This central element is surrounded by a complex, glowing blue structure that resembles a stylized atom or a futuristic ring. The structure consists of multiple concentric, irregular rings of light blue and cyan, with intricate circuit-like patterns and lines extending outwards. The background is a solid black, which makes the glowing blue and white elements stand out prominently.

00:00:23,910 --> 00:00:19,400

[Music]

2
00:00:26,070 --> 00:00:23,920

all right welcome back to at uap studies

3
00:00:27,910 --> 00:00:26,080

podcast uh my name is louis borges

4
00:00:29,750 --> 00:00:27,920

joining me as always jason gilmet how

5
00:00:31,830 --> 00:00:29,760

are you brother i'm doing very good how

6
00:00:33,830 --> 00:00:31,840

are you doing i'm doing really good i'm

7
00:00:35,670 --> 00:00:33,840

uh i'm feeling charged up you know when

8
00:00:37,910 --> 00:00:35,680

you're like you're really into something

9
00:00:39,910 --> 00:00:37,920

a topic and you're doing some research

10
00:00:41,590 --> 00:00:39,920

and you just seem to be getting

11
00:00:43,590 --> 00:00:41,600

hotter and hotter on

12
00:00:45,990 --> 00:00:43,600

on on the truth you know and especially

13
00:00:49,190 --> 00:00:46,000

with the topic like uap studies for the

14

00:00:50,470 --> 00:00:49,200

last 80 years 70 years whatever it is uh

15

00:00:52,229 --> 00:00:50,480

it's been something that's been really

16

00:00:53,990 --> 00:00:52,239

compressed and hidden and

17

00:00:55,750 --> 00:00:54,000

compartmentalized and even the people

18

00:00:58,310 --> 00:00:55,760

working on those projects haven't really

19

00:01:00,229 --> 00:00:58,320

had access to the full story and we're

20

00:01:01,990 --> 00:01:00,239

in the unique position where we're

21

00:01:03,750 --> 00:01:02,000

interviewing people that are either

22

00:01:07,030 --> 00:01:03,760

hands-on experimenter

23

00:01:09,270 --> 00:01:07,040

military people government people

24

00:01:12,070 --> 00:01:09,280

reputable reporters we're not just

25

00:01:14,469 --> 00:01:12,080

having to cipher through the the tsunami

26
00:01:17,109 --> 00:01:14,479
of information on you know the world of

27
00:01:18,710 --> 00:01:17,119
ufo twitter and social media and even

28
00:01:21,670 --> 00:01:18,720
television shows i mean everything has

29
00:01:23,749 --> 00:01:21,680
its own bias towards it so for us as

30
00:01:25,429 --> 00:01:23,759
being you know genuine researchers and

31
00:01:27,830 --> 00:01:25,439
that's what started the podcast was that

32
00:01:29,910 --> 00:01:27,840
desire to spread this information and

33
00:01:31,830 --> 00:01:29,920
get it out there and to where it's grown

34
00:01:33,190 --> 00:01:31,840
now over two years we've got thousands

35
00:01:35,270 --> 00:01:33,200
and thousands of people that listen

36
00:01:37,030 --> 00:01:35,280
every week thousands of people download

37
00:01:40,149 --> 00:01:37,040
the episode just to have a hard copy of

38
00:01:41,429 --> 00:01:40,159

it to listen again so we must be on to

39

00:01:43,350 --> 00:01:41,439

something and the people that we're

40

00:01:45,749 --> 00:01:43,360

bringing on with their integrity is

41

00:01:47,749 --> 00:01:45,759

definitely contributing to that so

42

00:01:49,429 --> 00:01:47,759

you know what let's summarize where we

43

00:01:51,670 --> 00:01:49,439

where we're at like we've had some

44

00:01:54,069 --> 00:01:51,680

really controversial people on the show

45

00:01:56,630 --> 00:01:54,079

uh and a lot of them have have given us

46

00:01:58,310 --> 00:01:56,640

unique details like i mean to take for

47

00:02:00,469 --> 00:01:58,320

calvin parker for example and sean

48

00:02:02,630 --> 00:02:00,479

cahill they revealed personal and

49

00:02:04,709 --> 00:02:02,640

intimate details that they've never

50

00:02:07,670 --> 00:02:04,719

spoken about on any other recording or

51
00:02:10,070 --> 00:02:07,680
tv show or podcast or anything yeah so i

52
00:02:12,229 --> 00:02:10,080
take that as a huge compliment to us um

53
00:02:13,910 --> 00:02:12,239
you know that we're we have a noble uh

54
00:02:15,510 --> 00:02:13,920
opinion about what we're doing and where

55
00:02:18,309 --> 00:02:15,520
we're coming from and that's really

56
00:02:19,430 --> 00:02:18,319
starting to gain some traction so um

57
00:02:21,350 --> 00:02:19,440
yeah

58
00:02:23,510 --> 00:02:21,360
the last few episodes are nuts like look

59
00:02:25,430 --> 00:02:23,520
who we've had on the show yeah and you

60
00:02:27,350 --> 00:02:25,440
know what like um even with the the

61
00:02:28,150 --> 00:02:27,360
premise of a podcast what i like about

62
00:02:33,750 --> 00:02:28,160
it

63
00:02:35,910 --> 00:02:33,760

to introduce the news to

64

00:02:37,750 --> 00:02:35,920

people they have to do it a certain way

65

00:02:39,030 --> 00:02:37,760

for people to pay attention

66

00:02:40,949 --> 00:02:39,040

our listeners are already paying

67

00:02:43,190 --> 00:02:40,959

attention to people that are already in

68

00:02:43,910 --> 00:02:43,200

ufology their interests are there right

69

00:02:44,869 --> 00:02:43,920

and

70

00:02:46,550 --> 00:02:44,879

um

71

00:02:48,390 --> 00:02:46,560

it's great because the podcast grew

72

00:02:50,150 --> 00:02:48,400

because of that we don't have when we

73

00:02:52,229 --> 00:02:50,160

have the guests on we don't have to

74

00:02:53,990 --> 00:02:52,239

prime it up to have them tell their

75

00:02:55,750 --> 00:02:54,000

story we could just go right into it and

76

00:02:57,670 --> 00:02:55,760

that's a nice aspect of podcasting

77

00:03:00,070 --> 00:02:57,680

that's a little bit different than radio

78

00:03:02,390 --> 00:03:00,080

or even television is that you get to

79

00:03:04,710 --> 00:03:02,400

just go right into the subject and

80

00:03:06,470 --> 00:03:04,720

usually people end up you know having

81

00:03:08,309 --> 00:03:06,480

more to talk about because they don't

82

00:03:10,949 --> 00:03:08,319

have to wait there for the announcer to

83

00:03:12,949 --> 00:03:10,959

go well you know and then you know

84

00:03:15,589 --> 00:03:12,959

what about this like it's we can get

85

00:03:16,949 --> 00:03:15,599

right into the juicy stuff right away so

86

00:03:18,630 --> 00:03:16,959

and a little extra info for our

87

00:03:20,949 --> 00:03:18,640

listeners that you know just hear the

88

00:03:22,630 --> 00:03:20,959

show but before we record a show we get

89

00:03:24,149 --> 00:03:22,640

the guest on right now we're using zoom

90

00:03:26,309 --> 00:03:24,159

as our platform because we like to see

91

00:03:28,390 --> 00:03:26,319

the body language and uh sometimes you

92

00:03:29,990 --> 00:03:28,400

hear a pause you think that's your time

93

00:03:31,270 --> 00:03:30,000

to interject and the guy's having a sip

94

00:03:33,030 --> 00:03:31,280

of coffee or something he's ready to

95

00:03:34,390 --> 00:03:33,040

keep going so we like having the visual

96

00:03:36,710 --> 00:03:34,400

to go along with that it's more of a

97

00:03:39,190 --> 00:03:36,720

natural i mean we're people right we're

98

00:03:41,190 --> 00:03:39,200

we're visual we're audio we we want to

99

00:03:42,630 --> 00:03:41,200

we want to have that as well so but

100

00:03:43,750 --> 00:03:42,640

before we bring them on the show we

101
00:03:45,990 --> 00:03:43,760

basically

102
00:03:48,229 --> 00:03:46,000

give them 30 seconds of us in a nutshell

103
00:03:50,229 --> 00:03:48,239

uh you know this isn't about our opinion

104
00:03:52,070 --> 00:03:50,239

this is fact-based we're science-minded

105
00:03:54,390 --> 00:03:52,080

people we don't want to talk about

106
00:03:55,910 --> 00:03:54,400

fringe things we want to get down to the

107
00:03:57,910 --> 00:03:55,920

nuts and bolts you know we've heard that

108
00:03:59,910 --> 00:03:57,920

term a lot lately nuts and bolts ufo

109
00:04:02,470 --> 00:03:59,920

people that's basically what we are as

110
00:04:04,390 --> 00:04:02,480

close as you can get uh to a subject

111
00:04:06,630 --> 00:04:04,400

that doesn't just exist of nuts and

112
00:04:09,270 --> 00:04:06,640

bolts in fact the more you learn about

113
00:04:11,110 --> 00:04:09,280

this the more metaphysical it's becoming

114

00:04:13,670 --> 00:04:11,120

and conscious based

115

00:04:16,069 --> 00:04:13,680

i mean how else can somebody travel

116

00:04:17,509 --> 00:04:16,079

24 million light years even if you could

117

00:04:19,990 --> 00:04:17,519

travel at the speed of light nobody has

118

00:04:21,509 --> 00:04:20,000

24 million years for a one-way trip so

119

00:04:25,510 --> 00:04:21,519

we must be talking about things on the

120

00:04:27,830 --> 00:04:25,520

quantum level um and basically

121

00:04:29,430 --> 00:04:27,840

it's becoming more and more obscure you

122

00:04:31,270 --> 00:04:29,440

know the deeper we go

123

00:04:32,870 --> 00:04:31,280

the the more obscure it's getting so we

124

00:04:34,629 --> 00:04:32,880

we speak to our guests we tell them this

125

00:04:36,310 --> 00:04:34,639

is the basis of our show it's a safe

126

00:04:38,790 --> 00:04:36,320

place there's no judgment

127

00:04:41,110 --> 00:04:38,800

we want you to just tell our viewers and

128

00:04:42,469 --> 00:04:41,120

our listeners what you want to tell them

129

00:04:44,790 --> 00:04:42,479

you know so when they come on the show

130

00:04:46,710 --> 00:04:44,800

and we roll the music and hey here we go

131

00:04:48,390 --> 00:04:46,720

they're already primed that it's not

132

00:04:50,550 --> 00:04:48,400

going to be that kind of show we're not

133

00:04:52,150 --> 00:04:50,560

here to ask them uncomfortable questions

134

00:04:53,909 --> 00:04:52,160

or stupid [h__\h] that's going to make them

135

00:04:55,590 --> 00:04:53,919

not want to come back we want to ask

136

00:04:57,990 --> 00:04:55,600

them the stuff that our listeners want

137

00:05:00,310 --> 00:04:58,000

to hear like let's get right into it

138

00:05:02,070 --> 00:05:00,320

what happened and don't don't leave

139

00:05:03,990 --> 00:05:02,080

anything out and it's been working

140

00:05:06,550 --> 00:05:04,000

extremely well and i mean the quality of

141

00:05:09,350 --> 00:05:06,560

the recordings and the listenership is a

142

00:05:11,749 --> 00:05:09,360

testament to that yeah no

143

00:05:13,270 --> 00:05:11,759

i've had a blast uh so far in the last

144

00:05:15,029 --> 00:05:13,280

two years just seeing like the guests

145

00:05:17,270 --> 00:05:15,039

that i was able to get on because the

146

00:05:19,110 --> 00:05:17,280

thing is you know we're still to the

147

00:05:21,510 --> 00:05:19,120

point where we it's not like we have any

148

00:05:23,350 --> 00:05:21,520

people working for us booking the guests

149

00:05:24,790 --> 00:05:23,360

it really is just you and i

150

00:05:26,950 --> 00:05:24,800

contacting these people saying hey we

151
00:05:28,070 --> 00:05:26,960
would like to have you on the podcast

152
00:05:30,150 --> 00:05:28,080
and the thing is

153
00:05:32,150 --> 00:05:30,160
we're not on apple which i've been given

154
00:05:33,430 --> 00:05:32,160
crap about that but apple is making it

155
00:05:35,749 --> 00:05:33,440
really difficult for me to put the

156
00:05:38,310 --> 00:05:35,759
podcast on there i don't know if i'm not

157
00:05:40,230 --> 00:05:38,320
technologically you know savvy to begin

158
00:05:42,710 --> 00:05:40,240
with but i think they can make it a lot

159
00:05:44,790 --> 00:05:42,720
easier to put it on there except having

160
00:05:46,790 --> 00:05:44,800
all these different steps you gotta meet

161
00:05:48,150 --> 00:05:46,800
you know george behind wendy's at three

162
00:05:50,950 --> 00:05:48,160
o'clock in the morning and he'll give

163
00:05:53,590 --> 00:05:50,960

you a code for this website it's like ah

164

00:05:56,550 --> 00:05:53,600

just give me make it simple uh so if

165

00:05:57,909 --> 00:05:56,560

anybody is on apple and you really want

166

00:06:00,629 --> 00:05:57,919

this podcast on there just tell them

167

00:06:02,070 --> 00:06:00,639

make it simpler to for uh yeah we'll do

168

00:06:04,150 --> 00:06:02,080

that we'll figure it out we're getting

169

00:06:06,870 --> 00:06:04,160

on youtube next i was a big proponent of

170

00:06:09,270 --> 00:06:06,880

that uh not so much that

171

00:06:10,550 --> 00:06:09,280

youtube is the end all of everything but

172

00:06:12,230 --> 00:06:10,560

there's a lot of people that are visual

173

00:06:14,629 --> 00:06:12,240

based rather than audio based we're

174

00:06:17,430 --> 00:06:14,639

already recording a video of this

175

00:06:19,430 --> 00:06:17,440

podcast so in terms of not making more

176

00:06:20,790 --> 00:06:19,440

work for ourselves for one but there's

177

00:06:22,950 --> 00:06:20,800

also a different listenership some

178

00:06:24,070 --> 00:06:22,960

people do want a visual uh and i mean

179

00:06:25,830 --> 00:06:24,080

chances are if you're listening to an

180

00:06:27,270 --> 00:06:25,840

hour and a half or an hour long podcast

181

00:06:29,430 --> 00:06:27,280

on youtube you're not looking at the

182

00:06:30,790 --> 00:06:29,440

screen the entire time but my wife is

183

00:06:32,390 --> 00:06:30,800

one of those people when i try to get

184

00:06:34,390 --> 00:06:32,400

her to listen to a podcast i get 15

185

00:06:36,390 --> 00:06:34,400

minutes of her attention that's the

186

00:06:38,070 --> 00:06:36,400

subject's over her head and she's out

187

00:06:40,309 --> 00:06:38,080

but when i show her a video recording of

188

00:06:41,990 --> 00:06:40,319

us interviewing george knapp she's glued

189

00:06:44,150 --> 00:06:42,000

to the screen yeah you know because

190

00:06:46,230 --> 00:06:44,160

she's seeing who we're speaking to and

191

00:06:49,029 --> 00:06:46,240

it's just some people learn differently

192

00:06:51,430 --> 00:06:49,039

and absorb differently uh and in hopes

193

00:06:53,430 --> 00:06:51,440

to kind of not increase our show we're

194

00:06:54,629 --> 00:06:53,440

not doing this for money but to increase

195

00:06:56,870 --> 00:06:54,639

the number of people that are getting

196

00:06:58,950 --> 00:06:56,880

legitimate information that are getting

197

00:07:01,909 --> 00:06:58,960

our george knapp interviews and kathleen

198

00:07:03,430 --> 00:07:01,919

martin and sean cahill and jacques valet

199

00:07:05,510 --> 00:07:03,440

legitimate people

200

00:07:07,189 --> 00:07:05,520

need to hear legitimate information

201
00:07:09,589 --> 00:07:07,199
because there's a lot of nonsense out

202
00:07:10,870 --> 00:07:09,599
there and even the stuff that's truthful

203
00:07:13,110 --> 00:07:10,880
which we'll probably get into a little

204
00:07:15,270 --> 00:07:13,120
later you know things coming from

205
00:07:17,350 --> 00:07:15,280
mainstream media channels

206
00:07:19,270 --> 00:07:17,360
it's not a hundred percent like there is

207
00:07:21,589 --> 00:07:19,280
still a slant there there's politics

208
00:07:23,270 --> 00:07:21,599
behind the scenes and i mean let's be

209
00:07:25,589 --> 00:07:23,280
honest the same governments that have

210
00:07:27,189 --> 00:07:25,599
been hiding this stuff for 70 years now

211
00:07:29,029 --> 00:07:27,199
they release a tic tac video and we're

212
00:07:31,430 --> 00:07:29,039
supposed to say oh yeah we trust them

213
00:07:33,830 --> 00:07:31,440

now [h__h] they're they want to make

214

00:07:36,309 --> 00:07:33,840

this out to be a threat narrative

215

00:07:38,710 --> 00:07:36,319

because it coincides with that military

216

00:07:41,189 --> 00:07:38,720

installation keep spending the money

217

00:07:43,189 --> 00:07:41,199

keep investing in defense and let's keep

218

00:07:45,189 --> 00:07:43,199

this train going you know

219

00:07:48,469 --> 00:07:45,199

when you're a hammer all you see are

220

00:07:49,990 --> 00:07:48,479

nails so if you're military trained and

221

00:07:51,990 --> 00:07:50,000

through and through you don't know how

222

00:07:54,309 --> 00:07:52,000

to think any differently and i think a

223

00:07:56,070 --> 00:07:54,319

lot of the information that we get

224

00:07:58,550 --> 00:07:56,080

has that bias to it

225

00:08:01,029 --> 00:07:58,560

um and i think it's important to give

226

00:08:02,710 --> 00:08:01,039

people all the raw data and don't

227

00:08:04,390 --> 00:08:02,720

underestimate the intelligence of people

228

00:08:06,710 --> 00:08:04,400

to draw their own conclusion yeah they

229

00:08:08,469 --> 00:08:06,720

don't need it wrapped up with a bow

230

00:08:10,230 --> 00:08:08,479

because it's the same thing that they

231

00:08:11,589 --> 00:08:10,240

wrapped up in a bow 70 years ago and

232

00:08:13,430 --> 00:08:11,599

said there's nothing here don't worry

233

00:08:15,670 --> 00:08:13,440

about it go back to your life

234

00:08:17,350 --> 00:08:15,680

so don't be a sheep you know like and

235

00:08:19,350 --> 00:08:17,360

that's that's kind of where i come from

236

00:08:21,350 --> 00:08:19,360

as an investigator and that's sort of

237

00:08:23,589 --> 00:08:21,360

the message i want to bring to this show

238

00:08:25,189 --> 00:08:23,599

is uh take the information run with it

239

00:08:27,990 --> 00:08:25,199

you're going to have to read through 90

240

00:08:29,830 --> 00:08:28,000

of nonsense to get 10 of good but it's

241

00:08:33,110 --> 00:08:29,840

out there and the fact that there's this

242

00:08:35,269 --> 00:08:33,120

much volume of material tells you it's

243

00:08:37,750 --> 00:08:35,279

not a dead topic there's no things

244

00:08:38,709 --> 00:08:37,760

happening yeah but those that actually

245

00:08:47,030 --> 00:08:38,719

know

246

00:08:48,949 --> 00:08:47,040

but ufology is a lot like a big puzzle

247

00:08:50,870 --> 00:08:48,959

and we get little pieces here and there

248

00:08:51,829 --> 00:08:50,880

and the pieces sometimes are for a part

249

00:08:53,509 --> 00:08:51,839

that's

250

00:08:54,949 --> 00:08:53,519

you know coming down the line but we

251

00:08:56,790 --> 00:08:54,959

just got to hold on to those pieces

252

00:08:58,470 --> 00:08:56,800

because they'll make sense later and

253

00:09:01,190 --> 00:08:58,480

when you hear about experiences from the

254

00:09:03,030 --> 00:09:01,200

past to right now the consistency of

255

00:09:05,030 --> 00:09:03,040

these experiences being weird that we

256

00:09:07,030 --> 00:09:05,040

still don't know that this is

257

00:09:08,949 --> 00:09:07,040

secretive as hell

258

00:09:11,910 --> 00:09:08,959

is still happening for me what i find

259

00:09:15,190 --> 00:09:11,920

funny now is the uh the navy seems to be

260

00:09:16,949 --> 00:09:15,200

as much experiencers as anybody else

261

00:09:19,910 --> 00:09:16,959

because you know they're being trailed

262

00:09:21,829 --> 00:09:19,920

by these orbs all the time and people

263

00:09:23,590 --> 00:09:21,839

are coming out from the navy after

264

00:09:26,070 --> 00:09:23,600

retiring and saying yeah man some some

265

00:09:28,150 --> 00:09:26,080

weird [h__\h] going on uh you know we've

266

00:09:30,630 --> 00:09:28,160

had a few of them on the the podcast

267

00:09:33,110 --> 00:09:30,640

already so that is cool

268

00:09:35,350 --> 00:09:33,120

you know it is the military that you

269

00:09:37,910 --> 00:09:35,360

know the the men and women that serve

270

00:09:39,430 --> 00:09:37,920

that are coming out and saying yeah this

271

00:09:41,269 --> 00:09:39,440

is what we experienced this is what we

272

00:09:43,350 --> 00:09:41,279

chased this is what we couldn't figure

273

00:09:44,710 --> 00:09:43,360

out still can't figure out what the best

274

00:09:46,949 --> 00:09:44,720

technology

275

00:09:49,430 --> 00:09:46,959

in the world you know they got if the

276

00:09:51,509 --> 00:09:49,440

best military in the world can't figure

277

00:09:54,550 --> 00:09:51,519

it out what's chasing them

278

00:09:56,070 --> 00:09:54,560

what's you know approaching their ships

279

00:09:57,430 --> 00:09:56,080

with the best technology that they have

280

00:09:59,430 --> 00:09:57,440

you got to say okay there's definitely

281

00:10:01,430 --> 00:09:59,440

something happening now momentum is

282

00:10:03,190 --> 00:10:01,440

moving like it's just air force not

283

00:10:04,790 --> 00:10:03,200

saying anything right now

284

00:10:06,230 --> 00:10:04,800

that's concerning i think they should

285

00:10:07,509 --> 00:10:06,240

speak up or we should have heard from

286

00:10:09,990 --> 00:10:07,519

them by now

287

00:10:11,590 --> 00:10:10,000

i mean let's look at the last five years

288

00:10:13,030 --> 00:10:11,600

i mean people have been into ufology for

289

00:10:14,710 --> 00:10:13,040

decades but

290

00:10:15,990 --> 00:10:14,720

most would agree the last five years

291

00:10:18,949 --> 00:10:16,000

have been the most

292

00:10:21,430 --> 00:10:18,959

uh record-breaking in terms of you know

293

00:10:23,509 --> 00:10:21,440

pieces of information so everybody's

294

00:10:25,350 --> 00:10:23,519

heard of the tic tac video

295

00:10:28,150 --> 00:10:25,360

and the subsequent gimbal and everything

296

00:10:31,430 --> 00:10:28,160

else the new york times produces that uh

297

00:10:33,110 --> 00:10:31,440

article in december of 2017 where they

298

00:10:35,750 --> 00:10:33,120

basically admit that the pentagon has

299

00:10:38,389 --> 00:10:35,760

videos of ufo craft that they can't

300

00:10:40,550 --> 00:10:38,399

quite explain so and since then that

301
00:10:43,509 --> 00:10:40,560
spawned television shows names like luis

302
00:10:45,670 --> 00:10:43,519
elizondo who's a former atip government

303
00:10:47,509 --> 00:10:45,680
employee who said that he could get more

304
00:10:49,350 --> 00:10:47,519
done in the public sector than he could

305
00:10:51,990 --> 00:10:49,360
working with government constraints and

306
00:10:54,069 --> 00:10:52,000
security clearances and all that and uh

307
00:10:57,110 --> 00:10:54,079
and now you have tv shows on the history

308
00:10:59,350 --> 00:10:57,120
channel uh tom delong from blink182

309
00:11:02,150 --> 00:10:59,360
forms to the stars academy you know with

310
00:11:04,069 --> 00:11:02,160
guys like richard um chris mellon and

311
00:11:05,990 --> 00:11:04,079
you know the rest of the uh hal put off

312
00:11:07,750 --> 00:11:06,000
and everybody else and it just starts to

313
00:11:09,829 --> 00:11:07,760

seem like wow we're getting traction

314

00:11:11,030 --> 00:11:09,839

here there's tv programs on it now it's

315

00:11:13,670 --> 00:11:11,040

in the news

316

00:11:15,269 --> 00:11:13,680

and then that's five years ago and but

317

00:11:17,430 --> 00:11:15,279

if you look at the subject data it's

318

00:11:19,670 --> 00:11:17,440

from like oh four when this happened so

319

00:11:21,910 --> 00:11:19,680

it's still way way way late to the party

320

00:11:24,150 --> 00:11:21,920

so i try to like to think of

321

00:11:25,750 --> 00:11:24,160

what's actually happening like don't

322

00:11:27,670 --> 00:11:25,760

don't just believe what you're reading

323

00:11:29,190 --> 00:11:27,680

in the paper why is it coming out now

324

00:11:31,590 --> 00:11:29,200

why is it written like that what's the

325

00:11:33,750 --> 00:11:31,600

context what's the end game here who's

326

00:11:35,750 --> 00:11:33,760

doing this and subsequently even in the

327

00:11:38,550 --> 00:11:35,760

last few months we start interviewing

328

00:11:39,910 --> 00:11:38,560

people and asking them specifically that

329

00:11:41,430 --> 00:11:39,920

and they start to fill in those little

330

00:11:42,710 --> 00:11:41,440

blanks right we talked to george knapp

331

00:11:44,949 --> 00:11:42,720

and he goes hey listen there's a bit of

332

00:11:46,870 --> 00:11:44,959

a confusion asap was actually the

333

00:11:49,430 --> 00:11:46,880

program with the 20 million dollars not

334

00:11:51,750 --> 00:11:49,440

atip and in fact him and colin kelleher

335

00:11:53,430 --> 00:11:51,760

were all over this because they had been

336

00:11:55,590 --> 00:11:53,440

working with the government to give them

337

00:11:58,150 --> 00:11:55,600

extra information all the way from the

338

00:12:00,069 --> 00:11:58,160

90s with nids and robert bigelow that's

339

00:12:01,670 --> 00:12:00,079

led to them to keep spending money on

340

00:12:03,750 --> 00:12:01,680

this to say hey we keep getting more and

341

00:12:05,910 --> 00:12:03,760

more legitimate stuff there's got to be

342

00:12:07,190 --> 00:12:05,920

something here and then he tells us on

343

00:12:09,350 --> 00:12:07,200

our show that yeah we were going to

344

00:12:11,110 --> 00:12:09,360

break that story but the new york times

345

00:12:12,949 --> 00:12:11,120

said if it didn't go through

346

00:12:14,870 --> 00:12:12,959

uh you know to the stars academy and

347

00:12:16,550 --> 00:12:14,880

tom's along they weren't going to run it

348

00:12:19,430 --> 00:12:16,560

so it's like okay well that's weird why

349

00:12:21,910 --> 00:12:19,440

do you need a former rock star because

350

00:12:23,590 --> 00:12:21,920

it's notoriety right they wanted to get

351
00:12:26,470 --> 00:12:23,600
they wanted the views they wanted the

352
00:12:29,110 --> 00:12:26,480
clicks it's become more social media

353
00:12:30,710 --> 00:12:29,120
driven than anything and it wasn't

354
00:12:32,949 --> 00:12:30,720
really about getting the story out it

355
00:12:35,509 --> 00:12:32,959
was about getting the right story out

356
00:12:38,069 --> 00:12:35,519
you have a specific set of facts and two

357
00:12:39,990 --> 00:12:38,079
narratives you know even steven greer

358
00:12:42,150 --> 00:12:40,000
he's gone on the record saying there is

359
00:12:44,790 --> 00:12:42,160
the story of what's happening but then

360
00:12:46,870 --> 00:12:44,800
there's those that say well you know um

361
00:12:49,590 --> 00:12:46,880
like take for example when the in the

362
00:12:52,470 --> 00:12:49,600
70s or whatever when the u.s

363
00:12:54,230 --> 00:12:52,480

nuclear silos were shut down and robert

364

00:12:55,670 --> 00:12:54,240

salas and everybody else goes on record

365

00:12:57,350 --> 00:12:55,680

saying yeah they came in shut down our

366

00:13:00,069 --> 00:12:57,360

nuclear weapons we can't even shut them

367

00:13:01,990 --> 00:13:00,079

all down at once and it was almost like

368

00:13:03,190 --> 00:13:02,000

they were sending us a message and

369

00:13:04,710 --> 00:13:03,200

everybody who was involved in those

370

00:13:06,870 --> 00:13:04,720

nuclear silo incidents and there were

371

00:13:08,069 --> 00:13:06,880

many it wasn't just one they all seemed

372

00:13:09,910 --> 00:13:08,079

to say that

373

00:13:12,470 --> 00:13:09,920

the overwhelming feeling they got was

374

00:13:15,509 --> 00:13:12,480

this was like a positive warning yeah

375

00:13:17,829 --> 00:13:15,519

like somebody cares don't do this if you

376

00:13:20,389 --> 00:13:17,839

are gonna get to that point of you know

377

00:13:22,790 --> 00:13:20,399

mutually assured destruction we can

378

00:13:25,190 --> 00:13:22,800

intervene and prevent that so it almost

379

00:13:27,350 --> 00:13:25,200

has a hopeful flavor to it and then the

380

00:13:29,030 --> 00:13:27,360

other narrative is the national security

381

00:13:30,629 --> 00:13:29,040

threat we got to be you know these

382

00:13:32,470 --> 00:13:30,639

things are coming into our airspace with

383

00:13:35,670 --> 00:13:32,480

impunity you know

384

00:13:38,069 --> 00:13:35,680

it's that human ego that thinks we

385

00:13:39,829 --> 00:13:38,079

control the planet we say who could fly

386

00:13:42,949 --> 00:13:39,839

here who can fly there it's that

387

00:13:44,629 --> 00:13:42,959

ultimate mankind thinking it's in charge

388

00:13:46,949 --> 00:13:44,639

of his dominion like who the hell gave

389

00:13:49,350 --> 00:13:46,959

us permission right exactly who elected

390

00:13:51,269 --> 00:13:49,360

us as the we're the worst people or

391

00:13:53,910 --> 00:13:51,279

worse species to be guardians of

392

00:13:56,389 --> 00:13:53,920

anything it's a very it's a very western

393

00:13:58,389 --> 00:13:56,399

way of thinking that we're in charge of

394

00:14:01,269 --> 00:13:58,399

this planet we'll just create a space

395

00:14:02,629 --> 00:14:01,279

force and you know one day there will be

396

00:14:04,629 --> 00:14:02,639

nuclear war it's just our

397

00:14:07,030 --> 00:14:04,639

military-mindedness

398

00:14:09,590 --> 00:14:07,040

ingrained in everything we do yeah and

399

00:14:11,910 --> 00:14:09,600

it's just rather than spending time and

400

00:14:14,310 --> 00:14:11,920

effort on things that might actually

401
00:14:16,470 --> 00:14:14,320
uncover what this really is i mean you

402
00:14:18,790 --> 00:14:16,480
know even people like bob lazar

403
00:14:20,470 --> 00:14:18,800
who tell incredible stories of reverse

404
00:14:22,710 --> 00:14:20,480
engineered craft that he was a part of

405
00:14:25,030 --> 00:14:22,720
working on and when he gets right down

406
00:14:27,430 --> 00:14:25,040
to the the drawings of how these things

407
00:14:28,870 --> 00:14:27,440
worked there's no control surfaces in

408
00:14:30,629 --> 00:14:28,880
any of them there's no levers and

409
00:14:31,910 --> 00:14:30,639
buttons and pedals they're run with

410
00:14:33,590 --> 00:14:31,920
their mind

411
00:14:36,470 --> 00:14:33,600
and think about what time travel would

412
00:14:38,150 --> 00:14:36,480
actually be or just interstellar travel

413
00:14:40,629 --> 00:14:38,160

if you're coming from a galaxy that's

414

00:14:43,030 --> 00:14:40,639

200 million light years away hell even

415

00:14:44,310 --> 00:14:43,040

if it's 2 million light years away we

416

00:14:46,790 --> 00:14:44,320

haven't figured out speed of light

417

00:14:49,430 --> 00:14:46,800

travel but if we could that would still

418

00:14:51,269 --> 00:14:49,440

take you two million years to go one way

419

00:14:53,430 --> 00:14:51,279

there's no way that that's how they

420

00:14:55,189 --> 00:14:53,440

actually move right and there's not like

421

00:14:57,189 --> 00:14:55,199

a point and shoot system if you were to

422

00:14:58,790 --> 00:14:57,199

go at let's say you could travel at 10

423

00:15:00,870 --> 00:14:58,800

times the speed of light there isn't a

424

00:15:02,710 --> 00:15:00,880

straight line from here to andromeda

425

00:15:04,949 --> 00:15:02,720

you're gonna hit a meteor a planet a

426

00:15:06,949 --> 00:15:04,959

star something in between it doesn't

427

00:15:08,470 --> 00:15:06,959

make sense there's nobody steering a

428

00:15:10,870 --> 00:15:08,480

ship in space

429

00:15:12,389 --> 00:15:10,880

on this journey it's it's becoming more

430

00:15:14,949 --> 00:15:12,399

and more apparent that this is about

431

00:15:15,990 --> 00:15:14,959

consciousness this is about quantum

432

00:15:17,269 --> 00:15:16,000

physics

433

00:15:19,910 --> 00:15:17,279

uh you know the fact that when you

434

00:15:21,829 --> 00:15:19,920

meditate and you do a brain scan of

435

00:15:23,269 --> 00:15:21,839

somebody there's different synapses

436

00:15:25,509 --> 00:15:23,279

firing than they are when they're

437

00:15:28,230 --> 00:15:25,519

conscious uh it's about quieting the

438

00:15:30,629 --> 00:15:28,240

mind but that they must have mastered

439

00:15:31,990 --> 00:15:30,639

that in order to be able to move

440

00:15:33,590 --> 00:15:32,000

interstellar it's almost like the

441

00:15:35,829 --> 00:15:33,600

equipment on the craft is only to be

442

00:15:37,629 --> 00:15:35,839

used once they're here the rest of it is

443

00:15:40,470 --> 00:15:37,639

done through some type of

444

00:15:43,189 --> 00:15:40,480

dematerializing and re-materializing

445

00:15:44,870 --> 00:15:43,199

at a quantum level you know this is is

446

00:15:47,110 --> 00:15:44,880

you know for me this is why i think

447

00:15:49,829 --> 00:15:47,120

they're so far more advanced than we are

448

00:15:53,030 --> 00:15:49,839

because for us if you think of a motor

449

00:15:56,470 --> 00:15:53,040

how many compartments and different uh

450

00:15:57,990 --> 00:15:56,480

components is involved to make a car run

451
00:16:00,310 --> 00:15:58,000
these things you come in there's like a

452
00:16:02,389 --> 00:16:00,320
half basketball i think that bob was

453
00:16:04,790 --> 00:16:02,399
talking about like a just a dome that

454
00:16:06,870 --> 00:16:04,800
you would put into place on top of a

455
00:16:08,629 --> 00:16:06,880
weird pedestal thing and that's what

456
00:16:10,870 --> 00:16:08,639
powered the ship

457
00:16:13,509 --> 00:16:10,880
like what the hell there's no source of

458
00:16:15,269 --> 00:16:13,519
energy there's no fuel there's no it's

459
00:16:16,629 --> 00:16:15,279
just you put it on there and that's what

460
00:16:19,829 --> 00:16:16,639
and you could stand right next to it

461
00:16:21,910 --> 00:16:19,839
there's no radiation there's pure energy

462
00:16:24,550 --> 00:16:21,920
so you have that component with the fact

463
00:16:27,269 --> 00:16:24,560

that these things seem to fly by

464

00:16:28,629 --> 00:16:27,279

consciousness intelligence right

465

00:16:30,310 --> 00:16:28,639

and the consciousness is throughout the

466

00:16:31,350 --> 00:16:30,320

whole ship like when you hear about the

467

00:16:33,509 --> 00:16:31,360

tic tac

468

00:16:36,629 --> 00:16:33,519

incident the fact that it turned around

469

00:16:38,389 --> 00:16:36,639

almost and like spotted the [h__h] the

470

00:16:40,310 --> 00:16:38,399

captain favor coming down

471

00:16:42,629 --> 00:16:40,320

and then it started doing the opposite

472

00:16:45,590 --> 00:16:42,639

direction uh you know the consciousness

473

00:16:47,430 --> 00:16:45,600

of these crafts is it seems to know that

474

00:16:49,910 --> 00:16:47,440

somebody's piloting them and their

475

00:16:51,509 --> 00:16:49,920

consciousness is extending beyond their

476
00:16:52,949 --> 00:16:51,519
themselves it's going through the ship

477
00:16:54,550 --> 00:16:52,959
which is crazy

478
00:16:56,470 --> 00:16:54,560
i think that's technology that we don't

479
00:16:57,990 --> 00:16:56,480
have i mean think about how great your

480
00:17:00,069 --> 00:16:58,000
fighter pilots would be if you could

481
00:17:02,230 --> 00:17:00,079
have that sort of energy or that sort of

482
00:17:03,990 --> 00:17:02,240
capabilities right i mean look at our

483
00:17:06,069 --> 00:17:04,000
most popular form of transportations

484
00:17:08,069 --> 00:17:06,079
burning fossil fuels gasoline i think a

485
00:17:09,990 --> 00:17:08,079
gasoline engine runs at like 40

486
00:17:11,909 --> 00:17:10,000
efficiency when you look at how much

487
00:17:13,909 --> 00:17:11,919
energy between the spark and the

488
00:17:15,909 --> 00:17:13,919

combustion of the fuel and the oxygen

489

00:17:17,990 --> 00:17:15,919

mixed with it and how much power you

490

00:17:20,230 --> 00:17:18,000

actually get out at the end it's nowhere

491

00:17:23,029 --> 00:17:20,240

near one to one right so it's we're

492

00:17:25,669 --> 00:17:23,039

already as advanced as we think we are

493

00:17:29,270 --> 00:17:25,679

we're using the most primitive forms of

494

00:17:32,630 --> 00:17:29,280

motion and propulsion that exists we're

495

00:17:34,789 --> 00:17:32,640

burning dinosaur liquid and uh you know

496

00:17:36,710 --> 00:17:34,799

we like we think we're there but we're

497

00:17:38,870 --> 00:17:36,720

not there you know and it's just the

498

00:17:40,470 --> 00:17:38,880

height of human arrogance and i mean if

499

00:17:42,070 --> 00:17:40,480

you think about all

500

00:17:43,909 --> 00:17:42,080

you know we talk about the threat

501
00:17:46,390 --> 00:17:43,919
narrative are these things actually here

502
00:17:47,909 --> 00:17:46,400
for malevolent purposes if you can

503
00:17:50,310 --> 00:17:47,919
figure out how to get from your star

504
00:17:51,029 --> 00:17:50,320
system to here if you wanted us to just

505
00:17:53,669 --> 00:17:51,039
be

506
00:17:55,350 --> 00:17:53,679
slaves and mine gold for your star or

507
00:17:57,029 --> 00:17:55,360
whatever the hell you know there's been

508
00:17:59,190 --> 00:17:57,039
many ancient

509
00:18:00,470 --> 00:17:59,200
civilizations that have been told that

510
00:18:02,390 --> 00:18:00,480
story you know the annunaki and

511
00:18:03,909 --> 00:18:02,400
everything else that were here to mine

512
00:18:05,750 --> 00:18:03,919
for somebody else's purpose if they

513
00:18:06,950 --> 00:18:05,760

really wanted to do that

514

00:18:08,870 --> 00:18:06,960

they would have done that as soon as we

515

00:18:10,870 --> 00:18:08,880

blew up the first nuclear weapon they

516

00:18:13,830 --> 00:18:10,880

would have let us know in very uncertain

517

00:18:15,350 --> 00:18:13,840

or very certain terms uh who's in charge

518

00:18:18,150 --> 00:18:15,360

yeah and instead they've had this

519

00:18:20,310 --> 00:18:18,160

extremely passive restraint yeah

520

00:18:22,310 --> 00:18:20,320

restraint you know like it's

521

00:18:23,990 --> 00:18:22,320

there's nothing negative there now again

522

00:18:26,630 --> 00:18:24,000

this threat narrative you can get as

523

00:18:28,549 --> 00:18:26,640

political as you want but i'm believing

524

00:18:30,549 --> 00:18:28,559

that it's actually from the government

525

00:18:32,630 --> 00:18:30,559

and i'll tell you why i think that and

526

00:18:34,310 --> 00:18:32,640

it goes back to a 1989 disclosure

527

00:18:35,990 --> 00:18:34,320

attempt so i've

528

00:18:38,549 --> 00:18:36,000

this is you can research this it's on

529

00:18:40,230 --> 00:18:38,559

the record so there was a meeting that

530

00:18:42,310 --> 00:18:40,240

was supposed to be set up with mikhail

531

00:18:44,870 --> 00:18:42,320

gorbachev the you know leader of the

532

00:18:47,190 --> 00:18:44,880

ussr george bush senior

533

00:18:50,310 --> 00:18:47,200

uh the crown prince of liechtenstein his

534

00:18:52,390 --> 00:18:50,320

name is hans adam de lichtenstein uh and

535

00:18:54,630 --> 00:18:52,400

rolls off the tongue yeah it's a good

536

00:18:57,590 --> 00:18:54,640

one and also the united nations

537

00:18:59,830 --> 00:18:57,600

secretary general perez de cuellar and

538

00:19:03,190 --> 00:18:59,840

in 1989 they were going to go

539

00:19:06,710 --> 00:19:03,200

and figure out a way to have disclosure

540

00:19:09,430 --> 00:19:06,720

and perez de cuellar was abducted

541

00:19:11,990 --> 00:19:09,440

legitimate alien abduction

542

00:19:14,630 --> 00:19:12,000

and he told this story to stephen greer

543

00:19:16,230 --> 00:19:14,640

in 92 three years later and stephen

544

00:19:17,350 --> 00:19:16,240

greer had had people from the military

545

00:19:20,470 --> 00:19:17,360

that were telling him about all the

546

00:19:21,669 --> 00:19:20,480

stuff that they were able to create

547

00:19:24,470 --> 00:19:21,679

including

548

00:19:26,789 --> 00:19:24,480

the illusion of a ufo abduction

549

00:19:28,710 --> 00:19:26,799

they had craft and people with

550

00:19:30,470 --> 00:19:28,720

deformities to play parts i mean it

551
00:19:32,870 --> 00:19:30,480
sounds ridiculous

552
00:19:35,270 --> 00:19:32,880
and basically this guy was abducted and

553
00:19:36,789 --> 00:19:35,280
told if you want to continue with this

554
00:19:38,549 --> 00:19:36,799
everybody else will be abducted we're

555
00:19:40,710 --> 00:19:38,559
going to have problems right so that

556
00:19:42,549 --> 00:19:40,720
that never went any further that meeting

557
00:19:44,070 --> 00:19:42,559
and in 2001 when stephen greer was

558
00:19:45,669 --> 00:19:44,080
involved with the national press club

559
00:19:47,110 --> 00:19:45,679
disclosure and everything else that's

560
00:19:49,750 --> 00:19:47,120
where he was getting this subsequent

561
00:19:51,750 --> 00:19:49,760
information and he basically was told

562
00:19:54,070 --> 00:19:51,760
that in no uncertain terms they're a

563
00:19:55,590 --> 00:19:54,080

legitimate abduction phenomenon and

564

00:19:57,750 --> 00:19:55,600

there are ones that the government

565

00:20:00,230 --> 00:19:57,760

creates just to keep the narrative in

566

00:20:02,710 --> 00:20:00,240

people's minds that these are scary

567

00:20:03,990 --> 00:20:02,720

these are things to be worried about and

568

00:20:05,750 --> 00:20:04,000

you know the crown prince of

569

00:20:08,470 --> 00:20:05,760

liechtenstein basically said people need

570

00:20:09,750 --> 00:20:08,480

to be willing to exchange blood and

571

00:20:12,149 --> 00:20:09,760

treasure

572

00:20:14,630 --> 00:20:12,159

for the truth so if they believe that

573

00:20:16,789 --> 00:20:14,640

this is a legitimate you know threat

574

00:20:20,630 --> 00:20:16,799

something is coming here to imprison you

575

00:20:22,549 --> 00:20:20,640

and to uh you know um to oppress you

576

00:20:25,190 --> 00:20:22,559

where's your loyalty going to be yeah

577

00:20:27,909 --> 00:20:25,200

and so you know we start off with again

578

00:20:29,590 --> 00:20:27,919

the uh um the new york times article

579

00:20:31,430 --> 00:20:29,600

we're all kind of like okay cool this is

580

00:20:33,990 --> 00:20:31,440

all out there when you start to find the

581

00:20:36,390 --> 00:20:34,000

fill in data that goes with it it's like

582

00:20:37,830 --> 00:20:36,400

holy [h__\h] this is just part of a plan

583

00:20:39,590 --> 00:20:37,840

that's been in motion for years and

584

00:20:41,350 --> 00:20:39,600

years and years and they just want to

585

00:20:42,789 --> 00:20:41,360

make sure that now that they know this

586

00:20:44,310 --> 00:20:42,799

is going to come out that it's only a

587

00:20:45,990 --> 00:20:44,320

matter of time before

588

00:20:47,350 --> 00:20:46,000

better and better videos and pictures

589

00:20:48,390 --> 00:20:47,360

and all this stuff are captured on

590

00:20:49,590 --> 00:20:48,400

people's media

591

00:20:52,470 --> 00:20:49,600

they want to make sure people have the

592

00:20:55,350 --> 00:20:52,480

right opinion of how to behave when you

593

00:20:56,870 --> 00:20:55,360

know that ufos are real and ben affleck

594

00:20:58,390 --> 00:20:56,880

has even gone on the record saying he's

595

00:21:00,549 --> 00:20:58,400

pretty sure there's cia agents in

596

00:21:03,110 --> 00:21:00,559

hollywood with all of the alien movies

597

00:21:05,430 --> 00:21:03,120

they made aliens always the bad guy

598

00:21:09,110 --> 00:21:05,440

trying to come here to you know uh you

599

00:21:11,270 --> 00:21:09,120

know destroy us and america and america

600

00:21:12,549 --> 00:21:11,280

defeats them and yeah and so the

601
00:21:14,070 --> 00:21:12,559
government is trying to play on that

602
00:21:16,070 --> 00:21:14,080
narrative that like hey remember the

603
00:21:17,270 --> 00:21:16,080
movie when they came in and we helped

604
00:21:19,510 --> 00:21:17,280
and we won

605
00:21:21,510 --> 00:21:19,520
that's where your loyalty needs to lie

606
00:21:24,149 --> 00:21:21,520
if this should go any further there is a

607
00:21:25,190 --> 00:21:24,159
threat but we got it you know and it's

608
00:21:27,190 --> 00:21:25,200
just

609
00:21:30,870 --> 00:21:27,200
again how do you trust the same

610
00:21:32,950 --> 00:21:30,880
information that's been just twisted for

611
00:21:34,470 --> 00:21:32,960
decades now all of a sudden there's an

612
00:21:36,630 --> 00:21:34,480
article in the paper yeah they're

613
00:21:38,789 --> 00:21:36,640

telling us the truth don't be a sheep do

614

00:21:40,549 --> 00:21:38,799

your own research try to read between

615

00:21:43,990 --> 00:21:40,559

the lines not what they're saying what

616

00:21:45,750 --> 00:21:44,000

is actually being said why and why now

617

00:21:48,230 --> 00:21:45,760

there is i understand the threat

618

00:21:50,630 --> 00:21:48,240

narrative like as recently the

619

00:21:53,510 --> 00:21:50,640

article that came out or a few articles

620

00:21:54,789 --> 00:21:53,520

that came out where uh they describe

621

00:21:56,630 --> 00:21:54,799

people having

622

00:21:58,950 --> 00:21:56,640

ailments and stuff like that after being

623

00:22:00,789 --> 00:21:58,960

close to a ufo having radiation

624

00:22:03,029 --> 00:22:00,799

poisoning or

625

00:22:04,789 --> 00:22:03,039

what have you or unaccounted for

626

00:22:05,990 --> 00:22:04,799

pregnancies so

627

00:22:07,750 --> 00:22:06,000

that actually shocked me because i

628

00:22:10,230 --> 00:22:07,760

thought that would be years down the

629

00:22:11,110 --> 00:22:10,240

line before that came out to the media

630

00:22:13,430 --> 00:22:11,120

you know

631

00:22:15,110 --> 00:22:13,440

we interviewed george knapp he says hey

632

00:22:16,390 --> 00:22:15,120

it wasn't just skinwalker phenomenon

633

00:22:18,390 --> 00:22:16,400

because we interviewed him about his

634

00:22:20,470 --> 00:22:18,400

latest book skin walkers at the at the

635

00:22:22,070 --> 00:22:20,480

pentagon and uh

636

00:22:23,590 --> 00:22:22,080

our our question was what the hell's the

637

00:22:25,430 --> 00:22:23,600

connection we know about skinwalker

638

00:22:27,110 --> 00:22:25,440

ranch yeah but what does that have to do

639

00:22:29,110 --> 00:22:27,120

with the pentagon at government level

640

00:22:32,230 --> 00:22:29,120

and it was basically the chronology of

641

00:22:34,310 --> 00:22:32,240

nids to asap to atip which led to that

642

00:22:36,310 --> 00:22:34,320

new york times article it painted all

643

00:22:38,390 --> 00:22:36,320

the background of what led up to that so

644

00:22:40,789 --> 00:22:38,400

it was really good but then to hear him

645

00:22:42,549 --> 00:22:40,799

talk about the legitimate medical

646

00:22:44,950 --> 00:22:42,559

problems people had after the fact

647

00:22:47,110 --> 00:22:44,960

measurable i mean this is a science mind

648

00:22:49,510 --> 00:22:47,120

like me loves that stuff measurable

649

00:22:52,310 --> 00:22:49,520

repeatable documentable you know it's

650

00:22:53,990 --> 00:22:52,320

not not a pie in the sky and so he

651
00:22:56,070 --> 00:22:54,000
alludes to yeah people had all these

652
00:22:57,669 --> 00:22:56,080
kind of medical illnesses then we have

653
00:22:59,909 --> 00:22:57,679
column kelleher that co-authored the

654
00:23:02,310 --> 00:22:59,919
same book on the next week and he goes

655
00:23:04,549 --> 00:23:02,320
into great detail about that and and the

656
00:23:07,270 --> 00:23:04,559
multitude of autoimmune diseases

657
00:23:09,430 --> 00:23:07,280
hashimoto's disease and all this random

658
00:23:11,750 --> 00:23:09,440
stuff that like nobody ever heard of

659
00:23:14,230 --> 00:23:11,760
before but yet they seem to be tied to

660
00:23:15,909 --> 00:23:14,240
these specific experiences and guys like

661
00:23:17,750 --> 00:23:15,919
you've been witnessed as well right like

662
00:23:19,750 --> 00:23:17,760
there's witnesses to this to these

663
00:23:22,149 --> 00:23:19,760

events yeah and even calvin parker you

664

00:23:24,789 --> 00:23:22,159

know during his experience there was

665

00:23:27,029 --> 00:23:24,799

physiological trauma he bled

666

00:23:28,870 --> 00:23:27,039

and you know like it was that trauma

667

00:23:31,029 --> 00:23:28,880

from the physical pain that happened in

668

00:23:33,029 --> 00:23:31,039

his first experience that when he had

669

00:23:34,470 --> 00:23:33,039

another experience he went nuts broke

670

00:23:37,270 --> 00:23:34,480

out of the trance and actually fought

671

00:23:39,029 --> 00:23:37,280

back like yeah so um you know and then

672

00:23:40,630 --> 00:23:39,039

so we we the last couple of months we're

673

00:23:42,870 --> 00:23:40,640

getting data from people talking about

674

00:23:44,789 --> 00:23:42,880

these after effects more than ever all

675

00:23:47,190 --> 00:23:44,799

of a sudden like what a week or two ago

676
00:23:48,310 --> 00:23:47,200
fox news has reports that yeah people

677
00:23:50,390 --> 00:23:48,320
are reporting

678
00:23:53,350 --> 00:23:50,400
weird after effects physiological

679
00:23:55,669 --> 00:23:53,360
conditions even pregnancies so all the

680
00:23:57,269 --> 00:23:55,679
people we thought were nuts and all the

681
00:23:58,950 --> 00:23:57,279
stories of people that said yeah i was

682
00:24:01,909 --> 00:23:58,960
involved with alien hybrid programs they

683
00:24:04,230 --> 00:24:01,919
impregnated or stole over uh ovum or

684
00:24:05,430 --> 00:24:04,240
sperm or whatever to do their own tests

685
00:24:07,669 --> 00:24:05,440
there's more and more of this stuff

686
00:24:09,029 --> 00:24:07,679
coming to the to the to the top right so

687
00:24:10,230 --> 00:24:09,039
like you said you thought it would take

688
00:24:12,549 --> 00:24:10,240

a lot longer

689

00:24:14,230 --> 00:24:12,559

information spread so fast right now

690

00:24:17,590 --> 00:24:14,240

it's important to have a compass to know

691

00:24:19,110 --> 00:24:17,600

what's what it could be too because

692

00:24:21,590 --> 00:24:19,120

just giving thought to this i'm just

693

00:24:23,830 --> 00:24:21,600

thought experiment philosophy here but

694

00:24:25,830 --> 00:24:23,840

to bridge the gap between two species

695

00:24:27,430 --> 00:24:25,840

especially when it's interstellar you

696

00:24:29,350 --> 00:24:27,440

know travel

697

00:24:31,909 --> 00:24:29,360

do you think it makes sense to have

698

00:24:33,909 --> 00:24:31,919

hybrids in between sort of link the two

699

00:24:35,750 --> 00:24:33,919

species together because i think

700

00:24:37,190 --> 00:24:35,760

something being alien to you like you

701
00:24:38,950 --> 00:24:37,200
know an alien trying to describe their

702
00:24:41,269 --> 00:24:38,960
technology to us might be really

703
00:24:42,630 --> 00:24:41,279
freaking complicated right it may take

704
00:24:44,710 --> 00:24:42,640
us a long time to figure out what the

705
00:24:46,549 --> 00:24:44,720
hell they're talking about because maybe

706
00:24:48,470 --> 00:24:46,559
their math is more advanced maybe their

707
00:24:50,549 --> 00:24:48,480
way of thinking is so different that we

708
00:24:52,390 --> 00:24:50,559
can't just you know there is some

709
00:24:53,830 --> 00:24:52,400
interaction between them and us like

710
00:24:55,190 --> 00:24:53,840
when you talk to

711
00:24:57,269 --> 00:24:55,200
kathleen martin and she talks about

712
00:24:59,190 --> 00:24:57,279
betty talking with them like they do

713
00:25:01,350 --> 00:24:59,200

communicate with us but it's almost like

714

00:25:02,470 --> 00:25:01,360

the way they communicate with a child

715

00:25:03,990 --> 00:25:02,480

because the whole time we don't

716

00:25:05,669 --> 00:25:04,000

understand

717

00:25:07,590 --> 00:25:05,679

what about this what about that well can

718

00:25:09,510 --> 00:25:07,600

you you know they they sort of just give

719

00:25:11,269 --> 00:25:09,520

us little snippets but it's like it's

720

00:25:13,430 --> 00:25:11,279

almost childlike the way that we're

721

00:25:15,350 --> 00:25:13,440

being treated with this right not by the

722

00:25:17,909 --> 00:25:15,360

government but by these entities we're

723

00:25:20,230 --> 00:25:17,919

almost with kid gloves right if you read

724

00:25:21,990 --> 00:25:20,240

anything on the ancient alien theory or

725

00:25:23,430 --> 00:25:22,000

watch the show on the history channel

726

00:25:25,669 --> 00:25:23,440

which you know it's a bit of a

727

00:25:27,909 --> 00:25:25,679

polarizing show but regardless

728

00:25:29,430 --> 00:25:27,919

if you read any of the like if you do

729

00:25:31,990 --> 00:25:29,440

your own research and read these

730

00:25:33,830 --> 00:25:32,000

folklores in these ancient traditions

731

00:25:35,750 --> 00:25:33,840

and different parts of the world they

732

00:25:37,590 --> 00:25:35,760

all seem to have

733

00:25:39,510 --> 00:25:37,600

in their creation stories or in their

734

00:25:41,990 --> 00:25:39,520

stories that involve dealing with star

735

00:25:44,070 --> 00:25:42,000

people or what we would call aliens

736

00:25:45,830 --> 00:25:44,080

there all seems to be a commonality they

737

00:25:48,230 --> 00:25:45,840

give us information that they would have

738

00:25:50,230 --> 00:25:48,240

no other way of knowing unless they were

739

00:25:51,510 --> 00:25:50,240

previously here yeah look at what we're

740

00:25:53,590 --> 00:25:51,520

doing now we're trying to find a way to

741

00:25:55,430 --> 00:25:53,600

go to mars or some other planet maybe we

742

00:25:57,909 --> 00:25:55,440

were already here

743

00:26:00,149 --> 00:25:57,919

thousands millions of years ago maybe we

744

00:26:02,390 --> 00:26:00,159

corrupted ourselves or the planet just

745

00:26:05,190 --> 00:26:02,400

like we're doing now right like the male

746

00:26:07,029 --> 00:26:05,200

genome is having a hard time reproducing

747

00:26:10,149 --> 00:26:07,039

in every animal on the planet when we

748

00:26:13,190 --> 00:26:10,159

use ddt pesticides it screwed up the y

749

00:26:15,830 --> 00:26:13,200

chromosome so a female chromosome is xx

750

00:26:17,269 --> 00:26:15,840

and a male is xy the more girls born on

751

00:26:19,830 --> 00:26:17,279

the planet than boys right now as a

752

00:26:21,669 --> 00:26:19,840

result of that even in the tiger world

753

00:26:23,750 --> 00:26:21,679

people are studying how come there's no

754

00:26:25,350 --> 00:26:23,760

more male tigers being born and it's

755

00:26:27,190 --> 00:26:25,360

because of that so we're already

756

00:26:29,029 --> 00:26:27,200

corrupting our dna and we know what

757

00:26:31,510 --> 00:26:29,039

we're doing to our planet maybe this

758

00:26:33,990 --> 00:26:31,520

happened many times and in many of these

759

00:26:36,310 --> 00:26:34,000

ancient cultures they believe this is

760

00:26:38,390 --> 00:26:36,320

the third or fourth world so maybe we

761

00:26:41,110 --> 00:26:38,400

were here had to leave

762

00:26:43,510 --> 00:26:41,120

as a result of environmental war who

763

00:26:46,070 --> 00:26:43,520

knows but like if we move to mars

764

00:26:47,830 --> 00:26:46,080

tomorrow our dna is going to change yeah

765

00:26:50,230 --> 00:26:47,840

there's nobody to say that maybe we

766

00:26:52,149 --> 00:26:50,240

don't reproduce anymore as a result of

767

00:26:54,149 --> 00:26:52,159

those changes right like if you have a

768

00:26:56,549 --> 00:26:54,159

planet with different gravity different

769

00:26:58,390 --> 00:26:56,559

days of the year a different atmosphere

770

00:26:59,669 --> 00:26:58,400

physiologically you're going to change

771

00:27:02,070 --> 00:26:59,679

yeah i mean

772

00:27:04,549 --> 00:27:02,080

right even on our own planet that hasn't

773

00:27:06,870 --> 00:27:04,559

undergone huge swings in that because if

774

00:27:08,390 --> 00:27:06,880

it did life wouldn't exist so the

775

00:27:10,549 --> 00:27:08,400

changes of the planet have been very

776

00:27:11,990 --> 00:27:10,559

very minute even global warming we're

777

00:27:14,149 --> 00:27:12,000

worried about a one and a half or two

778

00:27:16,549 --> 00:27:14,159

percent increase that's enough to screw

779

00:27:19,669 --> 00:27:16,559

everything up so there have been no huge

780

00:27:21,990 --> 00:27:19,679

swings once life started therefore our

781

00:27:23,510 --> 00:27:22,000

genetics has only modified so much

782

00:27:25,110 --> 00:27:23,520

enough to keep us alive and keep us

783

00:27:27,510 --> 00:27:25,120

functioning whatever so if we had gone

784

00:27:30,389 --> 00:27:27,520

to mars and undergone that amount of

785

00:27:32,070 --> 00:27:30,399

change physiologically our heads would

786

00:27:34,470 --> 00:27:32,080

change our hands our mouth all that

787

00:27:35,830 --> 00:27:34,480

stuff then um there'd be it would make

788

00:27:38,310 --> 00:27:35,840

sense to have some kind of a hybrid

789

00:27:40,870 --> 00:27:38,320

program or some type of a way of

790

00:27:43,590 --> 00:27:40,880

injecting fresh genetics back into that

791

00:27:46,310 --> 00:27:43,600

which is now screwed up you know well

792

00:27:47,750 --> 00:27:46,320

it's like speeding up the process

793

00:27:49,350 --> 00:27:47,760

for

794

00:27:53,110 --> 00:27:49,360

a purpose like

795

00:27:54,710 --> 00:27:53,120

um isaac isimov has the foundation uh

796

00:27:56,549 --> 00:27:54,720

series and it's i always thought it was

797

00:27:58,389 --> 00:27:56,559

great because everything was

798

00:28:00,789 --> 00:27:58,399

happening for a reason and it was always

799

00:28:03,430 --> 00:28:00,799

for the greater good 200 000 years down

800

00:28:05,830 --> 00:28:03,440

the road so everything was like a chess

801
00:28:07,669 --> 00:28:05,840
move and it was all for like when 200

802
00:28:08,630 --> 00:28:07,679
you know or whatever 2000 years down the

803
00:28:10,549 --> 00:28:08,640
road

804
00:28:12,070 --> 00:28:10,559
everybody would be set up perfectly like

805
00:28:13,750 --> 00:28:12,080
if they did everything correctly in

806
00:28:16,549 --> 00:28:13,760
steps there would be this sort of

807
00:28:17,350 --> 00:28:16,559
harmony across the galaxy and i thought

808
00:28:19,510 --> 00:28:17,360
that's

809
00:28:21,110 --> 00:28:19,520
an original concept because even it

810
00:28:23,190 --> 00:28:21,120
could apply to this what's happening

811
00:28:25,350 --> 00:28:23,200
right now is that there is a bigger

812
00:28:28,070 --> 00:28:25,360
picture we just can't grasp the concept

813
00:28:30,389 --> 00:28:28,080

we just we're not intellectually there

814

00:28:31,909 --> 00:28:30,399

we haven't been part of like they

815

00:28:33,190 --> 00:28:31,919

if they're here they're somewhere else

816

00:28:35,269 --> 00:28:33,200

too right like they're we're probably

817

00:28:36,870 --> 00:28:35,279

not the only ones that they're visiting

818

00:28:39,909 --> 00:28:36,880

it's just there's probably a bunch of

819

00:28:41,669 --> 00:28:39,919

primitive uh civilizations that the same

820

00:28:44,389 --> 00:28:41,679

for us when we get to that point where

821

00:28:45,830 --> 00:28:44,399

we can travel we'll go visit them

822

00:28:46,870 --> 00:28:45,840

right we'll go figure out what's going

823

00:28:48,149 --> 00:28:46,880

on over there and they're going to be

824

00:28:50,389 --> 00:28:48,159

wondering what the hell is in the sky

825

00:28:52,389 --> 00:28:50,399

well you know that's maybe just the

826
00:28:54,149 --> 00:28:52,399
nature of the universe who knows but why

827
00:28:56,789 --> 00:28:54,159
would they spend so much

828
00:28:58,789 --> 00:28:56,799
or dedicate so many resources even if

829
00:29:00,710 --> 00:28:58,799
it's just their time yeah why would they

830
00:29:03,190 --> 00:29:00,720
be screwing around coming to mess with

831
00:29:05,269 --> 00:29:03,200
the lesser civilized people yeah you

832
00:29:08,070 --> 00:29:05,279
know we're either them

833
00:29:09,909 --> 00:29:08,080
or connected to them or they've evolved

834
00:29:12,149 --> 00:29:09,919
to the point where they're so benevolent

835
00:29:14,149 --> 00:29:12,159
and caring that we're just life and

836
00:29:15,990 --> 00:29:14,159
that's important enough to care about

837
00:29:18,710 --> 00:29:16,000
you know like we need to almost think

838
00:29:20,950 --> 00:29:18,720

not like people because we're pretty

839

00:29:23,029 --> 00:29:20,960

poor thinkers as people right anything

840

00:29:25,430 --> 00:29:23,039

that we discover technology wise we

841

00:29:27,350 --> 00:29:25,440

weaponize and there's more money in

842

00:29:29,750 --> 00:29:27,360

pharmaceuticals and healthy people you

843

00:29:32,630 --> 00:29:29,760

don't get to be a society that's

844

00:29:34,630 --> 00:29:32,640

ten or you know uh a hundred thousand

845

00:29:37,190 --> 00:29:34,640

years more advanced than us if you're

846

00:29:37,909 --> 00:29:37,200

going to blow yourself up or or die out

847

00:29:41,990 --> 00:29:37,919

or

848

00:29:44,630 --> 00:29:42,000

won't be that many generations you can't

849

00:29:46,470 --> 00:29:44,640

copy that many times into the future

850

00:29:48,310 --> 00:29:46,480

unless you take care of it right pollute

851
00:29:50,149 --> 00:29:48,320
the well enough and there's no more

852
00:29:51,990 --> 00:29:50,159
water for anybody so

853
00:29:54,149 --> 00:29:52,000
you know it's almost like the way they

854
00:29:55,909 --> 00:29:54,159
got that advanced was through their

855
00:29:58,070 --> 00:29:55,919
hearts and their minds

856
00:30:00,230 --> 00:29:58,080
and it allowed them to stay alive and

857
00:30:02,389 --> 00:30:00,240
thrive and collectively use their

858
00:30:04,230 --> 00:30:02,399
resources to find the answers to these

859
00:30:06,549 --> 00:30:04,240
questions right now we're running around

860
00:30:09,750 --> 00:30:06,559
the planet with one or two

861
00:30:12,549 --> 00:30:09,760
meager motivations mainly war mainly

862
00:30:15,750 --> 00:30:12,559
power and mainly money so you don't get

863
00:30:17,669 --> 00:30:15,760

ahead by creating a secular society of

864

00:30:19,830 --> 00:30:17,679

the means and the use

865

00:30:21,750 --> 00:30:19,840

you know or the the right side and the

866

00:30:23,830 --> 00:30:21,760

left side that's exactly what the

867

00:30:25,750 --> 00:30:23,840

government wants polarity is great to be

868

00:30:27,990 --> 00:30:25,760

able to control people because when you

869

00:30:29,510 --> 00:30:28,000

have a side you need a coach to fight

870

00:30:32,070 --> 00:30:29,520

against the other coach from the other

871

00:30:34,789 --> 00:30:32,080

side it's [h__\h] right none of this

872

00:30:36,549 --> 00:30:34,799

exists in the cosmic world i'm sure

873

00:30:38,230 --> 00:30:36,559

because they figured out a way

874

00:30:40,870 --> 00:30:38,240

to understand that everything is

875

00:30:42,630 --> 00:30:40,880

connected you know you have uh people

876

00:30:44,630 --> 00:30:42,640

doing these close encounter of the fifth

877

00:30:47,029 --> 00:30:44,640

kind events where they collectively

878

00:30:50,310 --> 00:30:47,039

meditate and can communicate with

879

00:30:51,510 --> 00:30:50,320

interstellar beings so it's like i'm

880

00:30:53,830 --> 00:30:51,520

sure the government has played around

881

00:30:55,350 --> 00:30:53,840

with doing the same thing but who do we

882

00:30:57,190 --> 00:30:55,360

really want to speak on behalf of

883

00:30:58,950 --> 00:30:57,200

humankind if it's only going to be the

884

00:31:00,950 --> 00:30:58,960

government that has these clandestine

885

00:31:03,830 --> 00:31:00,960

programs to try to figure out how to

886

00:31:06,789 --> 00:31:03,840

communicate on an esp level what does

887

00:31:08,710 --> 00:31:06,799

that say for our chances well and bring

888

00:31:10,789 --> 00:31:08,720

it back down to simple terms like the

889

00:31:13,350 --> 00:31:10,799

government doesn't speak on behalf of

890

00:31:14,230 --> 00:31:13,360

the people they're elected to run things

891

00:31:16,310 --> 00:31:14,240

you know

892

00:31:17,909 --> 00:31:16,320

as we know how do they feel

893

00:31:19,590 --> 00:31:17,919

do you think they agree with that those

894

00:31:21,110 --> 00:31:19,600

what the government well of course not

895

00:31:22,630 --> 00:31:21,120

they're like well it should be us of

896

00:31:24,630 --> 00:31:22,640

course it should be us because we're the

897

00:31:26,549 --> 00:31:24,640

ones in power it goes to your head hey

898

00:31:28,549 --> 00:31:26,559

300 million people elected me i know

899

00:31:30,630 --> 00:31:28,559

better than 300 million how do you not

900

00:31:32,230 --> 00:31:30,640

get a complex right for me it'd be

901
00:31:33,509 --> 00:31:32,240
people like stephen hawkins or

902
00:31:34,789 --> 00:31:33,519
something like that like present your

903
00:31:36,870 --> 00:31:34,799
best people

904
00:31:38,870 --> 00:31:36,880
you know like up front like th this is

905
00:31:41,590 --> 00:31:38,880
the good people and then there's shitty

906
00:31:43,750 --> 00:31:41,600
people who are mooches or destroy the

907
00:31:46,070 --> 00:31:43,760
world or whatever but we do have some

908
00:31:48,070 --> 00:31:46,080
good ones among us right yeah and

909
00:31:50,549 --> 00:31:48,080
speaking of people you know like where

910
00:31:52,070 --> 00:31:50,559
it's our eternal quest to get good

911
00:31:54,710 --> 00:31:52,080
guests and better guests and everything

912
00:31:56,870 --> 00:31:54,720
else and just to give our listeners an

913
00:31:58,389 --> 00:31:56,880

idea of what it's actually like trying

914

00:32:00,070 --> 00:31:58,399

to get people on the show we were

915

00:32:02,870 --> 00:32:00,080

contacted by some very influential

916

00:32:05,029 --> 00:32:02,880

people in the u.s um that wanted to put

917

00:32:06,470 --> 00:32:05,039

together a four-man panel

918

00:32:08,950 --> 00:32:06,480

and i won't say the names because you'll

919

00:32:11,029 --> 00:32:08,960

probably kill me but essentially these

920

00:32:13,190 --> 00:32:11,039

are people that have been on tv names

921

00:32:15,669 --> 00:32:13,200

that you would recognize so they wanted

922

00:32:17,909 --> 00:32:15,679

to have a serious representative from

923

00:32:19,669 --> 00:32:17,919

the united states an equally serious

924

00:32:21,830 --> 00:32:19,679

representative from the uk

925

00:32:23,669 --> 00:32:21,840

one from australia and they wanted to

926
00:32:25,909 --> 00:32:23,679
get somebody from canada who had

927
00:32:27,590 --> 00:32:25,919
recently gone on the record encouraging

928
00:32:30,070 --> 00:32:27,600
the study of these type of things and

929
00:32:31,990 --> 00:32:30,080
encouraging cooperation with the u.s

930
00:32:34,630 --> 00:32:32,000
and we have some canadian connections

931
00:32:36,950 --> 00:32:34,640
and we did our damndest to reach out

932
00:32:39,190 --> 00:32:36,960
contact explain who we were give our

933
00:32:41,029 --> 00:32:39,200
credentials here's our episodes here's

934
00:32:42,789 --> 00:32:41,039
the flavor of what we do

935
00:32:45,830 --> 00:32:42,799
we want to talk to the real people and

936
00:32:47,430 --> 00:32:45,840
they don't even respond they don't even

937
00:32:50,070 --> 00:32:47,440
send you a message saying hey i'm not at

938
00:32:52,070 --> 00:32:50,080

liberty to discuss that so as as much as

939

00:32:54,230 --> 00:32:52,080

we think we've evolved and yeah

940

00:32:56,789 --> 00:32:54,240

disclosure's out there now you read

941

00:32:58,470 --> 00:32:56,799

about the tic tac it's [h__h] they

942

00:33:00,230 --> 00:32:58,480

still don't want to talk about it they

943

00:33:02,389 --> 00:33:00,240

don't want to go on the record because

944

00:33:04,149 --> 00:33:02,399

there's still stigma attached to it and

945

00:33:06,310 --> 00:33:04,159

there may be real ramifications for

946

00:33:08,389 --> 00:33:06,320

these people if they do you know we we

947

00:33:10,230 --> 00:33:08,399

asked the canadian member of parliament

948

00:33:12,630 --> 00:33:10,240

does i basically speak on behalf of

949

00:33:14,389 --> 00:33:12,640

canada on our show yeah and uh give his

950

00:33:15,990 --> 00:33:14,399

opinion i mean he had enough guts to

951
00:33:19,110 --> 00:33:16,000
stand up in the house of commons and say

952
00:33:20,630 --> 00:33:19,120
something but he's ghost when it comes

953
00:33:23,110 --> 00:33:20,640
to hey do you want to go on the record

954
00:33:25,430 --> 00:33:23,120
and talk about that so it's we're not

955
00:33:27,669 --> 00:33:25,440
there and i asked um

956
00:33:29,110 --> 00:33:27,679
uh who did i ask

957
00:33:30,950 --> 00:33:29,120
i think it might have been uh philip

958
00:33:32,070 --> 00:33:30,960
mantle and i said you know with all this

959
00:33:33,430 --> 00:33:32,080
great stuff that's happened with

960
00:33:35,350 --> 00:33:33,440
disclosure and everything else why

961
00:33:37,430 --> 00:33:35,360
doesn't it feel like disclosures happen

962
00:33:39,669 --> 00:33:37,440
why we're not jumping up and down

963
00:33:42,230 --> 00:33:39,679

saying hey they finally admitted it why

964

00:33:44,070 --> 00:33:42,240

does it still have this air of

965

00:33:47,350 --> 00:33:44,080

not really being that truthful and

966

00:33:49,190 --> 00:33:47,360

that's because it's it's a good start

967

00:33:50,950 --> 00:33:49,200

but we are not there by a long shot see

968

00:33:53,509 --> 00:33:50,960

i always thought disclosure would be

969

00:33:55,350 --> 00:33:53,519

like a wave a tidal wave that would just

970

00:33:57,350 --> 00:33:55,360

hit everybody at once but i think it's

971

00:33:59,430 --> 00:33:57,360

more seeping out of the ground

972

00:34:00,950 --> 00:33:59,440

than anything else and because of that

973

00:34:02,310 --> 00:34:00,960

we're so like well you know it's

974

00:34:03,909 --> 00:34:02,320

stabilized

975

00:34:05,909 --> 00:34:03,919

what's going on like you know we got

976

00:34:08,230 --> 00:34:05,919

some tidbits of information here we got

977

00:34:10,149 --> 00:34:08,240

some holy [h__h] information there but

978

00:34:12,869 --> 00:34:10,159

there's also fighting like i'm on you

979

00:34:15,030 --> 00:34:12,879

know we set up the account on twitter

980

00:34:16,550 --> 00:34:15,040

i'm trying not to get into any arguments

981

00:34:18,869 --> 00:34:16,560

or anything like that with people that's

982

00:34:21,669 --> 00:34:18,879

pretty hard to do on twitter man it is

983

00:34:24,470 --> 00:34:21,679

it is but you know what um like i said

984

00:34:26,389 --> 00:34:24,480

it's i live by the uh mark twain motto

985

00:34:28,470 --> 00:34:26,399

or quote where it's don't argue with

986

00:34:30,149 --> 00:34:28,480

idiots they tend to bring you down to

987

00:34:32,470 --> 00:34:30,159

their level then beat you with years of

988

00:34:34,230 --> 00:34:32,480

experience and it's true like i get

989

00:34:35,909 --> 00:34:34,240

caught up in that i used to get caught

990

00:34:38,149 --> 00:34:35,919

up in that it feels good though

991

00:34:40,069 --> 00:34:38,159

sometimes just rip somebody's head off

992

00:34:42,230 --> 00:34:40,079

and then you deal with a week of like

993

00:34:44,389 --> 00:34:42,240

why did i even say anything like i know

994

00:34:48,069 --> 00:34:44,399

better and i did it anyway yeah i feel

995

00:34:49,909 --> 00:34:48,079

like i feel so bad so trashy so no i i

996

00:34:52,069 --> 00:34:49,919

try not to get involved into any of that

997

00:34:54,069 --> 00:34:52,079

stuff but i watch what's going on and

998

00:34:56,389 --> 00:34:54,079

you know lou's been having some some

999

00:34:58,069 --> 00:34:56,399

hard times some people just

1000

00:35:00,390 --> 00:34:58,079

you know going after him because he's

1001
00:35:02,230 --> 00:35:00,400
he's easy target right everybody's an

1002
00:35:04,150 --> 00:35:02,240
easy target in ufology anybody can reach

1003
00:35:06,069 --> 00:35:04,160
out and say hey you're an idiot

1004
00:35:07,670 --> 00:35:06,079
i don't value your opinion or your show

1005
00:35:08,630 --> 00:35:07,680
or anything like that like anybody can

1006
00:35:11,270 --> 00:35:08,640
say that

1007
00:35:12,630 --> 00:35:11,280
uh even george was saying uh how he's

1008
00:35:13,750 --> 00:35:12,640
trying not to get involved with these

1009
00:35:15,030 --> 00:35:13,760
people and every once in a while

1010
00:35:17,030 --> 00:35:15,040
somebody slips through and says

1011
00:35:18,950 --> 00:35:17,040
something and then he gets en enraged

1012
00:35:21,349 --> 00:35:18,960
and says something back and

1013
00:35:23,030 --> 00:35:21,359

imagine his frustration since the 80s

1014

00:35:24,710 --> 00:35:23,040

he's been getting people telling him

1015

00:35:26,710 --> 00:35:24,720

stuff and then wanting to put out

1016

00:35:28,310 --> 00:35:26,720

legitimate publications oh well i'm not

1017

00:35:30,069 --> 00:35:28,320

going to go on the record for that so

1018

00:35:32,310 --> 00:35:30,079

the same kind of things we experience on

1019

00:35:34,230 --> 00:35:32,320

a tiny level yeah this guy spent 30

1020

00:35:35,750 --> 00:35:34,240

years dealing with that you know like

1021

00:35:37,109 --> 00:35:35,760

you must have told me for a reason

1022

00:35:39,190 --> 00:35:37,119

because you believe it should be out

1023

00:35:41,030 --> 00:35:39,200

there so help me bring it out there you

1024

00:35:43,510 --> 00:35:41,040

know i'm a reporter that's what i do

1025

00:35:46,310 --> 00:35:43,520

yeah go on the record but so i mean i'm

1026
00:35:48,790 --> 00:35:46,320
sure the the information he's been given

1027
00:35:50,630 --> 00:35:48,800
which he can't you know obviously uh

1028
00:35:52,790 --> 00:35:50,640
report because you have that that

1029
00:35:54,790 --> 00:35:52,800
confidence and if your name is mud then

1030
00:35:56,710 --> 00:35:54,800
nobody wants to speak to you but just

1031
00:35:57,510 --> 00:35:56,720
imagine the breadth of info that's out

1032
00:35:59,270 --> 00:35:57,520
there

1033
00:36:01,190 --> 00:35:59,280
and just some people cannot bring

1034
00:36:02,790 --> 00:36:01,200
themselves to talk about it right there

1035
00:36:04,950 --> 00:36:02,800
maybe there really is still a real

1036
00:36:05,829 --> 00:36:04,960
threat on on a high level like if you

1037
00:36:07,270 --> 00:36:05,839
talk

1038
00:36:08,470 --> 00:36:07,280

we don't have black men showing up at

1039

00:36:10,390 --> 00:36:08,480

our house but

1040

00:36:12,870 --> 00:36:10,400

yeah it sure seems like it because

1041

00:36:14,630 --> 00:36:12,880

people mum's the word when you hit a

1042

00:36:16,630 --> 00:36:14,640

nerve for sure

1043

00:36:18,150 --> 00:36:16,640

and yeah you're right i think it's still

1044

00:36:19,910 --> 00:36:18,160

out there i think that disclosure is

1045

00:36:21,990 --> 00:36:19,920

coming but there's certain things of

1046

00:36:23,589 --> 00:36:22,000

disclosure that they don't want revealed

1047

00:36:25,030 --> 00:36:23,599

like there's you know they might come

1048

00:36:27,190 --> 00:36:25,040

out they want to angle it they want to

1049

00:36:29,030 --> 00:36:27,200

make it so that they know it's coming

1050

00:36:30,870 --> 00:36:29,040

out but they want you to have the same

1051
00:36:32,470 --> 00:36:30,880
opinion they want you to have about like

1052
00:36:34,550 --> 00:36:32,480
and then they can say yeah we told you

1053
00:36:37,349 --> 00:36:34,560
we were forthcoming we gave you that

1054
00:36:39,349 --> 00:36:37,359
info yeah 90 years later in a different

1055
00:36:41,190 --> 00:36:39,359
color in a different language but uh

1056
00:36:43,589 --> 00:36:41,200
yeah you sure gave us that info you know

1057
00:36:45,430 --> 00:36:43,599
yeah and how do you explain that to to a

1058
00:36:46,230 --> 00:36:45,440
general population that has no interest

1059
00:36:51,990 --> 00:36:46,240
in

1060
00:36:54,390 --> 00:36:52,000
remember a co-worker

1061
00:36:56,069 --> 00:36:54,400
she was absolutely looking at me like i

1062
00:36:58,390 --> 00:36:56,079
had just put my severed head in the

1063
00:37:00,470 --> 00:36:58,400

fridge like she could not believe that

1064

00:37:02,950 --> 00:37:00,480

i believed in ufos like you actually

1065

00:37:05,030 --> 00:37:02,960

believe in that stuff and i'm like yeah

1066

00:37:06,630 --> 00:37:05,040

they're everywhere man like everywhere

1067

00:37:08,390 --> 00:37:06,640

everybody captures them worldwide

1068

00:37:10,150 --> 00:37:08,400

there's abductions worldwide like this

1069

00:37:12,069 --> 00:37:10,160

is a real phenomenon

1070

00:37:13,829 --> 00:37:12,079

and to people like that that's who i

1071

00:37:15,670 --> 00:37:13,839

think of the most like the world is

1072

00:37:17,750 --> 00:37:15,680

shattered because to them there's just a

1073

00:37:19,750 --> 00:37:17,760

nine-to-five job that they have they go

1074

00:37:21,349 --> 00:37:19,760

to work they come home make food for

1075

00:37:23,829 --> 00:37:21,359

their kids that's it that's the extent

1076
00:37:26,870 --> 00:37:23,839
of life if you start going out hey maybe

1077
00:37:30,150 --> 00:37:26,880
there's multi-dimensional entities with

1078
00:37:31,910 --> 00:37:30,160
uh interstellar travelers uh they're all

1079
00:37:33,109 --> 00:37:31,920
mixed in together they all come here

1080
00:37:35,349 --> 00:37:33,119
they all have their own different

1081
00:37:36,550 --> 00:37:35,359
purposes some of them are nice some of

1082
00:37:38,390 --> 00:37:36,560
them are not

1083
00:37:39,990 --> 00:37:38,400
some of them have different agendas than

1084
00:37:41,990 --> 00:37:40,000
than we would like and we can't do

1085
00:37:44,069 --> 00:37:42,000
anything about it they could fly over

1086
00:37:46,230 --> 00:37:44,079
airspace they can shut us down if we

1087
00:37:49,109 --> 00:37:46,240
want to and do whatever they want to the

1088
00:37:52,069 --> 00:37:49,119

citizens it's no intervening for law

1089

00:37:54,710 --> 00:37:52,079

enforcement or military uh you know

1090

00:37:57,109 --> 00:37:54,720

they're not gonna send a team of uh you

1091

00:37:59,030 --> 00:37:57,119

know commandos to come and save you from

1092

00:38:00,550 --> 00:37:59,040

an alien abduction or you know if that

1093

00:38:01,910 --> 00:38:00,560

occurs to you so

1094

00:38:02,870 --> 00:38:01,920

i think that's the part that they're

1095

00:38:05,030 --> 00:38:02,880

gonna

1096

00:38:06,790 --> 00:38:05,040

they're worried about is shattering that

1097

00:38:08,790 --> 00:38:06,800

world for those people

1098

00:38:10,390 --> 00:38:08,800

because how how do they come to grips

1099

00:38:11,990 --> 00:38:10,400

with that right that's that's it they've

1100

00:38:14,069 --> 00:38:12,000

always controlled the narrative right i

1101
00:38:15,910 --> 00:38:14,079
mean yeah there was a press conference

1102
00:38:17,510 --> 00:38:15,920
at the white house in the 80s or 90s

1103
00:38:19,750 --> 00:38:17,520
where they actually brought out a guy

1104
00:38:22,230 --> 00:38:19,760
dressed up as an alien said yeah here's

1105
00:38:24,630 --> 00:38:22,240
the guy that we found like they made a

1106
00:38:26,390 --> 00:38:24,640
mockery of it and anybody who was

1107
00:38:28,630 --> 00:38:26,400
legitimately

1108
00:38:30,630 --> 00:38:28,640
talking about it looks stupid all of a

1109
00:38:32,390 --> 00:38:30,640
sudden so the reaction you get from the

1110
00:38:33,670 --> 00:38:32,400
general public there's an implanted

1111
00:38:36,150 --> 00:38:33,680
reaction that the government's been

1112
00:38:37,670 --> 00:38:36,160
working on for generations yeah so that

1113
00:38:39,109 --> 00:38:37,680

people say yeah you're out of your mind

1114

00:38:41,430 --> 00:38:39,119

well you believe in little green men

1115

00:38:43,270 --> 00:38:41,440

what are you stupid that's exactly what

1116

00:38:44,950 --> 00:38:43,280

has been implanted in the minds of those

1117

00:38:47,510 --> 00:38:44,960

people that have that opinion right and

1118

00:38:49,510 --> 00:38:47,520

that's exactly how they wanted it now

1119

00:38:51,670 --> 00:38:49,520

people are starting to wake up are you

1120

00:38:53,190 --> 00:38:51,680

paying attention the motto with the show

1121

00:38:54,790 --> 00:38:53,200

and people are paying attention so the

1122

00:38:57,109 --> 00:38:54,800

government's saying yeah well you know

1123

00:38:58,710 --> 00:38:57,119

we took your concerns seriously we had

1124

00:39:00,630 --> 00:38:58,720

all those projects signed and project

1125

00:39:02,630 --> 00:39:00,640

grudge and project blue book and you

1126

00:39:04,470 --> 00:39:02,640

know we didn't find anything but now

1127

00:39:06,069 --> 00:39:04,480

you know 20 years later we want to tell

1128

00:39:08,630 --> 00:39:06,079

you that yeah we've paid attention to

1129

00:39:09,990 --> 00:39:08,640

nids and osap and atip and we spent

1130

00:39:12,069 --> 00:39:10,000

money on this [h__h] and we're still

1131

00:39:14,230 --> 00:39:12,079

spending money on it and there are

1132

00:39:17,109 --> 00:39:14,240

things that we can't explain so they

1133

00:39:19,750 --> 00:39:17,119

have this huge hero quality to them and

1134

00:39:22,069 --> 00:39:19,760

again it's still that tic tac incident

1135

00:39:24,710 --> 00:39:22,079

and the uss nimitz and princeton staff

1136

00:39:27,190 --> 00:39:24,720

that saw it that happened in 2004 yeah

1137

00:39:29,670 --> 00:39:27,200

you're breaking it in 2017. it's still

1138

00:39:31,349 --> 00:39:29,680

way behind the buck like what's actually

1139

00:39:32,710 --> 00:39:31,359

if you want to convince us that you're

1140

00:39:34,550 --> 00:39:32,720

disclosing

1141

00:39:37,349 --> 00:39:34,560

real things how about doing it on a

1142

00:39:39,670 --> 00:39:37,359

timely matter not 13 years later

1143

00:39:41,750 --> 00:39:39,680

and actually you know don't treat us

1144

00:39:43,990 --> 00:39:41,760

like we're idiots we're not all idiots

1145

00:39:45,910 --> 00:39:44,000

some of us run podcasts that will call

1146

00:39:48,310 --> 00:39:45,920

your [h__h] out yeah

1147

00:39:50,150 --> 00:39:48,320

or at least try to you know one way or

1148

00:39:52,790 --> 00:39:50,160

the other and it's it's bizarre the

1149

00:39:55,109 --> 00:39:52,800

number of people that you know um send

1150

00:39:57,190 --> 00:39:55,119

us friend requests the reach of the show

1151

00:39:59,270 --> 00:39:57,200

is all over the planet this is not a

1152

00:40:02,150 --> 00:39:59,280

north american-based show we have

1153

00:40:05,910 --> 00:40:02,160

listeners in the united states canada uk

1154

00:40:08,870 --> 00:40:05,920

australia africa india yeah india it's

1155

00:40:11,270 --> 00:40:08,880

nuts we so there is a demand for this

1156

00:40:14,309 --> 00:40:11,280

type of stuff and just my advice to

1157

00:40:16,950 --> 00:40:14,319

everybody is just keep going beware of

1158

00:40:18,710 --> 00:40:16,960

the nonsense don't buy into the

1159

00:40:19,829 --> 00:40:18,720

narratives from governments because

1160

00:40:22,150 --> 00:40:19,839

they're all

1161

00:40:23,270 --> 00:40:22,160

they all have their own bias yeah some

1162

00:40:25,270 --> 00:40:23,280

countries might be a little more

1163

00:40:27,109 --> 00:40:25,280

advanced in terms of releasing you know

1164

00:40:29,670 --> 00:40:27,119

italy or france or

1165

00:40:32,150 --> 00:40:29,680

but when you have uk united states it's

1166

00:40:34,790 --> 00:40:32,160

same old same old give them a little bit

1167

00:40:36,630 --> 00:40:34,800

you know wrap it up with your own bias

1168

00:40:38,790 --> 00:40:36,640

and away we go right and the biggest

1169

00:40:41,670 --> 00:40:38,800

thing as we all know like war is a money

1170

00:40:44,950 --> 00:40:41,680

maker and the countries that specialize

1171

00:40:47,270 --> 00:40:44,960

in producing tanks and munitions and can

1172

00:40:49,349 --> 00:40:47,280

provide legitimate military support to

1173

00:40:51,510 --> 00:40:49,359

other countries they use that as their

1174

00:40:52,870 --> 00:40:51,520

bargaining chip as well hey one day if

1175

00:40:54,630 --> 00:40:52,880

someone picks a fight with you you

1176
00:40:56,950 --> 00:40:54,640
better hope we're on your side to bail

1177
00:40:57,990 --> 00:40:56,960
you out so when it comes to things like

1178
00:40:59,829 --> 00:40:58,000
this that

1179
00:41:01,030 --> 00:40:59,839
we all have to kind of have a unified

1180
00:41:03,109 --> 00:41:01,040
answer like they're not going to let

1181
00:41:04,630 --> 00:41:03,119
some little publication in england put

1182
00:41:05,750 --> 00:41:04,640
something out that's going to blow up

1183
00:41:08,550 --> 00:41:05,760
this house of cards they've been

1184
00:41:10,390 --> 00:41:08,560
maintaining for 70 years so as much info

1185
00:41:13,109 --> 00:41:10,400
as we think we're getting it's still

1186
00:41:16,069 --> 00:41:13,119
coming flavored from them

1187
00:41:17,430 --> 00:41:16,079
and it's i don't know it's i used to be

1188
00:41:19,910 --> 00:41:17,440

i used to think we were getting

1189

00:41:21,670 --> 00:41:19,920

somewhere and i now it's just

1190

00:41:24,309 --> 00:41:21,680

because we have access to so much stuff

1191

00:41:25,750 --> 00:41:24,319

we talk to so many people we have names

1192

00:41:26,790 --> 00:41:25,760

of people that we can't even mention on

1193

00:41:29,750 --> 00:41:26,800

the show

1194

00:41:32,069 --> 00:41:29,760

uh i i don't think we're getting any any

1195

00:41:34,710 --> 00:41:32,079

closer i think that there's real [h__\h]

1196

00:41:35,670 --> 00:41:34,720

happening so continue the study of uap

1197

00:41:37,510 --> 00:41:35,680

because that's the only way you're going

1198

00:41:39,190 --> 00:41:37,520

to get the truth but in terms of what

1199

00:41:40,950 --> 00:41:39,200

the government's putting out there don't

1200

00:41:43,589 --> 00:41:40,960

put too much credence in it

1201

00:41:45,589 --> 00:41:43,599

no and and be you know mindful of

1202

00:41:48,390 --> 00:41:45,599

anything that comes out and and like you

1203

00:41:50,630 --> 00:41:48,400

mentioned educate yourself read books

1204

00:41:52,390 --> 00:41:50,640

there's so much documentaries

1205

00:41:54,069 --> 00:41:52,400

that's the thing read books

1206

00:41:55,510 --> 00:41:54,079

what which books you know who should you

1207

00:41:57,910 --> 00:41:55,520

listen to which website should you

1208

00:41:59,349 --> 00:41:57,920

belong to whose social media pages are

1209

00:42:00,950 --> 00:41:59,359

good and who's full of [h__h] and then

1210

00:42:02,870 --> 00:42:00,960

that becomes subjective because that's

1211

00:42:04,069 --> 00:42:02,880

just from the viewpoint of let's say the

1212

00:42:05,829 --> 00:42:04,079

host or

1213

00:42:07,190 --> 00:42:05,839

the person that's on tv right there

1214

00:42:09,109 --> 00:42:07,200

they're talking we interviewed vinnie

1215

00:42:10,950 --> 00:42:09,119

adams who hosts his own very popular

1216

00:42:12,630 --> 00:42:10,960

podcast and basically talking about the

1217

00:42:15,430 --> 00:42:12,640

same thing like how do you weed out the

1218

00:42:17,750 --> 00:42:15,440

nuts from the bolts you know like so to

1219

00:42:18,630 --> 00:42:17,760

speak uh there's a lot of real good

1220

00:42:22,790 --> 00:42:18,640

stuff

1221

00:42:24,710 --> 00:42:22,800

like luis elizondo he parted ways with

1222

00:42:26,150 --> 00:42:24,720

to the stars academy yeah they want to

1223

00:42:27,589 --> 00:42:26,160

make it more media based and more

1224

00:42:29,349 --> 00:42:27,599

television programming that type of

1225

00:42:31,270 --> 00:42:29,359

stuff which is good because it still

1226

00:42:33,910 --> 00:42:31,280

puts it out there you know they were the

1227

00:42:35,670 --> 00:42:33,920

first to get that type of media on

1228

00:42:37,910 --> 00:42:35,680

you know national channels that the

1229

00:42:40,550 --> 00:42:37,920

average joe didn't have to subscribe

1230

00:42:42,630 --> 00:42:40,560

extra to to get so the credit to those

1231

00:42:45,030 --> 00:42:42,640

guys but when you look at a guy like lou

1232

00:42:46,790 --> 00:42:45,040

elizondo or sean cahill it's like

1233

00:42:49,750 --> 00:42:46,800

why have they chosen to do what they're

1234

00:42:52,550 --> 00:42:49,760

doing now why have they chosen to

1235

00:42:54,069 --> 00:42:52,560

a speak at all especially in elizondo's

1236

00:42:56,390 --> 00:42:54,079

case you know like he's taking

1237

00:42:58,790 --> 00:42:56,400

significant threat and when we talk to a

1238

00:43:00,550 --> 00:42:58,800

40-year veteran like george and app he

1239

00:43:02,230 --> 00:43:00,560

validates all that yeah you take a

1240

00:43:04,230 --> 00:43:02,240

significant threat when you talk about

1241

00:43:06,309 --> 00:43:04,240

this stuff yeah and he even admits that

1242

00:43:08,470 --> 00:43:06,319

his career would have gone a lot higher

1243

00:43:10,630 --> 00:43:08,480

if he hadn't focused on uaps or broke

1244

00:43:13,270 --> 00:43:10,640

the story of bob lazar but he to this

1245

00:43:14,790 --> 00:43:13,280

day and we concur with him we i believe

1246

00:43:16,470 --> 00:43:14,800

george knapp

1247

00:43:18,069 --> 00:43:16,480

more than i believe most people out

1248

00:43:20,630 --> 00:43:18,079

there i and i will say that not just

1249

00:43:22,870 --> 00:43:20,640

because we like george but he is legit

1250

00:43:25,270 --> 00:43:22,880

who's going to keep up a facade for 40

1251

00:43:27,270 --> 00:43:25,280

years when it does nothing but kick you

1252

00:43:28,710 --> 00:43:27,280

in the teeth every time yeah who's gonna

1253

00:43:30,390 --> 00:43:28,720

do that unless they just there's no

1254

00:43:31,990 --> 00:43:30,400

money involved there's no money in that

1255

00:43:33,190 --> 00:43:32,000

[h__\h] he's probably made half as much as

1256

00:43:35,750 --> 00:43:33,200

he could have made if he just stayed

1257

00:43:37,510 --> 00:43:35,760

working for cbs and nevada so he still

1258

00:43:39,670 --> 00:43:37,520

does their their correspondence he's

1259

00:43:41,750 --> 00:43:39,680

still a reporter for them and he writes

1260

00:43:42,950 --> 00:43:41,760

books but i know people that write books

1261

00:43:44,390 --> 00:43:42,960

they don't make any money off of that

1262

00:43:46,390 --> 00:43:44,400

when you take the publication and the

1263

00:43:48,309 --> 00:43:46,400

producing of the book itself and what

1264

00:43:49,990 --> 00:43:48,319

the publisher takes and your agent takes

1265

00:43:51,829 --> 00:43:50,000

there's nothing left

1266

00:43:53,430 --> 00:43:51,839

not everybody's an award-winning author

1267

00:43:55,910 --> 00:43:53,440

right this is more about just getting

1268

00:43:57,109 --> 00:43:55,920

that info out there to help the cause

1269

00:43:58,550 --> 00:43:57,119

they're benevolent in where they're

1270

00:44:01,430 --> 00:43:58,560

coming from this is why my book

1271

00:44:03,349 --> 00:44:01,440

recommendation dreamland by bob lazar

1272

00:44:05,349 --> 00:44:03,359

explains his

1273

00:44:07,589 --> 00:44:05,359

side of the events play-by-play

1274

00:44:09,750 --> 00:44:07,599

conversation by conversation and it puts

1275

00:44:12,470 --> 00:44:09,760

things in perspective we were talking

1276

00:44:15,030 --> 00:44:12,480

earlier about how ufology so like chess

1277

00:44:17,430 --> 00:44:15,040

pieces well what bob lazar was dropping

1278

00:44:19,430 --> 00:44:17,440

was major uh not just pieces of puzzle

1279

00:44:20,950 --> 00:44:19,440

pieces um i've been playing a lot of

1280

00:44:22,470 --> 00:44:20,960

chess lately so i got chess in my mind

1281

00:44:25,270 --> 00:44:22,480

uh puzzle pieces are you trying to take

1282

00:44:27,109 --> 00:44:25,280

on the uh the ibm or beat like asimov or

1283

00:44:29,030 --> 00:44:27,119

somebody what do you think no it's just

1284

00:44:31,109 --> 00:44:29,040

i i used to have a good well a rating

1285

00:44:32,630 --> 00:44:31,119

that was decent it was about 1400 and i

1286

00:44:35,349 --> 00:44:32,640

prided myself in that started playing

1287

00:44:37,109 --> 00:44:35,359

again i am not at 1400 anymore

1288

00:44:39,270 --> 00:44:37,119

i used to be very good i played only

1289

00:44:41,510 --> 00:44:39,280

online chess and uh when i played real

1290

00:44:44,309 --> 00:44:41,520

people i got my ass kicked every single

1291

00:44:46,309 --> 00:44:44,319

time yeah yeah i i humbly retired from

1292

00:44:48,150 --> 00:44:46,319

the world of chess it's a game that

1293

00:44:50,950 --> 00:44:48,160

enrages me and i love it at the same

1294

00:44:52,069 --> 00:44:50,960

time but uh yeah the puzzle pieces are

1295

00:44:53,750 --> 00:44:52,079

the uh

1296

00:44:57,030 --> 00:44:53,760

what bob lazar was dropping you know

1297

00:44:58,870 --> 00:44:57,040

like you know putting s4 on the map area

1298

00:45:00,870 --> 00:44:58,880

51 on the map

1299

00:45:03,109 --> 00:45:00,880

bringing people out to come see flying

1300

00:45:05,109 --> 00:45:03,119

saucers at seven o'clock on wednesdays

1301

00:45:07,270 --> 00:45:05,119

in the middle of nowhere

1302

00:45:09,270 --> 00:45:07,280

and legitimate parties too like he'd

1303

00:45:11,270 --> 00:45:09,280

have tons of people that he brought it

1304

00:45:13,589 --> 00:45:11,280

several times one time they even had a

1305

00:45:15,430 --> 00:45:13,599

winnebago and they were on top of it and

1306

00:45:18,630 --> 00:45:15,440

he brought his his ex-wife and her

1307

00:45:21,670 --> 00:45:18,640

friends and just it's crazy but

1308

00:45:23,589 --> 00:45:21,680

you could tell now with the book it puts

1309

00:45:24,790 --> 00:45:23,599

the puzzle piece it makes sense now with

1310

00:45:26,550 --> 00:45:24,800

what's happening

1311

00:45:28,870 --> 00:45:26,560

uh you know for a fact that they moved

1312

00:45:29,990 --> 00:45:28,880

all the good stuff from s4 they don't go

1313

00:45:31,109 --> 00:45:30,000

there anymore they must have moved to

1314

00:45:33,510 --> 00:45:31,119

somewhere in the mountains where they

1315

00:45:34,230 --> 00:45:33,520

can hide in tunnels or some [h__\h]

1316

00:45:36,309 --> 00:45:34,240

but

1317

00:45:38,790 --> 00:45:36,319

yeah bob lazar's book is definitely a

1318

00:45:41,910 --> 00:45:38,800

recommendation a must read as far as i'm

1319

00:45:44,390 --> 00:45:41,920

concerned if you're into ufology because

1320

00:45:47,349 --> 00:45:44,400

he explains a lot of how

1321

00:45:49,510 --> 00:45:47,359

the inside jobs are with these people

1322

00:45:51,349 --> 00:45:49,520

when you hire scientists to just you

1323

00:45:53,670 --> 00:45:51,359

focus on this and you focus on this

1324

00:45:56,069 --> 00:45:53,680

alone mentalize your things enough to

1325

00:45:58,630 --> 00:45:56,079

not be dangerous yeah in case we have to

1326
00:46:00,230 --> 00:45:58,640
make you disappear or in case you talk

1327
00:46:02,309 --> 00:46:00,240
well and then it's crazy because he

1328
00:46:05,030 --> 00:46:02,319
replaces somebody who died trying to

1329
00:46:06,870 --> 00:46:05,040
drill into that half basketball thing or

1330
00:46:08,230 --> 00:46:06,880
whatever so that's dangerous then he

1331
00:46:10,150 --> 00:46:08,240
hears about the russians that were

1332
00:46:12,630 --> 00:46:10,160
working in a different department they

1333
00:46:14,150 --> 00:46:12,640
go missing he gets given a handgun like

1334
00:46:15,910 --> 00:46:14,160
you could tell that even within the

1335
00:46:18,630 --> 00:46:15,920
department it's not running smoothly

1336
00:46:20,630 --> 00:46:18,640
there's there's so much secrecy and and

1337
00:46:23,670 --> 00:46:20,640
uh death that's involved there and

1338
00:46:25,510 --> 00:46:23,680

people haven't just shut up like signing

1339

00:46:28,150 --> 00:46:25,520

non-disclosure degree agreements and

1340

00:46:29,670 --> 00:46:28,160

being followed wiretapped like that was

1341

00:46:31,190 --> 00:46:29,680

back then think about what they're doing

1342

00:46:33,510 --> 00:46:31,200

now right they could just tap into your

1343

00:46:35,190 --> 00:46:33,520

phone and listening to this podcast if

1344

00:46:37,430 --> 00:46:35,200

they wanted to right so

1345

00:46:39,109 --> 00:46:37,440

uh yeah he put a lot of things on on the

1346

00:46:40,309 --> 00:46:39,119

map as far as i'm concerned that makes

1347

00:46:41,990 --> 00:46:40,319

sense now

1348

00:46:43,510 --> 00:46:42,000

that for a long time people were giving

1349

00:46:45,190 --> 00:46:43,520

them [h__\h] saying well this you know it's

1350

00:46:47,670 --> 00:46:45,200

full of crap it's it's not true that's

1351
00:46:49,829 --> 00:46:47,680
why i'm such a babazar fan or element

1352
00:46:51,430 --> 00:46:49,839
115 that's all i got to say yeah how do

1353
00:46:53,910 --> 00:46:51,440
you predict an element that doesn't

1354
00:46:55,589 --> 00:46:53,920
exist 20 years in the future okay like

1355
00:46:58,550 --> 00:46:55,599
if the periodic table of the elements

1356
00:46:59,990 --> 00:46:58,560
went to 90 and you predicted 91 yeah

1357
00:47:01,510 --> 00:47:00,000
okay you don't have to be a rocket

1358
00:47:03,990 --> 00:47:01,520
scientist to figure that maybe we're

1359
00:47:06,550 --> 00:47:04,000
going to find some other element in fact

1360
00:47:08,309 --> 00:47:06,560
most of the elements over 80 anyways

1361
00:47:10,390 --> 00:47:08,319
only exist in a test lab under

1362
00:47:13,030 --> 00:47:10,400
controlled conditions and they're only

1363
00:47:14,230 --> 00:47:13,040

stable for a fraction of a second it's

1364

00:47:16,630 --> 00:47:14,240

not like something you dig out of the

1365

00:47:18,470 --> 00:47:16,640

ground right these are just weird ways

1366

00:47:20,069 --> 00:47:18,480

of arranging electrons and protons and

1367

00:47:21,750 --> 00:47:20,079

making new molecules therefore you have

1368

00:47:24,470 --> 00:47:21,760

new elements right so

1369

00:47:26,309 --> 00:47:24,480

how do you predict an element

1370

00:47:28,790 --> 00:47:26,319

that far ahead i think it was like 10

1371

00:47:30,870 --> 00:47:28,800

ahead or 15 ahead of where the table was

1372

00:47:33,270 --> 00:47:30,880

and then the properties of that element

1373

00:47:35,270 --> 00:47:33,280

actually would make a reasonable fuel in

1374

00:47:37,270 --> 00:47:35,280

fact a very good fuel for a

1375

00:47:38,390 --> 00:47:37,280

nuclear-powered craft

1376

00:47:39,990 --> 00:47:38,400

i mean i don't

1377

00:47:42,470 --> 00:47:40,000

yeah you could be a you could be a

1378

00:47:45,430 --> 00:47:42,480

really good storyteller you could be a

1379

00:47:48,150 --> 00:47:45,440

lot of things but i think bob lazar is

1380

00:47:49,990 --> 00:47:48,160

the real deal yeah i honestly do yeah

1381

00:47:51,750 --> 00:47:50,000

no this was good i this was a good

1382

00:47:52,630 --> 00:47:51,760

episode i'm glad that we got to brush up

1383

00:47:54,069 --> 00:47:52,640

on

1384

00:47:57,109 --> 00:47:54,079

some of the past guests that we've had

1385

00:47:58,950 --> 00:47:57,119

and in the last two years it's been

1386

00:48:00,549 --> 00:47:58,960

you know for me a hell of a ride because

1387

00:48:02,150 --> 00:48:00,559

i got to talk to people that i've always

1388

00:48:04,950 --> 00:48:02,160

wanted to talk to and ask them questions

1389

00:48:08,150 --> 00:48:04,960

i've always wanted to ask them right

1390

00:48:09,589 --> 00:48:08,160

yeah so it's it's listeners we haven't

1391

00:48:12,150 --> 00:48:09,599

we've it's been two weeks now we haven't

1392

00:48:14,230 --> 00:48:12,160

put out an episode we did uh a few

1393

00:48:16,309 --> 00:48:14,240

episodes and one day a couple weeks ago

1394

00:48:18,150 --> 00:48:16,319

with kathleen martin colin kelleher we

1395

00:48:20,230 --> 00:48:18,160

don't like to typically hold on to shows

1396

00:48:22,069 --> 00:48:20,240

and release them at a later date as we

1397

00:48:23,750 --> 00:48:22,079

talk to people we put it up right away

1398

00:48:25,430 --> 00:48:23,760

yeah so you've got two episodes in one

1399

00:48:27,750 --> 00:48:25,440

week and you haven't had one for two

1400

00:48:30,230 --> 00:48:27,760

weeks and now we're here so it's not

1401
00:48:32,390 --> 00:48:30,240
from any other reason other than there's

1402
00:48:34,230 --> 00:48:32,400
a lot of things happening we're in talks

1403
00:48:37,829 --> 00:48:34,240
with lots of people as i mentioned

1404
00:48:40,069 --> 00:48:37,839
earlier we had the you know greatest

1405
00:48:41,109 --> 00:48:40,079
all-time four-way panel of guests ready

1406
00:48:43,510 --> 00:48:41,119
to go

1407
00:48:45,430 --> 00:48:43,520
and we can't get three or four this [h__\h]

1408
00:48:46,870 --> 00:48:45,440
happens this is the real world this is

1409
00:48:49,030 --> 00:48:46,880
not just a show

1410
00:48:50,549 --> 00:48:49,040
and it's cooler because of that because

1411
00:48:53,430 --> 00:48:50,559
we're trying to do stuff that's really

1412
00:48:54,950 --> 00:48:53,440
hard and get people to go on the record

1413
00:48:56,309 --> 00:48:54,960

that don't want to go on the record you

1414

00:48:58,390 --> 00:48:56,319

know it's not just

1415

00:49:00,069 --> 00:48:58,400

if we put everybody on that email does

1416

00:49:01,990 --> 00:49:00,079

you would never enjoy a single episode

1417

00:49:03,670 --> 00:49:02,000

we produce because you can read those

1418

00:49:06,150 --> 00:49:03,680

people's stories on twitter

1419

00:49:08,470 --> 00:49:06,160

we're trying to filter out the junk and

1420

00:49:10,390 --> 00:49:08,480

keep this as pure and we're one of the

1421

00:49:12,309 --> 00:49:10,400

highest rated podcasts i know in our

1422

00:49:15,109 --> 00:49:12,319

country in canada uh we're probably the

1423

00:49:17,430 --> 00:49:15,119

highest rated uap podcast in canada and

1424

00:49:20,309 --> 00:49:17,440

uh i mean even on spotify the other day

1425

00:49:22,950 --> 00:49:20,319

you searched best ufo podcast and we

1426

00:49:25,190 --> 00:49:22,960

showed up number one so which you know

1427

00:49:27,829 --> 00:49:25,200

obviously yeah thank you yeah huge thank

1428

00:49:30,950 --> 00:49:27,839

you sure yeah and we're almost nearing

1429

00:49:32,390 --> 00:49:30,960

uh 50 000 uh spotify

1430

00:49:35,109 --> 00:49:32,400

plays so

1431

00:49:37,270 --> 00:49:35,119

people have been you know really awesome

1432

00:49:39,270 --> 00:49:37,280

and and reaching out and you know just

1433

00:49:41,750 --> 00:49:39,280

the love that we've received and the

1434

00:49:44,630 --> 00:49:41,760

encouragement as well because this is

1435

00:49:47,190 --> 00:49:44,640

a labor of of of love and and you know

1436

00:49:49,030 --> 00:49:47,200

passion for the subject and uh yeah we

1437

00:49:50,870 --> 00:49:49,040

hope to continue this as long as we can

1438

00:49:53,109 --> 00:49:50,880

with the best panels that we can we are

1439

00:49:54,870 --> 00:49:53,119

working very hard at it but uh yeah and

1440

00:49:56,309 --> 00:49:54,880

we'd almost rather not put out a show

1441

00:49:58,870 --> 00:49:56,319

than put on a show that you're not going

1442

00:50:00,950 --> 00:49:58,880

to get any value out of it yeah if if it

1443

00:50:03,030 --> 00:50:00,960

doesn't meet our stringent quality you

1444

00:50:05,030 --> 00:50:03,040

know control test so to speak if they're

1445

00:50:07,270 --> 00:50:05,040

not the real deal we vet everybody we

1446

00:50:09,109 --> 00:50:07,280

read everything they it's a two-week

1447

00:50:11,109 --> 00:50:09,119

study sometimes before we put on one of

1448

00:50:12,790 --> 00:50:11,119

these shows we take it seriously we're

1449

00:50:13,750 --> 00:50:12,800

not just showing up you know shooting

1450

00:50:15,750 --> 00:50:13,760

the [h__\h]

1451
00:50:17,190 --> 00:50:15,760
there's a lot of mockery podcasts out

1452
00:50:19,430 --> 00:50:17,200
there that just like to laugh and joke

1453
00:50:20,710 --> 00:50:19,440
for two hours we do a bit of that but we

1454
00:50:22,150 --> 00:50:20,720
want to make sure that you're not going

1455
00:50:24,230 --> 00:50:22,160
to have you're going to learn something

1456
00:50:26,069 --> 00:50:24,240
new and you're going to be closer to the

1457
00:50:28,069 --> 00:50:26,079
answer at the end of it than you were

1458
00:50:29,829 --> 00:50:28,079
before it started yeah and we're

1459
00:50:32,549 --> 00:50:29,839
discovering everything from cattle

1460
00:50:34,549 --> 00:50:32,559
mutilations abductions to

1461
00:50:36,150 --> 00:50:34,559
people in the military to seeing things

1462
00:50:39,349 --> 00:50:36,160
political people if we can get them

1463
00:50:41,190 --> 00:50:39,359

scientists so the more that we get these

1464

00:50:43,270 --> 00:50:41,200

people on and um we're going to get a

1465

00:50:45,829 --> 00:50:43,280

lot more of the scientific coalition for

1466

00:50:47,589 --> 00:50:45,839

uh uop studies members on

1467

00:50:49,430 --> 00:50:47,599

the podcast here soon

1468

00:50:51,910 --> 00:50:49,440

um reaching out we get a lot of love

1469

00:50:53,589 --> 00:50:51,920

from some big name bodies we're just not

1470

00:50:55,270 --> 00:50:53,599

in the business of saying hey you got

1471

00:50:57,270 --> 00:50:55,280

anybody we could talk to we're not we're

1472

00:50:58,710 --> 00:50:57,280

not starving for talent yeah we want to

1473

00:51:01,109 --> 00:50:58,720

talk to the right people at the right

1474

00:51:02,630 --> 00:51:01,119

time to discuss relevant things if

1475

00:51:04,630 --> 00:51:02,640

somebody wants to come on and talk about

1476

00:51:06,870 --> 00:51:04,640

you know calvin parker's calvin parker

1477

00:51:09,670 --> 00:51:06,880

but his episode i mean his experience is

1478

00:51:11,510 --> 00:51:09,680

decades old right um it's only because

1479

00:51:13,750 --> 00:51:11,520

he is tried and true

1480

00:51:16,390 --> 00:51:13,760

and has been tested a hundred times lie

1481

00:51:18,309 --> 00:51:16,400

detector voice you know stress test all

1482

00:51:19,589 --> 00:51:18,319

that [h__h] he still stands to test the

1483

00:51:21,109 --> 00:51:19,599

time people are still writing books

1484

00:51:22,710 --> 00:51:21,119

about him so he's still

1485

00:51:24,309 --> 00:51:22,720

witnesses are coming out now yeah

1486

00:51:26,630 --> 00:51:24,319

there's new information coming out we

1487

00:51:29,109 --> 00:51:26,640

want to talk to him uh but in terms of

1488

00:51:31,430 --> 00:51:29,119

let's just read you know regurgitate the

1489

00:51:33,750 --> 00:51:31,440

same old story of area 51 we're not into

1490

00:51:35,670 --> 00:51:33,760

that we want to this is for people that

1491

00:51:37,349 --> 00:51:35,680

understand the phenomenon are interested

1492

00:51:40,950 --> 00:51:37,359

in the phenomenon there's a lot of

1493

00:51:42,549 --> 00:51:40,960

government people and xcia dod a lot of

1494

00:51:43,990 --> 00:51:42,559

people listening to our show we know

1495

00:51:45,349 --> 00:51:44,000

they're out there

1496

00:51:47,430 --> 00:51:45,359

and we just want to keep it real for

1497

00:51:49,589 --> 00:51:47,440

everybody to keep it keep it as clean

1498

00:51:51,589 --> 00:51:49,599

and as legit as it is yeah and that

1499

00:51:53,670 --> 00:51:51,599

being said anybody that wants to come on

1500

00:51:55,670 --> 00:51:53,680

a podcast that have something to share

1501
00:51:57,750 --> 00:51:55,680
from those groups uh you're almost

1502
00:51:59,270 --> 00:51:57,760
welcome to to do that as well uh that's

1503
00:52:00,790 --> 00:51:59,280
an invitation that i've never put out

1504
00:52:02,790 --> 00:52:00,800
there but that's true it's it's a good

1505
00:52:03,910 --> 00:52:02,800
idea that if you know if you guys are

1506
00:52:05,030 --> 00:52:03,920
listening to this and you want to

1507
00:52:06,790 --> 00:52:05,040
partake

1508
00:52:09,030 --> 00:52:06,800
or just come on and share your

1509
00:52:10,950 --> 00:52:09,040
experience um yeah we're definitely

1510
00:52:13,510 --> 00:52:10,960
interested in that as well yeah it's a

1511
00:52:15,270 --> 00:52:13,520
safe place we told it to uh to uh sean

1512
00:52:16,470 --> 00:52:15,280
cahill we were trying we always like to

1513
00:52:18,549 --> 00:52:16,480

get somebody to say something they

1514

00:52:20,069 --> 00:52:18,559

haven't told anybody else so i kind of

1515

00:52:22,790 --> 00:52:20,079

put them on the spot i said come on man

1516

00:52:25,109 --> 00:52:22,800

come on save space you could do this and

1517

00:52:26,950 --> 00:52:25,119

he revealed i'll get you guys listen to

1518

00:52:29,910 --> 00:52:26,960

the episode you hear for yourself he

1519

00:52:33,430 --> 00:52:29,920

revealed details of a personal very

1520

00:52:36,710 --> 00:52:33,440

intimate experience he had with a uap

1521

00:52:38,710 --> 00:52:36,720

and witnessed the pilot of the uap this

1522

00:52:40,950 --> 00:52:38,720

is not just i saw a light in the sky

1523

00:52:42,549 --> 00:52:40,960

yeah i'm talking specific details so

1524

00:52:44,790 --> 00:52:42,559

when somebody like that who worked for

1525

00:52:46,870 --> 00:52:44,800

the military very closely related to

1526
00:52:48,870 --> 00:52:46,880
louis elizondo same message or on the

1527
00:52:50,470 --> 00:52:48,880
same media platforms when somebody like

1528
00:52:51,589 --> 00:52:50,480
that gives us info they never told

1529
00:52:53,270 --> 00:52:51,599
anybody

1530
00:52:54,790 --> 00:52:53,280
we take that as a compliment and calvin

1531
00:52:57,589 --> 00:52:54,800
parker did the exact same thing when he

1532
00:52:59,990 --> 00:52:57,599
told us his story he told us my new

1533
00:53:01,829 --> 00:53:00,000
details that i've listened to all of his

1534
00:53:04,069 --> 00:53:01,839
interviews i've never heard him say some

1535
00:53:06,309 --> 00:53:04,079
of those details uh that he shared with

1536
00:53:07,910 --> 00:53:06,319
us on our episode with calvin so if you

1537
00:53:09,589 --> 00:53:07,920
guys haven't heard it check it out it's

1538
00:53:12,630 --> 00:53:09,599

definitely a good podcast they're all

1539

00:53:14,790 --> 00:53:12,640

good podcasts and let's just keep the

1540

00:53:16,790 --> 00:53:14,800

keep the road to disclosure uh um

1541

00:53:18,230 --> 00:53:16,800

churning along let's keep it going and

1542

00:53:19,670 --> 00:53:18,240

we appreciate all your comments and all

1543

00:53:22,150 --> 00:53:19,680

your love we don't really get any hate

1544

00:53:26,520 --> 00:53:22,160

mail we don't get any trolls so we love
