

UAP STUDIES
PODCAST

STEVE BASSETT

1
00:00:22,870 --> 00:00:19,400

[Music]

2
00:00:26,310 --> 00:00:24,070
all right welcome back to another

3
00:00:28,150 --> 00:00:26,320
episode of uap studies podcast my name

4
00:00:30,790 --> 00:00:28,160
is louis borges joining me as always my

5
00:00:32,470 --> 00:00:30,800
good friend jason gilman how's it going

6
00:00:34,950 --> 00:00:32,480
it's going really good hey i got this

7
00:00:37,350 --> 00:00:34,960
light that you sent to me this thing is

8
00:00:38,709 --> 00:00:37,360
awesome it's a it's a little led i don't

9
00:00:40,950 --> 00:00:38,719
know where i'm going to fit it i don't

10
00:00:42,790 --> 00:00:40,960
want to drill holes in this because

11
00:00:45,510 --> 00:00:42,800
it gives you a glow it gives you that

12
00:00:47,670 --> 00:00:45,520
glow too yeah so yeah that blue avian

13
00:00:49,670 --> 00:00:47,680

hue which is really nice right there you

14

00:00:51,990 --> 00:00:49,680

go but yeah thank you very much for that

15

00:00:53,910 --> 00:00:52,000

i'm super excited about today's guest um

16

00:00:55,830 --> 00:00:53,920

as always we try to bring the biggest

17

00:00:57,510 --> 00:00:55,840

and the best names and people that have

18

00:00:59,750 --> 00:00:57,520

their heads screwed on straight and

19

00:01:02,069 --> 00:00:59,760

aren't scared to just say it as it is

20

00:01:04,469 --> 00:01:02,079

and i think our our audience appreciates

21

00:01:07,429 --> 00:01:04,479

that today's guest has been on over 1200

22

00:01:09,670 --> 00:01:07,439

radio television documentaries uh you

23

00:01:11,590 --> 00:01:09,680

know he's an author very well spoken you

24

00:01:14,149 --> 00:01:11,600

can find him on just about any

25

00:01:17,429 --> 00:01:14,159

documentary or you know a tv program

26

00:01:20,149 --> 00:01:17,439

worth its weight in this field um he's a

27

00:01:23,670 --> 00:01:20,159

a well-spoken person always seems to be

28

00:01:25,510 --> 00:01:23,680

at a a even keel but yet is screaming at

29

00:01:27,109 --> 00:01:25,520

the top of his lungs and i love it so

30

00:01:30,950 --> 00:01:27,119

without further ado our guest today is

31

00:01:36,630 --> 00:01:33,510

well spoken yes yes yes that's right

32

00:01:38,710 --> 00:01:36,640

that's what i am very very well

33

00:01:40,630 --> 00:01:38,720

spoken well it's nice to be on guys uh

34

00:01:42,630 --> 00:01:40,640

it's always a pleasure to talk with my

35

00:01:44,950 --> 00:01:42,640

good friends in the uk

36

00:01:46,630 --> 00:01:44,960

no we're in canada canada i mean canada

37

00:01:47,749 --> 00:01:46,640

i'm sorry i'm sorry

38

00:01:49,270 --> 00:01:47,759

i'm so interested you know we're just

39

00:01:51,990 --> 00:01:49,280

that we're that little ice field

40

00:01:53,670 --> 00:01:52,000

slightly north of you yeah yeah uh yeah

41

00:01:56,149 --> 00:01:53,680

i know canada got plenty of friends up

42

00:01:57,749 --> 00:01:56,159

there always good and uh look forward to

43

00:01:59,030 --> 00:01:57,759

coming and visiting again soon i was up

44

00:02:01,030 --> 00:01:59,040

a number of times but you know how the

45

00:02:03,749 --> 00:02:01,040

cobia thing is yeah i've been living in

46

00:02:05,350 --> 00:02:03,759

a pretty much a closed-in locked-in room

47

00:02:06,950 --> 00:02:05,360

with a special air filter now for two

48

00:02:09,109 --> 00:02:06,960

and a half years and it's getting a

49

00:02:10,469 --> 00:02:09,119

little old but i'll get up there soon

50

00:02:11,910 --> 00:02:10,479

perfect all right let's what's happening

51
00:02:13,430 --> 00:02:11,920
what do you want to know so tell us a

52
00:02:15,110 --> 00:02:13,440
bit about yourself if anybody's been

53
00:02:17,990 --> 00:02:15,120
living under a rock for the last 20

54
00:02:20,309 --> 00:02:18,000
years who's stephen bassett

55
00:02:22,390 --> 00:02:20,319
political activist uh got in the field

56
00:02:24,550 --> 00:02:22,400
in 96 under that

57
00:02:25,910 --> 00:02:24,560
under that basis i didn't i didn't want

58
00:02:27,510 --> 00:02:25,920
to go out and

59
00:02:28,630 --> 00:02:27,520
and and interview people who have had

60
00:02:30,070 --> 00:02:28,640
sightings

61
00:02:32,550 --> 00:02:30,080
uh didn't want to join a research

62
00:02:34,550 --> 00:02:32,560
organization i uh

63
00:02:37,670 --> 00:02:34,560

i've always been sort of an activist uh

64

00:02:39,830 --> 00:02:37,680

did a little marching back in the day

65

00:02:41,750 --> 00:02:39,840

and i i realized that

66

00:02:43,990 --> 00:02:41,760

this was a political problem

67

00:02:45,270 --> 00:02:44,000

not a science problem seemed to me that

68

00:02:47,190 --> 00:02:45,280

the science was pretty clear the

69

00:02:48,390 --> 00:02:47,200

evidence was pretty clear

70

00:02:50,070 --> 00:02:48,400

uh

71

00:02:51,670 --> 00:02:50,080

it's not a complicated issue it's not

72

00:02:53,589 --> 00:02:51,680

like trying to understand quantum

73

00:02:55,030 --> 00:02:53,599

mechanics they get they're either here

74

00:02:57,270 --> 00:02:55,040

or they're not here

75

00:02:58,630 --> 00:02:57,280

right you know either company came to

76

00:03:00,149 --> 00:02:58,640

dinner or they didn't come to dinner and

77

00:03:01,990 --> 00:03:00,159

you know you don't need a physicist to

78

00:03:03,110 --> 00:03:02,000

figure that out and going the evidence

79

00:03:03,910 --> 00:03:03,120

seemed clear so i said what's the

80

00:03:05,430 --> 00:03:03,920

problem well the problem is the

81

00:03:07,750 --> 00:03:05,440

government's made a political decision a

82

00:03:09,430 --> 00:03:07,760

national security decision to

83

00:03:12,149 --> 00:03:09,440

to hide this

84

00:03:16,149 --> 00:03:12,159

uh not only hide it but deny it also

85

00:03:17,350 --> 00:03:16,159

undermine it uh ridicule it

86

00:03:18,790 --> 00:03:17,360

to keep it

87

00:03:20,390 --> 00:03:18,800

as close to the

88

00:03:22,229 --> 00:03:20,400

the chest as possible

89

00:03:24,470 --> 00:03:22,239

and the people would find out when the

90

00:03:26,229 --> 00:03:24,480

government felt uh ready to tell up i

91

00:03:27,750 --> 00:03:26,239

didn't like that and i and so i said it

92

00:03:29,589 --> 00:03:27,760

needs a political solution so it's going

93

00:03:31,030 --> 00:03:29,599

to need a political approach

94

00:03:33,509 --> 00:03:31,040

and that's what i started doing i didn't

95

00:03:37,030 --> 00:03:33,519

have any money uh nobody knew who i was

96

00:03:37,990 --> 00:03:37,040

so it was a slow very slow start

97

00:03:39,350 --> 00:03:38,000

um

98

00:03:41,030 --> 00:03:39,360

getting in touch with the congress or

99

00:03:44,550 --> 00:03:41,040

dealing with congress back in the 90s

100

00:03:45,830 --> 00:03:44,560

forget about it no way right

101
00:03:48,789 --> 00:03:45,840
if you're lucky if you could get one of

102
00:03:50,949 --> 00:03:48,799
their teenage interns to talk to you um

103
00:03:53,110 --> 00:03:50,959
there was just before i came on board uh

104
00:03:55,750 --> 00:03:53,120
steven schiff who was a new mexico

105
00:03:58,070 --> 00:03:55,760
congressman a republican a vet

106
00:03:59,429 --> 00:03:58,080
he actually dove into the issue he was

107
00:04:00,869 --> 00:03:59,439
wanting to get roswell information

108
00:04:02,470 --> 00:04:00,879
wanted to get roswell record so he made

109
00:04:04,630 --> 00:04:02,480
an effort well they ran they ran him

110
00:04:07,429 --> 00:04:04,640
around the track four or five times and

111
00:04:09,509 --> 00:04:07,439
got he got mad right and he uh went

112
00:04:11,429 --> 00:04:09,519
public and complained

113
00:04:13,830 --> 00:04:11,439

uh he didn't get it backed up by anybody

114

00:04:15,429 --> 00:04:13,840

else in the house

115

00:04:16,710 --> 00:04:15,439

and then a couple you know

116

00:04:18,629 --> 00:04:16,720

and then a couple years after he had

117

00:04:20,310 --> 00:04:18,639

made this effort he came down with uh

118

00:04:22,390 --> 00:04:20,320

squamous cancer of the year that they

119

00:04:26,310 --> 00:04:22,400

just couldn't stop went and killed him

120

00:04:28,550 --> 00:04:26,320

uh i think it was 52. so again uh

121

00:04:30,469 --> 00:04:28,560

so what did i do what i did was

122

00:04:31,830 --> 00:04:30,479

i said look

123

00:04:33,909 --> 00:04:31,840

the issue

124

00:04:35,909 --> 00:04:33,919

has been covered in the media

125

00:04:37,590 --> 00:04:35,919

but not to the degree it should be

126

00:04:38,870 --> 00:04:37,600

and it hasn't had much of a political

127

00:04:41,110 --> 00:04:38,880

coverage

128

00:04:42,950 --> 00:04:41,120

and so i'll lobby the media

129

00:04:44,950 --> 00:04:42,960

i'll do everything i can to get the

130

00:04:47,909 --> 00:04:44,960

issue into into articles

131

00:04:50,150 --> 00:04:47,919

right uh which you can do uh through the

132

00:04:51,749 --> 00:04:50,160

internet and so forth uh in ways you

133

00:04:54,390 --> 00:04:51,759

couldn't do before

134

00:04:56,390 --> 00:04:54,400

and so i sought to get articles about

135

00:04:58,150 --> 00:04:56,400

this issue with a political

136

00:04:59,990 --> 00:04:58,160

uh angle

137

00:05:03,110 --> 00:05:00,000

and i had a couple articles in the uh

138

00:05:05,189 --> 00:05:03,120

late 1996 and 1996.

139

00:05:07,670 --> 00:05:05,199

then on 97 the washington post came did

140

00:05:10,710 --> 00:05:07,680

a pretty substantial piece

141

00:05:12,310 --> 00:05:10,720

about that ufo lobbyist i don't like to

142

00:05:14,390 --> 00:05:12,320

use that term anymore i'm

143

00:05:15,430 --> 00:05:14,400

i'm a political activist a disclosure

144

00:05:18,710 --> 00:05:15,440

advocate

145

00:05:20,469 --> 00:05:18,720

uh a uap lobbyist if you insist i've i

146

00:05:21,749 --> 00:05:20,479

for most of the last 26 years i was the

147

00:05:23,430 --> 00:05:21,759

only registered lobbyist there's a

148

00:05:25,189 --> 00:05:23,440

couple more now that have put this issue

149

00:05:27,189 --> 00:05:25,199

down on their lobbying registration i

150

00:05:29,189 --> 00:05:27,199

think one's working for mufon

151

00:05:31,110 --> 00:05:29,199

and there's another new group all

152

00:05:33,749 --> 00:05:31,120

fantastic i hope there's 10 more that

153

00:05:35,909 --> 00:05:33,759

show up but that's recent most of 26

154

00:05:39,029 --> 00:05:35,919

years only one okay

155

00:05:40,150 --> 00:05:39,039

but i was i was able to generate

156

00:05:42,390 --> 00:05:40,160

um

157

00:05:45,110 --> 00:05:42,400

just about prg

158

00:05:47,029 --> 00:05:45,120

meaning my work prg prg paradigm

159

00:05:48,310 --> 00:05:47,039

research group and i are the same right

160

00:05:50,469 --> 00:05:48,320

one-on-one

161

00:05:52,390 --> 00:05:50,479

over 500 and some articles have been

162

00:05:54,550 --> 00:05:52,400

written about my work so that that's

163

00:05:56,150 --> 00:05:54,560

getting the issue out right and then i

164

00:05:57,510 --> 00:05:56,160

think i've been contributed to many

165

00:05:59,430 --> 00:05:57,520

other articles that are out there in

166

00:06:01,590 --> 00:05:59,440

various ways by putting out lots of

167

00:06:05,189 --> 00:06:01,600

material press release so forth

168

00:06:06,950 --> 00:06:05,199

and uh in 2006 i started a print media

169

00:06:08,950 --> 00:06:06,960

archive probably the most important

170

00:06:11,990 --> 00:06:08,960

thing on my website uh paradigm

171

00:06:14,309 --> 00:06:12,000

researchgroup.org under resources

172

00:06:15,909 --> 00:06:14,319

and i because of the internet

173

00:06:17,990 --> 00:06:15,919

i started

174

00:06:20,390 --> 00:06:18,000

putting in the appropriate search terms

175

00:06:22,309 --> 00:06:20,400

and screening all the articles that are

176
00:06:23,270 --> 00:06:22,319
being turned up on the net mainstream

177
00:06:25,749 --> 00:06:23,280
media

178
00:06:28,070 --> 00:06:25,759
uh regarding this phenomena

179
00:06:32,150 --> 00:06:28,080
and so i had search terms in for

180
00:06:33,430 --> 00:06:32,160
extraterrestrial alien uh uh

181
00:06:34,469 --> 00:06:33,440
ufo

182
00:06:38,550 --> 00:06:34,479
um

183
00:06:40,550 --> 00:06:38,560
exopolitics and so forth

184
00:06:41,990 --> 00:06:40,560
well as of now

185
00:06:44,150 --> 00:06:42,000
and then i and then i search the net in

186
00:06:46,469 --> 00:06:44,160
other ways anyway i'm up to about 13 000

187
00:06:48,870 --> 00:06:46,479
articles that are now linked on in that

188
00:06:51,029 --> 00:06:48,880

section now these are all articles only

189

00:06:53,189 --> 00:06:51,039

the only mainstream articles not not any

190

00:06:55,990 --> 00:06:53,199

fringe pests not not any silly stuff

191

00:06:57,589 --> 00:06:56,000

these are mainstream legitimate media

192

00:07:00,390 --> 00:06:57,599

including all the major papers all the

193

00:07:01,670 --> 00:07:00,400

major networks and canadian and the uk

194

00:07:03,430 --> 00:07:01,680

english language

195

00:07:05,189 --> 00:07:03,440

and i would that's probably a third of

196

00:07:06,710 --> 00:07:05,199

the total number of articles that have

197

00:07:08,790 --> 00:07:06,720

been written on this subject english

198

00:07:11,510 --> 00:07:08,800

language press since 1947 where we

199

00:07:12,390 --> 00:07:11,520

talked about 40 000. but i got 13 000.

200

00:07:13,270 --> 00:07:12,400

so

201
00:07:15,430 --> 00:07:13,280
uh

202
00:07:16,710 --> 00:07:15,440
when you when you

203
00:07:19,990 --> 00:07:16,720
read

204
00:07:22,230 --> 00:07:20,000
how the media has covered it over the

205
00:07:24,230 --> 00:07:22,240
years how it intensifies and goes down

206
00:07:25,029 --> 00:07:24,240
and goes up and goes down

207
00:07:26,390 --> 00:07:25,039
well

208
00:07:29,270 --> 00:07:26,400
in the last since i've been involved in

209
00:07:31,270 --> 00:07:29,280
96 a lot of articles have turned up and

210
00:07:33,350 --> 00:07:31,280
i and i feel i helped create those and

211
00:07:35,110 --> 00:07:33,360
so that these mainstream articles are

212
00:07:37,589 --> 00:07:35,120
educating the world to this issue

213
00:07:39,589 --> 00:07:37,599

raising the the awareness increasing the

214

00:07:41,909 --> 00:07:39,599

pressure on governments and so that's

215

00:07:44,950 --> 00:07:41,919

how i chose the lobby slow

216

00:07:46,469 --> 00:07:44,960

but consistent in that way um and

217

00:07:48,790 --> 00:07:46,479

developing relationships with with

218

00:07:49,830 --> 00:07:48,800

journalists so they got to know you a

219

00:07:51,749 --> 00:07:49,840

little bit and realize you weren't

220

00:07:52,950 --> 00:07:51,759

insane whatever

221

00:07:54,230 --> 00:07:52,960

that you could actually talk about

222

00:07:56,469 --> 00:07:54,240

politics you could talk about

223

00:07:57,990 --> 00:07:56,479

international affairs even though you

224

00:08:00,550 --> 00:07:58,000

believe there's extraterrestrials here

225

00:08:01,670 --> 00:08:00,560

isn't that striking isn't that odd

226

00:08:03,110 --> 00:08:01,680

um

227

00:08:04,230 --> 00:08:03,120

and so and then everything else i did

228

00:08:07,029 --> 00:08:04,240

whether it's going to conferences

229

00:08:10,150 --> 00:08:07,039

lectures interviews all of that is to

230

00:08:12,469 --> 00:08:10,160

to advance awareness of the issue but

231

00:08:14,950 --> 00:08:12,479

the fundamental target is the media

232

00:08:16,869 --> 00:08:14,960

and one of the reasons the truth embargo

233

00:08:18,309 --> 00:08:16,879

as i call it which is the

234

00:08:20,309 --> 00:08:18,319

not not a cover-up it's not cover-up

235

00:08:22,390 --> 00:08:20,319

it's an embargo uh that is still in

236

00:08:24,790 --> 00:08:22,400

place 75 years since roswell one of the

237

00:08:26,710 --> 00:08:24,800

reasons that that is the case

238

00:08:27,830 --> 00:08:26,720

is that

239

00:08:29,670 --> 00:08:27,840

the

240

00:08:32,070 --> 00:08:29,680

for whatever reason

241

00:08:34,469 --> 00:08:32,080

uh an understanding

242

00:08:37,269 --> 00:08:34,479

some behind the scenes meetings in a

243

00:08:39,190 --> 00:08:37,279

dark alley or something uh some very

244

00:08:42,149 --> 00:08:39,200

nasty letter whatever the hell

245

00:08:44,230 --> 00:08:42,159

uh the major papers and by and large the

246

00:08:45,430 --> 00:08:44,240

lesser papers follow the major papers

247

00:08:46,870 --> 00:08:45,440

and there was the major papers are not

248

00:08:48,790 --> 00:08:46,880

covering something they're not they're

249

00:08:51,750 --> 00:08:48,800

not going to cover it either right right

250

00:08:52,949 --> 00:08:51,760

the major papers made the decision

251

00:08:54,630 --> 00:08:52,959

because i believe that there were

252

00:08:56,150 --> 00:08:54,640

publishers of of the major papers in

253

00:08:57,670 --> 00:08:56,160

this country knew the et's were here all

254

00:09:01,110 --> 00:08:57,680

the way back in the 40s

255

00:09:02,070 --> 00:09:01,120

40s and 50s right

256

00:09:03,990 --> 00:09:02,080

so

257

00:09:06,550 --> 00:09:04,000

they they and they were told one way or

258

00:09:08,150 --> 00:09:06,560

another look we got a crash vehicle at

259

00:09:09,350 --> 00:09:08,160

roswell yeah we got bodies they're all

260

00:09:11,110 --> 00:09:09,360

over the goddamn place we don't know

261

00:09:14,070 --> 00:09:11,120

what's going on and so we would greatly

262

00:09:15,990 --> 00:09:14,080

appreciate if if this if if your country

263

00:09:17,430 --> 00:09:16,000

which just saved you from the nazis is

264

00:09:19,590 --> 00:09:17,440

the only thing saving you from the

265

00:09:21,590 --> 00:09:19,600

communists right uh

266

00:09:24,710 --> 00:09:21,600

if you'd cooperate with us right let's

267

00:09:27,430 --> 00:09:24,720

don't let's don't uh let's do anything

268

00:09:29,829 --> 00:09:27,440

to put pressure on us to somehow

269

00:09:32,550 --> 00:09:29,839

get make this a public matter we want to

270

00:09:34,389 --> 00:09:32,560

classify this and i think that somehow

271

00:09:35,430 --> 00:09:34,399

that understanding was reached and the

272

00:09:37,110 --> 00:09:35,440

papers

273

00:09:38,870 --> 00:09:37,120

and that of course violates

274

00:09:40,470 --> 00:09:38,880

some significant journalistic principles

275

00:09:42,470 --> 00:09:40,480

but we're talking national security here

276

00:09:45,190 --> 00:09:42,480

nothing unusual about that i think the

277

00:09:47,190 --> 00:09:45,200

major publishers made a decision okay

278

00:09:48,470 --> 00:09:47,200

we're going to compromise we're going to

279

00:09:51,110 --> 00:09:48,480

cover this

280

00:09:53,030 --> 00:09:51,120

if somebody has a sighting in indiana it

281

00:09:54,470 --> 00:09:53,040

may very well turn up in the paper uh if

282

00:09:56,630 --> 00:09:54,480

somebody writes a book about it we might

283

00:09:57,509 --> 00:09:56,640

do a book review whatever we will cover

284

00:10:06,630 --> 00:09:57,519

it

285

00:10:09,190 --> 00:10:06,640

the days of the when uh you had the

286

00:10:10,069 --> 00:10:09,200

break in at watergate right and that was

287

00:10:12,310 --> 00:10:10,079

news

288

00:10:14,470 --> 00:10:12,320

and so they covered it they wrote up

289

00:10:17,509 --> 00:10:14,480

there was some people found breaking

290

00:10:19,509 --> 00:10:17,519

into the office the democratic national

291

00:10:21,750 --> 00:10:19,519

committee office at watergate and then

292

00:10:23,430 --> 00:10:21,760

these people went to uh uh arraignment

293

00:10:24,949 --> 00:10:23,440

they covered that and write that up and

294

00:10:26,790 --> 00:10:24,959

they could have just done that right and

295

00:10:28,630 --> 00:10:26,800

whatever was happening that they learned

296

00:10:30,710 --> 00:10:28,640

about they would they would write it

297

00:10:32,710 --> 00:10:30,720

cover it but obviously they considered

298

00:10:34,230 --> 00:10:32,720

it a pretty big story so they went

299

00:10:36,790 --> 00:10:34,240

further than that

300

00:10:38,870 --> 00:10:36,800

they went woodward and bernstein on that

301
00:10:41,829 --> 00:10:38,880
they basically sent oh they said bob

302
00:10:43,269 --> 00:10:41,839
woodward and bernstein carl bernstein

303
00:10:45,110 --> 00:10:43,279
they said

304
00:10:47,350 --> 00:10:45,120
there's a there's there's more going on

305
00:10:48,870 --> 00:10:47,360
here obviously than that there's this

306
00:10:50,230 --> 00:10:48,880
there's some serious stuff here we need

307
00:10:53,350 --> 00:10:50,240
to get the bottom this is a big scoop

308
00:10:54,870 --> 00:10:53,360
this is a big story and so boys head on

309
00:10:57,430 --> 00:10:54,880
over to the pentagon start going through

310
00:10:59,430 --> 00:10:57,440
their trash cans do you mind right bring

311
00:11:01,990 --> 00:10:59,440
some documents back and bob if you've

312
00:11:03,750 --> 00:11:02,000
got an inside contact you know reigns

313
00:11:05,110 --> 00:11:03,760

meetings like in roslyn in a garage

314

00:11:06,630 --> 00:11:05,120

somewhere and start getting the poop

315

00:11:08,470 --> 00:11:06,640

right bring it back we're gonna we're

316

00:11:09,990 --> 00:11:08,480

gonna get to the bottom of this and

317

00:11:12,069 --> 00:11:10,000

that's exactly and the new york times

318

00:11:13,190 --> 00:11:12,079

was doing the same thing

319

00:11:14,710 --> 00:11:13,200

and so

320

00:11:16,069 --> 00:11:14,720

and they did get to the bottom of it

321

00:11:18,630 --> 00:11:16,079

broke one of the biggest stories of all

322

00:11:21,030 --> 00:11:18,640

time brought down a present okay papers

323

00:11:22,389 --> 00:11:21,040

can do this when they choose to

324

00:11:23,590 --> 00:11:22,399

there's all kinds

325

00:11:25,829 --> 00:11:23,600

and we give it a name we call it

326

00:11:28,550 --> 00:11:25,839

investigative journalism as opposed to

327

00:11:30,389 --> 00:11:28,560

reportage okay right now it's a gray

328

00:11:32,069 --> 00:11:30,399

area for some people but to me an

329

00:11:34,949 --> 00:11:32,079

investigative journalist

330

00:11:36,710 --> 00:11:34,959

is chris hedges it's it's psy hersh it's

331

00:11:39,269 --> 00:11:36,720

bernstein and so forth and we know that

332

00:11:42,870 --> 00:11:39,279

these people are given resources they're

333

00:11:44,790 --> 00:11:42,880

given much more latitude go dig do what

334

00:11:47,030 --> 00:11:44,800

you have to do to get the story

335

00:11:49,110 --> 00:11:47,040

well let's just say that the the major

336

00:11:51,269 --> 00:11:49,120

papers

337

00:11:53,670 --> 00:11:51,279

didn't do that and they

338

00:11:55,269 --> 00:11:53,680

they still have not done that

339

00:11:56,870 --> 00:11:55,279

right in other words

340

00:11:58,710 --> 00:11:56,880

so in that sense

341

00:12:02,150 --> 00:11:58,720

they have been reporting what's been

342

00:12:04,629 --> 00:12:02,160

happening thus giving people plenty of

343

00:12:06,069 --> 00:12:04,639

of uh indications that there's something

344

00:12:07,910 --> 00:12:06,079

going on it's still going on it's not

345

00:12:09,190 --> 00:12:07,920

it's not stopped

346

00:12:10,949 --> 00:12:09,200

but they did not challenge the

347

00:12:12,870 --> 00:12:10,959

government's classification status on

348

00:12:14,949 --> 00:12:12,880

this they did not dig they did not try

349

00:12:17,110 --> 00:12:14,959

to get illegal in inside sources legal

350

00:12:19,430 --> 00:12:17,120

or otherwise and break the biggest story

351

00:12:21,269 --> 00:12:19,440

of all time and now the papers will

352

00:12:22,710 --> 00:12:21,279

eventually have to answer for this of

353

00:12:25,350 --> 00:12:22,720

course most of the publishers from those

354

00:12:26,550 --> 00:12:25,360

days are gone but that embargo still is

355

00:12:27,350 --> 00:12:26,560

still here

356

00:12:28,870 --> 00:12:27,360

uh

357

00:12:30,870 --> 00:12:28,880

the new york times knows there's an e.t

358

00:12:33,110 --> 00:12:30,880

presence the washington post knows as an

359

00:12:34,629 --> 00:12:33,120

e.t presence the boston toast the los

360

00:12:36,230 --> 00:12:34,639

angeles touch cargo tribune they all

361

00:12:38,470 --> 00:12:36,240

know there's an e.t presence

362

00:12:40,230 --> 00:12:38,480

somewhere within their their structure

363

00:12:41,190 --> 00:12:40,240

and the higher up you go the more likely

364

00:12:42,949 --> 00:12:41,200

they know

365

00:12:45,110 --> 00:12:42,959

right because they're not stupid these

366

00:12:46,949 --> 00:12:45,120

are very smart people you don't have to

367

00:12:49,670 --> 00:12:46,959

be a genius and there's an e.t presence

368

00:12:51,350 --> 00:12:49,680

here just read the damn articles right

369

00:12:53,750 --> 00:12:51,360

and then and then you know read a little

370

00:12:55,430 --> 00:12:53,760

research read one of the i don't know

371

00:12:57,829 --> 00:12:55,440

two three thousand books that have been

372

00:12:58,949 --> 00:12:57,839

written on the subjects the better ones

373

00:13:01,910 --> 00:12:58,959

and so

374

00:13:03,670 --> 00:13:01,920

they still have not gone there yet

375

00:13:05,509 --> 00:13:03,680

but

376

00:13:07,670 --> 00:13:05,519

the articles they have written

377

00:13:08,949 --> 00:13:07,680

have helped to move this thing along and

378

00:13:10,870 --> 00:13:08,959

that was my

379

00:13:12,470 --> 00:13:10,880

my major contribution

380

00:13:14,870 --> 00:13:12,480

constantly contributing to that and and

381

00:13:16,389 --> 00:13:14,880

i but now i'm i'm still doing that but

382

00:13:17,990 --> 00:13:16,399

i'm looking forward to taking this to

383

00:13:23,750 --> 00:13:18,000

the next level

384

00:13:25,829 --> 00:13:23,760

christopher mel and lou elizondo level

385

00:13:27,910 --> 00:13:25,839

mostly lou and chris and everything

386

00:13:29,990 --> 00:13:27,920

that's going on in congress that finally

387

00:13:31,269 --> 00:13:30,000

happened okay i'd like to take a little

388

00:13:32,629 --> 00:13:31,279

credit for that but i got plenty of

389

00:13:34,629 --> 00:13:32,639

colleagues that deserve a little credit

390

00:13:36,790 --> 00:13:34,639

for that without question

391

00:13:38,069 --> 00:13:36,800

but whatever congealed within the

392

00:13:39,670 --> 00:13:38,079

military intelligence community

393

00:13:40,590 --> 00:13:39,680

particularly the dod

394

00:13:42,790 --> 00:13:40,600

back in

395

00:13:45,030 --> 00:13:42,800

2015-16 that ultimately led to this

396

00:13:47,509 --> 00:13:45,040

organization coming out

397

00:13:50,310 --> 00:13:47,519

which was somehow facilitated by by tom

398

00:13:51,990 --> 00:13:50,320

delong who i think provided them a

399

00:13:53,350 --> 00:13:52,000

he came up with an idea that one of the

400

00:13:54,790 --> 00:13:53,360

reasons they were talking to him was he

401
00:13:55,750 --> 00:13:54,800
came up with an idea how they could do

402
00:13:58,389 --> 00:13:55,760
this

403
00:13:59,590 --> 00:13:58,399
platform it and uh and do it in a way

404
00:14:02,389 --> 00:13:59,600
that would be

405
00:14:03,990 --> 00:14:02,399
more more uh beneficial to them in other

406
00:14:05,750 --> 00:14:04,000
words come out together

407
00:14:07,350 --> 00:14:05,760
come out as part of an organization it's

408
00:14:09,670 --> 00:14:07,360
going to be a public benefit corp it's

409
00:14:11,350 --> 00:14:09,680
going to raise stock raise money give it

410
00:14:13,750 --> 00:14:11,360
a mandate and so forth and so there's a

411
00:14:17,189 --> 00:14:13,760
good chance that

412
00:14:19,910 --> 00:14:17,199
however it's received if you help end

413
00:14:22,069 --> 00:14:19,920

the truth embargo by doing this

414

00:14:24,790 --> 00:14:22,079

you could end up having a substantial

415

00:14:27,430 --> 00:14:24,800

financial future security because i

416

00:14:29,110 --> 00:14:27,440

think anybody at that time knew

417

00:14:31,110 --> 00:14:29,120

that you just come out by yourself

418

00:14:32,150 --> 00:14:31,120

whether it's a semi-van or elizon or

419

00:14:33,750 --> 00:14:32,160

anybody else you just come out by

420

00:14:35,990 --> 00:14:33,760

yourself and say you know i know some

421

00:14:37,990 --> 00:14:36,000

stuff and head on down to new york times

422

00:14:39,189 --> 00:14:38,000

and try to get a story going

423

00:14:40,470 --> 00:14:39,199

all right

424

00:14:42,230 --> 00:14:40,480

one

425

00:14:44,790 --> 00:14:42,240

it might not go well at all

426

00:14:47,670 --> 00:14:44,800

right there's strength in numbers too

427

00:14:49,590 --> 00:14:47,680

any future retirement post-retirement

428

00:14:51,269 --> 00:14:49,600

contracts you might have with the

429

00:14:54,069 --> 00:14:51,279

military intelligence complex you can

430

00:14:56,069 --> 00:14:54,079

forget about those all right and

431

00:14:58,069 --> 00:14:56,079

whatever else is going to happen i mean

432

00:14:59,509 --> 00:14:58,079

not awful but i mean just you're

433

00:15:01,110 --> 00:14:59,519

vulnerable and so but they came up with

434

00:15:02,710 --> 00:15:01,120

this idea and i think tom helped form

435

00:15:04,710 --> 00:15:02,720

that idea and so they launched the to

436

00:15:07,350 --> 00:15:04,720

the stars academy and ultimately

437

00:15:09,750 --> 00:15:07,360

eventually in october of 2017. that was

438

00:15:12,790 --> 00:15:09,760

the milestone most of everything you're

439

00:15:15,509 --> 00:15:12,800

seeing now stems from that

440

00:15:17,750 --> 00:15:15,519

not from anything particular i was doing

441

00:15:19,509 --> 00:15:17,760

my last major contribution was a citizen

442

00:15:22,150 --> 00:15:19,519

hearing on disclosure and that was in

443

00:15:23,910 --> 00:15:22,160

april 2013 though i think that might

444

00:15:26,230 --> 00:15:23,920

have contributed to the thinking of some

445

00:15:28,150 --> 00:15:26,240

of these people inside that pentagon and

446

00:15:29,829 --> 00:15:28,160

elsewhere about what what they might do

447

00:15:31,910 --> 00:15:29,839

it might have helped make the decision

448

00:15:33,749 --> 00:15:31,920

who knows one day i'll talk to them all

449

00:15:34,870 --> 00:15:33,759

about that hopefully interview them

450

00:15:37,430 --> 00:15:34,880

um

451

00:15:39,990 --> 00:15:37,440

so this is the louis elizondo melon lou

452

00:15:42,310 --> 00:15:40,000

alexander chris mellon show

453

00:15:43,269 --> 00:15:42,320

and i totally support it

454

00:15:45,269 --> 00:15:43,279

and i think they're going to be

455

00:15:46,629 --> 00:15:45,279

recognized historically as being a very

456

00:15:47,430 --> 00:15:46,639

important figure

457

00:15:49,670 --> 00:15:47,440

so

458

00:15:51,990 --> 00:15:49,680

that's kind of where we are now and i'm

459

00:15:55,110 --> 00:15:52,000

trying to find i'm working on some ways

460

00:15:57,509 --> 00:15:55,120

that i can contribute more

461

00:16:00,230 --> 00:15:57,519

i still have an office in washington

462

00:16:01,110 --> 00:16:00,240

down by the white house

463

00:16:03,990 --> 00:16:01,120

and

464

00:16:05,110 --> 00:16:04,000

i i now also have a an office in

465

00:16:07,030 --> 00:16:05,120

hollywood

466

00:16:08,550 --> 00:16:07,040

i've been working on how would you say

467

00:16:11,269 --> 00:16:08,560

approaching and dealing with some people

468

00:16:14,310 --> 00:16:11,279

out there people that have the means to

469

00:16:15,749 --> 00:16:14,320

to do significant things um

470

00:16:18,150 --> 00:16:15,759

media wise

471

00:16:19,749 --> 00:16:18,160

and so i'm trying to develop a two

472

00:16:22,389 --> 00:16:19,759

bi-coastal

473

00:16:25,189 --> 00:16:22,399

two-pronged um approach

474

00:16:27,189 --> 00:16:25,199

in my my later years here on this issue

475

00:16:28,710 --> 00:16:27,199

one is content creation and the other is

476
00:16:30,870 --> 00:16:28,720
activism

477
00:16:31,670 --> 00:16:30,880
um and that the two may bleed into each

478
00:16:33,350 --> 00:16:31,680
other

479
00:16:34,629 --> 00:16:33,360
and so i'm pleased about that and we may

480
00:16:35,990 --> 00:16:34,639
see some things going because i've kind

481
00:16:37,829 --> 00:16:36,000
of been off the field for a while and

482
00:16:39,829 --> 00:16:37,839
look forward to getting back in the game

483
00:16:43,350 --> 00:16:39,839
nice so you know half

484
00:16:45,030 --> 00:16:43,360
half of americans believe ets are behind

485
00:16:46,949 --> 00:16:45,040
the whole uap phenomenon right they

486
00:16:49,269 --> 00:16:46,959
don't look at china russia so half of

487
00:16:51,670 --> 00:16:49,279
the people are already on that side and

488
00:16:53,189 --> 00:16:51,680

80 to 90 percent of those people

489

00:16:54,949 --> 00:16:53,199

believe the government's lying about

490

00:16:57,670 --> 00:16:54,959

what they know and i've heard you use

491

00:16:59,829 --> 00:16:57,680

the term truth embargo versus a cover-up

492

00:17:01,829 --> 00:16:59,839

because you may be clarifying why you

493

00:17:03,910 --> 00:17:01,839

don't think per se it's a cover-up

494

00:17:06,309 --> 00:17:03,920

because of the illegalities associated

495

00:17:08,069 --> 00:17:06,319

with that term but maybe elaborate a

496

00:17:10,470 --> 00:17:08,079

little bit on the truth embargo i've

497

00:17:13,189 --> 00:17:10,480

talked about this a lot uh

498

00:17:15,189 --> 00:17:13,199

i'm a real stickler for language

499

00:17:17,429 --> 00:17:15,199

when it comes to activism certainly all

500

00:17:20,630 --> 00:17:17,439

right

501
00:17:23,110 --> 00:17:20,640
nothing can kill an activist effort

502
00:17:24,230 --> 00:17:23,120
faster than rotten language

503
00:17:26,390 --> 00:17:24,240
okay

504
00:17:28,549 --> 00:17:26,400
and this happened many many times

505
00:17:29,590 --> 00:17:28,559
and i'm not throwing shade i

506
00:17:31,669 --> 00:17:29,600
look

507
00:17:33,750 --> 00:17:31,679
activism is not easy and it's intense

508
00:17:36,070 --> 00:17:33,760
and so people get into it and there's a

509
00:17:39,190 --> 00:17:36,080
lot happening and no activist movement

510
00:17:42,950 --> 00:17:39,200
is like uni uh form it it's usually a

511
00:17:45,190 --> 00:17:42,960
spectrum of activities across a a number

512
00:17:47,110 --> 00:17:45,200
of a range of things and so somebody

513
00:17:48,789 --> 00:17:47,120

over here may come up with some language

514

00:17:50,470 --> 00:17:48,799

right it's probably not cool that

515

00:17:52,230 --> 00:17:50,480

doesn't mean the people in this part of

516

00:17:53,830 --> 00:17:52,240

the movement are doing that but whatever

517

00:17:55,350 --> 00:17:53,840

kind of everybody's going to get labeled

518

00:17:56,549 --> 00:17:55,360

with that i mean there was if one part

519

00:17:58,230 --> 00:17:56,559

of your movement makes a mistake the

520

00:18:00,150 --> 00:17:58,240

rest is going to have to take some hits

521

00:18:01,830 --> 00:18:00,160

on that okay i get it that's right so

522

00:18:04,950 --> 00:18:01,840

i'm not i'm not throwing shade

523

00:18:07,190 --> 00:18:04,960

but two classic examples of bad language

524

00:18:08,789 --> 00:18:07,200

i was involved in the citizen of the uh

525

00:18:10,150 --> 00:18:08,799

animal movement a little bit not as much

526

00:18:13,350 --> 00:18:10,160

as i should have been

527

00:18:14,470 --> 00:18:13,360

uh but i i marched in and i was in the

528

00:18:15,270 --> 00:18:14,480

april

529

00:18:16,789 --> 00:18:15,280

uh

530

00:18:19,029 --> 00:18:16,799

march in washington

531

00:18:20,789 --> 00:18:19,039

uh the big one uh

532

00:18:22,150 --> 00:18:20,799

and others i ended with some civil

533

00:18:23,110 --> 00:18:22,160

rights marches

534

00:18:25,990 --> 00:18:23,120

but

535

00:18:28,870 --> 00:18:26,000

in the the height of the anti-war

536

00:18:30,870 --> 00:18:28,880

movement in the 60s and also civil

537

00:18:32,150 --> 00:18:30,880

rights movement at the same time

538

00:18:33,750 --> 00:18:32,160

where there was a lot of trouble in the

539

00:18:35,350 --> 00:18:33,760

streets and so forth and the police were

540

00:18:37,110 --> 00:18:35,360

having to do what you're seeing now you

541

00:18:38,870 --> 00:18:37,120

know it happens now

542

00:18:40,630 --> 00:18:38,880

uh it happened then

543

00:18:43,029 --> 00:18:40,640

uh somebody decided

544

00:18:45,430 --> 00:18:43,039

that a a good idea was to

545

00:18:48,230 --> 00:18:45,440

call the the police pigs

546

00:18:50,710 --> 00:18:48,240

all right uh in order to d integrate

547

00:18:52,630 --> 00:18:50,720

them to to show them you know tell how

548

00:18:54,870 --> 00:18:52,640

awful they are right so uh because they

549

00:18:55,669 --> 00:18:54,880

do bad things sometimes and particularly

550

00:18:57,750 --> 00:18:55,679

when you're talking about these

551
00:18:59,830 --> 00:18:57,760
demonstrations so they refer to them as

552
00:19:02,549 --> 00:18:59,840
pigs down with the pigs

553
00:19:04,789 --> 00:19:02,559
this is a bad idea this is a really

554
00:19:06,710 --> 00:19:04,799
awful idea

555
00:19:08,830 --> 00:19:06,720
and so essentially they're telling the

556
00:19:11,510 --> 00:19:08,840
rest of the country that you want to

557
00:19:13,750 --> 00:19:11,520
support your antiwar efforts or your

558
00:19:15,270 --> 00:19:13,760
civil rights efforts that all of the the

559
00:19:17,190 --> 00:19:15,280
policemen that are working in their city

560
00:19:19,029 --> 00:19:17,200
they're all pigs right

561
00:19:21,990 --> 00:19:19,039
and they don't they don't they don't see

562
00:19:24,390 --> 00:19:22,000
that and so really bad move it hurt the

563
00:19:27,270 --> 00:19:24,400

movement terribly now let's let's come

564

00:19:28,950 --> 00:19:27,280

forward uh 40 years 50 years

565

00:19:31,590 --> 00:19:28,960

so we're having more unrest civil rights

566

00:19:32,950 --> 00:19:31,600

unrest and more problems in the streets

567

00:19:35,830 --> 00:19:32,960

and once again the police are in the

568

00:19:38,470 --> 00:19:35,840

front line right you know it's like

569

00:19:40,390 --> 00:19:38,480

when when when really bad things happen

570

00:19:41,830 --> 00:19:40,400

or stupid political decisions are made

571

00:19:43,990 --> 00:19:41,840

and people get angry go to the streets

572

00:19:45,669 --> 00:19:44,000

they don't send the boy scouts

573

00:19:47,270 --> 00:19:45,679

they don't send the girl scouts out

574

00:19:49,510 --> 00:19:47,280

there you have to send the police so

575

00:19:50,950 --> 00:19:49,520

every time the politicians screw up the

576

00:19:52,470 --> 00:19:50,960

police have got to go out and face it

577

00:19:54,070 --> 00:19:52,480

down same thing with same thing with

578

00:19:56,549 --> 00:19:54,080

international affairs every time the

579

00:19:58,789 --> 00:19:56,559

politician starts some god awful war

580

00:20:01,190 --> 00:19:58,799

guess who has to go and face it down a

581

00:20:03,029 --> 00:20:01,200

bunch of 19 year old kids mostly of

582

00:20:04,789 --> 00:20:03,039

color all right so that's just the way

583

00:20:07,029 --> 00:20:04,799

the world is we need to work on that we

584

00:20:09,029 --> 00:20:07,039

need to improve on that and so with this

585

00:20:11,110 --> 00:20:09,039

last round big round going back a few

586

00:20:12,310 --> 00:20:11,120

years

587

00:20:13,830 --> 00:20:12,320

again

588

00:20:15,190 --> 00:20:13,840

somebody came up with a phrase that

589

00:20:16,310 --> 00:20:15,200

caught a little attention caught a

590

00:20:19,510 --> 00:20:16,320

little fire and the next thing you know

591

00:20:20,950 --> 00:20:19,520

it's all over the news defund the police

592

00:20:22,310 --> 00:20:20,960

defund the police take all the money

593

00:20:24,149 --> 00:20:22,320

away if you take all the money away from

594

00:20:25,750 --> 00:20:24,159

the police they won't be able to do all

595

00:20:27,430 --> 00:20:25,760

these awful things

596

00:20:30,549 --> 00:20:27,440

well that went over like a lead balloon

597

00:20:32,390 --> 00:20:30,559

it handed the people that that support

598

00:20:36,390 --> 00:20:32,400

the things that they didn't like

599

00:20:37,909 --> 00:20:36,400

right a wonderful uh uh tool to hit him

600

00:20:39,110 --> 00:20:37,919

over the head with right a hammer to hit

601
00:20:40,230 --> 00:20:39,120
him over the head with you want to

602
00:20:42,470 --> 00:20:40,240
defund the police you're out of your

603
00:20:44,230 --> 00:20:42,480
mind why should we pay attention to you

604
00:20:46,950 --> 00:20:44,240
the phrase should have been reform the

605
00:20:49,190 --> 00:20:46,960
police so this is this is two classic

606
00:20:51,830 --> 00:20:49,200
examples of really bad language in

607
00:20:55,510 --> 00:20:51,840
activism now these are very intense

608
00:20:57,990 --> 00:20:55,520
personal visceral violent types of of uh

609
00:21:00,310 --> 00:20:58,000
periods we were in the the disclosure

610
00:21:02,070 --> 00:21:00,320
movement is not like that you don't have

611
00:21:04,870 --> 00:21:02,080
people in the disclosure movement facing

612
00:21:07,669 --> 00:21:04,880
down you know bully you know

613
00:21:10,710 --> 00:21:07,679

billy billy club and shielded police

614

00:21:12,710 --> 00:21:10,720

right uh it's a very rather

615

00:21:14,710 --> 00:21:12,720

sedate intellectual

616

00:21:16,950 --> 00:21:14,720

activist enterprise roughly i'm very

617

00:21:19,190 --> 00:21:16,960

proud of that fact

618

00:21:21,029 --> 00:21:19,200

but nevertheless it is activism and

619

00:21:22,870 --> 00:21:21,039

there were a number of language problems

620

00:21:25,270 --> 00:21:22,880

that had built up over the years

621

00:21:26,390 --> 00:21:25,280

that were causing major problems

622

00:21:28,470 --> 00:21:26,400

all right

623

00:21:31,510 --> 00:21:28,480

one of them was ufo

624

00:21:32,789 --> 00:21:31,520

which i did my part to try to to get to

625

00:21:33,590 --> 00:21:32,799

minimize

626

00:21:34,549 --> 00:21:33,600

uh

627

00:21:35,830 --> 00:21:34,559

why

628

00:21:39,190 --> 00:21:35,840

and this is a little harder for some

629

00:21:42,710 --> 00:21:39,200

people to get but it's really important

630

00:21:44,310 --> 00:21:42,720

the truth embargo succeeded in many ways

631

00:21:45,350 --> 00:21:44,320

many tools were used but one of the most

632

00:21:49,029 --> 00:21:45,360

important

633

00:21:51,430 --> 00:21:49,039

was to demean and ridicule the issue

634

00:21:53,270 --> 00:21:51,440

to such a degree that anybody that even

635

00:21:54,470 --> 00:21:53,280

wanted to get involved in it was

636

00:21:55,990 --> 00:21:54,480

ridiculed

637

00:21:57,750 --> 00:21:56,000

right in other words why on earth would

638

00:21:59,029 --> 00:21:57,760

you do that okay

639

00:22:00,950 --> 00:21:59,039

in other words getting involved in the

640

00:22:03,510 --> 00:22:00,960

ufo was like putting on a clown mask and

641

00:22:04,870 --> 00:22:03,520

going to a to an office office event or

642

00:22:07,190 --> 00:22:04,880

something and they were saying written

643

00:22:09,190 --> 00:22:07,200

but how do you do that well one of the

644

00:22:10,630 --> 00:22:09,200

ways you do it is you and this has been

645

00:22:12,870 --> 00:22:10,640

done many times

646

00:22:14,470 --> 00:22:12,880

is you pick something that is somewhat

647

00:22:15,190 --> 00:22:14,480

very germane

648

00:22:16,390 --> 00:22:15,200

to

649

00:22:18,230 --> 00:22:16,400

um

650

00:22:19,669 --> 00:22:18,240

the uh the subject that you're trying to

651
00:22:21,110 --> 00:22:19,679
ridicule

652
00:22:22,789 --> 00:22:21,120
or in the case of

653
00:22:24,710 --> 00:22:22,799
of into people

654
00:22:26,390 --> 00:22:24,720
it could be their race it could be their

655
00:22:28,549 --> 00:22:26,400
religion it could be but pick something

656
00:22:29,669 --> 00:22:28,559
that's universal to the group that the

657
00:22:32,630 --> 00:22:29,679
issue the group you're trying to

658
00:22:34,630 --> 00:22:32,640
minimize and then ridicule it he painted

659
00:22:36,310 --> 00:22:34,640
it on like putting you know eight cups

660
00:22:38,310 --> 00:22:36,320
of you know i mean to eight teaspoons of

661
00:22:41,190 --> 00:22:38,320
sugar in your coffee

662
00:22:42,789 --> 00:22:41,200
and the target was ufo that was the

663
00:22:45,350 --> 00:22:42,799

target in other words if you're going to

664

00:22:47,669 --> 00:22:45,360

ridicule the subject you talk about ufos

665

00:22:49,830 --> 00:22:47,679

silly nonsense crazy what does that mean

666

00:22:53,590 --> 00:22:49,840

all right now why does that work well

667

00:22:56,310 --> 00:22:53,600

because by and large after 1950

668

00:22:58,070 --> 00:22:56,320

anybody that wanted to engage the issue

669

00:22:59,830 --> 00:22:58,080

they were dealing with ufos weren't they

670

00:23:01,750 --> 00:22:59,840

and they had to they used that phrase it

671

00:23:03,350 --> 00:23:01,760

was in the book titles it was everywhere

672

00:23:05,990 --> 00:23:03,360

so yeah i'm in the ufos what do you

673

00:23:08,310 --> 00:23:06,000

think of ufos and as that as that phrase

674

00:23:09,669 --> 00:23:08,320

got more and more ridiculed it became

675

00:23:12,230 --> 00:23:09,679

essentially

676

00:23:14,390 --> 00:23:12,240

a badge that you had to virtually wear

677

00:23:16,630 --> 00:23:14,400

so that everybody would know

678

00:23:19,270 --> 00:23:16,640

you're crazy so it's so nice to meet you

679

00:23:21,510 --> 00:23:19,280

but i i have a bus to catch all right

680

00:23:23,669 --> 00:23:21,520

and this went on for decades

681

00:23:25,270 --> 00:23:23,679

now the effect of that

682

00:23:26,310 --> 00:23:25,280

was that if you're trying to get the

683

00:23:28,070 --> 00:23:26,320

press

684

00:23:30,149 --> 00:23:28,080

or the new york times or members of

685

00:23:33,430 --> 00:23:30,159

congress or scientists or anybody in the

686

00:23:35,590 --> 00:23:33,440

mainstream world the credentialed world

687

00:23:37,830 --> 00:23:35,600

to deal with this issue

688

00:23:38,870 --> 00:23:37,840

and you're you're talking ufos you've

689

00:23:41,029 --> 00:23:38,880

lost them

690

00:23:42,549 --> 00:23:41,039

yeah right you call up you call up a

691

00:23:44,789 --> 00:23:42,559

congressional office say can i come and

692

00:23:47,430 --> 00:23:44,799

talk to the talk to your your boss about

693

00:23:50,390 --> 00:23:47,440

ufos i don't think so

694

00:23:52,310 --> 00:23:50,400

now so in this sense the government's

695

00:23:54,470 --> 00:23:52,320

that process was working extremely well

696

00:23:55,430 --> 00:23:54,480

for the truth embargo very effective

697

00:23:58,470 --> 00:23:55,440

and so

698

00:23:59,350 --> 00:23:58,480

we had to get rid of it it had to go

699

00:24:02,149 --> 00:23:59,360

why

700

00:24:04,230 --> 00:24:02,159

because if you change it to another term

701
00:24:06,549 --> 00:24:04,240
which finally is happening it really

702
00:24:07,909 --> 00:24:06,559
didn't get underway the process really

703
00:24:09,909 --> 00:24:07,919
start i say the

704
00:24:12,470 --> 00:24:09,919
the the part where we actually

705
00:24:14,470 --> 00:24:12,480
we moved to the positive on this

706
00:24:16,950 --> 00:24:14,480
was when it came out of the mouth of the

707
00:24:18,230 --> 00:24:16,960
candidate secretary hillary clinton uh

708
00:24:19,830 --> 00:24:18,240
which by the way i'm going to take a lot

709
00:24:21,909 --> 00:24:19,840
of credit for it because i can't even

710
00:24:25,029 --> 00:24:21,919
begin to tell you everything i did with

711
00:24:27,750 --> 00:24:25,039
respect to her campaign in getting that

712
00:24:28,789 --> 00:24:27,760
issue in front of her and in front of

713
00:24:30,549 --> 00:24:28,799

the press

714

00:24:33,029 --> 00:24:30,559

so ultimately she goes on jimmy kimmel

715

00:24:35,350 --> 00:24:33,039

in 2016 and she makes this statement oh

716

00:24:37,590 --> 00:24:35,360

it's we have a new term now and you can

717

00:24:39,669 --> 00:24:37,600

find this on google i mean on youtube

718

00:24:42,789 --> 00:24:39,679

it's called uap unidentified aerial

719

00:24:44,230 --> 00:24:42,799

phenomena okay fine good and since then

720

00:24:45,430 --> 00:24:44,240

it's picked up you're seeing it more and

721

00:24:46,789 --> 00:24:45,440

more why

722

00:24:47,830 --> 00:24:46,799

it's simple

723

00:24:51,350 --> 00:24:47,840

like

724

00:24:54,070 --> 00:24:51,360

uap means exactly the same thing as ufo

725

00:24:56,950 --> 00:24:54,080

okay but it doesn't have the 70 years of

726

00:24:59,190 --> 00:24:56,960

ridicule heaped on it it is a neutral

727

00:25:00,870 --> 00:24:59,200

phrase and so what that it made it

728

00:25:03,830 --> 00:25:00,880

easier for journalists to write the

729

00:25:06,310 --> 00:25:03,840

articles right uh there's been some

730

00:25:07,190 --> 00:25:06,320

discussions about uap over here over

731

00:25:09,110 --> 00:25:07,200

there

732

00:25:10,390 --> 00:25:09,120

uh they put language in the they want to

733

00:25:12,070 --> 00:25:10,400

put some language in one of the bills

734

00:25:14,789 --> 00:25:12,080

which they have now five times it's

735

00:25:17,029 --> 00:25:14,799

about uaps it's not about ufos

736

00:25:19,750 --> 00:25:17,039

and that may not seem important but it

737

00:25:22,230 --> 00:25:19,760

is language is really important let me

738

00:25:24,230 --> 00:25:22,240

tell you bad language can destroy your

739

00:25:25,909 --> 00:25:24,240

career it can destroy relationships it

740

00:25:28,390 --> 00:25:25,919

can destroy movements

741

00:25:29,830 --> 00:25:28,400

you got to get the language right and so

742

00:25:31,669 --> 00:25:29,840

that is one

743

00:25:34,070 --> 00:25:31,679

very important example now ufo's been

744

00:25:36,230 --> 00:25:34,080

around for 75 years it's not going to

745

00:25:38,630 --> 00:25:36,240

disappear overnight

746

00:25:42,149 --> 00:25:38,640

it may never disappear however it has

747

00:25:44,470 --> 00:25:42,159

been successfully now equated to uap and

748

00:25:46,950 --> 00:25:44,480

that is used by the the journalists and

749

00:25:49,190 --> 00:25:46,960

others to talk about the issue without

750

00:25:51,029 --> 00:25:49,200

much of a taint which makes it easier

751
00:25:53,269 --> 00:25:51,039
for them to do it

752
00:25:54,549 --> 00:25:53,279
winner okay now other problems with

753
00:25:58,230 --> 00:25:54,559
language

754
00:26:00,950 --> 00:25:58,240
over the years the the the pro the

755
00:26:02,070 --> 00:26:00,960
program of the government to classify

756
00:26:04,630 --> 00:26:02,080
deny

757
00:26:06,149 --> 00:26:04,640
repress and so forth this issue for

758
00:26:07,909 --> 00:26:06,159
national security reasons from the

759
00:26:10,070 --> 00:26:07,919
american people and by the extension of

760
00:26:12,070 --> 00:26:10,080
the world's people

761
00:26:14,070 --> 00:26:12,080
not surprisingly given that the

762
00:26:15,669 --> 00:26:14,080
government does cover stuff up okay it

763
00:26:17,350 --> 00:26:15,679

was called a cover-up it was called the

764

00:26:19,590 --> 00:26:17,360

ufo cover-up

765

00:26:22,870 --> 00:26:19,600

you got two pieces of bad language

766

00:26:25,909 --> 00:26:22,880

brought together ufo cover-up all right

767

00:26:27,909 --> 00:26:25,919

first of all cover-up also is a problem

768

00:26:30,310 --> 00:26:27,919

a lot of people very suspicious of that

769

00:26:31,909 --> 00:26:30,320

kind of language conspiratorial ufo has

770

00:26:33,510 --> 00:26:31,919

a problem so you're full cover-up you're

771

00:26:34,789 --> 00:26:33,520

dead in the water right

772

00:26:36,149 --> 00:26:34,799

excuse me sir i'd like to come in and

773

00:26:38,549 --> 00:26:36,159

talk to your editor about the ufo

774

00:26:40,149 --> 00:26:38,559

cover-up i don't think so he recently

775

00:26:43,029 --> 00:26:40,159

left for europe he'll be back you know

776

00:26:48,070 --> 00:26:43,039

next year in in march no

777

00:26:52,950 --> 00:26:50,870

the the the manhattan project was not a

778

00:26:54,950 --> 00:26:52,960

cover-up it was a classified research

779

00:26:55,990 --> 00:26:54,960

program to build an atom bomb

780

00:26:57,750 --> 00:26:56,000

right

781

00:26:59,750 --> 00:26:57,760

the government's decision to embargo

782

00:27:01,909 --> 00:26:59,760

this issue was a national security

783

00:27:03,590 --> 00:27:01,919

policy it may not have been in the open

784

00:27:05,269 --> 00:27:03,600

it may be under presidential directives

785

00:27:06,470 --> 00:27:05,279

we've never seen or it may have been a

786

00:27:08,710 --> 00:27:06,480

verbal directive it doesn't matter it

787

00:27:10,789 --> 00:27:08,720

was a national security policy

788

00:27:12,070 --> 00:27:10,799

done by good people in the interest of

789

00:27:14,070 --> 00:27:12,080

our security

790

00:27:16,630 --> 00:27:14,080

it is not a cover-up

791

00:27:19,750 --> 00:27:16,640

it is an embargo that's the closest term

792

00:27:22,310 --> 00:27:19,760

for it right they embargoed it from us

793

00:27:24,389 --> 00:27:22,320

uh so i came up with the phrase back

794

00:27:26,310 --> 00:27:24,399

around 2000 tooth embargo to replace

795

00:27:27,350 --> 00:27:26,320

cover-up

796

00:27:28,870 --> 00:27:27,360

um

797

00:27:31,430 --> 00:27:28,880

so

798

00:27:33,190 --> 00:27:31,440

that was again to make it easier for

799

00:27:36,230 --> 00:27:33,200

journalists and other people to discuss

800

00:27:38,310 --> 00:27:36,240

it yes i'd like to talk about the uap

801

00:27:40,470 --> 00:27:38,320

embargo that that i've heard about

802

00:27:42,710 --> 00:27:40,480

recently you know said you know the

803

00:27:45,110 --> 00:27:42,720

associate professor of history at

804

00:27:46,950 --> 00:27:45,120

stanford the hell right people go oh

805

00:27:49,510 --> 00:27:46,960

really let's talk about that so we got

806

00:27:51,110 --> 00:27:49,520

that okay

807

00:27:53,110 --> 00:27:51,120

and then there's there's there's a

808

00:27:55,110 --> 00:27:53,120

recent language problem that has just

809

00:27:56,070 --> 00:27:55,120

come up or has been coming up for about

810

00:27:58,710 --> 00:27:56,080

a year

811

00:28:00,630 --> 00:27:58,720

that i'm definitely happy to talk about

812

00:28:03,350 --> 00:28:00,640

because it's it's recent and it has

813

00:28:04,870 --> 00:28:03,360

direct uh potential impact on this

814

00:28:06,470 --> 00:28:04,880

process underway right now which is

815

00:28:09,110 --> 00:28:06,480

leading to finally

816

00:28:11,669 --> 00:28:09,120

ending the truth embargo which is

817

00:28:13,669 --> 00:28:11,679

which would be a another language

818

00:28:15,830 --> 00:28:13,679

contribution of mine disclosure with a

819

00:28:17,750 --> 00:28:15,840

capital d not with the small d that's

820

00:28:19,510 --> 00:28:17,760

been in play all the way back to the 80s

821

00:28:22,470 --> 00:28:19,520

stephen greer probably did the most to

822

00:28:24,230 --> 00:28:22,480

put disclosure small d into the arena

823

00:28:25,669 --> 00:28:24,240

this is capital d disclosure it's a

824

00:28:27,510 --> 00:28:25,679

proper noun it's an event it's like

825

00:28:29,510 --> 00:28:27,520

christmas okay

826

00:28:31,669 --> 00:28:29,520

and capital d disclosure is the day a

827

00:28:33,510 --> 00:28:31,679

head of state probably the united states

828

00:28:34,950 --> 00:28:33,520

president simply confirms there's an

829

00:28:36,870 --> 00:28:34,960

extraterrestrial presence yes they're

830

00:28:38,950 --> 00:28:36,880

here okay that's it that's all i have to

831

00:28:41,350 --> 00:28:38,960

say and that is disclosure everything

832

00:28:46,789 --> 00:28:41,360

after that post-disclosure disclosure

833

00:28:53,590 --> 00:28:48,549

the

834

00:28:55,990 --> 00:28:53,600

that is concerning me is whistleblower

835

00:28:57,590 --> 00:28:56,000

now one of the key components of the

836

00:28:59,830 --> 00:28:57,600

emerging

837

00:29:01,669 --> 00:28:59,840

processed what small d disclosure pro or

838

00:29:04,149 --> 00:29:01,679

not actually capital disclosure process

839

00:29:06,950 --> 00:29:04,159

is underway specifically to end this

840

00:29:08,789 --> 00:29:06,960

embargo through an orderly process

841

00:29:11,430 --> 00:29:08,799

involving the department of defense and

842

00:29:13,750 --> 00:29:11,440

congress and so forth

843

00:29:15,990 --> 00:29:13,760

involves uh it will be centered on the

844

00:29:17,510 --> 00:29:16,000

military witnesses which are finally

845

00:29:19,590 --> 00:29:17,520

having an opportunity to come forward

846

00:29:21,510 --> 00:29:19,600

with minimal risk

847

00:29:23,669 --> 00:29:21,520

they've been out there forever

848

00:29:26,149 --> 00:29:23,679

but for most of the last 75 years if you

849

00:29:28,470 --> 00:29:26,159

were military either actively retired

850

00:29:30,710 --> 00:29:28,480

and you decided to you wanted to go

851

00:29:32,149 --> 00:29:30,720

uh rogue on this issue and

852

00:29:33,669 --> 00:29:32,159

start hanging out at the new york times

853

00:29:35,110 --> 00:29:33,679

and trying to you know slip on documents

854

00:29:37,110 --> 00:29:35,120

or tell them something that was not

855

00:29:39,750 --> 00:29:37,120

going to work out well for you so that's

856

00:29:41,350 --> 00:29:39,760

changing and so there are a lot of

857

00:29:43,750 --> 00:29:41,360

military witnesses that are willing to

858

00:29:46,149 --> 00:29:43,760

come forward

859

00:29:48,549 --> 00:29:46,159

not surprisingly there are many that

860

00:29:50,149 --> 00:29:48,559

want to call them whistleblowers

861

00:29:51,750 --> 00:29:50,159

all right because it has more impact

862

00:29:53,430 --> 00:29:51,760

like pigs right

863

00:29:55,830 --> 00:29:53,440

okay like defund the police it's got

864

00:29:58,070 --> 00:29:55,840

more oomph okay whistleblowers are

865

00:30:00,870 --> 00:29:58,080

coming forward to tell you the terrible

866

00:30:01,990 --> 00:30:00,880

things that the government has done

867

00:30:06,310 --> 00:30:02,000

no

868

00:30:08,549 --> 00:30:06,320

what they want to be

869

00:30:09,510 --> 00:30:08,559

these people are worked for the

870

00:30:12,070 --> 00:30:09,520

government

871

00:30:14,710 --> 00:30:12,080

in most cases very few cases

872

00:30:16,070 --> 00:30:14,720

are are quite proud of their service

873

00:30:17,990 --> 00:30:16,080

most of the witnesses we're talking

874

00:30:19,350 --> 00:30:18,000

about are enacted now but there be a few

875

00:30:21,669 --> 00:30:19,360

that will be active

876

00:30:23,510 --> 00:30:21,679

uh they're proud of their service they

877

00:30:25,269 --> 00:30:23,520

like their country

878

00:30:27,909 --> 00:30:25,279

whistleblower the definition of

879

00:30:29,669 --> 00:30:27,919

whistleblower is blowing the whistle on

880

00:30:31,510 --> 00:30:29,679

illegal activity

881

00:30:32,630 --> 00:30:31,520

going on in the organization that you

882

00:30:34,470 --> 00:30:32,640

work for

883

00:30:37,190 --> 00:30:34,480

and you come forward to spill the beans

884

00:30:38,870 --> 00:30:37,200

you tried to raise the issue within they

885

00:30:40,549 --> 00:30:38,880

wouldn't they wouldn't respond and so

886

00:30:42,549 --> 00:30:40,559

you go public at that moment you're a

887

00:30:45,190 --> 00:30:42,559

whistleblower all right

888

00:30:47,190 --> 00:30:45,200

that is not what these uap witnesses are

889

00:30:48,950 --> 00:30:47,200

they're not here to to tell us about

890

00:30:52,149 --> 00:30:48,960

illegal activity

891

00:30:55,029 --> 00:30:52,159

and so if you're a witness like a david

892

00:30:57,029 --> 00:30:55,039

fravor or kevin day or dietrich or i

893

00:31:01,509 --> 00:30:57,039

could go on and on or the nuclear

894

00:31:03,669 --> 00:31:01,519

witnesses rob salas um shindel

895

00:31:06,710 --> 00:31:03,679

you don't want it it's hard enough to

896

00:31:08,149 --> 00:31:06,720

come forward and talk about this without

897

00:31:10,070 --> 00:31:08,159

having people thinking that you're

898

00:31:11,669 --> 00:31:10,080

blowing the whistle on the government

899

00:31:12,549 --> 00:31:11,679

you're gonna spill the beans and the

900

00:31:13,750 --> 00:31:12,559

government you're gonna all those

901
00:31:16,630 --> 00:31:13,760
illegal things they're doing you're

902
00:31:18,470 --> 00:31:16,640
gonna bring down the department no they

903
00:31:19,190 --> 00:31:18,480
don't want that it doesn't help them at

904
00:31:21,509 --> 00:31:19,200
all

905
00:31:22,549 --> 00:31:21,519
there may be a couple that maybe

906
00:31:24,549 --> 00:31:22,559
like the

907
00:31:26,310 --> 00:31:24,559
the uh you know the charisma of being a

908
00:31:28,149 --> 00:31:26,320
whistleblower but they are few and far

909
00:31:30,950 --> 00:31:28,159
between and so i'm going to be pushing

910
00:31:32,389 --> 00:31:30,960
back on that a lot as i am right now

911
00:31:34,870 --> 00:31:32,399
they are witnesses they are not

912
00:31:37,190 --> 00:31:34,880
whistleblowers let's get off of that if

913
00:31:38,070 --> 00:31:37,200

you don't mind

914

00:31:38,950 --> 00:31:38,080

and so

915

00:31:40,950 --> 00:31:38,960

again

916

00:31:41,990 --> 00:31:40,960

these are some of the language issues

917

00:31:43,830 --> 00:31:42,000

i'm sure there's some others that may

918

00:31:45,830 --> 00:31:43,840

come to me as we go forward but that's

919

00:31:47,990 --> 00:31:45,840

part of my job i i i'm one of the few

920

00:31:50,070 --> 00:31:48,000

people that are doing this almost nobody

921

00:31:52,389 --> 00:31:50,080

out there on a regular basis and my and

922

00:31:53,909 --> 00:31:52,399

i that i that i believe is actually

923

00:31:55,990 --> 00:31:53,919

trying to talk about the language

924

00:31:58,230 --> 00:31:56,000

problems within this activist movement

925

00:32:01,029 --> 00:31:58,240

get those help get those fixed to make

926

00:32:03,830 --> 00:32:01,039

it a lot easier for the larger society

927

00:32:05,750 --> 00:32:03,840

to embrace the issue and resolve it

928

00:32:06,950 --> 00:32:05,760

which is what activism is about it's not

929

00:32:09,029 --> 00:32:06,960

just going out and running around the

930

00:32:11,029 --> 00:32:09,039

streets and making a fuss and picketing

931

00:32:13,110 --> 00:32:11,039

just for the sake of it you're always

932

00:32:15,029 --> 00:32:13,120

trying to get a very significant result

933

00:32:17,350 --> 00:32:15,039

almost always from authority and if you

934

00:32:19,110 --> 00:32:17,360

don't get that result you failed

935

00:32:20,630 --> 00:32:19,120

if you don't get the civil rights act

936

00:32:23,029 --> 00:32:20,640

you failed if you don't get the right to

937

00:32:24,950 --> 00:32:23,039

vote you failed if the british never

938

00:32:27,509 --> 00:32:24,960

leave india you failed and if we don't

939

00:32:28,950 --> 00:32:27,519

get disclosure we failed period right

940

00:32:29,750 --> 00:32:28,960

all that other stuff is just strumming

941

00:32:31,269 --> 00:32:29,760

down

942

00:32:32,710 --> 00:32:31,279

to no effect

943

00:32:34,389 --> 00:32:32,720

and so

944

00:32:36,549 --> 00:32:34,399

you can't lose sight of the fact you

945

00:32:38,870 --> 00:32:36,559

have to succeed and anything that is

946

00:32:41,909 --> 00:32:38,880

counter to that process you've got to

947

00:32:43,350 --> 00:32:41,919

deal with and uh i'm doing my best in

948

00:32:47,029 --> 00:32:43,360

that regard

949

00:32:49,029 --> 00:32:47,039

as far as um the geopolitical

950

00:32:50,630 --> 00:32:49,039

implications that this is going to have

951
00:32:52,549 --> 00:32:50,640
i mean to

952
00:32:54,789 --> 00:32:52,559
everybody's waiting for the states to

953
00:32:57,269 --> 00:32:54,799
come out and say hey

954
00:32:59,909 --> 00:32:57,279
aliens exist or extra

955
00:33:02,230 --> 00:32:59,919
dimensional entities exist or it could

956
00:33:03,350 --> 00:33:02,240
be all of the above we i was talking to

957
00:33:05,110 --> 00:33:03,360
um

958
00:33:06,789 --> 00:33:05,120
michael paul masters

959
00:33:09,110 --> 00:33:06,799
and you know he's got a theory that

960
00:33:10,630 --> 00:33:09,120
they're extra tempestrial that means you

961
00:33:12,470 --> 00:33:10,640
know people from the future are coming

962
00:33:14,950 --> 00:33:12,480
back and visiting us so there's all

963
00:33:19,350 --> 00:33:17,110

yeah yeah right i mean that to me that

964

00:33:22,149 --> 00:33:19,360

that's an alien that's very temp tempest

965

00:33:22,950 --> 00:33:22,159

tempest but i i could be wrong

966

00:33:26,389 --> 00:33:22,960

yeah

967

00:33:28,149 --> 00:33:26,399

didn't interrupt no uh and i i often

968

00:33:30,470 --> 00:33:28,159

state that you know it could be the

969

00:33:32,549 --> 00:33:30,480

reality that we're facing all of them

970

00:33:33,909 --> 00:33:32,559

that it's a multitude of different

971

00:33:36,470 --> 00:33:33,919

things that we're dealing with and

972

00:33:37,669 --> 00:33:36,480

that's why it's so much secrecy around

973

00:33:39,750 --> 00:33:37,679

the subject

974

00:33:42,310 --> 00:33:39,760

but it could be i can assure you that

975

00:33:44,710 --> 00:33:42,320

just et's from another planet say 50

976
00:33:46,630 --> 00:33:44,720
light years away more than justifies all

977
00:33:48,230 --> 00:33:46,640
the secrecy they've done oh yeah they

978
00:33:49,830 --> 00:33:48,240
don't have to be they don't have to come

979
00:33:52,310 --> 00:33:49,840
from the future or another dimension

980
00:33:54,789 --> 00:33:52,320
just from another planet believe me they

981
00:33:56,870 --> 00:33:54,799
would have locked it down totally yeah

982
00:33:58,950 --> 00:33:56,880
and but do you think like it's going to

983
00:34:01,110 --> 00:33:58,960
force humanity to to work together is

984
00:34:02,950 --> 00:34:01,120
this going to compartmentalize even more

985
00:34:05,350 --> 00:34:02,960
like saying that no the united states is

986
00:34:07,590 --> 00:34:05,360
conducting its own investigations

987
00:34:09,349 --> 00:34:07,600
and you know you got china that's or

988
00:34:11,829 --> 00:34:09,359

japan i think just started their own

989

00:34:13,750 --> 00:34:11,839

organization as well uh do you think

990

00:34:15,669 --> 00:34:13,760

it's going to be more of an open network

991

00:34:17,669 --> 00:34:15,679

of information at this point or are we

992

00:34:20,869 --> 00:34:17,679

still going to have an issue of each

993

00:34:23,190 --> 00:34:20,879

country for its own boy that's the kind

994

00:34:25,190 --> 00:34:23,200

of question you ask of a 40 million

995

00:34:27,430 --> 00:34:25,200

dollar funded think tank and they they

996

00:34:29,349 --> 00:34:27,440

go to their people and produce 10 white

997

00:34:31,589 --> 00:34:29,359

papers and then send them to you in the

998

00:34:35,430 --> 00:34:31,599

mail right

999

00:34:39,669 --> 00:34:37,510

disclosure will be the most profound

1000

00:34:42,230 --> 00:34:39,679

event in human history

1001
00:34:45,190 --> 00:34:42,240
it will probably affect the world on the

1002
00:34:47,030 --> 00:34:45,200
basis of

1003
00:34:48,869 --> 00:34:47,040
how many people in the world how many

1004
00:34:51,270 --> 00:34:48,879
nations in other words how much of the

1005
00:34:53,270 --> 00:34:51,280
world gets affected by the event and how

1006
00:34:54,710 --> 00:34:53,280
fast the effect takes place i don't

1007
00:34:56,230 --> 00:34:54,720
think any event in human history comes

1008
00:34:57,829 --> 00:34:56,240
even close i mean it'll be just

1009
00:35:00,150 --> 00:34:57,839
staggering right

1010
00:35:01,589 --> 00:35:00,160
okay so we know that

1011
00:35:03,190 --> 00:35:01,599
and we know it's going to have all kinds

1012
00:35:05,030 --> 00:35:03,200
of outcomes

1013
00:35:06,630 --> 00:35:05,040

and and i'm sure

1014

00:35:08,870 --> 00:35:06,640

you know i there's already been some

1015

00:35:10,870 --> 00:35:08,880

books about that i should write one too

1016

00:35:12,550 --> 00:35:10,880

but writing books apparently not my

1017

00:35:14,230 --> 00:35:12,560

thing though who knows

1018

00:35:15,750 --> 00:35:14,240

uh actually if i had some bucks i should

1019

00:35:17,510 --> 00:35:15,760

just pay somebody to write the damn

1020

00:35:19,109 --> 00:35:17,520

thing and put my name on it dude

1021

00:35:21,430 --> 00:35:19,119

everybody else does you know that it

1022

00:35:23,190 --> 00:35:21,440

works for some people out there and but

1023

00:35:25,589 --> 00:35:23,200

again i've managed to stay poor this

1024

00:35:28,829 --> 00:35:25,599

entire 26 years but took great effort

1025

00:35:31,270 --> 00:35:28,839

but i succeeded nicely um

1026

00:35:32,950 --> 00:35:31,280

so how is the i don't know how the

1027

00:35:34,710 --> 00:35:32,960

post-disclosure world is going to go i

1028

00:35:36,310 --> 00:35:34,720

mean i can i am happy to spend as much

1029

00:35:38,390 --> 00:35:36,320

time as you want speculating about the

1030

00:35:41,910 --> 00:35:38,400

possibilities

1031

00:35:46,150 --> 00:35:43,030

history

1032

00:35:47,190 --> 00:35:46,160

is pretty clear

1033

00:35:48,870 --> 00:35:47,200

that

1034

00:35:51,829 --> 00:35:48,880

massive

1035

00:35:54,150 --> 00:35:51,839

lying disinformation and propaganda

1036

00:35:56,870 --> 00:35:54,160

almost never leads to anything good it

1037

00:35:59,589 --> 00:35:56,880

always it never works out well okay it

1038

00:36:00,550 --> 00:35:59,599

just doesn't you you see some short-term

1039

00:36:01,430 --> 00:36:00,560

gain

1040

00:36:03,910 --> 00:36:01,440

okay

1041

00:36:06,710 --> 00:36:03,920

uh and some authority

1042

00:36:08,790 --> 00:36:06,720

uh agency whatever gets some short-term

1043

00:36:10,550 --> 00:36:08,800

game from completely confabulating

1044

00:36:13,190 --> 00:36:10,560

whatever the hell is going on and then

1045

00:36:15,670 --> 00:36:13,200

down the line everything goes to hell

1046

00:36:16,870 --> 00:36:15,680

all right we've seen this over and over

1047

00:36:19,030 --> 00:36:16,880

again

1048

00:36:22,470 --> 00:36:19,040

you have a perfect example going on

1049

00:36:24,710 --> 00:36:22,480

right now literally as we're talking

1050

00:36:27,589 --> 00:36:24,720

vladimir putin has essentially got to

1051

00:36:30,390 --> 00:36:27,599

the position where he's got enough

1052

00:36:32,470 --> 00:36:30,400

control of information

1053

00:36:35,510 --> 00:36:32,480

that he has been able to pump out enough

1054

00:36:37,270 --> 00:36:35,520

propaganda that he has a very

1055

00:36:39,190 --> 00:36:37,280

significant portion

1056

00:36:41,670 --> 00:36:39,200

of the russian people

1057

00:36:42,630 --> 00:36:41,680

believing something is completely bogus

1058

00:36:44,470 --> 00:36:42,640

all right

1059

00:36:46,790 --> 00:36:44,480

which is giving him some very short

1060

00:36:48,710 --> 00:36:46,800

strong short-term gain

1061

00:36:50,230 --> 00:36:48,720

to be able to pursue

1062

00:36:52,710 --> 00:36:50,240

a a war

1063

00:36:54,710 --> 00:36:52,720

in uh any country

1064

00:36:56,630 --> 00:36:54,720

because in the la last years of his life

1065

00:36:58,790 --> 00:36:56,640

he wants to be peter the great

1066

00:37:01,030 --> 00:36:58,800

and have a little more empire to be

1067

00:37:03,670 --> 00:37:01,040

remembered for or whatever right i'm

1068

00:37:05,510 --> 00:37:03,680

being generous frankly and so he's going

1069

00:37:06,870 --> 00:37:05,520

to get some short-term gain from that

1070

00:37:09,589 --> 00:37:06,880

and it's allowing him to make some of

1071

00:37:11,910 --> 00:37:09,599

these maneuvers in the ukraine

1072

00:37:13,109 --> 00:37:11,920

long-term it's a catastrophe

1073

00:37:13,910 --> 00:37:13,119

for russia

1074

00:37:15,430 --> 00:37:13,920

okay

1075

00:37:17,349 --> 00:37:15,440

and if it leads to a nuclear war it's a

1076

00:37:18,950 --> 00:37:17,359

catastrophe for everybody

1077

00:37:20,470 --> 00:37:18,960

and we can go back and go back the

1078

00:37:22,310 --> 00:37:20,480

vietnam war

1079

00:37:25,109 --> 00:37:22,320

they decided to misrepresent the vietnam

1080

00:37:26,630 --> 00:37:25,119

war to lie about the vietnam war right

1081

00:37:28,710 --> 00:37:26,640

first of all it made it possible to

1082

00:37:30,150 --> 00:37:28,720

continue the vietnam war well that was a

1083

00:37:32,390 --> 00:37:30,160

catastrophe

1084

00:37:33,990 --> 00:37:32,400

and then the soldiers came back that was

1085

00:37:35,750 --> 00:37:34,000

created all kinds of problems for them

1086

00:37:37,510 --> 00:37:35,760

it undermined confidence in government

1087

00:37:39,829 --> 00:37:37,520

it caused enormous disruption huge

1088

00:37:42,230 --> 00:37:39,839

disruption to society but they got some

1089

00:37:43,589 --> 00:37:42,240

short-term gain the third-term game is

1090

00:37:45,270 --> 00:37:43,599

if we lie a little bit about what's

1091

00:37:47,190 --> 00:37:45,280

going on out there and misrepresent the

1092

00:37:49,190 --> 00:37:47,200

gulf of tonkin event we can get the

1093

00:37:50,950 --> 00:37:49,200

troops over there and for right now that

1094

00:37:52,390 --> 00:37:50,960

is what we want that's the game we want

1095

00:37:53,589 --> 00:37:52,400

get the troops over there because we get

1096

00:37:55,270 --> 00:37:53,599

a bunch over there we're going to win

1097

00:37:57,349 --> 00:37:55,280

this baby we're going to wrap this baby

1098

00:37:58,790 --> 00:37:57,359

up and we're going to prevent communism

1099

00:38:00,390 --> 00:37:58,800

from spreading through so there's your

1100

00:38:01,990 --> 00:38:00,400

short-term game long-term gain the

1101

00:38:04,150 --> 00:38:02,000

vietnam war was catastrophic for the

1102

00:38:08,150 --> 00:38:04,160

united states and you can go back over

1103

00:38:10,870 --> 00:38:08,160

and over and over again the nazi

1104

00:38:11,910 --> 00:38:10,880

uh the nazis as they slowly came to

1105

00:38:14,790 --> 00:38:11,920

power

1106

00:38:16,870 --> 00:38:14,800

began to service uh some how would you

1107

00:38:18,870 --> 00:38:16,880

say misinformation

1108

00:38:21,910 --> 00:38:18,880

they they took it to great lengths they

1109

00:38:23,750 --> 00:38:21,920

created an entire false narrative

1110

00:38:25,030 --> 00:38:23,760

about the way things were in europe and

1111

00:38:27,670 --> 00:38:25,040

their country

1112

00:38:31,829 --> 00:38:27,680

and it had a short-term gain of of

1113

00:38:36,150 --> 00:38:31,839

allowing them to establish a third reich

1114

00:38:38,310 --> 00:38:36,160

and so short term no problem long term

1115

00:38:39,910 --> 00:38:38,320

germany was turned into a giant pile of

1116

00:38:42,630 --> 00:38:39,920

smoking rubble

1117

00:38:44,069 --> 00:38:42,640

are you following me here and so

1118

00:38:45,990 --> 00:38:44,079

what's the point

1119

00:38:48,390 --> 00:38:46,000

the point is if somebody wants to say to

1120

00:38:50,630 --> 00:38:48,400

me look

1121

00:38:53,190 --> 00:38:50,640

i mean let me put it this way

1122

00:38:55,670 --> 00:38:53,200

the united states

1123

00:38:57,670 --> 00:38:55,680

military intelligence complex with the

1124

00:38:59,430 --> 00:38:57,680

with the agreement i think of the

1125

00:39:02,390 --> 00:38:59,440

president at the time

1126
00:39:05,190 --> 00:39:02,400
truman and eisenhower and either the

1127
00:39:07,030 --> 00:39:05,200
tacit or explicit agreement of further

1128
00:39:08,470 --> 00:39:07,040
presidents

1129
00:39:11,109 --> 00:39:08,480
made a decision

1130
00:39:13,030 --> 00:39:11,119
that it was in the short-term interest

1131
00:39:15,430 --> 00:39:13,040
of the united states

1132
00:39:18,230 --> 00:39:15,440
that they would simply lie

1133
00:39:20,870 --> 00:39:18,240
deny and obfuscate about the reality of

1134
00:39:22,150 --> 00:39:20,880
this phenomena for an indefinite amount

1135
00:39:24,390 --> 00:39:22,160
of time

1136
00:39:25,990 --> 00:39:24,400
so i guess it wasn't totally short term

1137
00:39:28,230 --> 00:39:26,000
it certainly was short term in the 40s

1138
00:39:30,870 --> 00:39:28,240

and 50s and then it got extended into

1139

00:39:32,870 --> 00:39:30,880

the 60s i don't think that their idea

1140

00:39:35,510 --> 00:39:32,880

was we're going to keep this wrapped up

1141

00:39:37,270 --> 00:39:35,520

and hidden underground for forever i

1142

00:39:39,109 --> 00:39:37,280

think they just needed they wanted to

1143

00:39:40,069 --> 00:39:39,119

sort of keep it under control until they

1144

00:39:41,270 --> 00:39:40,079

saw

1145

00:39:42,550 --> 00:39:41,280

how things were going to go with the

1146

00:39:44,630 --> 00:39:42,560

soviet union

1147

00:39:46,710 --> 00:39:44,640

because right after the war was over

1148

00:39:47,910 --> 00:39:46,720

clearly a lot of people thought

1149

00:39:51,829 --> 00:39:47,920

you know

1150

00:39:53,430 --> 00:39:51,839

is in the kitchen and being cooked up

1151
00:39:55,589 --> 00:39:53,440
right yeah we you know we've been there

1152
00:39:58,069 --> 00:39:55,599
before and there were there were a lot

1153
00:40:00,310 --> 00:39:58,079
of people advising uh truman

1154
00:40:02,310 --> 00:40:00,320
um

1155
00:40:04,710 --> 00:40:02,320
to invade the communi conveyed soviet

1156
00:40:07,030 --> 00:40:04,720
union invade them immediately

1157
00:40:08,630 --> 00:40:07,040
or nuke them drop a couple of nukes like

1158
00:40:10,870 --> 00:40:08,640
we did in japan bring them to their heel

1159
00:40:11,829 --> 00:40:10,880
get rid of stalin make a democracy

1160
00:40:13,270 --> 00:40:11,839
because otherwise they're going to be

1161
00:40:15,030 --> 00:40:13,280
the next enemy all that was going on it

1162
00:40:16,069 --> 00:40:15,040
was it was really

1163
00:40:17,030 --> 00:40:16,079

a mess

1164

00:40:25,510 --> 00:40:17,040

and

1165

00:40:27,109 --> 00:40:25,520

teaser here which is of course

1166

00:40:28,630 --> 00:40:27,119

profound

1167

00:40:30,390 --> 00:40:28,640

just because only a limited number of

1168

00:40:32,069 --> 00:40:30,400

people know it doesn't make it any less

1169

00:40:33,990 --> 00:40:32,079

profound

1170

00:40:35,349 --> 00:40:34,000

and so they decided look and we until we

1171

00:40:39,270 --> 00:40:35,359

know more we're going to keep this under

1172

00:40:41,109 --> 00:40:39,280

wraps i i don't think i think i think

1173

00:40:43,349 --> 00:40:41,119

that the top people

1174

00:40:45,670 --> 00:40:43,359

in the late 40s and 50s

1175

00:40:47,270 --> 00:40:45,680

i think their calculation which is not

1176

00:40:48,630 --> 00:40:47,280

unreasonable

1177

00:40:50,710 --> 00:40:48,640

was that

1178

00:40:52,790 --> 00:40:50,720

either the situation with the soviet

1179

00:40:54,870 --> 00:40:52,800

union will be resolved in a reasonable

1180

00:40:55,829 --> 00:40:54,880

amount of time

1181

00:40:57,750 --> 00:40:55,839

and

1182

00:41:00,390 --> 00:40:57,760

we can avoid a

1183

00:41:02,069 --> 00:41:00,400

you know repeating world war ii and

1184

00:41:02,790 --> 00:41:02,079

possibly things will get

1185

00:41:04,790 --> 00:41:02,800

get

1186

00:41:06,230 --> 00:41:04,800

nice fairly comfortable and stable and

1187

00:41:07,670 --> 00:41:06,240

we could bring this information out at

1188

00:41:09,430 --> 00:41:07,680

that time or we're going to have a

1189

00:41:11,030 --> 00:41:09,440

nuclear war in which case it won't

1190

00:41:12,710 --> 00:41:11,040

matter whether we bring this information

1191

00:41:14,630 --> 00:41:12,720

out and so it was not a hard decision to

1192

00:41:17,030 --> 00:41:14,640

make i don't think what they i don't

1193

00:41:20,470 --> 00:41:17,040

think any of them imagined

1194

00:41:21,910 --> 00:41:20,480

again we're talking 19 early 1950s

1195

00:41:23,829 --> 00:41:21,920

when that when the truth embargo starts

1196

00:41:25,270 --> 00:41:23,839

to solidify after the robberson panel

1197

00:41:27,829 --> 00:41:25,280

they really get serious about it start

1198

00:41:28,790 --> 00:41:27,839

applying all their tools and nifty nifty

1199

00:41:30,390 --> 00:41:28,800

you know

1200

00:41:33,430 --> 00:41:30,400

the think tank stuff and thinking it

1201
00:41:35,190 --> 00:41:33,440
through and planning and everything else

1202
00:41:37,030 --> 00:41:35,200
i don't think they imagined in their

1203
00:41:38,069 --> 00:41:37,040
wildest dreams that what was going to

1204
00:41:42,950 --> 00:41:38,079
happen

1205
00:41:45,990 --> 00:41:42,960
is that between 1947 and 1991 44 years

1206
00:41:47,589 --> 00:41:46,000
ultimately nine countries

1207
00:41:48,870 --> 00:41:47,599
would would

1208
00:41:51,910 --> 00:41:48,880
build

1209
00:41:55,270 --> 00:41:51,920
80 000 plus nuclear weapons

1210
00:42:00,150 --> 00:41:55,280
put them on air make bombs for airplanes

1211
00:42:05,990 --> 00:42:02,550
the sub-launch nuclear weapons

1212
00:42:09,349 --> 00:42:06,000
torpedo nuclear weapons all right

1213
00:42:12,230 --> 00:42:09,359

uh up to the level of 80 000 plus nine

1214

00:42:14,790 --> 00:42:12,240

countries and put them on uh immediate

1215

00:42:18,390 --> 00:42:14,800

launch capability i just don't think

1216

00:42:20,790 --> 00:42:18,400

they could imagine it so that so that

1217

00:42:22,069 --> 00:42:20,800

and and again if they had built maybe 5

1218

00:42:23,750 --> 00:42:22,079

000 that would have been one thing but

1219

00:42:26,230 --> 00:42:23,760

they built 80 000 which means they

1220

00:42:28,390 --> 00:42:26,240

weren't satisf it wasn't just how much

1221

00:42:29,990 --> 00:42:28,400

do we need to win the war it's just that

1222

00:42:31,510 --> 00:42:30,000

one way we're going to keep the peace is

1223

00:42:32,309 --> 00:42:31,520

building even more bombs than the other

1224

00:42:34,150 --> 00:42:32,319

guy

1225

00:42:36,069 --> 00:42:34,160

right in other words you can destroy our

1226
00:42:38,470 --> 00:42:36,079
country eight times over we can destroy

1227
00:42:39,349 --> 00:42:38,480
your country 20 times over so don't fall

1228
00:42:41,430 --> 00:42:39,359
with us

1229
00:42:44,950 --> 00:42:41,440
and i don't think they imagined

1230
00:42:47,430 --> 00:42:44,960
that one of the core operational

1231
00:42:48,790 --> 00:42:47,440
platforms on which the human race would

1232
00:42:51,030 --> 00:42:48,800
would stand

1233
00:42:52,309 --> 00:42:51,040
in the 20th century and be able to

1234
00:42:54,630 --> 00:42:52,319
function

1235
00:42:56,470 --> 00:42:54,640
was one of the greatest mutual uh or the

1236
00:42:59,670 --> 00:42:56,480
greatest acronyms of all time mutual

1237
00:43:01,829 --> 00:42:59,680
assured destruction which became a thing

1238
00:43:03,670 --> 00:43:01,839

policy thing

1239

00:43:06,309 --> 00:43:03,680

it's in it's in it's legislative it's in

1240

00:43:08,470 --> 00:43:06,319

legislation it's in it's in papers in

1241

00:43:10,230 --> 00:43:08,480

other words mutual assure destruction

1242

00:43:11,910 --> 00:43:10,240

why should you be able to go to bed at

1243

00:43:13,589 --> 00:43:11,920

night and feel comfortable you'll be

1244

00:43:15,430 --> 00:43:13,599

able to wake up in the morning is

1245

00:43:17,829 --> 00:43:15,440

because no nation

1246

00:43:19,750 --> 00:43:17,839

is going to be stupid enough to

1247

00:43:21,990 --> 00:43:19,760

initiate a nuclear war since they will

1248

00:43:24,550 --> 00:43:22,000

also be destroyed yeah okay in other

1249

00:43:27,430 --> 00:43:24,560

words it's a suicide pact

1250

00:43:29,510 --> 00:43:27,440

completely putting aside accidents

1251

00:43:31,270 --> 00:43:29,520

right the idea of reacting to people

1252

00:43:34,069 --> 00:43:31,280

yeah yeah or crazy people are saying no

1253

00:43:36,950 --> 00:43:34,079

but in terms of the same yeah so so that

1254

00:43:39,270 --> 00:43:36,960

is in fact how we were able to rest easy

1255

00:43:41,430 --> 00:43:39,280

at night nobody rested easy in the 20th

1256

00:43:44,470 --> 00:43:41,440

century and so that they didn't see that

1257

00:43:46,710 --> 00:43:44,480

coming and so as that goes on from 47 to

1258

00:43:49,990 --> 00:43:46,720

91

1259

00:43:51,589 --> 00:43:50,000

there was simply no opening

1260

00:43:54,870 --> 00:43:51,599

up for

1261

00:43:57,430 --> 00:43:54,880

any group within the pentagon or or

1262

00:43:59,349 --> 00:43:57,440

our military services to make a

1263

00:44:01,430 --> 00:43:59,359

legitimate case

1264

00:44:03,510 --> 00:44:01,440

that maybe it's time for the world to

1265

00:44:05,109 --> 00:44:03,520

know that we got some

1266

00:44:07,109 --> 00:44:05,119

we got some e.t tech and they're

1267

00:44:08,550 --> 00:44:07,119

definitely here and we know a lot about

1268

00:44:10,390 --> 00:44:08,560

it we've even got some bodies all that

1269

00:44:12,710 --> 00:44:10,400

kind of stuff no they could not make

1270

00:44:14,309 --> 00:44:12,720

that case and so that locked it in for

1271

00:44:17,670 --> 00:44:14,319

44 years

1272

00:44:20,230 --> 00:44:17,680

right and and again legal policy

1273

00:44:21,349 --> 00:44:20,240

the first opportunity where there was a

1274

00:44:26,550 --> 00:44:21,359

possible

1275

00:44:27,910 --> 00:44:26,560

to maybe end that embargo really doesn't

1276

00:44:29,349 --> 00:44:27,920

come until the cold war ends in the

1277

00:44:31,109 --> 00:44:29,359

soviet union

1278

00:44:32,950 --> 00:44:31,119

dismantles right

1279

00:44:34,069 --> 00:44:32,960

they give up

1280

00:44:35,109 --> 00:44:34,079

you win

1281

00:44:37,349 --> 00:44:35,119

okay

1282

00:44:38,790 --> 00:44:37,359

we're going to give up 14 republics that

1283

00:44:40,230 --> 00:44:38,800

we you know it's part of our vast

1284

00:44:42,630 --> 00:44:40,240

communist empire we're going to let them

1285

00:44:43,829 --> 00:44:42,640

go and they can do whatever they want

1286

00:44:45,030 --> 00:44:43,839

and uh

1287

00:44:47,750 --> 00:44:45,040

we're going to

1288

00:44:49,349 --> 00:44:47,760

try democracy which they did

1289

00:44:51,030 --> 00:44:49,359

they had elections but they were not

1290

00:44:52,950 --> 00:44:51,040

really democratic elections they were

1291

00:44:54,309 --> 00:44:52,960

all you know but no real elections i

1292

00:44:56,710 --> 00:44:54,319

mean did that

1293

00:44:58,550 --> 00:44:56,720

and then and then on christmas day 1991

1294

00:45:00,550 --> 00:44:58,560

they outlawed the communist party can

1295

00:45:01,910 --> 00:45:00,560

you imagine

1296

00:45:03,990 --> 00:45:01,920

things got to a point where one of the

1297

00:45:05,190 --> 00:45:04,000

parties democrats republicans were

1298

00:45:07,510 --> 00:45:05,200

outlawed

1299

00:45:09,430 --> 00:45:07,520

in other words that the congress

1300

00:45:11,270 --> 00:45:09,440

came together and decided that one of

1301

00:45:12,790 --> 00:45:11,280

the parties was so sick so disgusting

1302

00:45:13,670 --> 00:45:12,800

we're going to outlaw it can you imagine

1303

00:45:18,390 --> 00:45:13,680

that

1304

00:45:20,230 --> 00:45:18,400

union after it became russia again all

1305

00:45:21,750 --> 00:45:20,240

right or the russian republic right it

1306

00:45:23,270 --> 00:45:21,760

is a republic there's still a number of

1307

00:45:24,390 --> 00:45:23,280

republics okay

1308

00:45:25,750 --> 00:45:24,400

so

1309

00:45:27,670 --> 00:45:25,760

that happened

1310

00:45:31,430 --> 00:45:27,680

and that was

1311

00:45:34,790 --> 00:45:31,440

the opportunity of a century

1312

00:45:37,349 --> 00:45:34,800

for the diplomats and the big thinkers

1313

00:45:41,349 --> 00:45:37,359

uh and even the military people to say

1314

00:45:44,230 --> 00:45:41,359

okay this is our window of opportunity

1315

00:45:47,109 --> 00:45:44,240

right we we have seen past history going

1316

00:45:50,150 --> 00:45:47,119

all the way back to samaria right

1317

00:45:53,670 --> 00:45:50,160

it's an endless series of wars

1318

00:45:55,670 --> 00:45:53,680

and and uh ethnic cleansing right and so

1319

00:45:57,190 --> 00:45:55,680

forth and so forth and so forth

1320

00:45:58,630 --> 00:45:57,200

the only difference being the wars got

1321

00:46:00,550 --> 00:45:58,640

bigger and the weapons got worse i mean

1322

00:46:02,550 --> 00:46:00,560

literally ten thousand years yeah and

1323

00:46:04,950 --> 00:46:02,560

here we are

1324

00:46:07,670 --> 00:46:04,960

it's 1991 we've got

1325

00:46:09,910 --> 00:46:07,680

we've got a lot of global communications

1326

00:46:11,750 --> 00:46:09,920

a lot of diplomas we have a u.n

1327

00:46:15,270 --> 00:46:11,760

we've already seen what these weapons

1328

00:46:16,950 --> 00:46:15,280

can do and so here is our chance

1329

00:46:18,710 --> 00:46:16,960

and guess what

1330

00:46:20,870 --> 00:46:18,720

we blew it

1331

00:46:22,710 --> 00:46:20,880

history will just look back and say you

1332

00:46:24,069 --> 00:46:22,720

blew it right

1333

00:46:25,589 --> 00:46:24,079

too bad

1334

00:46:28,390 --> 00:46:25,599

now

1335

00:46:29,990 --> 00:46:28,400

nevertheless

1336

00:46:32,230 --> 00:46:30,000

while they

1337

00:46:35,190 --> 00:46:32,240

didn't do what was necessary

1338

00:46:36,470 --> 00:46:35,200

to move us towards a a globe where we

1339

00:46:38,069 --> 00:46:36,480

didn't have to live under mutual of

1340

00:46:40,630 --> 00:46:38,079

certain destruction

1341

00:46:42,630 --> 00:46:40,640

uh there was also there was an opportu

1342

00:46:44,710 --> 00:46:42,640

one of the opportunities there

1343

00:46:46,470 --> 00:46:44,720

not just nuclear

1344

00:46:48,150 --> 00:46:46,480

non-proliferation maybe even getting rid

1345

00:46:49,349 --> 00:46:48,160

of nukes in a reasonable amount of time

1346

00:46:50,309 --> 00:46:49,359

not even

1347

00:46:52,710 --> 00:46:50,319

uh

1348

00:46:55,270 --> 00:46:52,720

having having a a broad scale to taunt

1349

00:46:56,550 --> 00:46:55,280

across many countries and just

1350

00:47:00,150 --> 00:46:56,560

minimizing

1351

00:47:03,190 --> 00:47:00,160

the the uh fundamental military uh

1352

00:47:05,030 --> 00:47:03,200

threats so that countries could start

1353

00:47:06,309 --> 00:47:05,040

reducing their their military

1354

00:47:07,750 --> 00:47:06,319

expenditures

1355

00:47:08,950 --> 00:47:07,760

right because the threat system were

1356

00:47:10,230 --> 00:47:08,960

there as much but they still have some

1357

00:47:13,270 --> 00:47:10,240

military but they could start drawing

1358

00:47:17,270 --> 00:47:13,280

down thus over the the next 30 years

1359

00:47:19,910 --> 00:47:17,280

from from 1990 to to uh i mean to now

1360

00:47:21,829 --> 00:47:19,920

but particularly the first 10 years

1361

00:47:25,109 --> 00:47:21,839

the world would have trillions of other

1362

00:47:26,549 --> 00:47:25,119

dollars to deal with other problems okay

1363

00:47:29,030 --> 00:47:26,559

when you look at most of the problems

1364

00:47:30,230 --> 00:47:29,040

today one of the reasons we have those

1365

00:47:32,630 --> 00:47:30,240

is that the money that could have

1366

00:47:34,230 --> 00:47:32,640

addressed those problems was spent on

1367

00:47:36,549 --> 00:47:34,240

planes and

1368

00:47:38,950 --> 00:47:36,559

and submarines and aircraft carriers and

1369

00:47:41,190 --> 00:47:38,960

nuclear weapons and untold number of

1370

00:47:45,349 --> 00:47:41,200

bases and millions of troops and on and

1371

00:47:46,950 --> 00:47:45,359

on and on untold trillions of dollars

1372

00:47:48,630 --> 00:47:46,960

in order to everybody had to protect

1373

00:47:49,510 --> 00:47:48,640

themselves from everybody else

1374

00:47:50,950 --> 00:47:49,520

right

1375

00:47:53,109 --> 00:47:50,960

money that could have

1376

00:47:55,270 --> 00:47:53,119

solved virtually every social

1377

00:47:57,510 --> 00:47:55,280

and environmental issue we have today so

1378

00:47:59,430 --> 00:47:57,520

again that was lost in that moment they

1379

00:48:00,790 --> 00:47:59,440

didn't do that but one thing that did

1380

00:48:01,589 --> 00:48:00,800

have a shot

1381

00:48:10,309 --> 00:48:01,599

was

1382

00:48:11,270 --> 00:48:10,319

and so after 91 the ability to to pursue

1383

00:48:13,030 --> 00:48:11,280

this

1384

00:48:13,910 --> 00:48:13,040

became a lot

1385

00:48:15,349 --> 00:48:13,920

more

1386

00:48:16,230 --> 00:48:15,359

uh possible

1387

00:48:18,470 --> 00:48:16,240

uh

1388

00:48:20,950 --> 00:48:18,480

and and a number of people moved to the

1389

00:48:22,790 --> 00:48:20,960

forefront to try to do this

1390

00:48:24,870 --> 00:48:22,800

and this is this is called this what i

1391

00:48:26,630 --> 00:48:24,880

call the exo politics of the last 30

1392

00:48:27,990 --> 00:48:26,640

years

1393

00:48:29,349 --> 00:48:28,000

and uh there are a number of people that

1394

00:48:31,030 --> 00:48:29,359

we know about certainly stephen greer

1395

00:48:33,349 --> 00:48:31,040

was one of the early players very early

1396

00:48:35,349 --> 00:48:33,359

got in very quick

1397

00:48:36,870 --> 00:48:35,359

as we know uh stephen schiff jumped in

1398

00:48:39,030 --> 00:48:36,880

in 94 kirk

1399

00:48:41,030 --> 00:48:39,040

carso writes his memoir

1400

00:48:43,270 --> 00:48:41,040

right about roswell and the other stuff

1401

00:48:45,589 --> 00:48:43,280

with with bill burns

1402

00:48:46,790 --> 00:48:45,599

and things are kind of happening right

1403

00:48:49,349 --> 00:48:46,800

uh

1404

00:48:51,910 --> 00:48:49,359

about that same time john mack

1405

00:48:53,990 --> 00:48:51,920

uh makes a decision in 92 roughly to

1406

00:48:56,150 --> 00:48:54,000

engage this issue as a researcher and

1407

00:48:58,150 --> 00:48:56,160

start dealing with contact ds holds a

1408

00:48:59,750 --> 00:48:58,160

symposium at mit writes a book called

1409

00:49:03,030 --> 00:48:59,760

abduction i don't think he could have

1410

00:49:05,349 --> 00:49:03,040

done that prior to 91 like in 85 or 86 i

1411

00:49:06,150 --> 00:49:05,359

don't think so but different situation

1412

00:49:11,829 --> 00:49:06,160

then

1413

00:49:14,150 --> 00:49:11,839

and uh and and aren't bell decides to to

1414

00:49:15,829 --> 00:49:14,160

allow exo politics onto his shows he

1415

00:49:17,910 --> 00:49:15,839

hated politics didn't want to do it

1416

00:49:19,430 --> 00:49:17,920

anymore but exo politics he said okay

1417

00:49:20,870 --> 00:49:19,440

suddenly there's a platform with

1418

00:49:23,510 --> 00:49:20,880

millions of people in the audience to

1419

00:49:25,589 --> 00:49:23,520

listen to not just another ufo story but

1420

00:49:27,750 --> 00:49:25,599

rather listen to the political uh

1421

00:49:29,510 --> 00:49:27,760

history of this and so forth i i was

1422

00:49:31,829 --> 00:49:29,520

fortunate to be able to do that i've

1423

00:49:34,230 --> 00:49:31,839

done i don't know 50 shows on coast to

1424

00:49:36,230 --> 00:49:34,240

coast not a lot lately but you know it's

1425

00:49:37,829 --> 00:49:36,240

okay all of this is how you get a mug

1426

00:49:40,630 --> 00:49:37,839

with your name on it right i haven't got

1427

00:49:43,190 --> 00:49:40,640

one but i'm working on it um tom get me

1428

00:49:44,870 --> 00:49:43,200

that mug man so and i'd use it right i'd

1429

00:49:47,030 --> 00:49:44,880

be using it on the show right now yeah

1430

00:49:48,870 --> 00:49:47,040

right yeah we'll get you a uap studies

1431

00:49:50,950 --> 00:49:48,880

one brother don't worry about that yeah

1432

00:49:51,990 --> 00:49:50,960

yeah okay so yeah no i would love a

1433

00:49:53,990 --> 00:49:52,000

collection of mugs from all the

1434

00:49:55,829 --> 00:49:54,000

podcasters bring them on bring them on

1435

00:49:57,510 --> 00:49:55,839

so uh

1436

00:49:58,630 --> 00:49:57,520

we made pro you know we didn't make much

1437

00:50:01,030 --> 00:49:58,640

progress

1438

00:50:04,230 --> 00:50:01,040

on the nuclear threat

1439

00:50:06,150 --> 00:50:04,240

uh we finally got a proliferation treaty

1440

00:50:07,829 --> 00:50:06,160

we got the nukes down to about 20 some

1441

00:50:10,549 --> 00:50:07,839

thousand

1442

00:50:12,950 --> 00:50:10,559

which is fine that saved some money

1443

00:50:14,549 --> 00:50:12,960

but 20 000 is still four or five times

1444

00:50:16,309 --> 00:50:14,559

more than it's necessary to pretty much

1445

00:50:18,390 --> 00:50:16,319

end civilization right

1446

00:50:19,750 --> 00:50:18,400

uh and it doesn't reduce the accident

1447

00:50:23,430 --> 00:50:19,760

risk frankly

1448

00:50:24,870 --> 00:50:23,440

uh we did we so we did a little that

1449

00:50:26,549 --> 00:50:24,880

and but

1450

00:50:29,190 --> 00:50:26,559

we really made progress on the

1451

00:50:30,230 --> 00:50:29,200

disclosure front my view

1452

00:50:32,630 --> 00:50:30,240

so

1453

00:50:34,630 --> 00:50:32,640

that is moving forward in time

1454

00:50:38,870 --> 00:50:34,640

now here is where it gets interesting

1455

00:50:38,880 --> 00:50:42,470

as i see it okay

1456

00:50:47,270 --> 00:50:43,670

is that

1457

00:50:50,309 --> 00:50:48,870

well i mean this has probably been one

1458

00:50:52,230 --> 00:50:50,319

of my one of the areas where i've

1459

00:50:55,190 --> 00:50:52,240

contributed more than most

1460

00:50:56,470 --> 00:50:55,200

in the last 20 some years

1461

00:50:58,790 --> 00:50:56,480

what

1462

00:51:01,750 --> 00:50:58,800

has emerged

1463

00:51:04,630 --> 00:51:01,760

is something that's probably the single

1464

00:51:08,150 --> 00:51:04,640

most important

1465

00:51:09,510 --> 00:51:08,160

aspect of the phenomena

1466

00:51:12,230 --> 00:51:09,520

all right

1467

00:51:14,470 --> 00:51:12,240

as it is it as it's playing out on the

1468

00:51:16,790 --> 00:51:14,480

earth in our time

1469

00:51:18,790 --> 00:51:16,800

and that is

1470

00:51:26,230 --> 00:51:18,800

that

1471

00:51:32,390 --> 00:51:29,670

rather um ostentatious presence

1472

00:51:33,270 --> 00:51:32,400

of extraterrestrials in the last

1473

00:51:34,829 --> 00:51:33,280

um

1474

00:51:37,589 --> 00:51:34,839

75

1475

00:51:39,670 --> 00:51:37,599

years and the

1476
00:51:42,710 --> 00:51:39,680
nuclear arms race

1477
00:51:45,430 --> 00:51:42,720
are not coincidences

1478
00:51:47,270 --> 00:51:45,440
all right it's not like yeah well

1479
00:51:48,790 --> 00:51:47,280
they they they're doing their thing just

1480
00:51:50,470 --> 00:51:48,800
happened that we're doing the nuke thing

1481
00:51:52,230 --> 00:51:50,480
and whatever there are other things

1482
00:51:54,150 --> 00:51:52,240
going on in the world right then it's

1483
00:51:54,950 --> 00:51:54,160
all a coincidence no it's not it turns

1484
00:51:56,470 --> 00:51:54,960
out

1485
00:51:58,069 --> 00:51:56,480
that there is a

1486
00:51:59,750 --> 00:51:58,079
maybe the most single most important

1487
00:52:03,349 --> 00:51:59,760
thing about this phenomena is it's

1488
00:52:05,670 --> 00:52:03,359

connected to the nuclear weapons

1489

00:52:07,510 --> 00:52:05,680

yeah all right and once you go there and

1490

00:52:09,750 --> 00:52:07,520

you start to think about it a lot it

1491

00:52:11,670 --> 00:52:09,760

gets really really

1492

00:52:15,430 --> 00:52:11,680

interesting

1493

00:52:18,470 --> 00:52:15,440

so the way i would sum it up

1494

00:52:20,790 --> 00:52:18,480

is this

1495

00:52:22,390 --> 00:52:20,800

the ets

1496

00:52:25,829 --> 00:52:22,400

accelerated

1497

00:52:27,190 --> 00:52:25,839

and expanded their activities

1498

00:52:29,990 --> 00:52:27,200

or at least

1499

00:52:32,470 --> 00:52:30,000

activities that we could see

1500

00:52:33,910 --> 00:52:32,480

aft because of the bombs dropped in in

1501
00:52:35,910 --> 00:52:33,920

japan

1502
00:52:37,430 --> 00:52:35,920

not just that we built one tested it but

1503
00:52:38,710 --> 00:52:37,440

we actually dropped it and dropped it on

1504
00:52:40,390 --> 00:52:38,720

our own people

1505
00:52:42,150 --> 00:52:40,400

we didn't blow up a bunch of fish we've

1506
00:52:44,390 --> 00:52:42,160

dropped it on human beings men women

1507
00:52:46,790 --> 00:52:44,400

babies children cats dogs right which

1508
00:52:47,910 --> 00:52:46,800

kind of showed where we were at right

1509
00:52:49,829 --> 00:52:47,920

you know if you're an e.t you're looking

1510
00:52:50,630 --> 00:52:49,839

at well that's an impressive display of

1511
00:52:52,470 --> 00:52:50,640

uh

1512
00:52:54,870 --> 00:52:52,480

a violence you got there you know i mean

1513
00:52:56,230 --> 00:52:54,880

you know you really hate each other

1514

00:52:57,750 --> 00:52:56,240

yeah you're not a race to be being

1515

00:52:58,630 --> 00:52:57,760

fooled with okay

1516

00:53:00,870 --> 00:52:58,640

uh

1517

00:53:02,790 --> 00:53:00,880

we need to rethink you know who you are

1518

00:53:03,510 --> 00:53:02,800

what you are where are you going okay

1519

00:53:06,309 --> 00:53:03,520

so

1520

00:53:07,990 --> 00:53:06,319

that was not an accident all right

1521

00:53:09,829 --> 00:53:08,000

but i think it's more than that i think

1522

00:53:11,270 --> 00:53:09,839

that the ets probably knew well in

1523

00:53:13,349 --> 00:53:11,280

advance that we would probably do

1524

00:53:14,790 --> 00:53:13,359

exactly that and they were already

1525

00:53:17,349 --> 00:53:14,800

planning i think

1526

00:53:18,950 --> 00:53:17,359

what they were going to do

1527

00:53:20,950 --> 00:53:18,960

and so

1528

00:53:23,349 --> 00:53:20,960

as the next 70 years goes by which

1529

00:53:24,870 --> 00:53:23,359

didn't have to be 70 years i mean it's

1530

00:53:27,109 --> 00:53:24,880

we might have had an arms race that

1531

00:53:29,910 --> 00:53:27,119

lasted 15 years and then come to our

1532

00:53:32,790 --> 00:53:29,920

senses and started non-proliferation

1533

00:53:35,109 --> 00:53:32,800

right started cutting back down and had

1534

00:53:36,390 --> 00:53:35,119

a much safer world with an interfaith

1535

00:53:37,910 --> 00:53:36,400

could have been that way

1536

00:53:39,589 --> 00:53:37,920

but in which case things would have

1537

00:53:41,030 --> 00:53:39,599

happened much quicker in my view but we

1538

00:53:43,270 --> 00:53:41,040

didn't do that in fact we took it to the

1539

00:53:44,309 --> 00:53:43,280

limit right we took it to the absolute

1540

00:53:46,710 --> 00:53:44,319

limit

1541

00:53:52,790 --> 00:53:50,950

they they have been their activity

1542

00:53:54,870 --> 00:53:52,800

amongst other things

1543

00:53:57,990 --> 00:53:54,880

has had the goal

1544

00:54:01,030 --> 00:53:58,000

of increasing the awareness of the human

1545

00:54:01,910 --> 00:54:01,040

race to their presence

1546

00:54:05,270 --> 00:54:01,920

uh

1547

00:54:06,390 --> 00:54:05,280

to the end of or to the purpose

1548

00:54:11,829 --> 00:54:06,400

of

1549

00:54:13,990 --> 00:54:11,839

disclosure formal

1550

00:54:16,950 --> 00:54:14,000

uh acknowledgement of their presence by

1551
00:54:18,950 --> 00:54:16,960
governments not just by mufon or you

1552
00:54:20,870 --> 00:54:18,960
know the lady up the street right

1553
00:54:25,190 --> 00:54:20,880
but rather uh the government meaning

1554
00:54:27,990 --> 00:54:25,200
formal yeah acknowledging it here now

1555
00:54:29,270 --> 00:54:28,000
it's one day we may ask them why didn't

1556
00:54:31,030 --> 00:54:29,280
you why weren't you more aggressive

1557
00:54:33,510 --> 00:54:31,040
about that i mean you could have made

1558
00:54:35,990 --> 00:54:33,520
your presence pretty pretty clear you

1559
00:54:38,870 --> 00:54:36,000
could have forced the issue any time but

1560
00:54:41,750 --> 00:54:38,880
instead you you sort of went along with

1561
00:54:44,309 --> 00:54:41,760
the graduation of this in other words

1562
00:54:45,990 --> 00:54:44,319
uh you know sightings and you know we're

1563
00:54:48,150 --> 00:54:46,000

doing our own research down here and

1564

00:54:49,829 --> 00:54:48,160

writing it up and talking about it

1565

00:54:50,789 --> 00:54:49,839

and so forth and it's slowly moving

1566

00:54:53,510 --> 00:54:50,799

forward

1567

00:54:55,829 --> 00:54:53,520

uh but it could have been much quicker

1568

00:54:58,630 --> 00:54:55,839

you chose to go with a you know a

1569

00:54:59,670 --> 00:54:58,640

relatively slow approach my guess is is

1570

00:55:03,270 --> 00:54:59,680

that

1571

00:55:04,549 --> 00:55:03,280

a a an aggressive forced or

1572

00:55:05,670 --> 00:55:04,559

a rapid

1573

00:55:07,030 --> 00:55:05,680

lead

1574

00:55:09,670 --> 00:55:07,040

forced uh

1575

00:55:11,589 --> 00:55:09,680

acknowledgement with uh driven by them

1576

00:55:13,190 --> 00:55:11,599

would in their view been too disruptive

1577

00:55:15,589 --> 00:55:13,200

and they didn't want to do that they did

1578

00:55:18,150 --> 00:55:15,599

not want to cause that much upset

1579

00:55:20,789 --> 00:55:18,160

so they were balancing the effects of

1580

00:55:22,390 --> 00:55:20,799

disclosure against the risk of nuclear

1581

00:55:23,910 --> 00:55:22,400

war and so forth and

1582

00:55:25,430 --> 00:55:23,920

and you know what they think of nuclear

1583

00:55:28,150 --> 00:55:25,440

war is another matter i'd love to ask

1584

00:55:30,470 --> 00:55:28,160

them one day but in any event they are

1585

00:55:33,109 --> 00:55:30,480

there's a reason that they put the crop

1586

00:55:34,630 --> 00:55:33,119

circles down in the uk not just because

1587

00:55:36,230 --> 00:55:34,640

they're doing you know because they like

1588

00:55:37,910 --> 00:55:36,240

refrigerator art

1589

00:55:39,750 --> 00:55:37,920

right they're putting they're putting it

1590

00:55:41,670 --> 00:55:39,760

down there for a reason the fact that

1591

00:55:43,190 --> 00:55:41,680

some uh some college kids tried to

1592

00:55:44,950 --> 00:55:43,200

create their own great that just creates

1593

00:55:46,710 --> 00:55:44,960

a little dialogue going i give a crap

1594

00:55:48,390 --> 00:55:46,720

but yes but i believe not all of those

1595

00:55:50,710 --> 00:55:48,400

cross circles are made by

1596

00:55:53,030 --> 00:55:50,720

you know college kids on on on

1597

00:55:54,630 --> 00:55:53,040

on on vacation or god knows doug and

1598

00:55:55,990 --> 00:55:54,640

dave so

1599

00:55:58,230 --> 00:55:56,000

and then you know it's a reason that

1600

00:56:00,470 --> 00:55:58,240

when they when they take the blood and

1601
00:56:02,950 --> 00:56:00,480
tissues from certain animals

1602
00:56:04,789 --> 00:56:02,960
which they do they just don't take the

1603
00:56:06,789 --> 00:56:04,799
animal drop it in the ocean i mean you

1604
00:56:08,309 --> 00:56:06,799
know the farmer wakes up and

1605
00:56:10,230 --> 00:56:08,319
the cow's gone

1606
00:56:12,390 --> 00:56:10,240
what do you do about that right somebody

1607
00:56:13,910 --> 00:56:12,400
stole it somebody stole the cow right

1608
00:56:15,589 --> 00:56:13,920
call the sheriff the sheriff goes look

1609
00:56:17,750 --> 00:56:15,599
around can't find your cow that's too

1610
00:56:19,190 --> 00:56:17,760
bad write it off on your insurance

1611
00:56:21,109 --> 00:56:19,200
instead the farmer comes out and there's

1612
00:56:23,589 --> 00:56:21,119
damn cal there it's missing you know key

1613
00:56:25,190 --> 00:56:23,599

elements of its it's a reproductive

1614

00:56:26,870 --> 00:56:25,200

system and there's no blood there's no

1615

00:56:29,030 --> 00:56:26,880

tracks there's no nothing you know

1616

00:56:30,950 --> 00:56:29,040

that's kind of in your face isn't it

1617

00:56:32,549 --> 00:56:30,960

it's like okay i took your cow's blood

1618

00:56:35,990 --> 00:56:32,559

and i left the cow what do you think of

1619

00:56:38,870 --> 00:56:36,000

that right there's uh you know the

1620

00:56:40,710 --> 00:56:38,880

revelation or the disclosure of these

1621

00:56:43,109 --> 00:56:40,720

entities being here

1622

00:56:45,829 --> 00:56:43,119

also gives validity to these other cases

1623

00:56:48,470 --> 00:56:45,839

such as cattle mutilation abduction

1624

00:56:50,710 --> 00:56:48,480

phenomenon it opens up that that gate

1625

00:56:52,789 --> 00:56:50,720

for that discussion well all of it gives

1626
00:56:55,190 --> 00:56:52,799
validity to the other in other words in

1627
00:56:56,950 --> 00:56:55,200
other words uh the sightings of craft in

1628
00:56:59,750 --> 00:56:56,960
the sky sightings of craft on the ground

1629
00:57:00,710 --> 00:56:59,760
crop circles animal mutilation abduction

1630
00:57:03,750 --> 00:57:00,720
reports

1631
00:57:05,670 --> 00:57:03,760
any one of them alone yeah if all that

1632
00:57:07,190 --> 00:57:05,680
was going on in the last number of years

1633
00:57:09,270 --> 00:57:07,200
is cows kept turning up without any

1634
00:57:11,030 --> 00:57:09,280
blood is that going to lead to a

1635
00:57:12,870 --> 00:57:11,040
worldwide effort to confirm an

1636
00:57:15,349 --> 00:57:12,880
extraterrestrial presence no

1637
00:57:17,990 --> 00:57:15,359
but when you take it all together

1638
00:57:20,390 --> 00:57:18,000

ah well you've got about you have enough

1639

00:57:22,390 --> 00:57:20,400
circumstantial evidence to uh to

1640

00:57:24,309 --> 00:57:22,400
indicate clearly that's what's going on

1641

00:57:28,069 --> 00:57:24,319
and so

1642

00:57:29,829 --> 00:57:28,079
all right so if that is the case

1643

00:57:32,069 --> 00:57:29,839
if they are

1644

00:57:35,589 --> 00:57:32,079
happy with a disclosure process to

1645

00:57:39,349 --> 00:57:35,599
proceed at a pace that they're

1646

00:57:40,950 --> 00:57:39,359
satisfied with without accelerating it

1647

00:57:45,990 --> 00:57:40,960
why

1648

00:57:48,150 --> 00:57:46,000
what difference does it make to them

1649

00:57:49,750 --> 00:57:48,160
whether we acknowledge their presence or

1650

00:57:51,910 --> 00:57:49,760
don't

1651
00:57:53,670 --> 00:57:51,920
is it you know they they want to open up

1652
00:57:54,710 --> 00:57:53,680
trade relations and until we acknowledge

1653
00:57:56,150 --> 00:57:54,720
them we can't get into the trade

1654
00:57:57,990 --> 00:57:56,160
relations right

1655
00:58:00,230 --> 00:57:58,000
because man they can make underwear even

1656
00:58:01,670 --> 00:58:00,240
cheaper than the chinese i don't know

1657
00:58:03,990 --> 00:58:01,680
the point is is that that's one

1658
00:58:07,030 --> 00:58:04,000
possibility but i seriously doubt that

1659
00:58:09,670 --> 00:58:07,040
is the reason right but there has to be

1660
00:58:11,190 --> 00:58:09,680
a reason we know enough about the et's

1661
00:58:13,910 --> 00:58:11,200
and their activities here to know that

1662
00:58:16,950 --> 00:58:13,920
it is not a joke it is not happenstance

1663
00:58:19,430 --> 00:58:16,960

that is very organized orderly

1664

00:58:20,870 --> 00:58:19,440

thought through this is not

1665

00:58:23,750 --> 00:58:20,880

you know these are not people on

1666

00:58:24,630 --> 00:58:23,760

vacation building sand castles at a

1667

00:58:27,270 --> 00:58:24,640

beach

1668

00:58:28,710 --> 00:58:27,280

you know in the caribbean all right

1669

00:58:30,230 --> 00:58:28,720

well i thought about it a lot and i have

1670

00:58:31,109 --> 00:58:30,240

strong opinions about it i'm happy to

1671

00:58:32,630 --> 00:58:31,119

say

1672

00:58:33,829 --> 00:58:32,640

um

1673

00:58:35,510 --> 00:58:33,839

that

1674

00:58:37,430 --> 00:58:35,520

among other things

1675

00:58:38,950 --> 00:58:37,440

the last 70 years is about getting us to

1676

00:58:41,750 --> 00:58:38,960

a point where we could disclose

1677

00:58:43,430 --> 00:58:41,760

ourselves to ourselves about them

1678

00:58:45,990 --> 00:58:43,440

right

1679

00:58:49,510 --> 00:58:46,000

without them being too much in our face

1680

00:58:53,829 --> 00:58:50,710

and it could have happened sooner than

1681

00:58:55,829 --> 00:58:53,839

now but but uh 75 years is one life span

1682

00:58:57,829 --> 00:58:55,839

it's not awful if it's not a terrible

1683

00:58:59,910 --> 00:58:57,839

length of time for them it might be a

1684

00:59:01,670 --> 00:58:59,920

trivial length of time but but for a

1685

00:59:03,190 --> 00:59:01,680

person that lives only 70 to 80 years

1686

00:59:05,190 --> 00:59:03,200

yeah it's a long goddamn time but

1687

00:59:07,430 --> 00:59:05,200

whatever 75 years okay

1688

00:59:09,270 --> 00:59:07,440

okay so get disclosure okay fine and the

1689

00:59:12,710 --> 00:59:09,280

next question is well

1690

00:59:15,510 --> 00:59:12,720

why do they want us to disclose okay

1691

00:59:16,309 --> 00:59:15,520

why does it matter to them all right

1692

00:59:18,390 --> 00:59:16,319

well

1693

00:59:19,750 --> 00:59:18,400

there's a lot of silly reasons why you

1694

00:59:21,670 --> 00:59:19,760

could you could answer how you could

1695

00:59:23,670 --> 00:59:21,680

answer that question

1696

00:59:27,270 --> 00:59:23,680

but i think the answer is actually

1697

00:59:28,870 --> 00:59:27,280

pretty clear and the key to that answer

1698

00:59:31,190 --> 00:59:28,880

is of course

1699

00:59:34,230 --> 00:59:31,200

understanding the most important

1700

00:59:36,309 --> 00:59:34,240

et related phenomena that we know of

1701

00:59:37,829 --> 00:59:36,319

and we have witnesses too

1702

00:59:39,829 --> 00:59:37,839

and that is the tampering with our

1703

00:59:43,510 --> 00:59:39,839

nuclear weapons

1704

00:59:45,990 --> 00:59:43,520

repeatedly

1705

00:59:47,190 --> 00:59:46,000

and in the soviet union and possibly in

1706

00:59:48,950 --> 00:59:47,200

russia

1707

00:59:50,789 --> 00:59:48,960

after 91

1708

00:59:53,270 --> 00:59:50,799

by the extraterrestrials

1709

00:59:55,510 --> 00:59:53,280

that's a pretty big deal

1710

00:59:57,109 --> 00:59:55,520

okay they're not flying down over our

1711

00:59:58,549 --> 00:59:57,119

amusement parks and turning off our

1712

01:00:01,190 --> 00:59:58,559

ferris wheels

1713

01:00:02,630 --> 01:00:01,200

they're turning off our nuclear weapons

1714

01:00:06,230 --> 01:00:02,640

and

1715

01:00:08,630 --> 01:00:06,240

which is kind of important

1716

01:00:10,950 --> 01:00:08,640

okay that's not the same as melting them

1717

01:00:13,990 --> 01:00:10,960

down and so the a craft turned up over

1718

01:00:15,910 --> 01:00:14,000

the over the the site and melted 10

1719

01:00:17,990 --> 01:00:15,920

nuclear weapons in the space of like 20

1720

01:00:20,309 --> 01:00:18,000

seconds now we've got this giant pile of

1721

01:00:22,789 --> 01:00:20,319

melted metal and we're having to close

1722

01:00:25,589 --> 01:00:22,799

that base down and right that would be a

1723

01:00:27,190 --> 01:00:25,599

very different thing okay

1724

01:00:29,030 --> 01:00:27,200

but it gets even better and we have

1725

01:00:30,870 --> 01:00:29,040

witnesses to this

1726

01:00:34,230 --> 01:00:30,880

in addition to turning them off which i

1727

01:00:36,549 --> 01:00:34,240

think sends a a very interesting message

1728

01:00:38,309 --> 01:00:36,559

that certainly frightened uh you know it

1729

01:00:40,069 --> 01:00:38,319

got it got it got the attention of the

1730

01:00:42,470 --> 01:00:40,079

security people at those bases got the

1731

01:00:43,829 --> 01:00:42,480

attention of the commanders in the silos

1732

01:00:45,190 --> 01:00:43,839

and i'm sure it got the attention of the

1733

01:00:46,950 --> 01:00:45,200

base commanders when they finally got

1734

01:00:49,109 --> 01:00:46,960

the information

1735

01:00:51,910 --> 01:00:49,119

on a few occasions

1736

01:00:54,710 --> 01:00:51,920

exactly how many i think at least two

1737

01:00:56,870 --> 01:00:54,720

that i think are kind of known about

1738

01:00:57,910 --> 01:00:56,880

uh but it may be more than two

1739

01:00:58,870 --> 01:00:57,920

they didn't turn them off they turned

1740

01:01:03,190 --> 01:00:58,880

them on

1741

01:01:05,430 --> 01:01:03,200

them in the launch cycle

1742

01:01:07,030 --> 01:01:05,440

which is interesting right turning them

1743

01:01:09,589 --> 01:01:07,040

off could just be i don't know

1744

01:01:11,589 --> 01:01:09,599

simultaneously somehow able to

1745

01:01:12,630 --> 01:01:11,599

you know remotely clip some circuits

1746

01:01:14,390 --> 01:01:12,640

right

1747

01:01:15,589 --> 01:01:14,400

turning them on means they're able to

1748

01:01:19,109 --> 01:01:15,599

get into

1749

01:01:20,230 --> 01:01:19,119

the the uh the hardware software that we

1750

01:01:21,990 --> 01:01:20,240

use

1751
01:01:24,950 --> 01:01:22,000
to execute

1752
01:01:26,630 --> 01:01:24,960
a launch procedure which starts with two

1753
01:01:28,150 --> 01:01:26,640
keys turning which then sets in some

1754
01:01:30,470 --> 01:01:28,160
electrons moving around whatever the

1755
01:01:31,990 --> 01:01:30,480
next they did it turn them on

1756
01:01:33,750 --> 01:01:32,000
and so you're down there you're eating a

1757
01:01:35,109 --> 01:01:33,760
ham sandwich

1758
01:01:36,309 --> 01:01:35,119
right you're honest you're on one of

1759
01:01:37,750 --> 01:01:36,319
your shifts

1760
01:01:39,910 --> 01:01:37,760
eight hours or twelve hours you eat a

1761
01:01:41,109 --> 01:01:39,920
ham sandwich everything is fine and all

1762
01:01:43,349 --> 01:01:41,119
of a sudden the clang ons are going

1763
01:01:45,829 --> 01:01:43,359

clang clang clang clang clang and you

1764

01:01:47,349 --> 01:01:45,839

realize that is the indication that the

1765

01:01:49,750 --> 01:01:47,359

missiles are starting into launch

1766

01:01:51,750 --> 01:01:49,760

secrets except you and your other buddy

1767

01:01:55,270 --> 01:01:51,760

eating a ham sandwich

1768

01:01:59,589 --> 01:01:57,829

try to be try to imagine yourself that

1769

01:02:01,510 --> 01:01:59,599

guy those guys

1770

01:02:03,190 --> 01:02:01,520

okay you haven't turned the keys to

1771

01:02:04,549 --> 01:02:03,200

launch the the missiles are going to

1772

01:02:05,829 --> 01:02:04,559

launch cycle

1773

01:02:07,270 --> 01:02:05,839

i tell you they have to be in good shape

1774

01:02:08,309 --> 01:02:07,280

that they had a heart attack right then

1775

01:02:10,069 --> 01:02:08,319

and there

1776

01:02:12,150 --> 01:02:10,079

so now you've got them running around

1777

01:02:14,710 --> 01:02:12,160

the facility going up to the you know

1778

01:02:16,549 --> 01:02:14,720

whatever trying to figure how

1779

01:02:18,470 --> 01:02:16,559

do we stop this

1780

01:02:21,190 --> 01:02:18,480

well guess what

1781

01:02:23,190 --> 01:02:21,200

not surprisingly these launch

1782

01:02:25,510 --> 01:02:23,200

the launch technology used in these

1783

01:02:28,470 --> 01:02:25,520

missile sites was very much designed so

1784

01:02:30,069 --> 01:02:28,480

you couldn't stop it right like like now

1785

01:02:31,270 --> 01:02:30,079

some guy couldn't go up and say hey guys

1786

01:02:32,710 --> 01:02:31,280

i really don't think we should launch

1787

01:02:35,029 --> 01:02:32,720

these missiles i'm going to do this and

1788

01:02:37,109 --> 01:02:35,039

this and it's going to stop uh-uh once

1789

01:02:39,349 --> 01:02:37,119

they get started the launch process is

1790

01:02:41,589 --> 01:02:39,359

now out of your reach you can take a

1791

01:02:43,990 --> 01:02:41,599

hatchet to the damn equipment there and

1792

01:02:46,630 --> 01:02:44,000

the thing it's not going to stop it

1793

01:02:48,470 --> 01:02:46,640

so these guys were weighted sheets

1794

01:02:50,150 --> 01:02:48,480

now that's another message isn't it i've

1795

01:02:52,870 --> 01:02:50,160

done the type

1796

01:02:54,870 --> 01:02:52,880

and those that that cycle went on

1797

01:02:56,069 --> 01:02:54,880

until it's virtually right there to

1798

01:02:58,630 --> 01:02:56,079

launch

1799

01:03:00,829 --> 01:02:58,640

and they're all sitting thinking well

1800

01:03:03,349 --> 01:03:00,839

whatever they were thinking and it

1801
01:03:05,430 --> 01:03:03,359
stops now that's a pretty powerful

1802
01:03:08,069 --> 01:03:05,440
message they did it at least once here

1803
01:03:10,230 --> 01:03:08,079
and they did it once in the soviet union

1804
01:03:11,750 --> 01:03:10,240
why do you do that

1805
01:03:13,349 --> 01:03:11,760
okay but

1806
01:03:16,230 --> 01:03:13,359
i kind of know

1807
01:03:18,470 --> 01:03:16,240
there's multiple messages here one of

1808
01:03:19,670 --> 01:03:18,480
them is why do you have these weapons

1809
01:03:22,309 --> 01:03:19,680
right are you

1810
01:03:24,230 --> 01:03:22,319
are you you need to grow up uh you're

1811
01:03:26,309 --> 01:03:24,240
acting like children and why do you have

1812
01:03:28,390 --> 01:03:26,319
these weapons it took

1813
01:03:29,990 --> 01:03:28,400

several billion years for life to evolve

1814

01:03:31,029 --> 01:03:30,000

to the point where somebody could play

1815

01:03:32,150 --> 01:03:31,039

chess

1816

01:03:34,390 --> 01:03:32,160

okay

1817

01:03:36,150 --> 01:03:34,400

or build a rocket to go to the moon

1818

01:03:38,549 --> 01:03:36,160

and you have established a basis by

1819

01:03:40,150 --> 01:03:38,559

which you could blow it all up

1820

01:03:41,430 --> 01:03:40,160

why would you do that

1821

01:03:43,589 --> 01:03:41,440

you know

1822

01:03:46,230 --> 01:03:43,599

i mean it's the worst case of spending

1823

01:03:48,630 --> 01:03:46,240

an entire day building a wonderful sand

1824

01:03:50,309 --> 01:03:48,640

castle on the beach it stretches out for

1825

01:03:51,990 --> 01:03:50,319

50 feet in all directions and people are

1826
01:03:54,069 --> 01:03:52,000
taking photographs of it and then you

1827
01:03:55,349 --> 01:03:54,079
jump up and you jump into it to smash it

1828
01:03:57,029 --> 01:03:55,359
all up right

1829
01:03:59,190 --> 01:03:57,039
it's kind of like that only a billion

1830
01:04:01,670 --> 01:03:59,200
times worse so

1831
01:04:04,230 --> 01:04:01,680
pretty strong message there

1832
01:04:05,829 --> 01:04:04,240
so if you take all of that

1833
01:04:09,190 --> 01:04:05,839
and you put it in a mixer and shake it

1834
01:04:12,390 --> 01:04:09,200
up what kind of cocktail do you get

1835
01:04:14,390 --> 01:04:12,400
this is the cocktail that i see

1836
01:04:16,870 --> 01:04:14,400
this is all helping us to get to where

1837
01:04:18,950 --> 01:04:16,880
we have to go disclosure anything the

1838
01:04:20,549 --> 01:04:18,960

et's do that the activist movement could

1839

01:04:22,309 --> 01:04:20,559

use we used it

1840

01:04:24,230 --> 01:04:22,319

have have i gone have i done everything

1841

01:04:25,910 --> 01:04:24,240

i can to get the uh the nuclear witness

1842

01:04:27,910 --> 01:04:25,920

testimony out there in front of the

1843

01:04:29,670 --> 01:04:27,920

press in front of the immediate bet

1844

01:04:32,710 --> 01:04:29,680

have the witnesses done that you bet

1845

01:04:34,470 --> 01:04:32,720

they you know but this particular area

1846

01:04:36,789 --> 01:04:34,480

is absolutely

1847

01:04:39,990 --> 01:04:36,799

sequestered in a sense in other words

1848

01:04:41,430 --> 01:04:40,000

the government might respond to this

1849

01:04:43,270 --> 01:04:41,440

you know thing or that thing but when it

1850

01:04:45,589 --> 01:04:43,280

comes to the nuclear tampering what

1851
01:04:47,109 --> 01:04:45,599
nuclear tampering what ets what nuclear

1852
01:04:49,109 --> 01:04:47,119
sites who the hell are you where did you

1853
01:04:51,349 --> 01:04:49,119
come from they don't they actually they

1854
01:04:53,349 --> 01:04:51,359
don't even do that they say nothing

1855
01:04:54,710 --> 01:04:53,359
because to say or do anything invites

1856
01:04:56,150 --> 01:04:54,720
questions they can't answer and so

1857
01:04:57,589 --> 01:04:56,160
they've just tried as hard as they can

1858
01:04:59,190 --> 01:04:57,599
to pretend bob salas and everybody else

1859
01:05:01,109 --> 01:04:59,200
doesn't exist

1860
01:05:03,270 --> 01:05:01,119
and the articles written in back then in

1861
01:05:05,190 --> 01:05:03,280
the minot newspaper were never written

1862
01:05:06,549 --> 01:05:05,200
and on and on and on it's a tough it's

1863
01:05:08,230 --> 01:05:06,559

one of the reasons the truth embargo

1864

01:05:09,829 --> 01:05:08,240

ultimately has to end you can't keep

1865

01:05:11,510 --> 01:05:09,839

keep doing this

1866

01:05:15,829 --> 01:05:11,520

and so

1867

01:05:19,910 --> 01:05:17,750

when

1868

01:05:21,670 --> 01:05:19,920

we get disclosure

1869

01:05:22,549 --> 01:05:21,680

i believe

1870

01:05:24,549 --> 01:05:22,559

that

1871

01:05:27,270 --> 01:05:24,559

uh

1872

01:05:29,109 --> 01:05:27,280

we will have

1873

01:05:32,069 --> 01:05:29,119

a another chance

1874

01:05:34,630 --> 01:05:32,079

like we had in 1991 when soviet union

1875

01:05:36,630 --> 01:05:34,640

eliminated the communist party the world

1876

01:05:38,950 --> 01:05:36,640

will have another chance to

1877

01:05:40,870 --> 01:05:38,960

step back and say hmm

1878

01:05:42,710 --> 01:05:40,880

how do we want to how do we want to move

1879

01:05:44,789 --> 01:05:42,720

forward here right

1880

01:05:48,710 --> 01:05:44,799

uh china we'll have to maybe rethink

1881

01:05:51,109 --> 01:05:48,720

taiwan iran will have to maybe rethink

1882

01:05:53,990 --> 01:05:51,119

terrorism uh as a as a tool of

1883

01:05:55,349 --> 01:05:54,000

diplomatic means uh the israelis and the

1884

01:05:57,990 --> 01:05:55,359

palestinians have to rethink their

1885

01:05:59,430 --> 01:05:58,000

relationship i can go in and obviously

1886

01:06:03,510 --> 01:05:59,440

russia has got to decide whether he

1887

01:06:04,470 --> 01:06:03,520

wants to join and on and on and on okay

1888

01:06:06,950 --> 01:06:04,480

and then

1889

01:06:09,670 --> 01:06:06,960

so that's a good thing right so

1890

01:06:11,589 --> 01:06:09,680

i think that will open that door now we

1891

01:06:13,990 --> 01:06:11,599

are a far more global civilization than

1892

01:06:15,990 --> 01:06:14,000

we were in 91 it's been 30 years

1893

01:06:17,430 --> 01:06:16,000

okay

1894

01:06:19,270 --> 01:06:17,440

anybody can talk to anybody in this

1895

01:06:21,029 --> 01:06:19,280

planet unless the government blocks you

1896

01:06:23,589 --> 01:06:21,039

you want to talk to somebody in istanbul

1897

01:06:27,670 --> 01:06:23,599

no problem go online and and send them

1898

01:06:29,029 --> 01:06:27,680

an email right uh and and and and or you

1899

01:06:31,029 --> 01:06:29,039

can send them a text and they've got to

1900

01:06:32,950 --> 01:06:31,039

translate it'll translate the damn thing

1901

01:06:35,349 --> 01:06:32,960

everybody can communicate we have a very

1902

01:06:36,789 --> 01:06:35,359

global society so when we when we come

1903

01:06:37,829 --> 01:06:36,799

to reassess

1904

01:06:40,069 --> 01:06:37,839

things

1905

01:06:41,910 --> 01:06:40,079

after disclosure as in the next day

1906

01:06:43,990 --> 01:06:41,920

starts the next day

1907

01:06:45,829 --> 01:06:44,000

there's an extraordinary opportunity for

1908

01:06:47,109 --> 01:06:45,839

us to actually start coming up to some

1909

01:06:48,309 --> 01:06:47,119

mature

1910

01:06:49,430 --> 01:06:48,319

sensible

1911

01:06:50,950 --> 01:06:49,440

positive

1912

01:06:51,910 --> 01:06:50,960

productive

1913

01:06:53,190 --> 01:06:51,920

uh

1914

01:06:54,710 --> 01:06:53,200

concepts

1915

01:06:57,109 --> 01:06:54,720

i call it the gold the beginning of the

1916

01:06:59,109 --> 01:06:57,119

golden age of reform

1917

01:07:01,589 --> 01:06:59,119

which would be very important if we're

1918

01:07:03,270 --> 01:07:01,599

going to finally denuclearize this world

1919

01:07:04,470 --> 01:07:03,280

in other words if we're going to end up

1920

01:07:06,549 --> 01:07:04,480

if we're going to have a world where we

1921

01:07:09,029 --> 01:07:06,559

do not live every single day

1922

01:07:10,950 --> 01:07:09,039

under the uh at the blessing

1923

01:07:12,630 --> 01:07:10,960

of mutual assured destruction we're

1924

01:07:14,470 --> 01:07:12,640

going to have to undergo a tr for

1925

01:07:16,230 --> 01:07:14,480

performative transformation

1926

01:07:19,510 --> 01:07:16,240

i believe disclosure is the next

1927

01:07:22,309 --> 01:07:19,520

opportunity 1991 was an opportunity this

1928

01:07:25,510 --> 01:07:22,319

is the magnitudes more significant and

1929

01:07:28,390 --> 01:07:25,520

so that's number one okay why disclosure

1930

01:07:30,230 --> 01:07:28,400

needs to happen because if the planet

1931

01:07:33,029 --> 01:07:30,240

uh we're able to

1932

01:07:34,150 --> 01:07:33,039

to adjust and and reform and get to

1933

01:07:36,470 --> 01:07:34,160

another place

1934

01:07:39,990 --> 01:07:36,480

i believe the et's consider that in

1935

01:07:41,750 --> 01:07:40,000

their interests okay that's number one

1936

01:07:42,950 --> 01:07:41,760

number two and this is where it gets

1937

01:07:45,029 --> 01:07:42,960

real fun

1938

01:07:47,430 --> 01:07:45,039

right

1939

01:07:49,430 --> 01:07:47,440

if i if if the strategy that i'm

1940

01:07:52,549 --> 01:07:49,440

projecting is correct

1941

01:07:54,309 --> 01:07:52,559

and we get disclosure say this year

1942

01:07:56,150 --> 01:07:54,319

we know what's going to happen

1943

01:07:58,630 --> 01:07:56,160

is that worldwide there's going to be

1944

01:08:00,150 --> 01:07:58,640

this massive interest in all things

1945

01:08:02,150 --> 01:08:00,160

extraterrestrial

1946

01:08:05,349 --> 01:08:02,160

there everybody is going to be a

1947

01:08:07,670 --> 01:08:05,359

complete re-examination of every book

1948

01:08:11,109 --> 01:08:07,680

and research paper and and everything

1949

01:08:12,789 --> 01:08:11,119

has ever been produced since 1947 that

1950

01:08:15,589 --> 01:08:12,799

have been dismissed because it's a bunch

1951

01:08:17,030 --> 01:08:15,599

of ufo stuff with oh whoa wow

1952

01:08:18,709 --> 01:08:17,040

so they're going to start reading all of

1953

01:08:19,590 --> 01:08:18,719

the big guys they're reading their books

1954

01:08:20,550 --> 01:08:19,600

they're going to read the studies

1955

01:08:21,749 --> 01:08:20,560

they're going to go over and really oh

1956

01:08:24,229 --> 01:08:21,759

wow there's a lot of important

1957

01:08:25,590 --> 01:08:24,239

information here that's one two there's

1958

01:08:27,030 --> 01:08:25,600

going to be enormous pressure on every

1959

01:08:28,630 --> 01:08:27,040

government in the world to start putting

1960

01:08:30,550 --> 01:08:28,640

out what they know

1961

01:08:32,390 --> 01:08:30,560

uk canada

1962

01:08:34,390 --> 01:08:32,400

china russia whatever

1963

01:08:36,070 --> 01:08:34,400

now some countries will be more obliging

1964

01:08:37,349 --> 01:08:36,080

than others but the point is is that we

1965

01:08:38,709 --> 01:08:37,359

know the governments have a great deal

1966

01:08:40,470 --> 01:08:38,719

of information we know it's all

1967

01:08:42,709 --> 01:08:40,480

classified but

1968

01:08:44,470 --> 01:08:42,719

let's get some of it out right but start

1969

01:08:46,149 --> 01:08:44,480

small we don't have to get you know big

1970

01:08:47,510 --> 01:08:46,159

stuff but let's let's start getting that

1971

01:08:49,669 --> 01:08:47,520

information out

1972

01:08:51,349 --> 01:08:49,679

and and and then of course the content

1973

01:08:52,789 --> 01:08:51,359

and i'm aware of this is already going

1974

01:08:54,149 --> 01:08:52,799

on hollywood's going to go bonkers

1975

01:08:56,550 --> 01:08:54,159

hollywood's already going backwards you

1976

01:08:59,749 --> 01:08:56,560

can't imagine how many e.t

1977

01:09:01,510 --> 01:08:59,759

non-fiction projects are are going on in

1978

01:09:02,789 --> 01:09:01,520

this town right now i mean and they're

1979

01:09:04,149 --> 01:09:02,799

actually going around wanting more in

1980

01:09:05,349 --> 01:09:04,159

other words you know i i need a

1981

01:09:06,789 --> 01:09:05,359

non-fiction e.t what do you got what do

1982

01:09:08,550 --> 01:09:06,799

you got

1983

01:09:10,309 --> 01:09:08,560

i'm going to generate this stuff all

1984

01:09:12,309 --> 01:09:10,319

over the world right and so

1985

01:09:14,709 --> 01:09:12,319

all of this information plus 10 million

1986

01:09:16,870 --> 01:09:14,719

podcasts and everything else

1987

01:09:19,269 --> 01:09:16,880

is going to amount to a massive auto

1988

01:09:22,070 --> 01:09:19,279

didactic learning curve where the planet

1989

01:09:24,229 --> 01:09:22,080

will self-educate itself to what's going

1990

01:09:25,829 --> 01:09:24,239

on with the ets

1991

01:09:27,990 --> 01:09:25,839

now imagine that going on for a couple

1992

01:09:31,110 --> 01:09:28,000

years

1993

01:09:32,630 --> 01:09:31,120

a whole lot of information is going to

1994

01:09:34,390 --> 01:09:32,640

be exchanged

1995

01:09:36,550 --> 01:09:34,400

a whole lot of knowledge is going to be

1996

01:09:38,870 --> 01:09:36,560

uh obtained and and

1997

01:09:40,470 --> 01:09:38,880

and and and the the reality of an et

1998

01:09:42,390 --> 01:09:40,480

presence will become

1999

01:09:44,229 --> 01:09:42,400

standard it will become accepted it will

2000

01:09:45,749 --> 01:09:44,239

become normalized and it will be you

2001
01:09:48,070 --> 01:09:45,759
know taught in all the universities and

2002
01:09:50,309 --> 01:09:48,080
everything else and you know almost a

2003
01:09:52,390 --> 01:09:50,319
ho-hum thing though clearly it'll never

2004
01:09:53,829 --> 01:09:52,400
be totally ho-hum

2005
01:09:56,709 --> 01:09:53,839
and so

2006
01:09:58,950 --> 01:09:56,719
at that point about two years

2007
01:09:59,910 --> 01:09:58,960
if i'm the et's that's when i engage

2008
01:10:01,110 --> 01:09:59,920
openly

2009
01:10:02,310 --> 01:10:01,120
i don't know if they've had background

2010
01:10:03,350 --> 01:10:02,320
meetings with other governments i don't

2011
01:10:05,189 --> 01:10:03,360
know if they've cut deals signed

2012
01:10:06,550 --> 01:10:05,199
treaties i have no idea i know they're

2013
01:10:08,070 --> 01:10:06,560

taking people out of their bedroom at

2014

01:10:09,830 --> 01:10:08,080

two in the morning which is not exactly

2015

01:10:11,270 --> 01:10:09,840

a formal engagement

2016

01:10:13,270 --> 01:10:11,280

and and and they're not sitting down and

2017

01:10:15,510 --> 01:10:13,280

having you know discussions or nuclear

2018

01:10:17,189 --> 01:10:15,520

arms discussions or something no

2019

01:10:18,709 --> 01:10:17,199

but and there's a lot of that going on

2020

01:10:20,950 --> 01:10:18,719

there's hundreds of thousands if not

2021

01:10:23,350 --> 01:10:20,960

millions of reports of that

2022

01:10:25,030 --> 01:10:23,360

not public but privately you know

2023

01:10:26,310 --> 01:10:25,040

submitted all that

2024

01:10:29,030 --> 01:10:26,320

so

2025

01:10:32,950 --> 01:10:31,270

open contact in this sense i'm talking

2026

01:10:34,870 --> 01:10:32,960

about

2027

01:10:35,910 --> 01:10:34,880

the united states or any government or

2028

01:10:37,910 --> 01:10:35,920

the u.n

2029

01:10:40,550 --> 01:10:37,920

uh announcing that they are they've had

2030

01:10:41,590 --> 01:10:40,560

some discussions of one in one form or

2031

01:10:44,390 --> 01:10:41,600

fashion

2032

01:10:45,590 --> 01:10:44,400

with a certain extraterrestrial group

2033

01:10:48,550 --> 01:10:45,600

and

2034

01:10:49,350 --> 01:10:48,560

here's a summary of that discussion

2035

01:10:51,270 --> 01:10:49,360

right

2036

01:10:52,950 --> 01:10:51,280

i'm not i'm not exaggerating here i

2037

01:10:55,189 --> 01:10:52,960

think that's what's going to happen this

2038

01:10:57,110 --> 01:10:55,199

is open contact so now there is actually

2039

01:10:58,870 --> 01:10:57,120

a dialogue that doesn't mean that

2040

01:11:00,070 --> 01:10:58,880

they're they're going on television

2041

01:11:02,550 --> 01:11:00,080

sitting down

2042

01:11:04,550 --> 01:11:02,560

with uh woof woof blitzer so it just

2043

01:11:06,630 --> 01:11:04,560

means that there is a there is a

2044

01:11:08,870 --> 01:11:06,640

communication that is being

2045

01:11:09,990 --> 01:11:08,880

uh confirmed and formalized and we may

2046

01:11:12,390 --> 01:11:10,000

even

2047

01:11:13,990 --> 01:11:12,400

be getting information about that which

2048

01:11:17,030 --> 01:11:14,000

then raises the question

2049

01:11:19,030 --> 01:11:17,040

what will the communication be about

2050

01:11:22,550 --> 01:11:19,040

what would the et's

2051
01:11:25,189 --> 01:11:22,560
be most probably wishing to discuss with

2052
01:11:26,790 --> 01:11:25,199
us in a post-disclosure world after

2053
01:11:28,790 --> 01:11:26,800
we've become fully

2054
01:11:30,870 --> 01:11:28,800
acclimated to their reality

2055
01:11:33,350 --> 01:11:30,880
and not going to be shocked you know

2056
01:11:35,270 --> 01:11:33,360
that's that that that's all past

2057
01:11:37,350 --> 01:11:35,280
what are they going to talk about

2058
01:11:39,430 --> 01:11:37,360
i don't know

2059
01:11:41,430 --> 01:11:39,440
their home planet you know you know it's

2060
01:11:44,470 --> 01:11:41,440
like you know uh the marketing

2061
01:11:45,590 --> 01:11:44,480
possibilities for selling goods uh yeah

2062
01:11:46,790 --> 01:11:45,600
here's what they're going to talk about

2063
01:11:48,310 --> 01:11:46,800

they're going to talk about nuclear

2064

01:11:49,750 --> 01:11:48,320

weapons of course

2065

01:11:51,669 --> 01:11:49,760

aren't they

2066

01:11:53,750 --> 01:11:51,679

okay now why are they talking about

2067

01:11:55,030 --> 01:11:53,760

nuclear weapons right it's a totally

2068

01:11:58,229 --> 01:11:55,040

legitimate reason they don't have to

2069

01:11:59,350 --> 01:11:58,239

talk about them why do they even care

2070

01:12:00,709 --> 01:11:59,360

right

2071

01:12:02,470 --> 01:12:00,719

okay

2072

01:12:04,630 --> 01:12:02,480

two reasons

2073

01:12:06,550 --> 01:12:04,640

if anybody's got a better one i'm happy

2074

01:12:08,709 --> 01:12:06,560

to receive an email

2075

01:12:11,270 --> 01:12:08,719

the first reason

2076
01:12:12,870 --> 01:12:11,280
they're reasonably intelligent wise

2077
01:12:14,310 --> 01:12:12,880
thoughtful

2078
01:12:16,870 --> 01:12:14,320
beings

2079
01:12:19,990 --> 01:12:16,880
that are somewhat offended by the idea

2080
01:12:21,750 --> 01:12:20,000
of a an advanced civilization

2081
01:12:23,669 --> 01:12:21,760
uh of relatively

2082
01:12:26,070 --> 01:12:23,679
significant technology

2083
01:12:27,990 --> 01:12:26,080
that has taken so long to to develop

2084
01:12:28,950 --> 01:12:28,000
over well a couple billion years

2085
01:12:31,030 --> 01:12:28,960
actually

2086
01:12:33,270 --> 01:12:31,040
uh destroying itself and sending itself

2087
01:12:35,910 --> 01:12:33,280
back a thousand years and we're ruining

2088
01:12:37,430 --> 01:12:35,920

the environment destroying the biosphere

2089

01:12:38,229 --> 01:12:37,440

this offends them

2090

01:12:42,310 --> 01:12:38,239

i

2091

01:12:44,470 --> 01:12:42,320

person would be offended by that so they

2092

01:12:46,310 --> 01:12:44,480

would prefer that did not happen

2093

01:12:47,750 --> 01:12:46,320

okay

2094

01:12:50,950 --> 01:12:47,760

and secondly

2095

01:12:58,390 --> 01:12:53,189

we are a problem for them

2096

01:13:00,310 --> 01:12:58,400

become a problem for them

2097

01:13:03,270 --> 01:13:00,320

now here is your basic fundamental

2098

01:13:04,950 --> 01:13:03,280

reason it's a self-serving thing

2099

01:13:06,470 --> 01:13:04,960

how could we be a problem for

2100

01:13:07,750 --> 01:13:06,480

extraterrestrials

2101

01:13:09,990 --> 01:13:07,760

right

2102

01:13:12,070 --> 01:13:10,000

there's only one way that happens

2103

01:13:15,430 --> 01:13:12,080

all right

2104

01:13:17,590 --> 01:13:15,440

we figure out how to fly between stars

2105

01:13:20,229 --> 01:13:17,600

interstellar drive

2106

01:13:22,070 --> 01:13:20,239

the work around to relativity which

2107

01:13:23,510 --> 01:13:22,080

there's quite a few scientists there's

2108

01:13:25,270 --> 01:13:23,520

quite a few

2109

01:13:26,790 --> 01:13:25,280

posts flying around on the net right now

2110

01:13:28,709 --> 01:13:26,800

and places you can go where you can you

2111

01:13:30,630 --> 01:13:28,719

can hear very smart people talking about

2112

01:13:32,790 --> 01:13:30,640

exactly that

2113

01:13:35,189 --> 01:13:32,800

it's no secret that we are working on

2114

01:13:37,189 --> 01:13:35,199

that in the public sector we have no

2115

01:13:39,910 --> 01:13:37,199

idea how much progress has been made in

2116

01:13:41,350 --> 01:13:39,920

the military world of classified world

2117

01:13:44,070 --> 01:13:41,360

but they've been they've been studying

2118

01:13:45,750 --> 01:13:44,080

it with mass resources for 70 years okay

2119

01:13:47,830 --> 01:13:45,760

including antibiotics vitix somebody

2120

01:13:49,830 --> 01:13:47,840

once said we now have the technology to

2121

01:13:52,149 --> 01:13:49,840

take et homes yeah i take et home right

2122

01:13:53,750 --> 01:13:52,159

yeah it's been rich well that alone says

2123

01:13:55,910 --> 01:13:53,760

we've been trying to work

2124

01:13:57,990 --> 01:13:55,920

uh to do that maybe we had it maybe

2125

01:13:59,430 --> 01:13:58,000

we're working on a point is is that

2126
01:14:00,470 --> 01:13:59,440
we're gonna figure out interstellar

2127
01:14:01,750 --> 01:14:00,480
drive

2128
01:14:03,669 --> 01:14:01,760
okay fine

2129
01:14:06,709 --> 01:14:03,679
but and we're gonna figure it out pretty

2130
01:14:07,830 --> 01:14:06,719
soon well we got these nuclear weapons

2131
01:14:10,390 --> 01:14:07,840
and so

2132
01:14:13,350 --> 01:14:10,400
what do you think the chances are

2133
01:14:15,510 --> 01:14:13,360
that a government is going to

2134
01:14:19,510 --> 01:14:15,520
build a starship

2135
01:14:22,550 --> 01:14:19,520
a real starship not elon musk starship

2136
01:14:23,990 --> 01:14:22,560
and head on out to see what's out there

2137
01:14:25,270 --> 01:14:24,000
probably starting with the century

2138
01:14:27,110 --> 01:14:25,280

system

2139

01:14:28,630 --> 01:14:27,120
and just go out there

2140

01:14:31,510 --> 01:14:28,640
with goodwill

2141

01:14:32,790 --> 01:14:31,520
and some gifts for the natives

2142

01:14:33,750 --> 01:14:32,800
okay

2143

01:14:40,550 --> 01:14:33,760
no

2144

01:14:42,709 --> 01:14:40,560
star trek franchise i could go on and on

2145

01:14:44,630 --> 01:14:42,719
and on any you know

2146

01:14:46,709 --> 01:14:44,640
guardians of the galaxy they're nothing

2147

01:14:48,630 --> 01:14:46,719
but westerns in which massively

2148

01:14:50,229 --> 01:14:48,640
expensive starships are flying around

2149

01:14:51,350 --> 01:14:50,239
shooting at each other and blowing them

2150

01:14:52,790 --> 01:14:51,360
each other up which of course is

2151

01:14:54,070 --> 01:14:52,800

ridiculous but the point is is that

2152

01:14:55,270 --> 01:14:54,080

that's what they are

2153

01:14:57,510 --> 01:14:55,280

of course we're going to put nuclear

2154

01:14:59,430 --> 01:14:57,520

weapons on our starships just in case we

2155

01:15:01,590 --> 01:14:59,440

run into trouble

2156

01:15:02,950 --> 01:15:01,600

and so what does that mean it means that

2157

01:15:04,630 --> 01:15:02,960

and again interstellar drive doesn't

2158

01:15:05,830 --> 01:15:04,640

mean you're confined to two or three

2159

01:15:07,189 --> 01:15:05,840

light years you might be able to go out

2160

01:15:09,669 --> 01:15:07,199

hundreds of light years who the hell

2161

01:15:12,390 --> 01:15:09,679

knows and so that means that any any

2162

01:15:14,149 --> 01:15:12,400

civilization that reaches where we are

2163

01:15:16,149 --> 01:15:14,159

and where we are as nuclear weapons of

2164

01:15:19,189 --> 01:15:16,159

extraordinary power and we're closing in

2165

01:15:21,030 --> 01:15:19,199

on star drive is a threat to everybody

2166

01:15:22,470 --> 01:15:21,040

within a reasonable distance of that

2167

01:15:25,430 --> 01:15:22,480

planet

2168

01:15:28,229 --> 01:15:25,440

period they could show up at any time

2169

01:15:29,590 --> 01:15:28,239

and they've got nuclear weapons and so

2170

01:15:31,910 --> 01:15:29,600

you know

2171

01:15:33,990 --> 01:15:31,920

maybe you care maybe you don't care but

2172

01:15:36,149 --> 01:15:34,000

just put yourselves in in in uh let's

2173

01:15:38,630 --> 01:15:36,159

switch places

2174

01:15:40,229 --> 01:15:38,640

what what if what if we knew

2175

01:15:41,669 --> 01:15:40,239

what if we had a starship we went to the

2176
01:15:43,669 --> 01:15:41,679
centauri system and we discovered a

2177
01:15:45,350 --> 01:15:43,679
planet like ours had used nuclear

2178
01:15:46,470 --> 01:15:45,360
weapons it was on the verge of making

2179
01:15:47,830 --> 01:15:46,480
starships

2180
01:15:49,270 --> 01:15:47,840
meaning that soon they would be able to

2181
01:15:51,350 --> 01:15:49,280
put those weapons on their starships and

2182
01:15:52,630 --> 01:15:51,360
head on out to see what they could see

2183
01:15:55,510 --> 01:15:52,640
do you think we just head on back to

2184
01:15:57,030 --> 01:15:55,520
earth and go okay look we need to hide

2185
01:15:58,550 --> 01:15:57,040
right how can we hide the planet they

2186
01:16:00,390 --> 01:15:58,560
can't find us

2187
01:16:01,430 --> 01:16:00,400
right we need to hope they don't find us

2188
01:16:02,390 --> 01:16:01,440

you really think that's what we're going

2189

01:16:04,950 --> 01:16:02,400

to do

2190

01:16:06,550 --> 01:16:04,960

no we're going to have to deal with it

2191

01:16:08,709 --> 01:16:06,560

absolutely

2192

01:16:10,709 --> 01:16:08,719

and that's exactly what they're doing

2193

01:16:12,470 --> 01:16:10,719

and so okay

2194

01:16:13,750 --> 01:16:12,480

what's the deal

2195

01:16:15,430 --> 01:16:13,760

all right okay

2196

01:16:17,110 --> 01:16:15,440

open contact i believe this is the

2197

01:16:19,430 --> 01:16:17,120

discussion the one that matters anything

2198

01:16:23,590 --> 01:16:19,440

else will be trivial initially

2199

01:16:30,070 --> 01:16:25,750

if you want to

2200

01:16:31,590 --> 01:16:30,080

interstellar as we are you must get rid

2201

01:16:33,990 --> 01:16:31,600

of all of your nukes

2202

01:16:35,350 --> 01:16:34,000

period it can't be any news okay not

2203

01:16:36,390 --> 01:16:35,360

even a couple

2204

01:16:38,149 --> 01:16:36,400

right

2205

01:16:41,510 --> 01:16:38,159

okay

2206

01:16:43,750 --> 01:16:41,520

if you don't get rid of your nukes fine

2207

01:16:45,990 --> 01:16:43,760

well we have a certain respect for

2208

01:16:47,270 --> 01:16:46,000

autonomy but you get don't get to leave

2209

01:16:48,790 --> 01:16:47,280

the solar system

2210

01:16:50,470 --> 01:16:48,800

right in other words if you build a

2211

01:16:52,390 --> 01:16:50,480

starship it'll never leave the ground

2212

01:16:53,430 --> 01:16:52,400

you know we'll make sure that okay so

2213

01:16:54,310 --> 01:16:53,440

you can build them and we'll blow them

2214

01:16:55,350 --> 01:16:54,320

up and you can build them we'll blow

2215

01:16:56,870 --> 01:16:55,360

them up whatever and if they actually

2216

01:16:58,310 --> 01:16:56,880

get outside we'll hit them before they

2217

01:17:00,470 --> 01:16:58,320

leave the solar system but it ain't

2218

01:17:02,790 --> 01:17:00,480

gonna happen okay so just accept that

2219

01:17:04,470 --> 01:17:02,800

okay if you don't care about exploring

2220

01:17:07,350 --> 01:17:04,480

space fine you gotta have to worry about

2221

01:17:09,030 --> 01:17:07,360

have all the goddamn nukes you want

2222

01:17:11,590 --> 01:17:09,040

but two

2223

01:17:14,790 --> 01:17:13,510

there's a lot of us out here

2224

01:17:16,310 --> 01:17:14,800

just from the evidence that you've

2225

01:17:18,550 --> 01:17:16,320

compiled you know there's multiple

2226

01:17:20,790 --> 01:17:18,560

species working together they turn up

2227

01:17:22,149 --> 01:17:20,800

together sometimes right

2228

01:17:23,430 --> 01:17:22,159

i mean it's possible that all the very

2229

01:17:25,189 --> 01:17:23,440

species that have turned up in the

2230

01:17:26,790 --> 01:17:25,199

literature or in the reports all come

2231

01:17:28,709 --> 01:17:26,800

from the same planet there's nothing

2232

01:17:31,270 --> 01:17:28,719

that really stops that

2233

01:17:32,630 --> 01:17:31,280

but logically no they come they have

2234

01:17:33,669 --> 01:17:32,640

there's different planets if there's one

2235

01:17:35,910 --> 01:17:33,679

more out there there's hundreds

2236

01:17:38,709 --> 01:17:35,920

thousands hundreds of so they're working

2237

01:17:39,830 --> 01:17:38,719

together to engage our planet call it an

2238

01:17:40,630 --> 01:17:39,840

alliance

2239

01:17:42,310 --> 01:17:40,640

right

2240

01:17:43,669 --> 01:17:42,320

well we might be able to be part of that

2241

01:17:44,950 --> 01:17:43,679

alliance we might be able to be part of

2242

01:17:47,189 --> 01:17:44,960

not their alliance some alliance in

2243

01:17:49,270 --> 01:17:47,199

other words we could we could get out

2244

01:17:50,390 --> 01:17:49,280

into space and deal with them more

2245

01:17:52,149 --> 01:17:50,400

importantly

2246

01:17:53,990 --> 01:17:52,159

uh we do have

2247

01:17:55,590 --> 01:17:54,000

technology that could assist you in some

2248

01:17:58,070 --> 01:17:55,600

of your dilemmas and problems that you

2249

01:17:59,990 --> 01:17:58,080

have you have many problems all right we

2250

01:18:02,310 --> 01:18:00,000

know that been there done that it's okay

2251
01:18:03,270 --> 01:18:02,320
we got a few yeah we can help you out

2252
01:18:06,630 --> 01:18:03,280
okay

2253
01:18:08,550 --> 01:18:06,640
uh this is this is totally reasonable

2254
01:18:10,229 --> 01:18:08,560
countries do this all the time

2255
01:18:12,070 --> 01:18:10,239
there are there are countries that have

2256
01:18:13,270 --> 01:18:12,080
helped other countries who simply did

2257
01:18:14,870 --> 01:18:13,280
not have the means to deal with the

2258
01:18:17,110 --> 01:18:14,880
problems they had by providing them

2259
01:18:19,110 --> 01:18:17,120
resources technology whatever

2260
01:18:20,390 --> 01:18:19,120
and there's also we invade them and blow

2261
01:18:22,950 --> 01:18:20,400
them up the point is we do this all the

2262
01:18:25,590 --> 01:18:22,960
time this is a very logical and expected

2263
01:18:27,350 --> 01:18:25,600

thing however the messages

2264

01:18:29,910 --> 01:18:27,360

we're not going to do that if you keep

2265

01:18:31,590 --> 01:18:29,920

the nukes okay we're not going to help

2266

01:18:33,510 --> 01:18:31,600

out somebody that's been on committing

2267

01:18:36,070 --> 01:18:33,520

suicide screw you

2268

01:18:38,790 --> 01:18:36,080

and so the message is if you want to

2269

01:18:40,390 --> 01:18:38,800

engage with us and and possibly benefit

2270

01:18:42,070 --> 01:18:40,400

from things we can do for you you get

2271

01:18:43,990 --> 01:18:42,080

rid of the nukes if you want to leave

2272

01:18:45,110 --> 01:18:44,000

the solar system you get rid of the

2273

01:18:47,910 --> 01:18:45,120

noops

2274

01:18:50,390 --> 01:18:47,920

this is a coming-of-age event of

2275

01:18:53,990 --> 01:18:50,400

extraordinary significance which out of

2276

01:18:54,950 --> 01:18:54,000

the unbelievably good luck

2277

01:18:56,070 --> 01:18:54,960

you

2278

01:18:58,870 --> 01:18:56,080

and i

2279

01:18:59,750 --> 01:18:58,880

are going to be living to see

2280

01:19:01,990 --> 01:18:59,760

all right

2281

01:19:04,550 --> 01:19:02,000

think about it well let's hope it's it's

2282

01:19:05,990 --> 01:19:04,560

love right right it's not it's it's is

2283

01:19:08,310 --> 01:19:06,000

are the odds the same as winning that

2284

01:19:10,630 --> 01:19:08,320

powerball i bought two tickets 300

2285

01:19:12,310 --> 01:19:10,640

million to one some guy one person won

2286

01:19:15,030 --> 01:19:12,320

this thing out of illinois i think the

2287

01:19:16,790 --> 01:19:15,040

payout after tax was 463 million it'll

2288

01:19:17,669 --> 01:19:16,800

probably ruin his life the point is is

2289

01:19:20,470 --> 01:19:17,679

that

2290

01:19:22,950 --> 01:19:20,480

we're going to likely live to see this

2291

01:19:25,510 --> 01:19:22,960

and again it's not about oh we're going

2292

01:19:28,149 --> 01:19:25,520

to live to get to see a t eat a really

2293

01:19:29,510 --> 01:19:28,159

tea on tv

2294

01:19:30,790 --> 01:19:29,520

you know after you've seen one you've

2295

01:19:33,030 --> 01:19:30,800

seen them all

2296

01:19:35,590 --> 01:19:33,040

we're going to live to see

2297

01:19:38,149 --> 01:19:35,600

the moment in which

2298

01:19:41,030 --> 01:19:38,159

a million multi-million billion-year-old

2299

01:19:44,070 --> 01:19:41,040

life planet has reached high technology

2300

01:19:46,149 --> 01:19:44,080

and is finally engaged by other

2301
01:19:47,350 --> 01:19:46,159
planets with advanced technology further

2302
01:19:49,669 --> 01:19:47,360
than theirs

2303
01:19:51,189 --> 01:19:49,679
in order for them to then how would you

2304
01:19:53,030 --> 01:19:51,199
say come of age

2305
01:19:55,750 --> 01:19:53,040
in order to be also interstellar

2306
01:19:58,149 --> 01:19:55,760
themselves and engage them up until then

2307
01:20:00,950 --> 01:19:58,159
it wasn't happening now i say up until

2308
01:20:04,630 --> 01:20:02,870
i think we know enough about history

2309
01:20:07,110 --> 01:20:04,640
ancient history now

2310
01:20:09,669 --> 01:20:07,120
to know that

2311
01:20:11,350 --> 01:20:09,679
the et's have been around there

2312
01:20:13,189 --> 01:20:11,360
they just didn't arrive in 47 they've

2313
01:20:15,510 --> 01:20:13,199

been around a long time

2314

01:20:16,550 --> 01:20:15,520

we have been known to one species or

2315

01:20:17,590 --> 01:20:16,560

another

2316

01:20:19,510 --> 01:20:17,600

for

2317

01:20:21,590 --> 01:20:19,520

thousands if not hundreds of thousands

2318

01:20:22,790 --> 01:20:21,600

of years though two hundred thousand

2319

01:20:24,229 --> 01:20:22,800

years ago we weren't particularly

2320

01:20:26,149 --> 01:20:24,239

interesting you know it was like you

2321

01:20:28,229 --> 01:20:26,159

know a bunch of people in caves what are

2322

01:20:30,149 --> 01:20:28,239

you gonna do come down i mean i love the

2323

01:20:31,750 --> 01:20:30,159

scene the opening scene in 2001 with the

2324

01:20:33,590 --> 01:20:31,760

monolith and the apes that i get it was

2325

01:20:35,030 --> 01:20:33,600

very cool loved every second of it one

2326

01:20:36,709 --> 01:20:35,040

of the greatest movies of all time but

2327

01:20:38,229 --> 01:20:36,719

let's face it yeah

2328

01:20:39,830 --> 01:20:38,239

you can put a monolith down that might

2329

01:20:41,510 --> 01:20:39,840

affect their behavior but hanging out

2330

01:20:43,750 --> 01:20:41,520

with them probably is not going to be a

2331

01:20:47,430 --> 01:20:43,760

particularly you know uh

2332

01:20:50,470 --> 01:20:47,440

engaging event but now we are fully

2333

01:20:51,830 --> 01:20:50,480

global high-tech space-faring still even

2334

01:20:54,629 --> 01:20:51,840

big we're not that we're not the we're

2335

01:20:56,870 --> 01:20:54,639

not the monkeys at the beginning of 2001

2336

01:20:59,750 --> 01:20:56,880

space odyssey that's why the timing is

2337

01:21:01,430 --> 01:20:59,760

what it is that's just our good fortune

2338

01:21:03,910 --> 01:21:01,440

we're also like different

2339

01:21:07,189 --> 01:21:03,920

technologically you know from than even

2340

01:21:09,430 --> 01:21:07,199

the 1990s you know now every kid yeah

2341

01:21:11,189 --> 01:21:09,440

every kid has a cell phone if the aerial

2342

01:21:13,350 --> 01:21:11,199

school phenomenon was to happen again

2343

01:21:16,310 --> 01:21:13,360

you'd have 60 different

2344

01:21:17,110 --> 01:21:16,320

camera yeah videos of of the occurrence

2345

01:21:20,470 --> 01:21:17,120

so

2346

01:21:21,830 --> 01:21:20,480

hidden for too long because eventually

2347

01:21:23,030 --> 01:21:21,840

somebody's going to capture something

2348

01:21:24,629 --> 01:21:23,040

that

2349

01:21:26,470 --> 01:21:24,639

they're going to have to answer to right

2350

01:21:29,910 --> 01:21:26,480

by the way it's worth noting that as the

2351

01:21:31,669 --> 01:21:29,920

number of cameras uh in the world in

2352

01:21:33,830 --> 01:21:31,679

that in the hands of people

2353

01:21:36,149 --> 01:21:33,840

exponentially increased to the hundreds

2354

01:21:37,910 --> 01:21:36,159

of millions and now billions

2355

01:21:39,669 --> 01:21:37,920

aerial school events don't seem to be

2356

01:21:42,070 --> 01:21:39,679

happening anymore do they

2357

01:21:42,950 --> 01:21:42,080

you don't have anything like that right

2358

01:21:43,990 --> 01:21:42,960

because

2359

01:21:46,149 --> 01:21:44,000

it would be

2360

01:21:47,030 --> 01:21:46,159

a little too much okay

2361

01:21:48,950 --> 01:21:47,040

uh

2362

01:21:51,430 --> 01:21:48,960

again pointing to the fact that there is

2363

01:21:54,830 --> 01:21:51,440

a very thought through agenda here

2364

01:21:57,030 --> 01:21:54,840

complex agenda it is not trivial it is

2365

01:21:58,070 --> 01:21:57,040

profound we just haven't seen the

2366

01:22:00,470 --> 01:21:58,080

ultimate

2367

01:22:03,270 --> 01:22:00,480

or at least the the first major

2368

01:22:04,470 --> 01:22:03,280

uh resolution of this agenda but i think

2369

01:22:06,550 --> 01:22:04,480

it's coming

2370

01:22:08,790 --> 01:22:06,560

uh i think the only thing that stands

2371

01:22:10,870 --> 01:22:08,800

now between us and that open contact

2372

01:22:13,270 --> 01:22:10,880

that i'm talking about

2373

01:22:15,830 --> 01:22:13,280

is disclosure and the only thing right

2374

01:22:17,110 --> 01:22:15,840

now standing between us and disclosure

2375

01:22:19,030 --> 01:22:17,120

is how soon they can get the

2376

01:22:22,629 --> 01:22:19,040

congressional hearings underway on the

2377

01:22:24,229 --> 01:22:22,639

hill and get 10 20 30 40 pick a number

2378

01:22:25,350 --> 01:22:24,239

there's this they'll be coming out of

2379

01:22:27,030 --> 01:22:25,360

the woodwork but they all have to be

2380

01:22:28,870 --> 01:22:27,040

vetted but the point is that there's

2381

01:22:30,149 --> 01:22:28,880

dozens several dozen right now that

2382

01:22:31,750 --> 01:22:30,159

could go up in the hill and testify

2383

01:22:34,070 --> 01:22:31,760

under oath to stuff that would blow your

2384

01:22:35,910 --> 01:22:34,080

mind right so as soon as those

2385

01:22:37,110 --> 01:22:35,920

testimonies begin

2386

01:22:38,470 --> 01:22:37,120

with hundreds of millions of people

2387

01:22:39,590 --> 01:22:38,480

around the world watching them rather

2388

01:22:41,270 --> 01:22:39,600

intently

2389

01:22:43,350 --> 01:22:41,280

it's pretty much the ball game and then

2390

01:22:44,470 --> 01:22:43,360

it's a question of a head of state to

2391

01:22:46,709 --> 01:22:44,480

simply

2392

01:22:49,669 --> 01:22:46,719

do the obvious and confirm so some

2393

01:22:51,030 --> 01:22:49,679

hearings disclosure two years open

2394

01:22:54,390 --> 01:22:51,040

contact

2395

01:22:56,310 --> 01:22:54,400

if

2396

01:22:58,709 --> 01:22:56,320

we go along with what i believe will be

2397

01:23:00,629 --> 01:22:58,719

their request

2398

01:23:01,669 --> 01:23:00,639

which is get rid of the nukes you people

2399

01:23:03,830 --> 01:23:01,679

come on

2400

01:23:05,910 --> 01:23:03,840

you're embarrassing yourselves

2401

01:23:06,870 --> 01:23:05,920

you're a joke in this part of the galaxy

2402

01:23:09,510 --> 01:23:06,880

i'm sorry

2403

01:23:11,270 --> 01:23:09,520

get rid of the nuke get rid of the nukes

2404

01:23:13,590 --> 01:23:11,280

suddenly some technologies start

2405

01:23:15,270 --> 01:23:13,600

becoming available to us that can deal

2406

01:23:17,510 --> 01:23:15,280

with the the problems that are keeping

2407

01:23:19,110 --> 01:23:17,520

us up all night yeah you know there's a

2408

01:23:20,390 --> 01:23:19,120

there's a there's a massive drought

2409

01:23:24,709 --> 01:23:20,400

coming

2410

01:23:26,629 --> 01:23:24,719

central america it's it's way along the

2411

01:23:29,910 --> 01:23:26,639

ways here it's in other parts of the

2412

01:23:31,750 --> 01:23:29,920

world you have no idea how unpleasant

2413

01:23:33,590 --> 01:23:31,760

humans can be

2414

01:23:36,070 --> 01:23:33,600

when they start dying until they start

2415

01:23:38,550 --> 01:23:36,080

dying of thirst okay it's worse than

2416

01:23:40,790 --> 01:23:38,560

dying of hunger all right

2417

01:23:42,390 --> 01:23:40,800

right you got food so you got some

2418

01:23:45,189 --> 01:23:42,400

energy but you're gonna die because you

2419

01:23:47,910 --> 01:23:45,199

have no water you get really upset and

2420

01:23:50,310 --> 01:23:47,920

unruly all right you want to see chaos

2421

01:23:52,229 --> 01:23:50,320

you want to see disruption

2422

01:23:54,790 --> 01:23:52,239

create a situation where the amount of

2423

01:23:57,110 --> 01:23:54,800

water needed to maintain eight billion

2424

01:23:59,750 --> 01:23:57,120

people becomes twenty percent of what we

2425

01:24:00,629 --> 01:23:59,760

have now that's coming massive fires is

2426

01:24:02,950 --> 01:24:00,639

coming

2427

01:24:05,510 --> 01:24:02,960

global sea

2428

01:24:06,790 --> 01:24:05,520

rise is coming diseases are starting to

2429

01:24:08,149 --> 01:24:06,800

spread they're emerging out of the

2430

01:24:09,669 --> 01:24:08,159

tundra some of which we've probably

2431

01:24:11,830 --> 01:24:09,679

never seen they're going to turn up

2432

01:24:13,910 --> 01:24:11,840

we've got pandemics that are challenging

2433

01:24:17,189 --> 01:24:13,920

the entire system we've got economic

2434

01:24:19,990 --> 01:24:17,199

problems uh and let's see and i'm

2435

01:24:22,070 --> 01:24:20,000

leaving some out um

2436

01:24:24,149 --> 01:24:22,080

and of course massive overpopulation oh

2437

01:24:26,709 --> 01:24:24,159

food crises those are coming

2438

01:24:27,590 --> 01:24:26,719

chaos right cats dogs living together

2439

01:24:29,030 --> 01:24:27,600

all right

2440

01:24:30,550 --> 01:24:29,040

all of that is coming

2441

01:24:33,270 --> 01:24:30,560

and and

2442

01:24:35,430 --> 01:24:33,280

if you really listen carefully

2443

01:24:37,189 --> 01:24:35,440

even to the optimist

2444

01:24:39,910 --> 01:24:37,199

nobody has the slightest idea how to

2445

01:24:41,430 --> 01:24:39,920

stop this right they got a few ideas

2446

01:24:42,709 --> 01:24:41,440

they turn up and they try to be positive

2447

01:24:44,629 --> 01:24:42,719

but when you when you look at the

2448

01:24:46,229 --> 01:24:44,639

problems and you look at

2449

01:24:48,229 --> 01:24:46,239

the solutions

2450

01:24:49,750 --> 01:24:48,239

and you're going it's not going to work

2451

01:24:52,550 --> 01:24:49,760

right it's like look

2452

01:24:54,870 --> 01:24:52,560

if we could put solar panels over just

2453

01:24:56,470 --> 01:24:54,880

five percent of the sahara desert we'd

2454

01:24:58,790 --> 01:24:56,480

have all the energy we needed oh there

2455

01:25:00,709 --> 01:24:58,800

you go let's start putting those solar

2456

01:25:02,870 --> 01:25:00,719

panels down there if we could get

2457

01:25:05,350 --> 01:25:02,880

another 100 million windmills out there

2458

01:25:07,110 --> 01:25:05,360

in the north sea and on and on and on if

2459

01:25:07,830 --> 01:25:07,120

we could clean up the garbage patch

2460

01:25:11,990 --> 01:25:07,840

right

2461

01:25:13,830 --> 01:25:12,000

if we could get rid of the nuclear

2462

01:25:14,870 --> 01:25:13,840

weapons

2463

01:25:17,830 --> 01:25:14,880

no

2464

01:25:20,390 --> 01:25:17,840

we haven't really solved anything

2465

01:25:21,750 --> 01:25:20,400

we we are showing concern we're showing

2466

01:25:22,790 --> 01:25:21,760

some passion

2467

01:25:26,709 --> 01:25:22,800

uh

2468

01:25:28,149 --> 01:25:26,719

mass shootings in the united states

2469

01:25:29,830 --> 01:25:28,159

we've already thrown our bands on i

2470

01:25:31,669 --> 01:25:29,840

can't stop that right and that's that's

2471

01:25:32,709 --> 01:25:31,679

gonna have lots of those that's just the

2472

01:25:34,310 --> 01:25:32,719

way it is

2473

01:25:37,110 --> 01:25:34,320

so

2474

01:25:40,070 --> 01:25:37,120

we have reached a point and this is why

2475

01:25:41,189 --> 01:25:40,080

health is declining addictions are on on

2476
01:25:44,390 --> 01:25:41,199
the rise

2477
01:25:46,950 --> 01:25:44,400
giving up

2478
01:25:48,470 --> 01:25:46,960
it's because the simple truth is

2479
01:25:50,390 --> 01:25:48,480
whether you sense it intellectually or

2480
01:25:53,030 --> 01:25:50,400
whether you just grok it

2481
01:25:55,030 --> 01:25:53,040
from common sense

2482
01:25:56,950 --> 01:25:55,040
is that we are faced with massive

2483
01:25:59,350 --> 01:25:56,960
problems that we cannot solve

2484
01:26:00,950 --> 01:25:59,360
that are going to make us miserable

2485
01:26:03,350 --> 01:26:00,960
it's going to shorten life it's going to

2486
01:26:05,750 --> 01:26:03,360
cause a lot of chaos and it's going to

2487
01:26:07,590 --> 01:26:05,760
make it harder to have hopes and dreams

2488
01:26:09,350 --> 01:26:07,600

i had this dream that my kid would one

2489

01:26:11,910 --> 01:26:09,360

day be the nobel prize you'll be lucky

2490

01:26:13,990 --> 01:26:11,920

if your kid makes it the 12th

2491

01:26:15,189 --> 01:26:14,000

okay so people lose their hope they lose

2492

01:26:17,669 --> 01:26:15,199

their dreams

2493

01:26:19,270 --> 01:26:17,679

they start living on the street in tents

2494

01:26:20,310 --> 01:26:19,280

they start roaming around american

2495

01:26:22,550 --> 01:26:20,320

cities

2496

01:26:26,470 --> 01:26:22,560

you know trailed by two three

2497

01:26:28,550 --> 01:26:26,480

you know grocery carts full of stuff

2498

01:26:29,830 --> 01:26:28,560

and people are going hey i'm an optimist

2499

01:26:31,910 --> 01:26:29,840

and it's all gonna work out it's all

2500

01:26:32,709 --> 01:26:31,920

gonna happen no it's not

2501

01:26:36,229 --> 01:26:32,719

so

2502

01:26:37,669 --> 01:26:36,239

downer here man i mean you know you're

2503

01:26:39,910 --> 01:26:37,679

bumming me out

2504

01:26:42,950 --> 01:26:39,920

so you know yeah and i like that right

2505

01:26:45,030 --> 01:26:42,960

when you shut up go away leave me alone

2506

01:26:47,270 --> 01:26:45,040

here's why i'm not gonna leave you alone

2507

01:26:51,189 --> 01:26:47,280

because in fact yeah we are at these

2508

01:26:52,950 --> 01:26:51,199

crisis points we have overpopulated uh

2509

01:26:54,470 --> 01:26:52,960

plundered the seas

2510

01:26:56,070 --> 01:26:54,480

done all the things that we shouldn't

2511

01:26:57,270 --> 01:26:56,080

have done that are not in our

2512

01:26:58,390 --> 01:26:57,280

self-interest

2513

01:26:59,830 --> 01:26:58,400

not the lethals which have spent

2514

01:27:01,669 --> 01:26:59,840

trillions of dollars on nuclear weapons

2515

01:27:03,830 --> 01:27:01,679

we could have spent on food

2516

01:27:05,270 --> 01:27:03,840

or building water purification plants or

2517

01:27:06,790 --> 01:27:05,280

whatever the hell no no we just built a

2518

01:27:08,229 --> 01:27:06,800

lot of nuclear weapons right yeah

2519

01:27:09,350 --> 01:27:08,239

absolutely

2520

01:27:10,950 --> 01:27:09,360

uh

2521

01:27:13,350 --> 01:27:10,960

the reason i'm saying these things is

2522

01:27:15,350 --> 01:27:13,360

that in fact there is an answer because

2523

01:27:17,110 --> 01:27:15,360

we are not the only people paying

2524

01:27:19,110 --> 01:27:17,120

attention yeah

2525

01:27:21,270 --> 01:27:19,120

non-human extraterrestrials have been

2526

01:27:23,830 --> 01:27:21,280

paying attention that's the slogan of

2527

01:27:26,629 --> 01:27:23,840

this podcast is are you paying attention

2528

01:27:28,629 --> 01:27:26,639

right yeah and we know a decent amount

2529

01:27:30,629 --> 01:27:28,639

about what they have done and some of

2530

01:27:33,270 --> 01:27:30,639

their things and and they've actually

2531

01:27:35,030 --> 01:27:33,280

said things to they've given messages to

2532

01:27:37,430 --> 01:27:35,040

contact these and so forth i mean we're

2533

01:27:39,669 --> 01:27:37,440

not totally in the dark here yeah and i

2534

01:27:41,750 --> 01:27:39,679

believe that that

2535

01:27:42,790 --> 01:27:41,760

our salvation and i hate to use that

2536

01:27:44,950 --> 01:27:42,800

term

2537

01:27:47,350 --> 01:27:44,960

but our way forward

2538

01:27:48,629 --> 01:27:47,360

with a viable planet that doesn't live

2539

01:27:51,189 --> 01:27:48,639

under

2540

01:27:53,189 --> 01:27:51,199

the risk of immediate annihilation

2541

01:27:55,990 --> 01:27:53,199

is to simply allow this process to

2542

01:27:58,070 --> 01:27:56,000

unfold as it's wanting to do

2543

01:28:01,270 --> 01:27:58,080

end the truth embargo

2544

01:28:03,270 --> 01:28:01,280

get formal acknowledgement

2545

01:28:05,030 --> 01:28:03,280

learn about ets

2546

01:28:07,110 --> 01:28:05,040

get as much information out as possible

2547

01:28:09,270 --> 01:28:07,120

so that people can learn and understand

2548

01:28:11,750 --> 01:28:09,280

and try to become comfortable with

2549

01:28:14,550 --> 01:28:11,760

a pretty big deal and then see what the

2550

01:28:16,950 --> 01:28:14,560

et's next move is

2551

01:28:18,790 --> 01:28:16,960

that's our way out of this all right

2552

01:28:20,709 --> 01:28:18,800

and if anybody's got another way out

2553

01:28:23,189 --> 01:28:20,719

better way hey i'm willing to listen to

2554

01:28:24,550 --> 01:28:23,199

them but i i'm i'm i you know the

2555

01:28:27,030 --> 01:28:24,560

futurists are out there i read their

2556

01:28:28,470 --> 01:28:27,040

stuff i read all this stuff and they're

2557

01:28:31,110 --> 01:28:28,480

i don't blame them they're they're

2558

01:28:33,189 --> 01:28:31,120

trying to be positive right look uh you

2559

01:28:36,709 --> 01:28:33,199

know this is what's coming but if we i

2560

01:28:39,430 --> 01:28:36,719

remember one one lecture ted lecture

2561

01:28:42,790 --> 01:28:39,440

i was a indian scientist

2562

01:28:44,070 --> 01:28:42,800

very sharp right very good and he was a

2563

01:28:45,270 --> 01:28:44,080

i guess you could play a population

2564

01:28:46,709 --> 01:28:45,280

scientist i think it was a phrase for

2565

01:28:48,550 --> 01:28:46,719

that i mean he is but he's a population

2566

01:28:50,629 --> 01:28:48,560

scientist and he gives this this

2567

01:28:52,870 --> 01:28:50,639

15-minute ted lecture

2568

01:28:53,750 --> 01:28:52,880

where he makes the case

2569

01:28:54,830 --> 01:28:53,760

that

2570

01:28:57,510 --> 01:28:54,840

we shouldn't worry about the

2571

01:28:58,390 --> 01:28:57,520

overpopulation thing

2572

01:29:00,310 --> 01:28:58,400

why

2573

01:29:02,709 --> 01:29:00,320

and he goes through all this you know

2574

01:29:05,189 --> 01:29:02,719

explanations about why

2575

01:29:07,830 --> 01:29:05,199

the global population is going to level

2576

01:29:09,990 --> 01:29:07,840

off at 9 billion as opposed to going on

2577

01:29:11,110 --> 01:29:10,000

to 12 15 billion and so forth right

2578

01:29:13,430 --> 01:29:11,120

which are pretty decent

2579

01:29:16,390 --> 01:29:13,440

after that right and he's you know he's

2580

01:29:18,149 --> 01:29:16,400

talking about procreation and stuff

2581

01:29:19,350 --> 01:29:18,159

and the effects of you know advancing

2582

01:29:21,430 --> 01:29:19,360

tech and all this stuff and he puts

2583

01:29:22,790 --> 01:29:21,440

together and he comes up with nine nine

2584

01:29:26,390 --> 01:29:22,800

billion

2585

01:29:30,950 --> 01:29:27,990

i would say i saw this about seven years

2586

01:29:32,790 --> 01:29:30,960

ago seven eight years ago

2587

01:29:34,550 --> 01:29:32,800

we're about to hit eight billion

2588

01:29:35,750 --> 01:29:34,560

in a month or two

2589

01:29:37,510 --> 01:29:35,760

okay

2590

01:29:39,430 --> 01:29:37,520

it's been up about a billion since i

2591

01:29:41,030 --> 01:29:39,440

think i saw that lecture

2592

01:29:43,110 --> 01:29:41,040

he wants us to believe that there's only

2593

01:29:46,470 --> 01:29:43,120

one more bill and levels off which by

2594

01:29:47,910 --> 01:29:46,480

the way if we had disclosure

2595

01:29:50,229 --> 01:29:47,920

some of the things that could come out

2596

01:29:51,669 --> 01:29:50,239

of that and open contact with et's could

2597

01:29:54,070 --> 01:29:51,679

in fact result in leveling the

2598

01:29:55,590 --> 01:29:54,080

population and what do i mean by that

2599

01:29:57,669 --> 01:29:55,600

i mean that

2600

01:29:59,110 --> 01:29:57,679

the ultimate answer to population

2601
01:30:00,709 --> 01:29:59,120
control

2602
01:30:03,030 --> 01:30:00,719
is not

2603
01:30:05,110 --> 01:30:03,040
a one-child policy

2604
01:30:09,030 --> 01:30:05,120
which technically could work but it's

2605
01:30:10,470 --> 01:30:09,040
it's it's got serious problems okay

2606
01:30:13,510 --> 01:30:10,480
the ultimate

2607
01:30:15,990 --> 01:30:13,520
solution to population

2608
01:30:18,070 --> 01:30:16,000
without infringing on

2609
01:30:19,350 --> 01:30:18,080
hugely infringing on people's rights

2610
01:30:22,070 --> 01:30:19,360
is really

2611
01:30:27,510 --> 01:30:22,080
really good birth control

2612
01:30:30,149 --> 01:30:27,520
uh what we have now is not that good

2613
01:30:31,590 --> 01:30:30,159

okay i'm sorry it's pretty friggin crude

2614

01:30:33,590 --> 01:30:31,600

okay

2615

01:30:34,790 --> 01:30:33,600

you know you you buy a box of rubbers

2616

01:30:36,950 --> 01:30:34,800

right and and then you'll read an

2617

01:30:39,189 --> 01:30:36,960

article well you know they're 98

2618

01:30:42,550 --> 01:30:39,199

effective they say that it feels like

2619

01:30:43,990 --> 01:30:42,560

nothing they're liars 98 effective it's

2620

01:30:45,830 --> 01:30:44,000

you know if you've got a one in 50

2621

01:30:47,910 --> 01:30:45,840

chance and you're gonna have to support

2622

01:30:49,750 --> 01:30:47,920

a kid the rest of your life yeah i don't

2623

01:30:51,350 --> 01:30:49,760

think so but no no really good

2624

01:30:53,110 --> 01:30:51,360

technology that that

2625

01:30:55,030 --> 01:30:53,120

do they eat you think the et's have that

2626

01:30:57,270 --> 01:30:55,040

oh god yes

2627

01:30:58,790 --> 01:30:57,280

hell of course they do and so that may

2628

01:31:00,390 --> 01:30:58,800

be one of the things they may say look

2629

01:31:01,590 --> 01:31:00,400

we have the kind of tech that gives you

2630

01:31:03,350 --> 01:31:01,600

you know safe

2631

01:31:05,189 --> 01:31:03,360

secure

2632

01:31:07,030 --> 01:31:05,199

you know user choice

2633

01:31:09,110 --> 01:31:07,040

advanced technology so that you can you

2634

01:31:10,950 --> 01:31:09,120

can simply avoid having

2635

01:31:15,590 --> 01:31:10,960

children right if you do not want to or

2636

01:31:16,550 --> 01:31:15,600

limit the family uh and and so forth uh

2637

01:31:19,350 --> 01:31:16,560

wow

2638

01:31:22,149 --> 01:31:19,360

that's a game changer which means that

2639

01:31:23,669 --> 01:31:22,159

we say we do level off at nine billion

2640

01:31:26,229 --> 01:31:23,679

but then we have other tech that's

2641

01:31:28,070 --> 01:31:26,239

building up our resources new advanced

2642

01:31:29,990 --> 01:31:28,080

energy systems cheaper energy and the

2643

01:31:32,229 --> 01:31:30,000

next thing you know you've got more

2644

01:31:34,629 --> 01:31:32,239

water more energy more resources but for

2645

01:31:36,390 --> 01:31:34,639

the same amount of people and i'm bill

2646

01:31:37,590 --> 01:31:36,400

and so that means the quality of life of

2647

01:31:39,510 --> 01:31:37,600

the nine build just get her better

2648

01:31:41,430 --> 01:31:39,520

better and better and better and if the

2649

01:31:43,750 --> 01:31:41,440

technology does allow to even reduce the

2650

01:31:45,750 --> 01:31:43,760

population there's no sin there

2651
01:31:47,430 --> 01:31:45,760
again if it's a choice of the human race

2652
01:31:49,750 --> 01:31:47,440
and it's not based upon

2653
01:31:51,189 --> 01:31:49,760
men's sperm drying up so you can't even

2654
01:31:53,510 --> 01:31:51,199
have a kid right which is kind of what's

2655
01:31:55,350 --> 01:31:53,520
happening now which is kind of not cool

2656
01:31:57,189 --> 01:31:55,360
but just really great technology live

2657
01:31:58,629 --> 01:31:57,199
your life and whatever you know have all

2658
01:31:59,830 --> 01:31:58,639
the sex you want but you're not going to

2659
01:32:00,790 --> 01:31:59,840
have you're not going to have unwanted

2660
01:32:02,790 --> 01:32:00,800
children

2661
01:32:04,470 --> 01:32:02,800
maybe the population starts coming down

2662
01:32:05,350 --> 01:32:04,480
and now you've got the population by the

2663
01:32:07,189 --> 01:32:05,360

way

2664

01:32:08,950 --> 01:32:07,199

six billion people on the planet it's a

2665

01:32:11,350 --> 01:32:08,960

good it's a large number of people it's

2666

01:32:13,110 --> 01:32:11,360

just about um we'll be fine okay yeah

2667

01:32:15,270 --> 01:32:13,120

we're not losing anything because of

2668

01:32:16,709 --> 01:32:15,280

that see so as now the resources are

2669

01:32:19,590 --> 01:32:16,719

going up through new technology

2670

01:32:21,030 --> 01:32:19,600

developments possibly et facilitated and

2671

01:32:24,790 --> 01:32:21,040

the population is coming down the

2672

01:32:26,870 --> 01:32:24,800

quality of life is now really taking off

2673

01:32:28,629 --> 01:32:26,880

what i'm describing here gentlemen is

2674

01:32:31,990 --> 01:32:28,639

not some grotesque science fiction

2675

01:32:34,229 --> 01:32:32,000

fantasy it is a logical obvious outcome

2676

01:32:36,709 --> 01:32:34,239

of what we're seeing unfold

2677

01:32:38,950 --> 01:32:36,719

now there may be a an aspect of this

2678

01:32:40,550 --> 01:32:38,960

that's this off it could be the et's

2679

01:32:41,990 --> 01:32:40,560

just want to disclose

2680

01:32:43,430 --> 01:32:42,000

and once we've confirmed they're here

2681

01:32:45,110 --> 01:32:43,440

they come down and say okay look here's

2682

01:32:47,189 --> 01:32:45,120

the let's get rid of the nukes and we'll

2683

01:32:48,790 --> 01:32:47,199

leave you alone okay

2684

01:32:50,790 --> 01:32:48,800

uh we're not gonna give you any tech we

2685

01:32:52,870 --> 01:32:50,800

don't wanna we want you to do it on your

2686

01:32:54,870 --> 01:32:52,880

own right but you know

2687

01:32:56,310 --> 01:32:54,880

you'll be more proud of it if you do it

2688

01:32:57,990 --> 01:32:56,320

on your own might take you hundreds of

2689

01:32:59,990 --> 01:32:58,000

more years no big deal

2690

01:33:01,910 --> 01:33:00,000

okay maybe they'll do that maybe they

2691

01:33:05,030 --> 01:33:01,920

won't i'm just giving you what is the

2692

01:33:06,950 --> 01:33:05,040

logical scenario assuming that their

2693

01:33:08,870 --> 01:33:06,960

reasoning process

2694

01:33:09,590 --> 01:33:08,880

is roughly

2695

01:33:12,310 --> 01:33:09,600

uh

2696

01:33:15,189 --> 01:33:12,320

corresponds to what we're seeing their

2697

01:33:16,950 --> 01:33:15,199

activity now okay what we do know about

2698

01:33:18,470 --> 01:33:16,960

them does it correspond to that and by

2699

01:33:20,470 --> 01:33:18,480

and large what i'm saying does

2700

01:33:22,390 --> 01:33:20,480

correspond to that all right but

2701
01:33:25,189 --> 01:33:22,400
anything could change at any time

2702
01:33:27,189 --> 01:33:25,199
who knows but again

2703
01:33:29,590 --> 01:33:27,199
you can't not deal with this and not try

2704
01:33:31,030 --> 01:33:29,600
to project out outcomes

2705
01:33:33,430 --> 01:33:31,040
and the outcomes i'm projecting are

2706
01:33:35,510 --> 01:33:33,440
pretty profound and significant

2707
01:33:36,470 --> 01:33:35,520
and given all that we're going through

2708
01:33:39,110 --> 01:33:36,480
right now

2709
01:33:41,189 --> 01:33:39,120
the idea of being able to reasonably

2710
01:33:43,030 --> 01:33:41,199
project an extraordinary outcome for the

2711
01:33:43,990 --> 01:33:43,040
human race in a relatively short amount

2712
01:33:45,830 --> 01:33:44,000
of time

2713
01:33:47,590 --> 01:33:45,840

i don't think that's a bad thing i i

2714

01:33:50,390 --> 01:33:47,600

think anybody that wants to sign on to

2715

01:33:51,590 --> 01:33:50,400

that is probably helping themselves out

2716

01:33:53,030 --> 01:33:51,600

in other words i'm not trying to build a

2717

01:33:54,550 --> 01:33:53,040

cult here i'm simply saying that

2718

01:33:55,669 --> 01:33:54,560

understanding what i'm saying might just

2719

01:33:57,510 --> 01:33:55,679

give you a reason to get up in the

2720

01:33:59,110 --> 01:33:57,520

morning and not you know think what the

2721

01:34:04,870 --> 01:33:59,120

hell is the point

2722

01:34:06,149 --> 01:34:04,880

want a great future for my three little

2723

01:34:07,669 --> 01:34:06,159

girls one of them's going to become

2724

01:34:10,149 --> 01:34:07,679

president evan's going to be a nuclear

2725

01:34:12,790 --> 01:34:10,159

scientist and then i turn on the news

2726

01:34:14,629 --> 01:34:12,800

and lavrov right the foreign policy guy

2727

01:34:15,669 --> 01:34:14,639

from russia is talking about the fact

2728

01:34:20,149 --> 01:34:15,679

that their

2729

01:34:21,270 --> 01:34:20,159

their now extent hypersonic missiles are

2730

01:34:22,550 --> 01:34:21,280

merved

2731

01:34:24,550 --> 01:34:22,560

all right

2732

01:34:26,790 --> 01:34:24,560

they move so fast and maneuver there's

2733

01:34:29,110 --> 01:34:26,800

no way in hell you can stop them

2734

01:34:32,709 --> 01:34:29,120

each one of the 12 missiles in that mirv

2735

01:34:34,870 --> 01:34:32,719

is at 1.2 kilo kilogram tons of megatons

2736

01:34:36,870 --> 01:34:34,880

rather and so consequently we launch one

2737

01:34:39,110 --> 01:34:36,880

of those we can destroy most of europe

2738

01:34:41,590 --> 01:34:39,120

with a single hypersonic missile i'm not

2739

01:34:43,990 --> 01:34:41,600

making this up all right and so now

2740

01:34:45,669 --> 01:34:44,000

you're thinking yeah gee maybe my

2741

01:34:46,950 --> 01:34:45,679

daughters don't have much of the future

2742

01:34:49,030 --> 01:34:46,960

here

2743

01:34:51,830 --> 01:34:49,040

can you imagine we live in that kind of

2744

01:34:53,990 --> 01:34:51,840

cognizant dissonance every damn day all

2745

01:34:55,750 --> 01:34:54,000

right we we think about the future for

2746

01:34:56,870 --> 01:34:55,760

ourselves and our kids and in the human

2747

01:34:58,149 --> 01:34:56,880

race and the next thing you know we're

2748

01:35:00,550 --> 01:34:58,159

watching the news and basically we're

2749

01:35:02,149 --> 01:35:00,560

talking it's your [h__h] dude yeah right

2750

01:35:04,310 --> 01:35:02,159

it's over it's done

2751

01:35:06,390 --> 01:35:04,320

right you're thinking you know wow man i

2752

01:35:08,950 --> 01:35:06,400

just love being out here in california

2753

01:35:10,790 --> 01:35:08,960

or arizona whatever and and boy i think

2754

01:35:12,390 --> 01:35:10,800

you know i bought a house and i'm gonna

2755

01:35:14,470 --> 01:35:12,400

give it to my kids and then you turn on

2756

01:35:16,629 --> 01:35:14,480

the news and lake mead is down to like

2757

01:35:18,709 --> 01:35:16,639

50 feet or whatever the hell it it's so

2758

01:35:20,390 --> 01:35:18,719

low the whole civilizations are emerging

2759

01:35:21,910 --> 01:35:20,400

out of the lake that and there's

2760

01:35:22,950 --> 01:35:21,920

actually talk about the fact that very

2761

01:35:24,310 --> 01:35:22,960

soon it's going to reach a point where

2762

01:35:25,910 --> 01:35:24,320

it doesn't flow

2763

01:35:28,310 --> 01:35:25,920

it's called it becomes a dead i think

2764

01:35:31,030 --> 01:35:28,320

they call it a dead

2765

01:35:32,870 --> 01:35:31,040

dead lake or dead something meaning that

2766

01:35:35,669 --> 01:35:32,880

it doesn't flow so since it's not

2767

01:35:37,430 --> 01:35:35,679

flowing there's no hydro power so not

2768

01:35:39,750 --> 01:35:37,440

only have we just run out of water we

2769

01:35:41,109 --> 01:35:39,760

just lost all the hydro power from over

2770

01:35:42,790 --> 01:35:41,119

10.

2771

01:35:45,430 --> 01:35:42,800

this this was in the news just about

2772

01:35:47,109 --> 01:35:45,440

three days ago okay and i'm not i'm not

2773

01:35:48,070 --> 01:35:47,119

reading bizarre

2774

01:35:49,910 --> 01:35:48,080

you know

2775

01:35:52,790 --> 01:35:49,920

media where they come up with all these

2776

01:35:55,669 --> 01:35:52,800

uh crisis stories just to sell paper i'm

2777

01:35:56,390 --> 01:35:55,679

talking about the main stream media all

2778

01:35:58,470 --> 01:35:56,400

right

2779

01:36:01,590 --> 01:35:58,480

quality journalism

2780

01:36:03,270 --> 01:36:01,600

now this is and people wonder why

2781

01:36:05,189 --> 01:36:03,280

everybody's uptight

2782

01:36:07,030 --> 01:36:05,199

they wonder why everybody's on opiates

2783

01:36:09,830 --> 01:36:07,040

how can you not be

2784

01:36:12,149 --> 01:36:09,840

i mean it's just insane the fundamental

2785

01:36:13,750 --> 01:36:12,159

rationales for existence are being

2786

01:36:15,510 --> 01:36:13,760

stripped away from us

2787

01:36:17,189 --> 01:36:15,520

by the realities of what we've created

2788

01:36:19,109 --> 01:36:17,199

and where we are

2789

01:36:21,750 --> 01:36:19,119

and that's not good

2790

01:36:23,590 --> 01:36:21,760

uh but as it happens

2791

01:36:26,149 --> 01:36:23,600

this is all taking place at a time when

2792

01:36:29,109 --> 01:36:26,159

the et engagement is accelerating

2793

01:36:31,590 --> 01:36:29,119

and and uh manifesting itself and maybe

2794

01:36:33,270 --> 01:36:31,600

reaching a climax so

2795

01:36:34,390 --> 01:36:33,280

that's that's the world that i live in

2796

01:36:36,629 --> 01:36:34,400

that is

2797

01:36:38,149 --> 01:36:36,639

the the things i think about as i go

2798

01:36:39,990 --> 01:36:38,159

about my business i don't have any kids

2799

01:36:41,270 --> 01:36:40,000

so it's not one of those things you know

2800

01:36:42,550 --> 01:36:41,280

i'm not trying to build a great world

2801
01:36:44,310 --> 01:36:42,560
for my kids

2802
01:36:45,350 --> 01:36:44,320
i'm trying to build a big role for some

2803
01:36:48,070 --> 01:36:45,360
other kids

2804
01:36:50,629 --> 01:36:48,080
uh other people's kids but uh

2805
01:36:52,950 --> 01:36:50,639
this this is the way i deal with this

2806
01:36:55,189 --> 01:36:52,960
and even even that

2807
01:36:57,030 --> 01:36:55,199
even though i have this understanding

2808
01:36:59,430 --> 01:36:57,040
and i have this strong feeling of these

2809
01:37:01,430 --> 01:36:59,440
possibilities

2810
01:37:02,950 --> 01:37:01,440
when putin invaded

2811
01:37:04,550 --> 01:37:02,960
well of course the troops were building

2812
01:37:07,750 --> 01:37:04,560
up for weeks but when he finally invaded

2813
01:37:08,709 --> 01:37:07,760

the ukraine i was very upset i got very

2814

01:37:10,790 --> 01:37:08,719

upset

2815

01:37:12,870 --> 01:37:10,800

uh i sort of lost it you know i i was

2816

01:37:14,950 --> 01:37:12,880

just you know

2817

01:37:17,109 --> 01:37:14,960

ranting and raving i was ranting to some

2818

01:37:18,470 --> 01:37:17,119

of my friends on the phone and a couple

2819

01:37:19,830 --> 01:37:18,480

of them had heard more than they needed

2820

01:37:22,149 --> 01:37:19,840

to hear and i hadn't heard from them in

2821

01:37:24,470 --> 01:37:22,159

a while i think i just went too far

2822

01:37:26,390 --> 01:37:24,480

but it just it was just

2823

01:37:27,270 --> 01:37:26,400

i couldn't believe that everything we

2824

01:37:29,189 --> 01:37:27,280

know

2825

01:37:30,550 --> 01:37:29,199

and have learned over the last many

2826

01:37:32,470 --> 01:37:30,560

years

2827

01:37:34,709 --> 01:37:32,480

that it was still possible

2828

01:37:36,870 --> 01:37:34,719

for an autocrat

2829

01:37:38,950 --> 01:37:36,880

you know reaching old age who probably

2830

01:37:40,870 --> 01:37:38,960

you know his prostate's the size of a

2831

01:37:42,229 --> 01:37:40,880

cantaloupe and he can't have sex anymore

2832

01:37:44,149 --> 01:37:42,239

whatever the hell

2833

01:37:45,430 --> 01:37:44,159

and and he's decided i think i'll just

2834

01:37:46,950 --> 01:37:45,440

invade a country because i want to be

2835

01:37:49,030 --> 01:37:46,960

peter the great when i die and i'm

2836

01:37:50,149 --> 01:37:49,040

thinking are you kidding me

2837

01:37:51,270 --> 01:37:50,159

you know

2838

01:37:52,310 --> 01:37:51,280

really

2839

01:37:54,149 --> 01:37:52,320

i mean you

2840

01:37:56,310 --> 01:37:54,159

you haven't learned anything vlad in all

2841

01:37:58,310 --> 01:37:56,320

these years you haven't studied history

2842

01:37:59,669 --> 01:37:58,320

you don't know anything about where the

2843

01:38:01,189 --> 01:37:59,679

world is now

2844

01:38:04,310 --> 01:38:01,199

that you're going to do something like

2845

01:38:06,149 --> 01:38:04,320

that it seems little school doesn't it

2846

01:38:07,750 --> 01:38:06,159

it seems little school like it seems

2847

01:38:09,910 --> 01:38:07,760

like yeah attacking the country it's

2848

01:38:12,470 --> 01:38:09,920

just it's posse at this point it's

2849

01:38:15,030 --> 01:38:12,480

medieval yeah right you know i mean if

2850

01:38:16,470 --> 01:38:15,040

if if he had his troops down there you

2851
01:38:18,790 --> 01:38:16,480
know throwing

2852
01:38:21,109 --> 01:38:18,800
you know pieces of animals that had the

2853
01:38:22,870 --> 01:38:21,119
plague over the you know the walls of

2854
01:38:26,070 --> 01:38:22,880
cities in order to spread the plague in

2855
01:38:28,070 --> 01:38:26,080
order to it would be it would be no less

2856
01:38:30,149 --> 01:38:28,080
yeah it would be just as medieval i mean

2857
01:38:31,669 --> 01:38:30,159
this is this is awful and so it it

2858
01:38:32,550 --> 01:38:31,679
really upset me

2859
01:38:37,189 --> 01:38:32,560
uh

2860
01:38:38,149 --> 01:38:37,199
when will this madness end

2861
01:38:42,950 --> 01:38:38,159
china

2862
01:38:45,830 --> 01:38:42,960
and look how big it is it's bigger the

2863
01:38:48,229 --> 01:38:45,840

united states huge country and then next

2864

01:38:52,629 --> 01:38:48,239

to you got this tiny little thing you

2865

01:38:56,550 --> 01:38:55,430

china is is talking about blowing up the

2866

01:38:59,910 --> 01:38:56,560

world

2867

01:39:01,189 --> 01:38:59,920

if it can't have that little tiny thing

2868

01:39:02,390 --> 01:39:01,199

because of their

2869

01:39:04,870 --> 01:39:02,400

pride

2870

01:39:08,070 --> 01:39:04,880

their their self-importance

2871

01:39:10,830 --> 01:39:08,080

right it's a matter of principle okay we

2872

01:39:13,270 --> 01:39:10,840

must have that island all

2873

01:39:14,629 --> 01:39:13,280

right and it's also racist because

2874

01:39:16,390 --> 01:39:14,639

unfortunately there is a huge amount of

2875

01:39:17,669 --> 01:39:16,400

racism in china they believe they are

2876

01:39:20,229 --> 01:39:17,679

they are in fact the

2877

01:39:22,629 --> 01:39:20,239

the the uh uh

2878

01:39:23,830 --> 01:39:22,639

the supreme race which is a problem we

2879

01:39:26,629 --> 01:39:23,840

have too

2880

01:39:28,709 --> 01:39:26,639

right but there's more of them and and i

2881

01:39:31,030 --> 01:39:28,719

hope that that can get resolved someday

2882

01:39:33,189 --> 01:39:31,040

yeah but you know in other words one

2883

01:39:34,790 --> 01:39:33,199

reason not to be a supremacist about

2884

01:39:37,830 --> 01:39:34,800

your race is because you're not the only

2885

01:39:41,669 --> 01:39:37,840

race okay uh but in any event

2886

01:39:44,149 --> 01:39:41,679

it's it's grotesque it's just grotesque

2887

01:39:46,950 --> 01:39:44,159

we know so much now we know so much of

2888

01:39:48,870 --> 01:39:46,960

history we don't know it's recorded

2889

01:39:50,629 --> 01:39:48,880

and yet you've got these leaders that

2890

01:39:52,629 --> 01:39:50,639

are acting like

2891

01:39:54,950 --> 01:39:52,639

they just arrived here yesterday or

2892

01:39:56,310 --> 01:39:54,960

they've been in a coma for the last 60

2893

01:39:59,189 --> 01:39:56,320

years and they just woke up and they're

2894

01:40:00,470 --> 01:39:59,199

going isn't it 1930 or something i mean

2895

01:40:01,830 --> 01:40:00,480

aren't we supposed to be having a war

2896

01:40:03,430 --> 01:40:01,840

here

2897

01:40:06,310 --> 01:40:03,440

it's just

2898

01:40:08,870 --> 01:40:06,320

you know i mean i'm an anti-war guy

2899

01:40:11,030 --> 01:40:08,880

but it's not just because you know i

2900

01:40:13,669 --> 01:40:11,040

hate to see people shooting each other

2901

01:40:15,109 --> 01:40:13,679

war is more than just that yeah it's a

2902

01:40:17,590 --> 01:40:15,119

mindset

2903

01:40:19,350 --> 01:40:17,600

that lies behind and undermines almost

2904

01:40:21,830 --> 01:40:19,360

everything else of that

2905

01:40:24,709 --> 01:40:21,840

well let's hope with the et disclosure

2906

01:40:27,270 --> 01:40:24,719

that that mindset changes and that's uh

2907

01:40:29,910 --> 01:40:27,280

yeah that's the idea to it uh steve i

2908

01:40:31,910 --> 01:40:29,920

appreciate your time um coming on to the

2909

01:40:33,510 --> 01:40:31,920

uap studies uh louie do you have any

2910

01:40:35,109 --> 01:40:33,520

final questions for our guest yeah i

2911

01:40:38,070 --> 01:40:35,119

also just want to extend a very warm

2912

01:40:40,229 --> 01:40:38,080

thanks i mean your limit is none right

2913

01:40:42,470 --> 01:40:40,239

you are limitly you're actually

2914

01:40:44,550 --> 01:40:42,480

limitless in terms of your information

2915

01:40:47,270 --> 01:40:44,560

uh and your willingness to discuss it

2916

01:40:49,590 --> 01:40:47,280

and not sugarcoat it and just no

2917

01:40:50,550 --> 01:40:49,600

[h__h] and we pride ourselves on being

2918

01:40:52,390 --> 01:40:50,560

the same

2919

01:40:53,990 --> 01:40:52,400

and uh you're definitely a perfect fit

2920

01:40:55,830 --> 01:40:54,000

for our show we really enjoyed having

2921

01:40:57,750 --> 01:40:55,840

you and uh we'd love to have you again

2922

01:40:59,189 --> 01:40:57,760

sometime and pick up where we left off

2923

01:41:00,870 --> 01:40:59,199

okay two more things one paradigm

2924

01:41:02,390 --> 01:41:00,880

research group.org learn how to spell

2925

01:41:03,669 --> 01:41:02,400

paradigms you want to live in the 26th

2926

01:41:05,510 --> 01:41:03,679

century baby 21st century

2927

01:41:08,229 --> 01:41:05,520

p-a-r-a-d-i-g-n

2928

01:41:10,310 --> 01:41:08,239

check out the print media archive okay

2929

01:41:11,990 --> 01:41:10,320

for sure all right

2930

01:41:13,030 --> 01:41:12,000

and lastly

2931

01:41:14,310 --> 01:41:13,040

and i know there's some people that are

2932

01:41:15,669 --> 01:41:14,320

not going to like to hear this right

2933

01:41:17,510 --> 01:41:15,679

because you know right now everybody's

2934

01:41:19,030 --> 01:41:17,520

pissing on everybody else right you know

2935

01:41:20,229 --> 01:41:19,040

everybody's got pissing on everybody so

2936

01:41:23,510 --> 01:41:20,239

nobody's

2937

01:41:25,510 --> 01:41:23,520

escaping it but you know i i i i don't

2938

01:41:27,109 --> 01:41:25,520

shy from this

2939

01:41:29,430 --> 01:41:27,119

really what it comes down to

2940

01:41:32,390 --> 01:41:29,440

is we need to have disclosure

2941

01:41:35,990 --> 01:41:32,400

and we need to have reform and if we're

2942

01:41:38,870 --> 01:41:36,000

lucky in 10 15 years

2943

01:41:40,870 --> 01:41:38,880

the whole world will be like canada

2944

01:41:43,189 --> 01:41:40,880

we're home free let's all absolutely get

2945

01:41:44,629 --> 01:41:43,199

that we take pride in that as well one

2946

01:41:45,830 --> 01:41:44,639

giant candidate i'm not saying we all

2947

01:41:47,910 --> 01:41:45,840

have canadian government i'm just saying

2948

01:41:49,430 --> 01:41:47,920

if we all were like canada

2949

01:41:50,790 --> 01:41:49,440

does anybody really think that that's

2950

01:41:52,790 --> 01:41:50,800

not going to be a better outcome that's

2951
01:41:55,109 --> 01:41:52,800
not going to be a greater place to live

2952
01:41:58,229 --> 01:41:55,119
right i mean global politeness just

2953
01:42:00,629 --> 01:41:58,239
springing up everywhere right uh

2954
01:42:02,390 --> 01:42:00,639
what would ryan reynolds do

2955
01:42:04,229 --> 01:42:02,400
absolutely what would brian do and not

2956
01:42:06,470 --> 01:42:04,239
only that we you know we have you know

2957
01:42:08,070 --> 01:42:06,480
even more comics emerging uh

2958
01:42:09,830 --> 01:42:08,080
uh because canada for some reason is

2959
01:42:10,870 --> 01:42:09,840
like a comic comedian generator but i'm

2960
01:42:15,030 --> 01:42:10,880
just

2961
01:42:17,030 --> 01:42:15,040
there are examples of very good working

2962
01:42:20,149 --> 01:42:17,040
countries none of which are without

2963
01:42:21,990 --> 01:42:20,159

problems but assuming one is not clouded

2964

01:42:24,149 --> 01:42:22,000

in their biases and just looks

2965

01:42:27,109 --> 01:42:24,159

objectively there are examples of

2966

01:42:28,550 --> 01:42:27,119

extremely successful countries out there

2967

01:42:31,350 --> 01:42:28,560

uh

2968

01:42:33,270 --> 01:42:31,360

that but for whatever reason

2969

01:42:34,870 --> 01:42:33,280

other countries that need to change will

2970

01:42:36,550 --> 01:42:34,880

refuse to model

2971

01:42:37,270 --> 01:42:36,560

it means you know like

2972

01:42:44,470 --> 01:42:37,280

i

2973

01:42:45,669 --> 01:42:44,480

we're the best

2974

01:42:47,030 --> 01:42:45,679

right and we're going to keep doing what

2975

01:42:49,669 --> 01:42:47,040

we're doing because it's what makes us

2976

01:42:50,870 --> 01:42:49,679

the best instead of you know

2977

01:42:52,310 --> 01:42:50,880

you know we

2978

01:42:54,070 --> 01:42:52,320

we uh

2979

01:42:55,830 --> 01:42:54,080

we might learn from that country that

2980

01:42:57,350 --> 01:42:55,840

there's some good things going on there

2981

01:42:59,030 --> 01:42:57,360

uh michael moore made it made a

2982

01:43:00,390 --> 01:42:59,040

documentary right i don't know if you

2983

01:43:03,109 --> 01:43:00,400

remember you ever saw it it's called who

2984

01:43:05,350 --> 01:43:03,119

do we invade next i recommend it to your

2985

01:43:07,590 --> 01:43:05,360

your listeners it's it's not the title

2986

01:43:08,629 --> 01:43:07,600

is not what you think and i think that's

2987

01:43:09,990 --> 01:43:08,639

one of the problems it's one of the

2988

01:43:11,669 --> 01:43:10,000

reasons it didn't do better is because

2989

01:43:13,430 --> 01:43:11,679

it the title is somewhat misleading but

2990

01:43:15,669 --> 01:43:13,440

once you watch it you get it who do we

2991

01:43:17,910 --> 01:43:15,679

invade next whatever anyway guys thanks

2992

01:43:19,590 --> 01:43:17,920

a lot anytime you need me short notice

2993

01:43:25,120 --> 01:43:19,600

you get a last minute cancellation wake
