very good man i'm excited uh today we

4  
00:00:10,709 --> 00:00:08,240  
got a science-minded guy a member of the

5  
00:00:13,110 --> 00:00:10,719  
scientific coalition for uap studies

6  
00:00:14,789 --> 00:00:13,120  
very well known uh and we touched on a

7  
00:00:21,630 --> 00:00:14,799  
lot of different topics it's gonna be a

8  
00:00:42,470 --> 00:00:35,440  
[Music]

9  
00:00:45,910 --> 00:00:44,150  
all right here we are boy i gotta tell

10  
00:00:48,069 --> 00:00:45,920  
you jay i love that new video intro that

11  
00:00:49,750 --> 00:00:48,079  
we're running man that thing is awesome

12  
00:00:51,990 --> 00:00:49,760  
took a little bit of time from our uh

13  
00:00:55,430 --> 00:00:52,000

our video guy but uh was well worth it

14

00:00:57,430 --> 00:00:55,440

so yeah no i i think he was well worth

15

00:00:58,869 --> 00:00:57,440

the money we spent on him anyways yeah

16

00:01:00,229 --> 00:00:58,879

what are we what are we paying him right

17

00:01:02,069 --> 00:01:00,239

now

18

00:01:04,149 --> 00:01:02,079

nothing i think all right well tell him

19

00:01:07,030 --> 00:01:04,159

he can go ahead and double that

20

00:01:08,789 --> 00:01:07,040

great job okay fair enough i want to get

21

00:01:10,950 --> 00:01:08,799

right into it today we have an esteemed

22

00:01:13,350 --> 00:01:10,960

guest with us he is a board member of

23

00:01:15,749 --> 00:01:13,360

the scientific coalition of uap studies

24

00:01:16,870 --> 00:01:15,759

uh he's also one of the directors of pr

25

00:01:18,789 --> 00:01:16,880

gentlemen has appeared on many

26

00:01:21,030 --> 00:01:18,799

television programs

27

00:01:22,789 --> 00:01:21,040

podcasts you've seen them on tv you've

28

00:01:23,910 --> 00:01:22,799

seen them on the internet and he's a

29

00:01:26,469 --> 00:01:23,920

good friend of the show so we want to

30

00:01:28,950 --> 00:01:26,479

welcome mr alejandro rojas

31

00:01:31,030 --> 00:01:28,960

hello thank you thanks for having me

32

00:01:32,630 --> 00:01:31,040

thanks for being here so uh for those of

33

00:01:34,069 --> 00:01:32,640

our viewers and listeners that don't

34

00:01:35,990 --> 00:01:34,079

quite know who you are maybe give us a

35

00:01:38,390 --> 00:01:36,000

little bit about your background and uh

36

00:01:41,510 --> 00:01:38,400

what got you into paranormal and uap

37

00:01:43,950 --> 00:01:41,520

type research yeah you know what uh

38

00:01:47,749 --> 00:01:43,960

they're actually at the seu website

39

00:01:49,510 --> 00:01:47,759

explorersu.org our latest journal has an

40

00:01:50,950 --> 00:01:49,520

interview that one of my colleagues did

41

00:01:52,550 --> 00:01:50,960

with me so you can really get my

42

00:01:55,190 --> 00:01:52,560

background in there

43

00:01:59,270 --> 00:01:55,200

if you want more but otherwise you know

44

00:02:01,990 --> 00:01:59,280

i have i got the bug for this topic in

45

00:02:03,670 --> 00:02:02,000

journalism school um you know i noticed

46

00:02:05,350 --> 00:02:03,680

that there's some credible stuff out

47

00:02:07,350 --> 00:02:05,360

there that's not being covered i felt

48

00:02:10,070 --> 00:02:07,360

that it wasn't being covered as we would

49

00:02:11,510 --> 00:02:10,080

cover any normal topic so i picked up

50

00:02:12,869 --> 00:02:11,520

the beat uh

51

00:02:14,630 --> 00:02:12,879

along the way

52

00:02:16,949 --> 00:02:14,640

got involved with mufon i lived by

53

00:02:18,869 --> 00:02:16,959

headquarters so i was uh one of their

54

00:02:20,390 --> 00:02:18,879

functional directors and in their board

55

00:02:22,470 --> 00:02:20,400

meetings and

56

00:02:25,110 --> 00:02:22,480

their spokesperson for a period of time

57

00:02:27,190 --> 00:02:25,120

in like the early 2000s

58

00:02:29,589 --> 00:02:27,200

um

59

00:02:31,670 --> 00:02:29,599

and then got a job with this uh

60

00:02:33,430 --> 00:02:31,680

openminds tv this guy who wanted to

61

00:02:35,509 --> 00:02:33,440

start a website and figure out what's

62

00:02:37,910 --> 00:02:35,519

going on with ufos

63

00:02:38,790 --> 00:02:37,920

we did kind of a newsy type of thing

64

00:02:39,750 --> 00:02:38,800

there

65

00:02:42,390 --> 00:02:39,760

and

66

00:02:44,309 --> 00:02:42,400

then got eventually got involved with

67

00:02:45,589 --> 00:02:44,319

scu and

68

00:02:47,350 --> 00:02:45,599

um

69

00:02:48,150 --> 00:02:47,360

now i'm working for a software company

70

00:02:50,309 --> 00:02:48,160

called

71

00:02:52,390 --> 00:02:50,319

enigma labs where we're developing an

72

00:02:56,309 --> 00:02:52,400

app and some tools

73

00:02:57,830 --> 00:02:56,319

to be able to analyze uap exciting data

74

00:02:59,910 --> 00:02:57,840

to try to figure this out so it's a

75

00:03:03,190 --> 00:02:59,920

really exciting project

76

00:03:04,309 --> 00:03:03,200

great and this is project

77

00:03:06,790 --> 00:03:04,319

is this something that's going to be

78

00:03:08,149 --> 00:03:06,800

global as a project or it's more

79

00:03:10,630 --> 00:03:08,159

centralized

80

00:03:13,430 --> 00:03:10,640

um it's going to be i mean it's

81

00:03:15,990 --> 00:03:13,440

definitely u.s centric right now and for

82

00:03:18,630 --> 00:03:16,000

a couple reasons one because we're here

83

00:03:20,869 --> 00:03:18,640

uh for the most part uh the other is

84

00:03:23,030 --> 00:03:20,879

that the us has done the most you know

85

00:03:25,350 --> 00:03:23,040

there's we've had the most organizations

86

00:03:27,589 --> 00:03:25,360

we've had you know a lot of information

87

00:03:29,830 --> 00:03:27,599

gathering people don't realize you know

88

00:03:31,350 --> 00:03:29,840

we talk about government secrecy and

89

00:03:33,110 --> 00:03:31,360

sure there have been some secrets but

90

00:03:35,430 --> 00:03:33,120

our government has actually released the

91

00:03:37,750 --> 00:03:35,440

most ufo documents in any country in the

92

00:03:41,830 --> 00:03:37,760

world so the government has a lot of

93

00:03:43,830 --> 00:03:41,840

information so um so it for that reason

94

00:03:45,910 --> 00:03:43,840

it is and it gets a little more more

95

00:03:48,390 --> 00:03:45,920

difficult to get out our intentions are

96

00:03:50,070 --> 00:03:48,400

to be global in nature we do have some

97

00:03:52,309 --> 00:03:50,080

inroads with some

98

00:03:54,949 --> 00:03:52,319

international organizations

99

00:03:57,429 --> 00:03:54,959

so over time we'll be ingesting more and

100

00:03:58,869 --> 00:03:57,439

more international data

101  
00:04:01,589 --> 00:03:58,879  
and you mentioned that you were an

102  
00:04:03,750 --> 00:04:01,599  
investigator as well with mufon for for

103  
00:04:05,509 --> 00:04:03,760  
quite some time what were some of your

104  
00:04:08,149 --> 00:04:05,519  
best cases that you've had that really

105  
00:04:10,070 --> 00:04:08,159  
sort of i wouldn't say solidified

106  
00:04:11,509 --> 00:04:10,080  
the phenomenon for you but sort of gave

107  
00:04:12,949 --> 00:04:11,519  
you more of an engagement with the

108  
00:04:16,949 --> 00:04:12,959  
phenomenon

109  
00:04:18,710 --> 00:04:16,959  
yeah i would say twofold um the normal

110  
00:04:20,229 --> 00:04:18,720  
kind of nuts and bolts more rigorous

111  
00:04:22,230 --> 00:04:20,239  
type of thing i focus on and then the

112  
00:04:24,390 --> 00:04:22,240  
weird you know getting introduction

113  
00:04:26,790 --> 00:04:24,400

introduced to kind of the weird so to

114

00:04:28,629 --> 00:04:26,800

start with the first you know um i

115

00:04:30,870 --> 00:04:28,639

decided i need to talk to witnesses i

116

00:04:33,030 --> 00:04:30,880

had read just about every book i could

117

00:04:35,670 --> 00:04:33,040

get my hands on including you know old

118

00:04:37,590 --> 00:04:35,680

historical books uh and

119

00:04:39,909 --> 00:04:37,600

so i was like you know it's about time

120

00:04:42,710 --> 00:04:39,919

to start to talk to some witnesses so uh

121

00:04:45,350 --> 00:04:42,720

luckily mufon headquarters i turned out

122

00:04:47,590 --> 00:04:45,360

was nearby where i lived uh the

123

00:04:49,430 --> 00:04:47,600

international headquarters so i got to

124

00:04:51,350 --> 00:04:49,440

meet john schussler who was the director

125

00:04:53,430 --> 00:04:51,360

at that time and one of the founders and

126

00:04:55,350 --> 00:04:53,440

he's been a great mentor of mine

127

00:04:58,070 --> 00:04:55,360

and i became a field investigator the

128

00:05:00,070 --> 00:04:58,080

very first case i had was a

129

00:05:01,990 --> 00:05:00,080

security officer and i cite this case a

130

00:05:04,469 --> 00:05:02,000

lot because i think it's a great example

131

00:05:06,710 --> 00:05:04,479

of why this should be taken seriously um

132

00:05:08,310 --> 00:05:06,720

he was doing security at a bank near

133

00:05:11,110 --> 00:05:08,320

where i worked actually in about

134

00:05:13,189 --> 00:05:11,120

lakewood colorado under

135

00:05:14,950 --> 00:05:13,199

lookout mountain so people are very

136

00:05:17,029 --> 00:05:14,960

familiar with that you know west of town

137

00:05:18,469 --> 00:05:17,039

you see the the radio lights and

138

00:05:20,390 --> 00:05:18,479

everything if you live in denver so

139

00:05:23,430 --> 00:05:20,400

everybody knows lookout

140

00:05:25,590 --> 00:05:23,440

uh also the planes from dia there's a

141

00:05:27,510 --> 00:05:25,600

route that goes over lookout well this

142

00:05:29,990 --> 00:05:27,520

guy was a security officer just fresh

143

00:05:32,550 --> 00:05:30,000

from iraq and he was noticing this

144

00:05:34,469 --> 00:05:32,560

object above lookout mountain kind of

145

00:05:36,629 --> 00:05:34,479

tick-tock shaped but it was sitting

146

00:05:37,749 --> 00:05:36,639

there kind of doing some weird

147

00:05:39,350 --> 00:05:37,759

kind of

148

00:05:41,830 --> 00:05:39,360

turns and twists

149

00:05:43,830 --> 00:05:41,840

he went about his work and made note of

150

00:05:45,430 --> 00:05:43,840

it uh but walking around you know he was

151  
00:05:47,749 --> 00:05:45,440  
still in that kind of hypersensitive

152  
00:05:50,550 --> 00:05:47,759  
state to notice with your surroundings

153  
00:05:52,710 --> 00:05:50,560  
look for and report any uh

154  
00:05:54,629 --> 00:05:52,720  
potential issues

155  
00:05:56,390 --> 00:05:54,639  
so he was keeping an eye on it and after

156  
00:05:58,070 --> 00:05:56,400  
20 minutes where it was still there and

157  
00:05:59,990 --> 00:05:58,080  
then realizing that it seemed like

158  
00:06:02,710 --> 00:06:00,000  
commercial airlines were flying fairly

159  
00:06:05,830 --> 00:06:02,720  
close to it he called the faa they said

160  
00:06:08,150 --> 00:06:05,840  
we don't care we don't do ufos he called

161  
00:06:10,070 --> 00:06:08,160  
the police he called a bunch of

162  
00:06:12,309 --> 00:06:10,080  
different places until finally and i

163  
00:06:14,950 --> 00:06:12,319

think it was uh the police department

164

00:06:15,749 --> 00:06:14,960

referred him to move on and so he called

165

00:06:20,150 --> 00:06:15,759

us

166

00:06:22,550 --> 00:06:20,160

diligence i knew what they were going to

167

00:06:24,950 --> 00:06:22,560

say i had done that before and they say

168

00:06:25,749 --> 00:06:24,960

we don't investigate uap and i was like

169

00:06:27,670 --> 00:06:25,759

you know

170

00:06:29,189 --> 00:06:27,680

i'm not invest asking you to investigate

171

00:06:30,870 --> 00:06:29,199

i'm asking to know if there are any

172

00:06:32,790 --> 00:06:30,880

other reports like that during that

173

00:06:35,189 --> 00:06:32,800

period of time and they did say they

174

00:06:37,510 --> 00:06:35,199

looked into it and didn't have any but

175

00:06:39,909 --> 00:06:37,520

uh i think this one was eye-opening to

176

00:06:42,230 --> 00:06:39,919

me in a few man a few ways

177

00:06:45,270 --> 00:06:42,240

if someone from iraq you know a soldier

178

00:06:46,870 --> 00:06:45,280

from iraq is reporting a potential

179

00:06:49,589 --> 00:06:46,880

safety issue

180

00:06:51,189 --> 00:06:49,599

uh to airline

181

00:06:53,270 --> 00:06:51,199

to commercial airlines you would think

182

00:06:55,510 --> 00:06:53,280

that would be a big deal but nobody

183

00:06:58,629 --> 00:06:55,520

cares he called the airport he called fa

184

00:07:00,469 --> 00:06:58,639

nobody wanted to hear it that is

185

00:07:03,990 --> 00:07:00,479

and which is especially highlighted in

186

00:07:05,870 --> 00:07:04,000

today's world an extremely irrational

187

00:07:10,309 --> 00:07:05,880

response

188

00:07:13,830 --> 00:07:10,319

this taboo

189

00:07:15,990 --> 00:07:13,840

around the word or the idea of ufos

190

00:07:17,749 --> 00:07:16,000

so i i think that's a great that was

191

00:07:19,670 --> 00:07:17,759

kind of eye-opening but it was a perfect

192

00:07:21,430 --> 00:07:19,680

example of why this topic should be

193

00:07:23,670 --> 00:07:21,440

taken seriously and luckily in today's

194

00:07:25,670 --> 00:07:23,680

world at least the defense department

195

00:07:27,510 --> 00:07:25,680

and many others are saying that you know

196

00:07:29,990 --> 00:07:27,520

that was irrational that was silly

197

00:07:33,830 --> 00:07:30,000

although i don't think we've revisited

198

00:07:36,469 --> 00:07:33,840

just how irrational and weird that was

199

00:07:37,990 --> 00:07:36,479

that faa or an airport wouldn't be

200

00:07:40,070 --> 00:07:38,000

paying attention to the safety of a

201  
00:07:42,870 --> 00:07:40,080  
commercial airline so that was a good

202  
00:07:45,830 --> 00:07:42,880  
case the other one was i think just

203  
00:07:48,230 --> 00:07:45,840  
because i was open and i you know i'd

204  
00:07:49,670 --> 00:07:48,240  
listen to people i started having people

205  
00:07:52,629 --> 00:07:49,680  
come to me claiming that they were

206  
00:07:55,270 --> 00:07:52,639  
having alien abduction experiences

207  
00:07:57,830 --> 00:07:55,280  
and that was really weird for me these

208  
00:08:00,469 --> 00:07:57,840  
were people that i typically uh often

209  
00:08:01,350 --> 00:08:00,479  
already had a rapport with and i liked a

210  
00:08:02,469 --> 00:08:01,360  
lot

211  
00:08:04,869 --> 00:08:02,479  
um

212  
00:08:07,990 --> 00:08:04,879  
and so that was really strange and to be

213  
00:08:10,790 --> 00:08:08,000

honest uh that topic and that idea

214

00:08:12,629 --> 00:08:10,800

for me has kind of

215

00:08:15,350 --> 00:08:12,639

been in the same place the entire time

216

00:08:17,189 --> 00:08:15,360

since then in other words uh it's hard

217

00:08:18,950 --> 00:08:17,199

to figure anything out i would say i've

218

00:08:21,430 --> 00:08:18,960

done some investigation but it doesn't

219

00:08:23,430 --> 00:08:21,440

go anywhere um beyond kind of like

220

00:08:25,270 --> 00:08:23,440

anecdotal information

221

00:08:27,350 --> 00:08:25,280

um so i don't know what to do with that

222

00:08:29,110 --> 00:08:27,360

kind of thing i think that

223

00:08:31,510 --> 00:08:29,120

it should be taken seriously just

224

00:08:35,509 --> 00:08:31,520

because the number of people who seem to

225

00:08:37,430 --> 00:08:35,519

be experiencing genuine trauma from

226

00:08:39,670 --> 00:08:37,440

these

227

00:08:41,909 --> 00:08:39,680

perceived experiences

228

00:08:44,870 --> 00:08:41,919

so we need we should figure out what it

229

00:08:47,110 --> 00:08:44,880

is whether that be some more mundane

230

00:08:49,509 --> 00:08:47,120

kind of psychological phenomena or of

231

00:08:51,430 --> 00:08:49,519

course what it could be some third party

232

00:08:54,949 --> 00:08:51,440

involvement which is

233

00:08:56,550 --> 00:08:54,959

obviously has huge implications so um

234

00:08:58,470 --> 00:08:56,560

yeah that was another weird one i wasn't

235

00:09:01,350 --> 00:08:58,480

prepared to take that you know to really

236

00:09:03,670 --> 00:09:01,360

go there um but you kind of you guys

237

00:09:05,269 --> 00:09:03,680

probably uh might have feel the same

238

00:09:07,110 --> 00:09:05,279

that once you get involved with this

239

00:09:09,750 --> 00:09:07,120

stuff it's kind of impossible not to go

240

00:09:12,389 --> 00:09:09,760

there right yeah yeah actually that's

241

00:09:14,389 --> 00:09:12,399

been the case for for a lot of uh

242

00:09:17,269 --> 00:09:14,399

different guests that we've had on

243

00:09:19,190 --> 00:09:17,279

at first for myself anyways i was quite

244

00:09:22,630 --> 00:09:19,200

narrow-minded i thought you know no it

245

00:09:24,630 --> 00:09:22,640

has to be just ufos aliens all the other

246

00:09:26,389 --> 00:09:24,640

cryptid stuff didn't make any sense you

247

00:09:28,150 --> 00:09:26,399

know i didn't believe in the bigfoot

248

00:09:30,630 --> 00:09:28,160

stuff and even though i live right by

249

00:09:33,190 --> 00:09:30,640

harrison hot springs which is like you

250

00:09:34,230 --> 00:09:33,200

know huge on uh bigfoot

251  
00:09:37,110 --> 00:09:34,240  
and

252  
00:09:38,949 --> 00:09:37,120  
now i'm just like i i it's it keeps

253  
00:09:40,630 --> 00:09:38,959  
seeping in like i keep seeing it over

254  
00:09:42,070 --> 00:09:40,640  
and over again and i don't know about

255  
00:09:43,509 --> 00:09:42,080  
you but i

256  
00:09:45,750 --> 00:09:43,519  
that seems to be like a lot of our

257  
00:09:48,150 --> 00:09:45,760  
guests mentioned different things like

258  
00:09:51,269 --> 00:09:48,160  
uh you know seeing cryptids and

259  
00:09:53,030 --> 00:09:51,279  
different beings and entities so yeah

260  
00:09:54,550 --> 00:09:53,040  
even the big name like really big name

261  
00:09:56,470 --> 00:09:54,560  
guys like george knapp and guys like

262  
00:09:58,630 --> 00:09:56,480  
that who spent you know decades doing

263  
00:10:00,949 --> 00:09:58,640

this kind of stuff they started off as

264

00:10:02,630 --> 00:10:00,959

nuts and bolts ufo guys and the more

265

00:10:04,790 --> 00:10:02,640

they learn about it and you're either

266

00:10:06,550 --> 00:10:04,800

gonna keep an ignorant opinion of no it

267

00:10:08,389 --> 00:10:06,560

can't be or you're gonna let some of

268

00:10:10,310 --> 00:10:08,399

that stuff in and go hey maybe this is

269

00:10:12,069 --> 00:10:10,320

crazier than we think maybe it's

270

00:10:14,710 --> 00:10:12,079

everything maybe it's interdimensional

271

00:10:16,230 --> 00:10:14,720

beings and visitors and time travelers

272

00:10:18,389 --> 00:10:16,240

like then you get into the world of

273

00:10:20,069 --> 00:10:18,399

cryptids and blue orbs and portals and

274

00:10:22,310 --> 00:10:20,079

everything else and everything we

275

00:10:24,310 --> 00:10:22,320

thought was sci-fi for the last 40 50

276

00:10:26,470 --> 00:10:24,320

years it's turning out that there may be

277

00:10:27,990 --> 00:10:26,480

some credence to it and it's just

278

00:10:30,150 --> 00:10:28,000

getting more and more interesting so

279

00:10:32,630 --> 00:10:30,160

like you said alejandro it's you get

280

00:10:33,670 --> 00:10:32,640

hooked and uh if you're a science-minded

281

00:10:35,030 --> 00:10:33,680

person

282

00:10:36,710 --> 00:10:35,040

you want to find the solution to the

283

00:10:38,389 --> 00:10:36,720

problem even in like mathematics or

284

00:10:40,389 --> 00:10:38,399

anything else you want to know what it

285

00:10:42,310 --> 00:10:40,399

is and this kind of thing that it's like

286

00:10:44,069 --> 00:10:42,320

grabbing a fist full of sand you feel

287

00:10:46,710 --> 00:10:44,079

like you have it when you go to look

288

00:10:48,710 --> 00:10:46,720

there's no more sand so yeah exactly

289

00:10:52,069 --> 00:10:48,720

and that's how investigating that topic

290

00:10:54,310 --> 00:10:52,079

kind of feels um and you know and it's

291

00:10:55,670 --> 00:10:54,320

not even just if you want to or you get

292

00:10:58,230 --> 00:10:55,680

hooked it's like if you're looking into

293

00:11:00,470 --> 00:10:58,240

this topic you can't help um and i think

294

00:11:04,069 --> 00:11:00,480

the dod is dealing with this right now

295

00:11:06,949 --> 00:11:04,079

actually uh i my perception and i think

296

00:11:09,829 --> 00:11:06,959

what i see going on right now is that

297

00:11:13,030 --> 00:11:09,839

uh a lot of people

298

00:11:15,190 --> 00:11:13,040

are take a lot of putting a lot of stock

299

00:11:17,030 --> 00:11:15,200

in the word from people who have made uh

300

00:11:19,030 --> 00:11:17,040

this current kind of environment

301

00:11:21,190 --> 00:11:19,040

possible people like louis lozando who

302

00:11:23,190 --> 00:11:21,200

worked for the pentagon and came forward

303

00:11:26,389 --> 00:11:23,200

uh kind of a whistleblower

304

00:11:27,509 --> 00:11:26,399

chris mellon who of course worked for

305

00:11:29,910 --> 00:11:27,519

deputy

306

00:11:32,389 --> 00:11:29,920

director of intelligence type of work

307

00:11:34,389 --> 00:11:32,399

you know um

308

00:11:36,069 --> 00:11:34,399

very high level people

309

00:11:38,230 --> 00:11:36,079

uh and some of the people like they've

310

00:11:40,710 --> 00:11:38,240

worked with like jim simavan who worked

311

00:11:44,230 --> 00:11:40,720

for the cia or gary nolan who's a very

312

00:11:48,069 --> 00:11:44,240

esteemed you know professor out of uh

313

00:11:50,310 --> 00:11:48,079

stanford uh has his own lab that is very

314

00:11:52,230 --> 00:11:50,320

well you know regarded

315

00:11:54,870 --> 00:11:52,240

um these are people at you know those

316

00:11:56,230 --> 00:11:54,880

kind of upper echelons and those are the

317

00:11:58,150 --> 00:11:56,240

people who kind of brought all this

318

00:12:01,910 --> 00:11:58,160

forward and have been looking into this

319

00:12:03,910 --> 00:12:01,920

and have been uh taking this serious but

320

00:12:05,750 --> 00:12:03,920

these people themselves

321

00:12:07,990 --> 00:12:05,760

uh some of them believe they're

322

00:12:10,389 --> 00:12:08,000

experiencers they say i've experienced

323

00:12:11,750 --> 00:12:10,399

alien contact so

324

00:12:14,230 --> 00:12:11,760

um

325

00:12:16,790 --> 00:12:14,240

a lot of people i think take that as

326

00:12:19,190 --> 00:12:16,800

confirmation the government knows and i

327

00:12:21,670 --> 00:12:19,200

think that that's the wrong take i think

328

00:12:24,310 --> 00:12:21,680

the right take and this is where people

329

00:12:26,230 --> 00:12:24,320

get lost is the government's like us

330

00:12:27,750 --> 00:12:26,240

even you know similar to the ufo

331

00:12:29,590 --> 00:12:27,760

community it's just a bunch of people

332

00:12:31,509 --> 00:12:29,600

trying to figure stuff out do their jobs

333

00:12:33,990 --> 00:12:31,519

live their lives

334

00:12:36,629 --> 00:12:34,000

they're just as freaked out by all this

335

00:12:39,430 --> 00:12:36,639

as anybody else

336

00:12:40,470 --> 00:12:39,440

and but i think what's happening is

337

00:12:42,710 --> 00:12:40,480

they're

338

00:12:45,829 --> 00:12:42,720

the people that they relied on to create

339

00:12:48,150 --> 00:12:45,839

the awesomes who ran asap who created

340

00:12:50,470 --> 00:12:48,160

the uap task force under navy

341

00:12:53,509 --> 00:12:50,480

intelligence who have been involved with

342

00:12:55,910 --> 00:12:53,519

moving this along they uh are they kind

343

00:12:59,190 --> 00:12:55,920

of now have this baggage of being

344

00:13:01,430 --> 00:12:59,200

experiencers of looking into weirder

345

00:13:03,430 --> 00:13:01,440

stuff and i really see the dod trying to

346

00:13:04,949 --> 00:13:03,440

shake that off they're trying to we're

347

00:13:06,710 --> 00:13:04,959

not going to work with anybody in the

348

00:13:08,629 --> 00:13:06,720

past we're starting from square one and

349

00:13:11,190 --> 00:13:08,639

going forward i think that's what avi

350

00:13:13,190 --> 00:13:11,200

loge did with galileo that's what nasa

351

00:13:15,590 --> 00:13:13,200

is going to do and it makes sense in a

352

00:13:17,910 --> 00:13:15,600

way because you have to be responsible

353

00:13:22,069 --> 00:13:17,920

for the data that you're using and

354

00:13:23,190 --> 00:13:22,079

responsible for uh the the veracity of

355

00:13:25,110 --> 00:13:23,200

that data

356

00:13:27,430 --> 00:13:25,120

um and if it's somebody else's data it's

357

00:13:29,110 --> 00:13:27,440

hard to do that um

358

00:13:31,750 --> 00:13:29,120

thankfully you know

359

00:13:33,670 --> 00:13:31,760

they were the dod was told by congress

360

00:13:34,949 --> 00:13:33,680

look at the old stuff because we do have

361

00:13:37,269 --> 00:13:34,959

air force

362

00:13:39,509 --> 00:13:37,279

we do have a lot of good data from like

363

00:13:41,269 --> 00:13:39,519

the previous investigations

364

00:13:43,829 --> 00:13:41,279

you know a lot of people read condon and

365

00:13:47,430 --> 00:13:43,839

they say in fact the condon report

366

00:13:48,949 --> 00:13:47,440

helped create france's ufo investigation

367

00:13:51,509 --> 00:13:48,959

organization because they looked at it

368

00:13:53,509 --> 00:13:51,519

and said this is not an argument against

369

00:13:55,509 --> 00:13:53,519

researching this topic this is the best

370

00:13:57,910 --> 00:13:55,519

argument i've seen for researching this

371

00:13:59,829 --> 00:13:57,920

topic and france and others have acted

372

00:14:01,189 --> 00:13:59,839

uh that way in response to the condom

373

00:14:03,509 --> 00:14:01,199

report which was supposed to negate

374

00:14:04,790 --> 00:14:03,519

things so we've got to look a lot of

375

00:14:06,949 --> 00:14:04,800

data there

376

00:14:09,350 --> 00:14:06,959

but you know this this topic the

377

00:14:11,509 --> 00:14:09,360

experimenter thing still creeps into it i

378

00:14:14,790 --> 00:14:11,519

think that their reaction is going to be

379

00:14:18,550 --> 00:14:14,800

to shake it off i'm not sure uh it's

380

00:14:21,430 --> 00:14:18,560

probably wise um in some ways maybe not

381

00:14:23,030 --> 00:14:21,440

in others but

382

00:14:25,269 --> 00:14:23,040

uh

383

00:14:27,910 --> 00:14:25,279

it kind of demonstrates

384

00:14:30,150 --> 00:14:27,920

the struggle that's been here um to gain

385

00:14:32,550 --> 00:14:30,160

credibility for this topic and even now

386

00:14:35,189 --> 00:14:32,560

we're in a spot where

387

00:14:37,509 --> 00:14:35,199

if you're a scientist or you're a nasa

388

00:14:41,430 --> 00:14:37,519

guy working on this topic

389

00:14:43,829 --> 00:14:41,440

and you have been a closeted experiencer

390

00:14:46,710 --> 00:14:43,839

probably not a good time to reveal that

391

00:14:48,310 --> 00:14:46,720

probably which is kind of sad to say but

392

00:14:51,030 --> 00:14:48,320

we're not ready for it it would probably

393

00:14:53,990 --> 00:14:51,040

be better to wait maybe a decade wait

394

00:14:56,550 --> 00:14:54,000

till we have really concrete you know

395

00:14:58,790 --> 00:14:56,560

the credibility of this topic is solid

396

00:15:00,470 --> 00:14:58,800

because right now you know like what's

397

00:15:01,829 --> 00:15:00,480

happening to these other guys i think

398

00:15:04,230 --> 00:15:01,839

that you know they're kind of being

399

00:15:05,430 --> 00:15:04,240

pushed aside a little bit um which is

400

00:15:07,590 --> 00:15:05,440

sad because they've got the best

401  
00:15:09,990 --> 00:15:07,600  
information but at the same time

402  
00:15:11,430 --> 00:15:10,000  
there's that liability that they're

403  
00:15:12,949 --> 00:15:11,440  
experiencers

404  
00:15:14,470 --> 00:15:12,959  
i think there's more to it as well

405  
00:15:16,470 --> 00:15:14,480  
because if it was just about

406  
00:15:19,590 --> 00:15:16,480  
professionals and former military people

407  
00:15:21,269 --> 00:15:19,600  
coming forward the 2001 national press

408  
00:15:23,189 --> 00:15:21,279  
club hearings with stephen greer and all

409  
00:15:25,030 --> 00:15:23,199  
those high-level guys faa guys and

410  
00:15:27,189 --> 00:15:25,040  
everything else that would have done

411  
00:15:28,870 --> 00:15:27,199  
something big but it seems like you know

412  
00:15:31,430 --> 00:15:28,880  
the the new york times and the tic tac

413  
00:15:33,269 --> 00:15:31,440

videos have spurred on more maybe it's

414

00:15:34,870 --> 00:15:33,279

because of tom delong and to the stars

415

00:15:37,110 --> 00:15:34,880

and there's a lot more media attention

416

00:15:39,350 --> 00:15:37,120

and maybe that's a good thing because it

417

00:15:41,430 --> 00:15:39,360

didn't really get too far in 2001 they

418

00:15:43,350 --> 00:15:41,440

gave them their you know 15 minutes and

419

00:15:44,949 --> 00:15:43,360

said okay thank you very much and they

420

00:15:47,189 --> 00:15:44,959

compartmentalized the way and you know

421

00:15:49,189 --> 00:15:47,199

we got on with life so it's more than

422

00:15:51,110 --> 00:15:49,199

just the the professionals coming

423

00:15:52,629 --> 00:15:51,120

forward i think we need to find

424

00:15:55,269 --> 00:15:52,639

either real evidence through the private

425

00:15:57,509 --> 00:15:55,279

sector uh rather than just relying on

426  
00:15:59,509 --> 00:15:57,519  
when's the government gonna tell us you

427  
00:16:01,110 --> 00:15:59,519  
know this is a 70 year old secret

428  
00:16:03,189 --> 00:16:01,120  
there's some implications for them

429  
00:16:04,870 --> 00:16:03,199  
acknowledging anything because then how

430  
00:16:07,110 --> 00:16:04,880  
do you stay plausible and say well we

431  
00:16:08,629 --> 00:16:07,120  
didn't know well you sure did know

432  
00:16:10,629 --> 00:16:08,639  
so i don't see it can it come from the

433  
00:16:11,910 --> 00:16:10,639  
military complex before it comes from

434  
00:16:13,030 --> 00:16:11,920  
the private sector that's just my

435  
00:16:15,350 --> 00:16:13,040  
opinion

436  
00:16:17,030 --> 00:16:15,360  
no i think you're right and and i'm kind

437  
00:16:19,030 --> 00:16:17,040  
of smiling because this allows me to get

438  
00:16:21,110 --> 00:16:19,040

back to like the genius of chris mellon

439

00:16:22,470 --> 00:16:21,120

who kind of engineered all of this and

440

00:16:24,069 --> 00:16:22,480

if you don't mind i'll go through that

441

00:16:25,990 --> 00:16:24,079

real quick um

442

00:16:29,590 --> 00:16:26,000

and it came from different information

443

00:16:32,069 --> 00:16:29,600

and then interviews with him but um

444

00:16:33,670 --> 00:16:32,079

i mean that he saw this issue you know

445

00:16:34,949 --> 00:16:33,680

that there was all this information in

446

00:16:36,470 --> 00:16:34,959

the back there was all this stuff that

447

00:16:38,389 --> 00:16:36,480

people paid attention to i think the

448

00:16:41,749 --> 00:16:38,399

career conference there were two

449

00:16:43,590 --> 00:16:41,759

problems one uh was that he he wasn't

450

00:16:45,430 --> 00:16:43,600

careful he did bring some people that

451  
00:16:47,629 --> 00:16:45,440  
were too far that i believe probably are

452  
00:16:50,230 --> 00:16:47,639  
liars and charlatans but that's the

453  
00:16:51,509 --> 00:16:50,240  
minority i'm talking maybe one or two

454  
00:16:53,430 --> 00:16:51,519  
individuals

455  
00:16:57,030 --> 00:16:53,440  
the rest of those were high high quality

456  
00:16:59,749 --> 00:16:57,040  
people um so that kind of opens up the

457  
00:17:01,430 --> 00:16:59,759  
door for them to kind of

458  
00:17:03,030 --> 00:17:01,440  
get scared away a little

459  
00:17:04,949 --> 00:17:03,040  
and the media i don't think they knew

460  
00:17:06,390 --> 00:17:04,959  
what to do with it you know it was i

461  
00:17:07,750 --> 00:17:06,400  
think it was just kind of mind-blowing

462  
00:17:09,510 --> 00:17:07,760  
for everybody and everybody was like

463  
00:17:11,750 --> 00:17:09,520

well what what is someone else gonna do

464

00:17:13,750 --> 00:17:11,760

with it um and it got dropped and nobody

465

00:17:15,270 --> 00:17:13,760

did anything with it i don't and it's

466

00:17:16,949 --> 00:17:15,280

because

467

00:17:19,110 --> 00:17:16,959

like this topic it's been a real hot

468

00:17:21,029 --> 00:17:19,120

potato um

469

00:17:23,029 --> 00:17:21,039

for anybody that has

470

00:17:25,270 --> 00:17:23,039

a lot of visibility to the public that

471

00:17:27,189 --> 00:17:25,280

needs to maintain credibility you know

472

00:17:28,309 --> 00:17:27,199

this isn't a topic anybody wants to

473

00:17:30,549 --> 00:17:28,319

touch

474

00:17:32,470 --> 00:17:30,559

dennis kucinich you know during that

475

00:17:34,630 --> 00:17:32,480

period of time got attached to it

476

00:17:36,870 --> 00:17:34,640

because shirley maclaine wrote in a book

477

00:17:40,150 --> 00:17:36,880

that he she he was there when they had a

478

00:17:42,950 --> 00:17:40,160

ufo sighting dennis kus kucinich uh

479

00:17:45,190 --> 00:17:42,960

agreed said yeah that's true uh he got

480

00:17:48,070 --> 00:17:45,200

made fun of and it hurt him

481

00:17:50,630 --> 00:17:48,080

you know running for president

482

00:17:52,310 --> 00:17:50,640

so at that time that's kind of how this

483

00:17:54,470 --> 00:17:52,320

was it was still

484

00:17:57,110 --> 00:17:54,480

too much of a hot potato but what chris

485

00:17:57,909 --> 00:17:57,120

mellon did he saw was a couple things

486

00:18:01,430 --> 00:17:57,919

that

487

00:18:02,390 --> 00:18:01,440

he needed to put up a lot of public

488

00:18:05,190 --> 00:18:02,400

pressure

489

00:18:08,230 --> 00:18:05,200

um for people to see the credibility in

490

00:18:10,549 --> 00:18:08,240

the topic and then to force some

491

00:18:11,909 --> 00:18:10,559

government agency to admit that they've

492

00:18:14,150 --> 00:18:11,919

been taking this seriously that they've

493

00:18:16,310 --> 00:18:14,160

been investigating this topic and that

494

00:18:19,909 --> 00:18:16,320

was his goal that's why he couples with

495

00:18:22,470 --> 00:18:19,919

tom delong who is you know a rock star

496

00:18:24,549 --> 00:18:22,480

that's why they you know get the tv show

497

00:18:26,870 --> 00:18:24,559

going that's why they go to the new york

498

00:18:29,350 --> 00:18:26,880

times and politico and all of the media

499

00:18:31,270 --> 00:18:29,360

and it worked like a charm because

500

00:18:33,830 --> 00:18:31,280

immediately you know you had the nimitz

501  
00:18:35,350 --> 00:18:33,840  
people coming forward and confirming all

502  
00:18:37,990 --> 00:18:35,360  
of this information

503  
00:18:40,070 --> 00:18:38,000  
and so it snowballed into this big thing

504  
00:18:41,990 --> 00:18:40,080  
and even before they expected the navy

505  
00:18:43,110 --> 00:18:42,000  
comes out and says yes we take this

506  
00:18:44,950 --> 00:18:43,120  
seriously

507  
00:18:47,669 --> 00:18:44,960  
that was a cue and that was the legal

508  
00:18:49,350 --> 00:18:47,679  
justification for um chris mellon then

509  
00:18:51,190 --> 00:18:49,360  
to go to his buddies in the armed

510  
00:18:54,470 --> 00:18:51,200  
services committee where he had worked

511  
00:18:57,350 --> 00:18:54,480  
for um in the past and say guys

512  
00:18:58,630 --> 00:18:57,360  
it's time you know the navy has said

513  
00:19:00,470 --> 00:18:58,640

um

514

00:19:02,470 --> 00:19:00,480

that they take this seriously one have

515

00:19:04,070 --> 00:19:02,480

you been briefed on that

516

00:19:06,630 --> 00:19:04,080

and two

517

00:19:08,710 --> 00:19:06,640

do you think this is an important topic

518

00:19:12,150 --> 00:19:08,720

um and you need to get briefed to figure

519

00:19:14,470 --> 00:19:12,160

that out so at first there was some i

520

00:19:15,990 --> 00:19:14,480

think kind of vain political response

521

00:19:18,150 --> 00:19:16,000

that hey you guys didn't brief us on

522

00:19:20,310 --> 00:19:18,160

this what's going on i think you know in

523

00:19:22,230 --> 00:19:20,320

the military's defense many felt that

524

00:19:25,270 --> 00:19:22,240

there's not much to this so what what

525

00:19:28,470 --> 00:19:25,280

are we going to brief anybody on um

526

00:19:30,390 --> 00:19:28,480

but it happened and the briefings every

527

00:19:32,549 --> 00:19:30,400

senator who or

528

00:19:34,630 --> 00:19:32,559

congress person who's come out of a any

529

00:19:36,950 --> 00:19:34,640

of these classified briefings has come

530

00:19:38,950 --> 00:19:36,960

out saying this is very serious we need

531

00:19:41,190 --> 00:19:38,960

to take this very serious

532

00:19:43,190 --> 00:19:41,200

and so it was kind of that combination

533

00:19:45,750 --> 00:19:43,200

that strategy that chris millen had put

534

00:19:47,830 --> 00:19:45,760

together um and it worked like you know

535

00:19:50,390 --> 00:19:47,840

it would work perfectly even better i

536

00:19:52,870 --> 00:19:50,400

think than they had expected um so now

537

00:19:55,350 --> 00:19:52,880

we've got the congress super

538

00:19:57,430 --> 00:19:55,360

energized on this topic

539

00:19:59,990 --> 00:19:57,440

uh i'm more so i think than the dod

540

00:20:01,590 --> 00:20:00,000

expected and i think the dod is still

541

00:20:04,149 --> 00:20:01,600

kind of

542

00:20:05,909 --> 00:20:04,159

figuring out what to do um how serious

543

00:20:07,190 --> 00:20:05,919

do we take this

544

00:20:09,270 --> 00:20:07,200

you know what do we share with the

545

00:20:11,430 --> 00:20:09,280

public do we still want to try to get

546

00:20:12,789 --> 00:20:11,440

out of it because i think up until now

547

00:20:14,789 --> 00:20:12,799

they've been doing that they've been

548

00:20:17,270 --> 00:20:14,799

trying to wait it out and say hey is

549

00:20:19,750 --> 00:20:17,280

this news cycle going to end and then we

550

00:20:21,110 --> 00:20:19,760

can kind of let this go

551

00:20:23,990 --> 00:20:21,120

but i don't think they are going to get

552

00:20:26,630 --> 00:20:24,000

let go on this so we'll see what they do

553

00:20:29,430 --> 00:20:26,640

see i've always thought that um

554

00:20:32,070 --> 00:20:29,440

if if they reveal that the uaps are real

555

00:20:34,870 --> 00:20:32,080

and that these crafts are not from as

556

00:20:37,270 --> 00:20:34,880

far as we can tell human-made

557

00:20:39,750 --> 00:20:37,280

technologies

558

00:20:41,830 --> 00:20:39,760

this opens the door to the possibility

559

00:20:43,669 --> 00:20:41,840

that the alien abduction is or

560

00:20:46,149 --> 00:20:43,679

phenomenon is real that the cattle

561

00:20:48,070 --> 00:20:46,159

mutilation phenomenon is linked

562

00:20:49,750 --> 00:20:48,080

that these orbs that people are seeing

563

00:20:51,669 --> 00:20:49,760

and that you know have been reported

564

00:20:54,630 --> 00:20:51,679

throughout the world especially within

565

00:20:56,789 --> 00:20:54,640

the last 50 years uh in the 70s was

566

00:20:58,710 --> 00:20:56,799

really common in uh forgot central

567

00:21:00,470 --> 00:20:58,720

america

568

00:21:02,789 --> 00:21:00,480

it gives possibility that all these

569

00:21:04,310 --> 00:21:02,799

things are linked to this phenomenon and

570

00:21:05,430 --> 00:21:04,320

that's why they're trying not to leak

571

00:21:07,669 --> 00:21:05,440

that out

572

00:21:09,830 --> 00:21:07,679

too fast let's just ease the public into

573

00:21:12,310 --> 00:21:09,840

accepting that at least these crafts are

574

00:21:13,750 --> 00:21:12,320

here then we'll get to the other stuff

575

00:21:15,190 --> 00:21:13,760

that happens

576

00:21:18,070 --> 00:21:15,200

it's not like we can do anything about

577

00:21:20,310 --> 00:21:18,080

the alien abduction anyways right but

578

00:21:22,230 --> 00:21:20,320

have you found that your belief in the

579

00:21:24,070 --> 00:21:22,240

alien abduction case

580

00:21:25,830 --> 00:21:24,080

has increased since you've been with

581

00:21:28,070 --> 00:21:25,840

with mufonis are investigating and

582

00:21:30,630 --> 00:21:28,080

people reaching out to you like as that

583

00:21:32,149 --> 00:21:30,640

more solidified it that this one

584

00:21:34,230 --> 00:21:32,159

is happening no

585

00:21:35,669 --> 00:21:34,240

it hasn't and here's why

586

00:21:37,350 --> 00:21:35,679

um

587

00:21:40,149 --> 00:21:37,360

and this leads to the other question

588

00:21:42,950 --> 00:21:40,159

that i didn't get to that you um

589

00:21:45,190 --> 00:21:42,960

had asked which was where's the

590

00:21:47,029 --> 00:21:45,200

information going to come from um and i

591

00:21:48,390 --> 00:21:47,039

think that is the scientific community

592

00:21:49,669 --> 00:21:48,400

it's not it's going to be from the

593

00:21:51,990 --> 00:21:49,679

public it's not going to be from the

594

00:21:53,350 --> 00:21:52,000

military because all of this to do like

595

00:21:55,830 --> 00:21:53,360

i just went over and how he got the

596

00:21:58,390 --> 00:21:55,840

military to talk even chris mellon wrote

597

00:22:00,470 --> 00:21:58,400

hey i realized that this topic's going

598

00:22:02,230 --> 00:22:00,480

to have to remain classified luckily

599

00:22:04,230 --> 00:22:02,240

congress said no it doesn't have to be

600

00:22:05,590 --> 00:22:04,240

we want a public end to this

601  
00:22:07,430 --> 00:22:05,600  
but um

602  
00:22:09,590 --> 00:22:07,440  
that information they've already said

603  
00:22:11,510 --> 00:22:09,600  
what what they research and how is

604  
00:22:12,470 --> 00:22:11,520  
classified so i don't think they're

605  
00:22:17,350 --> 00:22:12,480  
going to be

606  
00:22:19,350 --> 00:22:17,360  
and in some cases rightfully so

607  
00:22:21,350 --> 00:22:19,360  
forthcoming with their findings and

608  
00:22:22,870 --> 00:22:21,360  
their efforts so i think you're right

609  
00:22:24,549 --> 00:22:22,880  
military that's not where we're going to

610  
00:22:27,590 --> 00:22:24,559  
be able to get information but the

611  
00:22:30,549 --> 00:22:27,600  
scientific community is and i think that

612  
00:22:33,669 --> 00:22:30,559  
we've just got no science we've got very

613  
00:22:35,830 --> 00:22:33,679

little to know uh expertise who have

614

00:22:38,470 --> 00:22:35,840

come to this topic and even if you look

615

00:22:39,990 --> 00:22:38,480

at bigelow or

616

00:22:43,590 --> 00:22:40,000

some of the other groups of scientists

617

00:22:45,029 --> 00:22:43,600

out there even scu or the sse uh groups

618

00:22:46,470 --> 00:22:45,039

of

619

00:22:47,909 --> 00:22:46,480

scientists who have been willing to look

620

00:22:50,070 --> 00:22:47,919

at these topics

621

00:22:52,390 --> 00:22:50,080

it's still only one or two individuals

622

00:22:54,070 --> 00:22:52,400

whereas in real science a paper goes out

623

00:22:56,549 --> 00:22:54,080

and you have dozens of scientists

624

00:22:59,110 --> 00:22:56,559

beating it up and you really get to the

625

00:23:00,789 --> 00:22:59,120

to the meat of something we're only

626  
00:23:02,230 --> 00:23:00,799  
starting to get there i think we're

627  
00:23:03,909 --> 00:23:02,240  
starting now

628  
00:23:06,549 --> 00:23:03,919  
where scientists are interested they're

629  
00:23:08,950 --> 00:23:06,559  
going to start writing papers there's uh

630  
00:23:10,549 --> 00:23:08,960  
data gathering and i think that's really

631  
00:23:12,870 --> 00:23:10,559  
important because i think that's what

632  
00:23:16,310 --> 00:23:12,880  
will lead us where we need to go and the

633  
00:23:19,190 --> 00:23:16,320  
reason i say no as far as where i am i

634  
00:23:20,149 --> 00:23:19,200  
try to stay agnostic on most topics or

635  
00:23:22,070 --> 00:23:20,159  
at least

636  
00:23:24,950 --> 00:23:22,080  
not come down on one side or another

637  
00:23:28,390 --> 00:23:24,960  
because i don't want to taint myself

638  
00:23:30,070 --> 00:23:28,400

and what i found in this field um

639

00:23:32,710 --> 00:23:30,080

just like lots of field of science

640

00:23:34,789 --> 00:23:32,720

especially like space or astronomy is

641

00:23:36,630 --> 00:23:34,799

that the answers turn out to be

642

00:23:39,510 --> 00:23:36,640

something you never would have imagined

643

00:23:41,750 --> 00:23:39,520

you know i never thought that z would be

644

00:23:43,909 --> 00:23:41,760

the case before i found out that to be

645

00:23:45,990 --> 00:23:43,919

the case i'm going on my podcast i'm

646

00:23:48,230 --> 00:23:46,000

telling everybody knows he's not real

647

00:23:51,029 --> 00:23:48,240

he's not that the answer turns out it's

648

00:23:53,990 --> 00:23:51,039

easy answer so i mean um

649

00:23:56,950 --> 00:23:54,000

we just never know so i'm open to either

650

00:23:59,669 --> 00:23:56,960

side uh

651  
00:24:01,510 --> 00:23:59,679  
but uh i'm still open uh yeah i still

652  
00:24:03,669 --> 00:24:01,520  
haven't really said i'd come down

653  
00:24:06,470 --> 00:24:03,679  
because i just want to keep that you

654  
00:24:09,029 --> 00:24:06,480  
know curiosity that scientific kind of

655  
00:24:11,190 --> 00:24:09,039  
curiosity to push that side of things

656  
00:24:12,310 --> 00:24:11,200  
which like we do at scu

657  
00:24:16,710 --> 00:24:12,320  
and

658  
00:24:19,990 --> 00:24:18,230  
i think that's really exciting i think

659  
00:24:21,830 --> 00:24:20,000  
we are headed in a good place that way

660  
00:24:23,830 --> 00:24:21,840  
where the public is regardless of what

661  
00:24:25,669 --> 00:24:23,840  
the government may or may not know the

662  
00:24:27,350 --> 00:24:25,679  
public is finally going to start to get

663  
00:24:29,190 --> 00:24:27,360

some real answers and

664

00:24:31,750 --> 00:24:29,200

and by the nature of science it'll come

665

00:24:33,269 --> 00:24:31,760

out in bite sizes so if the answer turns

666

00:24:35,350 --> 00:24:33,279

out to be abductions are real or

667

00:24:37,590 --> 00:24:35,360

something really wild like that

668

00:24:39,430 --> 00:24:37,600

um hopefully it will be slow to get

669

00:24:41,669 --> 00:24:39,440

there kind of like you suggested even

670

00:24:43,830 --> 00:24:41,679

just organically in the scientific

671

00:24:45,590 --> 00:24:43,840

process of discovering that because

672

00:24:47,909 --> 00:24:45,600

that's going to be a

673

00:24:49,990 --> 00:24:47,919

very very difficult thing for uh

674

00:24:52,390 --> 00:24:50,000

government and public to realize should

675

00:24:54,710 --> 00:24:52,400

that you know be the case

676  
00:24:56,630 --> 00:24:54,720  
it's interesting to note that most of

677  
00:24:59,029 --> 00:24:56,640  
the big name people that we interview

678  
00:25:01,269 --> 00:24:59,039  
have all graduated to this sort of

679  
00:25:03,350 --> 00:25:01,279  
humble opinion of yeah i used to think

680  
00:25:05,590 --> 00:25:03,360  
used to be really opinionated

681  
00:25:07,269 --> 00:25:05,600  
now i'm just not so sure and i'm open to

682  
00:25:09,510 --> 00:25:07,279  
anything and you know if you're in the

683  
00:25:11,590 --> 00:25:09,520  
world of ufo twitter or anything social

684  
00:25:13,430 --> 00:25:11,600  
media related it's a lot of infighting

685  
00:25:15,430 --> 00:25:13,440  
and a lot of really opinionated people

686  
00:25:17,510 --> 00:25:15,440  
and say like you're an idiot it's

687  
00:25:19,430 --> 00:25:17,520  
definitely this and it's definitely not

688  
00:25:21,830 --> 00:25:19,440

that which we have to be careful of

689

00:25:23,830 --> 00:25:21,840

because a this is above our pay grade

690

00:25:26,070 --> 00:25:23,840

anyway we're trying to understand a much

691

00:25:28,470 --> 00:25:26,080

more civilized either

692

00:25:30,789 --> 00:25:28,480

race or just a phenomenon even if it's

693

00:25:32,950 --> 00:25:30,799

atmospheric or you know environmental

694

00:25:35,510 --> 00:25:32,960

it's above our pay grade so it becomes

695

00:25:38,470 --> 00:25:35,520

very dangerous when you start making

696

00:25:39,990 --> 00:25:38,480

you know um for sure statements with

697

00:25:41,510 --> 00:25:40,000

like you said no evidence we really

698

00:25:43,590 --> 00:25:41,520

don't have anything whatever the

699

00:25:46,789 --> 00:25:43,600

government has hasn't been released in

700

00:25:48,950 --> 00:25:46,799

full so it's just anybody's best guess

701  
00:25:51,269 --> 00:25:48,960  
so anything short of hey what's your

702  
00:25:53,590 --> 00:25:51,279  
opinion and i i think that's you know

703  
00:25:56,470 --> 00:25:53,600  
necessary for the full picture anything

704  
00:25:58,470 --> 00:25:56,480  
short of that cooperation is counter

705  
00:26:00,470 --> 00:25:58,480  
this movement it's not pro movement

706  
00:26:01,909 --> 00:26:00,480  
because you're not getting anywhere

707  
00:26:03,830 --> 00:26:01,919  
fighting with people

708  
00:26:06,149 --> 00:26:03,840  
and just you know making yourself look

709  
00:26:07,590 --> 00:26:06,159  
stupid online it needs to be more of a

710  
00:26:10,149 --> 00:26:07,600  
unified

711  
00:26:12,149 --> 00:26:10,159  
front and again if we're studying a

712  
00:26:13,590 --> 00:26:12,159  
civilization that's made it hundreds of

713  
00:26:15,269 --> 00:26:13,600

thousands of years or millions of years

714

00:26:17,029 --> 00:26:15,279

longer than us they didn't get there by

715

00:26:18,710 --> 00:26:17,039

killing each other and by infighting

716

00:26:19,990 --> 00:26:18,720

they got there by using their collective

717

00:26:22,870 --> 00:26:20,000

resources

718

00:26:24,070 --> 00:26:22,880

for the betterment of everyone so it's

719

00:26:26,310 --> 00:26:24,080

it's refreshing that you have that

720

00:26:27,909 --> 00:26:26,320

opinion and most of our guests um but i

721

00:26:30,230 --> 00:26:27,919

think we all need to take a page out of

722

00:26:31,990 --> 00:26:30,240

that book and say we really don't know

723

00:26:34,390 --> 00:26:32,000

it would be cool if it was this i hope

724

00:26:36,470 --> 00:26:34,400

if it's this but yeah i don't know and

725

00:26:38,070 --> 00:26:36,480

anything we say today we might look back

726

00:26:40,230 --> 00:26:38,080

in two years and be like man i was an

727

00:26:42,950 --> 00:26:40,240

idiot how could i believe that now

728

00:26:45,029 --> 00:26:42,960

knowing what i know so we need to keep a

729

00:26:46,470 --> 00:26:45,039

low keel on that type of thing

730

00:26:48,789 --> 00:26:46,480

yeah it comes back to data and

731

00:26:51,269 --> 00:26:48,799

information you know um i

732

00:26:53,669 --> 00:26:51,279

may be skeptical of your point of view

733

00:26:55,909 --> 00:26:53,679

but at the same time i may have a point

734

00:26:59,110 --> 00:26:55,919

of view that is not um you know

735

00:27:01,750 --> 00:26:59,120

defendable either sure so uh you know

736

00:27:03,269 --> 00:27:01,760

and i think we have to realize that or i

737

00:27:05,190 --> 00:27:03,279

may at least be able to share well

738

00:27:07,350 --> 00:27:05,200

here's the data i have that i'm making

739

00:27:09,430 --> 00:27:07,360

my opinion on take a look and see what

740

00:27:11,909 --> 00:27:09,440

you think you know that's the way the

741

00:27:13,590 --> 00:27:11,919

conversations should be going um and

742

00:27:15,909 --> 00:27:13,600

they do add a lot of levels which is

743

00:27:18,070 --> 00:27:15,919

really exciting but certainly ufo

744

00:27:19,430 --> 00:27:18,080

twitter gets overtaken by people who

745

00:27:21,110 --> 00:27:19,440

like you say are really staunch about

746

00:27:23,350 --> 00:27:21,120

their own point of view and aren't open

747

00:27:24,710 --> 00:27:23,360

to others and that's not how you you

748

00:27:26,310 --> 00:27:24,720

know that's not how we're going to

749

00:27:28,950 --> 00:27:26,320

discover things or you're going to prove

750

00:27:31,269 --> 00:27:28,960

your point share information show us

751  
00:27:33,029 --> 00:27:31,279  
yeah yeah well that was the whole point

752  
00:27:35,350 --> 00:27:33,039  
too of you know

753  
00:27:37,830 --> 00:27:35,360  
the podcast was to learn

754  
00:27:40,310 --> 00:27:37,840  
from people right and we've learned so

755  
00:27:42,149 --> 00:27:40,320  
far a lot of stuff because we're keeping

756  
00:27:44,710 --> 00:27:42,159  
an open mind about it

757  
00:27:46,070 --> 00:27:44,720  
and we're not rejecting you know guests

758  
00:27:47,510 --> 00:27:46,080  
just because they've had a different

759  
00:27:50,149 --> 00:27:47,520  
point of view than the last guest that

760  
00:27:51,669 --> 00:27:50,159  
we've had on and you know we're learning

761  
00:27:53,430 --> 00:27:51,679  
from you as much as we're learning from

762  
00:27:55,190 --> 00:27:53,440  
everybody else and that's the thing is

763  
00:27:56,950 --> 00:27:55,200

that we should be open

764

00:27:59,110 --> 00:27:56,960

to this subject and say you know it's

765

00:28:02,389 --> 00:27:59,120

not you know i've definitely said i

766

00:28:03,830 --> 00:28:02,399

would recticuli b or a or whatever

767

00:28:05,669 --> 00:28:03,840

beings that are here and that's it

768

00:28:06,710 --> 00:28:05,679

that's the end of it no no it's the tall

769

00:28:08,389 --> 00:28:06,720

whites

770

00:28:10,310 --> 00:28:08,399

we don't know it could be all of the

771

00:28:12,310 --> 00:28:10,320

above which i keep mentioning you know

772

00:28:13,190 --> 00:28:12,320

it could be the case that we're dealing

773

00:28:15,590 --> 00:28:13,200

with

774

00:28:17,029 --> 00:28:15,600

multitude of different things which then

775

00:28:19,269 --> 00:28:17,039

i could understand why the government

776

00:28:21,430 --> 00:28:19,279

would be whoa whoa let's you know ease

777

00:28:22,870 --> 00:28:21,440

the public into this because it's a big

778

00:28:23,669 --> 00:28:22,880

deal

779

00:28:25,990 --> 00:28:23,679

yeah

780

00:28:28,389 --> 00:28:26,000

and you know

781

00:28:31,190 --> 00:28:28,399

what i there's a scientific american

782

00:28:33,110 --> 00:28:31,200

article that kind of made the same um

783

00:28:34,710 --> 00:28:33,120

argument is that

784

00:28:36,710 --> 00:28:34,720

looking into these things that we

785

00:28:38,630 --> 00:28:36,720

weren't looking into because of this

786

00:28:41,029 --> 00:28:38,640

irrational taboo

787

00:28:44,230 --> 00:28:41,039

means that we were not trying to

788

00:28:47,190 --> 00:28:44,240

investigate genuine anomalous um you

789

00:28:49,590 --> 00:28:47,200

know sightings uh reports

790

00:28:52,470 --> 00:28:49,600

and that would be like you kind of had

791

00:28:54,870 --> 00:28:52,480

mentioned earlier even meteorological or

792

00:28:57,029 --> 00:28:54,880

meteorological weather kind of anomalies

793

00:28:58,950 --> 00:28:57,039

like tear in the sky you know they think

794

00:29:00,789 --> 00:28:58,960

that that wasn't necessarily a portal

795

00:29:02,950 --> 00:29:00,799

they think that might be something no

796

00:29:04,630 --> 00:29:02,960

one's seen weather do before and if

797

00:29:07,750 --> 00:29:04,640

that's the case that's science that's a

798

00:29:10,149 --> 00:29:07,760

scientific discovery and i think that uh

799

00:29:13,350 --> 00:29:10,159

even if you are of the perspective that

800

00:29:15,029 --> 00:29:13,360

you know aliens aren't coming here then

801  
00:29:17,110 --> 00:29:15,039  
you know you still should be interested

802  
00:29:19,430 --> 00:29:17,120  
in looking into this because that would

803  
00:29:22,070 --> 00:29:19,440  
mean that you would agree

804  
00:29:23,350 --> 00:29:22,080  
there are answers to be discovered there

805  
00:29:25,190 --> 00:29:23,360  
and we don't you don't have to worry

806  
00:29:26,630 --> 00:29:25,200  
about your worldview being destroyed

807  
00:29:28,789 --> 00:29:26,640  
because we're not going to find aliens

808  
00:29:30,549 --> 00:29:28,799  
anyway so whatever it is we'll find is

809  
00:29:32,389 --> 00:29:30,559  
going to be a scientific discovery so

810  
00:29:34,630 --> 00:29:32,399  
even if you're skeptical you should want

811  
00:29:36,470 --> 00:29:34,640  
to look into all of this and i think

812  
00:29:39,110 --> 00:29:36,480  
that's a real exciting aspect really i

813  
00:29:40,549 --> 00:29:39,120

think it's exciting that um and it says

814

00:29:42,549 --> 00:29:40,559

something to those of us who didn't

815

00:29:44,630 --> 00:29:42,559

agree with that you know condon report

816

00:29:46,710 --> 00:29:44,640

conclusion which is a lot of people and

817

00:29:49,590 --> 00:29:46,720

a lot of scientists uh

818

00:29:51,990 --> 00:29:49,600

that uh there was there is something to

819

00:29:53,430 --> 00:29:52,000

be learned and i think those discoveries

820

00:29:55,029 --> 00:29:53,440

are going to be interesting you know we

821

00:29:57,669 --> 00:29:55,039

may be able to finally

822

00:29:59,750 --> 00:29:57,679

figure out if there is ball plasma or if

823

00:30:01,430 --> 00:29:59,760

uh you know

824

00:30:03,430 --> 00:30:01,440

the nature of some of this other stuff

825

00:30:04,389 --> 00:30:03,440

uh i think that's exciting

826  
00:30:07,590 --> 00:30:04,399  
yeah

827  
00:30:10,310 --> 00:30:07,600  
and if we could get closer to them and

828  
00:30:12,230 --> 00:30:10,320  
even if it is intelligence can we

829  
00:30:13,909 --> 00:30:12,240  
communicate with them that's that's

830  
00:30:15,990 --> 00:30:13,919  
without military

831  
00:30:19,029 --> 00:30:16,000  
intervention not sending jets you know

832  
00:30:20,230 --> 00:30:19,039  
with weapons attached to it to say hello

833  
00:30:22,870 --> 00:30:20,240  
because i think that's a little bit

834  
00:30:24,470 --> 00:30:22,880  
aggressive but can we communicate with

835  
00:30:26,549 --> 00:30:24,480  
whatever that's out there that'd be

836  
00:30:29,029 --> 00:30:26,559  
great that'd be uh we haven't figured

837  
00:30:30,470 --> 00:30:29,039  
that out yet i guess just the admittance

838  
00:30:32,310 --> 00:30:30,480

that these things are here i guess is

839

00:30:34,630 --> 00:30:32,320

step number one we're still ways away

840

00:30:36,230 --> 00:30:34,640

from trying to actually make

841

00:30:38,630 --> 00:30:36,240

contact or anything with them or get

842

00:30:41,909 --> 00:30:38,640

close to them because obviously we can't

843

00:30:44,070 --> 00:30:41,919

they're way too fast way too fast yeah

844

00:30:45,510 --> 00:30:44,080

we actually had one of our viewers who

845

00:30:48,870 --> 00:30:45,520

sent me a private message and he says

846

00:30:50,310 --> 00:30:48,880

hey when you get a guest on next time

847

00:30:52,070 --> 00:30:50,320

try asking them something that hasn't

848

00:30:54,230 --> 00:30:52,080

really been asked before so his

849

00:30:56,789 --> 00:30:54,240

perspective is that whenever we discuss

850

00:30:58,789 --> 00:30:56,799

you know tic tacs or uaps everybody

851

00:31:00,710 --> 00:30:58,799

always talks about their characteristics

852

00:31:02,630 --> 00:31:00,720

how they behave how they're observed the

853

00:31:05,190 --> 00:31:02,640

speeds and everything else but his

854

00:31:07,590 --> 00:31:05,200

thoughts are is anybody doing work on

855

00:31:09,029 --> 00:31:07,600

perhaps how they're communicating so

856

00:31:11,110 --> 00:31:09,039

like for example with the tic tac

857

00:31:12,870 --> 00:31:11,120

incident there was apparently like a

858

00:31:14,870 --> 00:31:12,880

mother ship under the water that these

859

00:31:16,870 --> 00:31:14,880

things were you know somehow

860

00:31:18,470 --> 00:31:16,880

communicating with do you think there

861

00:31:21,269 --> 00:31:18,480

would be a way to

862

00:31:23,190 --> 00:31:21,279

pick up on that communication and my

863

00:31:25,190 --> 00:31:23,200

initial thought was well if it's

864

00:31:26,870 --> 00:31:25,200

conscious base which it seems to be like

865

00:31:29,029 --> 00:31:26,880

you think and you're here you think and

866

00:31:31,110 --> 00:31:29,039

you're there how does anybody intercept

867

00:31:32,470 --> 00:31:31,120

that but his perspective and it seems

868

00:31:34,149 --> 00:31:32,480

like a science-minded guy that would

869

00:31:35,509 --> 00:31:34,159

have that kind of a question right like

870

00:31:37,909 --> 00:31:35,519

why are you spending so much time

871

00:31:40,470 --> 00:31:37,919

focusing on their characteristics spend

872

00:31:43,430 --> 00:31:40,480

more time on how do they actually run

873

00:31:45,110 --> 00:31:43,440

like can we pick up rf frequencies or

874

00:31:46,870 --> 00:31:45,120

something they're emitting that would

875

00:31:48,710 --> 00:31:46,880

maybe be a better indicator than just

876

00:31:50,950 --> 00:31:48,720

waiting for them to happen and catch it

877

00:31:53,110 --> 00:31:50,960

on camera maybe there's other things

878

00:31:54,549 --> 00:31:53,120

we're not we're not pointing instruments

879

00:31:56,470 --> 00:31:54,559

at that we should be

880

00:31:58,230 --> 00:31:56,480

yeah well that's what's really exciting

881

00:31:59,830 --> 00:31:58,240

about the science in this step because

882

00:32:02,230 --> 00:31:59,840

that's what scientists that's how they

883

00:32:05,509 --> 00:32:02,240

think and that's what they're doing so

884

00:32:07,269 --> 00:32:05,519

those are sap thirds those uh defense

885

00:32:10,789 --> 00:32:07,279

intelligence reports

886

00:32:13,110 --> 00:32:10,799

that uh the asap group produced and in

887

00:32:14,789 --> 00:32:13,120

fact the military is kind of giving the

888

00:32:16,389 --> 00:32:14,799

impression that that that's all they did

889

00:32:18,310 --> 00:32:16,399

we just asked them to write these papers

890

00:32:19,909 --> 00:32:18,320

that's it we don't know what else they

891

00:32:22,149 --> 00:32:19,919

did if they were doing paranormal

892

00:32:23,750 --> 00:32:22,159

research we don't know about that it you

893

00:32:27,750 --> 00:32:23,760

know that's in debate that's not what

894

00:32:29,990 --> 00:32:27,760

likatsky who ran the things claims but

895

00:32:32,310 --> 00:32:30,000

those reports are exactly doing what

896

00:32:35,110 --> 00:32:32,320

he's suggesting they're like okay if

897

00:32:37,990 --> 00:32:35,120

they're doing all of these things we

898

00:32:39,430 --> 00:32:38,000

think we're observing how do they do it

899

00:32:41,990 --> 00:32:39,440

and that's what those papers are they're

900

00:32:44,389 --> 00:32:42,000

theoretical scientific papers on how

901  
00:32:46,230 --> 00:32:44,399  
they may be doing this or that

902  
00:32:47,830 --> 00:32:46,240  
and there are a lot of scientists doing

903  
00:32:50,950 --> 00:32:47,840  
that sort of work and we're doing a lot

904  
00:32:52,070 --> 00:32:50,960  
of that sort of thing at sea

905  
00:32:54,470 --> 00:32:52,080  
is

906  
00:32:57,350 --> 00:32:54,480  
that sort of thing as well and even if

907  
00:32:59,830 --> 00:32:57,360  
you get to the telepathy or you know

908  
00:33:03,029 --> 00:32:59,840  
being able to to speak mind to mind

909  
00:33:06,070 --> 00:33:03,039  
that's science so even at you know even

910  
00:33:08,549 --> 00:33:06,080  
for decades scientists across the world

911  
00:33:10,389 --> 00:33:08,559  
take that as a science question because

912  
00:33:13,669 --> 00:33:10,399  
there have to be some kind of mechanics

913  
00:33:15,750 --> 00:33:13,679

to it so what how is that signal or

914

00:33:17,750 --> 00:33:15,760

thought getting from me to you what is

915

00:33:19,990 --> 00:33:17,760

the science of thoughts what is the

916

00:33:21,590 --> 00:33:20,000

matter of thoughts how do you figure

917

00:33:23,509 --> 00:33:21,600

that out how do you figure out how

918

00:33:24,950 --> 00:33:23,519

they're communicating back and forth i

919

00:33:27,350 --> 00:33:24,960

mean there's scientists that believe we

920

00:33:29,269 --> 00:33:27,360

can figure that sort of thing out so all

921

00:33:32,070 --> 00:33:29,279

of it is a science that you know they

922

00:33:34,789 --> 00:33:32,080

believe we could possibly tap into

923

00:33:36,950 --> 00:33:34,799

so that's what's really exciting is

924

00:33:39,430 --> 00:33:36,960

people coming to you know

925

00:33:42,470 --> 00:33:39,440

speculating along those lines and

926  
00:33:44,389 --> 00:33:42,480  
and um doing testing to figure that out

927  
00:33:46,870 --> 00:33:44,399  
and that's the kind of thing that drives

928  
00:33:49,990 --> 00:33:46,880  
then the types of

929  
00:33:51,830 --> 00:33:50,000  
sensors that we need to use like they

930  
00:33:53,269 --> 00:33:51,840  
put on the top of the harvard

931  
00:33:55,990 --> 00:33:53,279  
observatory

932  
00:33:58,389 --> 00:33:56,000  
just recently with project galileo

933  
00:34:00,710 --> 00:33:58,399  
is you know they're they're thinking

934  
00:34:02,870 --> 00:34:00,720  
about just like we are at scu

935  
00:34:05,509 --> 00:34:02,880  
what are what's the type of information

936  
00:34:07,350 --> 00:34:05,519  
we need a video alone is not going to be

937  
00:34:09,669 --> 00:34:07,360  
evidence of anything anomalous there's

938  
00:34:12,629 --> 00:34:09,679

just not enough data there so how much

939

00:34:14,389 --> 00:34:12,639

data do we need we need it you know as

940

00:34:16,950 --> 00:34:14,399

much as possible

941

00:34:18,950 --> 00:34:16,960

radar and setting that threshold and

942

00:34:21,589 --> 00:34:18,960

then coming up with okay well how do we

943

00:34:23,909 --> 00:34:21,599

get that data and like tear in the sky

944

00:34:26,230 --> 00:34:23,919

that documentary with the uapx guys many

945

00:34:27,109 --> 00:34:26,240

of those are seo guys as well you know

946

00:34:28,389 --> 00:34:27,119

um

947

00:34:30,310 --> 00:34:28,399

that's what they did they were like

948

00:34:31,990 --> 00:34:30,320

here's this stuff we need so they

949

00:34:33,349 --> 00:34:32,000

gathered all those instruments and put

950

00:34:35,349 --> 00:34:33,359

them on the roof and you see they're

951  
00:34:37,829 --> 00:34:35,359  
among tons of stuff

952  
00:34:39,270 --> 00:34:37,839  
to gather as much information as you can

953  
00:34:41,750 --> 00:34:39,280  
the hard part is going through and

954  
00:34:42,550 --> 00:34:41,760  
analyzing that information afterwards

955  
00:34:44,470 --> 00:34:42,560  
but

956  
00:34:46,389 --> 00:34:44,480  
that's what's starting to happen is you

957  
00:34:47,750 --> 00:34:46,399  
know somebody thinking you know if

958  
00:34:49,430 --> 00:34:47,760  
they're communicating they could be

959  
00:34:51,030 --> 00:34:49,440  
communicating on a quantum level and

960  
00:34:53,190 --> 00:34:51,040  
quantum communication is a real thing

961  
00:34:54,710 --> 00:34:53,200  
even the military is like looking into i

962  
00:34:56,869 --> 00:34:54,720  
don't get it at all it's way above my

963  
00:34:58,870 --> 00:34:56,879

head but um

964

00:35:01,430 --> 00:34:58,880

that if they're doing this then we need

965

00:35:03,910 --> 00:35:01,440

to have a meter you know along with it

966

00:35:05,190 --> 00:35:03,920

so if we catch our video we're also

967

00:35:07,270 --> 00:35:05,200

seeing if we're getting this type of

968

00:35:08,950 --> 00:35:07,280

like quantum signature

969

00:35:11,430 --> 00:35:08,960

uh to be able to prove there's a

970

00:35:13,589 --> 00:35:11,440

relation so that's what's driving all of

971

00:35:15,510 --> 00:35:13,599

that sort of stuff so it's really

972

00:35:17,270 --> 00:35:15,520

exciting that all of this is happening

973

00:35:18,950 --> 00:35:17,280

we actually had those guys on the show

974

00:35:20,950 --> 00:35:18,960

we had well caroline corey because she

975

00:35:23,670 --> 00:35:20,960

produced the movie but uh david altman

976  
00:35:25,670 --> 00:35:23,680  
and david mason two of her um stars from

977  
00:35:28,470 --> 00:35:25,680  
the movie and dave mason is this

978  
00:35:31,030 --> 00:35:28,480  
brilliant mind that was taking state of

979  
00:35:33,270 --> 00:35:31,040  
the art electronics and tweaking them

980  
00:35:35,190 --> 00:35:33,280  
and rewiring them to be able to view

981  
00:35:36,870 --> 00:35:35,200  
different things so he basically took

982  
00:35:37,750 --> 00:35:36,880  
telescopes that could see a light in the

983  
00:35:40,150 --> 00:35:37,760  
sky

984  
00:35:42,710 --> 00:35:40,160  
transfer the light form into like an

985  
00:35:45,589 --> 00:35:42,720  
audio waveform so it gives a it gives

986  
00:35:47,510 --> 00:35:45,599  
that light a unique acoustic signature

987  
00:35:50,470 --> 00:35:47,520  
so very easily you could say okay that's

988  
00:35:52,790 --> 00:35:50,480

a 747 because that light will always

989

00:35:54,790 --> 00:35:52,800

have that same waveform so you know we

990

00:35:56,550 --> 00:35:54,800

have people using the brilliant mind

991

00:35:58,790 --> 00:35:56,560

trying to do exactly that

992

00:36:00,470 --> 00:35:58,800

create instrumentation that you can

993

00:36:02,230 --> 00:36:00,480

catch something one day to get that

994

00:36:04,790 --> 00:36:02,240

irrefutable evidence because a picture

995

00:36:06,710 --> 00:36:04,800

is just a picture it could be a defect

996

00:36:08,310 --> 00:36:06,720

in the lens or a lighting you know

997

00:36:11,030 --> 00:36:08,320

illusion it could everybody has a

998

00:36:12,390 --> 00:36:11,040

million and one ways to poo poo on your

999

00:36:13,910 --> 00:36:12,400

photo your video

1000

00:36:15,750 --> 00:36:13,920

i mean hell we've had photos and videos

1001  
00:36:17,829 --> 00:36:15,760  
for 70 years none of it's been

1002  
00:36:20,069 --> 00:36:17,839  
conclusive enough that we can also agree

1003  
00:36:21,349 --> 00:36:20,079  
that yeah that's the real deal

1004  
00:36:23,270 --> 00:36:21,359  
and i'm sure there have been some real

1005  
00:36:24,870 --> 00:36:23,280  
deal videos that people have seen and

1006  
00:36:27,190 --> 00:36:24,880  
you know they got they got trashed as

1007  
00:36:29,109 --> 00:36:27,200  
well but uh you know the science mind is

1008  
00:36:31,109 --> 00:36:29,119  
where things are gonna go quantum

1009  
00:36:33,270 --> 00:36:31,119  
physics you know as uh out there as it

1010  
00:36:35,030 --> 00:36:33,280  
used to seem the more into it you get

1011  
00:36:36,710 --> 00:36:35,040  
the more plausible all this becomes you

1012  
00:36:39,109 --> 00:36:36,720  
know including things like time travel

1013  
00:36:41,990 --> 00:36:39,119

and everything else so you know science

1014

00:36:44,550 --> 00:36:42,000

and spirituality or the theory of the

1015

00:36:46,790 --> 00:36:44,560

unknown is closer than ever

1016

00:36:48,870 --> 00:36:46,800

and one is making it possible for the

1017

00:36:51,349 --> 00:36:48,880

other to exist so i think we're getting

1018

00:36:52,630 --> 00:36:51,359

closer with the skeptics and you know

1019

00:36:55,190 --> 00:36:52,640

the believers

1020

00:36:57,030 --> 00:36:55,200

because if we can find a scientific link

1021

00:37:00,150 --> 00:36:57,040

science is proven repeatable

1022

00:37:02,310 --> 00:37:00,160

demonstratable documentable so if you

1023

00:37:03,750 --> 00:37:02,320

can get something that's really the real

1024

00:37:05,829 --> 00:37:03,760

nuts and bolts

1025

00:37:07,190 --> 00:37:05,839

i guess aside from an alien body but i'm

1026

00:37:10,069 --> 00:37:07,200

sure people would even refute it's not

1027

00:37:11,670 --> 00:37:10,079

real on that and either too right so um

1028

00:37:12,630 --> 00:37:11,680

we do have to be focused on that science

1029

00:37:13,510 --> 00:37:12,640

for sure

1030

00:37:15,910 --> 00:37:13,520

yeah

1031

00:37:17,270 --> 00:37:15,920

i want to say if it's okay plug uh my

1032

00:37:19,670 --> 00:37:17,280

girlfriend's conference the

1033

00:37:23,349 --> 00:37:19,680

international ufo congress

1034

00:37:25,190 --> 00:37:23,359

um what's your girlfriend

1035

00:37:28,069 --> 00:37:25,200

yeah karen karen

1036

00:37:29,710 --> 00:37:28,079

okay so yeah that's october 12th through

1037

00:37:32,790 --> 00:37:29,720

the 16th

1038

00:37:33,990 --> 00:37:32,800

ufocongress.com is a website and

1039

00:37:37,109 --> 00:37:34,000

they're going to have a lot of people

1040

00:37:38,630 --> 00:37:37,119

you know bryce abel ben hansen dr

1041

00:37:40,710 --> 00:37:38,640

michael masters

1042

00:37:42,230 --> 00:37:40,720

who's uh works with the seo i'm not sure

1043

00:37:44,310 --> 00:37:42,240

if you've had him but he has it two

1044

00:37:46,069 --> 00:37:44,320

years ago he was on our show yeah okay

1045

00:37:47,670 --> 00:37:46,079

great i thought we got them all baby we

1046

00:37:49,430 --> 00:37:47,680

get all the big

1047

00:37:51,270 --> 00:37:49,440

so james fox is going to be premiering

1048

00:37:53,510 --> 00:37:51,280

his new movie there

1049

00:37:55,109 --> 00:37:53,520

um yeah we've got a lot of really cool

1050

00:37:56,390 --> 00:37:55,119

stuff yeah i'm looking forward to seeing

1051

00:37:58,150 --> 00:37:56,400

that movie as well

1052

00:38:00,550 --> 00:37:58,160

yeah he's he's committed to come on our

1053

00:38:02,310 --> 00:38:00,560

show as soon as the movie was done so

1054

00:38:05,270 --> 00:38:02,320

movie's done now james let's get on it

1055

00:38:07,430 --> 00:38:05,280

buddy we need you on the show

1056

00:38:09,589 --> 00:38:07,440

so with uh den of geeks

1057

00:38:10,870 --> 00:38:09,599

or den of geek i should say uh how did

1058

00:38:12,550 --> 00:38:10,880

that get started how did you get

1059

00:38:15,750 --> 00:38:12,560

involved with that

1060

00:38:17,589 --> 00:38:15,760

so with openmind uh luckily

1061

00:38:18,550 --> 00:38:17,599

because you know we're one of the few

1062

00:38:21,190 --> 00:38:18,560

outlets

1063

00:38:24,310 --> 00:38:21,200

out there i think we were maybe the only

1064

00:38:26,550 --> 00:38:24,320

outlet committed to the topic that was

1065

00:38:28,870 --> 00:38:26,560

doing their best to be journalistically

1066

00:38:30,550 --> 00:38:28,880

rigorous you know like any other

1067

00:38:33,910 --> 00:38:30,560

uh paper out there

1068

00:38:35,990 --> 00:38:33,920

and um so we got a lot of attention from

1069

00:38:37,829 --> 00:38:36,000

other media outlets and we worked with

1070

00:38:39,670 --> 00:38:37,839

them quite a bit so

1071

00:38:43,030 --> 00:38:39,680

um that's how i got to know a lot of

1072

00:38:48,310 --> 00:38:43,040

these people uh bryce abel in fact was

1073

00:38:50,390 --> 00:38:48,320

kind of along those lines and so um

1074

00:38:52,150 --> 00:38:50,400

so i started getting invited to national

1075

00:38:53,990 --> 00:38:52,160

geographic stuff i especially had a

1076  
00:38:55,910 --> 00:38:54,000  
great relationship with them some sony

1077  
00:38:59,190 --> 00:38:55,920  
stuff and they were doing things like

1078  
00:39:02,310 --> 00:38:59,200  
inviting freelancers on trips and things

1079  
00:39:04,870 --> 00:39:02,320  
to get to know kind of the topics better

1080  
00:39:06,950 --> 00:39:04,880  
and so uh den of geek would get invited

1081  
00:39:09,670 --> 00:39:06,960  
on those as well so some pretty cool

1082  
00:39:11,829 --> 00:39:09,680  
stuff like uh the editor that i worked

1083  
00:39:14,150 --> 00:39:11,839  
with who invited me to

1084  
00:39:18,150 --> 00:39:14,160  
then freelance write with den of geek he

1085  
00:39:20,150 --> 00:39:18,160  
was with me on a trip to uh turkey

1086  
00:39:22,710 --> 00:39:20,160  
where we went to these studios for the

1087  
00:39:24,790 --> 00:39:22,720  
filming of mars at

1088  
00:39:27,109 --> 00:39:24,800

miniseries that was kind of half

1089

00:39:28,630 --> 00:39:27,119

documentary and then half

1090

00:39:30,790 --> 00:39:28,640

you know fiction

1091

00:39:32,710 --> 00:39:30,800

drama and it was really cool it's a

1092

00:39:35,270 --> 00:39:32,720

really cool show so we got to hang out

1093

00:39:37,589 --> 00:39:35,280

there with the actors and actresses um

1094

00:39:40,470 --> 00:39:37,599

that was fun because one of the actors

1095

00:39:41,990 --> 00:39:40,480

in that was is also in resident alien

1096

00:39:44,950 --> 00:39:42,000

i'm not sure if you guys are watching it

1097

00:39:46,550 --> 00:39:44,960

but it's hilarious it's really good

1098

00:39:48,710 --> 00:39:46,560

in our backyard actually

1099

00:39:51,430 --> 00:39:48,720

yeah he was he's the mayor he was also

1100

00:39:53,750 --> 00:39:51,440

in that mars series but yeah so that's

1101  
00:39:55,510 --> 00:39:53,760  
how we got to know each other um and

1102  
00:39:57,510 --> 00:39:55,520  
they just were really into the topic

1103  
00:40:00,230 --> 00:39:57,520  
they kept inviting me to write about the

1104  
00:40:02,230 --> 00:40:00,240  
topic and uh i'm into sci-fi

1105  
00:40:04,069 --> 00:40:02,240  
so i started writing you know some

1106  
00:40:06,309 --> 00:40:04,079  
sci-fi stuff for them covering like the

1107  
00:40:08,470 --> 00:40:06,319  
orville and stuff like that so

1108  
00:40:10,550 --> 00:40:08,480  
and then covering stuff at comic-con

1109  
00:40:11,589 --> 00:40:10,560  
with them and yeah so that's how it

1110  
00:40:14,230 --> 00:40:11,599  
started

1111  
00:40:15,430 --> 00:40:14,240  
um but i i'm pretty proud of the pieces

1112  
00:40:17,190 --> 00:40:15,440  
that i wrote for them too because i

1113  
00:40:19,510 --> 00:40:17,200

really broke some news

1114

00:40:22,470 --> 00:40:19,520

in some of those pieces um i think one

1115

00:40:24,390 --> 00:40:22,480

of them is referenced in the lakatsky

1116

00:40:27,030 --> 00:40:24,400

book

1117

00:40:28,309 --> 00:40:27,040

so yeah so it was really fun working

1118

00:40:30,069 --> 00:40:28,319

with those guys and i still work with

1119

00:40:32,790 --> 00:40:30,079

them in fact you know i was hanging out

1120

00:40:34,470 --> 00:40:32,800

with them at comic con just last month

1121

00:40:37,349 --> 00:40:34,480

and they brought in the rock so i got a

1122

00:40:39,589 --> 00:40:37,359

selfie with that the rock that is on my

1123

00:40:41,270 --> 00:40:39,599

instagram the promise my thumbs partial

1124

00:40:43,510 --> 00:40:41,280

the way into it like covers up about

1125

00:40:44,870 --> 00:40:43,520

this picture but

1126

00:40:46,309 --> 00:40:44,880

at least you didn't cut his head off

1127

00:40:48,630 --> 00:40:46,319

with the height difference

1128

00:40:51,190 --> 00:40:48,640

yeah i don't know i was ready for that

1129

00:40:53,510 --> 00:40:51,200

it's definitely angled way up

1130

00:40:55,430 --> 00:40:53,520

that's when you crop everything to just

1131

00:40:57,109 --> 00:40:55,440

a smaller picture it's hard to crop in a

1132

00:41:01,349 --> 00:40:57,119

head if it's not there though i don't

1133

00:41:05,109 --> 00:41:03,030

like those little polaroid pictures when

1134

00:41:07,430 --> 00:41:05,119

you would just get that bleed that would

1135

00:41:09,510 --> 00:41:07,440

just like yeah fade away

1136

00:41:12,950 --> 00:41:09,520

but yeah people went nuts when he came

1137

00:41:14,550 --> 00:41:12,960

out i mean they went crazy so um luckily

1138

00:41:16,230 --> 00:41:14,560

we knew he was coming but they kind of

1139

00:41:18,470 --> 00:41:16,240

were surprising most of the other people

1140

00:41:20,470 --> 00:41:18,480

so do you ever people are screaming

1141

00:41:24,150 --> 00:41:20,480

everywhere but do you ever meet anybody

1142

00:41:26,550 --> 00:41:24,160

famous that is a huge ufo buff oh yeah a

1143

00:41:28,309 --> 00:41:26,560

lot a lot of actors and actresses are

1144

00:41:29,270 --> 00:41:28,319

really into this topic because they're

1145

00:41:31,589 --> 00:41:29,280

really

1146

00:41:33,750 --> 00:41:31,599

a lot of them are pretty intelligent and

1147

00:41:34,470 --> 00:41:33,760

a lot of them are just you know laid

1148

00:41:36,630 --> 00:41:34,480

back

1149

00:41:38,710 --> 00:41:36,640

yeah pretty cool people that you'd meet

1150

00:41:39,829 --> 00:41:38,720

um

1151  
00:41:42,150 --> 00:41:39,839  
and

1152  
00:41:43,430 --> 00:41:42,160  
let's see who can i think of

1153  
00:41:46,069 --> 00:41:43,440  
like two of the people that i've talked

1154  
00:41:48,069 --> 00:41:46,079  
to the most were shatner and aykroyd

1155  
00:41:51,349 --> 00:41:48,079  
those are my some of my favorites proud

1156  
00:41:53,910 --> 00:41:51,359  
canadian boys yeah yeah dan aykroyd is

1157  
00:41:56,470 --> 00:41:53,920  
so into the topic he just wanted to keep

1158  
00:41:58,069 --> 00:41:56,480  
talking and talking and he was maybe

1159  
00:42:00,230 --> 00:41:58,079  
from clearheads right when he made that

1160  
00:42:02,550 --> 00:42:00,240  
movie in the 90s well he's been into

1161  
00:42:04,550 --> 00:42:02,560  
paranormal since his grandpa i think it

1162  
00:42:06,710 --> 00:42:04,560  
was his grandpa who was into the occult

1163  
00:42:08,710 --> 00:42:06,720

and ghost hunting and everything so you

1164

00:42:11,589 --> 00:42:08,720

know like you the terms that he used in

1165

00:42:14,150 --> 00:42:11,599

ghostbusters like emf reader and

1166

00:42:16,230 --> 00:42:14,160

ectoplasm you know those are all terms

1167

00:42:18,069 --> 00:42:16,240

that are used in real ghost hunting so

1168

00:42:19,829 --> 00:42:18,079

he knew all of that from that so he's

1169

00:42:22,630 --> 00:42:19,839

been into this and he was into the

1170

00:42:24,069 --> 00:42:22,640

latest news like you know he wanted to

1171

00:42:25,990 --> 00:42:24,079

talk about all the latest things going

1172

00:42:28,069 --> 00:42:26,000

on i was asking him this wasn't long

1173

00:42:29,910 --> 00:42:28,079

after chicago o'hare and there were

1174

00:42:32,069 --> 00:42:29,920

rumors that he had one of the photos

1175

00:42:34,790 --> 00:42:32,079

from chicago o'hare so

1176

00:42:36,790 --> 00:42:34,800

um but yeah i was asking him he was up

1177

00:42:37,910 --> 00:42:36,800

to speed on all the latest it was pretty

1178

00:42:39,510 --> 00:42:37,920

incredible

1179

00:42:41,990 --> 00:42:39,520

yeah i've seen him a few times different

1180

00:42:44,710 --> 00:42:42,000

documentaries and different news stuff

1181

00:42:47,030 --> 00:42:44,720

talking about uaps and ufos and

1182

00:42:49,510 --> 00:42:47,040

the guys like an encyclopedia like yeah

1183

00:42:51,270 --> 00:42:49,520

just list off dates and names and stuff

1184

00:42:52,870 --> 00:42:51,280

so yeah he would actually be a good

1185

00:42:54,550 --> 00:42:52,880

candidate like a good person for us to

1186

00:42:56,230 --> 00:42:54,560

reach out to and try to get them on like

1187

00:42:58,069 --> 00:42:56,240

be great to talk with them about you oh

1188

00:43:01,270 --> 00:42:58,079

yeah my favorite is probably billy

1189

00:43:03,349 --> 00:43:01,280

corgan though um just because

1190

00:43:05,349 --> 00:43:03,359

i grew up with his music you know in

1191

00:43:07,430 --> 00:43:05,359

college i was working for the radio

1192

00:43:09,670 --> 00:43:07,440

station when a lot of that music was

1193

00:43:12,390 --> 00:43:09,680

coming out right so it's like really you

1194

00:43:14,230 --> 00:43:12,400

know big in my life and uh

1195

00:43:15,990 --> 00:43:14,240

yeah that was really cool we'll meet

1196

00:43:18,309 --> 00:43:16,000

with him and talk to him a bit about

1197

00:43:19,910 --> 00:43:18,319

this uh wha what was did he have an

1198

00:43:22,630 --> 00:43:19,920

experience or anything

1199

00:43:25,990 --> 00:43:22,640

no so i was this was funny so i was at

1200

00:43:27,750 --> 00:43:26,000

this conference in la that my girlfriend

1201  
00:43:30,630 --> 00:43:27,760  
decided to get a booth there that we

1202  
00:43:33,270 --> 00:43:30,640  
were running and it's like this huge

1203  
00:43:34,950 --> 00:43:33,280  
metaphysical kind of uh fair type of

1204  
00:43:36,710 --> 00:43:34,960  
thing where it's mostly vendors and

1205  
00:43:40,150 --> 00:43:36,720  
booths and stuff like that

1206  
00:43:43,349 --> 00:43:40,160  
um and the people are extremely weird

1207  
00:43:45,910 --> 00:43:43,359  
and that is one field too where it's way

1208  
00:43:47,990 --> 00:43:45,920  
it's very slimy like half the people

1209  
00:43:49,750 --> 00:43:48,000  
that i think are vendors don't really

1210  
00:43:51,510 --> 00:43:49,760  
believe in what they're selling they're

1211  
00:43:52,630 --> 00:43:51,520  
just trying to sell the craziest thing

1212  
00:43:55,510 --> 00:43:52,640  
to people

1213  
00:43:58,470 --> 00:43:55,520

that's impossible yeah snake oil people

1214

00:44:01,589 --> 00:43:58,480

totally so it's it's a really strange

1215

00:44:03,829 --> 00:44:01,599

environment but uh early in the morning

1216

00:44:07,270 --> 00:44:03,839

like very early we were like maybe one

1217

00:44:09,990 --> 00:44:07,280

of the a huge room of vendors huge and

1218

00:44:13,430 --> 00:44:10,000

there was maybe me and maybe five other

1219

00:44:15,829 --> 00:44:13,440

vendors out of 200 that were there even

1220

00:44:17,829 --> 00:44:15,839

getting ready um and this is like you

1221

00:44:18,710 --> 00:44:17,839

know the show's gonna start in half an

1222

00:44:20,150 --> 00:44:18,720

hour

1223

00:44:22,470 --> 00:44:20,160

um

1224

00:44:24,630 --> 00:44:22,480

and this guy comes you know to our table

1225

00:44:27,109 --> 00:44:24,640

he's looking at my magazines

1226

00:44:29,670 --> 00:44:27,119

and i'm kind of you know i see that he

1227

00:44:31,829 --> 00:44:29,680

has this long shirt on and billy corgan

1228

00:44:33,829 --> 00:44:31,839

always wears those long shirts um kind

1229

00:44:35,190 --> 00:44:33,839

of an asian kind of inspired type of

1230

00:44:37,510 --> 00:44:35,200

style i think

1231

00:44:39,510 --> 00:44:37,520

and uh he was with his kid

1232

00:44:41,990 --> 00:44:39,520

and i looked at him and i was like are

1233

00:44:43,430 --> 00:44:42,000

you and he said yeah so

1234

00:44:45,030 --> 00:44:43,440

uh yeah i just talked to him i was like

1235

00:44:47,109 --> 00:44:45,040

are you into the topic and he's like

1236

00:44:48,790 --> 00:44:47,119

yeah totally uh

1237

00:44:50,870 --> 00:44:48,800

at the time you know i was all excited

1238

00:44:52,550 --> 00:44:50,880

because i had been talking to tom delong

1239

00:44:54,390 --> 00:44:52,560

about all the stuff that he was doing

1240

00:44:55,990 --> 00:44:54,400

and i was like yeah you know tom belongs

1241

00:44:57,910 --> 00:44:56,000

really into this

1242

00:44:59,430 --> 00:44:57,920

and yeah he was like oh yeah this is all

1243

00:45:01,750 --> 00:44:59,440

real

1244

00:45:04,309 --> 00:45:01,760

you know a lot of stuff's being hidden

1245

00:45:07,270 --> 00:45:04,319

that kind of thing and yeah so we talked

1246

00:45:09,109 --> 00:45:07,280

for a minute or so and then he went on

1247

00:45:11,589 --> 00:45:09,119

he was like maybe they let him in early

1248

00:45:14,230 --> 00:45:11,599

or something i think um so he could walk

1249

00:45:16,069 --> 00:45:14,240

around unadulterated but uh yeah that

1250

00:45:18,710 --> 00:45:16,079

was super cool that was really really

1251  
00:45:21,430 --> 00:45:18,720  
cool yeah it's great to see the the you

1252  
00:45:23,109 --> 00:45:21,440  
know so-called stars or famous people

1253  
00:45:25,270 --> 00:45:23,119  
come out and talk about this as well

1254  
00:45:27,670 --> 00:45:25,280  
yeah and their experiences i know

1255  
00:45:29,510 --> 00:45:27,680  
billy cyrus and miley cyrus have come

1256  
00:45:31,510 --> 00:45:29,520  
out and said they've had experiences and

1257  
00:45:33,430 --> 00:45:31,520  
stuff like that as well so and it just

1258  
00:45:35,030 --> 00:45:33,440  
gives more credibility and you know for

1259  
00:45:36,069 --> 00:45:35,040  
everybody out there that's still skeptic

1260  
00:45:37,349 --> 00:45:36,079  
on it that

1261  
00:45:40,390 --> 00:45:37,359  
a lot of people are seeing this

1262  
00:45:42,230 --> 00:45:40,400  
including people that you watch on tv or

1263  
00:45:44,630 --> 00:45:42,240

listen to on the radio or whatever right

1264

00:45:46,630 --> 00:45:44,640

so yeah it gives it it's starting to

1265

00:45:47,750 --> 00:45:46,640

boom a lot more but do you think because

1266

00:45:49,589 --> 00:45:47,760

you were mentioning about all these

1267

00:45:52,390 --> 00:45:49,599

different organizations you got nasa the

1268

00:45:53,589 --> 00:45:52,400

scientific coalition and the galileo

1269

00:45:55,190 --> 00:45:53,599

project do you think they're going to

1270

00:45:57,349 --> 00:45:55,200

step on each other's toes do you think

1271

00:45:59,349 --> 00:45:57,359

there's going to be an amalgam

1272

00:46:00,790 --> 00:45:59,359

amalgamate or like you know they're

1273

00:46:03,349 --> 00:46:00,800

going to get together at some point and

1274

00:46:04,470 --> 00:46:03,359

just form a big organization uh do you

1275

00:46:06,550 --> 00:46:04,480

think they're going to work well

1276

00:46:08,150 --> 00:46:06,560

together at this point

1277

00:46:10,710 --> 00:46:08,160

i think that

1278

00:46:12,870 --> 00:46:10,720

so far it seems like everybody's very

1279

00:46:15,589 --> 00:46:12,880

open right and one of the great things

1280

00:46:18,630 --> 00:46:15,599

about what's going on now is

1281

00:46:20,230 --> 00:46:18,640

the scu is kind of in the middle of it

1282

00:46:21,510 --> 00:46:20,240

like we've been doing this first of all

1283

00:46:22,470 --> 00:46:21,520

our board

1284

00:46:24,150 --> 00:46:22,480

um

1285

00:46:27,030 --> 00:46:24,160

the majority of us have been doing this

1286

00:46:29,030 --> 00:46:27,040

stuff for decades some for many decades

1287

00:46:30,870 --> 00:46:29,040

so we've got a lot of experience in this

1288

00:46:33,109 --> 00:46:30,880

topic we know a lot of different people

1289

00:46:36,309 --> 00:46:33,119

and the serious people doing stuff

1290

00:46:38,069 --> 00:46:36,319

and uh so we're the perfect place to go

1291

00:46:39,430 --> 00:46:38,079

to um

1292

00:46:41,030 --> 00:46:39,440

network

1293

00:46:42,870 --> 00:46:41,040

and that's you know we serve that

1294

00:46:44,550 --> 00:46:42,880

purpose very well even with some

1295

00:46:45,750 --> 00:46:44,560

government agencies at our last

1296

00:46:46,710 --> 00:46:45,760

conference

1297

00:46:48,870 --> 00:46:46,720

um

1298

00:46:50,550 --> 00:46:48,880

and we're continuing to do that so

1299

00:46:53,349 --> 00:46:50,560

that's what's really exciting is we get

1300

00:46:55,030 --> 00:46:53,359

to play a role in connecting everybody

1301

00:46:56,870 --> 00:46:55,040

i i don't think there'll be one big

1302

00:46:59,109 --> 00:46:56,880

recognition and i'm not sure there

1303

00:47:02,630 --> 00:46:59,119

should be and the reason why

1304

00:47:04,309 --> 00:47:02,640

is that there's varying levels of um

1305

00:47:06,069 --> 00:47:04,319

scrutiny

1306

00:47:08,069 --> 00:47:06,079

it's kind of like in media like the new

1307

00:47:10,309 --> 00:47:08,079

york times is the highest they

1308

00:47:11,349 --> 00:47:10,319

triple check everything uh you have to

1309

00:47:13,270 --> 00:47:11,359

have

1310

00:47:15,109 --> 00:47:13,280

i don't even think they take anonymous

1311

00:47:16,550 --> 00:47:15,119

witnesses at all

1312

00:47:19,109 --> 00:47:16,560

so you know they have the highest level

1313

00:47:21,990 --> 00:47:19,119

of scrutiny in in the media nasa for

1314

00:47:23,910 --> 00:47:22,000

example would be that and and it is in

1315

00:47:25,430 --> 00:47:23,920

space you know i think the european

1316

00:47:26,790 --> 00:47:25,440

space agency

1317

00:47:28,790 --> 00:47:26,800

um had

1318

00:47:31,750 --> 00:47:28,800

come to the conclusion that there was

1319

00:47:34,470 --> 00:47:31,760

water signatures on mars a year before

1320

00:47:36,309 --> 00:47:34,480

nasa confirmed it they had the same data

1321

00:47:39,349 --> 00:47:36,319

it's just nasa has a higher level of

1322

00:47:41,510 --> 00:47:39,359

scrutiny that their their bar is set

1323

00:47:43,910 --> 00:47:41,520

very high so that's the same for these

1324

00:47:47,670 --> 00:47:43,920

organizations galileo has a different

1325

00:47:49,430 --> 00:47:47,680

one than the scu does the nasa does um

1326

00:47:51,670 --> 00:47:49,440

every it's

1327

00:47:54,150 --> 00:47:51,680

because of you know who we represent and

1328

00:47:55,109 --> 00:47:54,160

work with but it's also

1329

00:47:58,150 --> 00:47:55,119

um

1330

00:48:00,870 --> 00:47:58,160

reputation and just how

1331

00:48:03,430 --> 00:48:00,880

much scrutiny we think it needs to meet

1332

00:48:06,309 --> 00:48:03,440

um for an seu for example ours would

1333

00:48:08,710 --> 00:48:06,319

probably be one of the lowest um which

1334

00:48:10,470 --> 00:48:08,720

isn't bad we're closer to the work

1335

00:48:13,190 --> 00:48:10,480

so we want to come out of the gate and

1336

00:48:15,109 --> 00:48:13,200

say hey we think we've made a discovery

1337

00:48:17,670 --> 00:48:15,119

we want to be respectable enough and i

1338

00:48:20,069 --> 00:48:17,680

think we are at this point to

1339

00:48:22,390 --> 00:48:20,079

have other organizations look at it and

1340

00:48:24,309 --> 00:48:22,400

see what they think and beat it up right

1341

00:48:25,510 --> 00:48:24,319

um but at least take it seriously and

1342

00:48:27,589 --> 00:48:25,520

start to

1343

00:48:29,910 --> 00:48:27,599

investigate whatever this discovery is

1344

00:48:32,390 --> 00:48:29,920

or something along those lines so that's

1345

00:48:34,309 --> 00:48:32,400

that's i think

1346

00:48:36,390 --> 00:48:34,319

the way that we can all work together

1347

00:48:39,030 --> 00:48:36,400

kind of still maintain kind of separate

1348

00:48:40,630 --> 00:48:39,040

organizations um but yeah you kind of

1349

00:48:42,710 --> 00:48:40,640

have a latter effect because hopefully

1350

00:48:44,870 --> 00:48:42,720

there'll be other organizations like us

1351

00:48:46,950 --> 00:48:44,880

let's say uapx um

1352

00:48:48,870 --> 00:48:46,960

disagrees with our findings the scu says

1353

00:48:51,270 --> 00:48:48,880

well we're not you know sure about that

1354

00:48:53,270 --> 00:48:51,280

conclusion and you have px feels more

1355

00:48:56,549 --> 00:48:53,280

comfortable they have a relationship

1356

00:49:00,230 --> 00:48:56,559

with nasa and they get it to nasa or to

1357

00:49:02,069 --> 00:49:00,240

galileo um galileo works on it and they

1358

00:49:04,150 --> 00:49:02,079

agree with uapx you know and then it

1359

00:49:06,069 --> 00:49:04,160

moves up the ladder that way it's better

1360

00:49:08,950 --> 00:49:06,079

when you have more involvement so that

1361

00:49:11,030 --> 00:49:08,960

it can come from all these directions

1362

00:49:13,109 --> 00:49:11,040

and do you think that our organizations

1363

00:49:15,430 --> 00:49:13,119

like mufon and all that is that going to

1364

00:49:18,470 --> 00:49:15,440

be pretty much obsolete because we have

1365

00:49:20,870 --> 00:49:18,480

these big players now they're coming out

1366

00:49:22,790 --> 00:49:20,880

big names big uh you know scientists so

1367

00:49:23,910 --> 00:49:22,800

do you think that's sort of going to be

1368

00:49:25,030 --> 00:49:23,920

just

1369

00:49:27,030 --> 00:49:25,040

something that's going to die out

1370

00:49:28,790 --> 00:49:27,040

eventually or is you think it's still

1371

00:49:30,230 --> 00:49:28,800

going to be going strong

1372

00:49:33,430 --> 00:49:30,240

even though we have these big hitters

1373

00:49:35,990 --> 00:49:33,440

now taking care of the the data

1374

00:49:38,150 --> 00:49:36,000

well i mean i think you know scu a lot

1375

00:49:39,990 --> 00:49:38,160

of us come from mufon and we still

1376

00:49:41,829 --> 00:49:40,000

appreciate move on and what they do and

1377

00:49:44,470 --> 00:49:41,839

they definitely still have a big role

1378

00:49:46,549 --> 00:49:44,480

right now because they're the largest

1379

00:49:49,190 --> 00:49:46,559

ufo reporting center

1380

00:49:52,630 --> 00:49:49,200

out there um by far

1381

00:49:54,470 --> 00:49:52,640

and so that's a lot of data coming in

1382

00:49:56,790 --> 00:49:54,480

and that's what everybody wants and

1383

00:49:59,030 --> 00:49:56,800

needs right now is data to work off of

1384

00:50:01,030 --> 00:49:59,040

to figure something out about this stuff

1385

00:50:02,870 --> 00:50:01,040

so that's the rule they currently play

1386

00:50:04,230 --> 00:50:02,880

and what makes them important

1387

00:50:06,150 --> 00:50:04,240

um

1388

00:50:08,390 --> 00:50:06,160

and it'll be up to them to see how they

1389

00:50:10,630 --> 00:50:08,400

move beyond that i think it would be a

1390

00:50:11,430 --> 00:50:10,640

smart move that if they just focus on

1391

00:50:13,109 --> 00:50:11,440

that

1392

00:50:15,349 --> 00:50:13,119

you know just the process of having

1393

00:50:18,069 --> 00:50:15,359

investigators out there getting reports

1394

00:50:20,230 --> 00:50:18,079

and get and you know um having those

1395

00:50:22,390 --> 00:50:20,240

reports available for government

1396

00:50:24,549 --> 00:50:22,400

agencies and the public and scientific

1397

00:50:25,910 --> 00:50:24,559

agencies you know everybody that would

1398

00:50:27,750 --> 00:50:25,920

be the most important thing they could

1399

00:50:29,990 --> 00:50:27,760

do and they should just they it would be

1400

00:50:31,910 --> 00:50:30,000

wise of them to focus and get that down

1401  
00:50:33,589 --> 00:50:31,920  
before they kind of start to do other

1402  
00:50:35,190 --> 00:50:33,599  
things but um

1403  
00:50:38,710 --> 00:50:35,200  
yeah so we'll see what happens with that

1404  
00:50:40,549 --> 00:50:38,720  
but that makes them a big deal um

1405  
00:50:43,190 --> 00:50:40,559  
and similar to kind of what we want to

1406  
00:50:44,790 --> 00:50:43,200  
do with the enigma labs where we want to

1407  
00:50:47,910 --> 00:50:44,800  
take reports

1408  
00:50:50,470 --> 00:50:47,920  
and we want to analyze those reports and

1409  
00:50:53,270 --> 00:50:50,480  
have them in databases that

1410  
00:50:55,430 --> 00:50:53,280  
researchers can then also analyze that

1411  
00:50:57,430 --> 00:50:55,440  
data so that's a big thing that we're

1412  
00:50:59,270 --> 00:50:57,440  
doing is that end and that's the main

1413  
00:50:59,990 --> 00:50:59,280

thing and the big thing that we're doing

1414

00:51:01,990 --> 00:51:00,000

is

1415

00:51:03,829 --> 00:51:02,000

collecting data making it available

1416

00:51:05,270 --> 00:51:03,839

first via app to the public for

1417

00:51:07,670 --> 00:51:05,280

everybody to

1418

00:51:11,430 --> 00:51:07,680

peruse and

1419

00:51:13,190 --> 00:51:11,440

also then to make that data book um

1420

00:51:15,109 --> 00:51:13,200

available

1421

00:51:17,510 --> 00:51:15,119

on the technology side you know all of

1422

00:51:19,270 --> 00:51:17,520

those requirements so other researchers

1423

00:51:20,309 --> 00:51:19,280

can make their own applications and

1424

00:51:23,190 --> 00:51:20,319

everything to

1425

00:51:24,549 --> 00:51:23,200

crunch the data as well nice louis do

1426

00:51:26,150 --> 00:51:24,559

you have any final questions for our

1427

00:51:27,750 --> 00:51:26,160

guests yeah where can people uh learn

1428

00:51:29,510 --> 00:51:27,760

more about you alejandro or follow some

1429

00:51:32,069 --> 00:51:29,520

of your current projects

1430

00:51:34,710 --> 00:51:32,079

yeah so i the social media the only

1431

00:51:36,950 --> 00:51:34,720

social media i'm really on is uh twitter

1432

00:51:39,750 --> 00:51:36,960

so you can see me there at alejandro t

1433

00:51:41,750 --> 00:51:39,760

rojas and then

1434

00:51:44,069 --> 00:51:41,760

that's a good way otherwise i still run

1435

00:51:46,150 --> 00:51:44,079

the website openminds.tv

1436

00:51:48,230 --> 00:51:46,160

it's essentially archival at this point

1437

00:51:51,430 --> 00:51:48,240

because i'm not adding anything there

1438

00:51:54,230 --> 00:51:51,440

but we've got dozens and hundreds

1439

00:51:56,150 --> 00:51:54,240

thousands of articles on there that were

1440

00:51:58,390 --> 00:51:56,160

written over a period of a decade by a

1441

00:52:00,390 --> 00:51:58,400

lot of great writers so um

1442

00:52:02,950 --> 00:52:00,400

a lot of data in there for people to get

1443

00:52:06,470 --> 00:52:02,960

into to learn stuff so

1444

00:52:09,190 --> 00:52:06,480

uh you can find me there and then uh you

1445

00:52:10,950 --> 00:52:09,200

know enigma labs we're kind of not

1446

00:52:12,309 --> 00:52:10,960

totally out there yet but we're going to

1447

00:52:13,670 --> 00:52:12,319

be sharing more and more information

1448

00:52:16,549 --> 00:52:13,680

with people

1449

00:52:19,349 --> 00:52:16,559

i've been developing a uap library of

1450

00:52:21,349 --> 00:52:19,359

articles about lots of different topics

1451  
00:52:23,750 --> 00:52:21,359  
that i think is way more comprehensive

1452  
00:52:25,670 --> 00:52:23,760  
and unbiased than like what you'll find

1453  
00:52:27,750 --> 00:52:25,680  
on wikipedia or something so i'm

1454  
00:52:29,750 --> 00:52:27,760  
extremely excited about getting that out

1455  
00:52:31,589 --> 00:52:29,760  
because we've got a lot of great writers

1456  
00:52:33,270 --> 00:52:31,599  
and articles in there and we're hoping

1457  
00:52:35,910 --> 00:52:33,280  
to get that kind of information on our

1458  
00:52:38,150 --> 00:52:35,920  
website um fairly soon so in the next

1459  
00:52:40,630 --> 00:52:38,160  
couple months so we're going to slowly

1460  
00:52:43,190 --> 00:52:40,640  
be rolling stuff out here um

1461  
00:52:44,470 --> 00:52:43,200  
and i'm it's it's just a super exciting

1462  
00:52:46,150 --> 00:52:44,480  
time because all of these groups are

1463  
00:52:48,870 --> 00:52:46,160

working together and it's a lot of

1464

00:52:51,190 --> 00:52:48,880

intelligent people that are

1465

00:52:52,150 --> 00:52:51,200

cognizant of the issues

1466

00:52:54,549 --> 00:52:52,160

um

1467

00:52:56,470 --> 00:52:54,559

to working in this field but also

1468

00:52:58,549 --> 00:52:56,480

working with government agencies and all

1469

00:53:00,630 --> 00:52:58,559

this kind of these disparate groups with

1470

00:53:02,710 --> 00:53:00,640

their different interests um

1471

00:53:04,470 --> 00:53:02,720

and so i think everybody's pretty wise

1472

00:53:06,870 --> 00:53:04,480

about working around that and doing what

1473

00:53:07,589 --> 00:53:06,880

they can for whatever they're focused on

1474

00:53:09,910 --> 00:53:07,599

and

1475

00:53:11,750 --> 00:53:09,920

um that's really exciting because i

1476

00:53:13,750 --> 00:53:11,760

think there's a lot of information that

1477

00:53:16,549 --> 00:53:13,760

it's going to be good and solid and

1478

00:53:18,549 --> 00:53:16,559

extremely interesting coming out

1479

00:53:20,390 --> 00:53:18,559

in the next few months and years

1480

00:53:22,069 --> 00:53:20,400

yeah it is definitely an exciting time

1481

00:53:24,069 --> 00:53:22,079

and we were very excited to have you on

1482

00:53:25,589 --> 00:53:24,079

today's show thank you for taking time

1483

00:53:27,510 --> 00:53:25,599

out of your busy day

1484

00:53:29,190 --> 00:53:27,520

again you're one of the big name guys we

1485

00:53:31,270 --> 00:53:29,200

like to always refer to that we're proud

1486

00:53:33,109 --> 00:53:31,280

to have on the show and it means a lot

1487

00:53:35,349 --> 00:53:33,119

when you you know we don't pay you to

1488

00:53:37,270 --> 00:53:35,359

come on here and you're not paying us to

1489

00:53:39,670 --> 00:53:37,280

share your opinion so

1490

00:53:41,750 --> 00:53:39,680

to do this on a sunday i'm sure you have

1491

00:53:43,510 --> 00:53:41,760

other things you'd rather be doing but

1492

00:53:45,750 --> 00:53:43,520

you know your dedication to the movement

1493

00:53:47,910 --> 00:53:45,760

is warranted uh you we consider you a

1494

00:53:49,190 --> 00:53:47,920

big player in this and uh we're super

1495

00:53:50,710 --> 00:53:49,200

happy that you agreed to come on our

1496

00:53:51,589 --> 00:53:50,720

show so thank you for that thank you

1497

00:53:53,510 --> 00:53:51,599

very much

1498

00:53:55,750 --> 00:53:53,520

hopefully we have you back one day

1499

00:53:58,710 --> 00:53:55,760
