

**UAP STUDIES
PODCAST**

OMAR LARA

1
00:00:23,910 --> 00:00:22,150

[Music]

2
00:00:26,230 --> 00:00:23,920

all right welcome back to uap studies

3
00:00:28,150 --> 00:00:26,240

podcast i am louis borges joining me as

4
00:00:30,550 --> 00:00:28,160

always my good friend and colleague

5
00:00:31,990 --> 00:00:30,560

jason gilman how's it going my man it's

6
00:00:33,510 --> 00:00:32,000

going really well it's uh it's been a

7
00:00:35,590 --> 00:00:33,520

big week eh we've had lots of people

8
00:00:37,350 --> 00:00:35,600

contacting us and uh we recently

9
00:00:39,510 --> 00:00:37,360

launched our youtube channel so

10
00:00:41,830 --> 00:00:39,520

initially we would record a video of the

11
00:00:43,270 --> 00:00:41,840

podcast but we only released the audio

12
00:00:45,590 --> 00:00:43,280

now we're going back and editing all

13
00:00:47,590 --> 00:00:45,600

those uh videos and posting them on

14

00:00:49,430 --> 00:00:47,600

youtube yeah and the feedback has been

15

00:00:50,790 --> 00:00:49,440

amazing i mean i can

16

00:00:53,590 --> 00:00:50,800

i know you've had some people reach out

17

00:00:55,830 --> 00:00:53,600

to you as well right i i did so people

18

00:00:57,350 --> 00:00:55,840

on twitter people on instagram and i

19

00:00:59,430 --> 00:00:57,360

mean we're doing our best to get back to

20

00:01:00,709 --> 00:00:59,440

people as much as we can and i think

21

00:01:02,869 --> 00:01:00,719

we've been doing a pretty good job of

22

00:01:04,390 --> 00:01:02,879

that but uh yeah we're you know it's

23

00:01:06,870 --> 00:01:04,400

growing definitely the community's

24

00:01:08,469 --> 00:01:06,880

growing yeah and i can honestly say i

25

00:01:10,149 --> 00:01:08,479

think we have some of the most polite

26

00:01:12,390 --> 00:01:10,159

and well-spoken

27

00:01:14,230 --> 00:01:12,400

commentary we don't really have any

28

00:01:16,550 --> 00:01:14,240

idiots i've had a few posts that i think

29

00:01:18,789 --> 00:01:16,560

was spam trying to get me to buy bitcoin

30

00:01:21,270 --> 00:01:18,799

in russia but other than that it's been

31

00:01:23,910 --> 00:01:21,280

you guys rock wicked guests we love

32

00:01:25,429 --> 00:01:23,920

george knapp and uh we i'll approve

33

00:01:26,390 --> 00:01:25,439

everybody's comments as long as you're

34

00:01:28,310 --> 00:01:26,400

not spam

35

00:01:30,390 --> 00:01:28,320

or a total idiot i'll approve the

36

00:01:32,630 --> 00:01:30,400

comment everyone has their i think it's

37

00:01:34,390 --> 00:01:32,640

this i think it's this and we need that

38

00:01:36,149 --> 00:01:34,400

collective thought in order for this to

39

00:01:38,789 --> 00:01:36,159

keep gaining movement so we're not here

40

00:01:41,429 --> 00:01:38,799

to censor anyone we keep a humble

41

00:01:44,069 --> 00:01:41,439

opinion on things ourself we don't know

42

00:01:45,990 --> 00:01:44,079

nobody's an expert on this but it's that

43

00:01:48,630 --> 00:01:46,000

discussion that's gonna gonna get us

44

00:01:50,550 --> 00:01:48,640

towards that so and again for our

45

00:01:52,550 --> 00:01:50,560

dedicated podcast followers we are on

46

00:01:55,270 --> 00:01:52,560

youtube now just go to youtube search

47

00:01:57,670 --> 00:01:55,280

uap studies podcast you'll see our video

48

00:01:59,590 --> 00:01:57,680

lineup um again it's the full recording

49

00:02:01,350 --> 00:01:59,600

it's no different than the podcast but

50

00:02:02,709 --> 00:02:01,360

you get to see the guest and with the

51
00:02:04,310 --> 00:02:02,719
body language you know you can get a

52
00:02:06,230 --> 00:02:04,320
little bit more out of that video and if

53
00:02:08,710 --> 00:02:06,240
you're like my wife that can't focus on

54
00:02:11,029 --> 00:02:08,720
an hour-long podcast video is a nice

55
00:02:12,710 --> 00:02:11,039
alternative to that so my wife as well

56
00:02:14,949 --> 00:02:12,720
she's she has the same thing she has to

57
00:02:16,710 --> 00:02:14,959
watch the podcast she can't just listen

58
00:02:18,550 --> 00:02:16,720
to it she gets bored

59
00:02:20,150 --> 00:02:18,560
so it was funny the other day you're

60
00:02:22,390 --> 00:02:20,160
like oh my wife came to me and said oh

61
00:02:23,990 --> 00:02:22,400
honey you know i had a great day i

62
00:02:25,430 --> 00:02:24,000
listened to a couple of podcasts and you

63
00:02:27,350 --> 00:02:25,440

said yeah which episodes and she's like

64

00:02:29,510 --> 00:02:27,360

oh no it was joe rogan he was talking

65

00:02:31,270 --> 00:02:29,520

with michio kaku yeah

66

00:02:33,750 --> 00:02:31,280

yeah yeah that hurts a little bit you

67

00:02:35,190 --> 00:02:33,760

know your hus your your wife saying that

68

00:02:37,110 --> 00:02:35,200

she got a really good kiss today and

69

00:02:38,710 --> 00:02:37,120

you're like by who oh it wasn't you

70

00:02:40,550 --> 00:02:38,720

[Laughter]

71

00:02:42,070 --> 00:02:40,560

well thanks hun yeah thanks hun i

72

00:02:44,309 --> 00:02:42,080

appreciate that i was gonna say we have

73

00:02:45,910 --> 00:02:44,319

a really great uh guest today that uh

74

00:02:46,949 --> 00:02:45,920

you've been talking back and forth with

75

00:02:48,630 --> 00:02:46,959

uh why don't you explain a little bit

76
00:02:50,869 --> 00:02:48,640
about our guest today yeah so i've seen

77
00:02:53,509 --> 00:02:50,879
omar lara on a couple shows he was on

78
00:02:55,509 --> 00:02:53,519
luis elizondo's unidentified the history

79
00:02:57,430 --> 00:02:55,519
channel program i've seen him on some

80
00:03:00,070 --> 00:02:57,440
other shows as well and anytime we can

81
00:03:02,149 --> 00:03:00,080
get somebody from the military who's

82
00:03:03,509 --> 00:03:02,159
obviously a trained observer has a

83
00:03:06,070 --> 00:03:03,519
reputation that they're not going to

84
00:03:07,509 --> 00:03:06,080
just talk about stupid stuff whenever

85
00:03:09,190 --> 00:03:07,519
you can get their opinion their

86
00:03:10,550 --> 00:03:09,200
perspective and especially as a

87
00:03:12,470 --> 00:03:10,560
first-hand

88
00:03:14,070 --> 00:03:12,480

witnesser and somebody with the guts to

89

00:03:15,670 --> 00:03:14,080

come forward you know that we

90

00:03:17,990 --> 00:03:15,680

interviewed sean cahill a little while

91

00:03:21,030 --> 00:03:18,000

back that she's chief master at arms on

92

00:03:23,110 --> 00:03:21,040

the princeton and uh that boat was um

93

00:03:25,270 --> 00:03:23,120

you know significant in the observing

94

00:03:27,750 --> 00:03:25,280

and recording of the tic tac video while

95

00:03:30,070 --> 00:03:27,760

omar also had a similar experience on

96

00:03:32,390 --> 00:03:30,080

the uss nimitz and uh so we're going to

97

00:03:34,309 --> 00:03:32,400

talk to him about that and he'll explain

98

00:03:36,309 --> 00:03:34,319

a little bit about what's this what does

99

00:03:37,830 --> 00:03:36,319

this mean and what's happening and

100

00:03:39,910 --> 00:03:37,840

what does he think so without further

101
00:03:41,830 --> 00:03:39,920
ado i want to welcome to the show uh a

102
00:03:43,589 --> 00:03:41,840
good friend of ours omar lara

103
00:03:45,350 --> 00:03:43,599
hello thank you for having me on i

104
00:03:47,350 --> 00:03:45,360
really appreciate it yeah thank you for

105
00:03:48,949 --> 00:03:47,360
doing i know you're a busy guy and uh

106
00:03:50,630 --> 00:03:48,959
you probably have a lot of requests and

107
00:03:52,390 --> 00:03:50,640
uh we get a lot of requests from people

108
00:03:54,229 --> 00:03:52,400
wanting to come on the show but we

109
00:03:56,149 --> 00:03:54,239
wanted to keep a certain level of

110
00:03:58,309 --> 00:03:56,159
credibility with uh with who we have and

111
00:03:59,830 --> 00:03:58,319
you definitely meet that bar so so tell

112
00:04:01,990 --> 00:03:59,840
us a little bit about yourself this is

113
00:04:04,869 --> 00:04:02,000

your show so uh what is what do our

114

00:04:08,630 --> 00:04:04,879

listeners need to know about omar lara

115

00:04:11,350 --> 00:04:08,640

just like anyone else out there

116

00:04:12,949 --> 00:04:11,360

always looking looking for the

117

00:04:16,069 --> 00:04:12,959

uap and

118

00:04:17,749 --> 00:04:16,079

slash ufo phenomenon what this really is

119

00:04:20,390 --> 00:04:17,759

and uh

120

00:04:24,150 --> 00:04:20,400

sometimes i believe whether or not

121

00:04:27,430 --> 00:04:24,160

i guess is if the world is truly uh

122

00:04:29,909 --> 00:04:27,440

ready to to understand what this is like

123

00:04:31,510 --> 00:04:29,919

like just like you said in your intro

124

00:04:34,070 --> 00:04:31,520

we're not experts

125

00:04:34,870 --> 00:04:34,080

i never say i'm an expert i always get

126
00:04:36,790 --> 00:04:34,880
asked

127
00:04:38,629 --> 00:04:36,800
did you see an alien and i say no i did

128
00:04:40,710 --> 00:04:38,639
not i saw

129
00:04:43,189 --> 00:04:40,720
technology that

130
00:04:45,670 --> 00:04:43,199
has surpassed

131
00:04:46,710 --> 00:04:45,680
or has been ahead of us for

132
00:04:49,590 --> 00:04:46,720
for

133
00:04:51,270 --> 00:04:49,600
time as as we know it you know that

134
00:04:53,749 --> 00:04:51,280
the maneuverability and the capability

135
00:04:56,070 --> 00:04:53,759
of that object when it just dropped out

136
00:04:58,070 --> 00:04:56,080
from the sky and landed about 15 to 40

137
00:05:00,469 --> 00:04:58,080
feet above the water line

138
00:05:04,070 --> 00:05:00,479

and shot off to the right made an acute

139

00:05:05,990 --> 00:05:04,080

angle and exploded right back

140

00:05:07,909 --> 00:05:06,000

to where it came from

141

00:05:10,950 --> 00:05:07,919

with no sonic boom

142

00:05:13,430 --> 00:05:10,960

no noise nothing was just uh

143

00:05:15,270 --> 00:05:13,440

something that i i can relive

144

00:05:16,469 --> 00:05:15,280

even as i'm telling the story like i can

145

00:05:19,510 --> 00:05:16,479

relive

146

00:05:21,749 --> 00:05:19,520

that moment as well as the birth of my

147

00:05:23,830 --> 00:05:21,759

children you know what i mean yeah sure

148

00:05:25,350 --> 00:05:23,840

for sure and to sort of fill in the

149

00:05:27,990 --> 00:05:25,360

blanks so for those of you who have seen

150

00:05:30,469 --> 00:05:28,000

the tic tac video it's the navy fighter

151

00:05:32,310 --> 00:05:30,479

jets uh infrared footage of it but sort

152

00:05:34,469 --> 00:05:32,320

of the back story of that is you guys

153

00:05:36,150 --> 00:05:34,479

were doing was it like like war drills

154

00:05:38,310 --> 00:05:36,160

or just simulations out there is that

155

00:05:40,550 --> 00:05:38,320

what yes we were preparing to head back

156

00:05:44,950 --> 00:05:40,560

into the persian gulf and it was either

157

00:05:46,790 --> 00:05:44,960

com2x or jtfx i kind of mix up the two

158

00:05:48,950 --> 00:05:46,800

but um

159

00:05:52,550 --> 00:05:48,960

it was during as from what i've learned

160

00:05:54,469 --> 00:05:52,560

since 2017 from my initial interview

161

00:05:57,749 --> 00:05:54,479

what i've learned is that

162

00:06:00,230 --> 00:05:57,759

we had an entire week of these objects

163

00:06:02,390 --> 00:06:00,240

dropping in and out of our sky

164

00:06:04,390 --> 00:06:02,400

coming in from the malibu area and i've

165

00:06:06,710 --> 00:06:04,400

only known that from listening and

166

00:06:10,070 --> 00:06:06,720

talking to mr kevin day

167

00:06:12,150 --> 00:06:10,080

who i was actually associated with but

168

00:06:14,230 --> 00:06:12,160

being so large in the battle group i

169

00:06:17,270 --> 00:06:14,240

never saw him you know he was on a small

170

00:06:19,029 --> 00:06:17,280

ship compared to the aircraft carrier

171

00:06:21,510 --> 00:06:19,039

so from what i'm here that was the

172

00:06:24,469 --> 00:06:21,520

entire week and i was not privy to any

173

00:06:26,629 --> 00:06:24,479

of the radar sightings or anything

174

00:06:28,390 --> 00:06:26,639

you know i'm just a i was just a kid out

175

00:06:30,550 --> 00:06:28,400

of los angeles

176

00:06:31,830 --> 00:06:30,560

on my for four to five years into the

177

00:06:33,909 --> 00:06:31,840

service

178

00:06:35,749 --> 00:06:33,919

running around the flight deck dodging

179

00:06:37,110 --> 00:06:35,759

these things and making sure you know

180

00:06:38,469 --> 00:06:37,120

they land and

181

00:06:40,950 --> 00:06:38,479

take off

182

00:06:41,830 --> 00:06:40,960

in a safe manner and no one gets killed

183

00:06:45,350 --> 00:06:41,840

yeah

184

00:06:47,029 --> 00:06:45,360

and apparently on the uss princeton um

185

00:06:48,710 --> 00:06:47,039

which was the boat that sean cahill was

186

00:06:50,469 --> 00:06:48,720

the chief yeah yes i haven't listened to

187

00:06:52,390 --> 00:06:50,479

that gentleman yeah yeah so and he was

188

00:06:54,309 --> 00:06:52,400

on our show super well spoken very

189

00:06:55,990 --> 00:06:54,319

intelligent guy very believable guy i

190

00:06:58,550 --> 00:06:56,000

don't think he embellished anything he's

191

00:07:00,950 --> 00:06:58,560

about as humble as it gets but um that

192

00:07:03,510 --> 00:07:00,960

that ship had brand new state-of-the-art

193

00:07:04,790 --> 00:07:03,520

radar systems installed on it and again

194

00:07:07,350 --> 00:07:04,800

if the military is going to spend a

195

00:07:09,110 --> 00:07:07,360

fortune on new gear it's going to have

196

00:07:11,510 --> 00:07:09,120

more layers of detection than the old

197

00:07:13,189 --> 00:07:11,520

gear so maybe because of that they

198

00:07:15,510 --> 00:07:13,199

actually saw these on radar that they

199

00:07:17,749 --> 00:07:15,520

never could before or who knows maybe

200

00:07:19,430 --> 00:07:17,759

they just got lucky but yeah yeah they

201
00:07:21,589 --> 00:07:19,440
have seen they've seen these radar

202
00:07:23,350 --> 00:07:21,599
tracks there's been reports and all that

203
00:07:25,270 --> 00:07:23,360
finally they got tired of it and

204
00:07:28,150 --> 00:07:25,280
scrambled jets because it was more than

205
00:07:29,350 --> 00:07:28,160
just an anomaly or glitchy new equipment

206
00:07:31,430 --> 00:07:29,360
they start to think like there's

207
00:07:33,270 --> 00:07:31,440
something here and they scrambled the

208
00:07:36,309 --> 00:07:33,280
jets and that's the footage everybody's

209
00:07:37,270 --> 00:07:36,319
familiar with and uh but again tell us

210
00:07:39,270 --> 00:07:37,280
about your incident because your

211
00:07:41,589 --> 00:07:39,280
incident happened a couple days later or

212
00:07:43,430 --> 00:07:41,599
within the same week after that like

213
00:07:46,390 --> 00:07:43,440

there was a man overboard and so tell us

214

00:07:48,550 --> 00:07:46,400

a little bit about that story yes so

215

00:07:51,110 --> 00:07:48,560

as i always say if i recall correctly i

216

00:07:53,670 --> 00:07:51,120

do know that it was the last night of

217

00:07:56,629 --> 00:07:53,680

our operations for that training

218

00:07:58,790 --> 00:07:56,639

due to the fact that all the jets had uh

219

00:08:00,710 --> 00:07:58,800

basically flown off the aircraft carrier

220

00:08:03,110 --> 00:08:00,720

they don't always they don't go back

221

00:08:04,790 --> 00:08:03,120

with the aircraft carrier

222

00:08:06,790 --> 00:08:04,800

when we're in port

223

00:08:09,189 --> 00:08:06,800

they'll fly off and go back to their

224

00:08:10,869 --> 00:08:09,199

home base and they leave one jet behind

225

00:08:12,869 --> 00:08:10,879

and he's like the alert six and he's

226

00:08:14,869 --> 00:08:12,879

just basically like our watch standard

227

00:08:16,790 --> 00:08:14,879

making sure that

228

00:08:18,790 --> 00:08:16,800

no one is flying in our vicinity as

229

00:08:21,510 --> 00:08:18,800

we're heading back into our home port

230

00:08:23,670 --> 00:08:21,520

and he can basically intercept

231

00:08:26,070 --> 00:08:23,680

any uh hostile

232

00:08:27,990 --> 00:08:26,080

so a man overboard that was called off

233

00:08:30,309 --> 00:08:28,000

and during that time everything is kind

234

00:08:32,630 --> 00:08:30,319

of lackadaisical

235

00:08:34,550 --> 00:08:32,640

the temple is very slow down

236

00:08:36,389 --> 00:08:34,560

we're doing maintenance

237

00:08:38,630 --> 00:08:36,399

and uh

238

00:08:40,230 --> 00:08:38,640

the flight deck is uh pretty much empty

239

00:08:42,070 --> 00:08:40,240

and anybody who's up there is just

240

00:08:43,750 --> 00:08:42,080

essential and

241

00:08:45,590 --> 00:08:43,760

finishing up their

242

00:08:47,750 --> 00:08:45,600

like i said maintenance and

243

00:08:51,190 --> 00:08:47,760

the elevators were being lowered down

244

00:08:53,350 --> 00:08:51,200

and the sailor had fallen overboard

245

00:08:55,509 --> 00:08:53,360

once the sailor falls overboard

246

00:08:57,350 --> 00:08:55,519

you really have to

247

00:08:59,350 --> 00:08:57,360

report within

248

00:09:02,070 --> 00:08:59,360

you know 10 minutes the entire ship so

249

00:09:03,509 --> 00:09:02,080

they can know exactly who's out there

250

00:09:04,550 --> 00:09:03,519

and if one guys

251

00:09:07,350 --> 00:09:04,560

doesn't get

252

00:09:09,269 --> 00:09:07,360

his name called or he doesn't report in

253

00:09:11,030 --> 00:09:09,279

they know for sure it's an actual man

254

00:09:13,910 --> 00:09:11,040

overboard but we actually saw this guy

255

00:09:15,990 --> 00:09:13,920

like we went over to the deck edge

256

00:09:18,470 --> 00:09:16,000

and we saw this guy like floating out

257

00:09:19,430 --> 00:09:18,480

and the current took him way out

258

00:09:21,509 --> 00:09:19,440

wow

259

00:09:22,949 --> 00:09:21,519

and that is the only reason why we saw

260

00:09:24,710 --> 00:09:22,959

this thing which

261

00:09:26,630 --> 00:09:24,720

i've never said his name on any other

262

00:09:28,949 --> 00:09:26,640

show but his name is rick palmer i've

263

00:09:31,190 --> 00:09:28,959

actually spoken to him via text we

264

00:09:33,110 --> 00:09:31,200

haven't talked live yet

265

00:09:34,790 --> 00:09:33,120

he was next to me with

266

00:09:36,630 --> 00:09:34,800

another guy i won't say his name yet

267

00:09:38,150 --> 00:09:36,640

because i'm still trying to season him

268

00:09:39,990 --> 00:09:38,160

in

269

00:09:41,990 --> 00:09:40,000

and that is the only reason why we saw

270

00:09:44,310 --> 00:09:42,000

this object just drop out of the sky

271

00:09:46,310 --> 00:09:44,320

because we were looking in that vicinity

272

00:09:47,910 --> 00:09:46,320

because if we weren't looking we would

273

00:09:49,509 --> 00:09:47,920

have never seen it no one would have

274

00:09:51,110 --> 00:09:49,519

ever seen it

275

00:09:53,110 --> 00:09:51,120

and it dropped out

276

00:09:55,670 --> 00:09:53,120

like i said earlier and landed about 40

277

00:09:57,269 --> 00:09:55,680

to 50 feet above the water line

278

00:09:59,430 --> 00:09:57,279

zoom back off

279

00:10:01,030 --> 00:09:59,440

it lasted about eight to 15 seconds so

280

00:10:02,550 --> 00:10:01,040

if you're staring at the night sky for

281

00:10:05,990 --> 00:10:02,560

eight to fifteen seconds that's a long

282

00:10:08,230 --> 00:10:06,000

time yeah yeah yeah what size was uh

283

00:10:11,110 --> 00:10:08,240

this object like if you had to gauge how

284

00:10:12,150 --> 00:10:11,120

big this thing was i've always got this

285

00:10:14,150 --> 00:10:12,160

from

286

00:10:15,829 --> 00:10:14,160

a great i guess analogy or description

287

00:10:18,710 --> 00:10:15,839

of it was from dave beatty he asked me

288

00:10:20,470 --> 00:10:18,720

if he held a quarter up to the night sky

289

00:10:22,470 --> 00:10:20,480

how big was that well it was exactly the

290

00:10:23,670 --> 00:10:22,480

size of a quarter compared to the stars

291

00:10:25,829 --> 00:10:23,680

right

292

00:10:27,910 --> 00:10:25,839

so roughly that's pretty big

293

00:10:30,870 --> 00:10:27,920

and it if it was in the daytime i would

294

00:10:33,590 --> 00:10:30,880

say maybe the size of an h53 which is

295

00:10:35,750 --> 00:10:33,600

one of our large largest helos

296

00:10:38,310 --> 00:10:35,760

on board uh aircraft carriers yeah and

297

00:10:41,829 --> 00:10:38,320

it maneuvered like that at that speed

298

00:10:43,269 --> 00:10:41,839

oh faster it was

299

00:10:45,829 --> 00:10:43,279

it was

300

00:10:47,350 --> 00:10:45,839

i mean i i always i can't really

301
00:10:48,949 --> 00:10:47,360
describe

302
00:10:50,870 --> 00:10:48,959
anything else

303
00:10:52,230 --> 00:10:50,880
to as fast and so forth whenever someone

304
00:10:53,110 --> 00:10:52,240
always tells me hey something's that

305
00:10:55,350 --> 00:10:53,120
fast

306
00:10:57,430 --> 00:10:55,360
i always think to myself

307
00:10:59,990 --> 00:10:57,440
it's not that fast you know because i

308
00:11:01,990 --> 00:11:00,000
think of just this thing dropping

309
00:11:04,310 --> 00:11:02,000
playing itself

310
00:11:05,750 --> 00:11:04,320
for those eight to 15 seconds and then

311
00:11:08,870 --> 00:11:05,760
just shooting right back off to the

312
00:11:11,030 --> 00:11:08,880
right stopping on a dime again

313
00:11:13,350 --> 00:11:11,040

and then sh making this like an acute

314

00:11:15,190 --> 00:11:13,360

angle not a 90 degree more of an acute

315

00:11:17,190 --> 00:11:15,200

and shooting right back off with this

316

00:11:19,190 --> 00:11:17,200

trajectory where

317

00:11:21,269 --> 00:11:19,200

it just started traversing the sky and

318

00:11:23,590 --> 00:11:21,279

then all of a sudden it got so point up

319

00:11:24,870 --> 00:11:23,600

at high that it just disappeared and it

320

00:11:26,310 --> 00:11:24,880

was it was gone

321

00:11:28,230 --> 00:11:26,320

yeah and you're in the middle of the

322

00:11:29,350 --> 00:11:28,240

ocean at that point it's pitch black

323

00:11:31,110 --> 00:11:29,360

everywhere

324

00:11:33,110 --> 00:11:31,120

you can see this thing very clearly

325

00:11:35,269 --> 00:11:33,120

maneuvering like that so that's

326

00:11:37,030 --> 00:11:35,279

what does that do to you as you're

327

00:11:39,430 --> 00:11:37,040

witnessing this does that put together

328

00:11:41,910 --> 00:11:39,440

all the e.t movies we've seen as a kid

329

00:11:43,910 --> 00:11:41,920

and sort of go they're real or as a

330

00:11:45,350 --> 00:11:43,920

military person are you kind of going

331

00:11:48,069 --> 00:11:45,360

we're [h__\h]

332

00:11:54,629 --> 00:11:50,949

at that moment

333

00:11:56,310 --> 00:11:54,639

in

334

00:11:58,949 --> 00:11:56,320

even the guy who had the spotlight on

335

00:12:02,389 --> 00:11:58,959

the sailor overboard he illuminated this

336

00:12:03,990 --> 00:12:02,399

object as well so he saw it there too

337

00:12:05,910 --> 00:12:04,000

right

338

00:12:07,670 --> 00:12:05,920

but when it happened so fast between

339

00:12:11,269 --> 00:12:07,680

those

340

00:12:12,870 --> 00:12:11,279

you know 15 seconds we're conditioned in

341

00:12:14,629 --> 00:12:12,880

the service to

342

00:12:16,069 --> 00:12:14,639

react

343

00:12:17,750 --> 00:12:16,079

and at that moment when you see

344

00:12:19,509 --> 00:12:17,760

something like that it's just so so real

345

00:12:22,230 --> 00:12:19,519

just happened so fast

346

00:12:25,750 --> 00:12:22,240

but as soon as it took off our alarm

347

00:12:28,310 --> 00:12:25,760

systems went off for a general quarters

348

00:12:30,310 --> 00:12:28,320

when i heard that it

349

00:12:32,069 --> 00:12:30,320

you just go right back into

350

00:12:33,350 --> 00:12:32,079

you know your condition i don't say

351
00:12:34,629 --> 00:12:33,360
brain what will your brain watch

352
00:12:35,750 --> 00:12:34,639
basically yeah

353
00:12:38,629 --> 00:12:35,760
that's what

354
00:12:40,230 --> 00:12:38,639
military is yeah exactly

355
00:12:43,030 --> 00:12:40,240
and

356
00:12:45,750 --> 00:12:43,040
i do remember thinking wow

357
00:12:47,829 --> 00:12:45,760
our radar system saw this thing

358
00:12:50,790 --> 00:12:47,839
they saw this

359
00:12:52,870 --> 00:12:50,800
but i went back to my battle station i

360
00:12:55,110 --> 00:12:52,880
gathered my crew

361
00:12:57,590 --> 00:12:55,120
did our little maintenance thing and by

362
00:12:59,829 --> 00:12:57,600
the time actually by the time

363
00:13:01,430 --> 00:12:59,839

they called battle stations and to clear

364

00:13:02,790 --> 00:13:01,440

all flight deck non-essential flight

365

00:13:03,829 --> 00:13:02,800

deck personnel because they were going

366

00:13:06,790 --> 00:13:03,839

to launch

367

00:13:08,150 --> 00:13:06,800

the jet aircraft that was on standby

368

00:13:11,829 --> 00:13:08,160

because this thing got within our

369

00:13:14,710 --> 00:13:11,839

vicinity quick and exited fast

370

00:13:17,590 --> 00:13:14,720

um that was about maybe

371

00:13:19,030 --> 00:13:17,600

another 20 seconds in between right and

372

00:13:20,870 --> 00:13:19,040

it was done they called them up they

373

00:13:22,470 --> 00:13:20,880

called them both off the general

374

00:13:26,230 --> 00:13:22,480

quarters

375

00:13:28,389 --> 00:13:26,240

and for the alert six to be launched

376

00:13:31,670 --> 00:13:28,399

and then that's when um

377

00:13:33,190 --> 00:13:31,680

uh we went back to uh our uh

378

00:13:34,710 --> 00:13:33,200

maintenance office and that's when i

379

00:13:37,990 --> 00:13:34,720

spoke to uh

380

00:13:39,750 --> 00:13:38,000

i referred to him as jd and then um

381

00:13:41,670 --> 00:13:39,760

rick palmer

382

00:13:44,389 --> 00:13:41,680

and we had a few conversations like you

383

00:13:45,990 --> 00:13:44,399

know what was that and jd was like i

384

00:13:47,269 --> 00:13:46,000

remember him saying you don't believe in

385

00:13:49,030 --> 00:13:47,279

that stuff too

386

00:13:50,949 --> 00:13:49,040

that was the first thing he said and i

387

00:13:53,110 --> 00:13:50,959

was like

388

00:13:55,350 --> 00:13:53,120

i don't know man i i think i guess i i

389

00:13:58,230 --> 00:13:55,360

do now right yeah

390

00:14:01,509 --> 00:13:58,240

seeing is believing right yes

391

00:14:03,670 --> 00:14:01,519

and he was always saying you know that's

392

00:14:05,910 --> 00:14:03,680

russian or chinese

393

00:14:09,430 --> 00:14:05,920

and i've said this many times i replied

394

00:14:11,509 --> 00:14:09,440

to him i said that's russian or chinese

395

00:14:14,310 --> 00:14:11,519

like you said earlier we're [h__h] we're

396

00:14:17,990 --> 00:14:14,320

no longer one of the premier superpowers

397

00:14:20,150 --> 00:14:18,000

for air power on the globe on the planet

398

00:14:21,670 --> 00:14:20,160

because whatever that is if it's chinese

399

00:14:23,910 --> 00:14:21,680

or russian

400

00:14:25,829 --> 00:14:23,920

we should have been done years ago

401
00:14:28,230 --> 00:14:25,839
because this thing's just so advanced

402
00:14:30,230 --> 00:14:28,240
yeah yeah and why you know they're at

403
00:14:32,790 --> 00:14:30,240
war right now with ukraine you think

404
00:14:33,990 --> 00:14:32,800
some of that technology if they had it

405
00:14:35,750 --> 00:14:34,000
would be

406
00:14:38,150 --> 00:14:35,760
showcased or in a new war and they

407
00:14:40,230 --> 00:14:38,160
haven't showcased anything like that but

408
00:14:42,069 --> 00:14:40,240
russia has its own problems with uaps

409
00:14:44,069 --> 00:14:42,079
china has their own problems with uaps

410
00:14:45,430 --> 00:14:44,079
because it's a global problem and

411
00:14:47,910 --> 00:14:45,440
they're probably thinking on the other

412
00:14:49,110 --> 00:14:47,920
side it's probably america or russia and

413
00:14:51,110 --> 00:14:49,120

then russia is probably thinking it's

414

00:14:53,189 --> 00:14:51,120

probably america or the chinese that's a

415

00:14:54,949 --> 00:14:53,199

real property like world war ii the foo

416

00:14:56,629 --> 00:14:54,959

fighters yeah they thought it was german

417

00:14:58,069 --> 00:14:56,639

germans thought it was ally yeah i was

418

00:14:59,990 --> 00:14:58,079

thinking it's each other's stuff and

419

00:15:02,069 --> 00:15:00,000

it's neither yeah but they're very i've

420

00:15:04,550 --> 00:15:02,079

always wondered whether or not uh north

421

00:15:06,790 --> 00:15:04,560

korea has their problems with being

422

00:15:10,069 --> 00:15:06,800

because they're always launching nukes

423

00:15:12,389 --> 00:15:10,079

yeah testing stuff i'm sure he

424

00:15:14,150 --> 00:15:12,399

he probably thinks it's us or you know

425

00:15:15,509 --> 00:15:14,160

he probably knows whoa

426

00:15:18,710 --> 00:15:15,519

i've been having these problems since

427

00:15:20,310 --> 00:15:18,720

maybe the 50s or 60s yeah it's it's a

428

00:15:21,670 --> 00:15:20,320

global problem and the thing is what's

429

00:15:23,030 --> 00:15:21,680

more interesting now is that they're

430

00:15:24,710 --> 00:15:23,040

getting bold

431

00:15:26,870 --> 00:15:24,720

approaching ships

432

00:15:28,310 --> 00:15:26,880

that are in the oceans i know the ships

433

00:15:29,910 --> 00:15:28,320

have changed recently you probably know

434

00:15:31,430 --> 00:15:29,920

this a lot more than i do but there's a

435

00:15:34,310 --> 00:15:31,440

lot of nuclear

436

00:15:36,310 --> 00:15:34,320

powered ships now uh out there and they

437

00:15:38,790 --> 00:15:36,320

seem to be very much attracted to

438

00:15:40,550 --> 00:15:38,800

nuclear power and nuclear ships

439

00:15:42,470 --> 00:15:40,560

but to be i've learned that too yeah

440

00:15:44,150 --> 00:15:42,480

you're right yeah most submarines are

441

00:15:46,230 --> 00:15:44,160

nuclear powered then they can stay

442

00:15:47,509 --> 00:15:46,240

underwater for infinite amount of time

443

00:15:50,230 --> 00:15:47,519

just because of that

444

00:15:52,069 --> 00:15:50,240

i didn't get to uh understand that fact

445

00:15:54,870 --> 00:15:52,079

until

446

00:15:57,430 --> 00:15:54,880

i uh you know after 2017 i thought it

447

00:15:59,509 --> 00:15:57,440

was just an isolated incident but

448

00:16:01,110 --> 00:15:59,519

more more comes out

449

00:16:03,110 --> 00:16:01,120

it's gonna probably be harder to get

450

00:16:04,629 --> 00:16:03,120

anything out of the subs the surface

451

00:16:06,150 --> 00:16:04,639

navy that area

452

00:16:08,470 --> 00:16:06,160

they're not gonna release anything but

453

00:16:11,670 --> 00:16:08,480

i'm sure they have these problems

454

00:16:16,470 --> 00:16:14,310

yeah you had a friend as well witnessed

455

00:16:18,389 --> 00:16:16,480

this with you uh you called me about a

456

00:16:20,629 --> 00:16:18,399

week ago and said hey i have somebody

457

00:16:21,670 --> 00:16:20,639

i'm retired now i'm hoping maybe they

458

00:16:23,670 --> 00:16:21,680

could

459

00:16:25,749 --> 00:16:23,680

share their story but there's still

460

00:16:27,509 --> 00:16:25,759

quite a bit of fear and uh you know a

461

00:16:29,269 --> 00:16:27,519

lot of a lot of people on the outside

462

00:16:32,310 --> 00:16:29,279

think hey we have disclosure now we saw

463

00:16:34,389 --> 00:16:32,320

the video we see luis elizondo were

464

00:16:36,629 --> 00:16:34,399

there but no

465

00:16:39,269 --> 00:16:36,639

and so either from i mean you look at

466

00:16:40,790 --> 00:16:39,279

kevin day uh we recently uh interviewed

467

00:16:43,269 --> 00:16:40,800

caroline cory about her new movie at

468

00:16:45,910 --> 00:16:43,279

tear in the sky and we talked about he

469

00:16:47,749 --> 00:16:45,920

looks noticeably shaken from his whole

470

00:16:49,269 --> 00:16:47,759

experience it just messed with his head

471

00:16:51,269 --> 00:16:49,279

and it

472

00:16:53,590 --> 00:16:51,279

sort of made it worse and become almost

473

00:16:55,829 --> 00:16:53,600

like a downward spiral so i'm glad you

474

00:16:57,350 --> 00:16:55,839

brought that up i totally forgot soon

475

00:17:01,110 --> 00:16:57,360

after we went in

476
00:17:03,269 --> 00:17:01,120
after they called off the uh fly deck uh

477
00:17:04,710 --> 00:17:03,279
to launch the alert six and the general

478
00:17:06,630 --> 00:17:04,720
quarters

479
00:17:07,990 --> 00:17:06,640
i went back into the flight deck control

480
00:17:09,990 --> 00:17:08,000
area

481
00:17:12,309 --> 00:17:10,000
to basically go back into business mode

482
00:17:13,829 --> 00:17:12,319
and talk to our fuelie who's in the

483
00:17:15,270 --> 00:17:13,839
flight deck control and let them know

484
00:17:18,150 --> 00:17:15,280
what

485
00:17:21,189 --> 00:17:18,160
fuel stations are being worked on you

486
00:17:22,710 --> 00:17:21,199
know what's going to be used to defuel

487
00:17:23,909 --> 00:17:22,720
something or

488
00:17:25,750 --> 00:17:23,919

basically

489

00:17:27,270 --> 00:17:25,760

reclaim fuel

490

00:17:29,270 --> 00:17:27,280

i can go in debt but it's kind of hard

491

00:17:30,630 --> 00:17:29,280

to explain to

492

00:17:32,470 --> 00:17:30,640

and um

493

00:17:34,070 --> 00:17:32,480

i remember uh

494

00:17:35,430 --> 00:17:34,080

i've always tried to find this guy but i

495

00:17:36,789 --> 00:17:35,440

just could not get

496

00:17:38,710 --> 00:17:36,799

hold of him

497

00:17:40,950 --> 00:17:38,720

a yellow shirt walked in and the yellow

498

00:17:43,110 --> 00:17:40,960

shirt is one that handles the aircraft

499

00:17:45,430 --> 00:17:43,120

movement on the deck he walks in and he

500

00:17:47,270 --> 00:17:45,440

says what the [h__h] was that

501
00:17:49,190 --> 00:17:47,280
and i turned around to look at him and i

502
00:17:51,669 --> 00:17:49,200
was actually kind of laughing like oh

503
00:17:53,909 --> 00:17:51,679
man he saw this too

504
00:17:57,190 --> 00:17:53,919
and i saw another sailor

505
00:17:59,510 --> 00:17:57,200
uh sitting down and he was in prayer

506
00:18:01,190 --> 00:17:59,520
and he had this look on his face

507
00:18:03,270 --> 00:18:01,200
he was just

508
00:18:06,070 --> 00:18:03,280
he was scared

509
00:18:09,350 --> 00:18:06,080
so you're right you know it

510
00:18:11,669 --> 00:18:09,360
you see something like this it kind of

511
00:18:13,430 --> 00:18:11,679
so if all us three got together and we

512
00:18:15,350 --> 00:18:13,440
saw this that night we'd probably be

513
00:18:18,150 --> 00:18:15,360

like wow look at that now

514

00:18:20,150 --> 00:18:18,160

with all the information that we have

515

00:18:22,150 --> 00:18:20,160

and that we you know we're basically

516

00:18:23,990 --> 00:18:22,160

embedded with this stuff

517

00:18:26,830 --> 00:18:24,000

but if you get the general public who's

518

00:18:28,710 --> 00:18:26,840

not part of our subculture

519

00:18:30,870 --> 00:18:28,720

uh they're gonna have different

520

00:18:32,549 --> 00:18:30,880

reactions they're gonna get scared

521

00:18:35,110 --> 00:18:32,559

and

522

00:18:38,150 --> 00:18:35,120

that's why i don't think

523

00:18:39,430 --> 00:18:38,160

entirely everyone is ready yeah

524

00:18:41,029 --> 00:18:39,440

yeah because there's people that you

525

00:18:42,390 --> 00:18:41,039

work with that even if they experience

526
00:18:43,190 --> 00:18:42,400
the same thing that you've experienced

527
00:18:45,350 --> 00:18:43,200
with

528
00:18:47,270 --> 00:18:45,360
you know they can dismiss it some people

529
00:18:48,950 --> 00:18:47,280
dismiss it very easily

530
00:18:50,789 --> 00:18:48,960
because it doesn't fit the narrative or

531
00:18:51,990 --> 00:18:50,799
whatever point of views they have in

532
00:18:53,510 --> 00:18:52,000
life

533
00:18:55,350 --> 00:18:53,520
that would apply to the people that

534
00:18:56,950 --> 00:18:55,360
serve on the ship along with you i know

535
00:18:59,110 --> 00:18:56,960
kevin day was

536
00:19:00,789 --> 00:18:59,120
he said his career pretty much ended

537
00:19:02,789 --> 00:19:00,799
because you know he was being teased all

538
00:19:05,190 --> 00:19:02,799

the time people calling him the ufo guy

539

00:19:07,110 --> 00:19:05,200

but to him this was a legitimate like

540

00:19:08,630 --> 00:19:07,120

this is a huge deal and it is a huge

541

00:19:10,630 --> 00:19:08,640

deal the fact that

542

00:19:11,830 --> 00:19:10,640

the biggest military in the world you

543

00:19:14,870 --> 00:19:11,840

know they think about how much

544

00:19:16,710 --> 00:19:14,880

technology and power are on these ships

545

00:19:19,350 --> 00:19:16,720

experience these

546

00:19:21,750 --> 00:19:19,360

crafts that either follow the the navy

547

00:19:23,350 --> 00:19:21,760

ships or does maneuvers the way that you

548

00:19:26,390 --> 00:19:23,360

do but all within the vicinity of the

549

00:19:28,310 --> 00:19:26,400

navy ship that is a huge deal and the

550

00:19:30,310 --> 00:19:28,320

fact that it hasn't been really you know

551

00:19:31,990 --> 00:19:30,320

it's being brought to light now

552

00:19:33,270 --> 00:19:32,000

but it can't just be the navy it's got

553

00:19:34,950 --> 00:19:33,280

to be the air force as well the air

554

00:19:36,549 --> 00:19:34,960

force has got to be having encounters

555

00:19:38,549 --> 00:19:36,559

like that too of course we don't hear

556

00:19:40,310 --> 00:19:38,559

anything we don't hear anything from the

557

00:19:43,190 --> 00:19:40,320

air force though no no i never heard

558

00:19:44,390 --> 00:19:43,200

anything no no um but yeah you figured

559

00:19:46,070 --> 00:19:44,400

that they have the same problem it's

560

00:19:47,750 --> 00:19:46,080

only the navy that's really come out and

561

00:19:50,150 --> 00:19:47,760

said hey we we're having an issue with

562

00:19:52,390 --> 00:19:50,160

this legitimate issue with these things

563

00:19:54,950 --> 00:19:52,400

so i'm waiting to hear from from the air

564

00:19:56,150 --> 00:19:54,960

force i don't know if we will or not but

565

00:19:57,990 --> 00:19:56,160

it would be nice to hear that they were

566

00:20:00,390 --> 00:19:58,000

having the same issue right

567

00:20:02,549 --> 00:20:00,400

yes uh that tear in the sky i spoke to

568

00:20:05,270 --> 00:20:02,559

miss uh caroline corey young lady over

569

00:20:07,510 --> 00:20:05,280

the phone and via email i believe

570

00:20:08,789 --> 00:20:07,520

she asked me to be on a show

571

00:20:10,630 --> 00:20:08,799

and our

572

00:20:13,190 --> 00:20:10,640

my time difference i think we were still

573

00:20:15,270 --> 00:20:13,200

in covet or towards the end of it

574

00:20:16,710 --> 00:20:15,280

and the filming and

575

00:20:19,270 --> 00:20:16,720

i had already burned

576

00:20:20,549 --> 00:20:19,280

uh vacation time and i think the weekend

577

00:20:22,549 --> 00:20:20,559

that they asked me to fly out to

578

00:20:24,710 --> 00:20:22,559

california for them

579

00:20:26,630 --> 00:20:24,720

i was on one of your weekend shifts and

580

00:20:29,270 --> 00:20:26,640

it was there was no way we already had

581

00:20:31,750 --> 00:20:29,280

like five guys down coveted and

582

00:20:34,070 --> 00:20:31,760

well it wasn't gonna happen but i've

583

00:20:36,789 --> 00:20:34,080

heard great reviews of it and once the

584

00:20:39,270 --> 00:20:36,799

kids go to sleep and i get some time

585

00:20:41,110 --> 00:20:39,280

that's that thing yeah it was amazing

586

00:20:43,110 --> 00:20:41,120

because they basically replicated that

587

00:20:45,510 --> 00:20:43,120

same tic tac phenomenon you know

588

00:20:47,830 --> 00:20:45,520

something coming from a suborbital level

589

00:20:49,190 --> 00:20:47,840

dropping right above the water line in

590

00:20:50,470 --> 00:20:49,200

like an instant

591

00:20:53,510 --> 00:20:50,480

i mean we're talking something that

592

00:20:55,830 --> 00:20:53,520

would have what 200 or more g's uh the

593

00:20:57,990 --> 00:20:55,840

speeds they clocked were like eight to

594

00:20:59,669 --> 00:20:58,000

eighty thousand miles an hour i mean

595

00:21:02,310 --> 00:20:59,679

this is like

596

00:21:03,750 --> 00:21:02,320

on a radar pardon me did they get the

597

00:21:08,549 --> 00:21:03,760

visual

598

00:21:11,510 --> 00:21:08,559

had a genius on there a guy named david

599

00:21:13,190 --> 00:21:11,520

mason who invented special technology

600

00:21:14,390 --> 00:21:13,200

just to be able to observe this type of

601
00:21:16,390 --> 00:21:14,400
thing better

602
00:21:18,390 --> 00:21:16,400
he took like a telescope

603
00:21:20,549 --> 00:21:18,400
that would see a light and it would turn

604
00:21:22,470 --> 00:21:20,559
it into a waveform so because there's

605
00:21:24,710 --> 00:21:22,480
way more detail in that waveform than

606
00:21:27,669 --> 00:21:24,720
just the light so like we don't know if

607
00:21:29,430 --> 00:21:27,679
it's a plane if it's a star whatever but

608
00:21:32,149 --> 00:21:29,440
his machine would give it a unique

609
00:21:33,750 --> 00:21:32,159
signature so now every single plane

610
00:21:37,029 --> 00:21:33,760
would show up and the computer would

611
00:21:38,870 --> 00:21:37,039
recognize that's a 747. that's a 737

612
00:21:41,270 --> 00:21:38,880
because it's a smaller one and he

613
00:21:43,750 --> 00:21:41,280

basically so they they were able to weed

614

00:21:45,430 --> 00:21:43,760

out all of the known things so that

615

00:21:47,750 --> 00:21:45,440

nobody could say oh that was just a

616

00:21:50,149 --> 00:21:47,760

plane or that was some kind of cosmic

617

00:21:53,029 --> 00:21:50,159

phenomenon oh wow that's beautiful yeah

618

00:21:54,789 --> 00:21:53,039

like they the private sector

619

00:21:57,430 --> 00:21:54,799

yeah people are spending money on this

620

00:21:59,190 --> 00:21:57,440

now and inventing technology so because

621

00:22:01,350 --> 00:21:59,200

again and we mentioned that when we had

622

00:22:02,870 --> 00:22:01,360

those guys on the show too that good for

623

00:22:04,789 --> 00:22:02,880

you for doing that because i mean the

624

00:22:06,390 --> 00:22:04,799

government has stuff but if you think

625

00:22:07,750 --> 00:22:06,400

that real disclosure is going to come

626
00:22:09,909 --> 00:22:07,760
from them

627
00:22:11,750 --> 00:22:09,919
either they can't or they won't because

628
00:22:14,390 --> 00:22:11,760
it implicates them over the last 80

629
00:22:16,149 --> 00:22:14,400
years of just lying flat out lying

630
00:22:18,310 --> 00:22:16,159
destroying some people's careers

631
00:22:19,990 --> 00:22:18,320
everything people has been suspecting

632
00:22:22,310 --> 00:22:20,000
would be true if they just come out and

633
00:22:23,830 --> 00:22:22,320
say yeah you're right so they're never

634
00:22:25,750 --> 00:22:23,840
going to do that and it's almost like a

635
00:22:28,390 --> 00:22:25,760
gradual one day they'll just be kind of

636
00:22:29,669 --> 00:22:28,400
like yeah we're just as surprised as you

637
00:22:31,510 --> 00:22:29,679
they're never going to acknowledge all

638
00:22:33,669 --> 00:22:31,520

the stuff that they've been keeping i

639

00:22:35,669 --> 00:22:33,679

think you know what omar we were talking

640

00:22:37,510 --> 00:22:35,679

about this we're saying about the new

641

00:22:39,190 --> 00:22:37,520

uap task force

642

00:22:41,029 --> 00:22:39,200

if anything happens you know they would

643

00:22:44,070 --> 00:22:41,039

be the ones that would show up and and

644

00:22:46,390 --> 00:22:44,080

interrogate or investigate the case

645

00:22:48,149 --> 00:22:46,400

but in the case of even the nimitz i

646

00:22:50,549 --> 00:22:48,159

believe somebody was mentioning how

647

00:22:53,029 --> 00:22:50,559

within 20 minutes a helicopter landed on

648

00:22:54,950 --> 00:22:53,039

deck two civilian looking men came out

649

00:22:56,789 --> 00:22:54,960

they grabbed all the tapes or whatever

650

00:22:59,510 --> 00:22:56,799

the recordings were

651
00:23:01,270 --> 00:22:59,520
and took off again right so that was the

652
00:23:03,350 --> 00:23:01,280
organization that was already in place

653
00:23:05,510 --> 00:23:03,360
taking care of these sort of sightings

654
00:23:07,350 --> 00:23:05,520
and evidence they're going to butt heads

655
00:23:09,830 --> 00:23:07,360
eventually with the people from the uap

656
00:23:11,669 --> 00:23:09,840
task force because that group did not go

657
00:23:13,350 --> 00:23:11,679
away you know they're still behind the

658
00:23:14,950 --> 00:23:13,360
scenes now it's just they're going to

659
00:23:16,870 --> 00:23:14,960
have to contend with the new group and

660
00:23:18,870 --> 00:23:16,880
are they going to play ball with them

661
00:23:20,710 --> 00:23:18,880
i don't think so but you know there's

662
00:23:22,870 --> 00:23:20,720
people that want to keep this quiet as

663
00:23:24,789 --> 00:23:22,880

long as possible and people in the

664

00:23:26,470 --> 00:23:24,799

senate now or congress that want to

665

00:23:28,149 --> 00:23:26,480

bring this to light so

666

00:23:30,470 --> 00:23:28,159

we're kind of that weird

667

00:23:32,310 --> 00:23:30,480

weird period where there's going to be

668

00:23:33,590 --> 00:23:32,320

i don't think friction but definitely

669

00:23:35,909 --> 00:23:33,600

head-to-head

670

00:23:38,310 --> 00:23:35,919

competition for the information

671

00:23:39,909 --> 00:23:38,320

definitely i remember that i was uh pj

672

00:23:41,590 --> 00:23:39,919

hughes uh

673

00:23:43,990 --> 00:23:41,600

geez we were on the nimitz together for

674

00:23:45,350 --> 00:23:44,000

over three and a half years uh i never

675

00:23:47,510 --> 00:23:45,360

met him

676

00:23:49,269 --> 00:23:47,520

and we worked on the flight deck

677

00:23:51,909 --> 00:23:49,279

that's just how vast it is but i

678

00:23:54,149 --> 00:23:51,919

remember he got so much blow back for

679

00:23:56,470 --> 00:23:54,159

for saying that these gentlemen came on

680

00:23:59,029 --> 00:23:56,480

board took his tapes

681

00:24:01,510 --> 00:23:59,039

i believe i'm he was validated if i'm

682

00:24:02,870 --> 00:24:01,520

correct yeah he was validated yeah yeah

683

00:24:04,870 --> 00:24:02,880

and that group's still out there like

684

00:24:06,390 --> 00:24:04,880

that group didn't you know just uh

685

00:24:08,470 --> 00:24:06,400

dissolve or anything they're still out

686

00:24:09,669 --> 00:24:08,480

there doing what they do but

687

00:24:11,669 --> 00:24:09,679

you know it's going to be a lot tougher

688

00:24:13,510 --> 00:24:11,679

for them to do that now and like

689

00:24:15,350 --> 00:24:13,520

people like yourselves from the military

690

00:24:16,950 --> 00:24:15,360

and from the navy you know from the air

691

00:24:18,950 --> 00:24:16,960

force that are coming out and saying hey

692

00:24:20,549 --> 00:24:18,960

actually we we're witnessing this while

693

00:24:22,549 --> 00:24:20,559

we're in service

694

00:24:25,029 --> 00:24:22,559

that is a huge deal right because you

695

00:24:26,470 --> 00:24:25,039

guys are out there to protect

696

00:24:28,310 --> 00:24:26,480

uh you know

697

00:24:30,390 --> 00:24:28,320

the world pretty much from you know

698

00:24:31,990 --> 00:24:30,400

other attacks and if you are the top

699

00:24:34,230 --> 00:24:32,000

military and you're going we can't

700

00:24:35,909 --> 00:24:34,240

compete with this technology

701
00:24:37,990 --> 00:24:35,919
that's caused from concern a little bit

702
00:24:39,430 --> 00:24:38,000
for the population right saying

703
00:24:41,029 --> 00:24:39,440
there's nothing really we can do about

704
00:24:43,350 --> 00:24:41,039
it if these things decide to just show

705
00:24:44,950 --> 00:24:43,360
up in a neighborhood one day

706
00:24:46,710 --> 00:24:44,960
that's pretty much it that's all we can

707
00:24:48,630 --> 00:24:46,720
do right we could just be yeah it's just

708
00:24:49,909 --> 00:24:48,640
important it's something more powerful

709
00:24:52,230 --> 00:24:49,919
than like

710
00:24:53,430 --> 00:24:52,240
mankind right you know we've

711
00:24:57,430 --> 00:24:53,440
come from

712
00:24:59,750 --> 00:24:57,440
being nomads to our technology and this

713
00:25:01,510 --> 00:24:59,760

thing is still ahead of us or whatever

714

00:25:03,350 --> 00:25:01,520

that is that's still ahead of us and

715

00:25:05,510 --> 00:25:03,360

it's always been ahead of us

716

00:25:07,669 --> 00:25:05,520

yeah i hear whether or not you know

717

00:25:09,830 --> 00:25:07,679

maybe they've been indigenous to our

718

00:25:10,950 --> 00:25:09,840

planet i've listened

719

00:25:17,350 --> 00:25:10,960

uh

720

00:25:19,430 --> 00:25:17,360

he talked about how pluto's theory

721

00:25:20,149 --> 00:25:19,440

that it was a hominid species so you

722

00:25:21,750 --> 00:25:20,159

know

723

00:25:24,950 --> 00:25:21,760

it's a beautiful thing to always just

724

00:25:26,630 --> 00:25:24,960

speculate what this is and all but the

725

00:25:28,630 --> 00:25:26,640

honest truth

726

00:25:31,029 --> 00:25:28,640

it's just a technology that they have

727

00:25:33,510 --> 00:25:31,039

that just surpasses anything on this

728

00:25:35,909 --> 00:25:33,520

planet yeah and do you think especially

729

00:25:37,909 --> 00:25:35,919

with the nukes and they shut down dr

730

00:25:39,110 --> 00:25:37,919

roberts uh

731

00:25:40,390 --> 00:25:39,120

robert

732

00:25:41,990 --> 00:25:40,400

yeah yeah

733

00:25:44,549 --> 00:25:42,000

yep for sure he's the first guy to go on

734

00:25:47,510 --> 00:25:44,559

a record saying that he he was awoken by

735

00:25:49,110 --> 00:25:47,520

his sub uh i guess his uh officer below

736

00:25:50,549 --> 00:25:49,120

his rank and because they couldn't

737

00:25:52,149 --> 00:25:50,559

figure it out and they're only supposed

738

00:25:54,390 --> 00:25:52,159

to wake him if it's like a dire

739

00:25:56,470 --> 00:25:54,400

emergency and they felt that it was that

740

00:25:58,149 --> 00:25:56,480

night you know yes

741

00:26:00,070 --> 00:25:58,159

we'll turn off the nukes and turn them

742

00:26:02,390 --> 00:26:00,080

back off again without actually having

743

00:26:03,669 --> 00:26:02,400

to be inside the facility yeah and they

744

00:26:05,669 --> 00:26:03,679

couldn't even do that they were all

745

00:26:07,830 --> 00:26:05,679

individually wired and circuited so that

746

00:26:09,990 --> 00:26:07,840

if one went down it didn't necessarily

747

00:26:11,750 --> 00:26:10,000

mean they all would in fact you couldn't

748

00:26:14,149 --> 00:26:11,760

shut them all down there was fail safes

749

00:26:16,789 --> 00:26:14,159

against that so whatever was doing it

750

00:26:19,430 --> 00:26:16,799

was trying to show them that your

751

00:26:22,789 --> 00:26:19,440

very advanced level security is child's

752

00:26:26,070 --> 00:26:22,799

play we could turn them off turn them on

753

00:26:29,110 --> 00:26:26,080

think twice absolutely it reminds me of

754

00:26:29,990 --> 00:26:29,120

a movie growing up was the abyss

755

00:26:31,909 --> 00:26:30,000

yes

756

00:26:34,470 --> 00:26:31,919

oh you remember okay great was your best

757

00:26:37,430 --> 00:26:34,480

yep yeah i kind of you know aged myself

758

00:26:40,630 --> 00:26:37,440

with that movie i mean i think i was

759

00:26:42,630 --> 00:26:40,640

10 years old when that came out

760

00:26:44,390 --> 00:26:42,640

and it was just this uh underwater

761

00:26:46,470 --> 00:26:44,400

entity that was uh

762

00:26:48,789 --> 00:26:46,480

interested in the new

763

00:26:50,710 --> 00:26:48,799

power that we had and uh

764

00:26:52,310 --> 00:26:50,720

you know as all this starts coming out

765

00:26:54,630 --> 00:26:52,320

and i listen more it just kind of

766

00:26:56,230 --> 00:26:54,640

reminds me that the abyss and i kind of

767

00:26:57,909 --> 00:26:56,240

always get asked like what did you

768

00:26:59,190 --> 00:26:57,919

believe in growing up and i was just

769

00:27:00,549 --> 00:26:59,200

like well

770

00:27:03,110 --> 00:27:00,559

my favorite

771

00:27:04,149 --> 00:27:03,120

uh alien movie was always the predator

772

00:27:06,149 --> 00:27:04,159

yeah

773

00:27:07,750 --> 00:27:06,159

and i hope it was i hope that guy

774

00:27:08,630 --> 00:27:07,760

whatever was in that cockpit or that

775

00:27:10,470 --> 00:27:08,640

thing

776
00:27:11,350 --> 00:27:10,480
isn't the predator right because

777
00:27:17,029 --> 00:27:11,360
yeah

778
00:27:18,630 --> 00:27:17,039
think these things um at this point like

779
00:27:20,470 --> 00:27:18,640
what's your feeling towards it do you

780
00:27:22,789 --> 00:27:20,480
think that it's a possible threat do you

781
00:27:24,549 --> 00:27:22,799
think it there's no threats there

782
00:27:26,789 --> 00:27:24,559
like as a person served in the military

783
00:27:29,990 --> 00:27:26,799
for 10 years like what would your

784
00:27:34,470 --> 00:27:30,000
opinion be on this at this point

785
00:27:36,470 --> 00:27:34,480
with a military background i would say

786
00:27:38,470 --> 00:27:36,480
probably gonna get a little

787
00:27:40,149 --> 00:27:38,480
blow back for this

788
00:27:44,310 --> 00:27:40,159

if you have the

789

00:27:46,230 --> 00:27:44,320

the strongest capability on the yard

790

00:27:48,710 --> 00:27:46,240

you're gonna always be a threat right

791

00:27:50,389 --> 00:27:48,720

you know it can always

792

00:27:53,909 --> 00:27:50,399

the fact that they are

793

00:27:56,070 --> 00:27:53,919

turning off uh nuclear capabilities

794

00:27:58,549 --> 00:27:56,080

i could see now if i was the top person

795

00:28:00,789 --> 00:27:58,559

and that thing shut off our nukes

796

00:28:04,310 --> 00:28:00,799

i would say hey that's that's a threat

797

00:28:05,510 --> 00:28:04,320

you know you know i i've listened to uh

798

00:28:07,990 --> 00:28:05,520

you know it's like that what is it mr

799

00:28:10,310 --> 00:28:08,000

elizondo says the muddy

800

00:28:11,990 --> 00:28:10,320

boot prints buddy

801
00:28:14,149 --> 00:28:12,000
muddy boot prints you know you wake up

802
00:28:15,590 --> 00:28:14,159
one day and you see these boot print

803
00:28:17,669 --> 00:28:15,600
marks in your home

804
00:28:19,750 --> 00:28:17,679
yeah but nothing is broken nothing is

805
00:28:22,310 --> 00:28:19,760
stolen but yeah but you knew somebody

806
00:28:24,710 --> 00:28:22,320
was in there yeah yeah

807
00:28:25,990 --> 00:28:24,720
so yes uh

808
00:28:27,590 --> 00:28:26,000
but it

809
00:28:28,870 --> 00:28:27,600
if it is a threat they could have done

810
00:28:30,950 --> 00:28:28,880
it years

811
00:28:33,110 --> 00:28:30,960
millennials ago that's my thoughts if

812
00:28:35,269 --> 00:28:33,120
they wanted to enslave us or just take

813
00:28:36,789 --> 00:28:35,279

over why do they have to toy with us we

814

00:28:38,549 --> 00:28:36,799

don't toy with an animal that we're

815

00:28:40,789 --> 00:28:38,559

about to slaughter and butcher to

816

00:28:42,230 --> 00:28:40,799

consume right

817

00:28:47,110 --> 00:28:42,240

it's very

818

00:28:49,430 --> 00:28:47,120

that's a nice way to put it i guess but

819

00:28:51,110 --> 00:28:49,440

if they wanted to they could and jason

820

00:28:52,549 --> 00:28:51,120

always says you know if they're

821

00:28:54,710 --> 00:28:52,559

abducting people

822

00:28:57,029 --> 00:28:54,720

just for experimental purposes and they

823

00:28:58,710 --> 00:28:57,039

don't have any sort of heart within them

824

00:29:00,149 --> 00:28:58,720

they would just shoot us out the airlock

825

00:29:03,190 --> 00:29:00,159

they wouldn't bring you back and tuck

826
00:29:05,110 --> 00:29:03,200
you in bed nicely and maybe erase some

827
00:29:07,029 --> 00:29:05,120
of your memories so it didn't traumatize

828
00:29:09,350 --> 00:29:07,039
you so sometimes it seems to have a

829
00:29:12,230 --> 00:29:09,360
little bit of benevolence and a lot of

830
00:29:14,950 --> 00:29:12,240
abductee survivors they some of them say

831
00:29:17,830 --> 00:29:14,960
that it felt like a warning or some type

832
00:29:19,669 --> 00:29:17,840
of a conversation but they didn't have

833
00:29:21,029 --> 00:29:19,679
threats of we're going to kill you we're

834
00:29:23,350 --> 00:29:21,039
going to take over

835
00:29:24,470 --> 00:29:23,360
very few people that you hear from that

836
00:29:26,630 --> 00:29:24,480
are legit

837
00:29:29,510 --> 00:29:26,640
actually say that more of them say

838
00:29:31,830 --> 00:29:29,520

it felt neither good or bad or it had

839

00:29:33,430 --> 00:29:31,840

kind of a positive upswing to it and

840

00:29:35,029 --> 00:29:33,440

then some people it just messes them

841

00:29:37,029 --> 00:29:35,039

right up you mentioned your friend that

842

00:29:39,190 --> 00:29:37,039

was praying kevin day didn't know what

843

00:29:41,350 --> 00:29:39,200

to make of it and then you know it can

844

00:29:43,430 --> 00:29:41,360

be a downward spiral for some people

845

00:29:46,149 --> 00:29:43,440

because of that because it's it changes

846

00:29:48,549 --> 00:29:46,159

everything you thought was possible

847

00:29:51,669 --> 00:29:48,559

absolutely and the beauty of it i

848

00:29:53,909 --> 00:29:51,679

haven't really dubbed into the uh

849

00:29:56,470 --> 00:29:53,919

abduction but i have listened to the

850

00:29:58,870 --> 00:29:56,480

children from the uh i get the

851
00:30:01,190 --> 00:29:58,880
adults now from the aerial school yeah

852
00:30:03,350 --> 00:30:01,200
yeah we interviewed the the executive

853
00:30:05,029 --> 00:30:03,360
producer of that randall nickerson and

854
00:30:07,110 --> 00:30:05,039
yeah to this day those kids are all in

855
00:30:08,789 --> 00:30:07,120
their 20s or 30s now and they're still

856
00:30:11,909 --> 00:30:08,799
saying the same the same thing right

857
00:30:13,750 --> 00:30:11,919
nothing's changed yeah wow wow

858
00:30:15,750 --> 00:30:13,760
what's weird about that too is the

859
00:30:17,110 --> 00:30:15,760
consciousness aspect of these crafts

860
00:30:19,269 --> 00:30:17,120
like there's there seems to be a

861
00:30:21,110 --> 00:30:19,279
consciousness to them so the way that

862
00:30:23,750 --> 00:30:21,120
they move the way that they behave like

863
00:30:25,909 --> 00:30:23,760

you know fighter pilots control the

864

00:30:28,310 --> 00:30:25,919

plane but it's with their you know the

865

00:30:29,750 --> 00:30:28,320

joystick or or you know just the buttons

866

00:30:31,669 --> 00:30:29,760

that everything like that these things

867

00:30:33,590 --> 00:30:31,679

seem to operate on almost like just a

868

00:30:35,110 --> 00:30:33,600

thought like i want to be here and

869

00:30:36,950 --> 00:30:35,120

you're there and i want to be here and

870

00:30:39,430 --> 00:30:36,960

you're there right like it's just

871

00:30:42,070 --> 00:30:39,440

it's got this fluid motion to it that is

872

00:30:43,990 --> 00:30:42,080

different than our technology uh

873

00:30:46,470 --> 00:30:44,000

lou already knows this but when i was a

874

00:30:47,750 --> 00:30:46,480

kid i seen one up close like 80 feet

875

00:30:50,070 --> 00:30:47,760

above my head

876

00:30:52,070 --> 00:30:50,080

and that was like solidified it for me

877

00:30:53,269 --> 00:30:52,080

that was like everything that people

878

00:30:55,909 --> 00:30:53,279

have said

879

00:30:58,950 --> 00:30:55,919

is true the buggers are here and it was

880

00:31:00,789 --> 00:30:58,960

this very sort of like

881

00:31:02,710 --> 00:31:00,799

oh wow like look at this thing look at

882

00:31:04,789 --> 00:31:02,720

the maneuvers that it's doing

883

00:31:06,549 --> 00:31:04,799

like it wasn't a big shock at the time

884

00:31:09,190 --> 00:31:06,559

but now that i think it was like holy

885

00:31:11,029 --> 00:31:09,200

crap like that was amazing to witness

886

00:31:13,509 --> 00:31:11,039

so i figure it's the same for you is

887

00:31:15,190 --> 00:31:13,519

this an amazing experience

888

00:31:16,470 --> 00:31:15,200

not threatening at the time like you're

889

00:31:18,789 --> 00:31:16,480

not you don't feel threatened or

890

00:31:20,389 --> 00:31:18,799

anything but you just walk away from it

891

00:31:23,750 --> 00:31:20,399

going what the hell was that because

892

00:31:25,590 --> 00:31:23,760

that absolutely that is uncommon right

893

00:31:27,430 --> 00:31:25,600

it is i that's

894

00:31:30,310 --> 00:31:27,440

good description i mean

895

00:31:32,549 --> 00:31:30,320

it had no yaw or pitch to it it was just

896

00:31:34,870 --> 00:31:32,559

instantaneously like you said

897

00:31:37,029 --> 00:31:34,880

it wanted to be there

898

00:31:40,070 --> 00:31:37,039

it got there and it took off when it

899

00:31:41,590 --> 00:31:40,080

wanted obviously just like any man-made

900

00:31:43,750 --> 00:31:41,600

aircraft but you're gonna have to have

901
00:31:45,669 --> 00:31:43,760
acceleration and this power and this

902
00:31:48,630 --> 00:31:45,679
thrust yeah

903
00:31:50,950 --> 00:31:48,640
but it's just instantaneously and it was

904
00:31:52,549 --> 00:31:50,960
like this white illumines

905
00:31:54,470 --> 00:31:52,559
you know almost like an arc welder's

906
00:31:57,430 --> 00:31:54,480
light is the best i could do but from a

907
00:32:00,070 --> 00:31:57,440
distance so i didn't see any like

908
00:32:03,110 --> 00:32:00,080
disc or anything it was it was almost

909
00:32:04,870 --> 00:32:03,120
like the object was like

910
00:32:08,230 --> 00:32:04,880
producing its own

911
00:32:10,470 --> 00:32:08,240
energy you know like it had this power

912
00:32:12,630 --> 00:32:10,480
surrounding it like an aurora or

913
00:32:14,870 --> 00:32:12,640

something and it just was

914

00:32:15,669 --> 00:32:14,880

wham bam boom and it was gone it was

915

00:32:17,509 --> 00:32:15,679

yeah

916

00:32:19,190 --> 00:32:17,519

it's beautiful it was great you know i

917

00:32:21,110 --> 00:32:19,200

wish i would have gone on that tear in

918

00:32:23,350 --> 00:32:21,120

the sky and i get to see that again i

919

00:32:25,430 --> 00:32:23,360

was like wow man i heard that from you

920

00:32:27,110 --> 00:32:25,440

guys now and i'm just like oh man i wish

921

00:32:29,909 --> 00:32:27,120

i could have

922

00:32:32,070 --> 00:32:29,919

seeing that even on video again in some

923

00:32:35,430 --> 00:32:32,080

of these videos that come out i look i'm

924

00:32:38,870 --> 00:32:35,440

like man i know these guys got some hd

925

00:32:40,789 --> 00:32:38,880

for sure for sure you know some hd video

926
00:32:42,630 --> 00:32:40,799
give me something good man because if

927
00:32:43,350 --> 00:32:42,640
it's a general public person that sees

928
00:32:46,149 --> 00:32:43,360
this

929
00:32:47,909 --> 00:32:46,159
i kind of have a a general idea what i'm

930
00:32:49,909 --> 00:32:47,919
looking at

931
00:32:52,230 --> 00:32:49,919
but if i try showing my wife she's like

932
00:32:54,710 --> 00:32:52,240
what is this yeah yeah what is this

933
00:32:56,149 --> 00:32:54,720
thing yeah and the famous videos

934
00:32:58,310 --> 00:32:56,159
everybody's familiar with you know the

935
00:33:00,470 --> 00:32:58,320
tic tac and the gimbal they appear to

936
00:33:03,590 --> 00:33:00,480
have that fuzzy energy around them as

937
00:33:05,590 --> 00:33:03,600
well now even on infrared and maybe you

938
00:33:07,669 --> 00:33:05,600

know even better being on infrared

939

00:33:09,430 --> 00:33:07,679

because you get that heat signature and

940

00:33:11,669 --> 00:33:09,440

they don't seem to produce any they seem

941

00:33:13,029 --> 00:33:11,679

to be colder than the surroundings yeah

942

00:33:14,549 --> 00:33:13,039

and you know the higher you go the

943

00:33:16,470 --> 00:33:14,559

colder it gets like in an airplane

944

00:33:19,190 --> 00:33:16,480

you're going a to b even in the summer

945

00:33:21,430 --> 00:33:19,200

it's like minus 40 outside at 80 000

946

00:33:24,549 --> 00:33:21,440

feet or 40 000 feet so

947

00:33:26,710 --> 00:33:24,559

you know the lack of apparent heat and

948

00:33:28,630 --> 00:33:26,720

you know no no control surfaces no

949

00:33:30,789 --> 00:33:28,640

propulsion louis lozano talks about

950

00:33:32,789 --> 00:33:30,799

those five observables you know they can

951
00:33:35,990 --> 00:33:32,799
go in between different mediums

952
00:33:38,789 --> 00:33:36,000
instantaneous acceleration not you know

953
00:33:40,630 --> 00:33:38,799
that's not supersonic or hypersonic it's

954
00:33:42,789 --> 00:33:40,640
like jason said it's the speed of

955
00:33:45,269 --> 00:33:42,799
thought it's not even the speed of light

956
00:33:47,750 --> 00:33:45,279
uh so the deeper we go into this thing

957
00:33:49,830 --> 00:33:47,760
the more bizarre it's and then maybe

958
00:33:51,750 --> 00:33:49,840
it's not even physical craft coming from

959
00:33:54,630 --> 00:33:51,760
other planet maybe it's interdimensional

960
00:33:57,269 --> 00:33:54,640
and they're just phasing in and out so

961
00:33:58,630 --> 00:33:57,279
stranger now than ever

962
00:34:01,590 --> 00:33:58,640
but

963
00:34:04,070 --> 00:34:01,600

you know i've always felt whether

964

00:34:06,230 --> 00:34:04,080

if it's extraterrestrial or

965

00:34:07,509 --> 00:34:06,240

terrestrial right that means here in our

966

00:34:09,270 --> 00:34:07,519

planet

967

00:34:11,909 --> 00:34:09,280

where are they hiding right

968

00:34:13,829 --> 00:34:11,919

so they have to be hiding in our oceans

969

00:34:15,750 --> 00:34:13,839

or or you know i hear things of the

970

00:34:17,589 --> 00:34:15,760

mountains or

971

00:34:20,069 --> 00:34:17,599

i mean just now i mean they just found

972

00:34:22,149 --> 00:34:20,079

all those pyramids in brazil right i

973

00:34:24,869 --> 00:34:22,159

mean these things can be hiding there

974

00:34:27,349 --> 00:34:24,879

yeah hanging out i you know

975

00:34:29,190 --> 00:34:27,359

we'll never truly know and

976
00:34:31,109 --> 00:34:29,200
no one's an expert and you always get

977
00:34:33,589 --> 00:34:31,119
all these blowbacks and

978
00:34:35,909 --> 00:34:33,599
fighting on twitter or what what is what

979
00:34:37,510 --> 00:34:35,919
who is who and

980
00:34:38,790 --> 00:34:37,520
you know it's just a dangerous realm

981
00:34:40,230 --> 00:34:38,800
sometimes

982
00:34:42,550 --> 00:34:40,240
it's

983
00:34:45,349 --> 00:34:42,560
twitter's brutal i i don't know if

984
00:34:47,669 --> 00:34:45,359
you're on there a lot but it is brutal i

985
00:34:49,829 --> 00:34:47,679
read it it's the kuma tape

986
00:34:51,030 --> 00:34:49,839
it's oh it's crazy like i just figured

987
00:34:52,629 --> 00:34:51,040
you put these people in the room

988
00:34:54,950 --> 00:34:52,639

everybody's punching each other like

989

00:34:56,470 --> 00:34:54,960

it's just so much hate um for a

990

00:34:59,670 --> 00:34:56,480

phenomenon that we're struggling to

991

00:35:02,550 --> 00:34:59,680

figure out in a minute 2017 right since

992

00:35:03,910 --> 00:35:02,560

2017 this kind of all gets disseminated

993

00:35:08,069 --> 00:35:03,920

out yeah

994

00:35:11,589 --> 00:35:10,069

yeah yeah it snowballs but christina

995

00:35:13,990 --> 00:35:11,599

gomez said something recently in an

996

00:35:15,750 --> 00:35:14,000

interview i was um on

997

00:35:16,710 --> 00:35:15,760

david scott's uh spaced out radio and

998

00:35:18,230 --> 00:35:16,720

she mentioned you know we've been

999

00:35:19,990 --> 00:35:18,240

waiting for years

1000

00:35:21,270 --> 00:35:20,000

to have this person come out of the

1001

00:35:23,510 --> 00:35:21,280

government saying

1002

00:35:24,950 --> 00:35:23,520

hey these things are real um here's some

1003

00:35:27,750 --> 00:35:24,960

video evidence and i'm going to try to

1004

00:35:30,150 --> 00:35:27,760

push the agenda to bring this out and

1005

00:35:31,510 --> 00:35:30,160

then the minute he does he gets attacked

1006

00:35:33,670 --> 00:35:31,520

right which he knew this was going to

1007

00:35:35,589 --> 00:35:33,680

happen but i mean we're all waiting for

1008

00:35:37,990 --> 00:35:35,599

him to come out to say something and he

1009

00:35:40,390 --> 00:35:38,000

does and everybody turns on him like his

1010

00:35:41,990 --> 00:35:40,400

credentials aren't there and even

1011

00:35:44,310 --> 00:35:42,000

senator

1012

00:35:45,750 --> 00:35:44,320

harry reid wrote a letter saying yes he

1013

00:35:48,630 --> 00:35:45,760

was part of this

1014

00:35:50,710 --> 00:35:48,640

uh you know uh investigation and i just

1015

00:35:52,310 --> 00:35:50,720

i feel bad for the guy because he's

1016

00:35:54,470 --> 00:35:52,320

gotten attacked left right and center on

1017

00:35:55,270 --> 00:35:54,480

twitter over how about lou right yeah

1018

00:35:57,670 --> 00:35:55,280

louis

1019

00:36:00,390 --> 00:35:57,680

yeah so i i just feel bad because you

1020

00:36:02,470 --> 00:36:00,400

know like my i'm 100 with lou on this

1021

00:36:05,030 --> 00:36:02,480

one like uh i think he's

1022

00:36:06,390 --> 00:36:05,040

legitimately saw some stuff that uh he

1023

00:36:07,910 --> 00:36:06,400

would like to

1024

00:36:09,109 --> 00:36:07,920

see the light of day for the general

1025

00:36:12,310 --> 00:36:09,119

public you know

1026

00:36:14,150 --> 00:36:12,320

i thought he was gonna uh drop out of

1027

00:36:16,710 --> 00:36:14,160

this like man i

1028

00:36:17,589 --> 00:36:16,720

don't care you know he's got 30 years

1029

00:36:20,230 --> 00:36:17,599

more

1030

00:36:21,990 --> 00:36:20,240

for for our government

1031

00:36:25,990 --> 00:36:22,000

and i thought he was just saying you

1032

00:36:27,910 --> 00:36:26,000

know what if this if you guys i'm sure

1033

00:36:30,950 --> 00:36:27,920

i'm sure he has come close a few times

1034

00:36:34,069 --> 00:36:30,960

yeah yeah but he's out there giving uh

1035

00:36:37,430 --> 00:36:34,079

zulu foxtrots to all this and yeah i

1036

00:36:40,069 --> 00:36:37,440

think you guys know what that means and

1037

00:36:42,310 --> 00:36:40,079

he's uh still in the game so good for

1038

00:36:45,990 --> 00:36:42,320

him and everyone else that's

1039

00:36:48,150 --> 00:36:46,000

that's the beauty of this is since 2017

1040

00:36:51,510 --> 00:36:48,160

even before when i started digging into

1041

00:36:53,349 --> 00:36:51,520

it before uh tsa

1042

00:36:56,470 --> 00:36:53,359

i've only had told maybe five people i

1043

00:36:57,990 --> 00:36:56,480

told about five people about this

1044

00:37:01,670 --> 00:36:58,000

and it wasn't until i was reading annie

1045

00:37:02,550 --> 00:37:01,680

jacobs book of sr-71 and area 51

1046

00:37:11,510 --> 00:37:02,560

and

1047

00:37:12,790 --> 00:37:11,520

the first thing i've read that i was

1048

00:37:14,870 --> 00:37:12,800

into

1049

00:37:16,950 --> 00:37:14,880

i said ufo and i just started

1050

00:37:19,750 --> 00:37:16,960

researching more and i only found like

1051
00:37:22,230 --> 00:37:19,760
maybe two or three podcasts

1052
00:37:24,870 --> 00:37:22,240
of the subject and a lot of old school

1053
00:37:27,270 --> 00:37:24,880
uh people are still around

1054
00:37:29,190 --> 00:37:27,280
but now since then

1055
00:37:31,390 --> 00:37:29,200
the beauty of this is one thing that i

1056
00:37:33,910 --> 00:37:31,400
think everyone can agree on with the

1057
00:37:36,710 --> 00:37:33,920
multi-generations that we have not even

1058
00:37:39,349 --> 00:37:36,720
even in our workforce but just

1059
00:37:40,390 --> 00:37:39,359
as our country

1060
00:37:42,069 --> 00:37:40,400
is that

1061
00:37:43,750 --> 00:37:42,079
we're all talking about it just like

1062
00:37:45,589 --> 00:37:43,760
that young lady you mentioned christina

1063
00:37:47,190 --> 00:37:45,599

gomez

1064

00:37:50,950 --> 00:37:47,200

the rogue report is another one and

1065

00:37:52,950 --> 00:37:50,960

there are multi generations of videos

1066

00:37:54,870 --> 00:37:52,960

and interviews with these people who are

1067

00:37:57,190 --> 00:37:54,880

all talking about it and that has really

1068

00:37:58,950 --> 00:37:57,200

expanded since 2017.

1069

00:38:00,470 --> 00:37:58,960

but sometimes you get one of those two

1070

00:38:03,589 --> 00:38:00,480

three people that just want to be the

1071

00:38:05,430 --> 00:38:03,599

one who has got it all yeah this is my

1072

00:38:06,310 --> 00:38:05,440

i've been talking about this as long as

1073

00:38:08,550 --> 00:38:06,320

or

1074

00:38:10,150 --> 00:38:08,560

but you know that's just human nature i

1075

00:38:12,150 --> 00:38:10,160

can give everybody

1076

00:38:14,870 --> 00:38:12,160

a pie

1077

00:38:16,630 --> 00:38:14,880

and not everyone's gonna like it yeah

1078

00:38:19,030 --> 00:38:16,640

yeah it's the height of human ignorance

1079

00:38:21,030 --> 00:38:19,040

to say there's definitely no such thing

1080

00:38:22,310 --> 00:38:21,040

as aliens it's also the height of human

1081

00:38:25,030 --> 00:38:22,320

ignorance to say

1082

00:38:27,430 --> 00:38:25,040

i know for sure there is so you have to

1083

00:38:29,589 --> 00:38:27,440

have that humility and again we're

1084

00:38:31,190 --> 00:38:29,599

trying to say yes or no to something we

1085

00:38:33,270 --> 00:38:31,200

don't even have a clue about even if it

1086

00:38:35,990 --> 00:38:33,280

was confirmed yeah these are aliens this

1087

00:38:37,430 --> 00:38:36,000

is their craft we would have no idea how

1088

00:38:39,670 --> 00:38:37,440

that thing would even run like if

1089

00:38:41,510 --> 00:38:39,680

they're hundreds of years thousands of

1090

00:38:43,430 --> 00:38:41,520

years more advanced even millions of

1091

00:38:45,750 --> 00:38:43,440

years more advanced it would be

1092

00:38:48,710 --> 00:38:45,760

indistinguishable from magic as a very

1093

00:38:50,470 --> 00:38:48,720

famous quote yeah um you know like so

1094

00:38:52,790 --> 00:38:50,480

we're very good at trying to say it's

1095

00:38:54,550 --> 00:38:52,800

definitely not it definitely is

1096

00:38:57,109 --> 00:38:54,560

everybody needs to chill out and have

1097

00:38:58,950 --> 00:38:57,119

some humility because we don't know and

1098

00:39:00,390 --> 00:38:58,960

uh the only way we're gonna get there is

1099

00:39:01,670 --> 00:39:00,400

by sharing everybody's ideas

1100

00:39:04,470 --> 00:39:01,680

collectively

1101

00:39:06,150 --> 00:39:04,480

yeah definitely the cool thing of all

1102

00:39:08,550 --> 00:39:06,160

this is that um

1103

00:39:10,390 --> 00:39:08,560

i've actually taken notes not there when

1104

00:39:13,430 --> 00:39:10,400

i'm listening

1105

00:39:14,870 --> 00:39:13,440

i've met multiple people you know

1106

00:39:15,910 --> 00:39:14,880

through life and

1107

00:39:19,030 --> 00:39:15,920

um

1108

00:39:20,950 --> 00:39:19,040

just recently i was at work and uh i was

1109

00:39:23,829 --> 00:39:20,960

at the mechanics shop for

1110

00:39:27,109 --> 00:39:23,839

my company it's ups

1111

00:39:30,310 --> 00:39:27,119

and i was talking to them mechanics and

1112

00:39:33,190 --> 00:39:30,320

we were talking about uh you know

1113

00:39:34,950 --> 00:39:33,200

something to do with our system ups and

1114

00:39:37,910 --> 00:39:34,960

i saw this alien

1115

00:39:39,190 --> 00:39:37,920

sticker on one of the mechanics uh

1116

00:39:41,829 --> 00:39:39,200

tool

1117

00:39:43,510 --> 00:39:41,839

and i and i kind of look i go you

1118

00:39:45,430 --> 00:39:43,520

believe in that stuff man

1119

00:39:47,589 --> 00:39:45,440

and he goes uh

1120

00:39:49,190 --> 00:39:47,599

kind of and he goes congress just

1121

00:39:51,190 --> 00:39:49,200

talking about a state

1122

00:39:53,430 --> 00:39:51,200

and i looked at and go oh

1123

00:39:55,190 --> 00:39:53,440

you do you're really into this stuff and

1124

00:39:56,950 --> 00:39:55,200

he goes yeah yeah i just kind of really

1125

00:39:59,109 --> 00:39:56,960

started

1126

00:40:00,550 --> 00:39:59,119

and i was like hey um

1127

00:40:03,109 --> 00:40:00,560

i kind of don't go around saying i was

1128

00:40:05,190 --> 00:40:03,119

like why don't you youtube my name and

1129

00:40:06,950 --> 00:40:05,200

he goes excuse me

1130

00:40:08,630 --> 00:40:06,960

and you know he jumped on his phone he

1131

00:40:14,550 --> 00:40:08,640

looked and he goes you're on the mimics

1132

00:40:20,550 --> 00:40:17,510

he began to tell me why he was into it

1133

00:40:22,790 --> 00:40:20,560

he had a siding as a young man this

1134

00:40:25,349 --> 00:40:22,800

guy's uh about a little bit younger than

1135

00:40:27,670 --> 00:40:25,359

me so he's in his late 30s i'm 45 this

1136

00:40:32,870 --> 00:40:30,309

he was 12 years old he had a siding

1137

00:40:36,470 --> 00:40:32,880

east west texas heading home to go see

1138

00:40:38,390 --> 00:40:36,480

his grandmother and he saw a triangle

1139

00:40:42,069 --> 00:40:38,400

and on the bottom he said he saw like

1140

00:40:44,550 --> 00:40:42,079

this white uh bulb half a half dome and

1141

00:40:46,230 --> 00:40:44,560

the triangle had you know lights at each

1142

00:40:48,069 --> 00:40:46,240

point

1143

00:40:50,069 --> 00:40:48,079

and it was hovering

1144

00:40:51,670 --> 00:40:50,079

um and it took off he was with his

1145

00:40:54,630 --> 00:40:51,680

youngest cousins they saw it too they

1146

00:40:56,309 --> 00:40:54,640

still talk about it to this day

1147

00:40:58,550 --> 00:40:56,319

and then fast forward maybe about a

1148

00:41:00,950 --> 00:40:58,560

couple weeks ago um

1149

00:41:04,150 --> 00:41:00,960

i was at my in-laws house

1150

00:41:06,069 --> 00:41:04,160

and they found out also that i was on

1151
00:41:07,430 --> 00:41:06,079
unidentified

1152
00:41:10,069 --> 00:41:07,440
and um

1153
00:41:11,349 --> 00:41:10,079
this is this strange thing i hear these

1154
00:41:12,950 --> 00:41:11,359
stories

1155
00:41:14,230 --> 00:41:12,960
from multiple people who are from the

1156
00:41:15,670 --> 00:41:14,240
country

1157
00:41:18,550 --> 00:41:15,680
meaning um

1158
00:41:20,950 --> 00:41:18,560
you know rural country farmland

1159
00:41:22,870 --> 00:41:20,960
she said the same thing

1160
00:41:25,190 --> 00:41:22,880
that she saw a triangle

1161
00:41:27,589 --> 00:41:25,200
with a a bulb at the bottom and it was

1162
00:41:29,829 --> 00:41:27,599
white and they had lights on each corner

1163
00:41:31,750 --> 00:41:29,839

and i just was like holy these people

1164

00:41:35,270 --> 00:41:31,760

don't know each other right and i know

1165

00:41:36,870 --> 00:41:35,280

they're not intertwined with this

1166

00:41:38,790 --> 00:41:36,880

and then when they tell me these stories

1167

00:41:40,470 --> 00:41:38,800

you can feel that

1168

00:41:41,750 --> 00:41:40,480

they're talking to someone who has also

1169

00:41:43,109 --> 00:41:41,760

seen something so it almost feels like

1170

00:41:45,430 --> 00:41:43,119

they're getting something lifted off

1171

00:41:48,470 --> 00:41:45,440

their shoulders or their chest

1172

00:41:50,950 --> 00:41:48,480

it's like a me too movement um but with

1173

00:41:52,950 --> 00:41:50,960

ufos right yeah and i keep saying that

1174

00:41:54,790 --> 00:41:52,960

it's like it's now time for the people

1175

00:41:57,270 --> 00:41:54,800

that have had these experiences to come

1176

00:41:58,390 --> 00:41:57,280

out and say me too like i've had this

1177

00:41:59,670 --> 00:41:58,400

experience

1178

00:42:02,069 --> 00:41:59,680

and yeah

1179

00:42:03,430 --> 00:42:02,079

even i joke around this quite a bit but

1180

00:42:05,190 --> 00:42:03,440

you know once people find out that you

1181

00:42:07,190 --> 00:42:05,200

are into ufos and you take it seriously

1182

00:42:09,030 --> 00:42:07,200

they're all like oh man let me tell you

1183

00:42:10,550 --> 00:42:09,040

this you know like either i've had a

1184

00:42:12,710 --> 00:42:10,560

sighting or my grandfather had a

1185

00:42:14,150 --> 00:42:12,720

sighting everybody knows somebody that's

1186

00:42:16,230 --> 00:42:14,160

had a sighting

1187

00:42:17,990 --> 00:42:16,240

it's just once the they can figure out

1188

00:42:20,069 --> 00:42:18,000

that you will take it seriously then

1189

00:42:21,589 --> 00:42:20,079

they're willing to share it with you but

1190

00:42:23,510 --> 00:42:21,599

i think we're all conditioned to be like

1191

00:42:25,270 --> 00:42:23,520

ufos hahaha

1192

00:42:27,109 --> 00:42:25,280

you believe in that stuff like even if

1193

00:42:28,950 --> 00:42:27,119

you believe in yourself you're sort of

1194

00:42:31,030 --> 00:42:28,960

like

1195

00:42:32,790 --> 00:42:31,040

conditioned to say that to people almost

1196

00:42:35,030 --> 00:42:32,800

right but we're getting to a point where

1197

00:42:37,270 --> 00:42:35,040

it's like damn rights i wear it probably

1198

00:42:39,270 --> 00:42:37,280

i put a bumper sticker on my car like i

1199

00:42:41,190 --> 00:42:39,280

don't care i believe in that i don't

1200

00:42:43,910 --> 00:42:41,200

care who knows about it right i haven't

1201
00:42:46,230 --> 00:42:43,920
shut up about it since i was like 13 so

1202
00:42:47,829 --> 00:42:46,240
i'm not about to now it's too late

1203
00:42:49,510 --> 00:42:47,839
well that's what omar just said you know

1204
00:42:51,349 --> 00:42:49,520
he sees the sticker on the mechanics

1205
00:42:53,589 --> 00:42:51,359
toolbox he's like hey man you believe in

1206
00:42:56,309 --> 00:42:53,599
that stuff knowing full well that you

1207
00:43:03,270 --> 00:42:56,319
were on the tv shows and on the nimitz

1208
00:43:06,950 --> 00:43:05,030
so we all have that filter first you

1209
00:43:08,550 --> 00:43:06,960
know like we tell our friends like what

1210
00:43:10,230 --> 00:43:08,560
do you mean you guys have an alien show

1211
00:43:12,470 --> 00:43:10,240
yeah and then we show them and they're

1212
00:43:13,990 --> 00:43:12,480
like oh wow like well yeah i believe in

1213
00:43:16,150 --> 00:43:14,000

that and i think maybe it's this and

1214

00:43:17,510 --> 00:43:16,160

that and we're now safe and they can

1215

00:43:18,710 --> 00:43:17,520

share and i think that's a big

1216

00:43:20,710 --> 00:43:18,720

compliment

1217

00:43:23,670 --> 00:43:20,720

definitely i mean even uh after my

1218

00:43:25,910 --> 00:43:23,680

siding i told about four to five people

1219

00:43:27,190 --> 00:43:25,920

man i got laughed at i told my closest

1220

00:43:28,790 --> 00:43:27,200

buddies

1221

00:43:31,670 --> 00:43:28,800

you're full of [h__\h]

1222

00:43:34,309 --> 00:43:31,680

general quarters what

1223

00:43:36,150 --> 00:43:34,319

and uh even now that it's out there you

1224

00:43:38,230 --> 00:43:36,160

would think i'd be like man look i saw

1225

00:43:40,390 --> 00:43:38,240

this i was on this tv show

1226

00:43:43,270 --> 00:43:40,400

no i'm kind of just

1227

00:43:45,109 --> 00:43:43,280

mellowed about it i'll let someone bring

1228

00:43:47,430 --> 00:43:45,119

it up or or

1229

00:43:49,990 --> 00:43:47,440

there are people at the at the job site

1230

00:43:51,109 --> 00:43:50,000

that do follow this stuff and they'll

1231

00:43:53,589 --> 00:43:51,119

send me

1232

00:43:55,190 --> 00:43:53,599

ancient alien stuff and you know just

1233

00:43:56,790 --> 00:43:55,200

cool things that

1234

00:43:58,309 --> 00:43:56,800

they like to see and they always ask

1235

00:44:00,630 --> 00:43:58,319

about it and

1236

00:44:02,069 --> 00:44:00,640

it's the top of the conversation but

1237

00:44:03,750 --> 00:44:02,079

you're right i mean

1238

00:44:05,990 --> 00:44:03,760

as we were saying earlier

1239

00:44:08,550 --> 00:44:06,000

it is out in the open

1240

00:44:09,430 --> 00:44:08,560

but it's almost like that subculture

1241

00:44:11,829 --> 00:44:09,440

yeah

1242

00:44:13,430 --> 00:44:11,839

you either have to be a believer or an

1243

00:44:17,270 --> 00:44:13,440

experiencer

1244

00:44:19,910 --> 00:44:17,280

for someone possibly to open up or ask

1245

00:44:23,430 --> 00:44:19,920

yeah of the subject matter because

1246

00:44:25,750 --> 00:44:23,440

after i got uh put out there in 2017

1247

00:44:26,950 --> 00:44:25,760

and then when mr commander fravor came

1248

00:44:29,990 --> 00:44:26,960

out

1249

00:44:32,630 --> 00:44:30,000

and now uh i think it's a young lady uh

1250

00:44:34,550 --> 00:44:32,640

dietrich yeah alex

1251

00:44:36,870 --> 00:44:34,560

yeah that's awesome yeah

1252

00:44:38,630 --> 00:44:36,880

i sent uh all these videos of them doing

1253

00:44:40,230 --> 00:44:38,640

their interviews to those five that

1254

00:44:42,230 --> 00:44:40,240

group of five people with my middle

1255

00:44:44,630 --> 00:44:42,240

finger up and i was like

1256

00:44:46,390 --> 00:44:44,640

i told you that something was going on

1257

00:44:49,109 --> 00:44:46,400

yeah and that's what i did to my buddy

1258

00:44:51,270 --> 00:44:49,119

rick palmer too in the beginning

1259

00:44:54,550 --> 00:44:51,280

but he he didn't really reply to any of

1260

00:44:55,430 --> 00:44:54,560

it and it was kind of very quiet but uh

1261

00:45:11,829 --> 00:44:55,440

i

1262

00:45:14,790 --> 00:45:11,839

so what are your thoughts on the

1263

00:45:16,550 --> 00:45:14,800

congress hearings so we've we've had uh

1264

00:45:18,870 --> 00:45:16,560

what one or two i think at this point

1265

00:45:20,870 --> 00:45:18,880

yes uh and they showed this really fast

1266

00:45:22,950 --> 00:45:20,880

clip which we all like everybody every

1267

00:45:25,030 --> 00:45:22,960

you follow just makes fun of because

1268

00:45:27,349 --> 00:45:25,040

they didn't have the you know

1269

00:45:30,309 --> 00:45:27,359

a still of the picture you know i think

1270

00:45:32,150 --> 00:45:30,319

the the object is only like one frame

1271

00:45:33,270 --> 00:45:32,160

within the whole shot and they couldn't

1272

00:45:35,270 --> 00:45:33,280

even zoom in

1273

00:45:37,030 --> 00:45:35,280

correct yeah yeah it's just a really

1274

00:45:38,550 --> 00:45:37,040

fast uh moving object just like well

1275

00:45:39,990 --> 00:45:38,560

this is what we get

1276

00:45:42,150 --> 00:45:40,000

these are the reports we get and i'm

1277

00:45:44,870 --> 00:45:42,160

like [h__h] i bet you guys have way

1278

00:45:46,550 --> 00:45:44,880

better footage than this right uh but do

1279

00:45:48,309 --> 00:45:46,560

you think that's just a way for them to

1280

00:45:50,230 --> 00:45:48,319

sort of ease the public saying look you

1281

00:45:52,550 --> 00:45:50,240

know we're looking into this but

1282

00:45:53,430 --> 00:45:52,560

see how fast these things fly was really

1283

00:45:55,589 --> 00:45:53,440

no

1284

00:45:57,829 --> 00:45:55,599

uh pure evidence at this point do you

1285

00:46:00,630 --> 00:45:57,839

think it's just a ploy for the the the

1286

00:46:02,309 --> 00:46:00,640

people or is just to put us on basically

1287

00:46:04,470 --> 00:46:02,319

just on the bench to wait for better

1288

00:46:06,069 --> 00:46:04,480

stuff

1289

00:46:08,150 --> 00:46:06,079

probably a combination i think it is

1290

00:46:10,470 --> 00:46:08,160

like a little sprinkle

1291

00:46:11,190 --> 00:46:10,480

throughout our society but it just kind

1292

00:46:14,230 --> 00:46:11,200

of

1293

00:46:16,390 --> 00:46:14,240

i think for us like do we really need

1294

00:46:18,309 --> 00:46:16,400

our world governments to

1295

00:46:19,829 --> 00:46:18,319

tell us what yeah

1296

00:46:23,270 --> 00:46:19,839

some of us probably

1297

00:46:24,470 --> 00:46:23,280

do believe in and what we know is true

1298

00:46:27,990 --> 00:46:24,480

that's the kind of

1299

00:46:29,270 --> 00:46:28,000

uh pushback i get is like

1300

00:46:31,750 --> 00:46:29,280

why do you have to

1301
00:46:33,270 --> 00:46:31,760
believe the government yeah you know why

1302
00:46:34,550 --> 00:46:33,280
do you have to have the government tell

1303
00:46:40,230 --> 00:46:34,560
you

1304
00:46:41,829 --> 00:46:40,240
societies

1305
00:46:43,589 --> 00:46:41,839
are you guys are you guys both in the

1306
00:46:46,230 --> 00:46:43,599
states correct uh we're in british

1307
00:46:48,309 --> 00:46:46,240
columbia canada yeah okay okay so yeah

1308
00:46:50,470 --> 00:46:48,319
you know we share the same

1309
00:46:52,230 --> 00:46:50,480
you know free thinking we can wake up

1310
00:46:54,790 --> 00:46:52,240
and say you know what these things are

1311
00:46:56,870 --> 00:46:54,800
all angels or are these all entities

1312
00:46:59,430 --> 00:46:56,880
from hell or

1313
00:47:00,950 --> 00:46:59,440

these things are from brazil you know

1314

00:47:02,069 --> 00:47:00,960

and yeah

1315

00:47:04,230 --> 00:47:02,079

it's like

1316

00:47:06,950 --> 00:47:04,240

we're such a free thinking uh

1317

00:47:08,790 --> 00:47:06,960

part of the planet that

1318

00:47:10,550 --> 00:47:08,800

you know sometimes i wonder like why do

1319

00:47:13,109 --> 00:47:10,560

we need them

1320

00:47:16,390 --> 00:47:13,119

to give us an explanation on what this

1321

00:47:18,309 --> 00:47:16,400

is you know i i honestly think it's

1322

00:47:20,870 --> 00:47:18,319

it'll probably

1323

00:47:23,589 --> 00:47:20,880

descend not disseminate but

1324

00:47:25,349 --> 00:47:23,599

maybe not crumble but just kind of edge

1325

00:47:28,630 --> 00:47:25,359

some of the

1326
00:47:30,950 --> 00:47:28,640
religious beliefs we have out there yeah

1327
00:47:33,109 --> 00:47:30,960
because uh

1328
00:47:35,349 --> 00:47:33,119
you know we're all taught at one point

1329
00:47:37,589 --> 00:47:35,359
in time i'm not a religious person but

1330
00:47:39,829 --> 00:47:37,599
you know there's people out there that

1331
00:47:43,589 --> 00:47:39,839
you know hey this is jesus this is god

1332
00:47:45,510 --> 00:47:43,599
or or something of a higher power

1333
00:47:46,549 --> 00:47:45,520
protecting us humans

1334
00:47:49,030 --> 00:47:46,559
but this

1335
00:47:49,910 --> 00:47:49,040
these objects and these technologies

1336
00:47:51,750 --> 00:47:49,920
it's

1337
00:47:54,230 --> 00:47:51,760
kind of beats that

1338
00:47:57,109 --> 00:47:54,240

i hope i'm saying that correctly

1339

00:47:58,309 --> 00:47:57,119

it kind of puts a an edge and a cut

1340

00:48:01,109 --> 00:47:58,319

through maybe

1341

00:48:03,990 --> 00:48:01,119

specific religious belief systems and

1342

00:48:05,430 --> 00:48:04,000

i've heard that that even mr lozano got

1343

00:48:07,589 --> 00:48:05,440

pushed back

1344

00:48:09,510 --> 00:48:07,599

when he was debriefing somebody and the

1345

00:48:11,990 --> 00:48:09,520

guy tells him hey

1346

00:48:14,390 --> 00:48:12,000

have you read your bible

1347

00:48:15,829 --> 00:48:14,400

you know he i heard that i listened to a

1348

00:48:17,430 --> 00:48:15,839

lot of his interviews and he said

1349

00:48:19,270 --> 00:48:17,440

something really

1350

00:48:21,829 --> 00:48:19,280

interesting he said

1351

00:48:23,190 --> 00:48:21,839

the truth whispers if he just listens so

1352

00:48:26,390 --> 00:48:23,200

he's always kind of throwing these

1353

00:48:27,190 --> 00:48:26,400

little tiny crumbs out there

1354

00:48:29,750 --> 00:48:27,200

and

1355

00:48:31,829 --> 00:48:29,760

he always said the major pushback he got

1356

00:48:33,030 --> 00:48:31,839

was from um

1357

00:48:35,750 --> 00:48:33,040

the uh

1358

00:48:37,990 --> 00:48:35,760

the old guard so to say i got that from

1359

00:48:39,190 --> 00:48:38,000

vineyard or the uk the old guard in

1360

00:48:41,670 --> 00:48:39,200

their

1361

00:48:44,150 --> 00:48:41,680

staunch belief on you know maybe our

1362

00:48:46,470 --> 00:48:44,160

religious standards and i mean even in

1363

00:48:48,710 --> 00:48:46,480

our politics now i mean yeah

1364

00:48:51,030 --> 00:48:48,720

the role versus way thing is you know

1365

00:48:53,510 --> 00:48:51,040

one thing about god and

1366

00:48:55,589 --> 00:48:53,520

but i don't want to go there that's it

1367

00:48:57,430 --> 00:48:55,599

forget that i can i can comment as

1368

00:48:59,829 --> 00:48:57,440

somebody who is a spiritual believer i

1369

00:49:01,510 --> 00:48:59,839

was raised in a quote-unquote religious

1370

00:49:03,109 --> 00:49:01,520

family we weren't out you know preaching

1371

00:49:06,390 --> 00:49:03,119

to other people or knocking on people's

1372

00:49:09,270 --> 00:49:06,400

doors but we believed and i i don't see

1373

00:49:12,230 --> 00:49:09,280

it as a conflict in fact if there were

1374

00:49:14,230 --> 00:49:12,240

aliens that would reinforce god quote

1375

00:49:17,190 --> 00:49:14,240

unquote whatever that looks like because

1376

00:49:21,030 --> 00:49:17,200

yeah it would prove that this is a love

1377

00:49:22,870 --> 00:49:21,040

only force a creating only force nothing

1378

00:49:25,589 --> 00:49:22,880

but positivity so

1379

00:49:27,750 --> 00:49:25,599

what would say that yeah god loves so

1380

00:49:29,589 --> 00:49:27,760

much that there's creatures in life

1381

00:49:33,349 --> 00:49:29,599

everywhere why would it just be limited

1382

00:49:35,670 --> 00:49:33,359

to here and i think when we get too

1383

00:49:38,950 --> 00:49:35,680

religiously political and we focus on

1384

00:49:42,150 --> 00:49:38,960

the hierarchy and man-made rules when it

1385

00:49:44,230 --> 00:49:42,160

comes to the application of belief i.e

1386

00:49:45,990 --> 00:49:44,240

religion that's when things kind of get

1387

00:49:49,030 --> 00:49:46,000

screwed up you now have people playing

1388

00:49:50,710 --> 00:49:49,040

god saying this is true this is not true

1389

00:49:52,870 --> 00:49:50,720

the bible doesn't say this or doesn't

1390

00:49:54,950 --> 00:49:52,880

say that well the bible if you believe

1391

00:49:57,109 --> 00:49:54,960

it the bible has a creation story as

1392

00:49:58,470 --> 00:49:57,119

does all major religion but it doesn't

1393

00:50:01,030 --> 00:49:58,480

say this is the only

1394

00:50:01,910 --> 00:50:01,040

world this is just the story of our

1395

00:50:04,549 --> 00:50:01,920

world

1396

00:50:07,190 --> 00:50:04,559

so it doesn't refute any of this and if

1397

00:50:09,430 --> 00:50:07,200

i don't i honestly don't see how if

1398

00:50:11,670 --> 00:50:09,440

you're religious and you find out aliens

1399

00:50:13,510 --> 00:50:11,680

are real that's gonna screw everything

1400

00:50:15,270 --> 00:50:13,520

up i don't get it i don't think it would

1401

00:50:17,750 --> 00:50:15,280

i think it would reinforce it like hell

1402

00:50:19,910 --> 00:50:17,760

yeah proof that god exists look he's

1403

00:50:22,069 --> 00:50:19,920

created all kinds of stuff you know so

1404

00:50:25,270 --> 00:50:22,079

yeah um i think it's when you come from

1405

00:50:26,790 --> 00:50:25,280

a faction that is very rigid and very

1406

00:50:28,710 --> 00:50:26,800

hey if you don't believe that to the

1407

00:50:30,470 --> 00:50:28,720

word or to the dot

1408

00:50:33,030 --> 00:50:30,480

you're you're a deviant and you're

1409

00:50:35,430 --> 00:50:33,040

missing it i think we get too wrapped up

1410

00:50:37,990 --> 00:50:35,440

in like looking at the forest this close

1411

00:50:39,990 --> 00:50:38,000

we're not seeing the entire picture and

1412

00:50:41,670 --> 00:50:40,000

anytime man is trying to speak for god

1413

00:50:43,349 --> 00:50:41,680

that's a problem so

1414

00:50:44,950 --> 00:50:43,359

for me this is my own personal opinion

1415

00:50:47,430 --> 00:50:44,960

in my two cents and that's about all

1416

00:50:49,670 --> 00:50:47,440

it's worth but my two senses it would

1417

00:50:52,150 --> 00:50:49,680

encourage that it would prove even more

1418

00:50:54,230 --> 00:50:52,160

so there is other creation besides us

1419

00:50:56,150 --> 00:50:54,240

because if we don't really understand

1420

00:50:58,309 --> 00:50:56,160

our own creation how are we then going

1421

00:51:00,630 --> 00:50:58,319

to understand other things creation and

1422

00:51:03,670 --> 00:51:00,640

like do aliens believe in god it just

1423

00:51:06,390 --> 00:51:03,680

gets this giant wormhole but uh i think

1424

00:51:07,990 --> 00:51:06,400

it would more reinforce than than damage

1425

00:51:10,549 --> 00:51:08,000

oh that's a it's a beautiful thought

1426

00:51:12,790 --> 00:51:10,559

that's beautiful well said you're you're

1427

00:51:15,510 --> 00:51:12,800

you're correct

1428

00:51:16,710 --> 00:51:15,520

it um

1429

00:51:19,829 --> 00:51:16,720

you know i really don't have anything

1430

00:51:21,510 --> 00:51:19,839

else on that i i truly believe whatever

1431

00:51:22,390 --> 00:51:21,520

it is

1432

00:51:26,710 --> 00:51:22,400

it

1433

00:51:29,190 --> 00:51:26,720

but i've always felt like man like we

1434

00:51:31,589 --> 00:51:29,200

said earlier if they wanted to mess with

1435

00:51:33,589 --> 00:51:31,599

us they could have done a millennia ago

1436

00:51:35,270 --> 00:51:33,599

yeah to me it's an advanced

1437

00:51:37,670 --> 00:51:35,280

consciousness that's what they are

1438

00:51:39,829 --> 00:51:37,680

they're advanced i hear that too yeah

1439

00:51:42,150 --> 00:51:39,839

consciousness yeah like uh they

1440

00:51:44,710 --> 00:51:42,160

say that all the time to abductees or

1441

00:51:47,109 --> 00:51:44,720

like even to the kids in aerial school

1442

00:51:48,950 --> 00:51:47,119

like the advanced in consciousness the

1443

00:51:51,190 --> 00:51:48,960

fact that this little entity is able to

1444

00:51:53,589 --> 00:51:51,200

talk to each one of the kids

1445

00:51:55,109 --> 00:51:53,599

individually just by looking at them

1446

00:51:57,109 --> 00:51:55,119

like that's an amazing thing

1447

00:51:59,109 --> 00:51:57,119

telepathically right

1448

00:52:01,270 --> 00:51:59,119

each kid got a different feeling or

1449

00:52:03,510 --> 00:52:01,280

different vision from these things that

1450

00:52:05,510 --> 00:52:03,520

is an elevated consciousness that's able

1451
00:52:07,190 --> 00:52:05,520
to talk to lower consciousness so that's

1452
00:52:09,109 --> 00:52:07,200
i think that's one of the aspects of

1453
00:52:11,589 --> 00:52:09,119
ufology that

1454
00:52:13,349 --> 00:52:11,599
you know is starting to for me come to

1455
00:52:15,430 --> 00:52:13,359
the surface is because i didn't believe

1456
00:52:17,430 --> 00:52:15,440
in that before and the whole ce5 and

1457
00:52:19,430 --> 00:52:17,440
stuff like that that people are doing

1458
00:52:20,390 --> 00:52:19,440
but i'm starting to put to two and two

1459
00:52:22,069 --> 00:52:20,400
together and even when we're talking

1460
00:52:23,270 --> 00:52:22,079
about how the the crafts move at the

1461
00:52:25,349 --> 00:52:23,280
speed of thought well that's just

1462
00:52:26,470 --> 00:52:25,359
consciousness right so the fact we're

1463
00:52:28,230 --> 00:52:26,480

dealing with

1464

00:52:30,069 --> 00:52:28,240

consciousness that is not human that is

1465

00:52:30,870 --> 00:52:30,079

something different that's the exciting

1466

00:52:32,950 --> 00:52:30,880

part

1467

00:52:34,630 --> 00:52:32,960

right because how how different are they

1468

00:52:36,470 --> 00:52:34,640

thinking like you know how different are

1469

00:52:38,069 --> 00:52:36,480

their thoughts from ours right

1470

00:52:39,510 --> 00:52:38,079

uh and that's how they're able to come

1471

00:52:41,349 --> 00:52:39,520

up with the technology that they have

1472

00:52:43,270 --> 00:52:41,359

they don't see things the way that we do

1473

00:52:45,670 --> 00:52:43,280

we're i think quite limited

1474

00:52:48,549 --> 00:52:45,680

in our brain capacity our understanding

1475

00:52:50,150 --> 00:52:48,559

of technology well these things

1476

00:52:52,150 --> 00:52:50,160

maybe are prone to be more

1477

00:52:54,230 --> 00:52:52,160

scientifically awakened than we are and

1478

00:52:56,150 --> 00:52:54,240

understand things to be able to

1479

00:52:58,069 --> 00:52:56,160

manipulate physics and

1480

00:53:01,030 --> 00:52:58,079

materials in ways that we can't that's

1481

00:53:02,710 --> 00:53:01,040

why they're able to go through 80 000

1482

00:53:05,109 --> 00:53:02,720

feet to down to five feet above the

1483

00:53:06,230 --> 00:53:05,119

water or right into the water um even

1484

00:53:07,510 --> 00:53:06,240

louie you were mentioning they were

1485

00:53:10,470 --> 00:53:07,520

going up to

1486

00:53:12,870 --> 00:53:10,480

500 kilometers 500 plus miles an hour

1487

00:53:15,109 --> 00:53:12,880

underwater and our best torpedoes are

1488

00:53:17,510 --> 00:53:15,119

just around 200 or slightly over 200

1489

00:53:19,349 --> 00:53:17,520

miles an hour so yeah and i mean water

1490

00:53:22,069 --> 00:53:19,359

is a totally different medium from air

1491

00:53:24,710 --> 00:53:22,079

or at the atmosphere you know so it's

1492

00:53:26,829 --> 00:53:24,720

way more viscous the pressures are huge

1493

00:53:29,990 --> 00:53:26,839

if you're going 500 miles an hour in the

1494

00:53:31,910 --> 00:53:30,000

water before long you're at a depth that

1495

00:53:34,150 --> 00:53:31,920

we would need special rovers to even be

1496

00:53:36,630 --> 00:53:34,160

at so it just doesn't seem to affect

1497

00:53:38,150 --> 00:53:36,640

them no matter what medium it's going

1498

00:53:39,990 --> 00:53:38,160

through and that's that's one of the

1499

00:53:41,589 --> 00:53:40,000

five observables that lou elizondo

1500

00:53:44,150 --> 00:53:41,599

pointed out on his show

1501
00:53:46,950 --> 00:53:44,160
yeah yeah they've really focused that uh

1502
00:53:49,030 --> 00:53:46,960
fire observables for my show

1503
00:53:50,470 --> 00:53:49,040
from my initial interview from there

1504
00:53:52,870 --> 00:53:50,480
yeah

1505
00:53:55,430 --> 00:53:52,880
i remember uh i mean my interview was up

1506
00:53:57,109 --> 00:53:55,440
four hours long closer

1507
00:54:00,309 --> 00:53:57,119
i think it was like two and a half three

1508
00:54:01,270 --> 00:54:00,319
hours long oh wow yeah they they really

1509
00:54:02,870 --> 00:54:01,280
uh

1510
00:54:05,190 --> 00:54:02,880
cramped it in i guess it was like six to

1511
00:54:06,230 --> 00:54:05,200
seven minutes of tv time but right isn't

1512
00:54:08,549 --> 00:54:06,240
that weird

1513
00:54:11,109 --> 00:54:08,559

yeah i think they kind of were getting a

1514

00:54:13,030 --> 00:54:11,119

lot more other information

1515

00:54:14,230 --> 00:54:13,040

um

1516

00:54:15,990 --> 00:54:14,240

i guess

1517

00:54:18,710 --> 00:54:16,000

from you know the other perspective of

1518

00:54:20,309 --> 00:54:18,720

the individuals that were next to me

1519

00:54:21,510 --> 00:54:20,319

and what happened and

1520

00:54:23,589 --> 00:54:21,520

and you know just kind of like what i'm

1521

00:54:26,710 --> 00:54:23,599

disseminating now to you guys their

1522

00:54:27,430 --> 00:54:26,720

reactions and the public's reaction

1523

00:54:29,510 --> 00:54:27,440

but

1524

00:54:31,430 --> 00:54:29,520

well one thing i do remember is uh they

1525

00:54:34,309 --> 00:54:31,440

were late

1526

00:54:36,470 --> 00:54:34,319

i showed up 15 minutes early

1527

00:54:38,470 --> 00:54:36,480

and then it didn't start to another four

1528

00:54:39,829 --> 00:54:38,480

about 30 minutes after i was supposed to

1529

00:54:41,990 --> 00:54:39,839

be there

1530

00:54:43,510 --> 00:54:42,000

and i sat down and they had this big old

1531

00:54:44,950 --> 00:54:43,520

camera in my face and the first thing

1532

00:54:47,510 --> 00:54:44,960

the young lady said she goes i'm really

1533

00:54:50,150 --> 00:54:47,520

sorry i'm late i said ma'am

1534

00:54:52,069 --> 00:54:50,160

i've been waiting 17 years to tell this

1535

00:54:57,270 --> 00:54:52,079

and i looked at this thing i go now this

1536

00:55:01,270 --> 00:54:59,030

yeah it's got to be a good feeling to be

1537

00:55:03,750 --> 00:55:01,280

able to get that off your chest and

1538

00:55:06,309 --> 00:55:03,760

uh i was nervous even

1539

00:55:09,670 --> 00:55:06,319

even to this day i even i still get

1540

00:55:12,549 --> 00:55:09,680

nervous uh talking about it i i try to

1541

00:55:14,150 --> 00:55:12,559

figure out why and

1542

00:55:15,829 --> 00:55:14,160

you know but

1543

00:55:18,710 --> 00:55:15,839

great shows such as yourselves and you

1544

00:55:20,870 --> 00:55:18,720

guys with the intro you guys gave me and

1545

00:55:22,390 --> 00:55:20,880

you just kind of ease into the process

1546

00:55:23,990 --> 00:55:22,400

because

1547

00:55:25,829 --> 00:55:24,000

even like i said i don't really go

1548

00:55:27,510 --> 00:55:25,839

around saying hey look i was on this

1549

00:55:30,390 --> 00:55:27,520

look at this look at this i saw this

1550

00:55:32,870 --> 00:55:30,400

right it's still not easy really to talk

1551

00:55:34,789 --> 00:55:32,880

about it sometimes

1552

00:55:36,470 --> 00:55:34,799

nice well we thank you for coming on the

1553

00:55:38,870 --> 00:55:36,480

show because that's uh that's a huge

1554

00:55:40,630 --> 00:55:38,880

deal for sure i appreciate it we like

1555

00:55:43,670 --> 00:55:40,640

people that are credible people have had

1556

00:55:45,910 --> 00:55:43,680

uh legitimate uh experiences and most of

1557

00:55:47,190 --> 00:55:45,920

all encourage the any personnel in the

1558

00:55:49,030 --> 00:55:47,200

military that

1559

00:55:51,510 --> 00:55:49,040

if you've seen something yeah come

1560

00:55:53,910 --> 00:55:51,520

forward right that's really the military

1561

00:55:55,750 --> 00:55:53,920

personnel it's you guys that are helping

1562

00:55:57,270 --> 00:55:55,760

the disclosure because you know we

1563

00:55:59,349 --> 00:55:57,280

listen to you guys during service and

1564

00:56:01,670 --> 00:55:59,359

you're saying look during service

1565

00:56:03,589 --> 00:56:01,680

this is what we experience um you know

1566

00:56:05,030 --> 00:56:03,599

you got my full attention at that point

1567

00:56:06,710 --> 00:56:05,040

like you know i

1568

00:56:08,150 --> 00:56:06,720

believe you're

1569

00:56:10,390 --> 00:56:08,160

like i said you're a credible witness

1570

00:56:12,390 --> 00:56:10,400

you know exactly what you're looking for

1571

00:56:14,150 --> 00:56:12,400

so yeah that for louis and i that was a

1572

00:56:16,309 --> 00:56:14,160

no-brainer we'd like we have to have

1573

00:56:18,069 --> 00:56:16,319

this guy on for sure

1574

00:56:20,069 --> 00:56:18,079

do you have any questions for our our

1575

00:56:21,670 --> 00:56:20,079

guest no i just want to say again big

1576

00:56:24,069 --> 00:56:21,680

thanks to omar for coming on our show we

1577

00:56:26,710 --> 00:56:24,079

appreciate it uh you're solid dude

1578

00:56:29,190 --> 00:56:26,720

you're again very brave and uh if you

1579

00:56:31,109 --> 00:56:29,200

can be uh an example to other colleagues

1580

00:56:32,309 --> 00:56:31,119

that are questionable whether they

1581

00:56:34,150 --> 00:56:32,319

should say something or not say

1582

00:56:36,789 --> 00:56:34,160

something i hope they they follow your

1583

00:56:38,630 --> 00:56:36,799

example because uh um you know without

1584

00:56:41,270 --> 00:56:38,640

that this disclosure doesn't move

1585

00:56:42,950 --> 00:56:41,280

forward and uh it's just civilians

1586

00:56:44,789 --> 00:56:42,960

talking and that's what it's been for 80

1587

00:56:46,789 --> 00:56:44,799

years so you guys really took it to the

1588

00:56:48,789 --> 00:56:46,799

next level i can't thank you enough for

1589

00:56:50,710 --> 00:56:48,799

being on the show man and i appreciate

1590

00:56:52,630 --> 00:56:50,720

thank you for having me on guys anytime

1591

00:56:55,430 --> 00:56:52,640

and just before we uh close i just want

1592

00:56:57,750 --> 00:56:55,440

to say uh hello to rainey from cuba or

1593

00:56:59,270 --> 00:56:57,760

renee from cuba i don't know quite how

1594

00:57:01,670 --> 00:56:59,280

to pronounce the name i haven't heard it

1595

00:57:03,670 --> 00:57:01,680

audibly yet but uh listener of the

1596

00:57:06,069 --> 00:57:03,680

program and real big supporter of the

1597

00:57:07,670 --> 00:57:06,079

program so we appreciate it my man omar

1598

00:57:09,829 --> 00:57:07,680

laura we thank you so much for coming on

1599

00:57:11,670 --> 00:57:09,839

the podcast is there a place people can

1600

00:57:13,349 --> 00:57:11,680

find you online like are you on twitter

1601
00:57:15,030 --> 00:57:13,359
facebook

1602
00:57:17,430 --> 00:57:15,040
uh twitter

1603
00:57:20,230 --> 00:57:17,440
i kind of just dub into that twitter

1604
00:57:21,990 --> 00:57:20,240
just to see what's going on and what

1605
00:57:23,589 --> 00:57:22,000
twitter would be the easiest it'll be

1606
00:57:27,990 --> 00:57:23,599
the easiest one and what's your what's

1607
00:57:32,309 --> 00:57:28,000
your tag on uh on twitter oh geez let me

1608
00:57:33,670 --> 00:57:32,319
uh it's eternal 99 eternal 99 yeah

1609
00:57:36,470 --> 00:57:33,680
perfect all right guys so i would

1610
00:57:38,309 --> 00:57:36,480
encourage you to follow omar on twitter

1611
00:57:39,829 --> 00:57:38,319
and omar once again thank you so much

1612
00:57:41,589 --> 00:57:39,839
for coming on the podcast my man we

1613
00:57:43,109 --> 00:57:41,599

really appreciate it german thank you it

1614

00:57:45,270 --> 00:57:43,119

was great i appreciate it thank you so

1615

00:57:46,440 --> 00:57:45,280

much enjoy the rest of your day and take
