

UAP STUDIES
PODCAST

JESSE PEAK

1
00:00:23,509 --> 00:00:19,400

[Music]

2
00:00:28,310 --> 00:00:25,830

welcome back to another great episode of

3
00:00:30,310 --> 00:00:28,320

uap studies i'm jason gilmet one of your

4
00:00:31,830 --> 00:00:30,320

co-hosts i'm joined again by louis

5
00:00:33,270 --> 00:00:31,840

borges how are you how's it going today

6
00:00:35,110 --> 00:00:33,280

louis it's going really good brother

7
00:00:36,790 --> 00:00:35,120

glad to be here and uh excited to chat

8
00:00:39,190 --> 00:00:36,800

with our guest another

9
00:00:40,869 --> 00:00:39,200

distinguished mufon investigator and we

10
00:00:42,229 --> 00:00:40,879

know all the good work they do and for

11
00:00:43,670 --> 00:00:42,239

those of our guests that don't know too

12
00:00:44,709 --> 00:00:43,680

much about mufon we're gonna break that

13
00:00:46,869 --> 00:00:44,719

down as well and give them the

14

00:00:48,229 --> 00:00:46,879

background of that so uh yeah i'll throw

15

00:00:50,630 --> 00:00:48,239

it back to you and let's welcome our

16

00:00:52,630 --> 00:00:50,640

guest absolutely so today we have jesse

17

00:00:53,830 --> 00:00:52,640

peak he's a certified mufon field

18

00:00:56,950 --> 00:00:53,840

investigator for the state of

19

00:00:59,029 --> 00:00:56,960

pennsylvania uh he's also part of mufon

20

00:01:01,189 --> 00:00:59,039

ert hopefully says that right

21

00:01:03,110 --> 00:01:01,199

experiences resource team

22

00:01:05,429 --> 00:01:03,120

he's investigator for the scientific

23

00:01:06,630 --> 00:01:05,439

coalition of uap studies which is really

24

00:01:09,190 --> 00:01:06,640

freaking cool

25

00:01:12,950 --> 00:01:09,200

with certifications in astronomy space

26

00:01:15,109 --> 00:01:12,960

exploration space advocacy mental health

27

00:01:17,910 --> 00:01:15,119

case management introduction to computer

28

00:01:19,830 --> 00:01:17,920

technologies basics of digital imaging

29

00:01:22,149 --> 00:01:19,840

powerpoint public speaking and

30

00:01:23,749 --> 00:01:22,159

disposition into investigation

31

00:01:26,710 --> 00:01:23,759

peek is also a published writer with the

32

00:01:29,109 --> 00:01:26,720

mufon monthly journal ex-13 bravo

33

00:01:31,910 --> 00:01:29,119

artillery cannon crew member in the

34

00:01:34,069 --> 00:01:31,920

national uh in the army national guard

35

00:01:36,550 --> 00:01:34,079

where he did his training for

36

00:01:37,990 --> 00:01:36,560

or at fort sales i should say oklahoma

37

00:01:40,310 --> 00:01:38,000

counselor for five years teaching

38

00:01:42,469 --> 00:01:40,320

classes to young adults and eagle scouts

39

00:01:44,469 --> 00:01:42,479

he's also the host of uap's encounters

40

00:01:47,109 --> 00:01:44,479

worldwide podcast

41

00:01:48,710 --> 00:01:47,119

jesse welcome to the podcast my man

42

00:01:49,990 --> 00:01:48,720

yeah thank you for having me man it's an

43

00:01:51,749 --> 00:01:50,000

honor to be here and finally have a

44

00:01:53,749 --> 00:01:51,759

conversation with you guys yeah i'm

45

00:01:55,270 --> 00:01:53,759

excited it's been a long time it's been

46

00:01:57,990 --> 00:01:55,280

a long time coming my man been a long

47

00:02:00,310 --> 00:01:58,000

time comment so uh basically yeah let's

48

00:02:01,910 --> 00:02:00,320

let's talk about your background um this

49

00:02:04,149 --> 00:02:01,920

this subject especially when you become

50

00:02:05,590 --> 00:02:04,159

a move on field investigator uh there's

51
00:02:08,070 --> 00:02:05,600
got to be something that really pushes

52
00:02:09,669 --> 00:02:08,080
you towards that something that really

53
00:02:11,430 --> 00:02:09,679
you know happened to you or something

54
00:02:13,670 --> 00:02:11,440
that grasps your imagination when it

55
00:02:16,869 --> 00:02:13,680
comes down to the subject of ufos and

56
00:02:19,110 --> 00:02:16,879
uaps so what was it for you that that

57
00:02:20,710 --> 00:02:19,120
that triggered that for you

58
00:02:22,630 --> 00:02:20,720
yeah i think it's um

59
00:02:24,070 --> 00:02:22,640
the the thing of being in service you

60
00:02:26,390 --> 00:02:24,080
know i've always been in service my

61
00:02:28,070 --> 00:02:26,400
entire life um starting out with blue

62
00:02:30,070 --> 00:02:28,080
scouts i was in there for about eight

63
00:02:32,150 --> 00:02:30,080

years earned my eagle scout

64

00:02:34,470 --> 00:02:32,160

um and we we constantly help people

65

00:02:36,710 --> 00:02:34,480

throughout that time um helping churches

66

00:02:39,190 --> 00:02:36,720

rebuild their their their infrastructure

67

00:02:41,190 --> 00:02:39,200

and and uh doing different projects for

68

00:02:42,869 --> 00:02:41,200

nature and global warming and different

69

00:02:44,390 --> 00:02:42,879

kind of stuff like that and then i got

70

00:02:47,190 --> 00:02:44,400

in the military

71

00:02:49,670 --> 00:02:47,200

um as soon as i turned 21 um and i

72

00:02:52,229 --> 00:02:49,680

signed up immediately and it was about

73

00:02:54,949 --> 00:02:52,239

serving my country and and uh being

74

00:02:57,670 --> 00:02:54,959

there for the people that that needed it

75

00:03:00,229 --> 00:02:57,680

um and once i found out that there was a

76
00:03:02,309 --> 00:03:00,239
community for ufos man i hopped on that

77
00:03:04,309 --> 00:03:02,319
immediately um because

78
00:03:05,430 --> 00:03:04,319
you know you hear things over the years

79
00:03:06,710 --> 00:03:05,440
and when you're growing up about

80
00:03:08,470 --> 00:03:06,720
different people seeing different things

81
00:03:10,390 --> 00:03:08,480
in the sky and it's like you know this

82
00:03:12,390 --> 00:03:10,400
is interesting you know and i didn't

83
00:03:14,550 --> 00:03:12,400
have a sighting until a year after being

84
00:03:17,030 --> 00:03:14,560
a mufon field investigator so i didn't

85
00:03:19,509 --> 00:03:17,040
have no no sightings or experiences

86
00:03:21,750 --> 00:03:19,519
prior it was just more of the fact that

87
00:03:23,750 --> 00:03:21,760
i was interested in the subject and

88
00:03:25,589 --> 00:03:23,760

heard about this and took the classes

89

00:03:27,110 --> 00:03:25,599

and the training and and found that i

90

00:03:29,030 --> 00:03:27,120

could be an investigator to help other

91

00:03:30,949 --> 00:03:29,040

people in a different way so it kind of

92

00:03:32,710 --> 00:03:30,959

all falls in line you know

93

00:03:34,390 --> 00:03:32,720

right and what was that experience that

94

00:03:36,309 --> 00:03:34,400

you had once you became a field

95

00:03:37,830 --> 00:03:36,319

investigator was that part of the case

96

00:03:39,030 --> 00:03:37,840

or was it something that that happened

97

00:03:40,710 --> 00:03:39,040

to you uh

98

00:03:43,350 --> 00:03:40,720

on offhand

99

00:03:45,750 --> 00:03:43,360

so um i was really into the subject i

100

00:03:48,470 --> 00:03:45,760

believe that it's happening um i live

101
00:03:50,070 --> 00:03:48,480
with my father and he was real skeptic

102
00:03:52,070 --> 00:03:50,080
about this kind of stuff and we were

103
00:03:53,830 --> 00:03:52,080
actually driving i think it was a year

104
00:03:55,190 --> 00:03:53,840
year and a half after i had joined mufon

105
00:03:56,550 --> 00:03:55,200
and became a certified field

106
00:03:58,630 --> 00:03:56,560
investigator

107
00:04:00,390 --> 00:03:58,640
that we were driving in the city and he

108
00:04:03,110 --> 00:04:00,400
actually seen some objects in the sky

109
00:04:05,270 --> 00:04:03,120
and pointed it out to me um it was four

110
00:04:06,869 --> 00:04:05,280
gold objects flying in like a two and

111
00:04:07,750 --> 00:04:06,879
two formation behind each other like

112
00:04:09,509 --> 00:04:07,760
this

113
00:04:11,429 --> 00:04:09,519

um and then they formed into a single

114

00:04:14,229 --> 00:04:11,439

file and disappeared one at a time i

115

00:04:15,910 --> 00:04:14,239

actually have two still shoulders of it

116

00:04:17,270 --> 00:04:15,920

to show people that we actually seen

117

00:04:19,590 --> 00:04:17,280

something in the sky that day and that

118

00:04:21,349 --> 00:04:19,600

made him a believer as well as me

119

00:04:23,189 --> 00:04:21,359

um and i actually had some electrical

120

00:04:25,909 --> 00:04:23,199

malfunctions occur on my cell phone that

121

00:04:28,310 --> 00:04:25,919

day um you know why i was trying to take

122

00:04:29,830 --> 00:04:28,320

video of it i had a brand new phone

123

00:04:30,710 --> 00:04:29,840

probably only a month a month and a half

124

00:04:33,030 --> 00:04:30,720

old

125

00:04:34,310 --> 00:04:33,040

um and i tried to take some video and i

126

00:04:35,830 --> 00:04:34,320

don't know if you've seen skinwalker

127

00:04:38,469 --> 00:04:35,840

ranch where the phone kind of does that

128

00:04:41,189 --> 00:04:38,479

weird stuff and it does things by itself

129

00:04:42,870 --> 00:04:41,199

well that's exactly what happened and

130

00:04:45,110 --> 00:04:42,880

you know we finally hit a stoplight and

131

00:04:47,590 --> 00:04:45,120

they continued to go and the phone

132

00:04:49,189 --> 00:04:47,600

clicked back on um but i had seen the

133

00:04:50,870 --> 00:04:49,199

first object and the second one

134

00:04:52,469 --> 00:04:50,880

disappeared just like that they didn't

135

00:04:55,270 --> 00:04:52,479

fly off they didn't zoom away they

136

00:04:57,189 --> 00:04:55,280

didn't land um just gone um and i was

137

00:04:59,670 --> 00:04:57,199

lucky to get the two still photos of the

138

00:05:01,909 --> 00:04:59,680

last two objects in the sky

139

00:05:03,830 --> 00:05:01,919

and that made him a believer

140

00:05:05,590 --> 00:05:03,840

um and he was kind of blown i mean he's

141

00:05:07,029 --> 00:05:05,600

60 something years old he's never seen

142

00:05:09,430 --> 00:05:07,039

something like that in his entire life

143

00:05:11,189 --> 00:05:09,440

and my training um west wisconsin

144

00:05:13,350 --> 00:05:11,199

military all that i've never seen like

145

00:05:15,189 --> 00:05:13,360

that myself so it kind of it was

146

00:05:17,510 --> 00:05:15,199

mind-blowing you know it kind of opened

147

00:05:19,430 --> 00:05:17,520

up both of our eyes the whole subject

148

00:05:21,270 --> 00:05:19,440

and also because you know sometimes you

149

00:05:22,390 --> 00:05:21,280

get that as a mufon field investigator

150

00:05:23,909 --> 00:05:22,400

or somebody says you know i tried to

151

00:05:25,909 --> 00:05:23,919

take pictures with my phone my phone

152

00:05:28,629 --> 00:05:25,919

wouldn't work this actually happened to

153

00:05:30,550 --> 00:05:28,639

you so that puts you in you know some of

154

00:05:33,029 --> 00:05:30,560

these people's shoes

155

00:05:34,950 --> 00:05:33,039

and be able to say i totally understand

156

00:05:37,270 --> 00:05:34,960

that that happened to me myself right so

157

00:05:39,189 --> 00:05:37,280

it kind of gives you that little edge

158

00:05:40,950 --> 00:05:39,199

to your investigations as well

159

00:05:41,990 --> 00:05:40,960

absolutely and i think people feel more

160

00:05:43,749 --> 00:05:42,000

comfortable

161

00:05:45,430 --> 00:05:43,759

um dealing with someone that has had a

162

00:05:47,350 --> 00:05:45,440

sighting rather than someone that hasn't

163

00:05:49,350 --> 00:05:47,360

they kind of get that that understanding

164

00:05:51,350 --> 00:05:49,360

with each other so they feel a lot more

165

00:05:52,870 --> 00:05:51,360

comfortable saying that oh you've seen

166

00:05:54,790 --> 00:05:52,880

something too so i'm not alone because

167

00:05:56,550 --> 00:05:54,800

the first thing most of our clients and

168

00:05:57,749 --> 00:05:56,560

people have before cases the first thing

169

00:05:59,990 --> 00:05:57,759

they say is you're going to think i'm

170

00:06:01,510 --> 00:06:00,000

crazy you know that's the first thing

171

00:06:02,629 --> 00:06:01,520

out of every one of their mouths i mean

172

00:06:04,150 --> 00:06:02,639

i haven't heard

173

00:06:05,350 --> 00:06:04,160

it's crazy so

174

00:06:07,029 --> 00:06:05,360

and then once you tell them that you've

175

00:06:08,629 --> 00:06:07,039

seen something as well they kind of that

176

00:06:09,990 --> 00:06:08,639

comfort level sets in and they're like

177

00:06:11,830 --> 00:06:10,000

okay now i'm talking to somebody that

178

00:06:14,150 --> 00:06:11,840

knows what i'm what i've seen

179

00:06:16,070 --> 00:06:14,160

right you have any really notable cases

180

00:06:18,309 --> 00:06:16,080

of like people that have seen things you

181

00:06:20,390 --> 00:06:18,319

eliminated all the the what you know

182

00:06:22,309 --> 00:06:20,400

could be this could be that you know

183

00:06:23,909 --> 00:06:22,319

definitely what it wasn't but do you

184

00:06:25,430 --> 00:06:23,919

have any really like notable cases of

185

00:06:27,670 --> 00:06:25,440

stuff that people saw that just kind of

186

00:06:29,510 --> 00:06:27,680

blew your mind as an investigator

187

00:06:32,390 --> 00:06:29,520

yeah there's a case i'm actually working

188

00:06:33,749 --> 00:06:32,400

on now um there was this uh the witness

189

00:06:35,590 --> 00:06:33,759

was with her friend and they were

190

00:06:37,189 --> 00:06:35,600

remodeling houses

191

00:06:38,790 --> 00:06:37,199

and they were doing this overnight and

192

00:06:39,749 --> 00:06:38,800

they were sitting on the roof about 3

193

00:06:42,230 --> 00:06:39,759

a.m

194

00:06:44,230 --> 00:06:42,240

and where they were there was a facility

195

00:06:46,390 --> 00:06:44,240

that deals with nuclear

196

00:06:48,629 --> 00:06:46,400

nuclear contents and they seen this

197

00:06:51,670 --> 00:06:48,639

object come from that area and actually

198

00:06:53,510 --> 00:06:51,680

fly 20 to 30 feet over their head

199

00:06:56,870 --> 00:06:53,520

now in the area i did find that there

200

00:06:58,629 --> 00:06:56,880

was three different uh drone um

201
00:06:59,990 --> 00:06:58,639
corporations around them so i wanted to

202
00:07:02,469 --> 00:07:00,000
check with them and make sure that they

203
00:07:04,469 --> 00:07:02,479
weren't flying nothing at the night and

204
00:07:06,469 --> 00:07:04,479
make sure you know nothing that size

205
00:07:08,309 --> 00:07:06,479
could be possibly coming from them and

206
00:07:10,790 --> 00:07:08,319
they said they don't fly nothing over 30

207
00:07:13,189 --> 00:07:10,800
feet so and this object they said was at

208
00:07:15,110 --> 00:07:13,199
least 300 feet wide it was a large

209
00:07:16,710 --> 00:07:15,120
object that flew right over top of them

210
00:07:19,350 --> 00:07:16,720
and then also coming from a nuclear

211
00:07:21,029 --> 00:07:19,360
facility we hear that a lot robert salas

212
00:07:23,029 --> 00:07:21,039
um if you know the name

213
00:07:24,710 --> 00:07:23,039

and uh so this was extremely interesting

214

00:07:26,230 --> 00:07:24,720

to me i'm still working on it at the

215

00:07:28,550 --> 00:07:26,240

time right now

216

00:07:31,029 --> 00:07:28,560

so it's it's it's crazy the things that

217

00:07:32,790 --> 00:07:31,039

people are seeing out there you know

218

00:07:35,189 --> 00:07:32,800

especially around nuclear facilities

219

00:07:37,990 --> 00:07:35,199

there tends to be a lot of sightings

220

00:07:40,469 --> 00:07:38,000

even here in canada we've recently had

221

00:07:42,150 --> 00:07:40,479

some politicians like larry mcguire

222

00:07:44,629 --> 00:07:42,160

point that out that we you know don't

223

00:07:46,150 --> 00:07:44,639

have that much nuclear

224

00:07:48,150 --> 00:07:46,160

power stations or anything like that in

225

00:07:50,309 --> 00:07:48,160

canada but the ones that we do have seem

226

00:07:52,070 --> 00:07:50,319

to have some sightings quite a bit

227

00:07:53,909 --> 00:07:52,080

and the mines the mine seems to be

228

00:07:56,309 --> 00:07:53,919

another area where like

229

00:07:58,230 --> 00:07:56,319

there's a lot of sightings there as well

230

00:08:00,150 --> 00:07:58,240

a lot of the miners see them the

231

00:08:01,270 --> 00:08:00,160

truckers that go from you know that

232

00:08:03,670 --> 00:08:01,280

bring the

233

00:08:05,510 --> 00:08:03,680

debris or whatever over uh to another

234

00:08:06,869 --> 00:08:05,520

location they see them all the time as

235

00:08:08,950 --> 00:08:06,879

well so there's definitely something

236

00:08:12,070 --> 00:08:08,960

between the nuclear powers

237

00:08:13,749 --> 00:08:12,080

minings and now water as we know uh is

238

00:08:15,909 --> 00:08:13,759

another huge contributor to these

239

00:08:17,350 --> 00:08:15,919

sightings as well basically everywhere

240

00:08:18,710 --> 00:08:17,360

let's just say these things are

241

00:08:20,550 --> 00:08:18,720

everywhere right

242

00:08:23,430 --> 00:08:20,560

but it's just interesting to hear that

243

00:08:25,670 --> 00:08:23,440

uh it's another nuclear facility that

244

00:08:28,469 --> 00:08:25,680

this item took place and 300 feet that

245

00:08:30,550 --> 00:08:28,479

is a massive large yeah that's a massive

246

00:08:31,990 --> 00:08:30,560

craft that's not small and there's no

247

00:08:33,350 --> 00:08:32,000

way if that was a drone that thing would

248

00:08:35,670 --> 00:08:33,360

be loud

249

00:08:37,509 --> 00:08:35,680

right because even the small drones are

250

00:08:39,350 --> 00:08:37,519

ridiculously loud right and that's what

251
00:08:41,990 --> 00:08:39,360
she said when she reported the case said

252
00:08:43,990 --> 00:08:42,000
it was extremely silent yeah um and she

253
00:08:46,550 --> 00:08:44,000
didn't have she said she had a sense of

254
00:08:48,230 --> 00:08:46,560
calmness when it happened actually uh

255
00:08:50,389 --> 00:08:48,240
most people would be in fear but we know

256
00:08:52,790 --> 00:08:50,399
these things can kind of like uh

257
00:08:54,870 --> 00:08:52,800
manipulate our feelings in a sense we've

258
00:08:56,310 --> 00:08:54,880
heard that a lot of different cases so

259
00:08:57,990 --> 00:08:56,320
it was extremely interesting here in a

260
00:08:59,350 --> 00:08:58,000
nuclear facility that that that

261
00:09:01,430 --> 00:08:59,360
immediately caught my eye and then

262
00:09:03,590 --> 00:09:01,440
having that calmness with that large of

263
00:09:04,949 --> 00:09:03,600

an object flying only 20 to 30 feet

264

00:09:06,790 --> 00:09:04,959

above you i mean

265

00:09:08,870 --> 00:09:06,800

that whole thing is it's it's

266

00:09:10,710 --> 00:09:08,880

interesting think of it was a helicopter

267

00:09:12,710 --> 00:09:10,720

that was 30 feet above you you wouldn't

268

00:09:15,190 --> 00:09:12,720

even be able to stand underneath it from

269

00:09:16,790 --> 00:09:15,200

the wind like you see helicopters land

270

00:09:19,509 --> 00:09:16,800

people are trying not to get their eyes

271

00:09:21,829 --> 00:09:19,519

torn out by shrapnel it's a violent

272

00:09:24,870 --> 00:09:21,839

thing there's a lot of air being moved

273

00:09:27,829 --> 00:09:24,880

so talk about something 300 feet

274

00:09:30,710 --> 00:09:27,839

silent noiseless windless

275

00:09:32,389 --> 00:09:30,720

that's that's a lot to try to digest

276

00:09:34,870 --> 00:09:32,399

right and the fact that these things can

277

00:09:36,630 --> 00:09:34,880

manipulate our feelings like that any

278

00:09:38,389 --> 00:09:36,640

normal person would be you know you

279

00:09:40,230 --> 00:09:38,399

you'd be having fear you wouldn't know

280

00:09:42,070 --> 00:09:40,240

what was happening to you but she said

281

00:09:44,070 --> 00:09:42,080

her and her friend were completely calm

282

00:09:45,829 --> 00:09:44,080

they didn't they didn't panic um they

283

00:09:47,509 --> 00:09:45,839

just sat there and kind of like an awe

284

00:09:49,350 --> 00:09:47,519

like this is this is they're they're

285

00:09:51,990 --> 00:09:49,360

making us feel like this is okay to

286

00:09:53,590 --> 00:09:52,000

happen um so you know we kind of look

287

00:09:55,670 --> 00:09:53,600

into that kind of stuff too and

288

00:09:57,910 --> 00:09:55,680

especially being a part of the mufon ert

289

00:09:59,990 --> 00:09:57,920

which is the experiential resource team

290

00:10:01,990 --> 00:10:00,000

i work with experiences on a daily basis

291

00:10:03,350 --> 00:10:02,000

and kind of work as a counselor and work

292

00:10:06,150 --> 00:10:03,360

them through the process of their

293

00:10:08,870 --> 00:10:06,160

experiences and uh i hear that over and

294

00:10:11,910 --> 00:10:08,880

over again that during experiences these

295

00:10:14,790 --> 00:10:11,920

et beings or whatever it is is making

296

00:10:16,389 --> 00:10:14,800

them feel calm during these experiences

297

00:10:17,990 --> 00:10:16,399

yes the threat narrative jay you're

298

00:10:19,910 --> 00:10:18,000

always talking about it you don't see it

299

00:10:21,509 --> 00:10:19,920

as a threat but you've had other people

300

00:10:22,870 --> 00:10:21,519

say well hey wait a minute something

301
00:10:24,310 --> 00:10:22,880
comes to your house takes you out of

302
00:10:26,150 --> 00:10:24,320
your property does what they want with

303
00:10:27,030 --> 00:10:26,160
you brings you back or don't bring you

304
00:10:28,550 --> 00:10:27,040
back

305
00:10:31,110 --> 00:10:28,560
is that not a threat if that happened

306
00:10:33,430 --> 00:10:31,120
under any other circumstances but yet

307
00:10:35,030 --> 00:10:33,440
most times it's a benevolent feeling you

308
00:10:37,030 --> 00:10:35,040
know we interviewed randall nickerson

309
00:10:39,670 --> 00:10:37,040
who made that aerial phenomenon movie

310
00:10:41,670 --> 00:10:39,680
about the school sighting in africa and

311
00:10:43,750 --> 00:10:41,680
all the kids even though it was a mass

312
00:10:45,430 --> 00:10:43,760
sighting they all had a one-on-one

313
00:10:47,509 --> 00:10:45,440

experience with that entity they felt

314

00:10:49,910 --> 00:10:47,519

like they were directly communicating

315

00:10:52,150 --> 00:10:49,920

not as a group but one-on-one

316

00:10:53,430 --> 00:10:52,160

so i mean it just gets it gets crazier

317

00:10:55,350 --> 00:10:53,440

the more information you get on this

318

00:10:57,030 --> 00:10:55,360

kind of stuff right and how they how

319

00:10:57,910 --> 00:10:57,040

they actually communicate with us and

320

00:10:59,590 --> 00:10:57,920

it's

321

00:11:01,750 --> 00:10:59,600

when you get into it for us it seems

322

00:11:03,350 --> 00:11:01,760

like just another interesting story but

323

00:11:05,430 --> 00:11:03,360

people kind of on the outside world of

324

00:11:07,910 --> 00:11:05,440

this field they still have a hard time

325

00:11:09,509 --> 00:11:07,920

with the abduction phenomenon for sure

326

00:11:11,110 --> 00:11:09,519

especially with kids like if you think

327

00:11:13,269 --> 00:11:11,120

about the kids and experiences that they

328

00:11:13,990 --> 00:11:13,279

have you were talking about the aerial

329

00:11:16,630 --> 00:11:14,000

one

330

00:11:19,269 --> 00:11:16,640

i have two kids you know 10 and 12. i

331

00:11:20,790 --> 00:11:19,279

can't talk to them both at the same time

332

00:11:22,310 --> 00:11:20,800

you know the minute i talk to one the

333

00:11:24,069 --> 00:11:22,320

other one's not paying attention or if

334

00:11:25,350 --> 00:11:24,079

i'm trying to get them both like who did

335

00:11:27,670 --> 00:11:25,360

this and they're both not paying

336

00:11:30,150 --> 00:11:27,680

attention it's a matter that this little

337

00:11:32,550 --> 00:11:30,160

entity was able to get 60 school kids to

338

00:11:35,030 --> 00:11:32,560

pay attention to what it was saying

339

00:11:36,949 --> 00:11:35,040

yeah each on an individual level that

340

00:11:38,630 --> 00:11:36,959

you know that and they took messages

341

00:11:40,630 --> 00:11:38,640

away with them they felt some of them

342

00:11:42,550 --> 00:11:40,640

felt like it was a warning for the

343

00:11:44,550 --> 00:11:42,560

planet some of them felt like they were

344

00:11:46,870 --> 00:11:44,560

being invited to go with them so they

345

00:11:48,630 --> 00:11:46,880

all had unique experiences but they

346

00:11:50,230 --> 00:11:48,640

didn't feel like they all got the same

347

00:11:52,710 --> 00:11:50,240

message or they didn't feel like an

348

00:11:54,389 --> 00:11:52,720

audience to this thing they felt like a

349

00:11:56,470 --> 00:11:54,399

one-on-one and they each had a

350

00:11:59,430 --> 00:11:56,480

one-on-one i think it was 60 plus kids

351

00:12:01,750 --> 00:11:59,440

that all went through that at once right

352

00:12:03,829 --> 00:12:01,760

yeah president did a great job reporting

353

00:12:06,150 --> 00:12:03,839

on that uh he wrote a couple a couple

354

00:12:08,470 --> 00:12:06,160

books with these schoolyard sightings um

355

00:12:10,470 --> 00:12:08,480

and he got real in depth with it um i i

356

00:12:12,710 --> 00:12:10,480

actually interviewed them on my show and

357

00:12:14,310 --> 00:12:12,720

and uh the information these kids got

358

00:12:16,710 --> 00:12:14,320

and it still stands with them to this

359

00:12:18,150 --> 00:12:16,720

day it's it's it's it's built into their

360

00:12:20,069 --> 00:12:18,160

memory they'll never forget that kind of

361

00:12:22,790 --> 00:12:20,079

stuff you know and there was even one in

362

00:12:24,470 --> 00:12:22,800

um uh the uk as well there's been a few

363

00:12:26,949 --> 00:12:24,480

it's not like this is an isolated

364

00:12:28,710 --> 00:12:26,959

australia canada as well yeah yeah this

365

00:12:29,910 --> 00:12:28,720

has happened many times you know maybe

366

00:12:31,670 --> 00:12:29,920

they want to communicate with young

367

00:12:33,269 --> 00:12:31,680

people maybe the young people are less

368

00:12:35,350 --> 00:12:33,279

biased and more

369

00:12:37,509 --> 00:12:35,360

willing to absorb maybe they think hey

370

00:12:39,269 --> 00:12:37,519

if we want to get our message better

371

00:12:41,110 --> 00:12:39,279

indoctrinate the youth for the best

372

00:12:41,910 --> 00:12:41,120

chance of that right who knows

373

00:12:44,069 --> 00:12:41,920

yeah

374

00:12:45,509 --> 00:12:44,079

well even the uh the conflict that the

375

00:12:47,030 --> 00:12:45,519

kids had

376

00:12:48,790 --> 00:12:47,040

uh back in the day talking to the

377

00:12:50,629 --> 00:12:48,800

teachers about it or wanting to talk to

378

00:12:52,790 --> 00:12:50,639

their parents about it some of these

379

00:12:53,750 --> 00:12:52,800

parents were very fundamental christians

380

00:12:56,470 --> 00:12:53,760

so

381

00:12:58,150 --> 00:12:56,480

the the concept of uaps or visitation

382

00:13:00,310 --> 00:12:58,160

for instance especially at their kid's

383

00:13:01,509 --> 00:13:00,320

school was beyond them and they didn't

384

00:13:04,069 --> 00:13:01,519

want to address that and some of the

385

00:13:07,509 --> 00:13:04,079

kids ended up um getting

386

00:13:09,829 --> 00:13:07,519

ptsd because of it right uh was it emily

387

00:13:12,150 --> 00:13:09,839

in the movie yeah emily i think so yeah

388

00:13:13,990 --> 00:13:12,160

and she she went underwent like this big

389

00:13:15,910 --> 00:13:14,000

journey to try to figure out what the

390

00:13:18,310 --> 00:13:15,920

hell it all meant and she's still

391

00:13:19,990 --> 00:13:18,320

traumatized in a sense because of what

392

00:13:22,550 --> 00:13:20,000

happened right and they gave her that

393

00:13:25,829 --> 00:13:22,560

sense of closure so you know with

394

00:13:28,230 --> 00:13:25,839

some of these abductees at first

395

00:13:30,470 --> 00:13:28,240

it seems like the experience is

396

00:13:32,310 --> 00:13:30,480

traumatic when they first come back from

397

00:13:34,150 --> 00:13:32,320

it because obviously it's an alien

398

00:13:35,750 --> 00:13:34,160

experience it's not something that

399

00:13:38,470 --> 00:13:35,760

you're taking out of something that is

400

00:13:41,110 --> 00:13:38,480

common which is human build buildings to

401
00:13:43,350 --> 00:13:41,120
a craft that is not made by us

402
00:13:45,829 --> 00:13:43,360
to tables and entities that are not us

403
00:13:47,670 --> 00:13:45,839
uh you know that seems very

404
00:13:50,629 --> 00:13:47,680
scary but the fact is that you know i

405
00:13:52,629 --> 00:13:50,639
even heard uh jesse of people being

406
00:13:54,629 --> 00:13:52,639
tucked back into bed

407
00:13:56,470 --> 00:13:54,639
after they were brought back so have you

408
00:13:57,990 --> 00:13:56,480
had anything like that in your reports

409
00:14:00,230 --> 00:13:58,000
like have you had anybody

410
00:14:01,350 --> 00:14:00,240
get something that was overtly you could

411
00:14:03,910 --> 00:14:01,360
tell there was like some sort of

412
00:14:05,110 --> 00:14:03,920
compassion from these entities

413
00:14:06,470 --> 00:14:05,120

yeah i mean

414

00:14:08,069 --> 00:14:06,480

the first thing i think about when that

415

00:14:09,509 --> 00:14:08,079

hap when we talk about that kind of

416

00:14:11,670 --> 00:14:09,519

stuff is the betty and barney hill

417

00:14:14,310 --> 00:14:11,680

because she woke up with her dress put

418

00:14:16,310 --> 00:14:14,320

back on her um same with barney hill and

419

00:14:18,069 --> 00:14:16,320

yet she had some you know snips out of

420

00:14:19,509 --> 00:14:18,079

her dress some holes in her dress like

421

00:14:21,269 --> 00:14:19,519

something actually happened yeah and

422

00:14:22,470 --> 00:14:21,279

yeah we've we've had people that that

423

00:14:24,150 --> 00:14:22,480

talk about you know they're they're

424

00:14:26,629 --> 00:14:24,160

taken out of their bed they're flowing

425

00:14:28,790 --> 00:14:26,639

through walls um they remember being

426

00:14:30,310 --> 00:14:28,800

examined on a craft or some sort of

427

00:14:32,790 --> 00:14:30,320

something like that and then they're

428

00:14:35,750 --> 00:14:32,800

placed back in their bed and um usually

429

00:14:38,310 --> 00:14:35,760

clothes are just like betty had or on

430

00:14:39,750 --> 00:14:38,320

the wrong way or shirts upside down or

431

00:14:41,030 --> 00:14:39,760

inside out

432

00:14:42,790 --> 00:14:41,040

you hear that a lot with different

433

00:14:44,550 --> 00:14:42,800

people and it just shows that they kind

434

00:14:45,750 --> 00:14:44,560

of they're trying to make it so it's

435

00:14:48,230 --> 00:14:45,760

it's okay

436

00:14:49,910 --> 00:14:48,240

um you know so you get that a lot though

437

00:14:52,150 --> 00:14:49,920

when you're working with experiences on

438

00:14:54,389 --> 00:14:52,160

everyday basis and what made you want to

439

00:14:56,069 --> 00:14:54,399

work with the experimenter resource team

440

00:14:58,550 --> 00:14:56,079

like what pushed you towards that as

441

00:14:59,990 --> 00:14:58,560

well oh that's a separate thing in mufon

442

00:15:01,350 --> 00:15:00,000

there's like these different

443

00:15:04,150 --> 00:15:01,360

groups you can join within the

444

00:15:07,110 --> 00:15:04,160

organization so that one's very specific

445

00:15:09,030 --> 00:15:07,120

right now see i never had a ufo sighting

446

00:15:11,110 --> 00:15:09,040

prior to joining mufon but i've had

447

00:15:12,389 --> 00:15:11,120

experiences of weird things happen to me

448

00:15:13,750 --> 00:15:12,399

throughout my life

449

00:15:16,389 --> 00:15:13,760

and i'm actually learning more about

450

00:15:18,870 --> 00:15:16,399

that now as time goes on um every day

451
00:15:20,389 --> 00:15:18,880
i'm learning more new stuff about it um

452
00:15:22,550 --> 00:15:20,399
i've had things happen throughout my

453
00:15:25,189 --> 00:15:22,560
life that just kind of don't make sense

454
00:15:27,030 --> 00:15:25,199
and i guess ever since i joined mufon

455
00:15:28,790 --> 00:15:27,040
and started working with individuals

456
00:15:30,150 --> 00:15:28,800
interviewing people i started realizing

457
00:15:32,069 --> 00:15:30,160
that maybe these things that have

458
00:15:33,910 --> 00:15:32,079
happened to me aren't really

459
00:15:35,670 --> 00:15:33,920
what i thought it was um usually we

460
00:15:37,829 --> 00:15:35,680
think right away okay it's god looking

461
00:15:39,269 --> 00:15:37,839
over us or or that's how we relate to

462
00:15:42,150 --> 00:15:39,279
things because that's what we're taught

463
00:15:43,829 --> 00:15:42,160

right right um you know when i was young

464

00:15:47,269 --> 00:15:43,839

um i think i was like three or four

465

00:15:49,590 --> 00:15:47,279

years old um and somehow i slept walk up

466

00:15:51,110 --> 00:15:49,600

in our top apartment third floor um

467

00:15:53,749 --> 00:15:51,120

unlocked our door which i could not

468

00:15:55,749 --> 00:15:53,759

reach at the time and i was downstairs

469

00:15:57,350 --> 00:15:55,759

uh knocking on my cousin's door at on

470

00:15:59,030 --> 00:15:57,360

the second floor and the next thing i

471

00:16:00,710 --> 00:15:59,040

know i'm waking up on the couch watching

472

00:16:01,749 --> 00:16:00,720

tv with my cousin at three a.m in the

473

00:16:04,470 --> 00:16:01,759

morning

474

00:16:06,949 --> 00:16:04,480

um and this this this completely you

475

00:16:09,749 --> 00:16:06,959

know i'm thinking okay i just slept walk

476

00:16:12,069 --> 00:16:09,759

um but i was not able to reach the locks

477

00:16:13,670 --> 00:16:12,079

from the door and even when my parents

478

00:16:15,110 --> 00:16:13,680

said that they're like oh you must have

479

00:16:17,110 --> 00:16:15,120

just somehow did it you know and that's

480

00:16:18,870 --> 00:16:17,120

kind of how we just shoved it off

481

00:16:20,790 --> 00:16:18,880

um so things like that and even when i

482

00:16:22,150 --> 00:16:20,800

was uh you know i'm in the process of

483

00:16:23,590 --> 00:16:22,160

writing a book right now for philip

484

00:16:26,150 --> 00:16:23,600

mantle and flying this press and i'm

485

00:16:27,910 --> 00:16:26,160

kind of going through all my um

486

00:16:29,590 --> 00:16:27,920

experiences i've had when i was young

487

00:16:31,189 --> 00:16:29,600

but also another one is you know when i

488

00:16:33,749 --> 00:16:31,199

looked for santa claus when i was two or

489

00:16:35,430 --> 00:16:33,759

three years old um you know on christmas

490

00:16:36,949 --> 00:16:35,440

eve we if we were going to or from a

491

00:16:38,870 --> 00:16:36,959

family's member's house we'd always look

492

00:16:41,269 --> 00:16:38,880

up in the sky and see if we seen santa

493

00:16:43,509 --> 00:16:41,279

flying um you know going to other kids

494

00:16:45,269 --> 00:16:43,519

houses and there was a moment when we

495

00:16:47,509 --> 00:16:45,279

were parked at a stop play and i seen a

496

00:16:49,990 --> 00:16:47,519

light come out of the sky and my parents

497

00:16:52,550 --> 00:16:50,000

seen it as well and it was really odd it

498

00:16:54,710 --> 00:16:52,560

didn't have the normal faa uh standard

499

00:16:56,230 --> 00:16:54,720

lights with the red and green um it was

500

00:16:58,230 --> 00:16:56,240

just a white light and it came down it

501
00:16:59,990 --> 00:16:58,240
got larger and blew up like this went

502
00:17:01,350 --> 00:17:00,000
back up in the sky and came back down

503
00:17:02,550 --> 00:17:01,360
again and then went back up and

504
00:17:03,910 --> 00:17:02,560
disappeared

505
00:17:05,909 --> 00:17:03,920
um so these are the things that i'm

506
00:17:07,669 --> 00:17:05,919
finding out happening and then you know

507
00:17:09,669 --> 00:17:07,679
um probably

508
00:17:11,990 --> 00:17:09,679
right before i joined mufon i had a

509
00:17:14,630 --> 00:17:12,000
major experience in my room had a remote

510
00:17:17,909 --> 00:17:14,640
viewed um i had information given to me

511
00:17:20,150 --> 00:17:17,919
about what it might have been um uh i

512
00:17:21,270 --> 00:17:20,160
was supposedly uh portals opened up in

513
00:17:22,870 --> 00:17:21,280

my room

514

00:17:25,029 --> 00:17:22,880

um and something came to me and it's

515

00:17:27,350 --> 00:17:25,039

trying to show me a location which was

516

00:17:30,710 --> 00:17:27,360

described as a hill or a mountain with a

517

00:17:32,870 --> 00:17:30,720

river or a lake at the bottom of it

518

00:17:34,870 --> 00:17:32,880

and i have no idea what this means and

519

00:17:36,310 --> 00:17:34,880

this is what what i've been woken up in

520

00:17:38,549 --> 00:17:36,320

the middle of night multiple times i

521

00:17:40,470 --> 00:17:38,559

bring my cat in my room with me um

522

00:17:43,029 --> 00:17:40,480

during during this event that was

523

00:17:45,110 --> 00:17:43,039

happening during a couple week period

524

00:17:47,110 --> 00:17:45,120

and my cat would always see things in

525

00:17:48,470 --> 00:17:47,120

the room and i'd be sitting there on my

526

00:17:50,310 --> 00:17:48,480

battery in a book and she'd be at the

527

00:17:52,150 --> 00:17:50,320

bottom of my bed watching things happen

528

00:17:54,549 --> 00:17:52,160

and they say animals can see things on a

529

00:17:57,590 --> 00:17:54,559

different frequency than what humans can

530

00:17:59,350 --> 00:17:57,600

see dogs cats you know and and she was

531

00:18:01,510 --> 00:17:59,360

obviously watching something moving

532

00:18:03,029 --> 00:18:01,520

around so i kind of

533

00:18:05,110 --> 00:18:03,039

told some people that i was involved

534

00:18:06,150 --> 00:18:05,120

with time you know and let them know and

535

00:18:08,230 --> 00:18:06,160

they said well maybe you're having

536

00:18:09,270 --> 00:18:08,240

experiences so just pay attention a

537

00:18:11,190 --> 00:18:09,280

little more

538

00:18:12,630 --> 00:18:11,200

and uh so every night i allowed the cat

539

00:18:14,549 --> 00:18:12,640

to come into my room and she would see

540

00:18:16,390 --> 00:18:14,559

these things walking around and it's

541

00:18:18,789 --> 00:18:16,400

like as if somebody was walking in my

542

00:18:20,630 --> 00:18:18,799

room from the same area that the remote

543

00:18:23,350 --> 00:18:20,640

viewer told me this portal was and i

544

00:18:24,950 --> 00:18:23,360

never described my room for the remote

545

00:18:26,150 --> 00:18:24,960

viewers so everything kind of clicked

546

00:18:27,990 --> 00:18:26,160

into place

547

00:18:30,150 --> 00:18:28,000

and it was real strange because you know

548

00:18:32,150 --> 00:18:30,160

i didn't believe in viewing and all that

549

00:18:33,029 --> 00:18:32,160

and until it happened it kind of blew my

550

00:18:34,710 --> 00:18:33,039

mind

551

00:18:36,870 --> 00:18:34,720

and she described this being as

552

00:18:38,789 --> 00:18:36,880

something that she has never seen before

553

00:18:40,710 --> 00:18:38,799

um her name is margie k she's actually

554

00:18:43,350 --> 00:18:40,720

the assistant state director for mufon

555

00:18:45,029 --> 00:18:43,360

in missouri and she does remote viewing

556

00:18:47,350 --> 00:18:45,039

and she told me this being was probably

557

00:18:48,390 --> 00:18:47,360

about eight feet tall long arms long

558

00:18:49,750 --> 00:18:48,400

fingers

559

00:18:52,390 --> 00:18:49,760

um and was just trying to get my

560

00:18:54,070 --> 00:18:52,400

attention to show me this place

561

00:18:55,909 --> 00:18:54,080

and that's the information i was given

562

00:18:57,270 --> 00:18:55,919

and ever since then i've kind of been on

563

00:18:59,190 --> 00:18:57,280

this this

564

00:19:01,430 --> 00:18:59,200

i don't whatever you want to call it

565

00:19:03,270 --> 00:19:01,440

trying to figure out what this is

566

00:19:05,909 --> 00:19:03,280

and during that time

567

00:19:07,669 --> 00:19:05,919

between then and now i've had dreams of

568

00:19:08,950 --> 00:19:07,679

being at this place but each dream is

569

00:19:11,430 --> 00:19:08,960

different

570

00:19:13,510 --> 00:19:11,440

one time i'll be back in in military in

571

00:19:15,750 --> 00:19:13,520

the military training and we'll be doing

572

00:19:17,430 --> 00:19:15,760

type rope over the river um coming from

573

00:19:19,669 --> 00:19:17,440

the mountain where i'll be in another

574

00:19:21,350 --> 00:19:19,679

dream with my family on on the side of

575

00:19:22,870 --> 00:19:21,360

the river with the mountain there

576

00:19:25,029 --> 00:19:22,880

camping with my family like we used to

577

00:19:26,710 --> 00:19:25,039

do back in the day and i still haven't

578

00:19:28,310 --> 00:19:26,720

been able to figure out exactly what

579

00:19:29,990 --> 00:19:28,320

they're trying to show me

580

00:19:32,710 --> 00:19:30,000

um so i've had and then i've had some

581

00:19:34,549 --> 00:19:32,720

stuff recently happen to me um about

582

00:19:36,150 --> 00:19:34,559

four nights ago i was

583

00:19:38,710 --> 00:19:36,160

i couldn't tell if i was dreaming if it

584

00:19:40,230 --> 00:19:38,720

was real so i keep a journal i always

585

00:19:41,669 --> 00:19:40,240

keep a journal and try to remember

586

00:19:43,190 --> 00:19:41,679

everything that happens to me so i can

587

00:19:45,590 --> 00:19:43,200

put it in place

588

00:19:47,270 --> 00:19:45,600

and i was being pulled out of bed either

589

00:19:48,150 --> 00:19:47,280

in a dream where it was real i could not

590

00:19:50,630 --> 00:19:48,160

tell

591

00:19:52,310 --> 00:19:50,640

um by my leg at one point and i find

592

00:19:54,630 --> 00:19:52,320

myself on the floor and have to wake up

593

00:19:56,870 --> 00:19:54,640

and get back on the bed um same thing

594

00:19:58,789 --> 00:19:56,880

with my arm might be pulled off the bed

595

00:20:00,870 --> 00:19:58,799

um so i'm trying to figure all this out

596

00:20:02,310 --> 00:20:00,880

and it's it's it's a crazy event that's

597

00:20:03,510 --> 00:20:02,320

happened to me and i really don't know

598

00:20:05,830 --> 00:20:03,520

what it's about

599

00:20:08,390 --> 00:20:05,840

um so that's kind of what made me get

600

00:20:10,310 --> 00:20:08,400

into the ert field because um it's a lot

601
00:20:12,710 --> 00:20:10,320
of the same stuff that these experiences

602
00:20:14,230 --> 00:20:12,720
are experiencing that i'm experiencing

603
00:20:16,549 --> 00:20:14,240
and i kind of want to get to the bottom

604
00:20:18,470 --> 00:20:16,559
of it in a sense you know yeah well it's

605
00:20:20,549 --> 00:20:18,480
kind of the same thing as the skinwalker

606
00:20:23,270 --> 00:20:20,559
ranch there's like a

607
00:20:25,029 --> 00:20:23,280
hitchhiker effect to it and i'm almost

608
00:20:27,029 --> 00:20:25,039
wondering because you're involved in so

609
00:20:28,789 --> 00:20:27,039
many cases with mufon if you haven't

610
00:20:30,950 --> 00:20:28,799
picked up a hitchhiker

611
00:20:32,470 --> 00:20:30,960
type effect uh that comes along with

612
00:20:35,270 --> 00:20:32,480
this because obviously if it's taken

613
00:20:37,350 --> 00:20:35,280

place in skinwalker and people that work

614

00:20:38,950 --> 00:20:37,360

on skinwalker including you know george

615

00:20:41,110 --> 00:20:38,960

and calm keller who are saying look

616

00:20:42,870 --> 00:20:41,120

we've had stuff come back

617

00:20:44,230 --> 00:20:42,880

with us like weird events have taken

618

00:20:46,470 --> 00:20:44,240

place at home because we've been

619

00:20:48,070 --> 00:20:46,480

investigating this location

620

00:20:49,750 --> 00:20:48,080

could be that it's something similar to

621

00:20:51,510 --> 00:20:49,760

somebody who's getting you know more and

622

00:20:53,990 --> 00:20:51,520

more involved into investigating into

623

00:20:56,549 --> 00:20:54,000

this pick up some sort of hitchhiker

624

00:20:58,470 --> 00:20:56,559

effect right so right yeah i'm just and

625

00:21:00,149 --> 00:20:58,480

i've had people tell me that you know

626

00:21:02,230 --> 00:21:00,159

they're saying hey jesse you realize

627

00:21:03,909 --> 00:21:02,240

that you jumped in first you're

628

00:21:06,310 --> 00:21:03,919

investigating sightings for people

629

00:21:07,590 --> 00:21:06,320

you're you're you're getting involved in

630

00:21:09,669 --> 00:21:07,600

other ways too

631

00:21:11,270 --> 00:21:09,679

um and they might see your frequency or

632

00:21:13,029 --> 00:21:11,280

your antenna up and they might be

633

00:21:15,029 --> 00:21:13,039

jumping on you because you're open to

634

00:21:16,470 --> 00:21:15,039

this right um so i've had many people

635

00:21:19,029 --> 00:21:16,480

tell me that which is

636

00:21:20,390 --> 00:21:19,039

you're telling me now too so yeah i

637

00:21:22,149 --> 00:21:20,400

found it really interesting when we

638

00:21:24,310 --> 00:21:22,159

interviewed george knapp and colin

639

00:21:26,390 --> 00:21:24,320

kelleher but mainly george knapp because

640

00:21:28,789 --> 00:21:26,400

he's been a nuts and bolts ufo guy for

641

00:21:30,470 --> 00:21:28,799

decades like since the 80s and then you

642

00:21:32,230 --> 00:21:30,480

know getting into different areas of

643

00:21:34,630 --> 00:21:32,240

things starts researching skinwalker

644

00:21:36,470 --> 00:21:34,640

ranch next thing you know his own mind

645

00:21:39,990 --> 00:21:36,480

is blown because he's like it's not just

646

00:21:42,549 --> 00:21:40,000

ufos it we're talking cryptids bigfoot

647

00:21:44,630 --> 00:21:42,559

you know blue orbs in the sky portals

648

00:21:46,870 --> 00:21:44,640

changes in temperature poltergeist

649

00:21:49,110 --> 00:21:46,880

activity it's like everything all at

650

00:21:51,430 --> 00:21:49,120

once and now there's nobody knows if

651
00:21:53,750 --> 00:21:51,440
they're connected are these things just

652
00:21:55,430 --> 00:21:53,760
one of many things that go on or bump in

653
00:21:57,510 --> 00:21:55,440
the night kind of thing or is there some

654
00:21:59,510 --> 00:21:57,520
kind of connection so the closer we

655
00:22:00,789 --> 00:21:59,520
thought we were getting to the answer

656
00:22:03,270 --> 00:22:00,799
now it's just getting more and more

657
00:22:04,630 --> 00:22:03,280
abstract and deeper down the rabbit hole

658
00:22:06,630 --> 00:22:04,640
and it's becoming

659
00:22:08,149 --> 00:22:06,640
increasingly difficult to wrap your mind

660
00:22:11,350 --> 00:22:08,159
around like what the hell is actually

661
00:22:12,710 --> 00:22:11,360
going on yeah yeah absolutely i agree

662
00:22:13,990 --> 00:22:12,720
completely

663
00:22:17,110 --> 00:22:14,000

that's why it bugs me whenever you see

664

00:22:19,110 --> 00:22:17,120

an article and it says ufo expert says

665

00:22:21,270 --> 00:22:19,120

yeah and i hate that like we're all

666

00:22:22,470 --> 00:22:21,280

students of this there's no ufo expert

667

00:22:24,470 --> 00:22:22,480

there's nobody's gonna kind of come out

668

00:22:27,590 --> 00:22:24,480

that has all the answers right yeah

669

00:22:29,669 --> 00:22:27,600

nobody no even the organization move on

670

00:22:31,909 --> 00:22:29,679

i mean we're just we're all students all

671

00:22:33,830 --> 00:22:31,919

we're doing is taking down the data

672

00:22:35,590 --> 00:22:33,840

uh you know capturing what we can

673

00:22:37,830 --> 00:22:35,600

capture and then try you know to

674

00:22:39,270 --> 00:22:37,840

eliminate what it could be that's that's

675

00:22:41,510 --> 00:22:39,280

the problem and some people don't know

676

00:22:43,430 --> 00:22:41,520

that the bulk of our job is to say you

677

00:22:44,870 --> 00:22:43,440

know was it a celestial object were you

678

00:22:46,390 --> 00:22:44,880

looking at something that could be

679

00:22:48,230 --> 00:22:46,400

explained

680

00:22:50,310 --> 00:22:48,240

we're trying to knock out all the stuff

681

00:22:51,350 --> 00:22:50,320

that could possibly have led to that

682

00:22:52,630 --> 00:22:51,360

sighting

683

00:22:55,909 --> 00:22:52,640

and

684

00:22:57,830 --> 00:22:55,919

i've had the case here uh jesse was

685

00:23:00,390 --> 00:22:57,840

people saw three lights at three

686

00:23:01,909 --> 00:23:00,400

different times during their walk

687

00:23:03,909 --> 00:23:01,919

turned out it was one of those uh

688

00:23:06,230 --> 00:23:03,919

firefighter planes that comes down to

689

00:23:07,909 --> 00:23:06,240

swoops water from the lake

690

00:23:09,590 --> 00:23:07,919

uh so that's what they saw they saw this

691

00:23:12,390 --> 00:23:09,600

light coming towards the lake then they

692

00:23:13,990 --> 00:23:12,400

saw two lights crisscrossing in the sky

693

00:23:15,270 --> 00:23:14,000

uh they were really really bright one of

694

00:23:17,750 --> 00:23:15,280

them was an airplane the other one was

695

00:23:19,430 --> 00:23:17,760

the international space station so you

696

00:23:22,070 --> 00:23:19,440

know once we can rule that out and make

697

00:23:23,270 --> 00:23:22,080

this extraordinary sighting for these

698

00:23:24,789 --> 00:23:23,280

people

699

00:23:27,190 --> 00:23:24,799

and bring it down to actually this is

700

00:23:29,669 --> 00:23:27,200

what you saw this is what you saw

701

00:23:31,990 --> 00:23:29,679

that's primarily our job at mufon is to

702

00:23:34,710 --> 00:23:32,000

try to identify it it's when we can

703

00:23:36,070 --> 00:23:34,720

identify that it gets fun right that's

704

00:23:37,830 --> 00:23:36,080

when it becomes you know you can

705

00:23:40,149 --> 00:23:37,840

actually write in your report

706

00:23:42,390 --> 00:23:40,159

this is unidentified i can't pin it down

707

00:23:44,789 --> 00:23:42,400

to what it is those are fun

708

00:23:46,390 --> 00:23:44,799

but yeah that's have you had a case at

709

00:23:48,310 --> 00:23:46,400

all where somebody really fought you on

710

00:23:49,510 --> 00:23:48,320

something that was plain and simple that

711

00:23:51,909 --> 00:23:49,520

it was

712

00:23:53,830 --> 00:23:51,919

a plain or simple but uh they still

713

00:23:55,110 --> 00:23:53,840

funny one yeah it's funny you ask this

714

00:23:56,549 --> 00:23:55,120

question because

715

00:23:58,549 --> 00:23:56,559

the case before the one i'm working on

716

00:24:01,350 --> 00:23:58,559

with the nuclear stuff um

717

00:24:03,350 --> 00:24:01,360

it was a lady and her boyfriend and they

718

00:24:05,269 --> 00:24:03,360

were down by the delaware river in

719

00:24:07,430 --> 00:24:05,279

philadelphia and there's a bridge there

720

00:24:08,950 --> 00:24:07,440

and during the night they have different

721

00:24:11,350 --> 00:24:08,960

lights all over the bridge and on

722

00:24:13,669 --> 00:24:11,360

different sides of the river and she saw

723

00:24:15,110 --> 00:24:13,679

this object well they took pictures they

724

00:24:16,630 --> 00:24:15,120

didn't see the object when they were

725

00:24:18,149 --> 00:24:16,640

taking the picture

726
00:24:21,430 --> 00:24:18,159
but afterwards when they looked at them

727
00:24:23,029 --> 00:24:21,440
they found a light in the sky

728
00:24:24,470 --> 00:24:23,039
now what i found out was i ran it

729
00:24:26,950 --> 00:24:24,480
through a couple different programs

730
00:24:28,630 --> 00:24:26,960
found out that it was a reflection from

731
00:24:30,230 --> 00:24:28,640
one of these lights in the sky and even

732
00:24:31,990 --> 00:24:30,240
the data um

733
00:24:34,070 --> 00:24:32,000
the programs that i ran through was

734
00:24:35,750 --> 00:24:34,080
telling me this yeah and it even matched

735
00:24:37,750 --> 00:24:35,760
the same color as one of the lights

736
00:24:39,990 --> 00:24:37,760
across the river on a building

737
00:24:42,070 --> 00:24:40,000
now once i sent that in the lady

738
00:24:44,549 --> 00:24:42,080

immediately responded with an email and

739

00:24:47,510 --> 00:24:44,559

i mean it was it was the worst i mean

740

00:24:48,789 --> 00:24:47,520

she really came at me hard yeah she was

741

00:24:50,310 --> 00:24:48,799

telling me that i don't know what i'm

742

00:24:52,549 --> 00:24:50,320

talking about she's been a big fan of

743

00:24:54,950 --> 00:24:52,559

mufon for years and now that she's had

744

00:24:57,510 --> 00:24:54,960

this to happen to her she's gonna

745

00:24:59,669 --> 00:24:57,520

not refer everybody to mufon anymore and

746

00:25:01,990 --> 00:24:59,679

she's really upset about the findings

747

00:25:03,669 --> 00:25:02,000

and i and i easily try to explain things

748

00:25:06,470 --> 00:25:03,679

i always send a letter

749

00:25:09,269 --> 00:25:06,480

once i get my disposition on my case um

750

00:25:11,669 --> 00:25:09,279

and i try to explain exactly how i found

751

00:25:13,110 --> 00:25:11,679

the answer to your case and uh even with

752

00:25:15,350 --> 00:25:13,120

that and i tried to talk to her a little

753

00:25:17,510 --> 00:25:15,360

more she completely knocked me off and

754

00:25:19,510 --> 00:25:17,520

and wouldn't answer me anymore so yeah

755

00:25:21,669 --> 00:25:19,520

that's i mean i try to do the best i can

756

00:25:24,230 --> 00:25:21,679

and and you know i've had people in the

757

00:25:25,909 --> 00:25:24,240

in the past thank me for letting them

758

00:25:27,590 --> 00:25:25,919

know that it's something that was easily

759

00:25:28,870 --> 00:25:27,600

identified and that would do the work to

760

00:25:30,310 --> 00:25:28,880

find that out

761

00:25:32,149 --> 00:25:30,320

and it's a shame that people get that

762

00:25:33,909 --> 00:25:32,159

way i think i feel like they're

763

00:25:35,750 --> 00:25:33,919

they feel like they're being insulted

764

00:25:37,830 --> 00:25:35,760

yeah that you know what i mean but it's

765

00:25:39,430 --> 00:25:37,840

not like that because people really

766

00:25:40,870 --> 00:25:39,440

aren't informed they don't have the

767

00:25:43,350 --> 00:25:40,880

knowledge of this kind of stuff that

768

00:25:45,830 --> 00:25:43,360

occurs on an everyday basis that will be

769

00:25:47,590 --> 00:25:45,840

easily seen as a ufo when it's not you

770

00:25:50,070 --> 00:25:47,600

know so it's hard

771

00:25:51,909 --> 00:25:50,080

i remember a car trip when i was a kid i

772

00:25:53,430 --> 00:25:51,919

was about maybe eight years old and we

773

00:25:55,350 --> 00:25:53,440

just went out for a cruise one night and

774

00:25:57,430 --> 00:25:55,360

my mom's freaking out because there's

775

00:25:58,950 --> 00:25:57,440

this light that keeps appearing

776

00:26:00,710 --> 00:25:58,960

and disappearing every once in a while

777

00:26:02,870 --> 00:26:00,720

in this cloud that's quite close to us

778

00:26:05,110 --> 00:26:02,880

and she's freaking out and oh my god eve

779

00:26:06,710 --> 00:26:05,120

what is that my dad of course and he's

780

00:26:09,269 --> 00:26:06,720

like i don't know because he's blind as

781

00:26:11,990 --> 00:26:09,279

a bad he can't see anything right uh and

782

00:26:14,149 --> 00:26:12,000

it turned out it was just the local air

783

00:26:16,070 --> 00:26:14,159

f uh airport that had that flashing

784

00:26:17,669 --> 00:26:16,080

light that goes around and it was just

785

00:26:19,830 --> 00:26:17,679

flashing every once in a while in that

786

00:26:21,350 --> 00:26:19,840

cloud but she was adamant you know for

787

00:26:23,269 --> 00:26:21,360

quite some freaking everybody out in the

788

00:26:25,510 --> 00:26:23,279

car that there was this light above us

789

00:26:27,750 --> 00:26:25,520

so you know once you i even got caught

790

00:26:29,669 --> 00:26:27,760

on that that's what made me join mufon i

791

00:26:32,070 --> 00:26:29,679

woke up at one o'clock at night i went

792

00:26:33,750 --> 00:26:32,080

outside and there's this bright light

793

00:26:35,029 --> 00:26:33,760

that just pops out of nowhere and it's

794

00:26:36,549 --> 00:26:35,039

intense and all of a sudden there's

795

00:26:39,190 --> 00:26:36,559

another bright light that pops up and

796

00:26:40,549 --> 00:26:39,200

i'm like oh my god capturing on my phone

797

00:26:42,710 --> 00:26:40,559

you could hear me breathing and doing

798

00:26:45,430 --> 00:26:42,720

the commentating you know like it's one

799

00:26:47,909 --> 00:26:45,440

o'clock in the morning on june 21st

800

00:26:51,590 --> 00:26:47,919

and uh i found out later that they were

801
00:26:53,750 --> 00:26:51,600
just flares there's a rcmp detachment

802
00:26:55,350 --> 00:26:53,760
close by and they do the flare exercise

803
00:26:57,830 --> 00:26:55,360
every once in a while by the river so

804
00:26:59,350 --> 00:26:57,840
what i capture is were flares right i

805
00:27:01,750 --> 00:26:59,360
felt stupid but at the same time i'm

806
00:27:03,350 --> 00:27:01,760
like i discovered what it was

807
00:27:05,510 --> 00:27:03,360
this could be simple this is something

808
00:27:07,190 --> 00:27:05,520
i'm possibly able to do so that's what

809
00:27:08,950 --> 00:27:07,200
pushed me towards wanting to join move

810
00:27:11,750 --> 00:27:08,960
on was the fact that i was able to

811
00:27:13,590 --> 00:27:11,760
identify my own siding and uh yeah not

812
00:27:15,269 --> 00:27:13,600
freak out too much but like i said i got

813
00:27:17,430 --> 00:27:15,279

caught in it too so i understand from

814

00:27:18,870 --> 00:27:17,440

their point of view um what it feels

815

00:27:20,710 --> 00:27:18,880

like like you weren't there man you

816

00:27:22,230 --> 00:27:20,720

didn't see what we saw but

817

00:27:24,149 --> 00:27:22,240

absolutely yeah just that common

818

00:27:26,310 --> 00:27:24,159

explanation sometimes is what what we

819

00:27:27,990 --> 00:27:26,320

need to humble us back down right yeah

820

00:27:29,830 --> 00:27:28,000

it's all about educating yourself you

821

00:27:31,909 --> 00:27:29,840

know i mean try to educate yourself try

822

00:27:33,190 --> 00:27:31,919

to get involved to learn these things so

823

00:27:34,870 --> 00:27:33,200

then when you see them you're able to

824

00:27:37,590 --> 00:27:34,880

identify them you know what i mean and

825

00:27:39,269 --> 00:27:37,600

it's it's you know what do you uh

826

00:27:41,350 --> 00:27:39,279

surmise from all this i mean based on

827

00:27:43,190 --> 00:27:41,360

your research and reports you've read

828

00:27:45,269 --> 00:27:43,200

there's so many possibilities like are

829

00:27:47,590 --> 00:27:45,279

these interstellar creatures traveling

830

00:27:49,350 --> 00:27:47,600

and craft are they interdimensional are

831

00:27:51,990 --> 00:27:49,360

they already here and they just are in

832

00:27:54,230 --> 00:27:52,000

the oceans or whatever like what are

833

00:27:57,110 --> 00:27:54,240

your kind of what's your hypothesis on

834

00:27:58,630 --> 00:27:57,120

the whole alien and uap phenomenon

835

00:28:00,549 --> 00:27:58,640

i mean

836

00:28:02,470 --> 00:28:00,559

the bottom line is i i know that

837

00:28:03,269 --> 00:28:02,480

something is here i don't know what it

838

00:28:07,350 --> 00:28:03,279

is

839

00:28:08,870 --> 00:28:07,360

obviously something that we have no idea

840

00:28:10,549 --> 00:28:08,880

what it is the government's admitting

841

00:28:14,470 --> 00:28:10,559

that they have no idea what it is it's

842

00:28:17,029 --> 00:28:14,480

not russia or china and it's it's way

843

00:28:18,389 --> 00:28:17,039

way above our technology i mean i mean

844

00:28:19,750 --> 00:28:18,399

it could be hundreds of thousands of

845

00:28:22,870 --> 00:28:19,760

years ahead of us

846

00:28:25,669 --> 00:28:22,880

um and i just feel like that

847

00:28:28,389 --> 00:28:25,679

we live in such a small little part of a

848

00:28:30,389 --> 00:28:28,399

big universe just like if you go into a

849

00:28:31,990 --> 00:28:30,399

different country right and you go into

850

00:28:33,750 --> 00:28:32,000

a rainforest you're still going to find

851

00:28:35,750 --> 00:28:33,760

stuff that we have never even found

852

00:28:37,350 --> 00:28:35,760

before sure in the history books and

853

00:28:39,190 --> 00:28:37,360

it's the same way in the universe and i

854

00:28:42,710 --> 00:28:39,200

mean being a part of the planetary

855

00:28:45,350 --> 00:28:42,720

society we there's 30 million earth-like

856

00:28:47,990 --> 00:28:45,360

planets and each one of those has two

857

00:28:50,230 --> 00:28:48,000

different other planets surrounding them

858

00:28:52,710 --> 00:28:50,240

that could have life on i mean if you

859

00:28:54,470 --> 00:28:52,720

just think if that's just one and it

860

00:28:55,990 --> 00:28:54,480

could be microbial it could be anything

861

00:28:58,070 --> 00:28:56,000

and it could have been so far advanced

862

00:28:59,909 --> 00:28:58,080

ahead of us that we have no idea the

863

00:29:01,430 --> 00:28:59,919

possibilities are endless

864

00:29:03,830 --> 00:29:01,440

um so i do believe that there is

865

00:29:05,590 --> 00:29:03,840

something out there that is visiting us

866

00:29:09,269 --> 00:29:05,600

whether it could even be us in the

867

00:29:11,510 --> 00:29:09,279

future i mean you know a lot of uh i i i

868

00:29:12,470 --> 00:29:11,520

investigated the the early

869

00:29:13,190 --> 00:29:12,480

airship

870

00:29:22,950 --> 00:29:13,200

uh

871

00:29:23,909 --> 00:29:22,960

crafts with people that looked just like

872

00:29:25,669 --> 00:29:23,919

them

873

00:29:27,029 --> 00:29:25,679

and they would just land and hurry up

874

00:29:29,269 --> 00:29:27,039

and do some stuff and they would they

875

00:29:31,350 --> 00:29:29,279

would make contact with these people

876

00:29:33,350 --> 00:29:31,360

and it just makes me think that maybe

877

00:29:35,750 --> 00:29:33,360

okay we've been here before and we're

878

00:29:37,750 --> 00:29:35,760

coming back in time to try to either

879

00:29:39,029 --> 00:29:37,760

observe and see what we did wrong or see

880

00:29:40,630 --> 00:29:39,039

what we can fix

881

00:29:42,389 --> 00:29:40,640

but there's always that possibility that

882

00:29:43,750 --> 00:29:42,399

there are other creatures out there and

883

00:29:45,190 --> 00:29:43,760

other things that we just don't know

884

00:29:47,430 --> 00:29:45,200

about just like

885

00:29:49,510 --> 00:29:47,440

when we go and we tag cattle where we

886

00:29:50,710 --> 00:29:49,520

tag pigs um they're doing the same thing

887

00:29:53,029 --> 00:29:50,720

when you hear people say yeah i was

888

00:29:55,750 --> 00:29:53,039

taking in a ship and i was operated on

889

00:29:57,350 --> 00:29:55,760

where an implant was placed in me um dr

890

00:29:59,430 --> 00:29:57,360

roger lear i mean he describes this

891

00:30:01,190 --> 00:29:59,440

stuff so good in his book

892

00:30:02,630 --> 00:30:01,200

um and what it's made out of it's made

893

00:30:05,990 --> 00:30:02,640

out of these implants are made out of

894

00:30:07,430 --> 00:30:06,000

meter meteorites i mean there's no we we

895

00:30:09,909 --> 00:30:07,440

can't do that

896

00:30:11,830 --> 00:30:09,919

yeah so i mean if you really do your

897

00:30:13,269 --> 00:30:11,840

work and your due diligence and you look

898

00:30:16,149 --> 00:30:13,279

into this stuff you're gonna see that

899

00:30:18,230 --> 00:30:16,159

there's something to it you know um what

900

00:30:20,470 --> 00:30:18,240

it is i don't know exactly but i know

901
00:30:22,230 --> 00:30:20,480
that something is happening

902
00:30:23,669 --> 00:30:22,240
well what's what's fascinating about you

903
00:30:26,310 --> 00:30:23,679
know talking with people that have had

904
00:30:28,470 --> 00:30:26,320
close encounters or abductions is that

905
00:30:30,950 --> 00:30:28,480
every single time they're aboard a ship

906
00:30:32,950 --> 00:30:30,960
there's a room specifically designed

907
00:30:33,830 --> 00:30:32,960
with the medical table to have a human

908
00:30:36,149 --> 00:30:33,840
on it

909
00:30:37,990 --> 00:30:36,159
and have devices and all sorts of

910
00:30:39,190 --> 00:30:38,000
technological advancement come out of

911
00:30:41,430 --> 00:30:39,200
the walls

912
00:30:44,389 --> 00:30:41,440
and implant things or put needles in

913
00:30:47,029 --> 00:30:44,399

them like these ships are designed

914

00:30:49,029 --> 00:30:47,039

to do stuff with us uh so you know if

915

00:30:50,870 --> 00:30:49,039

they're interdimensional then that means

916

00:30:53,190 --> 00:30:50,880

that that there's an intention back

917

00:30:55,350 --> 00:30:53,200

there if they're extraterrestrial well

918

00:30:57,909 --> 00:30:55,360

it seems like it's either the shape of a

919

00:30:59,830 --> 00:30:57,919

human body is common without throughout

920

00:31:00,789 --> 00:30:59,840

the universe or they're specifically

921

00:31:02,950 --> 00:31:00,799

here

922

00:31:05,590 --> 00:31:02,960

to do something with us

923

00:31:07,509 --> 00:31:05,600

so that's a common thing with these

924

00:31:09,590 --> 00:31:07,519

ships is that there's always a room for

925

00:31:11,269 --> 00:31:09,600

that now there's no cafeteria

926

00:31:13,029 --> 00:31:11,279

there's no bathrooms

927

00:31:14,870 --> 00:31:13,039

right these things don't seem to need to

928

00:31:16,870 --> 00:31:14,880

to go to the bathroom or they have a

929

00:31:18,630 --> 00:31:16,880

base close by so they don't maybe they

930

00:31:20,549 --> 00:31:18,640

just never showed anybody the bathroom

931

00:31:22,149 --> 00:31:20,559

like maybe it's for staff only yeah

932

00:31:23,590 --> 00:31:22,159

maybe it just comes out of the walls you

933

00:31:25,430 --> 00:31:23,600

know like you're gonna be here ten

934

00:31:26,630 --> 00:31:25,440

minutes no you can't use the bathroom

935

00:31:27,990 --> 00:31:26,640

all right you go to the grocery store

936

00:31:30,470 --> 00:31:28,000

they won't even let you use the bathroom

937

00:31:32,149 --> 00:31:30,480

so i get that

938

00:31:33,669 --> 00:31:32,159

you're gonna make a mess like last time

939

00:31:35,350 --> 00:31:33,679

you're not yeah you're not humans

940

00:31:38,070 --> 00:31:35,360

everywhere yeah

941

00:31:39,750 --> 00:31:38,080

just make it at all yeah

942

00:31:41,269 --> 00:31:39,760

but i thought that was fascinating

943

00:31:43,669 --> 00:31:41,279

because you know

944

00:31:45,669 --> 00:31:43,679

even the sports model as bob lazar calls

945

00:31:47,990 --> 00:31:45,679

it like they seem to be you know that

946

00:31:49,909 --> 00:31:48,000

one doesn't have any

947

00:31:51,830 --> 00:31:49,919

rooms to operate people on it seems like

948

00:31:53,350 --> 00:31:51,840

it's just like a cruiser

949

00:31:55,029 --> 00:31:53,360

but it's interesting like you hear about

950

00:31:58,389 --> 00:31:55,039

the details like people are saying that

951

00:32:00,389 --> 00:31:58,399

oh it's uh the walls run into the floor

952

00:32:02,549 --> 00:32:00,399

the floor runs into the ceiling there's

953

00:32:03,669 --> 00:32:02,559

no cracks anywhere there's no seams and

954

00:32:05,350 --> 00:32:03,679

it sounds like

955

00:32:07,590 --> 00:32:05,360

yeah it and now we're able to do that

956

00:32:09,350 --> 00:32:07,600

with 3d printing right we're able to

957

00:32:11,909 --> 00:32:09,360

create this stuff and there's no seams

958

00:32:13,669 --> 00:32:11,919

anywhere it's all connected and

959

00:32:15,269 --> 00:32:13,679

there's those little details to hear

960

00:32:17,430 --> 00:32:15,279

everyone somewhat from these abductees

961

00:32:18,789 --> 00:32:17,440

so you're like ah there's a common

962

00:32:20,950 --> 00:32:18,799

thread throughout this i think

963

00:32:22,870 --> 00:32:20,960

eventually we'll we'll catch on to

964

00:32:23,830 --> 00:32:22,880

what this phenomenon is about but until

965

00:32:25,350 --> 00:32:23,840

then

966

00:32:27,029 --> 00:32:25,360

yeah sleep tight

967

00:32:28,710 --> 00:32:27,039

yeah i mean one of the big things that

968

00:32:31,750 --> 00:32:28,720

i'm working on now is it's called

969

00:32:33,430 --> 00:32:31,760

project bat tech 404 okay um it's a

970

00:32:34,870 --> 00:32:33,440

project that i found it and handpicked

971

00:32:36,870 --> 00:32:34,880

the team and we're actually looking at

972

00:32:38,950 --> 00:32:36,880

electrical malfunctions that are

973

00:32:40,310 --> 00:32:38,960

associated with these ufo sightings and

974

00:32:42,789 --> 00:32:40,320

encounters

975

00:32:45,110 --> 00:32:42,799

we created an entire databases like

976

00:32:47,269 --> 00:32:45,120

mufon has about but it's all em

977

00:32:49,110 --> 00:32:47,279

encounters and we kind of want to

978

00:32:51,269 --> 00:32:49,120

understand their technology and how

979

00:32:52,549 --> 00:32:51,279

they're affecting our technology

980

00:32:54,789 --> 00:32:52,559

and that will kind of give us an

981

00:32:56,710 --> 00:32:54,799

understanding of how far ahead they are

982

00:32:58,950 --> 00:32:56,720

uh what they're working with and why

983

00:33:00,630 --> 00:32:58,960

they're doing it um we've had so many

984

00:33:02,310 --> 00:33:00,640

different people report to us plus we're

985

00:33:04,310 --> 00:33:02,320

doing historical cases and we've had

986

00:33:06,070 --> 00:33:04,320

other organizations join us

987

00:33:07,990 --> 00:33:06,080

we're actually working with kufos at the

988

00:33:10,310 --> 00:33:08,000

moment with their electrical malfunction

989

00:33:12,549 --> 00:33:10,320

um stuff we have some scientists from

990

00:33:14,230 --> 00:33:12,559

the canadian space agency and aerospace

991

00:33:15,509 --> 00:33:14,240

people that have joined the project

992

00:33:17,350 --> 00:33:15,519

already as well

993

00:33:19,750 --> 00:33:17,360

um i have an assistant director a couple

994

00:33:21,430 --> 00:33:19,760

different people and we're building an

995

00:33:23,669 --> 00:33:21,440

entire database and finding these

996

00:33:25,750 --> 00:33:23,679

similarities with people that have had

997

00:33:27,909 --> 00:33:25,760

these events happen to them and for how

998

00:33:30,070 --> 00:33:27,919

long we're finding that there's a range

999

00:33:32,710 --> 00:33:30,080

that they have to be in within in order

1000

00:33:34,710 --> 00:33:32,720

to affect our technology um and i just

1001
00:33:37,029 --> 00:33:34,720
feel that ever since that day when i had

1002
00:33:39,110 --> 00:33:37,039
my sighting my phone went wacky it kind

1003
00:33:41,830 --> 00:33:39,120
of gave me the inspiration for this

1004
00:33:43,909 --> 00:33:41,840
project and it's just grown so much

1005
00:33:45,750 --> 00:33:43,919
um and i think it's just one aspect of

1006
00:33:47,509 --> 00:33:45,760
us understanding this phenomenon in

1007
00:33:49,269 --> 00:33:47,519
general if we kind of look at that

1008
00:33:51,350 --> 00:33:49,279
technology aspect

1009
00:33:53,750 --> 00:33:51,360
so it's pretty it's pretty cool you know

1010
00:33:55,750 --> 00:33:53,760
technology is so basic probably for them

1011
00:33:57,909 --> 00:33:55,760
that it's not hard for them to just

1012
00:33:59,669 --> 00:33:57,919
knock it out right right it's not like

1013
00:34:02,230 --> 00:33:59,679

we have anything impressive we're just

1014

00:34:03,190 --> 00:34:02,240

at the start of our scientific awakening

1015

00:34:05,110 --> 00:34:03,200

they're

1016

00:34:06,950 --> 00:34:05,120

light years you know probably thousands

1017

00:34:09,190 --> 00:34:06,960

thousands of years ahead of us or a

1018

00:34:11,510 --> 00:34:09,200

possibility that you can have two

1019

00:34:14,470 --> 00:34:11,520

species that start at the same time it's

1020

00:34:17,030 --> 00:34:14,480

just one's way way way much smarter and

1021

00:34:18,470 --> 00:34:17,040

develops faster and better technology

1022

00:34:20,470 --> 00:34:18,480

than the other one the other one's quite

1023

00:34:22,149 --> 00:34:20,480

slow at it right so that's another

1024

00:34:24,230 --> 00:34:22,159

option that we have to look at as well

1025

00:34:26,869 --> 00:34:24,240

is uh but either way they're more

1026

00:34:28,629 --> 00:34:26,879

advanced so our technology seems to

1027

00:34:30,310 --> 00:34:28,639

dwindle compared to theirs and doesn't

1028

00:34:33,190 --> 00:34:30,320

seem to work at all right

1029

00:34:34,710 --> 00:34:33,200

right but we did find out um diesel

1030

00:34:37,909 --> 00:34:34,720

engines okay

1031

00:34:39,589 --> 00:34:37,919

um i think it was 1974

1032

00:34:41,990 --> 00:34:39,599

but before that time

1033

00:34:43,909 --> 00:34:42,000

ufos were not able to affect diesel

1034

00:34:45,510 --> 00:34:43,919

engines and we've had sightings where

1035

00:34:47,510 --> 00:34:45,520

diesel and combustion engines were

1036

00:34:49,030 --> 00:34:47,520

sitting right next to each other

1037

00:34:50,550 --> 00:34:49,040

and the combustion engine would shut

1038

00:34:52,310 --> 00:34:50,560

down all the electronics but in the

1039

00:34:54,389 --> 00:34:52,320

diesel engine the radio would shut down

1040

00:34:55,270 --> 00:34:54,399

the lights but the engine would not shut

1041

00:34:57,510 --> 00:34:55,280

down

1042

00:34:59,510 --> 00:34:57,520

and we've what we found out is that

1043

00:35:01,829 --> 00:34:59,520

diesel engines usually take one spark

1044

00:35:03,349 --> 00:35:01,839

and then once it's started it continues

1045

00:35:04,550 --> 00:35:03,359

to run and run and run it doesn't need

1046

00:35:07,750 --> 00:35:04,560

that electric

1047

00:35:09,829 --> 00:35:07,760

but and and uh 1974 i think i think

1048

00:35:11,990 --> 00:35:09,839

that's the year um they actually came

1049

00:35:14,310 --> 00:35:12,000

out with new emission standards they

1050

00:35:16,790 --> 00:35:14,320

needed to update these engines and from

1051
00:35:18,790 --> 00:35:16,800
that point on once they made these new

1052
00:35:20,230 --> 00:35:18,800
emission standards the engines were able

1053
00:35:23,030 --> 00:35:20,240
to be affected

1054
00:35:24,870 --> 00:35:23,040
during normal ufo events um so what

1055
00:35:26,630 --> 00:35:24,880
we're trying to look at right now is how

1056
00:35:29,109 --> 00:35:26,640
these diesel engines were actually built

1057
00:35:30,630 --> 00:35:29,119
back in the day to see if maybe we can

1058
00:35:32,470 --> 00:35:30,640
figure out what

1059
00:35:34,630 --> 00:35:32,480
didn't make that be affected and how we

1060
00:35:36,630 --> 00:35:34,640
can implement that today to stop that

1061
00:35:38,310 --> 00:35:36,640
from happening in the future

1062
00:35:40,630 --> 00:35:38,320
um so there's a lot of different cool

1063
00:35:42,310 --> 00:35:40,640

little aspects in this yeah that's cool

1064

00:35:44,870 --> 00:35:42,320

they didn't know that that was a thing

1065

00:35:47,270 --> 00:35:44,880

so 1974 is when they made that switch

1066

00:35:49,270 --> 00:35:47,280

yeah i believe it was 1974 somewhere

1067

00:35:50,950 --> 00:35:49,280

around there yeah it's on the website i

1068

00:35:53,430 --> 00:35:50,960

forget the exact year but it was in the

1069

00:35:55,349 --> 00:35:53,440

70s yet oh that's cool you mentioned the

1070

00:35:57,030 --> 00:35:55,359

cell phones going crazy and we had

1071

00:35:59,910 --> 00:35:57,040

thomas winterton from the skinwalker

1072

00:36:02,230 --> 00:35:59,920

ranch program on our show and at one of

1073

00:36:04,150 --> 00:36:02,240

their episodes one of their crew had a

1074

00:36:05,990 --> 00:36:04,160

phone that went bananas and it was like

1075

00:36:08,390 --> 00:36:06,000

breaking the password opening all the

1076
00:36:10,630 --> 00:36:08,400
apps at the same time going nuts and

1077
00:36:12,630 --> 00:36:10,640
thomas said like we got a lot of bad

1078
00:36:15,030 --> 00:36:12,640
fan mail from people being like well it

1079
00:36:17,270 --> 00:36:15,040
was a broken screen and this and that

1080
00:36:18,870 --> 00:36:17,280
like as if a broken screen is enough for

1081
00:36:21,190 --> 00:36:18,880
somebody to break

1082
00:36:23,109 --> 00:36:21,200
apple's security but so they got a lot

1083
00:36:24,790 --> 00:36:23,119
of flack for that and then he said

1084
00:36:26,550 --> 00:36:24,800
there's also been other times where he

1085
00:36:28,150 --> 00:36:26,560
was in presence of that guy's phone like

1086
00:36:30,230 --> 00:36:28,160
they didn't film it every single time it

1087
00:36:32,150 --> 00:36:30,240
did it especially when they got a shitty

1088
00:36:34,150 --> 00:36:32,160

backlash from people saying oh it's fake

1089

00:36:36,790 --> 00:36:34,160

or whatever but he even said he's like

1090

00:36:38,470 --> 00:36:36,800

that guy had a broken screen yes but it

1091

00:36:40,390 --> 00:36:38,480

was an apple product he goes i've been

1092

00:36:42,310 --> 00:36:40,400

beside him with my android

1093

00:36:44,790 --> 00:36:42,320

and mine was doing the same thing

1094

00:36:47,750 --> 00:36:44,800

so it's not limited to just one guy with

1095

00:36:49,670 --> 00:36:47,760

a wonky phone it's localized but it

1096

00:36:51,510 --> 00:36:49,680

could be multiple people that are able

1097

00:36:53,349 --> 00:36:51,520

to observe that at the same time so i

1098

00:36:55,510 --> 00:36:53,359

thought that was pretty interesting yeah

1099

00:36:57,109 --> 00:36:55,520

absolutely and i think that once it's

1100

00:36:59,349 --> 00:36:57,119

happened in a certain area they're

1101
00:37:01,030 --> 00:36:59,359
obviously doing it to stop us from being

1102
00:37:02,310 --> 00:37:01,040
able to observe them as we're kind of

1103
00:37:04,230 --> 00:37:02,320
getting out of this

1104
00:37:06,790 --> 00:37:04,240
um this way we can't take videos or

1105
00:37:08,710 --> 00:37:06,800
certain certain things like that but but

1106
00:37:10,630 --> 00:37:08,720
everybody within that entire area their

1107
00:37:12,230 --> 00:37:10,640
electronics are going to malfunction so

1108
00:37:14,150 --> 00:37:12,240
i completely agree with that and that's

1109
00:37:15,829 --> 00:37:14,160
exactly how my phone was acting you

1110
00:37:17,670 --> 00:37:15,839
could see it hitting the code buttons a

1111
00:37:20,069 --> 00:37:17,680
million times over and over a different

1112
00:37:21,589 --> 00:37:20,079
screen changing um and it's it's

1113
00:37:23,270 --> 00:37:21,599

fascinating and that's why we started

1114

00:37:25,349 --> 00:37:23,280

this project to be able to figure out

1115

00:37:27,349 --> 00:37:25,359

what this is and how it's affecting it

1116

00:37:30,870 --> 00:37:27,359

you know it's it's cool what's cool

1117

00:37:33,349 --> 00:37:30,880

about the dj the the diesel engine yeah

1118

00:37:34,870 --> 00:37:33,359

that's cool i didn't know that and kufos

1119

00:37:36,950 --> 00:37:34,880

helped us figure that out but they

1120

00:37:39,829 --> 00:37:36,960

didn't know why all of a sudden after

1121

00:37:41,670 --> 00:37:39,839

the 1970s it stopped and once we did our

1122

00:37:43,270 --> 00:37:41,680

research into that you know we're kind

1123

00:37:44,710 --> 00:37:43,280

of using each other's research and

1124

00:37:46,710 --> 00:37:44,720

moving forward to be able to give this

1125

00:37:48,390 --> 00:37:46,720

information to the public and once they

1126

00:37:50,470 --> 00:37:48,400

told us that we were able to find out

1127

00:37:52,630 --> 00:37:50,480

that the emission standards were put in

1128

00:37:54,470 --> 00:37:52,640

place that year to change how the diesel

1129

00:37:57,829 --> 00:37:54,480

engine actually ran for emission

1130

00:37:59,589 --> 00:37:57,839

standards so it's great we'll see that's

1131

00:38:01,430 --> 00:37:59,599

that's the beauty of it when people work

1132

00:38:03,990 --> 00:38:01,440

together and different organizations put

1133

00:38:05,750 --> 00:38:04,000

their knowledge together we can find all

1134

00:38:07,829 --> 00:38:05,760

these different missing pieces that the

1135

00:38:10,470 --> 00:38:07,839

others didn't have and give better

1136

00:38:12,310 --> 00:38:10,480

research and data to the public

1137

00:38:15,349 --> 00:38:12,320

well you look at older vehicles too it's

1138

00:38:17,190 --> 00:38:15,359

mainly carburetion and very low amounts

1139

00:38:19,109 --> 00:38:17,200

of electronics right where right then

1140

00:38:21,349 --> 00:38:19,119

you get into electronic fuel injection

1141

00:38:23,270 --> 00:38:21,359

and distributor caps and rotors and all

1142

00:38:25,030 --> 00:38:23,280

that and now ignition coils and

1143

00:38:26,870 --> 00:38:25,040

everything now i mean we have

1144

00:38:29,030 --> 00:38:26,880

connections in the automotive business

1145

00:38:30,630 --> 00:38:29,040

and nobody has any vehicles on their lot

1146

00:38:32,710 --> 00:38:30,640

because there's no microchips because

1147

00:38:34,550 --> 00:38:32,720

even your window switch has a chip in it

1148

00:38:36,790 --> 00:38:34,560

your knob on your radio has a chip i

1149

00:38:39,030 --> 00:38:36,800

mean the average car has probably 30

1150

00:38:40,190 --> 00:38:39,040

computers if it's got some high-end tech

1151

00:38:42,390 --> 00:38:40,200

not to mention how many little

1152

00:38:44,710 --> 00:38:42,400

microprocessors that all feed into those

1153

00:38:47,030 --> 00:38:44,720

computers right and sensors to keep your

1154

00:38:49,430 --> 00:38:47,040

vehicle running smooth emission

1155

00:38:52,310 --> 00:38:49,440

you know um compliant and that type of

1156

00:38:54,390 --> 00:38:52,320

thing but uh it's basically before it

1157

00:38:56,630 --> 00:38:54,400

used to be a vehicle that had computers

1158

00:38:58,710 --> 00:38:56,640

now it's a computer with four wheels

1159

00:39:00,150 --> 00:38:58,720

yeah you know and hence is the massive

1160

00:39:01,990 --> 00:39:00,160

vehicle shortage that's happening north

1161

00:39:03,910 --> 00:39:02,000

america wide right now yeah they don't

1162

00:39:07,270 --> 00:39:03,920

make nothing like it used to be you know

1163

00:39:09,349 --> 00:39:07,280

my first car was a 1989 cadillac broham

1164

00:39:10,550 --> 00:39:09,359

all metal you know what i mean it was a

1165

00:39:12,310 --> 00:39:10,560

it was a boat

1166

00:39:15,990 --> 00:39:12,320

and uh my girlfriend at the time she had

1167

00:39:18,150 --> 00:39:16,000

a brand new 2019 ford fusion and it

1168

00:39:19,670 --> 00:39:18,160

doesn't even compare so there's a big

1169

00:39:22,470 --> 00:39:19,680

difference and that that also makes a

1170

00:39:25,990 --> 00:39:22,480

difference in the uh the data as well

1171

00:39:27,349 --> 00:39:26,000

well even was talking to a co-worker

1172

00:39:30,230 --> 00:39:27,359

this week and he said just think about

1173

00:39:31,829 --> 00:39:30,240

five years of the evolution of the drone

1174

00:39:33,589 --> 00:39:31,839

like you know you had the original drone

1175

00:39:35,670 --> 00:39:33,599

and you know connect to uh the

1176

00:39:37,670 --> 00:39:35,680

satellites but it didn't do anything

1177

00:39:39,270 --> 00:39:37,680

really really fancy now it's to the

1178

00:39:42,069 --> 00:39:39,280

point where it's idiot-proof like you

1179

00:39:43,670 --> 00:39:42,079

just put glasses on and the drone does

1180

00:39:45,750 --> 00:39:43,680

most of the work itself if you're too

1181

00:39:47,990 --> 00:39:45,760

close to a tree it backs up

1182

00:39:51,030 --> 00:39:48,000

uh it it comes back to you if it gets

1183

00:39:54,230 --> 00:39:51,040

out of range like there's just so much

1184

00:39:56,550 --> 00:39:54,240

growth within such a a small

1185

00:39:58,069 --> 00:39:56,560

amount of years for this drone so you

1186

00:39:59,829 --> 00:39:58,079

got to think you know that's the same

1187

00:40:01,750 --> 00:39:59,839

thing with the evolution of the drone

1188

00:40:03,270 --> 00:40:01,760

think about how far from

1189

00:40:05,510 --> 00:40:03,280

20 years from now what we're going to be

1190

00:40:07,990 --> 00:40:05,520

able to do with these things right

1191

00:40:09,349 --> 00:40:08,000

so technology plays a big part one thing

1192

00:40:11,190 --> 00:40:09,359

i want to ask you i've always wanted to

1193

00:40:12,470 --> 00:40:11,200

do a cattle mutilation have you ever had

1194

00:40:13,910 --> 00:40:12,480

one

1195

00:40:15,430 --> 00:40:13,920

no i can't actually do a cattle

1196

00:40:18,630 --> 00:40:15,440

mutilation like well not actually all

1197

00:40:22,230 --> 00:40:20,470

bring out my knives uh no but i've

1198

00:40:24,470 --> 00:40:22,240

always wanted to investigate one uh i

1199

00:40:25,990 --> 00:40:24,480

never got my you know there's not much

1200

00:40:28,309 --> 00:40:26,000

activity in bc right now with cattle

1201

00:40:29,750 --> 00:40:28,319

mutilations unfortunately but i just was

1202

00:40:31,510 --> 00:40:29,760

wondering if you ever had a chance yes

1203

00:40:33,589 --> 00:40:31,520

ma'am yeah i know exactly

1204

00:40:36,470 --> 00:40:33,599

where are you from what state uh bc

1205

00:40:38,790 --> 00:40:36,480

british columbia okay in canada yeah

1206

00:40:41,349 --> 00:40:38,800

okay yeah now i haven't had any and i've

1207

00:40:44,150 --> 00:40:41,359

been dying to go because i got a smart

1208

00:40:45,349 --> 00:40:44,160

uh telescope or uh microscope and with

1209

00:40:47,030 --> 00:40:45,359

the with the attachment for the

1210

00:40:48,950 --> 00:40:47,040

smartphone so i could take pictures and

1211

00:40:50,470 --> 00:40:48,960

send it to the lab and i've been dying

1212

00:40:52,309 --> 00:40:50,480

to get a case like that man go out in

1213

00:40:54,230 --> 00:40:52,319

the field and take some you know

1214

00:40:55,750 --> 00:40:54,240

materials and and do all that you know

1215

00:40:57,030 --> 00:40:55,760

something called linda moulton house

1216

00:40:59,510 --> 00:40:57,040

should hook you up with some cattle

1217

00:41:00,870 --> 00:40:59,520

mutilation stories yeah absolutely yeah

1218

00:41:02,550 --> 00:41:00,880

that's how you thought the drone would

1219

00:41:04,150 --> 00:41:02,560

come in handy because you could get uh

1220

00:41:06,069 --> 00:41:04,160

something before you approach the site

1221

00:41:08,390 --> 00:41:06,079

you can actually get a good aerial view

1222

00:41:10,710 --> 00:41:08,400

of what happened so yeah uh that's a fun

1223

00:41:12,710 --> 00:41:10,720

we gotta get on the star team too

1224

00:41:13,750 --> 00:41:12,720

that'll be you know the star team is

1225

00:41:15,589 --> 00:41:13,760

yeah

1226

00:41:17,589 --> 00:41:15,599

these guys are crazy because they'll

1227

00:41:19,670 --> 00:41:17,599

actually go out like if you they get a

1228

00:41:21,349 --> 00:41:19,680

call they'll leave at a moment's notice

1229

00:41:23,829 --> 00:41:21,359

get it on a plane and go to your

1230

00:41:24,710 --> 00:41:23,839

location and uh go do the investigation

1231

00:41:26,150 --> 00:41:24,720

which

1232

00:41:28,390 --> 00:41:26,160

i can't do that i just don't have the

1233

00:41:29,990 --> 00:41:28,400

time to do that but uh i'm amazed that

1234

00:41:31,910 --> 00:41:30,000

people actually

1235

00:41:34,230 --> 00:41:31,920

are part of this team and that they'll

1236

00:41:36,150 --> 00:41:34,240

yeah relocate within a matter of hours

1237

00:41:38,069 --> 00:41:36,160

to your location to come see what took

1238

00:41:39,910 --> 00:41:38,079

place especially if there's

1239

00:41:41,670 --> 00:41:39,920

some significant like something landed

1240

00:41:44,309 --> 00:41:41,680

or anything like that in your backyard

1241

00:41:46,390 --> 00:41:44,319

they're there um yeah yeah like i said

1242

00:41:48,150 --> 00:41:46,400

there's different uh for the listeners

1243

00:41:50,230 --> 00:41:48,160

there's definite definitely different uh

1244

00:41:52,710 --> 00:41:50,240

levels in different groups that you can

1245

00:41:53,829 --> 00:41:52,720

do within mufon yeah i always encourage

1246

00:41:55,430 --> 00:41:53,839

people to definitely join the

1247

00:41:58,470 --> 00:41:55,440

organization because it's a great way to

1248

00:41:59,589 --> 00:41:58,480

start to get cases to uh

1249

00:42:01,750 --> 00:41:59,599

you know

1250

00:42:03,270 --> 00:42:01,760

build a career of investigations

1251
00:42:04,550 --> 00:42:03,280
especially if you've always been a couch

1252
00:42:06,309 --> 00:42:04,560
investigator and you want to get

1253
00:42:07,670 --> 00:42:06,319
yourself out there mufon is definitely

1254
00:42:10,309 --> 00:42:07,680
the place to start

1255
00:42:12,309 --> 00:42:10,319
uh before we go let's talk about uh ufo

1256
00:42:13,910 --> 00:42:12,319
encounters worldwide podcast when did

1257
00:42:18,150 --> 00:42:13,920
that start

1258
00:42:19,430 --> 00:42:18,160
year i think in april the end of april

1259
00:42:21,990 --> 00:42:19,440
congratulations

1260
00:42:23,430 --> 00:42:22,000
thank you i appreciate it um yeah and it

1261
00:42:25,670 --> 00:42:23,440
was just one of those things where i was

1262
00:42:27,430 --> 00:42:25,680
like maybe i can just you know get some

1263
00:42:29,270 --> 00:42:27,440

information out to about 10 people a

1264

00:42:31,750 --> 00:42:29,280

week if they want to listen to the

1265

00:42:33,750 --> 00:42:31,760

episode and and i'd be happy with that

1266

00:42:35,030 --> 00:42:33,760

and uh i started doing episodes by

1267

00:42:37,990 --> 00:42:35,040

myself and then i was like let's get

1268

00:42:39,829 --> 00:42:38,000

some guests on and uh now we're a year

1269

00:42:41,990 --> 00:42:39,839

later and i'm on kgra digital

1270

00:42:44,150 --> 00:42:42,000

broadcasting now and i got three

1271

00:42:47,030 --> 00:42:44,160

different sponsors and it's it's it's

1272

00:42:48,230 --> 00:42:47,040

blowing up big and i couldn't be happier

1273

00:42:50,150 --> 00:42:48,240

um

1274

00:42:52,230 --> 00:42:50,160

so it's just something that has really

1275

00:42:53,990 --> 00:42:52,240

gotten to the point where i i never

1276

00:42:56,390 --> 00:42:54,000

would have imagined that it would have

1277

00:42:58,069 --> 00:42:56,400

got to we have our website now

1278

00:42:59,430 --> 00:42:58,079

all kinds of stuff it's just it's really

1279

00:43:01,510 --> 00:42:59,440

good and the listeners are really good

1280

00:43:02,790 --> 00:43:01,520

supporters of the show as well yeah i

1281

00:43:04,710 --> 00:43:02,800

know we definitely recommend your

1282

00:43:06,790 --> 00:43:04,720

podcast uh you got some great guests

1283

00:43:07,750 --> 00:43:06,800

some good content on there as well uh

1284

00:43:11,349 --> 00:43:07,760

what

1285

00:43:14,230 --> 00:43:11,359

that you've had on so far

1286

00:43:16,630 --> 00:43:14,240

uh peter robbins was absolutely amazing

1287

00:43:20,630 --> 00:43:16,640

um we had him we had tom carey don

1288

00:43:23,829 --> 00:43:20,640

schmidt kevin randall uh marty antonio

1289

00:43:26,390 --> 00:43:23,839

charles costa i mean it just goes on and

1290

00:43:27,990 --> 00:43:26,400

on tons of research philip mantle who is

1291

00:43:30,150 --> 00:43:28,000

someone that i'm very dear and close

1292

00:43:32,230 --> 00:43:30,160

with he's my publisher as well

1293

00:43:33,829 --> 00:43:32,240

um so i mean there's just so many

1294

00:43:35,349 --> 00:43:33,839

different people in different aspects

1295

00:43:37,990 --> 00:43:35,359

and i mean i just started having

1296

00:43:38,710 --> 00:43:38,000

paranormal people on and bigfoot people

1297

00:43:41,270 --> 00:43:38,720

on

1298

00:43:43,510 --> 00:43:41,280

um you know documentary filmmakers so i

1299

00:43:45,430 --> 00:43:43,520

try to hit it all you know what i mean

1300

00:43:47,670 --> 00:43:45,440

um and try to get the information out

1301

00:43:50,230 --> 00:43:47,680

and i also had uh this year we started

1302

00:43:52,069 --> 00:43:50,240

our experencer month so we had all

1303

00:43:53,430 --> 00:43:52,079

month long we had different experiencers

1304

00:43:55,109 --> 00:43:53,440

that want to tell their stories for the

1305

00:43:56,309 --> 00:43:55,119

first time which which was really

1306

00:43:58,710 --> 00:43:56,319

successful

1307

00:44:00,230 --> 00:43:58,720

um they really enjoyed coming on being

1308

00:44:02,069 --> 00:44:00,240

able to tell their stories in a safe

1309

00:44:02,950 --> 00:44:02,079

environment you know and feel okay to

1310

00:44:04,470 --> 00:44:02,960

tell it

1311

00:44:06,550 --> 00:44:04,480

um so that was cool and then we also

1312

00:44:07,910 --> 00:44:06,560

celebrated the month before that women

1313

00:44:10,069 --> 00:44:07,920

in the field

1314

00:44:12,069 --> 00:44:10,079

so different ufologists and paranormal

1315

00:44:13,750 --> 00:44:12,079

investigators are women and celebrate

1316

00:44:15,270 --> 00:44:13,760

them because there's not enough of them

1317

00:44:17,270 --> 00:44:15,280

in the field

1318

00:44:19,030 --> 00:44:17,280

so we're just trying to help in any way

1319

00:44:21,430 --> 00:44:19,040

we can

1320

00:44:23,990 --> 00:44:21,440

and yeah and we're also starting a new

1321

00:44:25,349 --> 00:44:24,000

project which is called the uap medical

1322

00:44:27,190 --> 00:44:25,359

coalition

1323

00:44:28,870 --> 00:44:27,200

um which is just starting we just have

1324

00:44:30,309 --> 00:44:28,880

we just started our um

1325

00:44:33,109 --> 00:44:30,319

our twitter account

1326

00:44:35,990 --> 00:44:33,119

um and we there's it's ted rowe um the

1327

00:44:38,150 --> 00:44:36,000

director of narcap myself and another

1328

00:44:39,589 --> 00:44:38,160

individual that are the founders of it

1329

00:44:41,589 --> 00:44:39,599

and we're putting a team together and

1330

00:44:43,829 --> 00:44:41,599

we're going to help try to

1331

00:44:46,710 --> 00:44:43,839

um you know uh

1332

00:44:49,190 --> 00:44:46,720

brief medical professionals on how to

1333

00:44:51,670 --> 00:44:49,200

maybe help or assist people that have

1334

00:44:53,670 --> 00:44:51,680

been affected by the uap experienced

1335

00:44:55,589 --> 00:44:53,680

experiencers and such because usually

1336

00:44:57,349 --> 00:44:55,599

when when people that are experiences go

1337

00:44:59,670 --> 00:44:57,359

to a medical professional and say hey i

1338

00:45:02,069 --> 00:44:59,680

have aliens abducted me they have no

1339

00:45:04,309 --> 00:45:02,079

idea and they usually misdiagnose people

1340

00:45:06,230 --> 00:45:04,319

um so our goal is to try to we have

1341

00:45:07,030 --> 00:45:06,240

medical professionals on our team to

1342

00:45:08,790 --> 00:45:07,040

help

1343

00:45:10,870 --> 00:45:08,800

brief these medical professionals and

1344

00:45:12,230 --> 00:45:10,880

have no idea how to help them

1345

00:45:14,069 --> 00:45:12,240

um so that's kind of where we're at

1346

00:45:15,990 --> 00:45:14,079

right now and we're starting that up uh

1347

00:45:16,950 --> 00:45:16,000

we're putting a forum together right now

1348

00:45:18,870 --> 00:45:16,960

as well

1349

00:45:20,550 --> 00:45:18,880

um so if you just follow us on the

1350

00:45:22,550 --> 00:45:20,560

twitter account it's you i think it's

1351

00:45:24,470 --> 00:45:22,560

uapmc

1352

00:45:25,750 --> 00:45:24,480

and the website will be out soon so

1353

00:45:28,069 --> 00:45:25,760

we're doing a lot of different stuff

1354

00:45:29,829 --> 00:45:28,079

this year and project that tech is just

1355

00:45:31,430 --> 00:45:29,839

that's been going we start that october

1356

00:45:33,270 --> 00:45:31,440

2021 and

1357

00:45:34,870 --> 00:45:33,280

i mean we've had a lot of people uh

1358

00:45:36,870 --> 00:45:34,880

reporting to a private email it's

1359

00:45:38,630 --> 00:45:36,880

security it can be anonymous

1360

00:45:39,910 --> 00:45:38,640

um so a lot of different stuff going on

1361

00:45:41,270 --> 00:45:39,920

pretty busy

1362

00:45:42,630 --> 00:45:41,280

yeah i bet

1363

00:45:44,069 --> 00:45:42,640

louie do you have any final questions

1364

00:45:45,750 --> 00:45:44,079

for our guest today no we just want to

1365

00:45:46,870 --> 00:45:45,760

extend a big thanks to jesse peak for

1366

00:45:49,030 --> 00:45:46,880

being on the show it's always

1367

00:45:51,109 --> 00:45:49,040

interesting to get the perspective of

1368

00:45:53,109 --> 00:45:51,119

mufon investigators guys that are you

1369

00:45:54,309 --> 00:45:53,119

know better trained observers than the

1370

00:45:55,990 --> 00:45:54,319

average joe

1371

00:45:57,670 --> 00:45:56,000

you do a lot of work a lot of thankless

1372

00:45:59,589 --> 00:45:57,680

work you probably get a lot of flack too

1373

00:46:01,750 --> 00:45:59,599

as you mentioned earlier people

1374

00:46:03,829 --> 00:46:01,760

don't believe your synopsis regardless

1375

00:46:05,910 --> 00:46:03,839

of your credentials so it's a tough job

1376

00:46:07,750 --> 00:46:05,920

you take a head kicking jason knows all

1377

00:46:08,950 --> 00:46:07,760

about that as well but yeah we just want

1378

00:46:11,109 --> 00:46:08,960

to say thanks for coming on the show

1379

00:46:12,550 --> 00:46:11,119

taking time out of your schedule and

1380

00:46:14,630 --> 00:46:12,560

sharing little tidbits with our audience

1381

00:46:15,990 --> 00:46:14,640

we really appreciate it yeah thank you

1382

00:46:17,670 --> 00:46:16,000

it was an honor to come on and be able

1383

00:46:19,430 --> 00:46:17,680

to chat with you guys and have a good

1384

00:46:21,670 --> 00:46:19,440

conversation and

1385

00:46:24,110 --> 00:46:21,680

you know we'll do it again sometime
