10
00:00:27,109 --> 00:00:25,740
the world of PR and in fact represents

11
00:00:29,150 --> 00:00:27,119
Jacque Valley and a lot of these other

12
00:00:30,950 --> 00:00:29,160
big name people that you see on our show

13
00:00:33,110 --> 00:00:30,960

and other people's shows they have

14

00:00:35,569 --> 00:00:33,120

agents and they have people who filter

15

00:00:37,549 --> 00:00:35,579

the nonsense out and they also Shield

16

00:00:40,010 --> 00:00:37,559

them from certain shows that maybe

17

00:00:41,930 --> 00:00:40,020

wouldn't do them justice so we're very

18

00:00:43,850 --> 00:00:41,940

proud to have her on the show today to

19

00:00:45,889 --> 00:00:43,860

discuss what it's like actually making a

20

00:00:47,690 --> 00:00:45,899

living out of this type of thing uh you

21

00:00:50,330 --> 00:00:47,700

know the the good people and the crazies

22

00:00:52,190 --> 00:00:50,340

and how do you balance all that and also

23

00:00:54,049 --> 00:00:52,200

kind of what's making news right now so

24

00:00:56,330 --> 00:00:54,059

uh very excited we'll be back right

25

00:00:58,369 --> 00:00:56,340

after our intro or episode 99 with Miss

26

00:01:02,190 --> 00:00:58,379

Chrissy Newton

27

00:01:21,890 --> 00:01:16,000

[Music]

28

00:01:26,210 --> 00:01:23,990

welcome back to another episode of UAP

29

00:01:28,070 --> 00:01:26,220

studies podcast my name is Louis Borges

30

00:01:30,469 --> 00:01:28,080

joining me as always my illustrious

31

00:01:33,109 --> 00:01:30,479

co-host and my good buddy Jason Gilman

32

00:01:35,630 --> 00:01:33,119

how are you I'm good how are you sir I'm

33

00:01:38,030 --> 00:01:35,640

good I'm excited this is episode 99 100

34

00:01:40,370 --> 00:01:38,040

is coming out later today we're doing a

35

00:01:41,810 --> 00:01:40,380

double header Sunday uh with two big

36

00:01:43,910 --> 00:01:41,820

name people and that's sort of the

37

00:01:46,130 --> 00:01:43,920

flavor of our show and you know we like

38

00:01:47,330 --> 00:01:46,140

to keep it light and fun and talk about

39

00:01:48,950 --> 00:01:47,340

what everyone else wants to know and

40

00:01:50,870 --> 00:01:48,960

what everybody else is talking about so

41

00:01:53,450 --> 00:01:50,880

very excited about our guest today she's

42

00:01:56,450 --> 00:01:53,460

an entrepreneur producer and director of

43

00:01:58,370 --> 00:01:56,460

media and PR at the debrief she's a host

44

00:02:00,710 --> 00:01:58,380

and producer of all pop repeat podcast

45

00:02:03,649 --> 00:02:00,720

uh the co-host of somewhere in the skies

46

00:02:06,230 --> 00:02:03,659

podcast her own podcast is rebelliously

47

00:02:08,270 --> 00:02:06,240

curious and she is the founder of vocab

48

00:02:09,830 --> 00:02:08,280

Communications we could go on all day

49

00:02:11,449 --> 00:02:09,840

with her titles I don't know how she has

50

00:02:13,490 --> 00:02:11,459

the time to do that we were just

51
00:02:14,630 --> 00:02:13,500
chatting about that earlier but she can

52
00:02:17,030 --> 00:02:14,640
tell us a little bit about her career

53
00:02:19,369 --> 00:02:17,040
and what's going on in the world of news

54
00:02:22,250 --> 00:02:19,379
and media so a big welcome to the show

55
00:02:24,350 --> 00:02:22,260
Miss Chrissy Newton thank you good to

56
00:02:26,869 --> 00:02:24,360
see you guys yeah thanks for being here

57
00:02:28,430 --> 00:02:26,879
so uh for the one or two people in our

58
00:02:30,229 --> 00:02:28,440
big audience that doesn't know who you

59
00:02:31,430 --> 00:02:30,239
are maybe uh tell us a little bit about

60
00:02:32,990 --> 00:02:31,440
yourself

61
00:02:34,970 --> 00:02:33,000
um what got you into this whole field

62
00:02:36,830 --> 00:02:34,980
and uh now you've made a career and a

63
00:02:38,210 --> 00:02:36,840

business out of it and how has that all

64

00:02:41,270 --> 00:02:38,220

kind of progressed

65

00:02:43,430 --> 00:02:41,280

yeah well how I got into the subject to

66

00:02:44,930 --> 00:02:43,440

UFOs how I got interested in it um was

67

00:02:45,589 --> 00:02:44,940

when I was a little girl because of my

68

00:02:47,150 --> 00:02:45,599

dad

69

00:02:48,949 --> 00:02:47,160

and I've told Jason this before and

70

00:02:50,869 --> 00:02:48,959

anyone who's ever heard me speak

71

00:02:53,210 --> 00:02:50,879

generally knows that it was my dad who

72

00:02:55,190 --> 00:02:53,220

was like conduit in he had a UFO

73

00:02:56,809 --> 00:02:55,200

experience when he was in I believe he

74

00:02:59,630 --> 00:02:56,819

was 18.

75

00:03:01,970 --> 00:02:59,640

um in North just north of Toronto with a

76
00:03:04,309 --> 00:03:01,980
group of people uh he had a UAP sighting

77
00:03:05,690 --> 00:03:04,319
and he had a I took a photo of it and

78
00:03:07,670 --> 00:03:05,700
when I was a little girl he showed me

79
00:03:11,030 --> 00:03:07,680
that photo and it like lit up everything

80
00:03:12,949 --> 00:03:11,040
inside me and from that day forward you

81
00:03:14,570 --> 00:03:12,959
know we him and I have always had this

82
00:03:16,910 --> 00:03:14,580
interest in UFOs and we talk about it

83
00:03:19,670 --> 00:03:16,920
all the time compared to my other side

84
00:03:21,350 --> 00:03:19,680
of the family not liking it all the time

85
00:03:23,930 --> 00:03:21,360
um but we just had an interest so he was

86
00:03:26,570 --> 00:03:23,940
teaching me a lot about UFOs or what he

87
00:03:28,550 --> 00:03:26,580
would learn or or talk about at what he

88
00:03:30,649 --> 00:03:28,560

would read when I was a little girl and

89

00:03:32,750 --> 00:03:30,659

then as I started getting older you know

90

00:03:35,570 --> 00:03:32,760

the table's turned I started educating

91

00:03:37,250 --> 00:03:35,580

him and now I'm deeper in it than I

92

00:03:39,649 --> 00:03:37,260

think he'd ever thought I would be but

93

00:03:40,850 --> 00:03:39,659

it's it's it's an interesting world as

94

00:03:43,550 --> 00:03:40,860

you guys know it's an interesting

95

00:03:46,130 --> 00:03:43,560

counterculture and my ideas of what's

96

00:03:47,869 --> 00:03:46,140

going on has changed immensely since I

97

00:03:49,850 --> 00:03:47,879

was like a little girl obviously to now

98

00:03:51,890 --> 00:03:49,860

and then I'm really happy

99

00:03:53,750 --> 00:03:51,900

um so outside of that as some people do

100

00:03:55,729 --> 00:03:53,760

know I work with the debrief I am the

101
00:03:57,350 --> 00:03:55,739
director of media and PR with them and I

102
00:03:59,210 --> 00:03:57,360
also have a podcast called rebelliously

103
00:04:02,390 --> 00:03:59,220
curious with Chrissy Newton so that

104
00:04:05,449 --> 00:04:02,400
talks about Science Tech futurism uh and

105
00:04:06,649 --> 00:04:05,459
also obviously UFOs so yeah just happy

106
00:04:08,990 --> 00:04:06,659
to be here and talking about with you

107
00:04:10,550 --> 00:04:09,000
guys right up our alley for sure and

108
00:04:12,170 --> 00:04:10,560
it's funny you mentioned the whole you

109
00:04:14,750 --> 00:04:12,180
know you've changed your mind in our

110
00:04:16,370 --> 00:04:14,760
episode 100 is Jacques valet and that's

111
00:04:17,810 --> 00:04:16,380
the biggest thing I took out of speaking

112
00:04:19,430 --> 00:04:17,820
with him was I said you know like what

113
00:04:21,530 --> 00:04:19,440

do you want to tell everybody and he

114

00:04:24,230 --> 00:04:21,540

said suspend judgment you know even

115

00:04:26,030 --> 00:04:24,240

Jacques valets changed his mind a dozen

116

00:04:28,310 --> 00:04:26,040

times in 40 Years of doing this or

117

00:04:30,590 --> 00:04:28,320

however long his career so yeah don't

118

00:04:33,050 --> 00:04:30,600

get too fixed on things that we really

119

00:04:35,210 --> 00:04:33,060

don't understand and like allow that

120

00:04:36,890 --> 00:04:35,220

room give it give it the space to grow

121

00:04:39,530 --> 00:04:36,900

and become whatever it's going to become

122

00:04:42,830 --> 00:04:39,540

but I think even the study of of the

123

00:04:44,810 --> 00:04:42,840

phenomenon allows you to grow or forces

124

00:04:46,850 --> 00:04:44,820

you to grow because the more that you if

125

00:04:49,310 --> 00:04:46,860

you try to remain narrow-minded which I

126

00:04:50,990 --> 00:04:49,320

was I think when I first started uh

127

00:04:52,670 --> 00:04:51,000

doing this sort of research I was very

128

00:04:54,890 --> 00:04:52,680

narrow-minded you know Bigfoot didn't

129

00:04:56,590 --> 00:04:54,900

belong ghost and belong Consciousness

130

00:04:59,930 --> 00:04:56,600

didn't belong there was so many things

131

00:05:01,310 --> 00:04:59,940

that I I sort of I'm not going to focus

132

00:05:04,850 --> 00:05:01,320

on that I'm not going to you know bring

133

00:05:07,370 --> 00:05:04,860

that topic up but it comes naturally and

134

00:05:08,930 --> 00:05:07,380

I've come to grow to understand that you

135

00:05:11,210 --> 00:05:08,940

know Consciousness now has a part to

136

00:05:13,790 --> 00:05:11,220

play in all of this and you know so I've

137

00:05:17,930 --> 00:05:13,800

grown doing this and I've seen Chrissy

138

00:05:20,090 --> 00:05:17,940

grow as well as the years has gone on

139

00:05:21,950 --> 00:05:20,100

um is there anything for you Chrissy

140

00:05:24,650 --> 00:05:21,960

that has really

141

00:05:27,110 --> 00:05:24,660

um changed like a Viewpoint maybe that

142

00:05:29,390 --> 00:05:27,120

you had before that has obviously

143

00:05:32,210 --> 00:05:29,400

flipped over now like have you found any

144

00:05:34,010 --> 00:05:32,220

of that uh to be true in your studies in

145

00:05:37,370 --> 00:05:34,020

this phenomenon yeah that's a great

146

00:05:39,230 --> 00:05:37,380

question I looked at the aliens was

147

00:05:41,629 --> 00:05:39,240

always a big conversation obviously

148

00:05:43,450 --> 00:05:41,639

because of cultural feedback loops when

149

00:05:45,710 --> 00:05:43,460

we were younger

150

00:05:47,990 --> 00:05:45,720

obviously entertainment propels those

151

00:05:50,629 --> 00:05:48,000

cultural feedback loops so I was really

152

00:05:51,409 --> 00:05:50,639

on like the alien hypothesis when I was

153

00:05:53,570 --> 00:05:51,419

younger

154

00:05:55,189 --> 00:05:53,580

and then as I started reading and

155

00:05:56,990 --> 00:05:55,199

obviously you know we're trying to put

156

00:05:58,610 --> 00:05:57,000

some science around this or something

157

00:06:01,430 --> 00:05:58,620

around this so we can figure out what it

158

00:06:04,430 --> 00:06:01,440

is it really started to evolve into like

159

00:06:06,170 --> 00:06:04,440

maybe this is AI you know and and like

160

00:06:08,029 --> 00:06:06,180

maybe if it is extraterrestrial if it's

161

00:06:10,909 --> 00:06:08,039

coming from another planet for sure is

162

00:06:13,010 --> 00:06:10,919

it AI is it interdimensional so you know

163

00:06:14,270 --> 00:06:13,020

I've sat in the interdimensional more

164

00:06:16,070 --> 00:06:14,280

than ever

165

00:06:18,529 --> 00:06:16,080

um sorry if you can hear the uh the

166

00:06:20,990 --> 00:06:18,539

truck in the back or is it authentic

167

00:06:22,730 --> 00:06:21,000

yeah Toronto man there's crime perfectly

168

00:06:26,749 --> 00:06:22,740

Toronto yeah

169

00:06:28,790 --> 00:06:26,759

um and so I uh so I had like that theory

170

00:06:31,129 --> 00:06:28,800

in my mind and I was always kind of uh

171

00:06:33,710 --> 00:06:31,139

moving towards that but then later I've

172

00:06:35,390 --> 00:06:33,720

really been looking at you know the like

173

00:06:36,770 --> 00:06:35,400

AI Theory like what if they're probes

174

00:06:38,749 --> 00:06:36,780

what if they're coming here you know we

175

00:06:40,309 --> 00:06:38,759

look at orbs we look at Skinwalker Ranch

176

00:06:41,450 --> 00:06:40,319

and we have blue orbs and we have yellow

177

00:06:43,430 --> 00:06:41,460

orbs

178

00:06:45,290 --> 00:06:43,440

um and even just the when if anybody's

179

00:06:47,210 --> 00:06:45,300

read uh the first Skinwalker book

180

00:06:48,529 --> 00:06:47,220

looking at these blue orbs they said

181

00:06:50,090 --> 00:06:48,539

when they were close to them there was

182

00:06:51,350 --> 00:06:50,100

like some kind of liquid in them and

183

00:06:53,749 --> 00:06:51,360

there was moving and it was like really

184

00:06:55,610 --> 00:06:53,759

mechanical the family side so I've

185

00:06:57,529 --> 00:06:55,620

looked at that more than ever and I'm

186

00:06:59,689 --> 00:06:57,539

kind of leaning that way it doesn't mean

187

00:07:01,430 --> 00:06:59,699

that it isn't alien and it doesn't mean

188

00:07:03,170 --> 00:07:01,440

that it's not coming from off-world but

189

00:07:04,969 --> 00:07:03,180

we just don't know and we also don't

190

00:07:06,650 --> 00:07:04,979

know if it's interdimensional so I find

191

00:07:09,170 --> 00:07:06,660

those really interesting and I try to

192

00:07:10,790 --> 00:07:09,180

learn more within that side and then you

193

00:07:14,150 --> 00:07:10,800

know trying to understand physics too

194

00:07:16,129 --> 00:07:14,160

like I'm a communicator I'm not a

195

00:07:17,749 --> 00:07:16,139

physics person and so when you're

196

00:07:19,850 --> 00:07:17,759

reading you know all people that are

197

00:07:21,890 --> 00:07:19,860

writing physics articles and they're

198

00:07:23,270 --> 00:07:21,900

talking about this along with this just

199

00:07:25,670 --> 00:07:23,280

trying to follow along the science with

200

00:07:27,050 --> 00:07:25,680

it like this area of study you know

201
00:07:29,150 --> 00:07:27,060
someone said to me like you have to be

202
00:07:31,850 --> 00:07:29,160
an intellect to like it and I said I

203
00:07:34,249 --> 00:07:31,860
think so to an extent I said but I'm not

204
00:07:36,890 --> 00:07:34,259
here to understand or I'm here to to

205
00:07:38,689 --> 00:07:36,900
learn and try to understand all those

206
00:07:41,150 --> 00:07:38,699
areas that make up the study but myself

207
00:07:43,129 --> 00:07:41,160
that I contribute is an area that I know

208
00:07:45,710 --> 00:07:43,139
the best in my expertise

209
00:07:47,089 --> 00:07:45,720
um so yeah so it's evolved I like to ask

210
00:07:48,290 --> 00:07:47,099
you guys the same thing because I'm

211
00:07:52,150 --> 00:07:48,300
always curious what everybody else

212
00:07:54,110 --> 00:07:52,160
thinks too I like the whole Hal put off

213
00:07:56,450 --> 00:07:54,120

ultra-terrestrial I mean you have

214

00:07:58,210 --> 00:07:56,460

extraterrestrial extra tempestrial

215

00:08:00,890 --> 00:07:58,220

according to Michael Paul Masters

216

00:08:02,749 --> 00:08:00,900

interdimensional Interstellar but the

217

00:08:05,570 --> 00:08:02,759

whole ultra-terrestrial is sort of the

218

00:08:07,189 --> 00:08:05,580

theory of again suspend judgment it may

219

00:08:09,350 --> 00:08:07,199

not be one or the other it may be

220

00:08:11,749 --> 00:08:09,360

everything and then some you know it's

221

00:08:14,330 --> 00:08:11,759

an all-encompassing term to really try

222

00:08:15,650 --> 00:08:14,340

to grasp something that is you know very

223

00:08:17,749 --> 00:08:15,660

abstract until you're pointing about

224

00:08:19,850 --> 00:08:17,759

physics there are physics and there are

225

00:08:21,890 --> 00:08:19,860

quantum physics and even people experts

226

00:08:24,230 --> 00:08:21,900

on either of those don't agree because

227

00:08:27,469 --> 00:08:24,240

Quantum says yeah the crazy is possible

228

00:08:30,110 --> 00:08:27,479

and rigid physics says no if it's not a

229

00:08:32,570 --> 00:08:30,120

plus b equals c that's not proper math

230

00:08:34,190 --> 00:08:32,580

and you can't bring that to the table so

231

00:08:36,290 --> 00:08:34,200

as soon as you get into the quantum

232

00:08:38,029 --> 00:08:36,300

world now mysticism and everything else

233

00:08:39,589 --> 00:08:38,039

becomes possible because its

234

00:08:42,949 --> 00:08:39,599

Consciousness based and like this whole

235

00:08:44,389 --> 00:08:42,959

Rabbit Hole starts to to unfold so to

236

00:08:46,790 --> 00:08:44,399

answer your question on that I think

237

00:08:49,370 --> 00:08:46,800

it's the the all-encompassing term Ultra

238

00:08:51,650 --> 00:08:49,380

terrestrial who the hell knows for now

239

00:08:53,630 --> 00:08:51,660

right that's the who the hell knows

240

00:08:55,730 --> 00:08:53,640

hypothesis yeah

241

00:08:58,550 --> 00:08:55,740

yeah I think it's all the above I think

242

00:09:00,350 --> 00:08:58,560

it is you know all of what you mentioned

243

00:09:01,910 --> 00:09:00,360

there the ultra terrestrial the

244

00:09:04,009 --> 00:09:01,920

Extraterrestrial

245

00:09:05,870 --> 00:09:04,019

it could be extraterrestrial could be

246

00:09:08,090 --> 00:09:05,880

you know something that has lived here

247

00:09:09,230 --> 00:09:08,100

Among Us that we just haven't paid

248

00:09:11,630 --> 00:09:09,240

attention to

249

00:09:13,490 --> 00:09:11,640

and

250

00:09:15,470 --> 00:09:13,500

literally at this point I'm starting to

251
00:09:17,150 --> 00:09:15,480
think that this is why the government

252
00:09:18,590 --> 00:09:17,160
doesn't just come out and we always say

253
00:09:20,630 --> 00:09:18,600
the government well the powers that be

254
00:09:22,250 --> 00:09:20,640
that are in control of this don't just

255
00:09:25,009 --> 00:09:22,260
come out and say hey

256
00:09:26,990 --> 00:09:25,019
we're dealing with with you know one

257
00:09:30,050 --> 00:09:27,000
extraterrestrial race I think we could

258
00:09:32,329 --> 00:09:30,060
all agree that we could maybe agree to

259
00:09:34,190 --> 00:09:32,339
that as a society go okay we can deal

260
00:09:35,750 --> 00:09:34,200
with that but when you're saying we're

261
00:09:37,610 --> 00:09:35,760
dealing with a multitude of different

262
00:09:39,710 --> 00:09:37,620
things you know some of these things are

263
00:09:42,110 --> 00:09:39,720

from other galaxies some of them are

264

00:09:44,150 --> 00:09:42,120

from other dimensions

265

00:09:46,850 --> 00:09:44,160

we can't control their comings and

266

00:09:49,190 --> 00:09:46,860

goings on this uh you know planet and

267

00:09:50,449 --> 00:09:49,200

it's a threat to us so far I don't see

268

00:09:52,310 --> 00:09:50,459

the threat and I don't know there's a

269

00:09:55,370 --> 00:09:52,320

big threat narrative in the states

270

00:09:57,470 --> 00:09:55,380

which leads me to a question about the

271

00:09:59,810 --> 00:09:57,480

U.S Congress and what's going on in the

272

00:10:02,269 --> 00:09:59,820

state so obviously they have some

273

00:10:03,769 --> 00:10:02,279

momentum going on over there uh and it's

274

00:10:05,630 --> 00:10:03,779

starting to push the momentum on the

275

00:10:08,750 --> 00:10:05,640

Canadian side as well I know that Larry

276

00:10:11,329 --> 00:10:08,760

McGuire has been uh really advocating

277

00:10:14,750 --> 00:10:11,339

for more disclosure on the Canadian

278

00:10:17,329 --> 00:10:14,760

aspect of things that uh Trudeau and

279

00:10:20,329 --> 00:10:17,339

forgot the name of the defense minister

280

00:10:23,509 --> 00:10:20,339

but they've been briefed or debriefed on

281

00:10:25,430 --> 00:10:23,519

the UAP subject about two years ago so

282

00:10:26,570 --> 00:10:25,440

all this is coming to light and starting

283

00:10:28,310 --> 00:10:26,580

to understand that there's a North

284

00:10:30,769 --> 00:10:28,320

American sort of

285

00:10:32,990 --> 00:10:30,779

I wouldn't say Coalition but group

286

00:10:34,790 --> 00:10:33,000

coming together

287

00:10:37,130 --> 00:10:34,800

um what are your thoughts on the the

288

00:10:39,710 --> 00:10:37,140

momentum that's taken place right now in

289

00:10:41,170 --> 00:10:39,720

Canada and the United States

290

00:10:43,430 --> 00:10:41,180

it's great

291

00:10:46,610 --> 00:10:43,440

Canadians actually have a lot of data on

292

00:10:48,769 --> 00:10:46,620

UFOs we have tons Chris rockowski has so

293

00:10:51,110 --> 00:10:48,779

much of it and I didn't interview too

294

00:10:53,630 --> 00:10:51,120

with Chris Krukowski and asked you know

295

00:10:55,970 --> 00:10:53,640

who's who has more data and who has

296

00:10:58,009 --> 00:10:55,980

better probably data right now and it's

297

00:10:59,690 --> 00:10:58,019

actually probably Canadians and I find

298

00:11:02,090 --> 00:10:59,700

that really interesting because it was

299

00:11:04,610 --> 00:11:02,100

more free to be able to be passed around

300

00:11:06,590 --> 00:11:04,620

Transport Canada you know they were able

301
00:11:09,350 --> 00:11:06,600
to Chris had a whole bunch of it he was

302
00:11:10,250 --> 00:11:09,360
the only person so we know that multiple

303
00:11:12,230 --> 00:11:10,260
different

304
00:11:13,610 --> 00:11:12,240
uh like shag Harbor and multiple

305
00:11:15,769 --> 00:11:13,620
different incidences that have happened

306
00:11:19,850 --> 00:11:15,779
in Canada we've had you know American

307
00:11:21,590 --> 00:11:19,860
and Canadian Forces for the RCMP to um

308
00:11:23,750 --> 00:11:21,600
different people I would imagine within

309
00:11:25,370 --> 00:11:23,760
the CIA or who've come out and looked at

310
00:11:28,069 --> 00:11:25,380
those crashes like shy Harbor for

311
00:11:29,750 --> 00:11:28,079
example so we've shared data we've had

312
00:11:32,170 --> 00:11:29,760
our own kind of Canadian Project Blue

313
00:11:35,509 --> 00:11:32,180

Book too where we're looking into it so

314

00:11:38,329 --> 00:11:35,519

we have a big hand I think in this topic

315

00:11:40,190 --> 00:11:38,339

and we need to be more inclined to talk

316

00:11:42,170 --> 00:11:40,200

about it in the data that we have now

317

00:11:43,970 --> 00:11:42,180

and be able to analyze it and we get

318

00:11:46,670 --> 00:11:43,980

people like Daniel Otis you know shout

319

00:11:48,290 --> 00:11:46,680

out to Dan amazing journalist advice you

320

00:11:50,090 --> 00:11:48,300

know really following this Canadian beat

321

00:11:51,530 --> 00:11:50,100

and I respect him for it because he's

322

00:11:53,449 --> 00:11:51,540

really one of the only ones that's doing

323

00:11:55,850 --> 00:11:53,459

it really really well and has a larger

324

00:11:57,769 --> 00:11:55,860

voice in it so I think we're going down

325

00:12:00,590 --> 00:11:57,779

that road I personally like to talk to

326

00:12:02,389 --> 00:12:00,600

Larry McGuire myself too and and see

327

00:12:04,850 --> 00:12:02,399

where it started but when I asked Chris

328

00:12:06,290 --> 00:12:04,860

rockowski Chris told me that it was an

329

00:12:08,150 --> 00:12:06,300

interest that he had and it wasn't a

330

00:12:10,610 --> 00:12:08,160

political agenda and that's what my

331

00:12:13,069 --> 00:12:10,620

concern was because before Larry wire

332

00:12:15,769 --> 00:12:13,079

came out I had a little bird tell me

333

00:12:17,210 --> 00:12:15,779

that Canadians were looking into it so I

334

00:12:19,069 --> 00:12:17,220

started looking into it about two years

335

00:12:20,870 --> 00:12:19,079

ago of who was looking into in a

336

00:12:23,329 --> 00:12:20,880

political stance and it was first the

337

00:12:25,329 --> 00:12:23,339

conservatives I can say that

338

00:12:28,370 --> 00:12:25,339

um wasn't so much of on the liberal side

339

00:12:30,410 --> 00:12:28,380

and when I ended up looking yeah more

340

00:12:33,530 --> 00:12:30,420

into it I was seeing that it was people

341

00:12:35,269 --> 00:12:33,540

that were Former Defense and now still

342

00:12:36,829 --> 00:12:35,279

work politically within the Canadian

343

00:12:38,870 --> 00:12:36,839

government but they were asked him to be

344

00:12:41,150 --> 00:12:38,880

briefed so I was following That Bouncy

345

00:12:42,769 --> 00:12:41,160

Ball for a little bit on on my side just

346

00:12:45,170 --> 00:12:42,779

to interested as a Canadian and a video

347

00:12:47,090 --> 00:12:45,180

journalist but I know that Daniel Lotus

348

00:12:48,410 --> 00:12:47,100

has been obviously taking that beat and

349

00:12:50,150 --> 00:12:48,420

just been running with it and doing a

350

00:12:51,949 --> 00:12:50,160

fabulous job and you know he keeps me up

351
00:12:54,170 --> 00:12:51,959
to date too he'll send me tweets and you

352
00:12:55,870 --> 00:12:54,180
know we talk about it because it's it is

353
00:12:58,730 --> 00:12:55,880
important you know we are North America

354
00:13:00,170 --> 00:12:58,740
and we are you know we are two to

355
00:13:02,930 --> 00:13:00,180
different countries and for sure we have

356
00:13:04,790 --> 00:13:02,940
similarities and differences but not to

357
00:13:06,889 --> 00:13:04,800
you know change the topic too much but

358
00:13:08,990 --> 00:13:06,899
we're getting into a place with massive

359
00:13:11,690 --> 00:13:09,000
uh climate change happening within North

360
00:13:14,990 --> 00:13:11,700
America and we will probably have a

361
00:13:16,790 --> 00:13:15,000
whole bunch of American climate refugees

362
00:13:19,449 --> 00:13:16,800
that end up moving to Canada probably

363
00:13:21,769 --> 00:13:19,459

within the next 20 years I would imagine

364

00:13:25,009 --> 00:13:21,779

because we're moving to a four degree

365

00:13:26,569 --> 00:13:25,019

celsius Planet so with that said we

366

00:13:29,210 --> 00:13:26,579

probably will have more conversations

367

00:13:31,370 --> 00:13:29,220

about government and our people and

368

00:13:33,410 --> 00:13:31,380

talking and sharing all different types

369

00:13:35,870 --> 00:13:33,420

of information between American and

370

00:13:37,009 --> 00:13:35,880

Canadian governments so UFOs would for

371

00:13:39,110 --> 00:13:37,019

sure have to be one of them I would

372

00:13:40,790 --> 00:13:39,120

imagine so we need to we're jumped on

373

00:13:43,009 --> 00:13:40,800

the bandwagon now so it's good we

374

00:13:45,110 --> 00:13:43,019

started I think Canada's had a lot of

375

00:13:46,910 --> 00:13:45,120

information just because of NORAD I mean

376

00:13:49,009 --> 00:13:46,920

even in the Cold War Canada was a

377

00:13:51,590 --> 00:13:49,019

strategic position to make sure

378

00:13:53,569 --> 00:13:51,600

nothing's coming over the Arctic cap and

379

00:13:55,370 --> 00:13:53,579

you know so I think the Canadians have

380

00:13:56,810 --> 00:13:55,380

had that info but again you look at

381

00:13:59,269 --> 00:13:56,820

someone like Paul Hellyer the former

382

00:14:01,009 --> 00:13:59,279

Defense Minister and he gets called to

383

00:14:02,090 --> 00:14:01,019

go to this you know parent crash site

384

00:14:03,829 --> 00:14:02,100

and the Americans are already there

385

00:14:05,150 --> 00:14:03,839

cleaning it up so he's like hey I'm

386

00:14:07,009 --> 00:14:05,160

supposed to be the highest guy in the

387

00:14:09,290 --> 00:14:07,019

military how do I not even have access

388

00:14:11,629 --> 00:14:09,300

to this and how am I the last guy to

389

00:14:13,970 --> 00:14:11,639

know you know as far as rank so I think

390

00:14:15,470 --> 00:14:13,980

there is a partnership and again maybe

391

00:14:17,090 --> 00:14:15,480

that is something that's not advertised

392

00:14:19,490 --> 00:14:17,100

and again you look at the Nimitz video

393

00:14:21,410 --> 00:14:19,500

the guys land in the black helicopter

394

00:14:22,790 --> 00:14:21,420

with you know no uniforms take the

395

00:14:25,910 --> 00:14:22,800

footage and bugger off like who are

396

00:14:27,889 --> 00:14:25,920

those guys so maybe they exist in every

397

00:14:30,110 --> 00:14:27,899

country or maybe it's one group or who

398

00:14:31,550 --> 00:14:30,120

knows right I mean it's uh it gets

399

00:14:34,009 --> 00:14:31,560

strange when you start to try to think

400

00:14:35,750 --> 00:14:34,019

why but in terms of actual content I

401
00:14:37,430 --> 00:14:35,760
mean America has a lot of the

402
00:14:39,530 --> 00:14:37,440
information we absorb has come from an

403
00:14:40,970 --> 00:14:39,540
American Source but I think Canada has

404
00:14:42,410 --> 00:14:40,980
just as much information on the

405
00:14:45,410 --> 00:14:42,420
government level just because our

406
00:14:47,810 --> 00:14:45,420
strategic position and our vast size

407
00:14:49,370 --> 00:14:47,820
yeah we have a lot of data like we have

408
00:14:50,870 --> 00:14:49,380
a lot of data that's been collected

409
00:14:52,970 --> 00:14:50,880
because we've been able to and sending

410
00:14:55,009 --> 00:14:52,980
it to one person that has an interest in

411
00:14:56,930 --> 00:14:55,019
UFOs and is able to analyze it and come

412
00:14:59,329 --> 00:14:56,940
out with yearly reports like it's

413
00:15:01,069 --> 00:14:59,339

unbelievable yeah um and so the question

414

00:15:03,829 --> 00:15:01,079

next that I asked was are we going to

415

00:15:06,170 --> 00:15:03,839

have a UAP office some people in Canada

416

00:15:07,129 --> 00:15:06,180

want that and some people don't I think

417

00:15:10,129 --> 00:15:07,139

that we're probably going to move

418

00:15:11,509 --> 00:15:10,139

towards a UFO office a UAP office within

419

00:15:13,910 --> 00:15:11,519

Canada where we're sharing information

420

00:15:15,410 --> 00:15:13,920

with the states but the challenges is

421

00:15:17,150 --> 00:15:15,420

then does that become more classified

422

00:15:18,710 --> 00:15:17,160

because before in Canada you could get

423

00:15:20,329 --> 00:15:18,720

your hands on stuff like you actually

424

00:15:23,810 --> 00:15:20,339

could and you could talk about it and

425

00:15:26,389 --> 00:15:23,820

you had records of you know the RCMP

426

00:15:28,009 --> 00:15:26,399

going to crash sites like you had you

427

00:15:29,329 --> 00:15:28,019

would never get that in the States but

428

00:15:31,910 --> 00:15:29,339

you were getting it here and that's why

429

00:15:34,189 --> 00:15:31,920

that makes that data so important but if

430

00:15:36,350 --> 00:15:34,199

we do get a UFO office will it stop that

431

00:15:37,910 --> 00:15:36,360

in that free information flowing and

432

00:15:40,610 --> 00:15:37,920

that's a little bit of a worry I think

433

00:15:42,710 --> 00:15:40,620

for most yeah my my understanding is

434

00:15:44,230 --> 00:15:42,720

that the Canadian side of things is that

435

00:15:48,050 --> 00:15:44,240

they're going to

436

00:15:49,550 --> 00:15:48,060

focus more on the science of uaps as

437

00:15:52,670 --> 00:15:49,560

opposed to the States they're looking

438

00:15:54,170 --> 00:15:52,680

more of the threat narrative so you know

439

00:15:55,370 --> 00:15:54,180

everywhere that they look it's like you

440

00:15:57,050 --> 00:15:55,380

know we don't know what these things are

441

00:16:00,290 --> 00:15:57,060

it could be a threat they're you know

442

00:16:01,490 --> 00:16:00,300

invading our airspace and Waters and all

443

00:16:03,230 --> 00:16:01,500

that jazz

444

00:16:04,970 --> 00:16:03,240

but Canada is looking at it more like

445

00:16:07,430 --> 00:16:04,980

where are they coming from you know

446

00:16:09,050 --> 00:16:07,440

what's the science behind it so far

447

00:16:10,310 --> 00:16:09,060

there doesn't seem to be like you know I

448

00:16:11,449 --> 00:16:10,320

don't know if it's a Canadian way of

449

00:16:13,790 --> 00:16:11,459

looking at it and trying to be more

450

00:16:15,110 --> 00:16:13,800

polite with the subject but I find that

451
00:16:18,590 --> 00:16:15,120
the two countries have these different

452
00:16:20,269 --> 00:16:18,600
narratives uh that I don't know if one's

453
00:16:22,129 --> 00:16:20,279
going to affect the other but I really

454
00:16:23,689 --> 00:16:22,139
hope that they sort of mesh together and

455
00:16:24,949 --> 00:16:23,699
we don't look at it as a threat

456
00:16:27,189 --> 00:16:24,959
Narrative of just trying to more

457
00:16:30,170 --> 00:16:27,199
understand what the phenomenon is right

458
00:16:31,910 --> 00:16:30,180
uh as far as the Canadian side of things

459
00:16:33,590 --> 00:16:31,920
have you heard anything on a political

460
00:16:34,970 --> 00:16:33,600
Movement Like is this something that

461
00:16:36,949 --> 00:16:34,980
they're going to start talking about

462
00:16:38,990 --> 00:16:36,959
maybe more in

463
00:16:41,329 --> 00:16:39,000

their campaigns when they're campaigning

464

00:16:43,069 --> 00:16:41,339

maybe people started addressing the UAP

465

00:16:44,090 --> 00:16:43,079

phenomenon like do you think that's a

466

00:16:47,629 --> 00:16:44,100

possibility

467

00:16:49,189 --> 00:16:47,639

it could be but right now when two years

468

00:16:51,650 --> 00:16:49,199

ago when I heard the conservatives were

469

00:16:53,329 --> 00:16:51,660

looking into it I was like okay so I

470

00:16:56,449 --> 00:16:53,339

ended up doing a little sleuthing myself

471

00:16:57,829 --> 00:16:56,459

and was asking other people that I knew

472

00:17:00,170 --> 00:16:57,839

that were working with this particular

473

00:17:02,150 --> 00:17:00,180

politician and was seeing is he running

474

00:17:03,230 --> 00:17:02,160

for prime minister I was asking all

475

00:17:04,549 --> 00:17:03,240

these other questions and they're like

476

00:17:06,230 --> 00:17:04,559

why are you interested Chrissy and it

477

00:17:07,850 --> 00:17:06,240

was like oh you know the pr side of

478

00:17:10,429 --> 00:17:07,860

things is just more of a journalistic

479

00:17:12,350 --> 00:17:10,439

and personal interest so I got deep into

480

00:17:14,990 --> 00:17:12,360

people that were working aligned to this

481

00:17:16,669 --> 00:17:15,000

person and uh no it was just a very much

482

00:17:18,770 --> 00:17:16,679

of an interest and so I hear that with

483

00:17:21,590 --> 00:17:18,780

Larry McGuire too I haven't done too

484

00:17:23,569 --> 00:17:21,600

much sleuthing on my end to put Larry uh

485

00:17:25,610 --> 00:17:23,579

One Day More but I from what I've heard

486

00:17:27,230 --> 00:17:25,620

from other journalists that are working

487

00:17:29,150 --> 00:17:27,240

on the beat and just yeah and Chris

488

00:17:31,190 --> 00:17:29,160

rockowski in my interview that it really

489

00:17:32,990 --> 00:17:31,200

is just an interest but I hope they

490

00:17:35,330 --> 00:17:33,000

don't make it political it doesn't need

491

00:17:37,610 --> 00:17:35,340

to be political you know we look at the

492

00:17:39,529 --> 00:17:37,620

we can you have an example of bipartisan

493

00:17:42,289 --> 00:17:39,539

within the states and we can use that as

494

00:17:44,570 --> 00:17:42,299

well but to be honest right Canadians

495

00:17:46,850 --> 00:17:44,580

are very conservative and and the way

496

00:17:48,890 --> 00:17:46,860

that we do our media and the way that we

497

00:17:50,390 --> 00:17:48,900

even even as ourselves as a country

498

00:17:52,610 --> 00:17:50,400

we're more conservative in the way that

499

00:17:54,289 --> 00:17:52,620

we are not in political but in the way

500

00:17:56,570 --> 00:17:54,299

that we are we're talking about the

501
00:17:58,730 --> 00:17:56,580
subject so I think science for sure we

502
00:18:01,130 --> 00:17:58,740
look at the Dunlop Observatory and tons

503
00:18:02,870 --> 00:18:01,140
of other universities like U of T that

504
00:18:05,510 --> 00:18:02,880
will be able to do more research in this

505
00:18:07,310 --> 00:18:05,520
and or would be more interested in it so

506
00:18:08,810 --> 00:18:07,320
and they are they're talking about it

507
00:18:11,090 --> 00:18:08,820
I've heard you know I go to astronomy on

508
00:18:13,850 --> 00:18:11,100
Taps from the Dunlop observer in Toronto

509
00:18:15,350 --> 00:18:13,860
and they're talking about the you know

510
00:18:17,090 --> 00:18:15,360
potential of extraterrestrial life

511
00:18:18,890 --> 00:18:17,100
they're talking about not so much the

512
00:18:20,750 --> 00:18:18,900
physical objects of UFOs but they're

513
00:18:23,450 --> 00:18:20,760

open to have those discussions in larger

514

00:18:24,770 --> 00:18:23,460

forms in major events so we're seeing

515

00:18:28,070 --> 00:18:24,780

that there's interest and I think we'll

516

00:18:29,830 --> 00:18:28,080

go more science and I personally don't

517

00:18:33,529 --> 00:18:29,840

think it's going to get too political

518

00:18:35,870 --> 00:18:33,539

also I don't we have a lot of people who

519

00:18:37,430 --> 00:18:35,880

like the subject in Canada and they fall

520

00:18:39,169 --> 00:18:37,440

and like you guys would know you get

521

00:18:41,029 --> 00:18:39,179

tons of Canadians that probably talk to

522

00:18:43,130 --> 00:18:41,039

you on social media but we don't have a

523

00:18:45,350 --> 00:18:43,140

lot that have a voice or in front of a

524

00:18:47,090 --> 00:18:45,360

camera or behind a microphone or

525

00:18:49,490 --> 00:18:47,100

anything like that or even in the media

526

00:18:52,190 --> 00:18:49,500

that want to come forward there's only a

527

00:18:53,270 --> 00:18:52,200

few so maybe when we get more of those

528

00:18:54,710 --> 00:18:53,280

people

529

00:18:56,930 --> 00:18:54,720

um or maybe have a little bit of a

530

00:18:59,029 --> 00:18:56,940

larger voice and maybe we will start

531

00:19:01,909 --> 00:18:59,039

campaigning for more information too if

532

00:19:03,310 --> 00:19:01,919

needed but right now I just don't see it

533

00:19:05,990 --> 00:19:03,320

being

534

00:19:07,669 --> 00:19:06,000

as a major Canadian issue right

535

00:19:08,750 --> 00:19:07,679

we already have to deal enough with our

536

00:19:11,150 --> 00:19:08,760

own politics

537

00:19:13,130 --> 00:19:11,160

I think it has to do with with your

538

00:19:15,590 --> 00:19:13,140

military mindedness you know the

539

00:19:16,909 --> 00:19:15,600

Americans are very military driven and I

540

00:19:18,470 --> 00:19:16,919

think Stephen Greer said you know when

541

00:19:20,630 --> 00:19:18,480

you're a hammer all you see your nails

542

00:19:22,490 --> 00:19:20,640

and Lou Elizondo and those guys are

543

00:19:24,770 --> 00:19:22,500

conditioned military-wise to always be

544

00:19:26,570 --> 00:19:24,780

paranoid always be on guard and that's

545

00:19:29,090 --> 00:19:26,580

you need that to survive in a battle

546

00:19:31,909 --> 00:19:29,100

situation but in a day-to-day social

547

00:19:34,250 --> 00:19:31,919

interaction it's not always necessarily

548

00:19:36,169 --> 00:19:34,260

a threat and I think some of them have

549

00:19:38,029 --> 00:19:36,179

approached Canadian politics and try to

550

00:19:39,770 --> 00:19:38,039

solve the threat narrative and we're

551

00:19:41,630 --> 00:19:39,780

more like well hang on before we like

552

00:19:43,909 --> 00:19:41,640

you know start drawing guns let's just

553

00:19:46,370 --> 00:19:43,919

see maybe it's something else let's look

554

00:19:48,470 --> 00:19:46,380

at the science end of it so I don't see

555

00:19:50,750 --> 00:19:48,480

them cooperating as well as we may think

556

00:19:53,870 --> 00:19:50,760

just because they're somewhat different

557

00:19:55,669 --> 00:19:53,880

and and the mainstream beliefs and uh to

558

00:19:58,070 --> 00:19:55,679

your point about Larry McGuire we

559

00:20:00,230 --> 00:19:58,080

reached out we had somebody from let's

560

00:20:02,690 --> 00:20:00,240

just say works in the intelligence world

561

00:20:05,090 --> 00:20:02,700

in the states and he wanted to have a

562

00:20:07,250 --> 00:20:05,100

four-way panel with a very influential

563

00:20:09,529 --> 00:20:07,260

person from the U.S an equally

564

00:20:12,169 --> 00:20:09,539

influential person from the UK a one

565

00:20:13,730 --> 00:20:12,179

from Australia and one from Canada and

566

00:20:15,710 --> 00:20:13,740

he reached out to us and said this thing

567

00:20:17,390 --> 00:20:15,720

is set ready to go we just need Larry

568

00:20:20,090 --> 00:20:17,400

McGuire and we reached out told him what

569

00:20:22,070 --> 00:20:20,100

we want to do mum's the word like don't

570

00:20:23,630 --> 00:20:22,080

want to talk about it don't want to go

571

00:20:25,850 --> 00:20:23,640

on record I mean he stood up in the

572

00:20:27,590 --> 00:20:25,860

house of comments and said I suggest we

573

00:20:29,750 --> 00:20:27,600

share what we have with the Americans

574

00:20:31,370 --> 00:20:29,760

and maybe he bit off more than he could

575

00:20:32,930 --> 00:20:31,380

chew or maybe it is just a personal

576

00:20:34,250 --> 00:20:32,940

interest and he doesn't really have the

577

00:20:37,730 --> 00:20:34,260

right to speak on behalf of the

578

00:20:39,890 --> 00:20:37,740

government whatever reason I emailed his

579

00:20:42,110 --> 00:20:39,900

official work which is like if I was in

580

00:20:44,270 --> 00:20:42,120

his writing you'd have to respond email

581

00:20:46,250 --> 00:20:44,280

him personally every social media

582

00:20:48,470 --> 00:20:46,260

platform he was on didn't want to talk

583

00:20:50,510 --> 00:20:48,480

about it so I think there may still be

584

00:20:52,250 --> 00:20:50,520

some stigma and maybe there are some

585

00:20:54,770 --> 00:20:52,260

real ramifications about talking this

586

00:20:56,330 --> 00:20:54,780

stuff out of turn like if it's not your

587

00:20:58,490 --> 00:20:56,340

job to open your mouth you probably

588

00:20:59,690 --> 00:20:58,500

shouldn't open your mouth and so it was

589

00:21:01,070 --> 00:20:59,700

just interesting that that was the

590

00:21:03,169 --> 00:21:01,080

response that we got even on the

591

00:21:05,090 --> 00:21:03,179

Canadian side well he probably doesn't

592

00:21:06,890 --> 00:21:05,100

want to be have the look of

593

00:21:08,810 --> 00:21:06,900

unfortunately what Paula Haller had you

594

00:21:10,789 --> 00:21:08,820

know Paul was a great man like I spent

595

00:21:12,590 --> 00:21:10,799

some time with him you know and he

596

00:21:14,750 --> 00:21:12,600

really cared about the UFO topic but to

597

00:21:16,370 --> 00:21:14,760

be honest he really cared more about

598

00:21:17,630 --> 00:21:16,380

um the concept of finance and what was

599

00:21:18,890 --> 00:21:17,640

kind of happening in the banking system

600

00:21:21,830 --> 00:21:18,900

you know he wrote a book called money

601
00:21:23,750 --> 00:21:21,840
Mafia uh so he had most people don't

602
00:21:25,010 --> 00:21:23,760
know that he had an interesting UFOs but

603
00:21:26,510 --> 00:21:25,020
he cared way more about the central

604
00:21:28,610 --> 00:21:26,520
banking system

605
00:21:30,710 --> 00:21:28,620
um and I respect that for him immensely

606
00:21:32,570 --> 00:21:30,720
but I think that's why Larry McGuire

607
00:21:34,250 --> 00:21:32,580
might not want to go down that road he's

608
00:21:36,169 --> 00:21:34,260
saying we need to look at this we need

609
00:21:37,610 --> 00:21:36,179
to have a conversation nobody else is

610
00:21:39,590 --> 00:21:37,620
he's interested in it but it probably

611
00:21:42,110 --> 00:21:39,600
doesn't want to affect his work and

612
00:21:43,730 --> 00:21:42,120
right now there is no real other

613
00:21:45,590 --> 00:21:43,740

Canadian conversations that are

614

00:21:48,110 --> 00:21:45,600

happening he's really the only one right

615

00:21:50,090 --> 00:21:48,120

now and our Minister of Defense but

616

00:21:52,010 --> 00:21:50,100

their mom's the word I would imagine

617

00:21:54,409 --> 00:21:52,020

because I think they think that maybe

618

00:21:56,149 --> 00:21:54,419

Canadians don't care as much too they're

619

00:21:57,830 --> 00:21:56,159

like let's focus on other things let's

620

00:21:59,870 --> 00:21:57,840

talk about those instead of talking

621

00:22:01,610 --> 00:21:59,880

about UFOs and here's the thing is

622

00:22:03,409 --> 00:22:01,620

Canadian media does pick it up but they

623

00:22:05,810 --> 00:22:03,419

don't at the same same time there is

624

00:22:07,970 --> 00:22:05,820

only yeah and I've had this conversation

625

00:22:09,890 --> 00:22:07,980

with Chris again and we spoke and keep

626

00:22:11,930 --> 00:22:09,900

referring back to him but he is like a

627

00:22:13,549 --> 00:22:11,940

Canadian psychopedia of Canadian UFO

628

00:22:16,010 --> 00:22:13,559

sightings and events

629

00:22:17,870 --> 00:22:16,020

um he does a majority of all the press

630

00:22:19,549 --> 00:22:17,880

in Canada right which makes sense

631

00:22:20,750 --> 00:22:19,559

because he has a lot of data and he's

632

00:22:23,149 --> 00:22:20,760

been collecting it over the years and

633

00:22:24,649 --> 00:22:23,159

he's so knowledgeable but he says yeah

634

00:22:26,630 --> 00:22:24,659

for sure they talk about it but it's

635

00:22:27,950 --> 00:22:26,640

only when Americans talk about it and

636

00:22:30,890 --> 00:22:27,960

that's what I find really interesting

637

00:22:33,350 --> 00:22:30,900

mine is Daniel Lotus but they won't

638

00:22:35,570 --> 00:22:33,360

media just won't go and you know write

639

00:22:36,770 --> 00:22:35,580

about the topic in general it really has

640

00:22:38,390 --> 00:22:36,780

to be something that happens in the

641

00:22:40,070 --> 00:22:38,400

state you know States like for example

642

00:22:42,649 --> 00:22:40,080

maybe this is something that we do now

643

00:22:44,090 --> 00:22:42,659

as an experiment is we have the next a

644

00:22:46,789 --> 00:22:44,100

report that might potentially come out

645

00:22:48,590 --> 00:22:46,799

next month right unclassified report so

646

00:22:50,210 --> 00:22:48,600

if that comes out we'll see two weeks

647

00:22:51,830 --> 00:22:50,220

later that Canadian media will pick it

648

00:22:53,390 --> 00:22:51,840

up they won't pick it up right right

649

00:22:56,029 --> 00:22:53,400

away it will be someone that's on the

650

00:22:57,230 --> 00:22:56,039

beat that will but outside of that it's

651
00:22:58,370 --> 00:22:57,240
probably going to be two to three weeks

652
00:22:59,330 --> 00:22:58,380
later they'll pick it up and then

653
00:23:01,370 --> 00:22:59,340
they'll talk about it just because

654
00:23:04,190 --> 00:23:01,380
Americans are talking about it and then

655
00:23:05,390 --> 00:23:04,200
it will go away and you know I don't

656
00:23:06,830 --> 00:23:05,400
know how I feel about that I feel like

657
00:23:10,669 --> 00:23:06,840
we should have our own voice in the

658
00:23:12,529 --> 00:23:10,679
Canadian space or UFOs are part of the

659
00:23:14,270 --> 00:23:12,539
new system no matter if anybody likes it

660
00:23:15,830 --> 00:23:14,280
or not they influence the news system

661
00:23:17,630 --> 00:23:15,840
right now and they're a facet and

662
00:23:19,549 --> 00:23:17,640
they're a beat of it they really really

663
00:23:21,350 --> 00:23:19,559

are you know we have more journalists in

664

00:23:23,630 --> 00:23:21,360

the states and around the world that

665

00:23:25,130 --> 00:23:23,640

actually cover the UFO beat like who

666

00:23:27,289 --> 00:23:25,140

would have ever thought that it's insane

667

00:23:29,930 --> 00:23:27,299

so we don't have a lot of them in Canada

668

00:23:31,669 --> 00:23:29,940

we need to start creating that so we can

669

00:23:34,070 --> 00:23:31,679

have more conversation in our own space

670

00:23:36,830 --> 00:23:34,080

politically but also then be able to

671

00:23:38,750 --> 00:23:36,840

compare it and also we need to be able

672

00:23:40,549 --> 00:23:38,760

to be ready because if we do go into the

673

00:23:42,649 --> 00:23:40,559

United Nations who's going to represent

674

00:23:44,090 --> 00:23:42,659

us in a Canadian space right and who's

675

00:23:45,529 --> 00:23:44,100

going to be able to talk about that and

676

00:23:47,570 --> 00:23:45,539

we should be able to cover it and we

677

00:23:49,669 --> 00:23:47,580

should be able educating journalists

678

00:23:51,710 --> 00:23:49,679

about at least the basic history of it

679

00:23:53,630 --> 00:23:51,720

and then how do we cover this moving

680

00:23:55,909 --> 00:23:53,640

forward since 2017 because that's the

681

00:23:57,049 --> 00:23:55,919

easiest thing to do for them

682

00:23:59,210 --> 00:23:57,059

um here's some basic understanding

683

00:24:00,590 --> 00:23:59,220

what's happened in the past here's the

684

00:24:02,870 --> 00:24:00,600

Cole's notes obviously of what's

685

00:24:04,130 --> 00:24:02,880

happened 2017 to date

686

00:24:05,930 --> 00:24:04,140

um and now we can go start forwarding

687

00:24:08,330 --> 00:24:05,940

having better conversations in Canadian

688

00:24:10,130 --> 00:24:08,340

press I think it's population related

689

00:24:12,409 --> 00:24:10,140

too right we're 30 million people so

690

00:24:14,750 --> 00:24:12,419

whatever percentage of that is a UFO

691

00:24:17,330 --> 00:24:14,760

buff is a much smaller smaller group

692

00:24:19,430 --> 00:24:17,340

than in the U.S with 330 million people

693

00:24:21,289 --> 00:24:19,440

or whatever it is and they have all

694

00:24:23,750 --> 00:24:21,299

these documented cases and they've had

695

00:24:25,490 --> 00:24:23,760

you know mainstream movies and shows so

696

00:24:27,529 --> 00:24:25,500

they're way more indoctrinated down

697

00:24:29,870 --> 00:24:27,539

there to the possibility that this could

698

00:24:31,130 --> 00:24:29,880

be so I think it gains more movement in

699

00:24:32,690 --> 00:24:31,140

the states just because of the sheer

700

00:24:34,370 --> 00:24:32,700

number of people

701
00:24:36,529 --> 00:24:34,380
um you know willing to talk or that have

702
00:24:37,850 --> 00:24:36,539
spoken that kind of paved the way in

703
00:24:40,549 --> 00:24:37,860
Canada we're still looking for somebody

704
00:24:43,130 --> 00:24:40,559
to break that ground and and be the guy

705
00:24:46,250 --> 00:24:43,140
right but again maybe Larry McGuire I

706
00:24:48,110 --> 00:24:46,260
mean he's a a counselor in the maritimes

707
00:24:50,750 --> 00:24:48,120
it's not like he's the defense minister

708
00:24:52,850 --> 00:24:50,760
or somebody with real Rank and maybe he

709
00:24:54,470 --> 00:24:52,860
knows he he can't speak on behalf of the

710
00:24:55,789 --> 00:24:54,480
whole country just because that's not

711
00:24:58,549 --> 00:24:55,799
his job right

712
00:25:01,190 --> 00:24:58,559
Canada needs its own Lu Elizondo yeah

713
00:25:05,330 --> 00:25:01,200

exactly somebody what I'm saying yeah

714

00:25:08,029 --> 00:25:05,340

yeah gee McGee from uh gee McGee from

715

00:25:09,110 --> 00:25:08,039

from Ghibli Manitoba or something you

716

00:25:11,149 --> 00:25:09,120

know

717

00:25:12,890 --> 00:25:11,159

um but yeah we we need somebody like

718

00:25:14,570 --> 00:25:12,900

that we need somebody to step up and say

719

00:25:16,430 --> 00:25:14,580

Hey you know on the Canadian side of

720

00:25:19,549 --> 00:25:16,440

things we are experiencing this as well

721

00:25:21,890 --> 00:25:19,559

uh I know that even my work with mufon

722

00:25:23,630 --> 00:25:21,900

and not that I've done much with them in

723

00:25:26,090 --> 00:25:23,640

the past year

724

00:25:28,130 --> 00:25:26,100

um but even my work with MoveOn uh I've

725

00:25:30,230 --> 00:25:28,140

been impressed with how much activity is

726

00:25:31,130 --> 00:25:30,240

even taking place in our own neck of the

727

00:25:32,750 --> 00:25:31,140

woods

728

00:25:34,970 --> 00:25:32,760

um you know that and that's just in BC

729

00:25:36,470 --> 00:25:34,980

right British Columbia and there's so

730

00:25:39,649 --> 00:25:36,480

much activity and I'm just thinking okay

731

00:25:41,570 --> 00:25:39,659

this is just a tiny little spot in

732

00:25:44,470 --> 00:25:41,580

Canada how much more is it taking place

733

00:25:47,450 --> 00:25:44,480

uh you know across the country

734

00:25:48,769 --> 00:25:47,460

so uh my guess is that there is an

735

00:25:50,930 --> 00:25:48,779

interest here and like I mentioned

736

00:25:52,970 --> 00:25:50,940

before I think I spoken to you about

737

00:25:56,930 --> 00:25:52,980

this before Chrissy but uh I always have

738

00:25:59,450 --> 00:25:56,940

people just randomly come up and say hey

739

00:26:01,310 --> 00:25:59,460

I saw them once you know or just

740

00:26:02,930 --> 00:26:01,320

you know this one time I saw this light

741

00:26:04,610 --> 00:26:02,940

and it landed my like I didn't ask him

742

00:26:06,169 --> 00:26:04,620

and they're just you know divulging this

743

00:26:07,970 --> 00:26:06,179

information so I know that a lot of

744

00:26:10,130 --> 00:26:07,980

people are experiencing these things in

745

00:26:12,409 --> 00:26:10,140

this country but you're right as much as

746

00:26:14,750 --> 00:26:12,419

we have open information about it I

747

00:26:17,390 --> 00:26:14,760

think we have two coins officially like

748

00:26:19,070 --> 00:26:17,400

the theory I know that Chris said

749

00:26:21,529 --> 00:26:19,080

there's a third coming out now I don't

750

00:26:23,210 --> 00:26:21,539

know five I think we have five there's

751

00:26:25,070 --> 00:26:23,220

we have four and a fifth coming out or

752

00:26:26,269 --> 00:26:25,080

we have five and a six coming out so I'm

753

00:26:28,370 --> 00:26:26,279

like there's one coming out soon again

754

00:26:30,529 --> 00:26:28,380

that's crazy yeah because there was uh

755

00:26:33,110 --> 00:26:30,539

are they doing the um the red one that

756

00:26:36,289 --> 00:26:33,120

was in uh Manitoba red Charlie or

757

00:26:38,450 --> 00:26:36,299

something I think I want to hear why do

758

00:26:40,970 --> 00:26:38,460

I want to thank Ottawa

759

00:26:42,470 --> 00:26:40,980

why did I did I think it was Ottawa that

760

00:26:44,330 --> 00:26:42,480

he said to me I can't remember but I

761

00:26:45,950 --> 00:26:44,340

didn't collect those coins anyways if I

762

00:26:47,870 --> 00:26:45,960

if I see them and I gotta collect them

763

00:26:50,810 --> 00:26:47,880

phone up the mint and get your own set

764

00:26:53,090 --> 00:26:50,820

yeah exactly maybe a uip studies one uh

765

00:26:55,789 --> 00:26:53,100

you know get one an official one but uh

766

00:26:57,890 --> 00:26:55,799

yeah no I I think Canada has a lot of of

767

00:26:59,510 --> 00:26:57,900

great cases but you're right our media

768

00:27:01,370 --> 00:26:59,520

does not cover

769

00:27:03,110 --> 00:27:01,380

um this subject well

770

00:27:04,490 --> 00:27:03,120

and you're right they're always behind

771

00:27:07,070 --> 00:27:04,500

the time they still remind me of like

772

00:27:08,870 --> 00:27:07,080

one of those little coward dogs that is

773

00:27:10,549 --> 00:27:08,880

with the pack but never really just

774

00:27:12,350 --> 00:27:10,559

barks and never really attacks or

775

00:27:14,210 --> 00:27:12,360

anything like that right just always

776

00:27:16,370 --> 00:27:14,220

waits its turn and that's exactly what

777

00:27:18,350 --> 00:27:16,380

the Canadian media is like it's just

778

00:27:20,210 --> 00:27:18,360

it's afraid to touch the subject and

779

00:27:22,430 --> 00:27:20,220

when you do touch the subject it's never

780

00:27:25,010 --> 00:27:22,440

in a serious tone I always find it that

781

00:27:27,649 --> 00:27:25,020

it's always on a lighter note tonight

782

00:27:29,690 --> 00:27:27,659

how is it a lighter note this is the

783

00:27:31,970 --> 00:27:29,700

most serious subject there is you know

784

00:27:33,950 --> 00:27:31,980

in human history on a lighter note

785

00:27:35,870 --> 00:27:33,960

tonight let's look at uaps that's not

786

00:27:38,510 --> 00:27:35,880

light at all and I think it's their

787

00:27:40,909 --> 00:27:38,520

phrasing and they're just afraid to

788

00:27:43,789 --> 00:27:40,919

embrace the subject you know as much as

789

00:27:46,490 --> 00:27:43,799

the states have yeah I did an interview

790

00:27:49,250 --> 00:27:46,500

with I think it was Indy 88 here in

791

00:27:50,810 --> 00:27:49,260

Toronto and Josie dye called me and was

792

00:27:52,549 --> 00:27:50,820

like Hey or send me an email was like we

793

00:27:55,010 --> 00:27:52,559

want to do an interview about UFOs and

794

00:27:56,950 --> 00:27:55,020

this is when the the UAP report came out

795

00:28:00,470 --> 00:27:56,960

the preliminary assessor report came out

796

00:28:02,210 --> 00:28:00,480

and I was like okay sure and so it calls

797

00:28:03,590 --> 00:28:02,220

me and literally the first question is

798

00:28:05,710 --> 00:28:03,600

like tell me everything you know about

799

00:28:09,710 --> 00:28:05,720

UFOs and I'm like

800

00:28:13,310 --> 00:28:09,720

uh okay let's let's start somewhere else

801

00:28:16,850 --> 00:28:13,320

yeah like you like what and that's the

802

00:28:19,070 --> 00:28:16,860

prime example of being not being someone

803

00:28:21,649 --> 00:28:19,080

in this space that's a media that has no

804

00:28:23,029 --> 00:28:21,659

idea that that is a big question you

805

00:28:26,409 --> 00:28:23,039

know and I really said I was like that's

806

00:28:32,870 --> 00:28:30,350

exactly so and they don't know that they

807

00:28:34,850 --> 00:28:32,880

really don't know and that takes us and

808

00:28:37,010 --> 00:28:34,860

I think for when this beat starts to

809

00:28:38,450 --> 00:28:37,020

grow and it will even more you will get

810

00:28:39,830 --> 00:28:38,460

other journalists you'll get younger

811

00:28:41,630 --> 00:28:39,840

journalists you'll get people that are

812

00:28:44,029 --> 00:28:41,640

asking better questions you know

813

00:28:46,190 --> 00:28:44,039

unfortunately I feel how media will work

814

00:28:47,630 --> 00:28:46,200

is that once the topic grows even more

815

00:28:50,450 --> 00:28:47,640

and it really is embedded into

816

00:28:52,669 --> 00:28:50,460

mainstream you'll get people from

817

00:28:54,289 --> 00:28:52,679

different news outlets like MDC and you

818

00:28:56,090 --> 00:28:54,299

know we get peacock for example like

819

00:28:59,990 --> 00:28:56,100

they have a more of a news division

820

00:29:01,909 --> 00:29:00,000

based on this and CBS let's say CBC CBS

821

00:29:04,430 --> 00:29:01,919

is more interested in it

822

00:29:05,210 --> 00:29:04,440

um obviously foxes CNN dabbles a little

823

00:29:07,490 --> 00:29:05,220

bit

824

00:29:09,710 --> 00:29:07,500

but we're seeing that that interest is

825

00:29:11,450 --> 00:29:09,720

like is growing and I think that in the

826

00:29:14,149 --> 00:29:11,460

Canadian side we'll have the same thing

827

00:29:16,490 --> 00:29:14,159

and then they'll look and pick their own

828

00:29:17,990 --> 00:29:16,500

journalists from their side to educate

829

00:29:20,269 --> 00:29:18,000

rather than picking from people within

830

00:29:21,889 --> 00:29:20,279

the UAP Community unfortunately you know

831

00:29:23,690 --> 00:29:21,899

because there are amazing people that do

832

00:29:25,250 --> 00:29:23,700

amazing shows but that's not how the

833

00:29:26,810 --> 00:29:25,260

system works there they usually want to

834

00:29:28,669 --> 00:29:26,820

take their own they'll educate they'll

835

00:29:30,649 --> 00:29:28,679

mold them based on what they feel that

836

00:29:32,269 --> 00:29:30,659

their position is on the subject and

837

00:29:34,190 --> 00:29:32,279

what their conversation is on the

838

00:29:35,870 --> 00:29:34,200

subject and then go from there right

839

00:29:37,850 --> 00:29:35,880

it's just easier to do and it's less

840

00:29:39,409 --> 00:29:37,860

political too right especially when

841

00:29:42,169 --> 00:29:39,419

you're a major news conglomerate that

842

00:29:44,029 --> 00:29:42,179

already has a left or right uh decision

843

00:29:46,970 --> 00:29:44,039

with what they believe in politically

844

00:29:48,710 --> 00:29:46,980

right yeah where do you think um the

845

00:29:50,210 --> 00:29:48,720

disclosure will come like do you think

846

00:29:52,070 --> 00:29:50,220

it's eventually going to trickle through

847

00:29:53,930 --> 00:29:52,080

government or and I'll give you an

848

00:29:55,669 --> 00:29:53,940

example like Caroline Corey films the

849

00:29:57,529 --> 00:29:55,679

movie a tear in this guy they go out

850

00:29:59,330 --> 00:29:57,539

with high-tech instruments within two

851
00:30:01,610 --> 00:29:59,340
days they're finding reigning Tic Tacs

852
00:30:03,470 --> 00:30:01,620
and you know so their brains and their

853
00:30:05,149 --> 00:30:03,480
money's being spent on doing more of

854
00:30:07,190 --> 00:30:05,159
that it's for the purpose of media but

855
00:30:09,350 --> 00:30:07,200
either way it's still a private sector

856
00:30:11,510 --> 00:30:09,360
Venture versus you know the government

857
00:30:14,029 --> 00:30:11,520
and in the states black budget projects

858
00:30:15,470 --> 00:30:14,039
and you could argue they're already have

859
00:30:16,850 --> 00:30:15,480
done their research they know what it is

860
00:30:19,130 --> 00:30:16,860
that's why they don't want to talk about

861
00:30:20,690 --> 00:30:19,140
it but do you think that we're going to

862
00:30:24,110 --> 00:30:20,700
get more information from private people

863
00:30:25,370 --> 00:30:24,120

journalists scientists authors or is it

864

00:30:27,470 --> 00:30:25,380

eventually going to all come out from

865

00:30:29,330 --> 00:30:27,480

the government you know and the

866

00:30:31,669 --> 00:30:29,340

implications that go with knowing this

867

00:30:34,010 --> 00:30:31,679

for 70 years and not telling anybody

868

00:30:35,930 --> 00:30:34,020

yeah I think the private sector for for

869

00:30:37,630 --> 00:30:35,940

years has done that and it will keep

870

00:30:40,430 --> 00:30:37,640

doing that you know we have our own

871

00:30:42,769 --> 00:30:40,440

counterculture that feeds itself we have

872

00:30:45,230 --> 00:30:42,779

conventions we have podcasts we have

873

00:30:46,850 --> 00:30:45,240

YouTube shows we have media Outlets you

874

00:30:48,590 --> 00:30:46,860

know we look at fate magazine it's one

875

00:30:50,210 --> 00:30:48,600

of the first ones that came out and was

876

00:30:52,370 --> 00:30:50,220

talking about this subject so I think

877

00:30:53,990 --> 00:30:52,380

we're going to have that will just stay

878

00:30:55,909 --> 00:30:54,000

consistently and then we'll have the

879

00:30:57,529 --> 00:30:55,919

mainstream media that will will speak to

880

00:30:58,730 --> 00:30:57,539

it uh what was the first thing that you

881

00:31:00,350 --> 00:30:58,740

asked me before that though oh

882

00:31:02,210 --> 00:31:00,360

disclosure yeah

883

00:31:03,889 --> 00:31:02,220

um yeah so here's my thoughts on

884

00:31:05,029 --> 00:31:03,899

disclosure and this has changed over in

885

00:31:06,529 --> 00:31:05,039

the beginning it was just like you're

886

00:31:07,909 --> 00:31:06,539

right we do need more exposure and I

887

00:31:10,250 --> 00:31:07,919

still believe that obviously I still

888

00:31:11,510 --> 00:31:10,260

fight and want transparency from all

889

00:31:14,450 --> 00:31:11,520

different places and governments around

890

00:31:16,010 --> 00:31:14,460

the world not just our own but I also

891

00:31:18,110 --> 00:31:16,020

think that disclosure doesn't really

892

00:31:21,289 --> 00:31:18,120

exist in my mind and the reason why I

893

00:31:23,810 --> 00:31:21,299

say that is because every single time we

894

00:31:25,430 --> 00:31:23,820

get to a point we don't know if we're in

895

00:31:27,110 --> 00:31:25,440

disclosure or not and we still don't

896

00:31:30,470 --> 00:31:27,120

know and technically I would say we kind

897

00:31:32,510 --> 00:31:30,480

of are but are we and so I think that

898

00:31:35,149 --> 00:31:32,520

every single time some thing happens you

899

00:31:36,769 --> 00:31:35,159

know we find out that maybe it is like

900

00:31:38,389 --> 00:31:36,779

Ultra terrestrial maybe we find out

901
00:31:40,549 --> 00:31:38,399
whatever that theory might be is where

902
00:31:42,649 --> 00:31:40,559
we get closer to it we're still going to

903
00:31:44,570 --> 00:31:42,659
be fighting for transparency we will

904
00:31:46,190 --> 00:31:44,580
always fight for transparency we always

905
00:31:47,930 --> 00:31:46,200
have with the American and with any

906
00:31:49,970 --> 00:31:47,940
governments around the world so

907
00:31:51,830 --> 00:31:49,980
disclosure will never end and I don't

908
00:31:53,630 --> 00:31:51,840
think it really exists because there is

909
00:31:55,070 --> 00:31:53,640
no end to it because you're always going

910
00:31:56,750 --> 00:31:55,080
to be asking questions and you're always

911
00:31:58,549 --> 00:31:56,760
going to be wanting more and we will

912
00:32:00,409 --> 00:31:58,559
never be some people will never be

913
00:32:03,529 --> 00:32:00,419

sufficed with what they get some people

914

00:32:05,930 --> 00:32:03,539

will but it will always be a question

915

00:32:08,690 --> 00:32:05,940

once we answer one question a million

916

00:32:11,630 --> 00:32:08,700

come a million more come so I just don't

917

00:32:13,789 --> 00:32:11,640

think disclosure really is it doesn't

918

00:32:16,549 --> 00:32:13,799

really exist in the context of of this

919

00:32:17,810 --> 00:32:16,559

topic and many other topics too we

920

00:32:19,490 --> 00:32:17,820

should be jumping up and down in the

921

00:32:20,930 --> 00:32:19,500

streets I mean 30 years ago if you told

922

00:32:23,570 --> 00:32:20,940

George Knapp the government is going to

923

00:32:24,950 --> 00:32:23,580

officially release videos of a UFO he

924

00:32:27,289 --> 00:32:24,960

would have gotten a way bigger charge

925

00:32:28,909 --> 00:32:27,299

you know like that is the disclosure

926
00:32:31,070 --> 00:32:28,919
movement or the moment that we've been

927
00:32:32,630 --> 00:32:31,080
waiting for so I think I asked Philip

928
00:32:34,970 --> 00:32:32,640
mantle that like why doesn't it feel

929
00:32:36,289 --> 00:32:34,980
like it's happened that's a big deal and

930
00:32:38,990 --> 00:32:36,299
it's just kind of like yeah here it is

931
00:32:41,210 --> 00:32:39,000
now on to tomorrow's News why is nobody

932
00:32:43,310 --> 00:32:41,220
jacked up about this so you know to your

933
00:32:44,930 --> 00:32:43,320
point did it happen are we in the middle

934
00:32:47,210 --> 00:32:44,940
of it is it coming it's hard to know

935
00:32:48,710 --> 00:32:47,220
when you're in the video game where you

936
00:32:51,529 --> 00:32:48,720
are in the level right like we don't

937
00:32:52,970 --> 00:32:51,539
know what's coming next so it still

938
00:32:54,950 --> 00:32:52,980

feels like there's a long way to go as

939

00:32:56,750 --> 00:32:54,960

far as that I think has to do with the

940

00:32:58,310 --> 00:32:56,760

population as well because let's face it

941

00:33:00,769 --> 00:32:58,320

we live in the tech talk

942

00:33:03,470 --> 00:33:00,779

era where you know attention span is

943

00:33:07,430 --> 00:33:03,480

very very short this subject requires a

944

00:33:09,350 --> 00:33:07,440

lot of reading and looking into it's a

945

00:33:11,810 --> 00:33:09,360

lot faster than just you know a few

946

00:33:14,029 --> 00:33:11,820

videos on on Tech talk and I think

947

00:33:15,470 --> 00:33:14,039

that's is where I you know some people

948

00:33:18,289 --> 00:33:15,480

are saying you know you have to be a

949

00:33:19,730 --> 00:33:18,299

little bit more cerebral to be into uaps

950

00:33:21,950 --> 00:33:19,740

I think somebody did was it you that

951
00:33:23,450 --> 00:33:21,960
said that not too long ago yeah a friend

952
00:33:25,669 --> 00:33:23,460
of mine said that to me Dan McClure

953
00:33:27,470 --> 00:33:25,679
McLaren said to me he was like you need

954
00:33:28,730 --> 00:33:27,480
to we went for for dinner in Toronto and

955
00:33:30,889 --> 00:33:28,740
he was like you really have to be an

956
00:33:32,389 --> 00:33:30,899
intellect to a degree to be in this and

957
00:33:34,610 --> 00:33:32,399
it's not saying all of us are intellectuals

958
00:33:36,110 --> 00:33:34,620
but you have to be interested in all

959
00:33:38,029 --> 00:33:36,120
areas of study and you have to be

960
00:33:39,769 --> 00:33:38,039
willing and open to you know start

961
00:33:41,810 --> 00:33:39,779
reading physics and looking at quantum

962
00:33:43,850 --> 00:33:41,820
physics and understanding it just if

963
00:33:45,889 --> 00:33:43,860

it's propulsion systems all the way down

964

00:33:48,590 --> 00:33:45,899

to like the politics of this along with

965

00:33:51,409 --> 00:33:48,600

entertainment culture people you know

966

00:33:53,630 --> 00:33:51,419

it's yeah it's like it's huge it's a

967

00:33:56,090 --> 00:33:53,640

huge area of study Jonathan Young said

968

00:33:58,130 --> 00:33:56,100

that right exopolitics it's the politics

969

00:33:59,990 --> 00:33:58,140

associated with disclosure like what is

970

00:34:02,810 --> 00:34:00,000

this this all mean you know that's a

971

00:34:04,730 --> 00:34:02,820

whole study in itself yeah then you got

972

00:34:07,250 --> 00:34:04,740

the social aspect of it like how are we

973

00:34:10,310 --> 00:34:07,260

going to respond to it as a society you

974

00:34:12,349 --> 00:34:10,320

know as a species uh it's it's quite is

975

00:34:15,050 --> 00:34:12,359

just ramifications too

976
00:34:16,430 --> 00:34:15,060
yeah exactly you know are people going

977
00:34:18,290 --> 00:34:16,440
to lose their faith is there going to be

978
00:34:20,089 --> 00:34:18,300
more faith because of it like you know

979
00:34:22,730 --> 00:34:20,099
there's a bunch of

980
00:34:24,470 --> 00:34:22,740
it's gonna get weird let's just face it

981
00:34:26,510 --> 00:34:24,480
as the years go by with this subject but

982
00:34:28,310 --> 00:34:26,520
we're in the weird phase we've appeared

983
00:34:31,190 --> 00:34:28,320
on a couple shows lately and it's it's

984
00:34:33,470 --> 00:34:31,200
at the weird phase we've arrived times

985
00:34:35,089 --> 00:34:33,480
are weird but yeah this is it hasn't

986
00:34:37,849 --> 00:34:35,099
been normal for the last two years let's

987
00:34:40,909 --> 00:34:37,859
just put it this way I agree with the

988
00:34:43,730 --> 00:34:40,919

Whistleblower uh project or protected

989

00:34:45,409 --> 00:34:43,740

um by the Congress uh do you think we're

990

00:34:47,210 --> 00:34:45,419

going to get more whistleblowers are

991

00:34:49,490 --> 00:34:47,220

going to come forward or is there still

992

00:34:52,730 --> 00:34:49,500

going to be that either one stigma or

993

00:34:54,950 --> 00:34:52,740

that fear of uh you know repercussions

994

00:34:56,170 --> 00:34:54,960

of losing people's careers you know

995

00:35:00,530 --> 00:34:56,180

reputations

996

00:35:03,589 --> 00:35:00,540

uh you know Financial gains and all that

997

00:35:05,270 --> 00:35:03,599

um do you think the Whistleblower aspect

998

00:35:06,589 --> 00:35:05,280

of things for for Congress is that going

999

00:35:09,530 --> 00:35:06,599

to pan out

1000

00:35:11,089 --> 00:35:09,540

I think so I think that

1001

00:35:13,069 --> 00:35:11,099

I think people are going to come forward

1002

00:35:14,329 --> 00:35:13,079

they really do

1003

00:35:16,010 --> 00:35:14,339

um the question is that the people are

1004

00:35:18,349 --> 00:35:16,020

coming forward is what's your motivation

1005

00:35:20,870 --> 00:35:18,359

you know from you know what what do you

1006

00:35:22,069 --> 00:35:20,880

do you think that this is so I should

1007

00:35:23,870 --> 00:35:22,079

say that and I'll preface this it

1008

00:35:25,490 --> 00:35:23,880

doesn't mean this for everybody this

1009

00:35:27,290 --> 00:35:25,500

only means for maybe potentially and

1010

00:35:30,470 --> 00:35:27,300

we've seen this that people exploit this

1011

00:35:33,050 --> 00:35:30,480

subject immensely so people will come in

1012

00:35:34,250 --> 00:35:33,060

not understanding the mechanism of

1013

00:35:36,109 --> 00:35:34,260

entertainment or understanding the

1014

00:35:38,329 --> 00:35:36,119

recommend of a news the understanding

1015

00:35:40,250 --> 00:35:38,339

the mechanism of PR and they come into

1016

00:35:41,810 --> 00:35:40,260

the subject thinking that they will be a

1017

00:35:43,490 --> 00:35:41,820

celebrity and they will make a lot of

1018

00:35:45,109 --> 00:35:43,500

money on this when they realize that

1019

00:35:46,970 --> 00:35:45,119

there's not and in this space of

1020

00:35:48,890 --> 00:35:46,980

entertainment and I include news and all

1021

00:35:50,630 --> 00:35:48,900

this in here the only people that make

1022

00:35:51,829 --> 00:35:50,640

money are the people that are producing

1023

00:35:54,050 --> 00:35:51,839

the pieces and the people that are

1024

00:35:55,790 --> 00:35:54,060

Distributing it Talent or anything like

1025

00:35:57,730 --> 00:35:55,800

that if you consider we'll say Talent

1026

00:36:00,829 --> 00:35:57,740

lightly or experts

1027

00:36:03,230 --> 00:36:00,839

yeah um right they don't make any money

1028

00:36:05,030 --> 00:36:03,240

it's just the way it is so a lot of

1029

00:36:07,490 --> 00:36:05,040

people I think some people come into

1030

00:36:09,230 --> 00:36:07,500

this conversation thinking that okay you

1031

00:36:11,390 --> 00:36:09,240

know I'm gonna make money off this and

1032

00:36:13,130 --> 00:36:11,400

I'm gonna be some Messiah

1033

00:36:14,170 --> 00:36:13,140

um you know and we'll still not gonna

1034

00:36:16,370 --> 00:36:14,180

name names

1035

00:36:18,170 --> 00:36:16,380

thinks that they might be a messiah

1036

00:36:20,089 --> 00:36:18,180

there's a few names out there yeah

1037

00:36:21,109 --> 00:36:20,099

there's just a few floating around just

1038

00:36:23,569 --> 00:36:21,119

a couple

1039

00:36:25,849 --> 00:36:23,579

um so I see that and then they realize

1040

00:36:27,349 --> 00:36:25,859

they're like oh no oh no no no no I'm

1041

00:36:28,609 --> 00:36:27,359

not making any money I'm actually losing

1042

00:36:31,430 --> 00:36:28,619

money what do I do now to keep

1043

00:36:33,410 --> 00:36:31,440

propelling this so we see that a lot um

1044

00:36:36,170 --> 00:36:33,420

so the question is is why are they

1045

00:36:38,870 --> 00:36:36,180

coming forward what is their motivation

1046

00:36:41,450 --> 00:36:38,880

to come forward is it for truth or is it

1047

00:36:43,609 --> 00:36:41,460

to capitalize off the community and to

1048

00:36:46,250 --> 00:36:43,619

become a name and to build that

1049

00:36:48,410 --> 00:36:46,260

um there's nothing wrong to I will say

1050

00:36:50,270 --> 00:36:48,420

as a PR person with something coming

1051
00:36:52,490 --> 00:36:50,280
forward and getting notoriety for that

1052
00:36:55,490 --> 00:36:52,500
there isn't and there is no problem

1053
00:36:57,410 --> 00:36:55,500
making money into in certain degrees if

1054
00:37:00,470 --> 00:36:57,420
you were not using and abusing people to

1055
00:37:02,210 --> 00:37:00,480
make money or lying to them to make

1056
00:37:04,910 --> 00:37:02,220
money you know that's where I have

1057
00:37:06,410 --> 00:37:04,920
issues myself but outside of that people

1058
00:37:07,970 --> 00:37:06,420
do have to make money we have podcasts

1059
00:37:09,109 --> 00:37:07,980
we have shows there's media Outlets

1060
00:37:10,609 --> 00:37:09,119
there's all that kind of stuff people do

1061
00:37:12,710 --> 00:37:10,619
make money you have to make a living and

1062
00:37:14,630 --> 00:37:12,720
if you want to have to push this topic

1063
00:37:16,730 --> 00:37:14,640

you're not going to make a lot of money

1064

00:37:18,950 --> 00:37:16,740

and some people do but some people don't

1065

00:37:20,270 --> 00:37:18,960

and you do it because you love it so the

1066

00:37:22,370 --> 00:37:20,280

question is is what is your motivation

1067

00:37:24,109 --> 00:37:22,380

coming forward like do you are you

1068

00:37:25,069 --> 00:37:24,119

looking for an answer yourself and a lot

1069

00:37:26,510 --> 00:37:25,079

of people are because they're

1070

00:37:28,790 --> 00:37:26,520

experiences of all doing different

1071

00:37:30,050 --> 00:37:28,800

degrees and they also feel that this

1072

00:37:31,970 --> 00:37:30,060

topic needs to be forward because

1073

00:37:34,010 --> 00:37:31,980

they've had a hard time keeping it in

1074

00:37:36,290 --> 00:37:34,020

internally their whole lives

1075

00:37:37,849 --> 00:37:36,300

taught lots of people

1076

00:37:40,010 --> 00:37:37,859

um and then we get the question is okay

1077

00:37:41,270 --> 00:37:40,020

well who else you know what is your

1078

00:37:44,089 --> 00:37:41,280

background you know are you a Richard

1079

00:37:46,010 --> 00:37:44,099

Doty I call it doing a Dodie now are you

1080

00:37:48,770 --> 00:37:46,020

doing a Dodie on us

1081

00:37:51,829 --> 00:37:48,780

um so right and so I'm gonna assure this

1082

00:37:55,550 --> 00:37:51,839

as doing the Dodie uh

1083

00:37:55,560 --> 00:37:58,550

yeah Barto

1084

00:38:02,150 --> 00:38:00,470

on Dodie though like were you lying

1085

00:38:04,250 --> 00:38:02,160

before and now you're telling the truth

1086

00:38:06,410 --> 00:38:04,260

or are you still lying or have you never

1087

00:38:08,690 --> 00:38:06,420

told the truth like when you're in on

1088

00:38:10,130 --> 00:38:08,700

the record liar how do you get anyone to

1089

00:38:12,410 --> 00:38:10,140

listen or believe anything you have to

1090

00:38:14,030 --> 00:38:12,420

say ever again we've debated having him

1091

00:38:16,190 --> 00:38:14,040

on the show and he was willing to come

1092

00:38:17,750 --> 00:38:16,200

and we're like we're gonna get roasted

1093

00:38:19,730 --> 00:38:17,760

man people are gonna say all that guy's

1094

00:38:21,170 --> 00:38:19,740

a piece of and all the rest we just

1095

00:38:23,569 --> 00:38:21,180

want to give people a voice but

1096

00:38:25,910 --> 00:38:23,579

sometimes I'd still like to have them on

1097

00:38:28,190 --> 00:38:25,920

I I think it'd be fun to have them on

1098

00:38:29,930 --> 00:38:28,200

and to you know find out first Corner

1099

00:38:31,370 --> 00:38:29,940

them like what tell us everything We're

1100

00:38:33,230 --> 00:38:31,380

not gonna let you off the show until you

1101

00:38:37,130 --> 00:38:33,240

tell us all the Dirty Secrets right you

1102

00:38:38,210 --> 00:38:37,140

play Bad Cops yeah 100 I'm like I'm

1103

00:38:39,470 --> 00:38:38,220

actually really want to talk to him

1104

00:38:41,870 --> 00:38:39,480

because I have a lot of different

1105

00:38:43,609 --> 00:38:41,880

questions around that even to date now

1106

00:38:45,650 --> 00:38:43,619

with Richard Doty I have a lot of

1107

00:38:48,290 --> 00:38:45,660

interest when you start gaslighting

1108

00:38:50,150 --> 00:38:48,300

people on a high level you know I have

1109

00:38:52,849 --> 00:38:50,160

some really questions about your own

1110

00:38:55,730 --> 00:38:52,859

moral intentions too but

1111

00:38:58,609 --> 00:38:55,740

um and how can you do that uh it's just

1112

00:39:00,470 --> 00:38:58,619

it irks me that's a that's another topic

1113

00:39:02,930 --> 00:39:00,480

and then the why now as well right

1114

00:39:05,150 --> 00:39:02,940

Chrissy because it's like why why would

1115

00:39:07,730 --> 00:39:05,160

he now tell the truth now that he's

1116

00:39:10,190 --> 00:39:07,740

retired is it because he's allowed to or

1117

00:39:11,810 --> 00:39:10,200

because he's still engaged in the

1118

00:39:15,430 --> 00:39:11,820

disinformation or like you know there's

1119

00:39:17,930 --> 00:39:15,440

so many questions now yeah

1120

00:39:20,930 --> 00:39:17,940

he wouldn't be allowed to talk you know

1121

00:39:24,470 --> 00:39:20,940

if he actually was that guy well it's

1122

00:39:26,390 --> 00:39:24,480

also why to me it's very interesting and

1123

00:39:28,250 --> 00:39:26,400

you have to like this and to me in a

1124

00:39:30,050 --> 00:39:28,260

form of psychology

1125

00:39:31,370 --> 00:39:30,060

um and I don't want to label him as a

1126

00:39:33,950 --> 00:39:31,380

name because I don't think that's fair

1127

00:39:35,810 --> 00:39:33,960

and I'm not a psychologist but my thing

1128

00:39:44,630 --> 00:39:35,820

you

1129

00:39:46,670 --> 00:39:44,640

their careers are on the line some go

1130

00:39:49,190 --> 00:39:46,680

into menstrual institutions you know

1131

00:39:52,250 --> 00:39:49,200

it's it's just you destroy their family

1132

00:39:55,010 --> 00:39:52,260

in their lives based on lies and you

1133

00:39:57,950 --> 00:39:55,020

have the audacity to show up at UFO

1134

00:40:00,349 --> 00:39:57,960

conventions to me that's sick to be

1135

00:40:02,450 --> 00:40:00,359

honest and you have taken pleasure

1136

00:40:05,210 --> 00:40:02,460

probably in doing that because why would

1137

00:40:07,970 --> 00:40:05,220

you show up at UFO conventions if you

1138

00:40:11,030 --> 00:40:07,980

were not didn't take pleasure in those

1139

00:40:12,770 --> 00:40:11,040

things and you still do so to me I I

1140

00:40:14,630 --> 00:40:12,780

have a

1141

00:40:16,730 --> 00:40:14,640

you know it's that's to me that's

1142

00:40:18,349 --> 00:40:16,740

actually scary like it's scary that

1143

00:40:20,390 --> 00:40:18,359

someone could do that because if you

1144

00:40:22,490 --> 00:40:20,400

hurt that many people why do you think

1145

00:40:25,550 --> 00:40:22,500

you could show up in front of all this

1146

00:40:27,170 --> 00:40:25,560

entire community and be okay doing that

1147

00:40:29,750 --> 00:40:27,180

you know you maybe feel that you've

1148

00:40:31,250 --> 00:40:29,760

repented yourself I I don't even think

1149

00:40:33,530 --> 00:40:31,260

you should show your face in that space

1150

00:40:35,270 --> 00:40:33,540

personally but

1151

00:40:36,770 --> 00:40:35,280

especially with all those things that

1152

00:40:38,630 --> 00:40:36,780

he's lied to and all those people that

1153

00:40:40,010 --> 00:40:38,640

affected so many of those families like

1154

00:40:42,589 --> 00:40:40,020

could you imagine if that was your son

1155

00:40:43,790 --> 00:40:42,599

or daughter and you ended up going to a

1156

00:40:45,470 --> 00:40:43,800

convention because you were interested

1157

00:40:47,510 --> 00:40:45,480

and you saw Richard Dodie walking around

1158

00:40:50,630 --> 00:40:47,520

and you'd be like what did you do to my

1159

00:40:52,069 --> 00:40:50,640

dad like just that to me I just I

1160

00:40:55,670 --> 00:40:52,079

personally can't you know as a matter of

1161

00:40:57,470 --> 00:40:55,680

Richard Jody podcast but you know but

1162

00:40:59,870 --> 00:40:57,480

that's why I have a really hard time

1163

00:41:01,550 --> 00:40:59,880

with what he did

1164

00:41:03,410 --> 00:41:01,560

um and I think I always will and and we

1165

00:41:06,050 --> 00:41:03,420

will always ask questions and I think we

1166

00:41:07,849 --> 00:41:06,060

should no matter who the person is no

1167

00:41:09,829 --> 00:41:07,859

matter where they come from no matter

1168

00:41:12,290 --> 00:41:09,839

the background what is your motive why

1169

00:41:15,109 --> 00:41:12,300

are you doing it why are you here

1170

00:41:17,030 --> 00:41:15,119

um and you know and and yeah and we'll

1171

00:41:18,950 --> 00:41:17,040

see as more people come forward and I

1172

00:41:20,569 --> 00:41:18,960

think with the crash retrievals that

1173

00:41:22,490 --> 00:41:20,579

potentially people are talking about now

1174

00:41:24,710 --> 00:41:22,500

and that's being seated that more people

1175

00:41:26,150 --> 00:41:24,720

will come forward with that

1176

00:41:27,950 --> 00:41:26,160

um you know we're looking at more people

1177

00:41:29,270 --> 00:41:27,960

within the government for sure we're

1178

00:41:31,010 --> 00:41:29,280

gonna have but again what's your

1179

00:41:32,870 --> 00:41:31,020

motivation and let's be honest

1180

00:41:35,450 --> 00:41:32,880

misinformation campaigns can come out

1181

00:41:36,890 --> 00:41:35,460

that way too so I think we're always

1182

00:41:38,150 --> 00:41:36,900

going to be asking and that's the

1183

00:41:40,670 --> 00:41:38,160

unfortunate thing about this community

1184

00:41:43,130 --> 00:41:40,680

and it's so sad because you're always

1185

00:41:46,069 --> 00:41:43,140

questioning all the time it's so hard to

1186

00:41:48,290 --> 00:41:46,079

just believe in your own what you've

1187

00:41:50,210 --> 00:41:48,300

been told or feel that that's the truth

1188

00:41:52,010 --> 00:41:50,220

because you're not always sure so you

1189

00:41:54,250 --> 00:41:52,020

always have to keep learning to be

1190

00:41:56,930 --> 00:41:54,260

critical in the way that you think too

1191

00:41:58,790 --> 00:41:56,940

which is really important anyway I don't

1192

00:42:00,349 --> 00:41:58,800

you know anyway that's my thoughts

1193

00:42:03,410 --> 00:42:00,359

there's a lot of fighting in our

1194

00:42:05,750 --> 00:42:03,420

community that's a problem and you

1195

00:42:07,910 --> 00:42:05,760

mentioned and you said very well that

1196

00:42:10,370 --> 00:42:07,920

there's almost like a messiah complex

1197

00:42:13,069 --> 00:42:10,380

that you know I will be the light that

1198

00:42:15,470 --> 00:42:13,079

will show you how this all works and

1199

00:42:16,569 --> 00:42:15,480

what it's all about and they charge a

1200

00:42:18,950 --> 00:42:16,579

lot of money

1201
00:42:20,930 --> 00:42:18,960
and you mentioned that people are in for

1202
00:42:23,150 --> 00:42:20,940
the money we've unfortunately have run

1203
00:42:24,470 --> 00:42:23,160
across that as well like when we reached

1204
00:42:26,210 --> 00:42:24,480
out to some

1205
00:42:28,130 --> 00:42:26,220
big names they're not going to name them

1206
00:42:30,410 --> 00:42:28,140
but you know they wanted a very large

1207
00:42:33,530 --> 00:42:30,420
sum of money for a very short amount of

1208
00:42:34,970 --> 00:42:33,540
time and I just you know it blows my

1209
00:42:36,650 --> 00:42:34,980
mind because I thought you know they'd

1210
00:42:39,770 --> 00:42:36,660
want to share their information and this

1211
00:42:41,210 --> 00:42:39,780
is about information sharing uh but it

1212
00:42:43,990 --> 00:42:41,220
seems that there's some dollars to be

1213
00:42:46,609 --> 00:42:44,000

made in this industry uh not podcasting

1214

00:42:48,890 --> 00:42:46,619

for anybody that's curious but I don't

1215

00:42:52,490 --> 00:42:48,900

think any of us here has made it very

1216

00:42:55,250 --> 00:42:52,500

much off of podcasting but uh it's it's

1217

00:42:56,930 --> 00:42:55,260

a thing it's I like the Canadian side of

1218

00:42:59,210 --> 00:42:56,940

things though I like that all of us

1219

00:43:02,750 --> 00:42:59,220

podcasters and you know so-called

1220

00:43:04,430 --> 00:43:02,760

ufologists uh are Banning together and

1221

00:43:07,370 --> 00:43:04,440

we're helping each other out you've

1222

00:43:08,990 --> 00:43:07,380

given us a lot of material and guests

1223

00:43:11,510 --> 00:43:09,000

requests and stuff like that over the

1224

00:43:13,250 --> 00:43:11,520

last two years so and we're very very

1225

00:43:14,150 --> 00:43:13,260

thankful for that and again it's just

1226

00:43:18,410 --> 00:43:14,160

that

1227

00:43:20,329 --> 00:43:18,420

let's let's help each other out and I

1228

00:43:22,430 --> 00:43:20,339

absolutely love that I think that's a

1229

00:43:25,130 --> 00:43:22,440

great way

1230

00:43:26,750 --> 00:43:25,140

to be as opposed to what I'm seeing on

1231

00:43:27,770 --> 00:43:26,760

Twitter which is everybody's out for

1232

00:43:29,329 --> 00:43:27,780

themselves

1233

00:43:30,890 --> 00:43:29,339

right yeah I don't know if you're if

1234

00:43:33,770 --> 00:43:30,900

you're a big fan of the Twitter rants

1235

00:43:36,530 --> 00:43:33,780

but it seems like everybody in ufology

1236

00:43:37,970 --> 00:43:36,540

is out to be you know Rocky you know I'm

1237

00:43:39,950 --> 00:43:37,980

Gonna Knock everybody out and I'm gonna

1238

00:43:41,089 --> 00:43:39,960

be the one that shows everybody the way

1239

00:43:43,490 --> 00:43:41,099

but

1240

00:43:45,710 --> 00:43:43,500

it's not the way this this side of the

1241

00:43:48,230 --> 00:43:45,720

Border no and that's not how the science

1242

00:43:50,390 --> 00:43:48,240

Community works too you get opposing

1243

00:43:52,190 --> 00:43:50,400

countries first I should say thank you

1244

00:43:55,069 --> 00:43:52,200

for acknowledging that too I'm like I

1245

00:43:58,250 --> 00:43:55,079

try my best to to disseminate and do my

1246

00:44:00,230 --> 00:43:58,260

job on that part but outside of that you

1247

00:44:01,730 --> 00:44:00,240

know we look at the science Community uh

1248

00:44:03,650 --> 00:44:01,740

when you're for example Chris Hadfield

1249

00:44:05,170 --> 00:44:03,660

has said this before when you have

1250

00:44:07,190 --> 00:44:05,180

administrations that are at odds

1251
00:44:08,569 --> 00:44:07,200
politically you see that the science

1252
00:44:10,910 --> 00:44:08,579
communities are still working together

1253
00:44:12,050 --> 00:44:10,920
like we still talk to the Chinese we

1254
00:44:14,210 --> 00:44:12,060
still talk to Russian science

1255
00:44:16,910 --> 00:44:14,220
communities and scientists and we

1256
00:44:18,650 --> 00:44:16,920
exchange information still so we might

1257
00:44:20,930 --> 00:44:18,660
not be doing it politically but we are

1258
00:44:22,849 --> 00:44:20,940
doing it in that space so why you the

1259
00:44:25,069 --> 00:44:22,859
UFO topic needs to follow a suit and

1260
00:44:26,990 --> 00:44:25,079
that that we need to realize that you

1261
00:44:28,609 --> 00:44:27,000
know not we have to be critical in how

1262
00:44:30,050 --> 00:44:28,619
we think but not everything in the

1263
00:44:32,030 --> 00:44:30,060

American government or not anything that

1264

00:44:33,890 --> 00:44:32,040

all governments are giving us are going

1265

00:44:36,290 --> 00:44:33,900

to be we have to make at odds and have

1266

00:44:39,530 --> 00:44:36,300

to be like oh it's some kind of Scandal

1267

00:44:41,690 --> 00:44:39,540

um you know my side and the pr stuff is

1268

00:44:43,910 --> 00:44:41,700

the reason why I got into this topic in

1269

00:44:45,589 --> 00:44:43,920

a Public Relation side is the debrief

1270

00:44:47,990 --> 00:44:45,599

obviously when I became a partner with

1271

00:44:50,150 --> 00:44:48,000

them it gave me the ability especially

1272

00:44:52,069 --> 00:44:50,160

in UFOs to be able to help breaking

1273

00:44:55,130 --> 00:44:52,079

stories and see those stories so to

1274

00:44:56,870 --> 00:44:55,140

mainstream media and I have to be

1275

00:44:58,790 --> 00:44:56,880

mindful too that I can still be

1276

00:45:01,069 --> 00:44:58,800

blacklisted for media because of that

1277

00:45:02,809 --> 00:45:01,079

American Media are way more friendlier

1278

00:45:04,430 --> 00:45:02,819

on this topic than Canadian as we said

1279

00:45:06,890 --> 00:45:04,440

but

1280

00:45:08,930 --> 00:45:06,900

you know we my job is to disseminate

1281

00:45:10,790 --> 00:45:08,940

that information and I've worked been

1282

00:45:12,770 --> 00:45:10,800

lucky to work with Ariel and Jacques

1283

00:45:14,450 --> 00:45:12,780

valet and some really wonderful and

1284

00:45:16,670 --> 00:45:14,460

Christopher Mellon and some really

1285

00:45:18,950 --> 00:45:16,680

wonderful people on the pr side with the

1286

00:45:20,510 --> 00:45:18,960

debrief and not with the debrief

1287

00:45:22,790 --> 00:45:20,520

um and be able to connect them with

1288

00:45:24,650 --> 00:45:22,800

places like the hill or

1289

00:45:27,349 --> 00:45:24,660

um put their articles or put their space

1290

00:45:29,390 --> 00:45:27,359

or their thoughts about UFOs or just in

1291

00:45:31,309 --> 00:45:29,400

generally anything about the subject put

1292

00:45:32,690 --> 00:45:31,319

it into mainstream media and that's

1293

00:45:35,390 --> 00:45:32,700

really important to me and that's my

1294

00:45:37,250 --> 00:45:35,400

goal you know for sure I can get paid as

1295

00:45:38,990 --> 00:45:37,260

a publicist for that but that is my job

1296

00:45:41,089 --> 00:45:39,000

that's what I do every day I run a

1297

00:45:42,890 --> 00:45:41,099

business in Canada and I still do for

1298

00:45:46,309 --> 00:45:42,900

the past 14 years in public relations

1299

00:45:48,589 --> 00:45:46,319

with Canada and the states so I think

1300

00:45:50,030 --> 00:45:48,599

that for me that is my contribution and

1301
00:45:51,410 --> 00:45:50,040
giving people that have wonderful

1302
00:45:53,210 --> 00:45:51,420
podcasts and are really great

1303
00:45:55,490 --> 00:45:53,220
interviewers and are doing this and can

1304
00:45:57,109 --> 00:45:55,500
ask really great questions is important

1305
00:45:59,270 --> 00:45:57,119
to me too and give a good quality

1306
00:46:00,730 --> 00:45:59,280
interview so that when my client goes

1307
00:46:03,290 --> 00:46:00,740
forward or when the subject goes forward

1308
00:46:05,150 --> 00:46:03,300
that part that maybe mainstream doesn't

1309
00:46:07,430 --> 00:46:05,160
pick up let's say if another podcast

1310
00:46:09,109 --> 00:46:07,440
well but people are consuming it and

1311
00:46:11,030 --> 00:46:09,119
buying their literature or buying things

1312
00:46:12,890 --> 00:46:11,040
like that because they want to learn and

1313
00:46:15,290 --> 00:46:12,900

then hopefully mainstream go picks it up

1314

00:46:17,569 --> 00:46:15,300

as well too you know to be honest lots

1315

00:46:19,309 --> 00:46:17,579

of mainstream media follows all of us in

1316

00:46:21,829 --> 00:46:19,319

our beats because we are the most

1317

00:46:24,170 --> 00:46:21,839

knowledgeable in the space to date in

1318

00:46:26,390 --> 00:46:24,180

the UAP community and around the topic

1319

00:46:28,849 --> 00:46:26,400

than just John the journalists so

1320

00:46:30,650 --> 00:46:28,859

to me I just feel like I'm very lucky to

1321

00:46:32,210 --> 00:46:30,660

be our PR person in this space and get

1322

00:46:35,390 --> 00:46:32,220

to play with a lot of the key players

1323

00:46:38,089 --> 00:46:35,400

and also get to learn who they are and

1324

00:46:39,890 --> 00:46:38,099

spending time with them like that's a a

1325

00:46:41,329 --> 00:46:39,900

really big thing for me too is when I

1326

00:46:43,490 --> 00:46:41,339

get to talk to them

1327

00:46:46,190 --> 00:46:43,500

and get to get inside their head a

1328

00:46:48,109 --> 00:46:46,200

little bit about this topic I get to see

1329

00:46:50,329 --> 00:46:48,119

their motivation yeah you know and

1330

00:46:52,670 --> 00:46:50,339

that's really cool because then I feel

1331

00:46:53,990 --> 00:46:52,680

comforted to know that this person isn't

1332

00:46:57,050 --> 00:46:54,000

lying to me

1333

00:46:58,910 --> 00:46:57,060

um because as a PR person I am depending

1334

00:47:01,370 --> 00:46:58,920

on a campaign or if I'm with them full

1335

00:47:04,250 --> 00:47:01,380

time as their publicist I am their right

1336

00:47:07,069 --> 00:47:04,260

hand woman so if they're lying to me you

1337

00:47:08,990 --> 00:47:07,079

know I'm hopefully hopefully you know

1338

00:47:10,309 --> 00:47:09,000

I'd be able to figure it out

1339

00:47:11,990 --> 00:47:10,319

um and that's my job actually getting

1340

00:47:14,270 --> 00:47:12,000

better at learning that and being able

1341

00:47:15,710 --> 00:47:14,280

to to figure that out too but I had to

1342

00:47:18,050 --> 00:47:15,720

feel if I'm getting sucked into some of

1343

00:47:21,470 --> 00:47:18,060

misinformation campaign but I don't feel

1344

00:47:22,910 --> 00:47:21,480

like I I am I feel like I've been I the

1345

00:47:24,829 --> 00:47:22,920

people that I've worked with have

1346

00:47:26,930 --> 00:47:24,839

actually been very sincere and they're

1347

00:47:28,550 --> 00:47:26,940

doing their best and they're spending

1348

00:47:29,990 --> 00:47:28,560

their own money trying to get this

1349

00:47:31,670 --> 00:47:30,000

forward in their own time because

1350

00:47:34,309 --> 00:47:31,680

they're generally interested and they

1351

00:47:36,829 --> 00:47:34,319

really do love the topic so that's how I

1352

00:47:39,050 --> 00:47:36,839

feel and and right now I haven't worked

1353

00:47:40,550 --> 00:47:39,060

with anybody and if I ever do trust me

1354

00:47:42,530 --> 00:47:40,560

I'd be one of the first people to tell

1355

00:47:45,470 --> 00:47:42,540

you because just because I'm a publicist

1356

00:47:46,730 --> 00:47:45,480

I have morals too and values yeah and

1357

00:47:48,050 --> 00:47:46,740

that's what we get out of this show too

1358

00:47:49,849 --> 00:47:48,060

is basically we went from being

1359

00:47:51,650 --> 00:47:49,859

Enthusiast so now we're interviewing

1360

00:47:53,630 --> 00:47:51,660

people on the front lines and we're

1361

00:47:55,190 --> 00:47:53,640

getting that info first and greatest

1362

00:47:58,069 --> 00:47:55,200

compliment was the first time another

1363

00:47:59,329 --> 00:47:58,079

blog copied a section of what they asked

1364

00:48:00,770 --> 00:47:59,339

but they say hey can we use your

1365

00:48:02,630 --> 00:48:00,780

interview with like George Knapp and

1366

00:48:04,130 --> 00:48:02,640

Colin Kelleher because we had them say

1367

00:48:06,050 --> 00:48:04,140

things on the record they'd never said

1368

00:48:08,690 --> 00:48:06,060

before you know they clarified the

1369

00:48:10,970 --> 00:48:08,700

difference between ASAP and atip and

1370

00:48:13,370 --> 00:48:10,980

where the money really went and so it

1371

00:48:15,170 --> 00:48:13,380

was like a we've arrived you know we

1372

00:48:17,510 --> 00:48:15,180

we're creating this media now we are

1373

00:48:19,910 --> 00:48:17,520

part of it and I think podcasters in

1374

00:48:21,829 --> 00:48:19,920

general have very good intentions right

1375

00:48:23,630 --> 00:48:21,839

we're not over the money we're at a

1376

00:48:25,730 --> 00:48:23,640

stage now we can monetize we've decided

1377

00:48:27,470 --> 00:48:25,740

not to maybe one day that's the only way

1378

00:48:29,690 --> 00:48:27,480

to sustain this moving forward is we

1379

00:48:31,970 --> 00:48:29,700

have to because it's just become that

1380

00:48:33,770 --> 00:48:31,980

full-time job but right now it's just a

1381

00:48:36,050 --> 00:48:33,780

second full-time job we do it because we

1382

00:48:37,790 --> 00:48:36,060

love it and my own personal opinion and

1383

00:48:40,550 --> 00:48:37,800

the reason I agreed to come on the show

1384

00:48:43,190 --> 00:48:40,560

was I know how hard it was to find good

1385

00:48:45,650 --> 00:48:43,200

quality content it amongst the tsunami

1386

00:48:47,210 --> 00:48:45,660

of nonsense out there so if I can be a

1387

00:48:49,490 --> 00:48:47,220

small part of helping to generate that

1388

00:48:51,470 --> 00:48:49,500

and a lot of our comments on YouTube or

1389

00:48:52,730 --> 00:48:51,480

hey finally a show where they're not

1390

00:48:54,530 --> 00:48:52,740

full of themselves and they let their

1391

00:48:56,089 --> 00:48:54,540

guests talk and that's a big compliment

1392

00:48:58,069 --> 00:48:56,099

and that's exactly what we're trying to

1393

00:48:59,390 --> 00:48:58,079

do from our end and we know you're in

1394

00:49:01,309 --> 00:48:59,400

the same boat as well maybe it's because

1395

00:49:03,050 --> 00:49:01,319

we're Canadian maybe it's because we're

1396

00:49:05,329 --> 00:49:03,060

just well spoken or we're we are

1397

00:49:08,210 --> 00:49:05,339

intellectual but I think the rush of

1398

00:49:10,130 --> 00:49:08,220

getting that information out is uh is

1399

00:49:13,010 --> 00:49:10,140

worth more than the money would be for

1400

00:49:16,970 --> 00:49:13,020

sure yeah I and you know to the point

1401

00:49:19,430 --> 00:49:16,980

too the um what I love about this as

1402

00:49:20,450 --> 00:49:19,440

well is that from the onset we decided

1403

00:49:23,870 --> 00:49:20,460

let's

1404

00:49:26,150 --> 00:49:23,880

have everybody that's everybody on right

1405

00:49:28,370 --> 00:49:26,160

and get their knowledge but most

1406

00:49:30,650 --> 00:49:28,380

importantly too is a female ufologists

1407

00:49:33,349 --> 00:49:30,660

because I don't think there's a lot of

1408

00:49:35,030 --> 00:49:33,359

focus on that in the current media they

1409

00:49:36,829 --> 00:49:35,040

always Focus you know like the Statin

1410

00:49:38,870 --> 00:49:36,839

Friedman's and well what about the

1411

00:49:41,510 --> 00:49:38,880

Leslie Keynes and and you know the the

1412

00:49:43,609 --> 00:49:41,520

Pioneers uh that have been in ufology

1413

00:49:46,430 --> 00:49:43,619

and there's so many strong women that

1414

00:49:49,010 --> 00:49:46,440

yourself included in this field that are

1415

00:49:51,109 --> 00:49:49,020

doing amazing work and that is one of

1416

00:49:55,130 --> 00:49:51,119

the main things too that we wanted an

1417

00:49:58,490 --> 00:49:55,140

even distribution of you know exposure

1418

00:50:01,190 --> 00:49:58,500

to every ufologist that we can find and

1419

00:50:03,829 --> 00:50:01,200

you know that are really doing good work

1420

00:50:05,210 --> 00:50:03,839

and your communication work like even we

1421

00:50:08,089 --> 00:50:05,220

have Jacques valet coming up next

1422

00:50:10,430 --> 00:50:08,099

episode that's thanks to you right and

1423

00:50:13,010 --> 00:50:10,440

and your your your work so we are

1424

00:50:14,809 --> 00:50:13,020

totally appreciative of of everything

1425

00:50:16,730 --> 00:50:14,819

that you've done for us on this podcast

1426

00:50:19,670 --> 00:50:16,740

a lot of people don't know that but

1427

00:50:21,710 --> 00:50:19,680

you've contributed a lot to our show and

1428

00:50:24,470 --> 00:50:21,720

we're very appreciative of that for sure

1429

00:50:27,050 --> 00:50:24,480

because uh it feels like you're a true

1430

00:50:29,150 --> 00:50:27,060

friend of the podcast and we appreciate

1431

00:50:31,010 --> 00:50:29,160

that for sure all right thanks guys I

1432

00:50:31,910 --> 00:50:31,020

appreciate that I promised myself I

1433

00:50:36,250 --> 00:50:31,920

wouldn't cry

1434

00:50:41,329 --> 00:50:39,230

we're all there for each other yeah I

1435

00:50:43,069 --> 00:50:41,339

think the female side I hope there's

1436

00:50:44,630 --> 00:50:43,079

there'll be more women I think they're

1437

00:50:47,450 --> 00:50:44,640

coming I've been watching them slowly

1438

00:50:49,790 --> 00:50:47,460

come in and I you know it really it's

1439

00:50:53,390 --> 00:50:49,800

always been a very no offense it's very

1440

00:50:55,670 --> 00:50:53,400

white man Rich topic really you know

1441

00:50:57,230 --> 00:50:55,680

it's the rich that you know we're inter

1442

00:50:59,270 --> 00:50:57,240

or in the beginning we're interested in

1443

00:51:00,829 --> 00:50:59,280

this and could pay to learn more and

1444

00:51:02,690 --> 00:51:00,839

into research more and there were

1445

00:51:04,309 --> 00:51:02,700

generally white rich men you know and

1446

00:51:05,630 --> 00:51:04,319

that's what it is and it's slowly

1447

00:51:07,490 --> 00:51:05,640

changing now we're seeing where women

1448

00:51:09,290 --> 00:51:07,500

get involved and seeing more women in

1449

00:51:10,790 --> 00:51:09,300

the community but I'm also really happy

1450

00:51:12,770 --> 00:51:10,800

because most those women are like hey

1451
00:51:13,970 --> 00:51:12,780
where are the other women here and so

1452
00:51:15,349 --> 00:51:13,980
people will put up their hand and

1453
00:51:17,089 --> 00:51:15,359
they're like okay great and we follow

1454
00:51:18,710 --> 00:51:17,099
each other and we talk it doesn't mean

1455
00:51:20,569 --> 00:51:18,720
we all agree on the same opinions of

1456
00:51:22,069 --> 00:51:20,579
what's going on but I respect them for

1457
00:51:25,069 --> 00:51:22,079
being in the topic and contributing

1458
00:51:26,750 --> 00:51:25,079
there's lots of women in the past too

1459
00:51:28,609 --> 00:51:26,760
obviously Leslie I think is is

1460
00:51:29,930 --> 00:51:28,619
unbelievable you know I don't always

1461
00:51:32,750 --> 00:51:29,940
believe in in some of the stuff that

1462
00:51:36,349 --> 00:51:32,760
limbo and how but I she has contributed

1463
00:51:38,030 --> 00:51:36,359

oh my gosh so much information and so

1464

00:51:40,069 --> 00:51:38,040

much research over the years I have so

1465

00:51:42,650 --> 00:51:40,079

much respect for that you know I respect

1466

00:51:44,870 --> 00:51:42,660

all of them that have and I think that

1467

00:51:46,670 --> 00:51:44,880

we are there are more you know I'm

1468

00:51:49,190 --> 00:51:46,680

starting my journey on this as much as

1469

00:51:50,690 --> 00:51:49,200

possible in the past couple years but

1470

00:51:52,670 --> 00:51:50,700

you know I look at them and I learn I

1471

00:51:54,890 --> 00:51:52,680

learn maybe what to do differently and

1472

00:51:56,750 --> 00:51:54,900

and what to do better and where can we

1473

00:51:58,670 --> 00:51:56,760

contribute in our own space and there's

1474

00:52:00,589 --> 00:51:58,680

a place for them and more women will

1475

00:52:02,750 --> 00:52:00,599

come you know as it gets more mainstream

1476

00:52:04,549 --> 00:52:02,760

I think for sure more women will be

1477

00:52:07,250 --> 00:52:04,559

interested in it it's just in due time

1478

00:52:09,890 --> 00:52:07,260

that's it yeah because I think you know

1479

00:52:12,770 --> 00:52:09,900

I'm a huge uh believer in the abduction

1480

00:52:15,349 --> 00:52:12,780

phenomenon and I know that that's whole

1481

00:52:17,809 --> 00:52:15,359

you know a lot of females are reported

1482

00:52:20,750 --> 00:52:17,819

to be abducted probably more so than men

1483

00:52:22,370 --> 00:52:20,760

and I I just want to hear that more from

1484

00:52:24,950 --> 00:52:22,380

the the female side of things right

1485

00:52:26,750 --> 00:52:24,960

because we do have some research but I'd

1486

00:52:29,690 --> 00:52:26,760

be be interested in hearing more females

1487

00:52:32,870 --> 00:52:29,700

come forward and in ufology and also as

1488

00:52:34,609 --> 00:52:32,880

Witnesses or experiencers uh just to you

1489

00:52:37,130 --> 00:52:34,619

know come forward and say hey this has

1490

00:52:39,950 --> 00:52:37,140

happened to me as well we got guys like

1491

00:52:43,130 --> 00:52:39,960

uh Jim semivan that came on and during

1492

00:52:45,470 --> 00:52:43,140

his time at the CIA while he was a spy

1493

00:52:47,270 --> 00:52:45,480

for crying out loud he had an experience

1494

00:52:49,549 --> 00:52:47,280

with his wife at home where there's like

1495

00:52:52,970 --> 00:52:49,559

three little entities come into his room

1496

00:52:54,650 --> 00:52:52,980

like while he's working for the CIA he's

1497

00:52:58,370 --> 00:52:54,660

having experiences that he's now coming

1498

00:53:00,470 --> 00:52:58,380

forward about that now and that is equal

1499

00:53:02,150 --> 00:53:00,480

to what's happening to females across

1500

00:53:02,990 --> 00:53:02,160

the world as well they work in the you

1501
00:53:05,329 --> 00:53:03,000
know

1502
00:53:07,970 --> 00:53:05,339
the Department of Defense as well so

1503
00:53:10,549 --> 00:53:07,980
there's experiencers everywhere and like

1504
00:53:13,130 --> 00:53:10,559
I said it's just great to see uh female

1505
00:53:15,349 --> 00:53:13,140
ufologists if we can say ufologists I

1506
00:53:17,690 --> 00:53:15,359
use it lately but it's just yeah it's

1507
00:53:20,089 --> 00:53:17,700
it's you know we're usually something

1508
00:53:21,950 --> 00:53:20,099
ends in just your uh uh you know

1509
00:53:24,049 --> 00:53:21,960
certified you went to school or

1510
00:53:27,230 --> 00:53:24,059
something like that right but we use it

1511
00:53:29,630 --> 00:53:27,240
as if we're professional uh ufologists

1512
00:53:31,730 --> 00:53:29,640
it's just a Loosely termed kids we we're

1513
00:53:33,049 --> 00:53:31,740

not really Pathologists we're just

1514

00:53:35,750 --> 00:53:33,059

enthusiasts

1515

00:53:37,910 --> 00:53:35,760

um but yeah no I I really do appreciate

1516

00:53:40,130 --> 00:53:37,920

you coming on the show today and and

1517

00:53:42,049 --> 00:53:40,140

talking to us about this and this

1518

00:53:44,809 --> 00:53:42,059

phenomenon and I hope you come back on

1519

00:53:46,490 --> 00:53:44,819

again we're thinking about doing a panel

1520

00:53:49,370 --> 00:53:46,500

in the future it would be nice to have

1521

00:53:51,829 --> 00:53:49,380

that uh have maybe you and Brian on as

1522

00:53:53,990 --> 00:53:51,839

well and uh it'd be great to have you

1523

00:53:56,030 --> 00:53:54,000

guys back on for sure yeah I'd love that

1524

00:53:59,089 --> 00:53:56,040

if you do a Canadian panel too and Larry

1525

00:54:00,829 --> 00:53:59,099

McGuire is in there I'm in that's good

1526

00:54:03,349 --> 00:54:00,839

reach out to him again we'll see if we

1527

00:54:04,910 --> 00:54:03,359

can do it a second time here yeah well

1528

00:54:06,410 --> 00:54:04,920

this time we'll probably send them a

1529

00:54:09,170 --> 00:54:06,420

video invite which a little bit more

1530

00:54:11,030 --> 00:54:09,180

personable maybe a random on a personal

1531

00:54:13,190 --> 00:54:11,040

level we know where your family is we

1532

00:54:16,970 --> 00:54:13,200

have pictures yeah we wear masks and

1533

00:54:21,470 --> 00:54:16,980

everything 11 A.M you wrote two studies

1534

00:54:25,370 --> 00:54:23,390

awesome and that's what you guys did to

1535

00:54:27,410 --> 00:54:25,380

culture we do talk about UFOs and we do

1557
00:55:15,349 --> 00:55:12,599
have two UFO

questions for a guest today no I just

1568

00:55:36,710 --> 00:55:35,280

want to again extend a warm thanks again

1569

00:55:38,569 --> 00:55:36,720

for all your help and support over the

1570

00:55:40,910 --> 00:55:38,579

years and just for being a good person

1571

00:55:42,950 --> 00:55:40,920

who has the right motivation behind this

1572

00:55:44,930 --> 00:55:42,960

uh if it wasn't for movements like

1573

00:55:46,910 --> 00:55:44,940

yourself particularly women and that

1574

00:55:48,770 --> 00:55:46,920

type of thing this wouldn't really have

1575

00:55:50,690 --> 00:55:48,780

the steam that it's now carrying so

1576

00:55:52,970 --> 00:55:50,700

you're blazing the trail keep doing it

1577

00:55:55,010 --> 00:55:52,980

we appreciate it and thanks again for

1578

00:56:01,230 --> 00:55:55,020

being on the show awesome thanks guys
