PODCAST**

**CHERYL COSTA**

1  
00:00:03,830 --> 00:00:02,210  
welcome back to our show everybody a

2  
00:00:05,870 --> 00:00:03,840  
very interesting day today we like to

3  
00:00:09,049 --> 00:00:05,880  
get people that have all sorts of

4  
00:00:11,870 --> 00:00:09,059  
different opinions and experiences and

5  
00:00:13,789 --> 00:00:11,880  
uh have walked through life and had a

6  
00:00:15,289 --> 00:00:13,799  
bunch of stuff happen and come out more

7  
00:00:16,790 --> 00:00:15,299  
enlightened on the other end so today

8  
00:00:17,930 --> 00:00:16,800  
we're going to speak to somebody who's

9  
00:00:19,849 --> 00:00:17,940  
worked in the intelligence World

10  
00:00:22,790 --> 00:00:19,859  
somebody who worked for Lockheed Martin

11  
00:00:25,130 --> 00:00:22,800  
served in the Vietnam War was like a spy

12  
00:00:27,529 --> 00:00:25,140  
on a submarine this person's also been a

13  
00:00:30,830 --> 00:00:27,539

Buddhist monk and they're into ufology

14

00:00:33,830 --> 00:00:30,840

and they have the stats on how many

15

00:00:35,330 --> 00:00:33,840

people actually see craft and like what

16

00:00:38,330 --> 00:00:35,340

would you say Jay like what do most

17

00:00:41,869 --> 00:00:38,340

people think the ratio is uh I would

18

00:00:44,270 --> 00:00:41,879

think most people would say one out of

19

00:00:46,490 --> 00:00:44,280

thousand people have seen a year I've

20

00:00:47,810 --> 00:00:46,500

even heard it said one out of ten you

21

00:00:49,369 --> 00:00:47,820

know one out of whatever and every

22

00:00:51,110 --> 00:00:49,379

nobody really knows and there's all

23

00:00:53,630 --> 00:00:51,120

these varying opinions that have kind of

24

00:00:55,010 --> 00:00:53,640

infiltrated this topic so we want to

25

00:00:57,650 --> 00:00:55,020

speak with somebody who's actually done

26

00:00:59,510 --> 00:00:57,660

the math looked at the raw data and

27

00:01:02,029 --> 00:00:59,520

published it and uh we're gonna do

28

00:01:03,770 --> 00:01:02,039

exactly that today so it's going to be a

29

00:01:05,990 --> 00:01:03,780

great episode Cheryl Costas on the show

30

00:01:08,630 --> 00:01:06,000

she's going to explain her uh her

31

00:01:10,490 --> 00:01:08,640

varying opinions on things and um

32

00:01:12,649 --> 00:01:10,500

everything from Consciousness to what

33

00:01:14,030 --> 00:01:12,659

being a Buddhist monk taught her and

34

00:01:16,130 --> 00:01:14,040

what she really thinks is going on with

35

00:01:18,410 --> 00:01:16,140

the UAP phenomenon so we'll be right

36

00:01:20,090 --> 00:01:18,420

back in a minute with Cheryl Costa let's

37

00:01:23,950 --> 00:01:20,100

do it

38

00:01:42,310 --> 00:01:37,760

[Music]

39

00:01:46,969 --> 00:01:44,810

welcome back to another episode of UAP

40

00:01:49,609 --> 00:01:46,979

studies podcast my name is Louis Borges

41

00:01:51,410 --> 00:01:49,619

joining me as always my best buddy and

42

00:01:53,330 --> 00:01:51,420

I'm not scared to say it Jason gilmat

43

00:01:56,270 --> 00:01:53,340

how are you I'm doing really good and by

44

00:01:58,609 --> 00:01:56,280

the way it's Louie gorgeous Borges I

45

00:02:00,350 --> 00:01:58,619

think yeah we pump each other up and and

46

00:02:03,469 --> 00:02:00,360

keep each other humble at the same time

47

00:02:05,209 --> 00:02:03,479

so really excited for our guest today a

48

00:02:08,330 --> 00:02:05,219

very uh well-known ufologist somebody

49

00:02:09,710 --> 00:02:08,340

with a big brain lots of enthusiasm uh

50

00:02:12,110 --> 00:02:09,720

we're somebody who worked for Lockheed

51  
00:02:14,150 --> 00:02:12,120  
Martin uh you know Cheryl served in

52  
00:02:16,550 --> 00:02:14,160  
Vietnam and she even worked at the U.S

53  
00:02:19,490 --> 00:02:16,560  
Navy in the Cold War submarine service I

54  
00:02:20,570 --> 00:02:19,500  
mean that's badass pretty badass yeah a

55  
00:02:22,010 --> 00:02:20,580  
lot of stuff's been happening lately

56  
00:02:24,170 --> 00:02:22,020  
there was a fairly recent New York Times

57  
00:02:25,309 --> 00:02:24,180  
article that came out it almost feels

58  
00:02:26,650 --> 00:02:25,319  
like we're going backwards a little bit

59  
00:02:29,089 --> 00:02:26,660  
but we're going to get into all that

60  
00:02:32,030 --> 00:02:29,099  
also Cheryl is really good in terms of

61  
00:02:33,830 --> 00:02:32,040  
case studies numbers kind of trying to

62  
00:02:36,170 --> 00:02:33,840  
draw similarities amongst all the

63  
00:02:38,510 --> 00:02:36,180

variants that's out there and make some

64

00:02:41,509 --> 00:02:38,520

sense of it so a very warm welcome to

65

00:02:44,750 --> 00:02:41,519

the show today to Ms Cheryl Costa hi

66

00:02:48,170 --> 00:02:44,760

everybody how you doing good I'm doing

67

00:02:49,910 --> 00:02:48,180

good good been a Rowdy morning I bet us

68

00:02:52,729 --> 00:02:49,920

too this is episode number two for us

69

00:02:54,710 --> 00:02:52,739

today in our recordings and uh we're uh

70

00:02:56,390 --> 00:02:54,720

changed up and fresh and excited to get

71

00:02:58,369 --> 00:02:56,400

into it and you know Jason always says

72

00:03:01,070 --> 00:02:58,379

any day you get to chat about uaps is a

73

00:03:02,330 --> 00:03:01,080

great day so works for me so tell us a

74

00:03:03,830 --> 00:03:02,340

little bit about uh why you're

75

00:03:06,470 --> 00:03:03,840

interested in all this stuff and why you

76

00:03:07,869 --> 00:03:06,480

put so much time and effort into doing

77

00:03:11,149 --> 00:03:07,879

what you do

78

00:03:12,949 --> 00:03:11,159

short story on my early life uh first

79

00:03:15,290 --> 00:03:12,959

sighting when I was about 12 with my

80

00:03:17,630 --> 00:03:15,300

parents my mother introduced me to it

81

00:03:20,570 --> 00:03:17,640

based on that sighting that we had it

82

00:03:22,309 --> 00:03:20,580

was a sphere okay and it was not just

83

00:03:25,190 --> 00:03:22,319

something we thought you know oh my God

84

00:03:27,770 --> 00:03:25,200

and it's gone no it sat there for 25 30

85

00:03:28,910 --> 00:03:27,780

minutes before I decided to go gone you

86

00:03:30,589 --> 00:03:28,920

know

87

00:03:33,410 --> 00:03:30,599

um uh

88

00:03:35,330 --> 00:03:33,420

got through into High School uh my

89

00:03:37,130 --> 00:03:35,340

mother and I were both very well read uh

90

00:03:39,710 --> 00:03:37,140

early Von Dan again all the guys who

91

00:03:42,110 --> 00:03:39,720

were published back in those days uh uh

92

00:03:45,770 --> 00:03:42,120

there was a ton of them gay in the late

93

00:03:47,809 --> 00:03:45,780

60s and then I went in the service and

94

00:03:51,289 --> 00:03:47,819

uh I had another sighting on Christmas

95

00:03:54,170 --> 00:03:51,299

Eve 1971 in Cameron Bay Vietnam with a

96

00:03:55,910 --> 00:03:54,180

friend of mine wow okay and uh it was

97

00:03:57,949 --> 00:03:55,920

about 11 30 at night we saw this thing

98

00:04:01,070 --> 00:03:57,959

streaking across the sky and it just

99

00:04:02,570 --> 00:04:01,080

stopped like a rock and my friend looked

100

00:04:04,070 --> 00:04:02,580

at me we were walking down to the Chapel

101  
00:04:07,490 --> 00:04:04,080  
to go to midnight gas for something to

102  
00:04:09,890 --> 00:04:07,500  
do you know and I said uh Jets don't

103  
00:04:11,990 --> 00:04:09,900  
stop and he says in helicopters don't

104  
00:04:13,729 --> 00:04:12,000  
fly that fast you know and then I said

105  
00:04:15,649 --> 00:04:13,739  
if that's what I think it is it's gonna

106  
00:04:17,050 --> 00:04:15,659  
start dancing around like a fairy darn

107  
00:04:20,810 --> 00:04:17,060  
if it's

108  
00:04:22,969 --> 00:04:20,820  
gone you know and um neither one of us

109  
00:04:24,409 --> 00:04:22,979  
would talk to anybody about it

110  
00:04:26,390 --> 00:04:24,419  
um we were both under all kinds of

111  
00:04:29,570 --> 00:04:26,400  
structures for clearances and stuff like

112  
00:04:31,490 --> 00:04:29,580  
this so um going from the Air Force I

113  
00:04:33,469 --> 00:04:31,500

had a two-year break uh because my

114

00:04:35,870 --> 00:04:33,479

hometown got wiped out in a flood went

115

00:04:37,670 --> 00:04:35,880

and then got a deal to go in the Navy

116

00:04:40,490 --> 00:04:37,680

for two years for High-Tech training

117

00:04:44,030 --> 00:04:40,500

which I did and so I was in the military

118

00:04:45,830 --> 00:04:44,040

a total of about nine years most uh two

119

00:04:49,310 --> 00:04:45,840

years in the Air Force and the rest was

120

00:04:51,710 --> 00:04:49,320

in the Navy uh doing high-tech stuff uh

121

00:04:54,050 --> 00:04:51,720

and the goofy thing about it was I was

122

00:04:55,189 --> 00:04:54,060

under a clearance so I just you play it

123

00:04:56,629 --> 00:04:55,199

close to your chest because they always

124

00:04:58,189 --> 00:04:56,639

they had a list of 100 things you

125

00:05:00,469 --> 00:04:58,199

couldn't be a member of and keep your

126

00:05:03,230 --> 00:05:00,479

clearance and mufan was one of them oh

127

00:05:04,070 --> 00:05:03,240

really yeah in those days it was and

128

00:05:06,350 --> 00:05:04,080

then

129

00:05:08,150 --> 00:05:06,360

um I got out of the military and was

130

00:05:09,710 --> 00:05:08,160

probably sucked up by the Aerospace

131

00:05:12,650 --> 00:05:09,720

industry

132

00:05:14,210 --> 00:05:12,660

and again I was under the same clearance

133

00:05:17,150 --> 00:05:14,220

restrictions

134

00:05:20,110 --> 00:05:17,160

because of what I did and and and uh

135

00:05:23,210 --> 00:05:20,120

what they were utilizing me for and um

136

00:05:25,129 --> 00:05:23,220

next thing so it was 32 years in

137

00:05:27,650 --> 00:05:25,139

Lockheed Martin so

138

00:05:30,950 --> 00:05:27,660

with this almost nine almost ten years

139

00:05:33,529 --> 00:05:30,960

in in the in the military in 32 years I

140

00:05:36,650 --> 00:05:33,539

found uh 32 years with Lockheed it was

141

00:05:38,330 --> 00:05:36,660

like 40 years under the the the lid of a

142

00:05:41,870 --> 00:05:38,340

security card that I couldn't talk about

143

00:05:46,010 --> 00:05:41,880

UFOs right so I retired they retired me

144

00:05:48,170 --> 00:05:46,020

in 2011 32 years at Lockheed and I've

145

00:05:51,409 --> 00:05:48,180

finished up a 40 year old bachelor's

146

00:05:54,290 --> 00:05:51,419

degree in entertainment writing

147

00:05:57,110 --> 00:05:54,300

and the flavor of that was I went around

148

00:06:00,290 --> 00:05:57,120

started pitching myself to newspapers

149

00:06:02,150 --> 00:06:00,300

okay quote that retirement career and

150

00:06:03,590 --> 00:06:02,160

everybody laughing out of the office to

151

00:06:05,629 --> 00:06:03,600

chase me out of the office or had

152

00:06:08,330 --> 00:06:05,639

security escort me to the door because I

153

00:06:10,310 --> 00:06:08,340

was pitching a weekly column on UFOs and

154

00:06:12,290 --> 00:06:10,320

they thought that's ludicrous

155

00:06:14,810 --> 00:06:12,300

and a little weekly newspaper Syracuse

156

00:06:15,710 --> 00:06:14,820

New Times said I'll try you out for a

157

00:06:18,950 --> 00:06:15,720

month

158

00:06:21,110 --> 00:06:18,960

the phone and says get over here we need

159

00:06:22,909 --> 00:06:21,120

to talk and I had I had that thought oh

160

00:06:25,249 --> 00:06:22,919

my God this is it's all over with right

161

00:06:27,110 --> 00:06:25,259

I walk in and he's already got to the

162

00:06:29,210 --> 00:06:27,120

people in the meeting and he stops

163

00:06:31,070 --> 00:06:29,220

talking I'm late and I can walk in and

164

00:06:32,930 --> 00:06:31,080

he stops talking points at me and says

165

00:06:34,909 --> 00:06:32,940

there's our rock star

166

00:06:36,230 --> 00:06:34,919

I said what are you talking about he

167

00:06:38,510 --> 00:06:36,240

says you've been here a month you're

168

00:06:41,150 --> 00:06:38,520

pulling more online page use and all the

169

00:06:44,029 --> 00:06:41,160

columnists combined wow you know just

170

00:06:45,350 --> 00:06:44,039

keep doing it you know so within six

171

00:06:47,029 --> 00:06:45,360

months they told me I was pulling a

172

00:06:49,550 --> 00:06:47,039

national audience on the online edition

173

00:06:52,249 --> 00:06:49,560

and within a year but by the end of the

174

00:06:53,930 --> 00:06:52,259

year they said uh publisher in the

175

00:06:55,610 --> 00:06:53,940

digital editor got up there and said

176

00:06:58,370 --> 00:06:55,620

she's pulling an international audience

177

00:07:01,969 --> 00:06:58,380

on a little dinky weekly paper you know

178

00:07:04,249 --> 00:07:01,979

so um that's what I did so all the stuff

179

00:07:07,670 --> 00:07:04,259

you see me researching

180

00:07:10,370 --> 00:07:07,680

that I did in my columns two uh weekly

181

00:07:15,110 --> 00:07:10,380

column for seven years so a 238 articles

182

00:07:17,330 --> 00:07:15,120

all together uh about I I treated citing

183

00:07:19,010 --> 00:07:17,340

stories with the respect of but I did it

184

00:07:21,230 --> 00:07:19,020

a matter of fact it was just like the

185

00:07:24,409 --> 00:07:21,240

robbery across town the fire down down

186

00:07:26,450 --> 00:07:24,419

the street uh you know the car car wreck

187

00:07:27,950 --> 00:07:26,460

up on the expressway I just treated it

188

00:07:29,809 --> 00:07:27,960

like another story

189

00:07:31,309 --> 00:07:29,819

and um the only thing we did different

190

00:07:33,290 --> 00:07:31,319

was I couldn't tell you who and I

191

00:07:34,730 --> 00:07:33,300

couldn't tell you why so but I could

192

00:07:36,650 --> 00:07:34,740

tell you what when and where so if you

193

00:07:38,390 --> 00:07:36,660

heard me say Bob and Susie were on the

194

00:07:41,390 --> 00:07:38,400

hood of his car watching the stars and

195

00:07:43,249 --> 00:07:41,400

they saw this big going over overhead it

196

00:07:46,550 --> 00:07:43,259

wasn't Bob and Susie and it wasn't his

197

00:07:48,710 --> 00:07:46,560

57 Chevy okay but my editors were good

198

00:07:51,350 --> 00:07:48,720

with that they said Your Entertainment

199

00:07:54,050 --> 00:07:51,360

writing you're not a real journalist per

200

00:07:56,330 --> 00:07:54,060

se you know so I hit some slack

201  
00:07:58,309 --> 00:07:56,340  
yeah here in Canada we still have a

202  
00:07:59,990 --> 00:07:58,319  
problem with uh people not being able to

203  
00:08:01,730 --> 00:08:00,000  
be taken seriously especially on the

204  
00:08:04,070 --> 00:08:01,740  
news we mentioned that in a few podcasts

205  
00:08:05,930 --> 00:08:04,080  
now but there's a huge problem that

206  
00:08:07,430 --> 00:08:05,940  
we're always two weeks behind the United

207  
00:08:10,670 --> 00:08:07,440  
States so if the United States starts

208  
00:08:13,189 --> 00:08:10,680  
taking it seriously then Canada slowly

209  
00:08:14,870 --> 00:08:13,199  
starts taking it seriously as well but

210  
00:08:17,689 --> 00:08:14,880  
it still has that

211  
00:08:19,189 --> 00:08:17,699  
you know on a lighter note sort of uh

212  
00:08:21,529 --> 00:08:19,199  
vibe to it like they're trying to make

213  
00:08:23,330 --> 00:08:21,539

it look like this is something you know

214

00:08:25,010 --> 00:08:23,340

oh no they might do a good local story

215

00:08:26,510 --> 00:08:25,020

about it you know this is what they saw

216

00:08:29,210 --> 00:08:26,520

and they cut back to the anchor and he

217

00:08:31,249 --> 00:08:29,220

goes yeah exactly that's what they do

218

00:08:33,409 --> 00:08:31,259

they've been doing it here for 50 years

219

00:08:35,269 --> 00:08:33,419

oh it's so annoying and I always think

220

00:08:36,949 --> 00:08:35,279

like yeah so you know reporters need to

221

00:08:40,010 --> 00:08:36,959

take this seriously and treat it with

222

00:08:42,350 --> 00:08:40,020

them they won't talk to me the reporters

223

00:08:45,350 --> 00:08:42,360

won't talk to you New York Times talk to

224

00:08:47,329 --> 00:08:45,360

me okay newspapers after New York Times

225

00:08:51,710 --> 00:08:47,339

did a major Science magazine article

226

00:08:53,750 --> 00:08:51,720

about our first book is statistics right

227

00:08:56,090 --> 00:08:53,760

um I was getting the the day after the

228

00:08:58,670 --> 00:08:56,100

heart the paper version of that article

229

00:09:00,470 --> 00:08:58,680

came out my phone started ringing 8 30

230

00:09:02,210 --> 00:09:00,480

in the morning it didn't stop ringing

231

00:09:04,190 --> 00:09:02,220

until 10 30 at night and the phones were

232

00:09:06,470 --> 00:09:04,200

flying off the hook at our newspaper

233

00:09:08,329 --> 00:09:06,480

from news editors news directors all

234

00:09:13,970 --> 00:09:08,339

over the planet wanted to talk to us

235

00:09:17,030 --> 00:09:13,980

right and uh so okay that's cool but

236

00:09:18,889 --> 00:09:17,040

other newspapers won't talk to us since

237

00:09:21,350 --> 00:09:18,899

the other paper went since the new times

238

00:09:23,329 --> 00:09:21,360

went under in 2019 I have pitched

239

00:09:27,949 --> 00:09:23,339

newspaper if the newspaper and said I

240

00:09:31,670 --> 00:09:30,470

yeah yeah and still today they're still

241

00:09:33,470 --> 00:09:31,680

doing that

242

00:09:35,329 --> 00:09:33,480

um right they're still sort of oh that's

243

00:09:37,910 --> 00:09:35,339

sort of Hokey Pokey we don't really

244

00:09:41,389 --> 00:09:37,920

believe in this sort of stuff uh you

245

00:09:43,250 --> 00:09:41,399

know I I you find that now in uh you

246

00:09:44,690 --> 00:09:43,260

mentioned even on Twitter uh not that

247

00:09:47,090 --> 00:09:44,700

long ago that you had pitched that to

248

00:09:48,829 --> 00:09:47,100

another uh news

249

00:09:51,889 --> 00:09:48,839

um I think newspaper or some sort and he

250

00:09:53,690 --> 00:09:51,899

said well that's just ridiculous oh yeah

251

00:09:57,470 --> 00:09:53,700

I went to him with the numbers for this

252

00:09:59,570 --> 00:09:57,480

state here Ohio over eight state in the

253

00:10:02,870 --> 00:09:59,580

country for UFO sightings right you know

254

00:10:04,730 --> 00:10:02,880

uh and uh supposedly you know Wright

255

00:10:08,090 --> 00:10:04,740

Patterson's ready keeping the Bobbies

256

00:10:11,150 --> 00:10:08,100

you know if you believe that story uh

257

00:10:13,850 --> 00:10:11,160

and they won't talk to me yeah I've

258

00:10:16,790 --> 00:10:13,860

reached out to all five TV stations and

259

00:10:19,070 --> 00:10:16,800

I've worked out to three newspapers in

260

00:10:20,750 --> 00:10:19,080

the state including two College papers

261

00:10:23,329 --> 00:10:20,760

on top of that

262

00:10:25,370 --> 00:10:23,339

won't even answer my mail and it's not

263

00:10:27,470 --> 00:10:25,380

crazy I don't get some babbling letter

264

00:10:31,070 --> 00:10:27,480

it's a tight little business letter with

265

00:10:31,730 --> 00:10:31,080

a smart a small executive summary

266

00:10:35,110 --> 00:10:31,740

um

267

00:10:38,329 --> 00:10:35,120

people came to me in 2019 said Cheryl

268

00:10:42,230 --> 00:10:38,339

this is before we knew about covet

269

00:10:44,870 --> 00:10:42,240

okay okay nobody knew covert was coming

270

00:10:47,030 --> 00:10:44,880

and they said uh Cheryl

271

00:10:48,710 --> 00:10:47,040

Senator Rubio is going to attach a bill

272

00:10:50,750 --> 00:10:48,720

to something like a spending bill or

273

00:10:52,850 --> 00:10:50,760

something he knows will pass

274

00:10:56,509 --> 00:10:52,860

and we might have Congressional hearings

275

00:10:59,569 --> 00:10:56,519

in 2020 Maybe 2021.

276

00:11:01,790 --> 00:10:59,579

and they said okay and this is the a lot

277

00:11:04,069 --> 00:11:01,800

The Usual Suspects the lobby guys you

278

00:11:05,930 --> 00:11:04,079

know and they called me up and said um

279

00:11:08,870 --> 00:11:05,940

would you and Linda be willing to

280

00:11:11,750 --> 00:11:08,880

testify before Congress if this comes up

281

00:11:13,550 --> 00:11:11,760

we can advocate for this and of course

282

00:11:15,290 --> 00:11:13,560

Linda and I had both been government

283

00:11:18,230 --> 00:11:15,300

contractors

284

00:11:20,870 --> 00:11:18,240

so you spend your career trying not to

285

00:11:22,910 --> 00:11:20,880

have to testify before Congress okay

286

00:11:26,150 --> 00:11:22,920

that's the whole point yeah yeah yeah

287

00:11:29,569 --> 00:11:26,160

don't get in trouble and so we said yeah

288

00:11:31,009 --> 00:11:29,579

sure we can do that for you and uh then

289

00:11:33,590 --> 00:11:31,019

the two of us sat there and thought

290

00:11:35,930 --> 00:11:33,600

about this and I said all right

291

00:11:38,030 --> 00:11:35,940

say this all happens Linda they said

292

00:11:39,710 --> 00:11:38,040

imagine we're on C-Span there's a

293

00:11:42,230 --> 00:11:39,720

congressional hearing we've seen these

294

00:11:45,170 --> 00:11:42,240

things before we want people to know

295

00:11:47,810 --> 00:11:45,180

that it's our book they're looking at so

296

00:11:49,850 --> 00:11:47,820

we decided to make the thing bright pink

297

00:11:52,790 --> 00:11:49,860

you can't you can flag an aircraft with

298

00:11:56,750 --> 00:11:55,130

so we want to know if everybody know

299

00:11:59,930 --> 00:11:56,760

that a couple of women published this

300

00:12:02,090 --> 00:11:59,940

book you know so um that was the whole

301  
00:12:04,790 --> 00:12:02,100  
flavor of the whole thing but I also

302  
00:12:07,430 --> 00:12:04,800  
told those guys back then

303  
00:12:09,290 --> 00:12:07,440  
you know we'd already heard guys like

304  
00:12:11,990 --> 00:12:09,300  
Lou Alexander we were starting to hear

305  
00:12:14,930 --> 00:12:12,000  
from Chris melons and that kind of thing

306  
00:12:16,850 --> 00:12:14,940  
and I said all right I'm in the pr

307  
00:12:20,090 --> 00:12:16,860  
public relations business I've been

308  
00:12:22,490 --> 00:12:20,100  
radio since I was 16. okay I know

309  
00:12:23,750 --> 00:12:22,500  
something about how media works I said

310  
00:12:25,009 --> 00:12:23,760  
you know what's going to happen to those

311  
00:12:27,290 --> 00:12:25,019  
Congressional hearings they're not going

312  
00:12:29,210 --> 00:12:27,300  
to talk to any of us on washed masses in

313  
00:12:31,610 --> 00:12:29,220

the UFO Community who have been carrying

314

00:12:33,470 --> 00:12:31,620

the torch for 70 years and studying it

315

00:12:35,690 --> 00:12:33,480

up the wazoo

316

00:12:37,610 --> 00:12:35,700

okay we are the civilian experts on this

317

00:12:39,530 --> 00:12:37,620

thing even if when you eliminate all the

318

00:12:42,290 --> 00:12:39,540

real whack jobs there are some really

319

00:12:45,829 --> 00:12:42,300

sharp people in our community yeah I

320

00:12:48,050 --> 00:12:45,839

said no it's going to be a parade of

321

00:12:51,290 --> 00:12:48,060

defense department spooks

322

00:12:52,850 --> 00:12:51,300

and swaggering Pilots

323

00:12:55,370 --> 00:12:52,860

and that's what we got

324

00:12:57,470 --> 00:12:55,380

yeah they want to have control over that

325

00:13:00,350 --> 00:12:57,480

as well and and I wanted to ask you you

326

00:13:02,509 --> 00:13:00,360

know like 2017 Tic Tac article comes out

327

00:13:04,190 --> 00:13:02,519

New York Times definitely was like a

328

00:13:06,650 --> 00:13:04,200

mini disclosure and more people are

329

00:13:10,910 --> 00:13:06,660

interested ever since let's go there a

330

00:13:13,069 --> 00:13:10,920

minute 2017 was a disclosure year

331

00:13:14,389 --> 00:13:13,079

see most people leap to that December

332

00:13:16,610 --> 00:13:14,399

thing with atip

333

00:13:17,990 --> 00:13:16,620

okay and and the picture yeah things

334

00:13:19,310 --> 00:13:18,000

happened earlier in the year before the

335

00:13:21,470 --> 00:13:19,320

article okay well let me show you where

336

00:13:23,870 --> 00:13:21,480

they did uh there was the Obama error

337

00:13:26,750 --> 00:13:23,880

disclosure in February with the New York

338

00:13:29,930 --> 00:13:26,760

Times launched that and it was this big

339

00:13:32,509 --> 00:13:29,940

article about what the CIA CIA had

340

00:13:35,949 --> 00:13:32,519

Declassified and given to the National

341

00:13:38,810 --> 00:13:35,959

Archives okay a lot of 19 late 40s early

342

00:13:41,210 --> 00:13:38,820

1950s stuff right and I brought down

343

00:13:43,250 --> 00:13:41,220

every one of those PDFs and I know

344

00:13:46,550 --> 00:13:43,260

talking later to Ralph blooming's off in

345

00:13:49,009 --> 00:13:46,560

the New York Times he did the same and

346

00:13:49,670 --> 00:13:49,019

they picked this stuff apart

347

00:13:52,310 --> 00:13:49,680

um

348

00:13:56,269 --> 00:13:52,320

and Linda and I came out with our book

349

00:13:59,389 --> 00:13:56,279

of Statistics in uh March April time

350

00:14:00,769 --> 00:13:59,399

frame of 2017 and the New York Times

351

00:14:02,870 --> 00:14:00,779

said we're going to do a story about

352

00:14:05,269 --> 00:14:02,880

this we don't normally report this topic

353

00:14:07,490 --> 00:14:05,279

matter but you women are the first ones

354

00:14:09,949 --> 00:14:07,500

to ever do statistics and have numbers

355

00:14:11,810 --> 00:14:09,959

versus just a nice story

356

00:14:14,090 --> 00:14:11,820

and that's that's how we were involved

357

00:14:16,370 --> 00:14:14,100

with disclosure and then what six to

358

00:14:18,290 --> 00:14:16,380

eight months later Keane Blumenthal and

359

00:14:19,490 --> 00:14:18,300

those folks broke the story with atip

360

00:14:21,889 --> 00:14:19,500

and all that

361

00:14:23,990 --> 00:14:21,899

so it's 17 with a big year but most

362

00:14:25,910 --> 00:14:24,000

people just think concentrate on on

363

00:14:28,069 --> 00:14:25,920

December there was a lot going on that

364

00:14:29,690 --> 00:14:28,079

year yeah and how do you feel now with

365

00:14:32,030 --> 00:14:29,700

the article that came out a few days ago

366

00:14:33,769 --> 00:14:32,040

I mean I know we I've I've been yeah

367

00:14:35,569 --> 00:14:33,779

exactly my phone's been blowing up like

368

00:14:37,910 --> 00:14:35,579

can you believe this [h\_\_\h] have you read

369

00:14:40,129 --> 00:14:37,920

that it feels like we're going backwards

370

00:14:41,810 --> 00:14:40,139

again it's like lift that rug up the

371

00:14:43,610 --> 00:14:41,820

pile is already big let's just keep

372

00:14:45,710 --> 00:14:43,620

sweeping you know like what happened

373

00:14:48,110 --> 00:14:45,720

from then until now it felt like we were

374

00:14:50,509 --> 00:14:48,120

making progress and now they have an

375

00:14:51,949 --> 00:14:50,519

easy way to refute all that stuff and

376

00:14:54,410 --> 00:14:51,959

you know it's it's uh what was it the

377

00:14:57,430 --> 00:14:54,420

term J space garbage or some [h\_\_h] yeah

378

00:14:59,990 --> 00:14:57,440

the air air garbage air garbage

379

00:15:07,990 --> 00:15:00,000

it's a real threat if we have air

380

00:15:14,090 --> 00:15:10,430

that's some fast garbage yeah yeah okay

381

00:15:15,350 --> 00:15:14,100

my my flavor on this is

382

00:15:17,269 --> 00:15:15,360

um

383

00:15:18,889 --> 00:15:17,279

Dr Villa could have told you this 10

384

00:15:20,930 --> 00:15:18,899

years ago mufunk could have told you

385

00:15:22,370 --> 00:15:20,940

this seven or eight years ago Linda and

386

00:15:23,629 --> 00:15:22,380

Cheryl could have told you this six or

387

00:15:26,389 --> 00:15:23,639

seven years ago

388

00:15:31,550 --> 00:15:26,399

about 70 to 80 percent of the reportings

389

00:15:32,750 --> 00:15:31,560

are noise or junk okay so uh when we

390

00:15:34,670 --> 00:15:32,760

were getting ready to publish the pink

391

00:15:36,230 --> 00:15:34,680

book the guy down at staple the manager

392

00:15:38,150 --> 00:15:36,240

down at Staples knew what I was working

393

00:15:39,650 --> 00:15:38,160

on and every time I came up the print

394

00:15:42,110 --> 00:15:39,660

off a chapter and see what it looked

395

00:15:43,730 --> 00:15:42,120

like physically you know uh he'd come up

396

00:15:45,350 --> 00:15:43,740

to me and say hey Cheryl there are you

397

00:15:46,790 --> 00:15:45,360

and Linda taking out all the cook's nuts

398

00:15:52,189 --> 00:15:46,800

and crackpots I said how am I supposed

399

00:15:54,470 --> 00:15:52,199

to do that I can't vet 167 600 reports

400

00:15:56,930 --> 00:15:54,480

I said but statistically we can just

401  
00:15:59,329 --> 00:15:56,940  
take some level and say this is the

402  
00:16:02,389 --> 00:15:59,339  
golden stuff so in our case we said

403  
00:16:05,569 --> 00:16:02,399  
let's take 70 right off the top

404  
00:16:07,490 --> 00:16:05,579  
just say 30 is worth looking at so if

405  
00:16:09,410 --> 00:16:07,500  
they're saying this stuff is garbage

406  
00:16:11,990 --> 00:16:09,420  
misidentified which is what they're

407  
00:16:14,090 --> 00:16:12,000  
saying garbage and misidentifieds and

408  
00:16:18,110 --> 00:16:14,100  
all this stuff yeah I'm good with their

409  
00:16:20,750 --> 00:16:18,120  
number 70 80 I'm good with that okay

410  
00:16:22,790 --> 00:16:20,760  
because when you look at give me a

411  
00:16:25,970 --> 00:16:22,800  
moment when you look at 30 percent from

412  
00:16:30,350 --> 00:16:25,980  
that 167 000 number it works out to

413  
00:16:34,310 --> 00:16:30,360

about 50 000 over 20 years about 2500 a

414

00:16:37,790 --> 00:16:34,320

year about 210 a month

415

00:16:41,870 --> 00:16:37,800

every month for 240 months of that 20

416

00:16:43,790 --> 00:16:41,880

years and about four a week

417

00:16:45,889 --> 00:16:43,800

if you were going to take that number

418

00:16:48,290 --> 00:16:45,899

and divide it by 50 states as if they

419

00:16:51,590 --> 00:16:48,300

were all equal they are not but if as if

420

00:16:54,710 --> 00:16:51,600

they were all equal it would be four

421

00:16:58,610 --> 00:16:54,720

serious sightings a month every month

422

00:17:00,769 --> 00:16:58,620

for 240 months okay and that number

423

00:17:02,389 --> 00:17:00,779

rattled a lot of people when I started

424

00:17:04,730 --> 00:17:02,399

using it on some of the podcasts and

425

00:17:07,370 --> 00:17:04,740

radio shows then you take it a step

426  
00:17:08,510 --> 00:17:07,380  
further they say well there's always

427  
00:17:11,270 --> 00:17:08,520  
some

428  
00:17:13,730 --> 00:17:11,280  
FM radio announcer to say oh sure you

429  
00:17:15,829 --> 00:17:13,740  
got to be more rare than that they got

430  
00:17:17,870 --> 00:17:15,839  
to be more rare than that

431  
00:17:19,669 --> 00:17:17,880  
and they look and says the first thing

432  
00:17:21,049 --> 00:17:19,679  
is what's your thoughts on that it's the

433  
00:17:22,610 --> 00:17:21,059  
first thing if you think they got to be

434  
00:17:23,870 --> 00:17:22,620  
more rare than that then you wanna you

435  
00:17:25,549 --> 00:17:23,880  
should be sleeping with a nightlight

436  
00:17:28,429 --> 00:17:25,559  
because you're scared to know what the

437  
00:17:31,070 --> 00:17:28,439  
real numbers are right okay that's my

438  
00:17:33,409 --> 00:17:31,080

attitude that's just your country that's

439

00:17:36,470 --> 00:17:33,419

not even globally right that's just the

440

00:17:39,950 --> 00:17:36,480

United States right so I said okay let's

441

00:17:44,450 --> 00:17:39,960

take 99 off the top

442

00:17:48,890 --> 00:17:44,460

keep one percent it's 1600 for 76 for 20

443

00:17:50,810 --> 00:17:48,900

years about 84 a year and about seven a

444

00:17:54,350 --> 00:17:50,820

month if these are the real Starships

445

00:17:57,409 --> 00:17:54,360

about seven per month for 240 months of

446

00:17:58,850 --> 00:17:57,419

20 years even if you take this down I

447

00:18:01,850 --> 00:17:58,860

mean I got this number just the other

448

00:18:04,010 --> 00:18:01,860

day even if we take a quarter of a

449

00:18:06,169 --> 00:18:04,020

percent

450

00:18:08,470 --> 00:18:06,179

of that whole big number

451  
00:18:12,289 --> 00:18:08,480  
it works out to about

452  
00:18:14,029 --> 00:18:12,299  
419 for 20 years and works out to about

453  
00:18:18,409 --> 00:18:14,039  
20

454  
00:18:22,909 --> 00:18:18,419  
uh a year actually 21 a year and it

455  
00:18:25,370 --> 00:18:22,919  
works out to about two per month

456  
00:18:26,870 --> 00:18:25,380  
they're rare enough for you yeah okay I

457  
00:18:30,950 --> 00:18:26,880  
mean that's the point yeah there's

458  
00:18:32,990 --> 00:18:30,960  
there's the numbers are so big and you

459  
00:18:34,370 --> 00:18:33,000  
have to wrap your head around the fact

460  
00:18:37,610 --> 00:18:34,380  
that

461  
00:18:42,350 --> 00:18:37,620  
the New York Times still available

462  
00:18:44,210 --> 00:18:42,360  
online okay go back to that go to the

463  
00:18:47,150 --> 00:18:44,220

## Tic Tac video

464

00:18:49,610 --> 00:18:47,160

don't bother to look at the picture just

465

00:18:51,169 --> 00:18:49,620

quietly listen to the audio track at the

466

00:18:53,810 --> 00:18:51,179

pilots talking

467

00:18:56,990 --> 00:18:53,820

one piece kept getting edited off in the

468

00:18:58,610 --> 00:18:57,000

United States on newscast CNN ABC CBS

469

00:19:00,470 --> 00:18:58,620

all that stuff they'd be playing it in

470

00:19:02,990 --> 00:19:00,480

the background but they always edited it

471

00:19:04,370 --> 00:19:03,000

off the guys would say hey wow I locked

472

00:19:06,529 --> 00:19:04,380

down to it wow look at that look how

473

00:19:09,710 --> 00:19:06,539

fast it's going and then they cut it off

474

00:19:11,330 --> 00:19:09,720

because the next words he says wow look

475

00:19:14,930 --> 00:19:11,340

at that there's a whole Fleet of them

476

00:19:17,990 --> 00:19:14,940

yeah yeah okay so when I say there's

477

00:19:20,870 --> 00:19:18,000

only seven or so a month baby they've

478

00:19:23,029 --> 00:19:20,880

they're here in numbers right now and if

479

00:19:25,850 --> 00:19:23,039

you look back over history they've been

480

00:19:28,310 --> 00:19:25,860

here in numbers yeah and that happened

481

00:19:29,870 --> 00:19:28,320

in Catalina Island and uh when Caroline

482

00:19:32,210 --> 00:19:29,880

Corey made the movie a tear in the sky

483

00:19:34,190 --> 00:19:32,220

they went to the same place triangulated

484

00:19:35,810 --> 00:19:34,200

from three different positions and

485

00:19:37,610 --> 00:19:35,820

within a matter of two days they were

486

00:19:40,190 --> 00:19:37,620

capturing reigning Tic Tacs on their

487

00:19:42,110 --> 00:19:40,200

really you know high-tech infrared and

488

00:19:44,510 --> 00:19:42,120

Dave Mason even invented some new

489

00:19:46,850 --> 00:19:44,520

technology that took you know lights and

490

00:19:48,770 --> 00:19:46,860

turned them into sound waveforms so they

491

00:19:51,110 --> 00:19:48,780

would each have a distinct signature so

492

00:19:53,510 --> 00:19:51,120

you could categorically rule out jumbo

493

00:19:54,950 --> 00:19:53,520

ads and all the rest and two days is all

494

00:19:57,590 --> 00:19:54,960

it took for them to find it so if this

495

00:19:59,570 --> 00:19:57,600

is such a rare event how is it so easy

496

00:20:01,669 --> 00:19:59,580

to capture you know and even if you

497

00:20:03,590 --> 00:20:01,679

believe in like the ce5 and that type of

498

00:20:06,350 --> 00:20:03,600

thing where you can summon these things

499

00:20:08,150 --> 00:20:06,360

I don't think it's that difficult to uh

500

00:20:10,130 --> 00:20:08,160

to interact they're either here they've

501  
00:20:11,930 --> 00:20:10,140  
always been here or they're coming here

502  
00:20:14,090 --> 00:20:11,940  
willingly it's not like we're gonna you

503  
00:20:15,950 --> 00:20:14,100  
know bait them too hard this stuff is

504  
00:20:18,590 --> 00:20:15,960  
going on everything no no look people

505  
00:20:19,909 --> 00:20:18,600  
say well I have neighbors are they here

506  
00:20:21,950 --> 00:20:19,919  
to eat us are they going to take over

507  
00:20:23,330 --> 00:20:21,960  
everything and I said you're believing

508  
00:20:24,950 --> 00:20:23,340  
the movies that have you think we're

509  
00:20:26,210 --> 00:20:24,960  
going to be Marines are going to be

510  
00:20:28,990 --> 00:20:26,220  
shooting them out in the streets or

511  
00:20:31,870 --> 00:20:29,000  
something like this uh

512  
00:20:34,669 --> 00:20:31,880  
Nuremberg April 14

513  
00:20:36,470 --> 00:20:34,679

1561. the residents come out of their

514

00:20:39,230 --> 00:20:36,480

huts and there's a Star Wars battle

515

00:20:41,029 --> 00:20:39,240

going on over the city five years later

516

00:20:43,190 --> 00:20:41,039

in basil Switzerland two different

517

00:20:45,950 --> 00:20:43,200

weekends they did this stuff you know

518

00:20:48,169 --> 00:20:45,960

the Galactic Federation must be a real

519

00:20:50,870 --> 00:20:48,179

operation because somebody protected us

520

00:20:52,970 --> 00:20:50,880

from being overrun yeah back when we did

521

00:20:54,529 --> 00:20:52,980

not have technology to do it and we

522

00:20:56,150 --> 00:20:54,539

still don't have the technology to it

523

00:20:57,830 --> 00:20:56,160

people somebody asked me sometime about

524

00:20:59,390 --> 00:20:57,840

three months ago well if we had some

525

00:21:02,330 --> 00:20:59,400

kind of war with them how long would it

526  
00:21:04,450 --> 00:21:02,340  
last they said 90 seconds maybe a minute

527  
00:21:07,549 --> 00:21:04,460  
and a half uh two minutes on the outside

528  
00:21:10,310 --> 00:21:07,559  
they said that fast and I said it won't

529  
00:21:12,310 --> 00:21:10,320  
take much I said all they got to do is

530  
00:21:14,690 --> 00:21:12,320  
take out our ring of compute

531  
00:21:16,850 --> 00:21:14,700  
communication satellites and baby the

532  
00:21:20,090 --> 00:21:16,860  
planet is in the 19th century in about

533  
00:21:22,549 --> 00:21:20,100  
10 seconds yeah yeah if they're anything

534  
00:21:25,010 --> 00:21:22,559  
their Technologies anything like uh even

535  
00:21:27,110 --> 00:21:25,020  
the immobilize people sometimes and you

536  
00:21:28,610 --> 00:21:27,120  
think you know I'm gonna shoot them no

537  
00:21:30,350 --> 00:21:28,620  
you won't you won't be able to car

538  
00:21:33,230 --> 00:21:30,360

doesn't even run your weapons don't work

539

00:21:36,529 --> 00:21:33,240

either exactly you know I come from that

540

00:21:40,970 --> 00:21:36,539

defense that defense analysis background

541

00:21:43,789 --> 00:21:40,980

okay and uh you you two things one we

542

00:21:45,470 --> 00:21:43,799

gather information on everybody it's our

543

00:21:47,330 --> 00:21:45,480

friend today might be our enemy tomorrow

544

00:21:50,149 --> 00:21:47,340

our enemy today may be our friend

545

00:21:51,169 --> 00:21:50,159

tomorrow and the unknowns well we'll

546

00:21:52,490 --> 00:21:51,179

just get put them in there with

547

00:21:53,810 --> 00:21:52,500

everybody else because we don't know

548

00:21:55,190 --> 00:21:53,820

what they are yet

549

00:21:56,990 --> 00:21:55,200

but

550

00:21:58,430 --> 00:21:57,000

it's been going on for a long time

551  
00:22:01,490 --> 00:21:58,440  
they've been with us since before

552  
00:22:04,190 --> 00:22:01,500  
Biblical times there's a stone on a

553  
00:22:06,649 --> 00:22:04,200  
mountain on an island in northern China

554  
00:22:08,510 --> 00:22:06,659  
where there's a depiction of a humanoid

555  
00:22:12,230 --> 00:22:08,520  
type being with something that looks

556  
00:22:13,970 --> 00:22:12,240  
like a breathing apparatus it's 40

557  
00:22:16,490 --> 00:22:13,980  
000 years old

558  
00:22:19,930 --> 00:22:16,500  
yeah okay and where did I get that

559  
00:22:23,270 --> 00:22:19,940  
information from U.S Air Force Academy

560  
00:22:26,149 --> 00:22:23,280  
physics book three as physics 370

561  
00:22:28,730 --> 00:22:26,159  
textbook that was written in the 1960s

562  
00:22:30,890 --> 00:22:28,740  
to train young Air Force officers to

563  
00:22:33,770 --> 00:22:30,900

know that the stuff exists

564

00:22:37,310 --> 00:22:33,780

oh really that's interesting yeah that's

565

00:22:41,090 --> 00:22:37,320

interesting yeah yeah did not know that

566

00:22:44,029 --> 00:22:41,100

so you know there's a lot to this but

567

00:22:47,210 --> 00:22:44,039

think about what the the psyop has been

568

00:22:49,370 --> 00:22:47,220

okay shyap begins with our parents

569

00:22:51,289 --> 00:22:49,380

hot mom there was some I think there's

570

00:22:53,390 --> 00:22:51,299

something in the closet mom I think

571

00:22:56,210 --> 00:22:53,400

there's something under my bed mom I

572

00:22:58,490 --> 00:22:56,220

think there's ghosts in the Attic

573

00:23:01,070 --> 00:22:58,500

it's your imagination forget about it

574

00:23:04,730 --> 00:23:01,080

there's no such thing so they start

575

00:23:06,649 --> 00:23:04,740

programming you to not see stuff

576

00:23:09,169 --> 00:23:06,659

I lived in a Buddhist Monastery for

577

00:23:11,149 --> 00:23:09,179

seven years I grew up in a clairvoyant

578

00:23:12,649 --> 00:23:11,159

family from four years old I was

579

00:23:14,570 --> 00:23:12,659

watching my grandmother and Friends

580

00:23:17,029 --> 00:23:14,580

levitate tables and things you know on

581

00:23:20,149 --> 00:23:17,039

the Ouija boards and all this stuff and

582

00:23:21,770 --> 00:23:20,159

I knew as a little kid he put me in

583

00:23:24,950 --> 00:23:21,780

Catholic school for goodness sakes

584

00:23:26,750 --> 00:23:24,960

really yeah six years the nuns were

585

00:23:29,390 --> 00:23:26,760

terrified of me when they found out my

586

00:23:32,570 --> 00:23:29,400

grandmother was a was the president of

587

00:23:34,250 --> 00:23:32,580

the local spiritualist church you know

588

00:23:35,810 --> 00:23:34,260

um and they've also figured out real

589

00:23:39,350 --> 00:23:35,820

quickly within about two years figured

590

00:23:40,130 --> 00:23:39,360

out I was Clairvoyant and he said oh you

591

00:23:41,870 --> 00:23:40,140

know

592

00:23:44,149 --> 00:23:41,880

um the bottom line on it that whole

593

00:23:46,970 --> 00:23:44,159

thing is we are taught to try and

594

00:23:49,130 --> 00:23:46,980

acknowledge not acknowledge or ignore

595

00:23:51,890 --> 00:23:49,140

the Paranormal there was a great line

596

00:23:55,730 --> 00:23:51,900

from the movie Beetlejuice the living

597

00:23:56,750 --> 00:23:55,740

won't or it can't or won't see the

598

00:23:59,149 --> 00:23:56,760

ghosts

599

00:24:01,850 --> 00:23:59,159

okay I heard that line in in the movies

600

00:24:04,970 --> 00:24:01,860

I said oh that is so true

601  
00:24:06,409 --> 00:24:04,980  
because we're taught not to see them and

602  
00:24:09,049 --> 00:24:06,419  
when I got in Buddhist Monastery when

603  
00:24:11,210 --> 00:24:09,059  
the llamas understood what I was and he

604  
00:24:13,010 --> 00:24:11,220  
embraced that and at one point he says

605  
00:24:14,270 --> 00:24:13,020  
you know there's so much this is a

606  
00:24:16,250 --> 00:24:14,280  
Tibetan guy

607  
00:24:17,330 --> 00:24:16,260  
been living in a monastery since it was

608  
00:24:19,490 --> 00:24:17,340  
seven

609  
00:24:21,409 --> 00:24:19,500  
and he says you know

610  
00:24:24,409 --> 00:24:21,419  
people around they talk about all this

611  
00:24:26,510 --> 00:24:24,419  
paranormal stuff he says there's so much

612  
00:24:29,090 --> 00:24:26,520  
paranormal stuff going on around them on

613  
00:24:32,630 --> 00:24:29,100

a day-to-day basis but they they've

614

00:24:36,169 --> 00:24:32,640

narrowed their view of the of reality

615

00:24:39,169 --> 00:24:36,179

and they need to expect a truly serious

616

00:24:41,210 --> 00:24:39,179

being who's trying to learn to be at one

617

00:24:44,210 --> 00:24:41,220

with the universe has to learn to kind

618

00:24:46,310 --> 00:24:44,220

of uh expand the elasticity of their

619

00:24:49,010 --> 00:24:46,320

view of reality

620

00:24:51,529 --> 00:24:49,020

okay so let's go there for a second what

621

00:24:54,529 --> 00:24:51,539

does this mean Consciousness is a big

622

00:24:57,169 --> 00:24:54,539

player all the Paranormal things Bigfoot

623

00:24:59,690 --> 00:24:57,179

psychics ghosts uh

624

00:25:02,390 --> 00:24:59,700

um uh UFOs that blink on and off and

625

00:25:05,330 --> 00:25:02,400

just disappear all this stuff is one

626

00:25:07,010 --> 00:25:05,340

freaking phenomena yeah but we've

627

00:25:09,529 --> 00:25:07,020

stovepiped it like we do everything else

628

00:25:11,870 --> 00:25:09,539

you go to a college and say hey when we

629

00:25:13,190 --> 00:25:11,880

have connection with ET what are you

630

00:25:14,570 --> 00:25:13,200

going to do for a galactic studies

631

00:25:17,990 --> 00:25:14,580

program everything you've got here is

632

00:25:19,970 --> 00:25:18,000

all stove piped right yeah yeah we

633

00:25:23,090 --> 00:25:19,980

categorized it right because you know

634

00:25:25,669 --> 00:25:23,100

Cheryl when I first started looking into

635

00:25:26,930 --> 00:25:25,679

uh uaps

636

00:25:30,049 --> 00:25:26,940

um you know from my point of view it was

637

00:25:31,789 --> 00:25:30,059

different from from Louise but um I

638

00:25:33,529 --> 00:25:31,799

didn't think oh the ghosts were related

639

00:25:35,750 --> 00:25:33,539

I didn't believe in Bigfoot I didn't

640

00:25:37,850 --> 00:25:35,760

believe in any of that and the more that

641

00:25:40,610 --> 00:25:37,860

Louie and I were talking to people and

642

00:25:42,409 --> 00:25:40,620

or like even to George Knapp saying uh

643

00:25:43,909 --> 00:25:42,419

you know this phenomenon is real like

644

00:25:45,950 --> 00:25:43,919

you know what whatever's happening there

645

00:25:48,169 --> 00:25:45,960

there's more than just uaps there's like

646

00:25:51,049 --> 00:25:48,179

Poltergeist activity there's these

647

00:25:53,269 --> 00:25:51,059

Cryptids that are coming out and that's

648

00:25:55,130 --> 00:25:53,279

amazing because now it's opened up my

649

00:25:58,370 --> 00:25:55,140

mind to saying okay maybe there's more

650

00:25:59,750 --> 00:25:58,380

to this than I previously thought a lot

651  
00:26:01,190 --> 00:25:59,760  
of people are mad about it though like

652  
00:26:04,430 --> 00:26:01,200  
we're getting a lot of people saying hey

653  
00:26:06,289 --> 00:26:04,440  
it's not UAP it's UFO don't talk about

654  
00:26:08,990 --> 00:26:06,299  
Consciousness and all that [\h\_\_\h] just

655  
00:26:10,850 --> 00:26:09,000  
keep it UFO Centric we are keeping it

656  
00:26:13,070 --> 00:26:10,860  
UFO Centric and this is a real part of

657  
00:26:15,350 --> 00:26:13,080  
it and even guys like Jacque Valley he

658  
00:26:16,610 --> 00:26:15,360  
was our 100th episode and we asked him

659  
00:26:18,590 --> 00:26:16,620  
like what's the one thing you want

660  
00:26:20,510 --> 00:26:18,600  
everybody to know from today's show and

661  
00:26:22,310 --> 00:26:20,520  
he goes to spend judgment you know he's

662  
00:26:24,830 --> 00:26:22,320  
changed his mind a dozen times in 40

663  
00:26:26,330 --> 00:26:24,840

years yeah you can't you can't throw

664

00:26:27,950 --> 00:26:26,340

that out it may not be where you

665

00:26:30,230 --> 00:26:27,960

expected I mean we all want this

666

00:26:31,669 --> 00:26:30,240

science-based research but we don't all

667

00:26:34,130 --> 00:26:31,679

like the answers that come out of it

668

00:26:35,269 --> 00:26:34,140

sometimes because with our fitting mind

669

00:26:38,390 --> 00:26:35,279

you know

670

00:26:40,250 --> 00:26:38,400

okay when I was in a monastery

671

00:26:42,230 --> 00:26:40,260

um I was the flunkiest okay there were

672

00:26:44,570 --> 00:26:42,240

three of us that were Wicked priestesses

673

00:26:47,390 --> 00:26:44,580

that took a midlife sabbatical

674

00:26:49,730 --> 00:26:47,400

enjoying this Orthodox monastery

675

00:26:52,430 --> 00:26:49,740

okay they knew what we were we told them

676

00:26:54,950 --> 00:26:52,440

up front while we were okay at least the

677

00:26:58,370 --> 00:26:54,960

lower level llamas and we didn't tell

678

00:27:00,230 --> 00:26:58,380

the high Supreme llama but uh we were

679

00:27:03,289 --> 00:27:00,240

okay so one day

680

00:27:04,430 --> 00:27:03,299

we've got a uh the high llama comes here

681

00:27:06,830 --> 00:27:04,440

from India

682

00:27:08,510 --> 00:27:06,840

and we had a big thing at the temple 500

683

00:27:10,130 --> 00:27:08,520

people showed up to hear him speak you

684

00:27:12,529 --> 00:27:10,140

know and he did through a translator and

685

00:27:15,289 --> 00:27:12,539

everything and then as soon as all the

686

00:27:18,409 --> 00:27:15,299

parishioners so to speak were gone

687

00:27:20,930 --> 00:27:18,419

we were turning over oil drum kind of

688

00:27:23,390 --> 00:27:20,940

things and had a big backyard barbecue

689

00:27:25,130 --> 00:27:23,400

he loved weenie hot dog roasts and a

690

00:27:27,470 --> 00:27:25,140

Weenie Roast type things right you know

691

00:27:28,970 --> 00:27:27,480

and he was playing basketball with the

692

00:27:32,210 --> 00:27:28,980

young monks you know that kind of thing

693

00:27:33,830 --> 00:27:32,220

and so there's 35 40 of us out there

694

00:27:35,870 --> 00:27:33,840

we're not allowed to drink so we're

695

00:27:37,730 --> 00:27:35,880

having O'Doul's you know and we're

696

00:27:39,470 --> 00:27:37,740

eating our burgers and we're out there

697

00:27:41,630 --> 00:27:39,480

talking the Holiness real casual

698

00:27:43,730 --> 00:27:41,640

conversation with them and finally these

699

00:27:46,250 --> 00:27:43,740

two nuns says well Holiness you know we

700

00:27:48,230 --> 00:27:46,260

Buddhists regard the fact that there are

701  
00:27:50,090 --> 00:27:48,240  
other beings throughout the Universe and

702  
00:27:52,190 --> 00:27:50,100  
he said now he says are there other

703  
00:27:54,830 --> 00:27:52,200  
beings on are there beings on the moon

704  
00:27:57,470 --> 00:27:54,840  
that we can't see

705  
00:27:59,510 --> 00:27:57,480  
you can nod it for a minute and he looks

706  
00:28:00,950 --> 00:27:59,520  
across all the monks and nuns he sees me

707  
00:28:02,930 --> 00:28:00,960  
and Vicky

708  
00:28:04,370 --> 00:28:02,940  
ah you two have been touched by the sky

709  
00:28:06,890 --> 00:28:04,380  
dancers

710  
00:28:09,350 --> 00:28:06,900  
foreign

711  
00:28:12,049 --> 00:28:09,360  
and then he says to us he says are there

712  
00:28:13,130 --> 00:28:12,059  
other species of living living beings on

713  
00:28:14,870 --> 00:28:13,140

the moon

714

00:28:18,590 --> 00:28:14,880

and Lynn Vicki and I were sitting there

715

00:28:21,230 --> 00:28:18,600

going oh we just got outed in a big way

716

00:28:22,970 --> 00:28:21,240

you know and I looked at her and

717

00:28:24,649 --> 00:28:22,980

especially you know it is seasonal she's

718

00:28:26,870 --> 00:28:24,659

yeah and he says we'll figure it out and

719

00:28:29,330 --> 00:28:26,880

Holiness is do you have any answers he

720

00:28:32,269 --> 00:28:29,340

says um when now or some other time of

721

00:28:34,990 --> 00:28:32,279

the year and he just Smiles he says no

722

00:28:37,070 --> 00:28:35,000

he says five you know and and

723

00:28:39,169 --> 00:28:37,080

everybody's like look at the rest of the

724

00:28:42,169 --> 00:28:39,179

monster knows when talked was for three

725

00:28:44,450 --> 00:28:42,179

months oh seriously but remember they're

726

00:28:47,090 --> 00:28:44,460

not Tibetans they were Americans who

727

00:28:50,450 --> 00:28:47,100

were Jews Catholics Presbyterians

728

00:28:52,970 --> 00:28:50,460

Pentecostals 25 or 30 years ago so they

729

00:28:55,010 --> 00:28:52,980

still have some of that narrow view yet

730

00:28:57,890 --> 00:28:55,020

we're all still students that's the term

731

00:28:59,930 --> 00:28:57,900

I I have to tell you everybody even the

732

00:29:03,370 --> 00:28:59,940

Llama is still a student no matter how

733

00:29:05,390 --> 00:29:03,380

high he is right that's right yeah

734

00:29:06,890 --> 00:29:05,400

sorry Jake go ahead buddy I was just

735

00:29:09,110 --> 00:29:06,900

gonna say you never achieved like a

736

00:29:11,510 --> 00:29:09,120

Master Level I guess in Buddhism like

737

00:29:13,490 --> 00:29:11,520

it's always just uh only the Buddha only

738

00:29:15,649 --> 00:29:13,500

the Buddha okay well no that's the a

739

00:29:18,590 --> 00:29:15,659

goal yeah okay that's Enlightenment

740

00:29:20,389 --> 00:29:18,600

Nirvana and total Enlightenment there's

741

00:29:23,510 --> 00:29:20,399

a degree there's what they call boomies

742

00:29:25,730 --> 00:29:23,520

there's levels of Enlightenment okay um

743

00:29:28,370 --> 00:29:25,740

I was an ordained Buddhist nun for well

744

00:29:32,090 --> 00:29:28,380

okay this goes to the the quick the

745

00:29:34,310 --> 00:29:32,100

quick class on reincarnation okay

746

00:29:35,810 --> 00:29:34,320

I met this guy I didn't go there to join

747

00:29:38,510 --> 00:29:35,820

a monastery

748

00:29:40,490 --> 00:29:38,520

okay I was there visiting these I had

749

00:29:43,070 --> 00:29:40,500

had a retreat in the desert and got my

750

00:29:44,289 --> 00:29:43,080

spiritual butt kicked on a Mountaintop

751

00:29:47,810 --> 00:29:44,299

okay

752

00:29:50,029 --> 00:29:47,820

and I was Goofy I was like really fried

753

00:29:51,830 --> 00:29:50,039

for about two years and finally this

754

00:29:54,169 --> 00:29:51,840

friend of mine looks at the Sketchbook I

755

00:29:55,310 --> 00:29:54,179

was drawing every night in the middle of

756

00:29:57,169 --> 00:29:55,320

the night I'd get up and sit in the

757

00:29:58,669 --> 00:29:57,179

empty bathtub drawing in my Sketchbook

758

00:30:00,710 --> 00:29:58,679

and she looks at and she's got a

759

00:30:02,930 --> 00:30:00,720

master's degree in comparative Religion

760

00:30:04,789 --> 00:30:02,940

she says uh Cheryl that's Tibetan

761

00:30:06,710 --> 00:30:04,799

Buddhism I said I've heard of Tibet I've

762

00:30:08,870 --> 00:30:06,720

heard of Buddhists they they got her up

763

00:30:11,990 --> 00:30:08,880

there you know I didn't know

764

00:30:14,450 --> 00:30:12,000

and so we got a Yellow Pages out yeah

765

00:30:18,289 --> 00:30:14,460

that's old school right yeah this is 90

766

00:30:20,330 --> 00:30:18,299

93 94 time frame and we drove around and

767

00:30:22,370 --> 00:30:20,340

we I lived in the DC area we drove

768

00:30:24,110 --> 00:30:22,380

around went all these different uh

769

00:30:26,830 --> 00:30:24,120

temples Buddhist temples and things and

770

00:30:29,149 --> 00:30:26,840

nothing resonated and got out to this

771

00:30:31,010 --> 00:30:29,159

Orthodox Tibetan one out in the Maryland

772

00:30:33,830 --> 00:30:31,020

suburbs and we're going up the driveway

773

00:30:36,350 --> 00:30:33,840

and said hey Stephanie stop and she said

774

00:30:37,549 --> 00:30:36,360

what I said holy God I opened up the

775

00:30:39,169 --> 00:30:37,559

book and there's the place with the

776

00:30:40,730 --> 00:30:39,179

pillars and everything the bushes are in

777

00:30:44,029 --> 00:30:40,740

the right place in my sketch you know

778

00:30:46,130 --> 00:30:44,039

and so we went in we hung out with them

779

00:30:47,870 --> 00:30:46,140

for the uh part of the day and had lunch

780

00:30:50,389 --> 00:30:47,880

with them and everything showed the the

781

00:30:53,149 --> 00:30:50,399

senior nuns my book and told her how

782

00:30:56,450 --> 00:30:53,159

that came to be and she says you need to

783

00:31:00,529 --> 00:30:56,460

talk to Kenpo I said what's that and

784

00:31:03,289 --> 00:31:00,539

Kempo Dean or Headmaster he's the senior

785

00:31:05,750 --> 00:31:03,299

Tibetan monk for our order in North

786

00:31:08,090 --> 00:31:05,760

America he'll be back in six or seven

787

00:31:09,230 --> 00:31:08,100

months okay so I started hanging out

788

00:31:12,049 --> 00:31:09,240

with them

789

00:31:13,730 --> 00:31:12,059

I was there about six months and I

790

00:31:15,350 --> 00:31:13,740

couldn't stand them as far as I could

791

00:31:19,669 --> 00:31:15,360

throw him

792

00:31:22,190 --> 00:31:19,679

okay I'm being honest okay and

793

00:31:24,110 --> 00:31:22,200

um people you're getting some of the new

794

00:31:27,470 --> 00:31:24,120

age communities some of them can be very

795

00:31:29,870 --> 00:31:27,480

pretentious yeah yeah okay screechy even

796

00:31:30,950 --> 00:31:29,880

okay so

797

00:31:33,470 --> 00:31:30,960

um

798

00:31:35,210 --> 00:31:33,480

I stopped going about a month later get

799

00:31:37,310 --> 00:31:35,220

a call from the guy who runs the kitchen

800

00:31:39,409 --> 00:31:37,320

over there he says Hey Tashi would you

801  
00:31:41,149 --> 00:31:39,419  
come over my Buddhist Name Is Tashi he

802  
00:31:43,549 --> 00:31:41,159  
said Tasha would you come over and do

803  
00:31:44,870 --> 00:31:43,559  
your magic but your your hors d'oeuvres

804  
00:31:46,070 --> 00:31:44,880  
and all that stuff you do good in the

805  
00:31:48,230 --> 00:31:46,080  
kitchen and I said

806  
00:31:50,570 --> 00:31:48,240  
okay yeah well kempo's here right yeah

807  
00:31:52,549 --> 00:31:50,580  
okay I'm supposed to see him so I I came

808  
00:31:54,470 --> 00:31:52,559  
over there and I'm working in the

809  
00:31:56,450 --> 00:31:54,480  
kitchen I'm a mess this buddy of mine

810  
00:31:59,810 --> 00:31:56,460  
from New Jersey She's a Good Wicked lady

811  
00:32:01,789 --> 00:31:59,820  
you know and a Jewish Wicked lady and

812  
00:32:04,190 --> 00:32:01,799  
where I started David and got us

813  
00:32:05,870 --> 00:32:04,200

together you know and uh we were back

814

00:32:07,070 --> 00:32:05,880

there cutting stuff we were dripping

815

00:32:08,930 --> 00:32:07,080

mess

816

00:32:10,610 --> 00:32:08,940

from doing all this stuff they said

817

00:32:14,389 --> 00:32:10,620

we're never going to get to see this guy

818

00:32:16,850 --> 00:32:14,399

okay we are so far from where he will be

819

00:32:19,730 --> 00:32:16,860

that's ridiculous well he decides to go

820

00:32:21,409 --> 00:32:19,740

do this reception line and it's like 200

821

00:32:25,549 --> 00:32:21,419

people out in the parking lot coming

822

00:32:27,529 --> 00:32:25,559

into a reception area inside the temple

823

00:32:29,690 --> 00:32:27,539

and he comes back we're sitting there

824

00:32:31,789 --> 00:32:29,700

with our aprons on

825

00:32:34,370 --> 00:32:31,799

and he walks up to me and shakes hands

826  
00:32:39,289 --> 00:32:34,380  
and it turns into a European handshake

827  
00:32:41,269 --> 00:32:39,299  
he's up in my face he says I know you

828  
00:32:43,130 --> 00:32:41,279  
it's in Holiness I've not met you in

829  
00:32:45,769 --> 00:32:43,140  
this lifetime he says oh no two three

830  
00:32:48,230 --> 00:32:45,779  
four times fast 400 years I know you and

831  
00:32:51,230 --> 00:32:48,240  
he shakes hands with Lynn not Linda my

832  
00:32:53,210 --> 00:32:51,240  
wife but Lynn another lady I know you

833  
00:32:54,830 --> 00:32:53,220  
too and he looks back at his monks his

834  
00:32:56,510 --> 00:32:54,840  
entourages his these two they've been

835  
00:32:57,950 --> 00:32:56,520  
hanging out together lifetime after a

836  
00:32:59,269 --> 00:32:57,960  
lifetime nice to see you again and he

837  
00:33:01,010 --> 00:32:59,279  
Thomas off

838  
00:33:02,930 --> 00:33:01,020

now I'd always believed in reincarnation

839

00:33:04,690 --> 00:33:02,940

but I never had it handed me in a

840

00:33:07,389 --> 00:33:04,700

technical sense

841

00:33:10,490 --> 00:33:07,399

senior monk in this Entourage system is

842

00:33:13,130 --> 00:33:10,500

I'd go talk to him

843

00:33:14,810 --> 00:33:13,140

fine so Saturday morning they've made an

844

00:33:16,370 --> 00:33:14,820

appointment for me 15-minute

845

00:33:18,409 --> 00:33:16,380

appointments this guy's booked all day

846

00:33:20,690 --> 00:33:18,419

15-minute appointments

847

00:33:23,090 --> 00:33:20,700

you have to understand at that time I

848

00:33:25,250 --> 00:33:23,100

was Miss Corporate success big hair big

849

00:33:26,750 --> 00:33:25,260

makeup big nails

850

00:33:29,330 --> 00:33:26,760

okay

851

00:33:31,850 --> 00:33:29,340

charcoal suit Red Power blouse heels

852

00:33:33,110 --> 00:33:31,860

went in to see this guy bought down the

853

00:33:34,730 --> 00:33:33,120

floor like they taught me to do and

854

00:33:36,590 --> 00:33:34,740

everything he starts laughing he says

855

00:33:38,630 --> 00:33:36,600

get up here sit in the chair so I sit in

856

00:33:40,370 --> 00:33:38,640

a chair next to him he says so what were

857

00:33:42,529 --> 00:33:40,380

you raised

858

00:33:44,450 --> 00:33:42,539

I said uh it was raised for him I can't

859

00:33:46,310 --> 00:33:44,460

think oh story Roman Catholic I said oh

860

00:33:49,549 --> 00:33:46,320

no I've been running with the Wicca

861

00:33:52,430 --> 00:33:49,559

Shaman people for the last 20 years oh

862

00:33:55,250 --> 00:33:52,440

still doing the yogi stuff huh

863

00:33:57,289 --> 00:33:55,260

I said Yogi stuff you mean I've done

864

00:33:58,850 --> 00:33:57,299

this before he said are you good at it I

865

00:34:00,049 --> 00:33:58,860

said yeah I'm really good at it you see

866

00:34:02,690 --> 00:34:00,059

you think you learned it all in one

867

00:34:08,810 --> 00:34:06,529

one step further I got permission

868

00:34:11,030 --> 00:34:08,820

I said if this has been a real thing I

869

00:34:13,070 --> 00:34:11,040

asked for permission to wear temporary

870

00:34:15,710 --> 00:34:13,080

banastic ropes that's the burgundy and

871

00:34:17,329 --> 00:34:15,720

yellow ropes Dalai Lama ropes okay

872

00:34:19,129 --> 00:34:17,339

all I had to do was get the local

873

00:34:21,230 --> 00:34:19,139

llama's permission this is an American

874

00:34:23,389 --> 00:34:21,240

chick and get buzz cut get a Navy

875

00:34:26,270 --> 00:34:23,399

haircut okay hey I've been in the navy

876

00:34:28,129 --> 00:34:26,280

no big deal okay so I said all right

877

00:34:31,430 --> 00:34:28,139

fine I got permission from the local

878

00:34:33,409 --> 00:34:31,440

loan the head monk at this particular

879

00:34:36,470 --> 00:34:33,419

Temple remember we're all still students

880

00:34:38,629 --> 00:34:36,480

American guy he does not like me because

881

00:34:40,909 --> 00:34:38,639

I'm a trans lady

882

00:34:42,770 --> 00:34:40,919

and he says you don't we think you're

883

00:34:44,750 --> 00:34:42,780

confused you don't know what gender you

884

00:34:46,550 --> 00:34:44,760

are I'm not going to give you ropes I

885

00:34:48,290 --> 00:34:46,560

think the Llama made a mistake by saying

886

00:34:50,869 --> 00:34:48,300

you can wear robes

887

00:34:52,849 --> 00:34:50,879

and I said okay fine well I'm a theater

888

00:34:55,490 --> 00:34:52,859

person from waypic entertainment person

889

00:34:57,950 --> 00:34:55,500

right so I went home and made a set

890

00:34:59,630 --> 00:34:57,960

okay I come in the first time I come in

891

00:35:00,950 --> 00:34:59,640

the temple they look at me all the monks

892

00:35:02,510 --> 00:35:00,960

and nuns they're going oh that's wrong

893

00:35:05,329 --> 00:35:02,520

that's wrong oh you can't wear it like

894

00:35:07,310 --> 00:35:05,339

that and

895

00:35:08,329 --> 00:35:07,320

Kenpo comes back to town about two

896

00:35:11,510 --> 00:35:08,339

months later and the first thing

897

00:35:13,550 --> 00:35:11,520

everybody did was go to him and tattle

898

00:35:16,370 --> 00:35:13,560

okay she made the robes wrong she's

899

00:35:18,290 --> 00:35:16,380

wearing substandard wrong robes

900

00:35:19,430 --> 00:35:18,300

so they make an appointment for me to go

901  
00:35:21,890 --> 00:35:19,440  
over and talk to them I figure I'm going

902  
00:35:24,230 --> 00:35:21,900  
to get chewed out he's making tea and

903  
00:35:28,430 --> 00:35:24,240  
she's me come in he says stop turn

904  
00:35:30,530 --> 00:35:28,440  
around turn around twice for him he says

905  
00:35:32,089 --> 00:35:30,540  
so you don't believe in reincarnation I

906  
00:35:33,770 --> 00:35:32,099  
said it never said that I just

907  
00:35:36,230 --> 00:35:33,780  
questioned whether or not I had known

908  
00:35:38,270 --> 00:35:36,240  
you previously he said how did you know

909  
00:35:40,130 --> 00:35:38,280  
how to make an old world cut set of

910  
00:35:43,190 --> 00:35:40,140  
robes

911  
00:35:45,109 --> 00:35:43,200  
like old school old school so you made

912  
00:35:48,290 --> 00:35:45,119  
the originals original original I made

913  
00:35:50,510 --> 00:35:48,300

them like they did in in in Tibet 100

914

00:35:51,890 --> 00:35:50,520

years ago not how the Americans were

915

00:35:55,569 --> 00:35:51,900

yeah that's cool

916

00:36:00,050 --> 00:35:55,579

okay so him and I have had a 25-year

917

00:36:02,089 --> 00:36:00,060

relationship it's very special uh I was

918

00:36:04,550 --> 00:36:02,099

in ropes for seven years I went to him

919

00:36:06,950 --> 00:36:04,560

one day I said I had had he had had me

920

00:36:10,069 --> 00:36:06,960

managing a center up in Upstate New York

921

00:36:11,930 --> 00:36:10,079

uh I was the chaplain for hospitals at

922

00:36:14,329 --> 00:36:11,940

Marion burying people the whole thing

923

00:36:16,550 --> 00:36:14,339

and then uh he said what did you learn

924

00:36:18,230 --> 00:36:16,560

that on your Mountaintop I said I mean

925

00:36:20,710 --> 00:36:18,240

that was my Mountaintop he says yeah I

926

00:36:23,150 --> 00:36:20,720

was you know I said okay I learned

927

00:36:24,890 --> 00:36:23,160

and he says what is it taught you I said

928

00:36:27,950 --> 00:36:24,900

I'm no longer qualified to be a Buddhist

929

00:36:29,210 --> 00:36:27,960

nun he says true he said you're still

930

00:36:31,490 --> 00:36:29,220

welcome to wear the robes if you like

931

00:36:33,770 --> 00:36:31,500

for formality but he says I'd rather you

932

00:36:35,329 --> 00:36:33,780

go back to your Yogi robes so next thing

933

00:36:37,370 --> 00:36:35,339

I know I'm wearing different robes and I

934

00:36:39,950 --> 00:36:37,380

was allowed to grow my hair and I was

935

00:36:42,530 --> 00:36:39,960

allowed to have a spouse now the spouse

936

00:36:44,329 --> 00:36:42,540

has to be equally qualified for me but

937

00:36:46,550 --> 00:36:44,339

when Melinda and I started courting I

938

00:36:48,470 --> 00:36:46,560

did not know she was a Zen Buddhist and

939

00:36:50,710 --> 00:36:48,480

he talked to her and she says she's

940

00:36:54,470 --> 00:36:50,720

smarter than you are you know

941

00:36:56,510 --> 00:36:54,480

you know so uh that's kind of how we met

942

00:36:59,030 --> 00:36:56,520

and how this whole spiritual side of

943

00:37:00,890 --> 00:36:59,040

this thing plays into the UFOs and

944

00:37:02,810 --> 00:37:00,900

before I started writing my newspaper

945

00:37:05,089 --> 00:37:02,820

column I asked them

946

00:37:06,650 --> 00:37:05,099

I asked my llama if he would be

947

00:37:08,390 --> 00:37:06,660

embarrassed if I started writing a

948

00:37:12,290 --> 00:37:08,400

newspaper column he said no you're

949

00:37:15,290 --> 00:37:12,300

bringing wisdom to the unenlightened

950

00:37:16,910 --> 00:37:15,300

masses about other beings everywhere

951  
00:37:18,710 --> 00:37:16,920  
everywhere

952  
00:37:21,950 --> 00:37:18,720  
and let's talk a little bit about Linda

953  
00:37:24,530 --> 00:37:21,960  
because Linda's been uh you know

954  
00:37:27,530 --> 00:37:24,540  
you're saying she's smarter than you and

955  
00:37:29,210 --> 00:37:27,540  
she's been a huge huge behind the scenes

956  
00:37:31,730 --> 00:37:29,220  
of these books you're you're more the

957  
00:37:33,890 --> 00:37:31,740  
the public person uh when it comes down

958  
00:37:36,170 --> 00:37:33,900  
to talking about your work together but

959  
00:37:40,010 --> 00:37:36,180  
yeah yeah let's talk to us a little bit

960  
00:37:41,930 --> 00:37:40,020  
more about uh okay well the two of us we

961  
00:37:43,970 --> 00:37:41,940  
probably 30 years ago with neither one

962  
00:37:45,290 --> 00:37:43,980  
of us have looked at either of us that

963  
00:37:47,270 --> 00:37:45,300

we neither one of us would give any

964

00:37:49,430 --> 00:37:47,280

other the other the time of day she was

965

00:37:51,290 --> 00:37:49,440

a died modeled hippie back in the day

966

00:37:53,630 --> 00:37:51,300

right

967

00:37:55,670 --> 00:37:53,640

um and back at that time we'll see back

968

00:37:58,550 --> 00:37:55,680

in the 70s I was one of those red

969

00:37:59,630 --> 00:37:58,560

jacketed uh white shirt and tie kids for

970

00:38:03,530 --> 00:37:59,640

Nixon

971

00:38:05,030 --> 00:38:03,540

okay okay I can't four offices I I'll

972

00:38:07,730 --> 00:38:05,040

pull her opposites like you would not

973

00:38:11,510 --> 00:38:07,740

believe you know I was see in camera on

974

00:38:13,490 --> 00:38:11,520

day Vietnam base of 15 000 people I was

975

00:38:15,170 --> 00:38:13,500

the only Airman on the basic at a

976

00:38:18,710 --> 00:38:15,180

Christmas card from the president Mrs

977

00:38:21,470 --> 00:38:18,720

Nixon oh wow okay not even the general

978

00:38:23,510 --> 00:38:21,480

got one okay and that that was certainly

979

00:38:25,790 --> 00:38:23,520

a buzz at the Officers Club that that

980

00:38:28,670 --> 00:38:25,800

Christmas you know so to get extra

981

00:38:31,010 --> 00:38:28,680

push-ups no I didn't but I didn't have

982

00:38:33,950 --> 00:38:31,020

to do any more really crappy crappy

983

00:38:36,829 --> 00:38:33,960

duties after that nice oh it was

984

00:38:39,230 --> 00:38:36,839

wonderful it was weird though

985

00:38:42,770 --> 00:38:39,240

um but the bottom line was that

986

00:38:45,050 --> 00:38:42,780

um so been around now we both evolved

987

00:38:47,750 --> 00:38:45,060

and everything guess where we met

988

00:38:50,569 --> 00:38:47,760

they'll never guess where we met

989

00:38:52,930 --> 00:38:50,579

let's say a UFO convention not even

990

00:38:57,050 --> 00:38:52,940

close no okay I'm off

991

00:38:59,810 --> 00:38:57,060

no live-action role play gaming oh nice

992

00:39:02,089 --> 00:38:59,820

LARPing they call that right she was

993

00:39:04,790 --> 00:39:02,099

part of the permit for a campaign I was

994

00:39:07,849 --> 00:39:04,800

part of she was uh part of the permanent

995

00:39:10,190 --> 00:39:07,859

cast and the MPCs that were for the game

996

00:39:12,050 --> 00:39:10,200

master and I was one of the routine one

997

00:39:15,349 --> 00:39:12,060

of the regular players in this

998

00:39:17,210 --> 00:39:15,359

three-year campaign okay and we met that

999

00:39:19,010 --> 00:39:17,220

way and we didn't realize we'd been

1000

00:39:20,530 --> 00:39:19,020

dancing on each other edges of each

1001  
00:39:22,670 --> 00:39:20,540  
other's circles in the Pagan Community

1002  
00:39:25,609 --> 00:39:22,680  
for years

1003  
00:39:27,650 --> 00:39:25,619  
you know and I said you really know who

1004  
00:39:30,310 --> 00:39:27,660  
I am oh I know who you were we saw you

1005  
00:39:33,650 --> 00:39:30,320  
dancing naked all painted up like

1006  
00:39:35,150 --> 00:39:33,660  
at the at the last uh big Festival that

1007  
00:39:37,430 --> 00:39:35,160  
we did you know there were some of us

1008  
00:39:39,349 --> 00:39:37,440  
who did sacred sacred

1009  
00:39:42,050 --> 00:39:39,359  
um practice and sacred dance at these

1010  
00:39:45,050 --> 00:39:42,060  
things and uh painted me they painted me

1011  
00:39:47,870 --> 00:39:45,060  
head to toe you know uh for whatever I

1012  
00:39:49,010 --> 00:39:47,880  
was I was usually picked as the um the

1013  
00:39:51,230 --> 00:39:49,020

contrary

1014

00:39:53,270 --> 00:39:51,240

well they were going clockwise in the

1015

00:39:56,230 --> 00:39:53,280

circle I was going counterclockwise they

1016

00:39:59,810 --> 00:39:56,240

they would say yes I would say no okay

1017

00:40:03,430 --> 00:39:59,820

so yeah I always swim upstream so we met

1018

00:40:05,990 --> 00:40:03,440

in LARP okay and um

1019

00:40:07,609 --> 00:40:06,000

we resonated with each other but I was

1020

00:40:10,010 --> 00:40:07,619

still in robes

1021

00:40:11,630 --> 00:40:10,020

so I'd keep her away with a 10-foot pole

1022

00:40:13,730 --> 00:40:11,640

and I had no more announced that I was

1023

00:40:16,370 --> 00:40:13,740

going to be dropping robes at the end of

1024

00:40:19,730 --> 00:40:16,380

July that year and I got an email from

1025

00:40:22,970 --> 00:40:19,740

her half an hour later I won firsties

1026

00:40:25,609 --> 00:40:22,980

I told her let's take a nice slow

1027

00:40:28,609 --> 00:40:25,619

courtship

1028

00:40:32,290 --> 00:40:28,619

you know and that's what we did and we

1029

00:40:36,829 --> 00:40:32,300

tied the knot in a Unitarian Church in

1030

00:40:39,170 --> 00:40:36,839

2005 60 people it was Elizabeth and

1031

00:40:42,490 --> 00:40:39,180

optional for clothing the only person in

1032

00:40:46,010 --> 00:40:42,500

a western suit was the photographer

1033

00:40:48,710 --> 00:40:46,020

you know so it gives you an idea we have

1034

00:40:51,170 --> 00:40:48,720

an exotic household here nice Linda

1035

00:40:52,930 --> 00:40:51,180

Linda uh head librarian at the

1036

00:40:56,329 --> 00:40:52,940

Environmental Protection Agency

1037

00:40:59,170 --> 00:40:56,339

toxicology library for 15 years

1038

00:41:01,609 --> 00:40:59,180

previously had worked for

1039

00:41:02,990 --> 00:41:01,619

the National Academy of Science and

1040

00:41:05,690 --> 00:41:03,000

their publishing end

1041

00:41:08,770 --> 00:41:05,700

okay research librarian for them okay

1042

00:41:11,510 --> 00:41:08,780

and she was a

1043

00:41:13,790 --> 00:41:11,520

she worked for a company again everybody

1044

00:41:15,530 --> 00:41:13,800

in DC is a contractor to the government

1045

00:41:17,390 --> 00:41:15,540

so she worked for a company that

1046

00:41:19,910 --> 00:41:17,400

supplied research Librarians to the

1047

00:41:22,490 --> 00:41:19,920

federal government okay and of course I

1048

00:41:24,890 --> 00:41:22,500

work for Lockheed Martin so you know

1049

00:41:25,970 --> 00:41:24,900

um and that's basically how we met in

1050

00:41:28,910 --> 00:41:25,980

Warped

1051

00:41:31,010 --> 00:41:28,920

and then we recorded and then gradually

1052

00:41:34,310 --> 00:41:31,020

uh we developed that deep friendship and

1053

00:41:38,089 --> 00:41:34,320

we got uh it's called hand fasting in in

1054

00:41:40,490 --> 00:41:38,099

Pagan circles we got hand-fested uh 60

1055

00:41:42,230 --> 00:41:40,500

people in the presence uh you know uh

1056

00:41:43,849 --> 00:41:42,240

for that and then when it was legal to

1057

00:41:45,349 --> 00:41:43,859

get married in New York state which I

1058

00:41:46,609 --> 00:41:45,359

we'd moved back to New York state by

1059

00:41:49,550 --> 00:41:46,619

that point

1060

00:41:52,430 --> 00:41:49,560

um we got married in New York state

1061

00:41:52,970 --> 00:41:52,440

nice and that was funny because

1062

00:41:54,890 --> 00:41:52,980

um

1063

00:41:56,170 --> 00:41:54,900

when they said this will happen a month

1064

00:41:58,550 --> 00:41:56,180

from now

1065

00:42:00,170 --> 00:41:58,560

uh Linda and I were just gonna go down

1066

00:42:02,510 --> 00:42:00,180

get the get the piece of paper at the

1067

00:42:04,730 --> 00:42:02,520

county clerk's office and have the judge

1068

00:42:06,109 --> 00:42:04,740

on duty you know just you know bless the

1069

00:42:09,950 --> 00:42:06,119

thing and that's it we'd already had the

1070

00:42:12,170 --> 00:42:09,960

big dresses and to cater to fair and all

1071

00:42:15,050 --> 00:42:12,180

of our employees that uh my wife and I

1072

00:42:17,569 --> 00:42:15,060

owned a designer fabric store she

1073

00:42:20,990 --> 00:42:17,579

managed it I was just I was the third

1074

00:42:22,450 --> 00:42:21,000

key and uh our um this is funny how this

1075

00:42:25,370 --> 00:42:22,460

worked she

1076  
00:42:27,349 --> 00:42:25,380  
uh people were coming to us saying well

1077  
00:42:29,210 --> 00:42:27,359  
you should have something special this

1078  
00:42:32,150 --> 00:42:29,220  
is historic

1079  
00:42:35,030 --> 00:42:32,160  
okay same-sex marriages and historic

1080  
00:42:37,250 --> 00:42:35,040  
so one night after we closed the store

1081  
00:42:39,890 --> 00:42:37,260  
two of the employees and I off the clock

1082  
00:42:42,349 --> 00:42:39,900  
so to speak got our hand carts out

1083  
00:42:44,089 --> 00:42:42,359  
started moving some of our displays

1084  
00:42:45,589 --> 00:42:44,099  
around and we found we could open up a

1085  
00:42:47,329 --> 00:42:45,599  
space within about 20 minutes we could

1086  
00:42:49,849 --> 00:42:47,339  
open up a space in the front of the

1087  
00:42:51,890 --> 00:42:49,859  
store where we could put about 35 or 40

1088  
00:42:55,370 --> 00:42:51,900

lawn chairs

1089

00:42:57,290 --> 00:42:55,380

so we very restricted mainly uh mailing

1090

00:43:00,950 --> 00:42:57,300

list for guests and we had our Zen

1091

00:43:03,349 --> 00:43:00,960

Montgomery from the Zen temple to Marius

1092

00:43:07,010 --> 00:43:03,359

okay and that was that was our marriage

1093

00:43:09,109 --> 00:43:07,020

in uh August the 5th uh 2011. okay so

1094

00:43:11,390 --> 00:43:09,119

we've been together been together 20

1095

00:43:13,430 --> 00:43:11,400

years but we've been legally married uh

1096

00:43:16,430 --> 00:43:13,440

a little over 12 I something like that

1097

00:43:18,230 --> 00:43:16,440

okay smart lady when we were writing my

1098

00:43:19,130 --> 00:43:18,240

newspaper I was writing my newspaper

1099

00:43:21,530 --> 00:43:19,140

column

1100

00:43:24,109 --> 00:43:21,540

we had started adding up some numbers in

1101  
00:43:25,370 --> 00:43:24,119  
New York state which was my beat

1102  
00:43:27,770 --> 00:43:25,380  
and

1103  
00:43:29,930 --> 00:43:27,780  
we started we found out that mufan had

1104  
00:43:31,730 --> 00:43:29,940  
County data in the database but it was

1105  
00:43:34,370 --> 00:43:31,740  
dependent on the person making the

1106  
00:43:38,870 --> 00:43:36,890  
to put it in and nine times out of ten

1107  
00:43:40,970 --> 00:43:38,880  
they didn't or eight times out of ten

1108  
00:43:42,950 --> 00:43:40,980  
they didn't okay or they spelled it

1109  
00:43:45,829 --> 00:43:42,960  
wrong or something okay

1110  
00:43:48,470 --> 00:43:45,839  
and then in National UFO Reporting

1111  
00:43:51,770 --> 00:43:48,480  
Center data which we have combined data

1112  
00:43:52,790 --> 00:43:51,780  
um they didn't even collect County data

1113  
00:43:56,870 --> 00:43:52,800

okay

1114

00:43:58,970 --> 00:43:56,880

and so we had to add it so we

1115

00:44:02,930 --> 00:43:58,980

did some crunching together this is

1116

00:44:05,990 --> 00:44:02,940

around 2015 and uh when we're showing

1117

00:44:09,589 --> 00:44:06,000

our reports to some of the retired New

1118

00:44:11,750 --> 00:44:09,599

York State mufon directors you move fund

1119

00:44:13,790 --> 00:44:11,760

Chief and vet former Chief investigators

1120

00:44:17,329 --> 00:44:13,800

we didn't know there was a cluster there

1121

00:44:19,809 --> 00:44:17,339

either oh my God how would you get these

1122

00:44:23,030 --> 00:44:19,819

numbers you know this type of thing so

1123

00:44:24,829 --> 00:44:23,040

October 2015 Linda and I are sitting in

1124

00:44:26,690 --> 00:44:24,839

our pub with a couple of pints waiting

1125

00:44:27,710 --> 00:44:26,700

for our burgers and he said she's looked

1126  
00:44:29,270 --> 00:44:27,720  
at me and says look at all the cool

1127  
00:44:30,950 --> 00:44:29,280  
stuff we found

1128  
00:44:32,230 --> 00:44:30,960  
what would happen if we did the whole

1129  
00:44:35,089 --> 00:44:32,240  
country

1130  
00:44:37,370 --> 00:44:35,099  
and I said how do you want to do that of

1131  
00:44:40,730 --> 00:44:37,380  
course she came from a toxicology lab he

1132  
00:44:43,190 --> 00:44:40,740  
says she says look look mufon all these

1133  
00:44:44,870 --> 00:44:43,200  
organizations are all focused on these

1134  
00:44:47,510 --> 00:44:44,880  
case studies

1135  
00:44:49,790 --> 00:44:47,520  
they look at one autopsy and think it's

1136  
00:44:53,089 --> 00:44:49,800  
going to tell them everything

1137  
00:44:54,109 --> 00:44:53,099  
okay they look at one dead ant say it's

1138  
00:44:55,190 --> 00:44:54,119

this

1139

00:44:58,309 --> 00:44:55,200

so

1140

00:45:00,370 --> 00:44:58,319

why don't we do a bigger thing let's do

1141

00:45:03,589 --> 00:45:00,380

the whole country with two databases

1142

00:45:06,710 --> 00:45:03,599

Let's do let's the word she used was

1143

00:45:08,450 --> 00:45:06,720

let's measure the phenomena

1144

00:45:10,970 --> 00:45:08,460

everybody else been doing case studies

1145

00:45:13,250 --> 00:45:10,980

in individual events let's measure the

1146

00:45:16,010 --> 00:45:13,260

scale of the phenomena

1147

00:45:17,210 --> 00:45:16,020

and so people later becoming hey you

1148

00:45:18,950 --> 00:45:17,220

didn't do any case studies your work

1149

00:45:20,930 --> 00:45:18,960

can't be valid well wait a minute no

1150

00:45:22,970 --> 00:45:20,940

instead of looking at one dead body we

1151

00:45:25,250 --> 00:45:22,980

decided to look at the disease model

1152

00:45:28,010 --> 00:45:25,260

which is what Linda brought to the table

1153

00:45:29,809 --> 00:45:28,020

that's how they found Love Canal with

1154

00:45:33,050 --> 00:45:29,819

the with the they they were looking for

1155

00:45:34,849 --> 00:45:33,060

a cluster of kids with childhood

1156

00:45:36,710 --> 00:45:34,859

leukemia because they can normally be

1157

00:45:38,210 --> 00:45:36,720

caused by certain kinds of taxes and

1158

00:45:40,849 --> 00:45:38,220

that's how they found Love Canal by

1159

00:45:43,849 --> 00:45:40,859

looking for disease clusters so we

1160

00:45:46,250 --> 00:45:43,859

started looking at UFOs in a similar way

1161

00:45:49,190 --> 00:45:46,260

okay that's the brains that's the

1162

00:45:51,170 --> 00:45:49,200

science side of it and then I brought my

1163

00:45:52,910 --> 00:45:51,180

intelligence skills and that kind of

1164

00:45:55,190 --> 00:45:52,920

thing and that and and Lockheed Martin

1165

00:45:57,650 --> 00:45:55,200

analysis skills to the table with modern

1166

00:45:59,809 --> 00:45:57,660

tools and computers and databases we

1167

00:46:01,670 --> 00:45:59,819

were able to Crunch the date with data

1168

00:46:03,650 --> 00:46:01,680

in ways that people had never imagined

1169

00:46:06,470 --> 00:46:03,660

to do and I'm still doing it in

1170

00:46:08,750 --> 00:46:06,480

interesting ways so try and show that to

1171

00:46:11,569 --> 00:46:08,760

a TV producer and they glaze over it's

1172

00:46:14,930 --> 00:46:11,579

like trying to pitch an idea to goldfish

1173

00:46:16,670 --> 00:46:14,940

right so where is where are we going in

1174

00:46:18,230 --> 00:46:16,680

the next six months to a year what do

1175

00:46:20,510 --> 00:46:18,240

you think is going to happen What can we

1176

00:46:23,750 --> 00:46:22,190

I know that's a loaded question a

1177

00:46:25,910 --> 00:46:23,760

difficult one to answer but you are

1178

00:46:29,390 --> 00:46:25,920

Clairvoyant so it should be easier and

1179

00:46:31,849 --> 00:46:29,400

not I'm Clairvoyant but uh it doesn't

1180

00:46:34,670 --> 00:46:31,859

work on this believe me uh you have no I

1181

00:46:37,010 --> 00:46:34,680

I didn't see what they're I didn't see

1182

00:46:41,210 --> 00:46:37,020

all the red states in the United States

1183

00:46:43,849 --> 00:46:41,220

uh passing 200 laws against trans youths

1184

00:46:46,010 --> 00:46:43,859

okay I didn't see that coming and I'm an

1185

00:46:49,730 --> 00:46:46,020

old school trans activist from the 80s

1186

00:46:53,329 --> 00:46:49,740

okay and I said uh I'm horrified this is

1187

00:46:54,589 --> 00:46:53,339

Germany 1933 as far as I'm concerned but

1188

00:46:56,990 --> 00:46:54,599

um

1189

00:46:58,490 --> 00:46:57,000

where do I see this going uh are we

1190

00:46:59,630 --> 00:46:58,500

going to get a square answer and

1191

00:47:02,210 --> 00:46:59,640

disclosure

1192

00:47:04,190 --> 00:47:02,220

I'm not holding my breath

1193

00:47:05,809 --> 00:47:04,200

they've done a good job of lining up to

1194

00:47:10,550 --> 00:47:05,819

this point why is it they changed their

1195

00:47:13,370 --> 00:47:10,560

ways sure yeah okay now

1196

00:47:14,390 --> 00:47:13,380

who's really pushing disclosure not the

1197

00:47:16,730 --> 00:47:14,400

government

1198

00:47:20,089 --> 00:47:16,740

a lot of us who hammered them for years

1199

00:47:23,390 --> 00:47:20,099

I wrote my congressmen and Senators for

1200

00:47:26,150 --> 00:47:23,400

years not even getting not even given

1201  
00:47:27,890 --> 00:47:26,160  
the courtesy of a reply letter until

1202  
00:47:29,870 --> 00:47:27,900  
about a month and a half ago when I got

1203  
00:47:32,390 --> 00:47:29,880  
a full page letter from Senator Schumer

1204  
00:47:34,370 --> 00:47:32,400  
president of the CH of the senate in the

1205  
00:47:37,609 --> 00:47:34,380  
United States thanking me for my support

1206  
00:47:41,150 --> 00:47:37,619  
for Congressional hearings

1207  
00:47:43,069 --> 00:47:41,160  
who knows okay but do I expect them to

1208  
00:47:44,690 --> 00:47:43,079  
open up on this we're starting to see

1209  
00:47:46,430 --> 00:47:44,700  
some of the Fallout the stuff from The

1210  
00:47:48,950 --> 00:47:46,440  
New York Times saying oh it's mostly

1211  
00:47:51,230 --> 00:47:48,960  
noise it's junk it's nothing you know

1212  
00:47:53,569 --> 00:47:51,240  
and that's fine and and that's gonna

1213  
00:47:55,790 --> 00:47:53,579

calm some people down okay we're not

1214

00:47:57,109 --> 00:47:55,800

crawling any we're not up to our butt in

1215

00:47:58,730 --> 00:47:57,119

Aliens

1216

00:48:00,710 --> 00:47:58,740

okay that's probably what they're trying

1217

00:48:02,809 --> 00:48:00,720

to do is tell us oh don't worry you know

1218

00:48:05,630 --> 00:48:02,819

and

1219

00:48:08,510 --> 00:48:05,640

the classified stuff they don't want to

1220

00:48:10,670 --> 00:48:08,520

reveal what their methods are former

1221

00:48:13,130 --> 00:48:10,680

military I can respect it I understand

1222

00:48:16,490 --> 00:48:13,140

what the risks are by showing what your

1223

00:48:18,530 --> 00:48:16,500

capabilities are and you can't show a

1224

00:48:20,210 --> 00:48:18,540

certain kind of thing because you reveal

1225

00:48:22,190 --> 00:48:20,220

the kind of capability you have that's

1226

00:48:24,470 --> 00:48:22,200

like why a lot of this stuff of reports

1227

00:48:26,829 --> 00:48:24,480

used to be redacted but they didn't want

1228

00:48:30,410 --> 00:48:26,839

you to know how they knew about it yeah

1229

00:48:32,510 --> 00:48:30,420

or who do people were working for them

1230

00:48:34,730 --> 00:48:32,520

and were they were they weren't supposed

1231

00:48:36,770 --> 00:48:34,740

to be probably you know they haven't

1232

00:48:37,990 --> 00:48:36,780

collected the data may not have been so

1233

00:48:40,670 --> 00:48:38,000

legit

1234

00:48:42,650 --> 00:48:40,680

yeah or they maybe weren't supposed to

1235

00:48:44,870 --> 00:48:42,660

be there I mean I've got I've got two

1236

00:48:49,550 --> 00:48:44,880

Navy medals for places I wasn't supposed

1237

00:48:52,190 --> 00:48:49,560

to ever be and I never was yeah okay you

1238

00:48:54,650 --> 00:48:52,200

know so that kind of thing you know yeah

1239

00:48:56,809 --> 00:48:54,660

um remember living understand people

1240

00:48:58,190 --> 00:48:56,819

talk about oh blue whale sound was just

1241

00:48:59,930 --> 00:48:58,200

shooting lived by his security old he

1242

00:49:01,730 --> 00:48:59,940

should do the right thing wait a minute

1243

00:49:04,910 --> 00:49:01,740

when you're under that security oh that

1244

00:49:07,069 --> 00:49:04,920

you're under a kind of a stricture of

1245

00:49:09,470 --> 00:49:07,079

how do I want to say this

1246

00:49:12,890 --> 00:49:09,480

like you're under a stricture of

1247

00:49:15,370 --> 00:49:12,900

understanding that nobody will ever know

1248

00:49:18,589 --> 00:49:15,380

what you did for your country point one

1249

00:49:21,170 --> 00:49:18,599

point two did somebody on your team has

1250

00:49:23,510 --> 00:49:21,180

a bullet with your name on it that when

1251

00:49:26,569 --> 00:49:23,520

you're at that level of work

1252

00:49:29,510 --> 00:49:26,579

okay and you have to accept the fact

1253

00:49:32,349 --> 00:49:29,520

that you will be going to your grave and

1254

00:49:35,270 --> 00:49:32,359

no one no one that you love will know

1255

00:49:38,510 --> 00:49:35,280

what you did

1256

00:49:41,569 --> 00:49:38,520

okay and uh that was the nerve-wracking

1257

00:49:44,390 --> 00:49:41,579

part for me I mean we did some pretty as

1258

00:49:47,690 --> 00:49:44,400

you said about you know Cold War Navy

1259

00:49:49,250 --> 00:49:47,700

submarines it's pretty rocking life you

1260

00:49:52,309 --> 00:49:49,260

know

1261

00:49:56,210 --> 00:49:52,319

but I can't tell you what we did and

1262

00:49:58,370 --> 00:49:56,220

because what we did wasn't as scary as

1263

00:50:01,250 --> 00:49:58,380

knowing that if we were ever captured

1264

00:50:04,370 --> 00:50:01,260

we'd be one disavowed and about 30 of us

1265

00:50:07,609 --> 00:50:04,380

would not make it off the ship alive

1266

00:50:09,710 --> 00:50:07,619

okay that's what we underst that's the

1267

00:50:12,410 --> 00:50:09,720

consequences of knowing this stuff we

1268

00:50:14,390 --> 00:50:12,420

cannot afford to be captured

1269

00:50:15,829 --> 00:50:14,400

okay and that's the problem with these

1270

00:50:17,569 --> 00:50:15,839

people you probably have heard Lou

1271

00:50:18,890 --> 00:50:17,579

alisano make a comment and says nothing

1272

00:50:20,870 --> 00:50:18,900

is going to stop me from talking about

1273

00:50:22,970 --> 00:50:20,880

this except the bullet in the head

1274

00:50:24,530 --> 00:50:22,980

he's talking from a correct position

1275

00:50:26,750 --> 00:50:24,540

yeah

1276

00:50:28,609 --> 00:50:26,760

okay he went to a lot of those UFO

1277

00:50:33,230 --> 00:50:28,619

conferences wearing a bulletproof vest

1278

00:50:34,910 --> 00:50:33,240

yeah I saw it Adam you know so uh this

1279

00:50:37,970 --> 00:50:34,920

is what people don't understand who've

1280

00:50:40,550 --> 00:50:37,980

never been under a security oath

1281

00:50:42,770 --> 00:50:40,560

okay now a lot of stuff I dealt with has

1282

00:50:44,990 --> 00:50:42,780

been unclassified but I don't know what

1283

00:50:46,790 --> 00:50:45,000

parts and so I'm under structure not to

1284

00:50:50,390 --> 00:50:46,800

talk about it I was told forget it you

1285

00:50:53,329 --> 00:50:50,400

were never there all right fine good

1286

00:50:55,670 --> 00:50:53,339

yeah what's gonna happen

1287

00:50:57,170 --> 00:50:55,680

um they're gonna come out with something

1288

00:50:59,030 --> 00:50:57,180

they're gonna they're probably gonna

1289

00:51:00,829 --> 00:50:59,040

give us something

1290

00:51:03,650 --> 00:51:00,839

but remember the structure they've been

1291

00:51:06,950 --> 00:51:03,660

under Orson well scared the snot out of

1292

00:51:08,990 --> 00:51:06,960

the company in 1938 on Halloween

1293

00:51:11,270 --> 00:51:09,000

okay with the War of the Worlds yeah

1294

00:51:12,650 --> 00:51:11,280

okay people were taking their kids in

1295

00:51:14,390 --> 00:51:12,660

the backyard and were prepared to shoot

1296

00:51:16,690 --> 00:51:14,400

them instead of letting the we're not

1297

00:51:20,089 --> 00:51:16,700

going to let those martians eat our kids

1298

00:51:22,010 --> 00:51:20,099

that's crazy yeah well they didn't know

1299

00:51:23,390 --> 00:51:22,020

but they can't they came in halfway in

1300

00:51:26,089 --> 00:51:23,400

the middle of a program that sounded

1301  
00:51:27,530 --> 00:51:26,099  
like a news actuality that the aliens

1302  
00:51:31,430 --> 00:51:27,540  
were marching through the streets of

1303  
00:51:33,530 --> 00:51:31,440  
Brewers Mill New Jersey you know and so

1304  
00:51:36,349 --> 00:51:33,540  
you tune into a cast like that being

1305  
00:51:38,569 --> 00:51:36,359  
presented the way they presented it yeah

1306  
00:51:39,890 --> 00:51:38,579  
um when the movie Independence Day was

1307  
00:51:43,490 --> 00:51:39,900  
released

1308  
00:51:46,069 --> 00:51:43,500  
they did a similar thing in Madrid Spain

1309  
00:51:47,510 --> 00:51:46,079  
a couple of the news stations to help

1310  
00:51:50,270 --> 00:51:47,520  
promote the thing

1311  
00:51:53,030 --> 00:51:50,280  
made an actuality and it made to

1312  
00:51:56,150 --> 00:51:53,040  
advertise the movie and it caused riots

1313  
00:51:58,010 --> 00:51:56,160

in Madrid most people don't know that

1314

00:52:00,770 --> 00:51:58,020

but I never I was I was in the news

1315

00:52:01,549 --> 00:52:00,780

cycle I I knew about this you know

1316

00:52:05,329 --> 00:52:01,559

um

1317

00:52:07,730 --> 00:52:05,339

so we're not told everything nothing

1318

00:52:11,569 --> 00:52:07,740

comes into all of our news

1319

00:52:14,990 --> 00:52:11,579

I produced a 50 75 a week cable access

1320

00:52:19,010 --> 00:52:15,000

show from 1991 to through the fall of

1321

00:52:23,510 --> 00:52:19,020

1992 about witchcraft by witches

1322

00:52:25,609 --> 00:52:23,520

okay and I had a senior writer at ABC

1323

00:52:27,109 --> 00:52:25,619

News called me about six months after we

1324

00:52:29,210 --> 00:52:27,119

were on the air and said you know you

1325

00:52:32,089 --> 00:52:29,220

caused a riot in Rome

1326  
00:52:34,069 --> 00:52:32,099  
he said I'm a 50 week Cape Lexus program

1327  
00:52:38,150 --> 00:52:34,079  
how do we do that

1328  
00:52:41,150 --> 00:52:38,160  
and this is this is the part of we're

1329  
00:52:43,549 --> 00:52:41,160  
not given all the news we're given the

1330  
00:52:46,790 --> 00:52:43,559  
news they want us to hear

1331  
00:52:49,670 --> 00:52:46,800  
okay and if this call blanks out you'll

1332  
00:52:52,370 --> 00:52:49,680  
know why okay yeah so in this particular

1333  
00:52:54,049 --> 00:52:52,380  
case uh the particular reporter said to

1334  
00:52:56,270 --> 00:52:54,059  
me and he was a he was a prominent

1335  
00:52:57,950 --> 00:52:56,280  
reporter with ABC News at the time he

1336  
00:53:00,589 --> 00:52:57,960  
said well you did an interview with

1337  
00:53:03,109 --> 00:53:00,599  
Italian people yes People magazine I

1338  
00:53:05,870 --> 00:53:03,119

said yes Italian life right and now life

1339

00:53:08,089 --> 00:53:05,880

look and I said yes he said didn't Rome

1340

00:53:10,790 --> 00:53:08,099

Channel 4 interview you I said well

1341

00:53:12,890 --> 00:53:10,800

their Bureau in DC did yes of course he

1342

00:53:15,170 --> 00:53:12,900

said well it all hit the street the same

1343

00:53:17,510 --> 00:53:15,180

week the magazines were on the newsstand

1344

00:53:20,809 --> 00:53:17,520

the same week and the TV station played

1345

00:53:22,430 --> 00:53:20,819

it in their six to seven o'clock hour

1346

00:53:25,309 --> 00:53:22,440

that week

1347

00:53:26,750 --> 00:53:25,319

and after that television piece aired it

1348

00:53:28,130 --> 00:53:26,760

was almost an hour long is this special

1349

00:53:30,349 --> 00:53:28,140

about us

1350

00:53:31,970 --> 00:53:30,359

and they came to the studio watched us

1351  
00:53:33,950 --> 00:53:31,980  
doing these Witcher tools in the studio

1352  
00:53:35,630 --> 00:53:33,960  
and things like this

1353  
00:53:38,990 --> 00:53:35,640  
these women started coming out of the

1354  
00:53:41,089 --> 00:53:39,000  
high rises in Rome marching through the

1355  
00:53:44,510 --> 00:53:41,099  
alleys chanting

1356  
00:53:46,970 --> 00:53:44,520  
okay more women kept coming out and

1357  
00:53:49,130 --> 00:53:46,980  
chanting when they got to the gate close

1358  
00:53:51,109 --> 00:53:49,140  
Gates of the Vatican they were I'm told

1359  
00:53:53,270 --> 00:53:51,119  
they were upwards of 3 000 strong

1360  
00:53:55,430 --> 00:53:53,280  
chanting in Italian We Are The Witches

1361  
00:53:57,950 --> 00:53:55,440  
we have returned

1362  
00:54:01,910 --> 00:53:57,960  
three thousand that's a lot of that's a

1363  
00:54:04,130 --> 00:54:01,920

lot yeah yeah can't find it in ABC I

1364

00:54:08,089 --> 00:54:04,140

can't find it on Associated Press

1365

00:54:11,569 --> 00:54:08,099

archives okay can't find it in UPS UPI

1366

00:54:14,329 --> 00:54:11,579

archives okay but I hit I had it on

1367

00:54:17,569 --> 00:54:14,339

Authority from three different

1368

00:54:21,230 --> 00:54:17,579

cable news people that they had occurred

1369

00:54:23,930 --> 00:54:21,240

but certain things just don't bubbling

1370

00:54:26,329 --> 00:54:23,940

the news UFOs have not bubbled into the

1371

00:54:28,609 --> 00:54:26,339

news for the most part since 1968

1372

00:54:30,470 --> 00:54:28,619

because Dr Khan in mac and the

1373

00:54:32,210 --> 00:54:30,480

Congressional hearings back then said oh

1374

00:54:33,589 --> 00:54:32,220

there's nothing to spend money on we

1375

00:54:35,870 --> 00:54:33,599

don't need to know about this stuff

1376  
00:54:38,870 --> 00:54:35,880  
these aren't the droids you want yeah

1377  
00:54:40,730 --> 00:54:38,880  
okay and make he rotten now

1378  
00:54:43,250 --> 00:54:40,740  
for doing that because he's put us 50

1379  
00:54:44,270 --> 00:54:43,260  
years behind the eight ball yeah now a

1380  
00:54:46,849 --> 00:54:44,280  
lot of people assumed that everything

1381  
00:54:48,290 --> 00:54:46,859  
went dark parts of it went dark but for

1382  
00:54:49,910 --> 00:54:48,300  
the most part I think the government is

1383  
00:54:51,650 --> 00:54:49,920  
clueless about this because when the

1384  
00:54:53,809 --> 00:54:51,660  
Nimitz stuff happened that happened up

1385  
00:54:56,690 --> 00:54:53,819  
nobody would touch it they all believe

1386  
00:54:58,609 --> 00:54:56,700  
the stigma like everybody else and no

1387  
00:55:01,430 --> 00:54:58,619  
none of the little defense intelligence

1388  
00:55:03,410 --> 00:55:01,440

agencies wanted to embrace it until

1389

00:55:04,849 --> 00:55:03,420

finally Navy and navy intelligence said

1390

00:55:07,130 --> 00:55:04,859

well they're not going to do it will do

1391

00:55:10,069 --> 00:55:07,140

it yeah Navy intelligence stepped up

1392

00:55:12,049 --> 00:55:10,079

doing thank God they did okay

1393

00:55:13,910 --> 00:55:12,059

and a lot of people are upset that the

1394

00:55:14,870 --> 00:55:13,920

Navy recently said okay no more we're

1395

00:55:16,490 --> 00:55:14,880

not going to give you any more

1396

00:55:19,790 --> 00:55:16,500

information but as far as I'm concerned

1397

00:55:21,710 --> 00:55:19,800

the Navy did its part it said yes that

1398

00:55:24,650 --> 00:55:21,720

these incidences took place the videos

1399

00:55:26,630 --> 00:55:24,660

came out they said yeah that happened

1400

00:55:29,390 --> 00:55:26,640

not hearing from the Air Force is

1401  
00:55:31,069 --> 00:55:29,400  
concerning you know and space force is

1402  
00:55:33,950 --> 00:55:31,079  
the new thing and that NASA is now

1403  
00:55:37,549 --> 00:55:33,960  
investigating it so you're in Canada

1404  
00:55:40,609 --> 00:55:37,559  
right yeah I'm in Canada yeah okay yeah

1405  
00:55:43,430 --> 00:55:40,619  
let me say it this way the Air Force

1406  
00:55:46,190 --> 00:55:43,440  
Academy for a long time has been taken

1407  
00:55:50,569 --> 00:55:46,200  
over by the evangelicals in my country

1408  
00:55:52,069 --> 00:55:50,579  
okay so the Air Force is again in that

1409  
00:55:52,690 --> 00:55:52,079  
situation where

1410  
00:55:55,250 --> 00:55:52,700  
um

1411  
00:55:57,950 --> 00:55:55,260  
Lou Alessandro said there was that level

1412  
00:55:59,930 --> 00:55:57,960  
of middle management who didn't want us

1413  
00:56:03,170 --> 00:55:59,940

to be involved with the aliens for fear

1414

00:56:07,010 --> 00:56:03,180

it was Satan and demons yeah they were

1415

00:56:09,349 --> 00:56:07,020

very religious right exactly yeah and

1416

00:56:10,910 --> 00:56:09,359

um I I nailed Nick poke their wall on

1417

00:56:13,730 --> 00:56:10,920

that one day we were at a conference

1418

00:56:15,829 --> 00:56:13,740

together and I was having lunch with him

1419

00:56:17,569 --> 00:56:15,839

and I said would you explain that to me

1420

00:56:19,609 --> 00:56:17,579

is there a particular line in the Bible

1421

00:56:21,890 --> 00:56:19,619

about this and he told me what it was

1422

00:56:24,290 --> 00:56:21,900

and I said you've got to be kidding

1423

00:56:26,450 --> 00:56:24,300

they're hinging it all in that

1424

00:56:29,210 --> 00:56:26,460

you know and I said oh my God it's

1425

00:56:31,130 --> 00:56:29,220

ridiculous but again you get people

1426

00:56:33,829 --> 00:56:31,140

believing in certain things you can't

1427

00:56:36,170 --> 00:56:33,839

convince them otherwise so wherever I

1428

00:56:37,910 --> 00:56:36,180

think it's going I think where we are is

1429

00:56:39,890 --> 00:56:37,920

we are going to be very disappointed

1430

00:56:42,049 --> 00:56:39,900

with what they I personally feel I'm

1431

00:56:45,170 --> 00:56:42,059

cynical at this point we've been told

1432

00:56:47,150 --> 00:56:45,180

what five times in the last 15 years oh

1433

00:56:49,849 --> 00:56:47,160

we're gonna have disclosure next Tuesday

1434

00:56:51,770 --> 00:56:49,859

you know yeah uh Steve bassettle has had

1435

00:56:53,750 --> 00:56:51,780

a couple of times you know and not none

1436

00:56:55,849 --> 00:56:53,760

nothing against him I I think the world

1437

00:56:57,349 --> 00:56:55,859

of state but there was all this hype it

1438

00:56:59,829 --> 00:56:57,359

was something was going to come out and

1439

00:57:02,930 --> 00:56:59,839

it piddled to nothing

1440

00:57:04,910 --> 00:57:02,940

they really don't want us to do this in

1441

00:57:08,630 --> 00:57:04,920

that going back to Orson Welles they

1442

00:57:10,010 --> 00:57:08,640

don't want to scare the unwashed masses

1443

00:57:11,750 --> 00:57:10,020

right

1444

00:57:13,370 --> 00:57:11,760

the people that are not prepared for

1445

00:57:14,589 --> 00:57:13,380

this right the people are not prepared

1446

00:57:18,470 --> 00:57:14,599

now let's look at that number

1447

00:57:21,829 --> 00:57:18,480

statistically okay polls from 2000 from

1448

00:57:24,650 --> 00:57:21,839

uh 2012 to present have pretty much said

1449

00:57:26,210 --> 00:57:24,660

it shakes out a strata three

1450

00:57:29,089 --> 00:57:26,220

um those who believe we're used to be

1451

00:57:31,730 --> 00:57:29,099

around 36 it's gotten higher the last

1452

00:57:33,589 --> 00:57:31,740

few years okay there was a middle ground

1453

00:57:36,230 --> 00:57:33,599

there of people who were on the fence

1454

00:57:38,329 --> 00:57:36,240

that was in about 40 40 42 something

1455

00:57:39,829 --> 00:57:38,339

like that now that's that's lowered

1456

00:57:42,170 --> 00:57:39,839

because more people are in the believing

1457

00:57:45,109 --> 00:57:42,180

category and then this firm number up

1458

00:57:47,930 --> 00:57:45,119

here about 15 to 17 think it's on

1459

00:57:50,390 --> 00:57:47,940

baloney right those are our Skeptics and

1460

00:57:52,670 --> 00:57:50,400

the and the the people who haunt us on

1461

00:57:55,190 --> 00:57:52,680

the web telling us we're crazy okay and

1462

00:57:58,069 --> 00:57:55,200

trying to debunk everything we do the

1463

00:58:01,430 --> 00:57:58,079

Midwest of the world yeah there you go

1464

00:58:05,990 --> 00:58:01,440

and so the so we're up against that but

1465

00:58:09,290 --> 00:58:06,000

in 2017 Fox pictures did did a poll

1466

00:58:12,770 --> 00:58:09,300

I need 20 seconds to pull a card out

1467

00:58:15,230 --> 00:58:12,780

here so I can give you the numbers okay

1468

00:58:17,630 --> 00:58:15,240

Fox pictures did a poll they were

1469

00:58:19,970 --> 00:58:17,640

getting ready to release a horror movie

1470

00:58:21,650 --> 00:58:19,980

um and they said it against the theme of

1471

00:58:23,809 --> 00:58:21,660

The Phoenix Lights

1472

00:58:25,309 --> 00:58:23,819

and you know the Phoenix Lights weren't

1473

00:58:27,230 --> 00:58:25,319

just in Phoenix there's a lot of stuff

1474

00:58:28,730 --> 00:58:27,240

going on in some of the suburbs and some

1475

00:58:31,250 --> 00:58:28,740

of the Canyons and everything like that

1476  
00:58:33,490 --> 00:58:31,260  
and you just chatted with Lynn kitai two

1477  
00:58:36,170 --> 00:58:33,500  
hours ago so okay

1478  
00:58:38,690 --> 00:58:36,180  
will be her and she is the foremost

1479  
00:58:40,490 --> 00:58:38,700  
expert on Phoenix she'll tell you they

1480  
00:58:43,730 --> 00:58:40,500  
had all these other things going on yeah

1481  
00:58:46,250 --> 00:58:43,740  
okay I love her she's fantastic

1482  
00:58:48,170 --> 00:58:46,260  
um so oh by the way um Maricopa County

1483  
00:58:49,970 --> 00:58:48,180  
where that is uh they're in the number

1484  
00:58:52,250 --> 00:58:49,980  
two County in the country for UFO

1485  
00:58:54,589 --> 00:58:52,260  
sightings Los Angeles county is number

1486  
00:58:56,569 --> 00:58:54,599  
one Los Angeles County has more in 20

1487  
00:58:59,030 --> 00:58:56,579  
years had more sightings than 39

1488  
00:59:02,510 --> 00:58:59,040

individual states Maricopa County

1489

00:59:05,809 --> 00:59:02,520

Phoenix area has more sightings than uh

1490

00:59:08,510 --> 00:59:05,819

36 individual states okay by themselves

1491

00:59:10,609 --> 00:59:08,520

okay and the numbered ones people say

1492

00:59:12,710 --> 00:59:10,619

Cheryl where is The Hot Spot there is no

1493

00:59:16,510 --> 00:59:12,720

regularly scheduled hot spot

1494

00:59:19,849 --> 00:59:16,520

okay but there are I've identified

1495

00:59:21,650 --> 00:59:19,859

728 one-day hot spots nothing ever goes

1496

00:59:23,329 --> 00:59:21,660

on in this place you know they're the

1497

00:59:25,730 --> 00:59:23,339

state's lucky to have three sightings a

1498

00:59:28,430 --> 00:59:25,740

month and suddenly one day they hit 20.

1499

00:59:30,770 --> 00:59:28,440

okay I've identified them

1500

00:59:33,470 --> 00:59:30,780

okay but that's because we did the Big

1501

00:59:35,930 --> 00:59:33,480

Data thing with 146

1502

00:59:38,569 --> 00:59:35,940

000 days over 20 years across 50 states

1503

00:59:41,150 --> 00:59:38,579

and we've identified these days okay

1504

00:59:44,390 --> 00:59:41,160

most places have nothing going on most

1505

00:59:46,670 --> 00:59:44,400

the time regarding UFOs period okay and

1506

00:59:49,250 --> 00:59:46,680

then they have something happen

1507

00:59:51,349 --> 00:59:49,260

um so uh and and to be clear as well

1508

00:59:53,210 --> 00:59:51,359

it's like one out of ten people that

1509

00:59:54,650 --> 00:59:53,220

will actually bother to put in a

1510

00:59:57,650 --> 00:59:54,660

submission that they've seen something

1511

01:00:01,190 --> 00:59:57,660

so there's one actually it's one in 256

1512

01:00:04,130 --> 01:00:01,200

because Are you seriously I believe all

1513

01:00:08,210 --> 01:00:04,140

that stuff too it was UFO Community folk

1514

01:00:11,750 --> 01:00:08,220

test it was either one in ten or one in

1515

01:00:14,210 --> 01:00:11,760

ten saw one or and then one in ten of

1516

01:00:16,789 --> 01:00:14,220

them reported it and the numbers don't

1517

01:00:17,870 --> 01:00:16,799

work the numbers don't crunch for actual

1518

01:00:20,750 --> 01:00:17,880

sightings

1519

01:00:23,530 --> 01:00:20,760

then Fox pictures did one additional con

1520

01:00:25,430 --> 01:00:23,540

question in their in their uh interview

1521

01:00:28,190 --> 01:00:25,440

and said

1522

01:00:30,410 --> 01:00:28,200

um how many people have seen a UFO of

1523

01:00:34,549 --> 01:00:30,420

the respondents and it came out to a

1524

01:00:37,789 --> 01:00:34,559

statistic of 16.74 of adult Americans 18

1525

01:00:40,190 --> 01:00:37,799

plus all right fine I couldn't work with

1526

01:00:43,190 --> 01:00:40,200

that initially I didn't trust the metric

1527

01:00:47,630 --> 01:00:43,200

two years later in September of 2019

1528

01:00:50,150 --> 01:00:47,640

Gallup did almost The Identical poll and

1529

01:00:52,390 --> 01:00:50,160

they did this how many have you seen one

1530

01:00:56,630 --> 01:00:52,400

and it came back to

1531

01:01:02,750 --> 01:00:56,640

16.74 something number okay so crunched

1532

01:01:06,710 --> 01:01:02,760

okay 16 of 0.74 of adult Americans 18

1533

01:01:07,809 --> 01:01:06,720

plus is 43 million people that's 43

1534

01:01:09,370 --> 01:01:07,819

million

1535

01:01:12,950 --> 01:01:09,380

189

1536

01:01:15,890 --> 01:01:12,960

200 experiencers when you think about it

1537

01:01:16,730 --> 01:01:15,900

okay that's that's about a fifth of the

1538

01:01:19,609 --> 01:01:16,740

country

1539

01:01:21,770 --> 01:01:19,619

okay at least a six so schedule them out

1540

01:01:23,089 --> 01:01:21,780

yeah yes okay now take that a step

1541

01:01:25,010 --> 01:01:23,099

further

1542

01:01:27,410 --> 01:01:25,020

I'm gonna try and I try to work it back

1543

01:01:30,289 --> 01:01:27,420

down into those one in ten and that ten

1544

01:01:31,789 --> 01:01:30,299

percent stuff it just didn't Jive and

1545

01:01:35,089 --> 01:01:31,799

then when you get down a little bit

1546

01:01:36,530 --> 01:01:35,099

further you can go in and figure out how

1547

01:01:40,069 --> 01:01:36,540

many people

1548

01:01:41,930 --> 01:01:40,079

we didn't trust it so I went to every

1549

01:01:44,329 --> 01:01:41,940

state

1550

01:01:46,370 --> 01:01:44,339

this was like two weeks worth of work I

1551

01:01:48,349 --> 01:01:46,380

went to ever it did took every State's

1552

01:01:50,870 --> 01:01:48,359

sightings when not the census got every

1553

01:01:54,109 --> 01:01:50,880

State's population for 2010 figured

1554

01:01:56,510 --> 01:01:54,119

middle of the 20 years okay and we

1555

01:01:57,710 --> 01:01:56,520

crunched it that way and we got a bell

1556

01:02:01,430 --> 01:01:57,720

curve

1557

01:02:06,109 --> 01:02:01,440

okay one in 150 people

1558

01:02:08,270 --> 01:02:06,119

fire into the curve one in 475 people

1559

01:02:11,289 --> 01:02:08,280

and the top of the bell curve set in a

1560

01:02:13,430 --> 01:02:11,299

one one in 250 400

1561

01:02:15,230 --> 01:02:13,440

255 area

1562

01:02:19,490 --> 01:02:15,240

okay so we go with that number and then

1563

01:02:21,829 --> 01:02:19,500

if you just do the uh 167 thousand uh

1564

01:02:26,510 --> 01:02:21,839

630 you know divide directly divided

1565

01:02:30,069 --> 01:02:26,520

into 30 uh 43 million 180 89

1566

01:02:32,829 --> 01:02:30,079

000 it just comes up to a flat one in

1567

01:02:36,289 --> 01:02:32,839

257 or

1568

01:02:38,390 --> 01:02:36,299

0.00389 okay that's it okay and no

1569

01:02:40,250 --> 01:02:38,400

matter how we crunch the numbers since I

1570

01:02:43,069 --> 01:02:40,260

drilled down deeper and things like that

1571

01:02:44,690 --> 01:02:43,079

it keeps coming out to this now people

1572

01:02:47,329 --> 01:02:44,700

keep coming to me oh no Cheryl it's got

1573

01:02:48,950 --> 01:02:47,339

to be something like 125 you know no we

1574

01:02:51,049 --> 01:02:48,960

have a problem in the UFO Community we

1575

01:02:53,450 --> 01:02:51,059

believe a lot of folk myths

1576

01:02:55,430 --> 01:02:53,460

right this is numbers I got the numbers

1577

01:02:56,990 --> 01:02:55,440

to back it up like things have been

1578

01:02:59,150 --> 01:02:57,000

ingrained in our heads over and over

1579

01:03:01,370 --> 01:02:59,160

again about you know stats and and all

1580

01:03:04,010 --> 01:03:01,380

that like you know making a big number

1581

01:03:05,569 --> 01:03:04,020

one in 256 people have had a UFO

1582

01:03:07,370 --> 01:03:05,579

encounter or otherwise that's a big

1583

01:03:08,109 --> 01:03:07,380

number 40 million people no no no no no

1584

01:03:12,470 --> 01:03:08,119

no

1585

01:03:14,329 --> 01:03:12,480

one reported it 43 million saw one so

1586

01:03:15,890 --> 01:03:14,339

even at face value that's still a huge

1587

01:03:17,809 --> 01:03:15,900

number you know there's reports that

1588

01:03:19,789 --> 01:03:17,819

didn't make it through so that's bigger

1589

01:03:23,870 --> 01:03:19,799

yes exactly

1590

01:03:26,569 --> 01:03:23,880

and if you take that number of 257

1591

01:03:28,510 --> 01:03:26,579

back again I'm going to give you a cool

1592

01:03:31,190 --> 01:03:28,520

number okay let's take our

1593

01:03:33,670 --> 01:03:31,200

167 thousand six this is what happens

1594

01:03:36,789 --> 01:03:33,680

when you interview a statistician yeah

1595

01:03:39,370 --> 01:03:36,799

got the calculator calculator

1596

01:03:42,170 --> 01:03:39,380

I hope you're lapping this up right now

1597

01:03:48,950 --> 01:03:42,180

57. there's only a couple of us doing

1598

01:03:54,410 --> 01:03:50,870

one more time here

1599

01:03:56,950 --> 01:03:54,420

43 not million what was it 14 43 million

1600

01:04:01,270 --> 01:03:56,960

189

1601

01:04:03,589 --> 01:04:01,280

200 okay times

1602

01:04:05,630 --> 01:04:03,599

256 because we've already counted it

1603

01:04:08,930 --> 01:04:05,640

before okay

1604

01:04:10,789 --> 01:04:08,940

that turns out to be something like oh

1605

01:04:11,870 --> 01:04:10,799

got it when we're not it went right off

1606

01:04:19,309 --> 01:04:11,880

the page

1607

01:04:22,490 --> 01:04:19,319

uh it's it's 100 million

1608

01:04:24,170 --> 01:04:22,500

it's huge yeah it's it's like a third of

1609

01:04:26,809 --> 01:04:24,180

the country

1610

01:04:29,450 --> 01:04:26,819

right uh yeah and well again it goes

1611

01:04:30,589 --> 01:04:29,460

back to that thing what 36 believe in

1612

01:04:32,270 --> 01:04:30,599

UFOs

1613

01:04:34,250 --> 01:04:32,280

yeah okay there's your third of the

1614

01:04:37,809 --> 01:04:34,260

country they've seen them it's not so

1615

01:04:40,069 --> 01:04:37,819

much believe in UFOs is know about

1616

01:04:41,690 --> 01:04:40,079

and that's why they behave the way they

1617

01:04:43,849 --> 01:04:41,700

do like if you try to question somebody

1618

01:04:44,930 --> 01:04:43,859

who knows they had an experience they

1619

01:04:46,069 --> 01:04:44,940

don't care whether you believe them or

1620

01:04:47,450 --> 01:04:46,079

not for the most part they're not

1621

01:04:49,490 --> 01:04:47,460

looking for Vindication or your

1622

01:04:51,530 --> 01:04:49,500

acceptance or any of that they know what

1623

01:04:54,109 --> 01:04:51,540

they saw I've had to find out what the

1624

01:04:57,770 --> 01:04:54,119

hell it was yeah I've had my truth yeah

1625

01:04:59,990 --> 01:04:57,780

exactly yeah yeah and we think also like

1626

01:05:01,609 --> 01:05:00,000

it we keep expecting with like the

1627

01:05:03,049 --> 01:05:01,619

whistleblowers that might come out and

1628

01:05:05,390 --> 01:05:03,059

stuff like that that would be a huge

1629

01:05:07,789 --> 01:05:05,400

movement uh people with uh

1630

01:05:09,589 --> 01:05:07,799

non-disclosure agreements being able to

1631

01:05:12,170 --> 01:05:09,599

come out and say hey I've worked on this

1632

01:05:13,309 --> 01:05:12,180

program or I've seen this or I've done

1633

01:05:15,770 --> 01:05:13,319

that

1634

01:05:17,089 --> 01:05:15,780

um do you think there's any any validity

1635

01:05:19,609 --> 01:05:17,099

do you think there's going to be any

1636

01:05:21,049 --> 01:05:19,619

movements going on within the

1637

01:05:23,270 --> 01:05:21,059

Whistleblower Community they've passed

1638

01:05:24,890 --> 01:05:23,280

some kind of rule or resolution not to

1639

01:05:27,230 --> 01:05:24,900

prosecute people who were under security

1640

01:05:29,510 --> 01:05:27,240

oats right and we're still waiting for

1641

01:05:31,309 --> 01:05:29,520

some of these people to come forward but

1642

01:05:34,010 --> 01:05:31,319

when you think about when I out of this

1643

01:05:36,170 --> 01:05:34,020

stuff happened 40s 50s 60s a lot of

1644

01:05:39,170 --> 01:05:36,180

these guys are dead yeah yeah you know

1645

01:05:41,569 --> 01:05:39,180

so um that's another beautiful thing

1646

01:05:43,130 --> 01:05:41,579

about the intelligence Community

1647

01:05:45,470 --> 01:05:43,140

um we didn't start hearing about 70

1648

01:05:48,230 --> 01:05:45,480

films fantastic

1649

01:05:50,329 --> 01:05:48,240

um uh spy stuff from World War II

1650

01:05:53,210 --> 01:05:50,339

because they classify that kind of stuff

1651  
01:05:56,270 --> 01:05:53,220  
for 50 years

1652  
01:05:58,670 --> 01:05:56,280  
okay there's this idea we we put 50-year

1653  
01:06:00,770 --> 01:05:58,680  
classification on it so the survivors of

1654  
01:06:02,630 --> 01:06:00,780  
this thing can have a nice life before

1655  
01:06:04,130 --> 01:06:02,640  
somebody comes and tries to get pay

1656  
01:06:05,569 --> 01:06:04,140  
retribution on them or something like

1657  
01:06:07,130 --> 01:06:05,579  
that you know that's what that's about

1658  
01:06:11,450 --> 01:06:07,140  
okay

1659  
01:06:14,809 --> 01:06:11,460  
and we'll get this wrapped up I think

1660  
01:06:17,150 --> 01:06:14,819  
okay we've identified

1661  
01:06:21,230 --> 01:06:17,160  
Five drivers

1662  
01:06:22,670 --> 01:06:21,240  
and about five four five

1663  
01:06:25,370 --> 01:06:22,680

um

1664

01:06:28,789 --> 01:06:25,380

uh influencers not every state has an

1665

01:06:29,930 --> 01:06:28,799

influencer okay drivers population lots

1666

01:06:31,910 --> 01:06:29,940

of people in the community will sit

1667

01:06:33,470 --> 01:06:31,920

there and knee oh yeah Cheryl it's all

1668

01:06:36,829 --> 01:06:33,480

about the big cities that's where they

1669

01:06:39,470 --> 01:06:36,839

all are well we discovered that while

1670

01:06:42,410 --> 01:06:39,480

the bigger numbers might be in the heavy

1671

01:06:44,870 --> 01:06:42,420

population metro area where the real

1672

01:06:47,450 --> 01:06:44,880

sightings are occurring

1673

01:06:49,609 --> 01:06:47,460

are after six o'clock at night to about

1674

01:06:51,529 --> 01:06:49,619

11 30 at night and that is happening in

1675

01:06:53,390 --> 01:06:51,539

the suburbs the bedroom communities the

1676  
01:06:55,370 --> 01:06:53,400  
unincorporated communities further out

1677  
01:06:59,390 --> 01:06:55,380  
in the rural communities I've got a map

1678  
01:07:00,890 --> 01:06:59,400  
here of uh of zip codes here in Cuyahoga

1679  
01:07:03,049 --> 01:07:00,900  
County which is essentially Cleveland

1680  
01:07:05,990 --> 01:07:03,059  
and I've looked at other large Metro

1681  
01:07:07,910 --> 01:07:06,000  
counties like that and uh you see this

1682  
01:07:11,569 --> 01:07:07,920  
big string of sighting numbers across

1683  
01:07:16,010 --> 01:07:11,579  
2001 to 2020 okay but if you do it by

1684  
01:07:17,750 --> 01:07:16,020  
hours of the day midnight to midnight

1685  
01:07:20,150 --> 01:07:17,760  
you see a scattering and sightings

1686  
01:07:22,549 --> 01:07:20,160  
throughout the daytime hours getting

1687  
01:07:23,690 --> 01:07:22,559  
bigger as they get into light hours and

1688  
01:07:26,029 --> 01:07:23,700

then

1689

01:07:28,010 --> 01:07:26,039

um you see you look at the suburbs and

1690

01:07:30,410 --> 01:07:28,020

it's largely empty but if you look over

1691

01:07:32,510 --> 01:07:30,420

here during the late the the Leisure

1692

01:07:36,230 --> 01:07:32,520

what we call Leisure Time and home time

1693

01:07:38,390 --> 01:07:36,240

bet a bed bedroom hours boom there's all

1694

01:07:41,029 --> 01:07:38,400

the siding numbers and actually at in

1695

01:07:42,410 --> 01:07:41,039

Cuyahoga County it adds up more during

1696

01:07:45,730 --> 01:07:42,420

that window of time than it does

1697

01:07:47,750 --> 01:07:45,740

downtown okay okay so population

1698

01:07:49,370 --> 01:07:47,760

temperate weather we found out that

1699

01:07:51,710 --> 01:07:49,380

temperate weather is a driver if you

1700

01:07:54,770 --> 01:07:51,720

were looking at a say a state like New

1701  
01:07:56,690 --> 01:07:54,780  
York State okay up northern part of the

1702  
01:07:58,670 --> 01:07:56,700  
United States you have a quiescent

1703  
01:08:01,010 --> 01:07:58,680  
amount of sightings during the during

1704  
01:08:04,190 --> 01:08:01,020  
the during the winter months and the

1705  
01:08:06,589 --> 01:08:04,200  
fall months but July June August uh June

1706  
01:08:07,849 --> 01:08:06,599  
July August points up like this we

1707  
01:08:10,130 --> 01:08:07,859  
thought it was like that every place

1708  
01:08:11,809 --> 01:08:10,140  
until Linda discovered this until she

1709  
01:08:14,210 --> 01:08:11,819  
was putting the books to get the charts

1710  
01:08:16,130 --> 01:08:14,220  
together for the first book and she said

1711  
01:08:18,530 --> 01:08:16,140  
do you notice that the

1712  
01:08:20,930 --> 01:08:18,540  
summertime chart changes as you get

1713  
01:08:22,550 --> 01:08:20,940

further south and he said what we got

1714

01:08:24,050 --> 01:08:22,560

down Virginia Maryland that type of

1715

01:08:26,209 --> 01:08:24,060

thing and go across the United States

1716

01:08:27,650 --> 01:08:26,219

that Peak comes down and the rest of

1717

01:08:29,510 --> 01:08:27,660

those numbers come up now who are those

1718

01:08:32,450 --> 01:08:29,520

rest of those numbers

1719

01:08:34,370 --> 01:08:32,460

uh dog walkers smokers and people out at

1720

01:08:37,370 --> 01:08:34,380

night doing something

1721

01:08:38,870 --> 01:08:37,380

um you got to be outside right uh that's

1722

01:08:41,329 --> 01:08:38,880

one of the summer months are so much

1723

01:08:43,789 --> 01:08:41,339

higher statistically because everybody's

1724

01:08:45,950 --> 01:08:43,799

outside right in northern states right

1725

01:08:47,870 --> 01:08:45,960

go to Alaska and it's in the toilet

1726

01:08:50,390 --> 01:08:47,880

because it's white nights right yeah

1727

01:08:52,550 --> 01:08:50,400

okay okay so we found out hours of

1728

01:08:55,729 --> 01:08:52,560

Darkness was a driver so basically

1729

01:08:56,870 --> 01:08:55,739

population temperate weather Leisure

1730

01:08:59,390 --> 01:08:56,880

Time

1731

01:09:02,090 --> 01:08:59,400

we found you know people the most hot

1732

01:09:04,249 --> 01:09:02,100

day of the week is Saturday

1733

01:09:05,570 --> 01:09:04,259

okay Friday's up there a little bit

1734

01:09:06,430 --> 01:09:05,580

Sunday's up there a little bit but

1735

01:09:09,110 --> 01:09:06,440

Saturday

1736

01:09:11,749 --> 01:09:09,120

except in a handful of states and I'm

1737

01:09:14,090 --> 01:09:11,759

talking a handfuls I barely two handfuls

1738

01:09:16,490 --> 01:09:14,100

okay and now turned out to be Southern

1739

01:09:18,169 --> 01:09:16,500

States and an intern that was working

1740

01:09:20,510 --> 01:09:18,179

for a couple of interns at work working

1741

01:09:22,370 --> 01:09:20,520

for Linda but then says well we're from

1742

01:09:23,930 --> 01:09:22,380

down south those are all southern states

1743

01:09:25,550 --> 01:09:23,940

he says that's Bible study night

1744

01:09:27,470 --> 01:09:25,560

Wednesday and Thursday

1745

01:09:29,390 --> 01:09:27,480

you got to be outside so they're coming

1746

01:09:32,450 --> 01:09:29,400

out from Bible study hey honey look at

1747

01:09:36,050 --> 01:09:32,460

that you know okay

1748

01:09:37,849 --> 01:09:36,060

um okay and observer access to broadband

1749

01:09:40,610 --> 01:09:37,859

is a driver

1750

01:09:42,709 --> 01:09:40,620

you've got to be able to report it

1751

01:09:45,289 --> 01:09:42,719

now I have a lot of bunkers come in

1752

01:09:46,970 --> 01:09:45,299

you're telling us those are all mundane

1753

01:09:49,370 --> 01:09:46,980

drivers

1754

01:09:51,769 --> 01:09:49,380

I said this is as much about human

1755

01:09:53,450 --> 01:09:51,779

activity as it is the ETS let's just

1756

01:09:56,330 --> 01:09:53,460

assume there's a there's a lot of

1757

01:09:58,430 --> 01:09:56,340

traffic up there continuously okay just

1758

01:10:03,650 --> 01:09:58,440

assume that there's lots of them there

1759

01:10:05,270 --> 01:10:03,660

okay uh this is about when we see them

1760

01:10:06,830 --> 01:10:05,280

okay

1761

01:10:09,590 --> 01:10:06,840

um in fact uh if you look at the hours

1762

01:10:12,830 --> 01:10:09,600

of the day chart for Clark County in

1763

01:10:14,689 --> 01:10:12,840

Nevada essentially Vegas

1764

01:10:16,490 --> 01:10:14,699

there's a after midnight after that

1765

01:10:19,490 --> 01:10:16,500

number falls off after midnight there's

1766

01:10:21,169 --> 01:10:19,500

a bump at one curve going downward right

1767

01:10:22,189 --> 01:10:21,179

there's a bump at one o'clock in the

1768

01:10:23,630 --> 01:10:22,199

morning two o'clock in the morning and

1769

01:10:25,370 --> 01:10:23,640

four o'clock in the morning and I sent

1770

01:10:27,050 --> 01:10:25,380

that chart out to an investigator out

1771

01:10:29,030 --> 01:10:27,060

there and said hey hon can you tell me

1772

01:10:30,890 --> 01:10:29,040

what this is and she came back to me oh

1773

01:10:33,130 --> 01:10:30,900

Cheryl that's when the clubs the clubs

1774

01:10:36,830 --> 01:10:33,140

casinos and the shows let out

1775

01:10:39,830 --> 01:10:36,840

yeah okay so

1776

01:10:42,830 --> 01:10:39,840

um okay now influencers some states have

1777

01:10:45,290 --> 01:10:42,840

these proximity to water people used to

1778

01:10:47,330 --> 01:10:45,300

say to me but Texas how can it be the

1779

01:10:50,050 --> 01:10:47,340

number three state it's gotten twice the

1780

01:10:52,070 --> 01:10:50,060

population of Florida

1781

01:10:54,709 --> 01:10:52,080

Fortis number two

1782

01:10:58,550 --> 01:10:54,719

and I said because Florida's got 1200

1783

01:11:01,790 --> 01:10:58,560

miles of Coastline and Texas has 450.

1784

01:11:03,830 --> 01:11:01,800

duh okay and that makes a deal okay

1785

01:11:06,169 --> 01:11:03,840

proximity to water practice and this is

1786

01:11:08,510 --> 01:11:06,179

my friend Tom Conwell who you should

1787

01:11:10,850 --> 01:11:08,520

have on he's a Paranormal Investigator

1788

01:11:13,370 --> 01:11:10,860

but he took our original white book put

1789

01:11:16,130 --> 01:11:13,380

a U.S map on the wall big one and start

1790

01:11:19,070 --> 01:11:16,140

sticking uh top hat pins into it

1791

01:11:24,229 --> 01:11:22,370

um and he tracked it to toxic ecosystems

1792

01:11:26,930 --> 01:11:24,239

and we're not talking nuclear power

1793

01:11:28,910 --> 01:11:26,940

plant I got the address and zip code for

1794

01:11:31,550 --> 01:11:28,920

every new down to the street address of

1795

01:11:32,870 --> 01:11:31,560

all 55 nuclear power plants in the

1796

01:11:34,610 --> 01:11:32,880

United States

1797

01:11:36,770 --> 01:11:34,620

either people aren't reporting them

1798

01:11:38,990 --> 01:11:36,780

there or they're just not there

1799

01:11:40,729 --> 01:11:39,000

people here nuclear they assume nuclear

1800

01:11:42,890 --> 01:11:40,739

power plants they assume taxivities

1801  
01:11:44,209 --> 01:11:42,900  
people who live around town that's got a

1802  
01:11:48,290 --> 01:11:44,219  
nuclear power plant they're not living

1803  
01:11:50,390 --> 01:11:48,300  
in a toxic waste stop okay now nuclear

1804  
01:11:53,149 --> 01:11:50,400  
side of that talked to Lou Alessandro

1805  
01:11:55,910 --> 01:11:53,159  
he'll tell you they're following

1806  
01:11:57,709 --> 01:11:55,920  
the advanced technology since the end of

1807  
01:12:00,169 --> 01:11:57,719  
the Cold War

1808  
01:12:02,510 --> 01:12:00,179  
not every base has nuclear weapons in

1809  
01:12:05,030 --> 01:12:02,520  
fact most bases after the Cold War kind

1810  
01:12:06,649 --> 01:12:05,040  
of shut down in in the early 90s most

1811  
01:12:09,649 --> 01:12:06,659  
the bases in the middle part of the

1812  
01:12:11,390 --> 01:12:09,659  
America except for like missile bases

1813  
01:12:15,830 --> 01:12:11,400

um were handed over to Air National

1814

01:12:19,070 --> 01:12:15,840

Guard uh you know uh Air Force Reserve

1815

01:12:21,229 --> 01:12:19,080

that kind of thing so the thing the

1816

01:12:23,270 --> 01:12:21,239

Assumption made from a 1970s evaluation

1817

01:12:26,030 --> 01:12:23,280

using new Fork data against military

1818

01:12:27,890 --> 01:12:26,040

bases it doesn't hold true now because

1819

01:12:30,290 --> 01:12:27,900

there's nothing there they're interested

1820

01:12:32,090 --> 01:12:30,300

in they're only interested in in our

1821

01:12:34,430 --> 01:12:32,100

high-tech active bases with high

1822

01:12:37,729 --> 01:12:34,440

technology and that is code word for

1823

01:12:40,550 --> 01:12:37,739

nuclear technology our fleets have most

1824

01:12:43,189 --> 01:12:40,560

of it and the submarine bases have most

1825

01:12:44,810 --> 01:12:43,199

of it and that's the deal okay and Luke

1826

01:12:47,030 --> 01:12:44,820

backed me up on that we had several

1827

01:12:50,570 --> 01:12:47,040

conversations about that

1828

01:12:53,870 --> 01:12:50,580

um proximity on the taxi the taxi uh

1829

01:12:56,410 --> 01:12:53,880

dead coal mines dead oil fields dead gas

1830

01:12:59,930 --> 01:12:56,420

Fields strip mines

1831

01:13:02,510 --> 01:12:59,940

heavily polluted not just any polluted

1832

01:13:04,729 --> 01:13:02,520

lake heavily polluted Lakes heavily

1833

01:13:07,970 --> 01:13:04,739

polluted Rivers they are extremely

1834

01:13:11,149 --> 01:13:07,980

interested in our our waste areas and

1835

01:13:12,709 --> 01:13:11,159

they have told if you talk to uh Dr Eggo

1836

01:13:14,030 --> 01:13:12,719

Mutual Foundation people there Ray

1837

01:13:16,669 --> 01:13:14,040

Hernandez I don't know if you've talked

1838

01:13:19,070 --> 01:13:16,679

to him or not no but you should if they

1839

01:13:22,130 --> 01:13:19,080

interviewed 4400 through email surveys

1840

01:13:23,810 --> 01:13:22,140

uh 4 400 experiencers and they keep

1841

01:13:25,250 --> 01:13:23,820

coming back when they come back

1842

01:13:27,169 --> 01:13:25,260

spiritual doesn't matter if they were

1843

01:13:30,229 --> 01:13:27,179

atheists doesn't matter if they were

1844

01:13:32,930 --> 01:13:30,239

bible thumper to come back spiritual 0.1

1845

01:13:33,709 --> 01:13:32,940

and two E.T told us to take care of our

1846

01:13:35,990 --> 01:13:33,719

planet

1847

01:13:38,810 --> 01:13:36,000

right which is the message that we hear

1848

01:13:40,970 --> 01:13:38,820

quite a bit as well yeah okay so there's

1849

01:13:42,709 --> 01:13:40,980

your toxics they're interested in our

1850

01:13:45,169 --> 01:13:42,719

geological fault lines they are

1851

01:13:46,669 --> 01:13:45,179

basically Nanny keepers

1852

01:13:48,350 --> 01:13:46,679

if you want to call it the Galactic

1853

01:13:49,370 --> 01:13:48,360

Federation I'm not calling it they want

1854

01:13:51,649 --> 01:13:49,380

to call it the Galactic Federation

1855

01:13:53,390 --> 01:13:51,659

they're they're watching our geological

1856

01:13:54,950 --> 01:13:53,400

faults for us

1857

01:13:56,810 --> 01:13:54,960

we've got pictures of these things

1858

01:13:59,750 --> 01:13:56,820

flying in these UFOs flying into

1859

01:14:02,930 --> 01:13:59,760

volcanoes for God's sakes yeah okay talk

1860

01:14:05,510 --> 01:14:02,940

to the the the UFO guy down there Mexico

1861

01:14:07,010 --> 01:14:05,520

who's the newspaper reporter they did a

1862

01:14:08,630 --> 01:14:07,020

documentary a couple years ago where

1863

01:14:10,250 --> 01:14:08,640

they were shooting infrared film in the

1864

01:14:12,890 --> 01:14:10,260

evening and you're watching these UFOs

1865

01:14:17,030 --> 01:14:12,900

coming in flying down into the volcano

1866

01:14:18,470 --> 01:14:17,040

was that Jaime Mozan yes yeah and of

1867

01:14:20,149 --> 01:14:18,480

course you know all the debunkers and I

1868

01:14:23,450 --> 01:14:20,159

think call him a fraud but he's done

1869

01:14:25,669 --> 01:14:23,460

some amazing journalism so and uh and

1870

01:14:28,430 --> 01:14:25,679

I'm a journalist so I I scrutinize this

1871

01:14:31,250 --> 01:14:28,440

stuff okay High Media high high

1872

01:14:33,169 --> 01:14:31,260

visibility media reports now what that I

1873

01:14:35,750 --> 01:14:33,179

got that from Blue Book

1874

01:14:37,850 --> 01:14:35,760

in Blue Book they observed that say

1875

01:14:39,649 --> 01:14:37,860

there was a sighting on Tuesday or

1876

01:14:41,330 --> 01:14:39,659

Wednesday reported in the paper okay

1877

01:14:44,030 --> 01:14:41,340

there's a whole Spike of sightings

1878

01:14:47,209 --> 01:14:44,040

report okay

1879

01:14:49,370 --> 01:14:47,219

back in the day of Blue Book newspapers

1880

01:14:51,530 --> 01:14:49,380

still reported this stuff

1881

01:14:54,950 --> 01:14:51,540

there was always a shower of sightings

1882

01:14:57,770 --> 01:14:54,960

in the afterwards in the days afterwards

1883

01:15:01,189 --> 01:14:57,780

and they kind of wrote it off to like a

1884

01:15:04,729 --> 01:15:01,199

copycat reporters kind of thing okay

1885

01:15:06,890 --> 01:15:04,739

well we took a look at it and using new

1886

01:15:09,830 --> 01:15:06,900

Fork National UFO Reporting Center data

1887

01:15:12,890 --> 01:15:09,840

because when we when we did that that's

1888

01:15:15,290 --> 01:15:12,900

on easily accessible online okay and we

1889

01:15:17,630 --> 01:15:15,300

looked at it from I knew I knew about

1890

01:15:18,950 --> 01:15:17,640

these one day hot spots Give an example

1891

01:15:22,010 --> 01:15:18,960

um Indiana

1892

01:15:23,390 --> 01:15:22,020

okay 2008 2008 was a weird year but you

1893

01:15:25,729 --> 01:15:23,400

never hear anybody talking about it

1894

01:15:28,910 --> 01:15:25,739

Texas and some of the states around

1895

01:15:31,790 --> 01:15:28,920

Texas like uh Kansas and Indiana and

1896

01:15:32,990 --> 01:15:31,800

like that had an unusual yearly Spike

1897

01:15:34,490 --> 01:15:33,000

that year

1898

01:15:36,350 --> 01:15:34,500

okay they're going along with their

1899

01:15:38,270 --> 01:15:36,360

normal their normal graph of stuff in

1900

01:15:40,910 --> 01:15:38,280

2008's like that

1901

01:15:42,229 --> 01:15:40,920

okay so um you never hear anybody

1902

01:15:44,450 --> 01:15:42,239

talking about that because nobody

1903

01:15:46,669 --> 01:15:44,460

everybody's too busy looking at dead

1904

01:15:49,070 --> 01:15:46,679

bodies and looking at crash sites and

1905

01:15:51,110 --> 01:15:49,080

single events and not looking at the

1906

01:15:53,870 --> 01:15:51,120

bigger picture that's what we do we look

1907

01:15:55,850 --> 01:15:53,880

at the bigger picture all right

1908

01:15:57,590 --> 01:15:55,860

generational thing you have that

1909

01:15:59,810 --> 01:15:57,600

sighting there's newscasts over the

1910

01:16:01,970 --> 01:15:59,820

newscasts and newspaper reports in a

1911

01:16:04,669 --> 01:16:01,980

local area and

1912

01:16:07,370 --> 01:16:04,679

error now when people don't report UFOs

1913

01:16:10,010 --> 01:16:07,380

in the paper it never bubbles up to

1914

01:16:11,689 --> 01:16:10,020

National reporting okay but then we

1915

01:16:13,430 --> 01:16:11,699

started going in looking at the ones

1916

01:16:15,350 --> 01:16:13,440

that is in the week that reported if

1917

01:16:17,870 --> 01:16:15,360

it's a local newscast a local news

1918

01:16:20,090 --> 01:16:17,880

reporting for two or three days about

1919

01:16:21,709 --> 01:16:20,100

what happened this was called the Kokomo

1920

01:16:24,530 --> 01:16:21,719

lights okay

1921

01:16:28,010 --> 01:16:24,540

a state that averages two sightings a

1922

01:16:30,649 --> 01:16:28,020

month at 25 in one day

1923

01:16:32,270 --> 01:16:30,659

mostly clustered in two counties I've

1924

01:16:33,229 --> 01:16:32,280

got the ZIP codes of every one of them

1925

01:16:35,630 --> 01:16:33,239

okay

1926

01:16:37,790 --> 01:16:35,640

all right now

1927

01:16:38,990 --> 01:16:37,800

you look at these ones that happen after

1928

01:16:41,930 --> 01:16:39,000

that

1929

01:16:44,090 --> 01:16:41,940

and they tend to be right they're

1930

01:16:46,070 --> 01:16:44,100

written they're posted now but they're

1931

01:16:47,990 --> 01:16:46,080

retro reports from people probably read

1932

01:16:49,729 --> 01:16:48,000

it and people oh National UFO

1933

01:16:51,709 --> 01:16:49,739

partnership maybe I should report that

1934

01:16:54,229 --> 01:16:51,719

when I had two weeks ago or two months

1935

01:16:57,110 --> 01:16:54,239

ago or two years ago it's they turn out

1936

01:17:00,649 --> 01:16:57,120

to be retro reporting

1937

01:17:02,870 --> 01:17:00,659

so high activity rates get people

1938

01:17:06,189 --> 01:17:02,880

instigated to report these things and

1939

01:17:08,209 --> 01:17:06,199

the last point is generational effect

1940

01:17:11,510 --> 01:17:08,219

Maricopa County

1941

01:17:13,910 --> 01:17:11,520

Los Angeles County

1942

01:17:16,970 --> 01:17:13,920

Grandpa told us about the Battle of La

1943

01:17:18,830 --> 01:17:16,980

in February 1942 he was there he was

1944

01:17:21,229 --> 01:17:18,840

watching the shells fall from the sky

1945

01:17:23,110 --> 01:17:21,239

and all that stuff wow maybe we look up

1946

01:17:26,870 --> 01:17:23,120

we'll see something

1947

01:17:28,550 --> 01:17:26,880

go to Phoenix Mom and Dad told us about

1948

01:17:30,890 --> 01:17:28,560

the Phoenix Lights it was this it was

1949

01:17:33,110 --> 01:17:30,900

that and maybe if we look up we'll see

1950

01:17:35,990 --> 01:17:33,120

something there's a cultural imperative

1951

01:17:38,630 --> 01:17:36,000

to keep an eyeball out of this stuff

1952

01:17:39,890 --> 01:17:38,640

this is what we've learned about UFOs in

1953

01:17:42,950 --> 01:17:39,900

the last seven years

1954

01:17:46,850 --> 01:17:42,960

crunching the data you guys have done a

1955

01:17:48,890 --> 01:17:46,860

fantastic job at doing this data like um

1956

01:17:52,850 --> 01:17:48,900

even you're mentioning the amount of

1957

01:17:53,990 --> 01:17:52,860

people that 16.74 has a huge amount of

1958

01:17:56,229 --> 01:17:54,000

people

1959

01:17:58,550 --> 01:17:56,239

um that would see that many you know

1960

01:18:00,890 --> 01:17:58,560

sightings in one country that's not even

1961

01:18:03,050 --> 01:18:00,900

the world that's just in your you know

1962

01:18:05,510 --> 01:18:03,060

the United States so I'm interested in

1963

01:18:07,010 --> 01:18:05,520

finding out what worldwide you know the

1964

01:18:08,570 --> 01:18:07,020

percentage of sightings would be let's

1965

01:18:10,250 --> 01:18:08,580

go there for one second

1966

01:18:11,450 --> 01:18:10,260

um I can't tell you worldwide in fact I

1967

01:18:13,490 --> 01:18:11,460

can't you wouldn't believe how much mail

1968

01:18:15,649 --> 01:18:13,500

I get from Europe and other places

1969

01:18:17,810 --> 01:18:15,659

saying can you do it for our country you

1970

01:18:20,450 --> 01:18:17,820

know can you do it for Europe

1971

01:18:23,209 --> 01:18:20,460

we had a tough time trying to connect

1972

01:18:25,430 --> 01:18:23,219

with the reporting Services it was all

1973

01:18:28,070 --> 01:18:25,440

mom reporting Services over in Europe

1974

01:18:29,450 --> 01:18:28,080

and every country had their own so to

1975

01:18:32,390 --> 01:18:29,460

speak you know and there was problems

1976

01:18:33,070 --> 01:18:32,400  
with language all this stuff okay

1977

01:18:37,790 --> 01:18:33,080  
um

1978

01:18:39,050 --> 01:18:37,800  
there was the issue of there's a guy by

1979

01:18:40,790 --> 01:18:39,060  
the name of

1980

01:18:42,890 --> 01:18:40,800  
um Rich Hoffman ever heard of him

1981

01:18:45,350 --> 01:18:42,900  
Richard yeah Rich Hoffman okay we're

1982

01:18:47,630 --> 01:18:45,360  
talking okay he runs that uh Gathering

1983

01:18:49,729 --> 01:18:47,640  
of academics down there in Huntsville

1984

01:18:53,709 --> 01:18:49,739  
scientific Community or scientific

1985

01:18:58,610 --> 01:18:53,719  
Coalition of UAP studies yes correct CSU

1986

01:19:01,550 --> 01:18:58,620  
all right see you and one of the Dr Bob

1987

01:19:03,649 --> 01:19:01,560  
gravier told me he had attended it and

1988

01:19:06,169 --> 01:19:03,659

he told me that there were a couple of

1989

01:19:08,149 --> 01:19:06,179

professors that took a big map in the

1990

01:19:10,010 --> 01:19:08,159

United States put it on the wall threw a

1991

01:19:12,350 --> 01:19:10,020

couple darts at it and wherever the dirt

1992

01:19:14,810 --> 01:19:12,360

landed they went investigated it might

1993

01:19:16,250 --> 01:19:14,820

be in po don't nowhere okay and they

1994

01:19:19,790 --> 01:19:16,260

went there and they started talking to

1995

01:19:21,470 --> 01:19:19,800

people in diners and clubs the VFW all

1996

01:19:22,910 --> 01:19:21,480

this kind of stuff right the Grange hall

1997

01:19:24,350 --> 01:19:22,920

whatever all right

1998

01:19:26,209 --> 01:19:24,360

and

1999

01:19:28,010 --> 01:19:26,219

well there may not have been an awful

2000

01:19:29,630 --> 01:19:28,020

lot of sighting reports in either the

2001

01:19:32,149 --> 01:19:29,640

national databases

2002

01:19:34,790 --> 01:19:32,159

people's stories told you that it was

2003

01:19:37,310 --> 01:19:34,800

there was much more going on than is

2004

01:19:39,830 --> 01:19:37,320

being documented because we have a

2005

01:19:41,270 --> 01:19:39,840

problem with reporting all we've had is

2006

01:19:42,709 --> 01:19:41,280

move on a new form you wouldn't believe

2007

01:19:44,209 --> 01:19:42,719

how many people when our book came out

2008

01:19:46,310 --> 01:19:44,219

and somebody wrote a newspaper story

2009

01:19:47,930 --> 01:19:46,320

about it they said is that where I can

2010

01:19:50,810 --> 01:19:47,940

report my stuff

2011

01:19:52,729 --> 01:19:50,820

yeah not aware of it yeah and Linda and

2012

01:19:54,050 --> 01:19:52,739

I said in our purpose you know lended me

2013

01:19:55,669 --> 01:19:54,060

to comment in our preface in the pink

2014

01:19:57,830 --> 01:19:55,679

books is here we are five years later

2015

01:20:04,850 --> 01:19:57,840

still doing the government's job

2016

01:20:09,770 --> 01:20:06,950

this book was produced on the pensions

2017

01:20:12,649 --> 01:20:09,780

of two old ladies

2018

01:20:14,930 --> 01:20:12,659

yeah yeah where's the UFO Community

2019

01:20:16,910 --> 01:20:14,940

grant for people like me and Linda who

2020

01:20:18,530 --> 01:20:16,920

do this kind of work

2021

01:20:20,090 --> 01:20:18,540

there should be a government grants for

2022

01:20:21,350 --> 01:20:20,100

people that do research like that as

2023

01:20:23,570 --> 01:20:21,360

well well they don't want to give us any

2024

01:20:25,130 --> 01:20:23,580

money either you know because Dr cotton

2025

01:20:28,910 --> 01:20:25,140

told us there was nothing to spend money

2026

01:20:31,550 --> 01:20:28,920

at so for six the last 50 years college

2027

01:20:33,229 --> 01:20:31,560

government agencies that do this kind of

2028

01:20:34,550 --> 01:20:33,239

stuff now I'm not talking to military

2029

01:20:37,189 --> 01:20:34,560

I'm talking other kinds of government

2030

01:20:38,510 --> 01:20:37,199

agencies census anybody education

2031

01:20:40,490 --> 01:20:38,520

anybody

2032

01:20:42,229 --> 01:20:40,500

they couldn't get any money because it

2033

01:20:43,610 --> 01:20:42,239

was career suicide to study this thing

2034

01:20:45,050 --> 01:20:43,620

and there was no money available because

2035

01:20:46,669 --> 01:20:45,060

Dr Khan and said you don't need to

2036

01:20:48,290 --> 01:20:46,679

appropriate any money to study this

2037

01:20:49,490 --> 01:20:48,300

stuff there's nothing to it

2038

01:20:52,130 --> 01:20:49,500

yeah

2039

01:20:54,910 --> 01:20:52,140

um the same thing happened with um you

2040

01:20:57,950 --> 01:20:54,920

oh it's career suicide for the media

2041

01:21:00,050 --> 01:20:57,960

people who verify this stuff

2042

01:21:02,510 --> 01:21:00,060

um newspapers of record

2043

01:21:04,910 --> 01:21:02,520

nobody will touch it in fact I got

2044

01:21:06,649 --> 01:21:04,920

letters from other columnists in Upstate

2045

01:21:08,390 --> 01:21:06,659

New York after I started publishing my

2046

01:21:10,610 --> 01:21:08,400

column said you know you're a really

2047

01:21:12,410 --> 01:21:10,620

good newspaper you know newspaper writer

2048

01:21:15,169 --> 01:21:12,420

and columnist too bad you just shot your

2049

01:21:16,669 --> 01:21:15,179

career in the head by reporting this

2050

01:21:20,209 --> 01:21:16,679

topic there

2051

01:21:22,729 --> 01:21:20,219

yeah I have five letters like that so

2052

01:21:25,250 --> 01:21:22,739

there's all of this pushback and so we

2053

01:21:26,330 --> 01:21:25,260

should have somebody funding to do this

2054

01:21:27,950 --> 01:21:26,340

stuff and when they're talking about

2055

01:21:29,330 --> 01:21:27,960

well maybe we the government needs to

2056

01:21:31,430 --> 01:21:29,340

have a really good database on

2057

01:21:33,590 --> 01:21:31,440

themselves no it shouldn't be it should

2058

01:21:35,630 --> 01:21:33,600

be funded by them but it should be if

2059

01:21:37,250 --> 01:21:35,640

it's funded by them it should be free

2060

01:21:40,070 --> 01:21:37,260

and available to everybody in the United

2061

01:21:42,709 --> 01:21:40,080

States to at least access it from a read

2062

01:21:44,510 --> 01:21:42,719

capability right okay because if they do

2063

01:21:45,890 --> 01:21:44,520

if they if they keep it all they're

2064

01:21:47,270 --> 01:21:45,900

going to do like the militaries and all

2065

01:21:49,370 --> 01:21:47,280

this time they're going to sit on it and

2066

01:21:51,169 --> 01:21:49,380

not tell us yeah

2067

01:21:53,450 --> 01:21:51,179

well even you know we were talking with

2068

01:21:56,270 --> 01:21:53,460

Jim semivan not that long ago and he was

2069

01:21:58,850 --> 01:21:56,280

an experimenter while he was a spy for

2070

01:22:01,130 --> 01:21:58,860

the CIA he had an experience at his home

2071

01:22:03,169 --> 01:22:01,140

like people inside the Department of

2072

01:22:05,090 --> 01:22:03,179

Defense are having experiences as well

2073

01:22:07,070 --> 01:22:05,100

they've seen things at night when

2074

01:22:10,030 --> 01:22:07,080

they're at home with their families so

2075

01:22:12,470 --> 01:22:10,040

there is a movement you know like the

2076

01:22:14,270 --> 01:22:12,480

generationally we're ready to to hear

2077

01:22:17,450 --> 01:22:14,280

more about this to figure out what's

2078

01:22:18,950 --> 01:22:17,460

going on but like somebody mentioned I I

2079

01:22:20,810 --> 01:22:18,960

think not that long ago it's like

2080

01:22:23,330 --> 01:22:20,820

they're trying to throw a wet towel on

2081

01:22:25,070 --> 01:22:23,340

the the fire right now right trying to

2082

01:22:26,330 --> 01:22:25,080

yeah the biggest problem we have about

2083

01:22:28,070 --> 01:22:26,340

this stuff is not so much a government

2084

01:22:30,770 --> 01:22:28,080

revealing this stuff

2085

01:22:32,390 --> 01:22:30,780

the fact that they have they won't they

2086

01:22:33,950 --> 01:22:32,400

sort of owned up to it and said the

2087

01:22:35,570 --> 01:22:33,960

Congress sort of owned up to it and says

2088

01:22:39,229 --> 01:22:35,580

these things are not from around here

2089

01:22:41,030 --> 01:22:39,239

yeah okay other classification they they

2090

01:22:42,709 --> 01:22:41,040

need to talk they need to be square with

2091

01:22:44,870 --> 01:22:42,719

us about this because

2092

01:22:46,430 --> 01:22:44,880

anybody who's a serious experiercer

2093

01:22:48,530 --> 01:22:46,440

right now we're we're written off as

2094

01:22:51,890 --> 01:22:48,540

Cooks nuts and crackpots

2095

01:22:56,630 --> 01:22:51,900

okay but I interviewed I was at uh

2096

01:22:58,970 --> 01:22:56,640

Megacon in 2019 okay and I'm speaking

2097

01:23:01,910 --> 01:22:58,980

there and the guys who had a desk red

2098

01:23:04,910 --> 01:23:01,920

across from me and Joanne Richards where

2099

01:23:06,649 --> 01:23:04,920

uh half a dozen Sailors who were had

2100

01:23:09,709 --> 01:23:06,659

been on the Nimitz or on the pressure

2101

01:23:12,290 --> 01:23:09,719

the radar ship right Fleet for the for

2102

01:23:15,110 --> 01:23:12,300

that Carrier Group and I talked to her

2103

01:23:16,790 --> 01:23:15,120

chief petty officer hey we're EX Petty

2104

01:23:20,209 --> 01:23:16,800

chief petty officer so I sat down and

2105

01:23:22,850 --> 01:23:20,219

sat down had a cup of coffee and

2106

01:23:25,850 --> 01:23:22,860

first thing those people in that radar

2107

01:23:27,410 --> 01:23:25,860

on watch are that whole thing going down

2108

01:23:29,149 --> 01:23:27,420

with the planes and the Tic Tacs

2109

01:23:31,669 --> 01:23:29,159

relocating themselves back to that

2110

01:23:33,709 --> 01:23:31,679

classified place and everything all the

2111

01:23:35,630 --> 01:23:33,719

stuff that went down the guys and the

2112

01:23:38,390 --> 01:23:35,640

combat informations that are tracking

2113

01:23:41,570 --> 01:23:38,400

all this stuff on the radar ship their

2114

01:23:43,550 --> 01:23:41,580

reality got seriously shattered

2115

01:23:46,310 --> 01:23:43,560

my God this is real this is like

2116

01:23:49,850 --> 01:23:46,320

Independence Day good God you know what

2117

01:23:51,229 --> 01:23:49,860

is this so they come back from Fleet

2118

01:23:54,410 --> 01:23:51,239

operations

2119

01:23:56,930 --> 01:23:54,420

their reality has been rattled

2120

01:23:59,209 --> 01:23:56,940

they can't talk to anybody because the

2121

01:24:00,709 --> 01:23:59,219

lid had been clamped on it they can't

2122

01:24:01,910 --> 01:24:00,719

tell their wives and a couple of the

2123

01:24:03,290 --> 01:24:01,920

guys told me he says I was walking

2124

01:24:07,130 --> 01:24:03,300

around all twitching and everything like

2125

01:24:09,770 --> 01:24:07,140

this and my wife said okay who is she

2126

01:24:11,750 --> 01:24:09,780

okay they couldn't go get counseling

2127

01:24:13,790 --> 01:24:11,760

right he said we're told not to talk

2128

01:24:15,169 --> 01:24:13,800

about this stuff and so the chief told

2129

01:24:16,910 --> 01:24:15,179

me some of the guys almost lost their

2130

01:24:19,370 --> 01:24:16,920

marriages over it because they couldn't

2131

01:24:21,110 --> 01:24:19,380

tell anybody and then here's the bigger

2132

01:24:23,090 --> 01:24:21,120

problem

2133

01:24:24,649 --> 01:24:23,100

um about three years ago a friend of

2134

01:24:26,030 --> 01:24:24,659

mine who's a therapist actually it was

2135

01:24:27,830 --> 01:24:26,040

my therapist at the time we were talking

2136

01:24:30,229 --> 01:24:27,840

about he was very open about this stuff

2137

01:24:32,330 --> 01:24:30,239

I shared all this stuff with him and we

2138

01:24:34,970 --> 01:24:32,340

talked about the fact that I had a tough

2139

01:24:36,950 --> 01:24:34,980

time finding a therapist because while I

2140

01:24:38,090 --> 01:24:36,960

was there to talk about the fact that my

2141

01:24:40,250 --> 01:24:38,100

family

2142

01:24:43,070 --> 01:24:40,260

has disowned me and disinherited me

2143

01:24:45,110 --> 01:24:43,080

because I'm a translating got and throw

2144

01:24:47,270 --> 01:24:45,120

the UFO stuff into it that just makes it

2145

01:24:49,250 --> 01:24:47,280

even more fun

2146

01:24:51,649 --> 01:24:49,260

um

2147

01:24:53,209 --> 01:24:51,659

I said to him I said you know I said I

2148

01:24:55,189 --> 01:24:53,219

talked to people experiencers at a

2149

01:24:56,630 --> 01:24:55,199

couple of the local club meetings and

2150

01:24:58,910 --> 01:24:56,640

they'd like to go talk to somebody

2151  
01:25:00,649 --> 01:24:58,920  
because it's impacted their lives but

2152  
01:25:02,330 --> 01:25:00,659  
most therapists throw them out of their

2153  
01:25:03,709 --> 01:25:02,340  
office they won't talk to them they

2154  
01:25:05,030 --> 01:25:03,719  
think they're all Looney Tunes and

2155  
01:25:08,510 --> 01:25:05,040  
they're not

2156  
01:25:11,390 --> 01:25:08,520  
yeah okay so we reached out to New York

2157  
01:25:14,209 --> 01:25:11,400  
State Association of Social Workers I

2158  
01:25:16,610 --> 01:25:14,219  
wrote them a really sane letter

2159  
01:25:18,110 --> 01:25:16,620  
nothing wrote them another letter about

2160  
01:25:19,370 --> 01:25:18,120  
five months later

2161  
01:25:24,229 --> 01:25:19,380  
nothing

2162  
01:25:25,310 --> 01:25:24,239  
we wrote them a total of four letters

2163  
01:25:28,070 --> 01:25:25,320

nothing

2164

01:25:30,070 --> 01:25:28,080

so I mean we said we offered to drive up

2165

01:25:32,330 --> 01:25:30,080

there to their aunt to one of their

2166

01:25:33,830 --> 01:25:32,340

semi-annual meetings and give them a

2167

01:25:36,110 --> 01:25:33,840

presentation and show them how big the

2168

01:25:38,090 --> 01:25:36,120

scale of this is that there's this issue

2169

01:25:40,310 --> 01:25:38,100

that is weighing among people and

2170

01:25:43,910 --> 01:25:40,320

everybody has written it off as hoo-ha

2171

01:25:46,310 --> 01:25:43,920

okay all right finally I called them up

2172

01:25:48,890 --> 01:25:46,320

on the phone the person I got to talk to

2173

01:25:52,010 --> 01:25:48,900

was intently interested I went to go

2174

01:25:54,770 --> 01:25:52,020

call her back I not allowed to talk to

2175

01:25:59,510 --> 01:25:56,030

okay

2176

01:26:01,129 --> 01:25:59,520

we've got a systematic hushing up at

2177

01:26:04,370 --> 01:26:01,139

this topic matter

2178

01:26:06,950 --> 01:26:04,380

okay and there's a

2179

01:26:08,689 --> 01:26:06,960

I talk to people who are in therapy who

2180

01:26:10,310 --> 01:26:08,699

who are therapists who actually talk to

2181

01:26:12,470 --> 01:26:10,320

people who are experiencers and they're

2182

01:26:14,350 --> 01:26:12,480

saying Jesus our colleagues think we're

2183

01:26:17,390 --> 01:26:14,360

nuts

2184

01:26:19,669 --> 01:26:17,400

what they did to Dr Mack you know those

2185

01:26:21,110 --> 01:26:19,679

guys I'm just gonna mention yeah and you

2186

01:26:23,270 --> 01:26:21,120

should get Ralph Bloomington on he can

2187

01:26:25,790 --> 01:26:23,280

talk to you about that oh we we had him

2188

01:26:28,370 --> 01:26:25,800

on yeah we'll we'll have them on again I

2189

01:26:31,189 --> 01:26:28,380

know Ralph you know yeah so um yeah

2190

01:26:33,110 --> 01:26:31,199

that's that's how big the scale is I'm

2191

01:26:35,209 --> 01:26:33,120

not even worried about the UFOs I'm

2192

01:26:38,810 --> 01:26:35,219

worried about the impact on our human

2193

01:26:40,370 --> 01:26:38,820

culture yeah okay now people say why

2194

01:26:41,930 --> 01:26:40,380

don't they just come land down in the

2195

01:26:45,590 --> 01:26:41,940

White House lawn

2196

01:26:47,870 --> 01:26:45,600

uh enough room well the people I've

2197

01:26:49,729 --> 01:26:47,880

talked to they're all anthropologists

2198

01:26:52,370 --> 01:26:49,739

and they don't want to contaminate our

2199

01:26:53,470 --> 01:26:52,380

culture because they're they're studying

2200

01:26:56,090 --> 01:26:53,480

us

2201

01:26:58,430 --> 01:26:56,100

we're this primitive culture right

2202

01:26:59,990 --> 01:26:58,440

they're studying us and if they come

2203

01:27:02,149 --> 01:27:00,000

laying down where all of a sudden we're

2204

01:27:03,229 --> 01:27:02,159

going to want alien perfume and we're

2205

01:27:06,830 --> 01:27:03,239

going to have them on Good Morning

2206

01:27:08,930 --> 01:27:06,840

America and shaking hands with uh Travis

2207

01:27:10,490 --> 01:27:08,940

Walton and Whitley Street bird you know

2208

01:27:12,950 --> 01:27:10,500

no hard feelings that we have nothing to

2209

01:27:15,530 --> 01:27:12,960

do and that kind of thing you know on

2210

01:27:17,090 --> 01:27:15,540

the show you know yeah exactly it's the

2211

01:27:19,250 --> 01:27:17,100

Jerry Springer Show they have like two

2212

01:27:23,330 --> 01:27:19,260

aliens on the counter let's introduce

2213

01:27:25,370 --> 01:27:23,340

Travis Walton you bastards you know it's

2214

01:27:28,310 --> 01:27:25,380

gonna turn into

2215

01:27:30,770 --> 01:27:28,320

a zoo and they're going to become the

2216

01:27:32,090 --> 01:27:30,780

pop news topic

2217

01:27:36,350 --> 01:27:32,100

okay

2218

01:27:38,570 --> 01:27:36,360

and that's the shame of this we truly

2219

01:27:40,430 --> 01:27:38,580

need to be able to touch our Cosmic

2220

01:27:43,550 --> 01:27:40,440

brothers and sisters

2221

01:27:45,290 --> 01:27:43,560

okay and they want the best for us they

2222

01:27:48,410 --> 01:27:45,300

want us to open our minds up and become

2223

01:27:50,149 --> 01:27:48,420

more spiritual they want this for us we

2224

01:27:54,169 --> 01:27:50,159

want that some of us want this for us

2225

01:27:56,930 --> 01:27:54,179

but we've got all these childish games

2226

01:27:58,850 --> 01:27:56,940

being played by our governments by the

2227

01:28:01,790 --> 01:27:58,860

Elites in our country it doesn't matter

2228

01:28:05,090 --> 01:28:01,800

what country it is okay we've got all

2229

01:28:06,830 --> 01:28:05,100

this crap going on uh Canada you had one

2230

01:28:10,669 --> 01:28:06,840

decent

2231

01:28:12,370 --> 01:28:10,679

um uh director director of um military

2232

01:28:16,010 --> 01:28:12,380

uh uh

2233

01:28:19,610 --> 01:28:16,020

Hellyer hey they did a big memorial for

2234

01:28:21,590 --> 01:28:19,620

him in California I wrote the the homily

2235

01:28:23,450 --> 01:28:21,600

for it oh wow they asked me to write it

2236

01:28:26,689 --> 01:28:23,460

they wrote me up and contracted me to

2237

01:28:28,310 --> 01:28:26,699

write a write a a eulogy for him and I

2238

01:28:29,930 --> 01:28:28,320

didn't tell them about the UFO stuff I

2239

01:28:31,610 --> 01:28:29,940

said yeah he had it but did you know he

2240

01:28:34,370 --> 01:28:31,620

was a trained opera singer did you know

2241

01:28:37,669 --> 01:28:34,380

this did you know that you know and uh

2242

01:28:41,270 --> 01:28:37,679

uh I I showed the human side of the man

2243

01:28:43,209 --> 01:28:41,280

okay and uh so

2244

01:28:45,770 --> 01:28:43,219

that's what I do guys you know

2245

01:28:47,689 --> 01:28:45,780

absolutely love it you want to know what

2246

01:28:49,189 --> 01:28:47,699

we're doing next yeah please go ahead

2247

01:28:49,970 --> 01:28:49,199

all right

2248

01:28:52,250 --> 01:28:49,980

um

2249

01:28:55,129 --> 01:28:52,260

don't have it at arm's length Okay the

2250

01:28:58,669 --> 01:28:55,139

next book we got 50 books coming out

2251  
01:29:00,290 --> 01:28:58,679  
50 books 50 books do you not sleep or

2252  
01:29:02,930 --> 01:29:00,300  
eat or take a shower how do you have

2253  
01:29:05,950 --> 01:29:02,940  
time to write 50 books that's a lot well

2254  
01:29:09,890 --> 01:29:05,960  
okay you kick you take

2255  
01:29:12,110 --> 01:29:09,900  
the scientific article section of the

2256  
01:29:15,350 --> 01:29:12,120  
book of this book

2257  
01:29:17,209 --> 01:29:15,360  
and you put it with the statistics for a

2258  
01:29:20,149 --> 01:29:17,219  
single state

2259  
01:29:22,970 --> 01:29:20,159  
okay now why do we do this our national

2260  
01:29:25,310 --> 01:29:22,980  
books would go country

2261  
01:29:26,870 --> 01:29:25,320  
State and down to the county level but

2262  
01:29:30,530 --> 01:29:26,880  
we can never go lower than that during

2263  
01:29:32,149 --> 01:29:30,540

2020 20 we're covered lockdown all the

2264

01:29:34,310 --> 01:29:32,159

Time in the World to do something no

2265

01:29:37,729 --> 01:29:34,320

place to go okay

2266

01:29:39,649 --> 01:29:37,739

uh or so we figured it out we we ran a

2267

01:29:41,330 --> 01:29:39,659

computer thing on size of the records

2268

01:29:44,750 --> 01:29:41,340

and the reports for it literally taking

2269

01:29:46,490 --> 01:29:44,760

it down to the county zip code and

2270

01:29:49,550 --> 01:29:46,500

Village level

2271

01:29:50,810 --> 01:29:49,560

okay the locality uh Municipal level

2272

01:29:54,050 --> 01:29:50,820

okay

2273

01:29:56,510 --> 01:29:54,060

and it would have been three Oxford four

2274

01:29:57,890 --> 01:29:56,520

Oxford dictionaries about 6 500 pages it

2275

01:29:59,870 --> 01:29:57,900

would have been a foot and a half thick

2276

01:30:02,750 --> 01:29:59,880

uh I forget how many centimeters it was

2277

01:30:05,390 --> 01:30:02,760

but it was it was deep okay it was deep

2278

01:30:07,430 --> 01:30:05,400

okay and we said we can't publish a

2279

01:30:10,250 --> 01:30:07,440

thing like that it's not the Gutenberg

2280

01:30:13,490 --> 01:30:10,260

Bible nobody's gonna buy it okay so we

2281

01:30:16,010 --> 01:30:13,500

decided to do 50 individual states

2282

01:30:17,810 --> 01:30:16,020

okay so they're coming out in a series

2283

01:30:20,030 --> 01:30:17,820

they're all named I've already generated

2284

01:30:21,950 --> 01:30:20,040

all the reports we've got the the

2285

01:30:24,229 --> 01:30:21,960

production event part that's got the

2286

01:30:26,990 --> 01:30:24,239

preface and all the all the scientific

2287

01:30:29,990 --> 01:30:27,000

research papers that we generated for

2288

01:30:32,270 --> 01:30:30,000

the pink book are in there and the last

2289

01:30:36,410 --> 01:30:32,280

quarter of the book or last third of the

2290

01:30:40,370 --> 01:30:36,420

book is a print is a printout has 2001

2291

01:30:42,169 --> 01:30:40,380

to 2020 and down it goes County zip code

2292

01:30:44,990 --> 01:30:42,179

summaries

2293

01:30:47,689 --> 01:30:45,000

um the name of the city and all the

2294

01:30:50,030 --> 01:30:47,699

shapes they they incurred during the 20

2295

01:30:54,290 --> 01:30:50,040

years and what years they had them okay

2296

01:30:56,450 --> 01:30:54,300

and it just for Ohio it's like 143 Pages

2297

01:31:00,290 --> 01:30:56,460

California is going to be upwards of uh

2298

01:31:02,629 --> 01:31:00,300

550 Pages just for that part alone yeah

2299

01:31:04,250 --> 01:31:02,639

okay so we're generating 50 books and

2300

01:31:05,750 --> 01:31:04,260

we've gone with a catchy title kind of

2301  
01:31:07,790 --> 01:31:05,760  
plugging into like the Harry Potter

2302  
01:31:10,430 --> 01:31:07,800  
Fantastic Beasts and Where to Find Them

2303  
01:31:13,010 --> 01:31:10,440  
UFOs in Ohio and where to find them or

2304  
01:31:15,050 --> 01:31:13,020  
UFOs in uh New Hampshire and where to

2305  
01:31:19,430 --> 01:31:15,060  
find them and we're making 50 of them

2306  
01:31:21,350 --> 01:31:19,440  
it's a Siri it's a series okay and

2307  
01:31:24,110 --> 01:31:21,360  
um

2308  
01:31:27,229 --> 01:31:24,120  
the

2309  
01:31:29,090 --> 01:31:27,239  
Ohio is being released on Halloween to

2310  
01:31:32,330 --> 01:31:29,100  
Amazon

2311  
01:31:33,590 --> 01:31:32,340  
it's there nice PDF ready to go and

2312  
01:31:34,729 --> 01:31:33,600  
we're we're not going to put a fancy

2313  
01:31:37,010 --> 01:31:34,739

cover on it we're going to use one of

2314

01:31:39,229 --> 01:31:37,020

their stock covers with our writing on

2315

01:31:40,910 --> 01:31:39,239

it and probably once we upload the thing

2316

01:31:43,370 --> 01:31:40,920

provided it uploads okay and everything

2317

01:31:45,350 --> 01:31:43,380

they usually release our stuff within

2318

01:31:46,790 --> 01:31:45,360

two to four days when the first book

2319

01:31:48,729 --> 01:31:46,800

came out with the charts graphs and

2320

01:31:52,250 --> 01:31:48,739

tables and the first one the white book

2321

01:31:53,689 --> 01:31:52,260

uh in 2017 they didn't release it for

2322

01:31:57,830 --> 01:31:53,699

almost two weeks

2323

01:31:59,570 --> 01:31:57,840

hmm so they're a lot faster now it's not

2324

01:32:00,950 --> 01:31:59,580

so much technically it rattled them

2325

01:32:02,629 --> 01:32:00,960

editorially

2326

01:32:03,950 --> 01:32:02,639

yeah they want to make sure they knew

2327

01:32:06,290 --> 01:32:03,960

what was in it before they put their

2328

01:32:08,090 --> 01:32:06,300

seal on them exactly and then when the

2329

01:32:09,950 --> 01:32:08,100

pink book came out it was it was live in

2330

01:32:12,410 --> 01:32:09,960

48 hours

2331

01:32:14,450 --> 01:32:12,420

nice so we're going to be really we're

2332

01:32:16,250 --> 01:32:14,460

going to start all the tables have been

2333

01:32:18,169 --> 01:32:16,260

built we have the production value of

2334

01:32:21,530 --> 01:32:18,179

all the all the columns the only thing I

2335

01:32:23,149 --> 01:32:21,540

have to do is do the uh get the um in

2336

01:32:25,970 --> 01:32:23,159

the Verso that's the part that's got the

2337

01:32:29,209 --> 01:32:25,980

copyright notice all that uh when I go

2338

01:32:31,430 --> 01:32:29,219

to upload it or I go to register it

2339

01:32:33,350 --> 01:32:31,440

um they generate an ISBN number I have

2340

01:32:34,910 --> 01:32:33,360

to go into the PDF and put the ISBN

2341

01:32:37,430 --> 01:32:34,920

number in there and then there's the

2342

01:32:39,830 --> 01:32:37,440

whole production of the book so we hope

2343

01:32:45,290 --> 01:32:39,840

to be able to release these things on an

2344

01:32:46,910 --> 01:32:45,300

order of of maybe five to ten a week

2345

01:32:50,270 --> 01:32:46,920

after the first one gets up and

2346

01:32:52,790 --> 01:32:50,280

operational nice very good we had we had

2347

01:32:54,229 --> 01:32:52,800

old methods engineering training in

2348

01:32:56,450 --> 01:32:54,239

college you know let's you know learn

2349

01:32:58,370 --> 01:32:56,460

how to manufacture stuff you know so

2350

01:33:01,250 --> 01:32:58,380

that this this whole thing was designed

2351  
01:33:04,250 --> 01:33:01,260  
and laid out and the manuscripts laying

2352  
01:33:05,750 --> 01:33:04,260  
over there on the table and uh so we're

2353  
01:33:08,330 --> 01:33:05,760  
ready to go

2354  
01:33:11,810 --> 01:33:08,340  
um and like I said uh right now the plan

2355  
01:33:14,510 --> 01:33:11,820  
is to release on Halloween now Halloween

2356  
01:33:16,910 --> 01:33:14,520  
is the highest holy day for those of us

2357  
01:33:18,950 --> 01:33:16,920  
in the uh witching arts and I've been a

2358  
01:33:22,370 --> 01:33:18,960  
card carrying witch broom toting

2359  
01:33:26,209 --> 01:33:22,380  
cauldron stirring for for 44 years so um

2360  
01:33:28,129 --> 01:33:26,219  
uh that's sort of a magical offering so

2361  
01:33:30,169 --> 01:33:28,139  
to speak hopefully to put great

2362  
01:33:33,530 --> 01:33:30,179  
blessings upon the entire series now

2363  
01:33:35,090 --> 01:33:33,540

that's 50 states 50 states okay it's

2364

01:33:37,910 --> 01:33:35,100

crazy the other thing we're gonna do is

2365

01:33:40,430 --> 01:33:37,920

29 recognizable shapes between the two

2366

01:33:42,649 --> 01:33:40,440

databases okay we're gonna do this

2367

01:33:44,209 --> 01:33:42,659

follow-up we're not ready we don't have

2368

01:33:46,330 --> 01:33:44,219

the reports generated but we've got

2369

01:33:48,649 --> 01:33:46,340

samples that we've put together together

2370

01:33:50,090 --> 01:33:48,659

prototypes and what we're going to do is

2371

01:33:52,669 --> 01:33:50,100

we're going to generate the 29

2372

01:33:54,770 --> 01:33:52,679

individual shapes right down to zip code

2373

01:33:56,810 --> 01:33:54,780

models of where that what states are in

2374

01:33:59,330 --> 01:33:56,820

and the United States is I can print my

2375

01:34:01,550 --> 01:33:59,340

maps right now off every single shape

2376

01:34:03,590 --> 01:34:01,560

that's in there and what states are

2377

01:34:05,870 --> 01:34:03,600

seeing and not all shapes are seen in

2378

01:34:08,629 --> 01:34:05,880

all states

2379

01:34:11,450 --> 01:34:08,639

very interesting yeah it's it's amazing

2380

01:34:13,910 --> 01:34:11,460

the work that has been done and just the

2381

01:34:16,370 --> 01:34:13,920

fact that you got 50 books coming out is

2382

01:34:17,990 --> 01:34:16,380

insane uh Louis do you have any final

2383

01:34:20,149 --> 01:34:18,000

questions for our guest today please no

2384

01:34:23,209 --> 01:34:20,159

we'll just extend a very warm thanks to

2385

01:34:24,890 --> 01:34:23,219

Cheryl Costa it's uh it's interesting to

2386

01:34:27,229 --> 01:34:24,900

have these discussions and to see the

2387

01:34:29,450 --> 01:34:27,239

passion we have our own passion most of

2388

01:34:31,790 --> 01:34:29,460

our guests are in their own little niche

2389

01:34:33,290 --> 01:34:31,800

as well with this thing but uh yeah

2390

01:34:35,390 --> 01:34:33,300

everybody gets fired up in different

2391

01:34:37,189 --> 01:34:35,400

ways and they're enthusiastic and

2392

01:34:40,370 --> 01:34:37,199

different things and I mean you've done

2393

01:34:42,229 --> 01:34:40,380

a lot and your brain is large and we

2394

01:34:44,689 --> 01:34:42,239

need people with those perspectives and

2395

01:34:46,910 --> 01:34:44,699

uh and everybody has an equal seat at

2396

01:34:48,350 --> 01:34:46,920

the table right now we don't discern if

2397

01:34:50,090 --> 01:34:48,360

you know your stuff you're welcome on

2398

01:34:53,270 --> 01:34:50,100

the show and we really enjoyed having

2399

01:34:55,550 --> 01:34:53,280

you on today's program as soon as soon

2400

01:34:58,129 --> 01:34:55,560

as we're actually hot with Amazon and

2401

01:35:00,410 --> 01:34:58,139

you can actually look it up and I'll

2402

01:35:02,689 --> 01:35:00,420

send you the link so if you want to show

2403

01:35:04,550 --> 01:35:02,699

it to your audience and a show down the

2404

01:35:06,350 --> 01:35:04,560

road or something like that you can I

2405

01:35:07,669 --> 01:35:06,360

really appreciate that Cheryl Costa

2406

01:35:13,430 --> 01:35:07,679

thanks again for being on the show today
