back friends and Happy Valentine's Day I

hope all of you within the sound of my

17

18

00:04:17,150 --> 00:04:13,319

special someone that you love in your

19

00:04:20,509 --> 00:04:17,160

life I sure did a wonderful uh evening

20

00:04:23,629 --> 00:04:20,519

with my uh always Valentine or Valentine

21

00:04:27,350 --> 00:04:23,639

for the last I don't know 25 years my

22

00:04:30,650 --> 00:04:27,360

lovely wife Sharon and my two boys who

23

00:04:33,050 --> 00:04:30,660

got their mother some flowers it was a

24

00:04:35,689 --> 00:04:33,060

whole mission and with that mission now

25

00:04:39,590 --> 00:04:35,699

being accomplished I turned my attention

26
00:04:43,430 --> 00:04:39,600
towards uh work and things uh important

27
00:04:45,530 --> 00:04:43,440
to me to discuss and nothing in the past

28
00:04:47,749 --> 00:04:45,540
several weeks to me has been more

29
00:04:50,150 --> 00:04:47,759
important to discuss than tonight's

30
00:04:53,870 --> 00:04:50,160
subject we're going to be talking about

31
00:04:57,770 --> 00:04:53,880
the Ohio train derailment

32
00:05:00,950 --> 00:04:57,780
and this is a very disturbing story and

33
00:05:03,770 --> 00:05:00,960
it became more disturbing to me as I

34
00:05:06,830 --> 00:05:03,780
spent the last two full days

35
00:05:10,010 --> 00:05:06,840
uh on the telephone

36
00:05:14,090 --> 00:05:10,020
um and I was commenting to our producer

37
00:05:18,830 --> 00:05:14,100
spooky earlier I have never seen

38
00:05:23,090 --> 00:05:18,840

quite this level of lack of

39

00:05:25,070 --> 00:05:23,100

answers to questions given to officials

40

00:05:29,270 --> 00:05:25,080

either local officials government

41

00:05:32,210 --> 00:05:29,280

officials EPA officials and just to be

42

00:05:34,129 --> 00:05:32,220

clear I made a log and I uh checked it

43

00:05:36,770 --> 00:05:34,139

because I had mentioned that I called

44

00:05:40,850 --> 00:05:36,780

like made like 25 phone calls but it

45

00:05:42,830 --> 00:05:40,860

turns out that I made 42 phone calls

46

00:05:46,010 --> 00:05:42,840

um between Monday

47

00:05:48,830 --> 00:05:46,020

during business hours and today Tuesday

48

00:05:50,570 --> 00:05:48,840

during business hours

49

00:05:54,350 --> 00:05:50,580

um and I called many many different

50

00:05:58,129 --> 00:05:54,360

people I called the federal EPA

51
00:06:00,529 --> 00:05:58,139
uh I called the local town of East

52
00:06:03,249 --> 00:06:00,539
Palestine to try to talk to officials

53
00:06:07,790 --> 00:06:03,259
there uh including the mayor's office

54
00:06:10,189 --> 00:06:07,800
the local police the local fire chief I

55
00:06:11,749 --> 00:06:10,199
called Pete booticek's office he is

56
00:06:14,870 --> 00:06:11,759
after all the Secretary of

57
00:06:17,210 --> 00:06:14,880
Transportation this would fall in

58
00:06:18,830 --> 00:06:17,220
certainly fall within his realm of

59
00:06:21,650 --> 00:06:18,840
responsibility

60
00:06:22,790 --> 00:06:21,660
I called the EPA

61
00:06:27,350 --> 00:06:22,800
um

62
00:06:30,230 --> 00:06:27,360
I got no one would talk to me not a

63
00:06:33,409 --> 00:06:30,240

single individual would talk to me and

64

00:06:36,290 --> 00:06:33,419

ordinarily I try not to let things get

65

00:06:38,990 --> 00:06:36,300

personal to me and I certainly have

66

00:06:41,450 --> 00:06:39,000

learned that it's not a good idea to

67

00:06:44,870 --> 00:06:41,460

start saying things like you know you're

68

00:06:47,350 --> 00:06:44,880

you you know I'm a taxpayer you have to

69

00:06:50,330 --> 00:06:47,360

answer my questions or this is your job

70

00:06:54,110 --> 00:06:50,340

but I found myself becoming increasingly

71

00:06:58,969 --> 00:06:54,120

frustrated with essentially uh speaking

72

00:06:59,809 --> 00:06:58,979

to Assistance or secretaries or uh you

73

00:07:02,210 --> 00:06:59,819

know

74

00:07:04,189 --> 00:07:02,220

people who all told me that these

75

00:07:07,129 --> 00:07:04,199

officials I was trying to get on the

76
00:07:10,969 --> 00:07:07,139
record comments from would return the

77
00:07:14,210 --> 00:07:10,979
calls to me with some answers so after

78
00:07:16,670 --> 00:07:14,220
42 phone calls two days of making phone

79
00:07:18,950 --> 00:07:16,680
calls and waiting by the phone and by

80
00:07:21,050 --> 00:07:18,960
the way you know now with technology we

81
00:07:24,350 --> 00:07:21,060
can see it's not as if I missed

82
00:07:29,409 --> 00:07:24,360
someone's return call no one called me

83
00:07:33,350 --> 00:07:29,419
back not a single official who would be

84
00:07:34,850 --> 00:07:33,360
closely connected to this tragedy called

85
00:07:36,529 --> 00:07:34,860
me back

86
00:07:38,689 --> 00:07:36,539
and uh

87
00:07:41,029 --> 00:07:38,699
you know I I'm left with just more

88
00:07:43,730 --> 00:07:41,039

questions than answers because uh

89

00:07:45,890 --> 00:07:43,740

especially in the case of the EPA the

90

00:07:48,650 --> 00:07:45,900

mayor's office and all these people have

91

00:07:52,070 --> 00:07:48,660

a responsibility to answer very basic

92

00:07:55,850 --> 00:07:52,080

questions and oh by the way I also

93

00:07:58,550 --> 00:07:55,860

called Norfolk Southern uh and uh

94

00:08:01,490 --> 00:07:58,560

multiple calls into Norfolk Southern who

95

00:08:03,710 --> 00:08:01,500

was the train company and you may be

96

00:08:06,710 --> 00:08:03,720

familiar or unfamiliar with Norfolk

97

00:08:08,390 --> 00:08:06,720

Southern but they are a shipping and

98

00:08:11,629 --> 00:08:08,400

freight company

99

00:08:14,650 --> 00:08:11,639

a train company who ships things all

100

00:08:18,890 --> 00:08:14,660

over the country and they have for years

101
00:08:21,830 --> 00:08:18,900
railed against any sort of regulation of

102
00:08:28,129 --> 00:08:24,110
um and we're going to get into all of

103
00:08:31,909 --> 00:08:28,139
that so uh this accident occurred on

104
00:08:34,969 --> 00:08:31,919
February 3rd 2023 in East Palestine Ohio

105
00:08:37,610 --> 00:08:34,979
in the United States a freight train

106
00:08:41,449 --> 00:08:37,620
that was carrying and this is where the

107
00:08:43,730 --> 00:08:41,459
problems begin Vinyl chloride derailed

108
00:08:46,370 --> 00:08:43,740
and exploded

109
00:08:49,910 --> 00:08:46,380
and then in response after trying to put

110
00:08:52,430 --> 00:08:49,920
the fire out for several days uh and by

111
00:08:56,509 --> 00:08:52,440
the way we really do have to discuss

112
00:08:59,389 --> 00:08:56,519
Vinyl chloride uh just so that you get

113
00:09:03,050 --> 00:08:59,399

an idea of just how dangerous and

114

00:09:05,030 --> 00:09:03,060

important this situation is

115

00:09:08,449 --> 00:09:05,040

so vinyl chloride

116

00:09:10,610 --> 00:09:08,459

um I did a great deal of research into

117

00:09:12,769 --> 00:09:10,620

vinyl chloride and for those unaware I

118

00:09:16,670 --> 00:09:12,779

do have sort of an amateur interest in

119

00:09:19,250 --> 00:09:16,680

in chemistry having uh spent my

120

00:09:21,050 --> 00:09:19,260

childhood almost blowing up the basement

121

00:09:23,389 --> 00:09:21,060

many times and getting in trouble with

122

00:09:25,490 --> 00:09:23,399

my parents but I do have have had a

123

00:09:28,310 --> 00:09:25,500

lifelong interest in chemistry as an

124

00:09:30,350 --> 00:09:28,320

amateur I was not very familiar with

125

00:09:31,430 --> 00:09:30,360

this compound but I knew that it was

126

00:09:34,190 --> 00:09:31,440

toxic

127

00:09:36,650 --> 00:09:34,200

so vinyl chloride is a colorless gas

128

00:09:40,070 --> 00:09:36,660

that is widely used in the manufacture

129

00:09:42,470 --> 00:09:40,080

of Plastic Products although it is a

130

00:09:47,570 --> 00:09:42,480

valuable industrial chemical

131

00:09:49,970 --> 00:09:47,580

is also extremely highly toxic to all

132

00:09:52,850 --> 00:09:49,980

I'm going to say that again to all

133

00:09:56,990 --> 00:09:52,860

living organisms this would include

134

00:09:59,509 --> 00:09:57,000

plants animals fish and humans

135

00:10:01,310 --> 00:09:59,519

this chemical is well known to have

136

00:10:04,670 --> 00:10:01,320

serious negative effects on the

137

00:10:08,750 --> 00:10:04,680

environment especially in water sources

138

00:10:11,449 --> 00:10:08,760

like Rivers Creeks or lakes

139

00:10:14,570 --> 00:10:11,459

the toxic effects of vinyl chloride on

140

00:10:16,850 --> 00:10:14,580

plants are well documented when released

141

00:10:19,490 --> 00:10:16,860

into the environment Vinyl chloride can

142

00:10:22,130 --> 00:10:19,500

inhibit the growth and development of

143

00:10:24,470 --> 00:10:22,140

plants I'm going to say that again when

144

00:10:26,690 --> 00:10:24,480

released into the environment this

145

00:10:28,670 --> 00:10:26,700

compound vinyl chloride can inhibit the

146

00:10:31,910 --> 00:10:28,680

growth and development of plants

147

00:10:35,050 --> 00:10:31,920

the chemical can also lead to necrosis

148

00:10:38,329 --> 00:10:35,060

and the eventual death of plants even

149

00:10:41,269 --> 00:10:38,339

extremely tiny or small amounts of vinyl

150

00:10:42,590 --> 00:10:41,279

chloride can have significant impact on

151
00:10:45,829 --> 00:10:42,600
plant health

152
00:10:48,170 --> 00:10:45,839
as it can cause tissue damage stress and

153
00:10:50,329 --> 00:10:48,180
growth abnormalities

154
00:10:52,930 --> 00:10:50,339
vinyl chloride is also known to have

155
00:10:57,650 --> 00:10:52,940
significant toxic effects on animals

156
00:11:00,530 --> 00:10:57,660
including fish birds and and all aquatic

157
00:11:02,110 --> 00:11:00,540
species so in other words anything that

158
00:11:04,030 --> 00:11:02,120
lives in the water

159
00:11:06,430 --> 00:11:04,040
crawfish

160
00:11:09,290 --> 00:11:06,440
salamanders frogs

161
00:11:12,410 --> 00:11:09,300
anything in the water can be affected

162
00:11:15,470 --> 00:11:12,420
very negatively by vinyl chloride

163
00:11:18,889 --> 00:11:15,480

when released into rivers and creeks it

164

00:11:21,790 --> 00:11:18,899

can rapidly spread and contaminate the

165

00:11:24,829 --> 00:11:21,800

surrounding water sources

166

00:11:28,370 --> 00:11:24,839

exposure to vinyl chloride can cause

167

00:11:31,009 --> 00:11:28,380

respiratory distress liver damage other

168

00:11:33,949 --> 00:11:31,019

health problems in animals including

169

00:11:36,290 --> 00:11:33,959

leading to death

170

00:11:39,710 --> 00:11:36,300

the impact of vinyl chloride on water

171

00:11:41,930 --> 00:11:39,720

sources is incredibly significant as the

172

00:11:44,750 --> 00:11:41,940

chemical is released into water bodies

173

00:11:48,470 --> 00:11:44,760

it can rapidly spread and contaminate

174

00:11:50,389 --> 00:11:48,480

wide areas once released Vinyl chloride

175

00:11:51,889 --> 00:11:50,399

is difficult to remove from water

176

00:11:54,949 --> 00:11:51,899

sources

177

00:11:58,130 --> 00:11:54,959

as a combined with organic matter and

178

00:12:00,710 --> 00:11:58,140

persist for long periods of time

179

00:12:03,410 --> 00:12:00,720

this can lead to long-term environmental

180

00:12:06,530 --> 00:12:03,420

damage with a negative impact on the

181

00:12:08,810 --> 00:12:06,540

ecosystem and water quality the toxic

182

00:12:11,389 --> 00:12:08,820

effects of vinyl chloride are not

183

00:12:14,630 --> 00:12:11,399

limited to the environment

184

00:12:17,090 --> 00:12:14,640

humans who are exposed to even extremely

185

00:12:19,130 --> 00:12:17,100

tiny amounts of vinyl chloride can

186

00:12:21,230 --> 00:12:19,140

experience a range of health problems

187

00:12:24,230 --> 00:12:21,240

including respiratory issues

188

00:12:25,370 --> 00:12:24,240

neurological problems liver damage and

189

00:12:28,610 --> 00:12:25,380

cancer

190

00:12:31,009 --> 00:12:28,620

prolonged exposure to vinyl chloride

191

00:12:33,590 --> 00:12:31,019

can have serious negative effects on

192

00:12:35,329 --> 00:12:33,600

human health and can lead to long-term

193

00:12:39,230 --> 00:12:35,339

health problems

194

00:12:41,889 --> 00:12:39,240

so knowing this now about Vinyl chloride

195

00:12:44,810 --> 00:12:41,899

this is where this story gets crazy

196

00:12:48,050 --> 00:12:44,820

because three days after the initial

197

00:12:51,949 --> 00:12:48,060

train derailment and by the way

198

00:12:55,850 --> 00:12:51,959

one of my calls into Norfolk this train

199

00:12:58,490 --> 00:12:55,860

company I want to know how much

200

00:13:01,490 --> 00:12:58,500

of this vinyl chloride was the train

201
00:13:03,829 --> 00:13:01,500
carrying go try to find out

202
00:13:06,829 --> 00:13:03,839
how much vinyl chloride was being

203
00:13:08,629 --> 00:13:06,839
carried in this train that derailed and

204
00:13:10,910 --> 00:13:08,639
exploded you can

205
00:13:13,910 --> 00:13:10,920
now uh

206
00:13:17,030 --> 00:13:13,920
there are some people who are you know

207
00:13:19,730 --> 00:13:17,040
worked in the rail industry and know how

208
00:13:22,370 --> 00:13:19,740
many gallons each car can hold how many

209
00:13:25,970 --> 00:13:22,380
cars this train may have held

210
00:13:29,629 --> 00:13:25,980
so but there's an estimated range since

211
00:13:32,230 --> 00:13:29,639
we can't get any answers from Norfolk uh

212
00:13:35,750 --> 00:13:32,240
this train company

213
00:13:39,470 --> 00:13:35,760

we have to resort to estimates now

214

00:13:44,269 --> 00:13:39,480

depending on which news source or Source

215

00:13:46,850 --> 00:13:44,279

uh expert source that you go to

216

00:13:49,190 --> 00:13:46,860

um the estimates are that this train was

217

00:13:50,810 --> 00:13:49,200

carrying somewhere between and this is

218

00:13:52,610 --> 00:13:50,820

where it gets crazy because why can't we

219

00:13:56,030 --> 00:13:52,620

get a straight answer we have to get a

220

00:13:57,530 --> 00:13:56,040

range like this somewhere between 100

221

00:14:02,750 --> 00:13:57,540

000 gallons

222

00:14:04,190 --> 00:14:02,760

uh to 1 million gallons so we can't get

223

00:14:07,129 --> 00:14:04,200

an answer

224

00:14:09,769 --> 00:14:07,139

uh from Norfolk Southern when we call

225

00:14:12,290 --> 00:14:09,779

them and ask straight out and by the way

226

00:14:14,629 --> 00:14:12,300

I did Norfolk Southern and I've logged

227

00:14:17,030 --> 00:14:14,639

my calls to you

228

00:14:19,790 --> 00:14:17,040

um and kept track of who I spoke to at

229

00:14:22,670 --> 00:14:19,800

your company I always ask for a name and

230

00:14:25,009 --> 00:14:22,680

title and I write it down so uh you know

231

00:14:27,350 --> 00:14:25,019

I call asking for a media representative

232

00:14:29,329 --> 00:14:27,360

or who deals with media questions got a

233

00:14:31,370 --> 00:14:29,339

girl on the phone who said she'd have to

234

00:14:32,870 --> 00:14:31,380

get back to me she was unaware of an

235

00:14:36,290 --> 00:14:32,880

exact figure

236

00:14:40,009 --> 00:14:36,300

so somewhere between 100

237

00:14:41,810 --> 00:14:40,019

000 gallons of this and five and one

238

00:14:46,189 --> 00:14:41,820

million gallons

239

00:14:48,889 --> 00:14:46,199

that is an awful lot of cancer-causing

240

00:14:51,710 --> 00:14:48,899

chemical now just to give you an idea

241

00:14:53,810 --> 00:14:51,720

that the federal guidelines for exposure

242

00:14:56,750 --> 00:14:53,820

to this chemical is somewhere in the

243

00:14:58,670 --> 00:14:56,760

neighborhood of one part per million

244

00:15:01,689 --> 00:14:58,680

over eight hours

245

00:15:07,970 --> 00:15:05,150

the amount that would fit on a the head

246

00:15:11,449 --> 00:15:07,980

of a pin is more than you should be

247

00:15:13,970 --> 00:15:11,459

exposed to over eight hours and now we

248

00:15:15,350 --> 00:15:13,980

have a situation where a train derails

249

00:15:17,030 --> 00:15:15,360

and by the way we're going to get into

250

00:15:18,230 --> 00:15:17,040

the causal effects of this train

251
00:15:21,650 --> 00:15:18,240
derailment

252
00:15:23,689 --> 00:15:21,660
uh a train derails carrying we don't

253
00:15:25,970 --> 00:15:23,699
know because the company won't tell us

254
00:15:28,970 --> 00:15:25,980
and by the way shouldn't the company be

255
00:15:31,790 --> 00:15:28,980
required by law to tell us how much of

256
00:15:35,509 --> 00:15:31,800
this cancer-causing dangerous chemical

257
00:15:38,030 --> 00:15:35,519
this train that derailed was carrying I

258
00:15:40,730 --> 00:15:38,040
think so but somewhere between a hundred

259
00:15:43,930 --> 00:15:40,740
thousand gallons and a million gallons

260
00:15:47,410 --> 00:15:43,940
of this extremely dangerous

261
00:15:50,210 --> 00:15:47,420
cancer-causing chemical that is

262
00:15:53,750 --> 00:15:50,220
ridiculous terrible band for the

263
00:15:56,569 --> 00:15:53,760

environment was released into the

264

00:15:59,689 --> 00:15:56,579

environment but then the story gets even

265

00:16:01,670 --> 00:15:59,699

stranger because three days after the

266

00:16:05,329 --> 00:16:01,680

initial accident occurred

267

00:16:09,710 --> 00:16:05,339

and again the Train derailed and the

268

00:16:16,150 --> 00:16:12,829

um on February 6th some three days after

269

00:16:20,090 --> 00:16:16,160

the initial accident emergency con Crews

270

00:16:22,970 --> 00:16:20,100

conducted a controlled burn of the spill

271

00:16:25,850 --> 00:16:22,980

which released hydrogen chloride and

272

00:16:28,189 --> 00:16:25,860

phosgene into the air and for those

273

00:16:29,269 --> 00:16:28,199

unaware hydrogen chloride and phosgene

274

00:16:32,050 --> 00:16:29,279

are

275

00:16:35,090 --> 00:16:32,060

equally dangerous extremely

276
00:16:38,090 --> 00:16:35,100
cancer-causing problematic chemicals to

277
00:16:39,650 --> 00:16:38,100
be released into the air so I would like

278
00:16:45,650 --> 00:16:39,660
to know

279
00:16:48,170 --> 00:16:45,660
the EPA and said if a company was going

280
00:16:49,970 --> 00:16:48,180
to purposefully burn cancer-causing

281
00:16:53,749 --> 00:16:49,980
chemicals when they need your approval

282
00:16:55,850 --> 00:16:53,759
to do that and I want to know who made

283
00:16:59,930 --> 00:16:55,860
the decision

284
00:17:02,569 --> 00:16:59,940
leading to a controlled burn and they

285
00:17:04,130 --> 00:17:02,579
literally exploded what was left of the

286
00:17:08,150 --> 00:17:04,140
fire

287
00:17:12,530 --> 00:17:08,160
literally exploded what was left of this

288
00:17:14,329 --> 00:17:12,540

fire uh amazing to me that this this

289

00:17:17,449 --> 00:17:14,339

just seemed like a good idea to them

290

00:17:20,870 --> 00:17:17,459

we're just going to allow

291

00:17:23,870 --> 00:17:20,880

between a hundred thousand and one

292

00:17:26,270 --> 00:17:23,880

million gallons of this extremely

293

00:17:28,850 --> 00:17:26,280

dangerous chemical

294

00:17:32,330 --> 00:17:28,860

to burn in the atmosphere

295

00:17:33,650 --> 00:17:32,340

uh this vinyl chloride and of course

296

00:17:36,950 --> 00:17:33,660

this then

297

00:17:40,130 --> 00:17:36,960

once released into the atmosphere it

298

00:17:44,390 --> 00:17:40,140

becomes hydrochloric acid which creates

299

00:17:46,370 --> 00:17:44,400

a noxious form of chemical

300

00:17:49,930 --> 00:17:46,380

acid rain

301
00:17:53,870 --> 00:17:49,940
and certainly will spread the chemical

302
00:17:57,350 --> 00:17:53,880
all over the United States and we have

303
00:18:01,250 --> 00:17:57,360
some information on that for you as well

304
00:18:03,950 --> 00:18:01,260
so this is a huge problem

305
00:18:07,789 --> 00:18:03,960
huge problem here

306
00:18:10,430 --> 00:18:07,799
so we're going to get into a quick

307
00:18:12,650 --> 00:18:10,440
let me well I lost that

308
00:18:14,930 --> 00:18:12,660
lost that again we want to welcome

309
00:18:17,750 --> 00:18:14,940
everyone within the sound of my voice

310
00:18:21,289 --> 00:18:17,760
I'll check in with the live chat

311
00:18:25,370 --> 00:18:23,570
yeah more accurate to call it a

312
00:18:27,950 --> 00:18:25,380
deliberate burn than a controlled burn

313
00:18:30,650 --> 00:18:27,960

says Brandy Phillips I agree

314

00:18:32,750 --> 00:18:30,660

phosgene is a chemical weapon I'm not

315

00:18:36,190 --> 00:18:32,760

very familiar with chemical weapons but

316

00:18:37,970 --> 00:18:36,200

you may indeed be correct

317

00:18:42,590 --> 00:18:37,980

uh

318

00:18:47,390 --> 00:18:44,510

I don't know what's going on but I've

319

00:18:50,990 --> 00:18:47,400

had issues with our uh with one of our

320

00:18:53,570 --> 00:18:51,000

cameras of late but it'll be okay all

321

00:18:56,870 --> 00:18:53,580

right so uh we'll just switch to a

322

00:18:59,150 --> 00:18:56,880

different view then oh wait there it is

323

00:19:02,029 --> 00:18:59,160

just wasn't showing up okay now I can

324

00:19:03,890 --> 00:19:02,039

breathe easy everything is working the

325

00:19:05,450 --> 00:19:03,900

last thing I need especially when I'm

326

00:19:07,909 --> 00:19:05,460

talking about a subject that I've had to

327

00:19:09,650 --> 00:19:07,919

research very uh diligently because I'm

328

00:19:12,710 --> 00:19:09,660

not an expert on these matters is

329

00:19:16,070 --> 00:19:12,720

technical problems so

330

00:19:19,130 --> 00:19:16,080

um I found so

331

00:19:22,150 --> 00:19:19,140

initially the train derails now what you

332

00:19:24,590 --> 00:19:22,160

need to know also is that this train

333

00:19:28,010 --> 00:19:24,600

carrying somewhere between a hundred

334

00:19:31,070 --> 00:19:28,020

thousand and one million gallons of a

335

00:19:33,350 --> 00:19:31,080

very extremely cancer-causing extremely

336

00:19:36,169 --> 00:19:33,360

dangerous to the environment extremely

337

00:19:40,450 --> 00:19:36,179

flammable apparently chemical

338

00:19:44,150 --> 00:19:40,460

the the train was not did not

339

00:19:47,270 --> 00:19:44,160

have the proper paperwork

340

00:19:49,070 --> 00:19:47,280

it was not classified as high Hazard or

341

00:19:52,789 --> 00:19:49,080

flammable cargo

342

00:19:55,850 --> 00:19:52,799

so this train with somewhere between one

343

00:19:58,610 --> 00:19:55,860

hundred thousand and one million gallons

344

00:20:01,730 --> 00:19:58,620

of this extremely dangerous chemical

345

00:20:05,870 --> 00:20:01,740

vinyl chloride it was not classified as

346

00:20:08,930 --> 00:20:05,880

high Hazard or flammable cargo

347

00:20:11,270 --> 00:20:08,940

this is extremely shocking and this was

348

00:20:14,090 --> 00:20:11,280

part of my question phase here I was

349

00:20:17,930 --> 00:20:14,100

looking for answers from the EPA from

350

00:20:20,029 --> 00:20:17,940

the Transportation Department why was

351

00:20:23,390 --> 00:20:20,039

this not classified as high Hazard or

352

00:20:26,330 --> 00:20:23,400

flammable cargo maybe if it had been

353

00:20:28,970 --> 00:20:26,340

more care would have been taken and this

354

00:20:31,010 --> 00:20:28,980

tragedy could be have avoided

355

00:20:32,330 --> 00:20:31,020

yeah so they called it a controlled burn

356

00:20:35,029 --> 00:20:32,340

of the spill

357

00:20:37,070 --> 00:20:35,039

and then so on February 6 they control

358

00:20:39,409 --> 00:20:37,080

burn the rest of the spill which

359

00:20:40,549 --> 00:20:39,419

released hydrogen chloride and phosgene

360

00:20:45,350 --> 00:20:40,559

into the air

361

00:20:48,470 --> 00:20:45,360

as a result residents within a one mile

362

00:20:49,669 --> 00:20:48,480

or 1.6 kilometer for for those across

363

00:20:54,110 --> 00:20:49,679

the pond

364

00:20:56,690 --> 00:20:54,120

so radius they were evacuated and an

365

00:20:59,690 --> 00:20:56,700

emergency response from agencies across

366

00:21:02,150 --> 00:20:59,700

three states was initiated and one might

367

00:21:05,830 --> 00:21:02,160

ask themselves if there is

368

00:21:08,390 --> 00:21:05,840

such a highly cancer-causing

369

00:21:10,130 --> 00:21:08,400

environmentally destructive chemical

370

00:21:13,549 --> 00:21:10,140

that can cause all of these Health side

371

00:21:16,070 --> 00:21:13,559

effects and they're going to burn

372

00:21:18,590 --> 00:21:16,080

whatever's left of it

373

00:21:22,730 --> 00:21:18,600

wouldn't they want to evacuate more than

374

00:21:25,490 --> 00:21:22,740

a one mile area around a burn

375

00:21:29,930 --> 00:21:25,500

of between one hundred thousand and one

376
00:21:31,970 --> 00:21:29,940
million gallons of this noxious chemical

377
00:21:34,070 --> 00:21:31,980
and it should be known that Norfolk

378
00:21:37,610 --> 00:21:34,080
Southern has a long history of fighting

379
00:21:39,590 --> 00:21:37,620
regulations and again this train was not

380
00:21:41,690 --> 00:21:39,600
classified as high Hazard or flammable

381
00:21:43,010 --> 00:21:41,700
cargo

382
00:21:46,850 --> 00:21:43,020
um

383
00:21:48,950 --> 00:21:46,860
it also should be noted that the

384
00:21:52,250 --> 00:21:48,960
you may have heard about the rail

385
00:21:54,710 --> 00:21:52,260
workers striking recently and Joe Biden

386
00:21:56,690 --> 00:21:54,720
forced them to go back to work one of

387
00:21:58,490 --> 00:21:56,700
the things they wanted was greater

388
00:22:01,430 --> 00:21:58,500

safety

389

00:22:04,870 --> 00:22:01,440

regulations

390

00:22:07,850 --> 00:22:04,880

and more maintenance to the train system

391

00:22:11,029 --> 00:22:07,860

it's also interesting to note and I

392

00:22:15,350 --> 00:22:11,039

gotta find my uh materials to share here

393

00:22:17,510 --> 00:22:15,360

at the Trump Administration is also

394

00:22:20,510 --> 00:22:17,520

partially responsible

395

00:22:23,450 --> 00:22:20,520

uh this is

396

00:22:26,510 --> 00:22:23,460

from a few years back but still very

397

00:22:29,510 --> 00:22:26,520

relevant so I blame both sides of the

398

00:22:31,909 --> 00:22:29,520

aisle for this tragedy those of you who

399

00:22:33,470 --> 00:22:31,919

know me or have been a viewer for a

400

00:22:35,990 --> 00:22:33,480

while know that I am neither a

401
00:22:39,710 --> 00:22:36,000
Republican or a Democrat I think that

402
00:22:43,730 --> 00:22:39,720
they are two sides of the same coin and

403
00:22:44,930 --> 00:22:43,740
uh both sides are criminally corrupt

404
00:22:48,890 --> 00:22:44,940
um

405
00:22:50,870 --> 00:22:48,900
but let me let me see okay so here is

406
00:22:53,450 --> 00:22:50,880
one causal Factor

407
00:22:55,730 --> 00:22:53,460
Trump rolls back train breaking rule

408
00:22:58,730 --> 00:22:55,740
meant to keep oil tankers from exploding

409
00:23:01,370 --> 00:22:58,740
near communities so Obama put in place a

410
00:23:03,470 --> 00:23:01,380
new rule that would require new breaks

411
00:23:06,169 --> 00:23:03,480
be put on the trains to reduce the risk

412
00:23:08,149 --> 00:23:06,179
of oil trained derailments causing

413
00:23:10,610 --> 00:23:08,159

explosions and spilling gas it was

414

00:23:13,010 --> 00:23:10,620

reversed by Trump but here's where it

415

00:23:16,730 --> 00:23:13,020

gets interesting

416

00:23:17,870 --> 00:23:16,740

this regulation was reversed by Donald

417

00:23:28,610 --> 00:23:17,880

Trump

418

00:23:31,430 --> 00:23:28,620

breaking rule would have cost the rail

419

00:23:35,690 --> 00:23:31,440

industry millions of dollars because the

420

00:23:40,690 --> 00:23:35,700

rail uh the the railroad uh trains are

421

00:23:44,450 --> 00:23:40,700

using braking systems get this from the

422

00:23:47,690 --> 00:23:44,460

1870s or 60s right

423

00:23:49,909 --> 00:23:47,700

and so Obama and his Transportation

424

00:23:52,549 --> 00:23:49,919

secretary realized the need to update

425

00:23:55,730 --> 00:23:52,559

the braking systems on these trains

426
00:23:58,549 --> 00:23:55,740
put in place new regulations Trump rolls

427
00:24:01,190 --> 00:23:58,559
back the train breaking rule meant to

428
00:24:04,549 --> 00:24:01,200
keep these sort of tragedies from

429
00:24:08,690 --> 00:24:04,559
occurring and he did so just one month

430
00:24:10,850 --> 00:24:08,700
after a one million dollar donation

431
00:24:12,649 --> 00:24:10,860
from

432
00:24:15,409 --> 00:24:12,659
the train industry

433
00:24:17,390 --> 00:24:15,419
so after a eight million I'm sorry eight

434
00:24:19,370 --> 00:24:17,400
million dollar donation

435
00:24:22,210 --> 00:24:19,380
a month later

436
00:24:26,930 --> 00:24:22,220
Trump rolls back these new regulations

437
00:24:30,529 --> 00:24:26,940
designed to you know prevent derailments

438
00:24:33,289 --> 00:24:30,539

and crashes train crashes especially of

439

00:24:35,450 --> 00:24:33,299

trains carrying hazardous materials near

440

00:24:38,029 --> 00:24:35,460

communities

441

00:24:40,610 --> 00:24:38,039

um but it's also interesting and we have

442

00:24:42,890 --> 00:24:40,620

to realize that the train workers

443

00:24:45,669 --> 00:24:42,900

recently tried to strike and one of the

444

00:24:48,529 --> 00:24:45,679

things they wanted is better regulations

445

00:24:51,110 --> 00:24:48,539

more maintenance of the train systems by

446

00:24:53,450 --> 00:24:51,120

the way I talked to somebody uh who

447

00:24:56,029 --> 00:24:53,460

works in the rail industry today and boy

448

00:24:58,789 --> 00:24:56,039

was that that was very revealing because

449

00:25:02,450 --> 00:24:58,799

what I learned today is did you know

450

00:25:04,490 --> 00:25:02,460

that when a train leaves its its uh is

451
00:25:05,630 --> 00:25:04,500
ready getting ready to leave from its

452
00:25:07,909 --> 00:25:05,640
destination

453
00:25:12,250 --> 00:25:07,919
it pulls in somewhere and is loading

454
00:25:16,010 --> 00:25:12,260
cargo and all these cargo you know uh

455
00:25:16,730 --> 00:25:16,020
trains behind the train

456
00:25:19,370 --> 00:25:16,740
um

457
00:25:20,450 --> 00:25:19,380
so they get loaded up and then a rail

458
00:25:23,990 --> 00:25:20,460
worker

459
00:25:26,570 --> 00:25:24,000
has to inspect each car

460
00:25:29,630 --> 00:25:26,580
that the train is pulling

461
00:25:33,370 --> 00:25:29,640
but according to current uh regulations

462
00:25:38,149 --> 00:25:33,380
and The Rail lines the rail worker has

463
00:25:40,490 --> 00:25:38,159

90 seconds 90 seconds to inspect

464

00:25:44,330 --> 00:25:40,500

the rail car

465

00:25:46,370 --> 00:25:44,340

so could this tragedy have been avoided

466

00:25:48,710 --> 00:25:46,380

apparently there was some problem with

467

00:25:51,350 --> 00:25:48,720

the axle on one of these

468

00:25:52,549 --> 00:25:51,360

uh cars which was carrying these noxious

469

00:25:56,090 --> 00:25:52,559

chemicals

470

00:25:58,669 --> 00:25:56,100

and apparently a rail worker was only

471

00:26:00,649 --> 00:25:58,679

given 90 seconds to approve that train

472

00:26:02,769 --> 00:26:00,659

leaving for that car they have to go

473

00:26:05,570 --> 00:26:02,779

down the train and they get 90 seconds

474

00:26:07,549 --> 00:26:05,580

to inspect each car this was one of the

475

00:26:09,350 --> 00:26:07,559

things that the rail workers were

476
00:26:11,570 --> 00:26:09,360
Striking over and of course they they

477
00:26:13,909 --> 00:26:11,580
want it higher pay

478
00:26:16,850 --> 00:26:13,919
but the rail industry uh it's

479
00:26:19,909 --> 00:26:16,860
interesting that the railroads are not

480
00:26:22,430 --> 00:26:19,919
owned by individuals

481
00:26:25,310 --> 00:26:22,440
they're corporations but what's even

482
00:26:27,710 --> 00:26:25,320
more interesting is who really owns the

483
00:26:29,269 --> 00:26:27,720
rail companies and

484
00:26:30,950 --> 00:26:29,279
um the biggest owners would be Baker

485
00:26:32,570 --> 00:26:30,960
pointed this out in our Discord by the

486
00:26:35,149 --> 00:26:32,580
way join our Discord for extra

487
00:26:37,549 --> 00:26:35,159
information like this

488
00:26:40,610 --> 00:26:37,559

the owners of stock of the railroad

489

00:26:43,190 --> 00:26:40,620

involved in this tragic accident the

490

00:26:46,850 --> 00:26:43,200

biggest owners of stock in that company

491

00:26:49,070 --> 00:26:46,860

are Chase Bank BlackRock and Goldman

492

00:26:51,409 --> 00:26:49,080

Sachs

493

00:26:54,110 --> 00:26:51,419

all those Banks and investment funds

494

00:26:55,250 --> 00:26:54,120

have a considerable amount of pull and

495

00:26:57,289 --> 00:26:55,260

probably

496

00:26:59,930 --> 00:26:57,299

may have something to do with the lack

497

00:27:02,870 --> 00:26:59,940

of media coverage of this event

498

00:27:04,909 --> 00:27:02,880

so I did find a few people on

499

00:27:08,210 --> 00:27:04,919

alternative media that are covering this

500

00:27:11,870 --> 00:27:08,220

and doing a good job

501
00:27:14,090 --> 00:27:11,880
and boy this story gets worse and worse

502
00:27:17,350 --> 00:27:14,100
and worse so what we're up to is

503
00:27:21,470 --> 00:27:17,360
February 3rd the train crashes huge fire

504
00:27:23,149 --> 00:27:21,480
there's chemicals burning

505
00:27:25,250 --> 00:27:23,159
um three days later they decide to

506
00:27:28,149 --> 00:27:25,260
essentially blow up what remains of the

507
00:27:29,870 --> 00:27:28,159
fire you know purposefully

508
00:27:32,450 --> 00:27:29,880
releasing

509
00:27:35,029 --> 00:27:32,460
between one hundred thousand and one

510
00:27:38,630 --> 00:27:35,039
million gallons of noxious chemicals

511
00:27:41,750 --> 00:27:38,640
were burned right into the atmosphere I

512
00:27:43,549 --> 00:27:41,760
mean I I don't understand where do they

513
00:27:45,830 --> 00:27:43,559

think that those chemicals are going to

514

00:27:48,769 --> 00:27:45,840

go and by the way this is quite personal

515

00:27:52,370 --> 00:27:48,779

to me because this tragic event happened

516

00:27:53,810 --> 00:27:52,380

on the Ohio Pennsylvania border now it's

517

00:27:57,110 --> 00:27:53,820

pretty far from me it's on the whole

518

00:28:00,590 --> 00:27:57,120

other end of Pennsylvania right

519

00:28:03,409 --> 00:28:00,600

um I'm on the Eastern side this is all

520

00:28:05,990 --> 00:28:03,419

the way the other end but still

521

00:28:08,210 --> 00:28:06,000

by the way those clouds of noxious

522

00:28:09,850 --> 00:28:08,220

chemicals will be reaching my home in

523

00:28:12,470 --> 00:28:09,860

the next several days

524

00:28:14,330 --> 00:28:12,480

and I just want to mention for anyone

525

00:28:18,409 --> 00:28:14,340

within the sound of my voice that feel

526

00:28:20,570 --> 00:28:18,419

they may be affected by the chemicals or

527

00:28:22,789 --> 00:28:20,580

the acid rain or any of these

528

00:28:25,789 --> 00:28:22,799

environmental effects you can get an air

529

00:28:27,890 --> 00:28:25,799

quality monitor on Amazon for fifty

530

00:28:30,289 --> 00:28:27,900

dollars I've ordered one just to be safe

531

00:28:32,090 --> 00:28:30,299

better safe than sorry

532

00:28:34,250 --> 00:28:32,100

um and I'm not sure what else to suggest

533

00:28:36,350 --> 00:28:34,260

because I'm not an expert but you do

534

00:28:39,049 --> 00:28:36,360

want to have a monitor so that you're

535

00:28:41,750 --> 00:28:39,059

aware if there are

536

00:28:44,330 --> 00:28:41,760

um potentially deadly chemicals in the

537

00:28:46,549 --> 00:28:44,340

in the air you're breathing outside your

538

00:28:48,890 --> 00:28:46,559

home right

539

00:28:50,510 --> 00:28:48,900

um so I try to make all these phone

540

00:28:53,450 --> 00:28:50,520

calls and I'm left with much more

541

00:28:56,390 --> 00:28:53,460

questions than answers because I want to

542

00:28:59,090 --> 00:28:56,400

know who authorized the release who

543

00:29:03,169 --> 00:28:59,100

authorized burning between a hundred

544

00:29:06,409 --> 00:29:03,179

thousand and a million gallons of this

545

00:29:11,090 --> 00:29:06,419

very dangerous cancer-causing

546

00:29:12,890 --> 00:29:11,100

uh agents chemicals right

547

00:29:14,450 --> 00:29:12,900

it's important to note that this train

548

00:29:16,190 --> 00:29:14,460

which crashed was not equipped with

549

00:29:18,470 --> 00:29:16,200

electronically controlled pneumatic

550

00:29:20,750 --> 00:29:18,480

brakes which a former Federal Railroad

551
00:29:22,610 --> 00:29:20,760
Administration official claims would

552
00:29:23,930 --> 00:29:22,620
have mitigated the severity of the

553
00:29:27,409 --> 00:29:23,940
accident

554
00:29:29,570 --> 00:29:27,419
in 2017 Norfolk Southern successfully

555
00:29:31,730 --> 00:29:29,580
lobbied the Trump Administration to

556
00:29:34,310 --> 00:29:31,740
repeal the regulations requiring the use

557
00:29:36,230 --> 00:29:34,320
of such breaks on trains carrying

558
00:29:39,230 --> 00:29:36,240
hazardous materials

559
00:29:42,049 --> 00:29:39,240
and how did they lobby lobby is a nice

560
00:29:44,389 --> 00:29:42,059
word for bribe they gave the Republican

561
00:29:47,630 --> 00:29:44,399
Party eight million dollars and suddenly

562
00:29:50,269 --> 00:29:47,640
Trump repeals the regulations requiring

563
00:29:52,909 --> 00:29:50,279

their use of the exact breaks which

564

00:29:56,690 --> 00:29:52,919

probably would have prevented this

565

00:29:59,330 --> 00:29:56,700

environmental disaster and huge tragedy

566

00:30:01,789 --> 00:29:59,340

so this is a failure on multiple levels

567

00:30:04,070 --> 00:30:01,799

but it's not just Trump who failed when

568

00:30:06,470 --> 00:30:04,080

the rail workers Were Striking

569

00:30:08,810 --> 00:30:06,480

President Biden ordered them back to

570

00:30:11,090 --> 00:30:08,820

work said you can't strike

571

00:30:12,769 --> 00:30:11,100

you have to go back to work

572

00:30:15,950 --> 00:30:12,779

because we've already got supply

573

00:30:18,350 --> 00:30:15,960

shortages or whatever reason he gave

574

00:30:20,690 --> 00:30:18,360

uh and again one of the things that the

575

00:30:23,570 --> 00:30:20,700

rail workers wanted was greater safety

576

00:30:25,610 --> 00:30:23,580

and better maintenance of the trains

577

00:30:28,909 --> 00:30:25,620

systems

578

00:30:31,310 --> 00:30:28,919

to the best display of Hal screwed up

579

00:30:34,010 --> 00:30:31,320

this system is that I could give is the

580

00:30:37,430 --> 00:30:34,020

fact that a rail worker gets 90 seconds

581

00:30:41,710 --> 00:30:37,440

to inspect each car and you mean to tell

582

00:30:44,510 --> 00:30:41,720

me that there is a huge cargo container

583

00:30:46,370 --> 00:30:44,520

containing I don't know how many gallons

584

00:30:50,149 --> 00:30:46,380

maybe ten thousand twenty thousand

585

00:30:52,730 --> 00:30:50,159

gallons of cancer causing flammable

586

00:30:55,610 --> 00:30:52,740

chemicals that are absolutely and

587

00:30:57,370 --> 00:30:55,620

totally completely disruptive and

588

00:31:02,570 --> 00:30:57,380

destructive

589

00:31:05,810 --> 00:31:02,580

be released into the atmosphere and we

590

00:31:08,330 --> 00:31:05,820

only give the rail worker 90 seconds to

591

00:31:11,510 --> 00:31:08,340

inspect that car to make sure it's safe

592

00:31:13,490 --> 00:31:11,520

to travel who knows 10 000 miles

593

00:31:16,370 --> 00:31:13,500

at high speeds

594

00:31:19,310 --> 00:31:16,380

this is absolutely a failure on every

595

00:31:22,310 --> 00:31:19,320

level of government and where is the EPA

596

00:31:25,190 --> 00:31:22,320

while local officials by the way do you

597

00:31:28,190 --> 00:31:25,200

know who decided to do that burn

598

00:31:30,769 --> 00:31:28,200

to burn all those chemicals Norfolk

599

00:31:33,710 --> 00:31:30,779

Southern and local officials in the area

600

00:31:35,990 --> 00:31:33,720

of East Palestine they got together and

601
00:31:37,690 --> 00:31:36,000
made the decision to do a quote

602
00:31:40,490 --> 00:31:37,700
controlled burn

603
00:31:42,010 --> 00:31:40,500
and they claim that control burn was

604
00:31:44,990 --> 00:31:42,020
successful

605
00:31:48,590 --> 00:31:45,000
and it's interesting that shortly after

606
00:31:50,510 --> 00:31:48,600
the controlled burn they uh we're gonna

607
00:31:54,289 --> 00:31:50,520
we're gonna share this next or you know

608
00:31:56,450 --> 00:31:54,299
what first let's do this um I have a

609
00:32:02,210 --> 00:31:56,460
I have a good

610
00:32:04,549 --> 00:32:02,220
story and but let me put up my fair use

611
00:32:07,490 --> 00:32:04,559
Banner here we're going to put up

612
00:32:08,990 --> 00:32:07,500
we're gonna use fair use this is a

613
00:32:10,850 --> 00:32:09,000

transformative work we're educating the

614

00:32:12,529 --> 00:32:10,860

public and critiquing the videos we're

615

00:32:14,990 --> 00:32:12,539

sharing and we're using this video and

616

00:32:17,269 --> 00:32:15,000

edu in the spirit of fair use and and

617

00:32:20,870 --> 00:32:17,279

for educational purposes

618

00:32:24,350 --> 00:32:20,880

and it is interesting that

619

00:32:25,430 --> 00:32:24,360

um some alternative media are covering

620

00:32:26,690 --> 00:32:25,440

this well

621

00:32:28,970 --> 00:32:26,700

but

622

00:32:31,370 --> 00:32:28,980

there there is largely the the

623

00:32:33,889 --> 00:32:31,380

mainstream media is now figuring out

624

00:32:36,110 --> 00:32:33,899

that this is a huge story and they're

625

00:32:36,710 --> 00:32:36,120

starting to catch up

626

00:32:40,250 --> 00:32:36,720

um

627

00:32:41,930 --> 00:32:40,260

it's it's ridiculous oh let's uh let's

628

00:32:46,909 --> 00:32:41,940

do that one more time I always have to

629

00:32:53,029 --> 00:32:49,970

yeah topic number three Ohio derailment

630

00:32:56,570 --> 00:32:54,590

a story that's not getting as much

631

00:32:57,889 --> 00:32:56,580

attention from the national media and I

632

00:32:59,389 --> 00:32:57,899

am remiss and not having mentioned this

633

00:33:02,029 --> 00:32:59,399

previously

634

00:33:05,210 --> 00:33:02,039

um a uh derailment of a train carrying

635

00:33:06,889 --> 00:33:05,220

toxic chemicals in eastern Ohio uh near

636

00:33:09,950 --> 00:33:06,899

the town of East Palestine that's near

637

00:33:12,230 --> 00:33:09,960

the uh the border with Pennsylvania is

638

00:33:16,490 --> 00:33:12,240

uh now the subject of a federal lawsuit

639

00:33:18,350 --> 00:33:16,500

that's been filed the Train derailed

640

00:33:20,450 --> 00:33:18,360

last week and this seeks to force this

641

00:33:22,730 --> 00:33:20,460

lawsuit wants to force Norfolk Southern

642

00:33:25,930 --> 00:33:22,740

to initiate Health testing for residents

643

00:33:29,149 --> 00:33:25,940

in both Ohio and Pennsylvania yeah so

644

00:33:31,430 --> 00:33:29,159

suddenly uh and by the way I don't want

645

00:33:36,049 --> 00:33:31,440

to jump ahead but we've got all kinds of

646

00:33:38,269 --> 00:33:36,059

videos there are pets dying all around

647

00:33:41,029 --> 00:33:38,279

this tragic event

648

00:33:45,350 --> 00:33:41,039

people's dogs people's cats people's

649

00:33:48,169 --> 00:33:45,360

Birds cockatoos right uh people's pets

650

00:33:52,310 --> 00:33:48,179

are dying all around this town

651
00:33:55,669 --> 00:33:52,320
and uh I've heard reports as far away as

652
00:33:57,169 --> 00:33:55,679
20 or 30 miles away from the initial

653
00:34:00,110 --> 00:33:57,179
blast here

654
00:34:02,570 --> 00:34:00,120
uh people's pets are dying there's fish

655
00:34:08,089 --> 00:34:02,580
dying in all the creeks and rivers

656
00:34:10,310 --> 00:34:08,099
and Norfolk offered uh uh we'll we'll

657
00:34:14,629 --> 00:34:10,320
let him tell the story so people are now

658
00:34:17,089 --> 00:34:14,639
suing Norfolk uh to try to get them to

659
00:34:19,010 --> 00:34:17,099
pay for people's medical expenses as

660
00:34:21,290 --> 00:34:19,020
they should because they made these

661
00:34:24,109 --> 00:34:21,300
decisions that led to this

662
00:34:25,849 --> 00:34:24,119
also undetermined damages and full

663
00:34:28,490 --> 00:34:25,859

insight into the nature of the chemicals

664

00:34:30,230 --> 00:34:28,500

that have been released into the air the

665

00:34:31,790 --> 00:34:30,240

Associated Press reports the lawsuit

666

00:34:33,710 --> 00:34:31,800

which was filed last Thursday by two

667

00:34:35,570 --> 00:34:33,720

Pennsylvania residents calls for Norfolk

668

00:34:37,490 --> 00:34:35,580

Southern to pay for medical screenings

669

00:34:40,010 --> 00:34:37,500

and related care for anyone within a

670

00:34:42,109 --> 00:34:40,020

30-mile radius of the derailment about

671

00:34:45,470 --> 00:34:42,119

50 cars including 10 with hazardous

672

00:34:47,629 --> 00:34:45,480

chemicals derailed on February 3rd no

673

00:34:49,129 --> 00:34:47,639

one injured in the derailment but as

674

00:34:51,349 --> 00:34:49,139

investigators

675

00:34:53,089 --> 00:34:51,359

came to the scene they noticed a sharp

676

00:34:55,250 --> 00:34:53,099

rise in temperature in some of those

677

00:34:56,629 --> 00:34:55,260

rail cars and so yeah sharp rise in

678

00:34:58,910 --> 00:34:56,639

temperature

679

00:35:01,310 --> 00:34:58,920

sure because there was noxious chemicals

680

00:35:03,530 --> 00:35:01,320

they decided to release and burn

681

00:35:06,109 --> 00:35:03,540

the vinyl chloride inside five of the

682

00:35:09,710 --> 00:35:06,119

tanker cars which sent hydrogen chloride

683

00:35:11,569 --> 00:35:09,720

and the toxic gas phosgene into the air

684

00:35:13,550 --> 00:35:11,579

now the official story environmental

685

00:35:15,050 --> 00:35:13,560

Regulators have been monitoring air and

686

00:35:17,450 --> 00:35:15,060

water and surrounding communities and

687

00:35:20,870 --> 00:35:17,460

said that so far air quality remains

688

00:35:23,390 --> 00:35:20,880

Safe Drinking Water not affected yeah

689

00:35:26,930 --> 00:35:23,400

and I'd like to know if drinking water

690

00:35:29,530 --> 00:35:26,940

is not affected there are something like

691

00:35:32,569 --> 00:35:29,540

5 million people

692

00:35:35,589 --> 00:35:32,579

affected through the Ohio River

693

00:35:38,030 --> 00:35:35,599

and uh this is where it gets crazy

694

00:35:41,750 --> 00:35:38,040

they're saying drinking water is not

695

00:35:44,630 --> 00:35:41,760

affected but fish and wildlife all over

696

00:35:47,810 --> 00:35:44,640

the area are dying

697

00:35:49,130 --> 00:35:47,820

people have wells for those who live in

698

00:35:51,770 --> 00:35:49,140

the city

699

00:35:53,990 --> 00:35:51,780

it's very common for people who live in

700

00:35:55,609 --> 00:35:54,000

more rural areas that they have a well

701
00:35:57,950 --> 00:35:55,619
drilled and then they have a well pump

702
00:36:00,050 --> 00:35:57,960
and there's a well in the ground

703
00:36:03,370 --> 00:36:00,060
a pipe that goes way down in the ground

704
00:36:05,930 --> 00:36:03,380
50 or 100 feet to underwater

705
00:36:06,829 --> 00:36:05,940
reservoirs that they draw their water

706
00:36:09,290 --> 00:36:06,839
from

707
00:36:12,109 --> 00:36:09,300
if these chemicals were released into

708
00:36:14,870 --> 00:36:12,119
the soil if these chemicals were

709
00:36:18,010 --> 00:36:14,880
released into the air

710
00:36:20,569 --> 00:36:18,020
to turn to phosgene another

711
00:36:23,810 --> 00:36:20,579
cancer-causing very dangerous chemical

712
00:36:26,150 --> 00:36:23,820
which is then going to come down in rain

713
00:36:28,370 --> 00:36:26,160

how is it not going to affect the

714

00:36:30,890 --> 00:36:28,380

drinking water but we're supposed to be

715

00:36:33,349 --> 00:36:30,900

we're supposed to believe that drinking

716

00:36:36,230 --> 00:36:33,359

water is not affected while there's fish

717

00:36:38,390 --> 00:36:36,240

dying in all the local rivers and all

718

00:36:41,930 --> 00:36:38,400

the local creeks

719

00:36:43,910 --> 00:36:41,940

uh I I don't think so bear in mind that

720

00:36:46,250 --> 00:36:43,920

phosgene was used as a chemical weapon

721

00:36:47,990 --> 00:36:46,260

in the trenches of World War One

722

00:36:50,930 --> 00:36:48,000

it was the main killer in the compound

723

00:36:55,490 --> 00:36:50,940

called mustard gas yeah so essentially

724

00:36:57,890 --> 00:36:55,500

these Geniuses at this train company and

725

00:36:59,030 --> 00:36:57,900

the EPA left them and the local mayor

726

00:37:02,390 --> 00:36:59,040

let them

727

00:37:04,609 --> 00:37:02,400

they burned this chemical that turned it

728

00:37:08,329 --> 00:37:04,619

into the main component of a chemical

729

00:37:11,990 --> 00:37:08,339

weapon in mustard gas called phosgene

730

00:37:15,770 --> 00:37:12,000

that is now released all throughout the

731

00:37:18,530 --> 00:37:15,780

the Eastern Seaboard now where is this

732

00:37:21,050 --> 00:37:18,540

deadly dangerous chemical once released

733

00:37:23,630 --> 00:37:21,060

in the atmosphere going to go it's going

734

00:37:25,910 --> 00:37:23,640

to seep into everything

735

00:37:29,930 --> 00:37:25,920

it's going to come back down in rain

736

00:37:33,710 --> 00:37:29,940

it's going to infect local water sources

737

00:37:35,630 --> 00:37:33,720

all over the Eastern Seaboard but I

738

00:37:38,569 --> 00:37:35,640

should mention I'm not an environmental

739

00:37:41,329 --> 00:37:38,579

expert this is just my opinion you are

740

00:37:42,770 --> 00:37:41,339

free to have yours the chemical has to

741

00:37:45,650 --> 00:37:42,780

go somewhere

742

00:37:48,589 --> 00:37:45,660

and this amount of chemicals released

743

00:37:50,450 --> 00:37:48,599

into the atmosphere it can't be good it

744

00:37:53,450 --> 00:37:50,460

can't be good for wildlife it can't be

745

00:37:55,970 --> 00:37:53,460

good for humankind it can't be good for

746

00:37:59,329 --> 00:37:55,980

fish it can't be good for plants trees

747

00:38:00,890 --> 00:37:59,339

animals pets pets are dying all over

748

00:38:02,569 --> 00:38:00,900

this area

749

00:38:04,730 --> 00:38:02,579

but we're supposed to believe that they

750

00:38:07,670 --> 00:38:04,740

made the right call to burn this stuff

751

00:38:09,109 --> 00:38:07,680

and release it into the atmosphere

752

00:38:11,390 --> 00:38:09,119

and not everyone is buying what the

753

00:38:12,950 --> 00:38:11,400

government is selling here New York Post

754

00:38:14,990 --> 00:38:12,960

reports that the owner of a dairy farm

755

00:38:16,790 --> 00:38:15,000

just outside the evacuation Zone has

756

00:38:17,870 --> 00:38:16,800

said that several foxes that he keeps in

757

00:38:21,050 --> 00:38:17,880

his property

758

00:38:24,410 --> 00:38:21,060

suddenly became mortally ill just

759

00:38:26,150 --> 00:38:24,420

suddenly took sick and died yes and

760

00:38:29,630 --> 00:38:26,160

animal is as large as cattle are

761

00:38:32,450 --> 00:38:29,640

reported as becoming sick or dying and

762

00:38:38,030 --> 00:38:32,460

people with Livestock in the area large

763

00:38:40,310 --> 00:38:38,040

livestock goats and pigs and uh cows are

764

00:38:42,109 --> 00:38:40,320

moving their livestock away from the

765

00:38:43,609 --> 00:38:42,119

area

766

00:38:45,349 --> 00:38:43,619

and he's not the only one there are

767

00:38:47,210 --> 00:38:45,359

other scattered reports of dead animals

768

00:38:49,730 --> 00:38:47,220

well outside the original evacuation

769

00:38:51,589 --> 00:38:49,740

Zone the owner of a chicken farm in

770

00:38:53,690 --> 00:38:51,599

nearby North Lima said video camera

771

00:38:55,849 --> 00:38:53,700

footage shows her chickens perfectly

772

00:38:57,470 --> 00:38:55,859

fine before they started the burn and as

773

00:39:00,710 --> 00:38:57,480

soon as they started the burn

774

00:39:02,810 --> 00:39:00,720

the chicken slowed down and died

775

00:39:05,150 --> 00:39:02,820

yeah and we've got some footage of

776

00:39:08,270 --> 00:39:05,160

chickens and dead chickens

777

00:39:09,829 --> 00:39:08,280

and Dead Fish all over the area adding

778

00:39:11,329 --> 00:39:09,839

quote if it can do this to chickens in

779

00:39:14,390 --> 00:39:11,339

one night imagine what this is going to

780

00:39:15,950 --> 00:39:14,400

do to us in 20 years end quote

781

00:39:18,050 --> 00:39:15,960

pray for those downwind of this morning

782

00:39:20,030 --> 00:39:18,060

and where are our government officials

783

00:39:21,530 --> 00:39:20,040

who are supposed to protect us from

784

00:39:24,050 --> 00:39:21,540

Environmental

785

00:39:27,890 --> 00:39:24,060

where is it the EPA

786

00:39:30,230 --> 00:39:27,900

what don't they have studies and data of

787

00:39:34,010 --> 00:39:30,240

long-term exposure to these type of

788

00:39:36,829 --> 00:39:34,020

cancer-causing Agents we're they're just

789

00:39:40,130 --> 00:39:36,839

supposed to release this into the soil

790

00:39:43,069 --> 00:39:40,140

into the atmosphere into the water table

791

00:39:45,109 --> 00:39:43,079

in a local town and oh we just have to

792

00:39:46,730 --> 00:39:45,119

evacuate one mile of people living

793

00:39:48,530 --> 00:39:46,740

nearby and then we can let them come

794

00:39:51,170 --> 00:39:48,540

back to their homes just a few days

795

00:39:54,050 --> 00:39:51,180

later it's safe and by the way local

796

00:39:55,730 --> 00:39:54,060

residents are all feeling sick not all I

797

00:39:58,730 --> 00:39:55,740

shouldn't use absolutes I apologize

798

00:40:00,109 --> 00:39:58,740

there are various reports of especially

799

00:40:02,450 --> 00:40:00,119

elderly

800

00:40:04,849 --> 00:40:02,460

going outside and instantly feeling

801
00:40:08,089 --> 00:40:04,859
nauseous and sick the smell of chemicals

802
00:40:10,970 --> 00:40:08,099
is still deep in the air in that area

803
00:40:15,770 --> 00:40:10,980
and surrounding towns and areas

804
00:40:20,270 --> 00:40:15,780
and this plume of noxious dangerous uh

805
00:40:23,030 --> 00:40:20,280
carcinogens is now traveling freely in

806
00:40:25,569 --> 00:40:23,040
the atmosphere Above This Town to

807
00:40:28,010 --> 00:40:25,579
neighboring towns neighboring states

808
00:40:30,490 --> 00:40:28,020
this is not going to be contained in

809
00:40:33,050 --> 00:40:30,500
this local area this is going to spread

810
00:40:34,510 --> 00:40:33,060
and we have evidence that it is

811
00:40:37,730 --> 00:40:34,520
spreading now

812
00:40:40,609 --> 00:40:37,740
topic number two the Super Bowl

813
00:40:42,349 --> 00:40:40,619

and that well that's it for that story I

814

00:40:46,010 --> 00:40:42,359

just wanted to make sure that we're

815

00:40:50,270 --> 00:40:46,020

aware that the some of the locals aren't

816

00:40:52,569 --> 00:40:50,280

taking the side of this uh train company

817

00:40:56,450 --> 00:40:52,579

who wishes to

818

00:40:59,089 --> 00:40:56,460

minimize their exposure their liability

819

00:41:02,690 --> 00:40:59,099

they want to minimize their liability

820

00:41:05,690 --> 00:41:02,700

here so much so let me show you this

821

00:41:07,990 --> 00:41:05,700

this is crazy

822

00:41:10,730 --> 00:41:08,000

so essentially

823

00:41:13,730 --> 00:41:10,740

the uh

824

00:41:15,589 --> 00:41:13,740

the train company here here's here's a

825

00:41:17,210 --> 00:41:15,599

another point that we got to make sure

826
00:41:20,030 --> 00:41:17,220
that we make

827
00:41:22,370 --> 00:41:20,040
because it would appear now that the

828
00:41:24,770 --> 00:41:22,380
train company and the government are not

829
00:41:27,710 --> 00:41:24,780
being entirely honest with us various

830
00:41:31,150 --> 00:41:27,720
reports that data shows additional

831
00:41:34,130 --> 00:41:31,160
chemicals present on derailed Ohio train

832
00:41:36,230 --> 00:41:34,140
additional chemicals were aboard the

833
00:41:39,890 --> 00:41:36,240
derail train had the potential to be

834
00:41:41,930 --> 00:41:39,900
deadly experts said there were more

835
00:41:44,270 --> 00:41:41,940
toxic chemicals aboard the train that

836
00:41:46,630 --> 00:41:44,280
derailed in Ohio than originally

837
00:41:49,250 --> 00:41:46,640
reported new data shows

838
00:41:51,710 --> 00:41:49,260

were these local officials who decided

839

00:41:52,790 --> 00:41:51,720

to burn all of this aware that there was

840

00:41:55,069 --> 00:41:52,800

more

841

00:41:58,910 --> 00:41:55,079

uh chemicals

842

00:42:01,970 --> 00:41:58,920

on board that crash train more chemicals

843

00:42:04,370 --> 00:42:01,980

than just vinyl chloride and that those

844

00:42:07,609 --> 00:42:04,380

chemicals could be just as if not more

845

00:42:09,650 --> 00:42:07,619

deadly than Vinyl chloride

846

00:42:12,950 --> 00:42:09,660

I can't believe they just said oh we'll

847

00:42:14,510 --> 00:42:12,960

just burn it the problem will go away if

848

00:42:17,030 --> 00:42:14,520

we just burn it

849

00:42:18,710 --> 00:42:17,040

another thing that I would just like to

850

00:42:21,710 --> 00:42:18,720

mention is that every time something

851
00:42:23,750 --> 00:42:21,720
like this happens I am shocked and and

852
00:42:26,569 --> 00:42:23,760
sort of surprised because

853
00:42:28,670 --> 00:42:26,579
crickets from the climate cult nuts over

854
00:42:31,010 --> 00:42:28,680
a real problem imagine that where is

855
00:42:33,230 --> 00:42:31,020
Greta thundberg where are you

856
00:42:36,650 --> 00:42:33,240
environmental activists

857
00:42:38,750 --> 00:42:36,660
this I truly believe and I will admit

858
00:42:40,750 --> 00:42:38,760
this is my opinion in speculation but I

859
00:42:43,430 --> 00:42:40,760
truly believe that this is the greatest

860
00:42:45,410 --> 00:42:43,440
environmental disaster

861
00:42:47,750 --> 00:42:45,420
uh in the continental United States

862
00:42:52,130 --> 00:42:47,760
since the gulf spill

863
00:42:54,609 --> 00:42:52,140

and crickets nothing no media the media

864

00:42:58,430 --> 00:42:54,619

has been largely silent on these issues

865

00:43:00,589 --> 00:42:58,440

and the environmental experts where are

866

00:43:03,410 --> 00:43:00,599

they where are the are these climate

867

00:43:04,790 --> 00:43:03,420

change people and I get it climate

868

00:43:07,370 --> 00:43:04,800

change is the problem but you know what

869

00:43:09,650 --> 00:43:07,380

else is a problem a hundred thousand to

870

00:43:13,010 --> 00:43:09,660

a million gallons of vinyl chloride

871

00:43:16,550 --> 00:43:13,020

being openly burned into the atmosphere

872

00:43:20,809 --> 00:43:16,560

in a residential town with the full

873

00:43:22,849 --> 00:43:20,819

knowledge and I would assume consent and

874

00:43:26,569 --> 00:43:22,859

blessing of the Environmental Protection

875

00:43:29,210 --> 00:43:26,579

Agency this is a huge failure

876

00:43:31,130 --> 00:43:29,220

on the part of the EPA how could they

877

00:43:35,569 --> 00:43:31,140

just let them

878

00:43:40,790 --> 00:43:35,579

and now let's get into uh the the other

879

00:43:42,950 --> 00:43:40,800

environmental impacts soon to come uh

880

00:43:45,890 --> 00:43:42,960

one second

881

00:43:48,530 --> 00:43:45,900

okay so East Palestine sits almost at

882

00:43:51,410 --> 00:43:48,540

the very beginning of the Ohio River

883

00:43:53,690 --> 00:43:51,420

Basin aquifer that flows Southwest

884

00:43:56,870 --> 00:43:53,700

through all these states

885

00:43:58,970 --> 00:43:56,880

and uh apparently we can't begin to know

886

00:44:02,690 --> 00:43:58,980

just how bad it really is yet

887

00:44:04,430 --> 00:44:02,700

so the Ohio River uh in Ohio it doesn't

888

00:44:07,790 --> 00:44:04,440

you know it's this is not going to just

889

00:44:10,309 --> 00:44:07,800

affect that little local town

890

00:44:13,550 --> 00:44:10,319

East Palestine sits almost at the very

891

00:44:15,230 --> 00:44:13,560

beginning of the Ohio River Basin so

892

00:44:18,829 --> 00:44:15,240

this is going to affect Pennsylvania

893

00:44:20,329 --> 00:44:18,839

West Virginia Ohio Kentucky Tennessee

894

00:44:21,950 --> 00:44:20,339

Indiana

895

00:44:26,390 --> 00:44:21,960

and maybe more

896

00:44:28,010 --> 00:44:26,400

right it continues on Arizona Missouri

897

00:44:33,109 --> 00:44:28,020

Mississippi

898

00:44:35,750 --> 00:44:33,119

and these other uh waterways

899

00:44:38,210 --> 00:44:35,760

also surrounding the Tennessee may be

900

00:44:41,270 --> 00:44:38,220

affected all these states may be

901
00:44:44,390 --> 00:44:41,280
affected and we've heard what happens

902
00:44:48,170 --> 00:44:44,400
when this stuff gets into water systems

903
00:44:49,609 --> 00:44:48,180
it is extremely extremely dangerous

904
00:44:52,849 --> 00:44:49,619
now

905
00:44:54,530 --> 00:44:52,859
uh the toxic toxicity of these chemicals

906
00:44:56,630 --> 00:44:54,540
is causing animals

907
00:44:59,210 --> 00:44:56,640
to die hundreds of miles away that's

908
00:45:01,910 --> 00:44:59,220
from various reports apparently it's in

909
00:45:03,109 --> 00:45:01,920
the air water and soil EPA says it's

910
00:45:07,910 --> 00:45:03,119
safe

911
00:45:10,490 --> 00:45:07,920
200 mile radius report this is the cloud

912
00:45:12,910 --> 00:45:10,500
it covers all of Ohio half of

913
00:45:16,069 --> 00:45:12,920

Pennsylvania and more bordering states

914

00:45:18,290 --> 00:45:16,079

this is the cloud of noxious chemicals

915

00:45:20,809 --> 00:45:18,300

after the burn

916

00:45:22,609 --> 00:45:20,819

this is how it is spread and this is

917

00:45:25,010 --> 00:45:22,619

just so far

918

00:45:29,750 --> 00:45:25,020

uh we we heard about Trump we have some

919

00:45:33,950 --> 00:45:29,760

images of this uh of this tragic event

920

00:45:41,109 --> 00:45:36,589

I thought I had one other data point

921

00:45:42,670 --> 00:45:41,119

here to share apparently not okay so

922

00:45:54,290 --> 00:45:42,680

the

923

00:45:55,970 --> 00:45:54,300

a very pittance amount

924

00:45:57,230 --> 00:45:55,980

of

925

00:45:59,630 --> 00:45:57,240

money

926
00:46:03,109 --> 00:45:59,640
to the local residents

927
00:46:06,710 --> 00:46:03,119
we talked about them trying to you know

928
00:46:10,130 --> 00:46:06,720
absolve themselves of responsibility and

929
00:46:13,910 --> 00:46:10,140
they want to minimize how much money

930
00:46:19,250 --> 00:46:13,920
they will have to put out to do the

931
00:46:22,010 --> 00:46:19,260
environmental cleanup to uh you know pay

932
00:46:24,230 --> 00:46:22,020
for People's Health problems that are

933
00:46:26,870 --> 00:46:24,240
going to come as a result of this

934
00:46:35,030 --> 00:46:26,880
uh one second let me just search for

935
00:46:45,410 --> 00:46:37,849
and I knew I needed that data point it's

936
00:46:50,270 --> 00:46:47,990
yeah so here it is attorney warning East

937
00:46:54,410 --> 00:46:50,280
Palestine residents about one thousand

938
00:46:56,329 --> 00:46:54,420

dollar northern northern Subic payments

939

00:46:58,130 --> 00:46:56,339

a Cleveland attorney is warning East

940

00:47:00,109 --> 00:46:58,140

Palestine residents about a thousand

941

00:47:02,630 --> 00:47:00,119

dollar check being offered to people as

942

00:47:06,290 --> 00:47:02,640

an inconvenience fee from Norfolk

943

00:47:11,270 --> 00:47:06,300

Southern let me share my screen here

944

00:47:16,670 --> 00:47:14,089

on Friday February 3rd and

945

00:47:21,170 --> 00:47:16,680

okay so Michael oshia

946

00:47:22,849 --> 00:47:21,180

of The Lipson ocean Legal Group is

947

00:47:25,069 --> 00:47:22,859

representing residents in a lawsuit

948

00:47:27,230 --> 00:47:25,079

against the railroad and is worried

949

00:47:29,270 --> 00:47:27,240

about the reason behind the checks we

950

00:47:31,609 --> 00:47:29,280

have some clients from Eastern East

951
00:47:34,190 --> 00:47:31,619
Palestine area affected by train

952
00:47:35,809 --> 00:47:34,200
accident who are being approached by

953
00:47:38,030 --> 00:47:35,819
northern southern with a thousand dollar

954
00:47:40,069 --> 00:47:38,040
checks for an inconvenience fee and of

955
00:47:42,410 --> 00:47:40,079
course if you take that money you have

956
00:47:44,930 --> 00:47:42,420
to sign away all future rights

957
00:47:47,150 --> 00:47:44,940
and by the way there's only 25

958
00:47:49,970 --> 00:47:47,160
000 local residents

959
00:47:51,829 --> 00:47:49,980
so is Norfolk Southern just trying to

960
00:47:55,130 --> 00:47:51,839
get away with paying everybody one

961
00:47:58,609 --> 00:47:55,140
thousand dollars that would mean that

962
00:48:02,450 --> 00:47:58,619
they essentially would get away with any

963
00:48:04,730 --> 00:48:02,460

liability over this situation

964

00:48:06,950 --> 00:48:04,740

for a measly twenty five thousand

965

00:48:09,309 --> 00:48:06,960

dollars and by the way this is a

966

00:48:14,870 --> 00:48:09,319

multi-billion dollar company

967

00:48:17,690 --> 00:48:14,880

um

968

00:48:19,670 --> 00:48:17,700

one second

969

00:48:22,010 --> 00:48:19,680

Norfolk Southern obtained by Cleveland

970

00:48:23,270 --> 00:48:22,020

19 a spokesperson said people accepting

971

00:48:25,010 --> 00:48:23,280

money does not keep them from

972

00:48:27,710 --> 00:48:25,020

settlements in the future I I don't

973

00:48:30,109 --> 00:48:27,720

believe that but apparently uh they're

974

00:48:32,450 --> 00:48:30,119

offering the whole town twenty five

975

00:48:35,630 --> 00:48:32,460

thousand dollars one thousand dollars

976
00:48:42,470 --> 00:48:39,470
that is absolutely amazing so let's get

977
00:48:46,130 --> 00:48:42,480
into some of the uh

978
00:48:50,809 --> 00:48:48,589
all right and here we're going to talk

979
00:48:53,990 --> 00:48:50,819
about the environmental impact and how

980
00:48:57,410 --> 00:48:54,000
this may spread I have uh we have a very

981
00:48:59,150 --> 00:48:57,420
data Rich uh presentation tonight we're

982
00:49:03,470 --> 00:48:59,160
going to try to get through it all the

983
00:49:05,990 --> 00:49:03,480
the challenge today was what exactly

984
00:49:08,690 --> 00:49:06,000
uh to share uh first let's share this

985
00:49:11,329 --> 00:49:08,700
this was great

986
00:49:13,970 --> 00:49:11,339
um residents can return home after Crews

987
00:49:16,730 --> 00:49:13,980
burned chemicals in derailed tanker cars

988
00:49:18,890 --> 00:49:16,740

and this is on February 8th so just two

989

00:49:20,750 --> 00:49:18,900

days after they did this burn

990

00:49:23,030 --> 00:49:20,760

the local authorities were telling

991

00:49:25,309 --> 00:49:23,040

people it's safe to go home evacuated

992

00:49:27,890 --> 00:49:25,319

residents can safely return and I want

993

00:49:29,630 --> 00:49:27,900

you to bear this in mind after I show

994

00:49:31,010 --> 00:49:29,640

you the images of all the dead animals

995

00:49:33,410 --> 00:49:31,020

in the area

996

00:49:35,329 --> 00:49:33,420

evacuated residents can safely return to

997

00:49:37,190 --> 00:49:35,339

the Ohio Village where Crews burned

998

00:49:38,690 --> 00:49:37,200

toxic chemicals after Train derailed

999

00:49:40,069 --> 00:49:38,700

five days ago near the Pennsylvania

1000

00:49:43,130 --> 00:49:40,079

state line

1001
00:49:45,230 --> 00:49:43,140
East Palestine Fire Chief Keith Drabek

1002
00:49:47,510 --> 00:49:45,240
said Wednesday authorities in East

1003
00:49:48,650 --> 00:49:47,520
Palestine had warned that burning Vinyl

1004
00:49:51,650 --> 00:49:48,660
chloride

1005
00:49:53,870 --> 00:49:51,660
that was in five of the derail tanker

1006
00:49:57,050 --> 00:49:53,880
cars would send hydrogen chloride and

1007
00:49:58,910 --> 00:49:57,060
toxic gas phosphine into the air we

1008
00:50:01,030 --> 00:49:58,920
heard about that the main component of

1009
00:50:03,950 --> 00:50:01,040
mustard gas the chemical weapon yeah

1010
00:50:06,349 --> 00:50:03,960
Geniuses over there they said Wednesday

1011
00:50:09,650 --> 00:50:06,359
subsequent air monitoring hadn't

1012
00:50:12,109 --> 00:50:09,660
detected uh dangerous levels inside or

1013
00:50:15,290 --> 00:50:12,119

outside the mile radius evacuation Zone

1014

00:50:17,349 --> 00:50:15,300

and again they only evacuated One Mile

1015

00:50:21,230 --> 00:50:17,359

Square

1016

00:50:23,990 --> 00:50:21,240

residents from the local area

1017

00:50:25,910 --> 00:50:24,000

said that air and water samples taken

1018

00:50:28,370 --> 00:50:25,920

Tuesday from the evacuation area show

1019

00:50:31,250 --> 00:50:28,380

it's now safe

1020

00:50:32,510 --> 00:50:31,260

this is safe it's safe to be there I

1021

00:50:34,910 --> 00:50:32,520

don't think so

1022

00:50:36,589 --> 00:50:34,920

and the evacuation order was lifted he

1023

00:50:37,970 --> 00:50:36,599

thanked state and federal officials and

1024

00:50:40,609 --> 00:50:37,980

agencies that help with the emergency

1025

00:50:43,190 --> 00:50:40,619

response over the past few days

1026
00:50:46,910 --> 00:50:43,200
James Justice of the U.S Environmental

1027
00:50:48,829 --> 00:50:46,920
Protection Agency said the clock air

1028
00:50:50,230 --> 00:50:48,839
monitoring Around the Clock air

1029
00:50:53,329 --> 00:50:50,240
monitoring has showed normal

1030
00:50:54,770 --> 00:50:53,339
unconcerning levels hundreds of data

1031
00:50:56,870 --> 00:50:54,780
points from that show that the air

1032
00:51:01,370 --> 00:50:56,880
quality in the town is safe

1033
00:51:04,190 --> 00:51:01,380
then I'd like to know why everybody's

1034
00:51:06,230 --> 00:51:04,200
pets are dying in that town why are

1035
00:51:08,150 --> 00:51:06,240
chickens dying why are fish all over the

1036
00:51:11,030 --> 00:51:08,160
area dying in the local Rivers and

1037
00:51:12,890 --> 00:51:11,040
Creeks why are chickens dying why are

1038
00:51:14,809 --> 00:51:12,900

people moving their livestock that are

1039

00:51:17,390 --> 00:51:14,819

getting sick

1040

00:51:20,329 --> 00:51:17,400

he reiterated there was a robust air

1041

00:51:22,309 --> 00:51:20,339

monitoring system in place and data from

1042

00:51:25,250 --> 00:51:22,319

that showed nothing at a level that

1043

00:51:26,089 --> 00:51:25,260

would be cause for health concern sorry

1044

00:51:29,150 --> 00:51:26,099

um

1045

00:51:33,710 --> 00:51:31,790

I just don't believe I just don't

1046

00:51:36,589 --> 00:51:33,720

believe that this is safe I don't

1047

00:51:38,329 --> 00:51:36,599

believe it's safe now let's uh share

1048

00:51:42,710 --> 00:51:38,339

some information about

1049

00:51:47,690 --> 00:51:45,410

okay so uh toxic chemicals from a train

1050

00:51:49,910 --> 00:51:47,700

derailment in Ohio May spread 700 miles

1051
00:51:51,650 --> 00:51:49,920
or more through the Ohio River to

1052
00:51:53,990 --> 00:51:51,660
neighboring states officials in Indiana

1053
00:51:54,890 --> 00:51:54,000
reveal today

1054
00:51:57,109 --> 00:51:54,900
um

1055
00:51:59,990 --> 00:51:57,119
this control burn released toxic

1056
00:52:01,910 --> 00:52:00,000
substances such as butyl acetate

1057
00:52:03,349 --> 00:52:01,920
to be released into the atmosphere

1058
00:52:05,390 --> 00:52:03,359
there's another chemical you need a

1059
00:52:06,950 --> 00:52:05,400
chemical degree to understand all the

1060
00:52:09,470 --> 00:52:06,960
chemicals that are being released into

1061
00:52:11,870 --> 00:52:09,480
the environment and atmosphere due to

1062
00:52:14,630 --> 00:52:11,880
these Geniuses deciding to do this quote

1063
00:52:16,790 --> 00:52:14,640

controlled burn unquote

1064

00:52:18,710 --> 00:52:16,800

an evacuation order was issued for

1065

00:52:21,109 --> 00:52:18,720

everyone within a mile radius but this

1066

00:52:23,930 --> 00:52:21,119

was recalled last week photos and videos

1067

00:52:28,190 --> 00:52:23,940

show giant clouds over the area of the

1068

00:52:29,930 --> 00:52:28,200

top toxic substances being released with

1069

00:52:32,450 --> 00:52:29,940

chemicals leaching into the River

1070

00:52:35,030 --> 00:52:32,460

Authorities in other states are

1071

00:52:37,190 --> 00:52:35,040

concerned that they could spread much

1072

00:52:39,770 --> 00:52:37,200

further potentially contaminating the

1073

00:52:41,870 --> 00:52:39,780

water along the way in Indiana the

1074

00:52:44,109 --> 00:52:41,880

Evansville Water and Sewer utility is

1075

00:52:46,549 --> 00:52:44,119

monitoring their water intake in Indiana

1076

00:52:48,410 --> 00:52:46,559

officials revealed on Monday

1077

00:52:51,410 --> 00:52:48,420

there was a slim chance that we will

1078

00:52:53,270 --> 00:52:51,420

detect contamination from this spill at

1079

00:52:55,849 --> 00:52:53,280

our site because our structure is around

1080

00:52:57,230 --> 00:52:55,859

700 River miles away from The Spill well

1081

00:52:59,270 --> 00:52:57,240

it's going to take some time for it to

1082

00:53:00,950 --> 00:52:59,280

travel that far in my opinion

1083

00:53:02,470 --> 00:53:00,960

so they sent in a statement by local

1084

00:53:05,750 --> 00:53:02,480

media however

1085

00:53:06,829 --> 00:53:05,760

ewsu is continuously testing and staying

1086

00:53:09,770 --> 00:53:06,839

vigilant

1087

00:53:13,490 --> 00:53:09,780

of the river conditions in the event of

1088

00:53:16,309 --> 00:53:13,500

detection close to us so right where

1089

00:53:19,130 --> 00:53:16,319

this the whole environmental disaster

1090

00:53:21,170 --> 00:53:19,140

happened is the Ohio river which goes

1091

00:53:23,870 --> 00:53:21,180

into Indiana and that's where this water

1092

00:53:27,470 --> 00:53:23,880

company gets their water from for their

1093

00:53:30,170 --> 00:53:27,480

customers this is extremely dangerous

1094

00:53:32,089 --> 00:53:30,180

West Virginia also expressed concerns

1095

00:53:34,670 --> 00:53:32,099

about possible contamination from the

1096

00:53:37,549 --> 00:53:34,680

disaster last Wednesday West Virginia

1097

00:53:40,250 --> 00:53:37,559

governor Jim Justice confirms that

1098

00:53:42,230 --> 00:53:40,260

Weirton a town in Northern Panhandle

1099

00:53:45,410 --> 00:53:42,240

close to East Palestine said that

1100

00:53:48,470 --> 00:53:45,420

officials had moved to a second source

1101
00:53:50,270 --> 00:53:48,480
of water so they've had to stop using

1102
00:53:52,849 --> 00:53:50,280
their normal water source because it may

1103
00:53:54,410 --> 00:53:52,859
be contaminated but that was done in an

1104
00:53:55,790 --> 00:53:54,420
abundance of caution to keep the

1105
00:53:58,609 --> 00:53:55,800
community safe

1106
00:54:01,010 --> 00:53:58,619
on Sunday West Virginia American Water

1107
00:54:03,410 --> 00:54:01,020
said it was enhancing their water

1108
00:54:06,410 --> 00:54:03,420
treatment process following the spill of

1109
00:54:08,690 --> 00:54:06,420
chemicals in the East Ohio River

1110
00:54:12,589 --> 00:54:08,700
as well as installing a second water

1111
00:54:14,569 --> 00:54:12,599
intake in the uh guadadade River for

1112
00:54:16,970 --> 00:54:14,579
backup purposes so we've got neighboring

1113
00:54:18,950 --> 00:54:16,980

states all switching to other water

1114

00:54:22,970 --> 00:54:18,960

sources because of fears of

1115

00:54:26,930 --> 00:54:22,980

contamination of the Ohio River

1116

00:54:30,109 --> 00:54:26,940

um this is not good news all around but

1117

00:54:32,690 --> 00:54:30,119

let's uh get to my Twitter feed by the

1118

00:54:34,670 --> 00:54:32,700

way uh the best way to keep up with the

1119

00:54:37,370 --> 00:54:34,680

show here really is to follow me on

1120

00:54:40,250 --> 00:54:37,380

Twitter it's at Stephen Camby and just

1121

00:54:42,349 --> 00:54:40,260

my name at Stephen cambian

1122

00:54:44,809 --> 00:54:42,359

and here I share many things that we

1123

00:54:45,530 --> 00:54:44,819

share on the show so if you would uh

1124

00:54:48,430 --> 00:54:45,540

like

1125

00:54:50,809 --> 00:54:48,440

to see those materials in more detail

1126

00:54:53,569 --> 00:54:50,819

and also the first thing we're going to

1127

00:54:55,549 --> 00:54:53,579

talk about is uh journalists threaten to

1128

00:54:57,710 --> 00:54:55,559

get arrested by reporting things going

1129

00:55:00,890 --> 00:54:57,720

on in Ohio now there have been various

1130

00:55:04,130 --> 00:55:00,900

reports and In fairness I have heard

1131

00:55:07,790 --> 00:55:04,140

people say that journalists plural are

1132

00:55:11,329 --> 00:55:07,800

being arrested for reporting that's not

1133

00:55:14,569 --> 00:55:11,339

entirely accurate one journalist was

1134

00:55:16,370 --> 00:55:14,579

arrested during a press conference and

1135

00:55:18,650 --> 00:55:16,380

here's where it gets interesting

1136

00:55:20,450 --> 00:55:18,660

apparently they told this journalist to

1137

00:55:22,549 --> 00:55:20,460

shut up and be quiet while the governor

1138

00:55:24,530 --> 00:55:22,559

was talking but he was in the back of

1139

00:55:27,829 --> 00:55:24,540

the room at the press conference

1140

00:55:30,410 --> 00:55:27,839

reporting I believe live while the press

1141

00:55:33,490 --> 00:55:30,420

conference was taking place we have all

1142

00:55:36,230 --> 00:55:33,500

seen reporters at the back of the room

1143

00:55:39,589 --> 00:55:36,240

reporting or

1144

00:55:42,470 --> 00:55:39,599

you know connecting telling the the uh

1145

00:55:45,349 --> 00:55:42,480

the newscaster at home what's going on

1146

00:55:46,970 --> 00:55:45,359

in the press conference at the back of a

1147

00:55:48,950 --> 00:55:46,980

press conference while someone was

1148

00:55:51,470 --> 00:55:48,960

talking we've all seen this very common

1149

00:55:53,569 --> 00:55:51,480

occurrence but apparently

1150

00:55:56,510 --> 00:55:53,579

National Guard members and local police

1151

00:55:59,270 --> 00:55:56,520

didn't like this reporter doing that so

1152

00:56:00,710 --> 00:55:59,280

they intimidated him I believe they

1153

00:56:03,410 --> 00:56:00,720

physically assaulted him it looks like

1154

00:56:05,210 --> 00:56:03,420

it to me uh but whom you know again I'm

1155

00:56:07,549 --> 00:56:05,220

not a legal expert this is all just my

1156

00:56:09,650 --> 00:56:07,559

opinion and I strongly strongly believe

1157

00:56:13,490 --> 00:56:09,660

in a journalist's right to do two things

1158

00:56:15,829 --> 00:56:13,500

ask questions or listen and and Report

1159

00:56:20,210 --> 00:56:15,839

uh that's all this gentleman was doing

1160

00:56:21,950 --> 00:56:20,220

he was arrested thrown on the ground

1161

00:56:23,690 --> 00:56:21,960

um so they're but they're just to be

1162

00:56:25,609 --> 00:56:23,700

clear there are various reports that

1163

00:56:28,069 --> 00:56:25,619

there's a cover-up because journalists

1164

00:56:30,710 --> 00:56:28,079

are getting arrested to my knowledge and

1165

00:56:33,650 --> 00:56:30,720

research uh there has just been this one

1166

00:56:34,329 --> 00:56:33,660

person arrested and

1167

00:56:36,650 --> 00:56:34,339

um

1168

00:56:40,150 --> 00:56:36,660

apparently even the Pentagon and the

1169

00:56:43,430 --> 00:56:40,160

federal government have uh

1170

00:56:45,530 --> 00:56:43,440

come out strongly against what happened

1171

00:56:47,089 --> 00:56:45,540

to this reporter so I believe the

1172

00:56:49,609 --> 00:56:47,099

charges will eventually be dropped but

1173

00:56:51,290 --> 00:56:49,619

still let's be clear this guy was just

1174

00:56:53,930 --> 00:56:51,300

doing his job reporting on what was

1175

00:56:56,750 --> 00:56:53,940

going on here he was arrested he spent I

1176
00:57:00,410 --> 00:56:56,760
believe somebody's said seven hours in

1177
00:57:03,109 --> 00:57:00,420
jail before he was released on bail this

1178
00:57:06,829 --> 00:57:03,119
should not are we living in the Soviet

1179
00:57:09,829 --> 00:57:06,839
Union is this communist China you're

1180
00:57:12,710 --> 00:57:09,839
going to arrest a reporter for reporting

1181
00:57:15,950 --> 00:57:12,720
at a news conference he is at a press

1182
00:57:18,190 --> 00:57:15,960
briefing and he is doing his job and uh

1183
00:57:35,230 --> 00:57:18,200
you know

1184
00:57:40,250 --> 00:57:37,190
so they're trying to throw him out of

1185
00:57:40,260 --> 00:57:43,849
you

1186
00:57:43,859 --> 00:57:48,010
started

1187
00:57:51,650 --> 00:57:50,210
yeah I don't know if you caught that but

1188
00:57:53,390 --> 00:57:51,660

he said you know how quickly our lawyers

1189

00:57:55,069 --> 00:57:53,400

will get me out I don't think it's ever

1190

00:57:57,109 --> 00:57:55,079

a good idea to say something like that

1191

00:57:59,630 --> 00:57:57,119

to police it's

1192

00:58:02,210 --> 00:57:59,640

burden help to de-escalate the situation

1193

00:58:04,190 --> 00:58:02,220

but still before that he's saying I have

1194

00:58:06,049 --> 00:58:04,200

a right to be here I fully support his

1195

00:58:07,910 --> 00:58:06,059

right as a journalist to be there he's

1196

00:58:09,829 --> 00:58:07,920

doing his job trying to report on what's

1197

00:58:11,329 --> 00:58:09,839

going on there they're throwing him out

1198

00:58:29,710 --> 00:58:11,339

of a press conference

1199

00:58:34,910 --> 00:58:32,390

and by the way a National Guards person

1200

00:58:38,089 --> 00:58:34,920

pushed him and put his hands on this

1201

00:58:41,569 --> 00:58:38,099

person so that's very problematic for

1202

00:58:45,710 --> 00:58:41,579

the local officials and and uh this this

1203

00:58:48,230 --> 00:58:45,720

uh journalist certainly has a lawsuit uh

1204

00:58:50,990 --> 00:58:48,240

for violation of his constitutional

1205

00:59:03,430 --> 00:58:51,000

rights really I've discovered by the

1206

00:59:08,450 --> 00:59:05,630

yeah and it's interesting we have

1207

00:59:10,549 --> 00:59:08,460

National Guard local police and local

1208

00:59:13,309 --> 00:59:10,559

officials they even got the building

1209

00:59:15,410 --> 00:59:13,319

supervisor say he wasn't allowed in the

1210

00:59:29,470 --> 00:59:15,420

building that's how they could say this

1211

00:59:34,210 --> 00:59:31,730

it's terrible what they're doing to this

1212

00:59:39,770 --> 00:59:37,609

welcome to communist China you woke up

1213

00:59:42,049 --> 00:59:39,780

in Russia Today

1214

00:59:44,809 --> 00:59:42,059

the journal is doing his job

1215

00:59:47,930 --> 00:59:44,819

they have to get six people to tackle

1216

00:59:51,770 --> 00:59:47,940

him and cuff him and drag them out like

1217

00:59:56,329 --> 00:59:53,510

and by the way he's a reporter with news

1218

00:59:59,150 --> 00:59:56,339

Nation because you can't talk

1219

01:00:09,670 --> 00:59:59,160

about doing their jobs oh my God I

1220

01:00:09,680 --> 01:00:20,589

Evan I'm sorry thank you I love her sir

1221

01:00:26,329 --> 01:00:24,109

I did want to mention that

1222

01:00:29,329 --> 01:00:26,339

you know I I'm not a law enforcement

1223

01:00:31,730 --> 01:00:29,339

officer but I do know this

1224

01:00:33,049 --> 01:00:31,740

a law enforcement officer has within his

1225

01:00:35,930 --> 01:00:33,059

discretion

1226

01:00:38,329 --> 01:00:35,940

the ability to make decisions

1227

01:00:40,010 --> 01:00:38,339

uh these Law Enforcement Officers had

1228

01:00:42,710 --> 01:00:40,020

two decisions they could either try to

1229

01:00:44,690 --> 01:00:42,720

de-escalate the situation and allow this

1230

01:00:47,750 --> 01:00:44,700

journalist his constitutional First

1231

01:00:50,089 --> 01:00:47,760

Amendment rights what was he uh it's a

1232

01:00:52,609 --> 01:00:50,099

public press hearing right

1233

01:00:55,010 --> 01:00:52,619

and he is a reporter reporting on what's

1234

01:00:56,809 --> 01:00:55,020

being said at the public press hearing

1235

01:01:01,370 --> 01:00:56,819

so therefore he has to be there to hear

1236

01:01:03,710 --> 01:01:01,380

it to listen they try to throw a man out

1237

01:01:05,690 --> 01:01:03,720

um and again this is within a discretion

1238

01:01:08,210 --> 01:01:05,700

of the police officers

1239

01:01:10,549 --> 01:01:08,220

they were perfectly within their rights

1240

01:01:12,349 --> 01:01:10,559

to tell him uh you can stay but you have

1241

01:01:13,849 --> 01:01:12,359

to be quiet or something while the

1242

01:01:16,069 --> 01:01:13,859

governor's talking they could have

1243

01:01:18,410 --> 01:01:16,079

de-escalated the situation

1244

01:01:20,809 --> 01:01:18,420

and again

1245

01:01:22,609 --> 01:01:20,819

I'm a big supporter of the police but

1246

01:01:24,950 --> 01:01:22,619

these guys are totally wrong in this

1247

01:01:26,569 --> 01:01:24,960

situation they should have de-escalated

1248

01:01:29,150 --> 01:01:26,579

this situation they should have allowed

1249

01:01:31,130 --> 01:01:29,160

him to do his job they should have found

1250

01:01:33,650 --> 01:01:31,140

another solution other than to tackle

1251

01:01:37,190 --> 01:01:33,660

them cuff him and arrest him like a

1252

01:01:40,549 --> 01:01:37,200

common criminal right this is absolutely

1253

01:01:49,849 --> 01:01:40,559

ridiculous absolutely ridiculous

1254

01:01:53,329 --> 01:01:51,410

foreign

1255

01:01:55,970 --> 01:01:53,339

luckily there was people there with

1256

01:02:00,109 --> 01:01:55,980

cameras right so that's the good news

1257

01:02:01,549 --> 01:02:00,119

that it was caught on camera and uh

1258

01:02:04,010 --> 01:02:01,559

by the way

1259

01:02:07,010 --> 01:02:04,020

some of the phone calls I made was to

1260

01:02:09,829 --> 01:02:07,020

that Town's local police and I asked for

1261

01:02:12,829 --> 01:02:09,839

comment on that situation

1262

01:02:15,109 --> 01:02:12,839

they had no comment

1263

01:02:19,130 --> 01:02:15,119

and uh yeah

1264

01:02:20,809 --> 01:02:19,140

so I have a plethora I have a plethora I

1265

01:02:22,190 --> 01:02:20,819

don't use get to use that word very

1266

01:02:24,650 --> 01:02:22,200

often

1267

01:02:25,190 --> 01:02:24,660

um I have a great deal

1268

01:02:27,890 --> 01:02:25,200

um

1269

01:02:29,829 --> 01:02:27,900

yeah and uh by the way

1270

01:02:33,230 --> 01:02:29,839

East Al

1271

01:02:34,670 --> 01:02:33,240

northern southern the rail giant uh

1272

01:02:36,349 --> 01:02:34,680

who's trained derailment in the East

1273

01:02:39,109 --> 01:02:36,359

Palestine Ohio

1274

01:02:41,690 --> 01:02:39,119

they offered to cut the town a check for

1275

01:02:44,089 --> 01:02:41,700

twenty five thousand dollars

1276

01:02:46,309 --> 01:02:44,099

and I was wrong it's not 25 000 people

1277

01:02:48,289 --> 01:02:46,319

who live there it's only 5 000 people

1278

01:02:52,069 --> 01:02:48,299

who live there

1279

01:02:53,569 --> 01:02:52,079

um yeah so they try to get off cheap and

1280

01:02:55,910 --> 01:02:53,579

uh

1281

01:02:58,370 --> 01:02:55,920

now we have

1282

01:03:02,630 --> 01:02:58,380

um some footage of the local Wildlife

1283

01:03:04,430 --> 01:03:02,640

dying which we will share as well

1284

01:03:06,289 --> 01:03:04,440

um

1285

01:03:08,809 --> 01:03:06,299

this is

1286

01:03:11,630 --> 01:03:08,819

fish and animals cannot evacuate

1287

01:03:16,030 --> 01:03:11,640

destined to die a horrible death

1288

01:03:22,010 --> 01:03:18,950

oh I'm sorry I have to do this one muted

1289

01:03:25,010 --> 01:03:22,020

because there's copyrighted music

1290

01:03:27,349 --> 01:03:25,020

but this is just showing uh the fish

1291

01:03:28,970 --> 01:03:27,359

dead in the creek

1292

01:03:31,190 --> 01:03:28,980

he's going to get down there and you'll

1293

01:03:32,750 --> 01:03:31,200

see it a little up close it's hard to

1294

01:03:35,510 --> 01:03:32,760

it's hard to make it out but there's

1295

01:03:36,950 --> 01:03:35,520

dead fish all over this Creek or little

1296

01:03:39,170 --> 01:03:36,960

stream

1297

01:03:41,809 --> 01:03:39,180

uh and the person is pointing out the

1298

01:03:44,930 --> 01:03:41,819

dead fish he goes down

1299

01:03:47,569 --> 01:03:44,940

and we'll get to see a close-up view

1300

01:03:49,609 --> 01:03:47,579

all the fish in this local stream Dead

1301

01:03:51,710 --> 01:03:49,619

all of them

1302

01:03:54,170 --> 01:03:51,720

but again hey it's safe to return to

1303

01:03:57,770 --> 01:03:54,180

your homes right it's totally safe

1304

01:04:02,569 --> 01:03:59,870

and this is February 12th just a couple

1305

01:04:05,329 --> 01:04:02,579

days ago and since then

1306

01:04:07,930 --> 01:04:05,339

what are they doing they're removing the

1307

01:04:10,990 --> 01:04:07,940

dead fish from the local streams

1308

01:04:14,089 --> 01:04:11,000

that is uh

1309

01:04:15,890 --> 01:04:14,099

just ridiculous to me so that what are

1310

01:04:18,109 --> 01:04:15,900

they going to do just remove all the

1311

01:04:21,349 --> 01:04:18,119

dead fish from the streams and just

1312

01:04:24,349 --> 01:04:21,359

pretend that the fish Aren't Dead

1313

01:04:27,170 --> 01:04:24,359

this is a real problem now we have uh

1314

01:04:30,289 --> 01:04:27,180

another local resident who's

1315

01:04:34,250 --> 01:04:30,299

chickens all died right after the quote

1316

01:04:34,260 --> 01:04:39,470

let's bring you that

1317

01:04:39,480 --> 01:04:44,630

this is what I found Amanda Brashear

1318

01:04:48,650 --> 01:04:46,089

as well

1319

01:04:50,150 --> 01:04:48,660

going to feed her five hand and rooster

1320

01:04:51,890 --> 01:04:50,160

this morning when she discovered them

1321

01:04:53,750 --> 01:04:51,900

all lifeless practically in the same

1322

01:04:56,390 --> 01:04:53,760

position with no signs of a predator

1323

01:04:59,630 --> 01:04:56,400

entering their enclosure I'm beyond

1324

01:05:01,609 --> 01:04:59,640

upset and quite panicked because this

1325

01:05:04,069 --> 01:05:01,619

they may be just chickens but they're

1326
01:05:06,589 --> 01:05:04,079
family Brashear says her chickens were

1327
01:05:08,569 --> 01:05:06,599
alive and well yesterday she believes

1328
01:05:10,370 --> 01:05:08,579
the smell following the detonation of

1329
01:05:12,890 --> 01:05:10,380
the train carrying chemicals that

1330
01:05:15,650 --> 01:05:12,900
derailed in East Palestine is to blame

1331
01:05:17,510 --> 01:05:15,660
for her birds of sudden death my video

1332
01:05:19,730 --> 01:05:17,520
camera footing and by the way this is

1333
01:05:22,549 --> 01:05:19,740
just I I don't

1334
01:05:25,849 --> 01:05:22,559
I would love to but it would take me

1335
01:05:28,370 --> 01:05:25,859
many hours there are a lot of local

1336
01:05:30,109 --> 01:05:28,380
residents reporting the death of uh

1337
01:05:35,109 --> 01:05:30,119
either livestock

1338
01:05:38,150 --> 01:05:35,119

chickens uh their dogs their cats dying

1339

01:05:40,370 --> 01:05:38,160

it shows my chickens were perfectly fine

1340

01:05:42,349 --> 01:05:40,380

before they started this burn and as

1341

01:05:44,270 --> 01:05:42,359

soon as they started the burn my chicken

1342

01:05:45,829 --> 01:05:44,280

slowed down and they died if you can do

1343

01:05:48,349 --> 01:05:45,839

this to chickens in one night imagine

1344

01:05:51,530 --> 01:05:48,359

what it's going to do to us in 20 years

1345

01:05:53,329 --> 01:05:51,540

that's where it gets scary so our local

1346

01:05:56,870 --> 01:05:53,339

officials just saying it's perfectly

1347

01:05:58,370 --> 01:05:56,880

okay to live there and

1348

01:06:00,950 --> 01:05:58,380

I believe that they're going to have to

1349

01:06:04,010 --> 01:06:00,960

do an awful lot of long-term studies

1350

01:06:06,109 --> 01:06:04,020

here to uh

1351

01:06:08,270 --> 01:06:06,119

to get to the bottom of what the

1352

01:06:10,370 --> 01:06:08,280

long-term health effects are likely to

1353

01:06:14,990 --> 01:06:10,380

be for residents that decide to stay

1354

01:06:20,569 --> 01:06:18,349

okay also I wanted to mention that so

1355

01:06:23,030 --> 01:06:20,579

far three states are reporting dangerous

1356

01:06:26,390 --> 01:06:23,040

hazardous chemical spills from train

1357

01:06:27,529 --> 01:06:26,400

derailments and we have a Graphic to

1358

01:06:31,309 --> 01:06:27,539

share with you

1359

01:06:33,589 --> 01:06:31,319

about that but for the purposes of

1360

01:06:35,569 --> 01:06:33,599

tonight to be quite honest with you the

1361

01:06:39,349 --> 01:06:35,579

first one in Ohio

1362

01:06:42,109 --> 01:06:39,359

uh has the most data available and most

1363

01:06:44,150 --> 01:06:42,119

information but yes there are three

1364

01:06:46,609 --> 01:06:44,160

actually I'm told there might be another

1365

01:06:49,069 --> 01:06:46,619

one so there may be up to four train

1366

01:06:53,450 --> 01:06:49,079

derailments with hazardous chemical

1367

01:06:56,470 --> 01:06:53,460

spills from train derailments across the

1368

01:06:59,029 --> 01:06:56,480

continental United States currently

1369

01:07:00,770 --> 01:06:59,039

that should be a cause of concern for

1370

01:07:03,890 --> 01:07:00,780

all of us because if it can happen in

1371

01:07:06,950 --> 01:07:03,900

Ohio and Texas and South Carolina

1372

01:07:09,230 --> 01:07:06,960

uh that essentially means it it can

1373

01:07:16,250 --> 01:07:09,240

happen anywhere

1374

01:07:24,230 --> 01:07:20,569

more footage of dying aquatic animals

1375

01:07:27,470 --> 01:07:24,240

this is in the local area as well

1376

01:07:39,950 --> 01:07:27,480

and remember where is the EPA they're

1377

01:07:44,750 --> 01:07:42,049

yeah and by the way I called that number

1378

01:07:50,390 --> 01:07:44,760

and it's a voicemail and no one called

1379

01:07:50,400 --> 01:07:56,089

very very troubling

1380

01:08:03,950 --> 01:08:00,470

and this is being reported uh pretty

1381

01:08:07,910 --> 01:08:03,960

widely the Ethel

1382

01:08:11,630 --> 01:08:07,920

local Wildlife uh very troubling and

1383

01:08:14,329 --> 01:08:11,640

more troubling that the local officials

1384

01:08:16,789 --> 01:08:14,339

are essentially saying it's safe

1385

01:08:19,130 --> 01:08:16,799

everything's safe the the water wells

1386

01:08:20,809 --> 01:08:19,140

are safe the water sources are safe the

1387

01:08:23,390 --> 01:08:20,819

air quality is safe

1388

01:08:26,150 --> 01:08:23,400

if everything is so safe I don't

1389

01:08:28,130 --> 01:08:26,160

understand all these animals dying in

1390

01:08:33,410 --> 01:08:28,140

the local area and here we have a local

1391

01:08:39,110 --> 01:08:36,530

and groundwater are safe however yeah

1392

01:08:41,269 --> 01:08:39,120

and let's back that up local officials

1393

01:08:44,329 --> 01:08:41,279

are saying that the air and the

1394

01:08:47,630 --> 01:08:44,339

groundwater is safe at the area well and

1395

01:08:50,390 --> 01:08:47,640

groundwater are safe however after this

1396

01:08:52,610 --> 01:08:50,400

couple saw dead fish in this Creek that

1397

01:08:55,610 --> 01:08:52,620

you're looking at they're deciding to

1398

01:08:58,309 --> 01:08:55,620

not take any chances

1399

01:09:01,070 --> 01:08:58,319

oh there was hundreds Russell Murphy is

1400

01:09:03,470 --> 01:09:01,080

referring to the fish now Belly Up in

1401
01:09:06,530 --> 01:09:03,480
Leslie run he and his wife noticed them

1402
01:09:09,829 --> 01:09:06,540
last night barely 48 hours after the

1403
01:09:12,829 --> 01:09:09,839
fiery derailment five miles away this is

1404
01:09:15,769 --> 01:09:12,839
huge huge huge environmental effects

1405
01:09:18,410 --> 01:09:15,779
that's now one of many concerns the EPA

1406
01:09:21,169 --> 01:09:18,420
now faces the impact of the fish yes

1407
01:09:23,570 --> 01:09:21,179
there was a a impact to those however

1408
01:09:26,269 --> 01:09:23,580
the levels as we have seen it are

1409
01:09:28,189 --> 01:09:26,279
protective to groundwater we are aware

1410
01:09:31,849 --> 01:09:28,199
there are some wells along that for

1411
01:09:34,189 --> 01:09:31,859
residential Wells I don't understand how

1412
01:09:36,650 --> 01:09:34,199
all these fish could be dying meaning

1413
01:09:41,329 --> 01:09:36,660

that the local waterways are infected

1414

01:09:44,689 --> 01:09:41,339

and I mean again I'm no expert but if

1415

01:09:47,630 --> 01:09:44,699

the local streams rivers and uh Creeks

1416

01:09:49,729 --> 01:09:47,640

are all infected with this chemical that

1417

01:09:52,729 --> 01:09:49,739

are killing fish

1418

01:09:55,850 --> 01:09:52,739

how could that not be affecting the

1419

01:09:57,950 --> 01:09:55,860

local well water or the local water

1420

01:10:01,370 --> 01:09:57,960

supplies that is being piped into

1421

01:10:05,570 --> 01:10:01,380

people's homes for drinking water it's

1422

01:10:07,310 --> 01:10:05,580

certainly would at least to me seem to

1423

01:10:10,610 --> 01:10:07,320

be logical that they have to be

1424

01:10:13,010 --> 01:10:10,620

incredibly vigilant right and here we go

1425

01:10:15,350 --> 01:10:13,020

they're they're uh fishing The Dead Fish

1426

01:10:18,229 --> 01:10:15,360

Out of The Creeks environmental cleanup

1427

01:10:21,050 --> 01:10:18,239

Crews were at and actually in that water

1428

01:10:23,330 --> 01:10:21,060

today so are these booms which are used

1429

01:10:26,270 --> 01:10:23,340

to catch and stop anything that

1430

01:10:29,209 --> 01:10:26,280

shouldn't be flowing here or into water

1431

01:10:32,930 --> 01:10:29,219

wells which Murphy uses for just about

1432

01:10:35,689 --> 01:10:32,940

everything and yeah so this guy uses a

1433

01:10:38,990 --> 01:10:35,699

well and he's concerned about his

1434

01:10:41,590 --> 01:10:39,000

animals being fed water from the well

1435

01:10:45,110 --> 01:10:41,600

and he should be

1436

01:10:47,149 --> 01:10:45,120

absolutely insane that this is happening

1437

01:10:51,770 --> 01:10:47,159

it feels like we're living in a third

1438

01:10:54,470 --> 01:10:51,780

world country you expect this kind of uh

1439

01:10:56,990 --> 01:10:54,480

you you really expect this kind of stuff

1440

01:11:00,410 --> 01:10:57,000

in a third world country but we don't

1441

01:11:02,810 --> 01:11:00,420

expect it in uh in the United States of

1442

01:11:05,570 --> 01:11:02,820

America we think that we have a system

1443

01:11:07,189 --> 01:11:05,580

to protect people and I'm going to show

1444

01:11:11,149 --> 01:11:07,199

you some more

1445

01:11:19,010 --> 01:11:11,159

um footage from the local area of dead

1446

01:11:23,630 --> 01:11:21,709

and thank God for some nosy people this

1447

01:11:26,510 --> 01:11:23,640

person saw what was going on and stopped

1448

01:11:28,130 --> 01:11:26,520

and went and sort of uh checked in on

1449

01:11:30,110 --> 01:11:28,140

the situation

1450

01:11:32,630 --> 01:11:30,120

and this is

1451

01:11:38,450 --> 01:11:32,640

an environmental company

1452

01:11:42,290 --> 01:11:40,610

I don't understand how local officials

1453

01:11:44,450 --> 01:11:42,300

are telling everybody it's safe look at

1454

01:11:47,090 --> 01:11:44,460

all these trucks out checking out all

1455

01:11:50,030 --> 01:11:47,100

these dead fishing them out of the local

1456

01:11:52,790 --> 01:11:50,040

waterways apparently they're trying to

1457

01:11:56,689 --> 01:11:52,800

remove them according to this video

1458

01:11:58,010 --> 01:11:56,699

this is extremely troubling and uh I

1459

01:12:00,410 --> 01:11:58,020

wonder

1460

01:12:03,050 --> 01:12:00,420

do these people even care about the

1461

01:12:04,310 --> 01:12:03,060

local health of the locals right people

1462

01:12:06,229 --> 01:12:04,320

live here

1463

01:12:23,870 --> 01:12:06,239

people work here

1464

01:12:29,510 --> 01:12:27,229

you guys scooping out all the dead ones

1465

01:12:32,390 --> 01:12:29,520

yeah she said are you guys scooping out

1466

01:12:38,090 --> 01:12:32,400

all the dead ones and this gentleman

1467

01:12:40,130 --> 01:12:38,100

in a uh environmental suit and gear

1468

01:12:42,290 --> 01:12:40,140

as we're trying to

1469

01:12:44,390 --> 01:12:42,300

why are they just scooping all the dead

1470

01:12:46,850 --> 01:12:44,400

fish out of the water and what are they

1471

01:12:49,669 --> 01:12:46,860

doing with those dead fish is for our

1472

01:12:51,890 --> 01:12:49,679

forensic testing taking place our

1473

01:13:01,010 --> 01:12:51,900

toxicology reports being generated from

1474

01:13:13,250 --> 01:13:03,709

they are scooping dead fish out of the

1475

01:13:21,950 --> 01:13:15,350

well

1476

01:13:28,189 --> 01:13:26,390

yeah so thanks to a couple of local

1477

01:13:30,470 --> 01:13:28,199

residents we know more about this and

1478

01:13:32,090 --> 01:13:30,480

here's the booms again trying to prevent

1479

01:13:35,450 --> 01:13:32,100

further contamination of the local

1480

01:13:37,189 --> 01:13:35,460

waterways extremely troubling where is

1481

01:13:39,890 --> 01:13:37,199

the EPA

1482

01:13:40,689 --> 01:13:39,900

what is going on in the United States of

1483

01:13:45,169 --> 01:13:40,699

America

1484

01:13:48,229 --> 01:13:45,179

this is just absolutely sickening to me

1485

01:13:52,870 --> 01:13:48,239

all right so uh

1486

01:13:56,390 --> 01:13:52,880

we are going to uh check in we haven't

1487

01:13:58,669 --> 01:13:56,400

uh I apologize if please don't think

1488

01:14:00,350 --> 01:13:58,679

that I was neglecting the live chat

1489

01:14:03,229 --> 01:14:00,360
especially not on a holiday like

1490

01:14:07,610 --> 01:14:03,239
Valentine's Day

1491

01:14:11,750 --> 01:14:07,620
so uh let me uh let me check in with the

1492

01:14:14,090 --> 01:14:11,760
uh we will read some super chats and uh

1493

01:14:17,149 --> 01:14:14,100
oh good I didn't miss many I always hate

1494

01:14:19,130 --> 01:14:17,159
it when I feel like I missed like you

1495

01:14:20,990 --> 01:14:19,140
know a lot of them but it looks like

1496

01:14:24,530 --> 01:14:21,000
we're pretty caught up so we want to

1497

01:14:27,290 --> 01:14:24,540
thank Brian uh razowitz for a Kind and

1498

01:14:30,709 --> 01:14:27,300
Generous 1999 Super Chat no message but

1499

01:14:32,390 --> 01:14:30,719
a wonderful for uh support of the show

1500

01:14:35,390 --> 01:14:32,400
for those unaware we are a viewer

1501

01:14:38,390 --> 01:14:35,400

supported show and we pull no punches

1502

01:14:41,090 --> 01:14:38,400

and we speak truth to power

1503

01:14:44,149 --> 01:14:41,100

uh I tried to speak truth to power but

1504

01:14:46,930 --> 01:14:44,159

unfortunately no one would return my

1505

01:14:49,790 --> 01:14:46,940

call either from the Norfolk Southern

1506

01:14:52,189 --> 01:14:49,800

train company the Environmental

1507

01:14:54,770 --> 01:14:52,199

Protection Agency the local mayor's

1508

01:14:57,590 --> 01:14:54,780

office the local police office the local

1509

01:15:01,010 --> 01:14:57,600

fire chief no one will return our calls

1510

01:15:04,610 --> 01:15:01,020

I really did try uh we mentioned we made

1511

01:15:06,950 --> 01:15:04,620

at least 45 I think it was 47 I don't

1512

01:15:11,209 --> 01:15:06,960

know 45 phone calls I have it in notes

1513

01:15:13,490 --> 01:15:11,219

ever I I keep logs of calls because

1514

01:15:15,229 --> 01:15:13,500

sometimes in order to get answers it's

1515

01:15:17,030 --> 01:15:15,239

helpful to be able to tell them I called

1516

01:15:18,590 --> 01:15:17,040

on this day at this time you said call

1517

01:15:19,910 --> 01:15:18,600

me back you didn't I called on this day

1518

01:15:21,350 --> 01:15:19,920

at this time you said you called me back

1519

01:15:25,189 --> 01:15:21,360

you didn't

1520

01:15:28,130 --> 01:15:25,199

um incredible no one wants to answer any

1521

01:15:31,610 --> 01:15:28,140

questions about this and while I would

1522

01:15:34,930 --> 01:15:31,620

agree sometimes that absence of evidence

1523

01:15:38,330 --> 01:15:34,940

is not evidence it's extremely

1524

01:15:41,330 --> 01:15:38,340

suspicious to me I had some very

1525

01:15:43,010 --> 01:15:41,340

specific questions in the in one of

1526

01:15:45,649 --> 01:15:43,020

those questions is for the train company

1527

01:15:47,870 --> 01:15:45,659

I want to know exactly how many gallons

1528

01:15:48,770 --> 01:15:47,880

of these dangerous chemicals were

1529

01:15:51,050 --> 01:15:48,780

released

1530

01:15:54,709 --> 01:15:51,060

what were the chemicals and what

1531

01:15:57,410 --> 01:15:54,719

quantity were on board that train

1532

01:16:00,070 --> 01:15:57,420

they would not answer the question they

1533

01:16:04,430 --> 01:16:00,080

would not return a call they would issue

1534

01:16:07,669 --> 01:16:04,440

no comments on the record so

1535

01:16:10,070 --> 01:16:07,679

what we have here is a complete and

1536

01:16:12,649 --> 01:16:10,080

total lack of responsibility being

1537

01:16:14,149 --> 01:16:12,659

displayed by the train company by the

1538

01:16:16,850 --> 01:16:14,159

local police department by the local

1539

01:16:19,310 --> 01:16:16,860

fire department and by the Environmental

1540

01:16:22,970 --> 01:16:19,320

Protection Agency and our transportation

1541

01:16:25,370 --> 01:16:22,980

secretary let's not forget this is this

1542

01:16:29,209 --> 01:16:25,380

is his job this is his responsibility

1543

01:16:32,209 --> 01:16:29,219

and he has a taxpayer-funded paycheck

1544

01:16:34,970 --> 01:16:32,219

so when a taxpayer or anyone journalist

1545

01:16:37,970 --> 01:16:34,980

or otherwise calls and has very specific

1546

01:16:40,790 --> 01:16:37,980

easy to answer questions I believe that

1547

01:16:43,370 --> 01:16:40,800

they should be required to answer those

1548

01:16:46,370 --> 01:16:43,380

questions but it would appear that they

1549

01:16:48,050 --> 01:16:46,380

can just ignore everyone and thanks Kali

1550

01:16:52,669 --> 01:16:48,060

of you for your kindness generosity and

support and for helping us to praise the

01:17:18,970 --> 01:17:14,020
cash

thank you guys

01:17:28,310 --> 01:17:24,960
[Music]

1563
01:17:31,370 --> 01:17:28,320

oh it's wonderful it is Valentine's Day

1564

01:17:33,590 --> 01:17:31,380

uh and we are praising the cash thank

1565

01:17:38,689 --> 01:17:33,600

you all for your kindness generosity and

1566

01:17:44,330 --> 01:17:42,410

um interesting thank you James pepper uh

1567

01:17:45,950 --> 01:17:44,340

I you know I should have messaged you I

1568

01:17:47,810 --> 01:17:45,960

should have had you come on James pepper

1569

01:17:51,110 --> 01:17:47,820

is sort of an environmental Watchdog and

1570

01:17:53,149 --> 01:17:51,120

he goes after people who try to cover

1571

01:17:55,370 --> 01:17:53,159

these things up and it's good to see you

1572

01:17:56,930 --> 01:17:55,380

in the live chat the hazard ranking

1573

01:17:59,390 --> 01:17:56,940

system I will put a link into your

1574

01:18:01,729 --> 01:17:59,400

Twitter page this gives distances from

1575

01:18:05,330 --> 01:18:01,739

toxic sites and the responsibilities for

1576

01:18:08,830 --> 01:18:05,340

detection well I think that we could

1577

01:18:13,130 --> 01:18:08,840

we could say that this is a

1578

01:18:14,209 --> 01:18:13,140

large scale systematic failure on many

1579

01:18:17,090 --> 01:18:14,219

many

1580

01:18:23,810 --> 01:18:17,100

fronts right

1581

01:18:27,649 --> 01:18:25,370

all right we'll take some comments and

1582

01:18:29,870 --> 01:18:27,659

questions from the live chat ANSI Hans

1583

01:18:32,030 --> 01:18:29,880

Driscoll says evolutionary Arts YouTube

1584

01:18:35,030 --> 01:18:32,040

channel has a video of the Train on fire

1585

01:18:38,330 --> 01:18:35,040

in a town away from when it is derailed

1586

01:18:40,310 --> 01:18:38,340

yeah this is the great part apparently

1587

01:18:43,189 --> 01:18:40,320

they weren't too far from the end

1588

01:18:45,890 --> 01:18:43,199

destination and they knew that allegedly

1589

01:18:48,590 --> 01:18:45,900

knew that there were some problems like

1590

01:18:52,010 --> 01:18:48,600

the axles were overheating on these

1591

01:18:54,050 --> 01:18:52,020

cargo cars carrying extremely hazardous

1592

01:18:56,330 --> 01:18:54,060

cancer-causing chemicals and they

1593

01:18:58,010 --> 01:18:56,340

decided to just keep going

1594

01:19:01,910 --> 01:18:58,020

until they got to their destination

1595

01:19:05,510 --> 01:19:01,920

didn't quite make it huge explosion uh

1596

01:19:08,570 --> 01:19:05,520

huge environmental disaster

1597

01:19:10,610 --> 01:19:08,580

possible Cyber attack well I I don't I

1598

01:19:12,410 --> 01:19:10,620

don't think that a Cyber attack had much

1599

01:19:16,130 --> 01:19:12,420

to do with this situation

1600

01:19:18,229 --> 01:19:16,140

uh yes a good idea Louise New York City

1601

01:19:19,970 --> 01:19:18,239

and by the way good to see you the

1602

01:19:21,709 --> 01:19:19,980

people of Flint Michigan are nodding in

1603

01:19:23,270 --> 01:19:21,719

agreement I would think truth Seekers

1604

01:19:24,229 --> 01:19:23,280

not the first time this type of thing

1605

01:19:26,090 --> 01:19:24,239

has happened

1606

01:19:30,770 --> 01:19:26,100

I don't forget this

1607

01:19:32,870 --> 01:19:30,780

s stuff uh and I agree with you and do

1608

01:19:36,709 --> 01:19:32,880

you do you remember Louise when the

1609

01:19:39,050 --> 01:19:36,719

Flint water situation started the EPA

1610

01:19:40,790 --> 01:19:39,060

the local officials everybody told all

1611

01:19:44,630 --> 01:19:40,800

the local residents that the water was

1612

01:19:47,229 --> 01:19:44,640

safe right it took people dying and I

1613

01:19:50,169 --> 01:19:47,239

believe children dying and getting

1614

01:19:52,850 --> 01:19:50,179

extremely sick terminally sick before

1615

01:19:55,370 --> 01:19:52,860

they started to do something and by the

1616

01:19:57,169 --> 01:19:55,380

way those people in Flint Michigan still

1617

01:20:02,090 --> 01:19:57,179

don't have safe clean drinking water

1618

01:20:09,290 --> 01:20:06,649

Jacob of Ephraim is here and says 33 000

1619

01:20:11,510 --> 01:20:09,300

gallons of vinyl hydrochloride was

1620

01:20:13,850 --> 01:20:11,520

spilled from those containers when

1621

01:20:15,590 --> 01:20:13,860

burned it turns into hydrochloric acid

1622

01:20:18,530 --> 01:20:15,600

acid rain anyone

1623

01:20:21,830 --> 01:20:18,540

33 000 died in Turkey see the

1624

01:20:24,350 --> 01:20:21,840

coincidences 33 and a third anyone yeah

1625

01:20:27,410 --> 01:20:24,360

I'm a little bit I'm only a little bit

1626
01:20:29,930 --> 01:20:27,420
into numerology but that is very strange

1627
01:20:32,689 --> 01:20:29,940
and in fact I just did a music video

1628
01:20:35,270 --> 01:20:32,699
that I wasn't aware but somebody said it

1629
01:20:37,430 --> 01:20:35,280
was 3 minutes and 33 seconds the music

1630
01:20:40,070 --> 01:20:37,440
video but it turns out it was 3 minutes

1631
01:20:42,830 --> 01:20:40,080
and 32 seconds and no I didn't do that

1632
01:20:48,590 --> 01:20:42,840
intentionally uh just an interesting

1633
01:20:53,330 --> 01:20:51,290
know what this is about Jim Bud Royal

1634
01:20:55,189 --> 01:20:53,340
can be in you Nazi stop picking on

1635
01:20:56,870 --> 01:20:55,199
Asians and Russians

1636
01:21:00,169 --> 01:20:56,880
you must have missed last night's show

1637
01:21:03,350 --> 01:21:00,179
because I actually said many things uh

1638
01:21:07,130 --> 01:21:03,360

in support of Russia actually

1639

01:21:09,050 --> 01:21:07,140

um in fact I believe that this Ukrainian

1640

01:21:11,450 --> 01:21:09,060

war was provoked that's my personal

1641

01:21:13,610 --> 01:21:11,460

opinion and I'm entitled to it if you

1642

01:21:14,810 --> 01:21:13,620

know the full history of the conflict

1643

01:21:17,990 --> 01:21:14,820

um you know and by the way I don't

1644

01:21:21,050 --> 01:21:18,000

condone anybody invading anything and I

1645

01:21:22,910 --> 01:21:21,060

hate War but

1646

01:21:24,470 --> 01:21:22,920

um those Russians think they're doing

1647

01:21:26,630 --> 01:21:24,480

the right thing to defend their country

1648

01:21:28,790 --> 01:21:26,640

and defend their future

1649

01:21:31,610 --> 01:21:28,800

some days I went to get down on

1650

01:21:34,250 --> 01:21:31,620

transport like the booty shoot shoot

1651

01:21:36,770 --> 01:21:34,260

like a Roman without a cloak

1652

01:21:40,010 --> 01:21:36,780

okay Hank if you say so

1653

01:21:43,790 --> 01:21:40,020

Romulan powered up for the Republic

1654

01:21:50,030 --> 01:21:43,800

uh I missed something from spooky

1655

01:21:54,410 --> 01:21:52,310

yeah so comments or questions for me

1656

01:21:57,410 --> 01:21:54,420

please put them in uh all capital

1657

01:21:59,930 --> 01:21:57,420

letters our Warrior a Kind and Generous

1666

01:22:22,970 --> 01:22:19,500

anyone with their shirt off in their

1667

01:22:25,370 --> 01:22:22,980

thumbnail I don't I must be missing

1668

01:22:33,410 --> 01:22:25,380

something see I wasn't paying attention

1669

01:22:37,490 --> 01:22:35,810

all right so comments or questions for

1670

01:22:40,250 --> 01:22:37,500

me please put them in all capital

1671

01:22:43,310 --> 01:22:40,260

letters do you think aliens are demons

1672

01:22:48,590 --> 01:22:46,010

um for those unaware I grew up Catholic

1673

01:22:50,270 --> 01:22:48,600

I was an altar boy and later in acolyte

1674

01:22:53,689 --> 01:22:50,280

which is sort of like a grown-up altar

1675

01:22:55,790 --> 01:22:53,699

boy uh and uh

1676

01:22:57,890 --> 01:22:55,800

I uh

1677

01:23:00,229 --> 01:22:57,900

almost became a priest

1678

01:23:03,850 --> 01:23:00,239

um I spent time in the Seminary

1679

01:23:06,530 --> 01:23:03,860

I'm very interested in demons demonology

1680

01:23:10,130 --> 01:23:06,540

exorcisms in fact I interviewed several

1681

01:23:11,930 --> 01:23:10,140

different exorcists and uh we'll be

1682

01:23:15,110 --> 01:23:11,940

doing some future shows about demons

1683

01:23:18,290 --> 01:23:15,120

demonology angels and angelology do I

1684

01:23:20,330 --> 01:23:18,300

believe that aliens are demons well I

1685

01:23:24,890 --> 01:23:20,340

believe that's just as plausible a

1686

01:23:27,890 --> 01:23:24,900

possible explanation as is the theory

1687

01:23:30,590 --> 01:23:27,900

that they are from aliens from other

1688

01:23:33,410 --> 01:23:30,600

star systems and it would explain a lot

1689

01:23:36,290 --> 01:23:33,420

uh

1690

01:23:40,630 --> 01:23:36,300

M Stone do you have any questions or

1691

01:23:46,910 --> 01:23:44,209

maybe yeah and and I would ask everybody

1692

01:23:49,430 --> 01:23:46,920

I heard a really nice YouTuber that I've

1693

01:23:51,950 --> 01:23:49,440

been watching this girl oh God her name

1694

01:23:54,229 --> 01:23:51,960

is gonna Escape me now Christina Randall

1695

01:23:56,450 --> 01:23:54,239

she covers True Crime at the beginning

1696

01:23:59,450 --> 01:23:56,460

of every one of her videos she says

1697

01:24:01,030 --> 01:23:59,460

please do not express any hate in the

1698

01:24:05,330 --> 01:24:01,040

grocery store

1699

01:24:07,910 --> 01:24:05,340

uh in your daily life or in the live

1700

01:24:09,950 --> 01:24:07,920

chat please and so I'm going to start

1701

01:24:12,649 --> 01:24:09,960

doing something like that it's okay to

1702

01:24:15,050 --> 01:24:12,659

disagree but let's please be kind to

1703

01:24:16,490 --> 01:24:15,060

each other both in the live chat and in

1704

01:24:18,709 --> 01:24:16,500

the comments I've noticed that the

1705

01:24:22,070 --> 01:24:18,719

comments are getting uh they're getting

1706

01:24:23,689 --> 01:24:22,080

pretty heated sometime right so if

1707

01:24:27,649 --> 01:24:23,699

you're just joining us we are covering

1708

01:24:30,169 --> 01:24:27,659

this Ohio train derailment and boy I

1709

01:24:32,810 --> 01:24:30,179

think that some heads better roll over

1710

01:24:35,390 --> 01:24:32,820

this there are people responsible for

1711

01:24:38,930 --> 01:24:35,400

this tragedy and

1712

01:24:43,010 --> 01:24:38,940

I hope that people are taking notes as

1713

01:24:46,550 --> 01:24:43,020

far as who made these decisions leading

1714

01:24:49,189 --> 01:24:46,560

to this quote-controlled burn unquote I

1715

01:24:51,229 --> 01:24:49,199

hope that people at the EPA will be held

1716

01:24:53,990 --> 01:24:51,239

responsible for allowing this to take

1717

01:24:55,910 --> 01:24:54,000

place for allowing this to happen I hope

1718

01:24:57,350 --> 01:24:55,920

that Pete budacek and people at the

1719

01:25:00,770 --> 01:24:57,360

Department of Transportation are going

1720

01:25:03,590 --> 01:25:00,780

to be held responsible for not

1721

01:25:05,510 --> 01:25:03,600

I don't know watchdogging or making sure

1722

01:25:07,850 --> 01:25:05,520

that people that are transporting

1723

01:25:09,590 --> 01:25:07,860

extremely cancer-causing extremely

1724

01:25:12,770 --> 01:25:09,600

hazardous chemicals

1725

01:25:15,709 --> 01:25:12,780

aren't taking all the precautions that

1726

01:25:18,290 --> 01:25:15,719

they should this is absolutely

1727

01:25:21,950 --> 01:25:18,300

positively ridiculous that this happens

1728

01:25:27,770 --> 01:25:24,350

yeah and I I don't we've got some new

1729

01:25:30,470 --> 01:25:27,780

people in the live chat so uh some of

1730

01:25:33,890 --> 01:25:31,850

um are not aware

1731

01:25:35,570 --> 01:25:33,900

of the rules here and the rules here are

1732

01:25:38,209 --> 01:25:35,580

very simple we have a free speech Zone

1733

01:25:41,390 --> 01:25:38,219

feel free to agree with each other

1734

01:25:44,030 --> 01:25:41,400

disagree with each other but please do

1735

01:25:46,250 --> 01:25:44,040

do so respectfully we don't want anybody

1736

01:25:49,430 --> 01:25:46,260

to feel unwelcome here in our live chat

1737

01:25:52,850 --> 01:25:49,440

everybody's welcome from all sides of

1738

01:25:54,830 --> 01:25:52,860

the uh yeah that's interesting Jacob of

1739

01:25:56,629 --> 01:25:54,840

uh Ephraim says why didn't OSHA

1740

01:26:01,129 --> 01:25:56,639

interview before the burn

1741

01:26:03,709 --> 01:26:01,139

I just don't understand that people uh

1742

01:26:05,810 --> 01:26:03,719

gave anybody in Authority would say

1743

01:26:07,970 --> 01:26:05,820

let's just burn it all

1744

01:26:10,250 --> 01:26:07,980

that'll get rid of it

1745

01:26:12,290 --> 01:26:10,260

um but again I'm not an environmental

1746

01:26:15,590 --> 01:26:12,300

expert or a fireman or anything like

1747

01:26:17,410 --> 01:26:15,600

that so I don't know what the usual

1748

01:26:20,629 --> 01:26:17,420

what the usual

1749

01:26:22,610 --> 01:26:20,639

policy about dealing with the situation

1750

01:26:25,669 --> 01:26:22,620

like this is

1751

01:26:29,149 --> 01:26:25,679

I mean if I

1752

01:26:31,310 --> 01:26:29,159

if I was in charge I probably uh and

1753

01:26:34,850 --> 01:26:31,320

having I don't know that they had these

1754

01:26:38,149 --> 01:26:34,860

resources but I probably would have

1755

01:26:41,030 --> 01:26:38,159

um ordered that the fire be put out at

1756

01:26:44,030 --> 01:26:41,040

any cost get a hundred fire engines

1757

01:26:45,590 --> 01:26:44,040

around it dousing it with water and then

1758

01:26:48,830 --> 01:26:45,600

the entire site should have been

1759

01:26:50,390 --> 01:26:48,840

contained dug up and dealt with every

1760

01:26:51,649 --> 01:26:50,400

inch of it

1761

01:26:54,830 --> 01:26:51,659

should have been you know they should

1762

01:26:56,990 --> 01:26:54,840

have put out the fire and then after the

1763

01:26:58,850 --> 01:26:57,000

fire clean up everything from the fire

1764

01:27:01,370 --> 01:26:58,860

including the water put on the fire to

1765

01:27:03,890 --> 01:27:01,380

put it out all the soil has to be dug up

1766

01:27:06,890 --> 01:27:03,900

because it's all contaminated

1767

01:27:09,890 --> 01:27:06,900

30 feet down whatever you have to do and

1768

01:27:11,990 --> 01:27:09,900

then contained that's certainly I

1769

01:27:14,570 --> 01:27:12,000

believe would have been a more favorable

1770

01:27:16,970 --> 01:27:14,580

outcome than what happened which is that

1771

01:27:19,990 --> 01:27:16,980

they burned hundreds of thousands of

1772

01:27:22,610 --> 01:27:20,000

gamma of gallons of noxious

1773

01:27:26,149 --> 01:27:22,620

cancer-causing chemicals right

1774

01:27:27,950 --> 01:27:26,159

M Stones says I apologize Stephen I'm

1775

01:27:29,750 --> 01:27:27,960

feeling all right well it's about time

1776

01:27:31,310 --> 01:27:29,760

somebody asked me if I had any comments

1777

01:27:32,629 --> 01:27:31,320

or questions for the live chat that's

1778

01:27:36,350 --> 01:27:32,639

never happened before it's perfectly

1779

01:27:38,930 --> 01:27:36,360

acceptable right James pepper is here

1780

01:27:41,390 --> 01:27:38,940

and says my grocery store plays The Sex

1781

01:27:43,070 --> 01:27:41,400

Pistols and the Dead Kennedys and the

1782

01:27:45,830 --> 01:27:43,080

Ramones for music well that's

1783

01:27:48,590 --> 01:27:45,840

interesting yeah what's old is new again

1784

01:27:54,649 --> 01:27:51,530

heated water on the wood stove

1785

01:27:56,090 --> 01:27:54,659

Luna Sparkles is here is that you with

1786

01:27:57,770 --> 01:27:56,100

the guitar I want to see a better

1787

01:28:01,370 --> 01:27:57,780

picture of that but that's a great

1788

01:28:04,189 --> 01:28:01,380

Avatar welcome Luna Sparkles one uh good

1789

01:28:06,530 --> 01:28:04,199

to see you do you play guitar or is that

1790

01:28:09,350 --> 01:28:06,540

just uh sometimes people just pick up a

1791

01:28:13,490 --> 01:28:09,360

guitar for a picture right

1792

01:28:14,930 --> 01:28:13,500

um a good question hansie Hans Driscoll

1793

01:28:16,970 --> 01:28:14,940

says are you going to drive there and

1794

01:28:18,830 --> 01:28:16,980

interview residents well I thought about

1795

01:28:20,330 --> 01:28:18,840

it but it is like a six hour drive

1796

01:28:22,729 --> 01:28:20,340

believe it or not they're all the way on

1797

01:28:24,709 --> 01:28:22,739

the other end of the state maybe seven

1798

01:28:27,950 --> 01:28:24,719

hour drive uh

1799

01:28:29,510 --> 01:28:27,960

and I'm a little concerned that my 10

1800

01:28:31,430 --> 01:28:29,520

year old car with a hundred thousand

1801

01:28:33,470 --> 01:28:31,440

miles in it on it is not the best

1802

01:28:34,669 --> 01:28:33,480

vehicle to take a long road trip like

1803

01:28:38,810 --> 01:28:34,679

that

1804

01:28:41,450 --> 01:28:38,820

yes

1805

01:28:44,570 --> 01:28:41,460

check out the new video of the East

1806

01:28:46,729 --> 01:28:44,580

Alice Palestine arrest of the reporter I

1807

01:28:49,070 --> 01:28:46,739

will do that right

1808

01:28:50,450 --> 01:28:49,080

you have to sue OSHA to get them

1809

01:28:53,510 --> 01:28:50,460

involved

1810

01:28:55,910 --> 01:28:53,520

M Stone says some of this seems like a

1811

01:28:59,090 --> 01:28:55,920

distraction and thank you my king I will

1812

01:29:00,649 --> 01:28:59,100

check in once sometimes someone on

1813

01:29:02,629 --> 01:29:00,659

Twitter will share something right

1814

01:29:05,270 --> 01:29:02,639

during the live show that's important

1815

01:29:07,010 --> 01:29:05,280

and we try to include those bits that's

1816

01:29:10,250 --> 01:29:07,020

why it's important to follow me on

1817

01:29:10,930 --> 01:29:10,260

Twitter it's at stevencambean so

1818

01:29:14,209 --> 01:29:10,940

um

1819

01:29:17,810 --> 01:29:14,219

one second here

1820

01:29:20,390 --> 01:29:17,820

let me see I've got James pepper EPA

1821

01:29:22,430 --> 01:29:20,400

distance regular regulations from toxic

1822

01:29:24,709 --> 01:29:22,440

waste sites the site is long and

1823

01:29:27,169 --> 01:29:24,719

complicated shortened for this article

1824

01:29:39,649 --> 01:29:27,179

okay

1825

01:29:42,470 --> 01:29:39,659

says

1826

01:29:44,629 --> 01:29:42,480

um I worked on material safety data

1827

01:29:46,910 --> 01:29:44,639

sheets in my past life these sheets are

1828

01:29:48,410 --> 01:29:46,920

reference for emergency workers to

1829

01:29:50,570 --> 01:29:48,420

explain the hazards of the material

1830

01:29:52,370 --> 01:29:50,580

they're encountering it's shocking the

1831

01:29:53,990 --> 01:29:52,380

train engineer didn't have a set to show

1832

01:29:55,729 --> 01:29:54,000

the First Responders

1833

01:29:57,830 --> 01:29:55,739

they would have handled it differently

1834

01:30:00,729 --> 01:29:57,840

well there we go Mike Kane there's

1835

01:30:04,250 --> 01:30:00,739

another failure here so there should be

1836

01:30:06,350 --> 01:30:04,260

there should be a train cargo manifest

1837

01:30:09,410 --> 01:30:06,360

there should be paperwork that says this

1838

01:30:11,570 --> 01:30:09,420

is the exact cargo on the train in the

1839

01:30:13,850 --> 01:30:11,580

event of an emergency so you're right so

1840

01:30:16,390 --> 01:30:13,860

the local authorities local to wherever

1841

01:30:19,010 --> 01:30:16,400

uh derailment or an explosion happens

1842

01:30:22,129 --> 01:30:19,020

know exactly what they're dealing with

1843

01:30:24,169 --> 01:30:22,139

for all we know all those firefighters

1844

01:30:26,030 --> 01:30:24,179

and everybody else that had to deal with

1845

01:30:29,750 --> 01:30:26,040

this are going to get cancer in the next

1846

01:30:32,629 --> 01:30:29,760

year because they sucked in all these

1847

01:30:35,689 --> 01:30:32,639

noxious chemicals from a chemical

1848

01:30:37,850 --> 01:30:35,699

fire of extremely cancer-causing

1849

01:30:40,070 --> 01:30:37,860

extremely dangerous chemicals they

1850

01:30:42,169 --> 01:30:40,080

should have known what they were dealing

1851

01:30:46,910 --> 01:30:42,179

with

1852

01:30:50,870 --> 01:30:46,920

says it's hard to imagine setting it on

1853

01:30:52,129 --> 01:30:50,880

fire was the safest course of action I

1854

01:30:54,050 --> 01:30:52,139

agree with you

1855

01:30:55,850 --> 01:30:54,060

some cars were already spilled the

1856

01:30:57,649 --> 01:30:55,860

unspilled one they punched a hole in

1857

01:30:59,149 --> 01:30:57,659

them and then they burned it off I guess

1858

01:31:02,090 --> 01:30:59,159

it costs too much money for them to

1859

01:31:04,010 --> 01:31:02,100

transfer the contents scumbags says

1860

01:31:06,890 --> 01:31:04,020

twerkvik I agree with you I don't care

1861

01:31:09,169 --> 01:31:06,900

what it costs if you're gonna kill

1862

01:31:11,870 --> 01:31:09,179

all that local Wildlife if you're going

1863

01:31:14,629 --> 01:31:11,880

to contaminate water cause people cancer

1864

01:31:16,790 --> 01:31:14,639

for a hundred years to come to save a

1865

01:31:18,890 --> 01:31:16,800

couple of dollars then you're a scumbag

1866

01:31:20,030 --> 01:31:18,900

you're an absolute scumbag if you choose

1867

01:31:21,830 --> 01:31:20,040

to do that

1868

01:31:24,229 --> 01:31:21,840

AI Warrior says maybe a distraction

1869

01:31:28,610 --> 01:31:24,239

before World War III

1870

01:31:32,930 --> 01:31:30,530

uh you're right there's there's got to

1871

01:31:35,510 --> 01:31:32,940

be agents Lauren Henson is correct this

1872

01:31:37,129 --> 01:31:35,520

is why I'm not a firefighter water can

1873

01:31:41,689 --> 01:31:37,139

just make the burning chemical spread

1874

01:31:45,050 --> 01:31:41,699

you may be correct but there are uh

1875

01:31:46,790 --> 01:31:45,060

I'm sure there are chemical agents that

1876

01:31:48,649 --> 01:31:46,800

I'm sure there are things that

1877

01:31:51,229 --> 01:31:48,659

firefighters can use

1878

01:31:53,030 --> 01:31:51,239

to put a fire a chemical fire out I'm

1879

01:31:55,910 --> 01:31:53,040

sure that they have things specific to

1880

01:31:58,129 --> 01:31:55,920

that you know like just like there's

1881

01:32:00,530 --> 01:31:58,139

um you know certain chemicals and fire

1882

01:32:03,770 --> 01:32:00,540

extinguishers to deal directly with uh

1883

01:32:07,850 --> 01:32:03,780

electrical fires right

1884

01:32:10,490 --> 01:32:07,860

and by the way Lauren Henson uh my wife

1885

01:32:12,410 --> 01:32:10,500

got me fire blankets because I don't

1886

01:32:14,290 --> 01:32:12,420

know what it is we've never had an

1887

01:32:17,149 --> 01:32:14,300

electric stove

1888

01:32:18,950 --> 01:32:17,159

I'd catch things on fire here at our new

1889

01:32:20,570 --> 01:32:18,960

house uh and I don't know how I keep

1890

01:32:24,169 --> 01:32:20,580

doing it but I do

1891

01:32:25,910 --> 01:32:24,179

I put a towel down on the stove and I

1892

01:32:28,669 --> 01:32:25,920

didn't realize that I didn't turn off

1893

01:32:30,770 --> 01:32:28,679

the other burner so the towel caught on

1894

01:32:32,810 --> 01:32:30,780

fire and then I threw it onto the other

1895

01:32:34,330 --> 01:32:32,820

counter and then the counter caught on

1896

01:32:39,950 --> 01:32:34,340

fire

1897

01:32:40,910 --> 01:32:39,960

that's very nice of her and we but we do

1898

01:32:43,550 --> 01:32:40,920

have

1899

01:32:45,470 --> 01:32:43,560

fire extinguishers and things

1900

01:32:48,050 --> 01:32:45,480

but those fire blankets may come in

1901

01:32:51,290 --> 01:32:48,060

handy the next time I have a fire

1902

01:32:54,050 --> 01:32:51,300

emergency right

1903

01:32:56,450 --> 01:32:54,060

mysterious Oklahoma is here welcome and

1904

01:32:58,610 --> 01:32:56,460

says perhaps these trains wrecks are

1905

01:33:00,530 --> 01:32:58,620

pretext remember it wasn't long ago a

1906

01:33:02,149 --> 01:33:00,540

rail strike was imminent maybe now with

1907

01:33:05,510 --> 01:33:02,159

these accidents they'll shut down all

1908

01:33:07,910 --> 01:33:05,520

Railways for a nationwide system check I

1909

01:33:10,070 --> 01:33:07,920

agree they probably should hazardous

1910

01:33:13,430 --> 01:33:10,080

chemicals often allowed to burn and or

1911

01:33:17,810 --> 01:33:13,440

set fire to prevent groundwater polluted

1912

01:33:22,070 --> 01:33:17,820

never heard that but uh maybe yeah

1913

01:33:23,810 --> 01:33:22,080

Louise uh New York City says the public

1914

01:33:25,790 --> 01:33:23,820

seem to still think that the government

1915

01:33:28,370 --> 01:33:25,800

still has our best interests as number

1916

01:33:30,290 --> 01:33:28,380

one it ain't like that anymore hasn't

1917

01:33:33,229 --> 01:33:30,300

been for years we are traveling

1918

01:33:36,890 --> 01:33:33,239

backwards fast I a hundred percent agree

1919

01:33:39,890 --> 01:33:36,900

with you I 100 agree with you

1920

01:33:42,290 --> 01:33:39,900

Luna Sparkles yes I'm a musician did you

1921

01:33:44,209 --> 01:33:42,300

know that we play or we used to we used

1922

01:33:46,850 --> 01:33:44,219

to have musical guests every show I

1923

01:33:48,890 --> 01:33:46,860

would play music from a music artist I'm

1924

01:33:52,250 --> 01:33:48,900

a musician myself so I like to try to

1925

01:33:54,530 --> 01:33:52,260

help my fellow musicians so if you have

1926

01:34:24,050 --> 01:33:54,540

a

1927

01:34:27,729 --> 01:34:24,060

interesting I'll check out your YouTube

1928

01:34:30,590 --> 01:34:27,739

channel it's Luna Sparkles lunar

1929

01:34:32,930 --> 01:34:30,600

I-u-n-a-r Sparkles one for anybody who

1930

01:34:35,930 --> 01:34:32,940

would like to check out her YouTube

1931

01:34:40,189 --> 01:34:35,940

channel uh and I will do so after the

1932

01:34:46,790 --> 01:34:43,189

uh

1933

01:34:48,770 --> 01:34:46,800

please put them in all capital letters

1934

01:34:50,270 --> 01:34:48,780

it helps me know that that's a comment

1935

01:34:51,709 --> 01:34:50,280

you want me to share and not just part

1936

01:34:54,229 --> 01:34:51,719

of the conversation you're having with

1937

01:34:58,790 --> 01:34:57,050

um key idea I learned from a railroad

1938

01:35:00,709 --> 01:34:58,800

this is partly the result of a trade not

1939

01:35:02,390 --> 01:35:00,719

being classified as Hazmat train it's

1940

01:35:05,689 --> 01:35:02,400

part of the Precision railroading

1941

01:35:07,010 --> 01:35:05,699

program interesting yeah and heads

1942

01:35:09,770 --> 01:35:07,020

should roll for that not being

1943

01:35:11,870 --> 01:35:09,780

classified properly

1944

01:35:13,850 --> 01:35:11,880

um wreaking havoc says you hear anything

1945

01:35:15,410 --> 01:35:13,860

on the Texas train derailment recently

1946

01:35:18,470 --> 01:35:15,420

no I'm still researching the other

1947

01:35:20,510 --> 01:35:18,480

derailments but I thought for tonight we

1948

01:35:22,189 --> 01:35:20,520

will give an introduction to what

1949

01:35:24,410 --> 01:35:22,199

happened in Ohio we are going to be

1950

01:35:26,689 --> 01:35:24,420

doing a follow-up story because

1951

01:35:28,430 --> 01:35:26,699

to be quite honest with you these people

1952

01:35:30,250 --> 01:35:28,440

that won't call me back have pissed me

1953

01:35:33,290 --> 01:35:30,260

off and

1954

01:35:35,330 --> 01:35:33,300

what happens when that happens is I call

1955

01:35:37,189 --> 01:35:35,340

them more and then I start really

1956

01:35:39,890 --> 01:35:37,199

hammering them like I called you on this

1957

01:35:42,590 --> 01:35:39,900

date this date this date this date I

1958

01:35:45,350 --> 01:35:42,600

want an email address I send them emails

1959

01:35:47,149 --> 01:35:45,360

with return receipt requested I have

1960

01:35:49,370 --> 01:35:47,159

even sent people questions where you can

1961

01:35:51,590 --> 01:35:49,380

have it by certified snail mail where

1962

01:35:54,290 --> 01:35:51,600

they had to sign for the thing I sent

1963

01:35:56,629 --> 01:35:54,300

them with the question it's I do not

1964

01:35:59,090 --> 01:35:56,639

like to be ignored right you know how

1965

01:36:01,129 --> 01:35:59,100

everybody wreaking havoc has something

1966

01:36:05,110 --> 01:36:01,139

that irks them

1967

01:36:09,350 --> 01:36:05,120

as a reporter or a show host

1968

01:36:10,970 --> 01:36:09,360

when I call in good faith and I'm not

1969

01:36:13,250 --> 01:36:10,980

being nasty to these people or anything

1970

01:36:15,649 --> 01:36:13,260

I'm always very polite and very

1971

01:36:20,689 --> 01:36:15,659

professional I do make it my policy to

1972

01:36:23,030 --> 01:36:20,699

do that I call very nice very polite and

1973

01:36:25,850 --> 01:36:23,040

I ask questions but when I get

1974

01:36:29,390 --> 01:36:25,860

completely and totally ignored for two

1975

01:36:31,610 --> 01:36:29,400

days straight that pisses me off so then

1976

01:36:34,250 --> 01:36:31,620

I start getting very aggressive then I

1977

01:36:37,070 --> 01:36:34,260

start recording the calls and we may do

1978

01:36:39,229 --> 01:36:37,080

a whole show of me on the phone with all

1979

01:36:42,770 --> 01:36:39,239

of these people ignoring this situation

1980

01:36:44,510 --> 01:36:42,780

just to show the public that this bunch

1981

01:36:46,790 --> 01:36:44,520

of people who are in charge of this

1982

01:36:49,250 --> 01:36:46,800

situation don't want to answer very

1983

01:36:52,790 --> 01:36:49,260

basic questions the fact that the train

1984

01:36:55,310 --> 01:36:52,800

company can't or won't answer a very

1985

01:36:58,070 --> 01:36:55,320

simple question how many hundreds of

1986

01:36:59,990 --> 01:36:58,080

thousands of gallons of cancer-causing

1987

01:37:02,090 --> 01:37:00,000

chemicals was on that train that you

1988

01:37:05,209 --> 01:37:02,100

people burn you know

1989

01:37:07,970 --> 01:37:05,219

and uh we're gonna do a follow-up so

1990

01:37:09,350 --> 01:37:07,980

we'll be doing a follow-up uh I'll be on

1991

01:37:10,390 --> 01:37:09,360

the phone with these people for the next

1992

01:37:16,310 --> 01:37:10,400

week

1993

01:37:20,629 --> 01:37:18,770

just one of my guitars I prefer bass

1994

01:37:23,629 --> 01:37:20,639

used to be in the keyboards that's what

1995

01:37:26,990 --> 01:37:23,639

I'm Into You could see my latest music

1996

01:37:30,110 --> 01:37:27,000

video uh lunar Sparkles is in the videos

1997

01:37:33,169 --> 01:37:30,120

section here it's called demons

1998

01:37:38,570 --> 01:37:33,179

um and uh yeah I've been sort of a synth

1999

01:37:41,990 --> 01:37:38,580

uh you know midi music guy my whole life

2000

01:37:44,149 --> 01:37:42,000

for uh sometimes I was in rock bands but

2001

01:37:46,310 --> 01:37:44,159

I was terrible as a guitar player so I

2002

01:37:48,590 --> 01:37:46,320

just sang in the rock bands

2003

01:37:51,110 --> 01:37:48,600

spooky reminding everybody to smash the

2004

01:37:53,750 --> 01:37:51,120

like button yeah that's a good thing to

2005

01:37:54,830 --> 01:37:53,760

do it really does help

2006

01:37:56,810 --> 01:37:54,840

um

2007

01:37:59,570 --> 01:37:56,820

it's not always about just throwing

2008

01:38:04,790 --> 01:37:59,580

money at us and by the way I have to do

2009

01:38:07,070 --> 01:38:04,800

that I I have to remember to

2010

01:38:08,530 --> 01:38:07,080

remind everyone that we're a viewer

2011

01:38:11,090 --> 01:38:08,540

supported show

2012

01:38:14,810 --> 01:38:11,100

and uh

2013

01:38:16,669 --> 01:38:14,820

we have Ian who can tell you how you can

2014

01:38:18,830 --> 01:38:16,679

help out with us when I come back we'll

2015

01:38:21,709 --> 01:38:18,840

take more comments and questions the

2016

01:38:24,169 --> 01:38:21,719

show is not over do not leave yet it's a

01:41:50,930 --> 01:41:48,410

okay we are back and uh

2070

01:41:51,830 --> 01:41:50,940

given that it is Valentine's Day we will

2071

01:41:54,290 --> 01:41:51,840

be

2072

01:41:56,149 --> 01:41:54,300

um wrapping things up soon

2073

01:41:58,490 --> 01:41:56,159

um I had a little bit of Valentine

2074

01:42:00,649 --> 01:41:58,500

festivities but I you know

2075

01:42:04,129 --> 01:42:00,659

we didn't get to the good stuff yet if

2076

01:42:05,830 --> 01:42:04,139

you know what I mean and uh I wanna uh

2077

01:42:09,169 --> 01:42:05,840

also

2078

01:42:11,510 --> 01:42:09,179

yeah and I hope that you were all having

2079

01:42:13,609 --> 01:42:11,520

a great Valentine's Day I sure did my

2080

01:42:15,410 --> 01:42:13,619

wife gave me some Star Wars shirts which

2081

01:42:16,910 --> 01:42:15,420

I love I always love new Star Wars

2082

01:42:19,970 --> 01:42:16,920

shirts because I wear them until they

2083

01:42:21,830 --> 01:42:19,980

fall off of me or my web throws them out

2084

01:42:24,770 --> 01:42:21,840

um I wear Star Wars shirts almost every

2085

01:42:28,430 --> 01:42:24,780

day uh so I got some new Star Wars

2086

01:42:30,350 --> 01:42:28,440

shirts and uh some other uh cool stuff

2087

01:42:33,590 --> 01:42:30,360

including I don't know how she got it

2088

01:42:36,050 --> 01:42:33,600

but she got a whole lobster so uh you

2089

01:42:39,350 --> 01:42:36,060

know not that I'm gonna eat it today we

2090

01:42:41,570 --> 01:42:39,360

had a Chinese food Feast which is uh was

2091

01:42:45,470 --> 01:42:41,580

a little disappointing the one thing I

2092

01:42:49,490 --> 01:42:45,480

miss since moving out of the city is

2093

01:42:51,709 --> 01:42:49,500

I miss uh the Chinese food in

2094

01:42:54,709 --> 01:42:51,719

Philadelphia and the pizza

2095

01:42:56,990 --> 01:42:54,719

um the pizza here is all right and

2096

01:43:00,169 --> 01:42:57,000

Chinese food is so far in my experience

2097

01:43:02,570 --> 01:43:00,179

horrible I think we've tried four four

2098

01:43:04,010 --> 01:43:02,580

places and it's a shame because we found

2099

01:43:05,510 --> 01:43:04,020

one place where the food was a little

2100

01:43:07,669 --> 01:43:05,520

bit better than the other places but

2101
01:43:11,030 --> 01:43:07,679
then the lady ripped me off and then

2102
01:43:13,310 --> 01:43:11,040
argued with me like

2103
01:43:15,410 --> 01:43:13,320
I never went back like I let her keep

2104
01:43:17,090 --> 01:43:15,420
the money I just didn't you know like it

2105
01:43:18,649 --> 01:43:17,100
was very uncomfortable because I knew

2106
01:43:20,629 --> 01:43:18,659
that she had charged me way too much

2107
01:43:22,490 --> 01:43:20,639
money and I tried to explain it to her I

2108
01:43:24,950 --> 01:43:22,500
showed her her menu and she kept saying

2109
01:43:27,530 --> 01:43:24,960
prices change prices change so I'm like

2110
01:43:29,570 --> 01:43:27,540
okay so you bait and switched me like

2111
01:43:31,609 --> 01:43:29,580
and it was it wasn't a small amount of

2112
01:43:35,149 --> 01:43:31,619
money it was like fifteen dollars more

2113
01:43:36,830 --> 01:43:35,159

than it should have been you know so we

2114

01:43:39,830 --> 01:43:36,840

never went back we tried a new place

2115

01:43:42,470 --> 01:43:39,840

today it was just okay and by the way I

2116

01:43:46,729 --> 01:43:42,480

cook Chinese food including lo mein and

2117

01:43:49,550 --> 01:43:46,739

fried rice and have a big walk and

2118

01:43:52,129 --> 01:43:49,560

um so maybe I'm a Chinese food

2119

01:43:54,050 --> 01:43:52,139

snob I don't know but if I can make it

2120

01:43:56,689 --> 01:43:54,060

better than them I don't think it's

2121

01:43:58,790 --> 01:43:56,699

worth paying for right if I can make a

2122

01:44:02,570 --> 01:43:58,800

better fried rice than the local Chinese

2123

01:44:04,790 --> 01:44:02,580

food place and I believe I can and do

2124

01:44:07,490 --> 01:44:04,800

um I I don't I I'm not excited about

2125

01:44:10,189 --> 01:44:07,500

Chinese takeout anymore the places in

2126
01:44:11,090 --> 01:44:10,199
Philly were off the hook right they were

2127
01:44:12,770 --> 01:44:11,100
great

2128
01:44:14,149 --> 01:44:12,780
and there were so many more to choose

2129
01:44:16,430 --> 01:44:14,159
from

2130
01:44:18,770 --> 01:44:16,440
um very disappointed in the Chinese food

2131
01:44:20,689 --> 01:44:18,780
where I live now but we're going to keep

2132
01:44:23,149 --> 01:44:20,699
trying places until we find a good one

2133
01:44:28,310 --> 01:44:23,159
there's got to be a good one here

2134
01:44:31,550 --> 01:44:28,320
please is says Valentine can kiss my a

2135
01:44:33,229 --> 01:44:31,560
I'm sorry that you feel that way right I

2136
01:44:35,870 --> 01:44:33,239
don't know I had a good one I hung out

2137
01:44:39,470 --> 01:44:35,880
with my wife uh we had a wonderful meal

2138
01:44:43,430 --> 01:44:39,480

and the kids gave my wife flowers and so

2139

01:44:45,350 --> 01:44:43,440

did I I gave my wife a gift of uh

2140

01:44:50,810 --> 01:44:45,360

I don't even know what you would call it

2141

01:44:52,729 --> 01:44:50,820

uh I gave her uh like a light up Rose I

2142

01:44:54,950 --> 01:44:52,739

think is is that what you would call

2143

01:44:57,350 --> 01:44:54,960

yeah that's what I would call it and uh

2144

01:45:00,590 --> 01:44:57,360

you know she just like she likes flowers

2145

01:45:03,229 --> 01:45:00,600

and cards she's real big on cards men do

2146

01:45:06,109 --> 01:45:03,239

not underestimate the power of cards you

2147

01:45:08,390 --> 01:45:06,119

may think that a card is not important

2148

01:45:11,870 --> 01:45:08,400

but for some reason

2149

01:45:16,129 --> 01:45:11,880

some women including my wife they think

2150

01:45:19,250 --> 01:45:16,139

that this is extremely important uh and

2151

01:45:22,189 --> 01:45:19,260

I guess uh so should you

2152

01:45:24,830 --> 01:45:22,199

if you think that a card's not important

2153

01:45:27,229 --> 01:45:24,840

try not giving one to your wife your

2154

01:45:30,169 --> 01:45:27,239

girlfriend your significant other uh

2155

01:45:32,390 --> 01:45:30,179

it's important it's very important

2156

01:45:33,709 --> 01:45:32,400

and I learned that one time because I

2157

01:45:35,870 --> 01:45:33,719

just thought that it wasn't important

2158

01:45:39,109 --> 01:45:35,880

when I first met my wife and and I

2159

01:45:42,830 --> 01:45:39,119

didn't get a card for some something a

2160

01:45:49,070 --> 01:45:42,840

bad idea always buy the card man

2161

01:45:53,090 --> 01:45:51,229

Brandy Phillips is Sweet Caroline still

2162

01:45:55,609 --> 01:45:53,100

regular here oh thanks

2163

01:45:57,470 --> 01:45:55,619

for reminding me yes she is but I don't

2164

01:45:59,270 --> 01:45:57,480

we don't see her quite as often not at

2165

01:46:02,090 --> 01:45:59,280

every chat and by the way we miss you

2166

01:46:05,270 --> 01:46:02,100

sweet Caroline and we hope that uh

2167

01:46:08,810 --> 01:46:05,280

you're good and by the way I have been

2168

01:46:12,350 --> 01:46:08,820

forgetting so uh I'm gonna check in uh

2169

01:46:14,390 --> 01:46:12,360

pledge from Christine who says I've

2183

01:46:51,890 --> 01:46:50,699

noticed a lot of conspiracy theories are

2184

01:46:53,590 --> 01:46:51,900

starting surrounding the train

2185

01:46:56,209 --> 01:46:53,600

derailment in Ohio

2186

01:46:58,310 --> 01:46:56,219

this is yesterday by the way I'm sorry

2187

01:47:00,410 --> 01:46:58,320

Christine that I forgot to read the

2188

01:47:02,990 --> 01:47:00,420

paypals yesterday so this is from

2189

01:47:04,609 --> 01:47:03,000

February 13th she says I've noticed a

2190

01:47:06,410 --> 01:47:04,619

lot of conspiracy theories are starting

2191

01:47:08,149 --> 01:47:06,420

surrounding the train derailment in Ohio

2192

01:47:10,609 --> 01:47:08,159

and I hope you can do a show on the

2193

01:47:13,189 --> 01:47:10,619

facts of this situation it might be a

2194

01:47:15,590 --> 01:47:13,199

bigger deal than the balloon story I go

2195

01:47:17,570 --> 01:47:15,600

pledge and says good covering the toxic

2204

01:47:45,050 --> 01:47:42,060

train yes uh I thought this was an

2205

01:47:48,590 --> 01:47:45,060

important story I don't see a lot of uh

2206

01:47:50,930 --> 01:47:48,600

coverage on this and if we can use our

2207

01:47:53,149 --> 01:47:50,940

little itty bitty voice here to so that

2208

01:47:54,590 --> 01:47:53,159

more people hear about this and I would

2209

01:47:57,649 --> 01:47:54,600

encourage you

2210

01:48:00,410 --> 01:47:57,659

it doesn't matter if you're not a local

2211

01:48:03,050 --> 01:48:00,420

resident call these people start asking

2212

01:48:03,950 --> 01:48:03,060

questions let's have people

2213

01:48:07,070 --> 01:48:03,960

um

2214

01:48:09,229 --> 01:48:07,080

held accountable for this situation

2215

01:48:10,850 --> 01:48:09,239

I predict that this is going to be an

2216

01:48:14,090 --> 01:48:10,860

environmental disaster that I haven't

2217

01:48:16,129 --> 01:48:14,100

seen in a long long time it's going to

2218

01:48:18,530 --> 01:48:16,139

have long-term effects

2219

01:48:21,109 --> 01:48:18,540

Sam Carno is here and says 27 minutes

2220

01:48:23,090 --> 01:48:21,119

behind big hug hugs chat

2221

01:48:24,950 --> 01:48:23,100

don't that to the Past didn't realize

2222

01:48:27,410 --> 01:48:24,960

how far behind the show I was praying

2223

01:48:29,270 --> 01:48:27,420

these chemical tax stop on the USA my

2224

01:48:31,310 --> 01:48:29,280

2225

2226

01:48:35,090 --> 01:48:33,179

2229

01:48:44,570 --> 01:48:40,440

for sale I am not quite sure what that

2230

01:48:48,470 --> 01:48:47,090

anyone want to go anyone want to go down

2231

01:48:52,129 --> 01:48:48,480

that road

2232

01:48:54,050 --> 01:48:52,139

I'm not sure Brad a is here and a member

2233

01:48:55,970 --> 01:48:54,060

thanks for being a member so as I came

2234

01:48:58,669 --> 01:48:55,980

up with my own joke for Valentine's Day

2235

01:49:00,709 --> 01:48:58,679

it is Valentine's Day is the holiday

2236

01:49:03,290 --> 01:49:00,719

where the single men want to spend money

2237

01:49:04,990 --> 01:49:03,300

and where the married men have to spend

2238

01:49:08,209 --> 01:49:05,000

money

2239

01:49:10,790 --> 01:49:08,219

yeah you may be right

2240

01:49:13,609 --> 01:49:10,800

uh but you know uh it's a good thing

2241

01:49:15,649 --> 01:49:13,619

it's it's a good thing I I always enjoy

2242

01:49:18,709 --> 01:49:15,659

Valentine's Day me and my wife we don't

2243

01:49:20,990 --> 01:49:18,719

do anything we used to you know actually

2244

01:49:23,689 --> 01:49:21,000

before children we used to make a big

2245

01:49:25,790 --> 01:49:23,699

deal of it we used to go out to dinner

2246

01:49:27,890 --> 01:49:25,800

we used to get a hotel room in a real

2247

01:49:31,070 --> 01:49:27,900

nice hotel

2248

01:49:33,129 --> 01:49:31,080

um we used to really uh have a lot more

2249

01:49:35,270 --> 01:49:33,139

fun and then kids come and it's just

2250

01:49:38,030 --> 01:49:35,280

you're lucky if they give you five

2251

01:49:40,669 --> 01:49:38,040

minutes alone right I'm hoping they're

2252

01:49:43,070 --> 01:49:40,679

in bed that's what I'm hoping for right

2253

01:49:45,169 --> 01:49:43,080

I always joke with my wife that the kids

2254

01:49:47,689 --> 01:49:45,179

look itchy give them some Benadryl right

2255

01:49:50,330 --> 01:49:47,699

because that knocks them out no I'm

2256

01:49:52,010 --> 01:49:50,340

kidding well I I do joke with my wife

2257

01:49:55,070 --> 01:49:52,020

about that and by the way here's the

2258

01:49:57,470 --> 01:49:55,080

present I got my wife

2259

01:50:00,770 --> 01:49:57,480

um she likes roses but always comments

2260

01:50:04,430 --> 01:50:00,780

on the facts that roses die too quickly

2261

01:50:06,410 --> 01:50:04,440

so I I got her this gold light up sort

2262

01:50:09,169 --> 01:50:06,420

of Rose that's a Keepsake she'll have it

2263

01:50:12,830 --> 01:50:09,179

forever or you know until when the kids

2264

01:50:14,990 --> 01:50:12,840

knock it off a shelf or something uh

2265

01:50:17,030 --> 01:50:15,000

um yeah that and flowers in a card

2266

01:50:19,310 --> 01:50:17,040

that's a good gift keep you in good

2267

01:50:21,669 --> 01:50:19,320

graces of the misses right you got to

2268

01:50:24,709 --> 01:50:21,679

stay in good graces of the misses

2269

01:50:27,410 --> 01:50:24,719

and uh I did

2270

01:50:31,970 --> 01:50:27,420

oh let me uh

2271

01:50:38,030 --> 01:50:35,510

yeah so there is uh sad news today that

2272

01:50:40,490 --> 01:50:38,040

I was sad to hear and we want to offer

2273

01:50:41,450 --> 01:50:40,500

our condolences

2274

01:50:45,050 --> 01:50:41,460

um

2275

01:50:46,970 --> 01:50:45,060

John Greenwald of The Black Vault uh his

2276

01:50:49,129 --> 01:50:46,980

father passed away and we want to

2277

01:50:52,729 --> 01:50:49,139

express our sincere condolences to John

2278

01:50:54,530 --> 01:50:52,739

and his family at this difficult time he

2279

01:50:56,149 --> 01:50:54,540

says it is with great sadness that we

2280

01:50:58,609 --> 01:50:56,159

have to announce the passing of My

2281

01:51:00,830 --> 01:50:58,619

Father John Greenwald senior and for

2282

01:51:03,350 --> 01:51:00,840

those unaware his father was amazing he

2283

01:51:06,649 --> 01:51:03,360

was in the space industry and

2284

01:51:08,570 --> 01:51:06,659

worked for Nassau and a lot of the space

2285

01:51:11,990 --> 01:51:08,580

programs I tried to get an interview

2286

01:51:14,090 --> 01:51:12,000

with him but was unsuccessful sorry to

2287

01:51:16,310 --> 01:51:14,100

hear of John's loss and his passing he

2288

01:51:17,450 --> 01:51:16,320

was an amazing man from what little I

2289

01:51:19,189 --> 01:51:17,460

knew about him

2290

01:51:21,530 --> 01:51:19,199

he says on Thursday evening my dad

2291

01:51:23,510 --> 01:51:21,540

passed away peacefully and painlessly as

2292

01:51:25,729 --> 01:51:23,520

myself my sister and my mother were at

2293

01:51:27,229 --> 01:51:25,739

his side there are not enough tears to

2294

01:51:30,229 --> 01:51:27,239

shed nor enough words to share to

2295

01:51:32,570 --> 01:51:30,239

properly give my dad our hero a send-off

2296

01:51:34,729 --> 01:51:32,580

I will say that his

2297

01:51:36,830 --> 01:51:34,739

strength his wisdom his love for his

2298

01:51:39,410 --> 01:51:36,840

family his sense of humor his pride for

2299

01:51:42,350 --> 01:51:39,420

his country as the United States Marine

2300

01:51:44,209 --> 01:51:42,360

his intelligence his Ingenuity and above

2301
01:51:46,189 --> 01:51:44,219
all else his love for his wife my mom

2302
01:51:48,709 --> 01:51:46,199
will live with us and be an inspiration

2303
01:51:50,629 --> 01:51:48,719
for all the rest of our lives for those

2304
01:51:52,189 --> 01:51:50,639
who feel inclined we ask in lieu of

2305
01:51:54,649 --> 01:51:52,199
flowers you consider supporting the

2306
01:51:58,310 --> 01:51:54,659
Wounded Warrior Project or the Humane

2307
01:52:00,229 --> 01:51:58,320
Society of the desert orphanpet.com

2308
01:52:01,970 --> 01:52:00,239
two causes my father believed in

2309
01:52:04,550 --> 01:52:01,980
strongly for those who have clothes or

2310
01:52:05,990 --> 01:52:04,560
other items you're in need of getting

2311
01:52:08,149 --> 01:52:06,000
rid of please consider your local

2312
01:52:10,609 --> 01:52:08,159
veterans shelters another cause my dad

2313
01:52:12,050 --> 01:52:10,619

strongly believed in supporting

2314

01:52:14,330 --> 01:52:12,060

thank you for all your love support

2315

01:52:16,970 --> 01:52:14,340

prayers and good wishes

2316

01:52:19,189 --> 01:52:16,980

and so sorry to hear about the passing

2317

01:52:21,590 --> 01:52:19,199

of his father for those unaware my

2318

01:52:24,410 --> 01:52:21,600

father died when I was very young and it

2319

01:52:27,050 --> 01:52:24,420

was extremely difficult on myself and my

2320

01:52:28,970 --> 01:52:27,060

family I had to move back home and take

2321

01:52:31,070 --> 01:52:28,980

care of my mother who was a lifelong

2322

01:52:34,850 --> 01:52:31,080

housewife

2323

01:52:36,310 --> 01:52:34,860

um and the passing of my father

2324

01:52:40,490 --> 01:52:36,320

for me

2325

01:52:42,709 --> 01:52:40,500

was uh sort of a shock to my system

2326

01:52:45,830 --> 01:52:42,719

because he he died very young he was

2327

01:52:49,129 --> 01:52:45,840

only 52 my father when he died

2328

01:52:51,709 --> 01:52:49,139

and um

2329

01:52:54,470 --> 01:52:51,719

we had wasted a lot of time being angry

2330

01:52:56,930 --> 01:52:54,480

at each other before he died

2331

01:52:58,850 --> 01:52:56,940

and uh you know luckily before he died

2332

01:53:00,890 --> 01:52:58,860

we were able to reconcile and put that

2333

01:53:03,410 --> 01:53:00,900

behind us but

2334

01:53:04,910 --> 01:53:03,420

I wasted years being pissed off at this

2335

01:53:05,570 --> 01:53:04,920

man

2336

01:53:08,270 --> 01:53:05,580

um

2337

01:53:09,890 --> 01:53:08,280

who did he always did his best you know

2338

01:53:13,970 --> 01:53:09,900

he made a lot of mistakes but he always

2339

01:53:17,390 --> 01:53:13,980

did his best I never wanted for anything

2340

01:53:20,330 --> 01:53:17,400

he was a great father but in retrospect

2341

01:53:23,330 --> 01:53:20,340

being a father myself now you realize

2342

01:53:24,169 --> 01:53:23,340

that uh you know he did the best that he

2343

01:53:27,050 --> 01:53:24,179

could

2344

01:53:29,570 --> 01:53:27,060

and uh I was never homeless I was never

2345

01:53:31,729 --> 01:53:29,580

hungry he was always there

2346

01:53:34,669 --> 01:53:31,739

if we needed something myself or my

2347

01:53:36,770 --> 01:53:34,679

brother he'd work two jobs trying to get

2348

01:53:38,750 --> 01:53:36,780

us those little extra things in life

2349

01:53:40,250 --> 01:53:38,760

like Vacations or going to Great

2350

01:53:41,810 --> 01:53:40,260

Adventure or

2351

01:53:44,810 --> 01:53:41,820

you know

2352

01:53:47,390 --> 01:53:44,820

things that we needed he worked two jobs

2353

01:53:49,090 --> 01:53:47,400

his whole life and consequently he was

2354

01:53:52,970 --> 01:53:49,100

in a bad mood a lot

2355

01:53:56,570 --> 01:53:52,980

which is why we had our differences but

2356

01:54:00,709 --> 01:53:56,580

his passing taught me that we never know

2357

01:54:02,570 --> 01:54:00,719

right like you know if I had known that

2358

01:54:04,669 --> 01:54:02,580

he was going to die that young

2359

01:54:06,890 --> 01:54:04,679

things would have been different between

2360

01:54:09,410 --> 01:54:06,900

us I would have valued our time together

2361

01:54:12,109 --> 01:54:09,420

more my father used to do things however

2362

01:54:14,390 --> 01:54:12,119

like involve me in projects that he was

2363

01:54:17,570 --> 01:54:14,400

doing like come on out to the garage

2364

01:54:19,790 --> 01:54:17,580

we're going to rebuild this boat and I

2365

01:54:21,709 --> 01:54:19,800

have interest in Bill especially when I

2366

01:54:24,050 --> 01:54:21,719

was a teenager you want to go hang out

2367

01:54:26,629 --> 01:54:24,060

with your friends or go out looking for

2368

01:54:28,669 --> 01:54:26,639

girls you don't want to you know spend

2369

01:54:30,290 --> 01:54:28,679

three days in a dirty garage like

2370

01:54:33,470 --> 01:54:30,300

painting a boat

2371

01:54:35,209 --> 01:54:33,480

but after he died I remember thinking I

2372

01:54:38,149 --> 01:54:35,219

would give anything to rebuild another

2373

01:54:41,030 --> 01:54:38,159

beat up old boat with my dad again

2374

01:54:43,129 --> 01:54:41,040

so value that time that you're given

2375

01:54:46,790 --> 01:54:43,139

with those that you care about because

2376

01:54:48,830 --> 01:54:46,800

you never know life is short and we

2377

01:54:51,830 --> 01:54:48,840

never know how long we are given with

2378

01:54:57,350 --> 01:54:51,840

those that we care about and that time

2379

01:54:58,550 --> 01:54:57,360

is a gift so value it and uh

2380

01:55:02,390 --> 01:54:58,560

yeah

2381

01:55:05,330 --> 01:55:02,400

is one of the most important things a

2382

01:55:07,310 --> 01:55:05,340

child can have I worry about being a

2383

01:55:09,290 --> 01:55:07,320

father Brandy once in a while

2384

01:55:13,189 --> 01:55:09,300

you know it rolls around in my head like

2385

01:55:16,090 --> 01:55:13,199

oh my God I'm two kids fathers and it

2386

01:55:19,370 --> 01:55:16,100

Dawns on me that awesome responsibility

2387

01:55:21,470 --> 01:55:19,380

but I have a good relationship actually

2388

01:55:23,629 --> 01:55:21,480

I would I would my I'm sure my wife

2389

01:55:25,790 --> 01:55:23,639

would agree I have a much better

2390

01:55:28,729 --> 01:55:25,800

relationship with my two children than I

2391

01:55:30,530 --> 01:55:28,739

ever had with my father so that's

2392

01:55:32,750 --> 01:55:30,540

progress right

2393

01:55:36,890 --> 01:55:32,760

and my dad was very very tough on us

2394

01:55:38,450 --> 01:55:36,900

growing up he was very demanding and uh

2395

01:55:41,090 --> 01:55:38,460

difficult

2396

01:55:43,370 --> 01:55:41,100

to live with because he really demanded

2397

01:55:44,930 --> 01:55:43,380

things from us like we better get great

2398

01:55:47,689 --> 01:55:44,940

grades like if I brought him anything

2399

01:55:49,189 --> 01:55:47,699

other than an a he would be disappointed

2400

01:55:50,930 --> 01:55:49,199

I would get punished he would make me

2401
01:55:52,850 --> 01:55:50,940
hit the books he would tell me I

2402
01:55:55,189 --> 01:55:52,860
couldn't go out with my friends you're

2403
01:55:57,229 --> 01:55:55,199
not getting straight A's you know you

2404
01:55:59,930 --> 01:55:57,239
you gotta hit the books you don't have

2405
01:56:01,910 --> 01:55:59,940
time to go out you should be doing

2406
01:56:03,649 --> 01:56:01,920
homework you should be studying you

2407
01:56:05,510 --> 01:56:03,659
you're not doing well in school and I

2408
01:56:07,729 --> 01:56:05,520
used to be like you know come on things

2409
01:56:10,010 --> 01:56:07,739
are relative like the next door

2410
01:56:12,169 --> 01:56:10,020
neighbors kids are just getting C's and

2411
01:56:14,689 --> 01:56:12,179
they're going out but my dad was old

2412
01:56:16,910 --> 01:56:14,699
school like he expected certain things

2413
01:56:18,649 --> 01:56:16,920

he was very very demanding

2414

01:56:21,410 --> 01:56:18,659

but he's sure

2415

01:56:24,709 --> 01:56:21,420

taught me to be responsible and to work

2416

01:56:27,229 --> 01:56:24,719

hard and to excel at the things that I

2417

01:56:28,790 --> 01:56:27,239

undertook and be a man of my word he was

2418

01:56:30,649 --> 01:56:28,800

real big on that

2419

01:56:32,870 --> 01:56:30,659

and so uh

2420

01:56:35,209 --> 01:56:32,880

you know it's unfortunate but it was

2421

01:56:37,070 --> 01:56:35,219

only until like years after his passing

2422

01:56:39,169 --> 01:56:37,080

that I sort of forgave him for his

2423

01:56:40,910 --> 01:56:39,179

shortcomings and how he was so tough on

2424

01:56:42,770 --> 01:56:40,920

us and realized

2425

01:56:44,510 --> 01:56:42,780

uh

2426

01:56:50,030 --> 01:56:44,520

you know

2427

01:56:52,910 --> 01:56:50,040

best interest he wasn't just being an

2428

01:56:56,090 --> 01:56:52,920

ass he wasn't just being nasty he was

2429

01:56:58,070 --> 01:56:56,100

trying to teach me things he just was

2430

01:57:00,410 --> 01:56:58,080

too tired kind of from constantly

2431

01:57:02,209 --> 01:57:00,420

working two and three jobs to try to

2432

01:57:04,490 --> 01:57:02,219

provide for us to

2433

01:57:07,790 --> 01:57:04,500

he was a real big one like talking or

2434

01:57:10,430 --> 01:57:07,800

like you know explaining the reasons

2435

01:57:13,430 --> 01:57:10,440

that he was expecting certain things or

2436

01:57:15,290 --> 01:57:13,440

you know so we butted heads a lot and I

2437

01:57:18,470 --> 01:57:15,300

left home very young and

2438

01:57:20,629 --> 01:57:18,480

you know it's a long story but you know

2439

01:57:22,010 --> 01:57:20,639

then I heard that I was living on my own

2440

01:57:23,930 --> 01:57:22,020

and whatever I hadn't talked to my

2441

01:57:25,790 --> 01:57:23,940

family in years and then I heard that he

2442

01:57:29,990 --> 01:57:25,800

was in a hospital dying somebody

2443

01:57:33,050 --> 01:57:30,000

contacted me so we we uh made amends and

2444

01:57:35,450 --> 01:57:33,060

and uh you know it is what it is but I

2445

01:57:39,109 --> 01:57:35,460

wish that I had all that time back that

2446

01:57:41,629 --> 01:57:39,119

we wasted we you know

2447

01:57:44,390 --> 01:57:41,639

uh Louise New York City with more sad

2448

01:57:46,970 --> 01:57:44,400

news Elena Ron's mod and Anthony's mod

2449

01:57:50,149 --> 01:57:46,980

mom had just died please give her a

2450

01:57:54,229 --> 01:57:50,159

shout out yeah shout out for Elena Ron's

2451

01:57:56,390 --> 01:57:54,239

uh mod and Anthony's Mod's Mom I'm sorry

2452

01:57:58,850 --> 01:57:56,400

to hear that and

2453

01:58:02,089 --> 01:57:58,860

um you know uh

2454

01:58:06,530 --> 01:58:02,099

some of you know that I grew up Catholic

2455

01:58:09,790 --> 01:58:06,540

and there's a very quick easy prayer

2456

01:58:13,370 --> 01:58:09,800

um it's a prayer for uh the Eternal rest

2457

01:58:16,310 --> 01:58:13,380

let me let me uh

2458

01:58:19,250 --> 01:58:16,320

uh of course I get a webp file why was

2459

01:58:24,109 --> 01:58:21,229

there's a Catholic prayer for the dead

2460

01:58:26,810 --> 01:58:24,119

and it's very simple it says Eternal

2461

01:58:29,510 --> 01:58:26,820

rest Grant unto them O Lord and let

2462

01:58:31,609 --> 01:58:29,520

Perpetual light shine upon them may The

2463

01:58:34,189 --> 01:58:31,619

Souls of all the faithful departed

2464

01:58:36,589 --> 01:58:34,199

through the mercy of God rest in peace

2465

01:58:39,290 --> 01:58:36,599

and we say that prayer tonight

2466

01:58:41,510 --> 01:58:39,300

for anybody that you may have lost we

2467

01:58:46,669 --> 01:58:41,520

say it for John from the black vault's

2468

01:58:50,330 --> 01:58:46,679

father may he rest in peace and um for

2469

01:58:52,790 --> 01:58:50,340

uh for Elena as well and for anybody in

2470

01:58:55,070 --> 01:58:52,800

the live chat who has lost someone

2471

01:58:56,990 --> 01:58:55,080

that is a wonderful prayer I'll say it

2472

01:58:58,790 --> 01:58:57,000

again it's called the prayer for the

2473

01:59:04,250 --> 01:58:58,800

Eternal rest

2474

01:59:05,930 --> 01:59:04,260

the Perpetual light shine upon them may

2475

01:59:08,629 --> 01:59:05,940

The Souls of all of the faithful

2476
01:59:10,250 --> 01:59:08,639
departed through the mercy of God rest

2477
01:59:11,689 --> 01:59:10,260
in peace

2478
01:59:13,609 --> 01:59:11,699
uh

2479
01:59:15,169 --> 01:59:13,619
I always say that prayer when somebody

2480
01:59:17,570 --> 01:59:15,179
passes away

2481
01:59:19,250 --> 01:59:17,580
some habits are hard to break even

2482
01:59:22,850 --> 01:59:19,260
though I'm no longer really a Catholic

2483
01:59:24,830 --> 01:59:22,860
uh you know I still uh

2484
01:59:30,350 --> 01:59:24,840
I still

2485
01:59:32,530 --> 01:59:30,360
course Hail Mary our father and many

2486
01:59:36,950 --> 01:59:32,540
many others right and same Anthony

2487
01:59:38,750 --> 01:59:36,960
listen I don't care if I turn into a

2488
01:59:41,030 --> 01:59:38,760

whole different religion somewhere down

2489

01:59:43,629 --> 01:59:41,040

the line I will always say the Prayer of

2490

01:59:46,609 --> 01:59:43,639

Saint Anthony when I lose something

2491

01:59:48,530 --> 01:59:46,619

and that's such a stupid prayer I don't

2492

01:59:50,689 --> 01:59:48,540

even think it's officially a prayer but

2493

01:59:52,850 --> 01:59:50,699

you know Saint Anthony Saint Anthony

2494

01:59:55,490 --> 01:59:52,860

please come down something is lost and

2495

01:59:57,470 --> 01:59:55,500

cannot be found try that the next time

2496

01:59:59,510 --> 01:59:57,480

you can't find something your keys your

2497

02:00:02,330 --> 01:59:59,520

wallet your phone I'm telling you it

2498

02:00:04,189 --> 02:00:02,340

works you can look for something me I

2499

02:00:06,109 --> 02:00:04,199

could look for something for an hour and

2500

02:00:10,189 --> 02:00:06,119

never find it and then I say that Saint

2501

02:00:12,589 --> 02:00:10,199

Anthony prayer and I find it uh that's a

2502

02:00:17,870 --> 02:00:12,599

strange sort of Catholic bit of History

2503

02:00:22,189 --> 02:00:20,510

Louise NYC says I have a 14 year old who

2504

02:00:24,169 --> 02:00:22,199

looks like she's an 18 year old model

2505

02:00:25,550 --> 02:00:24,179

had so much trouble with her she just

2506

02:00:27,770 --> 02:00:25,560

got kicked out of her last school but

2507

02:00:30,470 --> 02:00:27,780

luckily I just got her accepted into a

2508

02:00:35,030 --> 02:00:30,480

new school sorry to hear about that

2509

02:00:38,510 --> 02:00:35,040

um yeah I know Louise I am very

2510

02:00:41,149 --> 02:00:38,520

I am kind of glad

2511

02:00:42,649 --> 02:00:41,159

that I don't have daughters because I

2512

02:00:45,050 --> 02:00:42,659

don't think I could handle daughters and

2513

02:00:49,030 --> 02:00:45,060

like dudes coming around and you know I

2514

02:00:53,030 --> 02:00:50,330

[Music]

2515

02:00:55,370 --> 02:00:53,040

I am thankful that I have two boys I

2516

02:00:57,410 --> 02:00:55,380

understand boys I have friends that have

2517

02:00:59,089 --> 02:00:57,420

girls and like I don't understand some

2518

02:01:02,390 --> 02:00:59,099

of the stuff they have to deal with and

2519

02:01:06,229 --> 02:01:02,400

the my one friend's little girl

2520

02:01:08,870 --> 02:01:06,239

I think she's 13 male she just got

2521

02:01:10,850 --> 02:01:08,880

caught she like sneaks other clothes out

2522

02:01:14,030 --> 02:01:10,860

with her like she'll leave in one outfit

2523

02:01:16,669 --> 02:01:14,040

but put like a uh more revealing outfit

2524

02:01:18,830 --> 02:01:16,679

in a backpack and they caught her

2525

02:01:20,570 --> 02:01:18,840

somehow like somebody put a video on

2526

02:01:21,770 --> 02:01:20,580

Facebook or something of her somewhere

2527

02:01:23,750 --> 02:01:21,780

and she was wearing a totally different

2528

02:01:25,310 --> 02:01:23,760

outfit and oh I can't deal with any of

2529

02:01:32,990 --> 02:01:25,320

that stuff

2530

02:01:37,930 --> 02:01:34,609

yeah you never really stop being

2531

02:01:44,470 --> 02:01:42,109

well I sure did

2532

02:01:49,790 --> 02:01:44,480

I did I consider myself

2533

02:01:53,870 --> 02:01:52,189

we want to thank banana for kind and

2534

02:01:56,870 --> 02:01:53,880

generous five dollars who says we all

2535

02:02:00,229 --> 02:01:56,880

have trauma thank you for sharing yours

2536

02:02:02,450 --> 02:02:00,239

tonight and being so open with us well I

2537

02:02:04,129 --> 02:02:02,460

didn't really intend to or mean to but

2538

02:02:06,229 --> 02:02:04,139

the death of somebody's father sort of

2539

02:02:08,209 --> 02:02:06,239

triggered some of those memories and uh

2540

02:02:10,970 --> 02:02:08,219

advice and if I could give anybody

2541

02:02:12,709 --> 02:02:10,980

advices if you're if you're not speaking

2542

02:02:15,530 --> 02:02:12,719

to a family member especially somebody

2543

02:02:16,490 --> 02:02:15,540

like a father a sister a mother a

2544

02:02:19,070 --> 02:02:16,500

brother

2545

02:02:21,290 --> 02:02:19,080

somebody that close you just gotta get

2546

02:02:24,050 --> 02:02:21,300

over it and deal with it you know get

2547

02:02:26,810 --> 02:02:24,060

over it because you'll regret it when

2548

02:02:30,050 --> 02:02:26,820

when they pass away and you have wasted

2549

02:02:31,790 --> 02:02:30,060

all that time I wasted I don't know I

2550

02:02:34,550 --> 02:02:31,800

think about five years being pissed off

2551
02:02:36,050 --> 02:02:34,560
at my parents and consequently I didn't

2552
02:02:39,229 --> 02:02:36,060
talk to my mother during that time

2553
02:02:42,350 --> 02:02:39,239
either and I remember when I went back

2554
02:02:45,189 --> 02:02:42,360
it was shocking how much they had aged

2555
02:02:48,709 --> 02:02:45,199
in five years you know what I mean like

2556
02:02:50,330 --> 02:02:48,719
they really aged in that five years and

2557
02:02:52,250 --> 02:02:50,340
it was sort of a shock to the system to

2558
02:02:55,070 --> 02:02:52,260
see my mother after only five years

2559
02:02:56,689 --> 02:02:55,080
looking so much older but I think there

2560
02:02:58,850 --> 02:02:56,699
was a lot of stress because of my

2561
02:03:02,330 --> 02:02:58,860
father's health issues that caused a lot

2562
02:03:05,810 --> 02:03:02,340
of that and stuff so you know who knows

2563
02:03:07,250 --> 02:03:05,820

but yeah make up with whoever you pissed

2564

02:03:09,109 --> 02:03:07,260

off at if they're a family member

2565

02:03:10,970 --> 02:03:09,119

especially

2566

02:03:13,790 --> 02:03:10,980

and thank you banana for your kindness

2567

02:03:17,450 --> 02:03:13,800

generosity and support of the show I

2568

02:03:20,930 --> 02:03:17,460

gotta find the bumper here there we go

2569

02:03:24,430 --> 02:03:20,940

thanks for helping us to praise the

2570

02:03:30,649 --> 02:03:26,930

breaks the cash

2571

02:03:32,750 --> 02:03:30,659

and yes that is my son and occasionally

2572

02:03:35,570 --> 02:03:32,760

somebody says something nasty about me

2573

02:03:37,550 --> 02:03:35,580

using my son it's pre-recorded and I pay

2574

02:03:39,709 --> 02:03:37,560

him I'm teaching him the value of

2575

02:03:41,689 --> 02:03:39,719

working for money

2576

02:03:43,070 --> 02:03:41,699

recently he learned about betting though

2577

02:03:45,890 --> 02:03:43,080

and I'm afraid he's going to turn into a

2578

02:03:53,570 --> 02:03:49,910

uh he won five bucks on a game that from

2579

02:03:58,129 --> 02:03:56,089

yeah

2580

02:03:59,510 --> 02:03:58,139

so hard truth Seekers we tried

2581

02:04:02,810 --> 02:03:59,520

everything even got help from the police

2582

02:04:04,669 --> 02:04:02,820

to ankle tag her Jesus actually worked

2583

02:04:06,589 --> 02:04:04,679

the NYC school board accepted that she

2584

02:04:09,290 --> 02:04:06,599

was a straight A

2585

02:04:11,510 --> 02:04:09,300

uh and could change seems to have worked

2586

02:04:15,770 --> 02:04:11,520

good good yeah yeah

2587

02:04:19,609 --> 02:04:18,649

well I'm still alcohol free but uh the

2588

02:04:22,669 --> 02:04:19,619

other one

2589

02:04:25,310 --> 02:04:22,679

yeah I'm what's called California sober

2590

02:04:27,169 --> 02:04:25,320

lunar sparkles

2591

02:04:30,350 --> 02:04:27,179

um

2592

02:04:36,649 --> 02:04:30,360

well that's a time something for another

2593

02:04:40,609 --> 02:04:38,810

oh I'm sorry to hear that lunar Sparkle

2594

02:04:43,669 --> 02:04:40,619

says still grieving to my mom and

2595

02:04:45,530 --> 02:04:43,679

sister-in lung cancer past two years oh

2596

02:04:47,209 --> 02:04:45,540

I'm sorry to hear that every time I hear

2597

02:04:48,649 --> 02:04:47,219

somebody dying of lung cancer I go I

2598

02:04:51,229 --> 02:04:48,659

gotta quit smoking

2599

02:04:53,450 --> 02:04:51,239

I really have to I'm gonna I think I'm

2600

02:04:55,910 --> 02:04:53,460

gonna try that nicotine gum because

2601
02:04:58,430 --> 02:04:55,920
nothing else seemed to work I quit with

2602
02:04:59,990 --> 02:04:58,440
the patch before I quit with vaping

2603
02:05:02,750 --> 02:05:00,000
but uh

2604
02:05:05,810 --> 02:05:02,760
just doesn't seem to work

2605
02:05:08,390 --> 02:05:05,820
Sam Carno says you get good thumbs up

2606
02:05:11,270 --> 02:05:08,400
please only 20 odd couldn't be bothered

2607
02:05:12,950 --> 02:05:11,280
yeah we've got a lot of you here so be

2608
02:05:15,430 --> 02:05:12,960
sure to hit that like button on the way

2609
02:05:20,330 --> 02:05:15,440
out it really does help us

2610
02:05:21,530 --> 02:05:20,340
to uh rise in the search engines right

2611
02:05:23,930 --> 02:05:21,540
yeah

2612
02:05:25,609 --> 02:05:23,940
do you think any of this news trainer

2613
02:05:28,370 --> 02:05:25,619

Bloons is to divert from the classified

2614

02:05:31,129 --> 02:05:28,380

docs mess and maybe and uh you know that

2615

02:05:34,010 --> 02:05:31,139

Epstein Client List is coming out who

2616

02:05:36,890 --> 02:05:34,020

knows you know uh

2617

02:05:38,990 --> 02:05:36,900

I do find it strange that all we heard

2618

02:05:41,629 --> 02:05:39,000

about for the past week while this story

2619

02:05:45,410 --> 02:05:41,639

was taking place was balloons being shot

2620

02:05:48,410 --> 02:05:45,420

down I find that very suspicious uh and

2621

02:05:51,229 --> 02:05:48,420

I you know the problem is is that it's

2622

02:05:54,050 --> 02:05:51,239

difficult to decide who you believe with

2623

02:05:55,550 --> 02:05:54,060

all of this stuff and and I I agree with

2624

02:05:59,629 --> 02:05:55,560

what

2625

02:06:01,609 --> 02:05:59,639

Louise said earlier that the government

2626
02:06:03,410 --> 02:06:01,619
doesn't have our best interests at heart

2627
02:06:08,870 --> 02:06:03,420
they haven't for a long long time now

2628
02:06:12,169 --> 02:06:10,430
Ayah walks I tried to quit and made a

2629
02:06:15,050 --> 02:06:12,179
song called nicotine Submarine Escape

2630
02:06:16,910 --> 02:06:15,060
now uh and yeah we always need music for

2631
02:06:20,149 --> 02:06:16,920
the show so send some to me my email

2632
02:06:22,310 --> 02:06:20,159
address is truthseekershow gmail.com

2633
02:06:24,410 --> 02:06:22,320
Brad a says forgiveness is good for

2634
02:06:26,510 --> 02:06:24,420
spiritual growth yeah

2635
02:06:28,609 --> 02:06:26,520
you know what you want to carry a weight

2636
02:06:30,589 --> 02:06:28,619
around for the rest of your life because

2637
02:06:33,589 --> 02:06:30,599
that's what that is that's what a grudge

2638
02:06:35,270 --> 02:06:33,599

is that's what uh now I will say there

2639

02:06:37,490 --> 02:06:35,280

are some people you could forgive but

2640

02:06:39,950 --> 02:06:37,500

still want nowhere near your life right

2641

02:06:43,129 --> 02:06:39,960

like I have some people that have been

2642

02:06:45,229 --> 02:06:43,139

in my life that I was really angry and

2643

02:06:48,290 --> 02:06:45,239

pissed off with for a very long time and

2644

02:06:49,910 --> 02:06:48,300

eventually I get over it uh but I still

2645

02:06:51,589 --> 02:06:49,920

don't want them anywhere back in my life

2646

02:06:54,109 --> 02:06:51,599

you know

2647

02:06:56,209 --> 02:06:54,119

I'm not going to welcome abusive people

2648

02:06:58,129 --> 02:06:56,219

who have hurt me multiple

2649

02:06:59,990 --> 02:06:58,139

times even after being forgiven the

2650

02:07:01,010 --> 02:07:00,000

first few times and kept doing it I'm

2651

02:07:02,930 --> 02:07:01,020

not going to welcome those kind of

2652

02:07:05,330 --> 02:07:02,940

people in my life so sometimes it's

2653

02:07:07,550 --> 02:07:05,340

healthy to forgive but not forget that's

2654

02:07:09,649 --> 02:07:07,560

what I do right

2655

02:07:11,390 --> 02:07:09,659

Louise says we moved from Queens to the

2656

02:07:14,030 --> 02:07:11,400

Bronx she is starting High School here

2657

02:07:15,589 --> 02:07:14,040

in a new term all I can say is that I

2658

02:07:17,930 --> 02:07:15,599

trust her she says she wants to start

2659

02:07:20,030 --> 02:07:17,940

fresh what more can I do well I wish you

2660

02:07:22,729 --> 02:07:20,040

the best of luck with her

2661

02:07:25,310 --> 02:07:22,739

um and I hope it works out for her and

2662

02:07:27,290 --> 02:07:25,320

you right it's tough being a parent and

2663

02:07:29,629 --> 02:07:27,300

uh I don't know my kids are 10 and six

2664

02:07:31,310 --> 02:07:29,639

so I don't really have to worry about a

2665

02:07:33,169 --> 02:07:31,320

lot of the stuff that you parents of

2666

02:07:34,550 --> 02:07:33,179

older kids have to and I'm not looking

2667

02:07:37,370 --> 02:07:34,560

forward to worrying about that stuff

2668

02:07:41,270 --> 02:07:37,380

because I'm a worrier and an anxiety

2669

02:07:47,030 --> 02:07:43,609

Patty says it's called self-preservation

2670

02:07:50,270 --> 02:07:47,040

absolutely sometimes you got to say ah

2671

02:07:53,750 --> 02:07:50,280

this person is nowhere is not welcome

2672

02:07:55,209 --> 02:07:53,760

anywhere near me my life or anything

2673

02:07:59,930 --> 02:07:55,219

right

2674

02:08:01,609 --> 02:07:59,940

and that does sound like uh sort of it

2675

02:08:03,589 --> 02:08:01,619

doesn't sound right like okay so you

2676
02:08:04,910 --> 02:08:03,599
forgive them but you won't talk to them

2677
02:08:07,790 --> 02:08:04,920
or you won't hang out with them yeah

2678
02:08:10,669 --> 02:08:07,800
yeah I forgive them but I I have no

2679
02:08:12,770 --> 02:08:10,679
desire to see them hang out with them do

2680
02:08:14,810 --> 02:08:12,780
anything with them invite them to my

2681
02:08:19,430 --> 02:08:14,820
house or parties that we have you know

2682
02:08:21,169 --> 02:08:19,440
family stuff nope see ya right

2683
02:08:23,689 --> 02:08:21,179
when you're going to send your evidence

2684
02:08:26,149 --> 02:08:23,699
to law enforcement in Sedona about Randy

2685
02:08:29,330 --> 02:08:26,159
well I don't know I you know I gotta

2686
02:08:33,530 --> 02:08:29,340
talk to a few other people before I do

2687
02:08:36,709 --> 02:08:33,540
that but it's on my list of things to do

2688
02:08:38,689 --> 02:08:36,719

Ohio EPA Chief there is a plume of

2689

02:08:40,850 --> 02:08:38,699

chemicals moving down the Ohio River

2690

02:08:42,589 --> 02:08:40,860

it's near Huntington West Virginia right

2691

02:08:45,350 --> 02:08:42,599

now great

2692

02:08:46,970 --> 02:08:45,360

great DJ D says gotta go peeps thanks

2693

02:08:49,609 --> 02:08:46,980

for another great show Stephen much love

2694

02:08:52,430 --> 02:08:49,619

to all and good night and yes uh Happy

2695

02:08:55,010 --> 02:08:52,440

Valentine's Day to everyone we're gonna

2696

02:08:56,470 --> 02:08:55,020

bounce I I am going to wrap up the show

2697

02:09:00,950 --> 02:08:56,480

here

2698

02:09:03,290 --> 02:09:00,960

and uh we will be back tomorrow night 9

2699

02:09:07,729 --> 02:09:03,300

p.m eastern time if any of you remember

2700

02:09:10,189 --> 02:09:07,739

that Nazi girl oh boy oh we got a juicy

2701
02:09:13,310 --> 02:09:10,199
one for you tomorrow apparently Marina

2702
02:09:16,370 --> 02:09:13,320
sarin got interviewed uh on a show and

2703
02:09:19,089 --> 02:09:16,380
she went full-blown crazy Nazi on the

2704
02:09:22,310 --> 02:09:19,099
show she was Zeke Island and everything

2705
02:09:25,250 --> 02:09:22,320
uh and I need uh something a little

2706
02:09:26,750 --> 02:09:25,260
lighter and funnier uh to break up the

2707
02:09:29,870 --> 02:09:26,760
week so we'll probably be doing that

2708
02:09:32,330 --> 02:09:29,880
tomorrow night 9 p.m Eastern Time

2709
02:09:33,770 --> 02:09:32,340
troubled Minds is here yes and I don't

2710
02:09:35,629 --> 02:09:33,780
know if you know troublemines but I

2711
02:09:37,910 --> 02:09:35,639
shared your take on the balloon thing

2712
02:09:39,830 --> 02:09:37,920
yesterday and I did say that you were

2713
02:09:42,470 --> 02:09:39,840

one of the only people I think got the

2714

02:09:45,169 --> 02:09:42,480

story right everybody got it so wrong

2715

02:09:47,030 --> 02:09:45,179

and I did to people ask me who I

2716

02:09:49,490 --> 02:09:47,040

listened to I listen to troubled Minds

2717

02:09:51,410 --> 02:09:49,500

because every time I look

2718

02:09:54,470 --> 02:09:51,420

troubleminds has something new to listen

2719

02:09:57,169 --> 02:09:54,480

to he's a glutton for punishment oh

2720

02:10:00,290 --> 02:09:57,179

always broadcasting something new and

2721

02:10:03,290 --> 02:10:00,300

interesting and so I did it's fair use

2722

02:10:05,270 --> 02:10:03,300

troubled minds but I did I did put your

2723

02:10:07,129 --> 02:10:05,280

link to that video you did on the

2724

02:10:09,290 --> 02:10:07,139

balloon situation in the description of

2725

02:10:11,570 --> 02:10:09,300

yesterday's video that encouraged people

2726

02:10:14,689 --> 02:10:11,580

to subscribe and and check out your show

2727

02:10:17,330 --> 02:10:14,699

I hope you will do the same for me

2728

02:10:19,189 --> 02:10:17,340

and someday uh troubled minds and me are

2729

02:10:20,510 --> 02:10:19,199

going to have that conversation that

2730

02:10:23,270 --> 02:10:20,520

we've been talking about for probably

2731

02:10:24,410 --> 02:10:23,280

two years or have me on his show or I'll

2732

02:10:27,290 --> 02:10:24,420

be on

2733

02:10:29,030 --> 02:10:27,300

help me on my show maybe uh trouble

2734

02:10:32,990 --> 02:10:29,040

Minds I could be a guest over the

2735

02:10:38,570 --> 02:10:33,000

weekend while I'm at the cabin right uh

2736

02:10:41,810 --> 02:10:39,310

yeah

2737

02:10:44,209 --> 02:10:41,820

okay he says clip whatever you want

2738

02:10:46,850 --> 02:10:44,219

though you don't tell me that I'm a

2739

02:10:50,570 --> 02:10:46,860

Content [h__h] they'll be a troubled mind

2740

02:10:53,870 --> 02:10:50,580

segment on every show from now on

2741

02:10:55,790 --> 02:10:53,880

signed up dummy I know I wouldn't do

2742

02:10:57,649 --> 02:10:55,800

show hosts are that open and I feel the

2744

02:11:01,370 --> 02:10:59,400

same way and I believe in fair use so
