

BOB LAZAR, JOHN LEAR AND GENE HUFF'S LOST UFO LINE RADIO SHOW FROM 1995.

(WITHOUT COMMENTARY)

Truth Seekers

1
00:00:23,570 --> 00:00:21,470
good evening and welcome to UFO line I'm

2
00:00:26,689 --> 00:00:23,580
Gene Haas here with Bob ozar Bob are you

3
00:00:28,730 --> 00:00:26,699
set for the show No in fact this is the

4
00:00:31,009 --> 00:00:28,740
last place I want to be tonight that's

5
00:00:32,749 --> 00:00:31,019
the spirit our guest tonight really

6
00:00:35,450 --> 00:00:32,759
needs no introduction in the Las Vegas

7
00:00:37,310 --> 00:00:35,460
listening area he's got a famous family

8
00:00:39,889 --> 00:00:37,320
name and he's made an Infamous name for

9
00:00:41,450 --> 00:00:39,899
himself in UFO research and that guest

10
00:00:44,209 --> 00:00:41,460
of course is John Lear welcome John

11
00:00:46,490 --> 00:00:44,219
thanks Gene so John I think a good place

12
00:00:48,529 --> 00:00:46,500
to start might be of all the stories

13
00:00:50,090 --> 00:00:48,539

that's why around us about you and

14

00:00:52,310 --> 00:00:50,100

ufology I think one of them are we

15

00:00:53,810 --> 00:00:52,320

jumping right into this right right one

16

00:00:55,670 --> 00:00:53,820

that a lot of people don't know is how

17

00:00:57,470 --> 00:00:55,680

did you get interested in ufology how

18

00:00:58,729 --> 00:00:57,480

how did what was the Catalyst that

19

00:00:59,990 --> 00:00:58,739

actually made you pay attention what's

20

00:01:02,569 --> 00:01:00,000

going on well you know my dad was always

21

00:01:05,390 --> 00:01:02,579

talking about this stuff he was he had

22

00:01:06,109 --> 00:01:05,400

seen you made a sighting and uh

23

00:01:07,609 --> 00:01:06,119

um

24

00:01:09,230 --> 00:01:07,619

I had never been all that much

25

00:01:10,490 --> 00:01:09,240

interested because I didn't think there

26
00:01:12,649 --> 00:01:10,500
was anything to it as a matter of fact

27
00:01:15,770 --> 00:01:12,659
1980 I remember corresponding with uh

28
00:01:18,109 --> 00:01:15,780
John Andrews that uh of testers that

29
00:01:19,429 --> 00:01:18,119
there was nothing to it then in 19 when

30
00:01:21,910 --> 00:01:19,439
I heard all the stories that all the

31
00:01:24,830 --> 00:01:21,920
guys hears but in 1985

32
00:01:27,410 --> 00:01:24,840
uh a friend of mine who I flew with

33
00:01:30,170 --> 00:01:27,420
in-laws during the Southeast Asian

34
00:01:31,730 --> 00:01:30,180
conflict he flew a-10s he came to Nellis

35
00:01:33,350 --> 00:01:31,740
Air Force Base on his way somewhere and

36
00:01:35,630 --> 00:01:33,360
he came up he hadn't seen him in about

37
00:01:37,069 --> 00:01:35,640
10 years and in the conversation I asked

38
00:01:38,569 --> 00:01:37,079

him where all he'd been based in the

39

00:01:41,510 --> 00:01:38,579

since I'd seen him and one of the places

40

00:01:42,770 --> 00:01:41,520

he mentioned was bent Waters England and

41

00:01:45,830 --> 00:01:42,780

that's the United States Air Force Base

42

00:01:47,149 --> 00:01:45,840

about 70 miles Northeast of London and I

43

00:01:48,890 --> 00:01:47,159

said oh Bill Waters well that's

44

00:01:50,810 --> 00:01:48,900

supposedly where that Flying Saucer

45

00:01:52,370 --> 00:01:50,820

crashed in 1980 he said no John not

46

00:01:53,630 --> 00:01:52,380

supposedly it did he said I didn't see

47

00:01:55,850 --> 00:01:53,640

it because I was confined to quarters

48

00:01:58,850 --> 00:01:55,860

but I know the guys who did and he gave

49

00:02:00,770 --> 00:01:58,860

me the names of major Ted Conrad and

50

00:02:02,030 --> 00:02:00,780

Colonel Chuck Halt and uh General

51
00:02:03,530 --> 00:02:02,040
Williams

52
00:02:05,389 --> 00:02:03,540
and I said what are you what are you

53
00:02:07,969 --> 00:02:05,399
telling me that this stuff is true and

54
00:02:09,710 --> 00:02:07,979
he said yeah it sure is and that's what

55
00:02:11,570 --> 00:02:09,720
started me off so I spent the next two

56
00:02:14,089 --> 00:02:11,580
years you know I thought I had known a

57
00:02:17,390 --> 00:02:14,099
lot of secret stuff I worked on an offer

58
00:02:19,670 --> 00:02:17,400
the CIA for many years and I thought you

59
00:02:21,050 --> 00:02:19,680
knew a lot of stuff but this is one big

60
00:02:23,210 --> 00:02:21,060
thing I missed out so that's what

61
00:02:24,790 --> 00:02:23,220
started okay if any would like to give

62
00:02:28,850 --> 00:02:24,800
us a call you can call

63
00:02:31,610 --> 00:02:28,860

731-1230 or hit star 12 30 on your cell

64

00:02:32,930 --> 00:02:31,620

phone uh John what's the latest I mean

65

00:02:34,790 --> 00:02:32,940

you're always good for an outrageous

66

00:02:36,589 --> 00:02:34,800

prediction uh why don't we get your

67

00:02:38,030 --> 00:02:36,599

comments on some of the the recent

68

00:02:41,449 --> 00:02:38,040

happenings what are your thoughts on the

69

00:02:43,430 --> 00:02:41,459

alien autopsy film uh I think it's it's

70

00:02:45,350 --> 00:02:43,440

uh it's not real it's his personal

71

00:02:48,430 --> 00:02:45,360

opinion there's no particular reason and

72

00:02:50,809 --> 00:02:48,440

I bet it doesn't look like uh

73

00:02:52,790 --> 00:02:50,819

a real alien as if I've seen a real

74

00:02:53,869 --> 00:02:52,800

alien before so you think somebody faked

75

00:02:55,490 --> 00:02:53,879

it for money

76

00:02:58,910 --> 00:02:55,500

uh could be I really don't know what

77

00:03:01,790 --> 00:02:58,920

this story is well Bob has a giant list

78

00:03:03,650 --> 00:03:01,800

of past John Lear predictions and

79

00:03:05,390 --> 00:03:03,660

statements and accusations that he'd

80

00:03:06,890 --> 00:03:05,400

like to go through to see which ones you

81

00:03:08,449 --> 00:03:06,900

still Stand By and which ones you change

82

00:03:10,350 --> 00:03:08,459

your mind on so Bob you want to go ahead

83

00:03:12,729 --> 00:03:10,360

and hit the list sure I do

84

00:03:16,190 --> 00:03:12,739

[Laughter]

85

00:03:18,410 --> 00:03:16,200

okay let's see here

86

00:03:20,210 --> 00:03:18,420

let's start at the bottom the driver

87

00:03:21,589 --> 00:03:20,220

shot Kennedy the driver of the limo shot

88

00:03:23,690 --> 00:03:21,599

Kennedy what do you think I'm not

89

00:03:25,309 --> 00:03:23,700

convinced that uh still not convinced

90

00:03:27,589 --> 00:03:25,319

that uh he didn't do it of course

91

00:03:28,670 --> 00:03:27,599

everybody's dropped it by now but uh I

92

00:03:31,210 --> 00:03:28,680

went back but you still think it's

93

00:03:34,309 --> 00:03:31,220

possible it's possible

94

00:03:38,270 --> 00:03:34,319

I went back and viewed some film that a

95

00:03:39,949 --> 00:03:38,280

guy had that was uh really close up and

96

00:03:42,530 --> 00:03:39,959

he was trying to sell that film the only

97

00:03:45,110 --> 00:03:42,540

one was the recruiter film uh yeah it

98

00:03:47,149 --> 00:03:45,120

was the enlarged from one of the

99

00:03:49,130 --> 00:03:47,159

supposed second through third generation

100

00:03:52,490 --> 00:03:49,140

films with and he was trying to show me

101
00:03:54,170 --> 00:03:52,500
the pink of the driver's Hands on the

102
00:03:56,149 --> 00:03:54,180
Wheel while this supposed shooting

103
00:03:59,809 --> 00:03:56,159
scenario was going on but but it wasn't

104
00:04:02,030 --> 00:03:59,819
all that convincing okay

105
00:04:05,630 --> 00:04:02,040
the Five Mile Square the five square

106
00:04:10,670 --> 00:04:05,640
mile roof over Area 51 uh yeah that was

107
00:04:13,490 --> 00:04:10,680
uh rocks okay okay he's one on one the

108
00:04:14,929 --> 00:04:13,500
two billion aliens living along the

109
00:04:17,449 --> 00:04:14,939
mountains or inside the mountains along

110
00:04:19,430 --> 00:04:17,459
Highway 93. that was pretty far-fetched

111
00:04:23,530 --> 00:04:19,440
I have to admit it's hard to believe it

112
00:04:30,430 --> 00:04:26,689
okay I gotta say that my favorite ones

113
00:04:32,749 --> 00:04:30,440

for last uh the underground tunnel from

114

00:04:35,030 --> 00:04:32,759

Boulder Dam to Area 51 there's

115

00:04:37,129 --> 00:04:35,040

underground tunnels all over the place

116

00:04:39,409 --> 00:04:37,139

and uh so you think somewhere around the

117

00:04:42,290 --> 00:04:39,419

dam you can get in a tunnel and drive to

118

00:04:45,050 --> 00:04:42,300

Area 51 underground Nellis or anywhere

119

00:04:47,150 --> 00:04:45,060

you want Edwards uh George Air Force you

120

00:04:49,129 --> 00:04:47,160

can drive from Boulder to Edwards

121

00:04:51,230 --> 00:04:49,139

underground uh it's it's not I don't

122

00:04:53,210 --> 00:04:51,240

think you can drive it they have these

123

00:04:55,670 --> 00:04:53,220

man I think they call mag lab or

124

00:04:57,290 --> 00:04:55,680

something man they got a maglev train in

125

00:05:00,230 --> 00:04:57,300

there yeah

126

00:05:01,969 --> 00:05:00,240

you must be kidding no no question no

127

00:05:03,409 --> 00:05:01,979

doubt about it in my mind as a matter of

128

00:05:05,689 --> 00:05:03,419

fact I talked and they built that

129

00:05:07,969 --> 00:05:05,699

without anyone seeing him dig the tunnel

130

00:05:10,330 --> 00:05:07,979

yeah what do they do with the dirt and

131

00:05:12,890 --> 00:05:10,340

the rock that was well I don't think

132

00:05:15,469 --> 00:05:12,900

I think it's the process of digging the

133

00:05:19,790 --> 00:05:15,479

holes that the the dirt is decomposed

134

00:05:21,790 --> 00:05:19,800

there was the decomposed the dirt okay

135

00:05:24,230 --> 00:05:21,800

the uh

136

00:05:27,350 --> 00:05:24,240

patent that I showed you a couple years

137

00:05:30,170 --> 00:05:27,360

ago that came that the two uh Los Alamos

138

00:05:31,550 --> 00:05:30,180

guys got for that train or for that

139

00:05:34,129 --> 00:05:31,560

digging

140

00:05:36,650 --> 00:05:34,139

equipment that that uses the same prices

141

00:05:39,050 --> 00:05:36,660

but that would be a major undertaking to

142

00:05:42,350 --> 00:05:39,060

construct a you know a maglev train

143

00:05:44,749 --> 00:05:42,360

under there you have no idea how far

144

00:05:46,790 --> 00:05:44,759

those things extend I talked with a guy

145

00:05:49,189 --> 00:05:46,800

who works in LA with a guy who was

146

00:05:50,749 --> 00:05:49,199

worked at Holloman and he talked you

147

00:05:52,730 --> 00:05:50,759

know they talked about getting on this

148

00:05:54,350 --> 00:05:52,740

maglev and going different places you

149

00:05:56,029 --> 00:05:54,360

know it's just not out here it's all

150

00:05:58,310 --> 00:05:56,039

over the place yeah I'm gonna stick by

151

00:06:01,010 --> 00:05:58,320

that one okay don't call acid rescue

152

00:06:05,430 --> 00:06:01,020

we're here with John Lair if you want to

153

00:06:06,770 --> 00:06:05,440

give us a call dial 731-1230 okay uh

154

00:06:09,110 --> 00:06:06,780

[Music]

155

00:06:11,210 --> 00:06:09,120

let's see here

156

00:06:14,629 --> 00:06:11,220

I don't want to say that one yet what

157

00:06:17,390 --> 00:06:14,639

about the uh people are food for aliens

158

00:06:19,370 --> 00:06:17,400

what about that old country uh who

159

00:06:20,469 --> 00:06:19,380

probably stick by that yeah you're

160

00:06:23,629 --> 00:06:20,479

kidding me

161

00:06:27,170 --> 00:06:23,639

yeah I don't have to stick by that yeah

162

00:06:31,450 --> 00:06:30,230

um what about that little story about

163

00:06:33,830 --> 00:06:31,460

um

164

00:06:35,510 --> 00:06:33,840

abductees getting these implants and

165

00:06:37,129 --> 00:06:35,520

then at some point in time someone's

166

00:06:40,550 --> 00:06:37,139

going to have this device that resembles

167

00:06:42,350 --> 00:06:40,560

a TV remote control and uh be able to

168

00:06:44,150 --> 00:06:42,360

control these guys all in Mass yeah

169

00:06:48,290 --> 00:06:44,160

whatever they want sells to buy that one

170

00:06:50,809 --> 00:06:48,300

I'm getting scared okay what about

171

00:06:52,370 --> 00:06:50,819

um the stealth fighter the liquid

172

00:06:54,409 --> 00:06:52,380

crystals on the top and bottom of the

173

00:06:56,210 --> 00:06:54,419

stealth fighter so from above it looks

174

00:06:57,890 --> 00:06:56,220

like the ground and from below it looks

175

00:06:59,450 --> 00:06:57,900

like this guy they didn't use that on

176
00:07:04,090 --> 00:06:59,460
the stealth fighter but it may have been

177
00:07:09,950 --> 00:07:06,409
which airplane was that too bad they

178
00:07:15,529 --> 00:07:11,890
okay

179
00:07:18,350 --> 00:07:15,539
uh 70 different species of aliens 80.

180
00:07:20,029 --> 00:07:18,360
he's probably 80 I have visited okay

181
00:07:21,230 --> 00:07:20,039
well where where do you get a number

182
00:07:22,790 --> 00:07:21,240
like that

183
00:07:24,469 --> 00:07:22,800
from the different drawings of the

184
00:07:27,830 --> 00:07:24,479
people who have made of the different

185
00:07:32,930 --> 00:07:29,809
all the drawings I've seen with the

186
00:07:35,390 --> 00:07:32,940
inspection expansion did I say that word

187
00:07:38,210 --> 00:07:35,400
with the expectations with the exception

188
00:07:43,610 --> 00:07:41,029

The Reptilian type guy

189

00:07:46,390 --> 00:07:43,620

and the pickle man

190

00:07:48,890 --> 00:07:46,400

the the remainder of them look exactly

191

00:07:50,809 --> 00:07:48,900

essentially the same exactly like the

192

00:07:53,370 --> 00:07:50,819

grade no there's books and books and

193

00:07:55,550 --> 00:07:53,380

books of all the different things

194

00:07:57,430 --> 00:07:55,560

[Music]

195

00:08:00,710 --> 00:07:57,440

okay Sean was that your watch alarm

196

00:08:03,770 --> 00:08:00,720

[Laughter]

197

00:08:08,930 --> 00:08:07,129

the Jailer um yeah I guess it was a jail

198

00:08:10,909 --> 00:08:08,940

down somewhere on the Nellis range to

199

00:08:13,370 --> 00:08:10,919

put all the UFO researchers at one point

200

00:08:15,290 --> 00:08:13,380

in time yeah if I said that I was a

201

00:08:18,170 --> 00:08:15,300

little bit off basement but not all

202

00:08:20,570 --> 00:08:18,180

faced with those other things no okay

203

00:08:24,650 --> 00:08:20,580

um now we're getting into my favorite

204

00:08:26,930 --> 00:08:24,660

ones here well not yet reptilians since

205

00:08:31,070 --> 00:08:26,940

we mentioned them yours are reptilian

206

00:08:32,930 --> 00:08:31,080

race and uh where does this come from

207

00:08:35,209 --> 00:08:32,940

where did he come from no where I mean

208

00:08:36,709 --> 00:08:35,219

where does his information come from the

209

00:08:40,490 --> 00:08:36,719

reason I bring up reptilians is because

210

00:08:43,969 --> 00:08:40,500

at one time I called you had a UFO

211

00:08:44,630 --> 00:08:43,979

drawing somewhere that you showed me and

212

00:08:46,190 --> 00:08:44,640

um

213

00:08:47,990 --> 00:08:46,200

I thought it looked pretty neat and

214

00:08:51,050 --> 00:08:48,000

wanted to get a print of it and you said

215

00:08:53,449 --> 00:08:51,060

I had a call Bill Hamilton or something

216

00:08:55,850 --> 00:08:53,459

like that and uh you gave me his number

217

00:08:57,170 --> 00:08:55,860

I called and got his wife or girlfriend

218

00:08:59,269 --> 00:08:57,180

on the phone

219

00:09:01,310 --> 00:08:59,279

and

220

00:09:04,730 --> 00:09:01,320

she said that Bill's not here right now

221

00:09:06,710 --> 00:09:04,740

he's down the block uh because uh one of

222

00:09:09,410 --> 00:09:06,720

the neighbors was having some problems

223

00:09:11,509 --> 00:09:09,420

with a reptilian and I I thought it was

224

00:09:14,329 --> 00:09:11,519

a joke and she was serious and I said

225

00:09:17,630 --> 00:09:14,339

well what do you mean and uh she said

226

00:09:18,710 --> 00:09:17,640

well he was out hassling her in the

227

00:09:20,930 --> 00:09:18,720

front yard

228

00:09:22,730 --> 00:09:20,940

now this always has left an impression

229

00:09:24,230 --> 00:09:22,740

with me that these reptilian guys are

230

00:09:26,230 --> 00:09:24,240

out walking around hassling people on

231

00:09:28,730 --> 00:09:26,240

the street and well that's in California

232

00:09:31,430 --> 00:09:28,740

I'm not familiar or I don't remember

233

00:09:33,590 --> 00:09:31,440

that story but the fact is uh there is a

234

00:09:35,080 --> 00:09:33,600

reptilian race and they are around it

235

00:09:37,690 --> 00:09:35,090

they don't walk down the streets

236

00:09:39,949 --> 00:09:37,700

[Music]

237

00:09:42,410 --> 00:09:39,959

so you think they're an advanced race

238

00:09:45,170 --> 00:09:42,420

yeah apparently like the Grays way way

239

00:09:46,130 --> 00:09:45,180

ahead of us is there any contact with

240

00:09:49,190 --> 00:09:46,140

them now

241

00:09:52,370 --> 00:09:49,200

uh supposedly at the test site uh there

242

00:09:54,650 --> 00:09:52,380

has been contact with uh with a species

243

00:09:56,449 --> 00:09:54,660

called Riptide what that they're working

244

00:09:59,750 --> 00:09:56,459

there in some capacity or they're just

245

00:10:03,470 --> 00:09:59,760

yeah they're just there uh the story was

246

00:10:05,389 --> 00:10:03,480

related to me about a guard uh who had

247

00:10:08,509 --> 00:10:05,399

to be or guards who had to be shown

248

00:10:11,329 --> 00:10:08,519

photos uh

249

00:10:12,370 --> 00:10:11,339

about three to four weeks just flash

250

00:10:15,470 --> 00:10:12,380

photos

251
00:10:17,329 --> 00:10:15,480
uh of these species before they were put

252
00:10:18,949 --> 00:10:17,339
on duty so that they were sitting there

253
00:10:20,509 --> 00:10:18,959
and guarding something one of these

254
00:10:22,250 --> 00:10:20,519
things came walking down the hall and

255
00:10:23,090 --> 00:10:22,260
these guys dropped dead of a heart

256
00:10:25,670 --> 00:10:23,100
attack

257
00:10:27,530 --> 00:10:25,680
uh seeing this weird looking thing what

258
00:10:30,350 --> 00:10:27,540
would uh what do you do you have any

259
00:10:33,230 --> 00:10:30,360
ideas about the motivations or what is

260
00:10:35,150 --> 00:10:33,240
this a is this a joint venture with

261
00:10:36,889 --> 00:10:35,160
humans and the reptilians similar to the

262
00:10:38,990 --> 00:10:36,899
old stories about the Grays are are

263
00:10:43,310 --> 00:10:39,000

exactly what is there I don't know what

264

00:10:45,710 --> 00:10:43,320

this girl is no I just can't spy that

265

00:10:48,889 --> 00:10:45,720

you believe all this stuff well when we

266

00:10:50,329 --> 00:10:48,899

first met in uh I didn't believe in

267

00:10:53,030 --> 00:10:50,339

flying you didn't believe in flying

268

00:10:55,970 --> 00:10:53,040

saucers and uh yeah but it's kind of

269

00:10:57,889 --> 00:10:55,980

like George Nance fan you know and uh in

270

00:10:59,690 --> 00:10:57,899

some of his interviews that I have gone

271

00:11:01,430 --> 00:10:59,700

way overboard you guys got to remember

272

00:11:04,009 --> 00:11:01,440

that I've got about three or four heads

273

00:11:05,750 --> 00:11:04,019

is that a year head start on you guys I

274

00:11:09,290 --> 00:11:05,760

guarantee you in three to four years I'm

275

00:11:16,430 --> 00:11:14,230

okay uh Venus nice place to live

276
00:11:17,930 --> 00:11:16,440
now yeah I know you have trouble with

277
00:11:19,430 --> 00:11:17,940
that I have a lot of trouble with that

278
00:11:22,329 --> 00:11:19,440
because there's a sulfuric acid

279
00:11:24,829 --> 00:11:22,339
atmosphere the surface temperature

280
00:11:26,569 --> 00:11:24,839
no but probes have gone there from other

281
00:11:29,090 --> 00:11:26,579
our country and other countries Russia

282
00:11:30,949 --> 00:11:29,100
specifically and um you don't think we

283
00:11:33,650 --> 00:11:30,959
can back to the information the whole

284
00:11:36,110 --> 00:11:33,660
point of why would we what is the big

285
00:11:38,569 --> 00:11:36,120
secret so what if it's habitable but we

286
00:11:40,269 --> 00:11:38,579
want people to think that we are the

287
00:11:42,769 --> 00:11:40,279
best

288
00:11:45,230 --> 00:11:42,779

whoever runs the show

289

00:11:47,990 --> 00:11:45,240

they want people to think that we are

290

00:11:50,090 --> 00:11:48,000

the only people that couldn't be life on

291

00:11:54,230 --> 00:11:50,100

Mars there couldn't be life do you think

292

00:11:58,389 --> 00:11:56,150

is one of them that lady that shows up

293

00:12:01,550 --> 00:11:58,399

to the UFO organizations

294

00:12:02,990 --> 00:12:01,560

uh I don't know I don't know but what do

295

00:12:04,730 --> 00:12:03,000

you think the surface temperature is on

296

00:12:06,490 --> 00:12:04,740

Venus around the equators it's probably

297

00:12:08,870 --> 00:12:06,500

like Earth

298

00:12:10,009 --> 00:12:08,880

what about the clouds I know you're

299

00:12:11,870 --> 00:12:10,019

going to give me that stuff about the

300

00:12:13,790 --> 00:12:11,880

clouds and I don't know how it works and

301
00:12:16,130 --> 00:12:13,800
like we say we're we're dealing in

302
00:12:17,470 --> 00:12:16,140
opinions you know I don't have any facts

303
00:12:20,210 --> 00:12:17,480
I haven't been there anymore

304
00:12:22,190 --> 00:12:20,220
but that's the famous old Bible so I

305
00:12:24,050 --> 00:12:22,200
come back have you been there no I

306
00:12:25,670 --> 00:12:24,060
haven't been there but either of you and

307
00:12:27,650 --> 00:12:25,680
then you're just taking data that the

308
00:12:30,590 --> 00:12:27,660
government sells you on on what they

309
00:12:34,790 --> 00:12:32,530
okay

310
00:12:38,210 --> 00:12:34,800
and let's jump into it because I know

311
00:12:40,190 --> 00:12:38,220
you're coming up uh atmosphere and water

312
00:12:41,030 --> 00:12:40,200
on the moon yeah in certain places there

313
00:12:42,769 --> 00:12:41,040

is

314

00:12:45,050 --> 00:12:42,779

it was not a great deal but there's

315

00:12:47,530 --> 00:12:45,060

enough to uh do you think there was a

316

00:12:51,350 --> 00:12:47,540

three mile high or 30 mile high Dome

317

00:12:53,150 --> 00:12:51,360

that City inside it's a six mile high

318

00:12:54,650 --> 00:12:53,160

tower and I don't know where there's a

319

00:12:56,990 --> 00:12:54,660

city inside it kind of looks like an

320

00:12:58,970 --> 00:12:57,000

antenna but yeah evidence is pretty good

321

00:13:00,710 --> 00:12:58,980

that it's there

322

00:13:03,110 --> 00:13:00,720

and for those that haven't heard about

323

00:13:04,670 --> 00:13:03,120

it's in the uh Hoagland tape new Mars

324

00:13:08,329 --> 00:13:04,680

connection it's about a three-hour Chase

325

00:13:11,629 --> 00:13:08,339

and he goes through uh Orbiter

326

00:13:14,629 --> 00:13:11,639

um uh Pioneer and a lot of the other uh

327

00:13:17,329 --> 00:13:14,639

data and shows where this Tower is it's

328

00:13:20,210 --> 00:13:17,339

right directly in the center of sinus

329

00:13:23,449 --> 00:13:20,220

Medi and when the moon is full uh it's

330

00:13:27,829 --> 00:13:25,790

so do the uh do the astronauts that

331

00:13:31,190 --> 00:13:27,839

orbited and walk on the moon are they

332

00:13:33,590 --> 00:13:31,200

aware of this and staying quiet yeah

333

00:13:35,050 --> 00:13:33,600

they are and I met had dinner with one

334

00:13:37,550 --> 00:13:35,060

of the four

335

00:13:40,389 --> 00:13:37,560

psychologists that was assigned to the

336

00:13:44,090 --> 00:13:40,399

Apollo Astronauts and they assigned him

337

00:13:45,829 --> 00:13:44,100

a psychologist not so much of the the

338

00:13:47,629 --> 00:13:45,839

weird stuff they saw but the fact that

339

00:13:49,790 --> 00:13:47,639

they couldn't tell the public and that's

340

00:13:51,470 --> 00:13:49,800

what bothered all of the astronauts the

341

00:13:54,230 --> 00:13:51,480

most that's what sent uh Borman

342

00:13:56,090 --> 00:13:54,240

overboard and and a few others they were

343

00:13:57,889 --> 00:13:56,100

really bitter at Nasa for not being able

344

00:13:59,810 --> 00:13:57,899

to uh to tell the truth about what's

345

00:14:01,370 --> 00:13:59,820

going on yeah but strangely enough Edgar

346

00:14:03,410 --> 00:14:01,380

Mitchell the Sixth Man on the Moon came

347

00:14:04,970 --> 00:14:03,420

out here to visit me and he was out

348

00:14:06,889 --> 00:14:04,980

because he was interested in all the UFO

349

00:14:08,569 --> 00:14:06,899

information so on and so forth in fact

350

00:14:10,129 --> 00:14:08,579

even said that all the astronauts have

351

00:14:11,690 --> 00:14:10,139

gotten together and they have kind of a

352

00:14:14,509 --> 00:14:11,700

powerful group that they formed I don't

353

00:14:16,670 --> 00:14:14,519

remember what they called it but um

354

00:14:18,410 --> 00:14:16,680

he didn't mention anything else I'm sure

355

00:14:20,569 --> 00:14:18,420

that during one day needed you he would

356

00:14:22,310 --> 00:14:20,579

have told his deepest darkest Secrets

357

00:14:23,930 --> 00:14:22,320

would have between him yeah we pointed

358

00:14:25,730 --> 00:14:23,940

that out to him also so you do have a

359

00:14:28,670 --> 00:14:25,740

good point there

360

00:14:36,009 --> 00:14:30,470

um I gotta look at what I didn't check

361

00:14:40,730 --> 00:14:38,629

and the final questions were done well

362

00:14:42,769 --> 00:14:40,740

John how about says what's your what's

363

00:14:44,810 --> 00:14:42,779

your current view of the big picture I

364

00:14:47,449 --> 00:14:44,820

mean I used to say we've got reptilians

365

00:14:50,150 --> 00:14:47,459

here where you're lying to us about uh

366

00:14:52,090 --> 00:14:50,160

uh you know survivable atmospheres and

367

00:14:55,250 --> 00:14:52,100

temperatures on the near Planet

368

00:14:57,530 --> 00:14:55,260

uh uh what do you think the big picture

369

00:14:59,930 --> 00:14:57,540

is I I can remember you know six seven

370

00:15:02,449 --> 00:14:59,940

years ago not that you were necessarily

371

00:15:04,550 --> 00:15:02,459

responsible for it but but UFO

372

00:15:06,110 --> 00:15:04,560

researchers always have something big is

373

00:15:08,090 --> 00:15:06,120

going to happen at the end of this year

374

00:15:10,670 --> 00:15:08,100

nothing big is going to happen that was

375

00:15:14,150 --> 00:15:10,680

October 92. said I made the mistake of

376

00:15:16,069 --> 00:15:14,160

making several reasons and so I don't do

377

00:15:18,230 --> 00:15:16,079

that anymore I have no idea what to do

378

00:15:19,610 --> 00:15:18,240

we don't need to put you know predict a

379

00:15:21,590 --> 00:15:19,620

big Invasion I just said what do you

380

00:15:23,569 --> 00:15:21,600

think the statuses of the big picture I

381

00:15:25,550 --> 00:15:23,579

I you know any impending doom or

382

00:15:28,310 --> 00:15:25,560

business as usual the government guys

383

00:15:30,110 --> 00:15:28,320

that I know uh all they can say is the

384

00:15:32,930 --> 00:15:30,120

next five years are going to be very

385

00:15:36,230 --> 00:15:32,940

very interesting you know for the last

386

00:15:38,810 --> 00:15:36,240

10 years 320 is whatever so it just kind

387

00:15:44,629 --> 00:15:38,820

of nice to just sit back and watch him

388

00:15:45,949 --> 00:15:44,639

and notice that we know to be real uh uh

389

00:15:48,670 --> 00:15:45,959

you're all I'm talking about this that

390

00:15:51,470 --> 00:15:48,680

you told us I assume that's real

391

00:15:53,090 --> 00:15:51,480

so John what are your thoughts on the

392

00:15:55,189 --> 00:15:53,100

land grab out here in central Nevada

393

00:15:57,829 --> 00:15:55,199

everyone made a big deal of it you were

394

00:15:59,810 --> 00:15:57,839

among some of the first you Jim Goodall

395

00:16:02,150 --> 00:15:59,820

Sean Martin Gary Schultz people like

396

00:16:05,930 --> 00:16:02,160

that who climbed up and and viewed down

397

00:16:07,150 --> 00:16:05,940

on Area 51 and and you uh how dare you

398

00:16:09,850 --> 00:16:07,160

mentioned

399

00:16:12,310 --> 00:16:09,860

in the company with John Legend

400

00:16:15,650 --> 00:16:12,320

but

401
00:16:18,769 --> 00:16:15,660
uh you know obviously you knew that they

402
00:16:20,629 --> 00:16:18,779
were keeping photographic logs of uh you

403
00:16:22,069 --> 00:16:20,639
know the persistent intruders and that

404
00:16:23,509 --> 00:16:22,079
led to the land grab what do you think

405
00:16:25,069 --> 00:16:23,519
about all the people whining about it

406
00:16:27,710 --> 00:16:25,079
when they actually called the land that

407
00:16:30,949 --> 00:16:27,720
it was no big deal you know any uh Area

408
00:16:34,189 --> 00:16:30,959
51 is just one of many areas they've got

409
00:16:35,629 --> 00:16:34,199
you know and they were smart to draw the

410
00:16:37,249 --> 00:16:35,639
attention there and get people from

411
00:16:38,689 --> 00:16:37,259
looking at this where other stuff is

412
00:16:41,710 --> 00:16:38,699
going on you want to go ahead and take a

413
00:16:46,790 --> 00:16:44,150

hello Hi how are you doing fellas good

414

00:16:48,009 --> 00:16:46,800

all right seasons greetings

415

00:16:51,050 --> 00:16:48,019

um

416

00:16:53,749 --> 00:16:51,060

you know yes I know you you've been

417

00:16:56,389 --> 00:16:53,759

dealing with this for a while and and

418

00:16:58,970 --> 00:16:56,399

your father was different do you have a

419

00:17:03,110 --> 00:16:58,980

lot of experiences when he was you know

420

00:17:05,689 --> 00:17:03,120

going up to go move into that he could

421

00:17:07,669 --> 00:17:05,699

get a lot of experiences between uh

422

00:17:09,549 --> 00:17:07,679

quote gambling crafts or unidentified

423

00:17:12,289 --> 00:17:09,559

flying objects that's a good question

424

00:17:13,909 --> 00:17:12,299

you have a lot of experience my dad and

425

00:17:15,949 --> 00:17:13,919

uh for those of you that aren't familiar

426

00:17:18,350 --> 00:17:15,959

with his background he founded they're

427

00:17:20,809 --> 00:17:18,360

Incorporated uh and with chairman of the

428

00:17:23,630 --> 00:17:20,819

board for 30 years they were a large

429

00:17:27,710 --> 00:17:23,640

supplier of uh components for a military

430

00:17:29,990 --> 00:17:27,720

aircraft uh and he's told us in 1960 he

431

00:17:32,990 --> 00:17:30,000

was involved with the government in

432

00:17:37,250 --> 00:17:33,000

anti-gravity research from about 1957 to

433

00:17:38,990 --> 00:17:37,260

about 1960 1960 down in Fort Huachuca uh

434

00:17:40,850 --> 00:17:39,000

and he had had a couple of sightings and

435

00:17:42,770 --> 00:17:40,860

friend there's lots of fringes they had

436

00:17:44,450 --> 00:17:42,780

a couple of sightings it was interesting

437

00:17:46,549 --> 00:17:44,460

now that I look back to people that he

438

00:17:48,590 --> 00:17:46,559

used to bring home when the RL people

439

00:17:50,570 --> 00:17:48,600

that you know were very involved with

440

00:17:52,430 --> 00:17:50,580

the cover cover up General lives Jimmy

441

00:17:55,010 --> 00:17:52,440

Doolittle

442

00:17:56,750 --> 00:17:55,020

um uh several of those guys that used to

443

00:17:58,970 --> 00:17:56,760

be home and he was he was very agency

444

00:18:01,610 --> 00:17:58,980

near a lot about it he got a lot of

445

00:18:04,990 --> 00:18:01,620

criticism because he went down I think

446

00:18:07,549 --> 00:18:05,000

it was to Bolivia to sell some uh

447

00:18:09,710 --> 00:18:07,559

aircraft equipment and he was quoted by

448

00:18:12,289 --> 00:18:09,720

the press as saying flying sausages were

449

00:18:14,570 --> 00:18:12,299

real and he got a lot of slack over that

450

00:18:16,010 --> 00:18:14,580

but like I say I used to talk about it

451

00:18:18,409 --> 00:18:16,020

all the time but it didn't interest me

452

00:18:19,909 --> 00:18:18,419

because I'd never seen one and it just I

453

00:18:22,430 --> 00:18:19,919

wasn't interested I was interested in

454

00:18:25,430 --> 00:18:22,440

those flying planes he has their 71 and

455

00:18:27,890 --> 00:18:25,440

stuff up too see I have my father was in

456

00:18:30,710 --> 00:18:27,900

the airport terminal by 25 years and

457

00:18:34,310 --> 00:18:30,720

I've lived here in Las Vegas for roughly

458

00:18:36,970 --> 00:18:34,320

about 22 years 23 years later and um

459

00:18:39,650 --> 00:18:36,980

I've had the experience

460

00:18:41,570 --> 00:18:39,660

when that pairing was really good it

461

00:18:43,029 --> 00:18:41,580

really was not much around there you

462

00:18:48,050 --> 00:18:43,039

know how bad it is

463

00:18:48,060 --> 00:18:53,409

[Music]

464

00:19:00,169 --> 00:18:56,770

the military Hospital

465

00:19:02,930 --> 00:19:00,179

five days and they're you know taking

466

00:19:05,510 --> 00:19:02,940

tests on me and doing what not so let me

467

00:19:07,130 --> 00:19:05,520

find out what happened and I know that

468

00:19:08,570 --> 00:19:07,140

when I came out of it when I came back

469

00:19:10,390 --> 00:19:08,580

to my appeared to come to pick me up

470

00:19:12,409 --> 00:19:10,400

from up there

471

00:19:16,010 --> 00:19:12,419

forgot all about it didn't know anything

472

00:19:18,289 --> 00:19:16,020

about what happened and so it's just

473

00:19:19,789 --> 00:19:18,299

like that I feel to me it feels as the

474

00:19:22,020 --> 00:19:19,799

government wouldn't do something with

475

00:19:22,030 --> 00:19:30,250

[Music]

476

00:19:35,510 --> 00:19:33,350

yeah they have a very good way the

477

00:19:37,970 --> 00:19:35,520

government does of erasing people's

478

00:19:41,930 --> 00:19:37,980

memories it's it's very good I talked to

479

00:19:44,390 --> 00:19:41,940

uh uh lady a couple of months ago who

480

00:19:46,070 --> 00:19:44,400

was through the Air Force and stationed

481

00:19:49,070 --> 00:19:46,080

at uh Daughter by test range between

482

00:19:50,690 --> 00:19:49,080

1970 1981 and her memory for that whole

483

00:19:54,049 --> 00:19:50,700

time is just coming there's nothing

484

00:19:55,490 --> 00:19:54,059

there she has uh you know flashes of

485

00:20:00,730 --> 00:19:55,500

weird stuff going on but no real

486

00:20:07,130 --> 00:20:03,770

no I sure don't I think that's something

487

00:20:09,529 --> 00:20:07,140

we should fire down because the prices

488

00:20:11,090 --> 00:20:09,539

would open up everything that that you

489

00:20:13,430 --> 00:20:11,100

know quote the government particularly

490

00:20:15,770 --> 00:20:13,440

fundament you know from the memory you

491

00:20:19,190 --> 00:20:15,780

can you can just barely scratch the

492

00:20:20,990 --> 00:20:19,200

surface of of how bad they defeat the

493

00:20:22,850 --> 00:20:21,000

dungeons to perform you to everyone you

494

00:20:25,070 --> 00:20:22,860

know you know it's a shame to see that

495

00:20:27,890 --> 00:20:25,080

spot I love America I would rather be

496

00:20:29,090 --> 00:20:27,900

here than any place in the world but you

497

00:20:31,970 --> 00:20:29,100

know it's a shame that there are those

498

00:20:33,830 --> 00:20:31,980

people that are that are here that are

499

00:20:36,890 --> 00:20:33,840

doing these things to America and to

500

00:20:38,690 --> 00:20:36,900

America yeah well uh I agree with you

501
00:20:41,570 --> 00:20:38,700
but I don't think there's much hope if

502
00:20:44,150 --> 00:20:41,580
uh ever bringing this down that's like

503
00:20:46,070 --> 00:20:44,160
that's like finding who's the person you

504
00:20:48,350 --> 00:20:46,080
know or at least bringing the person who

505
00:20:55,830 --> 00:20:48,360
really killed Kennedy the justice

506
00:20:55,840 --> 00:21:12,230
[Music]

507
00:21:12,240 --> 00:21:38,020
foreign

508
00:21:38,030 --> 00:21:55,270
[Music]

509
00:21:59,750 --> 00:21:57,409
I think the Curious thing about this

510
00:22:01,370 --> 00:21:59,760
recruiter film is the very what is it

511
00:22:04,250 --> 00:22:01,380
seven seconds or whatever you generally

512
00:22:06,350 --> 00:22:04,260
get to see and and all of the shots

513
00:22:08,570 --> 00:22:06,360

before the president got there uh all

514

00:22:10,549 --> 00:22:08,580

the shots of the grafting and all of of

515

00:22:12,830 --> 00:22:10,559

everywhere just general area shots

516

00:22:14,090 --> 00:22:12,840

someone has that somewhere it included

517

00:22:16,669 --> 00:22:14,100

all of that on the film and that's what

518

00:22:18,710 --> 00:22:16,679

well what was that photographed do we

519

00:22:21,230 --> 00:22:18,720

know that well yeah there was the fruit

520

00:22:23,270 --> 00:22:21,240

or film taken before the little clip UIC

521

00:22:25,430 --> 00:22:23,280

off the grass you know and around the

522

00:22:27,549 --> 00:22:25,440

general area I think I saw that on arts

523

00:22:29,450 --> 00:22:27,559

and entertainment yeah yeah

524

00:22:31,850 --> 00:22:29,460

I didn't know that was like three

525

00:22:33,890 --> 00:22:31,860

photographs yeah I thought I saw the

526
00:22:35,149 --> 00:22:33,900
letter we were talking about too but the

527
00:22:38,330 --> 00:22:35,159
driver

528
00:22:40,310 --> 00:22:38,340
um bill was his name and I know his last

529
00:22:43,190 --> 00:22:40,320
name and stuff like that but he was dead

530
00:22:45,049 --> 00:22:43,200
now and I mean like I said it wouldn't

531
00:22:46,730 --> 00:22:45,059
make a difference now because he's not

532
00:22:48,590 --> 00:22:46,740
going to be going there he's not going

533
00:22:49,730 --> 00:22:48,600
to brought the trial and see that I

534
00:22:50,460 --> 00:22:49,740
thought he was alive I'm living in

535
00:22:54,730 --> 00:22:50,470
Georgia or something

536
00:23:01,909 --> 00:22:58,570
uh since 91 1991 I think

537
00:23:03,350 --> 00:23:01,919
seriously from what I've heard okay well

538
00:23:05,570 --> 00:23:03,360

thanks for the call and thank you for

539

00:23:07,370 --> 00:23:05,580

taking the time and I sure hope to hear

540

00:23:14,830 --> 00:23:07,380

you guys so again maybe they can extend

541

00:23:18,529 --> 00:23:16,789

they're advertising to you guys

542

00:23:20,570 --> 00:23:18,539

correctly I think they're just like well

543

00:23:22,750 --> 00:23:20,580

that's kind of our fault we really don't

544

00:23:24,950 --> 00:23:22,760

even feel like going down

545

00:23:26,990 --> 00:23:24,960

it's a casual thing but thanks for the

546

00:23:28,549 --> 00:23:27,000

call thanks for calling and maybe you

547

00:23:30,529 --> 00:23:28,559

guys never sleep on the Rudolph of the

548

00:23:33,110 --> 00:23:30,539

post navel drip all right I hate that

549

00:23:36,529 --> 00:23:33,120

when that happened okay thanks all right

550

00:23:37,570 --> 00:23:36,539

bye-bye I miss that what's the

551
00:23:39,470 --> 00:23:37,580
difference

552
00:23:40,270 --> 00:23:39,480
if you'd like to give us a call on

553
00:23:42,710 --> 00:23:40,280
number

554
00:23:44,870 --> 00:23:42,720
731-1230 and if you're on a cell phone

555
00:23:47,810 --> 00:23:44,880
you can hit star 12 30 if you'd like to

556
00:23:50,930 --> 00:23:47,820
ask John layer Bob Lazar or uh any of us

557
00:23:52,909 --> 00:23:50,940
any questions John uh you you know

558
00:23:54,890 --> 00:23:52,919
you're from one of a central Hub you're

559
00:23:56,810 --> 00:23:54,900
you're a high profile guy and a lot of

560
00:23:58,970 --> 00:23:56,820
people approached you to tell you

561
00:24:00,830 --> 00:23:58,980
stories about being abducted and you

562
00:24:02,930 --> 00:24:00,840
know I I know that a lot of people even

563
00:24:05,330 --> 00:24:02,940

approached you that work at Nellis Air

564

00:24:07,070 --> 00:24:05,340

Force Base and other places I can I

565

00:24:08,990 --> 00:24:07,080

presume that you conclude by now that

566

00:24:10,130 --> 00:24:09,000

not all of these people can be crazy and

567

00:24:11,690 --> 00:24:10,140

not all of them are searching for

568

00:24:14,210 --> 00:24:11,700

attention I mean yeah

569

00:24:15,770 --> 00:24:14,220

you've seen a number of people what

570

00:24:18,049 --> 00:24:15,780

about if we get asked all the time about

571

00:24:20,450 --> 00:24:18,059

whatever happened to John Grace the guy

572

00:24:22,430 --> 00:24:20,460

that wrote those uh Vladimir Valeria

573

00:24:25,190 --> 00:24:22,440

Valerian whatever Vladimir moved to

574

00:24:28,010 --> 00:24:25,200

Oregon and uh he has a real nice uh

575

00:24:29,690 --> 00:24:28,020

business going he still writes that what

576

00:24:32,750 --> 00:24:29,700

I forget what the name of his magazine

577

00:24:33,890 --> 00:24:32,760

was but uh he's doing well what did he

578

00:24:36,590 --> 00:24:33,900

do for an ALICE didn't he work for

579

00:24:38,990 --> 00:24:36,600

Nellis yeah he was a tech sergeant and

580

00:24:41,029 --> 00:24:39,000

uh he worked in I'm trying to think it's

581

00:24:43,250 --> 00:24:41,039

been so long ago I was over to his

582

00:24:44,930 --> 00:24:43,260

office a couple times huh

583

00:24:48,890 --> 00:24:44,940

yeah

584

00:24:50,049 --> 00:24:48,900

well how about the area 51 report

585

00:24:52,549 --> 00:24:50,059

oh

586

00:24:54,350 --> 00:24:52,559

one report this is going to be a weekly

587

00:24:56,390 --> 00:24:54,360

thing but why there's so much stuff

588

00:24:58,070 --> 00:24:56,400

going on first of all up at room we have

589

00:24:59,990 --> 00:24:58,080

two new proof of Concepts ready to fly

590

00:25:02,510 --> 00:25:00,000

one will fly next week and the other

591

00:25:04,730 --> 00:25:02,520

around March and both are very very fast

592

00:25:06,230 --> 00:25:04,740

and remember that helicopter we built

593

00:25:09,169 --> 00:25:06,240

about 10 years ago that could carry

594

00:25:12,110 --> 00:25:09,179

around 250 troops now we have one that

595

00:25:14,990 --> 00:25:12,120

can carry 600 fully armed combat related

596

00:25:16,789 --> 00:25:15,000

troops and over at Sandia they have that

597

00:25:19,130 --> 00:25:16,799

remember Sandy's that you're basically

598

00:25:20,930 --> 00:25:19,140

built over there in pione Mesa they have

599

00:25:22,850 --> 00:25:20,940

a new computer that is a billion times

600

00:25:26,149 --> 00:25:22,860

faster than the past week in commercial

601
00:25:27,289 --> 00:25:26,159
use today hey do you know who invented

602
00:25:29,450 --> 00:25:27,299
the internet

603
00:25:31,070 --> 00:25:29,460
he was DARPA the defense Advanced

604
00:25:34,070 --> 00:25:31,080
research projects agency and they did it

605
00:25:35,690 --> 00:25:34,080
in 1967. what they first saw was the

606
00:25:38,269 --> 00:25:35,700
exponential use of the personal computer

607
00:25:39,950 --> 00:25:38,279
and saw the internet as a direct way

608
00:25:42,409 --> 00:25:39,960
into homes hearts and minds of the

609
00:25:45,169 --> 00:25:42,419
public this computer up at bandia can

610
00:25:47,750 --> 00:25:45,179
track what anybody ever wrote or is fed

611
00:25:50,330 --> 00:25:47,760
or aware of if anybody ever went on the

612
00:25:52,610 --> 00:25:50,340
internet with their PC and not only that

613
00:25:54,470 --> 00:25:52,620

whether your PC is on or not they can

614

00:25:58,010 --> 00:25:54,480

access your hard drive anytime they want

615

00:25:59,570 --> 00:25:58,020

and hey what's going on at tonopire we

616

00:26:02,570 --> 00:25:59,580

have the new counter Insurgency airplane

617

00:26:05,269 --> 00:26:02,580

that's being used out at Aviano in the

618

00:26:07,669 --> 00:26:05,279

Bosnian conflict the security is so tied

619

00:26:09,590 --> 00:26:07,679

up at the TTR but now they have three

620

00:26:11,750 --> 00:26:09,600

senses instead of one and the entire

621

00:26:13,789 --> 00:26:11,760

support team which consists of about 350

622

00:26:15,409 --> 00:26:13,799

people are ability to ride out the

623

00:26:18,350 --> 00:26:15,419

flight line instead of back down at the

624

00:26:20,690 --> 00:26:18,360

gate like when the F-117 came out and

625

00:26:23,930 --> 00:26:20,700

speaking of the 117a whatever happened

626

00:26:26,029 --> 00:26:23,940

to the f-19 the s19 went down the Skunk

627

00:26:29,390 --> 00:26:26,039

Works assembly line right next to the

628

00:26:31,370 --> 00:26:29,400

117 used this game game engines 404s but

629

00:26:33,649 --> 00:26:31,380

was a Navy bird and was a Batwing type

630

00:26:35,810 --> 00:26:33,659

aircraft they made about 60 of them it

631

00:26:38,330 --> 00:26:35,820

turns out that the f-117a was just a

632

00:26:40,130 --> 00:26:38,340

cover for this other eye attacker and

633

00:26:42,830 --> 00:26:40,140

whoa what's flying out of the Northern

634

00:26:45,350 --> 00:26:42,840

Nevada secret facilities it's black and

635

00:26:47,630 --> 00:26:45,360

it's fast so all you can see at night is

636

00:26:50,029 --> 00:26:47,640

a contrail which looks like a green neon

637

00:26:51,470 --> 00:26:50,039

tube about a mile long they've been

638

00:26:54,350 --> 00:26:51,480

doing some low altitude work around

639

00:26:56,210 --> 00:26:54,360

Idaho between midnight and 4 a.m that

640

00:26:57,529 --> 00:26:56,220

dude really gets along about four or

641

00:27:00,409 --> 00:26:57,539

five thousand miles an hour at low

642

00:27:02,210 --> 00:27:00,419

altitude and flying saucers apparently

643

00:27:04,610 --> 00:27:02,220

the aliens can't fly any better now than

644

00:27:06,230 --> 00:27:04,620

they could in 1947 because we recovered

645

00:27:08,570 --> 00:27:06,240

two of them in the past year right here

646

00:27:10,549 --> 00:27:08,580

in Nevada one came down between the dam

647

00:27:13,010 --> 00:27:10,559

and Kingman about a month or so ago and

648

00:27:14,930 --> 00:27:13,020

one in Northern Nevada last year and

649

00:27:18,049 --> 00:27:14,940

that's it for the test site update for

650

00:27:19,970 --> 00:27:18,059

Friday December 22nd 1995. this is John

651
00:27:21,409 --> 00:27:19,980
Lear and Barbizon wishing all of you at

652
00:27:23,390 --> 00:27:21,419
deck one and hey don't want to forget

653
00:27:28,670 --> 00:27:23,400
you guys over at station nine a very

654
00:27:28,680 --> 00:27:34,190
[Music]

655
00:27:38,780 --> 00:27:36,289
um

656
00:27:41,710 --> 00:27:38,790
let me see that little sheet of paper

657
00:27:45,409 --> 00:27:41,720
[Music]

658
00:27:47,930 --> 00:27:45,419
thank you they can access your hard

659
00:27:49,990 --> 00:27:47,940
drive in a PC whether or not your

660
00:27:52,570 --> 00:27:50,000
computer's on yeah

661
00:27:54,649 --> 00:27:52,580
about as hard as you can get

662
00:27:55,909 --> 00:27:54,659
exactly how would they manage your feet

663
00:27:58,010 --> 00:27:55,919

like that

664

00:27:59,390 --> 00:27:58,020

uh well I don't know what's that aside

665

00:28:01,370 --> 00:27:59,400

from them coming over and turning it on

666

00:28:03,289 --> 00:28:01,380

all I'm telling you is the uh you know

667

00:28:06,970 --> 00:28:03,299

what I uh what I heard

668

00:28:09,409 --> 00:28:06,980

from where did you hear that Phil Cooper

669

00:28:11,630 --> 00:28:09,419

good old Bill he takes a lot of plaques

670

00:28:13,730 --> 00:28:11,640

like you know we we named the disease

671

00:28:15,950 --> 00:28:13,740

that Bill Cooper got that as many of us

672

00:28:17,870 --> 00:28:15,960

got was called the UFO disease right and

673

00:28:20,450 --> 00:28:17,880

the UFO disease when you start out in

674

00:28:22,010 --> 00:28:20,460

this business and and uh you hear you

675

00:28:24,529 --> 00:28:22,020

know and see some stuff that really

676

00:28:27,350 --> 00:28:24,539

happens real real but uh you start

677

00:28:29,149 --> 00:28:27,360

adding on to it and and like Billy just

678

00:28:31,750 --> 00:28:29,159

he just got too far out he started

679

00:28:34,850 --> 00:28:31,760

taking stuff that I had in my files

680

00:28:36,710 --> 00:28:34,860

yeah and that's my favorite story in

681

00:28:38,149 --> 00:28:36,720

fact maybe you should you know please

682

00:28:41,570 --> 00:28:38,159

our audience and tell them the story

683

00:28:43,850 --> 00:28:41,580

about oh Krill uh that oh Krill was a

684

00:28:45,230 --> 00:28:43,860

name of you and John Gray said had given

685

00:28:47,690 --> 00:28:45,240

to yeah for the people that don't know

686

00:28:49,610 --> 00:28:47,700

who which Krill was that uh John Grace

687

00:28:52,610 --> 00:28:49,620

who then worked for the air force uh

688

00:28:54,409 --> 00:28:52,620

wrote A Treatise or something on aliens

689

00:28:55,730 --> 00:28:54,419

that he wanted to talk the public should

690

00:28:57,830 --> 00:28:55,740

know and I forget what it was all about

691

00:29:00,169 --> 00:28:57,840

but he didn't want to put his name so he

692

00:29:01,909 --> 00:29:00,179

said well why can we uh whose name can

693

00:29:04,430 --> 00:29:01,919

we use and I said well you know the Navy

694

00:29:07,669 --> 00:29:04,440

had an incident

695

00:29:09,950 --> 00:29:07,679

um that they supposedly contacted an

696

00:29:14,750 --> 00:29:09,960

alien in the late 50s and the name was

697

00:29:17,930 --> 00:29:14,760

Krill C or k-r-i-l-l why don't we call

698

00:29:20,029 --> 00:29:17,940

uh this guy Krill k-r-i-l-l and it'll be

699

00:29:22,070 --> 00:29:20,039

just kind of an inside joke and so John

700

00:29:23,630 --> 00:29:22,080

says okay and how about some initials

701
00:29:26,990 --> 00:29:23,640
and I said I don't know pick one he said

702
00:29:29,269 --> 00:29:27,000
all o h so then uh John stood for only

703
00:29:31,310 --> 00:29:29,279
hostage or something original hostage

704
00:29:32,750 --> 00:29:31,320
yeah well that wasn't our antenna those

705
00:29:34,970 --> 00:29:32,760
and it was just picked out of things oh

706
00:29:37,310 --> 00:29:34,980
was it okay then when Bill Cooper got a

707
00:29:39,529 --> 00:29:37,320
hold of his story uh he had seen that in

708
00:29:41,330 --> 00:29:39,539
in the Navy and the 08 stood for

709
00:29:43,789 --> 00:29:41,340
original hostage and we just picked

710
00:29:45,789 --> 00:29:43,799
those initials yeah and then he had read

711
00:29:48,830 --> 00:29:45,799
that all reports

712
00:29:52,430 --> 00:29:48,840
so about this uh flying disc that they

713
00:29:54,350 --> 00:29:52,440

what it there was an an alien piloted

714

00:29:56,269 --> 00:29:54,360

flying disc that crashed between Boulder

715

00:29:59,090 --> 00:29:56,279

Dam and Kingman and melasma supposedly

716

00:30:00,710 --> 00:29:59,100

that's it and uh what was it able to fly

717

00:30:03,289 --> 00:30:00,720

away or did someone have to go pick it

718

00:30:06,889 --> 00:30:03,299

up no supposedly there was some stage

719

00:30:08,750 --> 00:30:06,899

the chemical accident or Road accident

720

00:30:11,930 --> 00:30:08,760

or something where people were diverted

721

00:30:13,669 --> 00:30:11,940

from the dam for a day or so so that

722

00:30:16,750 --> 00:30:13,679

they could recover that oh that's what

723

00:30:19,490 --> 00:30:16,760

that story was behind that spilled on it

724

00:30:21,230 --> 00:30:19,500

well they did close I remember in the in

725

00:30:23,110 --> 00:30:21,240

recent months they did close the demo

726

00:30:25,190 --> 00:30:23,120

somebody told me that and I remember

727

00:30:27,590 --> 00:30:25,200

Laughlin and church sliders I remember

728

00:30:29,389 --> 00:30:27,600

that there was an accident with with uh

729

00:30:31,130 --> 00:30:29,399

some Taiwanese or something but I didn't

730

00:30:34,070 --> 00:30:31,140

remember Phil when the guy told me this

731

00:30:35,690 --> 00:30:34,080

garage trying to think I didn't remember

732

00:30:38,630 --> 00:30:35,700

now where was the other grass you said

733

00:30:40,610 --> 00:30:38,640

there were two of them supposedly oh and

734

00:30:42,710 --> 00:30:40,620

and why do you think it is that these

735

00:30:44,870 --> 00:30:42,720

things uh crashed especially if I'm

736

00:30:46,490 --> 00:30:44,880

presuming these are are capable of

737

00:30:47,930 --> 00:30:46,500

interstellar travel or are they some

738

00:30:49,789 --> 00:30:47,940

type of scout ships out of a Mothership

739

00:30:51,169 --> 00:30:49,799

I'm just curious as to why they would be

740

00:30:53,750 --> 00:30:51,179

able to fly in from another star system

741

00:30:55,970 --> 00:30:53,760

and then crash so routinely

742

00:31:02,570 --> 00:30:55,980

that question is asked a lot you know a

743

00:31:08,389 --> 00:31:05,529

boy I don't know

744

00:31:11,210 --> 00:31:08,399

so it's so hard for me to digest this I

745

00:31:12,710 --> 00:31:11,220

mean I can understand well I'm not even

746

00:31:15,830 --> 00:31:12,720

going to start a fight

747

00:31:19,669 --> 00:31:15,840

so are you uh go ahead we'll start it

748

00:31:23,690 --> 00:31:21,830

so have you uh have you been walking

749

00:31:25,789 --> 00:31:23,700

back into the general UFO Community I

750

00:31:27,470 --> 00:31:25,799

remember it wasn't in the early 90s that

751

00:31:31,510 --> 00:31:27,480

they tried to ban you from the mufan

752

00:31:37,870 --> 00:31:35,149

quick move on and uh I hosted the muffin

753

00:31:41,149 --> 00:31:37,880

convention here in 1989 I guess it was

754

00:31:44,570 --> 00:31:41,159

and uh it was it was it was a real

755

00:31:47,149 --> 00:31:44,580

popular but uh I kind of was disinvented

756

00:31:50,330 --> 00:31:47,159

I couldn't speak at my own uh uh hosted

757

00:31:54,049 --> 00:31:50,340

convention and I did a little talk in

758

00:31:57,590 --> 00:31:54,059

all 291-92 but it cost me two good jobs

759

00:31:59,630 --> 00:31:57,600

so I quit talking about you opposed at

760

00:32:01,850 --> 00:31:59,640

all the the one job was American Trans

761

00:32:04,250 --> 00:32:01,860

Air was the captain there for uh six

762

00:32:05,810 --> 00:32:04,260

years and they hauled me in one day and

763

00:32:07,490 --> 00:32:05,820

they said you don't actually believe in

764

00:32:08,690 --> 00:32:07,500

flying sausage Duty and I said well yeah

765

00:32:10,310 --> 00:32:08,700

as a matter of fact they do and they

766

00:32:13,070 --> 00:32:10,320

said well we can't have anybody working

767

00:32:15,289 --> 00:32:13,080

here flying passengers and believes that

768

00:32:17,510 --> 00:32:15,299

so I lost that one then the next one I

769

00:32:20,450 --> 00:32:17,520

had was uh with orbital sciences and

770

00:32:23,450 --> 00:32:20,460

horrible Sciences operates CL 1011 that

771

00:32:27,230 --> 00:32:23,460

carries the Pegasus rocket that uh that

772

00:32:29,389 --> 00:32:27,240

launches payloads uh into uh space and

773

00:32:31,610 --> 00:32:29,399

uh I was hired as a project pilot and

774

00:32:33,169 --> 00:32:31,620

the senior project manager called me up

775

00:32:34,430 --> 00:32:33,179

one day and said John we applied for

776

00:32:36,590 --> 00:32:34,440

your clearance and I don't know what

777

00:32:39,230 --> 00:32:36,600

you've done but neither the U.S Air

778

00:32:41,149 --> 00:32:39,240

Force or NASA uh wants you on this

779

00:32:43,370 --> 00:32:41,159

program so that was the second chance so

780

00:32:45,110 --> 00:32:43,380

I kind of lie pretty low man

781

00:32:46,490 --> 00:32:45,120

you don't need to pay those bills

782

00:32:48,649 --> 00:32:46,500

absolutely

783

00:32:51,169 --> 00:32:48,659

um so listen let's you've been around

784

00:32:53,210 --> 00:32:51,179

certainly involved with ufology as long

785

00:32:56,810 --> 00:32:53,220

as just about anyone you've seen the

786

00:32:58,850 --> 00:32:56,820

personalities uh evolve unfold and even

787

00:33:01,490 --> 00:32:58,860

change so maybe we could go down the

788

00:33:03,169 --> 00:33:01,500

line here and here's some gossip and uh

789

00:33:04,850 --> 00:33:03,179

exactly what your thoughts are on these

790

00:33:06,470 --> 00:33:04,860

people how they started off and what

791

00:33:08,750 --> 00:33:06,480

their stance is now friends let's start

792

00:33:11,450 --> 00:33:08,760

off with Stanton Friedman my buddy Stan

793

00:33:13,130 --> 00:33:11,460

obviously Stanton Friedman did a lot of

794

00:33:16,070 --> 00:33:13,140

good things

795

00:33:17,810 --> 00:33:16,080

um uh he went to bat certainly believed

796

00:33:20,509 --> 00:33:17,820

that the Earth is being visited by life

797

00:33:22,250 --> 00:33:20,519

from elsewhere uh specializes in the

798

00:33:23,750 --> 00:33:22,260

old-fashioned Mouton stuff here's some

799

00:33:26,509 --> 00:33:23,760

crosstalk Freedom of Information Act

800

00:33:28,009 --> 00:33:26,519

documents blah blah blah in recent days

801
00:33:30,649 --> 00:33:28,019
on the internet I've seen a lot of

802
00:33:32,389 --> 00:33:30,659
criticism of Friedman that uh out

803
00:33:34,130 --> 00:33:32,399
somewhere he won't answer questions for

804
00:33:36,409 --> 00:33:34,140
people unless they buy one of his books

805
00:33:38,269 --> 00:33:36,419
and and he signs it and and people have

806
00:33:40,909 --> 00:33:38,279
attributed some sort of a change in his

807
00:33:43,310 --> 00:33:40,919
personality have you seen that uh yeah I

808
00:33:45,889 --> 00:33:43,320
haven't talked to Stan in many years I

809
00:33:48,830 --> 00:33:45,899
all right I really thought he did a good

810
00:33:52,490 --> 00:33:48,840
job as far as he went what turned me off

811
00:33:54,169 --> 00:33:52,500
to Stan Friedman is that when Bob came

812
00:33:57,230 --> 00:33:54,179
out and talked about working at the test

813
00:33:59,029 --> 00:33:57,240

site and Stanton was in town just about

814

00:34:00,889 --> 00:33:59,039

the time this is all going on up at my

815

00:34:03,470 --> 00:34:00,899

house and he didn't even make the

816

00:34:05,810 --> 00:34:03,480

slightest you know request to meet Bob

817

00:34:08,210 --> 00:34:05,820

or talk to him and I wanted here's the

818

00:34:10,010 --> 00:34:08,220

supposed Premier UFO researcher of the

819

00:34:12,409 --> 00:34:10,020

century and he doesn't want to talk

820

00:34:13,669 --> 00:34:12,419

about it so it kind of turned me off to

821

00:34:15,770 --> 00:34:13,679

Stan okay you want to go ahead and take

822

00:34:17,510 --> 00:34:15,780

another call sure let's go ahead go

823

00:34:20,149 --> 00:34:17,520

ahead you're on UFO line yes good

824

00:34:22,329 --> 00:34:20,159

evening John good evening Bob is Gene up

825

00:34:24,889 --> 00:34:22,339

there yes well good evening good evening

826

00:34:29,329 --> 00:34:24,899

greetings from the village Goodman

827

00:34:32,030 --> 00:34:29,339

happening uh foreign I'm not there but

828

00:34:33,409 --> 00:34:32,040

uh Billy's going to be listening to this

829

00:34:36,050 --> 00:34:33,419

tape shortly

830

00:34:37,730 --> 00:34:36,060

well how you doing Billy right actually

831

00:34:39,169 --> 00:34:37,740

the reason we decided to do this show is

832

00:34:41,930 --> 00:34:39,179

we missed the old Billy Goodman show

833

00:34:44,210 --> 00:34:41,940

here in town and uh and tried to get

834

00:34:46,190 --> 00:34:44,220

some late night talk going while you're

835

00:34:49,250 --> 00:34:46,200

doing an exceptional job and I'm glad

836

00:34:52,550 --> 00:34:49,260

that uh you know about the last time

837

00:34:53,930 --> 00:34:52,560

that you spoke on the air was on The

838

00:34:57,050 --> 00:34:53,940

Happening as far as I know remember

839

00:34:59,089 --> 00:34:57,060

probably so probably so yeah yeah the

840

00:35:01,130 --> 00:34:59,099

old Vegas World right yeah that's right

841

00:35:03,710 --> 00:35:01,140

all right yeah we had an afternoon show

842

00:35:06,010 --> 00:35:03,720

there for us for a short time

843

00:35:09,050 --> 00:35:06,020

so I just wanted to give you my garden

844

00:35:14,750 --> 00:35:09,060

is Billy doing a UF is a scientific

845

00:35:19,750 --> 00:35:17,150

oh no he's still up there uh three to

846

00:35:21,950 --> 00:35:19,760

five or no three to six every afternoon

847

00:35:25,310 --> 00:35:21,960

five days a week

848

00:35:27,410 --> 00:35:25,320

what wsuv out of Connecticut actually is

849

00:35:29,450 --> 00:35:27,420

where the uh station is at right now

850

00:35:30,950 --> 00:35:29,460

well Billy's a great host and he was

851

00:35:33,230 --> 00:35:30,960

always a good time and I people

852

00:35:35,630 --> 00:35:33,240

criticized him because he let anything

853

00:35:37,310 --> 00:35:35,640

go but you know that that provided for a

854

00:35:38,990 --> 00:35:37,320

fun show that he didn't pass judgment on

855

00:35:42,290 --> 00:35:39,000

everyone like we're just getting ready

856

00:35:44,930 --> 00:35:42,300

to do right now well John the last time

857

00:35:47,150 --> 00:35:44,940

I saw you was over there at uh

858

00:35:49,069 --> 00:35:47,160

yeah I remember that and uh of course

859

00:35:51,109 --> 00:35:49,079

Bob came out that night and it was nice

860

00:35:53,569 --> 00:35:51,119

not willingly of course no of course not

861

00:35:54,950 --> 00:35:53,579

willingly but at least it was nice to

862

00:35:57,530 --> 00:35:54,960

see you both together

863

00:35:59,210 --> 00:35:57,540

so uh Merry Christmas and seasons

864

00:36:00,530 --> 00:35:59,220

greetings to you and everyone else all

865

00:36:02,870 --> 00:36:00,540

right thanks for the call say hi to

866

00:36:04,790 --> 00:36:02,880

Billy for us okay I will okay he'll hear

867

00:36:06,950 --> 00:36:04,800

this okay right

868

00:36:09,170 --> 00:36:06,960

and I did want to tell you uh recover

869

00:36:12,109 --> 00:36:09,180

one thing uh if you guys told you both

870

00:36:14,089 --> 00:36:12,119

as uh south of town here and meeting a

871

00:36:15,589 --> 00:36:14,099

guy on some business and this guy grew

872

00:36:18,410 --> 00:36:15,599

up in New Mexico which is about 60 miles

873

00:36:19,849 --> 00:36:18,420

north of Farmington about 70 years old

874

00:36:22,010 --> 00:36:19,859

and we get to talk and we're talking

875

00:36:25,609 --> 00:36:22,020

about you know something totally

876

00:36:28,430 --> 00:36:25,619

unrelated with UFOs and in the

877

00:36:30,710 --> 00:36:28,440

conversation he said that he was a a

878

00:36:33,050 --> 00:36:30,720

roughneck on a uh for a wardrobe Trail

879

00:36:35,270 --> 00:36:33,060

passing natural gas and he started

880

00:36:36,950 --> 00:36:35,280

talking about seeing this thing land and

881

00:36:40,370 --> 00:36:36,960

I said what year was that and he said

882

00:36:42,170 --> 00:36:40,380

1948 he starts talking about a disc and

883

00:36:44,990 --> 00:36:42,180

I realized I'm talking to one of the

884

00:36:47,930 --> 00:36:45,000

only guys that's ever come forward uh

885

00:36:49,190 --> 00:36:47,940

that was at the crash at Aztec now you

886

00:36:51,230 --> 00:36:49,200

know the bills Diamond wrote the book

887

00:36:53,569 --> 00:36:51,240

price at Aztec and it's been uh

888

00:36:55,130 --> 00:36:53,579

thoroughly discredited by Bill Moore and

889

00:36:57,950 --> 00:36:55,140

all those guys but there is a lot of

890

00:36:59,750 --> 00:36:57,960

good information and I always believed

891

00:37:02,810 --> 00:36:59,760

it to be real but I never met anybody

892

00:37:05,150 --> 00:37:02,820

who actually saw it this guy was one of

893

00:37:06,770 --> 00:37:05,160

five workers at El Paso Natural Gas us

894

00:37:09,290 --> 00:37:06,780

that we're standing there in hard Canyon

895

00:37:10,569 --> 00:37:09,300

when this thing crashed it was 110

896

00:37:13,370 --> 00:37:10,579

diameter

897

00:37:15,710 --> 00:37:13,380

it had a small hole in one of the

898

00:37:17,450 --> 00:37:15,720

windows that they could peek in and see

899

00:37:19,250 --> 00:37:17,460

there was four aliens on the main deck

900

00:37:21,410 --> 00:37:19,260

and apparently there was some on a lower

901
00:37:23,089 --> 00:37:21,420
deck and they were there for five hours

902
00:37:25,730 --> 00:37:23,099
before the military got there and

903
00:37:27,290 --> 00:37:25,740
rounded them up and uh and swarmed the

904
00:37:29,450 --> 00:37:27,300
secrecy and all that and this guy's

905
00:37:31,550 --> 00:37:29,460
never told anybody this story in all

906
00:37:33,290 --> 00:37:31,560
these years he's 70 years old now but it

907
00:37:36,410 --> 00:37:33,300
was pretty interesting I went oh I

908
00:37:38,390 --> 00:37:36,420
talked to him first uh and I tried to

909
00:37:39,890 --> 00:37:38,400
see if maybe he'd read Bill's Diamond's

910
00:37:42,349 --> 00:37:39,900
book but no he hadn't so I went home and

911
00:37:43,790 --> 00:37:42,359
got the book and brought it back and he

912
00:37:45,230 --> 00:37:43,800
read it for a couple days and then I

913
00:37:46,970 --> 00:37:45,240

came back and interviewed him and he

914

00:37:48,890 --> 00:37:46,980

there's of course there's some maps and

915

00:37:51,589 --> 00:37:48,900

drawings in Bill's Diamond's book and he

916

00:37:54,650 --> 00:37:51,599

told me what was true and what was false

917

00:37:57,470 --> 00:37:54,660

there was a picture of a pole being

918

00:38:01,069 --> 00:37:57,480

poked through uh this hole in the window

919

00:38:02,870 --> 00:38:01,079

to catch the latch and open the door and

920

00:38:04,490 --> 00:38:02,880

he said the poll in the book is much too

921

00:38:06,770 --> 00:38:04,500

big it was a thin rod that came off one

922

00:38:09,470 --> 00:38:06,780

of them building trucks with El Paso

923

00:38:11,089 --> 00:38:09,480

natural gas they also also in Bill

924

00:38:12,470 --> 00:38:11,099

Stein's book it said helicopters came

925

00:38:15,290 --> 00:38:12,480

there and he said when I was there there

926
00:38:16,609 --> 00:38:15,300
was no helicopters but he said it was uh

927
00:38:18,410 --> 00:38:16,619
it was really an interesting experience

928
00:38:20,569 --> 00:38:18,420
that he never told anybody about it and

929
00:38:22,430 --> 00:38:20,579
it was kind of neat to uh to meet the

930
00:38:24,650 --> 00:38:22,440
guy how was that covered up

931
00:38:26,390 --> 00:38:24,660
I mean selling 100 feet in diameter I

932
00:38:28,370 --> 00:38:26,400
imagine people saw that inbound and so

933
00:38:30,770 --> 00:38:28,380
on and so forth so they must have had a

934
00:38:32,510 --> 00:38:30,780
cover story it was such a remote area I

935
00:38:34,370 --> 00:38:32,520
mean nobody there weren't that many

936
00:38:36,349 --> 00:38:34,380
people around there this was just you

937
00:38:38,150 --> 00:38:36,359
know an Aztec New Mexico yeah I'm not

938
00:38:40,670 --> 00:38:38,160

familiar with where that is well it's

939

00:38:42,710 --> 00:38:40,680

east of Farmington and it's uh it's a

940

00:38:44,089 --> 00:38:42,720

very desolate area Farmington if I

941

00:38:46,010 --> 00:38:44,099

remember is almost on the edge of the

942

00:38:50,450 --> 00:38:46,020

state the police chief was one of the

943

00:38:53,030 --> 00:38:50,460

guys that was there uh and they briefed

944

00:38:56,870 --> 00:38:53,040

him on secrecy he was later given a job

945

00:38:58,490 --> 00:38:56,880

in Long Beach as a police uh Chief there

946

00:39:00,950 --> 00:38:58,500

for 20 years then moved back to

947

00:39:02,990 --> 00:39:00,960

Farmington and uh Bill Steinman

948

00:39:05,030 --> 00:39:03,000

interviewed him and he just refused to

949

00:39:08,030 --> 00:39:05,040

talk about you know just even refuse to

950

00:39:12,770 --> 00:39:08,040

to discuss the incident said that brings

951
00:39:12,780 --> 00:39:21,349

okay

952
00:39:25,550 --> 00:39:24,170

what are your your current views on that

953
00:39:27,589 --> 00:39:25,560

do you still think that there is an

954
00:39:28,849 --> 00:39:27,599

underground base in Dulce yeah you know

955
00:39:30,650 --> 00:39:28,859

what story I'm referring to absolutely

956
00:39:34,690 --> 00:39:30,660

the guy that got out of there and the

957
00:39:37,250 --> 00:39:34,700

Vats of amber colored liquids uh

958
00:39:39,589 --> 00:39:37,260

why you know that there have been plenty

959
00:39:41,510 --> 00:39:39,599

of people gone up there snooping around

960
00:39:43,609 --> 00:39:41,520

oh yeah and there's no signs there

961
00:39:45,170 --> 00:39:43,619

saying secret underground bays and the

962
00:39:47,270 --> 00:39:45,180

Indians no of course not but I mean

963
00:39:50,329 --> 00:39:47,280

they've you know covered the mountains I

964

00:39:51,829 --> 00:39:50,339

mean these guys were UFO enthusiasts

965

00:39:53,450 --> 00:39:51,839

like yourself and they were you know it

966

00:39:54,950 --> 00:39:53,460

would have been more than happy to more

967

00:39:56,630 --> 00:39:54,960

than happy to find anything I mean they

968

00:39:58,670 --> 00:39:56,640

didn't find any event any even ground

969

00:40:01,130 --> 00:39:58,680

disturbances did you see any of this any

970

00:40:04,370 --> 00:40:01,140

of the work that Jim gelatosa did no

971

00:40:07,609 --> 00:40:04,380

well he he spent six weeks there with

972

00:40:10,849 --> 00:40:07,619

real sensitive uh monitors recording

973

00:40:11,710 --> 00:40:10,859

monitors and they wanted all all kinds

974

00:40:14,390 --> 00:40:11,720

of

975

00:40:16,810 --> 00:40:14,400

uh Power and stuff being generated

976

00:40:19,250 --> 00:40:16,820

around there you know it's been

977

00:40:20,690 --> 00:40:19,260

electromagnetic emissions it does yeah

978

00:40:21,710 --> 00:40:20,700

and it's been four or five years since

979

00:40:23,390 --> 00:40:21,720

they talked about these so I don't have

980

00:40:25,970 --> 00:40:23,400

a lot of this stuff over off the top of

981

00:40:28,230 --> 00:40:25,980

my hand but uh it was a it was a very

982

00:40:36,430 --> 00:40:28,240

good videotape it's fun

983

00:40:44,870 --> 00:40:39,650

but I think he called it section B

984

00:40:46,970 --> 00:40:44,880

m what about uh the guy from Los Alamos

985

00:40:48,950 --> 00:40:46,980

whose name I can't remember either my

986

00:40:52,310 --> 00:40:48,960

memory is so fantastic

987

00:40:53,930 --> 00:40:52,320

the guy we both know oh yeah yeah I

988

00:40:57,170 --> 00:40:53,940

think we better not mention his game

989

00:41:00,710 --> 00:40:57,180

because he works up at testing so

990

00:41:03,349 --> 00:41:00,720

what made his name Tom yeah we called

991

00:41:05,810 --> 00:41:03,359

him poufon or something yeah I know

992

00:41:07,310 --> 00:41:05,820

wasn't he a preacher yeah yeah because

993

00:41:10,510 --> 00:41:07,320

you started insulting Jesus and

994

00:41:14,030 --> 00:41:10,520

everything and then uh yeah

995

00:41:16,609 --> 00:41:14,040

okay John you you brought Bill Moore

996

00:41:19,130 --> 00:41:16,619

before and uh Bill Moore always seems to

997

00:41:21,109 --> 00:41:19,140

take it personally upon himself uh even

998

00:41:23,030 --> 00:41:21,119

if it's transparent to try and discredit

999

00:41:25,069 --> 00:41:23,040

anything that he is not sponsored or

1000

00:41:26,870 --> 00:41:25,079

anything he has not approved yet I

1001
00:41:29,089 --> 00:41:26,880
remember George Knapp and I met with him

1002
00:41:31,490 --> 00:41:29,099
a few years ago when he came up here and

1003
00:41:34,069 --> 00:41:31,500
and uh Moore said that he didn't believe

1004
00:41:36,310 --> 00:41:34,079
Bob is our story but

1005
00:41:39,470 --> 00:41:36,320
he had some information that actually

1006
00:41:41,329 --> 00:41:39,480
there were there was an alien settlement

1007
00:41:43,670 --> 00:41:41,339
out in central Nevada before the white

1008
00:41:45,349 --> 00:41:43,680
man moved West and we made jokes about

1009
00:41:46,970 --> 00:41:45,359
how surprised the Pioneers must have

1010
00:41:49,010 --> 00:41:46,980
been when I came right over the wagon

1011
00:41:50,690 --> 00:41:49,020
like a Twilight Zone episode and there

1012
00:41:52,310 --> 00:41:50,700
was a flying disc space there but what

1013
00:41:55,190 --> 00:41:52,320

do you think Bill Moore is up to Why do

1014

00:41:57,950 --> 00:41:55,200

you think he feels compelled to try and

1015

00:42:00,050 --> 00:41:57,960

squelch anything that that surfaces that

1016

00:42:01,490 --> 00:42:00,060

he is not sponsored I think it goes back

1017

00:42:02,930 --> 00:42:01,500

to the cover-up where everybody thinks

1018

00:42:04,550 --> 00:42:02,940

the Air Force is in charge they're not

1019

00:42:06,530 --> 00:42:04,560

it was the Navy the Navy's always been

1020

00:42:08,930 --> 00:42:06,540

in charge of the uh cover-up and they

1021

00:42:11,690 --> 00:42:08,940

use the Air Force as a Whipping Boy now

1022

00:42:14,810 --> 00:42:11,700

the air force uh when Bill Moore got

1023

00:42:16,250 --> 00:42:14,820

hooked up with was afosi uh the airport

1024

00:42:17,870 --> 00:42:16,260

Air Force officer's special

1025

00:42:19,849 --> 00:42:17,880

investigations and what they were trying

1026
00:42:23,329 --> 00:42:19,859
about they themselves want to know what

1027
00:42:24,950 --> 00:42:23,339
was going on uh so they enlisted Bill to

1028
00:42:26,750 --> 00:42:24,960
pass around you know some good

1029
00:42:29,810 --> 00:42:26,760
information some disinformation to Fair

1030
00:42:32,210 --> 00:42:29,820
it out uh the truth and I think he got

1031
00:42:34,750 --> 00:42:32,220
mixed up with AFA afosi and they don't

1032
00:42:36,890 --> 00:42:34,760
know what's going on what was the the

1033
00:42:39,849 --> 00:42:36,900
disinformation that bill more spurred

1034
00:42:42,770 --> 00:42:39,859
around uh he claims to have

1035
00:42:44,510 --> 00:42:42,780
fabricated the Benoit steel and Dolce

1036
00:42:47,329 --> 00:42:44,520
and there's a bunch of others too

1037
00:42:49,010 --> 00:42:47,339
fabricated the benoits deal yeah

1038
00:42:53,150 --> 00:42:49,020

he was the one that supposedly fed

1039

00:42:56,210 --> 00:42:53,160

benowitz the information on Dolce okay

1040

00:42:57,950 --> 00:42:56,220

so um as we March down the UFO gossip

1041

00:43:00,349 --> 00:42:57,960

list now what do you think of Linda Howe

1042

00:43:01,910 --> 00:43:00,359

I thought I think a strange Harvest

1043

00:43:04,609 --> 00:43:01,920

still stands when did it came out in

1044

00:43:06,050 --> 00:43:04,619

1979 or 1980 that was very good and it

1045

00:43:08,089 --> 00:43:06,060

was a great film and it was down to

1046

00:43:09,890 --> 00:43:08,099

earth and and lately she's been called

1047

00:43:11,870 --> 00:43:09,900

every name in the book because she has

1048

00:43:14,450 --> 00:43:11,880

gotten UFO researchers syndrome and

1049

00:43:16,910 --> 00:43:14,460

spread out and now she speaks her mind

1050

00:43:18,650 --> 00:43:16,920

on crop circles and numerous other areas

1051

00:43:21,710 --> 00:43:18,660

is pretty much a correspondent do you

1052

00:43:23,569 --> 00:43:21,720

think that that Linda has degenerated or

1053

00:43:25,190 --> 00:43:23,579

deteriorated is incredible info I

1054

00:43:28,550 --> 00:43:25,200

haven't heard what Linda said in the

1055

00:43:30,170 --> 00:43:28,560

past year a big deal about uh an

1056

00:43:31,490 --> 00:43:30,180

asteroid running into the Earth yeah I

1057

00:43:32,690 --> 00:43:31,500

remember that was about four because

1058

00:43:35,329 --> 00:43:32,700

that's when we started goner chicken

1059

00:43:38,089 --> 00:43:35,339

yeah on the internet I read uh that she

1060

00:43:41,030 --> 00:43:38,099

was on the some other radio show here in

1061

00:43:44,170 --> 00:43:41,040

town and uh played an audio tape of a

1062

00:43:46,309 --> 00:43:44,180

crowd of people running from Bigfoot

1063

00:43:48,710 --> 00:43:46,319

you know it happened oh that's right

1064

00:43:50,569 --> 00:43:48,720

she's on uh it's shown that other uh our

1065

00:43:52,430 --> 00:43:50,579

Bell shows I don't know I've never heard

1066

00:43:54,829 --> 00:43:52,440

it but I just see people talking about

1067

00:43:56,809 --> 00:43:54,839

it on the internet and then that's yeah

1068

00:44:00,349 --> 00:43:56,819

I haven't heard but but strange Harvest

1069

00:44:02,170 --> 00:44:00,359

both the book and the uh gotten after

1070

00:44:04,910 --> 00:44:02,180

and and

1071

00:44:07,670 --> 00:44:04,920

criticized and this guy comes on Bill

1072

00:44:10,190 --> 00:44:07,680

Cooper Bernie says I can't vouch for all

1073

00:44:12,770 --> 00:44:10,200

of us here says but I can vouch for 50

1074

00:44:15,349 --> 00:44:12,780

of what he says because I saw him in the

1075

00:44:17,329 --> 00:44:15,359

Navy so I got invited Bill up and I

1076
00:44:19,790 --> 00:44:17,339
talked to him he said yeah I worked in

1077
00:44:23,870 --> 00:44:19,800
an office of Pearl Harbor and he said I

1078
00:44:25,849 --> 00:44:23,880
was uh the uh to help the briefing team

1079
00:44:27,470 --> 00:44:25,859
get out the projected out later he

1080
00:44:28,970 --> 00:44:27,480
became part of the briefing team but all

1081
00:44:32,329 --> 00:44:28,980
he was was the guys that brought the

1082
00:44:34,010 --> 00:44:32,339
projector and he said he had keys to the

1083
00:44:36,349 --> 00:44:34,020
faith and he recruit at night and read

1084
00:44:38,089 --> 00:44:36,359
these documents and that's you know

1085
00:44:40,490 --> 00:44:38,099
where he originally came up with in one

1086
00:44:42,829 --> 00:44:40,500
of his stuff so we talked for a while

1087
00:44:44,450 --> 00:44:42,839
and unfortunately I think I contributed

1088
00:44:47,450 --> 00:44:44,460

to his downfall because I gave him

1089

00:44:50,450 --> 00:44:47,460

copies of all my research stuff that I

1090

00:44:52,010 --> 00:44:50,460

had collected and pretty soon he may be

1091

00:44:54,530 --> 00:44:52,020

a month or two later not only could he

1092

00:44:56,630 --> 00:44:54,540

Dodge the uh 50 percent of what I said

1093

00:44:58,190 --> 00:44:56,640

you could now buy for a hundred and

1094

00:45:00,470 --> 00:44:58,200

fifty percent

1095

00:45:03,050 --> 00:45:00,480

and uh it just went from there it just

1096

00:45:04,250 --> 00:45:03,060

got so far out that um it was ridiculous

1097

00:45:06,650 --> 00:45:04,260

but Bill

1098

00:45:09,470 --> 00:45:06,660

burnout and he honestly did see those

1099

00:45:11,569 --> 00:45:09,480

papers in the Navy well I if I remember

1100

00:45:14,270 --> 00:45:11,579

correctly amongst those favors he said

1101

00:45:15,829 --> 00:45:14,280

he saw documents about this that the

1102

00:45:17,809 --> 00:45:15,839

military was actually involved in the

1103

00:45:19,790 --> 00:45:17,819

Kennedy assassination now they may have

1104

00:45:21,290 --> 00:45:19,800

better got involved but I find it

1105

00:45:24,170 --> 00:45:21,300

difficult to believe that there would be

1106

00:45:26,329 --> 00:45:24,180

any hard copy alluding to that laying

1107

00:45:28,190 --> 00:45:26,339

around that a chief petty officer could

1108

00:45:30,470 --> 00:45:28,200

get in and read don't you find that hard

1109

00:45:32,210 --> 00:45:30,480

to believe uh yeah but as he told me the

1110

00:45:34,370 --> 00:45:32,220

story he had the keys to save for all

1111

00:45:35,990 --> 00:45:34,380

his shoes and I think I think the

1112

00:45:38,170 --> 00:45:36,000

Kennedy thing was one of the things that

1113

00:45:40,609 --> 00:45:38,180

we vouch for before

1114

00:45:42,829 --> 00:45:40,619

all this stress the information that

1115

00:45:44,770 --> 00:45:42,839

makes open and I am sitting here with

1116

00:45:48,970 --> 00:45:44,780

dear imposters

1117

00:45:52,990 --> 00:45:48,980

you guys are never this nice out there

1118

00:45:55,849 --> 00:45:53,000

listen we got to talk about drugs

1119

00:45:57,950 --> 00:45:55,859

so Vancouver was the assistant to the

1120

00:45:59,930 --> 00:45:57,960

commander of the Pacific Fleet do I

1121

00:46:01,730 --> 00:45:59,940

remember that question no it's been 16

1122

00:46:04,010 --> 00:46:01,740

years since I talked about that the

1123

00:46:06,170 --> 00:46:04,020

first time Cooper said anything or the

1124

00:46:09,650 --> 00:46:06,180

only thing I ever heard him say directly

1125

00:46:12,109 --> 00:46:09,660

was it your house John and and the only

1126

00:46:15,530 --> 00:46:12,119

thing he had claimed at that time was

1127

00:46:17,990 --> 00:46:15,540

that he was on a ship and saw a UFO come

1128

00:46:20,329 --> 00:46:18,000

out of the water tumbling into the sky

1129

00:46:21,829 --> 00:46:20,339

and that and that was it and later it

1130

00:46:24,230 --> 00:46:21,839

came summer was back down in the water

1131

00:46:26,089 --> 00:46:24,240

and two years later that object had

1132

00:46:27,290 --> 00:46:26,099

become the size of two aircraft carriers

1133

00:46:32,770 --> 00:46:27,300

right

1134

00:46:36,829 --> 00:46:35,030

let's see who else did we go asking

1135

00:46:38,390 --> 00:46:36,839

about let's get analyst Tim's good I

1136

00:46:40,309 --> 00:46:38,400

have not I've never heard anyone say

1137

00:46:43,490 --> 00:46:40,319

anything bad about Tim good he's a John

1138

00:46:45,050 --> 00:46:43,500

will say something because Tim grid was

1139

00:46:47,450 --> 00:46:45,060

was a good friend I saw him a couple

1140

00:46:49,309 --> 00:46:47,460

times in England he came out here I

1141

00:46:52,930 --> 00:46:49,319

drove him up to the Trust Bank with his

1142

00:46:56,870 --> 00:46:52,940

girlfriend who smoked in the bathroom

1143

00:46:58,970 --> 00:46:56,880

and uh you know Jordan's Hospitality

1144

00:47:01,309 --> 00:46:58,980

when he wrote that book he he wrote two

1145

00:47:04,490 --> 00:47:01,319

things it was really dishonest he said

1146

00:47:06,290 --> 00:47:04,500

uh John private that he admitted to me

1147

00:47:08,930 --> 00:47:06,300

that two of his sources have turned out

1148

00:47:11,450 --> 00:47:08,940

to be bogus and I said you know who

1149

00:47:14,089 --> 00:47:11,460

would those two sources be uh Jim and he

1150

00:47:16,910 --> 00:47:14,099

said well one is Bill Dubai Cooper was

1151
00:47:18,530 --> 00:47:16,920
never my source I was your Source you

1152
00:47:20,569 --> 00:47:18,540
know and the other one was uh he said

1153
00:47:22,370 --> 00:47:20,579
benoits and I said I never thought that

1154
00:47:24,829 --> 00:47:22,380
pen works as well I always thought that

1155
00:47:26,690 --> 00:47:24,839
balance was crank about the stuffies you

1156
00:47:28,430 --> 00:47:26,700
talked about it so he promised to

1157
00:47:29,690 --> 00:47:28,440
retract in his next his next book he

1158
00:47:31,849 --> 00:47:29,700
never did so

1159
00:47:32,710 --> 00:47:31,859
I'm still a little like kicked off at

1160
00:47:35,930 --> 00:47:32,720
dinner

1161
00:47:38,450 --> 00:47:35,940
so what do you think of the uh the push

1162
00:47:40,730 --> 00:47:38,460
nowadays you know they had the uh the

1163
00:47:44,030 --> 00:47:40,740

budget office investigating the Roswell

1164

00:47:46,069 --> 00:47:44,040

crash and it seems to me that that the

1165

00:47:47,690 --> 00:47:46,079

uh opponents of the Roswell crash are a

1166

00:47:50,450 --> 00:47:47,700

lot more vociferous nowadays now that

1167

00:47:51,890 --> 00:47:50,460

Jeffy Marcella said they walk on his

1168

00:47:52,849 --> 00:47:51,900

grave they act like he's an idiot

1169

00:47:54,290 --> 00:47:52,859

they're more on it he wouldn't have

1170

00:47:56,750 --> 00:47:54,300

known what was going on I'm specifically

1171

00:47:58,970 --> 00:47:56,760

speaking of the project Mogul balloon

1172

00:48:00,290 --> 00:47:58,980

thing uh story uh don't you think that

1173

00:48:01,910 --> 00:48:00,300

they're going way overboard and trying

1174

00:48:05,210 --> 00:48:01,920

to discredibly ourselves and

1175

00:48:06,950 --> 00:48:05,220

intelligence yeah but the thing is and

1176

00:48:08,930 --> 00:48:06,960

and the year I go making another

1177

00:48:10,910 --> 00:48:08,940

prediction I don't think we're ever

1178

00:48:13,730 --> 00:48:10,920

gonna know the truth I I don't think

1179

00:48:15,530 --> 00:48:13,740

it's in the cards ever uh every once in

1180

00:48:17,630 --> 00:48:15,540

a while here uh like I just heard the

1181

00:48:18,829 --> 00:48:17,640

other day oh yeah April 8th was going to

1182

00:48:21,170 --> 00:48:18,839

be it they're going to start releasing

1183

00:48:22,790 --> 00:48:21,180

information I don't think that they ever

1184

00:48:24,770 --> 00:48:22,800

intend to tell anybody because the

1185

00:48:27,109 --> 00:48:24,780

problem is the first little bit of

1186

00:48:28,250 --> 00:48:27,119

information will lead to more I mean

1187

00:48:29,569 --> 00:48:28,260

people are going to want to know more

1188

00:48:32,510 --> 00:48:29,579

and more and they can't tell them all

1189

00:48:34,250 --> 00:48:32,520

those Joy and and why is that what do

1190

00:48:37,190 --> 00:48:34,260

you think that it's the the top two or

1191

00:48:40,250 --> 00:48:37,200

three determining factors are I mean I I

1192

00:48:42,230 --> 00:48:40,260

think we're Beyond uh the point where

1193

00:48:43,790 --> 00:48:42,240

they think people will go crazy I think

1194

00:48:46,430 --> 00:48:43,800

that doesn't do that it has to do with

1195

00:48:48,650 --> 00:48:46,440

religion and the fact is that religion

1196

00:48:51,349 --> 00:48:48,660

is the fabric that holds Society

1197

00:48:52,490 --> 00:48:51,359

together people fear of God fear that if

1198

00:48:54,349 --> 00:48:52,500

you do something bad there will be

1199

00:48:57,530 --> 00:48:54,359

retribution

1200

00:49:00,829 --> 00:48:57,540

um if you were to uh remove this

1201
00:49:03,410 --> 00:49:00,839
religious Factor uh they think that

1202
00:49:04,130 --> 00:49:03,420
society would start breaking down

1203
00:49:07,069 --> 00:49:04,140
um

1204
00:49:09,710 --> 00:49:07,079
if the first thing comes out like oh yes

1205
00:49:12,170 --> 00:49:09,720
we we uh we recovery processaries from

1206
00:49:13,970 --> 00:49:12,180
somewhere but we don't know where people

1207
00:49:17,150 --> 00:49:13,980
are going to start you know or

1208
00:49:18,650 --> 00:49:17,160
questioning whether God is real that

1209
00:49:20,690 --> 00:49:18,660
kind of thing and I think that's what

1210
00:49:23,109 --> 00:49:20,700
they don't want to do I don't know if

1211
00:49:25,609 --> 00:49:23,119
that if that would be the case

1212
00:49:27,170 --> 00:49:25,619
with Dad made the aliens too I always

1213
00:49:29,990 --> 00:49:27,180

concerned that you followed you and

1214

00:49:31,970 --> 00:49:30,000

theology Glide head on and the bottom

1215

00:49:33,829 --> 00:49:31,980

line is that no one can be elected

1216

00:49:35,170 --> 00:49:33,839

president of the United States if they

1217

00:49:37,790 --> 00:49:35,180

say they don't believe in the

1218

00:49:40,670 --> 00:49:37,800

stereotypical Christian judeo God is

1219

00:49:42,910 --> 00:49:40,680

present God we trust on our money and so

1220

00:49:45,490 --> 00:49:42,920

you remember when that was put on no no

1221

00:49:47,870 --> 00:49:45,500

1962. oh really yeah

1222

00:49:49,730 --> 00:49:47,880

uh I wasn't old enough to have any money

1223

00:49:51,230 --> 00:49:49,740

out there his head right

1224

00:49:52,170 --> 00:49:51,240

what did you say oh it said silver

1225

00:49:54,730 --> 00:49:52,180

certificate

1226

00:49:59,510 --> 00:49:54,740

[Music]

1227

00:50:01,370 --> 00:49:59,520

right and uh so anyway I think that's

1228

00:50:02,809 --> 00:50:01,380

the battle no one wants to wage I mean

1229

00:50:04,370 --> 00:50:02,819

there's no sense I think the real

1230

00:50:06,589 --> 00:50:04,380

question is when we see someone like

1231

00:50:08,150 --> 00:50:06,599

George Bush or Bill Clinton I don't know

1232

00:50:10,430 --> 00:50:08,160

who knows what when we see them go to

1233

00:50:11,870 --> 00:50:10,440

church on television I'm curious if

1234

00:50:13,849 --> 00:50:11,880

that's just for show and they're playing

1235

00:50:14,610 --> 00:50:13,859

to the Bible yeah it would be really

1236

00:50:19,690 --> 00:50:14,620

interesting

1237

00:50:26,290 --> 00:50:23,920

let me show you this picture of uh

1238

00:50:28,550 --> 00:50:26,300

[Music]

1239

00:50:29,690 --> 00:50:28,560

just sent it to me and I got it for

1240

00:50:32,809 --> 00:50:29,700

Christmas and this was taken in

1241

00:50:34,930 --> 00:50:32,819

September of 1965. and these are the two

1242

00:50:37,370 --> 00:50:34,940

eight twelve hangers and this is the

1243

00:50:40,849 --> 00:50:37,380

yf-12 hanger and this was the supported

1244

00:50:42,470 --> 00:50:40,859

that they had f101bs and f-104s chasing

1245

00:50:44,870 --> 00:50:42,480

me uh they are playing between the test

1246

00:50:46,849 --> 00:50:44,880

program these are the u2s hangers right

1247

00:50:48,890 --> 00:50:46,859

here and that's maintenance and this is

1248

00:50:50,569 --> 00:50:48,900

the old Doom Lake control tower see that

1249

00:50:52,010 --> 00:50:50,579

little bitty thing right there and that

1250

00:50:54,349 --> 00:50:52,020

was the fire station right next to him

1251
00:50:56,510 --> 00:50:54,359
those are the barracks and back further

1252
00:51:00,109 --> 00:50:56,520
that way uh they call Baja and that's

1253
00:51:01,910 --> 00:51:00,119
where they kept the uh the eight um a12s

1254
00:51:04,849 --> 00:51:01,920
I mean I forget what's the difference

1255
00:51:08,030 --> 00:51:04,859
between the ys12 and the SR-71 it wasn't

1256
00:51:10,609 --> 00:51:08,040
one it was the nose right yeah the n12

1257
00:51:12,710 --> 00:51:10,619
was the was the CIA version and that was

1258
00:51:14,569 --> 00:51:12,720
a single place one and then when the Air

1259
00:51:16,309 --> 00:51:14,579
Force when Zach found out that the CIA

1260
00:51:18,470 --> 00:51:16,319
was flying rooms biplane they went to

1261
00:51:20,630 --> 00:51:18,480
the Pentagon say hey this can't happen

1262
00:51:24,230 --> 00:51:20,640
we're supposed to fly expire Mission so

1263
00:51:26,210 --> 00:51:24,240

they ran locking down a proof of concept

1264

00:51:28,309 --> 00:51:26,220

which is a two-place a12 which between

1265

00:51:32,690 --> 00:51:28,319

the yf-12a and they built three of those

1266

00:51:34,030 --> 00:51:32,700

and then they built about the 35 sr-71s

1267

00:51:36,530 --> 00:51:34,040

in the Air Force Through It On

1268

00:51:42,210 --> 00:51:36,540

unbeknownst to the Air Force the CIA

1269

00:51:50,870 --> 00:51:47,410

[Music]

1270

00:51:52,190 --> 00:51:50,880

hi uh I called in last week and I just

1271

00:51:55,430 --> 00:51:52,200

heard you guys talking about the uh

1272

00:51:57,170 --> 00:51:55,440

yf-12 and SR-71 differences one thing

1273

00:51:59,390 --> 00:51:57,180

I'd like to point out on the air that

1274

00:52:01,809 --> 00:51:59,400

I've never heard anyone really discuss a

1275

00:52:06,349 --> 00:52:01,819

lot about these aircraft is that the

1276

00:52:11,030 --> 00:52:06,359

yf-12a carries four Hughes long range

1277

00:52:12,530 --> 00:52:11,040

nuclear tipped missiles and uh the the

1278

00:52:13,990 --> 00:52:12,540

Air Force was constantly trying to

1279

00:52:16,250 --> 00:52:14,000

justify this

1280

00:52:18,829 --> 00:52:16,260

in front of Congress

1281

00:52:20,630 --> 00:52:18,839

and my theory has always been this

1282

00:52:24,829 --> 00:52:20,640

aircraft was specifically designed to

1283

00:52:27,109 --> 00:52:24,839

intercept UFOs at high altitudes and the

1284

00:52:29,450 --> 00:52:27,119

reason for this is because of the pulse

1285

00:52:31,970 --> 00:52:29,460

Doppler radar system that that aircraft

1286

00:52:34,069 --> 00:52:31,980

carried which would give a false

1287

00:52:36,290 --> 00:52:34,079

signature to any aircraft that it was

1288

00:52:37,970 --> 00:52:36,300

scanning to fire missile sand and this

1289

00:52:40,790 --> 00:52:37,980

was something that was totally

1290

00:52:43,130 --> 00:52:40,800

unnecessary going up against Soviet

1291

00:52:45,650 --> 00:52:43,140

aircraft at the time because none of the

1292

00:52:47,990 --> 00:52:45,660

Soviet aircraft at the time had radar

1293

00:52:51,049 --> 00:52:48,000

warning detectors they could tell where

1294

00:52:52,750 --> 00:52:51,059

a plane was radar scanning it from

1295

00:52:57,950 --> 00:52:52,760

that's interesting

1296

00:53:00,710 --> 00:52:57,960

and the ys12a also carried cameras which

1297

00:53:03,170 --> 00:53:00,720

were mounted below the engines on either

1298

00:53:05,630 --> 00:53:03,180

side which were designed for air-to-air

1299

00:53:08,690 --> 00:53:05,640

photography because the cameras pointed

1300

00:53:10,849 --> 00:53:08,700

forward and rear worked whereas the Spy

1301
00:53:13,270 --> 00:53:10,859
version had cameras mounted where the

1302
00:53:15,829 --> 00:53:13,280
missiles were pointing downward to take

1303
00:53:18,530 --> 00:53:15,839
photographs of land right

1304
00:53:21,829 --> 00:53:18,540
and it's always been my theory that the

1305
00:53:24,530 --> 00:53:21,839
idea was to intercept the UFOs because

1306
00:53:27,170 --> 00:53:24,540
this thing could travel at Mach 3 and

1307
00:53:30,109 --> 00:53:27,180
UFOs could generally have versus speed

1308
00:53:33,049 --> 00:53:30,119
up to mark IV from a sudden stop and

1309
00:53:35,809 --> 00:53:33,059
this was our best hope at the time of

1310
00:53:37,849 --> 00:53:35,819
using something to do this because there

1311
00:53:39,829 --> 00:53:37,859
was just nothing else available to even

1312
00:53:42,470 --> 00:53:39,839
attempt it what would make you think

1313
00:53:44,690 --> 00:53:42,480

that UFOs would be vulnerable to missile

1314

00:53:46,910 --> 00:53:44,700

attacks well if you used a postoper

1315

00:53:49,010 --> 00:53:46,920

radar system and you were scanning them

1316

00:53:51,230 --> 00:53:49,020

they wouldn't be able to tell exactly

1317

00:53:52,910 --> 00:53:51,240

where you were scanning them from and if

1318

00:53:55,130 --> 00:53:52,920

you fired a missile one if the missile

1319

00:53:56,750 --> 00:53:55,140

was going at Mach 4 which it had to

1320

00:53:59,150 --> 00:53:56,760

because the plane was traveling at Mach

1321

00:54:01,609 --> 00:53:59,160

3. you're assuming that the the crafts

1322

00:54:03,410 --> 00:54:01,619

are flying conventionally right if

1323

00:54:04,970 --> 00:54:03,420

they're just hovering there it was it

1324

00:54:07,130 --> 00:54:04,980

would be a stroke of what this is what

1325

00:54:08,630 --> 00:54:07,140

they would be hoping for you you've got

1326
00:54:14,020 --> 00:54:08,640
to realize that this was the best they

1327
00:54:14,030 --> 00:54:17,530
[Music]

1328
00:54:24,829 --> 00:54:21,410
one mounted under each engine okay and

1329
00:54:27,349 --> 00:54:24,839
they also had uh radiation stickers

1330
00:54:29,990 --> 00:54:27,359
mounted with them and different things

1331
00:54:32,450 --> 00:54:30,000
that could detect anomalies huh let me

1332
00:54:35,390 --> 00:54:32,460
check that out and the uh the cameras

1333
00:54:38,089 --> 00:54:35,400
were mounted below the engines on Parts

1334
00:54:40,490 --> 00:54:38,099
when it's uh one camera facing forward

1335
00:54:42,290 --> 00:54:40,500
one facing rearward well I'll check that

1336
00:54:43,910 --> 00:54:42,300
out all right I also wanted to ask Bob

1337
00:54:46,430 --> 00:54:43,920
the star real quick about the

1338
00:54:48,470 --> 00:54:46,440

electromagnetic pulse effect from the

1339

00:54:50,990 --> 00:54:48,480

disk practice

1340

00:54:53,329 --> 00:54:51,000

um are these is this done with a

1341

00:54:55,910 --> 00:54:53,339

separate generator unit inside the craft

1342

00:54:57,950 --> 00:54:55,920

or is it all connected to the main power

1343

00:55:01,730 --> 00:54:57,960

unit or it's all connected to the main

1344

00:55:05,089 --> 00:55:01,740

power unit the uh the amplifier the

1345

00:55:07,609 --> 00:55:05,099

amplifiers are pulsed uh

1346

00:55:09,829 --> 00:55:07,619

10 microseconds apart

1347

00:55:11,150 --> 00:55:09,839

and that's if you're referring to the

1348

00:55:12,770 --> 00:55:11,160

pulse I mean the reach turned on

1349

00:55:14,690 --> 00:55:12,780

sequentially right so that's not a

1350

00:55:16,910 --> 00:55:14,700

separate self-tense unit that can be

1351

00:55:19,069 --> 00:55:16,920

removed from the craft it's it's part of

1352

00:55:20,690 --> 00:55:19,079

the way the craft works right and that's

1353

00:55:24,470 --> 00:55:20,700

just a side effect of the way the craft

1354

00:55:26,690 --> 00:55:24,480

works exactly I see I also have

1355

00:55:28,609 --> 00:55:26,700

information concerning a new Warhead

1356

00:55:29,870 --> 00:55:28,619

that the United States Air Force is

1357

00:55:32,030 --> 00:55:29,880

putting on the new Advanced cruise

1358

00:55:34,490 --> 00:55:32,040

missile which is an electromagnetic

1359

00:55:37,250 --> 00:55:34,500

pulse Warhead this came out in an issue

1360

00:55:39,170 --> 00:55:37,260

of uh I have the magazine around here

1361

00:55:40,730 --> 00:55:39,180

somewhere well any nuclear warhead will

1362

00:55:42,290 --> 00:55:40,740

produce an election well yes because

1363

00:55:44,690 --> 00:55:42,300

this does it without a nuclear charge

1364

00:55:47,390 --> 00:55:44,700

this does it using an electromagnetic

1365

00:55:49,730 --> 00:55:47,400

coil and a small explosive charge

1366

00:55:51,490 --> 00:55:49,740

destroy the missile the idea is that

1367

00:55:54,049 --> 00:55:51,500

this thing will produce such a massive

1368

00:55:56,750 --> 00:55:54,059

electromagnetic pulse that it would you

1369

00:55:59,870 --> 00:55:56,760

know be used against uh headquarters

1370

00:56:01,849 --> 00:55:59,880

installations uh Financial targets where

1371

00:56:04,970 --> 00:56:01,859

you want to disrupt money systems how

1372

00:56:06,470 --> 00:56:04,980

and how on Earth do they achieve that I

1373

00:56:07,930 --> 00:56:06,480

don't know but it's been published in a

1374

00:56:11,630 --> 00:56:07,940

magazine here it is here's the article

1375

00:56:13,069 --> 00:56:11,640

what magazine is it in it's in an issue

1376

00:56:16,549 --> 00:56:13,079

from

1377

00:56:20,870 --> 00:56:16,559

uh July August 1993 Journal of military

1378

00:56:22,370 --> 00:56:20,880

Aviation volume two number four and if

1379

00:56:25,069 --> 00:56:22,380

it has a special thing in here on the

1380

00:56:27,349 --> 00:56:25,079

upgrades on the B-52 and if there's a

1381

00:56:29,030 --> 00:56:27,359

recent addition to the alcm is the

1382

00:56:31,010 --> 00:56:29,040

so-called non-winkle or disabling

1383

00:56:33,470 --> 00:56:31,020

Warheads which are well suited for

1384

00:56:35,089 --> 00:56:33,480

regional or low intensity conflicts the

1385

00:56:37,609 --> 00:56:35,099

Air Force has explored the development

1386

00:56:40,309 --> 00:56:37,619

of a non-nuclear electromagnetic pulse

1387

00:56:42,770 --> 00:56:40,319

generator an EMT burst

1388

00:56:45,109 --> 00:56:42,780

is generated by creating a magnetic

1389

00:56:47,690 --> 00:56:45,119

field in a coil and then compressing it

1390

00:56:49,430 --> 00:56:47,700

via conventional explosives okay well

1391

00:56:50,809 --> 00:56:49,440

thank you for the info we have to add

1392

00:56:51,890 --> 00:56:50,819

you our phone lines for tonight but

1393

00:56:53,510 --> 00:56:51,900

thanks for the call and give us a call

1394

00:56:55,250 --> 00:56:53,520

another time we'd like to thank

1395

00:56:57,170 --> 00:56:55,260

everybody for listening and thank our

1396

00:56:59,329 --> 00:56:57,180

guests John later John I hope you come

1397

00:57:00,890 --> 00:56:59,339

join us again it sure will and we'd like

1398

00:57:03,310 --> 00:57:00,900

to wish everybody a Merry Christmas and
