[Music]

2
00:00:26,710 --> 00:00:23,840
all right welcome to it uap studies

3
00:00:28,950 --> 00:00:26,720
podcast very exciting guest today uh i

4
00:00:30,790 --> 00:00:28,960
am louis borges joining me as always uh

5
00:00:33,110 --> 00:00:30,800
jason gilmet how are you my friend i'm

6
00:00:35,270 --> 00:00:33,120
doing very good it's very hot outside so

7
00:00:37,270 --> 00:00:35,280
i apologize with people on youtube if

8
00:00:39,350 --> 00:00:37,280
you see me drenched it's because it's

9
00:00:41,270 --> 00:00:39,360
really hot out so you gotta get a better

10
00:00:43,510 --> 00:00:41,280
makeup person they can take care of that

11
00:00:46,389 --> 00:00:43,520
for you even me i got a bit of shine i

12
00:00:48,549 --> 00:00:46,399
should probably figure that out

13
00:00:50,389 --> 00:00:48,559

to the point where we apply makeup yeah

14

00:00:51,670 --> 00:00:50,399

yeah we haven't got there yet michael's

15

00:00:54,549 --> 00:00:51,680

got something for us that's what you

16

00:00:56,229 --> 00:00:54,559

need man national premier

17

00:00:58,630 --> 00:00:56,239

uh

18

00:01:00,389 --> 00:00:58,640

oil blotting tissues oh nice there you

19

00:01:03,510 --> 00:01:00,399

go yeah i'll keep them right here i'm

20

00:01:05,429 --> 00:01:03,520

i'm a greasy greasy person myself so

21

00:01:06,789 --> 00:01:05,439

perfect speaking of greasy people we

22

00:01:09,350 --> 00:01:06,799

want to

23

00:01:10,789 --> 00:01:09,360

get back into the podcast topic and uh

24

00:01:13,109 --> 00:01:10,799

welcome back to the show for a second

25

00:01:15,190 --> 00:01:13,119

time uh mr michael p masters welcome

26
00:01:16,710 --> 00:01:15,200
buddy thank you thank you it's pleasure

27
00:01:18,950 --> 00:01:16,720
to be here today on this sunday

28
00:01:21,109 --> 00:01:18,960
afternoon yeah pleasure to have you back

29
00:01:22,950 --> 00:01:21,119
and uh so for a few of our viewers and

30
00:01:24,870 --> 00:01:22,960
listeners that maybe don't know about

31
00:01:26,550 --> 00:01:24,880
your history and your past uh tell us a

32
00:01:28,310 --> 00:01:26,560
little bit about yourself

33
00:01:30,710 --> 00:01:28,320
obviously your education and you know

34
00:01:32,630 --> 00:01:30,720
you sort of shifted from one science

35
00:01:34,149 --> 00:01:32,640
world and kind of got into anthropology

36
00:01:35,590 --> 00:01:34,159
and everything else so tell us a little

37
00:01:38,149 --> 00:01:35,600
bit about that progression and what

38
00:01:42,149 --> 00:01:38,159

brought it to where you are now

39

00:01:45,270 --> 00:01:42,159

um yeah well my main area of study is uh

40

00:01:48,310 --> 00:01:45,280

biological anthropology i am a paleo

41

00:01:50,469 --> 00:01:48,320

anthropologist by trade so studying

42

00:01:53,830 --> 00:01:50,479

hominin evolutionary anatomy human

43

00:01:56,630 --> 00:01:53,840

variation i have also participated in

44

00:02:00,069 --> 00:01:56,640

and run some archaeological digs in

45

00:02:01,830 --> 00:02:00,079

south africa france ohio here in montana

46

00:02:03,429 --> 00:02:01,840

have a field school that i run from time

47

00:02:06,550 --> 00:02:03,439

to time

48

00:02:09,589 --> 00:02:06,560

um biomedicine i guess is sort of an

49

00:02:11,990 --> 00:02:09,599

area of recent research where i look at

50

00:02:13,910 --> 00:02:12,000

long-term evolutionary trends in our our

51
00:02:15,030 --> 00:02:13,920
cranial facial anatomy

52
00:02:17,190 --> 00:02:15,040
and how

53
00:02:19,350 --> 00:02:17,200
an increase in brain size and the

54
00:02:21,750 --> 00:02:19,360
frontal lobe moving out over the eyes

55
00:02:23,910 --> 00:02:21,760
and concomitant

56
00:02:25,910 --> 00:02:23,920
nature with uh the mid and lower facial

57
00:02:27,830 --> 00:02:25,920
anatomy retracting backward if that can

58
00:02:29,990 --> 00:02:27,840
impose itself on the eyes in some way

59
00:02:32,790 --> 00:02:30,000
and maybe help explain the increased

60
00:02:34,550 --> 00:02:32,800
frequency of juvenile onset myopia and

61
00:02:36,150 --> 00:02:34,560
astigmatism so

62
00:02:37,509 --> 00:02:36,160
kind of dabble in a number of different

63
00:02:39,670 --> 00:02:37,519

things related to the field of

64

00:02:41,110 --> 00:02:39,680

anthropology but um

65

00:02:42,790 --> 00:02:41,120

yeah i know in the back of my mind has

66

00:02:45,350 --> 00:02:42,800

always been this question

67

00:02:46,869 --> 00:02:45,360

of uh what are ufos ever since i was an

68

00:02:50,949 --> 00:02:46,879

eight-year-old kid

69

00:02:52,710 --> 00:02:50,959

and um yeah back in 2012 i decided to

70

00:02:55,030 --> 00:02:52,720

uh write a book about it and

71

00:02:56,630 --> 00:02:55,040

specifically whether or not ufos and

72

00:02:58,710 --> 00:02:56,640

aliens could be

73

00:03:00,229 --> 00:02:58,720

humans from the future are descendants

74

00:03:02,390 --> 00:03:00,239

coming back through time to visit and

75

00:03:04,470 --> 00:03:02,400

study their own hominin evolutionary

76

00:03:06,949 --> 00:03:04,480

past in the same way that i do without

77

00:03:09,750 --> 00:03:06,959

time travel technology obviously

78

00:03:12,229 --> 00:03:09,760

and um yeah so sort of

79

00:03:13,750 --> 00:03:12,239

did a deep dive into that question uh

80

00:03:16,309 --> 00:03:13,760

published a book called identified

81

00:03:17,589 --> 00:03:16,319

flying objects in 2019

82

00:03:18,869 --> 00:03:17,599

and uh

83

00:03:21,190 --> 00:03:18,879

sort of laid a foundation a

84

00:03:22,550 --> 00:03:21,200

multi-disciplinary approach drawing from

85

00:03:25,030 --> 00:03:22,560

anthropology

86

00:03:27,589 --> 00:03:25,040

obviously and astrobiology physics and

87

00:03:29,830 --> 00:03:27,599

astronomy to just kind of make the case

88

00:03:32,550 --> 00:03:29,840

for this um look at some issues with the

89

00:03:33,589 --> 00:03:32,560
extra terrestrial hypothesis and

90

00:03:35,910 --> 00:03:33,599
um

91

00:03:38,949 --> 00:03:35,920
just sort of see whether or not this

92

00:03:41,190 --> 00:03:38,959
could be reality um in both our reality

93

00:03:43,270 --> 00:03:41,200
now and their future reality

94

00:03:44,470 --> 00:03:43,280
and for past peoples as well going back

95

00:03:47,990 --> 00:03:44,480
through time

96

00:03:49,990 --> 00:03:48,000
and then in uh let's see 20 late night

97

00:03:51,670 --> 00:03:50,000
i guess yeah early 2020 i started

98

00:03:52,710 --> 00:03:51,680
writing another book taking a different

99

00:03:55,030 --> 00:03:52,720
approach

100

00:03:57,589 --> 00:03:55,040
um focusing more on

101
00:03:59,670 --> 00:03:57,599
abductions contact-y experiences

102
00:04:01,350 --> 00:03:59,680
different contact modalities in the

103
00:04:02,630 --> 00:04:01,360
context of the same time travel model

104
00:04:05,030 --> 00:04:02,640
but also

105
00:04:07,309 --> 00:04:05,040
other models to explain this phenomenon

106
00:04:09,670 --> 00:04:07,319
the extraterrestrial hypothesis

107
00:04:11,509 --> 00:04:09,680
ultra-terrestrial simulation

108
00:04:13,350 --> 00:04:11,519
interdimensional and others

109
00:04:15,509 --> 00:04:13,360
just to sort of approach it from a

110
00:04:18,150 --> 00:04:15,519
different perspective and see

111
00:04:19,990 --> 00:04:18,160
you know just uh what what works best

112
00:04:21,030 --> 00:04:20,000
the most parsimonious explanation

113
00:04:23,270 --> 00:04:21,040

essentially

114

00:04:25,270 --> 00:04:23,280

this is great because on the podcast

115

00:04:27,270 --> 00:04:25,280

we've covered many aspects like if you

116

00:04:29,710 --> 00:04:27,280

know they're interdimensional if they're

117

00:04:31,510 --> 00:04:29,720

extraterrestrial but the

118

00:04:32,870 --> 00:04:31,520

extraterrestrial

119

00:04:34,070 --> 00:04:32,880

is something that we haven't really

120

00:04:36,950 --> 00:04:34,080

explored

121

00:04:38,550 --> 00:04:36,960

and your book sort of opened me to that

122

00:04:40,830 --> 00:04:38,560

possibility as well because you made

123

00:04:44,230 --> 00:04:40,840

some very valid points some very good

124

00:04:45,990 --> 00:04:44,240

observations uh you mentioned that um it

125

00:04:47,590 --> 00:04:46,000

didn't correct me if i'm wrong but that

126
00:04:50,550 --> 00:04:47,600
if somebody's in the future they could

127
00:04:52,310 --> 00:04:50,560
go back about 50 to 40 000 years

128
00:04:54,550 --> 00:04:52,320
and that's about as far back as they

129
00:04:56,870 --> 00:04:54,560
could go but there's different points at

130
00:04:59,749 --> 00:04:56,880
which um

131
00:05:01,189 --> 00:04:59,759
the interaction between humanoids and us

132
00:05:03,590 --> 00:05:01,199
uh can happen

133
00:05:05,749 --> 00:05:03,600
uh i i thought your book was fantastic

134
00:05:07,510 --> 00:05:05,759
when it comes down to uh talking about

135
00:05:09,350 --> 00:05:07,520
the possibility that is us from the

136
00:05:12,870 --> 00:05:09,360
future

137
00:05:16,550 --> 00:05:12,880
yeah and and that number uh comes from a

138
00:05:18,550 --> 00:05:16,560

couple of different places it seems like

139

00:05:20,790 --> 00:05:18,560

just based on

140

00:05:22,870 --> 00:05:20,800

the the way in which this time travel

141

00:05:23,670 --> 00:05:22,880

technology seemingly works and of course

142

00:05:26,870 --> 00:05:23,680

we're

143

00:05:28,469 --> 00:05:26,880

it's going to be sooner than i

144

00:05:29,909 --> 00:05:28,479

previously thought when i wrote my first

145

00:05:32,390 --> 00:05:29,919

book i was kind of looking at it in the

146

00:05:35,029 --> 00:05:32,400

context of sort of the skinny bob i

147

00:05:37,430 --> 00:05:35,039

noticed you had skinny bob as your uh

148

00:05:39,749 --> 00:05:37,440

your your cover photo there but that

149

00:05:42,310 --> 00:05:39,759

that sort of quintessential big round

150

00:05:43,430 --> 00:05:42,320

head small face big eyes skinny body

151

00:05:46,310 --> 00:05:43,440

type thing

152

00:05:49,029 --> 00:05:46,320

um but then in researching this this

153

00:05:50,310 --> 00:05:49,039

most recent book i realized that it's

154

00:05:53,189 --> 00:05:50,320

probably going to happen sooner than

155

00:05:55,670 --> 00:05:53,199

later and we might be on the precipice

156

00:05:57,990 --> 00:05:55,680

of actually cracking the time code and

157

00:06:00,550 --> 00:05:58,000

it may even be happening now if you can

158

00:06:03,510 --> 00:06:00,560

um take into consideration

159

00:06:05,670 --> 00:06:03,520

uh david lewis anderson's research if

160

00:06:08,230 --> 00:06:05,680

he's studied a number of things related

161

00:06:09,670 --> 00:06:08,240

to time he claims that back in 2005 they

162

00:06:12,309 --> 00:06:09,680

were able to

163

00:06:14,870 --> 00:06:12,319

uh modulate time so that they could

164

00:06:15,830 --> 00:06:14,880

speed it up by 300 percent and he said

165

00:06:18,070 --> 00:06:15,840

it's a

166

00:06:19,749 --> 00:06:18,080

a factor of three or greater that they

167

00:06:21,110 --> 00:06:19,759

can do now they've even moved people

168

00:06:22,790 --> 00:06:21,120

through time so

169

00:06:24,710 --> 00:06:22,800

if we can take serious that research

170

00:06:27,430 --> 00:06:24,720

we're already doing it and a lot of

171

00:06:30,790 --> 00:06:27,440

things he describes is oddly similar to

172

00:06:33,590 --> 00:06:30,800

the way i was uh was sort of envisioning

173

00:06:35,510 --> 00:06:33,600

this happening as a non-physicist but

174

00:06:37,830 --> 00:06:35,520

someone who's researched the literature

175

00:06:39,189 --> 00:06:37,840

enough to sort of figure out how this

176
00:06:40,390 --> 00:06:39,199
might be taking place and then you can

177
00:06:43,990 --> 00:06:40,400
combine that

178
00:06:45,590 --> 00:06:44,000
with uh these actual craft and if if the

179
00:06:47,110 --> 00:06:45,600
form of these craft does seem to

180
00:06:48,870 --> 00:06:47,120
indicate that they have the function of

181
00:06:50,870 --> 00:06:48,880
backward time travel

182
00:06:52,070 --> 00:06:50,880
and and that's not just a speculative

183
00:06:54,150 --> 00:06:52,080
thing at that point because we may be

184
00:06:55,749 --> 00:06:54,160
observing what these things are actually

185
00:06:58,150 --> 00:06:55,759
doing in the future so we get a glimpse

186
00:06:59,909 --> 00:06:58,160
of that future by investigating these

187
00:07:01,350 --> 00:06:59,919
these machines so it's more about

188
00:07:03,029 --> 00:07:01,360

connecting the dots rather than just

189

00:07:05,909 --> 00:07:03,039

saying this is where we're going this

190

00:07:07,670 --> 00:07:05,919

may be what we've already done and if uh

191

00:07:09,589 --> 00:07:07,680

you know the roswell crash was a time

192

00:07:11,510 --> 00:07:09,599

machine we've had 70 years to reverse

193

00:07:12,870 --> 00:07:11,520

engineer that technology so we got kind

194

00:07:15,110 --> 00:07:12,880

of a head start

195

00:07:17,990 --> 00:07:15,120

in a bootstrap kind of way

196

00:07:19,270 --> 00:07:18,000

um but also from from jim peniston uh

197

00:07:21,189 --> 00:07:19,280

what he

198

00:07:23,189 --> 00:07:21,199

uh divulged from

199

00:07:24,950 --> 00:07:23,199

his experience if we can take that

200

00:07:27,830 --> 00:07:24,960

seriously as well that they have this

201
00:07:29,430 --> 00:07:27,840
upper limit of about 45 to 50 000 years

202
00:07:31,510 --> 00:07:29,440
i think there is also you'll probably

203
00:07:32,870 --> 00:07:31,520
know this better than me but i saw

204
00:07:34,710 --> 00:07:32,880
um

205
00:07:36,790 --> 00:07:34,720
something about it captured i mean this

206
00:07:37,510 --> 00:07:36,800
gets a little more out there on the edge

207
00:07:41,749 --> 00:07:37,520
but

208
00:07:43,510 --> 00:07:41,759
um a captured individual uh that claims

209
00:07:45,589 --> 00:07:43,520
that they came from

210
00:07:47,350 --> 00:07:45,599
forget there was even a name for them

211
00:07:49,749 --> 00:07:47,360
there were two individuals and one was

212
00:07:50,629 --> 00:07:49,759
from i think 45 000 years ago they were

213
00:07:54,710 --> 00:07:50,639

like

214

00:07:56,629 --> 00:07:54,720

know i came across it recently but it

215

00:07:58,629 --> 00:07:56,639

was yet another thing that that sort of

216

00:07:59,510 --> 00:07:58,639

indicated that this may be the upper

217

00:08:01,189 --> 00:07:59,520

limit

218

00:08:03,430 --> 00:08:01,199

however with that said

219

00:08:06,790 --> 00:08:03,440

um that may just be the upper limit for

220

00:08:09,350 --> 00:08:06,800

these individuals and once we progress

221

00:08:11,110 --> 00:08:09,360

our technology farther uh we may get to

222

00:08:12,710 --> 00:08:11,120

the point where we can come back from

223

00:08:13,670 --> 00:08:12,720

even farther and i think that might help

224

00:08:14,950 --> 00:08:13,680

explain

225

00:08:16,629 --> 00:08:14,960

the very tall

226

00:08:19,270 --> 00:08:16,639

uh slender

227

00:08:21,110 --> 00:08:19,280

highly cognizant highly intelligent tall

228

00:08:22,950 --> 00:08:21,120

greys that are described to think they

229

00:08:25,510 --> 00:08:22,960

might be from an even more distant point

230

00:08:27,430 --> 00:08:25,520

in our future but time will tell i guess

231

00:08:29,350 --> 00:08:27,440

when i first started reading material on

232

00:08:30,309 --> 00:08:29,360

you and i heard you with that hypothesis

233

00:08:31,830 --> 00:08:30,319

that

234

00:08:33,509 --> 00:08:31,840

they're probably us

235

00:08:35,750 --> 00:08:33,519

in the future coming back or you know

236

00:08:37,350 --> 00:08:35,760

it's it's something to do with

237

00:08:39,110 --> 00:08:37,360

we're way more connected than we think

238

00:08:41,269 --> 00:08:39,120

now whether that's on a genetic level we

239

00:08:43,190 --> 00:08:41,279

don't know but to me like i came into

240

00:08:44,630 --> 00:08:43,200

this field as a bit of a skeptic and

241

00:08:46,630 --> 00:08:44,640

then the more i researched the more it

242

00:08:49,030 --> 00:08:46,640

seemed plausible and then the more

243

00:08:51,190 --> 00:08:49,040

brilliant people i speak with now it's

244

00:08:52,870 --> 00:08:51,200

like i'm charged up about it right but

245

00:08:54,470 --> 00:08:52,880

that seems to make the most sense like

246

00:08:56,550 --> 00:08:54,480

as a non-expert

247

00:08:58,310 --> 00:08:56,560

you know if we evolve if we were to wind

248

00:09:00,550 --> 00:08:58,320

up destroying our planet or polluting

249

00:09:02,230 --> 00:09:00,560

our genome or something i mean we've

250

00:09:04,150 --> 00:09:02,240

already you know fished out our oceans

251
00:09:06,550 --> 00:09:04,160
and forested half the amazon i mean it's

252
00:09:09,030 --> 00:09:06,560
just a matter of time and again this

253
00:09:10,630 --> 00:09:09,040
isn't a couple hundred years so fast

254
00:09:12,070 --> 00:09:10,640
forward thousands or hundreds of

255
00:09:14,310 --> 00:09:12,080
thousands of years who knows where we're

256
00:09:16,389 --> 00:09:14,320
gonna be so it would make sense that if

257
00:09:18,630 --> 00:09:16,399
we did go to another planet or something

258
00:09:20,550 --> 00:09:18,640
else to that effect different gravity

259
00:09:22,150 --> 00:09:20,560
that we would change you know as we

260
00:09:23,670 --> 00:09:22,160
would evolve as you always say you know

261
00:09:25,430 --> 00:09:23,680
your head would get larger

262
00:09:26,870 --> 00:09:25,440
maybe the shrinking jawline and

263
00:09:29,430 --> 00:09:26,880

everything else would have something to

264

00:09:31,750 --> 00:09:29,440

do with protruding eyes it just seems to

265

00:09:35,269 --> 00:09:31,760

be the most plausible thing to me

266

00:09:37,190 --> 00:09:35,279

that it's either us coming back maybe to

267

00:09:38,949 --> 00:09:37,200

you know regain that history we've lost

268

00:09:40,790 --> 00:09:38,959

or maybe there's a genetic component

269

00:09:43,269 --> 00:09:40,800

that maybe we can't reproduce in the

270

00:09:46,310 --> 00:09:43,279

future and we need things that are rich

271

00:09:48,070 --> 00:09:46,320

in stem cells or t cells or you know a

272

00:09:49,829 --> 00:09:48,080

lot of these abducted uh people that

273

00:09:51,670 --> 00:09:49,839

we've interviewed they say that there

274

00:09:53,670 --> 00:09:51,680

was a lot of things to do with you know

275

00:09:55,910 --> 00:09:53,680

reproductive things you know the males

276

00:09:57,350 --> 00:09:55,920

had certain things taken and so did the

277

00:09:59,190 --> 00:09:57,360

women right so

278

00:10:01,110 --> 00:09:59,200

to me that it does make the most sense

279

00:10:02,710 --> 00:10:01,120

that that you know it could be us from

280

00:10:05,350 --> 00:10:02,720

the future going backwards and it makes

281

00:10:07,829 --> 00:10:05,360

it way spookier because of that

282

00:10:09,829 --> 00:10:07,839

i think it's less spooky just because if

283

00:10:11,269 --> 00:10:09,839

it's from a different planet like a i

284

00:10:13,590 --> 00:10:11,279

included um

285

00:10:15,910 --> 00:10:13,600

a case study of someone who's become a

286

00:10:17,750 --> 00:10:15,920

friend of mine who had been abducted

287

00:10:19,750 --> 00:10:17,760

since he was a young child and had been

288

00:10:21,590 --> 00:10:19,760

subjected to the anal probes

289

00:10:23,430 --> 00:10:21,600

and told me that after reading my book

290

00:10:25,110 --> 00:10:23,440

he felt better about what had happened

291

00:10:27,350 --> 00:10:25,120

to him throughout his life because it

292

00:10:29,590 --> 00:10:27,360

was more like a visit to the doctor as

293

00:10:32,389 --> 00:10:29,600

opposed to these alien beings who came

294

00:10:34,230 --> 00:10:32,399

across the stars and kidnapped him and

295

00:10:35,269 --> 00:10:34,240

did all these things so to him at least

296

00:10:37,110 --> 00:10:35,279

and that's probably different for

297

00:10:38,870 --> 00:10:37,120

everybody but yeah there's a lot to

298

00:10:41,269 --> 00:10:38,880

unpack there um

299

00:10:43,590 --> 00:10:41,279

i think you're right i mean we're we

300

00:10:46,310 --> 00:10:43,600

seem way more connected than i think we

301
00:10:47,829 --> 00:10:46,320
would be if it was a separate evolution

302
00:10:49,030 --> 00:10:47,839
of a different

303
00:10:51,509 --> 00:10:49,040
um

304
00:10:53,110 --> 00:10:51,519
course of life on a different planet uh

305
00:10:54,790 --> 00:10:53,120
somewhere else in the universe with a

306
00:10:55,990 --> 00:10:54,800
different distance from their sun

307
00:10:58,550 --> 00:10:56,000
gravity

308
00:11:00,069 --> 00:10:58,560
coating system most likely silicon

309
00:11:01,030 --> 00:11:00,079
versus carbon there's a lot of other

310
00:11:03,350 --> 00:11:01,040
things that would go into their

311
00:11:05,990 --> 00:11:03,360
evolution that isn't likely to result

312
00:11:07,750 --> 00:11:06,000
in a human-like form but also at the

313
00:11:09,430 --> 00:11:07,760

same time i mean we're talking about

314

00:11:11,350 --> 00:11:09,440

billions of years like four and a half

315

00:11:13,110 --> 00:11:11,360

billion years for the earth 15 billion

316

00:11:15,269 --> 00:11:13,120

years almost for the age of the universe

317

00:11:17,829 --> 00:11:15,279

what's the likelihood that at this exact

318

00:11:19,430 --> 00:11:17,839

moment we would have these humanoid

319

00:11:21,430 --> 00:11:19,440

beings that are just slightly more

320

00:11:23,829 --> 00:11:21,440

evolved than us physiologically

321

00:11:25,910 --> 00:11:23,839

culturally technologically um and that

322

00:11:27,910 --> 00:11:25,920

was the thing that sort of led to this

323

00:11:29,430 --> 00:11:27,920

deep dive from the age of eight years

324

00:11:32,310 --> 00:11:29,440

old when i looked up and saw whitley

325

00:11:33,509 --> 00:11:32,320

strieber's book on the living room shelf

326

00:11:36,069 --> 00:11:33,519

is just that

327

00:11:37,430 --> 00:11:36,079

odd similarity and it goes back even

328

00:11:40,069 --> 00:11:37,440

farther if you look at the fact that

329

00:11:41,509 --> 00:11:40,079

we're we're four limbed so are they

330

00:11:43,829 --> 00:11:41,519

tetrapods

331

00:11:45,670 --> 00:11:43,839

exist 400 million years in the past uh

332

00:11:48,389 --> 00:11:45,680

penitently we have

333

00:11:50,550 --> 00:11:48,399

five digits on each each limb and then

334

00:11:52,150 --> 00:11:50,560

obviously the the characteristics the

335

00:11:54,550 --> 00:11:52,160

fact that we're bipedal

336

00:11:56,389 --> 00:11:54,560

um is the trait that defines the hominin

337

00:11:58,150 --> 00:11:56,399

lineage going back six to eight million

338

00:11:59,750 --> 00:11:58,160

years and then yeah all of these

339

00:12:01,750 --> 00:11:59,760

characteristics of our craniofacial

340

00:12:03,590 --> 00:12:01,760

anatomy which is mostly what i focus on

341

00:12:05,670 --> 00:12:03,600

and what my dissertation and current

342

00:12:06,790 --> 00:12:05,680

research is on

343

00:12:13,110 --> 00:12:06,800

increased

344

00:12:14,310 --> 00:12:13,120

head getting more rounded which is the

345

00:12:15,590 --> 00:12:14,320

trait that one of the traits that

346

00:12:17,670 --> 00:12:15,600

defines

347

00:12:19,990 --> 00:12:17,680

anatomically modern homo sapien sapiens

348

00:12:21,910 --> 00:12:20,000

our own subspecies

349

00:12:23,910 --> 00:12:21,920

facial retraction

350

00:12:26,470 --> 00:12:23,920

larger brains larger eyes those two

351
00:12:28,949 --> 00:12:26,480
things are connected ontologically and

352
00:12:30,710 --> 00:12:28,959
phylogenetically so yeah we look at all

353
00:12:32,389 --> 00:12:30,720
these characteristics and and whether or

354
00:12:33,750 --> 00:12:32,399
not we live in space or underground i

355
00:12:35,829 --> 00:12:33,760
don't think any of it matters to be

356
00:12:37,829 --> 00:12:35,839
honest they could very well still be

357
00:12:39,829 --> 00:12:37,839
living on earth in the future and we

358
00:12:41,430 --> 00:12:39,839
would expect them to still have these

359
00:12:43,030 --> 00:12:41,440
more derived characteristics of the

360
00:12:44,949 --> 00:12:43,040
hominin lineage simply because they

361
00:12:46,389 --> 00:12:44,959
characterize the last six to eight

362
00:12:49,030 --> 00:12:46,399
million years regardless of where we

363
00:12:51,430 --> 00:12:49,040

lived on this planet or um what our

364

00:12:52,870 --> 00:12:51,440

social or political or economic system

365

00:12:55,509 --> 00:12:52,880

was like they continued and i think

366

00:12:57,750 --> 00:12:55,519

they're they're likely to continue and

367

00:12:59,829 --> 00:12:57,760

and yeah the the more advanced culture i

368

00:13:01,750 --> 00:12:59,839

talk a lot in this most recent book

369

00:13:03,990 --> 00:13:01,760

about the that genetic aspects one of

370

00:13:06,710 --> 00:13:04,000

the most ubiquitous characteristics

371

00:13:08,949 --> 00:13:06,720

in these abduction accounts is sperm

372

00:13:11,829 --> 00:13:08,959

being taken from men uh eggs and

373

00:13:13,350 --> 00:13:11,839

gestating fetuses from women and clearly

374

00:13:16,310 --> 00:13:13,360

there's something about reproduction

375

00:13:18,710 --> 00:13:16,320

that's very important to uh whoever

376

00:13:21,350 --> 00:13:18,720

these are but but definitely if they are

377

00:13:23,910 --> 00:13:21,360

future humans it signals something that

378

00:13:26,629 --> 00:13:23,920

maybe went wrong or will go wrong with

379

00:13:28,310 --> 00:13:26,639

um the way our reproduction works now in

380

00:13:30,790 --> 00:13:28,320

the future at some point

381

00:13:33,350 --> 00:13:30,800

in your book you mentioned how they have

382

00:13:36,230 --> 00:13:33,360

or they show compassion towards the

383

00:13:38,790 --> 00:13:36,240

abductees uh and that most of the time

384

00:13:40,710 --> 00:13:38,800

they have opposite uh sex ambassadors as

385

00:13:43,189 --> 00:13:40,720

you mentioned that just the

386

00:13:46,069 --> 00:13:43,199

somebody that uh would be

387

00:13:48,389 --> 00:13:46,079

current and ongoing uh with all the

388

00:13:49,829 --> 00:13:48,399

abductions that it's the repeated

389

00:13:52,069 --> 00:13:49,839

character that they see all the time

390

00:13:54,069 --> 00:13:52,079

that sort of calms them down

391

00:13:57,189 --> 00:13:54,079

if it's a male it's a female ambassador

392

00:13:58,710 --> 00:13:57,199

if it's a female then male obviously

393

00:14:00,230 --> 00:13:58,720

but i thought that was interesting

394

00:14:01,750 --> 00:14:00,240

because that

395

00:14:03,990 --> 00:14:01,760

seems to be the case or some of the

396

00:14:05,430 --> 00:14:04,000

abductees that we talked to yeah i

397

00:14:07,829 --> 00:14:05,440

mentioned that as well

398

00:14:10,230 --> 00:14:07,839

yeah it's really weird and and that's

399

00:14:11,990 --> 00:14:10,240

that was the whole um point of this book

400

00:14:13,509 --> 00:14:12,000

was just to look for patterns like that

401
00:14:15,350 --> 00:14:13,519
yeah like i didn't i didn't know that

402
00:14:17,189 --> 00:14:15,360
would come out but um yeah i'm glad you

403
00:14:18,790 --> 00:14:17,199
sussed that out too because it's the

404
00:14:20,790 --> 00:14:18,800
first time someone's mentioned it but it

405
00:14:22,310 --> 00:14:20,800
was just one of these observations where

406
00:14:24,470 --> 00:14:22,320
you look at enough case studies and you

407
00:14:25,750 --> 00:14:24,480
start to see these patterns emerge and

408
00:14:28,310 --> 00:14:25,760
and it's interesting you know you gotta

409
00:14:31,030 --> 00:14:28,320
ask why yeah why is that the case uh

410
00:14:33,430 --> 00:14:31,040
could easily be a female ambassador for

411
00:14:34,870 --> 00:14:33,440
a female abductee but it seems to be the

412
00:14:36,790 --> 00:14:34,880
opposite for some reason i don't really

413
00:14:38,949 --> 00:14:36,800

know why that is but yeah with these

414

00:14:41,030 --> 00:14:38,959

lifelong contactees it's it's very

415

00:14:43,350 --> 00:14:41,040

common they were i would say a very

416

00:14:46,790 --> 00:14:43,360

small percentage were actually the same

417

00:14:48,230 --> 00:14:46,800

gender um across cases so yeah i'm glad

418

00:14:50,629 --> 00:14:48,240

you noticed that

419

00:14:52,550 --> 00:14:50,639

yeah phenomena do you think it's limited

420

00:14:54,069 --> 00:14:52,560

to like just as we've been speaking

421

00:14:56,870 --> 00:14:54,079

about you know potentially us in the

422

00:14:59,750 --> 00:14:56,880

future or is it that plus other

423

00:15:00,790 --> 00:14:59,760

civilized hominid forms you know like

424

00:15:03,110 --> 00:15:00,800

you said

425

00:15:05,030 --> 00:15:03,120

even everybody's picture of an alien

426
00:15:07,269 --> 00:15:05,040
seems to be similar right they do have

427
00:15:09,189 --> 00:15:07,279
two arms two legs whether the head's

428
00:15:11,269 --> 00:15:09,199
crazy big or small or you know three

429
00:15:12,710 --> 00:15:11,279
fingers four fingers they all i mean

430
00:15:14,310 --> 00:15:12,720
they're not squid

431
00:15:16,150 --> 00:15:14,320
and they're not you know birds there

432
00:15:17,829 --> 00:15:16,160
have been some you know blue avians and

433
00:15:20,310 --> 00:15:17,839
that type of thing i guess bird related

434
00:15:22,790 --> 00:15:20,320
but it just seems like for the most part

435
00:15:26,710 --> 00:15:22,800
everybody's description of what creature

436
00:15:28,470 --> 00:15:26,720
they saw is somewhat humanoid you know

437
00:15:30,310 --> 00:15:28,480
yeah and you know you have to

438
00:15:32,150 --> 00:15:30,320

acknowledge the psycho cultural

439

00:15:34,470 --> 00:15:32,160

hypothesis there and

440

00:15:36,949 --> 00:15:34,480

the potential psyop

441

00:15:38,389 --> 00:15:36,959

situation from project blue book where

442

00:15:40,069 --> 00:15:38,399

they're they're trying to put this out

443

00:15:42,150 --> 00:15:40,079

there so that when things are seen we

444

00:15:43,430 --> 00:15:42,160

can just say oh it's this thing that we

445

00:15:46,629 --> 00:15:43,440

saw on tv

446

00:15:48,550 --> 00:15:46,639

and i highlighted three cases in um

447

00:15:50,150 --> 00:15:48,560

in my most recent book that occurred

448

00:15:52,230 --> 00:15:50,160

before roswell that occurred before

449

00:15:55,269 --> 00:15:52,240

betty and barney hill where they don't

450

00:15:56,710 --> 00:15:55,279

have access to that that zeitgeist the

451
00:15:59,910 --> 00:15:56,720
the common

452
00:16:01,110 --> 00:15:59,920
uh stereotypical grey alien form yet but

453
00:16:04,550 --> 00:16:01,120
yeah you're right there there is some

454
00:16:06,870 --> 00:16:04,560
variation um i referenced a few times in

455
00:16:09,430 --> 00:16:06,880
this most recent book the dr agra

456
00:16:11,590 --> 00:16:09,440
mitchell free study where they uh

457
00:16:14,389 --> 00:16:11,600
surveyed something like 3 500 and

458
00:16:16,629 --> 00:16:14,399
contact these abductees and and in those

459
00:16:18,389 --> 00:16:16,639
the most common form was human

460
00:16:20,629 --> 00:16:18,399
um and then you had the short grays the

461
00:16:23,910 --> 00:16:20,639
tall grays hybrids and then only about

462
00:16:26,629 --> 00:16:23,920
five percent were non-hominin forms

463
00:16:29,590 --> 00:16:26,639

because all of those hybrid gray tall

464

00:16:32,470 --> 00:16:29,600

short and ourselves are all upright

465

00:16:35,110 --> 00:16:32,480

walking bipedal humans or hominins of

466

00:16:36,790 --> 00:16:35,120

some form so so if we can take that

467

00:16:39,110 --> 00:16:36,800

seriously there is

468

00:16:40,710 --> 00:16:39,120

that outlier that that small percentage

469

00:16:42,710 --> 00:16:40,720

that we need to account for

470

00:16:44,629 --> 00:16:42,720

and i don't know if this time travel

471

00:16:46,550 --> 00:16:44,639

model does um

472

00:16:48,069 --> 00:16:46,560

which would indicate to me that there is

473

00:16:49,430 --> 00:16:48,079

something else going on whether it be

474

00:16:51,509 --> 00:16:49,440

interdimensional or possibly

475

00:16:54,230 --> 00:16:51,519

extraterrestrial

476
00:16:57,030 --> 00:16:54,240
but i do think the vast majority

477
00:16:57,910 --> 00:16:57,040
of cases and the ufo phenomenon as a

478
00:17:00,230 --> 00:16:57,920
whole

479
00:17:01,350 --> 00:17:00,240
does fit well with this model i mean we

480
00:17:03,910 --> 00:17:01,360
don't have

481
00:17:05,750 --> 00:17:03,920
evidence in the same way we we have

482
00:17:07,750 --> 00:17:05,760
developed the standards of evidence over

483
00:17:09,750 --> 00:17:07,760
you know hundreds of years of of

484
00:17:12,069 --> 00:17:09,760
scientific research so

485
00:17:13,510 --> 00:17:12,079
it's not going to be as reliable uh at

486
00:17:15,990 --> 00:17:13,520
least yet

487
00:17:18,150 --> 00:17:16,000
as uh you know many other fields of

488
00:17:20,470 --> 00:17:18,160

study but with with what we do have and

489

00:17:22,069 --> 00:17:20,480

if we can take these

490

00:17:23,350 --> 00:17:22,079

first-hand accounts seriously these

491

00:17:24,949 --> 00:17:23,360

eyewitness accounts and i think we

492

00:17:26,470 --> 00:17:24,959

should they would hold up in a court of

493

00:17:28,710 --> 00:17:26,480

law even if it's not

494

00:17:31,029 --> 00:17:28,720

uh evidence in strict scientific terms

495

00:17:32,789 --> 00:17:31,039

then you know patterns emerge and those

496

00:17:35,190 --> 00:17:32,799

patterns tell stories and the story

497

00:17:36,549 --> 00:17:35,200

seems to be a human story from what i

498

00:17:38,470 --> 00:17:36,559

can tell

499

00:17:40,710 --> 00:17:38,480

you mentioned that there's droids as

500

00:17:43,990 --> 00:17:40,720

well like you mentioned you know um the

501
00:17:46,230 --> 00:17:44,000
calvin parker case where droids came out

502
00:17:48,630 --> 00:17:46,240
and there's other incidences where there

503
00:17:51,669 --> 00:17:48,640
has been robot looking entities in the

504
00:17:53,669 --> 00:17:51,679
room uh is that something that is just

505
00:17:54,549 --> 00:17:53,679
evolutionary like we're just bound to

506
00:17:55,669 --> 00:17:54,559
have

507
00:17:58,150 --> 00:17:55,679
robotic

508
00:17:59,350 --> 00:17:58,160
um help in the future and somehow is

509
00:18:03,909 --> 00:17:59,360
that

510
00:18:06,070 --> 00:18:03,919
you know are the grays only you know

511
00:18:07,669 --> 00:18:06,080
droids from the future where we might

512
00:18:09,430 --> 00:18:07,679
not have to have the risk of traveling

513
00:18:11,909 --> 00:18:09,440

through time we just send

514

00:18:14,310 --> 00:18:11,919

uh some entities back that can do the

515

00:18:16,789 --> 00:18:14,320

job for us

516

00:18:19,669 --> 00:18:16,799

well um i think there's a few things

517

00:18:22,470 --> 00:18:19,679

going on there the the ones well first

518

00:18:25,110 --> 00:18:22,480

off i mean you look at um

519

00:18:27,110 --> 00:18:25,120

uh who's who's the big robot

520

00:18:29,190 --> 00:18:27,120

manufacturer can't think of their name

521

00:18:31,430 --> 00:18:29,200

right now

522

00:18:33,270 --> 00:18:31,440

it alludes boston boston dynamics yeah

523

00:18:35,830 --> 00:18:33,280

boston dynamics they're they're making

524

00:18:37,350 --> 00:18:35,840

they're sort of leading the way in um

525

00:18:40,070 --> 00:18:37,360

human

526
00:18:41,510 --> 00:18:40,080
dog they make that weird dog thing too

527
00:18:43,590 --> 00:18:41,520
but robotics

528
00:18:45,830 --> 00:18:43,600
yeah yeah and there's a functional

529
00:18:47,909 --> 00:18:45,840
aspect to that like for carrying gear

530
00:18:49,430 --> 00:18:47,919
for soldiers or whatever but one of the

531
00:18:52,390 --> 00:18:49,440
main things they're working on and have

532
00:18:53,270 --> 00:18:52,400
been along with all of these other

533
00:18:55,590 --> 00:18:53,280
um

534
00:18:56,710 --> 00:18:55,600
robotics companies in japan and

535
00:18:58,789 --> 00:18:56,720
elsewhere

536
00:19:01,430 --> 00:18:58,799
is uh that they are trying to make a

537
00:19:03,430 --> 00:19:01,440
human form it's very very common for

538
00:19:05,430 --> 00:19:03,440

them to figure out bipedalism is harder

539

00:19:07,750 --> 00:19:05,440

with robotics obviously

540

00:19:10,390 --> 00:19:07,760

um but then to make something that looks

541

00:19:12,230 --> 00:19:10,400

human and acts human and um

542

00:19:14,310 --> 00:19:12,240

there's a show called humans actually

543

00:19:17,110 --> 00:19:14,320

where they they really dove deep into

544

00:19:19,750 --> 00:19:17,120

this it was a sci-fi show i think it was

545

00:19:22,630 --> 00:19:19,760

out of britain it's a good show

546

00:19:25,669 --> 00:19:22,640

um but it seems like no matter what i i

547

00:19:27,990 --> 00:19:25,679

don't think that we're evolving into

548

00:19:29,669 --> 00:19:28,000

robots or that we'll start to integrate

549

00:19:31,510 --> 00:19:29,679

ourselves with them per se i think

550

00:19:32,789 --> 00:19:31,520

what's happening here is that we're we

551
00:19:34,789 --> 00:19:32,799
just got better

552
00:19:37,430 --> 00:19:34,799
at making human-looking robots to the

553
00:19:39,110 --> 00:19:37,440
extent that to us uh in the the

554
00:19:40,310 --> 00:19:39,120
primitive past of these future

555
00:19:42,870 --> 00:19:40,320
descendants

556
00:19:45,510 --> 00:19:42,880
we're not great at telling that it may

557
00:19:47,510 --> 00:19:45,520
be obvious to them um

558
00:19:49,669 --> 00:19:47,520
but i i think we can kind of confuse

559
00:19:52,630 --> 00:19:49,679
them because they got so good at it with

560
00:19:55,350 --> 00:19:52,640
that said the parker hixson abduction of

561
00:19:57,990 --> 00:19:55,360
pascagoula those were clearly robots but

562
00:19:59,510 --> 00:19:58,000
both men say these were robots they made

563
00:20:01,669 --> 00:19:59,520

buzzing sounds they didn't look like

564

00:20:03,110 --> 00:20:01,679

humans they like weird elephant skin and

565

00:20:04,789 --> 00:20:03,120

little triangle things yeah they had

566

00:20:07,029 --> 00:20:04,799

horns out the side of their head yeah

567

00:20:09,190 --> 00:20:07,039

yeah exactly so so that's obviously a

568

00:20:10,950 --> 00:20:09,200

robot a pretty primitive one in a way

569

00:20:12,789 --> 00:20:10,960

other than the fact that can hover and

570

00:20:15,270 --> 00:20:12,799

interestingly they saw humans on that

571

00:20:16,630 --> 00:20:15,280

ship again not grays but actual humans

572

00:20:17,830 --> 00:20:16,640

that look just like us so it may

573

00:20:20,070 --> 00:20:17,840

indicate that that's from a more

574

00:20:21,830 --> 00:20:20,080

proximate period in our future and they

575

00:20:23,830 --> 00:20:21,840

have this kind of clunky robot that can

576

00:20:26,549 --> 00:20:23,840

still levitate and stuff but

577

00:20:29,190 --> 00:20:26,559

um not necessarily human-like not enough

578

00:20:31,029 --> 00:20:29,200

that you would you know marry it or

579

00:20:33,029 --> 00:20:31,039

uh i don't know there's a lot of movies

580

00:20:35,510 --> 00:20:33,039

about that too was that one ai i think

581

00:20:36,390 --> 00:20:35,520

it was yeah oh i haven't finished that

582

00:20:37,990 --> 00:20:36,400

movie

583

00:20:39,830 --> 00:20:38,000

yeah the sex robots i mean that's

584

00:20:42,149 --> 00:20:39,840

probably driving the industry more than

585

00:20:44,149 --> 00:20:42,159

anything is people just can't get laid

586

00:20:46,149 --> 00:20:44,159

and want to have a robot girlfriend or

587

00:20:47,590 --> 00:20:46,159

something

588

00:20:50,070 --> 00:20:47,600

to your point though we interviewed

589

00:20:51,909 --> 00:20:50,080

calvin parker and he was you know

590

00:20:54,070 --> 00:20:51,919

speaking of things that have more of a

591

00:20:55,350 --> 00:20:54,080

humanoid form versus like a robot form

592

00:20:57,510 --> 00:20:55,360

so yeah he said you know when they put

593

00:20:59,110 --> 00:20:57,520

him on the examination table this thing

594

00:21:00,710 --> 00:20:59,120

that looked like a pack of cards came

595

00:21:02,870 --> 00:21:00,720

out of the ceiling and kind of like

596

00:21:05,270 --> 00:21:02,880

scanned his head and went around one

597

00:21:07,029 --> 00:21:05,280

time and then disappeared but he said

598

00:21:09,510 --> 00:21:07,039

that the the creature that was beside

599

00:21:11,750 --> 00:21:09,520

him he called her a female so there's a

600

00:21:14,630 --> 00:21:11,760

very distinct big distinction between

601
00:21:16,789 --> 00:21:14,640
that was a machine yeah this has a sex

602
00:21:18,950 --> 00:21:16,799
to it not only it's a living creature

603
00:21:20,870 --> 00:21:18,960
but it was definitely a female one of

604
00:21:22,470 --> 00:21:20,880
whatever the hell it was yeah and and

605
00:21:24,149 --> 00:21:22,480
the same thing can be seen in whitley

606
00:21:25,510 --> 00:21:24,159
strieber's account he describes four

607
00:21:28,710 --> 00:21:25,520
different types

608
00:21:31,430 --> 00:21:28,720
one being sort of robotic but humanoid

609
00:21:34,149 --> 00:21:31,440
enough that there is that crossover and

610
00:21:36,070 --> 00:21:34,159
then yeah this this woman is female

611
00:21:37,510 --> 00:21:36,080
again sort of the the opposite gender

612
00:21:38,630 --> 00:21:37,520
thing happening

613
00:21:40,549 --> 00:21:38,640

and uh

614

00:21:42,549 --> 00:21:40,559

yeah he you know

615

00:21:44,630 --> 00:21:42,559

it's hard because the the female form

616

00:21:46,149 --> 00:21:44,640

was more toward this bug-like

617

00:21:47,590 --> 00:21:46,159

insect-like

618

00:21:49,750 --> 00:21:47,600

uh type

619

00:21:51,430 --> 00:21:49,760

and and i don't think they are bugs i

620

00:21:53,350 --> 00:21:51,440

don't think they're from like

621

00:21:55,029 --> 00:21:53,360

him and i actually talked about this on

622

00:21:57,510 --> 00:21:55,039

his podcast whether

623

00:21:59,510 --> 00:21:57,520

these insect or reptile like beans could

624

00:22:01,990 --> 00:21:59,520

be from a post-human future where they

625

00:22:03,830 --> 00:22:02,000

stumble upon our time travel technology

626
00:22:04,630 --> 00:22:03,840
long after we're dead and use it to go

627
00:22:07,190 --> 00:22:04,640
back

628
00:22:09,029 --> 00:22:07,200
a very very long way into the past and i

629
00:22:10,630 --> 00:22:09,039
i don't know it's just kind of a thought

630
00:22:13,270 --> 00:22:10,640
experiment that unfolded as we were

631
00:22:15,350 --> 00:22:13,280
talking but um it's an interesting idea

632
00:22:17,750 --> 00:22:15,360
but i think these these individuals are

633
00:22:19,190 --> 00:22:17,760
still human they're just so far from our

634
00:22:20,710 --> 00:22:19,200
future that they've developed

635
00:22:22,630 --> 00:22:20,720
characteristics especially the large

636
00:22:24,630 --> 00:22:22,640
eyes which seem to be the thing that

637
00:22:25,909 --> 00:22:24,640
people focus on the most and that would

638
00:22:28,549 --> 00:22:25,919

be something that would likely

639

00:22:31,270 --> 00:22:28,559

characterize our very distant future so

640

00:22:33,110 --> 00:22:31,280

um but he could still sense this gender

641

00:22:35,590 --> 00:22:33,120

aspect to this individual whether it's a

642

00:22:37,510 --> 00:22:35,600

consciousness thing or whether there's a

643

00:22:41,029 --> 00:22:37,520

a physical

644

00:22:42,470 --> 00:22:41,039

tell i guess um but yeah i don't know

645

00:22:44,630 --> 00:22:42,480

there's there's a lot of questions there

646

00:22:46,230 --> 00:22:44,640

but i do think the ai will play a part

647

00:22:48,230 --> 00:22:46,240

in the future and like you said jason i

648

00:22:50,390 --> 00:22:48,240

think it's going to be instrumental

649

00:22:51,430 --> 00:22:50,400

in helping us develop this technology

650

00:22:53,029 --> 00:22:51,440

because there's going to be risks

651
00:22:55,430 --> 00:22:53,039
involved to sending someone into the

652
00:22:57,430 --> 00:22:55,440
past they would just disappear right and

653
00:22:59,350 --> 00:22:57,440
if they don't come back and they're lost

654
00:23:00,950 --> 00:22:59,360
you know in time flying around on

655
00:23:01,669 --> 00:23:00,960
pterodactyls and whatnot you're going to

656
00:23:03,669 --> 00:23:01,679
have

657
00:23:06,950 --> 00:23:03,679
an issue with the ethics involved in

658
00:23:09,669 --> 00:23:06,960
that so sending a pre-programmed droid

659
00:23:11,510 --> 00:23:09,679
or some sort of ai into the past

660
00:23:12,630 --> 00:23:11,520
uh minimizes some of those risks to some

661
00:23:14,470 --> 00:23:12,640
extent

662
00:23:15,990 --> 00:23:14,480
i was actually surprised because you

663
00:23:18,870 --> 00:23:16,000

mentioned a bunch of stuff in your book

664

00:23:20,710 --> 00:23:18,880

that i had no uh knowledge of uh for

665

00:23:22,549 --> 00:23:20,720

instance you were talking about uh it

666

00:23:25,029 --> 00:23:22,559

was terry lovelace right

667

00:23:27,430 --> 00:23:25,039

um and you mentioned that

668

00:23:29,669 --> 00:23:27,440

the military sort of forced them to go

669

00:23:31,190 --> 00:23:29,679

under hypnosis i didn't i talked to

670

00:23:32,390 --> 00:23:31,200

terry but i didn't know that that

671

00:23:34,310 --> 00:23:32,400

happened

672

00:23:36,310 --> 00:23:34,320

uh that they forced him under hypnosis

673

00:23:38,549 --> 00:23:36,320

to sort of recount what happened to him

674

00:23:40,230 --> 00:23:38,559

right kind of that from what he

675

00:23:42,390 --> 00:23:40,240

describes in his first book i haven't

676
00:23:43,590 --> 00:23:42,400
read a second one yet it was more about

677
00:23:45,110 --> 00:23:43,600
just trying to find out if he had

678
00:23:47,110 --> 00:23:45,120
pictures because he liked to take

679
00:23:49,909 --> 00:23:47,120
photographs and they knew that

680
00:23:51,830 --> 00:23:49,919
and they were fine with him knowing they

681
00:23:53,990 --> 00:23:51,840
they gave him and his friend toby these

682
00:23:55,430 --> 00:23:54,000
pills to make them forget he didn't take

683
00:23:57,269 --> 00:23:55,440
him toby did

684
00:23:58,870 --> 00:23:57,279
messed him up pretty bad

685
00:24:00,630 --> 00:23:58,880
according to his account

686
00:24:02,630 --> 00:24:00,640
um but no it's really just to try to

687
00:24:05,510 --> 00:24:02,640
find out if there was any chance that he

688
00:24:07,669 --> 00:24:05,520

took pictures while

689

00:24:10,789 --> 00:24:07,679

being aboard this craft or on the moon

690

00:24:12,870 --> 00:24:10,799

base or wherever it was um and and they

691

00:24:14,470 --> 00:24:12,880

decided that he didn't so he wasn't as

692

00:24:16,390 --> 00:24:14,480

much of a risk but

693

00:24:19,190 --> 00:24:16,400

it was it wasn't not so much to find out

694

00:24:20,549 --> 00:24:19,200

because what he says and uh peniston

695

00:24:22,149 --> 00:24:20,559

said the same thing is that they already

696

00:24:23,430 --> 00:24:22,159

knew everything

697

00:24:25,510 --> 00:24:23,440

they've been doing this they've been

698

00:24:27,350 --> 00:24:25,520

interacting with these individuals

699

00:24:29,510 --> 00:24:27,360

whether they'd be extraterrestrial extra

700

00:24:31,110 --> 00:24:29,520

tempestual for decades so it wasn't

701
00:24:32,870 --> 00:24:31,120
about finding things out there he knew

702
00:24:34,870 --> 00:24:32,880
everything they just wanted to make sure

703
00:24:37,909 --> 00:24:34,880
he wasn't a risk by uh having some

704
00:24:41,029 --> 00:24:37,919
photographic evidence of what he saw

705
00:24:43,430 --> 00:24:41,039
that's been ongoing for a long time

706
00:24:44,950 --> 00:24:43,440
even talking to other investigators just

707
00:24:46,230 --> 00:24:44,960
yeah they're being followed and stuff

708
00:24:47,830 --> 00:24:46,240
like that and making sure they don't

709
00:24:48,630 --> 00:24:47,840
have information but

710
00:24:50,390 --> 00:24:48,640
um

711
00:24:51,990 --> 00:24:50,400
yeah i know and it seems to be i

712
00:24:54,789 --> 00:24:52,000
mentioned this in a

713
00:24:57,029 --> 00:24:54,799

space.com interview i was interviewed by

714

00:24:58,549 --> 00:24:57,039

a reporter from al arabi

715

00:25:00,870 --> 00:24:58,559

which i think is

716

00:25:02,710 --> 00:25:00,880

broadcast in the middle east and

717

00:25:05,110 --> 00:25:02,720

uh north africa i think that's actually

718

00:25:06,549 --> 00:25:05,120

coming out next week um but you know

719

00:25:08,149 --> 00:25:06,559

i've been saying the same thing because

720

00:25:09,909 --> 00:25:08,159

it seems obvious if you study these

721

00:25:11,350 --> 00:25:09,919

cases long enough that the air force has

722

00:25:12,310 --> 00:25:11,360

been involved in this since the

723

00:25:14,149 --> 00:25:12,320

beginning

724

00:25:15,990 --> 00:25:14,159

right they they were project grudger

725

00:25:17,909 --> 00:25:16,000

project blue book they were there for

726

00:25:20,390 --> 00:25:17,919

the roswell crash that may or may not

727

00:25:21,750 --> 00:25:20,400

have happened but probably did um and

728

00:25:23,510 --> 00:25:21,760

then yeah the office of special

729

00:25:25,590 --> 00:25:23,520

investigations specifically within the

730

00:25:28,390 --> 00:25:25,600

us air force they were the ones that

731

00:25:29,909 --> 00:25:28,400

were right there uh investigating

732

00:25:31,830 --> 00:25:29,919

all of these cases with military

733

00:25:34,470 --> 00:25:31,840

personnel jim penisten and terry

734

00:25:35,990 --> 00:25:34,480

lovelace being just two examples but

735

00:25:37,990 --> 00:25:36,000

yeah where are they in all of this you

736

00:25:39,269 --> 00:25:38,000

know i was asked about nasa who who

737

00:25:41,190 --> 00:25:39,279

cares

738

00:25:42,789 --> 00:25:41,200

yeah they're in space they can see stuff

739

00:25:44,070 --> 00:25:42,799

happening around the earth sweet but

740

00:25:46,310 --> 00:25:44,080

let's talk to the people who have been

741

00:25:47,269 --> 00:25:46,320

studying this for the last 70 years

742

00:25:49,590 --> 00:25:47,279

where where are they in this

743

00:25:51,590 --> 00:25:49,600

conversation and it seems strange to me

744

00:25:53,190 --> 00:25:51,600

and others are saying the same thing but

745

00:25:55,029 --> 00:25:53,200

and they're so quiet

746

00:25:56,070 --> 00:25:55,039

yeah until they get involved i don't i

747

00:25:58,470 --> 00:25:56,080

don't i'm not even really paying

748

00:26:00,149 --> 00:25:58,480

attention to any of this it's just a dog

749

00:26:01,750 --> 00:26:00,159

and pony show in my opinion

750

00:26:03,269 --> 00:26:01,760

the recent disclosures seem to be coming

751

00:26:05,590 --> 00:26:03,279

more from the navy right like with the

752

00:26:07,590 --> 00:26:05,600

tic tac incident and we've had a few of

753

00:26:11,029 --> 00:26:07,600

those guys you know first-hand witnesses

754

00:26:11,909 --> 00:26:11,039

on the show but yeah the air force is um

755

00:26:13,909 --> 00:26:11,919

almost

756

00:26:15,590 --> 00:26:13,919

it's spooky right like why are they not

757

00:26:18,230 --> 00:26:15,600

saying anything jason's always said this

758

00:26:20,549 --> 00:26:18,240

it's suspicious uh nobody knows aerial

759

00:26:22,390 --> 00:26:20,559

phenomenon better than trained observers

760

00:26:24,310 --> 00:26:22,400

and the best are in the air force and

761

00:26:26,549 --> 00:26:24,320

yeah they should have at least some

762

00:26:28,710 --> 00:26:26,559

reports you can't have none right or

763

00:26:30,870 --> 00:26:28,720

very like or you know i guess

764

00:26:32,390 --> 00:26:30,880

percentage-wise it might as well be none

765

00:26:34,470 --> 00:26:32,400

when you look at what's actually come

766

00:26:36,230 --> 00:26:34,480

out from all the different bodies uh and

767

00:26:39,430 --> 00:26:36,240

you know paul hellyer was the canadian

768

00:26:41,750 --> 00:26:39,440

ministry of defense and uh he was big on

769

00:26:42,950 --> 00:26:41,760

getting this information out so and he

770

00:26:45,029 --> 00:26:42,960

even admitted as the head of the

771

00:26:46,310 --> 00:26:45,039

freaking military of a country that

772

00:26:48,149 --> 00:26:46,320

there was stuff that he didn't have

773

00:26:50,549 --> 00:26:48,159

access to either that he found out

774

00:26:52,870 --> 00:26:50,559

second hand yeah i know and it's easy to

775

00:26:55,029 --> 00:26:52,880

start getting kind of conspiracy

776

00:26:56,390 --> 00:26:55,039

theory-ish when we start talking about

777

00:26:58,710 --> 00:26:56,400

these things but

778

00:27:00,789 --> 00:26:58,720

i i'm convinced now i and it's funny if

779

00:27:03,350 --> 00:27:00,799

i went back and watched my interviews

780

00:27:06,390 --> 00:27:03,360

over the last four years when i started

781

00:27:09,029 --> 00:27:06,400

talking about this stuff um

782

00:27:11,669 --> 00:27:09,039

my views have evolved significantly you

783

00:27:12,950 --> 00:27:11,679

know i i remember saying back in 2019

784

00:27:14,390 --> 00:27:12,960

people would ask me well what do you do

785

00:27:16,710 --> 00:27:14,400

you think the government knows oh my god

786

00:27:18,870 --> 00:27:16,720

i don't know probably not

787

00:27:21,029 --> 00:27:18,880

and now it's it's very obvious to me

788

00:27:23,350 --> 00:27:21,039

that they do and have for a long time

789

00:27:26,149 --> 00:27:23,360

and and yeah there's probably even

790

00:27:27,669 --> 00:27:26,159

collaboration between us and and our our

791

00:27:29,430 --> 00:27:27,679

descendants from different periods in

792

00:27:31,590 --> 00:27:29,440

the future it seems it's one of those

793

00:27:33,510 --> 00:27:31,600

patterns that seem to emerge from this

794

00:27:36,230 --> 00:27:33,520

research and you know it probably sounds

795

00:27:37,909 --> 00:27:36,240

crazy now but in 20 years it might be

796

00:27:39,590 --> 00:27:37,919

common knowledge too i don't know it's

797

00:27:40,310 --> 00:27:39,600

not one of those time will tell things

798

00:27:41,190 --> 00:27:40,320

but

799

00:27:43,029 --> 00:27:41,200

um

800

00:27:45,029 --> 00:27:43,039

yeah it's it's interesting to see what's

801
00:27:46,870 --> 00:27:45,039
happening now it almost seems like

802
00:27:47,750 --> 00:27:46,880
they're kind of giving us just these

803
00:27:50,149 --> 00:27:47,760
little

804
00:27:51,669 --> 00:27:50,159
rungs in the ladder that will eventually

805
00:27:53,830 --> 00:27:51,679
lead to the air force giving us

806
00:27:56,149 --> 00:27:53,840
everything or you know it i've heard a

807
00:27:59,190 --> 00:27:56,159
lot of other people that that are in the

808
00:28:01,510 --> 00:27:59,200
know and especially ones in uh

809
00:28:03,990 --> 00:28:01,520
government say that it's not up to them

810
00:28:06,149 --> 00:28:04,000
it's up to these visitors when we know

811
00:28:08,470 --> 00:28:06,159
and it seems like they're

812
00:28:10,870 --> 00:28:08,480
starting to inch us toward knowing which

813
00:28:13,190 --> 00:28:10,880

is kind of exciting because you know

814

00:28:15,430 --> 00:28:13,200

this phenomenon's tens of thousands of

815

00:28:17,350 --> 00:28:15,440

years old so being alive at the time

816

00:28:19,510 --> 00:28:17,360

when we might actually get to know about

817

00:28:21,510 --> 00:28:19,520

this and talk about it meet them it

818

00:28:23,430 --> 00:28:21,520

would be phenomenal i think that would

819

00:28:26,230 --> 00:28:23,440

be awesome if that happened and

820

00:28:27,590 --> 00:28:26,240

the fact that things have sort of been

821

00:28:30,389 --> 00:28:27,600

happening the way they have over the

822

00:28:32,710 --> 00:28:30,399

last well since 2017 essentially

823

00:28:34,710 --> 00:28:32,720

seems to indicate that we we are on a

824

00:28:36,549 --> 00:28:34,720

path to to knowing and i think that

825

00:28:38,310 --> 00:28:36,559

would be delightful

826

00:28:40,310 --> 00:28:38,320

yeah yeah well i'm looking forward to

827

00:28:42,149 --> 00:28:40,320

the day what the air force actually

828

00:28:43,510 --> 00:28:42,159

comes up with a statement but like you

829

00:28:45,830 --> 00:28:43,520

mentioned they're quite quiet on the

830

00:28:48,149 --> 00:28:45,840

subject yeah and

831

00:28:50,070 --> 00:28:48,159

my worry when they first came out with

832

00:28:51,350 --> 00:28:50,080

this uh whole task force that they're

833

00:28:52,789 --> 00:28:51,360

going to have is that they were going to

834

00:28:54,230 --> 00:28:52,799

be competing with

835

00:28:56,630 --> 00:28:54,240

the people that have already been doing

836

00:28:58,549 --> 00:28:56,640

this for over 75 years you know these

837

00:29:00,950 --> 00:28:58,559

organizations that show up all of a

838

00:29:03,190 --> 00:29:00,960

sudden when an event happens collect the

839

00:29:05,029 --> 00:29:03,200

evidence and then take off you got this

840

00:29:06,470 --> 00:29:05,039

new task force now that's going to be

841

00:29:07,269 --> 00:29:06,480

you know discovering that there's a

842

00:29:09,269 --> 00:29:07,279

group

843

00:29:10,789 --> 00:29:09,279

that's already doing this right yeah are

844

00:29:12,389 --> 00:29:10,799

they going to play ball or is it going

845

00:29:13,870 --> 00:29:12,399

to be you know the country's sort of

846

00:29:15,750 --> 00:29:13,880

divided and

847

00:29:17,669 --> 00:29:15,760

compartmentalized with these different

848

00:29:19,190 --> 00:29:17,679

organizations right

849

00:29:21,190 --> 00:29:19,200

we're really at their mercy yeah we're

850

00:29:22,710 --> 00:29:21,200

really at their mercy right now

851

00:29:25,190 --> 00:29:22,720

yeah and i don't know i mean i guess

852

00:29:27,830 --> 00:29:25,200

we'll see but i

853

00:29:29,990 --> 00:29:27,840

and and do we even need them you know

854

00:29:31,669 --> 00:29:30,000

we know this is real do we need them to

855

00:29:33,669 --> 00:29:31,679

tell us it's real again or in a

856

00:29:36,230 --> 00:29:33,679

different way or another organization

857

00:29:38,310 --> 00:29:36,240

like and that's what's great about

858

00:29:40,149 --> 00:29:38,320

this this process and what's been

859

00:29:41,669 --> 00:29:40,159

happening is it's reducing the stigma

860

00:29:43,750 --> 00:29:41,679

regardless

861

00:29:45,830 --> 00:29:43,760

um and i think that that's the only

862

00:29:47,990 --> 00:29:45,840

thing i really pay attention to like i

863

00:29:50,070 --> 00:29:48,000

don't watch the congressional hearings

864

00:29:51,350 --> 00:29:50,080

or whatever talking head is talking

865

00:29:53,190 --> 00:29:51,360

about something they don't know anything

866

00:29:54,470 --> 00:29:53,200

about at any given time

867

00:29:57,269 --> 00:29:54,480

to me what's

868

00:29:59,590 --> 00:29:57,279

really fascinating and actually worth

869

00:30:01,750 --> 00:29:59,600

noting is how the stigma is being

870

00:30:03,430 --> 00:30:01,760

reduced and once that happens and has

871

00:30:04,470 --> 00:30:03,440

been happening and if it continues to

872

00:30:06,389 --> 00:30:04,480

happen

873

00:30:09,830 --> 00:30:06,399

who cares what with these government

874

00:30:11,510 --> 00:30:09,840

officials that aren't involved say or no

875

00:30:13,430 --> 00:30:11,520

we can get scientists involved we can

876

00:30:15,909 --> 00:30:13,440

start studying this independently the

877

00:30:18,549 --> 00:30:15,919

the private sector the public sector and

878

00:30:20,710 --> 00:30:18,559

education can get involved and and to me

879

00:30:22,630 --> 00:30:20,720

that that's more promising than

880

00:30:25,350 --> 00:30:22,640

whatever new

881

00:30:27,830 --> 00:30:25,360

department of defense branches sticking

882

00:30:30,470 --> 00:30:27,840

their nose into this at any given time

883

00:30:32,470 --> 00:30:30,480

we had caroline cory and her movie crew

884

00:30:34,630 --> 00:30:32,480

on and they may come out with that movie

885

00:30:36,630 --> 00:30:34,640

a tear in the sky and basically they

886

00:30:39,110 --> 00:30:36,640

went to where the tic tac incident

887

00:30:40,950 --> 00:30:39,120

happened which was off catalina island

888

00:30:42,630 --> 00:30:40,960

and they just triangulated from three

889

00:30:44,789 --> 00:30:42,640

different vantage points and pointed all

890

00:30:46,549 --> 00:30:44,799

their instruments in the air and they

891

00:30:48,549 --> 00:30:46,559

had like a three or four day time frame

892

00:30:50,630 --> 00:30:48,559

to do this and they started getting hits

893

00:30:52,230 --> 00:30:50,640

right away so like you mentioned we

894

00:30:55,110 --> 00:30:52,240

don't need the government to do this

895

00:30:56,789 --> 00:30:55,120

even people's cell phone cameras are far

896

00:30:59,909 --> 00:30:56,799

greater than anything that we had 50

897

00:31:01,830 --> 00:30:59,919

years ago so yeah and you've got uh x

898

00:31:04,789 --> 00:31:01,840

too they're developing all these

899

00:31:06,789 --> 00:31:04,799

technologies so yeah yeah so yeah i

900

00:31:09,110 --> 00:31:06,799

think that that's uh it's gonna come

901
00:31:10,230 --> 00:31:09,120
from the public sector somehow because

902
00:31:12,070 --> 00:31:10,240
that's the only way the government can

903
00:31:13,750 --> 00:31:12,080
really save face they can't just say

904
00:31:15,830 --> 00:31:13,760
yeah we've known this for 80 years we've

905
00:31:17,830 --> 00:31:15,840
been flat out lying about it right oh

906
00:31:19,830 --> 00:31:17,840
they're just going to kind of join the

907
00:31:21,830 --> 00:31:19,840
bandwagon and when it starts rolling and

908
00:31:23,430 --> 00:31:21,840
say you know we're just as surprised as

909
00:31:25,269 --> 00:31:23,440
you guys yeah

910
00:31:27,509 --> 00:31:25,279
they'll sneak on that bandwagon look

911
00:31:29,830 --> 00:31:27,519
around like oh what's going on this is

912
00:31:30,789 --> 00:31:29,840
cool we forgot to tell you yeah yeah oh

913
00:31:32,549 --> 00:31:30,799

yeah

914

00:31:34,710 --> 00:31:32,559

it rings

915

00:31:36,789 --> 00:31:34,720

there was this thing in 1947. now that

916

00:31:39,350 --> 00:31:36,799

you mention it yeah yeah

917

00:31:41,029 --> 00:31:39,360

yeah i'm not i'm not i'm not i don't

918

00:31:43,269 --> 00:31:41,039

think they should get off that easy to

919

00:31:44,950 --> 00:31:43,279

be honest i mean lying to the public i

920

00:31:46,950 --> 00:31:44,960

get it i understand why there's national

921

00:31:49,350 --> 00:31:46,960

security issues there's this

922

00:31:52,070 --> 00:31:49,360

constant red queen

923

00:31:54,149 --> 00:31:52,080

battle of technology and warfare and

924

00:31:56,070 --> 00:31:54,159

whatnot and people you know would have

925

00:31:58,149 --> 00:31:56,080

flipped their if they would have

926

00:31:59,669 --> 00:31:58,159

revealed this whether extraterrestrial

927

00:32:02,470 --> 00:31:59,679

or future humans we couldn't wrap our

928

00:32:04,870 --> 00:32:02,480

brains around that in the 1940s so i get

929

00:32:07,190 --> 00:32:04,880

it but i mean come on we're we're not

930

00:32:09,110 --> 00:32:07,200

idiots now i mean i guess a lot of us

931

00:32:10,470 --> 00:32:09,120

are and i don't think we're idiots then

932

00:32:12,230 --> 00:32:10,480

either and i actually heard stanton

933

00:32:13,909 --> 00:32:12,240

friedman say years ago in an interview

934

00:32:15,269 --> 00:32:13,919

that's like listen we just came out of

935

00:32:17,590 --> 00:32:15,279

world war ii

936

00:32:19,909 --> 00:32:17,600

where you know we pulled this off

937

00:32:22,470 --> 00:32:19,919

and and we all came together and it was

938

00:32:24,230 --> 00:32:22,480

a cumulative win so we could have

939

00:32:26,149 --> 00:32:24,240

probably handled some of that info too

940

00:32:27,750 --> 00:32:26,159

it was probably bad timing you know

941

00:32:29,190 --> 00:32:27,760

similar to cold war and everything else

942

00:32:31,590 --> 00:32:29,200

they don't want to bring that into the

943

00:32:34,389 --> 00:32:31,600

occasion you know as well as oh yeah and

944

00:32:37,110 --> 00:32:34,399

nuke might rain from the sky so i get

945

00:32:39,110 --> 00:32:37,120

you know you know tear drops in people

946

00:32:40,950 --> 00:32:39,120

kind of thing right right i mean well

947

00:32:43,990 --> 00:32:40,960

also what was orson welles broadcast

948

00:32:46,470 --> 00:32:44,000

wasn't that just 38 1938 so yeah we

949

00:32:49,269 --> 00:32:46,480

weren't too far from that either as far

950

00:32:51,509 --> 00:32:49,279

as uh culture history goes so yeah i

951
00:32:53,909 --> 00:32:51,519
think i think you're right the timing

952
00:32:56,630 --> 00:32:53,919
probably wasn't ideal but then again why

953
00:32:58,149 --> 00:32:56,640
did it take 70 years and maybe we're not

954
00:33:00,230 --> 00:32:58,159
even there yet maybe this is yet another

955
00:33:01,909 --> 00:33:00,240
false horizon and where it'll be another

956
00:33:04,549 --> 00:33:01,919
70 years but

957
00:33:06,070 --> 00:33:04,559
again i don't think it was up to us as

958
00:33:08,389 --> 00:33:06,080
modern humans i think it's up to the

959
00:33:09,909 --> 00:33:08,399
future humans and they probably decided

960
00:33:13,350 --> 00:33:09,919
you know he just came off of this war

961
00:33:14,630 --> 00:33:13,360
you're very primitive warring people uh

962
00:33:16,389 --> 00:33:14,640
but we can't trust you with this

963
00:33:17,990 --> 00:33:16,399

knowledge you're

964

00:33:21,750 --> 00:33:18,000

as a society yes they're very smart

965

00:33:24,549 --> 00:33:21,760

people but as a society i don't think

966

00:33:26,470 --> 00:33:24,559

that could have been divulged and people

967

00:33:28,470 --> 00:33:26,480

just suddenly wrapped their heads around

968

00:33:29,509 --> 00:33:28,480

it it's it's i think it's more complex

969

00:33:31,830 --> 00:33:29,519

than that

970

00:33:33,909 --> 00:33:31,840

it's also the um the fact that there's

971

00:33:35,350 --> 00:33:33,919

going to be some sort of accountability

972

00:33:37,509 --> 00:33:35,360

because there's many people that have

973

00:33:38,389 --> 00:33:37,519

had their lives wrecked because of the

974

00:33:39,190 --> 00:33:38,399

secrecy

975

00:33:41,350 --> 00:33:39,200

you know

976

00:33:43,350 --> 00:33:41,360

i'm a strong believer in bob lazar's

977

00:33:45,750 --> 00:33:43,360

story i believe that they went in and

978

00:33:47,830 --> 00:33:45,760

tried to wreck his life uh to discredit

979

00:33:49,430 --> 00:33:47,840

the guy uh you know but there's other

980

00:33:51,750 --> 00:33:49,440

people there's there's got to be

981

00:33:55,190 --> 00:33:51,760

thousands of people that have signed

982

00:33:57,350 --> 00:33:55,200

ndas that you know um even with the new

983

00:34:00,950 --> 00:33:57,360

was the congress that passed that new

984

00:34:02,630 --> 00:34:00,960

uh law or a bill that anybody can come

985

00:34:04,310 --> 00:34:02,640

forward even if they have an nda to

986

00:34:06,710 --> 00:34:04,320

spill the beans about this

987

00:34:09,750 --> 00:34:06,720

that's huge yes and then everybody did

988

00:34:11,430 --> 00:34:09,760

that back in what 2020 or something

989

00:34:13,109 --> 00:34:11,440

where they changed their policy that so

990

00:34:15,270 --> 00:34:13,119

that pilots could report things without

991

00:34:16,710 --> 00:34:15,280

retribution i think that's an important

992

00:34:18,069 --> 00:34:16,720

move yeah what congress just did is

993

00:34:20,629 --> 00:34:18,079

important too

994

00:34:21,990 --> 00:34:20,639

and and you know how many people you're

995

00:34:24,310 --> 00:34:22,000

right how many people did have their

996

00:34:26,950 --> 00:34:24,320

lives destroyed by the secrecy and this

997

00:34:29,510 --> 00:34:26,960

this cover-up and and it causes people

998

00:34:31,510 --> 00:34:29,520

to lose faith in

999

00:34:33,990 --> 00:34:31,520

the higher-ups the government the powers

1000

00:34:35,270 --> 00:34:34,000

that be if if you find out that this

1001

00:34:37,270 --> 00:34:35,280

thing you think they're lying about they

1002

00:34:38,550 --> 00:34:37,280

actually we're lying about yeah you know

1003

00:34:40,310 --> 00:34:38,560

and then the next question is well what

1004

00:34:42,869 --> 00:34:40,320

else are they lying about and you know

1005

00:34:46,710 --> 00:34:42,879

you look at how they the cio would test

1006

00:34:47,589 --> 00:34:46,720

acid on people on without their consent

1007

00:34:50,550 --> 00:34:47,599

it's

1008

00:34:52,790 --> 00:34:50,560

govern people i'm not saying there's any

1009

00:34:55,990 --> 00:34:52,800

right or wrong way to do it but

1010

00:34:58,150 --> 00:34:56,000

it definitely uh raises questions

1011

00:35:00,310 --> 00:34:58,160

and uh you know i'm not a conspiracy

1012

00:35:01,589 --> 00:35:00,320

theorist but when these things come out

1013

00:35:03,190 --> 00:35:01,599

it definitely

1014

00:35:05,430 --> 00:35:03,200

makes you ask questions and it's not

1015

00:35:08,069 --> 00:35:05,440

even a political issue about

1016

00:35:11,109 --> 00:35:08,079

laughter right or whatever it's just

1017

00:35:12,069 --> 00:35:11,119

i i don't know is is there some

1018

00:35:14,550 --> 00:35:12,079

uh

1019

00:35:16,230 --> 00:35:14,560

yeah i don't know i'm trying not to go

1020

00:35:18,230 --> 00:35:16,240

down any crazy rabbit holes right now

1021

00:35:21,109 --> 00:35:18,240

because i i probably don't even believe

1022

00:35:23,190 --> 00:35:21,119

what i would say it would just be

1023

00:35:25,270 --> 00:35:23,200

wild speculation about

1024

00:35:28,069 --> 00:35:25,280

whatever is going on or has been for the

1025

00:35:30,069 --> 00:35:28,079

last 70 years

1026

00:35:31,589 --> 00:35:30,079

yeah oh sorry jay no i'm just going to

1027

00:35:33,829 --> 00:35:31,599

say i wanted to ask you as a historian

1028

00:35:35,510 --> 00:35:33,839

an anthropologist you know you look at

1029

00:35:38,470 --> 00:35:35,520

things as they were tens of thousands of

1030

00:35:41,589 --> 00:35:38,480

years ago so in terms of like ancient

1031

00:35:43,430 --> 00:35:41,599

monoliths and ancient cultures and

1032

00:35:45,589 --> 00:35:43,440

hieroglyphs and things like that people

1033

00:35:47,750 --> 00:35:45,599

drawing pictures of spaceships and caves

1034

00:35:50,550 --> 00:35:47,760

and you know

1035

00:35:52,950 --> 00:35:50,560

structures that we weren't supposedly

1036

00:35:54,630 --> 00:35:52,960

evolved enough to make but yet they were

1037

00:35:56,950 --> 00:35:54,640

made right like the pyramids and all

1038

00:35:59,190 --> 00:35:56,960

this stuff so in terms of like the whole

1039

00:36:01,589 --> 00:35:59,200

maybe call it the ancient uh ancient

1040

00:36:03,430 --> 00:36:01,599

alien theory or ancient astronaut theory

1041

00:36:05,670 --> 00:36:03,440

do you think there's any credence there

1042

00:36:07,750 --> 00:36:05,680

like were we able to build those giant

1043

00:36:10,550 --> 00:36:07,760

monoliths or was there

1044

00:36:13,910 --> 00:36:10,560

no absolutely absolutely and i do draw a

1045

00:36:15,670 --> 00:36:13,920

hard line uh with the ancient aliens

1046

00:36:18,470 --> 00:36:15,680

camp on this one because

1047

00:36:20,550 --> 00:36:18,480

it and i i mentioned this in my my most

1048

00:36:22,310 --> 00:36:20,560

recent book is is that they were

1049

00:36:24,230 --> 00:36:22,320

absolutely capable of doing these things

1050

00:36:25,829 --> 00:36:24,240

it doesn't take this grand technology to

1051

00:36:27,990 --> 00:36:25,839

be able to carve blocks of stone and

1052

00:36:29,589 --> 00:36:28,000

then stack them on top of each other and

1053

00:36:31,109 --> 00:36:29,599

the fact that you have pyramid shapes in

1054

00:36:32,710 --> 00:36:31,119

all these different places simply

1055

00:36:35,270 --> 00:36:32,720

because that's a very solid structure

1056

00:36:37,190 --> 00:36:35,280

that doesn't collapse on itself so

1057

00:36:39,030 --> 00:36:37,200

it's just people through independent

1058

00:36:41,030 --> 00:36:39,040

invention um

1059

00:36:42,950 --> 00:36:41,040

discovering the best way to do things

1060

00:36:44,550 --> 00:36:42,960

and you know the precision with which

1061

00:36:47,030 --> 00:36:44,560

they can carve

1062

00:36:48,870 --> 00:36:47,040

blocks really isn't isn't that dramatic

1063

00:36:50,550 --> 00:36:48,880

um i think the most recent research

1064

00:36:52,230 --> 00:36:50,560

indicates that they used water because

1065

00:36:53,829 --> 00:36:52,240

water is always flat so they would get

1066

00:36:57,030 --> 00:36:53,839

these flat lines

1067

00:36:59,109 --> 00:36:57,040

by using the the water line in order to

1068

00:37:00,790 --> 00:36:59,119

carve those the same way consistently so

1069

00:37:02,870 --> 00:37:00,800

they would fit together well

1070

00:37:04,870 --> 00:37:02,880

um so no that that

1071

00:37:06,870 --> 00:37:04,880

that's i gotta call on

1072

00:37:09,030 --> 00:37:06,880

that when i don't i don't subscribe to

1073

00:37:10,710 --> 00:37:09,040

that's also racist because it's never

1074

00:37:12,230 --> 00:37:10,720

european things

1075

00:37:14,710 --> 00:37:12,240

that couldn't have been built by those

1076
00:37:16,710 --> 00:37:14,720
people it's always the places where you

1077
00:37:18,310 --> 00:37:16,720
know it's outside of europe so so

1078
00:37:19,750 --> 00:37:18,320
there's an underlying racial component

1079
00:37:22,470 --> 00:37:19,760
to that too that i think needs to be

1080
00:37:24,150 --> 00:37:22,480
addressed but no in studying the

1081
00:37:26,710 --> 00:37:24,160
evolution not just of our physical form

1082
00:37:28,630 --> 00:37:26,720
and our brains but our culture which is

1083
00:37:30,790 --> 00:37:28,640
obviously derived from or at least

1084
00:37:34,470 --> 00:37:30,800
correlates with our brains throughout

1085
00:37:36,150 --> 00:37:34,480
evolutionary history you can see how

1086
00:37:38,790 --> 00:37:36,160
we say that culture's cumulative it

1087
00:37:40,950 --> 00:37:38,800
constantly builds on what came before so

1088
00:37:42,790 --> 00:37:40,960

you have the starting point and then you

1089

00:37:44,390 --> 00:37:42,800

as your generation builds on that the

1090

00:37:46,950 --> 00:37:44,400

next generation builds on it and so on

1091

00:37:49,349 --> 00:37:46,960

and so forth and you can see that that

1092

00:37:51,270 --> 00:37:49,359

that line that progressive line leading

1093

00:37:53,750 --> 00:37:51,280

up to the people that built the pyramids

1094

00:37:56,950 --> 00:37:53,760

or these monoliths or carvings in easter

1095

00:37:59,510 --> 00:37:56,960

island or what have you so so no um i i

1096

00:38:01,589 --> 00:37:59,520

think it's an overreach um

1097

00:38:04,150 --> 00:38:01,599

and it it's something that

1098

00:38:05,349 --> 00:38:04,160

it's good and bad i mean ancient aliens

1099

00:38:07,270 --> 00:38:05,359

definitely

1100

00:38:09,829 --> 00:38:07,280

got a lot more people interested in the

1101
00:38:11,910 --> 00:38:09,839
subject um in fact the most recent

1102
00:38:13,990 --> 00:38:11,920
episode called the time vendors

1103
00:38:16,870 --> 00:38:14,000
was just entirely about this theory they

1104
00:38:18,710 --> 00:38:16,880
had me on for the end of it um to kind

1105
00:38:20,710 --> 00:38:18,720
of you know talk about the same things

1106
00:38:22,790 --> 00:38:20,720
we're talking about uh the research in

1107
00:38:25,270 --> 00:38:22,800
my my two books

1108
00:38:27,430 --> 00:38:25,280
and i i think they do a good job of

1109
00:38:29,109 --> 00:38:27,440
exposing people to ideas but it's also

1110
00:38:31,190 --> 00:38:29,119
for entertainment they have to entertain

1111
00:38:32,790 --> 00:38:31,200
people and they they go a little bit too

1112
00:38:35,030 --> 00:38:32,800
far by just

1113
00:38:37,190 --> 00:38:35,040

aliening the gaps as i say instead of

1114

00:38:38,390 --> 00:38:37,200

guiding the gaps which we did throughout

1115

00:38:40,310 --> 00:38:38,400

history when we didn't understand

1116

00:38:42,710 --> 00:38:40,320

something now they're alien the gaps and

1117

00:38:44,950 --> 00:38:42,720

i think that's somewhat harmful

1118

00:38:47,349 --> 00:38:44,960

especially in the context of really

1119

00:38:49,270 --> 00:38:47,359

understanding the peoples of the past

1120

00:38:51,109 --> 00:38:49,280

and their abilities and the technology

1121

00:38:53,270 --> 00:38:51,119

that they had i think it sells them

1122

00:38:55,910 --> 00:38:53,280

short in many ways

1123

00:38:57,589 --> 00:38:55,920

uh as far as the uh telepathy of these

1124

00:38:59,430 --> 00:38:57,599

entities do you think that's a

1125

00:39:01,349 --> 00:38:59,440

technological advancement or is that

1126

00:39:02,870 --> 00:39:01,359

going to be a biological

1127

00:39:05,589 --> 00:39:02,880

thing that we're going to be eventually

1128

00:39:07,910 --> 00:39:05,599

be able to do

1129

00:39:09,670 --> 00:39:07,920

yeah i debated that in

1130

00:39:12,069 --> 00:39:09,680

my first book whether it's a brain to

1131

00:39:14,230 --> 00:39:12,079

brain interface thing some sort of

1132

00:39:16,630 --> 00:39:14,240

computer interface or whether it's just

1133

00:39:17,750 --> 00:39:16,640

an aspect of our consciousness

1134

00:39:19,109 --> 00:39:17,760

um

1135

00:39:21,670 --> 00:39:19,119

i i

1136

00:39:23,990 --> 00:39:21,680

came to the conclusion in researching

1137

00:39:25,670 --> 00:39:24,000

this that i don't think it is actually a

1138

00:39:27,670 --> 00:39:25,680

machine

1139

00:39:29,349 --> 00:39:27,680

implant or anything one thing that led

1140

00:39:30,550 --> 00:39:29,359

me to that conclusion is the fact that

1141

00:39:32,150 --> 00:39:30,560

you have

1142

00:39:33,750 --> 00:39:32,160

uh all of these individuals that don't

1143

00:39:36,470 --> 00:39:33,760

have implants who are still

1144

00:39:37,349 --> 00:39:36,480

communicating with these future humans

1145

00:39:38,870 --> 00:39:37,359

as i

1146

00:39:40,870 --> 00:39:38,880

argue that they are

1147

00:39:43,030 --> 00:39:40,880

um so without that technology in our

1148

00:39:45,270 --> 00:39:43,040

brains how are we still able to do this

1149

00:39:46,710 --> 00:39:45,280

i i do think it's an aspect of our mind

1150

00:39:48,390 --> 00:39:46,720

our consciousness

1151

00:39:50,630 --> 00:39:48,400

and i think our brain

1152

00:39:52,630 --> 00:39:50,640

just facilitates that there's sort of a

1153

00:39:54,390 --> 00:39:52,640

growing consensus that our our brains

1154

00:39:56,069 --> 00:39:54,400

don't create consciousness but it's more

1155

00:39:57,430 --> 00:39:56,079

of an antenna that receives and

1156

00:40:00,069 --> 00:39:57,440

transmits it

1157

00:40:02,150 --> 00:40:00,079

um so if that's the case and and we

1158

00:40:05,349 --> 00:40:02,160

develop our brains to be a better

1159

00:40:06,710 --> 00:40:05,359

receiver that can transmit information

1160

00:40:09,109 --> 00:40:06,720

uh especially in sort of a pain

1161

00:40:10,710 --> 00:40:09,119

consciousness way that everything

1162

00:40:11,430 --> 00:40:10,720

is receiving and transmitting in this

1163

00:40:12,550 --> 00:40:11,440

way

1164

00:40:14,630 --> 00:40:12,560

i think it's only a matter of time

1165

00:40:15,589 --> 00:40:14,640

before that's just something that we can

1166

00:40:16,950 --> 00:40:15,599

do

1167

00:40:18,790 --> 00:40:16,960

some people assuming they already have

1168

00:40:21,190 --> 00:40:18,800

this ability what's interesting is a lot

1169

00:40:23,670 --> 00:40:21,200

of abductees or people who

1170

00:40:26,150 --> 00:40:23,680

have these unexplained pregnancies that

1171

00:40:27,829 --> 00:40:26,160

took place within their lineage seem to

1172

00:40:29,510 --> 00:40:27,839

have that ability more which indicates

1173

00:40:31,510 --> 00:40:29,520

it's a heritable trait

1174

00:40:32,870 --> 00:40:31,520

otherwise they wouldn't be expected to

1175

00:40:35,270 --> 00:40:32,880

have that characteristic as the

1176
00:40:36,470 --> 00:40:35,280
descendants of these individuals whose

1177
00:40:38,550 --> 00:40:36,480
grandmother

1178
00:40:40,470 --> 00:40:38,560
was mysteriously impregnated or

1179
00:40:42,470 --> 00:40:40,480
something like that and again it sounds

1180
00:40:43,510 --> 00:40:42,480
crazy to talk about but you mean enough

1181
00:40:44,870 --> 00:40:43,520
of these people and they have

1182
00:40:46,550 --> 00:40:44,880
demonstrated

1183
00:40:47,990 --> 00:40:46,560
psychic abilities or mediumship

1184
00:40:50,150 --> 00:40:48,000
abilities and you kind of have to start

1185
00:40:51,829 --> 00:40:50,160
to pay attention to that after a while

1186
00:40:54,150 --> 00:40:51,839
and so yeah i do think it's an aspect of

1187
00:40:55,910 --> 00:40:54,160
our brains but not that our our brains

1188
00:40:57,829 --> 00:40:55,920

create this consciousness they just get

1189

00:40:59,829 --> 00:40:57,839

better at sending and receiving that

1190

00:41:02,069 --> 00:40:59,839

information and and it may become a

1191

00:41:03,589 --> 00:41:02,079

necessity at some point we already have

1192

00:41:05,910 --> 00:41:03,599

all kinds of problems because of our

1193

00:41:08,390 --> 00:41:05,920

facial retraction which is the direct

1194

00:41:10,230 --> 00:41:08,400

result of our our brains growing larger

1195

00:41:11,910 --> 00:41:10,240

and especially moving out

1196

00:41:13,990 --> 00:41:11,920

over top of our eyes like i mentioned

1197

00:41:16,230 --> 00:41:14,000

it's not just vision in the functional

1198

00:41:20,470 --> 00:41:16,240

sense that may be affected but

1199

00:41:22,550 --> 00:41:20,480

it's uh also choking sleep apnea um our

1200

00:41:24,550 --> 00:41:22,560

dental crowding all of these issues with

1201
00:41:26,950 --> 00:41:24,560
our faces just not having the space and

1202
00:41:29,990 --> 00:41:26,960
time in an ontological sense during

1203
00:41:32,470 --> 00:41:30,000
growth and development to grow out and

1204
00:41:35,109 --> 00:41:32,480
have the space that we had in our our

1205
00:41:36,470 --> 00:41:35,119
ancestors and obviously one of the most

1206
00:41:38,950 --> 00:41:36,480
important things it's not just breathing

1207
00:41:41,109 --> 00:41:38,960
and eating but speaking is one of those

1208
00:41:43,349 --> 00:41:41,119
so if we're impacting all of these other

1209
00:41:45,990 --> 00:41:43,359
functional characteristics that we trade

1210
00:41:47,030 --> 00:41:46,000
off in exchange for larger more complex

1211
00:41:49,910 --> 00:41:47,040
brains

1212
00:41:52,470 --> 00:41:49,920
vocalized speech may be one of those so

1213
00:41:55,190 --> 00:41:52,480

evolving our consciousness may not be

1214

00:41:57,190 --> 00:41:55,200

why that happens but it could be one of

1215

00:41:59,589 --> 00:41:57,200

the things that allows us to to expand

1216

00:42:01,589 --> 00:41:59,599

our communicative abilities

1217

00:42:03,990 --> 00:42:01,599

while still sacrificing the functional

1218

00:42:05,910 --> 00:42:04,000

aspects of our lower facial anatomy

1219

00:42:07,750 --> 00:42:05,920

right it's essentially the basis of the

1220

00:42:09,990 --> 00:42:07,760

the buddhist philosophy right there is

1221

00:42:12,550 --> 00:42:10,000

this realm of consciousness you can

1222

00:42:14,630 --> 00:42:12,560

access through meditation and self

1223

00:42:17,109 --> 00:42:14,640

betterment and everything else and it

1224

00:42:19,589 --> 00:42:17,119

becomes a very real way of accessing

1225

00:42:22,230 --> 00:42:19,599

receiving transmitting all that you know

1226

00:42:23,829 --> 00:42:22,240

the whole third eye and the lineage of

1227

00:42:25,750 --> 00:42:23,839

you know history of cultures that

1228

00:42:28,390 --> 00:42:25,760

believe in that that there is some type

1229

00:42:30,550 --> 00:42:28,400

of awakening you know it becomes

1230

00:42:32,069 --> 00:42:30,560

spookier and you know weirder the deeper

1231

00:42:34,230 --> 00:42:32,079

down the rabbit hole you go right it's

1232

00:42:35,990 --> 00:42:34,240

more quantum physics and and you know

1233

00:42:38,150 --> 00:42:36,000

the planck scale and that type of thing

1234

00:42:40,230 --> 00:42:38,160

but it makes sense now we're finding

1235

00:42:42,230 --> 00:42:40,240

this as an evolved culture but yet

1236

00:42:44,470 --> 00:42:42,240

ancient religions have kind of believed

1237

00:42:46,950 --> 00:42:44,480

in this for thousands of years

1238

00:42:49,109 --> 00:42:46,960

yeah it's true and i think we're seeing

1239

00:42:51,270 --> 00:42:49,119

somewhat of a bridge being formed

1240

00:42:52,630 --> 00:42:51,280

between the east and the west uh more

1241

00:42:53,910 --> 00:42:52,640

recently

1242

00:42:56,470 --> 00:42:53,920

or at least with the people i've been

1243

00:42:59,030 --> 00:42:56,480

hanging out with more recently uh

1244

00:43:01,670 --> 00:42:59,040

scholars of religion and the history of

1245

00:43:03,589 --> 00:43:01,680

philosophy and philosophy and history of

1246

00:43:05,430 --> 00:43:03,599

religion philosophy or whatever

1247

00:43:07,589 --> 00:43:05,440

combination of those things

1248

00:43:09,589 --> 00:43:07,599

um yeah it seems that

1249

00:43:11,750 --> 00:43:09,599

people have been talking about this in

1250

00:43:13,109 --> 00:43:11,760

india and with you know buddhism and

1251

00:43:15,990 --> 00:43:13,119

hinduism for

1252

00:43:18,150 --> 00:43:16,000

centuries thousands of years and and now

1253

00:43:20,470 --> 00:43:18,160

a lot of those things are sort of

1254

00:43:22,069 --> 00:43:20,480

being talked about more in western

1255

00:43:23,910 --> 00:43:22,079

philosophy and in science and you're

1256

00:43:25,349 --> 00:43:23,920

right maybe once we

1257

00:43:27,829 --> 00:43:25,359

really start to understand quantum

1258

00:43:29,750 --> 00:43:27,839

mechanics we'll see that they're all

1259

00:43:30,870 --> 00:43:29,760

kind of one and the same it's easy to

1260

00:43:32,470 --> 00:43:30,880

say that you know we can quantum

1261

00:43:34,630 --> 00:43:32,480

mechanics the gaps in the same way that

1262

00:43:35,829 --> 00:43:34,640

we got and alien the gaps because it's

1263

00:43:37,510 --> 00:43:35,839

something that we don't yet fully

1264

00:43:40,950 --> 00:43:37,520

understand so we can just throw it on

1265

00:43:43,190 --> 00:43:40,960

anything um but with that said i i do

1266

00:43:45,030 --> 00:43:43,200

think there are discoveries related to

1267

00:43:47,030 --> 00:43:45,040

particle physics and quantum mechanics

1268

00:43:49,270 --> 00:43:47,040

that seem to indicate that

1269

00:43:51,829 --> 00:43:49,280

there are things uh that should be taken

1270

00:43:54,069 --> 00:43:51,839

seriously that people had identified

1271

00:43:55,349 --> 00:43:54,079

thousands of years earlier in a very

1272

00:43:58,470 --> 00:43:55,359

different way

1273

00:44:01,109 --> 00:43:58,480

um but through tapping into this um

1274

00:44:03,030 --> 00:44:01,119

this potential realm that exists

1275

00:44:05,190 --> 00:44:03,040

all around us that we just don't or

1276

00:44:07,430 --> 00:44:05,200

didn't and still don't maybe have the

1277

00:44:09,109 --> 00:44:07,440

technology to really quantify

1278

00:44:11,750 --> 00:44:09,119

i liked in the book how you talk about

1279

00:44:14,390 --> 00:44:11,760

the time distortion from these crafts

1280

00:44:16,309 --> 00:44:14,400

and that people in close proximity do

1281

00:44:18,870 --> 00:44:16,319

experience time

1282

00:44:21,829 --> 00:44:18,880

uh differences missing time um even

1283

00:44:23,990 --> 00:44:21,839

talked about peniston at the render shem

1284

00:44:25,829 --> 00:44:24,000

forest incident

1285

00:44:28,150 --> 00:44:25,839

and uh i didn't know that he had missing

1286

00:44:30,230 --> 00:44:28,160

time i discovered that from your book i

1287

00:44:31,670 --> 00:44:30,240

had no idea that he like i knew that he

1288

00:44:34,230 --> 00:44:31,680

had seen the craft but i didn't know

1289

00:44:36,150 --> 00:44:34,240

that he was missing time

1290

00:44:37,670 --> 00:44:36,160

what causes that just briefly i know

1291

00:44:39,670 --> 00:44:37,680

it's a big complex thing that you

1292

00:44:41,270 --> 00:44:39,680

explained in your book and i recommend

1293

00:44:43,510 --> 00:44:41,280

everybody to

1294

00:44:45,349 --> 00:44:43,520

read it because it's important but what

1295

00:44:47,190 --> 00:44:45,359

causes that dilation because some people

1296

00:44:48,790 --> 00:44:47,200

you're mentioning were gone for 20

1297

00:44:50,390 --> 00:44:48,800

minutes they come back and it's about

1298

00:44:53,190 --> 00:44:50,400

five days that they've been gone or

1299

00:44:56,950 --> 00:44:54,950

yeah well that that one in particular

1300

00:44:59,589 --> 00:44:56,960

that you just mentioned was corporal

1301
00:45:00,630 --> 00:44:59,599
armando valdez uh which is extremely

1302
00:45:02,390 --> 00:45:00,640
hard to say

1303
00:45:04,870 --> 00:45:02,400
when recorded in an audiobook as it

1304
00:45:07,750 --> 00:45:04,880
turns out um but yeah he disappeared

1305
00:45:09,270 --> 00:45:07,760
from his the the rest of his platoon six

1306
00:45:11,270 --> 00:45:09,280
other men that were there as he

1307
00:45:13,430 --> 00:45:11,280
approached the craft uh in their frame

1308
00:45:16,309 --> 00:45:13,440
of reference for 15 minutes

1309
00:45:19,270 --> 00:45:16,319
but based on the time uh and his watch

1310
00:45:21,270 --> 00:45:19,280
how dehydrated malnourished he was uh

1311
00:45:23,030 --> 00:45:21,280
bodily hair growth he was gone for five

1312
00:45:25,829 --> 00:45:23,040
days so we have this

1313
00:45:27,349 --> 00:45:25,839

uh mechanistic indication of the time he

1314

00:45:29,589 --> 00:45:27,359

was gone in the form of his his

1315

00:45:33,190 --> 00:45:29,599

wristwatch but then also the

1316

00:45:35,430 --> 00:45:33,200

physiological indication of of time with

1317

00:45:37,030 --> 00:45:35,440

the body hair and and

1318

00:45:38,390 --> 00:45:37,040

the weakness that he experienced through

1319

00:45:39,750 --> 00:45:38,400

malnutrition

1320

00:45:40,550 --> 00:45:39,760

so um

1321

00:45:44,950 --> 00:45:40,560

that

1322

00:45:46,710 --> 00:45:44,960

peniston describes as a sphere of

1323

00:45:48,710 --> 00:45:46,720

influence i thought that was a very

1324

00:45:50,390 --> 00:45:48,720

poetic way of saying this

1325

00:45:52,950 --> 00:45:50,400

but you see it in the linda jones case

1326

00:45:55,349 --> 00:45:52,960

which i talk about in my my most recent

1327

00:45:57,030 --> 00:45:55,359

book as well she was in manchester and

1328

00:45:59,349 --> 00:45:57,040

could actually see it she could see the

1329

00:46:01,109 --> 00:45:59,359

sphere of influence around it

1330

00:46:04,470 --> 00:46:01,119

and many other cases describe this as

1331

00:46:06,950 --> 00:46:04,480

well and i i reference uh how put off

1332

00:46:09,190 --> 00:46:06,960

who seems to be in the know

1333

00:46:11,270 --> 00:46:09,200

with many of these things and he wrote a

1334

00:46:13,430 --> 00:46:11,280

paper talking about how they manipulate

1335

00:46:16,069 --> 00:46:13,440

the space time metric

1336

00:46:18,950 --> 00:46:16,079

and uh that a lot of this also

1337

00:46:21,190 --> 00:46:18,960

correlates with anderson's time research

1338

00:46:23,270 --> 00:46:21,200

where they're creating basically the

1339

00:46:25,270 --> 00:46:23,280

sphere of influence around it where

1340

00:46:27,030 --> 00:46:25,280

within that time moves differently they

1341

00:46:28,390 --> 00:46:27,040

can speed it up and slow it down and

1342

00:46:30,069 --> 00:46:28,400

what's really interesting one of the

1343

00:46:31,750 --> 00:46:30,079

patterns that emerged from researching

1344

00:46:34,069 --> 00:46:31,760

this book is you see both

1345

00:46:36,069 --> 00:46:34,079

you see time speeding up for some people

1346

00:46:37,670 --> 00:46:36,079

and slowing down for others

1347

00:46:40,230 --> 00:46:37,680

so what um

1348

00:46:41,829 --> 00:46:40,240

how put off was was referencing is how

1349

00:46:43,750 --> 00:46:41,839

there's a blue shift and it helps

1350

00:46:45,510 --> 00:46:43,760

explain the light it helps explain the

1351
00:46:47,430 --> 00:46:45,520
radiation burns because you have the

1352
00:46:51,109 --> 00:46:47,440
visual light spectrum blue shifted up

1353
00:46:54,069 --> 00:46:51,119
into the uv uv spectrum

1354
00:46:56,950 --> 00:46:54,079
x-ray even which causes radiation burn

1355
00:46:58,870 --> 00:46:56,960
sometimes more severe often times people

1356
00:47:00,630 --> 00:46:58,880
will have burns and then start to

1357
00:47:02,470 --> 00:47:00,640
recover from them and go on to live a

1358
00:47:04,390 --> 00:47:02,480
long happy life

1359
00:47:05,190 --> 00:47:04,400
but he also says that that happens with

1360
00:47:06,069 --> 00:47:05,200
time

1361
00:47:07,750 --> 00:47:06,079
they're

1362
00:47:09,829 --> 00:47:07,760
manipulating the space-time metric and

1363
00:47:11,510 --> 00:47:09,839

within that frame of reference they're

1364

00:47:12,790 --> 00:47:11,520

speeding up or slowing down and if

1365

00:47:15,109 --> 00:47:12,800

there's this blue shift that happens

1366

00:47:16,550 --> 00:47:15,119

it's blue shifting time too so that as

1367

00:47:18,470 --> 00:47:16,560

people get close to these things they

1368

00:47:19,349 --> 00:47:18,480

might not actually be gone for three

1369

00:47:20,069 --> 00:47:19,359

hours

1370

00:47:21,829 --> 00:47:20,079

but

1371

00:47:23,430 --> 00:47:21,839

time speeds up within that frame of

1372

00:47:25,670 --> 00:47:23,440

reference so they emerge from it and

1373

00:47:28,230 --> 00:47:25,680

they say well i've missing time and it's

1374

00:47:29,829 --> 00:47:28,240

not because they were actually gone for

1375

00:47:31,349 --> 00:47:29,839

that time or they just don't remember it

1376

00:47:33,030 --> 00:47:31,359

but it just sped up

1377

00:47:34,630 --> 00:47:33,040

but you have the opposite happen too you

1378

00:47:35,990 --> 00:47:34,640

have time slowed down for certain

1379

00:47:37,670 --> 00:47:36,000

individuals so

1380

00:47:39,829 --> 00:47:37,680

i think it's important to consider and

1381

00:47:41,990 --> 00:47:39,839

also in the context of the g-forces

1382

00:47:44,950 --> 00:47:42,000

which is a stumbling block and

1383

00:47:46,710 --> 00:47:44,960

the you know the the love child of these

1384

00:47:48,790 --> 00:47:46,720

debunkers and skeptics which is the

1385

00:47:50,790 --> 00:47:48,800

stupidest thing ever i don't i don't see

1386

00:47:52,150 --> 00:47:50,800

how we can take these people seriously

1387

00:47:53,910 --> 00:47:52,160

and let them have a seat at the table

1388

00:47:56,710 --> 00:47:53,920

they're they're anti-science they're

1389

00:47:58,470 --> 00:47:56,720

basically the anti-vaxxers of the ufo

1390

00:47:59,589 --> 00:47:58,480

community where they start from a place

1391

00:48:01,109 --> 00:47:59,599

of bias

1392

00:48:03,829 --> 00:48:01,119

and say well i don't care what all the

1393

00:48:05,190 --> 00:48:03,839

evidence is you're all wrong yeah how is

1394

00:48:07,030 --> 00:48:05,200

that scientific that's the most

1395

00:48:09,349 --> 00:48:07,040

anti-science thing ever you're

1396

00:48:11,670 --> 00:48:09,359

acknowledging your biases this is where

1397

00:48:12,870 --> 00:48:11,680

i'm coming from like why do we give them

1398

00:48:14,790 --> 00:48:12,880

a seat at the table i don't i still

1399

00:48:16,630 --> 00:48:14,800

don't get it but in any case with the

1400

00:48:18,549 --> 00:48:16,640

g-forces um

1401

00:48:20,710 --> 00:48:18,559

it's it could be easily explained by

1402

00:48:21,990 --> 00:48:20,720

this phenomenon as well where what we

1403

00:48:25,030 --> 00:48:22,000

see is this

1404

00:48:26,549 --> 00:48:25,040

rapid acceleration deceleration right

1405

00:48:28,150 --> 00:48:26,559

angle turns the trans-medium

1406

00:48:29,670 --> 00:48:28,160

characteristics and if they're

1407

00:48:31,990 --> 00:48:29,680

manipulating the space-time metric

1408

00:48:33,990 --> 00:48:32,000

within their sphere of influence what we

1409

00:48:36,950 --> 00:48:34,000

see is this instant acceleration and

1410

00:48:39,190 --> 00:48:36,960

deceleration to them maybe a 1g

1411

00:48:41,430 --> 00:48:39,200

acceleration deceleration where they

1412

00:48:43,470 --> 00:48:41,440

slow down the time around them

1413

00:48:45,030 --> 00:48:43,480

so that we look like just very

1414

00:48:47,589 --> 00:48:45,040

slow-moving

1415

00:48:49,030 --> 00:48:47,599

humans and they're just going about

1416

00:48:50,470 --> 00:48:49,040

their lives within this frame of

1417

00:48:52,549 --> 00:48:50,480

reference so we're shooting missiles out

1418

00:48:54,390 --> 00:48:52,559

and they they see this thing coming at

1419

00:48:56,630 --> 00:48:54,400

you know like this very slow speed they

1420

00:48:59,510 --> 00:48:56,640

have all day to react to that but what

1421

00:49:01,270 --> 00:48:59,520

we see outside their temporal frame of

1422

00:49:02,549 --> 00:49:01,280

reference is something very very fast

1423

00:49:05,349 --> 00:49:02,559

they're darting around like a fly on

1424

00:49:07,589 --> 00:49:05,359

cocaine and and it's just it's not that

1425

00:49:09,990 --> 00:49:07,599

they're having to sustain or withstand

1426

00:49:11,750 --> 00:49:10,000

these g-forces it's just a difference in

1427

00:49:13,510 --> 00:49:11,760

the temporal frame of reference inside

1428

00:49:15,589 --> 00:49:13,520

and outside of these craft

1429

00:49:17,109 --> 00:49:15,599

and to your point on the color shifting

1430

00:49:19,349 --> 00:49:17,119

i find that very interesting because now

1431

00:49:21,510 --> 00:49:19,359

with james webb telescope it's getting

1432

00:49:23,829 --> 00:49:21,520

way way deeper views into the get into

1433

00:49:26,549 --> 00:49:23,839

the you know the universe and they're

1434

00:49:28,230 --> 00:49:26,559

the most faint being the the dying red

1435

00:49:30,870 --> 00:49:28,240

color right that's as far back as they

1436

00:49:33,349 --> 00:49:30,880

can go because as long you know space

1437

00:49:35,430 --> 00:49:33,359

and time are correlated so the actual

1438

00:49:37,670 --> 00:49:35,440

color of that star equates to something

1439

00:49:39,190 --> 00:49:37,680

and you mentioned blue shifting when we

1440

00:49:40,870 --> 00:49:39,200

interviewed george knapp about

1441

00:49:43,349 --> 00:49:40,880

skinwalker ranch and he talks about

1442

00:49:45,670 --> 00:49:43,359

these blue orbs and people reporting

1443

00:49:48,549 --> 00:49:45,680

physiological ailments and burns and all

1444

00:49:49,990 --> 00:49:48,559

this stuff as a result so if it was just

1445

00:49:52,790 --> 00:49:50,000

a shift in

1446

00:49:54,710 --> 00:49:52,800

that scale you would maybe affect time

1447

00:49:56,549 --> 00:49:54,720

as well like i find that very

1448

00:49:59,030 --> 00:49:56,559

interesting that's a yeah no that's all

1449

00:50:01,349 --> 00:49:59,040

hell put off your head into right yeah

1450

00:50:03,270 --> 00:50:01,359

no i that's not that's not my idea i'm

1451

00:50:06,309 --> 00:50:03,280

just referencing him and

1452

00:50:09,190 --> 00:50:06,319

his uh paper and then also he references

1453

00:50:11,829 --> 00:50:09,200

paul hill who wrote a book called it's

1454

00:50:15,109 --> 00:50:11,839

over here somewhere

1455

00:50:16,309 --> 00:50:15,119

unconventional flying objects

1456

00:50:18,309 --> 00:50:16,319

conventional sign launchers

1457

00:50:20,150 --> 00:50:18,319

unconventional flying objects by paul

1458

00:50:20,950 --> 00:50:20,160

hill i think he was a physicist as well

1459

00:50:23,430 --> 00:50:20,960

but

1460

00:50:25,510 --> 00:50:23,440

no it makes a lot of damn sense and in

1461

00:50:28,710 --> 00:50:25,520

the whole g-forces thing uh was

1462

00:50:30,630 --> 00:50:28,720

mentioned to me back in 2019

1463

00:50:33,270 --> 00:50:30,640

after the first time i was on coast to

1464

00:50:35,910 --> 00:50:33,280

coast someone who claimed to have been

1465

00:50:37,910 --> 00:50:35,920

uh an intelligence agent who was now

1466

00:50:39,670 --> 00:50:37,920

retired reached out to me and told me

1467

00:50:41,109 --> 00:50:39,680

this g-forces thing that i'd never

1468

00:50:42,710 --> 00:50:41,119

thought of and i was like you know where

1469

00:50:44,470 --> 00:50:42,720

were you three months ago before i

1470

00:50:46,309 --> 00:50:44,480

published this book because that's

1471

00:50:48,390 --> 00:50:46,319

interesting information

1472

00:50:51,030 --> 00:50:48,400

um but then yeah like

1473

00:50:53,589 --> 00:50:51,040

what put off argues what paul hill

1474

00:50:55,510 --> 00:50:53,599

argues it makes a lot of sense and if

1475

00:50:56,870 --> 00:50:55,520

they do have the ability to manipulate

1476

00:50:58,470 --> 00:50:56,880

space time

1477

00:50:59,270 --> 00:50:58,480

what's keeping them from going back in

1478

00:51:01,670 --> 00:50:59,280

time

1479

00:51:03,270 --> 00:51:01,680

it really indicates that if they have

1480

00:51:04,870 --> 00:51:03,280

this capability

1481

00:51:06,870 --> 00:51:04,880

why wouldn't they use it to go study

1482

00:51:09,349 --> 00:51:06,880

their past especially in the deep future

1483

00:51:11,190 --> 00:51:09,359

if everything's destroyed by war which

1484

00:51:13,030 --> 00:51:11,200

happens all the time we're constantly

1485

00:51:15,109 --> 00:51:13,040

destroying the culture of other peoples

1486

00:51:16,790 --> 00:51:15,119

once we conquer them because we went to

1487

00:51:18,790 --> 00:51:16,800

war with them because we constructed the

1488

00:51:21,109 --> 00:51:18,800

other and said they're not worthy

1489

00:51:22,710 --> 00:51:21,119

of existing and so their culture isn't

1490

00:51:25,030 --> 00:51:22,720

worthy of existing either so we blow up

1491

00:51:27,430 --> 00:51:25,040

all their and move on and in doing

1492

00:51:28,870 --> 00:51:27,440

that we destroy the record so

1493

00:51:30,950 --> 00:51:28,880

a lot of people say well why would we go

1494

00:51:33,750 --> 00:51:30,960

back in time if we have all of these

1495

00:51:35,829 --> 00:51:33,760

digital archives and physical archives

1496

00:51:37,430 --> 00:51:35,839

well because we destroy each other

1497

00:51:38,630 --> 00:51:37,440

you know you might have to go back just

1498

00:51:40,790 --> 00:51:38,640

to learn about the past because

1499

00:51:42,549 --> 00:51:40,800

everything got blown up or if it's far

1500

00:51:44,390 --> 00:51:42,559

enough in the future

1501

00:51:46,309 --> 00:51:44,400

not not everything's gonna

1502

00:51:47,670 --> 00:51:46,319

survive even if we don't go to war with

1503

00:51:49,510 --> 00:51:47,680

each other so i think there's a lot of

1504

00:51:51,589 --> 00:51:49,520

reasons for doing it especially as an

1505

00:51:52,790 --> 00:51:51,599

anthropologist paleoanthropologist i

1506

00:51:54,710 --> 00:51:52,800

would love to have access to this

1507

00:51:56,630 --> 00:51:54,720

technology and i would be doing the

1508

00:51:58,150 --> 00:51:56,640

exact same things that people

1509

00:51:59,910 --> 00:51:58,160

describe having

1510

00:52:02,950 --> 00:51:59,920

been done to them in these abduction

1511

00:52:06,069 --> 00:52:02,960

cases so um yeah a lot of things point

1512

00:52:08,630 --> 00:52:06,079

to the fact that we figure it out and we

1513

00:52:09,750 --> 00:52:08,640

use it to visit and study the past and

1514

00:52:11,270 --> 00:52:09,760

possibly

1515

00:52:13,270 --> 00:52:11,280

take gametes into the future to help

1516

00:52:14,309 --> 00:52:13,280

with reproductive problems we're having

1517

00:52:16,309 --> 00:52:14,319

nice

1518

00:52:18,630 --> 00:52:16,319

my last question for you before we let

1519

00:52:20,470 --> 00:52:18,640

you go um what about the threat

1520

00:52:22,470 --> 00:52:20,480

narrative because we keep hearing about

1521

00:52:23,829 --> 00:52:22,480

that the threat narrative of this

1522

00:52:26,710 --> 00:52:23,839

do you think that there's a threat to

1523

00:52:28,790 --> 00:52:26,720

this because gary nolan was recently uh

1524

00:52:30,069 --> 00:52:28,800

interviewed i think by tucker carlson

1525

00:52:32,950 --> 00:52:30,079

and he asked him do you think that

1526
00:52:35,510 --> 00:52:32,960
anybody's ever been injured purposefully

1527
00:52:37,670 --> 00:52:35,520
by one of these objects and he said no

1528
00:52:39,670 --> 00:52:37,680
um people are getting injured from you

1529
00:52:41,670 --> 00:52:39,680
know like you mentioned radiation burns

1530
00:52:43,829 --> 00:52:41,680
and all that but even what happened to

1531
00:52:46,549 --> 00:52:43,839
travis walton you mentioned it was more

1532
00:52:48,870 --> 00:52:46,559
of a hospital uh or emergency call like

1533
00:52:51,589 --> 00:52:48,880
a 911 call than anything else

1534
00:52:54,390 --> 00:52:51,599
yeah he thinks that too he also says

1535
00:52:55,910 --> 00:52:54,400
that yeah so um do you think there's a

1536
00:52:57,670 --> 00:52:55,920
threat narrative here or is that just

1537
00:53:01,430 --> 00:52:57,680
something that the the political system

1538
00:53:03,670 --> 00:53:01,440

is using to sort of bring out disclosure

1539

00:53:06,069 --> 00:53:03,680

there is a threat narrative i don't

1540

00:53:07,030 --> 00:53:06,079

think there's actually a threat

1541

00:53:11,750 --> 00:53:07,040

either

1542

00:53:13,910 --> 00:53:11,760

societal level or the military level

1543

00:53:15,990 --> 00:53:13,920

these things could have hurt us so long

1544

00:53:17,510 --> 00:53:16,000

ago they

1545

00:53:19,430 --> 00:53:17,520

have been flying circles around our

1546

00:53:21,990 --> 00:53:19,440

technology for decades

1547

00:53:24,230 --> 00:53:22,000

centuries and they still are but it's

1548

00:53:27,270 --> 00:53:24,240

stupid it's so stupid but i understand

1549

00:53:29,109 --> 00:53:27,280

it it makes sense in the context of

1550

00:53:30,710 --> 00:53:29,119

needing an angle

1551

00:53:32,790 --> 00:53:30,720

and it this the threat narrative

1552

00:53:35,829 --> 00:53:32,800

provides an angle with which

1553

00:53:37,270 --> 00:53:35,839

they can get people on board who have

1554

00:53:38,870 --> 00:53:37,280

always just turned a blind eye they have

1555

00:53:41,910 --> 00:53:38,880

this knee-jerk reaction to anything

1556

00:53:43,430 --> 00:53:41,920

involving ufos but if we say well wait

1557

00:53:45,910 --> 00:53:43,440

you know what if we crash into water

1558

00:53:47,270 --> 00:53:45,920

they crash into us or they turn hostile

1559

00:53:48,950 --> 00:53:47,280

it's not going to happen why would why

1560

00:53:50,150 --> 00:53:48,960

would our descendants just start

1561

00:53:53,270 --> 00:53:50,160

shooting

1562

00:53:54,870 --> 00:53:53,280

people randomly or crashing

1563

00:53:56,470 --> 00:53:54,880

planes and uh

1564

00:53:58,870 --> 00:53:56,480

aircraft carriers it

1565

00:54:00,470 --> 00:53:58,880

it it makes no sense and uh if they are

1566

00:54:02,390 --> 00:54:00,480

future humans it also makes no sense if

1567

00:54:03,910 --> 00:54:02,400

they're extraterrestrials because they

1568

00:54:04,950 --> 00:54:03,920

could have done it a long time ago and

1569

00:54:07,510 --> 00:54:04,960

hadn't

1570

00:54:10,470 --> 00:54:07,520

um so no i get it it makes sense it

1571

00:54:12,230 --> 00:54:10,480

feels a little manipulative but at this

1572

00:54:13,750 --> 00:54:12,240

point you know whatever works whatever

1573

00:54:16,230 --> 00:54:13,760

keeps this conversation moving in the

1574

00:54:18,069 --> 00:54:16,240

right direction i'm i'm on board and

1575

00:54:21,030 --> 00:54:18,079

what i liked about the extra tempestual

1576

00:54:22,549 --> 00:54:21,040

model is that it also validates that the

1577

00:54:24,069 --> 00:54:22,559

cattle mutilation might just be that

1578

00:54:25,910 --> 00:54:24,079

they need a good barbecue every once in

1579

00:54:27,510 --> 00:54:25,920

a while because they're human right so

1580

00:54:29,349 --> 00:54:27,520

maybe they just like you see my new

1581

00:54:30,549 --> 00:54:29,359

picture i saw that yeah that looks

1582

00:54:36,710 --> 00:54:30,559

awesome

1583

00:54:41,430 --> 00:54:38,789

i love this thing

1584

00:54:44,309 --> 00:54:41,440

oh that's awesome

1585

00:54:46,309 --> 00:54:44,319

i don't know where it's at oh cows i

1586

00:54:47,750 --> 00:54:46,319

know well what's funny about is this you

1587

00:54:49,510 --> 00:54:47,760

know it's this cute little thing and

1588

00:54:52,309 --> 00:54:49,520

that cow's about to get its eyes plucked

1589

00:54:54,470 --> 00:54:52,319

out and it's anus ripped out and we're

1590

00:54:56,630 --> 00:54:54,480

like oh cute but it's such a happy

1591

00:54:58,630 --> 00:54:56,640

little i love it no my my wife sells

1592

00:55:01,510 --> 00:54:58,640

jewelry and she was at a um makes

1593

00:55:04,150 --> 00:55:01,520

themselves story and we were at a arts

1594

00:55:05,589 --> 00:55:04,160

festival yesterday and uh the person

1595

00:55:07,430 --> 00:55:05,599

right next door

1596

00:55:09,829 --> 00:55:07,440

uh painted this i was like oh i gotta

1597

00:55:11,589 --> 00:55:09,839

get one of those it's naturally yeah

1598

00:55:14,069 --> 00:55:11,599

yeah it seems it's a synchronicity let's

1599

00:55:15,430 --> 00:55:14,079

call it that uh but yeah i know it's

1600

00:55:17,990 --> 00:55:15,440

kind of ironic in a way because that

1601
00:55:20,150 --> 00:55:18,000
cow's about to undergo some very painful

1602
00:55:21,910 --> 00:55:20,160
procedures it's like jason's picture in

1603
00:55:23,510 --> 00:55:21,920
the background somebody commented once

1604
00:55:25,430 --> 00:55:23,520
they were like you know they may not all

1605
00:55:27,349 --> 00:55:25,440
be friendly like your photo back there

1606
00:55:29,030 --> 00:55:27,359
and jason's like no no they're holding

1607
00:55:30,150 --> 00:55:29,040
the dude's arms down they're not

1608
00:55:32,150 --> 00:55:30,160
friendly in the picture they're not

1609
00:55:34,630 --> 00:55:32,160
friendly in that picture and that's you

1610
00:55:36,870 --> 00:55:34,640
know that's an important point um most

1611
00:55:39,510 --> 00:55:36,880
people do have a positive experience

1612
00:55:41,910 --> 00:55:39,520
yeah some some don't you know some are

1613
00:55:43,589 --> 00:55:41,920

traumatized for life by what they

1614

00:55:46,069 --> 00:55:43,599

endure but the vast majority especially

1615

00:55:49,670 --> 00:55:46,079

ones that encounter the most human

1616

00:55:51,910 --> 00:55:49,680

forms uh do to actually like it and and

1617

00:55:53,510 --> 00:55:51,920

long for further interaction which seems

1618

00:55:56,870 --> 00:55:53,520

weird to a lot of people because there's

1619

00:55:58,789 --> 00:55:56,880

this threat narrative of aliens too but

1620

00:56:01,030 --> 00:55:58,799

uh if you look at the statistics on that

1621

00:56:03,589 --> 00:56:01,040

based on contact he experiences it's the

1622

00:56:05,829 --> 00:56:03,599

opposite of what most people think

1623

00:56:07,589 --> 00:56:05,839

awesome louis do you have any funny yeah

1624

00:56:09,430 --> 00:56:07,599

michael where can people follow you and

1625

00:56:11,109 --> 00:56:09,440

find your information if they want to

1626
00:56:14,470 --> 00:56:11,119
get more of your brilliant mind where

1627
00:56:19,109 --> 00:56:16,789
other than somewhere in montana that cow

1628
00:56:20,870 --> 00:56:19,119
is lashing back it's fighting fighting

1629
00:56:21,910 --> 00:56:20,880
for its life the painting just collapsed

1630
00:56:24,390 --> 00:56:21,920
on

1631
00:56:25,750 --> 00:56:24,400
the side it is i know

1632
00:56:27,349 --> 00:56:25,760
you'll be all right

1633
00:56:29,990 --> 00:56:27,359
um so i think

1634
00:56:32,230 --> 00:56:30,000
probably

1635
00:56:34,630 --> 00:56:32,240
i don't know at my website i guess i've

1636
00:56:36,309 --> 00:56:34,640
got a website with an email list that i

1637
00:56:38,069 --> 00:56:36,319
don't really use very often so maybe

1638
00:56:40,470 --> 00:56:38,079

that's not a good place

1639

00:56:42,950 --> 00:56:40,480

um i i think i use twitter more than

1640

00:56:44,470 --> 00:56:42,960

anything else just because it's it seems

1641

00:56:46,309 --> 00:56:44,480

to be the place where most people are

1642

00:56:49,670 --> 00:56:46,319

talking about this and

1643

00:56:51,190 --> 00:56:49,680

both informed and bash it crazy ways

1644

00:56:53,030 --> 00:56:51,200

um

1645

00:56:54,710 --> 00:56:53,040

so yeah i don't know a place to get in

1646

00:56:57,589 --> 00:56:54,720

figths with people too apparently well

1647

00:57:00,870 --> 00:56:57,599

yeah i avoid all that uh i run from

1648

00:57:03,190 --> 00:57:00,880

those like uh a car on fire

1649

00:57:04,870 --> 00:57:03,200

um but no i guess there's links to all

1650

00:57:08,390 --> 00:57:04,880

those on my website and links to the

1651
00:57:09,109 --> 00:57:08,400

1655
00:57:50,870 --> 00:57:49,359
you know studying uaps that is very

1656
00:57:53,109 --> 00:57:50,880
important we need to look at this angle

1657
00:57:55,510 --> 00:57:53,119
as well it's brilliantly written like i

1658
00:57:57,510 --> 00:57:55,520

00:58:13,829 --> 00:58:11,119

uh the book which is read and uh by the

1665

00:58:15,910 --> 00:58:13,839
