

VINNIE ADAMS

UAP **STUDIES**
PODCAST

1
00:00:23,670 --> 00:00:21,510

[Music]

2
00:00:25,189 --> 00:00:23,680

welcome back to uap studies today my

3
00:00:27,349 --> 00:00:25,199

guest is vinnie adams from the

4
00:00:29,429 --> 00:00:27,359

disclosure team vinnie is joining us

5
00:00:32,069 --> 00:00:29,439

from the uk and he's uh graciously

6
00:00:33,990 --> 00:00:32,079

enough accepted my invitation i'm pretty

7
00:00:35,910 --> 00:00:34,000

sure that i threatened him that i would

8
00:00:38,630 --> 00:00:35,920

divorce him if he wasn't on the podcast

9
00:00:41,350 --> 00:00:38,640

this year jokingly on facebook so it's

10
00:00:43,670 --> 00:00:41,360

awesome that he uh agreed to come on

11
00:00:45,750 --> 00:00:43,680

louie you join us again as co-host on

12
00:00:47,430 --> 00:00:45,760

this podcast my man how you doing i'm

13
00:00:49,670 --> 00:00:47,440

doing really good brother how are you oh

14

00:00:52,229 --> 00:00:49,680

i'm good i'm good i'm uh really excited

15

00:00:54,229 --> 00:00:52,239

about our guest today i'm excited about

16

00:00:55,110 --> 00:00:54,239

the topics that we're going to cover and

17

00:00:57,910 --> 00:00:55,120

most

18

00:00:59,029 --> 00:00:57,920

you know a big fan of this podcast uh if

19

00:01:00,470 --> 00:00:59,039

you haven't

20

00:01:01,990 --> 00:01:00,480

if you've lived under a rock for the

21

00:01:03,670 --> 00:01:02,000

last few years and you haven't heard of

22

00:01:06,230 --> 00:01:03,680

the disclosure team

23

00:01:07,670 --> 00:01:06,240

do yourself a favor go watch a podcast

24

00:01:09,510 --> 00:01:07,680

it's on youtube it's pretty much

25

00:01:10,550 --> 00:01:09,520

everywhere i think instagram

26

00:01:12,710 --> 00:01:10,560

twitter

27

00:01:14,870 --> 00:01:12,720

you can't miss it just type it into your

28

00:01:16,469 --> 00:01:14,880

google search and it will pop up so

29

00:01:18,390 --> 00:01:16,479

vinnie adams welcome to the show brother

30

00:01:19,590 --> 00:01:18,400

i noticed uh i've did some research and

31

00:01:21,270 --> 00:01:19,600

looked through some of your previous

32

00:01:24,070 --> 00:01:21,280

guests and you've had some some of the

33

00:01:26,149 --> 00:01:24,080

big names uh you know in the uap world

34

00:01:27,830 --> 00:01:26,159

so to speak you've had lou elizondo and

35

00:01:29,670 --> 00:01:27,840

tim mcmillan who's been on our show a

36

00:01:31,749 --> 00:01:29,680

couple times thomas winterton from

37

00:01:34,069 --> 00:01:31,759

skinwalker ranch also been on our show

38

00:01:36,469 --> 00:01:34,079

so a lot of those people are their names

39

00:01:39,350 --> 00:01:36,479

are prevalent right now skinwalkers are

40

00:01:41,270 --> 00:01:39,360

sort of making a comeback as well so i

41

00:01:42,870 --> 00:01:41,280

just wanted to ask you have you had any

42

00:01:43,830 --> 00:01:42,880

uh i don't want to say favorite guests

43

00:01:45,670 --> 00:01:43,840

because i don't want to put you in that

44

00:01:47,590 --> 00:01:45,680

spot but were there anyone that you know

45

00:01:48,710 --> 00:01:47,600

you kind of got drifted away with and

46

00:01:50,389 --> 00:01:48,720

you thought you know i really enjoyed

47

00:01:52,230 --> 00:01:50,399

that i didn't expect that from this

48

00:01:53,830 --> 00:01:52,240

person or maybe they brought up a

49

00:01:55,109 --> 00:01:53,840

certain topic that you're really fond of

50

00:01:56,789 --> 00:01:55,119

and it just kind of

51
00:01:57,990 --> 00:01:56,799
turned into this really awesome

52
00:02:00,630 --> 00:01:58,000
recording if you had any of those

53
00:02:02,310 --> 00:02:00,640
moments either starting out or recently

54
00:02:04,630 --> 00:02:02,320
i have indeed and first of all let me

55
00:02:06,310 --> 00:02:04,640
just say thank you so much for having me

56
00:02:08,229 --> 00:02:06,320
um when i was asked of course i would

57
00:02:11,029 --> 00:02:08,239
never say no i'm a fan of this show so i

58
00:02:12,790 --> 00:02:11,039
had to like jump at the opportunity so

59
00:02:15,190 --> 00:02:12,800
thank you very much um but to answer

60
00:02:15,990 --> 00:02:15,200
your question i've had so many moments

61
00:02:18,229 --> 00:02:16,000
with

62
00:02:19,589 --> 00:02:18,239
guests where i almost have a

63
00:02:21,830 --> 00:02:19,599

preconceived notion of what the

64

00:02:23,589 --> 00:02:21,840

conversation's gonna go like and nine

65

00:02:25,990 --> 00:02:23,599

times out of ten i'm completely wrong

66

00:02:27,670 --> 00:02:26,000

and completely off and that's awesome

67

00:02:29,910 --> 00:02:27,680

because i get i still get really super

68

00:02:31,830 --> 00:02:29,920

nervous for every interview

69

00:02:33,509 --> 00:02:31,840

but then you soon realize that the

70

00:02:34,949 --> 00:02:33,519

person that you're speaking to isn't how

71

00:02:37,670 --> 00:02:34,959

you you know

72

00:02:40,150 --> 00:02:37,680

expected them to be and the conversation

73

00:02:41,910 --> 00:02:40,160

becomes really relaxed really quickly

74

00:02:44,070 --> 00:02:41,920

case in point and you just mentioned him

75

00:02:45,110 --> 00:02:44,080

is thomas winston who i spoke to earlier

76

00:02:47,430 --> 00:02:45,120

this week

77

00:02:50,150 --> 00:02:47,440

you know i'm a big fan of the skinwalker

78

00:02:51,190 --> 00:02:50,160

show and i've researched it before so

79

00:02:52,630 --> 00:02:51,200

it's like i said it's still

80

00:02:54,150 --> 00:02:52,640

nerve-wracking but

81

00:02:56,630 --> 00:02:54,160

very quickly it was clear that thomas

82

00:02:58,390 --> 00:02:56,640

was just a chilled guy up for open

83

00:03:00,710 --> 00:02:58,400

conversation and before i knew it we

84

00:03:01,509 --> 00:03:00,720

were just having a great chat so

85

00:03:05,750 --> 00:03:01,519

yeah

86

00:03:07,270 --> 00:03:05,760

with sean cahill you know he's uh he's

87

00:03:09,030 --> 00:03:07,280

had pretty well a similar interview

88

00:03:10,309 --> 00:03:09,040

every time he's been on a lot of times

89

00:03:12,630 --> 00:03:10,319

he's with lou elizondo and they're

90

00:03:14,470 --> 00:03:12,640

chatting but we uh we were joking around

91

00:03:15,910 --> 00:03:14,480

about hey man it's a safe space just go

92

00:03:16,949 --> 00:03:15,920

there and he's like wow all right i'm

93

00:03:19,830 --> 00:03:16,959

going to tell you something i've never

94

00:03:22,149 --> 00:03:19,840

told anybody i pretty much saw uap and i

95

00:03:24,390 --> 00:03:22,159

saw the pilot okay there i said it and

96

00:03:26,229 --> 00:03:24,400

we felt really blessed that he uh he

97

00:03:28,070 --> 00:03:26,239

chose us to make that revelation right

98

00:03:29,509 --> 00:03:28,080

even if it's something that's not you

99

00:03:31,670 --> 00:03:29,519

know super groundbreaking or

100

00:03:33,030 --> 00:03:31,680

earth-shattering it's still you if he

101

00:03:34,869 --> 00:03:33,040

wasn't comfortable and if he wasn't

102

00:03:37,270 --> 00:03:34,879

enjoying the exchange it wouldn't happen

103

00:03:39,830 --> 00:03:37,280

right so uh so yeah for me that was a

104

00:03:41,350 --> 00:03:39,840

moment i had recently that was uh um you

105

00:03:44,149 --> 00:03:41,360

know made us feel good gave us a little

106

00:03:46,309 --> 00:03:44,159

tear right so i still yeah i still get

107

00:03:48,470 --> 00:03:46,319

nervous absolutely like even today i was

108

00:03:49,830 --> 00:03:48,480

nervous like i'm nervous at every

109

00:03:51,190 --> 00:03:49,840

interview because you never know how

110

00:03:53,429 --> 00:03:51,200

it's going to go

111

00:03:55,830 --> 00:03:53,439

personally i appreciate the fact that

112

00:03:57,589 --> 00:03:55,840

you know even though this is audio only

113

00:03:58,949 --> 00:03:57,599

a podcast i'm not on youtube or anything

114

00:04:01,509 --> 00:03:58,959

like that yet

115

00:04:03,670 --> 00:04:01,519

people turn on their cameras because it

116

00:04:05,429 --> 00:04:03,680

does such a huge favor to us as

117

00:04:07,589 --> 00:04:05,439

podcasters when we could see the

118

00:04:09,830 --> 00:04:07,599

person's face and reactions

119

00:04:12,309 --> 00:04:09,840

because if there's a delay at all it

120

00:04:15,350 --> 00:04:12,319

throws me off like the editing that i

121

00:04:16,710 --> 00:04:15,360

have to do on these podcasts is insane

122

00:04:18,390 --> 00:04:16,720

and you don't know how the guy took what

123

00:04:20,710 --> 00:04:18,400

you just said either if there's an

124

00:04:22,310 --> 00:04:20,720

awkward silence oh no have i done

125

00:04:24,310 --> 00:04:22,320

something or is he just taking a minute

126

00:04:25,749 --> 00:04:24,320

or having a sip of his coffee he's

127

00:04:27,590 --> 00:04:25,759

actually guessing right i think we're

128

00:04:29,270 --> 00:04:27,600

still visual creatures we need that body

129

00:04:30,790 --> 00:04:29,280

language

130

00:04:32,629 --> 00:04:30,800

we're on the same page here right we're

131

00:04:34,230 --> 00:04:32,639

digging what's happening yeah otherwise

132

00:04:35,990 --> 00:04:34,240

it's like a phone call you just can't

133

00:04:38,710 --> 00:04:36,000

gauge how the other person's you know on

134

00:04:40,230 --> 00:04:38,720

the other end is receiving it so

135

00:04:43,110 --> 00:04:40,240

uh

136

00:04:44,950 --> 00:04:43,120

my question to you would be what got you

137

00:04:47,430 --> 00:04:44,960

started in uaps

138

00:04:49,990 --> 00:04:47,440

what was it that triggered it for vinnie

139

00:04:51,590 --> 00:04:50,000

adams that got you on this

140

00:04:53,510 --> 00:04:51,600

course that you're on right now with

141

00:04:55,350 --> 00:04:53,520

investigation because it's not just

142

00:04:58,150 --> 00:04:55,360

podcasting that you do and talking with

143

00:05:00,710 --> 00:04:58,160

people that are in this world of ufology

144

00:05:04,390 --> 00:05:00,720

you're an actual researcher as well so

145

00:05:06,150 --> 00:05:04,400

what got you like so embedded into this

146

00:05:07,990 --> 00:05:06,160

you know what and

147

00:05:09,110 --> 00:05:08,000

i give the same answer on every podcast

148

00:05:10,550 --> 00:05:09,120

so i'm actually going to switch it up a

149

00:05:11,670 --> 00:05:10,560

little bit today and almost give you a

150

00:05:13,990 --> 00:05:11,680

little something that i've already

151
00:05:15,990 --> 00:05:14,000
spoken about it's a safe zone brother it

152
00:05:17,510 --> 00:05:16,000
worked last week

153
00:05:18,950 --> 00:05:17,520
let's do it that's right

154
00:05:22,070 --> 00:05:18,960
you're among friends

155
00:05:24,150 --> 00:05:22,080
so yeah my i mean like as a young child

156
00:05:26,070 --> 00:05:24,160
you know i was born in 77 so by the time

157
00:05:27,909 --> 00:05:26,080
i you know the early 80s here i was

158
00:05:31,029 --> 00:05:27,919
already into star wars and all that kind

159
00:05:33,270 --> 00:05:31,039
of sci-fi stuff et close encounters all

160
00:05:36,150 --> 00:05:33,280
that kind of stuff so that was already

161
00:05:38,469 --> 00:05:36,160
in my ever developing brain at the time

162
00:05:41,430 --> 00:05:38,479
but then i suppose it probably hit late

163
00:05:43,110 --> 00:05:41,440

teens early 20s i met you know i was

164

00:05:44,710 --> 00:05:43,120

finished school in college and i was

165

00:05:46,390 --> 00:05:44,720

partying a bit and i just kept meeting

166

00:05:48,070 --> 00:05:46,400

different people and there were people

167

00:05:49,430 --> 00:05:48,080

who were a bit more spiritually open to

168

00:05:51,189 --> 00:05:49,440

things and i'd never really come across

169

00:05:53,909 --> 00:05:51,199

that before so

170

00:05:55,909 --> 00:05:53,919

they were into stuff like the illuminati

171

00:05:57,029 --> 00:05:55,919

and atlantis and all these weird and

172

00:05:58,870 --> 00:05:57,039

wonderful

173

00:06:00,629 --> 00:05:58,880

i mean i don't like the phrase but

174

00:06:02,150 --> 00:06:00,639

conspiracy theories

175

00:06:04,870 --> 00:06:02,160

and so that kind of just triggered off

176

00:06:06,870 --> 00:06:04,880

like there's more to this world

177

00:06:08,469 --> 00:06:06,880

so i spent a few years like drifting

178

00:06:10,950 --> 00:06:08,479

between different conspiracy theories

179

00:06:11,909 --> 00:06:10,960

but then hit the ufo subject probably

180

00:06:14,790 --> 00:06:11,919

about

181

00:06:16,550 --> 00:06:14,800

12 13 years ago now

182

00:06:18,309 --> 00:06:16,560

and just started absorbing all the

183

00:06:20,629 --> 00:06:18,319

documentaries that were out and stuff

184

00:06:22,950 --> 00:06:20,639

like that but i always found myself with

185

00:06:25,029 --> 00:06:22,960

more questions at the end and i was not

186

00:06:27,270 --> 00:06:25,039

satisfied so i was like i've got to find

187

00:06:29,189 --> 00:06:27,280

out more and then we obviously realized

188

00:06:31,189 --> 00:06:29,199

that both in the us and in the uk

189

00:06:33,189 --> 00:06:31,199

there's documents you can go online and

190

00:06:35,590 --> 00:06:33,199

research and so i was doing that purely

191

00:06:37,830 --> 00:06:35,600

just for my own

192

00:06:40,230 --> 00:06:37,840

joy you know i really enjoyed sitting up

193

00:06:42,150 --> 00:06:40,240

for hours at night just

194

00:06:44,150 --> 00:06:42,160

buried deep you know on a screen full of

195

00:06:46,550 --> 00:06:44,160

documents and and then that just kept

196

00:06:49,510 --> 00:06:46,560

developing i suppose and then

197

00:06:52,230 --> 00:06:49,520

excuse me when 2017 here like a lot of

198

00:06:54,950 --> 00:06:52,240

people it was a big revelation and i

199

00:06:55,990 --> 00:06:54,960

knew how important it it was and could

200

00:06:59,029 --> 00:06:56,000

be

201
00:07:01,110 --> 00:06:59,039
um and then just bringing it back to the

202
00:07:03,270 --> 00:07:01,120
last few years the pandemic here

203
00:07:04,710 --> 00:07:03,280
you know i was at home

204
00:07:06,469 --> 00:07:04,720
a lot of time on my hands and i thought

205
00:07:09,270 --> 00:07:06,479
you know what i'm gonna just start a

206
00:07:11,029 --> 00:07:09,280
social media page i chose instagram

207
00:07:12,070 --> 00:07:11,039
just to kind of put things down for my

208
00:07:13,909 --> 00:07:12,080
own

209
00:07:15,029 --> 00:07:13,919
benefit really i could go back and look

210
00:07:17,589 --> 00:07:15,039
at them

211
00:07:20,230 --> 00:07:17,599
before i knew it i mean this was

212
00:07:21,749 --> 00:07:20,240
december i i had the account for a while

213
00:07:24,550 --> 00:07:21,759

but i didn't post anything really till

214

00:07:26,070 --> 00:07:24,560

the end of 2020 early 2021. so we're

215

00:07:27,430 --> 00:07:26,080

already talking just over a year and all

216

00:07:28,390 --> 00:07:27,440

of a sudden it just blew up and i was

217

00:07:30,790 --> 00:07:28,400

like okay

218

00:07:34,790 --> 00:07:30,800

i can either do this

219

00:07:36,469 --> 00:07:34,800

for real or not and i just went 110 and

220

00:07:39,270 --> 00:07:36,479

here i am today

221

00:07:41,670 --> 00:07:39,280

110 is correct my man

222

00:07:43,830 --> 00:07:41,680

i just like i said before we started

223

00:07:45,749 --> 00:07:43,840

recording the podcast i'm in awe of the

224

00:07:48,550 --> 00:07:45,759

amount of work that you do

225

00:07:51,029 --> 00:07:48,560

uh i'm extremely lazy i will only

226

00:07:53,430 --> 00:07:51,039

podcast and once a week

227

00:07:55,670 --> 00:07:53,440

which you know and you're at it all week

228

00:07:58,309 --> 00:07:55,680

long like you got stuff going on all

229

00:08:01,350 --> 00:07:58,319

week plus your investigations as well so

230

00:08:03,589 --> 00:08:01,360

uh your work ethic is is very good

231

00:08:05,110 --> 00:08:03,599

thank you man i appreciate that

232

00:08:05,909 --> 00:08:05,120

i noticed that you mentioned that you

233

00:08:07,510 --> 00:08:05,919

know

234

00:08:08,790 --> 00:08:07,520

what kind of peak your interest was

235

00:08:11,110 --> 00:08:08,800

getting involved with people that were

236

00:08:12,790 --> 00:08:11,120

kind of enlightened thinkers not scared

237

00:08:15,029 --> 00:08:12,800

to think outside the box maybe not so

238

00:08:17,510 --> 00:08:15,039

much esoteric but just that whole idea

239

00:08:19,350 --> 00:08:17,520

of consciousness and spirituality and

240

00:08:21,189 --> 00:08:19,360

the higher it seems now anyway since

241

00:08:23,749 --> 00:08:21,199

a-tip videos and everything else the

242

00:08:26,629 --> 00:08:23,759

higher level of person you speak to

243

00:08:28,550 --> 00:08:26,639

they they have a humble respect for that

244

00:08:30,390 --> 00:08:28,560

yeah it's a conscious thing you know

245

00:08:32,469 --> 00:08:30,400

reaching out to it interacting with it

246

00:08:35,190 --> 00:08:32,479

whether we're talking about like ce5

247

00:08:37,110 --> 00:08:35,200

encounters with stephen greer in a a new

248

00:08:39,190 --> 00:08:37,120

mexican desert where you can manifest

249

00:08:41,350 --> 00:08:39,200

things with your thoughts or with your

250

00:08:43,029 --> 00:08:41,360

meditations or whatever but it seems the

251
00:08:45,670 --> 00:08:43,039
the deeper down the rabbit hole we go of

252
00:08:48,150 --> 00:08:45,680
physics the physics fizzles away

253
00:08:50,870 --> 00:08:48,160
and the weird supernatural anything's

254
00:08:52,630 --> 00:08:50,880
possible seems to be more prevalent so

255
00:08:54,310 --> 00:08:52,640
it's nice to and it's refreshing to hear

256
00:08:55,750 --> 00:08:54,320
people finally giving that some credence

257
00:08:57,110 --> 00:08:55,760
and not just fluffing it off like

258
00:08:59,430 --> 00:08:57,120
nonsense

259
00:09:00,949 --> 00:08:59,440
yeah i mean i will admit that i am from

260
00:09:02,630 --> 00:09:00,959
more of a nuts and bolts research

261
00:09:05,590 --> 00:09:02,640
background because i'm very evidential

262
00:09:08,389 --> 00:09:05,600
based you know i need i can't be like

263
00:09:10,230 --> 00:09:08,399

maybes and well it almost says this so i

264

00:09:13,430 --> 00:09:10,240

believe that i need that final piece of

265

00:09:16,150 --> 00:09:13,440

conclusive evidence to form a a decision

266

00:09:18,150 --> 00:09:16,160

on something but then last year before i

267

00:09:19,750 --> 00:09:18,160

started on youtube i was speaking to

268

00:09:23,030 --> 00:09:19,760

james ian doley a lot of engaging the

269

00:09:25,110 --> 00:09:23,040

phenomena who's an incredible researcher

270

00:09:26,790 --> 00:09:25,120

podcaster and everything just a nice guy

271

00:09:28,389 --> 00:09:26,800

and he was just kept saying you should

272

00:09:30,389 --> 00:09:28,399

do youtube you should do youtube and i

273

00:09:33,110 --> 00:09:30,399

was like i hate being in front of the

274

00:09:34,630 --> 00:09:33,120

camera i'm not the best talker

275

00:09:36,389 --> 00:09:34,640

but you kept persuading me and i started

276

00:09:38,150 --> 00:09:36,399

and then you know me and james have got

277

00:09:40,470 --> 00:09:38,160

a good friendship and he's just

278

00:09:42,790 --> 00:09:40,480

so he the way he covers that kind of

279

00:09:44,470 --> 00:09:42,800

consciousness aspect to the phenomena it

280

00:09:46,150 --> 00:09:44,480

really allowed me to open up and come

281

00:09:48,070 --> 00:09:46,160

away from the nuts and bolts and really

282

00:09:50,389 --> 00:09:48,080

embrace other aspects of the phenomena

283

00:09:52,070 --> 00:09:50,399

and since then you know

284

00:09:53,750 --> 00:09:52,080

i've realized that there are so many

285

00:09:55,110 --> 00:09:53,760

connections between all those different

286

00:09:56,630 --> 00:09:55,120

aspects

287

00:09:58,550 --> 00:09:56,640

is there anything that's kind of at the

288

00:10:00,710 --> 00:09:58,560

forefront of your mind like what are you

289

00:10:03,269 --> 00:10:00,720

digging now when you have somebody on

290

00:10:04,630 --> 00:10:03,279

that brings up topic x like what is it

291

00:10:06,550 --> 00:10:04,640

that you're super

292

00:10:08,230 --> 00:10:06,560

interested in and kind of uh

293

00:10:09,670 --> 00:10:08,240

enthusiastic about learning more about

294

00:10:11,990 --> 00:10:09,680

because we're always evolving i think

295

00:10:13,509 --> 00:10:12,000

right so what is that with you right now

296

00:10:14,870 --> 00:10:13,519

i suppose um

297

00:10:17,269 --> 00:10:14,880

probably because i spoke to thomas

298

00:10:19,269 --> 00:10:17,279

winterton was my last interview so when

299

00:10:21,190 --> 00:10:19,279

george knapp and lakatsky

300

00:10:22,790 --> 00:10:21,200

and colin kelleher released skin walkers

301
00:10:25,430 --> 00:10:22,800
at the pentagon i think it was november

302
00:10:27,350 --> 00:10:25,440
of 2021 and that really did show these

303
00:10:30,470 --> 00:10:27,360
connections between nuts and bolts and

304
00:10:32,150 --> 00:10:30,480
and you know the woo let's say

305
00:10:33,990 --> 00:10:32,160
and that's been prevalent in my mind

306
00:10:35,350 --> 00:10:34,000
ever since just really forming those

307
00:10:37,430 --> 00:10:35,360
connections and now we've heard people

308
00:10:39,829 --> 00:10:37,440
like lou speak a little bit more about

309
00:10:42,630 --> 00:10:39,839
those connections as well sean cahill

310
00:10:44,230 --> 00:10:42,640
you know he's a very spiritual guy and

311
00:10:46,069 --> 00:10:44,240
you know he appreciates those things as

312
00:10:48,389 --> 00:10:46,079
well so to me it's just forming those

313
00:10:51,350 --> 00:10:48,399

connections and finding more

314

00:10:52,870 --> 00:10:51,360

evidence data information

315

00:10:54,310 --> 00:10:52,880

so yeah i think that's that's what's

316

00:10:55,910 --> 00:10:54,320

been on my mind because i you know skin

317

00:10:58,150 --> 00:10:55,920

walk around as much as i'm a fan of the

318

00:11:01,110 --> 00:10:58,160

tv show i was a big fan of george

319

00:11:03,670 --> 00:11:01,120

knapp's first book um with the work done

320

00:11:05,030 --> 00:11:03,680

by nids back in the sort of 90s

321

00:11:07,670 --> 00:11:05,040

and then obviously with all the awesome

322

00:11:09,430 --> 00:11:07,680

data it's just it's a treasure trove i

323

00:11:10,949 --> 00:11:09,440

just wish we had more because i know

324

00:11:12,230 --> 00:11:10,959

there's more out well not out there it's

325

00:11:14,310 --> 00:11:12,240

hidden but

326

00:11:16,069 --> 00:11:14,320

yeah yeah we're we're basically right

327

00:11:18,389 --> 00:11:16,079

there i mean uh we've gone down the

328

00:11:19,910 --> 00:11:18,399

skinwalker ranch uh uh rabbit hole and

329

00:11:22,150 --> 00:11:19,920

in fact we have george knapp and colin

330

00:11:25,030 --> 00:11:22,160

kelleher on next week to discuss just

331

00:11:27,350 --> 00:11:25,040

that their new book so um it's funny how

332

00:11:29,190 --> 00:11:27,360

things come out and then it was like

333

00:11:30,870 --> 00:11:29,200

where was that six months ago now it's

334

00:11:32,150 --> 00:11:30,880

like maybe there's things in the work

335

00:11:33,430 --> 00:11:32,160

and people don't talk about it because

336

00:11:36,069 --> 00:11:33,440

they're in the works and that's maybe

337

00:11:37,590 --> 00:11:36,079

how it kind of becomes present but uh

338

00:11:39,750 --> 00:11:37,600

yeah we're super excited about what's

339

00:11:41,430 --> 00:11:39,760

coming out anything that is legitimate

340

00:11:43,990 --> 00:11:41,440

disclosure from the government whether

341

00:11:44,710 --> 00:11:44,000

it's a tic tac video or a book about you

342

00:11:46,949 --> 00:11:44,720

know

343

00:11:47,990 --> 00:11:46,959

uaps or the studies that the pentagon

344

00:11:50,069 --> 00:11:48,000

does

345

00:11:51,829 --> 00:11:50,079

my first notice of that book actually

346

00:11:54,470 --> 00:11:51,839

was on the very back jason and i bought

347

00:11:56,230 --> 00:11:54,480

a copy we like to support our guests and

348

00:11:58,790 --> 00:11:56,240

read their latest book and on the back

349

00:12:00,710 --> 00:11:58,800

it said this book has been uh released

350

00:12:02,870 --> 00:12:00,720

and the information has been approved by

351
00:12:04,230 --> 00:12:02,880
the department of defense and i thought

352
00:12:05,750 --> 00:12:04,240
well that's a bunch of [h__\h] like

353
00:12:07,910 --> 00:12:05,760
these guys filtered the book what kind

354
00:12:09,509 --> 00:12:07,920
of book is this and i took the wrong way

355
00:12:11,750 --> 00:12:09,519
and i've subsequently i've heard george

356
00:12:13,829 --> 00:12:11,760
knapp on another podcast and he said

357
00:12:16,470 --> 00:12:13,839
like we wanted to make this thing thick

358
00:12:19,190 --> 00:12:16,480
and the government said no to 85 percent

359
00:12:21,269 --> 00:12:19,200
of it so absolutely it's a bit filtered

360
00:12:22,310 --> 00:12:21,279
because it's a legitimate thing yeah

361
00:12:23,670 --> 00:12:22,320
they weren't going to give them carte

362
00:12:25,590 --> 00:12:23,680
blanche and let them write whatever they

363
00:12:27,670 --> 00:12:25,600

want about it so at first i was kind of

364

00:12:29,350 --> 00:12:27,680

turned off by it and then i thought hey

365

00:12:30,949 --> 00:12:29,360

you know you hit a nerve there a little

366

00:12:32,629 --> 00:12:30,959

bit because they they went through it

367

00:12:34,949 --> 00:12:32,639

and wanted to have their final stamp of

368

00:12:36,230 --> 00:12:34,959

approval so um that tells me that

369

00:12:37,590 --> 00:12:36,240

there's some validity to what they're

370

00:12:38,949 --> 00:12:37,600

talking about right

371

00:12:41,670 --> 00:12:38,959

yeah i think if you read between some of

372

00:12:43,509 --> 00:12:41,680

the lines in the book you can almost see

373

00:12:45,030 --> 00:12:43,519

where things end and there should be

374

00:12:47,269 --> 00:12:45,040

more information and you can kind of see

375

00:12:49,509 --> 00:12:47,279

where the video is

376

00:12:51,430 --> 00:12:49,519

and i find that just as intriguing as

377

00:12:52,629 --> 00:12:51,440

you know what it possibly could be about

378

00:12:53,910 --> 00:12:52,639

you know

379

00:12:55,670 --> 00:12:53,920

you learn to kind of read between the

380

00:12:57,190 --> 00:12:55,680

lines and again yeah as long as you

381

00:12:59,590 --> 00:12:57,200

don't read between those lines and say

382

00:13:00,949 --> 00:12:59,600

that's got to be fact you don't know but

383

00:13:02,790 --> 00:13:00,959

yeah you kind of

384

00:13:05,030 --> 00:13:02,800

you get to that stage eventually and i

385

00:13:07,190 --> 00:13:05,040

really like that and it throws up a lot

386

00:13:09,110 --> 00:13:07,200

of questions it's like puzzle pieces

387

00:13:11,030 --> 00:13:09,120

with ufology you know you get a little

388

00:13:12,550 --> 00:13:11,040

piece here a little piece there and

389

00:13:14,069 --> 00:13:12,560

sometimes they don't match you know

390

00:13:15,829 --> 00:13:14,079

they're going to be for another section

391

00:13:17,990 --> 00:13:15,839

of the puzzle but you got to hold on to

392

00:13:20,470 --> 00:13:18,000

it and eventually you get a big picture

393

00:13:22,629 --> 00:13:20,480

and that's really what ufology kind of

394

00:13:24,870 --> 00:13:22,639

is over the years like even canada this

395

00:13:28,550 --> 00:13:24,880

week i'm really impressed they released

396

00:13:31,350 --> 00:13:28,560

a bunch of documents on uaps and ufo

397

00:13:33,190 --> 00:13:31,360

activities uh you have that um oh man

398

00:13:35,190 --> 00:13:33,200

i'm bad with names but he's a canadian

399

00:13:37,030 --> 00:13:35,200

politician that's pushing

400

00:13:39,670 --> 00:13:37,040

for more disclosure and investigation

401
00:13:41,590 --> 00:13:39,680
into uh oh man what's his name

402
00:13:42,470 --> 00:13:41,600
it's going to kill me yeah yeah yeah

403
00:13:43,910 --> 00:13:42,480
sorry

404
00:13:45,350 --> 00:13:43,920
but yeah

405
00:13:47,030 --> 00:13:45,360
i've been speaking to victor vigiani

406
00:13:49,750 --> 00:13:47,040
these last few days about it because

407
00:13:51,189 --> 00:13:49,760
victor's coming on in a few weeks um

408
00:13:53,269 --> 00:13:51,199
and he was just sending me some

409
00:13:55,110 --> 00:13:53,279
information and i had looked into it

410
00:13:56,389 --> 00:13:55,120
already

411
00:13:58,949 --> 00:13:56,399
picked the wrong email where it just

412
00:14:00,829 --> 00:13:58,959
says canadian minister

413
00:14:03,670 --> 00:14:00,839

it's bugging me if i don't know the

414

00:14:05,509 --> 00:14:03,680

name i'm one of those guys you know

415

00:14:07,670 --> 00:14:05,519

well we can give some thanks to paul

416

00:14:09,509 --> 00:14:07,680

hellyer he was the first high-ranking

417

00:14:11,509 --> 00:14:09,519

canadian military official to actually

418

00:14:13,350 --> 00:14:11,519

say something's up you know when he

419

00:14:14,870 --> 00:14:13,360

responded to a craft like he was at home

420

00:14:16,069 --> 00:14:14,880

he got a call from his senior people

421

00:14:17,990 --> 00:14:16,079

that hey there's something you should

422

00:14:19,670 --> 00:14:18,000

probably come check out and he gets

423

00:14:20,949 --> 00:14:19,680

there and the americans are already well

424

00:14:23,269 --> 00:14:20,959

organized putting that thing back

425

00:14:25,110 --> 00:14:23,279

together and he kind of realized wait

426

00:14:27,189 --> 00:14:25,120

you know i'm the minister of defense for

427

00:14:28,949 --> 00:14:27,199

the country how do i not even know what

428

00:14:31,189 --> 00:14:28,959

the hell is going on in regards to these

429

00:14:32,710 --> 00:14:31,199

things so and he was instrumental with

430

00:14:34,949 --> 00:14:32,720

the national press club meetings too

431

00:14:37,189 --> 00:14:34,959

right so absolutely

432

00:14:38,870 --> 00:14:37,199

yeah you know it was a shame you know

433

00:14:41,990 --> 00:14:38,880

when he passed away last year you know

434

00:14:44,069 --> 00:14:42,000

it really was um the guy's name i can't

435

00:14:45,829 --> 00:14:44,079

find it i'm sorry it's just i will find

436

00:14:48,150 --> 00:14:45,839

it is it haig

437

00:14:50,150 --> 00:14:48,160

that rings a bell

438

00:14:51,829 --> 00:14:50,160

i know there's an l you know what this

439

00:14:53,350 --> 00:14:51,839

the listeners are probably just gonna be

440

00:14:56,150 --> 00:14:53,360

like you know their toes curling right

441

00:14:57,910 --> 00:14:56,160

now come on you should know this uh we

442

00:15:01,350 --> 00:14:57,920

got a free t-shirt to whoever knows the

443

00:15:06,629 --> 00:15:04,230

yeah but uh no i mean canada's doing

444

00:15:08,710 --> 00:15:06,639

some some big stuff when it comes down

445

00:15:10,949 --> 00:15:08,720

to at least disclosure trying to keep up

446

00:15:13,670 --> 00:15:10,959

with the states how is it like in the uk

447

00:15:16,230 --> 00:15:13,680

right now disclosure

448

00:15:18,550 --> 00:15:16,240

it's bad it's really bad yeah i mean

449

00:15:20,389 --> 00:15:18,560

last summer i think it was

450

00:15:22,550 --> 00:15:20,399

just after the preliminary assessment

451

00:15:24,470 --> 00:15:22,560

came out of the dod um

452

00:15:27,750 --> 00:15:24,480

there was a few questions spoken about

453

00:15:29,590 --> 00:15:27,760

uap in the houses house of lords

454

00:15:32,310 --> 00:15:29,600

in the uk and it was just brushed off

455

00:15:34,389 --> 00:15:32,320

like it was nothing nothing to see here

456

00:15:35,670 --> 00:15:34,399

no national security issues or anything

457

00:15:38,069 --> 00:15:35,680

like that

458

00:15:40,310 --> 00:15:38,079

that's it um and it's pretty much been

459

00:15:42,949 --> 00:15:40,320

that since so

460

00:15:45,189 --> 00:15:42,959

us i say us the guys at uap media uk

461

00:15:46,710 --> 00:15:45,199

have been really trying to push what was

462

00:15:49,030 --> 00:15:46,720

happening last year in the u.s where

463

00:15:50,790 --> 00:15:49,040

people can write to their local mps and

464

00:15:52,870 --> 00:15:50,800

members of parliament to really sort of

465

00:15:55,030 --> 00:15:52,880

get the conversation happening

466

00:15:56,710 --> 00:15:55,040

engaging with the press as well but

467

00:15:58,629 --> 00:15:56,720

i think we're at the early stages now

468

00:16:01,269 --> 00:15:58,639

where we just need to keep pushing that

469

00:16:03,269 --> 00:16:01,279

um and maybe we'll catch up with the us

470

00:16:05,670 --> 00:16:03,279

in a few years but it's just something

471

00:16:07,910 --> 00:16:05,680

it's typical of the uk we always wait to

472

00:16:09,990 --> 00:16:07,920

see what the us does and we follow

473

00:16:11,670 --> 00:16:10,000

slowly behind you know a bit a bit of

474

00:16:13,110 --> 00:16:11,680

time afterwards so

475

00:16:15,189 --> 00:16:13,120

i'm hoping that with the work that we're

476
00:16:17,430 --> 00:16:15,199
doing and the engagement that we'll get

477
00:16:20,069 --> 00:16:17,440
there eventually but we're certainly not

478
00:16:23,910 --> 00:16:20,079
not as far ahead as canada um and it was

479
00:16:26,470 --> 00:16:24,870
i knew you knew it

480
00:16:28,230 --> 00:16:26,480
[Laughter]

481
00:16:30,230 --> 00:16:28,240
harry maguire

482
00:16:32,150 --> 00:16:30,240
good good good for larry thank you larry

483
00:16:34,310 --> 00:16:32,160
for helping yeah yeah representing

484
00:16:36,550 --> 00:16:34,320
canada but what's the uh what's a

485
00:16:40,230 --> 00:16:36,560
general view of the like you know for

486
00:16:42,550 --> 00:16:40,240
most people in um england and and uh

487
00:16:44,790 --> 00:16:42,560
europe like what's their view on the uap

488
00:16:46,230 --> 00:16:44,800

do they believe this is an actual thing

489

00:16:47,590 --> 00:16:46,240

just not being recognized by their

490

00:16:49,110 --> 00:16:47,600

governments

491

00:16:50,550 --> 00:16:49,120

or are they waiting for the government

492

00:16:53,030 --> 00:16:50,560

to come out and say something before

493

00:16:54,389 --> 00:16:53,040

they're like oh yeah i've seen it too

494

00:16:55,829 --> 00:16:54,399

i mean i can't really speak for the

495

00:16:57,509 --> 00:16:55,839

other countries in europe because i know

496

00:16:59,829 --> 00:16:57,519

that they're they're at different stages

497

00:17:01,749 --> 00:16:59,839

like france is a lot more open to it

498

00:17:03,749 --> 00:17:01,759

than england but over here the problem

499

00:17:06,470 --> 00:17:03,759

is the media because we have the

500

00:17:09,429 --> 00:17:06,480

tabloids covering it weekly every few

501
00:17:11,029 --> 00:17:09,439
days but it's really bad alien x-files

502
00:17:11,990 --> 00:17:11,039
type headlines

503
00:17:13,510 --> 00:17:12,000
and it

504
00:17:15,029 --> 00:17:13,520
i mean i've spoken to people who aren't

505
00:17:17,429 --> 00:17:15,039
interested in the subject and they've

506
00:17:18,870 --> 00:17:17,439
seen these stories and it's just like oh

507
00:17:20,789 --> 00:17:18,880
i know

508
00:17:22,949 --> 00:17:20,799
what you see and read and it just it

509
00:17:24,630 --> 00:17:22,959
makes a joke out of the subject and the

510
00:17:27,429 --> 00:17:24,640
stigma and taboo is still there because

511
00:17:28,789 --> 00:17:27,439
of that you know um it needs to stop but

512
00:17:31,510 --> 00:17:28,799
we are luckily engaged with some

513
00:17:33,270 --> 00:17:31,520

journalists through uap media uk

514

00:17:35,430 --> 00:17:33,280

so i feel like the tide is turning

515

00:17:37,430 --> 00:17:35,440

slowly but surely so we just need to get

516

00:17:40,549 --> 00:17:37,440

the big the big name newspapers the

517

00:17:42,549 --> 00:17:40,559

broad sheets on board um but 2022 is a

518

00:17:43,990 --> 00:17:42,559

big year for that aim so

519

00:17:45,350 --> 00:17:44,000

fingers crossed we'll we'll make some

520

00:17:46,789 --> 00:17:45,360

traction soon

521

00:17:49,110 --> 00:17:46,799

probably doesn't help if the only

522

00:17:51,430 --> 00:17:49,120

tabloid newspaper putting any info has a

523

00:17:54,150 --> 00:17:51,440

picture of a ufo next to elvis has been

524

00:17:55,669 --> 00:17:54,160

spotted you know it kind of it makes it

525

00:17:57,590 --> 00:17:55,679

and maybe some people want it that way

526

00:17:59,110 --> 00:17:57,600

right keep it as a joke so that people

527

00:18:01,590 --> 00:17:59,120

keep brushing it off and saying there's

528

00:18:02,950 --> 00:18:01,600

nothing there and philip mantle actually

529

00:18:04,789 --> 00:18:02,960

mentioned that when he was on our show a

530

00:18:06,710 --> 00:18:04,799

couple weeks ago that that's you know

531

00:18:08,310 --> 00:18:06,720

that even even though legitimate things

532

00:18:10,789 --> 00:18:08,320

seem to be happening it doesn't really

533

00:18:12,549 --> 00:18:10,799

seem to be taken as seriously as as he

534

00:18:14,150 --> 00:18:12,559

would like right what's like the cheesy

535

00:18:17,669 --> 00:18:14,160

graphics that they put on you know like

536

00:18:19,830 --> 00:18:17,679

a flying saucer through a city and then

537

00:18:21,909 --> 00:18:19,840

they add like the stupid and then do you

538

00:18:23,590 --> 00:18:21,919

believe in these flying saucers it's

539

00:18:25,750 --> 00:18:23,600

like yeah like why do you have to kick

540

00:18:27,590 --> 00:18:25,760

it off like that like why can't it be

541

00:18:30,150 --> 00:18:27,600

just a regular piece of news like

542

00:18:32,950 --> 00:18:30,160

everything else like holy [h__h] this took

543

00:18:35,110 --> 00:18:32,960

place today and um here's some videos as

544

00:18:37,510 --> 00:18:35,120

opposed to what do you think it is right

545

00:18:39,510 --> 00:18:37,520

into us and finding us like oh yeah yeah

546

00:18:41,510 --> 00:18:39,520

it's nice that we've changed we've

547

00:18:44,630 --> 00:18:41,520

changed some of our acronyms right ufo

548

00:18:47,350 --> 00:18:44,640

to uap uh extraterrestrials to you know

549

00:18:49,350 --> 00:18:47,360

ebens extraterrestrial entities or

550

00:18:51,190 --> 00:18:49,360

biological entities that type of thing

551
00:18:52,630 --> 00:18:51,200
so maybe if we change the stigma the

552
00:18:53,830 --> 00:18:52,640
word itself people will give it a little

553
00:18:55,110 --> 00:18:53,840
more credit

554
00:18:57,270 --> 00:18:55,120
yeah i'm glad that we don't keep

555
00:18:58,470 --> 00:18:57,280
labeling it with aliens and e.t and

556
00:19:00,390 --> 00:18:58,480
extraterrestrial because the

557
00:19:01,830 --> 00:19:00,400
conversation has expanded to the point

558
00:19:03,350 --> 00:19:01,840
where we don't know if they're

559
00:19:05,190 --> 00:19:03,360
extraterrestrial because of all the

560
00:19:07,110 --> 00:19:05,200
other things like crypto terrestrials

561
00:19:08,870 --> 00:19:07,120
they're interdimensional so i'm happy

562
00:19:11,029 --> 00:19:08,880
with that i'm happy with the fact that

563
00:19:13,750 --> 00:19:11,039

they use uap because it does reduce the

564

00:19:16,310 --> 00:19:13,760

stigma in the conversation uap has been

565

00:19:17,350 --> 00:19:16,320

around since the 50s which you know some

566

00:19:18,710 --> 00:19:17,360

people think oh well why have the

567

00:19:20,150 --> 00:19:18,720

government suddenly changed it they

568

00:19:22,070 --> 00:19:20,160

haven't they've been using it a long

569

00:19:24,870 --> 00:19:22,080

time they're just doing it strategically

570

00:19:26,310 --> 00:19:24,880

which is fine um

571

00:19:27,990 --> 00:19:26,320

but again one thing that just popped

572

00:19:30,070 --> 00:19:28,000

into my head was when the national

573

00:19:31,270 --> 00:19:30,080

defense authorization act was kind of

574

00:19:34,070 --> 00:19:31,280

and the gila brand amendment was

575

00:19:35,190 --> 00:19:34,080

announced here and reported on in the uk

576

00:19:37,590 --> 00:19:35,200

we had some

577

00:19:39,510 --> 00:19:37,600

good information we liaised with the

578

00:19:41,750 --> 00:19:39,520

newspapers to get some you know

579

00:19:44,070 --> 00:19:41,760

legitimate information in there but they

580

00:19:45,909 --> 00:19:44,080

still stuck the headliners alien hunters

581

00:19:46,870 --> 00:19:45,919

are happy that this new law is coming

582

00:19:49,590 --> 00:19:46,880

it's like

583

00:19:51,669 --> 00:19:49,600

alien hunters come on man

584

00:19:53,190 --> 00:19:51,679

yeah it's like giving you a compliment

585

00:19:55,430 --> 00:19:53,200

while slapping you at the same time

586

00:19:57,669 --> 00:19:55,440

exactly you know what i mean like yeah

587

00:20:00,150 --> 00:19:57,679

yeah so vinnie i gotta ask you uh you

588

00:20:02,230 --> 00:20:00,160

went to colombia recently i did yes it

589

00:20:04,310 --> 00:20:02,240

looks amazing uh do you want to talk a

590

00:20:06,789 --> 00:20:04,320

little bit about your trip to colombia

591

00:20:08,149 --> 00:20:06,799

um yeah what do i are you allowed are

592

00:20:10,870 --> 00:20:08,159

you allowed to talk about what happens

593

00:20:13,110 --> 00:20:10,880

in colombia stays in columbia

594

00:20:15,510 --> 00:20:13,120

there is stuff that we are kind of under

595

00:20:16,470 --> 00:20:15,520

a small nda until this series kind of

596

00:20:18,630 --> 00:20:16,480

comes out

597

00:20:21,510 --> 00:20:18,640

but yeah i mean i can talk about it well

598

00:20:23,029 --> 00:20:21,520

what got the uh the ball going on this

599

00:20:24,470 --> 00:20:23,039

whole columbia trip like how did that

600

00:20:26,549 --> 00:20:24,480

come about

601
00:20:28,070 --> 00:20:26,559
so the guy that organizes it all ashley

602
00:20:30,390 --> 00:20:28,080
cowie he's a

603
00:20:32,789 --> 00:20:30,400
quite a well-known dude he's an explorer

604
00:20:34,950 --> 00:20:32,799
he's done a lot of tv shows in the past

605
00:20:36,710 --> 00:20:34,960
uh on the travel channel and discovery

606
00:20:39,350 --> 00:20:36,720
he's had his own shows he's featured

607
00:20:41,750 --> 00:20:39,360
with josh gates on expedition unknown um

608
00:20:44,230 --> 00:20:41,760
but he re i say about a year ago he kind

609
00:20:46,149 --> 00:20:44,240
of got into the uap subject

610
00:20:48,390 --> 00:20:46,159
um and he runs a page called uap

611
00:20:50,549 --> 00:20:48,400
columbia on instagram and everywhere

612
00:20:52,070 --> 00:20:50,559
else and he got in contact with me

613
00:20:53,029 --> 00:20:52,080

probably getting on for a year ago just

614

00:20:54,710 --> 00:20:53,039

to say

615

00:20:56,950 --> 00:20:54,720

i'd like to do some collaboration work

616

00:20:59,270 --> 00:20:56,960

with you so we did some articles and

617

00:21:01,350 --> 00:20:59,280

stuff about cases in colombia we kind of

618

00:21:02,630 --> 00:21:01,360

broke them last year

619

00:21:05,270 --> 00:21:02,640

and i didn't know who he was at this

620

00:21:07,350 --> 00:21:05,280

time he hadn't divulged his name and

621

00:21:09,750 --> 00:21:07,360

identity i was just speaking to uap

622

00:21:12,870 --> 00:21:09,760

colombia but super nice guy

623

00:21:15,830 --> 00:21:12,880

and then after a few months he kind of

624

00:21:17,590 --> 00:21:15,840

started talking about um possibly doing

625

00:21:20,149 --> 00:21:17,600

some something out there like doing a

626
00:21:21,909 --> 00:21:20,159
documentary about this mysterious light

627
00:21:24,870 --> 00:21:21,919
phenomena that's kind of similar to what

628
00:21:26,149 --> 00:21:24,880
you see in the hestanon valley in norway

629
00:21:27,909 --> 00:21:26,159
um

630
00:21:29,190 --> 00:21:27,919
i know i was hooked i was like this

631
00:21:30,630 --> 00:21:29,200
that's my kind of stuff the

632
00:21:32,549 --> 00:21:30,640
science-based

633
00:21:34,549 --> 00:21:32,559
aspect of the phenomena um so i was just

634
00:21:36,230 --> 00:21:34,559
like yeah i'd love to be involved

635
00:21:37,510 --> 00:21:36,240
not really thinking any anything would

636
00:21:39,590 --> 00:21:37,520
come of it

637
00:21:41,990 --> 00:21:39,600
but as the year progressed we were we

638
00:21:44,470 --> 00:21:42,000

started speaking and having video calls

639

00:21:46,230 --> 00:21:44,480

got to know ash um absolutely amazing

640

00:21:49,430 --> 00:21:46,240

guy and then towards the end of last

641

00:21:50,630 --> 00:21:49,440

year i got a message one day going right

642

00:21:53,510 --> 00:21:50,640

it's happening

643

00:21:55,590 --> 00:21:53,520

do you want in i'm like yes please um

644

00:21:58,630 --> 00:21:55,600

before you know it

645

00:22:00,870 --> 00:21:58,640

six weeks is the countdown and

646

00:22:03,510 --> 00:22:00,880

that flies by and i'm on a plane with

647

00:22:06,390 --> 00:22:03,520

dan the signal from my colleague at uap

648

00:22:08,789 --> 00:22:06,400

media uk and i think everyone knows dan

649

00:22:10,149 --> 00:22:08,799

as well from that ufo podcast and we're

650

00:22:11,590 --> 00:22:10,159

you know we're flying out there and it's

651

00:22:12,710 --> 00:22:11,600

just

652

00:22:14,470 --> 00:22:12,720

incredible to know that we're going to

653

00:22:17,029 --> 00:22:14,480

be doing serious boots on the ground

654

00:22:18,470 --> 00:22:17,039

investigations into a real interesting

655

00:22:20,230 --> 00:22:18,480

phenomena so

656

00:22:22,710 --> 00:22:20,240

yeah great stuff

657

00:22:25,270 --> 00:22:22,720

yeah south america is no stranger to the

658

00:22:27,110 --> 00:22:25,280

uap phenomenon as well right even other

659

00:22:28,789 --> 00:22:27,120

parts like chile and argentina and stuff

660

00:22:30,390 --> 00:22:28,799

like that there's been things in the air

661

00:22:32,310 --> 00:22:30,400

the water lights it's all the same

662

00:22:33,350 --> 00:22:32,320

phenomenon it seems to be a global thing

663

00:22:36,390 --> 00:22:33,360

not just

664

00:22:38,149 --> 00:22:36,400

you know maybe it gets more attention or

665

00:22:39,990 --> 00:22:38,159

kind of more momentum from the us

666

00:22:41,270 --> 00:22:40,000

because maybe they take lead when these

667

00:22:43,990 --> 00:22:41,280

kind of things happen and they've just

668

00:22:45,669 --> 00:22:44,000

been doing so for longer uh and that's

669

00:22:47,430 --> 00:22:45,679

kind of why they're if there are any

670

00:22:49,350 --> 00:22:47,440

leaks it's going to come from where the

671

00:22:51,430 --> 00:22:49,360

pot is hottest right and if that is the

672

00:22:52,710 --> 00:22:51,440

hub of information they're going to get

673

00:22:55,110 --> 00:22:52,720

everything first and then it's going to

674

00:22:57,510 --> 00:22:55,120

kind of trickle out you know from there

675

00:22:59,590 --> 00:22:57,520

the one big thing that was different

676
00:23:01,909 --> 00:22:59,600
that i kind of wasn't expecting as much

677
00:23:04,470 --> 00:23:01,919
was that this is a a phenomena that has

678
00:23:06,470 --> 00:23:04,480
been reported for about 400 years

679
00:23:08,789 --> 00:23:06,480
and the people out there are very very

680
00:23:10,710 --> 00:23:08,799
spiritual and you ask them what they

681
00:23:13,430 --> 00:23:10,720
think these strange lights are straight

682
00:23:14,789 --> 00:23:13,440
away without hesitation it's ufos

683
00:23:18,390 --> 00:23:14,799
and when we're actually out there in the

684
00:23:21,350 --> 00:23:18,400
local town all the walls around the

685
00:23:23,590 --> 00:23:21,360
small town are just murals of ufos above

686
00:23:26,470 --> 00:23:23,600
the mountain and stuff like that is

687
00:23:29,110 --> 00:23:26,480
really ingrained in their psyche

688
00:23:31,190 --> 00:23:29,120

every single one of them you know so

689

00:23:33,190 --> 00:23:31,200

that was a a strange thing because you

690

00:23:35,270 --> 00:23:33,200

have to then get past what people's

691

00:23:36,789 --> 00:23:35,280

biases might be or just pure belief

692

00:23:37,990 --> 00:23:36,799

systems

693

00:23:40,149 --> 00:23:38,000

and not forget that we're there to

694

00:23:41,510 --> 00:23:40,159

actually try and gather evidence so but

695

00:23:43,110 --> 00:23:41,520

it was still a beautiful thing you know

696

00:23:45,190 --> 00:23:43,120

when you talk to someone out there about

697

00:23:46,950 --> 00:23:45,200

ufos you know it's going to be a great

698

00:23:49,190 --> 00:23:46,960

conversation there's no funny looks or

699

00:23:50,950 --> 00:23:49,200

anything so that was awesome

700

00:23:52,470 --> 00:23:50,960

well any of the north american cultures

701

00:23:55,430 --> 00:23:52,480

right like if you look at like the zuni

702

00:23:57,029 --> 00:23:55,440

or the pueblo indians or the hopi they

703

00:23:59,669 --> 00:23:57,039

believe that you know they're the

704

00:24:01,750 --> 00:23:59,679

descendants of star people um and even

705

00:24:03,510 --> 00:24:01,760

when you go to like africa and polynesia

706

00:24:05,350 --> 00:24:03,520

and and that kind of gives credence to

707

00:24:06,950 --> 00:24:05,360

the uh ancient alien theory that there

708

00:24:09,029 --> 00:24:06,960

were some intelligent creatures here in

709

00:24:11,269 --> 00:24:09,039

the past because it doesn't explain the

710

00:24:13,029 --> 00:24:11,279

age of a lot of the things on our planet

711

00:24:14,390 --> 00:24:13,039

or the artwork you know

712

00:24:15,830 --> 00:24:14,400

some of these things look like they're

713

00:24:17,510 --> 00:24:15,840

operating craft they're wearing

714

00:24:19,830 --> 00:24:17,520

spaceship helmets some of them are

715

00:24:21,669 --> 00:24:19,840

massive beside little guys so either

716

00:24:23,669 --> 00:24:21,679

one's really really big or one is really

717

00:24:25,510 --> 00:24:23,679

really small but they wanted to show

718

00:24:28,070 --> 00:24:25,520

that there was a difference you know

719

00:24:30,470 --> 00:24:28,080

and uh we still don't have any answers

720

00:24:32,310 --> 00:24:30,480

to any of that stuff around the world so

721

00:24:33,669 --> 00:24:32,320

i think that's kind of um especially in

722

00:24:35,430 --> 00:24:33,679

south america that'd be a good place to

723

00:24:37,750 --> 00:24:35,440

get maybe some unfiltered information

724

00:24:39,990 --> 00:24:37,760

direct from from people who that has

725

00:24:41,510 --> 00:24:40,000

become their uh you know their ethos

726

00:24:42,950 --> 00:24:41,520

it's part of their religion now what

727

00:24:45,430 --> 00:24:42,960

they actually believe

728

00:24:47,269 --> 00:24:45,440

yeah totally i mean

729

00:24:49,029 --> 00:24:47,279

the main goal was to do the research but

730

00:24:50,630 --> 00:24:49,039

also to film this documentary series

731

00:24:52,070 --> 00:24:50,640

which obviously we did

732

00:24:54,710 --> 00:24:52,080

um

733

00:24:56,310 --> 00:24:54,720

and i mean that in itself was

734

00:24:58,710 --> 00:24:56,320

a journey and it's it's called

735

00:25:01,590 --> 00:24:58,720

phenomenology now that is actually the

736

00:25:03,830 --> 00:25:01,600

the study of experience consciousness

737

00:25:05,350 --> 00:25:03,840

and and a journey

738

00:25:07,269 --> 00:25:05,360

and i think what the documentary series

739

00:25:08,710 --> 00:25:07,279

will show is not only the investigation

740

00:25:09,990 --> 00:25:08,720

side of things but the journey that we

741

00:25:13,110 --> 00:25:10,000

all took from

742

00:25:16,070 --> 00:25:13,120

day one to to to the end of the of the

743

00:25:17,990 --> 00:25:16,080

trip and i think that will really shine

744

00:25:20,070 --> 00:25:18,000

through because we it was me and dan but

745

00:25:21,750 --> 00:25:20,080

there was also a group of people you

746

00:25:23,350 --> 00:25:21,760

know about four or five other people

747

00:25:25,510 --> 00:25:23,360

very different backgrounds we had a

748

00:25:28,149 --> 00:25:25,520

gentleman from london who was a

749

00:25:29,750 --> 00:25:28,159

he's in international trade you know

750

00:25:31,590 --> 00:25:29,760

doesn't come from a uap research

751
00:25:34,789 --> 00:25:31,600
background but was asking great

752
00:25:35,750 --> 00:25:34,799
questions we had a new york judge 72

753
00:25:38,149 --> 00:25:35,760
year old

754
00:25:39,990 --> 00:25:38,159
lady from new york so she comes with a

755
00:25:42,070 --> 00:25:40,000
very analytical and

756
00:25:44,149 --> 00:25:42,080
evidence and asking the right questions

757
00:25:46,470 --> 00:25:44,159
about things and we had a gentleman who

758
00:25:49,669 --> 00:25:46,480
works in

759
00:25:51,830 --> 00:25:49,679
the u.s military establishment uh top

760
00:25:53,830 --> 00:25:51,840
secret sci clearance i

761
00:25:56,630 --> 00:25:53,840
i wasn't able to get much out of him

762
00:25:59,510 --> 00:25:56,640
lovely lovely guy and we formed this

763
00:26:01,750 --> 00:25:59,520

bond this team from so many different

764

00:26:03,590 --> 00:26:01,760

angles and i think that's going to show

765

00:26:05,750 --> 00:26:03,600

in the series as well so like i said

766

00:26:07,669 --> 00:26:05,760

it's just going to be about a journey

767

00:26:09,669 --> 00:26:07,679

but then with a really really

768

00:26:11,590 --> 00:26:09,679

fascinating investigative side as well

769

00:26:14,549 --> 00:26:11,600

so i hope people enjoy it

770

00:26:15,990 --> 00:26:14,559

so just uh i'm curious now because you

771

00:26:18,549 --> 00:26:16,000

go down to columbia and now you're

772

00:26:20,950 --> 00:26:18,559

immersed in this culture that believes

773

00:26:23,110 --> 00:26:20,960

that these are ufos you see the art on

774

00:26:24,870 --> 00:26:23,120

the wall uh you're with other people

775

00:26:26,710 --> 00:26:24,880

that have the same interests as you that

776

00:26:28,230 --> 00:26:26,720

must have been like an amazing

777

00:26:30,390 --> 00:26:28,240

experience and it's almost like a

778

00:26:31,750 --> 00:26:30,400

validation as well that you're kind of

779

00:26:34,390 --> 00:26:31,760

on the right track

780

00:26:36,470 --> 00:26:34,400

too with like this investigation

781

00:26:38,310 --> 00:26:36,480

yeah i mean we we have this really nice

782

00:26:40,230 --> 00:26:38,320

big house we spent every minute of the

783

00:26:41,669 --> 00:26:40,240

day together and the conversations after

784

00:26:43,990 --> 00:26:41,679

filming finished with

785

00:26:45,750 --> 00:26:44,000

just fascinating about uap because with

786

00:26:47,269 --> 00:26:45,760

me and dan and we're getting asked a lot

787

00:26:48,710 --> 00:26:47,279

of questions by these guys who just

788

00:26:50,630 --> 00:26:48,720

wanted to know as much as they could

789

00:26:52,549 --> 00:26:50,640

they were so enthusiastic

790

00:26:54,710 --> 00:26:52,559

um and you tell them stuff and they just

791

00:26:56,710 --> 00:26:54,720

come out with ideas and conversation

792

00:26:58,710 --> 00:26:56,720

points that even i hadn't considered

793

00:27:01,909 --> 00:26:58,720

certain aspects of so it really helped

794

00:27:03,510 --> 00:27:01,919

form this cohesion and stuff um

795

00:27:05,269 --> 00:27:03,520

so yeah i mean it was just it was just

796

00:27:06,390 --> 00:27:05,279

great and when you're surrounded by such

797

00:27:09,750 --> 00:27:06,400

beauty as well

798

00:27:12,470 --> 00:27:09,760

yeah it's just an idyllic life you know

799

00:27:14,710 --> 00:27:12,480

it's like an indiana jones thing like uh

800

00:27:16,149 --> 00:27:14,720

i think you made references to that so

801
00:27:18,149 --> 00:27:16,159
yeah it's pretty cool

802
00:27:20,630 --> 00:27:18,159
do you have any other uh uh

803
00:27:22,310 --> 00:27:20,640
faraway destinations kind of lined up or

804
00:27:24,149 --> 00:27:22,320
are there any other hot spots around the

805
00:27:26,470 --> 00:27:24,159
world that are worthy of uh visiting and

806
00:27:28,710 --> 00:27:26,480
doing some investigations

807
00:27:30,789 --> 00:27:28,720
i i mean i guess there are i'd love to i

808
00:27:31,909 --> 00:27:30,799
think this columbia project is going to

809
00:27:33,830 --> 00:27:31,919
continue

810
00:27:35,430 --> 00:27:33,840
season two is going to be filmed in june

811
00:27:37,830 --> 00:27:35,440
so there are already people lined up to

812
00:27:40,230 --> 00:27:37,840
go out there unfortunately i'd love to

813
00:27:41,750 --> 00:27:40,240

but i'm a family man i've got you know

814

00:27:43,430 --> 00:27:41,760

that to kind of consider first and

815

00:27:45,269 --> 00:27:43,440

foremost um

816

00:27:47,029 --> 00:27:45,279

so yeah i mean i think it's good to give

817

00:27:48,870 --> 00:27:47,039

other people an opportunity to go and

818

00:27:50,870 --> 00:27:48,880

see it from another angle and then just

819

00:27:52,789 --> 00:27:50,880

keep going so maybe next year i'll be

820

00:27:54,310 --> 00:27:52,799

out there again but there's a lot more

821

00:27:55,269 --> 00:27:54,320

work that needs to be done we need some

822

00:27:57,110 --> 00:27:55,279

really

823

00:27:57,909 --> 00:27:57,120

we need some intense sensor systems out

824

00:27:59,909 --> 00:27:57,919

there

825

00:28:01,510 --> 00:27:59,919

to to really see what these things are i

826

00:28:03,590 --> 00:28:01,520

think that's the next step in in the

827

00:28:06,230 --> 00:28:03,600

next year or two so hopefully we'll get

828

00:28:08,870 --> 00:28:06,240

there i'm quite positive you know we

829

00:28:11,269 --> 00:28:08,880

were lucky enough to have some

830

00:28:13,269 --> 00:28:11,279

advice and some private calls with

831

00:28:14,870 --> 00:28:13,279

luella zondo and sean cahill while we

832

00:28:16,389 --> 00:28:14,880

were out there to kind of

833

00:28:18,070 --> 00:28:16,399

to see if they thought we were doing the

834

00:28:18,789 --> 00:28:18,080

right thing at the right time and stuff

835

00:28:20,389 --> 00:28:18,799

and

836

00:28:21,669 --> 00:28:20,399

you know they validated what we were

837

00:28:23,110 --> 00:28:21,679

doing thank

838

00:28:24,549 --> 00:28:23,120

thank those guys i can't thank those

839

00:28:25,590 --> 00:28:24,559

guys enough you know they've been a real

840

00:28:27,590 --> 00:28:25,600

big help

841

00:28:28,549 --> 00:28:27,600

inside that project and outside as well

842

00:28:30,549 --> 00:28:28,559

so

843

00:28:32,950 --> 00:28:30,559

yeah that's just validation that i know

844

00:28:34,870 --> 00:28:32,960

i'm kind of on the right track so yeah

845

00:28:37,029 --> 00:28:34,880

and speaking about group events i just

846

00:28:39,269 --> 00:28:37,039

want to ask your opinion uh i'm a big

847

00:28:41,510 --> 00:28:39,279

kind of enthusiast on the whole idea of

848

00:28:44,710 --> 00:28:41,520

like ce5 or close encounters of the

849

00:28:47,110 --> 00:28:44,720

fifth kind group meditations people all

850

00:28:49,990 --> 00:28:47,120

like-minded with the same intention

851
00:28:51,430 --> 00:28:50,000
um that are supposedly able to manifest

852
00:28:53,750 --> 00:28:51,440
lights or

853
00:28:55,190 --> 00:28:53,760
craft or whatever uh what are your

854
00:28:57,110 --> 00:28:55,200
thoughts on that have you spoken to

855
00:28:59,190 --> 00:28:57,120
anybody who's been a part of that

856
00:29:01,190 --> 00:28:59,200
i know stephen greer is he's the one

857
00:29:03,590 --> 00:29:01,200
that sort of brought this to light with

858
00:29:06,149 --> 00:29:03,600
his uh disclosure uh television and uh

859
00:29:07,269 --> 00:29:06,159
you know amazon type program so if

860
00:29:09,269 --> 00:29:07,279
you've spoken to anybody who's been

861
00:29:10,230 --> 00:29:09,279
involved or uh or what are your thoughts

862
00:29:11,590 --> 00:29:10,240
on that

863
00:29:13,750 --> 00:29:11,600

i have i've spoken to many people

864

00:29:15,669 --> 00:29:13,760

unfortunately i don't like the term ce5

865

00:29:17,110 --> 00:29:15,679

because i feel like it's a brand name of

866

00:29:19,269 --> 00:29:17,120

something that's been around for a lot

867

00:29:21,430 --> 00:29:19,279

longer than when that first came about

868

00:29:23,510 --> 00:29:21,440

it's more like that human cognitive

869

00:29:25,830 --> 00:29:23,520

interface with

870

00:29:27,669 --> 00:29:25,840

a non-human intelligence um

871

00:29:29,350 --> 00:29:27,679

it's not really my

872

00:29:31,269 --> 00:29:29,360

side of research

873

00:29:32,470 --> 00:29:31,279

but i certainly wouldn't brush it off

874

00:29:34,149 --> 00:29:32,480

and what you were saying there about

875

00:29:36,310 --> 00:29:34,159

more people together i mean if it's an

876

00:29:37,430 --> 00:29:36,320

energy-based system then surely the more

877

00:29:39,430 --> 00:29:37,440

people

878

00:29:43,110 --> 00:29:39,440

projecting something out there amplifies

879

00:29:44,870 --> 00:29:43,120

it yeah so i'm all for that you know um

880

00:29:46,630 --> 00:29:44,880

so yeah i mean

881

00:29:48,389 --> 00:29:46,640

i certainly wouldn't

882

00:29:50,470 --> 00:29:48,399

say anything negative about it i'm not

883

00:29:52,070 --> 00:29:50,480

that kind of person for me i'd like to

884

00:29:53,750 --> 00:29:52,080

see more research but again i'm not

885

00:29:57,190 --> 00:29:53,760

focusing on it so you know maybe it's

886

00:29:59,350 --> 00:29:57,200

out there um like i said i have friends

887

00:30:01,669 --> 00:29:59,360

more into that side of things and i do

888

00:30:03,350 --> 00:30:01,679

888 speak to them so i keep a very open mind

889

00:30:05,430 --> 00:30:03,360

and i certainly wouldn't just brush it

890

00:30:08,310 --> 00:30:05,440

off because it doesn't fit into my

891

00:30:10,470 --> 00:30:08,320

paradigm let's say so and i think that's

892

00:30:13,590 --> 00:30:10,480

how most people should should look at it

893

00:30:15,190 --> 00:30:13,600

before just poo-pooing it right

894

00:30:17,269 --> 00:30:15,200

actually vinnie that leads me to my

895

00:30:18,389 --> 00:30:17,279

question i always want to ask you what's

896

00:30:20,070 --> 00:30:18,399

your thoughts on the abduction

897

00:30:23,029 --> 00:30:20,080

phenomenon

898

00:30:25,110 --> 00:30:23,039

i mean

899

00:30:27,029 --> 00:30:25,120

i would never ever say to someone it's

900

00:30:28,389 --> 00:30:27,039

not true and it didn't happen if

901
00:30:30,950 --> 00:30:28,399
somebody believes that it happened to

902
00:30:32,789 --> 00:30:30,960
them who am i to say it didn't

903
00:30:35,029 --> 00:30:32,799
it's one of those things where you kind

904
00:30:36,789 --> 00:30:35,039
of have to go on testimony only

905
00:30:39,029 --> 00:30:36,799
you know you can't really research

906
00:30:41,269 --> 00:30:39,039
beyond that sometimes there are cases

907
00:30:43,350 --> 00:30:41,279
where there may be physical traces and

908
00:30:46,389 --> 00:30:43,360
other other aspects of that again it's

909
00:30:48,070 --> 00:30:46,399
not really my focus of research so

910
00:30:50,149 --> 00:30:48,080
you know when i when i don't have that

911
00:30:52,470 --> 00:30:50,159
information or that knowledge then i

912
00:30:54,389 --> 00:30:52,480
will just take people for their word

913
00:30:55,909 --> 00:30:54,399

yeah um

914

00:30:57,830 --> 00:30:55,919

i think that's the only way you can

915

00:30:58,950 --> 00:30:57,840

treat people in it you know in a nice

916

00:31:00,630 --> 00:30:58,960

way you know

917

00:31:02,870 --> 00:31:00,640

it's the human thing to do if they

918

00:31:03,909 --> 00:31:02,880

believe it i believe it you know but i'm

919

00:31:06,310 --> 00:31:03,919

not going to go shouting from the

920

00:31:09,909 --> 00:31:06,320

rooftops that that it happened but

921

00:31:11,590 --> 00:31:09,919

i i i'm an ear they can talk to me

922

00:31:14,389 --> 00:31:11,600

yeah so you're not opposed to the

923

00:31:15,830 --> 00:31:14,399

concept of it

924

00:31:17,110 --> 00:31:15,840

i'm not going to judge you know i'm not

925

00:31:18,549 --> 00:31:17,120

going to judge people for having a

926

00:31:20,710 --> 00:31:18,559

belief system that's

927

00:31:22,549 --> 00:31:20,720

different from mine has anything changed

928

00:31:23,909 --> 00:31:22,559

for you though throughout the years of

929

00:31:26,149 --> 00:31:23,919

doing this like

930

00:31:28,149 --> 00:31:26,159

or even researching is it has anything

931

00:31:29,669 --> 00:31:28,159

changed for you like aspects like did

932

00:31:37,990 --> 00:31:29,679

you

933

00:31:39,750 --> 00:31:38,000

uh or opinion

934

00:31:41,269 --> 00:31:39,760

not really shifting thought and opinion

935

00:31:42,630 --> 00:31:41,279

i guess

936

00:31:44,870 --> 00:31:42,640

everything i'm about when it comes to

937

00:31:46,870 --> 00:31:44,880

subjects has been about the research and

938

00:31:48,389 --> 00:31:46,880

and stuff like that i think when people

939

00:31:49,830 --> 00:31:48,399

have seen the

940

00:31:51,590 --> 00:31:49,840

upcoming documentary series from

941

00:31:55,029 --> 00:31:51,600

colombia i think they'll see a slightly

942

00:31:56,950 --> 00:31:55,039

different me let's put it like that

943

00:31:58,710 --> 00:31:56,960

and if it's fact based then that's sort

944

00:32:00,950 --> 00:31:58,720

of the the fuel to your rocket ship then

945

00:32:02,950 --> 00:32:00,960

that's good i mean the science community

946

00:32:04,789 --> 00:32:02,960

as sean cahill mentioned last week he

947

00:32:06,950 --> 00:32:04,799

said you know you show them these five

948

00:32:08,470 --> 00:32:06,960

observables they're tangible you know

949

00:32:11,590 --> 00:32:08,480

they're visually tracked they're on

950

00:32:13,669 --> 00:32:11,600

radar they they create data right like

951
00:32:15,909 --> 00:32:13,679
there's there's metrics to these things

952
00:32:17,269 --> 00:32:15,919
so to just be able to say well no i

953
00:32:18,710 --> 00:32:17,279
don't i don't believe it yeah but if

954
00:32:20,789 --> 00:32:18,720
you're a science mind you have to look

955
00:32:22,549 --> 00:32:20,799
at it now because now it's not coming

956
00:32:24,549 --> 00:32:22,559
from some guy's grainy video that he

957
00:32:26,310 --> 00:32:24,559
filmed in his backyard and you just

958
00:32:28,149 --> 00:32:26,320
don't know what his motivations are if

959
00:32:30,549 --> 00:32:28,159
it's real or modified whatever it's

960
00:32:32,870 --> 00:32:30,559
coming from the government so it's it's

961
00:32:34,470 --> 00:32:32,880
you can't just say ah it doesn't make

962
00:32:36,789 --> 00:32:34,480
sense so there's nothing to it anymore

963
00:32:39,029 --> 00:32:36,799

if it's factual based and it's you know

964

00:32:40,950 --> 00:32:39,039

predictable repeatable that's what

965

00:32:42,870 --> 00:32:40,960

science minds including myself that's

966

00:32:44,950 --> 00:32:42,880

what we're looking for you know show me

967

00:32:46,549 --> 00:32:44,960

i want to believe but i'm not quick to

968

00:32:48,789 --> 00:32:46,559

believe you know i think i'm more of an

969

00:32:50,710 --> 00:32:48,799

optimistic pessimist than anything else

970

00:32:52,549 --> 00:32:50,720

like that's probably why it's a

971

00:32:54,070 --> 00:32:52,559

phenomenon because you can't repeat it

972

00:32:56,149 --> 00:32:54,080

like it's not you know i know science

973

00:32:57,590 --> 00:32:56,159

you'll be able to repeat an experiment

974

00:32:59,509 --> 00:32:57,600

but you can't repeat that a sighting

975

00:33:01,509 --> 00:32:59,519

takes a look at quantum physics quantum

976

00:33:02,950 --> 00:33:01,519

physics is a science and when you

977

00:33:04,549 --> 00:33:02,960

observe something and measure the

978

00:33:06,230 --> 00:33:04,559

results they're different from when

979

00:33:09,110 --> 00:33:06,240

you're not observing and measuring the

980

00:33:10,870 --> 00:33:09,120

result so the mere act of measuring

981

00:33:12,310 --> 00:33:10,880

changes how things behave because now

982

00:33:14,070 --> 00:33:12,320

you're giving them a purpose you know

983

00:33:17,509 --> 00:33:14,080

it's it's not stranger than you think

984

00:33:19,509 --> 00:33:17,519

it's stranger than you can think so yeah

985

00:33:21,190 --> 00:33:19,519

excites me that's the that's exactly all

986

00:33:23,350 --> 00:33:21,200

that data stuff and the analysis

987

00:33:25,430 --> 00:33:23,360

scientific stuff that is a bit more of

988

00:33:27,669 --> 00:33:25,440

my focus not not that i'm a scientist

989

00:33:29,110 --> 00:33:27,679

doing the work but i just you know

990

00:33:32,230 --> 00:33:29,120

people talk about wanting to see the

991

00:33:34,630 --> 00:33:32,240

next video or photograph i want the data

992

00:33:36,549 --> 00:33:34,640

you know i want the radar data and and

993

00:33:39,110 --> 00:33:36,559

all that kind of stuff that to me is

994

00:33:41,190 --> 00:33:39,120

more compelling than a video or a photo

995

00:33:43,430 --> 00:33:41,200

because of you know it's 2022 we know

996

00:33:45,269 --> 00:33:43,440

how well these things can be manipulated

997

00:33:48,070 --> 00:33:45,279

faked hoaxed and all that kind of stuff

998

00:33:49,990 --> 00:33:48,080

so give me data that's why i find you

999

00:33:51,750 --> 00:33:50,000

know where the truth will lie

1000

00:33:54,950 --> 00:33:51,760

we need another phoenix lights we need

1001

00:33:57,509 --> 00:33:54,960

another 10 000 people to blatantly see

1002

00:33:59,430 --> 00:33:57,519

something and you know 800 people to get

1003

00:34:00,789 --> 00:33:59,440

it on tape and say yeah maybe one or two

1004

00:34:03,350 --> 00:34:00,799

are fake but you're not going to get

1005

00:34:05,110 --> 00:34:03,360

that kind of uh a mass collaboration

1006

00:34:07,509 --> 00:34:05,120

right cities can't even agree on where

1007

00:34:09,109 --> 00:34:07,519

to put parking and where to build a park

1008

00:34:10,550 --> 00:34:09,119

there's no way they're going to be good

1009

00:34:13,589 --> 00:34:10,560

enough to make that up right we need

1010

00:34:15,190 --> 00:34:13,599

another another big event to happen

1011

00:34:17,349 --> 00:34:15,200

it's bound to happen it's bound to

1012

00:34:19,270 --> 00:34:17,359

happen there's no way right and who

1013

00:34:20,790 --> 00:34:19,280

knows what's the next city that's going

1014

00:34:22,869 --> 00:34:20,800

to take place but

1015

00:34:26,230 --> 00:34:22,879

yeah i i always say that please be

1016

00:34:28,069 --> 00:34:26,240

chilliwack please be chilliwack

1017

00:34:29,829 --> 00:34:28,079

british columbia and then the west coast

1018

00:34:31,190 --> 00:34:29,839

of north america in general is a hot

1019

00:34:32,470 --> 00:34:31,200

spot you know all the way through

1020

00:34:34,550 --> 00:34:32,480

washington oregon down through

1021

00:34:37,510 --> 00:34:34,560

california and then like right into

1022

00:34:39,270 --> 00:34:37,520

mexico and further south right so um

1023

00:34:41,349 --> 00:34:39,280

especially being so close to the water a

1024

00:34:44,149 --> 00:34:41,359

lot of these things demonstrate they can

1025

00:34:45,589 --> 00:34:44,159

go from space to air to water and it no

1026
00:34:47,349 --> 00:34:45,599
matter what the medium it doesn't seem

1027
00:34:48,950 --> 00:34:47,359
to affect them at all right so

1028
00:34:50,550 --> 00:34:48,960
absolutely these things have been

1029
00:34:52,629 --> 00:34:50,560
tracked on the east and west coast of

1030
00:34:53,990 --> 00:34:52,639
the us you know catalina island

1031
00:34:56,389 --> 00:34:54,000
obviously down like you say to the

1032
00:34:58,630 --> 00:34:56,399
islands a bit down here nearer to mexico

1033
00:35:00,790 --> 00:34:58,640
but then off the coast of florida naval

1034
00:35:02,230 --> 00:35:00,800
base oceana off of virginia things like

1035
00:35:05,270 --> 00:35:02,240
that that we apparently they're

1036
00:35:07,990 --> 00:35:05,280
happening almost on a daily basis still

1037
00:35:10,310 --> 00:35:08,000
fascinating okay so this uh

1038
00:35:12,230 --> 00:35:10,320

phenomenology movie that is coming out

1039

00:35:14,230 --> 00:35:12,240

on may 1st is that correct

1040

00:35:16,470 --> 00:35:14,240

episode one drops may the first on our

1041

00:35:19,190 --> 00:35:16,480

dedicated new youtube channel for free

1042

00:35:20,550 --> 00:35:19,200

no paywall or anything yeah nice

1043

00:35:22,550 --> 00:35:20,560

and what's the length time of the

1044

00:35:24,260 --> 00:35:22,560

episode do you know

1045

00:35:25,910 --> 00:35:24,270

i think they're probably going to be

1046

00:35:29,349 --> 00:35:25,920

[Music]

1047

00:35:30,630 --> 00:35:29,359

20 to 30 minutes depending

1048

00:35:32,069 --> 00:35:30,640

yeah depending on each one i think

1049

00:35:33,910 --> 00:35:32,079

they'll be between that um hopefully

1050

00:35:36,790 --> 00:35:33,920

it'll run about eight to ten episodes as

1051

00:35:39,109 --> 00:35:36,800

well weekly weekly releases yeah

1052

00:35:40,310 --> 00:35:39,119

and at some point are you gonna write a

1053

00:35:41,910 --> 00:35:40,320

book

1054

00:35:43,829 --> 00:35:41,920

about your experiences i mean you've

1055

00:35:46,710 --> 00:35:43,839

talked to everybody you would have great

1056

00:35:48,390 --> 00:35:46,720

insight on to this phenomenon so

1057

00:35:49,829 --> 00:35:48,400

are you going to write a book

1058

00:35:51,750 --> 00:35:49,839

you know what i think that's something

1059

00:35:53,750 --> 00:35:51,760

that would be another decade down the

1060

00:35:55,990 --> 00:35:53,760

line i've got so much work i want to do

1061

00:35:58,390 --> 00:35:56,000

in this field for the next

1062

00:35:59,589 --> 00:35:58,400

you know for the next 10 years at least

1063

00:36:01,190 --> 00:35:59,599

um

1064

00:36:02,550 --> 00:36:01,200

that i think that would be something a

1065

00:36:04,230 --> 00:36:02,560

lot further down the line and it would

1066

00:36:06,069 --> 00:36:04,240

include all the columbia stuff but i

1067

00:36:07,589 --> 00:36:06,079

hope that i get to do a lot more kind of

1068

00:36:09,910 --> 00:36:07,599

boots on the ground work in the coming

1069

00:36:11,190 --> 00:36:09,920

years so yeah i think eventually you

1070

00:36:14,390 --> 00:36:11,200

know i'm surrounded by a lot of good

1071

00:36:16,230 --> 00:36:14,400

authors graham rendell part of uap media

1072

00:36:18,470 --> 00:36:16,240

uk has written the

1073

00:36:20,870 --> 00:36:18,480

the foo fighter book recently

1074

00:36:22,390 --> 00:36:20,880

absolutely phenomenal so i wouldn't even

1075

00:36:25,270 --> 00:36:22,400

dare to attempt to write a book at this

1076

00:36:27,030 --> 00:36:25,280

stage i'd need a lot more experience in

1077

00:36:28,470 --> 00:36:27,040

in the field you know i still feel like

1078

00:36:30,150 --> 00:36:28,480

even though i've been

1079

00:36:31,910 --> 00:36:30,160

in the background for quite a long time

1080

00:36:34,390 --> 00:36:31,920

in this subject i still feel like i'm

1081

00:36:36,630 --> 00:36:34,400

new to some degree so i wouldn't want to

1082

00:36:38,390 --> 00:36:36,640

do something too soon too early

1083

00:36:40,550 --> 00:36:38,400

do it as a memoir when you've got years

1084

00:36:42,790 --> 00:36:40,560

and years of things to reflect on right

1085

00:36:44,230 --> 00:36:42,800

after disclosure yeah

1086

00:36:46,150 --> 00:36:44,240

and the thing is too with all your

1087

00:36:48,470 --> 00:36:46,160

podcasts i mean you got great material

1088

00:36:50,390 --> 00:36:48,480

there you can go back and listen to it

1089

00:36:52,069 --> 00:36:50,400

and uh i don't know if it's probably the

1090

00:36:54,550 --> 00:36:52,079

same for you as it is for me but they're

1091

00:36:56,710 --> 00:36:54,560

they're all my babies uh each and every

1092

00:36:58,310 --> 00:36:56,720

single one of them and i i forget

1093

00:37:00,550 --> 00:36:58,320

sometimes some of the conversations i

1094

00:37:02,470 --> 00:37:00,560

had and i listened to them i'm like man

1095

00:37:04,310 --> 00:37:02,480

that's crazy that i had that person on

1096

00:37:05,829 --> 00:37:04,320

and you're one of those people that i

1097

00:37:07,190 --> 00:37:05,839

have to have on

1098

00:37:08,550 --> 00:37:07,200

just because i've seen the success that

1099

00:37:11,030 --> 00:37:08,560

you've had over the

1100

00:37:12,950 --> 00:37:11,040

last few years and i'm i'm amazed at how

1101

00:37:15,990 --> 00:37:12,960

big it blew up but

1102

00:37:17,829 --> 00:37:16,000

most importantly is the uh spreading the

1103

00:37:19,109 --> 00:37:17,839

word out there you know as you're

1104

00:37:20,790 --> 00:37:19,119

getting more and more

1105

00:37:22,550 --> 00:37:20,800

out there and your posts are getting

1106

00:37:24,470 --> 00:37:22,560

retweeted and stuff like that

1107

00:37:25,990 --> 00:37:24,480

uh people are getting the word that you

1108

00:37:27,589 --> 00:37:26,000

know there's you don't need to wait for

1109

00:37:29,109 --> 00:37:27,599

the government for disclosure we have

1110

00:37:30,550 --> 00:37:29,119

people like this that are talking to the

1111

00:37:33,589 --> 00:37:30,560

right people right

1112

00:37:35,750 --> 00:37:33,599

so kudos kurosuma man that's uh that's a

1113

00:37:37,349 --> 00:37:35,760

big deal it's a big deal thank you man

1114

00:37:38,630 --> 00:37:37,359

i'm not very good at taking compliments

1115

00:37:40,870 --> 00:37:38,640

so

1116

00:37:43,430 --> 00:37:40,880

you know i i always wanted my work to do

1117

00:37:45,750 --> 00:37:43,440

the talking and not really me so yeah

1118

00:37:47,990 --> 00:37:45,760

you know i i do still struggle with that

1119

00:37:50,150 --> 00:37:48,000

because it's not about me trying to put

1120

00:37:51,990 --> 00:37:50,160

my face and name out there right i'm

1121

00:37:53,670 --> 00:37:52,000

just associated with the subject and

1122

00:37:55,270 --> 00:37:53,680

doing work in it so

1123

00:37:56,790 --> 00:37:55,280

there's a kind of it's a double-edged

1124

00:37:58,790 --> 00:37:56,800

sword you know i want to get the

1125

00:38:00,790 --> 00:37:58,800

information out there and if my name has

1126

00:38:02,790 --> 00:38:00,800

to go along with it then i guess i have

1127

00:38:04,710 --> 00:38:02,800

to accept that to some level you know

1128

00:38:06,150 --> 00:38:04,720

some degree i guess you don't want to

1129

00:38:08,230 --> 00:38:06,160

because there have been some names that

1130

00:38:10,710 --> 00:38:08,240

have come and made a splash and were

1131

00:38:12,950 --> 00:38:10,720

very quickly sought as maybe like a bit

1132

00:38:15,109 --> 00:38:12,960

of a sellout or you know they had

1133

00:38:17,430 --> 00:38:15,119

materialistic motives and even lou

1134

00:38:19,430 --> 00:38:17,440

elizondo i've heard him mention that

1135

00:38:21,510 --> 00:38:19,440

you know he didn't part ways with to the

1136

00:38:22,950 --> 00:38:21,520

stars academy it's just they are media

1137

00:38:25,270 --> 00:38:22,960

based and they want to be all about

1138

00:38:27,030 --> 00:38:25,280

television programming and he's got more

1139

00:38:28,950 --> 00:38:27,040

work to do than almost to just limit

1140

00:38:31,030 --> 00:38:28,960

himself to that you know maybe maybe

1141

00:38:34,230 --> 00:38:31,040

he's not willing to settle down you know

1142

00:38:35,430 --> 00:38:34,240

so to speak yet right so absolutely yeah

1143

00:38:37,510 --> 00:38:35,440

people wanna

1144

00:38:38,870 --> 00:38:37,520

you wanna get the word out but a lot of

1145

00:38:40,550 --> 00:38:38,880

these people including yourself are very

1146

00:38:42,310 --> 00:38:40,560

humble you know even sean cahill

1147

00:38:44,150 --> 00:38:42,320

extremely humble down to earth guy

1148

00:38:45,750 --> 00:38:44,160

they're not uh they're not out there

1149

00:38:47,670 --> 00:38:45,760

waving the flag saying everybody listen

1150

00:38:49,109 --> 00:38:47,680

to me i'm an expert on the subject

1151

00:38:51,109 --> 00:38:49,119

they're quick to admit there are no

1152

00:38:53,510 --> 00:38:51,119

experts because nobody knows nobody has

1153

00:38:55,670 --> 00:38:53,520

definitive proof so let's keep our our

1154

00:38:57,270 --> 00:38:55,680

heads about us and not get too

1155

00:38:58,870 --> 00:38:57,280

too big about what we think we are you

1156

00:39:01,270 --> 00:38:58,880

know let's just keep talking about this

1157

00:39:03,829 --> 00:39:01,280

and let's make it be a cool thing to

1158

00:39:06,069 --> 00:39:03,839

discuss you know we have some colleagues

1159

00:39:07,670 --> 00:39:06,079

amongst us that agree with us on every

1160

00:39:09,990 --> 00:39:07,680

other topic and planet and they're like

1161

00:39:12,470 --> 00:39:10,000

you guys do an alien show really like

1162

00:39:14,870 --> 00:39:12,480

like people come on that thing yeah yeah

1163

00:39:16,790 --> 00:39:14,880

so even if we can get them to listen

1164

00:39:19,109 --> 00:39:16,800

it's working and that's part of breaking

1165

00:39:21,349 --> 00:39:19,119

down those walls and the stigma and

1166

00:39:23,910 --> 00:39:21,359

this is not a fringe topic anymore so

1167

00:39:25,349 --> 00:39:23,920

let's talk about it with some respect

1168

00:39:27,270 --> 00:39:25,359

louie you absolutely nailed it

1169

00:39:29,430 --> 00:39:27,280

absolutely nailed it thank you brother

1170

00:39:30,950 --> 00:39:29,440

you know it's you mentioned lou and sean

1171

00:39:32,390 --> 00:39:30,960

i've been really lucky enough to form

1172

00:39:34,710 --> 00:39:32,400

good friendships with these guys away

1173

00:39:37,510 --> 00:39:34,720

from off camera and stuff like that and

1174

00:39:39,109 --> 00:39:37,520

it's not about them people think louis

1175

00:39:40,870 --> 00:39:39,119

he's coming to this subject as mr

1176

00:39:42,630 --> 00:39:40,880

disclosure he hasn't he's just bringing

1177

00:39:45,030 --> 00:39:42,640

him bringing forward some information

1178

00:39:46,950 --> 00:39:45,040

and yeah you know people

1179

00:39:48,550 --> 00:39:46,960

look at that in the wrong way and they

1180

00:39:49,910 --> 00:39:48,560

put too much emphasis on the person and

1181

00:39:51,430 --> 00:39:49,920

not on what they're saying or what

1182

00:39:52,390 --> 00:39:51,440

they're trying to say because we know

1183

00:39:54,150 --> 00:39:52,400

that

1184

00:39:56,230 --> 00:39:54,160

people like lou can't say what they

1185

00:39:57,670 --> 00:39:56,240

would really like to say because they're

1186

00:39:59,510 --> 00:39:57,680

stuck behind these

1187

00:40:01,750 --> 00:39:59,520

non-disclosure agreements so i think the

1188

00:40:03,990 --> 00:40:01,760

focus needs to remain completely and

1189

00:40:05,109 --> 00:40:04,000

entirely on the data and the information

1190

00:40:06,710 --> 00:40:05,119

you know we've come a long way in the

1191

00:40:08,630 --> 00:40:06,720

last four years a lot further than we

1192

00:40:11,270 --> 00:40:08,640

had in the previous well quite a few

1193

00:40:12,950 --> 00:40:11,280

decades in my opinion so yeah it's funny

1194

00:40:14,470 --> 00:40:12,960

about our community though but if you

1195

00:40:16,790 --> 00:40:14,480

think about it

1196

00:40:18,470 --> 00:40:16,800

we wanted somebody like lou for so long

1197

00:40:21,510 --> 00:40:18,480

we wanted somebody to come out from

1198

00:40:23,750 --> 00:40:21,520

these you know clandestine underground

1199

00:40:26,550 --> 00:40:23,760

you know investigative

1200

00:40:27,750 --> 00:40:26,560

pentagon people we get that and then we

1201

00:40:29,589 --> 00:40:27,760

got a bunch of people saying oh he's a

1202

00:40:31,190 --> 00:40:29,599

disinformant agent and now we got people

1203

00:40:32,309 --> 00:40:31,200

attacking them it was such a weird

1204

00:40:34,230 --> 00:40:32,319

community

1205

00:40:37,109 --> 00:40:34,240

like we get these things that we wanted

1206

00:40:38,550 --> 00:40:37,119

when we wanted then we pick it apart

1207

00:40:40,069 --> 00:40:38,560

don't we do that with everything though

1208

00:40:41,430 --> 00:40:40,079

we really want to vote this guy in

1209

00:40:43,750 --> 00:40:41,440

because he's going to make a change and

1210

00:40:45,589 --> 00:40:43,760

as soon as he's in get that idiot out

1211

00:40:48,550 --> 00:40:45,599

yeah he's a complete waste of time you

1212

00:40:50,230 --> 00:40:48,560

know did you not just put him in yeah

1213

00:40:51,589 --> 00:40:50,240

we got to blame ourselves a little bit

1214

00:40:53,510 --> 00:40:51,599

sometimes these people have a job

1215

00:40:55,910 --> 00:40:53,520

because of our decisions

1216

00:40:58,470 --> 00:40:55,920

yeah but i see guys like christopher

1217

00:41:00,790 --> 00:40:58,480

mellon or or lou or sean or anybody

1218

00:41:02,790 --> 00:41:00,800

that's like even yourself uh you know

1219

00:41:04,470 --> 00:41:02,800

you're out there all the time as humble

1220

00:41:07,430 --> 00:41:04,480

as you can be but you'll have people

1221

00:41:09,109 --> 00:41:07,440

that just i don't know what their deal

1222

00:41:11,270 --> 00:41:09,119

is but they they just poo poo on

1223

00:41:13,589 --> 00:41:11,280

everything like you mentioned and i i

1224

00:41:15,670 --> 00:41:13,599

hate that like it's like it's solid work

1225

00:41:17,750 --> 00:41:15,680

people are getting attacked online and

1226

00:41:20,390 --> 00:41:17,760

uh i you know it's part of the job i

1227

00:41:21,990 --> 00:41:20,400

guess but uh have you had that at all

1228

00:41:23,670 --> 00:41:22,000

yeah i mean when i first started on

1229

00:41:25,589 --> 00:41:23,680

instagram last year

1230

00:41:26,790 --> 00:41:25,599

um and i started getting a little bit of

1231

00:41:28,390 --> 00:41:26,800

growth and

1232

00:41:29,910 --> 00:41:28,400

i'd post something and peop someone

1233

00:41:31,990 --> 00:41:29,920

would come at me with with it with a

1234

00:41:33,589 --> 00:41:32,000

comment and i'd be i'd be like i can't

1235

00:41:35,589 --> 00:41:33,599

have that and i've got to respond and

1236

00:41:37,750 --> 00:41:35,599

very very quickly i learned that the

1237

00:41:40,150 --> 00:41:37,760

best possible thing you can do is don't

1238

00:41:41,670 --> 00:41:40,160

respond so now if you look anywhere

1239

00:41:44,069 --> 00:41:41,680

across all my social medias and

1240

00:41:46,630 --> 00:41:44,079

everywhere you won't see me

1241

00:41:49,270 --> 00:41:46,640

engaging in back and forth and negative

1242

00:41:51,190 --> 00:41:49,280

conversations i keep it very i put the

1243

00:41:54,150 --> 00:41:51,200

information out and i don't really say

1244

00:41:56,390 --> 00:41:54,160

much yeah i will engage with positive

1245

00:41:58,230 --> 00:41:56,400

people yeah you know who who wouldn't

1246

00:42:00,870 --> 00:41:58,240

want that you know i think

1247

00:42:02,790 --> 00:42:00,880

i think you shut up a lot of your um uh

1248

00:42:04,950 --> 00:42:02,800

your haters because when they start

1249

00:42:07,109 --> 00:42:04,960

seeing the guests and the podcasts and

1250

00:42:09,670 --> 00:42:07,119

the work that you put into it um i think

1251
00:42:11,270 --> 00:42:09,680
that shut them up for good you know

1252
00:42:14,550 --> 00:42:11,280
yeah i think it's there are certain

1253
00:42:16,230 --> 00:42:14,560
people out there that just no matter how

1254
00:42:18,230 --> 00:42:16,240
much work you put in and how much good

1255
00:42:20,390 --> 00:42:18,240
information somebody might bring out

1256
00:42:22,710 --> 00:42:20,400
they'll still come at you oh yeah

1257
00:42:24,230 --> 00:42:22,720
and trolls are trolls everywhere exactly

1258
00:42:26,069 --> 00:42:24,240
you know the best thing to do is ignore

1259
00:42:27,910 --> 00:42:26,079
it you know even if you engage with them

1260
00:42:29,430 --> 00:42:27,920
in any possible way you're giving them

1261
00:42:31,510 --> 00:42:29,440
attention and the time of day that they

1262
00:42:32,790 --> 00:42:31,520
don't deserve and it may sound harsh to

1263
00:42:34,550 --> 00:42:32,800

some people but that's what they're

1264

00:42:35,750 --> 00:42:34,560

looking for they're trying to get a rise

1265

00:42:37,109 --> 00:42:35,760

out of you they want to know that they

1266

00:42:39,270 --> 00:42:37,119

pissed you off that's what they're

1267

00:42:40,950 --> 00:42:39,280

that's gratifying for them yeah yeah

1268

00:42:42,630 --> 00:42:40,960

because all i know is that

1269

00:42:44,230 --> 00:42:42,640

if if they're spending all their time

1270

00:42:46,390 --> 00:42:44,240

hating on other people they're not doing

1271

00:42:48,390 --> 00:42:46,400

anything positive for the subject and to

1272

00:42:49,430 --> 00:42:48,400

me now that has become like

1273

00:42:51,109 --> 00:42:49,440

enough

1274

00:42:51,910 --> 00:42:51,119

for me to know that

1275

00:42:53,589 --> 00:42:51,920

you know

1276

00:42:54,710 --> 00:42:53,599

let them dwell in their

1277

00:42:55,670 --> 00:42:54,720

their own

1278

00:42:58,309 --> 00:42:55,680

mess

1279

00:43:00,710 --> 00:42:58,319

winston churchill said if you stop for

1280

00:43:03,349 --> 00:43:00,720

every barking dog on your journey you're

1281

00:43:05,589 --> 00:43:03,359

never gonna get to your destination so

1282

00:43:07,349 --> 00:43:05,599

keep going there you go love it my

1283

00:43:09,349 --> 00:43:07,359

favorite one was from mark twain never

1284

00:43:10,950 --> 00:43:09,359

argue with an idiot because they tend to

1285

00:43:12,870 --> 00:43:10,960

bring you down to their level and beat

1286

00:43:14,790 --> 00:43:12,880

you with years of experience that's

1287

00:43:16,390 --> 00:43:14,800

right yeah there you go i like it yeah

1288

00:43:18,630 --> 00:43:16,400

when you get into fight with an idiot

1289

00:43:20,470 --> 00:43:18,640

you both look stupid yeah

1290

00:43:22,390 --> 00:43:20,480

is that the truth vinny where could

1291

00:43:24,230 --> 00:43:22,400

people find you uh online i know i

1292

00:43:25,990 --> 00:43:24,240

mentioned it earlier but i will let you

1293

00:43:28,950 --> 00:43:26,000

uh have an opportunity or a kick at the

1294

00:43:30,870 --> 00:43:28,960

can here to promote yourself uh where

1295

00:43:33,030 --> 00:43:30,880

where can we find your work

1296

00:43:36,470 --> 00:43:33,040

um i suppose my main outlet would be

1297

00:43:37,349 --> 00:43:36,480

instagram is at disclosure underscore

1298

00:43:39,030 --> 00:43:37,359

team

1299

00:43:40,630 --> 00:43:39,040

um i have a link tree on there where you

1300

00:43:42,230 --> 00:43:40,640

can find everything else if you did want

1301

00:43:44,790 --> 00:43:42,240

to go direct to twitter it would be

1302

00:43:46,470 --> 00:43:44,800

disclosure team underscore and then if

1303

00:43:49,270 --> 00:43:46,480

you just saw search disclosure team on

1304

00:43:51,670 --> 00:43:49,280

youtube um you'll see the the black and

1305

00:43:53,589 --> 00:43:51,680

white logo hopefully and you can find

1306

00:43:55,109 --> 00:43:53,599

all my podcasts and stuff on there i

1307

00:43:57,430 --> 00:43:55,119

will say i'm also a part of the

1308

00:44:00,390 --> 00:43:57,440

anomalous podcast network which is run

1309

00:44:02,470 --> 00:44:00,400

by andy from that ufo podcast so my

1310

00:44:04,870 --> 00:44:02,480

podcasts all my videos and interviews

1311

00:44:07,270 --> 00:44:04,880

actually are then put out on all the

1312

00:44:10,069 --> 00:44:07,280

kind of spotify and apple podcasts

1313

00:44:11,190 --> 00:44:10,079

through the anomalous podcast network

1314

00:44:12,710 --> 00:44:11,200

nice

1315

00:44:14,390 --> 00:44:12,720

vinnie adams i thank you so much for

1316

00:44:16,710 --> 00:44:14,400

coming on the podcast hopefully this is

1317

00:44:20,150 --> 00:44:16,720

not the only time let's have you on

1318

00:44:22,470 --> 00:44:20,160

again uh i look forward to your upcoming

1319

00:44:25,109 --> 00:44:22,480

episodes and again i encourage any

1320

00:44:26,870 --> 00:44:25,119

listener if you haven't watched or

1321

00:44:28,710 --> 00:44:26,880

listened to disclosure team yet do

1322

00:44:31,109 --> 00:44:28,720

yourself a favor go download the podcast

1323

00:44:33,480 --> 00:44:31,119

right now thank you so much vinnie thank
