

WHAT IS IT?

Truth Seekers

@STEVEN CAMBIAN

IS IT AN ALIEN?
UNKNOWN SPECIES?
IS IT A MERMAN?
OR SOMETHING ELSE?

1
00:00:16,010 --> 00:00:14,089
greetings and salutations friends this

2
00:00:19,490 --> 00:00:16,020
is the first of our new series of True

3
00:00:22,490 --> 00:00:19,500
Seeker shorts what is it today's subject

4
00:00:24,529 --> 00:00:22,500
is a particularly interesting video that

5
00:00:27,050 --> 00:00:24,539
people keep sending me

6
00:00:30,769 --> 00:00:27,060
this video depicts what appears to be a

7
00:00:32,990 --> 00:00:30,779
very strange creature this video has

8
00:00:35,150 --> 00:00:33,000
been making the rounds on social media

9
00:00:37,729 --> 00:00:35,160
and many people are making some pretty

10
00:00:40,130 --> 00:00:37,739
Fantastical claims about the creature

11
00:00:42,470 --> 00:00:40,140
depicted in this video

12
00:00:45,170 --> 00:00:42,480
I've seen some people claiming that it

13
00:00:47,389 --> 00:00:45,180

is a merman from Atlantis who somehow

14

00:00:50,209 --> 00:00:47,399

got tangled up in fishing nets and got

15

00:00:52,490 --> 00:00:50,219

captured still others have claimed that

16

00:00:55,270 --> 00:00:52,500

it is an alien from some Far Away

17

00:00:57,709 --> 00:00:55,280

aquatic world in the Stars

18

00:01:00,709 --> 00:00:57,719

so what is it

19

00:01:02,810 --> 00:01:00,719

first the mystery video includes some

20

00:01:06,050 --> 00:01:02,820

interesting clues about what this

21

00:01:08,630 --> 00:01:06,060

creature really is the presence of some

22

00:01:11,450 --> 00:01:08,640

things I know for a fact that latex prop

23

00:01:14,510 --> 00:01:11,460

makers use like an air compressor and a

24

00:01:17,030 --> 00:01:14,520

hair dryer to me was a dead giveaway

25

00:01:20,690 --> 00:01:17,040

that what is depicted in this mystery

26

00:01:23,030 --> 00:01:20,700

video is actually a latex movie prop

27

00:01:25,670 --> 00:01:23,040

but you can't do research by just

28

00:01:28,429 --> 00:01:25,680

Proclamation so I know I'd have to find

29

00:01:31,490 --> 00:01:28,439

the movie that this was in and do a very

30

00:01:34,609 --> 00:01:31,500

detailed comparison we needed to know

31

00:01:38,149 --> 00:01:34,619

what movie this was actually used in if

32

00:01:40,550 --> 00:01:38,159

it is indeed a latex movie crop so I

33

00:01:43,429 --> 00:01:40,560

scoured the internet and at first I came

34

00:01:45,890 --> 00:01:43,439

up pretty empty until I came across a

35

00:01:48,429 --> 00:01:45,900

post about sea monsters in film and

36

00:01:51,889 --> 00:01:48,439

television and saw a particularly

37

00:01:55,249 --> 00:01:51,899

familiar creature after reading the post

38

00:01:56,810 --> 00:01:55,259

to me the mystery behind this video was

39

00:02:00,350 --> 00:01:56,820

completely solved

40

00:02:02,330 --> 00:02:00,360

it was indeed a latex prop but not from

41

00:02:04,789 --> 00:02:02,340

a movie but rather from the science

42

00:02:06,289 --> 00:02:04,799

fiction television series called Raised

43

00:02:08,870 --> 00:02:06,299

by Wolves

44

00:02:11,449 --> 00:02:08,880

we found the exact episode that this

45

00:02:14,210 --> 00:02:11,459

prop was used in and we will show you

46

00:02:16,010 --> 00:02:14,220

that footage the first time I show the

47

00:02:18,050 --> 00:02:16,020

footage is pretty stock for the

48

00:02:20,809 --> 00:02:18,060

television series but the second time we

49

00:02:22,670 --> 00:02:20,819

show you the footage I have zoomed in so

50

00:02:26,449 --> 00:02:22,680

you can see the Creature from the TV

51
00:02:26,459 --> 00:02:32,740
foreign

52
00:03:10,930 --> 00:02:56,020
[Music]

53
00:03:16,610 --> 00:03:14,089
clearly the latex prop depicted in our

54
00:03:19,149 --> 00:03:16,620
mystery video making the rounds and the

55
00:03:22,550 --> 00:03:19,159
creature used in this television series

56
00:03:23,890 --> 00:03:22,560
Raised by Wolves is the exact same

57
00:03:27,170 --> 00:03:23,900
creature

58
00:03:29,630 --> 00:03:27,180
interestingly the television show uses a

59
00:03:32,270 --> 00:03:29,640
mix of special effects to create the

60
00:03:33,970 --> 00:03:32,280
illusion of this sea creature the first

61
00:03:37,850 --> 00:03:33,980
part of the sequence

62
00:03:40,610 --> 00:03:37,860
shows a creature that is generated in my

63
00:03:42,589 --> 00:03:40,620

opinion by CGI the first sequence for

64

00:03:45,589 --> 00:03:42,599

the television show Raised by Wolves we

65

00:03:47,990 --> 00:03:45,599

see a CGI version of the exact same

66

00:03:50,630 --> 00:03:48,000

creature shown in the mystery video

67

00:03:53,270 --> 00:03:50,640

later in the sequence we see the female

68

00:03:55,309 --> 00:03:53,280

actress actually bend down and get right

69

00:03:58,729 --> 00:03:55,319

on top of the creature this is difficult

70

00:04:02,750 --> 00:03:58,739

to do with CGI which is why they

71

00:04:04,270 --> 00:04:02,760

probably used a latex creature prop in

72

00:04:09,890 --> 00:04:04,280

those scenes

73

00:04:11,809 --> 00:04:09,900

latex sea monster prop the scenes where

74

00:04:13,610 --> 00:04:11,819

the girl bends down and gets right on

75

00:04:16,729 --> 00:04:13,620

top of the creature

76

00:04:20,030 --> 00:04:16,739

so while I'd love to see a real merman

77

00:04:22,370 --> 00:04:20,040

from Atlantis or an alien creature from

78

00:04:25,670 --> 00:04:22,380

an Exotic Aquatic World somewhere out

79

00:04:28,129 --> 00:04:25,680

there in space this is clearly a latex

80

00:04:30,950 --> 00:04:28,139

sea monster prop used in the television

81

00:04:34,790 --> 00:04:30,960

series Raised by Wolves specifically

82

00:04:36,830 --> 00:04:34,800

season 2 episode 5. I reached out to a

83

00:04:39,050 --> 00:04:36,840

producer connected to the show and he

84

00:04:42,409 --> 00:04:39,060

confirmed for me that we were absolutely

85

00:04:44,629 --> 00:04:42,419

correct in our analysis the mystery

86

00:04:47,030 --> 00:04:44,639

footage of the creature was actually

87

00:04:49,730 --> 00:04:47,040

taken from the social media of one of

88

00:04:52,370 --> 00:04:49,740

the special effects artists

89

00:04:56,150 --> 00:04:52,380

so here we ask the question what is it

90

00:04:58,430 --> 00:04:56,160

and today we have an answer so it is

91

00:05:01,370 --> 00:04:58,440

definitely not a merman or a sea

92

00:05:03,290 --> 00:05:01,380

creature from some underwater world it

93

00:05:04,310 --> 00:05:03,300

is definitely not an alien from the

94

00:05:07,129 --> 00:05:04,320

Stars

95

00:05:10,189 --> 00:05:07,139

we now know definitively that this

96

00:05:13,129 --> 00:05:10,199

creature in the mystery video it is a

97

00:05:16,310 --> 00:05:13,139

latex creature prop created and used in

98

00:05:18,290 --> 00:05:16,320

the television series Raised by Wolves
