

UAP STUDIES
PODCAST

SEAN

CAHILL

1
00:00:23,830 --> 00:00:21,269

[Music]

2
00:00:26,230 --> 00:00:23,840

welcome back to uap studies today we

3
00:00:28,870 --> 00:00:26,240

have a fantastic guest on the show we do

4
00:00:31,109 --> 00:00:28,880

have sean cahill who is joining us and

5
00:00:34,470 --> 00:00:31,119

we do have louis who is returning as

6
00:00:36,069 --> 00:00:34,480

well to a co-host on uap's podcast uh

7
00:00:37,430 --> 00:00:36,079

studies podcast i should say thank you

8
00:00:39,110 --> 00:00:37,440

louie for joining us again how's it

9
00:00:41,110 --> 00:00:39,120

going my man it's going really well

10
00:00:42,950 --> 00:00:41,120

thanks for having me it's uh i've been

11
00:00:44,470 --> 00:00:42,960

super excited with our our lineup of

12
00:00:46,310 --> 00:00:44,480

people we've had in past weeks and

13
00:00:48,630 --> 00:00:46,320

upcoming weeks and especially today you

14

00:00:50,549 --> 00:00:48,640

know uh we talked a lot about atip and

15

00:00:52,470 --> 00:00:50,559

uh the videos the tic tac and everything

16

00:00:55,430 --> 00:00:52,480

else and we have somebody who witnessed

17

00:00:57,189 --> 00:00:55,440

that firsthand right yeah um his uh

18

00:00:58,709 --> 00:00:57,199

reputation precedes him he's super

19

00:00:59,750 --> 00:00:58,719

credible guy and we're excited to have

20

00:01:01,750 --> 00:00:59,760

him on the show

21

00:01:03,910 --> 00:01:01,760

perfect well without further ado sean

22

00:01:06,789 --> 00:01:03,920

cahill welcome to up studies my man

23

00:01:08,070 --> 00:01:06,799

thank you so much for joining us

24

00:01:09,190 --> 00:01:08,080

it's really my pleasure thank you thanks

25

00:01:11,030 --> 00:01:09,200

for having me

26

00:01:13,429 --> 00:01:11,040

well the first question i have because

27

00:01:15,910 --> 00:01:13,439

your position uh you were on a princeton

28

00:01:18,469 --> 00:01:15,920

uh right okay so and your position was

29

00:01:21,030 --> 00:01:18,479

uh chief master of arms now i'm canadian

30

00:01:23,109 --> 00:01:21,040

i'm not quite familiar with the military

31

00:01:24,230 --> 00:01:23,119

uh process but what is the chief master

32

00:01:25,990 --> 00:01:24,240

of arms

33

00:01:28,310 --> 00:01:26,000

the chief master at arms is the chief

34

00:01:29,830 --> 00:01:28,320

law enforcement officer on board um on

35

00:01:31,429 --> 00:01:29,840

board the uss princeton i was actually

36

00:01:32,230 --> 00:01:31,439

the only law enforcement officer on

37

00:01:34,710 --> 00:01:32,240

board

38

00:01:36,310 --> 00:01:34,720

um but in the navy that extends from a

39

00:01:39,270 --> 00:01:36,320

time when that person would have been

40

00:01:41,830 --> 00:01:39,280

the one who kept the ammunition and uh

41

00:01:43,670 --> 00:01:41,840

cutlasses locked up so the rabble of the

42

00:01:45,749 --> 00:01:43,680

crew didn't use them for a mutiny in

43

00:01:47,270 --> 00:01:45,759

between battles but he would also he

44

00:01:49,350 --> 00:01:47,280

would also be the person who would who

45

00:01:50,870 --> 00:01:49,360

would train the crew in the use of those

46

00:01:52,870 --> 00:01:50,880

weapons so he would unlock them take

47

00:01:54,630 --> 00:01:52,880

them out train them to use them he was

48

00:01:56,630 --> 00:01:54,640

also the disciplinarian on a ship and

49

00:01:58,630 --> 00:01:56,640

those things translate to our our modern

50

00:02:00,630 --> 00:01:58,640

navy where we work in anti-terrorism

51
00:02:02,469 --> 00:02:00,640
force protection law enforcement

52
00:02:05,270 --> 00:02:02,479
discipline interrogation things like

53
00:02:06,789 --> 00:02:05,280
that oh nice so that was your

54
00:02:09,749 --> 00:02:06,799
how long have you been on the princeton

55
00:02:11,270 --> 00:02:09,759
like what was your uh

56
00:02:12,790 --> 00:02:11,280
amount of years on there

57
00:02:14,630 --> 00:02:12,800
i had actually just gotten on board the

58
00:02:17,510 --> 00:02:14,640
princeton let me think so the tic-tac

59
00:02:19,190 --> 00:02:17,520
was in november um i had gotten on board

60
00:02:21,270 --> 00:02:19,200
the previous

61
00:02:23,350 --> 00:02:21,280
june actually and it had been a pretty

62
00:02:26,070 --> 00:02:23,360
whirlwind a few months

63
00:02:28,790 --> 00:02:26,080

of indoctrination because i had made uh

64

00:02:29,990 --> 00:02:28,800

i made the rank of chief petty officer

65

00:02:32,390 --> 00:02:30,000

um

66

00:02:34,229 --> 00:02:32,400

shortly after i'd gotten on board i had

67

00:02:36,470 --> 00:02:34,239

the position of chief master at arms but

68

00:02:37,830 --> 00:02:36,480

now i had attained the rank of chief

69

00:02:40,470 --> 00:02:37,840

master at arms and there was a

70

00:02:42,150 --> 00:02:40,480

three-month initiation period

71

00:02:44,390 --> 00:02:42,160

that doesn't really exist anymore in the

72

00:02:46,949 --> 00:02:44,400

modern navy that uh that we had to go

73

00:02:49,589 --> 00:02:46,959

through to to earn our anchors

74

00:02:52,470 --> 00:02:49,599

and right after that we went into a

75

00:02:54,150 --> 00:02:52,480

workup which was the tic tac event okay

76

00:02:55,670 --> 00:02:54,160

very very shortly after that that was

77

00:02:56,949 --> 00:02:55,680

probably the first time i really got

78

00:02:59,190 --> 00:02:56,959

back to work

79

00:03:01,110 --> 00:02:59,200

after uh we finished getting uh

80

00:03:04,550 --> 00:03:01,120

initiated well that's a hell of an

81

00:03:06,869 --> 00:03:04,560

initiation yeah

82

00:03:08,630 --> 00:03:06,879

speaking of the the tic tac videos let's

83

00:03:10,070 --> 00:03:08,640

just give people a bit of a background

84

00:03:12,470 --> 00:03:10,080

history a lot of them have seen the

85

00:03:13,910 --> 00:03:12,480

government released um you know grainy

86

00:03:16,309 --> 00:03:13,920

videos that we have the gimbal and the

87

00:03:18,390 --> 00:03:16,319

tic tac and some have even seen uh like

88

00:03:20,710 --> 00:03:18,400

a triangle i believe that was off the

89

00:03:22,869 --> 00:03:20,720

east coast but um basically in a

90

00:03:24,789 --> 00:03:22,879

nutshell what sort of happened that day

91

00:03:26,949 --> 00:03:24,799

you saw things on the radar and

92

00:03:29,110 --> 00:03:26,959

you know sort of lead us through uh what

93

00:03:30,949 --> 00:03:29,120

led to these uh these videos being uh

94

00:03:33,270 --> 00:03:30,959

captured basically

95

00:03:36,550 --> 00:03:33,280

yeah that that day was was the

96

00:03:38,149 --> 00:03:36,560

culmination of numerous days of uh

97

00:03:41,670 --> 00:03:38,159

senior chief kevin day

98

00:03:43,750 --> 00:03:41,680

myself uh petty officer gary voorhees a

99

00:03:46,149 --> 00:03:43,760

few other people on board princeton

100

00:03:47,670 --> 00:03:46,159

trying to track down what kevin had been

101
00:03:48,630 --> 00:03:47,680
seeing on radar and others had been

102
00:03:50,149 --> 00:03:48,640
seeing

103
00:03:51,910 --> 00:03:50,159
and they were trying to run the ground

104
00:03:53,509 --> 00:03:51,920
whether or not these were actual objects

105
00:03:55,750 --> 00:03:53,519
whether they may have been atmospheric

106
00:03:58,630 --> 00:03:55,760
issues or issues in the system because

107
00:04:00,470 --> 00:03:58,640
there had been a recent upgrade

108
00:04:02,550 --> 00:04:00,480
but i was up on the bridge

109
00:04:04,070 --> 00:04:02,560
um which is not a normal place for the

110
00:04:05,429 --> 00:04:04,080
the mastered arms to be but i was

111
00:04:07,030 --> 00:04:05,439
feeling i was doing a favor for my

112
00:04:08,470 --> 00:04:07,040
navigator and also

113
00:04:09,750 --> 00:04:08,480

kind of doing a favor for my career

114

00:04:11,350 --> 00:04:09,760

because i wasn't

115

00:04:12,630 --> 00:04:11,360

um i wasn't one of the people that was

116

00:04:14,149 --> 00:04:12,640

going to be in the spotlight at that

117

00:04:15,350 --> 00:04:14,159

command so i had to do a few extra

118

00:04:16,229 --> 00:04:15,360

things to

119

00:04:17,749 --> 00:04:16,239

to

120

00:04:20,229 --> 00:04:17,759

stay competitive

121

00:04:21,990 --> 00:04:20,239

but um we had been kevin had been

122

00:04:24,629 --> 00:04:22,000

calling me on the bridge via just a

123

00:04:26,390 --> 00:04:24,639

telephone line and asking me to

124

00:04:28,629 --> 00:04:26,400

change the course of the ship at certain

125

00:04:30,870 --> 00:04:28,639

intervals which i was able to do because

126

00:04:32,629 --> 00:04:30,880

we were operating in a box

127

00:04:34,550 --> 00:04:32,639

where just as long as the ship stayed in

128

00:04:36,070 --> 00:04:34,560

that box everybody else was able to get

129

00:04:37,990 --> 00:04:36,080

the job done so those of us on the

130

00:04:38,710 --> 00:04:38,000

bridge had certain parameters we were

131

00:04:40,150 --> 00:04:38,720

able

132

00:04:42,629 --> 00:04:40,160

to maneuver in

133

00:04:44,070 --> 00:04:42,639

so during that time we were we were

134

00:04:45,510 --> 00:04:44,080

facing the ship here and there and he

135

00:04:47,189 --> 00:04:45,520

was calling up and asking you know do

136

00:04:49,670 --> 00:04:47,199

you guys see anything keep your lookouts

137

00:04:51,270 --> 00:04:49,680

eyes on the sky and the eyes in the sky

138

00:04:53,030 --> 00:04:51,280

i kept having to differentiate between

139

00:04:55,110 --> 00:04:53,040

the the

140

00:04:57,189 --> 00:04:55,120

the training op we're on

141

00:04:58,629 --> 00:04:57,199

and what kevin was doing because i was

142

00:05:00,550 --> 00:04:58,639

getting frustrated because i've got you

143

00:05:03,590 --> 00:05:00,560

know operational people over here

144

00:05:05,909 --> 00:05:03,600

yelling at me fine find the submarine

145

00:05:07,670 --> 00:05:05,919

and i've got a friend of mine and a

146

00:05:10,070 --> 00:05:07,680

colleague calling me on a telephone

147

00:05:12,950 --> 00:05:10,080

going finally i'm being jokey but find

148

00:05:15,590 --> 00:05:12,960

the ufo yeah and so i i was torn between

149

00:05:17,670 --> 00:05:15,600

what i was doing and what had but uh

150

00:05:20,790 --> 00:05:17,680

leading up into the day

151
00:05:23,029 --> 00:05:20,800
and i i still haven't put to

152
00:05:24,950 --> 00:05:23,039
put exactly together

153
00:05:26,950 --> 00:05:24,960
when commander fravor lieutenant or

154
00:05:28,230 --> 00:05:26,960
commander dietrich and the others were

155
00:05:29,990 --> 00:05:28,240
out there

156
00:05:30,790 --> 00:05:30,000
with the f-18s because i didn't sorting

157
00:05:32,790 --> 00:05:30,800
them

158
00:05:34,310 --> 00:05:32,800
versus when i witnessed what i did in

159
00:05:36,310 --> 00:05:34,320
the sky but

160
00:05:39,749 --> 00:05:36,320
at around

161
00:05:41,909 --> 00:05:39,759
it was late at night arrived past 10

162
00:05:45,670 --> 00:05:41,919
o'clock at night i'm pretty sure

163
00:05:48,230 --> 00:05:45,680

um very dark fully completely clear sky

164

00:05:49,350 --> 00:05:48,240

um bright stars i don't recall moonlight

165

00:05:51,270 --> 00:05:49,360

that night

166

00:05:53,270 --> 00:05:51,280

but i had gone out onto the port side

167

00:05:55,270 --> 00:05:53,280

and i was this was at one of those times

168

00:05:57,189 --> 00:05:55,280

when kevin had asked us to furiously

169

00:05:59,749 --> 00:05:57,199

scan the horizons we were we were it was

170

00:06:01,350 --> 00:05:59,759

supposed to be out there ahead of us or

171

00:06:03,110 --> 00:06:01,360

something we were seeing it on radar so

172

00:06:04,390 --> 00:06:03,120

tell me if your your guys can see it in

173

00:06:05,830 --> 00:06:04,400

the sky

174

00:06:07,350 --> 00:06:05,840

and i went out to the port side and i

175

00:06:08,950 --> 00:06:07,360

started scanning with the binoculars and

176

00:06:12,150 --> 00:06:08,960

as soon as i got up to the

177

00:06:14,309 --> 00:06:12,160

bow of the ship at about 2000 feet off

178

00:06:16,469 --> 00:06:14,319

just off the port valve so just off of

179

00:06:17,830 --> 00:06:16,479

center line there were five or seven

180

00:06:19,749 --> 00:06:17,840

lights and i'm not sure exactly which

181

00:06:22,550 --> 00:06:19,759

because they were all moving

182

00:06:25,270 --> 00:06:22,560

very very luminous and all moving

183

00:06:27,510 --> 00:06:25,280

towards the center of this

184

00:06:29,590 --> 00:06:27,520

there's a perfume spiraling in that was

185

00:06:31,270 --> 00:06:29,600

going on so they were they were like

186

00:06:32,390 --> 00:06:31,280

and then they were gone each one at a

187

00:06:34,469 --> 00:06:32,400

time though

188

00:06:36,070 --> 00:06:34,479

spiral in gone spiral and gone and all

189

00:06:37,670 --> 00:06:36,080

of them went

190

00:06:40,390 --> 00:06:37,680

and i turned to the lookout and i asked

191

00:06:41,830 --> 00:06:40,400

we using salty sailor expletives asked

192

00:06:44,390 --> 00:06:41,840

him if he'd seen that and he he

193

00:06:45,909 --> 00:06:44,400

concurred and

194

00:06:47,270 --> 00:06:45,919

then we literally just sat there for a

195

00:06:48,950 --> 00:06:47,280

minute or two

196

00:06:50,230 --> 00:06:48,960

looking around waiting to see something

197

00:06:52,150 --> 00:06:50,240

else and

198

00:06:53,990 --> 00:06:52,160

it was kind of anti-climactic i went in

199

00:06:55,430 --> 00:06:54,000

the ship like i think i called kevin

200

00:06:57,270 --> 00:06:55,440

told him what was going on i may not

201
00:06:59,830 --> 00:06:57,280
have told him till the next morning i'm

202
00:07:01,990 --> 00:06:59,840
not sure because it was not there there

203
00:07:03,589 --> 00:07:02,000
wasn't anybody to report it to the chain

204
00:07:05,270 --> 00:07:03,599
of command wasn't tracking it but kevin

205
00:07:06,629 --> 00:07:05,280
was tracking it and reporting to the

206
00:07:08,150 --> 00:07:06,639
captain

207
00:07:09,189 --> 00:07:08,160
and you know there were other people

208
00:07:11,110 --> 00:07:09,199
involved but it wasn't going to

209
00:07:12,390 --> 00:07:11,120
interrupt our off

210
00:07:15,110 --> 00:07:12,400
and so

211
00:07:16,550 --> 00:07:15,120
the next morning i got down to the i

212
00:07:18,710 --> 00:07:16,560
woke up in the chief's mess and went out

213
00:07:20,230 --> 00:07:18,720

and had breakfast with the guys and

214

00:07:21,909 --> 00:07:20,240

um kevin and a couple of other people

215

00:07:23,350 --> 00:07:21,919

had had smiles on their faces and

216

00:07:24,550 --> 00:07:23,360

they're i'm like what because i was kind

217

00:07:25,909 --> 00:07:24,560

of ticked off i was like what do you got

218

00:07:27,909 --> 00:07:25,919

me chasing up there on the bridge this

219

00:07:29,589 --> 00:07:27,919

is ridiculous right

220

00:07:30,870 --> 00:07:29,599

and

221

00:07:33,749 --> 00:07:30,880

they were like you need to go check your

222

00:07:35,749 --> 00:07:33,759

high side email and which is our sipper

223

00:07:37,189 --> 00:07:35,759

net where we we send uh you know secret

224

00:07:39,510 --> 00:07:37,199

and above um

225

00:07:41,670 --> 00:07:39,520

correspondence and things like that

226

00:07:43,270 --> 00:07:41,680

and i went into the back we had our own

227

00:07:45,270 --> 00:07:43,280

little annex where we could we could

228

00:07:46,790 --> 00:07:45,280

check our email and i they gathered

229

00:07:49,510 --> 00:07:46,800

behind me and they watched me watch the

230

00:07:52,469 --> 00:07:49,520

same video we've all seen the tic tac

231

00:07:55,430 --> 00:07:52,479

going across the floor changing phase

232

00:07:57,350 --> 00:07:55,440

um i i will say that it was pretty clear

233

00:08:01,189 --> 00:07:57,360

it was a lot more when people ask me if

234

00:08:03,189 --> 00:08:01,199

i've seen a more high definition video

235

00:08:04,869 --> 00:08:03,199

i it's finally come i finally after

236

00:08:06,390 --> 00:08:04,879

doing a lot of looking on my computer

237

00:08:08,390 --> 00:08:06,400

looking at the you know the versions

238

00:08:12,309 --> 00:08:08,400

that have come out and everything else

239

00:08:14,950 --> 00:08:12,319

i saw a better quality

240

00:08:17,990 --> 00:08:14,960

of the same video we're looking at a

241

00:08:18,950 --> 00:08:18,000

higher definition of the same video so

242

00:08:21,830 --> 00:08:18,960

meaning

243

00:08:24,150 --> 00:08:21,840

it was just a better a better

244

00:08:26,390 --> 00:08:24,160

um conversion rate or something when

245

00:08:27,990 --> 00:08:26,400

they when they gave it to us that day i

246

00:08:30,790 --> 00:08:28,000

remember there being a lot more

247

00:08:32,550 --> 00:08:30,800

discernible

248

00:08:35,110 --> 00:08:32,560

i don't want to say electricity but

249

00:08:37,269 --> 00:08:35,120

there's um you know the tesla balls we

250

00:08:39,110 --> 00:08:37,279

used to they used to sell it sharper

251
00:08:40,389 --> 00:08:39,120
image i think it's a glass ball you know

252
00:08:43,110 --> 00:08:40,399
you just put your

253
00:08:46,150 --> 00:08:43,120
finger on it and it dances it looks like

254
00:08:48,550 --> 00:08:46,160
that kind of dancing plasma on the um

255
00:08:50,710 --> 00:08:48,560
on the clear right but that's the only

256
00:08:52,389 --> 00:08:50,720
major difference that that i have from

257
00:08:53,509 --> 00:08:52,399
from the videos we've seen but i saw the

258
00:08:55,750 --> 00:08:53,519
videos

259
00:08:57,350 --> 00:08:55,760
and i was like i knew exactly what i was

260
00:08:58,949 --> 00:08:57,360
looking at i knew i was looking at an

261
00:09:00,790 --> 00:08:58,959
image on a flare that didn't look like

262
00:09:03,350 --> 00:09:00,800
on any image on a flare i'd ever seen

263
00:09:04,710 --> 00:09:03,360

before right and so a lot of things

264

00:09:06,070 --> 00:09:04,720

seemed obvious at the time that we were

265

00:09:08,230 --> 00:09:06,080

looking at something without control

266

00:09:09,910 --> 00:09:08,240

surfaces that it it as we called it at

267

00:09:10,949 --> 00:09:09,920

the time that it's zorched out of the

268

00:09:12,550 --> 00:09:10,959

screen

269

00:09:15,190 --> 00:09:12,560

um it's so it's a word we use for

270

00:09:17,430 --> 00:09:15,200

fast-moving stuff in the surface navy

271

00:09:19,590 --> 00:09:17,440

um and it just didn't fit because we we

272

00:09:21,590 --> 00:09:19,600

also we're all sitting there as

273

00:09:23,750 --> 00:09:21,600

tacticians and

274

00:09:25,190 --> 00:09:23,760

career sailors piecing together all the

275

00:09:26,710 --> 00:09:25,200

information we've had in the last few

276

00:09:28,470 --> 00:09:26,720

days and just turning around and looking

277

00:09:30,230 --> 00:09:28,480

at each other and just

278

00:09:32,230 --> 00:09:30,240

a lot of big smiles and nodding like

279

00:09:35,670 --> 00:09:32,240

this is a big deal this is this is going

280

00:09:37,750 --> 00:09:35,680

to be something i bet and

281

00:09:39,509 --> 00:09:37,760

the uh the only tale to that is i got i

282

00:09:41,190 --> 00:09:39,519

got back to shore

283

00:09:42,150 --> 00:09:41,200

uh at the end of the operation i went up

284

00:09:44,230 --> 00:09:42,160

to the

285

00:09:46,470 --> 00:09:44,240

north island naval air station police

286

00:09:48,230 --> 00:09:46,480

station to actually steal some uh some

287

00:09:49,750 --> 00:09:48,240

crime scene tape because i had been the

288

00:09:51,910 --> 00:09:49,760

one who ordered it there before i

289

00:09:53,030 --> 00:09:51,920

transferred so i knew they had plenty

290

00:09:57,670 --> 00:09:53,040

and

291

00:10:01,110 --> 00:09:57,680

of my friend's wife was on the nimitz

292

00:10:02,949 --> 00:10:01,120

and she was an intelligence specialist

293

00:10:04,230 --> 00:10:02,959

and had been paying attention to all of

294

00:10:05,430 --> 00:10:04,240

these things she was one of you know you

295

00:10:06,870 --> 00:10:05,440

always got those people in the room that

296

00:10:08,069 --> 00:10:06,880

are watching everything

297

00:10:09,590 --> 00:10:08,079

and um

298

00:10:11,750 --> 00:10:09,600

she knew that she said the master at

299

00:10:13,910 --> 00:10:11,760

arms on that ship were told to sequester

300

00:10:16,310 --> 00:10:13,920

the pilots in their staterooms

301

00:10:19,190 --> 00:10:16,320

until some folks who were in civilian

302

00:10:21,670 --> 00:10:19,200

clothes came on board and debriefed them

303

00:10:23,350 --> 00:10:21,680

now i've never i haven't in all of the

304

00:10:25,030 --> 00:10:23,360

last few years i haven't had a chance i

305

00:10:27,110 --> 00:10:25,040

actually haven't met any of the pilots

306

00:10:29,509 --> 00:10:27,120

there hasn't been a chance for us to

307

00:10:31,990 --> 00:10:29,519

need to to work together other than to

308

00:10:33,350 --> 00:10:32,000

you know do a little side support um

309

00:10:34,470 --> 00:10:33,360

with you know

310

00:10:36,389 --> 00:10:34,480

stuff like that but it hasn't been

311

00:10:37,990 --> 00:10:36,399

imperative that we talk so i've never

312

00:10:39,590 --> 00:10:38,000

ran down whether or not that actually

313

00:10:40,949 --> 00:10:39,600

happened for them but that's

314

00:10:43,269 --> 00:10:40,959

that's pretty much the whole story of

315

00:10:44,710 --> 00:10:43,279

the tic tac for that week great and they

316

00:10:46,790 --> 00:10:44,720

mentioned something about like the

317

00:10:48,949 --> 00:10:46,800

people that arrive in civilian clothes

318

00:10:50,470 --> 00:10:48,959

like it was like within 20 minutes or

319

00:10:53,750 --> 00:10:50,480

something like that after the pilots

320

00:10:55,350 --> 00:10:53,760

came back like it was really really fast

321

00:10:57,350 --> 00:10:55,360

well we were 20 minutes off for sure

322

00:10:58,949 --> 00:10:57,360

that's that's the regular uh yeah that

323

00:11:01,190 --> 00:10:58,959

would be the regular transit time for

324

00:11:03,350 --> 00:11:01,200

the area we were in to the fleet

325

00:11:05,190 --> 00:11:03,360

concentration area here so okay so not

326

00:11:07,509 --> 00:11:05,200

not not a big deal that it only took 20

327

00:11:09,350 --> 00:11:07,519

minutes no not to me not if not if we

328

00:11:11,670 --> 00:11:09,360

were if we were tracking this for about

329

00:11:13,509 --> 00:11:11,680

a week and our commanding officer even

330

00:11:15,990 --> 00:11:13,519

though he seemed aloof of the subject

331

00:11:18,470 --> 00:11:16,000

the whole time to me right i i'm

332

00:11:20,310 --> 00:11:18,480

probably not he i mean the information

333

00:11:22,310 --> 00:11:20,320

did get back to where it needed to when

334

00:11:24,550 --> 00:11:22,320

someone did come fly out

335

00:11:27,509 --> 00:11:24,560

and allegedly take radar tapes

336

00:11:30,470 --> 00:11:27,519

and it was studied later by atip and and

337

00:11:32,230 --> 00:11:30,480

all that so it's a valid event

338

00:11:34,069 --> 00:11:32,240

i think we we're we're always trying to

339

00:11:36,150 --> 00:11:34,079

put an easy answer on it oh they didn't

340

00:11:37,590 --> 00:11:36,160

care oh they really cared or something

341

00:11:39,509 --> 00:11:37,600

like that i think it's somewhere in

342

00:11:41,590 --> 00:11:39,519

between yeah

343

00:11:43,670 --> 00:11:41,600

i wanted to ask you about atip and as we

344

00:11:45,509 --> 00:11:43,680

know luis elizondo

345

00:11:46,870 --> 00:11:45,519

very instrumental in this whole movement

346

00:11:48,550 --> 00:11:46,880

and also a good friend of yours you've

347

00:11:51,670 --> 00:11:48,560

appeared in a lot of uh interviews with

348

00:11:54,230 --> 00:11:51,680

him and again same type of humble

349

00:11:55,990 --> 00:11:54,240

just i don't know what it is but i'm

350

00:11:58,790 --> 00:11:56,000

hell-bent on trying to help figure it

351
00:12:01,269 --> 00:11:58,800
out and give people that voice and uh he

352
00:12:02,790 --> 00:12:01,279
mentioned the five observables and uh

353
00:12:04,150 --> 00:12:02,800
i've seen you on a few other interviews

354
00:12:05,670 --> 00:12:04,160
and they put you on the spot and it's

355
00:12:08,389 --> 00:12:05,680
like uh it's kind of hard to know what

356
00:12:10,069 --> 00:12:08,399
they are so i have them here just uh so

357
00:12:12,870 --> 00:12:10,079
take everybody off the hook and also for

358
00:12:14,949 --> 00:12:12,880
our listeners that may not know so um

359
00:12:17,030 --> 00:12:14,959
one of these five any one of these five

360
00:12:19,430 --> 00:12:17,040
would be a game changer in itself the

361
00:12:22,710 --> 00:12:19,440
characteristics it would display and

362
00:12:25,110 --> 00:12:22,720
this and many display all five so we

363
00:12:27,110 --> 00:12:25,120

talk about things like positive lift or

364

00:12:29,590 --> 00:12:27,120

anti-gravity things that can move

365

00:12:31,829 --> 00:12:29,600

without control surfaces without any

366

00:12:33,829 --> 00:12:31,839

propulsion there's no heat you know you

367

00:12:36,389 --> 00:12:33,839

see them on the flear they're this fuzzy

368

00:12:38,389 --> 00:12:36,399

electrostatic bubble but it's cold in

369

00:12:39,829 --> 00:12:38,399

the center it's like the exact opposite

370

00:12:41,430 --> 00:12:39,839

of what we think

371

00:12:43,269 --> 00:12:41,440

and then they have instantaneous

372

00:12:44,389 --> 00:12:43,279

acceleration that kind of speaks for

373

00:12:46,230 --> 00:12:44,399

itself

374

00:12:48,790 --> 00:12:46,240

and you look at what the g-force would

375

00:12:52,230 --> 00:12:48,800

be with something going from not

376

00:12:54,949 --> 00:12:52,240

2500 miles an hour it's 50 to 200 g's it

377

00:12:57,430 --> 00:12:54,959

would kill anything that that we know

378

00:12:59,350 --> 00:12:57,440

um could survive that right uh these

379

00:13:01,910 --> 00:12:59,360

things have hypersonic velocities so

380

00:13:04,629 --> 00:13:01,920

hypersonic meaning five times the speed

381

00:13:07,190 --> 00:13:04,639

of sound plus so that's 3 700 miles per

382

00:13:09,430 --> 00:13:07,200

hour and even luis elizondo's been on a

383

00:13:11,910 --> 00:13:09,440

record saying yeah it's hypersonic but

384

00:13:14,150 --> 00:13:11,920

we're not talking about just barely some

385

00:13:16,470 --> 00:13:14,160

of these things go five eight ten

386

00:13:18,629 --> 00:13:16,480

thousand miles an hour uh you know it's

387

00:13:21,509 --> 00:13:18,639

mind-blowing and no sonic booms there's

388

00:13:23,990 --> 00:13:21,519

no signs you know they display low

389

00:13:25,910 --> 00:13:24,000

observability or cloaking you know the

390

00:13:28,230 --> 00:13:25,920

ability to sort of conceal themselves

391

00:13:31,350 --> 00:13:28,240

from radar-ish you know they're very

392

00:13:33,350 --> 00:13:31,360

well concealed uh and then fifth uh the

393

00:13:35,910 --> 00:13:33,360

trans-medium travel you know the ability

394

00:13:38,629 --> 00:13:35,920

to seamlessly move through space or air

395

00:13:40,629 --> 00:13:38,639

or water uh regardless of the physics of

396

00:13:42,870 --> 00:13:40,639

those mediums you know air being thinner

397

00:13:45,030 --> 00:13:42,880

than water and it doesn't seem to matter

398

00:13:45,990 --> 00:13:45,040

that they can go 500 miles an hour in

399

00:13:48,550 --> 00:13:46,000

the water

400

00:13:50,790 --> 00:13:48,560

and our best torpedoes go less than 200

401
00:13:52,790 --> 00:13:50,800
miles an hour as far as we know so uh

402
00:13:54,629 --> 00:13:52,800
they display all these crazy uh

403
00:13:57,030 --> 00:13:54,639
characteristics and even the tic tac

404
00:13:58,550 --> 00:13:57,040
video uh you said that it seemed it

405
00:14:02,470 --> 00:13:58,560
seemed to come almost that from a

406
00:14:04,870 --> 00:14:02,480
sub-orbital um elevation 70 or 80 000

407
00:14:05,990 --> 00:14:04,880
feet uh right down to sea level

408
00:14:07,910 --> 00:14:06,000
instantly

409
00:14:09,670 --> 00:14:07,920
yeah and there's nothing out there that

410
00:14:11,350 --> 00:14:09,680
we could even think uh that we would

411
00:14:13,189 --> 00:14:11,360
have or anybody else would have just

412
00:14:18,069 --> 00:14:13,199
because humans are humans even if it is

413
00:14:22,069 --> 00:14:20,230

because a lot of people i don't know if

414

00:14:26,150 --> 00:14:22,079

how i mean you guys are uh associated

415

00:14:27,990 --> 00:14:26,160

with the seo right uh so you guys have a

416

00:14:30,550 --> 00:14:28,000

you know this is a different perhaps a

417

00:14:32,790 --> 00:14:30,560

different audience but not everybody

418

00:14:34,470 --> 00:14:32,800

understands orbital dynamics what it

419

00:14:36,550 --> 00:14:34,480

takes to get into orbit what it takes to

420

00:14:38,949 --> 00:14:36,560

get out of orbit and get back down here

421

00:14:41,430 --> 00:14:38,959

and nothing comes straight here the

422

00:14:43,990 --> 00:14:41,440

energy expenditure and the amount of

423

00:14:46,790 --> 00:14:44,000

energy required for a breaking maneuver

424

00:14:50,230 --> 00:14:46,800

let alone from 80 000 feet

425

00:14:52,389 --> 00:14:50,240

to a meter above the water in an instant

426

00:14:54,069 --> 00:14:52,399

without vaporizing

427

00:14:56,230 --> 00:14:54,079

a quarter you know you know i don't know

428

00:14:58,790 --> 00:14:56,240

how many cubic yards of water around you

429

00:15:00,389 --> 00:14:58,800

you know it's i can't even wrap my head

430

00:15:02,230 --> 00:15:00,399

around because as i'm a sailor not a

431

00:15:03,910 --> 00:15:02,240

scientist but

432

00:15:05,750 --> 00:15:03,920

but there's

433

00:15:07,670 --> 00:15:05,760

we have reached this point where we now

434

00:15:09,990 --> 00:15:07,680

have a list of five things that we're

435

00:15:11,189 --> 00:15:10,000

seeing five observables and i want to be

436

00:15:13,430 --> 00:15:11,199

really kind of

437

00:15:14,550 --> 00:15:13,440

simplistic with this five things we can

438

00:15:16,790 --> 00:15:14,560

observe

439

00:15:18,949 --> 00:15:16,800

that the moment you take them to to

440

00:15:20,310 --> 00:15:18,959

mainstream academia or science they go

441

00:15:22,389 --> 00:15:20,320

that's impossible they don't even want

442

00:15:24,230 --> 00:15:22,399

to see the data and we're it's taken

443

00:15:26,230 --> 00:15:24,240

this long to go no no listen

444

00:15:27,509 --> 00:15:26,240

five things we've observed them we've

445

00:15:29,990 --> 00:15:27,519

clocked them we've looked at them we can

446

00:15:31,749 --> 00:15:30,000

show it to you we don't know what it is

447

00:15:33,509 --> 00:15:31,759

but you're saying impossible and i'm

448

00:15:35,749 --> 00:15:33,519

showing it to you so you just need to ch

449

00:15:38,150 --> 00:15:35,759

move your brain over to possible

450

00:15:40,629 --> 00:15:38,160

and now we figure out the who what where

451
00:15:42,790 --> 00:15:40,639
when why how right but it's been that

452
00:15:44,629 --> 00:15:42,800
paradigm shift of and for the public

453
00:15:46,710 --> 00:15:44,639
it's is this real

454
00:15:48,790 --> 00:15:46,720
yes it's real they jump right to what is

455
00:15:50,629 --> 00:15:48,800
it who is it what does it mean to me

456
00:15:52,150 --> 00:15:50,639
the scientific community the academic

457
00:15:54,550 --> 00:15:52,160
community just needs to be shown that

458
00:15:56,790 --> 00:15:54,560
it's it's it's researchable it's

459
00:15:58,069 --> 00:15:56,800
repeatable it's it's gonna it's

460
00:15:59,829 --> 00:15:58,079
something they're gonna be able to sink

461
00:16:02,710 --> 00:15:59,839
their teeth into and we're getting there

462
00:16:03,749 --> 00:16:02,720
and it's the momentum it's insane

463
00:16:04,870 --> 00:16:03,759

um

464

00:16:06,069 --> 00:16:04,880

so i just wanna say that what you

465

00:16:07,749 --> 00:16:06,079

brought up with the five observables

466

00:16:09,509 --> 00:16:07,759

that's vastly important that we keep

467

00:16:11,509 --> 00:16:09,519

talking about that

468

00:16:13,430 --> 00:16:11,519

so have you noticed a huge change now

469

00:16:15,269 --> 00:16:13,440

within the scientific community about

470

00:16:17,990 --> 00:16:15,279

this this topic

471

00:16:20,069 --> 00:16:18,000

i have it's unfortunately been based

472

00:16:22,069 --> 00:16:20,079

initially upon

473

00:16:25,189 --> 00:16:22,079

a lot of personal trust

474

00:16:28,310 --> 00:16:25,199

who knows who who's willing to accept

475

00:16:30,790 --> 00:16:28,320

what from whom right um you know and and

476

00:16:32,710 --> 00:16:30,800

it's there's a lot of mental bona fides

477

00:16:34,230 --> 00:16:32,720

checking going on for people going well

478

00:16:35,910 --> 00:16:34,240

where oh well they work with this

479

00:16:36,629 --> 00:16:35,920

program so i don't want to talk to them

480

00:16:42,069 --> 00:16:36,639

or

481

00:16:43,509 --> 00:16:42,079

somebody that's in the mainstream that

482

00:16:45,910 --> 00:16:43,519

has a stake

483

00:16:47,670 --> 00:16:45,920

in their livelihood in science to step

484

00:16:49,350 --> 00:16:47,680

out and say yeah this is real and i

485

00:16:51,990 --> 00:16:49,360

think it's incredibly important as any

486

00:16:53,590 --> 00:16:52,000

of us would if we realized that

487

00:16:54,470 --> 00:16:53,600

and now now i'm going to move forward

488

00:16:57,030 --> 00:16:54,480

with it

489

00:16:59,749 --> 00:16:57,040

it's safer now but it's still not

490

00:17:01,189 --> 00:16:59,759

it's still not the way to go you know

491

00:17:02,710 --> 00:17:01,199

no i'm i'm

492

00:17:04,949 --> 00:17:02,720

like i said i'm

493

00:17:07,990 --> 00:17:04,959

i believe that true disclosure comes

494

00:17:10,549 --> 00:17:08,000

from men and women in the service you

495

00:17:12,470 --> 00:17:10,559

know in military that are coming forward

496

00:17:13,909 --> 00:17:12,480

saying hey this is some of the stuff

497

00:17:15,750 --> 00:17:13,919

that we've observed and some of the

498

00:17:17,909 --> 00:17:15,760

stuff that we've experienced

499

00:17:19,270 --> 00:17:17,919

and it is an experience like it's it's

500

00:17:20,949 --> 00:17:19,280

something that you take home with you

501
00:17:23,029 --> 00:17:20,959
after you're done you know doing your

502
00:17:25,029 --> 00:17:23,039
time in the military so i think that

503
00:17:27,669 --> 00:17:25,039
true disclosure is coming through you

504
00:17:29,590 --> 00:17:27,679
know men and women in the service and uh

505
00:17:31,190 --> 00:17:29,600
you're one of those people taking the

506
00:17:33,590 --> 00:17:31,200
lead there and definitely

507
00:17:35,909 --> 00:17:33,600
helping some people come out of the

508
00:17:38,150 --> 00:17:35,919
uap closet if you will

509
00:17:40,630 --> 00:17:38,160
and speak up so that's good

510
00:17:41,990 --> 00:17:40,640
thank you i appreciate it

511
00:17:44,230 --> 00:17:42,000
so where do you think it's headed from

512
00:17:46,789 --> 00:17:44,240
here i mean luis eliza will come out and

513
00:17:48,950 --> 00:17:46,799

say i can do more as a public civilian

514

00:17:50,630 --> 00:17:48,960

than i can going through red tape you

515

00:17:53,029 --> 00:17:50,640

know working within the confines of

516

00:17:55,110 --> 00:17:53,039

those programs and uh he's aligning

517

00:17:57,590 --> 00:17:55,120

himself with people such as you and you

518

00:17:59,270 --> 00:17:57,600

know there's this big movement

519

00:18:00,390 --> 00:17:59,280

you know he chose not to continue with

520

00:18:02,950 --> 00:18:00,400

the show on the history channel

521

00:18:05,590 --> 00:18:02,960

unidentified um he seems to want to take

522

00:18:07,110 --> 00:18:05,600

less of a media or entertainment based

523

00:18:09,350 --> 00:18:07,120

approach and more of

524

00:18:11,029 --> 00:18:09,360

an outbound approach so like what can

525

00:18:13,029 --> 00:18:11,039

you tell us what's coming in the future

526

00:18:15,350 --> 00:18:13,039

what uh what does this look like moving

527

00:18:17,110 --> 00:18:15,360

forward and with your help of course

528

00:18:18,789 --> 00:18:17,120

well i think we're going to feel um

529

00:18:20,789 --> 00:18:18,799

first of all you're going to see more of

530

00:18:22,230 --> 00:18:20,799

more of the same from us which a lot of

531

00:18:23,909 --> 00:18:22,240

people are going to say well you guys

532

00:18:26,390 --> 00:18:23,919

are kind of quiet well we work behind

533

00:18:28,390 --> 00:18:26,400

the scenes we link people up together

534

00:18:29,990 --> 00:18:28,400

we're less interested i i appreciate you

535

00:18:31,750 --> 00:18:30,000

saying we're humble it's

536

00:18:33,510 --> 00:18:31,760

i i will say that we're less interested

537

00:18:34,710 --> 00:18:33,520

in spotlight and fame and that kind of

538

00:18:36,710 --> 00:18:34,720

thing because we've seen how that's

539

00:18:38,470 --> 00:18:36,720

poisoned the subject the uh the cult of

540

00:18:40,230 --> 00:18:38,480

personality and the ego that goes around

541

00:18:43,029 --> 00:18:40,240

it and the need to be

542

00:18:44,630 --> 00:18:43,039

special or the one or

543

00:18:46,070 --> 00:18:44,640

or to have some information or a

544

00:18:48,630 --> 00:18:46,080

photograph that someone else doesn't

545

00:18:50,070 --> 00:18:48,640

have right we've been inundated by that

546

00:18:53,190 --> 00:18:50,080

over and over again and come

547

00:18:56,310 --> 00:18:53,200

disappointed um so there's that side of

548

00:18:56,790 --> 00:18:56,320

it that is the the public interface and

549

00:18:58,230 --> 00:18:56,800

um

550

00:19:01,430 --> 00:18:58,240

[Music]

551

00:19:04,390 --> 00:19:01,440

the deconflicting of of

552

00:19:06,710 --> 00:19:04,400

misinfo disinfo and fiction

553

00:19:09,029 --> 00:19:06,720

but then i think the most important part

554

00:19:11,830 --> 00:19:09,039

is that we've reached major milestones

555

00:19:13,750 --> 00:19:11,840

in government and science and industry

556

00:19:16,310 --> 00:19:13,760

where they are paying attention we you

557

00:19:17,350 --> 00:19:16,320

know with the passing of the ndaa

558

00:19:18,710 --> 00:19:17,360

and the things that i think that are

559

00:19:21,510 --> 00:19:18,720

going to trickle out of that whether

560

00:19:23,190 --> 00:19:21,520

it's um lasting oversight

561

00:19:25,510 --> 00:19:23,200

a a

562

00:19:27,110 --> 00:19:25,520

kind of a clearing house

563

00:19:29,270 --> 00:19:27,120

for all the data that's going to that's

564

00:19:31,830 --> 00:19:29,280

going to troll the government archives

565

00:19:34,310 --> 00:19:31,840

and crack open the the programs that may

566

00:19:36,150 --> 00:19:34,320

or may not have existed and finally you

567

00:19:38,710 --> 00:19:36,160

know unlock the data and then bring it

568

00:19:39,750 --> 00:19:38,720

safely into on the classified side at

569

00:19:41,830 --> 00:19:39,760

first

570

00:19:44,710 --> 00:19:41,840

but where a modern eye can look at it

571

00:19:46,950 --> 00:19:44,720

and say okay obviously we have an over

572

00:19:48,549 --> 00:19:46,960

classification with our military system

573

00:19:50,390 --> 00:19:48,559

with our with our intelligence system

574

00:19:52,549 --> 00:19:50,400

where things just go away and they never

575

00:19:54,950 --> 00:19:52,559

come back and that has to change yeah

576

00:19:57,110 --> 00:19:54,960

and that this is a great place to start

577

00:19:59,029 --> 00:19:57,120

and i think we're going to see a lot of

578

00:20:01,270 --> 00:19:59,039

those things probably happen i know that

579

00:20:03,669 --> 00:20:01,280

there's a lot of folks uh really trying

580

00:20:04,470 --> 00:20:03,679

to look at this as a big picture item

581

00:20:05,990 --> 00:20:04,480

too

582

00:20:08,310 --> 00:20:06,000

because science is going to get into the

583

00:20:10,310 --> 00:20:08,320

details and academia is going to find

584

00:20:12,310 --> 00:20:10,320

the things that that interest them and

585

00:20:13,750 --> 00:20:12,320

let's be real the media is eventually

586

00:20:15,430 --> 00:20:13,760

going to find the things that build ad

587

00:20:17,430 --> 00:20:15,440

revenue dollars to keep their machine

588

00:20:18,549 --> 00:20:17,440

going and then they're going to own the

589

00:20:21,270 --> 00:20:18,559

subject

590

00:20:21,990 --> 00:20:21,280

in the public eye right um

591

00:20:24,549 --> 00:20:22,000

the

592

00:20:26,470 --> 00:20:24,559

but if we don't have generalists

593

00:20:29,270 --> 00:20:26,480

looking at

594

00:20:30,710 --> 00:20:29,280

the entirety of phenomena and trying to

595

00:20:32,630 --> 00:20:30,720

figure out what this means for the

596

00:20:34,549 --> 00:20:32,640

entirety of humanity not just for a

597

00:20:38,070 --> 00:20:34,559

niche industry or

598

00:20:40,230 --> 00:20:38,080

or better telecom or better aerospace

599

00:20:41,590 --> 00:20:40,240

um if we don't figure out the what's

600

00:20:43,270 --> 00:20:41,600

going on

601
00:20:44,549 --> 00:20:43,280
the big questions that the people want

602
00:20:46,149 --> 00:20:44,559
to know

603
00:20:48,230 --> 00:20:46,159
we're gonna get ourselves out with our

604
00:20:49,990 --> 00:20:48,240
pants down because we've already seen

605
00:20:52,630 --> 00:20:50,000
that something operates at a level that

606
00:20:54,149 --> 00:20:52,640
just makes us look silly yeah

607
00:20:56,310 --> 00:20:54,159
yeah it seems like our interest has

608
00:20:59,190 --> 00:20:56,320
never gone away i mean even if you want

609
00:21:01,830 --> 00:20:59,200
to connect the dots on a big timeline go

610
00:21:03,510 --> 00:21:01,840
back to roswell something happens you

611
00:21:05,350 --> 00:21:03,520
know they they get inquiries and

612
00:21:06,789 --> 00:21:05,360
everything else they have project sign

613
00:21:08,870 --> 00:21:06,799

and project grudge and blue book and

614

00:21:10,710 --> 00:21:08,880

then in 69 they say hey we didn't find

615

00:21:11,669 --> 00:21:10,720

anything really worth watching uh we're

616

00:21:13,830 --> 00:21:11,679

not gonna

617

00:21:15,270 --> 00:21:13,840

pursue this anymore and then for it to

618

00:21:18,789 --> 00:21:15,280

be acknowledged with those videos

619

00:21:20,789 --> 00:21:18,799

released in 2017 and then 2020 the

620

00:21:23,270 --> 00:21:20,799

pentagon agrees yeah we we sanction

621

00:21:25,669 --> 00:21:23,280

those videos we did in fact

622

00:21:27,270 --> 00:21:25,679

so for the skeptics that say well you

623

00:21:29,190 --> 00:21:27,280

know i don't believe or you know we have

624

00:21:30,630 --> 00:21:29,200

five observables not enough it's not

625

00:21:32,630 --> 00:21:30,640

like these are fringe videos that

626
00:21:35,029 --> 00:21:32,640
somebody captured on a shaky cam that

627
00:21:37,270 --> 00:21:35,039
are becoming popular or trending this is

628
00:21:39,430 --> 00:21:37,280
government released footage you know

629
00:21:41,430 --> 00:21:39,440
like 20 years ago if you told someone

630
00:21:44,070 --> 00:21:41,440
into this topic that the government's

631
00:21:46,470 --> 00:21:44,080
going to release legitimate uap footage

632
00:21:48,310 --> 00:21:46,480
you wouldn't believe it you know so it

633
00:21:50,630 --> 00:21:48,320
definitely feels like the start of some

634
00:21:52,470 --> 00:21:50,640
type of disclosure but it's maybe not

635
00:21:54,870 --> 00:21:52,480
the disclosure with the capital d that

636
00:21:57,990 --> 00:21:54,880
we think it's lower case where it just

637
00:21:59,909 --> 00:21:58,000
becomes this organic web of information

638
00:22:01,909 --> 00:21:59,919

and eventually you can't really have

639

00:22:04,149 --> 00:22:01,919

naysayers when there is evidence you

640

00:22:05,350 --> 00:22:04,159

know you guys are supporting factual

641

00:22:07,990 --> 00:22:05,360

measurable

642

00:22:10,710 --> 00:22:08,000

you know data that science nuts want and

643

00:22:12,549 --> 00:22:10,720

crave is there it's not like it's take

644

00:22:14,230 --> 00:22:12,559

my word for it you have

645

00:22:16,230 --> 00:22:14,240

you know there's telemetry on this type

646

00:22:19,190 --> 00:22:16,240

of stuff so i think that's really that's

647

00:22:20,630 --> 00:22:19,200

positive moving forward for sure

648

00:22:22,070 --> 00:22:20,640

there's a history program that can be

649

00:22:23,190 --> 00:22:22,080

shown going back

650

00:22:24,630 --> 00:22:23,200

although as you said all the way to

651

00:22:26,470 --> 00:22:24,640

world war ii

652

00:22:27,990 --> 00:22:26,480

that should indicate to any casual

653

00:22:30,070 --> 00:22:28,000

observer that interest was maintained

654

00:22:31,510 --> 00:22:30,080

over 70 years for sure

655

00:22:33,590 --> 00:22:31,520

it should be a simple

656

00:22:35,669 --> 00:22:33,600

checkers move for you to say okay

657

00:22:37,990 --> 00:22:35,679

someone saw something worthwhile that

658

00:22:40,230 --> 00:22:38,000

could gain power for for

659

00:22:41,510 --> 00:22:40,240

our side doesn't matter who that is and

660

00:22:43,590 --> 00:22:41,520

then did what they could to guard it

661

00:22:44,950 --> 00:22:43,600

until they understood it and then kept

662

00:22:46,470 --> 00:22:44,960

finding out they didn't understand it

663

00:22:48,549 --> 00:22:46,480

they didn't understand it so the the

664

00:22:50,470 --> 00:22:48,559

power vacuum kept occur i can see that

665

00:22:52,149 --> 00:22:50,480

it makes sense to me and it's not

666

00:22:53,830 --> 00:22:52,159

something i need a long you know a group

667

00:22:54,789 --> 00:22:53,840

of apologists to come forward and

668

00:22:55,750 --> 00:22:54,799

explain

669

00:22:56,710 --> 00:22:55,760

um

670

00:22:58,390 --> 00:22:56,720

but

671

00:23:00,710 --> 00:22:58,400

cracking those things out of that

672

00:23:02,710 --> 00:23:00,720

classified system and changing the way

673

00:23:04,310 --> 00:23:02,720

that we do business so that you and i

674

00:23:05,669 --> 00:23:04,320

and everybody else going forward that's

675

00:23:08,070 --> 00:23:05,679

putting their heart and their soul into

676

00:23:09,430 --> 00:23:08,080

this now in the public eye that it

677

00:23:10,950 --> 00:23:09,440

doesn't turn around and go back behind

678

00:23:12,070 --> 00:23:10,960

that curtain again yeah

679

00:23:13,750 --> 00:23:12,080

you know

680

00:23:16,390 --> 00:23:13,760

building up that momentum where there's

681

00:23:18,870 --> 00:23:16,400

like a you know speeding train is just

682

00:23:21,990 --> 00:23:18,880

going to keep going right yeah no so far

683

00:23:23,110 --> 00:23:22,000

so good uh did you ever have an incident

684

00:23:26,310 --> 00:23:23,120

like did you ever have a sighting

685

00:23:27,590 --> 00:23:26,320

yourself before 2004

686

00:23:29,830 --> 00:23:27,600

you know that's interesting i was

687

00:23:31,190 --> 00:23:29,840

talking about something similar on a

688

00:23:32,230 --> 00:23:31,200

show yesterday

689

00:23:33,830 --> 00:23:32,240

um

690

00:23:35,110 --> 00:23:33,840

i had thought i had a few sightings

691

00:23:37,510 --> 00:23:35,120

throughout my life

692

00:23:38,789 --> 00:23:37,520

and then after filming unidentified with

693

00:23:40,789 --> 00:23:38,799

lou and getting to know a couple people

694

00:23:42,549 --> 00:23:40,799

on the crew and having a getting into

695

00:23:44,549 --> 00:23:42,559

these daily chats that we're all in now

696

00:23:46,950 --> 00:23:44,559

these signals and group meetings that

697

00:23:48,149 --> 00:23:46,960

everybody's taken over by

698

00:23:50,630 --> 00:23:48,159

um

699

00:23:52,549 --> 00:23:50,640

they said hey why don't you write down

700

00:23:54,950 --> 00:23:52,559

you know meditate like you do clear your

701
00:23:55,990 --> 00:23:54,960
mind and then just write down everything

702
00:23:57,430 --> 00:23:56,000
weird

703
00:23:58,950 --> 00:23:57,440
everything questionable that you ever

704
00:24:01,350 --> 00:23:58,960
remember you know

705
00:24:03,669 --> 00:24:01,360
and it was once i did that

706
00:24:05,029 --> 00:24:03,679
i had filled a white board in my garage

707
00:24:07,190 --> 00:24:05,039
with um

708
00:24:08,310 --> 00:24:07,200
with really anomalous events in life and

709
00:24:10,149 --> 00:24:08,320
i'm not

710
00:24:11,269 --> 00:24:10,159
i wa i had a pretty

711
00:24:13,350 --> 00:24:11,279
pretty sharp

712
00:24:15,269 --> 00:24:13,360
uh razor for shaving off what i

713
00:24:17,269 --> 00:24:15,279

considered worthwhile speaking about

714

00:24:18,950 --> 00:24:17,279

what i did right

715

00:24:21,029 --> 00:24:18,960

and um it turned in it turned out that

716

00:24:23,110 --> 00:24:21,039

i've had a lot of sightings um i've had

717

00:24:24,310 --> 00:24:23,120

a lot of sightings of a few of the same

718

00:24:25,669 --> 00:24:24,320

thing

719

00:24:26,789 --> 00:24:25,679

um

720

00:24:28,390 --> 00:24:26,799

and then not

721

00:24:29,909 --> 00:24:28,400

and i again people go why do you think

722

00:24:31,590 --> 00:24:29,919

that is sean man i don't know there we

723

00:24:33,669 --> 00:24:31,600

could go we could have a six hour show

724

00:24:34,950 --> 00:24:33,679

on consciousness and perception and

725

00:24:37,110 --> 00:24:34,960

things like that

726

00:24:38,870 --> 00:24:37,120

but

727

00:24:41,110 --> 00:24:38,880

looking back and then going wow all that

728

00:24:43,909 --> 00:24:41,120

and then oh four and yeah five months

729

00:24:45,830 --> 00:24:43,919

later i saw i don't i

730

00:24:47,750 --> 00:24:45,840

started a thing like first as if it was

731

00:24:50,470 --> 00:24:47,760

you know as if everybody gets one but i

732

00:24:53,029 --> 00:24:50,480

saw my black a black triangle you know

733

00:24:55,750 --> 00:24:53,039

and i've i've been i've seen daylight b2

734

00:24:57,350 --> 00:24:55,760

bombers nighttime b2 bombers i've been

735

00:24:59,190 --> 00:24:57,360

on the i've been on the flight line when

736

00:25:02,630 --> 00:24:59,200

every manner of aircraft including the

737

00:25:04,149 --> 00:25:02,640

f-117 and i've guarded i've guarded uh

738

00:25:06,310 --> 00:25:04,159

air force one before i've been around

739

00:25:08,710 --> 00:25:06,320

aircraft for 20 years

740

00:25:11,430 --> 00:25:08,720

what came over my house was two football

741

00:25:12,789 --> 00:25:11,440

fields wide no lights going way too slow

742

00:25:14,310 --> 00:25:12,799

matte black

743

00:25:16,870 --> 00:25:14,320

and all i could hear over it was the

744

00:25:18,630 --> 00:25:16,880

wind whistling over the over the hull

745

00:25:20,789 --> 00:25:18,640

and then it it went over and then it

746

00:25:22,549 --> 00:25:20,799

turned on its port side and it

747

00:25:24,310 --> 00:25:22,559

it receded that's the only way to put it

748

00:25:27,190 --> 00:25:24,320

because it either it either got smaller

749

00:25:30,230 --> 00:25:27,200

or it went away way too fast right and

750

00:25:31,990 --> 00:25:30,240

as you said no sonic boom no no vacuum

751

00:25:34,950 --> 00:25:32,000

pockets anything like that and i live

752

00:25:37,350 --> 00:25:34,960

under the landing corridor of of f8 of

753

00:25:39,190 --> 00:25:37,360

three airports and the f-18s from the

754

00:25:40,630 --> 00:25:39,200

carriers so there's the fact that you

755

00:25:43,190 --> 00:25:40,640

don't hear a helicopter on our call

756

00:25:44,310 --> 00:25:43,200

right now is crazy right and so i when i

757

00:25:46,230 --> 00:25:44,320

say i know

758

00:25:48,470 --> 00:25:46,240

what are what our black triangle

759

00:25:50,549 --> 00:25:48,480

aircraft look like whatever manner of

760

00:25:52,390 --> 00:25:50,559

them they are none of them look like

761

00:25:55,350 --> 00:25:52,400

that they don't operate like that they

762

00:25:57,510 --> 00:25:55,360

can't operate like that yeah

763

00:25:58,950 --> 00:25:57,520

um i don't know what to do with that you

764

00:26:00,549 --> 00:25:58,960

know whether it's because i'm in a fleet

765

00:26:02,789 --> 00:26:00,559

concentration area or whether it's

766

00:26:04,149 --> 00:26:02,799

because i'm on i'm on the neurodivergent

767

00:26:06,710 --> 00:26:04,159

spectrum

768

00:26:09,510 --> 00:26:06,720

i don't know i don't feel special

769

00:26:12,149 --> 00:26:09,520

i just have seen things yeah so

770

00:26:13,990 --> 00:26:12,159

and you know and most people like um

771

00:26:15,669 --> 00:26:14,000

even when i started getting into let's

772

00:26:17,830 --> 00:26:15,679

say the podcasting or even getting

773

00:26:20,070 --> 00:26:17,840

involved with mufon had people at work

774

00:26:22,950 --> 00:26:20,080

sort of make fun of you know oh this is

775

00:26:24,149 --> 00:26:22,960

the ufo guy which is bound to happen

776

00:26:25,990 --> 00:26:24,159

but then i had a bunch of people

777

00:26:27,990 --> 00:26:26,000

approach me and tell me like you know oh

778

00:26:29,830 --> 00:26:28,000

my grandfather saw something or my dad

779

00:26:31,830 --> 00:26:29,840

saw something like everybody's family

780

00:26:34,310 --> 00:26:31,840

member somebody saw something of

781

00:26:36,870 --> 00:26:34,320

significance and that happens within the

782

00:26:39,430 --> 00:26:36,880

military as well i mean you all have

783

00:26:41,830 --> 00:26:39,440

family members family members see things

784

00:26:44,549 --> 00:26:41,840

that peaks are curiosity and after

785

00:26:46,390 --> 00:26:44,559

something that what you went through

786

00:26:48,950 --> 00:26:46,400

how does that make you feel like being

787

00:26:51,110 --> 00:26:48,960

in the military and thinking there's

788

00:26:52,870 --> 00:26:51,120

things flying in the sky that even the

789

00:26:55,750 --> 00:26:52,880

most powerful military in the world

790

00:26:57,669 --> 00:26:55,760

can't even figure out

791

00:27:00,470 --> 00:26:57,679

you know there was there was a time when

792

00:27:02,310 --> 00:27:00,480

um i thought that it and maybe it's me

793

00:27:04,070 --> 00:27:02,320

taking an easy answer but in o4 i

794

00:27:06,710 --> 00:27:04,080

decided that must be us because of the

795

00:27:08,230 --> 00:27:06,720

way that my chain of command responded i

796

00:27:09,990 --> 00:27:08,240

was like they're so aloof and confident

797

00:27:11,269 --> 00:27:10,000

that must be our tech being and we must

798

00:27:14,230 --> 00:27:11,279

be out here for something i don't

799

00:27:16,149 --> 00:27:14,240

understand great um and at that point in

800

00:27:18,070 --> 00:27:16,159

my life i'd kind of put a lot of this

801

00:27:20,230 --> 00:27:18,080

stuff behind me you know i still was

802

00:27:21,590 --> 00:27:20,240

interested in uap but i didn't take it

803

00:27:23,750 --> 00:27:21,600

very seriously

804

00:27:25,110 --> 00:27:23,760

it really didn't affect my life

805

00:27:27,110 --> 00:27:25,120

um

806

00:27:29,669 --> 00:27:27,120

there was a time when i got

807

00:27:30,950 --> 00:27:29,679

in the last four or five years when it

808

00:27:32,549 --> 00:27:30,960

occurred to me what if this is an

809

00:27:34,230 --> 00:27:32,559

invasion you know coming up with the

810

00:27:35,590 --> 00:27:34,240

easy answers we all look at you know

811

00:27:36,950 --> 00:27:35,600

what is it because they're not saying

812

00:27:38,070 --> 00:27:36,960

hello they're not you know you got your

813

00:27:40,870 --> 00:27:38,080

picture in the background they're not

814

00:27:42,149 --> 00:27:40,880

waving them like that yeah

815

00:27:43,269 --> 00:27:42,159

why are they

816

00:27:45,029 --> 00:27:43,279

it's not waving this they're just

817

00:27:46,830 --> 00:27:45,039

holding some guy's arm yeah oh you're

818

00:27:49,029 --> 00:27:46,840

right yeah you know you're

819

00:27:50,310 --> 00:27:49,039

right but in general

820

00:27:52,870 --> 00:27:50,320

yeah it's not it's not they're not

821

00:27:55,990 --> 00:27:52,880

showing up at the party yeah and so i've

822

00:27:57,510 --> 00:27:56,000

ranged all over the place with it and um

823

00:27:59,909 --> 00:27:57,520

i don't mean to get too philosophical

824

00:28:02,470 --> 00:27:59,919

but we all live a personal life you know

825

00:28:03,830 --> 00:28:02,480

we're all living in a society you've got

826

00:28:05,190 --> 00:28:03,840

you've got

827

00:28:07,590 --> 00:28:05,200

thousands of years worth of

828

00:28:09,510 --> 00:28:07,600

fictionalized coding and language behind

829

00:28:11,269 --> 00:28:09,520

you that we've developed to communicate

830

00:28:13,590 --> 00:28:11,279

things with each other you know it's not

831

00:28:16,549 --> 00:28:13,600

real we developed everything we're using

832

00:28:18,230 --> 00:28:16,559

here right now yeah um and it could all

833

00:28:19,590 --> 00:28:18,240

go away in an instant we could develop

834

00:28:21,590 --> 00:28:19,600

something new

835

00:28:23,190 --> 00:28:21,600

and again getting kind of deeply

836

00:28:25,830 --> 00:28:23,200

philosophical with it when i look in a

837

00:28:27,830 --> 00:28:25,840

microscope i see thousands of protozoa

838

00:28:29,350 --> 00:28:27,840

and animals that don't even know i exist

839

00:28:30,710 --> 00:28:29,360

and i'm walking around them in a circle

840

00:28:31,830 --> 00:28:30,720

and i'm transporting them through a

841

00:28:34,149 --> 00:28:31,840

medium and they don't even know the

842

00:28:35,510 --> 00:28:34,159

medium exists right

843

00:28:37,350 --> 00:28:35,520

and so

844

00:28:39,430 --> 00:28:37,360

when i start thinking of

845

00:28:41,669 --> 00:28:39,440

beyond my ego that well naturally

846

00:28:44,870 --> 00:28:41,679

there's something bigger than you bro

847

00:28:46,710 --> 00:28:44,880

um and my my eye only wants to look up

848

00:28:47,990 --> 00:28:46,720

one or two levels it doesn't want to

849

00:28:50,070 --> 00:28:48,000

think that there's something walking

850

00:28:51,830 --> 00:28:50,080

around my petri dish right now going hey

851

00:28:53,990 --> 00:28:51,840

larry come look at this this jackass

852

00:28:56,230 --> 00:28:54,000

thinks he figured something out yeah you

853

00:28:58,070 --> 00:28:56,240

know and they would be pardon my

854

00:28:59,269 --> 00:28:58,080

language they would be at a uh they

855

00:29:01,510 --> 00:28:59,279

would be at a level i would never

856

00:29:02,630 --> 00:29:01,520

conceive perceive of anything i would

857

00:29:04,230 --> 00:29:02,640

never

858

00:29:07,669 --> 00:29:04,240

bump into their their existence

859

00:29:08,870 --> 00:29:07,679

whatsoever but if they wanted to

860

00:29:11,190 --> 00:29:08,880

talk to me

861

00:29:13,510 --> 00:29:11,200

they might be able to do something

862

00:29:15,269 --> 00:29:13,520

yeah um and i would probably not

863

00:29:17,510 --> 00:29:15,279

understand it and so

864

00:29:18,950 --> 00:29:17,520

that's one aspect of this phenomenon you

865

00:29:19,990 --> 00:29:18,960

know i just described something that

866

00:29:22,710 --> 00:29:20,000

that's

867

00:29:25,669 --> 00:29:22,720

blows our mind and is greater than us

868

00:29:28,870 --> 00:29:25,679

and all of that now if that exists

869

00:29:31,350 --> 00:29:28,880

as i surely do to that that slide

870

00:29:33,110 --> 00:29:31,360

well then everything in between exists

871

00:29:36,230 --> 00:29:33,120

as well so that means there's there's

872

00:29:38,070 --> 00:29:36,240

material animals like me with boxes

873

00:29:39,669 --> 00:29:38,080

moving around

874

00:29:42,230 --> 00:29:39,679

doing things

875

00:29:44,630 --> 00:29:42,240

that are more advanced than me

876

00:29:47,190 --> 00:29:44,640

it's not a stretch but we have lived

877

00:29:49,269 --> 00:29:47,200

here at the bottom of a gravity well

878

00:29:51,190 --> 00:29:49,279

for all of our existence peering upward

879

00:29:52,830 --> 00:29:51,200

into the darkness going nah we're the

880

00:29:56,230 --> 00:29:52,840

only ones

881

00:29:58,310 --> 00:29:56,240

yeah this is all for us our creator

882

00:30:00,310 --> 00:29:58,320

created all us and imbued us with and

883

00:30:03,909 --> 00:30:00,320

we're awesome and we'll be here and you

884

00:30:05,269 --> 00:30:03,919

know so excuse me i i i digress but

885

00:30:07,510 --> 00:30:05,279

i can imagine

886

00:30:09,350 --> 00:30:07,520

just about anything at this point yeah

887

00:30:10,950 --> 00:30:09,360

it is the the height of human ignorance

888

00:30:13,269 --> 00:30:10,960

too to say that you know there can't be

889

00:30:15,350 --> 00:30:13,279

anything or you know we're very good at

890

00:30:17,029 --> 00:30:15,360

knowing everything until we don't and

891

00:30:18,950 --> 00:30:17,039

even the things that we think we've you

892

00:30:20,549 --> 00:30:18,960

know invented we only just discovered i

893

00:30:22,870 --> 00:30:20,559

mean mathematics has been around we just

894

00:30:25,110 --> 00:30:22,880

figured out how it all works so

895

00:30:27,909 --> 00:30:25,120

for anyone to say it's definitely this

896

00:30:31,510 --> 00:30:27,919

or this nobody's an expert even quote

897

00:30:33,909 --> 00:30:31,520

unquote uap expert nobody knows nobody

898

00:30:36,549 --> 00:30:33,919

has the answers to this stuff it's only

899

00:30:37,750 --> 00:30:36,559

because there's been a mass accumulation

900

00:30:40,149 --> 00:30:37,760

of

901

00:30:43,110 --> 00:30:40,159

people wanting to find out the thirst

902

00:30:45,029 --> 00:30:43,120

for an answer is greater than the

903

00:30:47,269 --> 00:30:45,039

evidence and that's good enough you know

904

00:30:48,950 --> 00:30:47,279

because if you don't have that that

905

00:30:50,630 --> 00:30:48,960

force of people that just are

906

00:30:53,110 --> 00:30:50,640

unrelenting and not going to let this

907

00:30:54,870 --> 00:30:53,120

thing go we may never get there you know

908

00:30:57,430 --> 00:30:54,880

like you agree that they've had

909

00:31:00,070 --> 00:30:57,440

continuous interest in this since the

910

00:31:03,190 --> 00:31:00,080

40s it didn't stop you know in the 60s

911

00:31:05,669 --> 00:31:03,200

70s 80 and they just decided to fire up

912

00:31:08,070 --> 00:31:05,679

it's just literally taking that long

913

00:31:10,149 --> 00:31:08,080

to try to even grasp you know even if

914

00:31:12,070 --> 00:31:10,159

they do have recovered craft try to

915

00:31:14,149 --> 00:31:12,080

figure out how that works like it's way

916

00:31:15,669 --> 00:31:14,159

above your pay grade it could you know

917

00:31:17,430 --> 00:31:15,679

if it's from a civilization that's

918

00:31:19,110 --> 00:31:17,440

hundreds or thousands of years more

919

00:31:20,470 --> 00:31:19,120

advanced you can play with that thing

920

00:31:23,509 --> 00:31:20,480

all day long you're not going to figure

921

00:31:25,909 --> 00:31:23,519

it out so nobody really knows uh it's

922

00:31:28,230 --> 00:31:25,919

all exciting but sometimes it can get

923

00:31:30,870 --> 00:31:28,240

kind of fringe you know i like the fact

924

00:31:33,190 --> 00:31:30,880

that we refer to things as uaps not ufos

925

00:31:34,870 --> 00:31:33,200

anymore because the stigma is there and

926
00:31:36,950 --> 00:31:34,880
you know it makes it hard for somebody

927
00:31:39,750 --> 00:31:36,960
in a position of authority to take it

928
00:31:42,149 --> 00:31:39,760
seriously when it feels like you know 97

929
00:31:44,389 --> 00:31:42,159
1970s science fiction well it's a

930
00:31:47,110 --> 00:31:44,399
scientifically um

931
00:31:48,630 --> 00:31:47,120
it's a poor title ufo is is a poor title

932
00:31:50,070 --> 00:31:48,640
to use

933
00:31:51,509 --> 00:31:50,080
because

934
00:31:53,269 --> 00:31:51,519
so few of those things are exhibiting

935
00:31:55,269 --> 00:31:53,279
flying characteristics and it just it

936
00:31:57,830 --> 00:31:55,279
shows the ignorance oh man i'm going to

937
00:32:00,389 --> 00:31:57,840
take people off because i am i am i am

938
00:32:01,990 --> 00:32:00,399

an amateur scientist i am an armchair

939

00:32:03,909 --> 00:32:02,000

scientist

940

00:32:05,909 --> 00:32:03,919

we need less amateur and armchair

941

00:32:08,230 --> 00:32:05,919

scientists making the proclamations in

942

00:32:10,149 --> 00:32:08,240

uap studies yeah and we need we need

943

00:32:11,990 --> 00:32:10,159

more and as jealous as i might be

944

00:32:14,789 --> 00:32:12,000

everybody that had time to go to college

945

00:32:17,110 --> 00:32:14,799

then i didn't which isn't true either um

946

00:32:18,630 --> 00:32:17,120

you know what i mean it's like the phds

947

00:32:19,509 --> 00:32:18,640

need to be on need to be on the beat

948

00:32:21,190 --> 00:32:19,519

with this

949

00:32:22,630 --> 00:32:21,200

and the rest of us need to be the one

950

00:32:24,470 --> 00:32:22,640

you know the the armchair folks need to

951
00:32:27,190 --> 00:32:24,480
be the ones to stop saying these things

952
00:32:31,110 --> 00:32:29,430
we have we have

953
00:32:32,789 --> 00:32:31,120
i don't know i i just get to the point

954
00:32:36,070 --> 00:32:32,799
where we hit we have we avoid this

955
00:32:38,230 --> 00:32:36,080
subject if people people

956
00:32:38,950 --> 00:32:38,240
they have expectations and wants they

957
00:32:40,149 --> 00:32:38,960
say

958
00:32:41,430 --> 00:32:40,159
a lot of times in an interview someone

959
00:32:43,350 --> 00:32:41,440
says sean what do you want it to be

960
00:32:45,509 --> 00:32:43,360
because i won't say what i think it is

961
00:32:46,470 --> 00:32:45,519
because that changes ten times a year

962
00:32:48,630 --> 00:32:46,480
frankly

963
00:32:50,470 --> 00:32:48,640

yeah what do i want it to be i want it

964

00:32:52,549 --> 00:32:50,480

to be something that was worthwhile over

965

00:32:54,149 --> 00:32:52,559

the journey i wanna i want it to be

966

00:32:55,990 --> 00:32:54,159

something that was worth my time your

967

00:32:57,830 --> 00:32:56,000

time and everybody else is that it's not

968

00:32:59,669 --> 00:32:57,840

just something we're never gonna but

969

00:33:00,789 --> 00:32:59,679

we're just seeing shine through a little

970

00:33:03,190 --> 00:33:00,799

bit

971

00:33:04,870 --> 00:33:03,200

um but a lot of other people i talk to

972

00:33:07,029 --> 00:33:04,880

they really want it to be something

973

00:33:09,350 --> 00:33:07,039

specific right

974

00:33:11,509 --> 00:33:09,360

and i won't list out a bunch of stuff

975

00:33:13,430 --> 00:33:11,519

but it needs to mean something specific

976

00:33:16,389 --> 00:33:13,440

for them and i've taken all of that out

977

00:33:18,870 --> 00:33:16,399

i don't care anymore i truly don't i

978

00:33:20,470 --> 00:33:18,880

just i'm so think of it as it from a

979

00:33:22,549 --> 00:33:20,480

traumatized person's perspective it's

980

00:33:24,710 --> 00:33:22,559

just like just stop beating me just tell

981

00:33:26,230 --> 00:33:24,720

me what you want and i'll do the dang

982

00:33:28,389 --> 00:33:26,240

thing and we'll move on you know that's

983

00:33:30,070 --> 00:33:28,399

what it feels like at this point

984

00:33:32,230 --> 00:33:30,080

yeah i often said that it was kind of

985

00:33:35,190 --> 00:33:32,240

like a me too that's taken place with

986

00:33:36,870 --> 00:33:35,200

the ufo uh world you know like people

987

00:33:38,230 --> 00:33:36,880

are saying you know they've been

988

00:33:40,310 --> 00:33:38,240

i wouldn't say abused but there's some

989

00:33:41,909 --> 00:33:40,320

people in the past that you know uh you

990

00:33:43,430 --> 00:33:41,919

know we look at the credibility that

991

00:33:45,750 --> 00:33:43,440

they have and they've been told to be

992

00:33:46,950 --> 00:33:45,760

silent on the subject or consequences

993

00:33:49,430 --> 00:33:46,960

should happen

994

00:33:50,710 --> 00:33:49,440

we're not hearing that as much now uh i

995

00:33:52,470 --> 00:33:50,720

mean i don't know if anybody's

996

00:33:54,230 --> 00:33:52,480

approached you or lou keep your mouth

997

00:33:57,110 --> 00:33:54,240

shut but i mean so far as far as i can

998

00:33:59,990 --> 00:33:57,120

tell that's not happening anymore so

999

00:34:02,230 --> 00:34:00,000

there seems to be a shift or an energy

1000

00:34:05,669 --> 00:34:02,240

that's building up with this disclosure

1001
00:34:07,590 --> 00:34:05,679
thing whatever that looks like

1002
00:34:09,349 --> 00:34:07,600
i've cautioned some of my friends who

1003
00:34:11,190 --> 00:34:09,359
are experiencers and i've only cautioned

1004
00:34:12,790 --> 00:34:11,200
them in that listen no one's going to

1005
00:34:14,389 --> 00:34:12,800
tell you not to talk i'm just telling

1006
00:34:17,190 --> 00:34:14,399
you there's consequences that come with

1007
00:34:18,550 --> 00:34:17,200
every action that's not a threat right

1008
00:34:19,990 --> 00:34:18,560
you know but i'm not going to take that

1009
00:34:21,669 --> 00:34:20,000
white board i talked about and take a

1010
00:34:22,869 --> 00:34:21,679
picture of it and put it on twitter

1011
00:34:24,950 --> 00:34:22,879
right

1012
00:34:27,669 --> 00:34:24,960
that that would be opening a can of

1013
00:34:28,710 --> 00:34:27,679

worms that i would never get out of you

1014

00:34:30,790 --> 00:34:28,720

know i would just constantly be

1015

00:34:32,069 --> 00:34:30,800

inundated by questions about that stuff

1016

00:34:33,990 --> 00:34:32,079

and then people would make assumptions

1017

00:34:35,430 --> 00:34:34,000

and they'd write stories from me that

1018

00:34:36,869 --> 00:34:35,440

have me in them that i'd never even

1019

00:34:38,790 --> 00:34:36,879

never even lived

1020

00:34:40,149 --> 00:34:38,800

so okay

1021

00:34:44,710 --> 00:34:40,159

that's not cool

1022

00:34:46,310 --> 00:34:44,720

you mentioned uh you mentioned trauma

1023

00:34:49,430 --> 00:34:46,320

sorry to cut you off jason no worries do

1024

00:34:51,669 --> 00:34:49,440

you have any uh like any trauma leaving

1025

00:34:53,430 --> 00:34:51,679

the military as a result of this or even

1026

00:34:55,270 --> 00:34:53,440

just as a result of living a tough

1027

00:34:58,390 --> 00:34:55,280

military life i mean everybody has some

1028

00:35:00,150 --> 00:34:58,400

ptsd or you lose some comrades that's a

1029

00:35:01,670 --> 00:35:00,160

difficult thing to reckon with since you

1030

00:35:04,710 --> 00:35:01,680

guys are still only human at the end of

1031

00:35:06,710 --> 00:35:04,720

the day so did this uh have a negative

1032

00:35:07,990 --> 00:35:06,720

impact on you when you left and you know

1033

00:35:09,109 --> 00:35:08,000

talking with your family and that type

1034

00:35:12,390 --> 00:35:09,119

of thing

1035

00:35:14,550 --> 00:35:12,400

it um it's had more of a negative impact

1036

00:35:17,430 --> 00:35:14,560

since i've taken up the work so to speak

1037

00:35:19,109 --> 00:35:17,440

in the last few years at the time it did

1038

00:35:21,030 --> 00:35:19,119

i came home from that

1039

00:35:22,310 --> 00:35:21,040

exercise and

1040

00:35:24,310 --> 00:35:22,320

i had a lot of friends around i think it

1041

00:35:25,910 --> 00:35:24,320

was football season and i i told

1042

00:35:28,150 --> 00:35:25,920

everybody there was no nda or anything

1043

00:35:30,550 --> 00:35:28,160

like that and so i told them exactly

1044

00:35:31,670 --> 00:35:30,560

what we had seen and described the video

1045

00:35:34,790 --> 00:35:31,680

and everything else them and they

1046

00:35:36,630 --> 00:35:34,800

believed me no one called me crazy um

1047

00:35:38,630 --> 00:35:36,640

and years later those were the same

1048

00:35:40,710 --> 00:35:38,640

people who were in higher leadership

1049

00:35:42,150 --> 00:35:40,720

positions in the military calling me up

1050

00:35:44,870 --> 00:35:42,160

and going hey man that thing you told me

1051
00:35:48,150 --> 00:35:44,880
about from the new york times today um

1052
00:35:51,829 --> 00:35:48,160
but i won't dodge the question um i'm

1053
00:35:52,710 --> 00:35:51,839
rated 90 uh disabled through the va

1054
00:35:54,950 --> 00:35:52,720
um

1055
00:35:57,349 --> 00:35:54,960
the majority of that is just broken

1056
00:36:00,150 --> 00:35:57,359
parts and worn out parts from running on

1057
00:36:02,390 --> 00:36:00,160
metal for 20 years right and things like

1058
00:36:03,670 --> 00:36:02,400
that and landing on it hard and stuff

1059
00:36:07,190 --> 00:36:03,680
like that

1060
00:36:10,829 --> 00:36:07,200
but a portion of that is related to ptsd

1061
00:36:13,990 --> 00:36:10,839
and generalized socialized anxiety

1062
00:36:15,349 --> 00:36:14,000
um we could again spend a six-hour show

1063
00:36:17,030 --> 00:36:15,359

trying to get down to the nitty-gritty

1064

00:36:20,150 --> 00:36:17,040

of that because the first 20 years of my

1065

00:36:22,470 --> 00:36:20,160

life was as traumatic as any of ours

1066

00:36:24,470 --> 00:36:22,480

um and then the intervening time in the

1067

00:36:26,630 --> 00:36:24,480

military though it was something i chose

1068

00:36:28,150 --> 00:36:26,640

to do that was a pretty crazy

1069

00:36:29,109 --> 00:36:28,160

environment to be in

1070

00:36:30,790 --> 00:36:29,119

um

1071

00:36:32,790 --> 00:36:30,800

but i

1072

00:36:34,230 --> 00:36:32,800

for me it was when i took off my uniform

1073

00:36:36,870 --> 00:36:34,240

i took off my

1074

00:36:38,710 --> 00:36:36,880

my super suit i i was

1075

00:36:40,150 --> 00:36:38,720

it turned out tony stark was a punk

1076

00:36:41,589 --> 00:36:40,160

underneath all that stuff you know what

1077

00:36:43,510 --> 00:36:41,599

i mean that's how i felt i felt like

1078

00:36:45,349 --> 00:36:43,520

when i took it off i was i didn't know

1079

00:36:47,190 --> 00:36:45,359

who i was my authority was with it i

1080

00:36:48,310 --> 00:36:47,200

didn't know how to stand up for myself

1081

00:36:52,829 --> 00:36:48,320

without a

1082

00:36:56,710 --> 00:36:52,839

a a badge or a anchors on my collar

1083

00:37:00,230 --> 00:36:58,069

we never know where our trauma comes

1084

00:37:02,630 --> 00:37:00,240

from exactly it's like you know between

1085

00:37:04,470 --> 00:37:02,640

young and freud and his his students

1086

00:37:05,829 --> 00:37:04,480

they like to help us through it

1087

00:37:06,870 --> 00:37:05,839

but at the end of the day you have to

1088

00:37:08,870 --> 00:37:06,880

decide

1089

00:37:10,230 --> 00:37:08,880

what do i want and that was so for me i

1090

00:37:12,230 --> 00:37:10,240

was like what life do you want to live

1091

00:37:14,310 --> 00:37:12,240

and that was when i became a meditator i

1092

00:37:16,790 --> 00:37:14,320

wanted to learn about myself why why am

1093

00:37:17,990 --> 00:37:16,800

i angry at people i've never met before

1094

00:37:20,390 --> 00:37:18,000

right

1095

00:37:23,030 --> 00:37:20,400

things like that so

1096

00:37:24,950 --> 00:37:23,040

i think that helps approach the uh

1097

00:37:27,109 --> 00:37:24,960

approach the study of this trying to be

1098

00:37:29,270 --> 00:37:27,119

as as i hate to say selfless that sounds

1099

00:37:31,670 --> 00:37:29,280

like i'm patting myself on the back but

1100

00:37:33,829 --> 00:37:31,680

to try to be to have his least amount of

1101

00:37:35,829 --> 00:37:33,839

self-interest

1102

00:37:38,870 --> 00:37:35,839

in this incredibly interesting topic i

1103

00:37:39,990 --> 00:37:38,880

know that's hard to do but

1104

00:37:41,190 --> 00:37:40,000

there's an aspect of it that's so

1105

00:37:43,510 --> 00:37:41,200

personal it's going to give you whatever

1106

00:37:45,270 --> 00:37:43,520

you want and then ruin you yeah

1107

00:37:47,349 --> 00:37:45,280

yeah and if you want to absorb a bigger

1108

00:37:49,829 --> 00:37:47,359

spectrum you have to flex that muscle

1109

00:37:52,150 --> 00:37:49,839

you have to meditate and if this is all

1110

00:37:53,670 --> 00:37:52,160

coming from you know the string theory

1111

00:37:56,470 --> 00:37:53,680

type or the planck scale where

1112

00:37:58,470 --> 00:37:56,480

everything's just potential energy until

1113

00:38:01,109 --> 00:37:58,480

some consciousness makes it this versus

1114

00:38:03,349 --> 00:38:01,119

that so yeah it kind of getting in touch

1115

00:38:04,790 --> 00:38:03,359

with that emotional aspect and even when

1116

00:38:07,030 --> 00:38:04,800

you interview people that are

1117

00:38:09,190 --> 00:38:07,040

experiencers they say that there was no

1118

00:38:11,589 --> 00:38:09,200

speaking it was telepathic it was all on

1119

00:38:13,990 --> 00:38:11,599

a on a mind level and if you read

1120

00:38:15,829 --> 00:38:14,000

reports you know like from bob lazar

1121

00:38:17,750 --> 00:38:15,839

says that there was no control surfaces

1122

00:38:18,710 --> 00:38:17,760

on the craft that he supposedly worked

1123

00:38:21,670 --> 00:38:18,720

on so

1124

00:38:24,470 --> 00:38:21,680

they're not using mechanical means as

1125

00:38:25,990 --> 00:38:24,480

kind of a an old-school society they

1126
00:38:28,069 --> 00:38:26,000
they've evolved to the point where they

1127
00:38:30,230 --> 00:38:28,079
didn't blow themselves up through war

1128
00:38:32,550 --> 00:38:30,240
they've you know um they've realized

1129
00:38:35,430 --> 00:38:32,560
that they're physical beings having a

1130
00:38:36,950 --> 00:38:35,440
spiritual experience and use their uh

1131
00:38:39,109 --> 00:38:36,960
you know their talents collectively to

1132
00:38:40,950 --> 00:38:39,119
do good things right so if we're going

1133
00:38:42,870 --> 00:38:40,960
to evolve to that i think we need to

1134
00:38:44,470 --> 00:38:42,880
kind of we need more of this type of

1135
00:38:46,470 --> 00:38:44,480
information more podcasts more

1136
00:38:48,950 --> 00:38:46,480
interviews with credible people

1137
00:38:50,470 --> 00:38:48,960
it really helps other people to a get

1138
00:38:52,870 --> 00:38:50,480

the information kind of connect their

1139

00:38:54,710 --> 00:38:52,880

own dots right make their own decision

1140

00:38:57,270 --> 00:38:54,720

yeah i completely agree with that i've

1141

00:38:59,829 --> 00:38:57,280

been going through um

1142

00:39:02,069 --> 00:38:59,839

a lot of fringe ethos information a lot

1143

00:39:02,950 --> 00:39:02,079

of the alleged transcripts

1144

00:39:04,230 --> 00:39:02,960

of

1145

00:39:06,470 --> 00:39:04,240

um

1146

00:39:08,069 --> 00:39:06,480

of alien encounters and you know and and

1147

00:39:08,950 --> 00:39:08,079

i don't mean to smile around it i feel

1148

00:39:11,430 --> 00:39:08,960

like i'm kind of being a little

1149

00:39:14,870 --> 00:39:11,440

mainstream by smiling right now but

1150

00:39:16,550 --> 00:39:14,880

i've taken in so much personal accounts

1151
00:39:18,150 --> 00:39:16,560
in the last few months that's what i one

1152
00:39:19,589 --> 00:39:18,160
of the things i've been focusing on is

1153
00:39:21,349 --> 00:39:19,599
getting down to what what are people

1154
00:39:23,510 --> 00:39:21,359
saying right what are all the people

1155
00:39:25,030 --> 00:39:23,520
saying when they come back

1156
00:39:26,630 --> 00:39:25,040
and there's so many there's a lot of

1157
00:39:29,030 --> 00:39:26,640
overlap there's a lot of what i would

1158
00:39:30,230 --> 00:39:29,040
call analytical or emotional overlay

1159
00:39:31,750 --> 00:39:30,240
where someone is seeing something and

1160
00:39:33,190 --> 00:39:31,760
then applying what they want to see to

1161
00:39:34,870 --> 00:39:33,200
it and you can

1162
00:39:37,349 --> 00:39:34,880
but there are similarities there and

1163
00:39:39,589 --> 00:39:37,359

it's time that we start pulling pulling

1164

00:39:41,670 --> 00:39:39,599

that continuity

1165

00:39:44,150 --> 00:39:41,680

uh from these from these statements out

1166

00:39:46,310 --> 00:39:44,160

and granted

1167

00:39:48,470 --> 00:39:46,320

yeah science first right

1168

00:39:51,030 --> 00:39:48,480

then the psychology you know and then

1169

00:39:52,630 --> 00:39:51,040

and then the imaginative roaming of

1170

00:39:54,630 --> 00:39:52,640

trying to you know throw the spaghetti

1171

00:39:57,349 --> 00:39:54,640

against the wall and figure it out but i

1172

00:39:59,270 --> 00:39:57,359

think we're safe to start doing that

1173

00:40:00,550 --> 00:39:59,280

we we're looking at there's a few

1174

00:40:02,950 --> 00:40:00,560

different things that want to present

1175

00:40:04,470 --> 00:40:02,960

itself to us uh jacques valesi is a

1176

00:40:08,309 --> 00:40:04,480

control system

1177

00:40:10,470 --> 00:40:08,319

because everywhere i look i see a

1178

00:40:11,829 --> 00:40:10,480

control system everything at some level

1179

00:40:12,790 --> 00:40:11,839

controls some there's always a bigger

1180

00:40:15,589 --> 00:40:12,800

fish as

1181

00:40:18,150 --> 00:40:15,599

as quick on jin said right and

1182

00:40:20,230 --> 00:40:18,160

so i'm not worried about that

1183

00:40:22,390 --> 00:40:20,240

but when i get into

1184

00:40:24,309 --> 00:40:22,400

people trying to tell me that here's the

1185

00:40:26,710 --> 00:40:24,319

name here's the star system it's in this

1186

00:40:29,109 --> 00:40:26,720

constellation then they start describing

1187

00:40:30,630 --> 00:40:29,119

physics to me that don't make any sense

1188

00:40:34,069 --> 00:40:30,640

you know they're like

1189

00:40:38,069 --> 00:40:35,829

coming up with the data points that are

1190

00:40:40,309 --> 00:40:38,079

that are that are that are usable out of

1191

00:40:41,829 --> 00:40:40,319

that data it's for somebody that is much

1192

00:40:43,829 --> 00:40:41,839

smarter than i am that understands

1193

00:40:45,190 --> 00:40:43,839

analytics and algorithms and psychology

1194

00:40:47,750 --> 00:40:45,200

better than i

1195

00:40:49,829 --> 00:40:47,760

but at some point i i hope that we're

1196

00:40:51,510 --> 00:40:49,839

modern enough that we're advanced enough

1197

00:40:53,349 --> 00:40:51,520

to go can we just pour it through some

1198

00:40:54,550 --> 00:40:53,359

algorithm can we pour all of this stuff

1199

00:40:56,069 --> 00:40:54,560

through some algorithm and give it

1200

00:40:57,430 --> 00:40:56,079

points to look at it can it give us a

1201
00:40:59,910 --> 00:40:57,440
final report

1202
00:41:01,430 --> 00:40:59,920
yeah because because as humanity we

1203
00:41:03,030 --> 00:41:01,440
still don't know what's going on

1204
00:41:05,190 --> 00:41:03,040
fractional if we're talking about the

1205
00:41:07,190 --> 00:41:05,200
spiritual aspect refraction or you know

1206
00:41:08,550 --> 00:41:07,200
we're balkanized acro across the world

1207
00:41:11,430 --> 00:41:08,560
religiously

1208
00:41:13,349 --> 00:41:11,440
ideologically it's the same way

1209
00:41:15,510 --> 00:41:13,359
is that is that what the system is

1210
00:41:17,430 --> 00:41:15,520
trying to deliver to us

1211
00:41:20,870 --> 00:41:17,440
is it trying to is the system trying to

1212
00:41:22,550 --> 00:41:20,880
deliver unity of understanding or or

1213
00:41:23,750 --> 00:41:22,560

disparate nonsense

1214

00:41:25,670 --> 00:41:23,760

because

1215

00:41:27,589 --> 00:41:25,680

we we go from science we want to know

1216

00:41:30,710 --> 00:41:27,599

what's what is that flying in the sky

1217

00:41:31,910 --> 00:41:30,720

who is flying it what's his biology

1218

00:41:33,030 --> 00:41:31,920

what does it want

1219

00:41:36,630 --> 00:41:33,040

yeah

1220

00:41:39,109 --> 00:41:36,640

my most important question that i wanted

1221

00:41:40,390 --> 00:41:39,119

i want to know what it wants

1222

00:41:42,230 --> 00:41:40,400

what you know

1223

00:41:44,950 --> 00:41:42,240

and you go back throughout history and

1224

00:41:46,550 --> 00:41:44,960

you look at the betty and barney hill

1225

00:41:48,710 --> 00:41:46,560

case we were talking with kathleen

1226

00:41:50,790 --> 00:41:48,720

martin not that long ago

1227

00:41:53,430 --> 00:41:50,800

there's a bunch of cases like that which

1228

00:41:55,750 --> 00:41:53,440

you know even the travis walton case um

1229

00:41:57,910 --> 00:41:55,760

where there is an abduction but

1230

00:41:59,670 --> 00:41:57,920

it doesn't seem to be

1231

00:42:01,430 --> 00:41:59,680

you know like they see the strange craft

1232

00:42:03,270 --> 00:42:01,440

then they see the strange entities then

1233

00:42:05,510 --> 00:42:03,280

there's an abduction then there's a

1234

00:42:07,190 --> 00:42:05,520

memory lapse now the thing is with uap

1235

00:42:09,190 --> 00:42:07,200

studies i've always been i wear my

1236

00:42:11,270 --> 00:42:09,200

emotions on my sleeve i talk about the

1237

00:42:14,150 --> 00:42:11,280

abduction case cattle mutilations

1238

00:42:16,390 --> 00:42:14,160

because they're all you know connected

1239

00:42:18,069 --> 00:42:16,400

but when you uh when you heard about you

1240

00:42:19,589 --> 00:42:18,079

know the the pilots

1241

00:42:21,430 --> 00:42:19,599

chasing the ufos it's almost like the

1242

00:42:23,829 --> 00:42:21,440

ufos have a consciousness to it like the

1243

00:42:25,910 --> 00:42:23,839

entire ship has a consciousness to it

1244

00:42:27,829 --> 00:42:25,920

um even was it david fravor that was

1245

00:42:29,990 --> 00:42:27,839

saying um it's i hope i got his name

1246

00:42:32,309 --> 00:42:30,000

right i always butcher names but uh when

1247

00:42:34,150 --> 00:42:32,319

he said he was going down to uh see this

1248

00:42:35,670 --> 00:42:34,160

tick tock that was above the water it

1249

00:42:37,430 --> 00:42:35,680

recognized him

1250

00:42:39,030 --> 00:42:37,440

like he said he felt it like it turned

1251
00:42:41,430 --> 00:42:39,040
around and looked at him so there's a

1252
00:42:43,589 --> 00:42:41,440
consciousness to these crafts or to

1253
00:42:45,109 --> 00:42:43,599
these orbs or whatever people are seeing

1254
00:42:46,790 --> 00:42:45,119
so that's the part that's really

1255
00:42:49,190 --> 00:42:46,800
interesting is it them or is it their

1256
00:42:51,270 --> 00:42:49,200
technology

1257
00:42:53,589 --> 00:42:51,280
i have a um

1258
00:42:55,910 --> 00:42:53,599
i guess it's time for me to clarify a

1259
00:42:58,150 --> 00:42:55,920
story that i've kind of hinted at before

1260
00:42:59,510 --> 00:42:58,160
um some folks will know i have a silly

1261
00:43:01,030 --> 00:42:59,520
little song that i wrote that some

1262
00:43:02,470 --> 00:43:01,040
friends use for bumper music for their

1263
00:43:04,950 --> 00:43:02,480

podcast

1264

00:43:06,069 --> 00:43:04,960

um it's called goblin problems

1265

00:43:07,349 --> 00:43:06,079

um

1266

00:43:08,069 --> 00:43:07,359

it's actually

1267

00:43:11,510 --> 00:43:08,079

it's

1268

00:43:12,950 --> 00:43:11,520

song it actually came out okay which

1269

00:43:14,550 --> 00:43:12,960

seems like it wouldn't if you're looking

1270

00:43:15,430 --> 00:43:14,560

at me

1271

00:43:19,990 --> 00:43:15,440

but

1272

00:43:21,670 --> 00:43:20,000

it's it's a recounting of an actual

1273

00:43:24,630 --> 00:43:21,680

experience of mine and it's how i dealt

1274

00:43:26,470 --> 00:43:24,640

with that experience because

1275

00:43:28,390 --> 00:43:26,480

it still doesn't make any bang sense it

1276

00:43:30,470 --> 00:43:28,400

happened right here in this house

1277

00:43:32,230 --> 00:43:30,480

um the short story is my wife and i had

1278

00:43:34,069 --> 00:43:32,240

a had a argument we've been married for

1279

00:43:36,390 --> 00:43:34,079

21 years i'm not ashamed to say that we

1280

00:43:37,750 --> 00:43:36,400

had a lousy argument

1281

00:43:39,030 --> 00:43:37,760

yeah

1282

00:43:40,630 --> 00:43:39,040

one of those ones where you end up

1283

00:43:43,589 --> 00:43:40,640

sitting on the floor going like this to

1284

00:43:45,030 --> 00:43:43,599

each other yeah kinda and um

1285

00:43:46,870 --> 00:43:45,040

and it stopped in the middle of the

1286

00:43:48,309 --> 00:43:46,880

argument both of us completely chilled

1287

00:43:50,950 --> 00:43:48,319

out

1288

00:43:54,069 --> 00:43:50,960

like it was over in an instant

1289

00:43:55,829 --> 00:43:54,079

and i ended up i got up and walked to

1290

00:43:58,150 --> 00:43:55,839

the top of the stairs in my house and i

1291

00:43:59,829 --> 00:43:58,160

looked out this small window that we

1292

00:44:01,430 --> 00:43:59,839

have at the top of the stairs that faces

1293

00:44:03,349 --> 00:44:01,440

due north

1294

00:44:04,230 --> 00:44:03,359

and i saw a

1295

00:44:05,750 --> 00:44:04,240

this is

1296

00:44:07,670 --> 00:44:05,760

all right here we go sean we're gonna

1297

00:44:09,349 --> 00:44:07,680

tell people you're crazy uh i'm sorry

1298

00:44:10,630 --> 00:44:09,359

but cause i because that's the feeling

1299

00:44:13,750 --> 00:44:10,640

that's the feeling we all know it's a

1300

00:44:18,790 --> 00:44:13,760

safe place brother safe place yeah

1301

00:44:23,270 --> 00:44:20,710

it was a pot-bellied

1302

00:44:25,430 --> 00:44:23,280

saucer so it was when i say pot belly it

1303

00:44:26,550 --> 00:44:25,440

was kind of fat in the middle tapered to

1304

00:44:29,670 --> 00:44:26,560

the edges

1305

00:44:31,589 --> 00:44:29,680

the hint of some kind of dome on top

1306

00:44:33,670 --> 00:44:31,599

a line going around the like a center

1307

00:44:36,550 --> 00:44:33,680

line waistband that looked like it had

1308

00:44:38,710 --> 00:44:36,560

these big rivets on it okay

1309

00:44:40,790 --> 00:44:38,720

but it looked like it was rusted to heck

1310

00:44:41,990 --> 00:44:40,800

like it was just vertigreed and just

1311

00:44:43,270 --> 00:44:42,000

corroded

1312

00:44:45,750 --> 00:44:43,280

and i said

1313

00:44:47,349 --> 00:44:45,760

hey baby and i'm i'm gesturing like this

1314

00:44:48,550 --> 00:44:47,359

down the stairs i go hey baby come up

1315

00:44:50,790 --> 00:44:48,560

here you got to see this there's a

1316

00:44:51,990 --> 00:44:50,800

there's this flying saucer over uh jim's

1317

00:44:53,829 --> 00:44:52,000

house

1318

00:44:56,710 --> 00:44:53,839

she comes upstairs and as she's coming

1319

00:44:58,470 --> 00:44:56,720

up behind me i turn

1320

00:45:00,870 --> 00:44:58,480

to my like i'm highly focused on the

1321

00:45:04,630 --> 00:45:00,880

saucer i turn to my right

1322

00:45:07,109 --> 00:45:04,640

and there's the occupant the pilot

1323

00:45:10,710 --> 00:45:07,119

and it was it was scary as hell it was a

1324

00:45:14,550 --> 00:45:12,790

very uh aggressive

1325

00:45:18,230 --> 00:45:14,560

looking

1326
00:45:19,910 --> 00:45:18,240
type of gray that some people described

1327
00:45:21,430 --> 00:45:19,920
i was able to find pictures that looked

1328
00:45:23,349 --> 00:45:21,440
just like what i saw on the internet but

1329
00:45:25,190 --> 00:45:23,359
i know i've probably seen those before

1330
00:45:26,230 --> 00:45:25,200
on the internet too right

1331
00:45:27,270 --> 00:45:26,240
um

1332
00:45:29,270 --> 00:45:27,280
but i

1333
00:45:30,309 --> 00:45:29,280
i was enraged

1334
00:45:33,030 --> 00:45:30,319
um

1335
00:45:35,430 --> 00:45:33,040
i i pushed out the screen

1336
00:45:37,109 --> 00:45:35,440
i tried to climb up over the little um i

1337
00:45:39,510 --> 00:45:37,119
tried to climb out the window

1338
00:45:42,470 --> 00:45:39,520

and in in the process of saying a

1339

00:45:44,309 --> 00:45:42,480

pointing and saying i see you

1340

00:45:46,470 --> 00:45:44,319

explain it in

1341

00:45:49,670 --> 00:45:46,480

i'm gonna get you

1342

00:45:51,510 --> 00:45:49,680

and i i remember pushing myself out the

1343

00:45:52,710 --> 00:45:51,520

window as if i was pushing myself

1344

00:45:56,390 --> 00:45:52,720

through water

1345

00:45:57,750 --> 00:45:56,400

going after the going after this guy

1346

00:46:01,190 --> 00:45:57,760

oh boy there's no coming back from

1347

00:46:03,270 --> 00:46:01,200

telling this story um

1348

00:46:06,630 --> 00:46:03,280

the next morning so that's where my

1349

00:46:10,390 --> 00:46:06,640

memory of that argument ends

1350

00:46:12,550 --> 00:46:10,400

i wake up in bed the next morning

1351
00:46:14,390 --> 00:46:12,560
and well but i do

1352
00:46:16,790 --> 00:46:14,400
right before i wake up in bed i wake up

1353
00:46:18,390 --> 00:46:16,800
laying in my driveway and my boxer

1354
00:46:20,950 --> 00:46:18,400
shorts okay

1355
00:46:22,870 --> 00:46:20,960
in a pool of light

1356
00:46:24,870 --> 00:46:22,880
then i'm in bed

1357
00:46:26,550 --> 00:46:24,880
and i wake up like this so the whole

1358
00:46:28,630 --> 00:46:26,560
thing goes like that so i wake up and i

1359
00:46:30,390 --> 00:46:28,640
remember last night i remember a minute

1360
00:46:32,150 --> 00:46:30,400
ago i was in the

1361
00:46:33,589 --> 00:46:32,160
driveway okay

1362
00:46:35,510 --> 00:46:33,599
and now i reach for my phone i look at

1363
00:46:36,870 --> 00:46:35,520

the time it's 9am my wife and kids have

1364

00:46:39,109 --> 00:46:36,880

gone to work

1365

00:46:40,470 --> 00:46:39,119

normally i'm up making coffee doing this

1366

00:46:42,230 --> 00:46:40,480

that and the other

1367

00:46:44,390 --> 00:46:42,240

i get in touch with my wife and i'm like

1368

00:46:46,069 --> 00:46:44,400

hey is everything you know doing that we

1369

00:46:47,349 --> 00:46:46,079

drank too much last night check in with

1370

00:46:50,069 --> 00:46:47,359

each other thing i don't know if that's

1371

00:46:52,069 --> 00:46:50,079

familiar to everybody but um i let her

1372

00:46:53,270 --> 00:46:52,079

i'm like hey are we okay she's like yeah

1373

00:46:55,109 --> 00:46:53,280

we're all we're great i just didn't want

1374

00:46:56,950 --> 00:46:55,119

to disturb you i want to let you rest

1375

00:46:58,950 --> 00:46:56,960

when she got home

1376
00:47:01,910 --> 00:46:58,960
all she knows is that all she remembered

1377
00:47:02,950 --> 00:47:01,920
was that we had we had the argument

1378
00:47:05,109 --> 00:47:02,960
and that

1379
00:47:07,190 --> 00:47:05,119
i just said what i needed to say to make

1380
00:47:08,710 --> 00:47:07,200
it all better and we hugged and

1381
00:47:12,309 --> 00:47:08,720
we went to bed

1382
00:47:14,150 --> 00:47:12,319
and that's all that she's got right

1383
00:47:16,069 --> 00:47:14,160
i have a whole lifetime full of memories

1384
00:47:17,510 --> 00:47:16,079
that's a memory that's not a dream i

1385
00:47:19,589 --> 00:47:17,520
know what dreams feel like i know what

1386
00:47:21,349 --> 00:47:19,599
that i know what the driveway felt like

1387
00:47:23,190 --> 00:47:21,359
i know what the oil stain from where i

1388
00:47:25,349 --> 00:47:23,200

used to park my truck felt like

1389

00:47:27,190 --> 00:47:25,359

things you know it's smell right yeah

1390

00:47:28,630 --> 00:47:27,200

all of it yeah full full spectrum

1391

00:47:30,549 --> 00:47:28,640

experience

1392

00:47:32,230 --> 00:47:30,559

what do we do with that if we take that

1393

00:47:34,630 --> 00:47:32,240

one we you know we do the little

1394

00:47:36,390 --> 00:47:34,640

hypnotic regression thing for me we say

1395

00:47:38,870 --> 00:47:36,400

we're going to trust this guy

1396

00:47:41,030 --> 00:47:38,880

how do we

1397

00:47:42,790 --> 00:47:41,040

because i as a meditator and as someone

1398

00:47:44,950 --> 00:47:42,800

who's studying nlp and hypnosis and

1399

00:47:46,470 --> 00:47:44,960

things like that i know that if i trust

1400

00:47:48,710 --> 00:47:46,480

you enough you can lead me down any

1401

00:47:51,349 --> 00:47:48,720

primrose path to anything that you want

1402

00:47:53,910 --> 00:47:51,359

me to see right and so i just don't know

1403

00:47:56,069 --> 00:47:53,920

how we're gonna ever until the phenomena

1404

00:47:56,950 --> 00:47:56,079

says even playing field let's shake

1405

00:47:58,950 --> 00:47:56,960

hands

1406

00:48:01,430 --> 00:47:58,960

let's have a negotiation and a landing

1407

00:48:02,950 --> 00:48:01,440

kind of thing yeah

1408

00:48:04,470 --> 00:48:02,960

i don't know how we're ever gonna figure

1409

00:48:06,150 --> 00:48:04,480

this out if what happened to me is

1410

00:48:07,829 --> 00:48:06,160

connected to the phenomena assuming i'm

1411

00:48:10,069 --> 00:48:07,839

not just a person having a dream who

1412

00:48:11,190 --> 00:48:10,079

likes ufos right i don't know

1413

00:48:12,710 --> 00:48:11,200

right

1414

00:48:14,950 --> 00:48:12,720

no thank you for sharing that with us

1415

00:48:17,670 --> 00:48:14,960

that uh you know those experiences like

1416

00:48:19,510 --> 00:48:17,680

i said i i 100

1417

00:48:21,109 --> 00:48:19,520

believe you um

1418

00:48:23,030 --> 00:48:21,119

these things happen and it's hard to

1419

00:48:25,030 --> 00:48:23,040

talk about it like i said it's like a me

1420

00:48:26,950 --> 00:48:25,040

too movement where people are starting

1421

00:48:29,109 --> 00:48:26,960

to come forward and say look this is the

1422

00:48:31,270 --> 00:48:29,119

stuff that i you know that i see

1423

00:48:34,069 --> 00:48:31,280

how did you meet uh louis lozando how

1424

00:48:35,990 --> 00:48:34,079

did that come about

1425

00:48:38,950 --> 00:48:36,000

a buddy of mine called me the day the

1426

00:48:40,150 --> 00:48:38,960

new york times article came out and that

1427

00:48:42,069 --> 00:48:40,160

led to me

1428

00:48:43,510 --> 00:48:42,079

just furiously google searching all

1429

00:48:45,990 --> 00:48:43,520

kinds of stuff

1430

00:48:50,150 --> 00:48:46,000

um found tsa found that they were just

1431

00:48:52,069 --> 00:48:50,160

up the road in encinitas from me um

1432

00:48:52,950 --> 00:48:52,079

but i'm not i'm not a go visit folks and

1433

00:48:55,030 --> 00:48:52,960

just

1434

00:48:57,349 --> 00:48:55,040

kind of guy so i i fired enough fired

1435

00:48:58,710 --> 00:48:57,359

off an email to tsa

1436

00:49:00,549 --> 00:48:58,720

and i said you know attention lou

1437

00:49:01,670 --> 00:49:00,559

elizondo my name is sean cahill i was

1438

00:49:02,950 --> 00:49:01,680

the chief master at arms on the

1439

00:49:05,109 --> 00:49:02,960

princeton

1440

00:49:07,349 --> 00:49:05,119

i do recall the events of the week

1441

00:49:08,790 --> 00:49:07,359

surrounding the tic tac event

1442

00:49:10,549 --> 00:49:08,800

i was paying attention i was law

1443

00:49:12,630 --> 00:49:10,559

enforcement officer on board if you if

1444

00:49:14,630 --> 00:49:12,640

you have any trouble corroborating the

1445

00:49:15,750 --> 00:49:14,640

story of others in regards to the events

1446

00:49:17,670 --> 00:49:15,760

please let me know i was just going to

1447

00:49:19,829 --> 00:49:17,680

say hey if you need a bs filter i'll

1448

00:49:23,030 --> 00:49:19,839

help right and that's kind of what i've

1449

00:49:25,030 --> 00:49:23,040

stuck around to help with but um

1450

00:49:27,750 --> 00:49:25,040

it took about nine months

1451

00:49:29,270 --> 00:49:27,760

uh before i heard back from ttsa because

1452

00:49:30,790 --> 00:49:29,280

they've gotten a you know it just took a

1453

00:49:33,349 --> 00:49:30,800

long when they came out they got a lot

1454

00:49:34,950 --> 00:49:33,359

of people interested um

1455

00:49:41,349 --> 00:49:34,960

and

1456

00:49:43,190 --> 00:49:41,359

else he asked if uh

1457

00:49:45,589 --> 00:49:43,200

if a documentary film crew could come

1458

00:49:46,390 --> 00:49:45,599

out to the house and with him and talk

1459

00:49:47,829 --> 00:49:46,400

to me

1460

00:49:49,349 --> 00:49:47,839

i said sure

1461

00:49:51,910 --> 00:49:49,359

they came out and filmed at the house

1462

00:49:54,230 --> 00:49:51,920

and then um later that actually it was

1463

00:49:55,349 --> 00:49:54,240

just a history channel but they came and

1464

00:49:56,630 --> 00:49:55,359

filmed at the house and then we went

1465

00:49:58,549 --> 00:49:56,640

down by the waterfront and filmed the

1466

00:49:59,670 --> 00:49:58,559

scene that with luis and i

1467

00:50:02,230 --> 00:49:59,680

and

1468

00:50:03,109 --> 00:50:02,240

as soon as we were done

1469

00:50:04,470 --> 00:50:03,119

um

1470

00:50:06,150 --> 00:50:04,480

the likes were off and everything and we

1471

00:50:07,589 --> 00:50:06,160

yanked our mics and i told him i said

1472

00:50:09,430 --> 00:50:07,599

hey man

1473

00:50:10,549 --> 00:50:09,440

are you the real deal or not

1474

00:50:12,549 --> 00:50:10,559

and he was kind of like what because i

1475

00:50:14,230 --> 00:50:12,559

was i was challenging him i got kind of

1476

00:50:15,990 --> 00:50:14,240

kind of got in his face because i was

1477

00:50:17,990 --> 00:50:16,000

like are you like these jackass there's

1478

00:50:19,510 --> 00:50:18,000

some pardon me i i swear sometimes i

1479

00:50:21,030 --> 00:50:19,520

apologize hey

1480

00:50:23,430 --> 00:50:21,040

it's all right man yeah we swear a lot

1481

00:50:24,829 --> 00:50:23,440

on the podcast

1482

00:50:26,390 --> 00:50:24,839

all right cool

1483

00:50:28,710 --> 00:50:26,400

um

1484

00:50:30,230 --> 00:50:28,720

but i was like uh

1485

00:50:32,870 --> 00:50:30,240

there's a guy out there that claims to

1486

00:50:34,390 --> 00:50:32,880

be fbi that before lou came out he was

1487

00:50:36,069 --> 00:50:34,400

an fbi agent

1488

00:50:38,950 --> 00:50:36,079

claiming all of these things he comes

1489

00:50:40,790 --> 00:50:38,960

and goes in ufology and it doesn't make

1490

00:50:42,710 --> 00:50:40,800

any sense yeah i think somebody wanted

1491

00:50:45,270 --> 00:50:42,720

to be fox mulder and in fact i don't

1492

00:50:46,390 --> 00:50:45,280

think his his resume lives up to his

1493

00:50:47,750 --> 00:50:46,400

what he says

1494

00:50:49,349 --> 00:50:47,760

but i was worried that we were going to

1495

00:50:50,870 --> 00:50:49,359

get another one of those that we were

1496

00:50:52,470 --> 00:50:50,880

getting some three-letter just what

1497

00:50:54,069 --> 00:50:52,480

everybody else is worried about right

1498

00:50:55,589 --> 00:50:54,079

three-letter agency turkey coming out

1499

00:50:58,470 --> 00:50:55,599

here trying to take something he can't

1500

00:51:00,790 --> 00:50:58,480

prove and get rich off

1501
00:51:03,109 --> 00:51:00,800
so i spent nine months before i met him

1502
00:51:05,109 --> 00:51:03,119
i was a cop for 20 years i i

1503
00:51:06,549 --> 00:51:05,119
i wasn't a mall cop people like to make

1504
00:51:07,990 --> 00:51:06,559
fun of you know everybody and things

1505
00:51:09,910 --> 00:51:08,000
like that look the navy spent a lot of

1506
00:51:11,990 --> 00:51:09,920
money training i utilized that training

1507
00:51:14,230 --> 00:51:12,000
and i i determined that he was the real

1508
00:51:16,630 --> 00:51:14,240
deal so when i met him i i kind of

1509
00:51:17,990 --> 00:51:16,640
confronted him he's like no i'm serious

1510
00:51:20,150 --> 00:51:18,000
and i said so you're not just going to

1511
00:51:21,990 --> 00:51:20,160
make tv shows about ufos and all this

1512
00:51:23,829 --> 00:51:22,000
other crap and make a bunch of money

1513
00:51:25,349 --> 00:51:23,839

he's like no man in fact i have a

1514

00:51:27,190 --> 00:51:25,359

freaking

1515

00:51:29,430 --> 00:51:27,200

i think you know we've spoken military

1516

00:51:31,829 --> 00:51:29,440

terms even though these are not

1517

00:51:33,270 --> 00:51:31,839

accurate okay he's like i got an app

1518

00:51:34,549 --> 00:51:33,280

coming up i'm going i mean i'm flying

1519

00:51:36,870 --> 00:51:34,559

out soon i want to check this and i'm

1520

00:51:38,309 --> 00:51:36,880

like really i said well i tell you what

1521

00:51:40,630 --> 00:51:38,319

man i said

1522

00:51:42,309 --> 00:51:40,640

i'm retired i was about to you know i've

1523

00:51:43,510 --> 00:51:42,319

been doing xyz for a little bit of a

1524

00:51:45,589 --> 00:51:43,520

while and i was about to go back to

1525

00:51:47,589 --> 00:51:45,599

school just to keep myself busy i said

1526

00:51:49,510 --> 00:51:47,599

but if if you're gonna if you're doing

1527

00:51:51,430 --> 00:51:49,520

work i said i will put my boots back on

1528

00:51:53,030 --> 00:51:51,440

i'll go to work for you yeah i said i'll

1529

00:51:54,309 --> 00:51:53,040

i'll do this with you and he was like he

1530

00:51:56,309 --> 00:51:54,319

honestly signs me up and he's like are

1531

00:51:57,990 --> 00:51:56,319

you serious i was like if you're serious

1532

00:51:59,750 --> 00:51:58,000

that this is worth doing

1533

00:52:01,030 --> 00:51:59,760

and it's what you said what you're

1534

00:52:04,230 --> 00:52:01,040

saying

1535

00:52:05,750 --> 00:52:04,240

three weeks later we were in mexico

1536

00:52:08,150 --> 00:52:05,760

and we've been together ever since and

1537

00:52:11,910 --> 00:52:08,160

we haven't we haven't quit trucking um

1538

00:52:13,750 --> 00:52:11,920

yeah it's it's real and that's you know

1539

00:52:15,829 --> 00:52:13,760

and it validates to your both your

1540

00:52:17,510 --> 00:52:15,839

positions and you know the fact that

1541

00:52:18,950 --> 00:52:17,520

i've seen you know both of you on

1542

00:52:21,270 --> 00:52:18,960

different podcasts and stuff like that

1543

00:52:22,950 --> 00:52:21,280

you could tell you guys gel together

1544

00:52:24,710 --> 00:52:22,960

really really well almost become really

1545

00:52:26,870 --> 00:52:24,720

really tight with each other which is

1546

00:52:28,390 --> 00:52:26,880

nice to see because that's what we need

1547

00:52:30,390 --> 00:52:28,400

in the community

1548

00:52:31,829 --> 00:52:30,400

you mentioned before you know there's a

1549

00:52:34,549 --> 00:52:31,839

lot of people trying to make money off

1550

00:52:36,549 --> 00:52:34,559

of this and then their egos get involved

1551
00:52:38,470 --> 00:52:36,559
and that's a huge issue within the

1552
00:52:40,390 --> 00:52:38,480
community ufology so seeing you guys

1553
00:52:41,030 --> 00:52:40,400
sort of gel together and say no this is

1554
00:52:43,990 --> 00:52:41,040
a

1555
00:52:45,750 --> 00:52:44,000
united you know uh thing

1556
00:52:49,270 --> 00:52:45,760
that's that's cool i like seeing that

1557
00:52:51,030 --> 00:52:49,280
that's that's what we need right

1558
00:52:52,630 --> 00:52:51,040
it's been hard to explain them it was

1559
00:52:54,710 --> 00:52:52,640
hard to explain to my wife and kids at

1560
00:52:57,349 --> 00:52:54,720
first when offers were coming through i

1561
00:52:59,349 --> 00:52:57,359
i had offers early on to host shows um i

1562
00:53:01,829 --> 00:52:59,359
had a couple of i had an offer to host

1563
00:53:03,349 --> 00:53:01,839

to take over hosting a pretty

1564

00:53:05,270 --> 00:53:03,359

um

1565

00:53:06,390 --> 00:53:05,280

pretty famous

1566

00:53:09,829 --> 00:53:06,400

um

1567

00:53:12,069 --> 00:53:09,839

prime time ufo type tv show right

1568

00:53:13,750 --> 00:53:12,079

and i i turned when i say i had to turn

1569

00:53:15,829 --> 00:53:13,760

it down i don't think i really wanted to

1570

00:53:16,790 --> 00:53:15,839

do it to be honest with you okay

1571

00:53:20,710 --> 00:53:16,800

but

1572

00:53:23,430 --> 00:53:20,720

just it was not gonna i was never gonna

1573

00:53:25,510 --> 00:53:23,440

get to move the subject forward again

1574

00:53:27,670 --> 00:53:25,520

i'm not in the way that i wanted to in a

1575

00:53:30,549 --> 00:53:27,680

lasting way that had checks and balances

1576

00:53:33,349 --> 00:53:30,559

and legislative support oversight

1577

00:53:38,069 --> 00:53:35,990

i see the big picture yeah

1578

00:53:39,670 --> 00:53:38,079

thousands of people have been as we said

1579

00:53:41,109 --> 00:53:39,680

earlier traumatized by this subject

1580

00:53:42,470 --> 00:53:41,119

whether psychologically whether

1581

00:53:44,790 --> 00:53:42,480

physically

1582

00:53:46,309 --> 00:53:44,800

um we can do better i think we can do

1583

00:53:48,230 --> 00:53:46,319

better in a lot of ways and i finally

1584

00:53:49,750 --> 00:53:48,240

found something that i'm

1585

00:53:52,150 --> 00:53:49,760

willing to put all my effort into to

1586

00:53:53,109 --> 00:53:52,160

make better for everybody else so

1587

00:53:55,030 --> 00:53:53,119

uh

1588

00:53:57,430 --> 00:53:55,040

i get as much out of this as anybody

1589

00:53:59,670 --> 00:53:57,440

else nice

1590

00:54:01,829 --> 00:53:59,680

louis did you have a uh a final question

1591

00:54:03,990 --> 00:54:01,839

for our guest today yeah no more of just

1592

00:54:05,349 --> 00:54:04,000

a comment uh you know it's nice to hear

1593

00:54:07,750 --> 00:54:05,359

that you know well how you described

1594

00:54:09,430 --> 00:54:07,760

luella zondo and both you guys put your

1595

00:54:11,430 --> 00:54:09,440

boots on to work together you know keep

1596

00:54:12,870 --> 00:54:11,440

each other keep each other honest and on

1597

00:54:14,870 --> 00:54:12,880

point it's like having a good workout

1598

00:54:16,309 --> 00:54:14,880

buddy you know the couple days you don't

1599

00:54:18,630 --> 00:54:16,319

want to go you're that's what your buddy

1600

00:54:21,109 --> 00:54:18,640

is there for and you guys got a lot of

1601
00:54:22,470 --> 00:54:21,119
credibility you've had that public eye

1602
00:54:24,069 --> 00:54:22,480
as well you know being on the history

1603
00:54:25,670 --> 00:54:24,079
channel and everything else and you

1604
00:54:28,309 --> 00:54:25,680
really made this accessible to the

1605
00:54:30,150 --> 00:54:28,319
average person to kind of stop and think

1606
00:54:32,630 --> 00:54:30,160
that hey maybe this isn't so crazy so

1607
00:54:34,710 --> 00:54:32,640
from a public aspect thank you for doing

1608
00:54:36,470 --> 00:54:34,720
that and for sharing

1609
00:54:38,549 --> 00:54:36,480
because it's not crazy people in

1610
00:54:40,309 --> 00:54:38,559
arkansas getting abducted and probed and

1611
00:54:42,309 --> 00:54:40,319
dropped in a field somewhere it's

1612
00:54:44,549 --> 00:54:42,319
legitimate people high security

1613
00:54:46,950 --> 00:54:44,559

clearance trained observers and it's

1614

00:54:49,430 --> 00:54:46,960

hard for them there's still a stigma and

1615

00:54:51,030 --> 00:54:49,440

uh good for you for not not giving a

1616

00:54:52,950 --> 00:54:51,040

[h__h] about that and just you know

1617

00:54:54,789 --> 00:54:52,960

getting out there and uh and turning

1618

00:54:57,349 --> 00:54:54,799

down the big buck and not selling out

1619

00:55:00,069 --> 00:54:57,359

and just having your eye on the price so

1620

00:55:02,069 --> 00:55:00,079

it's refreshing for sure um we try to

1621

00:55:04,309 --> 00:55:02,079

only have people on the show that are

1622

00:55:06,150 --> 00:55:04,319

open-minded credible you know we vet

1623

00:55:07,829 --> 00:55:06,160

everybody and uh we really appreciate

1624

00:55:09,990 --> 00:55:07,839

you coming on giving us the chance love

1625

00:55:12,390 --> 00:55:10,000

to do it again love to have lou on one

1626
00:55:14,069 --> 00:55:12,400
day that'd be amazing right so uh yeah

1627
00:55:15,430 --> 00:55:14,079
for me it was more of i really enjoyed

1628
00:55:17,670 --> 00:55:15,440
it thanks for letting me be a part

1629
00:55:20,390 --> 00:55:17,680
thanks for uh sharing in our our happy

1630
00:55:22,630 --> 00:55:20,400
little circle of love you know do it

1631
00:55:23,349 --> 00:55:22,640
again anytime you like

1632
00:55:24,950 --> 00:55:23,359
and

1633
00:55:27,030 --> 00:55:24,960
i'm really honored to be here i really

1634
00:55:28,109 --> 00:55:27,040
am and sean where can people find you i

1635
00:55:30,230 --> 00:55:28,119
know we got

1636
00:55:32,069 --> 00:55:30,240
skyfort.org which we forgot to talk

1637
00:55:34,470 --> 00:55:32,079
about but maybe you can just explain

1638
00:55:36,750 --> 00:55:34,480

that really quickly and where people can

1639

00:55:39,589 --> 00:55:36,760

find you on social media

1640

00:55:44,309 --> 00:55:39,599

skype.org is the website for my company

1641

00:55:47,589 --> 00:55:44,319

um skype llc we are a think tank and a

1642

00:55:48,390 --> 00:55:47,599

strategic stratcom company and a

1643

00:55:52,549 --> 00:55:48,400

we

1644

00:55:53,910 --> 00:55:52,559

usually talk about the company um

1645

00:55:56,150 --> 00:55:53,920

we talk about you know moving the

1646

00:55:57,349 --> 00:55:56,160

subject forward incubating new tech

1647

00:56:00,710 --> 00:55:57,359

meaning you know talking about it

1648

00:56:03,109 --> 00:56:00,720

getting the right people looking at it

1649

00:56:04,470 --> 00:56:03,119

in the end it's really about making sure

1650

00:56:06,150 --> 00:56:04,480

that as many people take this as

1651
00:56:08,309 --> 00:56:06,160
seriously as possible it's not a

1652
00:56:09,910 --> 00:56:08,319
money-making venture but we knew that

1653
00:56:11,829 --> 00:56:09,920
the way people look at things in the

1654
00:56:14,150 --> 00:56:11,839
world if you're just a person you must

1655
00:56:15,990 --> 00:56:14,160
have a motive if you're a company oh

1656
00:56:17,829 --> 00:56:16,000
suddenly you're uh there's something we

1657
00:56:20,390 --> 00:56:17,839
can just take seriously frankly it's

1658
00:56:22,630 --> 00:56:20,400
just that simple in a lot of ways um

1659
00:56:25,990 --> 00:56:22,640
people can find me online at minty

1660
00:56:29,030 --> 00:56:26,000
hyperspace m-i-n-t-y

1661
00:56:33,030 --> 00:56:31,109
um that's where i am on all platforms

1662
00:56:35,190 --> 00:56:33,040
i'm not on all platforms only a few of

1663
00:56:36,950 --> 00:56:35,200

them only twitter and instagram i think

1664

00:56:38,230 --> 00:56:36,960

yeah um

1665

00:56:39,750 --> 00:56:38,240

but uh

1666

00:56:41,910 --> 00:56:39,760

i'm pretty inundated with with

1667

00:56:43,750 --> 00:56:41,920

communications these days i try to get

1668

00:56:45,430 --> 00:56:43,760

through everything i don't get a chance

1669

00:56:47,829 --> 00:56:45,440

to answer everything

1670

00:56:48,470 --> 00:56:47,839

um but i do love interacting with folks

1671

00:56:49,990 --> 00:56:48,480

and

1672

00:56:51,510 --> 00:56:50,000

it was really honored to be here i want

1673

00:56:52,230 --> 00:56:51,520

to say really quick that what you guys

1674

00:56:55,910 --> 00:56:52,240

do

1675

00:56:58,150 --> 00:56:55,920

because you're having the serious

1676
00:56:59,670 --> 00:56:58,160
podcast it would be a lot easier for you

1677
00:57:02,150 --> 00:56:59,680
to become famous

1678
00:57:03,910 --> 00:57:02,160
be more polarized say a lot of nonsense

1679
00:57:05,430 --> 00:57:03,920
get a lot more views

1680
00:57:07,190 --> 00:57:05,440
um the fact that you're having somebody

1681
00:57:09,990 --> 00:57:07,200
like me on instead of a lot of other

1682
00:57:12,549 --> 00:57:10,000
people that might make a louder noise

1683
00:57:14,549 --> 00:57:12,559
i really appreciate that i really do no

1684
00:57:16,309 --> 00:57:14,559
this is the labor of love labor love

1685
00:57:18,150 --> 00:57:16,319
absolutely you're not making a penny off

1686
00:57:19,589 --> 00:57:18,160
of this this is just

1687
00:57:22,150 --> 00:57:19,599
love with the sport

1688
00:57:23,990 --> 00:57:22,160

absolutely i'm gonna make it work

1689

00:57:26,069 --> 00:57:24,000

perfect sean cahill thank you so much

1690

00:57:32,000 --> 00:57:26,079

for joining us on uap studies today it's
