Spill affected 7.5 miles of streams, ODNR says

# WHAT IS GOING ON? TRAIN DERAILMENTS, TOXIC SPILLS, GOVERNMENT COVER UP?

## PART TWO

**INTERVIEW WITH  
LOCAL RESIDENT!**

[Music]

2  
00:00:42,290 --> 00:00:40,369  
greetings and salutations

3  
00:00:46,490 --> 00:00:42,300  
a trained derailment occurred on

4  
00:00:47,690 --> 00:00:46,500  
February 3rd 2023 at 8 55 PM Eastern

5  
00:00:50,150 --> 00:00:47,700  
Standard Time

6  
00:00:52,190 --> 00:00:50,160  
when 38 cars of a Norfolk Southern

7  
00:00:55,369 --> 00:00:52,200  
freight train carrying extremely

8  
00:00:59,209 --> 00:00:55,379  
hazardous materials derailed in East

9  
00:01:01,610 --> 00:00:59,219  
Palestine Ohio several rail cars burned

10  
00:01:04,729 --> 00:01:01,620  
for more than two days and eventually

11  
00:01:08,090 --> 00:01:04,739  
emergency crews then conducted what is

12  
00:01:10,969 --> 00:01:08,100  
called a controlled burn of several rail

13  
00:01:13,730 --> 00:01:10,979

cars at the request of State officials

14

00:01:16,730 --> 00:01:13,740

this released hydrogen chloride and

15

00:01:18,350 --> 00:01:16,740

phosgene and other harmful contaminants

16

00:01:20,630 --> 00:01:18,360

into the air

17

00:01:22,490 --> 00:01:20,640

only the residents living within one

18

00:01:24,890 --> 00:01:22,500

square mile of the Burnside were

19

00:01:27,050 --> 00:01:24,900

actually evacuated but just two days

20

00:01:28,490 --> 00:01:27,060

later they were told it was safe to

21

00:01:31,249 --> 00:01:28,500

return home

22

00:01:34,130 --> 00:01:31,259

safe that's what they said

23

00:01:36,410 --> 00:01:34,140

but is it really safe initial testing of

24

00:01:38,649 --> 00:01:36,420

the water was conducted by a third party

25

00:01:41,810 --> 00:01:38,659

contractor hired by Norfolk Southern

26

00:01:44,630 --> 00:01:41,820

however the tests were conducted in a

27

00:01:47,870 --> 00:01:44,640

way that did not comply with EPA testing

28

00:01:48,830 --> 00:01:47,880

standards so what about the EPA what did

29

00:01:51,590 --> 00:01:48,840

they say

30

00:01:53,690 --> 00:01:51,600

well the EPA said that their own testing

31

00:01:55,670 --> 00:01:53,700

said that the air and water near the

32

00:01:58,010 --> 00:01:55,680

crash site was safe

33

00:02:01,429 --> 00:01:58,020

however some independent researchers

34

00:02:04,429 --> 00:02:01,439

from Texas A M using the same data found

35

00:02:07,190 --> 00:02:04,439

elevated levels of some nine pollutants

36

00:02:09,830 --> 00:02:07,200

or contaminants that can lead to

37

00:02:11,390 --> 00:02:09,840

long-term health problems including

38

00:02:14,030 --> 00:02:11,400

cancer

39

00:02:16,729 --> 00:02:14,040

it's important to note that the EPA has

40

00:02:19,250 --> 00:02:16,739

a terrible track record of just showing

41

00:02:21,290 --> 00:02:19,260

up at a disaster site rushing to say

42

00:02:23,390 --> 00:02:21,300

that there's no problem

43

00:02:25,970 --> 00:02:23,400

uh and then they leave the communities

44

00:02:28,610 --> 00:02:25,980

without any support that happen in

45

00:02:30,710 --> 00:02:28,620

Manhattan after 9 11 it happened in

46

00:02:32,930 --> 00:02:30,720

Flint Michigan and it appears to be

47

00:02:35,089 --> 00:02:32,940

happening here as well

48

00:02:36,770 --> 00:02:35,099

East Palestine residents have filed

49

00:02:37,729 --> 00:02:36,780

multiple lawsuits against Norfolk

50

00:02:39,770 --> 00:02:37,739

Southern

51  
00:02:42,050 --> 00:02:39,780  
however the courts move incredibly

52  
00:02:44,330 --> 00:02:42,060  
slowly and it will likely be years and

53  
00:02:45,589 --> 00:02:44,340  
years before we see the results of those

54  
00:02:48,050 --> 00:02:45,599  
lawsuits

55  
00:02:50,150 --> 00:02:48,060  
but even if they lose every court case

56  
00:02:52,369 --> 00:02:50,160  
and pay some settlements

57  
00:02:53,150 --> 00:02:52,379  
it's likely that this will not affect

58  
00:02:55,790 --> 00:02:53,160  
them

59  
00:02:58,130 --> 00:02:55,800  
this company apparently treats payouts

60  
00:03:00,309 --> 00:02:58,140  
for destroying whole towns as routine

61  
00:03:02,570 --> 00:03:00,319  
and just the cost of doing business

62  
00:03:05,089 --> 00:03:02,580  
they've done it before

63  
00:03:07,070 --> 00:03:05,099

in 2005 Norfolk Southern fought

64

00:03:10,430 --> 00:03:07,080

accountability for another equally

65

00:03:12,710 --> 00:03:10,440

devastating and dangerous disaster that

66

00:03:14,930 --> 00:03:12,720

they caused in South Carolina

67

00:03:17,869 --> 00:03:14,940

that disaster killed nine people and

68

00:03:20,210 --> 00:03:17,879

left over 500 people hospitalized

69

00:03:22,490 --> 00:03:20,220

what was the cost of the disaster well

70

00:03:24,949 --> 00:03:22,500

for northern southern it was a very

71

00:03:28,130 --> 00:03:24,959

small price to pay

72

00:03:29,990 --> 00:03:28,140

they paid 4 million in government fines

73

00:03:32,330 --> 00:03:30,000

and 10 million in settlements to

74

00:03:34,850 --> 00:03:32,340

Residents but that is a very small

75

00:03:36,470 --> 00:03:34,860

fraction most experts say of the funds

76

00:03:40,250 --> 00:03:36,480

that it would actually take to really

77

00:03:42,589 --> 00:03:40,260

cover the harm that they caused to that

78

00:03:45,470 --> 00:03:42,599

Community its residents and its

79

00:03:48,170 --> 00:03:45,480

ecosystems long-term future

80

00:03:49,850 --> 00:03:48,180

so they just paid 14 million dollars for

81

00:03:52,369 --> 00:03:49,860

the last town that some would say that

82

00:03:55,610 --> 00:03:52,379

they completely destroyed all those

83

00:03:58,369 --> 00:03:55,620

lives lost health Lost and suffering of

84

00:04:00,649 --> 00:03:58,379

its residents 14 million dollars is

85

00:04:03,470 --> 00:04:00,659

nothing to a 55 billion dollar company

86

00:04:06,229 --> 00:04:03,480

it's like you or I having to pay a 25

87

00:04:09,589 --> 00:04:06,239

traffic ticket it's a slight annoyance

88

00:04:12,890 --> 00:04:09,599

but it's just not a big deal Norfolk

89

00:04:15,710 --> 00:04:12,900

Southern is a 55 billion dollar company

90

00:04:18,349 --> 00:04:15,720

and what's really sad is that this

91

00:04:21,409 --> 00:04:18,359

latest environmental disaster as well as

92

00:04:24,110 --> 00:04:21,419

the human health disaster that they

93

00:04:27,170 --> 00:04:24,120

created in the East Palestine

94

00:04:29,629 --> 00:04:27,180

will barely affect them

95

00:04:33,350 --> 00:04:29,639

I checked and it seems as if their stock

96

00:04:34,790 --> 00:04:33,360

price hasn't taken a huge Dive In fact I

97

00:04:37,790 --> 00:04:34,800

talked to two separate stock market

98

00:04:39,469 --> 00:04:37,800

brokers who told me that right now would

99

00:04:43,370 --> 00:04:39,479

be a great time to buy their stock

100

00:04:45,409 --> 00:04:43,380

during this slight dip it just took

101  
00:04:48,290 --> 00:04:45,419  
but both these stock market

102  
00:04:51,170 --> 00:04:48,300  
professionals predicted that the stock

103  
00:04:55,909 --> 00:04:51,180  
price will be back to a higher than ever

104  
00:04:59,390 --> 00:04:55,919  
price per share in the next quarter

105  
00:05:01,249 --> 00:04:59,400  
here we have some Drone footage showing

106  
00:05:03,590 --> 00:05:01,259  
some of the early cleanup efforts in

107  
00:05:05,870 --> 00:05:03,600  
East Palestine and Company officials

108  
00:05:08,510 --> 00:05:05,880  
assured everyone since this began that

109  
00:05:11,510 --> 00:05:08,520  
the air and the water were safe

110  
00:05:14,150 --> 00:05:11,520  
new independent studies are starting

111  
00:05:16,790 --> 00:05:14,160  
and some of them may show that Norfolk

112  
00:05:19,249 --> 00:05:16,800  
Southern and others were incorrect in

113  
00:05:21,110 --> 00:05:19,259

their previous statements it's hard to

114

00:05:23,990 --> 00:05:21,120

tell just what the long-term effects

115

00:05:26,390 --> 00:05:24,000

will be on the air water plants animals

116

00:05:28,790 --> 00:05:26,400

and especially the people who live in

117

00:05:32,090 --> 00:05:28,800

that area and have chosen to continue

118

00:05:34,490 --> 00:05:32,100

living in that area long term

119

00:05:36,590 --> 00:05:34,500

I'm not an environmental scientist so I

120

00:05:38,570 --> 00:05:36,600

can't explain to you how the EPA in

121

00:05:41,210 --> 00:05:38,580

Norfolk Southern can assure everyone

122

00:05:44,450 --> 00:05:41,220

that the water in the air is safe when

123

00:05:47,390 --> 00:05:44,460

more than 43 000 animals most of them

124

00:05:50,570 --> 00:05:47,400

fish have died in and around East

125

00:05:53,150 --> 00:05:50,580

Palestine Ohio

126  
00:05:55,189 --> 00:05:53,160  
are all these dead animals not a sign of

127  
00:05:58,370 --> 00:05:55,199  
hazardous chemical agents in the air

128  
00:06:01,189 --> 00:05:58,380  
water or soil in their environments the

129  
00:06:03,710 --> 00:06:01,199  
proverbial Canary in the coal mine

130  
00:06:07,370 --> 00:06:03,720  
and one might ask themselves if this

131  
00:06:09,950 --> 00:06:07,380  
environment is killing thousands no tens

132  
00:06:12,050 --> 00:06:09,960  
of thousands of animals how can that

133  
00:06:14,090 --> 00:06:12,060  
very same environment that is killing

134  
00:06:17,390 --> 00:06:14,100  
off all these animals somehow be

135  
00:06:22,189 --> 00:06:17,400  
completely safe for humans the truth the

136  
00:06:24,890 --> 00:06:22,199  
sad truth is it can't it's not safe

137  
00:06:27,110 --> 00:06:24,900  
and signs of that are emerging

138  
00:06:29,990 --> 00:06:27,120

in full force

139

00:06:31,430 --> 00:06:30,000

local residents in East Palestine as

140

00:06:34,129 --> 00:06:31,440

well as in surrounding towns are

141

00:06:36,110 --> 00:06:34,139

reporting major health problems and many

142

00:06:40,670 --> 00:06:36,120

are being diagnosed with chemically

143

00:06:42,770 --> 00:06:40,680

induced bronchitis or contact dermatitis

144

00:06:45,710 --> 00:06:42,780

due to chemical exposure

145

00:06:48,770 --> 00:06:45,720

or other serious ailments the doctors

146

00:06:52,010 --> 00:06:48,780

making these diagnosis are attributing

147

00:06:54,590 --> 00:06:52,020

the causal factor to being the

148

00:06:56,930 --> 00:06:54,600

environmental disaster

149

00:06:59,330 --> 00:06:56,940

there is a rush by some to say that all

150

00:07:00,830 --> 00:06:59,340

those reports are unrelated health

151

00:07:02,749 --> 00:07:00,840

problems somehow

152

00:07:05,270 --> 00:07:02,759

so I wanted to talk to some local

153

00:07:07,730 --> 00:07:05,280

residents and get the real story

154

00:07:09,950 --> 00:07:07,740

after our first report on this I got

155

00:07:12,950 --> 00:07:09,960

many emails and this interview I'm

156

00:07:15,529 --> 00:07:12,960

sharing with all of you is just one of

157

00:07:17,510 --> 00:07:15,539

the many local residents that I talk to

158

00:07:21,050 --> 00:07:17,520

there's a lot of people reporting

159

00:07:23,870 --> 00:07:21,060

massive health problems that live in or

160

00:07:25,990 --> 00:07:23,880

around the area Norfolk Southern has

161

00:07:28,249 --> 00:07:26,000

sent local residents a mailer recently

162

00:07:31,370 --> 00:07:28,259

claiming that there have been no health

163

00:07:34,909 --> 00:07:31,380

risks detected by any tests conducted by

164

00:07:36,950 --> 00:07:34,919

the government or independent labs

165

00:07:38,270 --> 00:07:36,960

I think it's incredibly important to

166

00:07:40,969 --> 00:07:38,280

take careful note

167

00:07:44,029 --> 00:07:40,979

that the narrative that we are being

168

00:07:47,270 --> 00:07:44,039

spoon-fed is being completely disputed

169

00:07:50,330 --> 00:07:47,280

by local residents and local doctors

170

00:07:53,029 --> 00:07:50,340

most there don't think that the air or

171

00:07:55,129 --> 00:07:53,039

water is safe and many feel like Norfolk

172

00:07:57,110 --> 00:07:55,139

Southern and even our own government has

173

00:07:59,089 --> 00:07:57,120

been lying to them

174

00:08:01,490 --> 00:07:59,099

so let's get to an interview with a

175

00:08:04,070 --> 00:08:01,500

local resident whose name is Jason Van

176

00:08:09,770 --> 00:08:04,080

house and hopefully we'll get some

177

00:08:14,749 --> 00:08:12,110

I have been interested in this event

178

00:08:16,670 --> 00:08:14,759

since it took place and I've been

179

00:08:19,309 --> 00:08:16,680

following some of the news coverage but

180

00:08:21,650 --> 00:08:19,319

I thought it would be more informative

181

00:08:23,809 --> 00:08:21,660

to get someone who actually lives there

182

00:08:27,770 --> 00:08:23,819

who can tell us what's going on in the

183

00:08:30,890 --> 00:08:27,780

ground and in the surrounding cities and

184

00:08:34,490 --> 00:08:30,900

neighborhoods and towns and that would

185

00:08:38,930 --> 00:08:36,170

so

186

00:08:43,969 --> 00:08:42,290

which is about 20 miles north of East

187

00:08:45,710 --> 00:08:43,979

Palestine

188

00:08:49,130 --> 00:08:45,720

and uh

189

00:08:51,110 --> 00:08:49,140

a lot of involvement with that area the

190

00:08:53,750 --> 00:08:51,120

East Palestine area because my mom lived

191

00:08:55,730 --> 00:08:53,760

down there for 40 years and had a big

192

00:08:58,130 --> 00:08:55,740

antique business

193

00:09:00,530 --> 00:08:58,140

so I just I've seen a lot of time

194

00:09:03,949 --> 00:09:00,540

roaming around the countryside going to

195

00:09:05,389 --> 00:09:03,959

farm auctions and flea markets and

196

00:09:08,470 --> 00:09:05,399

things

197

00:09:10,910 --> 00:09:08,480

yeah I I know that area interesting area

198

00:09:14,329 --> 00:09:10,920

I used to know somebody who had a cabin

199

00:09:16,790 --> 00:09:14,339

on on the like border of PA up there

200

00:09:20,329 --> 00:09:16,800

right near there so I know the area

201

00:09:24,250 --> 00:09:20,339

pretty well can you can you tell me

202

00:09:26,990 --> 00:09:24,260

um what's what's really been going on

203

00:09:30,230 --> 00:09:27,000

on the ground there what are the local

204

00:09:32,750 --> 00:09:30,240

residents talking about what impact is

205

00:09:37,670 --> 00:09:32,760

this event having on the locals or

206

00:09:43,970 --> 00:09:41,389

well right now I I haven't been down to

207

00:09:46,070 --> 00:09:43,980

East Palestine in person because

208

00:09:49,310 --> 00:09:46,080

I've been sick

209

00:09:51,110 --> 00:09:49,320

from the museums from This Disaster that

210

00:09:53,870 --> 00:09:51,120

made it up to Youngstown

211

00:09:55,790 --> 00:09:53,880

but I've been in contact with people I

212

00:09:58,210 --> 00:09:55,800

know down there

213

00:10:02,449 --> 00:09:58,220

you know by the internet and

214

00:10:05,930 --> 00:10:02,459

messaging and things and there is some

215

00:10:07,690 --> 00:10:05,940

really deep concern going on

216

00:10:10,430 --> 00:10:07,700

um

217

00:10:13,310 --> 00:10:10,440

this seems to be a

218

00:10:15,650 --> 00:10:13,320

ffecting people with underlying

219

00:10:18,110 --> 00:10:15,660

conditions and the elderly and there's

220

00:10:20,230 --> 00:10:18,120

great concern for the kids yeah that's

221

00:10:23,210 --> 00:10:20,240

what I've heard that it's affecting

222

00:10:25,910 --> 00:10:23,220

vote more vulner you know the vulnerable

223

00:10:28,370 --> 00:10:25,920

part of the population a lot like you

224

00:10:33,050 --> 00:10:28,380

know uh other things would like children

225

00:10:35,269 --> 00:10:33,060

and older people you know maybe uh very

226

00:10:37,970 --> 00:10:35,279

young children don't have that developed

227

00:10:40,310 --> 00:10:37,980

immune system yet and older peoples is

228

00:10:43,610 --> 00:10:40,320

weaker so do you think it's affecting

229

00:10:51,470 --> 00:10:43,620

them more more dramatically than a than

230

00:10:57,290 --> 00:10:54,710

doing uh on the ground interviews that

231

00:10:59,269 --> 00:10:57,300

are saying that they've all been treated

232

00:11:01,430 --> 00:10:59,279

for uh

233

00:11:02,509 --> 00:11:01,440

acute bronchitis due to chemical

234

00:11:05,030 --> 00:11:02,519

exposure

235

00:11:08,090 --> 00:11:05,040

there's been a number of people who've

236

00:11:09,170 --> 00:11:08,100

been hospitalized put on oxygen and

237

00:11:11,569 --> 00:11:09,180

these

238

00:11:13,310 --> 00:11:11,579

they say that you know they're young

239

00:11:15,470 --> 00:11:13,320

people they're healthy they work

240

00:11:17,630 --> 00:11:15,480

Outdoors you know they work on farms and

241

00:11:18,710 --> 00:11:17,640

things and here they wind up in the

242

00:11:21,470 --> 00:11:18,720

hospital

243

00:11:24,410 --> 00:11:21,480

and there's even been

244

00:11:26,990 --> 00:11:24,420

kids who've been athletic Athletic kids

245

00:11:28,910 --> 00:11:27,000

in their schools who

246

00:11:31,610 --> 00:11:28,920

just knocked out

247

00:11:32,990 --> 00:11:31,620

put on oxygen put in the hospital for

248

00:11:35,449 --> 00:11:33,000

several days

249

00:11:37,790 --> 00:11:35,459

it's

250

00:11:40,610 --> 00:11:37,800

there's so many mixed messages coming in

251

00:11:42,290 --> 00:11:40,620

you know there's so many yes

252

00:11:45,050 --> 00:11:42,300

saying hey there's nothing wrong here

253

00:11:47,329 --> 00:11:45,060

we're fine we're healthy yeah and isn't

254

00:11:49,850 --> 00:11:47,339

it isn't it crazy that they just they

255

00:11:52,790 --> 00:11:49,860

only evacuate it one square mile around

256

00:11:56,150 --> 00:11:52,800

the original you know derailment and and

257

00:11:58,970 --> 00:11:56,160

fire that they created only evacuated

258

00:12:00,470 --> 00:11:58,980

one square mile and what was it like the

259

00:12:02,329 --> 00:12:00,480

next day they just told everybody oh

260

00:12:06,470 --> 00:12:02,339

it's safe to go home

261

00:12:08,990 --> 00:12:06,480

right that's true and on top of that

262

00:12:11,990 --> 00:12:09,000

uh there's people who went back to their

263

00:12:13,009 --> 00:12:12,000

homes told it was safe and then

264

00:12:15,170 --> 00:12:13,019

um

265

00:12:18,350 --> 00:12:15,180

you know they had testing done

266

00:12:20,690 --> 00:12:18,360

testing comes back says oh you're safe

267

00:12:22,370 --> 00:12:20,700

well and then a follow-up test was done

268

00:12:24,949 --> 00:12:22,380

because somebody got sick in the home

269

00:12:28,310 --> 00:12:24,959

and they said oh yeah

270

00:12:30,110 --> 00:12:28,320

don't go back stay out of your home this

271

00:12:37,670 --> 00:12:30,120

has happened several times

272

00:12:37,680 --> 00:12:40,550

to order but the how

273

00:12:44,150 --> 00:12:42,710

the house finds so they yeah and that

274

00:12:45,530 --> 00:12:44,160

does not make any sense if it's

275

00:12:47,870 --> 00:12:45,540

hazardous for your next door neighbor

276

00:12:50,449 --> 00:12:47,880

it's hazardous for you and there does

277

00:12:53,090 --> 00:12:50,459

seem to be some yeah this mixed message

278

00:12:55,069 --> 00:12:53,100

right and

279

00:12:56,690 --> 00:12:55,079

is your perception in other people's

280

00:12:59,150 --> 00:12:56,700

perception around there that this is

281

00:13:01,970 --> 00:12:59,160

being covered up or that the that the

282

00:13:04,190 --> 00:13:01,980

people responsible are trying to avoid

283

00:13:06,410 --> 00:13:04,200

responsibility so they're just saying

284

00:13:08,990 --> 00:13:06,420

yeah everything's fine knowing that it's

285

00:13:14,329 --> 00:13:11,870

well honestly

286

00:13:16,970 --> 00:13:14,339

like I have some background in The

287

00:13:19,910 --> 00:13:16,980

Sciences I spent two years at Ohio State

288

00:13:20,810 --> 00:13:19,920

in environmental science things like

289

00:13:25,129 --> 00:13:20,820

that

290

00:13:26,990 --> 00:13:25,139

makes you qualified to to make some

291

00:13:30,110 --> 00:13:27,000

calls here and determinations about

292

00:13:32,449 --> 00:13:30,120

what's going on more so than than me or

293

00:13:33,170 --> 00:13:32,459

the you know the average citizen you

294

00:13:35,990 --> 00:13:33,180

know

295

00:13:38,509 --> 00:13:36,000

yeah I mean it was a long time ago but I

296

00:13:40,790 --> 00:13:38,519

see to me I look at this and I think

297

00:13:44,590 --> 00:13:40,800

they're realizing that this is a bigger

298

00:13:47,569 --> 00:13:44,600

disaster than they could admit to that's

299

00:13:50,090 --> 00:13:47,579

seems to be the direction it's going

300

00:13:52,790 --> 00:13:50,100

uh like recently you know they've been

301  
00:13:56,329 --> 00:13:52,800  
saying that um

302  
00:14:00,230 --> 00:13:56,339  
the Air's fine well we have many local

303  
00:14:02,449 --> 00:14:00,240  
universities including Carnegie Mellon

304  
00:14:05,750 --> 00:14:02,459  
um writing universities have gone there

305  
00:14:09,230 --> 00:14:05,760  
and tested and uh they're finding

306  
00:14:11,870 --> 00:14:09,240  
chemical levels that are too high

307  
00:14:14,269 --> 00:14:11,880  
uh there so you get this message from

308  
00:14:15,769 --> 00:14:14,279  
the Norfolk and Southern testing

309  
00:14:18,530 --> 00:14:15,779  
facilities

310  
00:14:19,910 --> 00:14:18,540  
saying it's fine and then the Ohio EPA

311  
00:14:23,509 --> 00:14:19,920  
saying it's fine

312  
00:14:26,030 --> 00:14:23,519  
but then the universities are saying no

313  
00:14:29,750 --> 00:14:26,040

these chemicals are

314

00:14:32,150 --> 00:14:29,760

are getting too too high for comfort and

315

00:14:34,370 --> 00:14:32,160

and they say long-term exposure to those

316

00:14:37,610 --> 00:14:34,380

chemicals will cause all kinds of health

317

00:14:39,530 --> 00:14:37,620

issues you know yeah I mean that that's

318

00:14:42,050 --> 00:14:39,540

the scary that's the scary part yeah

319

00:14:43,670 --> 00:14:42,060

that this is gonna this is going to

320

00:14:45,470 --> 00:14:43,680

affect some of those if those local

321

00:14:48,470 --> 00:14:45,480

residents just choose especially the

322

00:14:50,509 --> 00:14:48,480

ones closest to this situation where the

323

00:14:53,210 --> 00:14:50,519

where the water's getting you know

324

00:14:55,850 --> 00:14:53,220

infected with this these chemicals and

325

00:14:58,730 --> 00:14:55,860

the air you're going to have acid rain

326

00:15:00,170 --> 00:14:58,740

coming down for how God knows how long

327

00:15:03,350 --> 00:15:00,180

months Maybe

328

00:15:06,290 --> 00:15:03,360

from from the burn so there could be

329

00:15:08,930 --> 00:15:06,300

like really long-term health effects you

330

00:15:12,110 --> 00:15:08,940

know in 10 years from now we might find

331

00:15:15,230 --> 00:15:12,120

huge pockets of you know cancers and

332

00:15:19,250 --> 00:15:15,240

things like that from this event and I I

333

00:15:22,129 --> 00:15:19,260

would think that the the you know train

334

00:15:24,170 --> 00:15:22,139

company is going to try to minimize this

335

00:15:27,730 --> 00:15:24,180

as much as possible to prevent the

336

00:15:30,949 --> 00:15:27,740

liability and the payouts

337

00:15:32,629 --> 00:15:30,959

yeah well I think we're looking at a

338

00:15:35,569 --> 00:15:32,639

situation where

339

00:15:37,730 --> 00:15:35,579

uh Norfolk and Southern is going to have

340

00:15:39,170 --> 00:15:37,740

to go completely bankrupt I think it's

341

00:15:42,949 --> 00:15:39,180

that bad

342

00:15:46,009 --> 00:15:42,959

and I think it's a damn Reckoning for uh

343

00:15:49,310 --> 00:15:46,019

major industries but at the same time

344

00:15:52,009 --> 00:15:49,320

you know the petrochemical business is

345

00:15:55,310 --> 00:15:52,019

huge in that area and that stretch of

346

00:15:56,030 --> 00:15:55,320

the along the river yeah they just put a

347

00:15:58,490 --> 00:15:56,040

huge

348

00:16:00,290 --> 00:15:58,500

plan and it's like some sci-fi Nightmare

349

00:16:04,910 --> 00:16:00,300

on mirror on the side of the mountain

350

00:16:07,430 --> 00:16:04,920

and that that thing is all that waste

351

00:16:10,009 --> 00:16:07,440

waste yeah it's

352

00:16:13,189 --> 00:16:10,019

it's you know see it's just such a

353

00:16:14,449 --> 00:16:13,199

horrible situation it's scary like it's

354

00:16:41,930 --> 00:16:14,459

a

355

00:16:44,449 --> 00:16:41,940

is slowly getting worse despite their

356

00:16:53,749 --> 00:16:44,459

best efforts to conceal it or to

357

00:17:03,470 --> 00:16:58,389

information in the public hands is

358

00:17:08,809 --> 00:17:05,990

yeah a well-informed populace is a

359

00:17:11,809 --> 00:17:08,819

dangerous one you know I believe that

360

00:17:15,710 --> 00:17:11,819

but what can you tell us about the The

361

00:17:18,710 --> 00:17:15,720

Creeks the rivers the the local lakes

362

00:17:21,110 --> 00:17:18,720

and ponds and all those dead fish and

363

00:17:23,510 --> 00:17:21,120

things that we were seeing early on has

364

00:17:26,210 --> 00:17:23,520

that continued to be an issue or gotten

365

00:17:29,270 --> 00:17:26,220

worse or gone away

366

00:17:31,669 --> 00:17:29,280

well it's a mixed bag in a lot of areas

367

00:17:33,049 --> 00:17:31,679

well first of all they said originally

368

00:17:36,710 --> 00:17:33,059

that there was a

369

00:17:39,169 --> 00:17:36,720

3 500 fish killed in the closest creek

370

00:17:40,789 --> 00:17:39,179

and that was it well those numbers that

371

00:17:45,110 --> 00:17:40,799

changed in the Ohio Department of

372

00:17:48,470 --> 00:17:45,120

Natural Resources now admitted that 44

373

00:17:52,130 --> 00:17:48,480

000 Bishops been killed 44 000 fish

374

00:17:56,210 --> 00:17:52,140

that's a big swing from 3500 isn't it

375

00:17:58,130 --> 00:17:56,220

it's a huge swing and uh

376

00:18:01,549 --> 00:17:58,140

other universities have come in and

377

00:18:02,690 --> 00:18:01,559

confirmed this in addition to that the

378

00:18:05,810 --> 00:18:02,700

Fallout

379

00:18:07,490 --> 00:18:05,820

to the north poison ponds and there's at

380

00:18:08,990 --> 00:18:07,500

least two ponds that I heard of where

381

00:18:12,590 --> 00:18:09,000

all the fish were killed from The

382

00:18:14,990 --> 00:18:12,600

Fallout you know from the dust and Ash

383

00:18:17,510 --> 00:18:15,000

yeah and we're talking about

384

00:18:21,110 --> 00:18:17,520

all the fish in the entire Ponder Lake

385

00:18:22,970 --> 00:18:21,120

that's quite a an event you know

386

00:18:25,730 --> 00:18:22,980

it's not like a percentage of it it's

387

00:18:28,070 --> 00:18:25,740

like they they basically I've seen some

388

00:18:30,350 --> 00:18:28,080

footage from other locals and you know

389

00:18:33,169 --> 00:18:30,360

they basically have to go in and just

390

00:18:35,570 --> 00:18:33,179

you know sweep all the dead fish out of

391

00:18:38,450 --> 00:18:35,580

an entire Pond or lake or you know

392

00:18:41,570 --> 00:18:38,460

fishing pond whatever these waterways

393

00:18:43,310 --> 00:18:41,580

are all getting hammered and you know

394

00:18:46,130 --> 00:18:43,320

don't you think it's like a canary in

395

00:18:50,330 --> 00:18:46,140

the in the in the coal mine situation if

396

00:18:53,090 --> 00:18:50,340

you if you're seeing 44 000 fish dead

397

00:18:54,710 --> 00:18:53,100

that may be some indicator of what's

398

00:18:56,930 --> 00:18:54,720

actually going on in the environment

399

00:18:58,610 --> 00:18:56,940

more so than these false reports that

400

00:19:03,230 --> 00:18:58,620

everything's fine go about your business

401  
00:19:08,630 --> 00:19:06,070  
and it's making matters worse because

402  
00:19:11,150 --> 00:19:08,640  
the officials are saying don't believe

403  
00:19:11,990 --> 00:19:11,160  
your own eyes believe what we're telling

404  
00:19:15,230 --> 00:19:12,000  
you

405  
00:19:18,350 --> 00:19:15,240  
and so it really creates this unsettling

406  
00:19:21,590 --> 00:19:18,360  
sense of paranoia in people

407  
00:19:25,310 --> 00:19:21,600  
yeah and and you know I I don't know I I

408  
00:19:28,730 --> 00:19:25,320  
have no uh patience or even allowance

409  
00:19:32,650 --> 00:19:28,740  
for like corporate greed being more

410  
00:19:36,470 --> 00:19:32,660  
important than People's Health you know

411  
00:19:38,870 --> 00:19:36,480  
this is such a failure of every system

412  
00:19:41,270 --> 00:19:38,880  
or checks and balances that you would

413  
00:19:42,890 --> 00:19:41,280

think in our you know I would expect

414

00:19:44,990 --> 00:19:42,900

something like this in a third world

415

00:19:48,650 --> 00:19:45,000

country someplace

416

00:19:50,810 --> 00:19:48,660

but the fact that like a corporation is

417

00:19:52,010 --> 00:19:50,820

just able to come in and then the

418

00:19:53,570 --> 00:19:52,020

government is backing them up

419

00:19:56,810 --> 00:19:53,580

essentially saying oh yeah everything's

420

00:19:58,490 --> 00:19:56,820

good I know Ohio EPA has been trying to

421

00:20:01,190 --> 00:19:58,500

calm the uh

422

00:20:02,390 --> 00:20:01,200

pardon the pun the fires of this thing

423

00:20:06,890 --> 00:20:02,400

right

424

00:20:09,169 --> 00:20:06,900

and and and we've got you know uh Biden

425

00:20:11,810 --> 00:20:09,179

is giving you know just gave 10 million

426  
00:20:13,730 --> 00:20:11,820  
dollars to Ukraine is it true that he

427  
00:20:16,430 --> 00:20:13,740  
refused to designate it in federal

428  
00:20:16,440 --> 00:20:26,870  
well yeah more or less

429  
00:20:30,650 --> 00:20:28,850  
it's so complicated Steve it's starting

430  
00:20:33,710 --> 00:20:30,660  
to explain the whole bureaucracy I'm

431  
00:20:38,690 --> 00:20:33,720  
afraid I'd just bore your listeners but

432  
00:20:44,270 --> 00:20:40,909  
miscommunication between

433  
00:20:47,690 --> 00:20:44,280  
governor dewine and uh the

434  
00:20:51,169 --> 00:20:47,700  
you know the federal EPA Joe Biden sure

435  
00:20:56,029 --> 00:20:53,150  
through what you know the

436  
00:20:59,810 --> 00:20:56,039  
misunderstandings and things like that

437  
00:21:01,430 --> 00:20:59,820  
so the horrible part of this is

438  
00:21:04,549 --> 00:21:01,440

action should have been taken

439

00:21:06,590 --> 00:21:04,559

immediately after the disaster but it's

440

00:21:09,890 --> 00:21:06,600

only now taking place and it's been

441

00:21:11,630 --> 00:21:09,900

almost a month yeah 30 days they just

442

00:21:13,669 --> 00:21:11,640

left those citizens on their own defend

443

00:21:16,490 --> 00:21:13,679

for themselves you know hope you don't

444

00:21:18,590 --> 00:21:16,500

die of uh you know mustard gas poisoning

445

00:21:19,669 --> 00:21:18,600

uh in the next month while we figure

446

00:21:22,370 --> 00:21:19,679

this out

447

00:21:24,590 --> 00:21:22,380

it's just been like I said it's just I

448

00:21:26,690 --> 00:21:24,600

think this is shown like a system-wide

449

00:21:29,270 --> 00:21:26,700

failure of so many systems that we

450

00:21:30,830 --> 00:21:29,280

thought are in place the transportation

451  
00:21:34,549 --> 00:21:30,840  
system fails the federal government

452  
00:21:36,409 --> 00:21:34,559  
fails the EPA I'm I'm calling them for

453  
00:21:38,750 --> 00:21:36,419  
on the record comments

454  
00:21:41,210 --> 00:21:38,760  
um and and they don't want to reply they

455  
00:21:44,090 --> 00:21:41,220  
don't want to respond and and that

456  
00:21:46,789 --> 00:21:44,100  
bothers me because that's their job you

457  
00:21:48,649 --> 00:21:46,799  
know they're there to do that and and

458  
00:21:52,549 --> 00:21:48,659  
every state

459  
00:21:54,110 --> 00:21:52,559  
EPA agency has a media person whose

460  
00:21:56,270 --> 00:21:54,120  
responsibility is to be the spokesperson

461  
00:21:57,710 --> 00:21:56,280  
for them and to answer questions they

462  
00:21:59,870 --> 00:21:57,720  
don't want to do that

463  
00:22:02,870 --> 00:21:59,880

and I haven't seen something like that

464

00:22:04,430 --> 00:22:02,880

before not as blatant as I'm seeing it

465

00:22:06,470 --> 00:22:04,440

right now

466

00:22:09,649 --> 00:22:06,480

you know but I'm keeping call logs

467

00:22:13,010 --> 00:22:09,659

because uh eventually I hope that people

468

00:22:15,890 --> 00:22:13,020

are are you know called before somebody

469

00:22:18,590 --> 00:22:15,900

to answer for for their lack of response

470

00:22:21,350 --> 00:22:18,600

here you know if I if I'm calling the

471

00:22:24,830 --> 00:22:21,360

Ohio EPA and asking for comment about

472

00:22:26,690 --> 00:22:24,840

different issues or statements that

473

00:22:30,110 --> 00:22:26,700

citizens on the ground are sending me

474

00:22:33,169 --> 00:22:30,120

and they refuse to even return a call

475

00:22:35,090 --> 00:22:33,179

that's that's a huge problem so why why

476

00:22:36,830 --> 00:22:35,100

can't you answer questions

477

00:22:38,750 --> 00:22:36,840

is it because they don't want to or

478

00:22:41,149 --> 00:22:38,760

because they can't you know who knows

479

00:22:46,070 --> 00:22:41,159

but it's a real problem and there should

480

00:22:52,070 --> 00:22:48,470

right you know part of the problem we're

481

00:22:54,289 --> 00:22:52,080

facing here is that we have you know the

482

00:22:55,970 --> 00:22:54,299

Republicans are running Ohio

483

00:22:58,370 --> 00:22:55,980

and

484

00:23:01,430 --> 00:22:58,380

[h\_\_\h] Southern has been

485

00:23:03,950 --> 00:23:01,440

targeting to their campaigns yeah yeah

486

00:23:06,529 --> 00:23:03,960

and I saw a lot of blame placed on Trump

487

00:23:09,049 --> 00:23:06,539

for easing some kind of regulations but

488

00:23:11,149 --> 00:23:09,059

we've got Biden forcing the railway

489

00:23:12,770 --> 00:23:11,159

workers back to work not letting them

490

00:23:15,649 --> 00:23:12,780

strike when part of the reason they were

491

00:23:17,930 --> 00:23:15,659

striking is over safety concerns did you

492

00:23:20,049 --> 00:23:17,940

know that um when a train leaves a

493

00:23:23,149 --> 00:23:20,059

destination with a full you know

494

00:23:26,390 --> 00:23:23,159

whatever it has a hundred cars or you

495

00:23:28,610 --> 00:23:26,400

know all filled with whatever hazardous

496

00:23:30,289 --> 00:23:28,620

materials whatever it's filled with some

497

00:23:33,649 --> 00:23:30,299

of these rail workers only get 90

498

00:23:35,330 --> 00:23:33,659

seconds per car to check each car for

499

00:23:37,430 --> 00:23:35,340

safety and you know

500

00:23:40,190 --> 00:23:37,440

that's ridiculous especially when you're

501  
00:23:42,649 --> 00:23:40,200  
dealing with you know these kind of

502  
00:23:44,810 --> 00:23:42,659  
hazardous chemicals you 90 seconds

503  
00:23:46,909 --> 00:23:44,820  
that's what you get and they have to go

504  
00:23:48,770 --> 00:23:46,919  
through that 100 car you know that

505  
00:23:50,690 --> 00:23:48,780  
hundred

506  
00:23:53,029 --> 00:23:50,700  
car train

507  
00:24:00,590 --> 00:23:53,039  
and they get 90 seconds per car to check

508  
00:24:07,190 --> 00:24:03,470  
that stuff is it's one of the most toxic

509  
00:24:08,390 --> 00:24:07,200  
most flammable substances on Earth one

510  
00:24:11,870 --> 00:24:08,400  
of the most

511  
00:24:14,810 --> 00:24:11,880  
ever created by man it is so horrific

512  
00:24:17,149 --> 00:24:14,820  
that if a few little things go wrong you

513  
00:24:20,930 --> 00:24:17,159

suddenly have a massive bomb on your

514

00:24:23,149 --> 00:24:20,940

hands like an incredible explosive toxic

515

00:24:25,250 --> 00:24:23,159

device and they're hauling these things

516

00:24:27,350 --> 00:24:25,260

still right through your community if

517

00:24:28,970 --> 00:24:27,360

you got a railroad track go through your

518

00:24:34,190 --> 00:24:28,980

town they're hauling that stuff right

519

00:24:40,310 --> 00:24:37,310

oh these bombs right in right into our

520

00:24:42,169 --> 00:24:40,320

right into our towns yeah there that

521

00:24:47,030 --> 00:24:42,179

one's sure

522

00:24:54,310 --> 00:24:49,370

[Music]

523

00:24:57,409 --> 00:24:54,320

that was 500 tons of polyvinyl chloride

524

00:25:01,250 --> 00:24:57,419

500 tons of that stuff

525

00:25:02,090 --> 00:25:01,260

was was being hauled yeah each one of

526  
00:25:05,570 --> 00:25:02,100  
those

527  
00:25:06,590 --> 00:25:05,580  
is such a has such powerful explosive

528  
00:25:08,510 --> 00:25:06,600  
potential

529  
00:25:11,570 --> 00:25:08,520  
that was the big reason they started

530  
00:25:15,649 --> 00:25:13,669  
had burned because if they would have

531  
00:25:18,710 --> 00:25:15,659  
let it gone a little farther

532  
00:25:21,950 --> 00:25:18,720  
they said it would have turned into an

533  
00:25:23,750 --> 00:25:21,960  
unimaginable catastrophic events no I

534  
00:25:24,649 --> 00:25:23,760  
think it was bad enough as it was but

535  
00:25:26,630 --> 00:25:24,659  
yeah

536  
00:25:30,110 --> 00:25:26,640  
well it would have if they hadn't

537  
00:25:32,390 --> 00:25:30,120  
directed The the energy as they did it

538  
00:25:33,890 --> 00:25:32,400

would have flattened that whole town it

539

00:25:36,350 --> 00:25:33,900

literally would happen that's not an

540

00:25:38,330 --> 00:25:36,360

exaggeration this is what the

541

00:25:42,049 --> 00:25:38,340

experts are saying they're saying

542

00:25:43,370 --> 00:25:42,059

shrapnel would have fallen like miles

543

00:25:46,909 --> 00:25:43,380

away

544

00:25:49,010 --> 00:25:46,919

yeah and besides the dead fish you know

545

00:25:51,409 --> 00:25:49,020

I'm hearing various reports of people's

546

00:25:55,370 --> 00:25:51,419

pets dying their chickens their dogs

547

00:25:58,250 --> 00:25:55,380

their cats are you hearing a lot of that

548

00:26:00,049 --> 00:25:58,260

yeah uh

549

00:26:01,850 --> 00:26:00,059

it's sort of like

550

00:26:05,690 --> 00:26:01,860

well there's been a lot of chickens

551  
00:26:08,450 --> 00:26:05,700  
there was a one calf that was you know

552  
00:26:11,630 --> 00:26:08,460  
it's still still waiting to hear about

553  
00:26:12,289 --> 00:26:11,640  
Here's the final report

554  
00:26:14,630 --> 00:26:12,299  
um

555  
00:26:17,149 --> 00:26:14,640  
yeah there were a lot of animals have

556  
00:26:20,149 --> 00:26:17,159  
just gotten sick you know

557  
00:26:23,510 --> 00:26:20,159  
it's been Farmers talking about chicken

558  
00:26:25,570 --> 00:26:23,520  
or chicken stop laying eggs or you know

559  
00:26:27,649 --> 00:26:25,580  
the cows won't get up and move around

560  
00:26:30,529 --> 00:26:27,659  
stuff like that

561  
00:26:35,269 --> 00:26:30,539  
and the thing is is that this is kind of

562  
00:26:37,190 --> 00:26:35,279  
a cumulative effect and so as time as

563  
00:26:39,289 --> 00:26:37,200

these weeks have gone by it it's getting

564

00:26:42,230 --> 00:26:39,299

worse and worse it's not getting better

565

00:26:44,090 --> 00:26:42,240

but it's slowly getting worse and it's

566

00:26:46,730 --> 00:26:44,100

definitely not getting better

567

00:26:48,830 --> 00:26:46,740

like there's no signs of that I can see

568

00:26:50,630 --> 00:26:48,840

from any news reports that there's any

569

00:26:54,289 --> 00:26:50,640

sort of improvement

570

00:26:57,409 --> 00:26:54,299

it's but these very scary reports keep

571

00:27:01,130 --> 00:26:57,419

coming in at a steady rate and it's just

572

00:27:03,409 --> 00:27:01,140

you know it's getting to the point where

573

00:27:06,169 --> 00:27:03,419

we're expecting to see animals start

574

00:27:09,830 --> 00:27:06,179

dropping dead soon or People's Health

575

00:27:12,769 --> 00:27:09,840

getting worse there was a big Factory

576  
00:27:16,130 --> 00:27:12,779  
down there very successful pet Factory

577  
00:27:19,310 --> 00:27:16,140  
that pays very well they make ceramic

578  
00:27:22,010 --> 00:27:19,320  
bricks for Indus for heavy industry

579  
00:27:24,049 --> 00:27:22,020  
they had to shut down because every time

580  
00:27:25,669 --> 00:27:24,059  
the workers the workers lived in the

581  
00:27:27,890 --> 00:27:25,679  
countryside and when they come into town

582  
00:27:29,750 --> 00:27:27,900  
they get sick

583  
00:27:32,390 --> 00:27:29,760  
and this has been going on for three

584  
00:27:35,269 --> 00:27:32,400  
weeks so finally in the our local uh

585  
00:27:37,310 --> 00:27:35,279  
business newspaper they said uh

586  
00:27:40,070 --> 00:27:37,320  
they're just closing the factory because

587  
00:27:42,110 --> 00:27:40,080  
they can't keep workers in there

588  
00:27:45,590 --> 00:27:42,120

yeah yeah and I saw that news report

589

00:27:47,450 --> 00:27:45,600

I'll share it for my audience but just

590

00:27:50,269 --> 00:27:47,460

just horrific this stuff that's going

591

00:27:52,070 --> 00:27:50,279

and you're right you know if you don't

592

00:27:54,169 --> 00:27:52,080

if you're in a if you're in a situation

593

00:27:55,690 --> 00:27:54,179

where there's some kind of toxins in

594

00:27:58,549 --> 00:27:55,700

your environment

595

00:28:01,190 --> 00:27:58,559

those toxins build up in your system

596

00:28:03,470 --> 00:28:01,200

over time it doesn't get better it gets

597

00:28:05,630 --> 00:28:03,480

worse the longer you were exposed to

598

00:28:08,390 --> 00:28:05,640

this

599

00:28:10,430 --> 00:28:08,400

so you know and you said that there's

600

00:28:13,490 --> 00:28:10,440

all kinds of people being hospitalized

601  
00:28:15,890 --> 00:28:13,500  
or seeking medical treatment for you

602  
00:28:19,850 --> 00:28:15,900  
know I'm hearing like bad sore throats

603  
00:28:22,789 --> 00:28:19,860  
and and sort of like allergy conditions

604  
00:28:26,510 --> 00:28:22,799  
you know running eyes bad sewer throats

605  
00:28:37,850 --> 00:28:26,520  
uh skin irritations rashes

606  
00:28:44,990 --> 00:28:41,570  
when they the controlled burn and the

607  
00:28:46,010 --> 00:28:45,000  
toxic plume came over Youngstown

608  
00:28:48,830 --> 00:28:46,020  
um

609  
00:28:51,049 --> 00:28:48,840  
I didn't the if the officials did a very

610  
00:28:53,870 --> 00:28:51,059  
poor job of notifying people so I went

611  
00:28:55,130 --> 00:28:53,880  
out to my art studio to work so I was

612  
00:28:57,710 --> 00:28:55,140  
out in it

613  
00:28:58,789 --> 00:28:57,720

and uh by the time I got home I was so

614

00:29:00,470 --> 00:28:58,799

sick

615

00:29:02,450 --> 00:29:00,480

and for

616

00:29:04,850 --> 00:29:02,460

and it just kept getting worse and worse

617

00:29:07,850 --> 00:29:04,860

and I was diagnosed with acute

618

00:29:10,490 --> 00:29:07,860

bronchitis that was probably brought on

619

00:29:11,269 --> 00:29:10,500

by chemical exposure according to my

620

00:29:14,029 --> 00:29:11,279

doctor

621

00:29:15,710 --> 00:29:14,039

and I had allergic rhinitis and

622

00:29:18,529 --> 00:29:15,720

inflammation

623

00:29:21,169 --> 00:29:18,539

I mean it was brutal and then he told me

624

00:29:22,970 --> 00:29:21,179

I had it so bad and since it was

625

00:29:25,789 --> 00:29:22,980

probably chemical related it was going

626

00:29:29,450 --> 00:29:25,799

to take me three months to recover

627

00:29:32,930 --> 00:29:29,460

without treatment three months so the

628

00:29:35,389 --> 00:29:32,940

treatment he gave me was a steroid shot

629

00:29:37,549 --> 00:29:35,399

and this is what every what I just

630

00:29:40,970 --> 00:29:37,559

explained what I was diagnosed with all

631

00:29:42,710 --> 00:29:40,980

these people between East Palestine and

632

00:29:44,029 --> 00:29:42,720

Youngstown are getting diagnosed with

633

00:29:46,250 --> 00:29:44,039

that and they're all getting the

634

00:29:48,049 --> 00:29:46,260

steroids shut so when you see these

635

00:29:50,330 --> 00:29:48,059

people interviewed like in East

636

00:29:51,710 --> 00:29:50,340

Palestine and they're all happy it's

637

00:29:53,930 --> 00:29:51,720

because they're all jacked up on

638

00:29:56,289 --> 00:29:53,940

steroids great just keep that in mind

639

00:30:07,970 --> 00:29:56,299

when you watch the videos

640

00:30:13,789 --> 00:30:11,149

to knock that to Britain these are

641

00:30:15,769 --> 00:30:13,799

reactions have been so severe this is

642

00:30:17,930 --> 00:30:15,779

just not like ordinary allergies man

643

00:30:19,669 --> 00:30:17,940

yeah yeah

644

00:30:21,470 --> 00:30:19,679

it's severe

645

00:30:25,010 --> 00:30:21,480

beer what they say a lot of what we were

646

00:30:27,350 --> 00:30:25,020

exposed to was that World War One

647

00:30:29,690 --> 00:30:27,360

chemical called phosgene and it was used

648

00:30:31,610 --> 00:30:29,700

as a chemical weapon yeah it's the main

649

00:30:33,409 --> 00:30:31,620

ingredient of mustard gas that was used

650

00:30:36,169 --> 00:30:33,419

during World War One

651

00:30:39,230 --> 00:30:36,179

right I mean it's brutal it's meant to

652

00:30:41,630 --> 00:30:39,240

kill people so even a small dose yeah

653

00:30:44,389 --> 00:30:41,640

and it's important just for my listeners

654

00:30:46,909 --> 00:30:44,399

to to make sure they understand that you

655

00:30:50,029 --> 00:30:46,919

know when when this final chloride was

656

00:30:52,070 --> 00:30:50,039

burned when you burn that chemical that

657

00:30:54,830 --> 00:30:52,080

was in the tankers it creates this other

658

00:30:58,010 --> 00:30:54,840

chemical called phosgene which is the

659

00:31:00,169 --> 00:30:58,020

main component of deadly mustard gas

660

00:31:02,029 --> 00:31:00,179

used during World War One and I think

661

00:31:03,649 --> 00:31:02,039

wasn't it outlawed by the Geneva

662

00:31:05,810 --> 00:31:03,659

Convention to use that as a weapon

663

00:31:08,630 --> 00:31:05,820

because it's just so terrible

664

00:31:11,570 --> 00:31:08,640

right but they could somehow just burn

665

00:31:14,389 --> 00:31:11,580

this vinyl chloride and create it in the

666

00:31:16,970 --> 00:31:14,399

atmosphere and kill possibly kill a lot

667

00:31:18,769 --> 00:31:16,980

of people with it because hey we got to

668

00:31:20,389 --> 00:31:18,779

get you know the other thing I heard is

669

00:31:22,370 --> 00:31:20,399

that they they did the burn and

670

00:31:24,710 --> 00:31:22,380

everything because they had to hurry up

671

00:31:28,789 --> 00:31:24,720

and get the railway running again

672

00:31:30,289 --> 00:31:28,799

that's crazy like oh you know we have to

673

00:31:31,310 --> 00:31:30,299

get the railway running so do what you

674

00:31:33,350 --> 00:31:31,320

got to do

675

00:31:35,149 --> 00:31:33,360

and then I heard that there's reports

676  
00:31:37,430 --> 00:31:35,159  
they were supposed to remove the soil

677  
00:31:39,289 --> 00:31:37,440  
around the actual derailment but they

678  
00:31:41,210 --> 00:31:39,299  
didn't they just covered over it do you

679  
00:31:44,990 --> 00:31:41,220  
know anything about that

680  
00:31:47,029 --> 00:31:45,000  
oh yeah yeah that's really corrupt they

681  
00:31:51,470 --> 00:31:47,039  
they had those railroad they had that

682  
00:31:53,330 --> 00:31:51,480  
railroad fixed and running so fast it

683  
00:31:55,669 --> 00:31:53,340  
was it's amazing they're strange just

684  
00:31:59,450 --> 00:31:55,679  
blasting through East Palestine every 11

685  
00:32:02,029 --> 00:31:59,460  
minutes and it's it's two two tracks so

686  
00:32:05,269 --> 00:32:02,039  
they're going north and south every 11

687  
00:32:07,850 --> 00:32:05,279  
minutes man they picked up because they

688  
00:32:09,769 --> 00:32:07,860

lost so much time they to make up for

689

00:32:11,510 --> 00:32:09,779

lost time so they're really running them

690

00:32:13,850 --> 00:32:11,520

trains hard now

691

00:32:18,230 --> 00:32:13,860

oh that's great maybe I have a second

692

00:32:23,090 --> 00:32:20,510

so every time a train goes over it kicks

693

00:32:26,169 --> 00:32:23,100

up all those all that dust and everybody

694

00:32:28,669 --> 00:32:26,179

gets everybody

695

00:32:30,529 --> 00:32:28,679

issues get reactivated yeah you're

696

00:32:31,970 --> 00:32:30,539

getting exposed to a sec a secondary

697

00:32:34,730 --> 00:32:31,980

time a third time

698

00:32:37,490 --> 00:32:34,740

that makes a lot of sense yeah I I don't

699

00:32:39,169 --> 00:32:37,500

I just don't understand and what is the

700

00:32:42,529 --> 00:32:39,179

attitude in general of the local

701  
00:32:46,010 --> 00:32:42,539  
residents are people like angry and and

702  
00:32:49,190 --> 00:32:46,020  
feeling like lied to or betrayed or are

703  
00:32:51,110 --> 00:32:49,200  
people just accepting the um you know

704  
00:32:54,889 --> 00:32:51,120  
the sort of propaganda that everything's

705  
00:33:00,590 --> 00:32:57,470  
people are people are still in a State

706  
00:33:02,510 --> 00:33:00,600  
of Shock and they're dealing with you

707  
00:33:05,450 --> 00:33:02,520  
know so many issues just to make it

708  
00:33:07,610 --> 00:33:05,460  
through a day that they haven't even

709  
00:33:11,269 --> 00:33:07,620  
been able to

710  
00:33:13,130 --> 00:33:11,279  
get them together enough to fight you

711  
00:33:15,769 --> 00:33:13,140  
know I don't think any some people are

712  
00:33:17,450 --> 00:33:15,779  
getting mad but I think everybody is our

713  
00:33:20,870 --> 00:33:17,460

people are just so confused and

714

00:33:23,870 --> 00:33:20,880

exhausted and demoralized at least the

715

00:33:26,810 --> 00:33:23,880

people I talk to you know like it's it's

716

00:33:29,090 --> 00:33:26,820

overwhelming you know when you're down

717

00:33:32,090 --> 00:33:29,100

here and it's every day

718

00:33:34,909 --> 00:33:32,100

it is a it feels like an overwhelming

719

00:33:36,889 --> 00:33:34,919

disaster like similar to like when a big

720

00:33:42,769 --> 00:33:36,899

hurricane hits and how people kind of

721

00:33:46,730 --> 00:33:44,870

edema's right there they're getting help

722

00:33:49,549 --> 00:33:46,740

they're getting counselors they're

723

00:33:52,730 --> 00:33:49,559

getting all these all this help

724

00:33:58,370 --> 00:33:52,740

it's only just now getting there to East

725

00:34:03,169 --> 00:34:00,830

there should be yeah

726

00:34:06,289 --> 00:34:03,179

it should be yeah

727

00:34:08,930 --> 00:34:06,299

and do you have a sense of uh how far

728

00:34:10,430 --> 00:34:08,940

out are these toxic effects being felt

729

00:34:14,750 --> 00:34:10,440

from the original

730

00:34:16,190 --> 00:34:14,760

uh derailment sight and burn site do you

731

00:34:20,149 --> 00:34:16,200

have any

732

00:34:23,450 --> 00:34:20,159

idea of you know how far are these toxic

733

00:34:25,909 --> 00:34:23,460

effects traveling

734

00:34:27,530 --> 00:34:25,919

well as far as I can tell from the

735

00:34:28,970 --> 00:34:27,540

internet and talking to people we have

736

00:34:31,970 --> 00:34:28,980

people

737

00:34:34,070 --> 00:34:31,980

I'm 25 miles away

738

00:34:36,230 --> 00:34:34,080

almost due north

739

00:34:38,089 --> 00:34:36,240

and I got

740

00:34:40,010 --> 00:34:38,099

um there's been a lot of people in my

741

00:34:41,570 --> 00:34:40,020

neighborhood that got it because it was

742

00:34:44,329 --> 00:34:41,580

a beautiful night people were out

743

00:34:45,950 --> 00:34:44,339

walking the night of that bird

744

00:34:48,169 --> 00:34:45,960

um

745

00:34:50,869 --> 00:34:48,179

but just south of here you know in some

746

00:34:54,829 --> 00:34:50,879

of the Suburban areas

747

00:34:57,290 --> 00:34:54,839

a mile away or so there is uh

748

00:34:59,870 --> 00:34:57,300

so many people who've been on the news

749

00:35:04,430 --> 00:34:59,880

complaining that they got really like

750

00:35:07,670 --> 00:35:04,440

chemical burns in their nose and ears

751  
00:35:11,450 --> 00:35:07,680  
and things so there was some

752  
00:35:13,130 --> 00:35:11,460  
you know somebody exposure yeah and I

753  
00:35:15,410 --> 00:35:13,140  
think it I think it's very interesting

754  
00:35:19,190 --> 00:35:15,420  
that you're 25 miles away and experience

755  
00:35:21,589 --> 00:35:19,200  
these these toxic effects 20 25 miles

756  
00:35:23,750 --> 00:35:21,599  
away and when they did the burn they

757  
00:35:26,930 --> 00:35:23,760  
only evacuated one square mile

758  
00:35:28,910 --> 00:35:26,940  
that's crazy to me they had to know that

759  
00:35:36,170 --> 00:35:28,920  
this was going to travel you know that

760  
00:35:41,329 --> 00:35:38,569  
there was a heavy Ash that came down it

761  
00:35:43,310 --> 00:35:41,339  
was like big potato chips floating down

762  
00:35:44,930 --> 00:35:43,320  
and people went out and collected it put

763  
00:35:49,609 --> 00:35:44,940

in jars

764

00:35:52,130 --> 00:35:49,619

and uh that fell up to five miles out as

765

00:35:54,230 --> 00:35:52,140

far as I could tell so what no one's

766

00:35:57,349 --> 00:35:54,240

even testing that Ash no one's even

767

00:35:58,849 --> 00:35:57,359

making an effort to go in just north of

768

00:36:01,910 --> 00:35:58,859

East Palestine

769

00:36:04,370 --> 00:36:01,920

to test what fell out of the cloud

770

00:36:06,710 --> 00:36:04,380

you know that stuff is horrible too

771

00:36:09,290 --> 00:36:06,720

they're testing the water but they won't

772

00:36:12,109 --> 00:36:09,300

test what landed on the ground

773

00:36:14,270 --> 00:36:12,119

yeah that that would seem to be a

774

00:36:17,750 --> 00:36:14,280

priority if you ask me

775

00:36:27,829 --> 00:36:17,760

like you know you want to know what

776

00:36:34,190 --> 00:36:30,650

that when you burn uh

777

00:36:37,250 --> 00:36:34,200

polyvinyl chloride you get dioxins

778

00:36:40,010 --> 00:36:37,260

and the EPA is refusing they are flatly

779

00:36:41,650 --> 00:36:40,020

refusing over and over again to test for

780

00:36:45,109 --> 00:36:41,660

dioxins

781

00:36:46,930 --> 00:36:45,119

that's a common chemical

782

00:36:52,190 --> 00:36:46,940

that

783

00:36:54,710 --> 00:36:52,200

chloride and it's it's extremely

784

00:36:57,530 --> 00:36:54,720

dangerous and it's very persistent it

785

00:36:59,089 --> 00:36:57,540

takes like up to 200 years to get out of

786

00:37:02,510 --> 00:36:59,099

the soil

787

00:37:05,329 --> 00:37:02,520

and so we don't know if it got into you

788

00:37:08,210 --> 00:37:05,339

know the general water supply we don't

789

00:37:11,270 --> 00:37:08,220

know anything and the people north of

790

00:37:14,390 --> 00:37:11,280

East Palestine under the plume

791

00:37:20,630 --> 00:37:14,400

have a right to know oh absolutely yeah

792

00:37:25,490 --> 00:37:23,870

it's it's crazy and like I said it seems

793

00:37:28,190 --> 00:37:25,500

to me to be like this is this whole

794

00:37:31,130 --> 00:37:28,200

thing is a system-wide failure

795

00:37:34,430 --> 00:37:31,140

I uh I'm I'm gonna be doing my best

796

00:37:37,069 --> 00:37:34,440

trying to especially the Ohio EPA like

797

00:37:39,170 --> 00:37:37,079

where are you at what are you doing you

798

00:37:43,550 --> 00:37:39,180

know what are you doing to help this

799

00:37:45,829 --> 00:37:43,560

situation and uh you know give us some

800

00:37:48,170 --> 00:37:45,839

answers here that's the least that they

801  
00:37:51,710 --> 00:37:49,069

foreign

802  
00:37:52,430 --> 00:37:51,720

yeah and they're really dragging their

803  
00:37:54,530 --> 00:37:52,440

feet

804  
00:37:57,109 --> 00:37:54,540

yeah and I kind of want I kind of want

805  
00:37:59,569 --> 00:37:57,119

somebody from the Ohio EPA to explain to

806  
00:38:01,609 --> 00:37:59,579

me how tens of thousands of fish could

807  
00:38:03,230 --> 00:38:01,619

be killed in the local waterways but

808  
00:38:05,990 --> 00:38:03,240

it's still safe for residents to live

809  
00:38:16,210 --> 00:38:06,000

there how do you know you know like this

810  
00:38:22,250 --> 00:38:20,150

north of East Palestine

811  
00:38:27,589 --> 00:38:22,260

so

812  
00:38:32,030 --> 00:38:30,170

you know with the East Palestine Town

813  
00:38:33,470 --> 00:38:32,040

issue they don't even want to think

814

00:38:35,990 --> 00:38:33,480

about looking

815

00:38:37,370 --> 00:38:36,000

you know into the countryside north of

816

00:38:40,069 --> 00:38:37,380

East Palestine

817

00:38:43,310 --> 00:38:40,079

yeah because it's then they're going to

818

00:38:44,990 --> 00:38:43,320

have you know 27 towns to deal with

819

00:38:49,790 --> 00:38:45,000

they're all having issues from this

820

00:38:52,010 --> 00:38:49,800

toxic spill not one you know

821

00:38:53,569 --> 00:38:52,020

I want to say something about the people

822

00:38:55,550 --> 00:38:53,579

sure

823

00:38:57,950 --> 00:38:55,560

and this is important to me because I

824

00:39:00,770 --> 00:38:57,960

I'm one of them you know I'm from I get

825

00:39:01,670 --> 00:39:00,780

along down there pretty well

826

00:39:04,849 --> 00:39:01,680

um

827

00:39:07,490 --> 00:39:04,859

East Palestine and surrounding towns of

828

00:39:08,569 --> 00:39:07,500

same size are all bedroom communities of

829

00:39:11,690 --> 00:39:08,579

Pittsburgh

830

00:39:14,990 --> 00:39:11,700

so when covet hit so many people moved

831

00:39:26,630 --> 00:39:15,000

into that area yeah get out of the city

832

00:39:31,849 --> 00:39:29,390

there's uh art galleries

833

00:39:34,069 --> 00:39:31,859

you know it's it's got that little that

834

00:39:34,910 --> 00:39:34,079

cool Town feel all those towns are like

835

00:39:37,670 --> 00:39:34,920

that

836

00:39:41,089 --> 00:39:37,680

so I don't you know you have some you

837

00:39:42,890 --> 00:39:41,099

have the lgbtq community people who you

838

00:39:44,750 --> 00:39:42,900

know work at the coffee shops and the

839

00:39:48,410 --> 00:39:44,760

breweries and things like that

840

00:39:51,410 --> 00:39:48,420

the art galleries so they're not a bunch

841

00:39:53,030 --> 00:39:51,420

uh you know Trump loving rednecks oh you

842

00:40:02,690 --> 00:39:53,040

know you got them everywhere I mean

843

00:40:07,069 --> 00:40:04,849

it's a diverse Community you got people

844

00:40:09,530 --> 00:40:07,079

from all over the world you know it's

845

00:40:13,190 --> 00:40:09,540

always been like an immigrant area

846

00:40:15,290 --> 00:40:13,200

so it's so strange to see the media

847

00:40:19,250 --> 00:40:15,300

portray them as like

848

00:40:21,170 --> 00:40:19,260

bitter angry white Trump lovers you know

849

00:40:24,050 --> 00:40:21,180

what I mean well I got to put a spin on

850

00:40:27,410 --> 00:40:24,060

it somehow to you know explain away the

851  
00:40:29,150 --> 00:40:27,420  
the failure of the whole you know I

852  
00:40:30,950 --> 00:40:29,160  
would say that's a that's a Biden

853  
00:40:32,630 --> 00:40:30,960  
Administration failure just the way that

854  
00:40:34,010 --> 00:40:32,640  
this was handled was absolutely

855  
00:40:36,349 --> 00:40:34,020  
ridiculous

856  
00:40:39,530 --> 00:40:36,359  
and and like I said I'm gonna do my best

857  
00:40:42,829 --> 00:40:39,540  
especially with the Ohio EPA

858  
00:40:45,410 --> 00:40:42,839  
um if I I I'm halfway to if I have to

859  
00:40:48,050 --> 00:40:45,420  
drive there in person with my call logs

860  
00:40:49,370 --> 00:40:48,060  
to ask why no one can call me back I'm

861  
00:40:51,410 --> 00:40:49,380  
gonna do that

862  
00:40:53,089 --> 00:40:51,420  
and we'll see what happens you know it's

863  
00:40:54,710 --> 00:40:53,099

kind of it's a lot harder for them to

864

00:40:57,790 --> 00:40:54,720

ignore me when I'm knocking right on

865

00:41:00,230 --> 00:40:57,800

their office door you know

866

00:41:02,390 --> 00:41:00,240

well you know that that's what it's

867

00:41:04,310 --> 00:41:02,400

going to take and the thing is the

868

00:41:06,950 --> 00:41:04,320

people of East Palestine

869

00:41:09,109 --> 00:41:06,960

they're not in a position to do it you

870

00:41:11,390 --> 00:41:09,119

know they're too beat up right now

871

00:41:13,490 --> 00:41:11,400

and it takes and that's why I'm talking

872

00:41:15,470 --> 00:41:13,500

to you right now because I'm pleading

873

00:41:18,190 --> 00:41:15,480

for help that we get some outside

874

00:41:21,829 --> 00:41:18,200

sources independent sources to come in

875

00:41:25,250 --> 00:41:21,839

and look at this you know and help

876

00:41:26,750 --> 00:41:25,260

because it is just It's just tough

877

00:41:29,270 --> 00:41:26,760

you know and

878

00:41:31,609 --> 00:41:29,280

you know like I said and it's slowly

879

00:41:33,770 --> 00:41:31,619

getting worse and we need help

880

00:41:36,829 --> 00:41:33,780

yeah well I'm gonna do everything that I

881

00:41:38,930 --> 00:41:36,839

can do and the least I can do I think

882

00:41:40,790 --> 00:41:38,940

as any kind of a media person could do

883

00:41:43,730 --> 00:41:40,800

is at least talk about it try to rate

884

00:41:45,349 --> 00:41:43,740

some awareness because it's just a dead

885

00:41:48,370 --> 00:41:45,359

zone out there you know there's a little

886

00:41:53,390 --> 00:41:48,380

bit of initial coverage mostly from a um

887

00:41:56,690 --> 00:41:53,400

you know uh political lens right

888

00:41:58,310 --> 00:41:56,700

but it seems like uh you know I would

889

00:42:01,069 --> 00:41:58,320

think that the story is important enough

890

00:42:02,930 --> 00:42:01,079

and the long-term health effects to all

891

00:42:05,750 --> 00:42:02,940

this all the residents in those towns

892

00:42:09,170 --> 00:42:05,760

and surrounding towns not just in East

893

00:42:11,270 --> 00:42:09,180

Palestine is important enough that we

894

00:42:13,730 --> 00:42:11,280

should we should be hearing news you

895

00:42:15,950 --> 00:42:13,740

know is it safe is it safe for the town

896

00:42:19,190 --> 00:42:15,960

next to East Palestine the town Two

897

00:42:21,109 --> 00:42:19,200

Towns over what's the you know have you

898

00:42:23,270 --> 00:42:21,119

tested the water is there more fish

899

00:42:26,329 --> 00:42:23,280

dying or are people's pets still dying

900

00:42:28,849 --> 00:42:26,339

are people still being hospitalized it's

901  
00:42:31,190 --> 00:42:28,859  
like we're not getting any news of of

902  
00:42:35,930 --> 00:42:31,200  
any of this you know or very very little

903  
00:42:40,190 --> 00:42:37,730  
you know that's

904  
00:42:43,190 --> 00:42:40,200  
it's so frustrating because like right

905  
00:42:44,990 --> 00:42:43,200  
now I'm I'm in a network of people and

906  
00:42:47,150 --> 00:42:45,000  
we're sharing information you know

907  
00:42:49,490 --> 00:42:47,160  
what's the latest reports all this kind

908  
00:42:51,710 --> 00:42:49,500  
of stuff and there's so much good

909  
00:42:52,730 --> 00:42:51,720  
information from good sources that we

910  
00:42:54,829 --> 00:42:52,740  
find

911  
00:42:57,770 --> 00:42:54,839  
that that is just being ignored by the

912  
00:42:59,890 --> 00:42:57,780  
media I mean part of the problem is a

913  
00:43:02,510 --> 00:42:59,900

lot of this information is complicated

914

00:43:05,809 --> 00:43:02,520

and it's hard it's hard for the news to

915

00:43:10,790 --> 00:43:08,210

so you know

916

00:43:13,970 --> 00:43:10,800

there's a lot of issues like compounding

917

00:43:15,530 --> 00:43:13,980

issues where maybe the media does want

918

00:43:16,970 --> 00:43:15,540

to inform the public

919

00:43:19,190 --> 00:43:16,980

but they don't know how to

920

00:43:21,589 --> 00:43:19,200

you know it's a tricky situation you

921

00:43:23,950 --> 00:43:21,599

know it's complicated

922

00:43:27,430 --> 00:43:23,960

there's so many factors there's science

923

00:43:30,950 --> 00:43:27,440

there's greed corporate

924

00:43:34,309 --> 00:43:30,960

malfeasance yeah empirical Powers

925

00:43:36,530 --> 00:43:34,319

political power as well because you know

926

00:43:38,510 --> 00:43:36,540

uh I I know for a fact that that real

927

00:43:40,490 --> 00:43:38,520

company did donate quite a lot of money

928

00:43:42,710 --> 00:43:40,500

to the Republican party but I would bet

929

00:43:44,450 --> 00:43:42,720

you that they play both sides of defense

930

00:43:45,829 --> 00:43:44,460

and have donated money on the other side

931

00:43:48,829 --> 00:43:45,839

of the aisle too

932

00:43:51,290 --> 00:43:48,839

so there's some pressure there and we

933

00:43:53,150 --> 00:43:51,300

can see this with this huge rush to

934

00:43:55,309 --> 00:43:53,160

Let's hurry up we got to get this rail

935

00:43:57,710 --> 00:43:55,319

run it we got to get the railroad up and

936

00:44:00,710 --> 00:43:57,720

running again you know we'll worry about

937

00:44:02,870 --> 00:44:00,720

the you know the health risks later and

938

00:44:05,510 --> 00:44:02,880

the liability for this

939

00:44:07,190 --> 00:44:05,520

terrible environmental disaster we

940

00:44:10,069 --> 00:44:07,200

created we'll worry about that later

941

00:44:12,230 --> 00:44:10,079

right now we have shipments you know we

942

00:44:14,210 --> 00:44:12,240

we have to get the trains running it's

943

00:44:16,970 --> 00:44:14,220

just a lack of any sort of human

944

00:44:19,370 --> 00:44:16,980

compassion I wonder if those Railway

945

00:44:20,930 --> 00:44:19,380

Executives would feel the same way if

946

00:44:23,510 --> 00:44:20,940

that train was going through their

947

00:44:24,190 --> 00:44:23,520

backyards where their families live you

948

00:44:27,170 --> 00:44:24,200

know

949

00:44:30,710 --> 00:44:27,180

[Music]

950

00:44:34,010 --> 00:44:30,720

it's a uh a senate hearing and the CEO

951  
00:44:36,230 --> 00:44:34,020  
of Norfolk and Southern was had the test

952  
00:44:38,569 --> 00:44:36,240  
of five before uh

953  
00:44:41,870 --> 00:44:38,579  
before the Senate you know that was that

954  
00:44:45,349 --> 00:44:41,880  
just happened it was kind of a surprise

955  
00:44:52,309 --> 00:44:45,359  
um I was dissatisfied by what I heard

956  
00:44:54,829 --> 00:44:52,319  
from our local Senator Senator uh Rulli

957  
00:44:56,510 --> 00:44:54,839  
you know he's he's familiar he's from

958  
00:44:59,450 --> 00:44:56,520  
kind of from that area this is where he

959  
00:45:01,550 --> 00:44:59,460  
has his big family grocery store

960  
00:45:04,490 --> 00:45:01,560  
and uh

961  
00:45:06,230 --> 00:45:04,500  
yeah the things he had to say because

962  
00:45:09,290 --> 00:45:06,240  
people asked him those very questions

963  
00:45:11,930 --> 00:45:09,300

you know this these toxic materials are

964

00:45:15,109 --> 00:45:11,940

still running and there's no safety

965

00:45:17,329 --> 00:45:15,119

now he's just

966

00:45:19,069 --> 00:45:17,339

I don't I'm not even sure exactly what

967

00:45:21,589 --> 00:45:19,079

he said but he sounded really meal of

968

00:45:25,730 --> 00:45:21,599

mouth to me you should be coming out

969

00:45:30,950 --> 00:45:28,609

yeah if I was if I was in charge of that

970

00:45:32,750 --> 00:45:30,960

hearing I would have got her from those

971

00:45:34,670 --> 00:45:32,760

Creeks where all the fish died and asked

972

00:45:36,230 --> 00:45:34,680

him to drink it if everything's so safe

973

00:45:38,210 --> 00:45:36,240

you know

974

00:45:40,900 --> 00:45:38,220

yeah

975

00:45:43,309 --> 00:45:40,910

that's what I would have done you know

976

00:45:45,829 --> 00:45:43,319

[Music]

977

00:45:51,349 --> 00:45:45,839

yeah it's uh

978

00:45:56,990 --> 00:45:53,650

daily lives make our daily bread here

979

00:46:01,250 --> 00:45:57,000

you know without with that in the back

980

00:46:03,170 --> 00:46:01,260

of our minds and uh you know I got

981

00:46:05,210 --> 00:46:03,180

I had a doctor appointment last week I

982

00:46:07,010 --> 00:46:05,220

got one this one this I can't afford to

983

00:46:10,430 --> 00:46:07,020

be brought into the doctor and stuff

984

00:46:12,650 --> 00:46:10,440

like this yeah man even even the co-pays

985

00:46:14,569 --> 00:46:12,660

you know some people have 50 copays so

986

00:46:16,490 --> 00:46:14,579

that might be 100 out of pocket for you

987

00:46:18,650 --> 00:46:16,500

for two doctor's visits

988

00:46:20,750 --> 00:46:18,660

you know that's not fair it's not your

989

00:46:23,270 --> 00:46:20,760

fault you know you didn't create this

990

00:46:25,910 --> 00:46:23,280

situation why should you lose money out

991

00:46:28,550 --> 00:46:25,920

of your own pocket because of the greed

992

00:46:31,609 --> 00:46:28,560

of some you know I I hate to say it but

993

00:46:33,770 --> 00:46:31,619

they are like an evil Corporation to me

994

00:46:36,170 --> 00:46:33,780

at this point you know

995

00:46:37,390 --> 00:46:36,180

everything that's wrong with with uh

996

00:46:40,010 --> 00:46:37,400

with

997

00:46:41,569 --> 00:46:40,020

capitalism and by the way I have no

998

00:46:44,030 --> 00:46:41,579

problem with capitalism but I don't like

999

00:46:45,950 --> 00:46:44,040

crony capitalism and I don't like evil

1000

00:46:49,190 --> 00:46:45,960

capitalism when you're willing to just

1001  
00:46:51,770 --> 00:46:49,200  
throw away an entire Town's health

1002  
00:46:54,290 --> 00:46:51,780  
for profit that's a that's a problem

1003  
00:46:56,870 --> 00:46:54,300  
with capitalism right there the fact

1004  
00:46:59,349 --> 00:46:56,880  
that they could even get away with you

1005  
00:47:03,890 --> 00:46:59,359  
know putting at risk an entire town or

1006  
00:47:06,650 --> 00:47:03,900  
States you know health

1007  
00:47:11,329 --> 00:47:06,660  
it says a lot about how broken the

1008  
00:47:17,450 --> 00:47:14,329  
you know I hope I really hope that this

1009  
00:47:19,670 --> 00:47:17,460  
is just a one-off situation and I hope

1010  
00:47:21,770 --> 00:47:19,680  
that this is not a sign of some kind of

1011  
00:47:25,550 --> 00:47:21,780  
deeper rot in this stuff

1012  
00:47:28,430 --> 00:47:25,560  
because if it can get this bad here it

1013  
00:47:30,950 --> 00:47:28,440

could get this bad anywhere I mean what

1014

00:47:34,250 --> 00:47:30,960

if this happens in a big city like that

1015

00:47:35,990 --> 00:47:34,260

train almost made it to Pittsburgh

1016

00:47:39,890 --> 00:47:36,000

this could have happened in Pittsburgh

1017

00:47:43,790 --> 00:47:39,900

it was third about 30 miles 25 miles

1018

00:47:46,130 --> 00:47:43,800

away from the outskirts of Pittsburgh

1019

00:47:48,710 --> 00:47:46,140

they had gotten into Pittsburgh

1020

00:47:50,270 --> 00:47:48,720

what a horrific there would have been

1021

00:47:52,550 --> 00:47:50,280

people that

1022

00:47:57,349 --> 00:47:52,560

there have been hundreds of people dead

1023

00:48:02,990 --> 00:47:59,990

just the just an unimaginable disaster

1024

00:48:05,329 --> 00:48:03,000

and those bomb trains are still running

1025

00:48:07,069 --> 00:48:05,339

through the cities as we speak they're

1026

00:48:07,970 --> 00:48:07,079

flying through the cities at a high

1027

00:48:10,970 --> 00:48:07,980

speed

1028

00:48:14,569 --> 00:48:10,980

on a bad bad

1029

00:48:22,190 --> 00:48:14,579

bad rails bad sensors and breaks from

1030

00:48:26,349 --> 00:48:23,510

equated

1031

00:48:28,730 --> 00:48:26,359

it's just carrying this high-tech

1032

00:48:32,510 --> 00:48:28,740

explosive liquid

1033

00:48:35,510 --> 00:48:32,520

yeah it makes no sense

1034

00:48:38,089 --> 00:48:35,520

I mean I I feel like I feel like

1035

00:48:40,730 --> 00:48:38,099

they're this is some sort of new form of

1036

00:48:45,950 --> 00:48:40,740

terrorism or something yeah I know I

1037

00:48:51,470 --> 00:48:48,290

yeah and again I think too of the safety

1038

00:48:54,890 --> 00:48:51,480

we talk about the safety issues like you

1039

00:48:56,809 --> 00:48:54,900

know uh if if you were some sort of

1040

00:48:59,329 --> 00:48:56,819

radical terrorist and you were looking

1041

00:49:01,550 --> 00:48:59,339

for a way to like really cause a lot of

1042

00:49:04,130 --> 00:49:01,560

damage and kill a lot of people

1043

00:49:05,870 --> 00:49:04,140

you know there's a way right there I

1044

00:49:07,609 --> 00:49:05,880

mean they're you're right these things

1045

00:49:09,410 --> 00:49:07,619

are crisscrossing our country there's

1046

00:49:12,410 --> 00:49:09,420

very little security there's very little

1047

00:49:16,309 --> 00:49:12,420

safety protocols or procedures

1048

00:49:26,630 --> 00:49:16,319

it's it's uh it's you know a counter

1049

00:49:30,710 --> 00:49:29,510

not is it going to happen again but when

1050

00:49:32,930 --> 00:49:30,720

and where

1051

00:49:34,849 --> 00:49:32,940

you know it's

1052

00:49:38,210 --> 00:49:34,859

I've grown up on railroad tracks my

1053

00:49:41,990 --> 00:49:38,220

whole life you know trains are

1054

00:49:44,870 --> 00:49:42,000

everywhere and you know here I am like I

1055

00:49:46,910 --> 00:49:44,880

said 25 miles away and that just and I

1056

00:49:49,670 --> 00:49:46,920

was affected

1057

00:49:52,069 --> 00:49:49,680

so

1058

00:49:54,050 --> 00:49:52,079

nobody said here's the thing nobody's

1059

00:49:56,630 --> 00:49:54,060

safe in this country if you're within 20

1060

00:50:03,950 --> 00:49:56,640

miles of a railroad track You're Not

1061

00:50:07,910 --> 00:50:06,710

part of the the crazy thing about this

1062

00:50:10,750 --> 00:50:07,920

is that

1063

00:50:14,809 --> 00:50:10,760

they said that

1064

00:50:17,390 --> 00:50:14,819

when when those chemicals were burned

1065

00:50:18,950 --> 00:50:17,400

because of the varying conditions of the

1066

00:50:21,650 --> 00:50:18,960

atmosphere

1067

00:50:23,990 --> 00:50:21,660

it could have turned into many different

1068

00:50:25,870 --> 00:50:24,000

types of chemicals all of which are

1069

00:50:30,170 --> 00:50:25,880

highly dated

1070

00:50:34,010 --> 00:50:30,180

so it was a boiling chemical stew of the

1071

00:50:36,290 --> 00:50:34,020

most dangerous craziest substances ever

1072

00:50:38,809 --> 00:50:36,300

created by man just blowing through the

1073

00:50:40,430 --> 00:50:38,819

air yeah and then they burnt it on

1074

00:50:42,710 --> 00:50:40,440

purpose you know

1075

00:50:45,589 --> 00:50:42,720

well you know a lot and hey I was going

1076

00:50:47,809 --> 00:50:45,599

to ask you a final question here

1077

00:50:49,730 --> 00:50:47,819

um we were coming up on time but you

1078

00:50:52,190 --> 00:50:49,740

know having studied some environmental

1079

00:50:55,849 --> 00:50:52,200

science wasn't there a better way to

1080

00:50:57,290 --> 00:50:55,859

deal with this spill than to just you

1081

00:50:58,849 --> 00:50:57,300

know hey we're just going to blow it up

1082

00:51:01,549 --> 00:50:58,859

and burn it all

1083

00:51:03,710 --> 00:51:01,559

wouldn't there be a better some better

1084

00:51:05,569 --> 00:51:03,720

form of containment that they could have

1085

00:51:08,809 --> 00:51:05,579

used

1086

00:51:17,210 --> 00:51:08,819

well that's the scary part because there

1087

00:51:21,650 --> 00:51:19,030

like they did

1088

00:51:24,950 --> 00:51:21,660

and and that's a best case scenario

1089

00:51:26,510 --> 00:51:24,960

apparently there's no good way

1090

00:51:28,910 --> 00:51:26,520

to

1091

00:51:31,490 --> 00:51:28,920

here's the problem that polyvinyl

1092

00:51:34,670 --> 00:51:31,500

chloride boils at seven degrees

1093

00:51:37,670 --> 00:51:34,680

Fahrenheit so it immediately turns into

1094

00:51:41,630 --> 00:51:37,680

a gas as soon as it hits the air

1095

00:51:43,970 --> 00:51:41,640

and that gas just spreads everywhere

1096

00:51:45,589 --> 00:51:43,980

should a spark hit that it turns into a

1097

00:51:49,910 --> 00:51:45,599

huge Fireball

1098

00:51:53,349 --> 00:51:49,920

so like what they did you know they dug

1099

00:51:57,829 --> 00:51:53,359

these two huge pits and

1100

00:51:59,930 --> 00:51:57,839

the chemicals out of the into the out of

1101

00:52:02,990 --> 00:51:59,940

the cars into the pit as fast as they

1102

00:52:05,030 --> 00:52:03,000

could fill them up and lit it with

1103

00:52:07,730 --> 00:52:05,040

flares and

1104

00:52:08,809 --> 00:52:07,740

that's the best you can hope for in this

1105

00:52:10,549 --> 00:52:08,819

situation

1106

00:52:13,309 --> 00:52:10,559

like those they shouldn't even be

1107

00:52:15,770 --> 00:52:13,319

hauling this stuff yeah

1108

00:52:19,010 --> 00:52:15,780

because there's not there's no good

1109

00:52:21,349 --> 00:52:19,020

solution when one of them derails

1110

00:52:22,490 --> 00:52:21,359

I mean there are situations where if

1111

00:52:25,069 --> 00:52:22,500

they get a

1112

00:52:26,870 --> 00:52:25,079

you know a rescue car in there quick

1113

00:52:28,790 --> 00:52:26,880

with all the pumps and everything they

1114

00:52:31,670 --> 00:52:28,800

could take care of it

1115

00:52:33,650 --> 00:52:31,680

but like in the wreck we had there was

1116

00:52:36,349 --> 00:52:33,660

just too much debris there was just

1117

00:52:37,910 --> 00:52:36,359

really no way to manage

1118

00:52:45,470 --> 00:52:37,920

the

1119

00:52:47,450 --> 00:52:45,480

and up you know that's some kind of I

1120

00:52:49,670 --> 00:52:47,460

think what happens some kind of chemical

1121

00:52:51,049 --> 00:52:49,680

reaction started happening in one of the

1122

00:52:53,630 --> 00:52:51,059

cars

1123

00:52:56,930 --> 00:52:53,640

and the temperature was Rising too fast

1124

00:52:59,030 --> 00:52:56,940

if it had exploded it would have

1125

00:53:03,890 --> 00:52:59,040

destroyed most of that town just that

1126

00:53:10,190 --> 00:53:07,190

it turns into a gas that's where you hit

1127

00:53:12,770 --> 00:53:10,200

that's where the the real danger comes

1128

00:53:15,829 --> 00:53:12,780

in so since they were able to burn it as

1129

00:53:18,829 --> 00:53:15,839

liquid it sort of mitigated some of the

1130

00:53:20,990 --> 00:53:18,839

effects of it going into a gas from what

1131

00:53:22,490 --> 00:53:21,000

I understand you know from listening to

1132

00:53:25,370 --> 00:53:22,500

some people

1133

00:53:27,829 --> 00:53:25,380

some experts talk about it

1134

00:53:31,430 --> 00:53:27,839

I mean but then again I've heard so many

1135

00:53:33,410 --> 00:53:31,440

different stories too about

1136

00:53:35,569 --> 00:53:33,420

how the burn played out and why it

1137

00:53:39,650 --> 00:53:35,579

played out like it did I'm not even sure

1138

00:53:43,250 --> 00:53:39,660

exactly what the true story is

1139

00:53:45,290 --> 00:53:43,260

okay yeah who knows maybe someday we'll

1140

00:53:47,210 --> 00:53:45,300

find out well I want to thank you for

1141

00:53:49,430 --> 00:53:47,220

taking the time to uh give us some

1142

00:53:51,410 --> 00:53:49,440

insight into the whole

1143

00:53:53,870 --> 00:53:51,420

the whole situation especially from

1144

00:53:56,410 --> 00:53:53,880

somebody that's you know local it's so

1145

00:53:59,089 --> 00:53:56,420

much better than me just you know

1146

00:54:01,430 --> 00:53:59,099

sharing news reports and things

1147

00:54:03,349 --> 00:54:01,440

you know and uh please keep me informed

1148

00:54:06,829 --> 00:54:03,359

let me know if your health improves and

1149

00:54:08,750 --> 00:54:06,839

you know or if you have further problems

1150

00:54:10,250 --> 00:54:08,760

and uh you did send me a lot of

1151

00:54:13,430 --> 00:54:10,260

materials which I will share with the

1152

00:54:16,370 --> 00:54:13,440

audience so I appreciate that as well

1153

00:54:18,829 --> 00:54:16,380

okay all right thanks very much Jason I

1154

00:54:20,329 --> 00:54:18,839

appreciate it thank you I appreciate

1155

00:54:23,569 --> 00:54:20,339

your efforts

1156

00:54:25,609 --> 00:54:23,579

now you may be wondering why the EPA or

1157

00:54:28,130 --> 00:54:25,619

government isn't doing more

1158

00:54:30,950 --> 00:54:28,140

and seems to be doing everything that

1159

00:54:32,329 --> 00:54:30,960

they can to lessen the culpability and

1160

00:54:35,510 --> 00:54:32,339

blame

1161

00:54:39,349 --> 00:54:35,520

for Norfolk Southern

1162

00:54:42,109 --> 00:54:39,359

well when in doubt follow the money

1163

00:54:53,750 --> 00:54:42,119

supposedly he's got a lawyer with twenty

1164

00:54:57,770 --> 00:54:55,910

is there any Wonder then why Norfolk

1165

00:55:00,530 --> 00:54:57,780

Southern continues to operate in ways

1166

00:55:01,609 --> 00:55:00,540

that may endanger Public Safety not just

1167

00:55:03,710 --> 00:55:01,619

now

1168

00:55:06,829 --> 00:55:03,720

but for some communities years and

1169

00:55:08,750 --> 00:55:06,839

decades into their future with these

1170

00:55:11,150 --> 00:55:08,760

environmental hazards that they let

1171

00:55:13,190 --> 00:55:11,160

loose and if you think they may have

1172

00:55:14,990 --> 00:55:13,200

learned from their mistakes and are

1173

00:55:18,250 --> 00:55:15,000

doing things better now you'd be 100

1174

00:55:21,890 --> 00:55:18,260

wrong at the beginning of March 2023

1175

00:55:24,109 --> 00:55:21,900

another Train derailed in Ohio

1176

00:55:38,569 --> 00:55:24,119

this time it was caught on dash cam

1177

00:55:44,030 --> 00:55:40,910

did they not review safety procedures

1178

00:55:46,190 --> 00:55:44,040

after the East Palestine derailment

1179

00:55:48,410 --> 00:55:46,200

did they not strengthen their own

1180

00:55:52,069 --> 00:55:48,420

commitment to not letting this happen

1181

00:55:54,049 --> 00:55:52,079

again apparently not the CEO of Norfolk

1182

00:55:57,170 --> 00:55:54,059

Southern has a lot of words for us words

1183

00:55:59,510 --> 00:55:57,180

like doing everything we can empty

1184

00:56:00,890 --> 00:55:59,520

promises like we're working hard to make

1185

00:56:04,849 --> 00:56:00,900

improvements

1186

00:56:06,470 --> 00:56:04,859

actions speak louder than words why is a

1187

00:56:09,170 --> 00:56:06,480

company being allowed to operate like

1188

00:56:10,730 --> 00:56:09,180

this again I think we just need to

1189

00:56:13,069 --> 00:56:10,740

follow the money

1190

00:56:15,230 --> 00:56:13,079

if you were in a position of power or

1191

00:56:17,390 --> 00:56:15,240

authority over this company would you

1192

00:56:19,250 --> 00:56:17,400

stand up and do the right thing would

1193

00:56:21,290 --> 00:56:19,260

you stand up and do the right thing if

1194

00:56:22,190 --> 00:56:21,300

the company just handed you a bag of

1195

00:56:28,490 --> 00:56:22,200

money

1196

00:56:31,970 --> 00:56:28,500

campaign or charitable contributions all

1197

00:56:33,829 --> 00:56:31,980

very legal but still very corrupt the

1198

00:56:36,049 --> 00:56:33,839

long-term effects of This Disaster won't

1199

00:56:38,150 --> 00:56:36,059

be known for some time

1200

00:56:40,910 --> 00:56:38,160

more and more information is coming out

1201

00:56:44,390 --> 00:56:40,920

now and the original narrative that we

1202

00:56:47,210 --> 00:56:44,400

were all spoon-fed is crumbling let us

1203

00:56:50,210 --> 00:56:47,220

know in the comments here if you want us

1204

00:56:52,549 --> 00:56:50,220

to dig deeper into this story should we

1205

00:56:53,990 --> 00:56:52,559

continue to investigate this one let us

1206

00:56:55,970 --> 00:56:54,000

know in the comments

1207

00:56:58,309 --> 00:56:55,980
