ROSS COULTHART

1
00:00:03,230 --> 00:00:01,730
hey everybody how are you thanks for

2
00:00:05,269 --> 00:00:03,240
joining us again today how you doing Jay

3
00:00:07,190 --> 00:00:05,279
I'm doing fantastic how you doing Louie

4
00:00:10,070 --> 00:00:07,200
uh I'm I'm on the mend I've been sick

5
00:00:11,930 --> 00:00:10,080
for five days uh it sucks but uh super

6
00:00:14,690 --> 00:00:11,940
pumped up and uh it was a game day

7
00:00:16,970 --> 00:00:14,700
decision but here I am shooting all uh

8
00:00:18,349 --> 00:00:16,980
to chat with a brilliant mind uh fairly

9
00:00:20,689 --> 00:00:18,359
new mind within the last couple years

10
00:00:22,370 --> 00:00:20,699
really merged on the scene but uh we've

11
00:00:24,349 --> 00:00:22,380
had some viewer questions

12
00:00:27,050 --> 00:00:24,359
um some pretty aggressively worded about

13
00:00:28,849 --> 00:00:27,060

you know how uh how much are we gonna

14

00:00:30,830 --> 00:00:28,859

hold Ross coldheart's feet over the fire

15

00:00:33,229 --> 00:00:30,840

right and uh we're gonna ask them some

16

00:00:34,610 --> 00:00:33,239

stuff and uh basically even down to the

17

00:00:36,470 --> 00:00:34,620

point of we know he's in touch with

18

00:00:38,690 --> 00:00:36,480

these Congressional people people that

19

00:00:40,790 --> 00:00:38,700

are going to be testifying and uh you

20

00:00:42,170 --> 00:00:40,800

know is this sort of infighting and a

21

00:00:44,510 --> 00:00:42,180

lot of the snowball throwing that's

22

00:00:46,490 --> 00:00:44,520

going on is that actually preventing us

23

00:00:49,310 --> 00:00:46,500

from moving forward I mean I think that

24

00:00:51,410 --> 00:00:49,320

we run the risk maybe now of you know

25

00:00:52,910 --> 00:00:51,420

looking like a taboo subject that it

26

00:00:55,369 --> 00:00:52,920

doesn't get the light that it's deserved

27

00:00:56,630 --> 00:00:55,379

and we're so close so I want to ask him

28

00:00:58,850 --> 00:00:56,640

a couple things I know you've got some

29

00:01:00,590 --> 00:00:58,860

things in your mind that we want to ask

30

00:01:02,689 --> 00:01:00,600

and we want to get to know Mr Ross

31

00:01:09,710 --> 00:01:02,699

Coulter on episode 101 here of UAP

32

00:01:29,450 --> 00:01:23,520

[Music]

33

00:01:33,590 --> 00:01:31,490

welcome back to another episode of UAP

34

00:01:35,810 --> 00:01:33,600

studies podcast I am Louis Borges

35

00:01:37,910 --> 00:01:35,820

joining me as always my good friend and

36

00:01:40,190 --> 00:01:37,920

illustrious co-host Jason gilmat how are

37

00:01:43,190 --> 00:01:40,200

you I'm doing good how are you feeling

38

00:01:45,649 --> 00:01:43,200

I'm good I'm five days into this covid

39

00:01:47,450 --> 00:01:45,659

nonsense so if I can make it through the

40

00:01:49,730 --> 00:01:47,460

show without throwing up or passing out

41

00:01:51,710 --> 00:01:49,740

it's going to be a good one well it just

42

00:01:53,870 --> 00:01:51,720

shows that you're a trooper that uh you

43

00:01:55,429 --> 00:01:53,880

you still do the the podcast yeah and

44

00:01:57,410 --> 00:01:55,439

you're not feeling well so that's good

45

00:01:58,969 --> 00:01:57,420

it was a game day decision let's just

46

00:02:00,350 --> 00:01:58,979

leave it at that but I didn't want to

47

00:02:02,690 --> 00:02:00,360

miss today's show we do have a

48

00:02:04,069 --> 00:02:02,700

phenomenal mind on the topic

49

00:02:06,830 --> 00:02:04,079

um you know an investigative journalist

50

00:02:08,449 --> 00:02:06,840

an author of many books I'll name just a

51
00:02:11,210 --> 00:02:08,459
few here dead man running the Lost

52
00:02:13,910 --> 00:02:11,220
diggers Charles bean and recently in

53
00:02:15,589 --> 00:02:13,920
plain sight and also the co-host of a

54
00:02:18,470 --> 00:02:15,599
new show called need to know which is

55
00:02:20,449 --> 00:02:18,480
co-hosted with Bryce zabel we're very

56
00:02:22,030 --> 00:02:20,459
excited to welcome to the show today Mr

57
00:02:24,229 --> 00:02:22,040
Ross Colter

58
00:02:25,309 --> 00:02:24,239
good morning or good evening gentlemen

59
00:02:27,710 --> 00:02:25,319
how are you both

60
00:02:29,750 --> 00:02:27,720
been doing well well could be better but

61
00:02:31,309 --> 00:02:29,760
good enough I'm excited uh any day it's

62
00:02:33,170 --> 00:02:31,319
a good day we can chat about this stuff

63
00:02:35,869 --> 00:02:33,180

and I think I'm running off adrenaline

64

00:02:37,850 --> 00:02:35,879

fumes alone so uh we'll get into you've

65

00:02:40,190 --> 00:02:37,860

got you got covered at the moment Louie

66

00:02:41,630 --> 00:02:40,200

my family did yeah last week we have an

67

00:02:43,190 --> 00:02:41,640

18 year old baby in the middle of the

68

00:02:46,009 --> 00:02:43,200

night she just started throwing up and

69

00:02:47,570 --> 00:02:46,019

uh my wife and uh daughter took a test

70

00:02:49,430 --> 00:02:47,580

and they were positive I was negative

71

00:02:51,050 --> 00:02:49,440

for the whole week I sequestered and

72

00:02:54,130 --> 00:02:51,060

kept going to work tested every morning

73

00:02:56,990 --> 00:02:54,140

and then uh I believe it was uh Thursday

74

00:02:58,670 --> 00:02:57,000

yeah Thursday I started to feel a little

75

00:03:00,589 --> 00:02:58,680

tickle in my throat and I didn't want to

76

00:03:02,990 --> 00:03:00,599

test just yet I thought let it develop

77

00:03:05,089 --> 00:03:03,000

and then see and I took a test later

78

00:03:07,009 --> 00:03:05,099

that evening and instead of the the test

79

00:03:10,369 --> 00:03:07,019

being that pink ribbon mine was almost

80

00:03:12,350 --> 00:03:10,379

black so wow yeah it's bizarre I mean

81

00:03:14,690 --> 00:03:12,360

I've had an appetite throughout it's not

82

00:03:16,790 --> 00:03:14,700

like a typical flu the flu it seems like

83

00:03:18,530 --> 00:03:16,800

your symptoms are day by day you know

84

00:03:20,930 --> 00:03:18,540

you start to feel down and then you can

85

00:03:22,729 --> 00:03:20,940

tell when the fever's broken and this

86

00:03:24,649 --> 00:03:22,739

kind of feels like the reaction from the

87

00:03:26,750 --> 00:03:24,659

vaccine you know you get this burst of

88

00:03:28,309 --> 00:03:26,760

cold chills and then you're fine and

89

00:03:30,710 --> 00:03:28,319

then your body hurts then you're fine

90

00:03:33,290 --> 00:03:30,720

you have a post nasal drip but no

91

00:03:35,990 --> 00:03:33,300

congestion very odd not not like

92

00:03:38,809 --> 00:03:36,000

anything I've ever had before so sure

93

00:03:40,610 --> 00:03:38,819

yeah not a joke for sure but uh let's

94

00:03:42,170 --> 00:03:40,620

get into yourself uh who you are and

95

00:03:44,869 --> 00:03:42,180

what you've done your career obviously

96

00:03:47,030 --> 00:03:44,879

is an amazing one and then recently what

97

00:03:49,009 --> 00:03:47,040

led you into that sort of shift into the

98

00:03:50,390 --> 00:03:49,019

UAP world and uh and what you're working

99

00:03:51,710 --> 00:03:50,400

on currently

100

00:03:53,390 --> 00:03:51,720

so you want me to give you a bit of

101
00:03:56,089 --> 00:03:53,400
background about myself yes yeah

102
00:03:58,070 --> 00:03:56,099
absolutely okay I I'm an Australian

103
00:04:02,110 --> 00:03:58,080
based investigative journalist and

104
00:04:06,710 --> 00:04:02,120
author uh I've lived in Australia for

105
00:04:08,869 --> 00:04:06,720
37 years I was born in the UK moved to

106
00:04:10,070 --> 00:04:08,879
New Zealand as a young boy because my

107
00:04:12,470 --> 00:04:10,080
father was convinced there was going to

108
00:04:16,210 --> 00:04:12,480
be a nuclear war kind of ironic in light

109
00:04:19,670 --> 00:04:16,220
of the current International climate and

110
00:04:21,469 --> 00:04:19,680
I graduated as a lawyer from a

111
00:04:24,170 --> 00:04:21,479
university in New Zealand practiced

112
00:04:26,749 --> 00:04:24,180
briefly as a lawyer and decided that I

113
00:04:28,730 --> 00:04:26,759

was far too nosy and became a journalist

114

00:04:31,370 --> 00:04:28,740

instead and focused very much on

115

00:04:33,710 --> 00:04:31,380

long-form investigative journalism I've

116

00:04:35,689 --> 00:04:33,720

worked for the New Zealand Herald

117

00:04:39,469 --> 00:04:35,699

newspaper the Sydney Morning Herald

118

00:04:43,090 --> 00:04:39,479

newspaper the Australian Broadcasting

119

00:04:46,189 --> 00:04:43,100

Corporation the ABC

120

00:04:48,050 --> 00:04:46,199

I've been on all of the Premier public

121

00:04:52,129 --> 00:04:48,060

affairs programs in the country I've

122

00:04:54,110 --> 00:04:52,139

I've most recently been a a reporter for

123

00:04:56,810 --> 00:04:54,120

a program called 60 minutes which is the

124

00:04:59,090 --> 00:04:56,820

sister program of the CBS 60 minutes

125

00:05:01,850 --> 00:04:59,100

program in America

126
00:05:04,430 --> 00:05:01,860
um and I'm currently uh an investigator

127
00:05:07,189 --> 00:05:04,440
journalist reporter with the spotlight

128
00:05:08,749 --> 00:05:07,199
program on the channel 7 Network in

129
00:05:11,450 --> 00:05:08,759
Australia which is Australia's number

130
00:05:15,409 --> 00:05:11,460
one commercial TV network

131
00:05:17,810 --> 00:05:15,419
and um I do contribute to contributory

132
00:05:20,689 --> 00:05:17,820
um investigative journalism pieces uh

133
00:05:23,330 --> 00:05:20,699
mainly True Crime I'm investigating a

134
00:05:26,749 --> 00:05:23,340
murder at the moment I do the the UAP

135
00:05:28,850 --> 00:05:26,759
stuff in between my day job

136
00:05:32,450 --> 00:05:28,860
um I've done

137
00:05:35,570 --> 00:05:32,460
two major documentaries on uaps since I

138
00:05:38,450 --> 00:05:35,580

published my book in plain sight about a

139

00:05:40,370 --> 00:05:38,460

year ago uh in plain sight should be

140

00:05:41,930 --> 00:05:40,380

available in North America but my uh

141

00:05:44,510 --> 00:05:41,940

publisher is pretty bloody hopeless

142

00:05:46,430 --> 00:05:44,520

about getting it on the shelves but if

143

00:05:48,790 --> 00:05:46,440

you go on Amazon you'll find it it's uh

144

00:05:51,830 --> 00:05:48,800

in plain sight an investigation into

145

00:05:54,650 --> 00:05:51,840

UFOs and impossible science

146

00:05:56,629 --> 00:05:54,660

and as a result of that book I um I was

147

00:05:59,390 --> 00:05:56,639

encouraged by my TV network to go to the

148

00:06:01,790 --> 00:05:59,400

states last year and I interviewed a

149

00:06:04,550 --> 00:06:01,800

large number of people for a film that

150

00:06:07,790 --> 00:06:04,560

we ended up calling the UFO phenomenon

151
00:06:10,570 --> 00:06:07,800
and uh that's viewable on the spotlight

152
00:06:13,430 --> 00:06:10,580
Channel 7 Australia Channel on YouTube

153
00:06:16,129 --> 00:06:13,440
and I think at last guess in the current

154
00:06:19,370 --> 00:06:16,139
iteration it's it's had close to 15 to

155
00:06:21,710 --> 00:06:19,380
20 million views it's um it's taken me

156
00:06:24,950 --> 00:06:21,720
back actually as a as a journalist I've

157
00:06:27,050 --> 00:06:24,960
been quite surprised at the uh the fact

158
00:06:29,390 --> 00:06:27,060
that I just treated this like any other

159
00:06:32,170 --> 00:06:29,400
story to be perfectly honest I I'm a

160
00:06:34,790 --> 00:06:32,180
journalist I jump from story to story uh

161
00:06:36,710 --> 00:06:34,800
uh I'm very used to coming in and

162
00:06:38,570 --> 00:06:36,720
becoming if you like an instant expert

163
00:06:41,749 --> 00:06:38,580

on something and then moving on

164

00:06:44,210 --> 00:06:41,759

and um when I wrote my book

165

00:06:47,029 --> 00:06:44,220

I was really struck by the fact that

166

00:06:48,950 --> 00:06:47,039

this is a taboo area for mainstream

167

00:06:51,350 --> 00:06:48,960

media that that one of the things you

168

00:06:54,350 --> 00:06:51,360

learn in journalism is a Cub Cadet

169

00:06:56,629 --> 00:06:54,360

reporter is that it's kind of part of

170

00:06:58,430 --> 00:06:56,639

the culture of media organizations that

171

00:07:01,610 --> 00:06:58,440

UFO stories are to be treated with

172

00:07:03,650 --> 00:07:01,620

ridicule and contempt and derision and

173

00:07:05,029 --> 00:07:03,660

if you do mention them they're only ever

174

00:07:07,129 --> 00:07:05,039

meant to be done with a tongue on your

175

00:07:08,390 --> 00:07:07,139

cheek and it's not like there's Men In

176

00:07:10,309 --> 00:07:08,400

Black sitting in the back of the

177

00:07:12,170 --> 00:07:10,319

editorial conferences it's literally

178

00:07:14,570 --> 00:07:12,180

that there is a culture an attitude

179

00:07:16,490 --> 00:07:14,580

inside the mainstream media which

180

00:07:17,629 --> 00:07:16,500

basically treats the subject with

181

00:07:19,670 --> 00:07:17,639

derision

182

00:07:21,290 --> 00:07:19,680

and I have to admit that when I wrote my

183

00:07:23,390 --> 00:07:21,300

book when I was researching it for about

184

00:07:25,129 --> 00:07:23,400

three years I I came into it with very

185

00:07:28,490 --> 00:07:25,139

much that perspective

186

00:07:30,170 --> 00:07:28,500

and fortuitously serendipitously at the

187

00:07:32,570 --> 00:07:30,180

time that I was researching I was also

188

00:07:35,749 --> 00:07:32,580

working for Australia's 60 minutes and

189

00:07:38,029 --> 00:07:35,759

so I was regularly in and out of America

190

00:07:40,670 --> 00:07:38,039

and particularly in and out of uh

191

00:07:43,430 --> 00:07:40,680

Washington and I because of my job I've

192

00:07:46,129 --> 00:07:43,440

done National Security terrorism defense

193

00:07:47,870 --> 00:07:46,139

stories quite a lot and I have sources

194

00:07:50,629 --> 00:07:47,880

in the intelligence and defense

195

00:07:51,710 --> 00:07:50,639

Community around the world and I started

196

00:07:53,629 --> 00:07:51,720

asking just dropping it into

197

00:07:55,670 --> 00:07:53,639

conversations over a beer you know what

198

00:07:57,710 --> 00:07:55,680

what about this UFO stuff you know what

199

00:08:00,170 --> 00:07:57,720

do you what do you think about that and

200

00:08:02,089 --> 00:08:00,180

I was quite struck at the cognitive

201
00:08:03,770 --> 00:08:02,099
dissonance if you like between the

202
00:08:06,710 --> 00:08:03,780
public narrative which is one of

203
00:08:08,809 --> 00:08:06,720
ridicule and stigma and the private

204
00:08:11,570 --> 00:08:08,819
narrative which I was getting from many

205
00:08:14,629 --> 00:08:11,580
of the people that I talked to who are

206
00:08:17,749 --> 00:08:14,639
members of the Yakuza the the

207
00:08:22,249 --> 00:08:17,759
um UK USA Canada and New Zealand

208
00:08:23,930 --> 00:08:22,259
Australia Alliance of um the five eyes I

209
00:08:26,029 --> 00:08:23,940
was quite struck about the behind the

210
00:08:27,350 --> 00:08:26,039
scenes narrative that privately they

211
00:08:30,589 --> 00:08:27,360
were admitting that they were seeing

212
00:08:32,870 --> 00:08:30,599
take intelligence take on the phenomenon

213
00:08:34,850 --> 00:08:32,880

in the five eyes intelligence databases

214

00:08:36,889 --> 00:08:34,860

that it was being freely and openly

215

00:08:38,810 --> 00:08:36,899

discussed that there is a phenomenon

216

00:08:41,050 --> 00:08:38,820

which is basically breaching airspace

217

00:08:43,550 --> 00:08:41,060

particularly National Security airspace

218

00:08:45,650 --> 00:08:43,560

and it struck me that there was a story

219

00:08:48,410 --> 00:08:45,660

here and I still think there's a story

220

00:08:51,050 --> 00:08:48,420

there that that essentially the media is

221

00:08:53,870 --> 00:08:51,060

largely ignoring we are essentially

222

00:08:55,490 --> 00:08:53,880

being I think Hoodwinked into ignoring a

223

00:08:58,490 --> 00:08:55,500

subject which I think is one of the most

224

00:09:00,590 --> 00:08:58,500

profound issues of the moment

225

00:09:03,350 --> 00:09:00,600

absolutely

226

00:09:06,410 --> 00:09:03,360

yeah and have you noticed a shift at all

227

00:09:09,350 --> 00:09:06,420

in the last two years like from what you

228

00:09:10,970 --> 00:09:09,360

started off as to what was a ridicule

229

00:09:13,430 --> 00:09:10,980

from the start for you like did you have

230

00:09:15,410 --> 00:09:13,440

any but he say don't cover this subject

231

00:09:17,210 --> 00:09:15,420

or was it sort of

232

00:09:19,070 --> 00:09:17,220

something that you introduced to new

233

00:09:21,470 --> 00:09:19,080

reporters and that maybe they're taken

234

00:09:23,750 --> 00:09:21,480

more seriously now I I don't see a

235

00:09:26,030 --> 00:09:23,760

dramatic shift I mean I I certainly for

236

00:09:27,949 --> 00:09:26,040

myself at the very beginning of my

237

00:09:31,370 --> 00:09:27,959

research when I was telling friends who

238

00:09:33,050 --> 00:09:31,380

are mainstream media journalists uh I'm

239

00:09:34,970 --> 00:09:33,060

a fairly senior investigative journalist

240

00:09:37,550 --> 00:09:34,980

in this country and internationally and

241

00:09:39,530 --> 00:09:37,560

I've collaborated on investigations with

242

00:09:42,170 --> 00:09:39,540

the New York Times The Washington Post

243

00:09:44,630 --> 00:09:42,180

the Toronto Star and you know a lot of

244

00:09:46,970 --> 00:09:44,640

the major newspapers around the world so

245

00:09:48,910 --> 00:09:46,980

you know I'm a member of a group called

246

00:09:51,230 --> 00:09:48,920

icij which is the international

247

00:09:54,769 --> 00:09:51,240

Consortium of investigative journalists

248

00:09:56,750 --> 00:09:54,779

based in Washington DC and a lot of my

249

00:09:58,370 --> 00:09:56,760

friends and colleagues in in different

250

00:10:00,050 --> 00:09:58,380

media organizations were basically

251
00:10:01,850 --> 00:10:00,060
saying to me gee you're you're taking a

252
00:10:03,650 --> 00:10:01,860
risk you know what a what a crazy

253
00:10:05,690 --> 00:10:03,660
foolish thing to to go and do a book

254
00:10:08,389 --> 00:10:05,700
about UFOs you know you're pissing your

255
00:10:10,250 --> 00:10:08,399
reputation up against the wall and I I

256
00:10:12,410 --> 00:10:10,260
don't see it like that I didn't see it

257
00:10:14,269 --> 00:10:12,420
like that at the time I think that in

258
00:10:17,090 --> 00:10:14,279
the media we have a responsibility to

259
00:10:18,889 --> 00:10:17,100
look at stories objective and not be

260
00:10:20,990 --> 00:10:18,899
worried about the stigma that gets

261
00:10:22,730 --> 00:10:21,000
attached to an issue we we should look

262
00:10:24,530 --> 00:10:22,740
at the evidence and then confine

263
00:10:27,470 --> 00:10:24,540

ourselves to an analysis based on

264

00:10:29,150 --> 00:10:27,480

evidence and on the evidence when I

265

00:10:30,829 --> 00:10:29,160

started looking both at the history and

266

00:10:32,930 --> 00:10:30,839

the current evidence for the phenomenon

267

00:10:34,490 --> 00:10:32,940

I thought that the evidence of its

268

00:10:37,490 --> 00:10:34,500

existence and its reality was

269

00:10:39,170 --> 00:10:37,500

overwhelming moreover one of the things

270

00:10:41,210 --> 00:10:39,180

you're taught in investigative

271

00:10:43,430 --> 00:10:41,220

journalism in particular is to never

272

00:10:46,069 --> 00:10:43,440

ever believe in a cover-up more often

273

00:10:47,870 --> 00:10:46,079

than not cover-ups are a screw-up more

274

00:10:49,790 --> 00:10:47,880

often than not it's incompetence that

275

00:10:51,889 --> 00:10:49,800

something's being hidden by a bureaucrat

276

00:10:54,230 --> 00:10:51,899

it's not a deliberate policy

277

00:10:56,090 --> 00:10:54,240

but in this case I've very much come to

278

00:10:58,790 --> 00:10:56,100

the view that there is an unwillingness

279

00:11:01,630 --> 00:10:58,800

by multiple governments around the world

280

00:11:05,210 --> 00:11:01,640

notably the British Canadian Australian

281

00:11:07,069 --> 00:11:05,220

French and American governments to

282

00:11:09,110 --> 00:11:07,079

discuss the reality of the phenomenon

283

00:11:10,790 --> 00:11:09,120

and I think the American government's

284

00:11:13,630 --> 00:11:10,800

come part of the way in the last few

285

00:11:16,310 --> 00:11:13,640

years with its very very slow

286

00:11:18,710 --> 00:11:16,320

turtle-like revealing of the fact that

287

00:11:20,630 --> 00:11:18,720

it seized a phenomenon as a reality

288

00:11:22,370 --> 00:11:20,640

but to come back to the the central

289

00:11:24,889 --> 00:11:22,380

thrust of your question do I think that

290

00:11:26,269 --> 00:11:24,899

there's been a change no I don't I in

291

00:11:28,009 --> 00:11:26,279

fact I think if anything it's being

292

00:11:30,530 --> 00:11:28,019

walked back at the moment I think we're

293

00:11:33,230 --> 00:11:30,540

in a a very dangerous period at the

294

00:11:35,389 --> 00:11:33,240

moment for the possibility of any kind

295

00:11:37,850 --> 00:11:35,399

of admissions being made by the Pentagon

296

00:11:39,650 --> 00:11:37,860

or indeed by the American

297

00:11:42,310 --> 00:11:39,660

um intelligence Community or defense

298

00:11:45,050 --> 00:11:42,320

Community I I think that if American

299

00:11:47,030 --> 00:11:45,060

mainstream media don't start embracing

300

00:11:49,069 --> 00:11:47,040

the subject matter and taking it up and

301

00:11:50,269 --> 00:11:49,079

running with it and making it a

302

00:11:52,970 --> 00:11:50,279

Forefront issue in the National

303

00:11:55,130 --> 00:11:52,980

bulletins then frankly it's just going

304

00:11:57,050 --> 00:11:55,140

to die on the vine and I think it will

305

00:11:59,210 --> 00:11:57,060

probably be another 70 years before we

306

00:12:01,190 --> 00:11:59,220

find out what's really going on even

307

00:12:02,810 --> 00:12:01,200

though I'm absolutely convinced that

308

00:12:05,269 --> 00:12:02,820

there is a reality there behind the

309

00:12:07,790 --> 00:12:05,279

scenes and that we are being liked to

310

00:12:09,290 --> 00:12:07,800

the um the government particularly the

311

00:12:11,990 --> 00:12:09,300

American government knows a lot more

312

00:12:14,030 --> 00:12:12,000

than it's letting on yeah later in

313

00:12:15,590 --> 00:12:14,040

omissions right yeah we chat with a guy

314

00:12:17,930 --> 00:12:15,600

like George Knapp who's very similar to

315

00:12:20,630 --> 00:12:17,940

yourself he's a CBS reporter in Nevada

316

00:12:21,769 --> 00:12:20,640

he broke the story of Bob Lazar and

317

00:12:24,470 --> 00:12:21,779

everything else and he's been doing this

318

00:12:26,329 --> 00:12:24,480

for 30 some years and for him we chatted

319

00:12:28,550 --> 00:12:26,339

with him he said you know this is almost

320

00:12:29,930 --> 00:12:28,560

like Vindication you know like he was

321

00:12:31,970 --> 00:12:29,940

warned of the same that you don't want

322

00:12:33,470 --> 00:12:31,980

to talk about this stuff your career

323

00:12:35,150 --> 00:12:33,480

would go way higher if you just stay

324

00:12:37,130 --> 00:12:35,160

away from the alien phenomenon he

325

00:12:40,009 --> 00:12:37,140

believe enough in it that he kept on

326

00:12:42,350 --> 00:12:40,019

going and then in 2017 with the Tic Tac

327

00:12:44,150 --> 00:12:42,360

videos and then recently in 2020 with

328

00:12:46,370 --> 00:12:44,160

the Department of Defense saying hey

329

00:12:48,410 --> 00:12:46,380

these things may actually pose some type

330

00:12:50,930 --> 00:12:48,420

of a threat especially in a military

331

00:12:52,730 --> 00:12:50,940

capacity so I want to ask you about that

332

00:12:54,530 --> 00:12:52,740

what are your thoughts because there's

333

00:12:56,389 --> 00:12:54,540

many opinions on this we have our own

334

00:12:58,250 --> 00:12:56,399

and so do others but what are your

335

00:13:00,769 --> 00:12:58,260

thoughts on the threat narrative quote

336

00:13:02,150 --> 00:13:00,779

unquote is it a legitimate threat or

337

00:13:04,190 --> 00:13:02,160

threatening enough that we should just

338

00:13:07,069 --> 00:13:04,200

look at it more to make sure it's not a

339

00:13:08,930 --> 00:13:07,079

threat well I think you've gotta you've

340

00:13:10,610 --> 00:13:08,940

got to look at what you mean by threat I

341

00:13:11,389 --> 00:13:10,620

I don't think there's an imminent threat

342

00:13:14,690 --> 00:13:11,399

of

343

00:13:16,970 --> 00:13:14,700

you know harm from some non-human

344

00:13:19,129 --> 00:13:16,980

intelligence if that's what it is

345

00:13:22,129 --> 00:13:19,139

um but you have to put yourself into the

346

00:13:24,769 --> 00:13:22,139

brain of a military strategic thinker

347

00:13:27,110 --> 00:13:24,779

and uh I've explored this personally

348

00:13:29,090 --> 00:13:27,120

with lu Elizondo the former

349

00:13:31,850 --> 00:13:29,100

um investigator for the the Pentagon

350

00:13:34,069 --> 00:13:31,860

into the UFO UAP issue and he admits

351

00:13:36,230 --> 00:13:34,079

that my analysis is pretty much right

352

00:13:37,850 --> 00:13:36,240

when they're talking about a threat

353

00:13:39,710 --> 00:13:37,860

they're not talking about you know an

354

00:13:41,629 --> 00:13:39,720

imminent threat of invasion from Zeta

355

00:13:44,870 --> 00:13:41,639

reticuli by by guide Little Green Men

356

00:13:48,290 --> 00:13:44,880

what they're talking about is there is a

357

00:13:50,750 --> 00:13:48,300

phenomenon which is

358

00:13:52,730 --> 00:13:50,760

an imminent threat for Pilots flight

359

00:13:54,410 --> 00:13:52,740

safety I mean we have incidents where

360

00:13:56,150 --> 00:13:54,420

Pilots are terribly worried that they're

361

00:13:58,910 --> 00:13:56,160

going to have a mid-air collision with

362

00:14:01,970 --> 00:13:58,920

these objects I'm talking pretty much

363

00:14:03,650 --> 00:14:01,980

regularly with um Pilots particularly on

364

00:14:05,690 --> 00:14:03,660

the west and east coast of America but

365

00:14:08,090 --> 00:14:05,700

also some now who've contacted me who

366

00:14:10,970 --> 00:14:08,100

served in the Middle East and they're

367

00:14:13,610 --> 00:14:10,980

talking about near miss incursions with

368

00:14:15,170 --> 00:14:13,620

these objects where whatever they are

369

00:14:16,550 --> 00:14:15,180

they're solid they're showing up on

370

00:14:19,069 --> 00:14:16,560

radar and they're coming sometimes

371

00:14:21,710 --> 00:14:19,079

within 50 feet of their aircraft so

372

00:14:24,829 --> 00:14:21,720

they're worried about flight safety and

373

00:14:27,910 --> 00:14:24,839

more importantly by definition something

374

00:14:31,970 --> 00:14:27,920

that hovers and takes a clear interest

375

00:14:34,370 --> 00:14:31,980

in nuclear facilities nuclear weapons is

376

00:14:36,710 --> 00:14:34,380

by definition a threat

377

00:14:38,569 --> 00:14:36,720

you know that's that's a concern I mean

378

00:14:41,449 --> 00:14:38,579

if you and I got into a helicopter or

379

00:14:43,670 --> 00:14:41,459

flew a drone over a nuclear facility or

380

00:14:46,430 --> 00:14:43,680

a nuclear weapons facility we'd be in

381

00:14:48,650 --> 00:14:46,440

jail pretty damn quickly and and the

382

00:14:51,590 --> 00:14:48,660

thing that I find really disingenuous at

383

00:14:54,710 --> 00:14:51,600

the moment about a lot of people on UFO

384

00:14:58,610 --> 00:14:54,720

social media is their almost naive

385

00:14:59,329 --> 00:14:58,620

truculence they they attack people like

386

00:15:02,449 --> 00:14:59,339

um

387

00:15:04,430 --> 00:15:02,459

some of the uh the inside I think is

388

00:15:06,769 --> 00:15:04,440

like Elizondo like melon for talking

389

00:15:08,629 --> 00:15:06,779

about threat and they're suggesting that

390

00:15:10,670 --> 00:15:08,639

what they're doing is it's the Stephen

391

00:15:12,530 --> 00:15:10,680

Greer narratives that Stephen Greer has

392

00:15:14,750 --> 00:15:12,540

been pushing for years that they're

393

00:15:16,069 --> 00:15:14,760

talking about an alien invasion for

394

00:15:19,189 --> 00:15:16,079

[h__h] sake they're not suggesting that

395

00:15:21,230 --> 00:15:19,199

at all what they're suggesting is that

396

00:15:23,389 --> 00:15:21,240

by definition something that hovers over

397

00:15:25,310 --> 00:15:23,399

nuclear facilities something that that

398

00:15:27,590 --> 00:15:25,320

takes a close interest in nuclear

399

00:15:30,470 --> 00:15:27,600

weapons and that is beyond any measure

400

00:15:34,430 --> 00:15:30,480

of Doubt a reality that's a threat

401

00:15:36,230 --> 00:15:34,440

period and and a military and in an

402

00:15:39,050 --> 00:15:36,240

intelligence service have an obligation

403

00:15:41,269 --> 00:15:39,060

by you know the Constitution of the

404

00:15:43,790 --> 00:15:41,279

United States but also

405

00:15:45,470 --> 00:15:43,800

um ethically legally to protect the

406

00:15:47,750 --> 00:15:45,480

people from what they perceive are

407

00:15:49,250 --> 00:15:47,760

possible threats and I I don't

408

00:15:52,189 --> 00:15:49,260

understand why it's even an issue

409

00:15:54,650 --> 00:15:52,199

frankly that um that people use the

410

00:15:57,650 --> 00:15:54,660

terminology thread because if there is

411

00:15:59,629 --> 00:15:57,660

an unknown aerial phenomena that is

412

00:16:01,850 --> 00:15:59,639

solid that is real that is that is

413

00:16:03,829 --> 00:16:01,860

hovering over nuclear facilities that

414

00:16:06,590 --> 00:16:03,839

has been on scene on occasion to

415

00:16:08,509 --> 00:16:06,600

actually direct beams of light or some

416

00:16:11,569 --> 00:16:08,519

kind of energy into the repositories

417

00:16:13,670 --> 00:16:11,579

where nuclear weapons are stored uh if

418

00:16:16,069 --> 00:16:13,680

it is the case as people like Rob Salas

419

00:16:17,990 --> 00:16:16,079

have testified that Minuteman missiles

420

00:16:20,210 --> 00:16:18,000

have been interfered with without being

421

00:16:22,490 --> 00:16:20,220

powered down and not made capable of

422

00:16:24,350 --> 00:16:22,500

operating or in the Russian example

423

00:16:26,650 --> 00:16:24,360

where they've basically been powered up

424

00:16:31,009 --> 00:16:26,660

and literally one click away from launch

425

00:16:33,110 --> 00:16:31,019

that is by any definition a threat why

426

00:16:35,090 --> 00:16:33,120

are we even discussing this and and that

427

00:16:37,370 --> 00:16:35,100

that's what frustrates me about this is

428

00:16:40,069 --> 00:16:37,380

that I want to talk more broadly at the

429

00:16:43,069 --> 00:16:40,079

moment about the pathetic purile coin

430

00:16:46,189 --> 00:16:43,079

scoring on UFO social media where people

431

00:16:47,930 --> 00:16:46,199

go ah Lua lizondo said he was the head

432

00:16:49,189 --> 00:16:47,940

of atip but atip doesn't exist therefore

433

00:16:52,129 --> 00:16:49,199

he's a liar therefore it's a

434

00:16:54,769 --> 00:16:52,139

disinformation campaign or

435

00:16:56,569 --> 00:16:54,779

um ah people are saying that it's a

436

00:16:58,129 --> 00:16:56,579

threat but there's no evidence of an

437

00:16:59,870 --> 00:16:58,139

alien invasion therefore it can't

438

00:17:01,730 --> 00:16:59,880

possibly be true this is all [h__\h]

439

00:17:02,930 --> 00:17:01,740

it's all disinformation let's go back to

440

00:17:06,590 --> 00:17:02,940

our normal lives and watch Kim

441

00:17:09,530 --> 00:17:06,600

Kardashian I'm sorry I'm so tired and

442

00:17:11,510 --> 00:17:09,540

weary of the purial nonsense that passes

443

00:17:14,870 --> 00:17:11,520

for intellectual debate on UFO social

444

00:17:17,710 --> 00:17:14,880

media yeah it's time to grow up guys

445

00:17:21,530 --> 00:17:17,720

you know there really is this infantile

446

00:17:24,470 --> 00:17:21,540

purile game scoring Point scoring which

447

00:17:26,329 --> 00:17:24,480

is just pathetic and and I think one of

448

00:17:28,189 --> 00:17:26,339

the issues that has played being played

449

00:17:30,770 --> 00:17:28,199

games with is the issue of so-called

450

00:17:32,330 --> 00:17:30,780

threat it's very very clear when these

451

00:17:35,150 --> 00:17:32,340

people are talking about threat that

452

00:17:38,210 --> 00:17:35,160

what they're talking about is the issue

453

00:17:41,090 --> 00:17:38,220

of military installations military

454

00:17:43,909 --> 00:17:41,100

directly being

455

00:17:46,430 --> 00:17:43,919

having their their security perimeters

456

00:17:49,430 --> 00:17:46,440

breached by a phenomenon that appears

457

00:17:52,070 --> 00:17:49,440

completely impervious to the detection

458

00:17:55,610 --> 00:17:52,080

systems and the um the Weaponry systems

459

00:17:58,490 --> 00:17:55,620

of known technology and that that by any

460

00:18:00,470 --> 00:17:58,500

definition is a threat period we should

461

00:18:02,330 --> 00:18:00,480

stop the argument and move on and just

462

00:18:05,390 --> 00:18:02,340

basically start analyzing it and doing

463

00:18:07,730 --> 00:18:05,400

the data analysis I mean in the well

464

00:18:10,430 --> 00:18:07,740

well UFO Twitter tears itself apart in

465

00:18:13,010 --> 00:18:10,440

this kind of purile debate about who's a

466

00:18:15,529 --> 00:18:13,020

disinformation agent and who's basically

467

00:18:17,990 --> 00:18:15,539

uh pushing an agenda that's you know

468

00:18:21,049 --> 00:18:18,000

some Men In Black Agenda I just don't

469

00:18:23,570 --> 00:18:21,059

get the purile suspicious paranoid

470

00:18:26,750 --> 00:18:23,580

nonsense that passes for debate on a lot

471

00:18:28,610 --> 00:18:26,760

of UAP Twitter at the moment but um

472

00:18:30,529 --> 00:18:28,620

people have just got to stop worrying

473

00:18:32,270 --> 00:18:30,539

about that sort of nonsense and get on

474

00:18:34,970 --> 00:18:32,280

with data analysis

475

00:18:36,529 --> 00:18:34,980

you know one of the things that um I'm

476

00:18:40,570 --> 00:18:36,539

impressed with is there's an initiative

477

00:18:43,990 --> 00:18:40,580

by a company called Enigma Labs which is

478

00:18:47,029 --> 00:18:44,000

avowedly about the collecting of data

479

00:18:49,250 --> 00:18:47,039

with a view to providing a scientific

480

00:18:51,710 --> 00:18:49,260

database that allows people to more

481

00:18:54,529 --> 00:18:51,720

correctly understand and analyze the

482

00:18:56,570 --> 00:18:54,539

phenomenon people like Professor Ravi

483

00:18:59,870 --> 00:18:56,580

Lowe at Harvard University with his

484

00:19:02,390 --> 00:18:59,880

Galileo project there's any number of

485

00:19:04,909 --> 00:19:02,400

initiatives uapx

486

00:19:07,909 --> 00:19:04,919

they're all institutions that are about

487

00:19:10,430 --> 00:19:07,919

collecting data that's what we need to

488

00:19:11,990 --> 00:19:10,440

start doing the only way that this issue

489

00:19:14,690 --> 00:19:12,000

is ever going to get into the Forefront

490

00:19:17,690 --> 00:19:14,700

of mainstream media attention is if

491

00:19:20,270 --> 00:19:17,700

people put aside their pathetic

492

00:19:22,789 --> 00:19:20,280

pure oil differences and actually start

493

00:19:24,549 --> 00:19:22,799

collaborating in data analysis and data

494

00:19:27,470 --> 00:19:24,559

collection and actually present

495

00:19:29,090 --> 00:19:27,480

well-reasoned you know clever scientific

496

00:19:31,789 --> 00:19:29,100

analysis and one of my favorite

497

00:19:34,190 --> 00:19:31,799

organizations in that regard is the SCU

498

00:19:37,430 --> 00:19:34,200

the scientific Coalition for the study

499

00:19:39,350 --> 00:19:37,440

of uaps people like Rich Hoffman you

500

00:19:41,529 --> 00:19:39,360

know they're really superb scientists

501
00:19:43,970 --> 00:19:41,539
who are doing a really solid job

502
00:19:46,850 --> 00:19:43,980
analyzing data and trying to understand

503
00:19:49,610 --> 00:19:46,860
the phenomenon because they accept that

504
00:19:51,890 --> 00:19:49,620
it's real but with every step forward

505
00:19:53,930 --> 00:19:51,900
there's two steps backward because at

506
00:19:55,310 --> 00:19:53,940
the moment there's this troll Factory I

507
00:19:57,950 --> 00:19:55,320
suspect a lot of it's disinformation

508
00:20:00,010 --> 00:19:57,960
deliberate disinformation but there's

509
00:20:03,770 --> 00:20:00,020
this troll Factory of

510
00:20:06,890 --> 00:20:03,780
infantile purile trolls who who

511
00:20:09,110 --> 00:20:06,900
basically seek to pull down anybody that

512
00:20:10,730 --> 00:20:09,120
comes forward with new information I'll

513
00:20:14,029 --> 00:20:10,740

give you an example I mean I've just

514

00:20:16,549 --> 00:20:14,039

this morning been dealing with um uh

515

00:20:18,770 --> 00:20:16,559

follow-up uh emails many of them very

516

00:20:20,750 --> 00:20:18,780

informative about a story I ran on need

517

00:20:22,669 --> 00:20:20,760

to know the podcast I do with Bryce

518

00:20:24,650 --> 00:20:22,679

Sable where we featured an interview

519

00:20:26,990 --> 00:20:24,660

with a British soldier called John

520

00:20:29,210 --> 00:20:27,000

Chapman he's a British Army veteran

521

00:20:31,130 --> 00:20:29,220

highly decorated well-respected guy in

522

00:20:33,110 --> 00:20:31,140

his own unit I've checked him out

523

00:20:35,990 --> 00:20:33,120

thoroughly he is who he says he is he's

524

00:20:38,210 --> 00:20:36,000

shared his service record with me and he

525

00:20:41,150 --> 00:20:38,220

testified to us in the vodcast podcast

526

00:20:43,789 --> 00:20:41,160

that we do that during a battle while

527

00:20:47,810 --> 00:20:43,799

they were under Fire in Ukraine on the

528

00:20:50,390 --> 00:20:47,820

banks of the urban River in Kiev they

529

00:20:52,130 --> 00:20:50,400

were basically witness him and seven

530

00:20:55,190 --> 00:20:52,140

other colleagues to

531

00:20:59,090 --> 00:20:55,200

a craft of some kind that emerged from

532

00:21:00,409 --> 00:20:59,100

three Amber orbs in the sky at about a

533

00:21:04,430 --> 00:21:00,419

thousand feet

534

00:21:06,650 --> 00:21:04,440

now I don't mind scientific Response and

535

00:21:08,690 --> 00:21:06,660

Analysis I welcome it I welcome Skeptics

536

00:21:11,330 --> 00:21:08,700

gift skepticism and I'm sure we will

537

00:21:13,549 --> 00:21:11,340

we'll get a skeptical rejoinder at some

538

00:21:17,150 --> 00:21:13,559

stage I'm sure from many people

539

00:21:22,070 --> 00:21:17,160

but um the

540

00:21:26,150 --> 00:21:22,080

purile infantile teenage jock side of

541

00:21:28,549 --> 00:21:26,160

UFO Twitter would seek to denigrate a

542

00:21:30,529 --> 00:21:28,559

serviceman by calling him or slurring

543

00:21:32,630 --> 00:21:30,539

him as a mercenary when he's actually a

544

00:21:34,070 --> 00:21:32,640

signed up member of the Ukrainian Armed

545

00:21:37,669 --> 00:21:34,080

Forces

546

00:21:41,149 --> 00:21:37,679

um the um the way in which people's

547

00:21:43,549 --> 00:21:41,159

motives are attacked and anybody

548

00:21:46,669 --> 00:21:43,559

basically pushing something that gives

549

00:21:49,370 --> 00:21:46,679

the trolls an opportunity to get an edge

550

00:21:51,289 --> 00:21:49,380

I can understand why and I read recently

551
00:21:52,730 --> 00:21:51,299
that one preeminent researcher is

552
00:21:54,470 --> 00:21:52,740
withdrawing for the from the field

553
00:21:57,289 --> 00:21:54,480
because they're just sick of the trolls

554
00:21:59,690 --> 00:21:57,299
and that that's not scientific criticism

555
00:22:01,490 --> 00:21:59,700
it's not good analysis you know one

556
00:22:03,890 --> 00:22:01,500
person had a swipe at John the soldier

557
00:22:06,049 --> 00:22:03,900
because he didn't film during the battle

558
00:22:07,610 --> 00:22:06,059
and what that told me of course was that

559
00:22:10,549 --> 00:22:07,620
they hadn't actually watched or listened

560
00:22:13,370 --> 00:22:10,559
to the podcast at all because in the

561
00:22:16,850 --> 00:22:13,380
podcast he explains they were under Fire

562
00:22:19,010 --> 00:22:16,860
During the period that they were in the

563
00:22:21,409 --> 00:22:19,020

sighting area they couldn't possibly

564

00:22:23,990 --> 00:22:21,419

pull out a shiny camera with lights on

565

00:22:25,730 --> 00:22:24,000

it and direct it at an object in the sky

566

00:22:29,390 --> 00:22:25,740

because they would have been shot

567

00:22:30,669 --> 00:22:29,400

and it's the intentional naivety the the

568

00:22:33,590 --> 00:22:30,679

stupid

569

00:22:35,990 --> 00:22:33,600

weird way that people behave to

570

00:22:37,850 --> 00:22:36,000

denigrate people like a military service

571

00:22:40,549 --> 00:22:37,860

person who have the courage to come

572

00:22:44,510 --> 00:22:40,559

forward and I I feel the same way also

573

00:22:46,730 --> 00:22:44,520

about the people who seek to to besmirch

574

00:22:50,029 --> 00:22:46,740

um people like Alex dietrichs the fa-18

575

00:22:52,010 --> 00:22:50,039

pilot who has come forward on her own

576

00:22:54,169 --> 00:22:52,020

initiative along with other Pilots to

577

00:22:56,470 --> 00:22:54,179

testify about what she and other Pilots

578

00:23:00,590 --> 00:22:56,480

have seen and then they're told

579

00:23:02,510 --> 00:23:00,600

patronizingly by purported Skeptics that

580

00:23:04,789 --> 00:23:02,520

they didn't really see what they saw and

581

00:23:06,230 --> 00:23:04,799

they were probably confused and you know

582

00:23:07,490 --> 00:23:06,240

they probably confused it for a

583

00:23:09,169 --> 00:23:07,500

reflection on the inside of their

584

00:23:11,630 --> 00:23:09,179

cockpit

585

00:23:14,029 --> 00:23:11,640

we really have to grow up guys because

586

00:23:16,430 --> 00:23:14,039

it takes I can tell you as a journalist

587

00:23:19,250 --> 00:23:16,440

a hell of a lot to persuade people to

588

00:23:22,610 --> 00:23:19,260

come forward and give evidence and I'm

589

00:23:24,710 --> 00:23:22,620

not here to serve UFO Twitter I don't

590

00:23:27,230 --> 00:23:24,720

give a flying [h__h] frankly about UFO

591

00:23:29,210 --> 00:23:27,240

Twitter what I do care is the exposition

592

00:23:32,029 --> 00:23:29,220

of the information that's needing to be

593

00:23:36,770 --> 00:23:32,039

revealed and the the interesting thing

594

00:23:40,070 --> 00:23:36,780

is that um there is a selfishness and a

595

00:23:42,409 --> 00:23:40,080

an impatience uh there from an audience

596

00:23:45,710 --> 00:23:42,419

who just see this as entertainment it's

597

00:23:47,630 --> 00:23:45,720

not entertainment it's data it's data

598

00:23:50,510 --> 00:23:47,640

about one of the most important if not

599

00:23:53,149 --> 00:23:50,520

the most important issue of our time

600

00:23:55,730 --> 00:23:53,159

but by seeking to denigrate people who

601
00:23:57,470 --> 00:23:55,740
come forward by seeking to attack the

602
00:23:59,270 --> 00:23:57,480
motives of people who are willing to

603
00:24:00,529 --> 00:23:59,280
come forward with evidence as sightings

604
00:24:02,870 --> 00:24:00,539
Witnesses

605
00:24:05,750 --> 00:24:02,880
all they're doing is scaring them off

606
00:24:07,490 --> 00:24:05,760
and I Frank Frankly UAP social media

607
00:24:10,370 --> 00:24:07,500
should be ashamed of itself it's time to

608
00:24:12,649 --> 00:24:10,380
take a long hard look at itself and

609
00:24:14,450 --> 00:24:12,659
wonder really is it does it serve any

610
00:24:17,029 --> 00:24:14,460
useful purpose to behave the way it

611
00:24:18,830 --> 00:24:17,039
behaves right and frankly these trolls

612
00:24:22,250 --> 00:24:18,840
they need to be outed they need to be

613
00:24:24,350 --> 00:24:22,260

exposed good skeptical criticism is fine

614

00:24:27,230 --> 00:24:24,360

but people who denigrate the character

615

00:24:28,430 --> 00:24:27,240

of people people who attack people and

616

00:24:28,970 --> 00:24:28,440

seek to

617

00:24:30,649 --> 00:24:28,980

um

618

00:24:32,870 --> 00:24:30,659

to destroy them

619

00:24:35,390 --> 00:24:32,880

they need to be pulled down they need to

620

00:24:37,850 --> 00:24:35,400

be destroyed yeah no because we can't

621

00:24:39,529 --> 00:24:37,860

tolerate that that's unscientific

622

00:24:41,210 --> 00:24:39,539

scientists indeed there are some

623

00:24:42,830 --> 00:24:41,220

scientists who behave in a very very

624

00:24:44,870 --> 00:24:42,840

unscientific way

625

00:24:47,149 --> 00:24:44,880

you know they have a paradigm that they

626
00:24:49,070 --> 00:24:47,159
accept as the reality Paradigm and if it

627
00:24:50,930 --> 00:24:49,080
if something comes into their worldview

628
00:24:53,210 --> 00:24:50,940
that conflicts with their Paradigm then

629
00:24:54,649 --> 00:24:53,220
they immediately seek to denigrate the

630
00:24:56,570 --> 00:24:54,659
person delivering it so this is a

631
00:25:00,049 --> 00:24:56,580
problem in science as much as it is in

632
00:25:02,510 --> 00:25:00,059
in the um the UAP research area

633
00:25:04,190 --> 00:25:02,520
but I think we're this is a broad issue

634
00:25:05,029 --> 00:25:04,200
that I'm responding to

635
00:25:07,909 --> 00:25:05,039
um

636
00:25:09,710 --> 00:25:07,919
that I think explains why the media the

637
00:25:13,250 --> 00:25:09,720
mainstream media is largely staying away

638
00:25:15,529 --> 00:25:13,260

from this issue because frankly

639

00:25:17,630 --> 00:25:15,539

you should be ashamed of yourselves

640

00:25:19,430 --> 00:25:17,640

we get it too we'll get people that are

641

00:25:21,409 --> 00:25:19,440

even fans that'll say hey love the show

642

00:25:23,630 --> 00:25:21,419

but you know why don't you hammer on

643

00:25:25,909 --> 00:25:23,640

Preston Dennett to provide evidence for

644

00:25:27,590 --> 00:25:25,919

what he was saying like our flavor is

645

00:25:29,690 --> 00:25:27,600

that we don't make people uncomfortable

646

00:25:31,610 --> 00:25:29,700

and more often than not even guys like

647

00:25:33,769 --> 00:25:31,620

Sean Cahill you know the right-hand man

648

00:25:35,210 --> 00:25:33,779

to Lou Elizondo they'll tell us more

649

00:25:37,430 --> 00:25:35,220

things that they've never told anybody

650

00:25:39,470 --> 00:25:37,440

because we always joke around and say

651

00:25:41,090 --> 00:25:39,480

it's a safe space so we're not here to

652

00:25:43,130 --> 00:25:41,100

shine the flashlight in somebody's eye

653

00:25:45,830 --> 00:25:43,140

everyone has a right to tell their story

654

00:25:47,990 --> 00:25:45,840

in the way they see fit we vetted these

655

00:25:50,390 --> 00:25:48,000

people as well so it's not like anybody

656

00:25:52,250 --> 00:25:50,400

is on our show but yeah it's that

657

00:25:54,409 --> 00:25:52,260

propensity to just why didn't you jump

658

00:25:56,149 --> 00:25:54,419

down his throat well and you know or

659

00:25:57,830 --> 00:25:56,159

even we had a comment when we said hey

660

00:25:59,210 --> 00:25:57,840

you know we're so excited um you know

661

00:26:01,070 --> 00:25:59,220

Ross Colter is coming on the show

662

00:26:02,870 --> 00:26:01,080

somebody message and said is it going to

663

00:26:05,210 --> 00:26:02,880

be new information or the same recital

664

00:26:06,890 --> 00:26:05,220

it's like go [h__\h] yourself don't watch

665

00:26:08,630 --> 00:26:06,900

the show then you know what I mean like

666

00:26:11,510 --> 00:26:08,640

no and I think we have to say that more

667

00:26:13,789 --> 00:26:11,520

I mean I frankly I I mean I I really

668

00:26:16,370 --> 00:26:13,799

think that is just an absolutely vital

669

00:26:18,350 --> 00:26:16,380

response because absolutely um you know

670

00:26:22,490 --> 00:26:18,360

one of the things that I'm at pains to

671

00:26:24,490 --> 00:26:22,500

do is to show people courtesy and um uh

672

00:26:27,049 --> 00:26:24,500

I I think um

673

00:26:28,669 --> 00:26:27,059

it's very interesting because one of the

674

00:26:30,890 --> 00:26:28,679

difficulties you have as a journalist is

675

00:26:33,230 --> 00:26:30,900

you often know a hundred times more than

676
00:26:37,669 --> 00:26:33,240
what you can reveal publicly and there

677
00:26:38,930 --> 00:26:37,679
is a side of the UAP community that

678
00:26:40,490 --> 00:26:38,940
seems to feel that it's my

679
00:26:41,750 --> 00:26:40,500
responsibility to come out and spill my

680
00:26:44,630 --> 00:26:41,760
guts and tell everybody everything

681
00:26:48,110 --> 00:26:44,640
immediately and if I don't then I'm I'm

682
00:26:49,850 --> 00:26:48,120
hiding and I'm part of the cover-up and

683
00:26:51,710 --> 00:26:49,860
um one of the things that people don't

684
00:26:55,310 --> 00:26:51,720
understand is that journalists operate

685
00:26:58,070 --> 00:26:55,320
under both legal and ethical constraints

686
00:27:00,470 --> 00:26:58,080
um you know I I'm under an obligation to

687
00:27:02,510 --> 00:27:00,480
protect sources and I will always do so

688
00:27:04,370 --> 00:27:02,520

I've been in court cases where I've

689

00:27:06,710 --> 00:27:04,380

refused to reveal sources and I've been

690

00:27:08,690 --> 00:27:06,720

told that I could face criminal contempt

691

00:27:11,690 --> 00:27:08,700

prosecution if I refuse to reveal it and

692

00:27:14,570 --> 00:27:11,700

I've stood my ground but it's important

693

00:27:16,610 --> 00:27:14,580

it's absolutely important if there is

694

00:27:18,769 --> 00:27:16,620

and I believe there is if there is a

695

00:27:21,590 --> 00:27:18,779

cover-up of issues pertaining to this

696

00:27:23,330 --> 00:27:21,600

phenomenon inside certain governments

697

00:27:26,330 --> 00:27:23,340

and I believe there is

698

00:27:28,610 --> 00:27:26,340

then the people who hold that

699

00:27:30,649 --> 00:27:28,620

information they need to be respected

700

00:27:32,810 --> 00:27:30,659

they need to be treated with courtesy

701
00:27:35,330 --> 00:27:32,820
and they need to be thanked for coming

702
00:27:36,950 --> 00:27:35,340
forward with the information they hold

703
00:27:38,750 --> 00:27:36,960
it's funny I had a conversation with

704
00:27:41,870 --> 00:27:38,760
this morning with another person who

705
00:27:43,909 --> 00:27:41,880
told me about a sighting in Ukraine

706
00:27:45,890 --> 00:27:43,919
and they asked me

707
00:27:48,950 --> 00:27:45,900
you know do you think I should come

708
00:27:50,690 --> 00:27:48,960
forward publicly and I I have to admit

709
00:27:52,310 --> 00:27:50,700
you know I don't know if I would

710
00:27:53,630 --> 00:27:52,320
encourage them at the moment frankly I

711
00:27:55,370 --> 00:27:53,640
think I would encourage them maybe to

712
00:27:58,190 --> 00:27:55,380
privately speak to an organization like

713
00:28:00,110 --> 00:27:58,200

the Galileo project or Enigma Labs or

714

00:28:03,409 --> 00:28:00,120

you know one of the organizations like

715

00:28:05,450 --> 00:28:03,419

that collect data but um I think we're

716

00:28:07,610 --> 00:28:05,460

at a stage now where

717

00:28:10,789 --> 00:28:07,620

we just basically have to get on with it

718

00:28:12,669 --> 00:28:10,799

and ignore the idiots

719

00:28:15,649 --> 00:28:12,679

the purile

720

00:28:17,930 --> 00:28:15,659

people with the brains of adolescent

721

00:28:20,269 --> 00:28:17,940

teenage boys who who seem to think it's

722

00:28:21,950 --> 00:28:20,279

fun to attack people who have the

723

00:28:22,730 --> 00:28:21,960

courage to come forward with what they

724

00:28:26,570 --> 00:28:22,740

know

725

00:28:31,789 --> 00:28:26,580

and um there's a really nasty side a

726

00:28:33,710 --> 00:28:31,799

really nasty side on UAP Twitter that I

727

00:28:35,990 --> 00:28:33,720

think they don't realize just how much

728

00:28:37,909 --> 00:28:36,000

damage they're causing and they've done

729

00:28:39,409 --> 00:28:37,919

it but they know who they are they've

730

00:28:41,330 --> 00:28:39,419

done it for entertainment purposes

731

00:28:43,909 --> 00:28:41,340

they've done it to generate clickbait

732

00:28:45,649 --> 00:28:43,919

and um

733

00:28:48,169 --> 00:28:45,659

uh you know

734

00:28:49,850 --> 00:28:48,179

buzzer them as you say [h__h] them you

735

00:28:52,010 --> 00:28:49,860

know it's time to move on we're trying

736

00:28:54,110 --> 00:28:52,020

to destigmatize this and get the taboo

737

00:28:56,269 --> 00:28:54,120

away from it so that mainstream media

738

00:28:57,529 --> 00:28:56,279

takes it a little more serious and if

739

00:28:59,149 --> 00:28:57,539

that's the first thing that comes up

740

00:29:01,130 --> 00:28:59,159

when you search the topic on Twitter

741

00:29:02,990 --> 00:29:01,140

they're gonna stay away from it as long

742

00:29:04,730 --> 00:29:03,000

as possible because it's not worthy of

743

00:29:06,649 --> 00:29:04,740

their attention and they don't want to

744

00:29:08,690 --> 00:29:06,659

be dragged down to look just as immature

745

00:29:11,330 --> 00:29:08,700

and stupid right it's it's not helping

746

00:29:13,190 --> 00:29:11,340

the movement so that's my yeah I mean

747

00:29:14,390 --> 00:29:13,200

it's it's not a movement I don't I don't

748

00:29:16,130 --> 00:29:14,400

like the idea that it's a movement I

749

00:29:18,710 --> 00:29:16,140

don't see myself as an activist I just

750

00:29:20,269 --> 00:29:18,720

see myself as a journalist uh I mean the

751
00:29:24,950 --> 00:29:20,279
bottom line is

752
00:29:27,889 --> 00:29:24,960
um I think if the New York Times devoted

753
00:29:30,710 --> 00:29:27,899
the same level of coverage to the UAP

754
00:29:33,710 --> 00:29:30,720
issue as it devotes currently to the

755
00:29:36,110 --> 00:29:33,720
January the 60th issue uh you know the

756
00:29:37,970 --> 00:29:36,120
Insurrection on the U.S Congress right

757
00:29:40,850 --> 00:29:37,980
uh I I think that we would probably

758
00:29:44,630 --> 00:29:40,860
crack this within a year

759
00:29:47,570 --> 00:29:44,640
I really do and I I don't believe that

760
00:29:48,889 --> 00:29:47,580
it's an unawareness of the reality of

761
00:29:51,350 --> 00:29:48,899
the phenomenon that's stopping the

762
00:29:52,970 --> 00:29:51,360
editors and the um the journalists from

763
00:29:55,310 --> 00:29:52,980

doing it I certainly know good people

764

00:29:57,110 --> 00:29:55,320

like Leslie Kane and Ralph blumenthaler

765

00:29:58,130 --> 00:29:57,120

desperately Keen to get stories in the

766

00:30:00,710 --> 00:29:58,140

paper there

767

00:30:03,289 --> 00:30:00,720

but no I think there's a l l l l l

768

00:30:05,210 --> 00:30:03,299

think they're tempering themselves by

769

00:30:08,090 --> 00:30:05,220

what they perceive Their audience wants

770

00:30:09,649 --> 00:30:08,100

newspapers are essentially

771

00:30:12,769 --> 00:30:09,659

um classified advertising wrapped around

772

00:30:14,210 --> 00:30:12,779

news they always have been and um you

773

00:30:16,430 --> 00:30:14,220

know while they give themselves pompous

774

00:30:17,750 --> 00:30:16,440

titles as you know investigators of the

775

00:30:20,330 --> 00:30:17,760

truth the reality is they're still

776

00:30:22,669 --> 00:30:20,340

trying to sell ads and they think people

777

00:30:26,450 --> 00:30:22,679

don't want to know about this issue

778

00:30:28,310 --> 00:30:26,460

and frankly UFO Twitter UFO social media

779

00:30:32,389 --> 00:30:28,320

is doing a really bad job of

780

00:30:33,590 --> 00:30:32,399

communicating a uh unanimity uh a

781

00:30:35,889 --> 00:30:33,600

collegial

782

00:30:39,070 --> 00:30:35,899

willingness to investigate

783

00:30:42,110 --> 00:30:39,080

they're playing stupid pure Isle games

784

00:30:44,090 --> 00:30:42,120

infantile games and

785

00:30:46,909 --> 00:30:44,100

um there's a kind of a gotcha mentality

786

00:30:48,649 --> 00:30:46,919

uh that I really hate and I see it you

787

00:30:51,049 --> 00:30:48,659

see it in journalism everywhere as well

788

00:30:52,669 --> 00:30:51,059

but I've never seen it quite so harsh as

789

00:30:54,710 --> 00:30:52,679

I've seen it in the subject of this

790

00:30:57,230 --> 00:30:54,720

particular field and there's this

791

00:30:59,090 --> 00:30:57,240

attempt to pull people down all the time

792

00:31:01,310 --> 00:30:59,100

anybody who sticks their head up and

793

00:31:03,409 --> 00:31:01,320

basically says I've seen X Y and Z

794

00:31:06,230 --> 00:31:03,419

within a few months they're pulled down

795

00:31:09,110 --> 00:31:06,240

and attacked and I'm shocked I'm amazed

796

00:31:12,649 --> 00:31:09,120

how many people I've spoken to and I've

797

00:31:15,769 --> 00:31:12,659

I've been chasing darn old stories that

798

00:31:17,630 --> 00:31:15,779

interest me and I'm amazed how often the

799

00:31:19,610 --> 00:31:17,640

reason that the people cite about why

800

00:31:23,750 --> 00:31:19,620

they went quiet why they don't want to

801
00:31:25,430 --> 00:31:23,760
engage anymore is because they frankly

802
00:31:29,750 --> 00:31:25,440
got sick of the way they were being

803
00:31:31,070 --> 00:31:29,760
trolled on social media and I I don't

804
00:31:32,690 --> 00:31:31,080
know whether it's an organized thing

805
00:31:34,430 --> 00:31:32,700
whether there is in fact some kind of

806
00:31:36,350 --> 00:31:34,440
bloody government troll Factory that's

807
00:31:37,610 --> 00:31:36,360
sending out this information I I think

808
00:31:39,350 --> 00:31:37,620
to be honest with you it's just people

809
00:31:41,269 --> 00:31:39,360
who are trying to generate clickbait for

810
00:31:43,789 --> 00:31:41,279
their podcasts and their social media

811
00:31:46,909 --> 00:31:43,799
blogs who are basically just going out

812
00:31:49,010 --> 00:31:46,919
there generating hate and what they

813
00:31:52,010 --> 00:31:49,020

don't realize I we invest them with

814

00:31:53,510 --> 00:31:52,020

power by responding to them yeah now I

815

00:31:56,750 --> 00:31:53,520

don't include in that by the way people

816

00:31:58,310 --> 00:31:56,760

like Nick West who even though mix you

817

00:31:59,690 --> 00:31:58,320

know on occasion I'm sure he'll find

818

00:32:01,669 --> 00:31:59,700

issues with some of the things that I've

819

00:32:04,070 --> 00:32:01,679

said and spoken about it's really good

820

00:32:06,230 --> 00:32:04,080

that we have people who try scientific

821

00:32:08,570 --> 00:32:06,240

skepticism that's that's I'm not being

822

00:32:12,350 --> 00:32:08,580

patronizing I think it's important and

823

00:32:13,789 --> 00:32:12,360

and sometimes we do get things wrong

824

00:32:16,549 --> 00:32:13,799

um you know media gets things wrong

825

00:32:18,649 --> 00:32:16,559

people putting blogs up on UFOs social

826

00:32:19,970 --> 00:32:18,659

media get things wrong and when we get

827

00:32:22,250 --> 00:32:19,980

things wrong we should acknowledge it

828

00:32:24,590 --> 00:32:22,260

and we should move on

829

00:32:26,510 --> 00:32:24,600

um that's good science yeah but one of

830

00:32:29,630 --> 00:32:26,520

the other things too is um

831

00:32:30,950 --> 00:32:29,640

uh uh I've been noticing recently that a

832

00:32:33,710 --> 00:32:30,960

lot of the um

833

00:32:36,169 --> 00:32:33,720

the people like we did a documentary uh

834

00:32:38,450 --> 00:32:36,179

a few months ago now where we

835

00:32:40,490 --> 00:32:38,460

interviewed a man claiming to be an

836

00:32:44,330 --> 00:32:40,500

abductee experience a guy called Jim

837

00:32:47,269 --> 00:32:44,340

marlin in Texas and he allowed us to

838

00:32:49,850 --> 00:32:47,279

test take away a sphere a metal sphere

839

00:32:52,190 --> 00:32:49,860

that he explained was gifted to and very

840

00:32:54,649 --> 00:32:52,200

unusual circumstances that he believes

841

00:32:57,049 --> 00:32:54,659

is alien technology and it's really

842

00:32:59,210 --> 00:32:57,059

interesting because a lot of people are

843

00:33:01,190 --> 00:32:59,220

saying well where's the where's the

844

00:33:02,930 --> 00:33:01,200

scientific results you know when are you

845

00:33:04,730 --> 00:33:02,940

going to hand them over

846

00:33:06,889 --> 00:33:04,740

um I don't know you guys an explanation

847

00:33:09,230 --> 00:33:06,899

I don't give a [h__h] what people on UAP

848

00:33:10,789 --> 00:33:09,240

Twitter and think I'll I'll let Gary

849

00:33:13,070 --> 00:33:10,799

Nolan the professor at Stanford

850

00:33:15,710 --> 00:33:13,080

University take all the time in the

851

00:33:18,289 --> 00:33:15,720

world he needs to make his scientific

852

00:33:20,090 --> 00:33:18,299

analyzes and in the meantime I will

853

00:33:22,970 --> 00:33:20,100

continue Gathering the information that

854

00:33:25,130 --> 00:33:22,980

has come in the door that that came as a

855

00:33:27,169 --> 00:33:25,140

result of me publishing that story

856

00:33:29,029 --> 00:33:27,179

one of the things that amused me was

857

00:33:30,649 --> 00:33:29,039

people seem to feel that you shouldn't

858

00:33:32,810 --> 00:33:30,659

publish until you've definitively

859

00:33:34,909 --> 00:33:32,820

reached a conclusion on something but

860

00:33:37,250 --> 00:33:34,919

that's what a scientist does I'm not a

861

00:33:39,529 --> 00:33:37,260

scientist I'm a journalist I report

862

00:33:41,149 --> 00:33:39,539

things as they come along so if somebody

863

00:33:43,250 --> 00:33:41,159

comes to me with a bit of technology

864

00:33:46,310 --> 00:33:43,260

that they say as alien technology I'll

865

00:33:48,529 --> 00:33:46,320

report that and if it turns out not to

866

00:33:50,630 --> 00:33:48,539

be then that's fine I acknowledge that

867

00:33:51,710 --> 00:33:50,640

but I'm not saying that's the case in

868

00:33:53,210 --> 00:33:51,720

fact things are getting very very

869

00:33:54,889 --> 00:33:53,220

interesting with the metallic spheres

870

00:33:57,049 --> 00:33:54,899

there's some very very interesting

871

00:33:57,769 --> 00:33:57,059

evidence coming in the door and you know

872

00:34:00,590 --> 00:33:57,779

what

873

00:34:03,289 --> 00:34:00,600

I'm only going to publish it when I am

874

00:34:05,090 --> 00:34:03,299

good and ready and the people on UFO

875

00:34:06,889 --> 00:34:05,100

Twitter or whoever you are who seem to

876

00:34:09,770 --> 00:34:06,899

feel that I have a scientific obligation

877

00:34:12,050 --> 00:34:09,780

to publish all my data up front before I

878

00:34:14,270 --> 00:34:12,060

allow myself to publish I'm not a

879

00:34:16,430 --> 00:34:14,280

scientist you know I'm not putting my

880

00:34:18,889 --> 00:34:16,440

stuff up for peer review I'm not an Avi

881

00:34:21,470 --> 00:34:18,899

lobe I don't have to conform to peer

882

00:34:22,810 --> 00:34:21,480

review standards I'm publishing news as

883

00:34:25,250 --> 00:34:22,820

it happens

884

00:34:27,829 --> 00:34:25,260

journalists are essentially recording

885

00:34:29,869 --> 00:34:27,839

the first draft of history and sometimes

886

00:34:32,089 --> 00:34:29,879

that history is wrong sometimes it's

887

00:34:33,589 --> 00:34:32,099

inaccurate sometimes it's misleading but

888

00:34:35,690 --> 00:34:33,599

what we're doing is we're reporting as

889

00:34:37,909 --> 00:34:35,700

we go along and I think that's one of

890

00:34:40,730 --> 00:34:37,919

the fundamental misunderstandings that

891

00:34:43,550 --> 00:34:40,740

um comes through a lot on on UAP social

892

00:34:45,230 --> 00:34:43,560

media people seem to fear well why why

893

00:34:46,669 --> 00:34:45,240

are you running this stuff now you know

894

00:34:48,409 --> 00:34:46,679

why not wait until you've got all the

895

00:34:50,690 --> 00:34:48,419

results in or you know why don't you

896

00:34:52,609 --> 00:34:50,700

include this in your data I'm not a

897

00:34:53,930 --> 00:34:52,619

bloody scientist mate piss off and go

898

00:34:55,250 --> 00:34:53,940

back in your little corner and do

899

00:34:57,349 --> 00:34:55,260

whatever it is you need to do to get

900

00:35:00,349 --> 00:34:57,359

over your frustrations

901
00:35:03,710 --> 00:35:00,359
um I I really truly am over these people

902
00:35:06,109 --> 00:35:03,720
who seem to feel that they have power to

903
00:35:08,630 --> 00:35:06,119
tell people like me what to do in

904
00:35:10,670 --> 00:35:08,640
investigating the phenomenon and I think

905
00:35:13,370 --> 00:35:10,680
we have to come far more aggressively

906
00:35:15,170 --> 00:35:13,380
back at them and say listen you you

907
00:35:16,849 --> 00:35:15,180
don't tell us what to do we're

908
00:35:19,490 --> 00:35:16,859
journalists we're investigators we're

909
00:35:21,950 --> 00:35:19,500
digging we're investigating and more

910
00:35:23,750 --> 00:35:21,960
importantly and this is the key issue

911
00:35:26,089 --> 00:35:23,760
more importantly we're going to be

912
00:35:27,530 --> 00:35:26,099
courteous we're going to be kind we're

913
00:35:29,750 --> 00:35:27,540

going to be friendly even to people

914

00:35:30,530 --> 00:35:29,760

we're disagreeing with because we may be

915

00:35:32,569 --> 00:35:30,540

wrong

916

00:35:34,730 --> 00:35:32,579

yeah absolutely do you think this is

917

00:35:36,530 --> 00:35:34,740

keeping people like for example at the

918

00:35:38,390 --> 00:35:36,540

Congressional hearings do this type of

919

00:35:40,550 --> 00:35:38,400

attack and everything else I mean we had

920

00:35:43,190 --> 00:35:40,560

a a viewer question that said you know

921

00:35:46,069 --> 00:35:43,200

in terms of corporate interest is anyone

922

00:35:48,170 --> 00:35:46,079

preventing people from testifying but a

923

00:35:49,970 --> 00:35:48,180

that question or B are people just

924

00:35:51,290 --> 00:35:49,980

worried again you see what happens on

925

00:35:53,210 --> 00:35:51,300

Twitter when you make a statement

926
00:35:54,950 --> 00:35:53,220
everybody wants to rip your head off now

927
00:35:57,290 --> 00:35:54,960
you want to go to Congress and testify

928
00:35:59,089 --> 00:35:57,300
are there people genuinely worried about

929
00:36:01,490 --> 00:35:59,099
this tsunami of [h__h] they're going

930
00:36:03,170 --> 00:36:01,500
to bring on themselves if they if they

931
00:36:07,069 --> 00:36:03,180
put their hand up and try to try to be

932
00:36:09,109 --> 00:36:07,079
helpful yes yes and yes absolutely and

933
00:36:11,690 --> 00:36:09,119
frankly I'm talking to people of the

934
00:36:13,910 --> 00:36:11,700
moment who are wavering because they're

935
00:36:15,710 --> 00:36:13,920
seeing the level of nastiness and

936
00:36:17,470 --> 00:36:15,720
vitriol that's being directed at people

937
00:36:20,150 --> 00:36:17,480
who have come forward like Alex

938
00:36:21,829 --> 00:36:20,160

dietrichs you know pretty much anybody

939

00:36:23,930 --> 00:36:21,839

who comes forward with any new

940

00:36:26,450 --> 00:36:23,940

information at the moment is immediately

941

00:36:28,670 --> 00:36:26,460

pulled down and vilified wouldn't mind

942

00:36:31,130 --> 00:36:28,680

if it was for solid scientific reasons

943

00:36:32,930 --> 00:36:31,140

but more often than not it's just

944

00:36:35,390 --> 00:36:32,940

somebody wanting to have a go you know

945

00:36:37,550 --> 00:36:35,400

and often it's nasty often it's really

946

00:36:39,050 --> 00:36:37,560

nasty bullying in elementary school it

947

00:36:41,930 --> 00:36:39,060

is it isn't gonna get it right yeah no

948

00:36:43,849 --> 00:36:41,940

it is and it's funny it's funny I I I

949

00:36:46,370 --> 00:36:43,859

you know they know who they are there's

950

00:36:48,290 --> 00:36:46,380

certain key figures and they remind me

951
00:36:51,290 --> 00:36:48,300
of the boys in high school who weren't

952
00:36:53,210 --> 00:36:51,300
very bright who were you know not very

953
00:36:54,470 --> 00:36:53,220
nice people most people didn't like them

954
00:36:56,089 --> 00:36:54,480
and so the way they distinguished

955
00:36:58,609 --> 00:36:56,099
themselves was by basically pushing

956
00:37:01,069 --> 00:36:58,619
people around and you know what I've

957
00:37:04,069 --> 00:37:01,079
never liked bullies and I don't like the

958
00:37:05,690 --> 00:37:04,079
bullies in UFO social media and uh they

959
00:37:08,150 --> 00:37:05,700
need to be taken down they need to be

960
00:37:10,430 --> 00:37:08,160
called out and vilified and exposed for

961
00:37:12,589 --> 00:37:10,440
what they are because what they're doing

962
00:37:15,290 --> 00:37:12,599
is they are actually deterring people

963
00:37:17,390 --> 00:37:15,300

from perceiving

964

00:37:19,430 --> 00:37:17,400

the community of people who are

965

00:37:21,410 --> 00:37:19,440

interested in this issue as showing

966

00:37:23,210 --> 00:37:21,420

unanimity of opinion that there needs to

967

00:37:25,670 --> 00:37:23,220

be a public exposition of this issue

968

00:37:28,849 --> 00:37:25,680

what they're reading instead on UFO

969

00:37:30,650 --> 00:37:28,859

Twitter UFO social media is we're

970

00:37:33,230 --> 00:37:30,660

basically fighting amongst ourselves you

971

00:37:36,109 --> 00:37:33,240

know we're stricken with um dissent and

972

00:37:38,150 --> 00:37:36,119

argument and nastiness uh if I was a

973

00:37:40,430 --> 00:37:38,160

whistleblower and I'm in contact myself

974

00:37:42,349 --> 00:37:40,440

with multiple people who've told me that

975

00:37:44,270 --> 00:37:42,359

they would either want to give evidence

976

00:37:46,370 --> 00:37:44,280

or they're considering giving evidence

977

00:37:49,250 --> 00:37:46,380

or in some cases they've actually been

978

00:37:51,890 --> 00:37:49,260

approached to give evidence and

979

00:37:53,690 --> 00:37:51,900

yeah they're really concerned at what

980

00:37:56,990 --> 00:37:53,700

they see and it's one of the reasons

981

00:37:58,790 --> 00:37:57,000

frankly why I can understand why there

982

00:38:01,010 --> 00:37:58,800

might be a need for secret hearings

983

00:38:03,650 --> 00:38:01,020

confidential hearings that are held in

984

00:38:06,230 --> 00:38:03,660

camera in the Congress before any kind

985

00:38:08,329 --> 00:38:06,240

of public hearing why would you if you

986

00:38:11,089 --> 00:38:08,339

were a defense scientist an intelligence

987

00:38:13,670 --> 00:38:11,099

Community scientist with knowledge of a

988

00:38:16,670 --> 00:38:13,680

program why would you come forward and

989

00:38:19,550 --> 00:38:16,680

expose yourself to the purile infantile

990

00:38:21,950 --> 00:38:19,560

bullying of certain cliques on UFO

991

00:38:24,410 --> 00:38:21,960

social media and for that matter why do

992

00:38:26,870 --> 00:38:24,420

we invest them with so much power let's

993

00:38:30,290 --> 00:38:26,880

just ignore them yeah

994

00:38:33,710 --> 00:38:30,300

yeah I if you even noticed uh on social

995

00:38:35,569 --> 00:38:33,720

media the most obviously is Twitter like

996

00:38:38,270 --> 00:38:35,579

you mentioned but it's not equal wheat

997

00:38:39,950 --> 00:38:38,280

it's not like the person that is saying

998

00:38:42,109 --> 00:38:39,960

Hey where's all your hardcore evidence

999

00:38:43,970 --> 00:38:42,119

like people that are after you I mean

1000

00:38:47,329 --> 00:38:43,980

say just because they have the name UFO

1001
00:38:50,450 --> 00:38:47,339
Joe does not make them a UAP expert or

1002
00:38:52,250 --> 00:38:50,460
equal weight to your research oh no UFO

1003
00:38:54,650 --> 00:38:52,260
Joe Murphy is a friend of mine I like

1004
00:38:56,690 --> 00:38:54,660
Joe Mogan uh I have no criticisms of Joe

1005
00:38:59,569 --> 00:38:56,700
Murphy he's a good guy he's a fabulous

1006
00:39:02,050 --> 00:38:59,579
work just just saying the name just say

1007
00:39:08,150 --> 00:39:05,030
the name that the guy exists foot in

1008
00:39:09,530 --> 00:39:08,160
mouth yeah exactly geez yeah yeah now

1009
00:39:11,930 --> 00:39:09,540
you've got to be very careful because

1010
00:39:13,550 --> 00:39:11,940
yeah I mean I I I you know but people

1011
00:39:15,770 --> 00:39:13,560
they know who they are I mean frankly

1012
00:39:17,329 --> 00:39:15,780
there are people out there on UFO social

1013
00:39:20,089 --> 00:39:17,339

media who

1014

00:39:22,069 --> 00:39:20,099

who sadly have diminished themselves

1015

00:39:25,370 --> 00:39:22,079

yeah you know for a while there they

1016

00:39:27,530 --> 00:39:25,380

were doing good critical stuff and

1017

00:39:29,329 --> 00:39:27,540

um I don't know why they do it I think

1018

00:39:32,030 --> 00:39:29,339

as they're losing relevance because as

1019

00:39:33,710 --> 00:39:32,040

this issue becomes more mainstream a lot

1020

00:39:36,589 --> 00:39:33,720

of people who've been around for a while

1021

00:39:38,810 --> 00:39:36,599

on the circuit uh worried about

1022

00:39:40,010 --> 00:39:38,820

maintaining their relevance and so what

1023

00:39:42,170 --> 00:39:40,020

they're now doing is they're taking

1024

00:39:44,810 --> 00:39:42,180

deliberately aggressive contrarian

1025

00:39:46,609 --> 00:39:44,820

positions not for good solid scientific

1026

00:39:48,230 --> 00:39:46,619

reasons or journalistic reasons but

1027

00:39:51,230 --> 00:39:48,240

because it generates them clickbait

1028

00:39:53,450 --> 00:39:51,240

because there always will be a purile

1029

00:39:54,530 --> 00:39:53,460

infantile audience out there that loves

1030

00:39:56,329 --> 00:39:54,540

conflict

1031

00:39:58,849 --> 00:39:56,339

and you know it may work for them to

1032

00:40:01,490 --> 00:39:58,859

generate them clickbait but frankly in

1033

00:40:03,950 --> 00:40:01,500

the long run it's not helping public

1034

00:40:05,690 --> 00:40:03,960

perception of this as an issue that

1035

00:40:09,950 --> 00:40:05,700

needs to be driven before the Congress

1036

00:40:12,109 --> 00:40:09,960

and and exposed and investigated instead

1037

00:40:13,550 --> 00:40:12,119

what what's being presented as of a

1038

00:40:15,770 --> 00:40:13,560

community of people who have an interest

1039

00:40:17,690 --> 00:40:15,780

in the subject matter stricken with

1040

00:40:18,710 --> 00:40:17,700

division and divisiveness

1041

00:40:20,810 --> 00:40:18,720

right

1042

00:40:23,450 --> 00:40:20,820

but we also have that issue globally

1043

00:40:25,250 --> 00:40:23,460

where we don't play along with other

1044

00:40:28,490 --> 00:40:25,260

countries when it comes down to this

1045

00:40:31,010 --> 00:40:28,500

issue there was recently a group of

1046

00:40:33,890 --> 00:40:31,020

Jacques Valley had went to this event in

1047

00:40:35,210 --> 00:40:33,900

I believe it was France or all Italy and

1048

00:40:37,970 --> 00:40:35,220

everybody showed up England everybody

1049

00:40:40,670 --> 00:40:37,980

except the US the US did not was not

1050

00:40:42,710 --> 00:40:40,680

represented there and that's an issue

1051
00:40:43,910 --> 00:40:42,720
because obviously we're not we know the

1052
00:40:45,770 --> 00:40:43,920
rest of the countries are not playing

1053
00:40:48,050 --> 00:40:45,780
ball with the us and we keep waiting for

1054
00:40:50,089 --> 00:40:48,060
the U.S to admit that this is real

1055
00:40:52,430 --> 00:40:50,099
before we all go oh yeah I know we have

1056
00:40:54,589 --> 00:40:52,440
the same yeah okay but uh Jason I think

1057
00:40:56,750 --> 00:40:54,599
the US has already admitted this is real

1058
00:40:58,609 --> 00:40:56,760
yeah I mean I think one of the things

1059
00:41:02,030 --> 00:40:58,619
that I don't think people realize is

1060
00:41:05,510 --> 00:41:02,040
just how far we have come since the New

1061
00:41:09,109 --> 00:41:05,520
York Times expositions in December 2017.

1062
00:41:13,609 --> 00:41:09,119
I mean the June 2021 report that was

1063
00:41:15,349 --> 00:41:13,619

tended in the Congress 25 June 2021 was

1064

00:41:17,390 --> 00:41:15,359

a momentous document even though it was

1065

00:41:19,250 --> 00:41:17,400

one of the most dull documents because

1066

00:41:23,510 --> 00:41:19,260

it essentially admitted that they could

1067

00:41:25,670 --> 00:41:23,520

not explain 143 out of 144 UFO UAP

1068

00:41:27,890 --> 00:41:25,680

incidents and they then in later

1069

00:41:29,690 --> 00:41:27,900

testimony in May this year have admitted

1070

00:41:32,390 --> 00:41:29,700

that there are now hundreds of incidents

1071

00:41:34,190 --> 00:41:32,400

400 plus incidents at the time of the

1072

00:41:37,790 --> 00:41:34,200

May hearings and it's considerably more

1073

00:41:40,849 --> 00:41:37,800

now and these are incidents which

1074

00:41:42,829 --> 00:41:40,859

presumably have been investigated by UAP

1075

00:41:44,270 --> 00:41:42,839

investigators inside the Pentagon and

1076

00:41:46,670 --> 00:41:44,280

the intelligence community and they've

1077

00:41:49,010 --> 00:41:46,680

not been able to find a Prozac

1078

00:41:51,230 --> 00:41:49,020

explanation for them so in and of

1079

00:41:53,870 --> 00:41:51,240

themselves those admissions that have

1080

00:41:57,170 --> 00:41:53,880

been made by the UAP task force to the

1081

00:41:59,630 --> 00:41:57,180

Congress our that they are momentous

1082

00:42:03,050 --> 00:41:59,640

they're extraordinary because you have a

1083

00:42:05,210 --> 00:42:03,060

nation America admitting it cannot

1084

00:42:09,109 --> 00:42:05,220

explain this phenomenon it is a genuine

1085

00:42:12,890 --> 00:42:09,119

mystery but what I think has happened is

1086

00:42:14,630 --> 00:42:12,900

there are competing interests here one I

1087

00:42:17,329 --> 00:42:14,640

don't think people realize just how

1088

00:42:19,069 --> 00:42:17,339

dangerous the world is right now and

1089

00:42:20,569 --> 00:42:19,079

most of the people that I speak to in

1090

00:42:23,150 --> 00:42:20,579

the U.S intelligence and defense

1091

00:42:25,370 --> 00:42:23,160

community and I talk to a lot they are

1092

00:42:27,349 --> 00:42:25,380

basically seriously concerned that we

1093

00:42:30,290 --> 00:42:27,359

are on the precipice of a nuclear

1094

00:42:32,270 --> 00:42:30,300

conflagration that that we you know are

1095

00:42:35,030 --> 00:42:32,280

literally a hairsprayed the way from a

1096

00:42:37,490 --> 00:42:35,040

confrontation with Vladimir Putin

1097

00:42:40,670 --> 00:42:37,500

a much more dangerous scenario than the

1098

00:42:43,329 --> 00:42:40,680

1963 Cuban Missile Crisis and that is

1099

00:42:46,250 --> 00:42:43,339

distracting people from the main game

1100

00:42:47,870 --> 00:42:46,260

which for us largely of course has been

1101

00:42:50,270 --> 00:42:47,880

finding out what it is that all these

1102

00:42:52,550 --> 00:42:50,280

countries know particularly the us about

1103

00:42:54,829 --> 00:42:52,560

the phenomenon and I think there's been

1104

00:42:56,329 --> 00:42:54,839

a deliberate slowing down inside the

1105

00:42:58,970 --> 00:42:56,339

Pentagon and the intelligence Community

1106

00:43:01,010 --> 00:42:58,980

especially in the last year because the

1107

00:43:03,430 --> 00:43:01,020

international situation has deteriorated

1108

00:43:05,870 --> 00:43:03,440

so badly since the invasion of Ukraine

1109

00:43:07,670 --> 00:43:05,880

China is still on the boil I mean

1110

00:43:09,230 --> 00:43:07,680

there's a minister in my government in

1111

00:43:10,990 --> 00:43:09,240

the previous government who unilaterally

1112

00:43:13,970 --> 00:43:11,000

committed to go to war against China

1113

00:43:17,210 --> 00:43:13,980

with the us over the Straits of Taiwan

1114

00:43:20,569 --> 00:43:17,220

uh in the event of a clash between China

1115

00:43:23,329 --> 00:43:20,579

and America and over Taiwan and you know

1116

00:43:25,130 --> 00:43:23,339

for me as a journalist that's a real

1117

00:43:26,990 --> 00:43:25,140

worry that my country might be being

1118

00:43:29,690 --> 00:43:27,000

sucked into a war that could quite

1119

00:43:32,170 --> 00:43:29,700

easily go nuclear and so the people that

1120

00:43:35,210 --> 00:43:32,180

are talking to me about

1121

00:43:38,270 --> 00:43:35,220

uaps who are telling me that yes the the

1122

00:43:42,710 --> 00:43:38,280

five eyes Alliance is and still does

1123

00:43:43,670 --> 00:43:42,720

receive take daily on UAP sightings

1124

00:43:46,430 --> 00:43:43,680

um

1125

00:43:49,490 --> 00:43:46,440

I'm not surprised they're distracted by

1126
00:43:51,650 --> 00:43:49,500
the continually continuing deteriorating

1127
00:43:53,870 --> 00:43:51,660
International situation and I'm not

1128
00:43:56,210 --> 00:43:53,880
surprised the Congress as well is

1129
00:43:58,190 --> 00:43:56,220
accepting arguments that I know are

1130
00:44:00,349 --> 00:43:58,200
being made by people from the Pentagon

1131
00:44:01,730 --> 00:44:00,359
that hey look let's put this on the back

1132
00:44:03,650 --> 00:44:01,740
burner of it for the moment you know

1133
00:44:06,170 --> 00:44:03,660
we've got serious International crises

1134
00:44:07,910 --> 00:44:06,180
that we're dealing with right now

1135
00:44:10,130 --> 00:44:07,920
um one of the other issues the second

1136
00:44:11,510 --> 00:44:10,140
issue behind all of this is the

1137
00:44:13,550 --> 00:44:11,520
possibility that what we're talking

1138
00:44:15,170 --> 00:44:13,560

about is some kind of advanced

1139

00:44:17,390 --> 00:44:15,180

technology

1140

00:44:19,849 --> 00:44:17,400

I mean the implications of the Pentagon

1141

00:44:21,470 --> 00:44:19,859

UAP task force report from June last

1142

00:44:24,650 --> 00:44:21,480

year are there

1143

00:44:26,089 --> 00:44:24,660

something someone seems to be operating

1144

00:44:29,630 --> 00:44:26,099

technology

1145

00:44:31,670 --> 00:44:29,640

objects possibly craft in our atmosphere

1146

00:44:34,490 --> 00:44:31,680

under our oceans and probably also in

1147

00:44:36,829 --> 00:44:34,500

orbit that are doing things that are far

1148

00:44:40,250 --> 00:44:36,839

beyond known human technology

1149

00:44:42,650 --> 00:44:40,260

now for Any Nation on this planet to be

1150

00:44:46,430 --> 00:44:42,660

able to control and master what is

1151
00:44:48,829 --> 00:44:46,440
represented by that apparent technology

1152
00:44:51,349 --> 00:44:48,839
is enormously significant strategically

1153
00:44:53,630 --> 00:44:51,359
it would give you an it would confer an

1154
00:44:55,190 --> 00:44:53,640
incredible advantage and I think that's

1155
00:44:56,870 --> 00:44:55,200
the second issue aside from the

1156
00:45:00,770 --> 00:44:56,880
deteriorating International situation

1157
00:45:03,109 --> 00:45:00,780
it's the fact that behind the scenes

1158
00:45:05,930 --> 00:45:03,119
I think things like the release of the

1159
00:45:07,670 --> 00:45:05,940
Wilson memo which may or may not be a

1160
00:45:10,910 --> 00:45:07,680
real document but what it's done is it's

1161
00:45:13,849 --> 00:45:10,920
heightened public awareness of the issue

1162
00:45:16,130 --> 00:45:13,859
of a crash retrieval claim the mystery

1163
00:45:17,990 --> 00:45:16,140

of alleged crash retrievals inside the

1164

00:45:20,690 --> 00:45:18,000

US government

1165

00:45:23,809 --> 00:45:20,700

I suspect crash retrievals have occurred

1166

00:45:26,329 --> 00:45:23,819

I suspect technology that is possibly

1167

00:45:29,270 --> 00:45:26,339

not human has been recovered

1168

00:45:30,829 --> 00:45:29,280

and if that's the case if I was the U.S

1169

00:45:34,010 --> 00:45:30,839

defense department and the intelligence

1170

00:45:37,490 --> 00:45:34,020

Community I would be keeping it secret I

1171

00:45:38,870 --> 00:45:37,500

really would sure one of the things one

1172

00:45:41,569 --> 00:45:38,880

of the things that has happened with

1173

00:45:43,670 --> 00:45:41,579

things like the uh the debate over the

1174

00:45:45,950 --> 00:45:43,680

Wilson documents the Admiral Wilson memo

1175

00:45:47,750 --> 00:45:45,960

is that it's brought this issue into the

1176

00:45:49,970 --> 00:45:47,760

Forefront at a time that's actually

1177

00:45:50,930 --> 00:45:49,980

quite inconvenient for the disclosure

1178

00:45:52,910 --> 00:45:50,940

process

1179

00:45:54,650 --> 00:45:52,920

because I actually think that there was

1180

00:45:56,630 --> 00:45:54,660

a group of people

1181

00:45:59,150 --> 00:45:56,640

especially around the time of Hillary

1182

00:46:01,970 --> 00:45:59,160

Clinton's campaign for the presidency

1183

00:46:04,309 --> 00:46:01,980

around 2015. there was a group of people

1184

00:46:06,130 --> 00:46:04,319

who were working from inside the

1185

00:46:09,589 --> 00:46:06,140

intelligence and the defense Community

1186

00:46:12,290 --> 00:46:09,599

who were thinking well let's do a very

1187

00:46:13,790 --> 00:46:12,300

controlled disclosure let's yes let's

1188

00:46:18,349 --> 00:46:13,800

reveal

1189

00:46:20,270 --> 00:46:18,359

there is a mystery

1190

00:46:22,130 --> 00:46:20,280

but let's be very careful let's try and

1191

00:46:24,109 --> 00:46:22,140

control it because okay we've got these

1192

00:46:25,790 --> 00:46:24,119

programs here where we're we're looking

1193

00:46:27,650 --> 00:46:25,800

at this technology but let's just keep

1194

00:46:30,170 --> 00:46:27,660

that to one side let's just let's let

1195

00:46:32,150 --> 00:46:30,180

the public know that yes there is

1196

00:46:34,190 --> 00:46:32,160

genuinely a non-human Intelligence on

1197

00:46:36,109 --> 00:46:34,200

this planet and that maybe we need to

1198

00:46:38,930 --> 00:46:36,119

reveal that to them before say I don't

1199

00:46:40,730 --> 00:46:38,940

know 2024 2025 maybe there was a

1200

00:46:42,829 --> 00:46:40,740

strategy in place

1201

00:46:46,309 --> 00:46:42,839

and I think

1202

00:46:49,250 --> 00:46:46,319

one of the issues is that um the focus

1203

00:46:50,990 --> 00:46:49,260

of a lot of people on Crash retrievals

1204

00:46:53,809 --> 00:46:51,000

has made it very inconvenient for them

1205

00:46:56,270 --> 00:46:53,819

now to be more open about that possible

1206

00:46:57,950 --> 00:46:56,280

Revelation I'm only speculating here but

1207

00:47:00,069 --> 00:46:57,960

it would explain you know the

1208

00:47:04,309 --> 00:47:00,079

deteriorating International situation

1209

00:47:06,790 --> 00:47:04,319

and the um the focus on alleged crash

1210

00:47:09,589 --> 00:47:06,800

retrievals the publicity about a program

1211

00:47:11,270 --> 00:47:09,599

talked by people like Louis zondo and

1212

00:47:14,210 --> 00:47:11,280

indeed indications by people like Chris

1213

00:47:16,130 --> 00:47:14,220

mellum and others Eric Davis I'll put

1214

00:47:17,930 --> 00:47:16,140

off the suggestion that there is some

1215

00:47:20,030 --> 00:47:17,940

kind of Technology that's been retained

1216

00:47:22,250 --> 00:47:20,040

by the US government this has been

1217

00:47:24,530 --> 00:47:22,260

inconvenient for those who perhaps want

1218

00:47:27,349 --> 00:47:24,540

to try and control the narrative

1219

00:47:28,970 --> 00:47:27,359

and um I think that's why we're seeing a

1220

00:47:30,650 --> 00:47:28,980

bit of a walk back at the moment I I

1221

00:47:33,290 --> 00:47:30,660

think that there's a serious possibility

1222

00:47:35,870 --> 00:47:33,300

that unless the mainstreaming media

1223

00:47:38,329 --> 00:47:35,880

Embraces this issue and unless

1224

00:47:41,510 --> 00:47:38,339

UFO social media actually starts acting

1225

00:47:43,670 --> 00:47:41,520

in a unanimous and consensus way and

1226
00:47:45,530 --> 00:47:43,680
taking a deliberative position we're in

1227
00:47:47,809 --> 00:47:45,540
a coordinated way it presents a

1228
00:47:49,790 --> 00:47:47,819
Viewpoint to the the Congress and to the

1229
00:47:52,190 --> 00:47:49,800
the general public that shows a

1230
00:47:53,990 --> 00:47:52,200
unanimity of opinion

1231
00:47:55,910 --> 00:47:54,000
um at the moment we're doing exactly the

1232
00:47:59,329 --> 00:47:55,920
opposite we're basically tearing

1233
00:48:02,569 --> 00:47:59,339
ourselves apart there are trolls who are

1234
00:48:05,210 --> 00:48:02,579
having great fun attacking anybody who

1235
00:48:07,430 --> 00:48:05,220
comes forward uh and in fact if I was a

1236
00:48:10,010 --> 00:48:07,440
whistleblower I'd keep my head down I

1237
00:48:13,190 --> 00:48:10,020
wouldn't be willing to testify

1238
00:48:14,930 --> 00:48:13,200

no I wouldn't either if uh what's going

1239

00:48:17,930 --> 00:48:14,940

on right now like you mentioned is just

1240

00:48:19,849 --> 00:48:17,940

nasty uh when it comes down to

1241

00:48:21,410 --> 00:48:19,859

um your views on what's going on because

1242

00:48:23,329 --> 00:48:21,420

we've you know we've changed our

1243

00:48:25,790 --> 00:48:23,339

opinions or our thoughts quite a bit on

1244

00:48:28,690 --> 00:48:25,800

the podcast as of late we've had uh

1245

00:48:30,650 --> 00:48:28,700

extra terrestrial extra tempestrial

1246

00:48:33,950 --> 00:48:30,660

ultra-terrestrial so we have all these

1247

00:48:36,170 --> 00:48:33,960

different ideas uh we think it's a just

1248

00:48:37,970 --> 00:48:36,180

a combination of the whole lot like you

1249

00:48:40,309 --> 00:48:37,980

know it's not just extraterrestrial it

1250

00:48:42,050 --> 00:48:40,319

could be inter-dimensional as well

1251

00:48:45,050 --> 00:48:42,060

that's the way we're viewing things

1252

00:48:47,270 --> 00:48:45,060

right now in on the podcast do you have

1253

00:48:49,130 --> 00:48:47,280

any ideas to what is going on do you

1254

00:48:51,470 --> 00:48:49,140

think it's extraterrestrial only or is

1255

00:48:53,450 --> 00:48:51,480

there something else going on

1256

00:48:57,650 --> 00:48:53,460

um that at least you get an inkling that

1257

00:49:01,390 --> 00:48:57,660

uh might be happening look all I know is

1258

00:49:03,650 --> 00:49:01,400

that there is solid evidence in my view

1259

00:49:04,970 --> 00:49:03,660

that something

1260

00:49:07,150 --> 00:49:04,980

someone

1261

00:49:13,730 --> 00:49:07,160

is

1262

00:49:15,530 --> 00:49:13,740

things that we can't do on our planet

1263

00:49:17,750 --> 00:49:15,540

there appears to be a technology

1264

00:49:20,270 --> 00:49:17,760

operating particularly in our atmosphere

1265

00:49:23,690 --> 00:49:20,280

but also underwater and in the orbit

1266

00:49:26,030 --> 00:49:23,700

which um is displaying what Louis zondo

1267

00:49:27,730 --> 00:49:26,040

has dubbed to the five observables you

1268

00:49:30,170 --> 00:49:27,740

know the Hypersonic velocity

1269

00:49:32,809 --> 00:49:30,180

instantaneous acceleration

1270

00:49:35,270 --> 00:49:32,819

stealth mode transmedium travel

1271

00:49:37,430 --> 00:49:35,280

and um positive lift possibly

1272

00:49:39,530 --> 00:49:37,440

anti-gravity

1273

00:49:41,750 --> 00:49:39,540

um

1274

00:49:44,450 --> 00:49:41,760

that's what I know that's all I know and

1275

00:49:46,690 --> 00:49:44,460

all I can talk about is what I know

1276

00:49:49,490 --> 00:49:46,700

um what I can speculate about

1277

00:49:52,849 --> 00:49:49,500

is my personal view is that the least

1278

00:49:55,130 --> 00:49:52,859

likely explanation is extraterrestrial

1279

00:49:56,990 --> 00:49:55,140

as the broad explanation for what we're

1280

00:49:59,809 --> 00:49:57,000

looking at here I wouldn't be surprised

1281

00:50:01,970 --> 00:49:59,819

if we've been visited by life forms from

1282

00:50:04,190 --> 00:50:01,980

another planet but I don't think that

1283

00:50:07,849 --> 00:50:04,200

explains all of the phenomena that have

1284

00:50:10,250 --> 00:50:07,859

been recorded and seen and

1285

00:50:13,250 --> 00:50:10,260

um greater minds than I are talking

1286

00:50:15,349 --> 00:50:13,260

about inter-dimensional or even crypto

1287

00:50:17,569 --> 00:50:15,359

terrestrial things that have long been

1288

00:50:19,910 --> 00:50:17,579

here that have been sharing this planet

1289

00:50:22,069 --> 00:50:19,920

with us I'm very much a crypto

1290

00:50:24,109 --> 00:50:22,079

terrestrial at the moment I I suspect

1291

00:50:26,329 --> 00:50:24,119

that it's not extraterrestrial I suspect

1292

00:50:28,370 --> 00:50:26,339

it's been around us for some time

1293

00:50:30,290 --> 00:50:28,380

and um

1294

00:50:32,450 --> 00:50:30,300

I don't know why I mean the thing that

1295

00:50:34,010 --> 00:50:32,460

I'm fascinated by I don't know why the

1296

00:50:35,930 --> 00:50:34,020

cover-up you know I really don't know

1297

00:50:37,609 --> 00:50:35,940

why governments don't just go because I

1298

00:50:39,349 --> 00:50:37,619

mean I've I've had Frank conversations

1299

00:50:41,390 --> 00:50:39,359

with people in the defense and

1300

00:50:43,490 --> 00:50:41,400

intelligence Community where they flatly

1301
00:50:44,990 --> 00:50:43,500
admit to me that this is real that they

1302
00:50:46,550 --> 00:50:45,000
believe there is a non-human

1303
00:50:47,510 --> 00:50:46,560
intelligence that is operating on this

1304
00:50:50,630 --> 00:50:47,520
planet

1305
00:50:52,609 --> 00:50:50,640
now I don't know that for sure

1306
00:50:54,049 --> 00:50:52,619
I'm not saying that I'm not alleging

1307
00:50:56,270 --> 00:50:54,059
that because I have no evidence to

1308
00:50:57,710 --> 00:50:56,280
support it but people who purport to be

1309
00:50:59,390 --> 00:50:57,720
in a position of knowledge are telling

1310
00:51:02,270 --> 00:50:59,400
me that that's their View

1311
00:51:05,089 --> 00:51:02,280
now what I don't understand when I talk

1312
00:51:07,190 --> 00:51:05,099
to them about it is why why the secrecy

1313
00:51:09,109 --> 00:51:07,200

why not just completely be completely

1314

00:51:12,770 --> 00:51:09,119

open and upfront about it

1315

00:51:18,049 --> 00:51:16,490

I think there's a a a a a a series of

1316

00:51:20,390 --> 00:51:18,059

explanations

1317

00:51:22,069 --> 00:51:20,400

um I've been told a few

1318

00:51:25,130 --> 00:51:22,079

one of them is the reason why Louis

1319

00:51:27,170 --> 00:51:25,140

zondo says he's quite somber about

1320

00:51:28,390 --> 00:51:27,180

what he knows

1321

00:51:31,370 --> 00:51:28,400

um

1322

00:51:33,290 --> 00:51:31,380

uh I I just don't know I mean I'm

1323

00:51:36,710 --> 00:51:33,300

speculating if I tell you what I think I

1324

00:51:38,030 --> 00:51:36,720

mean I I um all I know is that there is

1325

00:51:40,190 --> 00:51:38,040

a phenomenon

1326

00:51:42,109 --> 00:51:40,200

that is displaying itself and it's

1327

00:51:43,250 --> 00:51:42,119

displaying itself much more overtly at

1328

00:51:45,589 --> 00:51:43,260

the moment than it has in previous

1329

00:51:47,630 --> 00:51:45,599

decades where we're going through a

1330

00:51:50,150 --> 00:51:47,640

period of extraordinary display of the

1331

00:51:52,970 --> 00:51:50,160

phenomena and my sources in military

1332

00:51:55,490 --> 00:51:52,980

tell me that it's being recorded on um

1333

00:51:57,470 --> 00:51:55,500

specialized radar systems and synthetic

1334

00:52:00,849 --> 00:51:57,480

aperture radar far more commonly now

1335

00:52:03,349 --> 00:52:00,859

than it was 10 20 years ago

1336

00:52:05,809 --> 00:52:03,359

why it's showing itself more frequently

1337

00:52:08,450 --> 00:52:05,819

I don't know but there's a there's a

1338

00:52:09,470 --> 00:52:08,460

greater level of overt display of its

1339

00:52:11,270 --> 00:52:09,480

existence

1340

00:52:13,069 --> 00:52:11,280

and maybe it's a Consciousness raising

1341

00:52:14,510 --> 00:52:13,079

thing I have no idea

1342

00:52:15,290 --> 00:52:14,520

but

1343

00:52:18,349 --> 00:52:15,300

um

1344

00:52:20,990 --> 00:52:18,359

what I do feel very very strongly is

1345

00:52:24,170 --> 00:52:21,000

that um we are doing ourselves an

1346

00:52:26,329 --> 00:52:24,180

enormous disservice by getting bogged

1347

00:52:28,250 --> 00:52:26,339

down and debates about whether it's real

1348

00:52:29,930 --> 00:52:28,260

when the US government has admitted

1349

00:52:31,910 --> 00:52:29,940

formally that it's real

1350

00:52:33,349 --> 00:52:31,920

and we just need to stop tying ourselves

1351

00:52:35,690 --> 00:52:33,359

up in knots about it I mean that's where

1352

00:52:37,430 --> 00:52:35,700

I disagree with Mick West because Mick

1353

00:52:39,349 --> 00:52:37,440

West keeps on coming on with his bloody

1354

00:52:42,170 --> 00:52:39,359

seagulls series and his Reflections on

1355

00:52:43,849 --> 00:52:42,180

visor's theories and and and you know

1356

00:52:45,890 --> 00:52:43,859

it's kind of like tilting at windmills

1357

00:52:47,450 --> 00:52:45,900

he's the Don Quixote of skepticism he's

1358

00:52:49,549 --> 00:52:47,460

still tilting at The Windmills of

1359

00:52:51,290 --> 00:52:49,559

skepticism when frankly the bus has

1360

00:52:53,870 --> 00:52:51,300

already left the gate you know it's it's

1361

00:52:56,150 --> 00:52:53,880

ridiculous the the simple fact is the

1362

00:52:58,130 --> 00:52:56,160

United States has admitted the most

1363

00:53:00,530 --> 00:52:58,140

powerful country on this planet has

1364

00:53:02,870 --> 00:53:00,540

admitted there there is a phenomenon it

1365

00:53:05,450 --> 00:53:02,880

cannot explain

1366

00:53:08,030 --> 00:53:05,460

and and I presume that they have

1367

00:53:10,370 --> 00:53:08,040

investigated that phenomena prosaically

1368

00:53:12,890 --> 00:53:10,380

for prosaic explanations and not being

1369

00:53:14,809 --> 00:53:12,900

able to come up with an explanation

1370

00:53:17,210 --> 00:53:14,819

and and that's the thing that fascinates

1371

00:53:19,490 --> 00:53:17,220

me is that that's what requires to be

1372

00:53:22,609 --> 00:53:19,500

explained before the Congress that's why

1373

00:53:26,809 --> 00:53:22,619

I found the um the appearance of um Mr

1374

00:53:28,849 --> 00:53:26,819

Moultrie and Mr Bray from odni in May so

1375

00:53:31,370 --> 00:53:28,859

totally frustrating because the Congress

1376

00:53:33,109 --> 00:53:31,380

albeit well-intentioned many many

1377

00:53:35,510 --> 00:53:33,119

Congressmen were very well intentioned

1378

00:53:37,549 --> 00:53:35,520

they had no idea what questions to ask

1379

00:53:39,470 --> 00:53:37,559

there was such a unique opportunity to

1380

00:53:40,849 --> 00:53:39,480

question two of the most powerful and

1381

00:53:43,130 --> 00:53:40,859

the most knowledgeable intelligence

1382

00:53:45,530 --> 00:53:43,140

officials on this issue on the planet

1383

00:53:46,849 --> 00:53:45,540

and they missed their boat they missed

1384

00:53:50,030 --> 00:53:46,859

their opportunity

1385

00:53:52,609 --> 00:53:50,040

so I can only hope that public momentum

1386

00:53:54,890 --> 00:53:52,619

to push for public hearings not just

1387

00:53:57,290 --> 00:53:54,900

secret hearings but public hearings

1388

00:53:59,690 --> 00:53:57,300

continues because there's indubitably

1389

00:54:01,910 --> 00:53:59,700

going to be private hearings I'm sure

1390

00:54:03,890 --> 00:54:01,920

some of them have already happened

1391

00:54:05,990 --> 00:54:03,900

multiple such hearings have already

1392

00:54:07,910 --> 00:54:06,000

happened and I've spoken to politicians

1393

00:54:10,010 --> 00:54:07,920

who've been in those hearings and of

1394

00:54:11,210 --> 00:54:10,020

their staffers and it's rocked their

1395

00:54:13,730 --> 00:54:11,220

world view

1396

00:54:15,230 --> 00:54:13,740

but frankly I don't think the public is

1397

00:54:18,829 --> 00:54:15,240

going to get an insight into what the

1398

00:54:21,650 --> 00:54:18,839

Congress is or has been told

1399

00:54:23,630 --> 00:54:21,660

um uh unless they agitate unless they

1400

00:54:25,010 --> 00:54:23,640

make it a political issue it needs to be

1401

00:54:27,049 --> 00:54:25,020

a political issue in the midterm

1402

00:54:30,170 --> 00:54:27,059

elections it needs to be a mainstream

1403

00:54:31,790 --> 00:54:30,180

concern in mainstream media and frankly

1404

00:54:35,450 --> 00:54:31,800

at the moment it's not

1405

00:54:37,490 --> 00:54:35,460

uh it's it's dying uh and part of the

1406

00:54:39,490 --> 00:54:37,500

reason why it's dying is because UFO

1407

00:54:42,049 --> 00:54:39,500

social media is tearing itself apart

1408

00:54:44,450 --> 00:54:42,059

listening to trolls who are just having

1409

00:54:45,710 --> 00:54:44,460

great fun causing dissent and mischief

1410

00:54:47,630 --> 00:54:45,720

music

1411

00:54:50,089 --> 00:54:47,640

too much fighting

1412

00:54:51,770 --> 00:54:50,099

yeah no it's it's great that uh

1413

00:54:53,750 --> 00:54:51,780

journalists like yourselves are are

1414

00:54:55,549 --> 00:54:53,760

taking this seriously and that you're

1415

00:54:57,770 --> 00:54:55,559

reporting on this and that you're you're

1416

00:55:01,130 --> 00:54:57,780

investigating it because it gives it

1417

00:55:03,170 --> 00:55:01,140

more credibility here in Canada we have

1418

00:55:05,690 --> 00:55:03,180

officially acknowledged five incidences

1419

00:55:08,690 --> 00:55:05,700

that have taken place historically with

1420

00:55:11,930 --> 00:55:08,700

ufps and UFOs we have five coins now

1421

00:55:13,730 --> 00:55:11,940

that are official uh that have uh the

1422

00:55:15,650 --> 00:55:13,740

incident you know printed on it and

1423

00:55:18,890 --> 00:55:15,660

everything so it's awesome the problem

1424

00:55:21,470 --> 00:55:18,900

is is that our journalistic aspects in

1425

00:55:23,030 --> 00:55:21,480

Canada is horrible they wait two weeks

1426

00:55:24,950 --> 00:55:23,040

behind the United States before they

1427

00:55:26,690 --> 00:55:24,960

confirm anything and it's the same thing

1428

00:55:28,990 --> 00:55:26,700

with the UAP like we were seeing a lot

1429

00:55:32,030 --> 00:55:29,000

more activity on CNN and all that jazz

1430

00:55:33,890 --> 00:55:32,040

interviews left right and center and

1431

00:55:35,750 --> 00:55:33,900

Canada was two weeks behind to start

1432

00:55:38,630 --> 00:55:35,760

reporting that this might be real but

1433

00:55:40,790 --> 00:55:38,640

they still use slides that make it look

1434

00:55:43,670 --> 00:55:40,800

silly right and now on a lighter note

1435

00:55:45,589 --> 00:55:43,680

let's look at uaps how is that a lighter

1436

00:55:48,349 --> 00:55:45,599

note that's like the most serious Topic

1437

00:55:50,089 --> 00:55:48,359

in the world so I I don't understand how

1438

00:55:51,770 --> 00:55:50,099

they come up with that so it's great

1439

00:55:53,510 --> 00:55:51,780

that journalists like yourselves with

1440

00:55:56,450 --> 00:55:53,520

really great reputations are taken this

1441

00:55:58,069 --> 00:55:56,460

seriously because as for me I you know I

1442

00:56:00,410 --> 00:55:58,079

I'm in awe of everything that you've

1443

00:56:02,390 --> 00:56:00,420

done so far because that takes a lot of

1444

00:56:04,370 --> 00:56:02,400

balls you know to be able to come out

1445

00:56:05,870 --> 00:56:04,380

like that and say hey let's look at this

1446

00:56:07,549 --> 00:56:05,880

subject seriously give it some

1447

00:56:09,170 --> 00:56:07,559

credibility and severity that it

1448

00:56:10,730 --> 00:56:09,180

deserves

1449

00:56:12,530 --> 00:56:10,740

yeah I mean that's what I'm trying to do

1450

00:56:14,930 --> 00:56:12,540

I mean I'm kind of hoping that I can

1451
00:56:17,030 --> 00:56:14,940
bludgeon some American Network into

1452
00:56:19,910 --> 00:56:17,040
putting up the funding for what I dream

1453
00:56:22,250 --> 00:56:19,920
of doing which is long form

1454
00:56:24,109 --> 00:56:22,260
TV series investigation into the

1455
00:56:26,210 --> 00:56:24,119
phenomenon in a really credible and

1456
00:56:28,910 --> 00:56:26,220
authoritative way

1457
00:56:31,970 --> 00:56:28,920
um I'd really like Bryce zable and I are

1458
00:56:33,650 --> 00:56:31,980
really Keen to do more long-form

1459
00:56:37,010 --> 00:56:33,660
investigative journalism that's well

1460
00:56:39,109 --> 00:56:37,020
funded uh because you know there are

1461
00:56:40,190 --> 00:56:39,119
some shows on American TV but I'll be

1462
00:56:42,650 --> 00:56:40,200
honest with you I don't think they have

1463
00:56:43,970 --> 00:56:42,660

enough journalistic rigor and one of the

1464

00:56:46,970 --> 00:56:43,980

things that I've been quite pleasantly

1465

00:56:49,910 --> 00:56:46,980

impressed and surprised by is when the

1466

00:56:52,250 --> 00:56:49,920

audience engages with us and me in

1467

00:56:55,490 --> 00:56:52,260

particular it's quite overwhelming I

1468

00:56:57,589 --> 00:56:55,500

mean I I'm getting 300 to 500 emails a

1469

00:56:59,270 --> 00:56:57,599

day I mean I apologize to you guys

1470

00:57:01,130 --> 00:56:59,280

because when you first emailed me I

1471

00:57:03,710 --> 00:57:01,140

didn't find your email for a couple of

1472

00:57:06,170 --> 00:57:03,720

weeks because I'm just snowed absolutely

1473

00:57:07,910 --> 00:57:06,180

snowed with people from all over the

1474

00:57:11,990 --> 00:57:07,920

world who are asking me to investigate

1475

00:57:14,270 --> 00:57:12,000

their issue their citing their data and

1476
00:57:16,970 --> 00:57:14,280
there's a hunger out there for long-form

1477
00:57:18,770 --> 00:57:16,980
investigative analysis and yet what

1478
00:57:20,630 --> 00:57:18,780
seems to be happening is a trivializing

1479
00:57:24,230 --> 00:57:20,640
in a lot of the TV shows and a lot of

1480
00:57:25,430 --> 00:57:24,240
what's done on UFO social media it's

1481
00:57:27,589 --> 00:57:25,440
almost trivialized and mocked in

1482
00:57:29,030 --> 00:57:27,599
underwritten and that's not what the

1483
00:57:31,490 --> 00:57:29,040
audience wants they want to be taken

1484
00:57:34,849 --> 00:57:31,500
seriously and

1485
00:57:38,809 --> 00:57:34,859
you know I I for example um

1486
00:57:41,210 --> 00:57:38,819
I aired uh in one of my documentaries

1487
00:57:43,670 --> 00:57:41,220
um an interview with a Queensland farmer

1488
00:57:45,589 --> 00:57:43,680

in Australia who suffered cattle

1489

00:57:47,390 --> 00:57:45,599

mutilations on his property

1490

00:57:50,510 --> 00:57:47,400

and um

1491

00:57:53,329 --> 00:57:50,520

as a result of that story where he

1492

00:57:56,690 --> 00:57:53,339

described these most extraordinary

1493

00:57:59,690 --> 00:57:56,700

um Beyond surgically precise Cuts you

1494

00:58:01,190 --> 00:57:59,700

know he was describing literally

1495

00:58:05,870 --> 00:58:01,200

um all of the

1496

00:58:06,950 --> 00:58:05,880

tissue on an animal's head being excised

1497

00:58:08,990 --> 00:58:06,960

with

1498

00:58:11,750 --> 00:58:09,000

clinical Precision like not one little

1499

00:58:15,530 --> 00:58:11,760

iota of tissue was left on the animal's

1500

00:58:18,349 --> 00:58:15,540

skull it was completely exsanguinated

1501
00:58:21,770 --> 00:58:18,359
um totally you know beyond the expertise

1502
00:58:23,690 --> 00:58:21,780
of any Veterinary surgeon one of the

1503
00:58:25,549 --> 00:58:23,700
cases that I examined was a Veterinary

1504
00:58:27,290 --> 00:58:25,559
surgeon where

1505
00:58:30,170 --> 00:58:27,300
um as you probably know cows have got

1506
00:58:32,329 --> 00:58:30,180
three stomachs and to do an autopsy on a

1507
00:58:34,069 --> 00:58:32,339
cow you you have to pull out the first

1508
00:58:35,750 --> 00:58:34,079
stomach then the second stomach to get

1509
00:58:37,670 --> 00:58:35,760
to the third stomach is it three or four

1510
00:58:39,589 --> 00:58:37,680
I can't remember I believe it's four

1511
00:58:41,930 --> 00:58:39,599
yeah it's four you're right well in this

1512
00:58:44,569 --> 00:58:41,940
case the third stomach could only be

1513
00:58:46,849 --> 00:58:44,579

accessed by lifting the first and the

1514

00:58:48,170 --> 00:58:46,859

second stomach and then he literally got

1515

00:58:50,809 --> 00:58:48,180

there and the third stomach wasn't there

1516

00:58:53,390 --> 00:58:50,819

anymore there was an excision there was

1517

00:58:55,670 --> 00:58:53,400

no blood it just wasn't there

1518

00:58:57,349 --> 00:58:55,680

and it was technically impossible this

1519

00:59:00,349 --> 00:58:57,359

Veterinary surgeon told me to have

1520

00:59:03,170 --> 00:59:00,359

removed such a large organ with no

1521

00:59:05,390 --> 00:59:03,180

discernible excision points on the

1522

00:59:07,910 --> 00:59:05,400

animal's exterior carcass

1523

00:59:09,470 --> 00:59:07,920

and you know the the veterinary surgeon

1524

00:59:12,829 --> 00:59:09,480

showed me the photographs that he'd done

1525

00:59:15,650 --> 00:59:12,839

of the autopsy he was baffled by it

1526

00:59:19,089 --> 00:59:15,660

but the terrible thing was

1527

00:59:22,789 --> 00:59:19,099

he was terrified for his reputation in

1528

00:59:24,349 --> 00:59:22,799

coming forward speaking publicly

1529

00:59:25,609 --> 00:59:24,359

um I still talk to him and engage with

1530

00:59:27,770 --> 00:59:25,619

him but

1531

00:59:30,230 --> 00:59:27,780

this is the Dilemma that we have at the

1532

00:59:31,010 --> 00:59:30,240

moment that there are witnesses out

1533

00:59:33,650 --> 00:59:31,020

there

1534

00:59:35,809 --> 00:59:33,660

who hold evidence like that he's sitting

1535

00:59:38,930 --> 00:59:35,819

on files photographs

1536

00:59:40,789 --> 00:59:38,940

detailed autopsy analysis

1537

00:59:42,710 --> 00:59:40,799

strong overwhelming evidence that there

1538

00:59:44,390 --> 00:59:42,720

really is something to the cattle

1539

00:59:46,670 --> 00:59:44,400

mutilation phenomenon

1540

00:59:49,069 --> 00:59:46,680

but he wouldn't even speak to his

1541

00:59:50,289 --> 00:59:49,079

professional body in Australia

1542

00:59:52,910 --> 00:59:50,299

because

1543

00:59:54,589 --> 00:59:52,920

he's worried about losing his job and

1544

00:59:56,390 --> 00:59:54,599

losing the credentials that he has that

1545

00:59:59,270 --> 00:59:56,400

he enjoys that he's built up over 30 or

1546

01:00:02,809 --> 00:59:59,280

40 years and the irony is

1547

01:00:04,430 --> 01:00:02,819

I'm the recipient now of probably six or

1548

01:00:06,890 --> 01:00:04,440

seven probably let's say half a dozen

1549

01:00:09,049 --> 01:00:06,900

such cases of Surgeons Veterinary

1550

01:00:11,089 --> 01:00:09,059

surgeons contacting me from all over

1551
01:00:13,730 --> 01:00:11,099
Australia and also from over the world

1552
01:00:15,950 --> 01:00:13,740
all over the world who've had similar

1553
01:00:18,770 --> 01:00:15,960
cattle mutilations incidents

1554
01:00:20,510 --> 01:00:18,780
and none of them feel confident about

1555
01:00:23,089 --> 01:00:20,520
coming forward because we still have

1556
01:00:24,710 --> 01:00:23,099
this climate that we ourselves have

1557
01:00:28,309 --> 01:00:24,720
allowed to Foster

1558
01:00:30,530 --> 01:00:28,319
of negative trolling of people who have

1559
01:00:33,230 --> 01:00:30,540
the courage to come forward and believe

1560
01:00:36,410 --> 01:00:33,240
me sirs this is the issue

1561
01:00:39,530 --> 01:00:36,420
you know we are there is not any issue

1562
01:00:42,650 --> 01:00:39,540
that is more stigmatized

1563
01:00:44,870 --> 01:00:42,660

and taboo as a subject than the subject

1564

01:00:47,210 --> 01:00:44,880

of uaps and the Paranormal phenomena

1565

01:00:49,670 --> 01:00:47,220

that appears to be associated with it

1566

01:00:52,190 --> 01:00:49,680

such as abductions and cattle

1567

01:00:54,049 --> 01:00:52,200

mutilations I personally think we should

1568

01:00:56,329 --> 01:00:54,059

be investigating this phenomena whether

1569

01:00:57,530 --> 01:00:56,339

it's real or not you know people are

1570

01:00:59,930 --> 01:00:57,540

claiming that it's real let's

1571

01:01:01,849 --> 01:00:59,940

investigate it but the difficulty is

1572

01:01:03,710 --> 01:01:01,859

that the people who can validate it and

1573

01:01:05,870 --> 01:01:03,720

I know this from personal experience the

1574

01:01:08,329 --> 01:01:05,880

witnesses who are sitting there on

1575

01:01:11,450 --> 01:01:08,339

incredibly important evidence they're

1576

01:01:14,450 --> 01:01:11,460

looking at the way that we behave as

1577

01:01:17,390 --> 01:01:14,460

investigators and sadly whilst I'm happy

1578

01:01:18,829 --> 01:01:17,400

and confident in my own behavior and I'm

1579

01:01:22,069 --> 01:01:18,839

sure you're confident and happy and

1580

01:01:23,450 --> 01:01:22,079

yours we are disgracing ourselves as a

1581

01:01:25,069 --> 01:01:23,460

community with the way that we treat

1582

01:01:28,490 --> 01:01:25,079

people who have the courage to come

1583

01:01:30,950 --> 01:01:28,500

forward and this is why this matters so

1584

01:01:33,109 --> 01:01:30,960

right now across different parts of the

1585

01:01:35,750 --> 01:01:33,119

world there are people who are watching

1586

01:01:37,670 --> 01:01:35,760

the US Congress very very closely

1587

01:01:39,530 --> 01:01:37,680

some of them have been approached by

1588

01:01:41,329 --> 01:01:39,540

Congressional investigators from the

1589

01:01:42,950 --> 01:01:41,339

Senate armed services committee and the

1590

01:01:44,329 --> 01:01:42,960

house intelligence committee and they've

1591

01:01:46,970 --> 01:01:44,339

been asked would you be willing to give

1592

01:01:49,549 --> 01:01:46,980

evidence in public hearings

1593

01:01:51,410 --> 01:01:49,559

and there equivocating

1594

01:01:53,630 --> 01:01:51,420

and who can blame them

1595

01:01:55,730 --> 01:01:53,640

would you

1596

01:01:56,990 --> 01:01:55,740

you know the the interesting thing is

1597

01:01:58,030 --> 01:01:57,000

that

1598

01:02:02,569 --> 01:01:58,040

um

1599

01:02:05,270 --> 01:02:02,579

one of the lines that's often used by

1600

01:02:06,890 --> 01:02:05,280

purported insiders to dismiss why the

1601
01:02:08,890 --> 01:02:06,900
public should know about this issue is

1602
01:02:11,450 --> 01:02:08,900
that supposedly they're not ready

1603
01:02:14,089 --> 01:02:11,460
maybe we're not ready

1604
01:02:16,549 --> 01:02:14,099
and maybe our infantile and purile

1605
01:02:18,530 --> 01:02:16,559
approach to the subject matter maybe the

1606
01:02:21,349 --> 01:02:18,540
taboo and the ridiculing the

1607
01:02:23,150 --> 01:02:21,359
stigmatizing maybe that's illustrated as

1608
01:02:25,490 --> 01:02:23,160
the fact that we aren't ready we haven't

1609
01:02:26,809 --> 01:02:25,500
matured we're not ready for this let's

1610
01:02:28,490 --> 01:02:26,819
just put it back in a bottle for another

1611
01:02:31,370 --> 01:02:28,500
70 years and let them get on with their

1612
01:02:34,190 --> 01:02:31,380
back engineering program you know I mean

1613
01:02:36,109 --> 01:02:34,200

I I really think people don't realize

1614

01:02:38,150 --> 01:02:36,119

just how dangerous a situation it is

1615

01:02:41,750 --> 01:02:38,160

right now because there are good people

1616

01:02:43,670 --> 01:02:41,760

that I talk to in intelligence and the

1617

01:02:47,030 --> 01:02:43,680

defense community

1618

01:02:48,829 --> 01:02:47,040

who are really Keen for you

1619

01:02:50,930 --> 01:02:48,839

for the general public to know more

1620

01:02:52,309 --> 01:02:50,940

about this issue they think you should

1621

01:02:54,109 --> 01:02:52,319

know

1622

01:02:55,609 --> 01:02:54,119

but they're looking on in Despair and

1623

01:02:58,010 --> 01:02:55,619

just shaking their heads and just going

1624

01:02:59,210 --> 01:02:58,020

oh for God's sake bag of them you know I

1625

01:03:01,010 --> 01:02:59,220

don't care anymore

1626

01:03:03,710 --> 01:03:01,020

and and that's the issue I don't think

1627

01:03:07,390 --> 01:03:03,720

people realize just how much damage is

1628

01:03:10,910 --> 01:03:07,400

being caused by the anti-intellectual

1629

01:03:14,089 --> 01:03:10,920

ridiculing trolling nastiness from a

1630

01:03:16,549 --> 01:03:14,099

very small but very vocal minority

1631

01:03:19,490 --> 01:03:16,559

it's not a it's not a tangential side

1632

01:03:22,730 --> 01:03:19,500

issue it's the issue right

1633

01:03:26,329 --> 01:03:22,740

and and one of the issues is behind all

1634

01:03:31,190 --> 01:03:29,089

so much of what passes for investigation

1635

01:03:33,410 --> 01:03:31,200

on

1636

01:03:35,930 --> 01:03:33,420

UAP research

1637

01:03:38,390 --> 01:03:35,940

it's just opinion you know it's just

1638

01:03:41,089 --> 01:03:38,400

people saying what they think there's no

1639

01:03:43,490 --> 01:03:41,099

attempt at rigor and really it's got to

1640

01:03:47,390 --> 01:03:43,500

stop because it's scaring people away

1641

01:03:49,069 --> 01:03:47,400

and frankly we don't deserve

1642

01:03:53,210 --> 01:03:49,079

whatever it is that needs to be

1643

01:03:55,730 --> 01:03:53,220

disclosed if we don't behave responsibly

1644

01:03:57,470 --> 01:03:55,740

yeah agreed especially if it's going to

1645

01:04:00,049 --> 01:03:57,480

take an opening of our own minds

1646

01:04:01,730 --> 01:04:00,059

intellectually to even grasp what the

1647

01:04:03,890 --> 01:04:01,740

hell this is like you know everybody

1648

01:04:06,289 --> 01:04:03,900

used to be quote unquote nuts and bolts

1649

01:04:08,569 --> 01:04:06,299

ufologist and now you go down the rabbit

1650

01:04:10,490 --> 01:04:08,579

hole and it's supernatural and you know

1651

01:04:12,829 --> 01:04:10,500

Cryptid based and all kinds of weird

1652

01:04:15,109 --> 01:04:12,839

[h__h] you need to have a bigger brain

1653

01:04:17,510 --> 01:04:15,119

than you've ever had and if as you said

1654

01:04:19,430 --> 01:04:17,520

we are infantile and immature about this

1655

01:04:22,250 --> 01:04:19,440

why the hell would they tell us like

1656

01:04:25,069 --> 01:04:22,260

we're just playing grade three rhetoric

1657

01:04:28,490 --> 01:04:25,079

on something that is like physics level

1658

01:04:30,410 --> 01:04:28,500

you know University of a concept we are

1659

01:04:32,809 --> 01:04:30,420

not ready if that's the best we can put

1660

01:04:34,849 --> 01:04:32,819

forward yeah yeah now I mean I think one

1661

01:04:36,770 --> 01:04:34,859

of the most um enjoyable interviews I've

1662

01:04:40,609 --> 01:04:36,780

done this year was with Professor Michio

1663

01:04:42,829 --> 01:04:40,619

Kaku who has a scientific rigor about

1664

01:04:46,789 --> 01:04:42,839

him because he's a brilliant scientist

1665

01:04:49,250 --> 01:04:46,799

but he also has the the capacity for

1666

01:04:50,329 --> 01:04:49,260

imagination the capacity to think

1667

01:04:53,690 --> 01:04:50,339

creatively

1668

01:04:55,190 --> 01:04:53,700

and that's so rare in science because

1669

01:04:57,530 --> 01:04:55,200

one of the things that's not really

1670

01:05:00,230 --> 01:04:57,540

talked about in science is that even

1671

01:05:03,410 --> 01:05:00,240

science is guilty of dogmaticism

1672

01:05:05,329 --> 01:05:03,420

you know there's a there's I mean I one

1673

01:05:08,329 --> 01:05:05,339

of the things that I would gently

1674

01:05:11,510 --> 01:05:08,339

suggest in his analysis of the Ukrainian

1675

01:05:15,230 --> 01:05:11,520

uh UAP objects there were two failings

1676

01:05:18,049 --> 01:05:15,240

uh Professor Ravi Loeb did a I think an

1677

01:05:19,849 --> 01:05:18,059

analysis of the Ukrainian astronomical

1678

01:05:22,130 --> 01:05:19,859

paper which suggested they'd seen

1679

01:05:24,650 --> 01:05:22,140

so-called Phantoms

1680

01:05:26,930 --> 01:05:24,660

um uh with their astronomical equipment

1681

01:05:28,849 --> 01:05:26,940

over Ukraine and I was interested in

1682

01:05:31,549 --> 01:05:28,859

that because it was whilst separate and

1683

01:05:33,410 --> 01:05:31,559

irrelevant it was in the same area as my

1684

01:05:35,089 --> 01:05:33,420

British soldier Source was telling me

1685

01:05:36,589 --> 01:05:35,099

he'd seen an object so I was interested

1686

01:05:38,870 --> 01:05:36,599

to read the paper

1687

01:05:40,609 --> 01:05:38,880

now there's two issues firstly the

1688

01:05:44,329 --> 01:05:40,619

Ukrainian scientists appear to have made

1689

01:05:46,190 --> 01:05:44,339

a terrible mistake in their numbers and

1690

01:05:47,390 --> 01:05:46,200

Avi load quite correctly picked them up

1691

01:05:49,250 --> 01:05:47,400

on that

1692

01:05:52,609 --> 01:05:49,260

but the other mistake that I thought

1693

01:05:55,250 --> 01:05:52,619

that possibly Avi lobe is oblivious of

1694

01:05:57,170 --> 01:05:55,260

but then I looked at the um website of

1695

01:05:59,510 --> 01:05:57,180

the Galileo project and it's their

1696

01:06:02,510 --> 01:05:59,520

avowed opinion that they won't depart

1697

01:06:03,950 --> 01:06:02,520

Beyond known physics in explaining

1698

01:06:07,010 --> 01:06:03,960

phenomena

1699

01:06:08,930 --> 01:06:07,020

but one of the issues here is that it's

1700

01:06:10,970 --> 01:06:08,940

clear that whatever this phenomena is

1701

01:06:13,670 --> 01:06:10,980

you know avilobe was basically talking

1702

01:06:15,829 --> 01:06:13,680

about the way these objects moved you

1703

01:06:18,170 --> 01:06:15,839

know if it was as the Ukrainian

1704

01:06:20,569 --> 01:06:18,180

scientists described it couldn't

1705

01:06:22,789 --> 01:06:20,579

possibly conform to known you know

1706

01:06:23,990 --> 01:06:22,799

terrestrial physics therefore it's not

1707

01:06:25,970 --> 01:06:24,000

real

1708

01:06:27,650 --> 01:06:25,980

but I think one of the things that I

1709

01:06:30,170 --> 01:06:27,660

find interesting is when I talk to other

1710

01:06:32,329 --> 01:06:30,180

scientists they're saying yes but

1711

01:06:33,410 --> 01:06:32,339

Quantum science admits the possibility

1712

01:06:35,690 --> 01:06:33,420

of

1713

01:06:39,470 --> 01:06:35,700

explanations that are not within known

1714

01:06:41,390 --> 01:06:39,480

Newtonian physics and so I think what

1715

01:06:43,670 --> 01:06:41,400

perhaps needs to happen in mainstream

1716

01:06:45,710 --> 01:06:43,680

science is there needs to begin to be

1717

01:06:48,650 --> 01:06:45,720

the acknowledgment that whatever this

1718

01:06:50,930 --> 01:06:48,660

phenomenon is it's displaying capacities

1719

01:06:53,930 --> 01:06:50,940

that can't be explained with Newtonian

1720

01:06:56,390 --> 01:06:53,940

physics yeah and as we move into the

1721

01:06:58,910 --> 01:06:56,400

quantum World we're talking about the

1722

01:07:01,510 --> 01:06:58,920

possibilities of

1723

01:07:04,490 --> 01:07:01,520

um an Alcubierre Drive which allows

1724

01:07:06,950 --> 01:07:04,500

distortions of space-time to move at

1725

01:07:09,170 --> 01:07:06,960

extraordinary speeds and distances and

1726

01:07:10,910 --> 01:07:09,180

across time Across the Universe it's

1727

01:07:12,710 --> 01:07:10,920

only a theoretical possibility at the

1728

01:07:13,910 --> 01:07:12,720

moment but perhaps this explains this

1729

01:07:15,470 --> 01:07:13,920

phenomenon

1730

01:07:18,230 --> 01:07:15,480

and I guess one of the things that

1731

01:07:20,569 --> 01:07:18,240

really surprised me was in as imminent a

1732

01:07:22,370 --> 01:07:20,579

professor as Avi lobe's analysis I see

1733

01:07:24,529 --> 01:07:22,380

now that I understand his Galileo

1734

01:07:26,809 --> 01:07:24,539

project he probably quite rightly

1735

01:07:30,109 --> 01:07:26,819

constrains himself to what he believes

1736

01:07:33,289 --> 01:07:30,119

he knows from Accepted Modern Newtonian

1737

01:07:34,609 --> 01:07:33,299

physics but the um the issue is we have

1738

01:07:36,529 --> 01:07:34,619

to start opening our minds

1739

01:07:39,650 --> 01:07:36,539

scientifically to the possibility that

1740

01:07:44,450 --> 01:07:39,660

the explanation lies outside known human

1741

01:07:46,789 --> 01:07:44,460

science yeah and so if we in UAP social

1742

01:07:48,710 --> 01:07:46,799

media need to open our minds I think

1743

01:07:50,510 --> 01:07:48,720

mainstream science needs to open its

1744

01:07:52,190 --> 01:07:50,520

Minds as well to the possibilities and

1745

01:07:54,230 --> 01:07:52,200

that's where Michio Kaku is quite

1746

01:07:56,390 --> 01:07:54,240

refreshing and interesting because he's

1747

01:08:00,069 --> 01:07:56,400

conceding that yes the phenomena is

1748

01:08:04,130 --> 01:08:00,079

displaying technologies that are Beyond

1749

01:08:05,390 --> 01:08:04,140

known terrestrial science and that's

1750

01:08:07,789 --> 01:08:05,400

where it's getting interesting because

1751

01:08:11,390 --> 01:08:07,799

there's a dynamic happening inside

1752

01:08:12,650 --> 01:08:11,400

science where thinkers like Kaku are

1753

01:08:15,049 --> 01:08:12,660

basically pushing back against

1754

01:08:17,450 --> 01:08:15,059

mainstream dark matter which basically

1755

01:08:19,570 --> 01:08:17,460

says no it can't possibly be true

1756

01:08:22,070 --> 01:08:19,580

because it's not in my textbook

1757

01:08:24,829 --> 01:08:22,080

and the reality is maybe the textbooks

1758

01:08:26,930 --> 01:08:24,839

are wrong yeah and and similarly with

1759

01:08:30,709 --> 01:08:26,940

UAP social media

1760

01:08:33,229 --> 01:08:30,719

I don't think we should exclude

1761

01:08:35,510 --> 01:08:33,239

what some people ridicule in social

1762

01:08:38,689 --> 01:08:35,520

media uh things like the abduction

1763

01:08:41,150 --> 01:08:38,699

phenomenon the experience of phenomenon

1764

01:08:42,590 --> 01:08:41,160

um the cattle mutilation phenomenon

1765

01:08:45,169 --> 01:08:42,600

because

1766

01:08:47,630 --> 01:08:45,179

in my book as a journalist there are so

1767

01:08:49,249 --> 01:08:47,640

many witness sightings that establish if

1768

01:08:51,829 --> 01:08:49,259

you like a

1769

01:08:53,990 --> 01:08:51,839

um and our priority assumption that okay

1770

01:08:55,669 --> 01:08:54,000

there is clearly something here prima

1771

01:08:57,890 --> 01:08:55,679

facie there is there is something here

1772

01:08:59,990 --> 01:08:57,900

that needs to be investigated

1773

01:09:02,450 --> 01:09:00,000

do we just because we find it

1774

01:09:05,150 --> 01:09:02,460

confronting to our worldview do we just

1775

01:09:06,289 --> 01:09:05,160

immediately ridicule it and dismiss it I

1776

01:09:07,610 --> 01:09:06,299

don't think we should I think we should

1777

01:09:11,930 --> 01:09:07,620

investigate it

1778

01:09:13,550 --> 01:09:11,940

and if the response of people

1779

01:09:15,709 --> 01:09:13,560

in the

1780

01:09:17,510 --> 01:09:15,719

social media sphere is going to be to

1781

01:09:19,309 --> 01:09:17,520

ridicule and denigrate people who have

1782

01:09:21,470 --> 01:09:19,319

the courage to come forward and say well

1783

01:09:24,289 --> 01:09:21,480

look frankly this is what I saw I don't

1784

01:09:26,269 --> 01:09:24,299

care what you think this is what I saw

1785

01:09:27,769 --> 01:09:26,279

then it lessens and diminishes the

1786

01:09:28,910 --> 01:09:27,779

critics more than it does the person

1787

01:09:31,150 --> 01:09:28,920

coming forward

1788

01:09:34,430 --> 01:09:31,160

and I think this is the issue is that

1789

01:09:36,530 --> 01:09:34,440

there is a um a lack of science being

1790

01:09:38,390 --> 01:09:36,540

shown by some scientists and there is a

1791

01:09:41,510 --> 01:09:38,400

lack of science being shown or a lack of

1792

01:09:44,090 --> 01:09:41,520

rational analysis being shown by some in

1793

01:09:46,849 --> 01:09:44,100

the field of people who do this kind of

1794

01:09:50,470 --> 01:09:46,859

investigative research and so it's

1795

01:09:53,570 --> 01:09:50,480

vitaly important that we yes accept

1796

01:09:56,510 --> 01:09:53,580

skepticism we accept criticism we

1797

01:09:58,790 --> 01:09:56,520

acknowledge when we are wrong

1798

01:10:01,910 --> 01:09:58,800

um but let's be nice yeah

1799

01:10:04,130 --> 01:10:01,920

truly I mean I it's not hard

1800

01:10:08,090 --> 01:10:04,140

um the best scientists I've ever met

1801
01:10:11,990 --> 01:10:08,100
have been open-minded kind ones who

1802
01:10:14,450 --> 01:10:12,000
aren't egotistical who Embrace ideas and

1803
01:10:16,850 --> 01:10:14,460
and who love the mischief and the fun of

1804
01:10:18,709 --> 01:10:16,860
thinking about alternative explanations

1805
01:10:20,689 --> 01:10:18,719
and that's the way frankly good

1806
01:10:23,630 --> 01:10:20,699
journalism works as well

1807
01:10:25,790 --> 01:10:23,640
um a lot of Journalism is intuitive you

1808
01:10:28,250 --> 01:10:25,800
know a lot of it is based on a gut

1809
01:10:30,290 --> 01:10:28,260
feeling that drives you to investigate

1810
01:10:31,550 --> 01:10:30,300
something and you often can't put your

1811
01:10:33,470 --> 01:10:31,560
finger on why you think there's

1812
01:10:35,030 --> 01:10:33,480
something to it but at the very

1813
01:10:36,590 --> 01:10:35,040

beginning of my research when I was

1814

01:10:38,810 --> 01:10:36,600

writing my book

1815

01:10:40,910 --> 01:10:38,820

I remember I read all the history I went

1816

01:10:42,470 --> 01:10:40,920

through the cia's library I mean for

1817

01:10:44,870 --> 01:10:42,480

example I was reading about CIA

1818

01:10:48,050 --> 01:10:44,880

documents that showed that there were

1819

01:10:50,930 --> 01:10:48,060

retrievals of disks these are still

1820

01:10:53,570 --> 01:10:50,940

unexplained on the cia's records

1821

01:10:56,570 --> 01:10:53,580

official records where the CIA is

1822

01:10:58,070 --> 01:10:56,580

acknowledging recovering disks large

1823

01:11:02,030 --> 01:10:58,080

disks

1824

01:11:04,910 --> 01:11:02,040

that's crazy why why do we why do we

1825

01:11:08,510 --> 01:11:04,920

consume ourselves with this pathetic

1826

01:11:10,430 --> 01:11:08,520

infighting and nastiness when there is

1827

01:11:13,070 --> 01:11:10,440

this reality out there that needs to be

1828

01:11:15,169 --> 01:11:13,080

investigated and confronted all we're

1829

01:11:18,010 --> 01:11:15,179

doing is playing into the hands of those

1830

01:11:20,570 --> 01:11:18,020

who seek to distract us yeah and I think

1831

01:11:23,209 --> 01:11:20,580

that inevitably is what is going to

1832

01:11:25,669 --> 01:11:23,219

happen and I frankly I'm very very

1833

01:11:27,530 --> 01:11:25,679

pessimistic I was a lot more pessimistic

1834

01:11:29,090 --> 01:11:27,540

at the beginning of this year before the

1835

01:11:32,689 --> 01:11:29,100

Ukraine conflict

1836

01:11:35,810 --> 01:11:32,699

uh but um I'm less optimistic now

1837

01:11:37,610 --> 01:11:35,820

because I think that the um uh the

1838

01:11:39,410 --> 01:11:37,620

international situation has deteriorated

1839

01:11:42,110 --> 01:11:39,420

I think that there's greater priorities

1840

01:11:43,250 --> 01:11:42,120

now than uaps and frankly I think the

1841

01:11:46,010 --> 01:11:43,260

whole thing's going to slide onto the

1842

01:11:47,630 --> 01:11:46,020

back burner indefinitely uh you know

1843

01:11:50,870 --> 01:11:47,640

we're moving into a really serious

1844

01:11:52,729 --> 01:11:50,880

International crisis right now far more

1845

01:11:53,870 --> 01:11:52,739

dangerous that in any time in my

1846

01:11:57,530 --> 01:11:53,880

lifetime

1847

01:11:58,970 --> 01:11:57,540

uh and and I I wouldn't blame the

1848

01:12:01,189 --> 01:11:58,980

intelligence community and the defense

1849

01:12:03,050 --> 01:12:01,199

Community for going you know what let's

1850

01:12:04,910 --> 01:12:03,060

just shelve this uip stuff for a while

1851
01:12:06,649 --> 01:12:04,920
Congress yeah let's just forget about

1852
01:12:07,729 --> 01:12:06,659
those bloody hearings for a while I

1853
01:12:09,649 --> 01:12:07,739
wouldn't be surprised I've got no

1854
01:12:11,209 --> 01:12:09,659
indication of that happening but and I

1855
01:12:13,189 --> 01:12:11,219
know that there are whistleblowers

1856
01:12:14,990 --> 01:12:13,199
talking about coming forward Gary Nolan

1857
01:12:15,950 --> 01:12:15,000
Professor Gary Nolan told me he'd

1858
01:12:17,930 --> 01:12:15,960
actually met

1859
01:12:19,370 --> 01:12:17,940
some of the whistleblowers who he knows

1860
01:12:22,970 --> 01:12:19,380
will be giving evidence

1861
01:12:24,770 --> 01:12:22,980
but the um the simple reality is that um

1862
01:12:27,290 --> 01:12:24,780
unless we keep up the pressure and

1863
01:12:28,910 --> 01:12:27,300

unless we show a unanimity of a

1864

01:12:29,810 --> 01:12:28,920
consensus position that this is

1865

01:12:32,330 --> 01:12:29,820
something that is worthwhile

1866

01:12:35,090 --> 01:12:32,340
investigating all we're doing is playing

1867

01:12:37,910 --> 01:12:35,100
into the hands of those who seek to lie

1868

01:12:40,910 --> 01:12:37,920
and dissemble for another 70 years

1869

01:12:42,470 --> 01:12:40,920
the Richard dodges of the uh of the

1870

01:12:44,390 --> 01:12:42,480
industry unfortunately yeah I mean I

1871

01:12:47,750 --> 01:12:44,400
don't for the life of me understand why

1872

01:12:50,330 --> 01:12:47,760
Richard Doty gets any traction anywhere

1873

01:12:52,250 --> 01:12:50,340
on any investigative program because

1874

01:12:55,070 --> 01:12:52,260
he's an admitted liar he's an admitted

1875

01:12:57,110 --> 01:12:55,080
disinformation agent I mean for me I

1876

01:12:58,310 --> 01:12:57,120

mean I I quite like him I mean the odd

1877

01:13:00,110 --> 01:12:58,320

thing is when I've watched him on

1878

01:13:02,390 --> 01:13:00,120

YouTube videos he comes across as quite

1879

01:13:04,390 --> 01:13:02,400

an amiable and friendly guy which is

1880

01:13:06,790 --> 01:13:04,400

what disinformation people have to be

1881

01:13:08,870 --> 01:13:06,800

but the fact that he's admitted

1882

01:13:11,570 --> 01:13:08,880

essentially running an intelligence

1883

01:13:14,030 --> 01:13:11,580

operation against a U.S citizen that in

1884

01:13:15,590 --> 01:13:14,040

and of itself is a crime yeah I don't

1885

01:13:17,510 --> 01:13:15,600

for the life of me know why his

1886

01:13:20,570 --> 01:13:17,520

admissions haven't been investigated by

1887

01:13:22,189 --> 01:13:20,580

Congress because after the um Church

1888

01:13:24,410 --> 01:13:22,199

hearings the church commission hearings

1889

01:13:26,030 --> 01:13:24,420

after Watergate there were very strict

1890

01:13:27,770 --> 01:13:26,040

rules placed on the intelligence

1891

01:13:29,270 --> 01:13:27,780

community in America to stop them from

1892

01:13:31,970 --> 01:13:29,280

running intelligence operations against

1893

01:13:34,370 --> 01:13:31,980

American citizens but the Paul benowitz

1894

01:13:36,470 --> 01:13:34,380

story Richard Doty was up to his neck

1895

01:13:39,169 --> 01:13:36,480

and is a story about running an

1896

01:13:40,790 --> 01:13:39,179

intelligence operation to disinform and

1897

01:13:43,130 --> 01:13:40,800

eventually Drive crazy an American

1898

01:13:45,050 --> 01:13:43,140

citizen who was a loyal and patriotic

1899

01:13:48,290 --> 01:13:45,060

citizen basically raising his concerns

1900

01:13:50,350 --> 01:13:48,300

with the US government so why I mean why

1901

01:13:54,290 --> 01:13:50,360

do we give people like dirty currency

1902

01:13:55,970 --> 01:13:54,300

he's admitted he lied let's move on and

1903

01:13:58,250 --> 01:13:55,980

now he's going to conventions making

1904

01:14:01,070 --> 01:13:58,260

money some people are making some really

1905

01:14:02,870 --> 01:14:01,080

good money out of this it's crazy it's a

1906

01:14:05,750 --> 01:14:02,880

crazy world like you said the world's

1907

01:14:07,490 --> 01:14:05,760

getting crazier as uh the year goes on

1908

01:14:09,890 --> 01:14:07,500

uh Louis do you have any final questions

1909

01:14:11,990 --> 01:14:09,900

for our guest today no I just want to I

1910

01:14:14,090 --> 01:14:12,000

you know send a huge thanks to Ross

1911

01:14:15,950 --> 01:14:14,100

culthart here and basically what you

1912

01:14:17,870 --> 01:14:15,960

were just saying towards the end as far

1913

01:14:19,850 --> 01:14:17,880

as you know non-linear thinking

1914

01:14:21,830 --> 01:14:19,860

non-Newtonian thinking and I've said

1915

01:14:24,350 --> 01:14:21,840

this before the phenomenon is not

1916

01:14:26,990 --> 01:14:24,360

Stranger than you think it may be

1917

01:14:29,149 --> 01:14:27,000

Stranger than you can think and if we

1918

01:14:31,130 --> 01:14:29,159

don't open our minds to bigger and

1919

01:14:32,689 --> 01:14:31,140

better ideas you know gentlemen like

1920

01:14:34,189 --> 01:14:32,699

Jacques valet been doing this for years

1921

01:14:36,290 --> 01:14:34,199

and say yeah I've changed my mind a

1922

01:14:39,050 --> 01:14:36,300

dozen times but still maintain that

1923

01:14:41,209 --> 01:14:39,060

humility and the friendliness and the

1924

01:14:42,770 --> 01:14:41,219

open-mindedness if it wasn't for that

1925

01:14:45,229 --> 01:14:42,780

open-mindedness we wouldn't have got to

1926

01:14:46,970 --> 01:14:45,239

where we are now so thank you for

1927

01:14:49,430 --> 01:14:46,980

everything you do and are continuing to

1928

01:14:51,770 --> 01:14:49,440

do it's refreshing and it's much needed

1929

01:14:53,990 --> 01:14:51,780

as we've said there's so much [h__\h] out

1930

01:14:55,250 --> 01:14:54,000

there uh if it's not for guys to keep

1931

01:14:57,290 --> 01:14:55,260

pushing that and saying you know what

1932

01:14:59,390 --> 01:14:57,300

don't listen let's just keep doing what

1933

01:15:00,950 --> 01:14:59,400

we're doing we're getting somewhere and

1934

01:15:03,530 --> 01:15:00,960

you're definitely one of those players

1935

01:15:05,689 --> 01:15:03,540

so more of a thanks than anything well

1936

01:15:07,610 --> 01:15:05,699

thank you both to both of you Jason and

1937

01:15:09,709 --> 01:15:07,620

Louie and um keep on doing the good work

1938

01:15:12,290 --> 01:15:09,719

you're doing and I hope it all goes well

1939

01:15:15,169 --> 01:15:12,300

for you and uh I promise you I will keep

1940

01:15:16,850 --> 01:15:15,179

on tilting at windmills nice very good

1941

01:15:18,709 --> 01:15:16,860

appreciate it thank you so much for

1942

01:15:20,930 --> 01:15:18,719

coming on the show today Ross all the

1943

01:15:25,240 --> 01:15:20,940

best guys cheers
