

A black and white photograph of Thomas Ferrario, an older man with a beard and mustache, wearing a headset and a light-colored short-sleeved button-down shirt. He is sitting at a desk with a computer monitor and a cup visible in the background. He has his right hand resting on his chin in a thoughtful pose. A watch is visible on his left wrist.

a mufon member he is the director of the

29

00:01:25,030 --> 00:01:22,560

ted phillips marley woods research

30

00:01:27,030 --> 00:01:25,040

center uh he's a professional diver and

31

00:01:28,149 --> 00:01:27,040

all kinds of cool stuff like that and

32

00:01:29,910 --> 00:01:28,159

we're super happy to have him on the

33

00:01:31,990 --> 00:01:29,920

show so without further ado please

34

00:01:33,190 --> 00:01:32,000

welcome mr thomas ferrario to uap

35

00:01:35,990 --> 00:01:33,200

studies

36

00:01:38,230 --> 00:01:36,000

hello glad to be here louis glad to have

37

00:01:40,149 --> 00:01:38,240

you yeah and uh so tell us a little bit

38

00:01:42,789 --> 00:01:40,159

about yourself uh who you were before

39

00:01:44,389 --> 00:01:42,799

you got into all this and uh what led

40

00:01:46,069 --> 00:01:44,399

you uh to where you are now and what

41

00:01:48,149 --> 00:01:46,079

you're currently working on

42

00:01:49,910 --> 00:01:48,159

well i'll just tell you it's a long

43

00:01:51,830 --> 00:01:49,920

story and i'll just cut it short but

44

00:01:52,950 --> 00:01:51,840

i've been in ufology basically all my

45

00:01:55,590 --> 00:01:52,960

life through

46

00:01:57,270 --> 00:01:55,600

family some had personal experiences and

47

00:01:58,310 --> 00:01:57,280

i grew up in a small town rural

48

00:01:59,190 --> 00:01:58,320

community

49

00:02:01,670 --> 00:01:59,200

uh

50

00:02:04,149 --> 00:02:01,680

and believe me people had witnesses and

51

00:02:06,870 --> 00:02:04,159

i've seen witnesses that

52

00:02:08,389 --> 00:02:06,880

had you know reported things and didn't

53

00:02:09,990 --> 00:02:08,399

want to share things with their family

54

00:02:11,910 --> 00:02:10,000

and i've seen people lose their

55

00:02:13,830 --> 00:02:11,920

employment over it so

56

00:02:16,869 --> 00:02:13,840

i learned at an early age it's a very

57

00:02:19,030 --> 00:02:16,879

serious subject and uh

58

00:02:21,750 --> 00:02:19,040

actually i got in touch on a sunday

59

00:02:24,150 --> 00:02:21,760

afternoon with walt anders the one of

60

00:02:26,229 --> 00:02:24,160

the co-founders of the mutual ufo

61

00:02:28,550 --> 00:02:26,239

network which actually people don't know

62

00:02:30,710 --> 00:02:28,560

this but that was actually the missouri

63

00:02:32,630 --> 00:02:30,720

ufo network in the beginning and then it

64

00:02:33,990 --> 00:02:32,640

approached international and became the

65

00:02:37,430 --> 00:02:34,000

mutual but

66

00:02:39,270 --> 00:02:37,440

on about a four-hour call with well uh i

67

00:02:41,990 --> 00:02:39,280

had some actual cases that he knew

68

00:02:44,390 --> 00:02:42,000

overlapped in project blue book and he

69

00:02:46,309 --> 00:02:44,400

convinced me to be a member

70

00:02:48,070 --> 00:02:46,319

and he actually made me a section

71

00:02:50,550 --> 00:02:48,080

director at that point

72

00:02:52,150 --> 00:02:50,560

and introduced me to a gentleman named

73

00:02:54,550 --> 00:02:52,160

bruce witaman

74

00:02:56,470 --> 00:02:54,560

which bruce whitaman was in st louis

75

00:02:58,390 --> 00:02:56,480

missouri was the first state director

76

00:03:01,030 --> 00:02:58,400

for mufon in missouri

77

00:03:03,670 --> 00:03:01,040

and uh he was there in the beginning of

78

00:03:06,070 --> 00:03:03,680

mufon he and

79

00:03:08,390 --> 00:03:06,080

john schussler was there and but anyway

80

00:03:10,550 --> 00:03:08,400

i hooked up with bruce and i told bruce

81

00:03:12,309 --> 00:03:10,560

i said well walt made me a section

82

00:03:14,470 --> 00:03:12,319

director at the time and

83

00:03:16,550 --> 00:03:14,480

and bruce said well you can't be i make

84

00:03:19,110 --> 00:03:16,560

the section directors and at the time

85

00:03:20,869 --> 00:03:19,120

you're not even a move fund member so

86

00:03:23,350 --> 00:03:20,879

he said we'll get together and talk

87

00:03:24,309 --> 00:03:23,360

about and see what we can do and

88

00:03:26,869 --> 00:03:24,319

so he

89

00:03:29,270 --> 00:03:26,879
brought me in and uh he assigned me to a

90

00:03:31,509 --> 00:03:29,280
gentleman named jim cross which was an

91

00:03:33,990 --> 00:03:31,519
air force captain retired from the

92

00:03:36,789 --> 00:03:34,000
korean war and so i worked under jim

93

00:03:39,430 --> 00:03:36,799
cross was my formal training in going on

94

00:03:41,110 --> 00:03:39,440
investigations with him he was a photo

95

00:03:43,110 --> 00:03:41,120
analyst and uh

96

00:03:45,509 --> 00:03:43,120
so i had good training and bruce and i

97

00:03:48,390 --> 00:03:45,519
became great friends and which we just

98

00:03:50,390 --> 00:03:48,400
recently lost bruce whitaman a couple

99

00:03:51,509 --> 00:03:50,400
months ago this year

100

00:03:54,869 --> 00:03:51,519
and a

101
00:03:57,350 --> 00:03:54,879
great loss to the missouri and mufon but

102
00:04:00,390 --> 00:03:57,360
so anyway that's how i got involved with

103
00:04:02,229 --> 00:04:00,400
in ufology and and move on and

104
00:04:04,869 --> 00:04:02,239
through bruce whitaman and the mufon

105
00:04:08,869 --> 00:04:04,879
meetings i got to meet my

106
00:04:11,830 --> 00:04:08,879
all-time mentor uh ted phillips and

107
00:04:14,229 --> 00:04:11,840
i got i offered him uh not even thinking

108
00:04:16,870 --> 00:04:14,239
in a million years he'd take me up on it

109
00:04:18,789 --> 00:04:16,880
i offered ted my services and

110
00:04:21,110 --> 00:04:18,799
ted said well what do you got and i said

111
00:04:22,629 --> 00:04:21,120
well at the time i was an electrical

112
00:04:26,230 --> 00:04:22,639
engineer

113
00:04:28,469 --> 00:04:26,240

nothing

114

00:04:30,710 --> 00:04:28,479

really formatted um

115

00:04:32,390 --> 00:04:30,720

in that degree but i

116

00:04:34,310 --> 00:04:32,400

signed i was working for a powerboat

117

00:04:36,629 --> 00:04:34,320

company at that time

118

00:04:38,390 --> 00:04:36,639

um and so anyway i

119

00:04:41,350 --> 00:04:38,400

started as a

120

00:04:43,749 --> 00:04:41,360

just a mutual beneficial i put up camera

121

00:04:46,230 --> 00:04:43,759

security cameras ran wires for ted down

122

00:04:48,150 --> 00:04:46,240

at marley woods and we became close

123

00:04:51,030 --> 00:04:48,160

friends over the years and

124

00:04:52,550 --> 00:04:51,040

and that's that's my story basically

125

00:04:54,390 --> 00:04:52,560

so tell us a little bit about marley

126
00:04:56,469 --> 00:04:54,400
woods i know this may not be as well

127
00:04:58,710 --> 00:04:56,479
known as some of the other locations in

128
00:05:01,270 --> 00:04:58,720
the world so what is marley woods and

129
00:05:02,310 --> 00:05:01,280
what is the significance to ufology in

130
00:05:05,189 --> 00:05:02,320
our field

131
00:05:07,749 --> 00:05:05,199
yeah marley woods and that i'll go right

132
00:05:09,990 --> 00:05:07,759
off the bat is a fictitious name we had

133
00:05:13,430 --> 00:05:10,000
to do that to protect the location and

134
00:05:16,790 --> 00:05:13,440
the eyewitnesses and we do have over 260

135
00:05:19,830 --> 00:05:16,800
witnesses now logged in cases

136
00:05:23,029 --> 00:05:19,840
in that area but it's a three mile area

137
00:05:26,310 --> 00:05:23,039
north and south in the east and west

138
00:05:27,830 --> 00:05:26,320

so one ranch alone is comprised of over

139

00:05:30,310 --> 00:05:27,840

1200 acres

140

00:05:32,390 --> 00:05:30,320

so you can see the small team we had it

141

00:05:34,790 --> 00:05:32,400

was quite a bit of real estate to

142

00:05:36,310 --> 00:05:34,800

maneuver when things would start

143

00:05:38,469 --> 00:05:36,320

happening out there

144

00:05:41,029 --> 00:05:38,479

and luckily we had great property owners

145

00:05:43,350 --> 00:05:41,039

one property owner bill ted phillips a

146

00:05:44,390 --> 00:05:43,360

research center out there a two-story

147

00:05:46,870 --> 00:05:44,400

structure

148

00:05:47,990 --> 00:05:46,880

for us to stay in and had our ted had

149

00:05:50,870 --> 00:05:48,000

his office

150

00:05:53,909 --> 00:05:50,880

and uh built us an observation deck and

151

00:05:56,309 --> 00:05:53,919

uh so it was just uh we couldn't have

152

00:05:58,790 --> 00:05:56,319

had better people to work with there

153

00:06:01,990 --> 00:05:58,800

now i can say that with some authority

154

00:06:04,790 --> 00:06:02,000

because i was so fortunate uh here again

155

00:06:07,749 --> 00:06:04,800

because of ted uh jacques villa was a

156

00:06:09,350 --> 00:06:07,759

good friend at ted and worked with ted

157

00:06:11,990 --> 00:06:09,360

over the years and

158

00:06:14,710 --> 00:06:12,000

and ted got to start you know with dr

159

00:06:17,510 --> 00:06:14,720

alan heineck in blue book days

160

00:06:20,629 --> 00:06:17,520

and you had actually jacqueline on one

161

00:06:22,550 --> 00:06:20,639

side doing the software in the journals

162

00:06:24,309 --> 00:06:22,560

and ted was the field guy he loved to be

163

00:06:25,670 --> 00:06:24,319

the man doing the nuts and bolts work

164

00:06:28,469 --> 00:06:25,680

out in the field

165

00:06:31,350 --> 00:06:28,479

he was a true scientist collecting data

166

00:06:34,309 --> 00:06:31,360

doing compaction tests he found out that

167

00:06:37,830 --> 00:06:34,319

these objects 30 to 60 foot diameter

168

00:06:39,029 --> 00:06:37,840

weighed anywhere from 20 to 60 ton so

169

00:06:41,189 --> 00:06:39,039

you know when you're dealing with that

170

00:06:43,110 --> 00:06:41,199

kind of mass that's the science you can

171

00:06:44,390 --> 00:06:43,120

put your teeth into

172

00:06:47,110 --> 00:06:44,400

so

173

00:06:50,550 --> 00:06:47,120

but as a result of that

174

00:06:51,830 --> 00:06:50,560

ted's friendship with jacques valley

175

00:06:53,510 --> 00:06:51,840

and of course jacques villa you know

176
00:06:54,950 --> 00:06:53,520
wrote the book about skinwalker

177
00:06:57,029 --> 00:06:54,960
contributed in

178
00:06:59,270 --> 00:06:57,039
and he's jok spent time with us out in

179
00:07:01,270 --> 00:06:59,280
marley so it doesn't get any better than

180
00:07:03,110 --> 00:07:01,280
that let me tell you

181
00:07:04,950 --> 00:07:03,120
it is it similar to skin walker ranch

182
00:07:06,950 --> 00:07:04,960
where it's multiple phenomenon not just

183
00:07:08,870 --> 00:07:06,960
ufo there's lights and portals and

184
00:07:11,749 --> 00:07:08,880
cryptids and all kinds of crazy stuff

185
00:07:14,790 --> 00:07:11,759
yeah yeah it's multiple and i will tell

186
00:07:19,749 --> 00:07:14,800
you that jacques valet himself said

187
00:07:23,990 --> 00:07:22,390
then skinwalker now say that say that

188
00:07:26,309 --> 00:07:24,000

one more time you're a connection cut

189

00:07:27,589 --> 00:07:26,319

out there tom say that part one

190

00:07:29,110 --> 00:07:27,599

he said that

191

00:07:31,589 --> 00:07:29,120

uh

192

00:07:34,469 --> 00:07:31,599

marley woods has a higher potential

193

00:07:36,309 --> 00:07:34,479

for high strangeness and skin walker now

194

00:07:38,390 --> 00:07:36,319

that's saying quite a bit

195

00:07:39,990 --> 00:07:38,400

right yeah definitely well do you think

196

00:07:41,749 --> 00:07:40,000

there's a reason why the skinwalker

197

00:07:43,510 --> 00:07:41,759

ranch kind of took off

198

00:07:45,909 --> 00:07:43,520

more in terms of people knowing about it

199

00:07:47,909 --> 00:07:45,919

was it like the robert bigelow or the

200

00:07:49,990 --> 00:07:47,919

now the television shows associated like

201
00:07:52,469 --> 00:07:50,000
why is marley woods not as well known as

202
00:07:54,629 --> 00:07:52,479
some of the other well you know that's

203
00:07:57,589 --> 00:07:54,639
due to ted's work trying to keep the

204
00:07:59,990 --> 00:07:57,599
location secret and the witnesses and i

205
00:08:02,230 --> 00:08:00,000
can actually go into it now and talk

206
00:08:04,710 --> 00:08:02,240
about it at the time we couldn't

207
00:08:07,670 --> 00:08:04,720
but we were affiliated and we had

208
00:08:10,309 --> 00:08:07,680
robert bigelow out there and his people

209
00:08:14,070 --> 00:08:10,319
so for a while we worked with him

210
00:08:15,909 --> 00:08:14,080
and it was just a it was a mutual

211
00:08:19,350 --> 00:08:15,919
let's just say with discrepancy of

212
00:08:21,110 --> 00:08:19,360
property control and data um i'll just i

213
00:08:23,270 --> 00:08:21,120

won't go any farther than that but we

214

00:08:26,390 --> 00:08:23,280
did work with him at a time and

215

00:08:28,390 --> 00:08:26,400
uh all i can tell you is that you know

216

00:08:30,469 --> 00:08:28,400
ted's method was

217

00:08:31,510 --> 00:08:30,479
going in with a small footprint as

218

00:08:33,269 --> 00:08:31,520
possible

219

00:08:36,550 --> 00:08:33,279
monitoring this stuff

220

00:08:38,870 --> 00:08:36,560
and uh we're there to to log data and

221

00:08:41,029 --> 00:08:38,880
monitor things and try to figure out

222

00:08:43,110 --> 00:08:41,039
what this phenomenon is where in the

223

00:08:45,030 --> 00:08:43,120
beginning the bigelow people went in

224

00:08:47,670 --> 00:08:45,040
with a huge footprint

225

00:08:49,030 --> 00:08:47,680
uh several mobile scientific units

226

00:08:51,269 --> 00:08:49,040

several people

227

00:08:52,150 --> 00:08:51,279

and it shut the activity down there for

228

00:08:54,470 --> 00:08:52,160

years

229

00:08:56,949 --> 00:08:54,480

and eventually it came back up

230

00:08:58,710 --> 00:08:56,959

now the new people there and i happen to

231

00:09:00,870 --> 00:08:58,720

know the producer and some of the people

232

00:09:03,190 --> 00:09:00,880

there at skinwalker and

233

00:09:06,150 --> 00:09:03,200

they're doing it in a much better way a

234

00:09:07,910 --> 00:09:06,160

more scientific approach and a more

235

00:09:09,910 --> 00:09:07,920

smaller footprint type of method that

236

00:09:11,829 --> 00:09:09,920

has ted used and they're getting more

237

00:09:14,150 --> 00:09:11,839

activity like that now

238

00:09:15,670 --> 00:09:14,160

but do they have similarities with like

239

00:09:18,150 --> 00:09:15,680

disturbing the ground and things like

240

00:09:20,550 --> 00:09:18,160

that is there anything similar enough

241

00:09:22,550 --> 00:09:20,560

not so much in us disturbing the ground

242

00:09:25,829 --> 00:09:22,560

out there but i will tell you that

243

00:09:28,710 --> 00:09:25,839

they're coming around at skinwalker now

244

00:09:30,310 --> 00:09:28,720

one of the things that we felt was truly

245

00:09:31,990 --> 00:09:30,320

what affected people and there were

246

00:09:34,550 --> 00:09:32,000

incidents that we had

247

00:09:37,190 --> 00:09:34,560

uh myself included we had health issues

248

00:09:40,470 --> 00:09:37,200

health problems happened to myself and

249

00:09:42,630 --> 00:09:40,480

ted and other members of the team and we

250

00:09:44,070 --> 00:09:42,640

just nailed down because of ted's work

251

00:09:46,949 --> 00:09:44,080

in the past

252

00:09:49,110 --> 00:09:46,959

uh that it was all microwave based

253

00:09:51,670 --> 00:09:49,120

and now they're coming around at

254

00:09:53,269 --> 00:09:51,680

skinwalker i will tell you and they're

255

00:09:56,310 --> 00:09:53,279

coming around to that conclusion more

256

00:09:59,509 --> 00:09:56,320

and more that a lot of the bad guy

257

00:10:01,990 --> 00:09:59,519

is the microwave radiation

258

00:10:04,310 --> 00:10:02,000

and you know that's so in the news now

259

00:10:05,110 --> 00:10:04,320

you've heard about the havana syndrome

260

00:10:07,030 --> 00:10:05,120

um

261

00:10:09,910 --> 00:10:07,040

hashimoto's very

262

00:10:12,150 --> 00:10:09,920

very real thing you know it's when

263

00:10:14,790 --> 00:10:12,160

humans are exposed to certain microwave

264

00:10:17,110 --> 00:10:14,800

frequencies they hear audible clicks it

265

00:10:19,590 --> 00:10:17,120

affects their health and it just they

266

00:10:20,790 --> 00:10:19,600

hear voices you know that aren't there

267

00:10:21,590 --> 00:10:20,800

and uh

268

00:10:24,230 --> 00:10:21,600

so

269

00:10:25,670 --> 00:10:24,240

it's we just nailed down that most of

270

00:10:28,150 --> 00:10:25,680

our damage to

271

00:10:30,389 --> 00:10:28,160

animals and the bad guy in marley just

272

00:10:32,870 --> 00:10:30,399

like they're finding out that skinwalker

273

00:10:34,870 --> 00:10:32,880

is due to microwave radiation

274

00:10:36,949 --> 00:10:34,880

and believe me we've had cattle

275

00:10:37,750 --> 00:10:36,959

mutilations in marley

276

00:10:39,750 --> 00:10:37,760

uh

277

00:10:42,710 --> 00:10:39,760

we've had a harsh-born incident which is

278

00:10:44,550 --> 00:10:42,720

our most famous terrible incident

279

00:10:47,910 --> 00:10:44,560

we've had light balls we've had the

280

00:10:50,790 --> 00:10:47,920

unseen force we've had cryptids huge

281

00:10:52,710 --> 00:10:50,800

white sloth-like type animals the only

282

00:10:54,949 --> 00:10:52,720

bigfoot sighting in the county was in

283

00:10:55,990 --> 00:10:54,959

marley woods

284

00:10:58,310 --> 00:10:56,000

so

285

00:11:00,389 --> 00:10:58,320

when this phenomena is there

286

00:11:02,870 --> 00:11:00,399

it's there and it's real

287

00:11:04,389 --> 00:11:02,880

now it leaves down we've got

288

00:11:07,190 --> 00:11:04,399

physical trace

289

00:11:10,389 --> 00:11:07,200

i mean we've got we collected

290

00:11:13,190 --> 00:11:10,399

16 inch wide long hair samples that we

291

00:11:15,110 --> 00:11:13,200

did microscopy on and dna work pretty

292

00:11:18,470 --> 00:11:15,120

crude in the day dna work but it came

293

00:11:22,150 --> 00:11:18,480

back no known match we got plaster cast

294

00:11:24,870 --> 00:11:22,160

so it goes on and on from there and um

295

00:11:26,630 --> 00:11:24,880

it's just incredible it really is right

296

00:11:29,190 --> 00:11:26,640

and what is there a reason why they're

297

00:11:30,870 --> 00:11:29,200

keeping it secret like this location

298

00:11:33,110 --> 00:11:30,880

it yeah

299

00:11:34,790 --> 00:11:33,120

ted always felt the ranchers of course

300

00:11:37,269 --> 00:11:34,800

they don't want

301

00:11:39,670 --> 00:11:37,279

an influx of people on their property

302

00:11:42,310 --> 00:11:39,680

okay and and one of the things contrary

303

00:11:44,230 --> 00:11:42,320

to popular belief you know over the 200

304

00:11:46,150 --> 00:11:44,240

witnesses we have

305

00:11:48,310 --> 00:11:46,160

none of them have ever wanted to go

306

00:11:50,470 --> 00:11:48,320

public some of them won't even share

307

00:11:52,710 --> 00:11:50,480

this with their family members again

308

00:11:54,949 --> 00:11:52,720

so there's no financial gain there's no

309

00:11:57,750 --> 00:11:54,959

reason on earth why this stuff would be

310

00:11:59,269 --> 00:11:57,760

made up or be fictitious

311

00:12:01,590 --> 00:11:59,279

and believe me they're just assault of

312

00:12:03,829 --> 00:12:01,600

the earth people they're real and but

313

00:12:05,389 --> 00:12:03,839

they want ted always agreed we would

314

00:12:08,629 --> 00:12:05,399

keep their

315

00:12:10,470 --> 00:12:08,639

location you know and their personal

316

00:12:12,629 --> 00:12:10,480

data everything

317

00:12:15,430 --> 00:12:12,639

a hundred percent safe

318

00:12:16,710 --> 00:12:15,440

right so we felt ted felt he owed it to

319

00:12:19,829 --> 00:12:16,720

all these people

320

00:12:22,310 --> 00:12:19,839

and i i'm following up on that i'm i'm

321

00:12:24,470 --> 00:12:22,320

and believe me it is so hard we have so

322

00:12:26,230 --> 00:12:24,480

many people over the years

323

00:12:27,910 --> 00:12:26,240

some that don't think think they know

324

00:12:29,430 --> 00:12:27,920

the location and they don't and some

325

00:12:31,110 --> 00:12:29,440

that find their way

326

00:12:33,269 --> 00:12:31,120

onto the property

327

00:12:36,470 --> 00:12:33,279

so i will just say at this point uh

328

00:12:38,629 --> 00:12:36,480

please one of the property owners nephew

329

00:12:41,110 --> 00:12:38,639

is actually a deputy sheriff

330

00:12:43,030 --> 00:12:41,120

they've taken his private property

331

00:12:44,230 --> 00:12:43,040

you'll be trespassing and if you get out

332

00:12:46,710 --> 00:12:44,240

there

333

00:12:48,389 --> 00:12:46,720

you can't get to the when most of the

334

00:12:51,030 --> 00:12:48,399

occurrences happen

335

00:12:54,150 --> 00:12:51,040

you can't it's it's gated it's fenced

336

00:12:55,750 --> 00:12:54,160

off you can't get to the locations so uh

337

00:12:57,910 --> 00:12:55,760

it really won't do you any good to try

338

00:13:00,629 --> 00:12:57,920

to get on this property so

339

00:13:02,230 --> 00:13:00,639

you know respect these people wishes and

340

00:13:04,389 --> 00:13:02,240

i know myself

341

00:13:06,470 --> 00:13:04,399

i know everybody'd like to be there and

342

00:13:08,550 --> 00:13:06,480

observe this stuff and

343

00:13:10,710 --> 00:13:08,560

and we're that was always ted's wish

344

00:13:12,069 --> 00:13:10,720

we're hoping in the future

345

00:13:15,269 --> 00:13:12,079

with the

346

00:13:18,470 --> 00:13:15,279

the new technologies out there uh

347

00:13:20,790 --> 00:13:18,480

cell camera cell type trail cameras and

348

00:13:23,030 --> 00:13:20,800

we've even looked in because to this day

349

00:13:25,030 --> 00:13:23,040

the internet is not really prevalent out

350

00:13:28,470 --> 00:13:25,040

there so we're even looking into

351

00:13:30,550 --> 00:13:28,480

satellite phone operated uh trail cams

352

00:13:33,190 --> 00:13:30,560

and but you can imagine the cost how

353

00:13:35,670 --> 00:13:33,200

prohibitive that is right but we want to

354

00:13:38,150 --> 00:13:35,680

get a website back up and have this

355

00:13:40,389 --> 00:13:38,160

stuff viewed 24 hours a day

356

00:13:42,069 --> 00:13:40,399

that anybody can go to this and and you

357

00:13:44,310 --> 00:13:42,079

know they can help us out they can view

358

00:13:46,389 --> 00:13:44,320

through these cameras and monitor this

359

00:13:47,509 --> 00:13:46,399

stuff and if they see anything

360

00:13:49,670 --> 00:13:47,519

they can

361

00:13:52,069 --> 00:13:49,680

log it time it and uh

362

00:13:53,990 --> 00:13:52,079

and so that's the way we'd like to bring

363

00:13:56,710 --> 00:13:54,000

people into marley woods and be

364

00:13:58,230 --> 00:13:56,720

beneficial to everybody

365

00:13:59,829 --> 00:13:58,240

what do you think it is do you think

366

00:14:02,790 --> 00:13:59,839

there's something buried there do you

367

00:14:04,550 --> 00:14:02,800

think it's uh environmental anomaly that

368

00:14:05,829 --> 00:14:04,560

makes it a hot spot like what do you

369

00:14:07,030 --> 00:14:05,839

think is actually causing this

370

00:14:09,590 --> 00:14:07,040

phenomenon

371

00:14:10,550 --> 00:14:09,600

you know i wish i could tell you but i

372

00:14:13,590 --> 00:14:10,560

will

373

00:14:15,990 --> 00:14:13,600

the one thing i can absolutely say

374

00:14:18,870 --> 00:14:16,000

and i know this steps on a lot of

375

00:14:20,870 --> 00:14:18,880

ufologists toes here but

376

00:14:22,470 --> 00:14:20,880

i can only go with the people i've known

377

00:14:24,470 --> 00:14:22,480

like a gentleman now i don't know if

378

00:14:25,829 --> 00:14:24,480

you've heard ray stanford is a good

379

00:14:29,110 --> 00:14:25,839

friend of mine

380

00:14:30,790 --> 00:14:29,120

uh he wrote the book saucer in the

381

00:14:33,430 --> 00:14:30,800

pentagon's closet

382

00:14:36,470 --> 00:14:33,440

uh he's a self-taught paleontologist he

383

00:14:38,790 --> 00:14:36,480

worked in back engineering in ufology on

384

00:14:41,829 --> 00:14:38,800

craft debris

385

00:14:45,189 --> 00:14:41,839

you know jacques vallee ted phillips and

386

00:14:47,910 --> 00:14:45,199

alan heineck but i will tell you and

387

00:14:49,430 --> 00:14:47,920

josh put it the best way i've ever heard

388

00:14:51,829 --> 00:14:49,440

he said that

389

00:14:53,350 --> 00:14:51,839

we have evidence that the phenomena has

390

00:14:56,230 --> 00:14:53,360

the ability

391

00:14:58,470 --> 00:14:56,240

to create a distortion of the sense of

392

00:15:01,350 --> 00:14:58,480

reality to substitute

393

00:15:02,470 --> 00:15:01,360

artificial sensations for the real ones

394

00:15:04,949 --> 00:15:02,480

now

395

00:15:06,550 --> 00:15:04,959

what that means is that

396

00:15:08,550 --> 00:15:06,560

this phenomena

397

00:15:10,710 --> 00:15:08,560

is dimensionally based

398

00:15:13,110 --> 00:15:10,720

it's frequency driven

399

00:15:15,030 --> 00:15:13,120

it has the ability to change your

400

00:15:17,910 --> 00:15:15,040

perception of

401
00:15:20,470 --> 00:15:17,920
reality or what you're visually seeing

402
00:15:22,790 --> 00:15:20,480
now that doesn't mean something's not

403
00:15:23,990 --> 00:15:22,800
there it very much is there and we found

404
00:15:26,949 --> 00:15:24,000
that out

405
00:15:29,509 --> 00:15:26,959
but we do believe this has the ability

406
00:15:31,269 --> 00:15:29,519
of sometimes what you're seeing

407
00:15:33,670 --> 00:15:31,279
whether it be cryptids

408
00:15:35,590 --> 00:15:33,680
or you know like ted used to say the

409
00:15:39,189 --> 00:15:35,600
little gray guys or the

410
00:15:41,030 --> 00:15:39,199
whatever type of perceived alien it is

411
00:15:43,910 --> 00:15:41,040
you always have to keep in the back of

412
00:15:45,110 --> 00:15:43,920
your mind that is this really something

413
00:15:48,069 --> 00:15:45,120

physical

414

00:15:50,069 --> 00:15:48,079

or is this something that i'm seeing

415

00:15:52,230 --> 00:15:50,079

am i seeing what it wants me to perceive

416

00:15:54,550 --> 00:15:52,240

and see

417

00:15:56,550 --> 00:15:54,560

and so often with cryptids out there you

418

00:15:58,069 --> 00:15:56,560

know and when this stuff comes

419

00:16:00,389 --> 00:15:58,079

dimensionally based through the

420

00:16:02,629 --> 00:16:00,399

dimensional boundaries

421

00:16:04,790 --> 00:16:02,639

it's as real as you and i lays down

422

00:16:06,389 --> 00:16:04,800

physical trace we've we've found it

423

00:16:08,389 --> 00:16:06,399

we've seen it

424

00:16:10,310 --> 00:16:08,399

but when it's not there it's not there

425

00:16:13,189 --> 00:16:10,320

and do we believe there's a living

426

00:16:15,509 --> 00:16:13,199

breeding population of large white

427

00:16:17,430 --> 00:16:15,519

swath-like 400 pound animals breeding

428

00:16:19,509 --> 00:16:17,440

and marley we absolutely know there

429

00:16:21,910 --> 00:16:19,519

isn't but when this stuff comes through

430

00:16:24,310 --> 00:16:21,920

the dimensional boundaries which seem to

431

00:16:26,790 --> 00:16:24,320

be weakening i will tell you that's why

432

00:16:29,430 --> 00:16:26,800

you're seeing it in more locations

433

00:16:33,030 --> 00:16:29,440

like marley around the world right now

434

00:16:35,509 --> 00:16:33,040

it's as real as you and i are but

435

00:16:37,910 --> 00:16:35,519

but we always were taught by people like

436

00:16:39,910 --> 00:16:37,920

jock and heineck and like ted said

437

00:16:42,150 --> 00:16:39,920

heineck always said

438

00:16:43,749 --> 00:16:42,160

ted this is so much more than a little

439

00:16:46,069 --> 00:16:43,759

green guy coming here from alpha

440

00:16:48,710 --> 00:16:46,079

centauri that's too simplistic

441

00:16:50,389 --> 00:16:48,720

this stuff is all dimensionally based

442

00:16:52,710 --> 00:16:50,399

and when it comes through

443

00:16:54,230 --> 00:16:52,720

it's inter-dimensional it's not

444

00:16:55,509 --> 00:16:54,240

interplanetary

445

00:16:57,350 --> 00:16:55,519

now

446

00:16:58,629 --> 00:16:57,360

there's a difference there i will go

447

00:17:00,949 --> 00:16:58,639

into that

448

00:17:02,870 --> 00:17:00,959

meaning it's interdimensional

449

00:17:04,630 --> 00:17:02,880

through that aspect it can be

450

00:17:05,829 --> 00:17:04,640

interplanetary

451
00:17:11,029 --> 00:17:05,839
but

452
00:17:12,710 --> 00:17:11,039
that i've met and i if i have to put my

453
00:17:13,669 --> 00:17:12,720
money in anybody i'll put it on these

454
00:17:16,150 --> 00:17:13,679
people

455
00:17:18,390 --> 00:17:16,160
uh i'll put it on there what they've

456
00:17:20,549 --> 00:17:18,400
come away with and that

457
00:17:22,870 --> 00:17:20,559
just the physics and everything coming

458
00:17:24,150 --> 00:17:22,880
from light years away

459
00:17:26,150 --> 00:17:24,160
is really

460
00:17:27,990 --> 00:17:26,160
impossible

461
00:17:30,710 --> 00:17:28,000
dimensionally based coming through that

462
00:17:31,510 --> 00:17:30,720
aspect of it it is possible

463
00:17:34,310 --> 00:17:31,520

so

464

00:17:36,470 --> 00:17:34,320

um and that being said that

465

00:17:38,390 --> 00:17:36,480

i will tell you i that angers a lot of

466

00:17:40,150 --> 00:17:38,400

ufologists and they don't want to they

467

00:17:42,310 --> 00:17:40,160

don't want to hear that

468

00:17:45,669 --> 00:17:42,320

well we've covered uh several different

469

00:17:48,390 --> 00:17:45,679

aspects like we also cover the extra

470

00:17:51,029 --> 00:17:48,400

tempestual models and like

471

00:17:53,350 --> 00:17:51,039

but the the ones from another dimension

472

00:17:55,750 --> 00:17:53,360

we haven't covered that as much we

473

00:17:57,909 --> 00:17:55,760

obviously talked um about skinwalker

474

00:18:00,070 --> 00:17:57,919

ranch some weird stuff happened there

475

00:18:01,590 --> 00:18:00,080

and it looks like it's interdimensional

476
00:18:02,870 --> 00:18:01,600
like people are mentioning portals and

477
00:18:05,270 --> 00:18:02,880
stuff like that

478
00:18:07,110 --> 00:18:05,280
did anybody report portals in that area

479
00:18:08,470 --> 00:18:07,120
as well

480
00:18:11,110 --> 00:18:08,480
yes

481
00:18:13,430 --> 00:18:11,120
we absolutely chad has taken imagery and

482
00:18:15,190 --> 00:18:13,440
got torn them apart and when you get

483
00:18:17,190 --> 00:18:15,200
into what we call the one the light mass

484
00:18:20,150 --> 00:18:17,200
it was in the northern ranch

485
00:18:21,350 --> 00:18:20,160
usually territory acreage

486
00:18:23,190 --> 00:18:21,360
uh

487
00:18:26,470 --> 00:18:23,200
he actually pulled this through high

488
00:18:29,590 --> 00:18:26,480

magnification and i have imagery

489

00:18:31,750 --> 00:18:29,600

of it looks absolutely like a doorway or

490

00:18:33,430 --> 00:18:31,760

portal and and ted always said here at

491

00:18:35,669 --> 00:18:33,440

this aspect he said

492

00:18:37,669 --> 00:18:35,679

he said tom in my early days when i was

493

00:18:39,909 --> 00:18:37,679

a nuts and bolts man if i would have

494

00:18:42,789 --> 00:18:39,919

said portal i wish you would have just

495

00:18:44,870 --> 00:18:42,799

smacked me but he said he's he came to

496

00:18:46,549 --> 00:18:44,880

believe exactly what alan thought and

497

00:18:49,029 --> 00:18:46,559

jock and so many

498

00:18:51,350 --> 00:18:49,039

that this stuff is dimensionally based

499

00:18:53,669 --> 00:18:51,360

and their portals open up

500

00:18:54,630 --> 00:18:53,679

at precise times and this stuff comes in

501
00:18:58,230 --> 00:18:54,640
and out

502
00:19:00,310 --> 00:18:58,240
and we found them to be very directional

503
00:19:01,990 --> 00:19:00,320
which it was a key in understanding how

504
00:19:04,710 --> 00:19:02,000
you can have one person be in one

505
00:19:08,390 --> 00:19:04,720
location you you hear this so often one

506
00:19:10,310 --> 00:19:08,400
person sees a disc or you know cryptid

507
00:19:11,510 --> 00:19:10,320
people standing on either side of them

508
00:19:13,590 --> 00:19:11,520
see nothing

509
00:19:14,549 --> 00:19:13,600
and we experienced that exactly in

510
00:19:17,190 --> 00:19:14,559
marley

511
00:19:19,510 --> 00:19:17,200
uh this stuff when this light source

512
00:19:20,390 --> 00:19:19,520
opened which was a portal

513
00:19:23,029 --> 00:19:20,400

uh

514

00:19:25,110 --> 00:19:23,039

we seen this from site two actually

515

00:19:26,870 --> 00:19:25,120

where our office was

516

00:19:29,430 --> 00:19:26,880

with the property owner

517

00:19:31,669 --> 00:19:29,440

10 and i got in my vehicle we drove over

518

00:19:34,390 --> 00:19:31,679

to site one where this was

519

00:19:36,789 --> 00:19:34,400

and where we knew the location was we

520

00:19:38,710 --> 00:19:36,799

got there in my vehicle

521

00:19:40,390 --> 00:19:38,720

got out of my vehicle we looked around

522

00:19:42,710 --> 00:19:40,400

didn't see anything and the property

523

00:19:44,870 --> 00:19:42,720

owner we were on walkie-talkies

524

00:19:46,390 --> 00:19:44,880

uh the property owner said

525

00:19:48,950 --> 00:19:46,400

when i got back in my vehicle i

526
00:19:50,150 --> 00:19:48,960
accidentally stepped on my brake light

527
00:19:51,990 --> 00:19:50,160
or my brake

528
00:19:53,590 --> 00:19:52,000
he seen my taillight my brake lights

529
00:19:55,430 --> 00:19:53,600
came on and he said

530
00:19:56,630 --> 00:19:55,440
you guys are right next to the light

531
00:19:58,630 --> 00:19:56,640
source

532
00:20:01,270 --> 00:19:58,640
now that was very

533
00:20:03,909 --> 00:20:01,280
you know informative to us because

534
00:20:08,149 --> 00:20:03,919
we got back out we we could see no

535
00:20:10,310 --> 00:20:08,159
no nothing of this light source i mean

536
00:20:11,750 --> 00:20:10,320
nothing absolutely nothing so it's a

537
00:20:13,350 --> 00:20:11,760
property

538
00:20:15,190 --> 00:20:13,360

sorry so you could see it from a

539

00:20:17,430 --> 00:20:15,200

distance right if you were in close

540

00:20:20,149 --> 00:20:17,440

proximity to it you could not see it

541

00:20:22,710 --> 00:20:20,159

right we weren't from that vantage point

542

00:20:25,430 --> 00:20:22,720

and he could see my taillights my backup

543

00:20:27,190 --> 00:20:25,440

lights our brake lights coming on right

544

00:20:29,270 --> 00:20:27,200

next to the light source

545

00:20:31,430 --> 00:20:29,280

and we've seen no artifact of it

546

00:20:34,149 --> 00:20:31,440

whatsoever so how do you explain that

547

00:20:35,990 --> 00:20:34,159

except we learn it's very directional

548

00:20:38,149 --> 00:20:36,000

and uh so

549

00:20:39,270 --> 00:20:38,159

the high strangeness of marley goes on

550

00:20:42,070 --> 00:20:39,280

and on

551
00:20:44,149 --> 00:20:42,080
three generations there that we know of

552
00:20:45,669 --> 00:20:44,159
we tried to get some native american

553
00:20:48,070 --> 00:20:45,679
input in it but

554
00:20:50,390 --> 00:20:48,080
there is none there and we just recently

555
00:20:53,430 --> 00:20:50,400
found out in the last five years

556
00:20:55,510 --> 00:20:53,440
at the one spring there was actually a

557
00:20:58,950 --> 00:20:55,520
large native uh

558
00:21:00,789 --> 00:20:58,960
encampment there uh at one time

559
00:21:02,870 --> 00:21:00,799
102 years ago

560
00:21:04,870 --> 00:21:02,880
so but that was the first time we found

561
00:21:06,549 --> 00:21:04,880
evidence of native americans

562
00:21:08,070 --> 00:21:06,559
but there aren't there's no presence

563
00:21:10,549 --> 00:21:08,080

there so we don't know how far it goes

564

00:21:13,350 --> 00:21:10,559

back but but we suspect it goes back

565

00:21:16,390 --> 00:21:13,360

into the native american culture and uh

566

00:21:18,630 --> 00:21:16,400

but it's just an incredible place and uh

567

00:21:21,110 --> 00:21:18,640

and why it's there and you know what

568

00:21:24,230 --> 00:21:21,120

sets us apart from any other location

569

00:21:26,230 --> 00:21:24,240

like skinwalker we have no idea uh and

570

00:21:28,870 --> 00:21:26,240

it drove ted crazy

571

00:21:30,390 --> 00:21:28,880

we explored caves we went through

572

00:21:31,909 --> 00:21:30,400

uh you know

573

00:21:32,710 --> 00:21:31,919

property owners said they thought they'd

574

00:21:34,549 --> 00:21:32,720

seen

575

00:21:36,549 --> 00:21:34,559

the light bulbs going in and out of the

576
00:21:39,510 --> 00:21:36,559
caves and uh

577
00:21:40,630 --> 00:21:39,520
we just we some caves in close proximity

578
00:21:42,549 --> 00:21:40,640
to marley

579
00:21:44,870 --> 00:21:42,559
uh we feel that their large cave

580
00:21:46,789 --> 00:21:44,880
complexes could have went under marley

581
00:21:48,310 --> 00:21:46,799
but we never found anything in these

582
00:21:50,310 --> 00:21:48,320
caves

583
00:21:51,669 --> 00:21:50,320
so

584
00:21:53,750 --> 00:21:51,679
there is that

585
00:21:56,230 --> 00:21:53,760
well similar to skinwalker ranch too

586
00:21:57,830 --> 00:21:56,240
with the navajo legends and it tells you

587
00:22:00,149 --> 00:21:57,840
that this has been going on a long time

588
00:22:02,549 --> 00:22:00,159

if this has already made its way into

589

00:22:04,230 --> 00:22:02,559

into the folklore of a culture

590

00:22:06,390 --> 00:22:04,240

it's not just something new and it's

591

00:22:08,070 --> 00:22:06,400

something they felt profound enough to

592

00:22:10,230 --> 00:22:08,080

put in the record so that future

593

00:22:11,029 --> 00:22:10,240

generations would be educated about it

594

00:22:14,070 --> 00:22:11,039

so

595

00:22:16,549 --> 00:22:14,080

um do you know of any other places uh in

596

00:22:18,630 --> 00:22:16,559

the us that have this type of phenomenon

597

00:22:20,789 --> 00:22:18,640

other than marley woods and skinwalker

598

00:22:22,630 --> 00:22:20,799

do you know of any others you know i i'm

599

00:22:27,350 --> 00:22:22,640

being aware actually there's another

600

00:22:29,430 --> 00:22:27,360

place in missouri i'm being aware of um

601
00:22:31,510 --> 00:22:29,440
a great state director which is a great

602
00:22:32,950 --> 00:22:31,520
friend of mine i call him my sister uh

603
00:22:35,669 --> 00:22:32,960
debbie zieglemeier i know if you've

604
00:22:38,230 --> 00:22:35,679
heard that name yeah yeah uh debbie is a

605
00:22:41,830 --> 00:22:38,240
great guy we actually her and i started

606
00:22:44,549 --> 00:22:41,840
co-founded the mufon dive team um which

607
00:22:47,669 --> 00:22:44,559
john schussler sanctioned and

608
00:22:50,390 --> 00:22:47,679
back in the day we had that in 2007 and

609
00:22:51,990 --> 00:22:50,400
we did some amazing things but debbie's

610
00:22:54,070 --> 00:22:52,000
the state director of mufon now in

611
00:22:55,750 --> 00:22:54,080
missouri and she's making me aware

612
00:22:57,990 --> 00:22:55,760
there's another location she's come

613
00:23:01,750 --> 00:22:58,000

across uh approaching the high

614

00:23:03,830 --> 00:23:01,760

strangeness now of marley woods so i do

615

00:23:05,430 --> 00:23:03,840

believe this is becoming more prevalent

616

00:23:07,750 --> 00:23:05,440

and around

617

00:23:09,750 --> 00:23:07,760

and she's heard of other locations now

618

00:23:11,750 --> 00:23:09,760

in the united states and some

619

00:23:12,710 --> 00:23:11,760

international locations

620

00:23:16,710 --> 00:23:12,720

so

621

00:23:19,029 --> 00:23:16,720

the dimensional boundaries are weakening

622

00:23:20,870 --> 00:23:19,039

and uh and that gets into another whole

623

00:23:23,590 --> 00:23:20,880

another uh

624

00:23:24,630 --> 00:23:23,600

section of reality but all i can say is

625

00:23:26,789 --> 00:23:24,640

that

626

00:23:28,870 --> 00:23:26,799

it is happening more and more

627

00:23:31,350 --> 00:23:28,880

and think of how many places nobody has

628

00:23:33,190 --> 00:23:31,360

been or they're so remote that it's

629

00:23:35,190 --> 00:23:33,200

dangerous to even try to get there you

630

00:23:37,590 --> 00:23:35,200

know right there's legends of like grand

631

00:23:40,710 --> 00:23:37,600

canyon related things and hidden caves

632

00:23:43,029 --> 00:23:40,720

and artifacts that shouldn't be there so

633

00:23:44,630 --> 00:23:43,039

as populated as we think we are

634

00:23:47,190 --> 00:23:44,640

there's still most of it that is

635

00:23:48,630 --> 00:23:47,200

unexplored so my guess is that this is

636

00:23:50,870 --> 00:23:48,640

just the tip of the iceberg when it

637

00:23:53,029 --> 00:23:50,880

comes to this sort of thing yeah

638

00:23:54,950 --> 00:23:53,039

yeah it i really believe that you know

639

00:23:57,110 --> 00:23:54,960

and and it

640

00:23:58,149 --> 00:23:57,120

i will tell you that even when ted and

641

00:24:00,950 --> 00:23:58,159

our team

642

00:24:03,110 --> 00:24:00,960

uh we retraced we went to the soccoro

643

00:24:05,029 --> 00:24:03,120

case with lonnie zamorris we had the

644

00:24:07,669 --> 00:24:05,039

great privilege ted felt there was some

645

00:24:09,909 --> 00:24:07,679

work undone with that case and he wanted

646

00:24:12,149 --> 00:24:09,919

to make a return case and and ted was

647

00:24:13,350 --> 00:24:12,159

there with alan heineck in that case and

648

00:24:15,510 --> 00:24:13,360

uh

649

00:24:16,789 --> 00:24:15,520

so i mean ray stanford was there with

650

00:24:18,630 --> 00:24:16,799

him and uh

651
00:24:21,430 --> 00:24:18,640
and we had the privilege of going over

652
00:24:23,029 --> 00:24:21,440
that exact in the location and actually

653
00:24:24,870 --> 00:24:23,039
we still found the

654
00:24:26,950 --> 00:24:24,880
ring the rock that they had put earlier

655
00:24:28,149 --> 00:24:26,960
around one of the foot pads in the

656
00:24:31,190 --> 00:24:28,159
desert there

657
00:24:33,269 --> 00:24:31,200
so uh but on the way out there we were

658
00:24:34,390 --> 00:24:33,279
made we were made aware from another

659
00:24:35,990 --> 00:24:34,400
individual

660
00:24:38,149 --> 00:24:36,000
of an area

661
00:24:40,630 --> 00:24:38,159
similar to marley woods

662
00:24:42,390 --> 00:24:40,640
and we we wanted to get back there and

663
00:24:44,630 --> 00:24:42,400

investigate this and we never got back

664

00:24:48,149 --> 00:24:44,640

there but but we were made of another

665

00:24:49,269 --> 00:24:48,159

place in new mexico like marley woods so

666

00:24:50,789 --> 00:24:49,279

it just

667

00:24:53,909 --> 00:24:50,799

you know how many

668

00:24:56,630 --> 00:24:53,919

how many are out there yeah right and

669

00:24:58,390 --> 00:24:56,640

so far we know of them a lot from the

670

00:25:00,390 --> 00:24:58,400

united states but there's got to be

671

00:25:02,950 --> 00:25:00,400

other locations on the planet

672

00:25:05,110 --> 00:25:02,960

that this has also taken uh place right

673

00:25:06,950 --> 00:25:05,120

that just these weird i don't know if

674

00:25:09,590 --> 00:25:06,960

anywhere in canada

675

00:25:10,470 --> 00:25:09,600

uh that has anything so vast and remote

676

00:25:12,149 --> 00:25:10,480

i mean

677

00:25:14,470 --> 00:25:12,159

country up north towards the arctic i

678

00:25:15,909 --> 00:25:14,480

suspect there is yes

679

00:25:17,510 --> 00:25:15,919

i mean there's plenty of cryptid and

680

00:25:19,269 --> 00:25:17,520

bigfoot and all the rest sightings on

681

00:25:22,630 --> 00:25:19,279

the pacific northwest where we live

682

00:25:25,029 --> 00:25:22,640

right right from oregon north so

683

00:25:27,750 --> 00:25:25,039

my thing that my brain gets stuck on is

684

00:25:29,990 --> 00:25:27,760

it is it the terrain that's causing this

685

00:25:31,269 --> 00:25:30,000

like why do they seem to have clusters

686

00:25:33,590 --> 00:25:31,279

if it was just something that was

687

00:25:35,269 --> 00:25:33,600

dimensional based something's passing

688

00:25:36,310 --> 00:25:35,279

through it could happen anywhere it

689

00:25:37,990 --> 00:25:36,320

could happen over the middle of the

690

00:25:41,190 --> 00:25:38,000

ocean as far as they're concerned right

691

00:25:43,669 --> 00:25:41,200

but it is i'm always confused of is it

692

00:25:46,390 --> 00:25:43,679

the land is there some magnetism in the

693

00:25:48,230 --> 00:25:46,400

rocks is there some energy maybe is

694

00:25:49,830 --> 00:25:48,240

there like a ship that's crashed or

695

00:25:52,230 --> 00:25:49,840

something and that's emitting

696

00:25:53,909 --> 00:25:52,240

um you know radiation or you know and

697

00:25:56,149 --> 00:25:53,919

the more you try to pin it down the

698

00:25:58,870 --> 00:25:56,159

stranger it becomes and the harder it is

699

00:26:01,350 --> 00:25:58,880

to really get anything you know yeah and

700

00:26:03,590 --> 00:26:01,360

we tried it drove him crazy you know he

701
00:26:04,549 --> 00:26:03,600
he tried to look at it from geologically

702
00:26:06,950 --> 00:26:04,559
and

703
00:26:08,710 --> 00:26:06,960
the topography what

704
00:26:10,950 --> 00:26:08,720
and he just never could come up with

705
00:26:12,950 --> 00:26:10,960
anything that set it apart yeah and even

706
00:26:14,549 --> 00:26:12,960
the ranchers couldn't come up with that

707
00:26:17,110 --> 00:26:14,559
but i mean they dealt with cattle

708
00:26:19,110 --> 00:26:17,120
mutilation uh

709
00:26:20,630 --> 00:26:19,120
and uh the most scratching you know

710
00:26:23,590 --> 00:26:20,640
that's where the typical cattle

711
00:26:26,310 --> 00:26:23,600
mutilation exactly like you hear

712
00:26:28,070 --> 00:26:26,320
got a good friend chris o'brien and uh

713
00:26:30,630 --> 00:26:28,080

it's similar to a lot of christmas work

714

00:26:33,510 --> 00:26:30,640

that we did and uh and then our horse

715

00:26:35,029 --> 00:26:33,520

barn incident you know this horse

716

00:26:37,029 --> 00:26:35,039

and i don't know if you heard of that in

717

00:26:38,230 --> 00:26:37,039

but that was one of the most graphic

718

00:26:40,149 --> 00:26:38,240

yeah i was going to say could you

719

00:26:42,789 --> 00:26:40,159

elaborate on that story

720

00:26:45,029 --> 00:26:42,799

yeah i will briefly and i usually warn

721

00:26:46,230 --> 00:26:45,039

people at this point it gets very

722

00:26:49,430 --> 00:26:46,240

graphic

723

00:26:52,149 --> 00:26:49,440

uh but basically what that just out cut

724

00:26:53,669 --> 00:26:52,159

it down but basically what that entailed

725

00:26:56,070 --> 00:26:53,679

was a rancher

726

00:26:58,230 --> 00:26:56,080

had a favorite on site two

727

00:27:00,470 --> 00:26:58,240

had a favorite horse in a barn and he

728

00:27:02,149 --> 00:27:00,480

had to have it in the morning of going

729

00:27:03,830 --> 00:27:02,159

down

730

00:27:06,470 --> 00:27:03,840

into the barn giving his heart some

731

00:27:08,230 --> 00:27:06,480

sugar checking on the heart and he

732

00:27:10,870 --> 00:27:08,240

walked the fence line

733

00:27:12,950 --> 00:27:10,880

now this particular morning he did that

734

00:27:15,110 --> 00:27:12,960

and he walked the fence line he was

735

00:27:17,029 --> 00:27:15,120

within sight of the barn

736

00:27:19,430 --> 00:27:17,039

uh the whole time

737

00:27:22,710 --> 00:27:19,440

about three quarters of a mile away

738

00:27:26,310 --> 00:27:22,720

uh heard absolutely no sound no wind no

739

00:27:28,389 --> 00:27:26,320

weather uh on the way back to the house

740

00:27:30,789 --> 00:27:28,399

he noticed that the gate was a jar on

741

00:27:33,350 --> 00:27:30,799

the barn and he knew he didn't do that

742

00:27:35,269 --> 00:27:33,360

as he goes in the barn what he finds

743

00:27:38,789 --> 00:27:35,279

like he described was

744

00:27:41,029 --> 00:27:38,799

just like a slaughter house uh he finds

745

00:27:42,070 --> 00:27:41,039

this horse and basically

746

00:27:47,350 --> 00:27:42,080

in

747

00:27:48,789 --> 00:27:47,360

horse flesh on the rafters on the sides

748

00:27:50,950 --> 00:27:48,799

blood all over

749

00:27:52,789 --> 00:27:50,960

this would have been a perfectly good

750

00:27:55,830 --> 00:27:52,799

horse right just

751
00:27:56,710 --> 00:27:55,840
within a third half an hour

752
00:27:58,149 --> 00:27:56,720
had

753
00:27:59,269 --> 00:27:58,159
literally

754
00:28:00,310 --> 00:27:59,279
blown up

755
00:28:02,630 --> 00:28:00,320
now

756
00:28:05,029 --> 00:28:02,640
unfortunately we wanted always wanted a

757
00:28:07,269 --> 00:28:05,039
full-time presence here marley we got

758
00:28:09,350 --> 00:28:07,279
back it was almost seven weeks before we

759
00:28:12,149 --> 00:28:09,360
could get back after this happened we

760
00:28:14,789 --> 00:28:12,159
took blood sample soil samples we found

761
00:28:15,590 --> 00:28:14,799
no anomalies no explosives nothing like

762
00:28:17,830 --> 00:28:15,600
that

763
00:28:20,230 --> 00:28:17,840

and ted getting back with people he knew

764

00:28:22,630 --> 00:28:20,240

and he had actually overseas because

765

00:28:23,750 --> 00:28:22,640

teddy so many and a lot of people don't

766

00:28:26,230 --> 00:28:23,760

know this but

767

00:28:28,630 --> 00:28:26,240

when alan heineck with prior engagements

768

00:28:29,590 --> 00:28:28,640

or was in bad health ted filled in for

769

00:28:31,830 --> 00:28:29,600

allen

770

00:28:34,230 --> 00:28:31,840

worldwide he in a lot of several kind i

771

00:28:36,470 --> 00:28:34,240

think it was 13 different countries and

772

00:28:37,510 --> 00:28:36,480

ted had come across this similar things

773

00:28:39,350 --> 00:28:37,520

like this

774

00:28:42,070 --> 00:28:39,360

and they had there again they had nailed

775

00:28:44,870 --> 00:28:42,080

down that this was microwave and origin

776

00:28:47,029 --> 00:28:44,880

and as ted said that the way the rancher

777

00:28:48,870 --> 00:28:47,039

expressed it and what we've seen

778

00:28:51,669 --> 00:28:48,880

it was if this horse had been put in a

779

00:28:55,430 --> 00:28:51,679

microwave oven and exploded

780

00:28:57,430 --> 00:28:55,440

but absolutely no noise no sound and so

781

00:29:00,389 --> 00:28:57,440

what does this you know like a pizza

782

00:29:01,669 --> 00:29:00,399

makes no sense and why yeah

783

00:29:03,669 --> 00:29:01,679

it's almost like the horse was in the

784

00:29:06,230 --> 00:29:03,679

wrong spot there was a burst of energy

785

00:29:08,149 --> 00:29:06,240

there it happened to be within him and

786

00:29:09,830 --> 00:29:08,159

science took over and that was that

787

00:29:11,830 --> 00:29:09,840

right that's not

788

00:29:14,549 --> 00:29:11,840

do we think it was done out of a

789

00:29:16,789 --> 00:29:14,559

malicious act or was it just the

790

00:29:19,110 --> 00:29:16,799

artifact of it being in the technology

791

00:29:21,430 --> 00:29:19,120

of this phenomenon at the precise moment

792

00:29:23,909 --> 00:29:21,440

yeah you know we don't know uh it we

793

00:29:27,430 --> 00:29:23,919

think possibly it's a little bit of both

794

00:29:29,750 --> 00:29:27,440

and i will tell you that the phenomena

795

00:29:32,630 --> 00:29:29,760

we felt it and seen it ourselves

796

00:29:34,789 --> 00:29:32,640

it used fear as a tool

797

00:29:36,789 --> 00:29:34,799

and it would work people with fear

798

00:29:40,070 --> 00:29:36,799

now this is a very graphic

799

00:29:41,750 --> 00:29:40,080

representation to go to length to go to

800

00:29:44,070 --> 00:29:41,760

the work people but

801
00:29:46,549 --> 00:29:44,080
but i will tell you it did i mean

802
00:29:48,470 --> 00:29:46,559
the the rancher the neighbors everybody

803
00:29:49,669 --> 00:29:48,480
was terrified by this you know as you

804
00:29:50,710 --> 00:29:49,679
can imagine

805
00:29:52,470 --> 00:29:50,720
uh

806
00:29:55,110 --> 00:29:52,480
yeah when we interviewed george knapp

807
00:29:57,350 --> 00:29:55,120
and uh colin kelleher they mentioned the

808
00:30:00,230 --> 00:29:57,360
hitchhiker effect you know which was

809
00:30:01,909 --> 00:30:00,240
like long-lasting physical conditions

810
00:30:03,430 --> 00:30:01,919
even weird poltergeist stuff that

811
00:30:07,110 --> 00:30:03,440
started happening at their own personal

812
00:30:09,669 --> 00:30:07,120
houses so it seemed like either they had

813
00:30:11,830 --> 00:30:09,679

angered this somehow or just by being in

814

00:30:13,350 --> 00:30:11,840

its presence it now latched onto their

815

00:30:15,669 --> 00:30:13,360

energy and they took it home with their

816

00:30:17,510 --> 00:30:15,679

families and everything else and uh yeah

817

00:30:19,029 --> 00:30:17,520

it was a very real thing for them so

818

00:30:21,029 --> 00:30:19,039

much to the point where when we asked

819

00:30:22,870 --> 00:30:21,039

them about it they you know they usually

820

00:30:24,070 --> 00:30:22,880

tell us everything and they were like i

821

00:30:25,750 --> 00:30:24,080

don't want to get into it because it's

822

00:30:26,950 --> 00:30:25,760

probably so bizarre

823

00:30:29,029 --> 00:30:26,960

they're still worried people are going

824

00:30:32,149 --> 00:30:29,039

to think that they're crazy just

825

00:30:33,590 --> 00:30:32,159

based on what they saw and experience so

826

00:30:35,110 --> 00:30:33,600

you know did you experience i know you

827

00:30:37,590 --> 00:30:35,120

mentioned that you had some things

828

00:30:38,950 --> 00:30:37,600

happen on that location but did you ever

829

00:30:41,110 --> 00:30:38,960

take anything home with you as well

830

00:30:42,310 --> 00:30:41,120

similar to a hitchhiker effect

831

00:30:44,470 --> 00:30:42,320

you know

832

00:30:45,909 --> 00:30:44,480

not so much as a hitchhike we've been

833

00:30:48,230 --> 00:30:45,919

very fortunate

834

00:30:50,710 --> 00:30:48,240

uh now ted did have one experience he

835

00:30:52,230 --> 00:30:50,720

felt maybe a little bit of that occurred

836

00:30:54,230 --> 00:30:52,240

i myself

837

00:30:55,990 --> 00:30:54,240

was fortunate i've never felt that or

838

00:30:57,830 --> 00:30:56,000

thought that that i brought anything

839

00:30:59,830 --> 00:30:57,840

home in that respect

840

00:31:02,470 --> 00:30:59,840

but i did bring home let me just tell

841

00:31:03,750 --> 00:31:02,480

you uh and we just filmed the ufo

842

00:31:06,149 --> 00:31:03,760

witness show

843

00:31:08,710 --> 00:31:06,159

and they did a recreation in that what

844

00:31:10,789 --> 00:31:08,720

happened to ted and i in that show

845

00:31:12,710 --> 00:31:10,799

but but ted and i one night we were

846

00:31:14,710 --> 00:31:12,720

coming back on and you're you're on a

847

00:31:17,110 --> 00:31:14,720

dirt road off a gravel road off a pay

848

00:31:20,630 --> 00:31:17,120

road i mean you're in 1200 acres in the

849

00:31:22,950 --> 00:31:20,640

middle of block gated community so

850

00:31:25,269 --> 00:31:22,960

nothing in there nothing out and we were

851

00:31:26,149 --> 00:31:25,279

coming back after a long night

852

00:31:28,630 --> 00:31:26,159

and

853

00:31:31,350 --> 00:31:28,640

i noticed in my rearview mirror a light

854

00:31:33,110 --> 00:31:31,360

beam and this is another phenomenon that

855

00:31:35,750 --> 00:31:33,120

the ranchers have all experienced out

856

00:31:38,070 --> 00:31:35,760

there and my friend adam johnson which

857

00:31:41,430 --> 00:31:38,080

was a team member he went on he's a

858

00:31:43,509 --> 00:31:41,440

producer now and does great work

859

00:31:44,230 --> 00:31:43,519

made a couple movies he's a great guy

860

00:31:46,149 --> 00:31:44,240

but

861

00:31:48,230 --> 00:31:46,159

at the time he was just a team member

862

00:31:49,430 --> 00:31:48,240

with us and uh him and i experienced a

863

00:31:51,590 --> 00:31:49,440

light beam

864

00:31:53,190 --> 00:31:51,600

and one night coming home with ted and i

865

00:31:55,190 --> 00:31:53,200

was in my vehicle

866

00:31:58,470 --> 00:31:55,200

i seen this thing coming up the road

867

00:32:00,470 --> 00:31:58,480

behind us it overtook our vehicle and

868

00:32:01,590 --> 00:32:00,480

illuminated our vehicle with a pure

869

00:32:03,750 --> 00:32:01,600

white light

870

00:32:05,750 --> 00:32:03,760

i mean you could see in the vents in the

871

00:32:07,590 --> 00:32:05,760

dashboard i remember

872

00:32:10,230 --> 00:32:07,600

and ted and i

873

00:32:11,990 --> 00:32:10,240

i said to ted are you seeing this and

874

00:32:14,789 --> 00:32:12,000

ted said looked at me and he said well

875

00:32:17,029 --> 00:32:14,799

hell yes i'm seeing this tom

876

00:32:18,630 --> 00:32:17,039

instinctively we did a probably not wise

877

00:32:19,750 --> 00:32:18,640

thing we both jumped out of the vehicle

878

00:32:22,070 --> 00:32:19,760

on each side

879

00:32:23,990 --> 00:32:22,080

and we looked up in the sky

880

00:32:25,590 --> 00:32:24,000

and what we've seen and i know a little

881

00:32:27,830 --> 00:32:25,600

bit of lighting and i don't know how

882

00:32:30,630 --> 00:32:27,840

you'd recreate this effect

883

00:32:33,190 --> 00:32:30,640

we've seen the light beam came off us

884

00:32:35,830 --> 00:32:33,200

you could see a definite end of the

885

00:32:38,470 --> 00:32:35,840

light beam as if it was a wall

886

00:32:41,750 --> 00:32:38,480

retract in a more like an old camera

887

00:32:43,830 --> 00:32:41,760

like a reflex twisting motion now that's

888

00:32:45,990 --> 00:32:43,840

the only thing on the show they did they

889

00:32:48,789 --> 00:32:46,000

elaborated on a little bit

890

00:32:49,909 --> 00:32:48,799

this this light beam we've seen retract

891

00:32:51,110 --> 00:32:49,919

into a

892

00:32:53,909 --> 00:32:51,120

circular

893

00:32:56,549 --> 00:32:53,919

uh reflex action to a pinpoint and was

894

00:32:59,190 --> 00:32:56,559

out now we did not see a structured

895

00:33:00,789 --> 00:32:59,200

craft we seen nothing we heard nothing

896

00:33:04,149 --> 00:33:00,799

we found no wind

897

00:33:06,950 --> 00:33:04,159

what this was we have no idea but

898

00:33:08,389 --> 00:33:06,960

when we got back to on site one where we

899

00:33:10,710 --> 00:33:08,399

had our office

900

00:33:12,230 --> 00:33:10,720

uh ted got out of the vehicle at that

901
00:33:15,350 --> 00:33:12,240
time and he was a professional

902
00:33:17,110 --> 00:33:15,360
photographer too also out i went

903
00:33:19,110 --> 00:33:17,120
he dropped his cameras on the ground and

904
00:33:20,070 --> 00:33:19,120
he went over and leaned on the wall and

905
00:33:25,029 --> 00:33:20,080
actually

906
00:33:27,190 --> 00:33:25,039
vomited and he's i said a ted are you

907
00:33:29,669 --> 00:33:27,200
okay and he said well i don't know i let

908
00:33:31,669 --> 00:33:29,679
me just stand here while i'm see

909
00:33:33,990 --> 00:33:31,679
so he stood there a while and he said

910
00:33:35,430 --> 00:33:34,000
i'm going to go up upstairs and lay down

911
00:33:37,509 --> 00:33:35,440
and he went

912
00:33:40,470 --> 00:33:37,519
so anyway at that point i thought well i

913
00:33:42,950 --> 00:33:40,480

was fortunate i didn't have that effect

914

00:33:44,070 --> 00:33:42,960

in hindsight i wished i had that effect

915

00:33:46,789 --> 00:33:44,080

because

916

00:33:48,149 --> 00:33:46,799

about a week later we went home i left i

917

00:33:50,149 --> 00:33:48,159

got home

918

00:33:52,710 --> 00:33:50,159

i started having a severe burning

919

00:33:55,350 --> 00:33:52,720

sensation in my scalp i couldn't touch

920

00:33:56,950 --> 00:33:55,360

my head and my local doctor

921

00:33:59,110 --> 00:33:56,960

he thought i had shingles he gave me

922

00:34:00,950 --> 00:33:59,120

tests for shingles it wasn't shingles i

923

00:34:03,830 --> 00:34:00,960

was even on pretty strong opiates for

924

00:34:05,830 --> 00:34:03,840

the pain for about a week

925

00:34:08,470 --> 00:34:05,840

uh and then

926
00:34:12,069 --> 00:34:08,480
this sounds really strange but i had

927
00:34:14,069 --> 00:34:12,079
dark brown hair and if you look on my uh

928
00:34:16,550 --> 00:34:14,079
my youtube channel i've actually

929
00:34:18,710 --> 00:34:16,560
documented all this i have a picture

930
00:34:21,909 --> 00:34:18,720
before and after the same haircut same

931
00:34:24,550 --> 00:34:21,919
growth within about a month uh my my

932
00:34:27,750 --> 00:34:24,560
hair color turned from dark brown to

933
00:34:29,990 --> 00:34:27,760
what you see today white or yellow

934
00:34:32,310 --> 00:34:30,000
uh now had that been the extent of my

935
00:34:34,310 --> 00:34:32,320
damages i would have been happy i

936
00:34:36,149 --> 00:34:34,320
started having vision problem problems

937
00:34:38,389 --> 00:34:36,159
for the next couple years

938
00:34:39,829 --> 00:34:38,399

i went into the local eye doctor they

939

00:34:43,270 --> 00:34:39,839

said i had

940

00:34:46,069 --> 00:34:43,280

something called a macular cyst now

941

00:34:48,230 --> 00:34:46,079

that's something worse than cataracts

942

00:34:50,470 --> 00:34:48,240

you can have extremely it's a touchy

943

00:34:53,109 --> 00:34:50,480

operation they use a laser

944

00:34:54,710 --> 00:34:53,119

uh you have extremely good benefit from

945

00:34:56,629 --> 00:34:54,720

that or you have bad

946

00:34:59,430 --> 00:34:56,639

i was lucky i was fortunate i had good

947

00:35:02,870 --> 00:34:59,440

response from that but they removed

948

00:35:05,829 --> 00:35:02,880

the cysts behind my eye macular cysts

949

00:35:06,710 --> 00:35:05,839

then they remove cataracts

950

00:35:08,630 --> 00:35:06,720

and

951
00:35:11,109 --> 00:35:08,640
you know i asked them what causes this

952
00:35:12,790 --> 00:35:11,119
and they said well usually macular cysts

953
00:35:15,270 --> 00:35:12,800
something you see in old people and i

954
00:35:16,710 --> 00:35:15,280
wasn't old then

955
00:35:18,790 --> 00:35:16,720
they said it's just something we don't

956
00:35:21,430 --> 00:35:18,800
we in age we don't even know what causes

957
00:35:23,510 --> 00:35:21,440
it but uh it's just something you get so

958
00:35:25,750 --> 00:35:23,520
they really didn't have an answer

959
00:35:27,670 --> 00:35:25,760
so on my final visit back in my surgery

960
00:35:29,670 --> 00:35:27,680
when they took the bubble off and there

961
00:35:32,470 --> 00:35:29,680
was a young eye doctor there

962
00:35:34,310 --> 00:35:32,480
that uh did the final test eye test and

963
00:35:36,790 --> 00:35:34,320

took this off and

964

00:35:38,950 --> 00:35:36,800

gave me the okay and just in passing i

965

00:35:41,030 --> 00:35:38,960

was so thankful i asked this

966

00:35:43,510 --> 00:35:41,040

i said what causes you know do you know

967

00:35:45,589 --> 00:35:43,520

what causes macular cyst and he said no

968

00:35:47,670 --> 00:35:45,599

of course we really don't but he said

969

00:35:50,470 --> 00:35:47,680

the only time i've ever seen it he said

970

00:35:52,950 --> 00:35:50,480

in my life he said was we had two cell

971

00:35:55,190 --> 00:35:52,960

tower workers and one of the cell tower

972

00:35:57,109 --> 00:35:55,200

workers was up on this microwave tower

973

00:35:58,870 --> 00:35:57,119

and they fired this thing up

974

00:36:01,750 --> 00:35:58,880

and they didn't they forgot he wasn't

975

00:36:03,030 --> 00:36:01,760

off the tower and he said he had macular

976
00:36:03,990 --> 00:36:03,040
cysts

977
00:36:06,550 --> 00:36:04,000
now

978
00:36:08,470 --> 00:36:06,560
when when he told me that you could have

979
00:36:10,310 --> 00:36:08,480
knocked me over with a feather

980
00:36:12,470 --> 00:36:10,320
because that's so

981
00:36:14,630 --> 00:36:12,480
when he mentioned the name the word

982
00:36:16,790 --> 00:36:14,640
microwave uh

983
00:36:18,310 --> 00:36:16,800
there again that backed up what teddy

984
00:36:19,349 --> 00:36:18,320
experienced in our line of thought at

985
00:36:20,470 --> 00:36:19,359
marley

986
00:36:22,550 --> 00:36:20,480
so

987
00:36:24,710 --> 00:36:22,560
i warned people you know when you go out

988
00:36:26,950 --> 00:36:24,720

and view this stuff as they find out in

989

00:36:29,589 --> 00:36:26,960

skinwalker i'm sure you see what

990

00:36:33,109 --> 00:36:29,599

effects they're having out there now

991

00:36:35,190 --> 00:36:33,119

uh it's nothing to mess around with it

992

00:36:38,230 --> 00:36:35,200

and you know i will just tell you here

993

00:36:41,109 --> 00:36:38,240

um i devoted i always said if i take

994

00:36:43,430 --> 00:36:41,119

people back on marley i will have

995

00:36:45,910 --> 00:36:43,440

i will protect them and know if we're

996

00:36:47,270 --> 00:36:45,920

exposed to microwave energy

997

00:36:50,230 --> 00:36:47,280

so i brought

998

00:36:53,190 --> 00:36:50,240

bought a new piece of equipment just

999

00:36:55,190 --> 00:36:53,200

devoted to microwave energy spectrum and

1000

00:36:58,230 --> 00:36:55,200

i had that with us on the show

1001
00:36:59,990 --> 00:36:58,240
and three times that evening on one of

1002
00:37:02,390 --> 00:37:00,000
the evenings out there in the middle of

1003
00:37:05,349 --> 00:37:02,400
a field no power lines nothing around

1004
00:37:06,390 --> 00:37:05,359
it had uh visual cues and audible cues

1005
00:37:08,870 --> 00:37:06,400
you know

1006
00:37:11,270 --> 00:37:08,880
green yellow red and the audible cues

1007
00:37:13,670 --> 00:37:11,280
with it if you if it goes red and you

1008
00:37:14,550 --> 00:37:13,680
get that that audible cue you better be

1009
00:37:16,310 --> 00:37:14,560
getting out of there because it's

1010
00:37:18,790 --> 00:37:16,320
something you're in an area you better

1011
00:37:21,109 --> 00:37:18,800
not be in there too long three times at

1012
00:37:24,550 --> 00:37:21,119
night we experience that out there

1013
00:37:25,910 --> 00:37:24,560

so and i like i told the the individuals

1014

00:37:28,950 --> 00:37:25,920

out there that night

1015

00:37:31,349 --> 00:37:28,960

i really felt it was just short duration

1016

00:37:32,870 --> 00:37:31,359

but i really felt like it was a sign

1017

00:37:35,589 --> 00:37:32,880

letting me know

1018

00:37:37,109 --> 00:37:35,599

that it it was monitoring us it knew we

1019

00:37:39,510 --> 00:37:37,119

were out there and it was a sign to me

1020

00:37:40,870 --> 00:37:39,520

that it was still very much there

1021

00:37:42,790 --> 00:37:40,880

so uh

1022

00:37:45,030 --> 00:37:42,800

and you know how do you explain that

1023

00:37:47,030 --> 00:37:45,040

and did they ever figure out what that

1024

00:37:49,270 --> 00:37:47,040

uh spot in the back of your head was

1025

00:37:51,670 --> 00:37:49,280

like was it radiation was it uh

1026

00:37:52,470 --> 00:37:51,680

microwave burns you know

1027

00:37:54,390 --> 00:37:52,480

it

1028

00:37:56,950 --> 00:37:54,400

the the only thing they told me my local

1029

00:37:59,190 --> 00:37:56,960

of course the world's doctor um

1030

00:38:01,109 --> 00:37:59,200

all they tested me for was of course you

1031

00:38:02,790 --> 00:38:01,119

know shingles they thought

1032

00:38:04,630 --> 00:38:02,800

he just said you probably got some kind

1033

00:38:06,550 --> 00:38:04,640

of a sunburn or something and which

1034

00:38:09,030 --> 00:38:06,560

didn't make sense

1035

00:38:11,109 --> 00:38:09,040

so no they didn't go any more i wish we

1036

00:38:14,230 --> 00:38:11,119

woulda at that time but

1037

00:38:15,990 --> 00:38:14,240

but the interesting thing was ted and i

1038

00:38:17,589 --> 00:38:16,000

shared this with a property owner about

1039

00:38:19,430 --> 00:38:17,599

us experienced the light beam which they

1040

00:38:21,030 --> 00:38:19,440

had experienced

1041

00:38:22,390 --> 00:38:21,040

we didn't want to go into the physical

1042

00:38:23,750 --> 00:38:22,400

effects that much we didn't want to

1043

00:38:25,190 --> 00:38:23,760

worry them you know you're out there

1044

00:38:27,670 --> 00:38:25,200

they're gracious enough you're on their

1045

00:38:29,750 --> 00:38:27,680

property we didn't want to worry them

1046

00:38:31,589 --> 00:38:29,760

you know we get injured

1047

00:38:33,750 --> 00:38:31,599

and this was the farthest thing from our

1048

00:38:35,750 --> 00:38:33,760

mind or ted's that we would never come

1049

00:38:37,190 --> 00:38:35,760

back on a property on but we didn't want

1050

00:38:39,510 --> 00:38:37,200

to give them the thought

1051
00:38:42,710 --> 00:38:39,520
are they going to sue us you know

1052
00:38:45,270 --> 00:38:42,720
whatever the liability yeah yeah

1053
00:38:47,829 --> 00:38:45,280
absolutely and and here's where i always

1054
00:38:49,430 --> 00:38:47,839
tell people always share

1055
00:38:51,430 --> 00:38:49,440
we weren't completely honest with them

1056
00:38:53,349 --> 00:38:51,440
we didn't mention that effect

1057
00:38:55,270 --> 00:38:53,359
and you know years after ted passed i

1058
00:38:57,670 --> 00:38:55,280
was speaking with the property owner at

1059
00:39:01,270 --> 00:38:57,680
site one and i felt i just had to

1060
00:39:02,550 --> 00:39:01,280
mention it to him and the property owner

1061
00:39:04,230 --> 00:39:02,560
again you could have knocked me with a

1062
00:39:06,550 --> 00:39:04,240
feather uh because he said he

1063
00:39:08,390 --> 00:39:06,560

experienced the light beam

1064

00:39:10,150 --> 00:39:08,400

which is a strong light beam they

1065

00:39:12,230 --> 00:39:10,160

described coming down

1066

00:39:15,270 --> 00:39:12,240

like it's in a honey motion going across

1067

00:39:17,109 --> 00:39:15,280

the field the timber uh and it came up

1068

00:39:18,950 --> 00:39:17,119

to them several times

1069

00:39:21,270 --> 00:39:18,960

and the property owner told me when i

1070

00:39:22,550 --> 00:39:21,280

told him about my scalp being burned or

1071

00:39:24,870 --> 00:39:22,560

sore and

1072

00:39:26,829 --> 00:39:24,880

he said well i had that several times

1073

00:39:30,710 --> 00:39:26,839

tom and i said you

1074

00:39:33,349 --> 00:39:30,720

what he said i said you never said that

1075

00:39:34,790 --> 00:39:33,359

and he said well you never told us and

1076

00:39:36,550 --> 00:39:34,800

told me either that you had that

1077

00:39:38,470 --> 00:39:36,560

experience that so

1078

00:39:40,550 --> 00:39:38,480

had we known that and shared that with a

1079

00:39:41,589 --> 00:39:40,560

man at the time you know you got that

1080

00:39:43,589 --> 00:39:41,599

input

1081

00:39:45,510 --> 00:39:43,599

like ted always had to have we had to

1082

00:39:47,670 --> 00:39:45,520

prove things have three witnesses and

1083

00:39:49,109 --> 00:39:47,680

prove things three times before ted

1084

00:39:50,950 --> 00:39:49,119

would document it

1085

00:39:54,310 --> 00:39:50,960

so that would have gone a long way in

1086

00:39:56,630 --> 00:39:54,320

confirming what we experienced

1087

00:39:59,109 --> 00:39:56,640

but it happens you know and and they're

1088

00:40:00,950 --> 00:39:59,119

having this now at skinwalker you know

1089

00:40:02,390 --> 00:40:00,960

yeah so you say you didn't see a

1090

00:40:04,309 --> 00:40:02,400

structure or

1091

00:40:06,950 --> 00:40:04,319

anything like that behind this light but

1092

00:40:08,230 --> 00:40:06,960

did did it look like there possibly

1093

00:40:09,349 --> 00:40:08,240

could have just been something that's

1094

00:40:11,829 --> 00:40:09,359

hidden

1095

00:40:14,710 --> 00:40:11,839

behind that

1096

00:40:16,630 --> 00:40:14,720

it very much could have been cloaked uh

1097

00:40:19,910 --> 00:40:16,640

this thing retracted like i said you

1098

00:40:22,309 --> 00:40:19,920

know with a twisting reflex motion into

1099

00:40:23,349 --> 00:40:22,319

a pinpoint and then it was just gone

1100

00:40:25,349 --> 00:40:23,359

right

1101

00:40:26,630 --> 00:40:25,359

we didn't see a craft now that's not to

1102

00:40:29,109 --> 00:40:26,640

say there wasn't

1103

00:40:31,750 --> 00:40:29,119

um now the time with adam johnson and i

1104

00:40:33,990 --> 00:40:31,760

you know we were in a deer stand filming

1105

00:40:34,870 --> 00:40:34,000

and adam had great camry equipment for

1106

00:40:36,870 --> 00:40:34,880

the day

1107

00:40:38,470 --> 00:40:36,880

and we were up there like

1108

00:40:40,550 --> 00:40:38,480

four hours in

1109

00:40:41,670 --> 00:40:40,560

oh i think it got down to like 16

1110

00:40:43,589 --> 00:40:41,680

degrees

1111

00:40:45,430 --> 00:40:43,599

and so if you've ever spent you know

1112

00:40:47,829 --> 00:40:45,440

that amount of time in that type of

1113

00:40:49,589 --> 00:40:47,839

temperature we were just frozen and it

1114

00:40:51,670 --> 00:40:49,599

was like two in the morning three in the

1115

00:40:53,910 --> 00:40:51,680

morning and we were closing up and

1116

00:40:55,109 --> 00:40:53,920

that's the other thing this phenomena as

1117

00:40:57,750 --> 00:40:55,119

ted said

1118

00:40:59,750 --> 00:40:57,760

it has an intelligence to it it always

1119

00:41:00,710 --> 00:40:59,760

knows your weakest moments

1120

00:41:02,309 --> 00:41:00,720

and

1121

00:41:03,910 --> 00:41:02,319

when you're not prepared that's when

1122

00:41:06,230 --> 00:41:03,920

this stuff will happen

1123

00:41:08,390 --> 00:41:06,240

so we were closing up which is a very

1124

00:41:09,510 --> 00:41:08,400

stupid thing to do we had our cameras

1125

00:41:10,309 --> 00:41:09,520

put up

1126
00:41:21,270 --> 00:41:10,319
and

1127
00:41:22,309 --> 00:41:21,280
across a seven acre field into the

1128
00:41:23,750 --> 00:41:22,319
timber

1129
00:41:26,150 --> 00:41:23,760
and it went out

1130
00:41:28,069 --> 00:41:26,160
and then the vantage point the source

1131
00:41:30,470 --> 00:41:28,079
was over that timber

1132
00:41:32,069 --> 00:41:30,480
and the light went across the field

1133
00:41:34,710 --> 00:41:32,079
and came right up to the bottom of the

1134
00:41:36,550 --> 00:41:34,720
deer stand where adam and i were

1135
00:41:39,349 --> 00:41:36,560
getting ready to get out of

1136
00:41:42,230 --> 00:41:39,359
and it it just more or less said to us

1137
00:41:44,069 --> 00:41:42,240
like i know exactly where you guys are

1138
00:41:46,069 --> 00:41:44,079

and the minute it start coming up got to

1139

00:41:48,390 --> 00:41:46,079

the bottom of the deer stand the light

1140

00:41:50,630 --> 00:41:48,400

just went out and that was it

1141

00:41:52,470 --> 00:41:50,640

and there again ted was in another field

1142

00:41:55,510 --> 00:41:52,480

he should have seen this from his

1143

00:41:56,870 --> 00:41:55,520

location he he had no idea this was

1144

00:41:58,870 --> 00:41:56,880

going on with us he couldn't see

1145

00:41:59,910 --> 00:41:58,880

anything so

1146

00:42:02,470 --> 00:41:59,920

you know

1147

00:42:05,109 --> 00:42:02,480

you're dealing with an intelligence and

1148

00:42:06,950 --> 00:42:05,119

we proved it so many times that

1149

00:42:09,190 --> 00:42:06,960

uh

1150

00:42:10,710 --> 00:42:09,200

it's just phenomenal you know and how do

1151
00:42:14,069 --> 00:42:10,720
you explain that

1152
00:42:14,950 --> 00:42:14,079
but we've we've also um explored a lot

1153
00:42:16,870 --> 00:42:14,960
on

1154
00:42:19,430 --> 00:42:16,880
people have been abducted and people

1155
00:42:21,670 --> 00:42:19,440
have had close encounters with orbs and

1156
00:42:23,750 --> 00:42:21,680
they always come away with some sort of

1157
00:42:25,510 --> 00:42:23,760
sickness or ailment

1158
00:42:27,510 --> 00:42:25,520
shortly afterwards right

1159
00:42:30,230 --> 00:42:27,520
yeah a lot of these abductees that we've

1160
00:42:31,910 --> 00:42:30,240
talked to they all have some medical

1161
00:42:33,589 --> 00:42:31,920
issues with them

1162
00:42:36,630 --> 00:42:33,599
or went through a period where they had

1163
00:42:38,309 --> 00:42:36,640

some physical uh you know trauma or just

1164

00:42:40,790 --> 00:42:38,319

weird diseases that popped out of

1165

00:42:42,829 --> 00:42:40,800

nowhere what was the one louis that uh

1166

00:42:45,829 --> 00:42:42,839

the the famous one i think it was

1167

00:42:48,390 --> 00:42:45,839

hashimoto's that's hashimoto's column

1168

00:42:50,550 --> 00:42:48,400

yeah just weird autoimmune diseases that

1169

00:42:52,230 --> 00:42:50,560

you know basically nobody ever heard of

1170

00:42:54,150 --> 00:42:52,240

and these people were getting diagnosed

1171

00:42:55,430 --> 00:42:54,160

with it kind of like a macular cyst like

1172

00:42:56,470 --> 00:42:55,440

who do you know that's ever had one of

1173

00:42:58,470 --> 00:42:56,480

those

1174

00:43:00,069 --> 00:42:58,480

they seem to spur on weird things that

1175

00:43:01,990 --> 00:43:00,079

normally wouldn't form

1176

00:43:03,990 --> 00:43:02,000

and i mean if it is microwaves that

1177

00:43:06,630 --> 00:43:04,000

makes a lot of sense

1178

00:43:08,950 --> 00:43:06,640

right and and you know it just goes on

1179

00:43:11,270 --> 00:43:08,960

and on into so many realms and and i

1180

00:43:13,349 --> 00:43:11,280

would just like to urge people to go to

1181

00:43:15,670 --> 00:43:13,359

you can just

1182

00:43:17,910 --> 00:43:15,680

do google my name or my youtube channel

1183

00:43:20,230 --> 00:43:17,920

it's free i've got several movies

1184

00:43:21,990 --> 00:43:20,240

everything in marley ted's early work i

1185

00:43:24,470 --> 00:43:22,000

got several movies up there free you can

1186

00:43:26,950 --> 00:43:24,480

go to and view and uh i have a very

1187

00:43:29,349 --> 00:43:26,960

great after ted passed away i did an

1188

00:43:30,150 --> 00:43:29,359

interview jack valet did a tribute to

1189

00:43:33,750 --> 00:43:30,160

ted

1190

00:43:36,870 --> 00:43:33,760

in marley

1191

00:43:38,710 --> 00:43:36,880

and one particular instant instance he

1192

00:43:40,710 --> 00:43:38,720

recounts is

1193

00:43:42,390 --> 00:43:40,720

when jock stayed with us out there and

1194

00:43:44,150 --> 00:43:42,400

and we also had another guest some of

1195

00:43:46,150 --> 00:43:44,160

the people that dropped in with us

1196

00:43:47,990 --> 00:43:46,160

douglas trumbull was staying with us and

1197

00:43:51,349 --> 00:43:48,000

you know douglas trumbo is a special

1198

00:43:52,829 --> 00:43:51,359

effects master a 2001 space odyssey

1199

00:43:56,069 --> 00:43:52,839

brainstorm

1200

00:43:58,710 --> 00:43:56,079

uh you know and on and on uh close

1201
00:44:01,349 --> 00:43:58,720
encounters but douglas state he was very

1202
00:44:04,390 --> 00:44:01,359
much making camera equipment high-tech

1203
00:44:07,030 --> 00:44:04,400
stuff to try to catch you know

1204
00:44:09,750 --> 00:44:07,040
the phenomena and douglas was out there

1205
00:44:12,950 --> 00:44:09,760
with us and jock was out there and we

1206
00:44:15,109 --> 00:44:12,960
had an old cabin on on marley out there

1207
00:44:17,270 --> 00:44:15,119
and it was raining the particular

1208
00:44:19,190 --> 00:44:17,280
evening and the property owner was out

1209
00:44:20,950 --> 00:44:19,200
there and douglas wanted to put this

1210
00:44:24,069 --> 00:44:20,960
high-tech piece of equipment in the

1211
00:44:26,630 --> 00:44:24,079
cabin facing the north window

1212
00:44:29,589 --> 00:44:26,640
and uh and this thing was i bet the

1213
00:44:33,109 --> 00:44:29,599

whole configuration probably weighed 75

1214

00:44:35,030 --> 00:44:33,119

80 pounds on a heavy tripod put it in

1215

00:44:38,309 --> 00:44:35,040

the cabin at the north window locked it

1216

00:44:40,470 --> 00:44:38,319

down and we left that night this was

1217

00:44:42,390 --> 00:44:40,480

going to run all night

1218

00:44:43,990 --> 00:44:42,400

we left the cabin the property owner

1219

00:44:45,829 --> 00:44:44,000

locked the door and the property owner

1220

00:44:46,790 --> 00:44:45,839

doesn't live there on that where we were

1221

00:44:49,349 --> 00:44:46,800

staying

1222

00:44:51,670 --> 00:44:49,359

he left the next morning we go in and

1223

00:44:53,990 --> 00:44:51,680

jack valet talks about this in this

1224

00:44:56,710 --> 00:44:54,000

tribute to ted it's so great to hear the

1225

00:44:59,270 --> 00:44:56,720

man talk about his time in marley and uh

1226
00:45:01,510 --> 00:44:59,280
he tells about how this the next morning

1227
00:45:03,990 --> 00:45:01,520
we go to go in this cabin and douglas

1228
00:45:06,069 --> 00:45:04,000
goes in to check his camera equipment

1229
00:45:07,589 --> 00:45:06,079
and he comes back out towards us before

1230
00:45:09,670 --> 00:45:07,599
we could get in the door

1231
00:45:10,790 --> 00:45:09,680
and he he more or less accused somebody

1232
00:45:14,790 --> 00:45:10,800
he said

1233
00:45:17,510 --> 00:45:14,800
little bit more graphic language than

1234
00:45:19,750 --> 00:45:17,520
this but he said who's screwing with me

1235
00:45:21,270 --> 00:45:19,760
right now and and screwed around with

1236
00:45:23,430 --> 00:45:21,280
this camera

1237
00:45:25,589 --> 00:45:23,440
and we said well why and he said well

1238
00:45:26,950 --> 00:45:25,599

come in here and we went in and jock

1239

00:45:29,109 --> 00:45:26,960

talks about how

1240

00:45:31,750 --> 00:45:29,119

this heavy p heavy piece of camera

1241

00:45:34,069 --> 00:45:31,760

equipment on this tripod was turned 30

1242

00:45:36,870 --> 00:45:34,079

degrees away from the window facing the

1243

00:45:38,790 --> 00:45:36,880

wall now

1244

00:45:41,270 --> 00:45:38,800

how do you explain that yeah that's

1245

00:45:42,790 --> 00:45:41,280

pretty heavy equipment right yeah yeah i

1246

00:45:46,150 --> 00:45:42,800

mean and it's not going to move on its

1247

00:45:48,069 --> 00:45:46,160

own in a locked cabin right yeah yeah

1248

00:45:50,390 --> 00:45:48,079

and it's so similar to the stuff i will

1249

00:45:52,870 --> 00:45:50,400

tell you that bigelow experience and

1250

00:45:55,270 --> 00:45:52,880

told us what went on at skinwalker you

1251
00:45:57,750 --> 00:45:55,280
know they set up high-speed cameras and

1252
00:45:59,109 --> 00:45:57,760
this sounds boring as as hell to the to

1253
00:46:01,829 --> 00:45:59,119
a novice but

1254
00:46:03,109 --> 00:46:01,839
they set up high-speed cameras on a

1255
00:46:06,069 --> 00:46:03,119
tabletop

1256
00:46:08,309 --> 00:46:06,079
with a set of keys now

1257
00:46:10,390 --> 00:46:08,319
it's well why would they do that

1258
00:46:12,390 --> 00:46:10,400
but they actually had three high-speed

1259
00:46:15,030 --> 00:46:12,400
cameras on a set of keys on this table

1260
00:46:17,990 --> 00:46:15,040
at skinwalker and

1261
00:46:21,270 --> 00:46:18,000
here what what had occurred was

1262
00:46:24,710 --> 00:46:21,280
within these three cameras this set of

1263
00:46:25,750 --> 00:46:24,720

keys would go from point a b c around

1264

00:46:28,550 --> 00:46:25,760

the table

1265

00:46:29,670 --> 00:46:28,560

and not be caught moving on high-speed

1266

00:46:31,990 --> 00:46:29,680

cameras

1267

00:46:35,030 --> 00:46:32,000

now the only way they could explain that

1268

00:46:36,150 --> 00:46:35,040

was this is dimensionally based this

1269

00:46:39,190 --> 00:46:36,160

actually

1270

00:46:41,349 --> 00:46:39,200

morphed it like it went through a portal

1271

00:46:42,630 --> 00:46:41,359

it reappeared you know in another

1272

00:46:45,829 --> 00:46:42,640

location

1273

00:46:47,270 --> 00:46:45,839

because if it had moved in our realm

1274

00:46:49,750 --> 00:46:47,280

these cameras would have well caught

1275

00:46:52,390 --> 00:46:49,760

this action but it just would show up

1276
00:46:53,190 --> 00:46:52,400
point a b and c and back and forth like

1277
00:46:53,990 --> 00:46:53,200
that

1278
00:46:55,510 --> 00:46:54,000
now

1279
00:46:58,069 --> 00:46:55,520
how do you explain that

1280
00:47:00,069 --> 00:46:58,079
so i've even seen trail cam footage from

1281
00:47:01,750 --> 00:47:00,079
skinwalker ranch where you know they're

1282
00:47:03,990 --> 00:47:01,760
motion activated anything goes near it

1283
00:47:05,910 --> 00:47:04,000
it goes off so they have the reel and it

1284
00:47:07,910 --> 00:47:05,920
was it was focused at like the base of a

1285
00:47:10,470 --> 00:47:07,920
tree and it was in the snow so the snow

1286
00:47:12,790 --> 00:47:10,480
is perfectly undisturbed and it's like

1287
00:47:15,430 --> 00:47:12,800
five frames like that all of a sudden

1288
00:47:17,190 --> 00:47:15,440

there's like a wolf footprint

1289

00:47:19,030 --> 00:47:17,200

and but there's no sign of the animal

1290

00:47:21,190 --> 00:47:19,040

that made it the print just came out of

1291

00:47:23,349 --> 00:47:21,200

nowhere but there was no flash or mask

1292

00:47:24,950 --> 00:47:23,359

that was associated with the print and

1293

00:47:26,230 --> 00:47:24,960

as they run the reel you could see it

1294

00:47:29,430 --> 00:47:26,240

it's like nothing nothing nothing and

1295

00:47:31,109 --> 00:47:29,440

then a print well how does that happen

1296

00:47:33,349 --> 00:47:31,119

that's right and you know

1297

00:47:35,190 --> 00:47:33,359

that's so often like we had the property

1298

00:47:36,950 --> 00:47:35,200

owner would send us imagery and we'd

1299

00:47:39,750 --> 00:47:36,960

check it when we were to get out there

1300

00:47:42,230 --> 00:47:39,760

but on like in the on a winter morning

1301

00:47:43,990 --> 00:47:42,240

you know he had a pond and real thin ice

1302

00:47:44,710 --> 00:47:44,000

real just with a light coat of snow on

1303

00:47:48,630 --> 00:47:44,720

it

1304

00:47:49,670 --> 00:47:48,640

and he found 13 inch diameter three-toed

1305

00:47:52,150 --> 00:47:49,680

tracks

1306

00:47:53,750 --> 00:47:52,160

going starting going across this pond

1307

00:47:57,430 --> 00:47:53,760

and terminating in the center of the

1308

00:47:59,670 --> 00:47:57,440

pond now that

1309

00:48:01,750 --> 00:47:59,680

amount of mass there and weight to you

1310

00:48:03,990 --> 00:48:01,760

know 13-inch track three-toed what could

1311

00:48:05,510 --> 00:48:04,000

do that when the property owner went to

1312

00:48:07,910 --> 00:48:05,520

step on the ice

1313

00:48:08,950 --> 00:48:07,920

he broke through with his weight

1314

00:48:10,710 --> 00:48:08,960

so

1315

00:48:12,950 --> 00:48:10,720

how do you lay down

1316

00:48:15,190 --> 00:48:12,960

how does anything with that man unless

1317

00:48:18,870 --> 00:48:15,200

dimensionally this stuff was in the

1318

00:48:19,589 --> 00:48:18,880

process of morphing in and out you know

1319

00:48:21,349 --> 00:48:19,599

but

1320

00:48:24,230 --> 00:48:21,359

it goes on and on like that the high

1321

00:48:25,109 --> 00:48:24,240

strangeness uh no explanations you know

1322

00:48:25,990 --> 00:48:25,119

uh

1323

00:48:29,750 --> 00:48:26,000

but

1324

00:48:31,430 --> 00:48:29,760

what are some of the best

1325

00:48:33,990 --> 00:48:31,440

lessons that you've learned from ted

1326
00:48:36,150 --> 00:48:34,000
phillips

1327
00:48:39,349 --> 00:48:36,160
it's i'll tell you it's

1328
00:48:43,109 --> 00:48:39,359
what i've learned from ted is to

1329
00:48:45,750 --> 00:48:43,119
so many researchers like to go in and uh

1330
00:48:48,630 --> 00:48:45,760
interject things in a in an area

1331
00:48:50,309 --> 00:48:48,640
and i always i love his approach just

1332
00:48:51,270 --> 00:48:50,319
you're there to monitor

1333
00:48:53,270 --> 00:48:51,280
uh

1334
00:48:55,109 --> 00:48:53,280
don't bring in any more interject

1335
00:48:57,990 --> 00:48:55,119
anymore

1336
00:49:00,390 --> 00:48:58,000
anything else foreign in the area than

1337
00:49:04,309 --> 00:49:00,400
what is there and and go from that point

1338
00:49:06,309 --> 00:49:04,319

of view and the high strangeness and

1339

00:49:08,069 --> 00:49:06,319

it goes on to that there's an

1340

00:49:10,549 --> 00:49:08,079

intelligence there

1341

00:49:13,030 --> 00:49:10,559

that you're dealing with and you know my

1342

00:49:15,349 --> 00:49:13,040

first trip there to marley we slept

1343

00:49:18,069 --> 00:49:15,359

upstairs in in an area for the team they

1344

00:49:21,190 --> 00:49:18,079

had like a bedroom office combination

1345

00:49:23,190 --> 00:49:21,200

the kitchen below and um

1346

00:49:25,990 --> 00:49:23,200

but when we were sleeping up there ted

1347

00:49:27,510 --> 00:49:26,000

told me the phenomena about it and i i

1348

00:49:29,589 --> 00:49:27,520

heard ted in the beginning and i didn't

1349

00:49:31,910 --> 00:49:29,599

pay too much attention to it

1350

00:49:34,710 --> 00:49:31,920

and um and anything ted phillips ever

1351
00:49:37,670 --> 00:49:34,720
said you better take his gospel because

1352
00:49:40,710 --> 00:49:37,680
i mean he was the real artifact and

1353
00:49:41,990 --> 00:49:40,720
but one evening i was up there and we

1354
00:49:44,710 --> 00:49:42,000
didn't go out

1355
00:49:46,230 --> 00:49:44,720
typically we go out unlike and so many

1356
00:49:49,750 --> 00:49:46,240
ufologists know and they're in a

1357
00:49:51,589 --> 00:49:49,760
paranormal world that uh usually 12 a.m

1358
00:49:54,230 --> 00:49:51,599
is not to be witching hour it tends to

1359
00:49:57,589 --> 00:49:54,240
be 3 a.m more than 12 but

1360
00:50:00,710 --> 00:49:57,599
but we usually go out at 3 a.m sometimes

1361
00:50:03,270 --> 00:50:00,720
earlier and one particular

1362
00:50:05,190 --> 00:50:03,280
morning we just slept in and and i

1363
00:50:08,549 --> 00:50:05,200

remember it was about

1364

00:50:10,950 --> 00:50:08,559

i three four in the morning and uh

1365

00:50:12,790 --> 00:50:10,960

something shook me and woke me up and i

1366

00:50:15,349 --> 00:50:12,800

just had this overwhelming sense of

1367

00:50:16,790 --> 00:50:15,359

euphoria joy and i i just thought i was

1368

00:50:18,630 --> 00:50:16,800

going to go on the deck and see the

1369

00:50:20,870 --> 00:50:18,640

mothership i mean

1370

00:50:22,950 --> 00:50:20,880

i can't describe that something

1371

00:50:24,790 --> 00:50:22,960

physically shook me woke me up and i

1372

00:50:27,510 --> 00:50:24,800

just had this feeling and euphoria i ran

1373

00:50:29,109 --> 00:50:27,520

out on the deck just and then it went to

1374

00:50:32,069 --> 00:50:29,119

depression almost there was nothing

1375

00:50:33,349 --> 00:50:32,079

there nothing and bummed out

1376

00:50:35,910 --> 00:50:33,359

yeah

1377

00:50:37,430 --> 00:50:35,920

and so i go in and made a very unwise

1378

00:50:39,589 --> 00:50:37,440

move one thing you didn't want to do

1379

00:50:41,430 --> 00:50:39,599

though is wake ted phillips in the

1380

00:50:43,910 --> 00:50:41,440

morning if he was sleeping the few times

1381

00:50:46,069 --> 00:50:43,920

he did sleep and i woke ted and i

1382

00:50:47,910 --> 00:50:46,079

explained to ted what happened and

1383

00:50:50,390 --> 00:50:47,920

looking for some kind of substantial

1384

00:50:52,309 --> 00:50:50,400

response something you know scientific

1385

00:50:55,430 --> 00:50:52,319

and and ted just looked at me and he

1386

00:50:57,349 --> 00:50:55,440

said well tom welcome to marley he said

1387

00:51:01,750 --> 00:50:57,359

so

1388

00:51:03,430 --> 00:51:01,760

thing drew you out of bed like you were

1389

00:51:05,829 --> 00:51:03,440

euphoric the whole time from leaving

1390

00:51:07,910 --> 00:51:05,839

your room to going outside yeah it

1391

00:51:09,750 --> 00:51:07,920

physically shook i mean i woke up i felt

1392

00:51:12,230 --> 00:51:09,760

something shake like somebody grabbed my

1393

00:51:13,990 --> 00:51:12,240

arm and was shaking me right and there

1394

00:51:15,190 --> 00:51:14,000

was nothing there and i just had this

1395

00:51:16,950 --> 00:51:15,200

euphoria

1396

00:51:18,710 --> 00:51:16,960

i mean if i'd have seen the mothership

1397

00:51:20,870 --> 00:51:18,720

right there which i i thought i was

1398

00:51:22,549 --> 00:51:20,880

going to go out and make contactors i

1399

00:51:24,630 --> 00:51:22,559

mean i and that's not to say there

1400

00:51:26,069 --> 00:51:24,640

wasn't something there i i really

1401
00:51:26,870 --> 00:51:26,079
believe there was

1402
00:51:29,430 --> 00:51:26,880
uh

1403
00:51:30,470 --> 00:51:29,440
but you know it wasn't visual

1404
00:51:31,910 --> 00:51:30,480
um

1405
00:51:34,710 --> 00:51:31,920
we didn't have our equipment up and

1406
00:51:38,069 --> 00:51:34,720
running that particular time uh

1407
00:51:41,190 --> 00:51:38,079
which i will tell you uh doing the show

1408
00:51:43,990 --> 00:51:41,200
with ben hansen and ufo witness

1409
00:51:46,390 --> 00:51:44,000
uh ben brought into the play some

1410
00:51:48,390 --> 00:51:46,400
state-of-the-art equipment

1411
00:51:50,950 --> 00:51:48,400
uh one thing that i felt was

1412
00:51:53,349 --> 00:51:50,960
indispensable had we had that in marley

1413
00:51:55,030 --> 00:51:53,359

was his top grade thermal imaging

1414

00:51:57,510 --> 00:51:55,040

equipment that he had

1415

00:51:58,870 --> 00:51:57,520

and uh you know when we did the show out

1416

00:52:00,710 --> 00:51:58,880

there

1417

00:52:03,109 --> 00:52:00,720

he imaged

1418

00:52:05,510 --> 00:52:03,119

uh when we were up into one deer stand

1419

00:52:07,030 --> 00:52:05,520

out there and ben told me said oh i've

1420

00:52:08,630 --> 00:52:07,040

got something here

1421

00:52:11,270 --> 00:52:08,640

he said i don't know if this was a small

1422

00:52:13,430 --> 00:52:11,280

animal or something and i i told ben i

1423

00:52:15,430 --> 00:52:13,440

from experience with light bulbs i said

1424

00:52:17,510 --> 00:52:15,440

no that's not an animal i said that's

1425

00:52:18,390 --> 00:52:17,520

spherical then that's and it's off the

1426
00:52:20,710 --> 00:52:18,400
ground

1427
00:52:23,510 --> 00:52:20,720
uh and for all intents and purposes it

1428
00:52:26,309 --> 00:52:23,520
looked like a light bulb but now i had

1429
00:52:27,910 --> 00:52:26,319
uh night vision equipment i couldn't see

1430
00:52:29,430 --> 00:52:27,920
it with night vision i couldn't see it

1431
00:52:31,670 --> 00:52:29,440
with my naked eye

1432
00:52:32,390 --> 00:52:31,680
the thermal imaging equipment picked us

1433
00:52:36,150 --> 00:52:32,400
up

1434
00:52:38,630 --> 00:52:36,160
and as it moved across and as he was

1435
00:52:40,870 --> 00:52:38,640
zeroing in zooming in on this thing

1436
00:52:44,069 --> 00:52:40,880
his piece of equipment just shut down it

1437
00:52:45,750 --> 00:52:44,079
just went completely dead and i told ben

1438
00:52:48,390 --> 00:52:45,760

several thousand dollar piece of state

1439

00:52:50,230 --> 00:52:48,400

of the equipment he had there um which

1440

00:52:52,710 --> 00:52:50,240

he sells by the way some of that

1441

00:52:54,870 --> 00:52:52,720

equipment i said does it have a habit of

1442

00:52:57,030 --> 00:52:54,880

doing this ben and said it's never done

1443

00:52:59,270 --> 00:52:57,040

this no he said i don't understand and

1444

00:53:01,430 --> 00:52:59,280

about that time he came back on

1445

00:53:05,190 --> 00:53:01,440

and he caught a brief glimpse of this

1446

00:53:07,510 --> 00:53:05,200

again on the imagery and then he

1447

00:53:09,910 --> 00:53:07,520

we were in radio contact with the

1448

00:53:12,630 --> 00:53:09,920

producer and other people on the ground

1449

00:53:14,790 --> 00:53:12,640

melissa tittle was sarah's co-host they

1450

00:53:17,349 --> 00:53:14,800

ran on the ground he directed them to

1451
00:53:19,510 --> 00:53:17,359
the location and about the time they got

1452
00:53:22,069 --> 00:53:19,520
there this thing blinked out now they

1453
00:53:23,109 --> 00:53:22,079
couldn't see it at all

1454
00:53:25,910 --> 00:53:23,119
but

1455
00:53:28,150 --> 00:53:25,920
i in the back of my mind i was thinking

1456
00:53:30,150 --> 00:53:28,160
how often in the past if we had that

1457
00:53:32,069 --> 00:53:30,160
thermal imaging unit

1458
00:53:34,549 --> 00:53:32,079
could we have perceived this how often

1459
00:53:36,069 --> 00:53:34,559
was this stuff around us in that realm

1460
00:53:38,790 --> 00:53:36,079
that we couldn't perceive without that

1461
00:53:40,630 --> 00:53:38,800
piece of equipment yeah so

1462
00:53:42,950 --> 00:53:40,640
you know when we go back i very much

1463
00:53:45,829 --> 00:53:42,960

always want to have a piece of equipment

1464

00:53:48,230 --> 00:53:45,839

like that because it can start

1465

00:53:51,190 --> 00:53:48,240

you know this stuff may kick off in that

1466

00:53:52,150 --> 00:53:51,200

mode and then go visual right

1467

00:53:53,109 --> 00:53:52,160

so

1468

00:53:55,190 --> 00:53:53,119

you know

1469

00:53:57,430 --> 00:53:55,200

even the newest equipment that they had

1470

00:54:00,309 --> 00:53:57,440

on the nimitz that's what

1471

00:54:03,109 --> 00:54:00,319

got them to spot the tic tac yes um

1472

00:54:04,870 --> 00:54:03,119

activity right for like two weeks and

1473

00:54:07,030 --> 00:54:04,880

that's because there was new equipment

1474

00:54:10,390 --> 00:54:07,040

so as equipment uh even louie was

1475

00:54:13,030 --> 00:54:10,400

mentioning uh that gentleman uh that we

1476
00:54:16,069 --> 00:54:13,040
had on with uh caroline corey that made

1477
00:54:18,150 --> 00:54:16,079
that uh yeah david mason david mason oh

1478
00:54:19,990 --> 00:54:18,160
man i'm so bad with names but uh yeah

1479
00:54:22,390 --> 00:54:20,000
david mason's like you know just the

1480
00:54:24,150 --> 00:54:22,400
ingenuity that these people have

1481
00:54:26,069 --> 00:54:24,160
are coming up with ideas of like how to

1482
00:54:27,030 --> 00:54:26,079
spot these things on different spectrums

1483
00:54:28,630 --> 00:54:27,040
now

1484
00:54:30,630 --> 00:54:28,640
when we're talking about the radiation

1485
00:54:32,150 --> 00:54:30,640
that is coming from this morally woods

1486
00:54:34,230 --> 00:54:32,160
is it coming from the ground is it

1487
00:54:35,430 --> 00:54:34,240
coming from above do you think

1488
00:54:38,150 --> 00:54:35,440

you know

1489

00:54:39,589 --> 00:54:38,160

here again i we more or less we believe

1490

00:54:43,990 --> 00:54:39,599

it's coming

1491

00:54:46,549 --> 00:54:44,000

it's not

1492

00:54:49,109 --> 00:54:46,559

it's source isn't the ground okay we

1493

00:54:51,190 --> 00:54:49,119

feel that what we dealt with

1494

00:54:53,829 --> 00:54:51,200

was coming out of the sky

1495

00:54:56,870 --> 00:54:53,839

and uh in everything that we dealt with

1496

00:54:59,190 --> 00:54:56,880

we just believed that all right so

1497

00:55:02,150 --> 00:54:59,200

and again uh you know when we were out

1498

00:55:03,349 --> 00:55:02,160

there filming and my piece of equipment

1499

00:55:05,510 --> 00:55:03,359

i actually

1500

00:55:07,990 --> 00:55:05,520

i got a stronger reading

1501

00:55:10,390 --> 00:55:08,000

as i raised my arm with it

1502

00:55:13,109 --> 00:55:10,400

and if i would go down towards the

1503

00:55:15,990 --> 00:55:13,119

ground it would tend to go down a couple

1504

00:55:17,910 --> 00:55:16,000

degrees in intensity so i very much

1505

00:55:20,870 --> 00:55:17,920

think now what we experienced was coming

1506

00:55:22,710 --> 00:55:20,880

from we were sky based or dimensionally

1507

00:55:25,109 --> 00:55:22,720

based over us

1508

00:55:27,510 --> 00:55:25,119

so uh but now that's not to say you know

1509

00:55:29,670 --> 00:55:27,520

a skinwalker it seems that times would

1510

00:55:32,150 --> 00:55:29,680

be coming from

1511

00:55:33,750 --> 00:55:32,160

everywhere you know so

1512

00:55:35,510 --> 00:55:33,760

when we interviewed thomas winterton

1513

00:55:37,270 --> 00:55:35,520

from skinwalk around she basically told

1514

00:55:39,510 --> 00:55:37,280

us the same thing that at a certain

1515

00:55:42,069 --> 00:55:39,520

point in the sky i forget if it was a

1516

00:55:43,990 --> 00:55:42,079

couple hundred feet or 1400 sticks out

1517

00:55:45,670 --> 00:55:44,000

in my mind for some reason but a lot of

1518

00:55:48,470 --> 00:55:45,680

their experiments were to put weather

1519

00:55:50,789 --> 00:55:48,480

balloons with instrumentation on it to

1520

00:55:52,630 --> 00:55:50,799

be able to get it up into that zone

1521

00:55:54,150 --> 00:55:52,640

because you know the closer they would

1522

00:55:56,470 --> 00:55:54,160

get to it that's where the anomalous

1523

00:55:58,950 --> 00:55:56,480

things seem to happen so right very

1524

00:56:00,710 --> 00:55:58,960

similarly they believe the source to be

1525

00:56:02,549 --> 00:56:00,720

in the sky as well now even though they

1526

00:56:04,789 --> 00:56:02,559

get readings from the ground

1527

00:56:06,549 --> 00:56:04,799

the strongest ones tend to be uh kind of

1528

00:56:09,670 --> 00:56:06,559

mid sky sort of thing

1529

00:56:11,670 --> 00:56:09,680

yeah and i will tell you that uh the

1530

00:56:14,470 --> 00:56:11,680

technology of the day had we had the

1531

00:56:16,630 --> 00:56:14,480

drone technology that they have now

1532

00:56:18,789 --> 00:56:16,640

ted was so far ahead of his time in that

1533

00:56:21,109 --> 00:56:18,799

realm too and i will tell you ted was

1534

00:56:23,589 --> 00:56:21,119

taking model airplanes

1535

00:56:26,230 --> 00:56:23,599

and helicopters trying to attach cameras

1536

00:56:28,230 --> 00:56:26,240

to him because he always envisioned his

1537

00:56:29,270 --> 00:56:28,240

dream was when we seen a light source

1538

00:56:31,670 --> 00:56:29,280

come on

1539

00:56:34,150 --> 00:56:31,680

he was going to fly this right into this

1540

00:56:36,309 --> 00:56:34,160

portal and see what he could get

1541

00:56:39,030 --> 00:56:36,319

and if he could make it there now had we

1542

00:56:41,030 --> 00:56:39,040

had the drone technology that you know

1543

00:56:43,589 --> 00:56:41,040

that you have now yeah it could have

1544

00:56:45,670 --> 00:56:43,599

well been done you know but but there

1545

00:56:47,910 --> 00:56:45,680

again you have to realize this stuff the

1546

00:56:50,470 --> 00:56:47,920

intelligence you're dealing with would

1547

00:56:53,750 --> 00:56:50,480

it have let us do this you know maybe

1548

00:56:55,990 --> 00:56:53,760

not yeah because uh it controlled us we

1549

00:56:59,190 --> 00:56:56,000

didn't control ted always called marley

1550

00:57:01,430 --> 00:56:59,200

his living laboratory and by the end and

1551
00:57:02,230 --> 00:57:01,440
even jacques villa and others had said

1552
00:57:06,309 --> 00:57:02,240
that

1553
00:57:09,750 --> 00:57:06,319
laboratory you know it was monitoring

1554
00:57:11,750 --> 00:57:09,760
exploring experimenting with us and as

1555
00:57:13,750 --> 00:57:11,760
ted said so much you know

1556
00:57:16,549 --> 00:57:13,760
he he loved the structured craft the

1557
00:57:18,549 --> 00:57:16,559
nuts and bolts stuff the tonnage and

1558
00:57:19,750 --> 00:57:18,559
like he said when our technology

1559
00:57:22,309 --> 00:57:19,760
increased

1560
00:57:24,230 --> 00:57:22,319
it it went into the light bulb arena you

1561
00:57:26,470 --> 00:57:24,240
know the light bulbs are so prevalent

1562
00:57:29,670 --> 00:57:26,480
now and he felt like they lowered their

1563
00:57:32,069 --> 00:57:29,680

risk factors our technology increased

1564

00:57:34,630 --> 00:57:32,079

you know they lowered their risk factor

1565

00:57:36,789 --> 00:57:34,640

in more like a roV using natural

1566

00:57:39,109 --> 00:57:36,799

elements light being you know or

1567

00:57:40,950 --> 00:57:39,119

whatever and uh if you have a structured

1568

00:57:42,390 --> 00:57:40,960

craft you can prove it if you have a

1569

00:57:44,390 --> 00:57:42,400

light ball when it's there it's there

1570

00:57:46,630 --> 00:57:44,400

when it's gone you've got nothing right

1571

00:57:48,870 --> 00:57:46,640

you got no residue usually there has

1572

00:57:49,990 --> 00:57:48,880

been cases where there's been residue

1573

00:57:52,870 --> 00:57:50,000

but uh

1574

00:57:54,630 --> 00:57:52,880

but you know more or less that's where

1575

00:57:55,990 --> 00:57:54,640

that's the one thing he learned over the

1576

00:57:58,630 --> 00:57:56,000

years that

1577

00:58:00,870 --> 00:57:58,640

it the intelligence lowers its risk

1578

00:58:03,510 --> 00:58:00,880

it's constantly adapting at the

1579

00:58:04,309 --> 00:58:03,520

intelligence uh it's working you out

1580

00:58:06,789 --> 00:58:04,319

there

1581

00:58:08,549 --> 00:58:06,799

and you just can't get ahead of it and

1582

00:58:10,710 --> 00:58:08,559

as you've seen on skinwalker there was a

1583

00:58:12,470 --> 00:58:10,720

gentleman there in their conference room

1584

00:58:14,069 --> 00:58:12,480

that told them in that one

1585

00:58:16,230 --> 00:58:14,079

you know episode and i loved that

1586

00:58:18,069 --> 00:58:16,240

episode where he said you people think

1587

00:58:20,470 --> 00:58:18,079

you're in control of this and you're on

1588

00:58:22,549 --> 00:58:20,480

top of it he said let me tell you it's

1589

00:58:25,750 --> 00:58:22,559

it's controlling you it's working you

1590

00:58:29,670 --> 00:58:25,760

yeah so uh and we that's exactly what we

1591

00:58:31,750 --> 00:58:29,680

found to be true have you found um any

1592

00:58:34,230 --> 00:58:31,760

like because i've asked this before but

1593

00:58:36,309 --> 00:58:34,240

to some other guests but like spiritual

1594

00:58:37,589 --> 00:58:36,319

people do they have a different effect

1595

00:58:40,390 --> 00:58:37,599

in that area

1596

00:58:43,190 --> 00:58:40,400

like are they more open receptive to

1597

00:58:45,349 --> 00:58:43,200

the weird phenomenon i i will tell you

1598

00:58:48,549 --> 00:58:45,359

that and this wasn't again in a realm

1599

00:58:50,789 --> 00:58:48,559

where ufologists if you go here

1600

00:58:51,589 --> 00:58:50,799

they'll throw rocks at you i know and uh

1601
00:58:54,390 --> 00:58:51,599
but

1602
00:58:55,829 --> 00:58:54,400
we experience things ourselves and

1603
00:58:57,510 --> 00:58:55,839
i will tell you that the older

1604
00:58:59,349 --> 00:58:57,520
individuals witnesses some of them

1605
00:59:00,230 --> 00:58:59,359
around marley

1606
00:59:01,510 --> 00:59:00,240
uh

1607
00:59:04,870 --> 00:59:01,520
the more

1608
00:59:06,630 --> 00:59:04,880
religious people some of them they and

1609
00:59:08,710 --> 00:59:06,640
most of the people for whatever reason

1610
00:59:10,710 --> 00:59:08,720
seem to have the knack

1611
00:59:12,309 --> 00:59:10,720
they can perceive this stuff before it's

1612
00:59:14,549 --> 00:59:12,319
going to start

1613
00:59:16,150 --> 00:59:14,559

now some of the older people

1614

00:59:18,390 --> 00:59:16,160

they'll go in their house they'll lock

1615

00:59:20,950 --> 00:59:18,400

the doors they'll pull the shades down

1616

00:59:23,030 --> 00:59:20,960

they view it as being demonic and they

1617

00:59:24,710 --> 00:59:23,040

won't go outside when they think this

1618

00:59:26,870 --> 00:59:24,720

stuff is going to start

1619

00:59:29,589 --> 00:59:26,880

now over the years there's other

1620

00:59:31,270 --> 00:59:29,599

individuals i will tell you in the area

1621

00:59:34,390 --> 00:59:31,280

back in the 20s

1622

00:59:36,470 --> 00:59:34,400

they used to go to this location with

1623

00:59:38,870 --> 00:59:36,480

picnic tables and folding chairs and use

1624

00:59:41,030 --> 00:59:38,880

it as a source of entertainment sometime

1625

00:59:43,510 --> 00:59:41,040

and watch the light bulbs and one

1626

00:59:45,430 --> 00:59:43,520

instant there one field they call it

1627

00:59:47,750 --> 00:59:45,440

the twinkle lights where the whole field

1628

00:59:50,549 --> 00:59:47,760

it looks like fireflies there's little

1629

00:59:52,710 --> 00:59:50,559

tiny lights come up from the ground and

1630

00:59:54,950 --> 00:59:52,720

cover the whole field and just blink all

1631

00:59:57,030 --> 00:59:54,960

night long and uh

1632

00:59:59,910 --> 00:59:57,040

so they used to use it some individuals

1633

01:00:02,230 --> 00:59:59,920

as entertainment but yes uh some

1634

01:00:03,349 --> 01:00:02,240

individuals have felt and it's affected

1635

01:00:05,109 --> 01:00:03,359

some people

1636

01:00:06,470 --> 01:00:05,119

there again um

1637

01:00:08,309 --> 01:00:06,480

in a

1638

01:00:11,109 --> 01:00:08,319

i would you know you can just

1639

01:00:13,349 --> 01:00:11,119

some aspects of it is we truly feel

1640

01:00:15,589 --> 01:00:13,359

it is evil and there is that

1641

01:00:17,510 --> 01:00:15,599

that presence at times

1642

01:00:18,470 --> 01:00:17,520

like you it's palpable like you can feel

1643

01:00:21,030 --> 01:00:18,480

it

1644

01:00:22,870 --> 01:00:21,040

yeah oh yeah okay yeah

1645

01:00:25,349 --> 01:00:22,880

yeah ben i will tell you

1646

01:00:26,950 --> 01:00:25,359

and they might i don't know how much

1647

01:00:28,789 --> 01:00:26,960

they want this to be known but ben and

1648

01:00:30,870 --> 01:00:28,799

melissa that were out there

1649

01:00:32,470 --> 01:00:30,880

uh and marley they got shook a couple

1650

01:00:34,470 --> 01:00:32,480

times and uh

1651
01:00:36,390 --> 01:00:34,480
in one instance where melissa was out

1652
01:00:37,829 --> 01:00:36,400
there we were out there filming and

1653
01:00:40,470 --> 01:00:37,839
and all of a sudden you know you have

1654
01:00:42,950 --> 01:00:40,480
all the insect noise and she you can see

1655
01:00:43,829 --> 01:00:42,960
this on the episode i mean all of a

1656
01:00:47,190 --> 01:00:43,839
sudden

1657
01:00:48,069 --> 01:00:47,200
and i have hearing problems myself

1658
01:00:50,549 --> 01:00:48,079
uh

1659
01:00:52,710 --> 01:00:50,559
and she was the first one to

1660
01:00:55,109 --> 01:00:52,720
key in on this i mean all of a sudden

1661
01:00:56,470 --> 01:00:55,119
from insect noise and your sounds of the

1662
01:00:58,069 --> 01:00:56,480
night and everything

1663
01:01:00,789 --> 01:00:58,079

it just went

1664

01:01:03,190 --> 01:01:00,799

dead silence i mean you could you could

1665

01:01:06,230 --> 01:01:03,200

almost hear yourself breathe yeah and

1666

01:01:08,870 --> 01:01:06,240

you could feel and i mean they were

1667

01:01:11,270 --> 01:01:08,880

actually shook up they felt this and

1668

01:01:12,309 --> 01:01:11,280

they were looking at each other and you

1669

01:01:14,789 --> 01:01:12,319

get to the point where you don't know

1670

01:01:16,230 --> 01:01:14,799

what's going to happen then you know

1671

01:01:19,510 --> 01:01:16,240

you're like we're going in for a ride

1672

01:01:20,470 --> 01:01:19,520

boys hang on grab your coats

1673

01:01:22,309 --> 01:01:20,480

yeah

1674

01:01:23,750 --> 01:01:22,319

uh louie do you have any final questions

1675

01:01:25,750 --> 01:01:23,760

for our guest today no i just want to

1676

01:01:27,589 --> 01:01:25,760

send a big thanks out to our guest today

1677

01:01:29,670 --> 01:01:27,599

thomas ferrario uh

1678

01:01:32,309 --> 01:01:29,680

cast member and host of the new show ufo

1679

01:01:34,069 --> 01:01:32,319

witness which we highly recommend um and

1680

01:01:36,470 --> 01:01:34,079

again thank you for your years and years

1681

01:01:38,470 --> 01:01:36,480

of dedication if it wasn't for guys like

1682

01:01:40,549 --> 01:01:38,480

you in this movement yeah you know 20

1683

01:01:42,950 --> 01:01:40,559

years ago it wouldn't have the kind of

1684

01:01:44,150 --> 01:01:42,960

momentum that it has now and continuing

1685

01:01:46,950 --> 01:01:44,160

forward you know the stuff you're

1686

01:01:47,910 --> 01:01:46,960

figuring out uh is helping us understand

1687

01:01:50,710 --> 01:01:47,920

how

1688

01:01:52,150 --> 01:01:50,720

crazy this phenomenon really is and the

1689

01:01:53,750 --> 01:01:52,160

fact that it really doesn't have a limit

1690

01:01:56,390 --> 01:01:53,760

you know it's not just limited to nuts

1691

01:01:59,029 --> 01:01:56,400

and bolts or lights it's at the quantum

1692

01:02:00,789 --> 01:01:59,039

level and uh yeah can you continue doing

1693

01:02:02,630 --> 01:02:00,799

what you're doing we really enjoy what

1694

01:02:04,630 --> 01:02:02,640

you guys are on to and uh we hope to

1695

01:02:06,870 --> 01:02:04,640
