COLM KELLEHER
SKINWALKERS AT THE PENTAGON

1
00:00:05,010 --> 00:00:23,269

[Music]

2
00:00:27,830 --> 00:00:25,189

on our show today we have dr colin

3
00:00:30,790 --> 00:00:27,840

kelleher who is a molecular biologist uh

4
00:00:32,790 --> 00:00:30,800

the former deputy administrator of bass

5
00:00:35,910 --> 00:00:32,800

which was the uh program run by robert

6
00:00:37,670 --> 00:00:35,920

bigelow also in conjunction with awsapp

7
00:00:39,510 --> 00:00:37,680

lots of acronyms we're going to explain

8
00:00:42,389 --> 00:00:39,520

it all and break it all down

9
00:00:44,709 --> 00:00:42,399

so welcome to the show dr colin kelleher

10
00:00:47,510 --> 00:00:44,719

thank you good to be here glad to have

11
00:00:49,830 --> 00:00:47,520

you sir and of course my uh astute host

12
00:00:51,830 --> 00:00:49,840

uh co-host jason gilmet how are you my

13
00:00:54,069 --> 00:00:51,840

friend i am doing very good i'm so

14

00:00:55,910 --> 00:00:54,079

excited for this uh conversation i've

15

00:00:57,029 --> 00:00:55,920

been looking forward to it all week so

16

00:00:58,389 --> 00:00:57,039

bring it

17

00:00:59,990 --> 00:00:58,399

so we kind of just wanted to give a

18

00:01:01,349 --> 00:01:00,000

rough uh background in terms of the

19

00:01:03,270 --> 00:01:01,359

chronology i know there's a lot of

20

00:01:05,670 --> 00:01:03,280

misconceptions out there people have

21

00:01:07,670 --> 00:01:05,680

heard the term atip which predominantly

22

00:01:10,149 --> 00:01:07,680

comes from that 2017 release in the new

23

00:01:11,429 --> 00:01:10,159

york times the tic tac video the gimbal

24

00:01:13,190 --> 00:01:11,439

video but there's a lot of

25

00:01:15,350 --> 00:01:13,200

misconceptions around

26

00:01:18,230 --> 00:01:15,360

which program had the funding

27

00:01:21,109 --> 00:01:18,240

asap actually pre-dates atip and they

28

00:01:23,270 --> 00:01:21,119

were the bulk of the research and uh

29

00:01:25,190 --> 00:01:23,280

column you work for atip and again we

30

00:01:27,670 --> 00:01:25,200

had george knapp on last week his

31

00:01:30,149 --> 00:01:27,680

perspective was from nids which was in

32

00:01:32,870 --> 00:01:30,159

95 to 96 which was the national

33

00:01:35,030 --> 00:01:32,880

institute of discovery science um george

34

00:01:37,270 --> 00:01:35,040

was a consultant to robert bigelow for

35

00:01:39,910 --> 00:01:37,280

that so when robert bigelow got the

36

00:01:42,069 --> 00:01:39,920

contract to actually help study this

37

00:01:44,069 --> 00:01:42,079

phenomenon he pulled all the resources

38

00:01:46,550 --> 00:01:44,079

he had including yourself and dr jim

39

00:01:48,550 --> 00:01:46,560

zakatsky so give us a bit of a breakdown

40

00:01:50,149 --> 00:01:48,560

of how this all started and what it

41

00:01:52,710 --> 00:01:50,159

turned into

42

00:01:54,630 --> 00:01:52,720

well it really does go back i think

43

00:01:57,990 --> 00:01:54,640

george probably mentioned this all the

44

00:02:00,469 --> 00:01:58,000

way back to 1995

45

00:02:03,190 --> 00:02:00,479

when when robert bigelow

46

00:02:05,749 --> 00:02:03,200

decided to form this organization called

47

00:02:09,350 --> 00:02:05,759

national institute for discovery science

48

00:02:11,670 --> 00:02:09,360

and so um in 1996

49

00:02:14,229 --> 00:02:11,680

he began robert bigelow started hiring

50

00:02:17,190 --> 00:02:14,239

people he hired a physicist he hired a

51
00:02:19,030 --> 00:02:17,200
full-time veterinarian and he hired me

52
00:02:22,790 --> 00:02:19,040
my background's biology molecular

53
00:02:26,070 --> 00:02:22,800
biology biochemistry and the purpose for

54
00:02:28,949 --> 00:02:26,080
nids was to really start bringing

55
00:02:31,110 --> 00:02:28,959
mainstream science methodology to the

56
00:02:33,350 --> 00:02:31,120
study of anomalies and that would

57
00:02:34,790 --> 00:02:33,360
include everything from

58
00:02:36,470 --> 00:02:34,800
ufos

59
00:02:38,309 --> 00:02:36,480
all the way out through

60
00:02:40,309 --> 00:02:38,319
the um

61
00:02:42,550 --> 00:02:40,319
the so-called survival of human

62
00:02:45,030 --> 00:02:42,560
consciousness after death which is

63
00:02:47,509 --> 00:02:45,040

a very different topic but as time has

64

00:02:49,670 --> 00:02:47,519

gone on in the last 25 years

65

00:02:51,270 --> 00:02:49,680

it's become more and more obvious that

66

00:02:53,030 --> 00:02:51,280

there's considerable overlap between

67

00:02:56,790 --> 00:02:53,040

these two topics so

68

00:02:59,670 --> 00:02:56,800

in august of 1996 um

69

00:03:01,589 --> 00:02:59,680

just after i was hired robert bigelow

70

00:03:02,710 --> 00:03:01,599

and nid started hearing through the

71

00:03:03,830 --> 00:03:02,720

grapevine

72

00:03:05,509 --> 00:03:03,840

a lot of

73

00:03:09,750 --> 00:03:05,519

reports that were coming out of this

74

00:03:12,070 --> 00:03:09,760

weird ranch in northeastern utah

75

00:03:14,149 --> 00:03:12,080

long story short within a month robert

76

00:03:16,869 --> 00:03:14,159

bigelow had purchased it

77

00:03:20,630 --> 00:03:16,879

had moved a lot of equipment onto the

78

00:03:22,470 --> 00:03:20,640

property and by the end of august 1996

79

00:03:24,149 --> 00:03:22,480

things were in full swing

80

00:03:25,830 --> 00:03:24,159

i and uh

81

00:03:26,869 --> 00:03:25,840

the two other staff members i had

82

00:03:29,670 --> 00:03:26,879

mentioned

83

00:03:33,750 --> 00:03:29,680

um were deployed on the property full

84

00:03:37,589 --> 00:03:33,760

time beginning in september of 1996.

85

00:03:40,149 --> 00:03:37,599

i spent probably 300 plus days

86

00:03:42,789 --> 00:03:40,159

on skinwalker ranch it became later

87

00:03:44,470 --> 00:03:42,799

known as skinwalker ranch after george

88

00:03:46,789 --> 00:03:44,480

and i had published this book called

89

00:03:50,470 --> 00:03:46,799

hunt for the skinwalker

90

00:03:51,309 --> 00:03:50,480

which was 2005 but between 1996

91

00:03:53,030 --> 00:03:51,319

and

92

00:03:56,550 --> 00:03:53,040

2002

93

00:04:00,869 --> 00:03:56,560

um we had a const nids had a constant

94

00:04:01,830 --> 00:04:00,879

stream of technical people um support

95

00:04:04,949 --> 00:04:01,840

people

96

00:04:07,350 --> 00:04:04,959

and scientific talent as well as a lot

97

00:04:09,350 --> 00:04:07,360

of equipment deployed on skinwalker

98

00:04:10,390 --> 00:04:09,360

ranch and the bottom line was to try to

99

00:04:13,350 --> 00:04:10,400

capture

100

00:04:15,830 --> 00:04:13,360

evidence of anomalies because

101
00:04:18,710 --> 00:04:15,840
that the discovery part of national

102
00:04:20,949 --> 00:04:18,720
history for discovery science was

103
00:04:23,430 --> 00:04:20,959
based on the premise that studying

104
00:04:25,749 --> 00:04:23,440
anomalies is part of the scientific

105
00:04:28,469 --> 00:04:25,759
discovery process

106
00:04:29,590 --> 00:04:28,479
so the the way to short circuit

107
00:04:30,870 --> 00:04:29,600
um

108
00:04:31,909 --> 00:04:30,880
a lot of the

109
00:04:34,310 --> 00:04:31,919
um

110
00:04:36,870 --> 00:04:34,320
creativity in science is to put a lot of

111
00:04:38,070 --> 00:04:36,880
focus on anomalies and that way to

112
00:04:39,670 --> 00:04:38,080
initiate

113
00:04:42,469 --> 00:04:39,680

um this

114

00:04:43,749 --> 00:04:42,479

whole new areas of study so

115

00:04:45,590 --> 00:04:43,759

you know

116

00:04:47,590 --> 00:04:45,600

looking at anomalies is a very

117

00:04:50,469 --> 00:04:47,600

legitimate part of the scientific

118

00:04:51,670 --> 00:04:50,479

process or it certainly should be so

119

00:04:53,909 --> 00:04:51,680

um

120

00:04:56,550 --> 00:04:53,919

by 2002

121

00:04:59,270 --> 00:04:56,560

we had accumulated nids had accumulated

122

00:05:01,909 --> 00:04:59,280

a lot of data on skin walker ranch we

123

00:05:04,950 --> 00:05:01,919

had document documented probably a

124

00:05:06,870 --> 00:05:04,960

hundred separate anomalies we had small

125

00:05:08,629 --> 00:05:06,880

amounts of physical evidence but not a

126
00:05:11,350 --> 00:05:08,639
huge amount

127
00:05:13,990 --> 00:05:11,360
after that um

128
00:05:17,110 --> 00:05:14,000
probably by 2004

129
00:05:20,390 --> 00:05:17,120
i left to uh to take up a position at a

130
00:05:23,350 --> 00:05:20,400
biotechnology company in san francisco

131
00:05:26,070 --> 00:05:23,360
i was working on virology and

132
00:05:30,390 --> 00:05:26,080
biochemistry for about four years got a

133
00:05:33,110 --> 00:05:30,400
call from robert bigelow in 2008 saying

134
00:05:34,950 --> 00:05:33,120
there is a new program

135
00:05:39,029 --> 00:05:34,960
funded by the defense intelligence

136
00:05:41,590 --> 00:05:39,039
agency that's starting up to study ufos

137
00:05:42,629 --> 00:05:41,600
um about 22 million dollars over two

138
00:05:44,710 --> 00:05:42,639

years

139

00:05:46,950 --> 00:05:44,720

and uh he wanted me to come from san

140

00:05:48,950 --> 00:05:46,960

francisco back to las vegas

141

00:05:51,270 --> 00:05:48,960

and you know this was an offer i just

142

00:05:53,670 --> 00:05:51,280

couldn't refuse the idea of

143

00:05:55,510 --> 00:05:53,680

working behind the scenes

144

00:05:58,309 --> 00:05:55,520

at one of the premier intelligence

145

00:06:00,550 --> 00:05:58,319

agencies in the country so naturally i

146

00:06:02,390 --> 00:06:00,560

jumped on a plane and in november of

147

00:06:04,790 --> 00:06:02,400

2008

148

00:06:06,469 --> 00:06:04,800

i started work for

149

00:06:12,550 --> 00:06:06,479

bigelow

150

00:06:15,510 --> 00:06:12,560

and we the purpose of of this new

151

00:06:18,390 --> 00:06:15,520

organization was to execute on the

152

00:06:20,790 --> 00:06:18,400

defense intelligence agency contract

153

00:06:23,029 --> 00:06:20,800

which was the advanced aerospace weapons

154

00:06:25,350 --> 00:06:23,039

systems application program

155

00:06:29,029 --> 00:06:25,360

also known as asap so

156

00:06:31,670 --> 00:06:29,039

november of 2008 is really when

157

00:06:34,710 --> 00:06:31,680

um i was tasked with

158

00:06:37,189 --> 00:06:34,720

uh hiring a team

159

00:06:38,469 --> 00:06:37,199

of uh specialists to start working on

160

00:06:41,270 --> 00:06:38,479

this program

161

00:06:42,070 --> 00:06:41,280

um it had just been recently funded and

162

00:06:45,029 --> 00:06:42,080

um

163

00:06:46,629 --> 00:06:45,039

we were we were determined to get our

164

00:06:48,390 --> 00:06:46,639

boots on the ground as quickly as

165

00:06:51,510 --> 00:06:48,400

possible

166

00:06:52,469 --> 00:06:51,520

so i within the next four four to five

167

00:06:54,710 --> 00:06:52,479

months

168

00:06:57,189 --> 00:06:54,720

i conducted probably

169

00:06:59,189 --> 00:06:57,199

two to three hundred separate uh

170

00:07:02,070 --> 00:06:59,199

interviews of people we were trying to

171

00:07:03,589 --> 00:07:02,080

recruit people as fast as possible but

172

00:07:05,189 --> 00:07:03,599

obviously we weren't

173

00:07:07,270 --> 00:07:05,199

you know dragging people in off the

174

00:07:09,430 --> 00:07:07,280

street we were trying to get people

175

00:07:10,710 --> 00:07:09,440

number one who had a lot of uh

176

00:07:12,469 --> 00:07:10,720

experience

177

00:07:14,870 --> 00:07:12,479

uh scientifically who had a lot of

178

00:07:16,550 --> 00:07:14,880

experience in counter intelligence

179

00:07:18,390 --> 00:07:16,560

operations who had backgrounds in

180

00:07:20,790 --> 00:07:18,400

military intelligence

181

00:07:22,790 --> 00:07:20,800

who had phds in some case master's

182

00:07:25,589 --> 00:07:22,800

degrees in some case

183

00:07:27,270 --> 00:07:25,599

we also hired sort of

184

00:07:33,029 --> 00:07:27,280

specialists

185

00:07:35,189 --> 00:07:33,039

um and and also analysts as well as

186

00:07:38,790 --> 00:07:35,199

security officers so by

187

00:07:42,070 --> 00:07:38,800

probably um mid 2009

188

00:07:45,670 --> 00:07:42,080

i had hired approximately 50 full-time

189

00:07:49,830 --> 00:07:45,680

people who were you know up and running

190

00:07:51,909 --> 00:07:49,840

by mid mid 2009 we had a full a full

191

00:07:54,869 --> 00:07:51,919

staff including security officers

192

00:07:57,990 --> 00:07:54,879

including military intelligence people

193

00:08:00,469 --> 00:07:58,000

uh scientists engineers technicians

194

00:08:03,189 --> 00:08:00,479

translators

195

00:08:05,990 --> 00:08:03,199

you know it was a very very

196

00:08:07,430 --> 00:08:06,000

fast pace for normally for a government

197

00:08:09,270 --> 00:08:07,440

program

198

00:08:11,430 --> 00:08:09,280

it would probably take two years to put

199

00:08:14,070 --> 00:08:11,440

that kind of a team together but we did

200

00:08:16,550 --> 00:08:14,080

it in less than six months now on top of

201
00:08:19,510 --> 00:08:16,560
that we also had to put together the

202
00:08:22,710 --> 00:08:19,520
entire security infrastructure of the

203
00:08:24,469 --> 00:08:22,720
organization which meant that we had to

204
00:08:27,270 --> 00:08:24,479
outfit buildings

205
00:08:29,510 --> 00:08:27,280
um to so that they could be accredited

206
00:08:32,230 --> 00:08:29,520
by the defense intelligence agency and

207
00:08:35,509 --> 00:08:32,240
the national security agency to handle

208
00:08:38,310 --> 00:08:35,519
top secret communications top seek

209
00:08:40,149 --> 00:08:38,320
secret material and top secret documents

210
00:08:43,190 --> 00:08:40,159
so that whole thing was running in

211
00:08:46,150 --> 00:08:43,200
parallel so the people in washington dc

212
00:08:48,550 --> 00:08:46,160
you mentioned dr james lukowski

213
00:08:51,350 --> 00:08:48,560

were very very active during that whole

214

00:08:53,190 --> 00:08:51,360

period because we were working in tandem

215

00:08:55,829 --> 00:08:53,200

out of las vegas

216

00:08:57,750 --> 00:08:55,839

the main team of 50 people were working

217

00:09:01,910 --> 00:08:57,760

in las vegas but at the same time there

218

00:09:03,990 --> 00:09:01,920

was a separate arm out in washington dc

219

00:09:06,230 --> 00:09:04,000

who were tasked with getting all of the

220

00:09:07,829 --> 00:09:06,240

security infrastructure together and i

221

00:09:09,990 --> 00:09:07,839

don't know how much you know about

222

00:09:14,310 --> 00:09:10,000

government programs but getting

223

00:09:15,910 --> 00:09:14,320

fast-tracked top-secret sci clearances

224

00:09:18,230 --> 00:09:15,920

in a matter of months just doesn't

225

00:09:21,190 --> 00:09:18,240

happen right i mean this this was an

226

00:09:23,350 --> 00:09:21,200

extraordinary achievement to to put

227

00:09:25,990 --> 00:09:23,360

together not only the security

228

00:09:29,350 --> 00:09:26,000

infrastructure but also have the people

229

00:09:31,590 --> 00:09:29,360

involved and also um get the whole thing

230

00:09:34,070 --> 00:09:31,600

up and running within a six-month period

231

00:09:36,870 --> 00:09:34,080

uh like i said i would guess the normal

232

00:09:38,389 --> 00:09:36,880

way things are done uh for a government

233

00:09:40,949 --> 00:09:38,399

program would be to have that kind of

234

00:09:43,430 --> 00:09:40,959

thing up maybe in two years maybe three

235

00:09:45,910 --> 00:09:43,440

years so um it was an extraordinary

236

00:09:48,150 --> 00:09:45,920

rapid pace and the reason for that was

237

00:09:50,070 --> 00:09:48,160

that we knew that the clock was ticking

238

00:09:53,509 --> 00:09:50,080

this was a very very controversial

239

00:09:56,230 --> 00:09:53,519

program even within the pentagon so we

240

00:09:59,430 --> 00:09:56,240

knew that there was a lot of people who

241

00:10:01,829 --> 00:09:59,440

a did not want to see this happen at all

242

00:10:03,590 --> 00:10:01,839

but b once was up and running they were

243

00:10:04,710 --> 00:10:03,600

really interested in taking some of the

244

00:10:06,550 --> 00:10:04,720

money

245

00:10:08,630 --> 00:10:06,560

and see they were really interested in

246

00:10:10,550 --> 00:10:08,640

shutting down the program so there was a

247

00:10:11,829 --> 00:10:10,560

lot of

248

00:10:14,470 --> 00:10:11,839

internal

249

00:10:16,630 --> 00:10:14,480

activity going on that the people in

250

00:10:18,949 --> 00:10:16,640

washington dc

251

00:10:22,230 --> 00:10:18,959

really did an excellent job in

252

00:10:25,430 --> 00:10:22,240

preventing any of that from happening so

253

00:10:27,829 --> 00:10:25,440

we actually ran successfully for 24

254

00:10:31,269 --> 00:10:27,839

months with a three month no cost

255

00:10:33,829 --> 00:10:31,279

extension so the the entire

256

00:10:35,590 --> 00:10:33,839

duration of this program was 27 months

257

00:10:38,069 --> 00:10:35,600

months which was

258

00:10:40,310 --> 00:10:38,079

a very very active time

259

00:10:42,550 --> 00:10:40,320

well is it not true that the the acronym

260

00:10:44,870 --> 00:10:42,560

atip was actually a nickname given to

261

00:10:46,790 --> 00:10:44,880

the program for the sole reason to make

262

00:10:49,110 --> 00:10:46,800

it harder for people within the pentagon

263

00:10:51,750 --> 00:10:49,120

to figure out what's actually going on

264

00:10:53,829 --> 00:10:51,760

atip would lead nowhere because awsap is

265

00:10:55,829 --> 00:10:53,839

the actual program so even

266

00:10:58,150 --> 00:10:55,839

i mean high clearance people that's

267

00:11:00,790 --> 00:10:58,160

right osap was the

268

00:11:04,150 --> 00:11:00,800

the program that was um

269

00:11:06,069 --> 00:11:04,160

was put out for bid on the um on the

270

00:11:08,310 --> 00:11:06,079

normal uh way that the federal

271

00:11:09,190 --> 00:11:08,320

government does it goes it used to go

272

00:11:12,389 --> 00:11:09,200

through

273

00:11:14,949 --> 00:11:12,399

a website uh portal called

274

00:11:17,430 --> 00:11:14,959

um what was it called uh

275

00:11:19,269 --> 00:11:17,440

it's now called sam.gov but it was

276
00:11:21,910 --> 00:11:19,279
called something else in in those days

277
00:11:23,670 --> 00:11:21,920
but it was word where um

278
00:11:27,590 --> 00:11:23,680
the dod

279
00:11:30,069 --> 00:11:27,600
or the doe or other other nasa

280
00:11:31,590 --> 00:11:30,079
other organizations used to put programs

281
00:11:34,470 --> 00:11:31,600
out for bid so

282
00:11:37,829 --> 00:11:34,480
this was a competitively bid process

283
00:11:40,630 --> 00:11:37,839
that ended up that the asap program

284
00:11:42,550 --> 00:11:40,640
um was was fully funded by the defense

285
00:11:44,790 --> 00:11:42,560
intelligence agency

286
00:11:45,990 --> 00:11:44,800
the atip

287
00:11:49,110 --> 00:11:46,000
acronym

288
00:11:50,230 --> 00:11:49,120

arose basically as you mentioned

289

00:11:52,790 --> 00:11:50,240

because

290

00:11:56,230 --> 00:11:52,800

the process of acquiring special access

291

00:11:59,030 --> 00:11:56,240

program status which was initiated by

292

00:12:02,310 --> 00:11:59,040

senate majority leader harry reid

293

00:12:03,750 --> 00:12:02,320

as a way of protecting the osap program

294

00:12:05,990 --> 00:12:03,760

because a lot of data was being

295

00:12:09,110 --> 00:12:06,000

accumulated some of that data was

296

00:12:10,710 --> 00:12:09,120

classified and some of the methodology

297

00:12:13,190 --> 00:12:10,720

being used to collect that data was

298

00:12:15,910 --> 00:12:13,200

classified so in order to protect the

299

00:12:17,430 --> 00:12:15,920

program uh further senator reid

300

00:12:19,829 --> 00:12:17,440

initiated this

301
00:12:22,310 --> 00:12:19,839
program with the um with the department

302
00:12:25,190 --> 00:12:22,320
of defense in order to gain special

303
00:12:29,269 --> 00:12:25,200
access program status but a way of

304
00:12:32,310 --> 00:12:29,279
protecting uh the nut the information on

305
00:12:34,710 --> 00:12:32,320
awesome was to use a nickname which we

306
00:12:37,350 --> 00:12:34,720
called atip in order to protect the

307
00:12:40,310 --> 00:12:37,360
program so atip was nothing more than

308
00:12:42,870 --> 00:12:40,320
essentially a nickname it had no basis

309
00:12:43,910 --> 00:12:42,880
as a program it had no basis even as a

310
00:12:47,509 --> 00:12:43,920
project

311
00:12:51,670 --> 00:12:47,519
but later on sort of several years later

312
00:12:53,670 --> 00:12:51,680
that the the word atip was used

313
00:12:56,629 --> 00:12:53,680

to essentially

314

00:12:59,030 --> 00:12:56,639

name a an unfunded

315

00:13:01,590 --> 00:12:59,040

collab collaborative project that was

316

00:13:03,750 --> 00:13:01,600

operating behind the scenes from people

317

00:13:05,590 --> 00:13:03,760

who were working on their own time

318

00:13:07,750 --> 00:13:05,600

people who were collaborating with each

319

00:13:08,710 --> 00:13:07,760

other within the department of defense

320

00:13:11,030 --> 00:13:08,720

so

321

00:13:13,030 --> 00:13:11,040

when the new york times article in

322

00:13:14,550 --> 00:13:13,040

december 2017

323

00:13:16,629 --> 00:13:14,560

published

324

00:13:17,990 --> 00:13:16,639

this you know they basically broke the

325

00:13:21,350 --> 00:13:18,000

whole program

326

00:13:24,470 --> 00:13:21,360

they mistakenly used that um

327

00:13:26,470 --> 00:13:24,480

acronym atip instead of the word asap

328

00:13:29,430 --> 00:13:26,480

and they mistakenly assigned louis

329

00:13:31,509 --> 00:13:29,440

elizondo to be head of this program

330

00:13:33,670 --> 00:13:31,519

linking it with the 22 million dollars

331

00:13:35,750 --> 00:13:33,680

in funding and that you know that was a

332

00:13:39,750 --> 00:13:35,760

mistake in reporting by the new york

333

00:13:41,350 --> 00:13:39,760

times um but it said in ch in in motion

334

00:13:44,230 --> 00:13:41,360

a chain of events

335

00:13:46,150 --> 00:13:44,240

that um escalated the the

336

00:13:48,949 --> 00:13:46,160

whole um

337

00:13:51,509 --> 00:13:48,959

effort of a tip into something that

338

00:13:54,870 --> 00:13:51,519

never it never never should have right

339

00:13:57,509 --> 00:13:54,880

awsap was the program that ran for 27

340

00:14:00,150 --> 00:13:57,519

months awesome was the program that had

341

00:14:03,509 --> 00:14:00,160

22 million dollars of funding awesome

342

00:14:06,310 --> 00:14:03,519

was the program that had 50 full-time

343

00:14:09,030 --> 00:14:06,320

um professionals that were working

344

00:14:11,430 --> 00:14:09,040

you know 40 to 60 hours a week on this

345

00:14:14,949 --> 00:14:11,440

program a tip on the other hand was not

346

00:14:18,550 --> 00:14:14,959

a funded program a tip was uh was was

347

00:14:22,310 --> 00:14:18,560

not an officially sanctioned program it

348

00:14:25,350 --> 00:14:22,320

was a an unofficial collaborative effort

349

00:14:28,150 --> 00:14:25,360

between people in the pentagon who had

350

00:14:29,350 --> 00:14:28,160

an interest in this topic and who were

351
00:14:30,389 --> 00:14:29,360
trying to

352
00:14:33,350 --> 00:14:30,399
interview

353
00:14:37,269 --> 00:14:33,360
uh pilots and other military personnel

354
00:14:40,550 --> 00:14:39,750
so one of the things that um

355
00:14:53,670 --> 00:14:40,560
i

356
00:14:55,509 --> 00:14:53,680
temperature drops

357
00:14:58,629 --> 00:14:55,519
did you experience that yourself as well

358
00:15:01,110 --> 00:14:58,639
sir like this the drops in temperatures

359
00:15:04,629 --> 00:15:01,120
yes i i you know like i mentioned i

360
00:15:07,269 --> 00:15:04,639
spent about 300 days and nights on uh on

361
00:15:09,110 --> 00:15:07,279
skin worker ranch and there were times

362
00:15:11,590 --> 00:15:09,120
when you would get these

363
00:15:13,750 --> 00:15:11,600

um especially at nighttime you would get

364

00:15:16,150 --> 00:15:13,760

these sudden drops in temperature

365

00:15:17,829 --> 00:15:16,160

um and that they were they always had

366

00:15:20,069 --> 00:15:17,839

physical boundaries

367

00:15:21,910 --> 00:15:20,079

um you could you could move outside the

368

00:15:24,230 --> 00:15:21,920

zone of low temperature

369

00:15:25,189 --> 00:15:24,240

um but you know that was that was a sort

370

00:15:26,470 --> 00:15:25,199

of a

371

00:15:27,670 --> 00:15:26,480

a really

372

00:15:30,629 --> 00:15:27,680

um

373

00:15:32,550 --> 00:15:30,639

obvious marker for these three

374

00:15:34,949 --> 00:15:32,560

intelligence agency people that have

375

00:15:36,790 --> 00:15:34,959

been deployed on skin worker ranch they

376

00:15:39,749 --> 00:15:36,800

ran into one of these low-temperature

377

00:15:41,509 --> 00:15:39,759

zones on their way down to the west end

378

00:15:44,870 --> 00:15:41,519

of the skinwalker ranch

379

00:15:47,110 --> 00:15:44,880

and um you know it was a really obvious

380

00:15:50,230 --> 00:15:47,120

drop in temperature but

381

00:15:52,230 --> 00:15:50,240

those those effects were not uncommon on

382

00:15:54,949 --> 00:15:52,240

on skin marker range

383

00:15:57,110 --> 00:15:54,959

let's talk about the wide variety of

384

00:15:59,030 --> 00:15:57,120

phenomenon you know 10 years ago if you

385

00:16:00,870 --> 00:15:59,040

told somebody ufos and bigfoots are

386

00:16:04,790 --> 00:16:00,880

probably related they'd laugh at you

387

00:16:07,189 --> 00:16:04,800

right but we've had reports of ufos uh

388

00:16:10,150 --> 00:16:07,199

cryptids temperature drops as jason

389

00:16:12,310 --> 00:16:10,160

mentioned orbs blue and other colors

390

00:16:15,189 --> 00:16:12,320

wolf hybrids or skin walkers quote

391

00:16:17,829 --> 00:16:15,199

unquote poltergeist phenomenon cattle

392

00:16:19,110 --> 00:16:17,839

mutilation holes in the sky

393

00:16:21,749 --> 00:16:19,120

people have had

394

00:16:24,069 --> 00:16:21,759

physical medical injuries from

395

00:16:25,749 --> 00:16:24,079

encounters with blue orbs

396

00:16:26,949 --> 00:16:25,759

and you know we talk about in your or

397

00:16:29,110 --> 00:16:26,959

you talk about in your book the

398

00:16:32,150 --> 00:16:29,120

hitchhiker effect so maybe explain a

399

00:16:34,069 --> 00:16:32,160

little bit about how strange it is and

400

00:16:35,990 --> 00:16:34,079

how much more strange it was that you

401
00:16:37,350 --> 00:16:36,000
know people didn't even expect it was

402
00:16:39,350 --> 00:16:37,360
going to go down that hole i know george

403
00:16:41,350 --> 00:16:39,360
knapp last week said we didn't want it

404
00:16:43,990 --> 00:16:41,360
to turn into this we didn't expect that

405
00:16:45,910 --> 00:16:44,000
it was going to be poltergeist and ufos

406
00:16:48,829 --> 00:16:45,920
and cryptids and all the rest we thought

407
00:16:51,110 --> 00:16:48,839
we were doing a nuts and bolts you know

408
00:16:54,230 --> 00:16:51,120
military-focused uh operation with us

409
00:16:56,790 --> 00:16:54,240
app long-term and just looking at actual

410
00:16:59,110 --> 00:16:56,800
repeatable data and then all of this

411
00:17:01,030 --> 00:16:59,120
sort of metaphysical stuff just came

412
00:17:03,269 --> 00:17:01,040
along with it so maybe you could comment

413
00:17:05,750 --> 00:17:03,279

on that yeah

414

00:17:09,270 --> 00:17:05,760

we we did start off with putting a lot

415

00:17:11,270 --> 00:17:09,280

of emphasis on skin marker ranch and you

416

00:17:12,710 --> 00:17:11,280

know one one of the things that tends to

417

00:17:14,949 --> 00:17:12,720

be forgotten

418

00:17:18,309 --> 00:17:14,959

with uh skinwalker ranch is that from

419

00:17:22,309 --> 00:17:18,319

the very very beginning

420

00:17:24,949 --> 00:17:22,319

nuts and bolts ufos were routinely seen

421

00:17:26,789 --> 00:17:24,959

on skin marker ranch

422

00:17:30,470 --> 00:17:26,799

there was a ranching family that first

423

00:17:31,669 --> 00:17:30,480

took possession in 1994

424

00:17:33,110 --> 00:17:31,679

they saw

425

00:17:36,230 --> 00:17:33,120

nuts and bolts

426
00:17:37,669 --> 00:17:36,240
objects flying around that that were you

427
00:17:38,470 --> 00:17:37,679
know ufos

428
00:17:41,110 --> 00:17:38,480
um

429
00:17:44,150 --> 00:17:41,120
right after robert bigelow purchased the

430
00:17:46,549 --> 00:17:44,160
property i was standing with a physicist

431
00:17:47,830 --> 00:17:46,559
outside the the main command and control

432
00:17:51,190 --> 00:17:47,840
center

433
00:17:54,230 --> 00:17:51,200
when i saw this object coming from uh

434
00:17:56,150 --> 00:17:54,240
just from behind skinwalker ridge which

435
00:17:58,630 --> 00:17:56,160
runs across the north end of the

436
00:18:00,549 --> 00:17:58,640
property this thing was traveling as

437
00:18:04,150 --> 00:18:00,559
fast as an f-18

438
00:18:06,870 --> 00:18:04,160

very very fast very low but the spooky

439

00:18:09,350 --> 00:18:06,880

thing about it was it was really silent

440

00:18:11,830 --> 00:18:09,360

so it came right above our heads

441

00:18:13,750 --> 00:18:11,840

um you know as we stood watching it

442

00:18:15,350 --> 00:18:13,760

brightly lit but you could see it was

443

00:18:17,830 --> 00:18:15,360

low enough from the sky that there was

444

00:18:20,310 --> 00:18:17,840

structure behind it and it came right

445

00:18:22,870 --> 00:18:20,320

over our heads did a perfect

446

00:18:26,150 --> 00:18:22,880

u-turn and then shot back over

447

00:18:29,350 --> 00:18:26,160

skinwalker ridge heading northwest but

448

00:18:31,270 --> 00:18:29,360

it was absolutely silent you could see

449

00:18:32,310 --> 00:18:31,280

you know you could see structure behind

450

00:18:34,470 --> 00:18:32,320

the light

451
00:18:36,470 --> 00:18:34,480
um but the it was so eerie because it

452
00:18:39,430 --> 00:18:36,480
was so silent but that was

453
00:18:40,549 --> 00:18:39,440
obviously a structured uh object right

454
00:18:43,190 --> 00:18:40,559
um

455
00:18:45,190 --> 00:18:43,200
so i personally came in contact with the

456
00:18:46,310 --> 00:18:45,200
so-called nuts and bolts phenomena on

457
00:18:47,590 --> 00:18:46,320
the ranch

458
00:18:51,029 --> 00:18:47,600
um

459
00:18:52,950 --> 00:18:51,039
axelrod in 2009 with his

460
00:18:55,510 --> 00:18:52,960
with his companions

461
00:18:57,750 --> 00:18:55,520
actually photographed an object that

462
00:19:01,190 --> 00:18:57,760
looked like it was a metallic object on

463
00:19:03,669 --> 00:19:01,200

skinwalker ranch in 2009 robert bigelow

464

00:19:06,549 --> 00:19:03,679

sold the property in 2016 to brandon

465

00:19:09,190 --> 00:19:06,559

fugle property developer from salt lake

466

00:19:10,549 --> 00:19:09,200

city he deployed a bunch of scientists

467

00:19:12,549 --> 00:19:10,559

on the property

468

00:19:15,669 --> 00:19:12,559

to continue the kind of research that

469

00:19:17,830 --> 00:19:15,679

had been done and lo and behold he's on

470

00:19:20,789 --> 00:19:17,840

the record and his his team are on the

471

00:19:24,070 --> 00:19:20,799

record with having seen nuts and bolts

472

00:19:27,110 --> 00:19:24,080

uh objects so that the ground the ground

473

00:19:29,990 --> 00:19:27,120

zero phenomena on skin worker ranch were

474

00:19:33,590 --> 00:19:30,000

nuts and bolts phenomena but layered on

475

00:19:36,950 --> 00:19:33,600

top of that uh co-locating and happening

476
00:19:39,669 --> 00:19:36,960
at the same time you had orbs of various

477
00:19:41,990 --> 00:19:39,679
colors flying around the property i mean

478
00:19:43,990 --> 00:19:42,000
we routinely saw yellow orbs flying

479
00:19:47,110 --> 00:19:44,000
around the property but there were also

480
00:19:49,430 --> 00:19:47,120
blue orbs and red orbs that were seen

481
00:19:51,750 --> 00:19:49,440
cattle mutilations were very common on

482
00:19:54,070 --> 00:19:51,760
the property cattle disappearances

483
00:19:56,870 --> 00:19:54,080
animal disappearances there was

484
00:19:59,590 --> 00:19:56,880
discarnate voices you know voices that

485
00:20:01,830 --> 00:19:59,600
were sort of speaking out of nowhere in

486
00:20:04,070 --> 00:20:01,840
the darkness to people

487
00:20:05,110 --> 00:20:04,080
we had unusual creatures as you had

488
00:20:07,909 --> 00:20:05,120

mentioned

489

00:20:11,270 --> 00:20:07,919

on the property poltergeist activity was

490

00:20:13,590 --> 00:20:11,280

routine both in all of the houses as

491

00:20:16,070 --> 00:20:13,600

well as out on the property

492

00:20:18,950 --> 00:20:16,080

things would get moved around the

493

00:20:20,549 --> 00:20:18,960

the internal of the house you would find

494

00:20:23,750 --> 00:20:20,559

your car keys would end up in the

495

00:20:26,230 --> 00:20:23,760

microwave and this kind of thing um

496

00:20:29,750 --> 00:20:26,240

randomly and and it happened all the

497

00:20:31,350 --> 00:20:29,760

time uh black shadows humanoid shadows

498

00:20:33,510 --> 00:20:31,360

were routinely seen

499

00:20:36,230 --> 00:20:33,520

so it was kind of like this

500

00:20:38,549 --> 00:20:36,240

layer upon layer upon layer of

501

00:20:40,950 --> 00:20:38,559

paranormal activity

502

00:20:42,950 --> 00:20:40,960

that was associated with the the nuts

503

00:20:45,830 --> 00:20:42,960

and bolts activity but you know as

504

00:20:48,630 --> 00:20:45,840

george knapp mentioned

505

00:20:51,270 --> 00:20:48,640

we went in determined

506

00:20:52,549 --> 00:20:51,280

uh with the ossop program we went into

507

00:20:53,590 --> 00:20:52,559

determined

508

00:20:56,870 --> 00:20:53,600

to

509

00:20:58,870 --> 00:20:56,880

you know maximize the data collection

510

00:21:01,510 --> 00:20:58,880

and that was it we were we were

511

00:21:03,029 --> 00:21:01,520

following the scientific method maximize

512

00:21:05,510 --> 00:21:03,039

data collection

513

00:21:07,590 --> 00:21:05,520

not only the nuts and bolts but also

514

00:21:10,390 --> 00:21:07,600

anything else that happened that could

515

00:21:13,270 --> 00:21:10,400

be defined as an anomaly

516

00:21:15,750 --> 00:21:13,280

and not to collect that kind of data is

517

00:21:18,310 --> 00:21:15,760

unscientific in in the way we were

518

00:21:20,230 --> 00:21:18,320

looking at things so from the get-go we

519

00:21:23,510 --> 00:21:20,240

had permission from the defense

520

00:21:26,470 --> 00:21:23,520

intelligence agency to not only collect

521

00:21:29,350 --> 00:21:26,480

all of the sensor driven data on ufo

522

00:21:32,630 --> 00:21:29,360

performance you know the altitude the

523

00:21:34,789 --> 00:21:32,640

the lights uh videotape um

524

00:21:37,909 --> 00:21:34,799

and and you know all of all of those

525

00:21:39,270 --> 00:21:37,919

aspects of ufo performance but also we

526
00:21:41,750 --> 00:21:39,280
had the mandate from the defense

527
00:21:44,950 --> 00:21:41,760
intelligence agency to collect any

528
00:21:48,950 --> 00:21:44,960
additional data that constituted human

529
00:21:53,110 --> 00:21:48,960
effects effects of of ufos on human

530
00:21:55,190 --> 00:21:53,120
biology uh human psychology or any any

531
00:21:57,750 --> 00:21:55,200
effects that could be deemed uh

532
00:22:00,390 --> 00:21:57,760
paranormal and you know we did not go

533
00:22:03,110 --> 00:22:00,400
into this program to start collecting

534
00:22:05,990 --> 00:22:03,120
data on paranormal activity we went into

535
00:22:08,149 --> 00:22:06,000
this program to collect data and it just

536
00:22:09,750 --> 00:22:08,159
happened that in the process of

537
00:22:11,990 --> 00:22:09,760
following the data

538
00:22:15,430 --> 00:22:12,000

we ended up collecting a lot of this

539

00:22:19,110 --> 00:22:15,440

unusual phenomena data but you know

540

00:22:21,029 --> 00:22:19,120

remember skidmarker ranch is not unique

541

00:22:23,909 --> 00:22:21,039

there are multiple different areas

542

00:22:26,470 --> 00:22:23,919

around the united states for example

543

00:22:28,789 --> 00:22:26,480

dulce new mexico

544

00:22:30,149 --> 00:22:28,799

san luis valley in colorado we spent

545

00:22:32,549 --> 00:22:30,159

some time in

546

00:22:34,310 --> 00:22:32,559

also

547

00:22:36,789 --> 00:22:34,320

one of our colleagues spent a lot of

548

00:22:39,750 --> 00:22:36,799

time up near malston air force base in

549

00:22:43,110 --> 00:22:39,760

montana collected enormous amounts of

550

00:22:45,590 --> 00:22:43,120

data on ufo performance around maelstrom

551
00:22:48,789 --> 00:22:45,600
air force base but also collected a lot

552
00:22:50,870 --> 00:22:48,799
of weird data on anomalies including

553
00:22:54,549 --> 00:22:50,880
cattle mutilations

554
00:22:57,110 --> 00:22:54,559
orbs and unusual creatures so skid

555
00:22:59,430 --> 00:22:57,120
walker ranch is not this kind of you

556
00:23:00,870 --> 00:22:59,440
know weird basket that you can shove

557
00:23:04,789 --> 00:23:00,880
aside

558
00:23:07,430 --> 00:23:04,799
we maintain that if if a ufo program

559
00:23:08,950 --> 00:23:07,440
takes the time and takes the sort of the

560
00:23:12,310 --> 00:23:08,960
long-term view

561
00:23:15,430 --> 00:23:12,320
of constantly reinterviewing uh ufo

562
00:23:18,070 --> 00:23:15,440
witnesses eventually these witnesses

563
00:23:21,270 --> 00:23:18,080

will start talking about the long-term

564

00:23:23,750 --> 00:23:21,280

effects of ufos have on their lives and

565

00:23:26,390 --> 00:23:23,760

that does include some medical effects

566

00:23:29,270 --> 00:23:26,400

it includes um some psychological

567

00:23:31,190 --> 00:23:29,280

effects sometimes people's sleep

568

00:23:33,110 --> 00:23:31,200

patterns are disturbed

569

00:23:34,630 --> 00:23:33,120

they they they go into this sort of

570

00:23:37,190 --> 00:23:34,640

trauma

571

00:23:40,310 --> 00:23:37,200

following a close encounter with the ufo

572

00:23:42,710 --> 00:23:40,320

and sometimes even paranormal activity

573

00:23:45,269 --> 00:23:42,720

start uh you know starts erupting around

574

00:23:46,149 --> 00:23:45,279

them but you know you've got to be able

575

00:23:48,710 --> 00:23:46,159

to

576

00:23:51,430 --> 00:23:48,720

um follow these people long term that's

577

00:23:53,990 --> 00:23:51,440

number one you know the weekend warrior

578

00:23:56,149 --> 00:23:54,000

model of ufo investigation where you

579

00:23:58,070 --> 00:23:56,159

just go out on a saturday and a sunday

580

00:23:59,750 --> 00:23:58,080

you collect the data and you never sort

581

00:24:01,909 --> 00:23:59,760

of see the witness again

582

00:24:04,950 --> 00:24:01,919

that will not get you the kind of data

583

00:24:07,190 --> 00:24:04,960

that asap collected because we had you

584

00:24:09,669 --> 00:24:07,200

know we had md phd

585

00:24:12,149 --> 00:24:09,679

medical professionals that were

586

00:24:13,990 --> 00:24:12,159

consultants that worked with us

587

00:24:16,390 --> 00:24:14,000

and we were able to

588

00:24:19,029 --> 00:24:16,400

deploy these medical professionals in

589

00:24:22,230 --> 00:24:19,039

some cases for months and in a couple of

590

00:24:25,029 --> 00:24:22,240

cases even for years to follow up on the

591

00:24:27,430 --> 00:24:25,039

on the medical consequences of ufo

592

00:24:31,029 --> 00:24:27,440

phenomena we were able to take serial

593

00:24:34,470 --> 00:24:31,039

blood samples we were able to take mri

594

00:24:35,990 --> 00:24:34,480

um imaging um so we were able to put

595

00:24:38,310 --> 00:24:36,000

together these

596

00:24:43,110 --> 00:24:38,320

very detailed medical

597

00:24:44,390 --> 00:24:43,120

uh pictures of what what a ufo witness

598

00:24:47,190 --> 00:24:44,400

encounter

599

00:24:49,110 --> 00:24:47,200

uh life looked like including serial

600

00:24:51,269 --> 00:24:49,120

blood samples so we were able to

601
00:24:52,630 --> 00:24:51,279
documented changes in

602
00:24:56,230 --> 00:24:52,640
immunology

603
00:24:58,070 --> 00:24:56,240
um biochemistry hematology and some of

604
00:24:59,470 --> 00:24:58,080
these witnesses so we were able to put

605
00:25:01,669 --> 00:24:59,480
together pretty

606
00:25:02,870 --> 00:25:01,679
sophisticated pictures

607
00:25:03,669 --> 00:25:02,880
and you know

608
00:25:07,590 --> 00:25:03,679
our

609
00:25:10,630 --> 00:25:07,600
you know opinion is that the awesome

610
00:25:13,190 --> 00:25:10,640
template for how things were operating

611
00:25:14,870 --> 00:25:13,200
was really the one the template for any

612
00:25:18,870 --> 00:25:14,880
future ufo

613
00:25:20,549 --> 00:25:18,880

uh program if you if you uh constrain a

614

00:25:23,510 --> 00:25:20,559

ufo program

615

00:25:26,710 --> 00:25:23,520

and you only look at a certain

616

00:25:29,350 --> 00:25:26,720

narrow rifle shot of data

617

00:25:31,830 --> 00:25:29,360

and you exclude 95 of the data that's

618

00:25:34,789 --> 00:25:31,840

coming in and you only look at this sort

619

00:25:35,990 --> 00:25:34,799

of a tiny you know data stream you're

620

00:25:38,710 --> 00:25:36,000

going to miss

621

00:25:40,149 --> 00:25:38,720

the entire phenomena and if you make

622

00:25:41,750 --> 00:25:40,159

excuses

623

00:25:44,470 --> 00:25:41,760

like some people in the department of

624

00:25:46,789 --> 00:25:44,480

defense are saying that this is not in

625

00:25:49,750 --> 00:25:46,799

the purview of the department of defense

626

00:25:52,710 --> 00:25:49,760

to study this these kinds of activities

627

00:25:55,510 --> 00:25:52,720

you're automatically being unscientific

628

00:25:58,630 --> 00:25:55,520

and you're automatically torpedoing the

629

00:26:01,430 --> 00:25:58,640

the the prospect of putting together a

630

00:26:02,470 --> 00:26:01,440

coherent picture of what this phenomenon

631

00:26:05,029 --> 00:26:02,480

is

632

00:26:07,590 --> 00:26:05,039

if you look at the acronym osap it's

633

00:26:10,870 --> 00:26:07,600

advanced aerospace weapon system

634

00:26:13,190 --> 00:26:10,880

application so by its very definition

635

00:26:15,830 --> 00:26:13,200

aerospace weapon systems so i guess the

636

00:26:18,149 --> 00:26:15,840

initial intent is can we utilize this

637

00:26:20,390 --> 00:26:18,159

can we weaponize this as most countries

638

00:26:21,510 --> 00:26:20,400

would do when researching the same and

639

00:26:24,310 --> 00:26:21,520

like you said

640

00:26:26,390 --> 00:26:24,320

if if the data and the science is taking

641

00:26:28,710 --> 00:26:26,400

you a direction if it really is a

642

00:26:30,549 --> 00:26:28,720

credible project you don't have those

643

00:26:32,870 --> 00:26:30,559

boundaries and limitations anymore you

644

00:26:34,630 --> 00:26:32,880

go where the data is and i've heard you

645

00:26:35,909 --> 00:26:34,640

on another interview mention that once

646

00:26:37,590 --> 00:26:35,919

there was boots on the ground at

647

00:26:39,750 --> 00:26:37,600

skinwalker ranch there was people from

648

00:26:41,510 --> 00:26:39,760

all different government agencies and

649

00:26:43,510 --> 00:26:41,520

there was a case of five separate

650

00:26:46,710 --> 00:26:43,520

intelligence officers all from different

651
00:26:49,669 --> 00:26:46,720
branches all five had hitchhiker effects

652
00:26:51,190 --> 00:26:49,679
uh there was a biotechnologist who saw

653
00:26:53,110 --> 00:26:51,200
you know three blue orbs moving

654
00:26:55,909 --> 00:26:53,120
erratically his daughter saw them they

655
00:26:57,830 --> 00:26:55,919
even entered his car so even the staff

656
00:27:00,230 --> 00:26:57,840
that are going there to do nuts and

657
00:27:02,630 --> 00:27:00,240
bolts science and collect data become

658
00:27:03,909 --> 00:27:02,640
part of the study because it's not just

659
00:27:06,070 --> 00:27:03,919
the stuff that they're you know if

660
00:27:08,789 --> 00:27:06,080
you're looking for for witnesses and

661
00:27:11,669 --> 00:27:08,799
hands-on experiencers who better than

662
00:27:13,909 --> 00:27:11,679
science-minded trained observers to

663
00:27:15,990 --> 00:27:13,919

document exactly what's happening so it

664

00:27:17,990 --> 00:27:16,000

sort of took on a life of its own

665

00:27:20,470 --> 00:27:18,000

and did you did you experience any

666

00:27:23,029 --> 00:27:20,480

hitchhiker effects of your own sir like

667

00:27:25,990 --> 00:27:23,039

did that happen to you too

668

00:27:28,789 --> 00:27:26,000

yes i i think pretty well everybody who

669

00:27:31,430 --> 00:27:28,799

was on the property um

670

00:27:34,070 --> 00:27:31,440

uh experienced hitchhikers hitchhiker

671

00:27:36,789 --> 00:27:34,080

effects but the the type of effects that

672

00:27:38,630 --> 00:27:36,799

i experienced where um you know my wife

673

00:27:40,710 --> 00:27:38,640

would wake up and see

674

00:27:42,950 --> 00:27:40,720

uh you know people walking in the

675

00:27:46,230 --> 00:27:42,960

bedroom walking towards the bed

676
00:27:48,149 --> 00:27:46,240
um they occasionally black shadows were

677
00:27:51,669 --> 00:27:48,159
seen in the house and this kind of thing

678
00:27:54,710 --> 00:27:51,679
but it never really escalated until

679
00:27:56,470 --> 00:27:54,720
the defense intelligence agency in 2000

680
00:27:58,230 --> 00:27:56,480
late 2008

681
00:28:00,630 --> 00:27:58,240
um started

682
00:28:03,750 --> 00:28:00,640
sending their personnel from different

683
00:28:05,510 --> 00:28:03,760
armed services navy army

684
00:28:08,070 --> 00:28:05,520
marines

685
00:28:11,269 --> 00:28:08,080
to skinwalker ranch in order to

686
00:28:13,830 --> 00:28:11,279
corroborate or validate the claims of

687
00:28:17,510 --> 00:28:13,840
unusual activity that was going on there

688
00:28:19,590 --> 00:28:17,520

so they conducted site visits by sending

689

00:28:21,750 --> 00:28:19,600

trained observers from the different

690

00:28:24,470 --> 00:28:21,760

intelligence agencies and the different

691

00:28:26,230 --> 00:28:24,480

armed services so as you mentioned five

692

00:28:28,149 --> 00:28:26,240

out of five of those people who were

693

00:28:30,310 --> 00:28:28,159

deployed at different times

694

00:28:33,750 --> 00:28:30,320

not only had dramatic effects on the

695

00:28:36,389 --> 00:28:33,760

property but also brought um brought

696

00:28:38,710 --> 00:28:36,399

anomalies home with them in other words

697

00:28:40,870 --> 00:28:38,720

you know particularly the head of the

698

00:28:44,230 --> 00:28:40,880

of the uh the

699

00:28:47,269 --> 00:28:44,240

the field field observation unit was a

700

00:28:49,669 --> 00:28:47,279

guy called axelrod he brought

701
00:28:51,190 --> 00:28:49,679
he brought a lot of activity home with

702
00:28:53,430 --> 00:28:51,200
him so

703
00:28:55,430 --> 00:28:53,440
in his home in all the way out in

704
00:28:58,230 --> 00:28:55,440
virginia you know two and a half

705
00:29:01,269 --> 00:28:58,240
thousand miles from the ranch within a

706
00:29:04,070 --> 00:29:01,279
month of him arriving home after seeing

707
00:29:07,269 --> 00:29:04,080
what he saw on on the skidmarker ranch

708
00:29:10,389 --> 00:29:07,279
his wife started seeing unusual stuff he

709
00:29:13,029 --> 00:29:10,399
had two teenage sons at the time in his

710
00:29:15,990 --> 00:29:13,039
home they started seeing unusual

711
00:29:19,029 --> 00:29:16,000
creatures they would wake up with these

712
00:29:21,669 --> 00:29:19,039
sort of black shadowy humanoids

713
00:29:24,070 --> 00:29:21,679

you know over their beds

714

00:29:26,870 --> 00:29:24,080

they would wake up with orbs

715

00:29:29,190 --> 00:29:26,880

blue or red orbs in their bedroom flying

716

00:29:32,549 --> 00:29:29,200

through the bedroom they would see

717

00:29:34,870 --> 00:29:32,559

bizarre creatures outside the uh their

718

00:29:36,789 --> 00:29:34,880

homes there was one particular case

719

00:29:39,909 --> 00:29:36,799

where um

720

00:29:42,230 --> 00:29:39,919

axelrod's wife was going to bed at night

721

00:29:44,389 --> 00:29:42,240

in their in their place in virginia i

722

00:29:46,549 --> 00:29:44,399

was just sort of locking up and shutting

723

00:29:49,590 --> 00:29:46,559

down all the lights in the backyard when

724

00:29:51,190 --> 00:29:49,600

she saw this thing um in the

725

00:29:52,549 --> 00:29:51,200

in the backyard

726

00:29:54,789 --> 00:29:52,559

in a tree line

727

00:29:57,590 --> 00:29:54,799

and it was like an upstanding it looked

728

00:29:59,269 --> 00:29:57,600

like a large wolf but it was standing on

729

00:30:01,669 --> 00:29:59,279

two legs which was

730

00:30:04,070 --> 00:30:01,679

anatomically impossible

731

00:30:06,389 --> 00:30:04,080

um you know it's okay for a sort of a

732

00:30:08,710 --> 00:30:06,399

german shepherd to stand on its rear

733

00:30:11,750 --> 00:30:08,720

legs and totter around but this thing

734

00:30:14,549 --> 00:30:11,760

was standing comfortably on two legs

735

00:30:16,789 --> 00:30:14,559

looking at her in a very unfriendly way

736

00:30:19,029 --> 00:30:16,799

she was completely shocked and

737

00:30:22,470 --> 00:30:19,039

traumatized to the extent that she

738

00:30:23,909 --> 00:30:22,480

decided she was either hallucinating or

739

00:30:25,990 --> 00:30:23,919

something else was happening but she

740

00:30:28,389 --> 00:30:26,000

said i'm not going to say anything to my

741

00:30:30,470 --> 00:30:28,399

family at all

742

00:30:32,710 --> 00:30:30,480

two or three days later saturday morning

743

00:30:35,590 --> 00:30:32,720

10 o'clock in the morning bright sunny

744

00:30:38,789 --> 00:30:35,600

morning that the two teenage boys were

745

00:30:41,430 --> 00:30:38,799

downstairs and the uh the window

746

00:30:44,389 --> 00:30:41,440

overlooks the backyard one of the boys

747

00:30:47,830 --> 00:30:44,399

looks out and standing in the backyard

748

00:30:50,310 --> 00:30:47,840

in full daylight was another apparition

749

00:30:53,830 --> 00:30:50,320

it looked like a uh

750

00:30:56,389 --> 00:30:53,840

a large wolf standing on two legs again

751

00:30:59,029 --> 00:30:56,399

looking in at him staring at him in a

752

00:31:01,269 --> 00:30:59,039

very unfriendly way he alerted his

753

00:31:05,269 --> 00:31:01,279

brother and the two of them watched as

754

00:31:07,830 --> 00:31:05,279

this thing ran right across the backyard

755

00:31:10,230 --> 00:31:07,840

kicking up leaves as it went

756

00:31:11,830 --> 00:31:10,240

and sort of um you know running

757

00:31:14,950 --> 00:31:11,840

comfortably

758

00:31:17,350 --> 00:31:14,960

anatomically impossible of course on two

759

00:31:19,430 --> 00:31:17,360

legs and then disappeared into the tree

760

00:31:21,750 --> 00:31:19,440

line where the you know the wife had

761

00:31:23,269 --> 00:31:21,760

seen the the animal three nights before

762

00:31:25,190 --> 00:31:23,279

two nights before

763

00:31:27,750 --> 00:31:25,200

but this thing was kicking up leaves as

764

00:31:29,350 --> 00:31:27,760

it ran so it looked like it was having

765

00:31:31,350 --> 00:31:29,360

some kind of physical effect on the

766

00:31:33,750 --> 00:31:31,360

environment the family

767

00:31:35,830 --> 00:31:33,760

you know got together right after this

768

00:31:38,710 --> 00:31:35,840

incident because the two kids were

769

00:31:41,430 --> 00:31:38,720

terrified by what they had just seen uh

770

00:31:43,110 --> 00:31:41,440

the family got together um and it turned

771

00:31:44,950 --> 00:31:43,120

out you know the wife

772

00:31:46,549 --> 00:31:44,960

eventually admitted that she had seen

773

00:31:48,789 --> 00:31:46,559

something like this

774

00:31:50,950 --> 00:31:48,799

a couple of nights before so they all

775

00:31:52,230 --> 00:31:50,960

went out to the backyard and went over

776
00:31:55,269 --> 00:31:52,240
to the tree

777
00:31:57,590 --> 00:31:55,279
where she had seen this creature and on

778
00:32:00,389 --> 00:31:57,600
the tree were these obvious

779
00:32:01,350 --> 00:32:00,399
lengthy claw marks that had

780
00:32:03,990 --> 00:32:01,360
you know

781
00:32:06,870 --> 00:32:04,000
been embedded in the bark of the tree

782
00:32:09,350 --> 00:32:06,880
so you know the implication of that was

783
00:32:10,230 --> 00:32:09,360
that there was physical evidence

784
00:32:12,950 --> 00:32:10,240
from

785
00:32:16,149 --> 00:32:12,960
whatever had been this upright wolf-like

786
00:32:19,509 --> 00:32:16,159
creature um so it was capable of

787
00:32:21,509 --> 00:32:19,519
interacting with the environment so you

788
00:32:23,830 --> 00:32:21,519

know people would tend a skeptic would

789

00:32:26,389 --> 00:32:23,840

tend to say well these guys were just

790

00:32:28,710 --> 00:32:26,399

imagining things it was just a sort of a

791

00:32:31,669 --> 00:32:28,720

figment of their imagination but the

792

00:32:34,470 --> 00:32:31,679

fact is that not only was this happening

793

00:32:37,669 --> 00:32:34,480

but there was also physical effects of

794

00:32:40,149 --> 00:32:37,679

these uh this creature that was having

795

00:32:43,110 --> 00:32:40,159

on the environment so it was a lot more

796

00:32:44,870 --> 00:32:43,120

than just somebody's mental fantasy

797

00:32:46,549 --> 00:32:44,880

it was there yeah

798

00:32:48,389 --> 00:32:46,559

i was going to say all three of you guys

799

00:32:49,909 --> 00:32:48,399

had phenomenon at home george knapp

800

00:32:52,149 --> 00:32:49,919

reported that his wife had had some

801
00:32:55,029 --> 00:32:52,159
strange things happen and uh your your

802
00:32:57,110 --> 00:32:55,039
third co-author dr james zakatsky he

803
00:32:59,029 --> 00:32:57,120
reported really intense experiences at

804
00:33:01,269 --> 00:32:59,039
home and georgie said he was probably

805
00:33:03,029 --> 00:33:01,279
the worst off from all of you guys

806
00:33:04,950 --> 00:33:03,039
well there was

807
00:33:07,350 --> 00:33:04,960
if you look at um

808
00:33:10,710 --> 00:33:07,360
you know the 25-year history

809
00:33:13,750 --> 00:33:10,720
starting uh when the ned's group started

810
00:33:16,950 --> 00:33:13,760
on the property going through all of the

811
00:33:19,430 --> 00:33:16,960
assad people we interviewed um you know

812
00:33:21,350 --> 00:33:19,440
a lot of security guards used to rotate

813
00:33:24,070 --> 00:33:21,360

up and down the property so to keep

814

00:33:25,909 --> 00:33:24,080

trespassers off the property

815

00:33:27,990 --> 00:33:25,919

we interviewed george knapp and i

816

00:33:30,950 --> 00:33:28,000

interviewed about a dozen of these

817

00:33:33,190 --> 00:33:30,960

people all of whom had seen

818

00:33:34,470 --> 00:33:33,200

effects in their homes

819

00:33:36,149 --> 00:33:34,480

as i mentioned

820

00:33:39,909 --> 00:33:36,159

when brandon fugal purchased the

821

00:33:42,630 --> 00:33:39,919

property um he he deployed a team on on

822

00:33:45,110 --> 00:33:42,640

the property and lo and behold these

823

00:33:46,470 --> 00:33:45,120

people were really skeptical saying all

824

00:33:49,190 --> 00:33:46,480

this stuff that you know i've been

825

00:33:52,310 --> 00:33:49,200

reading about it's none of it is true

826

00:33:54,389 --> 00:33:52,320

but lo and behold their wives and kids

827

00:33:57,029 --> 00:33:54,399

started seeing all this weird stuff

828

00:34:00,710 --> 00:33:57,039

erupting in their homes so not only was

829

00:34:03,830 --> 00:34:00,720

it just the uh knit stuff and the asap

830

00:34:04,830 --> 00:34:03,840

people but it was also this recent group

831

00:34:07,509 --> 00:34:04,840

between

832

00:34:09,030 --> 00:34:07,519

2016 and 2022

833

00:34:12,149 --> 00:34:09,040

and the these

834

00:34:15,430 --> 00:34:12,159

these uh apparitions and activities in

835

00:34:18,149 --> 00:34:15,440

people's homes are continuing right to

836

00:34:21,270 --> 00:34:18,159

this day i mean it's not like it's like

837

00:34:24,230 --> 00:34:21,280

something in way back in history

838

00:34:26,550 --> 00:34:24,240

um some of the the people like uh who

839

00:34:29,589 --> 00:34:26,560

originally experienced stuff on

840

00:34:31,510 --> 00:34:29,599

skinwalker ranch back in 2009

841

00:34:34,310 --> 00:34:31,520

are still experiencing stuff in their

842

00:34:37,430 --> 00:34:34,320

homes so it's not like um it was sort of

843

00:34:39,510 --> 00:34:37,440

a an uh an apparent sort of phenomenon

844

00:34:41,990 --> 00:34:39,520

that went away the other thing i'd like

845

00:34:45,349 --> 00:34:42,000

to mention is that this is not a

846

00:34:49,510 --> 00:34:45,359

skinwalker ranch specific phenomenon

847

00:34:52,790 --> 00:34:49,520

this hitchhiker effect is not a um

848

00:34:56,149 --> 00:34:52,800

only skidmark around specific phenomenon

849

00:34:58,230 --> 00:34:56,159

because again uh we had that individual

850

00:35:01,510 --> 00:34:58,240

that you mentioned actually

851
00:35:03,270 --> 00:35:01,520
um where he had interacted with three

852
00:35:06,470 --> 00:35:03,280
blue orbs of light

853
00:35:09,190 --> 00:35:06,480
um that were on his way towards bend

854
00:35:12,069 --> 00:35:09,200
oregon he had the daughter in his car

855
00:35:14,470 --> 00:35:12,079
one of the uh three orbs flew towards

856
00:35:16,550 --> 00:35:14,480
the uh the car one of them came through

857
00:35:19,109 --> 00:35:16,560
the the window went right across the

858
00:35:20,630 --> 00:35:19,119
dash and went out the other one went in

859
00:35:22,069 --> 00:35:20,640
front of the car the other one went

860
00:35:24,550 --> 00:35:22,079
through his

861
00:35:26,390 --> 00:35:24,560
shoulder as he was driving the car went

862
00:35:28,950 --> 00:35:26,400
through his body exited his right

863
00:35:31,030 --> 00:35:28,960

shoulder right in front of the daughter

864

00:35:32,790 --> 00:35:31,040

and then he had a whole

865

00:35:35,670 --> 00:35:32,800

sort of lengthy

866

00:35:39,109 --> 00:35:35,680

um extremely traumatic medical

867

00:35:42,390 --> 00:35:39,119

consequences to to that happen but

868

00:35:45,270 --> 00:35:42,400

you know what's sometimes forgotten is

869

00:35:47,430 --> 00:35:45,280

the daughter actually when she went home

870

00:35:48,550 --> 00:35:47,440

uh to the east coast to go back to

871

00:35:49,430 --> 00:35:48,560

college

872

00:35:52,069 --> 00:35:49,440

um

873

00:35:54,310 --> 00:35:52,079

all hell broke loose in her home

874

00:35:55,670 --> 00:35:54,320

all the way out on the east coast with

875

00:35:58,069 --> 00:35:55,680

three of her

876

00:35:59,990 --> 00:35:58,079

uh roommates they shared a roommate you

877

00:36:02,550 --> 00:36:00,000

know roommates going to college

878

00:36:05,510 --> 00:36:02,560

and all of them saw weird creatures in

879

00:36:08,150 --> 00:36:05,520

the house they saw orbs flying around in

880

00:36:11,430 --> 00:36:08,160

their you know in their homes they would

881

00:36:13,990 --> 00:36:11,440

wake up at night on these humanoid black

882

00:36:17,589 --> 00:36:14,000

shadow creatures would be standing over

883

00:36:19,190 --> 00:36:17,599

them very very scary stuff but

884

00:36:21,670 --> 00:36:19,200

that daughter had nothing to do with

885

00:36:25,589 --> 00:36:21,680

skin walker wrench but yet

886

00:36:29,430 --> 00:36:25,599

in terms of close encounters with ufos

887

00:36:32,470 --> 00:36:29,440

one of the long-term effects of having

888

00:36:35,109 --> 00:36:32,480

close encounters with ufos is sometimes

889

00:36:35,829 --> 00:36:35,119

these kinds of hitchhiker effects occur

890

00:36:38,790 --> 00:36:35,839

too

891

00:36:40,870 --> 00:36:38,800

and i should also mention that a subset

892

00:36:43,750 --> 00:36:40,880

of the people who had

893

00:36:46,710 --> 00:36:43,760

um the hitchhiker effect brought some

894

00:36:47,829 --> 00:36:46,720

stuff home with them a subset of family

895

00:36:50,790 --> 00:36:47,839

members

896

00:36:53,430 --> 00:36:50,800

started coming down with a variety of

897

00:36:57,190 --> 00:36:53,440

autoimmune diseases and so you know

898

00:37:00,950 --> 00:36:57,200

you'd have people reporting kawasaki

899

00:37:02,230 --> 00:37:00,960

disease sovereign syndrome lupus and

900

00:37:05,670 --> 00:37:02,240

various other

901
00:37:08,069 --> 00:37:05,680
hashimoto's thyroiditis so a variety of

902
00:37:11,589 --> 00:37:08,079
different autoimmune diseases would

903
00:37:14,150 --> 00:37:11,599
erupt and these were you know

904
00:37:16,950 --> 00:37:14,160
this was not a huge number of people but

905
00:37:18,710 --> 00:37:16,960
it was enough to catch our attention and

906
00:37:22,310 --> 00:37:18,720
uh you know so

907
00:37:25,589 --> 00:37:22,320
i think a future ufo program should take

908
00:37:29,109 --> 00:37:25,599
a careful look at the long-term effects

909
00:37:30,630 --> 00:37:29,119
of the ufo phenomenon on people

910
00:37:32,870 --> 00:37:30,640
well even because

911
00:37:35,430 --> 00:37:32,880
i got to talk to a few people on the

912
00:37:37,030 --> 00:37:35,440
abduction phenomenon and they always

913
00:37:39,190 --> 00:37:37,040

say that you know there could be

914

00:37:41,589 --> 00:37:39,200

radiation effects for people even we

915

00:37:43,990 --> 00:37:41,599

were talking to uh kathleen martin about

916

00:37:45,109 --> 00:37:44,000

betty and barney hill and you know they

917

00:37:46,950 --> 00:37:45,119

were worried that there might be

918

00:37:49,430 --> 00:37:46,960

radiation coming from the craft onto

919

00:37:51,990 --> 00:37:49,440

their car betty of course died of an

920

00:37:53,750 --> 00:37:52,000

aggressive cancer she was also a very

921

00:37:55,990 --> 00:37:53,760

heavy smoker so that didn't help her

922

00:37:57,670 --> 00:37:56,000

case but she died of cancer

923

00:37:59,270 --> 00:37:57,680

um and

924

00:38:01,349 --> 00:37:59,280

i've always wondered that like you know

925

00:38:02,950 --> 00:38:01,359

the people having these experiences even

926
00:38:05,109 --> 00:38:02,960
middle of the night or whatever do they

927
00:38:07,510 --> 00:38:05,119
are they more at risk of cancer or other

928
00:38:09,030 --> 00:38:07,520
diseases so yeah it's weird and the blue

929
00:38:10,150 --> 00:38:09,040
orbs like you guys mentioned the blue

930
00:38:12,390 --> 00:38:10,160
nasties

931
00:38:15,109 --> 00:38:12,400
seems to be the uh the guilty culprits

932
00:38:16,790 --> 00:38:15,119
for a lot of these uh ailments right and

933
00:38:18,470 --> 00:38:16,800
you guys had a case study too did you

934
00:38:21,750 --> 00:38:18,480
not have a man in georgia he was

935
00:38:22,550 --> 00:38:21,760
irradiated by like a black triangle and

936
00:38:24,230 --> 00:38:22,560
you know

937
00:38:26,069 --> 00:38:24,240
all the various anomalies and even the

938
00:38:27,750 --> 00:38:26,079

psychological effects not only just the

939

00:38:29,349 --> 00:38:27,760

physical measurable

940

00:38:31,109 --> 00:38:29,359

most of these people will report some

941

00:38:32,710 --> 00:38:31,119

type of fizzle out like even the ones

942

00:38:34,710 --> 00:38:32,720

that didn't feel threatened from an

943

00:38:37,109 --> 00:38:34,720

abduction case or something similar it

944

00:38:38,870 --> 00:38:37,119

was still trauma none of them loved it

945

00:38:41,270 --> 00:38:38,880

and couldn't wait to get back that

946

00:38:42,790 --> 00:38:41,280

doesn't happen it's a trauma that's

947

00:38:44,630 --> 00:38:42,800

right i mean the case you're you're

948

00:38:47,589 --> 00:38:44,640

mentioning um

949

00:38:49,270 --> 00:38:47,599

was a classic case of um

950

00:38:52,069 --> 00:38:49,280

you know this guy was minding his own

951
00:38:53,829 --> 00:38:52,079
business in georgia he walked out he was

952
00:38:56,069 --> 00:38:53,839
checking on a son who was uh you know

953
00:38:58,550 --> 00:38:56,079
staying the night with friends in a tent

954
00:39:01,030 --> 00:38:58,560
and in the backyard but he he noticed

955
00:39:03,670 --> 00:39:01,040
his dog was barking he came out

956
00:39:05,349 --> 00:39:03,680
and uh he noticed this

957
00:39:08,310 --> 00:39:05,359
totally silent

958
00:39:09,829 --> 00:39:08,320
football field-sized uh triangle right

959
00:39:10,790 --> 00:39:09,839
over his property

960
00:39:13,109 --> 00:39:10,800
um

961
00:39:15,430 --> 00:39:13,119
and uh he tried to take some cell phone

962
00:39:18,230 --> 00:39:15,440
photos but his cell phone wasn't working

963
00:39:19,030 --> 00:39:18,240

so he went back inside and grabbed a

964

00:39:21,990 --> 00:39:19,040

pretty

965

00:39:24,150 --> 00:39:22,000

high intensity uh flashlight

966

00:39:25,750 --> 00:39:24,160

you know sort of million candle power

967

00:39:28,230 --> 00:39:25,760

flashlight came out

968

00:39:31,349 --> 00:39:28,240

and illuminated the underneath of the of

969

00:39:32,630 --> 00:39:31,359

the craft and immediately he did this

970

00:39:34,790 --> 00:39:32,640

this

971

00:39:36,230 --> 00:39:34,800

really intense blue

972

00:39:39,430 --> 00:39:36,240

uh ray

973

00:39:42,230 --> 00:39:39,440

was shot out from the craft hit him and

974

00:39:44,790 --> 00:39:42,240

sort of uh he turned to protect himself

975

00:39:47,430 --> 00:39:44,800

you know and it hit the back of his neck

976

00:39:49,829 --> 00:39:47,440

and uh it was heating him up so he he

977

00:39:52,710 --> 00:39:49,839

walked back indoors or ran back indoors

978

00:39:55,510 --> 00:39:52,720

to get away from it but you know

979

00:39:58,069 --> 00:39:55,520

within a few hours of this event

980

00:40:00,870 --> 00:39:58,079

he was he had a headache

981

00:40:02,790 --> 00:40:00,880

he had metallic taste in his mouth

982

00:40:05,030 --> 00:40:02,800

several days later he noticed that his

983

00:40:08,150 --> 00:40:05,040

hair was starting to fall out and so we

984

00:40:10,790 --> 00:40:08,160

deployed one of the md phd

985

00:40:13,750 --> 00:40:10,800

people our medical consultants

986

00:40:14,790 --> 00:40:13,760

um to spend time with him to take him to

987

00:40:18,390 --> 00:40:14,800

hospital

988

00:40:21,190 --> 00:40:18,400

blood samples um this guy went through a

989

00:40:22,390 --> 00:40:21,200

whole sort of series of classic

990

00:40:25,510 --> 00:40:22,400

um

991

00:40:27,670 --> 00:40:25,520

consequences of getting irradiated and

992

00:40:29,230 --> 00:40:27,680

you know one of the hypotheses we had

993

00:40:32,710 --> 00:40:29,240

was that this was

994

00:40:35,030 --> 00:40:32,720

non-ionizing radiation that was uh that

995

00:40:37,109 --> 00:40:35,040

was had happened on this guy because i

996

00:40:39,510 --> 00:40:37,119

mean he lost a lot of his

997

00:40:43,109 --> 00:40:39,520

a lot of the hair on the back of his

998

00:40:44,390 --> 00:40:43,119

head um he had the classic signs of

999

00:40:47,750 --> 00:40:44,400

sunburn

1000

00:40:50,550 --> 00:40:47,760

neck

1001
00:40:53,190 --> 00:40:50,560
he did have a whole bunch of tumors

1002
00:40:54,950 --> 00:40:53,200
erupting in his body luckily there were

1003
00:40:56,790 --> 00:40:54,960
benign tumors

1004
00:40:58,630 --> 00:40:56,800
it was sort of a diagnosis of

1005
00:41:01,990 --> 00:40:58,640
castleman's disease

1006
00:41:04,550 --> 00:41:02,000
but he went through a couple of years of

1007
00:41:07,670 --> 00:41:04,560
not only sort of psychological

1008
00:41:09,990 --> 00:41:07,680
trauma but also medical trauma um and

1009
00:41:12,150 --> 00:41:10,000
all of this stuff erupted right after

1010
00:41:13,670 --> 00:41:12,160
you know from this event of getting

1011
00:41:16,309 --> 00:41:13,680
irradiated

1012
00:41:18,829 --> 00:41:16,319
on his own property by this object in

1013
00:41:22,230 --> 00:41:18,839

the sky and you know you have to ask the

1014

00:41:24,550 --> 00:41:22,240

question you know if if a lot of

1015

00:41:26,710 --> 00:41:24,560

skeptics would say these are special

1016

00:41:29,670 --> 00:41:26,720

access programs run by the united states

1017

00:41:32,230 --> 00:41:29,680

military uh that these triangular craft

1018

00:41:34,470 --> 00:41:32,240

are up in the sky but you have to ask if

1019

00:41:37,670 --> 00:41:34,480

these are run by the united states

1020

00:41:40,390 --> 00:41:37,680

military why are they irradiating

1021

00:41:42,790 --> 00:41:40,400

um united states citizens who are

1022

00:41:46,309 --> 00:41:42,800

minding their own business on on their

1023

00:41:49,109 --> 00:41:46,319

own property um i mean that's that's

1024

00:41:52,309 --> 00:41:49,119

beyond the illegal and it's uh beyond

1025

00:41:54,950 --> 00:41:52,319

unethical um in terms of of that kind of

1026
00:41:57,670 --> 00:41:54,960
behavior obviously whoever's doing it it

1027
00:42:00,230 --> 00:41:57,680
is equally unethical but the idea that

1028
00:42:03,190 --> 00:42:00,240
the united states military would be

1029
00:42:06,230 --> 00:42:03,200
operating special access programs in

1030
00:42:08,710 --> 00:42:06,240
such a foolhardy way yeah you know

1031
00:42:11,270 --> 00:42:08,720
parking parking very large triangular

1032
00:42:13,670 --> 00:42:11,280
objects over neighborhoods

1033
00:42:16,309 --> 00:42:13,680
is a very very dangerous thing to do

1034
00:42:18,950 --> 00:42:16,319
with an experimental aircraft so it just

1035
00:42:21,030 --> 00:42:18,960
doesn't make sense to explain away

1036
00:42:23,589 --> 00:42:21,040
all of this stuff by saying these are

1037
00:42:25,430 --> 00:42:23,599
special access programs so the whole

1038
00:42:26,470 --> 00:42:25,440

radiation thing is really interesting

1039

00:42:28,470 --> 00:42:26,480

because

1040

00:42:31,030 --> 00:42:28,480

um not only

1041

00:42:32,470 --> 00:42:31,040

you know this guy was irradiated the the

1042

00:42:34,150 --> 00:42:32,480

person with the

1043

00:42:36,790 --> 00:42:34,160

uh that had blue orbs going through

1044

00:42:38,550 --> 00:42:36,800

their body came up with a rare form of

1045

00:42:41,109 --> 00:42:38,560

ductile carcinoma

1046

00:42:43,910 --> 00:42:41,119

um that that actually eventually was

1047

00:42:46,710 --> 00:42:43,920

resolved luckily uh it did not

1048

00:42:49,270 --> 00:42:46,720

metastasize but there were various

1049

00:42:50,309 --> 00:42:49,280

incidents like that of it acute medical

1050

00:42:53,270 --> 00:42:50,319

effects

1051
00:42:57,670 --> 00:42:53,280
but um also tied in with

1052
00:42:58,710 --> 00:42:57,680
hair loss metallic taste in the mouth

1053
00:43:01,750 --> 00:42:58,720
um

1054
00:43:04,470 --> 00:43:01,760
all of these classic signs that seem to

1055
00:43:07,430 --> 00:43:04,480
point in the direction of non-ionizing

1056
00:43:10,230 --> 00:43:07,440
radiation so yeah i mean we think that

1057
00:43:15,109 --> 00:43:10,240
that there was a subset of these cases

1058
00:43:19,990 --> 00:43:17,270
nice wow so where is the investigation

1059
00:43:21,670 --> 00:43:20,000
at now you know nids ran its course

1060
00:43:23,349 --> 00:43:21,680
asap which was originally supposed to be

1061
00:43:26,150 --> 00:43:23,359
a five-year program you know was going

1062
00:43:28,309 --> 00:43:26,160
to be a longer broad-scale study it was

1063
00:43:30,710 --> 00:43:28,319

cut short to what 20 months or something

1064

00:43:34,069 --> 00:43:30,720

like that call it two years uh and then

1065

00:43:34,950 --> 00:43:34,079

27 months yeah yeah and then a tip comes

1066

00:43:37,030 --> 00:43:34,960

out

1067

00:43:39,670 --> 00:43:37,040

you know in its time frame but even like

1068

00:43:41,910 --> 00:43:39,680

the tic tac video that happened years

1069

00:43:45,109 --> 00:43:41,920

and years before it was released so

1070

00:43:46,790 --> 00:43:45,119

where is the new sort of uh information

1071

00:43:48,309 --> 00:43:46,800

coming from and like what's actually

1072

00:43:49,589 --> 00:43:48,319

happening right now

1073

00:43:52,550 --> 00:43:49,599

well

1074

00:43:56,870 --> 00:43:52,560

as you know in in december of 2017 the

1075

00:43:59,510 --> 00:43:56,880

new york times uh broke the article on

1076

00:44:03,190 --> 00:43:59,520

on the on the tic tac case

1077

00:44:06,150 --> 00:44:03,200

as well as the uh this secret pentagon

1078

00:44:09,430 --> 00:44:06,160

ufo program which they got wrong in

1079

00:44:11,990 --> 00:44:09,440

terms of the naming um but you know that

1080

00:44:14,470 --> 00:44:12,000

initiated a whole sort of series of

1081

00:44:17,030 --> 00:44:14,480

events behind the scenes the department

1082

00:44:19,349 --> 00:44:17,040

of defense put together uh what they

1083

00:44:22,790 --> 00:44:19,359

call the uap task force

1084

00:44:26,150 --> 00:44:22,800

in uh 20 actually unofficially it was a

1085

00:44:29,750 --> 00:44:26,160

starting in about 20 uh 2018

1086

00:44:31,990 --> 00:44:29,760

but it became official in 2020 when it

1087

00:44:34,950 --> 00:44:32,000

was announced but a lot of the people

1088

00:44:36,390 --> 00:44:34,960

who had worked on the assaf program

1089

00:44:39,510 --> 00:44:36,400

and their and some of their

1090

00:44:42,309 --> 00:44:39,520

collaborators ended up working on the

1091

00:44:45,349 --> 00:44:42,319

uap task force so a lot of these people

1092

00:44:47,030 --> 00:44:45,359

knew a lot of what they were doing uh so

1093

00:44:49,670 --> 00:44:47,040

so on

1094

00:44:51,109 --> 00:44:49,680

june 25th of

1095

00:44:55,270 --> 00:44:51,119

um

1096

00:44:57,589 --> 00:44:55,280

the uh office of odni the

1097

00:45:00,230 --> 00:44:57,599

debate the main intelligence

1098

00:45:04,870 --> 00:45:00,240

uh umbrella announced that

1099

00:45:07,430 --> 00:45:04,880

uh you you of ufos or uaps were real but

1100

00:45:08,550 --> 00:45:07,440

that announcement basically sent shock

1101
00:45:10,790 --> 00:45:08,560
waves

1102
00:45:13,589 --> 00:45:10,800
through the western world because the

1103
00:45:16,390 --> 00:45:13,599
united states had always denied any

1104
00:45:20,150 --> 00:45:16,400
knowledge of ufos and had denied any

1105
00:45:21,670 --> 00:45:20,160
knowledge uh that uaps were even existed

1106
00:45:26,150 --> 00:45:21,680
but here they were making this

1107
00:45:28,950 --> 00:45:26,160
announcement uh on june 25th of 2021

1108
00:45:31,349 --> 00:45:28,960
subsequent to that there's been a lot of

1109
00:45:33,430 --> 00:45:31,359
briefings uh you know the senate

1110
00:45:36,790 --> 00:45:33,440
intelligence committee senate armed

1111
00:45:37,910 --> 00:45:36,800
services committee um in congress where

1112
00:45:40,230 --> 00:45:37,920
a lot of

1113
00:45:42,630 --> 00:45:40,240

uh senate people are

1114

00:45:43,430 --> 00:45:42,640

getting very very interested in the fact

1115

00:45:45,349 --> 00:45:43,440

that

1116

00:45:47,190 --> 00:45:45,359

hundreds of these

1117

00:45:50,309 --> 00:45:47,200

unidentified objects have been

1118

00:45:53,270 --> 00:45:50,319

documented in the last few years in

1119

00:45:53,990 --> 00:45:53,280

association with carrier strike groups

1120

00:45:55,430 --> 00:45:54,000

and

1121

00:45:57,349 --> 00:45:55,440

other other

1122

00:45:59,349 --> 00:45:57,359

united states military assets both on

1123

00:46:01,349 --> 00:45:59,359

the east and the west coast so

1124

00:46:02,870 --> 00:46:01,359

bottom line for this whole thing is that

1125

00:46:06,870 --> 00:46:02,880

there is a new

1126
00:46:10,630 --> 00:46:06,880
quote-unquote official uap organization

1127
00:46:12,950 --> 00:46:10,640
that is um it's housed at the

1128
00:46:14,790 --> 00:46:12,960
usdi which is the under secretary of

1129
00:46:16,790 --> 00:46:14,800
defense for intelligence

1130
00:46:18,230 --> 00:46:16,800
and they're tasked with basically

1131
00:46:21,109 --> 00:46:18,240
reporting out

1132
00:46:22,870 --> 00:46:21,119
uh with classified briefings to senate

1133
00:46:24,710 --> 00:46:22,880
armed services committee and senate

1134
00:46:27,670 --> 00:46:24,720
intelligence committee and i think

1135
00:46:30,550 --> 00:46:27,680
they're also tasked with releasing

1136
00:46:33,109 --> 00:46:30,560
an annual ufo report

1137
00:46:35,270 --> 00:46:33,119
a status of the situation but you know

1138
00:46:37,430 --> 00:46:35,280

to be honest

1139

00:46:39,109 --> 00:46:37,440

i don't think this organization

1140

00:46:40,230 --> 00:46:39,119

is capable

1141

00:46:43,510 --> 00:46:40,240

of

1142

00:46:47,109 --> 00:46:43,520

in-depth

1143

00:46:49,910 --> 00:46:47,119

investigative investigation apparatus

1144

00:46:52,630 --> 00:46:49,920

that osap actually put together in a

1145

00:46:53,990 --> 00:46:52,640

matter of six months this organization

1146

00:46:56,390 --> 00:46:54,000

usdi

1147

00:46:59,030 --> 00:46:56,400

is not it's more like an oversight

1148

00:47:01,030 --> 00:46:59,040

organization it does not have boots on

1149

00:47:03,589 --> 00:47:01,040

the ground probably never will have

1150

00:47:05,349 --> 00:47:03,599

boots on the ground so i think the best

1151

00:47:06,950 --> 00:47:05,359

that we can hope for

1152

00:47:11,109 --> 00:47:06,960

is some sort of

1153

00:47:13,910 --> 00:47:11,119

um low-level series of reporting out on

1154

00:47:16,710 --> 00:47:13,920

the ufo phenomenon some low-level

1155

00:47:18,470 --> 00:47:16,720

classified briefings to the senate

1156

00:47:21,270 --> 00:47:18,480

senate intelligence committee and senate

1157

00:47:23,829 --> 00:47:21,280

armed service committee but in terms of

1158

00:47:27,109 --> 00:47:23,839

the the kinds of

1159

00:47:29,109 --> 00:47:27,119

really intensive investigation

1160

00:47:31,349 --> 00:47:29,119

that's the kind of thing that asap

1161

00:47:33,349 --> 00:47:31,359

really put into place

1162

00:47:35,349 --> 00:47:33,359

and skin workers at the pentagon that

1163

00:47:37,750 --> 00:47:35,359

book that we published

1164

00:47:40,470 --> 00:47:37,760

appendix 2 of that book

1165

00:47:43,270 --> 00:47:40,480

lays out line by line a complete sort of

1166

00:47:45,910 --> 00:47:43,280

menu of the kind of organization you

1167

00:47:48,470 --> 00:47:45,920

would need to put together in order to

1168

00:47:50,150 --> 00:47:48,480

adequately investigate this ufo

1169

00:47:53,670 --> 00:47:50,160

phenomenon now

1170

00:47:58,150 --> 00:47:53,680

i'll be honest i don't think the um the

1171

00:48:01,349 --> 00:47:58,160

implementation of this plan at the usdi

1172

00:48:04,150 --> 00:48:01,359

is going to go anywhere close to

1173

00:48:06,870 --> 00:48:04,160

the level uh and then the intensity of

1174

00:48:09,190 --> 00:48:06,880

the investigation that's needed at best

1175

00:48:11,510 --> 00:48:09,200

it's going to be sort of uh another

1176

00:48:14,309 --> 00:48:11,520

project blue book that might sort of

1177

00:48:16,150 --> 00:48:14,319

report occasionally on cases but it's

1178

00:48:20,790 --> 00:48:16,160

not going to do the kind of

1179

00:48:23,510 --> 00:48:20,800

um 50 full-time people that are are only

1180

00:48:26,150 --> 00:48:23,520

organized in order to investigate these

1181

00:48:29,030 --> 00:48:26,160

cases day after day week after week i

1182

00:48:30,950 --> 00:48:29,040

mean that's what you need in order to

1183

00:48:33,510 --> 00:48:30,960

make some headway on this phenomenon

1184

00:48:34,710 --> 00:48:33,520

because this phenomenon is very very

1185

00:48:36,470 --> 00:48:34,720

complex

1186

00:48:39,109 --> 00:48:36,480

it's not the kind of thing that you can

1187

00:48:42,549 --> 00:48:39,119

say okay we'll deploy a couple of dozen

1188

00:48:44,230 --> 00:48:42,559

sensors here we'll get some sensor data

1189

00:48:46,630 --> 00:48:44,240

and then we'll explain this whole thing

1190

00:48:48,549 --> 00:48:46,640

away that's not the way this works

1191

00:48:49,990 --> 00:48:48,559

and it's worldwide like you mentioned

1192

00:48:51,430 --> 00:48:50,000

it's everywhere there's a bunch of

1193

00:48:52,470 --> 00:48:51,440

different pockets there's a bunch of

1194

00:48:54,790 --> 00:48:52,480

different

1195

00:48:57,349 --> 00:48:54,800

like even here in uh british columbia

1196

00:48:59,430 --> 00:48:57,359

it's a hot zone for uap

1197

00:49:01,510 --> 00:48:59,440

activity so

1198

00:49:03,349 --> 00:49:01,520

yeah that's right it's it's

1199

00:49:05,270 --> 00:49:03,359

it's a global problem and i always think

1200

00:49:06,390 --> 00:49:05,280

that that should be something that

1201

00:49:08,390 --> 00:49:06,400

i don't know

1202

00:49:10,069 --> 00:49:08,400

not saying nato but some bigger

1203

00:49:11,910 --> 00:49:10,079

organization can actually form maybe

1204

00:49:13,670 --> 00:49:11,920

some sort of team as opposed to just

1205

00:49:15,430 --> 00:49:13,680

having countries forming their own

1206

00:49:17,910 --> 00:49:15,440

little teams here and there not

1207

00:49:20,069 --> 00:49:17,920

communicating and of course that slows

1208

00:49:22,230 --> 00:49:20,079

down the whole process so

1209

00:49:25,190 --> 00:49:22,240

yeah and you know one of the things that

1210

00:49:28,630 --> 00:49:25,200

asap did was we did try to go

1211

00:49:31,990 --> 00:49:28,640

um international we we deployed teams

1212

00:49:33,829 --> 00:49:32,000

of investigators to brazil to look into

1213

00:49:34,870 --> 00:49:33,839

some of the activity in northeastern

1214

00:49:37,030 --> 00:49:34,880

brazil

1215

00:49:38,630 --> 00:49:37,040

in fortaleza we interviewed people

1216

00:49:40,870 --> 00:49:38,640

associated with

1217

00:49:43,270 --> 00:49:40,880

the famous kolaris

1218

00:49:45,829 --> 00:49:43,280

incidents back in the late 70s but we

1219

00:49:48,549 --> 00:49:45,839

also deployed a team to

1220

00:49:51,670 --> 00:49:48,559

brasilia the capital of brazil and we

1221

00:49:53,430 --> 00:49:51,680

interviewed high-level people with uh

1222

00:49:55,430 --> 00:49:53,440

with the the department that the

1223

00:49:58,230 --> 00:49:55,440

government of brazil and we were

1224

00:50:00,230 --> 00:49:58,240

actually instrumental in putting out in

1225

00:50:04,150 --> 00:50:00,240

the brazilian government issuing a

1226

00:50:07,430 --> 00:50:04,160

series of documents pertaining to

1227

00:50:09,670 --> 00:50:07,440

uh the release of information on ufos so

1228

00:50:11,190 --> 00:50:09,680

um that that part of the program was

1229

00:50:14,309 --> 00:50:11,200

very productive

1230

00:50:17,190 --> 00:50:14,319

we had some uh we had some overlap with

1231

00:50:20,390 --> 00:50:17,200

some of the uh ufo cases in the united

1232

00:50:22,710 --> 00:50:20,400

kingdom but you know if the asap program

1233

00:50:25,670 --> 00:50:22,720

had been allowed to continue

1234

00:50:27,589 --> 00:50:25,680

for you know another two or three years

1235

00:50:28,950 --> 00:50:27,599

we were really only getting started we

1236

00:50:32,069 --> 00:50:28,960

were getting to be

1237

00:50:34,150 --> 00:50:32,079

the status of a well-oiled machine but

1238

00:50:36,950 --> 00:50:34,160

if we had been allowed to continue for

1239

00:50:39,829 --> 00:50:36,960

about five years we probably would have

1240

00:50:42,710 --> 00:50:39,839

done a pretty good job in reaching out

1241

00:50:44,390 --> 00:50:42,720

with uh you know international liaisons

1242

00:50:46,230 --> 00:50:44,400

uh because the defense intelligence

1243

00:50:50,230 --> 00:50:46,240

agency has a network

1244

00:50:52,549 --> 00:50:50,240

of you know uh liaisons within a lot of

1245

00:50:55,589 --> 00:50:52,559

countries around the world and so we

1246

00:50:57,829 --> 00:50:55,599

were about to activate that network when

1247

00:51:01,349 --> 00:50:57,839

the um you know when the program was

1248

00:51:03,829 --> 00:51:01,359

shut down mostly for political reasons

1249

00:51:06,230 --> 00:51:03,839

uh but also because there were elements

1250

00:51:07,030 --> 00:51:06,240

within the pentagon that were getting

1251

00:51:08,470 --> 00:51:07,040

very

1252

00:51:10,549 --> 00:51:08,480

uncomfortable

1253

00:51:12,870 --> 00:51:10,559

with the fact that there was a lot of

1254

00:51:16,069 --> 00:51:12,880

productivity happening there was a lot

1255

00:51:18,710 --> 00:51:16,079

of discussion about what this program

1256

00:51:21,270 --> 00:51:18,720

was doing in the pentagon so people were

1257

00:51:25,109 --> 00:51:21,280

getting uncomfortable that the profile

1258

00:51:29,030 --> 00:51:27,270

well i've i can speak for myself as well

1259

00:51:30,950 --> 00:51:29,040

as jason we really enjoyed reading

1260

00:51:32,549 --> 00:51:30,960

skinwalkers at the pentagon it's the

1261

00:51:34,790 --> 00:51:32,559

kind of book you've got to read more

1262

00:51:36,470 --> 00:51:34,800

than once there's so much information

1263

00:51:38,309 --> 00:51:36,480

even if you're really well versed on the

1264

00:51:40,470 --> 00:51:38,319

subject the amount of acronyms and

1265

00:51:42,549 --> 00:51:40,480

everything else it takes a bit of

1266

00:51:45,349 --> 00:51:42,559

understanding and even for myself i sort

1267

00:51:47,910 --> 00:51:45,359

of plotted the chronology of nids to

1268

00:51:49,670 --> 00:51:47,920

ossap to atip and it really puts

1269

00:51:51,589 --> 00:51:49,680

everything into perspective because

1270

00:51:53,829 --> 00:51:51,599

robert bigelow's doing his thing with

1271

00:51:55,270 --> 00:51:53,839

nids and then skinwalker ranch at the

1272

00:51:56,790 --> 00:51:55,280

same time the government program's

1273

00:51:59,750 --> 00:51:56,800

running and he gets the contract for

1274

00:52:03,030 --> 00:51:59,760

that so it all makes sense if you absorb

1275

00:52:04,950 --> 00:52:03,040

it slowly and on multiple occasions so

1276

00:52:07,030 --> 00:52:04,960

um yeah do you have anything else you

1277

00:52:10,069 --> 00:52:07,040

want to ask jason no like i said this

1278

00:52:12,069 --> 00:52:10,079

this book i will also it absolutely

1279

00:52:14,630 --> 00:52:12,079

praise it because i've like i said i

1280

00:52:16,950 --> 00:52:14,640

highlighted you know a lot of the pages

1281

00:52:19,190 --> 00:52:16,960

and tabbed everything so it is a

1282

00:52:20,710 --> 00:52:19,200

fantastic book and i do also recommend

1283

00:52:24,150 --> 00:52:20,720

it for the

1284

00:52:25,829 --> 00:52:24,160

uap uh studios out there let's just call

1285

00:52:28,230 --> 00:52:25,839

them that for the listeners for the time

1286

00:52:30,470 --> 00:52:28,240

being yeah colm thank you so much for

1287

00:52:31,990 --> 00:52:30,480

coming on to the podcast today it's been

1288

00:52:33,670 --> 00:52:32,000

a pleasure and hopefully it's not the

1289

00:52:35,910 --> 00:52:33,680

last time that we have you on hopefully

1290

00:52:37,750 --> 00:52:35,920

you'll come on again this platform is

1291

00:52:40,309 --> 00:52:37,760

always open to you

1292

00:52:43,670 --> 00:52:40,319

okay well thank you i really enjoyed it

1293

00:52:45,349 --> 00:52:43,680

and uh for sure yeah i can

1294

00:52:48,150 --> 00:52:45,359

always come back at some time in the

1295

00:52:53,800 --> 00:52:48,160

future perfect sir have a great day
