our guest is uh he pre-dates us by a lot

8
00:00:39,350 --> 00:00:37,600

he's been doing uh this type of thing

9
00:00:41,670 --> 00:00:39,360

way before uh we've been around doing

10
00:00:43,750 --> 00:00:41,680

our thing uh the host of fade to black

11
00:00:46,310 --> 00:00:43,760

with humble reverence sir welcome to our

13
00:00:50,069 --> 00:00:48,480

show

14

00:00:51,510 --> 00:00:50,079

hey peace sign

15

00:00:53,189 --> 00:00:51,520

you know uh

16

00:00:55,270 --> 00:00:53,199

and thank you and we've been setting

17

00:00:57,510 --> 00:00:55,280

this up for a while and it's uh great to

18

00:01:01,029 --> 00:00:57,520

finally uh you know get the stars and

19

00:01:03,110 --> 00:01:01,039

the moves and the moon uh to align yeah

20

00:01:05,590 --> 00:01:03,120

and uh and make this happen but uh let's

21

00:01:07,510 --> 00:01:05,600

do this i'm i'm i'm honored so we want

22

00:01:09,510 --> 00:01:07,520

to know and again for our listeners if

23

00:01:11,350 --> 00:01:09,520

the one out of a million has not heard

24

00:01:13,510 --> 00:01:11,360

of you uh this is a good opportunity for

25

00:01:15,429 --> 00:01:13,520

you to tell everyone about yourself but

26

00:01:17,670 --> 00:01:15,439

we want to know a little bit about you

27

00:01:20,149 --> 00:01:17,680

jimmy church before the jimmy church

28

00:01:21,990 --> 00:01:20,159

radio personality and uh what kind of

29

00:01:23,990 --> 00:01:22,000

got you interested in the topic and

30

00:01:26,710 --> 00:01:24,000

interested in doing a show and having

31

00:01:28,950 --> 00:01:26,720

this kind of longevity with it yeah my

32

00:01:31,350 --> 00:01:28,960

uh my journey

33

00:01:33,990 --> 00:01:31,360

uh yeah i'm going to make this as brief

34

00:01:35,910 --> 00:01:34,000

as possible because a lot of it is is is

35

00:01:38,310 --> 00:01:35,920

quite boring of course but

36

00:01:39,590 --> 00:01:38,320

uh interesting to me but not to

37

00:01:42,230 --> 00:01:39,600

everybody else

38

00:01:45,109 --> 00:01:42,240

um but my journey

39

00:01:46,469 --> 00:01:45,119

uh was a strange one in that i i had a

40

00:01:49,749 --> 00:01:46,479

crazy mom

41

00:01:51,749 --> 00:01:49,759

uh in in the cool sense of of crazy uh

42

00:01:54,149 --> 00:01:51,759

who was into

43

00:01:55,990 --> 00:01:54,159

all things kind of esoteric and strange

44

00:01:58,950 --> 00:01:56,000

and paranormal she

45

00:02:00,069 --> 00:01:58,960

um at a very young age uh for me when i

46

00:02:02,310 --> 00:02:00,079

was five

47

00:02:04,709 --> 00:02:02,320

when i started to learn how to read

48

00:02:06,069 --> 00:02:04,719

i noticed you know shelves of edgar

49

00:02:08,630 --> 00:02:06,079

cayce books

50

00:02:11,190 --> 00:02:08,640

i didn't know who i i'm five right but

51
00:02:13,750 --> 00:02:11,200
that'll give you some idea of where my

52
00:02:17,110 --> 00:02:13,760
mom was coming from and she was always

53
00:02:19,430 --> 00:02:17,120
ouija board and and and everything else

54
00:02:21,910 --> 00:02:19,440
she introduced me to eric von daniken

55
00:02:23,990 --> 00:02:21,920
and probably when everything happened

56
00:02:25,670 --> 00:02:24,000
you know 71 or so

57
00:02:28,309 --> 00:02:25,680
with the book of the movie

58
00:02:30,390 --> 00:02:28,319
but my dad was a musician and he was in

59
00:02:32,630 --> 00:02:30,400
the army band and he was he was band

60
00:02:33,350 --> 00:02:32,640
leader of the army band so i didn't have

61
00:02:37,990 --> 00:02:33,360
the

62
00:02:40,869 --> 00:02:38,000
dad that was a bona fide

63
00:02:43,110 --> 00:02:40,879

a career musician he did 30 years in the

64

00:02:46,869 --> 00:02:43,120

army band and retired and he's still a

65

00:02:49,670 --> 00:02:46,879

musician to this day he's in his 80s

66

00:02:53,190 --> 00:02:49,680

and my mom has recently passed away but

67

00:02:54,949 --> 00:02:53,200

but she was into her own thing and so

68

00:02:57,990 --> 00:02:54,959

what it showed me

69

00:03:00,309 --> 00:02:58,000

was that and i thought that every

70

00:03:02,149 --> 00:03:00,319

family was kind of like mine

71

00:03:04,070 --> 00:03:02,159

to you know

72

00:03:05,190 --> 00:03:04,080

what do you have to relate to you don't

73

00:03:09,990 --> 00:03:05,200

have much

74

00:03:12,869 --> 00:03:10,000

but uh i'm very thankful for that open

75

00:03:14,710 --> 00:03:12,879

mind and and that open view of the world

76

00:03:15,990 --> 00:03:14,720

that that my parents uh definitely

77

00:03:19,190 --> 00:03:16,000

brought to me

78

00:03:21,030 --> 00:03:19,200

um i was introduced uh to ufos very

79

00:03:23,430 --> 00:03:21,040

early on but that

80

00:03:25,509 --> 00:03:23,440

that's and and and then so you have this

81

00:03:28,949 --> 00:03:25,519

thing right i have my mom

82

00:03:31,509 --> 00:03:28,959

who is who's who's out of her mind

83

00:03:34,869 --> 00:03:31,519

my dad who is a musician

84

00:03:37,110 --> 00:03:34,879

and that was the path that i chose so i

85

00:03:38,470 --> 00:03:37,120

wanted to be a musician i wanted to get

86

00:03:40,470 --> 00:03:38,480

into the arts

87

00:03:42,070 --> 00:03:40,480

um obviously you can see these guitars

88

00:03:44,630 --> 00:03:42,080

behind me i have a

89

00:03:46,949 --> 00:03:44,640

pretty cool guitar collection beautiful

90

00:03:50,149 --> 00:03:46,959

collection yeah but

91

00:03:51,910 --> 00:03:50,159

and and ufos right so that that

92

00:03:53,910 --> 00:03:51,920

right there it's uh because of my

93

00:03:54,789 --> 00:03:53,920

parents and then but there was this

94

00:03:56,550 --> 00:03:54,799

other

95

00:03:58,789 --> 00:03:56,560

strange thing that lied in the

96

00:04:00,470 --> 00:03:58,799

background and i i didn't understand it

97

00:04:02,710 --> 00:04:00,480

growing up

98

00:04:07,110 --> 00:04:02,720

i had this weird

99

00:04:08,309 --> 00:04:07,120

affection like love like affection

100

00:04:09,910 --> 00:04:08,319

for

101
00:04:11,830 --> 00:04:09,920
the news

102
00:04:15,589 --> 00:04:11,840
and talk radio

103
00:04:16,629 --> 00:04:15,599
and the evening news and time magazine

104
00:04:18,870 --> 00:04:16,639
uh uh

105
00:04:19,990 --> 00:04:18,880
newspapers and i couldn't quite figure

106
00:04:22,230 --> 00:04:20,000
that out

107
00:04:23,990 --> 00:04:22,240
but that's what i enjoyed so when i

108
00:04:26,710 --> 00:04:24,000
listened to the radio

109
00:04:30,230 --> 00:04:26,720
i would try to find somebody talking

110
00:04:32,710 --> 00:04:30,240
instead of music or television i'd

111
00:04:35,430 --> 00:04:32,720
rather watch a documentary or watch the

112
00:04:37,749 --> 00:04:35,440
news and i didn't understand why

113
00:04:41,430 --> 00:04:37,759

but wow it's 11 11. i looked at the

114

00:04:43,510 --> 00:04:41,440

clock and it's 11 11. how nice yeah i

115

00:04:44,710 --> 00:04:43,520

love that so anyway

116

00:04:46,870 --> 00:04:44,720

um

117

00:04:48,230 --> 00:04:46,880

i had this thing and it just stayed in

118

00:04:51,350 --> 00:04:48,240

the background

119

00:04:55,030 --> 00:04:51,360

but the more and this is early i'm i'm

120

00:04:58,710 --> 00:04:55,040

i'm 10 11 12 13 years old and into talk

121

00:05:03,029 --> 00:04:58,720

radio what kid does that at that age and

122

00:05:04,870 --> 00:05:03,039

especially back then so as my

123

00:05:06,550 --> 00:05:04,880

life uh

124

00:05:09,110 --> 00:05:06,560

started to unfold

125

00:05:12,310 --> 00:05:09,120

i ran through the music industry for a

126

00:05:13,189 --> 00:05:12,320

few decades which i i totally enjoyed

127

00:05:18,150 --> 00:05:13,199

and

128

00:05:19,830 --> 00:05:18,160

stuff but

129

00:05:20,629 --> 00:05:19,840

ufos

130

00:05:25,110 --> 00:05:20,639

so

131

00:05:27,590 --> 00:05:25,120

what i did uh growing up i i collected

132

00:05:28,550 --> 00:05:27,600

ufo videos i collected ufo magazines and

133

00:05:30,950 --> 00:05:28,560

books

134

00:05:31,909 --> 00:05:30,960

and and conspiracy stuff

135

00:05:34,070 --> 00:05:31,919

but

136

00:05:35,830 --> 00:05:34,080

and this is the truth

137

00:05:38,070 --> 00:05:35,840

i kept it a secret

138

00:05:40,230 --> 00:05:38,080

you know and i guess that some people

139

00:05:42,310 --> 00:05:40,240

have things that they keep secret i

140

00:05:44,790 --> 00:05:42,320

don't know if it's a porn collection

141

00:05:45,749 --> 00:05:44,800

that you keep locked in a closet or

142

00:05:48,469 --> 00:05:45,759

maybe

143

00:05:50,150 --> 00:05:48,479

you have you love broadway musicals so

144

00:05:52,070 --> 00:05:50,160

you've got a collection of broadway

145

00:05:53,590 --> 00:05:52,080

musical videos whatever it is right yeah

146

00:05:55,430 --> 00:05:53,600

but you've got something that you just

147

00:05:56,550 --> 00:05:55,440

don't talk to other people about which

148

00:05:58,629 --> 00:05:56,560

is okay

149

00:06:00,309 --> 00:05:58,639

for me it was ufos

150

00:06:02,230 --> 00:06:00,319

and it got to the point where and i'm

151

00:06:04,230 --> 00:06:02,240

lugging this stuff around

152

00:06:08,710 --> 00:06:04,240

i mean i just had tons of it but i never

153

00:06:11,510 --> 00:06:08,720

talked to anybody about it and uh when

154

00:06:14,629 --> 00:06:11,520

when art bell surfaced

155

00:06:15,670 --> 00:06:14,639

and the weird part about this uh

156

00:06:18,150 --> 00:06:15,680

journey

157

00:06:21,189 --> 00:06:18,160

was this was happening across the street

158

00:06:22,950 --> 00:06:21,199

from my condo coast to coast it's across

159

00:06:26,309 --> 00:06:22,960

the street from my house

160

00:06:29,430 --> 00:06:26,319

and in sherman oaks california and

161

00:06:31,749 --> 00:06:29,440

and there was something that was planted

162

00:06:34,469 --> 00:06:31,759

in the back of my head

163

00:06:35,830 --> 00:06:34,479

going back to this talk radio thing i'm

164

00:06:38,710 --> 00:06:35,840

gonna do that

165

00:06:40,790 --> 00:06:38,720

right i don't know how it's gonna happen

166

00:06:44,390 --> 00:06:40,800

but i'm gonna host coast to coast

167

00:06:46,150 --> 00:06:44,400

i am going to get into radio i don't

168

00:06:48,710 --> 00:06:46,160

know how to do it i'm in the music

169

00:06:51,589 --> 00:06:48,720

industry i'm my career is fine

170

00:06:54,070 --> 00:06:51,599

but i've got to figure out how i want

171

00:06:56,469 --> 00:06:54,080

this done and it had been planted in my

172

00:06:58,469 --> 00:06:56,479

head since i was a kid so i was always

173

00:07:00,629 --> 00:06:58,479

rehearsing right i'm driving around in

174

00:07:03,510 --> 00:07:00,639

the car that was a bad question i would

175

00:07:04,309 --> 00:07:03,520

have asked this right yeah sports radio

176

00:07:10,629 --> 00:07:04,319

or

177

00:07:12,870 --> 00:07:10,639

was practicing and thinking about

178

00:07:16,469 --> 00:07:12,880

the show that i would do

179

00:07:19,430 --> 00:07:16,479

and uh and then when this whole

180

00:07:20,629 --> 00:07:19,440

universe synchronicity thing with coast

181

00:07:23,029 --> 00:07:20,639

to coast

182

00:07:24,710 --> 00:07:23,039

from my patio i could look at coast to

183

00:07:26,390 --> 00:07:24,720

coast i could look at the building right

184

00:07:29,189 --> 00:07:26,400

it's across the street

185

00:07:32,070 --> 00:07:29,199

and and i used to go on coast and and

186

00:07:33,990 --> 00:07:32,080

say you know i can see my old apartment

187

00:07:35,029 --> 00:07:34,000

from here

188

00:07:38,070 --> 00:07:35,039

true

189

00:07:39,430 --> 00:07:38,080

and um and so that that was it and then

190

00:07:43,430 --> 00:07:39,440

i just had to

191

00:07:46,869 --> 00:07:43,440

uh kind of figure out a way uh to

192

00:07:50,869 --> 00:07:46,879

to get this done and in which i did i i

193

00:07:52,629 --> 00:07:50,879

pulled that off back in 2007 2008 i went

194

00:07:53,909 --> 00:07:52,639

back to school and broadcast and

195

00:07:55,990 --> 00:07:53,919

journalism and

196

00:07:59,029 --> 00:07:56,000

and and learned all the you know the

197

00:08:00,309 --> 00:07:59,039

tools that i would need for this career

198

00:08:02,869 --> 00:08:00,319

path and

199

00:08:05,110 --> 00:08:02,879

and then well the rest they say is is

200

00:08:07,510 --> 00:08:05,120

history and you got a great voice like a

201
00:08:10,710 --> 00:08:07,520
great radio voice great announcer voice

202
00:08:12,390 --> 00:08:10,720
i know that you've narrated as well

203
00:08:14,629 --> 00:08:12,400
did you discover that voice or did you

204
00:08:17,990 --> 00:08:14,639
always just have that always had it oh

205
00:08:19,110 --> 00:08:18,000
yeah got it i i've uh i i can't explain

206
00:08:21,430 --> 00:08:19,120
it

207
00:08:23,029 --> 00:08:21,440
my dad used to have

208
00:08:24,629 --> 00:08:23,039
well all of our parents did this you

209
00:08:26,869 --> 00:08:24,639
know i would have friends come over to

210
00:08:29,510 --> 00:08:26,879
the house and barbecue and whatever

211
00:08:30,390 --> 00:08:29,520
and and so he would

212
00:08:32,389 --> 00:08:30,400
you go

213
00:08:33,750 --> 00:08:32,399

uh this is my son mike you know we're

214

00:08:35,750 --> 00:08:33,760

like five six seven eight years old

215

00:08:39,029 --> 00:08:35,760

that's my son michael yeah

216

00:08:42,389 --> 00:08:39,039

this is my daughter uh carolyn hey this

217

00:08:45,190 --> 00:08:42,399

is my son jimmy what's up

218

00:08:48,070 --> 00:08:45,200

he hit puberty at four years old yeah

219

00:08:50,389 --> 00:08:48,080

what's going on and i hated it i i

220

00:08:51,829 --> 00:08:50,399

obviously i did and i was always

221

00:08:55,190 --> 00:08:51,839

self-conscious

222

00:08:58,949 --> 00:08:55,200

about it my voice is loud it's boomy

223

00:09:01,750 --> 00:08:58,959

i can't tone it down i i can't i it the

224

00:09:03,110 --> 00:09:01,760

lower i get in volume the deeper my

225

00:09:05,829 --> 00:09:03,120

voice gets

226

00:09:07,110 --> 00:09:05,839

the louder that i get i can get into a

227

00:09:09,430 --> 00:09:07,120

higher pitch

228

00:09:10,949 --> 00:09:09,440

you know if i'm excited and the high the

229

00:09:12,870 --> 00:09:10,959

higher pitch

230

00:09:14,870 --> 00:09:12,880

is like uh

231

00:09:16,150 --> 00:09:14,880

you know it's not that much

232

00:09:19,350 --> 00:09:16,160

not that much

233

00:09:21,110 --> 00:09:19,360

but yeah i've had this uh since uh i was

234

00:09:23,269 --> 00:09:21,120

i was born with it yeah

235

00:09:25,509 --> 00:09:23,279

and so you get around to actually

236

00:09:28,870 --> 00:09:25,519

hosting uh you were a fill-in host for

237

00:09:30,710 --> 00:09:28,880

coast to coast from 2014 to 2020.

238

00:09:32,150 --> 00:09:30,720

so you finally get to do that what was

239

00:09:34,389 --> 00:09:32,160

that moment when you first stepped

240

00:09:35,910 --> 00:09:34,399

inside the studio and

241

00:09:39,110 --> 00:09:35,920

had to do this for the first time that

242

00:09:42,070 --> 00:09:39,120

must have been monumental for you

243

00:09:45,030 --> 00:09:42,080

of course it was um and it was a big

244

00:09:47,590 --> 00:09:45,040

deal but i mentally i was prepared for

245

00:09:49,750 --> 00:09:47,600

it for a long time and

246

00:09:51,190 --> 00:09:49,760

i had already been doing you know radio

247

00:09:54,630 --> 00:09:51,200

for a while

248

00:09:56,310 --> 00:09:54,640

so in some respects um it's just another

249

00:09:57,190 --> 00:09:56,320

gig right and you have to treat it that

250

00:09:58,389 --> 00:09:57,200

way

251
00:10:00,310 --> 00:09:58,399
and then

252
00:10:03,110 --> 00:10:00,320
the reality is

253
00:10:04,630 --> 00:10:03,120
as i'm watching the clock wind down i'm

254
00:10:07,670 --> 00:10:04,640
about to go

255
00:10:09,430 --> 00:10:07,680
and this is coast to coast a.m holy crap

256
00:10:12,790 --> 00:10:09,440
man am i really gonna say these you know

257
00:10:14,230 --> 00:10:12,800
so yeah you know and uh i

258
00:10:16,710 --> 00:10:14,240
i think that

259
00:10:19,350 --> 00:10:16,720
uh and looking back i've never listened

260
00:10:21,509 --> 00:10:19,360
to any of the shows i did on coast

261
00:10:23,350 --> 00:10:21,519
um and you do that for a reason you know

262
00:10:25,269 --> 00:10:23,360
you just don't want to go and

263
00:10:27,509 --> 00:10:25,279

tarnish the way that you're

264

00:10:28,310 --> 00:10:27,519

trying to do things and freak yourself

265

00:10:29,670 --> 00:10:28,320

out

266

00:10:33,110 --> 00:10:29,680

but um

267

00:10:35,430 --> 00:10:33,120

probably the first couple of shows uh i

268

00:10:38,389 --> 00:10:35,440

was there was some nerves there there

269

00:10:40,470 --> 00:10:38,399

has to be you're speaking to a very

270

00:10:43,590 --> 00:10:40,480

large audience and

271

00:10:46,790 --> 00:10:43,600

um and so back then knowing

272

00:10:49,910 --> 00:10:46,800

that it's the same thing with um

273

00:10:51,190 --> 00:10:49,920

if you're stepping out on stage um

274

00:10:51,990 --> 00:10:51,200

uh

275

00:10:54,630 --> 00:10:52,000

to

276

00:10:56,630 --> 00:10:54,640

a hundred thousand people at an arena

277

00:10:59,030 --> 00:10:56,640

of course right there's a certain

278

00:11:00,790 --> 00:10:59,040

anxiety that is involved there there is

279

00:11:01,590 --> 00:11:00,800

no matter how many of those that you've

280

00:11:04,710 --> 00:11:01,600

done

281

00:11:07,509 --> 00:11:04,720

but there's also a tremendous amount of

282

00:11:10,069 --> 00:11:07,519

anxiety if you're stepping out on to a

283

00:11:12,150 --> 00:11:10,079

club stage with 20 people there right

284

00:11:16,550 --> 00:11:12,160

and then in some cases that may be even

285

00:11:19,590 --> 00:11:16,560

more intense than going out uh you know

286

00:11:20,470 --> 00:11:19,600

onto the big stage like coast to coast

287

00:11:22,949 --> 00:11:20,480

so

288

00:11:24,949 --> 00:11:22,959

yeah you know and and i hope everybody

289

00:11:27,670 --> 00:11:24,959

can appreciate the difference

290

00:11:33,030 --> 00:11:27,680

um with coast to coast

291

00:11:33,910 --> 00:11:33,040

um or any uh fcc type of regulated uh

292

00:11:35,590 --> 00:11:33,920

live

293

00:11:36,550 --> 00:11:35,600

radio broadcast

294

00:11:41,430 --> 00:11:36,560

you

295

00:11:44,710 --> 00:11:41,440

right as subjects

296

00:11:46,389 --> 00:11:44,720

um and things and you have advertisers

297

00:11:49,190 --> 00:11:46,399

that are there and

298

00:11:51,670 --> 00:11:49,200

and you are representing

299

00:11:53,750 --> 00:11:51,680

uh a company like you know uh

300

00:11:54,629 --> 00:11:53,760

iheartradio right

301

00:11:57,430 --> 00:11:54,639

um

302

00:12:00,389 --> 00:11:57,440

premier networks where you are

303

00:12:02,470 --> 00:12:00,399

constantly censoring yourself

304

00:12:04,710 --> 00:12:02,480

it's constant you can't

305

00:12:06,949 --> 00:12:04,720

you can't there's not one mistake you're

306

00:12:11,190 --> 00:12:06,959

not allowed to do that so you're in a

307

00:12:14,150 --> 00:12:11,200

constant censorship but with um a

308

00:12:16,310 --> 00:12:14,160

self-censorship with with fade to black

309

00:12:18,790 --> 00:12:16,320

or other things i don't have to worry

310

00:12:20,389 --> 00:12:18,800

about that and not only that but on fade

311

00:12:22,870 --> 00:12:20,399

to black it's

312

00:12:25,750 --> 00:12:22,880

it's my show i own it

313

00:12:27,269 --> 00:12:25,760

and therefore i can bring on the guests

314

00:12:29,190 --> 00:12:27,279

that i want to bring on i can ask the

315

00:12:31,670 --> 00:12:29,200

questions that i want to ask i can do

316

00:12:33,269 --> 00:12:31,680

whatever i want to do and there is no

317

00:12:36,550 --> 00:12:33,279

self-censorship

318

00:12:39,829 --> 00:12:36,560

so stepping into coast that was the

319

00:12:41,590 --> 00:12:39,839

dynamic the difference between what i

320

00:12:43,910 --> 00:12:41,600

normally do during the week and then

321

00:12:45,829 --> 00:12:43,920

coast to coast on the weekends where i

322

00:12:49,190 --> 00:12:45,839

would have two

323

00:12:51,509 --> 00:12:49,200

uh different performances right one

324

00:12:53,190 --> 00:12:51,519

i am constantly thinking about

325

00:12:56,230 --> 00:12:53,200

the mistake that's about to come out of

326

00:12:59,670 --> 00:12:56,240

my mouth and and preventing that

327

00:13:00,470 --> 00:12:59,680

um and and still staying interesting

328

00:13:04,470 --> 00:13:00,480

and

329

00:13:06,069 --> 00:13:04,480

it's just freedom of thought right it

330

00:13:08,550 --> 00:13:06,079

just it just comes out in a different

331

00:13:10,790 --> 00:13:08,560

way um now

332

00:13:12,389 --> 00:13:10,800

uh coast to coast

333

00:13:14,550 --> 00:13:12,399

for me

334

00:13:16,470 --> 00:13:14,560

um and people ask me about this all the

335

00:13:18,230 --> 00:13:16,480

time and they want to know about coast

336

00:13:22,069 --> 00:13:18,240

and it was great and george and i are

337

00:13:24,389 --> 00:13:22,079

friends to this day and and yes i left

338

00:13:25,670 --> 00:13:24,399

um and i left on my own terms for my own

339

00:13:27,750 --> 00:13:25,680

reasons but

340

00:13:30,230 --> 00:13:27,760

um we're still friends and i just

341

00:13:31,590 --> 00:13:30,240

introduced george a few months ago at a

342

00:13:33,509 --> 00:13:31,600

conference and

343

00:13:34,470 --> 00:13:33,519

and and that was great hanging out with

344

00:13:36,230 --> 00:13:34,480

him

345

00:13:39,509 --> 00:13:36,240

and things are fine but

346

00:13:41,829 --> 00:13:39,519

but here's the deal for me

347

00:13:45,030 --> 00:13:41,839

i wanted coast to coast

348

00:13:47,030 --> 00:13:45,040

uh to represent its legacy

349

00:13:48,470 --> 00:13:47,040

that's what i was there to do i was

350

00:13:49,269 --> 00:13:48,480

there to

351

00:13:51,189 --> 00:13:49,279

uh

352

00:13:54,629 --> 00:13:51,199

to give everybody

353

00:13:56,389 --> 00:13:54,639

uh what they were expecting from coast

354

00:13:58,550 --> 00:13:56,399

right right what what what

355

00:14:01,910 --> 00:13:58,560

why are they there

356

00:14:03,590 --> 00:14:01,920

they're there because of the feelings

357

00:14:05,509 --> 00:14:03,600

that they got from coast over the years

358

00:14:08,629 --> 00:14:05,519

right that's why they're there and i

359

00:14:11,269 --> 00:14:08,639

wanted to try to to get to that special

360

00:14:13,910 --> 00:14:11,279

little moment that we all had in years

361

00:14:15,829 --> 00:14:13,920

past and i wanted to carry on the legacy

362

00:14:18,629 --> 00:14:15,839

and and that was it and that was i

363

00:14:21,269 --> 00:14:18,639

really enjoyed it uh for the five seven

364

00:14:23,509 --> 00:14:21,279

years i think six years seven years yeah

365

00:14:26,389 --> 00:14:23,519

that i was there it was a lot of fun

366

00:14:28,790 --> 00:14:26,399

i was just discussing these uap ufo

367

00:14:31,350 --> 00:14:28,800

topics let's say a decade ago when there

368

00:14:33,269 --> 00:14:31,360

was a lot more stigma and pre-tic tac

369

00:14:35,509 --> 00:14:33,279

video era there seems to be a little bit

370

00:14:37,110 --> 00:14:35,519

of a mini disclosure that's at least

371

00:14:38,949 --> 00:14:37,120

made it easier for people to talk about

372

00:14:41,110 --> 00:14:38,959

in the last five years but like how do

373

00:14:42,550 --> 00:14:41,120

you find it back in the day did people

374

00:14:44,470 --> 00:14:42,560

think you were nuts in your own inner

375

00:14:47,829 --> 00:14:44,480

circle like man you host a show talking

376
00:14:49,350 --> 00:14:47,839
about supernatural esoteric time travel

377
00:14:51,110 --> 00:14:49,360
like how has that changed has that

378
00:14:52,629 --> 00:14:51,120
improved or what was that like yeah

379
00:14:55,990 --> 00:14:52,639
that's a great question and of course

380
00:14:56,829 --> 00:14:56,000
it's changed certainly right but

381
00:15:02,310 --> 00:14:56,839
but

382
00:15:06,150 --> 00:15:04,310
i'm just can i be straight can can we

383
00:15:08,550 --> 00:15:06,160
just walk 100 percent

384
00:15:10,470 --> 00:15:08,560
tell everyone this is a safe place let's

385
00:15:11,910 --> 00:15:10,480
have it

386
00:15:13,750 --> 00:15:11,920
let's go

387
00:15:14,470 --> 00:15:13,760
is this um

388
00:15:17,269 --> 00:15:14,480

we

389

00:15:18,389 --> 00:15:17,279

the ufo community and and people like

390

00:15:19,269 --> 00:15:18,399

myself

391

00:15:20,069 --> 00:15:19,279

um

392

00:15:22,710 --> 00:15:20,079

were

393

00:15:23,670 --> 00:15:22,720

screaming from the tops of the hills

394

00:15:25,430 --> 00:15:23,680

right

395

00:15:28,949 --> 00:15:25,440

wanting recognition

396

00:15:32,790 --> 00:15:28,959

wanting people to engage whether it was

397

00:15:35,269 --> 00:15:32,800

the military or governments or science

398

00:15:37,030 --> 00:15:35,279

you know look at us we have that we've

399

00:15:39,509 --> 00:15:37,040

seen we've got we

400

00:15:40,949 --> 00:15:39,519

let's let's talk about this right and we

401
00:15:42,470 --> 00:15:40,959
were frustrated

402
00:15:43,910 --> 00:15:42,480
and now

403
00:15:44,870 --> 00:15:43,920
it's different

404
00:15:47,030 --> 00:15:44,880
now

405
00:15:48,870 --> 00:15:47,040
the man is talking about it right yeah

406
00:15:52,069 --> 00:15:48,880
now we've got senate hearings now we've

407
00:15:55,990 --> 00:15:52,079
got uh all of the media engaged we've

408
00:15:58,230 --> 00:15:56,000
got harvard and universities and nasa

409
00:16:01,670 --> 00:15:58,240
and fast radio bursts and

410
00:16:04,550 --> 00:16:01,680
and everybody wants to talk about it now

411
00:16:06,870 --> 00:16:04,560
and i'm not so sure if it's a good thing

412
00:16:10,230 --> 00:16:06,880
it used to be our own little yeah you

413
00:16:12,069 --> 00:16:10,240

know private world and and and us

414

00:16:14,710 --> 00:16:12,079

against the man and you know shea

415

00:16:15,829 --> 00:16:14,720

guevara right yeah and and it was it was

416

00:16:18,150 --> 00:16:15,839

cool

417

00:16:20,069 --> 00:16:18,160

and and now right be careful what you

418

00:16:22,790 --> 00:16:20,079

wish for right you kind of like right

419

00:16:24,430 --> 00:16:22,800

back into it because they don't

420

00:16:26,230 --> 00:16:24,440

necessarily

421

00:16:29,430 --> 00:16:26,240

understand

422

00:16:31,030 --> 00:16:29,440

you know and and to have a senator or a

423

00:16:34,069 --> 00:16:31,040

representative

424

00:16:35,269 --> 00:16:34,079

or a spokesperson you know at the at the

425

00:16:38,150 --> 00:16:35,279

pentagon

426
00:16:40,470 --> 00:16:38,160
or even some of the newer people to the

427
00:16:42,949 --> 00:16:40,480
ufo subject

428
00:16:46,470 --> 00:16:42,959
they haven't spent the 10

429
00:16:48,470 --> 00:16:46,480
20 30 40 50 years in the subject like

430
00:16:51,829 --> 00:16:48,480
many of us in the ufo community have

431
00:16:54,310 --> 00:16:51,839
where we have a very deep understanding

432
00:16:55,670 --> 00:16:54,320
of different cases in the historical

433
00:16:57,670 --> 00:16:55,680
record

434
00:16:59,509 --> 00:16:57,680
and coming into it new

435
00:17:02,069 --> 00:16:59,519
you're asking questions and wondering

436
00:17:03,350 --> 00:17:02,079
about things from a very fresh

437
00:17:06,150 --> 00:17:03,360
perspective

438
00:17:08,870 --> 00:17:06,160

and you may not understand and so now

439

00:17:10,949 --> 00:17:08,880

even though it is being discussed it's

440

00:17:12,870 --> 00:17:10,959

frustrating us because

441

00:17:15,350 --> 00:17:12,880

we're saying that's the wrong question

442

00:17:18,710 --> 00:17:15,360

you're doing the wrong thing you need to

443

00:17:21,829 --> 00:17:18,720

focus on this over here what about this

444

00:17:25,669 --> 00:17:21,839

and and so it's like baby steps all over

445

00:17:29,029 --> 00:17:25,679

again where we wanted this action right

446

00:17:33,510 --> 00:17:29,039

the action is happening but it may be

447

00:17:35,750 --> 00:17:33,520

uh not what we had wanted so yeah i i

448

00:17:39,029 --> 00:17:35,760

kind of enjoy the old days uh just a

449

00:17:41,350 --> 00:17:39,039

little bit i'm glad we're uh we're where

450

00:17:43,750 --> 00:17:41,360

we are at right now but

451

00:17:46,630 --> 00:17:43,760

kind of miss the old days when it was us

452

00:17:48,870 --> 00:17:46,640

against the world yeah do you have an

453

00:17:51,110 --> 00:17:48,880

example of that like uh you know what we

454

00:17:53,110 --> 00:17:51,120

should be focusing on versus what a lot

455

00:17:54,470 --> 00:17:53,120

of us are like i mean there's a lot of

456

00:17:57,029 --> 00:17:54,480

different theories too like it's

457

00:17:59,430 --> 00:17:57,039

disinformation it's it's like a data

458

00:18:01,110 --> 00:17:59,440

dump there's so much info out there now

459

00:18:02,710 --> 00:18:01,120

trying to find anything legitimate is

460

00:18:05,029 --> 00:18:02,720

difficult so what are your thoughts on

461

00:18:08,549 --> 00:18:05,039

that well yeah and and we're always

462

00:18:10,950 --> 00:18:08,559

going to be up against that but um

463

00:18:12,310 --> 00:18:10,960

one thing is for sure

464

00:18:14,950 --> 00:18:12,320

i believe

465

00:18:16,549 --> 00:18:14,960

no i know i'm going to say this

466

00:18:19,510 --> 00:18:16,559

this is a fact

467

00:18:21,110 --> 00:18:19,520

that um all of the agencies

468

00:18:23,590 --> 00:18:21,120

pick one

469

00:18:24,549 --> 00:18:23,600

all of the branches of the military pick

470

00:18:28,150 --> 00:18:24,559

one

471

00:18:31,110 --> 00:18:28,160

uh most of the state actors around the

472

00:18:33,190 --> 00:18:31,120

world it doesn't matter what country

473

00:18:37,110 --> 00:18:33,200

you want to point at whether it's

474

00:18:38,870 --> 00:18:37,120

south america or europe or or asia

475

00:18:41,029 --> 00:18:38,880

africa

476

00:18:43,029 --> 00:18:41,039

everybody's been collecting

477

00:18:47,029 --> 00:18:43,039

this data so

478

00:18:50,630 --> 00:18:47,039

they are sitting on all kinds of stuff

479

00:18:51,590 --> 00:18:50,640

now are they in direct contact

480

00:18:54,630 --> 00:18:51,600

maybe

481

00:18:57,110 --> 00:18:54,640

right now i'm talking about all of them

482

00:18:59,510 --> 00:18:57,120

or some of them in direct contact yeah

483

00:19:01,990 --> 00:18:59,520

yeah absolutely they would have to be

484

00:19:05,190 --> 00:19:02,000

and then when we just look at our

485

00:19:07,029 --> 00:19:05,200

government itself and those agencies

486

00:19:09,990 --> 00:19:07,039

they've been collecting data

487

00:19:11,350 --> 00:19:10,000

for seven since radar was invented in

488

00:19:13,830 --> 00:19:11,360

world war ii

489

00:19:16,310 --> 00:19:13,840

they've been collecting data since film

490

00:19:19,190 --> 00:19:16,320

was invented they've been collecting

491

00:19:21,669 --> 00:19:19,200

data so they've been sitting on this for

492

00:19:24,950 --> 00:19:21,679

a long time

493

00:19:27,830 --> 00:19:24,960

releasing that to the public look

494

00:19:29,909 --> 00:19:27,840

we all know and it's like you know

495

00:19:33,510 --> 00:19:29,919

kicking a dead horse here but

496

00:19:35,350 --> 00:19:33,520

uh those three videos that were released

497

00:19:38,549 --> 00:19:35,360

by the pentagon however they were

498

00:19:41,350 --> 00:19:38,559

released to the public are crap they

499

00:19:45,350 --> 00:19:41,360

don't show anything yeah and

500

00:19:46,870 --> 00:19:45,360

and if there wasn't a ufo tag put on

501
00:19:49,350 --> 00:19:46,880
those videos

502
00:19:51,590 --> 00:19:49,360
would you say ufo

503
00:19:53,909 --> 00:19:51,600
right would you no if you're led down

504
00:19:56,710 --> 00:19:53,919
the road of ufo because

505
00:19:58,310 --> 00:19:56,720
there is a suggestion of you if then

506
00:19:59,909 --> 00:19:58,320
you're going to look at it you're going

507
00:20:02,630 --> 00:19:59,919
to say okay yeah that's strange

508
00:20:05,590 --> 00:20:02,640
otherwise they don't show anything

509
00:20:08,390 --> 00:20:05,600
so yeah that data is there

510
00:20:10,870 --> 00:20:08,400
and and will they release it how much do

511
00:20:12,390 --> 00:20:10,880
they they know everything you know and

512
00:20:13,909 --> 00:20:12,400
when you have

513
00:20:16,310 --> 00:20:13,919

um uh

514

00:20:19,270 --> 00:20:16,320

when you ask me is there an example of

515

00:20:23,430 --> 00:20:19,280

this the example is is right in front of

516

00:20:25,270 --> 00:20:23,440

us when at the ufo hearing and the uap

517

00:20:27,029 --> 00:20:25,280

task force report

518

00:20:29,590 --> 00:20:27,039

um when you

519

00:20:32,310 --> 00:20:29,600

legitimately say

520

00:20:34,310 --> 00:20:32,320

we know for a fact it's not us and it's

521

00:20:37,830 --> 00:20:34,320

not russia it's not china it's not an

522

00:20:40,390 --> 00:20:37,840

adversary we know this as fact that's

523

00:20:42,710 --> 00:20:40,400

what it says in the report so we know

524

00:20:44,310 --> 00:20:42,720

that we can take this off of the table

525

00:20:46,870 --> 00:20:44,320

well wait a minute

526

00:20:49,750 --> 00:20:46,880

if it's not us i'm talking about planet

527

00:20:52,470 --> 00:20:49,760

earth right yeah not us

528

00:20:53,750 --> 00:20:52,480

then what's going on so they create the

529

00:20:56,230 --> 00:20:53,760

other bin

530

00:20:58,549 --> 00:20:56,240

right so conveniently they can lump

531

00:21:01,669 --> 00:20:58,559

everything in there well it's it's a

532

00:21:03,990 --> 00:21:01,679

really really easy question to answer

533

00:21:08,310 --> 00:21:04,000

it's either from this planet

534

00:21:11,029 --> 00:21:08,320

or it is not yeah there is no gray area

535

00:21:13,750 --> 00:21:11,039

there yeah and and that's it so that's

536

00:21:16,950 --> 00:21:13,760

the evidence you know they want to say

537

00:21:17,669 --> 00:21:16,960

that they can't answer uh they they need

538

00:21:19,750 --> 00:21:17,679

to

539

00:21:22,149 --> 00:21:19,760

go and investigate this further but

540

00:21:25,029 --> 00:21:22,159

obviously if you're saying it's not

541

00:21:27,190 --> 00:21:25,039

russia it's not china it's not us that

542

00:21:29,190 --> 00:21:27,200

it is an other ben well i think that

543

00:21:31,549 --> 00:21:29,200

question is answered you know it's how

544

00:21:33,590 --> 00:21:31,559

much further we take this and i think in

545

00:21:36,390 --> 00:21:33,600

2022 there's other hearings that are

546

00:21:37,190 --> 00:21:36,400

about to happen we just heard about nasa

547

00:21:39,110 --> 00:21:37,200

and

548

00:21:41,669 --> 00:21:39,120

uh they're putting their team together

549

00:21:43,669 --> 00:21:41,679

which was interesting uh we can circle

550

00:21:45,669 --> 00:21:43,679

back to that if you want but i think

551
00:21:48,070 --> 00:21:45,679
that 2022

552
00:21:52,230 --> 00:21:48,080
is is shaping up to be a a pretty

553
00:21:55,270 --> 00:21:52,240
incredible year do we cross the line

554
00:21:57,110 --> 00:21:55,280
right i think the senators

555
00:21:59,190 --> 00:21:57,120
senator the representatives in the

556
00:22:01,590 --> 00:21:59,200
hearing uh

557
00:22:04,470 --> 00:22:01,600
the majority of them didn't want to talk

558
00:22:06,310 --> 00:22:04,480
about drones they they simply didn't

559
00:22:09,750 --> 00:22:06,320
they kept pushing it you know circling

560
00:22:12,710 --> 00:22:09,760
it back uh uh with bray and moultrie

561
00:22:15,350 --> 00:22:12,720
uh to the e.t question yeah and uh i

562
00:22:16,870 --> 00:22:15,360
think it was representative welch um

563
00:22:18,230 --> 00:22:16,880

there were some great moments in that

564

00:22:20,789 --> 00:22:18,240

hearing people want to talk about

565

00:22:21,830 --> 00:22:20,799

gallagher and and timber chat and that

566

00:22:23,830 --> 00:22:21,840

was great

567

00:22:25,510 --> 00:22:23,840

but uh i think it was representative

568

00:22:28,789 --> 00:22:25,520

welsh for me

569

00:22:30,710 --> 00:22:28,799

that uh was so strong because he

570

00:22:32,710 --> 00:22:30,720

literally went there

571

00:22:35,190 --> 00:22:32,720

he didn't

572

00:22:37,830 --> 00:22:35,200

you know what i mean so often nobody

573

00:22:39,830 --> 00:22:37,840

wants to say the words right right they

574

00:22:42,950 --> 00:22:39,840

don't want to say the word and welch

575

00:22:45,350 --> 00:22:42,960

goes hey okay so uh what about e.t what

576
00:22:47,350 --> 00:22:45,360
about extraterrestrials the universe is

577
00:22:49,909 --> 00:22:47,360
a big place there's a lot of stuff going

578
00:22:52,549 --> 00:22:49,919
on are they here

579
00:22:55,190 --> 00:22:52,559
you know and and so we got the

580
00:22:57,990 --> 00:22:55,200
flapping jaws if you remember

581
00:22:59,669 --> 00:22:58,000
from bray moultrie and then welch came

582
00:23:01,830 --> 00:22:59,679
back with okay

583
00:23:03,510 --> 00:23:01,840
so are we gonna discuss e.t and

584
00:23:05,990 --> 00:23:03,520
extraterrestrials

585
00:23:08,230 --> 00:23:06,000
in the classified briefing later on this

586
00:23:10,390 --> 00:23:08,240
afternoon yeah and i thought man that

587
00:23:12,870 --> 00:23:10,400
was glorious you know and that was

588
00:23:15,110 --> 00:23:12,880

somebody that that is generally

589

00:23:18,789 --> 00:23:15,120

interested in this i don't want to talk

590

00:23:21,190 --> 00:23:18,799

about drones this is a ufo hearing i

591

00:23:23,350 --> 00:23:21,200

want to talk about what's going on uh

592

00:23:24,390 --> 00:23:23,360

out there and it was just it was

593

00:23:26,149 --> 00:23:24,400

wonderful

594

00:23:28,310 --> 00:23:26,159

it felt like it was just a hearing for

595

00:23:29,990 --> 00:23:28,320

the sake of doing it like i heard ross

596

00:23:32,070 --> 00:23:30,000

coldhard when he was on your show and he

597

00:23:35,430 --> 00:23:32,080

was even saying that you know

598

00:23:37,669 --> 00:23:35,440

the video they chose was the grainiest

599

00:23:39,909 --> 00:23:37,679

piece of [h__h] video they could have ever

600

00:23:41,830 --> 00:23:39,919

picked out and they even had to rewind

601
00:23:43,750 --> 00:23:41,840
it and everyone's asking like okay can

602
00:23:45,909 --> 00:23:43,760
can you point out what exactly we're

603
00:23:47,590 --> 00:23:45,919
supposed to be seeing in this video so

604
00:23:49,590 --> 00:23:47,600
yeah i mean it even

605
00:23:51,669 --> 00:23:49,600
released the atip or the gimbal or the

606
00:23:53,750 --> 00:23:51,679
go fast those are military sanctioned

607
00:23:55,190 --> 00:23:53,760
videos and even though they're not that

608
00:23:57,669 --> 00:23:55,200
great they're still better than the

609
00:23:59,909 --> 00:23:57,679
videos they chose to put in the hearing

610
00:24:01,669 --> 00:23:59,919
so for me i'm excited about the idea of

611
00:24:03,669 --> 00:24:01,679
future hearings but if it's going to be

612
00:24:05,430 --> 00:24:03,679
more of the same like

613
00:24:07,909 --> 00:24:05,440

i'm you know it's just we're not really

614

00:24:09,269 --> 00:24:07,919

getting that disclosure that we really

615

00:24:12,390 --> 00:24:09,279

are looking for and maybe it's just

616

00:24:13,830 --> 00:24:12,400

impatience on an enthusiast's behalf but

617

00:24:15,510 --> 00:24:13,840

it just felt to me like you want a

618

00:24:17,990 --> 00:24:15,520

meeting here's your meeting we looked

619

00:24:21,190 --> 00:24:18,000

into it this is the best we got you know

620

00:24:22,230 --> 00:24:21,200

really nothing to it yeah but but louie

621

00:24:24,310 --> 00:24:22,240

is it

622

00:24:25,909 --> 00:24:24,320

what's the alternative

623

00:24:27,750 --> 00:24:25,919

no well they could just keep silent like

624

00:24:30,870 --> 00:24:27,760

they always have too right so and and

625

00:24:34,230 --> 00:24:30,880

that and that's not the the right way to

626
00:24:35,510 --> 00:24:34,240
go and no matter what look we were all

627
00:24:38,310 --> 00:24:35,520
frustrated

628
00:24:41,269 --> 00:24:38,320
okay and i totally get that but there

629
00:24:43,830 --> 00:24:41,279
had to be a first hearing yep you know

630
00:24:45,430 --> 00:24:43,840
and and here's the here's my other

631
00:24:47,669 --> 00:24:45,440
concern with that

632
00:24:48,630 --> 00:24:47,679
if what if everything happened in the

633
00:24:50,149 --> 00:24:48,640
hearing

634
00:24:52,789 --> 00:24:50,159
whatever what if it all happened dude we

635
00:24:55,430 --> 00:24:52,799
got cool we got crash saucers we've got

636
00:24:57,830 --> 00:24:55,440
dead bodies we've got live et's we

637
00:24:59,990 --> 00:24:57,840
interview them every day we're talking

638
00:25:02,070 --> 00:25:00,000

we've got a radio signal with zeta

639

00:25:03,990 --> 00:25:02,080

reticuli and we know what's going you

640

00:25:05,750 --> 00:25:04,000

know if everything happened in that

641

00:25:07,269 --> 00:25:05,760

hearing there wouldn't be another

642

00:25:08,870 --> 00:25:07,279

hearing would there

643

00:25:10,470 --> 00:25:08,880

right and we would have sat back and

644

00:25:12,870 --> 00:25:10,480

went wow that was pretty cool okay i

645

00:25:14,470 --> 00:25:12,880

guess we don't need any more of that

646

00:25:19,510 --> 00:25:14,480

you have to

647

00:25:22,789 --> 00:25:19,520

have somebody like timber chet and and

648

00:25:26,549 --> 00:25:22,799

others step up and go okay all right

649

00:25:29,029 --> 00:25:26,559

uh we need more that wasn't enough

650

00:25:30,950 --> 00:25:29,039

and and that's that's that's the part of

651
00:25:33,350 --> 00:25:30,960
this where no matter who you are in the

652
00:25:35,590 --> 00:25:33,360
ufo community if you were happy with the

653
00:25:37,750 --> 00:25:35,600
hearing if you weren't happy with it you

654
00:25:40,149 --> 00:25:37,760
have to sit here and say okay this is a

655
00:25:42,710 --> 00:25:40,159
first step this is the first hearing now

656
00:25:45,590 --> 00:25:42,720
we need to have many more and the other

657
00:25:46,470 --> 00:25:45,600
part and that's that's me i mean we have

658
00:25:48,870 --> 00:25:46,480
to

659
00:25:51,190 --> 00:25:48,880
uh you know keep our foot on the gas but

660
00:25:52,870 --> 00:25:51,200
here's the other part and and i'm glad

661
00:25:55,990 --> 00:25:52,880
you brought up ross

662
00:25:58,630 --> 00:25:56,000
because ross and i dived into a section

663
00:26:01,590 --> 00:25:58,640

in that um that interview

664

00:26:03,750 --> 00:26:01,600
which i think is is very important

665

00:26:05,590 --> 00:26:03,760
the the issue

666

00:26:08,149 --> 00:26:05,600
of et

667

00:26:10,070 --> 00:26:08,159
visiting this planet

668

00:26:11,590 --> 00:26:10,080
that's just a general statement

669

00:26:15,029 --> 00:26:11,600
underneath that

670

00:26:16,070 --> 00:26:15,039
there is probably an infinite array of

671

00:26:17,549 --> 00:26:16,080
issues

672

00:26:23,029 --> 00:26:17,559
infinite

673

00:26:24,549 --> 00:26:23,039
from energy and propulsion

674

00:26:25,909 --> 00:26:24,559
and anti-gravity

675

00:26:27,430 --> 00:26:25,919
uh to

676

00:26:31,190 --> 00:26:27,440

abductions

677

00:26:34,230 --> 00:26:31,200

uh to not only um other tech but what

678

00:26:37,269 --> 00:26:34,240

about lawsuits what about other secrets

679

00:26:38,950 --> 00:26:37,279

what about the weaponization of space

680

00:26:41,110 --> 00:26:38,960

um

681

00:26:43,110 --> 00:26:41,120

and underneath that the next thing you

682

00:26:45,110 --> 00:26:43,120

know it's the peeling back

683

00:26:46,710 --> 00:26:45,120

there there needs to be

684

00:26:48,710 --> 00:26:46,720

specialized

685

00:26:50,149 --> 00:26:48,720

focused hearings

686

00:26:52,070 --> 00:26:50,159

one that is going to talk about

687

00:26:54,070 --> 00:26:52,080

exoplanets and one that is going to talk

688

00:26:56,149 --> 00:26:54,080

about health issues one that's going to

689

00:26:58,470 --> 00:26:56,159

talk about communication well you know

690

00:27:01,269 --> 00:26:58,480

what i mean and and and that's how you

691

00:27:03,510 --> 00:27:01,279

branch this out you can't do everything

692

00:27:05,909 --> 00:27:03,520

in one 90-minute hearing

693

00:27:08,310 --> 00:27:05,919

um so that's why i'm happy about the

694

00:27:10,789 --> 00:27:08,320

hearing i'm happy that it happened

695

00:27:13,350 --> 00:27:10,799

um i'm excited about the future

696

00:27:16,789 --> 00:27:13,360

um did i throw up my hands during that

697

00:27:18,549 --> 00:27:16,799

hearing 30 or 40 times going come on man

698

00:27:21,830 --> 00:27:18,559

yeah of course i did

699

00:27:25,269 --> 00:27:21,840

yeah i did um but i'm excited that it

700

00:27:27,590 --> 00:27:25,279

happened and and just that

701
00:27:29,190 --> 00:27:27,600
that that that moment

702
00:27:32,710 --> 00:27:29,200
um i think it's one of the most

703
00:27:35,029 --> 00:27:32,720
important times in in in modern history

704
00:27:37,990 --> 00:27:35,039
if not in all of history

705
00:27:40,630 --> 00:27:38,000
that this issue is now being officially

706
00:27:42,870 --> 00:27:40,640
discussed in a public forum there was an

707
00:27:44,149 --> 00:27:42,880
uh i'll make this really quick last

708
00:27:45,029 --> 00:27:44,159
summer

709
00:27:47,350 --> 00:27:45,039
um

710
00:27:49,350 --> 00:27:47,360
i thought was one of the biggest moments

711
00:27:50,870 --> 00:27:49,360
of my life

712
00:27:53,590 --> 00:27:50,880
watching

713
00:27:55,430 --> 00:27:53,600

press conference live i'm in the bunker

714

00:27:57,029 --> 00:27:55,440

watching press conference

715

00:27:59,190 --> 00:27:57,039

and uh

716

00:28:00,630 --> 00:27:59,200

what was her name pasaki right she's up

717

00:28:02,789 --> 00:28:00,640

there and

718

00:28:04,710 --> 00:28:02,799

out of uh so this

719

00:28:06,950 --> 00:28:04,720

this report raises its hands about the

720

00:28:08,870 --> 00:28:06,960

uap task force report

721

00:28:09,990 --> 00:28:08,880

raises his hand

722

00:28:12,230 --> 00:28:10,000

and uh

723

00:28:13,110 --> 00:28:12,240

it says so what about the ufos whatever

724

00:28:15,190 --> 00:28:13,120

right

725

00:28:17,669 --> 00:28:15,200

and and to have

726

00:28:19,669 --> 00:28:17,679

ufos

727

00:28:23,510 --> 00:28:19,679

on the podium

728

00:28:25,430 --> 00:28:23,520

of the press room of the white house

729

00:28:26,389 --> 00:28:25,440

said

730

00:28:28,549 --> 00:28:26,399

right

731

00:28:31,750 --> 00:28:28,559

big deal yeah

732

00:28:33,909 --> 00:28:31,760

and uh i i got out my cell phone man i'm

733

00:28:36,389 --> 00:28:33,919

just like taping the screen right now

734

00:28:38,070 --> 00:28:36,399

like oh my this is great say it again

735

00:28:39,990 --> 00:28:38,080

say it again say it again

736

00:28:43,590 --> 00:28:40,000

and uh that was a big deal

737

00:28:44,710 --> 00:28:43,600

and so yes these are crazy crazy fun

738

00:28:47,430 --> 00:28:44,720

times

739

00:28:49,669 --> 00:28:47,440

and although that ufo hearing may not

740

00:28:52,310 --> 00:28:49,679

have been everything to everybody

741

00:28:54,310 --> 00:28:52,320

um it's just the first of many

742

00:28:56,230 --> 00:28:54,320

the one that shocked me because we have

743

00:28:58,149 --> 00:28:56,240

you know canada starting to wake up to

744

00:29:00,710 --> 00:28:58,159

this issue as well there's uh larry

745

00:29:02,230 --> 00:29:00,720

maguire and another lady as well and the

746

00:29:03,510 --> 00:29:02,240

canadian politics are trying to push

747

00:29:05,510 --> 00:29:03,520

forward

748

00:29:08,230 --> 00:29:05,520

what's going on over canadian skies and

749

00:29:10,630 --> 00:29:08,240

over our nuclear facilities and all that

750

00:29:12,310 --> 00:29:10,640

jazz not that we have a lot of them um

751
00:29:14,630 --> 00:29:12,320
but even the canadian military is

752
00:29:16,070 --> 00:29:14,640
starting to pick up on this paul hellyer

753
00:29:17,990 --> 00:29:16,080
was ahead of his time i think because

754
00:29:20,149 --> 00:29:18,000
he's been calling out that something's

755
00:29:21,750 --> 00:29:20,159
been going on for quite some time

756
00:29:24,310 --> 00:29:21,760
and then it was also that and i'm bad

757
00:29:27,029 --> 00:29:24,320
with names jimmy but uh that

758
00:29:28,470 --> 00:29:27,039
general in his israel that uh ran the

759
00:29:29,590 --> 00:29:28,480
space program

760
00:29:30,950 --> 00:29:29,600
isham

761
00:29:32,549 --> 00:29:30,960
oh my god do you know his name that's

762
00:29:34,230 --> 00:29:32,559
yeah man yeah

763
00:29:35,750 --> 00:29:34,240

that's what we have you on louie yeah

764

00:29:37,830 --> 00:29:35,760

yeah he's the guy that said there was

765

00:29:40,070 --> 00:29:37,840

like an intergalactic federation we're

766

00:29:42,950 --> 00:29:40,080

all in communication and this is all old

767

00:29:44,950 --> 00:29:42,960

news yeah which to me is like whew

768

00:29:46,710 --> 00:29:44,960

because paul was saying something's in

769

00:29:48,310 --> 00:29:46,720

it very similar to that

770

00:29:49,830 --> 00:29:48,320

and now you've seen articles come out

771

00:29:51,990 --> 00:29:49,840

that there might be some races that

772

00:29:53,669 --> 00:29:52,000

don't have our best interests at heart

773

00:29:55,750 --> 00:29:53,679

and all that sort of stuff i mean my

774

00:29:57,990 --> 00:29:55,760

facebook is inundated and flooded with

775

00:30:00,070 --> 00:29:58,000

this sort of stuff but when you hear

776

00:30:01,590 --> 00:30:00,080

stuff like that you know that's been

777

00:30:03,510 --> 00:30:01,600

going on for quite some times that put

778

00:30:04,789 --> 00:30:03,520

us at the bottom of the totem pole

779

00:30:06,310 --> 00:30:04,799

really if you think about it because we

780

00:30:08,389 --> 00:30:06,320

don't have the technology that these

781

00:30:10,549 --> 00:30:08,399

things have and you're right like it

782

00:30:13,750 --> 00:30:10,559

does have major implications on our

783

00:30:15,750 --> 00:30:13,760

species like you mentioned technology

784

00:30:17,269 --> 00:30:15,760

health-wise what you know what can

785

00:30:18,870 --> 00:30:17,279

happen to our health can we live longer

786

00:30:19,830 --> 00:30:18,880

than we do

787

00:30:21,590 --> 00:30:19,840

even

788

00:30:23,990 --> 00:30:21,600

health issues louis and i have covered

789

00:30:25,830 --> 00:30:24,000

that with uh orbs and uh close

790

00:30:28,149 --> 00:30:25,840

encounters some people end up with

791

00:30:30,470 --> 00:30:28,159

health issues really rare diseases that

792

00:30:32,630 --> 00:30:30,480

they end up with so yes it does bring

793

00:30:34,149 --> 00:30:32,640

about a lot of questions uh into that

794

00:30:35,750 --> 00:30:34,159

but what is your thought

795

00:30:37,350 --> 00:30:35,760

on that like if do you think there's

796

00:30:39,590 --> 00:30:37,360

could be a federation on there do you

797

00:30:40,549 --> 00:30:39,600

think it's still just a mystery it could

798

00:30:42,630 --> 00:30:40,559

just be

799

00:30:44,870 --> 00:30:42,640

one visitation from one species because

800

00:30:46,950 --> 00:30:44,880

there seems to be a lot of different

801
00:30:49,350 --> 00:30:46,960
things being mentioned here right so i

802
00:30:51,430 --> 00:30:49,360
think that might be part of disclosure

803
00:30:53,190 --> 00:30:51,440
that's so hard to handle is that

804
00:30:56,789 --> 00:30:53,200
there's a lot of them

805
00:30:58,070 --> 00:30:56,799
yes and uh that's a great question and a

806
00:31:01,110 --> 00:30:58,080
great point

807
00:31:02,470 --> 00:31:01,120
um it's a numbers game

808
00:31:06,230 --> 00:31:02,480
pure and simple

809
00:31:07,590 --> 00:31:06,240
so if we take out let's just take out

810
00:31:10,630 --> 00:31:07,600
uh

811
00:31:12,470 --> 00:31:10,640
my friends that are palladian or

812
00:31:13,990 --> 00:31:12,480
whatever right right take all of that

813
00:31:16,470 --> 00:31:14,000

off of the table for a second let's just

814

00:31:18,470 --> 00:31:16,480

talk about numbers

815

00:31:22,230 --> 00:31:18,480

we now know

816

00:31:24,789 --> 00:31:22,240

and this is science talking this isn't

817

00:31:28,789 --> 00:31:24,799

crazy-ass jimmy church this is

818

00:31:29,750 --> 00:31:28,799

this is science that in our own milky

819

00:31:31,830 --> 00:31:29,760

way

820

00:31:34,310 --> 00:31:31,840

that we have

821

00:31:36,870 --> 00:31:34,320

in excess of 40

822

00:31:39,029 --> 00:31:36,880

billion earth-like planets with water in

823

00:31:42,870 --> 00:31:39,039

the goldilocks zone

824

00:31:44,630 --> 00:31:42,880

40 billion wow probably

825

00:31:47,029 --> 00:31:44,640

a hundred

826
00:31:48,710 --> 00:31:47,039
or more

827
00:31:51,269 --> 00:31:48,720
every star

828
00:31:53,430 --> 00:31:51,279
when you walk out in your backyard and

829
00:31:56,230 --> 00:31:53,440
you look up at the sky

830
00:31:58,870 --> 00:31:56,240
every star that you see

831
00:32:00,710 --> 00:31:58,880
has at least one planet

832
00:32:03,430 --> 00:32:00,720
every one

833
00:32:05,669 --> 00:32:03,440
so it's a numbers game yeah it's a

834
00:32:09,029 --> 00:32:05,679
numbers game so if that is the where we

835
00:32:10,710 --> 00:32:09,039
have one trillion stars just in our

836
00:32:14,070 --> 00:32:10,720
milky way

837
00:32:15,990 --> 00:32:14,080
one trillion stars that's at least one

838
00:32:18,070 --> 00:32:16,000

trillion planets does

839

00:32:21,110 --> 00:32:18,080

does everybody understand how big of a

840

00:32:22,710 --> 00:32:21,120

number a trillion is that's a thousand

841

00:32:24,149 --> 00:32:22,720

billions yes

842

00:32:25,110 --> 00:32:24,159

okay so

843

00:32:26,149 --> 00:32:25,120

that that

844

00:32:28,149 --> 00:32:26,159

it's it's

845

00:32:30,230 --> 00:32:28,159

it's a numbers it's an astronomical

846

00:32:31,190 --> 00:32:30,240

number that we cannot wrap our head

847

00:32:33,669 --> 00:32:31,200

around

848

00:32:36,310 --> 00:32:33,679

now if you take

849

00:32:38,789 --> 00:32:36,320

uh and and and let's let's remember that

850

00:32:39,909 --> 00:32:38,799

25 years ago you know how many planets

851
00:32:42,789 --> 00:32:39,919
were out there

852
00:32:45,269 --> 00:32:42,799
you said powers

853
00:32:47,029 --> 00:32:45,279
zero we were still wondering we were

854
00:32:49,990 --> 00:32:47,039
still hoping to find our first one

855
00:32:53,269 --> 00:32:50,000
that's 25 years ago today

856
00:32:56,389 --> 00:32:53,279
40 billion just in our milky way

857
00:32:58,950 --> 00:32:56,399
that are earth-like not gas giants right

858
00:33:01,029 --> 00:32:58,960
earth-like rocky planets with water on

859
00:33:02,870 --> 00:33:01,039
them in the goldilocks zone in other

860
00:33:05,350 --> 00:33:02,880
words other earths

861
00:33:07,750 --> 00:33:05,360
okay now out of that

862
00:33:09,830 --> 00:33:07,760
you cannot stop life on earth we've

863
00:33:10,710 --> 00:33:09,840

tried we've tried to kill ourselves a

864

00:33:12,549 --> 00:33:10,720

lot

865

00:33:15,350 --> 00:33:12,559

and we've tried to wipe everything out

866

00:33:18,470 --> 00:33:15,360

here a lot we've had five maybe six

867

00:33:20,549 --> 00:33:18,480

extinction events here on this planet

868

00:33:23,029 --> 00:33:20,559

and what happened immediately after that

869

00:33:25,029 --> 00:33:23,039

life flourished new species

870

00:33:27,990 --> 00:33:25,039

we can't stop life here

871

00:33:30,149 --> 00:33:28,000

if there are 40 billion earth-like

872

00:33:33,350 --> 00:33:30,159

planets like that out there it's the

873

00:33:35,830 --> 00:33:33,360

same situation going on there you cannot

874

00:33:38,870 --> 00:33:35,840

stop life so now let's just take this

875

00:33:40,149 --> 00:33:38,880

one step further and let's get to today

876
00:33:42,070 --> 00:33:40,159
out of that

877
00:33:42,950 --> 00:33:42,080
how many have

878
00:33:50,070 --> 00:33:42,960
life

879
00:33:53,430 --> 00:33:50,080
how many have advanced beyond us right

880
00:33:56,870 --> 00:33:53,440
right okay the the the universe is a big

881
00:34:00,310 --> 00:33:56,880
place it's 95 billion light years across

882
00:34:02,230 --> 00:34:00,320
in the observable what we know about 95

883
00:34:05,909 --> 00:34:02,240
billion light years across

884
00:34:07,350 --> 00:34:05,919
we have only us earthlings we've only

885
00:34:09,589 --> 00:34:07,360
gone like

886
00:34:12,149 --> 00:34:09,599
four hours

887
00:34:13,030 --> 00:34:12,159
away from our planet

888
00:34:18,829 --> 00:34:13,040

four

889

00:34:21,750 --> 00:34:18,839

all right and i'm talking about

890

00:34:24,149 --> 00:34:21,760

voyager as far as us

891

00:34:27,030 --> 00:34:24,159

now 95 billion light years across and

892

00:34:29,750 --> 00:34:27,040

we've only gone four hours away

893

00:34:31,750 --> 00:34:29,760

and if uh humans

894

00:34:33,750 --> 00:34:31,760

that's voyager but humans how far have

895

00:34:35,589 --> 00:34:33,760

we gone away from the planet

896

00:34:37,109 --> 00:34:35,599

we've walked to the end of the driveway

897

00:34:39,990 --> 00:34:37,119

to check the mail

898

00:34:43,190 --> 00:34:40,000

that's how far we've left our planet but

899

00:34:45,190 --> 00:34:43,200

if you are a little more advanced than

900

00:34:46,629 --> 00:34:45,200

us let's talk about those 40 billion

901
00:34:49,190 --> 00:34:46,639
planets again

902
00:34:51,750 --> 00:34:49,200
how many how many civilizations out

903
00:34:53,589 --> 00:34:51,760
there if you take a fraction of 40

904
00:34:54,629 --> 00:34:53,599
billion you have to remember each

905
00:34:57,349 --> 00:34:54,639
billion

906
00:35:01,030 --> 00:34:57,359
is a thousand million okay we're talking

907
00:35:03,750 --> 00:35:01,040
about huge numbers right so and we throw

908
00:35:06,390 --> 00:35:03,760
around a billion so often like it's just

909
00:35:07,589 --> 00:35:06,400
oh it's just a billion that's a thousand

910
00:35:10,069 --> 00:35:07,599
million

911
00:35:11,829 --> 00:35:10,079
okay so let's we got to keep this in

912
00:35:12,710 --> 00:35:11,839
perspective

913
00:35:16,870 --> 00:35:12,720

so

914

00:35:20,230 --> 00:35:16,880

let's say we take a tenth of a percent

915

00:35:22,390 --> 00:35:20,240

of 40 billion tenth of a percent

916

00:35:23,750 --> 00:35:22,400

it's kind of small number right we're

917

00:35:27,190 --> 00:35:23,760

talking about

918

00:35:29,750 --> 00:35:27,200

a million civilizations

919

00:35:32,470 --> 00:35:29,760

advanced beyond us

920

00:35:35,109 --> 00:35:32,480

in our milky way it and and that i'm

921

00:35:38,390 --> 00:35:35,119

telling you i'm being very conservative

922

00:35:40,550 --> 00:35:38,400

now what do we do here we're out looking

923

00:35:42,630 --> 00:35:40,560

every day for more exoplanets we're

924

00:35:44,310 --> 00:35:42,640

sending out probes we're trying to

925

00:35:45,990 --> 00:35:44,320

figure this out we want to know we're

926
00:35:47,829 --> 00:35:46,000
looking for fast radio bursts we're

927
00:35:50,230 --> 00:35:47,839
searching for life we've just launched

928
00:35:52,710 --> 00:35:50,240
the james webb space telescope what is

929
00:35:54,150 --> 00:35:52,720
it doing it's now we can look at the

930
00:35:57,190 --> 00:35:54,160
atmospheres

931
00:36:00,470 --> 00:35:57,200
of exoplanets a million light years away

932
00:36:02,150 --> 00:36:00,480
from earth that's crazy technology right

933
00:36:04,790 --> 00:36:02,160
well if we

934
00:36:06,470 --> 00:36:04,800
if we have a million civilizations in

935
00:36:08,550 --> 00:36:06,480
our milky way

936
00:36:10,230 --> 00:36:08,560
more advanced than us

937
00:36:14,790 --> 00:36:10,240
than they know

938
00:36:21,510 --> 00:36:18,230

we are a beautiful blue gem

939

00:36:24,150 --> 00:36:21,520

just glowing you can see the life you

940

00:36:26,870 --> 00:36:24,160

can see the oxygen and water and carbon

941

00:36:27,829 --> 00:36:26,880

dioxide and and everything else on this

942

00:36:29,030 --> 00:36:27,839

planet

943

00:36:31,030 --> 00:36:29,040

from

944

00:36:33,510 --> 00:36:31,040

millions of light years away we stand

945

00:36:35,349 --> 00:36:33,520

out just like what we are trying to do

946

00:36:38,390 --> 00:36:35,359

we're trying to seek out planets like

947

00:36:42,150 --> 00:36:38,400

ours so they've been aware of us for a

948

00:36:44,310 --> 00:36:42,160

very long time and and that's it and

949

00:36:47,430 --> 00:36:44,320

they've been visiting here it's not one

950

00:36:50,550 --> 00:36:47,440

it's not two it's thousands right it's

951
00:36:52,870 --> 00:36:50,560
thousands and uh one last thing then uh

952
00:36:55,030 --> 00:36:52,880
we'll roll on to uh the next topic i'm

953
00:36:57,430 --> 00:36:55,040
very passionate about this

954
00:37:00,630 --> 00:36:57,440
if we have

955
00:37:03,670 --> 00:37:00,640
billions of earth-like planets

956
00:37:05,750 --> 00:37:03,680
how much time does it take

957
00:37:08,550 --> 00:37:05,760
to investigate each one

958
00:37:11,109 --> 00:37:08,560
and it's kind of like star trek oh

959
00:37:12,950 --> 00:37:11,119
here's a this is an uncharted planet uh

960
00:37:15,030 --> 00:37:12,960
we know nothing about it well they do a

961
00:37:17,190 --> 00:37:15,040
drive-by they check it out they log it

962
00:37:18,790 --> 00:37:17,200
and they go i mean you're not going to

963
00:37:21,750 --> 00:37:18,800

hang out there for a couple of weeks

964

00:37:23,349 --> 00:37:21,760

you've got another 39 billion planets to

965

00:37:27,030 --> 00:37:23,359

try to

966

00:37:29,030 --> 00:37:27,040

report on and travel to and investigate

967

00:37:31,750 --> 00:37:29,040

you're not going to spend so how many of

968

00:37:34,230 --> 00:37:31,760

these thousands tens of thousands of

969

00:37:37,589 --> 00:37:34,240

of etc's out there extraterrestrial

970

00:37:39,349 --> 00:37:37,599

civilizations um uh stop by here but

971

00:37:40,150 --> 00:37:39,359

never come back

972

00:37:42,470 --> 00:37:40,160

right

973

00:37:44,230 --> 00:37:42,480

it's it's it's just a numbers game and

974

00:37:46,950 --> 00:37:44,240

that's the only way to look at it and

975

00:37:49,109 --> 00:37:46,960

here's the other uh a little small

976
00:37:51,030 --> 00:37:49,119
comment i want to make

977
00:37:53,349 --> 00:37:51,040
in the

978
00:37:55,030 --> 00:37:53,359
english dictionary in webster's

979
00:37:56,710 --> 00:37:55,040
dictionary

980
00:37:58,790 --> 00:37:56,720
i'll pose this question to the both of

981
00:38:00,950 --> 00:37:58,800
you i'm going to let you take a guess

982
00:38:03,430 --> 00:38:00,960
how many words are in the

983
00:38:04,630 --> 00:38:03,440
webster's dictionary

984
00:38:07,589 --> 00:38:04,640
louie

985
00:38:08,550 --> 00:38:07,599
26 000

986
00:38:10,870 --> 00:38:08,560
next

987
00:38:12,630 --> 00:38:10,880
uh i'm gonna say about

988
00:38:15,510 --> 00:38:12,640

a hundred thousand

989

00:38:16,470 --> 00:38:15,520

better 175 000

990

00:38:18,790 --> 00:38:16,480

okay

991

00:38:21,349 --> 00:38:18,800

book is this thick

992

00:38:26,950 --> 00:38:24,230

there are a trillion stars

993

00:38:29,670 --> 00:38:26,960

in the milky way

994

00:38:31,670 --> 00:38:29,680

that have to be named numbered cataloged

995

00:38:33,510 --> 00:38:31,680

how big is that book

996

00:38:36,069 --> 00:38:33,520

there are another

997

00:38:39,109 --> 00:38:36,079

uh trillion planets

998

00:38:40,790 --> 00:38:39,119

there's 40 billion

999

00:38:42,870 --> 00:38:40,800

earth-like planets

1000

00:38:44,230 --> 00:38:42,880

how big of a database are we talking

1001
00:38:46,230 --> 00:38:44,240
about here

1002
00:38:49,270 --> 00:38:46,240
just put wrap your head just in our

1003
00:38:51,829 --> 00:38:49,280
milky way there's another at least one

1004
00:38:54,550 --> 00:38:51,839
trillion of us out there

1005
00:38:57,670 --> 00:38:54,560
and the numbers exponentially grow right

1006
00:39:00,870 --> 00:38:57,680
from there so how much of this database

1007
00:39:02,950 --> 00:39:00,880
is there and how long does it take to go

1008
00:39:05,990 --> 00:39:02,960
and catalog

1009
00:39:08,390 --> 00:39:06,000
every single star

1010
00:39:10,550 --> 00:39:08,400
and multiply that out by billions of

1011
00:39:12,950 --> 00:39:10,560
galaxies the zeros just get mind

1012
00:39:14,790 --> 00:39:12,960
boggling trillions of games trillions

1013
00:39:17,109 --> 00:39:14,800

yeah that we know of we don't have a

1014

00:39:20,069 --> 00:39:17,119

clue right no we don't

1015

00:39:22,390 --> 00:39:20,079

we don't we don't and and uh

1016

00:39:24,710 --> 00:39:22,400

i keep saying i'll stop

1017

00:39:26,550 --> 00:39:24,720

don't don't stop stop

1018

00:39:28,630 --> 00:39:26,560

here's the thing

1019

00:39:31,750 --> 00:39:28,640

we we know that the universe is

1020

00:39:34,230 --> 00:39:31,760

expanding and it's expanding at at a

1021

00:39:35,430 --> 00:39:34,240

greater rate every day if that speed is

1022

00:39:37,670 --> 00:39:35,440

increasing

1023

00:39:40,630 --> 00:39:37,680

and we know what the speed of light is

1024

00:39:42,710 --> 00:39:40,640

right okay so um e equals $m c$ squared

1025

00:39:45,270 --> 00:39:42,720

and all of that stuff so

1026

00:39:48,470 --> 00:39:45,280

uh the universe is

1027

00:39:50,550 --> 00:39:48,480

expanding at a certain point

1028

00:39:52,870 --> 00:39:50,560

at the speed of light

1029

00:39:55,270 --> 00:39:52,880

and then on the outside of that it is

1030

00:39:57,109 --> 00:39:55,280

faster than the speed of light that's a

1031

00:39:58,870 --> 00:39:57,119

pretty crazy nothing's supposed to go

1032

00:40:01,510 --> 00:39:58,880

faster than the speed of light right

1033

00:40:04,790 --> 00:40:01,520

right but at that horizon

1034

00:40:06,870 --> 00:40:04,800

out here and remember i mentioned 95

1035

00:40:09,190 --> 00:40:06,880

you know million light years across a

1036

00:40:11,270 --> 00:40:09,200

billion light years across that is

1037

00:40:13,190 --> 00:40:11,280

the uh

1038

00:40:14,950 --> 00:40:13,200

observable universe

1039

00:40:17,990 --> 00:40:14,960

but outside of that

1040

00:40:20,150 --> 00:40:18,000

everything is falling off of the horizon

1041

00:40:22,630 --> 00:40:20,160

we don't see it we don't know

1042

00:40:25,190 --> 00:40:22,640

we don't know what is out there that it

1043

00:40:28,309 --> 00:40:25,200

was created and has expanded how many

1044

00:40:30,069 --> 00:40:28,319

galaxies and we will never know right we

1045

00:40:32,390 --> 00:40:30,079

will never

1046

00:40:34,230 --> 00:40:32,400

you know they say never say never well

1047

00:40:36,230 --> 00:40:34,240

in this case i'm telling you

1048

00:40:39,430 --> 00:40:36,240

we will never

1049

00:40:42,150 --> 00:40:39,440

ever know so when we talk about the

1050

00:40:45,109 --> 00:40:42,160

universe and trillions of galaxies and

1051
00:40:47,430 --> 00:40:45,119
each galaxy have trillions of stars this

1052
00:40:49,910 --> 00:40:47,440
is just what we can observe

1053
00:40:52,870 --> 00:40:49,920
everything else uh beyond that is is

1054
00:40:54,470 --> 00:40:52,880
theory guesswork and your opinion is is

1055
00:40:57,670 --> 00:40:54,480
just as valid as

1056
00:40:57,680 --> 00:41:02,630
yeah he's anti uh anti-ufo anti-uap

1057
00:41:08,150 --> 00:41:05,670
he's in for a crazy awakening

1058
00:41:10,069 --> 00:41:08,160
he's bill nye the science guy i used to

1059
00:41:11,589 --> 00:41:10,079
like that guy growing up and then i saw

1060
00:41:13,510 --> 00:41:11,599
him trying to be a debunker and it's

1061
00:41:15,349 --> 00:41:13,520
like you know what screw you bill nye i

1062
00:41:17,109 --> 00:41:15,359
don't like you anymore thank you for my

1063
00:41:19,030 --> 00:41:17,119

childhood but i'm not no longer

1064

00:41:20,950 --> 00:41:19,040

following you get me out of trouble and

1065

00:41:22,870 --> 00:41:20,960

i learned about insects but i'm not such

1066

00:41:25,589 --> 00:41:22,880

a fan anymore right right i will never

1067

00:41:27,349 --> 00:41:25,599

wear a bow tie yeah yeah

1068

00:41:30,230 --> 00:41:27,359

ever

1069

00:41:31,750 --> 00:41:30,240

so with the nasa uh recently getting

1070

00:41:33,030 --> 00:41:31,760

involved inside the game do you think

1071

00:41:35,270 --> 00:41:33,040

that's gonna

1072

00:41:36,790 --> 00:41:35,280

amount to anything like is nasa going to

1073

00:41:39,430 --> 00:41:36,800

beat the government when it comes down

1074

00:41:41,030 --> 00:41:39,440

to investigating ufos are they simply

1075

00:41:43,750 --> 00:41:41,040

putting on a front right now showing

1076

00:41:45,670 --> 00:41:43,760

that they're trying to look for ufos

1077

00:41:47,910 --> 00:41:45,680

like what are your thoughts on

1078

00:41:48,870 --> 00:41:47,920

this whole new venture that nasa's on

1079

00:41:51,750 --> 00:41:48,880

yeah

1080

00:41:53,270 --> 00:41:51,760

i think nasa had to take a a a public

1081

00:41:56,150 --> 00:41:53,280

stance on this

1082

00:41:57,670 --> 00:41:56,160

um they are the civilian space agency

1083

00:42:00,550 --> 00:41:57,680

right and and

1084

00:42:03,270 --> 00:42:00,560

and the scrutiny is is certainly going

1085

00:42:06,230 --> 00:42:03,280

to be on them to a certain degree

1086

00:42:08,069 --> 00:42:06,240

just like it is on the nsa and the cia

1087

00:42:12,150 --> 00:42:08,079

and the navy and the branches of the

1088

00:42:14,790 --> 00:42:12,160

military for sure um but that being said

1089

00:42:18,390 --> 00:42:14,800

bill nelson the administrator of nasa a

1090

00:42:21,750 --> 00:42:18,400

few months ago an extraordinary moment

1091

00:42:23,589 --> 00:42:21,760

he was being interviewed uh by

1092

00:42:25,349 --> 00:42:23,599

the politics department of the

1093

00:42:27,190 --> 00:42:25,359

university i think it was university of

1094

00:42:29,670 --> 00:42:27,200

virginia if i'm

1095

00:42:31,270 --> 00:42:29,680

i could be wrong but east coast school

1096

00:42:33,990 --> 00:42:31,280

and it was it was live it was a live

1097

00:42:37,430 --> 00:42:34,000

stream and the last ten this is just the

1098

00:42:39,829 --> 00:42:37,440

politics of nasa negotiating washington

1099

00:42:41,910 --> 00:42:39,839

dc that's what this interview was about

1100

00:42:44,470 --> 00:42:41,920

but at the end uh

1101
00:42:46,309 --> 00:42:44,480
bill nelson took 10 minutes to talk

1102
00:42:48,870 --> 00:42:46,319
about e.t

1103
00:42:50,470 --> 00:42:48,880
right and and he made some pretty

1104
00:42:53,430 --> 00:42:50,480
extraordinary

1105
00:42:55,270 --> 00:42:53,440
um you know when he was

1106
00:42:58,470 --> 00:42:55,280
do they ever cross the line well

1107
00:42:59,430 --> 00:42:58,480
actually he did he did cross the line

1108
00:43:00,630 --> 00:42:59,440
and

1109
00:43:01,990 --> 00:43:00,640
um

1110
00:43:03,750 --> 00:43:02,000
now

1111
00:43:06,230 --> 00:43:03,760
what bill's position he's the

1112
00:43:09,349 --> 00:43:06,240
administrator of nasa right and that's

1113
00:43:10,870 --> 00:43:09,359

by the way his position the boss of nasa

1114

00:43:13,990 --> 00:43:10,880

is called the administrator not the

1115

00:43:16,069 --> 00:43:14,000

director right the ceo he's the

1116

00:43:17,990 --> 00:43:16,079

administrator nonetheless

1117

00:43:20,470 --> 00:43:18,000

um he he

1118

00:43:23,430 --> 00:43:20,480

he said some pretty extraordinary things

1119

00:43:25,430 --> 00:43:23,440

the position that nasa spoke about this

1120

00:43:29,270 --> 00:43:25,440

week was a different one

1121

00:43:31,030 --> 00:43:29,280

they started off this presentation

1122

00:43:32,309 --> 00:43:31,040

which was about other subjects but then

1123

00:43:35,109 --> 00:43:32,319

they announced

1124

00:43:36,230 --> 00:43:35,119

uh the formation of this group

1125

00:43:39,030 --> 00:43:36,240

they said that

1126

00:43:40,950 --> 00:43:39,040

uaps are not et

1127

00:43:42,309 --> 00:43:40,960

right they started off with that blanket

1128

00:43:44,550 --> 00:43:42,319

statement

1129

00:43:46,309 --> 00:43:44,560

and that's pretty interesting how you

1130

00:43:47,829 --> 00:43:46,319

start your research in your

1131

00:43:50,550 --> 00:43:47,839

investigation

1132

00:43:52,790 --> 00:43:50,560

with an answer yeah with an absolute

1133

00:43:54,630 --> 00:43:52,800

yeah yeah and i i thought that was a bit

1134

00:43:56,950 --> 00:43:54,640

strange and it was also

1135

00:43:59,990 --> 00:43:56,960

the opposite of of bill nelson's a

1136

00:44:02,390 --> 00:44:00,000

position on this uh but here's here's

1137

00:44:03,349 --> 00:44:02,400

where i think it gets very curious

1138

00:44:04,630 --> 00:44:03,359

um

1139

00:44:06,230 --> 00:44:04,640

nasa

1140

00:44:09,589 --> 00:44:06,240

along with you know things like the

1141

00:44:11,750 --> 00:44:09,599

james webb and tess and and others

1142

00:44:14,309 --> 00:44:11,760

hubble other space telescopes they've

1143

00:44:17,349 --> 00:44:14,319

been looking at this for a very long

1144

00:44:19,030 --> 00:44:17,359

time but it doesn't just rest with that

1145

00:44:21,670 --> 00:44:19,040

they have

1146

00:44:25,109 --> 00:44:21,680

many sensor and information gathering

1147

00:44:28,069 --> 00:44:25,119

satellites uh in position around earth

1148

00:44:30,309 --> 00:44:28,079

what have they tracked right what have

1149

00:44:32,550 --> 00:44:30,319

they tracked approaching earth what have

1150

00:44:34,630 --> 00:44:32,560

they tracked uh

1151
00:44:38,069 --> 00:44:34,640
entering our atmosphere

1152
00:44:40,710 --> 00:44:38,079
and uh do they track these objects going

1153
00:44:42,790 --> 00:44:40,720
to the ground and it could be

1154
00:44:45,750 --> 00:44:42,800
uh the reason for a lot of this well you

1155
00:44:48,390 --> 00:44:45,760
know asteroids meteors meteorites

1156
00:44:50,069 --> 00:44:48,400
right okay comet fragments

1157
00:44:51,589 --> 00:44:50,079
well yeah you're going to trade well the

1158
00:44:53,750 --> 00:44:51,599
same exact

1159
00:44:55,910 --> 00:44:53,760
technology and sensor equipment for all

1160
00:44:57,670 --> 00:44:55,920
of that like omuamua

1161
00:45:00,309 --> 00:44:57,680
um is is

1162
00:45:02,390 --> 00:45:00,319
is just based on natural occurrences and

1163
00:45:03,510 --> 00:45:02,400

and so you have the ability to track

1164

00:45:06,950 --> 00:45:03,520

anything

1165

00:45:08,550 --> 00:45:06,960

so what is it that they know

1166

00:45:10,230 --> 00:45:08,560

for them to take that position

1167

00:45:12,630 --> 00:45:10,240

immediately that

1168

00:45:13,990 --> 00:45:12,640

um it's not e.t and there's nothing

1169

00:45:15,750 --> 00:45:14,000

going on out there we're going to look

1170

00:45:18,550 --> 00:45:15,760

at other occurrences for this and

1171

00:45:19,670 --> 00:45:18,560

natural phenomena is the wrong position

1172

00:45:22,069 --> 00:45:19,680

to take

1173

00:45:24,309 --> 00:45:22,079

and i just found that very very

1174

00:45:26,390 --> 00:45:24,319

interesting because it was the opposite

1175

00:45:27,510 --> 00:45:26,400

of what bill nelson stated a few months

1176

00:45:28,950 --> 00:45:27,520

ago

1177

00:45:32,390 --> 00:45:28,960

yeah spoke with

1178

00:45:33,670 --> 00:45:32,400

dr kevin knuth and he i asked him like

1179

00:45:36,470 --> 00:45:33,680

what was this

1180

00:45:38,390 --> 00:45:36,480

idea at nasa about ufos and he says it's

1181

00:45:40,550 --> 00:45:38,400

probably the furthest place

1182

00:45:43,829 --> 00:45:40,560

you can possibly get from the subject of

1183

00:45:46,230 --> 00:45:43,839

uaps or ufos is at nasa like nobody

1184

00:45:47,670 --> 00:45:46,240

really thinks about it talks about it so

1185

00:45:50,710 --> 00:45:47,680

this change

1186

00:45:52,230 --> 00:45:50,720

uh recently in the news about nasa is a

1187

00:45:53,430 --> 00:45:52,240

great change and you think of all

1188

00:45:55,030 --> 00:45:53,440

agencies

1189

00:45:57,190 --> 00:45:55,040

it would be that agency that would have

1190

00:45:59,349 --> 00:45:57,200

the most invested interest in finding

1191

00:46:01,270 --> 00:45:59,359

out if anything's coming to visit us so

1192

00:46:03,349 --> 00:46:01,280

for them to have said you know stay mom

1193

00:46:05,510 --> 00:46:03,359

for so long to have not said anything

1194

00:46:08,150 --> 00:46:05,520

for so long right and now getting into

1195

00:46:10,309 --> 00:46:08,160

the game that's like like you said 2022

1196

00:46:12,470 --> 00:46:10,319

shaping up to be a great year for

1197

00:46:15,670 --> 00:46:12,480

ufp disclosure or at least the start of

1198

00:46:18,390 --> 00:46:15,680

it well i like kevin he's a very smart

1199

00:46:19,670 --> 00:46:18,400

guy but um i disagree with this

1200

00:46:22,710 --> 00:46:19,680

statement

1201

00:46:23,990 --> 00:46:22,720

i think that everybody on this planet

1202

00:46:25,589 --> 00:46:24,000

except for

1203

00:46:29,670 --> 00:46:25,599

neil degrasse tyson i think that

1204

00:46:31,910 --> 00:46:29,680

everybody on this planet wonders about

1205

00:46:34,309 --> 00:46:31,920

uh what's going on out there and if we

1206

00:46:36,150 --> 00:46:34,319

are alone in the universe it's just in a

1207

00:46:38,630 --> 00:46:36,160

general position

1208

00:46:42,870 --> 00:46:38,640

yeah and then underneath that

1209

00:46:45,510 --> 00:46:42,880

um and this includes uh the the staff

1210

00:46:47,270 --> 00:46:45,520

over at nasa in any position i don't

1211

00:46:49,829 --> 00:46:47,280

care if you're a janitor

1212

00:46:52,950 --> 00:46:49,839

or if you're a astrophysicist or if

1213

00:46:55,829 --> 00:46:52,960

you're an engineer working on engines

1214

00:46:58,630 --> 00:46:55,839

um and motors

1215

00:47:01,670 --> 00:46:58,640

wonders about this and it is discussed

1216

00:47:04,230 --> 00:47:01,680

all the time whether it's you know

1217

00:47:06,470 --> 00:47:04,240

somebody like fermi some astrophysicist

1218

00:47:08,470 --> 00:47:06,480

over lunch going okay

1219

00:47:10,390 --> 00:47:08,480

there's tons of life out there where is

1220

00:47:12,870 --> 00:47:10,400

everybody this this is a conversation

1221

00:47:14,870 --> 00:47:12,880

that happens all the time so to say that

1222

00:47:16,790 --> 00:47:14,880

nobody at nasa is interested in this and

1223

00:47:18,550 --> 00:47:16,800

they don't discuss this no i think it's

1224

00:47:21,670 --> 00:47:18,560

the exact opposite

1225

00:47:24,870 --> 00:47:21,680

um they would here is the deal

1226

00:47:27,750 --> 00:47:24,880

and this is a fact and

1227

00:47:29,910 --> 00:47:27,760

and kevin i love you but listen to my

1228

00:47:32,950 --> 00:47:29,920

words right now

1229

00:47:34,390 --> 00:47:32,960

nasa has always struggled for funding

1230

00:47:37,589 --> 00:47:34,400

always

1231

00:47:39,990 --> 00:47:37,599

they need more and they need more today

1232

00:47:42,069 --> 00:47:40,000

the one thing that would guarantee

1233

00:47:44,790 --> 00:47:42,079

funding for nasa

1234

00:47:46,630 --> 00:47:44,800

till the end of time

1235

00:47:49,349 --> 00:47:46,640

is e.t

1236

00:47:50,829 --> 00:47:49,359

and so if if the one thing that would

1237

00:47:53,030 --> 00:47:50,839

benefit

1238

00:47:54,309 --> 00:47:53,040

nasa is

1239

00:47:56,230 --> 00:47:54,319

e.t

1240

00:47:57,510 --> 00:47:56,240

they would have all the funding they

1241

00:47:59,589 --> 00:47:57,520

they would have

1242

00:48:01,430 --> 00:47:59,599

more money than they could spend

1243

00:48:02,630 --> 00:48:01,440

every single project that they've ever

1244

00:48:05,589 --> 00:48:02,640

wanted to do

1245

00:48:09,030 --> 00:48:05,599

every rocket every probe every manned

1246

00:48:10,710 --> 00:48:09,040

mission anything interstellar craft

1247

00:48:13,589 --> 00:48:10,720

whatever they wanted they would have the

1248

00:48:15,670 --> 00:48:13,599

funding for it so to say that they're

1249

00:48:18,549 --> 00:48:15,680

not in ho ho ho

1250

00:48:21,270 --> 00:48:18,559

they understand the importance of that

1251

00:48:23,270 --> 00:48:21,280

you want to build a city on the moon you

1252

00:48:24,549 --> 00:48:23,280

want to build a city on mars like

1253

00:48:26,630 --> 00:48:24,559

tomorrow

1254

00:48:28,069 --> 00:48:26,640

show that there's life on mars

1255

00:48:31,349 --> 00:48:28,079

yeah show it

1256

00:48:33,109 --> 00:48:31,359

when new york city part two gets built

1257

00:48:35,589 --> 00:48:33,119

on mars instant

1258

00:48:37,829 --> 00:48:35,599

all the funding you would ever need

1259

00:48:39,910 --> 00:48:37,839

oh that's brilliant uh

1260

00:48:41,990 --> 00:48:39,920

we're nearing the end of the hour here

1261

00:48:43,750 --> 00:48:42,000

jimmy where can people find you online i

1262

00:48:46,150 --> 00:48:43,760

know that you're everywhere so obviously

1263

00:48:48,309 --> 00:48:46,160

if you just google uh jimmy church

1264

00:48:50,950 --> 00:48:48,319

you'll have like three google pages full

1265

00:48:53,270 --> 00:48:50,960

of his uh work but uh

1266

00:48:54,870 --> 00:48:53,280

from your uh where would you guide

1267

00:48:57,430 --> 00:48:54,880

people to go to it's just

1268

00:48:59,430 --> 00:48:57,440

jimmychurchradio.com

1269

00:49:01,589 --> 00:48:59,440

just go there well everything's social

1270

00:49:04,549 --> 00:49:01,599

media links are there and you can listen

1271

00:49:06,069 --> 00:49:04,559

to the show there everything's free

1272

00:49:08,549 --> 00:49:06,079

not everything but

1273

00:49:11,109 --> 00:49:08,559

but uh most stuff is free yeah just go

1274

00:49:12,069 --> 00:49:11,119

to jimmychurchradio.com

1275

00:49:14,069 --> 00:49:12,079

if i

1276

00:49:15,190 --> 00:49:14,079

sat here and listed all of the social

1277

00:49:17,790 --> 00:49:15,200

media

1278

00:49:19,750 --> 00:49:17,800

i would confuse myself but

1279

00:49:21,750 --> 00:49:19,760

jimmychurchradio.com is is right there

1280

00:49:24,390 --> 00:49:21,760

00:49:46,790 --> 00:49:45,520

you on we've been fans for a while louie

1293

00:49:48,549 --> 00:49:46,800

do you have any final questions for our

1294

00:49:50,390 --> 00:49:48,559

guest today just want to send a big

1295

00:49:52,470 --> 00:49:50,400

thanks so to jimmy for uh being on our

1296

00:49:53,829 --> 00:49:52,480

program you know it's difficult as you

1297

00:49:56,069 --> 00:49:53,839

probably know to get really good

1298

00:49:57,829 --> 00:49:56,079

credible people on a regular basis

1299

00:49:59,589 --> 00:49:57,839

sometimes you'd rather have nobody than

1300

00:50:01,349 --> 00:49:59,599

have somebody that doesn't you know

1301
00:50:03,670 --> 00:50:01,359
align with what you're trying to produce

1302
