1  
00:00:05,930 --> 00:00:03,350  
welcome back everybody uh to episode 102

2  
00:00:07,610 --> 00:00:05,940  
of UAP studies podcast I'm Louis Borges

3  
00:00:09,710 --> 00:00:07,620  
my good friend and co-host Jason

4  
00:00:12,290 --> 00:00:09,720  
gilmette how are you brother I'm very

5  
00:00:14,570 --> 00:00:12,300  
good today we have Leslie Keane Arcane I

6  
00:00:16,609 --> 00:00:14,580  
should say on the show uh I'm very very

7  
00:00:19,130 --> 00:00:16,619  
excited to to talk with her how are you

8  
00:00:21,050 --> 00:00:19,140  
doing I'm doing good I'm uh excited when

9  
00:00:22,849 --> 00:00:21,060  
you can chat with somebody who's been

10  
00:00:24,890 --> 00:00:22,859  
doing this as long as she has female

11  
00:00:27,170 --> 00:00:24,900  
which is very rare I mean she's like the

12  
00:00:29,210 --> 00:00:27,180  
female George Knapp not to put either of

13  
00:00:31,250 --> 00:00:29,220

them in a box but they I consider them

14

00:00:33,290 --> 00:00:31,260

an equal Regard in my mind in terms of

15

00:00:34,670 --> 00:00:33,300

respect absolutely um you know anybody

16

00:00:37,370 --> 00:00:34,680

associated with the New York Times

17

00:00:39,049 --> 00:00:37,380

you're vetted and they scrutinize

18

00:00:40,610 --> 00:00:39,059

everything you do so if you've had any

19

00:00:42,110 --> 00:00:40,620

kind of career for any length of time

20

00:00:44,090 --> 00:00:42,120

it's because you know what you're

21

00:00:46,369 --> 00:00:44,100

talking about and she's written books

22

00:00:48,229 --> 00:00:46,379

she has you know people I think Michio

23

00:00:50,630 --> 00:00:48,239

Kaku wrote a glowing review on her

24

00:00:52,430 --> 00:00:50,640

website I mean her colleagues are like

25

00:00:55,610 --> 00:00:52,440

the Hal put-offs of the world and Jim

26  
00:00:56,869 --> 00:00:55,620  
semivan she knows all the big players uh

27  
00:00:58,250 --> 00:00:56,879  
and we're gonna ask her you know like

28  
00:00:59,090 --> 00:00:58,260  
where's the new information coming out

29  
00:01:01,369 --> 00:00:59,100  
are there going to be some

30  
00:01:03,709 --> 00:01:01,379  
whistleblowers what's coming down with

31  
00:01:05,630 --> 00:01:03,719  
these Congressional hearings and also

32  
00:01:06,950 --> 00:01:05,640  
get her perspective on what the hell is

33  
00:01:08,870 --> 00:01:06,960  
actually going on with this stuff is

34  
00:01:10,310 --> 00:01:08,880  
this a real thing is this

35  
00:01:11,929 --> 00:01:10,320  
interdimensional and all the usual

36  
00:01:13,550 --> 00:01:11,939  
questions so it's going to be a great

37  
00:01:19,110 --> 00:01:13,560  
show today stick around we'll be right

38  
00:01:39,530 --> 00:01:29,390

[Music]

39

00:01:43,370 --> 00:01:40,910

all right welcome back to another

40

00:01:46,370 --> 00:01:43,380

episode of UAP studies podcast this is

41

00:01:48,469 --> 00:01:46,380

episode 102 Jade we've uh we're we're

42

00:01:51,889 --> 00:01:48,479

here man we've arrived we've somehow

43

00:01:53,990 --> 00:01:51,899

made it the 102. I love it yeah we had

44

00:01:56,749 --> 00:01:54,000

jock Valley episode 100 Ross Colt art

45

00:01:58,670 --> 00:01:56,759

and we're super excited for 102 and uh

46

00:02:00,889 --> 00:01:58,680

in fact the next 10 that we have booked

47

00:02:02,630 --> 00:02:00,899

is going to be very exciting so uh but

48

00:02:05,810 --> 00:02:02,640

we would be remiss if we didn't include

49

00:02:08,089 --> 00:02:05,820

a great mind uh in the field and on this

50

00:02:10,550 --> 00:02:08,099

topic in our discussions uh we have an

51  
00:02:12,949 --> 00:02:10,560  
award-winning journalist an author I'll

52  
00:02:15,290 --> 00:02:12,959  
read some just a few of her books uh

53  
00:02:17,210 --> 00:02:15,300  
UFOs generals pilots and government

54  
00:02:19,490 --> 00:02:17,220  
officials go on the record yep that one

55  
00:02:21,050 --> 00:02:19,500  
right there surviving death which is

56  
00:02:22,970 --> 00:02:21,060  
really interesting it's a journalist

57  
00:02:25,010 --> 00:02:22,980  
investigates uh evidence of the

58  
00:02:27,170 --> 00:02:25,020  
afterlife and this is all conscious

59  
00:02:28,970 --> 00:02:27,180  
based and we are also big fans of that

60  
00:02:31,190 --> 00:02:28,980  
type of thinking and want to learn more

61  
00:02:34,430 --> 00:02:31,200  
as well uh this lady's colleagues

62  
00:02:37,010 --> 00:02:34,440  
include Ralph Blumenthal nichuukaku Jim

63  
00:02:39,470 --> 00:02:37,020

semivan uh I mean her whole damn family

64

00:02:41,650 --> 00:02:39,480

are basically Congress people I did some

65

00:02:44,809 --> 00:02:41,660

of research on that too her her

66

00:02:46,550 --> 00:02:44,819

grandfather her uncle her cousin this is

67

00:02:49,910 --> 00:02:46,560

a lady that is no stranger to the topic

68

00:02:52,130 --> 00:02:49,920

of ufology and the world of strangeness

69

00:02:54,589 --> 00:02:52,140

so we're very excited and we want to

70

00:02:56,990 --> 00:02:54,599

welcome the show Miss Leslie Kane

71

00:02:59,750 --> 00:02:57,000

howdy how did you pronounced it right

72

00:03:01,250 --> 00:02:59,760

you prefer Kane right it's not that I

73

00:03:04,070 --> 00:03:01,260

prefer that that's the correct

74

00:03:05,990 --> 00:03:04,080

pronunciation perfect I'm picky with my

75

00:03:08,750 --> 00:03:06,000

name too my name is Louie spelled with

76  
00:03:10,430 --> 00:03:08,760  
an S and I spell it with an E here on

77  
00:03:12,530 --> 00:03:10,440  
the show on purpose so people don't call

78  
00:03:13,610 --> 00:03:12,540  
me Lewis because it drives me nuts okay

79  
00:03:15,050 --> 00:03:13,620  
because I would have thought it was

80  
00:03:17,330 --> 00:03:15,060  
Lewis and you would have thought my name

81  
00:03:18,949 --> 00:03:17,340  
was King if you read it for sure for

82  
00:03:22,009 --> 00:03:18,959  
sure that's why I always tell people

83  
00:03:23,449 --> 00:03:22,019  
this pronounced Kane so Leslie Kane uh

84  
00:03:25,430 --> 00:03:23,459  
you're a very well known very well

85  
00:03:27,710 --> 00:03:25,440  
recognizable I mean I've seen you on TV

86  
00:03:29,809 --> 00:03:27,720  
I can't even count how many times uh but

87  
00:03:31,369 --> 00:03:29,819  
for anyone who's out there in our viewer

88  
00:03:33,770 --> 00:03:31,379

world who maybe doesn't know who you are

89

00:03:35,750 --> 00:03:33,780

tell us a little bit about yourself and

90

00:03:38,030 --> 00:03:35,760

what got you into all this you know the

91

00:03:39,890 --> 00:03:38,040

world that you're in right now

92

00:03:42,170 --> 00:03:39,900

okay well I could do that in one minute

93

00:03:44,210 --> 00:03:42,180

or I could do it in 15 minutes so I

94

00:03:46,369 --> 00:03:44,220

don't know well we got 45 minutes to an

95

00:03:48,410 --> 00:03:46,379

hour so you take your time I think most

96

00:03:51,410 --> 00:03:48,420

people probably know that so I'll keep

97

00:03:55,910 --> 00:03:51,420

it brief um anyway I'm an investigative

98

00:03:57,830 --> 00:03:55,920

reporter and um back in 1999 I was

99

00:04:00,890 --> 00:03:57,840

working at a public radio station in

100

00:04:02,809 --> 00:04:00,900

California as a producer and a host an

101  
00:04:05,270 --> 00:04:02,819  
on-air host for investigative news

102  
00:04:06,770 --> 00:04:05,280  
program just doing my job there and then

103  
00:04:08,509 --> 00:04:06,780  
I got this somebody a colleague in

104  
00:04:10,970 --> 00:04:08,519  
France sent me this report called the

105  
00:04:12,289 --> 00:04:10,980  
cometa report which I'm sure today a lot

106  
00:04:14,750 --> 00:04:12,299  
of people know about if they're into

107  
00:04:16,610 --> 00:04:14,760  
this topic but it was this night it was

108  
00:04:19,310 --> 00:04:16,620  
an English translation and no one had

109  
00:04:22,150 --> 00:04:19,320  
seen it yet in this country and it was a

110  
00:04:25,129 --> 00:04:22,160  
90-page study written by very

111  
00:04:28,610 --> 00:04:25,139  
sophisticated people such as a bunch of

112  
00:04:30,530 --> 00:04:28,620  
generals an admiral uh the former head

113  
00:04:32,390 --> 00:04:30,540

of the chief of police the former head

114

00:04:34,730 --> 00:04:32,400

of the equivalent of NASA and France of

115

00:04:36,350 --> 00:04:34,740

their space agency a bunch of scientists

116

00:04:38,870 --> 00:04:36,360

and engineers and they spent three years

117

00:04:41,330 --> 00:04:38,880

looking into UFOs investigate you know

118

00:04:44,810 --> 00:04:41,340

investigating official cases with great

119

00:04:47,150 --> 00:04:44,820

data interviewing pilots and these were

120

00:04:48,890 --> 00:04:47,160

retired people so they weren't actually

121

00:04:50,689 --> 00:04:48,900

it wasn't a government document it was

122

00:04:52,730 --> 00:04:50,699

like a white paper that they real put

123

00:04:54,590 --> 00:04:52,740

together to give to their government

124

00:04:56,270 --> 00:04:54,600

and I ended up with this English

125

00:04:58,010 --> 00:04:56,280

translation of that and I was sitting

126  
00:04:59,450 --> 00:04:58,020  
there you know just looking at it from a

127  
00:05:01,969 --> 00:04:59,460  
journalistic perspective and I was

128  
00:05:03,170 --> 00:05:01,979  
absolutely blown away by this report and

129  
00:05:05,810 --> 00:05:03,180  
a lot of it was because of the

130  
00:05:07,570 --> 00:05:05,820  
conclusion and this was back in 99 you

131  
00:05:10,070 --> 00:05:07,580  
know when the taboo was much more

132  
00:05:11,990 --> 00:05:10,080  
prevalent and people weren't really very

133  
00:05:14,450 --> 00:05:12,000  
outspoken about this topic then and

134  
00:05:17,930 --> 00:05:14,460  
these guys said that they thought the

135  
00:05:20,510 --> 00:05:17,940  
most rational valid

136  
00:05:22,430 --> 00:05:20,520  
um you know the best basically the best

137  
00:05:25,730 --> 00:05:22,440  
explanation for the cases they studied

138  
00:05:27,950 --> 00:05:25,740

was the Extraterrestrial hypothesis and

139

00:05:29,689 --> 00:05:27,960

I had never seen that before

140

00:05:32,870 --> 00:05:29,699

um and they were basically saying that

141

00:05:35,210 --> 00:05:32,880

it's likely that we are being visited by

142

00:05:37,129 --> 00:05:35,220

something extraterrestrial and you know

143

00:05:39,770 --> 00:05:37,139

I thought this was a huge I was like

144

00:05:42,050 --> 00:05:39,780

what this is a huge story these guys are

145

00:05:44,770 --> 00:05:42,060

like generals and Admirals saying this

146

00:05:46,969 --> 00:05:44,780

um and they went on to explain you know

147

00:05:49,189 --> 00:05:46,979

why what some of the other possible

148

00:05:51,230 --> 00:05:49,199

explanations might be and sort of why

149

00:05:53,930 --> 00:05:51,240

they didn't apply but it was really

150

00:05:56,990 --> 00:05:53,940

powerful so anyway I just was very taken

151  
00:05:59,090 --> 00:05:57,000  
by this and looked into it I started to

152  
00:06:01,129 --> 00:05:59,100  
look into a little bit whether you know

153  
00:06:02,990 --> 00:06:01,139  
are there and the focus of this report

154  
00:06:05,629 --> 00:06:03,000  
was National Security

155  
00:06:07,550 --> 00:06:05,639  
so that was sort of the umbrella you

156  
00:06:10,670 --> 00:06:07,560  
know it was you it was called UFOs and

157  
00:06:12,110 --> 00:06:10,680  
defense what are we prepared for and

158  
00:06:14,390 --> 00:06:12,120  
they the purpose they you know they were

159  
00:06:16,670 --> 00:06:14,400  
trying to suggest that Pilots should be

160  
00:06:18,290 --> 00:06:16,680  
prepared and informed about these

161  
00:06:20,390 --> 00:06:18,300  
objects in case they ever encounter one

162  
00:06:22,370 --> 00:06:20,400  
we don't want people making stupid

163  
00:06:24,409 --> 00:06:22,380

mistakes to get them in trouble

164

00:06:25,969 --> 00:06:24,419

so it was defense oriented thing so I

165

00:06:27,469 --> 00:06:25,979

started to look into a little bit about

166

00:06:29,450 --> 00:06:27,479

a defense issue you know National

167

00:06:31,850 --> 00:06:29,460

Security issues in America related to

168

00:06:33,850 --> 00:06:31,860

UFOs and then I pitched a story to the

169

00:06:36,110 --> 00:06:33,860

Boston Globe because I was a freelance

170

00:06:37,730 --> 00:06:36,120

writer at the time and I had published

171

00:06:41,150 --> 00:06:37,740

numerous articles with the Boston Globe

172

00:06:43,309 --> 00:06:41,160

on various topics and so the long story

173

00:06:45,409 --> 00:06:43,319

the short story anyway it was a lot of

174

00:06:48,890 --> 00:06:45,419

issues with getting it published but in

175

00:06:50,450 --> 00:06:48,900

May of 2000 uh my first story on UFOs

176

00:06:52,430 --> 00:06:50,460

came out in the Boston Globe and it

177

00:06:56,150 --> 00:06:52,440

featured that French report

178

00:06:58,070 --> 00:06:56,160

and from that moment on I was like so uh

179

00:07:00,350 --> 00:06:58,080

on fire about this topic and so

180

00:07:02,210 --> 00:07:00,360

fascinated by it that I basically

181

00:07:04,610 --> 00:07:02,220

started doing it full time

182

00:07:06,290 --> 00:07:04,620

and eventually left the radio station

183

00:07:08,029 --> 00:07:06,300

and have doing it full time pretty much

184

00:07:08,930 --> 00:07:08,039

ever since I mean I've done other stuff

185

00:07:10,670 --> 00:07:08,940

too

186

00:07:14,150 --> 00:07:10,680

but that's how the whole thing started

187

00:07:17,029 --> 00:07:14,160

and I I was just really uh Blown Away by

188

00:07:19,610 --> 00:07:17,039

the fact that there wasn't more I mean

189

00:07:22,129 --> 00:07:19,620

there was a huge response within the UFO

190

00:07:23,510 --> 00:07:22,139

Community but I thought well you know

191

00:07:25,730 --> 00:07:23,520

Congress is going to be all over this

192

00:07:27,409 --> 00:07:25,740

you know the the best investigative

193

00:07:29,450 --> 00:07:27,419

journalists of the day who work for

194

00:07:30,890 --> 00:07:29,460

Washington Post or New Yorker or places

195

00:07:33,290 --> 00:07:30,900

like that are going to be jumping all

196

00:07:36,430 --> 00:07:33,300

over this and I was you know I didn't

197

00:07:39,469 --> 00:07:36,440

know yet about how fraught this topic is

198

00:07:40,550 --> 00:07:39,479

with ridicule and taboo and people don't

199

00:07:43,189 --> 00:07:40,560

want anything to do with it and they

200

00:07:44,570 --> 00:07:43,199

think it's baloney and so I just thought

201  
00:07:46,610 --> 00:07:44,580  
it was a great story and everybody else

202  
00:07:48,890 --> 00:07:46,620  
would too and it was the first step in

203  
00:07:50,330 --> 00:07:48,900  
my learning process and it was it was

204  
00:07:52,249 --> 00:07:50,340  
partly that

205  
00:07:54,710 --> 00:07:52,259  
sort of Silence

206  
00:07:56,089 --> 00:07:54,720  
towards the topic that inspired me to

207  
00:07:58,550 --> 00:07:56,099  
want to keep going with it and to find

208  
00:08:00,770 --> 00:07:58,560  
out what is this all about and then I

209  
00:08:02,629 --> 00:08:00,780  
just learned more and more about even

210  
00:08:04,370 --> 00:08:02,639  
more evidence and more evidence and more

211  
00:08:06,050 --> 00:08:04,380  
evidence and I kept publishing a series

212  
00:08:09,110 --> 00:08:06,060  
of stories in the years that followed

213  
00:08:11,390 --> 00:08:09,120

that and got more and more involved

214

00:08:14,510 --> 00:08:11,400

so that's how it started have you

215

00:08:17,930 --> 00:08:14,520

noticed a shift at all like within not

216

00:08:21,409 --> 00:08:17,940

you know before 2017 when you and Ralph

217

00:08:24,589 --> 00:08:21,419

Blumenthal and um voice freaking her

218

00:08:27,890 --> 00:08:24,599

name Helen Cooper Alan Cooper uh broke

219

00:08:30,350 --> 00:08:27,900

the story uh before that you had a lot

220

00:08:31,790 --> 00:08:30,360

of stigma still in in the 2000s even

221

00:08:35,029 --> 00:08:31,800

though you had you know come out with

222

00:08:36,829 --> 00:08:35,039

this amazing book in 2010

223

00:08:39,409 --> 00:08:36,839

um there's still a lot of stigma about

224

00:08:41,930 --> 00:08:39,419

this uh this topic have you noticed a

225

00:08:44,269 --> 00:08:41,940

shift now since the story broke in 2017

226

00:08:46,670 --> 00:08:44,279

or reporters taking this more seriously

227

00:08:49,009 --> 00:08:46,680

I know CNN has taken it more seriously

228

00:08:51,050 --> 00:08:49,019

but here in Canada we have a hard time

229

00:08:52,730 --> 00:08:51,060

with our media our media does not cover

230

00:08:55,070 --> 00:08:52,740

it seriously and when they do they say

231

00:08:56,810 --> 00:08:55,080

on a lighter note which to me always

232

00:08:58,850 --> 00:08:56,820

pisses me off because it's like how is

233

00:09:01,370 --> 00:08:58,860

that a lighter note it's probably the

234

00:09:03,350 --> 00:09:01,380

most important thing this is serious

235

00:09:04,670 --> 00:09:03,360

business take it that way yeah take it

236

00:09:07,070 --> 00:09:04,680

that way right

237

00:09:08,810 --> 00:09:07,080

um we'll say that even after what's

238

00:09:11,509 --> 00:09:08,820

happened in the last five years they

239

00:09:13,550 --> 00:09:11,519

still still do that they're always two

240

00:09:14,930 --> 00:09:13,560

weeks behind so if you know there's

241

00:09:17,630 --> 00:09:14,940

something they'll be you know they'll

242

00:09:19,910 --> 00:09:17,640

wait till CNN comes out and you know Fox

243

00:09:22,610 --> 00:09:19,920

News or whatever the big organizations

244

00:09:25,190 --> 00:09:22,620

and then two weeks later they'll mention

245

00:09:27,290 --> 00:09:25,200

it but it's not a big piece it's not

246

00:09:29,030 --> 00:09:27,300

like top story it's just like on a side

247

00:09:30,470 --> 00:09:29,040

note with the the puppy that does

248

00:09:32,570 --> 00:09:30,480

amazing tricks at the end of the show

249

00:09:34,310 --> 00:09:32,580

you know like on the lighter note so

250

00:09:36,530 --> 00:09:34,320

they just throw that in there and it

251  
00:09:38,750 --> 00:09:36,540  
makes me so mad it's like you're not

252  
00:09:41,810 --> 00:09:38,760  
taking this with the severity that it

253  
00:09:43,550 --> 00:09:41,820  
merits right but have you on the other

254  
00:09:45,590 --> 00:09:43,560  
side of the Border have you noticed a

255  
00:09:48,050 --> 00:09:45,600  
shift at all with the reporters or the

256  
00:09:49,790 --> 00:09:48,060  
journalists massive shift you know but

257  
00:09:51,829 --> 00:09:49,800  
what what you're describing sounds

258  
00:09:55,730 --> 00:09:51,839  
exactly like what was happening in

259  
00:09:58,070 --> 00:09:55,740  
America prior to 2017. right yeah you

260  
00:10:02,150 --> 00:09:58,080  
know it's like and then have I noticed a

261  
00:10:03,949 --> 00:10:02,160  
shift huge huge shift since 2017. I mean

262  
00:10:05,769 --> 00:10:03,959  
there are still problems but nothing

263  
00:10:08,449 --> 00:10:05,779

like what you're talking about you know

264

00:10:11,150 --> 00:10:08,459

and after that when the story broke in

265

00:10:12,230 --> 00:10:11,160

2017 I mean every every media was all

266

00:10:14,389 --> 00:10:12,240

over it

267

00:10:17,810 --> 00:10:14,399

every media was going nuts in

268

00:10:20,329 --> 00:10:17,820

anticipation of the June 2021 report you

269

00:10:21,829 --> 00:10:20,339

know there was a couple of months prior

270

00:10:23,509 --> 00:10:21,839

to the release of that report where

271

00:10:26,210 --> 00:10:23,519

there's like a frenzy in the media in

272

00:10:28,730 --> 00:10:26,220

America they couldn't get enough of it

273

00:10:30,290 --> 00:10:28,740

um and you know then there are lulls and

274

00:10:31,910 --> 00:10:30,300

then something happens you know the

275

00:10:34,070 --> 00:10:31,920

Congressional hearings got a lot of

276

00:10:36,350 --> 00:10:34,080

coverage I mean certainly the

277

00:10:38,090 --> 00:10:36,360

Congressional Hearing in May elevated

278

00:10:39,710 --> 00:10:38,100

the topic even more

279

00:10:41,269 --> 00:10:39,720

you know Congress isn't going to be

280

00:10:44,090 --> 00:10:41,279

holding hearings about something that's

281

00:10:45,710 --> 00:10:44,100

not worth reporting on right right I

282

00:10:48,470 --> 00:10:45,720

don't know I'm just um

283

00:10:49,730 --> 00:10:48,480

it I'm surprised that but you know these

284

00:10:52,009 --> 00:10:49,740

things are happening here they're not

285

00:10:55,490 --> 00:10:52,019

happening in Canada so that's maybe part

286

00:10:57,590 --> 00:10:55,500

of it but I in America yes absolutely a

287

00:11:00,350 --> 00:10:57,600

massive massive shift

288

00:11:02,269 --> 00:11:00,360

um I think it matters too based on sort

289

00:11:04,009 --> 00:11:02,279

of how aware your population is like

290

00:11:06,230 --> 00:11:04,019

Canada has had a few you know shag

291

00:11:08,870 --> 00:11:06,240

Harbor being a big one but I think in

292

00:11:10,550 --> 00:11:08,880

terms of total understanding or total

293

00:11:13,069 --> 00:11:10,560

interest it's a lot less I mean even

294

00:11:14,990 --> 00:11:13,079

this show yeah we are Canadian but the

295

00:11:16,610 --> 00:11:15,000

Canadian Market is like our fourth

296

00:11:17,990 --> 00:11:16,620

biggest audience it's primarily the

297

00:11:20,690 --> 00:11:18,000

United States

298

00:11:22,610 --> 00:11:20,700

um the United Kingdom then Australia and

299

00:11:24,829 --> 00:11:22,620

then Canada so we represent a really

300

00:11:26,870 --> 00:11:24,839

small piece and I don't know if it's

301  
00:11:29,329 --> 00:11:26,880  
because again the U.S has had so many

302  
00:11:31,430 --> 00:11:29,339  
you know good authors and well-known

303  
00:11:33,769 --> 00:11:31,440  
stories Roswell and everything else UK

304  
00:11:36,110 --> 00:11:33,779  
has had quite a few it just seems to be

305  
00:11:38,210 --> 00:11:36,120  
more of a paranormal Place Stonehenge

306  
00:11:39,769 --> 00:11:38,220  
and all that you know like I just think

307  
00:11:41,509 --> 00:11:39,779  
that we're a little more sleepy and

308  
00:11:43,550 --> 00:11:41,519  
that's why we're late to the the party

309  
00:11:45,710 --> 00:11:43,560  
because it's not coming from the people

310  
00:11:47,389 --> 00:11:45,720  
and credit to the Americans the people

311  
00:11:48,889 --> 00:11:47,399  
got fired up and said we want to know

312  
00:11:50,990 --> 00:11:48,899  
more about this and you better start

313  
00:11:53,090 --> 00:11:51,000

talking and now there's Congressional

314

00:11:54,590 --> 00:11:53,100

hearing so it's going to come from the

315

00:11:56,030 --> 00:11:54,600

people as what's going to make this

316

00:11:58,130 --> 00:11:56,040

thing really roll

317

00:12:00,230 --> 00:11:58,140

yeah I think that did help a lot um

318

00:12:02,090 --> 00:12:00,240

again we have to I have to I often have

319

00:12:04,069 --> 00:12:02,100

to step back and remind myself that it's

320

00:12:06,530 --> 00:12:04,079

still only a small percentage of people

321

00:12:08,329 --> 00:12:06,540

that really care yeah and don't even

322

00:12:09,949 --> 00:12:08,339

know anything about this and you kind of

323

00:12:11,449 --> 00:12:09,959

forget when you live in this bubble

324

00:12:12,889 --> 00:12:11,459

where you know I'm dealing with all

325

00:12:14,030 --> 00:12:12,899

these people all the time that are so

326

00:12:16,550 --> 00:12:14,040

involved

327

00:12:18,710 --> 00:12:16,560

but um but you know there's definitely

328

00:12:20,269 --> 00:12:18,720

interest I mean in America I think maybe

329

00:12:21,290 --> 00:12:20,279

more than anywhere else I don't know but

330

00:12:23,210 --> 00:12:21,300

definitely

331

00:12:25,790 --> 00:12:23,220

um and you know are there a lot of I

332

00:12:27,710 --> 00:12:25,800

mean it's still tough in the media the

333

00:12:30,889 --> 00:12:27,720

New York Times where I've been reporting

334

00:12:33,110 --> 00:12:30,899

for is a paper that has so much impact

335

00:12:35,509 --> 00:12:33,120

that

336

00:12:36,949 --> 00:12:35,519

um you know it's worth just waiting for

337

00:12:40,730 --> 00:12:36,959

the moment where they will do a story

338

00:12:42,590 --> 00:12:40,740

but very you know it's very very very

339

00:12:44,569 --> 00:12:42,600

difficult to get them to cover things

340

00:12:46,250 --> 00:12:44,579

and and we're not always successful when

341

00:12:48,710 --> 00:12:46,260

we bring a story to them they just don't

342

00:12:52,009 --> 00:12:48,720

think it's important enough so you know

343

00:12:55,009 --> 00:12:52,019

there's still I think a not a lot of

344

00:12:58,009 --> 00:12:55,019

understanding among some media about how

345

00:13:00,889 --> 00:12:58,019

big this story is what it really means

346

00:13:04,190 --> 00:13:00,899

uh and what kind of you know incredible

347

00:13:06,410 --> 00:13:04,200

information there is to justify the

348

00:13:08,150 --> 00:13:06,420

reality of it and the import of it the

349

00:13:10,610 --> 00:13:08,160

importance of it and you know all of

350

00:13:13,129 --> 00:13:10,620

this so we have a ways to go but

351

00:13:17,030 --> 00:13:13,139

there's like a line between

352

00:13:19,430 --> 00:13:17,040

preet 2017 and post 2017. to me that are

353

00:13:21,470 --> 00:13:19,440

like tonight and day yeah

354

00:13:23,030 --> 00:13:21,480

even big name guys like George Knapp

355

00:13:24,590 --> 00:13:23,040

when they were talking about you know

356

00:13:26,750 --> 00:13:24,600

having done a lot of this work right

357

00:13:29,150 --> 00:13:26,760

from the days of mids and Robert Bigelow

358

00:13:31,430 --> 00:13:29,160

and having the information on atip and

359

00:13:32,990 --> 00:13:31,440

ASAP and all the rest and and he

360

00:13:35,030 --> 00:13:33,000

basically said if it didn't go through

361

00:13:36,650 --> 00:13:35,040

someone like Tom DeLonge they weren't

362

00:13:38,210 --> 00:13:36,660

going to publish it they wanted the

363

00:13:40,730 --> 00:13:38,220

notoriety and the clicks and everything

364

00:13:43,490 --> 00:13:40,740

else even though others had done way

365

00:13:45,290 --> 00:13:43,500

more you know influential work uh if it

366

00:13:47,389 --> 00:13:45,300

wasn't for the entertainment aspect or

367

00:13:49,850 --> 00:13:47,399

the sort of media awareness of hey

368

00:13:51,769 --> 00:13:49,860

here's a big name Guy saying this it

369

00:13:53,509 --> 00:13:51,779

kind of gave them that safety net to say

370

00:13:55,190 --> 00:13:53,519

okay well if a celebrity is willing to

371

00:13:57,710 --> 00:13:55,200

go on the record that's a good enough

372

00:13:58,610 --> 00:13:57,720

story in itself we're now not so scared

373

00:14:00,530 --> 00:13:58,620

you know

374

00:14:04,370 --> 00:14:00,540

it's pretty silly given that a celebrity

375

00:14:06,590 --> 00:14:04,380

is just one person yeah else it just has

376

00:14:07,850 --> 00:14:06,600

a job as doing his celebrity thing and

377

00:14:09,889 --> 00:14:07,860

might not know any more than anybody

378

00:14:12,050 --> 00:14:09,899

else and I think I think the key thing

379

00:14:14,269 --> 00:14:12,060

is I mean George has been around for

380

00:14:17,569 --> 00:14:14,279

decades doing incredible work and he had

381

00:14:21,290 --> 00:14:17,579

access to this Las Vegas it's really

382

00:14:22,910 --> 00:14:21,300

good Las Vegas station but I think you

383

00:14:25,190 --> 00:14:22,920

know what my you have to go National

384

00:14:26,930 --> 00:14:25,200

media before if it's really going to

385

00:14:29,810 --> 00:14:26,940

change the Paradigm I think and I think

386

00:14:32,329 --> 00:14:29,820

it was just fell into my lap to get to

387

00:14:34,250 --> 00:14:32,339

do the story for the New York Times and

388

00:14:35,750 --> 00:14:34,260

it was because of the uh you know the

389

00:14:39,110 --> 00:14:35,760

stature of the New York Times that

390

00:14:41,030 --> 00:14:39,120

that's why everything changed yeah so

391

00:14:43,189 --> 00:14:41,040

it's not like there weren't other people

392

00:14:45,230 --> 00:14:43,199

that knew a lot about it already that

393

00:14:47,389 --> 00:14:45,240

that's not the case I'm asking you

394

00:14:48,590 --> 00:14:47,399

understand what I'm saying yeah yeah I

395

00:14:50,810 --> 00:14:48,600

find it interesting you mentioned that

396

00:14:53,930 --> 00:14:50,820

in the late 90s French officials bring

397

00:14:55,490 --> 00:14:53,940

you this report and I I looked into a

398

00:14:57,170 --> 00:14:55,500

little bit myself I'm not an expert or

399

00:14:58,370 --> 00:14:57,180

anything but it seemed like they were

400

00:15:01,009 --> 00:14:58,380

trying to do the same things then that

401  
00:15:02,870 --> 00:15:01,019  
weren't doing now so a strip away the

402  
00:15:04,430 --> 00:15:02,880  
stigma a little bit so it can be

403  
00:15:07,610 --> 00:15:04,440  
something that you know the government

404  
00:15:09,530 --> 00:15:07,620  
can look at seriously and B investigate

405  
00:15:11,750 --> 00:15:09,540  
if there is in fact a threat narrative

406  
00:15:13,550 --> 00:15:11,760  
and that's become a very polarizing

407  
00:15:15,829 --> 00:15:13,560  
subject is it a threat is it not a

408  
00:15:17,810 --> 00:15:15,839  
threat and we asked Ross coldheart the

409  
00:15:19,610 --> 00:15:17,820  
same thing and he said look it's not a

410  
00:15:21,769 --> 00:15:19,620  
threat in the sense at least in his

411  
00:15:23,810 --> 00:15:21,779  
opinion he said it's not a threat that

412  
00:15:25,670 --> 00:15:23,820  
they're going to come take over and it's

413  
00:15:27,889 --> 00:15:25,680

a global domination thing or we're going

414

00:15:30,290 --> 00:15:27,899

to be enslaved but if it's something we

415

00:15:32,329 --> 00:15:30,300

don't know and it's in our airspace even

416

00:15:34,910 --> 00:15:32,339

if they're in full control our Pilots

417

00:15:37,550 --> 00:15:34,920

might not be and and that is where the

418

00:15:38,990 --> 00:15:37,560

inherent threat is not but to Jason's

419

00:15:40,850 --> 00:15:39,000

credit he's also chatted with people

420

00:15:42,050 --> 00:15:40,860

that said yeah well if somebody comes

421

00:15:44,090 --> 00:15:42,060

and takes you out of your bedroom and

422

00:15:45,829 --> 00:15:44,100

does whatever they want with you is that

423

00:15:47,810 --> 00:15:45,839

not a threat is that not something we

424

00:15:50,030 --> 00:15:47,820

should be concerned about so highly

425

00:15:51,470 --> 00:15:50,040

illegal thank you for sure yeah what are

426

00:15:54,350 --> 00:15:51,480

your thoughts on the threat narrative

427

00:15:55,790 --> 00:15:54,360

and what kind of threat it's such a

428

00:15:58,250 --> 00:15:55,800

complicated question I mean I would I

429

00:15:59,689 --> 00:15:58,260

would agree with Ross um that in the

430

00:16:01,670 --> 00:15:59,699

bigger picture room it doesn't look like

431

00:16:03,410 --> 00:16:01,680

we're about to be attacked you know

432

00:16:06,170 --> 00:16:03,420

they're not out there shooting down our

433

00:16:07,730 --> 00:16:06,180

aircraft or threatening Us in that sense

434

00:16:09,949 --> 00:16:07,740

but for the for the Department of

435

00:16:12,710 --> 00:16:09,959

Defense anything that can make

436

00:16:14,569 --> 00:16:12,720

incursions into protected airspace and

437

00:16:16,550 --> 00:16:14,579

not identify themselves and Buzz around

438

00:16:19,250 --> 00:16:16,560

Navy ships and do what you know come

439

00:16:21,110 --> 00:16:19,260

close to our our Pilots our Navy Pilots

440

00:16:23,329 --> 00:16:21,120

That's a threat because we don't know

441

00:16:25,310 --> 00:16:23,339

what it is they have they have to frame

442

00:16:27,530 --> 00:16:25,320

it that way and from the very beginning

443

00:16:29,389 --> 00:16:27,540

I remember when I spoke to Luis Elizondo

444

00:16:31,189 --> 00:16:29,399

even before the New York Times story

445

00:16:32,750 --> 00:16:31,199

when I was writing some things for The

446

00:16:35,210 --> 00:16:32,760

Huffington Post I mean he he was very

447

00:16:37,550 --> 00:16:35,220

clear about that it's a Potential Threat

448

00:16:39,889 --> 00:16:37,560

more than a threat and you have to look

449

00:16:43,430 --> 00:16:39,899

at it that way when when it's behaving

450

00:16:45,590 --> 00:16:43,440

the way it is and it also gives them the

451  
00:16:47,749 --> 00:16:45,600  
then the dod can get involved right

452  
00:16:49,910 --> 00:16:47,759  
their job is to protect the American

453  
00:16:52,670 --> 00:16:49,920  
people and to deal with military threats

454  
00:16:55,069 --> 00:16:52,680  
so it has to go into that boss basket

455  
00:16:56,990 --> 00:16:55,079  
for them to get involved

456  
00:16:58,850 --> 00:16:57,000  
um but I would agree I don't see it I

457  
00:17:00,410 --> 00:16:58,860  
don't I would agree with Ross and I

458  
00:17:02,870 --> 00:17:00,420  
think for the individual people that

459  
00:17:04,610 --> 00:17:02,880  
have these terrifying Encounters of

460  
00:17:07,549 --> 00:17:04,620  
course it's a personal threat for them

461  
00:17:10,970 --> 00:17:07,559  
absolutely I can understand that

462  
00:17:13,789 --> 00:17:10,980  
um and that probably makes the whole

463  
00:17:15,650 --> 00:17:13,799

thing feel very unthreatening I think I

464

00:17:18,909 --> 00:17:15,660

think Jim semivan might be an example of

465

00:17:21,110 --> 00:17:18,919

somebody who feels this sort of ominous

466

00:17:23,929 --> 00:17:21,120

aspect to it

467

00:17:26,030 --> 00:17:23,939

um you know that there's some non-human

468

00:17:28,490 --> 00:17:26,040

intelligence that has this incredible

469

00:17:30,950 --> 00:17:28,500

power and control and can do basically

470

00:17:34,010 --> 00:17:30,960

anything it wants can control our

471

00:17:35,510 --> 00:17:34,020

thoughts uh can manipulate us we don't

472

00:17:38,090 --> 00:17:35,520

know if it's you know we don't know what

473

00:17:40,850 --> 00:17:38,100

it is where it's from I mean all of that

474

00:17:42,110 --> 00:17:40,860

is you know it depends how you want to

475

00:17:43,490 --> 00:17:42,120

look at it

476  
00:17:44,870 --> 00:17:43,500  
um and how you Define threat but I can

477  
00:17:46,909 --> 00:17:44,880  
certainly understand for people who have

478  
00:17:49,310 --> 00:17:46,919  
had these kinds of encounters

479  
00:17:51,110 --> 00:17:49,320  
it's frightening therefore it's a threat

480  
00:17:53,210 --> 00:17:51,120  
and maybe the threat for them is is it

481  
00:17:55,909 --> 00:17:53,220  
going to happen again to me what's going

482  
00:17:57,890 --> 00:17:55,919  
to happen next time you know yeah

483  
00:18:01,010 --> 00:17:57,900  
um so they're all it's very complicated

484  
00:18:03,529 --> 00:18:01,020  
thing you know but I sort of I like the

485  
00:18:06,289 --> 00:18:03,539  
idea of Shifting it a bit to the

486  
00:18:09,409 --> 00:18:06,299  
scientific realm and a bit away from the

487  
00:18:11,930 --> 00:18:09,419  
military threat realm and kind of try to

488  
00:18:13,909 --> 00:18:11,940

balance it out a little bit more

489

00:18:15,890 --> 00:18:13,919

um and I think one way to do that is for

490

00:18:17,390 --> 00:18:15,900

the scientific Community to become more

491

00:18:19,669 --> 00:18:17,400

involved and for us to be able to see it

492

00:18:22,310 --> 00:18:19,679

also as a scientific problem and not

493

00:18:24,890 --> 00:18:22,320

just an intelligence or military problem

494

00:18:28,010 --> 00:18:24,900

right

495

00:18:30,110 --> 00:18:28,020

which yeah and some great organizations

496

00:18:32,930 --> 00:18:30,120

now are starting to come out the Galileo

497

00:18:36,049 --> 00:18:32,940

project the scientific Coalition for uh

498

00:18:37,430 --> 00:18:36,059

UAP studies there's a great people in

499

00:18:39,830 --> 00:18:37,440

science now they're actually taking this

500

00:18:41,630 --> 00:18:39,840

on and you know the stigma seems to be

501  
00:18:43,430 --> 00:18:41,640  
dying within the community now there

502  
00:18:45,470 --> 00:18:43,440  
seems to be a lot more people going you

503  
00:18:47,029 --> 00:18:45,480  
know what I saw something too actually I

504  
00:18:49,370 --> 00:18:47,039  
should probably look into it and stop

505  
00:18:51,529 --> 00:18:49,380  
being a hypocrite right uh which is

506  
00:18:53,810 --> 00:18:51,539  
great I mean it's it's great to see that

507  
00:18:56,210 --> 00:18:53,820  
within the community as well now one

508  
00:18:59,330 --> 00:18:56,220  
thing that we covered a lot on the

509  
00:19:00,890 --> 00:18:59,340  
podcast was the aspect of Consciousness

510  
00:19:02,990 --> 00:19:00,900  
um because there's always like people

511  
00:19:04,430 --> 00:19:03,000  
saying oh you know they told me we need

512  
00:19:06,110 --> 00:19:04,440  
to raise our Consciousness our

513  
00:19:07,250 --> 00:19:06,120

Consciousness has a huge thing to play

514

00:19:10,070 --> 00:19:07,260

with

515

00:19:11,570 --> 00:19:10,080

you know um what takes place after a

516

00:19:13,850 --> 00:19:11,580

sighting or anything like that like

517

00:19:16,490 --> 00:19:13,860

there's Consciousness aspects to it you

518

00:19:18,529 --> 00:19:16,500

covered Consciousness in all you know in

519

00:19:21,350 --> 00:19:18,539

your uh documentary

520

00:19:24,049 --> 00:19:21,360

um surviving death and just the fact

521

00:19:25,669 --> 00:19:24,059

that there's Consciousness after we die

522

00:19:28,669 --> 00:19:25,679

sort of like there's got to be a link

523

00:19:30,770 --> 00:19:28,679

there between the two uh between it so

524

00:19:33,409 --> 00:19:30,780

I'm just wondering have you noticed

525

00:19:35,570 --> 00:19:33,419

anything uh you know a link between the

526

00:19:37,909 --> 00:19:35,580

two is there anything similar between

527

00:19:39,490 --> 00:19:37,919

the two that uh you know that you've

528

00:19:41,870 --> 00:19:39,500

found so far

529

00:19:43,430 --> 00:19:41,880

it's such an interesting I mean to me

530

00:19:45,529 --> 00:19:43,440

that's like the most important question

531

00:19:48,169 --> 00:19:45,539

right now right it's the connection

532

00:19:50,930 --> 00:19:48,179

between the world of Consciousness and

533

00:19:52,190 --> 00:19:50,940

the world of the UAP and obviously the

534

00:19:55,190 --> 00:19:52,200

UAP

535

00:19:57,890 --> 00:19:55,200

by definition is so much such a broader

536

00:20:00,049 --> 00:19:57,900

phenomenon than we even than the French

537

00:20:01,730 --> 00:20:00,059

officials saw it in 1999 when they

538

00:20:03,350 --> 00:20:01,740

called the Extraterrestrial hypothesis

539

00:20:05,270 --> 00:20:03,360

it used to be that everybody just

540

00:20:07,010 --> 00:20:05,280

thought oh these are Vis if they're not

541

00:20:09,169 --> 00:20:07,020

from here they're visitors from some

542

00:20:11,210 --> 00:20:09,179

other planet that was you know except

543

00:20:13,909 --> 00:20:11,220

for shock valet who was like at another

544

00:20:16,370 --> 00:20:13,919

level from everybody else and now you

545

00:20:18,830 --> 00:20:16,380

know it's become so clear I think that

546

00:20:20,510 --> 00:20:18,840

this phenomenon is is something way more

547

00:20:23,450 --> 00:20:20,520

complicated and much broader than that

548

00:20:25,190 --> 00:20:23,460

and included in that is the aspect of

549

00:20:27,590 --> 00:20:25,200

Consciousness

550

00:20:29,450 --> 00:20:27,600

um and um you know health effects on

551  
00:20:32,270 --> 00:20:29,460  
people's psychological effects on people

552  
00:20:35,150 --> 00:20:32,280  
which are even written into the ndaa

553  
00:20:37,190 --> 00:20:35,160  
legislation as aspects we need to study

554  
00:20:40,010 --> 00:20:37,200  
I mean that's how far that has come

555  
00:20:41,510 --> 00:20:40,020  
right so you know just to tell you guys

556  
00:20:43,549 --> 00:20:41,520  
that when I wrote my book surviving

557  
00:20:46,970 --> 00:20:43,559  
death and actually the documentary

558  
00:20:49,310 --> 00:20:46,980  
series on Netflix wasn't really mine the

559  
00:20:51,590 --> 00:20:49,320  
book was mine the book was based on my

560  
00:20:53,990 --> 00:20:51,600  
book but I mean this the series on

561  
00:20:56,210 --> 00:20:54,000  
Netflix was based on my book but a lot

562  
00:20:58,310 --> 00:20:56,220  
of it really wasn't based you know was

563  
00:21:00,230 --> 00:20:58,320

different than my book and I was a

564

00:21:01,549 --> 00:21:00,240

consultant on that but I wasn't in

565

00:21:02,990 --> 00:21:01,559

charge of that documentary I just want

566

00:21:05,090 --> 00:21:03,000

to make that clear even though I didn't

567

00:21:06,770 --> 00:21:05,100

have control over it yeah yeah but they

568

00:21:08,210 --> 00:21:06,780

did a great job overall I mean I'm

569

00:21:09,770 --> 00:21:08,220

really happy with it I and I'm not

570

00:21:12,169 --> 00:21:09,780

discouraging anybody from watching it I

571

00:21:14,210 --> 00:21:12,179

think it's really great but um so the

572

00:21:17,930 --> 00:21:14,220

you know when I wrote that book it was

573

00:21:19,430 --> 00:21:17,940

like I had absolutely no concept of a

574

00:21:22,370 --> 00:21:19,440

connection between anything that I was

575

00:21:24,169 --> 00:21:22,380

writing in that book and UFOs I thought

576

00:21:27,409 --> 00:21:24,179

of them as completely different topics

577

00:21:29,690 --> 00:21:27,419

and people in my you know in my

578

00:21:31,909 --> 00:21:29,700

and people that I interact with like

579

00:21:33,830 --> 00:21:31,919

Jeff kreibel from Rice University would

580

00:21:35,450 --> 00:21:33,840

say well don't you don't you see that

581

00:21:37,070 --> 00:21:35,460

there's a connection you know or like

582

00:21:39,049 --> 00:21:37,080

you know it just seemed obvious to them

583

00:21:41,510 --> 00:21:39,059

that there was a connection because they

584

00:21:43,250 --> 00:21:41,520

were way ahead of me uh even someone

585

00:21:45,590 --> 00:21:43,260

like Whitley strieber you know and it

586

00:21:47,149 --> 00:21:45,600

was just I couldn't because I had been

587

00:21:49,070 --> 00:21:47,159

so focused on the nuts and bolts

588

00:21:51,350 --> 00:21:49,080

reporting on this topic and really

589

00:21:53,990 --> 00:21:51,360

reporting on it in a way that was trying

590

00:21:55,970 --> 00:21:54,000

to reach you know members of Congress

591

00:21:58,310 --> 00:21:55,980

and policy makers you don't really talk

592

00:22:00,649 --> 00:21:58,320

about Consciousness you don't talk about

593

00:22:02,330 --> 00:22:00,659

weirdness and high strangeness when

594

00:22:04,370 --> 00:22:02,340

you're trying to make a point to policy

595

00:22:05,870 --> 00:22:04,380

makers about hey you guys this stuff is

596

00:22:08,090 --> 00:22:05,880

real you got to pay attention right

597

00:22:11,270 --> 00:22:08,100

right don't want to go into that world

598

00:22:14,450 --> 00:22:11,280

and so I hadn't really gone there and

599

00:22:15,830 --> 00:22:14,460

I thought of my exploration of the you

600

00:22:17,210 --> 00:22:15,840

know the evidence for survival of

601  
00:22:20,390 --> 00:22:17,220  
Consciousness past death as being a

602  
00:22:22,070 --> 00:22:20,400  
completely separate topic so I did a lot

603  
00:22:24,649 --> 00:22:22,080  
of research on that I put it together in

604  
00:22:27,409 --> 00:22:24,659  
this book and now after the book and it

605  
00:22:29,270 --> 00:22:27,419  
came out in 2017 ironically you know the

606  
00:22:30,350 --> 00:22:29,280  
earlier in the same year that the story

607  
00:22:33,169 --> 00:22:30,360  
came out

608  
00:22:35,450 --> 00:22:33,179  
and so now I'm really interested in that

609  
00:22:37,909 --> 00:22:35,460  
connection and I feel like

610  
00:22:40,669 --> 00:22:37,919  
um I have a lot to learn about it I'm

611  
00:22:42,950 --> 00:22:40,679  
you know I'm exploring it learning from

612  
00:22:44,570 --> 00:22:42,960  
other people who like like Jeff

613  
00:22:46,430 --> 00:22:44,580

and others who have studied it Diana

614

00:22:49,610 --> 00:22:46,440

pasoka

615

00:22:52,130 --> 00:22:49,620

um and putting it together in my mind in

616

00:22:54,110 --> 00:22:52,140

terms of my own experience and you know

617

00:22:55,909 --> 00:22:54,120

I do recognize that Consciousness plays

618

00:22:58,610 --> 00:22:55,919

a big role you know and every time I

619

00:23:00,409 --> 00:22:58,620

hear something like you know you might

620

00:23:02,390 --> 00:23:00,419

have a multiple witness case for

621

00:23:03,890 --> 00:23:02,400

instance where the witnesses see

622

00:23:06,289 --> 00:23:03,900

different things even though there's

623

00:23:08,330 --> 00:23:06,299

there's a phenomenon there but they see

624

00:23:10,190 --> 00:23:08,340

different things or some of them will

625

00:23:14,390 --> 00:23:10,200

see it and some of them won't

626

00:23:16,070 --> 00:23:14,400

or you know or cases where somebody does

627

00:23:19,010 --> 00:23:16,080

something for no reason they can explain

628

00:23:20,750 --> 00:23:19,020

like they'll go outside in a way that

629

00:23:22,610 --> 00:23:20,760

they would never normally do you know

630

00:23:24,169 --> 00:23:22,620

and then suddenly there's a UFO there I

631

00:23:26,810 --> 00:23:24,179

mean there's there's some kind of

632

00:23:30,110 --> 00:23:26,820

interaction going on between the minds

633

00:23:32,990 --> 00:23:30,120

of the people and the objects and um

634

00:23:36,110 --> 00:23:33,000

also afterwards and I'm sure you know

635

00:23:38,990 --> 00:23:36,120

this is all pretty Elementary but some

636

00:23:41,029 --> 00:23:39,000

some uh Witnesses you know experiencers

637

00:23:43,490 --> 00:23:41,039

have all kinds of effects on their

638

00:23:45,289 --> 00:23:43,500

Consciousness after having an encounter

639

00:23:46,730 --> 00:23:45,299

where they have certain psychic

640

00:23:48,770 --> 00:23:46,740

abilities that open up for them that

641

00:23:50,990 --> 00:23:48,780

they didn't have before you know they

642

00:23:53,630 --> 00:23:51,000

find themselves being more telepathic or

643

00:23:56,570 --> 00:23:53,640

having Clairvoyant abilities or seeing

644

00:23:59,870 --> 00:23:56,580

telekinesis happening around them

645

00:24:02,990 --> 00:23:59,880

um so it affects people's minds and

646

00:24:05,270 --> 00:24:03,000

somehow the minds are engaged with it

647

00:24:08,090 --> 00:24:05,280

and then just to say finally I mean the

648

00:24:10,130 --> 00:24:08,100

whole thing about the afterlife realm if

649

00:24:11,810 --> 00:24:10,140

there is one you know which there's

650

00:24:13,549 --> 00:24:11,820

certainly a lot of evidence to suggest

651  
00:24:16,190 --> 00:24:13,559  
that there's some kind of

652  
00:24:18,470 --> 00:24:16,200  
afterlife realm

653  
00:24:21,049 --> 00:24:18,480  
um maybe the you you know it's an

654  
00:24:22,970 --> 00:24:21,059  
interdimensional realm and it it seems

655  
00:24:25,190 --> 00:24:22,980  
that perhaps these some of these UAP

656  
00:24:26,210 --> 00:24:25,200  
dwell in that same interdimensional

657  
00:24:28,310 --> 00:24:26,220  
Realm

658  
00:24:30,470 --> 00:24:28,320  
because sometimes

659  
00:24:33,529 --> 00:24:30,480  
um witnesses will encounter deceased

660  
00:24:36,230 --> 00:24:33,539  
people in UFO events and people having

661  
00:24:39,470 --> 00:24:36,240  
near-death experiences will encounter

662  
00:24:41,330 --> 00:24:39,480  
what to them appear to be alien people

663  
00:24:43,549 --> 00:24:41,340

you know in the classic sort of sense

664

00:24:46,610 --> 00:24:43,559

but there there's overlap in these

665

00:24:49,490 --> 00:24:46,620

encounters between those two worlds

666

00:24:51,049 --> 00:24:49,500

um and I I so there's I I'd love to do

667

00:24:52,730 --> 00:24:51,059

more research and I know there are

668

00:24:55,310 --> 00:24:52,740

people that have done research on those

669

00:24:57,710 --> 00:24:55,320

cases in which there's this intersection

670

00:25:00,289 --> 00:24:57,720

so um you know that's really really

671

00:25:02,510 --> 00:25:00,299

interesting as well so that you know if

672

00:25:04,789 --> 00:25:02,520

they're interdimensional objects of some

673

00:25:07,370 --> 00:25:04,799

sort that can come in and out of our to

674

00:25:09,169 --> 00:25:07,380

our physical space I think a lot of the

675

00:25:12,049 --> 00:25:09,179

phenomena coming from the afterlife

676

00:25:14,270 --> 00:25:12,059

world you know such as Communications or

677

00:25:17,210 --> 00:25:14,280

or effects that one might perceive

678

00:25:19,250 --> 00:25:17,220

coming from a deceased person are also

679

00:25:21,049 --> 00:25:19,260

coming from some other dimension right

680

00:25:23,810 --> 00:25:21,059

so you know there's there's all these

681

00:25:26,390 --> 00:25:23,820

ways to think about it but um and I

682

00:25:28,010 --> 00:25:26,400

think Jacques Vale again has been doing

683

00:25:30,049 --> 00:25:28,020

this for decades and it's kind of been

684

00:25:32,450 --> 00:25:30,059

putting it all into one Universe of

685

00:25:34,190 --> 00:25:32,460

thing and I think more and more people

686

00:25:36,230 --> 00:25:34,200

are now coming around to seeing it that

687

00:25:37,730 --> 00:25:36,240

way but again when you're dealing with

688

00:25:39,950 --> 00:25:37,740

somebody from the Department of Defense

689

00:25:41,750 --> 00:25:39,960

who you know or or a member of Congress

690

00:25:43,850 --> 00:25:41,760

who you're trying to get to take it

691

00:25:46,430 --> 00:25:43,860

seriously that's not the kind of stuff

692

00:25:49,909 --> 00:25:46,440

you talk about even though behind the

693

00:25:52,370 --> 00:25:49,919

scenes of course many of them are aware

694

00:25:54,049 --> 00:25:52,380

of these aspects of it but there is a

695

00:25:57,710 --> 00:25:54,059

conversation that takes place in which

696

00:25:59,330 --> 00:25:57,720

you don't go there yet you know I wonder

697

00:26:01,549 --> 00:25:59,340

how many years it's going to take though

698

00:26:04,310 --> 00:26:01,559

Leslie because you know you bring up the

699

00:26:06,049 --> 00:26:04,320

subject of okay we have visitors

700

00:26:07,970 --> 00:26:06,059

and then you know then we have to look

701  
00:26:09,409 --> 00:26:07,980  
at the abduction phenomenon the cattle

702  
00:26:11,269 --> 00:26:09,419  
mutilations

703  
00:26:13,549 --> 00:26:11,279  
um you know crop circles although we're

704  
00:26:15,769 --> 00:26:13,559  
not getting too many of those lately but

705  
00:26:17,570 --> 00:26:15,779  
just a whole phenomenon that takes place

706  
00:26:19,430 --> 00:26:17,580  
with these sightings

707  
00:26:20,990 --> 00:26:19,440  
eventually Congress is going to have to

708  
00:26:23,870 --> 00:26:21,000  
look at that I know that right now it's

709  
00:26:25,370 --> 00:26:23,880  
just the acceptance of that we're having

710  
00:26:26,990 --> 00:26:25,380  
some sort of crafts that we don't know

711  
00:26:29,450 --> 00:26:27,000  
the origins of

712  
00:26:31,370 --> 00:26:29,460  
accepting that but then the other stuff

713  
00:26:32,630 --> 00:26:31,380

is going to eventually trickle down and

714

00:26:35,029 --> 00:26:32,640

they're going to have to look at that as

715

00:26:36,409 --> 00:26:35,039

well but is that going to be years in

716

00:26:38,330 --> 00:26:36,419

the making like are we looking at

717

00:26:40,789 --> 00:26:38,340

another 20 years before we can accept

718

00:26:42,169 --> 00:26:40,799

the whole phenomenon is being actually

719

00:26:44,269 --> 00:26:42,179

happening

720

00:26:45,529 --> 00:26:44,279

I mean I can't imagine it'll take that

721

00:26:47,330 --> 00:26:45,539

long

722

00:26:49,250 --> 00:26:47,340

um because they did you know the fact

723

00:26:52,310 --> 00:26:49,260

that it's in the legislation they say

724

00:26:54,950 --> 00:26:52,320

psychological and health effects now

725

00:26:58,549 --> 00:26:54,960

those those come from these very close

726  
00:26:59,990 --> 00:26:58,559  
encounter experiences right and um you

727  
00:27:02,090 --> 00:27:00,000  
know they're they've been studied

728  
00:27:04,370 --> 00:27:02,100  
extensively by people like kid green and

729  
00:27:06,169 --> 00:27:04,380  
Gary Nolan and actually the biology of

730  
00:27:07,909 --> 00:27:06,179  
the impact of some of these encounters

731  
00:27:10,130 --> 00:27:07,919  
some of them are with high-level

732  
00:27:11,870 --> 00:27:10,140  
military people so you know they don't

733  
00:27:13,310 --> 00:27:11,880  
all involve the classic abduction

734  
00:27:15,049 --> 00:27:13,320  
scenario

735  
00:27:18,110 --> 00:27:15,059  
but um

736  
00:27:20,330 --> 00:27:18,120  
I I think I think we will get there I

737  
00:27:22,730 --> 00:27:20,340  
mean my colleague Ralph Blumenthal did

738  
00:27:25,190 --> 00:27:22,740

publish a story about you know in the in

739

00:27:27,890 --> 00:27:25,200

the debrief it wasn't in the New York

740

00:27:29,450 --> 00:27:27,900

Times but um you know for him to write

741

00:27:31,970 --> 00:27:29,460

about this topic and to write the book

742

00:27:33,470 --> 00:27:31,980

about John Mack I think it's helped get

743

00:27:36,890 --> 00:27:33,480

it a little more into the mainstream so

744

00:27:39,409 --> 00:27:36,900

I it's so hard to know I think

745

00:27:41,630 --> 00:27:39,419

I mean there are very credible people

746

00:27:43,789 --> 00:27:41,640

writing and talking in the academic

747

00:27:46,669 --> 00:27:43,799

world about the whole universe of

748

00:27:49,430 --> 00:27:46,679

anomalous experiences which includes the

749

00:27:50,930 --> 00:27:49,440

abduction experience and see putting an

750

00:27:54,110 --> 00:27:50,940

indoor framework which is very

751  
00:27:55,789 --> 00:27:54,120  
accessible and not too weird you know

752  
00:27:57,110 --> 00:27:55,799  
and seeing it how it goes back through

753  
00:27:59,630 --> 00:27:57,120  
time and

754  
00:28:01,610 --> 00:27:59,640  
a lot of things so I don't know I'm I'm

755  
00:28:04,789 --> 00:28:01,620  
I'm hoping that

756  
00:28:06,890 --> 00:28:04,799  
it will because I think that as Jim

757  
00:28:08,690 --> 00:28:06,900  
semivan has pointed out

758  
00:28:10,250 --> 00:28:08,700  
these people who are having these

759  
00:28:13,010 --> 00:28:10,260  
encounters deserve the support and

760  
00:28:15,049 --> 00:28:13,020  
recognition of the community and of

761  
00:28:16,669 --> 00:28:15,059  
everyone and they deserve to be able

762  
00:28:18,289 --> 00:28:16,679  
they deserve the help that they might

763  
00:28:20,409 --> 00:28:18,299

need to cope with it and they shouldn't

764

00:28:22,549 --> 00:28:20,419

be stigmatized and ridiculed and

765

00:28:25,430 --> 00:28:22,559

disbelieved I mean it's it's really

766

00:28:26,450 --> 00:28:25,440

really a human rights violation I agree

767

00:28:27,230 --> 00:28:26,460

with that

768

00:28:30,049 --> 00:28:27,240

um

769

00:28:33,110 --> 00:28:30,059

so I'll do everything I can to help move

770

00:28:35,510 --> 00:28:33,120

it forward but um I you know if you do

771

00:28:37,549 --> 00:28:35,520

it too soon it backfires

772

00:28:39,230 --> 00:28:37,559

but of course I'm sure that a lot of

773

00:28:42,049 --> 00:28:39,240

these Congress people

774

00:28:43,789 --> 00:28:42,059

are aware of all of this they're just

775

00:28:45,890 --> 00:28:43,799

not going to put it in legislation or

776

00:28:48,289 --> 00:28:45,900

talk about it but they're aware of a lot

777

00:28:50,330 --> 00:28:48,299

more than we might think and they've had

778

00:28:51,830 --> 00:28:50,340

classified briefings multiple classified

779

00:28:54,230 --> 00:28:51,840

briefings they've talked to lots of

780

00:28:56,690 --> 00:28:54,240

people I mean

781

00:28:58,909 --> 00:28:56,700

you know and people all over the

782

00:29:01,789 --> 00:28:58,919

intelligence Community they know what's

783

00:29:04,070 --> 00:29:01,799

going on so I think it's a matter of

784

00:29:05,870 --> 00:29:04,080

letting it has to unfold somewhat

785

00:29:08,390 --> 00:29:05,880

gradually also

786

00:29:10,549 --> 00:29:08,400

so that we don't shock people aren't

787

00:29:13,610 --> 00:29:10,559

just shocked and panicked and terrified

788

00:29:16,549 --> 00:29:13,620

I'm you know there may be a logic to

789

00:29:17,990 --> 00:29:16,559

letting it unfold and I I think you know

790

00:29:19,549 --> 00:29:18,000

if the next step is for these

791

00:29:22,370 --> 00:29:19,559

whistleblowers to come forward which is

792

00:29:24,409 --> 00:29:22,380

what everybody's anticipating

793

00:29:27,409 --> 00:29:24,419

um and if some of that testimony has to

794

00:29:29,750 --> 00:29:27,419

do with crashed objects

795

00:29:31,549 --> 00:29:29,760

that is a huge step forward and maybe

796

00:29:34,010 --> 00:29:31,559

after that

797

00:29:35,930 --> 00:29:34,020

we can move more into some of these

798

00:29:38,090 --> 00:29:35,940

other things but I don't know I don't

799

00:29:39,529 --> 00:29:38,100

have a crystal ball you know right when

800

00:29:41,990 --> 00:29:39,539

you were mentioning the Consciousness

801  
00:29:43,549 --> 00:29:42,000  
between people and entities the first

802  
00:29:46,669 --> 00:29:43,559  
thing that came to mind was the aerial

803  
00:29:48,529 --> 00:29:46,679  
School phenomenon and mainly because the

804  
00:29:50,269 --> 00:29:48,539  
kids that like you said some people see

805  
00:29:52,430 --> 00:29:50,279  
things some people don't some people

806  
00:29:54,110 --> 00:29:52,440  
will both be in the same encounter but

807  
00:29:55,549 --> 00:29:54,120  
have a different experience or get a

808  
00:29:57,590 --> 00:29:55,559  
different message and that's what

809  
00:30:00,289 --> 00:29:57,600  
happened to the kids some of them got

810  
00:30:02,029 --> 00:30:00,299  
messages of like you know global warming

811  
00:30:04,070 --> 00:30:02,039  
and you're destroying your planet other

812  
00:30:06,169 --> 00:30:04,080  
people got messages of you need to you

813  
00:30:08,330 --> 00:30:06,179

know raise your Consciousness and grow

814

00:30:10,130 --> 00:30:08,340

as a species so even though it might

815

00:30:12,529 --> 00:30:10,140

have only been one or two entities with

816

00:30:13,669 --> 00:30:12,539

60 kids or whatever the number was they

817

00:30:15,970 --> 00:30:13,679

all seem to take something different

818

00:30:17,990 --> 00:30:15,980

from that and those creatures

819

00:30:20,330 --> 00:30:18,000

simultaneously communicated with

820

00:30:22,250 --> 00:30:20,340

everybody but the kids didn't feel like

821

00:30:24,409 --> 00:30:22,260

it was a group sighting they felt like

822

00:30:27,529 --> 00:30:24,419

this was a one-on-one that thing talked

823

00:30:29,090 --> 00:30:27,539

to me and told me this and you know and

824

00:30:31,130 --> 00:30:29,100

to your point of people like you know

825

00:30:33,889 --> 00:30:31,140

John Mack and other people that are very

826

00:30:35,990 --> 00:30:33,899

reputed able it took a little bit of of

827

00:30:38,029 --> 00:30:36,000

Risk by getting even involved in that

828

00:30:39,710 --> 00:30:38,039

and Harvard didn't come to his defense

829

00:30:42,049 --> 00:30:39,720

right away like they kind of strung him

830

00:30:43,789 --> 00:30:42,059

out and let him be made a fool before

831

00:30:45,769 --> 00:30:43,799

they finally came and said no no we

832

00:30:48,110 --> 00:30:45,779

respect John Mack and if he wants to

833

00:30:49,610 --> 00:30:48,120

study this then go ahead so it's not

834

00:30:53,029 --> 00:30:49,620

always been an easy thing to get into

835

00:30:54,889 --> 00:30:53,039

and to talk about valet's point of bring

836

00:30:56,810 --> 00:30:54,899

the science everything else will follow

837

00:30:59,149 --> 00:30:56,820

so Jason you said you know how do you

838

00:31:01,669 --> 00:30:59,159

get Congress to take spirituality and

839

00:31:03,830 --> 00:31:01,679

Consciousness seriously when it's even

840

00:31:06,470 --> 00:31:03,840

that much more taboo than flying saucers

841

00:31:08,990 --> 00:31:06,480

well bringing that science if we can get

842

00:31:11,210 --> 00:31:09,000

a little more documentation or a little

843

00:31:12,950 --> 00:31:11,220

more meat that we can then give to them

844

00:31:15,430 --> 00:31:12,960

now they have to look at it because

845

00:31:18,529 --> 00:31:15,440

there's something there so

846

00:31:20,389 --> 00:31:18,539

it's the Pioneers work yeah that's

847

00:31:21,649 --> 00:31:20,399

probably happening already and yeah I

848

00:31:23,810 --> 00:31:21,659

just want to say about the aerial School

849

00:31:25,430 --> 00:31:23,820

event though I agree with you that you

850

00:31:26,510 --> 00:31:25,440

know what you said but I also think on

851

00:31:28,430 --> 00:31:26,520

the flip side of that what's

852

00:31:29,990 --> 00:31:28,440

extraordinary about that case was the

853

00:31:32,570 --> 00:31:30,000

similarity in what all the kids

854

00:31:34,850 --> 00:31:32,580

experience yeah you know that they they

855

00:31:36,289 --> 00:31:34,860

basically all describe basically the

856

00:31:38,630 --> 00:31:36,299

same thing with their little variations

857

00:31:40,010 --> 00:31:38,640

yeah and yeah messages they got but were

858

00:31:42,289 --> 00:31:40,020

somewhat different but they were also

859

00:31:44,029 --> 00:31:42,299

some of them were the same yeah so the

860

00:31:46,490 --> 00:31:44,039

actual event itself is just

861

00:31:48,409 --> 00:31:46,500

extraordinary given the numbers of

862

00:31:50,750 --> 00:31:48,419

witnesses that it had and also the

863

00:31:53,090 --> 00:31:50,760

impact that it's had on those kids as

864

00:31:55,909 --> 00:31:53,100

adults which is portrayed in this new

865

00:31:57,470 --> 00:31:55,919

film by Randy Nickerson yeah we had him

866

00:31:59,269 --> 00:31:57,480

on the show and we asked them about that

867

00:32:01,010 --> 00:31:59,279

and that's basically what he had said

868

00:32:02,990 --> 00:32:01,020

and he mentioned that you know when John

869

00:32:05,510 --> 00:32:03,000

interviewed all the kids if their

870

00:32:06,889 --> 00:32:05,520

stories were all identical then it

871

00:32:08,990 --> 00:32:06,899

wouldn't be good because then that's

872

00:32:10,789 --> 00:32:09,000

proof of collusion or they all you know

873

00:32:13,669 --> 00:32:10,799

told the same story over and over they

874

00:32:15,649 --> 00:32:13,679

all kind of Amalgamated into one but to

875

00:32:18,289 --> 00:32:15,659

have those subtle variances and little

876

00:32:19,909 --> 00:32:18,299

differences that even if kids saw a car

877

00:32:21,350 --> 00:32:19,919

accident they would all have a slightly

878

00:32:23,870 --> 00:32:21,360

different way of telling that story

879

00:32:26,510 --> 00:32:23,880

because they're so young so that was

880

00:32:28,669 --> 00:32:26,520

also present in their recounting of this

881

00:32:30,529 --> 00:32:28,679

experience so that's what John really

882

00:32:32,690 --> 00:32:30,539

went off of it was no no it wasn't just

883

00:32:34,850 --> 00:32:32,700

what the kids were saying saying was how

884

00:32:36,649 --> 00:32:34,860

they said it it was very natural and it

885

00:32:39,169 --> 00:32:36,659

was it was very believable you know

886

00:32:40,730 --> 00:32:39,179

right with a lot of emotion too yeah and

887

00:32:42,230 --> 00:32:40,740

even to this day like the people that

888

00:32:44,090 --> 00:32:42,240

were in the movie they they got

889

00:32:47,029 --> 00:32:44,100

emotional when they went back to the Rua

890

00:32:48,529 --> 00:32:47,039

Zimbabwe aerial school and you know they

891

00:32:50,690 --> 00:32:48,539

uh I don't know if it was because that

892

00:32:52,490 --> 00:32:50,700

they were believed if it was like you're

893

00:32:54,110 --> 00:32:52,500

supposed to be proper here we don't talk

894

00:32:55,730 --> 00:32:54,120

about those things or you know maybe

895

00:32:58,010 --> 00:32:55,740

they had fundamentalist religious

896

00:32:59,690 --> 00:32:58,020

parents but whatever there was a lot of

897

00:33:02,510 --> 00:32:59,700

trauma it wasn't like the aliens

898

00:33:04,430 --> 00:33:02,520

traumatized them but the experience and

899

00:33:06,230 --> 00:33:04,440

the aftermath really traumatized them

900

00:33:08,149 --> 00:33:06,240

and not being believed you know I'm sure

901  
00:33:09,769 --> 00:33:08,159  
they were all told that you didn't see

902  
00:33:11,389 --> 00:33:09,779  
that stop talking about

903  
00:33:12,830 --> 00:33:11,399  
yeah a lot of them were I don't think

904  
00:33:14,389 --> 00:33:12,840  
all of them were but the ones that were

905  
00:33:17,090 --> 00:33:14,399  
of course it was much harder for them

906  
00:33:19,070 --> 00:33:17,100  
really hard yeah yeah so it's a really

907  
00:33:21,529 --> 00:33:19,080  
really powerful case and that's a very

908  
00:33:23,029 --> 00:33:21,539  
one of the best cases I think for you

909  
00:33:24,289 --> 00:33:23,039  
know evidence for this close encounter

910  
00:33:26,210 --> 00:33:24,299  
kind of experience where there are

911  
00:33:29,090 --> 00:33:26,220  
actual beings involved

912  
00:33:31,490 --> 00:33:29,100  
so you know yeah it's all that stuff is

913  
00:33:33,470 --> 00:33:31,500

so so important and there's been a few

914

00:33:34,730 --> 00:33:33,480

it's not the only School sighting I know

915

00:33:37,909 --> 00:33:34,740

there was one in England and I think

916

00:33:41,090 --> 00:33:37,919

Australia as well oh yeah so yeah it's

917

00:33:42,730 --> 00:33:41,100

bizarre you know but it happens it's

918

00:33:44,870 --> 00:33:42,740

like they sense that there's a

919

00:33:47,509 --> 00:33:44,880

vulnerability there and like a clean

920

00:33:48,950 --> 00:33:47,519

palette if we can get a message out well

921

00:33:50,930 --> 00:33:48,960

to hell with the old ones they're

922

00:33:52,970 --> 00:33:50,940

already so far gone maybe they start

923

00:33:54,350 --> 00:33:52,980

with the younger Generations that we

924

00:33:56,450 --> 00:33:54,360

have a shot of getting through to them

925

00:33:58,490 --> 00:33:56,460

if the kids will tell them I don't know

926

00:34:01,009 --> 00:33:58,500

could be I don't know I mean they

927

00:34:02,990 --> 00:34:01,019

probably I don't know but it happens and

928

00:34:04,730 --> 00:34:03,000

it's very powerful what those those kids

929

00:34:06,830 --> 00:34:04,740

are unbelievable yeah they're so

930

00:34:08,750 --> 00:34:06,840

believable they're unbelievable in how

931

00:34:10,490 --> 00:34:08,760

believable they are yeah exactly yeah

932

00:34:13,430 --> 00:34:10,500

and you can see it in their faces like

933

00:34:16,070 --> 00:34:13,440

they seen something I can't get my kids

934

00:34:18,349 --> 00:34:16,080

to correlate a lie together to tell me

935

00:34:19,970 --> 00:34:18,359

who left their cup out in the living

936

00:34:22,430 --> 00:34:19,980

room they can't even you know they can't

937

00:34:24,829 --> 00:34:22,440

even lie together so I get much less a

938

00:34:26,389 --> 00:34:24,839

school of how many kids saw it like 60

939

00:34:27,349 --> 00:34:26,399

kids something new or something like

940

00:34:31,250 --> 00:34:27,359

that yeah

941

00:34:33,530 --> 00:34:31,260

um you can't more yeah it's crazy

942

00:34:34,849 --> 00:34:33,540

um as far as the whistle younger ones

943

00:34:37,010 --> 00:34:34,859

which weren't included in the film

944

00:34:38,750 --> 00:34:37,020

that's right yeah yeah and they tend not

945

00:34:39,829 --> 00:34:38,760

to be as affected as the older ones I

946

00:34:42,109 --> 00:34:39,839

guess the older ones were really

947

00:34:44,389 --> 00:34:42,119

affected by it maybe the younger ones

948

00:34:45,770 --> 00:34:44,399

were just too little to deal with you

949

00:34:48,290 --> 00:34:45,780

know to get it they were like first

950

00:34:49,849 --> 00:34:48,300

graders or something right they were

951  
00:34:52,430 --> 00:34:49,859  
really even interviewed that much much

952  
00:34:55,369 --> 00:34:52,440  
but you know there were a lot of them a

953  
00:34:57,770 --> 00:34:55,379  
lot of kids yeah so we're looking

954  
00:34:59,750 --> 00:34:57,780  
forward to whistleblowers coming out in

955  
00:35:01,550 --> 00:34:59,760  
Ford do you think we're heading towards

956  
00:35:03,829 --> 00:35:01,560  
kind of like um

957  
00:35:06,530 --> 00:35:03,839  
I keep mentioning this like a me too of

958  
00:35:09,170 --> 00:35:06,540  
UFOs like witnesses that are going to

959  
00:35:12,530 --> 00:35:09,180  
come out and you know say hey I've had

960  
00:35:14,870 --> 00:35:12,540  
an experience here as well are we

961  
00:35:16,670 --> 00:35:14,880  
are we potentially looking at that or is

962  
00:35:18,170 --> 00:35:16,680  
it still going to be hard for us to get

963  
00:35:20,150 --> 00:35:18,180

whistleblowers to come out especially

964

00:35:21,589 --> 00:35:20,160

with what is going on on your side of

965

00:35:23,810 --> 00:35:21,599

the border right now

966

00:35:25,250 --> 00:35:23,820

yeah I mean it's hard to say how it's

967

00:35:27,589 --> 00:35:25,260

going to happen I I think the

968

00:35:29,630 --> 00:35:27,599

legislation is going to pass that will

969

00:35:32,210 --> 00:35:29,640

give them the protections to do this

970

00:35:34,010 --> 00:35:32,220

right right then they will have to go in

971

00:35:36,170 --> 00:35:34,020

private sessions with with the the

972

00:35:38,329 --> 00:35:36,180

appropriate members of Congress to kind

973

00:35:40,190 --> 00:35:38,339

of screen what they want to say because

974

00:35:42,890 --> 00:35:40,200

they still have to be careful about the

975

00:35:44,569 --> 00:35:42,900

National Security aspects there are

976

00:35:47,170 --> 00:35:44,579

still things that they do not want our

977

00:35:49,990 --> 00:35:47,180

adversaries to have access to

978

00:35:52,130 --> 00:35:50,000

understandably so and so you know

979

00:35:54,290 --> 00:35:52,140

they'll have to go through a screening

980

00:35:56,390 --> 00:35:54,300

process with Congress then it's a

981

00:35:59,150 --> 00:35:56,400

question of whether how much or whether

982

00:36:00,290 --> 00:35:59,160

it'll be made public or not it'll take a

983

00:36:03,970 --> 00:36:00,300

while

984

00:36:06,890 --> 00:36:03,980

um there might be leaks who knows uh

985

00:36:09,170 --> 00:36:06,900

so um I forget what your question was

986

00:36:11,870 --> 00:36:09,180

but the question was is that likely to

987

00:36:13,550 --> 00:36:11,880

happen I forget yeah are we looking at a

988

00:36:16,190 --> 00:36:13,560

kind of a movement of whistleblowers

989

00:36:18,050 --> 00:36:16,200

after this goes through I mean there are

990

00:36:20,150 --> 00:36:18,060

a lot there are plenty of them waiting

991

00:36:21,890 --> 00:36:20,160

in the wings I do know that and it's

992

00:36:23,450 --> 00:36:21,900

just I think it also depends on whether

993

00:36:25,670 --> 00:36:23,460

there are factions

994

00:36:28,250 --> 00:36:25,680

out there who don't want this to happen

995

00:36:30,829 --> 00:36:28,260

right and whether they will have any

996

00:36:32,990 --> 00:36:30,839

success in slowing it down or you know

997

00:36:34,849 --> 00:36:33,000

keeping certain Witnesses out of the

998

00:36:37,970 --> 00:36:34,859

picture and bring maybe they'll only

999

00:36:41,030 --> 00:36:37,980

bring in ones that are you know less

1000

00:36:43,010 --> 00:36:41,040

controversial and maybe some Navy pilots

1001  
00:36:44,870 --> 00:36:43,020  
who can talk about a sighting as opposed

1002  
00:36:47,050 --> 00:36:44,880  
to somebody talking about a black

1003  
00:36:49,670 --> 00:36:47,060  
program where they worked on a crash

1004  
00:36:52,010 --> 00:36:49,680  
object you know we just don't know I

1005  
00:36:54,470 --> 00:36:52,020  
mean I think there's a lot of um

1006  
00:36:56,150 --> 00:36:54,480  
differing perspectives behind the scenes

1007  
00:36:57,650 --> 00:36:56,160  
of what should and shouldn't happen and

1008  
00:36:59,750 --> 00:36:57,660  
how quickly it should happen and all

1009  
00:37:03,410 --> 00:36:59,760  
that but it seems that the members of

1010  
00:37:05,030 --> 00:37:03,420  
Congress are you know on track to move

1011  
00:37:07,609 --> 00:37:05,040  
this thing forward and they're they're

1012  
00:37:10,550 --> 00:37:07,619  
setting up legislation make it possible

1013  
00:37:12,470 --> 00:37:10,560

so I suspect it a lot it will happen in

1014

00:37:14,630 --> 00:37:12,480

the next year or two on that you know on

1015

00:37:16,130 --> 00:37:14,640

that level but you know I have no more

1016

00:37:18,710 --> 00:37:16,140

insight into the future than anybody

1017

00:37:20,510 --> 00:37:18,720

else I just talk to people and

1018

00:37:21,890 --> 00:37:20,520

hear from hear what they have to say and

1019

00:37:24,910 --> 00:37:21,900

then you know things are lining up for

1020

00:37:27,770 --> 00:37:24,920

that to happen that's for sure yeah yeah

1021

00:37:29,510 --> 00:37:27,780

last week and he basically said that a

1022

00:37:31,310 --> 00:37:29,520

lot of this infighting and stone

1023

00:37:33,890 --> 00:37:31,320

throwing that happens in social media

1024

00:37:35,750 --> 00:37:33,900

that if we get too carried away with

1025

00:37:37,609 --> 00:37:35,760

that we can prevent this thing from

1026  
00:37:39,410 --> 00:37:37,619  
rolling out because the people who were

1027  
00:37:41,990 --> 00:37:39,420  
once willing to give us their

1028  
00:37:43,910 --> 00:37:42,000  
information they might just say screw it

1029  
00:37:46,370 --> 00:37:43,920  
I saw what you did to Lou Elizondo and a

1030  
00:37:49,370 --> 00:37:46,380  
few other guys I'm good like they don't

1031  
00:37:51,890 --> 00:37:49,380  
need the hassle so if if it's not an

1032  
00:37:54,410 --> 00:37:51,900  
open and welcoming environment to some

1033  
00:37:56,089 --> 00:37:54,420  
respect uh we run the risk of losing

1034  
00:37:57,890 --> 00:37:56,099  
some of these people's testimony because

1035  
00:38:00,290 --> 00:37:57,900  
they just don't want to get you know

1036  
00:38:02,150 --> 00:38:00,300  
either they don't want to be the victim

1037  
00:38:04,069 --> 00:38:02,160  
of that type of shelling or they just

1038  
00:38:06,290 --> 00:38:04,079

again we're getting more taboo with the

1039

00:38:08,089 --> 00:38:06,300

subject and all the work to remove those

1040

00:38:09,950 --> 00:38:08,099

layers is kind of going down the drain

1041

00:38:11,510 --> 00:38:09,960

because it's becoming a bunch of idiots

1042

00:38:14,030 --> 00:38:11,520

just fighting amongst themselves you

1043

00:38:16,849 --> 00:38:14,040

know and the social media World anyways

1044

00:38:19,310 --> 00:38:16,859

yeah I mean I I don't even go on I don't

1045

00:38:21,829 --> 00:38:19,320

even go on Twitter hardly ever so

1046

00:38:23,150 --> 00:38:21,839

fortunately I'm not exposed to all of

1047

00:38:25,010 --> 00:38:23,160

that I just hear about it from other

1048

00:38:27,170 --> 00:38:25,020

people but it doesn't sound like it's a

1049

00:38:29,030 --> 00:38:27,180

very healthy healthy thing and yeah

1050

00:38:30,710 --> 00:38:29,040

obviously if they want I mean obviously

1051  
00:38:32,750 --> 00:38:30,720  
these are people who probably don't want

1052  
00:38:34,910 --> 00:38:32,760  
witnesses to come forward maybe that's

1053  
00:38:37,849 --> 00:38:34,920  
why they're doing this I don't know but

1054  
00:38:40,130 --> 00:38:37,859  
I hope that they are just not important

1055  
00:38:41,270 --> 00:38:40,140  
enough really which I personally don't

1056  
00:38:43,609 --> 00:38:41,280  
think they are

1057  
00:38:46,130 --> 00:38:43,619  
to have such an impact as to actually

1058  
00:38:47,750 --> 00:38:46,140  
keep somebody from coming forward and I

1059  
00:38:51,010 --> 00:38:47,760  
just hope that these people out there

1060  
00:38:53,210 --> 00:38:51,020  
just don't bother reading all that stuff

1061  
00:38:55,490 --> 00:38:53,220  
unfortunately it's hard not to I know

1062  
00:38:57,890 --> 00:38:55,500  
that definitely Lou Elizondo was deeply

1063  
00:38:59,569 --> 00:38:57,900

affected by it and you know I am I know

1064

00:39:02,270 --> 00:38:59,579

that for a fact so

1065

00:39:04,670 --> 00:39:02,280

yeah it's a problem I I hope that people

1066

00:39:06,470 --> 00:39:04,680

will tone it down in that on that level

1067

00:39:07,490 --> 00:39:06,480

I agree with Ross it's definitely a

1068

00:39:10,849 --> 00:39:07,500

problem

1069

00:39:13,970 --> 00:39:10,859

um so I think that and I think for

1070

00:39:16,130 --> 00:39:13,980

scientists too because I think the

1071

00:39:17,810 --> 00:39:16,140

stigma is deepest within this it's

1072

00:39:19,490 --> 00:39:17,820

deeper in the scientific world than it

1073

00:39:20,870 --> 00:39:19,500

is with the military community at this

1074

00:39:23,150 --> 00:39:20,880

point I mean that they've sort of been

1075

00:39:24,530 --> 00:39:23,160

the last people to come around and I

1076

00:39:26,569 --> 00:39:24,540

still think

1077

00:39:29,329 --> 00:39:26,579

to get more scientists to come forward

1078

00:39:31,490 --> 00:39:29,339

you know you don't want to be creating

1079

00:39:34,270 --> 00:39:31,500

ridicule problems for them obviously

1080

00:39:37,910 --> 00:39:36,530

and you know everything that goes behind

1081

00:39:40,370 --> 00:39:37,920

their papers is all about their

1082

00:39:42,050 --> 00:39:40,380

reputation they don't want to even if

1083

00:39:43,849 --> 00:39:42,060

there's a small chance that that could

1084

00:39:45,470 --> 00:39:43,859

happen a lot of these guys will say

1085

00:39:48,050 --> 00:39:45,480

forget it I mean not everyone has that

1086

00:39:49,910 --> 00:39:48,060

fortitude of Jacques valet to say I know

1087

00:39:52,190 --> 00:39:49,920

what I know and you can't tear me down

1088

00:39:54,829 --> 00:39:52,200

but he's an anomaly right A lot of these

1089

00:39:57,170 --> 00:39:54,839

other people they are their name their

1090

00:39:58,849 --> 00:39:57,180

entire book of work is their name and

1091

00:40:01,430 --> 00:39:58,859

they don't want that tarnish or even

1092

00:40:03,950 --> 00:40:01,440

just something could happen Gary Nolan's

1093

00:40:06,290 --> 00:40:03,960

another example of somebody extremely

1094

00:40:09,170 --> 00:40:06,300

successful who is just as I don't care

1095

00:40:11,210 --> 00:40:09,180

I'm just dealing with data yeah whole P

1096

00:40:13,250 --> 00:40:11,220

I don't care what people say and you

1097

00:40:15,349 --> 00:40:13,260

know that's what you've got to do I mean

1098

00:40:17,390 --> 00:40:15,359

I think the important thing is just not

1099

00:40:18,890 --> 00:40:17,400

to engage with Twitter why even go on

1100

00:40:21,589 --> 00:40:18,900

and read all this stuff

1101

00:40:24,050 --> 00:40:21,599

yeah what what the point is

1102

00:40:25,130 --> 00:40:24,060

um that's a good point I don't even go

1103

00:40:28,250 --> 00:40:25,140

on there

1104

00:40:30,829 --> 00:40:28,260

uh but I hope that fewer and fewer

1105

00:40:33,410 --> 00:40:30,839

people do that if you don't engage with

1106

00:40:35,030 --> 00:40:33,420

it then what what Joy are these people

1107

00:40:38,030 --> 00:40:35,040

going to get out of doing what they do

1108

00:40:39,950 --> 00:40:38,040

maybe they'll just if you ignore them I

1109

00:40:42,349 --> 00:40:39,960

don't know I'm not part of the you that

1110

00:40:45,710 --> 00:40:42,359

Universal I don't know how really

1111

00:40:47,990 --> 00:40:45,720

um but yeah I mean I think as long as

1112

00:40:49,670 --> 00:40:48,000

you're a scientist with data then you

1113

00:40:52,310 --> 00:40:49,680

should you should be fine

1114

00:40:54,470 --> 00:40:52,320

and look Gary Nolan and look at Avi love

1115

00:40:56,750 --> 00:40:54,480

as as two shining lights who hopefully

1116

00:40:58,730 --> 00:40:56,760

will encourage other scientists to come

1117

00:41:00,829 --> 00:40:58,740

forward yeah

1118

00:41:03,650 --> 00:41:00,839

what what advice could you give people

1119

00:41:06,710 --> 00:41:03,660

that want to investigate this on a

1120

00:41:08,030 --> 00:41:06,720

journalistic approach because there's a

1121

00:41:10,310 --> 00:41:08,040

lot of people that may be listening to

1122

00:41:12,050 --> 00:41:10,320

this that want to contribute to

1123

00:41:14,450 --> 00:41:12,060

um you know the whole movement of

1124

00:41:16,609 --> 00:41:14,460

ufology or disclosure they might write

1125

00:41:18,950 --> 00:41:16,619

blogs and and you know have different

1126

00:41:23,150 --> 00:41:18,960

Medias what advice would you give people

1127

00:41:25,310 --> 00:41:23,160

when they're researching uh this subject

1128

00:41:27,470 --> 00:41:25,320

when they're I mean and how to research

1129

00:41:29,089 --> 00:41:27,480

it or yeah just just how to research or

1130

00:41:31,250 --> 00:41:29,099

how to approach it

1131

00:41:33,530 --> 00:41:31,260

um because we don't have enough people

1132

00:41:36,410 --> 00:41:33,540

teaching us how to do that I fall for

1133

00:41:38,390 --> 00:41:36,420

stuff all the time uh fake stuff and um

1134

00:41:41,030 --> 00:41:38,400

I've learned to really you know take my

1135

00:41:43,010 --> 00:41:41,040

time with it analyze it make sure I

1136

00:41:44,329 --> 00:41:43,020

don't fall for it first and foremost

1137

00:41:46,130 --> 00:41:44,339

like I used to

1138

00:41:48,650 --> 00:41:46,140

um I'd like to say I used to I still

1139

00:41:51,770 --> 00:41:48,660

Fall For Stuff uh what advice could you

1140

00:41:53,990 --> 00:41:51,780

give us um just on how to

1141

00:41:56,569 --> 00:41:54,000

Broach a subject or research a subject

1142

00:41:59,450 --> 00:41:56,579

without falling into these traps

1143

00:42:01,370 --> 00:41:59,460

well I would say first of all make sure

1144

00:42:02,630 --> 00:42:01,380

it's corrupt whatever the information is

1145

00:42:04,609 --> 00:42:02,640

that you're concerned about make sure

1146

00:42:07,130 --> 00:42:04,619

you you know you can get it corroborated

1147

00:42:09,589 --> 00:42:07,140

but there's evidence to back it up if

1148

00:42:11,270 --> 00:42:09,599

it's just a claim

1149

00:42:14,150 --> 00:42:11,280

um and and I've dealt with this my you

1150

00:42:17,329 --> 00:42:14,160

know since for 22 years if it's just a

1151

00:42:19,609 --> 00:42:17,339

claim it might be true but if it's just

1152

00:42:23,210 --> 00:42:19,619

a claim don't write about it because

1153

00:42:25,730 --> 00:42:23,220

there's no way that you can verify it

1154

00:42:28,250 --> 00:42:25,740

there's no corroboration there's nobody

1155

00:42:30,589 --> 00:42:28,260

to stand up and you know you I mean it's

1156

00:42:32,690 --> 00:42:30,599

through journalism you have to have more

1157

00:42:35,329 --> 00:42:32,700

than one source for a story

1158

00:42:36,890 --> 00:42:35,339

you've got to have documents or multiple

1159

00:42:38,089 --> 00:42:36,900

sources and they've got to be very

1160

00:42:41,569 --> 00:42:38,099

credible

1161

00:42:44,510 --> 00:42:41,579

so if somebody just has a claim you know

1162

00:42:46,490 --> 00:42:44,520

and you can't verify it and there are so

1163

00:42:48,650 --> 00:42:46,500

many interesting claims out there but if

1164

00:42:51,589 --> 00:42:48,660

it can't be verified

1165

00:42:53,870 --> 00:42:51,599

like for me I just don't even hardly

1166

00:42:57,349 --> 00:42:53,880

look into something that doesn't have

1167

00:42:59,390 --> 00:42:57,359

that solid base in fact and in terms of

1168

00:43:00,890 --> 00:42:59,400

the I mean it's not so much whether it's

1169

00:43:04,609 --> 00:43:00,900

a fact or not it's whether whether it

1170

00:43:08,089 --> 00:43:04,619

can be backed up and substantiated right

1171

00:43:10,250 --> 00:43:08,099

um and even if it's true and enticing

1172

00:43:12,470 --> 00:43:10,260

and fascinating you just can't put it

1173

00:43:15,230 --> 00:43:12,480

out there unless it has that you know

1174

00:43:17,150 --> 00:43:15,240

and you might try to find it if

1175

00:43:18,890 --> 00:43:17,160

something really fascinates you and but

1176

00:43:22,069 --> 00:43:18,900

there's no corroboration there's no

1177

00:43:24,470 --> 00:43:22,079

documentation you might ask other

1178

00:43:26,510 --> 00:43:24,480

sources the people that you know are on

1179

00:43:29,030 --> 00:43:26,520

the inside or other people out in the

1180

00:43:31,069 --> 00:43:29,040

UFO Community if they can verify it what

1181

00:43:32,930 --> 00:43:31,079

do they think try to gather other

1182

00:43:35,750 --> 00:43:32,940

people's opinions on it

1183

00:43:37,190 --> 00:43:35,760

but basically we're just stuck if we

1184

00:43:38,930 --> 00:43:37,200

can't like you know you might have a

1185

00:43:40,910 --> 00:43:38,940

fascinating like deathbed confession

1186

00:43:43,130 --> 00:43:40,920

from somebody for instance

1187

00:43:44,750 --> 00:43:43,140

who says they saw that the bodies at

1188

00:43:45,589 --> 00:43:44,760

Roswell and they did this and that and

1189

00:43:48,050 --> 00:43:45,599

that

1190

00:43:51,710 --> 00:43:48,060

it's just somebody's story unless you

1191

00:43:54,170 --> 00:43:51,720

have something to to back it up and um

1192

00:43:55,970 --> 00:43:54,180

therefore it doesn't it's not something

1193

00:43:59,150 --> 00:43:55,980

that the realm of Journalism can really

1194

00:44:02,329 --> 00:43:59,160

take on that's the problem right so you

1195

00:44:05,270 --> 00:44:02,339

have the UFO world that adheres to these

1196

00:44:07,069 --> 00:44:05,280

you know deathbed confessions and on the

1197

00:44:08,630 --> 00:44:07,079

journalistic side you can't you know

1198

00:44:10,250 --> 00:44:08,640

take it for what it is because there's

1199

00:44:12,170 --> 00:44:10,260

nothing to back it up

1200

00:44:14,510 --> 00:44:12,180

exactly we cannot go to the New York

1201  
00:44:17,329 --> 00:44:14,520  
Times and say hey this this anonymous

1202  
00:44:19,730 --> 00:44:17,339  
source over here just said this or even

1203  
00:44:22,910 --> 00:44:19,740  
if he's on the record you know he said

1204  
00:44:25,370 --> 00:44:22,920  
this it made this amazing claim but he's

1205  
00:44:28,190 --> 00:44:25,380  
one person telling a story no

1206  
00:44:29,690 --> 00:44:28,200  
documentation nobody else to say what

1207  
00:44:33,050 --> 00:44:29,700  
he's saying is true

1208  
00:44:35,690 --> 00:44:33,060  
I was there too I saw the same thing uh

1209  
00:44:38,030 --> 00:44:35,700  
you know anything like that it's just

1210  
00:44:39,530 --> 00:44:38,040  
it's just a story and that's not saying

1211  
00:44:41,930 --> 00:44:39,540  
that it isn't true

1212  
00:44:44,510 --> 00:44:41,940  
it doesn't mean that the the person

1213  
00:44:46,190 --> 00:44:44,520

rejecting it like in myself because it's

1214

00:44:47,630 --> 00:44:46,200

my you know it's just the world I

1215

00:44:49,250 --> 00:44:47,640

operated and you there's certain

1216

00:44:51,829 --> 00:44:49,260

requirements you have to have to be a

1217

00:44:53,329 --> 00:44:51,839

journalist and it doesn't some it's not

1218

00:44:54,770 --> 00:44:53,339

about whether the story is true or not

1219

00:44:57,370 --> 00:44:54,780

it's about whether you have enough

1220

00:45:01,069 --> 00:44:57,380

documentation to at least put forward

1221

00:45:03,050 --> 00:45:01,079

you know the likelihood that it's true

1222

00:45:04,609 --> 00:45:03,060

um and so it's not like I'm saying I

1223

00:45:06,950 --> 00:45:04,619

don't believe these people

1224

00:45:09,530 --> 00:45:06,960

I just can't work with material like

1225

00:45:11,750 --> 00:45:09,540

that um so I think that for for people

1226

00:45:13,490 --> 00:45:11,760

you know who write blogs and so on if

1227

00:45:16,190 --> 00:45:13,500

you you know it's just something to look

1228

00:45:18,230 --> 00:45:16,200

out for to try to get documentation and

1229

00:45:20,089 --> 00:45:18,240

corroboration and ask other people who

1230

00:45:21,109 --> 00:45:20,099

might have some expertise about what

1231

00:45:23,150 --> 00:45:21,119

they think

1232

00:45:25,910 --> 00:45:23,160

and then you know if you want to get out

1233

00:45:28,849 --> 00:45:25,920

more I would suggest to people

1234

00:45:31,490 --> 00:45:28,859

trying to maybe write op-ed pieces for

1235

00:45:35,569 --> 00:45:31,500

your local like if you live in a town or

1236

00:45:37,490 --> 00:45:35,579

a small city that has a local newspaper

1237

00:45:39,710 --> 00:45:37,500

um you might be able to write like an uh

1238

00:45:42,290 --> 00:45:39,720

an opinion piece for that paper you know

1239

00:45:43,910 --> 00:45:42,300

if you if you're writing blogs anyway it

1240

00:45:46,190 --> 00:45:43,920

might not be that hard to turn it into

1241

00:45:47,750 --> 00:45:46,200

something that your newspaper would be

1242

00:45:49,910 --> 00:45:47,760

interested in and maybe you know if more

1243

00:45:52,490 --> 00:45:49,920

people did that it's sort of a way of

1244

00:45:54,650 --> 00:45:52,500

you know starting a Groundswell in all

1245

00:45:57,770 --> 00:45:54,660

these local communities because the

1246

00:45:59,870 --> 00:45:57,780

local newspapers are often more open to

1247

00:46:03,069 --> 00:45:59,880

that kind of thing although nowadays I

1248

00:46:05,450 --> 00:46:03,079

guess everything's online I don't know

1249

00:46:07,309 --> 00:46:05,460

it's just all online

1250

00:46:09,410 --> 00:46:07,319

so I don't know it's a different world

1251  
00:46:10,970 --> 00:46:09,420  
than when I was all through the you know

1252  
00:46:13,250 --> 00:46:10,980  
when I first got started all through the

1253  
00:46:14,530 --> 00:46:13,260  
2000s I was writing you know these op-ed

1254  
00:46:16,609 --> 00:46:14,540  
pieces for

1255  
00:46:18,410 --> 00:46:16,619  
newspapers that actually had were

1256  
00:46:21,050 --> 00:46:18,420  
physical newspapers and then there was

1257  
00:46:23,210 --> 00:46:21,060  
something called The Wire Services where

1258  
00:46:24,770 --> 00:46:23,220  
the newspaper would send it out on a

1259  
00:46:26,990 --> 00:46:24,780  
certain wire service so that it could be

1260  
00:46:28,730 --> 00:46:27,000  
picked up from by any other paper and my

1261  
00:46:31,010 --> 00:46:28,740  
stories were picked up all over the

1262  
00:46:34,790 --> 00:46:31,020  
place nowadays we just have the internet

1263  
00:46:37,010 --> 00:46:34,800

so it's a different world but you know

1264

00:46:38,870 --> 00:46:37,020

so now I guess it's picked up all over

1265

00:46:41,089 --> 00:46:38,880

the Internet yeah but

1266

00:46:42,890 --> 00:46:41,099

in those days it was picked up by

1267

00:46:44,690 --> 00:46:42,900

reputable newspapers there was this

1268

00:46:46,490 --> 00:46:44,700

separate category and they were like

1269

00:46:48,589 --> 00:46:46,500

hard copies you know

1270

00:46:50,089 --> 00:46:48,599

I remember like when my stories were

1271

00:46:52,730 --> 00:46:50,099

picked up all over in these other papers

1272

00:46:55,670 --> 00:46:52,740

I try to find out which ones they were

1273

00:46:57,710 --> 00:46:55,680

and then I I go to that I'd go call them

1274

00:47:00,470 --> 00:46:57,720

up and they'd send me a hard copy and I

1275

00:47:03,170 --> 00:47:00,480

put in my files you know yeah yeah it

1276  
00:47:04,190 --> 00:47:03,180  
was contaminated or yeah well some of

1277  
00:47:05,630 --> 00:47:04,200  
them yeah some of them are really

1278  
00:47:08,450 --> 00:47:05,640  
special I've got some New York Times

1279  
00:47:10,309 --> 00:47:08,460  
stuff framed but I mean I just made sure

1280  
00:47:12,470 --> 00:47:10,319  
I wanted to get copies of them and they

1281  
00:47:15,470 --> 00:47:12,480  
the way to do that was to get the actual

1282  
00:47:16,130 --> 00:47:15,480  
hard copy you know and it's just

1283  
00:47:19,250 --> 00:47:16,140  
um

1284  
00:47:21,050 --> 00:47:19,260  
yeah so now I don't know how it works

1285  
00:47:22,069 --> 00:47:21,060  
now to write op-ed pieces but I I do

1286  
00:47:23,470 --> 00:47:22,079  
think that if people create

1287  
00:47:26,510 --> 00:47:23,480  
relationships with their local

1288  
00:47:29,270 --> 00:47:26,520

newspapers that that might be an outlet

1289

00:47:30,770 --> 00:47:29,280

that's a great yeah we asked Ross Colter

1290

00:47:32,569 --> 00:47:30,780

too like what's it like being a

1291

00:47:34,069 --> 00:47:32,579

journalist and he says you know I get a

1292

00:47:35,930 --> 00:47:34,079

lot of hate mail from people that are

1293

00:47:37,490 --> 00:47:35,940

like where's your proof where's this

1294

00:47:39,770 --> 00:47:37,500

where's that and he's like I'm not a

1295

00:47:41,450 --> 00:47:39,780

scientist I don't owe the scientific

1296

00:47:44,089 --> 00:47:41,460

Community anything he said I'm a

1297

00:47:45,770 --> 00:47:44,099

journalist and many times journalists

1298

00:47:48,349 --> 00:47:45,780

because they're the first ones to report

1299

00:47:50,809 --> 00:47:48,359

on something maybe the information is a

1300

00:47:52,670 --> 00:47:50,819

little bit off or it needs to be

1301

00:47:54,530 --> 00:47:52,680

corrected at a later date and there's

1302

00:47:56,150 --> 00:47:54,540

mistakes made and he says but we have

1303

00:47:58,069 --> 00:47:56,160

that freedom to do that because we're

1304

00:48:00,170 --> 00:47:58,079

the front lines you know even like the

1305

00:48:01,790 --> 00:48:00,180

Gulf War and everything sometimes you

1306

00:48:03,230 --> 00:48:01,800

know the ticker would say one thing and

1307

00:48:05,270 --> 00:48:03,240

then it would quickly be corrected

1308

00:48:07,370 --> 00:48:05,280

because as information is coming in

1309

00:48:09,109 --> 00:48:07,380

you're forming this stuff and just

1310

00:48:11,930 --> 00:48:09,119

trying to grasp as much of it as you can

1311

00:48:13,790 --> 00:48:11,940

so I kind of like his attitude of I'm a

1312

00:48:15,770 --> 00:48:13,800

journalist I'm allowed to make a mistake

1313

00:48:17,930 --> 00:48:15,780

nobody knows about this leave me

1314

00:48:20,329 --> 00:48:17,940

alone not a scientist I don't owe you

1315

00:48:23,270 --> 00:48:20,339

that type of you know I'm not creating

1316

00:48:24,950 --> 00:48:23,280

work to submit for peer review so I

1317

00:48:26,390 --> 00:48:24,960

don't owe the world that because I'm not

1318

00:48:28,430 --> 00:48:26,400

saying that that's what I'm what I'm

1319

00:48:30,410 --> 00:48:28,440

doing that's not my mission my mission

1320

00:48:32,390 --> 00:48:30,420

is here's some interesting things to

1321

00:48:34,790 --> 00:48:32,400

ponder and I really like that

1322

00:48:36,230 --> 00:48:34,800

perspective of it in terms of you know

1323

00:48:37,849 --> 00:48:36,240

you're a little more because I think

1324

00:48:40,250 --> 00:48:37,859

you've been doing this so long and I

1325

00:48:42,109 --> 00:48:40,260

think you're used to what can happen if

1326  
00:48:43,790 --> 00:48:42,119  
you don't have your facts straight that

1327  
00:48:45,530 --> 00:48:43,800  
you just come correct now and if you

1328  
00:48:48,290 --> 00:48:45,540  
can't get the information you're going

1329  
00:48:50,150 --> 00:48:48,300  
to need you don't touch it but um I

1330  
00:48:52,790 --> 00:48:50,160  
think that maybe that comes from a

1331  
00:48:54,290 --> 00:48:52,800  
different time or from you know things

1332  
00:48:56,089 --> 00:48:54,300  
are just changing now and people are

1333  
00:48:58,490 --> 00:48:56,099  
very quick to jump down your throat so

1334  
00:49:01,490 --> 00:48:58,500  
it's good to Define what your mission is

1335  
00:49:03,589 --> 00:49:01,500  
right yeah and I think Ross has access

1336  
00:49:05,930 --> 00:49:03,599  
to media that gives him a lot more

1337  
00:49:08,870 --> 00:49:05,940  
leeway when he writes he does a show for

1338  
00:49:10,730 --> 00:49:08,880

channel 7 in Australia he has a lot more

1339

00:49:13,550 --> 00:49:10,740

leeway than we have at the New York

1340

00:49:15,950 --> 00:49:13,560

Times in terms what he can report so

1341

00:49:17,870 --> 00:49:15,960

there's a huge difference there as long

1342

00:49:19,670 --> 00:49:17,880

long as you know Ralph and I are

1343

00:49:22,609 --> 00:49:19,680

sticking with the New York Times which

1344

00:49:25,790 --> 00:49:22,619

we are for now because we know the

1345

00:49:28,250 --> 00:49:25,800

impact it can have it restricts what we

1346

00:49:30,230 --> 00:49:28,260

can do and how much of it we can do

1347

00:49:32,270 --> 00:49:30,240

in a way that Ross doesn't really have

1348

00:49:34,490 --> 00:49:32,280

to deal with as much because he has a

1349

00:49:36,290 --> 00:49:34,500

station behind him that that allows it

1350

00:49:38,150 --> 00:49:36,300

sort of be more expansive so that's part

1351

00:49:39,650 --> 00:49:38,160

of the difference too and he's going to

1352

00:49:41,630 --> 00:49:39,660

probably get more of that kind of hate

1353

00:49:44,089 --> 00:49:41,640

mail than than Ralph and I are going to

1354

00:49:46,970 --> 00:49:44,099

get because you know we are we're so

1355

00:49:49,609 --> 00:49:46,980

vetted by the times yeah everything is

1356

00:49:52,730 --> 00:49:49,619

every single sentence has to be you know

1357

00:49:54,890 --> 00:49:52,740

absolutely checked out and backed up and

1358

00:49:56,569 --> 00:49:54,900

verified and everything else so there

1359

00:49:58,430 --> 00:49:56,579

really isn't I mean there have been some

1360

00:50:00,550 --> 00:49:58,440

errors in our stories and they've been

1361

00:50:02,930 --> 00:50:00,560

corrected or

1362

00:50:04,849 --> 00:50:02,940

one thing that Harry Reid wanted to have

1363

00:50:06,650 --> 00:50:04,859

changed I I don't think it was an error

1364

00:50:08,990 --> 00:50:06,660

but he wanted us to change it so we did

1365

00:50:11,630 --> 00:50:09,000

you know things like that but

1366

00:50:14,210 --> 00:50:11,640

Ralph um Ross is able to take a lot more

1367

00:50:16,910 --> 00:50:14,220

risk I guess is my point in what he says

1368

00:50:19,130 --> 00:50:16,920

than we are because he's working for

1369

00:50:22,069 --> 00:50:19,140

different kind of media than we yeah

1370

00:50:24,710 --> 00:50:22,079

a little bit more Loser on the on the

1371

00:50:27,230 --> 00:50:24,720

way that they do things right so yeah or

1372

00:50:29,150 --> 00:50:27,240

just has you know a broader yeah more

1373

00:50:30,950 --> 00:50:29,160

you know less rigorous kind of

1374

00:50:34,130 --> 00:50:30,960

controlling

1375

00:50:36,829 --> 00:50:34,140

uh approach than the name of times does

1376

00:50:39,770 --> 00:50:36,839

a big difference yeah it's not it's not

1377

00:50:41,210 --> 00:50:39,780

any less it's just different yeah you

1378

00:50:44,089 --> 00:50:41,220

know the advantage is it gives them the

1379

00:50:46,790 --> 00:50:44,099

ability to bring a lot more out than we

1380

00:50:48,890 --> 00:50:46,800

can do and you know a lot of really

1381

00:50:49,970 --> 00:50:48,900

interesting stuff that he brings out all

1382

00:50:51,589 --> 00:50:49,980

the time

1383

00:50:54,950 --> 00:50:51,599

so I'm really glad he's out there doing

1384

00:50:56,870 --> 00:50:54,960

that yeah and you're I could see you

1385

00:50:58,190 --> 00:50:56,880

know from the back to back he's got a

1386

00:51:01,130 --> 00:50:58,200

lot more of a

1387

00:51:03,770 --> 00:51:01,140

I can say this you know he can just

1388

00:51:05,450 --> 00:51:03,780

bluntly say like on his UFO or not UFO

1389

00:51:08,089 --> 00:51:05,460

UFO Twitter rant

1390

00:51:09,650 --> 00:51:08,099

um that he had which we I loved it uh

1391

00:51:11,030 --> 00:51:09,660

like you could tell he's just now at the

1392

00:51:12,589 --> 00:51:11,040

point where he just telling he's

1393

00:51:14,450 --> 00:51:12,599

shooting his street which is which is

1394

00:51:16,130 --> 00:51:14,460

awesome to see right give me permission

1395

00:51:18,530 --> 00:51:16,140

to say whatever he wanted we said listen

1396

00:51:20,089 --> 00:51:18,540

Ross if you want to clarify something or

1397

00:51:24,370 --> 00:51:20,099

get something off your chest you go

1398

00:51:29,569 --> 00:51:27,829

it was force he did Leslie what's coming

1399

00:51:31,250 --> 00:51:29,579

up on December 3rd there's a conference

1400

00:51:32,750 --> 00:51:31,260

that you're attending

1401

00:51:34,670 --> 00:51:32,760

want to talk a little bit about that

1402

00:51:37,010 --> 00:51:34,680

yeah this is a very cool thing I think

1403

00:51:39,589 --> 00:51:37,020

well this is a conferences organized by

1404

00:51:41,750 --> 00:51:39,599

the experencer group which is kind of

1405

00:51:43,069 --> 00:51:41,760

like a support group for experiencers I

1406

00:51:44,809 --> 00:51:43,079

don't know how else to describe but a

1407

00:51:48,109 --> 00:51:44,819

wonderful wonderful group and they they

1408

00:51:50,510 --> 00:51:48,119

did a conference last Saturday I guess

1409

00:51:53,390 --> 00:51:50,520

it was uh today's Sunday so last weekend

1410

00:51:55,609 --> 00:51:53,400

October 8th in New York which was their

1411

00:51:58,250 --> 00:51:55,619

first one and it's basically organized

1412

00:52:00,770 --> 00:51:58,260

by Jay King and James iandoli who were

1413

00:52:02,030 --> 00:52:00,780

both members of the experimenter group

1414

00:52:04,190 --> 00:52:02,040

um and so I'm sort of helping them

1415

00:52:06,829 --> 00:52:04,200

organize the next one a little bit

1416

00:52:09,049 --> 00:52:06,839

um and the last one was so successful

1417

00:52:10,670 --> 00:52:09,059

they got such great and I was there and

1418

00:52:12,650 --> 00:52:10,680

I thought it was fantastic they got

1419

00:52:14,510 --> 00:52:12,660

great feedback

1420

00:52:16,609 --> 00:52:14,520

um and Gary Nolan was was there which

1421

00:52:19,010 --> 00:52:16,619

was amazing he did like a one hour q a

1422

00:52:20,930 --> 00:52:19,020

it has a live audience but then it's

1423

00:52:23,809 --> 00:52:20,940

also live streamed so they're doing

1424

00:52:26,210 --> 00:52:23,819

another one on December 3rd

1425

00:52:27,650 --> 00:52:26,220

um and also in New York which is so

1426

00:52:29,210 --> 00:52:27,660

great because most conferences don't

1427

00:52:30,530 --> 00:52:29,220

take place on the East Coast but there

1428

00:52:33,170 --> 00:52:30,540

were people that came to this one from

1429

00:52:36,890 --> 00:52:33,180

all over people flew in from California

1430

00:52:38,030 --> 00:52:36,900

Chicago even the UK it was amazing all

1431

00:52:41,630 --> 00:52:38,040

over the place

1432

00:52:43,730 --> 00:52:41,640

so so far they have um myself and Ralph

1433

00:52:45,349 --> 00:52:43,740

Blumenthal are both going to be there

1434

00:52:47,510 --> 00:52:45,359

um and it'll be interesting for us to be

1435

00:52:50,870 --> 00:52:47,520

be able to be together you know because

1436

00:52:53,870 --> 00:52:50,880

we don't do that very often and

1437

00:52:57,049 --> 00:52:53,880

um uh Jeff kreypel from Rice University

1438

00:52:58,010 --> 00:52:57,059

who's just absolutely an incredible

1439

00:53:00,589 --> 00:52:58,020

speaker

1440

00:53:02,990 --> 00:53:00,599

and writer and expert on anomalous

1441

00:53:05,569 --> 00:53:03,000

experiences and

1442

00:53:07,190 --> 00:53:05,579

um a woman named Sharon roulette who's a

1443

00:53:09,410 --> 00:53:07,200

philosopher kind of

1444

00:53:11,809 --> 00:53:09,420

um she's written in a book on

1445

00:53:13,849 --> 00:53:11,819

coincidence and synchronicity

1446

00:53:15,410 --> 00:53:13,859

I guess she's a philosopher by training

1447

00:53:17,150 --> 00:53:15,420

I don't you know she's in the academic

1448

00:53:18,290 --> 00:53:17,160

world she's a professor she's been a

1449

00:53:20,569 --> 00:53:18,300

professor she's I think she's now

1450

00:53:21,950 --> 00:53:20,579

independent but she's also on the board

1451  
00:53:23,750 --> 00:53:21,960  
of the Bigelow Institute for

1452  
00:53:26,210 --> 00:53:23,760  
Consciousness studies which I was on the

1453  
00:53:27,950 --> 00:53:26,220  
board of previously

1454  
00:53:29,690 --> 00:53:27,960  
um anyway this book that she's written

1455  
00:53:31,069 --> 00:53:29,700  
on coincidence and synchronicities is

1456  
00:53:33,470 --> 00:53:31,079  
really amazing so she's going to talk

1457  
00:53:35,930 --> 00:53:33,480  
about that and then Whitley strebel will

1458  
00:53:38,630 --> 00:53:35,940  
be there as well doing his thing

1459  
00:53:40,730 --> 00:53:38,640  
and then there's one other incredible

1460  
00:53:42,049 --> 00:53:40,740  
guest incredible speaker who I'm not

1461  
00:53:43,370 --> 00:53:42,059  
allowed to tell you yeah who it is

1462  
00:53:44,690 --> 00:53:43,380  
because they're going to announce it at

1463  
00:53:47,270 --> 00:53:44,700

the end of the I think this coming week

1464

00:53:49,069 --> 00:53:47,280

they will announce it but okay

1465

00:53:50,329 --> 00:53:49,079

um I it's going to be really

1466

00:53:52,130 --> 00:53:50,339

interesting to have this person there

1467

00:53:54,170 --> 00:53:52,140

too so

1468

00:53:55,730 --> 00:53:54,180

um yeah I'm looking forward to it I

1469

00:53:59,030 --> 00:53:55,740

think it's going to be a fantastic

1470

00:54:02,270 --> 00:53:59,040

Gathering of people and speakers running

1471

00:54:04,150 --> 00:54:02,280

gamut from the the weird you know the

1472

00:54:08,150 --> 00:54:04,160

world of Whitley strieber

1473

00:54:10,370 --> 00:54:08,160

to the more hardcore stuff which I do

1474

00:54:12,349 --> 00:54:10,380

and which our other guest does as well

1475

00:54:13,970 --> 00:54:12,359

who I'm not allowed to name so it's

1476  
00:54:17,210 --> 00:54:13,980  
going to kind of cover this this whole

1477  
00:54:20,450 --> 00:54:17,220  
universe from different approaches

1478  
00:54:23,030 --> 00:54:20,460  
of of you know experience and the nature

1479  
00:54:24,530 --> 00:54:23,040  
of the phenomenon itself so and what's

1480  
00:54:26,690 --> 00:54:24,540  
happening in Washington and all of that

1481  
00:54:28,670 --> 00:54:26,700  
it's all going to be included you know

1482  
00:54:32,870 --> 00:54:28,680  
you're you're speaking as well Leslie

1483  
00:54:34,250 --> 00:54:32,880  
yeah okay nice yeah yep Louie do you

1484  
00:54:36,170 --> 00:54:34,260  
have any final questions for our guests

1485  
00:54:37,730 --> 00:54:36,180  
today no I don't I just want to uh I

1486  
00:54:40,190 --> 00:54:37,740  
want to extend a very warm thanks to

1487  
00:54:41,690 --> 00:54:40,200  
Leslie Kane for uh giving us an hour of

1488  
00:54:43,910 --> 00:54:41,700

your time I know you're a very busy

1489

00:54:46,010 --> 00:54:43,920

person uh you probably have paid gigs

1490

00:54:49,010 --> 00:54:46,020

this wasn't one of them and nor for us

1491

00:54:51,589 --> 00:54:49,020

but uh we do this uh out of a genuine

1492

00:54:53,150 --> 00:54:51,599

curiosity and an interest we were saying

1493

00:54:55,370 --> 00:54:53,160

before the show this is our virtual

1494

00:54:56,990 --> 00:54:55,380

living room and we like having these

1495

00:55:00,470 --> 00:54:57,000

conversations with thousands of people

1496

00:55:02,390 --> 00:55:00,480

watching and just cool bright people to

1497

00:55:03,589 --> 00:55:02,400

give us their perspective and uh we

1498

00:55:05,930 --> 00:55:03,599

really thank you for coming on the show

1499

00:55:07,490 --> 00:55:05,940

we'd love to have you again sometime and

1500

00:55:08,990 --> 00:55:07,500

uh where could people follow you before

1501  
00:55:10,790 --> 00:55:09,000  
we close

1502  
00:55:12,829 --> 00:55:10,800  
I know because I'm not in this Twitter

1503  
00:55:15,410 --> 00:55:12,839  
universe exactly where do they find you

1504  
00:55:17,990 --> 00:55:15,420  
follow you well I have a Facebook page

1505  
00:55:20,930 --> 00:55:18,000  
so I'm back in the in the archaic world

1506  
00:55:22,370 --> 00:55:20,940  
of Facebook and um I you know that's

1507  
00:55:23,809 --> 00:55:22,380  
probably the best place and I have a

1508  
00:55:26,809 --> 00:55:23,819  
website which just which is just my

1509  
00:55:30,349 --> 00:55:26,819  
name.com Leslie kane.com last name

1510  
00:55:32,690 --> 00:55:30,359  
spelled k-e-a-n but um my author

1511  
00:55:35,390 --> 00:55:32,700  
Facebook page is kind of where most of

1512  
00:55:38,150 --> 00:55:35,400  
my stuff happens and I I apologize that

1513  
00:55:40,490 --> 00:55:38,160

I'm not on it more

1514

00:55:42,049 --> 00:55:40,500

um you know sometimes I'm just got too

1515

00:55:43,970 --> 00:55:42,059

many things going on and I'm not on it

1516

00:55:45,829 --> 00:55:43,980

all that much but what I like about my

1517

00:55:48,589 --> 00:55:45,839

Facebook page is that we really do get

1518

00:55:50,930 --> 00:55:48,599

into discussions and comments there that

1519

00:55:52,970 --> 00:55:50,940

I feel are very solid and thoughtful and

1520

00:55:56,170 --> 00:55:52,980

people can write longer comments whereas

1521

00:56:02,150 --> 00:55:58,790

people just throw in these sort of quick

1522

00:56:03,650 --> 00:56:02,160

little things and so I feel like I like

1523

00:56:06,890 --> 00:56:03,660

to stay on Facebook because it's more

1524

00:56:08,809 --> 00:56:06,900

it's thoughtful in that way and um I

1525

00:56:11,750 --> 00:56:08,819

think I guess Instagram is even worse

1526

00:56:15,109 --> 00:56:11,760

than Twitter I don't know I just I'm

1527

00:56:17,390 --> 00:56:15,119

like I just um not into the whole social

1528

00:56:19,910 --> 00:56:17,400

media thing very much but I do I do do

1529

00:56:22,130 --> 00:56:19,920

the Facebook thing so I hope people will

1530

00:56:23,630 --> 00:56:22,140

will come on and as soon as we have the

1531

00:56:24,950 --> 00:56:23,640

announcement about the conference as

1532

00:56:27,470 --> 00:56:24,960

soon as they have it

1533

00:56:29,510 --> 00:56:27,480

I will post it on my Facebook page and

1534

00:56:31,609 --> 00:56:29,520

everyone won't find out about it so

1535

00:56:33,470 --> 00:56:31,619

we'll make sure to re-share it and post

1536

00:56:36,410 --> 00:56:33,480

it as well for sure hope you guys for

1537

00:56:38,450 --> 00:56:36,420

having me on it was the time flew by and

1538

00:56:40,910 --> 00:56:38,460

I think you're doing a great podcast I

1539

00:56:43,309 --> 00:56:40,920

really appreciate it and I hope more

1540

00:56:46,190 --> 00:56:43,319

people in Canada will start listening

1541

00:56:47,750 --> 00:56:46,200

yeah I says well thank you so much for

1542

00:56:55,000 --> 00:56:47,760

coming on the show today we appreciate

1543

00:57:04,970 --> 00:57:03,130
