

The image features a central black circle containing the text "UAP STUDIES Podcast" in white. This central element is surrounded by a complex, glowing blue structure that resembles a stylized atom or a futuristic ring. The structure consists of multiple concentric, irregular rings of light blue and cyan, with intricate circuit-like patterns and lines extending outwards. The background is a solid black, which makes the glowing blue elements stand out prominently.

1  
00:00:24,310 --> 00:00:19,400

[Music]

2  
00:00:26,310 --> 00:00:24,320

welcome back to another episode of uap

3  
00:00:28,230 --> 00:00:26,320

studies i'm jason gilmet and i'm joined

4  
00:00:29,349 --> 00:00:28,240

here with uh louis how's it going louie

5  
00:00:31,269 --> 00:00:29,359

it's going really good buddy how you

6  
00:00:33,750 --> 00:00:31,279

doing i'm doing good this so far it's

7  
00:00:34,549 --> 00:00:33,760

been a good day yeah outside

8  
00:00:36,389 --> 00:00:34,559

yeah

9  
00:00:39,030 --> 00:00:36,399

every day is a good day never we get to

10  
00:00:40,630 --> 00:00:39,040

talk about your ufos or uaps it's a

11  
00:00:42,470 --> 00:00:40,640

great day 100

12  
00:00:44,549 --> 00:00:42,480

absolutely um

13  
00:00:46,150 --> 00:00:44,559

so today i thought we could uh go over

14

00:00:48,630 --> 00:00:46,160

some stuff that's on twitter stuff

15

00:00:51,110 --> 00:00:48,640

that's sort of uh trending right now

16

00:00:52,950 --> 00:00:51,120

topics that we haven't uh really talked

17

00:00:56,229 --> 00:00:52,960

about what was going on twitter recent

18

00:00:58,389 --> 00:00:56,239

news anyways so um

19

00:00:59,830 --> 00:00:58,399

yeah actually the first the first option

20

00:01:00,709 --> 00:00:59,840

or not the first option the first

21

00:01:03,349 --> 00:01:00,719

question

22

00:01:05,270 --> 00:01:03,359

uh that uh sort of been brought up

23

00:01:08,630 --> 00:01:05,280

online is the full four minutes of the

24

00:01:10,230 --> 00:01:08,640

gibbel video uh and to be released like

25

00:01:12,550 --> 00:01:10,240

some people you know obviously has

26

00:01:15,270 --> 00:01:12,560

probably been shown to congress

27

00:01:16,870 --> 00:01:15,280

but we don't we haven't seen it and uh

28

00:01:18,870 --> 00:01:16,880

it'd be great if they would release that

29

00:01:20,550 --> 00:01:18,880

to the public is this only a short

30

00:01:22,950 --> 00:01:20,560

amount that they've actually released

31

00:01:25,109 --> 00:01:22,960

right i suppose depending on the quality

32

00:01:27,590 --> 00:01:25,119

too like what exactly is in this four

33

00:01:29,670 --> 00:01:27,600

minute video when we had sean cahill on

34

00:01:32,230 --> 00:01:29,680

the show he basically said without

35

00:01:34,069 --> 00:01:32,240

giving away too much that he saw some

36

00:01:36,390 --> 00:01:34,079

pretty high definition

37

00:01:38,950 --> 00:01:36,400

footage and you know even the guys that

38

00:01:41,030 --> 00:01:38,960

were on the uss princeton and the nimitz

39

00:01:43,109 --> 00:01:41,040

when people in regular civilian clothes

40

00:01:44,950 --> 00:01:43,119

later came and took all the footage they

41

00:01:46,870 --> 00:01:44,960

weren't taking grainy

42

00:01:49,270 --> 00:01:46,880

you know blurry imagery they're taking

43

00:01:51,510 --> 00:01:49,280

state-of-the-art imagery that's been

44

00:01:54,230 --> 00:01:51,520

captured from machines designed to do

45

00:01:55,510 --> 00:01:54,240

that so i i guess it's an exciting thing

46

00:01:56,630 --> 00:01:55,520

that there's gonna be more info coming

47

00:01:59,109 --> 00:01:56,640

out but

48

00:02:00,709 --> 00:01:59,119

my skeptic mind says well what quality

49

00:02:02,389 --> 00:02:00,719

and what caliber of this stuff are we

50

00:02:04,389 --> 00:02:02,399

actually gonna get and some people like

51  
00:02:05,990 --> 00:02:04,399  
there's a people from nasa coming out

52  
00:02:09,430 --> 00:02:06,000  
saying hey i've seen some high

53  
00:02:13,430 --> 00:02:09,440  
resolution pictures of ufos they're

54  
00:02:16,070 --> 00:02:13,440  
willing to testify before congress uh

55  
00:02:17,910 --> 00:02:16,080  
basically at this point 75 years of

56  
00:02:20,630 --> 00:02:17,920  
research into this there's no way that

57  
00:02:22,790 --> 00:02:20,640  
nasa doesn't know anything about this

58  
00:02:25,430 --> 00:02:22,800  
and you know with the recent news of

59  
00:02:28,710 --> 00:02:25,440  
them saying hey we're now investigating

60  
00:02:30,309 --> 00:02:28,720  
uh uaps ufos and they're stating they

61  
00:02:32,390 --> 00:02:30,319  
want to use the satellites to sort of

62  
00:02:35,110 --> 00:02:32,400  
help track these things

63  
00:02:36,710 --> 00:02:35,120

that's interesting that that's to me is

64

00:02:38,150 --> 00:02:36,720

sort of on the borderline of full

65

00:02:40,229 --> 00:02:38,160

disclosure

66

00:02:43,350 --> 00:02:40,239

yeah i mean i've always looked at nasa

67

00:02:44,309 --> 00:02:43,360

as like the skunk works when it comes to

68

00:02:45,750 --> 00:02:44,319

space

69

00:02:47,670 --> 00:02:45,760

you know whereas with skunk works

70

00:02:50,470 --> 00:02:47,680

there's more aviation and like secret

71

00:02:51,990 --> 00:02:50,480

jets and stuff like that nasa to me has

72

00:02:54,630 --> 00:02:52,000

always been a front

73

00:02:57,270 --> 00:02:54,640

for a way to funnel black budget money

74

00:02:59,190 --> 00:02:57,280

into another company to do that work so

75

00:03:01,430 --> 00:02:59,200

the government isn't actually doing it

76

00:03:03,509 --> 00:03:01,440

it's nasa but they wouldn't be getting

77

00:03:05,430 --> 00:03:03,519

the funding that they've always got

78

00:03:07,589 --> 00:03:05,440

unless there was some benefit to the

79

00:03:10,470 --> 00:03:07,599

government somehow so

80

00:03:12,070 --> 00:03:10,480

i mean they're the space agency right so

81

00:03:13,990 --> 00:03:12,080

they've got to have

82

00:03:15,350 --> 00:03:14,000

footage i mean there's been live feed

83

00:03:17,270 --> 00:03:15,360

footage that we've seen that they

84

00:03:18,790 --> 00:03:17,280

quickly cut when something appeared and

85

00:03:20,630 --> 00:03:18,800

yeah you know there's all kinds of

86

00:03:22,470 --> 00:03:20,640

theories either way that it was just

87

00:03:24,309 --> 00:03:22,480

space debris or

88

00:03:26,470 --> 00:03:24,319

you know it was an actual uap we don't

89

00:03:28,869 --> 00:03:26,480

know right but i think nasa it's like

90

00:03:31,190 --> 00:03:28,879

the air force if the navy comes out and

91

00:03:33,750 --> 00:03:31,200

says as much as they have and they're

92

00:03:36,710 --> 00:03:33,760

yeah they're air and water but the air

93

00:03:39,030 --> 00:03:36,720

force is only air so who better than to

94

00:03:41,110 --> 00:03:39,040

know about this type of phenomenon than

95

00:03:43,270 --> 00:03:41,120

them and as you said before it's kind of

96

00:03:45,430 --> 00:03:43,280

suspicious that they're not talking same

97

00:03:46,710 --> 00:03:45,440

thing goes for nasa you're just now

98

00:03:48,550 --> 00:03:46,720

admitting that you're going to look at

99

00:03:50,149 --> 00:03:48,560

this stuff so you never looked at this

100

00:03:51,910 --> 00:03:50,159

stuff before like

101  
00:03:53,509 --> 00:03:51,920  
yeah i don't know people in space for

102  
00:03:55,990 --> 00:03:53,519  
crown out loud there's no way that they

103  
00:03:57,990 --> 00:03:56,000  
didn't look into this right like yeah uh

104  
00:04:00,309 --> 00:03:58,000  
there's videos even of

105  
00:04:02,149 --> 00:04:00,319  
stuff like you mentioned approaching and

106  
00:04:03,750 --> 00:04:02,159  
then going away you can't do that in

107  
00:04:06,070 --> 00:04:03,760  
space unless you have some sort of

108  
00:04:07,750 --> 00:04:06,080  
technology to move the object right yeah

109  
00:04:11,030 --> 00:04:07,760  
otherwise the object but going just a

110  
00:04:12,630 --> 00:04:11,040  
straight path these things tend to move

111  
00:04:14,229 --> 00:04:12,640  
and they they know the orbits of

112  
00:04:15,750 --> 00:04:14,239  
everything even all the space junk you

113  
00:04:17,670 --> 00:04:15,760

know the thousands and thousands of

114

00:04:19,749 --> 00:04:17,680

pieces of random [h\_\_h] just floating

115

00:04:21,670 --> 00:04:19,759

around in space they still know where it

116

00:04:24,230 --> 00:04:21,680

is because if you're going to launch

117

00:04:26,390 --> 00:04:24,240

james webb through that and you know a

118

00:04:30,150 --> 00:04:26,400

little bolt that fell off 20 years ago

119

00:04:32,070 --> 00:04:30,160

that's now going 85 000 miles an hour

120

00:04:33,830 --> 00:04:32,080

that's way faster than a bullet right it

121

00:04:35,670 --> 00:04:33,840

didn't go right through anything that

122

00:04:37,430 --> 00:04:35,680

you launched there so they have

123

00:04:39,270 --> 00:04:37,440

everything catalog that's already out

124

00:04:40,550 --> 00:04:39,280

there so they know when they can go and

125

00:04:43,270 --> 00:04:40,560

they can't go

126

00:04:45,030 --> 00:04:43,280

so there should be no surprises and

127

00:04:46,870 --> 00:04:45,040

clearly they're not expecting any when

128

00:04:48,310 --> 00:04:46,880

they have a live feed and something just

129

00:04:50,070 --> 00:04:48,320

comes out of nowhere

130

00:04:51,670 --> 00:04:50,080

that's suspicious in itself that they're

131

00:04:53,909 --> 00:04:51,680

not like oh yeah yeah you should see

132

00:04:54,790 --> 00:04:53,919

that booster any minute now oh there it

133

00:04:57,430 --> 00:04:54,800

is

134

00:04:59,189 --> 00:04:57,440

right so it how do you you can't

135

00:05:00,710 --> 00:04:59,199

acknowledge it but the fact that you

136

00:05:02,629 --> 00:05:00,720

didn't know it was there and predict it

137

00:05:04,390 --> 00:05:02,639

was there means it's not something that

138

00:05:06,790 --> 00:05:04,400

you previously had catalogued or

139

00:05:09,110 --> 00:05:06,800

expected right even um

140

00:05:11,189 --> 00:05:09,120

the moon being such close proximity to

141

00:05:13,590 --> 00:05:11,199

us and a lot of people saying they they

142

00:05:15,670 --> 00:05:13,600

believe that the moon is either hollow

143

00:05:17,510 --> 00:05:15,680

or has some sort of life forms on the

144

00:05:18,629 --> 00:05:17,520

inside or maybe on the back side of the

145

00:05:20,469 --> 00:05:18,639

moon

146

00:05:22,870 --> 00:05:20,479

what are your thoughts on that

147

00:05:24,629 --> 00:05:22,880

i think it's super interesting i saw a

148

00:05:26,550 --> 00:05:24,639

video a couple years ago of a guy who

149

00:05:28,950 --> 00:05:26,560

was like a remote viewer

150

00:05:30,870 --> 00:05:28,960

i don't know in the cold war era and

151

00:05:32,550 --> 00:05:30,880

they just wanted to really test this out

152

00:05:34,390 --> 00:05:32,560

and they would give him coordinates and

153

00:05:35,990 --> 00:05:34,400

he would tell him what he would see and

154

00:05:38,070 --> 00:05:36,000

at one point they somehow gave him

155

00:05:40,230 --> 00:05:38,080

coordinates for the moon and he was

156

00:05:43,350 --> 00:05:40,240

describing like bases and this and that

157

00:05:45,029 --> 00:05:43,360

and all these like super large buildings

158

00:05:47,350 --> 00:05:45,039

and then when they finally told him

159

00:05:49,670 --> 00:05:47,360

where it was he was super surprised and

160

00:05:51,350 --> 00:05:49,680

like scared and even the guy conducting

161

00:05:53,510 --> 00:05:51,360

the interview goes yeah like pretty

162

00:05:54,870 --> 00:05:53,520

crazy eh you know like like we don't

163

00:05:56,629 --> 00:05:54,880

know what the hell to make of it either

164

00:05:58,629 --> 00:05:56,639

sort of thing so again that's one

165

00:05:59,909 --> 00:05:58,639

testimony who knows if it's true or not

166

00:06:01,189 --> 00:05:59,919

you can't really

167

00:06:02,550 --> 00:06:01,199

you know you can only corroborate this

168

00:06:03,270 --> 00:06:02,560

stuff so much

169

00:06:04,950 --> 00:06:03,280

and

170

00:06:06,469 --> 00:06:04,960

sometimes we even get comments from

171

00:06:07,990 --> 00:06:06,479

people that say you know why didn't you

172

00:06:10,230 --> 00:06:08,000

push harder you were interviewing

173

00:06:11,430 --> 00:06:10,240

kathleen martin about being abducted you

174

00:06:13,350 --> 00:06:11,440

know why didn't you get her to like

175

00:06:15,350 --> 00:06:13,360

where's the evidence well

176  
00:06:16,710 --> 00:06:15,360  
one we don't want to piss anybody off

177  
00:06:18,710 --> 00:06:16,720  
we're not going to just jump down

178  
00:06:19,990 --> 00:06:18,720  
somebody's throat if they want to say

179  
00:06:21,909 --> 00:06:20,000  
that on the record that's their

180  
00:06:24,550 --> 00:06:21,919  
testimonial hey man draw your own

181  
00:06:27,110 --> 00:06:24,560  
conclusion it doesn't mean we're 100 on

182  
00:06:29,350 --> 00:06:27,120  
board or off board we just bring it to

183  
00:06:31,350 --> 00:06:29,360  
the table right but yeah and it's not

184  
00:06:32,950 --> 00:06:31,360  
it's not our style like we don't do that

185  
00:06:35,110 --> 00:06:32,960  
we don't drill

186  
00:06:37,430 --> 00:06:35,120  
our guests like you know we we welcome

187  
00:06:39,830 --> 00:06:37,440  
on the show we're canadian too so you

188  
00:06:41,670 --> 00:06:39,840

know we're very welcoming and we you

189

00:06:43,189 --> 00:06:41,680

know really appreciate the fact that you

190

00:06:44,070 --> 00:06:43,199

know people are willing to give us their

191

00:06:45,830 --> 00:06:44,080

time

192

00:06:48,309 --> 00:06:45,840

we started grilling people like some

193

00:06:50,150 --> 00:06:48,319

other podcasts you know we wouldn't be

194

00:06:51,670 --> 00:06:50,160

any different and think about it

195

00:06:53,270 --> 00:06:51,680

everybody always says there's two things

196

00:06:55,749 --> 00:06:53,280

you should never talk about even with

197

00:06:58,469 --> 00:06:55,759

your best friends it's politics and

198

00:07:00,230 --> 00:06:58,479

religion everything we discuss dips into

199

00:07:02,710 --> 00:07:00,240

both of those categories right you know

200

00:07:05,110 --> 00:07:02,720

self-awareness what you believe creation

201  
00:07:07,029 --> 00:07:05,120  
all that it it's all loaded with

202  
00:07:09,189 --> 00:07:07,039  
religious connotations believers and

203  
00:07:11,670 --> 00:07:09,199  
non-believers alike still have an

204  
00:07:14,150 --> 00:07:11,680  
opinion on that and everything political

205  
00:07:15,830 --> 00:07:14,160  
wise are you a conspiracy theorist or

206  
00:07:17,189 --> 00:07:15,840  
not do you believe the government knows

207  
00:07:20,230 --> 00:07:17,199  
more than they're telling you are they

208  
00:07:22,469 --> 00:07:20,240  
really out to get you or not so it you

209  
00:07:24,230 --> 00:07:22,479  
know we're we're in a topic that deals

210  
00:07:25,510 --> 00:07:24,240  
with the two biggest taboo subjects

211  
00:07:27,670 --> 00:07:25,520  
you're not supposed to discuss and

212  
00:07:29,990 --> 00:07:27,680  
that's all we talk about and the reason

213  
00:07:31,430 --> 00:07:30,000

we don't hammer on anybody too much is

214

00:07:34,070 --> 00:07:31,440

because everybody literally has an

215

00:07:36,550 --> 00:07:34,080

opinion we've had guests on our show

216

00:07:38,790 --> 00:07:36,560

that have varying

217

00:07:40,629 --> 00:07:38,800

opinions on very popular things you know

218

00:07:42,390 --> 00:07:40,639

like bob lazar

219

00:07:44,230 --> 00:07:42,400

we've had guests on kevin randle's like

220

00:07:45,990 --> 00:07:44,240

yeah i'm not big on bob lazar and you

221

00:07:47,909 --> 00:07:46,000

have george knapp and jeremy corbell and

222

00:07:50,950 --> 00:07:47,919

everybody else and of course they're all

223

00:07:53,350 --> 00:07:50,960

for bob lazar and even our our comments

224

00:07:55,430 --> 00:07:53,360

online and on youtube they're on both

225

00:07:57,830 --> 00:07:55,440

sides people say you know i love your

226

00:07:59,670 --> 00:07:57,840

show but i very adamantly disagree with

227

00:08:02,950 --> 00:07:59,680

you in terms of bob lazar you know you

228

00:08:04,230 --> 00:08:02,960

can't back up his uh his uh education

229

00:08:05,830 --> 00:08:04,240

and there was a lot of credentials that

230

00:08:07,749 --> 00:08:05,840

were made up and

231

00:08:09,830 --> 00:08:07,759

you know what my comment to that is is

232

00:08:11,909 --> 00:08:09,840

you know maybe he embellished a little

233

00:08:13,510 --> 00:08:11,919

but he knows a lot of [h\_\_h] there's no

234

00:08:15,909 --> 00:08:13,520

way he would know otherwise right and

235

00:08:17,749 --> 00:08:15,919

again that's just my opinion yeah two

236

00:08:19,830 --> 00:08:17,759

cents and that's all it's worth is two

237

00:08:22,150 --> 00:08:19,840

cents right yeah but um but even things

238

00:08:24,629 --> 00:08:22,160

like the threat narrative we've had

239

00:08:26,869 --> 00:08:24,639

opposing opinions um the abduction

240

00:08:28,629 --> 00:08:26,879

theory some people really believe some

241

00:08:31,270 --> 00:08:28,639

people think it's a load of

242

00:08:34,149 --> 00:08:31,280

garbage right uh even the way that you

243

00:08:35,430 --> 00:08:34,159

know we may all believe in aliens but do

244

00:08:38,310 --> 00:08:35,440

we believe that they're just

245

00:08:40,230 --> 00:08:38,320

interstellar traveling planet to here

246

00:08:41,829 --> 00:08:40,240

you know and flying a craft and a

247

00:08:43,990 --> 00:08:41,839

machine of some sort or the

248

00:08:46,070 --> 00:08:44,000

inter-dimensional just appearing and

249

00:08:47,990 --> 00:08:46,080

disappearing right and there's not even

250

00:08:49,269 --> 00:08:48,000

really you know any agreement on that

251  
00:08:51,750 --> 00:08:49,279  
either so

252  
00:08:53,430 --> 00:08:51,760  
it's a super difficult topic

253  
00:08:55,509 --> 00:08:53,440  
and i think it's very dangerous to form

254  
00:08:57,750 --> 00:08:55,519  
too rigid of an opinion because you

255  
00:08:59,750 --> 00:08:57,760  
don't know we don't know the people on

256  
00:09:01,829 --> 00:08:59,760  
the show with 40 years experience they

257  
00:09:05,030 --> 00:09:01,839  
don't friggin know either they just know

258  
00:09:06,790 --> 00:09:05,040  
more and are you know have way more um

259  
00:09:09,990 --> 00:09:06,800  
data in their little bank of what

260  
00:09:11,750 --> 00:09:10,000  
they've researched but nobody knows so

261  
00:09:13,590 --> 00:09:11,760  
so don't be too rigid in your thoughts

262  
00:09:15,910 --> 00:09:13,600  
and don't hammer people online and call

263  
00:09:17,829 --> 00:09:15,920

them idiots and this and that don't be a

264

00:09:19,269 --> 00:09:17,839

troll on twitter you know it's making

265

00:09:21,350 --> 00:09:19,279

the subject

266

00:09:23,110 --> 00:09:21,360

have a bad taste you know and you can

267

00:09:24,949 --> 00:09:23,120

attest to that jay you run our twitter

268

00:09:26,949 --> 00:09:24,959

account and we don't get into it with

269

00:09:28,389 --> 00:09:26,959

people but man you guys like to get into

270

00:09:30,389 --> 00:09:28,399

it with each other

271

00:09:32,470 --> 00:09:30,399

a lot

272

00:09:34,070 --> 00:09:32,480

absolutely actually it's it's almost

273

00:09:37,110 --> 00:09:34,080

comical but

274

00:09:39,350 --> 00:09:37,120

very vicious attacks uh louis lazonda

275

00:09:41,190 --> 00:09:39,360

actually removed himself from twitter um

276

00:09:42,630 --> 00:09:41,200

a while back and you know we're really

277

00:09:47,030 --> 00:09:42,640

missing him but

278

00:09:51,030 --> 00:09:48,790

oh my god i forgot the name but uh

279

00:09:53,190 --> 00:09:51,040

somebody you mentioned about just lou

280

00:09:54,949 --> 00:09:53,200

being the person that

281

00:09:56,710 --> 00:09:54,959

you know we wanted for a long time to

282

00:09:58,470 --> 00:09:56,720

come out from the government saying hey

283

00:10:01,190 --> 00:09:58,480

i ran this program

284

00:10:02,949 --> 00:10:01,200

uh you aps are actually real uh there

285

00:10:04,389 --> 00:10:02,959

might be actually an intelligence behind

286

00:10:06,069 --> 00:10:04,399

us that's not human

287

00:10:08,389 --> 00:10:06,079

i mean he's been trying to drop all this

288

00:10:12,630 --> 00:10:08,399

stuff for so long without

289

00:10:14,389 --> 00:10:12,640

breaking his uh nda right yeah so

290

00:10:16,310 --> 00:10:14,399

after that you got people that just

291

00:10:18,550 --> 00:10:16,320

turned around and start biting at them

292

00:10:20,630 --> 00:10:18,560

like they're just they're upset because

293

00:10:22,069 --> 00:10:20,640

you know they think he's a phony or

294

00:10:23,350 --> 00:10:22,079

actually you know you didn't do this you

295

00:10:25,590 --> 00:10:23,360

didn't do that uh you're a

296

00:10:27,190 --> 00:10:25,600

disinformation agent

297

00:10:28,790 --> 00:10:27,200

he had to remove himself from twitter

298

00:10:30,870 --> 00:10:28,800

because he was getting into fights all

299

00:10:32,790 --> 00:10:30,880

the time with these idiots right and you

300

00:10:34,470 --> 00:10:32,800

tend not to want to reply to people like

301  
00:10:36,870 --> 00:10:34,480  
that but sometimes they just get under

302  
00:10:40,069 --> 00:10:36,880  
your skin and it's no different in this

303  
00:10:41,910 --> 00:10:40,079  
field i guess you get that more now

304  
00:10:43,829 --> 00:10:41,920  
than you did back in the past i don't

305  
00:10:47,350 --> 00:10:43,839  
think people used to write letters to

306  
00:10:49,350 --> 00:10:47,360  
ufologists with you know dear nick pope

307  
00:10:51,829 --> 00:10:49,360  
i don't like you like i don't think that

308  
00:10:53,670 --> 00:10:51,839  
that happened right um yeah by the way

309  
00:10:55,670 --> 00:10:53,680  
we like nick pope we're not saying we

310  
00:10:57,829 --> 00:10:55,680  
don't like nick pope yeah i mean we've

311  
00:11:00,389 --> 00:10:57,839  
had people on our show that completely

312  
00:11:02,790 --> 00:11:00,399  
can't stand him and go to their way to

313  
00:11:04,870 --> 00:11:02,800

just slander him essentially right maybe

314

00:11:06,949 --> 00:11:04,880

they have their own reasons and who

315

00:11:08,870 --> 00:11:06,959

knows right everybody's everybody's

316

00:11:10,150 --> 00:11:08,880

friends with somebody that somebody else

317

00:11:12,069 --> 00:11:10,160

can't stand

318

00:11:14,470 --> 00:11:12,079

you know so it's uh

319

00:11:15,910 --> 00:11:14,480

it's difficult to take sides but here's

320

00:11:18,470 --> 00:11:15,920

my advice if you're scrolling through

321

00:11:19,670 --> 00:11:18,480

facebook or twitter if you see something

322

00:11:22,230 --> 00:11:19,680

you like

323

00:11:24,230 --> 00:11:22,240

like it comment on it give that feedback

324

00:11:25,509 --> 00:11:24,240

if you see something you disagree with

325

00:11:28,630 --> 00:11:25,519

keep going

326

00:11:30,470 --> 00:11:28,640

don't take time to be an idiot to tell

327

00:11:32,230 --> 00:11:30,480

somebody else how much of an idiot they

328

00:11:34,230 --> 00:11:32,240

are you know you're just stooping to

329

00:11:36,470 --> 00:11:34,240

their own level if somebody's completely

330

00:11:39,030 --> 00:11:36,480

out to lunch just keep going don't even

331

00:11:41,190 --> 00:11:39,040

waste your own time and energy

332

00:11:43,030 --> 00:11:41,200

on something that's total nonsense you

333

00:11:45,670 --> 00:11:43,040

know how much total nonsense we have to

334

00:11:46,790 --> 00:11:45,680

filter and how many stupid emails we get

335

00:11:49,110 --> 00:11:46,800

from people

336

00:11:51,030 --> 00:11:49,120

and even on facebook messenger

337

00:11:52,870 --> 00:11:51,040

they usually start off with a paragraph

338

00:11:55,910 --> 00:11:52,880

that's that long

339

00:11:58,310 --> 00:11:55,920

with no spaces and no no like periods or

340

00:11:59,910 --> 00:11:58,320

nothing so and sometimes it's legitimate

341

00:12:01,110 --> 00:11:59,920

information but

342

00:12:02,870 --> 00:12:01,120

there's not too many guests you've heard

343

00:12:05,190 --> 00:12:02,880

us bring on the show and say hey this is

344

00:12:07,190 --> 00:12:05,200

jim he messaged us on facebook and we

345

00:12:09,430 --> 00:12:07,200

wanted to chat with them like we only

346

00:12:11,509 --> 00:12:09,440

want to bring you people that are vetted

347

00:12:13,269 --> 00:12:11,519

and uh you know know a lot more about

348

00:12:15,350 --> 00:12:13,279

this than us we appreciate people

349

00:12:17,030 --> 00:12:15,360

sharing their story and their experience

350

00:12:19,430 --> 00:12:17,040

because that just helps us in terms of

351  
00:12:22,069 --> 00:12:19,440  
our own knowledge and what's possible

352  
00:12:24,470 --> 00:12:22,079  
and what's not but but my advice is if

353  
00:12:26,470 --> 00:12:24,480  
you like it say something good if you

354  
00:12:28,389 --> 00:12:26,480  
don't like it just keep going don't be

355  
00:12:29,910 --> 00:12:28,399  
one of those guys like let's clean this

356  
00:12:32,310 --> 00:12:29,920  
up a little bit so it's not such a

357  
00:12:33,670 --> 00:12:32,320  
laughing stock right and if you disagree

358  
00:12:34,949 --> 00:12:33,680  
with somebody

359  
00:12:36,870 --> 00:12:34,959  
even like you know because right now

360  
00:12:39,910 --> 00:12:36,880  
it's like pretty big ufologists and

361  
00:12:42,069 --> 00:12:39,920  
podcasters that are attacking each other

362  
00:12:45,190 --> 00:12:42,079  
and i find that funny because there

363  
00:12:46,629 --> 00:12:45,200

there should be united in you know hey

364

00:12:48,550 --> 00:12:46,639

let's

365

00:12:50,790 --> 00:12:48,560

connect together and discover what this

366

00:12:52,790 --> 00:12:50,800

is all about but no they're all like no

367

00:12:54,629 --> 00:12:52,800

this guy's an idiot well yeah screw you

368

00:12:57,269 --> 00:12:54,639

it's like dude it's like watching a

369

00:12:59,750 --> 00:12:57,279

family fight right it's really awkward

370

00:13:01,750 --> 00:12:59,760

but uh yeah it's it sucks and you're

371

00:13:03,750 --> 00:13:01,760

right don't leave nasty comments so try

372

00:13:05,670 --> 00:13:03,760

to avoid that as much as possible think

373

00:13:08,230 --> 00:13:05,680

it's people that are skeptics it gives

374

00:13:09,750 --> 00:13:08,240

them fuel right you look at the topic

375

00:13:11,590 --> 00:13:09,760

and they're like look this is what it's

376

00:13:12,949 --> 00:13:11,600

comprised of a bunch of people who think

377

00:13:14,550 --> 00:13:12,959

they're experts

378

00:13:16,790 --> 00:13:14,560

just putting each other down that

379

00:13:19,269 --> 00:13:16,800

doesn't actually help any of us get any

380

00:13:20,790 --> 00:13:19,279

further ahead absolutely not yeah it's

381

00:13:22,150 --> 00:13:20,800

the lack of cooperation with the

382

00:13:24,230 --> 00:13:22,160

government and people and everything

383

00:13:26,069 --> 00:13:24,240

else why we're not already more advanced

384

00:13:28,470 --> 00:13:26,079

than we are yeah too busy focus on

385

00:13:30,150 --> 00:13:28,480

military and putting things down and

386

00:13:32,069 --> 00:13:30,160

sort of you know slanting the narrative

387

00:13:33,670 --> 00:13:32,079

to the way we want it rather than

388

00:13:35,350 --> 00:13:33,680

collectively working together we could

389

00:13:37,670 --> 00:13:35,360

actually accomplish a lot of stuff right

390

00:13:40,389 --> 00:13:37,680

right which if you look at the past like

391

00:13:41,750 --> 00:13:40,399

even the military uh in states you know

392

00:13:43,990 --> 00:13:41,760

project blue book and stuff like that

393

00:13:45,269 --> 00:13:44,000

they were always very limited

394

00:13:47,269 --> 00:13:45,279

you know they would go on the field if

395

00:13:49,750 --> 00:13:47,279

there was an investigation to be done

396

00:13:51,910 --> 00:13:49,760

but they weren't a huge group there was

397

00:13:53,990 --> 00:13:51,920

you know then the collaboration of

398

00:13:56,150 --> 00:13:54,000

organizations like mufon

399

00:13:58,230 --> 00:13:56,160

well it's still an organization that you

400

00:14:00,470 --> 00:13:58,240

know sharing the information but there's

401  
00:14:02,310 --> 00:14:00,480  
all these compartmentalized

402  
00:14:03,990 --> 00:14:02,320  
areas and stuff and that happens even

403  
00:14:06,230 --> 00:14:04,000  
within the government today now you keep

404  
00:14:07,670 --> 00:14:06,240  
having these new groups that are coming

405  
00:14:09,829 --> 00:14:07,680  
out these uh

406  
00:14:12,310 --> 00:14:09,839  
the new one is the all domain anomaly

407  
00:14:15,590 --> 00:14:12,320  
resolution office which

408  
00:14:17,670 --> 00:14:15,600  
is quite crazy actually um not what is

409  
00:14:19,990 --> 00:14:17,680  
that one uh well basically i've heard

410  
00:14:22,230 --> 00:14:20,000  
it's aro or something right

411  
00:14:23,670 --> 00:14:22,240  
yeah i think it's ro is how how you

412  
00:14:26,550 --> 00:14:23,680  
pronounce it because it's got like two

413  
00:14:27,509 --> 00:14:26,560

a's r and an o so ro i think

414

00:14:29,189 --> 00:14:27,519

um

415

00:14:31,110 --> 00:14:29,199

but yeah on facebook they ended up

416

00:14:33,750 --> 00:14:31,120

saying we will provide updates and

417

00:14:37,189 --> 00:14:33,760

information relative to our examination

418

00:14:41,269 --> 00:14:37,199

of unidentified anomalous phenomenon

419

00:14:44,230 --> 00:14:41,279

across space air and maritime domains

420

00:14:47,189 --> 00:14:44,240

unidentified anomalous phenomena that's

421

00:14:49,509 --> 00:14:47,199

uap with a different a

422

00:14:51,509 --> 00:14:49,519

so i so how many times do we need to

423

00:14:53,350 --> 00:14:51,519

change it you're talking anomalous in

424

00:14:55,990 --> 00:14:53,360

terms of when you say maritime like

425

00:14:58,629 --> 00:14:56,000

water now yeah because uap would be an

426  
00:15:00,389 --> 00:14:58,639  
identified aerial phenomenon meaning

427  
00:15:03,509 --> 00:15:00,399  
well i guess it makes sense we went from

428  
00:15:05,350 --> 00:15:03,519  
ufo flying objects because if you see an

429  
00:15:07,750 --> 00:15:05,360  
orb it may not be a flying object it's

430  
00:15:09,509 --> 00:15:07,760  
not necessarily nuts and bolts so i

431  
00:15:10,629 --> 00:15:09,519  
guess it made sense to go from ufo to

432  
00:15:12,230 --> 00:15:10,639  
uap

433  
00:15:14,230 --> 00:15:12,240  
it kind of makes sense what is it

434  
00:15:18,389 --> 00:15:14,240  
unidentified anomalous

435  
00:15:20,550 --> 00:15:18,399  
phenomenon now i i think the reason why

436  
00:15:21,990 --> 00:15:20,560  
they changed is because it goes into

437  
00:15:24,069 --> 00:15:22,000  
across space

438  
00:15:26,230 --> 00:15:24,079

air and maritime domain so basically

439

00:15:27,990 --> 00:15:26,240

they're confirming that these things are

440

00:15:30,150 --> 00:15:28,000

in the space they come in through you

441

00:15:32,150 --> 00:15:30,160

know they can fly through our area

442

00:15:33,509 --> 00:15:32,160

yeah exactly so

443

00:15:34,949 --> 00:15:33,519

okay i think we don't have to change our

444

00:15:37,189 --> 00:15:34,959

podcasts

445

00:15:39,749 --> 00:15:37,199

you know name usually still uap studies

446

00:15:41,590 --> 00:15:39,759

exactly it still applies so we're good

447

00:15:43,030 --> 00:15:41,600

um but yeah no i thought that was

448

00:15:44,949 --> 00:15:43,040

interesting because they do mention the

449

00:15:46,310 --> 00:15:44,959

fact that uh maritime domain so they're

450

00:15:48,870 --> 00:15:46,320

acknowledging that these things go

451

00:15:51,350 --> 00:15:48,880

underneath the water um i love the name

452

00:15:53,590 --> 00:15:51,360

domains because i i think they're

453

00:15:55,110 --> 00:15:53,600

underneath the ocean somewhere you know

454

00:15:56,790 --> 00:15:55,120

you got to have a base of operation

455

00:15:58,470 --> 00:15:56,800

somewhere like if it's not behind the

456

00:16:00,470 --> 00:15:58,480

moon it's got to be somewhere where we

457

00:16:01,910 --> 00:16:00,480

can't go so why do you think that they

458

00:16:03,350 --> 00:16:01,920

wouldn't just be out in plain view

459

00:16:05,749 --> 00:16:03,360

though this is another thing like if

460

00:16:08,069 --> 00:16:05,759

they're so much more advanced why are

461

00:16:09,670 --> 00:16:08,079

they worried or why do they have to hide

462

00:16:12,470 --> 00:16:09,680

from us like wouldn't this be their

463

00:16:14,150 --> 00:16:12,480

domain since they're way more advanced

464

00:16:16,470 --> 00:16:14,160

yeah you know what there's some stories

465

00:16:19,189 --> 00:16:16,480

of of them not giving a crap and like

466

00:16:22,389 --> 00:16:19,199

appearing to people and just

467

00:16:23,990 --> 00:16:22,399

uh there was that priest in the i think

468

00:16:25,350 --> 00:16:24,000

ecuador or something i'm going to get

469

00:16:26,310 --> 00:16:25,360

this wrong some people are going to get

470

00:16:29,749 --> 00:16:26,320

mad

471

00:16:31,749 --> 00:16:29,759

but he witnessed ufo and some people on

472

00:16:34,870 --> 00:16:31,759

top of the ufo just he could tell they

473

00:16:37,350 --> 00:16:34,880

were like about our height

474

00:16:41,030 --> 00:16:37,360

and he waved at them they waved back

475

00:16:43,189 --> 00:16:41,040

he was amazed um so yeah

476

00:16:46,310 --> 00:16:43,199

yeah he was he was like what and he's a

477

00:16:48,710 --> 00:16:46,320

priest right uh so his his mind was was

478

00:16:51,749 --> 00:16:48,720

blown uh there's that other incident

479

00:16:54,790 --> 00:16:51,759

where um a craft landed in some guy's

480

00:16:57,030 --> 00:16:54,800

yard and when the door opened the entity

481

00:16:58,949 --> 00:16:57,040

was basically given the gesture of i

482

00:17:00,870 --> 00:16:58,959

need something to drink and gave him a

483

00:17:01,910 --> 00:17:00,880

cup and the guy wouldn't got him some

484

00:17:03,110 --> 00:17:01,920

water

485

00:17:05,510 --> 00:17:03,120

yeah they needed a cup and then the

486

00:17:07,429 --> 00:17:05,520

thing gave him some wafer pancakes yeah

487

00:17:10,390 --> 00:17:07,439

i gave him four of them yeah give him

488

00:17:12,390 --> 00:17:10,400

four wafers which were like rubbery

489

00:17:15,029 --> 00:17:12,400

uh yeah yeah they were basically

490

00:17:17,270 --> 00:17:15,039

unedible uh and

491

00:17:19,909 --> 00:17:17,280

we talked recently we had a meeting with

492

00:17:22,710 --> 00:17:19,919

uh charles uh leary

493

00:17:24,549 --> 00:17:22,720

no charles lear i'm sorry not larry um

494

00:17:26,150 --> 00:17:24,559

basically and he described some of these

495

00:17:28,470 --> 00:17:26,160

incidences that would take place even

496

00:17:30,549 --> 00:17:28,480

though it was a gentleman who was i

497

00:17:33,350 --> 00:17:30,559

think this took place in europe but uh

498

00:17:35,110 --> 00:17:33,360

was basically on on horse and cart

499

00:17:36,870 --> 00:17:35,120

and he ended up picking up two little

500

00:17:38,950 --> 00:17:36,880

entities and they ended up sitting back

501  
00:17:41,110 --> 00:17:38,960  
of the cart and gave him directions to

502  
00:17:43,350 --> 00:17:41,120  
where to go for their vessel where it

503  
00:17:45,510 --> 00:17:43,360  
was so there's just like these weird

504  
00:17:48,870 --> 00:17:45,520  
incidences where they just appear they

505  
00:17:51,590 --> 00:17:48,880  
don't care right uh in broad daylight it

506  
00:17:53,750 --> 00:17:51,600  
doesn't matter like even in zimbabwe um

507  
00:17:56,150 --> 00:17:53,760  
you know the aerial school phenomenon

508  
00:17:57,909 --> 00:17:56,160  
yeah they just appear sometimes and

509  
00:17:59,669 --> 00:17:57,919  
don't care right they just don't give a

510  
00:18:01,190 --> 00:17:59,679  
[h\_\_h] they're just like hey we're here

511  
00:18:02,950 --> 00:18:01,200  
this is the message and then they take

512  
00:18:04,390 --> 00:18:02,960  
off and we're all like

513  
00:18:05,909 --> 00:18:04,400

the thing i don't get is a lot of people

514

00:18:08,710 --> 00:18:05,919

were like oh i saw them they were in a

515

00:18:10,150 --> 00:18:08,720

broken down ship and then before not too

516

00:18:12,470 --> 00:18:10,160

long yeah they're back in the ship and

517

00:18:14,310 --> 00:18:12,480

they're gone how badly broken down were

518

00:18:16,549 --> 00:18:14,320

these ships that it takes them five

519

00:18:18,710 --> 00:18:16,559

seconds to fix like i don't think they

520

00:18:21,029 --> 00:18:18,720

break down the ones that break down

521

00:18:22,230 --> 00:18:21,039

explode or crash and the government has

522

00:18:24,230 --> 00:18:22,240

them or whatever or they haven't been

523

00:18:26,549 --> 00:18:24,240

recovered but and if i don't think level

524

00:18:27,990 --> 00:18:26,559

of technology yeah people sometimes are

525

00:18:30,710 --> 00:18:28,000

like oh it looked like one was having a

526

00:18:32,549 --> 00:18:30,720

hard time or it was struggling or maybe

527

00:18:34,150 --> 00:18:32,559

just because the look or the sound of it

528

00:18:36,470 --> 00:18:34,160

isn't what you're accustomed to it might

529

00:18:38,630 --> 00:18:36,480

sound like it's having a hard time yeah

530

00:18:40,310 --> 00:18:38,640

i don't see these things crashing they

531

00:18:42,470 --> 00:18:40,320

didn't make it all the way from their

532

00:18:44,150 --> 00:18:42,480

star system to here and they're going to

533

00:18:46,310 --> 00:18:44,160

get a flat tire

534

00:18:48,070 --> 00:18:46,320

quote unquote you know or so to speak i

535

00:18:49,990 --> 00:18:48,080

i don't see that it's like they're not

536

00:18:51,909 --> 00:18:50,000

going to make it 99 point maybe i mean

537

00:18:53,990 --> 00:18:51,919

technology does fail nothing's perfect

538

00:18:56,230 --> 00:18:54,000

you know it's possible for sure

539

00:18:57,510 --> 00:18:56,240

if the if it's made by something that's

540

00:18:59,110 --> 00:18:57,520

imperfect

541

00:19:00,470 --> 00:18:59,120

there's going to be a flaw at some point

542

00:19:02,950 --> 00:19:00,480

right

543

00:19:04,870 --> 00:19:02,960

let the new guy take a wheel yeah they

544

00:19:06,390 --> 00:19:04,880

just go ahead give it a shot they let

545

00:19:08,710 --> 00:19:06,400

daryl take the keys and this is what

546

00:19:11,029 --> 00:19:08,720

happened yeah exactly or some 16 year

547

00:19:13,029 --> 00:19:11,039

old alien that's learning how to drive

548

00:19:14,870 --> 00:19:13,039

for the first time right yeah that's

549

00:19:17,029 --> 00:19:14,880

funny they told him don't go any further

550

00:19:19,590 --> 00:19:17,039

than venus and here he is crashing in

551  
00:19:20,549 --> 00:19:19,600  
roswell

552  
00:19:25,990 --> 00:19:20,559  
idiot

553  
00:19:27,430 --> 00:19:26,000  
drive oh great here comes the cavalry um

554  
00:19:29,350 --> 00:19:27,440  
yeah i know uh the the other thing

555  
00:19:32,950 --> 00:19:29,360  
that's trending on twitter as well is

556  
00:19:34,310 --> 00:19:32,960  
the scientists taking this absolutely

557  
00:19:37,110 --> 00:19:34,320  
seriously and taking it with the

558  
00:19:40,549 --> 00:19:37,120  
severity and attention that it deserves

559  
00:19:43,110 --> 00:19:40,559  
and you got guys like dr gary nolan avi

560  
00:19:44,870 --> 00:19:43,120  
loeb kevin knuth richard hoffman

561  
00:19:46,789 --> 00:19:44,880  
michiokaku

562  
00:19:48,390 --> 00:19:46,799  
guys like that sort of coming out now

563  
00:19:50,070 --> 00:19:48,400

saying hey there's actually something to

564

00:19:51,909 --> 00:19:50,080

this phenomenon

565

00:19:53,909 --> 00:19:51,919

it's well worth looking into and let's

566

00:19:56,150 --> 00:19:53,919

take it seriously let's not

567

00:19:58,310 --> 00:19:56,160

make fun of this and let's talk about it

568

00:20:00,230 --> 00:19:58,320

openly and it seems to be

569

00:20:02,070 --> 00:20:00,240

yeah prominent now within the scientific

570

00:20:04,070 --> 00:20:02,080

community yeah i heard a quote from

571

00:20:06,230 --> 00:20:04,080

michio kaku the other day where he said

572

00:20:08,789 --> 00:20:06,240

in terms of like fundamental

573

00:20:11,350 --> 00:20:08,799

understanding of time travel like our

574

00:20:14,310 --> 00:20:11,360

brains have wrapped around it we get it

575

00:20:16,549 --> 00:20:14,320

now we understand it the only roadblock

576  
00:20:19,190 --> 00:20:16,559  
is the actual engineering making

577  
00:20:22,390 --> 00:20:19,200  
machinery or devices that somehow can

578  
00:20:24,870 --> 00:20:22,400  
aid in this process but in terms of like

579  
00:20:27,669 --> 00:20:24,880  
understanding it knowing it's possible

580  
00:20:29,750 --> 00:20:27,679  
and that's travel forward backward it's

581  
00:20:31,350 --> 00:20:29,760  
no more crazy to say you can go back in

582  
00:20:34,390 --> 00:20:31,360  
time as it is to think you can go

583  
00:20:36,549 --> 00:20:34,400  
forward in time on paper anyways so uh

584  
00:20:37,909 --> 00:20:36,559  
yeah his his comments are that it's just

585  
00:20:39,110 --> 00:20:37,919  
a matter of technology that needs to

586  
00:20:41,110 --> 00:20:39,120  
catch up

587  
00:20:43,669 --> 00:20:41,120  
maybe there's already

588  
00:20:45,830 --> 00:20:43,679

that level of technology somewhere on a

589

00:20:47,430 --> 00:20:45,840

covert level that we don't know about

590

00:20:49,350 --> 00:20:47,440

i'm sure they've spent money on trying

591

00:20:51,270 --> 00:20:49,360

to figure that out for many years so

592

00:20:53,190 --> 00:20:51,280

yeah who knows

593

00:20:55,350 --> 00:20:53,200

no well when you hear stories like bob

594

00:20:56,470 --> 00:20:55,360

lazar and you hear that you know he saw

595

00:20:58,630 --> 00:20:56,480

nine of them

596

00:21:00,870 --> 00:20:58,640

in a row and they all had different

597

00:21:02,870 --> 00:21:00,880

shapes and stuff like that

598

00:21:05,830 --> 00:21:02,880

it's not just figuring out the machinery

599

00:21:06,630 --> 00:21:05,840

how how it works but the material itself

600

00:21:07,430 --> 00:21:06,640

like

601  
00:21:09,430 --> 00:21:07,440  
uh

602  
00:21:12,549 --> 00:21:09,440  
even the roswell crash

603  
00:21:14,789 --> 00:21:12,559  
and talk about this tin foil and um this

604  
00:21:17,190 --> 00:21:14,799  
tinsel looking stuff which turned out to

605  
00:21:19,110 --> 00:21:17,200  
be fiber optics yeah and you got all

606  
00:21:20,310 --> 00:21:19,120  
this stuff that you know we now have

607  
00:21:22,230 --> 00:21:20,320  
some

608  
00:21:24,870 --> 00:21:22,240  
aspects of it like we do have fiber

609  
00:21:26,470 --> 00:21:24,880  
optics but some of the material that the

610  
00:21:28,870 --> 00:21:26,480  
the craft is actually made of is very

611  
00:21:30,230 --> 00:21:28,880  
very light and they can't figure out how

612  
00:21:32,630 --> 00:21:30,240  
the hell they did this it had to be

613  
00:21:33,669 --> 00:21:32,640

manufactured somehow we can't figure

614

00:21:35,350 --> 00:21:33,679

that out

615

00:21:36,310 --> 00:21:35,360

yeah and even people who have claimed to

616

00:21:39,350 --> 00:21:36,320

have

617

00:21:41,029 --> 00:21:39,360

crash debris if if anyone ever has such

618

00:21:43,190 --> 00:21:41,039

a thing but the ones who have provided

619

00:21:45,029 --> 00:21:43,200

samples and that have been tested and i

620

00:21:46,310 --> 00:21:45,039

think linda molten how had some samples

621

00:21:48,630 --> 00:21:46,320

sent to her and

622

00:21:50,470 --> 00:21:48,640

another guy who metal detects in that

623

00:21:54,070 --> 00:21:50,480

area where everyone believes the crash

624

00:21:55,669 --> 00:21:54,080

site to be they there has been some data

625

00:21:57,750 --> 00:21:55,679

and when they look at the multiple

626  
00:21:59,510 --> 00:21:57,760  
layers of how the metals seem to be

627  
00:22:02,149 --> 00:21:59,520  
almost like wafered one on top of the

628  
00:22:05,750 --> 00:22:02,159  
other yeah and the complexity of the

629  
00:22:08,630 --> 00:22:05,760  
alloy like they're eight or 12 different

630  
00:22:11,350 --> 00:22:08,640  
compounds all mixed together like most

631  
00:22:14,070 --> 00:22:11,360  
alloys on our planet are two or three

632  
00:22:16,149 --> 00:22:14,080  
some of the most complex are like six

633  
00:22:18,310 --> 00:22:16,159  
maybe seven but like you wouldn't really

634  
00:22:21,510 --> 00:22:18,320  
need the seventh kind of thing so to

635  
00:22:22,549 --> 00:22:21,520  
have 12 or 13 or 14 different types of

636  
00:22:24,710 --> 00:22:22,559  
metal

637  
00:22:28,230 --> 00:22:24,720  
all interlayered almost like they were

638  
00:22:29,909 --> 00:22:28,240

laser surface right just the thinnest

639

00:22:32,789 --> 00:22:29,919

you know it would be a fraction of a

640

00:22:35,430 --> 00:22:32,799

hairs thickness and within that you get

641

00:22:37,270 --> 00:22:35,440

that crazy lightness and really good

642

00:22:39,590 --> 00:22:37,280

strength right so it's almost like

643

00:22:41,270 --> 00:22:39,600

carbon fiber if it was just one strand

644

00:22:44,230 --> 00:22:41,280

it's not that strong it's because it's

645

00:22:46,390 --> 00:22:44,240

like like a pie cut it's interwoven it's

646

00:22:48,070 --> 00:22:46,400

like these tiles behind me one goes left

647

00:22:50,470 --> 00:22:48,080

one goes right back and forth back and

648

00:22:52,390 --> 00:22:50,480

forth that's what gives it that strength

649

00:22:55,190 --> 00:22:52,400

right so not only the type of materials

650

00:22:57,029 --> 00:22:55,200

they used and some of those metals like

651  
00:22:57,789 --> 00:22:57,039  
it would be aluminum but it would be

652  
00:23:00,870 --> 00:22:57,799  
like

653  
00:23:03,029 --> 00:23:00,880  
99.999 pure and a different isotope that

654  
00:23:05,430 --> 00:23:03,039  
doesn't even exist from earth so that's

655  
00:23:07,590 --> 00:23:05,440  
difficult to explain in itself and then

656  
00:23:10,310 --> 00:23:07,600  
when you compare that with how it was

657  
00:23:12,230 --> 00:23:10,320  
made the texturing the layering and the

658  
00:23:14,470 --> 00:23:12,240  
number of metals that they had to figure

659  
00:23:16,310 --> 00:23:14,480  
out and the right ratio like who the

660  
00:23:18,549 --> 00:23:16,320  
hell would do all that stuff not even

661  
00:23:20,070 --> 00:23:18,559  
the military does that for you know top

662  
00:23:23,590 --> 00:23:20,080  
secret projects

663  
00:23:25,270 --> 00:23:23,600

no and you know um some of the

664

00:23:27,110 --> 00:23:25,280

the people that have been inside some of

665

00:23:28,950 --> 00:23:27,120

these crafts like we're talking bob

666

00:23:30,070 --> 00:23:28,960

lazar we're saying that

667

00:23:32,149 --> 00:23:30,080

nothing

668

00:23:33,830 --> 00:23:32,159

touches anything there's no rivets

669

00:23:36,710 --> 00:23:33,840

anywhere there's no

670

00:23:39,110 --> 00:23:36,720

um you know basically it's like uh 3d

671

00:23:40,950 --> 00:23:39,120

printing on the inside of the ship

672

00:23:42,710 --> 00:23:40,960

everything yeah everything melds into

673

00:23:45,990 --> 00:23:42,720

each other the table melds into the

674

00:23:47,110 --> 00:23:46,000

floor floor into the walls um you know

675

00:23:49,430 --> 00:23:47,120

when people are saying they're having a

676

00:23:51,269 --> 00:23:49,440

hard time describing it back in the 60s

677

00:23:52,549 --> 00:23:51,279

and 70s or just saying yeah i can't see

678

00:23:56,310 --> 00:23:52,559

any

679

00:23:57,909 --> 00:23:56,320

these these crafts probably operate in a

680

00:23:59,590 --> 00:23:57,919

certain way that you need to have

681

00:24:02,230 --> 00:23:59,600

everything unified

682

00:24:04,149 --> 00:24:02,240

you know for it to work right or there's

683

00:24:06,549 --> 00:24:04,159

some sort of practicality to having that

684

00:24:08,789 --> 00:24:06,559

but it makes sense uh and then there's

685

00:24:10,950 --> 00:24:08,799

the basketball that uh

686

00:24:12,950 --> 00:24:10,960

he called it the basketball this is bob

687

00:24:14,870 --> 00:24:12,960

lazar of course uh he said you would

688

00:24:17,029 --> 00:24:14,880

place that on this sort of

689

00:24:19,190 --> 00:24:17,039

pedestal some sort and that's what would

690

00:24:20,549 --> 00:24:19,200

activate the ship and that's what he was

691

00:24:22,630 --> 00:24:20,559

sort of trying to figure out with the

692

00:24:24,549 --> 00:24:22,640

other scientists was how the hell does

693

00:24:25,590 --> 00:24:24,559

this thing work where does the energy

694

00:24:27,669 --> 00:24:25,600

come from

695

00:24:30,149 --> 00:24:27,679

and you're saying it it produced

696

00:24:32,950 --> 00:24:30,159

absolutely no energy waste whatsoever it

697

00:24:34,630 --> 00:24:32,960

was like pure energy we can't figure

698

00:24:36,710 --> 00:24:34,640

that out that's not something that we're

699

00:24:38,310 --> 00:24:36,720

able to do so when people say i don't

700

00:24:39,269 --> 00:24:38,320

think these crafts

701  
00:24:41,669 --> 00:24:39,279  
are

702  
00:24:43,510 --> 00:24:41,679  
ours well they're right because

703  
00:24:46,549 --> 00:24:43,520  
we don't have that technology china

704  
00:24:48,630 --> 00:24:46,559  
doesn't have the technology yeah right

705  
00:24:50,470 --> 00:24:48,640  
and then you look how they behave

706  
00:24:52,950 --> 00:24:50,480  
that makes it even more clear that we

707  
00:24:55,269 --> 00:24:52,960  
definitely don't have anything that goes

708  
00:24:57,110 --> 00:24:55,279  
eight thousand twenty thousand eighty

709  
00:24:58,950 --> 00:24:57,120  
thousand miles an hour you know like

710  
00:25:01,190 --> 00:24:58,960  
caroline corey was on our show talking

711  
00:25:03,269 --> 00:25:01,200  
about her her movie a tear in the sky

712  
00:25:05,590 --> 00:25:03,279  
and they caught raining tic tacs just

713  
00:25:08,470 --> 00:25:05,600

like the tic tac video and they go from

714

00:25:11,269 --> 00:25:08,480

sub orbital height down to like one foot

715

00:25:12,710 --> 00:25:11,279

over the ocean in a fraction of a second

716

00:25:15,510 --> 00:25:12,720

i don't even know how many g's that

717

00:25:17,430 --> 00:25:15,520

would be so yeah strength and uniformity

718

00:25:19,669 --> 00:25:17,440

of craft if it is a craft would

719

00:25:21,830 --> 00:25:19,679

definitely be important but even if it

720

00:25:24,950 --> 00:25:21,840

was built that strong how does the

721

00:25:26,310 --> 00:25:24,960

inhabitant not liquefy with that kind of

722

00:25:28,870 --> 00:25:26,320

you know what it's like if you slam the

723

00:25:30,710 --> 00:25:28,880

brakes at you know 80 miles an hour can

724

00:25:33,029 --> 00:25:30,720

you imagine at 80 000

725

00:25:34,710 --> 00:25:33,039

it would just liquefy you right so

726

00:25:36,070 --> 00:25:34,720

there's got to be some type of a bubble

727

00:25:38,390 --> 00:25:36,080

that these things are

728

00:25:40,830 --> 00:25:38,400

creating and that would explain why it

729

00:25:45,430 --> 00:25:40,840

doesn't matter if it's air water

730

00:25:46,870 --> 00:25:45,440

atmosphere minus 400 or plus 600

731

00:25:48,070 --> 00:25:46,880

doesn't really seem to matter you know

732

00:25:49,990 --> 00:25:48,080

absolutely

733

00:25:51,669 --> 00:25:50,000

it's uh it's very very

734

00:25:53,350 --> 00:25:51,679

advanced and who knows if we'll ever

735

00:25:55,830 --> 00:25:53,360

even get there like if these

736

00:25:57,909 --> 00:25:55,840

civilizations have many hundreds of

737

00:26:00,070 --> 00:25:57,919

years of a head start or thousands of

738

00:26:01,590 --> 00:26:00,080

years or hundreds of thousands of years

739

00:26:02,710 --> 00:26:01,600

we're never going to get there you know

740

00:26:05,430 --> 00:26:02,720

right

741

00:26:07,430 --> 00:26:05,440

and there's also like i i

742

00:26:09,029 --> 00:26:07,440

i'm looking into the possibility of

743

00:26:10,789 --> 00:26:09,039

hybrids and all that and somebody

744

00:26:13,029 --> 00:26:10,799

brought up the good point that

745

00:26:14,710 --> 00:26:13,039

maybe we're the hybrids right so the

746

00:26:16,390 --> 00:26:14,720

whole experiment like why are they here

747

00:26:17,990 --> 00:26:16,400

maybe where are the hybrids we're the

748

00:26:19,269 --> 00:26:18,000

ones that they sort of

749

00:26:20,870 --> 00:26:19,279

made

750

00:26:22,630 --> 00:26:20,880

who knows what the purpose is like we

751  
00:26:24,310 --> 00:26:22,640  
have to look at that possibility as well

752  
00:26:26,070 --> 00:26:24,320  
because we always talking about creation

753  
00:26:28,789 --> 00:26:26,080  
but there's some aspects of of human

754  
00:26:30,070 --> 00:26:28,799  
evolution that we don't quite understand

755  
00:26:31,510 --> 00:26:30,080  
still

756  
00:26:34,149 --> 00:26:31,520  
and i think yeah there might have been

757  
00:26:36,830 --> 00:26:34,159  
some genetic tempering there at least

758  
00:26:39,750 --> 00:26:36,840  
that's my personal beliefs

759  
00:26:41,510 --> 00:26:39,760  
but some people are also claiming that

760  
00:26:44,549 --> 00:26:41,520  
they're seeing hybrids of human and

761  
00:26:47,110 --> 00:26:44,559  
grays also on some of these abduction

762  
00:26:49,029 --> 00:26:47,120  
cases and to me i'm like well is that

763  
00:26:51,269 --> 00:26:49,039

really a hybrid like maybe they're more

764

00:26:53,029 --> 00:26:51,279

closer to the you know maybe where the

765

00:26:54,230 --> 00:26:53,039

the hybrid like that's the reason of the

766

00:26:56,310 --> 00:26:54,240

cloning

767

00:26:58,390 --> 00:26:56,320

and uh that's been something that i've

768

00:27:01,190 --> 00:26:58,400

been interested in because when you hear

769

00:27:03,669 --> 00:27:01,200

women especially like we had uh

770

00:27:05,350 --> 00:27:03,679

kathleen martin on and there's a

771

00:27:07,350 --> 00:27:05,360

productive

772

00:27:08,390 --> 00:27:07,360

part in their lives where they're being

773

00:27:11,110 --> 00:27:08,400

taken

774

00:27:13,029 --> 00:27:11,120

uh impregnated and then three months

775

00:27:15,269 --> 00:27:13,039

later the baby's taken out or there's

776

00:27:16,870 --> 00:27:15,279

always some sort of a sexual

777

00:27:18,630 --> 00:27:16,880

um

778

00:27:19,909 --> 00:27:18,640

experience that takes place on board

779

00:27:21,909 --> 00:27:19,919

where some you know some sort of

780

00:27:23,110 --> 00:27:21,919

creation is made they take the baby at

781

00:27:25,590 --> 00:27:23,120

three months

782

00:27:27,029 --> 00:27:25,600

uh a woman wakes up that has no memory

783

00:27:29,190 --> 00:27:27,039

of what took place and all of a sudden

784

00:27:31,750 --> 00:27:29,200

she's not pregnant anymore

785

00:27:34,230 --> 00:27:31,760

that takes place and i'm i'm a strong

786

00:27:35,750 --> 00:27:34,240

believer in the abduction phenomenon so

787

00:27:37,269 --> 00:27:35,760

obviously it's not a fire stretch for me

788

00:27:39,269 --> 00:27:37,279

to believe in

789

00:27:41,590 --> 00:27:39,279

uaps or that the crafts are from

790

00:27:43,430 --> 00:27:41,600

somewhere else because

791

00:27:45,430 --> 00:27:43,440

you know people have been

792

00:27:46,950 --> 00:27:45,440

inside these crafts have given details

793

00:27:49,190 --> 00:27:46,960

that

794

00:27:50,470 --> 00:27:49,200

it's either they have a wild imagination

795

00:27:52,389 --> 00:27:50,480

or that they're getting it from

796

00:27:54,310 --> 00:27:52,399

somewhere else but yeah i'm a strong

797

00:27:56,630 --> 00:27:54,320

believer in that and if it was just a

798

00:27:58,950 --> 00:27:56,640

strong imagination it would vary quite a

799

00:28:00,950 --> 00:27:58,960

bit from case the case yeah so many

800

00:28:02,549 --> 00:28:00,960

commonalities and so many

801  
00:28:03,909 --> 00:28:02,559  
similarities that

802  
00:28:06,389 --> 00:28:03,919  
you know not all these people are

803  
00:28:09,510 --> 00:28:06,399  
colluding with each other a guy in chile

804  
00:28:11,590 --> 00:28:09,520  
is not talking to a guy in oklahoma

805  
00:28:13,990 --> 00:28:11,600  
about that experience right

806  
00:28:15,990 --> 00:28:14,000  
times are mad you know they're like call

807  
00:28:18,470 --> 00:28:16,000  
it a hundred year spread on some of

808  
00:28:20,549 --> 00:28:18,480  
these cases and you know it's just too

809  
00:28:23,029 --> 00:28:20,559  
coincidental that they're that similar

810  
00:28:24,310 --> 00:28:23,039  
right but but here's the thing too like

811  
00:28:26,070 --> 00:28:24,320  
back to what we were saying earlier

812  
00:28:28,630 --> 00:28:26,080  
about people making comments and things

813  
00:28:31,430 --> 00:28:28,640

and like where's the evidence

814

00:28:33,510 --> 00:28:31,440

where's anybody's evidence

815

00:28:35,190 --> 00:28:33,520

anybody we spoke to ever anyone who's

816

00:28:37,909 --> 00:28:35,200

made a statement or a comment or said

817

00:28:39,990 --> 00:28:37,919

this was nobody has any evidence who has

818

00:28:41,510 --> 00:28:40,000

physical evidence of aliens and ufos

819

00:28:43,990 --> 00:28:41,520

nobody we don't even know if the

820

00:28:44,950 --> 00:28:44,000

government does we think they do but to

821

00:28:48,310 --> 00:28:44,960

date

822

00:28:50,310 --> 00:28:48,320

nobody has any proof of anything

823

00:28:51,830 --> 00:28:50,320

so to say well yeah i think that guy's

824

00:28:53,830 --> 00:28:51,840

credible and that guy's full of [h\_\_\h]

825

00:28:56,070 --> 00:28:53,840

because he has proof and he doesn't

826

00:28:58,389 --> 00:28:56,080

who's proof and what kind of proof are

827

00:29:00,710 --> 00:28:58,399

you talking about yeah nobody has proof

828

00:29:03,029 --> 00:29:00,720

like don't get too big this is a tiny

829

00:29:05,990 --> 00:29:03,039

little bit of metal that i found

830

00:29:08,389 --> 00:29:06,000

nobody has anything we wanted so

831

00:29:10,310 --> 00:29:08,399

desperately to be able to say no my

832

00:29:12,230 --> 00:29:10,320

my belief of what is real is so

833

00:29:14,230 --> 00:29:12,240

different from what you think is real

834

00:29:15,669 --> 00:29:14,240

and i you're an idiot if you think that

835

00:29:16,950 --> 00:29:15,679

how you know there's no way that's

836

00:29:18,710 --> 00:29:16,960

possible

837

00:29:20,630 --> 00:29:18,720

like what are you believing you know

838

00:29:22,710 --> 00:29:20,640

like don't get so

839

00:29:25,269 --> 00:29:22,720

caught up in that minutia you know and

840

00:29:27,669 --> 00:29:25,279

uh i think like but even

841

00:29:29,990 --> 00:29:27,679

having an experience like that you know

842

00:29:32,389 --> 00:29:30,000

i haven't seen a craft fairly close and

843

00:29:33,990 --> 00:29:32,399

you haven't had an experience as well

844

00:29:35,830 --> 00:29:34,000

uh

845

00:29:37,990 --> 00:29:35,840

to me it opens up my mind that you know

846

00:29:40,230 --> 00:29:38,000

somebody tells me about their story i

847

00:29:41,990 --> 00:29:40,240

almost want to believe it right away

848

00:29:43,669 --> 00:29:42,000

right i'm more prone to believing that

849

00:29:45,510 --> 00:29:43,679

because i've had an experience and i

850

00:29:46,630 --> 00:29:45,520

want people to believe me

851  
00:29:50,070 --> 00:29:46,640  
so

852  
00:29:52,470 --> 00:29:50,080  
for these fake

853  
00:29:54,230 --> 00:29:52,480  
cases where it's not actually true and

854  
00:29:56,070 --> 00:29:54,240  
i'm like oh my god i'm all excited right

855  
00:29:57,269 --> 00:29:56,080  
because i think that it's it's a new

856  
00:29:59,110 --> 00:29:57,279  
thing

857  
00:30:01,110 --> 00:29:59,120  
it gets scammed all the time

858  
00:30:03,750 --> 00:30:01,120  
uh i don't know if that's the same for

859  
00:30:05,510 --> 00:30:03,760  
you but i tend to go that way like i

860  
00:30:07,190 --> 00:30:05,520  
believe people almost right away well i

861  
00:30:09,510 --> 00:30:07,200  
think it's our nature too we have an

862  
00:30:12,149 --> 00:30:09,520  
open mind we want to encourage people to

863  
00:30:14,230 --> 00:30:12,159

talk so by nature we're going to be like

864

00:30:16,389 --> 00:30:14,240

okay i'm not saying i believe everybody

865

00:30:18,630 --> 00:30:16,399

i don't believe or disbelieve

866

00:30:20,389 --> 00:30:18,640

it's more of a wow that was really cool

867

00:30:22,950 --> 00:30:20,399

thank you for sharing that like i just

868

00:30:24,950 --> 00:30:22,960

put it in my bank of all the other

869

00:30:27,029 --> 00:30:24,960

useless [h\_\_\h] that's in there and it'll

870

00:30:28,710 --> 00:30:27,039

have some rank somewhere

871

00:30:30,389 --> 00:30:28,720

but you know and because everybody

872

00:30:32,870 --> 00:30:30,399

thinks differently as well and everybody

873

00:30:35,430 --> 00:30:32,880

remembers differently and as people were

874

00:30:37,350 --> 00:30:35,440

poor observers and uh if you know four

875

00:30:38,950 --> 00:30:37,360

people witness a car accident and you

876

00:30:40,230 --> 00:30:38,960

interview them all separately they're

877

00:30:42,789 --> 00:30:40,240

all gonna have a slightly different

878

00:30:43,750 --> 00:30:42,799

accident and or a slightly different uh

879

00:30:45,430 --> 00:30:43,760

story

880

00:30:47,190 --> 00:30:45,440

and it's only been a few minutes since

881

00:30:50,549 --> 00:30:47,200

the accident it's not like years have

882

00:30:52,070 --> 00:30:50,559

passed and now they're rehashing it so

883

00:30:53,430 --> 00:30:52,080

and and that kind of brings me to

884

00:30:55,269 --> 00:30:53,440

something i wanted to bring up which is

885

00:30:55,990 --> 00:30:55,279

this mandela effect have you heard of

886

00:30:57,190 --> 00:30:56,000

this

887

00:30:59,509 --> 00:30:57,200

uh no

888

00:31:01,990 --> 00:30:59,519

so the mandela effect is kind of

889

00:31:04,789 --> 00:31:02,000

the belief that some people believe that

890

00:31:06,310 --> 00:31:04,799

nelson mandela died in prison in the 80s

891

00:31:09,350 --> 00:31:06,320

and other people believe that he died in

892

00:31:11,990 --> 00:31:09,360

2013 right and depending who you ask

893

00:31:14,070 --> 00:31:12,000

they will swear up and down one way or

894

00:31:17,269 --> 00:31:14,080

the other right and actually i have a

895

00:31:20,070 --> 00:31:17,279

couple funny examples of this so

896

00:31:25,190 --> 00:31:20,080

you remember the berenstein bears yeah

897

00:31:25,200 --> 00:31:30,149

s-t-e-i-n

898

00:31:34,590 --> 00:31:31,830

that's what most people think it was

899

00:31:36,310 --> 00:31:34,600

actually berenstain bears

900

00:31:37,110 --> 00:31:36,320

s-t-a-i-n

901  
00:31:39,430 --> 00:31:37,120  
and

902  
00:31:44,149 --> 00:31:39,440  
yeah barons they were pronounced

903  
00:31:46,549 --> 00:31:44,159  
berenstein bears but it was s-t-a-i-n

904  
00:31:48,789 --> 00:31:46,559  
oh okay you could look this up i my mind

905  
00:31:50,630 --> 00:31:48,799  
was like no this is [h\_\_\h] i looked it

906  
00:31:53,509 --> 00:31:50,640  
up apparently it's true here's another

907  
00:31:57,149 --> 00:31:53,519  
one looney tunes or looney tunes how do

908  
00:32:01,909 --> 00:31:58,950  
t-o-o-n-s

909  
00:32:05,430 --> 00:32:01,919  
incorrect it was actually tunes like

910  
00:32:07,430 --> 00:32:05,440  
music t-u-n-e-s

911  
00:32:10,070 --> 00:32:07,440  
but everybody thinks it's looney tunes

912  
00:32:12,389 --> 00:32:10,080  
t-o-n-s well it's ourselves included

913  
00:32:14,870 --> 00:32:12,399

yeah it's cartoons looney tunes

914

00:32:16,470 --> 00:32:14,880

apparently we're all screwed up so this

915

00:32:17,750 --> 00:32:16,480

is the mandela effect what you think you

916

00:32:21,750 --> 00:32:17,760

believe

917

00:32:24,549 --> 00:32:21,760

it's so widely understood

918

00:32:32,389 --> 00:32:24,559

this thing still exists uh okay so oscar

919

00:32:39,830 --> 00:32:35,110

well not s but meyer yeah that it was

920

00:32:42,870 --> 00:32:39,840

actually oscar mayer m-a-y-o-r

921

00:32:44,950 --> 00:32:42,880

like john mayer like john mayer so even

922

00:32:46,470 --> 00:32:44,960

everyone who thinks it's meyer myself

923

00:32:48,470 --> 00:32:46,480

included i couldn't believe every one of

924

00:32:51,750 --> 00:32:48,480

these i'm like that's impossible

925

00:32:55,669 --> 00:32:51,760

it's oscar mayer uh fruit loops or fruit

926  
00:32:59,990 --> 00:32:57,909  
is it normal or spelled funny well i

927  
00:33:02,950 --> 00:33:00,000  
would assume that they spelled it normal

928  
00:33:05,669 --> 00:33:02,960  
yeah everybody thinks it's f-r-u-i-t and

929  
00:33:08,830 --> 00:33:05,679  
then l-o-o-p-s right it's actually

930  
00:33:14,789 --> 00:33:12,310  
f-r-o-o-t fruit loops so unlike the

931  
00:33:18,070 --> 00:33:14,799  
looney tunes this one really is with the

932  
00:33:19,990 --> 00:33:18,080  
double o fruit does have the tunes it's

933  
00:33:23,029 --> 00:33:20,000  
f-r-o-o-t

934  
00:33:24,789 --> 00:33:23,039  
loops so just dumb [h\_\_h] like this now

935  
00:33:26,470 --> 00:33:24,799  
again how deep down the rabbit hole do

936  
00:33:28,870 --> 00:33:26,480  
you want to go people think this is cern

937  
00:33:30,630 --> 00:33:28,880  
related or that they've somehow reset

938  
00:33:32,789 --> 00:33:30,640

our reality and they're replaying old

939

00:33:34,630 --> 00:33:32,799

info i saw a video the other day of

940

00:33:36,870 --> 00:33:34,640

somebody that was on the live feed for

941

00:33:38,870 --> 00:33:36,880

cern and they zoomed in on the date on

942

00:33:41,029 --> 00:33:38,880

one of the monitors and it was from the

943

00:33:43,590 --> 00:33:41,039

last time cern was up and running right

944

00:33:46,789 --> 00:33:43,600

they were actually replaying old footage

945

00:33:48,470 --> 00:33:46,799

as supposedly the live current feed so

946

00:33:50,630 --> 00:33:48,480

there's a lot of theory about what the

947

00:33:52,430 --> 00:33:50,640

hell's actually going on people are

948

00:33:53,909 --> 00:33:52,440

saying it's having an effect

949

00:33:55,110 --> 00:33:53,919

electromagnetically they're getting

950

00:33:58,230 --> 00:33:55,120

headaches

951

00:34:00,549 --> 00:33:58,240

there's a so many reports of

952

00:34:03,110 --> 00:34:00,559

cern related things or you know somehow

953

00:34:06,070 --> 00:34:03,120

this is uh a cover for something way

954

00:34:07,190 --> 00:34:06,080

more dangerous and covert and i don't

955

00:34:08,950 --> 00:34:07,200

know what do you think have you heard

956

00:34:10,950 --> 00:34:08,960

anything to that effect no but i would i

957

00:34:12,869 --> 00:34:10,960

would think that if you're messing with

958

00:34:14,629 --> 00:34:12,879

technology like that we don't know the

959

00:34:16,389 --> 00:34:14,639

science or

960

00:34:18,230 --> 00:34:16,399

what the physical effects are going to

961

00:34:19,589 --> 00:34:18,240

be on the human body especially when

962

00:34:21,909 --> 00:34:19,599

you're doing stuff like that it seems

963

00:34:24,230 --> 00:34:21,919

harmless but i mean that's there's a lot

964

00:34:27,270 --> 00:34:24,240

of magnets that are taking place there

965

00:34:29,270 --> 00:34:27,280

they're thrown you know was it electrons

966

00:34:31,109 --> 00:34:29,280

or something like that like at

967

00:34:33,030 --> 00:34:31,119

tremendous speed almost the speed of

968

00:34:34,790 --> 00:34:33,040

light uh there's got to be some sort of

969

00:34:36,470 --> 00:34:34,800

effects physical effects that would you

970

00:34:39,030 --> 00:34:36,480

know over time

971

00:34:41,349 --> 00:34:39,040

develop for these people and who knows

972

00:34:43,589 --> 00:34:41,359

if it's reversible or if it's permanent

973

00:34:46,550 --> 00:34:43,599

right i can see it affecting animals

974

00:34:48,470 --> 00:34:46,560

like migration patterns birds animals

975

00:34:50,790 --> 00:34:48,480

that are really in tune with the very

976  
00:34:52,629 --> 00:34:50,800  
subtle frequency yeah now you know

977  
00:34:55,510 --> 00:34:52,639  
instead of listening to classical music

978  
00:34:57,589 --> 00:34:55,520  
you got ac dc on full blast those

979  
00:34:59,349 --> 00:34:57,599  
animals may not be able to pick up that

980  
00:35:01,109 --> 00:34:59,359  
frequency that they're in tune with

981  
00:35:03,270 --> 00:35:01,119  
right i could see it having an effect on

982  
00:35:05,510 --> 00:35:03,280  
that stuff like that or people that

983  
00:35:08,230 --> 00:35:05,520  
are sort of uh more sensitive to

984  
00:35:09,829 --> 00:35:08,240  
electromagnetic fluctuation right more

985  
00:35:12,790 --> 00:35:09,839  
than others i think those people could

986  
00:35:14,230 --> 00:35:12,800  
definitely uh have some effect to it so

987  
00:35:16,390 --> 00:35:14,240  
i always thought about

988  
00:35:18,630 --> 00:35:16,400

mars he sent people to mars and there's

989

00:35:21,190 --> 00:35:18,640

no moon the moon really does help us

990

00:35:22,870 --> 00:35:21,200

with you know uh hunger and sleep

991

00:35:25,670 --> 00:35:22,880

patterns and

992

00:35:27,510 --> 00:35:25,680

different stuff yeah and we often joke

993

00:35:29,670 --> 00:35:27,520

about how like on full moons people

994

00:35:30,950 --> 00:35:29,680

actually act crazy there's almost like a

995

00:35:32,630 --> 00:35:30,960

palpable

996

00:35:35,349 --> 00:35:32,640

you know thing that happens with people

997

00:35:36,790 --> 00:35:35,359

in full moons and uh i always thought

998

00:35:38,790 --> 00:35:36,800

you know you sent people to mars there's

999

00:35:40,550 --> 00:35:38,800

no moon would there be such a thing as

1000

00:35:43,190 --> 00:35:40,560

moon sickness like

1001  
00:35:45,829 --> 00:35:43,200  
well the word lunatic comes from moon

1002  
00:35:47,430 --> 00:35:45,839  
sickness right latin for somebody who's

1003  
00:35:49,750 --> 00:35:47,440  
been driven mad

1004  
00:35:51,990 --> 00:35:49,760  
because of the moon right you know so

1005  
00:35:53,829 --> 00:35:52,000  
there's uh this goes back into folklore

1006  
00:35:55,270 --> 00:35:53,839  
and maybe there's some truth behind it

1007  
00:35:57,030 --> 00:35:55,280  
and that's what's kept it around for so

1008  
00:35:59,190 --> 00:35:57,040  
long who knows right

1009  
00:36:00,470 --> 00:35:59,200  
no who knows that's another uh

1010  
00:36:02,790 --> 00:36:00,480  
that's another thing anyways that's the

1011  
00:36:05,109 --> 00:36:02,800  
side side thought that i had the other

1012  
00:36:08,790 --> 00:36:05,119  
day i thought it was uh yeah but with

1013  
00:36:12,069 --> 00:36:10,390

who knows i think that playing with ron

1014

00:36:14,069 --> 00:36:12,079

with magnus you're you're mentioning the

1015

00:36:16,870 --> 00:36:14,079

animals i think would equally affect

1016

00:36:18,230 --> 00:36:16,880

humans uh you know it plays with with

1017

00:36:21,190 --> 00:36:18,240

our brains like there's you know

1018

00:36:22,790 --> 00:36:21,200

calibration not calibration but uh

1019

00:36:24,230 --> 00:36:22,800

you know we have iron in our blood and

1020

00:36:25,910 --> 00:36:24,240

stuff like that so playing around with

1021

00:36:27,190 --> 00:36:25,920

big magnets you're bound to get

1022

00:36:29,510 --> 00:36:27,200

something that you know it's going to

1023

00:36:31,270 --> 00:36:29,520

happen and earth is an iron core for the

1024

00:36:33,349 --> 00:36:31,280

most part right iron is one of the most

1025

00:36:36,230 --> 00:36:33,359

important elements on the planet right

1026  
00:36:38,470 --> 00:36:36,240  
you know next to like nitrogen oxygen

1027  
00:36:40,950 --> 00:36:38,480  
and you know hydrogen that type of stuff

1028  
00:36:43,750 --> 00:36:40,960  
carbon um you know we're a big

1029  
00:36:46,390 --> 00:36:43,760  
percentage iron for sure i'm surprised

1030  
00:36:48,390 --> 00:36:46,400  
you don't hear much uh uap reports

1031  
00:36:50,230 --> 00:36:48,400  
over cern like that whole area do you

1032  
00:36:52,470 --> 00:36:50,240  
think there'd be some sort of uh i think

1033  
00:36:55,190 --> 00:36:52,480  
it's a controlled airspace as it is so

1034  
00:36:57,430 --> 00:36:55,200  
it basically falls under military

1035  
00:36:59,349 --> 00:36:57,440  
or government jurisdiction you don't

1036  
00:37:01,430 --> 00:36:59,359  
hear too many uh ufo reports over the

1037  
00:37:03,270 --> 00:37:01,440  
white house either right no that's true

1038  
00:37:04,710 --> 00:37:03,280

that's true if there was you still

1039

00:37:06,630 --> 00:37:04,720

wouldn't hear too many reports over the

1040

00:37:08,630 --> 00:37:06,640

white house

1041

00:37:09,349 --> 00:37:08,640

another thing that's been circulating on

1042

00:37:11,030 --> 00:37:09,359

on

1043

00:37:13,750 --> 00:37:11,040

in the news as of late is the crop

1044

00:37:15,109 --> 00:37:13,760

circles being embedded with codes

1045

00:37:17,030 --> 00:37:15,119

and that people are saying they're

1046

00:37:17,990 --> 00:37:17,040

starting to decipher the codes and stuff

1047

00:37:19,670 --> 00:37:18,000

like that

1048

00:37:22,630 --> 00:37:19,680

there was one i think in the 90s or

1049

00:37:24,630 --> 00:37:22,640

maybe the mid-2000s and they they took

1050

00:37:27,589 --> 00:37:24,640

it and they somehow uploaded it into

1051  
00:37:29,589 --> 00:37:27,599  
like you know ones and zeros right and

1052  
00:37:31,510 --> 00:37:29,599  
uh they were able to get some kind of a

1053  
00:37:34,870 --> 00:37:31,520  
message out of it right now who knows i

1054  
00:37:37,829 --> 00:37:34,880  
mean you can make a a legend for any

1055  
00:37:40,310 --> 00:37:37,839  
cipher you want to make that cipher read

1056  
00:37:43,349 --> 00:37:40,320  
the message you want right that symbol

1057  
00:37:44,630 --> 00:37:43,359  
equals a j or that symbol equals an s

1058  
00:37:46,630 --> 00:37:44,640  
you're going to write a different story

1059  
00:37:48,230 --> 00:37:46,640  
depending on what letter you assigned to

1060  
00:37:50,790 --> 00:37:48,240  
that symbol so

1061  
00:37:52,950 --> 00:37:50,800  
there's a lot of of stuff that you got

1062  
00:37:55,430 --> 00:37:52,960  
to be objective about and

1063  
00:37:57,430 --> 00:37:55,440

but yeah i mean uh there was one years

1064

00:37:59,589 --> 00:37:57,440

ago too it was like half an alien face

1065

00:38:01,750 --> 00:37:59,599

and it had like a genetic

1066

00:38:03,829 --> 00:38:01,760

almost like a helical thing on the other

1067

00:38:06,470 --> 00:38:03,839

side like that's the one i keep seeing

1068

00:38:08,390 --> 00:38:06,480

on twitter or i think there was

1069

00:38:10,310 --> 00:38:08,400

they sent a message and then they got

1070

00:38:12,069 --> 00:38:10,320

one as a response i think there was more

1071

00:38:13,270 --> 00:38:12,079

to it it wasn't just some random thing i

1072

00:38:15,589 --> 00:38:13,280

think it was

1073

00:38:17,670 --> 00:38:15,599

one of two and then two of two or

1074

00:38:19,910 --> 00:38:17,680

somebody made an artificial crop circle

1075

00:38:22,069 --> 00:38:19,920

trying to communicate and then they came

1076

00:38:23,510 --> 00:38:22,079

with their own response and it was a

1077

00:38:25,190 --> 00:38:23,520

slightly different answer like the

1078

00:38:27,270 --> 00:38:25,200

letters had been rearranged and stuff

1079

00:38:29,670 --> 00:38:27,280

like that so who knows i mean there have

1080

00:38:31,589 --> 00:38:29,680

been guys that have claimed that they

1081

00:38:33,270 --> 00:38:31,599

forged crop circles they were very good

1082

00:38:34,630 --> 00:38:33,280

at it they made many of them they made

1083

00:38:36,069 --> 00:38:34,640

them fast

1084

00:38:38,230 --> 00:38:36,079

but then there's people that have said

1085

00:38:41,349 --> 00:38:38,240

that they've seen the the layers of

1086

00:38:42,790 --> 00:38:41,359

grass like thatched and interlaced into

1087

00:38:44,950 --> 00:38:42,800

one another

1088

00:38:46,950 --> 00:38:44,960

and also laid in a spiral

1089

00:38:48,950 --> 00:38:46,960

like it's just layer on layer on layer

1090

00:38:50,630 --> 00:38:48,960

it was like it was stitched together

1091

00:38:53,109 --> 00:38:50,640

yeah and when you look at the breadth of

1092

00:38:55,349 --> 00:38:53,119

the stupid design and how mathematically

1093

00:38:57,990 --> 00:38:55,359

complicated and how to do that in a

1094

00:39:00,069 --> 00:38:58,000

short amount of time without being seen

1095

00:39:01,829 --> 00:39:00,079

i don't know i think some are real for

1096

00:39:03,109 --> 00:39:01,839

sure and i think some are fake but i

1097

00:39:05,030 --> 00:39:03,119

definitely think there have been some

1098

00:39:06,870 --> 00:39:05,040

real ones yeah and they're not broken

1099

00:39:08,790 --> 00:39:06,880

they're all um

1100

00:39:11,589 --> 00:39:08,800

sort of at an angle as if they've been

1101  
00:39:13,910 --> 00:39:11,599  
heated and then just plied back yeah and

1102  
00:39:16,069 --> 00:39:13,920  
they're not broken stems at all like if

1103  
00:39:17,990 --> 00:39:16,079  
it was a board with rope like i've seen

1104  
00:39:21,190 --> 00:39:18,000  
some people do that but they always do

1105  
00:39:22,630 --> 00:39:21,200  
it in wheat right uh corn is a lot more

1106  
00:39:24,150 --> 00:39:22,640  
work

1107  
00:39:25,670 --> 00:39:24,160  
that's what's impressive is when it's

1108  
00:39:27,750 --> 00:39:25,680  
and i think it has to do with the damage

1109  
00:39:29,589 --> 00:39:27,760  
factor too because i vote the the

1110  
00:39:31,510 --> 00:39:29,599  
stories i've read the only time the

1111  
00:39:33,670 --> 00:39:31,520  
farmers plowed the field was to keep

1112  
00:39:35,030 --> 00:39:33,680  
people from coming they were getting so

1113  
00:39:36,390 --> 00:39:35,040

much attention they didn't want people

1114

00:39:38,150 --> 00:39:36,400

to know that it was their farms they

1115

00:39:40,230 --> 00:39:38,160

just plowed the bloody wheat and be you

1116

00:39:42,470 --> 00:39:40,240

know we're finished with it it wasn't

1117

00:39:44,390 --> 00:39:42,480

because it destroyed their crops

1118

00:39:46,310 --> 00:39:44,400

so if they did it in corn they know that

1119

00:39:48,069 --> 00:39:46,320

it would devastate somebody's livelihood

1120

00:39:49,750 --> 00:39:48,079

it was almost like that's the more

1121

00:39:51,670 --> 00:39:49,760

polite place to leave it because it'll

1122

00:39:53,109 --> 00:39:51,680

be fine they're not going to hurt your

1123

00:39:55,349 --> 00:39:53,119

fields right

1124

00:39:56,870 --> 00:39:55,359

maybe cut a little bit in your profits

1125

00:39:58,390 --> 00:39:56,880

because you won't be able to use the

1126

00:40:00,150 --> 00:39:58,400

grain that we

1127

00:40:02,470 --> 00:40:00,160

apply it over but that's fine that's

1128

00:40:04,069 --> 00:40:02,480

okay i think at some point it comes back

1129

00:40:05,910 --> 00:40:04,079

though there have been ones that were

1130

00:40:07,990 --> 00:40:05,920

just left to their own devices and after

1131

00:40:09,990 --> 00:40:08,000

a couple days or weeks or whatever you

1132

00:40:11,829 --> 00:40:10,000

would never know that even happened yeah

1133

00:40:14,230 --> 00:40:11,839

they were just literally laid down and

1134

00:40:16,550 --> 00:40:14,240

folded together and then i mean look at

1135

00:40:18,309 --> 00:40:16,560

any plants i step on a weed in my

1136

00:40:20,950 --> 00:40:18,319

driveway and that thing's half dead

1137

00:40:22,630 --> 00:40:20,960

growing back to the sun three days later

1138

00:40:25,109 --> 00:40:22,640

you know it's like nature's way of

1139

00:40:27,510 --> 00:40:25,119

keeping itself alive so

1140

00:40:30,309 --> 00:40:27,520

no i you know what we live in a

1141

00:40:32,790 --> 00:40:30,319

beautiful valley that has a lot of farms

1142

00:40:34,950 --> 00:40:32,800

and a lot of corn

1143

00:40:36,710 --> 00:40:34,960

farms as well right a lot of corn fields

1144

00:40:38,309 --> 00:40:36,720

so i always hope

1145

00:40:39,990 --> 00:40:38,319

that there's going to be one of these

1146

00:40:41,510 --> 00:40:40,000

crop circles that's going to pop up in

1147

00:40:43,349 --> 00:40:41,520

their neighborhood

1148

00:40:44,309 --> 00:40:43,359

but that's that's you know wishful

1149

00:40:48,069 --> 00:40:44,319

wishing

1150

00:40:51,670 --> 00:40:48,079

uh

1151

00:40:53,190 --> 00:40:51,680

the same with the cattle mutilation i

1152

00:40:56,230 --> 00:40:53,200

don't think that's ever going to happen

1153

00:40:58,230 --> 00:40:56,240

but you know one may uh one may wish if

1154

00:41:00,470 --> 00:40:58,240

you will yeah

1155

00:41:02,470 --> 00:41:00,480

uh robert zalas no longer is

1156

00:41:04,230 --> 00:41:02,480

investigating uh not investigating but

1157

00:41:06,550 --> 00:41:04,240

is no longer doing interviews going to

1158

00:41:09,109 --> 00:41:06,560

ufo conferences or doing any more

1159

00:41:10,790 --> 00:41:09,119

podcasts and we were halfway into

1160

00:41:12,390 --> 00:41:10,800

speaking with him to getting him on our

1161

00:41:13,589 --> 00:41:12,400

show i had already messaged him a few

1162

00:41:15,589 --> 00:41:13,599

months ago

1163

00:41:17,349 --> 00:41:15,599

and uh he had told me that he was going

1164

00:41:19,750 --> 00:41:17,359

to do some speaking at the roswell

1165

00:41:21,589 --> 00:41:19,760

anniversary conference and then right

1166

00:41:24,309 --> 00:41:21,599

after that conference he released that

1167

00:41:25,910 --> 00:41:24,319

he's no longer doing shows podcasts

1168

00:41:28,390 --> 00:41:25,920

and i guess i understand that i mean

1169

00:41:29,990 --> 00:41:28,400

he's told the same story 700 times to

1170

00:41:32,230 --> 00:41:30,000

his point he's like listen i've written

1171

00:41:34,150 --> 00:41:32,240

books i have youtube videos

1172

00:41:36,230 --> 00:41:34,160

type my name in any search engine you're

1173

00:41:38,710 --> 00:41:36,240

going to get my story his story is

1174

00:41:40,630 --> 00:41:38,720

literally only that story he was asleep

1175

00:41:43,750 --> 00:41:40,640

he was woken up something shut down the

1176

00:41:46,470 --> 00:41:43,760

nuclear silos and uh

1177

00:41:49,109 --> 00:41:46,480

it's not like a 40-year career of

1178

00:41:51,109 --> 00:41:49,119

multiple things it was one incident

1179

00:41:53,670 --> 00:41:51,119

so you can only carry that on so long

1180

00:41:54,950 --> 00:41:53,680

and after a while you get to uh

1181

00:41:56,950 --> 00:41:54,960

you kind of get sick of the sound of

1182

00:41:58,309 --> 00:41:56,960

your own voice right so yeah i think

1183

00:42:00,390 --> 00:41:58,319

give him a lot of credit and a lot of

1184

00:42:02,630 --> 00:42:00,400

respect to him he was definitely a help

1185

00:42:05,670 --> 00:42:02,640

towards this movement i think he was

1186

00:42:07,270 --> 00:42:05,680

super credible and uh he did say that he

1187

00:42:09,270 --> 00:42:07,280

was considering it i guess he was

1188

00:42:10,390 --> 00:42:09,280

considering also retiring at the same

1189

00:42:11,670 --> 00:42:10,400

time so

1190

00:42:13,910 --> 00:42:11,680

we still have a lot of respect for

1191

00:42:17,109 --> 00:42:13,920

robert's house oh for sure and at some

1192

00:42:18,950 --> 00:42:17,119

point people have got to retire right um

1193

00:42:20,950 --> 00:42:18,960

i think paul hell you're

1194

00:42:23,829 --> 00:42:20,960

retired a bit right before he passed

1195

00:42:24,870 --> 00:42:23,839

away but i mean even in his 80s he was

1196

00:42:26,950 --> 00:42:24,880

still

1197

00:42:29,349 --> 00:42:26,960

very adamant that uh we were being

1198

00:42:33,109 --> 00:42:29,359

visited by ufos that there was some sort

1199

00:42:34,950 --> 00:42:33,119

of uh collective of them um which you

1200

00:42:37,510 --> 00:42:34,960

know at first a dismissed but after

1201  
00:42:39,510 --> 00:42:37,520  
hearing that general in israel that ran

1202  
00:42:41,109 --> 00:42:39,520  
the space program for 30 years say that

1203  
00:42:46,870 --> 00:42:41,119  
there's kind of like a federation of

1204  
00:42:50,390 --> 00:42:49,109  
i never do i'm horrible with names as

1205  
00:42:52,870 --> 00:42:50,400  
you know so

1206  
00:42:54,390 --> 00:42:52,880  
uh no to be honest i didn't know the

1207  
00:42:56,230 --> 00:42:54,400  
first time you brought it up like six

1208  
00:42:57,750 --> 00:42:56,240  
months ago right it was like how did

1209  
00:42:59,510 --> 00:42:57,760  
neither one of us know the name of this

1210  
00:43:01,670 --> 00:42:59,520  
guy we got to be better than that so i

1211  
00:43:03,589 --> 00:43:01,680  
researched it and then you brought it up

1212  
00:43:04,790 --> 00:43:03,599  
a couple weeks ago and i'm like i miss

1213  
00:43:06,230 --> 00:43:04,800

him i've been waiting for this

1214

00:43:08,069 --> 00:43:06,240

opportunity

1215

00:43:09,829 --> 00:43:08,079

i got it right here well he knocked you

1216

00:43:12,309 --> 00:43:09,839

knocked it out of the park but uh yeah

1217

00:43:15,109 --> 00:43:12,319

no he when he said that i i think it

1218

00:43:16,950 --> 00:43:15,119

gave paul hellyer uh some credit to what

1219

00:43:18,550 --> 00:43:16,960

he was saying um

1220

00:43:21,829 --> 00:43:18,560

and for those of you that don't know who

1221

00:43:22,710 --> 00:43:21,839

paul hellyer is he was a uh canadian he

1222

00:43:25,190 --> 00:43:22,720

was a

1223

00:43:27,990 --> 00:43:25,200

canadian defense minister wasn't he yeah

1224

00:43:30,069 --> 00:43:28,000

yeah uh i think this was back in the 70s

1225

00:43:32,390 --> 00:43:30,079

or 80s but

1226

00:43:33,360 --> 00:43:32,400

basically he retired and then gave a lot

1227

00:43:35,109 --> 00:43:33,370

of his time to

1228

00:43:37,750 --> 00:43:35,119

[Music]

1229

00:43:39,910 --> 00:43:37,760

ufology and studying what was going on

1230

00:43:42,309 --> 00:43:39,920

had a lot of inside information american

1231

00:43:44,390 --> 00:43:42,319

friends and uh deep state and he was at

1232

00:43:45,829 --> 00:43:44,400

that national uh press club in

1233

00:43:47,349 --> 00:43:45,839

washington that stephen grier put

1234

00:43:49,510 --> 00:43:47,359

together he was one of the speakers

1235

00:43:50,710 --> 00:43:49,520

that's true it's so it's like bob lazar

1236

00:43:52,550 --> 00:43:50,720

people are like you should get bob azar

1237

00:43:54,390 --> 00:43:52,560

on your show gee we haven't thought of

1238

00:43:56,870 --> 00:43:54,400

that before yeah

1239

00:43:59,510 --> 00:43:56,880

well never tried basically gotten kicked

1240

00:44:02,150 --> 00:43:59,520

in the teeth by coming out since the day

1241

00:44:04,710 --> 00:44:02,160

it happened yeah he was on joe rogan he

1242

00:44:06,150 --> 00:44:04,720

doesn't want like don't go to his house

1243

00:44:08,630 --> 00:44:06,160

don't bother him

1244

00:44:10,230 --> 00:44:08,640

don't message him you know we are

1245

00:44:11,910 --> 00:44:10,240

friends with george knapp and jeremy

1246

00:44:14,790 --> 00:44:11,920

corbell they are the official

1247

00:44:16,470 --> 00:44:14,800

ambassadors of bob lazar and just like

1248

00:44:17,990 --> 00:44:16,480

he wants to be left alone just leave him

1249

00:44:19,990 --> 00:44:18,000

alone right we're not

1250

00:44:21,750 --> 00:44:20,000

it will probably never happen yes we

1251  
00:44:23,430 --> 00:44:21,760  
would like to have bubbles on the show

1252  
00:44:24,710 --> 00:44:23,440  
if we thought there was a chance that we

1253  
00:44:27,109 --> 00:44:24,720  
could book him

1254  
00:44:29,910 --> 00:44:27,119  
maybe there still is who knows but as

1255  
00:44:32,150 --> 00:44:29,920  
per his own request we are

1256  
00:44:33,750 --> 00:44:32,160  
we're humbly leaving him alone

1257  
00:44:35,990 --> 00:44:33,760  
which which is good i mean we're not

1258  
00:44:37,589 --> 00:44:36,000  
going to pester people i've done my fair

1259  
00:44:39,750 --> 00:44:37,599  
share of of reaching out to people and

1260  
00:44:41,109 --> 00:44:39,760  
then being persistent and

1261  
00:44:42,550 --> 00:44:41,119  
you know if they don't reply back they

1262  
00:44:44,470 --> 00:44:42,560  
don't reply back there's nothing you can

1263  
00:44:45,990 --> 00:44:44,480

do about that and some of these people

1264

00:44:47,349 --> 00:44:46,000

and i don't want to name names i mean i

1265

00:44:49,190 --> 00:44:47,359

really do want to name names because

1266

00:44:51,990 --> 00:44:49,200

some people in this field are really you

1267

00:44:54,470 --> 00:44:52,000

know they they really got it coming but

1268

00:44:57,190 --> 00:44:54,480

some of these people are just out to

1269

00:44:59,270 --> 00:44:57,200

make money we'll reach out to somebody

1270

00:45:01,190 --> 00:44:59,280

we're a big fan of your work we want you

1271

00:45:03,270 --> 00:45:01,200

to come on the show you know we're not

1272

00:45:04,630 --> 00:45:03,280

doing this for money ourselves like and

1273

00:45:06,550 --> 00:45:04,640

they're like well you know due to my

1274

00:45:08,790 --> 00:45:06,560

agent contract i need to charge a

1275

00:45:11,190 --> 00:45:08,800

thousand dollars for an hour like what

1276

00:45:13,030 --> 00:45:11,200

are you a neurosurgeon like and you

1277

00:45:15,510 --> 00:45:13,040

don't understand how followings work you

1278

00:45:17,190 --> 00:45:15,520

get thousands of people that listen you

1279

00:45:19,670 --> 00:45:17,200

come on the show talk about your book

1280

00:45:21,589 --> 00:45:19,680

you're going to sell a lot more than the

1281

00:45:23,190 --> 00:45:21,599

stupid peasley fee

1282

00:45:25,430 --> 00:45:23,200

that you're trying to charge you know

1283

00:45:27,750 --> 00:45:25,440

it's like it was not a light feed that

1284

00:45:29,829 --> 00:45:27,760

was a very heavy fee a thousand

1285

00:45:32,069 --> 00:45:29,839

guys that are like yeah i need 250 bucks

1286

00:45:34,069 --> 00:45:32,079

to do it like man you must be hurt for

1287

00:45:35,829 --> 00:45:34,079

rent or some [h\_\_h] you know like george

1288

00:45:37,829 --> 00:45:35,839

knapp comes on our show

1289

00:45:40,550 --> 00:45:37,839

and we don't pay him and he doesn't pay

1290

00:45:42,470 --> 00:45:40,560

us to promote him either he's just he

1291

00:45:45,109 --> 00:45:42,480

that's what he does he knows that that's

1292

00:45:47,270 --> 00:45:45,119

how you get people to discover you and

1293

00:45:48,870 --> 00:45:47,280

buy your products you got to go talk

1294

00:45:50,870 --> 00:45:48,880

about it right if you go on the tonight

1295

00:45:52,390 --> 00:45:50,880

show you're not getting paid but you're

1296

00:45:54,230 --> 00:45:52,400

talking about your new movie and that's

1297

00:45:55,670 --> 00:45:54,240

how you promote it right right caroline

1298

00:45:57,510 --> 00:45:55,680

corey comes up with a new movie she

1299

00:45:59,190 --> 00:45:57,520

comes on our show we talk about the

1300

00:46:01,109 --> 00:45:59,200

phenomenon we didn't just promote the

1301  
00:46:02,630 --> 00:46:01,119  
movie the whole bloody time like some

1302  
00:46:04,470 --> 00:46:02,640  
people like it some people don't like it

1303  
00:46:06,390 --> 00:46:04,480  
okay go see the movie make your own

1304  
00:46:08,150 --> 00:46:06,400  
decision like anything else right so

1305  
00:46:10,390 --> 00:46:08,160  
yeah it doesn't mean you can't discuss

1306  
00:46:13,349 --> 00:46:10,400  
what was in it it doesn't need to be an

1307  
00:46:15,349 --> 00:46:13,359  
overwhelming promotion for those people

1308  
00:46:17,510 --> 00:46:15,359  
we don't we don't ring anybody's bell

1309  
00:46:19,670 --> 00:46:17,520  
we'll tell you who they are you check

1310  
00:46:21,750 --> 00:46:19,680  
out their own stuff yeah buy it if you

1311  
00:46:23,030 --> 00:46:21,760  
want don't buy it if you want makes no

1312  
00:46:26,069 --> 00:46:23,040  
difference to us

1313  
00:46:28,710 --> 00:46:26,079

well the the important thing is also

1314

00:46:30,950 --> 00:46:28,720

hearing from everybody and you know i

1315

00:46:32,630 --> 00:46:30,960

there's some people in this field

1316

00:46:34,470 --> 00:46:32,640

few people i've had on the podcast i'm

1317

00:46:37,349 --> 00:46:34,480

not going to name but you know that i

1318

00:46:39,829 --> 00:46:37,359

didn't really see eye to eye with not a

1319

00:46:42,710 --> 00:46:39,839

personal level just on their

1320

00:46:44,710 --> 00:46:42,720

ideas and stuff right but i'm still open

1321

00:46:46,950 --> 00:46:44,720

to it and that's the thing with with

1322

00:46:47,990 --> 00:46:46,960

especially this podcast is trying to

1323

00:46:50,550 --> 00:46:48,000

teach that

1324

00:46:51,750 --> 00:46:50,560

be open to you know all possibilities

1325

00:46:54,150 --> 00:46:51,760

because this might be something that we

1326  
00:46:55,910 --> 00:46:54,160  
have to look at different vantage points

1327  
00:46:57,430 --> 00:46:55,920  
and at that point you know maybe it'll

1328  
00:46:59,510 --> 00:46:57,440  
make sense but you'll have people that

1329  
00:47:01,750 --> 00:46:59,520  
it you know are experts in

1330  
00:47:04,069 --> 00:47:01,760  
um you know flight and technology you'll

1331  
00:47:05,750 --> 00:47:04,079  
have people that are experts in

1332  
00:47:09,190 --> 00:47:05,760  
underwater you know

1333  
00:47:11,829 --> 00:47:09,200  
you know ufos well not ufos but usos i

1334  
00:47:14,069 --> 00:47:11,839  
guess is what they're called um

1335  
00:47:15,910 --> 00:47:14,079  
and that all needs to come together and

1336  
00:47:17,670 --> 00:47:15,920  
this is really the point too when we

1337  
00:47:19,670 --> 00:47:17,680  
started the podcast was

1338  
00:47:22,150 --> 00:47:19,680

to think okay

1339

00:47:24,630 --> 00:47:22,160

how do we learn right like how do we

1340

00:47:26,230 --> 00:47:24,640

well let's ask the ask the experts right

1341

00:47:27,990 --> 00:47:26,240

yeah and um

1342

00:47:29,589 --> 00:47:28,000

that's coming through in a big way

1343

00:47:31,349 --> 00:47:29,599

because i think the audience are also

1344

00:47:33,430 --> 00:47:31,359

responding to that because

1345

00:47:35,589 --> 00:47:33,440

they're learning as we're learning

1346

00:47:37,430 --> 00:47:35,599

and every guest that comes on teaches us

1347

00:47:39,510 --> 00:47:37,440

something i'm always amazed about like

1348

00:47:41,990 --> 00:47:39,520

how i didn't know that detail or i

1349

00:47:43,829 --> 00:47:42,000

didn't know that story right and

1350

00:47:45,349 --> 00:47:43,839

this is good it's like a collective of

1351

00:47:46,390 --> 00:47:45,359

thoughts ideas

1352

00:47:47,829 --> 00:47:46,400

and

1353

00:47:49,030 --> 00:47:47,839

i think a lot more people should be

1354

00:47:51,750 --> 00:47:49,040

doing that

1355

00:47:54,470 --> 00:47:51,760

and yeah and there's only so much

1356

00:47:57,030 --> 00:47:54,480

evidence anybody can provide this is

1357

00:47:58,549 --> 00:47:57,040

people making statements

1358

00:48:01,990 --> 00:47:58,559

they're worth what they're worth right

1359

00:48:03,990 --> 00:48:02,000

like nobody can say this happened and i

1360

00:48:06,230 --> 00:48:04,000

have proof and here it is because even

1361

00:48:07,990 --> 00:48:06,240

if they had proof if it was metal you

1362

00:48:09,670 --> 00:48:08,000

would say it was [h\_\_\h] if there was a

1363

00:48:11,990 --> 00:48:09,680

picture you would say it was fake if it

1364

00:48:14,150 --> 00:48:12,000

was a video you'd say it was doctored if

1365

00:48:17,190 --> 00:48:14,160

it's testimony from a military guy he's

1366

00:48:19,190 --> 00:48:17,200

a government plant if it's lou elizondo

1367

00:48:21,430 --> 00:48:19,200

the savior everybody wanted you're still

1368

00:48:24,150 --> 00:48:21,440

going to [h\_\_h] on him so that's the human

1369

00:48:26,309 --> 00:48:24,160

condition so let's not be

1370

00:48:28,069 --> 00:48:26,319

unaware of that let's remind ourselves

1371

00:48:30,069 --> 00:48:28,079

of really that it's our nature and our

1372

00:48:32,390 --> 00:48:30,079

tendency to want to do that

1373

00:48:34,470 --> 00:48:32,400

because it may not coincide with what we

1374

00:48:36,150 --> 00:48:34,480

already have in our mind yeah

1375

00:48:37,990 --> 00:48:36,160

and uh somebody commented on one of our

1376

00:48:39,750 --> 00:48:38,000

youtube videos and said you know when

1377

00:48:42,710 --> 00:48:39,760

you say don't be a sheep do your own

1378

00:48:45,030 --> 00:48:42,720

research you're basically telling people

1379

00:48:46,710 --> 00:48:45,040

to just make their own opinion because

1380

00:48:48,950 --> 00:48:46,720

everybody's opinion is different and

1381

00:48:50,790 --> 00:48:48,960

it's different for different reasons it

1382

00:48:53,109 --> 00:48:50,800

might be your upbringing you're you were

1383

00:48:55,750 --> 00:48:53,119

indoctrinated you might be a heavy

1384

00:48:57,190 --> 00:48:55,760

religious believer you might not be so

1385

00:48:59,750 --> 00:48:57,200

when you do your own research

1386

00:49:02,630 --> 00:48:59,760

effectively you're creating that opinion

1387

00:49:05,109 --> 00:49:02,640

that is unique to only you it is the sum

1388

00:49:07,270 --> 00:49:05,119

of everything you've put in your brain

1389

00:49:09,750 --> 00:49:07,280

what do you think you know so yeah

1390

00:49:12,230 --> 00:49:09,760

everybody's opinion will be different it

1391

00:49:14,230 --> 00:49:12,240

has to be that way so just remember that

1392

00:49:16,230 --> 00:49:14,240

that's all it is and

1393

00:49:18,230 --> 00:49:16,240

some people are quite a bit out there we

1394

00:49:20,710 --> 00:49:18,240

like to call it but that's just their

1395

00:49:22,790 --> 00:49:20,720

opinion yeah and maybe the the stuff

1396

00:49:25,190 --> 00:49:22,800

they're talking about that we think is

1397

00:49:26,230 --> 00:49:25,200

really out there imagine if it actually

1398

00:49:28,710 --> 00:49:26,240

happened

1399

00:49:31,990 --> 00:49:28,720

like holy [h\_\_h] that's incredible right

1400

00:49:33,750 --> 00:49:32,000

so maybe they're not crazy uh maybe it's

1401

00:49:35,589 --> 00:49:33,760

just crazier than we think it has the

1402

00:49:37,109 --> 00:49:35,599

potential of being

1403

00:49:39,670 --> 00:49:37,119

well the reality of it even we're

1404

00:49:42,150 --> 00:49:39,680

talking about you know are they um

1405

00:49:44,710 --> 00:49:42,160

interstellar are they interdimensional

1406

00:49:46,309 --> 00:49:44,720

uh entities yeah and i always say well

1407

00:49:47,510 --> 00:49:46,319

the scariest scenario would be that

1408

00:49:48,870 --> 00:49:47,520

they're both

1409

00:49:50,230 --> 00:49:48,880

yeah you got some that comes from

1410

00:49:53,030 --> 00:49:50,240

somewhere else

1411

00:49:55,829 --> 00:49:53,040

and some that comes from a different

1412

00:49:57,910 --> 00:49:55,839

universe or different reality

1413

00:50:01,589 --> 00:49:57,920

that's a possibility as well we have to

1414

00:50:03,750 --> 00:50:01,599

look at right so um no this uh this

1415

00:50:06,069 --> 00:50:03,760

field's still you know two years in

1416

00:50:08,630 --> 00:50:06,079

studying this i i think i'm still as far

1417

00:50:11,670 --> 00:50:08,640

away from knowing anything

1418

00:50:12,470 --> 00:50:11,680

um i don't know about you but i i'm i'm

1419

00:50:13,990 --> 00:50:12,480

still

1420

00:50:15,750 --> 00:50:14,000

blown away by

1421

00:50:18,069 --> 00:50:15,760

the guests that we have on and and being

1422

00:50:20,790 --> 00:50:18,079

corrected too that's okay to be

1423

00:50:22,549 --> 00:50:20,800

to be wrong you know it's okay to to be

1424

00:50:24,470 --> 00:50:22,559

corrected and say you know what

1425

00:50:27,430 --> 00:50:24,480

i didn't look at that before i'm gonna

1426  
00:50:28,470 --> 00:50:27,440  
look at it now we uh on one of the shows

1427  
00:50:30,710 --> 00:50:28,480  
we did

1428  
00:50:31,829 --> 00:50:30,720  
somehow we drifted to the conversation

1429  
00:50:33,430 --> 00:50:31,839  
of what's the name of that little

1430  
00:50:35,109 --> 00:50:33,440  
punching bag thing in the back of your

1431  
00:50:37,589 --> 00:50:35,119  
throat yeah and you couldn't remember

1432  
00:50:39,349 --> 00:50:37,599  
and i'm like oh it's an epiglottis

1433  
00:50:41,670 --> 00:50:39,359  
and somebody actually commented on her

1434  
00:50:44,230 --> 00:50:41,680  
youtube channel and said it's actually a

1435  
00:50:47,270 --> 00:50:44,240  
uvula the epiglottis is a different flap

1436  
00:50:48,870 --> 00:50:47,280  
somewhere else and i commented you know

1437  
00:50:52,069 --> 00:50:48,880  
thank you for correcting me i'm really

1438  
00:50:54,470 --> 00:50:52,079

glad we cleared this up so you know even

1439

00:50:55,990 --> 00:50:54,480

on stupid [h\_\_h] sometimes we don't know

1440

00:50:58,549 --> 00:50:56,000

you know and uh

1441

00:51:00,950 --> 00:50:58,559

you know it's nice when you can politely

1442

00:51:01,829 --> 00:51:00,960

banter with people and joke around about

1443

00:51:03,670 --> 00:51:01,839

stuff

1444

00:51:05,190 --> 00:51:03,680

um you know we've had some guests where

1445

00:51:07,349 --> 00:51:05,200

no matter how many times you said it you

1446

00:51:09,190 --> 00:51:07,359

got his last name wrong that's funny

1447

00:51:10,790 --> 00:51:09,200

right like we're humans we're not here

1448

00:51:13,750 --> 00:51:10,800

we're not going to edit this and make it

1449

00:51:14,870 --> 00:51:13,760

perfect and make it staged and uh yeah

1450

00:51:16,470 --> 00:51:14,880

sometimes

1451  
00:51:18,630 --> 00:51:16,480  
you know we we've had people that we've

1452  
00:51:21,190 --> 00:51:18,640  
interviewed and didn't release the

1453  
00:51:22,790 --> 00:51:21,200  
episode because we don't script these

1454  
00:51:24,790 --> 00:51:22,800  
yeah and sometimes these people just

1455  
00:51:27,270 --> 00:51:24,800  
don't bring anything they don't

1456  
00:51:29,030 --> 00:51:27,280  
it's not interesting to listen to if i

1457  
00:51:31,270 --> 00:51:29,040  
can't barely get through the bloody

1458  
00:51:32,950 --> 00:51:31,280  
interview and stay at you know focused

1459  
00:51:34,470 --> 00:51:32,960  
and pay attention

1460  
00:51:36,549 --> 00:51:34,480  
we're not releasing the show and that's

1461  
00:51:38,870 --> 00:51:36,559  
like the tagline of the the podcast is

1462  
00:51:40,069 --> 00:51:38,880  
are you paying attention yeah so yeah if

1463  
00:51:42,390 --> 00:51:40,079

you're going to get some people are

1464

00:51:44,150 --> 00:51:42,400

brilliant in their field they're just

1465

00:51:45,589 --> 00:51:44,160

they don't interview well it was a bad

1466

00:51:47,349 --> 00:51:45,599

day or

1467

00:51:48,630 --> 00:51:47,359

if it doesn't bring anything new and

1468

00:51:51,109 --> 00:51:48,640

anything of value we're not going to

1469

00:51:52,950 --> 00:51:51,119

release it and especially now we're at a

1470

00:51:54,470 --> 00:51:52,960

level where we don't want to lose

1471

00:51:56,309 --> 00:51:54,480

subscribers we're gaining them like

1472

00:51:58,069 --> 00:51:56,319

crazy people really like what we've done

1473

00:52:00,230 --> 00:51:58,079

so far so we don't want to change that

1474

00:52:01,670 --> 00:52:00,240

flavor and the flavor has been

1475

00:52:03,510 --> 00:52:01,680

open-minded

1476

00:52:05,190 --> 00:52:03,520

really high-end guests

1477

00:52:06,950 --> 00:52:05,200

topics that other people are kind of

1478

00:52:10,069 --> 00:52:06,960

scared to talk about or want to really

1479

00:52:12,230 --> 00:52:10,079

put a slant on or stay away from and

1480

00:52:14,470 --> 00:52:12,240

we're not just nuts and bolts ufo we'll

1481

00:52:16,630 --> 00:52:14,480

talk to psychologists aeronautical

1482

00:52:19,750 --> 00:52:16,640

experts military people

1483

00:52:21,349 --> 00:52:19,760

civilians investigators authors

1484

00:52:23,829 --> 00:52:21,359

television hosts

1485

00:52:25,349 --> 00:52:23,839

anybody who has credibility who actually

1486

00:52:27,910 --> 00:52:25,359

knows a little bit

1487

00:52:30,309 --> 00:52:27,920

uh is worthy of our time and

1488

00:52:31,990 --> 00:52:30,319

there's no guests too big or too small

1489

00:52:33,430 --> 00:52:32,000

as long as what they bring to the table

1490

00:52:35,510 --> 00:52:33,440

is something that we consider to be

1491

00:52:37,510 --> 00:52:35,520

interesting and we're the ultimate

1492

00:52:39,109 --> 00:52:37,520

filter for this show and we're not going

1493

00:52:41,109 --> 00:52:39,119

to put together a crappy show because

1494

00:52:42,870 --> 00:52:41,119

then you don't want to listen to it so

1495

00:52:45,589 --> 00:52:42,880

thank you for those people that that

1496

00:52:48,230 --> 00:52:45,599

really like subscribe really positive

1497

00:52:49,750 --> 00:52:48,240

comments you watch all of our stuff

1498

00:52:51,990 --> 00:52:49,760

um what did you just what do we had on

1499

00:52:54,230 --> 00:52:52,000

spotify 71 000 downloads or something

1500

00:52:56,470 --> 00:52:54,240

crazy i think we were 71 000 downloads

1501  
00:52:59,589 --> 00:52:56,480  
at this point so the youtube channel is

1502  
00:53:02,390 --> 00:52:59,599  
a month old we've had 22 000 views it's

1503  
00:53:03,910 --> 00:53:02,400  
been 6 000 hours that people have

1504  
00:53:06,150 --> 00:53:03,920  
watched their videos

1505  
00:53:08,710 --> 00:53:06,160  
and we only have 24 videos up there

1506  
00:53:10,470 --> 00:53:08,720  
we're on episode 80 something so we're

1507  
00:53:12,470 --> 00:53:10,480  
slowly going back and releasing the

1508  
00:53:14,390 --> 00:53:12,480  
video of some older episodes right but

1509  
00:53:16,710 --> 00:53:14,400  
everything we're posting now is live so

1510  
00:53:19,270 --> 00:53:16,720  
the same day spotify

1511  
00:53:21,589 --> 00:53:19,280  
and apple podcast our new show comes out

1512  
00:53:23,030 --> 00:53:21,599  
we also released the video on youtube

1513  
00:53:26,470 --> 00:53:23,040

and uh we've also launched our new

1514

00:53:28,790 --> 00:53:26,480

website which is uapstudiespodcast.com

1515

00:53:31,750 --> 00:53:28,800

it has media all of our links if you

1516

00:53:34,549 --> 00:53:31,760

want to check us out on twitter facebook

1517

00:53:38,390 --> 00:53:34,559

instagram youtube channels apple podcast

1518

00:53:40,390 --> 00:53:38,400

spotify oneplace uapstudiespodcast.com

1519

00:53:41,910 --> 00:53:40,400

all the links are there and you can

1520

00:53:44,390 --> 00:53:41,920

contact us that's the first thing you'll

1521

00:53:45,829 --> 00:53:44,400

see is there's a contact us button send

1522

00:53:48,309 --> 00:53:45,839

us your feedback your questions your

1523

00:53:50,470 --> 00:53:48,319

messages what you want to hear about uh

1524

00:53:52,230 --> 00:53:50,480

if you're uh um somebody who's in this

1525

00:53:54,069 --> 00:53:52,240

field and you want to appear on our show

1526

00:53:56,790 --> 00:53:54,079

send us a message and we'll get back to

1527

00:53:59,030 --> 00:53:56,800

you for sure absolutely and right before

1528

00:54:01,430 --> 00:53:59,040

we uh close here is there anybody we

1529

00:54:03,829 --> 00:54:01,440

want to say hello to yeah i noticed that

1530

00:54:06,230 --> 00:54:03,839

on our facebook page we have the same

1531

00:54:08,870 --> 00:54:06,240

probably two dozen people that always

1532

00:54:10,710 --> 00:54:08,880

comment and you know like our content

1533

00:54:12,630 --> 00:54:10,720

and we've dropped a few names in the

1534

00:54:14,790 --> 00:54:12,640

past and i thought well hey today's a

1535

00:54:16,710 --> 00:54:14,800

good day let's drop four or five names

1536

00:54:19,190 --> 00:54:16,720

all in one shot here uh these are some

1537

00:54:21,829 --> 00:54:19,200

of our more loyal fans um so we're gonna

1538

00:54:24,069 --> 00:54:21,839

say thanks very much to josh johnson uh

1539

00:54:25,430 --> 00:54:24,079

he's a great guy always promoting us

1540

00:54:27,910 --> 00:54:25,440

loving our stuff

1541

00:54:30,230 --> 00:54:27,920

we've got bo patrick carrington another

1542

00:54:31,510 --> 00:54:30,240

big supporter always shares our media

1543

00:54:33,750 --> 00:54:31,520

and content

1544

00:54:34,950 --> 00:54:33,760

christopher riots i hope i pronounced

1545

00:54:36,549 --> 00:54:34,960

that correctly

1546

00:54:39,190 --> 00:54:36,559

he's actually a moderator of a group as

1547

00:54:41,030 --> 00:54:39,200

well lets us post our podcasts in his

1548

00:54:43,349 --> 00:54:41,040

group and that's the thing too about

1549

00:54:44,470 --> 00:54:43,359

facebook a lot of these groups get all

1550

00:54:46,950 --> 00:54:44,480

uppity if they think you're trying to

1551  
00:54:49,589 --> 00:54:46,960  
promote yourself we're promoting the the

1552  
00:54:51,190 --> 00:54:49,599  
episode the guest and the topic we're

1553  
00:54:53,430 --> 00:54:51,200  
not promoting us we're not getting paid

1554  
00:54:55,109 --> 00:54:53,440  
off that click and a lot of these groups

1555  
00:54:57,750 --> 00:54:55,119  
now with hundreds of thousands of

1556  
00:54:59,990 --> 00:54:57,760  
members they let us post our show so a

1557  
00:55:02,230 --> 00:55:00,000  
lot of these guys uh are moderators of

1558  
00:55:03,910 --> 00:55:02,240  
that as well and uh you know we want to

1559  
00:55:05,829 --> 00:55:03,920  
really say thank you we appreciate that

1560  
00:55:09,270 --> 00:55:05,839  
absolutely also thank you to debbie

1561  
00:55:11,349 --> 00:55:09,280  
jardin uh joe glover and lisa zehring

1562  
00:55:14,549 --> 00:55:11,359  
and of course uh candace don breeze our

1563  
00:55:16,630 --> 00:55:14,559

top fan uh our proudly canadian fan and

1564

00:55:17,750 --> 00:55:16,640

um yeah we you put something on twitter

1565

00:55:20,710 --> 00:55:17,760

the other day and said where are you all

1566

00:55:22,390 --> 00:55:20,720

from we had england australia africa

1567

00:55:24,150 --> 00:55:22,400

america canada

1568

00:55:26,950 --> 00:55:24,160

one guy it's like 20 minutes away from

1569

00:55:29,190 --> 00:55:26,960

us in kitsilano so yeah um yeah you're

1570

00:55:30,069 --> 00:55:29,200

you're a big group of people we love you

1571

00:55:33,910 --> 00:55:30,079

guys

1572

00:55:35,829 --> 00:55:33,920

comment and write us things like you're

1573

00:55:39,030 --> 00:55:35,839

just nice people we would have a beer

1574

00:55:40,390 --> 00:55:39,040

with any of you anytime honestly so keep

1575

00:55:42,549 --> 00:55:40,400

it coming we really appreciate hearing

1576

00:55:44,950 --> 00:55:42,559

back from you guys and uh

1577

00:55:46,789 --> 00:55:44,960

just before we close uh we we do have

1578

00:55:49,190 --> 00:55:46,799

intentions of

1579

00:55:52,870 --> 00:55:49,200

going out and uh you know attending some

1580

00:55:54,950 --> 00:55:52,880

conventions and and some uap uh or ufo

1581

00:55:57,349 --> 00:55:54,960

uh events that are taking place we're

1582

00:55:59,349 --> 00:55:57,359

looking at uh vegas for next year so we

1583

00:56:02,309 --> 00:55:59,359

are gonna be a little bit more active in

1584

00:56:03,990 --> 00:56:02,319

uh meeting people as well uh live kind

1585

00:56:06,069 --> 00:56:04,000

of get out of the studio a little bit

1586

00:56:08,630 --> 00:56:06,079

and uh get to see some people which is

1587

00:56:10,230 --> 00:56:08,640

gonna be quite nice yeah louis i

1588

00:56:12,470 --> 00:56:10,240

appreciate your time brother uh it's

1589

00:56:15,589 --> 00:56:12,480

always great talking with you about uaps

1590

00:56:18,069 --> 00:56:15,599

or anything on the subject literally

1591

00:56:20,870 --> 00:56:18,079

you're well you're a well of knowledge

1592

00:56:22,390 --> 00:56:20,880

as well as uh the guests i think i'm

1593

00:56:24,069 --> 00:56:22,400

always amazed by the amount of

1594

00:56:25,910 --> 00:56:24,079

information that you know

1595

00:56:27,589 --> 00:56:25,920

and uh you're very well spoken better

1596

00:56:29,430 --> 00:56:27,599

than me so it's great to have you on the

1597

00:56:31,829 --> 00:56:29,440

show because uh we need somebody who's

1598

00:56:34,069 --> 00:56:31,839

coherent and uh speaks english a little

1599

00:56:35,750 --> 00:56:34,079

bit better than this french canadian i

1600

00:56:37,670 --> 00:56:35,760

appreciate it buddy sometimes we'll do a

1601  
00:56:39,829 --> 00:56:37,680  
little warm-up for the show and next

1602  
00:56:41,670 --> 00:56:39,839  
thing you know 45 minutes have gone by

1603  
00:56:43,510 --> 00:56:41,680  
and that could have been a show in

1604  
00:56:45,990 --> 00:56:43,520  
itself we could have recorded the damn

1605  
00:56:48,150 --> 00:56:46,000  
thing so yeah i do enjoy the chemistry

1606  
00:56:50,549 --> 00:56:48,160  
you're quickly becoming my best buddy

1607  
00:56:53,430 --> 00:56:50,559  
and uh our our people are liking the

1608  
00:56:55,109 --> 00:56:53,440  
show you know guests or otherwise we uh

1609  
00:56:56,950 --> 00:56:55,119  
we're the filter of that but it's about

1610  
00:56:58,470 --> 00:56:56,960  
the content and it's just about the

1611  
00:57:01,030 --> 00:56:58,480  
conversation so

1612  
00:57:04,350 --> 00:57:01,040  
like us follow us subscribe and send us
