

A black and white portrait of a middle-aged man with a receding hairline, wearing a dark suit jacket, a light-colored collared shirt, and a dark tie. He is looking directly at the camera with a slight smile. The background is black with some faint, glowing blue circuit-like patterns on the left and right sides.

18

00:01:07,670 --> 00:01:05,760

I'm super excited I can say this is a

19

00:01:11,810 --> 00:01:07,680

first for us in our show we have a

20

00:01:14,390 --> 00:01:11,820

former CIA spy legitimate CIA spy great

21

00:01:16,550 --> 00:01:14,400

guy as well and a Gentleman who also

22

00:01:18,649 --> 00:01:16,560

knows a lot about the field of uaps and

23

00:01:20,990 --> 00:01:18,659

has transitioned from one career into

24

00:01:22,910 --> 00:01:21,000

another I mean this gentleman had a

25

00:01:26,870 --> 00:01:22,920

25-year distinguished career within the

26

00:01:28,910 --> 00:01:26,880

CIA retired in 2007 he also worked with

27

00:01:30,590 --> 00:01:28,920

the National Clandestine Service I mean

28

00:01:33,230 --> 00:01:30,600

that says spy all over it you're a

29

00:01:35,030 --> 00:01:33,240

clandestine member and uh you know at

30

00:01:36,530 --> 00:01:35,040

the time of her retirement he was a

31

00:01:38,749 --> 00:01:36,540

member of the senior intelligence

32

00:01:41,450 --> 00:01:38,759

service he's held many senior management

33

00:01:43,969 --> 00:01:41,460

positions with at head office at CIA

34

00:01:46,490 --> 00:01:43,979

headquarters and also the recipient of

35

00:01:47,870 --> 00:01:46,500

the agency's career intelligence medal I

36

00:01:49,670 --> 00:01:47,880

could go on for hours but without

37

00:01:52,850 --> 00:01:49,680

further Ado we want to welcome the show

38

00:01:54,590 --> 00:01:52,860

Mr Jim semiven hello Lily hi hi Jason

39

00:01:56,690 --> 00:01:54,600

how are you thank you so much for having

40

00:01:58,370 --> 00:01:56,700

me on we're super happy to have you on

41

00:01:59,510 --> 00:01:58,380

we've been jacked about this for a

42

00:02:01,550 --> 00:01:59,520

couple of weeks since we know you've

43

00:02:04,190 --> 00:02:01,560

been here we usually don't release our

44

00:02:06,050 --> 00:02:04,200

coming soon episode until the week of uh

45

00:02:07,910 --> 00:02:06,060

but yeah I mean we have a small bubble

46

00:02:09,529 --> 00:02:07,920

of people that are into this thing and

47

00:02:11,270 --> 00:02:09,539

it's been Jason and I and maybe two

48

00:02:13,550 --> 00:02:11,280

other guys that are like oh my God we

49

00:02:15,410 --> 00:02:13,560

got Jim savy Van coming on the show most

50

00:02:18,350 --> 00:02:15,420

other people have no clue who we are or

51
00:02:19,490 --> 00:02:18,360
you are or anybody exactly exactly this

52
00:02:21,770 --> 00:02:19,500
show is for the people that are really

53
00:02:24,229 --> 00:02:21,780
into this subject as our viewers know

54
00:02:26,330 --> 00:02:24,239
we're very fact based and on point we

55
00:02:28,729 --> 00:02:26,340
look for credentials and they don't get

56
00:02:30,589 --> 00:02:28,739
any bigger or better than yours so yeah

57
00:02:32,570 --> 00:02:30,599
thank you yeah yeah so tell us a little

58
00:02:35,150 --> 00:02:32,580
bit about yourself uh and then sort of

59
00:02:36,589 --> 00:02:35,160
your career in the CIA and then we can

60
00:02:37,309 --> 00:02:36,599
transition into what you're working on

61
00:02:41,630 --> 00:02:37,319
today

62
00:02:45,110 --> 00:02:41,640
sure uh you know I'm pretty uh General

63
00:02:47,690 --> 00:02:45,120

existence I mean I was born in Ohio uh I

64

00:02:48,710 --> 00:02:47,700

was a paper boy an altar boy raised

65

00:02:51,290 --> 00:02:48,720

Catholic

66

00:02:53,270 --> 00:02:51,300

um uh but uh you know undergraduate at

67

00:02:54,890 --> 00:02:53,280

Ohio State University and then graduate

68

00:02:57,649 --> 00:02:54,900

school San Francisco State University

69

00:03:00,530 --> 00:02:57,659

where I majored in uh English literature

70

00:03:02,210 --> 00:03:00,540

with a concentration on uh British and

71

00:03:04,130 --> 00:03:02,220

American transcendentalism slash

72

00:03:07,190 --> 00:03:04,140

Romanticism

73

00:03:09,229 --> 00:03:07,200

um uh I worked all kinds of jobs

74

00:03:11,390 --> 00:03:09,239

restaurant industry bartending running

75

00:03:12,790 --> 00:03:11,400

restaurants things along those lines and

76

00:03:15,770 --> 00:03:12,800

then I I

77

00:03:19,750 --> 00:03:15,780

got involved uh with the CIA recruitment

78

00:03:23,149 --> 00:03:19,760

process while I was in San Francisco and

79

00:03:28,490 --> 00:03:23,159

moved to got accepted and then moved

80

00:03:30,350 --> 00:03:28,500

into uh the agency in 1982 uh

81

00:03:32,330 --> 00:03:30,360

subsequently about 10 months afterwards

82

00:03:35,570 --> 00:03:32,340

got married and then went over to my

83

00:03:37,970 --> 00:03:35,580

first assignment um in the Middle East

84

00:03:40,430 --> 00:03:37,980

um I spent a couple years there and then

85

00:03:43,430 --> 00:03:40,440

came back and then a variety of jobs uh

86

00:03:45,910 --> 00:03:43,440

uh both in the United States

87

00:03:49,009 --> 00:03:45,920

throughout the United States and um

88

00:03:51,649 --> 00:03:49,019

overseas my last assignment overseas

89
00:03:55,190 --> 00:03:51,659
assignment was uh was in Europe Western

90
00:03:59,089 --> 00:03:55,200
Europe and then I came back and got into

91
00:04:01,009 --> 00:03:59,099
the senior ranks of CIA and held

92
00:04:03,890 --> 00:04:01,019
positions there

93
00:04:07,009 --> 00:04:03,900
um uh and it wasn't it and I and I went

94
00:04:08,750 --> 00:04:07,019
back I retired in 2007 I took about nine

95
00:04:11,929 --> 00:04:08,760
ten months off went back for a year to

96
00:04:14,089 --> 00:04:11,939
work with the director of CIA on a on a

97
00:04:18,229 --> 00:04:14,099
project he had going on

98
00:04:20,270 --> 00:04:18,239
and then subsequently worked uh for 12

99
00:04:22,670 --> 00:04:20,280
more years after that as a private

100
00:04:25,730 --> 00:04:22,680
contractor an independent contractor

101
00:04:28,909 --> 00:04:25,740
working for our directorate of Science

102
00:04:32,510 --> 00:04:28,919
and Technology uh and then I think I

103
00:04:34,730 --> 00:04:32,520
left completely about three years ago I

104
00:04:36,770 --> 00:04:34,740
think I still hold my clearances

105
00:04:38,870 --> 00:04:36,780
um but I don't know I haven't shopped

106
00:04:41,210 --> 00:04:38,880
it's not that important anyway so uh to

107
00:04:42,830 --> 00:04:41,220
me at least not anymore but um and then

108
00:04:45,290 --> 00:04:42,840
I met Tom DeLong

109
00:04:47,210 --> 00:04:45,300
um in uh 2000

110
00:04:52,730 --> 00:04:47,220
the dates are a little squishy here for

111
00:04:55,490 --> 00:04:52,740
me I apologize uh 2015 maybe 2016

112
00:04:57,230 --> 00:04:55,500
um uh and Tom and I formed a company to

113
00:04:59,330 --> 00:04:57,240

the Stars Academy of Arts and Sciences

114

00:05:01,610 --> 00:04:59,340

which is now called to the Stars Inc

115

00:05:04,010 --> 00:05:01,620

through the Stars Incorporated we

116

00:05:06,890 --> 00:05:04,020

restructured about a year ago

117

00:05:09,290 --> 00:05:06,900

um and we went to the SEC we're a public

118

00:05:11,450 --> 00:05:09,300

benefit Corporation so

119

00:05:16,490 --> 00:05:11,460

um we have to give we do give you know

120

00:05:19,670 --> 00:05:16,500

10 15 of our any profits we make to

121

00:05:22,370 --> 00:05:19,680

um uh charitable organizations uh

122

00:05:25,070 --> 00:05:22,380

organizations that uh you know help

123

00:05:27,050 --> 00:05:25,080

other people things along those lines uh

124

00:05:28,790 --> 00:05:27,060

and hopefully in the future once our

125

00:05:31,370 --> 00:05:28,800

company kicks off we'll have more money

126

00:05:33,650 --> 00:05:31,380

to throw at the UAP phenomenon so

127

00:05:36,469 --> 00:05:33,660

uh and that's pretty much where I am now

128

00:05:38,870 --> 00:05:36,479

so what was the the reason for removing

129

00:05:42,170 --> 00:05:38,880

the academy from tsa

130

00:05:46,029 --> 00:05:42,180

we uh well you know we had when we first

131

00:05:49,249 --> 00:05:46,039

started to the stars um it was myself

132

00:05:52,010 --> 00:05:49,259

Tom hell put off and two other gentlemen

133

00:05:53,749 --> 00:05:52,020

who I will not name uh um they preferred

134

00:05:54,770 --> 00:05:53,759

not they're very well known you would

135

00:05:58,370 --> 00:05:54,780

know them

136

00:06:00,409 --> 00:05:58,380

uh and uh we were all having lunch in

137

00:06:03,230 --> 00:06:00,419

San Diego at a hotel

138

00:06:05,029 --> 00:06:03,240

and Tom suggested we all join him in

139

00:06:07,850 --> 00:06:05,039

this new organization he was

140

00:06:10,249 --> 00:06:07,860

putting together and

141

00:06:12,770 --> 00:06:10,259

um all of us pretty much declined uh

142

00:06:15,050 --> 00:06:12,780

initially and uh when we're interested

143

00:06:16,730 --> 00:06:15,060

and because he was mostly into

144

00:06:18,409 --> 00:06:16,740

entertainment doing things along those

145

00:06:21,890 --> 00:06:18,419

lines and uh

146

00:06:24,050 --> 00:06:21,900

uh so we uh and I we said no and he said

147

00:06:25,850 --> 00:06:24,060

what what would you what would make you

148

00:06:27,590 --> 00:06:25,860

what would entice you to start one with

149

00:06:30,409 --> 00:06:27,600

with me and

150

00:06:31,309 --> 00:06:30,419

so I I told him I said you know we're

151

00:06:32,809 --> 00:06:31,319

all pretty much interested in

152

00:06:34,370 --> 00:06:32,819

researching the phenomena we're not

153

00:06:37,249 --> 00:06:34,380

really interested in the other side the

154

00:06:39,110 --> 00:06:37,259

entertainment side all that much

155

00:06:41,330 --> 00:06:39,120

um and she said well what would it look

156

00:06:43,070 --> 00:06:41,340

like so I got a cocktail nap get and I

157

00:06:44,689 --> 00:06:43,080

sketched it out and we can do the

158

00:06:47,029 --> 00:06:44,699

entertainment side that's what's going

159

00:06:49,850 --> 00:06:47,039

to make the money if you know then we'll

160

00:06:52,189 --> 00:06:49,860

do a research side

161

00:06:54,170 --> 00:06:52,199

um and uh he agreed right right off the

162

00:06:55,610 --> 00:06:54,180

bat so uh the other two gentlemen had

163

00:06:57,170 --> 00:06:55,620

really truly had way too many

164

00:06:59,450 --> 00:06:57,180

commitments to get involved in this but

165

00:07:02,689 --> 00:06:59,460

Hal put off on myself immediately agreed

166

00:07:07,370 --> 00:07:02,699

and we formed the company uh but when we

167

00:07:09,230 --> 00:07:07,380

formed it um we had about 15 or 16 r d

168

00:07:11,510 --> 00:07:09,240

projects

169

00:07:13,670 --> 00:07:11,520

um that we were very excited about uh

170

00:07:16,490 --> 00:07:13,680

that we brought in

171

00:07:18,469 --> 00:07:16,500

um some of them um you know we had the I

172

00:07:21,230 --> 00:07:18,479

own the IP for another ones we didn't

173

00:07:22,370 --> 00:07:21,240

but nevertheless were able to use the

174

00:07:24,350 --> 00:07:22,380

technology

175

00:07:26,689 --> 00:07:24,360

um being the electron propulsion things

176

00:07:28,610 --> 00:07:26,699

along those lines uh space-time metric

177

00:07:30,710 --> 00:07:28,620

dealing with space-time metric

178

00:07:34,189 --> 00:07:30,720

but that required an enormous sum of

179

00:07:37,249 --> 00:07:34,199

money to do that and uh

180

00:07:38,930 --> 00:07:37,259

we uh I had some private funding lined

181

00:07:39,830 --> 00:07:38,940

up and as you know we're since we were

182

00:07:44,510 --> 00:07:39,840

uh

183

00:07:46,430 --> 00:07:44,520

had a lot of investors we had about 4

184

00:07:48,589 --> 00:07:46,440

000 investors now

185

00:07:50,270 --> 00:07:48,599

um but we were looking for they were

186

00:07:51,890 --> 00:07:50,280

small mom-and-pop investors which was

187

00:07:53,450 --> 00:07:51,900

fine that's what we wanted we wanted to

188

00:07:54,110 --> 00:07:53,460

have them there

189

00:07:57,110 --> 00:07:54,120

um

190

00:07:58,969 --> 00:07:57,120

but uh we had some uh pretty big time

191

00:08:01,029 --> 00:07:58,979

investors sort of lined up there and

192

00:08:03,830 --> 00:08:01,039

then all of a sudden the pandemic hit

193

00:08:06,409 --> 00:08:03,840

and uh I mean we had a crater with the

194

00:08:08,689 --> 00:08:06,419

Army uh to research some you know meta

195

00:08:10,129 --> 00:08:08,699

materials that we had and and everything

196

00:08:12,290 --> 00:08:10,139

just collapsed

197

00:08:14,150 --> 00:08:12,300

so uh luckily they had a marketing arm

198

00:08:16,189 --> 00:08:14,160

you know they sold t-shirts things lined

199

00:08:18,890 --> 00:08:16,199

us lines and that was doing reasonably

200

00:08:21,290 --> 00:08:18,900

well so we were able to stay afloat but

201
00:08:23,210 --> 00:08:21,300
a lot of our funding sort of disappeared

202
00:08:24,710 --> 00:08:23,220
um even the Army who was working with us

203
00:08:26,749 --> 00:08:24,720
at the time said look we can't even get

204
00:08:28,070 --> 00:08:26,759
people to come in and research this so

205
00:08:31,070 --> 00:08:28,080
everything was on hold for a couple

206
00:08:33,170 --> 00:08:31,080
years and then we decided look you know

207
00:08:35,930 --> 00:08:33,180
we're having a hard time

208
00:08:37,909 --> 00:08:35,940
trying to get money for some of the

209
00:08:39,350 --> 00:08:37,919
funding and the r d projects so we

210
00:08:41,990 --> 00:08:39,360
decided to actually put them on the back

211
00:08:43,969 --> 00:08:42,000
burner and said look why don't we just

212
00:08:46,730 --> 00:08:43,979
focus on what we're gonna we can make

213
00:08:48,710 --> 00:08:46,740

some money on for our investors uh and

214

00:08:50,990 --> 00:08:48,720

that's the entertainment side and then

215

00:08:52,610 --> 00:08:51,000

we will keep the r d side but once we

216

00:08:54,829 --> 00:08:52,620

get some money flowing in and if

217

00:08:56,870 --> 00:08:54,839

investors start coming in in a large way

218

00:08:58,550 --> 00:08:56,880

we can certainly go back to that I mean

219

00:08:59,870 --> 00:08:58,560

that's all it's all set up and ready to

220

00:09:03,050 --> 00:08:59,880

go it's just a question of getting the

221

00:09:04,910 --> 00:09:03,060

funds to do it so we we anticipated you

222

00:09:08,050 --> 00:09:04,920

know a lot more uh private investment

223

00:09:09,829 --> 00:09:08,060

from more more people but it is we've

224

00:09:11,329 --> 00:09:09,839

found out

225

00:09:13,790 --> 00:09:11,339

this is a sort of a niche Community

226

00:09:15,949 --> 00:09:13,800

isn't it I mean yeah it's not that big

227

00:09:16,850 --> 00:09:15,959

uh and a lot of people don't have a lot

228

00:09:19,370 --> 00:09:16,860

of money yeah it's totally

229

00:09:21,110 --> 00:09:19,380

understandable so you know our first our

230

00:09:22,430 --> 00:09:21,120

first goal is you know for the investors

231

00:09:23,930 --> 00:09:22,440

we don't want the investors to lose

232

00:09:25,430 --> 00:09:23,940

their money so you know we said okay

233

00:09:27,889 --> 00:09:25,440

we're going to stay afloat the best way

234

00:09:29,690 --> 00:09:27,899

we can and we're gonna have a goal as

235

00:09:32,030 --> 00:09:29,700

you know is is get a return on the

236

00:09:34,130 --> 00:09:32,040

dollar for our our investors here and

237

00:09:35,990 --> 00:09:34,140

also as important I think even to the

238

00:09:38,210 --> 00:09:36,000

investors is figuring out what the hell

239

00:09:40,070 --> 00:09:38,220

this phenomenon is and uh so we're

240

00:09:41,810 --> 00:09:40,080

working on that so we recently signed

241

00:09:44,329 --> 00:09:41,820

the deal with legendary pictures you

242

00:09:45,230 --> 00:09:44,339

know the ones who just did Dune nice uh

243

00:09:47,930 --> 00:09:45,240

they're going to take the secret

244

00:09:51,050 --> 00:09:47,940

machines fiction Trilogy and hopefully

245

00:09:51,889 --> 00:09:51,060

turn it into a television series or a

246

00:09:54,170 --> 00:09:51,899

movie

247

00:09:57,829 --> 00:09:54,180

um so they have a two-year option I

248

00:10:00,530 --> 00:09:57,839

think on that uh we sold uh just

249

00:10:03,170 --> 00:10:00,540

recently a an animated series has

250

00:10:04,790 --> 00:10:03,180

nothing to do with UAP uh it was one of

251
00:10:06,110 --> 00:10:04,800
these ideas Tom and this other guy came

252
00:10:08,449 --> 00:10:06,120
up I thought was really crazy it's

253
00:10:10,730 --> 00:10:08,459
called breaking bear about some bears

254
00:10:12,670 --> 00:10:10,740
who become drug lords you know sort of

255
00:10:15,410 --> 00:10:12,680
like break take off on Breaking Bad

256
00:10:17,090 --> 00:10:15,420
purchased by Toby a streaming service

257
00:10:19,310 --> 00:10:17,100
and then we have about a dozen other

258
00:10:22,310 --> 00:10:19,320
entertainment projects all lined up and

259
00:10:24,889 --> 00:10:22,320
we have writers and uh screenplays are

260
00:10:26,690 --> 00:10:24,899
being done and uh so we're real excited

261
00:10:29,090 --> 00:10:26,700
about that hopefully in the near future

262
00:10:30,829 --> 00:10:29,100
we'll have some more stuff and so that's

263
00:10:32,990 --> 00:10:30,839

why we decided to change the name to the

264

00:10:34,910 --> 00:10:33,000

star saying it just was we wanted to get

265

00:10:36,530 --> 00:10:34,920

rid of the Academy of Arts and Sciences

266

00:10:38,449 --> 00:10:36,540

it's a science part to sort of downplay

267

00:10:42,050 --> 00:10:38,459

that for the time being although it's

268

00:10:44,090 --> 00:10:42,060

not going anywhere so that's sort of up

269

00:10:46,430 --> 00:10:44,100

to date what we've been up to so what

270

00:10:48,290 --> 00:10:46,440

got you into the whole field of uaps I

271

00:10:50,509 --> 00:10:48,300

mean I'm sure many people in the CIA

272

00:10:52,490 --> 00:10:50,519

probably don't speak about that openly

273

00:10:54,650 --> 00:10:52,500

if they're into that sort of thing so

274

00:10:57,170 --> 00:10:54,660

did you have an experience or you know

275

00:10:59,509 --> 00:10:57,180

what got you from a you know a staunch

276

00:11:01,069 --> 00:10:59,519

guy with lots of credentials to want to

277

00:11:02,449 --> 00:11:01,079

come forward and say yeah I'm into this

278

00:11:04,310 --> 00:11:02,459

and I think we should look at it a

279

00:11:07,250 --> 00:11:04,320

little deeper

280

00:11:09,170 --> 00:11:07,260

that's a good question I I um uh I think

281

00:11:12,410 --> 00:11:09,180

as I explained before on a couple other

282

00:11:14,090 --> 00:11:12,420

podcasts I always had a deep interest in

283

00:11:17,269 --> 00:11:14,100

the esoteric

284

00:11:20,210 --> 00:11:17,279

uh my older brother who passed away

285

00:11:21,710 --> 00:11:20,220

recently was a big influence on my life

286

00:11:24,829 --> 00:11:21,720

and

287

00:11:26,990 --> 00:11:24,839

I uh uh I got very interested in uh

288

00:11:29,949 --> 00:11:27,000

Western mysticism and then later on

289

00:11:32,150 --> 00:11:29,959

Eastern mysticism and then Romanticism

290

00:11:34,490 --> 00:11:32,160

uh uh

291

00:11:37,730 --> 00:11:34,500

the German Romanticism actually at the

292

00:11:42,829 --> 00:11:37,740

time and and uh uh started studying

293

00:11:46,610 --> 00:11:45,170

Western Mystery Schools Greek Mystery

294

00:11:49,850 --> 00:11:46,620

Schools Roman Mystery Schools things

295

00:11:52,069 --> 00:11:49,860

along those lines but around 92 we're

296

00:11:54,230 --> 00:11:52,079

not my wife and I are 100 sure the exact

297

00:11:56,509 --> 00:11:54,240

day but it's probably around 91.92 we

298

00:11:57,710 --> 00:11:56,519

had a an experience

299

00:12:01,750 --> 00:11:57,720

um

300

00:12:04,310 --> 00:12:01,760

uh that happened to us and I I don't

301
00:12:07,069 --> 00:12:04,320
really talk about it in any great detail

302
00:12:09,710 --> 00:12:07,079
I did a full presentation on it at a at

303
00:12:13,430 --> 00:12:09,720
a stink tank think tank with a

304
00:12:15,590 --> 00:12:13,440
a group of Scholars about six months ago

305
00:12:18,590 --> 00:12:15,600
and we all were sharing it uh sharing

306
00:12:20,629 --> 00:12:18,600
our experiences together but um I'm not

307
00:12:22,310 --> 00:12:20,639
ready to talk about it I don't call it

308
00:12:24,889 --> 00:12:22,320
an abduction experience I just call it

309
00:12:26,930 --> 00:12:24,899
really what it is I think is is an

310
00:12:32,030 --> 00:12:26,940
experience I don't I don't know what it

311
00:12:34,190 --> 00:12:32,040
is uh so that got me uh more interested

312
00:12:38,629 --> 00:12:34,200
in uaps

313
00:12:40,550 --> 00:12:38,639

and this whole concept around it uh a

314

00:12:43,550 --> 00:12:40,560

friend of mine at work found out about

315

00:12:46,370 --> 00:12:43,560

what happened to me and my wife and uh

316

00:12:49,670 --> 00:12:46,380

recommended books by Jacques valet

317

00:12:50,930 --> 00:12:49,680

I read those uh and then it wasn't until

318

00:12:54,410 --> 00:12:50,940

20

319

00:12:56,210 --> 00:12:54,420

14 that I ran into

320

00:12:57,650 --> 00:12:56,220

um uh

321

00:13:00,230 --> 00:12:57,660

uh this is sort of the shortened version

322

00:13:01,850 --> 00:13:00,240

of John Alexander yeah who's just a

323

00:13:05,449 --> 00:13:01,860

wonderful man

324

00:13:08,150 --> 00:13:05,459

um uh and he was uh he was sort of

325

00:13:10,910 --> 00:13:08,160

a tip before atip okay he was the guy

326

00:13:11,629 --> 00:13:10,920

right he's a wonderful guy and his dear

327

00:13:13,970 --> 00:13:11,639

friend

328

00:13:15,590 --> 00:13:13,980

and uh I ran into him my wife and I ran

329

00:13:18,470 --> 00:13:15,600

into him at an energy conference a

330

00:13:21,889 --> 00:13:18,480

healing energy conference up in New York

331

00:13:24,650 --> 00:13:21,899

and we became friends and he

332

00:13:27,769 --> 00:13:24,660

uh

333

00:13:29,870 --> 00:13:27,779

we we had some material from The

334

00:13:32,509 --> 00:13:29,880

Experience he came down to our house he

335

00:13:35,930 --> 00:13:32,519

interviewed my wife and myself and

336

00:13:37,670 --> 00:13:35,940

um took it back to a DARPA lab and um

337

00:13:39,170 --> 00:13:37,680

the and the experience in the videotape

338

00:13:41,269 --> 00:13:39,180

and then

339

00:13:43,189 --> 00:13:41,279

a couple weeks later

340

00:13:45,350 --> 00:13:43,199

um that's when sort of all hell broke

341

00:13:47,329 --> 00:13:45,360

loose we you know Jacques delay came out

342

00:13:49,250 --> 00:13:47,339

to my house and you know and spent the

343

00:13:51,350 --> 00:13:49,260

day with us it's just oh wow truly

344

00:13:56,090 --> 00:13:51,360

wonderful man and

345

00:13:58,009 --> 00:13:56,100

uh and then uh we then we had um people

346

00:13:59,629 --> 00:13:58,019

come over to our house and uh like I

347

00:14:00,590 --> 00:13:59,639

said these these people now are very

348

00:14:03,470 --> 00:14:00,600

well known

349

00:14:05,930 --> 00:14:03,480

in the community and uh took blood

350

00:14:08,269 --> 00:14:05,940

samples and things along those lines

351
00:14:11,629 --> 00:14:08,279
took our medical records and I happen to

352
00:14:14,449 --> 00:14:11,639
have kept them all and and then um and

353
00:14:16,930 --> 00:14:14,459
then not too long after that

354
00:14:20,509 --> 00:14:16,940
um I had uh briefings

355
00:14:22,610 --> 00:14:20,519
uh on the classified level uh by again

356
00:14:25,550 --> 00:14:22,620
people that you would you would know

357
00:14:27,069 --> 00:14:25,560
um at CIA

358
00:14:31,370 --> 00:14:27,079
and that

359
00:14:35,210 --> 00:14:31,380
uh sort of took me from being a sort of

360
00:14:36,530 --> 00:14:35,220
a amateur investigator you know I've

361
00:14:39,470 --> 00:14:36,540
never been an investigator I take that

362
00:14:42,470 --> 00:14:39,480
back this is an amateur uh Enthusiast

363
00:14:46,250 --> 00:14:42,480

yeah and and uh that sort of changed

364

00:14:51,009 --> 00:14:46,260

everything so uh and that's uh when I

365

00:14:55,210 --> 00:14:51,019

became uh uh convinced

366

00:14:59,810 --> 00:14:55,220

uh that um they're totally 110 percent

367

00:15:01,670 --> 00:14:59,820

uh convinced and assured that what uh

368

00:15:04,490 --> 00:15:01,680

not what I had experienced but what was

369

00:15:05,569 --> 00:15:04,500

being experienced uh by other people and

370

00:15:08,990 --> 00:15:05,579

particularly

371

00:15:10,910 --> 00:15:09,000

uh by the military was real it was very

372

00:15:13,009 --> 00:15:10,920

real and uh

373

00:15:16,009 --> 00:15:13,019

and then at that point

374

00:15:17,269 --> 00:15:16,019

um I was introduced to Lou Elizondo at

375

00:15:20,210 --> 00:15:17,279

the Pentagon

376

00:15:20,990 --> 00:15:20,220

uh met with him numerous times and his

377

00:15:25,069 --> 00:15:21,000

staff

378

00:15:28,129 --> 00:15:25,079

uh to discuss this uh and uh and then

379

00:15:29,930 --> 00:15:28,139

one thing led to another and um

380

00:15:32,090 --> 00:15:29,940

you know to my surprise when they lose

381

00:15:34,790 --> 00:15:32,100

that you know I I'm gonna I'm gonna

382

00:15:37,310 --> 00:15:34,800

resign and and um so I quickly

383

00:15:41,810 --> 00:15:37,320

introduced him to Tom and then Lou

384

00:15:42,889 --> 00:15:41,820

joined uh PTSA as did Chris melon who

385

00:15:45,410 --> 00:15:42,899

came sort of

386

00:15:46,790 --> 00:15:45,420

Tom hit I think I called Chris and asked

387

00:15:50,030 --> 00:15:46,800

him some questions and Chris joined up

388

00:15:53,810 --> 00:15:50,040

and then Steve Justice did from uh uh

389

00:15:57,710 --> 00:15:53,820

you know uh from the uh you know from

390

00:16:00,110 --> 00:15:57,720

Lucky Skunk Works and uh so it it all

391

00:16:02,269 --> 00:16:00,120

happened very quickly uh and uh we

392

00:16:05,030 --> 00:16:02,279

decided we were going to do that and Lou

393

00:16:05,749 --> 00:16:05,040

was able to get the um the three films

394

00:16:08,090 --> 00:16:05,759

um

395

00:16:11,150 --> 00:16:08,100

three film clips Declassified

396

00:16:12,829 --> 00:16:11,160

uh or Uncle yeah yeah Declassified and

397

00:16:15,170 --> 00:16:12,839

um so a lot of the data that was

398

00:16:17,689 --> 00:16:15,180

associated with it was taken away uh the

399

00:16:19,009 --> 00:16:17,699

top secret stuff was taken away uh and

400

00:16:20,329 --> 00:16:19,019

you were left with what you were left

401
00:16:24,170 --> 00:16:20,339
with there were shortened versions of

402
00:16:26,629 --> 00:16:24,180
the video but um and then afterwards

403
00:16:30,230 --> 00:16:26,639
everything sort of went forward with

404
00:16:33,949 --> 00:16:30,240
Congress I sort of started doing the

405
00:16:37,730 --> 00:16:33,959
briefings at uh CIA

406
00:16:40,129 --> 00:16:37,740
and dni and other places to let them

407
00:16:44,090 --> 00:16:40,139
know we were going public with this and

408
00:16:45,290 --> 00:16:44,100
uh that was met rather well uh by all

409
00:16:46,670 --> 00:16:45,300
concerned I mean I said we're not going

410
00:16:48,249 --> 00:16:46,680
to let any classified information out

411
00:16:50,689 --> 00:16:48,259
the door I said but at the same time

412
00:16:52,790 --> 00:16:50,699
this doesn't belong to the government it

413
00:16:55,610 --> 00:16:52,800

didn't belong to any government and

414

00:16:56,930 --> 00:16:55,620

and so we're we have to go private so

415

00:16:58,850 --> 00:16:56,940

they they were fine you know keep us

416

00:17:01,430 --> 00:16:58,860

posted so we have we still have links

417

00:17:02,810 --> 00:17:01,440

you know with them and I still have

418

00:17:05,630 --> 00:17:02,820

links with the task force and stuff

419

00:17:07,429 --> 00:17:05,640

along those lines um as does Lou and

420

00:17:09,289 --> 00:17:07,439

Chris so

421

00:17:11,809 --> 00:17:09,299

um and that sort of

422

00:17:13,429 --> 00:17:11,819

where we ended up and that's where I am

423

00:17:16,909 --> 00:17:13,439

today I don't I don't take a very

424

00:17:18,529 --> 00:17:16,919

prominent role I chose not to uh it may

425

00:17:20,409 --> 00:17:18,539

change it may not change actually I'm

426

00:17:23,630 --> 00:17:20,419

thinking of pulling back a little bit

427

00:17:25,250 --> 00:17:23,640

uh I I'm not I don't like being

428

00:17:28,069 --> 00:17:25,260

front and center and I think I've said

429

00:17:30,590 --> 00:17:28,079

all I really want to say I don't know I

430

00:17:32,870 --> 00:17:30,600

I I apologize in a way I hope I don't

431

00:17:35,450 --> 00:17:32,880

end up I'm going to end up repeating

432

00:17:37,250 --> 00:17:35,460

myself in a lot of this stuff uh with

433

00:17:40,090 --> 00:17:37,260

you guys but it's mostly been said

434

00:17:43,190 --> 00:17:40,100

before but that's sort of where I am now

435

00:17:44,630 --> 00:17:43,200

very very long-winded I apologize I want

436

00:17:46,610 --> 00:17:44,640

to ask you on the three videos because

437

00:17:48,470 --> 00:17:46,620

we've had people say well we don't know

438

00:17:50,210 --> 00:17:48,480

if that was the only footage was there

439

00:17:52,669 --> 00:17:50,220

more was there enhanced footage we had

440

00:17:54,770 --> 00:17:52,679

Sean Cahill on the show and he was the

441

00:17:57,289 --> 00:17:54,780

master sergeant of arms of the USS

442

00:17:59,210 --> 00:17:57,299

Princeton that got the footage he's also

443

00:18:01,070 --> 00:17:59,220

a very good friend of Lou Elizondo and

444

00:18:04,730 --> 00:18:01,080

he had said I I've seen a higher

445

00:18:06,350 --> 00:18:04,740

definition version than you have so you

446

00:18:08,570 --> 00:18:06,360

kind of touched on that there that you

447

00:18:10,669 --> 00:18:08,580

know it's a an edited version so there

448

00:18:12,230 --> 00:18:10,679

is a larger clip with more detail to

449

00:18:14,630 --> 00:18:12,240

those three videos that we all know so

450

00:18:17,570 --> 00:18:14,640

well yeah yeah and there are many many

451
00:18:19,909 --> 00:18:17,580
more videos as uh as Lewis pointed out I

452
00:18:21,890 --> 00:18:19,919
think numerous times and those videos

453
00:18:23,810 --> 00:18:21,900
many of those videos plus other

454
00:18:27,409 --> 00:18:23,820
information were presented to Congress

455
00:18:32,510 --> 00:18:27,419
yeah and I I think I think Congress was

456
00:18:36,230 --> 00:18:32,520
uh really taken aback when they saw this

457
00:18:38,450 --> 00:18:36,240
I was uh and uh I mean it was it was

458
00:18:40,070 --> 00:18:38,460
very apparent

459
00:18:41,510 --> 00:18:40,080
um that um

460
00:18:44,510 --> 00:18:41,520
that

461
00:18:46,310 --> 00:18:44,520
we're we're not alone and there is

462
00:18:47,330 --> 00:18:46,320
something else out there

463
00:18:52,070 --> 00:18:47,340

now

464

00:18:54,230 --> 00:18:52,080

was

465

00:18:56,510 --> 00:18:54,240

said by I think I don't know if jock

466

00:18:59,630 --> 00:18:56,520

said this or Ted Holliday said this in

467

00:19:01,070 --> 00:18:59,640

the goblin universe but it was a quote

468

00:19:03,590 --> 00:19:01,080

something along the lines of you know

469

00:19:04,970 --> 00:19:03,600

the the there's plenty of evidence right

470

00:19:06,890 --> 00:19:04,980

pointing to this

471

00:19:08,810 --> 00:19:06,900

uh the problem is there isn't a theory

472

00:19:10,370 --> 00:19:08,820

to explain the evidence so you know

473

00:19:13,190 --> 00:19:10,380

that's sort of where we are with this

474

00:19:14,210 --> 00:19:13,200

right now I alluded to this once uh you

475

00:19:17,270 --> 00:19:14,220

know I was saying that there's no

476

00:19:19,970 --> 00:19:17,280

they're there there's no ontology uh

477

00:19:23,390 --> 00:19:19,980

there's no place we can go to and say oh

478

00:19:24,289 --> 00:19:23,400

it fits into this we think uh it may fit

479

00:19:27,710 --> 00:19:24,299

into

480

00:19:28,909 --> 00:19:27,720

as Lou you know mentioned before that I

481

00:19:30,890 --> 00:19:28,919

had asked him once I said what do you

482

00:19:32,570 --> 00:19:30,900

think this Falls and he said probably in

483

00:19:33,230 --> 00:19:32,580

the Nexus between

484

00:19:37,250 --> 00:19:33,240

um

485

00:19:39,590 --> 00:19:37,260

somehow in there you might begin to find

486

00:19:42,529 --> 00:19:39,600

an explanation yeah and I think he's

487

00:19:44,150 --> 00:19:42,539

probably correct in that um but you know

488

00:19:46,850 --> 00:19:44,160

a lot of people are studying it now so

489

00:19:50,710 --> 00:19:46,860

uh you know hopefully we'll we'll

490

00:19:53,510 --> 00:19:50,720

start finding more um uh uh

491

00:19:56,870 --> 00:19:53,520

signals in the noise so to speak

492

00:19:59,570 --> 00:19:56,880

but yeah yeah Sean Sean is correct

493

00:20:01,310 --> 00:19:59,580

um about that yeah I like the idea from

494

00:20:03,830 --> 00:20:01,320

one of your partners Hal put off it's

495

00:20:05,570 --> 00:20:03,840

sort of the ultra terrestrial so as you

496

00:20:08,510 --> 00:20:05,580

mentioned like we all have theories but

497

00:20:10,730 --> 00:20:08,520

there's no real set of rules to test and

498

00:20:12,649 --> 00:20:10,740

measure and you know see if it can stand

499

00:20:14,210 --> 00:20:12,659

on its own two legs so the

500

00:20:16,549 --> 00:20:14,220

ultra-terrestrial just kind of

501
00:20:20,210 --> 00:20:16,559
encompasses everything maybe it's not

502
00:20:21,950 --> 00:20:20,220
aliens or interdimensional beings or you

503
00:20:23,270 --> 00:20:21,960
know cryptage or something else maybe

504
00:20:24,890 --> 00:20:23,280
it's a little bit of everything and

505
00:20:27,049 --> 00:20:24,900
they're all coexisting or they're all

506
00:20:28,610 --> 00:20:27,059
somehow interrelated and as you

507
00:20:30,049 --> 00:20:28,620
mentioned quantum mechanics you know the

508
00:20:32,149 --> 00:20:30,059
deeper you go down the rabbit hole on

509
00:20:33,890 --> 00:20:32,159
this thing even Career Pros like George

510
00:20:36,409 --> 00:20:33,900
Knapp have been doing this like 30 years

511
00:20:38,210 --> 00:20:36,419
they used to be nuts and bolts UFO guys

512
00:20:40,029 --> 00:20:38,220
and now they're like there's a lot more

513
00:20:42,529 --> 00:20:40,039

to this you know they had some weird

514

00:20:44,990 --> 00:20:42,539

hitchhiker effects they called them from

515

00:20:46,010 --> 00:20:45,000

Skinwalker Ranch orbs and you know

516

00:20:47,990 --> 00:20:46,020

things they brought home with their

517

00:20:49,370 --> 00:20:48,000

family and their wives saw it and and

518

00:20:50,930 --> 00:20:49,380

they don't even want to talk about it

519

00:20:53,149 --> 00:20:50,940

themselves and you'd think as

520

00:20:55,610 --> 00:20:53,159

enthusiasts they'd be dying to tell the

521

00:20:58,190 --> 00:20:55,620

story but when weird stuff happens it's

522

00:20:59,870 --> 00:20:58,200

real and it's not a joke and both Jason

523

00:21:01,789 --> 00:20:59,880

and myself have had some weird things

524

00:21:04,370 --> 00:21:01,799

happen you know we weren't abducted by

525

00:21:06,289 --> 00:21:04,380

Little Green Men but enough to know that

526

00:21:08,690 --> 00:21:06,299

there's more going on than we fully

527

00:21:10,909 --> 00:21:08,700

understand so yeah yeah and that's a

528

00:21:13,070 --> 00:21:10,919

really good point uh Louis the you know

529

00:21:14,810 --> 00:21:13,080

you have to sort of

530

00:21:16,730 --> 00:21:14,820

sort of stand back a little bit I mean

531

00:21:18,950 --> 00:21:16,740

I'd like to thank you know guys like

532

00:21:21,710 --> 00:21:18,960

George you can call him Kelleher and Bob

533

00:21:23,330 --> 00:21:21,720

Bigelow Eric Davis you know John

534

00:21:24,649 --> 00:21:23,340

Alexander these are the guys that were

535

00:21:25,970 --> 00:21:24,659

initially involved with mids you know

536

00:21:29,210 --> 00:21:25,980

National Institute for Discovery Science

537

00:21:31,430 --> 00:21:29,220

and then later on the bass program uh

538

00:21:34,970 --> 00:21:31,440

and uh who were working for Dia at the

539

00:21:37,370 --> 00:21:34,980

time and um the they were the ones I I

540

00:21:40,669 --> 00:21:37,380

think in the end basically came out and

541

00:21:42,470 --> 00:21:40,679

solidified this idea that it's not just

542

00:21:44,930 --> 00:21:42,480

about nuts and bolts that there's a lot

543

00:21:47,210 --> 00:21:44,940

more associated with it and you'll you

544

00:21:48,470 --> 00:21:47,220

see that in in the gillibrand amendment

545

00:21:50,690 --> 00:21:48,480

you know to the National Defense

546

00:21:53,510 --> 00:21:50,700

Security Act uh

547

00:21:55,310 --> 00:21:53,520

um and 22 but they were talking about

548

00:21:58,130 --> 00:21:55,320

you know um

549

00:21:59,570 --> 00:21:58,140

biological psychological effects of this

550

00:22:01,909 --> 00:21:59,580

and it just isn't all nuts involved

551
00:22:03,710 --> 00:22:01,919
there's a lot more to it so Jim lakasky

552
00:22:05,690 --> 00:22:03,720
who originally ran the atip program

553
00:22:09,049 --> 00:22:05,700
these are the guys I think are the the

554
00:22:12,110 --> 00:22:09,059
Pioneers you know nap the catsky Bigelow

555
00:22:14,570 --> 00:22:12,120
you know Davis these guys are uh you

556
00:22:16,130 --> 00:22:14,580
know Hal John Alexander these are the

557
00:22:20,450 --> 00:22:16,140
guys that pretty much set everything up

558
00:22:24,049 --> 00:22:20,460
for what I called the real totality of

559
00:22:26,810 --> 00:22:24,059
of the phenomenon and uh of course guys

560
00:22:29,630 --> 00:22:26,820
like me you know uh who were sort of

561
00:22:30,890 --> 00:22:29,640
briefed on some of this beforehand and

562
00:22:32,029 --> 00:22:30,900
it's surprisingly a lot of the stuff

563
00:22:34,149 --> 00:22:32,039

that was briefed to me than the

564

00:22:36,409 --> 00:22:34,159

classified technique is now unclassified

565

00:22:38,090 --> 00:22:36,419

and it's being talked about out there

566

00:22:39,289 --> 00:22:38,100

holy cow well okay you know that that's

567

00:22:41,990 --> 00:22:39,299

fine

568

00:22:44,330 --> 00:22:42,000

um uh but yeah I mean it's uh it's a

569

00:22:45,770 --> 00:22:44,340

very very strange phenomenon and uh I I

570

00:22:48,409 --> 00:22:45,780

wish to hell

571

00:22:49,909 --> 00:22:48,419

I knew where to go with it I I um I

572

00:22:52,549 --> 00:22:49,919

don't I mean there are many times I I

573

00:22:55,210 --> 00:22:52,559

want to walk away and because I just I

574

00:22:57,350 --> 00:22:55,220

just don't know where to turn I mean I

575

00:22:59,210 --> 00:22:57,360

but there's always a fascinating new

576

00:23:01,669 --> 00:22:59,220

book that comes out yeah

577

00:23:04,250 --> 00:23:01,679

and uh then yes what was it that fellow

578

00:23:06,770 --> 00:23:04,260

as his name Masters or yeah Michael Paul

579

00:23:09,049 --> 00:23:06,780

Masters yeah when I was on a few weeks

580

00:23:11,029 --> 00:23:09,059

ago we had him on our show yeah yeah

581

00:23:12,890 --> 00:23:11,039

great guy what a wonderful book I just

582

00:23:16,070 --> 00:23:12,900

heard him on Coast to Coast uh not too

583

00:23:17,870 --> 00:23:16,080

long ago and uh uh I think I connected

584

00:23:20,630 --> 00:23:17,880

with him once on LinkedIn or someplace

585

00:23:24,409 --> 00:23:20,640

and uh uh absolutely fascinating guy

586

00:23:26,149 --> 00:23:24,419

yeah he's an anthropologist yeah he's

587

00:23:27,950 --> 00:23:26,159

used to looking at bones and you know

588

00:23:30,830 --> 00:23:27,960

dinosaurs and things like that so

589

00:23:32,630 --> 00:23:30,840

there's not too many old age guys that

590

00:23:33,890 --> 00:23:32,640

are really interested in the new age I

591

00:23:35,510 --> 00:23:33,900

mean some of them want to connect the

592

00:23:37,970 --> 00:23:35,520

dots and imply that everything was

593

00:23:40,010 --> 00:23:37,980

aliens but you know there's popular TV

594

00:23:41,870 --> 00:23:40,020

programming based on that exact uh

595

00:23:44,870 --> 00:23:41,880

premise you know but it was interesting

596

00:23:47,750 --> 00:23:44,880

to get his I his take on it as a

597

00:23:50,090 --> 00:23:47,760

scientist a doctor essentially and he

598

00:23:51,710 --> 00:23:50,100

basically said that if you take what we

599

00:23:53,510 --> 00:23:51,720

used to look like fast forward to what

600

00:23:56,210 --> 00:23:53,520

we look like now and then keep that

601
00:23:58,370 --> 00:23:56,220
going eventually our heads continue to

602
00:24:00,649 --> 00:23:58,380
grow our arms you know we're not hunting

603
00:24:03,590 --> 00:24:00,659
for food and Ford anymore so we lose our

604
00:24:05,090 --> 00:24:03,600
muscle mass our Jaws are shrinking maybe

605
00:24:06,950 --> 00:24:05,100
that causes some type of an eye

606
00:24:09,289 --> 00:24:06,960
protrusion because of the big head and

607
00:24:11,870 --> 00:24:09,299
the small jaw he theorized we're

608
00:24:14,230 --> 00:24:11,880
basically gray aliens in a million years

609
00:24:17,210 --> 00:24:14,240
anyway if you just follow the Natural

610
00:24:19,430 --> 00:24:17,220
Evolution of things so very interesting

611
00:24:21,470 --> 00:24:19,440
perspective what was his uh is it Ultra

612
00:24:23,830 --> 00:24:21,480
tempestrial is what he said extra

613
00:24:26,990 --> 00:24:23,840

temperature

614

00:24:28,789 --> 00:24:27,000

travelers from the future yeah just come

615

00:24:30,470 --> 00:24:28,799

back to harvest genetic material or

616

00:24:32,149 --> 00:24:30,480

something else that we're not sure about

617

00:24:35,690 --> 00:24:32,159

but this is what's really important

618

00:24:38,090 --> 00:24:35,700

about this about this subject area is is

619

00:24:41,450 --> 00:24:38,100

getting new and interesting theories in

620

00:24:43,549 --> 00:24:41,460

here to discuss them all I know

621

00:24:44,990 --> 00:24:43,559

um you know the the task force and

622

00:24:47,330 --> 00:24:45,000

there's not just one there's probably a

623

00:24:49,549 --> 00:24:47,340

couple tasks for us and and um because I

624

00:24:51,230 --> 00:24:49,559

mean anytime there's money to be had by

625

00:24:53,330 --> 00:24:51,240

Congress trust me everybody wants to

626

00:24:56,029 --> 00:24:53,340

start a task force

627

00:24:57,590 --> 00:24:56,039

um you know I think most of them because

628

00:24:59,510 --> 00:24:57,600

it and this is the one of the reasons

629

00:25:01,909 --> 00:24:59,520

why we really wanted to go private is

630

00:25:02,450 --> 00:25:01,919

why TTS was started

631

00:25:05,330 --> 00:25:02,460

um

632

00:25:07,190 --> 00:25:05,340

because it was just we knew that the

633

00:25:08,630 --> 00:25:07,200

government was really focusing on one

634

00:25:10,310 --> 00:25:08,640

thing and asked National Defense that's

635

00:25:12,049 --> 00:25:10,320

what it's supposed to be doing that's

636

00:25:15,110 --> 00:25:12,059

what the intelligence Community does so

637

00:25:17,750 --> 00:25:15,120

what happens is um everybody's you know

638

00:25:18,769 --> 00:25:17,760

gets very high expectations at all isn't

639

00:25:20,810 --> 00:25:18,779

this great you know we're going to get

640

00:25:22,430 --> 00:25:20,820

Congress is going to get all these these

641

00:25:25,850 --> 00:25:22,440

reports you know from the military and

642

00:25:26,870 --> 00:25:25,860

from the IC talking about no no I mean

643

00:25:28,190 --> 00:25:26,880

they're going to get something but

644

00:25:29,750 --> 00:25:28,200

they're not going to get they're not

645

00:25:32,210 --> 00:25:29,760

going to get the Family Jewels here and

646

00:25:34,610 --> 00:25:32,220

and and because

647

00:25:38,510 --> 00:25:34,620

if they deem it to be a national

648

00:25:40,130 --> 00:25:38,520

security issue and believe me it is uh a

649

00:25:42,769 --> 00:25:40,140

lot of it is

650

00:25:44,390 --> 00:25:42,779

um and and has nothing to do by the way

651
00:25:47,269 --> 00:25:44,400
it just has everything to do with other

652
00:25:48,890 --> 00:25:47,279
countries not not just right just us I

653
00:25:50,630 --> 00:25:48,900
mean you know if I don't think the

654
00:25:52,490 --> 00:25:50,640
government knows a damn thing about what

655
00:25:55,130 --> 00:25:52,500
the phenomenon is the honest with you I

656
00:25:56,930 --> 00:25:55,140
just don't I I don't I haven't seen yeah

657
00:25:58,190 --> 00:25:56,940
I often said that I don't think that

658
00:26:00,230 --> 00:25:58,200
they know exactly what they're doing

659
00:26:01,610 --> 00:26:00,240
yeah but they are focusing on the nuts

660
00:26:03,590 --> 00:26:01,620
and bolts and man you know when they

661
00:26:07,010 --> 00:26:03,600
have been focusing on you know for years

662
00:26:09,470 --> 00:26:07,020
decades on the Paranormal stuff you know

663
00:26:10,930 --> 00:26:09,480

you know and and uh and then I'm sure

664

00:26:13,730 --> 00:26:10,940

they're still doing that

665

00:26:15,409 --> 00:26:13,740

uh but I I don't think they've come to

666

00:26:19,130 --> 00:26:15,419

any kind of conclusions

667

00:26:22,610 --> 00:26:19,140

um I was uh you know I was at CIA when

668

00:26:26,870 --> 00:26:22,620

when uh I was up on the seventh floor

669

00:26:29,510 --> 00:26:26,880

uh I was a Special Assistant uh to uh

670

00:26:31,669 --> 00:26:29,520

the deputy director of operations at the

671

00:26:35,510 --> 00:26:31,679

time when the

672

00:26:37,490 --> 00:26:35,520

uh remote viewing program was canceled

673

00:26:39,289 --> 00:26:37,500

and I remember

674

00:26:40,430 --> 00:26:39,299

reading about the remote viewing program

675

00:26:42,110 --> 00:26:40,440

and knowing a little bit of what it was

676

00:26:44,149 --> 00:26:42,120

about and I remember talking to the

677

00:26:45,890 --> 00:26:44,159

fellow that ran the program he was a

678

00:26:47,750 --> 00:26:45,900

very senior guy there and he became a

679

00:26:49,669 --> 00:26:47,760

friend of mine and and I asked him I

680

00:26:50,990 --> 00:26:49,679

said what the hell did you guys why did

681

00:26:55,130 --> 00:26:51,000

you cancel that

682

00:26:57,289 --> 00:26:55,140

and he said he said we we couldn't use

683

00:27:00,110 --> 00:26:57,299

it in an intelligence assessment so in

684

00:27:03,049 --> 00:27:00,120

other words it's the same problem you

685

00:27:05,330 --> 00:27:03,059

know it's it's plenty of evidence to

686

00:27:08,390 --> 00:27:05,340

prove that it works and it did work and

687

00:27:10,549 --> 00:27:08,400

very successfully worked uh probably she

688

00:27:13,130 --> 00:27:10,559

couldn't you couldn't you couldn't

689

00:27:15,110 --> 00:27:13,140

explain it and as he pointed out to me

690

00:27:16,789 --> 00:27:15,120

he said if you tried to use that in an

691

00:27:18,110 --> 00:27:16,799

intelligence assessment and say you took

692

00:27:20,029 --> 00:27:18,120

it to the president

693

00:27:21,889 --> 00:27:20,039

say the Russians were developing you

694

00:27:24,830 --> 00:27:21,899

know a new missile a new submarine or

695

00:27:28,370 --> 00:27:24,840

new new radar facility and somebody you

696

00:27:29,870 --> 00:27:28,380

know went in uh and and you know got a

697

00:27:31,430 --> 00:27:29,880

glimpse of what it was and maybe even

698

00:27:33,470 --> 00:27:31,440

went into the files and all this kind of

699

00:27:36,049 --> 00:27:33,480

stuff and had all this great information

700

00:27:38,090 --> 00:27:36,059

and then you even corroborated that to a

701
00:27:40,370 --> 00:27:38,100
certain extent

702
00:27:43,250 --> 00:27:40,380
if the president asked you

703
00:27:46,070 --> 00:27:43,260
uh where did you get this information

704
00:27:48,230 --> 00:27:46,080
and you say well some

705
00:27:51,950 --> 00:27:48,240
some guy or some woman went out on their

706
00:27:54,110 --> 00:27:51,960
silver cord and you know they they just

707
00:27:55,850 --> 00:27:54,120
popped into this place and took a

708
00:27:57,590 --> 00:27:55,860
picture with their Mind's Eye and came

709
00:28:00,649 --> 00:27:57,600
back and described it to us

710
00:28:02,450 --> 00:28:00,659
and that's not gonna fly uh and that's

711
00:28:04,310 --> 00:28:02,460
not going to fly with anybody and so I

712
00:28:06,230 --> 00:28:04,320
think they realize that

713
00:28:07,970 --> 00:28:06,240

I don't think it went away I think it's

714

00:28:12,250 --> 00:28:07,980

still being looked at

715

00:28:14,510 --> 00:28:12,260

um simply because it it works

716

00:28:16,430 --> 00:28:14,520

everybody does it well but then there

717

00:28:18,110 --> 00:28:16,440

are some people like Ingo Swann and Joe

718

00:28:21,230 --> 00:28:18,120

McGonagall and some of these other ones

719

00:28:25,250 --> 00:28:21,240

who are just absolutely amazing at it

720

00:28:26,810 --> 00:28:25,260

and uh so yeah I mean these old programs

721

00:28:28,190 --> 00:28:26,820

you know it's

722

00:28:29,750 --> 00:28:28,200

they they look like they've gone away

723

00:28:32,029 --> 00:28:29,760

but most of the time they're not because

724

00:28:33,529 --> 00:28:32,039

you can't afford to lose sight of those

725

00:28:35,389 --> 00:28:33,539

particularly if you know that your

726

00:28:37,970 --> 00:28:35,399

adversaries are are still investigating

727

00:28:40,850 --> 00:28:37,980

this you can't allow them to get one up

728

00:28:44,630 --> 00:28:40,860

on you so Jim one of the questions that

729

00:28:46,130 --> 00:28:44,640

I I asked a couple of guests is and I'm

730

00:28:48,049 --> 00:28:46,140

really interested in finding out what

731

00:28:49,310 --> 00:28:48,059

you think of this but

732

00:28:50,930 --> 00:28:49,320

um you know we've got these new

733

00:28:52,250 --> 00:28:50,940

committees these new groups that are

734

00:28:53,990 --> 00:28:52,260

supposed to be investigating whenever

735

00:28:55,669 --> 00:28:54,000

something happens you know they show up

736

00:28:57,769 --> 00:28:55,679

and they'll do their thing

737

00:28:59,330 --> 00:28:57,779

are they still competing against the

738

00:29:01,070 --> 00:28:59,340

organizations that were sort of

739

00:29:02,690 --> 00:29:01,080

clandestine at the time because you know

740

00:29:04,310 --> 00:29:02,700

when you hear about the the tick tock

741

00:29:06,529 --> 00:29:04,320

incidents and stuff like that you're

742

00:29:08,510 --> 00:29:06,539

saying that within 20 minutes uh two

743

00:29:10,789 --> 00:29:08,520

civilian looking guys show up in a

744

00:29:12,950 --> 00:29:10,799

helicopter take the the tapes and then

745

00:29:15,289 --> 00:29:12,960

you know take off

746

00:29:16,549 --> 00:29:15,299

are they going to be basically butting

747

00:29:18,710 --> 00:29:16,559

heads with this or you know

748

00:29:20,269 --> 00:29:18,720

organizations or they sort of you think

749

00:29:22,310 --> 00:29:20,279

are going to step back and allow

750

00:29:25,190 --> 00:29:22,320

Congress to you know end their own

751

00:29:28,130 --> 00:29:25,200

organization their own uh in

752

00:29:29,510 --> 00:29:28,140

basically research to take over or you

753

00:29:32,470 --> 00:29:29,520

think you're still going to have some

754

00:29:36,230 --> 00:29:32,480

some issues there

755

00:29:38,630 --> 00:29:36,240

I only let me explain it this way

756

00:29:42,289 --> 00:29:38,640

in 1947

757

00:29:43,490 --> 00:29:42,299

and again in 1952 but in 47 the Air

758

00:29:45,649 --> 00:29:43,500

Force

759

00:29:48,470 --> 00:29:45,659

made it very very clear

760

00:29:50,149 --> 00:29:48,480

that UFOs were real

761

00:29:52,370 --> 00:29:50,159

and that there was something there that

762

00:29:55,370 --> 00:29:52,380

they couldn't explain and they also said

763

00:29:57,950 --> 00:29:55,380

we're going to study this okay now in

764

00:29:59,750 --> 00:29:57,960

1952 CIA came out and said the same

765

00:30:02,630 --> 00:29:59,760

thing the DCI the director of Central

766

00:30:03,950 --> 00:30:02,640

Intelligence came out and said look we

767

00:30:05,750 --> 00:30:03,960

can't explain it we don't think this is

768

00:30:08,389 --> 00:30:05,760

a national security threat at all but

769

00:30:10,130 --> 00:30:08,399

clearly something's something's amiss

770

00:30:14,029 --> 00:30:10,140

there's something out there that we

771

00:30:16,850 --> 00:30:14,039

can't explain now the CIA was formed uh

772

00:30:18,350 --> 00:30:16,860

in 1947 because they didn't want to know

773

00:30:20,870 --> 00:30:18,360

nobody the United States did not want

774

00:30:23,510 --> 00:30:20,880

another Pearl Harbor so the cia's

775

00:30:25,430 --> 00:30:23,520

charter basically states that they're

776

00:30:27,950 --> 00:30:25,440

they are supposed to lead the

777

00:30:30,529 --> 00:30:27,960

intelligence community and figuring out

778

00:30:32,690 --> 00:30:30,539

you know very serious problems in other

779

00:30:34,750 --> 00:30:32,700

words you you know whether they're if

780

00:30:36,950 --> 00:30:34,760

they're even have a remote

781

00:30:38,389 --> 00:30:36,960

truthfulness about it that's what

782

00:30:40,130 --> 00:30:38,399

they're supposed to do now they can

783

00:30:41,630 --> 00:30:40,140

devote a million dollars to it and they

784

00:30:44,570 --> 00:30:41,640

can afford 100 million dollars to it it

785

00:30:47,090 --> 00:30:44,580

all depends but I I'm assuming here and

786

00:30:48,950 --> 00:30:47,100

I'm not gonna you know get into

787

00:30:52,010 --> 00:30:48,960

any more details

788

00:30:54,769 --> 00:30:52,020

that it would have been

789

00:30:56,930 --> 00:30:54,779

it would have been highly unlikely or it

790

00:30:58,909 --> 00:30:56,940

well it is highly unlikely that I am at

791

00:31:01,669 --> 00:30:58,919

the air force of the CIA

792

00:31:03,889 --> 00:31:01,679

have not had

793

00:31:04,850 --> 00:31:03,899

programs going on for the last 70 or 80

794

00:31:06,409 --> 00:31:04,860

years

795

00:31:08,930 --> 00:31:06,419

so

796

00:31:11,149 --> 00:31:08,940

let's just posit that for a second

797

00:31:12,769 --> 00:31:11,159

uh because it would make no sense to me

798

00:31:14,690 --> 00:31:12,779

otherwise particularly if they knew the

799

00:31:16,490 --> 00:31:14,700

Russians had one now we all know the

800

00:31:20,149 --> 00:31:16,500

Russians did George Knapp came out you

801

00:31:22,909 --> 00:31:20,159

know in 1991 with red three right and uh

802

00:31:24,529 --> 00:31:22,919

and those were legitimate documents yeah

803

00:31:25,909 --> 00:31:24,539

he smuggled him out of Russia so he

804

00:31:28,250 --> 00:31:25,919

knows they're real because he got the

805

00:31:30,169 --> 00:31:28,260

bloody documents right yeah he got it

806

00:31:31,789 --> 00:31:30,179

from the KGB he's never really did I

807

00:31:33,350 --> 00:31:31,799

don't think discussed the complete story

808

00:31:35,269 --> 00:31:33,360

on that I would love to hear it someday

809

00:31:36,769 --> 00:31:35,279

he did on our show he basically told us

810

00:31:39,110 --> 00:31:36,779

the whole thing how he went there and

811

00:31:41,029 --> 00:31:39,120

started bringing him back and he made a

812

00:31:43,310 --> 00:31:41,039

few trips and they he gave it all over

813

00:31:46,250 --> 00:31:43,320

to the government and they contacted him

814

00:31:47,509 --> 00:31:46,260

after his first book uh I think it had

815

00:31:50,210 --> 00:31:47,519

to do with Skin Walkers or something

816

00:31:51,830 --> 00:31:50,220

like that but ever since that he uh he

817

00:31:54,350 --> 00:31:51,840

had been feeding them what he was able

818

00:31:57,529 --> 00:31:54,360

to to scrounge up himself and this is

819

00:31:59,210 --> 00:31:57,539

pre-911 so it's not as big an Espionage

820

00:32:01,370 --> 00:31:59,220

thing as it would be today to do the

821

00:32:04,610 --> 00:32:01,380

same thing you know but exactly exactly

822

00:32:07,610 --> 00:32:04,620

uh but but when you look at examples

823

00:32:09,909 --> 00:32:07,620

like that you know it it's like uh in

824

00:32:12,950 --> 00:32:09,919

you know in uh the the realm of

825

00:32:14,690 --> 00:32:12,960

parapsychology or you know or this you

826

00:32:17,509 --> 00:32:14,700

know psychic phenomena

827

00:32:20,210 --> 00:32:17,519

if you knew that the Russians were

828

00:32:22,669 --> 00:32:20,220

working on psychokinesis or telepathy in

829

00:32:24,230 --> 00:32:22,679

some form and you knew that they're

830

00:32:26,090 --> 00:32:24,240

doing it solely because they want to

831

00:32:28,909 --> 00:32:26,100

weaponize it in some form you know is

832

00:32:31,789 --> 00:32:28,919

the reason why MK Ultra was was there in

833

00:32:34,909 --> 00:32:31,799

CIA in the 60s and 70s you know how

834

00:32:36,470 --> 00:32:34,919

could we how can we use psycho uh uh you

835

00:32:39,889 --> 00:32:36,480

know psychedelics to basically control

836

00:32:42,350 --> 00:32:39,899

the human mind and or can we do that uh

837

00:32:44,750 --> 00:32:42,360

and I think it was resoundingly uh

838

00:32:48,710 --> 00:32:44,760

proven that you really can't

839

00:32:51,889 --> 00:32:48,720

um uh and it was an awful awful thing uh

840

00:32:54,769 --> 00:32:51,899

and so glad it went away but uh it

841

00:32:57,289 --> 00:32:54,779

wasn't the cia's finest Hour for by any

842

00:32:59,750 --> 00:32:57,299

stretch of the imagination and um but

843

00:33:00,889 --> 00:32:59,760

you can't ignore that you you don't

844

00:33:01,730 --> 00:33:00,899

ignore that

845

00:33:05,930 --> 00:33:01,740

um

846

00:33:08,330 --> 00:33:05,940

if you know

847

00:33:11,029 --> 00:33:08,340

that an adversary has a weapon system

848

00:33:12,529 --> 00:33:11,039

and you know pretty much you steal the

849

00:33:14,570 --> 00:33:12,539

information for the weapon system now

850

00:33:15,950 --> 00:33:14,580

you know what it is so you can develop

851
00:33:18,470 --> 00:33:15,960
countermeasures

852
00:33:20,029 --> 00:33:18,480
so they find out that you stole that now

853
00:33:21,590 --> 00:33:20,039
they do have countermeasures to your

854
00:33:23,930 --> 00:33:21,600
counter measures now you have to steal

855
00:33:27,649 --> 00:33:23,940
that and this is this is how this is how

856
00:33:30,169 --> 00:33:27,659
this works and it never ends it goes on

857
00:33:30,830 --> 00:33:30,179
like this all the time so imagine you

858
00:33:34,130 --> 00:33:30,840
know

859
00:33:36,350 --> 00:33:34,140
UFO activity uh particularly over uh

860
00:33:38,110 --> 00:33:36,360
sensitive nuclear sites

861
00:33:41,269 --> 00:33:38,120
the you know

862
00:33:43,549 --> 00:33:41,279
despite what what was said in the 50s

863
00:33:45,409 --> 00:33:43,559

60s and 70s by the Air Force and the

864

00:33:47,750 --> 00:33:45,419

intelligence Community about UFOs and

865

00:33:50,870 --> 00:33:47,760

what the terrible the thing you know

866

00:33:52,669 --> 00:33:50,880

that the uh DOD I think in the IC did

867

00:33:54,289 --> 00:33:52,679

the people who witnessed this and

868

00:33:57,830 --> 00:33:54,299

basically made them look like idiots and

869

00:33:59,149 --> 00:33:57,840

fools that was an awful thing uh and uh

870

00:34:01,610 --> 00:33:59,159

because these people were telling the

871

00:34:03,049 --> 00:34:01,620

truth yeah and and then and they and the

872

00:34:05,930 --> 00:34:03,059

military knew it was the truth

873

00:34:07,970 --> 00:34:05,940

absolutely no it was the truth uh but

874

00:34:10,909 --> 00:34:07,980

they were they were afraid they were

875

00:34:13,250 --> 00:34:10,919

afraid to to draw any attention to it

876

00:34:15,649 --> 00:34:13,260

whatsoever they did not want the Air

877

00:34:16,849 --> 00:34:15,659

Force did not want nor the CIA one and

878

00:34:19,069 --> 00:34:16,859

they'd come out and said this we didn't

879

00:34:20,690 --> 00:34:19,079

want any attention we didn't want people

880

00:34:22,430 --> 00:34:20,700

to get all excited about this because we

881

00:34:24,109 --> 00:34:22,440

didn't know how to answer it this goes

882

00:34:25,490 --> 00:34:24,119

back to the you know the idea of UFOs

883

00:34:27,950 --> 00:34:25,500

and sovereignty that wonderful paper

884

00:34:28,909 --> 00:34:27,960

that was written by Alexander went and I

885

00:34:31,069 --> 00:34:28,919

can't remember the other fellow's name

886

00:34:33,230 --> 00:34:31,079

and from Ohio State

887

00:34:35,149 --> 00:34:33,240

it's uh you know if you haven't read it

888

00:34:37,430 --> 00:34:35,159

it's it's well worth reading and uh

889

00:34:39,530 --> 00:34:37,440

because what do you do if you're the

890

00:34:40,970 --> 00:34:39,540

president of the United States uh or the

891

00:34:43,609 --> 00:34:40,980

chairman of the Joint Chiefs of Staff

892

00:34:45,409 --> 00:34:43,619

and your main goal is the protection of

893

00:34:47,149 --> 00:34:45,419

the people of the United States and

894

00:34:48,950 --> 00:34:47,159

someone comes up to you and you have

895

00:34:50,990 --> 00:34:48,960

information that basically you can't

896

00:34:53,750 --> 00:34:51,000

explain yes there are things in this

897

00:34:57,170 --> 00:34:53,760

world or of this world or around this

898

00:34:59,569 --> 00:34:57,180

world that can interfere you know with

899

00:35:02,270 --> 00:34:59,579

our one of the try I can interfere with

900

00:35:05,270 --> 00:35:02,280

all three parts of the Triad you know of

901
00:35:08,329 --> 00:35:05,280
nuclear defense and can shut it down at

902
00:35:10,190 --> 00:35:08,339
will and or you know show up at these

903
00:35:13,849 --> 00:35:10,200
places at will and we can't do anything

904
00:35:17,690 --> 00:35:13,859
about it yeah you can't defend

905
00:35:19,670 --> 00:35:17,700
the people so is the president supposed

906
00:35:22,250 --> 00:35:19,680
to come out and actually admit that yeah

907
00:35:25,730 --> 00:35:22,260
uh and I think there was a lot of

908
00:35:28,849 --> 00:35:25,740
discussion that was going on in the 60s

909
00:35:31,849 --> 00:35:28,859
up until probably the 90s and if not

910
00:35:34,490 --> 00:35:31,859
later uh on this topic what do you say

911
00:35:35,870 --> 00:35:34,500
what do you say to the public about this

912
00:35:37,970 --> 00:35:35,880
and um

913
00:35:40,069 --> 00:35:37,980

yeah go ahead yeah I was gonna say it's

914

00:35:42,950 --> 00:35:40,079

interesting because you know here we are

915

00:35:45,109 --> 00:35:42,960

on you know the civilians thinking what

916

00:35:47,390 --> 00:35:45,119

does the CIA know about this what does

917

00:35:49,250 --> 00:35:47,400

the the you know Department of Defense

918

00:35:50,990 --> 00:35:49,260

know about this and you guys are

919

00:35:53,630 --> 00:35:51,000

experiencers as well I mean you

920

00:35:56,990 --> 00:35:53,640

experienced something while you were

921

00:35:59,870 --> 00:35:57,000

and that hired by yeah you were with the

922

00:36:02,690 --> 00:35:59,880

CIA and you experienced something and

923

00:36:04,250 --> 00:36:02,700

that to me is is huge that is uh you

924

00:36:05,569 --> 00:36:04,260

know part of the disclosure as far as

925

00:36:08,630 --> 00:36:05,579

I'm concerned is people from the

926

00:36:11,329 --> 00:36:08,640

military and the uh interior defense you

927

00:36:13,250 --> 00:36:11,339

know CIA coming out and saying you know

928

00:36:15,530 --> 00:36:13,260

what yeah this stuff happens to us too

929

00:36:17,870 --> 00:36:15,540

we don't know how to handle this

930

00:36:20,030 --> 00:36:17,880

um a mutual friend of ours once I asked

931

00:36:21,470 --> 00:36:20,040

him is said you know is there really a

932

00:36:23,750 --> 00:36:21,480

threat narrative here

933

00:36:26,329 --> 00:36:23,760

because we've talked to people that have

934

00:36:27,829 --> 00:36:26,339

had experiences with these entities and

935

00:36:30,589 --> 00:36:27,839

they seem quite

936

00:36:32,450 --> 00:36:30,599

happy with the results of the experience

937

00:36:34,790 --> 00:36:32,460

or they got tucked in back into bed

938

00:36:36,470 --> 00:36:34,800

While others have a more traumatic

939

00:36:39,109 --> 00:36:36,480

experience

940

00:36:41,450 --> 00:36:39,119

um but when it comes down to it you know

941

00:36:42,829 --> 00:36:41,460

people are take being taken at night and

942

00:36:44,690 --> 00:36:42,839

there's you know there's nothing really

943

00:36:47,390 --> 00:36:44,700

or during the day depends on the

944

00:36:49,250 --> 00:36:47,400

scenario and story you hear but there's

945

00:36:51,410 --> 00:36:49,260

nothing really that anybody can do about

946

00:36:53,089 --> 00:36:51,420

it like you can't send Jets out to

947

00:36:55,849 --> 00:36:53,099

intercept you can't even pick them up on

948

00:36:57,710 --> 00:36:55,859

radar do you think there's a threat

949

00:37:00,109 --> 00:36:57,720

narrative to this like from your

950

00:37:00,650 --> 00:37:00,119

experience

951
00:37:03,170 --> 00:37:00,660
um

952
00:37:05,690 --> 00:37:03,180
I I you know this is one of the hits

953
00:37:06,650 --> 00:37:05,700
that tsa took very early on that we

954
00:37:09,589 --> 00:37:06,660
were

955
00:37:12,829 --> 00:37:09,599
somehow propounding this theory that um

956
00:37:14,930 --> 00:37:12,839
you know that this that the um the

957
00:37:17,210 --> 00:37:14,940
phenomenon itself or uaps in the

958
00:37:18,650 --> 00:37:17,220
self-worth threat and we really weren't

959
00:37:20,810 --> 00:37:18,660
saying that at all what we were saying

960
00:37:23,690 --> 00:37:20,820
and we still continue to say and I I

961
00:37:26,210 --> 00:37:23,700
still continue to believe is that as a

962
00:37:27,829 --> 00:37:26,220
national security issue we have to view

963
00:37:29,390 --> 00:37:27,839

it as a threat until we understand what

964

00:37:31,130 --> 00:37:29,400

it is

965

00:37:34,010 --> 00:37:31,140

um or we have to view it as a Potential

966

00:37:37,069 --> 00:37:34,020

Threat until we know what it is now is

967

00:37:38,870 --> 00:37:37,079

it a threat an existential threat no I I

968

00:37:41,510 --> 00:37:38,880

I I don't think so at all it's been

969

00:37:43,670 --> 00:37:41,520

around for over 2 000 years in recorded

970

00:37:44,750 --> 00:37:43,680

history nothing's nothing too serious

971

00:37:46,430 --> 00:37:44,760

have happened I mean people have gone

972

00:37:47,329 --> 00:37:46,440

missing

973

00:37:49,250 --> 00:37:47,339

um

974

00:37:50,930 --> 00:37:49,260

people have gotten sick

975

00:37:53,569 --> 00:37:50,940

you know I was part of it I still am

976
00:37:56,569 --> 00:37:53,579
part of a cohort group uh you know and

977
00:37:57,349 --> 00:37:56,579
started five or six years ago

978
00:37:59,089 --> 00:37:57,359
um

979
00:38:01,609 --> 00:37:59,099
actually a little bit longer than that

980
00:38:03,710 --> 00:38:01,619
uh we're studying the effects

981
00:38:05,870 --> 00:38:03,720
of people's experiences with the

982
00:38:07,730 --> 00:38:05,880
phenomenon and it was mostly relegated

983
00:38:10,190 --> 00:38:07,740
to senior

984
00:38:12,170 --> 00:38:10,200
please government officials I don't want

985
00:38:14,750 --> 00:38:12,180
to get too much detail about this a lot

986
00:38:18,109 --> 00:38:14,760
of it is HIPAA restricted and um but I

987
00:38:20,089 --> 00:38:18,119
saw the saw the uh

988
00:38:21,710 --> 00:38:20,099

PowerPoints on this and what happens to

989

00:38:23,329 --> 00:38:21,720

people that run into this this was

990

00:38:25,010 --> 00:38:23,339

talked about in the skinwalker books

991

00:38:28,490 --> 00:38:25,020

quite a bit

992

00:38:31,069 --> 00:38:28,500

um and so people do do get harmed uh by

993

00:38:32,630 --> 00:38:31,079

it I I viewed what happened to me and my

994

00:38:34,849 --> 00:38:32,640

wife as a um

995

00:38:38,770 --> 00:38:34,859

uh human rights violation of the highest

996

00:38:42,410 --> 00:38:38,780

order uh you know if it it hurt my wife

997

00:38:43,910 --> 00:38:42,420

and um it did physical I mean didn't do

998

00:38:46,849 --> 00:38:43,920

physical damage well I had physical

999

00:38:48,589 --> 00:38:46,859

damage but I I didn't seem to affect me

1000

00:38:49,870 --> 00:38:48,599

I mean you know um over the long term I

1001

00:38:54,230 --> 00:38:49,880

was I was fine

1002

00:38:55,130 --> 00:38:54,240

uh uh according to well as far as I know

1003

00:38:57,109 --> 00:38:55,140

um

1004

00:39:00,410 --> 00:38:57,119

uh but nevertheless

1005

00:39:04,250 --> 00:39:01,130

um

1006

00:39:07,010 --> 00:39:04,260

any uh you know special knowledge uh I

1007

00:39:10,010 --> 00:39:07,020

didn't become a nicer Kinder person I

1008

00:39:13,069 --> 00:39:10,020

always had it very open Outlook so to me

1009

00:39:16,190 --> 00:39:13,079

I was sort of mad and I still am to you

1010

00:39:18,770 --> 00:39:16,200

know to a little act to a greater extent

1011

00:39:21,530 --> 00:39:18,780

the hell are you doing you know what the

1012

00:39:23,390 --> 00:39:21,540

hell did I do what did I do to you and

1013

00:39:27,530 --> 00:39:23,400

and why did you do that why did you harm

1014

00:39:29,750 --> 00:39:27,540

harm my wife and uh you know and I I

1015

00:39:32,329 --> 00:39:29,760

have I don't have a satisfas satisfaction

1016

00:39:33,770 --> 00:39:32,339

satisfactory explanation for that uh now

1017

00:39:35,390 --> 00:39:33,780

you got one of my dear friends Chris

1018

00:39:36,770 --> 00:39:35,400

Bledsoe and I always mentioned him

1019

00:39:39,770 --> 00:39:36,780

because I just think he's about as the

1020

00:39:41,630 --> 00:39:39,780

real deal as you can possibly get

1021

00:39:43,790 --> 00:39:41,640

um you know met him numerous times her

1022

00:39:47,930 --> 00:39:43,800

his story in great detail

1023

00:39:51,230 --> 00:39:47,940

and here is the almost the the opposite

1024

00:39:52,310 --> 00:39:51,240

of my experience extremely terrifying

1025

00:39:54,710 --> 00:39:52,320

for him

1026
00:39:55,670 --> 00:39:54,720
and his son in the beginning and the

1027
00:39:56,810 --> 00:39:55,680
people that were with him in the

1028
00:39:59,690 --> 00:39:56,820
beginning

1029
00:40:01,970 --> 00:39:59,700
took an enormous toll on him both him

1030
00:40:03,410 --> 00:40:01,980
and his family and his wonderful family

1031
00:40:06,290 --> 00:40:03,420
I mean you

1032
00:40:07,970 --> 00:40:06,300
really if you had to describe the

1033
00:40:10,309 --> 00:40:07,980
quintessential loving family that's the

1034
00:40:11,270 --> 00:40:10,319
Bledsoe family they are just wonderful

1035
00:40:14,569 --> 00:40:11,280
people

1036
00:40:16,910 --> 00:40:14,579
and you look at him and what he went

1037
00:40:19,190 --> 00:40:16,920
through and then how this has turned out

1038
00:40:20,750 --> 00:40:19,200

for him is is

1039

00:40:25,130 --> 00:40:20,760

um really

1040

00:40:27,710 --> 00:40:25,140

wonderful he you know he's he's a Healer

1041

00:40:30,770 --> 00:40:27,720

um he has a completely rejiggered view

1042

00:40:32,990 --> 00:40:30,780

of reality and spirituality and

1043

00:40:34,970 --> 00:40:33,000

um um and he said if he ever talk to him

1044

00:40:37,609 --> 00:40:34,980

he's just uh just a wonderful wonderful

1045

00:40:39,710 --> 00:40:37,619

loving compassionate kind man and it

1046

00:40:41,150 --> 00:40:39,720

really did change him it changed him he

1047

00:40:42,170 --> 00:40:41,160

thinks too for the better I don't know

1048

00:40:43,609 --> 00:40:42,180

if he could have gotten any better than

1049

00:40:46,370 --> 00:40:43,619

he was before because he was always that

1050

00:40:47,990 --> 00:40:46,380

way people who knew him but nevertheless

1051

00:40:49,490 --> 00:40:48,000

um he he had also a physical

1052

00:40:52,010 --> 00:40:49,500

rejuvenation

1053

00:40:53,870 --> 00:40:52,020

yeah Crohn's disease and he got cured of

1054

00:40:55,010 --> 00:40:53,880

that uh that doesn't mean he's going to

1055

00:40:56,690 --> 00:40:55,020

live forever and he doesn't have other

1056

00:40:58,190 --> 00:40:56,700

uh you know other physical issues but

1057

00:41:00,950 --> 00:40:58,200

nevertheless

1058

00:41:03,170 --> 00:41:00,960

so I I don't know I mean you know it's

1059

00:41:05,750 --> 00:41:03,180

when you talk to George you know and

1060

00:41:07,490 --> 00:41:05,760

calm Kelleher and you know and Bigelow

1061

00:41:09,589 --> 00:41:07,500

and these guys and

1062

00:41:12,470 --> 00:41:09,599

and even and Lou will tell you too I

1063

00:41:16,510 --> 00:41:12,480

mean you have it's if you go looking for

1064

00:41:18,890 --> 00:41:16,520

it and you walk into it's it's

1065

00:41:20,750 --> 00:41:18,900

Lair you know or wherever the hell it's

1066

00:41:24,770 --> 00:41:20,760

there

1067

00:41:26,569 --> 00:41:24,780

but if you're walking into it you're

1068

00:41:28,550 --> 00:41:26,579

gonna get harmed and this is what the

1069

00:41:30,710 --> 00:41:28,560

problem with the hitchhiker effect is

1070

00:41:33,890 --> 00:41:30,720

so I mean I look at that and you look at

1071

00:41:35,569 --> 00:41:33,900

Axelrod you know the guy Axelrod I I

1072

00:41:37,970 --> 00:41:35,579

he's a great guy and I know him very

1073

00:41:40,490 --> 00:41:39,470

but you know you look at what it did to

1074

00:41:43,730 --> 00:41:40,500

his family

1075

00:41:46,250 --> 00:41:43,740

and uh a lot of it's been publicized

1076

00:41:48,470 --> 00:41:46,260

that a lot of it hasn't either

1077

00:41:50,030 --> 00:41:48,480

and um he

1078

00:41:51,710 --> 00:41:50,040

um I mean scaring his children with the

1079

00:41:53,569 --> 00:41:51,720

you know the tall wolf you know on the

1080

00:41:56,270 --> 00:41:53,579

hind legs and all this kind of stuff and

1081

00:42:00,349 --> 00:41:56,280

it's don't see I mean what I see there

1082

00:42:02,630 --> 00:42:00,359

is that is that that you know

1083

00:42:05,390 --> 00:42:02,640

proverbial trickster element that you'd

1084

00:42:07,430 --> 00:42:05,400

get to it you know it has to do with uh

1085

00:42:09,349 --> 00:42:07,440

you know dymonic reality in general

1086

00:42:12,230 --> 00:42:09,359

there's always been a trickster element

1087

00:42:14,630 --> 00:42:12,240

to it it lies to you just like the gods

1088

00:42:16,609 --> 00:42:14,640

quote unquote lie to you and teased you

1089

00:42:18,710 --> 00:42:16,619
and you get that in the Bible all

1090

00:42:21,349 --> 00:42:18,720
throughout the Bible

1091

00:42:23,930 --> 00:42:21,359
uh so there's an element there of

1092

00:42:26,829 --> 00:42:23,940
um of trickery and deceit

1093

00:42:29,390 --> 00:42:26,839
uh there's an element there of

1094

00:42:31,430 --> 00:42:29,400
compassion understanding

1095

00:42:34,670 --> 00:42:31,440
um and there's an element there a much

1096

00:42:35,510 --> 00:42:34,680
much smaller element I think of evil uh

1097

00:42:38,210 --> 00:42:35,520
or

1098

00:42:41,510 --> 00:42:38,220
what we would consider evil uh from our

1099

00:42:43,250 --> 00:42:41,520
anthropomorphic point of view uh but

1100

00:42:46,609 --> 00:42:43,260
maybe to them it isn't I I don't know

1101

00:42:48,829 --> 00:42:46,619

it's just it just you know you know it

1102

00:42:50,809 --> 00:42:48,839

was Whitley strieber described it as

1103

00:42:52,670 --> 00:42:50,819

walking through a forest of hypotheses

1104

00:42:53,809 --> 00:42:52,680

you know you know you don't know where

1105

00:42:55,670 --> 00:42:53,819

the hell you are I mean you're walking

1106

00:42:57,650 --> 00:42:55,680

through it oh it's this oh it's not you

1107

00:42:59,750 --> 00:42:57,660

know and I don't know it's the same with

1108

00:43:02,030 --> 00:42:59,760

the UAP topic everybody unfortunately

1109

00:43:04,130 --> 00:43:02,040

gets an equal plate at the table because

1110

00:43:06,770 --> 00:43:04,140

nobody has definitive proof nobody has

1111

00:43:08,809 --> 00:43:06,780

anything that hasn't been Beat to Death

1112

00:43:12,010 --> 00:43:08,819

as well maybe it's this or maybe it's

1113

00:43:14,990 --> 00:43:12,020

that so until something solid comes out

1114

00:43:17,210 --> 00:43:15,000

everybody's opinion has equal value I

1115

00:43:19,430 --> 00:43:17,220

mean like we tend to have our our own

1116

00:43:22,010 --> 00:43:19,440

favorites of where we side in our own

1117

00:43:24,829 --> 00:43:22,020

independent bias but really you know

1118

00:43:28,069 --> 00:43:24,839

crazy or not we don't know and nobody

1119

00:43:30,829 --> 00:43:28,079

knows for sure anyway yeah and uh the

1120

00:43:32,690 --> 00:43:30,839

the only thing I I don't care for is uh

1121

00:43:34,130 --> 00:43:32,700

you know on this topic is one of the

1122

00:43:37,550 --> 00:43:34,140

reasons I try to stay away from

1123

00:43:39,050 --> 00:43:37,560

symposiums and conferences is um

1124

00:43:40,370 --> 00:43:39,060

although some of them are getting better

1125

00:43:42,109 --> 00:43:40,380

is

1126
00:43:43,730 --> 00:43:42,119
the amount of people that that are there

1127
00:43:45,530 --> 00:43:43,740
that are speakers there you can have

1128
00:43:48,290 --> 00:43:45,540
maybe three or four speakers that I

1129
00:43:49,790 --> 00:43:48,300
think really have some solid foundations

1130
00:43:52,190 --> 00:43:49,800
and then you can have three or four or

1131
00:43:54,589 --> 00:43:52,200
five of them that are just

1132
00:43:56,089 --> 00:43:54,599
um you know I and again and not I don't

1133
00:43:58,190 --> 00:43:56,099
want to criticize them simply because

1134
00:44:01,430 --> 00:43:58,200
like you said Lou yeah I I don't know

1135
00:44:04,750 --> 00:44:01,440
either but if you come out and you tell

1136
00:44:07,069 --> 00:44:04,760
me that you know yeah that's a problem

1137
00:44:09,170 --> 00:44:07,079
now I have a hard time with that because

1138
00:44:10,490 --> 00:44:09,180

you don't know this is real well you

1139

00:44:13,849 --> 00:44:10,500

don't know what's real and what the

1140

00:44:16,490 --> 00:44:13,859

ultimate intentions are or exactly what

1141

00:44:19,010 --> 00:44:16,500

they are or where they come from and I I

1142

00:44:21,589 --> 00:44:19,020

I think um it's like the government and

1143

00:44:22,790 --> 00:44:21,599

disclosure I mean the hell are we I'm

1144

00:44:24,230 --> 00:44:22,800

not waiting for the government to come

1145

00:44:25,430 --> 00:44:24,240

out with anything I I mean the

1146

00:44:27,290 --> 00:44:25,440

government doesn't own this the

1147

00:44:29,450 --> 00:44:27,300

government is has this one narrow look

1148

00:44:30,950 --> 00:44:29,460

at this and that's National Defense

1149

00:44:32,329 --> 00:44:30,960

that's all it cares about doesn't care

1150

00:44:35,210 --> 00:44:32,339

about anything else they're not going to

1151
00:44:37,130 --> 00:44:35,220
start a UFO philosophy Institute or you

1152
00:44:38,510 --> 00:44:37,140
know you know you know or anything like

1153
00:44:40,010 --> 00:44:38,520
that you know like the world peace

1154
00:44:41,390 --> 00:44:40,020
Foundation it's not going to happen it's

1155
00:44:43,910 --> 00:44:41,400
going to happen privately if it happens

1156
00:44:46,790 --> 00:44:43,920
at all it should happen privately

1157
00:44:48,109 --> 00:44:46,800
and I don't know why it hasn't we've

1158
00:44:49,490 --> 00:44:48,119
been trying to get enough you know

1159
00:44:51,530 --> 00:44:49,500
benefactors to come in and actually

1160
00:44:53,210 --> 00:44:51,540
create an organization where you can

1161
00:44:55,069 --> 00:44:53,220
actually look at this it happens to

1162
00:44:57,710 --> 00:44:55,079
everybody around the world

1163
00:44:58,849 --> 00:44:57,720

it happens to Ordinary People normal

1164

00:45:01,010 --> 00:44:58,859

people

1165

00:45:03,589 --> 00:45:01,020

not just the military and Intelligence

1166

00:45:06,349 --> 00:45:03,599

Officers or military installations it

1167

00:45:08,210 --> 00:45:06,359

happens more more so you know with the

1168

00:45:10,010 --> 00:45:08,220

general population

1169

00:45:11,990 --> 00:45:10,020

but we haven't been able to pull

1170

00:45:14,150 --> 00:45:12,000

together I think we're just disparate

1171

00:45:15,710 --> 00:45:14,160

roads everybody's going down and or

1172

00:45:17,930 --> 00:45:15,720

everybody's trying to do it I mean you

1173

00:45:20,690 --> 00:45:17,940

know Abby Lowe you know is doing his

1174

00:45:24,349 --> 00:45:20,700

Galileo project I know Stephen Greer has

1175

00:45:26,089 --> 00:45:24,359

his own project and NASA yeah NASA's

1176

00:45:27,710 --> 00:45:26,099

steady and all this kind of stuff and

1177

00:45:29,450 --> 00:45:27,720

you know they're all sort of in the end

1178

00:45:31,010 --> 00:45:29,460

you know looking sort of at the same

1179

00:45:33,829 --> 00:45:31,020

thing trying to figure out what this is

1180

00:45:36,050 --> 00:45:33,839

some have their preconceived notions uh

1181

00:45:39,109 --> 00:45:36,060

about what it may be but I think we need

1182

00:45:40,069 --> 00:45:39,119

something that's a lot more

1183

00:45:41,870 --> 00:45:40,079

um

1184

00:45:44,089 --> 00:45:41,880

it has a lot more academic disciplines

1185

00:45:45,589 --> 00:45:44,099

associated with it we need religious

1186

00:45:47,270 --> 00:45:45,599

Scholars we need you know social

1187

00:45:49,550 --> 00:45:47,280

psychologists We need regular

1188

00:45:51,770 --> 00:45:49,560

psychologists we need when a regular

1189

00:45:53,569 --> 00:45:51,780

psychologists clinical psychologists uh

1190

00:45:55,849 --> 00:45:53,579

you know we need physicists um we need

1191

00:45:58,069 --> 00:45:55,859

anthropologists

1192

00:46:01,550 --> 00:45:58,079

um sociologists to actually be looking

1193

00:46:03,770 --> 00:46:01,560

at this together trained observers thank

1194

00:46:06,050 --> 00:46:03,780

you and trained observers and somebody

1195

00:46:08,510 --> 00:46:06,060

with a Zen mind you know somebody with a

1196

00:46:09,890 --> 00:46:08,520

clear mind that doesn't know a damn

1197

00:46:12,230 --> 00:46:09,900

thing about this you throw them in

1198

00:46:14,690 --> 00:46:12,240

because we need perspectives we need

1199

00:46:16,730 --> 00:46:14,700

women we need men you know meet the

1200

00:46:19,250 --> 00:46:16,740

Dalai Lama to help us figure this out he

1201
00:46:20,930 --> 00:46:19,260
could do it I'm sure he may be able to I

1202
00:46:22,730 --> 00:46:20,940
don't know he meditate once and he'd

1203
00:46:25,010 --> 00:46:22,740
tell us everything we need to know well

1204
00:46:26,510 --> 00:46:25,020
he he's he mentioned this a few times

1205
00:46:28,490 --> 00:46:26,520
and he said oh yeah don't don't don't

1206
00:46:29,930 --> 00:46:28,500
worry about them they're just pesky you

1207
00:46:32,270 --> 00:46:29,940
know they're just they just bother you

1208
00:46:34,010 --> 00:46:32,280
to try to take you away and you know and

1209
00:46:34,609 --> 00:46:34,020
I I I

1210
00:46:37,190 --> 00:46:34,619
um

1211
00:46:39,589 --> 00:46:37,200
I'm a big fan of uh you know the two

1212
00:46:41,990 --> 00:46:39,599
people I follow and probably religiously

1213
00:46:44,210 --> 00:46:42,000

on this are um

1214

00:46:45,770 --> 00:46:44,220

well actually three that I consider

1215

00:46:48,050 --> 00:46:45,780

really well more than that actually

1216

00:46:50,270 --> 00:46:48,060

about a dozen but my my top three are

1217

00:46:53,450 --> 00:46:50,280

always going to be jock valet yeah and

1218

00:46:56,630 --> 00:46:53,460

then Jonathan Keel or John keel

1219

00:46:58,609 --> 00:46:56,640

and um and lately as of late Jeff

1220

00:47:00,829 --> 00:46:58,619

[h__\h] Dr Jeff crepel from Rice

1221

00:47:03,050 --> 00:47:00,839

University religious scholar I I and

1222

00:47:06,530 --> 00:47:03,060

then Whitley Streeper too

1223

00:47:08,630 --> 00:47:06,540

these these uh guys and and how I mean

1224

00:47:10,130 --> 00:47:08,640

you can sort of start naming them steric

1225

00:47:12,290 --> 00:47:10,140

uh Bullard

1226

00:47:15,109 --> 00:47:12,300

these are the guys I think that that

1227

00:47:17,870 --> 00:47:15,119

really seriously thought about this and

1228

00:47:20,329 --> 00:47:17,880

um uh are looking at it

1229

00:47:23,750 --> 00:47:20,339

from the perspective of uh you know what

1230

00:47:26,030 --> 00:47:23,760

it might be and I

1231

00:47:28,670 --> 00:47:26,040

you know if I had if I come to any kind

1232

00:47:32,030 --> 00:47:30,410

conclusions lately and not even

1233

00:47:34,010 --> 00:47:32,040

conclusions just my own personal

1234

00:47:36,230 --> 00:47:34,020

feelings and this would probably change

1235

00:47:39,349 --> 00:47:36,240

next week by the way because it seems to

1236

00:47:41,630 --> 00:47:39,359

always do that is this phenomena reminds

1237

00:47:42,530 --> 00:47:41,640

me more or less of the Gin you know uh

1238

00:47:44,569 --> 00:47:42,540

and

1239

00:47:46,730 --> 00:47:44,579

um because they're no known for that

1240

00:47:49,490 --> 00:47:46,740

trickster element they're also known to

1241

00:47:52,549 --> 00:47:49,500

be you know kind loving you know uh

1242

00:47:53,690 --> 00:47:52,559

spirit beings or plasma beings and what

1243

00:47:55,370 --> 00:47:53,700

happened but they're also known to be

1244

00:47:57,829 --> 00:47:55,380

sort of like us right they sort of share

1245

00:48:01,190 --> 00:47:57,839

our our different emotional

1246

00:48:02,329 --> 00:48:01,200

um uh wavelengths and what have you so

1247

00:48:04,670 --> 00:48:02,339

um

1248

00:48:07,190 --> 00:48:04,680

I don't know there's so many different

1249

00:48:09,410 --> 00:48:07,200

variations and possibilities in this

1250

00:48:11,390 --> 00:48:09,420

field it's unreal I

1251
00:48:14,210 --> 00:48:11,400
you know when we originally started the

1252
00:48:16,250 --> 00:48:14,220
podcast I had my mindset nope this is

1253
00:48:18,349 --> 00:48:16,260
real this is what I'm going to focus on

1254
00:48:20,930 --> 00:48:18,359
and the more I talk to people the more I

1255
00:48:23,089 --> 00:48:20,940
realize that I know nothing about this

1256
00:48:26,270 --> 00:48:23,099
phenomenon it just keeps getting crazier

1257
00:48:28,849 --> 00:48:26,280
and crazier for for your experience that

1258
00:48:31,790 --> 00:48:28,859
you had we don't need to get into it but

1259
00:48:33,770 --> 00:48:31,800
um basically was that a one-off for you

1260
00:48:36,290 --> 00:48:33,780
and your wife was is it something that

1261
00:48:39,349 --> 00:48:36,300
like you think might reoccurred or is

1262
00:48:41,750 --> 00:48:39,359
this a one-time thing and did you

1263
00:48:43,730 --> 00:48:41,760

remember all the event or did you have

1264

00:48:45,589 --> 00:48:43,740

to basically let everybody else go

1265

00:48:47,030 --> 00:48:45,599

through therapy to get the whole

1266

00:48:48,770 --> 00:48:47,040

information

1267

00:48:51,710 --> 00:48:48,780

yeah it's a good question

1268

00:48:56,150 --> 00:48:51,720

um it wasn't necessarily a one-off

1269

00:48:58,130 --> 00:48:56,160

um uh uh my wife his family has a

1270

00:49:00,230 --> 00:48:58,140

history of

1271

00:49:02,990 --> 00:49:00,240

um

1272

00:49:04,849 --> 00:49:03,000

associating associations with this

1273

00:49:07,849 --> 00:49:04,859

phenomenon without getting into too

1274

00:49:09,530 --> 00:49:07,859

detail her mother my wife's mother uh

1275

00:49:12,710 --> 00:49:09,540

and some of the some of her relatives

1276

00:49:15,829 --> 00:49:12,720

are familiar with this phenomenon right

1277

00:49:16,730 --> 00:49:15,839

we'll leave it at that on my side

1278

00:49:19,849 --> 00:49:16,740

um

1279

00:49:21,410 --> 00:49:19,859

my mother my mother was Italian and you

1280

00:49:23,510 --> 00:49:21,420

know Italian-American but nevertheless

1281

00:49:24,950 --> 00:49:23,520

you know she spoke Italian fluently I'm

1282

00:49:27,530 --> 00:49:24,960

first generation

1283

00:49:31,190 --> 00:49:27,540

and I'm second generation I should say

1284

00:49:33,470 --> 00:49:31,200

and and but she had a uh a psychic

1285

00:49:35,390 --> 00:49:33,480

ability and an ability where she was

1286

00:49:37,130 --> 00:49:35,400

able you know um you know she would

1287

00:49:38,270 --> 00:49:37,140

speak with my dead grandfather for

1288

00:49:39,890 --> 00:49:38,280

instance you know either on the

1289

00:49:42,530 --> 00:49:39,900

telephone or sometimes in conversations

1290

00:49:45,109 --> 00:49:42,540

my father would catch her in night you

1291

00:49:47,630 --> 00:49:45,119

know in Italian if you can imagine that

1292

00:49:50,210 --> 00:49:47,640

right so there's a little bit of that

1293

00:49:52,549 --> 00:49:50,220

um I uh but

1294

00:49:55,790 --> 00:49:52,559

my wife and I when we got married we

1295

00:49:57,290 --> 00:49:55,800

moved into um a few years after we moved

1296

00:49:59,450 --> 00:49:57,300

to Virginia

1297

00:50:01,910 --> 00:49:59,460

bought a house in 1990 and it was

1298

00:50:04,130 --> 00:50:01,920

situated on a uh old Civil War

1299

00:50:07,730 --> 00:50:04,140

encampment and previous to that in a

1300

00:50:10,849 --> 00:50:07,740

Native American encampment and um but we

1301
00:50:12,770 --> 00:50:10,859
clearly had Poltergeist in the house and

1302
00:50:14,690 --> 00:50:12,780
um my wife and I are both open-minded

1303
00:50:16,190 --> 00:50:14,700
and you know sort of fun let me get

1304
00:50:17,270 --> 00:50:16,200
amiable we never never had kids or

1305
00:50:20,210 --> 00:50:17,280
anything like that my wife's a

1306
00:50:22,250 --> 00:50:20,220
psychologist and to her you know we we

1307
00:50:22,910 --> 00:50:22,260
just we just sort of said well okay you

1308
00:50:29,569 --> 00:50:22,920
know

1309
00:50:31,849 --> 00:50:29,579
the bedroom at night and the footsteps

1310
00:50:33,349 --> 00:50:31,859
start and then toilets flush and you

1311
00:50:36,049 --> 00:50:33,359
know and all this kind of stuff and

1312
00:50:38,390 --> 00:50:36,059
initially we put it throughout the house

1313
00:50:39,950 --> 00:50:38,400

is all built in 54 and but then

1314

00:50:41,510 --> 00:50:39,960

afterwards it was it was getting to be

1315

00:50:42,650 --> 00:50:41,520

ridiculous I mean you know we would come

1316

00:50:43,849 --> 00:50:42,660

home I'll pick her up from the year she

1317

00:50:45,290 --> 00:50:43,859

traveled a lot pick her up in the

1318

00:50:47,210 --> 00:50:45,300

airport her slippers would be dangling

1319

00:50:49,309 --> 00:50:47,220

on on the stairs going in the bedroom

1320

00:50:51,710 --> 00:50:49,319

high chair as hell didn't do it and she

1321

00:50:53,510 --> 00:50:51,720

had been gone for a week so

1322

00:50:57,109 --> 00:50:53,520

uh yeah you don't know what to make of

1323

00:50:58,970 --> 00:50:57,119

it and um and she had a we uh she had we

1324

00:51:00,710 --> 00:50:58,980

both did had a couple experiences with

1325

00:51:02,809 --> 00:51:00,720

this Poltergeist activity which was not

1326

00:51:05,450 --> 00:51:02,819

uh bad at all it was actually very

1327

00:51:07,250 --> 00:51:05,460

touching and tender uh when we found out

1328

00:51:09,950 --> 00:51:07,260

more of the history of the people that

1329

00:51:12,170 --> 00:51:09,960

lived in the mouse before we did and uh

1330

00:51:14,809 --> 00:51:12,180

but uh and then this thing happened to

1331

00:51:17,030 --> 00:51:14,819

us uh

1332

00:51:18,829 --> 00:51:17,040

and

1333

00:51:20,630 --> 00:51:18,839

my wife doesn't remember anything of it

1334

00:51:22,690 --> 00:51:20,640

except the aftermath

1335

00:51:26,270 --> 00:51:22,700

um I uh

1336

00:51:29,809 --> 00:51:26,280

remembered vividly uh the initial part

1337

00:51:31,250 --> 00:51:29,819

of it in full Technicolor uh I wasn't on

1338

00:51:34,190 --> 00:51:31,260

a ship or anything like that it was just

1339

00:51:36,290 --> 00:51:34,200

all you know is in my bedroom in my

1340

00:51:38,030 --> 00:51:36,300

house and then outside of the house and

1341

00:51:41,990 --> 00:51:38,040

then there were Snippets you know like

1342

00:51:44,690 --> 00:51:42,000

video clips you know up this very very

1343

00:51:50,150 --> 00:51:47,630

real I it was it was as real as me

1344

00:51:53,690 --> 00:51:50,160

talking to you uh however real that is

1345

00:51:55,250 --> 00:51:53,700

right and uh so to me it was not um I

1346

00:51:57,770 --> 00:51:55,260

mean I know what hit nagogic states are

1347

00:52:00,950 --> 00:51:57,780

and I know what liminal states are and

1348

00:52:05,270 --> 00:52:00,960

uh I had experiences you know the mayor

1349

00:52:09,530 --> 00:52:07,910

so I knew this was uh you know it's

1350

00:52:12,410 --> 00:52:09,540

about a real event as I could possibly

1351
00:52:14,270 --> 00:52:12,420
know what real means and uh it was later

1352
00:52:15,710 --> 00:52:14,280
on too I also found out that other

1353
00:52:17,510 --> 00:52:15,720
friends of mine in the intelligence

1354
00:52:21,670 --> 00:52:17,520
Community went through this similar

1355
00:52:24,470 --> 00:52:21,680
stuff oh wow uh so uh but

1356
00:52:27,290 --> 00:52:24,480
after all that happened

1357
00:52:29,569 --> 00:52:27,300
um I did have my last experience was

1358
00:52:31,609 --> 00:52:29,579
probably three years ago

1359
00:52:33,230 --> 00:52:31,619
four years ago I can't remember the

1360
00:52:35,329 --> 00:52:33,240
exact date when

1361
00:52:38,150 --> 00:52:35,339
the best man in my wedding was the

1362
00:52:41,270 --> 00:52:38,160
director of public affairs uh Becca we

1363
00:52:44,390 --> 00:52:41,280

were very young officers in CIA uh Mark

1364

00:52:46,010 --> 00:52:44,400

Mansfield a wonderful Guy and um he was

1365

00:52:48,770 --> 00:52:46,020

very sick and he was down in Miami

1366

00:52:50,690 --> 00:52:48,780

teaching uh for the CIA teaching a

1367

00:52:52,730 --> 00:52:50,700

course at University of Miami

1368

00:52:54,109 --> 00:52:52,740

and but he was very sick and we were

1369

00:52:55,849 --> 00:52:54,119

going to go down there to see him the

1370

00:52:57,589 --> 00:52:55,859

next day to

1371

00:52:58,910 --> 00:52:57,599

because he had just been admitted to the

1372

00:52:59,750 --> 00:52:58,920

hospital and we knew he wasn't going to

1373

00:53:01,549 --> 00:52:59,760

make it

1374

00:53:03,170 --> 00:53:01,559

and um

1375

00:53:04,549 --> 00:53:03,180

that night

1376

00:53:06,589 --> 00:53:04,559

um well that morning I should say about

1377

00:53:08,329 --> 00:53:06,599

two in the morning you know as men of my

1378

00:53:09,530 --> 00:53:08,339

age usually do we gotta I gotta have to

1379

00:53:12,170 --> 00:53:09,540

go to the bathroom

1380

00:53:15,349 --> 00:53:12,180

and uh I um

1381

00:53:17,870 --> 00:53:15,359

uh went back into bed and and while I

1382

00:53:19,609 --> 00:53:17,880

was gone my wife stole all my covers so

1383

00:53:21,230 --> 00:53:19,619

I'm sitting in the bed and I'm moving

1384

00:53:23,150 --> 00:53:21,240

the covers around you know and grumbling

1385

00:53:24,370 --> 00:53:23,160

a little bit and totally wide awake and

1386

00:53:27,470 --> 00:53:24,380

all of a sudden

1387

00:53:30,049 --> 00:53:27,480

through the bedroom wall there was a

1388

00:53:32,809 --> 00:53:30,059

window there but right sort of next to

1389

00:53:36,470 --> 00:53:32,819

the window this black

1390

00:53:38,750 --> 00:53:36,480

I don't know a thing came through and uh

1391

00:53:41,390 --> 00:53:38,760

now I'm one of the biggest Scaredy Cats

1392

00:53:43,010 --> 00:53:41,400

known to man I mean I'm frightened by

1393

00:53:45,230 --> 00:53:43,020

almost everything they scare me all the

1394

00:53:46,730 --> 00:53:45,240

time and this thing goes through and I

1395

00:53:48,650 --> 00:53:46,740

wasn't the least bit afraid I I just

1396

00:53:50,089 --> 00:53:48,660

couldn't get over it and and what it

1397

00:53:53,210 --> 00:53:50,099

looked like was remember the Dementors

1398

00:53:54,650 --> 00:53:53,220

from Harry Potter yeah okay cut them in

1399

00:53:56,630 --> 00:53:54,660

half take the bun apart throw them out

1400

00:53:59,569 --> 00:53:56,640

and it's cute it's a hooded figure right

1401
00:54:01,370 --> 00:53:59,579
a typical figures Messengers you know

1402
00:54:04,250 --> 00:54:01,380
that's essentially what they are

1403
00:54:06,290 --> 00:54:04,260
came through and it was staring at the

1404
00:54:08,329 --> 00:54:06,300
bathroom door where I just come out

1405
00:54:10,130 --> 00:54:08,339
and I'm sitting there and he's it's

1406
00:54:12,109 --> 00:54:10,140
probably five feet from me right and

1407
00:54:14,630 --> 00:54:12,119
it's just billowing there you know this

1408
00:54:17,270 --> 00:54:14,640
black billowy thing and with this hoodie

1409
00:54:19,130 --> 00:54:17,280
very remarkable and then it's staring

1410
00:54:20,089 --> 00:54:19,140
that way toward the bathroom door and

1411
00:54:23,210 --> 00:54:20,099
then all of a sudden it must have

1412
00:54:26,329 --> 00:54:23,220
realized he's not in there anymore turn

1413
00:54:28,609 --> 00:54:26,339

around and faces me

1414

00:54:30,890 --> 00:54:28,619

no face it's just black right with the

1415

00:54:33,170 --> 00:54:30,900

hood and it's just looking at me and I'm

1416

00:54:34,910 --> 00:54:33,180

looking at it just for maybe 10 or 15

1417

00:54:37,910 --> 00:54:34,920

seconds

1418

00:54:39,170 --> 00:54:37,920

and then it just backs up and Fades

1419

00:54:40,490 --> 00:54:39,180

right out

1420

00:54:43,069 --> 00:54:40,500

now

1421

00:54:45,170 --> 00:54:43,079

think about this for a second under

1422

00:54:47,390 --> 00:54:45,180

normal circumstances

1423

00:54:49,130 --> 00:54:47,400

my hands would be in the air you know my

1424

00:54:51,349 --> 00:54:49,140

hair would turn even whiter than it when

1425

00:54:54,289 --> 00:54:51,359

it is I would be screaming bloody bloody

1426

00:54:57,710 --> 00:54:54,299

murder right I I it was what Robert

1427

00:54:59,569 --> 00:54:57,720

Hastings calls them yeah response it's

1428

00:55:01,250 --> 00:54:59,579

like this stuff happens to you and

1429

00:55:03,430 --> 00:55:01,260

you're like man you know and that's

1430

00:55:05,990 --> 00:55:03,440

exactly what happened I didn't want yeah

1431

00:55:07,789 --> 00:55:06,000

and so I wake my wife now I got a back

1432

00:55:10,970 --> 00:55:07,799

rub she needs to go to sleep yeah I went

1433

00:55:13,609 --> 00:55:10,980

to bed next morning telephone rings get

1434

00:55:15,589 --> 00:55:13,619

up uh buddy amount at the agency called

1435

00:55:17,569 --> 00:55:15,599

me out and said Mark died last night

1436

00:55:19,250 --> 00:55:17,579

around two o'clock

1437

00:55:21,230 --> 00:55:19,260

so

1438

00:55:22,910 --> 00:55:21,240

now you can draw all kind of inferences

1439

00:55:24,829 --> 00:55:22,920

you know uh on what that might have

1440

00:55:26,750 --> 00:55:24,839

meant you know he's a mess it was a

1441

00:55:29,569 --> 00:55:26,760

messenger thing it was maybe it's time

1442

00:55:31,910 --> 00:55:29,579

to tell me Mark Mark passed you know um

1443

00:55:34,849 --> 00:55:31,920

and uh well it was really funny so

1444

00:55:37,609 --> 00:55:34,859

actually when it happened I um this this

1445

00:55:40,190 --> 00:55:37,619

group I belong to you know uh that's

1446

00:55:43,430 --> 00:55:40,200

being medically looked after

1447

00:55:46,970 --> 00:55:43,440

um I called the primary

1448

00:55:49,549 --> 00:55:46,980

physician and I said this is what

1449

00:55:52,069 --> 00:55:49,559

happened and he immediately said uh you

1450

00:55:54,049 --> 00:55:52,079

have to attempt to contact this this is

1451

00:55:56,089 --> 00:55:54,059

this was their attempt to contact you

1452

00:55:59,270 --> 00:55:56,099

you have to go back and try to make

1453

00:56:01,609 --> 00:55:59,280

contact I laughed and I said there's no

1454

00:56:04,010 --> 00:56:01,619

way in hell am I going to try to contact

1455

00:56:06,170 --> 00:56:04,020

a hooded figure I'm not going to contact

1456

00:56:08,150 --> 00:56:06,180

this thing I don't want anything to do

1457

00:56:09,349 --> 00:56:08,160

with this thing and you know people say

1458

00:56:10,970 --> 00:56:09,359

to me all the time why don't you you

1459

00:56:13,730 --> 00:56:10,980

know I was invited up to the Monroe

1460

00:56:15,710 --> 00:56:13,740

Institute you know to uh uh Chris Chris

1461

00:56:18,049 --> 00:56:15,720

was there plus I was there and some

1462

00:56:19,250 --> 00:56:18,059

other people and John Alexander to you

1463

00:56:21,710 --> 00:56:19,260

know try to see if they could make

1464

00:56:23,809 --> 00:56:21,720

contact with that and I said that's not

1465

00:56:26,089 --> 00:56:23,819

for me you know I'm not I'm not built

1466

00:56:28,970 --> 00:56:26,099

like that I you know I'm not Tethered to

1467

00:56:30,349 --> 00:56:28,980

reality enough anyway let alone try to

1468

00:56:33,230 --> 00:56:30,359

go that far and this is something I've

1469

00:56:35,270 --> 00:56:33,240

warn people about uh too you know

1470

00:56:37,430 --> 00:56:35,280

playing around with Ouija boards and and

1471

00:56:39,710 --> 00:56:37,440

uh and trying to make these connections

1472

00:56:41,809 --> 00:56:39,720

without having a very very strong

1473

00:56:44,450 --> 00:56:41,819

foundation and without having a guide

1474

00:56:47,210 --> 00:56:44,460

don't do it you don't know what you're

1475

00:56:50,210 --> 00:56:47,220

getting into you don't know what what um

1476

00:56:51,770 --> 00:56:50,220

what lower order or higher order B

1477

00:56:53,510 --> 00:56:51,780

you're going to meet and if you meet a

1478

00:56:56,150 --> 00:56:53,520

higher order being all well that's

1479

00:57:00,289 --> 00:56:56,160

wonderful but if you meet a lower order

1480

00:57:03,230 --> 00:57:00,299

entity it's not so good no no have you

1481

00:57:06,170 --> 00:57:03,240

have you found that spiritually because

1482

00:57:07,490 --> 00:57:06,180

you were mentioning esoteric um before

1483

00:57:09,770 --> 00:57:07,500

and have you found that spiritually

1484

00:57:10,730 --> 00:57:09,780

you've been more awakened since the

1485

00:57:14,569 --> 00:57:10,740

experience

1486

00:57:17,450 --> 00:57:14,579

because we found out now okay now I got

1487

00:57:19,490 --> 00:57:17,460

a strong I'm not religious in the least

1488

00:57:23,210 --> 00:57:19,500

um um I used to call myself an atheist

1489

00:57:25,430 --> 00:57:23,220

but I'm not I mean I I think

1490

00:57:28,130 --> 00:57:25,440

realistically

1491

00:57:29,450 --> 00:57:28,140

um I'm an agnostic and agnostic in the

1492

00:57:33,170 --> 00:57:29,460

sense that

1493

00:57:34,730 --> 00:57:33,180

um what I do what I do believe is it's

1494

00:57:36,950 --> 00:57:34,740

not so much what I know because I don't

1495

00:57:39,650 --> 00:57:36,960

think we can know anything anyway

1496

00:57:41,270 --> 00:57:39,660

what I uh what I believe what I hope to

1497

00:57:43,190 --> 00:57:41,280

be true is that

1498

00:57:44,809 --> 00:57:43,200

there is

1499

00:57:47,630 --> 00:57:44,819

um

1500

00:57:50,630 --> 00:57:47,640

an energy pattern we transition into

1501
00:57:53,809 --> 00:57:52,370
since matter can either be created nor

1502
00:57:56,329 --> 00:57:53,819
destroyed I mean we're all energy

1503
00:57:58,130 --> 00:57:56,339
patterns and you know I'm talking to two

1504
00:58:00,230 --> 00:57:58,140
energy patterns right here

1505
00:58:02,750 --> 00:58:00,240
what's holding you can together what

1506
00:58:04,490 --> 00:58:02,760
makes you congealed into Jason and Louie

1507
00:58:05,990 --> 00:58:04,500
you know is is you know physical force

1508
00:58:07,370 --> 00:58:06,000
is like gravity and then maybe the

1509
00:58:09,170 --> 00:58:07,380
strong nuclear force or whatever it's

1510
00:58:11,089 --> 00:58:09,180
holding you holding those atoms all

1511
00:58:13,789 --> 00:58:11,099
together to turn you into who you are or

1512
00:58:15,170 --> 00:58:13,799
what you look like but but in the end I

1513
00:58:17,210 --> 00:58:15,180

mean you are just the massive energy

1514

00:58:18,950 --> 00:58:17,220

you're spinning electrons and neutrons

1515

00:58:20,990 --> 00:58:18,960

and and you know and protons and you're

1516

00:58:24,289 --> 00:58:21,000

just flying all over the place and

1517

00:58:26,510 --> 00:58:24,299

that's really who you are and and uh and

1518

00:58:28,370 --> 00:58:26,520

we we're connecting right now even

1519

00:58:30,770 --> 00:58:28,380

though we're at a great distance and

1520

00:58:32,150 --> 00:58:30,780

this is quantum quantum theory right and

1521

00:58:33,650 --> 00:58:32,160

well you look at that and you say well

1522

00:58:35,809 --> 00:58:33,660

okay well how does hell of that go away

1523

00:58:37,730 --> 00:58:35,819

I mean you know if you're made out of

1524

00:58:39,770 --> 00:58:37,740

energy you know your physical body may

1525

00:58:41,870 --> 00:58:39,780

go but maybe the energy pattern doesn't

1526

00:58:43,370 --> 00:58:41,880

go and it goes someplace else

1527

00:58:44,990 --> 00:58:43,380

and this is one of the big things no

1528

00:58:46,730 --> 00:58:45,000

one's ever explained to me and you know

1529

00:58:48,530 --> 00:58:46,740

when people ask you you know what's your

1530

00:58:52,130 --> 00:58:48,540

cosmology I mean what do you

1531

00:58:54,829 --> 00:58:52,140

what do you truly believe and uh I I I I

1532

00:58:56,750 --> 00:58:54,839

I I I say I don't know because you know

1533

00:58:58,069 --> 00:58:56,760

as John Alexander pointed out to me once

1534

00:59:01,010 --> 00:58:58,079

many years ago

1535

00:59:03,190 --> 00:59:01,020

he said he believes or he thinks that

1536

00:59:05,210 --> 00:59:03,200

all these psychic phenomena

1537

00:59:06,470 --> 00:59:05,220

psychokinesis Clairvoyance remote

1538

00:59:07,789 --> 00:59:06,480

viewing

1539

00:59:11,809 --> 00:59:07,799

um

1540

00:59:13,549 --> 00:59:11,819

uh you know uaps you know the abductions

1541

00:59:15,890 --> 00:59:13,559

contacts everything are probably all

1542

00:59:19,690 --> 00:59:15,900

connected in some form or fashion

1543

00:59:23,870 --> 00:59:19,700

but no one's got a unifying Theory yet

1544

00:59:26,329 --> 00:59:23,880

uh about what that may be and I do think

1545

00:59:28,490 --> 00:59:26,339

I lean heavily towards thinking that

1546

00:59:30,950 --> 00:59:28,500

they are indeed

1547

00:59:33,710 --> 00:59:30,960

related in some form but I just don't

1548

00:59:36,589 --> 00:59:33,720

know what how that is yeah because even

1549

00:59:38,930 --> 00:59:36,599

when we interviewed uh George Knapp

1550

00:59:40,609 --> 00:59:38,940

um and talked and Coleman Kelleher as

1551

00:59:42,710 --> 00:59:40,619

well they were mentioning about the

1552

00:59:44,990 --> 00:59:42,720

Skinwalker Ranch and all these different

1553

00:59:48,109 --> 00:59:45,000

things that are taking place for people

1554

00:59:50,390 --> 00:59:48,119

that have to see UFOs they see Cryptids

1555

00:59:53,750 --> 00:59:50,400

and it seems to be all mixed in and

1556

00:59:55,670 --> 00:59:53,760

again like I mentioned when uh you know

1557

00:59:57,770 --> 00:59:55,680

talking to these people have opened up

1558

00:59:59,870 --> 00:59:57,780

my mind to saying okay this is a

1559

01:00:02,329 --> 00:59:59,880

possibility because I was so

1560

01:00:04,309 --> 01:00:02,339

close-minded before on certain topics

1561

01:00:06,349 --> 01:00:04,319

especially the Cryptids I did not know

1562

01:00:08,089 --> 01:00:06,359

much about it Louie actually educated me

1563

01:00:10,309 --> 01:00:08,099

quite a bit on it

1564

01:00:12,049 --> 01:00:10,319

um and learning from other guests have

1565

01:00:15,170 --> 01:00:12,059

been on so I'm starting to understand

1566

01:00:17,270 --> 01:00:15,180

that the phenomenon is bigger than

1567

01:00:19,250 --> 01:00:17,280

you know just UFOs in the skies like

1568

01:00:20,809 --> 01:00:19,260

there seems to be other stuff that has

1569

01:00:22,609 --> 01:00:20,819

taken place as well that needs to be

1570

01:00:25,190 --> 01:00:22,619

considered like you mentioned Jacque

1571

01:00:28,069 --> 01:00:25,200

Valley he mentions that very much so in

1572

01:00:29,930 --> 01:00:28,079

his work that uh you know every book he

1573

01:00:31,549 --> 01:00:29,940

has just keeps opening up my mind to

1574

01:00:33,950 --> 01:00:31,559

different possibilities

1575

01:00:36,349 --> 01:00:33,960

uh that you know we don't know what

1576

01:00:38,690 --> 01:00:36,359

we're dealing with right but it's great

1577

01:00:40,910 --> 01:00:38,700

to know that your people within the

1578

01:00:43,549 --> 01:00:40,920

community in Central Intelligence

1579

01:00:45,170 --> 01:00:43,559

Community uh DOD and stuff like that are

1580

01:00:47,270 --> 01:00:45,180

experiencers as well because that's

1581

01:00:49,130 --> 01:00:47,280

that's important right that's something

1582

01:00:51,049 --> 01:00:49,140

that I think disclosure is coming from

1583

01:00:53,390 --> 01:00:51,059

is from the people like yourself sir

1584

01:00:55,910 --> 01:00:53,400

that are coming out and saying hey I'm

1585

01:00:59,150 --> 01:00:55,920

an experiencer and I used to work in the

1586

01:01:01,910 --> 01:00:59,160

CIA for crying out loud right yeah you

1587

01:01:03,829 --> 01:01:01,920

know and and you'd be surprised I mean

1588

01:01:06,410 --> 01:01:03,839

uh how many people in the community I

1589

01:01:08,329 --> 01:01:06,420

mean you know uh Jacques used to refer

1590

01:01:09,950 --> 01:01:08,339

to them uh you know as the invisible

1591

01:01:12,410 --> 01:01:09,960

College you know

1592

01:01:15,530 --> 01:01:12,420

um there are organizations look at SCU

1593

01:01:18,770 --> 01:01:15,540

Society for uh not scientific community

1594

01:01:21,230 --> 01:01:18,780

for EOP studies Seattle I mean these are

1595

01:01:24,470 --> 01:01:21,240

mostly you know scientists and and many

1596

01:01:25,670 --> 01:01:24,480

of them are experiencers and uh I you

1597

01:01:28,430 --> 01:01:25,680

know I

1598

01:01:31,490 --> 01:01:28,440

you I mean how I mean you know the he's

1599

01:01:33,049 --> 01:01:31,500

a very very smart individuals and uh a

1600

01:01:34,490 --> 01:01:33,059

lot of my friends who work in the

1601

01:01:35,690 --> 01:01:34,500

community you know the intelligence

1602

01:01:38,809 --> 01:01:35,700

community that are experienced there's

1603

01:01:41,690 --> 01:01:38,819

also it's um I I don't you know I don't

1604

01:01:43,690 --> 01:01:41,700

no matter how strange uh and how absurd

1605

01:01:47,510 --> 01:01:43,700

they're um

1606

01:01:49,549 --> 01:01:47,520

experiences are I mean Jacques explained

1607

01:01:51,410 --> 01:01:49,559

to me he said you know because I had

1608

01:01:54,230 --> 01:01:51,420

this really heart-to-heart talk with him

1609

01:01:55,970 --> 01:01:54,240

I was I was worried as I started to

1610

01:01:57,470 --> 01:01:55,980

explain this to people

1611

01:01:59,170 --> 01:01:57,480

you know particularly with the

1612

01:02:02,150 --> 01:01:59,180

government some of the government people

1613

01:02:04,549 --> 01:02:02,160

uh what happened to me uh

1614

01:02:07,730 --> 01:02:04,559

I I told shock I said I I don't want to

1615

01:02:09,289 --> 01:02:07,740

come off saying you know uh this

1616

01:02:10,910 --> 01:02:09,299

happened to me you know this you know

1617

01:02:13,069 --> 01:02:10,920

and come out full force I said because I

1618

01:02:15,589 --> 01:02:13,079

don't know how to explain it I don't

1619

01:02:17,329 --> 01:02:15,599

know where to put it I said I've never

1620

01:02:19,309 --> 01:02:17,339

had an experience like this it doesn't

1621

01:02:20,809 --> 01:02:19,319

fit into anything that I know

1622

01:02:23,390 --> 01:02:20,819

and I said

1623

01:02:26,390 --> 01:02:23,400

um and I asked him what he thought and

1624

01:02:28,910 --> 01:02:26,400

he he said look this is extraordinarily

1625

01:02:31,730 --> 01:02:28,920

complex he says we don't know I we don't

1626

01:02:36,170 --> 01:02:31,740

know what to think about it um

1627

01:02:37,609 --> 01:02:36,180

he uh you know I you know John Keel and

1628

01:02:39,349 --> 01:02:37,619

operation Trojan Horse and I've

1629

01:02:42,529 --> 01:02:39,359

mentioned this before

1630

01:02:45,289 --> 01:02:42,539

he has a wonderful chapter on what he

1631

01:02:48,109 --> 01:02:45,299

thinks is going on but he he basically

1632

01:02:50,930 --> 01:02:48,119

calls it you know a parapsychical

1633

01:02:54,770 --> 01:02:50,940

phenomenon and he likes to refer to it

1634

01:02:56,870 --> 01:02:54,780

as as a cosmic joke is that there there

1635

01:02:58,730 --> 01:02:56,880

are there are there are this there are

1636

01:03:02,809 --> 01:02:58,740

these entities or there's there's this

1637

01:03:04,309 --> 01:03:02,819

intelligence that exists around us in a

1638

01:03:06,529 --> 01:03:04,319

space around us

1639

01:03:08,390 --> 01:03:06,539

perhaps in another dimension perhaps in

1640

01:03:10,609 --> 01:03:08,400

just another vibrational level but

1641

01:03:12,230 --> 01:03:10,619

nevertheless here with us even in this

1642

01:03:14,390 --> 01:03:12,240

Dimension but it is a different

1643

01:03:17,150 --> 01:03:14,400

vibrational level and because our brain

1644

01:03:18,710 --> 01:03:17,160

is a filtering system uh primarily and

1645

01:03:21,529 --> 01:03:18,720

because you know our bandwidth we can't

1646

01:03:23,210 --> 01:03:21,539

see as much as people's as like animals

1647

01:03:25,549 --> 01:03:23,220

can see or we can't hear as much as

1648

01:03:27,770 --> 01:03:25,559

something can we're very very small on

1649

01:03:30,349 --> 01:03:27,780

the bandwidth right yeah and our brain

1650

01:03:32,089 --> 01:03:30,359

doesn't allow us to basically take in

1651

01:03:34,130 --> 01:03:32,099

what we like to call awareness with a

1652

01:03:36,109 --> 01:03:34,140

capital A I mean you know we

1653

01:03:37,910 --> 01:03:36,119

the idea that you know I'm looking at

1654

01:03:39,289 --> 01:03:37,920

you and I see a microphone well all the

1655

01:03:41,029 --> 01:03:39,299

elements that go into the microphone

1656

01:03:43,010 --> 01:03:41,039

makes the microphone a microphone and

1657

01:03:45,410 --> 01:03:43,020

who made the microphone there's so many

1658

01:03:47,390 --> 01:03:45,420

things involved in that that that I I

1659

01:03:49,309 --> 01:03:47,400

can't possibly take that all in at the

1660

01:03:51,049 --> 01:03:49,319

same time when I'm talking here but

1661

01:03:53,510 --> 01:03:51,059

essentially that's what we're talking

1662

01:03:56,750 --> 01:03:53,520

about here it's just our brains don't

1663

01:03:59,750 --> 01:03:56,760

allow all this and

1664

01:04:02,150 --> 01:03:59,760

you know I I it's it that's what's

1665

01:04:04,130 --> 01:04:02,160

frustrating about it that's why I think

1666

01:04:06,710 --> 01:04:04,140

I mean John Keel walked away from it

1667

01:04:08,690 --> 01:04:06,720

numerous times but if that's the case

1668

01:04:10,730 --> 01:04:08,700

that we're all in different vibrational

1669

01:04:12,589 --> 01:04:10,740

levels and these things you know like a

1670

01:04:15,049 --> 01:04:12,599

tree is maybe a very low vibrational

1671

01:04:16,010 --> 01:04:15,059

level where humans are slightly above a

1672

01:04:17,930 --> 01:04:16,020

tree

1673

01:04:19,970 --> 01:04:17,940

um uh you know uh

1674

01:04:21,109 --> 01:04:19,980

and then these beings are really really

1675

01:04:22,510 --> 01:04:21,119

high but they were able to bring

1676

01:04:25,430 --> 01:04:22,520

themselves down

1677

01:04:29,150 --> 01:04:25,440

or when you look at Mystics for instance

1678

01:04:30,370 --> 01:04:29,160

who perhaps get themselves through

1679

01:04:34,430 --> 01:04:30,380

chanting

1680

01:04:37,250 --> 01:04:34,440

praying uh intense meditation are able

1681

01:04:39,410 --> 01:04:37,260

to put themselves in another state alter

1682

01:04:42,289 --> 01:04:39,420

state of awareness where they're

1683

01:04:44,990 --> 01:04:42,299

actually able to touch this whatever

1684

01:04:47,270 --> 01:04:45,000

this is this other place

1685

01:04:49,849 --> 01:04:47,280

they could only touch it for like

1686

01:04:52,010 --> 01:04:49,859

seconds if anything you know and perhaps

1687

01:04:55,010 --> 01:04:52,020

maybe a little longer in some cases some

1688

01:04:56,809 --> 01:04:55,020

some kind of some gurus I can supposedly

1689

01:05:00,230 --> 01:04:56,819

do that but they're able to touch that

1690

01:05:02,690 --> 01:05:00,240

and and see it and experience it but

1691

01:05:04,430 --> 01:05:02,700

they can't live it because their bodies

1692

01:05:07,370 --> 01:05:04,440

won't allow them to live in it live in

1693

01:05:08,630 --> 01:05:07,380

it it's not their world so and it's not

1694

01:05:14,089 --> 01:05:08,640

our world

1695

01:05:16,490 --> 01:05:14,099

[h__\h] also points out it's not

1696

01:05:18,829 --> 01:05:16,500

Supernatural one word It's Supernatural

1697

01:05:20,809 --> 01:05:18,839

two words you know this is all natural

1698

01:05:23,569 --> 01:05:20,819

this is all I mean when people sort of

1699

01:05:25,069 --> 01:05:23,579

say para paranormal no it's not it's a

1700

01:05:27,470 --> 01:05:25,079

part of our natural environment we just

1701

01:05:29,750 --> 01:05:27,480

haven't been able to pick up on for all

1702

01:05:31,970 --> 01:05:29,760

kinds of reasons physical reasons you

1703

01:05:33,770 --> 01:05:31,980

know or or Consciousness reasons but

1704

01:05:36,890 --> 01:05:33,780

it's there it's with us

1705

01:05:40,010 --> 01:05:36,900

yeah even staging it is okay we don't

1706

01:05:43,730 --> 01:05:40,020

know what he's [h__\h] with okay

1707

01:05:45,470 --> 01:05:43,740

we think so too Jim well said yes I hope

1708

01:05:47,390 --> 01:05:45,480

yeah I apologize to the listeners out

1709

01:05:49,809 --> 01:05:47,400

there who might be a little we swear all

1710

01:05:53,329 --> 01:05:49,819

the time yeah

1711

01:05:55,670 --> 01:05:53,339

okay yeah yeah it is [h__\h] with us we

1712

01:05:57,109 --> 01:05:55,680

think so we get equally frustrated you

1713

01:05:59,029 --> 01:05:57,119

know we think we're making some Headway

1714

01:06:00,710 --> 01:05:59,039

and you know you mentioned Jacque Valley

1715

01:06:02,450 --> 01:06:00,720

he's been on our show before and he's

1716

01:06:04,970 --> 01:06:02,460

coming back again for our 100th episode

1717

01:06:06,650 --> 01:06:04,980

but I'm sure he's a man who's run his

1718

01:06:09,170 --> 01:06:06,660

head through the wall enough times going

1719

01:06:10,910 --> 01:06:09,180

I'm a smart guy why can't I figure this

1720

01:06:13,370 --> 01:06:10,920

out why is this [h__\h] driving me crazy

1721

01:06:15,950 --> 01:06:13,380

and it that's why we keep coming back

1722

01:06:18,410 --> 01:06:15,960

right it's that Eternal Quest we don't

1723

01:06:20,089 --> 01:06:18,420

know when we really want to know and but

1724

01:06:22,069 --> 01:06:20,099

he's on the right track and let me tell

1725

01:06:24,650 --> 01:06:22,079

you I you know his new book Trinity

1726

01:06:27,710 --> 01:06:24,660

right uh I thought it was a wonderful

1727

01:06:30,289 --> 01:06:27,720

book and um what he he talks about

1728

01:06:32,390 --> 01:06:30,299

because when I was when I talked to

1729

01:06:34,430 --> 01:06:32,400

these uip task force you know the people

1730

01:06:35,510 --> 01:06:34,440

uh you know and they tell me you know

1731

01:06:37,490 --> 01:06:35,520

sort of what they're going to be doing

1732

01:06:39,410 --> 01:06:37,500

it's it's apparent that

1733

01:06:41,690 --> 01:06:39,420

they don't

1734

01:06:43,490 --> 01:06:41,700

um they have an incredible scientific

1735

01:06:45,770 --> 01:06:43,500

Minds now we're going to be working on

1736

01:06:47,690 --> 01:06:45,780

this right but but they're working on it

1737

01:06:49,010 --> 01:06:47,700

through at really one aspect they're

1738

01:06:50,750 --> 01:06:49,020

trying to understand it but you know

1739

01:06:52,130 --> 01:06:50,760

frankly don't expect a lot out of them

1740

01:06:53,990 --> 01:06:52,140

because I wouldn't expect a lot out of

1741

01:06:55,789 --> 01:06:54,000

them at all even if you had a private

1742

01:06:57,049 --> 01:06:55,799

group that was open and stuff you're not

1743

01:06:59,089 --> 01:06:57,059

going to get a lot out of it either I

1744

01:07:00,950 --> 01:06:59,099

mean it's like we're talking here we

1745

01:07:02,150 --> 01:07:00,960

don't know anything right yeah that

1746

01:07:04,130 --> 01:07:02,160

would be no different if you had you

1747

01:07:06,529 --> 01:07:04,140

know put 100 scientists against it it's

1748

01:07:09,289 --> 01:07:06,539

just you might make some Headway but

1749

01:07:11,150 --> 01:07:09,299

what what Jacques was is doing and is uh

1750

01:07:13,910 --> 01:07:11,160

is this field Centric model this this

1751

01:07:15,890 --> 01:07:13,920

idea of you have to meet it the

1752

01:07:17,930 --> 01:07:15,900

phenomenon on its own term so when it

1753

01:07:19,010 --> 01:07:17,940

shows up someplace you go where it shows

1754

01:07:21,230 --> 01:07:19,020

up

1755

01:07:22,789 --> 01:07:21,240

and you basically study it much like

1756

01:07:25,250 --> 01:07:22,799

Jane Goodall studied you know the

1757

01:07:26,630 --> 01:07:25,260

gorillas uh in the great apes and you

1758

01:07:28,309 --> 01:07:26,640

know you have to go to their environment

1759

01:07:30,230 --> 01:07:28,319

and watch them and you you it's

1760

01:07:31,549 --> 01:07:30,240

anecdotes right because you see these

1761

01:07:33,230 --> 01:07:31,559

things all the time you write it all

1762

01:07:35,390 --> 01:07:33,240

down and then you get a scientific

1763

01:07:37,789 --> 01:07:35,400

theory based on what you've seen okay

1764

01:07:39,650 --> 01:07:37,799

chimpanzees gorillas do X Y and Z

1765

01:07:41,329 --> 01:07:39,660

because I've seen them in the field you

1766

01:07:43,309 --> 01:07:41,339

know and this is what we have and other

1767

01:07:45,589 --> 01:07:43,319

people go in and corroborate that and

1768

01:07:47,990 --> 01:07:45,599

you have you have a I think a pretty

1769

01:07:49,789 --> 01:07:48,000

decent way that's what anthropologists

1770

01:07:52,250 --> 01:07:49,799

do and think a pretty decent way of

1771

01:07:55,250 --> 01:07:52,260

figuring things out without using

1772

01:07:57,770 --> 01:07:55,260

uh the classic scientific method right

1773

01:08:00,589 --> 01:07:57,780

this predictability and reliability yeah

1774

01:08:02,870 --> 01:08:00,599

going on because this doesn't fit into

1775

01:08:06,770 --> 01:08:02,880

that mold the phenomena doesn't fit into

1776

01:08:10,069 --> 01:08:06,780

that and and uh and and we science won't

1777

01:08:12,049 --> 01:08:10,079

allow it in nowadays to a certain extent

1778

01:08:14,750 --> 01:08:12,059

uh I think you see more and more people

1779

01:08:16,070 --> 01:08:14,760

wanting to get uh involved scientists

1780

01:08:17,269 --> 01:08:16,080

wanting to get involved with that but

1781

01:08:19,249 --> 01:08:17,279

that that's what makes it very very

1782

01:08:20,870 --> 01:08:19,259

difficult yeah and the fact is you may

1783

01:08:22,550 --> 01:08:20,880

never come up with an answer

1784

01:08:24,289 --> 01:08:22,560

well you brought up a good point the

1785

01:08:27,410 --> 01:08:24,299

fact that you cannot repeat and

1786

01:08:29,510 --> 01:08:27,420

experiment with uaps or UFOs it's not a

1787

01:08:31,430 --> 01:08:29,520

repeatable thing so trying to figure out

1788

01:08:36,050 --> 01:08:31,440

you know scientifically what's going on

1789

01:08:38,030 --> 01:08:36,060

is it's impossible yeah yeah and you

1790

01:08:41,090 --> 01:08:38,040

know and people you know say to me well

1791

01:08:42,709 --> 01:08:41,100

you know I I you know they're always

1792

01:08:45,470 --> 01:08:42,719

trying to you know put the blame on the

1793

01:08:47,930 --> 01:08:45,480

government and and I I get that I really

1794

01:08:49,550 --> 01:08:47,940

do get that but come on I mean you know

1795

01:08:50,930 --> 01:08:49,560

the government is made out of made up of

1796

01:08:52,430 --> 01:08:50,940

people like you and me right we're all

1797

01:08:53,689 --> 01:08:52,440

sitting here we're all bozos on the bus

1798

01:08:57,229 --> 01:08:53,699

right we don't know what the hell's

1799

01:08:59,390 --> 01:08:57,239

going on and I think I I I think what

1800

01:09:01,910 --> 01:08:59,400

the what what they really are saying is

1801

01:09:05,570 --> 01:09:01,920

they want the government to come out and

1802

01:09:07,249 --> 01:09:05,580

say this is real yeah well the

1803

01:09:09,590 --> 01:09:07,259

government has sort of done that in a

1804

01:09:11,030 --> 01:09:09,600

roundabout way uh recently you know in

1805

01:09:11,990 --> 01:09:11,040

the last year and they've come out and

1806

01:09:15,950 --> 01:09:12,000

said well

1807

01:09:19,130 --> 01:09:15,960

you know it's um could be Chinese could

1808

01:09:22,370 --> 01:09:19,140

be Russian but it also could be this you

1809

01:09:25,189 --> 01:09:22,380

know this unknown thing well that was if

1810

01:09:27,530 --> 01:09:25,199

you read a lot of intelligence you know

1811

01:09:30,530 --> 01:09:27,540

papers and stuff like I have here that

1812

01:09:32,630 --> 01:09:30,540

was was a very um uh reading between the

1813

01:09:35,090 --> 01:09:32,640

lines what that was saying was yeah it's

1814

01:09:37,070 --> 01:09:35,100

not Chinese not Russians not us this is

1815

01:09:38,870 --> 01:09:37,080

this that's what this is I mean

1816

01:09:40,729 --> 01:09:38,880

everybody I know in the government took

1817

01:09:43,430 --> 01:09:40,739

it that way all right is that what it is

1818

01:09:46,070 --> 01:09:43,440

and now as a one of the things I did in

1819

01:09:49,130 --> 01:09:46,080

CIA was was I paid attention to a lot of

1820

01:09:51,470 --> 01:09:49,140

uh very high-tech exotic

1821

01:09:53,749 --> 01:09:51,480

type of military Technologies around the

1822

01:09:57,770 --> 01:09:53,759

world I will promise you there is no

1823

01:09:59,030 --> 01:09:57,780

Chinese or Russian or or U.S versions of

1824

01:10:01,790 --> 01:09:59,040

the Tic Tac

1825

01:10:04,850 --> 01:10:01,800

don't exist yeah they just don't exist

1826

01:10:06,709 --> 01:10:04,860

and um so it's something else

1827

01:10:08,689 --> 01:10:06,719

yeah and anybody who tried to tell you

1828

01:10:11,330 --> 01:10:08,699

otherwise is full of beans I mean it's

1829

01:10:14,149 --> 01:10:11,340

just absolutely full of beans uh and

1830

01:10:16,370 --> 01:10:14,159

this is why when we started tsa I mean

1831

01:10:18,169 --> 01:10:16,380

we it's all came to this Mutual

1832

01:10:20,030 --> 01:10:18,179

understanding we are never going to

1833

01:10:21,770 --> 01:10:20,040

defend this we're never going to go talk

1834

01:10:24,110 --> 01:10:21,780

to people

1835

01:10:25,610 --> 01:10:24,120

um about this um and you know from the

1836

01:10:27,649 --> 01:10:25,620

from the from the Viewpoint that we're

1837

01:10:29,990 --> 01:10:27,659

trying to explain to them or convince

1838

01:10:31,790 --> 01:10:30,000

them of anything we're beyond that is

1839

01:10:34,729 --> 01:10:31,800

this no this is real we know it's real

1840

01:10:37,130 --> 01:10:34,739

the evidence is is extraordinary the

1841

01:10:38,570 --> 01:10:37,140

evidence is overwhelming we're just

1842

01:10:39,770 --> 01:10:38,580

trying to find a theory that fits the

1843

01:10:42,050 --> 01:10:39,780

evidence that's all we're trying to do

1844

01:10:44,209 --> 01:10:42,060

but please you know that's why even some

1845

01:10:46,430 --> 01:10:44,219

podcasts I always ask you guys I knew

1846

01:10:47,930 --> 01:10:46,440

about a little bit that you know don't

1847

01:10:49,310 --> 01:10:47,940

don't try to get me in an argument about

1848

01:10:52,250 --> 01:10:49,320

this I'm not I don't want to argue with

1849

01:10:53,750 --> 01:10:52,260

it I'm too old yeah it's real yeah you

1850

01:10:56,570 --> 01:10:53,760

know what you know after so many years

1851
01:10:58,729 --> 01:10:56,580
of researching and talking to people you

1852
01:11:00,110 --> 01:10:58,739
know that may not go on camera but you

1853
01:11:02,390 --> 01:11:00,120
know their credentials you know they're

1854
01:11:04,250 --> 01:11:02,400
not nuts if they're telling you it's a

1855
01:11:06,830 --> 01:11:04,260
or b you're probably going to believe

1856
01:11:09,590 --> 01:11:06,840
them because they have credibility right

1857
01:11:12,590 --> 01:11:09,600
right you think you're going to write a

1858
01:11:15,229 --> 01:11:12,600
book like um I know that you you write

1859
01:11:17,930 --> 01:11:15,239
books you're you're uh you're a fan of

1860
01:11:20,510 --> 01:11:17,940
reading obviously but your experience I

1861
01:11:22,130 --> 01:11:20,520
mean it's it's private and like you said

1862
01:11:23,570 --> 01:11:22,140
you don't really talk much about it but

1863
01:11:26,209 --> 01:11:23,580

do you think there will come a day where

1864

01:11:27,530 --> 01:11:26,219

maybe you put that all into some sort of

1865

01:11:29,410 --> 01:11:27,540

book

1866

01:11:32,810 --> 01:11:29,420

um and no no

1867

01:11:35,630 --> 01:11:32,820

right now you know a lot of my friends

1868

01:11:38,930 --> 01:11:35,640

in CIA have written books and some of

1869

01:11:41,810 --> 01:11:38,940

them are very very good and um I'm just

1870

01:11:43,310 --> 01:11:41,820

not I I don't have the patience to write

1871

01:11:45,169 --> 01:11:43,320

a book

1872

01:11:47,030 --> 01:11:45,179

um nor I don't think I have the mental

1873

01:11:49,910 --> 01:11:47,040

facility to actually write a book I mean

1874

01:11:51,410 --> 01:11:49,920

it's a lot of work yeah and and um I

1875

01:11:53,149 --> 01:11:51,420

think you have to be very clever and I'm

1876

01:11:54,709 --> 01:11:53,159

not really what I would call clever kind

1877

01:11:55,430 --> 01:11:54,719

of guy but

1878

01:11:57,350 --> 01:11:55,440

um

1879

01:11:59,689 --> 01:11:57,360

eventually though I will tell I will

1880

01:12:00,950 --> 01:11:59,699

tell the full story uh completely I'm

1881

01:12:02,630 --> 01:12:00,960

actually

1882

01:12:05,090 --> 01:12:02,640

uh is either going to come out through

1883

01:12:08,149 --> 01:12:05,100

my company or through

1884

01:12:11,630 --> 01:12:08,159

um a journalist friend of mine uh

1885

01:12:14,209 --> 01:12:11,640

uh and but I wanted to have

1886

01:12:15,530 --> 01:12:14,219

a little bit of impact

1887

01:12:18,890 --> 01:12:15,540

um you know what I mean when it does

1888

01:12:21,229 --> 01:12:18,900

come out so uh you know where where

1889

01:12:23,390 --> 01:12:21,239

it's not just me it's maybe somebody

1890

01:12:26,270 --> 01:12:23,400

else and there's evidence and I I do

1891

01:12:28,250 --> 01:12:26,280

have of course I mean I have data that I

1892

01:12:29,810 --> 01:12:28,260

can point to you know and I do have that

1893

01:12:31,610 --> 01:12:29,820

so

1894

01:12:32,750 --> 01:12:31,620

um you know the people out there are

1895

01:12:34,070 --> 01:12:32,760

saying oh you ought to talk about it you

1896

01:12:36,890 --> 01:12:34,080

gotta talk well yeah we'll eventually

1897

01:12:39,110 --> 01:12:36,900

I'm going to but it's like when when

1898

01:12:41,390 --> 01:12:39,120

ttsa came out and in the New York Times

1899

01:12:44,870 --> 01:12:41,400

you know did the front page story right

1900

01:12:46,970 --> 01:12:44,880

on on on the uh lose program

1901

01:12:50,689 --> 01:12:46,980

I mean that was all set up

1902

01:12:53,750 --> 01:12:50,699

um you know uh by Leslie Kane and we it

1903

01:12:55,550 --> 01:12:53,760

was me and Lou and Chris

1904

01:12:58,310 --> 01:12:55,560

um and how

1905

01:12:59,870 --> 01:12:58,320

met with Leslie um in the lobby of the

1906

01:13:01,570 --> 01:12:59,880

Ritz Carlton

1907

01:13:05,750 --> 01:13:01,580

in 20

1908

01:13:08,990 --> 01:13:05,760

or late 2016 I believe it was and we

1909

01:13:11,030 --> 01:13:09,000

you know explained everything to her she

1910

01:13:12,590 --> 01:13:11,040

was like oh okay you know you know until

1911

01:13:14,570 --> 01:13:12,600

she got together with Ralph Blumenthal

1912

01:13:17,090 --> 01:13:14,580

and then Helene Helen can't remember her

1913

01:13:19,310 --> 01:13:17,100

last name and they were they had to sell

1914

01:13:21,709 --> 01:13:19,320

this to the editor right the editors we

1915

01:13:23,630 --> 01:13:21,719

did not want to do this but eventually

1916

01:13:25,130 --> 01:13:23,640

um once they once they basically got a

1917

01:13:27,649 --> 01:13:25,140

whole their sources at the Pentagon

1918

01:13:29,810 --> 01:13:27,659

basically said yeah this is true then it

1919

01:13:31,669 --> 01:13:29,820

was all over with then when it hit hit

1920

01:13:34,250 --> 01:13:31,679

and we were all nervous as hell

1921

01:13:35,930 --> 01:13:34,260

because you know we um

1922

01:13:38,630 --> 01:13:35,940

even though everything was done

1923

01:13:42,229 --> 01:13:38,640

according to you know I mean we Lou

1924

01:13:42,890 --> 01:13:42,239

followed protocol like exactly and

1925

01:13:47,390 --> 01:13:42,900

um

1926

01:13:50,209 --> 01:13:47,400

protocol that they were you know the

1927

01:13:52,550 --> 01:13:50,219

films were given to Chris and

1928

01:13:54,830 --> 01:13:52,560

um and I remember none of us I mean

1929

01:13:56,270 --> 01:13:54,840

Chris was sort of orchestrating some of

1930

01:13:57,890 --> 01:13:56,280

this because he didn't want

1931

01:13:59,149 --> 01:13:57,900

he didn't want it you know anything to

1932

01:14:00,470 --> 01:13:59,159

be leaked or anything that came out he

1933

01:14:02,390 --> 01:14:00,480

wanted to make sure it was done legally

1934

01:14:05,149 --> 01:14:02,400

and everything was done properly and so

1935

01:14:07,610 --> 01:14:05,159

we just everybody sort of just sort of

1936

01:14:09,649 --> 01:14:07,620

backed off and let let it handle the way

1937

01:14:11,810 --> 01:14:09,659

it went out but um

1938

01:14:13,490 --> 01:14:11,820

um we knew then that was it it was the

1939

01:14:15,169 --> 01:14:13,500

right time to do it but here you have

1940

01:14:17,810 --> 01:14:15,179

guys like George Knapp who's have been

1941

01:14:18,950 --> 01:14:17,820

doing this for like 40 years right

1942

01:14:20,810 --> 01:14:18,960

and

1943

01:14:22,250 --> 01:14:20,820

yeah I think he he was the first guy I

1944

01:14:23,750 --> 01:14:22,260

think he put out the Tic Tac video I

1945

01:14:25,310 --> 01:14:23,760

mean he isn't the guy who's been doing

1946

01:14:27,229 --> 01:14:25,320

this to kind of stuff him chocolate like

1947

01:14:28,910 --> 01:14:27,239

all these guys I mean you know and all

1948

01:14:31,430 --> 01:14:28,920

of a sudden this comes out and it it

1949

01:14:33,770 --> 01:14:31,440

looks like you know you know that Lou

1950

01:14:35,689 --> 01:14:33,780

and the ttsca team you know where the

1951

01:14:37,490 --> 01:14:35,699

team you know with the sort of like the

1952

01:14:39,770 --> 01:14:37,500

turning point it may have been a turning

1953

01:14:41,870 --> 01:14:39,780

point but that honest to God you stand

1954

01:14:44,510 --> 01:14:41,880

on the shoulders of giants you know

1955

01:14:46,910 --> 01:14:44,520

these guys are giant and they are giants

1956

01:14:49,130 --> 01:14:46,920

so I'm extraordinarily deferential to

1957

01:14:50,689 --> 01:14:49,140

them all you know because we owe so much

1958

01:14:52,189 --> 01:14:50,699

to all of them you know and George

1959

01:14:54,290 --> 01:14:52,199

mentioned that when he was on our show

1960

01:14:56,450 --> 01:14:54,300

he said that him and Colin Kelleher and

1961

01:14:58,010 --> 01:14:56,460

Jim Iacatski and they've been working on

1962

01:14:59,570 --> 01:14:58,020

this since like you said the time of

1963

01:15:02,330 --> 01:14:59,580

nids and all the rest they were

1964

01:15:04,910 --> 01:15:02,340

constantly in touch but his overwhelming

1965

01:15:07,189 --> 01:15:04,920

impression was that they wanted it to

1966

01:15:09,709 --> 01:15:07,199

come through a recognizable figure like

1967

01:15:11,630 --> 01:15:09,719

Tom DeLong and they wanted to be

1968

01:15:14,030 --> 01:15:11,640

measurable like nowadays everything is

1969

01:15:16,850 --> 01:15:14,040

metric based it's click based it's view

1970

01:15:19,570 --> 01:15:16,860

times and duration and all the rest so

1971

01:15:21,770 --> 01:15:19,580

if it came out from a lesser-known party

1972

01:15:23,390 --> 01:15:21,780

maybe it wouldn't have got the same

1973

01:15:25,729 --> 01:15:23,400

impact as if it comes out from Tom

1974

01:15:28,010 --> 01:15:25,739

DeLonge so he was happy that it was

1975

01:15:30,470 --> 01:15:28,020

released but I I could sense there was a

1976

01:15:32,270 --> 01:15:30,480

little bit of that I had the story I

1977

01:15:34,310 --> 01:15:32,280

should have been there today he had it

1978

01:15:36,709 --> 01:15:34,320

he had it he had it cold they had it

1979

01:15:39,590 --> 01:15:36,719

cold George in particular I mean yeah

1980

01:15:41,750 --> 01:15:39,600

he's just he's like the guy right and um

1981

01:15:43,729 --> 01:15:41,760

and uh you know you sort of feel bad

1982

01:15:45,590 --> 01:15:43,739

about that but you know when the history

1983

01:15:47,630 --> 01:15:45,600

gets written I mean he's going to have a

1984

01:15:49,610 --> 01:15:47,640

prominent role I mean in all of this I

1985

01:15:51,649 --> 01:15:49,620

mean it's just because he did he played

1986

01:15:54,229 --> 01:15:51,659

a prominent role in this he you know him

1987

01:15:57,770 --> 01:15:54,239

Jacques valet combed all those guys like

1988

01:15:59,330 --> 01:15:57,780

Caskey you know uh these guys are the

1989

01:16:01,729 --> 01:15:59,340

ones you know Richard Dolan you know

1990

01:16:03,470 --> 01:16:01,739

another fellow I've never met but really

1991

01:16:05,149 --> 01:16:03,480

respect his work I have all his books

1992

01:16:07,669 --> 01:16:05,159

here I read them all don't agree with

1993

01:16:09,610 --> 01:16:07,679

some of this stuff but but uh I mean

1994

01:16:11,570 --> 01:16:09,620

some of his

1995

01:16:13,130 --> 01:16:11,580

conclusions that he might have drawn

1996

01:16:14,510 --> 01:16:13,140

towards the end but I you know but

1997

01:16:17,149 --> 01:16:14,520

that's that's okay I mean I understand

1998

01:16:18,709 --> 01:16:17,159

them but I think he did an absolutely

1999

01:16:20,630 --> 01:16:18,719

extraordinary job of getting this all

2000

01:16:23,030 --> 01:16:20,640

down and he did it really really well

2001
01:16:25,970 --> 01:16:23,040
he's a true and then Robert Hastings who

2002
01:16:28,090 --> 01:16:25,980
you know who I consider to be you know

2003
01:16:30,590 --> 01:16:28,100
almost like a a a

2004
01:16:34,130 --> 01:16:30,600
sort of a God in all of this I mean his

2005
01:16:36,290 --> 01:16:34,140
seminal work you know UFOs and nukes

2006
01:16:37,550 --> 01:16:36,300
it just to me is just probably one of

2007
01:16:39,590 --> 01:16:37,560
the best books ever written on the

2008
01:16:41,689 --> 01:16:39,600
subject and um it was a book that was

2009
01:16:45,050 --> 01:16:41,699
passed around in the Department of

2010
01:16:48,290 --> 01:16:45,060
Defense and ncia and uh other places and

2011
01:16:51,470 --> 01:16:48,300
still is is used as a reference book

2012
01:16:52,850 --> 01:16:51,480
um and we let him know that and uh you

2013
01:16:55,669 --> 01:16:52,860

know he's I think he's very appreciative

2014

01:16:57,530 --> 01:16:55,679

that his his book was actually uh as

2015

01:17:00,709 --> 01:16:57,540

seen as like you know the because he's

2016

01:17:02,810 --> 01:17:00,719

such a great writer and a true a true

2017

01:17:04,910 --> 01:17:02,820

true journalist so

2018

01:17:07,070 --> 01:17:04,920

oh that's the way to do it is to to

2019

01:17:09,590 --> 01:17:07,080

point out you know everybody has a role

2020

01:17:11,570 --> 01:17:09,600

to play in this uh one of the questions

2021

01:17:14,270 --> 01:17:11,580

that I have is in your personal

2022

01:17:16,189 --> 01:17:14,280

experience or your professional

2023

01:17:18,410 --> 01:17:16,199

um opinion

2024

01:17:21,110 --> 01:17:18,420

should this be an issue that is

2025

01:17:22,850 --> 01:17:21,120

regulate like we have something you know

2026

01:17:23,870 --> 01:17:22,860

in Canada we have something in the

2027

01:17:26,270 --> 01:17:23,880

states we have something that's

2028

01:17:28,370 --> 01:17:26,280

happening in in Japan I think has their

2029

01:17:30,050 --> 01:17:28,380

own organization as well now that

2030

01:17:31,310 --> 01:17:30,060

they're investing in UAP should there be

2031

01:17:33,590 --> 01:17:31,320

a global

2032

01:17:35,209 --> 01:17:33,600

uh connection at some point like should

2033

01:17:37,010 --> 01:17:35,219

we all work together as countries

2034

01:17:39,290 --> 01:17:37,020

towards this because I think it's all

2035

01:17:42,050 --> 01:17:39,300

individualistic right now it's all every

2036

01:17:43,910 --> 01:17:42,060

country for themselves on this topic uh

2037

01:17:46,070 --> 01:17:43,920

do you think that this is something that

2038

01:17:48,729 --> 01:17:46,080

might be approached later on as a global

2039

01:17:52,010 --> 01:17:48,739

issue or is it still going to be sort of

2040

01:17:53,450 --> 01:17:52,020

compartmentalized within each other's

2041

01:17:57,850 --> 01:17:53,460

countries

2042

01:18:00,470 --> 01:17:57,860

both both yeah both and and and I think

2043

01:18:02,209 --> 01:18:00,480

in general

2044

01:18:06,649 --> 01:18:02,219

um what we need

2045

01:18:07,850 --> 01:18:06,659

is each country has a

2046

01:18:11,209 --> 01:18:07,860

um

2047

01:18:13,669 --> 01:18:11,219

a group setup that deals with this right

2048

01:18:15,890 --> 01:18:13,679

that is funded

2049

01:18:18,649 --> 01:18:15,900

either you know how it's funded it

2050

01:18:20,630 --> 01:18:18,659

privately funded or and or publicly

2051

01:18:23,510 --> 01:18:20,640

funded

2052

01:18:25,130 --> 01:18:23,520

um uh it doesn't have a quarterly review

2053

01:18:26,689 --> 01:18:25,140

that you have to produce anything

2054

01:18:28,550 --> 01:18:26,699

because you're not going to produce

2055

01:18:30,410 --> 01:18:28,560

anything with this initially for the

2056

01:18:31,490 --> 01:18:30,420

next first four or five years you just

2057

01:18:33,470 --> 01:18:31,500

it's going to take that long distance

2058

01:18:35,990 --> 01:18:33,480

set up and get everything all the

2059

01:18:38,149 --> 01:18:36,000

databases straightened out and um and

2060

01:18:40,430 --> 01:18:38,159

like I said a lot of this is beyond our

2061

01:18:42,110 --> 01:18:40,440

Ken anyway we don't have the technology

2062

01:18:43,430 --> 01:18:42,120

to fully understand it even to

2063

01:18:44,090 --> 01:18:43,440

investigate it

2064

01:18:45,530 --> 01:18:44,100

um

2065

01:18:48,350 --> 01:18:45,540

so it's going to take time but

2066

01:18:50,209 --> 01:18:48,360

nevertheless we should have that and I

2067

01:18:51,950 --> 01:18:50,219

think if we actually did that I think

2068

01:18:53,450 --> 01:18:51,960

other countries would follow suit and

2069

01:18:56,090 --> 01:18:53,460

then yes we should be exchanging

2070

01:18:57,350 --> 01:18:56,100

information on an unclassified level now

2071

01:19:00,169 --> 01:18:57,360

let me tell you what the what the

2072

01:19:05,149 --> 01:19:00,179

problematic part with all this stuff is

2073

01:19:07,970 --> 01:19:05,159

um any government that's out there

2074

01:19:10,430 --> 01:19:07,980

worth their salt is you know they're

2075

01:19:11,870 --> 01:19:10,440

always looking to preserve their system

2076

01:19:13,850 --> 01:19:11,880

of government their form of government

2077

01:19:15,709 --> 01:19:13,860

their governmental structure I mean we

2078

01:19:17,990 --> 01:19:15,719

might look at North Korea right and

2079

01:19:19,910 --> 01:19:18,000

really well that is the thugocracy right

2080

01:19:21,470 --> 01:19:19,920

it's just a bunch of thugs you know

2081

01:19:23,090 --> 01:19:21,480

running Russia is pretty much the same

2082

01:19:26,270 --> 01:19:23,100

thing you know it's a mafia you know

2083

01:19:28,310 --> 01:19:26,280

with some corrupt uh politicians and

2084

01:19:29,689 --> 01:19:28,320

what have you so they need they want to

2085

01:19:32,270 --> 01:19:29,699

stay in power so what they're going to

2086

01:19:34,910 --> 01:19:32,280

do is anything they could weaponize to

2087

01:19:36,290 --> 01:19:34,920

give them leverage they'll do so let's

2088

01:19:38,209 --> 01:19:36,300

say

2089

01:19:41,330 --> 01:19:38,219

that the United States

2090

01:19:44,990 --> 01:19:41,340

you know has hypothetically can you know

2091

01:19:46,610 --> 01:19:45,000

has a down craft uh and is looking at

2092

01:19:48,890 --> 01:19:46,620

this craft and can't figure out how the

2093

01:19:50,510 --> 01:19:48,900

hell it works but nevertheless a throat

2094

01:19:53,990 --> 01:19:50,520

enough scientists and money on it to

2095

01:19:56,209 --> 01:19:54,000

figure out you know maybe looking at the

2096

01:19:57,890 --> 01:19:56,219

com how this thing is you know built or

2097

01:19:59,330 --> 01:19:57,900

you know the composite materials they

2098

01:20:01,669 --> 01:19:59,340

were able to figure something out and

2099

01:20:03,169 --> 01:20:01,679

maybe they got the C or D version of

2100

01:20:05,810 --> 01:20:03,179

this now right they were able to reverse

2101
01:20:07,790 --> 01:20:05,820
engineer to a much much lower level but

2102
01:20:09,290 --> 01:20:07,800
nevertheless a level that might be an

2103
01:20:10,689 --> 01:20:09,300
order of magnitude greater than what

2104
01:20:13,310 --> 01:20:10,699
they currently have

2105
01:20:14,689 --> 01:20:13,320
so they don't they're not going to take

2106
01:20:16,010 --> 01:20:14,699
this technology and they're not going to

2107
01:20:17,149 --> 01:20:16,020
give it to the world and they're going

2108
01:20:18,470 --> 01:20:17,159
to say look what we've found you know I

2109
01:20:20,689 --> 01:20:18,480
mean it's free energy they're not going

2110
01:20:22,910 --> 01:20:20,699
to do that because what happens is once

2111
01:20:26,450 --> 01:20:22,920
you do that uh

2112
01:20:29,149 --> 01:20:26,460
um that type of Technology then becomes

2113
01:20:31,550 --> 01:20:29,159

ubiquitous and governments that may not

2114

01:20:33,590 --> 01:20:31,560

be you know well who have you know

2115

01:20:35,570 --> 01:20:33,600

interest and difficult to your own

2116

01:20:38,330 --> 01:20:35,580

may use that against you I mean the

2117

01:20:40,490 --> 01:20:38,340

world's a nasty nasty place I mean in

2118

01:20:42,410 --> 01:20:40,500

CIA that's one of the things I took out

2119

01:20:44,270 --> 01:20:42,420

of it was you know the the Ark of

2120

01:20:46,250 --> 01:20:44,280

justice and the Arca morality I think is

2121

01:20:48,530 --> 01:20:46,260

it really does flow towards the right

2122

01:20:50,750 --> 01:20:48,540

and the good it really does but it's a

2123

01:20:53,629 --> 01:20:50,760

very very small Arc it's not this great

2124

01:20:56,270 --> 01:20:53,639

big arctic you have some nasty nasty

2125

01:20:58,010 --> 01:20:56,280

people out there and

2126

01:20:59,689 --> 01:20:58,020

uh they would love to see they're

2127

01:21:02,209 --> 01:20:59,699

nothing love better than you know the

2128

01:21:05,689 --> 01:21:02,219

foment Revolution and pain and Agony and

2129

01:21:07,250 --> 01:21:05,699

War so you want to keep Technologies

2130

01:21:09,350 --> 01:21:07,260

away from them and the only way you do

2131

01:21:11,689 --> 01:21:09,360

that is to keep them compartmentalized

2132

01:21:14,450 --> 01:21:11,699

and classified that's just a state of

2133

01:21:15,890 --> 01:21:14,460

affairs I I I I would hope that we

2134

01:21:17,750 --> 01:21:15,900

figured out a way to have free energy

2135

01:21:19,129 --> 01:21:17,760

and give it to everybody but you know

2136

01:21:21,169 --> 01:21:19,139

what's going to happen to that and

2137

01:21:23,270 --> 01:21:21,179

they're gonna someone's gonna weaponize

2138

01:21:25,430 --> 01:21:23,280

it's this whole idea of you know like

2139

01:21:27,709 --> 01:21:25,440

for instance a do-it-yourself bio you

2140

01:21:29,270 --> 01:21:27,719

know these bio punks who basically were

2141

01:21:31,490 --> 01:21:29,280

able to hack into they're able to buy

2142

01:21:33,169 --> 01:21:31,500

little strains of chromosomes and DNA

2143

01:21:35,209 --> 01:21:33,179

and then put together something it's

2144

01:21:38,450 --> 01:21:35,219

really only a matter of time before some

2145

01:21:39,890 --> 01:21:38,460

English major uh with a knack for you

2146

01:21:42,530 --> 01:21:39,900

know biology is going to put together

2147

01:21:45,649 --> 01:21:42,540

you know something that resembles uh

2148

01:21:48,890 --> 01:21:45,659

smallpox or Aids and able to put it into

2149

01:21:50,450 --> 01:21:48,900

a flu virus and then you know decide

2150

01:21:53,570 --> 01:21:50,460

he's going to take out

2151

01:21:55,910 --> 01:21:53,580

you know uh uh you know half the United

2152

01:21:57,410 --> 01:21:55,920

States you know by infecting five or six

2153

01:21:59,689 --> 01:21:57,420

people putting them on airplanes and off

2154

01:22:01,310 --> 01:21:59,699

they go I mean those kind of scenarios

2155

01:22:03,229 --> 01:22:01,320

are actually you know real and they

2156

01:22:04,490 --> 01:22:03,239

they're maybe not quite yet but really

2157

01:22:06,470 --> 01:22:04,500

in the next three or four or five years

2158

01:22:09,050 --> 01:22:06,480

that this is going to be doable

2159

01:22:10,430 --> 01:22:09,060

so like I said the world is a dangerous

2160

01:22:12,050 --> 01:22:10,440

place so if you look if you're the

2161

01:22:13,310 --> 01:22:12,060

United States government or the Russian

2162

01:22:15,470 --> 01:22:13,320

government you know what you're going to

2163

01:22:17,030 --> 01:22:15,480

do is you're having to keep what you may

2164

01:22:20,090 --> 01:22:17,040

know about this

2165

01:22:21,770 --> 01:22:20,100

um uh that gives you an advantage

2166

01:22:23,629 --> 01:22:21,780

particularly militarily over another

2167

01:22:25,010 --> 01:22:23,639

country you're really not going to want

2168

01:22:25,910 --> 01:22:25,020

to share that and you really want to

2169

01:22:27,470 --> 01:22:25,920

you're really going to want to

2170

01:22:31,010 --> 01:22:27,480

compartmentalize it and make sure nobody

2171

01:22:32,390 --> 01:22:31,020

has that so that's the problem so when

2172

01:22:35,209 --> 01:22:32,400

Japan comes over to the United States

2173

01:22:36,550 --> 01:22:35,219

and says you know tell me everything you

2174

01:22:39,649 --> 01:22:36,560

know about

2175

01:22:41,209 --> 01:22:39,659

UFOs and the phenomenon I mean you know

2176
01:22:43,189 --> 01:22:41,219
they can go to the private organization

2177
01:22:45,169 --> 01:22:43,199
and we can we can give them that you

2178
01:22:46,669 --> 01:22:45,179
know and but they go to the military in

2179
01:22:49,550 --> 01:22:46,679
the military they're not going to do

2180
01:22:50,930 --> 01:22:49,560
that yeah what will tell you maybe we'll

2181
01:22:52,490 --> 01:22:50,940
share some data with you we're not going

2182
01:22:54,530 --> 01:22:52,500
to share all the data

2183
01:22:56,629 --> 01:22:54,540
no you know there's five eyes you know

2184
01:22:59,149 --> 01:22:56,639
uh you're familiar with five eyes

2185
01:23:01,310 --> 01:22:59,159
uh five eyes is uh is an intelligence

2186
01:23:02,990 --> 01:23:01,320
relationship

2187
01:23:06,709 --> 01:23:03,000
that exists between the United States

2188
01:23:09,590 --> 01:23:06,719

Canada uh Great Britain New Zealand and

2189

01:23:12,290 --> 01:23:09,600

Australia they share an enormous amount

2190

01:23:14,930 --> 01:23:12,300

of information uh with one another

2191

01:23:18,290 --> 01:23:14,940

um and so would there be sharing of

2192

01:23:19,850 --> 01:23:18,300

information between five eyes and you

2193

01:23:21,950 --> 01:23:19,860

know on this particular topic probably

2194

01:23:23,030 --> 01:23:21,960

to a certain extent they don't share

2195

01:23:24,830 --> 01:23:23,040

everything with them but they share

2196

01:23:28,430 --> 01:23:24,840

quite a bit

2197

01:23:30,169 --> 01:23:28,440

um so yeah so I think that's what the

2198

01:23:32,030 --> 01:23:30,179

problem is is it fair

2199

01:23:32,990 --> 01:23:32,040

to all us all of the people out there

2200

01:23:35,689 --> 01:23:33,000

really want to know what the hell's

2201

01:23:37,189 --> 01:23:35,699

going on no no

2202

01:23:39,530 --> 01:23:37,199

um but you can make a very strong

2203

01:23:42,010 --> 01:23:39,540

argument that you really don't you don't

2204

01:23:43,910 --> 01:23:42,020

want to take that information

2205

01:23:45,350 --> 01:23:43,920

necessarily and put it all out there

2206

01:23:47,750 --> 01:23:45,360

right so

2207

01:23:49,790 --> 01:23:47,760

it's a threat it's just like does that

2208

01:23:51,830 --> 01:23:49,800

make sure am I am I all wet I mean I

2209

01:23:53,689 --> 01:23:51,840

could be aware no it makes sense yeah

2210

01:23:55,850 --> 01:23:53,699

people have good intentions and bad

2211

01:23:57,830 --> 01:23:55,860

intentions with everything and if it's

2212

01:23:59,030 --> 01:23:57,840

groundbreaking technology you know

2213

01:24:00,770 --> 01:23:59,040

there's some people that just want to

2214

01:24:03,530 --> 01:24:00,780

make it for their own purpose and that

2215

01:24:07,310 --> 01:24:03,540

may be an evil one yeah if there was a

2216

01:24:10,490 --> 01:24:07,320

way I I I mean you I mean if you if you

2217

01:24:12,770 --> 01:24:10,500

have Plato or Socrates you know in this

2218

01:24:14,810 --> 01:24:12,780

conversation there were two more squares

2219

01:24:16,070 --> 01:24:14,820

here and they were we would have a

2220

01:24:18,350 --> 01:24:16,080

wonderful conversation about this

2221

01:24:21,110 --> 01:24:18,360

because you know they there are

2222

01:24:22,850 --> 01:24:21,120

philosophers you know and um they they

2223

01:24:25,010 --> 01:24:22,860

understood this I mean you know they

2224

01:24:26,330 --> 01:24:25,020

were first-rate minds they would fit

2225

01:24:27,649 --> 01:24:26,340

right in with this type of topic area

2226

01:24:30,229 --> 01:24:27,659

the only thing that would separate them

2227

01:24:31,790 --> 01:24:30,239

from us is technology is in the sense

2228

01:24:34,370 --> 01:24:31,800

that they wouldn't know what a hell an

2229

01:24:36,770 --> 01:24:34,380

iPhone was or a microphone or or this it

2230

01:24:39,709 --> 01:24:36,780

would be magic to them in a way but

2231

01:24:42,229 --> 01:24:39,719

nevertheless the foundations uh uh and

2232

01:24:44,689 --> 01:24:42,239

what they talked about truth and justice

2233

01:24:46,550 --> 01:24:44,699

you know and morality

2234

01:24:48,050 --> 01:24:46,560

um yeah we can easily have a

2235

01:24:50,750 --> 01:24:48,060

conversation with them in the 21st

2236

01:24:53,390 --> 01:24:50,760

century about that today

2237

01:24:56,330 --> 01:24:53,400

um but on technology we can't and the

2238

01:24:58,490 --> 01:24:56,340

problem is is we technology has moved so

2239

01:25:01,490 --> 01:24:58,500

quickly that

2240

01:25:03,890 --> 01:25:01,500

um and and we have not really

2241

01:25:05,689 --> 01:25:03,900

moved as quickly in the Realms of

2242

01:25:08,870 --> 01:25:05,699

goodness morality

2243

01:25:10,550 --> 01:25:08,880

and uh ethical Behavior as I think we

2244

01:25:13,010 --> 01:25:10,560

should have as human beings I think the

2245

01:25:14,990 --> 01:25:13,020

bulk of human beings are moral have a

2246

01:25:16,370 --> 01:25:15,000

decent moral and ethical Center you know

2247

01:25:19,850 --> 01:25:16,380

but look what's going on in the United

2248

01:25:21,590 --> 01:25:19,860

States I mean this divide we have now uh

2249

01:25:25,070 --> 01:25:21,600

all this disinformation that's out there

2250

01:25:26,570 --> 01:25:25,080

and um it's awful and uh by a former

2251

01:25:29,810 --> 01:25:26,580

president who keeps putting it out there

2252

01:25:33,110 --> 01:25:30,890

just I don't know whether you're

2253

01:25:36,110 --> 01:25:33,120

Republican attempt grat I generally team

2254

01:25:39,229 --> 01:25:36,120

lean towards Democrat but but it's

2255

01:25:41,510 --> 01:25:39,239

you know I it's you can't you can't do

2256

01:25:42,830 --> 01:25:41,520

that it's it's just it's it really

2257

01:25:49,310 --> 01:25:42,840

damages

2258

01:25:51,950 --> 01:25:49,320

unethical behavior and it shouldn't go

2259

01:25:53,209 --> 01:25:51,960

on but this is what happens this is

2260

01:25:54,830 --> 01:25:53,219

happening around the globe and hopefully

2261

01:25:58,010 --> 01:25:54,840

it'll get better

2262

01:26:01,729 --> 01:25:59,629

gotta hang in there that's the only

2263

01:26:03,229 --> 01:26:01,739

thing that we can do as a species but

2264

01:26:04,790 --> 01:26:03,239

yeah you mentioned

2265

01:26:07,129 --> 01:26:04,800

um you know our talking with

2266

01:26:09,830 --> 01:26:07,139

philosophers

2267

01:26:11,990 --> 01:26:09,840

as a species we really haven't evolved

2268

01:26:14,570 --> 01:26:12,000

much from the Medieval Age I mean we

2269

01:26:16,970 --> 01:26:14,580

just got better technology to kill more

2270

01:26:19,010 --> 01:26:16,980

people but our ideas and you know

2271

01:26:21,169 --> 01:26:19,020

concepts of killing other people the

2272

01:26:22,970 --> 01:26:21,179

valuing somebody else's life and stuff

2273

01:26:25,669 --> 01:26:22,980

like that or another country's purpose

2274

01:26:27,110 --> 01:26:25,679

uh we've always done that and I don't

2275

01:26:30,530 --> 01:26:27,120

think that's going to end anytime soon

2276

01:26:32,330 --> 01:26:30,540

and with the disclosure being what it is

2277

01:26:33,770 --> 01:26:32,340

I don't think it's going to bring the

2278

01:26:35,570 --> 01:26:33,780

countries together if you're saying hey

2279

01:26:38,209 --> 01:26:35,580

we're being visited by something from

2280

01:26:41,510 --> 01:26:38,219

somewhere else would that unite the

2281

01:26:43,550 --> 01:26:41,520

planet I think what was his name um

2282

01:26:46,189 --> 01:26:43,560

I was going to say Rogan it's not Rogan

2283

01:26:47,750 --> 01:26:46,199

Reagan uh the president he once

2284

01:26:49,550 --> 01:26:47,760

mentioned that at the U.N meeting he

2285

01:26:50,990 --> 01:26:49,560

says I will often wonder if uh you know

2286

01:26:53,149 --> 01:26:51,000

if we were being attacked from a night

2287

01:26:57,590 --> 01:26:53,159

size Source if we would

2288

01:27:00,709 --> 01:26:57,600

come together as a species and I I often

2289

01:27:02,510 --> 01:27:00,719

thought that too like maybe that's what

2290

01:27:05,030 --> 01:27:02,520

we need is we need to have some sort of

2291

01:27:07,610 --> 01:27:05,040

fear of something to be able to unite us

2292

01:27:09,169 --> 01:27:07,620

to progress because right now we're

2293

01:27:12,110 --> 01:27:09,179

we're just a hot mess like you mentioned

2294

01:27:13,790 --> 01:27:12,120

the states it's a hot mess right now

2295

01:27:17,810 --> 01:27:13,800

um and we hope to get back on track

2296

01:27:18,890 --> 01:27:17,820

anyways uh with this closure is is the

2297

01:27:20,689 --> 01:27:18,900

main thing I think we're all being

2298

01:27:22,550 --> 01:27:20,699

distracted right now with uh Donald

2299

01:27:24,530 --> 01:27:22,560

Trump and all that but the government

2300

01:27:27,110 --> 01:27:24,540

literally came out and said uops are

2301

01:27:30,470 --> 01:27:27,120

real UFOs are real and it didn't make

2302

01:27:32,030 --> 01:27:30,480

much of a boom at all in within the

2303

01:27:34,729 --> 01:27:32,040

media there's a few places that have

2304

01:27:37,669 --> 01:27:34,739

caught on like uh Tucker Carlson is is

2305

01:27:40,970 --> 01:27:37,679

you know hosting people all the time a

2306

01:27:42,709 --> 01:27:40,980

few CNN things but uh it really hasn't

2307

01:27:44,510 --> 01:27:42,719

boomed as much as I thought it was going

2308

01:27:45,229 --> 01:27:44,520

to be I mean to me it was a huge shock

2309

01:27:48,890 --> 01:27:45,239

but

2310

01:27:50,990 --> 01:27:48,900

well this is not you know I I like to

2311

01:27:53,270 --> 01:27:51,000

remind people and where I said this

2312

01:27:54,050 --> 01:27:53,280

right before we went on we live in a

2313

01:27:56,810 --> 01:27:54,060

very

2314

01:27:58,850 --> 01:27:56,820

small bubble uh this UFO phenomena

2315

01:28:01,250 --> 01:27:58,860

bubble UAP phenomenon

2316

01:28:02,930 --> 01:28:01,260

and um we like to think you know that

2317

01:28:04,129 --> 01:28:02,940

it's it's the hottest topic I I always

2318

01:28:06,229 --> 01:28:04,139

tell people it's a story of the

2319

01:28:07,490 --> 01:28:06,239

Millennium yeah why aren't you jumping

2320

01:28:09,229 --> 01:28:07,500

up and down I mean why aren't people

2321

01:28:10,970 --> 01:28:09,239

jumping up and down oh my God you know

2322

01:28:12,350 --> 01:28:10,980

we're not alone and this is how are we

2323

01:28:15,530 --> 01:28:12,360

going to fit this in and how are we

2324

01:28:18,290 --> 01:28:15,540

going to handle this nobody cares uh I

2325

01:28:20,510 --> 01:28:18,300

was at a party the other night

2326

01:28:23,390 --> 01:28:20,520

and um um

2327

01:28:25,550 --> 01:28:23,400

oh almost everybody there had a PhD or

2328

01:28:27,410 --> 01:28:25,560

JD or something along those lines or

2329

01:28:29,750 --> 01:28:27,420

Advanced degrees and we were talking

2330

01:28:32,330 --> 01:28:29,760

about this uh if the subject came up but

2331

01:28:33,830 --> 01:28:32,340

it was very clear that hey nobody knew

2332

01:28:35,930 --> 01:28:33,840

anything about it

2333

01:28:37,850 --> 01:28:35,940

um people still thought it was sort of a

2334

01:28:38,870 --> 01:28:37,860

jokey kind of thing

2335

01:28:41,570 --> 01:28:38,880

um and these are you know

2336

01:28:44,990 --> 01:28:41,580

extraordinarily bright people and but

2337

01:28:48,169 --> 01:28:45,000

outside of our little group

2338

01:28:51,050 --> 01:28:48,179

it's not this is not on anybody's top 50

2339

01:28:52,129 --> 01:28:51,060

list let alone top 10 list nobody gives

2340

01:28:53,629 --> 01:28:52,139

a damn

2341

01:28:55,310 --> 01:28:53,639

um I've had people come down to this

2342

01:28:57,010 --> 01:28:55,320

little room of mine you know look at all

2343

01:28:59,990 --> 01:28:57,020

this this stuff

2344

01:29:02,270 --> 01:29:00,000

I mean you know jaws drop a little bit

2345

01:29:04,850 --> 01:29:02,280

and what the hell are you reading and

2346

01:29:06,950 --> 01:29:04,860

you know and I and I so you know I I

2347

01:29:08,270 --> 01:29:06,960

always attempt to engage him in and you

2348

01:29:09,590 --> 01:29:08,280

know but usually within the first few

2349

01:29:11,149 --> 01:29:09,600

minutes you realize I'm not the least

2350

01:29:13,370 --> 01:29:11,159

bit interested their eyes glaze over

2351

01:29:14,209 --> 01:29:13,380

when you start talking about it

2352

01:29:18,950 --> 01:29:14,219

um

2353

01:29:22,310 --> 01:29:18,960

so you know you know this until we get

2354

01:29:23,570 --> 01:29:22,320

what what I like to call um you know you

2355

01:29:25,490 --> 01:29:23,580

know the brick wall falling on

2356

01:29:27,169 --> 01:29:25,500

somebody's head you know the definitive

2357

01:29:32,330 --> 01:29:27,179

kind of

2358

01:29:34,610 --> 01:29:32,340

incident right where a a craft you know

2359

01:29:35,990 --> 01:29:34,620

makes itself known to a large amount of

2360

01:29:37,910 --> 01:29:36,000

people

2361

01:29:40,070 --> 01:29:37,920

um uh you know and it can be it

2362

01:29:41,530 --> 01:29:40,080

photographed and what have you um you

2363

01:29:45,290 --> 01:29:41,540

know there I mean

2364

01:29:46,669 --> 01:29:45,300

where it's it's apparent very clear what

2365

01:29:48,950 --> 01:29:46,679

has happened until that happens

2366

01:29:50,930 --> 01:29:48,960

nothing's gonna happen right now we have

2367

01:29:52,850 --> 01:29:50,940

all this radar data we actually have

2368

01:29:54,470 --> 01:29:52,860

pictures pictures are not going to come

2369

01:29:57,590 --> 01:29:54,480

out I don't think or may come out I

2370

01:29:59,930 --> 01:29:57,600

don't know uh but the point is is it's

2371

01:30:03,350 --> 01:29:59,940

not going to happen until until that

2372

01:30:05,870 --> 01:30:03,360

happens so whose problem is it yeah yeah

2373

01:30:08,149 --> 01:30:05,880

I always like to say you know you know

2374

01:30:09,350 --> 01:30:08,159

you can what we end up doing is blaming

2375

01:30:11,870 --> 01:30:09,360

ourselves right we blame the government

2376

01:30:13,250 --> 01:30:11,880

we blame you know uh you know I'm

2377

01:30:14,450 --> 01:30:13,260

sitting here going you know yapping

2378

01:30:16,310 --> 01:30:14,460

about most people don't give a damn

2379

01:30:18,830 --> 01:30:16,320

about it it's a story Millennium but

2380

01:30:20,510 --> 01:30:18,840

really the it's it's it's the

2381

01:30:23,870 --> 01:30:20,520

phenomenon's fault

2382

01:30:26,570 --> 01:30:23,880

you know screw that you know screw them

2383

01:30:29,510 --> 01:30:26,580

they come into your bedroom they come

2384

01:30:31,250 --> 01:30:29,520

over your car you know they're the ones

2385

01:30:33,830 --> 01:30:31,260

causing all this [h__h] they're the ones

2386

01:30:35,330 --> 01:30:33,840

and all they're doing is waving at us

2387

01:30:38,030 --> 01:30:35,340

right flipping us the middle finger

2388

01:30:39,590 --> 01:30:38,040

because essentially you know they're

2389

01:30:41,689 --> 01:30:39,600

they're basically saying look we're here

2390

01:30:43,850 --> 01:30:41,699

we're here we'll give you this I mean

2391

01:30:46,790 --> 01:30:43,860

you could you can catch us we'll let you

2392

01:30:48,470 --> 01:30:46,800

get close but not too close is what I

2393

01:30:50,750 --> 01:30:48,480

told Robert Hastings once I said you

2394

01:30:53,510 --> 01:30:50,760

know they tease you cajole you you know

2395

01:30:55,129 --> 01:30:53,520

they uh deceive you uh they'll do

2396

01:30:57,470 --> 01:30:55,139

anything you know say anything do

2397

01:30:59,350 --> 01:30:57,480

anything but they'll never introduce

2398

01:31:01,669 --> 01:30:59,360

themselves to your parents

2399

01:31:04,250 --> 01:31:01,679

and um

2400

01:31:05,930 --> 01:31:04,260

they just won't and and you know so I

2401

01:31:07,850 --> 01:31:05,940

I'd look at them and you know I look at

2402

01:31:09,470 --> 01:31:07,860

this whole thing and I say well you know

2403

01:31:10,970 --> 01:31:09,480

I'm trying to get mad at anybody I don't

2404

01:31:12,770 --> 01:31:10,980

get you know people come up with these

2405

01:31:14,510 --> 01:31:12,780

weird ideas of what this might be I said

2406

01:31:16,669 --> 01:31:14,520

yeah okay that's it's understandable

2407

01:31:18,229 --> 01:31:16,679

because the phenomena doesn't isn't

2408

01:31:20,450 --> 01:31:18,239

giving us anything it's been doing this

2409

01:31:23,149 --> 01:31:20,460

for 2 000 years since recorded history

2410

01:31:25,310 --> 01:31:23,159

more than 2 000 years it's been playing

2411

01:31:28,250 --> 01:31:25,320

with us and it plays this is why John

2412

01:31:30,830 --> 01:31:28,260

keel make that statement it's a damn

2413

01:31:32,270 --> 01:31:30,840

Cosmic joke right I mean if they're

2414

01:31:33,649 --> 01:31:32,280

deceitful you know whatever the hell

2415

01:31:35,330 --> 01:31:33,659

they are they're doing it on purpose

2416

01:31:38,209 --> 01:31:35,340

they're just banging us around a little

2417

01:31:39,470 --> 01:31:38,219

bit so now it gives you guys you know a

2418

01:31:41,030 --> 01:31:39,480

little original debt right because you

2419

01:31:43,430 --> 01:31:41,040

have to get this great little podcast

2420

01:31:45,590 --> 01:31:43,440

you have you know you get you get little

2421

01:31:48,169 --> 01:31:45,600

little morons like neon here looks yak

2422

01:31:50,149 --> 01:31:48,179

yak yak about all this kind of stuff but

2423

01:31:52,129 --> 01:31:50,159

we don't come up with anything

2424

01:31:53,750 --> 01:31:52,139

um I I don't think so

2425

01:31:55,790 --> 01:31:53,760

I I don't know

2426

01:31:57,649 --> 01:31:55,800

um we're trying to we're still trying to

2427

01:31:59,149 --> 01:31:57,659

find the needles in the haystack

2428

01:32:01,370 --> 01:31:59,159

we're still trying to figure out the

2429

01:32:03,110 --> 01:32:01,380

signal from the noise somebody once

2430

01:32:04,550 --> 01:32:03,120

mentioned to me you know we we haven't

2431

01:32:06,350 --> 01:32:04,560

connected the dots and I said I don't

2432

01:32:07,790 --> 01:32:06,360

even know if there's any dots let alone

2433

01:32:10,070 --> 01:32:07,800

trying to connect them I said what

2434

01:32:11,570 --> 01:32:10,080

thought is there you know there's some

2435

01:32:12,890 --> 01:32:11,580

you know Jacques pointed this out he

2436

01:32:15,310 --> 01:32:12,900

said there's there's a lot of stability

2437

01:32:17,870 --> 01:32:15,320

in in some of the

2438

01:32:19,850 --> 01:32:17,880

experiences that people have you know

2439

01:32:23,149 --> 01:32:19,860

you can write down six or seven things

2440

01:32:25,910 --> 01:32:23,159

that always pretty much always happen

2441

01:32:28,370 --> 01:32:25,920

but that's about it you know and and

2442

01:32:30,709 --> 01:32:28,380

it's not true all the time but it's true

2443

01:32:32,209 --> 01:32:30,719

nearly 60 70 of the time which is pretty

2444

01:32:34,790 --> 01:32:32,219

good

2445

01:32:36,649 --> 01:32:34,800

but try to extrapolate and take from

2446

01:32:38,390 --> 01:32:36,659

that what it actually means and and I

2447

01:32:40,790 --> 01:32:38,400

don't know I hope I'm not giving you

2448

01:32:42,110 --> 01:32:40,800

both a headache here because oh no we've

2449

01:32:44,750 --> 01:32:42,120

gone through this in our own personal

2450

01:32:47,030 --> 01:32:44,760

careers too like I said earlier you feel

2451

01:32:49,070 --> 01:32:47,040

like you make progress and then it's

2452

01:32:51,350 --> 01:32:49,080

just like maybe we're just not good

2453

01:32:53,990 --> 01:32:51,360

enough observers our spectrum is only so

2454

01:32:57,110 --> 01:32:54,000

wide this all you know exists all around

2455

01:32:59,689 --> 01:32:57,120

us maybe just biologically we will never

2456

01:33:02,090 --> 01:32:59,699

understand it maybe it's not Stranger

2457

01:33:05,270 --> 01:33:02,100

than we think it's Stranger than we can

2458

01:33:07,610 --> 01:33:05,280

think and we may never get there so we

2459

01:33:09,890 --> 01:33:07,620

have a a positive outlook that we want

2460

01:33:12,169 --> 01:33:09,900

to learn more do I personally believe

2461

01:33:14,930 --> 01:33:12,179

I'll ever understand it no I don't think

2462

01:33:16,550 --> 01:33:14,940

so yeah I don't know I mean I'm I I'm

2463

01:33:18,229 --> 01:33:16,560

leaning towards the fact that I don't

2464

01:33:19,790 --> 01:33:18,239

think in my at least in my lifetime

2465

01:33:23,270 --> 01:33:19,800

maybe yours you guys are a lot younger

2466

01:33:25,129 --> 01:33:23,280

you might come up with more data uh uh

2467

01:33:27,050 --> 01:33:25,139

but I think in my lifetime I think I'll

2468

01:33:29,689 --> 01:33:27,060

I'll you know I'll go on my Merry way

2469

01:33:31,790 --> 01:33:29,699

and and and never know really

2470

01:33:35,689 --> 01:33:31,800

even have a hint of what the hell it is

2471

01:33:38,570 --> 01:33:35,699

that's fine you know uh uh uh but what

2472

01:33:42,110 --> 01:33:38,580

you know what I look at

2473

01:33:44,390 --> 01:33:42,120

what bothers me the most I guess

2474

01:33:49,430 --> 01:33:44,400

from a human perspective

2475

01:33:52,250 --> 01:33:49,440

is all these experiences in contactees

2476

01:33:54,470 --> 01:33:52,260

uh and to a lesser extent you know

2477

01:33:56,030 --> 01:33:54,480

people like you you know the people that

2478

01:33:59,030 --> 01:33:56,040

are genuinely interested in this and

2479

01:34:01,390 --> 01:33:59,040

actually spend their time researching it

2480

01:34:03,470 --> 01:34:01,400

but particularly the the the

2481

01:34:04,790 --> 01:34:03,480

abductees or the people that have this

2482

01:34:07,610 --> 01:34:04,800

experience

2483

01:34:09,350 --> 01:34:07,620

that they've gone through so much you

2484

01:34:10,910 --> 01:34:09,360

know psychological pain sometimes

2485

01:34:12,350 --> 01:34:10,920

physical pain

2486

01:34:16,430 --> 01:34:12,360

and

2487

01:34:18,590 --> 01:34:16,440

there is no explanation for them what

2488

01:34:20,209 --> 01:34:18,600

did John Mack say John John Max said

2489

01:34:22,129 --> 01:34:20,219

something along the lines of

2490

01:34:25,250 --> 01:34:22,139

you know the the most we can ever say

2491

01:34:27,770 --> 01:34:25,260

about that this abduction stuff is it

2492

01:34:28,910 --> 01:34:27,780

it's a mystery and we really shouldn't

2493

01:34:30,350 --> 01:34:28,920

say anything more than that in other

2494

01:34:32,870 --> 01:34:30,360

words there's really because there's

2495

01:34:35,390 --> 01:34:32,880

nothing really more else to say

2496

01:34:38,629 --> 01:34:35,400

and um

2497

01:34:40,729 --> 01:34:38,639

and it's it's sort of um

2498

01:34:42,410 --> 01:34:40,739

It's upsetting when you think about it I

2499

01:34:45,470 --> 01:34:42,420

I you know all these people that have

2500

01:34:47,090 --> 01:34:45,480

this and you know many many will die

2501
01:34:49,669 --> 01:34:47,100
without ever knowing what it was all

2502
01:34:52,430 --> 01:34:49,679
about uh or

2503
01:34:54,229 --> 01:34:52,440
they'll come to their own conclusions of

2504
01:34:55,850 --> 01:34:54,239
you know maybe it was a way for them to

2505
01:34:57,649 --> 01:34:55,860
become more spiritually aware which I

2506
01:34:59,750 --> 01:34:57,659
think for the general population have

2507
01:35:02,270 --> 01:34:59,760
had this generally have that

2508
01:35:04,790 --> 01:35:02,280
uh but for other ones I know it's it's

2509
01:35:06,770 --> 01:35:04,800
just it's been horrendous for them you

2510
01:35:09,169 --> 01:35:06,780
know um just horrendous experience for

2511
01:35:10,910 --> 01:35:09,179
them they live with this and they and

2512
01:35:13,669 --> 01:35:10,920
some of them continue to live with it

2513
01:35:17,689 --> 01:35:13,679

you know that continue to have orbs

2514

01:35:22,609 --> 01:35:20,270
and 20 with them

2515

01:35:25,010 --> 01:35:22,619
in the abduction phenomenon is is is

2516

01:35:26,870 --> 01:35:25,020
traumatic as well like it's a violation

2517

01:35:28,189 --> 01:35:26,880
like you mentioned of of your human

2518

01:35:30,530 --> 01:35:28,199
rights of

2519

01:35:32,450 --> 01:35:30,540
everything that makes up you they're

2520

01:35:34,669 --> 01:35:32,460
just basically saying no we now have

2521

01:35:36,229 --> 01:35:34,679
control over this or whatever it is that

2522

01:35:38,270 --> 01:35:36,239
they're going to do to you so that's the

2523

01:35:39,550 --> 01:35:38,280
part that for a lot of people they have

2524

01:35:42,050 --> 01:35:39,560
a hard time wrapping their heads around

2525

01:35:44,990 --> 01:35:42,060
saying I had absolutely no authority

2526

01:35:46,609 --> 01:35:45,000

over my own body like I had to do you

2527

01:35:48,470 --> 01:35:46,619

know whatever procedures they told me to

2528

01:35:50,810 --> 01:35:48,480

do I was complying with them like it's

2529

01:35:52,790 --> 01:35:50,820

just it's so weird but it's great to

2530

01:35:55,010 --> 01:35:52,800

have you know people like yourself like

2531

01:35:57,890 --> 01:35:55,020

I mentioned saying hey this happened to

2532

01:36:00,590 --> 01:35:57,900

me right this and while I was working

2533

01:36:02,750 --> 01:36:00,600

with the CIA so obviously like I said to

2534

01:36:04,609 --> 01:36:02,760

me it's it's great to hear because it's

2535

01:36:06,590 --> 01:36:04,619

always something that I'm curious about

2536

01:36:08,149 --> 01:36:06,600

like the people in the CIA have

2537

01:36:10,669 --> 01:36:08,159

experiences to people in the military

2538

01:36:12,770 --> 01:36:10,679

have experiences and it seems to be the

2539

01:36:15,109 --> 01:36:12,780

case it seems to be that yeah everybody

2540

01:36:17,990 --> 01:36:15,119

everywhere different

2541

01:36:20,390 --> 01:36:18,000

uh you know Industries are experiencing

2542

01:36:22,189 --> 01:36:20,400

this phenomenon which again should we

2543

01:36:24,290 --> 01:36:22,199

call it phenomenon more of a happening

2544

01:36:25,970 --> 01:36:24,300

because that's what's happening it's no

2545

01:36:28,010 --> 01:36:25,980

longer a phenomenon phenomenon is like

2546

01:36:30,530 --> 01:36:28,020

rare occasions this almost takes place

2547

01:36:32,870 --> 01:36:30,540

on a daily basis so yeah I don't know if

2548

01:36:34,129 --> 01:36:32,880

we should change it or not but um Louie

2549

01:36:36,050 --> 01:36:34,139

do you have any final questions for our

2550

01:36:38,390 --> 01:36:36,060

guest today no I just want to extend a

2551

01:36:40,910 --> 01:36:38,400

really sincere thanks to Jim uh you know

2552

01:36:42,530 --> 01:36:40,920

it's been enlightening for us it's uh

2553

01:36:44,330 --> 01:36:42,540

it's difficult to run a type of show

2554

01:36:46,729 --> 01:36:44,340

like this and get really credible guests

2555

01:36:49,310 --> 01:36:46,739

and guys of your caliber there just

2556

01:36:52,010 --> 01:36:49,320

aren't many of and open-minded enough to

2557

01:36:54,050 --> 01:36:52,020

not be too opinionated you know we uh we

2558

01:36:55,970 --> 01:36:54,060

like to tell people that we bring forth

2559

01:36:57,590 --> 01:36:55,980

the guest you form your own opinion

2560

01:37:00,470 --> 01:36:57,600

they're not necessarily sharing our

2561

01:37:03,050 --> 01:37:00,480

ideas but it's their own but in today's

2562

01:37:04,370 --> 01:37:03,060

case in today's episode we you know

2563

01:37:05,810 --> 01:37:04,380

wholeheartedly agree with everything

2564

01:37:07,970 --> 01:37:05,820

you've said

2565

01:37:10,310 --> 01:37:07,980

um you know you've dedicated your life

2566

01:37:11,810 --> 01:37:10,320

to protecting the country but now you

2567

01:37:13,850 --> 01:37:11,820

want to help people understand what the

2568

01:37:16,370 --> 01:37:13,860

hell this actually is and you could

2569

01:37:20,209 --> 01:37:16,380

easily be I'm sure sitting in Boca Raton

2570

01:37:21,950 --> 01:37:20,219

drinking a a drink with a an umbrella in

2571

01:37:23,990 --> 01:37:21,960

it and just say you know what not for me

2572

01:37:26,030 --> 01:37:24,000

I'm retired but you still have that

2573

01:37:28,189 --> 01:37:26,040

drive and you have that that wanting to

2574

01:37:30,050 --> 01:37:28,199

find out and it's refreshing even for

2575

01:37:32,330 --> 01:37:30,060

younger guys ourself and people younger

2576

01:37:34,070 --> 01:37:32,340

than us without you guys in this

2577

01:37:35,689 --> 01:37:34,080

movement and to the stars and tongues

2578

01:37:37,850 --> 01:37:35,699

along and Hal put off and all the rest

2579

01:37:39,950 --> 01:37:37,860

this wouldn't have got where it is right

2580

01:37:41,930 --> 01:37:39,960

now and I think in the last five years

2581

01:37:44,330 --> 01:37:41,940

because of that Tic Tac video and all

2582

01:37:46,250 --> 01:37:44,340

the work that went behind the scenes we

2583

01:37:48,950 --> 01:37:46,260

all know more about this and there are

2584

01:37:50,810 --> 01:37:48,960

more people informed so so thank you for

2585

01:37:53,870 --> 01:37:50,820

doing what you do we do appreciate it it

2586

01:37:55,430 --> 01:37:53,880

doesn't go unnoticed uh some of us know

2587

01:37:57,770 --> 01:37:55,440

exactly who you are and couldn't wait to

2588

01:37:59,450 --> 01:37:57,780

talk to you so oh that's very nice I'm

2589

01:38:01,310 --> 01:37:59,460

Gonna Let You down and I enjoyed it

2590

01:38:05,090 --> 01:38:01,320

immensely and uh if you ever want me

2591

01:38:07,010 --> 01:38:05,100

back you guys are anytime anytime bring

2592

01:38:09,410 --> 01:38:07,020

your friends bring Tom and Hal with you

2593

01:38:11,870 --> 01:38:09,420

next time maybe maybe we can do that

2594

01:38:14,209 --> 01:38:11,880

absolutely friendly creatures yeah you

2595

01:38:21,400 --> 01:38:14,219

can do that right Hey listen guys thank
