

**JASON
MCCLELLAN**

**UAP STUDIES
PODCAST**

1

00:00:04,550 --> 00:00:02,090

welcome back everybody very fun episode

2

00:00:06,410 --> 00:00:04,560

today uh we've got Jason McLennan a lot

3

00:00:09,049 --> 00:00:06,420

of you have maybe seen him on the Hangar

4

00:00:11,030 --> 00:00:09,059

One the UFO files he was the one of the

5

00:00:13,610 --> 00:00:11,040

main organizers of UFO Congress for five

6

00:00:16,670 --> 00:00:13,620

years very well spoken very level-headed

7

00:00:18,290 --> 00:00:16,680

guy and uh hard to get a definitive

8

00:00:20,210 --> 00:00:18,300

answer out of you know if we sometimes

9

00:00:22,250 --> 00:00:20,220

might try to pin him in a corner he's

10

00:00:24,650 --> 00:00:22,260

very open-minded to the fact that both

11

00:00:25,910 --> 00:00:24,660

sides have legitimate info and it's

12

00:00:28,970 --> 00:00:25,920

going to be tough because we have two

13

00:00:31,910 --> 00:00:28,980

jasons so maybe this Jason will be Jay

14

00:00:33,950 --> 00:00:31,920

and that Jason will be Jason but we'll

15

00:00:35,569 --> 00:00:33,960

do our best to figure it out and uh I'm

16

00:00:37,549 --> 00:00:35,579

excited what about you oh I'm looking

17

00:00:39,590 --> 00:00:37,559

forward to this I have uh this is gonna

18

00:00:41,869 --> 00:00:39,600

be a great episode I believe yes I think

19

00:00:43,910 --> 00:00:41,879

so too so we'll be right back with uh

20

00:00:46,970 --> 00:00:43,920

our next guest Mr Jason McLennan on UAP

21

00:00:50,830 --> 00:00:46,980

studies podcast let's do this

22

00:01:09,070 --> 00:01:04,640

[Music]

23

00:01:13,310 --> 00:01:11,270

welcome back to another episode of UAP

24

00:01:15,230 --> 00:01:13,320

studies podcast I am Louis Borges

25

00:01:17,690 --> 00:01:15,240

joining me as always my good buddy Jason

26

00:01:19,490 --> 00:01:17,700

Gilman how are you I'm fantastic today

27

00:01:21,050 --> 00:01:19,500

it's a nice day outside I've been

28

00:01:22,370 --> 00:01:21,060

playing a lot of Chess this week but

29

00:01:24,830 --> 00:01:22,380

I've been looking forward to this uh

30

00:01:27,410 --> 00:01:24,840

interview as well so I'm happy to be

31

00:01:29,749 --> 00:01:27,420

here like I always say Sunday we get to

32

00:01:31,850 --> 00:01:29,759

talk about uaps or UFOs is a good Sunday

33

00:01:33,830 --> 00:01:31,860

for sure and the more we talk about

34

00:01:35,330 --> 00:01:33,840

Consciousness and going down the rabbit

35

00:01:37,130 --> 00:01:35,340

hole with this whole UFO thing the more

36

00:01:39,050 --> 00:01:37,140

cerebral we get and I guess chess is

37

00:01:41,390 --> 00:01:39,060

your new outlet for that it's my new

38

00:01:43,249 --> 00:01:41,400

outlet love it so we have a very

39

00:01:44,749 --> 00:01:43,259

cerebral guy in the show today a super

40

00:01:46,850 --> 00:01:44,759

cool guy many of you have seen him on

41

00:01:50,810 --> 00:01:46,860

television shows he's an author a

42

00:01:53,870 --> 00:01:50,820

podcaster TV personality a researcher I

43

00:01:55,730 --> 00:01:53,880

used to be on Hangar One UFO files he

44

00:01:58,130 --> 00:01:55,740

was also the co-star of Roswell the

45

00:02:00,350 --> 00:01:58,140

final verdict and for five years he was

46

00:02:04,670 --> 00:02:00,360

the organizer and Technical producer of

47

00:02:07,190 --> 00:02:04,680

the UFO Congress you know show or you

48

00:02:09,949 --> 00:02:07,200

know event so a guy knows a lot about

49

00:02:11,930 --> 00:02:09,959

the scene and the tour and we want to

50

00:02:13,309 --> 00:02:11,940

kind of get to know him and also what he

51
00:02:14,990 --> 00:02:13,319
thinks of what's been going on in the

52
00:02:17,210 --> 00:02:15,000
last six months and where we're going

53
00:02:19,130 --> 00:02:17,220
from here so a very warm welcome to the

54
00:02:21,530 --> 00:02:19,140
show Mr Jason McLennan

55
00:02:24,350 --> 00:02:21,540
thank you so much guys I am happy to be

56
00:02:26,330 --> 00:02:24,360
here and really looking forward to the

57
00:02:27,830 --> 00:02:26,340
conversation with you guys I know I've

58
00:02:29,930 --> 00:02:27,840
been putting you off for some time now

59
00:02:31,550 --> 00:02:29,940
I'm glad we finally made this happen for

60
00:02:33,410 --> 00:02:31,560
sure and everybody's busy we get that

61
00:02:35,570 --> 00:02:33,420
and ourselves included and uh we're

62
00:02:36,830 --> 00:02:35,580
happy we can make it happen so for those

63
00:02:37,910 --> 00:02:36,840

of our viewers that don't know who you

64

00:02:40,790 --> 00:02:37,920

are maybe tell us a little bit about

65

00:02:42,350 --> 00:02:40,800

yourself and what got you into UFOs and

66

00:02:45,350 --> 00:02:42,360

all this crazy stuff we're talking about

67

00:02:47,869 --> 00:02:45,360

now absolutely I'd be happy to so I've

68

00:02:49,990 --> 00:02:47,879

been going down this rabbit hole for for

69

00:02:53,509 --> 00:02:50,000

many years now it was probably

70

00:02:56,809 --> 00:02:53,519

uh if I think about it now probably 2008

71

00:02:59,390 --> 00:02:56,819

2009 when I started in this field

72

00:03:01,670 --> 00:02:59,400

professionally but I had my first uh

73

00:03:04,430 --> 00:03:01,680

first sighting first personal sighting

74

00:03:05,930 --> 00:03:04,440

in 1997 the Phoenix Lights because I I

75

00:03:08,809 --> 00:03:05,940

live in Phoenix and was fortunate enough

76

00:03:11,630 --> 00:03:08,819

to experience that event for myself

77

00:03:14,330 --> 00:03:11,640

um that wasn't necessarily a catalyst to

78

00:03:17,330 --> 00:03:14,340

start me down this Rabbit Hole uh I was

79

00:03:18,589 --> 00:03:17,340

offered a position actually by a wealthy

80

00:03:21,649 --> 00:03:18,599

individual who wanted to start a company

81

00:03:24,229 --> 00:03:21,659

all about UFOs and extraterrestrials so

82

00:03:26,030 --> 00:03:24,239

I describe to people that UFO fell in my

83

00:03:28,430 --> 00:03:26,040

lap because it literally did I was

84

00:03:31,550 --> 00:03:28,440

offered this opportunity to start a UFO

85

00:03:34,130 --> 00:03:31,560

company and that's what we did so for a

86

00:03:36,530 --> 00:03:34,140

period of seven years or so that was my

87

00:03:39,050 --> 00:03:36,540

full-time profession full-time

88

00:03:40,910 --> 00:03:39,060

investigating and writing about UFOs and

89

00:03:43,550 --> 00:03:40,920

extraterrestrial life that company was

90

00:03:45,830 --> 00:03:43,560

open minds it no longer exists in its uh

91

00:03:47,149 --> 00:03:45,840

you know full form but we published an

92

00:03:48,710 --> 00:03:47,159

internationally distributed print

93

00:03:51,710 --> 00:03:48,720

magazine all about UFOs and

94

00:03:54,289 --> 00:03:51,720

extraterrestrials we produced the

95

00:03:57,170 --> 00:03:54,299

largest annual UFO conference focused on

96

00:03:58,610 --> 00:03:57,180

UFOs and we got that recognized by the

97

00:04:00,589 --> 00:03:58,620

Guinness Book of World Records which was

98

00:04:04,250 --> 00:04:00,599

really cool at the time

99

00:04:06,110 --> 00:04:04,260

um but we we did TV we did video or we

100

00:04:07,490 --> 00:04:06,120

had a video studio in our office so we

101
00:04:10,009 --> 00:04:07,500
got to do a lot of that in the early

102
00:04:12,289 --> 00:04:10,019
days of YouTube and and uh you know

103
00:04:14,449 --> 00:04:12,299
early days of Twitter and Facebook as

104
00:04:16,849 --> 00:04:14,459
well it was an interesting time early

105
00:04:19,009 --> 00:04:16,859
days of social media and thinking back

106
00:04:21,229 --> 00:04:19,019
to how we operated then and how things

107
00:04:24,469 --> 00:04:21,239
things are now we were kind of ahead of

108
00:04:26,210 --> 00:04:24,479
our time but you know it was a a great

109
00:04:28,490 --> 00:04:26,220
experience and with the through the

110
00:04:30,590 --> 00:04:28,500
Congress and through open minds that

111
00:04:32,090 --> 00:04:30,600
really threw me down the rabbit hole

112
00:04:34,969 --> 00:04:32,100
um really threw me into the community

113
00:04:36,350 --> 00:04:34,979

and because of our magazine because of

114

00:04:38,510 --> 00:04:36,360

our conference

115

00:04:40,850 --> 00:04:38,520

I really got to know very quickly and

116

00:04:42,050 --> 00:04:40,860

became fast friends with all of the

117

00:04:43,850 --> 00:04:42,060

leading researchers in the field

118

00:04:45,610 --> 00:04:43,860

everybody wanted to speak at our

119

00:04:47,689 --> 00:04:45,620

conference everybody wanted to be

120

00:04:49,310 --> 00:04:47,699

associated with our magazine everybody

121

00:04:51,590 --> 00:04:49,320

wanted to share their stories and their

122

00:04:54,050 --> 00:04:51,600

research so that was tremendously

123

00:04:57,050 --> 00:04:54,060

helpful for me and definitely got me up

124

00:04:59,689 --> 00:04:57,060

to speed very quickly on this field the

125

00:05:01,430 --> 00:04:59,699

history of it and uh and the future of

126

00:05:03,230 --> 00:05:01,440

it as well it must have been a great

127

00:05:05,330 --> 00:05:03,240

feeling to have these people reach out

128

00:05:07,850 --> 00:05:05,340

to you and and want to be part of this

129

00:05:09,590 --> 00:05:07,860

and you know I don't know if it was

130

00:05:10,969 --> 00:05:09,600

immediate when you guys started or if

131

00:05:13,490 --> 00:05:10,979

it's something that grew naturally over

132

00:05:15,170 --> 00:05:13,500

time but that must have been you know

133

00:05:16,850 --> 00:05:15,180

quite flattering to have all these

134

00:05:19,430 --> 00:05:16,860

people just say hey I want to be part of

135

00:05:21,590 --> 00:05:19,440

this absolutely I mean it was it was

136

00:05:23,990 --> 00:05:21,600

such an incredible experience and a

137

00:05:25,730 --> 00:05:24,000

great position to be in and at the time

138

00:05:28,850 --> 00:05:25,740

you know and I think back on this quite

139

00:05:31,430 --> 00:05:28,860

often but at the time you know I was

140

00:05:32,930 --> 00:05:31,440

hearing about and and learning about

141

00:05:35,570 --> 00:05:32,940

these people for the very first time

142

00:05:38,210 --> 00:05:35,580

because I was very new to to researching

143

00:05:40,550 --> 00:05:38,220

this field so at the time you know I

144

00:05:43,129 --> 00:05:40,560

don't think I fully appreciated a lot of

145

00:05:45,050 --> 00:05:43,139

that but uh you know I I grew to

146

00:05:47,990 --> 00:05:45,060

appreciate it very quickly and I think

147

00:05:49,969 --> 00:05:48,000

fondly back on that time uh quite quite

148

00:05:52,249 --> 00:05:49,979

often and when you first started were

149

00:05:55,490 --> 00:05:52,259

you a Believer or would did you become a

150

00:05:58,730 --> 00:05:55,500

Believer through the investigations

151

00:06:02,150 --> 00:05:58,740

well as you guys very well know

152

00:06:04,730 --> 00:06:02,160

um you spend more time in this and man

153

00:06:06,230 --> 00:06:04,740

your eyes open open wider you start

154

00:06:08,570 --> 00:06:06,240

exploring

155

00:06:10,310 --> 00:06:08,580

a whole other worlds that you didn't

156

00:06:13,070 --> 00:06:10,320

even consider when you started you know

157

00:06:15,110 --> 00:06:13,080

it starts off as as just lights in the

158

00:06:18,290 --> 00:06:15,120

sky and then spirals out of control from

159

00:06:20,210 --> 00:06:18,300

there so it definitely opened up an

160

00:06:22,969 --> 00:06:20,220

entirely new world to me that I didn't

161

00:06:26,029 --> 00:06:22,979

even know existed in terms of how how

162

00:06:28,129 --> 00:06:26,039

broad this topic really can get right

163

00:06:31,909 --> 00:06:28,139

um you know I started out looking and

164

00:06:33,650 --> 00:06:31,919

I'd had UFO sightings before and and to

165

00:06:36,230 --> 00:06:33,660

me I always had an interest a strong

166

00:06:38,629 --> 00:06:36,240

interest in in space in extraterrestrial

167

00:06:40,550 --> 00:06:38,639

life in in sci-fi it was a big sci-fi

168

00:06:43,129 --> 00:06:40,560

geek I still am you know I grew up

169

00:06:45,950 --> 00:06:43,139

watching Star Wars and Star Trek

170

00:06:48,170 --> 00:06:45,960

um so I had that Fascination and that uh

171

00:06:50,330 --> 00:06:48,180

that desire to know about the mysteries

172

00:06:52,730 --> 00:06:50,340

of the universe and just just

173

00:06:54,170 --> 00:06:52,740

contemplating life elsewhere to me that

174

00:06:56,029 --> 00:06:54,180

was always a no-brainer that the

175

00:06:57,590 --> 00:06:56,039

universe is teeming with life

176
00:06:59,870 --> 00:06:57,600
um and I grew up in a place where I had

177
00:07:02,510 --> 00:06:59,880
a fantastic view of the night sky so I

178
00:07:03,770 --> 00:07:02,520
could Skywatch to my heart's content I

179
00:07:05,990 --> 00:07:03,780
always saw strange things zipping

180
00:07:08,029 --> 00:07:06,000
through the sky and at the time didn't

181
00:07:10,550 --> 00:07:08,039
know necessarily think much more of it

182
00:07:12,650 --> 00:07:10,560
other than wow that's bizarre I really

183
00:07:15,529 --> 00:07:12,660
wonder what that is you know I had that

184
00:07:17,450 --> 00:07:15,539
Curiosity but when I started in the UFO

185
00:07:19,189 --> 00:07:17,460
field professionally that's when I

186
00:07:21,950 --> 00:07:19,199
really started thinking back on on times

187
00:07:23,990 --> 00:07:21,960
for my my childhood and growing up and

188
00:07:26,990 --> 00:07:24,000

and that influenced me going forward

189

00:07:29,029 --> 00:07:27,000

with research really contemplating

190

00:07:31,249 --> 00:07:29,039

possibilities

191

00:07:33,170 --> 00:07:31,259

have you noticed any changes from when

192

00:07:34,610 --> 00:07:33,180

you first started doing this and you

193

00:07:37,029 --> 00:07:34,620

know the conference scene and then I

194

00:07:40,309 --> 00:07:37,039

guess 2017 happens and all the whole

195

00:07:42,950 --> 00:07:40,319

disclosure movement since then anything

196

00:07:44,570 --> 00:07:42,960

notable from before and now or either in

197

00:07:45,950 --> 00:07:44,580

people's perceptions or how we're

198

00:07:49,670 --> 00:07:45,960

treating each other

199

00:07:52,189 --> 00:07:49,680

it's a really difficult thing to try to

200

00:07:54,230 --> 00:07:52,199

compare different time periods because

201
00:07:55,790 --> 00:07:54,240
as I alluded to earlier

202
00:07:58,189 --> 00:07:55,800
um social media really changed the

203
00:08:00,110 --> 00:07:58,199
landscape you know not just for UFOs for

204
00:08:02,510 --> 00:08:00,120
everything we now have this stream of

205
00:08:04,490 --> 00:08:02,520
Consciousness that we we get to peer

206
00:08:08,749 --> 00:08:04,500
into everybody's lives and everybody's

207
00:08:11,809 --> 00:08:08,759
brains all the time so you know I don't

208
00:08:14,330 --> 00:08:11,819
know it just it makes research and and

209
00:08:15,650 --> 00:08:14,340
trying to gauge public reaction and

210
00:08:19,850 --> 00:08:15,660
things like that a totally different

211
00:08:22,850 --> 00:08:19,860
ball game so I mean comparing now even

212
00:08:24,650 --> 00:08:22,860
10 years ago its world's different just

213
00:08:26,930 --> 00:08:24,660

how how it

214

00:08:29,570 --> 00:08:26,940

seemingly how people are reacting to

215

00:08:31,369 --> 00:08:29,580

this and how they're accepting it

216

00:08:34,670 --> 00:08:31,379

um to what it was then but it's it's

217

00:08:37,130 --> 00:08:34,680

really difficult to gauge because social

218

00:08:39,110 --> 00:08:37,140

media was was still in its infancy when

219

00:08:39,949 --> 00:08:39,120

we when we were doing this

220

00:08:42,889 --> 00:08:39,959

um

221

00:08:45,050 --> 00:08:42,899

so I don't know it's hard to hard to

222

00:08:47,269 --> 00:08:45,060

kind of play the game now and and see

223

00:08:48,710 --> 00:08:47,279

how different it is yeah even the

224

00:08:50,090 --> 00:08:48,720

experts I mean they've changed their

225

00:08:51,949 --> 00:08:50,100

minds a dozen times at least the

226

00:08:54,110 --> 00:08:51,959

open-minded humble ones guys like shot

227

00:08:55,730 --> 00:08:54,120

file a and that that sort of thing but

228

00:08:57,410 --> 00:08:55,740

absolutely and I think that's a

229

00:08:59,449 --> 00:08:57,420

requirement I mean we're dealing with

230

00:09:01,610 --> 00:08:59,459

the unknown and when you're dealing with

231

00:09:04,009 --> 00:09:01,620

the unknown this is an individual

232

00:09:06,410 --> 00:09:04,019

Journey for everybody yes I think team

233

00:09:08,389 --> 00:09:06,420

efforts are fantastic they have their

234

00:09:11,090 --> 00:09:08,399

value and their place but ultimately

235

00:09:13,610 --> 00:09:11,100

when it comes to things like UFOs that

236

00:09:15,829 --> 00:09:13,620

when we get down to the nitty-gritty the

237

00:09:18,410 --> 00:09:15,839

large majority of it we don't have

238

00:09:20,750 --> 00:09:18,420

concrete evidence we don't have proof

239

00:09:22,670 --> 00:09:20,760

that we would all like it comes down to

240

00:09:25,009 --> 00:09:22,680

personal belief and we each have to

241

00:09:26,389 --> 00:09:25,019

decide what pieces of evidence we're

242

00:09:28,190 --> 00:09:26,399

going to accept how much weight we're

243

00:09:30,230 --> 00:09:28,200

going to give those and where that's

244

00:09:33,050 --> 00:09:30,240

going to fit into our personal beliefs

245

00:09:34,190 --> 00:09:33,060

right yeah if we get some some bad and I

246

00:09:36,350 --> 00:09:34,200

shouldn't say bad heat but people

247

00:09:38,570 --> 00:09:36,360

complain and say it's not UAP that's a

248

00:09:39,889 --> 00:09:38,580

stupid acronym they're UFOs and

249

00:09:43,490 --> 00:09:39,899

Consciousness has nothing to do with

250

00:09:45,170 --> 00:09:43,500

UFOs and that's great until it's

251
00:09:46,790 --> 00:09:45,180
potentially not true and then you've got

252
00:09:48,710 --> 00:09:46,800
to open your mind to that you know so

253
00:09:51,769 --> 00:09:48,720
yeah I think some people want it to be

254
00:09:53,389 --> 00:09:51,779
ufology from the 70s you know it's uh

255
00:09:55,009 --> 00:09:53,399
it's nuts and bolts and that's about all

256
00:09:56,570 --> 00:09:55,019
it is but the more you go down the

257
00:09:58,730 --> 00:09:56,580
rabbit hole the more information we

258
00:10:00,769 --> 00:09:58,740
learn and the more Quantum level this

259
00:10:02,750 --> 00:10:00,779
seems to become you're going to prevent

260
00:10:05,150 --> 00:10:02,760
yourself from growing and Jason made a

261
00:10:07,190 --> 00:10:05,160
good point you know um a few weeks ago I

262
00:10:09,590 --> 00:10:07,200
think you said that the whole study of

263
00:10:12,470 --> 00:10:09,600

ufology as it is now it's actually going

264

00:10:15,050 --> 00:10:12,480

to help us get there you know on a brain

265

00:10:16,430 --> 00:10:15,060

level you know like it's good food and

266

00:10:18,470 --> 00:10:16,440

like these are like mathematical

267

00:10:20,570 --> 00:10:18,480

problems but they're you know the big

268

00:10:22,970 --> 00:10:20,580

questions who am I why am I here where

269

00:10:24,889 --> 00:10:22,980

am I going are there others that is

270

00:10:27,050 --> 00:10:24,899

going to help us as a species to grow

271

00:10:29,030 --> 00:10:27,060

and kind of enrich our brains to get

272

00:10:31,310 --> 00:10:29,040

that that we're seeking so take the

273

00:10:32,930 --> 00:10:31,320

blinders off don't be scared uh to step

274

00:10:34,190 --> 00:10:32,940

outside your comfort zone that seems to

275

00:10:36,710 --> 00:10:34,200

be the message we're getting from a lot

276

00:10:38,690 --> 00:10:36,720

of our guests yeah not only that but the

277

00:10:40,670 --> 00:10:38,700

craft seem to operate on a Consciousness

278

00:10:42,590 --> 00:10:40,680

level as well we've talked talk to a few

279

00:10:44,870 --> 00:10:42,600

people and it's like even some people

280

00:10:46,550 --> 00:10:44,880

said I flew the craft okay how did you

281

00:10:48,889 --> 00:10:46,560

fly the craft was what through my

282

00:10:51,590 --> 00:10:48,899

Consciousness like I was the craft I was

283

00:10:53,030 --> 00:10:51,600

able to that's mind-blowing to me like

284

00:10:54,710 --> 00:10:53,040

you know the more that we researched

285

00:10:56,449 --> 00:10:54,720

into different things and even you

286

00:10:58,790 --> 00:10:56,459

mentioned earlier that you got into

287

00:11:01,490 --> 00:10:58,800

different things uh you know we get into

288

00:11:03,410 --> 00:11:01,500

Cryptids we get into Bigfoot all things

289

00:11:05,810 --> 00:11:03,420

that I thought I would never talk or

290

00:11:08,389 --> 00:11:05,820

touch about you know or talk about or

291

00:11:10,370 --> 00:11:08,399

touch on I should say uh I ended up

292

00:11:13,490 --> 00:11:10,380

touching Bigfoot again I've been you

293

00:11:16,130 --> 00:11:13,500

know it's I can't help myself man I

294

00:11:17,630 --> 00:11:16,140

can't help myself oh but no it's all

295

00:11:20,210 --> 00:11:17,640

it's all given the opportunity I would

296

00:11:21,650 --> 00:11:20,220

touch Bigfoot too myself I'm a little

297

00:11:23,630 --> 00:11:21,660

bit worried I think that thing would get

298

00:11:25,190 --> 00:11:23,640

pissed and just rip off an arm or

299

00:11:27,530 --> 00:11:25,200

something like a Wookiee right or really

300

00:11:30,050 --> 00:11:27,540

like it or yeah either or you're in

301

00:11:32,210 --> 00:11:30,060

trouble yeah you're in trouble either

302

00:11:33,710 --> 00:11:32,220

way yeah yeah exactly

303

00:11:36,170 --> 00:11:33,720

um but yeah I know we got into different

304

00:11:39,050 --> 00:11:36,180

stuff uh the Cryptids and you know we've

305

00:11:41,030 --> 00:11:39,060

been talking with uh George uh Knapp and

306

00:11:42,829 --> 00:11:41,040

he's talking about like how he carried

307

00:11:44,329 --> 00:11:42,839

some stuff home with him from Skinwalker

308

00:11:46,550 --> 00:11:44,339

Ranch you're like I don't think he's

309

00:11:48,350 --> 00:11:46,560

making that up like it's George an app

310

00:11:49,550 --> 00:11:48,360

for crying out loud like he's Nikon I

311

00:11:52,090 --> 00:11:49,560

don't think he'd ruined his reputation

312

00:11:54,889 --> 00:11:52,100

by saying something like that right so

313

00:11:56,930 --> 00:11:54,899

have you delved much I know you've

314

00:11:59,449 --> 00:11:56,940

delved a lot into the other subjects to

315

00:12:01,670 --> 00:11:59,459

the Cryptids and Bigfoot and all that do

316

00:12:02,829 --> 00:12:01,680

you think they're all related in some

317

00:12:06,590 --> 00:12:02,839

way

318

00:12:08,509 --> 00:12:06,600

you know if you go down this path of

319

00:12:10,069 --> 00:12:08,519

researching the unknown the mysteries of

320

00:12:12,050 --> 00:12:10,079

the universe

321

00:12:15,290 --> 00:12:12,060

you have to come to the point where

322

00:12:16,790 --> 00:12:15,300

that's part of your your research you

323

00:12:19,610 --> 00:12:16,800

have to be able to consider the

324

00:12:21,290 --> 00:12:19,620

possibility right that they are right

325

00:12:23,329 --> 00:12:21,300

everything is on the table when you're

326

00:12:25,370 --> 00:12:23,339

dealing with the unknown everything is

327

00:12:27,949 --> 00:12:25,380

possible you can't cross it off the list

328

00:12:29,569 --> 00:12:27,959

until you can cross it off the list so I

329

00:12:32,569 --> 00:12:29,579

always entertain all possibilities

330

00:12:34,190 --> 00:12:32,579

absolutely yeah because it seems to be

331

00:12:36,310 --> 00:12:34,200

you know wherever there's Bigfoot

332

00:12:40,009 --> 00:12:36,320

sightings there's also UAP sightings

333

00:12:42,350 --> 00:12:40,019

here in British Columbia we have a town

334

00:12:44,030 --> 00:12:42,360

Harrison that is celebrates Bigfoot and

335

00:12:46,250 --> 00:12:44,040

they say that you know the natives there

336

00:12:48,170 --> 00:12:46,260

say they see them all the time we also

337

00:12:50,750 --> 00:12:48,180

have a lot of UAP activity in the area

338

00:12:52,670 --> 00:12:50,760

so it seems to be a correlation between

339

00:12:54,290 --> 00:12:52,680

the two or at least they're whatever's

340

00:12:56,449 --> 00:12:54,300

going on is attracting the both of them

341

00:12:58,430 --> 00:12:56,459

if they're not related at least there's

342

00:13:01,190 --> 00:12:58,440

something there a commonality that uh

343

00:13:03,290 --> 00:13:01,200

that they have in common

344

00:13:05,210 --> 00:13:03,300

yeah it's fascinating when you look into

345

00:13:07,190 --> 00:13:05,220

some of these these seemingly

346

00:13:08,329 --> 00:13:07,200

correlating events

347

00:13:10,870 --> 00:13:08,339

um and it's hard not to draw those

348

00:13:13,490 --> 00:13:10,880

conclusions right but but you know

349

00:13:15,889 --> 00:13:13,500

things like that are what keep this this

350

00:13:17,990 --> 00:13:15,899

looking into the unknown so fascinating

351
00:13:20,810 --> 00:13:18,000
and intriguing for me right they're

352
00:13:23,870 --> 00:13:20,820
they're just the head scratchers always

353
00:13:26,690 --> 00:13:23,880
and you know like James Fox Said and so

354
00:13:27,889 --> 00:13:26,700
many other researchers say the more the

355
00:13:30,170 --> 00:13:27,899
more time you spend on this field the

356
00:13:33,170 --> 00:13:30,180
less you know because you start

357
00:13:34,790 --> 00:13:33,180
discovering these these additional paths

358
00:13:37,970 --> 00:13:34,800
that go this way and the paths that go

359
00:13:39,530 --> 00:13:37,980
this way and it just becomes even more

360
00:13:42,110 --> 00:13:39,540
mind-boggling if that's even possible

361
00:13:44,329 --> 00:13:42,120
yeah and in terms of information coming

362
00:13:46,250 --> 00:13:44,339
down like let's chat about governments

363
00:13:47,990 --> 00:13:46,260

and sort of UFO Congress and what's

364

00:13:50,449 --> 00:13:48,000

going on do you have any thoughts about

365

00:13:52,190 --> 00:13:50,459

that do you think it's uh are we getting

366

00:13:54,410 --> 00:13:52,200

anywhere or is this just something to

367

00:13:55,970 --> 00:13:54,420

please the masses and then sweep it

368

00:13:58,250 --> 00:13:55,980

under the rug for another 70 years again

369

00:14:00,410 --> 00:13:58,260

do you have any comments on that

370

00:14:02,449 --> 00:14:00,420

sure and all I can do is speculate but

371

00:14:04,370 --> 00:14:02,459

my my personal thought on that is I I

372

00:14:06,829 --> 00:14:04,380

don't think there's any Grand conspiracy

373

00:14:09,350 --> 00:14:06,839

there uh on on the side of the

374

00:14:11,930 --> 00:14:09,360

government and I don't think there's any

375

00:14:15,230 --> 00:14:11,940

need a feeling of need by the government

376

00:14:17,269 --> 00:14:15,240

to please anybody certainly not UFO the

377

00:14:20,449 --> 00:14:17,279

UFO crowd I don't think they they give a

378

00:14:22,009 --> 00:14:20,459

but ultimately you know in in this

379

00:14:24,889 --> 00:14:22,019

particular situation and it's happened

380

00:14:27,350 --> 00:14:24,899

before I think members of Congress are

381

00:14:29,389 --> 00:14:27,360

just like we are they are curious about

382

00:14:31,009 --> 00:14:29,399

the same things we are so if you have

383

00:14:34,190 --> 00:14:31,019

people who are who are curious about

384

00:14:36,230 --> 00:14:34,200

UFOs and these interesting anomalous

385

00:14:38,449 --> 00:14:36,240

events that are happening and you have

386

00:14:40,250 --> 00:14:38,459

people come in and tell you

387

00:14:41,810 --> 00:14:40,260

look you need to look into this because

388

00:14:43,550 --> 00:14:41,820

this is a big issue and we're under

389

00:14:45,230 --> 00:14:43,560

attack and we need help and nobody's

390

00:14:46,490 --> 00:14:45,240

doing anything about it of course

391

00:14:48,350 --> 00:14:46,500

they're going to go well that's

392

00:14:49,850 --> 00:14:48,360

interesting I never heard about that we

393

00:14:51,530 --> 00:14:49,860

need to look into this this sounds

394

00:14:53,389 --> 00:14:51,540

urgent they're going to go through the

395

00:14:55,310 --> 00:14:53,399

motions do their due diligence and in

396

00:14:57,290 --> 00:14:55,320

the end I believe they're going to come

397

00:14:59,389 --> 00:14:57,300

to the same conclusion that everybody

398

00:15:02,269 --> 00:14:59,399

else who has done this government or not

399

00:15:04,389 --> 00:15:02,279

has concluded and that is yeah there's

400

00:15:06,829 --> 00:15:04,399

something there we don't know what it is

401
00:15:09,410 --> 00:15:06,839
and we can throw all the money in the

402
00:15:11,150 --> 00:15:09,420
world studying this and looking into it

403
00:15:12,470 --> 00:15:11,160
we're not going to come up with a

404
00:15:14,509 --> 00:15:12,480
conclusion we're going to be able to say

405
00:15:16,129 --> 00:15:14,519
yeah there's stuff there some of it

406
00:15:18,769 --> 00:15:16,139
might be related most of it is not

407
00:15:21,230 --> 00:15:18,779
related most incidents are Standalone

408
00:15:23,329 --> 00:15:21,240
things that you can't say well we solve

409
00:15:26,090 --> 00:15:23,339
this that answers all of this because

410
00:15:28,189 --> 00:15:26,100
they're all individual and unique

411
00:15:30,470 --> 00:15:28,199
situations so

412
00:15:32,629 --> 00:15:30,480
it's a futile effort and I know that's

413
00:15:34,189 --> 00:15:32,639

frustrating for for people like us who

414

00:15:36,110 --> 00:15:34,199

research this and are very interested in

415

00:15:38,210 --> 00:15:36,120

finding answers I don't think those

416

00:15:39,769 --> 00:15:38,220

answers will ever be found right I think

417

00:15:41,990 --> 00:15:39,779

we can find information here and there

418

00:15:44,629 --> 00:15:42,000

and we can help sort of build our own

419

00:15:46,610 --> 00:15:44,639

personal beliefs but in the end finding

420

00:15:48,410 --> 00:15:46,620

concrete answers about any of this I

421

00:15:52,610 --> 00:15:48,420

think it's a feudal attempt that's why

422

00:15:55,009 --> 00:15:52,620

UFO studies are so damn frustrating and

423

00:15:57,590 --> 00:15:55,019

why so many people end up just throwing

424

00:15:59,930 --> 00:15:57,600

tossing the Hat in and saying that's it

425

00:16:01,850 --> 00:15:59,940

can't do it anymore you know we saw that

426

00:16:03,230 --> 00:16:01,860

with the Air Force too and and I get it

427

00:16:06,110 --> 00:16:03,240

I mean people like to give the Air Force

428

00:16:07,930 --> 00:16:06,120

a lot of but they did invest you

429

00:16:10,189 --> 00:16:07,940

know a couple decades into actually

430

00:16:12,590 --> 00:16:10,199

investigating like going out doing field

431

00:16:15,290 --> 00:16:12,600

investigations and not just in military

432

00:16:16,850 --> 00:16:15,300

training ranges like the little fake

433

00:16:20,030 --> 00:16:16,860

investigation they're pretending to do

434

00:16:23,150 --> 00:16:20,040

right now but actual civilian sightings

435

00:16:24,949 --> 00:16:23,160

too trying to trying to do a study and

436

00:16:26,629 --> 00:16:24,959

then ultimately concluding yeah these

437

00:16:28,610 --> 00:16:26,639

things are real we don't know what they

438

00:16:31,250 --> 00:16:28,620

are we can solve most of them there's a

439

00:16:33,410 --> 00:16:31,260

small percentage that absolutely have no

440

00:16:34,970 --> 00:16:33,420

explanation but we're not going to be

441

00:16:36,949 --> 00:16:34,980

able to conclude anything if we continue

442

00:16:38,689 --> 00:16:36,959

this research you want to give us more

443

00:16:40,490 --> 00:16:38,699

money that's great but it's kind of a

444

00:16:42,050 --> 00:16:40,500

futile attempt at this point so they've

445

00:16:44,090 --> 00:16:42,060

already given an answer and people want

446

00:16:45,590 --> 00:16:44,100

the Air Force to chime in again

447

00:16:47,509 --> 00:16:45,600

because they didn't like the answer they

448

00:16:48,949 --> 00:16:47,519

was given the first time but the answer

449

00:16:51,290 --> 00:16:48,959

is going to be the same that's my

450

00:16:52,850 --> 00:16:51,300

opinion and what about the threat you

451
00:16:55,129 --> 00:16:52,860
know the threat narratives that a lot of

452
00:16:56,930 --> 00:16:55,139
people some believe it is a threat some

453
00:16:58,370 --> 00:16:56,940
don't some have varying opinions on that

454
00:16:59,509 --> 00:16:58,380
what are your thoughts

455
00:17:03,230 --> 00:16:59,519
well

456
00:17:06,530 --> 00:17:03,240
I I and I've always felt this way that

457
00:17:08,270 --> 00:17:06,540
it's obviously a threat when you have an

458
00:17:11,329 --> 00:17:08,280
aerial object that you can't identify

459
00:17:13,669 --> 00:17:11,339
right that's what makes a threat it

460
00:17:16,189 --> 00:17:13,679
poses a threat to to any sort of air

461
00:17:18,230 --> 00:17:16,199
traffic civilian or military

462
00:17:20,270 --> 00:17:18,240
um you have no idea what it is or what

463
00:17:22,610 --> 00:17:20,280

its intentions are what what sort of

464

00:17:25,250 --> 00:17:22,620

what sort of business it's up to so yes

465

00:17:26,630 --> 00:17:25,260

in in that sense it's a threat just like

466

00:17:28,069 --> 00:17:26,640

a swimming pool is a threat if you don't

467

00:17:29,510 --> 00:17:28,079

have a pool around it and your kid's

468

00:17:32,630 --> 00:17:29,520

running around right I mean there are

469

00:17:35,510 --> 00:17:32,640

threats but at the same time

470

00:17:38,450 --> 00:17:35,520

we do have things in place to deal with

471

00:17:40,549 --> 00:17:38,460

those threats when there are unknowns in

472

00:17:43,250 --> 00:17:40,559

our airspace

473

00:17:45,289 --> 00:17:43,260

the FAA does investigate they do

474

00:17:47,210 --> 00:17:45,299

scramble military fighter jets to go try

475

00:17:49,610 --> 00:17:47,220

to intercept those objects these things

476
00:17:52,490 --> 00:17:49,620
happen that's already the Mandate of the

477
00:17:53,750 --> 00:17:52,500
Air Force the Navy they already do these

478
00:17:55,970 --> 00:17:53,760
things it's not something that needs to

479
00:17:57,169 --> 00:17:55,980
be created and reinvent the wheel yeah

480
00:17:59,630 --> 00:17:57,179
we don't hear about it because they're

481
00:18:01,669 --> 00:17:59,640
not saying we chase down a UFO

482
00:18:03,710 --> 00:18:01,679
that's just part of what they do that's

483
00:18:06,230 --> 00:18:03,720
why they exist so it's part of operating

484
00:18:08,510 --> 00:18:06,240
procedures already but you know

485
00:18:10,490 --> 00:18:08,520
lobbyists have created this big issue

486
00:18:11,990 --> 00:18:10,500
saying that oh no the military is under

487
00:18:13,850 --> 00:18:12,000
attack and they can't defend themselves

488
00:18:15,770 --> 00:18:13,860

it's not the military coming to Congress

489

00:18:17,390 --> 00:18:15,780

saying help us we're under attack we

490

00:18:19,190 --> 00:18:17,400

don't know what to do these are

491

00:18:21,650 --> 00:18:19,200

lobbyists saying there's an issue not

492

00:18:22,909 --> 00:18:21,660

the military so we have to think about

493

00:18:25,190 --> 00:18:22,919

that too

494

00:18:27,110 --> 00:18:25,200

not trying to play The Conspiracy game

495

00:18:28,970 --> 00:18:27,120

here but you do have to look at the

496

00:18:30,890 --> 00:18:28,980

facts that we have and see what's

497

00:18:32,270 --> 00:18:30,900

actually taking place right the military

498

00:18:35,690 --> 00:18:32,280

does

499

00:18:37,490 --> 00:18:35,700

deal with unknowns and that's just part

500

00:18:39,049 --> 00:18:37,500

of what they do it might not be the

501
00:18:40,430 --> 00:18:39,059
information we want we want more

502
00:18:42,049 --> 00:18:40,440
information for them sharing everything

503
00:18:44,330 --> 00:18:42,059
about what they're doing in these

504
00:18:46,549 --> 00:18:44,340
situations and yeah it's pretty freaky

505
00:18:48,890 --> 00:18:46,559
when they go and try to intercept and

506
00:18:51,710 --> 00:18:48,900
unknown they still can't identify that

507
00:18:54,110 --> 00:18:51,720
unknown and the unknown outmaneuvers and

508
00:18:56,930 --> 00:18:54,120
escapes are attempts to intercept it

509
00:18:58,370 --> 00:18:56,940
that is pretty darn alarming and I think

510
00:18:59,990 --> 00:18:58,380
everybody should be concerned about that

511
00:19:03,049 --> 00:19:00,000
so I do think those issues need to be

512
00:19:05,330 --> 00:19:03,059
highlighted military procedures and and

513
00:19:06,830 --> 00:19:05,340

civilian two and other other branches of

514

00:19:09,590 --> 00:19:06,840

government to the FAA and things

515

00:19:11,930 --> 00:19:09,600

procedures need to be really addressed

516

00:19:14,390 --> 00:19:11,940

because as we hear with FAA audio that's

517

00:19:17,630 --> 00:19:14,400

released in some of these situations

518

00:19:19,190 --> 00:19:17,640

people really don't they're not trained

519

00:19:21,470 --> 00:19:19,200

to deal with this it's not an everyday

520

00:19:22,970 --> 00:19:21,480

occurrence yes UFOs are seen every day

521

00:19:26,390 --> 00:19:22,980

all around the world by people from all

522

00:19:29,750 --> 00:19:26,400

walks of life but situations where there

523

00:19:31,850 --> 00:19:29,760

are FAA involvement military involvement

524

00:19:34,190 --> 00:19:31,860

that doesn't happen all the time so when

525

00:19:36,529 --> 00:19:34,200

it does you hear these people scratching

526

00:19:38,510 --> 00:19:36,539

their heads calling around to all sorts

527

00:19:41,210 --> 00:19:38,520

of different people trying to figure out

528

00:19:43,130 --> 00:19:41,220

what do we do what's the procedure right

529

00:19:44,690 --> 00:19:43,140

I think they really need to focus on

530

00:19:46,630 --> 00:19:44,700

that and get people up to speed because

531

00:19:48,830 --> 00:19:46,640

there's a lot of stuff in our airspace

532

00:19:50,570 --> 00:19:48,840

it's like the threat is that the pilot

533

00:19:52,730 --> 00:19:50,580

is going to make a mistake not that the

534

00:19:54,590 --> 00:19:52,740

UAP is going to take out the plane I

535

00:19:55,909 --> 00:19:54,600

mean with that kind of maneuverability I

536

00:19:58,070 --> 00:19:55,919

doubt they're just going to accidentally

537

00:20:00,529 --> 00:19:58,080

crash into one of our Jets you know like

538

00:20:03,169 --> 00:20:00,539

it would be pretty ridiculous but yeah

539

00:20:04,669 --> 00:20:03,179

to your point if we Panic then that is

540

00:20:06,950 --> 00:20:04,679

an inherent threat especially if you're

541

00:20:08,090 --> 00:20:06,960

a passenger jet pilot or something like

542

00:20:11,590 --> 00:20:08,100

that right

543

00:20:13,730 --> 00:20:11,600

sure absolutely and and any sort of

544

00:20:15,350 --> 00:20:13,740

I don't know it's it's a dangerous game

545

00:20:17,570 --> 00:20:15,360

to play It's A Hard game to play because

546

00:20:20,150 --> 00:20:17,580

again there is a lot of stuff just

547

00:20:22,370 --> 00:20:20,160

including trash you know in our skies

548

00:20:25,070 --> 00:20:22,380

um even things like you know drones and

549

00:20:28,730 --> 00:20:25,080

balloons things like that the the unsexy

550

00:20:31,190 --> 00:20:28,740

UFOs that are a tremendous threat to

551
00:20:34,490 --> 00:20:31,200
you know our our pilots and and traffic

552
00:20:36,950 --> 00:20:34,500
in the air the UK has a great and many

553
00:20:38,390 --> 00:20:36,960
countries do but the UK has a an

554
00:20:40,909 --> 00:20:38,400
organization called the air prox board

555
00:20:43,549 --> 00:20:40,919
and that is their sole responsibility to

556
00:20:46,010 --> 00:20:43,559
investigate near near misses

557
00:20:47,750 --> 00:20:46,020
um and and safety issues in the sky and

558
00:20:49,430 --> 00:20:47,760
so they they have a lot of interesting

559
00:20:51,350 --> 00:20:49,440
cases where they investigate these

560
00:20:52,789 --> 00:20:51,360
things where sometimes objects do come

561
00:20:54,350 --> 00:20:52,799
in contact with planes you know there

562
00:20:56,210 --> 00:20:54,360
you'll see the photos of like the nose

563
00:20:58,850 --> 00:20:56,220

cones dented in where they hit something

564

00:21:00,650 --> 00:20:58,860

you know whether it's a bird or or not

565

00:21:03,470 --> 00:21:00,660

there was one interesting case from many

566

00:21:06,529 --> 00:21:03,480

years ago where there was a a shark they

567

00:21:08,690 --> 00:21:06,539

had a shark-shaped UFO uh that caused a

568

00:21:10,610 --> 00:21:08,700

a big big hullabaloo with a commercial

569

00:21:12,770 --> 00:21:10,620

airline pilot and they were seeing this

570

00:21:14,150 --> 00:21:12,780

over over an airport in the UK and it

571

00:21:16,850 --> 00:21:14,160

turned out to be this remote control

572

00:21:19,010 --> 00:21:16,860

shark balloon a shark-shaped balloon

573

00:21:20,450 --> 00:21:19,020

it's called an air swimmer that is a

574

00:21:22,970 --> 00:21:20,460

shark that swims through the sky and you

575

00:21:24,830 --> 00:21:22,980

can control it with a remote control and

576

00:21:26,570 --> 00:21:24,840

who would suspect a shark to be in the

577

00:21:28,070 --> 00:21:26,580

sky right so very very confusing hard to

578

00:21:30,590 --> 00:21:28,080

identify hard for the pilots to figure

579

00:21:32,930 --> 00:21:30,600

out what it was but it was from

580

00:21:34,310 --> 00:21:32,940

somebody's birthday and it it uh you

581

00:21:35,690 --> 00:21:34,320

know went too high and got out of range

582

00:21:37,970 --> 00:21:35,700

of the remote control and just kind of

583

00:21:39,710 --> 00:21:37,980

went went AWOL but uh you know things

584

00:21:42,049 --> 00:21:39,720

like that happen but even though those

585

00:21:43,789 --> 00:21:42,059

are the unsexy UFOs they still pose a

586

00:21:45,590 --> 00:21:43,799

tremendous threat that's why there are

587

00:21:48,710 --> 00:21:45,600

restrictions on airspace and where

588

00:21:51,409 --> 00:21:48,720

people can fly things like drones uh but

589

00:21:55,250 --> 00:21:51,419

you know that's just one little element

590

00:21:58,610 --> 00:21:55,260

then we deal with the more unknown UFOs

591

00:22:00,409 --> 00:21:58,620

and you know game on I mean any

592

00:22:01,909 --> 00:22:00,419

anything's a possibility that's why it

593

00:22:04,310 --> 00:22:01,919

has to be viewed as a threat and those

594

00:22:08,090 --> 00:22:04,320

things have to be addressed now there's

595

00:22:11,570 --> 00:22:08,100

a lot of um critics that we need in

596

00:22:13,190 --> 00:22:11,580

ufology or the study of uaps because the

597

00:22:15,830 --> 00:22:13,200

thing is it's very easy for us to get

598

00:22:19,310 --> 00:22:15,840

swept along with a story or swept along

599

00:22:21,049 --> 00:22:19,320

with a theory so having people like Mick

600

00:22:24,830 --> 00:22:21,059

West you know

601
00:22:26,810 --> 00:22:24,840
sort of push back it's a good thing but

602
00:22:27,350 --> 00:22:26,820
it depends on on on

603
00:22:29,210 --> 00:22:27,360
um

604
00:22:31,010 --> 00:22:29,220
I guess Their audience because I've

605
00:22:32,529 --> 00:22:31,020
noticed on Twitter now there's a lot

606
00:22:35,870 --> 00:22:32,539
more division than there's ever been

607
00:22:38,870 --> 00:22:35,880
especially on the topic of uaps are you

608
00:22:41,090 --> 00:22:38,880
on Twitter at all I sure am yeah and

609
00:22:42,409 --> 00:22:41,100
what have you noticed on like just the

610
00:22:45,190 --> 00:22:42,419
you know

611
00:22:48,169 --> 00:22:45,200
people attacking Lou people going crazy

612
00:22:49,789 --> 00:22:48,179
uh you know just going off the rails on

613
00:22:51,950 --> 00:22:49,799

other people because of their theories

614

00:22:53,810 --> 00:22:51,960

or beliefs it's almost like I've seen

615

00:22:55,789 --> 00:22:53,820

that in the religious aspect when I was

616

00:22:57,169 --> 00:22:55,799

in the Christian church I've seen things

617

00:22:59,270 --> 00:22:57,179

similar to that except they were a lot

618

00:23:01,430 --> 00:22:59,280

more polite about it but it's the same

619

00:23:03,950 --> 00:23:01,440

bickering it's almost like it's become a

620

00:23:06,649 --> 00:23:03,960

religion in itself in the world you know

621

00:23:08,390 --> 00:23:06,659

either Protestant or Catholic and you

622

00:23:10,250 --> 00:23:08,400

have to choose a side now have you

623

00:23:12,350 --> 00:23:10,260

noticed that in Twitter at all

624

00:23:13,669 --> 00:23:12,360

I absolutely have and I don't think it's

625

00:23:15,710 --> 00:23:13,679

a new thing

626

00:23:17,630 --> 00:23:15,720

um you know I think I think as social

627

00:23:20,029 --> 00:23:17,640

social media matures and people get more

628

00:23:21,830 --> 00:23:20,039

used to it it's it's becoming louder and

629

00:23:24,970 --> 00:23:21,840

louder certainly because people feel

630

00:23:28,070 --> 00:23:24,980

more and more comfortable to to be

631

00:23:30,289 --> 00:23:28,080

uh less uh less friendly less polite

632

00:23:33,710 --> 00:23:30,299

with each other but uh you know that's

633

00:23:35,870 --> 00:23:33,720

it's not not a thing uh as you mentioned

634

00:23:37,789 --> 00:23:35,880

religion I mean I I have the comparison

635

00:23:41,990 --> 00:23:37,799

between religion and UFOs quite often

636

00:23:42,830 --> 00:23:42,000

but uh yeah it's it's not something

637

00:23:50,510 --> 00:23:42,840

um

638

00:23:53,090 --> 00:23:50,520

section of social media you can see this

639

00:23:56,810 --> 00:23:53,100

you know whether it's uh you know Star

640

00:23:59,210 --> 00:23:56,820

Wars Fanatics or politics or Sports

641

00:24:02,930 --> 00:23:59,220

you'll see the same sort of hostility

642

00:24:05,450 --> 00:24:02,940

the same sort of religious taking sides

643

00:24:08,029 --> 00:24:05,460

like my side is the only way in your

644

00:24:09,289 --> 00:24:08,039

side burn in hell yeah you know there's

645

00:24:10,909 --> 00:24:09,299

a lot of that and I think there always

646

00:24:14,270 --> 00:24:10,919

will be that's just that's a human

647

00:24:16,490 --> 00:24:14,280

problem but I I don't necessarily think

648

00:24:19,250 --> 00:24:16,500

it's something that's new that's always

649

00:24:21,110 --> 00:24:19,260

been the case in UFOs and you know I

650

00:24:23,270 --> 00:24:21,120

think with a lot of people who are new

651
00:24:24,890 --> 00:24:23,280
to this field and get very excited about

652
00:24:25,909 --> 00:24:24,900
it at the very beginning like we all are

653
00:24:26,870 --> 00:24:25,919
yeah

654
00:24:28,970 --> 00:24:26,880
um

655
00:24:29,890 --> 00:24:28,980
you know I think it's really hard to

656
00:24:32,390 --> 00:24:29,900
understand

657
00:24:34,430 --> 00:24:32,400
that all of the information you're

658
00:24:36,130 --> 00:24:34,440
hearing all of these people who seem to

659
00:24:38,390 --> 00:24:36,140
be these

660
00:24:40,789 --> 00:24:38,400
unwavering very credible people who

661
00:24:43,510 --> 00:24:40,799
couldn't possibly tell a lie I I've

662
00:24:46,430 --> 00:24:43,520
never met a person like that by the way

663
00:24:48,590 --> 00:24:46,440

but you know they're still humans too

664

00:24:52,310 --> 00:24:48,600

and a lot of people get in this field

665

00:24:54,710 --> 00:24:52,320

and any other field with bad intentions

666

00:24:57,890 --> 00:24:54,720

there are bad people there are a lot of

667

00:24:59,330 --> 00:24:57,900

bad humans I I hate to to give a spoiler

668

00:25:03,409 --> 00:24:59,340

alert there but there are a lot of bad

669

00:25:05,510 --> 00:25:03,419

people and UFOs and I also dislike

670

00:25:08,570 --> 00:25:05,520

saying this on shows because I don't

671

00:25:09,649 --> 00:25:08,580

want to give anybody ideas but the UFO

672

00:25:12,590 --> 00:25:09,659

field

673

00:25:14,690 --> 00:25:12,600

although it seems big is very small it's

674

00:25:16,250 --> 00:25:14,700

very small but it's something that

675

00:25:18,049 --> 00:25:16,260

everybody in the world is interested in

676

00:25:20,630 --> 00:25:18,059

in one way or another they have this

677

00:25:23,090 --> 00:25:20,640

Fascination to this topic so the UFO

678

00:25:25,789 --> 00:25:23,100

field is something that is extremely

679

00:25:28,549 --> 00:25:25,799

easy to become a celebrity in it really

680

00:25:32,149 --> 00:25:28,559

is right it really is you can get on TV

681

00:25:34,730 --> 00:25:32,159

shows you can be on on the news it you

682

00:25:36,830 --> 00:25:34,740

can develop a gigantic audience very

683

00:25:39,289 --> 00:25:36,840

easily in this field and that's what a

684

00:25:41,870 --> 00:25:39,299

lot of people have done because it is so

685

00:25:43,850 --> 00:25:41,880

easy you can speak at conferences I mean

686

00:25:46,909 --> 00:25:43,860

I I've been in a lot of Industries in my

687

00:25:49,490 --> 00:25:46,919

life and this industry by far is the

688

00:25:51,529 --> 00:25:49,500

easiest if you want to be an absolutely

689

00:25:55,070 --> 00:25:51,539

awful person and make yourself into a

690

00:25:57,649 --> 00:25:55,080

celebrity and just feed people absolute

691

00:25:59,930 --> 00:25:57,659

garbage and have them worship you it's

692

00:26:02,269 --> 00:25:59,940

easily done so it's a very dangerous

693

00:26:04,490 --> 00:26:02,279

field in that that sense but a lot of

694

00:26:07,130 --> 00:26:04,500

people new to it do do approach it like

695

00:26:09,769 --> 00:26:07,140

a religion and think that

696

00:26:11,630 --> 00:26:09,779

to do UFOs right this is what I have to

697

00:26:14,450 --> 00:26:11,640

believe these are the people I have to

698

00:26:17,510 --> 00:26:14,460

follow and any deviation from that is

699

00:26:19,430 --> 00:26:17,520

wrong and I have to to be against it and

700

00:26:20,990 --> 00:26:19,440

that's just a dangerous path and you

701
00:26:24,169 --> 00:26:21,000
know I don't tell people what to think

702
00:26:26,330 --> 00:26:24,179
or or how to how to act in this field

703
00:26:28,909 --> 00:26:26,340
again it's up to everybody individually

704
00:26:30,350 --> 00:26:28,919
it's very individual but it's not a

705
00:26:32,330 --> 00:26:30,360
religion we don't need to push our

706
00:26:34,909 --> 00:26:32,340
beliefs on other people we need to

707
00:26:37,190 --> 00:26:34,919
encourage people to be open-minded and

708
00:26:39,110 --> 00:26:37,200
form their own beliefs and I think

709
00:26:41,570 --> 00:26:39,120
similar to religion too people approach

710
00:26:43,490 --> 00:26:41,580
that seeking answers they really want to

711
00:26:44,750 --> 00:26:43,500
know absolutely that's the only way they

712
00:26:46,850 --> 00:26:44,760
feel that they're going to get there so

713
00:26:48,890 --> 00:26:46,860

people in the UFO feel older people that

714

00:26:50,870 --> 00:26:48,900

are enthusiasts they want to know they

715

00:26:52,730 --> 00:26:50,880

want to take in as much material as they

716

00:26:54,529 --> 00:26:52,740

can and as you mentioned right

717

00:26:56,810 --> 00:26:54,539

charlatans that are looking for one

718

00:26:58,370 --> 00:26:56,820

thing it's very easy to put yourself up

719

00:27:00,110 --> 00:26:58,380

write a bunch of books do a bunch of

720

00:27:02,210 --> 00:27:00,120

conferences all of a sudden you have

721

00:27:04,010 --> 00:27:02,220

these credentials well none of this is

722

00:27:06,890 --> 00:27:04,020

Harvard granted and none of this is

723

00:27:08,870 --> 00:27:06,900

military metal based it's just hey he's

724

00:27:11,090 --> 00:27:08,880

bigger than him based on what based on

725

00:27:13,610 --> 00:27:11,100

you like that guy more than that guy and

726

00:27:15,769 --> 00:27:13,620

so it's it becomes polarizing because

727

00:27:18,230 --> 00:27:15,779

there are characters that want to be the

728

00:27:20,330 --> 00:27:18,240

Savior I have all the answers I will

729

00:27:22,070 --> 00:27:20,340

show you the lights and the audience is

730

00:27:23,750 --> 00:27:22,080

very much like those seeking religious

731

00:27:26,029 --> 00:27:23,760

fundamentals right they want to know the

732

00:27:28,130 --> 00:27:26,039

basics where do I go from here I mean

733

00:27:30,169 --> 00:27:28,140

we're all enthusiasts we do this for fun

734

00:27:31,669 --> 00:27:30,179

but we still go and we're on The Cutting

735

00:27:34,130 --> 00:27:31,679

Edge of what's coming up next and who's

736

00:27:36,230 --> 00:27:34,140

doing and saying what so it you know it

737

00:27:37,490 --> 00:27:36,240

kind of takes over but I think it's easy

738

00:27:40,669 --> 00:27:37,500

for people that don't have a good

739

00:27:42,490 --> 00:27:40,679

Compass to maybe get on the wrong plane

740

00:27:45,590 --> 00:27:42,500

because it's a tsunami of information

741

00:27:47,210 --> 00:27:45,600

and uh I mean the reason 100 podcast is

742

00:27:49,610 --> 00:27:47,220

to have legitimate guests and bring

743

00:27:51,169 --> 00:27:49,620

people at least some credible stuff in

744

00:27:53,269 --> 00:27:51,179

and amongst all the that nobody can

745

00:27:55,490 --> 00:27:53,279

corroborate and we're very neutral we're

746

00:27:57,230 --> 00:27:55,500

not opinionated we don't say you're

747

00:27:59,510 --> 00:27:57,240

right or you're wrong we bring everybody

748

00:28:02,090 --> 00:27:59,520

to the table because nobody has evidence

749

00:28:03,409 --> 00:28:02,100

so who's to say you're right or wrong

750

00:28:05,630 --> 00:28:03,419

and that's kind of the problem too

751

00:28:07,730 --> 00:28:05,640

everyone gets a seat at the table now

752

00:28:09,470 --> 00:28:07,740

because you can't say that this guy who

753

00:28:10,850 --> 00:28:09,480

you know is full of it you can't really

754

00:28:13,190 --> 00:28:10,860

call them out because you don't have any

755

00:28:14,990 --> 00:28:13,200

better proof than he does so right now

756

00:28:16,610 --> 00:28:15,000

we're all sitting in the same bloody hot

757

00:28:18,110 --> 00:28:16,620

tub and we all have an equal say

758

00:28:20,029 --> 00:28:18,120

unfortunately

759

00:28:22,070 --> 00:28:20,039

and the more you dig into the history of

760

00:28:26,029 --> 00:28:22,080

this topic too and the the players of it

761

00:28:28,669 --> 00:28:26,039

you know it it really starts

762

00:28:29,930 --> 00:28:28,679

causing you to question a lot of uh you

763

00:28:31,730 --> 00:28:29,940

know what you've established as your

764

00:28:33,590 --> 00:28:31,740

belief you know which is why you need to

765

00:28:35,690 --> 00:28:33,600

be willing to change your beliefs

766

00:28:38,570 --> 00:28:35,700

um when you get new information but a

767

00:28:39,430 --> 00:28:38,580

lot of the stuff that that is like UFO

768

00:28:43,250 --> 00:28:39,440

history

769

00:28:45,590 --> 00:28:43,260

blindly accept because people have

770

00:28:47,870 --> 00:28:45,600

written thousands of books on it we see

771

00:28:50,630 --> 00:28:47,880

these people as as uh you know

772

00:28:52,310 --> 00:28:50,640

celebrities or or respected people on TV

773

00:28:55,430 --> 00:28:52,320

shows and speaking at conferences and

774

00:28:58,789 --> 00:28:55,440

stuff when you look back though a lot of

775

00:29:00,769 --> 00:28:58,799

these most UFO researchers don't agree

776

00:29:02,990 --> 00:29:00,779

with each other even when you're talking

777

00:29:05,450 --> 00:29:03,000

about a specific topic let's look at

778

00:29:07,549 --> 00:29:05,460

Roswell the leading Roswell UFO

779

00:29:10,909 --> 00:29:07,559

researchers don't agree with each other

780

00:29:13,850 --> 00:29:10,919

and not just not agreeing with each

781

00:29:15,590 --> 00:29:13,860

other meaning okay I think this happened

782

00:29:17,630 --> 00:29:15,600

or I think it happened slightly

783

00:29:20,149 --> 00:29:17,640

different here but completely different

784

00:29:22,549 --> 00:29:20,159

stories completely different opinions of

785

00:29:26,510 --> 00:29:22,559

witnesses completely different accounts

786

00:29:28,669 --> 00:29:26,520

and going so far as to having uh you

787

00:29:31,730 --> 00:29:28,679

know heated arguments and and public

788

00:29:33,470 --> 00:29:31,740

feuds with each other about differing

789

00:29:35,570 --> 00:29:33,480

opinions of what actually happened and

790

00:29:37,269 --> 00:29:35,580

and which witness could be counted on

791

00:29:41,149 --> 00:29:37,279

and which one was absolutely garbage

792

00:29:43,310 --> 00:29:41,159

Roswell is an absolute mess and just for

793

00:29:45,409 --> 00:29:43,320

the conspiracy people out there Robert

794

00:29:48,830 --> 00:29:45,419

Bigelow was one of the people actually

795

00:29:51,350 --> 00:29:48,840

involved in the initial Roswell research

796

00:29:54,230 --> 00:29:51,360

that Stan Friedman started and and Lee

797

00:29:56,810 --> 00:29:54,240

Spiegel back in the the late 70s so

798

00:29:59,750 --> 00:29:56,820

Bigelow was a part of Roswell as well

799

00:30:01,970 --> 00:29:59,760

right but that's that's new I did not

800

00:30:03,409 --> 00:30:01,980

know that we've been hearing Lots about

801
00:30:05,269 --> 00:30:03,419
Bigelow even though he's kind of

802
00:30:07,250 --> 00:30:05,279
disappeared since nibs and skin walker

803
00:30:08,930 --> 00:30:07,260
yeah a lot of people still think he's

804
00:30:12,230 --> 00:30:08,940
pulling the strings behind the scenes

805
00:30:13,730 --> 00:30:12,240
and uh either for his own patent and you

806
00:30:15,950 --> 00:30:13,740
know monetary you know if you could

807
00:30:18,350 --> 00:30:15,960
figure out UFO technology and you patent

808
00:30:20,930 --> 00:30:18,360
that it's game over right you've it's

809
00:30:22,430 --> 00:30:20,940
you will win as far as the Elon Musk and

810
00:30:25,370 --> 00:30:22,440
everybody and the race to whatever the

811
00:30:27,409 --> 00:30:25,380
hell Mars you know I I in my per

812
00:30:29,330 --> 00:30:27,419
speaking of that let me ask you what do

813
00:30:31,490 --> 00:30:29,340

you think of this race to Mars because

814

00:30:33,769 --> 00:30:31,500

in my opinion and I don't give it often

815

00:30:36,649 --> 00:30:33,779

but it would be way easier to deal with

816

00:30:39,529 --> 00:30:36,659

life on Earth and fix our planet than to

817

00:30:41,690 --> 00:30:39,539

create an atmosphere on another planet

818

00:30:43,909 --> 00:30:41,700

and it's like an eight what is it eight

819

00:30:45,590 --> 00:30:43,919

year one-way trip I don't think we're

820

00:30:47,690 --> 00:30:45,600

going to Mars I think that's a cover for

821

00:30:48,950 --> 00:30:47,700

other space related things that are

822

00:30:50,870 --> 00:30:48,960

happening and how do you explain

823

00:30:53,029 --> 00:30:50,880

shooting rockets off all the time oh

824

00:30:54,529 --> 00:30:53,039

we're practicing to go to Mars I think

825

00:30:56,210 --> 00:30:54,539

it's a bunch of but that's my

826

00:30:58,909 --> 00:30:56,220

personal opinion I'm curious to know

827

00:31:00,950 --> 00:30:58,919

yours you know being a being a space

828

00:31:02,990 --> 00:31:00,960

geek and a Sci-Fi geek I've always been

829

00:31:04,490 --> 00:31:03,000

really excited about any of those Mars

830

00:31:06,950 --> 00:31:04,500

missions that have been planned and

831

00:31:08,570 --> 00:31:06,960

there was a a group called Mars One many

832

00:31:10,310 --> 00:31:08,580

years ago that had this ambitious plan

833

00:31:12,350 --> 00:31:10,320

to start a colony on Mars the first

834

00:31:14,450 --> 00:31:12,360

Martian colony and they even selected

835

00:31:16,310 --> 00:31:14,460

you know had a process of selecting

836

00:31:18,409 --> 00:31:16,320

candidates who were going to be part of

837

00:31:20,570 --> 00:31:18,419

this team to train and go to Mars and

838

00:31:22,909 --> 00:31:20,580

one-way trip you know you go there

839

00:31:24,590 --> 00:31:22,919

you're gonna die there but to set up and

840

00:31:27,049 --> 00:31:24,600

establish the colony they were going to

841

00:31:29,269 --> 00:31:27,059

send all of the things to create water

842

00:31:31,789 --> 00:31:29,279

and create food and you know basically

843

00:31:35,269 --> 00:31:31,799

set up a civilization for people to then

844

00:31:36,409 --> 00:31:35,279

come and arrive at a setup Colony

845

00:31:38,570 --> 00:31:36,419

um of course that fell through that

846

00:31:40,669 --> 00:31:38,580

didn't happen but you know the same

847

00:31:42,049 --> 00:31:40,679

thing with with Elon musk's plans um you

848

00:31:43,970 --> 00:31:42,059

know he's had his heart set on Mars but

849

00:31:45,830 --> 00:31:43,980

he's also a big sci-fi guy I think a lot

850

00:31:49,250 --> 00:31:45,840

of that is just rich guy with money

851
00:31:52,130 --> 00:31:49,260
wants to play zombie money yeah I think

852
00:31:54,289 --> 00:31:52,140
the novelty of landing on Mars and

853
00:31:56,690 --> 00:31:54,299
walking on Mars would probably Fade Away

854
00:31:58,730 --> 00:31:56,700
within half an hour yeah it would Fade

855
00:32:00,350 --> 00:31:58,740
Away Within you know what's the longest

856
00:32:03,529 --> 00:32:00,360
flight you can take on the planet like

857
00:32:05,570 --> 00:32:03,539
11 12 15 hours that's eight years one

858
00:32:07,669 --> 00:32:05,580
way within six months everybody kills

859
00:32:09,710 --> 00:32:07,679
everybody on the ship that's just my you

860
00:32:12,169 --> 00:32:09,720
think a crying baby on a plane for two

861
00:32:14,090 --> 00:32:12,179
hours is too much stay there for you

862
00:32:16,370 --> 00:32:14,100
know three years with somebody nobody's

863
00:32:18,110 --> 00:32:16,380

gonna make it first capsules Crash

864

00:32:19,909 --> 00:32:18,120

Landing everybody's already dead yeah

865

00:32:21,230 --> 00:32:19,919

and I don't care how comfortable your

866

00:32:24,169 --> 00:32:21,240

seats are that's going to be an

867

00:32:26,690 --> 00:32:24,179

uncomfortable flight yeah you can spend

868

00:32:28,610 --> 00:32:26,700

eight years with your in-laws on a plane

869

00:32:29,990 --> 00:32:28,620

I like my in-laws but I still wouldn't

870

00:32:32,029 --> 00:32:30,000

want to spend it can't imagine spending

871

00:32:33,830 --> 00:32:32,039

that much time with anybody in one

872

00:32:35,630 --> 00:32:33,840

sitting that's people die some people

873

00:32:37,850 --> 00:32:35,640

are born it's a whole different crew by

874

00:32:39,049 --> 00:32:37,860

the time you get there exactly but I

875

00:32:40,669 --> 00:32:39,059

mean just for the people that actually

876

00:32:42,529 --> 00:32:40,679

make it to Mars that they find like oh

877

00:32:44,269 --> 00:32:42,539

God we finally made it and you step off

878

00:32:46,010 --> 00:32:44,279

and it's a big deal

879

00:32:47,149 --> 00:32:46,020

just half an hour later you're just

880

00:32:50,810 --> 00:32:47,159

staying with your hands on your hips

881

00:32:52,970 --> 00:32:50,820

going well yeah I know that sucked

882

00:32:55,310 --> 00:32:52,980

but can we go back now yeah it's there's

883

00:32:56,690 --> 00:32:55,320

nothing but rocks that flight was the

884

00:32:58,310 --> 00:32:56,700

worst thing I've ever experienced in my

885

00:33:00,049 --> 00:32:58,320

life but I'm I'm ready to go back it's

886

00:33:02,029 --> 00:33:00,059

it's good another eight years I'm not

887

00:33:03,950 --> 00:33:02,039

living I'm good and the hard work starts

888

00:33:05,389 --> 00:33:03,960

when you land hey that flight was not

889

00:33:08,149 --> 00:33:05,399

now we've got to go to work build a

890

00:33:10,669 --> 00:33:08,159

colony on Mars yeah it's not like you

891

00:33:12,110 --> 00:33:10,679

can slack it off either you die within a

892

00:33:14,149 --> 00:33:12,120

matter of days if you don't get certain

893

00:33:16,190 --> 00:33:14,159

things in place right so exactly yeah

894

00:33:18,710 --> 00:33:16,200

the pressure's on so yeah to me the

895

00:33:20,810 --> 00:33:18,720

whole appeal of going to Mars uh no

896

00:33:22,850 --> 00:33:20,820

thank you not as a first settler anyways

897

00:33:24,350 --> 00:33:22,860

at least we got water and you know the

898

00:33:26,090 --> 00:33:24,360

basics here how the hell do you want to

899

00:33:28,149 --> 00:33:26,100

start from scratch on Mars that doesn't

900

00:33:30,889 --> 00:33:28,159

make a whole lot of sense no no

901
00:33:32,870 --> 00:33:30,899
let's start with baby steps let's let's

902
00:33:33,950 --> 00:33:32,880
start with the moon and see how we do I

903
00:33:36,110 --> 00:33:33,960
mean yeah

904
00:33:37,909 --> 00:33:36,120
yeah spots on the moon again a lot of

905
00:33:40,310 --> 00:33:37,919
people say there's bases on the back of

906
00:33:42,049 --> 00:33:40,320
the Moon remote viewers have been asked

907
00:33:44,509 --> 00:33:42,059
uh you know here's some coordinates what

908
00:33:46,190 --> 00:33:44,519
do you see they describe like mile high

909
00:33:48,350 --> 00:33:46,200
buildings and apparently it's on the

910
00:33:49,970 --> 00:33:48,360
moon Moon's Hollow you know there's all

911
00:33:51,649 --> 00:33:49,980
kinds of stuff the thing I find really

912
00:33:53,389 --> 00:33:51,659
cool recently there's been a few guys

913
00:33:55,549 --> 00:33:53,399

with really good telescopes which the

914

00:33:57,470 --> 00:33:55,559

general public can buy broad daylight

915

00:33:59,269 --> 00:33:57,480

just looking at the moon and you see

916

00:34:01,430 --> 00:33:59,279

stuff like coming off and like just

917

00:34:03,649 --> 00:34:01,440

floating away or random activities

918

00:34:05,090 --> 00:34:03,659

happening around the Moon I've I find it

919

00:34:06,470 --> 00:34:05,100

very interesting what do you think about

920

00:34:09,649 --> 00:34:06,480

them

921

00:34:11,450 --> 00:34:09,659

the moon I I I don't I don't I haven't

922

00:34:14,450 --> 00:34:11,460

seen anything convincing about bases on

923

00:34:16,250 --> 00:34:14,460

the moon and uh you know as easy it is

924

00:34:17,810 --> 00:34:16,260

for us to get excited about The Far Side

925

00:34:20,329 --> 00:34:17,820

of the Moon because we can't see it from

926
00:34:22,970 --> 00:34:20,339
here it has been imaged before

927
00:34:25,790 --> 00:34:22,980
um and there's nothing that stands out

928
00:34:28,849 --> 00:34:25,800
to me but I will say that

929
00:34:31,190 --> 00:34:28,859
we know so little about this planet yeah

930
00:34:33,050 --> 00:34:31,200
we can't even start to say oh that's not

931
00:34:34,550 --> 00:34:33,060
impossible on the moon because we don't

932
00:34:37,129 --> 00:34:34,560
even know what's going on in our planet

933
00:34:38,629 --> 00:34:37,139
but the moon for me I think it still

934
00:34:41,389 --> 00:34:38,639
holds tremendous possibility for

935
00:34:43,970 --> 00:34:41,399
extraterrestrial life because it like

936
00:34:47,149 --> 00:34:43,980
Mars has a lot of uh you know Lava Tubes

937
00:34:48,770 --> 00:34:47,159
underground area where if we were to set

938
00:34:50,690 --> 00:34:48,780

up a colony there or even go there for

939

00:34:52,849 --> 00:34:50,700

an extended period of time would provide

940

00:34:54,349 --> 00:34:52,859

humans with a lot of protection you know

941

00:34:56,990 --> 00:34:54,359

we could go down on these cave systems

942

00:34:58,790 --> 00:34:57,000

set up uh you know a city down there

943

00:35:00,170 --> 00:34:58,800

that would be rad and I think if there

944

00:35:02,870 --> 00:35:00,180

is life there that's where it would be

945

00:35:04,730 --> 00:35:02,880

yeah that or the ocean keep hearing

946

00:35:07,430 --> 00:35:04,740

about the ocean quite a bit there's so

947

00:35:08,870 --> 00:35:07,440

much water so much water and we barely

948

00:35:11,210 --> 00:35:08,880

know anything about the bloody ocean

949

00:35:12,950 --> 00:35:11,220

like we've mapped out a few things but

950

00:35:15,530 --> 00:35:12,960

uh we don't know like we haven't gone to

951
00:35:17,270 --> 00:35:15,540
the full depths of uh of the ocean so we

952
00:35:19,250 --> 00:35:17,280
don't know and and a very small

953
00:35:21,290 --> 00:35:19,260
percentage of our ocean has been been

954
00:35:24,829 --> 00:35:21,300
explored and our majority of our planet

955
00:35:26,150 --> 00:35:24,839
is water so yeah I mean I I think I

956
00:35:27,470 --> 00:35:26,160
think the mysteries of this play planet

957
00:35:29,569 --> 00:35:27,480
and the Mysteries we still have to

958
00:35:31,430 --> 00:35:29,579
discover on this planet you know are

959
00:35:33,950 --> 00:35:31,440
more than enough to keep us excited and

960
00:35:36,050 --> 00:35:33,960
I wish people with with play money like

961
00:35:39,470 --> 00:35:36,060
uh musk would would spend more here on

962
00:35:41,930 --> 00:35:39,480
this planet yeah Elon gets involved

963
00:35:43,910 --> 00:35:41,940

inside uh uaps that'd be great if you

964

00:35:45,710 --> 00:35:43,920

can actually do something with that

965

00:35:47,930 --> 00:35:45,720

that'd be awesome but I've been trying

966

00:35:49,849 --> 00:35:47,940

to reach out to him on uh on Twitter

967

00:35:51,170 --> 00:35:49,859

just every once in a while you know just

968

00:35:53,630 --> 00:35:51,180

mention I'm like hey it'd be great to

969

00:35:55,730 --> 00:35:53,640

talk about aliens uh but I I don't think

970

00:35:58,190 --> 00:35:55,740

you'll ever get a guy like Musta to come

971

00:36:01,310 --> 00:35:58,200

on UAP studies I mean he went on Joe

972

00:36:02,630 --> 00:36:01,320

Rogan and yeah that's about as it as as

973

00:36:04,430 --> 00:36:02,640

close as we're going to get to an

974

00:36:06,589 --> 00:36:04,440

interview but uh well when you guys get

975

00:36:09,170 --> 00:36:06,599

gigantic maybe because he uh he does

976

00:36:10,849 --> 00:36:09,180

care about his ego so that's true yeah

977

00:36:12,349 --> 00:36:10,859

we're not big on pumping up the EGO

978

00:36:14,510 --> 00:36:12,359

though we like to get humble people on

979

00:36:16,250 --> 00:36:14,520

the show we uh there you go there's been

980

00:36:18,050 --> 00:36:16,260

people we could have had on the show and

981

00:36:19,609 --> 00:36:18,060

have been requested to have on the show

982

00:36:21,470 --> 00:36:19,619

yeah we just don't want them on the show

983

00:36:23,329 --> 00:36:21,480

they don't uh we don't do this for money

984

00:36:24,950 --> 00:36:23,339

we couldn't monetized months ago we

985

00:36:26,870 --> 00:36:24,960

chose not to there's no commercials in

986

00:36:28,250 --> 00:36:26,880

any of our programs you click a video

987

00:36:29,750 --> 00:36:28,260

you watch the whole damn thing you don't

988

00:36:31,490 --> 00:36:29,760

have to watch a Mazda ad or anything

989

00:36:33,050 --> 00:36:31,500

else so now if you're watching this 15

990

00:36:36,130 --> 00:36:33,060

years in the future that might be

991

00:36:38,990 --> 00:36:36,140

different yeah but yeah yeah right now

992

00:36:40,790 --> 00:36:39,000

it's a job and you have to do it as it

993

00:36:42,950 --> 00:36:40,800

is for now we do this for the love of it

994

00:36:45,230 --> 00:36:42,960

and for that desire to bring good

995

00:36:47,089 --> 00:36:45,240

quality people such as yourself to the

996

00:36:49,550 --> 00:36:47,099

the table right and and get their

997

00:36:51,710 --> 00:36:49,560

opinions and on that what are you kind

998

00:36:54,230 --> 00:36:51,720

of chewing the fat on now in your brain

999

00:36:56,089 --> 00:36:54,240

like what's interesting for you what are

1000

00:36:57,650 --> 00:36:56,099

you studying in your personal time about

1001
00:36:59,690 --> 00:36:57,660
the whole phenomenon is there anything

1002
00:37:01,310 --> 00:36:59,700
that uh that you're enjoying right now

1003
00:37:03,290 --> 00:37:01,320
or learning about

1004
00:37:04,790 --> 00:37:03,300
well something that that is really

1005
00:37:07,970 --> 00:37:04,800
important to me right now and really

1006
00:37:10,069 --> 00:37:07,980
piquing my interest is you know all

1007
00:37:12,530 --> 00:37:10,079
something that we always talk about of

1008
00:37:14,390 --> 00:37:12,540
course is the need for evidence and and

1009
00:37:16,609 --> 00:37:14,400
the claims of evidence you know there

1010
00:37:19,849 --> 00:37:16,619
are the claims of all of this proof of

1011
00:37:21,410 --> 00:37:19,859
of extraterrestrial technology

1012
00:37:22,910 --> 00:37:21,420
um and of course crash retrieval

1013
00:37:24,050 --> 00:37:22,920

programs

1014

00:37:27,230 --> 00:37:24,060

um

1015

00:37:30,230 --> 00:37:27,240

so for me my interest right now is

1016

00:37:33,410 --> 00:37:30,240

tracking that down right seeing if we

1017

00:37:36,109 --> 00:37:33,420

can follow these trails and really

1018

00:37:37,130 --> 00:37:36,119

determine if a lot of what's being hyped

1019

00:37:39,589 --> 00:37:37,140

up right now

1020

00:37:41,510 --> 00:37:39,599

if there's any Merit to it if we can

1021

00:37:44,210 --> 00:37:41,520

actually track down some of these people

1022

00:37:46,370 --> 00:37:44,220

who seem to be Gatekeepers

1023

00:37:49,609 --> 00:37:46,380

um and have this knowledge if there's

1024

00:37:53,089 --> 00:37:49,619

any sort of sort of hint of Truth to any

1025

00:37:55,550 --> 00:37:53,099

of it because as we know this stuff has

1026
00:37:58,130 --> 00:37:55,560
been been researched ad nauseam for for

1027
00:37:59,630 --> 00:37:58,140
decades and we still don't have anything

1028
00:38:01,550 --> 00:37:59,640
we've got plenty of circumstance

1029
00:38:02,810 --> 00:38:01,560
circumstantial evidence and things that

1030
00:38:04,550 --> 00:38:02,820
you know if you just want to trust

1031
00:38:05,990 --> 00:38:04,560
people based on their word that's great

1032
00:38:07,870 --> 00:38:06,000
and if that's good enough for you good

1033
00:38:11,690 --> 00:38:07,880
like I said this is an individual

1034
00:38:13,490 --> 00:38:11,700
individual Quest so good on you but for

1035
00:38:15,170 --> 00:38:13,500
me somebody who's very evidence-based

1036
00:38:17,690 --> 00:38:15,180
very science based

1037
00:38:19,609 --> 00:38:17,700
um you know I'd like more so for me

1038
00:38:21,349 --> 00:38:19,619

that's what I'm looking into

1039

00:38:23,150 --> 00:38:21,359

um you know and some potential

1040

00:38:25,130 --> 00:38:23,160

television stuff behind that as well so

1041

00:38:26,690 --> 00:38:25,140

we'll see good and we're in the same

1042

00:38:28,670 --> 00:38:26,700

boat we're interviewing Avi Loeb in a

1043

00:38:30,349 --> 00:38:28,680

couple hours and we're gonna basically

1044

00:38:32,569 --> 00:38:30,359

ask him the same thing like you are a

1045

00:38:35,329 --> 00:38:32,579

Harvard Professor with money from the

1046

00:38:37,250 --> 00:38:35,339

government and the Galileo project is it

1047

00:38:38,930 --> 00:38:37,260

going anywhere are we actually going to

1048

00:38:41,510 --> 00:38:38,940

get anything tangible because that's the

1049

00:38:43,970 --> 00:38:41,520

purpose of the whole mission so we're uh

1050

00:38:46,370 --> 00:38:43,980

we're we're less likely to be you know

1051
00:38:47,930 --> 00:38:46,380
as okay with yeah we're working on it

1052
00:38:50,030 --> 00:38:47,940
everybody's been working on it for a

1053
00:38:52,310 --> 00:38:50,040
long time so is this actually gaining

1054
00:38:54,470 --> 00:38:52,320
any traffic action like or is this just

1055
00:38:56,150 --> 00:38:54,480
more of the same right so but you know

1056
00:38:59,210 --> 00:38:56,160
what I'm interested in though he's doing

1057
00:39:01,849 --> 00:38:59,220
that expedition uh right above uh Papua

1058
00:39:04,250 --> 00:39:01,859
New Guinea right above uh North

1059
00:39:06,050 --> 00:39:04,260
Australia and uh it's gonna be in the

1060
00:39:07,849 --> 00:39:06,060
ocean they're scanning the ocean for a

1061
00:39:10,849 --> 00:39:07,859
crash ship so again we have another

1062
00:39:12,710 --> 00:39:10,859
ocean theme right uh we Pilots keep

1063
00:39:15,410 --> 00:39:12,720

seeing them over over the ocean doesn't

1064

00:39:17,089 --> 00:39:15,420

matter if it's Atlantic or Pacific uh

1065

00:39:19,310 --> 00:39:17,099

looking for crash retrievals in the

1066

00:39:21,530 --> 00:39:19,320

ocean you got guys like Hal pup put off

1067

00:39:23,270 --> 00:39:21,540

that uh has been saying you know maybe

1068

00:39:24,710 --> 00:39:23,280

they're Ultra terrestrial maybe they've

1069

00:39:27,470 --> 00:39:24,720

already been here maybe they live

1070

00:39:29,750 --> 00:39:27,480

underwater who knows right

1071

00:39:32,750 --> 00:39:29,760

um so that to me is interesting it seems

1072

00:39:35,810 --> 00:39:32,760

like the ocean is it has a big Hue to

1073

00:39:37,970 --> 00:39:35,820

play no big role in this uh whole Theory

1074

00:39:40,010 --> 00:39:37,980

or this of uaps they just happen to be

1075

00:39:41,630 --> 00:39:40,020

over land every once in a while but who

1076
00:39:42,890 --> 00:39:41,640
knows what's going on above the oceans

1077
00:39:46,550 --> 00:39:42,900
right

1078
00:39:48,410 --> 00:39:46,560
I do love that I I was really excited

1079
00:39:50,630 --> 00:39:48,420
when I saw that about the the ocean

1080
00:39:52,790 --> 00:39:50,640
Expedition because anytime there there

1081
00:39:54,890 --> 00:39:52,800
is Research into the ocean looking

1082
00:39:56,329 --> 00:39:54,900
specifically for for some of this

1083
00:39:57,829 --> 00:39:56,339
anomalous stuff that's exciting to me

1084
00:40:00,349 --> 00:39:57,839
because as we just discussed the

1085
00:40:03,710 --> 00:40:00,359
majority of this planet is ocean and we

1086
00:40:07,430 --> 00:40:03,720
know so little about it so I am I'm all

1087
00:40:08,990 --> 00:40:07,440
for that 100 yeah I heard someone the

1088
00:40:11,990 --> 00:40:09,000

other day say Hey you know we think that

1089

00:40:13,730 --> 00:40:12,000

the Earth is so much water even if you

1090

00:40:15,290 --> 00:40:13,740

look at a globe you see how much water

1091

00:40:18,290 --> 00:40:15,300

there is that doesn't even take into

1092

00:40:20,630 --> 00:40:18,300

account the underwater river systems and

1093

00:40:22,370 --> 00:40:20,640

groundwater so to speak there's more

1094

00:40:24,530 --> 00:40:22,380

water underground than we even know

1095

00:40:27,170 --> 00:40:24,540

about right so that makes it that we're

1096

00:40:29,030 --> 00:40:27,180

even less land and more water overall so

1097

00:40:31,069 --> 00:40:29,040

and there's been weird things like in

1098

00:40:33,410 --> 00:40:31,079

South America people saw craft kind of

1099

00:40:35,450 --> 00:40:33,420

hovering over a lake and like the lake

1100

00:40:37,190 --> 00:40:35,460

level went down six inches the next day

1101

00:40:39,050 --> 00:40:37,200

and they're like that's millions of

1102

00:40:41,390 --> 00:40:39,060

gallons of water how does that happen so

1103

00:40:43,730 --> 00:40:41,400

even in you know claims that can't

1104

00:40:45,589 --> 00:40:43,740

really be corroborated water seems to

1105

00:40:47,450 --> 00:40:45,599

have something important to do with it

1106

00:40:49,730 --> 00:40:47,460

anyway right I mean it's as far as we

1107

00:40:52,069 --> 00:40:49,740

know it's the basis of all life so they

1108

00:40:55,069 --> 00:40:52,079

probably need it as well you know

1109

00:40:56,630 --> 00:40:55,079

well absolutely yeah go ahead I'm sorry

1110

00:40:59,450 --> 00:40:56,640

Jason I was going to say as a source of

1111

00:41:01,130 --> 00:40:59,460

energy if they can use water or hydrogen

1112

00:41:03,290 --> 00:41:01,140

splitting or something right yeah even

1113

00:41:05,150 --> 00:41:03,300

there's that um event that took place I

1114

00:41:07,609 --> 00:41:05,160

think this was Germany where a craft

1115

00:41:10,910 --> 00:41:07,619

landed and these little entities made a

1116

00:41:12,710 --> 00:41:10,920

motion of we need water to a farmer he

1117

00:41:14,329 --> 00:41:12,720

brought them a cup of water and they

1118

00:41:15,950 --> 00:41:14,339

traded them like four biscuits or

1119

00:41:17,510 --> 00:41:15,960

something like that for it but they

1120

00:41:19,250 --> 00:41:17,520

needed the water for some sort of reason

1121

00:41:23,470 --> 00:41:19,260

wasn't because they were thirsty I think

1122

00:41:28,490 --> 00:41:25,790

fluid exactly ah damn we're going to

1123

00:41:30,829 --> 00:41:28,500

need some oil we got mosquitoes all over

1124

00:41:33,290 --> 00:41:30,839

this thing

1125

00:41:34,910 --> 00:41:33,300

yeah but I mean and you hear about these

1126

00:41:36,829 --> 00:41:34,920

uh crafts doing these weird patterns

1127

00:41:39,109 --> 00:41:36,839

above the water the water being churned

1128

00:41:40,730 --> 00:41:39,119

underneath it uh even the Tic Tac

1129

00:41:43,010 --> 00:41:40,740

incident when he was describing this

1130

00:41:45,230 --> 00:41:43,020

thing was doing something weird uh maybe

1131

00:41:47,990 --> 00:41:45,240

that's how they reload on their energy

1132

00:41:50,690 --> 00:41:48,000

that you know water is the source that

1133

00:41:52,849 --> 00:41:50,700

they can use to convert to their uh you

1134

00:41:55,130 --> 00:41:52,859

know zero waste energy so

1135

00:41:57,230 --> 00:41:55,140

and again it's just a theory but it's

1136

00:41:59,329 --> 00:41:57,240

just a theme that we've seen occur quite

1137

00:42:01,310 --> 00:41:59,339

a bit so yeah absolutely and when you

1138

00:42:04,790 --> 00:42:01,320

talk about you know extraterrestrial

1139

00:42:07,370 --> 00:42:04,800

life and astrobiology water water is

1140

00:42:10,010 --> 00:42:07,380

gold you know that that is

1141

00:42:12,349 --> 00:42:10,020

for Life as we know it that's what what

1142

00:42:14,930 --> 00:42:12,359

we look for is water so and they found

1143

00:42:18,230 --> 00:42:14,940

comets that have little pockets of like

1144

00:42:20,150 --> 00:42:18,240

preserved water and the base amino acids

1145

00:42:22,190 --> 00:42:20,160

that could eventually create DNA and

1146

00:42:24,530 --> 00:42:22,200

things like that so even with the idea

1147

00:42:27,230 --> 00:42:24,540

that life could be everywhere I mean it

1148

00:42:29,270 --> 00:42:27,240

doesn't maybe just needs that match it

1149

00:42:31,370 --> 00:42:29,280

needs the water and the amino acids to

1150

00:42:33,109 --> 00:42:31,380

blend a certain way to start

1151
00:42:35,690 --> 00:42:33,119
single-celled organisms and grow from

1152
00:42:37,970 --> 00:42:35,700
there so maybe there is a scientific way

1153
00:42:40,550 --> 00:42:37,980
to prove life and you know if you look

1154
00:42:42,770 --> 00:42:40,560
at the math in favor of extraterrestrial

1155
00:42:45,410 --> 00:42:42,780
life or against it it's so

1156
00:42:47,630 --> 00:42:45,420
mathematically improbable like because

1157
00:42:49,550 --> 00:42:47,640
we exist that's sort of what screws it

1158
00:42:51,950 --> 00:42:49,560
up the fact that we exist now

1159
00:42:54,890 --> 00:42:51,960
mathematically even if it is ten

1160
00:42:56,990 --> 00:42:54,900
thousand zeros point one it's still a

1161
00:42:58,970 --> 00:42:57,000
chance to say that there's no life

1162
00:43:01,190 --> 00:42:58,980
anywhere else in the planet based on

1163
00:43:03,829 --> 00:43:01,200

what if we didn't exist then that would

1164

00:43:05,750 --> 00:43:03,839

be a fair thing to say but the fact that

1165

00:43:07,309 --> 00:43:05,760

it happened once means it's so much more

1166

00:43:08,870 --> 00:43:07,319

likely that it's happened probably

1167

00:43:10,970 --> 00:43:08,880

millions of times and there's probably

1168

00:43:13,309 --> 00:43:10,980

been civilizations come and gone that we

1169

00:43:14,990 --> 00:43:13,319

will never even know about right

1170

00:43:18,290 --> 00:43:15,000

and I love bringing it back to Earth

1171

00:43:20,990 --> 00:43:18,300

because look at Earth every year we're

1172

00:43:24,050 --> 00:43:21,000

still discovering so many new species

1173

00:43:25,970 --> 00:43:24,060

that we didn't know existed yeah and

1174

00:43:28,010 --> 00:43:25,980

live here I mean it's ridiculous so

1175

00:43:31,430 --> 00:43:28,020

obviously you know we're going to

1176

00:43:32,930 --> 00:43:31,440

discover so much more out there but

1177

00:43:35,990 --> 00:43:32,940

there's still so much about this planet

1178

00:43:37,309 --> 00:43:36,000

we don't know and yes I think what we

1179

00:43:39,470 --> 00:43:37,319

call aliens are what people are

1180

00:43:41,470 --> 00:43:39,480

experiencing could definitely just be

1181

00:43:44,089 --> 00:43:41,480

from here

1182

00:43:46,609 --> 00:43:44,099

I I'm excited for the ocean Expeditions

1183

00:43:48,349 --> 00:43:46,619

I really am yeah yeah I hope it comes to

1184

00:43:51,050 --> 00:43:48,359

uh some sort of fruition that we find

1185

00:43:52,790 --> 00:43:51,060

something at least treasure if anything

1186

00:43:54,349 --> 00:43:52,800

just find an old ship of treasure and

1187

00:43:56,089 --> 00:43:54,359

Lease will be worth it but supposedly

1188

00:43:58,370 --> 00:43:56,099

the equipment that Abby Loeb has is

1189

00:43:59,569 --> 00:43:58,380

going to be really really cool stuff

1190

00:44:02,809 --> 00:43:59,579

they're going to test it out and they're

1191

00:44:04,790 --> 00:44:02,819

hoping by 2023 I think uh to have it out

1192

00:44:06,530 --> 00:44:04,800

there to actually do the Expedition and

1193

00:44:08,210 --> 00:44:06,540

be amazing see if they can find

1194

00:44:10,609 --> 00:44:08,220

something we were talking earlier about

1195

00:44:13,790 --> 00:44:10,619

like how we're waiting for the Air Force

1196

00:44:15,230 --> 00:44:13,800

to say something in regards to uaps for

1197

00:44:17,270 --> 00:44:15,240

me I'm also interested in the department

1198

00:44:19,069 --> 00:44:17,280

of energy I find that they're way too

1199

00:44:21,650 --> 00:44:19,079

quiet on the subject and I think that

1200

00:44:25,250 --> 00:44:21,660

they have a huge role to play in some of

1201
00:44:28,069 --> 00:44:25,260
where this you know underground testing

1202
00:44:29,569 --> 00:44:28,079
or trying to reverse engineer is taking

1203
00:44:31,430 --> 00:44:29,579
place I think the department of energy

1204
00:44:33,710 --> 00:44:31,440
has a huge role to play in this so

1205
00:44:35,930 --> 00:44:33,720
they've been quiet about that do you

1206
00:44:37,790 --> 00:44:35,940
have any thoughts on that as well like

1207
00:44:39,470 --> 00:44:37,800
do you think that uh either the Air

1208
00:44:40,910 --> 00:44:39,480
Force is working with them or that

1209
00:44:43,069 --> 00:44:40,920
they're just

1210
00:44:45,050 --> 00:44:43,079
doing their own thing separately but I

1211
00:44:47,210 --> 00:44:45,060
think they're they're they have to be

1212
00:44:49,849 --> 00:44:47,220
involved somehow right

1213
00:44:51,470 --> 00:44:49,859

I completely agree with you I

1214

00:44:53,870 --> 00:44:51,480

the department of energy is such a head

1215

00:44:54,470 --> 00:44:53,880

scratcher when it comes to all this

1216

00:44:56,450 --> 00:44:54,480

um

1217

00:44:58,490 --> 00:44:56,460

but when you look back through UFO

1218

00:45:01,670 --> 00:44:58,500

history they they are definitely

1219

00:45:03,829 --> 00:45:01,680

involved in some way they play a role

1220

00:45:07,670 --> 00:45:03,839

um but also have been very quiet as you

1221

00:45:09,109 --> 00:45:07,680

mentioned and I would that's always the

1222

00:45:11,750 --> 00:45:09,119

thing I look for certainly in the

1223

00:45:13,430 --> 00:45:11,760

preliminary report that came out when we

1224

00:45:14,870 --> 00:45:13,440

did they did they get anything from the

1225

00:45:16,490 --> 00:45:14,880

Department of energy come on we want to

1226
00:45:18,530 --> 00:45:16,500
hear from the Department of energy so

1227
00:45:21,290 --> 00:45:18,540
I'm I'm right there with you I I don't

1228
00:45:23,809 --> 00:45:21,300
know in in what sense they're involved

1229
00:45:25,550 --> 00:45:23,819
but they certainly are yeah because you

1230
00:45:27,710 --> 00:45:25,560
keep hearing that uh you know different

1231
00:45:30,050 --> 00:45:27,720
crash sites that sometimes somebody sees

1232
00:45:32,390 --> 00:45:30,060
the uh you know logo or whatever from

1233
00:45:34,130 --> 00:45:32,400
the Department of energy so I always

1234
00:45:35,809 --> 00:45:34,140
thought that's interesting and if

1235
00:45:37,910 --> 00:45:35,819
anybody had anything to do with these

1236
00:45:40,190 --> 00:45:37,920
crash retrievals the department of

1237
00:45:42,470 --> 00:45:40,200
energy would be a great great start to

1238
00:45:44,710 --> 00:45:42,480

look at because it's that's what they do

1239

00:45:47,450 --> 00:45:44,720

they're looking for energy sources right

1240

00:45:49,309 --> 00:45:47,460

so I know when you hear stuff like

1241

00:45:51,470 --> 00:45:49,319

comments of we have the technology to

1242

00:45:52,609 --> 00:45:51,480

bring E.T back home

1243

00:45:54,650 --> 00:45:52,619

um that sort of makes you question

1244

00:45:57,589 --> 00:45:54,660

whether we've had this problem solved a

1245

00:45:59,630 --> 00:45:57,599

long time ago but because of you know

1246

00:46:01,069 --> 00:45:59,640

oil is still such a huge industry and

1247

00:46:03,650 --> 00:46:01,079

makes the world go around we can't

1248

00:46:05,569 --> 00:46:03,660

transfer to that uh what do they call

1249

00:46:07,730 --> 00:46:05,579

Zero Point Energy or zero waste energy

1250

00:46:09,829 --> 00:46:07,740

some along those lines zero point yeah

1251
00:46:11,329 --> 00:46:09,839
yeah or carbon neutral where you're not

1252
00:46:13,730 --> 00:46:11,339
producing any more than you're taking in

1253
00:46:15,710 --> 00:46:13,740
that type of thing yeah well even I I

1254
00:46:17,390 --> 00:46:15,720
found out recently that these uh you

1255
00:46:18,770 --> 00:46:17,400
know like they eat cars and stuff like

1256
00:46:21,710 --> 00:46:18,780
that are the batteries everything

1257
00:46:23,870 --> 00:46:21,720
becoming electronic makes more waste and

1258
00:46:26,210 --> 00:46:23,880
pollution than we thought before right

1259
00:46:29,030 --> 00:46:26,220
yes there's no emissions to the cars but

1260
00:46:30,650 --> 00:46:29,040
to produce these things it causes a lot

1261
00:46:33,290 --> 00:46:30,660
of environmental yeah there's more

1262
00:46:34,910 --> 00:46:33,300
pollution mining lithium and nickel than

1263
00:46:36,589 --> 00:46:34,920

that car will ever burn in terms of

1264

00:46:38,390 --> 00:46:36,599

fossil fuel and there's no Financial

1265

00:46:39,890 --> 00:46:38,400

savings either and I can speak on this

1266

00:46:41,809 --> 00:46:39,900

because I work in the automotive sector

1267

00:46:43,849 --> 00:46:41,819

if you buy an electric car because you

1268

00:46:45,410 --> 00:46:43,859

think you're saving money you're out to

1269

00:46:47,630 --> 00:46:45,420

lunch because the amount you're going to

1270

00:46:49,790 --> 00:46:47,640

spend forty thousand dollars or fifty

1271

00:46:51,650 --> 00:46:49,800

thousand dollars on a hatchback with a

1272

00:46:53,569 --> 00:46:51,660

10-year lifespan because they will

1273

00:46:55,910 --> 00:46:53,579

depreciate to the point of a replacement

1274

00:46:59,390 --> 00:46:55,920

battery right now a new battery is 15

1275

00:47:01,370 --> 00:46:59,400

grand so that there won't be 500 beaters

1276
00:47:03,589 --> 00:47:01,380
that your teenage kid can buy and go to

1277
00:47:05,390 --> 00:47:03,599
his first part-time job that's car will

1278
00:47:07,190 --> 00:47:05,400
go to a certain value it will need a

1279
00:47:09,290 --> 00:47:07,200
battery and then it'll be worth nothing

1280
00:47:12,890 --> 00:47:09,300
so the amount that you're actually going

1281
00:47:14,630 --> 00:47:12,900
to get use wise and you know savings on

1282
00:47:16,849 --> 00:47:14,640
fuel yeah there is some savings even the

1283
00:47:19,190 --> 00:47:16,859
whole diesel question oh I drive diesel

1284
00:47:20,930 --> 00:47:19,200
because it's better on fuel than gas but

1285
00:47:23,450 --> 00:47:20,940
you spend eight to nine grand more for

1286
00:47:25,609 --> 00:47:23,460
the diesel engine version of the car to

1287
00:47:28,430 --> 00:47:25,619
save it at 10 cents a liter or you know

1288
00:47:29,930 --> 00:47:28,440

50 cents a gallon or whatever to make up

1289

00:47:31,790 --> 00:47:29,940

the nine thousand dollar difference you

1290

00:47:34,250 --> 00:47:31,800

got to drive that thing like 180 000

1291

00:47:36,770 --> 00:47:34,260

miles before you save a penny there is

1292

00:47:38,750 --> 00:47:36,780

no free or cheap energy unfortunately on

1293

00:47:40,430 --> 00:47:38,760

the planet that's a myth and electric

1294

00:47:41,930 --> 00:47:40,440

cars are already in the point of

1295

00:47:43,790 --> 00:47:41,940

creating more waste than anything

1296

00:47:45,349 --> 00:47:43,800

because what do you do with these dead

1297

00:47:47,809 --> 00:47:45,359

batteries that you can't remanufacture

1298

00:47:49,849 --> 00:47:47,819

into anything else and you know fracking

1299

00:47:52,190 --> 00:47:49,859

for lithium and all the rest it's it's

1300

00:47:53,990 --> 00:47:52,200

harming the planet more I'm not saying

1301
00:47:56,030 --> 00:47:54,000
there won't be a cheap you know better

1302
00:47:57,770 --> 00:47:56,040
source of energy I just don't think

1303
00:47:59,750 --> 00:47:57,780
electric cars is the way and they even

1304
00:48:01,910 --> 00:47:59,760
said like in the summer there was places

1305
00:48:03,710 --> 00:48:01,920
in California they had to have Black Ops

1306
00:48:06,050 --> 00:48:03,720
and only 30 percent of people were

1307
00:48:07,849 --> 00:48:06,060
running electric cars if we were all on

1308
00:48:10,849 --> 00:48:07,859
electric cars the grid wouldn't be able

1309
00:48:12,530 --> 00:48:10,859
to like cope not even close so I think

1310
00:48:14,930 --> 00:48:12,540
it's novel to think it's going to save

1311
00:48:16,550 --> 00:48:14,940
our energy problems but

1312
00:48:18,950 --> 00:48:16,560
my personal opinion I don't think is

1313
00:48:21,230 --> 00:48:18,960

going to yeah so I think flying crafts

1314

00:48:22,550 --> 00:48:21,240

with batteries would be a bad idea I

1315

00:48:23,930 --> 00:48:22,560

think that's not going to happen for

1316

00:48:26,690 --> 00:48:23,940

quite some time just for that reason

1317

00:48:28,730 --> 00:48:26,700

right something goes wrong but these

1318

00:48:31,250 --> 00:48:28,740

crafts obviously operate on some sort of

1319

00:48:33,770 --> 00:48:31,260

energy level that is beyond what our

1320

00:48:35,750 --> 00:48:33,780

understanding is and I think that helps

1321

00:48:37,069 --> 00:48:35,760

obviously the way that they fly that's

1322

00:48:39,349 --> 00:48:37,079

why when somebody says oh it's space

1323

00:48:41,990 --> 00:48:39,359

garbage or air garbage as recently as

1324

00:48:43,609 --> 00:48:42,000

it's been quoted in the New York Times I

1325

00:48:45,710 --> 00:48:43,619

find that funny I'm like what is air

1326
00:48:47,569 --> 00:48:45,720
garbage like you know we've talked about

1327
00:48:49,490 --> 00:48:47,579
that in the previous episodes this is a

1328
00:48:52,609 --> 00:48:49,500
big bag glad bag that's just floating

1329
00:48:55,069 --> 00:48:52,619
like what I think a pilot would know a

1330
00:48:57,589 --> 00:48:55,079
garbage bag from you know an object

1331
00:48:59,569 --> 00:48:57,599
that's obviously flying around his plane

1332
00:49:01,670 --> 00:48:59,579
these guys are trained observers right

1333
00:49:04,190 --> 00:49:01,680
so that when they say that these crafts

1334
00:49:05,390 --> 00:49:04,200
are doing Maneuvers that are insane and

1335
00:49:07,510 --> 00:49:05,400
somebody says well it was probably a

1336
00:49:09,710 --> 00:49:07,520
garbage bag or a space garbage or

1337
00:49:11,870 --> 00:49:09,720
seagulls for instance we heard the

1338
00:49:14,329 --> 00:49:11,880

seagulls Theory uh I find that funny

1339

00:49:16,430 --> 00:49:14,339

like I think 10 000 mile an hour

1340

00:49:19,250 --> 00:49:16,440

seagulls yeah I don't think a fighter

1341

00:49:21,109 --> 00:49:19,260

jet would waste his time going round a

1342

00:49:22,550 --> 00:49:21,119

circle with a seagull that's just

1343

00:49:24,290 --> 00:49:22,560

outmaneuvering him

1344

00:49:26,870 --> 00:49:24,300

um you know some of that logic goes out

1345

00:49:28,190 --> 00:49:26,880

the window to me but uh yeah that's just

1346

00:49:30,410 --> 00:49:28,200

my take on it

1347

00:49:32,150 --> 00:49:30,420

so uh Jason where can people find you if

1348

00:49:33,589 --> 00:49:32,160

they want to follow you and what uh what

1349

00:49:34,970 --> 00:49:33,599

you're producing at the moment is there

1350

00:49:37,130 --> 00:49:34,980

anywhere that you recommend people check

1351
00:49:38,569 --> 00:49:37,140
you out well you mentioned Twitter so I

1352
00:49:41,530 --> 00:49:38,579
will throw that out there I'm on Twitter

1353
00:49:44,329 --> 00:49:41,540
at acecentric that's

1354
00:49:46,030 --> 00:49:44,339
a-c-e-c-e-n-t-r-i-c sort of taking a uh

1355
00:49:48,589 --> 00:49:46,040
a little bit of a break from my podcast

1356
00:49:50,930 --> 00:49:48,599
unknown and uh everything else we're

1357
00:49:52,490 --> 00:49:50,940
doing at Rogue planet rogueplanet.tv is

1358
00:49:54,710 --> 00:49:52,500
my website where I usually post

1359
00:49:57,349 --> 00:49:54,720
everything I do and and along with my

1360
00:50:00,410 --> 00:49:57,359
other fellow weirdo colleagues we

1361
00:50:01,970 --> 00:50:00,420
explore all the strange but for the rest

1362
00:50:03,650 --> 00:50:01,980
of the year we're basically taking a

1363
00:50:05,990 --> 00:50:03,660

break I've had a lot of things happen in

1364

00:50:09,109 --> 00:50:06,000

my personal life and professional life

1365

00:50:11,210 --> 00:50:09,119

that really taken up all my time so I'm

1366

00:50:15,109 --> 00:50:11,220

kind of taking a break from all of it

1367

00:50:16,670 --> 00:50:15,119

and we'll start anew in 2023

1368

00:50:18,950 --> 00:50:16,680

um a lot of big things planned I'm still

1369

00:50:22,550 --> 00:50:18,960

still working on another book got some

1370

00:50:25,430 --> 00:50:22,560

TV stuff lined up and uh gonna try to do

1371

00:50:27,470 --> 00:50:25,440

a couple lots a couple more shows in the

1372

00:50:29,089 --> 00:50:27,480

New Year too really looking as I

1373

00:50:31,730 --> 00:50:29,099

mentioned about uh you know actual

1374

00:50:33,829 --> 00:50:31,740

evidence and trying to to dive into some

1375

00:50:35,569 --> 00:50:33,839

of these

1376

00:50:37,370 --> 00:50:35,579

um you know a lot of the lore of UFOs

1377

00:50:39,050 --> 00:50:37,380

and and looking at the facts of it

1378

00:50:40,250 --> 00:50:39,060

because for for me personally and you

1379

00:50:42,109 --> 00:50:40,260

know Roswell is something I've spent a

1380

00:50:44,450 --> 00:50:42,119

lot of time on but the more I've looked

1381

00:50:46,910 --> 00:50:44,460

into Roswell and looked at the actual

1382

00:50:49,670 --> 00:50:46,920

evidentiary value of a lot of what all

1383

00:50:52,390 --> 00:50:49,680

of us just accept as truth when it comes

1384

00:50:55,250 --> 00:50:52,400

to Roswell is completely inaccurate

1385

00:50:56,990 --> 00:50:55,260

completely inaccurate you know in terms

1386

00:50:59,089 --> 00:50:57,000

of claims of bodies and things like that

1387

00:51:01,670 --> 00:50:59,099

and you know we hear about these stories

1388

00:51:04,370 --> 00:51:01,680

of the whole town saw it and everybody

1389

00:51:06,170 --> 00:51:04,380

in Roswell you know was threatened and

1390

00:51:08,150 --> 00:51:06,180

they they were all scared and they all

1391

00:51:11,630 --> 00:51:08,160

know that alien bodies were were taken

1392

00:51:13,569 --> 00:51:11,640

out of there the the actual people who

1393

00:51:15,950 --> 00:51:13,579

physically claim to have seen

1394

00:51:18,470 --> 00:51:15,960

extraterrestrial bodies who were

1395

00:51:21,410 --> 00:51:18,480

actually interviewed by researchers I

1396

00:51:23,450 --> 00:51:21,420

believe total in the number of four

1397

00:51:25,130 --> 00:51:23,460

um so you know a lot of these Grand

1398

00:51:28,970 --> 00:51:25,140

evidentiary claims that have been made

1399

00:51:31,069 --> 00:51:28,980

and have grown to to lower status you

1400

00:51:35,450 --> 00:51:31,079

know it just really aren't that when

1401
00:51:37,069 --> 00:51:35,460
when you dig into it so so I I don't

1402
00:51:39,349 --> 00:51:37,079
want to to make it sound like I've

1403
00:51:43,010 --> 00:51:39,359
graduated into to being a debunker or

1404
00:51:45,170 --> 00:51:43,020
anything but I I do know that where I am

1405
00:51:47,750 --> 00:51:45,180
in my personal Quest right now is I've

1406
00:51:49,430 --> 00:51:47,760
been in this field long enough and as I

1407
00:51:51,410 --> 00:51:49,440
mentioned I do like looking for things

1408
00:51:53,030 --> 00:51:51,420
that can be validated you know and not

1409
00:51:54,230 --> 00:51:53,040
just things that that are convenient for

1410
00:51:57,349 --> 00:51:54,240
me to believe in because they might

1411
00:51:59,870 --> 00:51:57,359
support my pre-existing belief I want

1412
00:52:02,569 --> 00:51:59,880
stuff that you know I can point to I can

1413
00:52:05,329 --> 00:52:02,579

confidently go on shows and and tell

1414

00:52:06,890 --> 00:52:05,339

people about and and you know suggest

1415

00:52:08,930 --> 00:52:06,900

that they they look into that too and

1416

00:52:11,630 --> 00:52:08,940

consider that in their own evaluations

1417

00:52:13,730 --> 00:52:11,640

so that's that's really where I'm headed

1418

00:52:17,030 --> 00:52:13,740

and I think everybody approaching this

1419

00:52:19,670 --> 00:52:17,040

field needs to be skeptical not a

1420

00:52:21,710 --> 00:52:19,680

skeptic but skeptical that's part of

1421

00:52:24,230 --> 00:52:21,720

this process and being a good researcher

1422

00:52:26,150 --> 00:52:24,240

is being skeptical because we're dealing

1423

00:52:29,329 --> 00:52:26,160

with something that involves Grand

1424

00:52:31,190 --> 00:52:29,339

claims it really does and and they're

1425

00:52:33,589 --> 00:52:31,200

tremendous things and they're

1426

00:52:36,290 --> 00:52:33,599

eye-opening and it's hard to not

1427

00:52:37,569 --> 00:52:36,300

be taken aback when you know a

1428

00:52:40,490 --> 00:52:37,579

high-ranking military

1429

00:52:43,370 --> 00:52:40,500

official comes to you and and tells you

1430

00:52:45,170 --> 00:52:43,380

something this shocking you know you

1431

00:52:47,270 --> 00:52:45,180

want to take it at face value but that's

1432

00:52:48,710 --> 00:52:47,280

a dangerous game to play and I

1433

00:52:50,390 --> 00:52:48,720

personally have have been in that

1434

00:52:52,630 --> 00:52:50,400

situation where I've had lots of

1435

00:52:55,609 --> 00:52:52,640

government and military personnel

1436

00:52:57,230 --> 00:52:55,619

personally come and tell me incredible

1437

00:52:59,510 --> 00:52:57,240

things that later turned out to be

1438

00:53:02,930 --> 00:52:59,520

absolute so oh really

1439

00:53:04,190 --> 00:53:02,940

that sucks I know yeah well Jason I

1440

00:53:05,510 --> 00:53:04,200
