

YEAR END
ROUNDTABLE

1
00:00:03,050 --> 00:00:01,969
welcome back everybody we wanted to do

2
00:00:04,850 --> 00:00:03,060
something a little bit different today

3
00:00:07,249 --> 00:00:04,860
being close to the holidays and the new

4
00:00:09,950 --> 00:00:07,259
year uh so Jason and I have assembled a

5
00:00:11,990 --> 00:00:09,960
panel of some of our closest friends uh

6
00:00:14,749 --> 00:00:12,000
these are people that also have shows on

7
00:00:16,910 --> 00:00:14,759
UAP and paranormal topics uh we want to

8
00:00:19,490 --> 00:00:16,920
give everybody sort of that Compass of

9
00:00:21,349 --> 00:00:19,500
who we think is providing good credible

10
00:00:23,269 --> 00:00:21,359
information there's a lot of it out

11
00:00:26,509 --> 00:00:23,279
there and it's hard to Wade through

12
00:00:28,609 --> 00:00:26,519
what's what and uh Jason I mean 2022

13
00:00:31,550 --> 00:00:28,619

it's been a hell of a year it's been a

14

00:00:33,889 --> 00:00:31,560

crazy year but so much growth uh for the

15

00:00:35,810 --> 00:00:33,899

podcast and the community is as large

16

00:00:38,450 --> 00:00:35,820

and we got some of the best listeners

17

00:00:40,970 --> 00:00:38,460

and fans of the show out there for sure

18

00:00:44,209 --> 00:00:40,980

we also want to mention because this is

19

00:00:45,889 --> 00:00:44,219

uh the uh end of the year uh we say a

20

00:00:48,170 --> 00:00:45,899

big thank you to you guys because we've

21

00:00:51,709 --> 00:00:48,180

30

00:01:08,330 --> 00:01:05,519

that grow as well we would really

31

00:01:10,850 --> 00:01:08,340

appreciate it but uh yeah man 2022 has

32

00:01:12,950 --> 00:01:10,860

been a crazy year like major growth

33

00:01:14,330 --> 00:01:12,960

major growth yeah and it's not just our

34

00:01:16,429 --> 00:01:14,340

show a lot of other shows we're seeing

35

00:01:18,590 --> 00:01:16,439

that success uh you mentioned we

36

00:01:20,510 --> 00:01:18,600

genuinely believe we have the best fans

37

00:01:23,149 --> 00:01:20,520

needed and you give us praise and uh you

40

00:01:29,210 --> 00:01:28,200

are the reason why we do this show so

41

00:01:31,190 --> 00:01:29,220

we're going to introduce you to our

42

00:01:33,830 --> 00:01:31,200

little circle today and uh we're gonna

43

00:01:35,450 --> 00:01:33,840

chat about uaps and UFOs and everything

44

00:01:37,370 --> 00:01:35,460

paranormal and that's our favorite thing

45

00:01:40,370 --> 00:01:37,380

to do on a Sunday so we'll be right back

46

00:01:46,270 --> 00:01:40,380

with our year-end panel

47

00:01:46,280 --> 00:01:53,250

[Music]

48

00:02:05,450 --> 00:02:03,469

[Applause]

49

00:02:07,370 --> 00:02:05,460

53
00:02:16,190 --> 00:02:14,099
it going Louie it's going well it's

54
00:02:18,350 --> 00:02:16,200
exciting day it is the holiday season is

55
00:02:20,270 --> 00:02:18,360
upon us we wanted to assemble our

56
00:02:23,270 --> 00:02:20,280
closest friends in the UFO UAP

57
00:02:25,550 --> 00:02:23,280
paranormal field and what better way to

58
00:02:27,170 --> 00:02:25,560
cap off 2022 it's been a hell of a year

59
00:02:29,930 --> 00:02:27,180
we want to talk about what was making

60
00:02:31,550 --> 00:02:29,940
news and what we learned and get to know

61
00:02:33,890 --> 00:02:31,560
everybody a little bit better as well so

62
00:02:36,110 --> 00:02:33,900
with that I'll introduce our our amazing

63
00:02:38,570 --> 00:02:36,120

panel here starting in my bottom left

64

00:02:41,089 --> 00:02:38,580

here we have Dave Scott from space dot

65

00:02:43,550 --> 00:02:41,099

radio beside him we have Jess rogie from

66

00:02:45,530 --> 00:02:43,560

the Jess rogge show and a new and up and

67

00:02:47,630 --> 00:02:45,540

coming podcaster Marquis Williams from

68

00:02:49,190 --> 00:02:47,640

dimensions of reality welcome everybody

69

00:02:52,190 --> 00:02:49,200

to the show

70

00:02:53,330 --> 00:02:52,200

oh thank you thank you so much so we'll

71

00:02:55,250 --> 00:02:53,340

go around the horn tell us a little bit

72

00:02:56,869 --> 00:02:55,260

about yourself and about your show uh

73

00:02:58,790 --> 00:02:56,879

why you do this what you love about it

74

00:03:00,530 --> 00:02:58,800

and where people can find you so we'll

75

00:03:02,809 --> 00:03:00,540

start with Mr Dave Scott

76

00:03:05,330 --> 00:03:02,819

well uh we just celebrated our eighth

77

00:03:07,970 --> 00:03:05,340

year anniversary last month in doing

78

00:03:10,369 --> 00:03:07,980

spaced out radio and it's been a lot of

79

00:03:14,089 --> 00:03:10,379

fun over the years as an experimenter

80

00:03:16,070 --> 00:03:14,099

myself it's been uh it's been quite a a

81

00:03:18,290 --> 00:03:16,080

roller coaster ride and learning

82

00:03:20,330 --> 00:03:18,300

everything about UFOs and the

83

00:03:22,490 --> 00:03:20,340

experiences other people are having plus

84

00:03:24,649 --> 00:03:22,500

all the news of the day you know we

85

00:03:26,089 --> 00:03:24,659

broadcast seven days a week I'm on air

86

00:03:27,910 --> 00:03:26,099

Monday through Friday and then I got a

87

00:03:30,229 --> 00:03:27,920

weekend crew can all be found at

88

00:03:33,170 --> 00:03:30,239

spacedoutradio.com or our YouTube

89

00:03:35,089 --> 00:03:33,180

channel spaced out radio and we're all

90

00:03:38,030 --> 00:03:35,099

over the place and we're we're all about

91

00:03:40,369 --> 00:03:38,040

bringing nighttime radio back to where

92

00:03:42,890 --> 00:03:40,379

it used to be uh you know when Art Bell

93

00:03:45,110 --> 00:03:42,900

was still broadcasting spookiness at

94

00:03:47,570 --> 00:03:45,120

night and that's really our focus and

95

00:03:50,690 --> 00:03:47,580

our Mantra of everything that we do on

96

00:03:52,610 --> 00:03:50,700

spaced out radio and you know we we're

97

00:03:55,550 --> 00:03:52,620

on seven terrestrial radio stations

98

00:03:57,229 --> 00:03:55,560

across North America and it's a little

99

00:03:59,149 --> 00:03:57,239

bit different than what people will

100

00:04:01,610 --> 00:03:59,159

normally hear in a regular podcast such

101
00:04:03,350 --> 00:04:01,620
as a great one like this one but you

102
00:04:06,170 --> 00:04:03,360
know what we have a lot of fun doing it

103
00:04:08,089 --> 00:04:06,180
uh I am somebody who's a rarity I'm I'm

104
00:04:10,490 --> 00:04:08,099
one of the only journalists slash

105
00:04:12,589 --> 00:04:10,500
experiencers who's come out publicly

106
00:04:15,350 --> 00:04:12,599
about everything over the last eight

107
00:04:18,409 --> 00:04:15,360
years and we just kind of roll with it

108
00:04:20,569 --> 00:04:18,419
and see where the news takes us yeah I

109
00:04:23,749 --> 00:04:20,579
love it it has a very sports radio feel

110
00:04:25,850 --> 00:04:23,759
cool music nice intro horns up you got

111
00:04:27,409 --> 00:04:25,860
your following it's uh it's a very cool

112
00:04:29,510 --> 00:04:27,419
show we're a fan we've been guests on

113
00:04:31,370 --> 00:04:29,520

your show and uh you've been you know

114

00:04:33,350 --> 00:04:31,380

gracious enough to invite us and we

115

00:04:35,629 --> 00:04:33,360

wanted to return the favor so great to

116

00:04:38,090 --> 00:04:35,639

have you here today Dave Jess rogie our

117

00:04:39,830 --> 00:04:38,100

buddy welcome to the show hi thanks so

118

00:04:41,930 --> 00:04:39,840

much for having me so my name is Jess

119

00:04:44,870 --> 00:04:41,940

roge I'm the host of the Jess rogie show

120

00:04:46,610 --> 00:04:44,880

I've had Louie and Jason on several

121

00:04:48,350 --> 00:04:46,620

times I've actually known Jason for

122

00:04:50,749 --> 00:04:48,360

several years

123

00:04:52,670 --> 00:04:50,759

um I'm so excited to be here today but

124

00:04:55,370 --> 00:04:52,680

uh I if you guys don't know me I've been

125

00:04:57,110 --> 00:04:55,380

doing this for five years most recently

126
00:04:59,870 --> 00:04:57,120
I've come on five nights a week on The

127
00:05:00,890 --> 00:04:59,880
Fringe FM I attended broadcast I

128
00:05:03,830 --> 00:05:00,900
attended Chapman universe University

129
00:05:06,230 --> 00:05:03,840
where I studied broadcast journalism and

130
00:05:08,629 --> 00:05:06,240
Film Production and I've taken those and

131
00:05:10,370 --> 00:05:08,639
kind of melded that into my show but my

132
00:05:12,350 --> 00:05:10,380
talk what I like to cover is fringe

133
00:05:14,629 --> 00:05:12,360
topics basically anything that's not

134
00:05:17,090 --> 00:05:14,639
mainstream I grew up very alternative so

135
00:05:18,710 --> 00:05:17,100
that's what I like to cover when I

136
00:05:21,469 --> 00:05:18,720
started out it was very heavy UAP

137
00:05:23,810 --> 00:05:21,479
focused but I've expanded more recently

138
00:05:25,810 --> 00:05:23,820

into more of the unknown and the hidden

139

00:05:27,950 --> 00:05:25,820

yeah

140

00:05:30,830 --> 00:05:27,960

oh thank you and you can find me five

141

00:05:33,650 --> 00:05:30,840

nights a week on fringe.fm at 11 PM

142

00:05:34,790 --> 00:05:33,660

Pacific 2 A.M Eastern thank you awesome

143

00:05:36,529 --> 00:05:34,800

and we look forward to being on your

144

00:05:39,830 --> 00:05:36,539

show again this year for some more cool

145

00:05:41,749 --> 00:05:39,840

episodes and that brings us to uh a fan

146

00:05:43,430 --> 00:05:41,759

of ours who had a lot of talent and

147

00:05:44,870 --> 00:05:43,440

reached out and we thought you know what

148

00:05:46,969 --> 00:05:44,880

we want to have you on our show because

149

00:05:48,770 --> 00:05:46,979

you think right and we like your

150

00:05:50,930 --> 00:05:48,780

perspective on things as somebody who

151
00:05:54,050 --> 00:05:50,940
maybe doesn't have five ten years worth

152
00:05:56,689 --> 00:05:54,060
of that clutter you're a new bright soul

153
00:05:57,710 --> 00:05:56,699
and Marquis Williams from dimensions of

154
00:05:58,730 --> 00:05:57,720
reality tell us a little bit about

155
00:06:00,770 --> 00:05:58,740
yourself

156
00:06:03,469 --> 00:06:00,780
hello everybody it is a great pleasure

157
00:06:05,689 --> 00:06:03,479
to be back on the podcast again so um my

158
00:06:07,670 --> 00:06:05,699
name is Marquis uh my my brand is

159
00:06:09,710 --> 00:06:07,680
dimensions of reality um you can find me

160
00:06:11,510 --> 00:06:09,720
on Facebook mostly I post a lot of

161
00:06:14,450 --> 00:06:11,520
content on Facebook that I really put a

162
00:06:16,070 --> 00:06:14,460
lot of energy and time into but also my

163
00:06:18,950 --> 00:06:16,080

podcast which is dimensions of reality

164

00:06:21,350 --> 00:06:18,960

on Spotify Apple music and anchor as

165

00:06:22,790 --> 00:06:21,360

well maker.fm so you can find me at any

166

00:06:25,550 --> 00:06:22,800

of those three channels

167

00:06:27,529 --> 00:06:25,560

um for my content I focus mostly on the

168

00:06:29,749 --> 00:06:27,539

dramatization um so I like to present

169

00:06:31,309 --> 00:06:29,759

things I'm a voice actor by trade so I

170

00:06:33,050 --> 00:06:31,319

put a lot of things together to kind of

171

00:06:34,370 --> 00:06:33,060

bring a dramatized version of a lot of

172

00:06:36,050 --> 00:06:34,380

the content a lot of the information

173

00:06:39,170 --> 00:06:36,060

from the uip field

174

00:06:40,790 --> 00:06:39,180

um but yes I also have expanded recently

175

00:06:42,650 --> 00:06:40,800

um what I the scope of my content

176

00:06:44,749 --> 00:06:42,660

because I want uh because I realized

177

00:06:46,850 --> 00:06:44,759

that there's a lot more to the phenomena

178

00:06:48,590 --> 00:06:46,860

than just flying discs in the sky I mean

179

00:06:50,210 --> 00:06:48,600

we're talking about beings that are they

180

00:06:52,309 --> 00:06:50,220

may not be from this Dimension they may

181

00:06:54,529 --> 00:06:52,319

not be from our time frame uh they may

182

00:06:57,050 --> 00:06:54,539

be from the future so I think it's it's

183

00:06:59,150 --> 00:06:57,060

about time for us to really expand our

184

00:07:01,309 --> 00:06:59,160

view about this phenomenon other than

185

00:07:05,270 --> 00:07:01,319

just the military you know a perspective

186

00:07:07,430 --> 00:07:05,280

or the the crafts in the sky so um yeah

187

00:07:09,890 --> 00:07:07,440

awesome great to have you so let's talk

188

00:07:11,930 --> 00:07:09,900

about some memorable guests uh you know

189

00:07:14,150 --> 00:07:11,940

from 2022 it's hard to think back all

190

00:07:15,830 --> 00:07:14,160

the way to January I know Jason if we

191

00:07:17,330 --> 00:07:15,840

think from January until now the people

192

00:07:19,550 --> 00:07:17,340

we spoke to we wouldn't have thought

193

00:07:20,689 --> 00:07:19,560

that that was going to happen right so I

194

00:07:23,029 --> 00:07:20,699

mean what are you what are your thoughts

195

00:07:26,290 --> 00:07:23,039

on uh on the kind of year we've had

196

00:07:28,430 --> 00:07:26,300

that's me yeah yeah well I think it's

197

00:07:31,610 --> 00:07:28,440

I've been blown away that most people

198

00:07:33,409 --> 00:07:31,620

have replied to us at least uh you know

199

00:07:35,450 --> 00:07:33,419

some people haven't and that's just the

200

00:07:37,189 --> 00:07:35,460

nature of the game right like some

201

00:07:38,089 --> 00:07:37,199

people don't know about

202

00:07:40,070 --> 00:07:38,099

um you know or they're just not

203

00:07:42,230 --> 00:07:40,080

comfortable being on podcast but I I

204

00:07:44,990 --> 00:07:42,240

personally this year we've uh you know

205

00:07:46,610 --> 00:07:45,000

Jim semivan was pretty awesome uh you

206

00:07:50,930 --> 00:07:46,620

know hearing a bit about his experience

207

00:07:52,189 --> 00:07:50,940

although he didn't lead too much into it

208

00:07:54,290 --> 00:07:52,199

um the other one was Michael Paul

209

00:07:56,990 --> 00:07:54,300

Masters as well like I really enjoyed

210

00:07:58,610 --> 00:07:57,000

his like he's he's brilliant and he's

211

00:08:01,450 --> 00:07:58,620

funny he's got a sense of humor as well

212

00:08:04,189 --> 00:08:01,460

right but his theory on uh the

213

00:08:06,230 --> 00:08:04,199

extrateral model meaning it could be us

214

00:08:08,689 --> 00:08:06,240

from the future coming back to basically

215

00:08:11,330 --> 00:08:08,699

look on what's going on

216

00:08:14,029 --> 00:08:11,340

um I I enjoyed that and of course the

217

00:08:17,390 --> 00:08:14,039

100th episode Jacques Valley was an

218

00:08:20,089 --> 00:08:17,400

amazing uh for the 100th episode uh I

219

00:08:21,350 --> 00:08:20,099

got really emotional at the end uh is

220

00:08:23,689 --> 00:08:21,360

this hit me right in a hard button

221

00:08:25,909 --> 00:08:23,699

because we did a toast right we wanted

222

00:08:28,369 --> 00:08:25,919

to raise a glass of champagne to our our

223

00:08:30,050 --> 00:08:28,379

guests and our viewers and uh so we were

224

00:08:31,969 --> 00:08:30,060

basically toasting that we made a

225

00:08:33,649 --> 00:08:31,979

hundred and Jacques Valley grabbed his

226

00:08:36,050 --> 00:08:33,659

cop and he joined raiding the toast with

227

00:08:37,610 --> 00:08:36,060

us and uh that's a special thing I mean

228

00:08:39,469 --> 00:08:37,620

we had his respect and after the show

229

00:08:41,690 --> 00:08:39,479

was done we chatted another 25 minutes

230

00:08:43,310 --> 00:08:41,700

yeah we should have kept her rolling but

231

00:08:45,170 --> 00:08:43,320

for someone to be that gracious with

232

00:08:48,290 --> 00:08:45,180

their time and even other people like

233

00:08:50,750 --> 00:08:48,300

Leslie Kane Ross coltar James Fox

234

00:08:52,370 --> 00:08:50,760

um yeah I think nine out of that last 10

235

00:08:53,990 --> 00:08:52,380

people I personally have reached out to

236

00:08:55,490 --> 00:08:54,000

have all said yes and a lot of them are

237

00:08:58,550 --> 00:08:55,500

still booked coming up in January and

238

00:09:00,470 --> 00:08:58,560

February so it went from one out of ten

239

00:09:03,170 --> 00:09:00,480

to nine out of ten that's pretty good

240

00:09:05,030 --> 00:09:03,180

and some people just won't do shows or

241

00:09:06,650 --> 00:09:05,040

if you get to a certain enough size I'm

242

00:09:08,570 --> 00:09:06,660

sure you guys of all and girls have

243

00:09:10,009 --> 00:09:08,580

experienced this some people you're like

244

00:09:11,570 --> 00:09:10,019

now at their level and they don't

245

00:09:13,009 --> 00:09:11,580

necessarily want to go on your show

246

00:09:15,889 --> 00:09:13,019

because they see it was competition

247

00:09:17,389 --> 00:09:15,899

whatever the reason for it but uh in

248

00:09:19,009 --> 00:09:17,399

terms of memorable guests Dave you've

249

00:09:21,650 --> 00:09:19,019

had a lot you do this five nights a week

250

00:09:23,389 --> 00:09:21,660

who pops out as being somebody

251

00:09:26,269 --> 00:09:23,399

worth remembering

252

00:09:27,350 --> 00:09:26,279

I always like interviewing uh the

253

00:09:30,530 --> 00:09:27,360

smaller people

254

00:09:33,470 --> 00:09:30,540

I really do because you know the people

255

00:09:34,970 --> 00:09:33,480

who may not have the biggest voice you

256

00:09:36,829 --> 00:09:34,980

know that are out there but their

257

00:09:39,410 --> 00:09:36,839

experiences and their knowledge about

258

00:09:44,030 --> 00:09:39,420

what's happened to them it provides for

259

00:09:46,550 --> 00:09:44,040

a real you know spooky story that you

260

00:09:49,009 --> 00:09:46,560

really really want to hit home and

261

00:09:50,930 --> 00:09:49,019

impact your audience but that being said

262

00:09:53,030 --> 00:09:50,940

you know looking back this year we've

263

00:09:55,610 --> 00:09:53,040

you know Michael Paul Masters you

264

00:09:57,050 --> 00:09:55,620

mentioned him I mean you know there's a

265

00:09:59,509 --> 00:09:57,060

guy who's filled with knowledge and

266

00:10:01,970 --> 00:09:59,519

humor right off the bat you know we had

267

00:10:05,090 --> 00:10:01,980

some very memorable shows with Science

268

00:10:06,530 --> 00:10:05,100

Bob Dr Bob McGuire uh this year where

269

00:10:09,790 --> 00:10:06,540

you know we interviewed everybody from

270

00:10:12,470 --> 00:10:09,800

Simeon Hein to a number of other

271

00:10:15,230 --> 00:10:12,480

scientific doctors out there looking at

272

00:10:17,930 --> 00:10:15,240

the phenomena as as it goes Luis

273

00:10:20,449 --> 00:10:17,940

Elizondo of course appeared twice this

274

00:10:23,990 --> 00:10:20,459

year on the show and you know the one

275

00:10:25,610 --> 00:10:24,000

thing I always say about Luis uh is is

276

00:10:27,829 --> 00:10:25,620

this

277

00:10:29,690 --> 00:10:27,839

a lot of people will say he never says

278

00:10:33,350 --> 00:10:29,700

anything in an interview

279

00:10:34,550 --> 00:10:33,360

but I find that he gives a lot yeah and

280

00:10:36,650 --> 00:10:34,560

it doesn't matter whether it's us

281

00:10:39,590 --> 00:10:36,660

interviewing him or someone else

282

00:10:42,470 --> 00:10:39,600

interviewing him the Easter eggs that he

283

00:10:44,509 --> 00:10:42,480

lays as a foundation you know the one

284

00:10:46,670 --> 00:10:44,519

thing I learned in journalism School a

285

00:10:49,250 --> 00:10:46,680

long time ago is learn to read between

286

00:10:51,710 --> 00:10:49,260

the lines of what somebody is saying and

287

00:10:54,949 --> 00:10:51,720

we don't do that in this field and with

288

00:10:58,730 --> 00:10:54,959

somebody like Elizondo I literally pick

289

00:10:59,930 --> 00:10:58,740

up a ton of news and Direction uh we

290

00:11:02,090 --> 00:10:59,940

interviewed we were the first one

291

00:11:05,389 --> 00:11:02,100

probably my biggest interview this year

292

00:11:07,670 --> 00:11:05,399

was back on July 2nd where we

293

00:11:09,949 --> 00:11:07,680

interviewed Member of Parliament Larry

294

00:11:12,350 --> 00:11:09,959

McGuire up in Canada who was really

295

00:11:15,490 --> 00:11:12,360

trying to push to get this story going

296

00:11:17,990 --> 00:11:15,500

we were his first long form interview

297

00:11:21,410 --> 00:11:18,000

regarding the unidentified aerial

298

00:11:23,810 --> 00:11:21,420

phenomena in Canadian airspace and you

299

00:11:27,410 --> 00:11:23,820

know the way he has gone at this subject

300

00:11:29,630 --> 00:11:27,420

and still goes at this subject behind

301
00:11:32,870 --> 00:11:29,640
the scenes in the Canadian Parliament in

302
00:11:35,150 --> 00:11:32,880
is phenomenal and to this day I think

303
00:11:38,030 --> 00:11:35,160
that with what's going on now and what's

304
00:11:40,850 --> 00:11:38,040
happening up up north here I really do

305
00:11:44,449 --> 00:11:40,860
believe that Canada is going to take a

306
00:11:47,090 --> 00:11:44,459
real uh step towards the Forefront the

307
00:11:49,790 --> 00:11:47,100
way we were in the 50s and 60s with

308
00:11:51,590 --> 00:11:49,800
project Grudge in uh or not project

309
00:11:53,269 --> 00:11:51,600
Grudge I forget the project pardon me

310
00:11:56,449 --> 00:11:53,279
but I think we're going to take a big

311
00:11:58,550 --> 00:11:56,459
step in towards moving uh the UFO uh

312
00:12:00,590 --> 00:11:58,560
football down the field

313
00:12:03,290 --> 00:12:00,600

I think it was Project sign in the 50s

314

00:12:05,810 --> 00:12:03,300

and 60s sign or yeah I believe there's a

315

00:12:08,090 --> 00:12:05,820

few yeah awesome and Jess uh you

316

00:12:10,670 --> 00:12:08,100

specialize in those intimate personal

317

00:12:13,670 --> 00:12:10,680

stories of people that have had crazy

318

00:12:16,310 --> 00:12:13,680

things happen and I'm Blown Away by how

319

00:12:18,050 --> 00:12:16,320

light your show is but how deep some of

320

00:12:20,389 --> 00:12:18,060

the stuff these people tell you and that

321

00:12:22,250 --> 00:12:20,399

trust it's actually really yeah it's so

322

00:12:23,810 --> 00:12:22,260

dark though it gets so dark sometimes

323

00:12:25,430 --> 00:12:23,820

really and I think that's part of the

324

00:12:28,130 --> 00:12:25,440

the trick is to kind of keep it light

325

00:12:30,170 --> 00:12:28,140

right but I I think this year what I did

326

00:12:32,150 --> 00:12:30,180

a lot of was I talked to a lot of

327

00:12:33,530 --> 00:12:32,160

experiencers a lot of listeners because

328

00:12:35,150 --> 00:12:33,540

I know a lot of the listeners are

329

00:12:37,130 --> 00:12:35,160

attracted to these shows because they

330

00:12:38,810 --> 00:12:37,140

have experiences you know I've

331

00:12:40,490 --> 00:12:38,820

interviewed a lot of people so I you

332

00:12:42,889 --> 00:12:40,500

know I I like Dave I just kind of like

333

00:12:44,629 --> 00:12:42,899

these smaller people sometimes because

334

00:12:46,250 --> 00:12:44,639

you interview the big people they kind

335

00:12:48,470 --> 00:12:46,260

of have these canned responses sometimes

336

00:12:50,210 --> 00:12:48,480

are going to say the same thing and you

337

00:12:51,590 --> 00:12:50,220

kind of get bored and I want to hear

338

00:12:53,990 --> 00:12:51,600

something new I want to hear something

339

00:12:55,790 --> 00:12:54,000

fresh I want to give my audience

340

00:12:58,009 --> 00:12:55,800

something they haven't heard and it's

341

00:13:01,250 --> 00:12:58,019

hard it's difficult and that's what I

342

00:13:03,110 --> 00:13:01,260

love you know know I think because I

343

00:13:06,410 --> 00:13:03,120

looked at nuts and bolts for so F and

344

00:13:08,389 --> 00:13:06,420

long right for a long time and I said

345

00:13:10,610 --> 00:13:08,399

where else is there to look let's talk

346

00:13:13,310 --> 00:13:10,620

to the people let's get that let's hear

347

00:13:15,050 --> 00:13:13,320

what they're experiencing because that's

348

00:13:16,930 --> 00:13:15,060

what's getting ignored in these

349

00:13:19,490 --> 00:13:16,940

government reports is you know it's

350

00:13:20,930 --> 00:13:19,500

disclosure I feel like you know does it

351

00:13:22,910 --> 00:13:20,940

come from the government or does it

352

00:13:24,350 --> 00:13:22,920

really come from the people and that's

353

00:13:27,170 --> 00:13:24,360

something I've kind of been playing with

354

00:13:29,629 --> 00:13:27,180

this year yeah well said well said and

355

00:13:31,850 --> 00:13:29,639

as an experiencer our friend uh Marquis

356

00:13:33,590 --> 00:13:31,860

Williams dimensions of reality

357

00:13:36,470 --> 00:13:33,600

um you got your might on mute or your

358

00:13:38,509 --> 00:13:36,480

mute on Mike there we go now you're good

359

00:13:40,790 --> 00:13:38,519

to go so yeah I mean this year was

360

00:13:42,889 --> 00:13:40,800

probably more of a a heavy research year

361

00:13:44,750 --> 00:13:42,899

for you too deciding that hey I'm really

362

00:13:46,730 --> 00:13:44,760

into this field and I want to jump in

363

00:13:48,410 --> 00:13:46,740

and I want to start producing content

364

00:13:50,690 --> 00:13:48,420

amongst the thousands of other people

365

00:13:53,030 --> 00:13:50,700

that do it what made you want to swim

366

00:13:55,009 --> 00:13:53,040

upstream like that and uh what's Driven

367

00:13:56,569 --> 00:13:55,019

you to want to do this well before I

368

00:13:58,910 --> 00:13:56,579

forget I want I want to kind of dovetail

369

00:14:00,650 --> 00:13:58,920

off what Dave and Jess said because both

370

00:14:02,090 --> 00:14:00,660

them said something that I that as a new

371

00:14:04,370 --> 00:14:02,100

person that's been looking into this

372

00:14:06,050 --> 00:14:04,380

that it's like pivotal

373

00:14:07,550 --> 00:14:06,060

um Dave you mentioned that if you you

374

00:14:09,829 --> 00:14:07,560

know the quote about reading in between

375

00:14:12,889 --> 00:14:09,839

the lines something that I have learned

376

00:14:14,629 --> 00:14:12,899

and especially with louisando is that I

377

00:14:16,370 --> 00:14:14,639

heard a quote once that said that if you

378

00:14:17,750 --> 00:14:16,380

want to learn if you want to be

379

00:14:19,190 --> 00:14:17,760

entertained by something you want to

380

00:14:20,870 --> 00:14:19,200

watch something and be entertained watch

381

00:14:23,030 --> 00:14:20,880

it listen to the watch the videos listen

382

00:14:24,769 --> 00:14:23,040

to the interviews so on and so forth but

383

00:14:26,629 --> 00:14:24,779

if you want to learn something read in

384

00:14:28,430 --> 00:14:26,639

between the lines because there's a lot

385

00:14:30,470 --> 00:14:28,440

of there's a lot of meat in between what

386

00:14:32,810 --> 00:14:30,480

some people see some people don't say or

387

00:14:34,670 --> 00:14:32,820

what they suggest but they're like I'll

388

00:14:35,930 --> 00:14:34,680

let you decide what to think about that

389

00:14:38,030 --> 00:14:35,940

and they're pretty they're pretty

390

00:14:40,430 --> 00:14:38,040

suggestive it's almost blatant sometimes

391

00:14:42,470 --> 00:14:40,440

well Louisville has said about crash

392

00:14:44,030 --> 00:14:42,480

retrievals for example or about there

393

00:14:45,829 --> 00:14:44,040

being their existing non-human

394

00:14:47,569 --> 00:14:45,839

intelligences it's almost blatant it's

395

00:14:50,810 --> 00:14:47,579

just he doesn't if he doesn't you know

396

00:14:52,430 --> 00:14:50,820

definitively say this is the truth

397

00:14:54,110 --> 00:14:52,440

um and and Jess you know you mentioned

398

00:14:56,090 --> 00:14:54,120

about how these these things can get

399

00:14:58,550 --> 00:14:56,100

really dark

400

00:15:00,410 --> 00:14:58,560

um I have realized that as well and I've

401
00:15:02,449 --> 00:15:00,420
actually encountered when I when I

402
00:15:04,430 --> 00:15:02,459
engage with my listeners

403
00:15:06,050 --> 00:15:04,440
um especially out in the wild they tend

404
00:15:07,790 --> 00:15:06,060
to get afraid of some of the stuff

405
00:15:10,129 --> 00:15:07,800
that's that's available the information

406
00:15:11,930 --> 00:15:10,139
that is really talking about what this

407
00:15:13,910 --> 00:15:11,940
phenomena might be

408
00:15:15,829 --> 00:15:13,920
um they're more terrified and afraid

409
00:15:17,930 --> 00:15:15,839
than they are interested after they ask

410
00:15:19,850 --> 00:15:17,940
me what's going on so you gotta really

411
00:15:21,710 --> 00:15:19,860
I've been trying to develop a way to to

412
00:15:24,590 --> 00:15:21,720
engage people but in a way that doesn't

413
00:15:26,629 --> 00:15:24,600

scare them so so but it also is telling

414

00:15:28,250 --> 00:15:26,639

about what the government is doing and

415

00:15:29,870 --> 00:15:28,260

why they're so reluctant to talk about

416

00:15:32,210 --> 00:15:29,880

what's really going on

417

00:15:33,530 --> 00:15:32,220

because as Leslie Kane said and I wanted

418

00:15:34,970 --> 00:15:33,540

to kind of throw this in here real quick

419

00:15:37,250 --> 00:15:34,980

you know she had it she did an interview

420

00:15:39,590 --> 00:15:37,260

the other day on that UFO podcast

421

00:15:42,350 --> 00:15:39,600

and her comment that I really it really

422

00:15:44,810 --> 00:15:42,360

stuck with me was that for me she says

423

00:15:46,910 --> 00:15:44,820

quote for me personally I think getting

424

00:15:49,009 --> 00:15:46,920

an expanded perception of what the UFO

425

00:15:51,230 --> 00:15:49,019

is all about like for instance Skin

426

00:15:53,269 --> 00:15:51,240

Walkers at the Pentagon those bizarre

427

00:15:55,790 --> 00:15:53,279

experiences The Hitchhiker effect thing

428

00:15:58,250 --> 00:15:55,800

or the Paranormal aspect goes with you

429

00:16:00,110 --> 00:15:58,260

or with a person to another location and

430

00:16:02,629 --> 00:16:00,120

the orbs that are coming into people's

431

00:16:04,490 --> 00:16:02,639

bodies and causing medical injuries I

432

00:16:06,650 --> 00:16:04,500

think I'm more aware of the of this

433

00:16:08,449 --> 00:16:06,660

being something that's fearful I'm more

434

00:16:10,129 --> 00:16:08,459

aware that this is a power this

435

00:16:12,710 --> 00:16:10,139

non-human intelligence is something that

436

00:16:14,449 --> 00:16:12,720

has complete control over us humans and

437

00:16:17,870 --> 00:16:14,459

I understand why they've wanted to keep

438

00:16:20,269 --> 00:16:17,880

that a secret really I I've I've learned

439

00:16:21,889 --> 00:16:20,279

in the last eight months

440

00:16:24,590 --> 00:16:21,899

there is a reason why the government

441

00:16:26,090 --> 00:16:24,600

doesn't just say okay here it is and as

442

00:16:28,910 --> 00:16:26,100

much as people think they want to know

443

00:16:30,530 --> 00:16:28,920

they don't I don't believe they want to

444

00:16:32,750 --> 00:16:30,540

know anymore

445

00:16:34,670 --> 00:16:32,760

um so I think it's important for us as

446

00:16:36,350 --> 00:16:34,680

all of us I mean you guys all do an

447

00:16:38,389 --> 00:16:36,360

excellent job I've watched all your

448

00:16:39,530 --> 00:16:38,399

content not every single piece but I

449

00:16:40,850 --> 00:16:39,540

mean each one of you have watched your

450

00:16:43,970 --> 00:16:40,860

content as well

451
00:16:46,730 --> 00:16:43,980
from my my development and you do a

452
00:16:48,530 --> 00:16:46,740
great job at packaging the phenomena for

453
00:16:50,150 --> 00:16:48,540
the app for the average person and I'm

454
00:16:52,730 --> 00:16:50,160
learning how to do that very same thing

455
00:16:54,650 --> 00:16:52,740
so I think that the most notable thing

456
00:16:56,689 --> 00:16:54,660
this year is that the government is

457
00:16:58,670 --> 00:16:56,699
actually coming out at an official

458
00:17:01,370 --> 00:16:58,680
capacity and telling the American people

459
00:17:04,189 --> 00:17:01,380
and the world there is something to this

460
00:17:06,230 --> 00:17:04,199
phenomena I think that when you have CIA

461
00:17:08,809 --> 00:17:06,240
direct CIA ex Intelligence Officers

462
00:17:11,150 --> 00:17:08,819
saying that the slide nine has validity

463
00:17:12,590 --> 00:17:11,160

where they talk about this phenomenon

464

00:17:15,590 --> 00:17:12,600

being able to penetrate solid services

465

00:17:18,250 --> 00:17:15,600

and invade human minds and control our

466

00:17:21,409 --> 00:17:18,260

reality of perception of reality itself

467

00:17:22,789 --> 00:17:21,419

that is what that's it I mean what do

468

00:17:23,990 --> 00:17:22,799

you need we don't need them to tell us

469

00:17:26,030 --> 00:17:24,000

anything you know they can they can keep

470

00:17:28,189 --> 00:17:26,040

playing this game where we can't release

471

00:17:30,710 --> 00:17:28,199

National Security you know you know

472

00:17:34,610 --> 00:17:30,720

Secrets but they're telling us yeah this

473

00:17:37,370 --> 00:17:34,620

is bizarre go ahead Dave yeah I I also

474

00:17:39,409 --> 00:17:37,380

want to be Romancing giving you guys a

475

00:17:42,230 --> 00:17:39,419

giant compliment Jason and Louis on on

476

00:17:43,610 --> 00:17:42,240

the great job you guys have done this

477

00:17:45,710 --> 00:17:43,620

year and you know we don't hear it

478

00:17:48,590 --> 00:17:45,720

enough from host to host because there's

479

00:17:50,450 --> 00:17:48,600

always such competition between all of

480

00:17:52,730 --> 00:17:50,460

us and there's ego involved and

481

00:17:55,490 --> 00:17:52,740

everything but Jason Louie you guys I've

482

00:17:58,610 --> 00:17:55,500

been watching you guys all year long you

483

00:18:00,350 --> 00:17:58,620

guys have done just a a great job and

484

00:18:03,710 --> 00:18:00,360

one of the Thrills and highlights for me

485

00:18:06,409 --> 00:18:03,720

in 2022 was building this friendship

486

00:18:09,289 --> 00:18:06,419

first with Jason and now you Louie in

487

00:18:12,830 --> 00:18:09,299

regards to to uh you know what we talked

488

00:18:14,150 --> 00:18:12,840

about about UFOs and life in general you

489

00:18:16,549 --> 00:18:14,160

know because our lives are actually

490

00:18:19,370 --> 00:18:16,559

quite similar away from the microphone

491

00:18:22,370 --> 00:18:19,380

and and I just want to say to to your

492

00:18:24,350 --> 00:18:22,380

listeners out there that you guys got a

493

00:18:27,230 --> 00:18:24,360

couple of you guys are a couple of gems

494

00:18:29,090 --> 00:18:27,240

uh in this field you work hard to

495

00:18:31,730 --> 00:18:29,100

present the information that is out

496

00:18:36,049 --> 00:18:31,740

there you guys get a phenomenal list of

497

00:18:37,610 --> 00:18:36,059

tests that not every show gets but you

498

00:18:40,130 --> 00:18:37,620

guys have been fortunate enough to do

499

00:18:41,990 --> 00:18:40,140

that and you guys deserve a real pat on

500

00:18:44,450 --> 00:18:42,000

the back for the job that you have done

501
00:18:47,330 --> 00:18:44,460
for this information that you have

502
00:18:49,610 --> 00:18:47,340
provided this year and congrats to you

503
00:18:52,310 --> 00:18:49,620
guys on the on your hard work paying off

504
00:18:54,770 --> 00:18:52,320
and I just wanted to to share that

505
00:18:56,330 --> 00:18:54,780
because it's well deserved guys oh thank

506
00:18:58,430 --> 00:18:56,340
you so much Dave we really appreciate

507
00:19:00,590 --> 00:18:58,440
that it's heartfelt I can tell and we do

508
00:19:02,450 --> 00:19:00,600
appreciate it and to what Marquis was

509
00:19:04,549 --> 00:19:02,460
saying you know some of his listeners

510
00:19:06,470 --> 00:19:04,559
they're kind of scared they don't know

511
00:19:08,270 --> 00:19:06,480
there's a tsunami of information out

512
00:19:10,370 --> 00:19:08,280
there most of it is garbage but some of

513
00:19:13,010 --> 00:19:10,380

it is good and we're all swimming in

514

00:19:14,810 --> 00:19:13,020

that same channel of competition so I

515

00:19:16,850 --> 00:19:14,820

think more than now than ever our

516

00:19:18,650 --> 00:19:16,860

viewers they want a kind of a compass

517

00:19:20,090 --> 00:19:18,660

they want to have people they can trust

518

00:19:22,909 --> 00:19:20,100

that they know aren't going to lead them

519

00:19:25,250 --> 00:19:22,919

astray get their hopes up or just you

520

00:19:28,250 --> 00:19:25,260

know have the same canned story all the

521

00:19:30,169 --> 00:19:28,260

time or beat a dead horse to death to be

522

00:19:31,789 --> 00:19:30,179

Progressive and to get in front of the

523

00:19:33,650 --> 00:19:31,799

people looking for that information is

524

00:19:35,570 --> 00:19:33,660

the goal and I think we all do a

525

00:19:37,370 --> 00:19:35,580

fantastic job it's a lot of work I mean

526

00:19:39,470 --> 00:19:37,380

Dave and Jess you guys do a show five

527

00:19:41,150 --> 00:19:39,480

nights a week that's a lot I can't even

528

00:19:42,770 --> 00:19:41,160

imagine that yeah and you're still

529

00:19:44,690 --> 00:19:42,780

available and you're I'm sure like we

530

00:19:47,150 --> 00:19:44,700

get people comment and you know message

531

00:19:48,830 --> 00:19:47,160

us and all the rest it's a lot and if

532

00:19:50,690 --> 00:19:48,840

you don't love this and if you don't

533

00:19:52,730 --> 00:19:50,700

have that fire in you that makes you

534

00:19:54,950 --> 00:19:52,740

want to do it you go the way of most

535

00:19:57,130 --> 00:19:54,960

other shows right 10 episodes 20

536

00:19:59,690 --> 00:19:57,140

episodes ah screw it it's too much work

537

00:20:03,350 --> 00:19:59,700

trolls and all the rest cancel culture

538

00:20:04,549 --> 00:20:03,360

it's a lot to keep an eye out for and we

539

00:20:06,470 --> 00:20:04,559

wouldn't be doing it if it wasn't for

540

00:20:07,850 --> 00:20:06,480

love and for um the fact that we think

541

00:20:09,650 --> 00:20:07,860

we're actually making a difference you

542

00:20:12,049 --> 00:20:09,660

know like we mentioned earlier we went

543

00:20:13,789 --> 00:20:12,059

from uh having no guests uh you know one

544

00:20:15,890 --> 00:20:13,799

out of ten would say yes and now they

545

00:20:17,510 --> 00:20:15,900

pretty well all do so you know and

546

00:20:19,730 --> 00:20:17,520

credit to Jason too he started this

547

00:20:21,950 --> 00:20:19,740

podcast two years ago I just joined on

548

00:20:24,169 --> 00:20:21,960

at the beginning of the year but the

549

00:20:25,909 --> 00:20:24,179

growth has really uh it's a positive

550

00:20:27,770 --> 00:20:25,919

note I think it's good everybody shows

551
00:20:30,289 --> 00:20:27,780
seeing an uptick people are getting more

552
00:20:31,850 --> 00:20:30,299
into this the taboo is being removed and

553
00:20:34,730 --> 00:20:31,860
there was a lot of topics that came out

554
00:20:36,950 --> 00:20:34,740
in 2020 to big name things we'll go

555
00:20:38,630 --> 00:20:36,960
around the panel here is there anything

556
00:20:41,090 --> 00:20:38,640
that stands out as some of the bigger

557
00:20:43,250 --> 00:20:41,100
topics that came out this year uh we'll

558
00:20:46,090 --> 00:20:43,260
start with Jess on this one big

559
00:20:48,890 --> 00:20:46,100
revealing info 2022. what got everybody

560
00:20:50,870 --> 00:20:48,900
I don't know I think the lack of any UAP

561
00:20:52,669 --> 00:20:50,880
reports I think that's probably the

562
00:20:54,470 --> 00:20:52,679
biggest news I mean you've been watching

563
00:20:56,570 --> 00:20:54,480

people just say well where is it where

564

00:20:58,130 --> 00:20:56,580

is it and it's a lot of hype for a lot

565

00:20:59,570 --> 00:20:58,140

of actually nothing so I think that

566

00:21:01,190 --> 00:20:59,580

might be one of the big things I mean if

567

00:21:04,490 --> 00:21:01,200

you go from like the governmental kind

568

00:21:06,110 --> 00:21:04,500

of disclosure angle yeah for sure what

569

00:21:07,970 --> 00:21:06,120

about you Dave what do you think was big

570

00:21:09,409 --> 00:21:07,980

news breaking this year well I think

571

00:21:13,270 --> 00:21:09,419

it's a couple of things and it kind of

572

00:21:16,190 --> 00:21:13,280

goes on what Jess just said and and

573

00:21:18,890 --> 00:21:16,200

there was a lot of nothing there was a

574

00:21:20,630 --> 00:21:18,900

lot of nothing that was out there it's

575

00:21:22,669 --> 00:21:20,640

like waking up at Christmas morning

576

00:21:25,730 --> 00:21:22,679

waiting for Santa Claus to bring you

577

00:21:27,890 --> 00:21:25,740

that toy train and you end up with socks

578

00:21:30,230 --> 00:21:27,900

and underwear from Santa Claus yeah you

579

00:21:32,090 --> 00:21:30,240

know I think that was uh one of the

580

00:21:35,210 --> 00:21:32,100

biggest things that was disappointing

581

00:21:37,250 --> 00:21:35,220

but you know for me over the last six

582

00:21:40,610 --> 00:21:37,260

months I think one of the biggest

583

00:21:43,370 --> 00:21:40,620

telling tales that we have uh officially

584

00:21:46,850 --> 00:21:43,380

had the wool pulled over our eyes with

585

00:21:49,549 --> 00:21:46,860

this subject is in regards to NASA and

586

00:21:52,789 --> 00:21:49,559

we have been one of the only shows out

587

00:21:56,830 --> 00:21:52,799

there that has been absolutely trying to

588

00:21:59,750 --> 00:21:56,840

crucify NASA for embarrassing Humanity

589

00:22:02,210 --> 00:21:59,760

regarding this subject when Bill Nelson

590

00:22:05,810 --> 00:22:02,220

stood at a Podium for no reason back in

591

00:22:08,510 --> 00:22:05,820

July and said out of the blue that he he

592

00:22:11,149 --> 00:22:08,520

had talked to U.S Navy Pilots he had

593

00:22:15,710 --> 00:22:11,159

seen the videos and he couldn't believe

594

00:22:19,490 --> 00:22:15,720

that these uaps were all around and I'm

595

00:22:22,130 --> 00:22:19,500

screaming at my television set and and

596

00:22:24,350 --> 00:22:22,140

at my computer yelling

597

00:22:27,890 --> 00:22:24,360

open your closet

598

00:22:31,190 --> 00:22:27,900

you are the executive director of NASA

599

00:22:33,649 --> 00:22:31,200

open your closet we know that your

600

00:22:37,789 --> 00:22:33,659

Rockets have been followed for 60 years

601
00:22:41,810 --> 00:22:37,799
since Gemini and not a single person not

602
00:22:44,990 --> 00:22:41,820
a single journalist has asked that

603
00:22:47,830 --> 00:22:45,000
question what's in your closet Bill and

604
00:22:50,210 --> 00:22:47,840
to this day with the way it's exploded

605
00:22:52,970 --> 00:22:50,220
onto the scene with NASA getting

606
00:22:56,630 --> 00:22:52,980
involved and UFO Twitter activists

607
00:22:58,810 --> 00:22:56,640
cheering on Raw go NASA go welcome to

608
00:23:03,549 --> 00:22:58,820
the fight and I'm sitting here thinking

609
00:23:07,310 --> 00:23:03,559
we have audio proof of astronauts

610
00:23:10,909 --> 00:23:07,320
recorded stating what they are looking

611
00:23:13,549 --> 00:23:10,919
at in real time and nobody is

612
00:23:17,149 --> 00:23:13,559
questioning that nobody is asking him

613
00:23:20,510 --> 00:23:17,159

that and to me that is part of the

614

00:23:23,090 --> 00:23:20,520

biggest thing I learned in 2022 is that

615

00:23:25,789 --> 00:23:23,100

there is a major cover-up going on

616

00:23:28,690 --> 00:23:25,799

regarding UFOs this isn't about

617

00:23:32,029 --> 00:23:28,700

disclosure this is about con information

618

00:23:35,570 --> 00:23:32,039

of the phenomena wherever the phenomena

619

00:23:38,029 --> 00:23:35,580

goes and in reality I don't think it's

620

00:23:40,250 --> 00:23:38,039

good for our field and I don't believe

621

00:23:44,270 --> 00:23:40,260

it's good for Humanity and it's got me

622

00:23:47,990 --> 00:23:44,280

very angry as an experiencer and as a

623

00:23:49,549 --> 00:23:48,000

journalist who does not have access just

624

00:23:51,529 --> 00:23:49,559

you'll understand what I'm saying like

625

00:23:53,810 --> 00:23:51,539

when you're a journalist you get access

626
00:23:56,270 --> 00:23:53,820
to everything like like when I worked in

627
00:23:57,830 --> 00:23:56,280
sports radio man I could walk right into

628
00:24:00,649 --> 00:23:57,840
the Vancouver Canucks dressing room

629
00:24:02,210 --> 00:24:00,659
after a game or after a practice and

630
00:24:04,010 --> 00:24:02,220
interview the players and say what's

631
00:24:06,890 --> 00:24:04,020
going on I would talk to other

632
00:24:08,810 --> 00:24:06,900
journalists and and talk about okay who

633
00:24:10,789 --> 00:24:08,820
who's potentially getting traded where

634
00:24:14,570 --> 00:24:10,799
you know it didn't matter whether it was

635
00:24:16,970 --> 00:24:14,580
football hockey soccer baseball whatever

636
00:24:19,070 --> 00:24:16,980
it may be you were on the phone you were

637
00:24:21,830 --> 00:24:19,080
working your contacts but when it comes

638
00:24:24,830 --> 00:24:21,840

to this because we've chosen The Fringe

639

00:24:28,370 --> 00:24:24,840

side to cover this story we don't have

640

00:24:31,370 --> 00:24:28,380

access to NASA's PR team we don't have

641

00:24:33,350 --> 00:24:31,380

access to the pentagon's official press

642

00:24:35,870 --> 00:24:33,360

conferences where we could hook up into

643

00:24:38,450 --> 00:24:35,880

the phone line and go there because if

644

00:24:40,789 --> 00:24:38,460

we did I know that I would be all over

645

00:24:42,470 --> 00:24:40,799

that NASA phone line and I'd be saying

646

00:24:45,590 --> 00:24:42,480

Bill what's in your closet damn it

647

00:24:46,730 --> 00:24:45,600

what's in your closet spill it you're

648

00:24:49,490 --> 00:24:46,740

lying

649

00:24:51,350 --> 00:24:49,500

yeah yeah well said and Marquis you

650

00:24:53,390 --> 00:24:51,360

would have had a Wade through a

651
00:24:55,549 --> 00:24:53,400
Monumental amount of information to

652
00:24:58,970 --> 00:24:55,559
really find your own inner Compass as to

653
00:25:01,250 --> 00:24:58,980
what is what what's real what's not what

654
00:25:04,070 --> 00:25:01,260
kind of stood out for you this past year

655
00:25:05,690 --> 00:25:04,080
oh my gosh you do you know I I'm gonna

656
00:25:07,130 --> 00:25:05,700
you know do this condense it here

657
00:25:09,710 --> 00:25:07,140
because there's too much to to even

658
00:25:11,570 --> 00:25:09,720
really put out there but I think for me

659
00:25:14,630 --> 00:25:11,580
personally the most notable thing this

660
00:25:16,250 --> 00:25:14,640
year was that was Ross coldheart's

661
00:25:18,590 --> 00:25:16,260
documentary The need to know documentary

662
00:25:20,930 --> 00:25:18,600
about UFO the UFO phenomena and bringing

663
00:25:22,730 --> 00:25:20,940

on Gary Nolan his comments about what

664

00:25:24,470 --> 00:25:22,740

the what he thinks of phenomena he

665

00:25:26,330 --> 00:25:24,480

compared it to what what it could be not

666

00:25:28,970 --> 00:25:26,340

that it is you know this Angels Demons

667

00:25:31,190 --> 00:25:28,980

of God thing but the comparison of these

668

00:25:33,409 --> 00:25:31,200

beings being that of what our culture

669

00:25:36,230 --> 00:25:33,419

human civilization calls Angels demons

670

00:25:38,750 --> 00:25:36,240

and gods and his work with the with the

671

00:25:40,190 --> 00:25:38,760

US government or the military on the

672

00:25:43,610 --> 00:25:40,200

medical effects of the phenomena on

673

00:25:46,070 --> 00:25:43,620

human biology I think to for me that was

674

00:25:48,350 --> 00:25:46,080

that was really really important and as

675

00:25:50,090 --> 00:25:48,360

well as you know seeing the the UFO

676
00:25:51,950 --> 00:25:50,100
report being delayed and then hearing

677
00:25:54,110 --> 00:25:51,960
about what what some of the experts had

678
00:25:55,970 --> 00:25:54,120
to say like Ross coldheart and all those

679
00:25:58,010 --> 00:25:55,980
um but then you know hearing them say

680
00:26:01,730 --> 00:25:58,020
that they couldn't release even a piece

681
00:26:02,990 --> 00:26:01,740
of a photo like just like a cropped take

682
00:26:04,909 --> 00:26:03,000
a picture of a picture so there's no

683
00:26:05,750 --> 00:26:04,919
metadata right they wouldn't even do

684
00:26:07,430 --> 00:26:05,760
that because they said it would

685
00:26:09,950 --> 00:26:07,440
jeopardize National Security and then

686
00:26:11,269 --> 00:26:09,960
today literally this morning I'm doing a

687
00:26:13,190 --> 00:26:11,279
little bit of research just as normal

688
00:26:15,110 --> 00:26:13,200

and I come across something that I

689

00:26:19,610 --> 00:26:15,120

wanted to share and it was that it was

690

00:26:24,230 --> 00:26:19,620

the CEO of Northrop gunman uh Grumman

691

00:26:25,909 --> 00:26:24,240

um with CNBC CN CM um CNBC on YouTube it

692

00:26:29,210 --> 00:26:25,919

was a clip of them unveiling the new

693

00:26:30,950 --> 00:26:29,220

B-21 uh aircraft now come on now listen

694

00:26:33,049 --> 00:26:30,960

you guys you guys are gonna I feel like

695

00:26:35,450 --> 00:26:33,059

just like screaming and cursing at the

696

00:26:37,370 --> 00:26:35,460

screen when I saw this and my fiance was

697

00:26:38,269 --> 00:26:37,380

like she was trying to run away from me

698

00:26:40,669 --> 00:26:38,279

because I was like no you got to hear

699

00:26:43,010 --> 00:26:40,679

this it's insane this is what she said

700

00:26:44,510 --> 00:26:43,020

we can't release anything about uaps is

701
00:26:46,850 --> 00:26:44,520
what the government said right here's

702
00:26:49,549 --> 00:26:46,860
what here's what this person says

703
00:26:50,630 --> 00:26:49,559
um her name is uh let's see here what

704
00:26:54,409 --> 00:26:50,640
was her name

705
00:26:57,890 --> 00:26:54,419
oh Kathy Warden she's the CEO of

706
00:27:01,430 --> 00:26:57,900
Northrop Grumman or bronen the B21

707
00:27:02,930 --> 00:27:01,440
bomber is a long-range strike aircraft

708
00:27:05,330 --> 00:27:02,940
um what that means is that it has the

709
00:27:08,269 --> 00:27:05,340
range to go anywhere in the world and

710
00:27:11,570 --> 00:27:08,279
keep a Target at risk it is also a

711
00:27:13,669 --> 00:27:11,580
platform though that is low observable

712
00:27:16,370 --> 00:27:13,679
that means it can enter enemy airspace

713
00:27:18,649 --> 00:27:16,380

and not be detected those are some of

714

00:27:20,870 --> 00:27:18,659

the attributes of the B21 that make it

715

00:27:22,909 --> 00:27:20,880

special now that is not the only thing

716

00:27:24,830 --> 00:27:22,919

she revealed we got to see what it looks

717

00:27:26,210 --> 00:27:24,840

like we got this we got to learn about

718

00:27:27,470 --> 00:27:26,220

the cockpit that is a very beautiful

719

00:27:28,570 --> 00:27:27,480

moment Dave

720

00:27:30,890 --> 00:27:28,580

um

721

00:27:32,090 --> 00:27:30,900

we got to learn about what the what's

722

00:27:33,409 --> 00:27:32,100

what's in the cockpit and how the

723

00:27:35,029 --> 00:27:33,419

technology connects with our allies

724

00:27:37,070 --> 00:27:35,039

Technologies we got to learn all this

725

00:27:39,970 --> 00:27:37,080

stuff about this this brand new B-21

726

00:27:43,789 --> 00:27:39,980

bomber but they can't show us a picture

727

00:27:45,710 --> 00:27:43,799

just to and remove the metadata show us

728

00:27:48,230 --> 00:27:45,720

a picture of one of the craft they have

729

00:27:49,870 --> 00:27:48,240

redacted documents where they say we

730

00:27:51,890 --> 00:27:49,880

we've tracked this object going

731

00:27:53,029 --> 00:27:51,900

ridiculously fast without breaking the

732

00:27:55,370 --> 00:27:53,039

sound barrier making all these right

733

00:27:56,870 --> 00:27:55,380

angle turns completely stopping abruptly

734

00:27:59,510 --> 00:27:56,880

all these are all these different you

735

00:28:02,149 --> 00:27:59,520

know five observables but we can't tell

736

00:28:03,890 --> 00:28:02,159

you what the shape of the object is

737

00:28:08,350 --> 00:28:03,900

I am not going to curse I told my

738

00:28:15,230 --> 00:28:11,630

that is the most frustrating part about

739

00:28:17,870 --> 00:28:15,240

this entire year for me was the the

740

00:28:21,110 --> 00:28:17,880

ridiculous if anybody who believes that

741

00:28:22,850 --> 00:28:21,120

is willfully ignorant they want to be

742

00:28:24,769 --> 00:28:22,860

ignorant period they want to be they

743

00:28:26,510 --> 00:28:24,779

don't want to know they just want to

744

00:28:27,950 --> 00:28:26,520

stay in their little freaking bubble or

745

00:28:30,590 --> 00:28:27,960

they don't have to explore what this

746

00:28:32,450 --> 00:28:30,600

reality really is yeah and a big

747

00:28:34,190 --> 00:28:32,460

debatable this year was the threat

748

00:28:36,950 --> 00:28:34,200

narrative and the go ahead Dave before

749

00:28:40,490 --> 00:28:36,960

we get off I just wanted to add to what

750

00:28:43,070 --> 00:28:40,500

Marquis was just saying okay because I

751
00:28:45,529 --> 00:28:43,080
happen to meet this year somebody at my

752
00:28:48,649 --> 00:28:45,539
Vegas uh our Vegas fan party that we did

753
00:28:52,310 --> 00:28:48,659
for space out radio uh who I had no idea

754
00:28:56,230 --> 00:28:52,320
was showing up and this person spent 12

755
00:29:00,649 --> 00:28:56,240
years as an employee at area 51.

756
00:29:02,570 --> 00:29:00,659
and I confirmed him through a a friend

757
00:29:04,970 --> 00:29:02,580
of mine in Vegas actually brought him to

758
00:29:07,610 --> 00:29:04,980
the party and then I ended up going to

759
00:29:10,010 --> 00:29:07,620
speak at the mufon conference in Denver

760
00:29:12,250 --> 00:29:10,020
and then this gentleman says to me hey

761
00:29:14,510 --> 00:29:12,260
I'd like to talk with you off the Record

762
00:29:16,190 --> 00:29:14,520
uh any chance you're coming to Vegas

763
00:29:18,590 --> 00:29:16,200

soon so instead of flying back home

764

00:29:21,230 --> 00:29:18,600

after Denver I went over to Las Vegas

765

00:29:24,230 --> 00:29:21,240

for a couple of days to to speak with

766

00:29:25,850 --> 00:29:24,240

this gentleman and here's something to

767

00:29:29,269 --> 00:29:25,860

add to what you were saying Marquis

768

00:29:30,470 --> 00:29:29,279

regards the B21 how's this for freaky

769

00:29:33,529 --> 00:29:30,480

guys

770

00:29:35,630 --> 00:29:33,539

once a month you could be walking down

771

00:29:39,049 --> 00:29:35,640

the streets of Los Angeles or more so

772

00:29:42,649 --> 00:29:39,059

the streets of uh Las Vegas Boulevard

773

00:29:44,930 --> 00:29:42,659

and above you and you don't even know is

774

00:29:47,570 --> 00:29:44,940

an aircraft doing a simulated bombing

775

00:29:52,430 --> 00:29:47,580

run on the strip

776

00:29:55,490 --> 00:29:52,440

and they are waiting for the aircraft at

777

00:29:58,010 --> 00:29:55,500

Nellis Air Force range to be scrambled

778

00:29:59,750 --> 00:29:58,020

to try and intercept this craft and

779

00:30:01,610 --> 00:29:59,760

Nellis Air Force range like if you draw

780

00:30:03,970 --> 00:30:01,620

a line on this strip it almost

781

00:30:08,750 --> 00:30:03,980

intersects with Las Vegas Boulevard

782

00:30:11,149 --> 00:30:08,760

right at the end and guys

783

00:30:12,409 --> 00:30:11,159

these aircraft haven't been intercepted

784

00:30:15,769 --> 00:30:12,419

yet

785

00:30:17,210 --> 00:30:15,779

yeah yes so while the Russians and the

786

00:30:19,250 --> 00:30:17,220

Chinese are playing with stealth

787

00:30:22,010 --> 00:30:19,260

technology and we're all worried about

788

00:30:24,470 --> 00:30:22,020

that the American government is way

789

00:30:27,230 --> 00:30:24,480

Beyond stealth guys yeah and they are

790

00:30:29,990 --> 00:30:27,240

doing these simulated bombing runs once

791

00:30:33,230 --> 00:30:30,000

a month on Las Vegas Boulevard and right

792

00:30:36,169 --> 00:30:33,240

downtown Los Angeles to see if they

793

00:30:38,750 --> 00:30:36,179

could get picked up by uh the American

794

00:30:41,029 --> 00:30:38,760

radar systems and so far they're

795

00:30:43,970 --> 00:30:41,039

defeating it you know I've often

796

00:30:46,250 --> 00:30:43,980

wondered that the technology that we're

797

00:30:47,450 --> 00:30:46,260

using if we are reverse engineering this

798

00:30:49,250 --> 00:30:47,460

technology

799

00:30:50,810 --> 00:30:49,260

you know we keep saying are these things

800

00:30:51,950 --> 00:30:50,820

a threat to us I don't think they're a

801
00:30:55,269 --> 00:30:51,960
threat to us but I think their

802
00:30:58,850 --> 00:30:55,279
technology in the wrong hands AKA ours

803
00:31:00,590 --> 00:30:58,860
uh is is potentially harmful because we

804
00:31:02,810 --> 00:31:00,600
always use new technology for one

805
00:31:06,049 --> 00:31:02,820
purpose and that's for killing it's the

806
00:31:07,909 --> 00:31:06,059
oldest uh Pastime in human history is

807
00:31:10,490 --> 00:31:07,919
killing people we always think of new

808
00:31:12,230 --> 00:31:10,500
weapons new ways of doing it we see

809
00:31:13,789 --> 00:31:12,240
technology that we don't understand we

810
00:31:15,769 --> 00:31:13,799
reverse engineer it and the first thing

811
00:31:17,810 --> 00:31:15,779
we think of is it's got to be for

812
00:31:19,490 --> 00:31:17,820
defense purposes we've got to use this

813
00:31:21,769 --> 00:31:19,500

for stealth we got to use this for Speed

814

00:31:23,570 --> 00:31:21,779

we got to use this to outmaneuver the

815

00:31:24,950 --> 00:31:23,580

opponent that's why the threat

816

00:31:28,070 --> 00:31:24,960

narratives keep coming in because

817

00:31:29,930 --> 00:31:28,080

militarily wise that's how we think as a

818

00:31:32,810 --> 00:31:29,940

species obviously if you have the upper

819

00:31:33,710 --> 00:31:32,820

hand in technology or advancement in

820

00:31:35,930 --> 00:31:33,720

science

821

00:31:38,090 --> 00:31:35,940

you win right throughout our history

822

00:31:40,010 --> 00:31:38,100

that's always how it's been and I I

823

00:31:41,810 --> 00:31:40,020

honestly think at this point it's not a

824

00:31:43,970 --> 00:31:41,820

question of whether these things are a

825

00:31:46,549 --> 00:31:43,980

threat to us it's if the technology is a

826

00:31:48,350 --> 00:31:46,559

threat to us in our hands and the term

827

00:31:51,230 --> 00:31:48,360

threat means many things to many

828

00:31:52,850 --> 00:31:51,240

different people so a threat could be

829

00:31:56,269 --> 00:31:52,860

are they going to come and take over the

830

00:31:58,970 --> 00:31:56,279

planet B is it a military threat I.E an

831

00:32:00,409 --> 00:31:58,980

adversary C is it a threat that our

832

00:32:03,110 --> 00:32:00,419

Pilots don't know how to engage

833

00:32:05,930 --> 00:32:03,120

correctly and they might make a mistake

834

00:32:08,149 --> 00:32:05,940

um or is it a threat to the disclosure

835

00:32:10,130 --> 00:32:08,159

where we can't tell you how we got this

836

00:32:12,409 --> 00:32:10,140

info because it will reveal how

837

00:32:14,630 --> 00:32:12,419

sensitive our instruments really are or

838

00:32:16,070 --> 00:32:14,640

these you know uh hidden bombing runs

839

00:32:18,110 --> 00:32:16,080

and they can't intercept these things

840

00:32:20,269 --> 00:32:18,120

maybe they already have things that

841

00:32:21,830 --> 00:32:20,279

either are reverse engineered

842

00:32:23,630 --> 00:32:21,840

um or they just have Technologies they

843

00:32:26,149 --> 00:32:23,640

don't want other people knowing about so

844

00:32:28,310 --> 00:32:26,159

the threat question and we've asked the

845

00:32:29,810 --> 00:32:28,320

last dozen guests Jason what are your

846

00:32:31,010 --> 00:32:29,820

thoughts on the threat narrative and

847

00:32:32,870 --> 00:32:31,020

they all approach you from a different

848

00:32:35,389 --> 00:32:32,880

angle well what kind of threat and

849

00:32:37,250 --> 00:32:35,399

threat to who so I want to ask our panel

850

00:32:38,990 --> 00:32:37,260

here today we'll start with Jess what

851
00:32:40,610 --> 00:32:39,000
are your thoughts on the threat

852
00:32:42,409 --> 00:32:40,620
narrative

853
00:32:44,090 --> 00:32:42,419
ah this is my thoughts on the threat

854
00:32:46,070 --> 00:32:44,100
narrative and at least if you talk about

855
00:32:49,070 --> 00:32:46,080
it like militarily right the military

856
00:32:51,049 --> 00:32:49,080
wants it to be a threat because then we

857
00:32:53,029 --> 00:32:51,059
can get more money into the budget and

858
00:32:54,950 --> 00:32:53,039
that's what a lot of this is about at

859
00:32:56,630 --> 00:32:54,960
least for the military yeah so that's

860
00:32:58,250 --> 00:32:56,640
all I got to say about that we have the

861
00:32:59,990 --> 00:32:58,260
military industrial complex ladies and

862
00:33:01,789 --> 00:33:00,000
gentlemen the United States doesn't know

863
00:33:03,590 --> 00:33:01,799

how to make money without War

864

00:33:04,909 --> 00:33:03,600

yeah they're the biggest war machine on

865

00:33:06,769 --> 00:33:04,919

the planet they make the tanks and

866

00:33:08,889 --> 00:33:06,779

planes and guns and warriors big things

867

00:33:11,029 --> 00:33:08,899

right yeah what do you think

868

00:33:13,070 --> 00:33:11,039

what do you think under threat narrative

869

00:33:14,870 --> 00:33:13,080

I know you kind of touched on it but if

870

00:33:17,690 --> 00:33:14,880

you want to elaborate a little on the

871

00:33:19,610 --> 00:33:17,700

threat I have to preface with me I am

872

00:33:21,649 --> 00:33:19,620

still new in learning so a lot of you

873

00:33:23,690 --> 00:33:21,659

guys have had years of experience

874

00:33:25,730 --> 00:33:23,700

decades even some right

875

00:33:28,490 --> 00:33:25,740

um however I have been interested for

876

00:33:32,029 --> 00:33:28,500

for as long as I can remember

877

00:33:34,669 --> 00:33:32,039

um I have listened to what some of the

878

00:33:37,310 --> 00:33:34,679

scientists and and the the reporters

879

00:33:38,930 --> 00:33:37,320

have been talking about on both sides of

880

00:33:40,789 --> 00:33:38,940

this idea of the threat narrative I mean

881

00:33:43,610 --> 00:33:40,799

the wheelsano said that if you're behind

882

00:33:45,950 --> 00:33:43,620

the the you know the propulsion of any

883

00:33:47,450 --> 00:33:45,960

aircraft you're it's a threat because it

884

00:33:48,889 --> 00:33:47,460

could kill you if you're behind you know

885

00:33:50,690 --> 00:33:48,899

the propulsion system of an aircraft if

886

00:33:52,730 --> 00:33:50,700

you're behind the jet engines of a plane

887

00:33:54,230 --> 00:33:52,740

and you're standing close enough you

888

00:33:55,970 --> 00:33:54,240

it's a threat to you you can you can be

889

00:33:58,850 --> 00:33:55,980

killed by that so essentially the

890

00:34:00,889 --> 00:33:58,860

phenomenon can be seen as as it's the

891

00:34:02,330 --> 00:34:00,899

effects of the craft itself they are a

892

00:34:04,370 --> 00:34:02,340

threat to us

893

00:34:05,810 --> 00:34:04,380

um that is a reality however that

894

00:34:06,830 --> 00:34:05,820

doesn't that's not necessarily the

895

00:34:08,930 --> 00:34:06,840

narrative that shouldn't be the whole

896

00:34:10,550 --> 00:34:08,940

narrative but I am of the persuasion

897

00:34:12,109 --> 00:34:10,560

that this phenomena has been around for

898

00:34:13,730 --> 00:34:12,119

thousands of years

899

00:34:15,829 --> 00:34:13,740

um that is interacted with Humanity in

900

00:34:17,629 --> 00:34:15,839

many different ways so much so that that

901
00:34:19,010 --> 00:34:17,639
all religions have talked about Gods

902
00:34:20,990 --> 00:34:19,020
from the Skies coming down here and

903
00:34:22,430 --> 00:34:21,000
giving us knowledge but also controlling

904
00:34:24,169 --> 00:34:22,440
the civilization and the direction of

905
00:34:25,669 --> 00:34:24,179
the civilization and sometimes the

906
00:34:28,250 --> 00:34:25,679
extinction of some of these

907
00:34:30,409 --> 00:34:28,260
Civilizations for whatever reason some

908
00:34:31,970 --> 00:34:30,419
of these gods were just just ruthless

909
00:34:34,010 --> 00:34:31,980
and they were they were you know they

910
00:34:35,329 --> 00:34:34,020
were very violent and aggressive towards

911
00:34:37,609 --> 00:34:35,339
humanity and treated us like we were

912
00:34:40,190 --> 00:34:37,619
just cattle or to be used

913
00:34:41,810 --> 00:34:40,200

um for sacrifices and and have an entire

914

00:34:44,329 --> 00:34:41,820

civilization built around that idea of

915

00:34:46,849 --> 00:34:44,339

Sacrament sacrifice that was given that

916

00:34:48,649 --> 00:34:46,859

was that was our and that has been human

917

00:34:51,050 --> 00:34:48,659

civilizations interaction with this

918

00:34:53,690 --> 00:34:51,060

phenomena for thousands of years for

919

00:34:55,490 --> 00:34:53,700

Millennia I do not think for one moment

920

00:34:56,930 --> 00:34:55,500

that we should not at least be concerned

921

00:34:58,790 --> 00:34:56,940

about the possibility that this

922

00:35:00,530 --> 00:34:58,800

phenomena it doesn't have positive

923

00:35:01,670 --> 00:35:00,540

intentions for Humanity not that it's

924

00:35:03,589 --> 00:35:01,680

all batting and they're going to come in

925

00:35:05,510 --> 00:35:03,599

invade us they haven't done that I mean

926
00:35:06,829 --> 00:35:05,520
they've only destroyed you know certain

927
00:35:09,050 --> 00:35:06,839
civilizations throughout history we're

928
00:35:10,550 --> 00:35:09,060
still here and we're still growing as a

929
00:35:12,710 --> 00:35:10,560
new civilization currently a modern

930
00:35:14,990 --> 00:35:12,720
civilization but I think that if they

931
00:35:16,250 --> 00:35:15,000
wanted to if they wanted to they could

932
00:35:17,870 --> 00:35:16,260
end it all just like that and we still

933
00:35:18,890 --> 00:35:17,880
get sort of sold back over with with

934
00:35:20,450 --> 00:35:18,900
cavemen

935
00:35:22,310 --> 00:35:20,460
um for the military to believe for one

936
00:35:24,170 --> 00:35:22,320
moment that with the nature of our

937
00:35:26,569 --> 00:35:24,180
civilization we could fight a

938
00:35:28,430 --> 00:35:26,579

civilization that built this technology

939

00:35:30,589 --> 00:35:28,440

that we can't even that's working with

940

00:35:33,650 --> 00:35:30,599

interdimensional technology and you know

941

00:35:34,730 --> 00:35:33,660

in in mind where they say it connects

942

00:35:36,530 --> 00:35:34,740

with your Consciousness the technology

943

00:35:38,270 --> 00:35:36,540

is consciousness we're driven

944

00:35:41,329 --> 00:35:38,280

that's what the scientists are saying

945

00:35:43,790 --> 00:35:41,339

how can we possibly compete with a

946

00:35:46,730 --> 00:35:43,800

civilization let's make one or two craft

947

00:35:47,990 --> 00:35:46,740

like them what are we gonna do how many

948

00:35:49,970 --> 00:35:48,000

people are going to Pilot them they have

949

00:35:51,589 --> 00:35:49,980

an entire civilization of people that

950

00:35:53,690 --> 00:35:51,599

can do this that can operate this

951
00:35:55,550 --> 00:35:53,700
technology with that is so far Advanced

952
00:35:59,270 --> 00:35:55,560
they're doing things that are akin to

953
00:36:01,310 --> 00:35:59,280
Magic and Godlike which is human

954
00:36:03,290 --> 00:36:01,320
so if the military does think this

955
00:36:05,089 --> 00:36:03,300
threat this they can they're they're

956
00:36:07,310 --> 00:36:05,099
keeping it a secret because they want to

957
00:36:09,589 --> 00:36:07,320
stop the Russians so that we need to

958
00:36:11,569 --> 00:36:09,599
really consider how stupid that is yeah

959
00:36:14,089 --> 00:36:11,579
we need to be working with the Chinese

960
00:36:15,890 --> 00:36:14,099
and the Russians to to potentially

961
00:36:18,589 --> 00:36:15,900
prepare Humanity for whatever this

962
00:36:20,630 --> 00:36:18,599
phenomenon really is find out what it is

963
00:36:23,750 --> 00:36:20,640

what its intentions are because we don't

964

00:36:25,790 --> 00:36:23,760

know and and if it's here to take us

965

00:36:28,010 --> 00:36:25,800

over we need to be prepared for that if

966

00:36:29,450 --> 00:36:28,020

it's not we still need to prepare for be

967

00:36:31,790 --> 00:36:29,460

prepared for their presence because

968

00:36:33,170 --> 00:36:31,800

they're here and like a post you made

969

00:36:35,390 --> 00:36:33,180

the other day it said you are not

970

00:36:37,730 --> 00:36:35,400

American you are an Earthling yes on

971

00:36:39,410 --> 00:36:37,740

planet Earth so right remove the lines

972

00:36:40,790 --> 00:36:39,420

and I'll throw it to brother Dave here

973

00:36:42,650 --> 00:36:40,800

your thoughts on the threat narrative

974

00:36:44,690 --> 00:36:42,660

you've got some Insider info sometimes

975

00:36:47,810 --> 00:36:44,700

too so what do you think about this

976
00:36:50,690 --> 00:36:47,820
whole threat narrative quote unquote I I

977
00:36:52,130 --> 00:36:50,700
think there is zero threat narrative on

978
00:36:54,890 --> 00:36:52,140
this planet

979
00:36:56,990 --> 00:36:54,900
now I'm not saying that there aren't

980
00:36:58,910 --> 00:36:57,000
species of these ultra-terrestrials

981
00:37:00,950 --> 00:36:58,920
extraterrestrials interdimensionals

982
00:37:02,270 --> 00:37:00,960
whatever you want to call them I'm not

983
00:37:04,609 --> 00:37:02,280
saying there isn't a threat that's like

984
00:37:06,470 --> 00:37:04,619
saying there's not a bad person on this

985
00:37:08,870 --> 00:37:06,480
planet yet in the United States alone

986
00:37:11,930 --> 00:37:08,880
there are over 2 million uh people

987
00:37:15,470 --> 00:37:11,940
incarcerated for very heinous crimes

988
00:37:16,970 --> 00:37:15,480

against humanity okay and how many are

989

00:37:19,730 --> 00:37:16,980

still on the streets that haven't been

990

00:37:21,650 --> 00:37:19,740

caught yet I I know that there are bad

991

00:37:23,870 --> 00:37:21,660

aliens out there I know that there are

992

00:37:26,390 --> 00:37:23,880

good aliens out there you know for my

993

00:37:29,150 --> 00:37:26,400

own personal experiences you know but

994

00:37:31,130 --> 00:37:29,160

that being said I also understand the

995

00:37:34,069 --> 00:37:31,140

paranoia of the if we could use that

996

00:37:37,849 --> 00:37:34,079

term regarding the military where guys

997

00:37:41,210 --> 00:37:37,859

if if you or me are standing on a

998

00:37:45,650 --> 00:37:41,220

training ground with binoculars watching

999

00:37:49,390 --> 00:37:45,660

say and the U.S army uh go through some

1000

00:37:52,730 --> 00:37:49,400

of its drills were considered a threat

1001
00:37:54,470 --> 00:37:52,740
okay even though we pose no threat we're

1002
00:37:56,690 --> 00:37:54,480
just there out of curiosity like whoa

1003
00:37:58,310 --> 00:37:56,700
look at this like if I saw tanks rolling

1004
00:38:01,190 --> 00:37:58,320
down my street right now I'd be like

1005
00:38:03,050 --> 00:38:01,200
whoa this is awesome you know let's see

1006
00:38:05,930 --> 00:38:03,060
what this is all about but on a military

1007
00:38:09,290 --> 00:38:05,940
standpoint we are considered a threat

1008
00:38:11,569 --> 00:38:09,300
okay just like uh what we are seeing

1009
00:38:14,750 --> 00:38:11,579
with you know going back to the 2004

1010
00:38:17,210 --> 00:38:14,760
Nimitz incident with these Tic Tacs okay

1011
00:38:21,170 --> 00:38:17,220
that were pretty much playing with the

1012
00:38:23,450 --> 00:38:21,180
fa-18 super Hornets but that being said

1013
00:38:26,510 --> 00:38:23,460

information that has come across my desk

1014

00:38:28,430 --> 00:38:26,520

recently you know being from Canada

1015

00:38:30,829 --> 00:38:28,440

is that the Canadian Department of

1016

00:38:34,010 --> 00:38:30,839

National Defense has told members of

1017

00:38:37,910 --> 00:38:34,020

parliament there is no threat narrative

1018

00:38:40,190 --> 00:38:37,920

I repeat no threat narrative regarding

1019

00:38:43,550 --> 00:38:40,200

unidentified aerial phenomena in

1020

00:38:45,829 --> 00:38:43,560

Canadian airspace this is why Canada has

1021

00:38:48,290 --> 00:38:45,839

wanted to go with more of a scientific

1022

00:38:50,290 --> 00:38:48,300

look at what the phenomena is all about

1023

00:38:53,450 --> 00:38:50,300

where these craft are coming from

1024

00:38:55,130 --> 00:38:53,460

instead of going through a threat

1025

00:38:56,569 --> 00:38:55,140

narrative where it's all about defense

1026
00:38:59,750 --> 00:38:56,579
and we've got to figure out how to shoot

1027
00:39:02,870 --> 00:38:59,760
these damn things down and I think that

1028
00:39:05,930 --> 00:39:02,880
is why talks about UFOs actually I know

1029
00:39:09,050 --> 00:39:05,940
100 percent that is why talks between

1030
00:39:12,109 --> 00:39:09,060
UFO about UFOs between Canada and the

1031
00:39:14,569 --> 00:39:12,119
United States have stalled there is no

1032
00:39:15,530 --> 00:39:14,579
other reason that has been put on social

1033
00:39:18,470 --> 00:39:15,540
media

1034
00:39:20,870 --> 00:39:18,480
it's because Canada would not play the

1035
00:39:23,930 --> 00:39:20,880
threat narrative regarding this subject

1036
00:39:26,390 --> 00:39:23,940
now I know we're not the only country in

1037
00:39:28,609 --> 00:39:26,400
the world regarding that the UK recently

1038
00:39:31,370 --> 00:39:28,619

refused to have talks about it because

1039

00:39:33,349 --> 00:39:31,380

of the threat narrative Australia has

1040

00:39:35,690 --> 00:39:33,359

refused to have talks about it because

1041

00:39:37,609 --> 00:39:35,700

of the threat narrative okay nobody

1042

00:39:39,829 --> 00:39:37,619

wants to play the military-industrial

1043

00:39:42,170 --> 00:39:39,839

complex game outside of the United

1044

00:39:44,329 --> 00:39:42,180

States right now because we have other

1045

00:39:47,470 --> 00:39:44,339

things to worry about there's people who

1046

00:39:50,150 --> 00:39:47,480

are hungry inflation is out of control

1047

00:39:51,770 --> 00:39:50,160

okay almost pushing us towards another

1048

00:39:55,430 --> 00:39:51,780

depression

1049

00:39:57,470 --> 00:39:55,440

and there is a lot going on that we have

1050

00:39:59,390 --> 00:39:57,480

to be able to combat rather than

1051
00:40:01,550 --> 00:39:59,400
worrying about spending Millions upon

1052
00:40:05,450 --> 00:40:01,560
millions of dollars and looking into

1053
00:40:06,950 --> 00:40:05,460
UFOs even though the topic is there so I

1054
00:40:09,470 --> 00:40:06,960
don't believe there's a threat narrative

1055
00:40:11,569 --> 00:40:09,480
I'm going to go with the information of

1056
00:40:13,910 --> 00:40:11,579
people who are not panicking over the

1057
00:40:15,890 --> 00:40:13,920
subject rather as like Jess said people

1058
00:40:18,349 --> 00:40:15,900
who are panicking for dollars

1059
00:40:20,510 --> 00:40:18,359
okay and I think that's a great line

1060
00:40:23,470 --> 00:40:20,520
that we need to use when regarding UFOs

1061
00:40:25,910 --> 00:40:23,480
panicking for dollars

1062
00:40:27,470 --> 00:40:25,920
so let's chat about I mean there's so

1063
00:40:29,030 --> 00:40:27,480

much to cover that happened in a full

1064

00:40:30,890 --> 00:40:29,040

year it's hard to condense it to an

1065

00:40:34,370 --> 00:40:30,900

hour-long show but if you were to think

1066

00:40:37,910 --> 00:40:34,380

of the best or most exciting of the year

1067

00:40:39,710 --> 00:40:37,920

or the worst or most deflating of the

1068

00:40:41,510 --> 00:40:39,720

year we'll start with Jess on this

1069

00:40:43,490 --> 00:40:41,520

question here what is your sort of best

1070

00:40:46,730 --> 00:40:43,500

and worst of 2022

1071

00:40:50,210 --> 00:40:46,740

like my own or like uh like within the

1072

00:40:52,250 --> 00:40:50,220

field within the field ah you know

1073

00:40:54,650 --> 00:40:52,260

I don't know I feel put on the spot here

1074

00:40:56,450 --> 00:40:54,660

I don't have a answer ready for you here

1075

00:40:59,390 --> 00:40:56,460

okay I'll come back to you then well

1076

00:41:00,770 --> 00:40:59,400

I'll throw it to myself I think let me

1077

00:41:01,910 --> 00:41:00,780

think for a moment yeah no problem we'll

1078

00:41:04,310 --> 00:41:01,920

come back to you what do you think Jay

1079

00:41:07,190 --> 00:41:04,320

best and worst of 2022. well the worst

1080

00:41:09,470 --> 00:41:07,200

was the uh New York Post I think uh

1081

00:41:11,089 --> 00:41:09,480

recent article by I forgot his name

1082

00:41:12,890 --> 00:41:11,099

because I'm bad with names but uh

1083

00:41:16,370 --> 00:41:12,900

basically trying to poo poo

1084

00:41:18,050 --> 00:41:16,380

the USPS you know issue away and saying

1085

00:41:20,329 --> 00:41:18,060

it's not a big deal you know the Navy's

1086

00:41:21,829 --> 00:41:20,339

not talking about it anymore and I

1087

00:41:24,050 --> 00:41:21,839

mentioned this before the Navy's done

1088

00:41:26,150 --> 00:41:24,060

its part you know like you mentioned

1089

00:41:27,710 --> 00:41:26,160

before uh we were talking before the

1090

00:41:29,810 --> 00:41:27,720

episode you said you know they they did

1091

00:41:31,310 --> 00:41:29,820

their part they gave us the Tic Tac and

1092

00:41:32,810 --> 00:41:31,320

now they're silent they're not giving us

1093

00:41:34,430 --> 00:41:32,820

anything

1094

00:41:36,829 --> 00:41:34,440

um but yeah I would say that that

1095

00:41:38,390 --> 00:41:36,839

article was one of the worst ones

1096

00:41:42,050 --> 00:41:38,400

because it doesn't give any credibility

1097

00:41:44,150 --> 00:41:42,060

to the subject and or making it it

1098

00:41:47,390 --> 00:41:44,160

almost seems like we made progress with

1099

00:41:49,190 --> 00:41:47,400

the you know the the news and reporters

1100

00:41:51,170 --> 00:41:49,200

and now it's like some reporters are

1101

00:41:53,210 --> 00:41:51,180

fighting back oh no no this is silly if

1102

00:41:54,589 --> 00:41:53,220

you believe in this you're you're crazy

1103

00:41:57,349 --> 00:41:54,599

but

1104

00:42:00,530 --> 00:41:57,359

everybody that we talk to you know or

1105

00:42:02,630 --> 00:42:00,540

even personal lives like somebody knows

1106

00:42:04,069 --> 00:42:02,640

somebody who's had an experience if

1107

00:42:06,650 --> 00:42:04,079

you're not an experimenter if you're not

1108

00:42:08,390 --> 00:42:06,660

if you didn't witness something uh you

1109

00:42:10,010 --> 00:42:08,400

know somebody who has either in your

1110

00:42:13,609 --> 00:42:10,020

family your friend's Circle or whatever

1111

00:42:15,290 --> 00:42:13,619

in you know us being in the field we

1112

00:42:18,530 --> 00:42:15,300

have people coming to us all the time

1113

00:42:20,450 --> 00:42:18,540

Dave is the same thing Marquis Jess uh

1114

00:42:21,950 --> 00:42:20,460

you know that they feel like they can

1115

00:42:25,069 --> 00:42:21,960

trust us because no we're not going to

1116

00:42:27,410 --> 00:42:25,079

laugh at what they witnessed

1117

00:42:28,790 --> 00:42:27,420

um but in the news now basically they're

1118

00:42:30,349 --> 00:42:28,800

trying to say if you see this that

1119

00:42:32,270 --> 00:42:30,359

you're basically you're crazy while you

1120

00:42:34,130 --> 00:42:32,280

have CNN who's taking this seriously so

1121

00:42:35,930 --> 00:42:34,140

I like that but I think that we still

1122

00:42:38,210 --> 00:42:35,940

we're still fighting with the the news

1123

00:42:40,970 --> 00:42:38,220

at this point either taking it seriously

1124

00:42:42,650 --> 00:42:40,980

or making a mockery of it and what do

1125

00:42:44,450 --> 00:42:42,660

you think was the best of the year was

1126
00:42:47,030 --> 00:42:44,460
the most exciting or positive thing to

1127
00:42:48,410 --> 00:42:47,040
come out of 2022

1128
00:42:49,730 --> 00:42:48,420
I don't know I think we see some

1129
00:42:53,210 --> 00:42:49,740
progress even

1130
00:42:55,730 --> 00:42:53,220
um the interview that they did with um

1131
00:42:57,170 --> 00:42:55,740
oh we just had him on James Fox

1132
00:42:59,089 --> 00:42:57,180
um they did an interview with him and

1133
00:43:01,430 --> 00:42:59,099
they actually took it seriously they you

1134
00:43:03,470 --> 00:43:01,440
know they didn't do any dramatization of

1135
00:43:05,630 --> 00:43:03,480
you know the X-Files music or anything

1136
00:43:06,710 --> 00:43:05,640
like that and I think that's good that's

1137
00:43:08,569 --> 00:43:06,720
progress

1138
00:43:10,190 --> 00:43:08,579

you know saying hey we invite you on to

1139

00:43:13,250 --> 00:43:10,200

have a serious topic about this we're

1140

00:43:15,290 --> 00:43:13,260

now taking it seriously I like that

1141

00:43:17,950 --> 00:43:15,300

um I think the worst obviously uh

1142

00:43:20,150 --> 00:43:17,960

they've mentioned it before is NASA

1143

00:43:22,190 --> 00:43:20,160

saying that we're now jumping in on the

1144

00:43:23,569 --> 00:43:22,200

bandwagon it's like [h__h] you like you

1145

00:43:25,430 --> 00:43:23,579

know you've had your chance you know

1146

00:43:27,170 --> 00:43:25,440

like doing this for 70 years and keeping

1147

00:43:28,790 --> 00:43:27,180

yeah you need you need to tell us that

1148

00:43:30,710 --> 00:43:28,800

we haven't uh you guys don't know

1149

00:43:32,510 --> 00:43:30,720

anything about this this is all new to

1150

00:43:34,550 --> 00:43:32,520

you first you know let's come on get out

1151

00:43:36,410 --> 00:43:34,560

of here yeah uh but yeah I would say

1152

00:43:37,790 --> 00:43:36,420

that's probably the worst is is NASA

1153

00:43:40,010 --> 00:43:37,800

saying they're throwing in their hat and

1154

00:43:42,650 --> 00:43:40,020

and helping in like you know

1155

00:43:45,050 --> 00:43:42,660

we needed you like you know since the 19

1156

00:43:47,089 --> 00:43:45,060

you know 50s to go back and investigate

1157

00:43:49,970 --> 00:43:47,099

what's been taken place and if you know

1158

00:43:52,849 --> 00:43:49,980

like Scott you know uh Dave said

1159

00:43:54,950 --> 00:43:52,859

um basically they got recordings of of

1160

00:43:56,630 --> 00:43:54,960

astronauts seeing things you know even

1161

00:43:58,069 --> 00:43:56,640

the recordings of the first people on

1162

00:44:00,230 --> 00:43:58,079

the moon when they switched over to that

1163

00:44:01,910 --> 00:44:00,240

medical Channel like yeah they're

1164

00:44:06,470 --> 00:44:01,920

they're watching us they're on the rim

1165

00:44:08,750 --> 00:44:06,480

yeah so like I said it's uh NASA was

1166

00:44:11,210 --> 00:44:08,760

probably the worst of this year for sure

1167

00:44:13,190 --> 00:44:11,220

we'll go to Marquis for this too what

1168

00:44:15,470 --> 00:44:13,200

are uh what are the topics that got your

1169

00:44:16,730 --> 00:44:15,480

excitement level up and what were the

1170

00:44:18,050 --> 00:44:16,740

things that made you just shake your

1171

00:44:19,730 --> 00:44:18,060

head and say come on are we going

1172

00:44:23,390 --> 00:44:19,740

forward or backwards

1173

00:44:24,710 --> 00:44:23,400

well for me again I I try to I I have to

1174

00:44:25,849 --> 00:44:24,720

trust what some of the people that are

1175

00:44:28,010 --> 00:44:25,859

really involved in the with the

1176

00:44:28,670 --> 00:44:28,020

phenomena from from an official point of

1177

00:44:30,050 --> 00:44:28,680

view

1178

00:44:32,270 --> 00:44:30,060

um and who've been researching it have

1179

00:44:34,430 --> 00:44:32,280

said and there's somebody that I never

1180

00:44:37,910 --> 00:44:34,440

even heard of John Ramirez and his

1181

00:44:39,349 --> 00:44:37,920

interviews have been for me since you

1182

00:44:40,790 --> 00:44:39,359

know the most important thing for me

1183

00:44:42,349 --> 00:44:40,800

because we're talking about an xcia

1184

00:44:45,650 --> 00:44:42,359

officer who's saying that we've had

1185

00:44:47,690 --> 00:44:45,660

Direct contact with beings that are

1186

00:44:50,150 --> 00:44:47,700

non-human intelligence

1187

00:44:51,950 --> 00:44:50,160

um that may share the same DNA as us and

1188

00:44:55,370 --> 00:44:51,960

that he was briefed on this when he was

1189

00:44:57,109 --> 00:44:55,380

in the CIA or that you know or his his

1190

00:44:58,670 --> 00:44:57,119

experiences

1191

00:45:00,470 --> 00:44:58,680

um personally with the phenomena where

1192

00:45:01,849 --> 00:45:00,480

he said that he was you know in a recent

1193

00:45:04,910 --> 00:45:01,859

interview

1194

00:45:06,530 --> 00:45:04,920

um podcast UFO he said that he had

1195

00:45:08,150 --> 00:45:06,540

experiences when he was younger when he

1196

00:45:10,910 --> 00:45:08,160

was a child where he was experimented on

1197

00:45:12,589 --> 00:45:10,920

with by human-like people but it was odd

1198

00:45:14,390 --> 00:45:12,599

because he knew there was something

1199

00:45:17,210 --> 00:45:14,400

different about it he was led to a house

1200

00:45:19,309 --> 00:45:17,220

and is helped with by a lady without his

1201

00:45:21,050 --> 00:45:19,319

parents they took him to a room they did

1202

00:45:22,490 --> 00:45:21,060

medical experiments on him it was it

1203

00:45:24,230 --> 00:45:22,500

wasn't a negative experience it was just

1204

00:45:25,550 --> 00:45:24,240

to just experiments that were medical

1205

00:45:27,950 --> 00:45:25,560

procedures

1206

00:45:29,569 --> 00:45:27,960

um that were just kind of mundane and

1207

00:45:31,069 --> 00:45:29,579

then taken back home

1208

00:45:32,809 --> 00:45:31,079

um and also direct contact with these

1209

00:45:35,630 --> 00:45:32,819

beings that is like talk about

1210

00:45:37,370 --> 00:45:35,640

paranormal I mean you you I'm having an

1211

00:45:38,569 --> 00:45:37,380

imaginary friend might not be what you

1212

00:45:40,010 --> 00:45:38,579

think it is it may be one of these

1213

00:45:41,569 --> 00:45:40,020

beings that are just they're just

1214

00:45:42,829 --> 00:45:41,579

changing your perception of reality or

1215

00:45:45,109 --> 00:45:42,839

bringing you into another dimension or

1216

00:45:47,630 --> 00:45:45,119

maybe bringing there who knows that to

1217

00:45:50,270 --> 00:45:47,640

me was validating far beyond the UFO

1218

00:45:53,089 --> 00:45:50,280

phenomena or Beyond because it's from an

1219

00:45:54,829 --> 00:45:53,099

official person an xcia officer who is

1220

00:45:56,870 --> 00:45:54,839

who said that we've been tracking Russia

1221

00:46:00,170 --> 00:45:56,880

and we the U.S have been tracking these

1222

00:46:02,089 --> 00:46:00,180

these objects in space for like 50 years

1223

00:46:03,230 --> 00:46:02,099

and yet they're saying oh at NASA's

1224

00:46:04,849 --> 00:46:03,240

we're gonna we're gonna and like you

1225

00:46:07,609 --> 00:46:04,859

said about NASA we're gonna look at the

1226

00:46:09,250 --> 00:46:07,619

civilian data I'm I'm just

1227

00:46:13,609 --> 00:46:09,260

not going to curse

1228

00:46:16,010 --> 00:46:13,619

it's a safe place it's a safe place what

1229

00:46:18,829 --> 00:46:16,020

is that I mean you're NASA you have

1230

00:46:22,849 --> 00:46:18,839

equipment that monitors space and you're

1231

00:46:24,829 --> 00:46:22,859

gonna look at our cell phone camera data

1232

00:46:27,109 --> 00:46:24,839

so yeah this is the Navy talking more

1233

00:46:30,470 --> 00:46:27,119

than NASA whose job is it to take care

1234

00:46:32,030 --> 00:46:30,480

of space just saying which will I will

1235

00:46:33,589 --> 00:46:32,040

transition to the negative and that is

1236

00:46:35,210 --> 00:46:33,599

the fact that the you the wall the New

1237

00:46:36,770 --> 00:46:35,220

York Times They were being fed

1238

00:46:39,589 --> 00:46:36,780

information by someone from the Air

1239

00:46:41,329 --> 00:46:39,599

Force and I I didn't know now I feel

1240

00:46:42,770 --> 00:46:41,339

like personally that the Air Force is

1241

00:46:44,870 --> 00:46:42,780

directly involved with the cover-up

1242

00:46:46,670 --> 00:46:44,880

directly there is something that they

1243

00:46:48,710 --> 00:46:46,680

know they do not want people to know

1244

00:46:50,750 --> 00:46:48,720

period they don't want us to know and I

1245

00:46:54,230 --> 00:46:50,760

don't think it's just oh they did some

1246

00:46:55,970 --> 00:46:54,240

really shady you know ish 160 years ago

1247

00:46:57,470 --> 00:46:55,980

I think that may be part of it but I

1248

00:46:59,510 --> 00:46:57,480

think that there is an aspect of the

1249

00:47:02,109 --> 00:46:59,520

phenomenon that human beings can

1250

00:47:04,550 --> 00:47:02,119

directly contact this phenomena without

1251
00:47:06,950 --> 00:47:04,560
any devices

1252
00:47:08,690 --> 00:47:06,960
to Consciousness and the and that could

1253
00:47:10,190 --> 00:47:08,700
lead to mass suicides people could be

1254
00:47:11,569 --> 00:47:10,200
like well if we could if we just Leslie

1255
00:47:12,589 --> 00:47:11,579
King talked about you know this after

1256
00:47:15,170 --> 00:47:12,599
life

1257
00:47:16,670 --> 00:47:15,180
and the possibility of the conscience

1258
00:47:18,470 --> 00:47:16,680
surviving would people just start

1259
00:47:19,430 --> 00:47:18,480
killing what if they tell us that hey we

1260
00:47:21,410 --> 00:47:19,440
can contact these beings From Another

1261
00:47:22,550 --> 00:47:21,420
Dimension by the way when you die you

1262
00:47:24,230 --> 00:47:22,560
can go to another dimension you actually

1263
00:47:25,309 --> 00:47:24,240

your Consciousness lives on people will

1264

00:47:29,530 --> 00:47:25,319

just start killing themselves because

1265

00:47:33,530 --> 00:47:31,670

because we've been told the story of

1266

00:47:34,849 --> 00:47:33,540

Heaven for a long time you don't see a

1267

00:47:36,190 --> 00:47:34,859

lot of people killing themselves let's

1268

00:47:38,750 --> 00:47:36,200

go to heaven

1269

00:47:40,609 --> 00:47:38,760

let me just hug the camera but that's

1270

00:47:43,309 --> 00:47:40,619

what I've been that's what I just I just

1271

00:47:44,690 --> 00:47:43,319

wrote about this the Bible has mentioned

1272

00:47:46,790 --> 00:47:44,700

that if you don't do the right thing

1273

00:47:48,410 --> 00:47:46,800

you're going to hell you better you

1274

00:47:50,030 --> 00:47:48,420

better straight like people have been

1275

00:47:52,069 --> 00:47:50,040

told there's a bad place they can burn

1276

00:47:54,230 --> 00:47:52,079

for all eternity and it would talk about

1277

00:47:55,730 --> 00:47:54,240

the afterlife sucking why aren't they

1278

00:47:57,109 --> 00:47:55,740

doing they're not killing themselves now

1279

00:47:58,609 --> 00:47:57,119

they create new religions and all this

1280

00:48:00,290 --> 00:47:58,619

other stuff the weird stuff but they're

1281

00:48:02,089 --> 00:48:00,300

not killing themselves you're right that

1282

00:48:04,609 --> 00:48:02,099

is a hundred percent correct that's what

1283

00:48:06,410 --> 00:48:04,619

I don't under again I I feel like the

1284

00:48:08,450 --> 00:48:06,420

whatever the Air Force knows whatever

1285

00:48:10,550 --> 00:48:08,460

these this this Shadow government or

1286

00:48:12,770 --> 00:48:10,560

whatever you want to call it knows

1287

00:48:14,270 --> 00:48:12,780

I think it would empower the people I

1288

00:48:16,490 --> 00:48:14,280

think it would empower the people which

1289

00:48:18,170 --> 00:48:16,500

they would lose control over us it has

1290

00:48:19,670 --> 00:48:18,180

nothing to do with whether or not this

1291

00:48:20,750 --> 00:48:19,680

is a threat or not it has nothing to do

1292

00:48:23,089 --> 00:48:20,760

with that it's about whether or not

1293

00:48:25,309 --> 00:48:23,099

people are a threat to them will be a

1294

00:48:27,349 --> 00:48:25,319

threat to them yeah well said all right

1295

00:48:30,170 --> 00:48:27,359

Jess are you do you have a best and

1296

00:48:32,089 --> 00:48:30,180

worse for 22. I I kind of want to just

1297

00:48:35,510 --> 00:48:32,099

go back and kind of talk about what

1298

00:48:38,569 --> 00:48:35,520

marquising I mean do you think that

1299

00:48:39,950 --> 00:48:38,579

Humanity can actually accept the fact

1300

00:48:40,910 --> 00:48:39,960

that there's something else going on we

1301
00:48:42,770 --> 00:48:40,920
have to take the lowest common

1302
00:48:44,030 --> 00:48:42,780
denominator the normal person on the

1303
00:48:45,710 --> 00:48:44,040
street you're talking about you know

1304
00:48:46,790 --> 00:48:45,720
this community and people that we're

1305
00:48:48,829 --> 00:48:46,800
talking to and people who are

1306
00:48:50,930 --> 00:48:48,839
experiences but I'm talking about like

1307
00:48:53,390 --> 00:48:50,940
the normal folk out there that this is

1308
00:48:55,970 --> 00:48:53,400
not a part of their Paradigm so what

1309
00:48:57,710 --> 00:48:55,980
happens when this comes out to them we

1310
00:49:00,170 --> 00:48:57,720
can't even get along with other

1311
00:49:02,270 --> 00:49:00,180
countries other races other religions

1312
00:49:04,670 --> 00:49:02,280
you think that we can get along with

1313
00:49:05,990 --> 00:49:04,680

some other race of beings out there that

1314

00:49:08,270 --> 00:49:06,000

that's what I always ask people to tell

1315

00:49:09,650 --> 00:49:08,280

me tell me we don't shoot people and

1316

00:49:12,170 --> 00:49:09,660

kill people because they look different

1317

00:49:14,630 --> 00:49:12,180

act different so you think that I mean

1318

00:49:17,089 --> 00:49:14,640

not not you I'm just like the Royal like

1319

00:49:20,270 --> 00:49:17,099

people in general you believe that

1320

00:49:22,130 --> 00:49:20,280

Humanity can actually accept this at the

1321

00:49:23,390 --> 00:49:22,140

lowest common denominator that's for

1322

00:49:25,190 --> 00:49:23,400

everybody anybody who wants to answer

1323

00:49:27,589 --> 00:49:25,200

that I want to know

1324

00:49:29,089 --> 00:49:27,599

I don't think we can I think I heard

1325

00:49:31,550 --> 00:49:29,099

somebody I think it was James Fox told

1326

00:49:33,589 --> 00:49:31,560

us that Bigelow has been behind this the

1327

00:49:36,170 --> 00:49:33,599

whole time they've run studies could

1328

00:49:37,849 --> 00:49:36,180

people actually handle it we think so we

1329

00:49:38,930 --> 00:49:37,859

could we're open-minded and we're

1330

00:49:41,750 --> 00:49:38,940

comfortable you know comfortable enough

1331

00:49:43,670 --> 00:49:41,760

with ourself and we want it so bad that

1332

00:49:45,410 --> 00:49:43,680

we've kind of made ourselves ready the

1333

00:49:48,230 --> 00:49:45,420

average person I don't think would

1334

00:49:50,329 --> 00:49:48,240

handle it I think it would if you're

1335

00:49:52,190 --> 00:49:50,339

fundamentalist you've been told this is

1336

00:49:54,589 --> 00:49:52,200

it and that's all nothing outside these

1337

00:49:56,930 --> 00:49:54,599

borders nothing outside this text so

1338

00:49:59,569 --> 00:49:56,940

anything outside those borders would

1339

00:50:01,609 --> 00:49:59,579

ruffle feathers and I tend to believe as

1340

00:50:04,130 --> 00:50:01,619

much as it's disappointing I don't think

1341

00:50:06,349 --> 00:50:04,140

the average person could still have a

1342

00:50:09,230 --> 00:50:06,359

healthy balance between God and Science

1343

00:50:11,450 --> 00:50:09,240

and ETS I think it would screw up a lot

1344

00:50:12,950 --> 00:50:11,460

what do you think Dave sorry if I would

1345

00:50:15,170 --> 00:50:12,960

like to add to that if you don't mind is

1346

00:50:18,109 --> 00:50:15,180

the last time I interviewed Lou Elizondo

1347

00:50:22,250 --> 00:50:18,119

on my show I actually asked him you know

1348

00:50:24,710 --> 00:50:22,260

was the government or the UAP people uh

1349

00:50:26,630 --> 00:50:24,720

watching the last couple of years or the

1350

00:50:29,270 --> 00:50:26,640

way human entity treated each other

1351
00:50:32,569 --> 00:50:29,280
through covid because we did a terrible

1352
00:50:35,870 --> 00:50:32,579
job okay ripping milk from single

1353
00:50:38,750 --> 00:50:35,880
mothers hands to to buying 2 000 rolls

1354
00:50:41,329 --> 00:50:38,760
of toilet paper you know buying

1355
00:50:43,849 --> 00:50:41,339
medication because the paranoid we're

1356
00:50:45,290 --> 00:50:43,859
all out there thinking that we're all

1357
00:50:48,230 --> 00:50:45,300
going to run out we're all going to die

1358
00:50:51,589 --> 00:50:48,240
like this is it and Lou surprisingly

1359
00:50:54,890 --> 00:50:51,599
actually said yes the U.S government and

1360
00:50:58,130 --> 00:50:54,900
the watchdogs for UAP studies were

1361
00:51:02,089 --> 00:50:58,140
actually watching how Humanity was

1362
00:51:04,609 --> 00:51:02,099
treating each other and we failed we

1363
00:51:07,430 --> 00:51:04,619

failed big time on the way we were

1364

00:51:10,790 --> 00:51:07,440

treating because you know the media did

1365

00:51:13,130 --> 00:51:10,800

a terrible job at at uh promoting the

1366

00:51:15,370 --> 00:51:13,140

fact that we were running out of

1367

00:51:18,049 --> 00:51:15,380

supplies

1368

00:51:21,710 --> 00:51:18,059

we're running out of everything guess

1369

00:51:24,410 --> 00:51:21,720

what bananas don't stop growing apples

1370

00:51:25,970 --> 00:51:24,420

don't stop growing because of covid and

1371

00:51:27,829 --> 00:51:25,980

when you go into the spring and summer

1372

00:51:29,270 --> 00:51:27,839

there's going to be strawberries that

1373

00:51:31,309 --> 00:51:29,280

are still there there's going to be

1374

00:51:33,829 --> 00:51:31,319

blueberries there's going to be canola

1375

00:51:36,349 --> 00:51:33,839

oil there's going to be all sorts of

1376
00:51:37,910 --> 00:51:36,359
meat that is piling up because there's

1377
00:51:40,670 --> 00:51:37,920
going to be more cattle and there's

1378
00:51:43,730 --> 00:51:40,680
going to be more Hogs okay

1379
00:51:46,130 --> 00:51:43,740
but it was the way we treated each other

1380
00:51:49,670 --> 00:51:46,140
that really from what I'm learning I've

1381
00:51:52,790 --> 00:51:49,680
learned put a fear into many in the in

1382
00:51:56,809 --> 00:51:52,800
the intelligence agency because we were

1383
00:51:59,870 --> 00:51:56,819
so immature on how we were acting now

1384
00:52:02,809 --> 00:51:59,880
you fast forward this to a subject

1385
00:52:06,230 --> 00:52:02,819
that's going to affect 7.75 billion

1386
00:52:08,809 --> 00:52:06,240
people on this planet from the people

1387
00:52:11,990 --> 00:52:08,819
who live in the jungles of the Amazon to

1388
00:52:13,010 --> 00:52:12,000

the concrete jungles of Tokyo it's going

1389

00:52:15,470 --> 00:52:13,020

everywhere

1390

00:52:17,390 --> 00:52:15,480

okay and nobody's going to be able to

1391

00:52:21,109 --> 00:52:17,400

get away from it when that Pandora's Box

1392

00:52:24,049 --> 00:52:21,119

opens and they have a right to be scared

1393

00:52:26,390 --> 00:52:24,059

they have a right to be uh you know like

1394

00:52:28,790 --> 00:52:26,400

like uh Marquis was saying there could

1395

00:52:31,130 --> 00:52:28,800

be Mass suicides they are worried about

1396

00:52:33,230 --> 00:52:31,140

that they're worried about the crash of

1397

00:52:34,790 --> 00:52:33,240

the economy they're worried about the

1398

00:52:37,010 --> 00:52:34,800

fundamentalists they're worried about

1399

00:52:39,049 --> 00:52:37,020

the the the people who suffer from

1400

00:52:41,089 --> 00:52:39,059

depression and anxiety and say well the

1401

00:52:44,089 --> 00:52:41,099

aliens are here and I've had this Hit

1402

00:52:46,609 --> 00:52:44,099

List sitting on my desk for the last 20

1403

00:52:49,609 --> 00:52:46,619

years from the kid who bullied me in

1404

00:52:52,130 --> 00:52:49,619

math class in grade nine to my boss

1405

00:52:55,069 --> 00:52:52,140

today let's just go get this done it

1406

00:52:56,870 --> 00:52:55,079

doesn't matter okay they are concerned

1407

00:53:00,410 --> 00:52:56,880

about that that is the one of the

1408

00:53:03,530 --> 00:53:00,420

implications about UFOs and and

1409

00:53:06,290 --> 00:53:03,540

disclosure that nobody thinks about

1410

00:53:08,390 --> 00:53:06,300

yeah very well said so with everything

1411

00:53:09,710 --> 00:53:08,400

that we've again we're more confused

1412

00:53:11,210 --> 00:53:09,720

than ever on the topic and I think

1413

00:53:13,250 --> 00:53:11,220

that's healthy keeps our brains working

1414

00:53:14,690 --> 00:53:13,260

and Ticking what do we what have we

1415

00:53:16,670 --> 00:53:14,700

heard for what's coming down the pipe

1416

00:53:19,130 --> 00:53:16,680

for next year for 2023 I'll start with

1417

00:53:20,990 --> 00:53:19,140

Jason what are you thinking or hoping at

1418

00:53:22,970 --> 00:53:21,000

least is going to happen beginning

1419

00:53:25,370 --> 00:53:22,980

middle end of next year what do you

1420

00:53:27,650 --> 00:53:25,380

think's in store for us for 2023 well

1421

00:53:29,089 --> 00:53:27,660

I'd like that report to come out uh

1422

00:53:31,190 --> 00:53:29,099

first and foremost I mean we've been

1423

00:53:33,530 --> 00:53:31,200

waiting on that since what uh October

1424

00:53:36,049 --> 00:53:33,540

and October 31st was supposed to be the

1425

00:53:38,210 --> 00:53:36,059

deadline we still haven't received it so

1426

00:53:40,370 --> 00:53:38,220

that report would be nice

1427

00:53:41,990 --> 00:53:40,380

um I just hope that we don't slide

1428

00:53:44,750 --> 00:53:42,000

backwards I think that we've done so

1429

00:53:47,089 --> 00:53:44,760

much progress on the subject and we've

1430

00:53:50,630 --> 00:53:47,099

all seen the interests from people you

1431

00:53:53,510 --> 00:53:50,640

know reaching out like watch Jess and uh

1432

00:53:55,549 --> 00:53:53,520

Dave's you know shows and you just see

1433

00:53:57,829 --> 00:53:55,559

the interaction with their guests like

1434

00:54:00,109 --> 00:53:57,839

and it's like non-stop like people are

1435

00:54:02,030 --> 00:54:00,119

paying attention to this they they like

1436

00:54:04,970 --> 00:54:02,040

the phenomenon

1437

00:54:07,370 --> 00:54:04,980

I hope that that momentum keeps going I

1438

00:54:08,990 --> 00:54:07,380

hope that you know maybe a better

1439

00:54:10,309 --> 00:54:09,000

sighting takes place like you know I

1440

00:54:12,710 --> 00:54:10,319

keep thinking about the Phoenix Lights

1441

00:54:15,349 --> 00:54:12,720

if that was to happen today with the

1442

00:54:17,450 --> 00:54:15,359

cameras that we have it'd be irrefutable

1443

00:54:19,730 --> 00:54:17,460

proof at that point and you know we'd be

1444

00:54:22,490 --> 00:54:19,740

able to have an honest conversation with

1445

00:54:25,370 --> 00:54:22,500

our government the problem is uh we

1446

00:54:27,770 --> 00:54:25,380

don't have that not yet but I hope that

1447

00:54:29,630 --> 00:54:27,780

good data comes out I hope maybe hearing

1448

00:54:31,250 --> 00:54:29,640

from the Air Force would be nice but

1449

00:54:33,109 --> 00:54:31,260

first and foremost would be that report

1450

00:54:35,809 --> 00:54:33,119

I think that's what I'm looking forward

1451
00:54:38,809 --> 00:54:35,819
to the most what do you think Dave 2023

1452
00:54:40,430 --> 00:54:38,819
what can we expect well I I think we're

1453
00:54:43,130 --> 00:54:40,440
going to get much the same

1454
00:54:46,010 --> 00:54:43,140
and we're going to get much of the same

1455
00:54:49,250 --> 00:54:46,020
rhetoric that we are going to get I I

1456
00:54:52,130 --> 00:54:49,260
don't see a point right now you know not

1457
00:54:54,349 --> 00:54:52,140
to sound pessimistic or Mr negative but

1458
00:54:56,329 --> 00:54:54,359
I don't see a point right now guys where

1459
00:54:59,270 --> 00:54:56,339
there is going to be absolutely anything

1460
00:55:01,730 --> 00:54:59,280
that that forwards this topic that we

1461
00:55:04,490 --> 00:55:01,740
care so much about I mean we know the

1462
00:55:06,770 --> 00:55:04,500
the minute the U.S Navy stated that they

1463
00:55:09,650 --> 00:55:06,780

want nothing to do with this subject

1464

00:55:12,230 --> 00:55:09,660

you're not getting any more videos okay

1465

00:55:14,930 --> 00:55:12,240

there is a real fight for power between

1466

00:55:18,170 --> 00:55:14,940

elected officials and the military

1467

00:55:20,750 --> 00:55:18,180

industrial complex now I'm very curious

1468

00:55:22,670 --> 00:55:20,760

to see how that's going to play out it

1469

00:55:24,890 --> 00:55:22,680

could be very ugly it could be very

1470

00:55:27,710 --> 00:55:24,900

silent that we don't even hear a thing

1471

00:55:31,730 --> 00:55:27,720

about it but I don't see this topic

1472

00:55:33,049 --> 00:55:31,740

growing uh as much as it should you know

1473

00:55:35,809 --> 00:55:33,059

the I think we're going to get more

1474

00:55:38,809 --> 00:55:35,819

backlash from from mainstream media

1475

00:55:40,370 --> 00:55:38,819

because they're going to realize that uh

1476
00:55:42,170 --> 00:55:40,380
they've never wanted to cover this topic

1477
00:55:45,530 --> 00:55:42,180
anyways and they're going to put it back

1478
00:55:47,630 --> 00:55:45,540
in the closet as quickly as they can and

1479
00:55:50,569 --> 00:55:47,640
you know I just don't see anything good

1480
00:55:52,490 --> 00:55:50,579
unless something big comes out and I

1481
00:55:55,010 --> 00:55:52,500
right now trying to figure out what that

1482
00:55:56,930 --> 00:55:55,020
big thing is we don't know maybe it's

1483
00:55:59,750 --> 00:55:56,940
Roswell again maybe we need to start

1484
00:56:02,450 --> 00:55:59,760
right back at Roswell and and and start

1485
00:56:04,370 --> 00:56:02,460
focusing there rather than the 2004

1486
00:56:06,349 --> 00:56:04,380
because remember guys even though

1487
00:56:09,710 --> 00:56:06,359
Marquis is an experiencer I'm an

1488
00:56:12,049 --> 00:56:09,720

experiencer you guys have seen UFOs we

1489

00:56:15,470 --> 00:56:12,059

mean nothing because we're not a pilot

1490

00:56:17,930 --> 00:56:15,480

in the military and we're not a pilot in

1491

00:56:20,089 --> 00:56:17,940

commercial airlines therefore those are

1492

00:56:24,049 --> 00:56:20,099

the only experiencers that mean anything

1493

00:56:25,910 --> 00:56:24,059

we all mean squat to the cause and it's

1494

00:56:28,490 --> 00:56:25,920

not healthy for what we're doing

1495

00:56:30,589 --> 00:56:28,500

yeah what do you think Jess 2023 what

1496

00:56:33,109 --> 00:56:30,599

are you hopeful is gonna be uh I'm I'm

1497

00:56:34,670 --> 00:56:33,119

hopeful but I I feel like Dave on that I

1498

00:56:37,069 --> 00:56:34,680

don't think A lot's Gonna Change I think

1499

00:56:39,410 --> 00:56:37,079

I mean just looking socially at the

1500

00:56:41,270 --> 00:56:39,420

interest in it and watching UFO Twitter

1501
00:56:43,250 --> 00:56:41,280
overall it looks like there's less

1502
00:56:44,990 --> 00:56:43,260
people getting I mean in my perspective

1503
00:56:46,730 --> 00:56:45,000
it looks like a lot of people are

1504
00:56:48,950 --> 00:56:46,740
shifting towards a more skeptical point

1505
00:56:50,750 --> 00:56:48,960
of view a lot of people that I know who

1506
00:56:52,849 --> 00:56:50,760
have even been around for 10 plus years

1507
00:56:55,970 --> 00:56:52,859
studying this phenomenon have left have

1508
00:56:57,650 --> 00:56:55,980
left this field and to me that meant

1509
00:56:59,750 --> 00:56:57,660
something to see my friend you know

1510
00:57:02,990 --> 00:56:59,760
who's been around researching this nuts

1511
00:57:05,630 --> 00:57:03,000
and bolts she left and just that meant a

1512
00:57:07,730 --> 00:57:05,640
lot to me to say like well not much is

1513
00:57:09,589 --> 00:57:07,740

happening is anything big gonna happen

1514

00:57:11,990 --> 00:57:09,599

unless something big happens like Dave

1515

00:57:13,750 --> 00:57:12,000

says unless we get the damn you know UFO

1516

00:57:16,670 --> 00:57:13,760

on the White House lawn or some

1517

00:57:19,010 --> 00:57:16,680

unrefutable something something because

1518

00:57:20,390 --> 00:57:19,020

even myself I am not an experience I'm

1519

00:57:21,829 --> 00:57:20,400

going to be honest about that I have

1520

00:57:24,710 --> 00:57:21,839

seen lights in the sky but I have not

1521

00:57:26,750 --> 00:57:24,720

had an experience so for me I would like

1522

00:57:28,490 --> 00:57:26,760

to still see something but there's no

1523

00:57:30,530 --> 00:57:28,500

evidence we're just having stories

1524

00:57:33,109 --> 00:57:30,540

they're just stories right now and so

1525

00:57:34,849 --> 00:57:33,119

unless something big happens things I

1526

00:57:36,890 --> 00:57:34,859

don't I don't know I kind of seeing it

1527

00:57:38,870 --> 00:57:36,900

kind of go back because you know UFOs it

1528

00:57:40,910 --> 00:57:38,880

goes in Cycles right there's a lot of

1529

00:57:42,470 --> 00:57:40,920

interest and then it dies down and then

1530

00:57:43,849 --> 00:57:42,480

something happens and it comes back and

1531

00:57:46,010 --> 00:57:43,859

you get all these people who are super

1532

00:57:47,390 --> 00:57:46,020

excited and super stoked about it and

1533

00:57:49,609 --> 00:57:47,400

they're like oh my God have you seen

1534

00:57:51,410 --> 00:57:49,619

this case or this case and then this new

1535

00:57:53,329 --> 00:57:51,420

group comes and they get burnt out and

1536

00:57:54,770 --> 00:57:53,339

then the new group comes you know and

1537

00:57:56,450 --> 00:57:54,780

then there's the folks that have stayed

1538

00:57:57,770 --> 00:57:56,460

around for years so is it going to

1539

00:57:59,809 --> 00:57:57,780

change I don't know

1540

00:58:02,150 --> 00:57:59,819

yeah it's almost like with stocks right

1541

00:58:03,710 --> 00:58:02,160

if you look at the one year for this

1542

00:58:05,809 --> 00:58:03,720

year the graph would be up and then

1543

00:58:08,089 --> 00:58:05,819

starting to Trend down but we're hoping

1544

00:58:10,130 --> 00:58:08,099

it's a 10-year where those little ups

1545

00:58:12,530 --> 00:58:10,140

and downs are invisible and it's just a

1546

00:58:14,690 --> 00:58:12,540

gradual increase so even if we take a

1547

00:58:16,069 --> 00:58:14,700

step back I mean it's still better 40

1548

00:58:18,230 --> 00:58:16,079

years ago if you told people that

1549

00:58:19,609 --> 00:58:18,240

there'd be Tic Tac videos and Pentagon

1550

00:58:21,770 --> 00:58:19,619

acknowledgments they would say you're

1551

00:58:24,470 --> 00:58:21,780

nuts that would be disclosure for them

1552

00:58:26,930 --> 00:58:24,480

and uh we'll uh we'll finalize off with

1553

00:58:29,690 --> 00:58:26,940

Marquis what are you expecting or hoping

1554

00:58:31,130 --> 00:58:29,700

for uh for 2023 well there's a couple

1555

00:58:32,990 --> 00:58:31,140

things I mean first of all I I think

1556

00:58:35,510 --> 00:58:33,000

that disclosure is more of a movement

1557

00:58:37,069 --> 00:58:35,520

than it is an event like people I don't

1558

00:58:40,069 --> 00:58:37,079

think there's going to be a one single

1559

00:58:42,349 --> 00:58:40,079

thing that that is definitively this is

1560

00:58:43,730 --> 00:58:42,359

it for Humanity I think there has been

1561

00:58:46,250 --> 00:58:43,740

there's going to be and there has been

1562

00:58:47,990 --> 00:58:46,260

an amalgamation of things that will be

1563

00:58:49,609 --> 00:58:48,000

eventually so overwhelming that people

1564

00:58:51,349 --> 00:58:49,619

just can't deny it unless they again

1565

00:58:54,049 --> 00:58:51,359

they just don't want to know

1566

00:58:56,390 --> 00:58:54,059

um in 2001 you had Stephen Greer who

1567

00:58:58,250 --> 00:58:56,400

brought all those what expert witnesses

1568

00:59:00,950 --> 00:58:58,260

that were willing to put their dd-2-14s

1569

00:59:02,390 --> 00:59:00,960

up for up in front of and testify in

1570

00:59:04,970 --> 00:59:02,400

front of Congress

1571

00:59:07,069 --> 00:59:04,980

um under oath about their experiences

1572

00:59:08,750 --> 00:59:07,079

not just with UAP and the government and

1573

00:59:11,450 --> 00:59:08,760

the military's involvement with it but

1574

00:59:13,010 --> 00:59:11,460

alien contact contact with non-human

1575

00:59:16,010 --> 00:59:13,020

intelligences and they're willing to

1576

00:59:17,410 --> 00:59:16,020

risk their entire life freedom

1577

00:59:20,210 --> 00:59:17,420

to tell it to talk about this

1578

00:59:22,130 --> 00:59:20,220

ex-military you know pilots and then

1579

00:59:24,230 --> 00:59:22,140

reporters and all kinds of people people

1580

00:59:25,970 --> 00:59:24,240

within private Aerospace industry and

1581

00:59:27,950 --> 00:59:25,980

Military contractors Stephen Greer

1582

00:59:32,809 --> 00:59:27,960

brought them to the National Press Club

1583

00:59:34,549 --> 00:59:32,819

in 2001 and then again in 2005 whenever

1584

00:59:36,109 --> 00:59:34,559

he brought them in front of ex-members

1585

00:59:38,210 --> 00:59:36,119

of Congress

1586

00:59:39,770 --> 00:59:38,220

disclosure for me has already happened

1587

00:59:41,329 --> 00:59:39,780

I'm not waiting for disclosure it's

1588

00:59:44,030 --> 00:59:41,339

already happened there we already know

1589

00:59:46,309 --> 00:59:44,040

again unless you're ignoring the data we

1590

00:59:47,630 --> 00:59:46,319

already know that there is a non-human

1591

00:59:48,890 --> 00:59:47,640

intelligence interacting with Humanity

1592

00:59:52,190 --> 00:59:48,900

right now

1593

00:59:54,589 --> 00:59:52,200

however looking forward you know I think

1594

00:59:55,910 --> 00:59:54,599

that the legislation at Louis Elizondo

1595

00:59:57,289 --> 00:59:55,920

was trying to put into place with to the

1596

00:59:59,510 --> 00:59:57,299

Stars Academy and their their work with

1597

01:00:00,530 --> 00:59:59,520

to you know tsa or now it's just to the

1598

01:00:02,690 --> 01:00:00,540

stars

1599

01:00:05,030 --> 01:00:02,700

um I think that their work along with

1600

01:00:07,190 --> 01:00:05,040

what you know Gary Nolan is doing and

1601
01:00:08,390 --> 01:00:07,200
other scientists the uapx

1602
01:00:09,829 --> 01:00:08,400
um you know people that are working

1603
01:00:13,010 --> 01:00:09,839
together with scientists that are now

1604
01:00:16,609 --> 01:00:13,020
analyzing their own data I think that is

1605
01:00:18,890 --> 01:00:16,619
what's going to really be the definitive

1606
01:00:20,210 --> 01:00:18,900
um you know moment when their data comes

1607
01:00:21,049 --> 01:00:20,220
out and their information comes out

1608
01:00:23,510 --> 01:00:21,059
that's what's going to give us

1609
01:00:25,549 --> 01:00:23,520
disclosure officially I don't think

1610
01:00:27,349 --> 01:00:25,559
we're ever gonna get it unless it

1611
01:00:29,210 --> 01:00:27,359
benefits the government the US

1612
01:00:32,030 --> 01:00:29,220
government specifically

1613
01:00:33,770 --> 01:00:32,040

yeah well said for sure so with that

1614

01:00:35,450 --> 01:00:33,780

everybody uh we just want to thank you

1615

01:00:37,309 --> 01:00:35,460

all for uh being part of our friendship

1616

01:00:39,890 --> 01:00:37,319

Circle for supporting us thank you Dave

1617

01:00:41,450 --> 01:00:39,900

and Jess and Marquis always uh positive

1618

01:00:43,549 --> 01:00:41,460

and encouraging we love giving you guys

1619

01:00:45,289 --> 01:00:43,559

the same back uh Jason and I have

1620

01:00:47,450 --> 01:00:45,299
