01:06:46,500

infrastructure instruments

1401

01:06:52,549 --> 01:06:49,380

well up here it at the top where the

1402

01:06:55,549 --> 01:06:52,559

jets fly and dump their uh their

1403

01:07:02,450 --> 01:06:55,559

chemicals and metals and everything

1404

01:07:04,789 --> 01:07:02,460

we have uh a metal ring forming around

1405

01:07:07,250 --> 01:07:04,799

the equator of the Earth

1406

01:07:11,029 --> 01:07:07,260

and you can actually see a video or two

1407

01:07:13,309 --> 01:07:11,039

on this of uh it's graphic it's not from

1408

01:07:15,710 --> 01:07:13,319

up there but it you can see the patent

1409

01:07:18,950 --> 01:07:15,720

as well I usually show it in my

1410

01:07:21,829 --> 01:07:18,960

PowerPoint slideshow so so you've got

1411

01:07:25,970 --> 01:07:21,839

that it's magnetic

1412

01:07:28,849 --> 01:07:25,980

and we're kind of caught between that

1413

01:07:31,730 --> 01:07:28,859

because we have the same elements in US

1414

01:07:34,730 --> 01:07:31,740

those are all from the Chemtrails those

1415

01:07:37,490 --> 01:07:34,740

are the ones that ended up in uh in

1416

01:07:40,490 --> 01:07:37,500

centrifugal forests while the others

1417

01:07:43,069 --> 01:07:40,500

fell down here onto the Earth for us to

1418

01:07:44,510 --> 01:07:43,079

breathe and go into the soil where we

1419

01:07:46,789 --> 01:07:44,520

grow our food

1420

01:07:51,470 --> 01:07:46,799

uh and down here

1421

01:07:53,569 --> 01:07:51,480

we also have the radar installations uh

1422

01:07:58,430 --> 01:07:53,579

wind farms

1423

01:08:03,410 --> 01:07:58,440

um uh we have the uh the wells the the

1424

01:08:07,010 --> 01:08:03,420

oil wells we have uh nexrads those big

1425

01:08:09,770 --> 01:08:07,020

golf ball things we have uh uh fiber

1426

01:08:12,950 --> 01:08:09,780

optics laid in the earth I mean on and

1427

01:08:14,870 --> 01:08:12,960

on all of these electromagnetic

1428

01:08:17,689 --> 01:08:14,880

instruments on the Earth

1429

01:08:20,870 --> 01:08:17,699

uh including the power lines and so

1430

01:08:23,990 --> 01:08:20,880

we're kind of Trapped between these two

1431

01:08:26,510 --> 01:08:24,000

because right now through the doping of

1432

01:08:30,349 --> 01:08:26,520

the atmosphere through instruments like

1433

01:08:32,990 --> 01:08:30,359

harp uh through uh all this radar that's

1434

01:08:35,689 --> 01:08:33,000

going through us all the time uh and the

1435

01:08:38,450 --> 01:08:35,699

gamma ray the gamma ray uh readings

1436

01:08:42,169 --> 01:08:38,460

recently have been just unbelievable on

1437

01:08:45,769 --> 01:08:42,179

the earth so we're we're kind of in this

1438

01:08:48,289 --> 01:08:45,779

smart grid that's overwhelming because

1439

01:08:50,870 --> 01:08:48,299

we're surrounded by this technology that

1440

01:08:52,849 --> 01:08:50,880

has completely taken over full spectrum

1441

01:08:56,090 --> 01:08:52,859

dominance planet Earth and we don't even

1442

01:08:58,789 --> 01:08:56,100

know about it and that's the space fence

1443

01:09:01,430 --> 01:08:58,799

and the space fence is a term from

1444

01:09:04,789 --> 01:09:01,440

Lockheed Martin because Lockheed Martin

1445

01:09:07,849 --> 01:09:04,799

owns all the patents for the space fence

1446

01:09:10,490 --> 01:09:07,859

and of course they insist that the uh

1447

01:09:12,410 --> 01:09:10,500

space fancy is only about this one

1448

01:09:16,729 --> 01:09:12,420

installation in the Marshall Islands

1449

01:09:19,970 --> 01:09:16,739

called the kwajalein at atoll no no it's

1450

01:09:23,890 --> 01:09:19,980

not that it's about all of this stuff

1451

01:09:27,169 --> 01:09:23,900

this is all space fence and Meanwhile

1452

01:09:30,229 --> 01:09:27,179

we're kind of being plugged in now

1453

01:09:33,650 --> 01:09:30,239

through the BCI the nanotech inside of

1454

01:09:36,650 --> 01:09:33,660

us the Nanobots inside of us we are

1455

01:09:38,749 --> 01:09:36,660

being plugged into this space fence for

1456

01:09:40,550 --> 01:09:38,759

absolute uh full spectrum dominance

1457

01:09:44,749 --> 01:09:40,560

control

1458

01:09:47,329 --> 01:09:44,759

but so but I don't understand so what to

1459

01:09:50,630 --> 01:09:47,339

keep us on Earth or just as a control

1460

01:09:52,490 --> 01:09:50,640

grid somehow well I think we're becoming

1461

01:09:55,250 --> 01:09:52,500

your your theory is that we're becoming

1462

01:09:58,430 --> 01:09:55,260

receivers of some sort well but no we're

1463

01:10:02,630 --> 01:09:58,440

not just receivers we're we're becoming

1464

01:10:04,430 --> 01:10:02,640

uh part of the Machining the machinizing

1465

01:10:07,729 --> 01:10:04,440

of the world

1466

01:10:11,030 --> 01:10:07,739

uh this planet is being turned into a

1467

01:10:13,430 --> 01:10:11,040

machine nature is being killed as you

1468

01:10:16,490 --> 01:10:13,440

were talking off camera about your

1469

01:10:18,050 --> 01:10:16,500

friend living yeah I mentioned that I I

1470

01:10:20,870 --> 01:10:18,060

have a friend that's been in the forest

1471

01:10:22,729 --> 01:10:20,880

his whole life and he's convinced that

1472

01:10:24,729 --> 01:10:22,739

there's they are spraying something in

1473

01:10:27,110 --> 01:10:24,739

the atmosphere or doing something

1474

01:10:29,810 --> 01:10:27,120

geoengineering wise that's killing the

1475

01:10:31,610 --> 01:10:29,820

trees because he is seeing an alarming

1476

01:10:32,990 --> 01:10:31,620

number of trees in the forest just

1477

01:10:35,570 --> 01:10:33,000

standing dead

1478

01:10:39,050 --> 01:10:35,580

and he's seeing things like foam in all

1479

01:10:41,810 --> 01:10:39,060

of the creeks and streams and and you

1480

01:10:44,209 --> 01:10:41,820

know ponds and lakes around him that he

1481

01:10:45,649 --> 01:10:44,219

never saw before that he thinks is some

1482

01:10:48,890 --> 01:10:45,659

sort of chemical

1483

01:10:51,350 --> 01:10:48,900

and uh it's kind of sad for him because

1484

01:10:53,990 --> 01:10:51,360

he he feels like he's lived there his

1485

01:10:57,050 --> 01:10:54,000

whole life and the force is slowly dying

1486

01:10:59,570 --> 01:10:57,060

and he believes at least that he's seen

1487

01:11:02,390 --> 01:10:59,580

some of these planes spraying things

1488

01:11:05,450 --> 01:11:02,400

over the actual Forest he's in

1489

01:11:07,250 --> 01:11:05,460

absolutely and I do I have some other

1490

01:11:09,290 --> 01:11:07,260

outdoor friends that are saying things

1491

01:11:11,870 --> 01:11:09,300

like there's so many standing dead trees

1492

01:11:14,990 --> 01:11:11,880

and the forest where my cabin is I've

1493

01:11:18,290 --> 01:11:15,000

been there only a few years

1494

01:11:20,990 --> 01:11:18,300

but I see more than I remember would be

1495

01:11:23,570 --> 01:11:21,000

in a typical Forest standing dead trees

1496

01:11:25,310 --> 01:11:23,580

than when I was a kid you know playing

1497

01:11:27,470 --> 01:11:25,320

in the woods you would see a standing

1498

01:11:30,470 --> 01:11:27,480

dead tree occasionally but there's a lot

1499

01:11:34,250 --> 01:11:30,480

more of them and uh there's a lot of

1500

01:11:37,250 --> 01:11:34,260

dying trees which is weird you know yeah

1501
01:11:40,370 --> 01:11:37,260
and uh if you if you do ask a naturalist

1502
01:11:41,990 --> 01:11:40,380
or an Arbiter in the area they say well

1503
01:11:44,450 --> 01:11:42,000
you know there's natural cycles to

1504
01:11:47,510 --> 01:11:44,460
everything and maybe there's just a high

1505
01:11:49,610 --> 01:11:47,520
number right now and you know this the

1506
01:11:51,709 --> 01:11:49,620
seedlings the new seedlings come up and

1507
01:11:54,410 --> 01:11:51,719
in 10 years you won't see that or 20

1508
01:11:56,810 --> 01:11:54,420
years you won't see as many but I I

1509
01:11:59,810 --> 01:11:56,820
don't know it makes me worry you know

1510
01:12:01,430 --> 01:11:59,820
yeah and rightfully so I would be

1511
01:12:04,310 --> 01:12:01,440
worried because

1512
01:12:08,709 --> 01:12:04,320
um I would say that most of that is from

1513
01:12:13,490 --> 01:12:08,719

the aluminum oxide that is the primary

1514

01:12:16,250 --> 01:12:13,500

uh perpetrator that is dumped liberally

1515

01:12:20,090 --> 01:12:16,260

in the stratosphere and then comes down

1516

01:12:23,149 --> 01:12:20,100

to the Earth we know about the uh the

1517

01:12:26,390 --> 01:12:23,159

detrimental effects of aluminum as a as

1518

01:12:29,390 --> 01:12:26,400

an adjuvant in vaccines we know that but

1519

01:12:32,750 --> 01:12:29,400

what people don't know is that we are we

1520

01:12:35,450 --> 01:12:32,760

are breathing and it's going into our

1521

01:12:38,450 --> 01:12:35,460

soil actually if you examine the first

1522

01:12:41,390 --> 01:12:38,460

six inches of soil if there's any soil

1523

01:12:42,890 --> 01:12:41,400

uh people out there to really examine

1524

01:12:46,550 --> 01:12:42,900

that you're going to find that the

1525

01:12:49,910 --> 01:12:46,560

aluminum content is off the charts and

1526

01:12:52,790 --> 01:12:49,920

aluminum will kill organic matter in

1527

01:12:54,950 --> 01:12:52,800

quantity so uh so we're in a real

1528

01:12:57,950 --> 01:12:54,960

especially if you're planning your your

1529

01:13:00,649 --> 01:12:57,960

garden in the aluminum

1530

01:13:04,070 --> 01:13:00,659

High soil right because it'll reach into

1531

01:13:05,570 --> 01:13:04,080

the tomatoes or Peppers or green beans

1532

01:13:08,810 --> 01:13:05,580

whatever you're growing and then you're

1533

01:13:11,930 --> 01:13:08,820

eating the food yeah yeah you see you

1534

01:13:14,390 --> 01:13:11,940

see the quandary here is that I'd like

1535

01:13:16,729 --> 01:13:14,400

to say that all of this has gotten out

1536

01:13:19,010 --> 01:13:16,739

of control of the military industrial

1537

01:13:22,130 --> 01:13:19,020

intelligence complex but I actually

1538

01:13:24,830 --> 01:13:22,140

think uh a real radical thought I have

1539

01:13:27,169 --> 01:13:24,840

uh and I don't I don't think another one

1540

01:13:32,930 --> 01:13:27,179

radical thoughts this this thought is

1541

01:13:34,990 --> 01:13:32,940

radical but I think they have purposely

1542

01:13:38,149 --> 01:13:35,000

um Turned the Earth

1543

01:13:42,530 --> 01:13:38,159

weaponized the Earth and and thus turned

1544

01:13:45,050 --> 01:13:42,540

it into something absolutely inimical to

1545

01:13:48,649 --> 01:13:45,060

a natural human being and a natural

1546

01:13:52,750 --> 01:13:48,659

animal and a natural tree and Forest in

1547

01:13:57,290 --> 01:13:52,760

other words nature is being uh

1548

01:13:59,689 --> 01:13:57,300

erased and what they want is a

1549

01:14:01,729 --> 01:13:59,699

completely virtual world and we we hear

1550

01:14:04,910 --> 01:14:01,739

that from the transhumanist we hear it

1551
01:14:06,830 --> 01:14:04,920
from The Singularity Believers uh that

1552
01:14:11,209 --> 01:14:06,840
you know there's going to be the time

1553
01:14:13,790 --> 01:14:11,219
when we all uh already through the SWS

1554
01:14:17,209 --> 01:14:13,800
program these uh I always forget

1555
01:14:20,870 --> 01:14:17,219
simulated or something World simulation

1556
01:14:24,709 --> 01:14:20,880
where they are making a virtual replica

1557
01:14:27,110 --> 01:14:24,719
of Ilana uh and uh and putting it over

1558
01:14:29,209 --> 01:14:27,120
here and then there's the natural Elon

1559
01:14:33,649 --> 01:14:29,219
and what they want is for the virtual

1560
01:14:35,870 --> 01:14:33,659
imana to tell the natural Ilana what to

1561
01:14:39,910 --> 01:14:35,880
do and what to think and what to feel

1562
01:14:43,430 --> 01:14:39,920
and how to behave uh and and this whole

1563
01:14:45,830 --> 01:14:43,440

brain computer interface through all

1564

01:14:48,310 --> 01:14:45,840

these chemicals I mean the whole thing

1565

01:14:52,610 --> 01:14:48,320

is like one hugely

1566

01:14:54,729 --> 01:14:52,620

cacophony Symphony going on of

1567

01:14:56,470 --> 01:14:54,739

anti-nature

1568

01:15:01,070 --> 01:14:56,480

anti-human

1569

01:15:03,470 --> 01:15:01,080

anti-life and uh and and I believe that

1570

01:15:07,850 --> 01:15:03,480

in this third book I have been able to

1571

01:15:10,750 --> 01:15:07,860

prove this in a six ways to Sunday that

1572

01:15:14,630 --> 01:15:10,760

um through these elements of chemicals

1573

01:15:18,169 --> 01:15:14,640

electromagnetics and nanotechnology and

1574

01:15:20,870 --> 01:15:18,179

now synthetic biology which is the final

1575

01:15:23,870 --> 01:15:20,880

coup de gras they have been able to turn

1576

01:15:25,910 --> 01:15:23,880

the planet into a place that uh we hate

1577

01:15:29,390 --> 01:15:25,920

natural human beings will just always be

1578

01:15:32,810 --> 01:15:29,400

sick and be be basically feeding profits

1579

01:15:36,050 --> 01:15:32,820

to the medical industry and the big

1580

01:15:38,870 --> 01:15:36,060

Pharma industry and remember big Pharma

1581

01:15:40,669 --> 01:15:38,880

hey you want to know who provides all

1582

01:15:43,870 --> 01:15:40,679

these chemicals that are being dumped on

1583

01:15:46,310 --> 01:15:43,880

us huh it's big Pharma

1584

01:15:49,130 --> 01:15:46,320

poisoning themselves in their own future

1585

01:15:51,169 --> 01:15:49,140

they must have antidotes for their own

1586

01:15:54,290 --> 01:15:51,179

loved ones they must have the antidotes

1587

01:15:56,630 --> 01:15:54,300

and the best filters ever and the best

1588

01:15:58,430 --> 01:15:56,640

water filters and the best underground

1589

01:16:00,169 --> 01:15:58,440

homes and whatever

1590

01:16:03,169 --> 01:16:00,179

yeah

1591

01:16:04,669 --> 01:16:03,179

so they'll be immune from these sort of

1592

01:16:07,790 --> 01:16:04,679

strange effects you know I've always

1593

01:16:09,530 --> 01:16:07,800

thought it was funny like glyphosate you

1594

01:16:11,510 --> 01:16:09,540

know because some of this stuff is

1595

01:16:14,030 --> 01:16:11,520

really out there but glyphosate is is

1596

01:16:16,669 --> 01:16:14,040

one issue that

1597

01:16:19,189 --> 01:16:16,679

I I just don't understand them spraying

1598

01:16:21,050 --> 01:16:19,199

that on all of our food and then you

1599

01:16:22,790 --> 01:16:21,060

know if you really dig into that you

1600

01:16:23,750 --> 01:16:22,800

learn that they not only spray it on the

1601

01:16:26,149 --> 01:16:23,760

food

1602

01:16:28,550 --> 01:16:26,159

as they're growing it but right before

1603

01:16:31,729 --> 01:16:28,560

Harvest or after harvest they spray it

1604

01:16:33,410 --> 01:16:31,739

on it again and and uh I always thought

1605

01:16:36,410 --> 01:16:33,420

it's kind of crazy that we have to pay

1606

01:16:39,050 --> 01:16:36,420

extra to have food without chemicals in

1607

01:16:40,729 --> 01:16:39,060

it to buy organic you know people say oh

1608

01:16:42,590 --> 01:16:40,739

you should eat organic but it's twice

1609

01:16:45,350 --> 01:16:42,600

the cost you know I have two children

1610

01:16:47,810 --> 01:16:45,360

and it's expensive to buy organic

1611

01:16:50,689 --> 01:16:47,820

anything but it's like you're paying a

1612

01:16:52,669 --> 01:16:50,699

tax on getting food without chemicals in

1613

01:16:54,470 --> 01:16:52,679

it well it's it's very similar to the

1614

01:16:56,510 --> 01:16:54,480

smart meter right you don't want a smart

1615

01:16:59,229 --> 01:16:56,520

meter you want to opt out and now you're

1616

01:17:02,270 --> 01:16:59,239

going to have to pay extra to opto so

1617

01:17:05,410 --> 01:17:02,280

everything's sort of inverted now you

1618

01:17:08,630 --> 01:17:05,420

you won't have this so you'll pay extra

1619

01:17:11,270 --> 01:17:08,640

and that's that's the way of the game

1620

01:17:13,370 --> 01:17:11,280

that's how it's all being laid out

1621

01:17:15,530 --> 01:17:13,380

here's a great question gorilla gamer

1622

01:17:17,450 --> 01:17:15,540

asks what about the pilots do they know

1623

01:17:18,649 --> 01:17:17,460

that they're spraying poison on their

1624

01:17:22,970 --> 01:17:18,659

own country

1625

01:17:24,950 --> 01:17:22,980

yeah they do they do but but to make us

1626

01:17:26,510 --> 01:17:24,960

feel better about the pilots it isn't

1627

01:17:28,669 --> 01:17:26,520

necessarily I mean a lot of them

1628

01:17:30,770 --> 01:17:28,679

remember these jets are not just

1629

01:17:33,410 --> 01:17:30,780

military jets these are commercial Jets

1630

01:17:36,649 --> 01:17:33,420

laying this too under project Cloverleaf

1631

01:17:40,790 --> 01:17:36,659

they sign ndas so that they don't talk

1632

01:17:44,750 --> 01:17:40,800

or they're fired or maybe worse but they

1633

01:17:47,209 --> 01:17:44,760

most of the chemicals appear to be

1634

01:17:50,030 --> 01:17:47,219

um being run from the ground

1635

01:17:53,030 --> 01:17:50,040

so the distribution is not just coming

1636

01:17:56,630 --> 01:17:53,040

out of the engine combustion chamber

1637

01:17:58,669 --> 01:17:56,640

let's forget that yeah that's jp8 fuel

1638

01:18:00,950 --> 01:17:58,679

there's a lot of terrible stuff in there

1639

01:18:04,209 --> 01:18:00,960

that we shouldn't be breathing to but

1640

01:18:06,830 --> 01:18:04,219

I'm talking about a supplementary system

1641

01:18:09,590 --> 01:18:06,840

looking like it's coming out of the

1642

01:18:13,130 --> 01:18:09,600

Wings if you really examine some of the

1643

01:18:17,209 --> 01:18:13,140

chemical trail photos of jets you'll see

1644

01:18:21,950 --> 01:18:17,219

that sometimes there are just about

1645

01:18:25,370 --> 01:18:21,960

about six streams coming out uh uh to

1646

01:18:29,149 --> 01:18:25,380

each wing and then two in the uh off the

1647

01:18:31,490 --> 01:18:29,159

combustion chamber so uh it's run by

1648

01:18:33,470 --> 01:18:31,500

from the ground so the pilot does not

1649

01:18:35,030 --> 01:18:33,480

have to make a decision about that does

1650

01:18:37,250 --> 01:18:35,040

not have to press a button or anything

1651

01:18:40,310 --> 01:18:37,260

they turn it on and they turn it off

1652

01:18:43,430 --> 01:18:40,320

from the ground uh are the pilots aware

1653

01:18:45,470 --> 01:18:43,440

yes they are I think originally they

1654

01:18:48,709 --> 01:18:45,480

didn't want to be

1655

01:18:51,169 --> 01:18:48,719

because it's uh well it's kind of a mess

1656

01:18:54,350 --> 01:18:51,179

isn't it and you have to sign an NDA but

1657

01:18:56,030 --> 01:18:54,360

uh but now I would say that uh I would I

1658

01:18:57,709 --> 01:18:56,040

would be surprised to meet a pilot who

1659

01:19:00,290 --> 01:18:57,719

doesn't know who's running a commercial

1660

01:19:02,750 --> 01:19:00,300

who's a commercial pilot maybe military

1661

01:19:06,830 --> 01:19:02,760

I don't know I don't know how that works

1662

01:19:13,030 --> 01:19:10,370

so I'm still a little unclear though so

1663

01:19:16,669 --> 01:19:13,040

the end game is to turn us all into

1664

01:19:19,669 --> 01:19:16,679

cyborg somehow and uh

1665

01:19:23,090 --> 01:19:19,679

control all of humanity and that would

1666

01:19:25,910 --> 01:19:23,100

be the elite ruling class and all these

1667

01:19:27,770 --> 01:19:25,920

strings all of the planet

1668

01:19:28,490 --> 01:19:27,780

um that's important

1669

01:19:31,910 --> 01:19:28,500

um

1670

01:19:33,470 --> 01:19:31,920

I would say that uh

1671

01:19:35,810 --> 01:19:33,480

all of this

1672

01:19:38,510 --> 01:19:35,820

part of this has to do with the fact

1673

01:19:40,550 --> 01:19:38,520

that it's very hard to get past the Van

1674

01:19:44,090 --> 01:19:40,560

Allen belts right they're radiated

1675

01:19:46,310 --> 01:19:44,100

they're very high radiation and a human

1676

01:19:49,310 --> 01:19:46,320

simply cannot endure that kind of

1677

01:19:51,709 --> 01:19:49,320

radiation that's why though many people

1678

01:19:54,229 --> 01:19:51,719

believe that we never really went to the

1679

01:19:55,310 --> 01:19:54,239

moon at least the way they said we went

1680

01:19:58,189 --> 01:19:55,320

to the Moon

1681

01:20:00,410 --> 01:19:58,199

uh because it's uh impossible unless you

1682

01:20:04,550 --> 01:20:00,420

have a lead-lined suit

1683

01:20:07,850 --> 01:20:04,560

to get through those Van Allen belts uh

1684

01:20:10,070 --> 01:20:07,860

uh so it's possible that part of I guess

1685

01:20:13,250 --> 01:20:10,080

proponents you know people on the other

1686

01:20:16,550 --> 01:20:13,260

side say no the you know we knew there

1687

01:20:19,970 --> 01:20:16,560

would be some radiation risk but the the

1688

01:20:21,470 --> 01:20:19,980

NASA and the astronauts evaluated the

1689

01:20:23,630 --> 01:20:21,480

risk of going through the belt and

1690

01:20:26,390 --> 01:20:23,640

decided it was an acceptable level of

1691

01:20:29,810 --> 01:20:26,400

risk and some of those astronauts did

1692

01:20:32,090 --> 01:20:29,820

suffer earlier forms of cancer than they

1693

01:20:33,770 --> 01:20:32,100

might have otherwise being through the

1694

01:20:35,510 --> 01:20:33,780

belts because they were exposed to that

1695

01:20:38,090 --> 01:20:35,520

radiation

1696

01:20:39,770 --> 01:20:38,100

right I mean

1697

01:20:43,010 --> 01:20:39,780

and they're going to be going back to

1698

01:20:45,350 --> 01:20:43,020

the moon so soon with this new Artemis

1699

01:20:47,270 --> 01:20:45,360

project so well and then you hear rumors

1700

01:20:50,570 --> 01:20:47,280

that there's been a way that they've

1701

01:20:52,970 --> 01:20:50,580

been able to make a Gateway through the

1702

01:20:55,010 --> 01:20:52,980

radiation belts and you know I mean you

1703

01:20:56,990 --> 01:20:55,020

hear a lot of things and I I really

1704

01:20:59,810 --> 01:20:57,000

don't know about those but I was just

1705

01:21:02,689 --> 01:20:59,820

bringing this up as a possibility as of

1706

01:21:05,209 --> 01:21:02,699

one possible reason that they want a

1707

01:21:08,570 --> 01:21:05,219

another model of a human being they want

1708

01:21:11,390 --> 01:21:08,580

a different model in order to do the

1709

01:21:15,110 --> 01:21:11,400

planetary traveling that they have in

1710

01:21:16,850 --> 01:21:15,120

mind uh coming up so it's it's just

1711

01:21:18,950 --> 01:21:16,860

another theory

1712

01:21:21,590 --> 01:21:18,960

I don't have any opinion on it really

1713

01:21:23,750 --> 01:21:21,600

you you do have some theories that I

1714

01:21:26,390 --> 01:21:23,760

thought were a little out there like uh

1715

01:21:28,550 --> 01:21:26,400

I saw a lecture that you gave and you

1716

01:21:29,870 --> 01:21:28,560

were talking about LED light bulbs

1717

01:21:33,290 --> 01:21:29,880

having

1718

01:21:35,649 --> 01:21:33,300

um oh you're bringing up LEDs now well I

1719

01:21:38,149 --> 01:21:35,659

I heard you talk about them and and

1720

01:21:40,130 --> 01:21:38,159

here's what one thing that you should

1721

01:21:43,910 --> 01:21:40,140

know about me is that I'm an Electronics

1722

01:21:46,310 --> 01:21:43,920

guy I have a bag of them right here

1723

01:21:48,530 --> 01:21:46,320

and so some some of the things that you

1724

01:21:51,169 --> 01:21:48,540

say about LEDs I just have to disagree

1725

01:21:53,810 --> 01:21:51,179

with because you know I've been using

1726

01:21:56,270 --> 01:21:53,820

LEDs my entire life as an Electronics

1727

01:21:58,490 --> 01:21:56,280

guy so why are you wearing sunglasses if

1728

01:22:00,649 --> 01:21:58,500

I could ask not that I oh because I have

1729

01:22:02,990 --> 01:22:00,659

a paralyzed eye actually I'm sorry I

1730

01:22:04,130 --> 01:22:03,000

didn't and it has nothing to do with the

1731

01:22:08,270 --> 01:22:04,140

LEDs

1732

01:22:10,610 --> 01:22:08,280

no no I I have something called third

1733

01:22:12,470 --> 01:22:10,620

nerve palsy from a brain aneurysm so one

1734

01:22:14,990 --> 01:22:12,480

of my eyes is paralyzed and I'm a little

1735

01:22:16,490 --> 01:22:15,000

self-conscious about that on camera and

1736

01:22:18,229 --> 01:22:16,500

a long time ago I figured out I could

1737

01:22:21,110 --> 01:22:18,239

just put on a pair of sunglasses and

1738

01:22:23,750 --> 01:22:21,120

never well ever worry about it or have a

1739

01:22:26,990 --> 01:22:23,760

wonky eye I was just asking I have an

1740

01:22:30,470 --> 01:22:27,000

LED right here that is it's a clear LED

1741

01:22:34,010 --> 01:22:30,480

yeah I'm gonna solo myself just so I can

1742

01:22:38,209 --> 01:22:34,020

show the audience and so it is a clear

1743

01:22:41,209 --> 01:22:38,219

LED and you know you have some theories

1744

01:22:43,910 --> 01:22:41,219

that there is uh all kinds of things

1745

01:22:46,370 --> 01:22:43,920

inside these LEDs and we shouldn't keep

1746

01:22:49,729 --> 01:22:46,380

LED light bulbs in our home because they

1747

01:22:52,189 --> 01:22:49,739

could be listening devices or uh cameras

1748

01:22:54,169 --> 01:22:52,199

in them did you see maybe some of them I

1749

01:22:56,930 --> 01:22:54,179

don't know I I can't I can't speak for

1750

01:22:58,790 --> 01:22:56,940

all LEDs I know okay I thought you meant

1751

01:23:00,470 --> 01:22:58,800

all of them no I don't I don't think I

1752

01:23:03,250 --> 01:23:00,480

got a bag right here and there's nothing

1753

01:23:06,350 --> 01:23:03,260

but the light emitting yeah

1754

01:23:08,810 --> 01:23:06,360

silicon wafer inside that you know when

1755

01:23:12,169 --> 01:23:08,820

the energy hits it it creates light it's

1756

01:23:14,030 --> 01:23:12,179

very simple but ingenious device

1757

01:23:15,709 --> 01:23:14,040

um so I have heard some of your theories

1758

01:23:18,169 --> 01:23:15,719

that I went I don't know about that one

1759

01:23:21,050 --> 01:23:18,179

but if you're saying maybe some but not

1760

01:23:23,870 --> 01:23:21,060

others I would say I would say some uh

1761

01:23:27,050 --> 01:23:23,880

because I'm no expert either I know I've

1762

01:23:29,330 --> 01:23:27,060

read a lot of accounts and talked to uh

1763

01:23:32,689 --> 01:23:29,340

you know some people who really know a

1764

01:23:35,270 --> 01:23:32,699

lot about LEDs and there there are some

1765

01:23:37,189 --> 01:23:35,280

doubts about it but not all of them I

1766

01:23:38,510 --> 01:23:37,199

would assume I assume those look really

1767

01:23:40,729 --> 01:23:38,520

simple

1768

01:23:43,310 --> 01:23:40,739

but they're street lights and the street

1769

01:23:45,410 --> 01:23:43,320

lights is one that uh where I'm I'm

1770

01:23:48,709 --> 01:23:45,420

wondering about and I've heard about

1771

01:23:50,630 --> 01:23:48,719

that from UK and also we're getting now

1772

01:23:53,030 --> 01:23:50,640

all these street lights that all have

1773

01:23:54,830 --> 01:23:53,040

this sort of oval shape you've probably

1774

01:23:58,250 --> 01:23:54,840

seen them they're kind of big they're

1775

01:24:01,970 --> 01:23:58,260

like maybe this long uh and they have

1776

01:24:05,570 --> 01:24:01,980

LEDs in them and they um go on and off

1777

01:24:07,729 --> 01:24:05,580

according to when a car comes or goes uh

1778

01:24:09,350 --> 01:24:07,739

and there's some doubt about them and

1779

01:24:11,570 --> 01:24:09,360

what they're doing

1780

01:24:14,570 --> 01:24:11,580

so I I'm just bringing it up to people

1781

01:24:16,850 --> 01:24:14,580

uh no I understand I just wanted to ask

1782

01:24:20,390 --> 01:24:16,860

you about the LED thing yeah I was I was

1783

01:24:22,430 --> 01:24:20,400

I I thought you meant every LED or you

1784

01:24:24,110 --> 01:24:22,440

you gave a talk where he talked about

1785

01:24:26,209 --> 01:24:24,120

the LED light bulbs how you should not

1786

01:24:28,070 --> 01:24:26,219

have those in your house well I think I

1787

01:24:30,530 --> 01:24:28,080

think people resonate at certain

1788

01:24:32,570 --> 01:24:30,540

frequencies or something like that until

1789

01:24:34,430 --> 01:24:32,580

they until they understand their

1790

01:24:37,070 --> 01:24:34,440

technology I think people what I would

1791

01:24:38,750 --> 01:24:37,080

like is for people to really examine the

1792

01:24:41,330 --> 01:24:38,760

Technologies they're using in their

1793

01:24:42,950 --> 01:24:41,340

homes I would really love that

1794

01:24:45,770 --> 01:24:42,960

um you know so that they really

1795

01:24:48,470 --> 01:24:45,780

understand like the TV like the HD TVs

1796

01:24:50,750 --> 01:24:48,480

or flat screen or whatever uh how does

1797

01:24:52,970 --> 01:24:50,760

it really work what's really going on

1798

01:24:55,610 --> 01:24:52,980

what are the components in it maybe get

1799

01:24:57,709 --> 01:24:55,620

an electrical engineer come over take

1800

01:24:59,689 --> 01:24:57,719

off some of the panels and start looking

1801

01:25:01,490 --> 01:24:59,699

inside to see if there really is a

1802

01:25:04,550 --> 01:25:01,500

microphone in there really is a camera

1803

01:25:07,250 --> 01:25:04,560

in there uh you know just certainly

1804

01:25:09,649 --> 01:25:07,260

there is in Smart TVs and some smart TVs

1805

01:25:13,430 --> 01:25:09,659

there certainly is yeah

1806

01:25:15,350 --> 01:25:13,440

yeah just so people learn more about the

1807

01:25:17,630 --> 01:25:15,360

technology that's Cosmic neighbors

1808

01:25:20,090 --> 01:25:17,640

wanted me to ask you which LEDs are bad

1809

01:25:25,070 --> 01:25:20,100

you you said some of them are I don't

1810

01:25:30,470 --> 01:25:27,229

so you you said that you're writing a

1811

01:25:33,530 --> 01:25:30,480

new book now and so this will be well

1812

01:25:37,189 --> 01:25:33,540

see what happened is I published this

1813

01:25:40,550 --> 01:25:37,199

big book right it's really big 650 pages

1814

01:25:42,530 --> 01:25:40,560

I know it's pretty big and

1815

01:25:45,470 --> 01:25:42,540

um and then I was approached by Inner

1816

01:25:47,930 --> 01:25:45,480

Traditions uh publishing they want to do

1817

01:25:50,810 --> 01:25:47,940

a second edition but they want me to do

1818

01:25:54,290 --> 01:25:50,820

it in two books so that there are less

1819

01:25:57,050 --> 01:25:54,300

pages in The geoengineering book and

1820

01:26:00,169 --> 01:25:57,060

then less pages in the synthetic Biology

1821

01:26:02,030 --> 01:26:00,179

book and and at first I was not

1822

01:26:04,129 --> 01:26:02,040

interested in the idea but then I began

1823

01:26:07,010 --> 01:26:04,139

to think about it and think that might

1824

01:26:10,610 --> 01:26:07,020

be easier for people and they'd pay less

1825

01:26:13,970 --> 01:26:10,620

money uh for a smaller book two smaller

1826
01:26:15,770 --> 01:26:13,980
books and uh and and so I thought yeah I

1827
01:26:19,070 --> 01:26:15,780
think I'll take a look at that and see

1828
01:26:20,930 --> 01:26:19,080
if they're I have a lot of examples in

1829
01:26:24,530 --> 01:26:20,940
the present book I could take some of

1830
01:26:27,530 --> 01:26:24,540
those examples out uh Without Really

1831
01:26:29,450 --> 01:26:27,540
um weakening my argument then I could

1832
01:26:31,669 --> 01:26:29,460
make it a little things a little shorter

1833
01:26:33,649 --> 01:26:31,679
make it easier because people are you

1834
01:26:35,390 --> 01:26:33,659
must know this Stephen that people are

1835
01:26:37,250 --> 01:26:35,400
having trouble reading now they're

1836
01:26:38,510 --> 01:26:37,260
having trouble remembering what they're

1837
01:26:41,090 --> 01:26:38,520
reading they're having people

1838
01:26:42,830 --> 01:26:41,100

concentrating on yeah and a lot of

1839

01:26:45,290 --> 01:26:42,840

people just don't read anymore they'd

1840

01:26:48,050 --> 01:26:45,300

rather watch it they'd rather watch a

1841

01:26:50,390 --> 01:26:48,060

video you know and listen to the audio

1842

01:26:51,770 --> 01:26:50,400

books I listen to audio books but

1843

01:26:55,610 --> 01:26:51,780

usually when I'm in the car or something

1844

01:26:59,930 --> 01:26:55,620

like that yeah yeah so anyway that's how

1845

01:27:01,430 --> 01:26:59,940

I ended up I am writing I'm rewriting

1846

01:27:05,030 --> 01:27:01,440

book in

1847

01:27:07,850 --> 01:27:05,040

in two books but this is the real

1848

01:27:11,870 --> 01:27:07,860

um the book that will last for 50 years

1849

01:27:14,570 --> 01:27:11,880

at least uh because uh I I really wrote

1850

01:27:16,669 --> 01:27:14,580

this book for the future when they

1851

01:27:19,250 --> 01:27:16,679

wonder what the heck happened back here

1852

01:27:22,070 --> 01:27:19,260

because nobody's writing about it

1853

01:27:24,590 --> 01:27:22,080

because so many professors and people

1854

01:27:27,350 --> 01:27:24,600

who know a lot are have either signed

1855

01:27:29,390 --> 01:27:27,360

ndas or they're uh they're afraid to

1856

01:27:31,610 --> 01:27:29,400

move there are all sorts of classified

1857

01:27:34,310 --> 01:27:31,620

things they can't talk about whatever it

1858

01:27:36,250 --> 01:27:34,320

is uh I'm pretty much the Lone Ranger

1859

01:27:40,910 --> 01:27:36,260

right now

1860

01:27:43,669 --> 01:27:40,920

The Lone Ranger yeah not without Tonto

1861

01:27:45,050 --> 01:27:43,679

wow so well I want to thank you for

1862

01:27:47,090 --> 01:27:45,060

being here this has been pretty

1863

01:27:49,610 --> 01:27:47,100

interesting experience and I'm glad that

1864

01:27:52,669 --> 01:27:49,620

we could bring my audience uh somebody

1865

01:27:56,270 --> 01:27:52,679

that has really researched these things

1866

01:27:58,610 --> 01:27:56,280

do you uh do you are you very fearful

1867

01:28:00,110 --> 01:27:58,620

then for the future like what the I

1868

01:28:02,510 --> 01:28:00,120

guess the final question would be is if

1869

01:28:05,390 --> 01:28:02,520

all this stuff is true if all this is

1870

01:28:07,910 --> 01:28:05,400

really happening then what is the

1871

01:28:11,510 --> 01:28:07,920

timeline here you know should I go live

1872

01:28:14,930 --> 01:28:11,520

in a mountain this uh Fortress in the

1873

01:28:17,030 --> 01:28:14,940

woods and try to escape this or you know

1874

01:28:19,790 --> 01:28:17,040

what what a kind of timeline do you

1875

01:28:20,930 --> 01:28:19,800

think that they're on if this is all

1876

01:28:23,510 --> 01:28:20,940

true

1877

01:28:26,629 --> 01:28:23,520

well we've made such a huge leap in

1878

01:28:28,550 --> 01:28:26,639

Revelation of the situation in the last

1879

01:28:30,530 --> 01:28:28,560

three years would you agree with that I

1880

01:28:33,129 --> 01:28:30,540

mean Suddenly It's like a different

1881

01:28:35,750 --> 01:28:33,139

world boom yeah it's a different world

1882

01:28:39,770 --> 01:28:35,760

whereas all of this has been developed

1883

01:28:42,169 --> 01:28:39,780

over time but the revelation of it to

1884

01:28:44,209 --> 01:28:42,179

the world has just happened recently and

1885

01:28:47,209 --> 01:28:44,219

all I'm trying to do now is get the

1886

01:28:49,490 --> 01:28:47,219

geoengineering piece of the puzzle into

1887

01:28:52,490 --> 01:28:49,500

the conversation that's all I'm trying

1888

01:28:55,250 --> 01:28:52,500

to do I'm not trying to save anyone or I

1889

01:28:57,350 --> 01:28:55,260

don't have some wonderful Epiphany type

1890

01:28:59,629 --> 01:28:57,360

of revelation of how we're going to get

1891

01:29:02,450 --> 01:28:59,639

out of this mess we're in because it's

1892

01:29:06,530 --> 01:29:02,460

in a way too late to stop the

1893

01:29:08,390 --> 01:29:06,540

geoengineering it's too late but there

1894

01:29:10,490 --> 01:29:08,400

there are things that will be happening

1895

01:29:12,950 --> 01:29:10,500

that we don't know yet and so I want

1896

01:29:14,990 --> 01:29:12,960

people to get ready to be able to have

1897

01:29:17,209 --> 01:29:15,000

the knowledge knowledge is power I

1898

01:29:20,270 --> 01:29:17,219

really believe that the dark side knows

1899

01:29:22,430 --> 01:29:20,280

that and the the light side should know

1900

01:29:24,290 --> 01:29:22,440

that and you have have to really get

1901

01:29:26,390 --> 01:29:24,300

that knowledge in there so that you can

1902

01:29:30,290 --> 01:29:26,400

make really clear mental pictures of

1903

01:29:32,270 --> 01:29:30,300

your condition and we we I feel I've

1904

01:29:35,810 --> 01:29:32,280

gotten very serious in the last few

1905

01:29:38,270 --> 01:29:35,820

years uh we need to defend Humanity we

1906

01:29:41,149 --> 01:29:38,280

need to keep a human race going because

1907

01:29:44,450 --> 01:29:41,159

I see how adamant these transhumanists

1908

01:29:46,910 --> 01:29:44,460

and Singularity people are and satanists

1909

01:29:49,990 --> 01:29:46,920

I might add them as well they seem very

1910

01:29:53,330 --> 01:29:50,000

serious oh we got them too yeah great

1911

01:29:55,729 --> 01:29:53,340

and uh they're very serious about

1912

01:29:59,810 --> 01:29:55,739

creating a brain computer interface

1913

01:30:02,570 --> 01:29:59,820

between Ai and the human being and to do

1914

01:30:05,450 --> 01:30:02,580

that they need the hardware and the

1915

01:30:07,729 --> 01:30:05,460

software in us and in our brain

1916

01:30:10,490 --> 01:30:07,739

and I believe they have that now because

1917

01:30:13,370 --> 01:30:10,500

of what we've been breathing the last 25

1918

01:30:16,490 --> 01:30:13,380

years 25 years this geoengineering's

1919

01:30:19,010 --> 01:30:16,500

been going on so uh so that's where we

1920

01:30:21,290 --> 01:30:19,020

are but if we have Consciousness if

1921

01:30:23,090 --> 01:30:21,300

we're conscious of our condition who

1922

01:30:26,510 --> 01:30:23,100

knows what can happen human being

1923

01:30:29,330 --> 01:30:26,520

Consciousness is fantastic but we have

1924

01:30:32,390 --> 01:30:29,340

to really develop it it doesn't just

1925

01:30:34,310 --> 01:30:32,400

fall on you like Mana from heaven and

1926

01:30:38,050 --> 01:30:34,320

that's uh that's what I think so I don't

1927

01:30:41,090 --> 01:30:38,060

have any time frame uh 10 years 20 years

1928

01:30:43,850 --> 01:30:41,100

50 years 100 years I don't really know

1929

01:30:45,950 --> 01:30:43,860

how to gauge this sort of thing but I

1930

01:30:48,649 --> 01:30:45,960

know how far it has come

1931

01:30:51,950 --> 01:30:48,659

at least uh and and I think I'm being

1932

01:30:54,350 --> 01:30:51,960

conservative in how far it's come uh I

1933

01:30:57,370 --> 01:30:54,360

could get more radical but I I'm I'm not

1934

01:31:01,189 --> 01:30:57,380

going to because I get more radical wow

1935

01:31:02,390 --> 01:31:01,199

I go by the data I go by the data so

1936

01:31:04,790 --> 01:31:02,400

anyway

1937

01:31:06,649 --> 01:31:04,800

um that that's what I think Stephen yeah

1938

01:31:08,570 --> 01:31:06,659

and just so everybody knows they can

1939

01:31:10,669 --> 01:31:08,580

just search by your name on Amazon and

1940

01:31:12,530 --> 01:31:10,679

find all of your books right right and I

1941

01:31:15,530 --> 01:31:12,540

have a site called ilanafreeland.com

1942

01:31:17,209 --> 01:31:15,540

which is run by my webmistress so she

1943

01:31:19,729 --> 01:31:17,219

does a fantastic job

1944

01:31:21,229 --> 01:31:19,739

okay great well I want to thank you for

1945

01:31:23,450 --> 01:31:21,239

joining us and I hope you'll come back

1946

01:31:25,430 --> 01:31:23,460

again sometime well thank you Stephen

1947

01:31:27,649 --> 01:31:25,440

thanks for having me you have a great

1948

01:31:29,570 --> 01:31:27,659

night and when when I when I throw you

1949

01:31:31,610 --> 01:31:29,580

out of here you can just shut down your

1950

01:31:33,890 --> 01:31:31,620

browser or close out the tab and you're

1951

01:31:38,149 --> 01:31:33,900

fine okay all right we'll do well all

1952

01:31:42,890 --> 01:31:41,149

all right friends wow uh what an

1953

01:31:45,410 --> 01:31:42,900

interesting interview

1954

01:31:47,209 --> 01:31:45,420

um yeah

1955

01:31:49,970 --> 01:31:47,219

um

1956

01:31:51,709 --> 01:31:49,980

here's what we're gonna do uh now is a

1957

01:31:54,890 --> 01:31:51,719

good time for me to remind you of a few

1958

01:31:58,189 --> 01:31:54,900

things uh the first is that we are a

1959

01:32:00,590 --> 01:31:58,199

viewer supported show uh and that means

1960

01:32:02,750 --> 01:32:00,600

viewers like you all over the world who

1961

01:32:04,610 --> 01:32:02,760

enjoy the content that we produce throw

1962

01:32:08,090 --> 01:32:04,620

a couple bucks in our hat and keep us

1963

01:32:12,050 --> 01:32:08,100

doing this very thing uh the other thing

1964

01:32:13,430 --> 01:32:12,060

that I could remind you is that uh the

1965

01:32:16,070 --> 01:32:13,440

other way that you could really help us

1966

01:32:18,790 --> 01:32:16,080

is to like comment subscribe and share

1967

01:32:22,310 --> 01:32:18,800

these videos it really really does help

1968

01:32:25,250 --> 01:32:22,320

we get raised in the search engine the

1969

01:32:27,890 --> 01:32:25,260

search engine or excuse me the the

1970

01:32:30,050 --> 01:32:27,900

algorithm loves engagement so when you

1971

01:32:31,790 --> 01:32:30,060

like a video when you comment on a video

1972

01:32:34,310 --> 01:32:31,800

or you share it on your social media

1973

01:32:35,930 --> 01:32:34,320

that really does help us the other thing

1974

01:32:39,709 --> 01:32:35,940

I would remind you of you haven't

1975

01:32:41,810 --> 01:32:39,719

already please be sure to subscribe and

1976

01:32:43,790 --> 01:32:41,820

hit that notification Bell and it's also

1977

01:32:46,010 --> 01:32:43,800

a good time for me to remind all you

1978

01:32:49,010 --> 01:32:46,020

people listening in audio podcast land

1979

01:32:51,169 --> 01:32:49,020

we love and appreciate all of you audio

1980

01:32:53,570 --> 01:32:51,179

listeners but you're missing half the

1981

01:32:56,090 --> 01:32:53,580

fun we really would love you to come

1982

01:32:58,490 --> 01:32:56,100

over here to YouTube which is

1983

01:33:00,770 --> 01:32:58,500

essentially our home base uh for the

1984

01:33:03,290 --> 01:33:00,780

show on the internet go to the YouTube

2136

01:40:08,390 --> 01:40:06,060

questions for me please put them in all

2141

01:40:19,010 --> 01:40:17,219

capital letters and uh we're going to

01:40:22,189 --> 01:40:19,020

take some comments and questions we got

2143

01:40:24,830 --> 01:40:22,199

also Ray over there in the twitch

2144

01:40:26,450 --> 01:40:24,840

says I may not buy into all this but was

2145

01:40:28,430 --> 01:40:26,460

interesting to get this different

2146

01:40:32,450 --> 01:40:28,440

perspective on the show I'm glad you had

2147

01:40:34,310 --> 01:40:32,460

her as a guest uh yeah this I have to be

2148

01:40:37,189 --> 01:40:34,320

very honest about something

2149

01:40:39,290 --> 01:40:37,199

uh B Baker our chat room moderator and

2150

01:40:41,750 --> 01:40:39,300

sometimes you know uh contributing

2151

01:40:44,390 --> 01:40:41,760

producer has been trying to help me to

2152

01:40:45,350 --> 01:40:44,400

book guests and and he booked her and

2153

01:40:48,530 --> 01:40:45,360

then

2154

01:40:51,470 --> 01:40:48,540

what happened originally was that I I

2155

01:40:53,870 --> 01:40:51,480

don't know why but I got I saw the name

2156

01:40:57,290 --> 01:40:53,880

Elena and I thought it was somebody else

2157

01:41:01,610 --> 01:40:57,300

a secret space program Insider

2158

01:41:03,770 --> 01:41:01,620

and uh was mistaken that I I had the

2159

01:41:05,990 --> 01:41:03,780

wrong person so then I had a rush try to

2160

01:41:07,610 --> 01:41:06,000

get the book and read it I I only got

2161

01:41:10,850 --> 01:41:07,620

through a portion of it like she said

2162

01:41:11,930 --> 01:41:10,860

it's it's a big book and it's very

2163

01:41:14,450 --> 01:41:11,940

um

2164

01:41:17,390 --> 01:41:14,460

I would call it dated dense like there's

2165

01:41:19,370 --> 01:41:17,400

all these scientific citations and

2166

01:41:21,290 --> 01:41:19,380

papers and things you gotta

2167

01:41:22,850 --> 01:41:21,300

you know me when I'm reading that kind

2168

01:41:24,830 --> 01:41:22,860

of book I want to read the paper they're

2169

01:41:26,990 --> 01:41:24,840

citing so I stopped reading the book go

2170

01:41:29,030 --> 01:41:27,000

read the paper try to get a full

2171

01:41:31,310 --> 01:41:29,040

understanding of it

2172

01:41:32,510 --> 01:41:31,320

um and and this was and this is why I

2173

01:41:35,149 --> 01:41:32,520

played it at the beginning of the show

2174

01:41:38,330 --> 01:41:35,159

this was what I call an Evil Knievel

2175

01:41:40,669 --> 01:41:38,340

show because you never know how these

2176

01:41:43,570 --> 01:41:40,679

things are going to go some people don't

2177

01:41:47,149 --> 01:41:43,580

appreciate being asked for any evidence

2178

01:41:49,250 --> 01:41:47,159

but luckily she took it pretty well and

2179

01:41:51,470 --> 01:41:49,260

uh you know I wanted to be kind to her

2180

01:41:54,109 --> 01:41:51,480

even though I may disagree with her on

2181

01:41:56,209 --> 01:41:54,119

many things here's what I'll say I

2182

01:41:59,209 --> 01:41:56,219

definitely believe that there is poison

2183

01:42:03,109 --> 01:41:59,219

in our water there's poison in our soil

2184

01:42:04,370 --> 01:42:03,119

there's probably poison everywhere

2185

01:42:07,609 --> 01:42:04,380

um

2186

01:42:10,250 --> 01:42:07,619

but this overarching Grand conspiracy

2187

01:42:12,830 --> 01:42:10,260

that she theorizes about I'm still not

2188

01:42:16,090 --> 01:42:12,840

convinced but I'm keeping an open mind

2189

01:42:20,149 --> 01:42:16,100

I'm reading uh more about these issues

2190

01:42:22,490 --> 01:42:20,159

and to see what it is that I believe so

2191

01:42:24,470 --> 01:42:22,500

and one other thing that I would say is

2192

01:42:26,930 --> 01:42:24,480

this

2193

01:42:29,629 --> 01:42:26,940

some of the people who are detractors of

2194

01:42:31,609 --> 01:42:29,639

me and this show will take her

2195

01:42:34,129 --> 01:42:31,619

appearance here and attack me for it

2196

01:42:36,709 --> 01:42:34,139

they will say Steve Campion believes

2197

01:42:38,450 --> 01:42:36,719

this lady about everything she says and

2198

01:42:41,510 --> 01:42:38,460

that's certainly not the case it's not

2199

01:42:43,669 --> 01:42:41,520

the case with any guests and there is a

2200

01:42:45,830 --> 01:42:43,679

range of guests we have here some of the

2201

01:42:47,450 --> 01:42:45,840

guests I agree with most of what they

2202

01:42:49,910 --> 01:42:47,460

say wholeheartedly some of the guests

2203

01:42:52,970 --> 01:42:49,920

I'm on the fence about this is one of

2204

01:42:55,070 --> 01:42:52,980

them I wanted to be kind to her I wanted

2205

01:42:58,070 --> 01:42:55,080

to be able to bring my audience this

2206

01:43:00,229 --> 01:42:58,080

really this this is a big strange

2207

01:43:03,350 --> 01:43:00,239

conspiracy

2208

01:43:05,810 --> 01:43:03,360

but uh I wanted to bring somebody here

2209

01:43:08,450 --> 01:43:05,820

that was an expert in all these things

2210

01:43:09,590 --> 01:43:08,460

and let's let's have a conversation and

2211

01:43:12,050 --> 01:43:09,600

let's see

2212

01:43:14,270 --> 01:43:12,060

let the chips fall where they may but

2213

01:43:15,830 --> 01:43:14,280

always be respectful to the to the

2214

01:43:17,689 --> 01:43:15,840

guests right

2215

01:43:19,189 --> 01:43:17,699

and let's um

2216

01:43:22,189 --> 01:43:19,199

let's

2217

01:43:24,250 --> 01:43:22,199

you know I'm sure I saw some people

2218

01:43:26,750 --> 01:43:24,260

wanted me to really be more pushy or

2219

01:43:29,450 --> 01:43:26,760

some people would have liked me to be

2220

01:43:32,209 --> 01:43:29,460

nasty but you gotta you gotta be kind to

2221

01:43:36,229 --> 01:43:32,219

the guests they're taking their time you

2222

01:43:38,990 --> 01:43:36,239

know her and I can agree to disagree uh

2223

01:43:41,990 --> 01:43:39,000

or you know I don't have to believe that

2224

01:43:43,609 --> 01:43:42,000

she's correct in all of her theories and

2225

01:43:45,590 --> 01:43:43,619

let's be clear a lot of what she has

2226

01:43:48,770 --> 01:43:45,600

theories they're not

2227

01:43:51,649 --> 01:43:48,780

you know proven facts I mean she may

2228

01:43:53,270 --> 01:43:51,659

argue that some of the is but when you

2229

01:43:54,649 --> 01:43:53,280

start getting as deep as you know

2230

01:43:57,550 --> 01:43:54,659

there's there

2231

01:44:00,590 --> 01:43:57,560

making us consume Nanobots and things

2232

01:44:02,450 --> 01:44:00,600

you kind of lose me you know I mean I'm

2233

01:44:05,629 --> 01:44:02,460

a computer science guy

2234

01:44:07,070 --> 01:44:05,639

I would think that you know Nanobots no

2235

01:44:10,310 --> 01:44:07,080

matter how small they are would be

2236

01:44:12,770 --> 01:44:10,320

detectable in a human bloodstream or

2237

01:44:14,450 --> 01:44:12,780

whatever so I have a lot of doubts about

2238

01:44:15,590 --> 01:44:14,460

some of this stuff but I'm keeping it

2239

01:44:17,930 --> 01:44:15,600

open mind

2240

01:44:20,810 --> 01:44:17,940

I will tell you this her book is

2241

01:44:23,570 --> 01:44:20,820

information dense and thought-provoking

2242

01:44:27,950 --> 01:44:23,580

and I like that and I like conspiracies

2243

01:44:30,590 --> 01:44:27,960

even if we just examine the psychology

2244

01:44:33,770 --> 01:44:30,600

behind this I'm fascinated by the fact

2245

01:44:37,010 --> 01:44:33,780

that so many people believe a great deal

2246

01:44:38,810 --> 01:44:37,020

of what she's saying there's we saw it

2247

01:44:40,430 --> 01:44:38,820

in the live chat tonight I was surprised

2248

01:44:42,109 --> 01:44:40,440

there was many many people going she's

2249

01:44:43,370 --> 01:44:42,119

absolutely right about these Chemtrails

2250

01:44:47,510 --> 01:44:43,380

she's absolutely right about this about

2251

01:44:49,129 --> 01:44:47,520

that so it's an Evil Knievel show and

2252

01:44:50,629 --> 01:44:49,139

remember what do I mean by that some

2253

01:44:54,229 --> 01:44:50,639

people come here

2254

01:44:56,450 --> 01:44:54,239

to these Evil Knievel shows to watch the

2255

01:44:58,729 --> 01:44:56,460

whole show crash and burn and turn into

2256

01:45:00,109 --> 01:44:58,739

some you know I guess honestly when I

2257

01:45:02,750 --> 01:45:00,119

was drinking this might have went way

2258

01:45:05,570 --> 01:45:02,760

different I might have yelled at her or

2259

01:45:08,209 --> 01:45:05,580

been nasty or you know I'm just not that

2260

01:45:11,870 --> 01:45:08,219

just not the same person not drinking

2261

01:45:14,510 --> 01:45:11,880

you know when I was drinking I had and

2262

01:45:17,149 --> 01:45:14,520

lost a great deal of patience I had no

2263

01:45:18,770 --> 01:45:17,159

patience and for something like this I

2264

01:45:21,830 --> 01:45:18,780

would have I would have popped off and

2265

01:45:25,010 --> 01:45:21,840

and I wouldn't have been able to be kind

2266

01:45:27,350 --> 01:45:25,020

to to you know for the whole thing or

2267

01:45:29,229 --> 01:45:27,360

but I think that's important it's

2268

01:45:31,790 --> 01:45:29,239

important in life I'm trying to learn

2269

01:45:35,149 --> 01:45:31,800

look you're going to meet people in life

2270

01:45:37,669 --> 01:45:35,159

that you disagree with but I still think

2271

01:45:41,390 --> 01:45:37,679

that she's an interesting and uh

2272

01:45:43,370 --> 01:45:41,400

interesting person with uh an incredible

2273

01:45:45,609 --> 01:45:43,380

background we heard that she met

2274

01:45:49,850 --> 01:45:45,619

President Kennedy as a child and things

2275

01:45:51,790 --> 01:45:49,860

interesting lady nice lady too right uh

2276

01:45:54,050 --> 01:45:51,800

no reason not to have a conversation

2277

01:45:55,669 --> 01:45:54,060

gorilla Gamers here and says dude do

2278

01:45:57,410 --> 01:45:55,679

more True Crime whom he loved

2279

01:45:58,790 --> 01:45:57,420

yesterday's episode well thank you I

2280

01:46:00,290 --> 01:45:58,800

appreciate that a lot of people are

2281

01:46:03,649 --> 01:46:00,300

giving me many compliments on that

2282

01:46:06,290 --> 01:46:03,659

remember that is just the opening Salvo

2283

01:46:07,070 --> 01:46:06,300

I always work go what does that do in

2284

01:46:09,109 --> 01:46:07,080

there

2285

01:46:11,510 --> 01:46:09,119

it's in the frame right you don't want

2286

01:46:14,510 --> 01:46:11,520

to have things in frame this is flesh

2287

01:46:16,310 --> 01:46:14,520

colored paint for those wondering I'm

2288

01:46:17,990 --> 01:46:16,320

doing more work on the characters and

2289

01:46:21,290 --> 01:46:18,000

masks and we have more of those coming

2290

01:46:23,030 --> 01:46:21,300

to you I can't wait to get to that so

2291

01:46:24,830 --> 01:46:23,040

questions or comments for me please put

2292

01:46:27,770 --> 01:46:24,840

them in all capital letters B Baker is

2293

01:46:30,050 --> 01:46:27,780

here and saying hug like subscribe and

2294

01:46:32,209 --> 01:46:30,060

share please yes that really really does

2295

01:46:34,930 --> 01:46:32,219

help us

2296

01:46:37,550 --> 01:46:34,940

um Daniel Adams says Al huckster

2297

01:46:40,550 --> 01:46:37,560

possibly you know

2298

01:46:43,490 --> 01:46:40,560

I I think that a lot of people are very

2299

01:46:46,189 --> 01:46:43,500

fear-based uh with some of their beliefs

2300

01:46:49,310 --> 01:46:46,199

and it's uh you know like

2301

01:46:52,370 --> 01:46:49,320

you have to be afraid to think that the

2302

01:46:54,530 --> 01:46:52,380

there's a grand conspiracy and and you

2303

01:46:56,510 --> 01:46:54,540

know the rich and powerful and Elite are

2304

01:46:59,390 --> 01:46:56,520

out to get you but I believe that

2305

01:47:01,070 --> 01:46:59,400

sometimes in one form or another the

2306

01:47:03,950 --> 01:47:01,080

rich powerful and Elite are out to get

2307

01:47:05,570 --> 01:47:03,960

us they don't like the peasants and they

2308

01:47:07,490 --> 01:47:05,580

certainly don't like the peasants having

2309

01:47:09,890 --> 01:47:07,500

equal rights to them

2310

01:47:12,290 --> 01:47:09,900

you know because we're The Peasants and

2311

01:47:14,990 --> 01:47:12,300

they are the ruling class

2312

01:47:17,090 --> 01:47:15,000

unknown sender says she knows stuff yeah

2313

01:47:19,490 --> 01:47:17,100

and uh that's another thing what if

2314

01:47:22,450 --> 01:47:19,500

she's right about 10 of that even if

2315

01:47:25,490 --> 01:47:22,460

she's right about 10 of it that's crazy

2316

01:47:28,970 --> 01:47:25,500

that's a crazy thing to think about

2317

01:47:31,129 --> 01:47:28,980

and I tell you what every time I see a

2318

01:47:33,410 --> 01:47:31,139

contrail in the sky I'm going to be

2319

01:47:35,750 --> 01:47:33,420

wondering is that a contrail or a

2320

01:47:36,410 --> 01:47:35,760

chemtrail what's in that chemtrail you

2321

01:47:38,209 --> 01:47:36,420

know

2322

01:47:40,669 --> 01:47:38,219

uh

2323

01:47:42,890 --> 01:47:40,679

Sandy Smith is here welcome Sandy Smith

2324

01:47:45,350 --> 01:47:42,900

good to see you says I have a 60-inch

2325

01:47:47,689 --> 01:47:45,360

Samsung TV flat screen but it's about 15

2326

01:47:49,430 --> 01:47:47,699

years old pretty smart they really got

2327

01:47:51,709 --> 01:47:49,440

to be bored listening and watching to me

2328

01:47:53,930 --> 01:47:51,719

my dogs and my cat yeah I think the same

2329

01:47:56,930 --> 01:47:53,940

thing and you know what Sandy Smith my

2330

01:47:58,010 --> 01:47:56,940

son I don't know why but my wife got an

2331

01:48:01,609 --> 01:47:58,020

Alexa

2332

01:48:04,149 --> 01:48:01,619

and my son loves that thing

2333

01:48:08,450 --> 01:48:04,159

he loves to like

2334

01:48:10,430 --> 01:48:08,460

uh to like talk to the Alexa like he

2335

01:48:11,390 --> 01:48:10,440

just has a conversation with Alexa I'm

2336

01:48:15,290 --> 01:48:11,400

like what are you doing he's like I'm

2337

01:48:18,410 --> 01:48:15,300

talking to Alexa like about what

2338

01:48:20,209 --> 01:48:18,420

and uh he asked her questions and stuff

2339

01:48:21,770 --> 01:48:20,219

and I I don't know

2340

01:48:24,830 --> 01:48:21,780

and uh

2341

01:48:27,470 --> 01:48:24,840

I I worry about that Alexa though like

2342

01:48:29,990 --> 01:48:27,480

is it listening right now you know uh

2343

01:48:35,050 --> 01:48:30,000

but then I go I I'm pretty boring I

2344

01:48:40,070 --> 01:48:38,149

Mr Reckless Ryan says I feel like I lost

2345

01:48:40,970 --> 01:48:40,080

a few million brain cells listening to

2346

01:48:46,550 --> 01:48:40,980

this

2347

01:48:49,310 --> 01:48:46,560

we're going deep deep down the rabbit

2348

01:48:50,750 --> 01:48:49,320

hole and spend with another uh

2349

01:48:54,770 --> 01:48:50,760

50

2350

01:48:56,629 --> 01:48:54,780

uh what is that again it's uh Swedish

2351

01:49:00,470 --> 01:48:56,639

krona thank you very much for the 50

2352

01:49:02,149 --> 01:49:00,480

Swedish krona Sven he's the MVP of super

2353

01:49:04,010 --> 01:49:02,159

chats tonight thank you very much ben

2354

01:49:06,410 --> 01:49:04,020

for your kindness generosity and support

2355

01:49:08,629 --> 01:49:06,420

the grill gamer says spend rolls all you

2356

01:49:10,310 --> 01:49:08,639

super Chatter's rule love all of you

2357

01:49:13,250 --> 01:49:10,320

thank you for your kindness generosity

2358

01:49:15,229 --> 01:49:13,260

and support really does help the show

2359

01:49:17,149 --> 01:49:15,239

um and we gotta buy a whole bunch of

2360

01:49:19,609 --> 01:49:17,159

stuff to build a studio in the spring

2361

01:49:22,010 --> 01:49:19,619

and I'm setting aside every penny for

2362

01:49:24,649 --> 01:49:22,020

that so thank you all

2363

01:49:26,330 --> 01:49:24,659

okay and we have Billy Hicks here says

2364

01:49:28,490 --> 01:49:26,340

everyone want to know more just watch

2365

01:49:30,109 --> 01:49:28,500

this search for Fallen Angels play this

2366

01:49:32,149 --> 01:49:30,119

harp on Rumble

2367

01:49:34,070 --> 01:49:32,159

and put your big boy pants on because

2368

01:49:35,689 --> 01:49:34,080

it's a very hard truth they're trigger

2369

01:49:40,910 --> 01:49:35,699

the crap out of you

2370

01:49:44,870 --> 01:49:43,490

I'm gonna look that up Fallen Angels

2371

01:49:48,290 --> 01:49:44,880

play this harp

2372

01:49:52,850 --> 01:49:48,300

I'm gonna write that down uh Fallen

2373

01:49:56,570 --> 01:49:54,830

but that's hard with two A's because

2374

01:49:57,970 --> 01:49:56,580

it's referring to the

2375

01:50:00,770 --> 01:49:57,980

Park

2376

01:50:03,109 --> 01:50:00,780

project there

2377

01:50:05,030 --> 01:50:03,119

you know and I am aware that that thing

2378

01:50:08,390 --> 01:50:05,040

is capable of some pretty crazy things

2379

01:50:10,609 --> 01:50:08,400

you know it's an antenna array with a

2380

01:50:13,490 --> 01:50:10,619

hundred

2381

01:50:15,229 --> 01:50:13,500

or more antennas and they can all

2382

01:50:16,910 --> 01:50:15,239

pinpoint the beams they're shooting up

2383

01:50:20,270 --> 01:50:16,920

into the atmosphere to a single point

2384

01:50:23,510 --> 01:50:20,280

and fox fox what about the marina sarin

2385

01:50:25,550 --> 01:50:23,520

poison yeah Marina sarin's out there uh

2386

01:50:27,290 --> 01:50:25,560

pushing new conspiracy theories maybe

2387

01:50:29,390 --> 01:50:27,300

we'll cover that in the future fox fox

2388

01:50:32,629 --> 01:50:29,400

uh and I appreciate you letting me know

2389

01:50:34,729 --> 01:50:32,639

she's talking all kinds of smack now you

2390

01:50:36,890 --> 01:50:34,739

know like the other people are all wrong

2391

01:50:39,470 --> 01:50:36,900

about the alien grade conspiracy but

2392

01:50:41,810 --> 01:50:39,480

she's right about it right

2393

01:50:43,729 --> 01:50:41,820

Patty M will Helms says Stephen I think

2394

01:50:46,370 --> 01:50:43,739

you were a very gracious host that was a

2395

01:50:47,810 --> 01:50:46,380

difficult subject I agree and uh that's

2396

01:50:49,129 --> 01:50:47,820

why it's the Evil Knievel show because

2397

01:50:51,649 --> 01:50:49,139

people come here to see if it's going to

2398

01:50:53,629 --> 01:50:51,659

turn into a cluster you know what right

2399

01:50:57,109 --> 01:50:53,639

or if it's going to all crash and burn

2400

01:50:59,209 --> 01:50:57,119

or I'm gonna like if I'm gonna lose it

2401
01:51:01,430 --> 01:50:59,219
and start going this is crazy crazy lady

2402
01:51:05,450 --> 01:51:01,440
and I tried my very best

2403
01:51:09,470 --> 01:51:05,460
to uh you know listen to her opinions on

2404
01:51:15,109 --> 01:51:12,590
footy gangster if an expert is bad then

2405
01:51:17,570 --> 01:51:15,119
he or she is an expert yeah and thank

2406
01:51:19,370 --> 01:51:17,580
you Luis quintano for coming here and

2407
01:51:21,050 --> 01:51:19,380
saying many things that I didn't want to

2408
01:51:24,590 --> 01:51:21,060
say out loud but you said them in the

2409
01:51:27,189 --> 01:51:24,600
live chat so thank you for that

2410
01:51:31,010 --> 01:51:27,199
foreign

2411
01:51:34,030 --> 01:51:31,020
50 Swedish Crowns very very kind of you

2412
01:51:36,530 --> 01:51:34,040
I appreciate that Sven good guy

2413
01:51:38,090 --> 01:51:36,540

transhumanism and synthetic big biology

2414

01:51:39,950 --> 01:51:38,100

are things that the elites are really

2415

01:51:42,950 --> 01:51:39,960

interested in I think it behooves us to

2416

01:51:45,830 --> 01:51:42,960

pay attention to them yeah and maybe you

2417

01:51:48,530 --> 01:51:45,840

ever know that some people they they get

2418

01:51:50,570 --> 01:51:48,540

one little piece of the puzzle

2419

01:51:52,370 --> 01:51:50,580

right and they're right about that one

2420

01:51:54,709 --> 01:51:52,380

little piece and I think maybe some

2421

01:51:56,209 --> 01:51:54,719

people get overconfident and they and

2422

01:51:59,870 --> 01:51:56,219

they think they see a bigger picture

2423

01:52:02,510 --> 01:51:59,880

start connecting dots but um her book so

2424

01:52:04,910 --> 01:52:02,520

far is pretty pretty interesting and and

2425

01:52:06,649 --> 01:52:04,920

even if just thought provoking to make

2426

01:52:08,570 --> 01:52:06,659

you think like oh my God what if this is

2427

01:52:10,129 --> 01:52:08,580

really happening

2428

01:52:12,530 --> 01:52:10,139

um but most of me thinks that that would

2429

01:52:14,030 --> 01:52:12,540

be hundreds thousands of people involved

2430

01:52:15,590 --> 01:52:14,040

and somebody would have spelled the

2431

01:52:17,750 --> 01:52:15,600

beans about all this

2432

01:52:19,669 --> 01:52:17,760

um but I'm I might be wrong I always

2433

01:52:23,030 --> 01:52:19,679

leave the possibility open that I'm just

2434

01:52:25,129 --> 01:52:23,040

too cynical and skeptical right

2435

01:52:27,470 --> 01:52:25,139

missed the show but as ridiculous as it

2436

01:52:29,810 --> 01:52:27,480

sounds Chemtrails geoengineering AKA

2437

01:52:31,490 --> 01:52:29,820

trying to get rid of uh make the

2438

01:52:33,709 --> 01:52:31,500

population sick because absolutely a

2439

01:52:35,689 --> 01:52:33,719

thing a lot of people believe this a lot

2440

01:52:37,970 --> 01:52:35,699

of people believe this easier to spot

2441

01:52:40,070 --> 01:52:37,980

when it first started in the 90s 2000s

2442

01:52:42,950 --> 01:52:40,080

yeah

2443

01:52:44,390 --> 01:52:42,960

China is working on human animal hybrids

2444

01:52:46,850 --> 01:52:44,400

God is not happy

2445

01:52:49,490 --> 01:52:46,860

you know a lot of that stuff though

2446

01:52:52,430 --> 01:52:49,500

unknown sender is based on organ

2447

01:52:54,609 --> 01:52:52,440

transplant research like did you know

2448

01:52:59,930 --> 01:52:54,619

that they're trying to

2449

01:53:05,030 --> 01:52:59,940

inject human DNA into embryonic pigs

2450

01:53:07,250 --> 01:53:05,040

or hybrid eyes pigs somehow with humans

2451
01:53:09,590 --> 01:53:07,260
not that they would be like half human

2452
01:53:12,890 --> 01:53:09,600
and half pig just that there'd be enough

2453
01:53:15,229 --> 01:53:12,900
of human genetics in the pigs so that

2454
01:53:18,709 --> 01:53:15,239
they could start using Pig

2455
01:53:21,590 --> 01:53:18,719
pigs as organ donors these genetically

2456
01:53:24,470 --> 01:53:21,600
modified pigs as organ donors like what

2457
01:53:26,870 --> 01:53:24,480
if you needed a heart and

2458
01:53:29,149 --> 01:53:26,880
they had these specialized pigs that

2459
01:53:31,790 --> 01:53:29,159
were crossed somehow with human genetics

2460
01:53:34,729 --> 01:53:31,800
so your body would not reject the the

2461
01:53:38,870 --> 01:53:34,739
pig heart it would take it and accept it

2462
01:53:42,470 --> 01:53:38,880
that would be a good thing right now

2463
01:53:45,350 --> 01:53:42,480

people can have arguments about the the

2464

01:53:47,810 --> 01:53:45,360

um the ethics or morality of that in

2465

01:53:52,010 --> 01:53:47,820

that specific circumstance I think human

2466

01:53:54,470 --> 01:53:52,020

animal hybridization would be a positive

2467

01:53:55,790 --> 01:53:54,480

beneficial thing

2468

01:53:58,070 --> 01:53:55,800

um you know when we start talking about

2469

01:54:00,290 --> 01:53:58,080

pigment that's when it gets crazy right

2470

01:54:02,990 --> 01:54:00,300

you everybody Remember That Seinfeld

2471

01:54:05,629 --> 01:54:03,000

episode with the pig man that's one of

2472

01:54:12,169 --> 01:54:05,639

my favorites it's Pigman Jerry there's a

2473

01:54:16,910 --> 01:54:14,629

footy gangster says Louis caitano like

2474

01:54:19,250 --> 01:54:16,920

sloppy no facts more like Glory Hunters

2475

01:54:20,870 --> 01:54:19,260

like most of these ufology people like

2476

01:54:26,390 --> 01:54:20,880

my girlfriend Linda

2477

01:54:31,370 --> 01:54:29,270

if I had to guess a couple of hours at

2478

01:54:34,129 --> 01:54:31,380

least and plus I did spend I don't know

2479

01:54:35,030 --> 01:54:34,139

a couple hours reading the book

2480

01:54:37,250 --> 01:54:35,040

um

2481

01:54:40,669 --> 01:54:37,260

I'm very skeptical about the Chemtrails

2482

01:54:42,890 --> 01:54:40,679

and uh and related topics so admittedly

2483

01:54:45,950 --> 01:54:42,900

my attention span for things that I have

2484

01:54:48,290 --> 01:54:45,960

that I'm dismissive of is probably lower

2485

01:54:50,629 --> 01:54:48,300

than it should be right

2486

01:54:52,550 --> 01:54:50,639

I struggle with that so in other words

2487

01:54:54,770 --> 01:54:52,560

if there's a subject that I'm intensely

2488

01:54:57,350 --> 01:54:54,780

interested in I can read about it for 12

2489

01:54:58,430 --> 01:54:57,360
hours or three days straight but if

2490

01:55:01,550 --> 01:54:58,440
there's a subject that I'm very

2491

01:55:04,250 --> 01:55:01,560
dismissive of or skeptical of I I can't

2492

01:55:05,870 --> 01:55:04,260
I can't get through too much before I

2493

01:55:08,090 --> 01:55:05,880
just lose it and say I'm gonna go do

2494

01:55:11,629 --> 01:55:08,100
something else there's nothing to this

2495

01:55:13,729 --> 01:55:11,639
so I admit I'm somewhat dismissive so

2496

01:55:15,770 --> 01:55:13,739
friends uh we're coming up hard and fast

2497

01:55:16,430 --> 01:55:15,780
on the two hour

2498

01:55:19,250 --> 01:55:16,440
um

2499

01:55:21,470 --> 01:55:19,260
limit now some of you may be aware but

2500

01:55:23,649 --> 01:55:21,480
because of these alternative platforms

2501
01:55:26,870 --> 01:55:23,659
that we are now Distributing the show to

2502
01:55:29,030 --> 01:55:26,880
one of them I think it's Dailymotion has

2503
01:55:30,290 --> 01:55:29,040
a hard two hour limit that's why we

2504
01:55:33,950 --> 01:55:30,300
haven't been doing these three hour

2505
01:55:36,830 --> 01:55:33,960
streams uh as much anymore trying to

2506
01:55:39,470 --> 01:55:36,840
keep it to the two hour hard limit so

2507
01:55:41,689 --> 01:55:39,480
that we can upload everywhere we can

2508
01:55:44,030 --> 01:55:41,699
so I want to thank my guests for joining

2509
01:55:46,850 --> 01:55:44,040
us tonight I want to thank

2510
01:55:50,629 --> 01:55:46,860
um each and every one of you for joining

2511
01:55:52,370 --> 01:55:50,639
us tonight uh and we certainly want to

2512
01:55:56,629 --> 01:55:52,380
thank you kindly generous benefactors

2513
01:55:58,669 --> 01:55:56,639

PayPal uh patreon supporters uh PayPal

2514

01:55:59,390 --> 01:55:58,679

supporters

2515

01:56:02,209 --> 01:55:59,400

um

2516

01:56:04,669 --> 01:56:02,219

patreon supporters and channel members

2517

01:56:06,649 --> 01:56:04,679

and instructions for how to help and do

2518

01:56:09,649 --> 01:56:06,659

all of that is in the description of the

2519

01:56:12,830 --> 01:56:09,659

video we love and appreciate all of you

2520

01:56:15,790 --> 01:56:12,840

supporting us all around the world
