

THE ROAD TO A
LIFE LONG DREAM
BEGINS HERE...

1
00:00:06,829 --> 00:00:04,269
this my friends is uh yeah

2
00:00:09,710 --> 00:00:06,839
this is pretty rural this is what passes

3
00:00:11,629 --> 00:00:09,720
for a road in the backcountry

4
00:00:13,370 --> 00:00:11,639
um and this might be problematic because

5
00:00:15,049 --> 00:00:13,380
you can see there's all kinds of

6
00:00:17,510 --> 00:00:15,059
obstacles in the road you can't get a

7
00:00:19,310 --> 00:00:17,520
vehicle through here

8
00:00:22,210 --> 00:00:19,320
um I mean short work with a chainsaw

9
00:00:26,150 --> 00:00:22,220
though I didn't see any big

10
00:00:28,130 --> 00:00:26,160
obstacles in the way of this so-called

11
00:00:32,089 --> 00:00:28,140
road but uh

12
00:00:32,990 --> 00:00:32,099
it's uh pretty rustic uh one thing I do

13
00:00:35,389 --> 00:00:33,000

like

14

00:00:37,790 --> 00:00:35,399

is there is no neighbors there is

15

00:00:41,450 --> 00:00:37,800

nothing nothing around here friends

16

00:00:44,690 --> 00:00:41,460

nothing and uh I did see a lot of no

17

00:00:47,810 --> 00:00:44,700

trespassing signs that are all the same

18

00:00:49,490 --> 00:00:47,820

on both sides on this land so

19

00:00:53,270 --> 00:00:49,500

if I were to guess I would say that

20

00:00:55,430 --> 00:00:53,280

there's one guy one person who owns most

21

00:00:57,110 --> 00:00:55,440

of this land

22

00:00:59,090 --> 00:00:57,120

um

23

00:00:59,630 --> 00:00:59,100

and

24

00:01:03,049 --> 00:00:59,640

um

25

00:01:05,030 --> 00:01:03,059

it's completely undeveloped land and

26

00:01:07,850 --> 00:01:05,040

completely uh

27

00:01:09,289 --> 00:01:07,860

it's pretty it's pretty rustic pretty

28

00:01:11,929 --> 00:01:09,299

rural

29

00:01:13,490 --> 00:01:11,939

um but you know actually I mean I'm

30

00:01:14,870 --> 00:01:13,500

enjoying this I'm worried about my car

31

00:01:17,929 --> 00:01:14,880

though because I pretty much had to park

32

00:01:20,149 --> 00:01:17,939

it near the end of the road there and I

33

00:01:22,190 --> 00:01:20,159

hope you know

34

00:01:24,770 --> 00:01:22,200

that's not a problem I knocked on the

35

00:01:27,530 --> 00:01:24,780

door of that house there was nobody home

36

00:01:30,590 --> 00:01:27,540

they are blocking the road

37

00:01:35,510 --> 00:01:30,600

um I parked on the side of

38

00:01:37,429 --> 00:01:35,520

the end of the road so I got another uh

39

00:01:39,710 --> 00:01:37,439

half mile hike

40

00:01:42,289 --> 00:01:39,720

to see this land friends

41

00:01:43,429 --> 00:01:42,299

uh great

42

00:01:45,530 --> 00:01:43,439

um

43

00:01:49,670 --> 00:01:45,540

so let me get to the actual land and

44

00:01:52,429 --> 00:01:49,680

then I'll uh come back to you guys and I

45

00:01:54,109 --> 00:01:52,439

I should focus on my feet here there's a

46

00:01:56,690 --> 00:01:54,119

lot of rocks and

47

00:01:58,609 --> 00:01:56,700

trees and debris

48

00:02:01,370 --> 00:01:58,619

it's going to be fun if I were to

49

00:02:04,069 --> 00:02:01,380

purchase a property here you know it

50

00:02:06,050 --> 00:02:04,079

would be my responsibility I suppose to

51

00:02:09,710 --> 00:02:06,060

maintain this this

52

00:02:11,410 --> 00:02:09,720

I don't know a mile long road into the

53

00:02:14,809 --> 00:02:11,420

actual land

54

00:02:16,070 --> 00:02:14,819

and that's not a good thing but it also

55

00:02:18,650 --> 00:02:16,080

is a good thing because if you think

56

00:02:19,850 --> 00:02:18,660

about it like there's there's no

57

00:02:21,290 --> 00:02:19,860

Neighbors

58

00:02:25,250 --> 00:02:21,300

there's nothing but Woods for Miles

59

00:02:27,170 --> 00:02:25,260

friends love it I love that part of it a

60

00:02:30,350 --> 00:02:27,180

little rustic little scary like getting

61

00:02:32,630 --> 00:02:30,360

in and out of here huh so let me find

62

00:02:34,850 --> 00:02:32,640

the actual land and I'll come back to

63

00:02:38,330 --> 00:02:34,860

you guys

64

00:02:40,490 --> 00:02:38,340

well my friends uh we have reached the

65

00:02:41,990 --> 00:02:40,500

crossroads This Land Is Right at a

66

00:02:43,970 --> 00:02:42,000

Crossroads yes believe it or not that's

67

00:02:46,729 --> 00:02:43,980

what they call another road that's not

68

00:02:49,729 --> 00:02:46,739

the road that the land is on this is the

69

00:02:53,089 --> 00:02:49,739

road that the land is on if you can call

70

00:02:55,250 --> 00:02:53,099

that a road and you can see there is uh

71

00:02:56,030 --> 00:02:55,260

all kinds of trees in the way of the

72

00:02:58,369 --> 00:02:56,040

road

73

00:02:59,509 --> 00:02:58,379

and as far as I understand

74

00:03:03,229 --> 00:02:59,519

um

75

00:03:05,869 --> 00:03:03,239

this is uh like a gray area is it the

76

00:03:08,089 --> 00:03:05,879

Township's responsibility to uh

77

00:03:09,770 --> 00:03:08,099

maintain this road and keep it clear and

78

00:03:10,670 --> 00:03:09,780

accessible probably not they're not

79

00:03:13,190 --> 00:03:10,680

going to do that they're not going to

80

00:03:15,649 --> 00:03:13,200

come back here miles into the woods on a

81

00:03:19,009 --> 00:03:15,659

dirt road and clear it so that would be

82

00:03:22,250 --> 00:03:19,019

you know one issue is I would have to

83

00:03:25,790 --> 00:03:22,260

always be keeping the road

84

00:03:27,530 --> 00:03:25,800

clear somehow in order to uh

85

00:03:29,390 --> 00:03:27,540

make it

86

00:03:32,809 --> 00:03:29,400

and

87

00:03:36,649 --> 00:03:32,819

it would appear that this here

88

00:03:37,850 --> 00:03:36,659

is the actual land so while it's only an

89

00:03:41,509 --> 00:03:37,860

acre

90

00:03:42,850 --> 00:03:41,519

of actual land that you'd be I would be

91

00:03:45,530 --> 00:03:42,860

purchasing

92

00:03:48,890 --> 00:03:45,540

we're way back in the woods here friends

93

00:03:51,170 --> 00:03:48,900

and there is no neighbors anywhere

94

00:03:54,589 --> 00:03:51,180

uh

95

00:03:56,750 --> 00:03:54,599

yeah I kind of I kind of like it

96

00:03:58,729 --> 00:03:56,760

um the road does continue up the hill

97

00:04:01,009 --> 00:03:58,739

I'm gonna take a walk up there just to

98

00:04:04,009 --> 00:04:01,019

see if there's any homes or cabins or

99

00:04:07,449 --> 00:04:04,019

trailers or anything off in the distance

100

00:04:11,089 --> 00:04:09,350

absolute

101
00:04:16,250 --> 00:04:11,099
silence

102
00:04:22,610 --> 00:04:18,890
or something back here oh no maybe not

103
00:04:29,629 --> 00:04:25,010
so I'm gonna

104
00:04:34,370 --> 00:04:32,689
this is about as rural as I could ask

105
00:04:37,070 --> 00:04:34,380
for I mean look at this

106
00:04:40,730 --> 00:04:37,080
is just nothing but Woods

107
00:04:43,129 --> 00:04:40,740
and as far as trees uh remember I'll be

108
00:04:46,310 --> 00:04:43,139
building a log cabin here

109
00:04:47,930 --> 00:04:46,320
and it appears that there is uh plenty

110
00:04:50,450 --> 00:04:47,940
of standing dead

111
00:04:52,730 --> 00:04:50,460
trees which is my preference if you're

112
00:04:53,570 --> 00:04:52,740
gonna cut a tree down that'd already be

113
00:04:56,090 --> 00:04:53,580

dead

114

00:04:59,270 --> 00:04:56,100

Harvest it and put it to good use either

115

00:05:01,909 --> 00:04:59,280

for firewood or for building materials

116

00:05:12,650 --> 00:05:01,919

there is already

117

00:05:18,950 --> 00:05:14,689

incredible

118

00:05:20,870 --> 00:05:18,960

sort of surroundings and here's

119

00:05:23,689 --> 00:05:20,880

something that's great there's rocks

120

00:05:25,370 --> 00:05:23,699

everywhere and one of the things that's

121

00:05:27,469 --> 00:05:25,380

on my list

122

00:05:30,110 --> 00:05:27,479

is to check this property for natural

123

00:05:32,390 --> 00:05:30,120

resources the building materials we'll

124

00:05:35,150 --> 00:05:32,400

be using here

125

00:05:39,230 --> 00:05:35,160

are all

126

00:05:41,330 --> 00:05:39,240

trees and stones and there appears to be

127

00:05:44,090 --> 00:05:41,340

just like my property a few miles from

128

00:05:45,890 --> 00:05:44,100

here where the original cabin I built is

129

00:05:50,450 --> 00:05:45,900

there is

130

00:05:53,330 --> 00:05:50,460

Stones Galore so if you were willing to

131

00:05:56,150 --> 00:05:53,340

work and you wanted to build a fireplace

132

00:06:00,409 --> 00:05:56,160

a stone hearse for a wood stove

133

00:06:03,430 --> 00:06:00,419

a stone floor a stone foundation there

134

00:06:05,810 --> 00:06:03,440

is Stone everywhere on this property

135

00:06:08,150 --> 00:06:05,820

which of course that could be a bad side

136

00:06:15,770 --> 00:06:08,160

too that could be a bad thing if you're

137

00:06:15,780 --> 00:06:18,800

um

138

00:06:22,730 --> 00:06:20,689

[Music]

139

00:06:25,490 --> 00:06:22,740

and I see somebody has a Post-It no

140

00:06:27,710 --> 00:06:25,500

trespassing sign over there so I'm

141

00:06:28,969 --> 00:06:27,720

assuming maybe that's where the property

142

00:06:31,670 --> 00:06:28,979

line is

143

00:06:35,210 --> 00:06:31,680

course nothing is staked I have to talk

144

00:06:36,710 --> 00:06:35,220

to the realtor or get a GPS app out to

145

00:06:38,390 --> 00:06:36,720

find

146

00:06:39,650 --> 00:06:38,400

the

147

00:06:41,990 --> 00:06:39,660

um

148

00:06:44,809 --> 00:06:42,000

to find the actual corners of the

149

00:06:47,689 --> 00:06:44,819

property this is uh

150

00:06:50,390 --> 00:06:47,699

this is actually three lots of land for

151
00:06:52,909 --> 00:06:50,400
some reason they section them off into

152
00:06:56,510 --> 00:06:52,919
Lots here when you consider the fact

153
00:06:58,790 --> 00:06:56,520
that there's no one here this is totally

154
00:07:02,150 --> 00:06:58,800
Woods right

155
00:07:04,270 --> 00:07:02,160
I really like this and there does appear

156
00:07:08,029 --> 00:07:04,280
to be at least a few

157
00:07:10,850 --> 00:07:08,039
clearings there's a clearing over here

158
00:07:12,710 --> 00:07:10,860
no trees

159
00:07:14,270 --> 00:07:12,720
so if I were to build a cabin it

160
00:07:17,110 --> 00:07:14,280
wouldn't be too difficult to find a

161
00:07:19,909 --> 00:07:17,120
build site here

162
00:07:23,150 --> 00:07:19,919
really interesting

163
00:07:24,469 --> 00:07:23,160

I'm glad that I I honestly I was gonna I

164

00:07:25,670 --> 00:07:24,479

was gonna bail I was gonna call the

165

00:07:27,290 --> 00:07:25,680

realer and tell them look I can't even

166

00:07:30,050 --> 00:07:27,300

get through the road

167

00:07:31,969 --> 00:07:30,060

but I decided to hike through and uh

168

00:07:32,809 --> 00:07:31,979

here's another thing friends

169

00:07:35,990 --> 00:07:32,819

um

170

00:07:38,629 --> 00:07:36,000

most people won't do that and

171

00:07:40,610 --> 00:07:38,639

that's also that road problem is a huge

172

00:07:42,469 --> 00:07:40,620

detriment so I might be able to

173

00:07:44,029 --> 00:07:42,479

negotiate and say look the road is a

174

00:07:47,270 --> 00:07:44,039

huge problem like what are we going to

175

00:07:50,270 --> 00:07:47,280

do here we cannot

176
00:07:52,010 --> 00:07:50,280
cannot you know even get through here

177
00:07:53,990 --> 00:07:52,020
with a vehicle

178
00:07:55,430 --> 00:07:54,000
so that's a huge amount of work just to

179
00:08:00,290 --> 00:07:55,440
be able to get

180
00:08:03,110 --> 00:08:00,300
the actual land

181
00:08:06,189 --> 00:08:03,120
and uh land itself looks pretty good

182
00:08:09,409 --> 00:08:06,199
here I'm seeing Stones everywhere

183
00:08:12,350 --> 00:08:09,419
everywhere I look there's Stones so like

184
00:08:14,809 --> 00:08:12,360
I said a Fireplace stone foundation hell

185
00:08:17,150 --> 00:08:14,819
to be honest with you it looks like

186
00:08:19,730 --> 00:08:17,160
there's enough Stone here to build a

187
00:08:22,550 --> 00:08:19,740
cabin the whole cabin out of stone there

188
00:08:24,490 --> 00:08:22,560

is some there is just a massive amount

189

00:08:28,189 --> 00:08:24,500

of stones here

190

00:08:30,110 --> 00:08:28,199

and many of them look flat and

191

00:08:32,630 --> 00:08:30,120

you know

192

00:08:34,730 --> 00:08:32,640

showing the example see here

193

00:08:36,829 --> 00:08:34,740

they uh

194

00:08:38,990 --> 00:08:36,839

we have a

195

00:08:40,790 --> 00:08:39,000

you know you want flat stones for

196

00:08:44,630 --> 00:08:40,800

building a floor

197

00:08:51,230 --> 00:08:47,590

lots and lots of uh

198

00:08:53,509 --> 00:08:51,240

lots and lots of flat stone that's

199

00:08:56,930 --> 00:08:53,519

everywhere on this property

200

00:08:58,970 --> 00:08:56,940

and uh from what I see

201

00:09:01,130 --> 00:08:58,980

you could build a stone cabin here

202

00:09:03,050 --> 00:09:01,140

absolutely I wouldn't even have to cut

203

00:09:04,490 --> 00:09:03,060

down trees I could absolutely build a

204

00:09:06,290 --> 00:09:04,500

stone cabin here

205

00:09:08,269 --> 00:09:06,300

with the number of stones that I'm

206

00:09:13,190 --> 00:09:08,279

seeing and I mean

207

00:09:15,470 --> 00:09:13,200

probably like 15 by 30 or even 15 by 50

208

00:09:16,430 --> 00:09:15,480

cabin

209

00:09:19,910 --> 00:09:16,440

um

210

00:09:21,590 --> 00:09:19,920

yeah who knows I mean I've never built a

211

00:09:24,829 --> 00:09:21,600

whole cabin out of stone but I'd like to

212

00:09:27,170 --> 00:09:24,839

try that a little Stone Cottage here in

213

00:09:28,870 --> 00:09:27,180

the woods instead of a log cabin Maybe

214

00:09:32,090 --> 00:09:28,880

might be

215

00:09:35,449 --> 00:09:32,100

a better thing yeah

216

00:09:37,490 --> 00:09:35,459

so uh I am gonna hike back to my car

217

00:09:39,410 --> 00:09:37,500

friends because I'm worried about my car

218

00:09:41,509 --> 00:09:39,420

which I just left at somebody's house

219

00:09:44,329 --> 00:09:41,519

because there's no

220

00:09:49,430 --> 00:09:44,339

there was no way to get past the truck

221

00:09:59,690 --> 00:09:50,329

um

222

00:10:05,329 --> 00:10:02,870

so friends uh

223

00:10:08,630 --> 00:10:05,339

yeah we're gonna call it a day here look

224

00:10:12,230 --> 00:10:08,640

what a beautiful place though I mean

225

00:10:15,590 --> 00:10:12,240

hear that lovely uh

226

00:10:18,290 --> 00:10:15,600

birds in the background there's no

227

00:10:19,610 --> 00:10:18,300

noise you can't hear like road noise

228

00:10:22,310 --> 00:10:19,620

even

229

00:10:25,310 --> 00:10:22,320

all the way back here we're about

230

00:10:28,990 --> 00:10:25,320

um two miles off of the pavement or the

231

00:10:31,490 --> 00:10:29,000

paved road the main road is uh

232

00:10:32,930 --> 00:10:31,500

I'm not going to mention the name of the

233

00:10:35,030 --> 00:10:32,940

road but it's a well-known Road around

234

00:10:38,389 --> 00:10:35,040

here in the Pocono Mountains it's a

235

00:10:43,310 --> 00:10:38,399

paved two-lane sort of highway I think

236

00:10:45,230 --> 00:10:43,320

the speed limit's 55 45 maybe but we're

237

00:10:47,269 --> 00:10:45,240

a good mile

238

00:10:52,310 --> 00:10:47,279

from there

239

00:10:58,850 --> 00:10:56,090

yeah uh just amazing at least

240

00:11:01,310 --> 00:10:58,860

seems to be

241

00:11:04,370 --> 00:11:01,320

quite the uh

242

00:11:07,670 --> 00:11:04,380

quite the parcel of rural

243

00:11:09,829 --> 00:11:07,680

land I mean this is exactly what I

244

00:11:12,190 --> 00:11:09,839

wanted when I first built my other cabin

245

00:11:15,530 --> 00:11:12,200

but I just couldn't find anything

246

00:11:18,650 --> 00:11:15,540

anywhere near this remote that would

247

00:11:21,889 --> 00:11:18,660

work for us so we ended up with the you

248

00:11:23,870 --> 00:11:21,899

know sort of a community situation but

249

00:11:25,250 --> 00:11:23,880

this I like much better I mean talk

250

00:11:28,130 --> 00:11:25,260

about being

251
00:11:30,110 --> 00:11:28,140
alone in the wilderness there is nothing

252
00:11:32,509 --> 00:11:30,120
here you can see there's a no

253
00:11:34,850 --> 00:11:32,519
trespassing sign I'm assuming that may

254
00:11:36,829 --> 00:11:34,860
be one of the property lines

255
00:11:38,750 --> 00:11:36,839
and uh actually I'm gonna go take a walk

256
00:11:42,230 --> 00:11:38,760
up this hill and see if there's anything

257
00:11:44,389 --> 00:11:42,240
up there like cabins or I don't hear

258
00:11:45,949 --> 00:11:44,399
anything and I doubt

259
00:11:48,470 --> 00:11:45,959
I doubt there's anything up there

260
00:11:50,150 --> 00:11:48,480
because nobody's been through this road

261
00:11:53,090 --> 00:11:50,160
you can tell by all the debris in the

262
00:11:54,350 --> 00:11:53,100
road nobody's been through this road for

263
00:11:57,530 --> 00:11:54,360

quite some time

264

00:12:02,329 --> 00:11:57,540

years maybe and I like that too

265

00:12:03,889 --> 00:12:02,339

this is like a hidden hideaway friends I

266

00:12:05,690 --> 00:12:03,899

love it uh

267

00:12:07,850 --> 00:12:05,700

so I gotta talk to

268

00:12:10,490 --> 00:12:07,860

you know the boss my wife

269

00:12:18,290 --> 00:12:10,500

and I'll show her these videos and see

270

00:12:23,650 --> 00:12:20,329

beautiful though and there's a nice

271

00:12:27,490 --> 00:12:23,660

selection of different trees I saw

272

00:12:30,230 --> 00:12:27,500

Beech trees birch trees cherry trees

273

00:12:31,610 --> 00:12:30,240

there's some Pine in there but most of

274

00:12:35,690 --> 00:12:31,620

these are

275

00:12:37,910 --> 00:12:35,700

uh you know like I saw Maple I did see

276

00:12:40,850 --> 00:12:37,920

some maple trees so if I want to get

277

00:12:43,009 --> 00:12:40,860

crazy uh off grid here and learn to make

278

00:12:44,930 --> 00:12:43,019

my own maple syrup that's a possibility

279

00:12:46,370 --> 00:12:44,940

with the number of maple that I saw up

280

00:12:49,550 --> 00:12:46,380

here

281

00:12:51,829 --> 00:12:49,560

amazing amazing place

282

00:12:53,930 --> 00:12:51,839

I could imagine like this would be a

283

00:12:55,970 --> 00:12:53,940

really nice just campsite you know

284

00:12:58,670 --> 00:12:55,980

forget about building anything here just

285

00:13:00,110 --> 00:12:58,680

make it a campsite and uh private

286

00:13:02,930 --> 00:13:00,120

campsite

287

00:13:05,150 --> 00:13:02,940

that you could return to every year

288

00:13:08,810 --> 00:13:05,160

rest

289

00:13:11,150 --> 00:13:08,820

rejuvenate recharge soak up that

290

00:13:13,910 --> 00:13:11,160

beautiful nature and uh

291

00:13:16,009 --> 00:13:13,920

quite the canopy of trees so it's pretty

292

00:13:19,069 --> 00:13:16,019

shady here

293

00:13:21,829 --> 00:13:19,079

um it's about 80 or 80 85 even out today

294

00:13:24,650 --> 00:13:21,839

but it's super cool here probably

295

00:13:28,610 --> 00:13:24,660

because the tree canopy up there is uh

296

00:13:32,030 --> 00:13:28,620

really shading this area

297

00:13:35,210 --> 00:13:32,040

yeah so that's me friends uh looking at

298

00:13:37,250 --> 00:13:35,220

rural land doesn't get more rural than

299

00:13:39,190 --> 00:13:37,260

this you can't even you can't even drive

300

00:13:42,069 --> 00:13:39,200

back here you gotta

301
00:13:44,750 --> 00:13:42,079
I had a hike about a mile

302
00:13:46,490 --> 00:13:44,760
so I'm gonna go do the hike back friends

303
00:13:50,690 --> 00:13:46,500
and uh

304
00:13:52,730 --> 00:13:50,700
I I just wanted to share this though for

305
00:13:56,389 --> 00:13:52,740
those that have asked me about buying

306
00:13:59,030 --> 00:13:56,399
land and building cabins and you know uh

307
00:14:02,449 --> 00:13:59,040
it's one of the huge interests of mine

308
00:14:05,210 --> 00:14:02,459
I think this is absolutely beautiful uh

309
00:14:07,730 --> 00:14:05,220
really really the best place that I have

310
00:14:09,530 --> 00:14:07,740
seen I I didn't make videos of the other

311
00:14:10,670 --> 00:14:09,540
places because honestly they were just

312
00:14:13,610 --> 00:14:10,680
not good

313
00:14:16,910 --> 00:14:13,620

they weren't good places at all

314

00:14:19,670 --> 00:14:16,920

um neighbors too close one had a very

315

00:14:21,230 --> 00:14:19,680

Noisy Neighbor with three dogs barking

316

00:14:24,490 --> 00:14:21,240

the whole time I was looking at the land

317

00:14:29,269 --> 00:14:24,500

didn't like that no

318

00:14:31,850 --> 00:14:29,279

this my friends I prefer it's just

319

00:14:36,790 --> 00:14:31,860

totally what I want like off by itself

320

00:14:41,810 --> 00:14:36,800

no neighbors nothing but woods around

321

00:14:47,030 --> 00:14:44,150

all right friends I'm gonna go uh take

322

00:14:48,769 --> 00:14:47,040

another little hike before I hike my all

323

00:14:50,329 --> 00:14:48,779

the way back to my car like I said I'm

324

00:14:52,550 --> 00:14:50,339

worried about my car because I you know

325

00:14:54,410 --> 00:14:52,560

I don't know those people might come

326

00:14:55,850 --> 00:14:54,420

home and just see a car like off the

327

00:14:58,189 --> 00:14:55,860

side of the road and wonder who the hell

328

00:15:00,710 --> 00:14:58,199

it is or call the cops or so I don't

329

00:15:03,290 --> 00:15:00,720

know how people react to that here

330

00:15:07,189 --> 00:15:03,300

people like their privacy here

331

00:15:11,329 --> 00:15:08,810

beautiful place

332

00:15:14,329 --> 00:15:11,339

I like it let me know what you guys

333

00:15:17,269 --> 00:15:14,339

think this is a good place to uh Retreat

334

00:15:19,790 --> 00:15:17,279

from the world it's miles from any

335

00:15:21,650 --> 00:15:19,800

neighbors it's miles from even a paved

336

00:15:23,569 --> 00:15:21,660

Road

337

00:15:26,870 --> 00:15:23,579

uh

338

00:15:29,090 --> 00:15:26,880

very very remote I think this would be

339

00:15:31,430 --> 00:15:29,100

the perfect place to build uh someplace

340

00:15:34,370 --> 00:15:31,440

off grid I suppose one of my only

341

00:15:37,009 --> 00:15:34,380

concerns would be that there is no sun

342

00:15:40,189 --> 00:15:37,019

here so solar would not work well at all

343

00:15:43,389 --> 00:15:40,199

you need a gas powered generator

344

00:15:46,009 --> 00:15:43,399

for a while until that got figured out

345

00:15:49,250 --> 00:15:46,019

I mean it looks sunny in the video but

346

00:15:51,650 --> 00:15:49,260

it it's pretty dim here actually friends

347

00:15:54,050 --> 00:15:51,660

not good for solar power but otherwise

348

00:15:57,590 --> 00:15:54,060

look at this there's nothing here but

349

00:15:59,210 --> 00:15:57,600

Woods for Miles I love it nobody's going

350

00:16:00,829 --> 00:15:59,220

to develop the rest of this land for

351
00:16:01,910 --> 00:16:00,839
quite some time so you kind of get a

352
00:16:03,050 --> 00:16:01,920
bonus

353
00:16:05,389 --> 00:16:03,060
and

354
00:16:06,949 --> 00:16:05,399
what they call a road I would call that

355
00:16:09,470 --> 00:16:06,959
a hiking trail

356
00:16:12,410 --> 00:16:09,480
you could you know hike up and down that

357
00:16:14,810 --> 00:16:12,420
hiking trail every day or up here

358
00:16:16,670 --> 00:16:14,820
through wherever the hell it goes but I

359
00:16:19,430 --> 00:16:16,680
looked on satellite maps and it doesn't

360
00:16:22,610 --> 00:16:19,440
appear that there's any homes up there

361
00:16:24,410 --> 00:16:22,620
back here through there down this other

362
00:16:27,769 --> 00:16:24,420
road that we found

363
00:16:29,389 --> 00:16:27,779

uh there is just nothing nothing for

364

00:16:31,430 --> 00:16:29,399

Miles friends

365

00:16:34,430 --> 00:16:31,440

so

366

00:16:35,870 --> 00:16:34,440

there is just nothing nothing for miles

367

00:16:37,430 --> 00:16:35,880

and uh

368

00:16:39,710 --> 00:16:37,440

quite honestly if you want a little

369

00:16:42,949 --> 00:16:39,720

retreat in the woods this is what you

370

00:16:45,170 --> 00:16:42,959

want no neighbors nothing around

371

00:16:47,210 --> 00:16:45,180

love it

372

00:16:50,449 --> 00:16:47,220

so uh

373

00:16:54,050 --> 00:16:50,459

the uh the land is

374

00:16:55,069 --> 00:16:54,060

oh about a few three four city blocks up

375

00:16:58,610 --> 00:16:55,079

there

376

00:17:00,470 --> 00:16:58,620

uh where we just came from and uh yeah

377

00:17:03,170 --> 00:17:00,480

I'm just walking back to the vehicle

378

00:17:05,630 --> 00:17:03,180

where the road ended because of a truck

379

00:17:07,130 --> 00:17:05,640

in the road and uh you know I was

380

00:17:08,510 --> 00:17:07,140

thinking about it I I don't know what

381

00:17:10,309 --> 00:17:08,520

you would do if you purchased this

382

00:17:12,110 --> 00:17:10,319

property like

383

00:17:14,210 --> 00:17:12,120

I would try to

384

00:17:16,010 --> 00:17:14,220

talk to those neighbors and explain that

385

00:17:17,569 --> 00:17:16,020

I needed them to move that truck so I

386

00:17:19,069 --> 00:17:17,579

could get through here

387

00:17:21,110 --> 00:17:19,079

um hopefully they're nice people and

388

00:17:23,750 --> 00:17:21,120

they understand

389

00:17:26,090 --> 00:17:23,760

um but it looked like that truck was

390

00:17:28,850 --> 00:17:26,100

you know a foot sunk down in the mud and

391

00:17:30,169 --> 00:17:28,860

might not move so then I what am I going

392

00:17:32,030 --> 00:17:30,179

to do then you know I got to talk to

393

00:17:32,870 --> 00:17:32,040

them like can I clear a path around your

394

00:17:35,390 --> 00:17:32,880

truck

395

00:17:37,789 --> 00:17:35,400

so my vehicle can get through

396

00:17:39,529 --> 00:17:37,799

until you have time to clear the road

397

00:17:40,669 --> 00:17:39,539

you know

398

00:17:42,710 --> 00:17:40,679

um

399

00:17:44,930 --> 00:17:42,720

and uh that makes me a little nervous

400

00:17:48,169 --> 00:17:44,940

because that situation could be easily

401
00:17:50,270 --> 00:17:48,179
resolved with a nice decent person that

402
00:17:53,210 --> 00:17:50,280
just says oh yeah you bought land up the

403
00:17:54,890 --> 00:17:53,220
up the dirt road I'm sorry nobody's used

404
00:17:57,230 --> 00:17:54,900
that road for years we'll move the truck

405
00:17:58,190 --> 00:17:57,240
not a problem I'd even help them move

406
00:18:01,070 --> 00:17:58,200
the truck

407
00:18:04,669 --> 00:18:01,080
but that situation could go another way

408
00:18:06,830 --> 00:18:04,679
which is you know a sort of bitter angry

409
00:18:09,049 --> 00:18:06,840
person who doesn't want to have somebody

410
00:18:10,190 --> 00:18:09,059
using this road who's been using the

411
00:18:13,190 --> 00:18:10,200
road as

412
00:18:16,070 --> 00:18:13,200
it looks like they're using the road

413
00:18:17,450 --> 00:18:16,080

as part of their yard you know which I

414

00:18:19,430 --> 00:18:17,460

guess I don't blame them if nobody's

415

00:18:22,669 --> 00:18:19,440

coming up through here and they're the

416

00:18:27,770 --> 00:18:22,679

last house on this dirt path dirt road

417

00:18:30,409 --> 00:18:27,780

hey good for them but uh

418

00:18:33,049 --> 00:18:30,419

yeah it's uh that could be that could be

419

00:18:36,650 --> 00:18:33,059

a problem and look at this friends this

420

00:18:39,350 --> 00:18:36,660

is this is absolutely beautiful right

421

00:18:44,510 --> 00:18:39,360

absolutely beautiful there's nothing

422

00:18:47,510 --> 00:18:44,520

here nothing but woods from miles I like

423

00:18:51,230 --> 00:18:47,520

that you know this is the perfect place

424

00:18:55,070 --> 00:18:51,240

to escape to what a hideaway this is it

425

00:19:01,430 --> 00:18:58,150

hide away in the woods right

426

00:19:03,650 --> 00:19:01,440

absolutely beautiful and here we see

427

00:19:05,630 --> 00:19:03,660

there's a lot more pine trees and things

428

00:19:08,810 --> 00:19:05,640

along the path

429

00:19:12,470 --> 00:19:08,820

a little more diversity here than the

430

00:19:19,370 --> 00:19:13,549

and

431

00:19:22,130 --> 00:19:19,380

any major I don't really see any

432

00:19:23,690 --> 00:19:22,140

I don't see any major you know like

433

00:19:26,750 --> 00:19:23,700

there's not a

434

00:19:28,310 --> 00:19:26,760

three or four foot log laying in the

435

00:19:30,710 --> 00:19:28,320

middle of the road so this it's all

436

00:19:33,830 --> 00:19:30,720

small stuff you just push to the side or

437

00:19:35,870 --> 00:19:33,840

cut up with a chainsaw and hey look if

438

00:19:38,390 --> 00:19:35,880

I'm gonna clear this road of all this

439

00:19:41,210 --> 00:19:38,400

all these logs in the way that's

440

00:19:42,470 --> 00:19:41,220

firewood it's on a public road nobody

441

00:19:45,409 --> 00:19:42,480

will mind

442

00:19:48,470 --> 00:19:45,419

we're building materials or whatever and

443

00:19:51,529 --> 00:19:48,480

that expands the resources that the

444

00:19:54,110 --> 00:19:51,539

purchase of the property here comes with

445

00:19:56,870 --> 00:19:54,120

so some people would see this as a

446

00:19:58,909 --> 00:19:56,880

as a you know a negative like look at

447

00:20:01,730 --> 00:19:58,919

all these little logs in the road no not

448

00:20:06,010 --> 00:20:01,740

me that looks like a roof beam to me

449

00:20:10,610 --> 00:20:07,690

absolutely

450

00:20:12,770 --> 00:20:10,620

this is my favorite of all I've looked

451
00:20:16,250 --> 00:20:12,780
my friends I have looked at 10 different

452
00:20:19,250 --> 00:20:16,260
properties here and uh none of them seem

453
00:20:20,450 --> 00:20:19,260
to fit the bill until we got here and

454
00:20:22,970 --> 00:20:20,460
also

455
00:20:26,090 --> 00:20:22,980
I think it's important if you are

456
00:20:28,970 --> 00:20:26,100
selecting land to purchase

457
00:20:31,669 --> 00:20:28,980
well I I sat on a big boulder on the

458
00:20:33,830 --> 00:20:31,679
land that's for sale and I just looked

459
00:20:35,750 --> 00:20:33,840
around and I I got a really good feeling

460
00:20:37,669 --> 00:20:35,760
there like like I could see myself

461
00:20:40,070 --> 00:20:37,679
spending time there

462
00:20:41,090 --> 00:20:40,080
and building and developing that

463
00:20:44,330 --> 00:20:41,100

property

464

00:20:46,430 --> 00:20:44,340

so I think that that is something you

465

00:20:50,810 --> 00:20:46,440

should do you should you should spend a

466

00:20:55,850 --> 00:20:54,289

is this something uh is this a place I

467

00:20:58,130 --> 00:20:55,860

could see myself spending a lot of time

468

00:20:59,450 --> 00:20:58,140

at and enjoying the time that I spend

469

00:21:04,100 --> 00:20:59,460

there

470

00:21:09,590 --> 00:21:04,110

my answer to that place was absolutely

471

00:21:15,409 --> 00:21:13,190

yeah this my friends this is the Pocono

472

00:21:18,590 --> 00:21:15,419

Mountains that I love look at this this

473

00:21:20,930 --> 00:21:18,600

is just Boulders and rocks and there's

474

00:21:23,570 --> 00:21:20,940

some Trails through here but uh

475

00:21:25,669 --> 00:21:23,580

again I think

476

00:21:27,830 --> 00:21:25,679

stuff on both sides of this so-called

477

00:21:30,110 --> 00:21:27,840

road is private property I wouldn't I

478

00:21:31,789 --> 00:21:30,120

wouldn't trespass people around here

479

00:21:34,370 --> 00:21:31,799

don't take kindly to that because

480

00:21:36,230 --> 00:21:34,380

there's a lot of Hunter poachers you

481

00:21:38,390 --> 00:21:36,240

know I'm sure if you got to know whoever

482

00:21:39,830 --> 00:21:38,400

the owner is or the or some of the

483

00:21:41,930 --> 00:21:39,840

neighbors and say Hey you know I'm not

484

00:21:44,029 --> 00:21:41,940

hunting I'm just hiking is it okay if I

485

00:21:46,909 --> 00:21:44,039

hike through your Trails they they're

486

00:21:49,909 --> 00:21:46,919

okay with that but it's a real cardinal

487

00:21:51,890 --> 00:21:49,919

sin to go on somebody else's land and to

488

00:21:55,130 --> 00:21:51,900

harvest a deer or

489

00:21:58,250 --> 00:21:55,140

uh wild turkeys or anything really you

490

00:22:00,409 --> 00:21:58,260

know or wood people do that they you

491

00:22:03,110 --> 00:22:00,419

know go into the

492

00:22:04,850 --> 00:22:03,120

woods with a pickup truck and and chop

493

00:22:06,529 --> 00:22:04,860

down trees on somebody else's land

494

00:22:10,370 --> 00:22:06,539

that's another Cardinals in here you

495

00:22:12,289 --> 00:22:10,380

don't do that but gee what what a

496

00:22:14,870 --> 00:22:12,299

beautiful place man I wouldn't even care

497

00:22:16,909 --> 00:22:14,880

if I could get my car just past that

498

00:22:20,169 --> 00:22:16,919

road I would hike in here for a while

499

00:22:26,330 --> 00:22:20,179

until I figured it out you know

500

00:22:31,190 --> 00:22:27,649

[Music]

501
00:22:33,529 --> 00:22:31,200
and uh I'm gonna have to spend a lot of

502
00:22:36,529 --> 00:22:33,539
time probably a couple of weekends just

503
00:22:39,649 --> 00:22:36,539
clearing the road out and trying to make

504
00:22:41,149 --> 00:22:39,659
sure that I can get my car back here

505
00:22:42,710 --> 00:22:41,159
you know when I looked for new vehicles

506
00:22:44,029 --> 00:22:42,720
I tried like hell to get a car a

507
00:22:45,409 --> 00:22:44,039
four-wheel drive but we just couldn't

508
00:22:47,630 --> 00:22:45,419
find one that was anywhere near

509
00:22:49,549 --> 00:22:47,640
affordable so I ended up with a car with

510
00:22:51,409 --> 00:22:49,559
traction control

511
00:22:54,169 --> 00:22:51,419
now that'll work in the spring summer

512
00:22:55,730 --> 00:22:54,179
and fall but there's no way on God's

513
00:22:57,649 --> 00:22:55,740

green earth that I would be able to get

514

00:23:00,289 --> 00:22:57,659

through here uh in the winter time

515

00:23:02,690 --> 00:23:00,299

because the snow pack could be two or

516

00:23:04,630 --> 00:23:02,700

three feet unless I had a truck with a

517

00:23:09,409 --> 00:23:04,640

plow and I plowed this whole thing but

518

00:23:14,149 --> 00:23:09,419

it's it's like a mile you know I don't

519

00:23:21,590 --> 00:23:16,909

interesting

520

00:23:23,930 --> 00:23:21,600

nothing but woods and this is so Serene

521

00:23:27,590 --> 00:23:23,940

friends it is really

522

00:23:29,990 --> 00:23:27,600

this I I was expecting

523

00:23:32,149 --> 00:23:30,000

honestly I looked at the satellite maps

524

00:23:35,510 --> 00:23:32,159

and I didn't realize that this road was

525

00:23:36,529 --> 00:23:35,520

so remote and I thought it was a paved

526
00:23:39,350 --> 00:23:36,539
Road

527
00:23:45,970 --> 00:23:39,360
around patches of woods but it turns out

528
00:23:45,980 --> 00:23:55,310
this is a very rural road

529
00:23:58,250 --> 00:23:56,870
now what they call River and you can see

530
00:24:00,710 --> 00:23:58,260
off in the distance there we're

531
00:24:03,350 --> 00:24:00,720
approaching where I came in at

532
00:24:05,990 --> 00:24:03,360
there's the uh truck that's blocking the

533
00:24:07,490 --> 00:24:06,000
whole Road it looks like I should be

534
00:24:09,830 --> 00:24:07,500
able to fight they got pile of course

535
00:24:11,810 --> 00:24:09,840
they have piles of wood on both sides so

536
00:24:14,029 --> 00:24:11,820
piles of firewood on both sides of the

537
00:24:15,950 --> 00:24:14,039
truck but like I said

538
00:24:18,409 --> 00:24:15,960

I guess I would just talk to them and

539

00:24:21,049 --> 00:24:18,419

say hey uh you know I bought land up

540

00:24:22,549 --> 00:24:21,059

this dirt road and I can't I can't get

541

00:24:26,210 --> 00:24:22,559

through can I

542

00:24:28,490 --> 00:24:26,220

can I help you to clear the you know

543

00:24:34,730 --> 00:24:28,500

make sure that I have access through

544

00:24:39,470 --> 00:24:37,070

and this is going to be a problem this

545

00:24:42,529 --> 00:24:39,480

is really overgrown so I'd have to weed

546

00:24:44,930 --> 00:24:42,539

whack down this whole section here

547

00:24:46,669 --> 00:24:44,940

I mean I don't have to maybe just

548

00:24:48,950 --> 00:24:46,679

driving over it but I don't think that's

549

00:24:51,669 --> 00:24:48,960

a good for the undercarriage of your car

550

00:24:54,710 --> 00:24:51,679

this is a lot of brush

551
00:24:58,789 --> 00:24:54,720
so I probably would weed whack this

552
00:25:01,370 --> 00:24:58,799
which means uh got to get get a gas weed

553
00:25:04,130 --> 00:25:01,380
whacker all I have is a

554
00:25:05,450 --> 00:25:04,140
all I have is a electric one and

555
00:25:07,870 --> 00:25:05,460
obviously you're not doing anything

556
00:25:10,150 --> 00:25:07,880
you're not doing that with electric here

557
00:25:13,430 --> 00:25:10,160
so uh

558
00:25:16,430 --> 00:25:13,440
[Music]

559
00:25:18,529 --> 00:25:16,440
there's uh there's the road to Serenity

560
00:25:21,289 --> 00:25:18,539
friends that's what I think

561
00:25:24,409 --> 00:25:21,299
uh yeah really overgrown here there's

562
00:25:26,570 --> 00:25:24,419
another road that goes up this way I

563
00:25:29,210 --> 00:25:26,580

don't know what that is but that they

564

00:25:32,570 --> 00:25:29,220

called these a road but really I would

565

00:25:34,669 --> 00:25:32,580

call that a hiking trail

566

00:25:39,830 --> 00:25:34,679

that's what I would say I don't know

567

00:25:42,049 --> 00:25:39,840

what that is tree stump yeah tree stump

568

00:25:45,409 --> 00:25:42,059

debris

569

00:25:47,810 --> 00:25:45,419

so my car's right back in front of uh

570

00:25:48,950 --> 00:25:47,820

this guy's truck where the road ends I'm

571

00:25:50,570 --> 00:25:48,960

gonna

572

00:25:53,690 --> 00:25:50,580

um

573

00:25:55,010 --> 00:25:53,700

I'm gonna go back to the cabin

574

00:25:57,590 --> 00:25:55,020

um

575

00:25:59,269 --> 00:25:57,600

and uh hopefully you know this may be

576

00:26:03,289 --> 00:25:59,279

the start of a great adventure so I'm

577

00:26:05,090 --> 00:26:03,299

glad that I made some uh video here

578

00:26:07,909 --> 00:26:05,100

and I'll give you a turn around here and

579

00:26:09,769 --> 00:26:07,919

give you one last view into look at that

580

00:26:12,409 --> 00:26:09,779

there is nothing

581

00:26:16,430 --> 00:26:12,419

you can't even tell it's a rogue right

582

00:26:18,710 --> 00:26:16,440

you cannot even tell that's a road

583

00:26:21,310 --> 00:26:18,720

yeah maybe the best thing to do is be to

584

00:26:25,549 --> 00:26:21,320

leave that debris in the way and like

585

00:26:27,230 --> 00:26:25,559

cut around it so you pull around it this

586

00:26:29,450 --> 00:26:27,240

way that kind of blocks people from

587

00:26:31,070 --> 00:26:29,460

coming up the road I mean there's nobody

588

00:26:33,350 --> 00:26:31,080

up there would be nobody up there but me

589

00:26:34,370 --> 00:26:33,360

and my property if that if I purchase it

590

00:26:38,810 --> 00:26:34,380

so

591

00:26:40,570 --> 00:26:38,820

barrier or keep nosy people away and

592

00:26:42,950 --> 00:26:40,580

keep it more private

593

00:26:44,630 --> 00:26:42,960

so this is a lot to think about friends

594

00:26:46,730 --> 00:26:44,640

and one of the major things to think

595

00:26:47,870 --> 00:26:46,740

about is what do we do about this that's

596

00:26:50,450 --> 00:26:47,880

a problem

597

00:26:52,190 --> 00:26:50,460

and like I said they pretty much they

598

00:26:54,169 --> 00:26:52,200

pretty much claim this road as their

599

00:26:55,909 --> 00:26:54,179

yard which like I said I don't blame

600

00:26:58,370 --> 00:26:55,919

them there's nobody been up that road

601
00:27:02,510 --> 00:27:01,010
and hopefully they don't uh you know

602
00:27:04,010 --> 00:27:02,520
hopefully they're nice people and they

603
00:27:05,029 --> 00:27:04,020
just understand I mean I got to be able

604
00:27:07,130 --> 00:27:05,039
to get through there but you can see

605
00:27:09,470 --> 00:27:07,140
it's going to be pretty tight to get a

606
00:27:11,269 --> 00:27:09,480
vehicle around there

607
00:27:12,890 --> 00:27:11,279
anyway I'm going back to the cabin

608
00:27:20,690 --> 00:27:12,900
friends I'm exhausted it's a two mile

609
00:27:27,470 --> 00:27:24,649
and this is what passes as a road

610
00:27:31,850 --> 00:27:27,480
all the way up there more than a mile no

611
00:27:33,950 --> 00:27:31,860
neighbors nothing but woods and if I pan

612
00:27:37,190 --> 00:27:33,960
around here

613
00:27:41,269 --> 00:27:37,200

back the other way mile and a half

614

00:27:46,909 --> 00:27:41,279

nothing but Woods no neighbors nothing

615

00:27:48,830 --> 00:27:46,919

this side is all Woods for I think

616

00:27:51,710 --> 00:27:48,840

something like

617

00:27:54,110 --> 00:27:51,720

four or five miles no Trails really

618

00:27:57,169 --> 00:27:54,120

through there I've been through checking

619

00:27:59,409 --> 00:27:57,179

uh it's all just Woods

620

00:28:02,870 --> 00:27:59,419

and here on this side

621

00:28:05,750 --> 00:28:02,880

is where the land is

622

00:28:07,730 --> 00:28:05,760

uh see that big tree right in the middle

623

00:28:11,090 --> 00:28:07,740

of the frame that would be about the

624

00:28:13,010 --> 00:28:11,100

property line I've estimated I've gotta

625

00:28:17,690 --> 00:28:13,020

come in here with a

626
00:28:22,250 --> 00:28:17,700
better GPS app and this is the land all

627
00:28:25,190 --> 00:28:22,260
the way up to uh oh ways down there

628
00:28:26,510 --> 00:28:25,200
and uh

629
00:28:29,570 --> 00:28:26,520
little

630
00:28:32,870 --> 00:28:29,580
um hilly this land

631
00:28:35,690 --> 00:28:32,880
but plenty of beautiful trees you can

632
00:28:39,049 --> 00:28:35,700
see this is uh I guess what you would

633
00:28:43,190 --> 00:28:39,059
call a new growth forest there is uh

634
00:28:45,470 --> 00:28:43,200
where young growth forest there is

635
00:28:48,169 --> 00:28:45,480
I'm told that this whole area was

636
00:28:51,070 --> 00:28:48,179
clear-cut about 80 years ago most of the

637
00:28:54,890 --> 00:28:51,080
trees they just cut everything down

638
00:28:58,370 --> 00:28:54,900

and then so you're not going to get a

639

00:29:02,870 --> 00:28:58,380

lot of huge trees in here but I don't

640

00:29:06,490 --> 00:29:02,880

need huge trees I need smaller trees so

641

00:29:09,289 --> 00:29:06,500

when we've checked through there's rocks

642

00:29:12,049 --> 00:29:09,299

everywhere around here

643

00:29:14,810 --> 00:29:12,059

beautiful landscape

644

00:29:19,250 --> 00:29:14,820

very Serene setting

645

00:29:21,769 --> 00:29:19,260

I really uh like this one out of I've

646

00:29:23,090 --> 00:29:21,779

looked at 10 different properties I'm

647

00:29:27,049 --> 00:29:23,100

back here

648

00:29:31,610 --> 00:29:27,059

to try to make a final decision you can

649

00:29:39,049 --> 00:29:34,610

Tree Line there

650

00:29:44,470 --> 00:29:42,130

selection of trees there's Beach Birch

651
00:29:46,930 --> 00:29:44,480
Maple Elm

652
00:29:49,190 --> 00:29:46,940
there is some Pine

653
00:29:49,789 --> 00:29:49,200
I saw

654
00:29:51,950 --> 00:29:49,799
um

655
00:29:54,710 --> 00:29:51,960
lots and lots of cherry but it looks

656
00:29:56,990 --> 00:29:54,720
like mostly Beach and

657
00:29:59,389 --> 00:29:57,000
uh Elm

658
00:30:02,590 --> 00:29:59,399
what that'll do

659
00:30:07,610 --> 00:30:02,600
beautiful beautiful area and what I love

660
00:30:12,529 --> 00:30:07,620
the most about this property is this

661
00:30:16,789 --> 00:30:15,590
mile up that way nothing so nearest

662
00:30:19,310 --> 00:30:16,799
neighbor

663
00:30:22,070 --> 00:30:19,320

more than a mile a little over a mile up

664

00:30:23,510 --> 00:30:22,080

this uh I wouldn't call it a road it's a

665

00:30:25,669 --> 00:30:23,520

trail

666

00:30:28,789 --> 00:30:25,679

and I have to hike in The Last Mile

667

00:30:32,570 --> 00:30:28,799

because there's the road is blocked a

668

00:30:36,590 --> 00:30:32,580

mile and a half up this road here

669

00:30:37,669 --> 00:30:36,600

got my backpack with me today I am I

670

00:30:41,810 --> 00:30:37,679

hiked

671

00:30:45,470 --> 00:30:41,820

four miles I walked here from the other

672

00:30:48,470 --> 00:30:45,480

cabin it's about four miles

673

00:30:52,850 --> 00:30:48,480

um through the road now there is

674

00:30:55,909 --> 00:30:52,860

estate game lands behind this land here

675

00:30:58,370 --> 00:30:55,919

uh so it's it's butted up against

676
00:31:00,769 --> 00:30:58,380
hundreds and hundreds and hundreds of

677
00:31:04,010 --> 00:31:00,779
Acres I think

678
00:31:05,990 --> 00:31:04,020
um a lot of square miles of just wooded

679
00:31:07,730 --> 00:31:06,000
game lands state

680
00:31:09,169 --> 00:31:07,740
public land

681
00:31:11,930 --> 00:31:09,179
so

682
00:31:13,190 --> 00:31:11,940
you know that is very very attractive

683
00:31:16,070 --> 00:31:13,200
because

684
00:31:18,769 --> 00:31:16,080
although you know I might this is

685
00:31:21,230 --> 00:31:18,779
land itself that I'm purchasing might

686
00:31:23,990 --> 00:31:21,240
not be a huge amount of land but there

687
00:31:27,169 --> 00:31:24,000
is state game lands right behind this

688
00:31:28,970 --> 00:31:27,179

which means lots of resources

689

00:31:31,370 --> 00:31:28,980

you're allowed to go on to the state

690

00:31:33,730 --> 00:31:31,380

game lands and take trees and things as

691

00:31:36,110 --> 00:31:33,740

long as they're standing dead or Fallen

692

00:31:39,230 --> 00:31:36,120

I'm sure they won't mind if I was

693

00:31:42,590 --> 00:31:39,240

huffing stones or rocks

694

00:31:45,409 --> 00:31:42,600

you know uh there's a creek not far from

695

00:31:49,190 --> 00:31:45,419

here I think which would be good for

696

00:31:51,590 --> 00:31:49,200

water source and also uh for

697

00:31:54,310 --> 00:31:51,600

um Creek gravel you can use Creek gravel

698

00:31:57,590 --> 00:31:54,320

for many things that you build uh

699

00:32:01,430 --> 00:31:57,600

driveway I don't know uh

700

00:32:04,190 --> 00:32:01,440

patios uh you know to stretch out the

701
00:32:07,370 --> 00:32:04,200
cement uh

702
00:32:08,510 --> 00:32:07,380
but what a beautiful place I I really

703
00:32:10,850 --> 00:32:08,520
really

704
00:32:14,870 --> 00:32:10,860
and you hear that

705
00:32:18,710 --> 00:32:14,880
there's a you can almost make out

706
00:32:20,210 --> 00:32:18,720
I hear like a quad or a dirt bike off in

707
00:32:23,810 --> 00:32:20,220
the distance which is probably somebody

708
00:32:25,850 --> 00:32:23,820
going down one of these nearby trails

709
00:32:27,230 --> 00:32:25,860
I was told

710
00:32:29,450 --> 00:32:27,240
um nobody

711
00:32:31,549 --> 00:32:29,460
comes down these Trails you can see

712
00:32:34,130 --> 00:32:31,559
there is uh

713
00:32:37,430 --> 00:32:34,140

there is quite a lot of debris in the

714

00:32:38,389 --> 00:32:37,440

roads so not passable by a regular

715

00:32:40,370 --> 00:32:38,399

vehicle

716

00:32:41,870 --> 00:32:40,380

sure if I had a four wheel drive jeep or

717

00:32:43,190 --> 00:32:41,880

truck you could just roll right over

718

00:32:45,470 --> 00:32:43,200

these little

719

00:32:48,110 --> 00:32:45,480

trees in the middle of the road or I

720

00:32:50,769 --> 00:32:48,120

could clear them but I found a better

721

00:32:54,049 --> 00:32:50,779

way to access this property

722

00:32:55,250 --> 00:32:54,059

from the other side this is the front of

723

00:32:59,149 --> 00:32:55,260

the property

724

00:33:01,490 --> 00:32:59,159

and this road here is well they call it

725

00:33:03,710 --> 00:33:01,500

a road but this is where

726

00:33:06,950 --> 00:33:03,720

you know the address is

727

00:33:10,010 --> 00:33:06,960

but there's another road a few hundred

728

00:33:12,710 --> 00:33:10,020

maybe 400 feet back

729

00:33:15,889 --> 00:33:12,720

at the back of the property and that

730

00:33:18,470 --> 00:33:15,899

road is it's still a dirt road but it's

731

00:33:21,049 --> 00:33:18,480

a very well maintained dirt road that

732

00:33:22,610 --> 00:33:21,059

they oil and pack and grade and

733

00:33:25,490 --> 00:33:22,620

everything I think the neighbors back

734

00:33:27,710 --> 00:33:25,500

there get together and hire somebody to

735

00:33:28,970 --> 00:33:27,720

maintain that road that's behind this

736

00:33:31,430 --> 00:33:28,980

property

737

00:33:33,350 --> 00:33:31,440

so I could contact the neighbors and

738

00:33:36,289 --> 00:33:33,360

there is an easement now what's an

739

00:33:39,710 --> 00:33:36,299

easement and easement is a little strip

740

00:33:42,590 --> 00:33:39,720

of land I think it's 10 or 15 feet wide

741

00:33:43,909 --> 00:33:42,600

between the actual plots of land people

742

00:33:47,210 --> 00:33:43,919

purchase

743

00:33:49,490 --> 00:33:47,220

and that is so that people in these

744

00:33:51,590 --> 00:33:49,500

situations like look at this this road

745

00:33:54,350 --> 00:33:51,600

is completely

746

00:33:57,830 --> 00:33:54,360

filled with debris impassable with a

747

00:34:03,110 --> 00:33:57,840

regular vehicle but the road back there

748

00:34:05,210 --> 00:34:03,120

is beautiful it is pristine I checked

749

00:34:07,789 --> 00:34:05,220

back there and there's people with you

750

00:34:09,230 --> 00:34:07,799

know just regular two-wheel drive cars

751
00:34:12,230 --> 00:34:09,240
even saw somebody with rear-wheel drive

752
00:34:15,710 --> 00:34:12,240
going right down that road it's a it's a

753
00:34:18,710 --> 00:34:15,720
very well maintained road behind this

754
00:34:20,030 --> 00:34:18,720
property so I could use that so file

755
00:34:22,790 --> 00:34:20,040
this under

756
00:34:25,250 --> 00:34:22,800
study the maps better stupid

757
00:34:27,770 --> 00:34:25,260
because this the first time I came to

758
00:34:31,129 --> 00:34:27,780
this property I hiked

759
00:34:34,550 --> 00:34:31,139
more than a mile maybe a mile and a half

760
00:34:37,250 --> 00:34:34,560
from the end of the front Road

761
00:34:38,810 --> 00:34:37,260
to the land here's the back of the land

762
00:34:41,649 --> 00:34:38,820
here

763
00:34:44,629 --> 00:34:41,659

and that other Road I showed you

764

00:34:48,349 --> 00:34:44,639

so-called road is more of a hiking trail

765

00:34:51,589 --> 00:34:48,359

is all covered in trees and you know

766

00:34:55,669 --> 00:34:51,599

debris and Fallen trees in the middle of

767

00:34:57,230 --> 00:34:55,679

the road here is the back road

768

00:34:59,270 --> 00:34:57,240

so it looks like we're going to be

769

00:35:01,910 --> 00:34:59,280

accessing this property through the back

770

00:35:04,849 --> 00:35:01,920

road there is an easement right about

771

00:35:09,470 --> 00:35:04,859

here which means there's a 10 foot wide

772

00:35:13,010 --> 00:35:09,480

swap you know little section of land

773

00:35:15,829 --> 00:35:13,020

between what would become my property

774

00:35:18,770 --> 00:35:15,839

and whoever owns the property the plot

775

00:35:22,550 --> 00:35:18,780

next to it so there's a 10 foot section

776

00:35:26,329 --> 00:35:22,560

of public land for accessing property

777

00:35:27,710 --> 00:35:26,339

through there I could just cut uh cut

778

00:35:29,210 --> 00:35:27,720

down some of these trees and make a

779

00:35:31,730 --> 00:35:29,220

little driveway and then I'd have a

780

00:35:34,550 --> 00:35:31,740

short walk right to my land you know

781

00:35:36,910 --> 00:35:34,560

like a couple hundred feet or whatever

782

00:35:40,690 --> 00:35:36,920

where I can

783

00:35:44,349 --> 00:35:40,700

cut the easement right up to the land

784

00:35:46,670 --> 00:35:44,359

but we'll see but look at this beautiful

785

00:35:49,010 --> 00:35:46,680

well-maintained Road it's not exactly

786

00:35:53,569 --> 00:35:49,020

paved it's but it's compressed somebody

787

00:35:55,490 --> 00:35:53,579

runs a grater over this oils it and they

788

00:35:59,329 --> 00:35:55,500

run the cutter down the side of the road

789

00:36:01,490 --> 00:35:59,339

to keep the road wide easily easily be

790

00:36:03,530 --> 00:36:01,500

able to get a vehicle through here and

791

00:36:05,870 --> 00:36:03,540

interestingly I just didn't know about

792

00:36:10,430 --> 00:36:05,880

this road behind the property

793

00:36:11,890 --> 00:36:10,440

so twice today I walked four miles from

794

00:36:14,630 --> 00:36:11,900

the cabin to here

795

00:36:17,329 --> 00:36:14,640

my cabin

796

00:36:20,210 --> 00:36:17,339

to this property because I didn't know

797

00:36:22,990 --> 00:36:20,220

that I could have just

798

00:36:26,450 --> 00:36:23,000

driven from the from the main highway

799

00:36:29,870 --> 00:36:26,460

right to this road and then parked right

800

00:36:33,050 --> 00:36:29,880

over here and walked like a hundred feet

801
00:36:34,670 --> 00:36:33,060
to the actual land I wish I had known

802
00:36:37,370 --> 00:36:34,680
that but

803
00:36:39,829 --> 00:36:37,380
now I do know that so

804
00:36:42,410 --> 00:36:39,839
what a beautiful area and again even

805
00:36:43,430 --> 00:36:42,420
here there's no neighbor up this road

806
00:36:48,470 --> 00:36:43,440
for

807
00:36:52,250 --> 00:36:48,480
you'll see a neighbor up this road is

808
00:36:55,130 --> 00:36:52,260
about again uh um I think it's a maybe a

809
00:36:57,950 --> 00:36:55,140
mile and a half or on this back end even

810
00:37:00,109 --> 00:36:57,960
two miles before you see a neighbor's

811
00:37:03,970 --> 00:37:00,119
home or any neighbors

812
00:37:07,609 --> 00:37:03,980
other than that it's just Woods

813
00:37:08,870 --> 00:37:07,619

beautiful Forest I love it

814

00:37:10,849 --> 00:37:08,880

so

815

00:37:11,810 --> 00:37:10,859

I think this is the one friends I think

816

00:37:14,690 --> 00:37:11,820

I'm gonna

817

00:37:17,630 --> 00:37:14,700

is short

818

00:37:19,609 --> 00:37:17,640

uh dream those dreams you know

819

00:37:20,750 --> 00:37:19,619

um it was my dream to build a cabin and

820

00:37:22,730 --> 00:37:20,760

I did

821

00:37:25,609 --> 00:37:22,740

but there was just some things about

822

00:37:28,190 --> 00:37:25,619

where that cabin that I built is you

823

00:37:31,730 --> 00:37:28,200

know there's neighbors around and uh

824

00:37:33,470 --> 00:37:31,740

it's not quite as isolated and remote As

825

00:37:35,870 --> 00:37:33,480

I would have preferred

826

00:37:38,569 --> 00:37:35,880

and I learned so much and enjoyed

827

00:37:40,190 --> 00:37:38,579

building that first cabin so much that I

828

00:37:42,349 --> 00:37:40,200

want to do it again and I want to take

829

00:37:45,109 --> 00:37:42,359

everything that I have learned

830

00:37:48,170 --> 00:37:45,119

building that first cabin

831

00:37:52,790 --> 00:37:48,180

and apply it to building a bigger better

832

00:37:55,609 --> 00:37:52,800

cabin here in the middle of nowhere and

833

00:37:58,370 --> 00:37:55,619

I'm prepared for this Challenge and uh

834

00:38:02,089 --> 00:37:58,380

and again this property is only four

835

00:38:03,890 --> 00:38:02,099

mile walk from the other property so if

836

00:38:05,530 --> 00:38:03,900

I'm feeling like getting some exercise I

837

00:38:08,750 --> 00:38:05,540

could just hike into this other cabin

838

00:38:10,609 --> 00:38:08,760

that this will become the Backwoods

839

00:38:12,890 --> 00:38:10,619

off-grid cabin

840

00:38:13,790 --> 00:38:12,900

and you can see there's no power lines

841

00:38:22,490 --> 00:38:13,800

here

842

00:38:24,950 --> 00:38:22,500

use a generator whatever we have to do

843

00:38:27,109 --> 00:38:24,960

my biggest issue is going to be finding

844

00:38:29,390 --> 00:38:27,119

a water source but now that I know I can

845

00:38:32,390 --> 00:38:29,400

drive right into the property that's not

846

00:38:33,410 --> 00:38:32,400

that big of a problem I have 12 gallon

847

00:38:36,470 --> 00:38:33,420

barrels

848

00:38:38,270 --> 00:38:36,480

and I have access to a community well at

849

00:38:40,910 --> 00:38:38,280

my other cabin so I could just load up

850

00:38:42,950 --> 00:38:40,920

my 12 gallon barrels and my 5 gallon

851

00:38:44,089 --> 00:38:42,960

collapsible containers into the back of

852

00:38:48,230 --> 00:38:44,099

the vehicle

853

00:38:51,349 --> 00:38:48,240

on the way here and have plenty of good

854

00:38:54,230 --> 00:38:51,359

clean drinking water the well water at

855

00:38:56,870 --> 00:38:54,240

my other cabin's Community is just the

856

00:38:59,810 --> 00:38:56,880

best tasting water I've ever I've ever

857

00:39:01,310 --> 00:38:59,820

Drank In My Life maybe except for a

858

00:39:03,650 --> 00:39:01,320

mountain spring when I was on the

859

00:39:07,130 --> 00:39:03,660

Appalachian Trail but

860

00:39:10,370 --> 00:39:07,140

it's it's really good water safe test it

861

00:39:12,349 --> 00:39:10,380

all the time so I guess water won't be

862

00:39:13,430 --> 00:39:12,359

that big a concern I thought it would be

863

00:39:15,589 --> 00:39:13,440

because I thought I was going to have

864

00:39:17,270 --> 00:39:15,599

the Four mile hike in everything

865

00:39:20,329 --> 00:39:17,280

including the water

866

00:39:22,310 --> 00:39:20,339

and there's an old Amish uh saying you

867

00:39:24,650 --> 00:39:22,320

don't know the value of water until you

868

00:39:27,109 --> 00:39:24,660

have to carry it once you have to carry

869

00:39:29,329 --> 00:39:27,119

every drop of water you use

870

00:39:32,990 --> 00:39:29,339

you see the value of water I didn't want

871

00:39:35,329 --> 00:39:33,000

to have to carry you know

872

00:39:37,550 --> 00:39:35,339

gallons of water remember it's eight

873

00:39:40,250 --> 00:39:37,560

pounds per gallon that's how much water

874

00:39:42,770 --> 00:39:40,260

weighs but this is great news friends

875

00:39:46,010 --> 00:39:42,780

there's a road and like I said it's

876

00:39:47,569 --> 00:39:46,020

about a hundred feet in from here is the

877

00:39:49,550 --> 00:39:47,579

back of the property and there's an

878

00:39:51,650 --> 00:39:49,560

easement so it's legal for me to walk

879

00:39:55,430 --> 00:39:51,660

through there even cut these some of

880

00:39:59,329 --> 00:39:55,440

these trees and make a little way for my

881

00:40:01,190 --> 00:39:59,339

car if I can get my friend Matt with his

882

00:40:04,490 --> 00:40:01,200

Bobcat back here

883

00:40:06,770 --> 00:40:04,500

mad or caught a road from here right to

884

00:40:10,270 --> 00:40:06,780

the property with his Bobcat which would

885

00:40:13,490 --> 00:40:10,280

be awesome and I've already invited Matt

886

00:40:15,710 --> 00:40:13,500

my very good friend at the cabin he's my

887

00:40:17,450 --> 00:40:15,720

closest neighbor and just an amazing

888

00:40:18,890 --> 00:40:17,460

great guy I've already invited him I

889

00:40:21,470 --> 00:40:18,900

told him if he want to build the cabin

890

00:40:24,290 --> 00:40:21,480

here he can if he wants to come here

891

00:40:26,810 --> 00:40:24,300

camping with his with his family and

892

00:40:28,849 --> 00:40:26,820

maybe with us as well like during the

893

00:40:31,010 --> 00:40:28,859

summer we'll do family camping trips

894

00:40:32,990 --> 00:40:31,020

here together with his children and wife

895

00:40:35,589 --> 00:40:33,000

and my wife and children

896

00:40:39,050 --> 00:40:35,599

it's going to be a great place here

897

00:40:42,230 --> 00:40:39,060

just absolutely beautiful nothing but

898

00:40:43,790 --> 00:40:42,240

forest for Miles friends my kind of

899

00:40:47,390 --> 00:40:43,800

place

900

00:40:49,010 --> 00:40:47,400

so I I'm pretty I'm I've made my

901
00:40:51,710 --> 00:40:49,020
decision I'm going to call the realtor

902
00:40:55,970 --> 00:40:51,720
today get him the down payment and we're

903
00:41:00,290 --> 00:40:58,430
life is short friends you don't know how

904
00:41:02,089 --> 00:41:00,300
long you have

905
00:41:05,150 --> 00:41:02,099
so I say

906
00:41:08,630 --> 00:41:05,160
if you have a dream in your heart

907
00:41:11,329 --> 00:41:08,640
do it do it today you'll be glad that

908
00:41:13,430 --> 00:41:11,339
you did so friends I've got a four mile

909
00:41:16,130 --> 00:41:13,440
hike back to the cabin

910
00:41:19,010 --> 00:41:16,140
and I feel like a dummy because this

911
00:41:21,370 --> 00:41:19,020
road right I could I could drive to my

912
00:41:24,829 --> 00:41:21,380
cabin from this road right here in about

913
00:41:27,290 --> 00:41:24,839

you know five six minutes but it's gonna

914

00:41:28,310 --> 00:41:27,300

be a 90 minute walk or so but that's

915

00:41:31,510 --> 00:41:28,320

okay

916

00:41:35,450 --> 00:41:31,520

uh it's a beautiful fall day you see the

917

00:41:38,690 --> 00:41:35,460

leaves are starting to turn and uh it's

918

00:41:41,690 --> 00:41:38,700

unseasonably warm but a beautiful day

919

00:41:44,510 --> 00:41:41,700

for a hike I hiked here through the

920

00:41:47,349 --> 00:41:44,520

state game lands that was fun uh I'll

921

00:41:51,170 --> 00:41:47,359

show you a satellite map in this video

922

00:41:54,050 --> 00:41:51,180

it's a couple miles through thick dense

923

00:41:56,630 --> 00:41:54,060

woods and I kept losing Trails finding

924

00:41:59,930 --> 00:41:56,640

trails and then through the GPS you

925

00:42:01,910 --> 00:41:59,940

could know gee I'm on the wrong I'm

926
00:42:04,190 --> 00:42:01,920
going the wrong way down this Trail so

927
00:42:06,829 --> 00:42:04,200
you I would go like you know for 10

928
00:42:08,750 --> 00:42:06,839
minutes walking and then go oh I went

929
00:42:11,270 --> 00:42:08,760
the wrong way on this Trail it was

930
00:42:13,970 --> 00:42:11,280
really tough to find my way through that

931
00:42:16,250 --> 00:42:13,980
this is all state game lands back here

932
00:42:19,069 --> 00:42:16,260
so it was really tough it was a couple

933
00:42:21,290 --> 00:42:19,079
miles through these thick dense Woods

934
00:42:23,030 --> 00:42:21,300
half of which I'd say there was no Trail

935
00:42:25,190 --> 00:42:23,040
you're just walking through thick dense

936
00:42:28,250 --> 00:42:25,200
woods with no Trail and there's rocks

937
00:42:29,870 --> 00:42:28,260
and trees everywhere pretty uh

938
00:42:31,910 --> 00:42:29,880

pretty uh

939

00:42:34,730 --> 00:42:31,920

difficult hike you know when there's a

940

00:42:37,310 --> 00:42:34,740

hiking trail it's not difficult but when

941

00:42:39,829 --> 00:42:37,320

you got to go through look at

942

00:42:41,569 --> 00:42:39,839

look at all these rocks and trees you

943

00:42:43,670 --> 00:42:41,579

gotta you know obstacles to go around

944

00:42:46,490 --> 00:42:43,680

there's downed trees Everywhere You

945

00:42:48,890 --> 00:42:46,500

Gotta climb over it was a tough hike in

946

00:42:51,589 --> 00:42:48,900

here and

947

00:42:53,450 --> 00:42:51,599

I thought it would be so much quicker

948

00:42:56,990 --> 00:42:53,460

because through the woods is only

949

00:42:59,030 --> 00:42:57,000

supposed to be two or 2.5 miles but

950

00:43:00,710 --> 00:42:59,040

really because I walked in circles so

951
00:43:01,910 --> 00:43:00,720
much trying to find my way through the

952
00:43:04,250 --> 00:43:01,920
woods

953
00:43:07,670 --> 00:43:04,260
it still took me 90 minutes to get here

954
00:43:10,910 --> 00:43:07,680
from the cabin so it takes 90 minutes to

955
00:43:15,230 --> 00:43:10,920
walk on the roads and the highway I've

956
00:43:19,250 --> 00:43:15,240
got a high visibility uh coat on you

957
00:43:20,150 --> 00:43:19,260
know like one of those that the jacket

958
00:43:23,450 --> 00:43:20,160
um

959
00:43:26,930 --> 00:43:23,460
you know one of those like the uh like

960
00:43:29,510 --> 00:43:26,940
the guys who who work on uh work on the

961
00:43:32,030 --> 00:43:29,520
side of the road I'm wearing that for

962
00:43:34,250 --> 00:43:32,040
two reasons the first reason is I don't

963
00:43:36,890 --> 00:43:34,260

want to get hit by a car if I'm on a

964

00:43:38,690 --> 00:43:36,900

road uh people fly down some of these

965

00:43:40,250 --> 00:43:38,700

small roads

966

00:43:42,050 --> 00:43:40,260

I want to make sure that I have high

967

00:43:44,089 --> 00:43:42,060

visibility and the other thing is it's

968

00:43:46,910 --> 00:43:44,099

hunting season right now

969

00:43:49,970 --> 00:43:46,920

so it would be a really bad idea for me

970

00:43:53,270 --> 00:43:49,980

to draw you know trudge two miles

971

00:43:56,270 --> 00:43:53,280

through really thick dense Woods there's

972

00:43:58,430 --> 00:43:56,280

Hunters I didn't see any today but

973

00:44:00,650 --> 00:43:58,440

there's Hunters all

974

00:44:02,210 --> 00:44:00,660

in different areas of these Woods get in

975

00:44:03,829 --> 00:44:02,220

their meat for the year and fill in

976

00:44:04,750 --> 00:44:03,839

their freezers and and I don't blame

977

00:44:08,089 --> 00:44:04,760

them

978

00:44:11,690 --> 00:44:08,099

but you got to make sure that you are

979

00:44:13,910 --> 00:44:11,700

wearing orange or I didn't have any of

980

00:44:15,410 --> 00:44:13,920

that Hunter's vests or orange I gotta

981

00:44:18,290 --> 00:44:15,420

get some

982

00:44:20,770 --> 00:44:18,300

um but my neighbor Matt lent me this

983

00:44:24,650 --> 00:44:20,780

uh it's sort of you know

984

00:44:27,230 --> 00:44:24,660

neon raincoat and he told me that the

985

00:44:28,970 --> 00:44:27,240

the game wardens if they see you hiking

986

00:44:32,809 --> 00:44:28,980

out there without that on they'll

987

00:44:35,870 --> 00:44:32,819

they'll find you because you could

988

00:44:38,870 --> 00:44:35,880

easily be mistaken for

989

00:44:40,609 --> 00:44:38,880

you know an animal and be shot most

990

00:44:42,230 --> 00:44:40,619

hunters are very responsible and they

991

00:44:43,910 --> 00:44:42,240

don't take the shot unless they're sure

992

00:44:44,809 --> 00:44:43,920

what they're shooting at but you never

993

00:44:46,849 --> 00:44:44,819

know

994

00:44:51,230 --> 00:44:46,859

best to be

995

00:44:53,150 --> 00:44:51,240

safe rather than sorry

996

00:44:55,069 --> 00:44:53,160

so friends I'm gonna walk back to the

997

00:44:56,930 --> 00:44:55,079

cabin and uh

998

00:44:59,930 --> 00:44:56,940

it's uh getting to be dinner time I'm

999

00:45:03,230 --> 00:44:59,940

gonna I'm gonna make some

1000

00:45:04,390 --> 00:45:03,240

get some dinner and uh we'll see if we

1001

00:45:08,030 --> 00:45:04,400

can't

1002

00:45:10,849 --> 00:45:08,040

uh secure this property

1003

00:45:13,490 --> 00:45:10,859

and purchase it I'm going to move

1004

00:45:15,050 --> 00:45:13,500

forward with this dream and I can't tell

1005

00:45:18,050 --> 00:45:15,060

you how happy I am I get to build
