10
00:00:45,750 --> 00:00:42,640

i mean he's had two full-time careers

11
00:00:47,430 --> 00:00:45,760

and two very complex industries

12
00:00:49,590 --> 00:00:47,440

he's one of the few people from the air

13
00:00:52,310 --> 00:00:49,600

force that's ever gone on the record and

14

00:00:55,029 --> 00:00:52,320

discussed ufos or uap phenomena or

15

00:00:56,709 --> 00:00:55,039

anything like that uh you know many many

16

00:00:58,790 --> 00:00:56,719

books that he's written i mean estimate

17

00:01:01,029 --> 00:00:58,800

was 80 to 100 books i think i've read

18

00:01:02,630 --> 00:01:01,039

that the gentleman wrote so that doesn't

19

00:01:05,350 --> 00:01:02,640

include you know over 200 magazine

20

00:01:07,990 --> 00:01:05,360

articles television appearances podcasts

21

00:01:10,710 --> 00:01:08,000

and uh he joins us here today so uh warm

22

00:01:12,149 --> 00:01:10,720

welcome to our guest mr kevin d randall

23

00:01:13,990 --> 00:01:12,159

oh thank you i'm glad to have an

24

00:01:16,230 --> 00:01:14,000

opportunity chat with you guys today

25

00:01:17,990 --> 00:01:16,240

yeah it's our pleasure for sure so uh

26
00:01:20,310 --> 00:01:18,000
for the few people that may not be too

27
00:01:21,670 --> 00:01:20,320
familiar with you uh as you know what

28
00:01:23,910 --> 00:01:21,680
your career was and everything else

29
00:01:25,670 --> 00:01:23,920
maybe tell us a bit about uh the young

30
00:01:28,230 --> 00:01:25,680
kevin randle and what got you into the

31
00:01:30,950 --> 00:01:28,240
military some of your exploits there and

32
00:01:33,830 --> 00:01:30,960
uh what led that into your current uh uh

33
00:01:35,510 --> 00:01:33,840
illustrious resume of uh accolades

34
00:01:37,910 --> 00:01:35,520
well if you say what got me into the

35
00:01:40,069 --> 00:01:37,920
military was a fear of the draft

36
00:01:41,830 --> 00:01:40,079
[Laughter]

37
00:01:43,749 --> 00:01:41,840
uh

38
00:01:45,510 --> 00:01:43,759

i guess it gives my age away and it's no

39

00:01:47,510 --> 00:01:45,520

no secret i'm getting

40

00:01:48,469 --> 00:01:47,520

to be old and crotchety

41

00:01:50,149 --> 00:01:48,479

um

42

00:01:51,749 --> 00:01:50,159

once i graduated from high school i had

43

00:01:53,350 --> 00:01:51,759

no plans to go to college i didn't think

44

00:01:55,830 --> 00:01:53,360

we had the money to go to college and

45

00:01:57,749 --> 00:01:55,840

the only outlet was well join the army

46

00:01:59,109 --> 00:01:57,759

because if i joined the army i could

47

00:01:59,990 --> 00:01:59,119

kind of select

48

00:02:02,550 --> 00:02:00,000

the

49

00:02:04,149 --> 00:02:02,560

army

50

00:02:05,990 --> 00:02:04,159

was training

51
00:02:07,590 --> 00:02:06,000
high school graduates

52
00:02:09,109 --> 00:02:07,600
to fly helicopters and i thought well

53
00:02:10,630 --> 00:02:09,119
that's much better than learning how to

54
00:02:12,150 --> 00:02:10,640
drive a truck or

55
00:02:14,390 --> 00:02:12,160
many of the other things that the army

56
00:02:15,910 --> 00:02:14,400
has you do so i went to uh i signed up

57
00:02:17,990 --> 00:02:15,920
to join the army

58
00:02:19,990 --> 00:02:18,000
um to go to flight school and was

59
00:02:21,510 --> 00:02:20,000
successful with that but of course at

60
00:02:22,869 --> 00:02:21,520
the time i don't think many people were

61
00:02:26,229 --> 00:02:22,879
flunking out of the flight school they

62
00:02:28,710 --> 00:02:26,239
needed helicopters very badly

63
00:02:31,190 --> 00:02:28,720

so i did that i went to vietnam in

64

00:02:33,430 --> 00:02:31,200

september of 1968 returned in september

65

00:02:35,750 --> 00:02:33,440

of 1969 i was a

66

00:02:37,509 --> 00:02:35,760

aircraft commander flew missions all

67

00:02:39,030 --> 00:02:37,519

kinds of missions you name a mission the

68

00:02:41,589 --> 00:02:39,040

helicopters were involved with and i

69

00:02:44,309 --> 00:02:41,599

probably flew at one time or another

70

00:02:45,910 --> 00:02:44,319

including firefly which our unit didn't

71

00:02:48,710 --> 00:02:45,920

do but a friend of mine from flight

72

00:02:50,390 --> 00:02:48,720

school we had to evacuate our aircraft

73

00:02:52,309 --> 00:02:50,400

and he happened to be with this other

74

00:02:53,830 --> 00:02:52,319

unit the dragons and he was flying

75

00:02:56,550 --> 00:02:53,840

firefly so you want to fly with us

76
00:02:58,390 --> 00:02:56,560
tonight and i stupidly said sure why not

77
00:02:59,430 --> 00:02:58,400
so we went out and did that mission as

78
00:03:02,149 --> 00:02:59,440
well but

79
00:03:03,830 --> 00:03:02,159
uh spent four years in the army got out

80
00:03:05,589 --> 00:03:03,840
of the army with an idea now to go to

81
00:03:07,990 --> 00:03:05,599
college because

82
00:03:10,309 --> 00:03:08,000
i could afford to

83
00:03:12,390 --> 00:03:10,319
the air force then promised if i took

84
00:03:13,750 --> 00:03:12,400
rotc they would give me a jet to fly

85
00:03:15,830 --> 00:03:13,760
which i thought was a pretty good deal

86
00:03:17,990 --> 00:03:15,840
but i only had to take two years of rotc

87
00:03:20,070 --> 00:03:18,000
because i was prior service and since i

88
00:03:21,750 --> 00:03:20,080

had been a warrant officer

89

00:03:22,630 --> 00:03:21,760

i didn't have to go to their five-week

90

00:03:24,550 --> 00:03:22,640

summer

91

00:03:26,550 --> 00:03:24,560

camp for

92

00:03:29,270 --> 00:03:26,560

aspiring officers i guess so i just went

93

00:03:30,949 --> 00:03:29,280

through rotc graduated from that

94

00:03:33,030 --> 00:03:30,959

i was commissioned a second lieutenant

95

00:03:35,509 --> 00:03:33,040

and entered the air force

96

00:03:37,670 --> 00:03:35,519

spent the first part of the career as a

97

00:03:39,990 --> 00:03:37,680

public affairs officer

98

00:03:42,390 --> 00:03:40,000

was asked to be the general's aide for a

99

00:03:43,750 --> 00:03:42,400

period of time when his aide went on

100

00:03:45,270 --> 00:03:43,760

on leave and i think it was because of

101
00:03:46,949 --> 00:03:45,280
my military background the fact that i

102
00:03:48,470 --> 00:03:46,959
was a combat pilot

103
00:03:50,710 --> 00:03:48,480
and not everybody in the air force

104
00:03:51,990 --> 00:03:50,720
reserve had combat experience and that

105
00:03:54,550 --> 00:03:52,000
sort of thing so i was the general's

106
00:03:55,589 --> 00:03:54,560
aide for a while and once that ended

107
00:03:57,990 --> 00:03:55,599
and my

108
00:03:59,910 --> 00:03:58,000
time at the unit ended i was about to be

109
00:04:01,670 --> 00:03:59,920
discharged i was approached and said

110
00:04:03,350 --> 00:04:01,680
would you like to stay on the reserve

111
00:04:05,110 --> 00:04:03,360
side and i said sure what do you got and

112
00:04:06,550 --> 00:04:05,120
he said we can you can either be the

113
00:04:08,309 --> 00:04:06,560

general's aide or you can be an

114

00:04:10,149 --> 00:04:08,319

intelligence officer and i stupidly said

115

00:04:11,589 --> 00:04:10,159

well i'll take intelligence officer not

116

00:04:13,830 --> 00:04:11,599

realizing

117

00:04:15,270 --> 00:04:13,840

that the really important job was the

118

00:04:17,509 --> 00:04:15,280

general's aid because you learned so

119

00:04:20,150 --> 00:04:17,519

much about the workings of the military

120

00:04:21,749 --> 00:04:20,160

from being the general's aide i just

121

00:04:23,749 --> 00:04:21,759

i don't know i just didn't set right

122

00:04:25,990 --> 00:04:23,759

with me had i if i headed it over again

123

00:04:29,270 --> 00:04:26,000

yes i would be a general's aide and

124

00:04:31,350 --> 00:04:29,280

entered the reserve and spent um

125

00:04:32,310 --> 00:04:31,360

something like 10 12 years in the air

126
00:04:34,390 --> 00:04:32,320
force

127
00:04:38,629 --> 00:04:34,400
post on active dating reserve and then

128
00:04:40,550 --> 00:04:38,639
got out of that after 9 11

129
00:04:42,070 --> 00:04:40,560
i got into the iowa national guard so

130
00:04:44,310 --> 00:04:42,080
i'm back in the army now but as an

131
00:04:47,110 --> 00:04:44,320
intelligence officer and spent a year in

132
00:04:48,870 --> 00:04:47,120
iraq as an intelligence officer finally

133
00:04:50,310 --> 00:04:48,880
retired from the

134
00:04:52,310 --> 00:04:50,320
army in

135
00:04:55,030 --> 00:04:52,320
2009 as a

136
00:04:57,270 --> 00:04:55,040
lieutenant colonel

137
00:04:59,430 --> 00:04:57,280
college education i have a ba from the

138
00:05:01,350 --> 00:04:59,440

university of iowa i have an m.a in the

139

00:05:03,270 --> 00:05:01,360

art of military science from american

140

00:05:05,590 --> 00:05:03,280

military university and a

141

00:05:08,710 --> 00:05:05,600

master's degree in psychology and uh and

142

00:05:09,990 --> 00:05:08,720

phd in psychology from california coast

143

00:05:11,830 --> 00:05:10,000

university and people kind of make fun

144

00:05:13,350 --> 00:05:11,840

of that and i said yes it's an online

145

00:05:14,870 --> 00:05:13,360

school and it's not as prestigious as

146

00:05:16,710 --> 00:05:14,880

going to harvard

147

00:05:19,510 --> 00:05:16,720

but it is recognized as a legitimate

148

00:05:21,749 --> 00:05:19,520

degree so back off people

149

00:05:23,590 --> 00:05:21,759

um i also spent a lot of time writing

150

00:05:24,950 --> 00:05:23,600

books a friend of mine in rotc as a

151

00:05:26,870 --> 00:05:24,960

matter of fact

152

00:05:29,029 --> 00:05:26,880

uh bob cornett who just passed away just

153

00:05:29,990 --> 00:05:29,039

a couple months ago unfortunately

154

00:05:31,189 --> 00:05:30,000

um

155

00:05:32,950 --> 00:05:31,199

we were talking when they said well

156

00:05:34,710 --> 00:05:32,960

let's write a science fiction novel and

157

00:05:36,469 --> 00:05:34,720

we said oh and i said okay so let's do

158

00:05:38,230 --> 00:05:36,479

that he called me one day and we were

159

00:05:40,390 --> 00:05:38,240

going to meet for lunch and he says uh

160

00:05:42,150 --> 00:05:40,400

i've got about 10 pages of this book why

161

00:05:43,749 --> 00:05:42,160

don't you bring something down so i sat

162

00:05:45,350 --> 00:05:43,759

down and wrote about 10 pages and his

163

00:05:46,629 --> 00:05:45,360

was in third person and mine was in

164

00:05:48,070 --> 00:05:46,639

first person

165

00:05:50,070 --> 00:05:48,080

and we combined it and we ended up with

166

00:05:52,469 --> 00:05:50,080

five for first-person narrators in the

167

00:05:54,070 --> 00:05:52,479

story and some third-person stuff going

168

00:05:56,070 --> 00:05:54,080

on and the book eventually was published

169

00:05:57,830 --> 00:05:56,080

called seeds of doubt so

170

00:05:59,510 --> 00:05:57,840

i kind of

171

00:06:01,670 --> 00:05:59,520

started us on our

172

00:06:04,610 --> 00:06:01,680

science fiction writing career i've done

173

00:06:05,749 --> 00:06:04,620

a lot of articles on ufos for

174

00:06:08,550 --> 00:06:05,759

[Music]

175

00:06:10,710 --> 00:06:08,560

magazines in the 1970s there were

176
00:06:12,469 --> 00:06:10,720
six or seven magazines that had devoted

177
00:06:15,430 --> 00:06:12,479
to ufos

178
00:06:18,870 --> 00:06:15,440
truths flying saucers and ufos um

179
00:06:21,350 --> 00:06:18,880
argosys ufos saga's ufo report official

180
00:06:22,710 --> 00:06:21,360
ufo and they would

181
00:06:23,990 --> 00:06:22,720
they were paying enough money that it

182
00:06:26,469 --> 00:06:24,000
actually helped pay for my college

183
00:06:28,150 --> 00:06:26,479
tuition i say to i i say laughingly i

184
00:06:29,350 --> 00:06:28,160
had gone to college on a saga

185
00:06:31,749 --> 00:06:29,360
scholarship

186
00:06:34,230 --> 00:06:31,759
because every time the

187
00:06:35,749 --> 00:06:34,240
tuition was due i do an article for them

188
00:06:38,070 --> 00:06:35,759

and they would pay me and it came up ten

189

00:06:40,870 --> 00:06:38,080

dollars short of my tuition so

190

00:06:41,749 --> 00:06:40,880

i was able to pay my tuition that way

191

00:06:43,590 --> 00:06:41,759

so we

192

00:06:45,749 --> 00:06:43,600

did a lot of that writing writing was

193

00:06:48,469 --> 00:06:45,759

something that i always wanted to do

194

00:06:50,550 --> 00:06:48,479

and i remember as a very youngster i

195

00:06:52,390 --> 00:06:50,560

came home and told my mother that i was

196

00:06:53,830 --> 00:06:52,400

signed up to take a course in journalism

197

00:06:54,870 --> 00:06:53,840

and she said what is that and i said

198

00:06:56,710 --> 00:06:54,880

well i don't know what i think it has to

199

00:06:58,790 --> 00:06:56,720

do with writing not realizing exactly

200

00:07:01,510 --> 00:06:58,800

what what it had to do with it

201
00:07:02,790 --> 00:07:01,520
uh and so i've been pursuing that as

202
00:07:04,390 --> 00:07:02,800
well

203
00:07:06,550 --> 00:07:04,400
the right science fiction was kind of a

204
00:07:08,390 --> 00:07:06,560
goal of mine so that when bob cornett

205
00:07:10,390 --> 00:07:08,400
kind of talked about it it was you know

206
00:07:12,469 --> 00:07:10,400
it struck home

207
00:07:14,390 --> 00:07:12,479
so we did that we wrote magazine

208
00:07:16,469 --> 00:07:14,400
articles on ufos i was probably the

209
00:07:18,790 --> 00:07:16,479
first person first civilian to get into

210
00:07:20,469 --> 00:07:18,800
project blue book files when they were

211
00:07:22,390 --> 00:07:20,479
released into public scrutiny and what

212
00:07:24,550 --> 00:07:22,400
happened was in rotc they would get

213
00:07:26,390 --> 00:07:24,560

these bulletins

214

00:07:27,830 --> 00:07:26,400

because it's an active duty

215

00:07:28,790 --> 00:07:27,840

assignment for the military people

216

00:07:30,070 --> 00:07:28,800

involved

217

00:07:31,670 --> 00:07:30,080

and one of them was that the project

218

00:07:33,430 --> 00:07:31,680

blue book files were now open for public

219

00:07:35,189 --> 00:07:33,440

scrutiny at the

220

00:07:36,150 --> 00:07:35,199

maxwell air force base so i called the

221

00:07:38,070 --> 00:07:36,160

editor

222

00:07:39,830 --> 00:07:38,080

at saga

223

00:07:41,189 --> 00:07:39,840

and they would always say well we'll get

224

00:07:42,469 --> 00:07:41,199

back to you we're too busy right now

225

00:07:44,230 --> 00:07:42,479

we'll get back to you he'll give you a

226

00:07:45,749 --> 00:07:44,240

call and it would be two or three days

227

00:07:47,430 --> 00:07:45,759

and i might get a call and i might not

228

00:07:49,189 --> 00:07:47,440

so i they said you want to leave a

229

00:07:51,430 --> 00:07:49,199

message and i said yeah tell them i can

230

00:07:53,270 --> 00:07:51,440

get the project blue book files

231

00:07:55,350 --> 00:07:53,280

and within 10 minutes

232

00:07:57,430 --> 00:07:55,360

i had a phone call not from the other i

233

00:07:58,869 --> 00:07:57,440

worked with but from his boss

234

00:08:00,390 --> 00:07:58,879

and he's saying well we need you to look

235

00:08:01,589 --> 00:08:00,400

at this we need you to look at that and

236

00:08:03,430 --> 00:08:01,599

i'm thinking i take it i have the

237

00:08:05,189 --> 00:08:03,440

assignment he said well yes of course so

238

00:08:07,430 --> 00:08:05,199

i went down to maxwell air force with

239

00:08:08,710 --> 00:08:07,440

bob cornett and we spent a week going

240

00:08:10,710 --> 00:08:08,720

through the project blue book files

241

00:08:12,390 --> 00:08:10,720

before they were redacted

242

00:08:13,990 --> 00:08:12,400

and the first thing we did was once we

243

00:08:15,110 --> 00:08:14,000

found out there was an index is we went

244

00:08:16,309 --> 00:08:15,120

through the index and wrote down the

245

00:08:18,309 --> 00:08:16,319

names of everybody involved in the

246

00:08:20,230 --> 00:08:18,319

unidentified sightings so we'd have that

247

00:08:21,830 --> 00:08:20,240

information and we did the photographic

248

00:08:23,589 --> 00:08:21,840

and we did some other stuff like that we

249

00:08:25,270 --> 00:08:23,599

uh photographed some of these files

250

00:08:26,950 --> 00:08:25,280

because we didn't have access to a copy

251

00:08:28,790 --> 00:08:26,960

machine to do it

252

00:08:32,630 --> 00:08:28,800

and then we did a number of articles

253

00:08:35,350 --> 00:08:32,640

about that as well so

254

00:08:37,029 --> 00:08:35,360

that all worked out very very well

255

00:08:38,790 --> 00:08:37,039

for us

256

00:08:41,190 --> 00:08:38,800

what is the unfortunate thing is there's

257

00:08:42,230 --> 00:08:41,200

a fellow named rob

258

00:08:43,589 --> 00:08:42,240

mercier

259

00:08:46,150 --> 00:08:43,599

in ohio

260

00:08:48,630 --> 00:08:46,160

and he was working with uh

261

00:08:50,230 --> 00:08:48,640

he was looking for ufo stuff online and

262

00:08:52,389 --> 00:08:50,240

looking at craigslist

263

00:08:54,389 --> 00:08:52,399

and somebody put a box of material from

264

00:08:55,910 --> 00:08:54,399

supposedly from project blue book

265

00:08:57,430 --> 00:08:55,920

and so he he said well i'll take a

266

00:08:59,110 --> 00:08:57,440

chance and he bought it and it turned

267

00:09:01,750 --> 00:08:59,120

out to be from project blue book and it

268

00:09:04,150 --> 00:09:01,760

led to a guy named carmen morano who

269

00:09:05,350 --> 00:09:04,160

i've had on my radio program

270

00:09:06,949 --> 00:09:05,360

about that because he was probably the

271

00:09:08,470 --> 00:09:06,959

last officer in charge of project blue

272

00:09:10,389 --> 00:09:08,480

book he kind of closed it out after

273

00:09:11,590 --> 00:09:10,399

quintanilla left

274

00:09:13,670 --> 00:09:11,600

and uh

275

00:09:15,430 --> 00:09:13,680

through a brilliant piece of detective

276
00:09:16,790 --> 00:09:15,440
where mercer got to this guy and found

277
00:09:18,310 --> 00:09:16,800
out he had additional information well

278
00:09:21,509 --> 00:09:18,320
what it turned out is he had a complete

279
00:09:23,910 --> 00:09:21,519
index with all the names in it so i work

280
00:09:26,150 --> 00:09:23,920
work went down the tube and now there's

281
00:09:27,509 --> 00:09:26,160
everybody can have a copy of all of this

282
00:09:29,030 --> 00:09:27,519
stuff with the names of the witnesses

283
00:09:30,070 --> 00:09:29,040
and i understand why the air force

284
00:09:31,509 --> 00:09:30,080
redacted them because when they

285
00:09:32,870 --> 00:09:31,519
conducted the investigation they

286
00:09:35,030 --> 00:09:32,880
promised the witnesses they wouldn't be

287
00:09:37,190 --> 00:09:35,040
revealed so they redacted the names they

288
00:09:39,350 --> 00:09:37,200

didn't do a very good job of it and the

289

00:09:41,269 --> 00:09:39,360

one that always cracked me up was in

290

00:09:43,030 --> 00:09:41,279

looking at the file for kenneth arnold's

291

00:09:44,630 --> 00:09:43,040

siding

292

00:09:48,470 --> 00:09:44,640

and they they even had gone to the point

293

00:09:50,630 --> 00:09:48,480

of redacting the ka in an interview

294

00:09:52,790 --> 00:09:50,640

in a transcript interview you know

295

00:09:54,230 --> 00:09:52,800

the officer's initials and then ka for

296

00:09:56,310 --> 00:09:54,240

kenneth arnold they've even retracted

297

00:09:58,630 --> 00:09:56,320

that and but one page

298

00:10:00,949 --> 00:09:58,640

in in the in the file somewhere in

299

00:10:03,030 --> 00:10:00,959

grease pencil somebody wrote in letters

300

00:10:06,630 --> 00:10:03,040

about a half an inch high a quarter of

301

00:10:08,630 --> 00:10:06,640

an inch high arnold siding so

302

00:10:09,829 --> 00:10:08,640

i i rarely went to a case where i

303

00:10:11,910 --> 00:10:09,839

couldn't find the names even though

304

00:10:13,430 --> 00:10:11,920

they'd attempted to redact them all so

305

00:10:15,750 --> 00:10:13,440

we we did all of that

306

00:10:18,069 --> 00:10:15,760

uh before we went on you guys wondered

307

00:10:19,509 --> 00:10:18,079

what got me involved in ufos and i i

308

00:10:21,509 --> 00:10:19,519

think the the answer to that is very

309

00:10:23,190 --> 00:10:21,519

simple it's my mother she had a very

310

00:10:24,710 --> 00:10:23,200

good interest in science fiction she

311

00:10:26,069 --> 00:10:24,720

enjoyed all these sorts of things when i

312

00:10:28,550 --> 00:10:26,079

was a little kid she took me to the

313

00:10:30,389 --> 00:10:28,560

movie earth versus the flying saucers

314

00:10:33,110 --> 00:10:30,399

and that kind of sparked my interest in

315

00:10:35,430 --> 00:10:33,120

the ufo end of it and so even even in

316

00:10:36,710 --> 00:10:35,440

high school i was reading books on ufo

317

00:10:37,590 --> 00:10:36,720

and i remember sitting in a study hall

318

00:10:39,750 --> 00:10:37,600

and getting yelled at because you're

319

00:10:41,190 --> 00:10:39,760

reading brad's tigers strangers in the

320

00:10:42,389 --> 00:10:41,200

sky

321

00:10:44,389 --> 00:10:42,399

and i became good friends with bad

322

00:10:47,350 --> 00:10:44,399

spreads tiger later on by the way which

323

00:10:49,670 --> 00:10:47,360

was kind of interesting but uh so i had

324

00:10:51,350 --> 00:10:49,680

a military career that spanned a tour in

325

00:10:53,190 --> 00:10:51,360

vietnam as a helicopter pilot an

326

00:10:55,430 --> 00:10:53,200

aircraft commander had a tour in iraq as

327

00:10:57,030 --> 00:10:55,440

an intelligence officer i spent some

328

00:10:58,710 --> 00:10:57,040

time in panama as an air force

329

00:11:01,350 --> 00:10:58,720

intelligence officer

330

00:11:03,430 --> 00:11:01,360

and so my career in the military was hit

331

00:11:05,910 --> 00:11:03,440

and miss come and go as as the mood

332

00:11:07,110 --> 00:11:05,920

moved me my writing career

333

00:11:10,310 --> 00:11:07,120

um

334

00:11:12,949 --> 00:11:10,320

went fairly well i did work in

335

00:11:15,350 --> 00:11:12,959

had a real job at one point until we

336

00:11:16,710 --> 00:11:15,360

sold and i say we bob cornett and i sold

337

00:11:19,030 --> 00:11:16,720

a couple of books

338

00:11:21,750 --> 00:11:19,040

um we had gone to science fiction

339

00:11:24,470 --> 00:11:21,760

conventions bob and i thinking that the

340

00:11:26,389 --> 00:11:24,480

editors for the the books the publishers

341

00:11:27,910 --> 00:11:26,399

of the books and the magazines

342

00:11:29,430 --> 00:11:27,920

attended the convention as well we

343

00:11:31,030 --> 00:11:29,440

thought we'd have a better shot of

344

00:11:32,630 --> 00:11:31,040

selling something to these guys if they

345

00:11:34,710 --> 00:11:32,640

knew who we were

346

00:11:36,470 --> 00:11:34,720

and so we went to the conventions and i

347

00:11:37,910 --> 00:11:36,480

got a call from a woman

348

00:11:39,509 --> 00:11:37,920

sharon jarvis

349

00:11:41,110 --> 00:11:39,519

who was setting up a

350

00:11:42,790 --> 00:11:41,120

an agency and she wanted to know if we

351
00:11:44,550 --> 00:11:42,800
would like representation and he said

352
00:11:45,910 --> 00:11:44,560
well that was one of the goals so we

353
00:11:48,310 --> 00:11:45,920
said sure

354
00:11:49,750 --> 00:11:48,320
and i got a call from her one day and

355
00:11:51,750 --> 00:11:49,760
she said

356
00:11:53,829 --> 00:11:51,760
can you write a book about

357
00:11:55,350 --> 00:11:53,839
the green berets in vietnam

358
00:11:56,470 --> 00:11:55,360
and i said of course

359
00:11:58,150 --> 00:11:56,480
and i'm thinking if you'd called and

360
00:11:59,990 --> 00:11:58,160
said can you write a book about nurses

361
00:12:01,030 --> 00:12:00,000
and hospitals my answer would have been

362
00:12:03,190 --> 00:12:01,040
of course

363
00:12:04,710 --> 00:12:03,200

because the goal was to write books

364

00:12:06,550 --> 00:12:04,720

and the fact it was

365

00:12:08,870 --> 00:12:06,560

you know i was as a vietnam veteran i

366

00:12:10,629 --> 00:12:08,880

had a more intimate knowledge than a lot

367

00:12:12,550 --> 00:12:10,639

of writers have on it because i spent a

368

00:12:14,230 --> 00:12:12,560

year there i did work with the green

369

00:12:15,590 --> 00:12:14,240

berets i was not a green break and i

370

00:12:16,629 --> 00:12:15,600

specified that specifically that i

371

00:12:18,790 --> 00:12:16,639

worked with them because that was part

372

00:12:19,829 --> 00:12:18,800

of our job as helicopter pilot

373

00:12:21,829 --> 00:12:19,839

so

374

00:12:23,509 --> 00:12:21,839

helping them

375

00:12:25,910 --> 00:12:23,519

in fact the first time we got shot down

376

00:12:30,389 --> 00:12:27,750

extracting a mic force

377

00:12:31,590 --> 00:12:30,399

for the uh special forces team at song

378

00:12:33,269 --> 00:12:31,600

bay and

379

00:12:35,670 --> 00:12:33,279

which is up on the uh

380

00:12:39,310 --> 00:12:35,680

three core two court border i did a i've

381

00:12:42,550 --> 00:12:40,470

vietnamgroundzero.blogspot.com the

382

00:12:46,230 --> 00:12:42,560

vietnam ground zero

383

00:12:48,550 --> 00:12:46,240

is all one word all lower case and i say

384

00:12:50,389 --> 00:12:48,560

this is my relatively true experiences

385

00:12:52,230 --> 00:12:50,399

in vietnam and the reason i say

386

00:12:54,069 --> 00:12:52,240

relatively true i had told people for

387

00:12:55,910 --> 00:12:54,079

years

388

00:12:57,269 --> 00:12:55,920

that we got the flight crews got

389

00:12:59,670 --> 00:12:57,279

scrambled in the middle of our

390

00:13:01,590 --> 00:12:59,680

thanksgiving dinner and we i'd left my

391

00:13:02,629 --> 00:13:01,600

tray actually in the serving line

392

00:13:03,910 --> 00:13:02,639

because the flight crews had been

393

00:13:06,470 --> 00:13:03,920

scrambled

394

00:13:08,710 --> 00:13:06,480

well as i was putting together the blog

395

00:13:10,389 --> 00:13:08,720

um i uh

396

00:13:11,910 --> 00:13:10,399

was looking at the letters i'd sent home

397

00:13:13,910 --> 00:13:11,920

my mother had saved all those and i have

398

00:13:15,110 --> 00:13:13,920

them now and it was talking about

399

00:13:17,350 --> 00:13:15,120

thanksgiving

400

00:13:19,190 --> 00:13:17,360

and we had actually not been at uh it

401
00:13:20,870 --> 00:13:19,200
kuchi at the time we were at tein in on

402
00:13:22,949 --> 00:13:20,880
some kind of mission and they promised

403
00:13:24,629 --> 00:13:22,959
us a meal which they made us pay for it

404
00:13:26,470 --> 00:13:24,639
was the first calf

405
00:13:28,389 --> 00:13:26,480
so we didn't get scrambled but there had

406
00:13:30,949 --> 00:13:28,399
been times when we were scrambled in the

407
00:13:32,629 --> 00:13:30,959
middle of lunch or dinner for for some

408
00:13:34,550 --> 00:13:32,639
mission and so it happened it just

409
00:13:36,069 --> 00:13:34,560
didn't happen on thanksgiving so that's

410
00:13:37,430 --> 00:13:36,079
why i was saying the relatively true

411
00:13:38,790 --> 00:13:37,440
story because i try to remember what i

412
00:13:39,750 --> 00:13:38,800
have i have the letters to back some of

413
00:13:42,949 --> 00:13:39,760

it up

414

00:13:45,110 --> 00:13:42,959

and uh work on it that way so that is a

415

00:13:46,790 --> 00:13:45,120

long-winded

416

00:13:48,550 --> 00:13:46,800

i guess introduction of my career by the

417

00:13:51,030 --> 00:13:48,560

way it's i i stopped counting the books

418

00:13:53,350 --> 00:13:51,040

at 125.

419

00:13:55,670 --> 00:13:53,360

we're over that um

420

00:13:58,230 --> 00:13:55,680

wikipedia says 80 and then under your

421

00:14:00,629 --> 00:13:58,240

biography it says a hundred both on the

422

00:14:02,470 --> 00:14:00,639

same site so they can't even keep track

423

00:14:04,150 --> 00:14:02,480

of how many books you've written well i

424

00:14:06,310 --> 00:14:04,160

stopped i stopped counting the latest

425

00:14:08,710 --> 00:14:06,320

book was is called understanding roswell

426

00:14:11,430 --> 00:14:08,720

which was uh done for the anniversary

427

00:14:14,069 --> 00:14:11,440

and i look at it as

428

00:14:16,710 --> 00:14:14,079

a kind of a cold case explanation of the

429

00:14:19,189 --> 00:14:16,720

roswell i left out the sensationalistic

430

00:14:21,829 --> 00:14:19,199

stuff that can't be verified kind of

431

00:14:23,430 --> 00:14:21,839

boiled it down to the the essence of the

432

00:14:24,870 --> 00:14:23,440

case

433

00:14:27,829 --> 00:14:24,880

everybody agrees something fell at

434

00:14:29,030 --> 00:14:27,839

roswell what was it is the question

435

00:14:31,670 --> 00:14:29,040

eliminated

436

00:14:33,269 --> 00:14:31,680

everything of a terrestrial nature

437

00:14:34,230 --> 00:14:33,279

there's backgrounds on some of the key

438

00:14:35,670 --> 00:14:34,240

people

439

00:14:37,269 --> 00:14:35,680

who they were what they did in the

440

00:14:39,189 --> 00:14:37,279

military what happened to them after

441

00:14:41,910 --> 00:14:39,199

they left roswell

442

00:14:44,470 --> 00:14:41,920

one of the guys i think payne jennings

443

00:14:47,030 --> 00:14:44,480

was killed in korea testing some kind of

444

00:14:49,030 --> 00:14:47,040

super bomb and that detonated early and

445

00:14:51,990 --> 00:14:49,040

exploded the b-29 and killed everybody

446

00:14:53,430 --> 00:14:52,000

on board another guy uh

447

00:14:55,189 --> 00:14:53,440

disappeared in the atlantic ocean i

448

00:14:56,550 --> 00:14:55,199

think they were talking about how he had

449

00:14:57,990 --> 00:14:56,560

vanished in the bermuda triangle but

450

00:15:00,150 --> 00:14:58,000

they were way north of the

451
00:15:01,670 --> 00:15:00,160
bermuda triangle so it really doesn't

452
00:15:03,350 --> 00:15:01,680
count you know and

453
00:15:05,110 --> 00:15:03,360
and that sort of thing but it looks at

454
00:15:07,590 --> 00:15:05,120
the witnesses it looks at what they said

455
00:15:09,110 --> 00:15:07,600
there's a lot of transcripts in it of

456
00:15:11,110 --> 00:15:09,120
interviews with it you can see exactly

457
00:15:13,030 --> 00:15:11,120
what they said to me or to don schmidt

458
00:15:14,790 --> 00:15:13,040
and me as we uh

459
00:15:16,710 --> 00:15:14,800
did the investigation like

460
00:15:18,870 --> 00:15:16,720
the transcript with bill brazel for

461
00:15:21,350 --> 00:15:18,880
example he was the son of the man who

462
00:15:23,990 --> 00:15:21,360
found the original debris so all that

463
00:15:25,509 --> 00:15:24,000

kind of stuff in the book

464

00:15:27,590 --> 00:15:25,519

and then i did a book on level land

465

00:15:29,430 --> 00:15:27,600

which i think is the number two

466

00:15:30,949 --> 00:15:29,440

uh ufo sighting we need to look at and

467

00:15:33,430 --> 00:15:30,959

that was the sightings around levelland

468

00:15:34,949 --> 00:15:33,440

texas in 1957 where

469

00:15:37,030 --> 00:15:34,959

a great number of people reported their

470

00:15:38,629 --> 00:15:37,040

car started close approaching the uf

471

00:15:40,310 --> 00:15:38,639

when it period about ten

472

00:15:43,030 --> 00:15:40,320

about two or three hours and that sort

473

00:15:47,030 --> 00:15:43,040

of thing so yeah that's

474

00:15:48,550 --> 00:15:47,040

where we are i have not um i i quit my

475

00:15:50,870 --> 00:15:48,560

real job

476
00:15:52,949 --> 00:15:50,880
and became a writer full-time i think in

477
00:15:56,389 --> 00:15:52,959
1980

478
00:15:59,269 --> 00:15:56,399
84 i think 84.85 so i've been doing that

479
00:16:01,990 --> 00:15:59,279
and of course i got back into the

480
00:16:03,749 --> 00:16:02,000
military after 9 11 but that was in the

481
00:16:06,069 --> 00:16:03,759
national guard

482
00:16:08,310 --> 00:16:06,079
so that was uh they said don't worry

483
00:16:10,629 --> 00:16:08,320
this unit is never deployed three months

484
00:16:12,629 --> 00:16:10,639
later we were gone

485
00:16:13,670 --> 00:16:12,639
yeah isn't that the way it always works

486
00:16:15,509 --> 00:16:13,680
yeah

487
00:16:17,749 --> 00:16:15,519
well and then this and the funny thing

488
00:16:20,069 --> 00:16:17,759

at one point the iowa national guard had

489

00:16:22,790 --> 00:16:20,079

per capita more people deployed than

490

00:16:25,269 --> 00:16:22,800

anybody else any other national guard

491

00:16:27,350 --> 00:16:25,279

unit or a state in the

492

00:16:29,030 --> 00:16:27,360

in the united states we've we had like

493

00:16:30,870 --> 00:16:29,040

three battalions left in the state of

494

00:16:32,949 --> 00:16:30,880

iowa and everybody else was in iraq you

495

00:16:35,509 --> 00:16:32,959

know we're always running into people we

496

00:16:37,430 --> 00:16:35,519

knew from other units in iraq

497

00:16:39,189 --> 00:16:37,440

so there you go

498

00:16:42,069 --> 00:16:39,199

so since it's the uh

499

00:16:45,269 --> 00:16:42,079

75th anniversary of roswell and there's

500

00:16:47,829 --> 00:16:45,279

some people that listen to this podcast

501
00:16:49,749 --> 00:16:47,839
and they're just learning about ufology

502
00:16:51,189 --> 00:16:49,759
now they're learning about some of these

503
00:16:53,350 --> 00:16:51,199
cases now

504
00:16:55,749 --> 00:16:53,360
can we just brush up just a little bit

505
00:16:58,389 --> 00:16:55,759
on roswell just for those that are sort

506
00:17:00,230 --> 00:16:58,399
of learning about it for the first time

507
00:17:02,069 --> 00:17:00,240
just what the incident was just really

508
00:17:08,230 --> 00:17:02,079
briefly

509
00:17:09,350 --> 00:17:08,240
sir at your pace sir

510
00:17:10,949 --> 00:17:09,360
uh

511
00:17:12,630 --> 00:17:10,959
in essence something crashed in roswell

512
00:17:15,429 --> 00:17:12,640
new mexico in

513
00:17:16,390 --> 00:17:15,439

in july of 1947 the military recovered

514

00:17:19,429 --> 00:17:16,400

it

515

00:17:22,870 --> 00:17:19,439

uh they classified everything

516

00:17:23,909 --> 00:17:22,880

what we had done don schmidt and i was

517

00:17:25,829 --> 00:17:23,919

sent down there by the center for

518

00:17:27,350 --> 00:17:25,839

universal studies in 1989 we're going to

519

00:17:28,470 --> 00:17:27,360

look into this thing

520

00:17:29,909 --> 00:17:28,480

we believe it was going to be a weather

521

00:17:31,270 --> 00:17:29,919

balloon of some kind because that was

522

00:17:33,029 --> 00:17:31,280

the initial

523

00:17:33,990 --> 00:17:33,039

initial thing what happened was

524

00:17:36,310 --> 00:17:34,000

um

525

00:17:37,669 --> 00:17:36,320

the men at roswell the 509th bomb group

526

00:17:39,029 --> 00:17:37,679

colonel blanchard being the commanding

527

00:17:40,630 --> 00:17:39,039

officer now so they had captured a

528

00:17:42,950 --> 00:17:40,640

flying saucer on the ranch in roswell

529

00:17:44,390 --> 00:17:42,960

region three hours later general raymie

530

00:17:46,070 --> 00:17:44,400

at the eighth air force the next higher

531

00:17:47,590 --> 00:17:46,080

headquarters from the 509 said no no

532

00:17:49,990 --> 00:17:47,600

it's just a weather balloon

533

00:17:52,549 --> 00:17:50,000

and that the story died in 1947 at that

534

00:17:54,630 --> 00:17:52,559

point and jesse marcel who was the air

535

00:17:56,710 --> 00:17:54,640

intelligence officer in roswell

536

00:17:58,630 --> 00:17:56,720

in 1978

537

00:18:00,230 --> 00:17:58,640

was telling his ham radio buddies about

538

00:18:01,990 --> 00:18:00,240

how he'd pick up pieces of a flying

539

00:18:03,510 --> 00:18:02,000

saucer and stan friedman was doing an

540

00:18:05,350 --> 00:18:03,520

interview

541

00:18:06,789 --> 00:18:05,360

in i think new orleans

542

00:18:08,150 --> 00:18:06,799

and the station manager says you know

543

00:18:10,150 --> 00:18:08,160

there's a guy here you need to talk to

544

00:18:11,750 --> 00:18:10,160

jesse marcel marcel living in houma

545

00:18:12,630 --> 00:18:11,760

louisiana

546

00:18:17,909 --> 00:18:12,640

and

547

00:18:20,789 --> 00:18:17,919

nothing of it

548

00:18:22,390 --> 00:18:20,799

and then um talking to somebody else

549

00:18:23,830 --> 00:18:22,400

friedman got a whole

550

00:18:24,870 --> 00:18:23,840

realized there was more to the story but

551

00:18:26,710 --> 00:18:24,880

they didn't know where to go with it

552

00:18:28,470 --> 00:18:26,720

because marcel couldn't remember exactly

553

00:18:30,470 --> 00:18:28,480

when it was all of this

554

00:18:32,789 --> 00:18:30,480

bill moore was doing research and he was

555

00:18:34,070 --> 00:18:32,799

reading newspapers from 1947 and if you

556

00:18:36,390 --> 00:18:34,080

do that

557

00:18:38,549 --> 00:18:36,400

um kenneth arnold of course made the

558

00:18:42,270 --> 00:18:38,559

sighting that kind of sparked the united

559

00:18:43,909 --> 00:18:42,280

states interest in this on june 24th

560

00:18:45,510 --> 00:18:43,919

1947

561

00:18:46,950 --> 00:18:45,520

and about two weeks later there were all

562

00:18:47,750 --> 00:18:46,960

these stories in the newspapers about

563

00:18:50,070 --> 00:18:47,760

the

564

00:18:52,630 --> 00:18:50,080

crash and roswell and jesse marcel's

565

00:18:55,669 --> 00:18:52,640

picture appeared in the newspapers

566

00:18:57,110 --> 00:18:55,679

so moore realized well now we know when

567

00:18:58,789 --> 00:18:57,120

it took place and what he was talking

568

00:19:00,549 --> 00:18:58,799

about and friedman got back in touch

569

00:19:02,310 --> 00:19:00,559

with him and and brought in len

570

00:19:04,549 --> 00:19:02,320

stringfield i believe

571

00:19:06,390 --> 00:19:04,559

who interviewed them and the whole of

572

00:19:08,390 --> 00:19:06,400

the roswell case kind of mushroomed from

573

00:19:09,750 --> 00:19:08,400

that because we now realize there was

574

00:19:11,590 --> 00:19:09,760

something more to it than just a weather

575

00:19:15,750 --> 00:19:11,600

balloon

576

00:19:17,350 --> 00:19:15,760

don and i had entered the investigation

577

00:19:19,510 --> 00:19:17,360

with an idea to

578

00:19:21,590 --> 00:19:19,520

go to roswell interview the witnesses

579

00:19:22,789 --> 00:19:21,600

and we would determine what it was and

580

00:19:24,630 --> 00:19:22,799

it wouldn't be the first time we'd

581

00:19:27,110 --> 00:19:24,640

actually found a solution to a case that

582

00:19:28,630 --> 00:19:27,120

seemed somewhat

583

00:19:29,830 --> 00:19:28,640

mysterious

584

00:19:32,070 --> 00:19:29,840

we got down there and we're going to

585

00:19:35,990 --> 00:19:32,080

talk to frank joyce who was a reporter

586

00:19:38,710 --> 00:19:36,000

from kgfl radio and roswell at the time

587

00:19:41,350 --> 00:19:38,720

a reporter and announcer i should say

588

00:19:43,350 --> 00:19:41,360

and uh we got to albuquerque where he

589

00:19:44,310 --> 00:19:43,360

lived and he said he was ill he couldn't

590

00:19:45,590 --> 00:19:44,320

meet us

591

00:19:47,270 --> 00:19:45,600

okay

592

00:19:49,029 --> 00:19:47,280

and we had a meeting with a group in

593

00:19:51,190 --> 00:19:49,039

albuquerque and they turned out to be

594

00:19:52,789 --> 00:19:51,200

way into the woo-woo stuff

595

00:19:55,669 --> 00:19:52,799

um for

596

00:19:57,029 --> 00:19:55,679

far into the new age and they were of no

597

00:19:58,549 --> 00:19:57,039

value to us

598

00:20:00,870 --> 00:19:58,559

got down to roswell we're going to talk

599

00:20:02,310 --> 00:20:00,880

to cliff stone who supposedly knew a lot

600

00:20:03,510 --> 00:20:02,320

about this and cliffstone's well i don't

601
00:20:05,029 --> 00:20:03,520
want you to come to my house it's

602
00:20:07,669 --> 00:20:05,039
meeting the burger king

603
00:20:10,230 --> 00:20:07,679
okay he shows up in his uniform because

604
00:20:12,149 --> 00:20:10,240
he's assigned to the new mexico military

605
00:20:13,350 --> 00:20:12,159
institute there in roswell

606
00:20:15,510 --> 00:20:13,360
as a

607
00:20:17,590 --> 00:20:15,520
alert typist but he shows up in his and

608
00:20:19,270 --> 00:20:17,600
that's an army installation there's

609
00:20:21,510 --> 00:20:19,280
active duty army personnel involved in

610
00:20:23,110 --> 00:20:21,520
it he shows up in his uniform i don't

611
00:20:24,470 --> 00:20:23,120
know this guy's a yo-yo

612
00:20:26,149 --> 00:20:24,480
and he didn't want to go to his house

613
00:20:28,310 --> 00:20:26,159

his address isn't a phone book for

614

00:20:29,909 --> 00:20:28,320

crying out

615

00:20:31,909 --> 00:20:29,919

and the reason i remember is it's on

616

00:20:33,590 --> 00:20:31,919

tilden street and remember the reason i

617

00:20:35,510 --> 00:20:33,600

remember that is of course the

618

00:20:37,830 --> 00:20:35,520

controversy over president tilden do you

619

00:20:40,149 --> 00:20:37,840

remember him of him you know from was it

620

00:20:41,990 --> 00:20:40,159

1876 election where they had two sets of

621

00:20:43,190 --> 00:20:42,000

electors sent from three states and we

622

00:20:45,430 --> 00:20:43,200

have this big

623

00:20:46,830 --> 00:20:45,440

thing going on now about

624

00:20:50,390 --> 00:20:46,840

electors being

625

00:20:52,230 --> 00:20:50,400

uh harassed and all that so we in 1876

626

00:20:54,310 --> 00:20:52,240

we had all of that going on and there

627

00:20:56,390 --> 00:20:54,320

were two sets of electors and they they

628

00:20:59,029 --> 00:20:56,400

voted for hayes as opposed to tilden so

629

00:21:01,270 --> 00:20:59,039

he lost the

630

00:21:03,190 --> 00:21:01,280

electoral college by a single vote hayes

631

00:21:04,230 --> 00:21:03,200

became president until it did a little

632

00:21:06,149 --> 00:21:04,240

bit of

633

00:21:08,310 --> 00:21:06,159

history of no relevance to anybody but

634

00:21:10,710 --> 00:21:08,320

me apparently

635

00:21:12,149 --> 00:21:10,720

but uh so we and finally we went to his

636

00:21:13,750 --> 00:21:12,159

house and we're sitting in his house and

637

00:21:14,950 --> 00:21:13,760

he said excuse me and he goes outside

638

00:21:17,190 --> 00:21:14,960

and he comes back and he's carrying a

639

00:21:18,710 --> 00:21:17,200

folder that says top secret on it and he

640

00:21:19,830 --> 00:21:18,720

goes off into his bedroom and i leaned

641

00:21:21,909 --> 00:21:19,840

over and said they're done if that's the

642

00:21:24,390 --> 00:21:21,919

top secret document he's going to jail

643

00:21:25,669 --> 00:21:24,400

unless he's got a vault in his bedroom

644

00:21:27,590 --> 00:21:25,679

which of course he didn't because we

645

00:21:29,270 --> 00:21:27,600

eventually got in it was his office it

646

00:21:31,350 --> 00:21:29,280

turned out and we eventually got in

647

00:21:34,789 --> 00:21:31,360

there and saw there was no vault

648

00:21:35,590 --> 00:21:34,799

uh and he's lecturing us on ufos and he

649

00:21:37,190 --> 00:21:35,600

says

650

00:21:38,950 --> 00:21:37,200

i've got a document here from the

651
00:21:41,029 --> 00:21:38,960
chilean air force saying that they uh

652
00:21:42,789 --> 00:21:41,039
intercepted a ufo and fired on it and

653
00:21:44,390 --> 00:21:42,799
hid it and it there was no results and

654
00:21:45,750 --> 00:21:44,400
he handed the document to me and i read

655
00:21:46,710 --> 00:21:45,760
it and he said well it doesn't say that

656
00:21:48,630 --> 00:21:46,720
at all

657
00:21:50,390 --> 00:21:48,640
when it says the chilean air force

658
00:21:51,590 --> 00:21:50,400
attempted an intercept and fired without

659
00:21:53,750 --> 00:21:51,600
results didn't say anything about

660
00:21:56,390 --> 00:21:53,760
hitting it could have missed for crying

661
00:21:57,990 --> 00:21:56,400
out loud so that didn't work out

662
00:21:59,510 --> 00:21:58,000
so i'm thinking this is a bust we're not

663
00:22:02,310 --> 00:21:59,520

getting anywhere and the last interview

664

00:22:04,070 --> 00:22:02,320

was bill brazley so we go to carrozzo

665

00:22:05,830 --> 00:22:04,080

new mexico to meet with bill brazel we

666

00:22:07,029 --> 00:22:05,840

sit down with him

667

00:22:09,029 --> 00:22:07,039

and um

668

00:22:11,110 --> 00:22:09,039

we chatted for a moment and then he says

669

00:22:12,870 --> 00:22:11,120

my dad found this thing

670

00:22:14,310 --> 00:22:12,880

i'm recording the conversation and i

671

00:22:15,750 --> 00:22:14,320

still have the tape

672

00:22:16,870 --> 00:22:15,760

and he's telling us all this stuff about

673

00:22:18,470 --> 00:22:16,880

what he'd seen and what he'd done and

674

00:22:19,830 --> 00:22:18,480

how he'd been involved

675

00:22:21,510 --> 00:22:19,840

and i realized there was much more to

676
00:22:24,390 --> 00:22:21,520
the story i mean god realized it is too

677
00:22:26,149 --> 00:22:24,400
of course so we came back subsequent

678
00:22:28,070 --> 00:22:26,159
times

679
00:22:30,710 --> 00:22:28,080
we talked to family members the

680
00:22:33,029 --> 00:22:30,720
sheriff's office we looked into all

681
00:22:34,870 --> 00:22:33,039
sorts of alternative explanations we

682
00:22:36,149 --> 00:22:34,880
spent time at white sands missile range

683
00:22:37,430 --> 00:22:36,159
looking for something there that had

684
00:22:39,190 --> 00:22:37,440
gone wrong

685
00:22:40,710 --> 00:22:39,200
we looked at experimental aircraft and

686
00:22:42,549 --> 00:22:40,720
aircraft accidents and all of this we

687
00:22:44,230 --> 00:22:42,559
could find nothing that explained what

688
00:22:45,990 --> 00:22:44,240

philip roswell and as i said everybody

689

00:22:47,750 --> 00:22:46,000

agrees something fell

690

00:22:49,669 --> 00:22:47,760

talking to bill brazel he talked about

691

00:22:51,350 --> 00:22:49,679

this debris

692

00:22:53,750 --> 00:22:51,360

he talked about something he described

693

00:22:55,510 --> 00:22:53,760

as monofilament fishing line

694

00:22:56,710 --> 00:22:55,520

that you would shine a light in one end

695

00:22:58,149 --> 00:22:56,720

and it would come out the other well

696

00:22:59,190 --> 00:22:58,159

obviously he's talking about fiber

697

00:23:01,669 --> 00:22:59,200

optics

698

00:23:04,630 --> 00:23:01,679

he was talking about this

699

00:23:06,070 --> 00:23:04,640

lead foil or tin foil type material very

700

00:23:07,270 --> 00:23:06,080

lightweight you could crumple it in your

701
00:23:08,630 --> 00:23:07,280
hand but when you dropped it would

702
00:23:10,549 --> 00:23:08,640
unfold itself and go back to its

703
00:23:11,909 --> 00:23:10,559
original shape well we still have

704
00:23:13,270 --> 00:23:11,919
nothing like that

705
00:23:14,549 --> 00:23:13,280
he talked about the third piece of

706
00:23:16,789 --> 00:23:14,559
debris being

707
00:23:18,390 --> 00:23:16,799
light like balsa wood extremely but

708
00:23:20,070 --> 00:23:18,400
extremely tough he said that

709
00:23:21,510 --> 00:23:20,080
he tried to whittle on it with his

710
00:23:23,590 --> 00:23:21,520
pocket knife which he'd used to cut

711
00:23:24,549 --> 00:23:23,600
barbed wire for crying out loud because

712
00:23:26,070 --> 00:23:24,559
he wanted to see if there was any

713
00:23:27,909 --> 00:23:26,080

stratification there he couldn't even

714

00:23:30,230 --> 00:23:27,919

get a sliver so it was that tough light

715

00:23:31,190 --> 00:23:30,240

like ball so good but it but extremely

716

00:23:32,789 --> 00:23:31,200

tough

717

00:23:34,549 --> 00:23:32,799

well now we've got a guy who handled the

718

00:23:37,190 --> 00:23:34,559

braid it clearly comes from nothing that

719

00:23:38,870 --> 00:23:37,200

we can explain

720

00:23:40,710 --> 00:23:38,880

so we looked we looked into that we got

721

00:23:42,710 --> 00:23:40,720

more and more information about the

722

00:23:44,549 --> 00:23:42,720

roswell case we talked to

723

00:23:47,029 --> 00:23:44,559

literally dozens of people some of them

724

00:23:49,269 --> 00:23:47,039

turned out to be yo-yos

725

00:23:53,110 --> 00:23:51,029

our conclusion

726

00:23:54,230 --> 00:23:53,120

i think don leads more heavily than i do

727

00:23:55,830 --> 00:23:54,240

but our conclusion is it's

728

00:23:57,750 --> 00:23:55,840

extraterrestrial

729

00:24:00,070 --> 00:23:57,760

uh the provost marshal

730

00:24:02,230 --> 00:24:00,080

edwin easley provost marshal being like

731

00:24:04,149 --> 00:24:02,240

the chief of police

732

00:24:05,590 --> 00:24:04,159

at the base major edwin easley retired

733

00:24:06,549 --> 00:24:05,600

as a colonel

734

00:24:10,310 --> 00:24:06,559

um

735

00:24:11,350 --> 00:24:10,320

repeatedly he couldn't answer some of my

736

00:24:12,549 --> 00:24:11,360

questions because he'd been sworn to

737

00:24:14,470 --> 00:24:12,559

secrecy

738

00:24:15,909 --> 00:24:14,480

tried to help us as best he could he

739

00:24:18,149 --> 00:24:15,919

told one thing he told us everybody said

740

00:24:19,430 --> 00:24:18,159

well mac razzle been held in jail which

741

00:24:21,909 --> 00:24:19,440

would have been the stockade of course

742

00:24:23,750 --> 00:24:21,919

at the military installation

743

00:24:26,070 --> 00:24:23,760

and i asked easily about them he said no

744

00:24:27,029 --> 00:24:26,080

we we had him in the guest house well if

745

00:24:28,549 --> 00:24:27,039

there's a guard on the door and you're

746

00:24:30,710 --> 00:24:28,559

not allowed to leave it's really kind of

747

00:24:33,350 --> 00:24:30,720

the same thing as being in jail although

748

00:24:34,789 --> 00:24:33,360

much nicer accommodations

749

00:24:36,630 --> 00:24:34,799

uh i went we talked to a number of

750

00:24:38,470 --> 00:24:36,640

people who remembered mac brazil

751
00:24:39,909 --> 00:24:38,480
complaining about being held in jail the

752
00:24:43,430 --> 00:24:39,919
the proctors for example and the

753
00:24:45,350 --> 00:24:43,440
stricklands to name two two families

754
00:24:46,470 --> 00:24:45,360
he'd talked to two ranchers out of that

755
00:24:49,110 --> 00:24:46,480
area

756
00:24:50,789 --> 00:24:49,120
um so bill brazel

757
00:24:52,149 --> 00:24:50,799
was talking to us about what he'd seen

758
00:24:53,669 --> 00:24:52,159
what his father done he'd shown him the

759
00:24:55,029 --> 00:24:53,679
debris he'd found and they said well

760
00:24:55,990 --> 00:24:55,039
that sounds like some of the debris i

761
00:24:57,269 --> 00:24:56,000
found

762
00:24:59,830 --> 00:24:57,279
interesting thing in the book

763
00:25:03,269 --> 00:24:59,840

understanding roswell and i realized

764

00:25:07,909 --> 00:25:05,590

razzle went mac brazil went into the

765

00:25:09,909 --> 00:25:07,919

sheriff's office probably on sunday july

766

00:25:11,590 --> 00:25:09,919

6 1947

767

00:25:14,149 --> 00:25:11,600

to find out who's going to clean up the

768

00:25:16,870 --> 00:25:14,159

mess on his ranch with all this debris

769

00:25:18,149 --> 00:25:16,880

in the field

770

00:25:21,909 --> 00:25:18,159

and

771

00:25:23,269 --> 00:25:21,919

know this because phyllis mcguire the

772

00:25:24,310 --> 00:25:23,279

daughter of the

773

00:25:26,070 --> 00:25:24,320

sheriff

774

00:25:27,029 --> 00:25:26,080

the family lived above the jail at that

775

00:25:28,710 --> 00:25:27,039

time

776

00:25:30,230 --> 00:25:28,720

and so the the family was always in and

777

00:25:31,350 --> 00:25:30,240

out of jail so she was there when brazil

778

00:25:33,029 --> 00:25:31,360

showed up

779

00:25:34,390 --> 00:25:33,039

and she told us that yeah he had samples

780

00:25:36,470 --> 00:25:34,400

of the debris

781

00:25:37,430 --> 00:25:36,480

well they call out to the the air force

782

00:25:40,789 --> 00:25:37,440

base

783

00:25:43,350 --> 00:25:40,799

want to get technical

784

00:25:45,590 --> 00:25:43,360

and uh jesse marcel the air intelligence

785

00:25:47,350 --> 00:25:45,600

officer shows up now if this was

786

00:25:49,029 --> 00:25:47,360

remnants of a weather balloon and a ray

787

00:25:50,630 --> 00:25:49,039

wind target

788

00:25:52,310 --> 00:25:50,640

marcel would recognize it for what it

789

00:25:54,789 --> 00:25:52,320

was and said yes there's nothing here

790

00:25:56,630 --> 00:25:54,799

for us we don't care but instead he went

791

00:25:59,350 --> 00:25:56,640

back to the base and talked to colonel

792

00:26:01,830 --> 00:25:59,360

blanchard the his commanding officer

793

00:26:03,909 --> 00:26:01,840

blanchard said well there's the cia cia

794

00:26:05,669 --> 00:26:03,919

cic guy counterintelligence court guy

795

00:26:07,110 --> 00:26:05,679

who just decided take him out there with

796

00:26:08,070 --> 00:26:07,120

you so they go out to the ranch and see

797

00:26:10,230 --> 00:26:08,080

it

798

00:26:12,310 --> 00:26:10,240

now marcel describes the debris field

799

00:26:14,470 --> 00:26:12,320

much larger than cabot does cavett being

800

00:26:15,750 --> 00:26:14,480

the city guy

801
00:26:17,669 --> 00:26:15,760
um

802
00:26:19,510 --> 00:26:17,679
so we we've got various descriptions of

803
00:26:21,430 --> 00:26:19,520
this fellow named tommy tyree was a

804
00:26:22,390 --> 00:26:21,440
ranch hand worked sometimes for mac

805
00:26:23,990 --> 00:26:22,400
brazil

806
00:26:25,830 --> 00:26:24,000
talked about the size of the debris

807
00:26:28,230 --> 00:26:25,840
field and the reason that

808
00:26:30,149 --> 00:26:28,240
brazo was annoyed by it

809
00:26:31,909 --> 00:26:30,159
was the material was so densely packed

810
00:26:33,430 --> 00:26:31,919
they had to drive the sheep around it to

811
00:26:35,750 --> 00:26:33,440
get to the water

812
00:26:37,510 --> 00:26:35,760
because water is kind of a precious

813
00:26:39,190 --> 00:26:37,520

commodity in new mexico

814

00:26:41,110 --> 00:26:39,200

especially in the high desert so they

815

00:26:42,149 --> 00:26:41,120

had watering stations for the for the

816

00:26:43,430 --> 00:26:42,159

animals

817

00:26:44,950 --> 00:26:43,440

the other interesting thing people said

818

00:26:45,909 --> 00:26:44,960

well you and don didn't get to the right

819

00:26:47,590 --> 00:26:45,919

place

820

00:26:48,549 --> 00:26:47,600

would you like to see a picture of don

821

00:26:49,269 --> 00:26:48,559

schmidt

822

00:26:51,750 --> 00:26:49,279

and

823

00:26:53,669 --> 00:26:51,760

matt bill brazel leaning up against his

824

00:26:55,269 --> 00:26:53,679

pickup truck where bill browse is saying

825

00:26:56,470 --> 00:26:55,279

well this is where i found some of the

826
00:26:58,149 --> 00:26:56,480
debris

827
00:26:59,669 --> 00:26:58,159
and there was a gouge down through that

828
00:27:01,029 --> 00:26:59,679
area right over there i'm thinking yeah

829
00:27:02,470 --> 00:27:01,039
we got the right place because bill

830
00:27:04,870 --> 00:27:02,480
brazel took us there and here's a

831
00:27:06,230 --> 00:27:04,880
picture of us on that spot

832
00:27:07,909 --> 00:27:06,240
so we pretty well know that sort of

833
00:27:09,669 --> 00:27:07,919
thing but we realized there was a lot

834
00:27:11,990 --> 00:27:09,679
more to the story now the air force

835
00:27:13,669 --> 00:27:12,000
investigated in 1995 which i find

836
00:27:15,350 --> 00:27:13,679
interesting because they corroborated

837
00:27:17,909 --> 00:27:15,360
everything we said about

838
00:27:19,909 --> 00:27:17,919

no alternative explanations but came up

839

00:27:22,549 --> 00:27:19,919

with this idea it was a top secret

840

00:27:24,230 --> 00:27:22,559

balloon called project mogul

841

00:27:25,750 --> 00:27:24,240

and everybody falls back on that it was

842

00:27:27,430 --> 00:27:25,760

prop secret that's why they had to keep

843

00:27:29,190 --> 00:27:27,440

it keep it quiet what was going on in

844

00:27:32,149 --> 00:27:29,200

new mexico

845

00:27:33,990 --> 00:27:32,159

was not top secret they were using

846

00:27:35,990 --> 00:27:34,000

off-the-shelf

847

00:27:37,430 --> 00:27:36,000

weather balloons and ray-win targets and

848

00:27:39,510 --> 00:27:37,440

equipment

849

00:27:41,350 --> 00:27:39,520

the launches were

850

00:27:42,630 --> 00:27:41,360

um

851
00:27:43,990 --> 00:27:42,640
one of the launches was actually

852
00:27:45,909 --> 00:27:44,000
photographed for the newspaper showing

853
00:27:47,029 --> 00:27:45,919
how top secret it was

854
00:27:48,630 --> 00:27:47,039
um

855
00:27:50,070 --> 00:27:48,640
but but the but the point was what was

856
00:27:51,590 --> 00:27:50,080
going on in new mexico was not top

857
00:27:53,990 --> 00:27:51,600
secret what was secret what was top

858
00:27:56,310 --> 00:27:54,000
secret was the purpose which was to spy

859
00:27:58,549 --> 00:27:56,320
on the soviets they wanted to create a

860
00:28:00,870 --> 00:27:58,559
constant level balloon that they could

861
00:28:02,950 --> 00:28:00,880
put up in the air and listen for atomic

862
00:28:04,310 --> 00:28:02,960
explosions that the soviets might be

863
00:28:05,750 --> 00:28:04,320

detonating and i think it would two

864

00:28:07,590 --> 00:28:05,760

years before the soviets actually

865

00:28:08,950 --> 00:28:07,600

detonated anything but this was what the

866

00:28:11,669 --> 00:28:08,960

plan was

867

00:28:14,149 --> 00:28:11,679

so the idea was a top secret project is

868

00:28:15,669 --> 00:28:14,159

really kind of not true the name mogul

869

00:28:17,590 --> 00:28:15,679

actually appears in the unclassified

870

00:28:18,789 --> 00:28:17,600

diaries kept by the leader of the

871

00:28:20,549 --> 00:28:18,799

expedition

872

00:28:22,710 --> 00:28:20,559

albert crairy

873

00:28:24,789 --> 00:28:22,720

and the other thing i discovered they

874

00:28:27,510 --> 00:28:24,799

always post uh the skeptical community

875

00:28:29,110 --> 00:28:27,520

posts a picture of a 600 foot long beret

876

00:28:31,909 --> 00:28:29,120

project mogul array and it's got three

877

00:28:33,909 --> 00:28:31,919

or four ray-win targets on it

878

00:28:34,630 --> 00:28:33,919

when they got to new mexico they changed

879

00:28:41,110 --> 00:28:34,640

the

880

00:28:43,110 --> 00:28:41,120

ray-win targets

881

00:28:44,950 --> 00:28:43,120

so the debris displayed in colonel

882

00:28:46,470 --> 00:28:44,960

written colonel general ramy's office

883

00:28:49,190 --> 00:28:46,480

which supposedly was the stuff they

884

00:28:51,110 --> 00:28:49,200

found in new mexico has a ray-win target

885

00:28:52,710 --> 00:28:51,120

there but they didn't find a ray when

886

00:28:55,110 --> 00:28:52,720

target because they hadn't been flying

887

00:28:57,029 --> 00:28:55,120

them until later in the month

888

00:28:58,149 --> 00:28:57,039

and so we can rule out project mogul

889

00:28:59,750 --> 00:28:58,159

although that's the air force

890

00:29:01,830 --> 00:28:59,760

explanation but the air force ruled out

891

00:29:03,430 --> 00:29:01,840

all the other explanations as did we and

892

00:29:05,430 --> 00:29:03,440

said well it's project mobile we say no

893

00:29:07,750 --> 00:29:05,440

it's not we know it's not because the

894

00:29:10,710 --> 00:29:07,760

flight 2.2 flight number four in the

895

00:29:13,350 --> 00:29:10,720

documentation says it was cancelled

896

00:29:15,510 --> 00:29:13,360

so a canceled flight cannot leave debris

897

00:29:17,430 --> 00:29:15,520

now the skeptics will say well they flew

898

00:29:18,870 --> 00:29:17,440

a cluster of balloons later in the day

899

00:29:20,710 --> 00:29:18,880

and we don't know what those were and i

900

00:29:22,549 --> 00:29:20,720

say yes we do because we have the

901
00:29:24,630 --> 00:29:22,559
documentation on that we were told what

902
00:29:26,230 --> 00:29:24,640
the cluster was and charles moore who

903
00:29:28,470 --> 00:29:26,240
was one of the guys working on it told

904
00:29:30,310 --> 00:29:28,480
me what the clusters were he told me in

905
00:29:31,669 --> 00:29:30,320
fact that

906
00:29:33,190 --> 00:29:31,679
once they had filled the balloons with

907
00:29:34,789 --> 00:29:33,200
the helium they couldn't get the helium

908
00:29:37,990 --> 00:29:34,799
back in the bottles

909
00:29:40,950 --> 00:29:38,000
so if the

910
00:29:42,470 --> 00:29:40,960
full blown array was canceled for some

911
00:29:43,990 --> 00:29:42,480
reason and on june 4th the one they're

912
00:29:45,350 --> 00:29:44,000
talking about it was cancelled because

913
00:29:47,029 --> 00:29:45,360

of clouds they couldn't fly them in

914

00:29:49,110 --> 00:29:47,039

cloudy weather because they would be a

915

00:29:50,870 --> 00:29:49,120

hazard to aerial navigation

916

00:29:52,789 --> 00:29:50,880

uh the cluster of balloons was much much

917

00:29:54,549 --> 00:29:52,799

smaller and they normally just carried a

918

00:29:57,669 --> 00:29:54,559

microphone they didn't carry any ray-win

919

00:29:59,430 --> 00:29:57,679

targets either so there was nothing

920

00:30:00,470 --> 00:29:59,440

like what was found in raymie's office

921

00:30:02,470 --> 00:30:00,480

other than

922

00:30:04,230 --> 00:30:02,480

that that was found in new mexico and

923

00:30:06,070 --> 00:30:04,240

this is all documented in understanding

924

00:30:07,029 --> 00:30:06,080

roswell and some of the other

925

00:30:09,110 --> 00:30:07,039

um

926

00:30:10,710 --> 00:30:09,120

information there so i i guess that's

927

00:30:12,549 --> 00:30:10,720

kind of a long-winded way what fell at

928

00:30:14,389 --> 00:30:12,559

roswell i believe was extraterrestrial

929

00:30:16,710 --> 00:30:14,399

don is more convinced of it tom carrey

930

00:30:19,269 --> 00:30:16,720

who works with don quite a bit lately is

931

00:30:21,190 --> 00:30:19,279

absolutely convinced of it i have no

932

00:30:22,549 --> 00:30:21,200

terrestrial explanation for it and i

933

00:30:23,909 --> 00:30:22,559

think that had there been a terrestrial

934

00:30:25,350 --> 00:30:23,919

explanation when the air force found

935

00:30:27,350 --> 00:30:25,360

themselves in the hot seat in the

936

00:30:29,510 --> 00:30:27,360

mid-1990s they would have trotted it out

937

00:30:31,510 --> 00:30:29,520

whatever it was right

938

00:30:32,710 --> 00:30:31,520

and they did not do so which means the

939

00:30:36,470 --> 00:30:32,720

best they could come up with this

940

00:30:38,710 --> 00:30:36,480

cockamamie uh project local solution

941

00:30:41,029 --> 00:30:38,720

didn't they initially say that a flying

942

00:30:42,470 --> 00:30:41,039

disk was was found and then they quickly

943

00:30:44,230 --> 00:30:42,480

changed the newspaper article to say it

944

00:30:47,029 --> 00:30:44,240

was a weather balloon they said a flying

945

00:30:48,389 --> 00:30:47,039

saucer the headline says flying saucer

946

00:30:51,590 --> 00:30:48,399

captured

947

00:30:53,669 --> 00:30:51,600

on ranch in roswell region raaf canceled

948

00:30:55,350 --> 00:30:53,679

captures uh flying saucer on ranch in

949

00:30:57,029 --> 00:30:55,360

roswell region so they've said flying

950

00:30:59,029 --> 00:30:57,039

saucer so now you can argue about the

951
00:31:00,710 --> 00:30:59,039
semantics what did flying saucer mean in

952
00:31:02,389 --> 00:31:00,720
1947

953
00:31:04,230 --> 00:31:02,399
and you and you can say well it meant

954
00:31:06,549 --> 00:31:04,240
anything unidentified in the sky kind of

955
00:31:08,789 --> 00:31:06,559
like ufo is um

956
00:31:10,230 --> 00:31:08,799
but it really meant an alien spacecraft

957
00:31:11,669 --> 00:31:10,240
so they're talking about that they have

958
00:31:12,950 --> 00:31:11,679
something they cannot explain they don't

959
00:31:14,230 --> 00:31:12,960
know what it is

960
00:31:15,590 --> 00:31:14,240
and then it's bumped up to higher

961
00:31:17,430 --> 00:31:15,600
headquarters where they managed to cover

962
00:31:20,149 --> 00:31:17,440
the whole thing up brilliantly i might

963
00:31:23,669 --> 00:31:20,159

add until jesse marcel started talking

964

00:31:26,630 --> 00:31:23,679

about it and uh and we got our our

965

00:31:27,830 --> 00:31:26,640

clause into the into the story uh one of

966

00:31:29,669 --> 00:31:27,840

the things that's kind of hilarious

967

00:31:31,509 --> 00:31:29,679

about this is

968

00:31:33,269 --> 00:31:31,519

in 1947

969

00:31:35,350 --> 00:31:33,279

walter hott who was a

970

00:31:39,269 --> 00:31:35,360

public affairs officer at roswell in

971

00:31:42,549 --> 00:31:39,279

1947 was tasked to create a yearbook

972

00:31:43,350 --> 00:31:42,559

and so we have a list and photographs

973

00:31:49,149 --> 00:31:43,360

of

974

00:31:52,549 --> 00:31:49,159

the people assigned to roswell in

975

00:31:54,870 --> 00:31:52,559

1947 december 1947 we have we have their

976
00:31:56,389 --> 00:31:54,880
names so we could begin searching for

977
00:31:57,990 --> 00:31:56,399
people who might know something and i

978
00:32:00,070 --> 00:31:58,000
think it was stan friedman who called

979
00:32:01,269 --> 00:32:00,080
the newspaper the roswell daily record

980
00:32:04,310 --> 00:32:01,279
back in

981
00:32:06,310 --> 00:32:04,320
1978. he's looking for anybody there and

982
00:32:07,909 --> 00:32:06,320
mentioned walter hot

983
00:32:10,389 --> 00:32:07,919
and the guy he's talking to his wife

984
00:32:11,509 --> 00:32:10,399
works here would you like to talk to her

985
00:32:13,990 --> 00:32:11,519
and so

986
00:32:15,750 --> 00:32:14,000
walter hot became an important part of

987
00:32:17,750 --> 00:32:15,760
this jessie marcel was in houma

988
00:32:19,669 --> 00:32:17,760

louisiana

989

00:32:21,750 --> 00:32:19,679

edwin easley was in fort worth texas as

990

00:32:25,590 --> 00:32:21,760

a matter of fact

991

00:32:27,909 --> 00:32:25,600

bill braza was in capitan new mexico

992

00:32:30,789 --> 00:32:27,919

we did not talk to the sheriff because

993

00:32:31,990 --> 00:32:30,799

he had passed away but we did talk to

994

00:32:34,470 --> 00:32:32,000

his daughters

995

00:32:36,310 --> 00:32:34,480

and we talked to their children so we

996

00:32:38,870 --> 00:32:36,320

got the granddaughters in there and we

997

00:32:40,470 --> 00:32:38,880

found other witnesses who were

998

00:32:42,149 --> 00:32:40,480

involved in some fashion melvin brown

999

00:32:43,830 --> 00:32:42,159

for example

1000

00:32:45,190 --> 00:32:43,840

eventually married a woman from england

1001
00:32:47,430 --> 00:32:45,200
and ended up in england but he was in

1002
00:32:48,789 --> 00:32:47,440
roswell in 1947 who told the family

1003
00:32:50,230 --> 00:32:48,799
about

1004
00:32:51,669 --> 00:32:50,240
being

1005
00:32:53,029 --> 00:32:51,679
dragged out for guard duty and anybody

1006
00:32:54,470 --> 00:32:53,039
who's been in the army for any length of

1007
00:32:56,149 --> 00:32:54,480
time i know in basic training you're

1008
00:32:57,990 --> 00:32:56,159
turn you're taught how to stand guard

1009
00:33:00,710 --> 00:32:58,000
that's basic training

1010
00:33:02,389 --> 00:33:00,720
and if you've got some kind of a

1011
00:33:04,230 --> 00:33:02,399
mission that requires a lot of extra

1012
00:33:05,750 --> 00:33:04,240
people

1013
00:33:07,269 --> 00:33:05,760

you sweep through the base and you pick

1014

00:33:09,509 --> 00:33:07,279

up all the people who are not normally

1015

00:33:10,710 --> 00:33:09,519

assigned to those sorts of units that

1016

00:33:12,549 --> 00:33:10,720

would in this case it would have been

1017

00:33:14,389 --> 00:33:12,559

the mps of the

1018

00:33:16,470 --> 00:33:14,399

security squadron

1019

00:33:19,190 --> 00:33:16,480

and put them on gardenia belvin brown

1020

00:33:20,870 --> 00:33:19,200

was a cook in 1947 but he was caught up

1021

00:33:22,789 --> 00:33:20,880

in this

1022

00:33:24,950 --> 00:33:22,799

dragnet and set out on guard duty he's

1023

00:33:26,789 --> 00:33:24,960

in the back of a truck with another guy

1024

00:33:28,070 --> 00:33:26,799

and they said don't look under the tarp

1025

00:33:30,070 --> 00:33:28,080

and so of course as the truck pulled

1026

00:33:31,509 --> 00:33:30,080

away and nobody could see him he peeked

1027

00:33:32,310 --> 00:33:31,519

under the tarp

1028

00:33:36,630 --> 00:33:32,320

and

1029

00:33:39,190 --> 00:33:36,640

his family about this repeatedly

1030

00:33:41,269 --> 00:33:39,200

beverly bean um living in england yeah

1031

00:33:42,950 --> 00:33:41,279

he eventually brown eventually moved to

1032

00:33:44,470 --> 00:33:42,960

england i guess his well obviously his

1033

00:33:46,870 --> 00:33:44,480

wife is from england

1034

00:33:47,750 --> 00:33:46,880

and uh raised his family there

1035

00:33:49,509 --> 00:33:47,760

and

1036

00:33:51,590 --> 00:33:49,519

the skeptics will say to you well only

1037

00:33:53,350 --> 00:33:51,600

beverly beverly bean talked about this

1038

00:33:54,549 --> 00:33:53,360

no but the family didn't corroborate it

1039

00:33:56,789 --> 00:33:54,559

well

1040

00:33:58,789 --> 00:33:56,799

her sister um

1041

00:34:00,310 --> 00:33:58,799

harriet kutcher

1042

00:34:02,549 --> 00:34:00,320

and the mother

1043

00:34:03,909 --> 00:34:02,559

when we we've got a videotape of them

1044

00:34:06,549 --> 00:34:03,919

saying yes he talked about this

1045

00:34:08,389 --> 00:34:06,559

periodically so it wasn't just beverly

1046

00:34:10,069 --> 00:34:08,399

bean it was the family talking about so

1047

00:34:11,829 --> 00:34:10,079

we have descriptions of the bodies from

1048

00:34:16,310 --> 00:34:11,839

a number of people who were involved in

1049

00:34:18,710 --> 00:34:16,320

this a guy named chester leicester lytle

1050

00:34:20,790 --> 00:34:18,720

well-respected scientist

1051
00:34:23,349 --> 00:34:20,800
held top secrets worked on the atomic

1052
00:34:25,589 --> 00:34:23,359
trigger for the atomic bomb um

1053
00:34:27,430 --> 00:34:25,599
during the during the second world war

1054
00:34:28,869 --> 00:34:27,440
good friends with butch blanchard

1055
00:34:29,750 --> 00:34:28,879
colonel blanchard

1056
00:34:33,750 --> 00:34:29,760
and

1057
00:34:36,710 --> 00:34:33,760
at some point in 1951 1952 somewhere

1058
00:34:38,790 --> 00:34:36,720
libel's in fairbanks alaska i think and

1059
00:34:41,270 --> 00:34:38,800
blanchard's there as well blanchard is

1060
00:34:44,629 --> 00:34:41,280
now i think a general

1061
00:34:47,510 --> 00:34:44,639
and um lido's wife goes into labor

1062
00:34:49,669 --> 00:34:47,520
and he's got to get home to chicago

1063
00:34:51,270 --> 00:34:49,679

so blanchard arranges for him to take a

1064

00:34:52,470 --> 00:34:51,280

military flight and blanchard's on the

1065

00:34:54,069 --> 00:34:52,480

flight with him and i think they went to

1066

00:34:55,909 --> 00:34:54,079

scott air force base and could drive to

1067

00:34:57,589 --> 00:34:55,919

chicago very easily

1068

00:34:59,109 --> 00:34:57,599

and on this flight

1069

00:35:00,710 --> 00:34:59,119

apparently they got to talking about

1070

00:35:02,230 --> 00:35:00,720

what had fallen

1071

00:35:04,470 --> 00:35:02,240

and blanchard confirmed there were four

1072

00:35:06,390 --> 00:35:04,480

bodies poor alien bodies now of course

1073

00:35:08,550 --> 00:35:06,400

the information is second hand but lytle

1074

00:35:10,069 --> 00:35:08,560

has no reason to lie about that i mean

1075

00:35:12,310 --> 00:35:10,079

he doesn't need to he doesn't need his

1076

00:35:15,030 --> 00:35:12,320

ten minutes of fame by talking to us

1077

00:35:16,870 --> 00:35:15,040

about alien bodies he told that to um

1078

00:35:18,710 --> 00:35:16,880

robert hastings

1079

00:35:20,390 --> 00:35:18,720

so you know all that information leads

1080

00:35:22,550 --> 00:35:20,400

to the idea that what fell in roswell

1081

00:35:25,190 --> 00:35:22,560

was something that had not been

1082

00:35:27,750 --> 00:35:25,200

uh built on earth

1083

00:35:29,670 --> 00:35:27,760

and our investigation spanned and parts

1084

00:35:31,270 --> 00:35:29,680

of it is still ongoing i called a couple

1085

00:35:33,910 --> 00:35:31,280

of witnesses not that long ago i was

1086

00:35:36,069 --> 00:35:33,920

working on understanding roswell

1087

00:35:38,069 --> 00:35:36,079

i talked to one guy who was 89 years old

1088

00:35:40,069 --> 00:35:38,079

at one point

1089

00:35:41,510 --> 00:35:40,079

just a few years ago

1090

00:35:42,870 --> 00:35:41,520

and the only thing is is uh we can't i

1091

00:35:44,230 --> 00:35:42,880

can't i don't remember much about we

1092

00:35:45,510 --> 00:35:44,240

were told not to remember we were told

1093

00:35:47,109 --> 00:35:45,520

to forget about it we were told it was

1094

00:35:48,310 --> 00:35:47,119

secrecy and i'm thinking well what would

1095

00:35:50,150 --> 00:35:48,320

be

1096

00:35:51,910 --> 00:35:50,160

that critical

1097

00:35:53,030 --> 00:35:51,920

we talked to a number of people like

1098

00:35:54,390 --> 00:35:53,040

that

1099

00:35:55,990 --> 00:35:54,400

we talked to

1100

00:35:57,670 --> 00:35:56,000

the firefighters

1101
00:36:00,150 --> 00:35:57,680
the story was a fire one of the fighter

1102
00:36:01,589 --> 00:36:00,160
fighters had gone out there and uh

1103
00:36:02,950 --> 00:36:01,599
you go back and look at the records for

1104
00:36:04,310 --> 00:36:02,960
the fire station well no there's no

1105
00:36:05,670 --> 00:36:04,320
record of that i actually saw the

1106
00:36:07,670 --> 00:36:05,680
records i went through the records for

1107
00:36:09,109 --> 00:36:07,680
1947 nothing there

1108
00:36:10,630 --> 00:36:09,119
the the story was well the fire

1109
00:36:12,150 --> 00:36:10,640
department didn't make runs outside the

1110
00:36:13,270 --> 00:36:12,160
city limits one of the firefighters told

1111
00:36:14,069 --> 00:36:13,280
me what he was supposed to do let it

1112
00:36:15,510 --> 00:36:14,079
burn

1113
00:36:18,310 --> 00:36:15,520

so of course they made runs outside the

1114

00:36:21,349 --> 00:36:18,320

city limits but

1115

00:36:24,870 --> 00:36:22,950

one of the guys one of the firefighters

1116

00:36:26,390 --> 00:36:24,880

there

1117

00:36:28,470 --> 00:36:26,400

he said no we didn't make a run out

1118

00:36:30,710 --> 00:36:28,480

there we didn't go and i said did you uh

1119

00:36:33,109 --> 00:36:30,720

know dan dwyer

1120

00:36:34,870 --> 00:36:33,119

he said oh yeah dan went out there

1121

00:36:36,310 --> 00:36:34,880

and i thought what

1122

00:36:38,630 --> 00:36:36,320

he didn't make it as an official run he

1123

00:36:40,550 --> 00:36:38,640

went out the nearest in his private car

1124

00:36:41,910 --> 00:36:40,560

so it's not logged it wasn't an official

1125

00:36:43,829 --> 00:36:41,920

run and he went out there to see what

1126
00:36:45,270 --> 00:36:43,839
was going on some colonel showed up at

1127
00:36:46,150 --> 00:36:45,280
the at the fire department always

1128
00:36:47,589 --> 00:36:46,160
laughing there's always a colonel's

1129
00:36:48,870 --> 00:36:47,599
never lieutenant and every captain away

1130
00:36:50,470 --> 00:36:48,880
a colonel

1131
00:36:52,390 --> 00:36:50,480
shows up and said you don't need to

1132
00:36:53,910 --> 00:36:52,400
worry about it we got it covered

1133
00:36:55,990 --> 00:36:53,920
but but dwyer went out there in his

1134
00:36:57,670 --> 00:36:56,000
private car and he saw the bodies

1135
00:37:00,230 --> 00:36:57,680
and told his daughter about it frankie

1136
00:37:01,589 --> 00:37:00,240
rowe a very nice woman

1137
00:37:03,270 --> 00:37:01,599
um

1138
00:37:05,349 --> 00:37:03,280

frankie rowe also had an opportunity to

1139

00:37:07,670 --> 00:37:05,359

see some of the debris because she she

1140

00:37:09,910 --> 00:37:07,680

was in roswell and the story was that

1141

00:37:11,030 --> 00:37:09,920

she had had some teeth extracted or

1142

00:37:12,950 --> 00:37:11,040

something and she was waiting for her

1143

00:37:13,829 --> 00:37:12,960

father to take her home after having

1144

00:37:15,349 --> 00:37:13,839

this

1145

00:37:17,589 --> 00:37:15,359

minor surgery

1146

00:37:18,950 --> 00:37:17,599

and while she was waiting there state

1147

00:37:21,030 --> 00:37:18,960

trooper came in and he had a piece of

1148

00:37:22,470 --> 00:37:21,040

the metallic debris the

1149

00:37:24,630 --> 00:37:22,480

foil-like material and showed it to him

1150

00:37:26,069 --> 00:37:24,640

and she got the a chance to handle it

1151
00:37:27,589 --> 00:37:26,079
and we talked to other people who

1152
00:37:28,790 --> 00:37:27,599
handled debris like that and we could

1153
00:37:31,030 --> 00:37:28,800
see how the air force had kind of

1154
00:37:34,870 --> 00:37:31,040
manipulated the whole

1155
00:37:36,470 --> 00:37:34,880
story in the affidavit sally tandolini

1156
00:37:38,230 --> 00:37:36,480
it's i think her mother's marion

1157
00:37:40,550 --> 00:37:38,240
strickland lyman strickland was her were

1158
00:37:42,310 --> 00:37:40,560
her parents who the razzles and bill

1159
00:37:43,670 --> 00:37:42,320
braza was over at their ranch one day

1160
00:37:46,150 --> 00:37:43,680
and he had a piece of the debris and was

1161
00:37:47,829 --> 00:37:46,160
showing it to them and sally tatellini

1162
00:37:50,950 --> 00:37:47,839
described it in her affidavit in the air

1163
00:37:54,630 --> 00:37:53,430

quoted one paragraph of it

1164

00:37:55,670 --> 00:37:54,640
which made it sound like it was

1165

00:37:57,750 --> 00:37:55,680
something

1166

00:37:59,990 --> 00:37:57,760
sort of strange but not

1167

00:38:01,750 --> 00:38:00,000
extraterrestrial

1168

00:38:03,349 --> 00:38:01,760
they didn't quote the whole story and i

1169

00:38:05,510 --> 00:38:03,359
think well that's

1170

00:38:07,270 --> 00:38:05,520
cherry picking the the information so

1171

00:38:08,950 --> 00:38:07,280
when you get to

1172

00:38:10,630 --> 00:38:08,960
understanding roswell that whole

1173

00:38:13,190 --> 00:38:10,640
advocate is in there

1174

00:38:15,109 --> 00:38:13,200
um you try not to

1175

00:38:16,550 --> 00:38:15,119
when i'm doing a book like this i think

1176

00:38:18,390 --> 00:38:16,560

it's important to

1177

00:38:21,190 --> 00:38:18,400

not cherry poke the information if i'm

1178

00:38:22,870 --> 00:38:21,200

in a debate on ufos i'll leave out stuff

1179

00:38:25,030 --> 00:38:22,880

because i'm in a debate

1180

00:38:26,950 --> 00:38:25,040

and in a debate that's what you do you

1181

00:38:29,030 --> 00:38:26,960

use the information that

1182

00:38:31,190 --> 00:38:29,040

supports your point of view you try to

1183

00:38:32,630 --> 00:38:31,200

counter the other side's point of view

1184

00:38:34,310 --> 00:38:32,640

but you don't bring up anything they

1185

00:38:35,750 --> 00:38:34,320

don't know it's kind of like in a in a

1186

00:38:38,310 --> 00:38:35,760

courtroom case

1187

00:38:40,230 --> 00:38:38,320

if if if you've got something on the on

1188

00:38:42,550 --> 00:38:40,240

the defense that you don't want them to

1189

00:38:44,470 --> 00:38:42,560

know you wait till the courtroom drama

1190

00:38:46,470 --> 00:38:44,480

and you you bring it up then it's you

1191

00:38:48,069 --> 00:38:46,480

know it's a fight like that

1192

00:38:50,470 --> 00:38:48,079

on the other hand and i'm doing a book

1193

00:38:53,030 --> 00:38:50,480

and i'm talking about a specific

1194

00:38:54,310 --> 00:38:53,040

incident like like roswell i try to put

1195

00:38:56,069 --> 00:38:54,320

in everything

1196

00:38:59,670 --> 00:38:56,079

so that the reader can make up his or

1197

00:39:01,670 --> 00:38:59,680

her own mind about what uh what fell

1198

00:39:03,670 --> 00:39:01,680

and and i think in the air force

1199

00:39:05,829 --> 00:39:03,680

investigation

1200

00:39:07,829 --> 00:39:05,839

they they left some things out things

1201

00:39:10,950 --> 00:39:07,839

that we would know i used to get calls

1202

00:39:12,790 --> 00:39:10,960

from uh captain mcandrew who was a

1203

00:39:15,430 --> 00:39:12,800

colonel weaver's

1204

00:39:17,510 --> 00:39:15,440

assistant on this project creating the

1205

00:39:19,030 --> 00:39:17,520

air force investigation he said well you

1206

00:39:20,550 --> 00:39:19,040

can tell me that you're just in it for

1207

00:39:22,310 --> 00:39:20,560

the money you don't care about that you

1208

00:39:24,230 --> 00:39:22,320

just want the money i said no i this is

1209

00:39:25,349 --> 00:39:24,240

a story i want to tell it's a good story

1210

00:39:27,109 --> 00:39:25,359

and i'm going to tell the story as best

1211

00:39:29,349 --> 00:39:27,119

i can and i'm going to tell the whole

1212

00:39:31,190 --> 00:39:29,359

story not just what supports my point of

1213

00:39:32,870 --> 00:39:31,200

view but what supports

1214

00:39:34,710 --> 00:39:32,880

the entire

1215

00:39:36,310 --> 00:39:34,720

you you can cherry-pick the information

1216

00:39:37,990 --> 00:39:36,320

and make an argument either way by

1217

00:39:39,670 --> 00:39:38,000

cherry-picking the information i think

1218

00:39:41,589 --> 00:39:39,680

if you look at it dispassionately you're

1219

00:39:43,270 --> 00:39:41,599

going to come to the conclusion

1220

00:39:44,950 --> 00:39:43,280

well it would be nice to have the craft

1221

00:39:46,950 --> 00:39:44,960

or the bodies or photographs of that

1222

00:39:49,270 --> 00:39:46,960

kind of thing but there really is no

1223

00:39:51,510 --> 00:39:49,280

explanation for this at the time at this

1224

00:39:52,470 --> 00:39:51,520

time we don't know what fell so there

1225

00:39:54,310 --> 00:39:52,480

you go

1226

00:39:56,550 --> 00:39:54,320

and kevin do you know if there was a

1227

00:39:58,870 --> 00:39:56,560

substantial amount of craft left because

1228

00:40:00,870 --> 00:39:58,880

i always hear about the debris the fiber

1229

00:40:02,550 --> 00:40:00,880

optics but i never hear about

1230

00:40:04,470 --> 00:40:02,560

was there a majority of the craft that

1231

00:40:07,510 --> 00:40:04,480

was left over from this crash or was it

1232

00:40:10,069 --> 00:40:07,520

just basically just debris at that point

1233

00:40:11,750 --> 00:40:10,079

according to the information

1234

00:40:14,069 --> 00:40:11,760

there was the debris field which is

1235

00:40:15,910 --> 00:40:14,079

where we were talking about the debris

1236

00:40:17,589 --> 00:40:15,920

but there was some sort of an escape pod

1237

00:40:19,270 --> 00:40:17,599

or some kind of an internal pod that was

1238

00:40:21,349 --> 00:40:19,280

found two and a half to three miles away

1239

00:40:24,069 --> 00:40:21,359

and that's where the bodies were found

1240

00:40:25,829 --> 00:40:24,079

so it's like it kind of shed shed its

1241

00:40:28,309 --> 00:40:25,839

outside skin

1242

00:40:30,950 --> 00:40:28,319

uh when it when it hit the ground

1243

00:40:32,950 --> 00:40:30,960

um for the debris field it and according

1244

00:40:35,990 --> 00:40:32,960

what bill brazel said it was

1245

00:40:37,670 --> 00:40:36,000

the gouge in the debris field was narrow

1246

00:40:38,950 --> 00:40:37,680

at one end kind of

1247

00:40:40,950 --> 00:40:38,960

got fatter

1248

00:40:43,109 --> 00:40:40,960

in the middle and then kind of tapered

1249

00:40:45,589 --> 00:40:43,119

out like it had skipped

1250

00:40:47,829 --> 00:40:45,599

and and so that's

1251
00:40:49,190 --> 00:40:47,839
what happened it the pod came down

1252
00:40:51,030 --> 00:40:49,200
elsewhere

1253
00:40:53,109 --> 00:40:51,040
and that's where the bodies were found

1254
00:40:54,550 --> 00:40:53,119
so the debris field we got a very good

1255
00:40:55,829 --> 00:40:54,560
handle on

1256
00:40:59,589 --> 00:40:55,839
the

1257
00:41:01,030 --> 00:40:59,599
handle on but we we have some good

1258
00:41:02,790 --> 00:41:01,040
information about that from people who

1259
00:41:04,390 --> 00:41:02,800
are involved in that edwin easley would

1260
00:41:07,349 --> 00:41:04,400
have been involved in that

1261
00:41:11,349 --> 00:41:07,359
bill rickett who was the ncoic of the

1262
00:41:12,069 --> 00:41:11,359
cie a i believe he was tdy to the bo no

1263
00:41:15,670 --> 00:41:12,079

i'm

1264

00:41:17,910 --> 00:41:15,680

fun

1265

00:41:19,829 --> 00:41:17,920

uh ncoic was the non-commissioned

1266

00:41:23,190 --> 00:41:19,839

officer in charge he would be the senior

1267

00:41:24,390 --> 00:41:23,200

sergeant of the cia detachment cia cic

1268

00:41:27,270 --> 00:41:24,400

detachment

1269

00:41:30,150 --> 00:41:27,280

at roswell at the time and he and

1270

00:41:32,710 --> 00:41:30,160

cavett went out to a site now from what

1271

00:41:34,950 --> 00:41:32,720

ricketts said the site was much closer

1272

00:41:36,230 --> 00:41:34,960

than the debris field that mac brazil

1273

00:41:38,150 --> 00:41:36,240

had found

1274

00:41:39,430 --> 00:41:38,160

he said it took about 45 minutes to get

1275

00:41:41,190 --> 00:41:39,440

out there the

1276

00:41:42,950 --> 00:41:41,200

travel time today

1277

00:41:44,630 --> 00:41:42,960

to get to the debris field is three

1278

00:41:46,230 --> 00:41:44,640

three and a half hours

1279

00:41:47,990 --> 00:41:46,240

with modern roads and we know exactly

1280

00:41:51,109 --> 00:41:48,000

where it is

1281

00:41:53,109 --> 00:41:51,119

so this was some place much closer

1282

00:41:54,870 --> 00:41:53,119

and easily was there according to what

1283

00:41:56,150 --> 00:41:54,880

ricketts said and

1284

00:41:57,750 --> 00:41:56,160

they were looking down and there was a

1285

00:41:59,190 --> 00:41:57,760

piece of debris that he picked up he

1286

00:42:00,230 --> 00:41:59,200

said it was like two and a half feet

1287

00:42:01,109 --> 00:42:00,240

three feet

1288

00:42:03,190 --> 00:42:01,119

by

1289

00:42:05,430 --> 00:42:03,200

four feet something like that

1290

00:42:09,430 --> 00:42:05,440

light ray but he described as like cold

1291

00:42:12,950 --> 00:42:11,510

look to it he picked it up and he

1292

00:42:17,910 --> 00:42:12,960

couldn't bend it

1293

00:42:19,430 --> 00:42:17,920

and

1294

00:42:21,670 --> 00:42:19,440

one of the guys said well he's trying to

1295

00:42:24,390 --> 00:42:21,680

do what we couldn't do which was bend

1296

00:42:26,390 --> 00:42:24,400

this debris and he he asked is it hot

1297

00:42:28,230 --> 00:42:26,400

meaning is it radioactive and he said no

1298

00:42:29,750 --> 00:42:28,240

it's not so we've got you know

1299

00:42:31,910 --> 00:42:29,760

descriptions of this second site from

1300

00:42:33,670 --> 00:42:31,920

people like the the cic guy who was

1301

00:42:36,870 --> 00:42:33,680

there keep wanting to say cia for some

1302

00:42:38,630 --> 00:42:36,880

reason a guy who was there easily easily

1303

00:42:39,910 --> 00:42:38,640

was very circumspect on what he would

1304

00:42:41,349 --> 00:42:39,920

tell me

1305

00:42:42,710 --> 00:42:41,359

and he would always

1306

00:42:44,150 --> 00:42:42,720

if i got into an area he didn't want to

1307

00:42:46,309 --> 00:42:44,160

talk about he said i can't tell you that

1308

00:42:48,390 --> 00:42:46,319

i was phoned to secrecy i was at the

1309

00:42:49,750 --> 00:42:48,400

center for your studies

1310

00:42:50,870 --> 00:42:49,760

and they said use the telephone over

1311

00:42:52,150 --> 00:42:50,880

there if you have some phone calls to

1312

00:42:53,670 --> 00:42:52,160

make this was back when we used to have

1313

00:42:54,950 --> 00:42:53,680

to pay for long distance calls and my

1314

00:42:56,550 --> 00:42:54,960

phone bills were running three and four

1315

00:42:58,230 --> 00:42:56,560

hundred dollars a month and here's

1316

00:42:59,750 --> 00:42:58,240

opportunity to use a phone and i don't

1317

00:43:01,829 --> 00:42:59,760

have to pay for the call

1318

00:43:03,670 --> 00:43:01,839

so i called easily i didn't have my

1319

00:43:04,550 --> 00:43:03,680

recording equipment because i wasn't

1320

00:43:06,230 --> 00:43:04,560

home

1321

00:43:08,309 --> 00:43:06,240

and i'm talking to him about this and i

1322

00:43:10,550 --> 00:43:08,319

said well are we following the right

1323

00:43:12,309 --> 00:43:10,560

path he says what do you mean i said

1324

00:43:13,510 --> 00:43:12,319

well we think it's extraterrestrial he

1325

00:43:15,190 --> 00:43:13,520

said well let me put it this way it's

1326

00:43:17,190 --> 00:43:15,200

not the wrong path

1327

00:43:18,550 --> 00:43:17,200

not exactly a ringing endorsement but

1328

00:43:21,030 --> 00:43:18,560

certainly an interesting piece of

1329

00:43:23,109 --> 00:43:21,040

information about that well everybody

1330

00:43:24,230 --> 00:43:23,119

says if the moment i'd heard they had

1331

00:43:26,230 --> 00:43:24,240

heard that they'd run out and bought

1332

00:43:27,910 --> 00:43:26,240

another recorder and gone back and

1333

00:43:29,190 --> 00:43:27,920

called him right back

1334

00:43:31,589 --> 00:43:29,200

i'm thinking

1335

00:43:33,190 --> 00:43:31,599

i'm going to talk to this guy again

1336

00:43:35,430 --> 00:43:33,200

you know there's there's no reason to

1337

00:43:37,750 --> 00:43:35,440

suspect anything and i'll get him on

1338

00:43:38,950 --> 00:43:37,760

tape later on when i'm at home

1339

00:43:41,910 --> 00:43:38,960

turned out

1340

00:43:44,069 --> 00:43:41,920

easily uh had cancer

1341

00:43:46,309 --> 00:43:44,079

and uh i never had another chance to

1342

00:43:47,349 --> 00:43:46,319

chat with him about it

1343

00:43:49,349 --> 00:43:47,359

um

1344

00:43:50,950 --> 00:43:49,359

and in fact i'd

1345

00:43:52,630 --> 00:43:50,960

mark rodicker and the way i found this

1346

00:43:54,790 --> 00:43:52,640

out mark roddick the scientific director

1347

00:43:56,069 --> 00:43:54,800

for center field studies had said to me

1348

00:43:57,510 --> 00:43:56,079

one day he was going to be in the fort

1349

00:43:58,550 --> 00:43:57,520

worth area and could i arrange a meeting

1350

00:44:00,390 --> 00:43:58,560

with

1351
00:44:02,069 --> 00:44:00,400
easley and i thought yeah great let's

1352
00:44:03,829 --> 00:44:02,079
have another guy

1353
00:44:05,990 --> 00:44:03,839
talk to this man because a different

1354
00:44:08,150 --> 00:44:06,000
perspective for crying out loud

1355
00:44:09,670 --> 00:44:08,160
and so i wrote a letter to the family

1356
00:44:11,270 --> 00:44:09,680
and asked him about it and got a very

1357
00:44:13,270 --> 00:44:11,280
nice letter back from

1358
00:44:15,109 --> 00:44:13,280
one of the daughters

1359
00:44:16,550 --> 00:44:15,119
telling me her father was extremely ill

1360
00:44:17,829 --> 00:44:16,560
and her mother was scared to death

1361
00:44:19,829 --> 00:44:17,839
thought i was some kind of government

1362
00:44:21,349 --> 00:44:19,839
agent trying to get something on him so

1363
00:44:23,190 --> 00:44:21,359

he could

1364

00:44:24,630 --> 00:44:23,200

end his pension or whatever when all i

1365

00:44:26,470 --> 00:44:24,640

wanted was information and i wrote a

1366

00:44:28,390 --> 00:44:26,480

letter don't worry about it i'll

1367

00:44:29,190 --> 00:44:28,400

tell everybody the situation meaning you

1368

00:44:30,950 --> 00:44:29,200

know

1369

00:44:32,470 --> 00:44:30,960

the guy is now unavailable please don't

1370

00:44:33,589 --> 00:44:32,480

bother the family

1371

00:44:34,870 --> 00:44:33,599

and of course there are people out there

1372

00:44:36,390 --> 00:44:34,880

who would have anyway if they've known

1373

00:44:39,270 --> 00:44:36,400

how to find him unfortunately he was

1374

00:44:41,430 --> 00:44:39,280

very hard to find

1375

00:44:43,190 --> 00:44:41,440

and so he passed away not long after

1376

00:44:44,790 --> 00:44:43,200

that but the one thing that did happen

1377

00:44:45,750 --> 00:44:44,800

was

1378

00:44:48,470 --> 00:44:45,760

the

1379

00:44:50,309 --> 00:44:48,480

granddaughter i think it was showed up

1380

00:44:51,670 --> 00:44:50,319

at the hospital with a copy of the ufo

1381

00:44:52,950 --> 00:44:51,680

crash at roswell which was the first

1382

00:44:54,630 --> 00:44:52,960

book that don and i had done on the

1383

00:44:56,309 --> 00:44:54,640

roswell ufo crashed

1384

00:44:57,910 --> 00:44:56,319

and asked him about it and he said oh

1385

00:44:59,750 --> 00:44:57,920

the creatures

1386

00:45:04,150 --> 00:44:59,760

so we had a little bit of additional

1387

00:45:09,829 --> 00:45:06,710

with a cover picture of a fake ufo that

1388

00:45:11,510 --> 00:45:09,839

really annoyed the hell out of me but

1389

00:45:14,230 --> 00:45:11,520

but yeah yeah um

1390

00:45:16,950 --> 00:45:14,240

so uh he talked about all the creatures

1391

00:45:18,470 --> 00:45:16,960

so we have we have the family and and uh

1392

00:45:19,510 --> 00:45:18,480

talking about this

1393

00:45:20,950 --> 00:45:19,520

um

1394

00:45:22,550 --> 00:45:20,960

so we have a little bit of additional

1395

00:45:24,230 --> 00:45:22,560

corroboration so that's kind of where

1396

00:45:25,750 --> 00:45:24,240

the story is you know we have we have

1397

00:45:26,950 --> 00:45:25,760

some first-hand witnesses that talked

1398

00:45:29,430 --> 00:45:26,960

about it we have some first-hand

1399

00:45:31,829 --> 00:45:29,440

witnesses gave us hints and we have some

1400

00:45:33,990 --> 00:45:31,839

second-hand witnesses who uh got the

1401
00:45:35,990 --> 00:45:34,000
stories from from their their parents or

1402
00:45:36,790 --> 00:45:36,000
their grandparents and that sort of

1403
00:45:37,829 --> 00:45:36,800
thing

1404
00:45:38,630 --> 00:45:37,839
um

1405
00:45:40,790 --> 00:45:38,640
so

1406
00:45:42,630 --> 00:45:40,800
you know i i i like i say i think we can

1407
00:45:45,030 --> 00:45:42,640
lean toward the extraterrestrial on this

1408
00:45:47,030 --> 00:45:45,040
crash and the recovery and the effort to

1409
00:45:50,150 --> 00:45:47,040
keep it secret for

1410
00:45:51,990 --> 00:45:50,160
i think 35 or 36 years before it um

1411
00:45:54,390 --> 00:45:52,000
jesse marcel talked about it and then of

1412
00:45:55,910 --> 00:45:54,400
course the attempt in 1995 to bury the

1413
00:45:58,870 --> 00:45:55,920

whole thing under the

1414

00:46:00,870 --> 00:45:58,880

guise of project mogul

1415

00:46:02,630 --> 00:46:00,880

i've heard you say in the past that

1416

00:46:04,550 --> 00:46:02,640

you're an optimist but you're still a

1417

00:46:06,630 --> 00:46:04,560

skeptic at heart and i think that's the

1418

00:46:09,349 --> 00:46:06,640

best way to keep your science mind and

1419

00:46:11,190 --> 00:46:09,359

your curiosity in in due balance but

1420

00:46:13,349 --> 00:46:11,200

i've also heard you comment on the

1421

00:46:14,550 --> 00:46:13,359

difference between being a skeptic and a

1422

00:46:16,710 --> 00:46:14,560

debunker

1423

00:46:18,390 --> 00:46:16,720

and they're quite different so maybe

1424

00:46:19,750 --> 00:46:18,400

give us your perspective on the

1425

00:46:22,550 --> 00:46:19,760

difference between the two you know one

1426

00:46:25,510 --> 00:46:22,560

being more receptive than the other

1427

00:46:27,750 --> 00:46:25,520

i uh traced that attitude back to my

1428

00:46:30,390 --> 00:46:27,760

interview with james van allen yeah that

1429

00:46:31,990 --> 00:46:30,400

guy the radiation belts guy he was uh

1430

00:46:33,430 --> 00:46:32,000

the chairman of the department of

1431

00:46:35,589 --> 00:46:33,440

physics and astronomy at the university

1432

00:46:37,670 --> 00:46:35,599

of iowa i was attending university bob

1433

00:46:39,829 --> 00:46:37,680

cornett who i mentioned earlier

1434

00:46:41,510 --> 00:46:39,839

um said to me one day we should talk to

1435

00:46:42,870 --> 00:46:41,520

ben allen about it and i i know van

1436

00:46:44,950 --> 00:46:42,880

allen i'm thinking sure you know van i

1437

00:46:45,829 --> 00:46:44,960

don't like i did he taught in one of my

1438

00:46:49,190 --> 00:46:45,839

class

1439

00:46:50,309 --> 00:46:49,200

and lectured us

1440

00:46:51,910 --> 00:46:50,319

so we're in the

1441

00:46:53,990 --> 00:46:51,920

on an elevator in the physics building

1442

00:46:55,750 --> 00:46:54,000

and van allen gets on the elevator he

1443

00:46:57,750 --> 00:46:55,760

looks always says hi bob

1444

00:47:00,230 --> 00:46:57,760

and bob says hi van turns out he really

1445

00:47:01,990 --> 00:47:00,240

didn't know van island so he set up an

1446

00:47:04,230 --> 00:47:02,000

interview and for some reason bob

1447

00:47:06,069 --> 00:47:04,240

couldn't attend but i did but the point

1448

00:47:07,430 --> 00:47:06,079

is van allen was talking about these

1449

00:47:09,109 --> 00:47:07,440

sorts of things

1450

00:47:10,790 --> 00:47:09,119

and i was asking about the best way to

1451
00:47:12,870 --> 00:47:10,800
do the investigation he said well you

1452
00:47:14,150 --> 00:47:12,880
have to take it from this passionate

1453
00:47:15,910 --> 00:47:14,160
point of view

1454
00:47:16,870 --> 00:47:15,920
you know you're you're not a you're not

1455
00:47:29,910 --> 00:47:16,880
a

1456
00:47:32,390 --> 00:47:29,920
evidence the debunker knows there's no

1457
00:47:33,990 --> 00:47:32,400
el the alien visitation ergo anything

1458
00:47:35,430 --> 00:47:34,000
that suggests otherwise must be a hoax

1459
00:47:36,790 --> 00:47:35,440
or a lie

1460
00:47:37,990 --> 00:47:36,800
and then you get at the other end of the

1461
00:47:38,790 --> 00:47:38,000
spectrum you have the true believer

1462
00:47:39,829 --> 00:47:38,800
where they're going to believe

1463
00:47:41,910 --> 00:47:39,839

everything

1464

00:47:44,150 --> 00:47:41,920

and no matter what evidence you present

1465

00:47:46,630 --> 00:47:44,160

they're not going to listen to you and

1466

00:47:49,589 --> 00:47:46,640

then you get into the people who are

1467

00:47:51,670 --> 00:47:49,599

researchers who are looking for answers

1468

00:47:53,990 --> 00:47:51,680

and so the skeptics and the and the

1469

00:47:55,670 --> 00:47:54,000

researchers are sort of in the same same

1470

00:47:56,870 --> 00:47:55,680

boat maybe at opposite ends of the boat

1471

00:47:58,549 --> 00:47:56,880

and they're but they're talking to one

1472

00:48:00,870 --> 00:47:58,559

another in the boat

1473

00:48:02,549 --> 00:48:00,880

and and uh looking at the evidence what

1474

00:48:03,829 --> 00:48:02,559

does the evidence tell me where can i go

1475

00:48:05,349 --> 00:48:03,839

with the evidence

1476

00:48:07,109 --> 00:48:05,359

and and that's that's the important

1477

00:48:08,630 --> 00:48:07,119

point you need to look at the evidence

1478

00:48:10,470 --> 00:48:08,640

where does the evidence take you even if

1479

00:48:12,549 --> 00:48:10,480

you don't like where it goes

1480

00:48:13,349 --> 00:48:12,559

and i've got i've run into some cases

1481

00:48:15,910 --> 00:48:13,359

where

1482

00:48:17,750 --> 00:48:15,920

um i was convinced that had some kind of

1483

00:48:19,030 --> 00:48:17,760

an extraterrestrial component looking at

1484

00:48:27,270 --> 00:48:19,040

the

1485

00:48:30,549 --> 00:48:27,280

from

1486

00:48:33,030 --> 00:48:30,559

1948 these were two airline pilots whose

1487

00:48:35,190 --> 00:48:33,040

saw cigar-shaped craft flashed by their

1488

00:48:37,430 --> 00:48:35,200

airliner we square windows on it and

1489

00:48:39,430 --> 00:48:37,440

then disappear into the clouds

1490

00:48:42,470 --> 00:48:39,440

and for the longest time this was an

1491

00:48:43,430 --> 00:48:42,480

unidentified jalen van gaal j allen

1492

00:48:44,630 --> 00:48:43,440

heineck

1493

00:48:45,829 --> 00:48:44,640

who was the air force consultant

1494

00:48:48,069 --> 00:48:45,839

originally said well it sounds like a

1495

00:48:49,589 --> 00:48:48,079

bullet very bright meteor to me and then

1496

00:48:50,470 --> 00:48:49,599

of course

1497

00:48:51,829 --> 00:48:50,480

um

1498

00:48:53,270 --> 00:48:51,839

everybody said no it can't be that it's

1499

00:48:56,069 --> 00:48:53,280

got to be something else

1500

00:48:58,950 --> 00:48:56,079

well in march of 1968

1501
00:49:00,630 --> 00:48:58,960
i think it was the zone4

1502
00:49:02,390 --> 00:49:00,640
uh spacecraft i think the soviet

1503
00:49:03,990 --> 00:49:02,400
spacecraft re-entered the atmosphere and

1504
00:49:05,750 --> 00:49:04,000
broke up

1505
00:49:07,510 --> 00:49:05,760
and you had a lot of people who saw it

1506
00:49:09,349 --> 00:49:07,520
and watched it break up and said yeah

1507
00:49:10,630 --> 00:49:09,359
that's really kind of neat but there are

1508
00:49:12,150 --> 00:49:10,640
a number of people who said that they'd

1509
00:49:13,430 --> 00:49:12,160
seen a cigar-shaped craft for square

1510
00:49:14,549 --> 00:49:13,440
windows

1511
00:49:16,549 --> 00:49:14,559
in other words there's something in the

1512
00:49:20,150 --> 00:49:16,559
human mind when you

1513
00:49:22,230 --> 00:49:20,160

it it figures in a gestalt psychology

1514

00:49:26,470 --> 00:49:22,240

making something whole out of

1515

00:49:31,589 --> 00:49:30,390

video on youtube called meteoric display

1516

00:49:33,190 --> 00:49:31,599

i think it's something like that it's

1517

00:49:34,950 --> 00:49:33,200

three minutes and 19 seconds and then

1518

00:49:36,150 --> 00:49:34,960

somebody had compiled a bunch of meteor

1519

00:49:37,990 --> 00:49:36,160

falls

1520

00:49:39,589 --> 00:49:38,000

and you can see the objects breaking up

1521

00:49:40,710 --> 00:49:39,599

now we have a chance to look at them

1522

00:49:42,710 --> 00:49:40,720

closely

1523

00:49:44,870 --> 00:49:42,720

you can see you've got a bright cockpit

1524

00:49:46,950 --> 00:49:44,880

at one end and then you have the glowing

1525

00:49:47,910 --> 00:49:46,960

debris strung out behind it and it does

1526

00:49:50,390 --> 00:49:47,920

look

1527

00:49:52,390 --> 00:49:50,400

like a cigar shaped craft with windows

1528

00:49:54,150 --> 00:49:52,400

i am convinced that child's wooded now

1529

00:49:56,470 --> 00:49:54,160

child would have seen a ball light it's

1530

00:49:59,510 --> 00:49:56,480

a meteor it's explainable

1531

00:50:01,270 --> 00:49:59,520

jerry clark and i have discussed this

1532

00:50:03,270 --> 00:50:01,280

once or twice and he is convinced no

1533

00:50:05,430 --> 00:50:03,280

that's not the explanation i think it's

1534

00:50:06,870 --> 00:50:05,440

a good explanation but the point is i

1535

00:50:08,790 --> 00:50:06,880

mean jerry and i can discuss it

1536

00:50:11,030 --> 00:50:08,800

rationality and he comes to one

1537

00:50:12,790 --> 00:50:11,040

conclusion and i come to another

1538

00:50:14,870 --> 00:50:12,800

and i think that's where we should be in

1539

00:50:16,549 --> 00:50:14,880

recent ufo research let's look at all

1540

00:50:19,990 --> 00:50:16,559

the possibilities

1541

00:50:22,710 --> 00:50:20,000

if there was a new piece of evidence

1542

00:50:23,990 --> 00:50:22,720

one of the things that

1543

00:50:25,109 --> 00:50:24,000

has made it into the literature about

1544

00:50:27,750 --> 00:50:25,119

the child's wooded sighting as the

1545

00:50:29,589 --> 00:50:27,760

aircraft was buffeted by turbulence

1546

00:50:31,829 --> 00:50:29,599

as if the the close approach of the

1547

00:50:33,589 --> 00:50:31,839

cigar-shaped craft it created turbulence

1548

00:50:35,589 --> 00:50:33,599

you go back to the original statements

1549

00:50:37,270 --> 00:50:35,599

by those guys there's nothing about

1550

00:50:39,430 --> 00:50:37,280

turbulence at all

1551
00:50:41,190 --> 00:50:39,440
it appears in a newspaper article some

1552
00:50:42,870 --> 00:50:41,200
months later

1553
00:50:44,470 --> 00:50:42,880
but they never mentioned turbulence so

1554
00:50:46,549 --> 00:50:44,480
this idea that there was turbulence has

1555
00:50:49,589 --> 00:50:46,559
grown into it and it suggests something

1556
00:50:51,030 --> 00:50:49,599
more close approach if and now it's way

1557
00:50:53,190 --> 00:50:51,040
too late for it to happen but if they're

1558
00:50:54,390 --> 00:50:53,200
witnesses on the ground who'd seen the

1559
00:50:55,990 --> 00:50:54,400
craft as well

1560
00:50:57,589 --> 00:50:56,000
at about the same time well then we can

1561
00:51:01,430 --> 00:50:57,599
take it to a different level but there

1562
00:51:04,390 --> 00:51:02,950
witnesses on the ground incidents

1563
00:51:08,390 --> 00:51:04,400

witnesses on the ground i was thinking

1564

00:51:09,750 --> 00:51:08,400

ahead here um there was a guy at robbins

1565

00:51:12,390 --> 00:51:09,760

air force base i think that's near

1566

00:51:13,670 --> 00:51:12,400

atlanta but the sighting is an hour

1567

00:51:15,430 --> 00:51:13,680

later

1568

00:51:17,750 --> 00:51:15,440

and it really doesn't fit into with what

1569

00:51:19,510 --> 00:51:17,760

charles would have did seen and this all

1570

00:51:20,549 --> 00:51:19,520

took place at 1 32 o'clock in the

1571

00:51:22,390 --> 00:51:20,559

morning so you don't have a lot of

1572

00:51:23,750 --> 00:51:22,400

people outside looking up into the sky

1573

00:51:25,349 --> 00:51:23,760

so there's a reason it wasn't more

1574

00:51:26,790 --> 00:51:25,359

widely reported

1575

00:51:28,950 --> 00:51:26,800

and so yeah that's kind of where we are

1576

00:51:31,349 --> 00:51:28,960

and some of that but that that kind of

1577

00:51:33,190 --> 00:51:31,359

the debunker knows there is no

1578

00:51:35,430 --> 00:51:33,200

visitation therefore anything that says

1579

00:51:37,990 --> 00:51:35,440

suggest otherwise is wrong the skeptic's

1580

00:51:40,230 --> 00:51:38,000

willing to look at the um the evidence

1581

00:51:41,910 --> 00:51:40,240

the investigator the researchers willing

1582

00:51:43,510 --> 00:51:41,920

to look at the evidence and and then get

1583

00:51:45,270 --> 00:51:43,520

the true believer is going to accept

1584

00:51:46,470 --> 00:51:45,280

everything no matter how ridiculous it

1585

00:51:48,069 --> 00:51:46,480

is

1586

00:51:50,710 --> 00:51:48,079

now we um

1587

00:51:52,150 --> 00:51:50,720

we're huge believers in bob lazar i

1588

00:51:55,190 --> 00:51:52,160

don't know what your stance is on bob

1589

00:51:57,349 --> 00:51:55,200

lazar but when i hear him say you know

1590

00:52:00,069 --> 00:51:57,359

at one point he saw over nine crafts

1591

00:52:02,150 --> 00:52:00,079

that the u.s government had

1592

00:52:04,390 --> 00:52:02,160

and with the you know the crash at

1593

00:52:06,230 --> 00:52:04,400

roswell do you think there might be some

1594

00:52:08,069 --> 00:52:06,240

validity to that that the government has

1595

00:52:10,470 --> 00:52:08,079

more than just one

1596

00:52:12,549 --> 00:52:10,480

craft because even reading a trinity by

1597

00:52:14,710 --> 00:52:12,559

jacques valle and paula harris

1598

00:52:16,950 --> 00:52:14,720

it sounds like in 1945 they recovered

1599

00:52:18,870 --> 00:52:16,960

another craft before

1600

00:52:20,309 --> 00:52:18,880

the roswell incident so it sounds like

1601
00:52:22,069 --> 00:52:20,319
the the government

1602
00:52:23,190 --> 00:52:22,079
is always picking up some of these crap

1603
00:52:24,790 --> 00:52:23,200
somewhere

1604
00:52:25,990 --> 00:52:24,800
here here's where we end up with the

1605
00:52:27,750 --> 00:52:26,000
researcher

1606
00:52:30,230 --> 00:52:27,760
and the skeptic

1607
00:52:32,790 --> 00:52:30,240
i find trinity to be

1608
00:52:35,030 --> 00:52:32,800
completely and totally bogus it's a

1609
00:52:37,510 --> 00:52:35,040
single witness based on his observations

1610
00:52:39,510 --> 00:52:37,520
when he was what seven years old

1611
00:52:41,670 --> 00:52:39,520
he approached dan friedman at one point

1612
00:52:43,030 --> 00:52:41,680
trying to sell his story it's uh baca i

1613
00:52:44,829 --> 00:52:43,040

think it is

1614

00:52:47,270 --> 00:52:44,839

jose baca or something like

1615

00:52:49,670 --> 00:52:47,280

that it's not jose i can't remember his

1616

00:52:50,870 --> 00:52:49,680

first name but yeah baca he approached

1617

00:52:54,710 --> 00:52:50,880

me remy

1618

00:52:57,309 --> 00:52:54,720

yes yes thank you remy baca very good um

1619

00:52:59,510 --> 00:52:57,319

trying to trying to figure out how to

1620

00:53:01,190 --> 00:52:59,520

manipulate this into making some money

1621

00:53:02,630 --> 00:53:01,200

he approached don schmidt

1622

00:53:04,950 --> 00:53:02,640

talking about it being over on the

1623

00:53:06,470 --> 00:53:04,960

plains of san agustin at the time and

1624

00:53:08,390 --> 00:53:06,480

then realized that wasn't going to fly

1625

00:53:09,990 --> 00:53:08,400

but i i've read the book i've talked to

1626

00:53:12,309 --> 00:53:10,000

jack valet about this i've talked to

1627

00:53:14,390 --> 00:53:12,319

paula harris about this i do not find

1628

00:53:16,390 --> 00:53:14,400

that book convincing it's based on a

1629

00:53:17,750 --> 00:53:16,400

single witness they said well we got a

1630

00:53:20,069 --> 00:53:17,760

new witness

1631

00:53:21,190 --> 00:53:20,079

she wasn't born until what nine years

1632

00:53:23,750 --> 00:53:21,200

later

1633

00:53:25,990 --> 00:53:23,760

she's got the story from him and she's

1634

00:53:28,549 --> 00:53:26,000

on and i think she's unavailable too at

1635

00:53:30,390 --> 00:53:28,559

the time well we had lots of debris

1636

00:53:31,829 --> 00:53:30,400

and we were passing it out and they were

1637

00:53:33,510 --> 00:53:31,839

using it as christmas ornaments well

1638

00:53:35,109 --> 00:53:33,520

somehow all of that has disappeared now

1639

00:53:37,030 --> 00:53:35,119

this big stringing

1640

00:53:39,190 --> 00:53:37,040

bits of foil like stuff

1641

00:53:40,069 --> 00:53:39,200

he talks about how the military came in

1642

00:53:41,589 --> 00:53:40,079

and they

1643

00:53:42,950 --> 00:53:41,599

asked permission to remove fences and

1644

00:53:44,870 --> 00:53:42,960

they drove this big truck in there and

1645

00:53:46,470 --> 00:53:44,880

they're going to take the craft away

1646

00:53:48,390 --> 00:53:46,480

then it's lunch time so they abandoned

1647

00:53:49,750 --> 00:53:48,400

their truck they all go into town to eat

1648

00:53:53,349 --> 00:53:49,760

so the kids can go out there and they

1649

00:53:55,190 --> 00:53:53,359

look at the you get inside the craft

1650

00:53:58,230 --> 00:53:55,200

there is no way that happened

1651
00:54:00,549 --> 00:53:58,240
i can tell you as a military officer

1652
00:54:03,910 --> 00:54:00,559
as a as an officer who is responsible

1653
00:54:05,430 --> 00:54:03,920
for guarding some secrets like this one

1654
00:54:06,950 --> 00:54:05,440
at a time

1655
00:54:08,230 --> 00:54:06,960
just isn't going to happen that way

1656
00:54:10,950 --> 00:54:08,240
there's no way

1657
00:54:12,870 --> 00:54:10,960
i can believe that two boys out there on

1658
00:54:15,670 --> 00:54:12,880
the ranch might have seen something at

1659
00:54:17,670 --> 00:54:15,680
one point but they never got close to it

1660
00:54:19,430 --> 00:54:17,680
um and and the the rest of the story

1661
00:54:21,190 --> 00:54:19,440
doesn't make sense in fact don schmidt

1662
00:54:23,030 --> 00:54:21,200
will tell you that remy baca approached

1663
00:54:25,589 --> 00:54:23,040

him asking him how he can make money on

1664

00:54:27,190 --> 00:54:25,599

this and who he needs to talk to

1665

00:54:29,270 --> 00:54:27,200

and there's no there's no corroborating

1666

00:54:31,190 --> 00:54:29,280

witnesses for it so no they didn't

1667

00:54:33,990 --> 00:54:31,200

recover a craft at the trinity site in

1668

00:54:35,349 --> 00:54:34,000

1945 i do not believe this story and

1669

00:54:36,789 --> 00:54:35,359

i've looked into this and like i said

1670

00:54:37,829 --> 00:54:36,799

i've talked to jacques fillet and i'm

1671

00:54:39,829 --> 00:54:37,839

sure you probably talked to jacques

1672

00:54:42,150 --> 00:54:39,839

villa as well yeah

1673

00:54:44,150 --> 00:54:42,160

and uh i talked to paula harris and she

1674

00:54:46,549 --> 00:54:44,160

always demurred to

1675

00:54:48,230 --> 00:54:46,559

jacqueline on this story but there's

1676

00:54:50,069 --> 00:54:48,240

really nothing there

1677

00:54:52,150 --> 00:54:50,079

it's not like roswell where you could

1678

00:54:54,069 --> 00:54:52,160

say well glenn dennis the roswell

1679

00:54:55,670 --> 00:54:54,079

mortician turned out to be some what

1680

00:54:57,510 --> 00:54:55,680

less than candid and what he was telling

1681

00:54:58,549 --> 00:54:57,520

us that's a nice way of saying he was

1682

00:54:59,750 --> 00:54:58,559

lying

1683

00:55:03,430 --> 00:54:59,760

um

1684

00:55:06,309 --> 00:55:03,440

but here we have we don't have

1685

00:55:09,349 --> 00:55:06,319

all those witnesses like

1686

00:55:11,589 --> 00:55:09,359

jesse marcel and edwin easley and

1687

00:55:13,109 --> 00:55:11,599

patrick saunders the base adjudant and

1688

00:55:15,349 --> 00:55:13,119

and we've got i've got a statement on

1689

00:55:16,630 --> 00:55:15,359

the the fly leaf of one of the books i i

1690

00:55:18,630 --> 00:55:16,640

think it's the first one you showed

1691

00:55:20,470 --> 00:55:18,640

there the uh you crash at roswell not

1692

00:55:21,829 --> 00:55:20,480

the truth about it but he wrote on there

1693

00:55:23,589 --> 00:55:21,839

here's the truth and they never told

1694

00:55:24,710 --> 00:55:23,599

anybody anyway it's a fly sheet that

1695

00:55:26,470 --> 00:55:24,720

says

1696

00:55:28,230 --> 00:55:26,480

what they did to cover the thing up and

1697

00:55:30,309 --> 00:55:28,240

here's the guy who was responsible for

1698

00:55:32,549 --> 00:55:30,319

part of that signing it signing the fly

1699

00:55:34,710 --> 00:55:32,559

league and say yes we did that

1700

00:55:36,789 --> 00:55:34,720

but they have nothing like that

1701

00:55:38,870 --> 00:55:36,799

i don't i i and i'm sorry i do not

1702

00:55:40,789 --> 00:55:38,880

believe bob lazar

1703

00:55:42,630 --> 00:55:40,799

i do not believe there's the things have

1704

00:55:45,109 --> 00:55:42,640

been raining out of the skies as some

1705

00:55:47,270 --> 00:55:45,119

people i i did a book called crash when

1706

00:55:48,630 --> 00:55:47,280

ufos fall from the sky and people have

1707

00:55:50,150 --> 00:55:48,640

condemned it because it looked like i

1708

00:55:53,109 --> 00:55:50,160

was just running down everybody else's

1709

00:55:54,950 --> 00:55:53,119

stories no i was looking at the evidence

1710

00:55:56,950 --> 00:55:54,960

you know you've got a story it's

1711

00:55:58,470 --> 00:55:56,960

one witness or two witnesses or you've

1712

00:56:00,309 --> 00:55:58,480

got

1713

00:56:02,950 --> 00:56:00,319

charlotte man who seems to be a very

1714

00:56:05,109 --> 00:56:02,960

nice lady talking about her father or

1715

00:56:07,430 --> 00:56:05,119

her grandfather giving last rites to an

1716

00:56:08,789 --> 00:56:07,440

alien creature but that story is based

1717

00:56:10,390 --> 00:56:08,799

on second-hand

1718

00:56:11,829 --> 00:56:10,400

testimony there's two second-hand

1719

00:56:13,349 --> 00:56:11,839

witnesses there's no first-hand

1720

00:56:16,390 --> 00:56:13,359

witnesses for it

1721

00:56:18,710 --> 00:56:16,400

um you know there's others that clearly

1722

00:56:19,990 --> 00:56:18,720

was some kind of experimental rocket had

1723

00:56:20,710 --> 00:56:20,000

gone astray

1724

00:56:21,430 --> 00:56:20,720

that's

1725

00:56:23,510 --> 00:56:21,440

uh

1726

00:56:25,589 --> 00:56:23,520

listed in the crash i used to say there

1727

00:56:28,390 --> 00:56:25,599

was there was a handful

1728

00:56:30,230 --> 00:56:28,400

four or five good stories the las vegas

1729

00:56:32,789 --> 00:56:30,240

from 1962

1730

00:56:35,750 --> 00:56:32,799

um i'm convinced that that was ebola

1731

00:56:38,230 --> 00:56:35,760

light as well now based on

1732

00:56:40,390 --> 00:56:38,240

my interviews with quite a few people

1733

00:56:42,829 --> 00:56:40,400

involved in in that story now

1734

00:56:46,069 --> 00:56:42,839

interesting aside is

1735

00:56:47,270 --> 00:56:46,079

the when i was starting the

1736

00:56:49,109 --> 00:56:47,280

uh

1737

00:56:51,430 --> 00:56:49,119

the investigation

1738

00:56:54,069 --> 00:56:51,440

and i forget the guy's name he was a

1739

00:56:55,910 --> 00:56:54,079

photographer for the um

1740

00:56:57,589 --> 00:56:55,920

review journal

1741

00:57:00,870 --> 00:56:57,599

and on april

1742

00:57:02,630 --> 00:57:00,880

19th april 20th of 1962 when this

1743

00:57:04,549 --> 00:57:02,640

brilliant red explosion flares in las

1744

00:57:06,069 --> 00:57:04,559

vegas sky

1745

00:57:07,030 --> 00:57:06,079

when that story broke

1746

00:57:08,470 --> 00:57:07,040

um

1747

00:57:09,910 --> 00:57:08,480

that guy was a photographer for the

1748

00:57:11,670 --> 00:57:09,920

newspaper so he wrote about his

1749

00:57:14,230 --> 00:57:11,680

observations

1750

00:57:17,030 --> 00:57:14,240

so i called the review journal

1751
00:57:17,910 --> 00:57:17,040
and i was talking to the reporter there

1752
00:57:21,430 --> 00:57:17,920
and

1753
00:57:22,710 --> 00:57:21,440
were just hilarious one of them was well

1754
00:57:23,910 --> 00:57:22,720
you can't believe everything you read in

1755
00:57:25,510 --> 00:57:23,920
the paper

1756
00:57:27,190 --> 00:57:25,520
and i'm thinking what a wonderful

1757
00:57:28,870 --> 00:57:27,200
attitude for a reporter remind me not to

1758
00:57:31,030 --> 00:57:28,880
buy your paper again since we can't

1759
00:57:32,549 --> 00:57:31,040
believe everything you put in it

1760
00:57:34,150 --> 00:57:32,559
and um

1761
00:57:35,270 --> 00:57:34,160
i asked about the guy and she says he

1762
00:57:37,190 --> 00:57:35,280
doesn't work here and i don't know where

1763
00:57:38,789 --> 00:57:37,200

he is i got out the las vegas phone book

1764

00:57:40,230 --> 00:57:38,799

and it was a photographer by that name

1765

00:57:41,430 --> 00:57:40,240

in town so i called him and it was the

1766

00:57:42,710 --> 00:57:41,440

right guy

1767

00:57:44,470 --> 00:57:42,720

really really a nice piece of

1768

00:57:46,230 --> 00:57:44,480

investigative work on my part looked him

1769

00:57:47,670 --> 00:57:46,240

up in the phone book and called him

1770

00:57:49,270 --> 00:57:47,680

and talked to him and he didn't remember

1771

00:57:50,390 --> 00:57:49,280

much about it he just would confirm what

1772

00:57:51,670 --> 00:57:50,400

was in the newspaper what he'd written

1773

00:57:53,670 --> 00:57:51,680

the newspaper which is brilliant red

1774

00:57:55,829 --> 00:57:53,680

explosion in the sky but what struck me

1775

00:57:57,430 --> 00:57:55,839

as hilarious was that reporter you can't

1776

00:57:59,990 --> 00:57:57,440

believe what you read in the newspaper

1777

00:58:01,670 --> 00:58:00,000

talked to earl butts who was a um

1778

00:58:03,829 --> 00:58:01,680

sheriff's deputy a lieutenant in the

1779

00:58:05,750 --> 00:58:03,839

sheriff's department in 1962 and he ran

1780

00:58:08,230 --> 00:58:05,760

the rescue team and they went out east

1781

00:58:11,190 --> 00:58:08,240

of uh las vegas toward uh

1782

00:58:12,069 --> 00:58:11,200

mesquite and didn't find anything out

1783

00:58:14,549 --> 00:58:12,079

there

1784

00:58:16,150 --> 00:58:14,559

george knapp talked to um

1785

00:58:17,829 --> 00:58:16,160

talked to walter butt it was george

1786

00:58:19,829 --> 00:58:17,839

knapp was always going to send copies of

1787

00:58:20,710 --> 00:58:19,839

his interview with him he hasn't done it

1788

00:58:22,789 --> 00:58:20,720

yet

1789

00:58:24,710 --> 00:58:22,799

but the point simply is

1790

00:58:26,309 --> 00:58:24,720

i i just don't think the things are

1791

00:58:27,589 --> 00:58:26,319

raining out of the sky because if they

1792

00:58:29,510 --> 00:58:27,599

were we'd be having a whole different

1793

00:58:31,109 --> 00:58:29,520

conversation because

1794

00:58:32,150 --> 00:58:31,119

ultimately something would have fallen

1795

00:58:33,670 --> 00:58:32,160

where somebody could have gotten their

1796

00:58:34,710 --> 00:58:33,680

hands on it we would it would have been

1797

00:58:37,990 --> 00:58:34,720

front page

1798

00:58:40,549 --> 00:58:38,000

story somewhere um i'm a literary the

1799

00:58:43,990 --> 00:58:40,559

kecksburg's crash now after all i've

1800

00:58:45,030 --> 00:58:44,000

seen i hesitate to say that because

1801
00:58:47,829 --> 00:58:45,040
um

1802
00:58:50,390 --> 00:58:47,839
the fellows who've done the the

1803
00:58:52,069 --> 00:58:50,400
investigations there and they've done a

1804
00:58:54,549 --> 00:58:52,079
marvelous job of seeking out of

1805
00:58:56,870 --> 00:58:54,559
witnesses and that sort of thing

1806
00:59:00,549 --> 00:58:56,880
but it just um

1807
00:59:02,549 --> 00:59:00,559
it just doesn't strike me as is

1808
00:59:05,829 --> 00:59:02,559
legitimate i think that might have been

1809
00:59:07,270 --> 00:59:05,839
a meteor there is a photograph of what's

1810
00:59:09,030 --> 00:59:07,280
called the smoke train from a meteor

1811
00:59:11,030 --> 00:59:09,040
that passed over the area about the same

1812
00:59:12,390 --> 00:59:11,040
time which is good evidence and debris

1813
00:59:13,829 --> 00:59:12,400

from the meteor was found i think in

1814

00:59:16,950 --> 00:59:13,839

southern canada

1815

00:59:19,190 --> 00:59:16,960

so it makes me wonder about that

1816

00:59:21,349 --> 00:59:19,200

about that story

1817

00:59:23,109 --> 00:59:21,359

um

1818

00:59:24,549 --> 00:59:23,119

i i look at shag harbor and i don't

1819

00:59:26,710 --> 00:59:24,559

think of that as a crash so much as an

1820

00:59:29,829 --> 00:59:26,720

emergency landing and that was one where

1821

00:59:32,789 --> 00:59:29,839

the in october of 1968 the thing fell

1822

00:59:33,990 --> 00:59:32,799

into shag harbor in canada the condom

1823

00:59:36,549 --> 00:59:34,000

committee which was the university of

1824

00:59:38,740 --> 00:59:36,559

colorado study of ufos commissioned by

1825

00:59:39,910 --> 00:59:38,750

the air force i might point out

1826
00:59:41,430 --> 00:59:39,920

[Music]

1827
00:59:42,789 --> 00:59:41,440
they were

1828
00:59:44,870 --> 00:59:42,799
called about it

1829
00:59:46,549 --> 00:59:44,880
and they their their response was just a

1830
00:59:48,069 --> 00:59:46,559
couple of teenagers were not interested

1831
00:59:49,750 --> 00:59:48,079
i'm thinking you know you've got an

1832
00:59:51,190 --> 00:59:49,760
opportunity maybe you couldn't couldn't

1833
00:59:53,510 --> 00:59:51,200
go outside the united states and have

1834
00:59:55,750 --> 00:59:53,520
the budget to work like that but

1835
00:59:57,430 --> 00:59:55,760
there were there were mounties involved

1836
00:59:59,270 --> 00:59:57,440
there were a lot of witnesses involved

1837
01:00:01,030 --> 00:59:59,280
there was a photograph

1838
01:00:02,710 --> 01:00:01,040

it wasn't just a couple of teenagers

1839

01:00:04,309 --> 01:00:02,720

calling in and the the object was

1840

01:00:05,910 --> 01:00:04,319

apparently underwater for a number of

1841

01:00:07,109 --> 01:00:05,920

days and then it was seen to leave the

1842

01:00:08,630 --> 01:00:07,119

area as if

1843

01:00:10,950 --> 01:00:08,640

it had been repaired and they got out of

1844

01:00:13,109 --> 01:00:10,960

there it's on an official coin now in

1845

01:00:14,789 --> 01:00:13,119

canada we actually have that shag carbon

1846

01:00:16,390 --> 01:00:14,799

official coin

1847

01:00:18,470 --> 01:00:16,400

uh and i think that's a very important

1848

01:00:20,789 --> 01:00:18,480

chris styles and uh don ledger have done

1849

01:00:22,789 --> 01:00:20,799

a wonderful job of investigating that

1850

01:00:23,610 --> 01:00:22,799

stan gordon for the for the kecksburg

1851

01:00:25,190 --> 01:00:23,620

case um

1852

01:00:26,710 --> 01:00:25,200

[Music]

1853

01:00:28,150 --> 01:00:26,720

stan has done a wonderful job of

1854

01:00:31,670 --> 01:00:28,160

investigating gathered a lot of

1855

01:00:33,030 --> 01:00:31,680

information i just think that he's

1856

01:00:34,789 --> 01:00:33,040

jumped to a conclusion that is not

1857

01:00:36,710 --> 01:00:34,799

warranted by the evidence presented

1858

01:00:38,870 --> 01:00:36,720

there but you know i appreciate the work

1859

01:00:40,230 --> 01:00:38,880

he's done it and i always hesitate to

1860

01:00:42,870 --> 01:00:40,240

say anything about

1861

01:00:44,230 --> 01:00:42,880

about kecksburg because you know i i

1862

01:00:46,069 --> 01:00:44,240

respect the work that he has done but

1863

01:00:48,870 --> 01:00:46,079

the shag harbors and points so you know

1864

01:00:51,030 --> 01:00:48,880

we've we've got four cases there that

1865

01:00:53,349 --> 01:00:51,040

look good roswell

1866

01:00:56,069 --> 01:00:53,359

i think las vegas is explained uh

1867

01:00:57,910 --> 01:00:56,079

kecksburg has probably explained and

1868

01:00:59,510 --> 01:00:57,920

shag harbor is not explained so there's

1869

01:01:00,950 --> 01:00:59,520

four good cases

1870

01:01:02,870 --> 01:01:00,960

but the rest of them are single

1871

01:01:04,710 --> 01:01:02,880

witnesses or

1872

01:01:06,309 --> 01:01:04,720

the stories don't hold together the del

1873

01:01:08,069 --> 01:01:06,319

rio case

1874

01:01:09,750 --> 01:01:08,079

which was told by a guy named robert

1875

01:01:12,950 --> 01:01:09,760

willingham and i think we all accepted

1876

01:01:15,190 --> 01:01:12,960

it i think um i did a book um

1877

01:01:16,870 --> 01:01:15,200

a history of ufo crashes at one point in

1878

01:01:18,309 --> 01:01:16,880

the mid 1990s

1879

01:01:19,670 --> 01:01:18,319

and i talk about the del rio case

1880

01:01:21,829 --> 01:01:19,680

because i got an affidavit from an air

1881

01:01:23,670 --> 01:01:21,839

force colonel attesting to

1882

01:01:26,390 --> 01:01:23,680

what happened there

1883

01:01:27,829 --> 01:01:26,400

and so as i was putting together crash

1884

01:01:28,950 --> 01:01:27,839

and i was looking at this stuff and i

1885

01:01:30,470 --> 01:01:28,960

thought well let's see what's on the

1886

01:01:32,710 --> 01:01:30,480

internet now because when i was putting

1887

01:01:34,230 --> 01:01:32,720

together a history of ufo crashes we

1888

01:01:35,829 --> 01:01:34,240

didn't have the internet the way we have

1889

01:01:37,589 --> 01:01:35,839

the internet today

1890

01:01:39,190 --> 01:01:37,599

and found

1891

01:01:41,430 --> 01:01:39,200

a lot of information about robert

1892

01:01:43,430 --> 01:01:41,440

willingham

1893

01:01:45,349 --> 01:01:43,440

and so i began to looking into that and

1894

01:01:47,190 --> 01:01:45,359

discovered willingham was not a credible

1895

01:01:48,630 --> 01:01:47,200

source

1896

01:01:52,230 --> 01:01:48,640

i

1897

01:01:54,069 --> 01:01:52,240

colonel

1898

01:01:55,670 --> 01:01:54,079

his military career nobody got his

1899

01:01:57,270 --> 01:01:55,680

records everybody assumed somebody else

1900

01:01:58,230 --> 01:01:57,280

had gotten them after the affidavit was

1901
01:02:00,710 --> 01:01:58,240
signed

1902
01:02:02,150 --> 01:02:00,720
and so i got him and it turned out he

1903
01:02:03,990 --> 01:02:02,160
had been a rather

1904
01:02:05,510 --> 01:02:04,000
relatively low-ranking enlisted soldier

1905
01:02:06,789 --> 01:02:05,520
he claimed to be a veteran of world war

1906
01:02:09,109 --> 01:02:06,799
ii

1907
01:02:10,789 --> 01:02:09,119
on the technicality

1908
01:02:13,990 --> 01:02:10,799
after

1909
01:02:16,789 --> 01:02:14,000
ve day and bj day i think september

1910
01:02:19,190 --> 01:02:16,799
september of 1945 the war is officially

1911
01:02:21,829 --> 01:02:19,200
over in both

1912
01:02:24,470 --> 01:02:21,839
pacific and in europe uh may 8th i think

1913
01:02:26,230 --> 01:02:24,480

1945 for europe

1914

01:02:28,230 --> 01:02:26,240

uh the war wasn't officially declared

1915

01:02:30,230 --> 01:02:28,240

over until the middle of 1946. so

1916

01:02:34,230 --> 01:02:30,240

anybody that has served after

1917

01:02:37,190 --> 01:02:34,240

the surrenders of both germany and japan

1918

01:02:39,349 --> 01:02:37,200

were considered veterans of world war ii

1919

01:02:41,430 --> 01:02:39,359

willingham got into it in december of

1920

01:02:45,270 --> 01:02:41,440

1940 he joined the army in december of

1921

01:02:48,870 --> 01:02:45,280

1945 was discharged in january of 1947.

1922

01:02:50,789 --> 01:02:48,880

he was in the army for what 13 months

1923

01:02:52,390 --> 01:02:50,799

no other military record for that he

1924

01:02:53,589 --> 01:02:52,400

produced documentation it's clearly

1925

01:02:55,430 --> 01:02:53,599

forged

1926

01:02:56,870 --> 01:02:55,440

we checked it out people say well i got

1927

01:02:59,029 --> 01:02:56,880

pictures of him in his uniform in the

1928

01:03:01,670 --> 01:02:59,039

mid-1960s how do you explain that i said

1929

01:03:03,430 --> 01:03:01,680

send me the pictures which they did i

1930

01:03:04,950 --> 01:03:03,440

looked at it i had been

1931

01:03:06,470 --> 01:03:04,960

in high school i've been a member of the

1932

01:03:07,589 --> 01:03:06,480

civil air patrol i know if you guys are

1933

01:03:09,589 --> 01:03:07,599

familiar with it it's an official

1934

01:03:11,510 --> 01:03:09,599

auxiliary of the air force

1935

01:03:13,670 --> 01:03:11,520

um

1936

01:03:15,190 --> 01:03:13,680

they do search search and rescue for the

1937

01:03:16,950 --> 01:03:15,200

air force

1938

01:03:18,710 --> 01:03:16,960

free up a lot of

1939

01:03:20,150 --> 01:03:18,720

military assets

1940

01:03:21,990 --> 01:03:20,160

do a wonderful job on that they have a

1941

01:03:23,430 --> 01:03:22,000

cadet program you know training people

1942

01:03:26,390 --> 01:03:23,440

in aviation getting interested in

1943

01:03:28,309 --> 01:03:26,400

aviation and that sort of thing

1944

01:03:30,390 --> 01:03:28,319

well-respected organization

1945

01:03:31,430 --> 01:03:30,400

but they wear air force uniforms

1946

01:03:34,549 --> 01:03:31,440

and they wear

1947

01:03:35,829 --> 01:03:34,559

air force rank insignia but instead of

1948

01:03:37,990 --> 01:03:35,839

wearing us

1949

01:03:39,829 --> 01:03:38,000

on on the uh lapels of their uniform

1950

01:03:41,349 --> 01:03:39,839

they wear cap

1951

01:03:43,430 --> 01:03:41,359

and there's a metal plate they wear over

1952

01:03:45,270 --> 01:03:43,440

their one pocket that says

1953

01:03:46,789 --> 01:03:45,280

civil air patrol auxiliary of the united

1954

01:03:47,990 --> 01:03:46,799

states air force so it's clear now they

1955

01:03:48,710 --> 01:03:48,000

have their own ribbons and that sort of

1956

01:03:51,190 --> 01:03:48,720

thing

1957

01:03:53,349 --> 01:03:51,200

so i looked at the picture of willingham

1958

01:03:54,789 --> 01:03:53,359

in his air force uniform and discovered

1959

01:03:56,549 --> 01:03:54,799

it's not an air force uniform it's a

1960

01:03:58,950 --> 01:03:56,559

c.a.p uniform

1961

01:04:01,910 --> 01:03:58,960

not really the same thing

1962

01:04:03,910 --> 01:04:01,920

uh so that's how we explain it in the um

1963

01:04:05,990 --> 01:04:03,920

cap you can wear your military awards

1964

01:04:08,710 --> 01:04:06,000

and decorations

1965

01:04:10,630 --> 01:04:08,720

on your uniform along with your cap

1966

01:04:12,150 --> 01:04:10,640

awards and decorations the military

1967

01:04:13,349 --> 01:04:12,160

decorations take a higher precedence of

1968

01:04:15,029 --> 01:04:13,359

course

1969

01:04:16,150 --> 01:04:15,039

you are not allowed to wear your c.a.p

1970

01:04:18,230 --> 01:04:16,160

ribbons

1971

01:04:19,750 --> 01:04:18,240

on your air force uniform

1972

01:04:21,430 --> 01:04:19,760

it's not recognized by the air force

1973

01:04:23,029 --> 01:04:21,440

well the pictures of willingham i got

1974

01:04:24,549 --> 01:04:23,039

one in his class a uniform with all his

1975

01:04:26,710 --> 01:04:24,559

awards and decorations some of which he

1976

01:04:28,470 --> 01:04:26,720

was never authorized to wear it's got

1977

01:04:30,150 --> 01:04:28,480

his cap

1978

01:04:31,990 --> 01:04:30,160

ribbons on it well that's one clue

1979

01:04:33,910 --> 01:04:32,000

another clue the

1980

01:04:36,870 --> 01:04:33,920

distinctive insignia on the blue uniform

1981

01:04:38,789 --> 01:04:36,880

he's wearing this has a lapel insignia

1982

01:04:40,950 --> 01:04:38,799

remove the cap but you can actually in

1983

01:04:42,069 --> 01:04:40,960

the photograph if you blow it up large

1984

01:04:45,270 --> 01:04:42,079

enough you can see where the holes are

1985

01:04:48,710 --> 01:04:47,430

he's wearing cap wings instead of air

1986

01:04:50,630 --> 01:04:48,720

force wings

1987

01:04:53,190 --> 01:04:50,640

i looked his um

1988

01:04:55,109 --> 01:04:53,200

faa record up he's got a private pilot's

1989

01:04:56,870 --> 01:04:55,119

license

1990

01:04:57,990 --> 01:04:56,880

or had a private pilot he's passed away

1991

01:05:00,789 --> 01:04:58,000

of course

1992

01:05:03,589 --> 01:05:00,799

i know of no military pilot

1993

01:05:05,670 --> 01:05:03,599

who has a private pilot's license and i

1994

01:05:07,670 --> 01:05:05,680

can say this with great authority

1995

01:05:11,750 --> 01:05:07,680

once we finish flight school in the army

1996

01:05:13,510 --> 01:05:11,760

i had 210 212 hours of flight time

1997

01:05:14,710 --> 01:05:13,520

we were told just before we went on

1998

01:05:16,230 --> 01:05:14,720

leave

1999

01:05:18,069 --> 01:05:16,240

if you want to stay over a day or two

2000

01:05:19,910 --> 01:05:18,079

the faa will be giving a course on

2001

01:05:20,950 --> 01:05:19,920

regulations

2002

01:05:23,029 --> 01:05:20,960

and

2003

01:05:24,789 --> 01:05:23,039

you take a test at the end of this a 50

2004

01:05:26,549 --> 01:05:24,799

50 question test and if you pass it

2005

01:05:29,029 --> 01:05:26,559

you'll be issued a commercial pilot's

2006

01:05:31,910 --> 01:05:29,039

license

2007

01:05:33,430 --> 01:05:31,920

every military pilot can go take a 50

2008

01:05:35,190 --> 01:05:33,440

question test

2009

01:05:37,270 --> 01:05:35,200

and get a commercial pilot's license i

2010

01:05:39,349 --> 01:05:37,280

know this because i did it

2011

01:05:41,109 --> 01:05:39,359

once i got out of the army

2012

01:05:43,589 --> 01:05:41,119

and i was um

2013

01:05:45,670 --> 01:05:43,599

i think after my first

2014

01:05:48,069 --> 01:05:45,680

semester in college or my yeah my first

2015

01:05:49,430 --> 01:05:48,079

semester in college i was on the way

2016

01:05:51,349 --> 01:05:49,440

to

2017

01:05:52,789 --> 01:05:51,359

uh home

2018

01:05:56,230 --> 01:05:52,799

and i stopped off in des moines to the

2019

01:05:58,710 --> 01:05:56,240

faa office i went in and presented my

2020

01:06:00,069 --> 01:05:58,720

military document showing i had at that

2021

01:06:03,430 --> 01:06:00,079

point

2022

01:06:04,390 --> 01:06:03,440

1600 hours including 1200 combat flight

2023

01:06:07,109 --> 01:06:04,400

time

2024

01:06:09,829 --> 01:06:07,119

um and you know the certificates showing

2025

01:06:12,710 --> 01:06:09,839

that i graduated from the flight school

2026

01:06:15,270 --> 01:06:12,720

i was given this 50 question test

2027

01:06:17,990 --> 01:06:15,280

i barely passed i don't mind saying that

2028

01:06:20,630 --> 01:06:18,000

because i passed and was issued my

2029

01:06:22,390 --> 01:06:20,640

commercial pilot's license

2030

01:06:24,789 --> 01:06:22,400

there was no way that willingham as a

2031

01:06:26,630 --> 01:06:24,799

military pilot

2032

01:06:27,829 --> 01:06:26,640

would have a private pilot's license he

2033

01:06:30,069 --> 01:06:27,839

would have had a commercial pilot's

2034

01:06:32,390 --> 01:06:30,079

license that was another clue for me so

2035

01:06:35,029 --> 01:06:32,400

the willingham affidavit blew up

2036

01:06:38,470 --> 01:06:35,039

so the dale real crash blows up

2037

01:06:41,349 --> 01:06:38,480

then i discovered there was a um

2038

01:06:43,990 --> 01:06:41,359

report in the what the forerunner of the

2039

01:06:46,549 --> 01:06:44,000

mufon journal it was skyla their

2040

01:06:48,390 --> 01:06:46,559

original magazine and he was interviewed

2041

01:06:49,430 --> 01:06:48,400

in that magazine

2042

01:06:53,589 --> 01:06:49,440

on

2043

01:06:55,029 --> 01:06:53,599

paragraph about him

2044

01:06:56,789 --> 01:06:55,039

identifying him as a lieutenant colonel

2045

01:06:57,829 --> 01:06:56,799

in the c.a.p and he tells the story of

2046

01:07:00,069 --> 01:06:57,839

this

2047

01:07:02,069 --> 01:07:00,079

crash that he had witnessed

2048

01:07:03,750 --> 01:07:02,079

this if any witness

2049

01:07:05,750 --> 01:07:03,760

completely different from what he told

2050

01:07:08,309 --> 01:07:05,760

to lend springfield what he told to

2051

01:07:11,670 --> 01:07:08,319

others later what he told to me

2052

01:07:14,950 --> 01:07:11,680

he forgot i'd talk to the guy

2053

01:07:16,870 --> 01:07:14,960

so the del rio crash

2054

01:07:18,950 --> 01:07:16,880

is is bogus

2055

01:07:22,230 --> 01:07:18,960

and what and and you say well what's the

2056

01:07:23,990 --> 01:07:22,240

importance of that remember mj 12

2057

01:07:26,549 --> 01:07:24,000

there's a paragraph in mj 12 about the

2058

01:07:28,549 --> 01:07:26,559

crash near el guerrero in l india and

2059

01:07:30,309 --> 01:07:28,559

guerrero new mexico this is the del rio

2060

01:07:32,390 --> 01:07:30,319

crash it came from

2061

01:07:33,750 --> 01:07:32,400

roger willingham roger willingham robert

2062

01:07:36,150 --> 01:07:33,760

willingham

2063

01:07:37,829 --> 01:07:36,160

and uh it's completely bogus

2064

01:07:40,309 --> 01:07:37,839

so you have to ask yourself if this is a

2065

01:07:43,270 --> 01:07:40,319

highly classified document

2066

01:07:44,309 --> 01:07:43,280

created in 1952 for the president

2067

01:07:48,309 --> 01:07:44,319

and

2068

01:07:50,710 --> 01:07:48,319

didn't come about until

2069

01:07:52,150 --> 01:07:50,720

1968 how did that make it into this

2070

01:07:54,390 --> 01:07:52,160

document

2071

01:07:56,309 --> 01:07:54,400

there was no crash in del rio

2072

01:07:58,870 --> 01:07:56,319

and that means that that's the poison

2073

01:08:01,430 --> 01:07:58,880

pill in the mj-12 document

2074

01:08:03,510 --> 01:08:01,440

willingham's story was bogus but but the

2075

01:08:05,190 --> 01:08:03,520

people who created the mj12 document

2076

01:08:06,630 --> 01:08:05,200

thought it was good because we all

2077

01:08:09,270 --> 01:08:06,640

thought it was good

2078

01:08:10,870 --> 01:08:09,280

until 2010 when i began looking into the

2079

01:08:13,029 --> 01:08:10,880

background of willingham and discovered

2080

01:08:14,150 --> 01:08:13,039

that he wasn't who he said he was

2081

01:08:15,510 --> 01:08:14,160

by the way the reason i bring up

2082

01:08:17,030 --> 01:08:15,520

willingham because we were mentioning

2083

01:08:19,669 --> 01:08:17,040

other crashes he eventually talked about

2084

01:08:20,470 --> 01:08:19,679

having been involved in seven crashes he

2085

01:08:23,349 --> 01:08:20,480

was

2086

01:08:24,709 --> 01:08:23,359

pennsylvania one day and a farmer

2087

01:08:26,309 --> 01:08:24,719

stopped him and

2088

01:08:27,829 --> 01:08:26,319

took him over to show him a crashed ufo

2089

01:08:29,269 --> 01:08:27,839

i'm thinking i've driven down an awful

2090

01:08:31,189 --> 01:08:29,279

lot of back roads in an awful lot of

2091

01:08:33,110 --> 01:08:31,199

states no farmers ever stopped me to

2092

01:08:34,630 --> 01:08:33,120

show me a crashed ufo

2093

01:08:36,789 --> 01:08:34,640

you know what are the odds he would be

2094

01:08:38,789 --> 01:08:36,799

involved in two of them

2095

01:08:40,149 --> 01:08:38,799

and so he but he was talking about seven

2096

01:08:41,829 --> 01:08:40,159

of them he was involved in he was

2097

01:08:43,749 --> 01:08:41,839

talking about all this stuff and and the

2098

01:08:45,990 --> 01:08:43,759

names he named everybody he named would

2099

01:08:48,070 --> 01:08:46,000

conveniently did we couldn't get to him

2100

01:08:50,149 --> 01:08:48,080

he showed me a document

2101
01:08:51,829 --> 01:08:50,159
um

2102
01:08:53,990 --> 01:08:51,839
that showed he had retired as lieutenant

2103
01:08:54,870 --> 01:08:54,000
colonel from the air force

2104
01:08:57,030 --> 01:08:54,880
so

2105
01:08:58,550 --> 01:08:57,040
i had his military records

2106
01:09:00,470 --> 01:08:58,560
but i know those records are sometimes

2107
01:09:02,070 --> 01:09:00,480
incomplete they're the ones you get from

2108
01:09:03,749 --> 01:09:02,080
st louis

2109
01:09:05,749 --> 01:09:03,759
there was the was it the air reserve

2110
01:09:07,669 --> 01:09:05,759
personnel center

2111
01:09:09,349 --> 01:09:07,679
personnel res air reserve personnel

2112
01:09:11,749 --> 01:09:09,359
center it was in in denver still in

2113
01:09:13,430 --> 01:09:11,759

denver i got a hold of the people there

2114

01:09:15,590 --> 01:09:13,440

and i sent him a copy of the document

2115

01:09:17,269 --> 01:09:15,600

they said this isn't ours it's been

2116

01:09:19,189 --> 01:09:17,279

altered

2117

01:09:21,430 --> 01:09:19,199

and so i mean he was

2118

01:09:23,189 --> 01:09:21,440

they could find no record of him being a

2119

01:09:25,189 --> 01:09:23,199

um

2120

01:09:26,950 --> 01:09:25,199

air force person he actually had the

2121

01:09:28,709 --> 01:09:26,960

gall to go to

2122

01:09:30,870 --> 01:09:28,719

his congressional representatives i know

2123

01:09:33,269 --> 01:09:30,880

the senator representative

2124

01:09:35,349 --> 01:09:33,279

with his civil air patrol documents

2125

01:09:37,349 --> 01:09:35,359

attempting to prove that he should get a

2126

01:09:39,189 --> 01:09:37,359

military pension

2127

01:09:41,030 --> 01:09:39,199

and it never worked out well for him he

2128

01:09:43,349 --> 01:09:41,040

didn't get a pension

2129

01:09:44,950 --> 01:09:43,359

but the point simply is

2130

01:09:47,030 --> 01:09:44,960

that's the kind of thing we we run into

2131

01:09:49,910 --> 01:09:47,040

when we start looking at the crashed

2132

01:09:51,189 --> 01:09:49,920

ufos there are so many of them

2133

01:09:52,470 --> 01:09:51,199

you know willingham turned out to be

2134

01:09:53,990 --> 01:09:52,480

single witness even though he named

2135

01:09:55,910 --> 01:09:54,000

other names and could never find them

2136

01:09:57,669 --> 01:09:55,920

and a lot of them

2137

01:09:59,270 --> 01:09:57,679

work out that way

2138

01:10:01,590 --> 01:09:59,280

well there's a lot of people within that

2139

01:10:03,350 --> 01:10:01,600

community or within the ufo community

2140

01:10:05,350 --> 01:10:03,360

that claim things and

2141

01:10:07,350 --> 01:10:05,360

eventually gets vetted out that they're

2142

01:10:10,229 --> 01:10:07,360

liars or they start adding to their

2143

01:10:12,070 --> 01:10:10,239

stories so unfortunately that

2144

01:10:13,750 --> 01:10:12,080

it sucks when uh it comes down to an

2145

01:10:15,590 --> 01:10:13,760

investigator like yourself that spends

2146

01:10:17,750 --> 01:10:15,600

time and money trying to investigate

2147

01:10:19,430 --> 01:10:17,760

these things only to

2148

01:10:21,510 --> 01:10:19,440

realize that you wasted your time the

2149

01:10:22,870 --> 01:10:21,520

person is just out there to get uh

2150

01:10:25,990 --> 01:10:22,880

trying to get known or trying to get

2151
01:10:28,709 --> 01:10:26,000
famous i never see the investigations as

2152
01:10:30,310 --> 01:10:28,719
wasting time if we can if we can verify

2153
01:10:31,750 --> 01:10:30,320
the information that's all well and good

2154
01:10:33,830 --> 01:10:31,760
but if we can we find out that the

2155
01:10:35,830 --> 01:10:33,840
person is not telling the truth that is

2156
01:10:37,830 --> 01:10:35,840
equally important in some cases we

2157
01:10:40,470 --> 01:10:37,840
remove this from our

2158
01:10:42,870 --> 01:10:40,480
discussion of ufos they should be

2159
01:10:45,990 --> 01:10:42,880
reduced to a footnote

2160
01:10:48,390 --> 01:10:46,000
i i think of of um

2161
01:10:49,830 --> 01:10:48,400
of gerald anderson guy who said he was

2162
01:10:52,149 --> 01:10:49,840
over on the plains of san august and saw

2163
01:10:53,430 --> 01:10:52,159

the craft with barney barnett

2164

01:10:59,430 --> 01:10:53,440

um

2165

01:11:01,030 --> 01:10:59,440

should be reduced to a footnote

2166

01:11:02,550 --> 01:11:01,040

you know acknowledge that he told the

2167

01:11:03,350 --> 01:11:02,560

story but acknowledged that it wasn't

2168

01:11:04,870 --> 01:11:03,360

true

2169

01:11:06,310 --> 01:11:04,880

right and there was never any evidence

2170

01:11:08,550 --> 01:11:06,320

that was true and he changed his story

2171

01:11:09,750 --> 01:11:08,560

radically in fact created documents

2172

01:11:11,110 --> 01:11:09,760

tried to

2173

01:11:12,709 --> 01:11:11,120

try to

2174

01:11:15,590 --> 01:11:12,719

tried to smear me

2175

01:11:17,910 --> 01:11:15,600

by claiming what was it um

2176

01:11:19,590 --> 01:11:17,920

oh i had i i

2177

01:11:22,470 --> 01:11:19,600

published information about saying that

2178

01:11:24,550 --> 01:11:22,480

i'd spoken to him for 56 minutes

2179

01:11:26,870 --> 01:11:24,560

and he said no i was only 26 minutes and

2180

01:11:28,390 --> 01:11:26,880

he produced his phone bill to prove it

2181

01:11:30,310 --> 01:11:28,400

well since the phone call was to my

2182

01:11:32,630 --> 01:11:30,320

phone bill and it was before everybody

2183

01:11:34,149 --> 01:11:32,640

was worried about identity theft and we

2184

01:11:37,189 --> 01:11:34,159

had the same

2185

01:11:38,790 --> 01:11:37,199

baby bell southwestern bell

2186

01:11:40,630 --> 01:11:38,800

uh for all new youngsters that bell

2187

01:11:43,270 --> 01:11:40,640

telephone used to be the big deal on

2188

01:11:46,870 --> 01:11:43,280

telephone calls and not all these

2189

01:11:48,550 --> 01:11:46,880

wi-fi cell phone deals going on anyhow i

2190

01:11:50,630 --> 01:11:48,560

went to the local

2191

01:11:54,149 --> 01:11:50,640

southwestern bell with the phone bill

2192

01:11:55,590 --> 01:11:54,159

and since it was to my phone number

2193

01:11:56,950 --> 01:11:55,600

they pulled their records and gave them

2194

01:11:59,590 --> 01:11:56,960

to me

2195

01:12:01,189 --> 01:11:59,600

and so i could see that yes it was 56

2196

01:12:03,270 --> 01:12:01,199

minutes

2197

01:12:06,790 --> 01:12:03,280

to me so i had the document from bell

2198

01:12:08,470 --> 01:12:06,800

that and i think it was

2199

01:12:09,990 --> 01:12:08,480

one of the investigators

2200

01:12:12,630 --> 01:12:10,000

john carpenter

2201

01:12:14,709 --> 01:12:12,640

had sent me the phone bill that car that

2202

01:12:16,310 --> 01:12:14,719

uh anderson had given him during the 26

2203

01:12:17,990 --> 01:12:16,320

minutes and his responsible maybe your

2204

01:12:20,149 --> 01:12:18,000

tape report quarter was running slowly

2205

01:12:22,870 --> 01:12:20,159

no my tape recorder wasn't running

2206

01:12:25,189 --> 01:12:24,070

so

2207

01:12:26,709 --> 01:12:25,199

they uh

2208

01:12:27,750 --> 01:12:26,719

we finally got him on this we did an

2209

01:12:29,910 --> 01:12:27,760

article

2210

01:12:31,110 --> 01:12:29,920

and i think it was jerry clark somebody

2211

01:12:32,630 --> 01:12:31,120

mentioned that the name should be

2212

01:12:35,669 --> 01:12:32,640

missing time because there was this

2213

01:12:37,990 --> 01:12:35,679

missing 26 minutes on the phone

2214

01:12:39,510 --> 01:12:38,000

and um so we did the article we laid out

2215

01:12:41,350 --> 01:12:39,520

all the evidence in that and then

2216

01:12:42,630 --> 01:12:41,360

anderson eventually confessed that he

2217

01:12:43,750 --> 01:12:42,640

had made up the phone bill to make me

2218

01:12:45,270 --> 01:12:43,760

look bad

2219

01:12:48,310 --> 01:12:45,280

and of course all he did was make him

2220

01:12:50,950 --> 01:12:48,320

look bad because we were able to

2221

01:12:53,590 --> 01:12:50,960

crack the code so to speak and got him

2222

01:12:55,030 --> 01:12:53,600

to talk about how uh he had forged this

2223

01:12:56,390 --> 01:12:55,040

document and then then it came out that

2224

01:12:59,030 --> 01:12:56,400

he'd forged like four or five other

2225

01:13:00,790 --> 01:12:59,040

documents so his testimony class

2226

01:13:02,310 --> 01:13:00,800

but it's important you know here was he

2227

01:13:05,189 --> 01:13:02,320

was a guy who was confirming the bonnie

2228

01:13:06,229 --> 01:13:05,199

barnett end of the roswell caves barney

2229

01:13:08,390 --> 01:13:06,239

barnett over the plain of saint

2230

01:13:09,189 --> 01:13:08,400

augustine seeing the crash saucer over

2231

01:13:10,870 --> 01:13:09,199

there

2232

01:13:13,030 --> 01:13:10,880

if barnett saw any craft saucer it

2233

01:13:14,149 --> 01:13:13,040

wasn't in 1947

2234

01:13:16,709 --> 01:13:14,159

um

2235

01:13:18,630 --> 01:13:16,719

because we pretty well eliminated that

2236

01:13:20,310 --> 01:13:18,640

but but the real point simply was

2237

01:13:22,149 --> 01:13:20,320

anderson was telling the story one of

2238

01:13:23,430 --> 01:13:22,159

the other things he did was on the tape

2239

01:13:26,070 --> 01:13:23,440

that i had he talked about how the

2240

01:13:29,189 --> 01:13:26,080

aliens had these

2241

01:13:31,110 --> 01:13:29,199

light blue milky blue eyes

2242

01:13:33,350 --> 01:13:31,120

and of course we now know when you talk

2243

01:13:35,590 --> 01:13:33,360

about the grays it's the big black eyes

2244

01:13:38,149 --> 01:13:35,600

and he changed the idea the eyes to

2245

01:13:40,229 --> 01:13:38,159

black i discovered accidentally where he

2246

01:13:41,189 --> 01:13:40,239

got the idea it was milky blue

2247

01:13:48,149 --> 01:13:41,199

on

2248

01:13:50,630 --> 01:13:48,159

there's a cover of

2249

01:13:51,910 --> 01:13:50,640

the cover print of the um

2250

01:13:54,070 --> 01:13:51,920

alien

2251

01:13:55,350 --> 01:13:54,080

with milky blue eyes

2252

01:13:56,550 --> 01:13:55,360

that's where he got it once he

2253

01:13:58,470 --> 01:13:56,560

discovered it was something else you

2254

01:13:59,910 --> 01:13:58,480

changed it nice

2255

01:14:01,590 --> 01:13:59,920

and they were saying well we really said

2256

01:14:03,990 --> 01:14:01,600

murky blue and i said listen to the damn

2257

01:14:07,270 --> 01:14:04,000

tape he says milky blue it's not murky

2258

01:14:08,390 --> 01:14:07,280

blue so i mean the point simply is these

2259

01:14:10,790 --> 01:14:08,400

people

2260

01:14:12,550 --> 01:14:10,800

who come forward with these tales

2261

01:14:13,510 --> 01:14:12,560

it's important for us to investigate

2262

01:14:17,110 --> 01:14:13,520

that

2263

01:14:19,270 --> 01:14:17,120

to either verify what they say or expose

2264

01:14:20,790 --> 01:14:19,280

it for what it is right and so we're not

2265

01:14:22,470 --> 01:14:20,800

really wasting our time what we end up

2266

01:14:23,669 --> 01:14:22,480

wasting our time on is the people who

2267

01:14:24,870 --> 01:14:23,679

consist

2268

01:14:26,390 --> 01:14:24,880

insist

2269

01:14:28,310 --> 01:14:26,400

on believing

2270

01:14:29,910 --> 01:14:28,320

those tales

2271

01:14:32,070 --> 01:14:29,920

when it's clear they

2272

01:14:34,310 --> 01:14:32,080

weren't telling the truth anderson and

2273

01:14:36,229 --> 01:14:34,320

this is always kind of funny because

2274

01:14:37,590 --> 01:14:36,239

um anderson took him out to the site

2275

01:14:39,510 --> 01:14:37,600

where he was on the plains of san

2276

01:14:41,750 --> 01:14:39,520

augustine to see the craft

2277

01:14:44,229 --> 01:14:41,760

and i have a picture of don schmidt

2278

01:14:46,070 --> 01:14:44,239

standing on that site and it's the

2279

01:14:48,310 --> 01:14:46,080

plains of san agustin is a

2280

01:14:51,270 --> 01:14:48,320

dried up lake bed from it dried up like

2281

01:14:52,550 --> 01:14:51,280

2 000 years ago so it says big

2282

01:14:56,229 --> 01:14:52,560

plain

2283

01:14:57,750 --> 01:14:56,239

side of the picture you can see the

2284

01:14:58,790 --> 01:14:57,760

mountain a series of mountains over

2285

01:15:00,229 --> 01:14:58,800

there

2286

01:15:02,950 --> 01:15:00,239

turns out

2287

01:15:04,550 --> 01:15:02,960

in july of 1947 when anderson was

2288

01:15:06,390 --> 01:15:04,560

supposedly out there on the plains of

2289

01:15:08,790 --> 01:15:06,400

san agustin seeing the crash saucer

2290

01:15:11,510 --> 01:15:08,800

there was an archaeological expedition

2291

01:15:13,270 --> 01:15:11,520

out there and they were investigating

2292

01:15:15,030 --> 01:15:13,280

what they called the bat cave always

2293

01:15:17,110 --> 01:15:15,040

hesitate to say bat cave for the obvious

2294

01:15:18,630 --> 01:15:17,120

reason called a bat cave because bats

2295

01:15:22,229 --> 01:15:18,640

live in it

2296

01:15:26,070 --> 01:15:24,470

inhabited site

2297

01:15:27,510 --> 01:15:26,080

by the by the

2298

01:15:29,189 --> 01:15:27,520

the native peoples at the time they

2299

01:15:30,950 --> 01:15:29,199

would use this cave

2300

01:15:32,550 --> 01:15:30,960

for protection

2301

01:15:34,390 --> 01:15:32,560

and so

2302

01:15:35,430 --> 01:15:34,400

you can see the orientation of the

2303

01:15:37,350 --> 01:15:35,440

mountains

2304

01:15:39,189 --> 01:15:37,360

so i i was talking to stan friedman

2305

01:15:41,110 --> 01:15:39,199

about this one day

2306

01:15:43,830 --> 01:15:41,120

and i said you know we've got we've got

2307

01:15:45,350 --> 01:15:43,840

herbert dick now on the planes on july

2308

01:15:47,189 --> 01:15:45,360

1st because we

2309

01:15:49,110 --> 01:15:47,199

i think was art campbell found a letter

2310

01:15:50,950 --> 01:15:49,120

in the harvard archives

2311

01:15:53,270 --> 01:15:50,960

and herbert dick

2312

01:15:54,870 --> 01:15:53,280

in his letter was explaining how they

2313

01:15:56,390 --> 01:15:54,880

arrived there on the first of july so

2314

01:15:58,229 --> 01:15:56,400

now we knew he was there first of july

2315

01:16:00,070 --> 01:15:58,239

through the month of monday july the

2316

01:16:02,470 --> 01:16:00,080

whole month

2317

01:16:03,910 --> 01:16:02,480

and and stan says well we don't know how

2318

01:16:05,590 --> 01:16:03,920

deep they were in the cave and we don't

2319

01:16:07,669 --> 01:16:05,600

know the orientation of the cave and all

2320

01:16:10,149 --> 01:16:07,679

of this stuff and i said stan

2321

01:16:12,229 --> 01:16:10,159

the cave faces to the west we know where

2322

01:16:13,830 --> 01:16:12,239

it is the only place they could camp was

2323

01:16:15,510 --> 01:16:13,840

a hundred yards away from the mouth of

2324

01:16:17,590 --> 01:16:15,520

the cave because that was the only level

2325

01:16:18,630 --> 01:16:17,600

ground near it and they were working in

2326

01:16:27,030 --> 01:16:18,640

the

2327

01:16:29,430 --> 01:16:27,040

flashlights or lanterns we know of this

2328

01:16:31,590 --> 01:16:29,440

so had this thing crashed on the plains

2329

01:16:32,470 --> 01:16:31,600

of san agustin where anderson said it

2330

01:16:34,550 --> 01:16:32,480

did

2331

01:16:37,510 --> 01:16:34,560

they would have had a view of the whole

2332

01:16:38,709 --> 01:16:37,520

operation to remove it it makes it bogus

2333

01:16:40,709 --> 01:16:38,719

right and stan

2334

01:16:42,070 --> 01:16:40,719

stan just wouldn't listen stan was

2335

01:16:43,350 --> 01:16:42,080

convinced that anderson was telling the

2336

01:16:44,149 --> 01:16:43,360

truth

2337

01:16:45,990 --> 01:16:44,159

so

2338

01:16:48,550 --> 01:16:46,000

you know it's important to follow those

2339

01:16:51,350 --> 01:16:48,560

sort of leads to their very end very

2340

01:16:53,110 --> 01:16:51,360

well said kevin um where can people find

2341

01:16:55,430 --> 01:16:53,120

your work sir like i know that if you

2342

01:16:57,910 --> 01:16:55,440

just enter kevin randall books you'll

2343

01:16:59,590 --> 01:16:57,920

get a plethora of your works but is

2344

01:17:02,550 --> 01:16:59,600

there somewhere specific that somebody

2345

01:17:03,910 --> 01:17:02,560

can go to get all the information on you

2346

01:17:06,229 --> 01:17:03,920

i've done

2347

01:17:08,590 --> 01:17:06,239

1300 blog postings

2348

01:17:14,950 --> 01:17:10,630

www.kevinrandall all one word all

2349

01:17:20,070 --> 01:17:17,669

and there's links to some of the books

2350

01:17:22,310 --> 01:17:20,080

um so you click on the cover of the book

2351

01:17:24,070 --> 01:17:22,320

and it'll take you to that specific book

2352

01:17:25,510 --> 01:17:24,080

um you there's a search engine so if

2353

01:17:27,110 --> 01:17:25,520

you're interested in something you type

2354

01:17:29,030 --> 01:17:27,120

in a keyword it'll bring up the articles

2355

01:17:32,590 --> 01:17:29,040

i've done on that

2356

01:17:35,189 --> 01:17:33,910

www.vietnamgroundzero.blogspot.com so if

2357

01:17:37,350 --> 01:17:35,199

you're interested in some of my war

2358

01:17:39,510 --> 01:17:37,360

stories they're published there i did a

2359

01:17:41,030 --> 01:17:39,520

series of books again with bob cornett

2360

01:17:42,630 --> 01:17:41,040

called vietnam ground zero which is

2361

01:17:44,790 --> 01:17:42,640

where the name of the blog comes back

2362

01:17:46,630 --> 01:17:44,800

those have just been reissued

2363

01:17:49,350 --> 01:17:46,640

by an english publisher as a matter of

2364

01:17:51,830 --> 01:17:49,360

fact um so if you go to

2365

01:17:54,229 --> 01:17:51,840

amazon look up eric helm we wrote we

2366

01:17:56,149 --> 01:17:54,239

wrote them under the the uh the pen name

2367

01:17:57,910 --> 01:17:56,159

eric helm

2368

01:17:59,270 --> 01:17:57,920

so you can read you can read but these

2369

01:18:01,110 --> 01:17:59,280

these are all books these are fiction

2370

01:18:02,950 --> 01:18:01,120

books we made we made the stuff all

2371

01:18:04,630 --> 01:18:02,960

their stuff that's true in them that i

2372

01:18:06,310 --> 01:18:04,640

threw in one of the things we did and

2373

01:18:07,669 --> 01:18:06,320

they did not put them we had a glossary

2374

01:18:10,390 --> 01:18:07,679

in the book they did not put this in

2375

01:18:12,390 --> 01:18:10,400

there we had a glossary and it said in

2376

01:18:14,870 --> 01:18:12,400

the glossary it said horse

2377

01:18:16,229 --> 01:18:14,880

and then it said seabiscuit

2378

01:18:18,390 --> 01:18:16,239

and if you go to biscuit there was a

2379

01:18:20,790 --> 01:18:18,400

definition but the joke was see because

2380

01:18:23,030 --> 01:18:20,800

it was a horse it was a joke

2381

01:18:24,630 --> 01:18:23,040

and the the publisher of the new books i

2382

01:18:27,110 --> 01:18:24,640

guess they caught the joke and they took

2383

01:18:28,550 --> 01:18:27,120

that that reference out

2384

01:18:30,149 --> 01:18:28,560

which we always thought that was kind of

2385

01:18:32,070 --> 01:18:30,159

funny

2386

01:18:34,709 --> 01:18:32,080

science fiction i did under kevin randle

2387

01:18:37,110 --> 01:18:34,719

you can find that there amazon has them

2388

01:18:38,149 --> 01:18:37,120

some of the book stores carry them i do

2389

01:18:40,470 --> 01:18:38,159

um

2390

01:18:41,510 --> 01:18:40,480

a three-minute segment on coast to coast

2391

01:18:44,390 --> 01:18:41,520

am

2392

01:18:46,310 --> 01:18:44,400

on either thursday or friday nights um

2393

01:18:49,110 --> 01:18:46,320

i'm doing thursday night

2394

01:18:50,470 --> 01:18:49,120

it's about 12 20 my time which is

2395

01:18:53,510 --> 01:18:50,480

central time

2396

01:18:55,910 --> 01:18:53,520

but 10 20 on the west coast

2397

01:18:58,790 --> 01:18:55,920

uh it's just it's a little commentary

2398

01:19:00,790 --> 01:18:58,800

it's uh sightings that are going on uh

2399

01:19:02,950 --> 01:19:00,800

so you can hear me talk about that i

2400

01:19:04,070 --> 01:19:02,960

host a program on the exome broadcast

2401
01:19:07,350 --> 01:19:04,080
network

2402
01:19:10,950 --> 01:19:07,360
you go x zone x z b

2403
01:19:14,229 --> 01:19:10,960
and x so yeah xzbn for

2404
01:19:16,149 --> 01:19:14,239
exome broadcast network um

2405
01:19:18,229 --> 01:19:16,159
and type that in or just type in excel

2406
01:19:19,830 --> 01:19:18,239
broadcast network and it'll lead you to

2407
01:19:21,669 --> 01:19:19,840
their site

2408
01:19:22,870 --> 01:19:21,679
on my blog by the way i don't know i've

2409
01:19:25,030 --> 01:19:22,880
gone to all this trouble to send you

2410
01:19:27,590 --> 01:19:25,040
that site you can there's a audio player

2411
01:19:29,030 --> 01:19:27,600
on my site so you can listen to my

2412
01:19:30,070 --> 01:19:29,040
interview so you can hear my interview

2413
01:19:32,070 --> 01:19:30,080

with uh

2414

01:19:33,430 --> 01:19:32,080

if you if you wish you can go to a type

2415

01:19:36,470 --> 01:19:33,440

in

2416

01:19:37,990 --> 01:19:36,480

with jacques valle and my discussion

2417

01:19:39,430 --> 01:19:38,000

with him about the book

2418

01:19:41,669 --> 01:19:39,440

i was very disappointed in the book

2419

01:19:44,070 --> 01:19:41,679

chuck i'm sorry i just was

2420

01:19:45,910 --> 01:19:44,080

um and and uh you know i've interviewed

2421

01:19:47,750 --> 01:19:45,920

skeptics i've interviewed

2422

01:19:48,950 --> 01:19:47,760

true believers i

2423

01:19:51,270 --> 01:19:48,960

i had one

2424

01:19:52,950 --> 01:19:51,280

guest who had accused me on another

2425

01:19:54,310 --> 01:19:52,960

radio program of being a shill for the

2426

01:19:56,070 --> 01:19:54,320

air force

2427

01:19:58,070 --> 01:19:56,080

and put it in his own book so i invited

2428

01:20:00,070 --> 01:19:58,080

him on my program and my goal was to

2429

01:20:03,350 --> 01:20:00,080

make him so mad he'd hang up

2430

01:20:05,110 --> 01:20:03,360

and i succeeded in it

2431

01:20:06,870 --> 01:20:05,120

that's uh christopher mellon for those

2432

01:20:09,270 --> 01:20:06,880

uh i think for those of you who'd like

2433

01:20:10,870 --> 01:20:09,280

not christopher mellon um

2434

01:20:12,709 --> 01:20:10,880

sure can't remember his name now because

2435

01:20:14,870 --> 01:20:12,719

it was so important

2436

01:20:16,390 --> 01:20:14,880

but uh you know

2437

01:20:17,430 --> 01:20:16,400

he was talking about that i got him to

2438

01:20:19,270 --> 01:20:17,440

the point where he kept he would just

2439

01:20:20,470 --> 01:20:19,280

say no comment no comment no comment

2440

01:20:22,550 --> 01:20:20,480

thinking hey she's going to make the

2441

01:20:24,790 --> 01:20:22,560

accusation you you better have some

2442

01:20:25,830 --> 01:20:24,800

evidence to back it up

2443

01:20:27,590 --> 01:20:25,840

so

2444

01:20:29,750 --> 01:20:27,600

but you can listen to my radio programs

2445

01:20:32,229 --> 01:20:29,760

there i've been on multiple

2446

01:20:32,890 --> 01:20:32,239

documentaries uh somebody just uh

2447

01:20:34,070 --> 01:20:32,900

emailed me

2448

01:20:35,350 --> 01:20:34,080

[Music]

2449

01:20:36,870 --> 01:20:35,360

yesterday that they'd seen me on

2450

01:20:39,030 --> 01:20:36,880

unsolved mysteries i did unsolved

2451

01:20:41,430 --> 01:20:39,040

mysteries back in 1989 at

2452

01:20:44,070 --> 01:20:41,440

189 yeah 1989 i was on unsolved

2453

01:20:45,750 --> 01:20:44,080

mysteries talking about the roswell case

2454

01:20:47,590 --> 01:20:45,760

i knew about like two and a half minutes

2455

01:20:48,709 --> 01:20:47,600

on this segment on the unsolved

2456

01:20:50,709 --> 01:20:48,719

mysteries but i've done a lot of

2457

01:20:52,950 --> 01:20:50,719

documentaries you can see those

2458

01:20:55,030 --> 01:20:52,960

you can you can and this one cracks me

2459

01:20:57,189 --> 01:20:55,040

up too you can type in um

2460

01:20:59,669 --> 01:20:57,199

for those celebrity sites kevin randle

2461

01:21:01,750 --> 01:20:59,679

net worth you can look up my net worth

2462

01:21:03,270 --> 01:21:01,760

um you'll find that it's as low as a

2463

01:21:06,229 --> 01:21:03,280

hundred thousand dollars and as high as

2464

01:21:07,990 --> 01:21:06,239

135 million dollars

2465

01:21:10,790 --> 01:21:08,000

the truth is somewhere between two

2466

01:21:12,870 --> 01:21:10,800

numbers a good range yeah

2467

01:21:14,790 --> 01:21:12,880

i wish it was 135 million dollars

2468

01:21:16,950 --> 01:21:14,800

because

2469

01:21:19,750 --> 01:21:16,960

i'd be i would be on that bravo program

2470

01:21:22,790 --> 01:21:21,350

for two or three days for two hundred

2471

01:21:24,709 --> 01:21:22,800

thousand dollars whatever it is if i had

2472

01:21:26,229 --> 01:21:24,719

135 million dollars to tell you that

2473

01:21:27,510 --> 01:21:26,239

right now

2474

01:21:29,030 --> 01:21:27,520

so you know type my name into the

2475

01:21:30,629 --> 01:21:29,040

internet you can find a lot of stuff

2476

01:21:31,830 --> 01:21:30,639

that i've done and it links to other

2477

01:21:33,430 --> 01:21:31,840

things that i've done in other places

2478

01:21:35,669 --> 01:21:33,440

i've done other other radio programs

2479

01:21:38,550 --> 01:21:35,679

i've done and things like that but the

2480

01:21:41,110 --> 01:21:38,560

important thing is um the books

2481

01:21:43,030 --> 01:21:41,120

um understanding roswell is the latest i

2482

01:21:44,709 --> 01:21:43,040

did the level land book which came out a

2483

01:21:46,950 --> 01:21:44,719

little bit before that i did one on

2484

01:21:49,110 --> 01:21:46,960

socorro called encounters in the desert

2485

01:21:51,750 --> 01:21:49,120

which i think is important i did one

2486

01:21:53,910 --> 01:21:51,760

called ufos in the deep state one of the

2487

01:21:56,709 --> 01:21:53,920

questions i'm usually asked is why

2488

01:21:58,709 --> 01:21:56,719

doesn't the government come forward and

2489

01:22:01,030 --> 01:21:58,719

and admit they

2490

01:22:02,790 --> 01:22:01,040

the ufos are extraterrestrial

2491

01:22:04,550 --> 01:22:02,800

and in that book i explain what i think

2492

01:22:06,390 --> 01:22:04,560

the answer is

2493

01:22:08,870 --> 01:22:06,400

and it has to do with retaining power

2494

01:22:10,629 --> 01:22:08,880

and retaining their financial

2495

01:22:11,590 --> 01:22:10,639

influences and things like that it's the

2496

01:22:13,430 --> 01:22:11,600

government

2497

01:22:14,709 --> 01:22:13,440

and it's not the it's not the elected

2498

01:22:17,669 --> 01:22:14,719

officials

2499

01:22:19,430 --> 01:22:17,679

it's the bureaucrats underneath the

2500

01:22:20,629 --> 01:22:19,440

the real the employees like the

2501

01:22:22,470 --> 01:22:20,639

secretary of state it's the under

2502

01:22:24,070 --> 01:22:22,480

secretary of the states that are they go

2503

01:22:25,669 --> 01:22:24,080

from administration to administration

2504

01:22:27,830 --> 01:22:25,679

who are retaining the power there's an

2505

01:22:28,629 --> 01:22:27,840

interesting story about why

2506

01:22:30,629 --> 01:22:28,639

uh

2507

01:22:32,709 --> 01:22:30,639

about jimmy carter trying to get the

2508

01:22:34,870 --> 01:22:32,719

information about ufos and

2509

01:22:36,629 --> 01:22:34,880

being denied by the

2510

01:22:38,550 --> 01:22:36,639

director of the cia something i thought

2511

01:22:40,629 --> 01:22:38,560

would never happen and how that that is

2512

01:22:41,750 --> 01:22:40,639

all manipulated so that's ufos in the

2513

01:22:43,110 --> 01:22:41,760

deep state

2514

01:22:45,830 --> 01:22:43,120

but you just go down the list of the

2515

01:22:47,189 --> 01:22:45,840

books if you uh enjoy the book

2516

01:22:49,110 --> 01:22:47,199

and you just want to give it a four or

2517

01:22:51,430 --> 01:22:49,120

five star rating hey thanks appreciate

2518

01:22:53,990 --> 01:22:51,440

it if you want to give it one star i

2519

01:22:56,870 --> 01:22:54,000

would appreciate you telling me why

2520

01:22:59,110 --> 01:22:56,880

because sometimes it's not fair the um

2521

01:23:01,430 --> 01:22:59,120

i think the is it the roswell book

2522

01:23:02,550 --> 01:23:01,440

has a one star rating and the got guy

2523

01:23:05,189 --> 01:23:02,560

was mad

2524

01:23:07,510 --> 01:23:05,199

because when the book arrived

2525

01:23:09,669 --> 01:23:07,520

they it hadn't been

2526

01:23:11,270 --> 01:23:09,679

properly created and the pages were

2527

01:23:13,590 --> 01:23:11,280

falling out

2528

01:23:15,669 --> 01:23:13,600

it's not my fault pal

2529

01:23:17,590 --> 01:23:15,679

that's and it's not the publisher fault

2530

01:23:19,030 --> 01:23:17,600

it turns out it turns out it's amazon's

2531

01:23:20,470 --> 01:23:19,040

fault because it's a print-on-demand

2532

01:23:23,430 --> 01:23:20,480

book but it's not our fault so that's

2533

01:23:25,270 --> 01:23:23,440

another that's an unfair rating so uh if

2534

01:23:27,189 --> 01:23:25,280

you've read the book and you if you read

2535

01:23:28,470 --> 01:23:27,199

the book and you didn't like it and you

2536

01:23:30,310 --> 01:23:28,480

want to give one star and you have

2537

01:23:32,790 --> 01:23:30,320

reasons for it other than the way it

2538

01:23:35,030 --> 01:23:32,800

arrived or the condition

2539

01:23:37,110 --> 01:23:35,040

i would appreciate knowing that

2540

01:23:39,510 --> 01:23:37,120

because that will help me

2541

01:23:41,350 --> 01:23:39,520

in the next project to

2542

01:23:42,310 --> 01:23:41,360

correct that error if i've made that

2543

01:23:44,229 --> 01:23:42,320

error

2544

01:23:45,430 --> 01:23:44,239

you know uh putting in the footnotes or

2545

01:23:46,950 --> 01:23:45,440

things like

2546

01:23:49,990 --> 01:23:46,960

in the level and book there's a

2547

01:23:51,990 --> 01:23:50,000

reference sort of a semi when you do a

2548

01:23:53,430 --> 01:23:52,000

phd the way they put the footnotes in

2549

01:23:55,510 --> 01:23:53,440

it's not a footnote at the bottom of the

2550

01:23:56,790 --> 01:23:55,520

page but it's the author's name and the

2551

01:23:59,189 --> 01:23:56,800

date

2552

01:24:01,510 --> 01:23:59,199

and uh then you go to the bibliography

2553

01:24:03,270 --> 01:24:01,520

and you look it up that way

2554

01:24:06,070 --> 01:24:03,280

uh to see where the information came

2555

01:24:08,390 --> 01:24:06,080

from but uh in this in in the level land

2556

01:24:09,510 --> 01:24:08,400

book it's all right there

2557

01:24:11,430 --> 01:24:09,520

um

2558

01:24:13,669 --> 01:24:11,440

in that kind of a notation as opposed to

2559

01:24:16,310 --> 01:24:13,679

it uh roswell in the 21st century which

2560

01:24:17,910 --> 01:24:16,320

was another deep dive into oh i hate

2561

01:24:20,390 --> 01:24:17,920

that term another

2562

01:24:22,070 --> 01:24:20,400

look at the roswell case it's got like

2563

01:24:23,750 --> 01:24:22,080

1100 footnotes in it and they're at the

2564

01:24:25,830 --> 01:24:23,760

bottom of the page so you have to flip

2565

01:24:27,590 --> 01:24:25,840

back and forth but the books are all

2566

01:24:28,390 --> 01:24:27,600

there and as i say if you've enjoyed the

2567

01:24:29,910 --> 01:24:28,400

book

2568

01:24:31,590 --> 01:24:29,920

please give it a nice rating if you

2569

01:24:33,910 --> 01:24:31,600

didn't enjoy the book and you have a

2570

01:24:35,750 --> 01:24:33,920

legitimate reason for not i would i

2571

01:24:37,750 --> 01:24:35,760

would appreciate knowing that one of the

2572

01:24:39,910 --> 01:24:37,760

guys wrote he was he was mad because the

2573

01:24:41,830 --> 01:24:39,920

information in the um

2574

01:24:43,830 --> 01:24:41,840

the socorro book

2575

01:24:46,149 --> 01:24:43,840

encounters in the desert he said this is

2576

01:24:47,510 --> 01:24:46,159

information you could find on the

2577

01:24:48,950 --> 01:24:47,520

information you can find on the internet

2578

01:24:50,149 --> 01:24:48,960

i'm thinking no because i've got some

2579

01:24:51,830 --> 01:24:50,159

information in there it came from the

2580

01:24:53,750 --> 01:24:51,840

witnesses it isn't published anywhere

2581

01:24:56,830 --> 01:24:53,760

else one of them is deals with the

2582

01:24:59,669 --> 01:24:56,840

symbol and the guy who draw drew the

2583

01:25:01,750 --> 01:24:59,679

um the craft that

2584

01:25:04,950 --> 01:25:01,760

lonnie zamora saw

2585

01:25:06,470 --> 01:25:04,960

uh back in 1964 and i've got an

2586

01:25:08,149 --> 01:25:06,480

interview with him and that's not on the

2587

01:25:10,629 --> 01:25:08,159

internet so you know not all the

2588

01:25:12,470 --> 01:25:10,639

information is there but you know what i

2589

01:25:13,590 --> 01:25:12,480

say you write in the book well the

2590

01:25:15,510 --> 01:25:13,600

information isn't in the internet and

2591

01:25:16,629 --> 01:25:15,520

here's what i know and you know

2592

01:25:19,110 --> 01:25:16,639

but a lot of the information is

2593

01:25:21,110 --> 01:25:19,120

available on the internet but

2594

01:25:22,870 --> 01:25:21,120

and and these really important cases you

2595

01:25:24,310 --> 01:25:22,880

have to you have to read carefully in

2596

01:25:26,149 --> 01:25:24,320

the book because there are always

2597

01:25:27,910 --> 01:25:26,159

nuggets in there that have not been pub

2598

01:25:29,750 --> 01:25:27,920

well publicized you know i sometimes

2599

01:25:32,070 --> 01:25:29,760

hesitate to mention them because giving

2600

01:25:33,430 --> 01:25:32,080

away the store there but anyway

2601

01:25:34,629 --> 01:25:33,440

that's a long-winded way of getting

2602

01:25:36,709 --> 01:25:34,639

people to look at the books and rate

2603

01:25:38,229 --> 01:25:36,719

them for crying

2604

01:25:39,910 --> 01:25:38,239

all right louie do you have any final

2605

01:25:42,390 --> 01:25:39,920

questions for our guest today no i just

2606

01:25:44,390 --> 01:25:42,400

want to um extend a very warm thanks to

2607

01:25:46,149 --> 01:25:44,400

kevin randle for coming on here you're a

2608

01:25:48,390 --> 01:25:46,159

wealth of information we could chat with

2609

01:25:50,070 --> 01:25:48,400

you for hours and hours on end and maybe

2610

01:25:51,590 --> 01:25:50,080

we'll have to do a part two of this just

2611

01:25:54,310 --> 01:25:51,600

to get in some of the other questions we

2612

01:25:56,550 --> 01:25:54,320

didn't get in today but essentially uh

2613

01:25:58,550 --> 01:25:56,560

yeah you're a gift to the body um you

2614

01:26:00,870 --> 01:25:58,560

know you've created this momentum for

2615

01:26:03,350 --> 01:26:00,880

decades and decades younger generation

2616

01:26:05,510 --> 01:26:03,360

like us now carries that torch and with

2617

01:26:06,950 --> 01:26:05,520

somebody such as yourself being that

2618

01:26:08,870 --> 01:26:06,960

compass you know you're weeding through

2619

01:26:10,629 --> 01:26:08,880

the nonsense and it's kind of like what

2620

01:26:12,550 --> 01:26:10,639

our purpose of the show is exactly we

2621

01:26:14,229 --> 01:26:12,560

got all your books we know who you are

2622

01:26:15,990 --> 01:26:14,239

we want to basically give our audience

2623

01:26:18,470 --> 01:26:16,000

both sides let them make their own

2624

01:26:20,790 --> 01:26:18,480

opinion um but again we're providing

2625

01:26:22,550 --> 01:26:20,800

like good information to form an opinion

2626
01:26:24,470 --> 01:26:22,560
based on and there's a lot of junk out

2627
01:26:26,390 --> 01:26:24,480
there it's a tsunami of

2628
01:26:28,629 --> 01:26:26,400
articles and stuff to read and most of

2629
01:26:30,149 --> 01:26:28,639
it is nonsense but uh thanks to people

2630
01:26:32,390 --> 01:26:30,159
like yourself that actually keep it on

2631
01:26:34,229 --> 01:26:32,400
point and uh make this interesting for

2632
01:26:36,070 --> 01:26:34,239
us to do so thanks so much for being on

2633
01:26:37,750 --> 01:26:36,080
our show well i appreciate that i would

2634
01:26:39,590 --> 01:26:37,760
like like to make one thing what i try

2635
01:26:40,629 --> 01:26:39,600
to do in the books is not attack the

2636
01:26:42,390 --> 01:26:40,639
person

2637
01:26:44,629 --> 01:26:42,400
but attack the information except for

2638
01:26:46,550 --> 01:26:44,639

gerald anderson

2639

01:26:48,470 --> 01:26:46,560

and uh christopher montgomery is the guy

2640

01:26:49,830 --> 01:26:48,480

who uh you want to want to hear the guy

2641

01:26:51,430 --> 01:26:49,840

hang up on me it's christopher

2642

01:26:52,470 --> 01:26:51,440

montgomery

2643

01:26:53,990 --> 01:26:52,480

because

2644

01:26:55,990 --> 01:26:54,000

of the attack on me it was kind of a

2645

01:26:57,510 --> 01:26:56,000

response to that but uh i appreciate

2646

01:26:59,510 --> 01:26:57,520

your kind words and of course i'll be

2647

01:27:08,149 --> 01:26:59,520

delighted to come back when uh

2648

01:27:08,159 --> 01:27:11,950

so
