and dr james lykatsky so without further

24

00:01:14,469 --> 00:01:13,439

ado mr george knapp please welcome

00:01:18,630 --> 00:01:16,479

yeah queen jason great to be with you

happy anniversary by the way i hope you

have some fun here today for sure for

29

00:01:24,390 --> 00:01:22,400

sure we were just having a quick chat

30

00:01:26,630 --> 00:01:24,400

before we got started here and already

31

00:01:28,789 --> 00:01:26,640

we're uh we're in awe of uh of your mind

32

00:01:31,429 --> 00:01:28,799

and uh just a really laid that laid back

33

00:01:33,590 --> 00:01:31,439

down to earth guy uh no bs you just want

34

00:01:35,590 --> 00:01:33,600

to look talk about the facts and uh

35

00:01:39,429 --> 00:01:35,600

you've been constantly pushing the topic

36

00:01:40,710 --> 00:01:39,439

of uap studies ufos since the mid 80s

37

00:01:42,950 --> 00:01:40,720

yeah and even on the topic of

38

00:01:45,670 --> 00:01:42,960

skinwalkers uh you've been at this over

39

00:01:47,990 --> 00:01:45,680

20 years so um probably the best source

40

00:01:49,350 --> 00:01:48,000

of anybody we could speak to about it uh

41

00:01:51,429 --> 00:01:49,360

so let's get right into it let's chat

42

00:01:52,950 --> 00:01:51,439

about how you got into this uh you know

43

00:01:54,950 --> 00:01:52,960

in the mid 90s and where it sort of

44

00:01:59,190 --> 00:01:54,960

progressed you today

45

00:02:01,429 --> 00:01:59,200

uh 1987. so it's 35 years ago i guess a

46

00:02:02,389 --> 00:02:01,439

guy named john lear walked into our tv

47

00:02:04,230 --> 00:02:02,399

station

48

00:02:06,230 --> 00:02:04,240

he had a stack of what i learned later

49

00:02:08,949 --> 00:02:06,240

were ufo documents and plopped them on

50

00:02:10,790 --> 00:02:08,959

the desk of a friend of mine my mentor

51  
00:02:13,430 --> 00:02:10,800  
ned day who was our managing editor at

52  
00:02:15,589 --> 00:02:13,440  
klas tv says ned this is the biggest

53  
00:02:18,070 --> 00:02:15,599  
story ever you got to look into it ned

54  
00:02:20,390 --> 00:02:18,080  
takes a look at some of the ufo files

55  
00:02:22,710 --> 00:02:20,400  
and shoved it aside and says this can't

56  
00:02:24,790 --> 00:02:22,720  
be real if it was true i'd know about it

57  
00:02:25,910 --> 00:02:24,800  
he was kind of cocky like i was back in

58  
00:02:28,390 --> 00:02:25,920  
those days

59  
00:02:30,229 --> 00:02:28,400  
uh ned had a certain amount of uh

60  
00:02:32,869 --> 00:02:30,239  
interest in john lear because lear had

61  
00:02:35,430 --> 00:02:32,879  
helped ned and klas

62  
00:02:37,430 --> 00:02:35,440  
bob stowed all my my boss break a really

63  
00:02:38,790 --> 00:02:37,440

big story that is about the existence of

64

00:02:41,350 --> 00:02:38,800

the stealth fighter

65

00:02:44,070 --> 00:02:41,360

which was not known until we reported it

66

00:02:45,190 --> 00:02:44,080

and so lear got entry into the studio

67

00:02:47,190 --> 00:02:45,200

got an

68

00:02:49,110 --> 00:02:47,200

audience with ned and then ned said no

69

00:02:51,190 --> 00:02:49,120

thanks well i was eavesdropping as i

70

00:02:53,589 --> 00:02:51,200

always do and i said let me take a look

71

00:02:55,670 --> 00:02:53,599

at that pile of stuff and it's some of

72

00:02:57,750 --> 00:02:55,680

the documents that have been re released

73

00:02:59,670 --> 00:02:57,760

about ufos via the freedom of

74

00:03:01,190 --> 00:02:59,680

information act now that well this is

75

00:03:03,030 --> 00:03:01,200

pretty interesting i was not aware that

76

00:03:04,390 --> 00:03:03,040

there were legitimate documents in a

77

00:03:08,149 --> 00:03:04,400

paper trail

78

00:03:09,670 --> 00:03:08,159

so i had lear come on a radio show or a

79

00:03:11,430 --> 00:03:09,680

talk show that i hosted at the time

80

00:03:12,949 --> 00:03:11,440

called on the record

81

00:03:15,030 --> 00:03:12,959

and i just let him go

82

00:03:16,869 --> 00:03:15,040

it's it's a show that would air at you

83

00:03:18,949 --> 00:03:16,879

know seven o'clock in the morning on a

84

00:03:20,790 --> 00:03:18,959

saturday or sunday public affairs it

85

00:03:23,030 --> 00:03:20,800

usually had like a city councilman or a

86

00:03:24,869 --> 00:03:23,040

county commissioner and the audience was

87

00:03:27,110 --> 00:03:24,879

very small no one watched it unless they

88

00:03:29,589 --> 00:03:27,120

were political junkies i put lear on

89

00:03:31,110 --> 00:03:29,599

this show and he did his thing outlines

90

00:03:34,229 --> 00:03:31,120

this outrageous

91

00:03:36,710 --> 00:03:34,239

outrageously huge conspiracy a ufo

92

00:03:38,229 --> 00:03:36,720

picture that i was unfamiliar with and i

93

00:03:39,750 --> 00:03:38,239

was blown away by it i didn't know what

94

00:03:41,670 --> 00:03:39,760

to think of it it was just sort of a

95

00:03:44,070 --> 00:03:41,680

willing suspension of disbelief for the

96

00:03:46,070 --> 00:03:44,080

time being but as a result of that show

97

00:03:48,229 --> 00:03:46,080

when it aired the phone starts ringing

98

00:03:50,309 --> 00:03:48,239

like crazy people are wondering is that

99

00:03:52,149 --> 00:03:50,319

guy for real what's the deal on ufos do

100

00:03:53,589 --> 00:03:52,159

you believe this stuff i didn't really

101  
00:03:55,270 --> 00:03:53,599  
know how to answer it because it didn't

102  
00:03:57,429 --> 00:03:55,280  
have much familiarity with the topic but

103  
00:03:59,270 --> 00:03:57,439  
i started reading

104  
00:04:02,390 --> 00:03:59,280  
and the more i read the more intrigued i

105  
00:04:04,309 --> 00:04:02,400  
was i had lear come back on the program

106  
00:04:06,630 --> 00:04:04,319  
almost a year later the response was

107  
00:04:08,869 --> 00:04:06,640  
even bigger i had him on a third time

108  
00:04:11,270 --> 00:04:08,879  
and the response was bigger by

109  
00:04:13,190 --> 00:04:11,280  
magnitudes each time he was there and

110  
00:04:15,589 --> 00:04:13,200  
the more i learned the more intriguing

111  
00:04:18,629 --> 00:04:15,599  
it became and as you guys know you know

112  
00:04:21,110 --> 00:04:18,639  
90 95 percent of everything you see and

113  
00:04:23,749 --> 00:04:21,120

read and hear in the ufo world is

114

00:04:26,390 --> 00:04:23,759

explainable it's not entirely

115

00:04:28,790 --> 00:04:26,400

but it is explainable um prosaic

116

00:04:31,350 --> 00:04:28,800

explanations for ufo sightings a lot of

117

00:04:33,350 --> 00:04:31,360

the conspiracy theories that that erupt

118

00:04:35,030 --> 00:04:33,360

over the years are made up

119

00:04:37,189 --> 00:04:35,040

they can't be verified

120

00:04:39,909 --> 00:04:37,199

so you have to be careful in how you

121

00:04:43,590 --> 00:04:39,919

proceed but that remaining five to seven

122

00:04:46,390 --> 00:04:43,600

percent of cases um documents theories

123

00:04:48,310 --> 00:04:46,400

are legit as far as we know they they

124

00:04:50,310 --> 00:04:48,320

there's a kernel of truth in there so

125

00:04:52,629 --> 00:04:50,320

that's what hooked me um you know what

126

00:04:54,710 --> 00:04:52,639

really got me going is is not the ufos

127

00:04:56,550 --> 00:04:54,720

that appear in the sky it was the paper

128

00:04:58,550 --> 00:04:56,560

trail the government documents as a

129

00:05:01,749 --> 00:04:58,560

journalist that's something i could dig

130

00:05:03,590 --> 00:05:01,759

my my teeth into and pursue and we did

131

00:05:04,710 --> 00:05:03,600

we got a file a lot of foia requests of

132

00:05:06,950 --> 00:05:04,720

our own

133

00:05:10,550 --> 00:05:06,960

i got uh all the foia requests that have

134

00:05:12,790 --> 00:05:10,560

been released to that date on ufos and

135

00:05:14,790 --> 00:05:12,800

it's very clear there's a legitimate

136

00:05:16,629 --> 00:05:14,800

interest in this topic at the highest

137

00:05:18,469 --> 00:05:16,639

levels of our military and government

138

00:05:20,070 --> 00:05:18,479

and that has been obscured they just

139

00:05:22,230 --> 00:05:20,080

haven't told the public the truth

140

00:05:24,790 --> 00:05:22,240

they've tried to downplay it and dismiss

141

00:05:26,629 --> 00:05:24,800

it but behind closed doors before the

142

00:05:28,629 --> 00:05:26,639

freedom of information act ever became

143

00:05:29,670 --> 00:05:28,639

the law of the land when these military

144

00:05:31,830 --> 00:05:29,680

folks

145

00:05:33,670 --> 00:05:31,840

conversed and exchanged ideas on the

146

00:05:35,350 --> 00:05:33,680

topic of ufos

147

00:05:37,510 --> 00:05:35,360

when they thought that no one would ever

148

00:05:39,029 --> 00:05:37,520

see these memos and documents they took

149

00:05:41,270 --> 00:05:39,039

it very seriously

150

00:05:43,430 --> 00:05:41,280

they said it's real it's not fictitious

151  
00:05:45,189 --> 00:05:43,440  
or imaginary it's real we need to figure

152  
00:05:47,350 --> 00:05:45,199  
out what it was they entertained the

153  
00:05:49,590 --> 00:05:47,360  
idea that it might be russians and they

154  
00:05:52,310 --> 00:05:49,600  
quickly crossed that off the list we're

155  
00:05:55,510 --> 00:05:52,320  
still here that now by the way russian

156  
00:05:57,189 --> 00:05:55,520  
ufos russian drones chinese drones still

157  
00:05:59,270 --> 00:05:57,199  
hear that they know damn good well it's

158  
00:06:02,950 --> 00:05:59,280  
not chinese and russian drones it wasn't

159  
00:06:04,870 --> 00:06:02,960  
50 60 70 years ago and it's not today we

160  
00:06:07,909 --> 00:06:04,880  
are now this year it's a 75th

161  
00:06:10,070 --> 00:06:07,919  
anniversary of key uh

162  
00:06:12,150 --> 00:06:10,080  
events in the history of ufos uh the

163  
00:06:14,309 --> 00:06:12,160

roswell incident in july

164

00:06:16,469 --> 00:06:14,319

kenneth arnold sighting that 75th

165

00:06:19,510 --> 00:06:16,479

anniversary is in june the creation of

166

00:06:21,749 --> 00:06:19,520

the cia and the air force today in fact

167

00:06:23,670 --> 00:06:21,759

is an anniversary your anniversary but

168

00:06:25,909 --> 00:06:23,680

it's also the 25th anniversary of the

169

00:06:27,270 --> 00:06:25,919

phoenix lights that case started here in

170

00:06:28,469 --> 00:06:27,280

nevada

171

00:06:31,189 --> 00:06:28,479

somebody saw

172

00:06:33,270 --> 00:06:31,199

this huge v-shaped craft in the sky over

173

00:06:35,029 --> 00:06:33,280

henderson about it it then traveled to

174

00:06:35,990 --> 00:06:35,039

prescott arizona then it was over

175

00:06:38,790 --> 00:06:36,000

phoenix

176

00:06:40,150 --> 00:06:38,800

the videos were recorded by and there

177

00:06:42,309 --> 00:06:40,160

were thousands and thousands of

178

00:06:44,390 --> 00:06:42,319

witnesses and that's case went all over

179

00:06:46,390 --> 00:06:44,400

the world it's one of those rare cases

180

00:06:48,950 --> 00:06:46,400

that gets beyond just the boundaries of

181

00:06:51,189 --> 00:06:48,960

ufo world it's known to the public so

182

00:06:53,189 --> 00:06:51,199

you know this year is a key anniversary

183

00:06:54,469 --> 00:06:53,199

uh we've come a long way in the last

184

00:06:57,029 --> 00:06:54,479

couple of years

185

00:06:59,350 --> 00:06:57,039

but we still have so far to go

186

00:07:01,670 --> 00:06:59,360

sorry i got rambling there no not at all

187

00:07:03,350 --> 00:07:01,680

that's that's amazing and we are a uap

188

00:07:05,110 --> 00:07:03,360

based show i mean this is the first time

189

00:07:06,629 --> 00:07:05,120

we've had the topic of skinwalkers other

190

00:07:08,790 --> 00:07:06,639

than with having thomas winterton on the

191

00:07:10,469 --> 00:07:08,800

show in the past so uh we have

192

00:07:13,510 --> 00:07:10,479

definitely spoken to people boots on the

193

00:07:15,350 --> 00:07:13,520

ground uh similar to yourself so so tell

194

00:07:17,350 --> 00:07:15,360

us a little bit about you know your work

195

00:07:19,749 --> 00:07:17,360

with nids and robert bigelow and how

196

00:07:21,589 --> 00:07:19,759

that sort of transition into you know

197

00:07:23,589 --> 00:07:21,599

deeper government investigations with

198

00:07:26,309 --> 00:07:23,599

these things uh that weren't publicly

199

00:07:28,230 --> 00:07:26,319

known up until just recently in 2017

200

00:07:30,950 --> 00:07:28,240

with that new york times article about

201  
00:07:33,670 --> 00:07:30,960  
atip and you know we had sean cahill who

202  
00:07:35,189 --> 00:07:33,680  
was actually on the uss princeton uh

203  
00:07:37,749 --> 00:07:35,199  
which where the tic tac video was

204  
00:07:39,350 --> 00:07:37,759  
recorded so um were we want to get as

205  
00:07:41,670 --> 00:07:39,360  
close to the people that were

206  
00:07:42,950 --> 00:07:41,680  
experiencing that and i know that uh you

207  
00:07:45,029 --> 00:07:42,960  
and some of your colleagues have also

208  
00:07:46,950 --> 00:07:45,039  
had bizarre things happen so kind of

209  
00:07:48,710 --> 00:07:46,960  
give us an idea of the rundown how it

210  
00:07:51,589 --> 00:07:48,720  
started and where we're at now

211  
00:07:53,589 --> 00:07:51,599  
well uh after those initial shows with

212  
00:07:56,230 --> 00:07:53,599  
lear i started reading and learning as

213  
00:07:59,350 --> 00:07:56,240

much as i could we produced a series in

214

00:08:00,869 --> 00:07:59,360

1989 called ufos the best evidence i

215

00:08:02,869 --> 00:08:00,879

worked about eight months on it which

216

00:08:04,150 --> 00:08:02,879

for a tv station that's a pretty

217

00:08:06,869 --> 00:08:04,160

substantial

218

00:08:08,869 --> 00:08:06,879

investment of time and resources uh we

219

00:08:11,350 --> 00:08:08,879

thought in initially well this could be

220

00:08:14,469 --> 00:08:11,360

a couple of parts it ended up being nine

221

00:08:16,550 --> 00:08:14,479

parts 12 to 13 minutes each which for tv

222

00:08:18,390 --> 00:08:16,560

that's that's outrageous you know it was

223

00:08:20,070 --> 00:08:18,400

but it was the highest rated it remains

224

00:08:22,150 --> 00:08:20,080

the highest rated

225

00:08:23,830 --> 00:08:22,160

locally produced tv news series in the

226

00:08:24,950 --> 00:08:23,840

history of las vegas i mean it went

227

00:08:26,550 --> 00:08:24,960

everywhere

228

00:08:29,589 --> 00:08:26,560

that story

229

00:08:31,990 --> 00:08:29,599

one of the focuses was on bob lazar so

230

00:08:34,230 --> 00:08:32,000

after i had met lear and uh and had

231

00:08:35,990 --> 00:08:34,240

those experiences bob lazar and his

232

00:08:37,509 --> 00:08:36,000

friend gene huff sought me out they

233

00:08:39,990 --> 00:08:37,519

thought well this is a guy we could talk

234

00:08:41,829 --> 00:08:40,000

to and at the time lazar was afraid he

235

00:08:43,909 --> 00:08:41,839

was going to be killed he was genuinely

236

00:08:45,670 --> 00:08:43,919

in fear for his life so we got to know

237

00:08:47,030 --> 00:08:45,680

him my news director and i went up there

238

00:08:49,110 --> 00:08:47,040

and interviewed him put him through his

239

00:08:51,509 --> 00:08:49,120

paces and we started investigating his

240

00:08:54,070 --> 00:08:51,519

background we put his story as part of

241

00:08:56,470 --> 00:08:54,080

this series ufo's the best evidence but

242

00:08:59,350 --> 00:08:56,480

really it was a much larger picture and

243

00:09:00,790 --> 00:08:59,360

look at the ufo uap topic in those days

244

00:09:03,110 --> 00:09:00,800

it went through the roof we did a

245

00:09:06,070 --> 00:09:03,120

follow-up series in

246

00:09:07,590 --> 00:09:06,080

may of 1990 and in between those after

247

00:09:09,670 --> 00:09:07,600

the first one it aired i get a call from

248

00:09:11,910 --> 00:09:09,680

a guy named robert bigelow the secretary

249

00:09:13,670 --> 00:09:11,920

says hold for robert bigelow i've never

250

00:09:15,590 --> 00:09:13,680

heard the name before he gets on the

251

00:09:17,910 --> 00:09:15,600

phone and says hey that series was

252

00:09:19,590 --> 00:09:17,920

really good uh congratulations i hope

253

00:09:21,350 --> 00:09:19,600

you stick with it and then he says can i

254

00:09:22,790 --> 00:09:21,360

help you in some way i said well i don't

255

00:09:24,389 --> 00:09:22,800

know what you mean i mean financially

256

00:09:26,230 --> 00:09:24,399

can i support you i said well you know i

257

00:09:27,910 --> 00:09:26,240

can't do that i work for a tv station

258

00:09:31,110 --> 00:09:27,920

but i'll keep you in mind and thanks

259

00:09:33,590 --> 00:09:31,120

very much robert bigelow as we now know

260

00:09:35,990 --> 00:09:33,600

is not somebody to be denied and after

261

00:09:37,750 --> 00:09:36,000

that he he wanted to get an introduction

262

00:09:39,030 --> 00:09:37,760

to lazar and i said well you know

263

00:09:41,030 --> 00:09:39,040

there's a lot of people want to do that

264

00:09:42,870 --> 00:09:41,040

i'm i'm going to pass on it

265

00:09:44,949 --> 00:09:42,880

uh bigelow hired a couple of private

266

00:09:47,110 --> 00:09:44,959

investigators found lazar got to know

267

00:09:49,990 --> 00:09:47,120

him and then we started hanging out we'd

268

00:09:52,310 --> 00:09:50,000

go out and have a meal or a drink or a

269

00:09:54,470 --> 00:09:52,320

coffee and start talking ufos and this

270

00:09:56,070 --> 00:09:54,480

went on for months and eventually

271

00:09:58,630 --> 00:09:56,080

bigelow

272

00:10:00,470 --> 00:09:58,640

uh decided to start investing money with

273

00:10:02,470 --> 00:10:00,480

ufo researchers

274

00:10:04,710 --> 00:10:02,480

and he struck a deal with lazar they had

275

00:10:06,790 --> 00:10:04,720

somewhat of a little business going for

276

00:10:08,310 --> 00:10:06,800

six months or so something like that

277

00:10:10,310 --> 00:10:08,320

but bigelow started handing out to

278

00:10:12,870 --> 00:10:10,320

people money to people like stan

279

00:10:13,990 --> 00:10:12,880

friedman um linda howe

280

00:10:15,910 --> 00:10:14,000

john mack

281

00:10:17,269 --> 00:10:15,920

uh a number of other luminaries names

282

00:10:19,110 --> 00:10:17,279

that you would know

283

00:10:21,509 --> 00:10:19,120

jason show them your stanton friedman

284

00:10:23,430 --> 00:10:21,519

picture there's your telepathic man we

285

00:10:26,310 --> 00:10:23,440

sketched this photo of stanton friedman

286

00:10:28,230 --> 00:10:26,320

earlier and uh yeah we uh we're also a

287

00:10:30,230 --> 00:10:28,240

big fan of his work so continue it was

288

00:10:32,230 --> 00:10:30,240

just sort of a coincidence that you know

289

00:10:34,150 --> 00:10:32,240

i moved to las vegas i had no idea there

290

00:10:36,230 --> 00:10:34,160

was a place called area 51 i didn't know

291

00:10:37,990 --> 00:10:36,240

about the nevada test site where all the

292

00:10:39,829 --> 00:10:38,000

atomic bombs were blown up nellis air

293

00:10:41,670 --> 00:10:39,839

force base i didn't know there was a guy

294

00:10:43,750 --> 00:10:41,680

named bob lazar i didn't know about john

295

00:10:46,069 --> 00:10:43,760

lear or robert bigelow and all these

296

00:10:48,470 --> 00:10:46,079

things sort of coalesced in an amazing

297

00:10:51,269 --> 00:10:48,480

series of coincidences that led to where

298

00:10:54,230 --> 00:10:51,279

we are now but las vegas plays such a

299

00:10:55,509 --> 00:10:54,240

key role in what we now know about uap

300

00:10:56,870 --> 00:10:55,519

and ufo

301  
00:10:58,630 --> 00:10:56,880  
that i don't think anyone could have

302  
00:11:00,870 --> 00:10:58,640  
foreseen you have to wonder what's in

303  
00:11:03,509 --> 00:11:00,880  
the water here so i develop a friendship

304  
00:11:06,710 --> 00:11:03,519  
with with the bigelow and lazar we do

305  
00:11:07,670 --> 00:11:06,720  
additional stories i start getting leads

306  
00:11:09,509 --> 00:11:07,680  
uh and

307  
00:11:11,269 --> 00:11:09,519  
sources from all over the world people

308  
00:11:13,110 --> 00:11:11,279  
sending me this and that and i kind of

309  
00:11:15,910 --> 00:11:13,120  
got hooked now i'm still a full-time

310  
00:11:18,710 --> 00:11:15,920  
investigative reporter for klas the ufo

311  
00:11:20,790 --> 00:11:18,720  
part is a very small percentage of what

312  
00:11:23,990 --> 00:11:20,800  
i normally do but it really grabbed my

313  
00:11:25,990 --> 00:11:24,000

attention and i remember in those days

314

00:11:27,990 --> 00:11:26,000

it was almost like missionary zeal you

315

00:11:29,269 --> 00:11:28,000

know when you're born again or something

316

00:11:31,509 --> 00:11:29,279

like that you want to share this

317

00:11:33,110 --> 00:11:31,519

information you have sort of a i don't

318

00:11:35,430 --> 00:11:33,120

know if i'd call it an epiphany but at

319

00:11:37,509 --> 00:11:35,440

some point back then i realized hey this

320

00:11:39,190 --> 00:11:37,519

stuff this stuff is real

321

00:11:41,430 --> 00:11:39,200

uh you know and i was kind of cocky in

322

00:11:43,509 --> 00:11:41,440

those days in the sense that

323

00:11:45,590 --> 00:11:43,519

the topic is a mess i had read enough to

324

00:11:47,509 --> 00:11:45,600

know that it's a real mess a lot of

325

00:11:49,110 --> 00:11:47,519

disinformation and misinformation and

326

00:11:50,710 --> 00:11:49,120

conspiracy nuts and all kinds of

327

00:11:52,389 --> 00:11:50,720

theories that couldn't be proven i

328

00:11:53,829 --> 00:11:52,399

figured well give me six months i'll

329

00:11:55,430 --> 00:11:53,839

have this whole thing wrapped up and

330

00:11:56,790 --> 00:11:55,440

sorted out you know

331

00:11:58,310 --> 00:11:56,800

obviously

332

00:12:01,030 --> 00:11:58,320

that's not the way it worked out here it

333

00:12:03,509 --> 00:12:01,040

is 35 years later and although i know a

334

00:12:06,069 --> 00:12:03,519

lot more i understand a lot less it's

335

00:12:07,430 --> 00:12:06,079

it's a lot more complicated than what we

336

00:12:09,990 --> 00:12:07,440

believed back then you know the

337

00:12:12,870 --> 00:12:10,000

prevailing paradigm at the time was that

338

00:12:13,829 --> 00:12:12,880

ufos are craft that visit us from other

339

00:12:17,269 --> 00:12:13,839

planets

340

00:12:18,870 --> 00:12:17,279

and that is mind-boggling in itself but

341

00:12:20,389 --> 00:12:18,880

you know my my thinking on it has

342

00:12:21,509 --> 00:12:20,399

shifted quite a bit that i'm sure we'll

343

00:12:22,710 --> 00:12:21,519

get into

344

00:12:25,670 --> 00:12:22,720

anyway

345

00:12:28,470 --> 00:12:25,680

early 90s relationship with a friendship

346

00:12:30,550 --> 00:12:28,480

with bigelow and i still am pursuing ufo

347

00:12:33,030 --> 00:12:30,560

matters a lot of things happened to

348

00:12:33,750 --> 00:12:33,040

lazar's life that we can get into

349

00:12:35,829 --> 00:12:33,760

but

350

00:12:37,829 --> 00:12:35,839

bigelow had got tired of just giving out

351  
00:12:39,430 --> 00:12:37,839  
money to individual researchers he

352  
00:12:41,509 --> 00:12:39,440  
created his own

353  
00:12:45,430 --> 00:12:41,519  
ufo think tank which is called nids the

354  
00:12:47,269 --> 00:12:45,440  
national institute for discovery science

355  
00:12:49,590 --> 00:12:47,279  
and he brought together a science

356  
00:12:51,190 --> 00:12:49,600  
advisory board that consisted of really

357  
00:12:53,590 --> 00:12:51,200  
some of the best minds in the world not

358  
00:12:56,069 --> 00:12:53,600  
just on the ufo topic but any topic

359  
00:12:58,949 --> 00:12:56,079  
there are two primary focuses for needs

360  
00:13:00,389 --> 00:12:58,959  
one was survival of consciousness after

361  
00:13:02,550 --> 00:13:00,399  
physical death

362  
00:13:05,269 --> 00:13:02,560  
do we go on and then the other part was

363  
00:13:06,790 --> 00:13:05,279

the ufo mystery and they had experts on

364

00:13:09,190 --> 00:13:06,800

the science advisory board on both

365

00:13:12,310 --> 00:13:09,200

topics in addition bigelow hired people

366

00:13:14,870 --> 00:13:12,320

like colin kelleher eric davis to uh

367

00:13:16,790 --> 00:13:14,880

constitute an investigative team

368

00:13:19,750 --> 00:13:16,800

they would uh they had boots on the

369

00:13:22,230 --> 00:13:19,760

ground uh responses to things like

370

00:13:24,550 --> 00:13:22,240

cattle mutilations uh they did a study

371

00:13:26,870 --> 00:13:24,560

of the black triangles they they were

372

00:13:28,949 --> 00:13:26,880

looking for ideas which is why bigelow

373

00:13:31,190 --> 00:13:28,959

got me involved is that he wanted me to

374

00:13:33,030 --> 00:13:31,200

be a consultant to nids to give them

375

00:13:35,030 --> 00:13:33,040

ideas on what they could do the first

376

00:13:37,590 --> 00:13:35,040

thing i did was about russia i had gone

377

00:13:39,829 --> 00:13:37,600

to russia in the early 90s brought back

378

00:13:41,990 --> 00:13:39,839

several hundred pages of what were then

379

00:13:43,750 --> 00:13:42,000

classified documents about the russian

380

00:13:45,509 --> 00:13:43,760

ufo program

381

00:13:47,590 --> 00:13:45,519

at the very first meeting of the science

382

00:13:49,670 --> 00:13:47,600

advisory board of nids they had me make

383

00:13:51,430 --> 00:13:49,680

a presentation and

384

00:13:54,629 --> 00:13:51,440

i was blown away by who was around the

385

00:13:56,710 --> 00:13:54,639

table hal put off jacques valet

386

00:13:59,430 --> 00:13:56,720

dr edgar mitchell six man to walk on the

387

00:14:01,110 --> 00:13:59,440

moon uh senator harrison schmidt the

388

00:14:04,230 --> 00:14:01,120

last man to walk on the moon was part of

389

00:14:06,870 --> 00:14:04,240

the board uh and then a lot of other uh

390

00:14:08,790 --> 00:14:06,880

academics just brilliant people was your

391

00:14:10,230 --> 00:14:08,800

heart pounding out your presentation

392

00:14:13,590 --> 00:14:10,240

yeah it was it was just awesome i was

393

00:14:15,509 --> 00:14:13,600

blown away by it and then nids continued

394

00:14:17,670 --> 00:14:15,519

they looked for ideas one of the ideas i

395

00:14:20,550 --> 00:14:17,680

gave them in 96 was a guy named phil

396

00:14:22,949 --> 00:14:20,560

corso and i phil corso had come into

397

00:14:25,430 --> 00:14:22,959

contact with him i think in 93.

398

00:14:27,110 --> 00:14:25,440

uh the ufo world had never heard of him

399

00:14:28,790 --> 00:14:27,120

but he was at that point starting to

400

00:14:31,430 --> 00:14:28,800

work on what became a book called the

401  
00:14:33,590 --> 00:14:31,440  
day after roswell and he claimed very

402  
00:14:36,230 --> 00:14:33,600  
intricate knowledge about roswell he had

403  
00:14:38,790 --> 00:14:36,240  
been working at a very exclusive office

404  
00:14:41,350 --> 00:14:38,800  
in the pentagon that basically claims

405  
00:14:43,670 --> 00:14:41,360  
that they distributed bits and pieces of

406  
00:14:46,230 --> 00:14:43,680  
crash retrieval material

407  
00:14:48,069 --> 00:14:46,240  
to u.s labs and u.s

408  
00:14:50,310 --> 00:14:48,079  
companies so that they can develop

409  
00:14:51,110 --> 00:14:50,320  
technology based on that so when i first

410  
00:14:51,990 --> 00:14:51,120  
met

411  
00:14:54,069 --> 00:14:52,000  
phil

412  
00:14:56,829 --> 00:14:54,079  
corso we reached an agreement i was

413  
00:14:58,230 --> 00:14:56,839

going to write his book and then we had

414

00:14:59,030 --> 00:14:58,240

a um

415

00:15:14,150 --> 00:14:59,040

a

416

00:15:16,150 --> 00:15:14,160

out to corso

417

00:15:18,310 --> 00:15:16,160

take these brainiacs who work for you

418

00:15:19,829 --> 00:15:18,320

along and see what they think well

419

00:15:22,310 --> 00:15:19,839

that's what we did i reached out to

420

00:15:25,030 --> 00:15:22,320

corso a group of us flew to florida

421

00:15:26,710 --> 00:15:25,040

where he lived met with him i i recorded

422

00:15:29,030 --> 00:15:26,720

a couple of hours of that conversation

423

00:15:30,710 --> 00:15:29,040

on a little camera i had two weeks later

424

00:15:32,150 --> 00:15:30,720

they brought him back out to las vegas

425

00:15:34,230 --> 00:15:32,160

where another group of mids people

426  
00:15:36,550 --> 00:15:34,240  
including jacques valet questioned him

427  
00:15:37,749 --> 00:15:36,560  
for hours we recorded that as well so

428  
00:15:39,749 --> 00:15:37,759  
that was the kind of

429  
00:15:43,030 --> 00:15:39,759  
projects that we did back then

430  
00:15:45,269 --> 00:15:43,040  
i was strictly a an outside consultant

431  
00:15:46,389 --> 00:15:45,279  
to nids but i was allowed to be a fly on

432  
00:15:47,749 --> 00:15:46,399  
the wall

433  
00:15:49,269 --> 00:15:47,759  
so i was allowed to develop

434  
00:15:51,269 --> 00:15:49,279  
relationships with a lot of the key

435  
00:15:53,189 --> 00:15:51,279  
people who were there and that led to so

436  
00:15:55,030 --> 00:15:53,199  
many great things through the

437  
00:15:56,310 --> 00:15:55,040  
rest of my life that i'm sure we can get

438  
00:15:58,150 --> 00:15:56,320

into

439

00:15:59,430 --> 00:15:58,160

so in terms of um

440

00:16:01,749 --> 00:15:59,440

when you were with nids and when robert

441

00:16:04,629 --> 00:16:01,759

bigelow was creating that coincidentally

442

00:16:08,069 --> 00:16:04,639

he was also purchasing skinwalker ranch

443

00:16:10,310 --> 00:16:08,079

in 96 from a ranch family that bought it

444

00:16:13,189 --> 00:16:10,320

wanting it to be their dream um resort

445

00:16:14,629 --> 00:16:13,199

you know it was uh very lush and well

446

00:16:16,629 --> 00:16:14,639

watered there was cattle there was a

447

00:16:18,949 --> 00:16:16,639

couple of homesteads and it was their

448

00:16:20,790 --> 00:16:18,959

their dream home and i heard you mention

449

00:16:22,150 --> 00:16:20,800

in another interview that the people

450

00:16:24,310 --> 00:16:22,160

that lived there were upstanding

451  
00:16:25,829 --> 00:16:24,320  
citizens you know lady worked for the

452  
00:16:28,629 --> 00:16:25,839  
school board i think you said the

453  
00:16:30,790 --> 00:16:28,639  
husband was a very hunter fisherman

454  
00:16:32,310 --> 00:16:30,800  
outdoorsy not scared of animals the kids

455  
00:16:34,870 --> 00:16:32,320  
were drunk

456  
00:16:36,230 --> 00:16:34,880  
yeah they had guns like this is uh and

457  
00:16:37,430 --> 00:16:36,240  
you know by the time they'd only been

458  
00:16:39,269 --> 00:16:37,440  
there a couple years and by the time

459  
00:16:41,590 --> 00:16:39,279  
robert bigelow came they were all

460  
00:16:43,189 --> 00:16:41,600  
sleeping in the same room of a house

461  
00:16:45,590 --> 00:16:43,199  
completely emotionally and

462  
00:16:46,949 --> 00:16:45,600  
psychologically tortured uh from what

463  
00:16:49,590 --> 00:16:46,959

the hell had been happening like it just

464

00:16:52,230 --> 00:16:49,600

crumbled these people and so coins like

465

00:16:54,150 --> 00:16:52,240

if if robert bigelow's looking for

466

00:16:56,629 --> 00:16:54,160

more solid sources than just giving out

467

00:16:59,350 --> 00:16:56,639

money willy-nilly to anybody with ideas

468

00:17:02,230 --> 00:16:59,360

uh what a perfect little lab to buy it's

469

00:17:03,829 --> 00:17:02,240

the best ant farm in the world to really

470

00:17:06,390 --> 00:17:03,839

study some of this phenomenon and the

471

00:17:07,909 --> 00:17:06,400

list of phenomenon is more diverse than

472

00:17:09,909 --> 00:17:07,919

anything else you can talk about in the

473

00:17:12,549 --> 00:17:09,919

uap world so

474

00:17:15,029 --> 00:17:12,559

yeah i don't think robert bigelow had

475

00:17:16,949 --> 00:17:15,039

any idea about the depth and breadth of

476

00:17:19,110 --> 00:17:16,959

the weirdness that was at that ranch i

477

00:17:20,630 --> 00:17:19,120

mean he was primarily interested in ufos

478

00:17:22,150 --> 00:17:20,640

you know there are some scattered

479

00:17:25,189 --> 00:17:22,160

reports at that point about other

480

00:17:26,870 --> 00:17:25,199

phenomena uh bigfoot cattle mutilations

481

00:17:28,870 --> 00:17:26,880

things of that sort but he went there

482

00:17:30,870 --> 00:17:28,880

because it was a ufo hotspot that was

483

00:17:32,870 --> 00:17:30,880

his interest he sent a team down there

484

00:17:34,789 --> 00:17:32,880

they went to the property met with we

485

00:17:36,470 --> 00:17:34,799

call them the gorman family and you're

486

00:17:38,789 --> 00:17:36,480

right they were salt of the earth rock

487

00:17:41,669 --> 00:17:38,799

solid family that the dad was a college

488

00:17:44,630 --> 00:17:41,679

educated expert in the insemination of

489

00:17:46,789 --> 00:17:44,640

cattle in in breeding hybrid cattle that

490

00:17:48,789 --> 00:17:46,799

were very expensive animals he was a

491

00:17:51,590 --> 00:17:48,799

world-class hunter

492

00:17:53,430 --> 00:17:51,600

a gamesman and uh you know and and was

493

00:17:55,830 --> 00:17:53,440

afraid of nothing his wife was a vice

494

00:17:57,830 --> 00:17:55,840

president of a bank in town the two kids

495

00:18:00,950 --> 00:17:57,840

were straight a student so they moved to

496

00:18:02,789 --> 00:18:00,960

that property in 94 had no idea about

497

00:18:04,470 --> 00:18:02,799

the reputation of the area let alone

498

00:18:06,150 --> 00:18:04,480

that specific property then they

499

00:18:08,310 --> 00:18:06,160

intended to spend the rest of their

500

00:18:10,310 --> 00:18:08,320

lives there fast forward to 20 months

501

00:18:12,310 --> 00:18:10,320

later they couldn't wait to get out by

502

00:18:14,470 --> 00:18:12,320

the time bigelow and his team arrived at

503

00:18:17,110 --> 00:18:14,480

the ranch to meet with the rancher that

504

00:18:19,029 --> 00:18:17,120

family was all sleeping on the ground on

505

00:18:21,510 --> 00:18:19,039

the floor in the same room at night

506

00:18:23,590 --> 00:18:21,520

because of for protection so they all be

507

00:18:25,750 --> 00:18:23,600

together because they've been absolutely

508

00:18:27,029 --> 00:18:25,760

terrorized for the previous 20 months

509

00:18:30,230 --> 00:18:27,039

you know and

510

00:18:31,909 --> 00:18:30,240

the uinta basin has been a ufo hotspot

511

00:18:33,510 --> 00:18:31,919

for as long as people have lived there

512

00:18:36,150 --> 00:18:33,520

you know the research that was done

513

00:18:38,310 --> 00:18:36,160

later by uh bigelow and others uh

514

00:18:40,070 --> 00:18:38,320

documented that there's a guy named uh

515

00:18:41,669 --> 00:18:40,080

junior hicks who'd been a

516

00:18:43,669 --> 00:18:41,679

science teacher in the neighborhood he'd

517

00:18:46,070 --> 00:18:43,679

been a science teacher for 45 years i

518

00:18:47,909 --> 00:18:46,080

think he just died about two years ago

519

00:18:50,549 --> 00:18:47,919

but he had become the unofficial

520

00:18:51,909 --> 00:18:50,559

historian of all things ufo in that

521

00:18:54,630 --> 00:18:51,919

basin and there were hundreds and

522

00:18:56,390 --> 00:18:54,640

hundreds of cases as his students would

523

00:18:58,150 --> 00:18:56,400

would grow up and become adults they'd

524

00:19:00,630 --> 00:18:58,160

reach out to him when they saw things

525

00:19:02,230 --> 00:19:00,640

and some by some estimates as many as 80

526

00:19:04,310 --> 00:19:02,240

or 90 percent of the people who live in

527

00:19:05,990 --> 00:19:04,320

the uh basin have seen it or somebody

528

00:19:08,390 --> 00:19:06,000

else in their families have seen it and

529

00:19:11,190 --> 00:19:08,400

by it i mean craft in the sky weird

530

00:19:13,110 --> 00:19:11,200

stuff but it wasn't just ufos

531

00:19:15,430 --> 00:19:13,120

that was the focus of a book called the

532

00:19:17,590 --> 00:19:15,440

utah ufo display that came out in the

533

00:19:20,070 --> 00:19:17,600

70s which established beyond any doubt i

534

00:19:22,070 --> 00:19:20,080

think based on junior hicks's cases that

535

00:19:24,070 --> 00:19:22,080

it was in fact a ufo hotspot and have

536

00:19:26,549 --> 00:19:24,080

been going on for maybe hundreds of

537

00:19:28,470 --> 00:19:26,559

years but there was a lot more that was

538

00:19:29,830 --> 00:19:28,480

not investigated that was the weirdness

539

00:19:32,150 --> 00:19:29,840

that we now know associated with

540

00:19:34,470 --> 00:19:32,160

skinwalker ranch bigelow goes there puts

541

00:19:36,230 --> 00:19:34,480

his team on the ground they somehow talk

542

00:19:38,390 --> 00:19:36,240

this rancher into staying on as the

543

00:19:39,990 --> 00:19:38,400

ranch manager while his family moved

544

00:19:42,390 --> 00:19:40,000

away to escape whatever the hell this

545

00:19:44,470 --> 00:19:42,400

was there that had been terrorizing them

546

00:19:46,390 --> 00:19:44,480

and um and then they set up shop they

547

00:19:48,549 --> 00:19:46,400

put up cameras they all kind of sensor

548

00:19:50,230 --> 00:19:48,559

gear to try to document whatever was

549

00:19:53,190 --> 00:19:50,240

going on there and then quickly they

550

00:19:55,110 --> 00:19:53,200

learned this went way beyond ufos

551  
00:19:57,190 --> 00:19:55,120  
far far beyond anything that they'd ever

552  
00:19:59,350 --> 00:19:57,200  
experienced before as i said when i

553  
00:20:02,549 --> 00:19:59,360  
started the prevailing paradigm at the

554  
00:20:04,310 --> 00:20:02,559  
time was ufos represent alien technology

555  
00:20:06,230 --> 00:20:04,320  
extraterrestrials coming here from some

556  
00:20:07,830 --> 00:20:06,240  
other planet to visit us and take

557  
00:20:11,190 --> 00:20:07,840  
samples and abduct people once in a

558  
00:20:13,190 --> 00:20:11,200  
while that entirely changed that totally

559  
00:20:14,870 --> 00:20:13,200  
was blown away by what happened at the

560  
00:20:16,950 --> 00:20:14,880  
ranch and and again because i was

561  
00:20:19,110 --> 00:20:16,960  
friends with robert bigelow became

562  
00:20:20,870 --> 00:20:19,120  
friends with column eric davis how put

563  
00:20:23,029 --> 00:20:20,880

off i was allowed to be a fly on the

564

00:20:24,950 --> 00:20:23,039

wall for a lot of what they did couldn't

565

00:20:27,669 --> 00:20:24,960

publicize it i couldn't go with a story

566

00:20:28,789 --> 00:20:27,679

on it but you know as always with uh

567

00:20:30,549 --> 00:20:28,799

bigelow

568

00:20:32,789 --> 00:20:30,559

the understanding was he allows me to

569

00:20:34,549 --> 00:20:32,799

know about this stuff and eventually my

570

00:20:37,190 --> 00:20:34,559

intention was to go forward with it to

571

00:20:39,270 --> 00:20:37,200

publicize it it sometimes took a long

572

00:20:40,870 --> 00:20:39,280

time you know with the the the

573

00:20:42,870 --> 00:20:40,880

skinwalker stuff i couldn't talk about

574

00:20:45,110 --> 00:20:42,880

it for seven years

575

00:20:47,029 --> 00:20:45,120

uh there had been a couple of

576

00:20:49,190 --> 00:20:47,039

newspaper articles i think the deseret

577

00:20:51,669 --> 00:20:49,200

news uh had done a couple of pieces

578

00:20:54,710 --> 00:20:51,679

about the rancher and some of what he's

579

00:20:57,590 --> 00:20:54,720

experiencing but the vast the weirdest

580

00:20:59,270 --> 00:20:57,600

stuff the strangest incidents

581

00:21:00,230 --> 00:20:59,280

uh that had happened had not been made

582

00:21:01,909 --> 00:21:00,240

public

583

00:21:03,270 --> 00:21:01,919

when i started hearing about this stuff

584

00:21:05,430 --> 00:21:03,280

i didn't know what to think i mean i had

585

00:21:07,430 --> 00:21:05,440

no idea what to make of this i never

586

00:21:10,549 --> 00:21:07,440

looked at poltergeists or something like

587

00:21:13,430 --> 00:21:10,559

that and to to be frank uh we don't know

588

00:21:15,190 --> 00:21:13,440

that it's poltergeists at all it just it

589

00:21:17,430 --> 00:21:15,200

sort of got lumped in with that because

590

00:21:19,430 --> 00:21:17,440

it's comparable to those kind of

591

00:21:21,430 --> 00:21:19,440

incidents that have been reported around

592

00:21:23,350 --> 00:21:21,440

the world throughout human history don't

593

00:21:25,750 --> 00:21:23,360

know what it is but that's sort of the

594

00:21:27,750 --> 00:21:25,760

mental uh category that people put this

595

00:21:29,830 --> 00:21:27,760

stuff into but there was some kind of a

596

00:21:31,909 --> 00:21:29,840

an intelligence at the ranch there is no

597

00:21:34,710 --> 00:21:31,919

question about that sometimes you could

598

00:21:37,750 --> 00:21:34,720

see it manifest itself in different ways

599

00:21:39,270 --> 00:21:37,760

physically sometimes it was

600

00:21:40,950 --> 00:21:39,280

psychic

601  
00:21:42,710 --> 00:21:40,960  
the people who were there including the

602  
00:21:45,029 --> 00:21:42,720  
nids team felt that they were always

603  
00:21:46,789 --> 00:21:45,039  
being watched that whatever it was

604  
00:21:48,230 --> 00:21:46,799  
was always one step ahead of them it

605  
00:21:50,549 --> 00:21:48,240  
knew what they were going to do before

606  
00:21:52,549 --> 00:21:50,559  
they did it there were if you've seen

607  
00:21:54,950 --> 00:21:52,559  
brandon fogle and his team and the

608  
00:21:56,710 --> 00:21:54,960  
secret skin walker ranch tv series

609  
00:21:59,029 --> 00:21:56,720  
they've now put on camera a lot of what

610  
00:22:01,350 --> 00:21:59,039  
was happening to the nids guys right off

611  
00:22:04,070 --> 00:22:01,360  
the bat is that you know compasses would

612  
00:22:06,390 --> 00:22:04,080  
spin out of control um batteries would

613  
00:22:09,110 --> 00:22:06,400

die cameras would die equipment would

614

00:22:10,549 --> 00:22:09,120

malfunction things would disappear

615

00:22:11,909 --> 00:22:10,559

this is sort of like what happened to

616

00:22:13,750 --> 00:22:11,919

the ranch family when they were first

617

00:22:16,310 --> 00:22:13,760

there you know they things would move

618

00:22:17,909 --> 00:22:16,320

around the wife would take a shower

619

00:22:20,230 --> 00:22:17,919

every morning she'd go into the bathroom

620

00:22:22,470 --> 00:22:20,240

lock the door put a towel and a

621

00:22:24,549 --> 00:22:22,480

hairbrush on the cabinet go and take a

622

00:22:27,029 --> 00:22:24,559

shower come out well she comes out one

623

00:22:28,630 --> 00:22:27,039

day the door's still locked but the

624

00:22:30,070 --> 00:22:28,640

towel and the hairbrush are gone they

625

00:22:32,149 --> 00:22:30,080

found the hair brush i think in the

626  
00:22:34,710 --> 00:22:32,159  
freezer things would move around in the

627  
00:22:36,549 --> 00:22:34,720  
house equipment the ranchers outside he

628  
00:22:38,549 --> 00:22:36,559  
would dig a post hole

629  
00:22:40,230 --> 00:22:38,559  
used a post hole digger heavy piece of

630  
00:22:42,549 --> 00:22:40,240  
equipment to dig these holes to put

631  
00:22:44,710 --> 00:22:42,559  
fencing in he stops to take a wipe his

632  
00:22:47,350 --> 00:22:44,720  
brow take a sip of water looks around

633  
00:22:49,110 --> 00:22:47,360  
the the post hole digger the device is

634  
00:22:51,909 --> 00:22:49,120  
gone they found it a couple of weeks

635  
00:22:55,590 --> 00:22:51,919  
later up in a cottonwood tree um

636  
00:22:57,830 --> 00:22:55,600  
a giant an entire cord of wood moved

637  
00:23:00,070 --> 00:22:57,840  
like six inches uh you know strange

638  
00:23:01,669 --> 00:23:00,080

little things like that and they always

639

00:23:03,830 --> 00:23:01,679

felt they were being watched they would

640

00:23:05,909 --> 00:23:03,840

at night they would feel the ground

641

00:23:07,750 --> 00:23:05,919

rumble they would hear sounds metallic

642

00:23:09,430 --> 00:23:07,760

sounds coming from the ground as if

643

00:23:11,909 --> 00:23:09,440

there was some kind of a steel mill or

644

00:23:14,149 --> 00:23:11,919

an underground railroad sometimes the

645

00:23:16,230 --> 00:23:14,159

entire pasture at night would would be

646

00:23:18,310 --> 00:23:16,240

lit up by bolts of light that come out

647

00:23:19,909 --> 00:23:18,320

of the sky occasionally they said there

648

00:23:21,830 --> 00:23:19,919

would be bolts of light that seemed to

649

00:23:24,549 --> 00:23:21,840

come out of the ground they saw every

650

00:23:26,549 --> 00:23:24,559

imaginable shape of ufo that you could

651

00:23:29,750 --> 00:23:26,559

you could possibly describe

652

00:23:31,350 --> 00:23:29,760

sombreros uh classic flying saucers

653

00:23:34,149 --> 00:23:31,360

sombrero things that would fly right

654

00:23:36,789 --> 00:23:34,159

into skinwalker ridge they would see uh

655

00:23:38,789 --> 00:23:36,799

things that look like an f-117 stealth

656

00:23:41,909 --> 00:23:38,799

fighter that would float

657

00:23:44,070 --> 00:23:41,919

silently over the property uh they had a

658

00:23:45,909 --> 00:23:44,080

ring of lights like almost multi-colored

659

00:23:48,070 --> 00:23:45,919

christmas lights around this thing and

660

00:23:49,350 --> 00:23:48,080

it would shine down bolts of light as if

661

00:23:51,590 --> 00:23:49,360

it was looking for something on the

662

00:23:54,070 --> 00:23:51,600

property there was one night where the

663

00:23:55,750 --> 00:23:54,080

the wife was at home alone she'd come

664

00:23:58,549 --> 00:23:55,760

home and there was these two strange

665

00:24:00,950 --> 00:23:58,559

creatures a gigantic dog with a tiny

666

00:24:02,870 --> 00:24:00,960

head and then a huge wolf bigger than

667

00:24:04,470 --> 00:24:02,880

the wolf that they first saw on the day

668

00:24:06,070 --> 00:24:04,480

they first moved in

669

00:24:07,669 --> 00:24:06,080

standing there at the front gate

670

00:24:09,909 --> 00:24:07,679

watching her and she went through the

671

00:24:11,990 --> 00:24:09,919

gate she hustles onto her house kind of

672

00:24:14,149 --> 00:24:12,000

scared she calls her husband who was

673

00:24:15,590 --> 00:24:14,159

away from the property at the time says

674

00:24:17,190 --> 00:24:15,600

something really strange is going on

675

00:24:19,110 --> 00:24:17,200

here i need you to come home he was a

676  
00:24:21,269 --> 00:24:19,120  
couple hundred miles away trying to sell

677  
00:24:23,430 --> 00:24:21,279  
some cattle he jumps in his car starts

678  
00:24:26,470 --> 00:24:23,440  
driving in the meantime she's peeking

679  
00:24:29,029 --> 00:24:26,480  
out the the curtains in that ranch house

680  
00:24:32,149 --> 00:24:29,039  
and they're out in the pasture about 50

681  
00:24:35,269 --> 00:24:32,159  
yards from the house is a ufo that lands

682  
00:24:37,269 --> 00:24:35,279  
that sits there lands and it uh a

683  
00:24:39,190 --> 00:24:37,279  
doorway opens this light comes spilling

684  
00:24:41,110 --> 00:24:39,200  
out into the pasture and there there

685  
00:24:42,549 --> 00:24:41,120  
looks like what is preposterous but it

686  
00:24:45,110 --> 00:24:42,559  
looks like a desk right in the middle of

687  
00:24:47,350 --> 00:24:45,120  
this this office of this ufo

688  
00:24:50,149 --> 00:24:47,360

and as she's watching in terror this

689

00:24:53,110 --> 00:24:50,159

gigantic form like a nine foot tall

690

00:24:55,110 --> 00:24:53,120

darth vader walks up to the desk and

691

00:24:57,350 --> 00:24:55,120

sits behind it and is just staring at

692

00:25:00,070 --> 00:24:57,360

her again she calls her husband tries to

693

00:25:02,470 --> 00:25:00,080

get him to even rush even faster she

694

00:25:03,510 --> 00:25:02,480

closes the curtain and uh they didn't

695

00:25:05,510 --> 00:25:03,520

know what to make of this when the

696

00:25:08,070 --> 00:25:05,520

husband gets home he finds the

697

00:25:10,630 --> 00:25:08,080

indentations where this thing had sat

698

00:25:12,470 --> 00:25:10,640

down and he finds these size 14 shoe

699

00:25:15,110 --> 00:25:12,480

prints that are in the in the mud there

700

00:25:17,750 --> 00:25:15,120

it really physically happened the the

701  
00:25:18,870 --> 00:25:17,760  
investigations by nids and then later by

702  
00:25:19,990 --> 00:25:18,880  
asap

703  
00:25:22,070 --> 00:25:20,000  
are bass

704  
00:25:23,669 --> 00:25:22,080  
were very frustrating because you'd have

705  
00:25:24,630 --> 00:25:23,679  
physical evidence that something

706  
00:25:26,310 --> 00:25:24,640  
happened

707  
00:25:28,710 --> 00:25:26,320  
but it was really hard to nail down and

708  
00:25:30,310 --> 00:25:28,720  
nothing ever happened the same

709  
00:25:33,510 --> 00:25:30,320  
there would be things that would happen

710  
00:25:34,870 --> 00:25:33,520  
just outside of the site of the cameras

711  
00:25:36,630 --> 00:25:34,880  
there would be things that happened

712  
00:25:38,870 --> 00:25:36,640  
where the cameras were disabled there

713  
00:25:41,350 --> 00:25:38,880

was one incident where they had a camera

714

00:25:43,990 --> 00:25:41,360

up on top of a telephone pole that would

715

00:25:46,149 --> 00:25:44,000

have a broad view of the of the property

716

00:25:48,710 --> 00:25:46,159

and there were other cameras like that

717

00:25:50,870 --> 00:25:48,720

as well on other poles something got

718

00:25:53,590 --> 00:25:50,880

tired of being watched and it went up

719

00:25:55,350 --> 00:25:53,600

that pole and ripped the shreds this

720

00:25:57,909 --> 00:25:55,360

camera not only the camera that was

721

00:25:59,669 --> 00:25:57,919

disabled but the wiring that went down

722

00:26:02,630 --> 00:25:59,679

the telephone pole

723

00:26:04,390 --> 00:26:02,640

had been secured by a plastic

724

00:26:06,950 --> 00:26:04,400

device and then that was secured with

725

00:26:08,789 --> 00:26:06,960

tape all that was ripped up and was gone

726

00:26:10,630 --> 00:26:08,799

the nid's team realizes hey we've got

727

00:26:12,310 --> 00:26:10,640

another camera that should have an angle

728

00:26:14,310 --> 00:26:12,320

on this we could see what went up there

729

00:26:16,710 --> 00:26:14,320

was it an animal was it a person well

730

00:26:18,390 --> 00:26:16,720

they go back they back time it they look

731

00:26:19,830 --> 00:26:18,400

at the point where the camera was

732

00:26:20,950 --> 00:26:19,840

disabled whatever it did it was

733

00:26:25,350 --> 00:26:20,960

invisible

734

00:26:27,510 --> 00:26:25,360

through their cattle there were horrible

735

00:26:29,750 --> 00:26:27,520

mutilation incidents there was one night

736

00:26:31,350 --> 00:26:29,760

in a blinding snow storm when something

737

00:26:33,029 --> 00:26:31,360

went in and killed all the cats on the

738

00:26:33,909 --> 00:26:33,039

property there was another incident

739

00:26:35,669 --> 00:26:33,919

where

740

00:26:38,070 --> 00:26:35,679

the rancher is on the phone i think to

741

00:26:39,350 --> 00:26:38,080

bigelow at the time and his three big

742

00:26:41,590 --> 00:26:39,360

dogs are

743

00:26:43,190 --> 00:26:41,600

snapping and jumping at this blue orb

744

00:26:45,110 --> 00:26:43,200

that was we could talk about that

745

00:26:47,110 --> 00:26:45,120

further too called blue meanies as our

746

00:26:48,870 --> 00:26:47,120

nickname for them but this thing is

747

00:26:50,950 --> 00:26:48,880

staying just outside the snapping jaws

748

00:26:52,390 --> 00:26:50,960

of these dogs and it's leading them

749

00:26:54,870 --> 00:26:52,400

across the property

750

00:26:56,470 --> 00:26:54,880

into this brushy area and the rancher

751  
00:26:57,909 --> 00:26:56,480  
goes hey i gotta go something's happened

752  
00:27:00,549 --> 00:26:57,919  
here hangs up the phone and then here's

753  
00:27:02,710 --> 00:27:00,559  
these shrieks from his three dogs

754  
00:27:04,710 --> 00:27:02,720  
they're gone and in the morning he all

755  
00:27:07,669 --> 00:27:04,720  
he found was a greasy

756  
00:27:09,830 --> 00:27:07,679  
three greasy spots with some loose hairs

757  
00:27:11,830 --> 00:27:09,840  
where these dogs have been vaporized

758  
00:27:13,909 --> 00:27:11,840  
there were cryptid creatures that

759  
00:27:16,549 --> 00:27:13,919  
appeared that would attack their animals

760  
00:27:18,789 --> 00:27:16,559  
for example they came home one day and

761  
00:27:21,350 --> 00:27:18,799  
this thing this heavily muscled looking

762  
00:27:25,430 --> 00:27:21,360  
hyena looking thing but with a big bushy

763  
00:27:27,110 --> 00:27:25,440

tail like a box and a big long claws was

764

00:27:29,110 --> 00:27:27,120

toying with one of their horses the

765

00:27:31,029 --> 00:27:29,120

horse is jumping up and down this thing

766

00:27:33,110 --> 00:27:31,039

is scratching on its legs

767

00:27:35,110 --> 00:27:33,120

they really did whatever it was it left

768

00:27:36,710 --> 00:27:35,120

claw marks on this horse the rancher

769

00:27:38,630 --> 00:27:36,720

jumps out of his truck and goes running

770

00:27:40,710 --> 00:27:38,640

toward it yelling and this creature

771

00:27:42,950 --> 00:27:40,720

leaves up the corral

772

00:27:45,190 --> 00:27:42,960

runs up skinwalker ridge ducks behind a

773

00:27:47,430 --> 00:27:45,200

rock and is gone they had an incident

774

00:27:49,669 --> 00:27:47,440

where they had these they had lost i

775

00:27:51,590 --> 00:27:49,679

think 14 head of cattle very expensive

776

00:27:53,750 --> 00:27:51,600

animals and the ranchers saying to his

777

00:27:56,549 --> 00:27:53,760

wife well look we lose any of these

778

00:27:59,510 --> 00:27:56,559

bulls we got these four prized bulls 2

779

00:28:01,909 --> 00:27:59,520

000 pound animals fearless fierce

780

00:28:03,510 --> 00:28:01,919

ferocious animals very expensive and

781

00:28:05,669 --> 00:28:03,520

they're all in the corral

782

00:28:06,870 --> 00:28:05,679

and the rancher is in this in the truck

783

00:28:09,350 --> 00:28:06,880

with his wife they're going to town to

784

00:28:11,750 --> 00:28:09,360

get supplies come back in 40 minutes but

785

00:28:13,029 --> 00:28:11,760

he says to his wife as he leaves

786

00:28:14,149 --> 00:28:13,039

if something happens to one of those

787

00:28:15,909 --> 00:28:14,159

bulls

788

00:28:18,310 --> 00:28:15,919

we'll go under we'll lose everything

789

00:28:20,789 --> 00:28:18,320

they come back in 35 40 minutes all four

790

00:28:22,630 --> 00:28:20,799

of the bulls are gone they're panicking

791

00:28:24,789 --> 00:28:22,640

where do they go i mean there's only one

792

00:28:26,789 --> 00:28:24,799

road into this ranch one way in one way

793

00:28:28,789 --> 00:28:26,799

out they jump out and start looking for

794

00:28:32,549 --> 00:28:28,799

the bulls trying to track them down

795

00:28:35,510 --> 00:28:32,559

in the corral is a trailer it was an old

796

00:28:38,389 --> 00:28:35,520

trailer a white trailer um with only one

797

00:28:41,110 --> 00:28:38,399

door in and he would use it to store uh

798

00:28:42,710 --> 00:28:41,120

tools things of that sort and feed

799

00:28:44,710 --> 00:28:42,720

at the top of the trailer is a little

800

00:28:46,230 --> 00:28:44,720

great and he peeks in just out of the

801  
00:28:47,990 --> 00:28:46,240  
out of the blue decides well what the

802  
00:28:49,750 --> 00:28:48,000  
heck i'll look in there they look he

803  
00:28:52,470 --> 00:28:49,760  
looks into the the great at the top of

804  
00:28:54,630 --> 00:28:52,480  
the trailer all four bulls are inside

805  
00:28:56,630 --> 00:28:54,640  
they're crammed in because it's not that

806  
00:28:58,950 --> 00:28:56,640  
big they're all crammed in side to side

807  
00:29:01,110 --> 00:28:58,960  
and kind of in a trance he says he yells

808  
00:29:03,590 --> 00:29:01,120  
to his wife i found the bulls they're in

809  
00:29:05,269 --> 00:29:03,600  
here now the door the only door that's

810  
00:29:08,470 --> 00:29:05,279  
there is still locked it's secured by

811  
00:29:10,710 --> 00:29:08,480  
this really thick uh wire there's no way

812  
00:29:12,310 --> 00:29:10,720  
to get those bulls into that trailer you

813  
00:29:14,230 --> 00:29:12,320

couldn't do it with a forklift you

814

00:29:16,070 --> 00:29:14,240

couldn't do it with an army of people

815

00:29:18,070 --> 00:29:16,080

how they got in there was as if they

816

00:29:20,070 --> 00:29:18,080

were dematerialized as soon as the

817

00:29:22,630 --> 00:29:20,080

rancher yells to the wife hey i found

818

00:29:24,230 --> 00:29:22,640

them they wake up out of this trance

819

00:29:26,230 --> 00:29:24,240

start kicking and moving around they

820

00:29:28,710 --> 00:29:26,240

knocked a hole in the wall and they got

821

00:29:29,830 --> 00:29:28,720

out when the needs team got there to

822

00:29:31,029 --> 00:29:29,840

investigate

823

00:29:33,110 --> 00:29:31,039

normally they were there all the time

824

00:29:35,350 --> 00:29:33,120

but this weekend they were gone the

825

00:29:37,269 --> 00:29:35,360

entire corral had been magnetized

826

00:29:39,669 --> 00:29:37,279

whatever technology was used to take

827

00:29:42,310 --> 00:29:39,679

those bulls from the corral and stick

828

00:29:45,110 --> 00:29:42,320

them in that trailer

829

00:29:47,750 --> 00:29:45,120

it magnetized these metal poles so you

830

00:29:49,510 --> 00:29:47,760

know none of this makes sense

831

00:29:51,750 --> 00:29:49,520

how does it fit together

832

00:29:53,110 --> 00:29:51,760

the commonality was skinwalker ranch the

833

00:29:55,190 --> 00:29:53,120

uinta basin

834

00:29:56,710 --> 00:29:55,200

and it seemed like whatever the

835

00:29:58,710 --> 00:29:56,720

intelligence was

836

00:30:01,350 --> 00:29:58,720

was messing with it it wanted to

837

00:30:03,830 --> 00:30:01,360

generate a reaction it seemed to

838

00:30:05,590 --> 00:30:03,840

feed on fear it wanted to get an

839

00:30:07,350 --> 00:30:05,600

emotional response and it was messing

840

00:30:09,190 --> 00:30:07,360

with their heads the other way to look

841

00:30:11,350 --> 00:30:09,200

at it as as colin and i did when we

842

00:30:13,909 --> 00:30:11,360

wrote the hunt for the skinwalker is

843

00:30:15,909 --> 00:30:13,919

it seemed to be a learning curve

844

00:30:18,149 --> 00:30:15,919

it was trying to demonstrate that

845

00:30:20,149 --> 00:30:18,159

all these different kinds of paranormal

846

00:30:21,909 --> 00:30:20,159

phenomena paranormal amusing air quotes

847

00:30:23,510 --> 00:30:21,919

around it the things that we all

848

00:30:24,630 --> 00:30:23,520

consider separate

849

00:30:27,110 --> 00:30:24,640

mysteries

850

00:30:29,510 --> 00:30:27,120

bigfoot cryptid creatures cattle

851

00:30:31,590 --> 00:30:29,520

mutilations poltergeists

852

00:30:33,750 --> 00:30:31,600

um you know all those things were all

853

00:30:35,830 --> 00:30:33,760

happening on one spot and it seemed as

854

00:30:37,669 --> 00:30:35,840

if this intelligence was telling us

855

00:30:38,870 --> 00:30:37,679

they're all related uh it's up to you to

856

00:30:40,470 --> 00:30:38,880

figure out how

857

00:30:41,909 --> 00:30:40,480

i'm sorry if i got off on too much of a

858

00:30:43,830 --> 00:30:41,919

tangent there but uh i think the

859

00:30:45,669 --> 00:30:43,840

strangest thing for me and the scariest

860

00:30:47,590 --> 00:30:45,679

thing is what they what you call the

861

00:30:49,510 --> 00:30:47,600

hitchhiker effect where yes not only

862

00:30:51,909 --> 00:30:49,520

people that were there experiencing

863

00:30:53,669 --> 00:30:51,919

things it seemed to latch onto them and

864

00:30:56,870 --> 00:30:53,679

go home with them to their families and

865

00:30:58,549 --> 00:30:56,880

just torment everybody and uh i i've

866

00:31:00,070 --> 00:30:58,559

heard you mention that for years you

867

00:31:01,430 --> 00:31:00,080

would take home rocks and things like

868

00:31:03,269 --> 00:31:01,440

that from the ranch

869

00:31:05,350 --> 00:31:03,279

trying to spur that type of phenomenon

870

00:31:06,870 --> 00:31:05,360

on and then it happened

871

00:31:09,430 --> 00:31:06,880

and you know if you poke the bear enough

872

00:31:10,310 --> 00:31:09,440

times one day the bear wakes up right so

873

00:31:11,590 --> 00:31:10,320

tell us a little bit about the

874

00:31:13,750 --> 00:31:11,600

hitchhiker effect and some of the

875

00:31:15,509 --> 00:31:13,760

strangeness behind that so you know it

876

00:31:17,190 --> 00:31:15,519

was not immediate obvious that that's

877

00:31:18,870 --> 00:31:17,200

what was going on in the beginning there

878

00:31:20,870 --> 00:31:18,880

were a couple of incidents but it wasn't

879

00:31:23,269 --> 00:31:20,880

really a pattern until later you know

880

00:31:25,909 --> 00:31:23,279

eric davis a physicist who had an

881

00:31:27,909 --> 00:31:25,919

encounter on the property uh it's it

882

00:31:30,230 --> 00:31:27,919

lingered whatever it was that he saw

883

00:31:31,830 --> 00:31:30,240

that was i'll describe it it was a giant

884

00:31:33,269 --> 00:31:31,840

black cloud

885

00:31:34,950 --> 00:31:33,279

that moved through the trees he had

886

00:31:36,470 --> 00:31:34,960

columnists had seen it one night when

887

00:31:38,549 --> 00:31:36,480

they're walking across the property and

888

00:31:40,149 --> 00:31:38,559

it spoke to them it sort of took him

889

00:31:41,750 --> 00:31:40,159

over it uh

890

00:31:43,590 --> 00:31:41,760

there was another voice that came out of

891

00:31:45,110 --> 00:31:43,600

him that column reported hearing it was

892

00:31:46,389 --> 00:31:45,120

watching them and they were not welcome

893

00:31:49,350 --> 00:31:46,399

is what it said

894

00:31:51,190 --> 00:31:49,360

and um that whatever it was that got

895

00:31:51,990 --> 00:31:51,200

into his head lingered with him for a

896

00:31:54,389 --> 00:31:52,000

while

897

00:31:56,789 --> 00:31:54,399

that was not the most dramatic uh sort

898

00:31:59,350 --> 00:31:56,799

of hitchhiker effect though uh that we

899

00:32:00,389 --> 00:31:59,360

would come to learn about one of the

900

00:32:05,029 --> 00:32:00,399

primary

901  
00:32:06,950 --> 00:32:05,039  
family they finally left they got the

902  
00:32:08,710 --> 00:32:06,960  
hell out of dodge got out of there moved

903  
00:32:09,830 --> 00:32:08,720  
to a different state and it followed

904  
00:32:11,750 --> 00:32:09,840  
them there

905  
00:32:13,509 --> 00:32:11,760  
they had a very dramatic encounter that

906  
00:32:14,950 --> 00:32:13,519  
all four of the family members saw

907  
00:32:17,430 --> 00:32:14,960  
involving a

908  
00:32:18,389 --> 00:32:17,440  
ghost vehicle sort of that that smashed

909  
00:32:20,549 --> 00:32:18,399  
into them

910  
00:32:21,990 --> 00:32:20,559  
and went right through them uh so it

911  
00:32:23,350 --> 00:32:22,000  
followed them it stuck around for a

912  
00:32:25,029 --> 00:32:23,360  
couple of years i don't know if it's

913  
00:32:27,350 --> 00:32:25,039

still with them or not

914

00:32:29,750 --> 00:32:27,360

but it it has lingered for more than a

915

00:32:31,269 --> 00:32:29,760

decade with others so the nids guys

916

00:32:33,190 --> 00:32:31,279

start noticing that there are something

917

00:32:36,070 --> 00:32:33,200

that follows them home and they have

918

00:32:37,590 --> 00:32:36,080

eruptions of activity at in their homes

919

00:32:39,509 --> 00:32:37,600

in their personal lives when they're not

920

00:32:41,269 --> 00:32:39,519

on the property and you're right i did

921

00:32:42,950 --> 00:32:41,279

try to engage with it i brought home

922

00:32:44,149 --> 00:32:42,960

rocks and bits and pieces of this and

923

00:32:46,630 --> 00:32:44,159

that

924

00:32:48,789 --> 00:32:46,640

as souvenirs but also to see well well

925

00:32:50,389 --> 00:32:48,799

something happened and it didn't for

926  
00:32:52,149 --> 00:32:50,399  
quite a long time

927  
00:32:55,590 --> 00:32:52,159  
needs goes away

928  
00:32:57,750 --> 00:32:55,600  
after 2002 2003

929  
00:32:59,909 --> 00:32:57,760  
because there really wasn't much else to

930  
00:33:01,430 --> 00:32:59,919  
investigate uh you know whatever was

931  
00:33:03,750 --> 00:33:01,440  
going on in the ranch

932  
00:33:05,750 --> 00:33:03,760  
it sort of decided it was taking its

933  
00:33:07,669 --> 00:33:05,760  
toys and going home it didn't want to be

934  
00:33:09,509 --> 00:33:07,679  
hunted it didn't want to be stalked so

935  
00:33:11,669 --> 00:33:09,519  
it went underground and they basically

936  
00:33:13,669 --> 00:33:11,679  
had nothing else to investigate there

937  
00:33:15,830 --> 00:33:13,679  
might be something here or there

938  
00:33:17,269 --> 00:33:15,840

an odd sighting around the ranch some

939

00:33:19,669 --> 00:33:17,279

kind of strange phenomenon but not

940

00:33:21,830 --> 00:33:19,679

enough to keep the team there to justify

941

00:33:23,830 --> 00:33:21,840

the expense and the time that it took to

942

00:33:25,669 --> 00:33:23,840

investigate invest

943

00:33:27,190 --> 00:33:25,679

so that's why we were allowed to write

944

00:33:30,630 --> 00:33:27,200

the book you know i'd wanted to

945

00:33:32,549 --> 00:33:30,640

publicize it uh for a long time in 2002

946

00:33:34,710 --> 00:33:32,559

i got the green light from bigelow to go

947

00:33:36,870 --> 00:33:34,720

ahead and write a newspaper article that

948

00:33:39,190 --> 00:33:36,880

exploded went all over the world

949

00:33:40,310 --> 00:33:39,200

for this little weekly news magazine

950

00:33:42,310 --> 00:33:40,320

that a

951  
00:33:44,870 --> 00:33:42,320  
newspaper that's published in las vegas

952  
00:33:46,389 --> 00:33:44,880  
las vegas mercury and that really opened

953  
00:33:48,950 --> 00:33:46,399  
the floodgates to us to do the book

954  
00:33:50,710 --> 00:33:48,960  
column and i um had been making notes

955  
00:33:51,870 --> 00:33:50,720  
and preparing for the possibility for a

956  
00:33:54,310 --> 00:33:51,880  
long time

957  
00:33:56,149 --> 00:33:54,320  
2005 is when we finally put out hunt for

958  
00:33:57,509 --> 00:33:56,159  
the skinwalker and you know then the

959  
00:33:58,789 --> 00:33:57,519  
story went all over the world and you

960  
00:34:00,630 --> 00:33:58,799  
know people had a lot of trouble

961  
00:34:02,149 --> 00:34:00,640  
believing it well yeah welcome to the

962  
00:34:04,630 --> 00:34:02,159  
club so did i i didn't know what to make

963  
00:34:06,789 --> 00:34:04,640

of this stuff yeah you know it's how do

964

00:34:08,710 --> 00:34:06,799

you how do you process it all what do

965

00:34:09,669 --> 00:34:08,720

you make of it i didn't know they didn't

966

00:34:13,190 --> 00:34:09,679

know

967

00:34:14,950 --> 00:34:13,200

and then uh we can jump to assat but

968

00:34:16,710 --> 00:34:14,960

uh there were consequences as a result

969

00:34:18,710 --> 00:34:16,720

of nid's shutting down that eventually

970

00:34:20,310 --> 00:34:18,720

the things came back you know

971

00:34:21,909 --> 00:34:20,320

and the government took notice too when

972

00:34:24,790 --> 00:34:21,919

you wrote your book that's when you were

973

00:34:26,310 --> 00:34:24,800

contacted by dr james lukadzki and uh

974

00:34:28,550 --> 00:34:26,320

people you know you think that this is

975

00:34:30,710 --> 00:34:28,560

just fringe stuff or you know for the

976

00:34:32,310 --> 00:34:30,720

scientific uh or people that like

977

00:34:34,149 --> 00:34:32,320

science fiction and that sort of thing

978

00:34:36,470 --> 00:34:34,159

the government was paying attention and

979

00:34:37,990 --> 00:34:36,480

like you said they since the 40s they've

980

00:34:40,069 --> 00:34:38,000

been interested and whether it's been

981

00:34:43,349 --> 00:34:40,079

public or not that's continued all the

982

00:34:45,190 --> 00:34:43,359

way through uh and um you know to get to

983

00:34:47,829 --> 00:34:45,200

the point where it became awesome and

984

00:34:50,149 --> 00:34:47,839

then later on a tip as well so it's not

985

00:34:51,190 --> 00:34:50,159

just like weird phenomenon and you know

986

00:34:53,190 --> 00:34:51,200

cool things to talk about in

987

00:34:55,829 --> 00:34:53,200

documentaries it's legitimately

988

00:34:57,990 --> 00:34:55,839

connected and hence your book you know

989

00:34:59,829 --> 00:34:58,000

skinwalkers at the at the pentagon like

990

00:35:02,390 --> 00:34:59,839

the government takes interest in this

991

00:35:04,310 --> 00:35:02,400

it's strange enough that they need to to

992

00:35:05,750 --> 00:35:04,320

continue that you know and he's not

993

00:35:08,390 --> 00:35:05,760

scared to spend money like what was the

994

00:35:10,069 --> 00:35:08,400

budget for assap 22 million dollars

995

00:35:11,510 --> 00:35:10,079

something like that so yeah so maybe

996

00:35:13,510 --> 00:35:11,520

talk a little bit about that where did

997

00:35:16,069 --> 00:35:13,520

that come from government uh interest

998

00:35:17,990 --> 00:35:16,079

wise yeah so who could imagine that what

999

00:35:20,069 --> 00:35:18,000

started as bigelow's private

1000

00:35:21,990 --> 00:35:20,079

organization nids

1001  
00:35:23,750 --> 00:35:22,000  
and my involvement because of the series

1002  
00:35:25,589 --> 00:35:23,760  
we did about lazar becoming friends with

1003  
00:35:28,230 --> 00:35:25,599  
him that it would lead to all that we've

1004  
00:35:31,910 --> 00:35:28,240  
seen now what is unfolding now in the

1005  
00:35:33,589 --> 00:35:31,920  
uap ufo field is because of that work

1006  
00:35:35,510 --> 00:35:33,599  
there's just no question about it

1007  
00:35:36,870 --> 00:35:35,520  
because of the needs effort the book

1008  
00:35:39,109 --> 00:35:36,880  
that we wrote

1009  
00:35:41,510 --> 00:35:39,119  
we have so many changes in in terms of

1010  
00:35:44,950 --> 00:35:41,520  
the ufo uap topic

1011  
00:35:46,870 --> 00:35:44,960  
in 2005 we put out the book 2007

1012  
00:35:49,030 --> 00:35:46,880  
the word starts filtering out among

1013  
00:35:50,310 --> 00:35:49,040

intelligence analysts in dc and at

1014

00:35:52,069 --> 00:35:50,320

pentagon

1015

00:35:55,109 --> 00:35:52,079

one of those who read the book was dr

1016

00:35:57,910 --> 00:35:55,119

jim mccatsky who was a rocket scientist

1017

00:35:59,670 --> 00:35:57,920

analyst intelligence analyst for the dia

1018

00:36:02,390 --> 00:35:59,680

uh he reads the book he shares it with

1019

00:36:04,550 --> 00:36:02,400

some other people who actually uh are

1020

00:36:06,870 --> 00:36:04,560

included in the new book

1021

00:36:08,950 --> 00:36:06,880

they take it to iraq they

1022

00:36:11,109 --> 00:36:08,960

pass that book around to intelligence

1023

00:36:13,990 --> 00:36:11,119

folks who are in iraq in the in the

1024

00:36:16,310 --> 00:36:14,000

green zone come back and lakotsky was so

1025

00:36:18,710 --> 00:36:16,320

intrigued he asked his uh his

1026  
00:36:20,470 --> 00:36:18,720  
superiors at dia hey can i go after this

1027  
00:36:22,150 --> 00:36:20,480  
and they said yeah

1028  
00:36:24,950 --> 00:36:22,160  
he writes to bigelow

1029  
00:36:26,790 --> 00:36:24,960  
asks for permission to visit the ranch

1030  
00:36:28,790 --> 00:36:26,800  
and he comes out flies to las vegas they

1031  
00:36:31,430 --> 00:36:28,800  
go to the ranch together they're there

1032  
00:36:33,829 --> 00:36:31,440  
for a little over two hours but within

1033  
00:36:36,630 --> 00:36:33,839  
the first half an hour 40 minutes

1034  
00:36:38,550 --> 00:36:36,640  
lakowsky had an encounter he had a

1035  
00:36:40,390 --> 00:36:38,560  
sighting that seemed to be created

1036  
00:36:41,829 --> 00:36:40,400  
specifically for him

1037  
00:36:44,069 --> 00:36:41,839  
a lot of people go to the property don't

1038  
00:36:45,910 --> 00:36:44,079

see anything me for example you know

1039

00:36:48,390 --> 00:36:45,920

i've been there dozens of times over the

1040

00:36:50,150 --> 00:36:48,400

years i never saw a ufo i did see a

1041

00:36:51,349 --> 00:36:50,160

light at one point during one of our

1042

00:36:52,950 --> 00:36:51,359

visits but

1043

00:36:55,030 --> 00:36:52,960

who knows what it was have you ever felt

1044

00:36:57,030 --> 00:36:55,040

anything george like like a presence or

1045

00:36:58,470 --> 00:36:57,040

anything yeah okay it's interesting it

1046

00:37:00,550 --> 00:36:58,480

was maybe by

1047

00:37:02,550 --> 00:37:00,560

by the time i was there had been there

1048

00:37:04,230 --> 00:37:02,560

six five six times

1049

00:37:06,550 --> 00:37:04,240

uh we're sitting around

1050

00:37:08,310 --> 00:37:06,560

robert bigelow and i with the ranch uh

1051  
00:37:09,510 --> 00:37:08,320  
managers the husband and wife and one of

1052  
00:37:11,990 --> 00:37:09,520  
the neighbors

1053  
00:37:13,829 --> 00:37:12,000  
and kind of talking about recent events

1054  
00:37:15,510 --> 00:37:13,839  
and i said i blurted this out i said i

1055  
00:37:17,109 --> 00:37:15,520  
don't want to sound stupid i know that

1056  
00:37:18,710 --> 00:37:17,119  
this is really scary and people have

1057  
00:37:20,870 --> 00:37:18,720  
been frightened out of their wits by

1058  
00:37:24,390 --> 00:37:20,880  
things here but i feel good on this

1059  
00:37:26,150 --> 00:37:24,400  
property i feel good i feel energized

1060  
00:37:28,470 --> 00:37:26,160  
um

1061  
00:37:32,069 --> 00:37:28,480  
you know alert and active and i don't

1062  
00:37:34,230 --> 00:37:32,079  
feel intimidated or scared at all

1063  
00:37:36,150 --> 00:37:34,240

and then it passed around some of the

1064

00:37:38,550 --> 00:37:36,160

other people who were there had the same

1065

00:37:41,270 --> 00:37:38,560

experience the ranch manager an older

1066

00:37:42,710 --> 00:37:41,280

man who at that time had been there for

1067

00:37:44,390 --> 00:37:42,720

a couple of years he and his wife and he

1068

00:37:47,109 --> 00:37:44,400

said the same thing he said i get so

1069

00:37:49,109 --> 00:37:47,119

jazzed about this he says i i'm i feel

1070

00:37:51,430 --> 00:37:49,119

like a teenager i start work in the

1071

00:37:53,109 --> 00:37:51,440

morning i'm it's like i put my finger in

1072

00:37:55,750 --> 00:37:53,119

an electric socket

1073

00:37:57,750 --> 00:37:55,760

i work all day i don't want to stop he

1074

00:38:00,230 --> 00:37:57,760

he had the same experience not everyone

1075

00:38:03,190 --> 00:38:00,240

has that it seems like

1076

00:38:04,870 --> 00:38:03,200

the property sizes you up um

1077

00:38:06,470 --> 00:38:04,880

i don't know how else to describe it

1078

00:38:07,990 --> 00:38:06,480

it's like the movie cocoon when

1079

00:38:10,390 --> 00:38:08,000

everybody starts you know feeling

1080

00:38:12,630 --> 00:38:10,400

younger and yeah yeah yeah but it's

1081

00:38:14,710 --> 00:38:12,640

almost that on the land right yeah uh

1082

00:38:17,190 --> 00:38:14,720

but some people who go there with ill

1083

00:38:18,390 --> 00:38:17,200

intent uh people who are

1084

00:38:20,550 --> 00:38:18,400

they pack guns

1085

00:38:23,270 --> 00:38:20,560

i'm going to take this on i'll show them

1086

00:38:25,750 --> 00:38:23,280

a real cocky kind of attitude or who go

1087

00:38:28,390 --> 00:38:25,760

there and are scared and have their own

1088

00:38:31,670 --> 00:38:28,400

personal reasons for it the ranch sizes

1089

00:38:33,510 --> 00:38:31,680

you up it it recognize that stuff maybe

1090

00:38:36,390 --> 00:38:33,520

that's why i have not been allowed to

1091

00:38:37,109 --> 00:38:36,400

see anything um you know i don't you

1092

00:38:38,630 --> 00:38:37,119

know

1093

00:38:40,069 --> 00:38:38,640

bigelow i think for a long time never

1094

00:38:42,870 --> 00:38:40,079

saw anything on the property either my

1095

00:38:46,310 --> 00:38:42,880

photographer matt adams is another one

1096

00:38:47,670 --> 00:38:46,320

but the others who did have experiences

1097

00:38:50,390 --> 00:38:47,680

learned that they were started taking

1098

00:38:52,150 --> 00:38:50,400

things home with them um i didn't know

1099

00:38:53,349 --> 00:38:52,160

what to think of that until it happened

1100

00:38:57,270 --> 00:38:53,359

to me

1101

00:38:59,430 --> 00:38:57,280

sort of the pattern that colin kelleher

1102

00:39:01,190 --> 00:38:59,440

describes in the in the new book is this

1103

00:39:03,589 --> 00:39:01,200

thing spreads like a virus through

1104

00:39:06,790 --> 00:39:03,599

people's family there's a guy that we

1105

00:39:09,109 --> 00:39:06,800

call axelrod who worked for an intel as

1106

00:39:11,589 --> 00:39:09,119

an intelligence uh officer

1107

00:39:13,990 --> 00:39:11,599

very experienced high-ranking guy he's

1108

00:39:16,550 --> 00:39:14,000

one of five intelligence agents who went

1109

00:39:18,950 --> 00:39:16,560

to the property during the asap bass

1110

00:39:20,630 --> 00:39:18,960

period who had an experience there and

1111

00:39:22,710 --> 00:39:20,640

then took it home all five of them had

1112

00:39:24,630 --> 00:39:22,720

an experience all five of them took it

1113

00:39:27,190 --> 00:39:24,640

home with them and it spreads to their

1114

00:39:28,470 --> 00:39:27,200

family axelrod

1115

00:39:30,230 --> 00:39:28,480

was one of three

1116

00:39:32,790 --> 00:39:30,240

badass people

1117

00:39:35,270 --> 00:39:32,800

combat uh tested

1118

00:39:37,270 --> 00:39:35,280

very tough people who were on the ranch

1119

00:39:39,270 --> 00:39:37,280

i think it was 2009

1120

00:39:41,750 --> 00:39:39,280

they're walking in the middle homestead

1121

00:39:44,310 --> 00:39:41,760

at night it's very dark out there

1122

00:39:46,069 --> 00:39:44,320

on the on even a moonlit night it's it's

1123

00:39:47,910 --> 00:39:46,079

dark they're walking down the middle

1124

00:39:51,030 --> 00:39:47,920

homestead and suddenly the temperature

1125

00:39:52,950 --> 00:39:51,040

drops like 20 25 degrees it gets cold

1126

00:39:54,870 --> 00:39:52,960

it's like they walked into a cold zone

1127

00:39:57,190 --> 00:39:54,880

and then they see this thing in right in

1128

00:39:59,430 --> 00:39:57,200

the path in front of them a black hole

1129

00:40:00,950 --> 00:39:59,440

this big black hole in the sky it's

1130

00:40:03,430 --> 00:40:00,960

darker than dark

1131

00:40:05,030 --> 00:40:03,440

and they are they froze they i

1132

00:40:07,589 --> 00:40:05,040

can't remember if they were frozen

1133

00:40:09,030 --> 00:40:07,599

physically or they just froze mentally

1134

00:40:10,470 --> 00:40:09,040

but they stopped there and it was

1135

00:40:11,990 --> 00:40:10,480

communicating with them telling them

1136

00:40:13,990 --> 00:40:12,000

that they are not welcome they're being

1137

00:40:15,829 --> 00:40:14,000

watched and they're not welcome they all

1138

00:40:18,390 --> 00:40:15,839

start backing up

1139

00:40:20,230 --> 00:40:18,400

all three of those people tough as nails

1140

00:40:22,710 --> 00:40:20,240

take this thing home with them

1141

00:40:25,670 --> 00:40:22,720

um for axelrod

1142

00:40:28,069 --> 00:40:25,680

he he goes home and uh within a matter

1143

00:40:29,430 --> 00:40:28,079

of weeks his family start experiencing

1144

00:40:31,829 --> 00:40:29,440

these things this is what we call the

1145

00:40:34,150 --> 00:40:31,839

hitchhiker uh his wife was the first to

1146

00:40:35,910 --> 00:40:34,160

see it she's she's looking out doing the

1147

00:40:38,710 --> 00:40:35,920

dishes looking out in the yard and

1148

00:40:41,270 --> 00:40:38,720

they're leaning on a tree is a wolf it's

1149

00:40:43,910 --> 00:40:41,280

like seven eight feet tall leaning its

1150

00:40:45,510 --> 00:40:43,920

front paws or arms are folded like this

1151

00:40:48,150 --> 00:40:45,520

it's leaning on a tree

1152

00:40:49,349 --> 00:40:48,160

and it is aware that she's seen it

1153

00:40:51,510 --> 00:40:49,359

she doesn't know what to think she

1154

00:40:53,430 --> 00:40:51,520

doesn't tell anybody about it it was a

1155

00:40:55,510 --> 00:40:53,440

couple days later her kids these two

1156

00:40:57,829 --> 00:40:55,520

young men are looking out a different

1157

00:40:59,510 --> 00:40:57,839

window at the same area and they see it

1158

00:41:01,750 --> 00:40:59,520

and they scream for their mom she comes

1159

00:41:03,349 --> 00:41:01,760

rushing out they all go outside i guess

1160

00:41:05,270 --> 00:41:03,359

or to look at it

1161

00:41:07,270 --> 00:41:05,280

and this thing takes off and it's not

1162

00:41:08,790 --> 00:41:07,280

running away like a wolf on four legs

1163

00:41:11,349 --> 00:41:08,800

it's running away on two legs they

1164

00:41:12,710 --> 00:41:11,359

recall seeing the leaves uh where it's

1165

00:41:14,790 --> 00:41:12,720

kicking up leaves running down the

1166

00:41:16,550 --> 00:41:14,800

street they're kind of freaked out about

1167

00:41:19,030 --> 00:41:16,560

it then inside the house they start

1168

00:41:20,630 --> 00:41:19,040

seeing orbs these balls of light blue

1169

00:41:22,470 --> 00:41:20,640

orbs like what had been seen at the

1170

00:41:24,790 --> 00:41:22,480

ranch different colored orbs they're

1171

00:41:27,030 --> 00:41:24,800

hearing heavy footsteps like the ranch

1172

00:41:28,790 --> 00:41:27,040

family had had at skinwalker

1173

00:41:30,550 --> 00:41:28,800

then they start seeing these entities

1174

00:41:32,550 --> 00:41:30,560

these black entities at the bottom of

1175

00:41:35,430 --> 00:41:32,560

their bed at night scares the hell out

1176

00:41:37,030 --> 00:41:35,440

of them of course it would yeah and then

1177

00:41:38,390 --> 00:41:37,040

you know they don't really tell anybody

1178

00:41:40,550 --> 00:41:38,400

about it they don't know what to make of

1179

00:41:41,750 --> 00:41:40,560

it this guy still has a security

1180

00:41:43,510 --> 00:41:41,760

clearance

1181

00:41:45,510 --> 00:41:43,520

still working at the pentagon he doesn't

1182

00:41:47,109 --> 00:41:45,520

want this to get around but the

1183

00:41:49,910 --> 00:41:47,119

trickster stuff that started happening

1184

00:41:51,270 --> 00:41:49,920

they had a really big dog big tough dog

1185

00:41:53,349 --> 00:41:51,280

that ends up on the roof of the

1186

00:41:54,950 --> 00:41:53,359

three-story house it's on the roof

1187

00:41:56,470 --> 00:41:54,960

there's no way that dog can get up there

1188

00:41:59,030 --> 00:41:56,480

it's just whatever the intelligence was

1189

00:42:00,950 --> 00:41:59,040

was messing with and then the kids

1190

00:42:02,790 --> 00:42:00,960

start telling their friends about it and

1191

00:42:05,270 --> 00:42:02,800

it spreads to their friends

1192

00:42:08,150 --> 00:42:05,280

uh it's the more it spreads the more

1193

00:42:10,470 --> 00:42:08,160

diluted the tech the uh phenomena become

1194

00:42:11,910 --> 00:42:10,480

but it's almost traveling as column says

1195

00:42:14,630 --> 00:42:11,920

like a virus

1196

00:42:17,829 --> 00:42:14,640

um that that guy axelrod

1197

00:42:19,910 --> 00:42:17,839

it's now been 11 years 12 years it's

1198

00:42:22,550 --> 00:42:19,920

still going on it's still going on for

1199

00:42:24,550 --> 00:42:22,560

his family both in that location and

1200

00:42:26,870 --> 00:42:24,560

other locations where they've lived

1201

00:42:28,790 --> 00:42:26,880

how do you explain it you know

1202

00:42:30,790 --> 00:42:28,800

ufos are hard enough uap it's hard

1203

00:42:32,710 --> 00:42:30,800

enough to get serious people to take a

1204

00:42:35,349 --> 00:42:32,720

look at it but when you throw in this

1205

00:42:36,630 --> 00:42:35,359

weirdness it becomes a mess that said

1206

00:42:37,910 --> 00:42:36,640

you have to follow the evidence where it

1207

00:42:39,270 --> 00:42:37,920

leads

1208

00:42:40,390 --> 00:42:39,280

it makes sense

1209

00:42:41,670 --> 00:42:40,400

sorry george didn't want to cut you off

1210

00:42:43,750 --> 00:42:41,680

it was just what you're saying there

1211

00:42:45,190 --> 00:42:43,760

with this ongoing phenomenon it makes

1212

00:42:47,670 --> 00:42:45,200

sense why there'd be so many different

1213

00:42:49,829 --> 00:42:47,680

programs that seem to lap over the other

1214

00:42:52,069 --> 00:42:49,839

you know nids to us app and you know

1215

00:42:54,150 --> 00:42:52,079

they they have over 200 000 reports with

1216

00:42:56,230 --> 00:42:54,160

asap one of them being the skinwalker

1217

00:42:57,270 --> 00:42:56,240

ranch which is as i understand a huge

1218

00:43:01,670 --> 00:42:57,280

report

1219

00:43:04,230 --> 00:43:01,680

took everything that robert bigelow was

1220

00:43:06,470 --> 00:43:04,240

doing and all that data i mean you know

1221

00:43:07,990 --> 00:43:06,480

of many stories of people impacted on a

1222

00:43:09,910 --> 00:43:08,000

personal level and your colleagues in

1223

00:43:13,109 --> 00:43:09,920

your circle imagine what the government

1224

00:43:14,710 --> 00:43:13,119

knows right there's 200 000 reports and

1225

00:43:16,790 --> 00:43:14,720

and tying that into your new book like

1226

00:43:18,470 --> 00:43:16,800

when i first got it i was super pumped

1227

00:43:20,069 --> 00:43:18,480

and then i read on the back

1228

00:43:21,349 --> 00:43:20,079

and it says there's a disclosure skin

1229

00:43:23,589 --> 00:43:21,359

walkers at the pentagon has been

1230

00:43:25,910 --> 00:43:23,599

reviewed by the us department of defense

1231

00:43:28,230 --> 00:43:25,920

and cleared for public release so my

1232

00:43:29,829 --> 00:43:28,240

initial thought was oh no the government

1233

00:43:31,910 --> 00:43:29,839

censored it like what is that i wanted

1234

00:43:34,309 --> 00:43:31,920

to get the nitty-gritty on this thing as

1235

00:43:35,910 --> 00:43:34,319

a huge skinwalker fan but the government

1236

00:43:37,990 --> 00:43:35,920

went through it and then i've heard you

1237

00:43:39,990 --> 00:43:38,000

on other interviews say yeah we wanted

1238

00:43:42,710 --> 00:43:40,000

to make this thing deep and thick with

1239

00:43:45,030 --> 00:43:42,720

information and lots more reports and

1240

00:43:46,470 --> 00:43:45,040

more specifics but they went through it

1241

00:43:48,550 --> 00:43:46,480

and basically said what you could or

1242

00:43:50,470 --> 00:43:48,560

couldn't do so to me

1243

00:43:52,710 --> 00:43:50,480

this becomes way more intriguing because

1244

00:43:54,870 --> 00:43:52,720

it tells me that you hit a nerve you're

1245

00:43:56,150 --> 00:43:54,880

on to something it's legit

1246

00:43:58,470 --> 00:43:56,160

and it's worthy of some kind of

1247

00:43:59,670 --> 00:43:58,480

censorship if it was science fiction

1248

00:44:00,550 --> 00:43:59,680

they wouldn't care what you put in the

1249

00:44:03,670 --> 00:44:00,560

book

1250

00:44:05,430 --> 00:44:03,680

so it's so credible and so accurate that

1251  
00:44:07,030 --> 00:44:05,440  
they had to oversee it even being

1252  
00:44:09,030 --> 00:44:07,040  
published so i found that very

1253  
00:44:10,870 --> 00:44:09,040  
intriguing well i mean everybody who

1254  
00:44:12,710 --> 00:44:10,880  
worked for bass which was that's the

1255  
00:44:15,109 --> 00:44:12,720  
organization that bigelow created that's

1256  
00:44:16,870 --> 00:44:15,119  
the contractor that got the contract for

1257  
00:44:18,630 --> 00:44:16,880  
osap that's the name of the that's the

1258  
00:44:20,550 --> 00:44:18,640  
acronym for the program

1259  
00:44:22,550 --> 00:44:20,560  
operated by the defense intelligence

1260  
00:44:25,190 --> 00:44:22,560  
agency the dia sorry for all the

1261  
00:44:27,670 --> 00:44:25,200  
acronyms but it's a dia program called

1262  
00:44:29,829 --> 00:44:27,680  
asap bass as the organization gets the

1263  
00:44:32,950 --> 00:44:29,839

contract they hired

1264

00:44:36,069 --> 00:44:32,960

50 people full-time people investigators

1265

00:44:38,550 --> 00:44:36,079

ex-government ex-cops uh investigators

1266

00:44:40,710 --> 00:44:38,560

computer scientists it's the biggest ufo

1267

00:44:42,470 --> 00:44:40,720

program that we know of that maybe

1268

00:44:44,069 --> 00:44:42,480

there's something bigger somewhere but

1269

00:44:45,829 --> 00:44:44,079

that's the biggest i mean you look at

1270

00:44:47,030 --> 00:44:45,839

awesapp which might have had

1271

00:44:48,390 --> 00:44:47,040

five people

1272

00:44:50,870 --> 00:44:48,400

part-time

1273

00:44:52,790 --> 00:44:50,880

none of it was a full-time job for them

1274

00:44:54,630 --> 00:44:52,800

um you had project blue book you

1275

00:44:57,109 --> 00:44:54,640

remember seeing the the pr photos of

1276

00:44:59,990 --> 00:44:57,119

their staff six or seven people

1277

00:45:02,470 --> 00:45:00,000

tiny compared to this and it started as

1278

00:45:04,870 --> 00:45:02,480

a ufo program that was its primary focus

1279

00:45:06,790 --> 00:45:04,880

that's the way it was sold to dia is

1280

00:45:07,750 --> 00:45:06,800

this technology is something we don't

1281

00:45:09,349 --> 00:45:07,760

have

1282

00:45:11,349 --> 00:45:09,359

we need to see if we can figure out what

1283

00:45:12,950 --> 00:45:11,359

it is whether it's a threat to us and

1284

00:45:14,790 --> 00:45:12,960

can we duplicate it so that was a

1285

00:45:17,589 --> 00:45:14,800

primary function but they had the

1286

00:45:19,670 --> 00:45:17,599

flexibility and dia was well aware of it

1287

00:45:21,670 --> 00:45:19,680

to follow the evidence where it lit

1288

00:45:24,309 --> 00:45:21,680

takes courage to do this you're not just

1289

00:45:26,630 --> 00:45:24,319

looking at ufos which somehow ufos are

1290

00:45:28,630 --> 00:45:26,640

now respectable oh yeah that's that's a

1291

00:45:30,470 --> 00:45:28,640

topic we can dig our teeth into but all

1292

00:45:33,190 --> 00:45:30,480

the other stuff that's woo that's not

1293

00:45:34,870 --> 00:45:33,200

respectable well asap bass had the

1294

00:45:37,430 --> 00:45:34,880

courage to follow the evidence where it

1295

00:45:39,589 --> 00:45:37,440

led and where it led is these phenomena

1296

00:45:40,470 --> 00:45:39,599

are all interrelated we don't understand

1297

00:45:43,349 --> 00:45:40,480

why

1298

00:45:45,910 --> 00:45:43,359

um but they where you have ufos you have

1299

00:45:48,390 --> 00:45:45,920

this poltergeist type activity you have

1300

00:45:50,710 --> 00:45:48,400

cattle mutilations you have tears in the

1301

00:45:53,510 --> 00:45:50,720

sky where things come in and out

1302

00:45:55,190 --> 00:45:53,520

from other realities other worlds um you

1303

00:45:57,589 --> 00:45:55,200

know nobody's comfortable with this no

1304

00:46:00,790 --> 00:45:57,599

one is happy that it led to all this

1305

00:46:03,190 --> 00:46:00,800

weirdness just a ufo study that leads to

1306

00:46:04,710 --> 00:46:03,200

something much much stranger no one

1307

00:46:06,550 --> 00:46:04,720

wanted that to happen it just that's

1308

00:46:08,790 --> 00:46:06,560

where the evidence lit that was that's

1309

00:46:11,030 --> 00:46:08,800

the brilliance of this asap program is

1310

00:46:13,030 --> 00:46:11,040

they had the courage and the approval to

1311

00:46:15,430 --> 00:46:13,040

go ahead and follow it wherever it leads

1312

00:46:17,589 --> 00:46:15,440

and that's what they did and the it's

1313

00:46:19,109 --> 00:46:17,599

amazing what they did in just two years

1314

00:46:20,710 --> 00:46:19,119

you know it's supposed to be a five-year

1315

00:46:22,630 --> 00:46:20,720

program and then we can talk about the

1316

00:46:24,870 --> 00:46:22,640

reasons that it went away but in that

1317

00:46:27,510 --> 00:46:24,880

two years they created

1318

00:46:30,710 --> 00:46:27,520

as you said the world's biggest ufo

1319

00:46:32,390 --> 00:46:30,720

database gigantic uh you know i i don't

1320

00:46:33,829 --> 00:46:32,400

know that the public will ever get to

1321

00:46:35,750 --> 00:46:33,839

see it a lot of the information that's

1322

00:46:37,670 --> 00:46:35,760

in that database is public but they

1323

00:46:40,069 --> 00:46:37,680

brought it all together so they have for

1324

00:46:41,829 --> 00:46:40,079

example all the mufon files they have

1325

00:46:43,750 --> 00:46:41,839

all the blue book files all the stuff

1326

00:46:45,589 --> 00:46:43,760

that they could get from government

1327

00:46:49,109 --> 00:46:45,599

our government and other governments for

1328

00:46:51,750 --> 00:46:49,119

example brazil the asap team sent people

1329

00:46:54,390 --> 00:46:51,760

to brazil multiple times they got the

1330

00:46:56,790 --> 00:46:54,400

brazilian air force ufo files which are

1331

00:46:58,870 --> 00:46:56,800

extensive kolaris the incident down

1332

00:47:01,270 --> 00:46:58,880

there where people were injured maybe

1333

00:47:03,270 --> 00:47:01,280

killed that information all went to the

1334

00:47:05,109 --> 00:47:03,280

database the russian files that i

1335

00:47:07,109 --> 00:47:05,119

brought back hundreds of pages i made

1336

00:47:08,870 --> 00:47:07,119

two trips there in the 90s hundreds of

1337

00:47:11,430 --> 00:47:08,880

pages i gave it to them because you know

1338

00:47:13,510 --> 00:47:11,440

i had done uh had interpreters look at

1339

00:47:14,710 --> 00:47:13,520

this material but didn't really know how

1340

00:47:18,470 --> 00:47:14,720

to

1341

00:47:19,990 --> 00:47:18,480

they did all that information is in

1342

00:47:22,630 --> 00:47:20,000

there they had four full-time

1343

00:47:25,270 --> 00:47:22,640

interpreters they had military people to

1344

00:47:26,950 --> 00:47:25,280

help explain put the pieces together

1345

00:47:29,349 --> 00:47:26,960

about how large of an organization that

1346

00:47:30,950 --> 00:47:29,359

was all that into this database i

1347

00:47:32,870 --> 00:47:30,960

shouldn't call a database it's a data

1348

00:47:34,549 --> 00:47:32,880

warehouse the person who was in charge

1349

00:47:37,030 --> 00:47:34,559

of that data warehouse which has

1350

00:47:40,309 --> 00:47:37,040

multiple databases was jacques ballet he

1351  
00:47:42,630 --> 00:47:40,319  
designed this amazing apparatus for

1352  
00:47:45,190 --> 00:47:42,640  
putting it all together in a way that it

1353  
00:47:47,430 --> 00:47:45,200  
could be not just collected but collated

1354  
00:47:49,829 --> 00:47:47,440  
had ossap been allowed to continue the

1355  
00:47:51,750 --> 00:47:49,839  
next step was to put artificial

1356  
00:47:54,470 --> 00:47:51,760  
intelligence ai on top of the whole

1357  
00:47:56,950 --> 00:47:54,480  
thing so that you could draw connections

1358  
00:47:59,589 --> 00:47:56,960  
uh correlations between all these

1359  
00:48:01,190 --> 00:47:59,599  
seemingly seemingly disparate events

1360  
00:48:03,430 --> 00:48:01,200  
that was stopped it didn't happen but

1361  
00:48:05,430 --> 00:48:03,440  
the raw data the the case files is still

1362  
00:48:07,670 --> 00:48:05,440  
there it's an amazing amazing

1363  
00:48:09,109 --> 00:48:07,680

accomplishment in just two years it was

1364

00:48:11,430 --> 00:48:09,119

stopped um

1365

00:48:13,829 --> 00:48:11,440

skinwalker was viewed as a living

1366

00:48:15,589 --> 00:48:13,839

laboratory it's not where the 22 million

1367

00:48:17,910 --> 00:48:15,599

dollars was spent they had a presence

1368

00:48:20,150 --> 00:48:17,920

there they continued to investigate it

1369

00:48:22,069 --> 00:48:20,160

but not just the ranch more importantly

1370

00:48:24,069 --> 00:48:22,079

they devoted resources to the area

1371

00:48:26,470 --> 00:48:24,079

around the ranch they sent investigators

1372

00:48:28,309 --> 00:48:26,480

out into the community to talk to the

1373

00:48:30,230 --> 00:48:28,319

neighbors to collect

1374

00:48:32,150 --> 00:48:30,240

you you think skinwalker's weird the

1375

00:48:34,470 --> 00:48:32,160

stories about what happened to other

1376

00:48:37,190 --> 00:48:34,480

people in the uintah basin are would

1377

00:48:40,150 --> 00:48:37,200

freak you out um that information was

1378

00:48:42,309 --> 00:48:40,160

collected for assap it's in the files uh

1379

00:48:44,790 --> 00:48:42,319

we wanted to make as much as public as

1380

00:48:47,109 --> 00:48:44,800

we could but it's it's sensitive because

1381

00:48:49,270 --> 00:48:47,119

the people who provided the information

1382

00:48:50,870 --> 00:48:49,280

did so excuse me it did so with the

1383

00:48:51,750 --> 00:48:50,880

understanding that it would not be made

1384

00:48:53,750 --> 00:48:51,760

public

1385

00:48:56,069 --> 00:48:53,760

the same thing is true for the medical

1386

00:48:58,390 --> 00:48:56,079

database one of the durds one of the

1387

00:49:01,430 --> 00:48:58,400

reports written that's been made public

1388

00:49:03,750 --> 00:49:01,440

as part of the awsap program

1389

00:49:06,710 --> 00:49:03,760

was kit green's study of physical

1390

00:49:09,190 --> 00:49:06,720

effects on people who get close to a ufo

1391

00:49:11,510 --> 00:49:09,200

this is a very profound work and you

1392

00:49:13,990 --> 00:49:11,520

know we describe in the book some very

1393

00:49:15,910 --> 00:49:14,000

unusual encounters that people have had

1394

00:49:18,630 --> 00:49:15,920

that prove deleterious to their health i

1395

00:49:20,790 --> 00:49:18,640

mean significant major health impacts of

1396

00:49:23,030 --> 00:49:20,800

coming into contact with ufos including

1397

00:49:25,670 --> 00:49:23,040

these blue orbs that flew through the

1398

00:49:28,630 --> 00:49:25,680

body of a of a professional uh who was

1399

00:49:30,390 --> 00:49:28,640

driving with a with their daughter uh in

1400

00:49:32,470 --> 00:49:30,400

oregon uh

1401  
00:49:35,109 --> 00:49:32,480  
the the nids team excuse me the assad

1402  
00:49:37,109 --> 00:49:35,119  
team was able to follow up it spent two

1403  
00:49:38,950 --> 00:49:37,119  
years tracking the medical consequences

1404  
00:49:40,710 --> 00:49:38,960  
for this this person who had this

1405  
00:49:42,870 --> 00:49:40,720  
encounter and did so with dozens of

1406  
00:49:44,870 --> 00:49:42,880  
other people that's an amazing body of

1407  
00:49:47,829 --> 00:49:44,880  
information that was put together for

1408  
00:49:50,069 --> 00:49:47,839  
asap by bass that the public generally

1409  
00:49:52,470 --> 00:49:50,079  
has not seen yet a lot of them a lot of

1410  
00:49:54,710 --> 00:49:52,480  
them develop these autoimmune disease or

1411  
00:49:57,190 --> 00:49:54,720  
disorders right because of being in

1412  
00:50:00,230 --> 00:49:57,200  
close contact or having these orbs go

1413  
00:50:02,630 --> 00:50:00,240

through them yeah yeah they also got

1414

00:50:04,390 --> 00:50:02,640

lupus and like hashimoto's syndrome as

1415

00:50:06,870 --> 00:50:04,400

well yeah really

1416

00:50:08,470 --> 00:50:06,880

odd obscure diseases and you know this

1417

00:50:10,790 --> 00:50:08,480

also rings true for me i'm not going to

1418

00:50:12,549 --> 00:50:10,800

go into a lot of detail personal stuff

1419

00:50:14,950 --> 00:50:12,559

but i told you the hitchhiker came to my

1420

00:50:16,630 --> 00:50:14,960

house it came to robert bigelow's house

1421

00:50:19,030 --> 00:50:16,640

it went to colum kelleher's house it

1422

00:50:22,230 --> 00:50:19,040

came to me i had never seen anything

1423

00:50:24,390 --> 00:50:22,240

that i know of um that i can remember

1424

00:50:26,630 --> 00:50:24,400

in terms of ufos but my wife started

1425

00:50:27,910 --> 00:50:26,640

seeing them she saw these blue orbs over

1426

00:50:29,990 --> 00:50:27,920

our house

1427

00:50:32,630 --> 00:50:30,000

i'm downstairs sitting here she's

1428

00:50:34,069 --> 00:50:32,640

upstairs in our courtyard and called me

1429

00:50:35,510 --> 00:50:34,079

and said come on up you got to see these

1430

00:50:37,750 --> 00:50:35,520

things by the time i got up there they

1431

00:50:39,349 --> 00:50:37,760

were gone and that's kind of a giddy

1432

00:50:42,150 --> 00:50:39,359

kind of experience it was kind of cool

1433

00:50:44,470 --> 00:50:42,160

wow ufos over our house and then then it

1434

00:50:46,230 --> 00:50:44,480

got not so pleasant because something

1435

00:50:48,390 --> 00:50:46,240

came into our room

1436

00:50:50,309 --> 00:50:48,400

and it interacted with a way with her

1437

00:50:52,790 --> 00:50:50,319

that scared the hell out of her just

1438

00:50:54,710 --> 00:50:52,800

really upset her same exact thing

1439

00:50:56,710 --> 00:50:54,720

happened to mrs bigelow who passed away

1440

00:50:58,950 --> 00:50:56,720

two years ago something very similar

1441

00:51:00,309 --> 00:50:58,960

happened at colin keller's house and to

1442

00:51:02,230 --> 00:51:00,319

other people who'd spent a lot of time

1443

00:51:03,510 --> 00:51:02,240

at the ranch you know and it made me

1444

00:51:05,349 --> 00:51:03,520

feel a little guilty because i'd been

1445

00:51:06,790 --> 00:51:05,359

bringing all this stuff home and trying

1446

00:51:08,069 --> 00:51:06,800

to engage with it

1447

00:51:09,349 --> 00:51:08,079

i don't do that anymore i haven't been

1448

00:51:11,510 --> 00:51:09,359

to the ranch in a couple of years i'm

1449

00:51:13,910 --> 00:51:11,520

not sure i'll go back but uh you know

1450

00:51:16,790 --> 00:51:13,920

it's it's i don't want it to spread and

1451  
00:51:18,390 --> 00:51:16,800  
cause further problems at my house

1452  
00:51:20,309 --> 00:51:18,400  
but there are some medical consequences

1453  
00:51:21,349 --> 00:51:20,319  
for my wife that may or may not be

1454  
00:51:23,430 --> 00:51:21,359  
related

1455  
00:51:26,150 --> 00:51:23,440  
that took courage to look into all that

1456  
00:51:28,470 --> 00:51:26,160  
stuff we wanted to put the story out

1457  
00:51:31,109 --> 00:51:28,480  
didn't want ossap to die but once it was

1458  
00:51:32,549 --> 00:51:31,119  
killed for a variety of reasons

1459  
00:51:33,910 --> 00:51:32,559  
we wanted to put the story out i had

1460  
00:51:35,270 --> 00:51:33,920  
been sitting on this stuff for a long

1461  
00:51:37,510 --> 00:51:35,280  
time you know when the new york times

1462  
00:51:39,349 --> 00:51:37,520  
story came out and it's going to reveal

1463  
00:51:42,069 --> 00:51:39,359

this thing about the program and it

1464

00:51:43,910 --> 00:51:42,079

turns out to be they did a story on atip

1465

00:51:46,230 --> 00:51:43,920

which is not this program it's it has

1466

00:51:48,470 --> 00:51:46,240

nothing very little to do with it had

1467

00:51:50,549 --> 00:51:48,480

something to do with it it's sort of a

1468

00:51:52,950 --> 00:51:50,559

successor to asap a much smaller

1469

00:51:55,030 --> 00:51:52,960

successor uh the new york times did that

1470

00:51:56,230 --> 00:51:55,040

story which i had i deferred to them you

1471

00:51:58,230 --> 00:51:56,240

know i could have done gone with

1472

00:51:59,109 --> 00:51:58,240

something i had a lot of information i

1473

00:52:01,910 --> 00:51:59,119

didn't

1474

00:52:04,309 --> 00:52:01,920

i i'm glad in a sense that because of

1475

00:52:06,470 --> 00:52:04,319

their platform their reputation the

1476

00:52:08,470 --> 00:52:06,480

story had a lot more punch to it it was

1477

00:52:11,030 --> 00:52:08,480

taken more seriously

1478

00:52:13,190 --> 00:52:11,040

by the members of congress by higher-ups

1479

00:52:14,870 --> 00:52:13,200

in the government and the general public

1480

00:52:16,309 --> 00:52:14,880

i think than anything i could have put

1481

00:52:18,549 --> 00:52:16,319

out so it was a real i have great

1482

00:52:21,190 --> 00:52:18,559

respect for leslie kane and ralph

1483

00:52:23,990 --> 00:52:21,200

blumenthal uh who co-wrote the story

1484

00:52:25,190 --> 00:52:24,000

with helene um and you know i'm glad

1485

00:52:27,750 --> 00:52:25,200

that it

1486

00:52:29,030 --> 00:52:27,760

led to where it's led but it was wrong

1487

00:52:31,829 --> 00:52:29,040

you know we can get into that it was

1488

00:52:33,829 --> 00:52:31,839

incorrect all sap was the program if it

1489

00:52:35,829 --> 00:52:33,839

had been allowed to continue

1490

00:52:37,349 --> 00:52:35,839

who knows where we'd be now you know but

1491

00:52:39,190 --> 00:52:37,359

it wasn't it was killed

1492

00:52:41,349 --> 00:52:39,200

and it's a shame all that information

1493

00:52:43,430 --> 00:52:41,359

sitting in that database

1494

00:52:45,430 --> 00:52:43,440

98 of it has never been seen by the

1495

00:52:46,950 --> 00:52:45,440

public so we set out to write what we

1496

00:52:48,630 --> 00:52:46,960

could for the book

1497

00:52:49,910 --> 00:52:48,640

we had to get approval because all those

1498

00:52:51,990 --> 00:52:49,920

guys who worked on the program had

1499

00:52:53,510 --> 00:52:52,000

security clearances the agreement with

1500

00:52:55,109 --> 00:52:53,520

the dia was

1501  
00:52:57,109 --> 00:52:55,119  
you don't publish anything unless we

1502  
00:52:58,549 --> 00:52:57,119  
sign off on it so we wrote a wrote the

1503  
00:53:00,230 --> 00:52:58,559  
book

1504  
00:53:01,750 --> 00:53:00,240  
went right up to the edge of what we

1505  
00:53:03,750 --> 00:53:01,760  
could make public

1506  
00:53:05,510 --> 00:53:03,760  
it was still just a small percentage of

1507  
00:53:07,670 --> 00:53:05,520  
really all the data

1508  
00:53:09,829 --> 00:53:07,680  
we included a lot of uh specific

1509  
00:53:12,150 --> 00:53:09,839  
incidents the names had to be changed

1510  
00:53:14,069 --> 00:53:12,160  
the names of personnel still attached

1511  
00:53:16,230 --> 00:53:14,079  
the pentagon had to be changed in

1512  
00:53:18,390 --> 00:53:16,240  
general they let us write what we wanted

1513  
00:53:20,470 --> 00:53:18,400

with only some changes some things that

1514

00:53:21,829 --> 00:53:20,480

were were kicked out of the book it took

1515

00:53:25,829 --> 00:53:21,839

14 months

1516

00:53:27,270 --> 00:53:25,839

pentagon wow this is not the pentagon

1517

00:53:28,630 --> 00:53:27,280

saying we agree with everything that's

1518

00:53:30,390 --> 00:53:28,640

in the book

1519

00:53:32,549 --> 00:53:30,400

they're not endorsing it

1520

00:53:33,750 --> 00:53:32,559

but they are allowing us to report it

1521

00:53:36,710 --> 00:53:33,760

based on the agreement that have been

1522

00:53:39,510 --> 00:53:36,720

worked out between mr bigelow and dia

1523

00:53:40,790 --> 00:53:39,520

yeah so since 2017 a lot of people know

1524

00:53:43,109 --> 00:53:40,800

about this information now there's

1525

00:53:44,710 --> 00:53:43,119

history channel document documentaries

1526  
00:53:47,270 --> 00:53:44,720  
as well as the skinwalker ranch which is

1527  
00:53:49,829 --> 00:53:47,280  
now owned by brendan fogle and and you

1528  
00:53:52,069 --> 00:53:49,839  
see lou elizondo on his unidentified

1529  
00:53:54,950 --> 00:53:52,079  
program so kind of how has it come from

1530  
00:53:56,549 --> 00:53:54,960  
asap and now atip which you know lou

1531  
00:53:58,630 --> 00:53:56,559  
elizondo stepped down from because he

1532  
00:54:00,470 --> 00:53:58,640  
really wanted to spread the message how

1533  
00:54:01,910 --> 00:54:00,480  
has there been any cooperation there do

1534  
00:54:04,069 --> 00:54:01,920  
they still have that cache of

1535  
00:54:05,670 --> 00:54:04,079  
information that they can use like was

1536  
00:54:07,430 --> 00:54:05,680  
it all for nothing or is that still

1537  
00:54:09,589 --> 00:54:07,440  
being hidden somewhere

1538  
00:54:11,670 --> 00:54:09,599

and people using it to kind of fuel the

1539

00:54:13,910 --> 00:54:11,680

motion forward oh it's it's still very

1540

00:54:15,910 --> 00:54:13,920

much there we are told and i think we

1541

00:54:18,069 --> 00:54:15,920

mentioned it in the book is that the

1542

00:54:21,190 --> 00:54:18,079

current intelligence agencies are using

1543

00:54:23,430 --> 00:54:21,200

that database atib did have access to it

1544

00:54:25,750 --> 00:54:23,440

uh you know lou elizondo

1545

00:54:27,910 --> 00:54:25,760

as we described he was interacting with

1546

00:54:29,990 --> 00:54:27,920

the awsat people he had been approached

1547

00:54:31,030 --> 00:54:30,000

to be a counterintelligence officer for

1548

00:54:33,589 --> 00:54:31,040

ossap

1549

00:54:34,790 --> 00:54:33,599

uh you know provided uh you know senator

1550

00:54:37,910 --> 00:54:34,800

harry reid

1551

00:54:39,190 --> 00:54:37,920

whose uh sponsorship got asap got the 22

1552

00:54:40,950 --> 00:54:39,200

million dollars

1553

00:54:43,829 --> 00:54:40,960

wanted to create a special access

1554

00:54:45,829 --> 00:54:43,839

program a sap and in 2009 he wrote to

1555

00:54:47,829 --> 00:54:45,839

the pentagon said i think they've made a

1556

00:54:50,309 --> 00:54:47,839

lot of progress in the last year we'd

1557

00:54:52,069 --> 00:54:50,319

like to make it a sap so that there's

1558

00:54:54,390 --> 00:54:52,079

fewer eyes on it so we don't have to

1559

00:54:56,789 --> 00:54:54,400

compete for the money every year

1560

00:54:58,870 --> 00:54:56,799

so it can continue indefinitely and of

1561

00:55:00,630 --> 00:54:58,880

course somebody leaked that letter

1562

00:55:02,870 --> 00:55:00,640

suddenly the rest of the pentagon which

1563

00:55:04,829 --> 00:55:02,880

had no idea that this program was

1564

00:55:07,030 --> 00:55:04,839

underway they had no idea it was

1565

00:55:08,710 --> 00:55:07,040

compartmentalized suddenly everyone

1566

00:55:09,670 --> 00:55:08,720

knows about it and they start asking

1567

00:55:11,430 --> 00:55:09,680

questions

1568

00:55:14,470 --> 00:55:11,440

uh hey maybe we should go after this

1569

00:55:16,390 --> 00:55:14,480

this money others were worried gosh what

1570

00:55:19,270 --> 00:55:16,400

if this gets out that we're involved in

1571

00:55:20,710 --> 00:55:19,280

study of ufos and ghosts and creatures

1572

00:55:21,829 --> 00:55:20,720

it's going to be on the front page of

1573

00:55:23,990 --> 00:55:21,839

new york times would be a big

1574

00:55:25,829 --> 00:55:24,000

embarrassment of course it did end up on

1575

00:55:27,109 --> 00:55:25,839

the front page of the new york times and

1576  
00:55:29,430 --> 00:55:27,119  
then others

1577  
00:55:31,430 --> 00:55:29,440  
within the pentagon

1578  
00:55:33,670 --> 00:55:31,440  
these religious fundamentalists in key

1579  
00:55:35,589 --> 00:55:33,680  
positions were concerned when they read

1580  
00:55:37,349 --> 00:55:35,599  
about what was going on in skinwalker

1581  
00:55:39,109 --> 00:55:37,359  
they thought it was demonic

1582  
00:55:41,430 --> 00:55:39,119  
they thought that by studying this by

1583  
00:55:43,750 --> 00:55:41,440  
engaging with it by interacting with it

1584  
00:55:45,270 --> 00:55:43,760  
that we were inviting it into the world

1585  
00:55:46,470 --> 00:55:45,280  
that we were

1586  
00:55:49,750 --> 00:55:46,480  
you know potentially going to wreak

1587  
00:55:52,309 --> 00:55:49,760  
havoc on humanity by these demonic

1588  
00:55:53,829 --> 00:55:52,319

satanic spirits that would come in and

1589

00:55:55,750 --> 00:55:53,839

you'd think well that's pretty

1590

00:55:58,470 --> 00:55:55,760

ridiculous for high-level intelligence

1591

00:56:00,549 --> 00:55:58,480

people to be basing national policy on

1592

00:56:02,230 --> 00:56:00,559

their religious beliefs but the fact is

1593

00:56:04,150 --> 00:56:02,240

now you know looking back on it we don't

1594

00:56:06,069 --> 00:56:04,160

know what this intelligence is maybe it

1595

00:56:08,470 --> 00:56:06,079

is demonic or satanic or something like

1596

00:56:10,470 --> 00:56:08,480

we don't know we'd like to we started

1597

00:56:12,390 --> 00:56:10,480

out thinking was extraterrestrial we

1598

00:56:14,069 --> 00:56:12,400

don't think that anymore it doesn't fit

1599

00:56:16,309 --> 00:56:14,079

and maybe it's extraterrestrial

1600

00:56:18,390 --> 00:56:16,319

interdimensional time travelers demons

1601  
00:56:20,069 --> 00:56:18,400  
all mixed into one but we don't really

1602  
00:56:22,069 --> 00:56:20,079  
know that was why awesome should have

1603  
00:56:23,910 --> 00:56:22,079  
been allowed to continue uh it was cut

1604  
00:56:25,750 --> 00:56:23,920  
off before it could really get answers

1605  
00:56:27,190 --> 00:56:25,760  
but it made incredible progress you know

1606  
00:56:28,150 --> 00:56:27,200  
for a while

1607  
00:56:30,309 --> 00:56:28,160  
i don't know that i answered your

1608  
00:56:32,390 --> 00:56:30,319  
question i got off got a tangent there

1609  
00:56:34,630 --> 00:56:32,400  
it it begs the question whether or not

1610  
00:56:37,190 --> 00:56:34,640  
these um you know

1611  
00:56:38,789 --> 00:56:37,200  
uap show up on the ranch because of the

1612  
00:56:40,789 --> 00:56:38,799  
activity that's taking place on the

1613  
00:56:42,470 --> 00:56:40,799

ranch or if the activity on the ranch is

1614

00:56:43,589 --> 00:56:42,480

taking place because these uaps are

1615

00:56:44,710 --> 00:56:43,599

showing up

1616

00:56:46,230 --> 00:56:44,720

so

1617

00:56:48,390 --> 00:56:46,240

or they might not even be related

1618

00:56:49,750 --> 00:56:48,400

they're just related somehow but they uh

1619

00:56:51,589 --> 00:56:49,760

you know it begs the question whether or

1620

00:56:53,670 --> 00:56:51,599

not the activity is taking place and

1621

00:56:55,990 --> 00:56:53,680

they're just monitoring it

1622

00:56:58,710 --> 00:56:56,000

you know i uh i've sort of my

1623

00:57:00,549 --> 00:56:58,720

perspectives has have changed several

1624

00:57:02,309 --> 00:57:00,559

times you know since all this stuff i i

1625

00:57:04,789 --> 00:57:02,319

don't really i know a lot more and

1626  
00:57:07,190 --> 00:57:04,799  
understand a lot less so whatever i uh

1627  
00:57:09,270 --> 00:57:07,200  
offer as a suggestion here is just that

1628  
00:57:11,670 --> 00:57:09,280  
a suggestion i'm not as smart as these

1629  
00:57:13,430 --> 00:57:11,680  
other guys who are have phds that are

1630  
00:57:15,510 --> 00:57:13,440  
taking on these big questions i've been

1631  
00:57:17,589 --> 00:57:15,520  
around in a long time but they're these

1632  
00:57:19,750 --> 00:57:17,599  
big brainiacs who have tackled these

1633  
00:57:21,990 --> 00:57:19,760  
these issues and questions understand a

1634  
00:57:24,390 --> 00:57:22,000  
lot better than i have so i i

1635  
00:57:26,950 --> 00:57:24,400  
you know take that with a grain of salt

1636  
00:57:28,950 --> 00:57:26,960  
i i think that the uh the phenomenon is

1637  
00:57:30,870 --> 00:57:28,960  
there for us to see right i think it

1638  
00:57:32,230 --> 00:57:30,880

happens on the ranch

1639

00:57:33,990 --> 00:57:32,240

i don't i'm not sure what happened if

1640

00:57:36,390 --> 00:57:34,000

there's nobody there to watch it it

1641

00:57:38,069 --> 00:57:36,400

seemed to be for us to see it you know

1642

00:57:40,549 --> 00:57:38,079

you would ask does any of this

1643

00:57:42,549 --> 00:57:40,559

information carry over from osap to atep

1644

00:57:44,630 --> 00:57:42,559

and beyond the answer is yes

1645

00:57:46,710 --> 00:57:44,640

perfect example that is tic tac

1646

00:57:48,390 --> 00:57:46,720

i i tend to think that tic-tac that

1647

00:57:50,549 --> 00:57:48,400

object was sitting there

1648

00:57:52,309 --> 00:57:50,559

for us to see it you can't tell me

1649

00:57:53,910 --> 00:57:52,319

there's a giant nuclear strike force

1650

00:57:55,829 --> 00:57:53,920

that i uh

1651  
00:57:57,190 --> 00:57:55,839  
you know this giant uh aircraft carrier

1652  
00:57:58,309 --> 00:57:57,200  
in a battle group

1653  
00:58:00,309 --> 00:57:58,319  
sitting there

1654  
00:58:02,150 --> 00:58:00,319  
and this ufo is out zipping around

1655  
00:58:03,510 --> 00:58:02,160  
floating over something that's

1656  
00:58:06,309 --> 00:58:03,520  
boiling the sea

1657  
00:58:07,430 --> 00:58:06,319  
oh gosh oh is that a u.s warplane i

1658  
00:58:08,950 --> 00:58:07,440  
didn't know you guys were in the

1659  
00:58:10,630 --> 00:58:08,960  
neighborhood i don't believe it i i

1660  
00:58:12,870 --> 00:58:10,640  
think they knew that i think it was a

1661  
00:58:14,309 --> 00:58:12,880  
performance yeah which is what a lot of

1662  
00:58:16,390 --> 00:58:14,319  
what happened at the ranch seemed to be

1663  
00:58:19,270 --> 00:58:16,400

a performance a display it's something

1664

00:58:22,390 --> 00:58:19,280

there for us to see that tic tac case

1665

00:58:24,150 --> 00:58:22,400

was the first big investigation by asap

1666

00:58:26,309 --> 00:58:24,160

the world knows about it not because of

1667

00:58:29,190 --> 00:58:26,319

atip but because asap you know they

1668

00:58:31,190 --> 00:58:29,200

collected the files they created the the

1669

00:58:33,829 --> 00:58:31,200

the video they got uh they secured it

1670

00:58:37,270 --> 00:58:33,839

and analyzed it there's a report in the

1671

00:58:38,230 --> 00:58:37,280

asap files that i have seen

1672

00:58:40,230 --> 00:58:38,240

that is

1673

00:58:42,549 --> 00:58:40,240

remarkable in terms of the detail they

1674

00:58:44,950 --> 00:58:42,559

went into an analysis of the tic tac

1675

00:58:47,349 --> 00:58:44,960

incident and its capabilities

1676

00:58:49,030 --> 00:58:47,359

that was the very first uh thing that

1677

00:58:51,349 --> 00:58:49,040

they really launched and the reason the

1678

00:58:54,230 --> 00:58:51,359

world knows about it is because asap

1679

00:58:55,829 --> 00:58:54,240

yes lou elizondo interacted with the the

1680

00:58:58,150 --> 00:58:55,839

osap guys

1681

00:58:59,990 --> 00:58:58,160

but it was long before atip existed the

1682

00:59:02,470 --> 00:59:00,000

first time the atip

1683

00:59:03,430 --> 00:59:02,480

name that acronym appeared was in harry

1684

00:59:06,390 --> 00:59:03,440

reid's

1685

00:59:08,069 --> 00:59:06,400

um letter to the pentagon in 2009 and

1686

00:59:09,750 --> 00:59:08,079

they they used that name and just made

1687

00:59:11,829 --> 00:59:09,760

it up because they didn't want the rest

1688

00:59:13,829 --> 00:59:11,839

of the pentagon to know what the real

1689

00:59:15,910 --> 00:59:13,839

name was so they couldn't come after it

1690

00:59:18,710 --> 00:59:15,920

now they got out anyway but uh you know

1691

00:59:21,510 --> 00:59:18,720

atip after osap went away blue elizondo

1692

00:59:23,829 --> 00:59:21,520

to his credit uh resurrects it on a much

1693

00:59:25,910 --> 00:59:23,839

smaller scale he keeps some of the same

1694

00:59:28,150 --> 00:59:25,920

people who had interacted with and

1695

00:59:30,390 --> 00:59:28,160

worked with ossap

1696

00:59:32,470 --> 00:59:30,400

different agencies some of them of whom

1697

00:59:34,470 --> 00:59:32,480

had been to skinwalker ranch some of

1698

00:59:36,950 --> 00:59:34,480

whom worked directly on the tic tac

1699

00:59:39,990 --> 00:59:36,960

report he kept them in the loop

1700

00:59:42,470 --> 00:59:40,000

and they informally had this confederacy

1701

00:59:45,829 --> 00:59:42,480

of of experts who would take a look at

1702

00:59:47,829 --> 00:59:45,839

new cases of ufos involving the military

1703

00:59:49,670 --> 00:59:47,839

that was their purview they didn't look

1704

00:59:51,750 --> 00:59:49,680

at any of these broader things that that

1705

00:59:53,190 --> 00:59:51,760

we're talking about to my knowledge i

1706

00:59:55,910 --> 00:59:53,200

don't know that they produced a single

1707

00:59:58,150 --> 00:59:55,920

report have you ever seen one

1708

00:59:59,990 --> 00:59:58,160

i have never seen an atep written report

1709

01:00:02,950 --> 01:00:00,000

of any kind no and no one else has

1710

01:00:04,710 --> 01:00:02,960

either i am not disparaging that i have

1711

01:00:07,190 --> 01:00:04,720

great admiration for lou he's a friend

1712

01:00:10,309 --> 01:00:07,200

of mine he has single-handedly changed

1713

01:00:13,829 --> 01:00:10,319

this uh topic flipped it on its head

1714

01:00:16,870 --> 01:00:13,839

has blazed a path at considerable uh

1715

01:00:19,750 --> 01:00:16,880

personal expense and and repercussions

1716

01:00:21,910 --> 01:00:19,760

to him it's it's tortured him and it's

1717

01:00:23,750 --> 01:00:21,920

been a mess for his family

1718

01:00:25,510 --> 01:00:23,760

he has great i have great respect for

1719

01:00:27,670 --> 01:00:25,520

him but you know a lot of the people

1720

01:00:29,430 --> 01:00:27,680

around that have tried to diminish asap

1721

01:00:31,510 --> 01:00:29,440

pretend that it wasn't real

1722

01:00:33,670 --> 01:00:31,520

you know what we need is a real program

1723

01:00:35,349 --> 01:00:33,680

uh not that offset thing well you've got

1724

01:00:37,589 --> 01:00:35,359

a program in government that had more

1725

01:00:39,430 --> 01:00:37,599

than 50 full-time investigators let me

1726

01:00:41,190 --> 01:00:39,440

see it if there's a program in

1727

01:00:44,309 --> 01:00:41,200

government that produced more reports

1728

01:00:46,549 --> 01:00:44,319

than the hundred documents that that

1729

01:00:49,030 --> 01:00:46,559

asap produced let's see it i haven't

1730

01:00:50,630 --> 01:00:49,040

seen it uh you know i i think that a lot

1731

01:00:53,589 --> 01:00:50,640

of that information that was gathered by

1732

01:00:55,670 --> 01:00:53,599

ossap was used by atip and i think it

1733

01:00:57,829 --> 01:00:55,680

was used by what became the uap task

1734

01:00:58,630 --> 01:00:57,839

force and i think it's now in the hands

1735

01:01:01,430 --> 01:00:58,640

of

1736

01:01:03,829 --> 01:01:01,440

whatever this new program this e-i-e-i-o

1737

01:01:05,510 --> 01:01:03,839

whatever the heck yeah

1738

01:01:07,750 --> 01:01:05,520

i think it's in their hands so it is

1739

01:01:10,150 --> 01:01:07,760

being put to use how much i can't say

1740

01:01:12,230 --> 01:01:10,160

but you know that that series of events

1741

01:01:14,549 --> 01:01:12,240

what started with mids

1742

01:01:17,430 --> 01:01:14,559

there's a direct line because before

1743

01:01:18,549 --> 01:01:17,440

where we are now the needs begat's

1744

01:01:21,030 --> 01:01:18,559

awesome

1745

01:01:23,990 --> 01:01:21,040

which investigates skinwalker looks at

1746

01:01:25,829 --> 01:01:24,000

tic tac that leads to a tip that leads

1747

01:01:27,750 --> 01:01:25,839

to new york times and what we have now

1748

01:01:29,349 --> 01:01:27,760

and uh you know it's

1749

01:01:31,190 --> 01:01:29,359

people who try to diminish the

1750

01:01:33,270 --> 01:01:31,200

importance of this program it's because

1751

01:01:34,789 --> 01:01:33,280

they got their own agenda they they

1752

01:01:37,270 --> 01:01:34,799

maybe they're pushing their own program

1753

01:01:38,950 --> 01:01:37,280

i don't know but um i hope that your

1754

01:01:40,710 --> 01:01:38,960

listeners will keep in mind what the

1755

01:01:42,390 --> 01:01:40,720

true legacy of this is and if it had

1756

01:01:43,990 --> 01:01:42,400

been allowed to continue we might have

1757

01:01:46,230 --> 01:01:44,000

some answers by now

1758

01:01:47,750 --> 01:01:46,240

in my opinion george sorry jason it's

1759

01:01:50,309 --> 01:01:47,760

it's because of you it's because of the

1760

01:01:51,589 --> 01:01:50,319

work that you've done since the 80s back

1761

01:01:53,510 --> 01:01:51,599

when you know you mentioned that now

1762

01:01:55,589 --> 01:01:53,520

ufo's the topic you can sink your teeth

1763

01:01:57,349 --> 01:01:55,599

into before you'd be made a laughing

1764

01:01:59,589 --> 01:01:57,359

stock of people have had their careers

1765

01:02:01,270 --> 01:01:59,599

destroyed including bob lazar you know

1766

01:02:03,029 --> 01:02:01,280

they go after you and your family and

1767

01:02:05,349 --> 01:02:03,039

your business and you know whether it's

1768

01:02:07,190 --> 01:02:05,359

misinformation disinformation or what

1769

01:02:08,950 --> 01:02:07,200

it's affected a lot of people negatively

1770

01:02:12,230 --> 01:02:08,960

where they really had nothing to gain by

1771

01:02:15,510 --> 01:02:12,240

coming out and more lose than win kind

1772

01:02:17,270 --> 01:02:15,520

of thing so i think your humility is uh

1773

01:02:19,190 --> 01:02:17,280

is massive because i think if it wasn't

1774

01:02:21,670 --> 01:02:19,200

for the work from you and a few other

1775

01:02:23,430 --> 01:02:21,680

people over the last 35 years yeah it

1776

01:02:25,829 --> 01:02:23,440

wouldn't have got so mainstream like it

1777

01:02:27,750 --> 01:02:25,839

is now where there's programs on tv

1778

01:02:29,589 --> 01:02:27,760

regularly recorded and you have all

1779

01:02:31,589 --> 01:02:29,599

these big names now that are and have

1780

01:02:33,510 --> 01:02:31,599

they have good intentions as well but if

1781

01:02:35,430 --> 01:02:33,520

it wasn't for people like you sort of

1782

01:02:37,589 --> 01:02:35,440

you know blazing that trail i don't

1783

01:02:39,829 --> 01:02:37,599

think we'd be nearly as far i mean you

1784

01:02:41,750 --> 01:02:39,839

were like the james bond of uap studies

1785

01:02:43,910 --> 01:02:41,760

man you went to russia and smuggled out

1786

01:02:45,990 --> 01:02:43,920

documents and you know shared them with

1787

01:02:48,069 --> 01:02:46,000

ned if you did that nowadays that's a

1788

01:02:50,710 --> 01:02:48,079

big deal right i mean security was

1789

01:02:52,870 --> 01:02:50,720

always there but um you're just fearless

1790

01:02:54,390 --> 01:02:52,880

well that leads me to my question i was

1791

01:02:57,510 --> 01:02:54,400

going to ask you george like how does

1792

01:02:59,910 --> 01:02:57,520

that feel haven't had a career that long

1793

01:03:01,349 --> 01:02:59,920

and i i mean i know you've been studying

1794

01:03:03,029 --> 01:03:01,359

this subject and you were quite like you

1795

01:03:04,710 --> 01:03:03,039

were saying adamant on telling people

1796

01:03:07,349 --> 01:03:04,720

about it but there was still some stigma

1797

01:03:09,109 --> 01:03:07,359

for a long time i'm a kid from the 80s

1798

01:03:11,190 --> 01:03:09,119

and i know the 80s you mentioned flying

1799

01:03:11,990 --> 01:03:11,200

saucers people just you know laughed at

1800

01:03:14,150 --> 01:03:12,000

you

1801

01:03:15,589 --> 01:03:14,160

same thing with the 90s 2000s we got a

1802

01:03:17,589 --> 01:03:15,599

little bit more progressive and now

1803

01:03:19,750 --> 01:03:17,599

we're like hey they're here

1804

01:03:22,230 --> 01:03:19,760

but for you to have like stuck it out

1805

01:03:24,630 --> 01:03:22,240

that long um how does it feel now having

1806

01:03:28,150 --> 01:03:24,640

the subject brought up and having people

1807

01:03:30,870 --> 01:03:28,160

fight so hard now for more disclosure

1808

01:03:32,789 --> 01:03:30,880

you know okay after the awesome stories

1809

01:03:34,549 --> 01:03:32,799

and the tic tac story and then later the

1810

01:03:37,029 --> 01:03:34,559

awesome stuff came out people would say

1811

01:03:39,109 --> 01:03:37,039

to me well do you feel vindicated now

1812

01:03:40,549 --> 01:03:39,119

and i don't know how to respond to it

1813

01:03:42,470 --> 01:03:40,559

and that i didn't know i needed

1814

01:03:44,870 --> 01:03:42,480

vindication i was doing my job you know

1815

01:03:46,069 --> 01:03:44,880

in the beginning i was out on a limb

1816

01:03:47,430 --> 01:03:46,079

pretty far

1817

01:03:50,630 --> 01:03:47,440

by myself

1818

01:03:51,990 --> 01:03:50,640

it was a kind of a long lonely slog

1819

01:03:54,789 --> 01:03:52,000

in terms of the

1820

01:03:56,470 --> 01:03:54,799

you know i see people who uh want to

1821

01:03:58,470 --> 01:03:56,480

take a shot at me on social media

1822

01:04:01,029 --> 01:03:58,480

they'll often say well gosh look at what

1823

01:04:03,190 --> 01:04:01,039

it did for your career well you know my

1824

01:04:05,270 --> 01:04:03,200

perspective on what it did for my career

1825

01:04:07,349 --> 01:04:05,280

might be different from how a ufo person

1826  
01:04:09,510 --> 01:04:07,359  
on twitter might see because it's done

1827  
01:04:11,430 --> 01:04:09,520  
me no favors you know it hasn't been

1828  
01:04:13,910 --> 01:04:11,440  
some big boon to my career i had a good

1829  
01:04:16,710 --> 01:04:13,920  
career without ufos

1830  
01:04:18,789 --> 01:04:16,720  
and i'm known for a lot of other stories

1831  
01:04:21,270 --> 01:04:18,799  
this is the story i'm known for in ufo

1832  
01:04:23,270 --> 01:04:21,280  
world you know people you know me in ufo

1833  
01:04:25,750 --> 01:04:23,280  
world but outside of it i'm known for

1834  
01:04:27,990 --> 01:04:25,760  
other things and uh it's done my career

1835  
01:04:29,029 --> 01:04:28,000  
no no favor i'm lucky that i've worked

1836  
01:04:33,430 --> 01:04:29,039  
for

1837  
01:04:35,109 --> 01:04:33,440  
know me and they trust me and they gave

1838  
01:04:37,589 --> 01:04:35,119

me a great freedom to pursue it where it

1839

01:04:39,029 --> 01:04:37,599

needed to be pursued but anybody else i

1840

01:04:41,349 --> 01:04:39,039

think a different news organization

1841

01:04:43,910 --> 01:04:41,359

would have stopped it a long time ago i

1842

01:04:46,549 --> 01:04:43,920

it's so lucky you know looking back on

1843

01:04:49,190 --> 01:04:46,559

it from this vantage point of where it's

1844

01:04:52,150 --> 01:04:49,200

led i am proud of it i'm proud of it but

1845

01:04:54,069 --> 01:04:52,160

it's been it's been a tough slog and um

1846

01:04:56,230 --> 01:04:54,079

and i think it probably put a cap on my

1847

01:04:58,309 --> 01:04:56,240

career in terms of where i could go i

1848

01:04:59,109 --> 01:04:58,319

don't i don't mind that i do it the same

1849

01:05:01,190 --> 01:04:59,119

way

1850

01:05:03,910 --> 01:05:01,200

uh i'm so fortunate to have been able to

1851  
01:05:05,829 --> 01:05:03,920  
meet some of these people along the way

1852  
01:05:07,910 --> 01:05:05,839  
uh lazar

1853  
01:05:10,390 --> 01:05:07,920  
robert bigelow colin kelleher jim

1854  
01:05:12,069 --> 01:05:10,400  
lakatsky lou elizondo

1855  
01:05:15,829 --> 01:05:12,079  
and somebody else whose name we haven't

1856  
01:05:17,510 --> 01:05:15,839  
mentioned is tom delong turned along

1857  
01:05:19,430 --> 01:05:17,520  
massively important to all that's

1858  
01:05:21,910 --> 01:05:19,440  
unfolded now you know tom de long

1859  
01:05:24,549 --> 01:05:21,920  
creates tsa it gives louis elizondo a

1860  
01:05:28,230 --> 01:05:24,559  
place to land lou can leave the pentagon

1861  
01:05:29,750 --> 01:05:28,240  
he goes there he's got a platform um

1862  
01:05:31,430 --> 01:05:29,760  
i don't know how the world would have

1863  
01:05:34,309 --> 01:05:31,440

been different if tom had not created

1864

01:05:36,630 --> 01:05:34,319

ttsa and i know it it went away you know

1865

01:05:39,270 --> 01:05:36,640

in in the and it it fell short of the

1866

01:05:42,470 --> 01:05:39,280

goals it said a long time ago but having

1867

01:05:44,950 --> 01:05:42,480

jim semavan hal put off uh de long chris

1868

01:05:46,710 --> 01:05:44,960

mellon uh the guy from lockheed all

1869

01:05:48,230 --> 01:05:46,720

those guys in one place and then getting

1870

01:05:49,910 --> 01:05:48,240

the new york times to do the story

1871

01:05:51,029 --> 01:05:49,920

that's a heavy lift that's an amazing

1872

01:05:52,789 --> 01:05:51,039

thing

1873

01:05:55,109 --> 01:05:52,799

all the credit in the world to tom but

1874

01:05:57,430 --> 01:05:55,119

for me be able to hook up to meet with

1875

01:05:59,109 --> 01:05:57,440

tom uh and then these amazing other

1876

01:06:00,069 --> 01:05:59,119

people that he worked with

1877

01:06:02,150 --> 01:06:00,079

to

1878

01:06:03,829 --> 01:06:02,160

become friends with jeremy corbell who's

1879

01:06:06,470 --> 01:06:03,839

you know done some amazing work we

1880

01:06:08,950 --> 01:06:06,480

partnered on some things um matt adams

1881

01:06:10,950 --> 01:06:08,960

my photographer who's been with me for

1882

01:06:13,670 --> 01:06:10,960

20 20-plus years

1883

01:06:15,910 --> 01:06:13,680

i i'm so proud of the work that's done

1884

01:06:17,910 --> 01:06:15,920

and where the progress that we've made

1885

01:06:19,910 --> 01:06:17,920

and i appreciate you you recognize that

1886

01:06:21,349 --> 01:06:19,920

i have had a contribution to it but it

1887

01:06:24,230 --> 01:06:21,359

you know people who think this is one

1888

01:06:25,990 --> 01:06:24,240

big party and it's you know i did it to

1889

01:06:27,349 --> 01:06:26,000

uh juice my career they don't know what

1890

01:06:29,270 --> 01:06:27,359

the hell they're talking about well

1891

01:06:31,829 --> 01:06:29,280

you're not you're not out there charging

1892

01:06:34,390 --> 01:06:31,839

people thousands of dollars for seances

1893

01:06:36,309 --> 01:06:34,400

at night trying to i will get away with

1894

01:06:38,870 --> 01:06:36,319

it i'm happy to do that yeah they're

1895

01:06:40,710 --> 01:06:38,880

taking orders if they come in yeah i'd

1896

01:06:43,029 --> 01:06:40,720

probably still sign up just to hang out

1897

01:06:44,309 --> 01:06:43,039

but uh yeah obviously some people are

1898

01:06:46,950 --> 01:06:44,319

doing up with their careers and you're

1899

01:06:49,190 --> 01:06:46,960

not one of those people and like

1900

01:06:51,029 --> 01:06:49,200

ufology even on twitter is quite a mess

1901

01:06:52,870 --> 01:06:51,039

i've been looking at uh what's going on

1902

01:06:54,470 --> 01:06:52,880

there and people are just

1903

01:06:56,309 --> 01:06:54,480

they're always opinionated that's the

1904

01:06:58,069 --> 01:06:56,319

thing everybody's got an opinion but it

1905

01:06:59,589 --> 01:06:58,079

doesn't help uh you followed you it

1906

01:07:01,990 --> 01:06:59,599

doesn't help the subject forward if

1907

01:07:04,789 --> 01:07:02,000

we're all bickering at each other right

1908

01:07:06,789 --> 01:07:04,799

over yeah accolades or falsehoods or

1909

01:07:09,670 --> 01:07:06,799

whatever so yeah that's that's true i

1910

01:07:12,069 --> 01:07:09,680

mean i i see those conversations i some

1911

01:07:14,069 --> 01:07:12,079

sometimes after i somebody has taken

1912

01:07:16,950 --> 01:07:14,079

shots at me for weeks at a time every

1913

01:07:18,630 --> 01:07:16,960

day i i get weak and i respond i regret

1914

01:07:20,630 --> 01:07:18,640

it i always regret it

1915

01:07:22,309 --> 01:07:20,640

you know just let it go

1916

01:07:24,789 --> 01:07:22,319

i'm glad there's a dialogue and a

1917

01:07:26,950 --> 01:07:24,799

give-and-take and opinions but to think

1918

01:07:28,630 --> 01:07:26,960

that this is somehow today is more of a

1919

01:07:30,470 --> 01:07:28,640

mess than it's ever been it's always

1920

01:07:33,109 --> 01:07:30,480

been a mess it's always been this way

1921

01:07:35,430 --> 01:07:33,119

you know it's the the most back

1922

01:07:38,390 --> 01:07:35,440

stabbing infighting

1923

01:07:40,390 --> 01:07:38,400

inbred nasty little arena i suppose

1924

01:07:41,750 --> 01:07:40,400

there are other topics like that but man

1925

01:07:45,750 --> 01:07:41,760

this is

1926

01:07:47,270 --> 01:07:45,760

you've got to have thick skin to dive

1927

01:07:49,510 --> 01:07:47,280

into this i've tried to develop that

1928

01:07:51,829 --> 01:07:49,520

over the years and just got to keep your

1929

01:07:54,069 --> 01:07:51,839

your eye on the on the ball and moving

1930

01:07:56,630 --> 01:07:54,079

forward and you know there's going to be

1931

01:07:59,029 --> 01:07:56,640

slings and arrows there's a there's a

1932

01:08:01,589 --> 01:07:59,039

phrase that i've used before about uh

1933

01:08:03,430 --> 01:08:01,599

it's an arab proverb the dog barks but

1934

01:08:05,910 --> 01:08:03,440

the caravan passes you know that's kind

1935

01:08:07,510 --> 01:08:05,920

of how i try to write

1936

01:08:10,390 --> 01:08:07,520

how to look at it

1937

01:08:12,789 --> 01:08:10,400

that's brilliant uh louie do you have a

1938

01:08:14,549 --> 01:08:12,799

final question for i don't know we can't

1939

01:08:16,470 --> 01:08:14,559

have george knapp on the show without

1940

01:08:19,910 --> 01:08:16,480

talking about bob lazar

1941

01:08:22,950 --> 01:08:19,920

i mean in 1989 this guy who initially

1942

01:08:25,430 --> 01:08:22,960

was shrouded on camera voice distorted

1943

01:08:27,829 --> 01:08:25,440

this guy comes out of the woodwork and

1944

01:08:30,870 --> 01:08:27,839

says the us's and u.s government is in

1945

01:08:33,349 --> 01:08:30,880

possession of recovered craft i know it

1946

01:08:35,349 --> 01:08:33,359

i've seen them firsthand in fact my job

1947

01:08:38,149 --> 01:08:35,359

was to try to figure out what i could

1948

01:08:41,030 --> 01:08:38,159

about them using my nuclear physics

1949

01:08:43,110 --> 01:08:41,040

brain and he was replacing somebody who

1950

01:08:45,189 --> 01:08:43,120

had been killed trying to mess around

1951

01:08:46,789 --> 01:08:45,199

with the same thing so this guy comes to

1952

01:08:48,709 --> 01:08:46,799

you with this story

1953

01:08:50,550 --> 01:08:48,719

and subsequently reveals himself for his

1954

01:08:53,030 --> 01:08:50,560

own safety because they're messing with

1955

01:08:54,550 --> 01:08:53,040

them and letting it known to let it be

1956

01:08:56,550 --> 01:08:54,560

known to him that hey we know where you

1957

01:08:57,990 --> 01:08:56,560

live and go through his car and leave it

1958

01:08:59,590 --> 01:08:58,000

like that so that he would find it and

1959

01:09:01,990 --> 01:08:59,600

that type of thing

1960

01:09:03,590 --> 01:09:02,000

and even to the point of drawing

1961

01:09:05,510 --> 01:09:03,600

pictures this is what they look like

1962

01:09:08,390 --> 01:09:05,520

this is how they work they run on a

1963

01:09:11,269 --> 01:09:08,400

strange element 115 that wasn't even

1964

01:09:13,669 --> 01:09:11,279

invented yet and then 20 years later

1965

01:09:16,870 --> 01:09:13,679

yeah it would make a reasonable fuel you

1966

01:09:18,470 --> 01:09:16,880

know element 115 is moscovium so all of

1967

01:09:20,470 --> 01:09:18,480

that that's a massive question all in

1968

01:09:22,470 --> 01:09:20,480

one but i definitely want to get

1969

01:09:25,349 --> 01:09:22,480

just your thoughts on that you are a

1970

01:09:27,749 --> 01:09:25,359

pioneer and this sparked a lot in the

1971

01:09:29,990 --> 01:09:27,759

uap world was the story of bob lazar

1972

01:09:31,910 --> 01:09:30,000

what's one of those stories that just uh

1973

01:09:33,269 --> 01:09:31,920

it divides people down the middle maybe

1974

01:09:34,870 --> 01:09:33,279

it's not the middle or something but

1975

01:09:37,030 --> 01:09:34,880

there's no there's a very little gray

1976

01:09:39,110 --> 01:09:37,040

area people either hate them or they or

1977

01:09:40,870 --> 01:09:39,120

they love them they buy it or they don't

1978

01:09:41,829 --> 01:09:40,880

it was always going to be that way i i

1979

01:09:44,470 --> 01:09:41,839

just

1980

01:09:45,349 --> 01:09:44,480

put it in this context today right now

1981

01:09:47,510 --> 01:09:45,359

as we

1982

01:09:49,910 --> 01:09:47,520

converse back and forth

1983

01:09:51,590 --> 01:09:49,920

there's a lot of discussion about

1984

01:09:56,149 --> 01:09:51,600

meta materials

1985

01:09:58,630 --> 01:09:56,159

uh retrieved uh unknown uh elements uh

1986

01:10:00,470 --> 01:09:58,640

crash retrievals reverse engineering

1987

01:10:02,870 --> 01:10:00,480

those things are now being discussed in

1988

01:10:05,030 --> 01:10:02,880

the halls of power in the pentagon in

1989

01:10:06,630 --> 01:10:05,040

congress you have members of the senate

1990

01:10:09,910 --> 01:10:06,640

who are asking hey what's the deal on

1991

01:10:12,310 --> 01:10:09,920

this when can we see it uh you have that

1992

01:10:14,310 --> 01:10:12,320

discussion underway in aerospace uh the

1993

01:10:17,030 --> 01:10:14,320

aerospace industry and is being taken

1994

01:10:19,510 --> 01:10:17,040

seriously well i can tell you that 33

1995

01:10:22,709 --> 01:10:19,520

years ago when it started with me and

1996

01:10:24,070 --> 01:10:22,719

bob lazar it was not taken seriously um

1997

01:10:26,470 --> 01:10:24,080

he came out

1998

01:10:28,709 --> 01:10:26,480

at considerable personal risk i know

1999

01:10:31,910 --> 01:10:28,719

that people have looked at his record so

2000

01:10:33,750 --> 01:10:31,920

we you know we've looked at it and every

2001  
01:10:36,470 --> 01:10:33,760  
six months or so someone comes out with

2002  
01:10:37,990 --> 01:10:36,480  
a new expose of bob lazar aha he didn't

2003  
01:10:39,750 --> 01:10:38,000  
go to these schools that he says he

2004  
01:10:42,229 --> 01:10:39,760  
didn't work at

2005  
01:10:44,470 --> 01:10:42,239  
los alamos he he's a fraud he's not a

2006  
01:10:46,310 --> 01:10:44,480  
scientist all that stuff

2007  
01:10:47,750 --> 01:10:46,320  
people think that they've come on

2008  
01:10:49,669 --> 01:10:47,760  
something new they're really going to

2009  
01:10:51,510 --> 01:10:49,679  
blow it out of the water it's the same

2010  
01:10:53,590 --> 01:10:51,520  
stuff that started back then and it's

2011  
01:10:56,229 --> 01:10:53,600  
the same stuff we pursued in the very

2012  
01:10:58,790 --> 01:10:56,239  
first story where i introduced bob lazar

2013  
01:11:01,750 --> 01:10:58,800

i reported the schools that he says he

2014

01:11:03,750 --> 01:11:01,760

attended have no records open los alamos

2015

01:11:06,149 --> 01:11:03,760

lab where he says he worked has no

2016

01:11:07,350 --> 01:11:06,159

records of him uh his employment records

2017

01:11:09,510 --> 01:11:07,360

have disappeared a lot of other things

2018

01:11:12,310 --> 01:11:09,520

have we we reported that from the

2019

01:11:14,870 --> 01:11:12,320

beginning we told that to the public and

2020

01:11:16,790 --> 01:11:14,880

told them make up your mind and i went

2021

01:11:18,709 --> 01:11:16,800

through that myself i mean you know i've

2022

01:11:22,149 --> 01:11:18,719

said it publicly a lot of times i never

2023

01:11:24,070 --> 01:11:22,159

believed that bob really went to mit

2024

01:11:26,550 --> 01:11:24,080

and got a master's degree in the same

2025

01:11:28,470 --> 01:11:26,560

way that anyone else would there's a

2026

01:11:30,390 --> 01:11:28,480

more complicated story there because i

2027

01:11:32,709 --> 01:11:30,400

couldn't imagine him sitting through

2028

01:11:35,030 --> 01:11:32,719

english lit or something like that yeah

2029

01:11:36,390 --> 01:11:35,040

um you know but for me the question was

2030

01:11:38,709 --> 01:11:36,400

all right the school records are not

2031

01:11:40,790 --> 01:11:38,719

there is it possible that he exaggerated

2032

01:11:42,950 --> 01:11:40,800

his education in order to land this cool

2033

01:11:44,870 --> 01:11:42,960

job and i'd say yeah

2034

01:11:46,470 --> 01:11:44,880

do you throw everything out well if he

2035

01:11:48,550 --> 01:11:46,480

lied about this then you have to throw

2036

01:11:50,550 --> 01:11:48,560

everything out really have you ever told

2037

01:11:51,830 --> 01:11:50,560

the lie you know

2038

01:11:53,270 --> 01:11:51,840

does that mean that everything you've

2039

01:11:54,550 --> 01:11:53,280

ever said is a lie

2040

01:11:56,790 --> 01:11:54,560

so

2041

01:11:59,030 --> 01:11:56,800

we did our best back in those days

2042

01:12:01,350 --> 01:11:59,040

pre-internet to verify parts of his

2043

01:12:04,310 --> 01:12:01,360

background what really got me intrigued

2044

01:12:06,310 --> 01:12:04,320

by bob not just his story

2045

01:12:07,590 --> 01:12:06,320

his demeanor of course i got to know him

2046

01:12:10,550 --> 01:12:07,600

personally

2047

01:12:13,110 --> 01:12:10,560

the people who know him best even 33

2048

01:12:14,149 --> 01:12:13,120

years later the people closest to him

2049

01:12:15,910 --> 01:12:14,159

believe him

2050

01:12:17,110 --> 01:12:15,920

you know the people who would see him in

2051  
01:12:19,830 --> 01:12:17,120  
real life

2052  
01:12:22,149 --> 01:12:19,840  
in at home who know about his background

2053  
01:12:23,990 --> 01:12:22,159  
and what he's done they believe him it's

2054  
01:12:25,110 --> 01:12:24,000  
the people who are further removed who

2055  
01:12:29,189 --> 01:12:25,120  
don't

2056  
01:12:31,669 --> 01:12:29,199  
send me stuff about balbasaur did you

2057  
01:12:34,229 --> 01:12:31,679  
know this and that every day i don't

2058  
01:12:36,070 --> 01:12:34,239  
care you know you can believe it or not

2059  
01:12:37,750 --> 01:12:36,080  
in the beginning it was important to me

2060  
01:12:39,830 --> 01:12:37,760  
hey look i've investigated the guy

2061  
01:12:42,790 --> 01:12:39,840  
here's what we found

2062  
01:12:45,189 --> 01:12:42,800  
here's why i believe him uh in in effect

2063  
01:12:47,430 --> 01:12:45,199

it's like two ships passing a night the

2064

01:12:49,830 --> 01:12:47,440

story is about bob people will find

2065

01:12:52,229 --> 01:12:49,840

information that tends to diminish his

2066

01:12:55,030 --> 01:12:52,239

credibility and they like to ignore the

2067

01:12:56,950 --> 01:12:55,040

stuff that that buttresses his story you

2068

01:12:59,430 --> 01:12:56,960

know a lot of things as you said that he

2069

01:13:02,070 --> 01:12:59,440

knows that he knew back then that turned

2070

01:13:04,550 --> 01:13:02,080

out to be real how did he know him so

2071

01:13:07,030 --> 01:13:04,560

that's really what got me interested

2072

01:13:09,270 --> 01:13:07,040

you know and and really the the nail in

2073

01:13:12,149 --> 01:13:09,280

the coffin for me was how many people

2074

01:13:14,229 --> 01:13:12,159

lied to me about him uh you know i get

2075

01:13:17,110 --> 01:13:14,239

ticked off when somebody in a government

2076

01:13:19,270 --> 01:13:17,120

agency or a government facility lies to

2077

01:13:21,110 --> 01:13:19,280

me about something that i know they're

2078

01:13:23,750 --> 01:13:21,120

lying about you know and they did los

2079

01:13:25,910 --> 01:13:23,760

alamos lied to me about him yeah we

2080

01:13:27,270 --> 01:13:25,920

finally proved that they were lying that

2081

01:13:29,350 --> 01:13:27,280

his uh

2082

01:13:31,030 --> 01:13:29,360

the company that hired him lied to me

2083

01:13:34,310 --> 01:13:31,040

they promised to provide these records

2084

01:13:36,790 --> 01:13:34,320

and didn't people at nellis

2085

01:13:38,790 --> 01:13:36,800

people in other agencies have lied uh

2086

01:13:40,870 --> 01:13:38,800

congressman bill bray who just passed

2087

01:13:43,510 --> 01:13:40,880

away about two months ago when lazar got

2088

01:13:45,750 --> 01:13:43,520

into some criminal trouble um you know

2089

01:13:48,229 --> 01:13:45,760

he had done a lot of work at my request

2090

01:13:50,390 --> 01:13:48,239

to try to bet to track this stuff down

2091

01:13:53,990 --> 01:13:50,400

and everywhere he went into government

2092

01:13:56,070 --> 01:13:54,000

circles fbi etc he ran into roadblocks

2093

01:13:58,470 --> 01:13:56,080

and they wouldn't say bob lazar's a

2094

01:14:00,709 --> 01:13:58,480

fraud they told this congressman you

2095

01:14:03,830 --> 01:14:00,719

don't have a need to know that's real

2096

01:14:05,669 --> 01:14:03,840

that really happened um so i understand

2097

01:14:07,110 --> 01:14:05,679

that people are very passionate on both

2098

01:14:09,030 --> 01:14:07,120

sides

2099

01:14:11,350 --> 01:14:09,040

i would just suggest there really is

2100

01:14:13,189 --> 01:14:11,360

something interesting there i think the

2101

01:14:15,350 --> 01:14:13,199

bob is telling a story

2102

01:14:17,910 --> 01:14:15,360

that he believes to be true whether it

2103

01:14:19,510 --> 01:14:17,920

is literally true or not he is open to

2104

01:14:22,390 --> 01:14:19,520

the possibility that maybe they messed

2105

01:14:24,310 --> 01:14:22,400

with his head um that did happen but he

2106

01:14:25,669 --> 01:14:24,320

passed a polygraph test we had four

2107

01:14:27,590 --> 01:14:25,679

different tests that were done by this

2108

01:14:30,229 --> 01:14:27,600

polygraph examiner he said he's telling

2109

01:14:32,310 --> 01:14:30,239

the truth there's no deception people

2110

01:14:34,390 --> 01:14:32,320

have analyzed his body language on

2111

01:14:35,270 --> 01:14:34,400

different rogans podcasts and things

2112

01:14:37,750 --> 01:14:35,280

like that

2113

01:14:39,350 --> 01:14:37,760

if you spend time with the guy

2114

01:14:41,350 --> 01:14:39,360

he would have to be the most incredible

2115

01:14:43,990 --> 01:14:41,360

liar in history to get away with this

2116

01:14:46,390 --> 01:14:44,000

stuff how he comes across and bob is not

2117

01:14:48,790 --> 01:14:46,400

trying to convince anyone that his story

2118

01:14:50,310 --> 01:14:48,800

is true he wants nothing to do with

2119

01:14:52,870 --> 01:14:50,320

uh you know every once in a while i

2120

01:14:54,470 --> 01:14:52,880

would drag him out and sort of twist his

2121

01:14:55,910 --> 01:14:54,480

arm and get him to give me an update or

2122

01:14:57,510 --> 01:14:55,920

something he didn't want to do it yeah

2123

01:14:59,910 --> 01:14:57,520

he didn't want to do it then on the day

2124

01:15:02,390 --> 01:14:59,920

that i revealed his identity

2125

01:15:04,790 --> 01:15:02,400

yeah i read it

2126

01:15:06,310 --> 01:15:04,800

he was in the in the tv station i said

2127

01:15:08,070 --> 01:15:06,320

here it is we're going to show you this

2128

01:15:09,830 --> 01:15:08,080

picture he grabbed the tape and tried to

2129

01:15:12,470 --> 01:15:09,840

leave with it he didn't want it to be

2130

01:15:13,750 --> 01:15:12,480

he's the most reluctant ufo messiah in

2131

01:15:15,590 --> 01:15:13,760

history

2132

01:15:17,669 --> 01:15:15,600

and uh i think he's telling the truth as

2133

01:15:19,669 --> 01:15:17,679

he knows whether or not it's the literal

2134

01:15:21,430 --> 01:15:19,679

truth or not we may never know but we're

2135

01:15:23,750 --> 01:15:21,440

a lot closer to it now than we were back

2136

01:15:26,470 --> 01:15:23,760

then and where we can talk about meta

2137

01:15:28,390 --> 01:15:26,480

materials recovered disks crash

2138

01:15:30,709 --> 01:15:28,400

retrievals reverse engineering all that

2139

01:15:31,990 --> 01:15:30,719

stuff is right up there now and started

2140

01:15:33,189 --> 01:15:32,000

with bob i mean

2141

01:15:34,870 --> 01:15:33,199

there were there are other crash

2142

01:15:36,149 --> 01:15:34,880

retrieval stories before bob but he's

2143

01:15:38,709 --> 01:15:36,159

the one that came out and talked about

2144

01:15:40,790 --> 01:15:38,719

it and i think it's moved the needle

2145

01:15:43,669 --> 01:15:40,800

there's two there's two points too that

2146

01:15:47,430 --> 01:15:43,679

for me always thought was obvious one

2147

01:15:49,830 --> 01:15:47,440

you and bob put um area 51 and s4 on the

2148

01:15:52,390 --> 01:15:49,840

map nobody knew about this program or

2149

01:15:54,390 --> 01:15:52,400

this place until he came out and now

2150

01:15:56,070 --> 01:15:54,400

it's a fact that it's there so you know

2151  
01:15:58,630 --> 01:15:56,080  
excuse my english there but how the

2152  
01:15:59,510 --> 01:15:58,640  
did he know that two he brought people

2153  
01:16:02,310 --> 01:15:59,520  
to

2154  
01:16:03,910 --> 01:16:02,320  
go see this thing fly at seven o'clock

2155  
01:16:05,990 --> 01:16:03,920  
at night on wednesdays because that's

2156  
01:16:08,229 --> 01:16:06,000  
when there was no traffic on the highway

2157  
01:16:09,990 --> 01:16:08,239  
in the middle of nowhere so again how

2158  
01:16:11,350 --> 01:16:10,000  
did he get that information how did he

2159  
01:16:13,430 --> 01:16:11,360  
know that they were gonna fly this crap

2160  
01:16:15,189 --> 01:16:13,440  
to seven o'clock at night on a wednesday

2161  
01:16:17,430 --> 01:16:15,199  
so when you look at these little tidbits

2162  
01:16:19,189 --> 01:16:17,440  
just logically you're like huh

2163  
01:16:21,270 --> 01:16:19,199

okay how do you predict an element

2164

01:16:23,350 --> 01:16:21,280

that's not even invented yet like i'm a

2165

01:16:25,270 --> 01:16:23,360

science mind and you know i remember in

2166

01:16:26,950 --> 01:16:25,280

school i memorized the periodic table of

2167

01:16:28,870 --> 01:16:26,960

the elements because i thought it would

2168

01:16:31,110 --> 01:16:28,880

get me better marks in that particular

2169

01:16:33,669 --> 01:16:31,120

get you this and i got a 98 in chemistry

2170

01:16:36,229 --> 01:16:33,679

grade 12. so that was pretty good but

2171

01:16:37,830 --> 01:16:36,239

how do you predict okay you could say

2172

01:16:40,229 --> 01:16:37,840

well yeah if the element you know

2173

01:16:43,030 --> 01:16:40,239

periodic element table ends at 98 well

2174

01:16:45,189 --> 01:16:43,040

one day there will be a 101 a 102. you

2175

01:16:47,189 --> 01:16:45,199

could do that but to predict that it

2176  
01:16:50,229 --> 01:16:47,199  
would be a certain element that would

2177  
01:16:52,310 --> 01:16:50,239  
make a reasonable fuel for a rocket type

2178  
01:16:54,149 --> 01:16:52,320  
or a nuclear reactor that you could

2179  
01:16:56,390 --> 01:16:54,159  
actually use to power a craft it's not

2180  
01:16:57,510 --> 01:16:56,400  
like the properties of these things are

2181  
01:16:59,110 --> 01:16:57,520  
totally

2182  
01:17:01,270 --> 01:16:59,120  
contrary to that

2183  
01:17:02,709 --> 01:17:01,280  
it all makes sense so for me

2184  
01:17:04,229 --> 01:17:02,719  
you're you're talking about elements

2185  
01:17:06,870 --> 01:17:04,239  
that aren't invented yet and then it

2186  
01:17:08,149 --> 01:17:06,880  
comes out that yeah this thing exists i

2187  
01:17:09,830 --> 01:17:08,159  
you can't like you said you'd have to be

2188  
01:17:12,950 --> 01:17:09,840

the greatest actor

2189

01:17:15,030 --> 01:17:12,960

liar psychic liar genius on the face of

2190

01:17:17,350 --> 01:17:15,040

the earth to be able to be you know and

2191

01:17:19,270 --> 01:17:17,360

what was in it for him he didn't benefit

2192

01:17:21,030 --> 01:17:19,280

you know he uh he didn't make money he's

2193

01:17:23,270 --> 01:17:21,040

not shouting from the rooftops listening

2194

01:17:24,630 --> 01:17:23,280

to me i'm the alien guy he's super

2195

01:17:26,470 --> 01:17:24,640

humble and just said take her for what

2196

01:17:28,310 --> 01:17:26,480

it's worth this is what happened and you

2197

01:17:32,310 --> 01:17:28,320

know like jason said we wouldn't know of

2198

01:17:34,790 --> 01:17:32,320

area 51 and not even area 51 s4 just

2199

01:17:36,950 --> 01:17:34,800

outside of that like you can't be that

2200

01:17:38,310 --> 01:17:36,960

granular and specific unless there's

2201

01:17:39,830 --> 01:17:38,320

something you know there's where there's

2202

01:17:42,470 --> 01:17:39,840

smoke there's fire

2203

01:17:44,390 --> 01:17:42,480

so it there's nobody's that lucky to

2204

01:17:46,950 --> 01:17:44,400

just make that kind of stuff up he had

2205

01:17:48,470 --> 01:17:46,960

told us about s4 and i remember calling

2206

01:17:50,390 --> 01:17:48,480

nellis air force base there was a

2207

01:17:52,229 --> 01:17:50,400

captain in charge of their public

2208

01:17:53,990 --> 01:17:52,239

information office who confirmed yeah

2209

01:17:55,669 --> 01:17:54,000

there's an s4

2210

01:17:57,510 --> 01:17:55,679

in fact there's more than one i said

2211

01:17:59,430 --> 01:17:57,520

well can you tell me where they are now

2212

01:18:01,430 --> 01:17:59,440

can you tell me what goes on there no

2213

01:18:03,030 --> 01:18:01,440

you call nellis today and ask them about

2214

01:18:05,189 --> 01:18:03,040

us for they said there's nothing on the

2215

01:18:06,630 --> 01:18:05,199

range maps it doesn't exist well it

2216

01:18:08,550 --> 01:18:06,640

really was there you know we had

2217

01:18:10,630 --> 01:18:08,560

satellite photos back then that showed

2218

01:18:12,950 --> 01:18:10,640

there was a road that went from groom

2219

01:18:14,790 --> 01:18:12,960

lake down to papua's

2220

01:18:16,950 --> 01:18:14,800

supposedly to a spot where they had

2221

01:18:18,950 --> 01:18:16,960

never had anything there was nothing at

2222

01:18:20,950 --> 01:18:18,960

whatsoever at all there

2223

01:18:21,669 --> 01:18:20,960

somewhere someone built a road down

2224

01:18:24,630 --> 01:18:21,679

there

2225

01:18:27,030 --> 01:18:24,640

for some reason for the element 115

2226

01:18:28,950 --> 01:18:27,040

i you know that was a mesmerizing

2227

01:18:31,110 --> 01:18:28,960

element to the story you know and he had

2228

01:18:34,149 --> 01:18:31,120

it in a he had a piece of it he didn't

2229

01:18:35,350 --> 01:18:34,159

steal it but he had it and it was in a

2230

01:18:39,189 --> 01:18:35,360

sort of a

2231

01:18:41,750 --> 01:18:39,199

pewter looking metallic uh disc

2232

01:18:43,990 --> 01:18:41,760

that he had at his house and he only uh

2233

01:18:45,910 --> 01:18:44,000

used one time that he did an experiment

2234

01:18:47,590 --> 01:18:45,920

that i think you guys have probably seen

2235

01:18:51,189 --> 01:18:47,600

where it was a cloud chamber where it

2236

01:18:52,870 --> 01:18:51,199

bent light in this fish tank um and bob

2237

01:18:55,590 --> 01:18:52,880

told me in the very first interview

2238

01:18:57,830 --> 01:18:55,600

about 115 and he said look we're it's

2239

01:18:59,510 --> 01:18:57,840

stable it's heavy

2240

01:19:02,310 --> 01:18:59,520

but we're never going to be able to make

2241

01:19:04,709 --> 01:19:02,320

it you know we have synthesized 115 now

2242

01:19:06,630 --> 01:19:04,719

it lasts for a few micro seconds and

2243

01:19:08,550 --> 01:19:06,640

then it goes away but he said it would

2244

01:19:11,350 --> 01:19:08,560

take so much energy

2245

01:19:13,030 --> 01:19:11,360

to create stable 115 he doesn't think

2246

01:19:15,030 --> 01:19:13,040

that we humans will ever be able to do

2247

01:19:16,709 --> 01:19:15,040

it he said that that piece

2248

01:19:18,709 --> 01:19:16,719

had to come from somewhere where it's a

2249

01:19:20,709 --> 01:19:18,719

natural element like in a dual star

2250

01:19:23,430 --> 01:19:20,719

system something like that so

2251

01:19:25,990 --> 01:19:23,440

people have uh either said all right

2252

01:19:27,430 --> 01:19:26,000

yeah he knew about 115 or they lock on

2253

01:19:29,750 --> 01:19:27,440

to the fact that it's not as he

2254

01:19:31,910 --> 01:19:29,760

described it well what we've created is

2255

01:19:34,149 --> 01:19:31,920

a version it's an isotope just as there

2256

01:19:36,070 --> 01:19:34,159

are multiple isotopes of gold there

2257

01:19:38,149 --> 01:19:36,080

aren't many of them that are stable but

2258

01:19:40,149 --> 01:19:38,159

eventually if we had enough money and

2259

01:19:42,070 --> 01:19:40,159

energy to put into it we could make we

2260

01:19:44,470 --> 01:19:42,080

haven't done it yet but bob was way

2261

01:19:46,550 --> 01:19:44,480

ahead of the curve um you know he wasn't

2262

01:19:49,350 --> 01:19:46,560

the first one to predict that there was

2263

01:19:50,790 --> 01:19:49,360

going to be an element like 115 but he's

2264

01:19:53,110 --> 01:19:50,800

among the only ones that say yeah

2265

01:19:54,709 --> 01:19:53,120

there's an island of stability in there

2266

01:19:55,830 --> 01:19:54,719

and i think he'll be proven accurate

2267

01:19:57,830 --> 01:19:55,840

eventually

2268

01:19:59,750 --> 01:19:57,840

people it's like a roschach test if you

2269

01:20:02,550 --> 01:19:59,760

want to believe bob you can you can find

2270

01:20:05,350 --> 01:20:02,560

enough to justify his story i think i'm

2271

01:20:07,910 --> 01:20:05,360

in that camp i found enough that that is

2272

01:20:09,910 --> 01:20:07,920

uh hard to explain otherwise unless he

2273

01:20:11,270 --> 01:20:09,920

knew what was really going on and then

2274

01:20:13,430 --> 01:20:11,280

you will have people who will never

2275

01:20:15,590 --> 01:20:13,440

believe it they will latch on to the few

2276

01:20:17,830 --> 01:20:15,600

things about him the things about him

2277

01:20:19,830 --> 01:20:17,840

that uh dissuade them from believing him

2278

01:20:21,910 --> 01:20:19,840

you know this criminal element that

2279

01:20:23,910 --> 01:20:21,920

there was a something he did it's a very

2280

01:20:25,669 --> 01:20:23,920

human kind of a thing and the reason we

2281

01:20:27,990 --> 01:20:25,679

know about it is because i reported it

2282

01:20:29,990 --> 01:20:28,000

yeah i went to this this place where

2283

01:20:32,310 --> 01:20:30,000

this uh this hooker had an operation in

2284

01:20:34,870 --> 01:20:32,320

an apartment lazar had told me about it

2285

01:20:36,550 --> 01:20:34,880

i thought oh my god oh no this is my

2286

01:20:37,590 --> 01:20:36,560

life is flashing before my eyes what

2287

01:20:38,870 --> 01:20:37,600

have i done

2288

01:20:40,149 --> 01:20:38,880

so i don't believe it what are you

2289

01:20:41,990 --> 01:20:40,159

talking about

2290

01:20:43,590 --> 01:20:42,000

yeah it's it's like two blocks from

2291

01:20:46,709 --> 01:20:43,600

where you live on the same street i said

2292

01:20:47,910 --> 01:20:46,719

oh no this is the end just show me i

2293

01:20:50,629 --> 01:20:47,920

went there

2294

01:20:52,470 --> 01:20:50,639

and uh it was very clever in a lazarian

2295

01:20:55,270 --> 01:20:52,480

kind of way there was two apartments

2296

01:20:56,629 --> 01:20:55,280

back to back and they had carved a hole

2297

01:20:58,550 --> 01:20:56,639

in a closet

2298

01:21:01,189 --> 01:20:58,560

here one apartment was sort of like the

2299

01:21:02,709 --> 01:21:01,199

office the intake center and they're

2300

01:21:05,990 --> 01:21:02,719

going through the closet that's where

2301

01:21:07,590 --> 01:21:06,000

the girls would work and oh my god

2302

01:21:09,669 --> 01:21:07,600

i think they even offered me a freebie

2303

01:21:12,229 --> 01:21:09,679

when i was there then oh yeah you think

2304

01:21:15,030 --> 01:21:12,239

i think i should do that

2305

01:21:16,470 --> 01:21:15,040

it's on the house come on i told bob

2306

01:21:19,189 --> 01:21:16,480

after i left i said you got to shut this

2307

01:21:20,790 --> 01:21:19,199

down you got to shut it down now

2308

01:21:22,950 --> 01:21:20,800

because there were two cops two vice

2309

01:21:25,030 --> 01:21:22,960

cops who knew about it at the time

2310

01:21:27,030 --> 01:21:25,040

and i said you got to shut it down i

2311

01:21:29,189 --> 01:21:27,040

will contact the police i'm going to let

2312

01:21:31,590 --> 01:21:29,199

him know about this that it's done so he

2313

01:21:32,950 --> 01:21:31,600

shut it down i contacted the police i

2314

01:21:35,189 --> 01:21:32,960

said you know

2315

01:21:37,750 --> 01:21:35,199

a couple of your cops know about it

2316

01:21:39,430 --> 01:21:37,760

it's done for now the next day they raid

2317

01:21:41,590 --> 01:21:39,440

it and and decided that they were going

2318

01:21:42,870 --> 01:21:41,600

to make an example of him in those days

2319

01:21:44,629 --> 01:21:42,880

there weren't a whole lot of people in

2320

01:21:47,590 --> 01:21:44,639

las vegas who were prosecuted for

2321

01:21:49,350 --> 01:21:47,600

pandering you know there are now um but

2322

01:21:50,790 --> 01:21:49,360

there weren't then and it was

2323

01:21:53,350 --> 01:21:50,800

i think a lot of the people who worked

2324

01:21:55,110 --> 01:21:53,360

with him and out who are out there now

2325

01:21:56,870 --> 01:21:55,120

probably saw that as an example if you

2326

01:21:58,870 --> 01:21:56,880

don't come public with this stuff

2327

01:21:59,830 --> 01:21:58,880

because they'll destroy your life yeah

2328

01:22:00,950 --> 01:21:59,840

um

2329

01:22:02,629 --> 01:22:00,960

you know it was it was a really

2330

01:22:05,270 --> 01:22:02,639

interesting time

2331

01:22:07,030 --> 01:22:05,280

it was very dicey we were followed you

2332

01:22:09,350 --> 01:22:07,040

know we were followed some of the guys

2333

01:22:11,270 --> 01:22:09,360

who followed us around then

2334

01:22:13,350 --> 01:22:11,280

told me about it after they got out you

2335

01:22:15,110 --> 01:22:13,360

know after they were done with the work

2336

01:22:16,709 --> 01:22:15,120

there were break-ins at his house people

2337

01:22:18,790 --> 01:22:16,719

would come in leave all the doors and

2338

01:22:20,709 --> 01:22:18,800

windows open they'd write things on his

2339

01:22:22,550 --> 01:22:20,719

on his blackboard they'd erase things

2340

01:22:24,870 --> 01:22:22,560

they'd move things around did that ever

2341

01:22:26,470 --> 01:22:24,880

happen to you george like did did did

2342

01:22:29,590 --> 01:22:26,480

they mess with you at all like that when

2343

01:22:31,990 --> 01:22:29,600

you were investigating him

2344

01:22:33,990 --> 01:22:32,000

yes and no i mean i was followed my

2345

01:22:36,470 --> 01:22:34,000

phones were tapped um people would

2346

01:22:39,350 --> 01:22:36,480

follow me home they would follow me to

2347

01:22:41,110 --> 01:22:39,360

different restaurants and bars i'd go to

2348

01:22:43,110 --> 01:22:41,120

um and i really was pretty ticked off

2349

01:22:45,110 --> 01:22:43,120

about it in those days you know

2350

01:22:47,669 --> 01:22:45,120

i have told this story before but in the

2351

01:22:50,149 --> 01:22:47,679

uh in the wake of bob lazar

2352

01:22:52,629 --> 01:22:50,159

and we're working on a second series i

2353

01:22:54,550 --> 01:22:52,639

had multiple people call me to offer

2354

01:22:57,510 --> 01:22:54,560

information there were six of them right

2355

01:22:58,950 --> 01:22:57,520

in a row who told me that they they told

2356

01:23:01,189 --> 01:22:58,960

me their story

2357

01:23:03,430 --> 01:23:01,199

what they had seen what they knew

2358

01:23:05,669 --> 01:23:03,440

and they agreed to go on camera

2359

01:23:07,030 --> 01:23:05,679

and one after another they were visited

2360

01:23:09,030 --> 01:23:07,040

by people

2361

01:23:11,750 --> 01:23:09,040

from agencies who told them to shut the

2362

01:23:13,110 --> 01:23:11,760

hell up or else there was one lady i

2363

01:23:15,189 --> 01:23:13,120

told this story before she worked for

2364

01:23:17,189 --> 01:23:15,199

our court system

2365

01:23:19,750 --> 01:23:17,199

she had worked as a secretary to a

2366

01:23:22,709 --> 01:23:19,760

defense contractor sat in on meetings

2367

01:23:23,669 --> 01:23:22,719

involving air force people from nellis

2368

01:23:26,070 --> 01:23:23,679

and

2369

01:23:28,390 --> 01:23:26,080

contractors at area 51 where they talked

2370

01:23:31,030 --> 01:23:28,400

about crash retrieval material she took

2371

01:23:32,950 --> 01:23:31,040

the notes a stenographer and then they

2372

01:23:35,189 --> 01:23:32,960

would take the typewriter out of the the

2373

01:23:37,110 --> 01:23:35,199

ribbon out of the typewriter

2374

01:23:39,110 --> 01:23:37,120

and would take the notes and she was

2375

01:23:41,830 --> 01:23:39,120

sworn secrecy and she told this story to

2376

01:23:43,990 --> 01:23:41,840

a cop i knew who told me the story i

2377

01:23:45,750 --> 01:23:44,000

reached out to her she agreed to do an

2378

01:23:48,149 --> 01:23:45,760

interview on camera if i blacked out her

2379

01:23:50,149 --> 01:23:48,159

face and the next day she's visited by

2380

01:23:52,310 --> 01:23:50,159

these guys who say look we know that you

2381

01:23:54,390 --> 01:23:52,320

travel to la to see your daughter and

2382

01:23:55,750 --> 01:23:54,400

that she travels to see you it's a big

2383

01:23:57,030 --> 01:23:55,760

desert out there

2384

01:23:58,709 --> 01:23:57,040

it'd be terrible if something happened

2385

01:24:01,750 --> 01:23:58,719

to either one of you she was scared to

2386

01:24:03,669 --> 01:24:01,760

death she's she was she's now passed on

2387

01:24:05,590 --> 01:24:03,679

but she was scared to death about that

2388

01:24:08,149 --> 01:24:05,600

that really happened these people were

2389

01:24:10,229 --> 01:24:08,159

not crisis actors they had i had reached

2390

01:24:11,590 --> 01:24:10,239

out to them some reached out to me and

2391

01:24:13,590 --> 01:24:11,600

one right after another somebody told

2392

01:24:15,430 --> 01:24:13,600

them to shut up that really happened so

2393

01:24:16,629 --> 01:24:15,440

somebody was watching us they were

2394

01:24:17,830 --> 01:24:16,639

messing with bob they tried to

2395

01:24:19,910 --> 01:24:17,840

intimidate him

2396

01:24:21,110 --> 01:24:19,920

and uh he went forward i think he felt

2397

01:24:23,430 --> 01:24:21,120

like it was the only way to save his

2398

01:24:25,750 --> 01:24:23,440

life so i know it is controversial and

2399

01:24:27,510 --> 01:24:25,760

people have strong feelings both ways

2400

01:24:29,750 --> 01:24:27,520

believe what you want you know there is

2401

01:24:31,510 --> 01:24:29,760

stuff to support his story there's stuff

2402

01:24:32,950 --> 01:24:31,520

to denigrate his story

2403

01:24:35,430 --> 01:24:32,960

people latch on to whatever they want to

2404

01:24:37,510 --> 01:24:35,440

believe but i believe him

2405

01:24:39,830 --> 01:24:37,520

doesn't mean it's literally true but i

2406

01:24:41,510 --> 01:24:39,840

suspect that it is

2407

01:24:43,350 --> 01:24:41,520

yeah he's a brilliant man too like you

2408

01:24:45,270 --> 01:24:43,360

mentioned several times he'll just build

2409

01:24:47,110 --> 01:24:45,280

you stuff like if you need a scanner

2410

01:24:49,350 --> 01:24:47,120

he's like dude i'll build you one like

2411

01:24:53,750 --> 01:24:49,360

he's just yeah was he building rocket

2412

01:24:56,790 --> 01:24:55,350

yeah he bought that rocket car and then

2413

01:24:59,750 --> 01:24:56,800

tinkered with it and made it but he

2414

01:25:02,550 --> 01:24:59,760

built a rocket engine for his honda he

2415

01:25:05,669 --> 01:25:02,560

had a a backpack a rocket engine

2416

01:25:07,590 --> 01:25:05,679

uh ford that would propel a scooter um

2417

01:25:09,910 --> 01:25:07,600

you know he developed a hydrogen system

2418

01:25:11,189 --> 01:25:09,920

when i went to see him in new mexico

2419

01:25:13,030 --> 01:25:11,199

the first time i went there when he

2420

01:25:14,709 --> 01:25:13,040

moved there he had a hydrogen system

2421

01:25:17,430 --> 01:25:14,719

that ran his car

2422

01:25:18,310 --> 01:25:17,440

just his corvette there was a 30 foot

2423

01:25:20,149 --> 01:25:18,320

long

2424

01:25:22,070 --> 01:25:20,159

particle accelerator in a house in the

2425

01:25:24,229 --> 01:25:22,080

back of his home

2426

01:25:26,550 --> 01:25:24,239

that he had used to create this hydrogen

2427

01:25:29,030 --> 01:25:26,560

fuel pretty good for a non-scientist

2428

01:25:30,629 --> 01:25:29,040

dude to do that yeah right yeah you had

2429

01:25:32,629 --> 01:25:30,639

mentioned like he'll build you something

2430

01:25:33,830 --> 01:25:32,639

he made a flamethrower for jeremy

2431

01:25:36,390 --> 01:25:33,840

corbell

2432

01:25:38,470 --> 01:25:36,400

this is before elon musk developed one

2433

01:25:40,709 --> 01:25:38,480

right and for me at the beginning of

2434

01:25:41,990 --> 01:25:40,719

coconut i was stuck at no ms

2435

01:25:43,669 --> 01:25:42,000

we're a little worried we didn't know

2436

01:25:45,669 --> 01:25:43,679

about covet how it spread but people

2437

01:25:48,229 --> 01:25:45,679

were saying you got to disinfect your

2438

01:25:50,470 --> 01:25:48,239

packages and things deliveries i said i

2439

01:25:52,070 --> 01:25:50,480

think i might try to buy some uv scanner

2440

01:25:53,750 --> 01:25:52,080

he goes no no don't do that hold on i

2441

01:25:55,590 --> 01:25:53,760

might have enough here in my garage to

2442

01:25:57,990 --> 01:25:55,600

build you one and it's a week later it

2443

01:26:00,709 --> 01:25:58,000

arrives he just who has the stuff to

2444

01:26:02,470 --> 01:26:00,719

build a uv yeah scanner device in your

2445

01:26:04,229 --> 01:26:02,480

garage well he did

2446

01:26:05,830 --> 01:26:04,239

and it worked you know i can't even find

2447

01:26:07,189 --> 01:26:05,840

a screwdriver in my garage it's just

2448

01:26:09,189 --> 01:26:07,199

such a mess

2449

01:26:11,270 --> 01:26:09,199

that's why they didn't ask you to re-uh

2450

01:26:13,189 --> 01:26:11,280

reverse engineer these crafts obviously

2451

01:26:15,189 --> 01:26:13,199

i've been i've been waiting but uh

2452

01:26:17,830 --> 01:26:15,199

they've never got in touch with me so

2453

01:26:19,830 --> 01:26:17,840

that's just they don't need me

2454

01:26:22,629 --> 01:26:19,840

perfect george i thank you so much for

2455

01:26:24,229 --> 01:26:22,639

coming on the podcast today you're very

2456

01:26:26,229 --> 01:26:24,239

generous with your time sir and we're

2457

01:26:28,229 --> 01:26:26,239

very appreciative of this and especially

2458

01:26:30,149 --> 01:26:28,239

because this is the second year

2459

01:26:33,030 --> 01:26:30,159

anniversary episode

2460

01:26:34,870 --> 01:26:33,040

that's what we're making it um it means

2461

01:26:37,189 --> 01:26:34,880

a lot to talk to you and like i said

2462

01:26:39,510 --> 01:26:37,199

we've been fans since you know the first

2463

01:26:42,070 --> 01:26:39,520

story that i've ever seen which was

2464

01:26:44,950 --> 01:26:42,080

bob lazar came out i've been a fan

2465

01:26:46,390 --> 01:26:44,960

and uh i will continue to be so so um

2466

01:26:48,870 --> 01:26:46,400

yeah thank you so much for coming on the

2467

01:26:50,790 --> 01:26:48,880

podcast and it just for the viewers it

2468

01:26:52,950 --> 01:26:50,800

for the listeners that have don't know

2469

01:26:54,550 --> 01:26:52,960

where to find you yet where can we find

2470

01:26:57,270 --> 01:26:54,560

you online

2471

01:26:58,790 --> 01:26:57,280

well i work for klaus still off and on i

2472

01:27:01,110 --> 01:26:58,800

you know they they give me a lot of

2473

01:27:02,830 --> 01:27:01,120

flexibility mystery wire has been where

2474

01:27:05,270 --> 01:27:02,840

i've been posting my stories

2475

01:27:07,430 --> 01:27:05,280

mysterywire.com and we took a little uh

2476

01:27:10,070 --> 01:27:07,440

a sabbatical from that but i'm starting

2477

01:27:11,430 --> 01:27:10,080

when you have him on your show then you

2490

01:27:43,910 --> 01:27:42,000

get the real scoop because he's the guy

2491

01:27:45,030 --> 01:27:43,920
